PREFACE

The El Paso, Texas City Code, originally published by Book Publishing Company in 1986, has been kept current by regular supplementation by Municipal Code Corporation, its successor in interest.

During original codification, the ordinances were compiled, edited and indexed by the editorial staff of Book Publishing Company under the direction of Charlie McNabb, first assistant city attorney.

The code is organized by subject matter under an expandable three-factor decimal numbering system which is designed to facilitate supplementation without disturbing the numbering of existing provisions. Each section number designates, in sequence, the numbers of the Title, chapter, and section. Thus, Section 2.12.040 is Section .040, located in Chapter 2.12 of Title 2. In most instances, sections are numbered by tens (.010, .020, .030, etc.), leaving nine vacant positions between original sections to accommodate future provisions. Similarly, chapters and titles are numbered to provide for internal expansion.

In parentheses following each section is a legislative history identifying the specific sources for the provisions of that section. This legislative history is complemented by an ordinance disposition table, following the text of the code, listing by number all ordinances, their subjects, and where they appear in the codification; and beginning with Supplement No. 73, legislation can be tracked using the "Code Comparative Table and Disposition List."

A subject-matter index, with complete cross-referencing, locates specific code provisions by individual section numbers.

This Supplement brings the Code up-to-date through Ordinance No. 019783, passed August 19, 2025.

HOW TO USE YOUR CODE

This code is organized to make the laws of the city as accessible as possible to city officials, city employees and private citizens. Please take a moment to familiarize yourself with some of the important elements of this code.

Numbering System.

The numbering system is the backbone of a Code of Ordinances; Municipal Code Corporation uses a unique and versatile numbering structure that allows for easy expansion and amendment of this Code. It is based on three tiers, beginning with title, then chapter, and ending with section. Each part is represented in the code section number. For example, Section 2.04.010 is Section .010, in Chapter 2.04 of Title 2.

Title.

A title is a broad category under which ordinances on a related subject are compiled. This code contains about 15 to 20 titles. For example, the first title is Title 1, General Provisions, which may contain ordinances about the general penalty, code adoption and definitions. The titles in this code are separated by tabbed divider pages for quick reference. Some titles are **Reserved** for later use.

Chapter.

Chapters deal with more specific subjects, and are often derived from one ordinance. All of the chapters on a related subject are grouped in one title. The chapters are numbered so that new chapters which should logically be placed near certain existing chapters can be added at a later time without renumbering existing material. For example, Chapter 2.06, City Manager, can be added between 2.04, City Council, and Chapter 2.08, City Attorney.

Section.

Each section of the code contains substantive ordinance material. The sections are numbered by "tens" to allow for expansion of the code without renumbering.

Tables of Contents.

There are many tables of contents in this code to assist in locating specific information. At the beginning of the code is the main table of contents listing each title. In addition, each title and chapter has its own table of contents listing the chapters and sections, respectively.

Ordinance History Note.

At the end of each code section, you will find an "ordinance history note," which lists the underlying ordinances for that section. The ordinances are listed by number, section (if applicable) and year. (Example: (Ord. 272 § 1, 1992).)

Beginning with Supplement No. 73 a secondary ordinance history note will be appended to affected sections. Ordinance history notes will be amended with the most recent ordinance added to the end. These history notes can be cross referenced to the code comparative table and disposition list appearing at the back of the volume preceding the index.

Statutory References.

The statutory references direct the code user to those portions of the state statutes that are applicable to the laws of the municipality. As the statutes are revised, these references will be updated.

Cross-Reference Table.

When a code is based on an earlier codification, the cross-reference table will help users find older or "prior" code references in the new code. The cross-reference table is located near the end of the code, under the tabbed divider "Tables." This table lists the prior code section in the column labeled "Prior Code Section" and the new code section in the column labeled "Herein."

As of Supplement No. 73, this table will no longer be updated.

Ordinance List and Disposition Table.

To find a specific ordinance in the code, turn to the section called "Tables" for the Ordinance List and Disposition Table. This very useful table tells you the status of every ordinance reviewed for

inclusion in the code. The table is organized by ordinance number and provides a brief description and the disposition of the ordinance. If the ordinance is codified, the chapter (or chapters) will be indicated. (Example: (2.04, 6.12, 9.04).) If the ordinance is of a temporary nature or deals with subjects not normally codified, such as budgets, taxes, annexations or rezones, the disposition will be "(Special)." If the ordinance is for some reason omitted from the code, usually at the direction of the municipality, the disposition will be "(Not codified)." Other dispositions sometimes used are "(Tabled)," "(Pending)," "(Number Not Used)" or "(Missing)."

Beginning with Supplement No. 73 this table will be replaced with the "Code Comparative Table and Disposition List."

Code Comparative Table and Disposition List.

Beginning with Supplement No. 73, a Code Comparative Table and Disposition List has been added for use in tracking legislative history. Located in the back of this volume, this table is a chronological listing of each ordinance considered for codification. The Code Comparative Table and Disposition List specifies the ordinance number, adoption date, description of the ordinance and the disposition within the code of each ordinance. By use of the Code Comparative Table and Disposition List, the reader can locate any section of the code as supplemented, and any subsequent ordinance included herein.

Index.

If you are not certain where to look for a particular subject in this code, start with the index. This is an alphabetical multi-tier subject index which uses section numbers as the reference, and cross-references where necessary. Look for the main heading of the subject you need, then the appropriate subheadings:

BUSINESS LICENSE

See also BUSINESS TAX
Fee 5.04.030
Required when 5.04.010

The index will be updated as necessary when the code text is amended.

Insertion Guide.

Each supplement to the new code will be accompanied by an Insertion Guide. This guide will tell the code user the date of the most recent supplement and the last ordinance contained in that supplement. It will then list the pages that must be pulled from the code and the new pages that must be inserted. Following these instructions carefully will assure that the code is kept accurate and current. Removed pages should be kept for future reference.

Page Numbers.

When originally published, this code was numbered with consecutive page numbers. As it is amended, new material may require the insertion of new pages that are numbered with hyphens. (Example: 31, 32, 32-1.) Backs of pages that are blank (in codes that are printed double-sided) are left unnumbered but the number is "reserved" for later use.

Electronic Submission.

In the interests of accuracy and speed, we encourage you to submit your ordinances electronically if at all possible. We can accept most any file format, including Word, WordPerfect or text files. If you have a choice, we prefer Word, any version. You can send files to us as an e-mail attachment, by FTP, on a diskette or CD-ROM. Electronic files enable us not only to get you your code more quickly but also ensure that it is error-free. Our e-mail address is: **ords@municode.com**.

For hard copy, send two copies of all ordinances passed to:

SUPPLEMENT HISTORY TABLE

The table below allows users of this Code to quickly and accurately determine what ordinances have been considered for codification in each supplement. Ordinances that are of a general and permanent nature are codified in the Code and are considered "Included." Ordinances that are not of a general and permanent nature are not codified in the Code and are considered "Omitted."

In addition, by adding to this table with each supplement, users of this Code of Ordinances will be able to gain a more complete picture of the Code's historical evolution.

CHARTER

(Incorporating amendments approved by the voters on May 11, 2013.)

Article I INCORPORATION AND POWERS

Section 1.1 CONTINUING CORPORATE EXISTENCE.

The City of El Paso shall continue as a body politic, exercising all powers of local self-government which are or come to be conferred upon constitutional home rule cities in the State of Texas, and will exercise these powers as a municipal corporation, subject to the Constitution and the laws of the State of Texas. Specific mention of particular powers shall not be construed as limiting in any way the general powers granted to the City by this Charter. The corporate limits shall be those which are or may be established lawfully.

Section 1.2 DEFINITIONS.

As used in this Charter, the term "laws of Texas" shall include the Constitution and statutes of the State of Texas, the common law as it exists in the State of Texas, and appropriate case law. As used herein, "State" shall mean the State of Texas; "City" shall mean the City of El Paso; "City Council" or "Council" shall mean the Mayor and Representatives of the City of El Paso, with the Mayor being a non-voting member of Council; provided, however, the Mayor shall not be considered a member of Council for items and matters requiring a super-majority vote of all members of the governing body; and "department" shall mean any City agency, office, bureau or other organizational unit.

(Ord. No. 18401, Amd. No. 1, 8-11-2015, Election of 11-3-2015)

Section 1.3 INTERGOVERNMENTAL RELATIONS.

Nothing in this Charter shall be construed as a bar upon the consolidation of City departments, either with one another or with agencies of government of the County of El Paso or other political subdivisions within El Paso County. Further, nothing in this Charter shall be construed as a bar upon consolidation between the City and the County.

Section 1.4 PUBLIC UTILITY REGULATION.

The City shall have all authority permitted under the laws of Texas to regulate and fix the reasonable rates to be charged by public utility corporations engaged in supplying gas, electricity, water, sewerage or any other convenience or commodity to consumers, provided such rates shall be fixed, in accordance with the applicable laws of Texas, after giving the company an opportunity to be heard. The City shall have access to any company books, records or accounts necessary to exercise this power. Whenever a public utility company, railroad company, telegraph company, irrigation company or any other public corporation has an obligation imposed by franchise or by any lawful order of the City, the City shall cause written notice to be given to an appropriate official in the company stating the act required to be performed and specifying a reasonable time for performance. Failure to comply in timely fashion shall subject the company to such penalty as may be provided by ordinance.

Section 1.5 APPLICATION FOR REMEDY PREREQUISITE TO SUIT AGAINST CITY.

No suit shall be instituted against the City unless the claimant shall aver and prove that, previous to filing the original petition, the claim was presented to the Council and the Council failed either to grant or act upon the claim in a timely fashion. This provision shall not apply in instances in which injunction or any other of the extraordinary writs are sought.

Article II NOMINATIONS AND ELECTIONS

Section 2.1 CITY ELECTIONS.

A. Regular Elections. The regular City elections to be held in 2015 and 2017 shall be held on the uniform date established in the Texas Election Code during the month of May with a run-off election to be held on the earliest date practicable in accordance with the law. These terms of elected office commence on the last Tuesday in June, or if necessary to comply with state or federal law, the Tuesday following the canvass of a run-off election, whichever is later. Beginning in 2018, the regular City elections shall be held on the uniform date established in the Texas Election Code during the month of November with a run-off election to be held on the earliest date practicable in accordance with the law. All terms of elected office beginning with the November 2018 election commence on the first Tuesday in January following the election, or if necessary to comply with state or federal law, the Tuesday following the canvass of a run-off election, whichever is later.

B. Officers Elected. The qualified voters of El Paso shall, as necessary to fill expired terms, elect the following officers, as provided herein and under Section 2.4 A, at the regular elections: A Mayor, eight District Representatives, and Judges of the Municipal Courts. Each Representative shall be elected from a district and the Mayor and other officers shall be elected from the City at large. The Judges of the Municipal Courts, the Mayor, and the District Representatives from districts numbers 2, 3, 4 and 7 taking office in June 2013 shall serve four year terms. Commencing in June 2015, the District Representatives from districts numbers 1, 5, 6 and 8 shall be elected to terms greater than three years but less than four years that conform to the change made in subsection A to the start of the term and the new election date beginning in November 2018, and they shall thereafter be elected to four-year terms. Commencing in June 2017, the Judges of the Municipal Courts, the Mayor, and the District Representatives from districts numbers 2, 3, 4 and 7 shall be elected to terms greater than three years but less than four years that conform to the change made in subsection A to the start of the term and the new election date beginning in November 2020, and they shall thereafter be elected to four-year terms. Each officer shall hold office during the term for which elected and established herein and until the election and qualification of a successor, unless sooner removed in any manner provided in this Charter.

C. Recall. Any elected officer of the City may be removed from office, for stated reasons, by those voters who are qualified to vote for a successor to such office.

The Council shall enact, within sixty days of the adoption of this Charter, an ordinance providing for:

1. The general conduct of recall elections;

2. Receipt, by the City Clerk, prior to the conduct of any recall election of a petition bearing authentic signatures of a number of registered voters equal to at least twenty percent of the total number of votes cast in the election of the officer whose recall is sought;

3. Completion of a recall petition within sixty days of filing notice with the City Clerk of intent to circulate a petition for recall; and

4. Recall petitions to specify the reasons for which recall is sought.

No recall petition shall be filed against any elected officer within six months after taking office, nor within twelve months of the end of the elected officer's term of office, nor in case of an officer who was the subject of an unsuccessful recall election, until six months after that election. Should the elected officer, whose recall is sought, resign, no recall election shall be held.

D. Vacancies and Removal from Office. An elective office also shall become vacant upon death, resignation, forfeiture of or removal from office of the officer in any manner authorized by law. Any elected City official shall be subject to removal from office if that official:

1. Lacks, at any time during the term of office, any qualification or requirement prescribed by this Charter or other law;

2. Is convicted of any felony, or of a misdemeanor involving moral turpitude;

3. Violates the City Ethics Ordinance;

4. Makes any willful false statements or commits any fraud preventing the impartial execution of the provisions of this charter;

5. Knowingly and willfully solicits or assists in soliciting any contributions from any political party to be used in conjunction with any City election of City officers; or

6. In the case of the Mayor or a Representative, fails to attend three consecutive regular meetings of the Council without being excused by the Council. A Representative shall forfeit office if, during the term of office, that Representative establishes residence outside the Council district from which elected, unless otherwise provided by law.

E. Qualified Voters. All citizens qualified by the laws of Texas to vote in the City and who satisfy the requirements for registration shall be qualified voters of the City.

Section 2.2 NOMINATIONS.

A. Qualifications for Office. In addition to the requirements prescribed by law, the following shall be the qualifications for City elective offices:

1. Candidates for Mayor shall have been City residents for the 12 months next preceding the election, and must be at least 21 years of age;

2. Candidates for Representative shall have been City residents for the 12 months next preceding the election, and residents of the district for 6 months next preceding the election, and must be at least 21 years of age;

3. Candidates for Municipal Judge shall have been City residents for the 12 months next preceding the election, licensed to practice law in Texas, and at least 21 years of age;

4. Candidates for Mayor and Representative shall be eligible for that elective office only when holding that office for a term of four years shall not result in the candidate exceeding the term limitation established in Section 2.2 C.

B. Indebtedness: Financial Disclosure.

1. No person shall be eligible for any elective office who, at the time of taking office, whether by virtue of election or appointment, is indebted to the City in any sum of money on judgment, contract or valid tax levy or assessment.

2. Each person elected to City office, as a condition to being administered the oath of office, shall have filed with the City Clerk a signed, sworn statement disclosing:

a. Where, by whom, and by what specific capacity that person and that person's spouse, if any, is employed or self-employed;

b. Membership on boards of directors of corporations, whether they are organized for profit or not, of that person and that person's spouse, if any;

c. Partnership interest of that person and that person's spouse, if any;

d. The names and addresses of any business in which that person or that person's spouse, if any, has a financial investment; and

e. Ownership of real property of that person and of that person's spouse, if any.

3. No person submitting such a statement of financial disclosure must indicate therein the extent of financial involvement in any investments.

4. Each person subject to this provision shall file with the City Clerk a signed, sworn, updated revision of this statement, annually, while in office.

C. Limitation. No Mayor or Representative may hold such office for more than a total of ten years throughout their lifetime.

D. Filing for Candidacy. To become a candidate for elective office a person must file a sworn application with the City Clerk, in accordance with the laws of Texas for nonpartisan or independent candidates, and must accompany the application with a filing fee of $500.00 for the office of Mayor and $250.00 for any other office.

E. Petition for Candidacy. In lieu of the payment of a filing fee, any person qualified for an elective office may become a candidate by petition of 25 qualified voters who are eligible to vote for

that candidate or such other greater number of qualified voters as may be required by state law. The signed petitions shall be filed with the City Clerk at the time of filing for candidacy. Each signer next to his signature shall indicate voter registration number, date of signing and place of residence. Within five days after the filing of a nominating petition, the City Clerk shall notify the candidate and the person who filed the petition, if other than the candidate, whether it satisfies the requirements prescribed by this Charter. If a petition is found insufficient, the City Clerk shall return it immediately to the person who filed it with a statement certifying wherein it is insufficient. Within the regular time for filing petitions a corrected petition may be filed for the same candidate.

F. Non-Partisan Elections. Candidates for City elective office shall not be nominated by primary elections.

Section 2.3 ELECTIONS.

A. Conduct of Elections. All elections shall be held in accordance with the laws of Texas. Notwithstanding any other provision of this Charter, when a special election is required by a provision of this Charter to be ordered, it will be scheduled for the next uniform election date as specified in state law or the date of the next election that will be conducted by the County Elections Administrator, as directed by the Council.

B. Names on Ballots. The names of all candidates for all elective city offices, except those who have withdrawn, died or become ineligible, shall be printed without party designation or symbol on the official ballots. If two or more candidates have the same surname or surnames so similar as to be likely to cause confusion, their residence addresses shall be printed with their names on the ballot.

Section 2.4 REPRESENTATIVE DISTRICTS; ADJUSTMENT OF DISTRICTS.

A. Number of Districts. There shall be eight Representative districts. The Representative districts shall be of substantially equal population. One Representative shall be elected from each of the Representative districts established by the Council. Each district shall be numbered; for example, "Representative District No. 1." At such time when the results of a decennial United States census shows the population of the City to be one million or more, the Council may take the appropriate action to increase the number of District Representatives from eight to ten.

B. Districting Commission. On or before September 1 next following the publication of the results of each decennial United States census, each Representative shall nominate one qualified voter from his or her district and the Mayor shall nominate one qualified voter from the City at large. Upon approval by the Council, these nominees shall comprise the Districting Commission. The Commission shall elect its own presiding officer. The nominees chosen shall not serve the City in any other capacity, whether appointive or elective, nor shall they hold any other elective public office. The Commission shall make recommendations to the Council concerning adjustments of the boundaries of the Representative districts. Upon receiving the Commission's recommendations, the Council shall review the population of each district, and as soon as possible, shall change the boundaries thereof as necessary to insure substantial equality in the populations of the districts. In addition, the Council may change the boundaries of the Representative districts more often than after each decennial census, as necessary to insure substantial equality in the populations of such Representative districts. All such changes shall be made in a manner which complies with the constitutional principles and laws governing voting rights of the United States and Texas.

Article III THE CITY COUNCIL

Section 3.1 CREATION; COMPOSITION; POWERS AND DUTIES.

There shall be a City Council consisting of District Representatives and the Mayor. The Coun-

cil shall have legislative powers, and the power and duty to select, direct, and regularly evaluate the City Manager, as well as such other and specific powers and duties as may be provided by law or this Charter. Each Representative shall have the discretion and sole authority to appoint and remove a legislative aide.

Section 3.2 SALARIES.

Prior to September 1, 2019, the annual base salary of the District Representatives shall be set at twenty-nine thousand dollars, and the annual base salary of the Mayor shall be set at forty-five thousand dollars.

Commencing on September 1, 2019, the annual base salary of the District Representatives shall be set at the amount equal to the 2017 El Paso County area median household income as established by the United States Department of Housing and Urban Development or successor agency ($45,300), and the annual base salary of the Mayor shall be set at one and one-half this amount ($67,950). Thereafter, on September 1, the base salaries will be revised annually and be set according to the above formula based on the prior fiscal year median income for El Paso County.
(Ord. No. 18812, § 1, 7-10-2018, Election of 11-6-2018)

Section 3.3 PROHIBITIONS.

A. Other Public Employment. No Council member may hold any other compensated public office or public employment, and no former Council member shall hold any compensated City position until one year has elapsed following the expiration of the term for which that member was elected to the Council.

B. Nepotism. No person shall be appointed as City Manager or to any City board or commission who, at the time of appointment, is related in the first or second degree of consanguinity or in the first or second degree of affinity to a member of the Council. The words "consanguinity" and "affinity" are, in popular usage, often referred to, respectively, as "blood" and "marriage."

C. "Lame Duck" Elected Officers Not to Make Appointments. From the date of any City general election until inauguration of those elected, neither the Mayor nor the City Council shall make any appointment of a City Manager, or any appointments to any standing or special public boards, commissions or committees of the City, except when in conflict with State law or when due process rights of employees or citizens would be compromised.

Section 3.4 DETERMINATION OF ELECTIONS AND QUALIFICATIONS.

Except as provided in Article II, Section 2.1 C, the Council shall be the judge of the election and qualifications of its members and of other elected City officials and of the grounds for removal from office and for that purpose shall have the power to subpoena witnesses, administer oaths, and require the production of evidence. An officer, including a Representative or the Mayor, charged with conduct constituting grounds for removal from office shall be entitled to a public hearing, and notice shall be published in one or more newspapers of general, daily circulation in the city at least one week in advance of the hearing. Decisions made by the Council under this section shall be subject to review by the courts.

Section 3.5 CITY COUNCIL PROCEDURES AND RULES.

A. Meetings. Regular meetings of the Council shall be held in Council chambers no less than once every other week at such times as may be prescribed by resolution, except that Council may reschedule meetings by resolution to allow for City holidays, but must have no less than two regular meetings per month. The Mayor may cancel a meeting if necessary due to a Federal, State or Local declared emergency. Special meetings and informal work sessions of the Council shall be called by the Mayor or a majority of the entire Council by giving written notice to the City Clerk. All meetings of the Council and of any committees thereof shall be held as permitted by the Texas Open Meetings Act.

B. Parliamentary Procedure. At the beginning of each term the Council shall adopt rules of order, and should the Council fail to do this, then Roberts Rules of Order, Revised, shall control until such time as the Council adopts some other rules of order. In any event, copies of rules of order employed by the Council shall be available, in the office of the City Clerk, for examination by interested persons. The Mayor, with the advice and consent of the Representatives, shall designate a Municipal Parliamentarian and Alternate Municipal Parliamentarians, but no members of the Council may hold those offices. The Council must keep minutes of its open proceedings, and these shall be a public record. It shall also have power to compel the attendance of absent members and, by the favorable vote of a majority of the entire Council, may expel a member from a Council meeting for disorderly conduct or serious violation of its rules and may order that member to be physically removed from the meeting.

C. Quorum. Except as otherwise provided in this Charter, a quorum to do business shall consist in more than one-half of the number of members of the Council, including the Mayor; provided, however, that a lesser number may adjourn until a specific time and compel the attendance of absent members, in the manner prescribed by ordinance.

D. Voting. No action of the Council, except as otherwise provided in this Charter, shall be valid or binding unless adopted by the affirmative vote of a majority of the members present and voting. Ordinances or resolutions that impose taxes, grant franchises or leases, or authorize conveyances shall not be valid unless adopted by a majority of the entire Council.

E. Veto. Ordinances and resolutions finally adopted by the Council shall be filed in the office of the City Clerk and signed by the Mayor before they take effect. If the Mayor vetoes the ordinance or resolution, reasons shall be set forth by the Mayor in writing, and the ordinance or resolution with those reasons shall be returned to the Council. However, the Mayor shall not have any veto power over any City Council action which removes the City Manager or the City Attorney. To override the Mayor's veto, three fourths of all of the Representatives must vote in favor of the returned ordinance or resolution, in which event the adopted ordinance or resolution shall become law. If the Mayor shall either fail to approve or object in writing to any adopted ordinance or resolution within five days after it has been filed with the City Clerk, exclusive of the day of filing, it shall become law.

(Ord. No. 18401, Amds. Nos. 3, 4, 5, 8-11-2015, Election of 11-3-2015; Res. of 05-23-2023(1), Amds. C, D, Election of 5-6-2023)

Section 3.6 LEGISLATIVE COMMITTEES.

A. The Representatives may resolve themselves into committees, both standing and special, when this is convenient for the conduct of legislative business, including the investigative powers described in Section 3.8. Rules governing the organization and procedures of these committees shall be made by the Council, and the Mayor shall have no power to veto any of those rules except upon grounds of illegality.

B. The Council shall establish a Financial Oversight and Audit Committee "FOAC" for the purpose of providing legislative oversight of the function of the Internal Auditor, to review the financial policies of the City, and to formulate recommendations for the City Council regarding City finances and other matters referred by the City Council or City Manager. The FOAC shall be comprised of four members of the City Council, the Chief Internal Auditor, and the City Manager or designee and shall meet when needed, at least quarterly.

Section 3.7 APPOINTMENTS.

A. Appointment and Removal of the City Attorney. The City Council by a majority vote of its total membership shall appoint a City Attorney and fix the City Attorney's compensation. The City Attorney shall be appointed solely on the basis of legal experience and qualifications. The City Attorney may be removed by a resolution

approved by a majority vote of the total membership of the City Council. Assistant City Attorneys shall be appointed by, and will report to and work at the direction and under the supervision of the City Attorney.

B. Boards and Commissions. Except where otherwise provided in this Charter, or by the laws of Texas, or of the United States, appointments to and removals from standing or special public boards, commissions or committees of the City shall be made by the Council. The Council is required to ensure that appointments are distributed uniformly among Representatives.
(Ord. No. 18401, Amd. No. 5, 8-11-2015, Election of 11-3-2015)

Section 3.8 INVESTIGATIVE POWERS.

The Council shall have the express power to inquire into the official conduct of any department, officer or employee of the City, and for that purpose shall have the power to administer oaths, subpoena witnesses, and compel the production of evidence material to the inquiry. The Council shall provide by ordinance penalties for contempt in failing or refusing to obey any such subpoena or to produce any such evidence, and shall have the power to punish any such contempt in the manner provided by such ordinance. The Council must respect the dignity, rights and liberties of all persons in exercising these investigative powers. These investigative powers shall not extend to those matters covered under Civil Service nor shall this power be used to pursue criminal matters, other than those over which the Council has legislative power.

Section 3.9 ORDINANCES IN GENERAL.

A. Form and Introduction. Ordinances and resolutions shall be introduced at Council meetings only in written form; but amendments to ordinances and resolutions may be made orally at the same meetings. No ordinance shall concern more than one subject, and that shall be expressed clearly in the title. The enacting clause of all ordinances shall read: "Be it ordained by the City Council of the City of El Paso." Any ordinance which repeals or amends an existing ordinance or other part of the City Code shall summarize the ordinance, sections or subsections to be repealed or amended.

B. Legislative Procedure. Except as provided in Section 3.13, an ordinance may be introduced by any Council member at any meeting of the Council. A proposed ordinance must be filed with the City Clerk in sufficient time for inclusion on the agenda for the Council meeting at which it is to be introduced. Upon such filing the City Clerk shall distribute copies to each member of the Council and to the City Manager. No ordinance shall be adopted finally except at a regular open meeting of the Council following notice, publication, and a public hearing. The notice shall contain:

1. The proposed ordinance or a brief summary thereof;

2. The places where copies of it have been filed and the times when they are available for public examination; and

3. The time and place for the public hearing.

The notice shall be published by any contemporary means of information sharing, including but not limited to publication in a newspaper of general circulation in the City or placement on a website at least five days prior to the public hearing. The hearing may be held by a designated Council committee or the Council separately or in connection with any Council meeting and may be adjourned to a specified time. All interested persons present shall have an opportunity to be heard. As soon as practicable after adoption of any ordinance, the City Clerk shall publish it again, with notice of its adoption, in abstract form, by any contemporary means of information sharing. These abstracts must state, at a minimum, the purpose of the ordinance and, where penal, the penalty provided. In any event, the publication must be written so as to be understood by an average person.

C. Actions Requiring Ordinances. The Council may exercise the following powers by ordinance only:

1. Authorize the conveyance of any City real property;

2. Adopt or amend any administrative code and establish, abolish, alter or combine any City departments, so long as such action is not in conflict with this Charter;

3. Amend, extend, or repeal any ordinance previously adopted;

4. Prescribe a fine or penalty or establish any rule or regulation for the violation of which a fine or other penalty is imposed;

5. Adopt Civil Service Rules.

(Res. of 05-23-2023(1), Amd. E, Election of 5-6-2023)

Section 3.10 EMERGENCY ORDINANCES.

A. Limitation. To meet a public emergency affecting life, health, property, or the public peace, the Council may adopt one or more emergency ordinances, but such ordinances may not levy taxes, grant, renew or extend a franchise, authorize a conveyance of real property, or authorize the borrowing of money.

B. Procedures. An emergency ordinance shall be introduced in the form and manner prescribed for ordinances generally, except that it may be introduced on one-hour public notice, and shall contain, after the enacting clause, a declaration stating that an emergency exists and describing the emergency in clear and specific terms. An emergency ordinance may be adopted with or without amendment or rejected at the meeting at which it is introduced, but the unanimous vote of the Council members present shall be required for adoption.

C. Adoption, Re-enactment, Repeal. After its adoption the ordinance shall be published and printed as prescribed for other adopted ordinances. It shall become effective upon adoption or at such later time as the ordinance may specify. Every emergency ordinance shall stand repealed automatically as of the 31st day following the date on which it was adopted, but this shall not prevent the re-enactment of the ordinance, in the manner specified in this section, if the emergency still exists. An emergency ordinance may also be repealed by adoption of a repealing ordinance, in the same manner specified in this section for adoption of emergency ordinances.

(Res. of 05-23-2023(1), Amd. E, Election of 5-6-2023)

Section 3.11 INITIATIVE.

Whenever a number of registered voters equal to at least five percent of the voters who voted in the last general City election sign a petition setting forth the precise content of an ordinance desired by the signers, the Council must place that ordinance on the agenda of a Council meeting to be held within thirty working days of the receipt, by the City Clerk, of the petition bearing the authenticated names and addresses of the petitioners. Such an item shall be treated by the Council exactly as any other proposed ordinance.

Should an ordinance proposed by such petition not be enacted by the Council, or should it be enacted in an amended form, a second petition, signed by a number of registered voters equal to at least five percent of the voters who voted in the last general City election, may be submitted to the City Clerk and that official shall have twenty working days in which to authenticate the signatures and thereafter must place the reproposed ordinance on the ballot at the next general election specified in State law, if the proposal received the favorable vote of a majority of those voting in that election it shall thereupon become a City ordinance.

The Council is not obliged to consider the same ordinance initiated by petition, or one that is substantially the same, more often than once in: two years.

Section 3.11A REFERENDUM.

A referendum election may be called by the City Council when a collective bargaining agreement between the City and an employee organization so provides.

Section 3.12 RESOLUTIONS.

The Council may act by resolution in all cases unless an ordinance is required by this Charter.

Section 3.13 CODES OF TECHNICAL REGULATIONS.

A. The Council may adopt any standard code of technical regulations by referring to that code in an adopting ordinance.

B. The procedure and requirements governing such an adopting ordinance shall be as prescribed for ordinances generally except that:

1. The requirements of Section 3.9A and B of this Charter, for distribution and filing of copies of the ordinance, shall be construed to include copies of the code of technical regulations as well as of the adopting ordinance;

2. A copy of each adopting code of technical regulations as well as of the adopting ordinance shall be authenticated and recorded by the City Clerk pursuant to Section 3.14A of this Charter; and

3. Copies of any adopted code of technical regulations shall be made available in the office of the City Clerk for examination by interested persons.

Section 3.14 AUTHENTICATION AND RECORDING; CODIFICATION; PRINTING.

A. All ordinances and resolutions of the Council shall be authenticated by the City Clerk and recorded in an indexed public record.

B. The Council shall provide for the preparation of a general codification of this Charter and its amendments, and of those ordinances selected by the Council. This codification shall be known and officially cited as the El Paso City Code. Copies of the Code shall be furnished to City officers and placed in libraries and public offices within the El Paso City limits, for free public reference.

Section 3.15 CONSERVATION.

The Council must, in consultation with the Public Service Board, and within two years following the adoption of this Charter, enact and maintain a comprehensive plan for the conservation of water and other natural resources. The plan shall take into consideration the impact on natural resources resulting from any governmental action, including, but not limited to, land use, zoning regulations, building code requirements, and development and operation of public facilities. The City shall continue to implement the plan by using such means as the Council makes available to acquire, conserve and preserve natural resources for future generations.

Section 3.16 BORDER RELATIONS.

The Council must, within one year following the adoption of this Charter, provide for the duties, appointment, structure, terms of office and filling of vacancies on a standing Committee on Border Relations, comprised of El Paso citizens.

The Committee on Border Relations shall propose, promote and, from time to time, revise a program to enhance relations with Ciudad Juarez and with the border area in proximity to El Paso.

Section 3.17 ANNEXATION OF TERRITORY.

The Council may, by ordinance, fix or extend the boundaries of the City and may also, by ordinance, annex or exchange territory adjoining or abutting upon the territory of the City. The territory so annexed shall, in all respects and for all purposes, be part of the City. In no event shall an annexation ordinance be passed without notice, published in accordance with state law, to the residents of the City and of the territory to be annexed, nor without a meeting of the Council at which proponents and opponents of the annexations must be given ample opportunity to express their views.

Section 3.18 LEASE; FRANCHISE; AND CONVEYANCE.

The right of control, ownership and use of streets, alleys, parks and public places of the City is declared to be inalienable except as provided by ordinance passed by the Council and except for uses of less than thirty days which may have a separate approval process as established by ordinance.

Any ordinance providing for the conveyance, lease, or grant of a franchise regarding the property of the City shall provide for payment to the City of a reasonable fee as consideration for that conveyance, lease, or franchise. In addition, any ordinance providing for the lease or franchise shall provide that:

1. At the termination of the lease or franchise, the property involved, together with any improvements thereto, made or erected during the term of the lease or franchise, shall (either without further compensation or upon payment of a fair valuation therefore as determined by the terms of the ordinance), become the property of the City; and

2. Every lease or franchise may be revoked by the City if necessary to secure efficiency of public service at a reasonable rate, or to assure that the property is maintained in good order throughout the life of the grant.

Section 3.19 PROHIBITING THE SALE OF ALCOHOLIC BEVERAGES IN RESIDENTIAL SECTIONS OF THE CITY.

The sale of beer and liquor is hereby prohibited in residential areas of the City.

Section 3.20 ETHICS AND ACCOUNTABILITY.

A. Ethics Review Commission. The Council shall, by ordinance, establish an independent ethics review commission to administer and enforce the ethics section of the City Code. To the extent permitted by Texas law, the Council shall authorize the commission to issue advisory opinions, conduct investigations, request witness testimony and production of evidence, and make determinations on whether a violation has occurred, and issue decisions and appropriate sanctions. The commission shall have the power to enforce its decisions by assessing civil fines and other sanctions as authorized by ordinance. The Council shall provide sufficient resources to the commission to enable it to perform the duties assigned to it under the Charter and City Code.

B. Internal Audit Function.

1. The Council shall establish and create an internal audit function to ensure that appropriate internal audits will be performed in accordance with professionally recognized auditing standards of the operations of all City departments, offices, agencies and programs.

2. The function shall be staffed by a Chief Internal Auditor and such other appropriate positions as are authorized by the Council who shall report to the Chief Internal Auditor.

3. Consistent with the provisions of this Charter, the Council shall by ordinance or resolution provide for the powers and duties of the Chief Internal Auditor as needed for the performance of the function.

4. The Financial Oversight and Audit Committee shall maintain legislative oversight over the internal audit function as provided in Section 3.6 B.

5. On and after the effective date of this amendment, the Chief Internal Auditor shall be appointed and removed by, and report to the Council. The Chairman of the Financial Oversight and Audit Committee shall maintain operational oversight over the internal audit function. The City Manager shall be responsible for the implementation of any audit recommendations for changes to City administrative procedures and operations as requested by the Council.

(Res. of 05-23-2023(1), Amd. J, Election of 5-6-2023)

Article IV THE MAYOR

Section 4.1 POWERS OF THE MAYOR.

A. The Mayor shall be recognized as head of the City government for all ceremonial purposes and by the governor for purposes of military law but shall have no administrative duties except as may be specifically provided in this Charter.

B. The Mayor shall be a member of and preside over the City Council, having the power to propose legislation; represent the City in intragovernmental and intergovernmental relationships; appoint with the consent of the Council the members of citizen advisory boards and commissions; make appointments and perform duties pursuant to federal and state law; present an annual state of the City message, break tie votes, veto legislation except for any City Council action which removes the City Manager or the City Attorney, convene the Council in special session and perform other duties specified by the Council.
(Ord. No. 18401, Amd. No. 5, 8-11-2015, Election of 11-3-2015)

Section 4.2 DUTIES OF THE MAYOR.

A. Under the authority of the Council, the Mayor shall sign all lawful acts of the Council, such as ordinances, resolutions, conveyances, grant agreements, plats, contracts and bonds. The Council may by ordinance provide that additional designated officials may sign such acts of Council on behalf of the Mayor, as provided by law.

B. The Mayor shall have the sole authority to appoint and remove the Mayor's Executive Secretary and Executive Assistant(s).

Section 4.3 MAYOR PRO TEMPORE.

A. At the first meeting upon the start of new terms of office following each general election, the Council shall elect from among the Representatives a Mayor Pro Tempore, who shall hold that office for a two year term. Should the office of Mayor Pro Tempore become vacant, the Council shall elect a new Mayor Pro Tempore.

B. During the absence or disability of the Mayor, the Mayor Pro Tempore shall act as Mayor, but shall vote as a Representative, and shall have no veto power.

C. In the event of the absence of both the Mayor and Mayor Pro Tempore, the Council shall elect an alternate Mayor Pro Tempore to serve until the return of the Mayor or Mayor Pro Tempore.

Article V CITY MANAGER

Section 5.1 APPOINTMENT; QUALIFICATIONS; COMPENSATION.

The City Council by a majority vote of its total membership shall appoint a City Manager and fix the Manager's compensation. The City Manager shall be appointed solely on the basis of executive and administrative qualifications. The Manager need not be a resident of the City at the time of appointment but shall establish residence in the City within sixty days after the date of appointment.

Section 5.2 POWERS AND DUTIES.

The City Manager shall be the chief administrative officer of the City, responsible to the Council for the administration of all City affairs placed in the Manager's charge by or under this Charter. The City Manager shall:

1. Take all personnel actions regarding employees except as provided by law or in this Charter. The City Manager may authorize the Deputy City Managers and department directors to exercise these powers with respect to their subordinates;

2. Direct and supervise the administration of all departments, offices and agencies of the City, except as otherwise provided by this Charter or by law;

3. Attend all City Council meetings. The City Manager shall have the right to take part in discussion but shall not vote;

4. See that all laws, provisions of this Charter and acts of the City Council, subject to enforcement by the City Manager or by employees subject to the Manager's direction and supervision, are faithfully executed;

5. Prepare and submit the annual budget and capital program to the City Council;

6. Submit to the City Council and make available to the public a complete report on the finances and administrative activities of the City as of the end of each fiscal year;

7. Make such other reports as the City Council may require concerning the operations of City departments, offices and agencies subject to the City Manager's direction and supervision;

8. Keep the City Council fully advised as to the financial condition and future needs of the City;

9. Make recommendations to the City Council concerning the affairs of the City;

10. Provide support to the offices of the Mayor and the Representatives; and

11. Perform such other duties as are specified in this Charter or may be required by the City Council.

Section 5.3 REMOVAL.

The City Manager may be removed by a resolution approved by the majority of the total membership of the City Council, with or without cause.

Section 5.4 ACTING CITY MANAGER.

By letter filed with the City Clerk, the City Manager shall designate a City employee to exercise the powers and perform the duties of City Manager during the Manager's temporary absence or disability. The City Council may revoke such designation at any time and appoint another employee of the City to serve until the City Manager returns.

Section 5.5 INTERFERENCE WITH PERSONNEL OR ADMINISTRATION.

Except for the purposes of investigations under Section 3.8 and inquiries, the members of the Council shall deal with City employees who are subject to the direction and supervision of the City Manager solely through the City Manager, and neither the Council nor any of its members shall give orders to any such employee, either publicly or privately. Neither the Council nor any of its members shall in any manner control or demand the appointment or removal of any City employee whom the City Manager is empowered to appoint, but the Council may express its views and fully and freely discuss with the City Manager anything pertaining to appointment and removal of such employees.

Article VI CIVIL SERVICE

Section 6.1 CIVIL SERVICE COMMISSION.

Section 6.1-1 GENERAL.

The Civil Service system exists to ensure a personnel system that is based solely on merit. The Civil Service Commission of El Paso exists for the purposes of overseeing the City's Civil Service system, the purpose of which is to ensure fairness, economy and efficiency in the selection process and personnel system created for the classified employees, and performing the duty of hearing grievances by or against classified employees. The Commission shall establish its own procedures within the framework of this Charter to carry out these functions.

Section 6.1-2 FUNCTIONS AND DUTIES OF THE CIVIL SERVICE COMMISSION.

Special meetings shall be held as required for the proper discharge of the duties of the Commission, due notice having been given. Five members of the Commission will constitute a quorum. It shall be the duty of the Commission to:

A. Recommend to the Council:

1. Adoption of Rules for the administration of the Civil Service provisions of this Charter, and

2. Thereafter, appropriate amendments.

B. Investigate matters concerning the enforcement and effect of the Civil Service provisions of this Charter in the manner prescribed by the Rules or by established Commission procedure.

C. Hear and determine appeals or complaints as may be further prescribed in the Rules.

D. Oversee the Civil Service provisions of this Charter ensuring fair and equitable treatment of all persons coming before the Commission.

E. Appoint hearing officers.

Section 6.1-3 APPOINTMENT.

The Commission shall consist of nine persons appointed by the Council. All members serving on the Commission when this amendment takes effect will continue to serve until their terms of office expire. Appointments shall be for three-year terms, provided however, the terms of all members as established on the effective date of this amendment shall be extended such that all terms shall end on January 31st of the next-following year, as applicable. All terms thereafter shall commence on February 1st. Commissioners serving consecutive terms shall be limited to two full successive three-year terms, regardless of the date of their original appointments. No person may serve as a member on the Commission for more than a total of ten years throughout their lifetime and no person may be appointed as a member on the Commission if, serving out the full length of the term to which they would be appointed would result in the person having more than a total of ten years of lifetime service. The one-time extension of a term under this section to provide for the uniform termination and commencement dates of the terms shall not be included in the calculation of the lifetime service of a member of the Commission.

Section 6.1-4 QUALIFICATIONS.

Members of the Commission must be residents of the City at the time of their appointment and remain a resident of the City throughout their term of office. No Commissioner shall be related in any manner described in Article III, Section 3.3 B to any employee of the City, the Public Service Board, or any entity that has a contract with the City to operate or manage any City facility or department, nor hold any salaried public office or other employment compensated by the City, and any violation of this provision shall be deemed malfeasance in office and cause for removal therefrom. At least two Commissioners must hold or have retired from positions other than managerial or professional. No more than three Commissioners may be former city employees, and any such Commissioners are not eligible for appointment until two years following separation from the City. Any Commissioner may be either actively employed or retired.

Section 6.1-5 COMPENSATION.

Members of the Commission shall serve without salary.

Section 6.1-6 RULES.

A. Rules. The Rules shall be consistent with the principles and practices of the civil service system incorporated in this Article. They shall be adopted by the Council by ordinance, after considering recommendations of the Commission.

B. Procedures for Adoption. The Human Resources Director shall submit to the Commission proposed Rules for its review and recommendation to the Council. Failure by the Commission to recommend approval, modification or disapproval of proposed Rules within sixty days after receipt shall constitute authority for the Council to proceed without a recommendation from the Commission.

C. Changes, Additions or Deletions. Proposed changes, additions or deletions to the Rules shall be processed through the Commission to the Council in the same manner and subject to the same standards as for the basic Rules as set forth in A and B above.

D. Council Action. The Human Resources Director shall submit the Commission's recommendations regarding proposed Rules to the Council without delay. Failure by Council to approve, amend and approve, or deny the Commission's changes within sixty days after the Commission's action shall result in their automatic adoption. In the event of disagreement, the Council may deny or amend the Commission's changes, additions or deletions only by a two-thirds majority vote of the Council.

Section 6.1-7 POWER TO SUBPOENA WITNESSES.

The Commission shall have the power to subpoena witnesses, require the production of evi-

dence and administer oaths. The Council shall provide, by ordinance, penalties for contempt for failing or refusing to obey a subpoena or to produce evidence, and shall have the power to punish any of these acts of contempt in the manner provided in the ordinance. Costs incident to actions under this section shall be borne by the party requesting the subpoena.

Section 6.1-8 JURISDICTION.

The Commission will have jurisdiction over all employees in the classified service.

Section 6.1-9 ORGANIZATION.

The Commission shall elect from its members a Chairman and a Vice-Chairman, each for a term of one year. The Chairman may not be re-elected for successive terms.

Section 6.1-10 REMOVAL.

Members of the Commission will not be removed from office except for incompetence or nonfeasance, misfeasance or malfeasance in office, such as neglect of duty or refusal to perform the duties imposed by this Charter. Action may be initiated in writing by any member of the Council or Commission. Any removal will require an affirmative vote of two-thirds of the Council.

Section 6.1-11 NON-DISCRIMINATION.

The City shall afford equal employment and benefit opportunities to all qualified individuals in compliance with all applicable laws, without regard to their race, gender, gender identity, sexual orientation, marital status, color, religion, ethnic background or national origin, age, disability, or any other characteristic or status that is protected by federal, state, or local law.

Section 6.1-12 HEARING OFFICERS.

The Commission will appoint one or more compensated hearing officers to hear appeals made under Section 6.13-4. The need for hearing officers in excess of one shall be determined jointly by the Commission and the City Manager. Hearing officers will perform those duties and functions necessary to render a recommendation to the Commission on the matter in dispute.

The hearing officers will serve at the Commission's pleasure, and will be procured through the City's procurement process.

(Res. of 05-23-2023(1), Amd. E, Election of 5-6-2023)

Section 6.2 DIVISION OF THE CITY SERVICE.

Section 6.2-1 DIVISION.

All offices and positions of trust or employment in the service of the City are hereby divided into the unclassified and classified services.

Section 6.2-2 UNCLASSIFIED SERVICES.

The unclassified services shall include only the following positions:

A. The City Attorney, Assistant City Attorneys, law clerks and paralegal personnel;

B. The Mayor's executive secretary(s) and Executive Assistant(s);

C. Hearing officer(s) and the Commission Recorder;

D. All elected officials;

E. Members of all City boards, commissions, and committees who serve without compensation;

F. Employees hired by contract, and short-term or limited-funding grant-funded employees as designated by the City Manager and hired on or after the effective date of this amendment;

G. The City Manager;

H. All executive level employees, and executive staff or salaried professional employees reporting directly to the City Manager;

I. Employees hired on or after May 18, 2007 who work at the Metropolitan Planning Organization; and

J. Persons given provisional and temporary appointments who are not classified employees at the time of such appointment.

K. A person hired solely as a District Representative's legislative aide for the limited period of the term of office for that District Representative.

Section 6.2-3 APPOINTMENT AND REMOVAL OF UNCLASSIFIED PERSONNEL.

A. Except as otherwise provided in this Charter, appointments to the unclassified services shall

be made by the City Manager solely on the basis of education and experience in the accepted competencies and practices of their field.

B. Except as otherwise provided by law or in this Charter, unclassified personnel may be removed by the City Manager or designee, who may establish written procedures for removal, except for hearing officers and the Commission Recorder, who may be removed only by a majority vote of the commissioners.

Section 6.2-4 CLASSIFIED SERVICES.

The classified services include all positions not listed in Section 6.2-2 of this Article.

Section 6.3 RESERVED.

Section 6.4 CLASSIFICATION AND COMPENSATION.

Section 6.4-1 CLASSIFICATION PLANS.

The Human Resources Director shall update as necessary the classification and compensation plans of the City for the classified services and present such plans to the City Council as part of the annual budget. Such plans shall include the annual sick leave and vacation benefits to be provided, establish the factors that are authorized for use in the payment of different rates within the grades or calculating total compensation, and shall also include and address as necessary any reduction in compensation that is anticipated to occur during the next budget year. The classification and compensation plans may be adopted as part of the budget or by separate resolution or ordinance in conjunction with the adoption of the budget.

Section 6.4-2 APPOINTMENT OF CITY EMPLOYEES.

Appointment of City employees to classified positions shall be made at pay rates within the appropriate grade and in accordance with the Rules or administrative policies or procedures.

Section 6.5 CERTIFICATION AND SELECTION OF CANDIDATES

Section 6.5-1 CERTIFICATION PROCESS.

A. The Human Resources Director shall certify candidates eligible for hire or promotion based solely on their qualifications in accordance with established administrative policies and procedures or by Rule, which may allow a preference for the hiring and promotion of former employees separated without fault or delinquency, or for other just and reasonable cause in conformity with the Charter and consistent with the principles of the civil service system and established policies.

B. When appropriate, the Human Resources Director will establish administrative procedures as necessary for the certification and selection process, including procedures to allow for a fair and competitive selection process designed to meet the needs of the departments while ensuring that the most qualified candidates are certified for selection.

Section 6.5-2 RULE OF FIVE.

As necessary for the promotion process, the Human Resources Director shall certify the five highest names on a promotion-only eligible list for a vacancy, and additional names in situations where eligible persons are serving in the department in which the vacancy exists and as authorized by Rule.

Section 6.6 APPOINTMENTS

Section 6.6-1 APPOINTMENTS.

Employees may be appointed as regular full or part-time employees, provisional or temporary employees, or as contract appointments. The City Manager shall establish administrative policies and procedures for each category of appointment consistent with the provisions of this Article and all applicable federal and state employment laws. The Human Resources Director shall establish administrative policies and procedures for the entrance process consistent with the provisions of this Ar-

ticle and all applicable federal and state employment laws. Contracts for personal or professional services shall also be subject to any limitations and requirements for Council approval as set forth by ordinance or resolution.

Section 6.7 EXAMINATIONS.

Section 6.7-1 PENALTY FOR DECEIT IN EXAMINATION.

An applicant in any examination who uses or attempts to use any unfair or deceitful means to pass the examination shall be excluded from further participation in the examination and the papers not rated, except as may be provided in the applicable Rules or policies and procedures.

Section 6.8 PROMOTION.

Section 6.8-1 EXAMINATION AND ELIGIBILITY.

The Human Resources Director shall establish administrative policies and procedures for the promotion process, including examination and eligibility, consistent with the provisions of this Article and all applicable federal and state employment laws. Promotion to any position in the Civil Service shall be by examination weighed by seniority and performance record, except as otherwise provided in the Charter or Rules. Eligibility criteria and rating factors for promotions shall be established by Rule and shall include a credit for seniority.

Section 6.9 SPECIAL PROVISIONS.

Section 6.9-1 PROBATION PERIOD.

Probationary periods shall be established by Rule. Such Rule shall prescribe the procedures and consequences applicable to employees who fail to successfully complete probationary periods, and provide criteria for the extension of probationary periods.

Section 6.9-2 IMPACT OF STAFF REDUCTIONS.

The Human Resources Director is authorized and directed, subject to approval by the Council, to establish systems for reducing the impact on the Civil Service of staff reductions and layoffs caused by operating economies.

Section 6.9-3 NEPOTISM PROHIBITED.

Except in the case in which the City Manager or other person making the appointment appoints the highest scoring individual certified from a proper eligible list, or from a reinstatement list involving the appointment of a former incumbent, no person may be appointed to or reinstated in any classified position or appointed to any unclassified position who, at the time of appointment or reinstatement, is related in the manner described in Article III, Section 3.3B, to any member of the Council, the City Manager or other person making the appointment, the Human Resources Director, or the direct superior of the position being considered.

Section 6.9-4 SPECIAL CREDIT FOR WAR VETERANS.

Veterans of any of the wars or other armed conflicts of the United States who are otherwise qualified, who have obtained a passing score on an original entrance examination, and who present an honorable discharge from military service, will have their ratings in the examination advanced five points.

Veterans who are suffering from disability traceable directly or indirectly to war service will have their original entrance examination rating advanced another five points.

Section 6.9-5 ADMINISTRATIVE ACTION.

A. Policies and procedures utilized by the Human Resources Department shall be established administratively by the City Manager or the Human Resources Director as required or authorized by this Article or as necessary for the proper management and operation of the system. All admin-

istrative policies and procedures adopted by the City Manager or the Human Resources Director must be consistent with the provisions of this Article, the Civil Service Rules, and applicable state and federal laws.

B. The City Manager may delegate to appropriate individuals the execution of the functions, duties and responsibilities set forth in this Article. Appropriate designees may include department directors and other persons able and assigned to execute the specific functions, duties or responsibilities.

Section 6.10 LAY-OFF; LEAVE OF ABSENCE; AND REINSTATEMENT.

Section 6.10-1 CONDITIONS FOR LAYOFF.

Whenever it becomes necessary through lack of work or funds, or through the abolishment of a position or class, or for any other reason not involving delinquency on the part of the employee, to reduce the number of employees in any class, the City Manager may order a layoff. The reduction will be made in accordance with the principles established in the Rules and the administrative procedures established by the Human Resources Director, consistent with the provisions of this Article and all applicable federal and state employment laws.

Section 6.10-2 JOB RIGHTS.

Employees who are removed from their positions as the result of abolishment or a layoff (to include subsequent displacement action) will have the right to be appointed to any vacant position for which qualified, in accordance with the procedures established in the Rules.

Section 6.10-3 LEAVE OF ABSENCE; REINSTATEMENT.

The City Manager shall establish administrative policies and procedures regarding the eligibility of employees to take a leave of absence and to be reinstated, consistent with the provisions of this Article and all applicable federal and state employment laws.

Section 6.11 TRANSFER AND REDUCTION.

Section 6.11-1 TRANSFER AND REDUCTION.

The Human Resources Director shall establish administrative policies and procedures for the transfer and reduction process, including transfer and reduction for physical incapacity, consistent with the provisions of this Article and all applicable federal and state employment laws.

Section 6.12 STANDARDS OF EFFICIENCY.

The City Manager shall establish by written policy appropriate standards of efficiency for all positions in each class and grade in the classified positions.

Section 6.13 DISCHARGE, APPEAL, HEARING.

Section 6.13-1 DISCHARGE DURING PROBATION.

A new employee may be discharged at any time during the probation period for any reasons but, for the record, a full statement of those reasons must be filed with the Human Resources Director within three days of the discharge.

Section 6.13-2 DISCIPLINARY ACTION; REDUCTION.

A regular employee may be discharged, suspended or reduced in rank or position as provided in this Charter or further defined in the Rules.

Section 6.13-3 CAUSES OF SUSPENSION, REDUCTION OR DISCHARGE.

The following, which may be further defined in the Rules, may constitute causes for discharge, suspension or reduction in grade of regular employees:

A. Conviction of, or deferred adjudication community supervision for, a felony or of a Class A or B misdemeanor;

B. Abusive, threatening, or coercive treatment of another employee or a member of the public, the provocation or instigation of violence, brutality to a City prisoner, or abusive treatment to an animal in the care or control of the employee;

C. Being under the influence of intoxicants or drugs or the use thereof while on duty;

D. Being physically or mentally unfit for City service to the extent permissible under federal and state laws;

E. Being wantonly offensive in conduct or language;

F. Incompetency or negligence in the performance of duties, including but not limited to, failure to perform assigned tasks, or failure to discharge duties in an accurate, prompt, competent, or responsible manner;

G. Dishonesty, theft, violation of a law, or violation of policies relating to the handling or procurement of property, or negligence in care or misuse of City property;

H. Abandonment of position, repeated unexcused absence or tardiness, abuse of leave privileges, or absence without notification or the provision of a valid or acceptable reason for absence;

I. Failure to meet or maintain qualifications, including but not limited to, failing to obtain or maintain required certificates, licenses or other credentials established for the employee's position or classification;

J. Inducing or assisting another to commit an unlawful act;

K. Deliberate or careless conduct endangering the safety of self or others;

L. Engaging in improper political activity;

M. Violates the City's Ethics Ordinance;

N. Refusal to follow the lawful order of a superior or supervisor;

O. Subjecting a fellow employee or subordinate to unlawful intimidation, harassment or retaliation; and

P. For just cause.

Section 6.13-4 APPEALS.

Any regular classified employee may appeal to the Commission any order which is believed to violate the rights granted employees by this Charter. This appeal must be filed with the Commission within thirty days from the date of the alleged violation and may be in any form clearly directing the attention of the Commission to the order complained of and the rights or provisions violated.

Section 6.13-5 HEARING OPTIONS.

Upon receiving notice of appeal, the Commission may in its discretion hear the appeal directly or refer it to a Hearing Officer.

Section 6.13-6 ACTION BY COMMISSION.

A. If the Commission hears the appeal in a disciplinary case it will, by majority vote of its members present and voting, determine whether the evidence sustains the charges. If the Commission determines that the charges are sustained, in whole or in part, it will at once determine whether the good of the service requires that the appealed action be upheld or reduced. If the Commission determines that the charges are not sustained, the accused will be reinstated immediately and without prejudice, and will not be deprived of any salary for any period of suspension preceding the hearing.

B. In cases involving matters such as denial of promotion, the Commission shall review all facts in the cases and direct appropriate corrective steps, if necessary.

C. In conducting any hearing, the Commission must in all cases, afford full and free opportunity to all parties to present evidence relevant to the issue or issues involved. The burden of proving an alleged offense and of establishing just ground of discharge, suspension or reduction rests upon the City Manager or designee by whom the action was taken. A preponderance of the evidence is required to substantiate any charge.

D. Decisions of the Commission shall be final.

Section 6.13-7 HEARING OFFICER.

A. The Hearing Officer shall have the power to establish appropriate procedures for the conduct of the hearing, issue subpoenas to compel the attendance of witnesses, make appropriate findings during the course of a hearing, prepare written recommendations to the Commission, and such other powers and duties as set forth in the Rules.

B. The principles established in Section 6.13-6, will apply equally to hearing officers.

Section 6.13-8 SUBSEQUENT ACTION.

Upon receipt of the Hearing Officer's opinion and recommendations where applicable, the Commission will review the written record of the hearing, review any written briefs or oral arguments which the parties are permitted by the Commission to submit in accordance with the Rules, and take one of the following actions:

A. Accept or reduce the Hearing Officer's recommendations;

B. Remand the matter to the Hearing Officer for development of such additional facts and findings as the Commission deems necessary. Consistent with the remand, the Hearing Officer must conduct an additional hearing and render a further opinion or recommendations for its further action pursuant to this provision; or

C. Reject the Hearing Officer's recommendations and refer the matter to the Civil Service Commission for a de novo hearing.

Section 6.13-9 RESERVED.

Section 6.13-10 CONSTITUTIONAL RIGHTS.

Nothing in this Charter shall be construed as denying or abridging any constitutional right of appeal.

Section 6.13-11 PENSION PLANS.

A. The Council shall continue a pension plan for all regular full time employees. Regular part-time and eligible contract employees may elect not to participate in the plan. Other employees of the City and employees of governmental agencies of the City, except policemen, firemen, and elected officials of the City, shall have the option of participating in the plan. Eligible employees of an adopting employer of the plan shall be participants of the plan.

B. Funding and Liability. The funds for the plan shall be provided in part by the City and in part by deductions from the salaries of employees; provided, that the amount paid into the fund by the City shall not exceed double the amount paid into the fund by the salary deductions; and provided further that the City shall not be liable to any beneficiaries of the fund except to the extent of its appropriations for the fund. The claims of all beneficiaries shall be limited to the available monies or securities in the pension fund.

C. Pension Benefits. The Council may provide by ordinance for the retirement, disability or death benefits to be paid and persons to be entitled thereto, and the conditions under which payments of benefits or repayment of contributions may be made. The Council may make such changes and amendments as, in its judgment and discretion, conditions may require.

D. Firemen and Policemen Pension Fund of El Paso. The City shall continue to augment the Firemen and Policemen Pension Fund of El Paso in a manner consistent with the laws of Texas. To augment the Firemen and Policemen Pension Fund, the Council shall in each fiscal year beginning after May 2023, appropriate no less than eighteen percent of the total amount expended for wages of the participants, and may increase this contribution rate as allowed by the relevant state law requirements based on a qualified actuary's report; provided, however, that in the event age limits for participation in the pension fund, or any division of the fund, are increased as permitted by law and the raising of the age limits causes an increase in funding costs as determined by an actuary, the City shall appropriate an amount equal to such cost increase notwithstanding that such increased appropriation may exceed the otherwise determined percent of the total amount expended for

wages of the participants. Notwithstanding the foregoing, if the City elects to pick up participant contributions to the Firemen and Policemen Pension Fund of El Paso under Section 414(h) of the Internal Revenue Code of 1986, as amended (the "Code"), then the participant contributions picked up by the City shall be derived from a corresponding reduction in participant cash salaries and treated as a contribution by the City solely for determining tax treatment of such contributions under the Code. The picked up contributions by the City shall not be considered a contribution or required contribution by the City for any other purpose, including the limitations for the total amount expended for salaries of the participants designated in this Section 6.13-1l.D. Notwithstanding the foregoing, the City shall have the authority to contract with the Firemen and Policemen Pension Fund to make a one time contribution (either in lump sum or installments) to the Firemen and Policemen Pension Fund solely for an underfunded liability as of December 31, 2003 or the date of contribution, under such conditions as the City in its sole discretion may require and provided that (a) such authority, action and/or contribution complies with the Firemen and Policemen Pension Fund plan documents and all applicable statutes, laws, rules and regulations, and (b) a binding written agreement between the City and the Firemen and Policemen Pension Fund has been reached regarding (i) the amount of such under-funded liability, if any, (ii) the amount to be contributed by the City for such under-funded liability, and (iii) procedures (including, if necessary, amendments to the Firemen and Policemen Pension Fund plan documents) for managing the Firemen and Policemen Pension Fund on a going forward basis.
(Res. of 05-23-2023(1), Amd. I, Election of 5-6-2023)

Section 6.13E CONSOLIDATION OF FUNCTIONS WITH OTHER POLITICAL SUBDIVISIONS.

If the City and any other political subdivision agree that the City will thereafter assume the responsibility for performing a governmental function which is at the time of the agreement being performed by employees of the other political subdivision, the employees of the other political subdivision who have been performing the function may be admitted into classified positions in the Civil Service without examinations, probationary periods, or loss of accrued leave. The seniority date for all such employees for purposes of layoff shall be the date of admission into the classified service. Any such employees going into lower compensated positions shall be protected from any loss of pay in accordance with the Civil Service Commission Rules as to Reclassification to Lower Grades. Any such consolidation of functions must be approved by City Council. Any question regarding the eligibility of any employee to be included in the consolidation is to be decided by the Civil Service Commission, whose decision shall be final.

Section 6.14 DEFINITIONS OF TERMS.

The following definitions apply to this article:

Abolishment: Either temporary or permanent discontinuance of a given office, service, or position, by reason whereof the functions and duties of the office, service or employment cease; generally evidenced by the deletion of a position from a departmental manning table.

Certification: The process by which the names and addresses of persons on a proper eligible list are placed in the correct order in which vacancies are to be filled and thereby become entitled to be considered to fill a vacancy.

Class: A group of positions within the same title, so arranged because of similarity in duties and responsibilities and for which the same basic examination, compensation, and minimum qualifications apply.

Commission (when used by itself): The Civil Service Commission.

Dismissed, Discharged, and Removed: Actions under which employees are separated from their respective positions for cause.

Executive Level Employees: Those employees designated as executive level employees in their job descriptions and/or scope of duties based on the high level of management responsibilities and duties performed as determined by the Human Resources Director.

Grade: Term representing a specific range of compensation.

Human Resources Director: The director of the Human Resources Department or designee.

Promotion: A change from a position in a lower class to a position in a higher class. It involves a change of duties or responsibilities as well as an upward change in compensation.

Regular Employee: Any classified employee who has been regularly appointed service.

Rules: When used by itself, the Rules of the Commission.

Suspension: Action under which an employee is for cause temporarily separated without pay for a definite or indefinite period.

Section 6.15 EXISTING LAWS AND CONSTITUTIONALITY.

All Civil Service Charter Amendments, including those of 1917, 1935, 1943, 1968, 1977, and 1981, respectively, and all existing Charter provisions pertaining to Civil Service are hereby repealed, and all ordinances, or parts thereof, in anywise conflicting or inconsistent with this Charter or any of the provisions hereof are hereby expressly repealed. However, the adoption of this Charter will in no way affect the rights of persons whose appeals are pending before the Commission or in the courts at the time of its adoption. Such appeals and other pending matters may be decided by the Commission or other appropriate tribunal in the light of the provisions of the previous Civil Service amendment or amendments.

Article VII PUBLIC FINANCE.

Section 7.1 FISCAL YEAR.

The fiscal year and the budget year of the City shall begin on September 1st and end on the succeeding August 31st.

A. Change in Fiscal Year. The Council, by ordinance, is authorized to provide for a change in the City's fiscal and budget year from the present period to the period October 1 through September 30, in one or more stages, and to provide for necessary and appropriate changes to be made in the dates for preparation and adoption of the budget and other related matters. In order to provide any necessary financing during the transition or changeover period, the Council may, by ordinance, authorize the borrowing of money by the issuance of general obligation bonds or promissory notes and the levying of a sufficient tax to pay the interest thereon and to provide the required sinking fund to pay the principal thereof, and/or may authorize the payment of all or any part of said interest and principal from any other anticipated tax receipts or other available funds.
(Ord. No. 18401, Amd. No. 7, 8-11-2015, Election of 11-3-2015)

Section 7.2 BUDGET.

The budget must present a complete financial plan for the fiscal year, and must contain all elements required under State law.
(Ord. No. 18401, Amd. No. 8, 8-11-2015, Election of 11-3-2015)

Section 7.3 BUDGET PROCEDURES.

The procedures here stated shall govern adoption of the annual budget and the appropriations of monies pursuant thereto.

A. Department Estimates. Annually, but not later than three months before the first day of the City's fiscal and budget year, administrative units of the City shall transmit estimates of their budgetary requirements and descriptions of their work programs to the Office of Management and Budget and to the City Manager. The work programs

shall include all requested appropriations for the departments' operation and maintenance, including capital equipment, construction, and acquisition.

B. Public Hearing. After its presentation to the Council, at least one public hearing on the budget shall be held prior to its adoption; and notice of that public hearing shall be published in accordance with state law. The proposed budget shall be made available for examination at the office of the City Clerk, in accordance with State law.

C. Changes. After the required public hearing, the governing body may make any changes to the budget in accordance with and/or permitted by State law.

D. Adoption. The budget shall be adopted by resolution, subject to the Mayor's veto, not later than the day before the first day of the City's fiscal and budget year; but, in the event the budget is not adopted, the appropriation for personnel and essential operating supplies made in the previous year shall be extended until the new budget is adopted.

E. Filing. A copy of the budget, as finally approved, shall be filed with the El Paso City and County Clerks' offices.

F. Tax Levy. As soon as possible after the completion of the tax roll, the Council shall pass the tax levy ordinance in accordance with the laws of Texas.

G. Balanced Budget. If at any time during the fiscal year, the City Manager ascertains that available income for the year, including fund balances, will be less than total appropriations, the Council shall reduce those appropriations so that expenditures will not exceed income. Expenditures in excess of gross revenues during the fiscal year are prohibited.

H. Availability. The final budget shall be available for use by City departments and for examination in the City Clerk's office by any interested persons.

(Ord. No. 18401, Amd. No. 8, 8-11-2015, Election of 11-3-2015)

Section 7.4 CASH RESERVE FUND.

A cash reserve fund in the general operating fund of the City shall be maintained in an amount no less than five percent (5%) of the prior year's adopted general fund operating expenditure budget. The cash reserve fund shall be maintained and reported as restricted under applicable Governmental Accounting Standards Board rules and must be invested in accordance with the laws of Texas. Short term borrowing from the cash reserve fund shall be for a period of no more than one calendar year and must be approved by the Council. Annual income from the cash reserve fund may be used only for capital improvements. "Capital improvements" shall be construed to include acquisition, construction, reconstruction, or improvement of facilities, equipment, or land for use by the City and all expense incidental thereto.

Section 7.5 MONEY TO BE DRAWN FROM TREASURY IN ACCORDANCE WITH APPROPRIATIONS.

No money shall be drawn from the treasury of the City, nor shall any obligation for the expenditure of money be incurred, except in pursuance of the annual appropriation resolution or any of its amendments. At the close of each fiscal year any unencumbered balance of an appropriation shall revert to the fund from which appropriated and shall be subject to reappropriation as provided by this Charter.

Section 7.6 SALE OF CAPITAL ASSETS.

The proceeds from the sale of capital assets may not be used for recurring operational expenses. These proceeds shall be invested in accordance with the laws of Texas, until used for the purchase of other capital assets or to retire bonded debt.

Section 7.7 DEPOSITORIES.

All monies received by any person, in connection with the business of the City, shall be deposited. promptly in a City depository and, whenever possible, within one business day after its receipt.

All City bank accounts shall be carried in the name of the City, with such additional designations as are required to distinguish accounts for special purposes.

The City's investments shall be governed by a City Investment Policy which shall be adopted and reviewed as provided by state law, but in no event, shall the policy be adopted or reviewed by the Council less frequently than annually.

Section 7.8 PROPERTY TAX YEAR.

The tax year of the City shall begin on January 1st of each year.

Section 7.9 CITY PROPERTY.

City property of every nature, and its appurtenances, shall be exempt forever from City taxes, executions, attachments or forced sales.

Section 7.10 ASSESSMENT OF PROPERTY TAXES.

On January 1st of each year, or on any other date prescribed by the laws of Texas, each person, firm, business, partnership and corporation owning real or personal property in the City shall be subject to assessment for tax purposes, in accordance with the laws of Texas.

Section 7.11 PROPERTY TAX PAYMENTS.

All property taxes due the City shall be paid in legal tender at the office of the City Tax Collector or the designated depository. All taxes remaining unpaid after January 31st will be delinquent. The Council may, by ordinance, change the time and method of tax payments. The interest and penalty assessed on delinquent taxes shall accord with the laws of Texas.

Section 7.12 LEVYING OF PROPERTY TAXES.

Annually, the Council shall levy by ordinance on all property subject to property taxation by the City, a property tax not to exceed one dollar and eighty-five cents on each one hundred dollars of assessed valuation. The maximum tax provided shall not apply to the taxes required to be levied to pay the interest and principal on general obligation bonds. The Council shall levy taxes to retire bonds authorized in accordance with the laws of Texas.

No increase in the property tax rate shall be levied except by a majority of the entire Council at a regular meeting. Any levy of taxes to pay general obligation bonds shall not exceed the amount necessary to pay the interest and principal on such bonds.

Section 7.13 LEVY, ASSESSMENT AND COLLECTION OF OTHER MUNICIPAL TAXES.

The Council shall have power by ordinance to levy and collect occupation, license, franchise, hotel-motel occupancy taxes and other taxes, in a manner not inconsistent with the laws of Texas.

These taxes shall be collected by the Officer of the Comptroller or other designated officer, and shall be paid to that officer by each and every person or entity owing the tax.

Section 7.14 HOTEL OCCUPANCY TAX.

The City shall have the power to levy and collect a hotel-motel occupancy tax, as provided under the laws of Texas.

When this tax is levied by the Council, the proceeds shall be used as follows:

A. To the extent of the proceeds raised by a rate of one-half of one percent, to maintain, improve, administer and develop auditorium and convention center and related permanent improvements owned by the City;

B. To the extent of the proceeds raised by a rate of two and one-half percent, to pay the principal of and interest on bonds issued by the City to construct that auditorium and convention center and related permanent improvements;

C. To the extent of the proceeds raised by any additional rate, as may be established by the City Council, to fund any use authorized by the laws of Texas.

Once the principal and interest on bonds issued pursuant to this section are paid, the Council then may levy and use the hotel-motel occupancy tax only as provided by the laws of Texas.

Section 7.15 LIABILITY OF THE TAXPAYER.

A failure on the part of the City Tax Collector, or any other officer or employee who shall be designated by the Council, to prepare the delinquent tax roll or to mail tax statements, or a failure on the part of the City to file suits within the proper time for the collection of taxes when due, or any other omission, shall in no way affect the liability of the delinquent taxpayer. Neither shall it release the property upon which the tax is due from the operation of the lien, charge or encumbrance here created.

Section 7.16 AUTHORIZATION TO ISSUE BONDS.

All bonds issued by the City shall be authorized by ordinance. Where required by law, the bonds shall be approved by the Texas Attorney General and registered by the Texas Comptroller of Public Accounts before delivery to the purchaser.

Section 7.17 GENERAL OBLIGATION BONDS.

General obligation bonds may be issued for any lawful purpose in accordance with the laws of Texas and, where required by law, shall be issued only when authorized through a bond election.

The total principal amount of such bonds together with the principal amount of all other outstanding tax indebtedness of the City shall not exceed ten percent of the total assessed valuation of the City's tax rolls.

Section 7.18 REVENUE BONDS.

The City may issue revenue bonds only in accordance with the laws of Texas.

Section 7.19 DEBT SERVICE FUND.

Debt service funds created for the retirement of bonds shall be deposited in separate accounts in the City depositories and shall not be used except to pay interest and principal on those bonds. These debts service funds may be invested as allowed by the laws of Texas.

Section 7.20 DISBURSEMENT OF CITY FUNDS.

All disbursement of City funds shall be by check, electronic means, or as authorized by City ordinance.

Section 7.21 INDEPENDENT AUDIT.

As soon as practicable after the close of each fiscal year, an independent audit, in accordance with specifications defined by ordinance, shall be made of all accounts of the City by a certified public accountant selected by a majority of the Council. The accountant(s) shall have no substantial financial interest in the affairs of the City. The complete audit report must be available for public examination.

Section 7.22 PUBLISHING OF FINANCIAL POSITION OF THE CITY.

Within 120 days after the close of each fiscal year, the City shall publish in any contemporary means of information sharing including but not limited to publication in a newspaper of general circulation in the City or placement on the City's web site in the manner designated by the Council, a financial statement of the City prepared with generally accepted accounting principles for municipalities. This will be limited to balance sheets, statement of revenue and expenditures and changes in fund equities.

Section 7.23 LEASE AND LEASE PURCHASE.

The City may execute, perform, and make payments under a contract with any person for the use, purchase or other acquisition of any real or personal property, or the financing thereof, includ-

ing a lease, a lease with an option or option to purchase, an installment purchase or other form considered appropriate by the Council.

Article VIII ADOPTION AND TRANSITION

Section 8.1

This Charter shall be submitted to the qualified voters of the City at an election to be held for that purpose on the 21st day of January, 1984. The Council shall provide the form of ballot and conduct the election as required by law. The Charter Commission, in preparing this Charter, finds that by reason of the form of government provided herein and the nature of the provisions relating thereto, it is not practical to segregate each subject or article so as to permit a separate vote of "yes" or "no" thereon; and that it should be adopted in its entirety. Therefore, the Charter Commission directs that this Charter be voted upon as a whole. If a majority of those voting in such election are in favor of this Charter, it shall become the Charter of the City of El Paso, and after the returns have been canvassed, the Charter shall be declared adopted, at which time the existing Charter shall be repealed.

Section 8.2

Any person holding elective office under the Charter in force prior to the adoption of the preceding Articles shall continue in office until the expiration of the prescribed term, unless sooner removed under the laws of Texas or as prescribed in the above Articles.

Section 8.3

If any provision of this Charter is held to be invalid, it shall be deemed severable and its invalidity shall not affect the remaining provisions of this Article.

Section 8.4

All rights, action, fines, penalties and forfeitures, in suits or otherwise, which have accrued under the laws in force as of the date of adoption of this Charter, shall not be affected by the passage of this Charter.

Section 8.5

Any contract to which the City is a party, which is in effect at the adoption of this Article, is hereby ratified and shall remain in full force and effect according to the terms thereof.

Section 8.6

All ordinances, regulations, resolutions or parts thereof in force in the City and not in conflict with this Charter, shall remain in force until altered, amended, or repealed by the City Council. All existing ordinances, regulations, resolutions or parts thereof which conflict with this Charter are hereby expressly repealed.

Section 8.7 TRANSITIONAL PROVISION TO THE 2013 AMENDMENTS.

No amendment that is approved at the election on May 11, 2013 shall be effective unless and until the Voting Rights Section of the Civil Rights Division of the United States Department of Justice issues a letter interposing no objection to the implementation of the amendment, if voting rights review is required for the amendment. In the event that an objection is interposed to the amendments made in Section 2.1 A and B, the provisions of Section 2.1 A and B establishing the terms of office, as approved at the election on May 12, 2007, shall remain in force and effect.

Whenever a reference is made to this code as the El Paso City Code or to any portion thereof, or to any ordinance of the city of El Paso, Texas, codified in this code, the reference shall apply to all amendments, corrections and additions heretofore, now or hereafter made. (Ord. 8773 § 3, 1986)

1.01.040 Title, chapter and section headings.

Title, chapter and section headings contained in this code shall not be deemed to govern, limit, modify or in any manner affect the scope, meaning or intent of the provisions of any title, chapter or section hereof. (Ord. 8773 § 4, 1986)

1.01.050 Reference to specific ordinance.

The provisions of this code shall not in any manner affect matters of record which refer to, or are otherwise connected with ordinances which are therein specifically designed by number or otherwise and which are included within the code, but such reference shall be construed to apply to the corresponding provisions contained within this code. (Ord. 8773 § 5, 1986)

1.01.060 Effect of code on past actions and obligations.

Neither the adoption of this code nor the repeal or amendments of any ordinance or part or portion of any ordinance of the city of El Paso, Texas, shall in any manner affect the prosecution for violations of ordinances, which violations were committed prior to the effective date of the adoption of this code, nor be construed as a waiver of any license, fee or penalty at such effective date due and unpaid under such ordinances, nor be construed as affecting any of the provisions of such ordinances relating to the collection of any such license, fee or penalty, or the penal provisions applicable to any violation thereof, nor to affect the validity of any bond or cash deposit in lieu thereof required to be posted, filed

or deposited pursuant to any ordinance and all rights and obligations appertaining shall continue in full force and effect. (Ord. 8773 § 6, 1986)

1.01.070 Constitutionality.

If any section, subsection, sentence, clause or phrase of this code is for any reason held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining portions of this code. The council declares that it would have passed this code, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases has been declared invalid or unconstitutional, and if for any reason this code should be declared invalid or unconstitutional, then the original ordinance or ordinances shall be in full force and effect. (Ord. 8773 § 7, 1986)

1.01.080 Additions and deletions.

A. Chapter 5.24 shall read as amended by Ordinance 7968, passed on January 17, 1984.

B. Chapter 2.28 shall read as amended by Ordinance 6628, passed on June 26, 1979. (Ord. 8773 § 8, 1986)

1.01.090 Ordinances adopted prior to code.

The last ordinance included in this code was Ordinance 8288, passed on February 26, 1985. Ordinances 8289 through 8770 which were passed subsequent to Ordinance 8288, but prior to the adoption of this code, are adopted and made a part of this code. Any ordinance which was adopted prior to the adoption of this code and which is in effect at the date of adoption of this code, but which was not printed in this code, either by design or mistake, shall not deemed to be repealed by the adoption of this code and shall remain in effect until further amended or repealed. (Ord. 8773 § 9, 1986)

1.01.100 Prior code.

All prior codifications of the general ordinances of the city of El Paso are superceded by the codification adopted in this chapter. (Ord. 8773 § 10, 1986)

Chapter 1.04

GENERAL PROVISIONS

Sections:

1.04.010 Citation.

1.04.020 Intent.

1.04.030 Definitions and rules of construction.

1.04.040 Headings and subheadings.

1.04.050 Repeal not to revive—Pending actions, penalties.

1.04.060 Severability.

1.04.070 Vesting of projects.

1.04.010 Citation.

The ordinances embraced in the following chapters and sections shall constitute and be designated the "Code of The City of El Paso," and may be so cited. It may also be cited as "El Paso City Code." (Prior code § 1-1(a))

1.04.020 Intent.

It is the intent of this code to embody all penal ordinances (meaning ordinances the violation of which is punishable by a fine), but only such civil ordinances as are of general interest. All penal ordinances which were in effect on May 20, 1960, and are not included herein, are repealed. Civil ordinances not included herein are not repealed, except to the extent of conflict herewith. Provided, if there be a penal provision in any ordinance of any of the following types, such ordinance is nevertheless not repealed by this code, although not included herein: ordinances pertaining to the public debt or public credit, the levy or assessment of taxes, the appropriation of money, the making of any contract by the city or for its benefit, the granting of any franchise, the levying of any special benefit assessment or lien, or the annexation of any territory; and the repeal of any ordinance by this code shall not release any person from the duty to comply with any condition or limitation upon which he acquired any right under such repealed ordinance. (Prior code § 1-1(b))

1.04.030 Definitions and rules of construction.

In the construction of this Code, and of all ordinances, the following rules shall be observed, unless the context clearly indicates otherwise:

A. City, offices. The words "the city" or "this city" mean the City of El Paso, and the title or name of any office, agency or department means the office, agency or department of the city.

B. City observed holiday. The words "city observed holiday" or "city recognized holiday" means a legal holiday as well as a holiday recognized and observed as provided for in Ordinance 8064 of the City of El Paso, as amended.

C. County. The words "the county" or "this county" means and refers to El Paso County, Texas.

D. Gender. The masculine gender shall include the feminine and the neuter.

E. Established fee. The words "established fee" mean a fee that is authorized in this Code or any ordinance which is set in the amount identified in the adopted budget resolution for the current fiscal year or by other appropriately adopted resolution of the city council.

F. Legal holiday. The words "legal holiday" or "city holiday" mean the first day of January (New Years Day), the third Monday in January (Martin Luther King Holiday), the last Monday in May (Memorial Day), the fourth day of July (Independence Day), the first Monday in September (Labor Day), the fourth Thursday in November (Thanksgiving Day), the Friday after Thanksgiving Day, and the twenty-fifth day of December (Christmas Day).

G. Number. The singular number includes the plural.

H. Oath. The word "oath" shall include an affirmation in all cases in which, by law, an affirmation may be substituted for an oath, and in such cases the words "swear" and "sworn" shall be equivalent to the words "affirm" and "affirmed."

I. Permit official. The words "permit official" mean the person or persons designated by the city

manager as being responsible for issuing permits, licenses or making any other authorization provided for in this Code or any ordinance.

J. Person. The word "person" shall include associations, clubs, societies, firms, partnerships and corporations as well as individuals or groups of individuals.

K. Planning official. The words "planning official" mean the director of the city department or other qualified employee designated by the city manager to implement or enforce the provisions of this Code, to include but not be limited to Titles 19, 20 and 21, or any ordinance and those person's designees, and all other designees of the city manager.

L. State. The words "the state" or "this state" shall refer to the State of Texas.

M. Street. The word "street" shall embrace streets, avenues, boulevards, drives, roads, alleys, lanes, viaducts and all other public highways in the city. (Prior code § 1-2)

(Ord. No. 17338, § 1, 6-1-2010; Ord. No. 17387, § 1, 8-24-2010, eff. 9-1-2010)

1.04.040 Headings and subheadings.

The headings and subheadings in this code are for convenience in searching only, and are not intended to limit or expand the text. (Prior code § 1-3)

1.04.050 Repeal not to revive—Pending actions, penalties.

The repeal of any prior ordinance by any subsequent ordinance shall not operate to revive any ordinance which may have been repealed by such prior ordinance, unless such revival be expressly provided for. Ordinances repealed remain in force for the trial and punishment of all past violations of them, and for the recovery of penalties and forfeitures already incurred. (Prior code § 1-4)

1.04.060 Severability.

The sections, paragraphs, sentences, clauses, phrases and words of this code are severable, and if any thereof shall be held void by the valid judgment of any court of competent jurisdiction, such invalidity shall not affect any of the remaining parts of the code. (Prior code § 1-5)

1.04.070 Vesting of projects.

A. Purpose. The purpose of this section is to establish a process and procedure for the issuance of local permits for projects in accordance with the provisions of Texas Local Government Code, Chapter 245 or successor statute.

B. *Applicability.* This section shall be applicable to permits issued under the City Code. An applicant requesting approval of a permit shall pay the established fee and submit a vested rights application to the city if the applicant believes that the permit is for a project that has been vested. A permit, for purposes of determining whether a project is vested, is defined as a license, certificate, approval, registration, consent, permit, contract or other agreement for construction related to, or provision of, service from a water or wastewater utility owned, operated, or controlled by a regulatory agency, or other form of authorization required by law, rule, regulation, order, or ordinance that a person must obtain to perform an action or initiate, continue, or complete a project for which the permit is sought. A vested rights application may also be filed prior to the expiration of certain permits pursuant to Section 19.41.060.

C. Application. The vested rights application shall be submitted to the department responsible for issuing the permit. The application shall include the following information and documents:

1. A narrative description of the grounds for submittal of the application;

2. A copy of each approved or pending application which is the basis for the contention that the project or permit is vested;

3. The date of submittal of the application for the permit which the applicant contends vests the project;

4. Any subsequent applications submitted or permits issued towards completion of the project;

5. Identification of any current standards which petitioner agrees can be applied to the application at issue;

6. A copy of any prior vested rights determination involving the same land; and

7. Whenever the petitioner alleges that a permit or project subject to expiration under this section should not be terminated, a description of the event or events constituting progress toward completion of the project.

D. Time for filing application. A vested rights application shall be filed with the permit for which a vested right is claimed or at a date prior to the date of expiration of any permit when filed pursuant to Section 19.41.060.

E. Processing of applications.

1. Responsible official. The responsible official for a vested rights application is the City Manager or her designee.

2. Responsible official decision. The responsible official is the decision-maker on the application, and shall determine whether the project is vested and shall formulate a written response summarizing the reasoning and setting forth the decision. After reviewing the application for completion, the responsible official shall promptly forward a copy of the completed vested rights application, and any other documentation the responsible official deems necessary, to the city attorney for their review. The responsible official's written response shall be delivered to the applicant within ten business days of the date the vested rights application is filed with the responsible official.

F. Appeal of responsible official decision.

1. The applicant may appeal the responsible official's decision to the city council within ten business days of the date of such decision.

2. An applicant wishing to appeal the decision shall submit in writing such request stating the reasons for the appeal and providing the necessary documents to support the appeal to the responsible official.

3. If after receipt of the written appeal and review of the accompanying documents the responsible official determines that its initial decision should be reversed, then the responsible official may reconsider its initial decision and reverse such decision. The responsible official shall state in writing the reason for the reversal and shall notify the appellant in writing. If the responsible official does not reverse its initial decision, then the appeal shall be submitted to the city council by the responsible official.

4. The appeal shall be placed on the city council agenda by the responsible official within fifteen business days after the date the responsible official received the written appeal. Documents submitted by the appellant shall be included as back up for the appeal and any documentation or information the responsible official determines is necessary or will assist the city council in making their determination shall also be included.

5. The city council shall render a decision within thirty business days from the date the item is placed on the city council agenda. City council shall decide the vested rights appeal based upon the following factors:

a. The nature and extent of prior applications filed for the land subject to the vested rights application;

b. Whether any prior vested rights determinations have been made with respect to the property subject to the vested rights application;

c. Whether any prior approved applications for the property have expired or have been terminated in accordance with law;

d. Whether any statutory exception applies to the standards in the current subdivision ordinance from which the applicant seeks relief;

e. Whether any prior approved applications relied upon by the petitioner have expired or have become dormant;

f. Whether progress has been made on the project or whether the project has become dormant; and

g. Any other provisions outlined in the Texas Local Government Code Chapter 245 or successor statute.

G. Stay of proceedings. Receipt of a written appeal of a decision stays all proceedings of the

city in furtherance of the decision from which appeal is taken, including without limitation, acceptance, processing or issuance of any applications that are dependent on the application being appealed, and any development activities authorized by initial approval of the application. The stay shall be lifted only if the responsible official certifies in writing to the appellate authority that a stay would cause imminent peril to life or property.

H. Dormant permits and projects. Projects that become dormant shall not be entitled to vested status. A project becomes dormant and the project expires when progress toward completion of the project has not occurred.

1. A permit under this section means a license, certificate, approval, registration, consent, permit, contract or other agreement for construction related to, or provision of, service from a water or wastewater utility owned, operated, or controlled by a regulatory agency, or other form of authorization required by law, rule, regulation, order, or ordinance that a person must obtain to perform an action or initiate, continue, or complete a project for which the permit is sought.

2. For purposes of determining whether a project is still vested or has become dormant, any permit issued by the city not otherwise having a permit expiration period shall expire two years after the issuance of the permit if no progress has been made towards completion of the project.

3. A project shall expire after the fifth anniversary of the date in which the first permit application was filed for the project if no progress has been made towards completion of the project.

4. Progress towards completion of the project shall include any one of the following:

a. An application for a final plat or plan is submitted to a regulatory agency;

b. A good-faith attempt is made to file with a regulatory agency an application for a permit necessary to begin or continue towards completion of the project;

c. Costs have been incurred for developing the project including, without limitation, costs associated with roadway, utility, and other infrastructure facilities designed to serve, in whole or in part, the project (but exclusive of land acquisition) in the aggregate amount of five percent of the most recent appraised market value of the real property on which the project is located;

d. Fiscal security is posted with a regulatory agency to ensure performance of an obligation required by the regulatory agency; or

e. Utility connection fees or impact fees for the project have been paid to a regulatory agency.

I. Vesting does not apply to:

1. A permit that is at least two years old, is issued for the construction of a building or structure intended for human occupancy or habitation, and is issued under laws, ordinances, procedures, rules, or regulations adopting only:

a. Uniform building, fire, electrical, plumbing, or mechanical codes adopted by a recognized national code organization; or

b. Local amendments to those codes enacted solely to address imminent threats of destruction of property or injury to persons;

2. Municipal zoning regulations that do not affect landscaping or tree preservation, open space or park dedication, property classification, lot size, lot dimensions, lot coverage, or building size or that do not change development permitted by a restrictive covenant required by a municipality;

3. Regulations for sexually oriented businesses;

4. Municipal or county ordinances, rules, regulations, or other requirements affecting colonias;

5. Fees imposed in conjunction with development permits;

6. Regulations for annexation that do not affect landscaping or tree preservation or open space or park dedication;

7. Regulations for utility connections;

8. Regulations to prevent imminent destruction of property or injury to persons from flooding that are effective only within a flood plain established by a federal flood control program and enacted to prevent the flooding of buildings intended for public occupancy;

9. Construction standards for public works located on public lands or easements; or

10. Regulations to prevent the imminent destruction of property or injury to persons if the regulations do not:

a. Affect landscaping or tree preservation, open space or park dedication, lot size, lot dimensions, lot coverage, building size, residential or commercial density, or the timing of a project; or

b. Change development permitted by a restrictive covenant required by a municipality.

GENERAL PENALTY

Sections:

1.08.010 Designated.
1.08.020 Separate offenses.
1.08.030 Violations declared to be nuisances.
1.08.040 Violations include causing, procuring, aiding or abetting.
1.08.050 Applicability of State Criminal Code definitions.
1.08.060 Fines and costs—Discharged when.
1.08.070 Requiring prisoners to labor.
1.08.080 Requirement of culpability.

1.08.010 Designated.

Whenever in this code or in any ordinance of the city an act is prohibited or is made or declared to be unlawful or an offense or a misdemeanor, or whenever in such code or ordinance the doing of any act is commanded or the failure to do any act is made or declared to be unlawful or an offense or a misdemeanor, the violation of any such provision shall be deemed a misdemeanor and shall be punished by a fine not exceeding five hundred dollars. Provided, however, if a different penalty by fine is specifically provided for any act or omission, such penalty shall apply; and provided further, if any violation is also a penal offense under any law of this state, the penalty imposed by this code shall be the same as the penalty imposed by the state law. (Ord. 9430 § 1, 1988: prior code § 1-6(a))

1.08.020 Separate offenses.

In the case of a continuing violation each day's violation shall be deemed a separate offense. (Prior code § 1-6(b))

1.08.030 Violations declared to be nuisances.

In addition to the penalties otherwise provided, any condition caused or permitted to exist in violation of any provision of this code or any ordinance, which provision is intended for the protection of the public health, safety or morals, shall be deemed a public nuisance and may be abated by the city as provided by law. (Prior code § 1-6(c))

1.08.040 Violations include causing, procuring, aiding or abetting.

The prohibition of any act in this code, and in any rule or regulation adopted hereunder, shall include the causing, procuring, aiding or abetting of another person to do such act. (Prior code § 1-7)

1.08.050 Applicability of State Criminal Code definitions.

Whenever in this code or the penal ordinances of the city an offense is named, but not defined, the definition of such offense contained in the criminal code of the state shall apply, so far as applicable. (Prior code § 1-8)

1.08.060 Fines and costs—Discharged when.

When the judgment against the defendant is for a pecuniary fine and the costs of prosecution, he shall be discharged from the same when the amount of such fine and costs has been fully paid, when the same has been remitted by the proper authorities; or, when the defendant has remained in custody the length of time required by law to satisfy the amount of such judgment. (Prior code § 1-9)

1.08.070 Requiring prisoners to labor.

In cases of emergency when the mayor deems that the public safety or welfare requires the labor of persons confined in the city jail for nonpayment of fines, he may order the use of labor of such persons as are physically fit therefor. (Prior code § 1-10)

1.08.080 Requirement of culpability.

In accordance with Texas Penal Code Ann. Section 6.02b (Vernon 1974), a culpable mental

state is not required for the commission of an offense under this code unless the provision defining the conduct expressly requires a culpable mental state. (Ord. 9792, 1989)

RIGHT OF ENTRY FOR INSPECTION

Sections:

1.12.010 When.
1.12.020 Search warrants.

1.12.010 When.

Whenever necessary to make an inspection to enforce any of the provisions of this code, or whenever an authorized city official or his authorized representative has reasonable cause to believe that there exists in any building or upon any premises any condition or code violation which makes such building or premises unsafe, dangerous or hazardous, the authorized city official or his authorized representative may enter such building or premises at all reasonable times to inspect the same or to perform any duty imposed upon the authorized city official by this code; provided, that if such building or premises be occupied, he shall first present proper credentials and request entry; and if such building or premises be unoccupied, he shall first make a reasonable effort to locate the owner or other persons having charge or control of the building or premises and request entry. If such entry is refused, the authorized city official or his authorized representative shall have recourse to every remedy provided by law to secure entry. (Prior code § 15-41 (part))

1.12.020 Search warrants.

When the authorized city official or his authorized representative shall have first obtained a proper inspection warrant or other remedy provided by law to secure entry, no owner or occupant or any other persons having charge, care or control of any building or premises shall fail or neglect, after proper request is made as herein provided, to promptly permit entry therein by the authorized city official or his authorized representative for the purpose of inspection and examination pursuant to this code. (Prior code § 15-41 (part))

Chapter 1.16

ARRESTS

Sections:

1.16.010 Persons violating law or found under suspicious circumstances.

1.16.010 Persons violating law or found under suspicious circumstances.

A. The police officers of the city shall, with or without warrant, arrest all persons found in the act of violating any law or ordinance, and shall arrest all persons found under suspicious circumstances.

B. The police officers of the city shall, with or without warrant, arrest all persons found in suspicious places, or under circumstances which reasonably show that such persons have been guilty of some felony or breach of the peace, or threaten, or are about to commit some offense against the laws. BOARDS, COMMISSIONS AND COMMITTEES GENERALLY

Sections:

2.04.010 Uniform bylaws.

2.04.020 Meetings—Minutes—Recordkeeping requirements.

2.04.030 Subpoenas—Issuance authority.

2.04.040 Holding over prohibited.

2.04.050 Term limitations.

2.04.010 Uniform bylaws.

A. All city boards and commissions established by the city will adopt and implement the city uniform bylaws. The city uniform bylaws will be the standard bylaws for all city boards unless otherwise specified by the City Charter, state law, federal law, or other applicable law.

B. The city manager and city clerk may recommend amendments to the city uniform bylaws. Proposed amendments will be submitted in writing to the city clerk, who will forward them to the city council for consideration and approval by simple majority.

(Ord. No. 019766, § 1, 8-5-2025)

Editor's note—Ord. No. 019766, § 1, adopted Aug. 5, 2025, repealed the former § 2.04.010, and enacted a new § 2.04.010 as set out herein. The former § 2.04.010 pertained to meetings—excessive absences and derived from the prior code § 2-3.2.

2.04.020 Meetings—Minutes—Recordkeeping requirements.

A. All duly constituted boards and commissions of the city are required to file their meetings with the city clerk of the city. The original minutes will be filed with the city clerk upon approval by the appropriate board and commission.

B. The city clerk is required to maintain a file of the minutes of the meetings of all boards and commissions for inspection by the mayor and council and the public.

C. The city clerk is authorized to require a uniform format of such minutes. (Prior code § 2-3.2.1)

(Ord. No. 019766, § 2, 8-5-2025)

2.04.030 Subpoenas—Issuance authority.

The city council, and every commission or board of the city having authority to conduct hearings, shall be empowered to issue subpoenas and subpoenas duces tecum and to compel the giving of evidence at such hearings, upon any matter within their jurisdiction. (Prior code § 2-3)

2.04.040 Holding over prohibited.

When the term of office of any member of any city board or commission expires, the member shall continue to serve until his successor is appointed and qualified, or until thirty days have passed following the expiration of the term, whichever event occurs first. Any holding over past the thirty-day period is prohibited, and after that time a vacancy in the board shall exist and the former member shall have no power to vote or participate in board proceedings; but such vacancy shall not serve to reduce the number of members required for a quorum. This section shall not apply to boards or commissions created by Charter, joint agreement with other political subdivisions, or pursuant to state statute; or to officers, where state law would prohibit such disqualification; or to the photographic traffic signal enforcement system advisory board or the community development steering committee for citizen participation. (Ord. 11040, 1992; Ord. 9328, 1988: Ord. 9052, 1987)

(Ord. 17206, § 1, 9-22-2009)

2.04.050 Term limitations.

No person who has been appointed to two consecutive terms as a regular member of any board created by ordinance shall be eligible for reappointment as a regular member to the same board for the next consecutive term. No person who has been appointed to two consecutive terms as an alternate member of any board created by ordinance shall be eligible for reappointment as an alternate member to the same board for the next

consecutive term. No person who has served four consecutive terms as regular and alternate members shall be eligible for reappointment to the same board for the next consecutive term. (Ord. 13014, 1996: Ord. 4005, 1968)

Chapter 2.06

PROCEDURES FOR PLACING MATTERS ON THE AGENDA OF THE CITY COUNCIL*

Sections:

2.06.010 Conformity of agenda items.

2.06.020 Timely submission.

2.06.030 Request to place an item on the agenda.

2.06.040 Summary explanation and back-up materials.

2.06.050 Items of urgent public necessity.

2.06.060 Special meetings and informal work sessions.

2.06.070 Timely submission of proposed legal documents.

2.06.080 Review of resolutions, contracts and ordinances by city attorney.

2.06.090 Written fiscal note prepared by city manager.

2.06.100 Executive session items.

2.06.110 Placement of items on the agenda by city council members.

2.06.010 Conformity of agenda items.

The city clerk is hereby directed to place items on the agenda of a regular meeting of the city council only in conformity with Texas State law, the provisions of this chapter and any procedures established by the Rules of Order for the city council.

(Ord. No. 18746, §§ 1, 2, 11-28-2017)

2.06.020 Timely submission.

Unless otherwise provided in this chapter, and separate from administrative agenda review deadlines and procedures, the city clerk shall place on the city council agenda of a regular meeting of the city council only those items that are timely submitted, as follows:

1. Deadline for Placement. The deadline shall be at or before 12:00 p.m. on Tuesday prior to the council meeting at which discussion or action is requested, unless a holiday or any other purpose interferes with being able to post at least three business days before the scheduled meeting date. In such event, the deadline for placement is as directed by the city clerk to meet the three business day posting deadline.

2. Late Placement. An item received after the deadline may be placed on the agenda if the agenda has not yet been posted, or as an "addition to the agenda" if the agenda has already been posted, if the request is received by 3:00 p.m. on Wednesday and allows for at least three business days to post the agenda prior to the meeting and if the request is accompanied by an authorization of the mayor, the city manager or his or her designated deputy city manager, or the city attorney, and contains all back-up material. The authorization for late placement on the agenda shall be made in writing, by electronic mail, or by any other electronic means. If the regular agenda has already been posted, approved additions to the agenda may be posted up to 3:00 p.m. on Wednesday and allows for at least three business days to post the agenda before a Tuesday city council meeting.

a. No item that is not timely submitted will be placed on the agenda except for an urgent public necessity (UPN) as provided in Section 2.06.050 of this Code.

3. City Clerk Authority. The city clerk is authorized to establish revised deadlines for placement of agenda items and the submission of back-up material as necessary to enable him or her to post the agenda in conformity with state law and the city's practice of allowing adequate time for the members of the city council to study the agenda items. This includes the city hall being closed for a city holiday or for any other purpose on a Tuesday, Wednesday, Thursday, or Friday.

a. If the city council should change the day of its regular meeting from a Tuesday, the resolution

***Editor's note—**Ord. No. 18746, §§ 1—12, adopted Nov. 28, 2017, repealed the former Ch. 2.06, §§ 2.06.010—2.06.060, and enacted a new Ch. 2.06 as set out herein. The former Ch. 2.06 pertained to similar subject matter and derived from Ord. No. 18031, adopted July 2, 2013; Ord. No. 18390, § 1.1, adopted July 21, 2015; Ord. No. 18466, adopted Feb. 23, 2016.

changing the day of the meeting may include any adjustment to the deadlines for placement of agenda items. If the resolution is silent as to such adjustment, the city clerk is authorized to establish revised deadlines for placement of agenda items and the submission of back-up material as are necessary to enable him or her to post the agenda in conformity with state law and the city's practice of allowing adequate time for the members of the city council to study the agenda items.
(Ord. No. 18746, §§ 1, 2, 11-28-2017; Ord. No. 019780, § 1, 8-19-2025)

2.06.030 Request to place an item on the agenda.

Any request to place an item on the agenda shall come from or through a city official or employee and shall be made in writing, by electronic mail, or by any other electronic means. All requests shall include the name and telephone number of the individual making the request, the department name if applicable, and the name and telephone number of a contact person as will be listed on the agenda.
(Ord. No. 18746, §§ 1, 2, 11-28-2017)

2.06.040 Summary explanation and back-up materials.

The head of each department on whose behalf an item is placed on the agenda shall submit to the city clerk, a summary explanation and any other back-up material for those agenda items related to his or her department that will be posted with the agenda on the city's website no later than 12:00 p.m. on the Wednesday before the meeting at which discussion or action is to take place. Any additional back-up that may be provided separately to each member of the city council and the city manager shall be submitted no later than 4:00 p.m. on the Wednesday before the meeting at which discussion or action is to take place.

If any item placed on the agenda at the request of a city council member specifically relates to a city department which is readily identifiable by the city clerk, the city clerk shall notify the head of the affected department of such item.
(Ord. No. 18746, §§ 1, 2, 11-28-2017; Ord. No. 019780, § 2, 8-19-2025)

2.06.050 Items of urgent public necessity.

Items of urgent public necessity (UPN) may be placed on the agenda after the above deadlines and up until to two hours before the Council meeting at which action or discussion is requested, upon receipt by the city clerk of a written request having the signature of a member of the city council, the city manager or the city attorney. This request must be justified through the city attorney's office as a matter of urgent public necessity.

When a matter of urgent public necessity is placed on the agenda, the city clerk shall immediately notify all members of the city council, and shall also notify the head of any department to which the item applies if the item was not placed on the agenda by that department, and the department of information technology services. The head of the department to which the item applies shall provide each member of the city council a written summary of the item including an explanation of why emergency action is necessary, on or before 5:00 p.m. on the day before the city council meets if the item is placed on the agenda prior to this deadline.

In addition to posting the public notice of an emergency meeting or supplementing a notice with an emergency item, the city clerk must give special notice of the emergency meeting or emergency item to members of the news media who have previously filed a request with the city and agreed to reimburse the city for providing the special notice. The notice to members of the news media is to be given by telephone or electronic mail.
(Ord. No. 18746, §§ 1, 2, 11-28-2017)

2.06.060 Special meetings and informal work sessions.

In accordance with Section 3.5A of the City Charter, special meetings and informal work ses-

sions may be called by the mayor or by a majority of the entire city council. Such call shall be directed in writing to the city clerk. In such cases, the notice of the meeting and the agenda must be posted in accordance with the requirements contained in the Texas Open Meetings Law.
(Ord. No. 18746, §§ 1, 2, 11-28-2017)

2.06.070 Timely submission of proposed legal documents.

A copy of all proposed legal documents, including resolutions, contracts and ordinances shall be delivered to the mayor and each representative by the responsible department at the time the proposed legal document is placed on the agenda, or shall be submitted to the city clerk for posting on the city's website as provided in Section 2.06.040. If a copy of any proposed legal document has not been provided or made available to each member of the city council by noon on the fourth business day before the city council meeting, the city council may, at its option, table action on that document.
(Ord. No. 18746, §§ 1, 2, 11-28-2017; Ord. No. 019780, § 3, 8-19-2025)

2.06.080 Review of resolutions, contracts and ordinances by city attorney.

All resolutions, contracts and ordinances shall be reviewed, approved as to form, and signed by the city attorney or designee before they are placed on the city council agenda. Agenda items requesting the expenditure of money or the transfer of funds among budgeted accounts must state the amount of money involved and, either in the posted item or in an attachment made available in the city clerk's office and posted on the city's website, indicate the name and number of the account from which the expenditure shall be made, and the accounts to and from which the transfer will be made and the justification and purpose for the transfer. The department proposing the expenditure or budget transfer shall provide the city manager's office such details and support data as required to permit a timely and orderly review.
(Ord. No. 18746, §§ 1, 2, 11-28-2017)

2.06.090 Written fiscal note prepared by city manager.

The city manager's office is instructed to prepare a written fiscal note identifying any agenda item for which there is not a current appropriation. The city manager's officer will also prepare a fiscal note on agenda items which involve substantial indirect costs or continuing costs or which represent a departure from the budget or standard procedures. Fiscal notes shall be provided to the mayor, representatives and city manager on the Friday prior to the council meeting. In the case of additions to the agenda, the city manager's office shall respond as soon as possible. The mayor, any representative or the city manager can request a fiscal note on any agenda item.
(Ord. No. 18746, §§ 1, 2, 11-28-2017)

2.06.100 Executive session items.

In accordance and to assure compliance with applicable state law, executive session items may only be placed on the agenda with the approval of the city attorney or his or her designee. The city clerk will place any executive session item requested by the city attorney at any time, up to the time the agenda has been posted, or as an addition to the agenda as provided for in Section 2.06.020.
(Ord. No. 18746, §§ 1, 2, 11-28-2017)

2.06.110 Placement of items on the agenda by city council members.

Members of city council may place items on the agenda for meetings of the city council as follows:

Special City Council Meetings/Informal Work Sessions. City council representatives may place items on any agenda for a special city council meeting/informal work sessions called in accordance with Section 3.5A of the El Paso City Charter by notifying the mayor, city manager and city clerk prior to the posting of the agenda for the respective special city council meeting/informal work sessions.

City Council Reporting and Appointments. City council representatives may place matters re-

lating to appointments to boards and commissions, financial reporting, campaign contributions, donations received, gifts, or any other reporting requirements arising from the charter, state law or applicable law on any city council agenda by providing notice to the city clerk by 12:00 p.m. on the Tuesday before the city council meeting to be held on the following Tuesday.

City Council Presentations. City council representatives may place items on the city council agenda to allow for presentations by the respective city council member on any city council agenda by providing notice to the city clerk by 12:00 p.m. on the Tuesday before the city council meeting to be held on the following Tuesday. The city council presentations shall not require input or work by members of city staff and the only action to be requested by the respective council member shall be approval of resolutions in support of a measure, request for a subsequent agenda item, or a request for additional work from staff; if approved by a majority of city council.

Request for Action. City council representatives may place items on the city council agenda. The deadline for submission to the city clerk is Tuesday at 12:00 p.m. the week before a Tuesday city council meeting. Upon receipt of a submittal from a city council member, the clerk will schedule the item for the next Tuesday city council meeting following the submittal. The item shall not be removed from the agenda without the consent of the member who made the submittal.

Agenda Items Placed by Mayor. The mayor may place items on any agenda of the city council in accordance with the terms of the city charter and applicable state law.

Adequate Back-up For Agenda Items. All submissions from city council representatives and the mayor must be accompanied by adequate back-up to provide the council members, public and city staff with sufficient information to ascertain the details of the topic and action that will be requested. The city clerk will not post an item on the agenda if the request for submission is not accompanied by a fully completed "agenda summary" in the form provided by the city clerk. The agenda summary shall be the minimum amount of back-up acceptable.

(Ord. No. 18746, §§ 1, 2, 11-28-2017; Ord. No. 019780, § 4, 8-19-2025)

2.08.050 Chairman and vice-chairman—Rules and regulations.

The city plan commission members shall select from among their number a chairman and a

vice-chairman, and they shall adopt rules and regulations for the government of their own proceedings, and to carry out the purposes for which such commission is created, not inconsistent with the Charter and ordinances of the city. (Prior code § 2-5 (part))

2.08.060 Duties—Generally.

It shall be the duty of the city plan commission to formulate general plans and designs to promote the welfare, beauty and comfort of the city, to improve and develop means of transportation, ornamentation, drainage, sewerage and all other means of municipal improvement, and the commission shall, from time to time, submit to the city council, reports, maps and plans for such purposes, and it shall be the special duty of the city plan commission to consider, formulate and recommend plans for the elimination, in so far as may be practicable, of all grade crossings for all railways within the city, whether by removal of tracks or by the elevation or depression thereof. (Prior code § 2-6)

2.08.070 Submission of plans for advice and consultation—Public building erection, location and construction plans.

The city will not locate, erect or construct any building, memorial, viaduct, park or work of art of any character, until the plan or proposal therefor shall have been submitted by the city council to the city plan commission for its advice and consultation. (Prior code § 2-7)

2.08.080 Submission of plans for advice and consultation—Street or sewer system, park or parking strip alteration plans.

Whenever it is proposed to make any general alteration in the street system of the city or any portion thereof, or to open, close, widen or extend any street in the city, or in the territory adjacent thereto, or to permit the construction of any streetcar tracks thereon, or to remove any streetcar tracks therefrom, such proposal, before it is acted upon, shall be referred to the city plan commission for advice and consultation. In like manner, any plan for any general change or alteration relating to public parks or parking strips, and to lighting, beautification or ornamentation of any of the streets of the city, or any general plan affecting the drainage or sewer systems of the city, or general change in the grades of public streets, shall be referred to the city plan commission for advice and consultation. (Prior code § 2-8)

2.08.090 Submission of plans for advice and consultation—Recommendations and reports to council.

Whenever any plan, proposal or ordinance relating to matters coming within the duties or jurisdiction of the city plan commission, as herein set forth or hereafter adopted, shall have been referred to the city plan commission for consultation or advice, the city plan commission shall return the same to the city council with its report and recommendation thereon in writing, within thirty days after the same shall have been referred to the city plan commission, unless the city council shall, in referring same, direct that a longer or shorter period shall be allowed for such report, but upon request or recommendation of the city plan commission, the time for the making of such report and recommendation may be extended within the discretion of the city council. (Prior code § 2-9)

2.08.100 Submission of plans for advice and consultation—Plans referred by city council—Action thereon by city council.

When any plan, proposal or ordinance shall have been referred by the city council to the city plan commission, the city council shall not take action thereon until the expiration of the time allowed for the report and recommendation of the commission. (Prior code § 2-10)

2.08.110 City planning—Duty to keep informed on, study and recommend improvements.

It shall be the duty of the city plan commission to keep itself informed as to the progress of city planning in this and other countries, and to make studies and recommendations for the improvement of the sanitation, recreation and general welfare of the public, and to improve traffic, transportation and the general convenience of the public, and the economic development of the city, and it shall submit to the city council, from time to time, plans, reports and recommendations concerning the development of facilities for public recreation, the development and improvement of public parks, boulevards, highways and other grounds, the improvement of the river front and the extension and opening of streets and highways. (Prior code § 2-11)

2.08.120 Zoning plan formulation and submission.

It shall be the duty of the city plan commission to formulate and submit to the city council, plans for zoning and for regulating the location of business houses, industrial plants and residential sections. (Prior code § 2-12)

2.08.130 Housing condition reports and recommendations.

It shall be the duty of the city plan commission to formulate and submit to the city council, reports, plans and recommendations to regulate the height, design and location as to property lines, within the city or adjacent thereto, and to formulate and submit to the city council recommendations to prevent or abolish unsanitary, unhealthful or unwholesome housing conditions. (Prior code § 2-13)

2.08.140 Water supply study, investigation and reports.

The city plan commission shall study, investigate and report upon plans for the extension of the water supply for the city, and upon new sources of supply. (Prior code § 2-14)

2.08.150 Annual reports to council.

On or before August fifteenth of each year, the city plan commission shall make a written report to the mayor and city council of the work of the commission during the preceding year. Such reports shall summarize all recommendations made by the commission to the city council during the year, and all reference by the city council to the commission of matters for investigation, report or advice, together with the action of the city council, if any, taken thereon. Such report shall contain the general program of improvements for the city as shall be recommended by the commission, and may contain estimates of cost and recommendations as to the means of defraying the same. (Prior code § 2-15)

CITY DEVELOPMENT DEPARTMENT*

Sections:

2.10.010 Creation and purpose of the city development department.

2.10.020 Staffing of the city development department.

2.10.010 Creation and purpose of the city development department.

A. There is established in the City of El Paso, the city development department, which shall generally provide for the planning and regulatory functions relating to private land development, construction and building maintenance, economic development and redevelopment of the City of El Paso. There shall be such divisions within the department as established by the city manager for budgetary and operational purposes to include but not be limited to: the planning division, the building permits and inspection division, and the economic development division.

B. The primary function of the planning division shall be handling the duties and responsibilities for all matters relating to planning, subdivisions, smart code, zoning in the city and all related functions regarding the development and use of property as assigned by the city manager and his designees, to include but not be limited to all duties and responsibilities assigned and set forth in the El Paso City Code for the department, the planning division, and the planning official as designated by the city manager.

C. The primary function of the building permits and inspection division shall be to perform regulatory duties relating to construction and building maintenance related matters, and to provide oversight and support relating to the private land development needs of the city.

D. The primary function of the economic development division shall be to assist with job creation in the community through recruitment, retention, expansion and entrepreneurship; and to administer economic development incentive programs and to manage redevelopments efforts citywide.

(Ord. No. 17805, § 2, 6-5-2012, eff. 6-11-2012)

2.10.020 Staffing of the city development department.

A. The department shall be staffed by a department director and such other appropriate positions as are authorized by the council.

B. The department director shall be responsible for the performance of duties as assigned by the ordinances of the city and as determined and directed by the city manager, including but not limited to the duties of the planning official and the building official, provided however, that the city manager may reassign duties to other departments and staff, as he deems appropriate.

(Ord. No. 17805, § 3, 6-5-2012, eff. 6-11-2012)

***Editor's note—**Ord. No. 17805, §§ 1—3, adopted June 5, 2012, effective June 11, 2012, amended chapter 2.10 in its entirety to read as herein set out. COMMUNITY RELATIONS COMMISSION

Sections:

2.12.010 **Established—Membership—Terms—Vacancies.**

2.12.020 **Officers—Term.**

2.12.030 **Quorum—Final actions.**

2.12.040 **Meetings.**

2.12.050 **Rules and procedures.**

2.12.060 **Director—Other personnel.**

2.12.070 **Offices.**

2.12.080 **Duties.**

2.12.090 **Complaints—Receipt and investigation.**

2.12.010 Established—Membership—Terms—Vacancies.

A. There is established for the city a community relations commission consisting of eleven members who shall reside in the city. The commission members shall be appointed by the city council upon recommendation of the mayor and shall serve without compensation. The term of office of the first eleven members of the commission shall be as follows:

1. Five members shall be appointed for a term of one year expiring in 1972;

2. Six members shall be appointed for a term of two years expiring in 1973.

B. After initial terms all appointments made to the commission shall be for terms of two years. All vacancies on the commission shall be filled for the unexpired term only.

C. Members shall be appointed by the city council who are representative of the several social, economic, religious, cultural, ethnic, racial and neighborhood groups which comprise the population of the city at the time of their appointment. (Prior code § 7A-1)

2.12.020 Officers—Term.

The officers of the commission shall be a chairman and vice-chairman. They shall be elected for one-year terms only. The chairman shall preside over all of the meetings of the commission. The vice-chairman shall preside in the absence of the chairman. (Prior code § 7A-2(a))

2.12.030 Quorum—Final actions.

A quorum shall consist of six members of the commission. No final action shall be taken on any matter except pursuant to the majority vote of the members present. (Prior code § 7A-2(b))

2.12.040 Meetings.

Meetings of the commission may be called by the chairman; provided, that notice is given to each member at least forty-eight hours prior to the time thereof. (Prior code § 7A-2(c))

2.12.050 Rules and procedures.

A. Any motion by a member shall require a second. After a motion has been made and duly seconded, discussion of the motion may be had for a reasonable time. Discussion by members shall terminate whenever a member shall call for a vote upon the question or whenever the chairman shall so rule.

B. Whenever any question of procedure may be raised at a commission meeting, the chairman shall rule thereon. A member may move to overrule the chairman's decision, which may be done only by a majority vote of the members present.

C. Voting on matters may be by voice vote; provided, that a role call vote shall be taken upon demand of any member.

D. Any question of order or procedure not covered by these rules shall be decided according to Robert's Rules of Order insofar as same may be applicable. (Prior code § 7A-2(d))

2.12.060 Director—Other personnel.

The community relations commission shall be assisted by a director and such other personnel recommended by the commission as may be determined by the city council to be necessary in the operations of the commission. (Prior code § 7A-3)

2.12.070 Offices.

To facilitate the commission in the performance of its duties hereunder, adequate office space shall be provided as shall be determined by the city council. Such offices shall be open and available to the public at such times as may be determined by the commission. (Prior code § 7A-4)

2.12.080 Duties.

It shall be the duty of the commission to study problems of the relationships of the various races, colors, creeds and nationalities within the city and to advise and cooperate with the mayor, the city council, city department heads, and other city agencies, boards and officials with relation to such problems. The commission shall further make recommendations to the mayor and city council for the betterment of intergroup relationships within the community. The commission shall serve in an advisory rather than in an administrative capacity in performing these duties. The commission is further authorized to:

A. Devise and recommend to the mayor and city council ways and means of discouraging and combatting prejudice, intolerance and bigotry in all groups and in their relations with one another;

B. Discover all practices and policies calculated to create conflicts and tensions and recommend ways and means for their elimination;

C. Report and recommend means of eliminating any unfair or unjust discrimination against any person or groups which would be deemed detrimental to the best interests of the community;

D. Perform such other duties relating to human relationships as the mayor and city council see fit to request. (Prior code § 7A-5)

2.12.090 Complaints—Receipt and investigation.

The commission is designated as the agency to receive and investigate:

A. Complaints alleging discrimination in places of public accommodation because of race, color or religion as prohibited by Ordinance No. 2698 and codified as Sections 10.16.010 through 10.16.050 of this Code. In complaints arising out of alleged violations of Ordinance No. 2698 the commission shall endeavor by means of persuasion, education and conciliation to eliminate the alleged discriminatory practices. In the event the commission fails in its conciliation efforts, it shall forward a record of its proceedings, findings and recommendations to the city council. The actions of the commission under this subsection are to be in addition to the terms and provisions contained in Ordinance No. 2698 as previously passed. Nothing herein shall be taken to require a person aggrieved under Ordinance No. 2698 codified as Sections 10.16.010 through 10.16.050, to file any complaint with the commission before initiating legal action as authorized by Ordinance No. 2698. (Prior code § 7A-6)

Chapter 2.16

ZONING BOARD OF ADJUSTMENT

Sections:

2.16.010 Appointment and terms.

2.16.020 Powers.

2.16.030 Variances.

2.16.040 Appeals.

2.16.050 Special exceptions.

2.16.060 Administration.

2.16.010 Appointment and terms.

A. Appointment and Terms. There shall be a zoning board of adjustment consisting of nine members and nine alternates. The nine members will be appointed by the mayor and city council; the nine alternates will be appointed by the mayor and the city council. The alternate members shall sit in the absence of regular members when requested to do so by the chair of the board. The first alternate selected to replace an absent regular member shall be the alternate nominated by the same city council representative, or the mayor, who nominated the absent regular member. If both the member and alternate nominated by that city council representative or the mayor are absent, any other alternate may be selected. All cases before the board shall be heard and decided by at least seven members.

B. Term of Office. The term of office for members and alternates shall be staggered. Terms of office shall be two years. (Ord. 16888 § 2 (part), 2008)

2.16.020 Powers.

A. The board shall have the powers granted by, and be controlled by, Texas Local Government Code, Chapter 211.

B. The concurring vote of seven members of the board shall be necessary to reverse any order, requirement, decision or determination of any administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under Title 2, Title 20 of this Code, or to effect any variation in requirements of Title 20 or as specified in Title 21.

C. Where, as part of its power to issue permits, the board imposes conditions, the permits are valid only when all conditions are met.

D. The board is empowered and encouraged to recommend to the city council any changes to the special exceptions or Title 20 which it believes are necessary or useful to the welfare of the community. (Ord. 16888 § 2 (part), 2008)
(Ord. No. 17667, § 1, 11-1-2011)

2.16.030 Variances.

The board of adjustment may authorize in specific cases a variance from the terms of the zoning ordinance (Title 20) or as specified in (Title 21) SmartCode if the variance is not contrary to the public interest and, due to special conditions, a literal enforcement of the ordinance would result in unnecessary hardship, and so that the spirit of the ordinance is observed and substantial justice is done. (Ord. 16888 § 2 (part), 2008)
(Ord. No. 17667, § 2, 11-1-2011)

2.16.040 Appeals.

A. The board is empowered to hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by an administrative official in the enforcement of Title 20. In exercising these powers the board may, in conformity with the state act and this chapter, reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from and may make such order, requirement, decision or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

B. The following persons may appeal to the board a decision made by an administrative official that is not related to a specific application, address, or project:

1. A person aggrieved by a decision; or

2. Any officer or department of the city affected by the decision.

C. The following persons may appeal to the board a decision made by an administrative official that is related to a specific application, address, or project:

1. A person who filed the application that is the subject of the decision;

2. A person who is the owner, or representative of the owner, of the property that is the subject of the decision;

3. A person who is aggrieved by the decision and is the owner of real property within two hundred feet of the property that is the subject of the decision; or

4. Any officer or department of the city that is affected by the decision.

D. A person allowed to appeal to the board under this section must do the following in order to appeal a decision to the board:

1. The appellant must file with the board and the official from whom the appeal is taken a notice of appeal specifying the grounds for the appeal.

2. The appeal must be filed not later than the 20th day after the decision is made.

E. The board shall decide the appeal at the next meeting for which notice can be provided and not later than the 60th day after the date the appeal is filed. (Ord. 16888 § 2 (part), 2008)
(Ord. No. 18970, § 1, 9-3-2019)

2.16.050 Special exceptions.

The zoning board of adjustment, in specific cases, may, after notice and a public hearing, make special exceptions to the zoning code only as provided in Titles 2 and 20 of this Code. More than one special exception may be made for a lot so long as the total of the exceptions granted do not exceed the maximum exception which could have been obtained if all the requests for exceptions were combined into one request. The board shall not grant a special exception unless it makes, and records in its minutes, specific findings that:

1. The exceptions will be in harmony with the spirit and purposes of Titles 2 and 20, including the preservation of the essential character of the district in which the property is located;

2. The public convenience and welfare will be substantially served;

3. The use of neighboring property will not be substantially injured; and

4. Include any conditions and safeguards which the board deems appropriate, such as, but not limited to, site arrangement, landscaping and hours of operation.

The board may authorize the following special exceptions:

A. The special exceptions identified in this chapter and in the district regulations established in Title 20 of this Code.

B. Two or More Nonconforming Lots. Permit the modification of setback requirements as the board deems necessary to secure an appropriate development of a lot; provided, however, that:

1. The lot is in a legally recorded and developed subdivision of at least ten years;

2. There are two or more lots that do not conform to Title 20 located within the same block on the same side of the street or within the block directly across and abutting the street;

3. The modifications are in the same nature as the existing nonconforming lots and do not permit construction less conforming than the least conforming of the nonconforming lots; and

4. If the subject lot is located at the intersection of two streets (a corner lot), then nonconforming lots within the same block on the same side of either intersecting street or directly across and abutting either intersecting street, but not lots located diagonally from the subject lot, may be used in determining the nonconforming lot restrictions of this special exception.

C. Rear yard setback, single-family residence. Permit an extension of a single-family residential structure into the required rear yard setback, which shall be measured to the rear property line; provided, however, that:

1. The residence has been in existence with a valid certificate of occupancy for one continuous year;

2. The maximum square footage allowed shall not exceed the result of multiplying one-third of the average width of the lot by three-fifths of the required rear yard setback;

3. A minimum ten-foot rear yard setback shall be required;

4. The minimum side and side street yard setbacks shall not be reduced; and

5. Unless otherwise provided in this section, all remaining areas of the required rear yard shall be permanent open space.

D. Rear yard setback, duplex. Permit an extension of a duplex residential structure into the required rear yard setback which shall be measured to the rear property line; provided, however, that:

1. The duplex has been in existence with a valid certificate of occupancy for one continuous year;

2. The maximum square footage allowed to each unit of the duplex shall not exceed the result of multiplying one-sixth of the average width of the lot by three-fifths of the required rear yard setback; except that, subject to the approval of all owners, the total of all extensions that could be granted to each unit may be combined and granted to one unit provided that the total of all extensions granted for both units of the duplex shall not exceed the result of multiplying one-third the average lot width by three-fifths of the required rear yard setback;

3. A minimum ten-foot rear yard setback shall be required;

4. The minimum side and side street yard setbacks shall not be reduced;

5. The total floor area of all detached accessory structure(s) existing or later constructed on the site shall not exceed one hundred square feet per unit;

6. The extension shall not permit the creation of an additional dwelling unit; and,

7. Unless otherwise provided in this section, all remaining areas of the required rear yard shall be permanent open space.

E. Yard Requirements for Public Schools. Modify the yard requirement for public schools where the following conditions are met:

1. The applicant is a governmental body to whom the Legislature has delegated the Constitutional duty to "establish ... an efficient system of public free schools" and has conferred upon its trustees "exclusive power to manage and govern the public free schools of the district"; and

2. The proposed modification is for one or more of the following purposes:

a. To construct, remodel, revitalize, upgrade or add to existing school facilities in order to preserve a school campus in an existing neighborhood,

b. To make the best utilization of available school campus land for the academic and physical educational needs of students,

c. To conform with existing structures on the school campus,

d. To prevent or reduce the need for portable buildings on the school campus,

e. To prevent or reduce the need to transport students out of their neighborhood school due to the lack of sufficient facilities,

f. To avoid or reduce the need for the school district to condemn adjacent properties,

g. In all of the above cases, before granting a special exception, the board shall:

i. Obtain written verification from authorized representatives of the school district that the above required condition or conditions are met and that the granting of the special exception will not be detrimental to the health, safety or welfare of the students and personnel of the school. This verification is presumed to be valid as to the students and personnel, and

ii. Find that the granting of the special exception is not detrimental to the public health, safety or welfare of the general public, particularly the neighborhood in the vicinity of the school.

F. Side street yard setback. Modify district side street yard requirements where the following conditions are met:

1. The proposed modification does not exceed fifty percent of the required side street yard setback requirement;

2. The minimum front and rear yard setbacks shall not be reduced; and

3. The zoning board of adjustment has received the written approval, based on traffic safety considerations, of the traffic engineer.

G. Builder Error. Permit the encroachment of the principal building or structure into the required yard setbacks in all districts, caused by an error in construction; provided, however, that:

1. The permitted encroachment into any front yard setback shall not exceed ten percent of the required setback, or one foot whichever is greater;

2. The permitted encroachment into any side yard or side street yard setback shall not exceed ten percent of the required setback or one foot whichever is greater;

3. The permitted encroachment into any rear yard setback shall not exceed fifteen percent of the required setback or one foot whichever is greater;

4. The owner shall demonstrate through testimony or documentation that the error causing the encroachment was inadvertent and not intentional; and

5. The number of properties requesting encroachment permission under this section which involve the same builder, contractor, or owner shall not exceed three in any twelve-month period.

H. Lot size. Permit the construction of a single-family residence in a residential (R) district on a lot that does not meet the required minimum lot width, minimum lot depth, or minimum lot area; provided, however, that:

1. The lot is in a legally recorded and developed subdivision of at least ten years;

2. A minimum of one of the required amounts, lot width, lot depth or lot area, meets the required minimum amount;

3. The lot width, lot depth or lot area amounts which do not meet the required minimum amounts are not less than ninety percent of the respective required minimum amount;

4. The residential structure conforms to the yard setbacks of the zone in which it is located; and

5. The maximum number of lots for which this exception may be granted in any subdivision shall be five percent of the total number of lots in the subdivision or one lot, whichever is greater.

I. Authorize the reduction of off-street parking requirements; provided, however, that:

1. The owner shall demonstrate through testimony or documentation that the required number of off-street parking spaces cannot be reasonably accommodated on the property involved;

2. The zoning board of adjustment has received the written approval of the city traffic engineer who shall review the request to determine the impact on the surrounding properties. The city traffic engineer may request a parking study in order to determine the impact on the surrounding properties; and

3. The reduction authorized shall not modify the number of required off-street parking spaces by more than fifteen percent.

J. Carport over a driveway. Permit the encroachment into the required front yard setback for a lot in a residential (R) district beyond other allowed modifications for a carport covering a driveway; provided, however, that:

1. The residence has been in existence with a valid certificate of occupancy for one continuous year;

2. The zoning board of adjustment has received the written approval of the structural design from the building official;

3. The carport shall resemble the main residential structure in scale and character and shall be open on three sides.

4. The area of the carport shall not exceed one-fifth of the first-floor area under roof of the dwelling, with the first-floor area of the dwelling defined as the sum of the gross horizontal area,

exclusive of garages, atriums, stairwells, and open porches, measured from the exterior faces of the exterior walls; and, shall be measured as the area covered by the carport roof, to include overhangs;

5. Elevation drawings of the proposed structure shall be submitted;

6. For a duplex, the total of all extensions for either unit of the duplex shall not exceed two-thirds of the average width of that unit;

7. There is no other reasonable alternative to provide a carport in the front yard of the subject property without exceeding the encroachments allowed in Title 20 of this Code; and

8. Unless otherwise provided in this chapter, all remaining areas of the required front yard shall be permanent open space.

K. In existence fifteen years or more. Permit the encroachment into the required yard setbacks for structures; provided, however, that the applicant can prove the following conditions:

1. The encroachment into the required yard setback has been in existence for more than fifteen years;

2. Neither the applicant nor current property owner is responsible for the construction of the encroachment;

3. Neither the applicant nor the current property owner owned the property at the time the encroaching structure was constructed or built;

4. The encroachment, if into the required front yard setback, does not exceed fifty percent of the required front yard setback; and

5. The encroachment does not violate any other provision of the El Paso City Code.

L. Front yard setback. Permit an extension of a single-family residential structure into the required front yard setback, which shall be measured to the property line; provided, however, that:

1. The residential structure has been in existence with a valid certificate of occupancy for one continuous year;

2. The total length of all extensions granted shall not project into the required front yard setback a depth in excess of ten feet;

3. The total width of all extensions granted shall not exceed one-third of the average width of the site;

4. The minimum side and side street yard setbacks shall not be reduced;

5. A minimum of a ten-foot front setback from the property line shall be maintained;

6. If the proposed modification is for an enclosed garage, a minimum twenty-foot driveway shall be required; and

7. Unless otherwise provided in this section, all remaining areas of the required front yard shall be permanent open space. (Ord. 16888 § 2(part), 2008)

(Ord. No. 17288, §§ 2—8, 3-16-2010; Ord. No. 17398, § 1, 8-24-2010, eff. 9-1-2010; Ord. No. 17666, §§ 2—9, 11-1-2011; Ord. No. 18025, § 1, 6-4-2013; Ord. No. 18970, § 2, 9-3-2019)

2.16.060 Administration.

A. All applications to the board will be in writing on forms provided by the planning official and with documents as required and shall be accompanied by the fee as set by city council to help defray the cost of publication, the giving of notice, and general expense in connection with the application, except that no fee shall be required for a variance application that is related to a proposed SmartCode development. Before acceptance, all applications submitted shall be complete in all details.

B. The owners of property within three hundred feet of the subject property shall be provided written notice of the appeal or application for a special exception or variance ten days prior to the hearing of the board.

C. The board authorization is for twelve months unless otherwise directed by the board at the time the authorization is approved.

D. Extension of the time to apply for a building permit may be requested from the board during the one-year period. Extension of time may not be requested when demolition of non-permitted structure(s) is required. The request for an extension shall be acted upon by the board at the

regular meeting, but no notice and hearing shall be required. If a board authorization expires, a new application accompanied by a new fee is required, except that no fee shall be required for a variance application that is related to a proposed SmartCode development.

E. Applications for special exceptions may be granted, denied or granted with conditions by the board.

F. Reapplication. The board will not consider an appeal or application that is the same or very similar to one that has been denied, for a period of twelve months unless the board finds that a substantial change in conditions has occurred.

G. Revocation. The board of adjustment shall have authority to revoke a variance or special exception if it finds development and/or operation is not in accordance with the conditions under which a variance or special exception was permitted.

H. Appeals of board decisions. Appeals from the zoning board of adjustment lie directly to the district court. (Ord. 16888 § 2 (part), 2008)

Chapter 2.24

HISTORIC LANDMARK COMMISSION

Sections:

2.24.010 Creation, membership and terms.

2.24.015 Members not to hold other public offices.

2.24.020 Duties.

2.24.030 Meetings.

2.24.040 Historic preservation officer.

2.24.010 Creation, membership and terms.

A. There is created a commission to be known as the historic landmark commission, hereinafter referred to as the HLC. The HLC shall consist of nine members who are residents of the City of El Paso. The mayor and each representative shall appoint one member. Members may be removed with or without cause. Members shall serve without compensation.

B. A quorum of the HLC shall consist of a majority of the number of members currently appointed.

C. All members shall have demonstrated special interest, knowledge, and experience in the architectural, archeological, cultural, social, economic, ethnic or political history of El Paso, and shall include two architects. No one business or professional interest shall constitute a majority membership of the HLC. To the extent available in the community, professionals from the disciplines of architecture, engineering, construction, history (such as urban planning, American studies, American civilization, cultural geography, or cultural anthropology), architectural history, urban planning, archeology, or other disciplines related to historic preservation shall be given preference for appointment for any membership positions.

D. To the extent all HLC membership positions cannot be filled pursuant to subsection C of this section, members may include, but shall not be limited to, member representatives from the El Paso Association of Home Builders, El Paso Realtor's Association, the El Paso Preservation Alliance, a neighborhood association serving a historic district, and the El Paso Archeological Society. In addition, any civilian or military staff from Fort Bliss may also serve as members of the HLC.

E. Each member of the HLC shall be appointed for a term of two years, not to exceed two consecutive terms. Members shall elect a chair and a vice-chair from the voting membership and shall promptly fill a vacancy in either office.

F. Appointed members wishing to resign their appointed post shall give at least thirty days written notice to the person who appointed them, with a copy to the city historic preservation office stating the effective resignation date. (Ord. 16369 § 1 (part), 2006)

2.24.015 Members not to hold other public offices.

No member of the HLC, shall hold any other public office of honor, trust or profit in the government of the city or county during his term of office. (Ord. 16369 § 1 (part), 2006)

2.24.020 Duties.

A. The HLC shall perform all duties and functions as may be designated to it in the El Paso City Code.

B. The HLC shall thoroughly familiarize itself with buildings, interiors, structures, sites, districts, areas and lands within the city that may be eligible for designation as historic landmarks.

1. Initiate designations of local H-overlay properties and historic districts.

2. Create and recommend to city council for approval, guidelines for designated historic buildings, interiors accessible to the general public, structures, sites and districts to be used in determining the approval or denial of certificates of appropriateness and certificates of demolition or removal. The guidelines may address any alterations on historic landmarks in order to protect significant architectural, historical, archeological or cultural elements of the district by describing the architectural regulations for the exterior of building, in addition to existing zoning classification, height

and area limitations, and design regulations for those interiors specifically designated as historic interiors, to include the following factors when reviewing applications:

i. Acceptable materials for construction;

ii. Appropriate architectural character, scale and detail;

iii. Acceptable appurtenances to new and existing structures;

iv. Acceptable textures and ornamentation;

v. Acceptable landscape architectural features.

3. Nominate landmarks, H-overlay properties, and historic districts to the State Historic Preservation Officer (SHPO) for consideration to the National Register of Historic Places or to the Texas Antiquities Landmarks, and to review and comment on any national register nominations submitted to the HLC upon request of the mayor and city council.

C. Prepare a preservation plan, which shall be presented to the city plan commission for consideration and recommendation to the city council as a supplement to the plan for El Paso. The HLC shall review the preservation plan and the state of preservation of designated historic landmarks annually, include in the HLC minutes a report of such review, and take appropriate action on any amendments to the plan deemed necessary. Prior to presenting the preservation plan or any amendment thereto, to the plan commission, the HLC shall hold a public hearing on the preservation plan or the amendment thereto.

D. The HLC may perform the following functions including but not limited to:

1. Provide information and counseling to owners of designated historic landmarks;

2. The HLC shall rule on requested exceptions to the guidelines based upon the overall visual effects of the proposed exceptions;

3. Conduct surveys and maintain an inventory of historic, architectural, archeological and cultural landmarks located with the city; and

4. Approve work completed on a historic property, regardless of designation, which adheres to the administrative review design guidelines as approved by city council.

E. Assist the historic preservation office with supporting and promoting the historic preservation program, specifically including but not limited to the following:

1. Serving as the advocacy arm of the program to raise interest and awareness, highlight program successes, retain and expand programs, and promote new initiatives that are an essential part of a successful historic preservation program;

2. Identify funding mechanisms, public and private, that helps to sustain an effective and efficient program;

3. Recommend strategic conservation initiatives and investments that help to promote and sustain local preservation efforts;

4. Actively work to develop an institutional framework that encourages incentives and controls that:

a. Reflect local urban design concerns,

b. Planning processes that support urban design and historic preservation activities,

c. Methods for working with the private sector on its development proposals, and

d. Methods for conducting formal and informal public meetings so as to get information and feedback.

5. Work with community leaders and various agencies to broaden knowledge on the local development character to maintain an existing and new historic focus on landmarks within the fabric of the community;

6. Create opportunities to preserve and expand the community historic preservation program; and

7. Evaluate other community programs frequently to guide and serve as a model for growing the local program, and particularly to develop a funding plan necessary for execution of new initiatives. (Ord. 16369 § 1 (part), 2006)

2.24.030 Meetings.

A. The HLC shall meet at a regularly scheduled time when cases have been scheduled for discussion and action by the HLC, or on a schedule as determined by the HLC, with advance notice posted in accordance with the Texas Open Meetings Law. All meetings of the HLC shall be open to the public.

B. The HLC shall keep minutes of all its proceedings showing the vote of each member upon each question, or if absent or abstained from vote, indicating such fact. All records of the HLC shall be kept by the recording secretary of the HLC.

C. Meetings may be called upon request of the chair, or upon written request of a majority of currently appointed members. The HLC shall adopt rules and regulations for the government of their own proceedings, and to carry out the purposes for which such commission is created, not inconsistent with the Charter and ordinances of the city.

D. The historic preservation office shall designate an official who will act as secretary of the HLC and shall attend and keep the minutes of all meetings.

E. No member of the HLC shall vote or participate as a member in any matter that materially affects the financial interest of that member pursuant to the ethics ordinance of the El Paso City Code. Such member shall give notice and provide reasons for abstention from voting prior to the taking of a vote.

F. The HLC may appoint subcommittees to review applications submitted as well as issues relevant to the full body. Such subcommittees may meet as directed by the HLC. If directed by the HLC, subcommittees may perform, but shall not be limited to, the following functions:

1. Review applications and plans prior to the meeting of the HLC;

2. Prepare recommendations on each application to be presented to the HLC at their regularly scheduled meeting;

3. Make suggestions and recommendations, which may include sketches and general drawings to assist applicants; and

4. Make recommendations to the full body of the HLC on issues relevant to archeology, design, aesthetics, and any other issue within the jurisdiction of the HLC. (Ord. 16369 § 1 (part), 2006)

2.24.040 Historic preservation officer.

A. The city manager shall assign the city department(s) responsible for managing the historic preservation office of the city, and shall designate an official who shall serve as the historic preservation officer. The historic preservation officer, along with any other designated staff, shall serve as the official liaison to the HLC and shall be responsible for managing all activities of the historic preservation office.

B. The historic preservation officer shall be the local preservation officer with duties including, but not limited to:

1. Serve as the local preservation contact and/or liaison for the City of El Paso to the community, Texas Historical Commission, and the National Park Service;

2. Accept and process cases before the HLC;

3. Coordinate research efforts as requested by the HLC;

4. Actively seek grants to assist the historic preservation program;

5. Accept and process applications for the tax incentives program for historic properties;

6. Maintain and update the inventory of historic properties;

7. Maintain and update the database of cases processed before the HLC;

8. Act upon administrative review applications as specified in the administrative review design guidelines; and

9. Provide information and training, conduct workshops for the public related to the historic preservation program. (Ord. 16369 § 1 (part), 2006)

2.30.060 Powers.

A. The appeals officer is authorized to hear appeals from decisions issued by:

1. The building official in connection with administrative or enforcement of Chapter 18.02 (Building and Construction Administrative Code), Chapter 18.08 (Building Code), Chapter 18.10 (Residential Code), Chapter 18.12 (Mechanical Code), Chapter 18.16 (Electrical Code), Chapter 18.18 (Outdoor Lighting Code), Chapter 18.20 (Plumbing Code), Chapter 18.24 (Gas Code), Chapter 18.28 (Existing Building Code), and Chapter 18.46 (Landscaping), Chapter 5.32 (Public Swimming Pool Licenses), Chapter 5.90 (Security Alarm Systems) and Chapter 5.108 (Servicing Cesspools, Grease Traps and Septic Tanks) or such chapters that may succeed these chapters.

2. The fire official in connection with administration of Chapter 9.52 (Fire Protection Code);

3. The stormwater administrator in connection with administration or enforcement of Chapter 15.20 (Stormwater Management);

4. The floodplain administrator in connection with the administration of Chapter 18.60 (Flood Damage Prevention).

5. The city engineer regarding the issuance, denial, revocation or suspension of a permit issued under Chapter 18.44 (Grading), Chapter 13.08 (Excavation) or Section 13.04.010 (Sidewalk and Curb Permit).

B. An application for appeal shall be based on a claim that the intent of an identified code or the rules legally adopted hereunder have been incorrectly interpreted, the provisions of the code do not fully apply, or an equivalent method of protection or safety is proposed. The appeals officer is authorized to impose reasonable conditions or safeguards as necessary to ensure that the purpose and intent of this Code are satisfied. The

appeals officer consideration of an appeal pursuant to this section shall not be construed as a waiver of any other requirement of the code. The power of the appeals officer to interpret, determine applicability and equivalent measures under the code shall not be interpreted to allow the appeals officer to modify any fees required to be paid in accordance with the code.

C. The appeals officer may:

1. Make recommendations to the building official, the floodplain administrator, the stormwater administrator, and the fire official with respect to changes in the codes listed in Section 2.30.060 A.1. through 4.;

2. Make recommendations to the building official, the floodplain administrator, the stormwater administrator, and the fire official regarding the appropriateness of materials, methods, or equipment for use in the city; and

3. Recommend standards for safety of life and property, and workmanship for grading, stormwater management, flood prevention, fire prevention and residential and commercial construction in the city. (Ord. 16658 § 1, 2007; Ord. 16492 § 2 (part), 2006: Ord. 16040 § 1, 2005; Ord. 15962 § 1 (part), 2004: Ord. 15159 § 1 (part), 2002) (Ord. No. 17398, § 4, 8-24-2010, 9-1-2010; Ord. No. 17488, § 2, 1-18-2011; Ord. No. 019756, § 6, 7-22-2025)

2.30.070 Appeals.

A. The owner of a property, building, structure or service system, or duly authorized agent of such, may appeal a decision concerning any matter for which the appeals officer is authorized to hear appeals under Section 2.30.060, whenever any one of the following circumstances exists:

1. When the city official rejects or refuses to approve the design or method of construction proposed to be used in the construction or alteration of a building, structure or service system;

2. When the city official rejects the material proposed to be used in the construction or alteration of a building, structure or service system;

3. When the city official refuses to extend a permit when the applicable provision of the code allows an extension of the permit;

4. When the city official refuses to issue a permit or suspends a permit or revokes a permit; or

5. When the city official refuses to issue a license, suspends a license, or revokes a license.

B. Appeal procedures:

1. The appeal shall be filed in writing with the city clerk within thirty consecutive days from the date the appellant receives written notice from the city of the decision being appealed. If the thirty consecutive days ends on a legal holiday or a weekend, then the last time to file the appeal with the city clerk shall be 5:00 p.m. on the next city working day.

2. The appeal shall be signed by the owner of the property that is the subject of the decision being appealed, the applicant for a permit application that was denied or the permittee of a permit that has been suspended, revoked or that was not extended;

3. The established filing fee shall accompany the appeal.

4. The appeal shall specify the action by the city that is being appealed, attach a copy of the decision by the city that is being appealed and specify the reasons why the decision should be reversed.

C. In considering an appeal of a decision of a city official, the appeals officer shall have the same authority to decide the issue as the official making the decision being appealed.

D. The appeals officer is authorized to hear and grant appeals to utilize structures for a limited period of time that do not comply with the provision of an identified technical code. The procedures for appealing for such temporary exceptions are as follows:

1. An application for appeal shall be signed by the owner of the subject property:

2. Applications shall be accompanied by sufficient documentation confirming the validity of the proposed temporary structures, property lines, setbacks and off-street parking;

3. Application shall be accompanied by a plot plan drawn to scale indicating the location of proposed temporary structures, property lines, setbacks and off-street parking; and

4. Application shall be accompanied by drawings or other documentation describing the construction of the proposed temporary facility.

E. In considering an appeal, other than from Chapter 18.60 (Flood Damage Prevention), the appeals officer shall consider the following where appropriate:

1. The sufficiency of technical, architectural, engineering or fire prevention methods presented by the appellant offered in support of the request to interpret, determine applicability and equivalent measures under the applicable code;

2. That special conditions and circumstances exist which are unique to the site, building, structure or service system and are not applicable to others;

3. That the special conditions and circumstances do not result from the action or inaction of the applicant;

4. That granting the appeal requested does not confer on the applicant any special privilege that has been previously denied by the board appeals officer to other similarly situated sites, building structures or service systems;

5. That the appeal will make possible the reasonable use of the site, building, structure or service system; and

6. That granting an appeal will be in harmony with the general intent and purpose of the identified code and will not be detrimental to the public health, safety and welfare

F. In granting an appeal, the appeals officer may prescribe a reasonable time limit within which the action for which the appeal is required shall be commenced or completed or both. In addition, the appeals officer may prescribe reasonable conditions and safeguards in conformity with the intent of the code.

G. In reviewing an appeal under Chapter 18.60 (Flood Damage Prevention), the appeals officer shall follow the procedures as identified in Chapter 18.60.180. (Ord. 16492 § 2 (part), 2006: Ord. 15962 § 1 (part), 2004: Ord. 15159 § 1 (part), 2002) (Ord. No. 17488, § 3, 1-18-2011; Ord. No. 019756, § 7, 7-22-2025)

2.30.080 Procedures.

A. The appeal shall be heard within fifteen calendar days after the date the completed application for appeal is received.

B. The appeals officer shall reach a decision without unreasonable or unnecessary delay. A copy of the decision shall be delivered by certified mail or personal delivery to the applicant. The decision of the appeals officer shall be final and shall not be appealed to the city council but may be appealed to a court of competent jurisdiction. (Ord. 16492 § 2 (part), 2006: Ord. 15962 § 1 (part), 2004: Ord. 15159 § 1 (part), 2002)

A. The commission shall consist of:

1. Three members must meet any of the following criteria:

a. A registered architect with experiences in the construction of building and residential structures;

b. A licensed professional engineer with experience in the construction of commercial buildings;

c. A city registered residential or commercial contractor with residential experience in residential or commercial construction of buildings and residential structures.

2. The remaining six members shall be chosen on the basis of the following criteria:

a. Registered architect with experience in the construction of buildings and residential structures;

b. Mortgage loan banker or broker;

c. City registered residential or commercial contractor with experience in residential or commercial construction projects;

d. Licensed real estate broker;

e. Engaged in social or welfare work;

f. Structural engineer with experience in the construction of commercial buildings;

g. Certified public accountant; or

h. Real estate appraiser.

3. All members shall be chosen on the basis of their interest in community affairs and impartiality, fairness, and judicial temperament.

B. The appointment of all members will be for a two-year term, which term shall commence on November 1 of each year, with appointments from districts 2, 3, 4, and 7 and the mayor to begin in odd-numbered years, and districts 1, 5, 6 and 8 to begin in the even-numbered years. On November 1, 2020, all then current terms of the commission expire, and each city council representative shall make appropriate appointment. The first term thereafter for districts with terms beginning on odd numbered years will be for the on year. The first term thereafter for districts with terms beginning on odd numbered years will be for one year, however, all terms thereafter shall be for two years.

C. A commission member may be removed by city council in accordance with City Code Chapter 2.04, for cause on a written charge. Three or more unexcused absences in one year may be considered cause for purposes of removal. A public hearing on said removal must be held by city council if requested by the affected commission member.
(Ord. No. 19112, § 1, 10-27-2020)

2.38.040 Procedures of the commission.

A. The commission may adopt bylaws that are consistent with this chapter and that are ap-

proved by the city attorney. The bylaws shall be submitted to the city clerk and be available to the public upon request. Meetings of the commission will be scheduled on an annual basis at the first meeting of each calendar year, and special meetings may be held at the call of the chair, or in the chair's absence the vice-chair, or an acting chair designated by the chair, or as the commission may determine. All meetings of the commission are open to the public and held in accordance with the Texas Open Meetings Act.

B. The director or designee shall act as secretary to the commission. The secretary does not have a vote and shall not be counted in determining a quorum. The secretary shall cause the minutes of each meeting to be kept and filed with the city clerk. The secretary shall keep all evidence admitted or a description of the evidence in accordance with the duly adopted bylaws.
(Ord. No. 19112, § 1, 10-27-2020)

2.38.050 Quorum.

A. Five members constitute a quorum. Decisions of the commission are made by a concurring majority vote of the members present.

B. The commission shall elect a chair and a vice-chair.

C. A commission member must comply with Chapter 2.92 of the El Paso City Code and Chapter 171 of the Texas Local Government Code. In the event a member recuses himself from hearing a case, the commission shall proceed if a quorum is present without counting the recused member.

D. A commission member shall not, outside of a hearing held by the commission, discuss the merits of a case with any individual concerning any issue that is being heard by the commission.
(Ord. No. 19112, § 1, 10-27-2020)

2.38.060 Hearing procedures.

Chair or vice-chair shall administer oath for all parties to be providing testimony prior to hearing merits of any case.

A. The director will assign a staff member to represent the city at each hearing. The city bears the burden of proving its case by presenting evidence and testimony. The city is entitled to cross-examine any witness and provide rebuttal testimony.

B. Each interested party may represent themselves or may appoint a representative. Each interested party may have only one representative address the commission. Each interested party or his representative is entitled to cross-examine witnesses and present rebuttal evidence and testimony.

C. All persons giving testimony at a hearing must be sworn in by the chair, acting chair, who may administer oaths and compel the attendance of witnesses.

D. Dangerous structure hearings. If a party is advocating for repair, then that party bears the burden of proof to demonstrate the scope of any work that may be required to comply with Chapter 18.50 and the time it will take to reasonably perform the work.

E. Sign removal hearings. If a party is advocating that the sign was lawful when it was erected, then that party bears the burden of proof.

F. After a hearing the decision of the commission is final as to administrative remedies unless a rehearing is granted in compliance with Section 2.38.100.

G. Any owner, lienholder, or mortgagee of record who is aggrieved by a decision of the commission may appeal pursuant to Texas Local Government Code, Section 54.039.

H. Sign removal hearings in which a party is advocating the sign was lawful when erected may be appealed pursuant to Local Government Code, Section 216.014.
(Ord. No. 19112, § 1, 10-27-2020)

2.38.070 Powers and orders.

A. The commission may hear the following cases:

1. Dangerous structure hearings. A hearing in which the director seeks to have a structure deemed dangerous and is seeking an order requiring the owner to take any of the following: vaca-

tion of the structure and relocation of occupants, a reduction of the occupancy load, or the securing, repair, removal or demolition of the structure.

2. Secured structure hearings. A hearing requested after the building official has secured a structure pursuant to the procedures set forth in Chapter 18.42.

3. Appeal hearing. A request by an owner of a vacant building who has had a vacant building registration denied or revoked under Chapter 18.40.

4. Sign removal hearings. If an unpermitted or dangerous sign located in whole or in part on private property remains after the owner has been provided notice under Section 20.18.130 of this Code to remove the sign, then the building official may refer the case to the commission pursuant to Section 20.18.130

B. Orders. All orders of the commission must comply with the applicable state law.

1. Dangerous building hearings. Upon determining that the structure is dangerous the commission may:

a. Order the owner of the structure to reduce the occupancy load, cause the structure to be vacated and the occupants to be relocated, and/or cause the structure to be secured, repaired, removed or demolished;

b. Issue orders or directives to any peace officer of the state, including a sheriff or constable or the chief of police, to enforce and carry out the lawful orders or directives of the commission;

c. Order the accruing of a civil penalty not to exceed one thousand dollars per day, or ten dollars per day for a homestead, for violations of orders issued under this chapter, after the owner has actual notice of the order and takes acts in violation or fails to take actions to comply with the order; and

d. Order the city to reduce the occupancy load, cause the structure to be vacated and the occupants to be relocated, and/or cause the structure to be secured, removed or demolished, after the owner has failed to comply with commission orders within the allotted time.

2. Secured structure hearings.

a. To affirm the action taken by the building official;

b. To affirm the reasonableness of the expenses assessed against the real property;

c. To deem the building was not in violation of Chapter 18.50;

d. To deem that the building was occupied by persons with the right of possession.

3. Vacant building registration denial or revocation appeals.

a. To affirm the decision of the building official; or

b. To grant or reinstate a vacant building registration.

4. Sign removal.

a. Order the building official to cause the sign to be removed. The city shall store the sign for no more than ten days, after which time the city may dispose of the sign and assess the actual storage fees on the owner of the sign; or

b. Order that the sign is not in violation Title 18 of the El Paso City Code.

C. Dangerous building orders shall include the following, as applicable:

1. A statement as to whether the structure was found to be dangerous and if it can be made safe;

2. A clear and concise statement of the action the owner is required to take to comply with the order;

3. A definite period of time, in compliance with Local Government Code 214.001(h), (i), (j), and (k), in which the owners shall comply with the order;

4. A statement that failure to comply may result in the city taking the ordered action and seeking reimbursement from the owner and that the debt, if not satisfied, will become a lien against the real property;

5. A clear and concise statement setting forth the penalties issued by the commission for acting contrary to the order;

6. A statement that the interested parties have a right to appeal to the district court within thirty days as provided in this chapter;

7. A statement that any civil penalty or assessment imposed will accrue interest at a rate often percent a year from the date of the assessment until paid in full.

8. That the notice will be filed in the El Paso County real property records and any person acquiring interest in property after an order has been recorded is subject to the requirements of the order.

(Ord. No. 19112, § 1, 10-27-2020)

2.38.080 Failure to comply with commission order.

A. In addition to any civil penalties in the order, a person commits a misdemeanor offense if he fails to comply with a commission order that has become final.

B. It is a defense to prosecution under subsection A. of this section that the commission order has been appealed to the state district court and the case is pending or the commission order was not upheld on appeal.

C. After the time provided in the order has expired and the commission's order has not been appealed, then the city may take the ordered action after complying with the following:

1. The director shall cause the structure's condition to be assessed, so as to determine whether its condition remains substantially the same or has worsened from its condition at the time of the order, and shall document evidence of its condition in the file before providing notice.

2. Providing notice as described in Section 2.38.090 D.

3. Within the twenty-four hours before the city commences any work, the director shall again cause the structure's condition to be assessed, and document evidence of its condition for his file.

D. In the event that, pursuant to an assessment under this section, the director determines that the condition of the property is not substantially the same or worsened and appears to have been substantially and purposefully improved, the director will either request a rehearing and serve notice to the interested party to appear before the commission to show cause why the city should not cause the structure to be vacated, secured, removed or demolished, or take action to enforce the provisions of this Code and the order of the commission by pursuing all civil and criminal actions, and civil and injunctive remedies available to the city under state law, or by any other remedy or combinations of remedies available at law or equity, including in any court action, the collection of attorney's fees and costs, and maximum interest on liens and judgments as allowed by law.

(Ord. No. 19112, § 1, 10-27-2020)

2.38.090 Notice.

A. A diligent effort, as defined in Section 2.38.015, must be made to identify the owner of any real property or sign that is the subject of a hearing under this chapter.

B. Notification of hearing or rehearing must be provided to all interested parties at least ten days before the hearing and the notice must include:

1. The date, time, and place of the hearing;

2. An identification, which is not required to be a legal description, of the structure and the property on which it is located;

3. A description of the alleged violations of the El Paso City Code;

4. If a dangerous structure hearing, a statement that if any interested party wishes to advocate for repair, they bear the burden of demonstrating that repair is a reasonable option and must submit at or before the hearing proof of the scope of any work that may be required to bring the building into minimum compliance with Chapter 18.50 and the time it will take to reasonably perform the work;

5. A citation to this chapter;

6. If a dangerous structure hearing, that the notice is being filed in the El Paso County real

property records and that the notice binds any party that becomes an interested party subsequent to the day the notice is recorded.

C. Notification of commission order. Within ten days of an issued order the director or designee shall provide notification to each identified interested party and shall file a copy of the order with the city clerk.

D. Notice required: city to perform work.

1. The director or designee shall cause notification to the owners and prominently post the notice at the property five days prior to the date the city intends to complete the work. The notice must include:

a. An identification, which is not required to be a legal description, of the structure and the property on which it is located;

b. An identification of the commission order affecting the property and the actual order or an outline of findings;

c. A statement that the commission order has not been complied with; and

d. The date and time the city will begin performance of the work.

E. Publication requirements.

1. Notice of a dangerous structure hearing or rehearing must be published in a newspaper of general circulation and must include the same information listed in Section 2.38.090 B.1. through 6.

2. Within ten days of the issuance of a dangerous structure order, the order or an order in an abbreviated form must be published in a newspaper of general circulation. If an abbreviated order is published it must include the street address or legal description of the property, the date the hearing was conducted, a brief statement indicating the result of the hearing and instructions stating where a complete copy of the order may be obtained.

F. Recording requirements.

1. Notice of a dangerous structure hearing or rehearing shall be filed in the El Paso County real property records and that notice binds any party that becomes an interested party subsequent to the day the notice is recorded.

2. Upon receipt of the order, the city clerk shall cause a notice of a dangerous structure order shall be filed in the El Paso County real property records and that notice subjects any subsequent interested party to the requirements of the order. The provisions of this subsection must be included in each order.
(Ord. No. 19112, § 1, 10-27-2020)

2.38.100 Request for continuance.

An interested party may request to have a hearing rescheduled by submitting the request in writing to the commission submitted to the secretary at least twenty-four hours prior to the scheduled hearing. A hearing or rehearing may only be rescheduled if the requesting party did not receive notice ten days before the hearing or other good cause.
(Ord. No. 19112, § 1, 10-27-2020)

2.38.110 Request for modification of a commission order.

An owner of property that is subject to a commission order may request a rehearing in accordance with City Code Section 2.38.120. The owner must demonstrate good cause for the modification. Any modification of an order that extends the time in which the owner has to complete the work must comply with Local Government Code 214.001(h), (i), (j), and (k).
(Ord. No. 19112, § 1, 10-27-2020)

2.38.120 Request for rehearing.

A. The commission may grant one rehearing thirty days or more after the effective date of an order upon written request of the property owner or an interested party subject to the order submitted through the secretary. The requesting party must demonstrate that the rehearing is not for the purpose of delay.

B. The director or designee may, at any time, request a rehearing on any case as determined appropriate. The commission may grant or deny the request.

C. [The established rehearing fee must accompany a request for a rehearing, unless the director or designee of the city manager requests said rehearing. A person may make written] affirmation of an inability to pay the fee, and the commission shall waive the fee if it finds that payment will cause a financial hardship to the person requesting the rehearing.

D. A decision of the commission on the rehearing is final and may be appealed only to district court in accordance with Section 2.38.060 D.
(Ord. No. 19112, § 1, 10-27-2020)

2.38.130 Liens.

A. If the city incurs expenses to fulfill an order under this chapter the city may assess the expense and any ordered civil penalties against the owner and the real property. If the owner fails to satisfy the debt the city may place a lien against the real property the building was located on, pursuant to Texas Local Government Code Section 54.040 and Section 214.010(k), (m), and (o), unless it is a homestead.

B. The notice must contain the name and address of the owner if that information can be determined with diligent effort, a legal description of the real property on which the building was located, the amount of expenses incurred by the municipality, the balance due and that it accrues interest at a rate of ten percent a year from the assessment until paid in full.

C. The lien arises and attaches to the property at the time the notice of the lien is recorded in the El Paso real property records.

D. The lien will be superior to all judicial liens and inferior only to bona fide mortgage liens recorded prior to the filing of the notice of dangerous structure hearing.

E. The lien is extinguished when the amount is paid in full.

F. The city may also seek to reduce the civil penalty to judgment.
(Ord. No. 19112, § 1, 10-27-2020)

Fees for membership and admission to classes, facility, object and exhibit rentals at the El Paso Museum of Art, El Paso Museum of History and the El Paso Museum of Archaeology, and for programs provided by the museums and cultural affairs department shall be in the amounts set forth in the budget resolution of the city council or established by the director of the museums and cultural affairs department or his designee, subject to the guidelines and requirements set forth in this chapter. For purposes of this section, persons age sixty or over qualify for any senior citizen rate. Persons with a valid student identification qualify for any student rate. Persons with a valid military identification card or military family identifica-

tion card qualify for any military rate. Persons with a valid City of El Paso employee identification card qualify for any employee rate.

1. Admission fees. There shall be no fee charged for regular admission at the El Paso Museum of Art, El Paso Museum of History or the El Paso Museum of Archaeology; provided, however, that a charge may be imposed for a ticket to a special exhibit within the museum facilities in the amount set forth in the annual budget resolution or other appropriate resolution of the city council, or when a specific amount is not established by resolution, in an amount established by the director, in conjunction with the director of the office of management and budget or his designee, as calculated to recover the exhibit costs. Such charges may be reduced or waived for groups or for specific days as designated by the director in accordance with the policies that have been approved by resolution of the city council or when determined appropriate to promote increased attendance, to honor groups of importance to the city, or to create good will in the community.

2. Membership fees. The department shall administer the membership program for membership to the El Paso Museum of Art, El Paso Museum of History and El Paso Museum of Archaeology in accordance with the policies and procedures established by the director, which may include incentives for members. Membership fees will be in an amount set forth in the annual budget resolution or other appropriate resolution of the city council.

3. Facility rental. The department shall administer facility rentals at the El Paso Museum of Art, El Paso Museum of History and the El Paso Museum of Archaeology in accordance with the policies that have been approved by resolution of the city council. Facility rentals may also include rental of museum equipment to include chairs, tables, podiums, sound system, slide projectors, electronic media projector, TV/VCR/DVD players, and the like. Facility rental fees and equipment rental fees will be in an amount set forth in the annual budget resolution or other appropriate resolution of the city council.

4. Facility use. The director may, in accordance with the policies and procedures approved by resolution of the city council, utilize the grounds and facilities of the various museums as appropriate within the mission of the department, to produce and present civic arts, culture, historical and heritage events, fairs and activities. Such policy may include authorization and guidelines for the selection of persons and organizations to conduct displays and vending of such types and purposes as will further the purpose and enjoyment of the event, fair, or activity by the public, and may include criteria by which the director would be authorized to approve the sale or service of alcoholic beverages in conformity with the Texas Alcoholic Beverages Code. The fees for such uses shall be as set forth within the annual budget resolution or other appropriate resolution of the city council.

5. Curatorial fees. The department shall administer loans of art, artifacts and one time use of copyright in accordance with all applicable laws and the collection, care and management policy approved by resolution of the city council. The loan fees and copyright fee shall be determined in accordance with the collection, care and management policy that has been approved by resolution of the city council and shall be in the amount or within the parameters as set forth in the annual budget resolution or other appropriate resolution of the city council. The director, in conjunction with the director of the office of management and budget or his designee, shall establish a specific fee within a range of parameters for a fee, so as to recover the city's costs of administration or use.

6. Class fees. The department is authorized to create and schedule classes available to the public through the El Paso Museum of Art, the El Paso Museum of History, El Paso Museum of Archaeology, and through the department. Such classes shall serve or further the purpose and mission of the department. The fee for such classes set forth in the annual budget resolution shall be in the amount listed therein or within the parameters of the amounts listed therein. When the fee has

been authorized within a range of parameters, the director, in conjunction with the director of the office of management and budget or his designee, shall establish the exact fee to be charged in an amount calculated to recover the cost of the class. The director is authorized to develop additional classes throughout each fiscal year and charge a fee for such classes in an amount calculated by the director, in conjunction with the director of the office of management and budget or his designee, to recover the cost of the class.

2.40.070 Art in municipal places.

A. Purpose—The intent of this section is to promote and encourage private and public programs to further the development and public awareness of, and interest in, the fine arts and cultural properties, to increase employment opportunities in the arts, to encourage the integration of art into the architecture of municipal structures for the city, and to provide for the citizens of the city high quality, publicly accessible works of art, which contribute to the urban landscape and symbolize the city's sense of place.

B. For this section, the following definitions apply:

1. "Acquisition" means the acquiring of works of art by purchase, exchange, or gift.

2. "Capital improvements program" means all projects financed by general obligation bonds and revenue bonds, and certificates of obligation, except for capital acquisitions and the Plaza Theatre Project.

3. "Project" means any construction activity undertaken pursuant to the capital improvements program.

4. "Commission" means the selections and contracting of an artist or artist team to the task of creating a work of art for a fee.

5. "Museums and cultural affairs advisory board" means the board established by resolution by city council.

6. "Public art committee" (PAC) means a subcommittee of the museums and cultural affairs advisory board appointed to oversee quality control of the public art program and projects and to recommend the scope of projects, artworks, and artists for the public art program.

7. "Public art program" means the process for administration, selection, approval, funding, acquisition, or commissioning of public works of art under this section.

8. "Public art plan" means an annual prioritized list, to be recommended by the museums and cultural affairs advisory board and approved by the city council, of public art projects, including budgets, location, artist selection process and recommended design approaches, developed by the PAC in consultation with city departments anticipating capital improvement projects.

9. "Work of art" means any public art project that is a work of visual art, including but not limited to, a drawing, painting, mural, fresco, sculp-

ture, mosaic, photograph, work of calligraphy, work of graphic art (including an etching), works in clay, textile, fiber, wood, metal, plastic, glass, stone, concrete, and like materials, or mixed media (including a collage, assemblage, or any combination of the foregoing art media). For projects that involve no structure, a work of art may include a combination of landscaping and landscape design (including some natural and manufactured materials such as rocks, fountains, reflecting pools, sculpture, screen, benches, and other types of streetscapes. A work of art may include an artist participating in master planning, conceptual development, design development, construction drawings, or construction oversight for any municipal project. Except as provided herein, the term "work of art" excludes the performing arts of dance, music, theatre, or the literary arts, unless expressed in or combined with a work of visual art or design.

C. Funding of the public art program:

1. Projects in the capital improvements program shall include an amount for works of art equal to two percent of the total funding available for the project whether funded by general obligation bonds, revenue bonds or certificates of obligation, but shall not include capital acquisitions or the Plaza Theatre Project; provided, however, that if the bond election ordinance, the bond ordinance authorizing revenue bonds, other appropriate laws or regulations, or an official interpretation by the State Attorney General regarding allowable uses for funds which it is providing for the project precludes art as an expenditure of funds, the amount of funds so restricted shall be excluded from the total funding available in calculating the amount to be committed to works of art.

2. In order to ensure that works of art have sufficient public visibility and impact, funds generated from the various capital improvements program projects, if allowed by law, may be pooled or aggregated together and utilized for one or more large works of art as recommend by the museums and cultural affairs advisory board and PAC and upon approval by city council.

3. Funds generated as described in Section C.1 above shall be budgeted as part of the capital improvements program budget. Additional private or public contributions for works of art may be added to these funds and shall be budgeted in a similar manner. Such contributions may be earmarked for particular projects. A fund or funds will be established within the museums and cultural affairs department (MCAD) for public art program funds to be administered by the director of the MCAD.

4. No more than fifteen percent of the total amount for works of art may be expended for the administrative costs of the public art program. Examples of administrative costs shall include, but not be limited to, direct administrative costs of conducting a competition or search for a work of art, education and marketing efforts, and of employing consultants for planning and research and project management.

D. Public art plan: The museums and cultural affairs advisory board shall submit an annual public art plan to the city council for approval. The public art plan shall include new projects to be initiated in the following fiscal year, and shall describe the planned location, proposed budget, timetable and artist selection process for each project; as well as updates on public art projects in progress.

E. An artist or artist team will be contracted for the commissioning or purchase of art. Progress payments may be made to the artist for works of art that have been recommended by the museums and cultural affairs advisory board and approved by the city manager and/or council. Such payments may reimburse the artist for the cost of materials. The city, through MCAD, may negotiate a final payment to the artist or artist team that will be withheld until completion of the work and accession into the city's public art collection. The final payment shall be no less than fifteen percent. If feasible, and if the law allows, the city, through MCAD, may negotiate a payment of up to twenty percent of the total project cost to the artist once the contract is signed for the purchase of material, design work, or labor.

F. Nothing contained herein shall preclude funding the acquisition of art for municipal property in other ways.

2.40.100 Artist market.

A. Definitions. As used in Section 2.40.100, the following terms shall have the following meanings:

1. "Artist market" means the sale of locally made, home crafted or hand assembled arts and crafts, which have been home crafted or hand-assembled or produced by the seller or members of the seller's household, including leather goods; drawings, paintings and prints; photographs; woodwork; metalcraft; ceramics and pottery; weaving and yarn work; macramé; needlework; beadwork; sculpture; jewelry; stitchery and sewing; clothing and accessories; glasswork; natural fiber crafts and basketry; live street music performers without amplification, more specifically defined in Artist Market Policies and Procedures (hereinafter "policies and procedures") authorized to be developed by the museums and cultural affairs department.

2. "Union Plaza Area" means the area bounded by the northern boundary of San Francisco Street, the Eastern boundary of Durango Street, the Southern Boundary of San Antonio Street and the Westerly boundary of Anthony Street.

3. "Artist market manager" means the city manager or designee appointed to administer the city's policies and procedures relevant to the organization, administration and management of the artist market and events related thereto.

4. "Homemade or hand assembled" means an item that has two or more distinctive parts, combined and permanently attached by intent, labor, creativity and skill to produce a more attractive or valuable product, which were made by the vendor.

5. "Region" means within one hundred miles of the Union Plaza Area.

6. "Vendor" means resident of the region who displays and sells homemade or hand assembled goods at the artist market and those who are members of the same household. A vendor shall not have a storefront or sell his or her artwork from a store, with the exception of vendor applicants who have a storefront in the Union Plaza Area. A vendor must be eighteen years old or older.

B. Authorization. The city manager or a designee is hereby authorized to create an outdoor artist market permitting vendors to sell handmade or hand assembled merchandise. The artist market will take place in the Union Plaza Area on any Saturday during the year as scheduled by the artist market manager, and each event may run from 5:00 a.m. until 2:00 p.m., which includes time for set-up, event open to members of the public for purchase of merchandise and tear down. The city manager or a designee is hereby authorized to establish artist market procedures (the "procedures") for its operation in compliance with this chapter.

C. Vendor permit.

1. The artist market manager may issue a permit authorizing a person to be a vendor at the

artist market. Such permit shall contain the vendor's name and the type of handmade or hand assembled merchandise that is authorized for sale at the artist market.

2. Vendor spaces at the artist market will be available on a first come, first served basis at each scheduled event. The fee for weekly use of vendor spaces shall be in the amount set forth in the budget resolution of the city council or another resolution of the city council. A vendor must purchase no less than four weekly vendor space uses at a time.

3. The city manager or a designee and is hereby authorized to approve, deny, revoke or suspend such permit. Grounds to deny, revoke or suspend a permit are as follows:

(a) A violation of this chapter; or

(b) A public offence or disturbance that causes disruption to the operation of the artist market.

4. Decision review.

(a) Intent of review - The applicant must submit a written request for review letter to the artist market manager within twenty-one business days from the date of the denial, revocation or suspension. This correspondence must be addressed to the artist market manager, and must include specific information identifying the applicant, the type of handmade or hand assembled craft for which a vendor permit is being applied for, and a brief description on the basis of which an review is being sought (e.g., administrative error, conflict of interest, presentation of misinformation, etc.).

(b) Conference - Following the receipt and review of the request for review letter, the director of MCAD ("director") will then schedule a conference with the appellant to review and discuss the denial, revocation or suspension of the vendor permit, and to allow the applicant to express his or her reasons for requesting review of the decision. Based on the findings of this conference, a response document will be developed by the director or a designee identifying the findings, and will be provided to the applicant within ten business days.

(c) Conclusion - If the director finds grounds for review and reconsideration, the permit application will be re-evaluated by the city manager or designee with consideration of the findings of the conference.

D. Use of Union Plaza and Streets.

1. The museums and cultural affairs department (the "department") is authorized to use the Union Plaza to conduct the artist market only during the days and hours as set forth in the policies and procedures established by the city manager or a designee.

2. Use of the public rights-of-way must be in compliance with Sections 12.30.030 D., 13.20.040 C.4. and 15.08.120 G. of this Code. The department shall be exempt from the permitting requirement, however shall notify the El Paso Department of Transportation ("EPDOT") on a quarterly basis of dates, times, and shall provide a master traffic control plan approved by the city traffic engineer for all planned artist market events. The department shall notify EPDOT of any changes within thirty days of the changed event.

3. The department is hereby authorized to temporarily close the public right-of-way in the Union Plaza Area for the purpose of any artist market scheduled in accordance with this chapter during the days and times specified in this chapter.

E. Proof of tax eligibility. All vendors must provide proof of gross receipts tax collection capabilities when conducting business at the artist market, which must either be a state sales tax permit or an exemption certificate. Proof shall be provided to the city manager or a designee. All vendors shall abide by all federal and state laws regarding taxation and immigration.

F. Vendor requirements.

1. Vendors must permit the artist market manager or a designee to inspect the homemade or hand assembled artwork to verify authenticity at the vendors studio or location where the artwork is made as well at the artist market.

2. A vendor must not display, offer for sale, or sell any merchandise in the artists market without a permit issued pursuant to this chapter and the policies and procedures.

3. All vendors must sell only merchandise authorized and approved under the policies and as the vendor's individual permit allows. Vendor must display his or her permit at all times when displaying or offering merchandise at the artist market.

4. A vendor must pay the permit fee established by resolution of the city council before using or occupying space at the artist market, unless exempt under this chapter.

5. Vendor permits will not be issued for items made in any medium which are commonly used, or intended to be used for the consumption of illegal drugs, to include but not be limited to pipes, bongs and other paraphernalia. These items are prohibited from the artist market.

6. Vehicles.

(a) All vehicles shall be removed from the Union Plaza area fifteen minutes prior to the start of the artist market. All vehicles are prohibited from driving on the sidewalks in Union Plaza during the artist market, with the exception of city and emergency vehicles, vehicles authorized by the department under the procedures, and artist market vehicles used to load and unload merchandise and equipment during specified times as designated in the procedures.

(b) The active use of bicycles, skateboards, roller blades, and roller skates are prohibited in the Union Plaza area during artist market hours with the exception of such items used by law enforcement personnel or pedicabs licensed under Chapter 6.34 of this Code.

(c) No person shall cause an obstruction of the entrances of businesses adjacent to artist market.

7. Vendors must remove all equipment, supplies, and trash from the vendor space and leave the vendor space in the same condition that it was in upon vendor's arrival.

8. Vendors may not display or sell obscene items as defined in the Texas Penal Code Chapter 43.

9. It is unlawful for any person to do any act forbidden, or fail to perform any act required in subsection F.6.

G. Specially reserved vendor spaces.

1. Two vendor spaces in the artist market are reserved for use by a licensee who is 60 years of age or older or physically disabled.

2. A person may not claim use of or occupy a space reserved under this section unless the person is licensed under this chapter and meets the above requirements and follows the procedures established pursuant to this chapter.

3. A person obtaining a permit under this section G. is exempt from the permit fee established if the person provides proof that he is sixty years of age or older or certification of disability in accordance with the procedures established pursuant to this chapter.

A. The municipal court established by the City Charter shall be styled the El Paso Municipal Court of Record No. 1.

B. There are created under the authority of V.T.C.A., Government Code ch. 30, and successor statutes, four additional municipal courts which shall be styled respectively: the El Paso Municipal Court of Record No. 2; the El Paso Municipal Court of Record No. 3; the El Paso Municipal Court of Record No. 4; and the El Paso Municipal Court of Record No. 5. The presiding judge's court may include sub-courts under the direction and supervision of the presiding judge. Such sub-courts shall be presided over by one or more substitute associate judges appointed by city council and may include: the El Paso Arraignment Court, a day or night magistrate court, and a temporary court for no longer than one year, established with approval of city council by resolution to provide efficient adjudication of a large number of pending cases caused by unforeseen circumstances.

C. The municipal courts of the city are established as courts of record in accordance with the terms and provisions, powers, duties and limitations as set forth in Chapter 30, Government Code, and successor statutes.

D. Each municipal court shall be presided over by a municipal judge or, if a municipal judge is unavailable, one or more substitute associate judges.

E. The city manager shall appoint a municipal court clerk to serve as the clerk of the municipal courts of record who shall perform the duties and manage the administrative operations of the municipal courts in accordance with state law, the City Charter and city ordinances. Deputy clerks may be appointed by the city manager or designee as deemed necessary for the proper and efficient operation of the courts. The municipal court clerk shall provide all support services and personnel required for the judicial operations of the court. The municipal court clerk shall have custody of all papers, books and documents belonging and pertaining to the court, shall receive, prepare and file all complaints and docket each case, and shall discharge the duties attendant upon that position as prescribed by applicable state law and by the city council. (Ord. 15183 § 1, 2002: Ord. 14172 § 1, 1999: prior code § 7-1)
(Ord. No. 18704, § 1, 6-27-2017; Ord. No. 19199, §§ 1, 2, 6-8-2021)

2.44.020 Court of appeals.

A. The El Paso Municipal Court of Appeals is established in accordance with the terms and provisions, powers, duties and limitations as set forth in Chapter 30, Government Code, and successor statutes.

B. The El Paso Municipal Court of Appeals shall be presided over by an appellate judge who shall be selected in accordance with the terms and provisions, powers, duties and limitations as set forth in Chapter 30, Government Code, and successor statutes.

C. In accordance with Chapter 30, Government Code, and successor statutes, and in addition to other duties associated with the position, the

city clerk shall serve as the appellate court clerk. (Ord. 14172 § 2, 1999: prior code § 7-2)
(Ord. No. 18704, § 2, 6-27-2017)

2.44.030 Judges.

A. In addition to the qualifications prescribed in the City Charter, the presiding municipal judge shall be a licensed attorney at law who has practiced law in Texas at least five years prior to his or her election by a majority of the municipal judges.

B. The term of office for the elected judges shall be as provided in the City Charter.

C. The city council will appoint one or more substitute associate municipal judge to four-year terms, on full-time or part-time basis as necessary based on the advice of the city manager through the municipal court clerk, to sit, under the discretion and supervision of the presiding judge, for the regular judge of any municipal court when such regular judge is temporarily unable to act for any reason, or for any sub-court described in Section 2.44.010B. Each substitute associate municipal judge shall possess the same qualifications required of the regular municipal judges and shall have all the powers and duties of the judge for whom such substitute associate municipal judge is sitting while so acting.

D. The term of office for the substitute associate municipal judges is four years. The term of office for any substitute associate municipal judge appointed by the council for a term beginning in June 2003, and who was automatically reappointed in 2005 by operation of law, shall expire in June 2007. Thereafter, appointments to the positions with terms expiring in June 2007 shall be for four-year terms. The term of office for substitute associate municipal judges appointed by the council for a term beginning in June 2005 shall be for four years.

E. When a vacancy arises in a position of municipal court judge or substitute associate municipal court judge, or new appointments of judges are necessary, the following selection process will be utilized.

1. The municipal court clerk will notify the city manager, mayor, and members of the city council of the vacancy or need for the council to make appointments.

2. The human resources department will post a public notice in the same manner as city council agendas are posted, announcing the acceptance of resumes of interested candidates requesting to be considered in the selection process and will set a deadline for candidates to submit those resumes to the human resources department.

3. The human resources department will ensure all candidates qualify for the position posted.

4. The municipal court clerk will forward the names and resumes of the candidates to the city manager, mayor, and members of the city council no later than ten days after the deadline set for the submission of resumes.

5. The municipal court clerk will place an appropriate item on the city council agenda to enable the city council to interview qualified candidates and make the appropriate appointments.

F. Any substitute associate municipal judge appointed pursuant to subsection C of this section may be assigned to serve as arraignment judge, magistrate, or over a temporary court established under Section 2.44.010B. under the supervision of the presiding municipal judge. The duties of magistrate shall be those prescribed by the laws of the state, particularly the Code of Criminal Procedure, at the discretion of the presiding judge.

G. A vacancy in the office of elected judge is filled by appointment by the city council and the person appointed serves until the next regular municipal election, at which time his successor shall be elected. An appointee may succeed himself or herself.

H. A vacancy in the office of substitute associate judge is filled by appointment by the city council and the person appointed serves the re-

mainder of the expired term. (Ord. 16274 § 1, 2006: Ord. 14172 § 3, 1999: Ord. 12403, 1995: prior code § 7-3)
(Ord. No. 19199, §§ 3—5, 6-8-2021; Ord. No. 019590, § 1, 2-13-2024)

2.44.040 Practice and procedure.

A. The following practice and procedure is established for the municipal courts of record of the city:

1. In lieu of a physical arrest, or as otherwise provided by law, every police officer or other employee of the city who is charged with the responsibility of enforcement of any law or ordinance within the jurisdiction of the municipal courts of the city may issue a citation or notice of violation for any state law violation punishable only by fine, as defined in V.T.C.A., Code of Criminal Procedure art. 4.14(c), or for any violation of a municipal ordinance, regulation or rule.

2. Such citation or notice of violation shall contain all information required by the relevant federal, state or local law.

3. Every person, other than a person under the age established by state law as a juvenile, issued a citation may, in lieu of appearing at a hearing on the arraignment date set forth on the citation, make payment to the municipal court. Payment must be made in accordance with the procedures set forth in Section 2.44.060 of this Code.

4. Failure of any person cited in accordance with the provisions of this section to make arrangements for payment or to appear at the assigned arraignment date or a court hearing before the municipal courts of the city as herein required shall result in the immediate issuance of a capias as provided in V.T.C.A., Code of Criminal Procedure art. 23.04, or summons directed to the individual cited.

B. The procedure provided for in subsection A of this section is not authorized in any of the following circumstances:

1. When the person to be arrested demands an immediate appearance before a magistrate.

2. When the person to be arrested fails or refuses to give satisfactory identification or furnish the other information required of him in subsection (A)(2) of this section.

3. When the person to be arrested is intoxicated to a degree where he is unable to care for himself.

C. Nothing contained in this section shall make the issuance of a citation mandatory for offenses in violation of any law or ordinance within the jurisdiction of the municipal courts of the city, it being the sole intent of this section to provide an alternate method for procedures to be initiated before the municipal courts of the city.

D. The municipal court clerk shall supervise the selection of persons for jury service.

E. The records of the El Paso municipal courts and the El Paso municipal court of appeals shall be maintained separately in accordance with the provisions of Chapter 30 of the Texas Government Code. All documents required by state law to be filed with or mailed to the El Paso municipal courts or the clerk of the municipal court shall be filed with or mailed to the office of the municipal court clerk located with the El Paso municipal courts. All documents or appellate court decisions required by state law to be filed with the El Paso municipal court of appeals or the appellate court clerk shall be filed with the office of the city clerk located in city hall. (Ord. 15183 § 2, 2002: Ord. 14862 § 1, 2001: Ord. 14172 § 4, 1999: Ord. 11048 § 1, 1992; prior code § 7-4)
(Ord. No. 19199, § 6, 6-8-2021)

2.44.050 Summons and citations—Unlawful disposition designated.

It is unlawful for any police officer or any other employee of the city to take up, destroy, excuse, cancel, or, in any way, revoke or impair the operation of any traffic ticket, citation or notice issued by a peace officer of the city to any violator or alleged violator of traffic regulation, or any other process, summons, citation, ticket or other paper issued by the police force in connection with any criminal case, within the jurisdiction of the

municipal court of the city, whether at the solicitation of any city official or other person whomsoever, and it is unlawful for any city official or employee, or any other person, to solicit of any police officer or other city employee or official the dismissal, cancellation, taking up or other disposition of any such ticket, citation, notice, summons, or process issued by a member of the police force of the city, in any manner within the jurisdiction of the municipal court of the city. Nothing herein contained shall be construed to prevent the making of any proper motion or request addressed to the municipal court. (Prior code § 7-5)

2.44.060 Summons and citations—Fee schedule—Payments.

A. The judges of the municipal courts may from time to time establish a schedule of amounts of money which may be paid at the by persons who have been issued traffic tickets or class "C" citations or notice of violation for violations of any offense, within the jurisdiction of the municipal court. The schedule shall be uniform for all the municipal courts. If the judges do not all agree on the schedule, the agreement of a majority will be sufficient; and if no majority agreement is reached the matter may be determined by the presiding judge. The amount fixed in the schedule for each class of offense, or subdivision under a class, shall not be more than the largest fine which could be imposed therefor.

B. Payment at the according to such schedule may be made (either in person, on-line, mail, phone, or electronically) by the person charged, or by an attorney at law authorized to represent him, or by any other person if such other person files with written authority therefore from the person charged.

C. Within ten days after such payment is made the person charged may request the clerk or his deputy for a hearing on the case, and the clerk shall then put the case in the trial queue to await the setting of a trial date.

D. If the person charged does not request a hearing within ten days the clerk shall report the case to the presiding judge, who may (either by separate written instrument or by endorsement of a list of cases in which trial has not been requested within ten days) accept the amount paid; and such acceptance shall constitute a finding of guilty in open court as though a plea of nolo contendere had been entered by the defendant; provided, the judge may on his own motion refuse to accept the amount paid, and he shall then order the case set down for trial; and the judge shall refuse to accept the amount and shall order the case set down for trial if the prosecuting attorney so requests.

E. If the judge accepts the amount paid as herein set forth, such payment shall not thereafter be refunded, and the person charged shall be relieved of any duty thereafter to appear for trial on such violation.

F. The municipal court may accept payment agreements for amounts owed under this section.

G. The person charged shall not have the privilege of making the payment as set forth herein, and the municipal court shall not receive the payment, if in the particular case a judge or a prosecuting attorney has instructed the court that such case will be tried and that the person charged is not to be released without making bail in one of the ways provided by law.

H. In lieu of making a payment fixed by the schedule herein set forth, the person charged shall have the right, if the person requests to ask for a court setting or giving bail as in other cases.

I. No judge of the municipal court shall dismiss any case (whether a traffic violation or other charge) except at a trial in open court or upon motion of a prosecuting attorney. (Prior code § 7-6) (Ord. No. 19199, § 7, 6-8-2021)

2.44.070 Summons and citations—Authority to receive and approve bonds.

In all cases arising out of any alleged violation of the laws of the city or the state within the jurisdiction of the municipal courts of the city, the clerk of the municipal court shall have concurrent authority to receive and approve bonds in amounts

to be fixed by a judge of the municipal court. (Ord. 14172 § 5, 1999: prior code 7-7)

2.44.080 Special expense fee.

In accordance with V.T.C.A., Code of Criminal Procedure, art. 45.203, each municipal court judge may, as a result of the issuance and service of a warrant of arrest for an offense under V.T.C.A., Penal Code, § 38.10, or V.T.C.A., Transportation Code, § 543.009, impose a fee upon the subject of said warrant in the amount allowed by law, provided that a written notice of the warrant was sent to the subject at the address provided by the subject at the time of the issuance of the citation or other address provided by the subject to the court, whichever was provided later, and the subject failed to respond to the notice or contact the court. (Ord. 14172 § 6, 1999: Ord. 8507, 1985: Ord. 8146, 1984: prior code § 7-8)
(Ord. No. 19199, § 8, 6-8-2021)

2.44.090 Court costs.

A defendant convicted of an offense taking place on or after September 1, 1995, shall pay a three dollar security fee as a court cost to the El Paso Municipal Courts of Record for the "municipal court security fund." The proceeds from this fund shall be used to provide security for the building housing the El Paso Municipal Courts of Record, in accordance Article 102.017(d), Texas Code of Criminal Procedure.

A defendant convicted of an offense taking place on or after September 1, 1999 shall pay a four dollar technology fund fee as a court cost to the El Paso Municipal Courts of Record for the "municipal court technology fund." The proceeds from this fund shall be used to finance the purchases and the maintenance of technological enhancements for the municipal courts in accordance with Article 102.0172, Texas Code of Criminal Procedure. (Ord. 15664 § 1, 2004; Ord. 14172 § 7, 1999: Ord. 12500, 1995: Ord. 10678, 1991)

2.44.100 Juror reimbursement.

A. Each municipal court jury panel member present for service at voir dire examination and not ultimately selected for jury membership is entitled to receive, as reimbursement for travel and other expenses, and amount of six dollars for each day or fraction of each day served.

B. Each municipal court jury panel member selected and seated as a jury member is entitled to receive, as reimbursement for travel and other expenses, an amount of forty dollars for each day or fraction of each day served. (Ord. 15405 § 1, 2003)

2.48.090 Limitations.

* Prior history: Prior code §§ 6A-1 through 6A-9.

2.48.010 Organization.

A. There exists the office of emergency management director of the city, which shall be held by the mayor in accordance with state law.

B. The emergency management coordinator shall be the current director of emergency preparedness, and such employee shall remain a classified employee of the city.

C. The director shall be responsible for a program of comprehensive emergency management within the city and for carrying out the duties and responsibilities set forth in this chapter. He/she may delegate authority for execution of these duties to the coordinator, but ultimate responsibility for such execution shall remain with the director.

D. The operational emergency management organization of the city shall consist of the officers and employees of the city so designated by the director in the emergency management plan, as well as organized volunteer groups. The functions and duties of this organization shall be distributed among such officers and employees in accordance with the terms of the emergency management plan. (Ord. 9039 § 1, 1987)

2.48.020 Emergency management director—Powers and duties.

The duties and responsibilities of the emergency management director shall include the following:

A. Conduct an ongoing survey of actual or potential hazards which threaten life and property within the city, and an ongoing program of identifying and requiring or recommending the implementation of measures which would tend to prevent the occurrence or reduce the impact of such hazards if a disaster did occur;

B. Supervision of the development of an emergency management plan for the city, and recommendation of that plan for adoption by the city council along with any and all mutual-aid arrangements deemed necessary for the implementation of such plan;

C. Authority to declare a local state of disaster. The declaration may not be continued or renewed for a period in excess of seven days except by or with the consent of the city council. Any order or proclamation declaring, continuing or terminating a local state of disaster shall be given prompt and general publicity and shall be filed promptly with the city clerk;

D. Direction and control of the operations of the El Paso emergency management organization as well as the training of emergency management personnel;

E. Determination of all questions of authority and responsibility that may arise within the emergency management organization of the city;

F. Maintenance of liaison with other municipal, county, district, state, regional or federal emergency management organizations;

G. Marshaling of all necessary personnel, equipment or supplies from any department of the city to aid in the carrying out of the provisions of the emergency management plan;

H. Issuance of necessary proclamations, regulations or directives which are necessary for the protection of life and property in the city. Such proclamations, rules, regulations or directives shall

be filed in the office of the city clerk and shall receive widespread publicity unless publicity would be of aid and comfort to the enemy;

I. Supervision of the drafting and execution of mutual-aid agreements, in cooperation with the representatives of the state and of other local political subdivisions of the state, and the drafting and execution, if deemed desirable, of an agreement with the county in which the city is located and with other municipalities within the county, for the county-wide coordination of emergency management efforts;

J. Supervision of, and final authorization for, the procurement of all necessary supplies and equipment, including acceptance of private contributions which may be offered for the purpose of improving emergency management within the city;

K. Authorizing of agreements, after approval by the city attorney, for use of private property for public shelter and other purposes;

L. Survey of the availability of existing personnel, equipment, supplies and services which could be used during a disaster, as provided for in this chapter;

M. Other requirements as specified in Texas Disaster Act 1975 (V.T.C.S. Article 6889-7). (Ord. 9039 § 2, 1987)

2.48.030 Emergency management plan.

A comprehensive emergency management plan shall be developed and maintained in a current state. The plan shall set forth the form of the organization, establish and designate divisions and functions, assign responsibilities, tasks, duties and powers, and designate officers and employees to carry out the provisions of this chapter. As provided by state law, the plan shall follow the standards and criteria established by the State Division of Emergency Management of the State of Texas. Insofar as possible, the form of organization, titles and terminology shall conform to the recommendations of the State Division of Emergency Management. When approved, it shall be the duty of all departments and agencies to perform the functions assigned by the plan and to maintain their portion of the plan in a current state of readiness at all times. The emergency management plan shall be considered supplementary to this chapter and shall have the effect of law during the time a disaster emergency proclamation is in effect. (Ord. 9039 § 3, 1987)

2.48.040 Interjurisdictional program.

The mayor is authorized to join with the county judge of the county of El Paso and the mayors of the other cities in the county in the formation of an emergency management council for the county of El Paso, and shall have the authority to cooperate in the preparation of a joint emergency management plan and in the appointment of a joint emergency management coordinator, as well as all powers necessary to participate in a county-wide program of emergency management insofar as said program may affect the city. (Ord. 9039 § 4, 1987)

2.48.050 Override.

At all times when the orders, rules and regulations made and promulgated pursuant to this chapter shall be in effect, they shall supersede and override all existing ordinances, orders, rules and regulations insofar as the latter may be inconsistent therewith. (Ord. 9039 § 5, 1987)

2.48.060 Liability.

This chapter is an exercise by the city of its governmental functions for the protection of the public peace, health and safety, and neither the city, the agents and representatives of the city, nor any trustee, nor any of the agents thereof, in good faith carrying out, complying with or attempting to comply with any order, rule or regulation promulgated pursuant to the provisions of this chapter shall be liable for any damage sustained to persons as the result of said activity. Any person owning or controlling real estate or other premises who voluntarily and without compensation grants to the city a license of privilege, or otherwise permits the city to inspect, designate and use the whole or any part or parts of such real estate or

premises for the purpose of sheltering persons during an actual, impending or practice enemy attack or natural or manmade disaster shall, together with his successors in interest, if any, not be civilly liable for the death of, or injury to, any persons on or about such real estate or premises under such license, privilege or other permission or for loss of, or damage to, the property of such person. (Ord. 9039 § 6, 1987)

2.48.070 Commitment of funds.

No person shall have the right to expend any public funds of the city in carrying out any emergency management activity authorized by this chapter without prior approval by the city council, nor shall any person have any right to bind the city by contract, agreement or otherwise without prior and specific approval of the city council, unless during a declared disaster. During a declared disaster, the mayor may expend and/or commit public funds of the city when deemed necessary for the protection of health, life and property. (Ord. 9039 § 7, 1987)

2.48.080 Offenses—Penalties.

A. It is unlawful for any person willfully to obstruct, hinder or delay any member of the emergency management organization in the enforcement of any rule or regulation issued pursuant to this chapter, or to do any act forbidden by any rule or regulation issued pursuant to the authority contained in this chapter.

B. It is likewise unlawful for any person to wear, carry or display any emblem, insignia or any other means of identification as a member of the emergency management organization of the city, unless authority to do so has been granted to such person by the proper officials.

C. Any unauthorized person who operates a siren or other device so as to simulate a warning signal, or the termination of a warning, shall be deemed guilty of a violation of this chapter and shall be subject to the penalties imposed by this chapter.

D. Convictions for violations of the provisions of this chapter shall be punishable as provided in Section 1.08.010 of this Code. (Ord. 9039 § 8, 1987)

2.48.090 Limitations.

This chapter shall not be construed so as to conflict with any state or federal statute or with any military or naval order, rule or regulation. (Ord. 9039 § 10, 1987)

2.52.110 Mayor's powers not restricted.

2.52.010 Authority to appoint.

The chief of police is authorized to appoint special policemen under the conditions set forth in this chapter. (Prior code § 2-4 (part))

2.52.020 Application—Required—Fingerprinting—Fee.

The applicant for such appointment shall file a written application giving all information, and the vouchers or recommendations, required of applicants for positions on the regular police force, and shall be fingerprinted, but shall not be required to take a civil service examination. The application shall state the purpose for which such special appointment is wanted, and the necessity or desirability of appointing a special policeman for such purpose and shall be accompanied by payment of a fee of twenty-five dollars, which will not be returned. (Prior code § 2-4(1))

2.52.030 Application—Investigation—Mental and moral qualifications.

The chief of police shall make such investigation as may be appropriate to determine the fitness of the applicant and the necessity or desirability of making the appointment from the standpoint of the public interest. The applicant shall have the mental and moral qualifications necessary for an appointment on the regular police force, but the physical qualifications may be waived. (Prior code § 2-4(2))

2.52.040 Appointment—Duration.

If the chief of police is satisfied that such appointment is necessary or desirable for the maintenance of the public peace, order or safety, and that the applicant is a suitable person to receive such appointment he shall make the same for a period of one year. (Prior code § 2-4(3))

2.52.050 Appointment—Report of to mayor—Summoning appointee to service.

Upon making such appointment the chief of police shall report the same to the mayor, who may if he deems proper summon such appointee into service as a special policeman. The summons by the mayor may be by endorsement on the appointment or by other informal means of indicating such action. (Prior code § 2-4(4))

2.52.060 Oath.

Special policemen shall take and subscribe the oaths required by Section 12 of the City Charter. (Prior code § 2-4(5))

2.52.070 Authority—Rules and regulations—Compensation.

Special policemen shall have the same authority as members of the regular police force, and shall be subject to such rules and regulations as the chief of police may impose for the proper performance of their duties, unless otherwise ordered by the mayor. They shall receive no pay from the city, shall not be deemed employees, agents or servants

of the city, and shall not be entitled to civil service protection, pensions or benefits of members in the regular police force. (Prior code § 2-4(6))

2.52.080 No vested rights—Suspension or revocation.

Appointment as a special policeman shall confer no vested rights on the person appointed, and such appointment may be suspended or revoked at any time by the chief of police, whenever in his judgment such suspension or revocation shall be advisable in the public interest. (Prior code § 2-4(7))

2.52.090 Reappointment application—Fee.

A special policeman who has been duly appointed and is serving under this section may apply for reappointment. Such application shall be accompanied by payment of a fee of twenty-five dollars, but the information, vouchers, recommendations, fingerprints and statement of the purpose and the necessity of the appointment, need not be required on application for reappointment, unless demanded by the mayor or the chief of police. (Prior code § 2-4(8))

2.52.100 Review by council of chief's actions—Decision to be final.

The action of the chief of police in making, refusing, suspending, revoking or renewing any such appointment shall be subject to review by the city council, on its own motion or on appeal by any person. Upon such review the city council shall make such orders as in its judgment may be advisable in the public interest, and its action shall be final. (Prior code § 2-4(9))

2.52.110 Mayor's powers not restricted.

This chapter is not intended to restrict the powers of the mayor in respect to special police as conferred by the City Charter or by the laws of this state. (Prior code § 2-4(10))

There shall be established by the city a pension fund for both the exclusive benefit of city participants and all participants from any other entity that, with the city's consent, adopts the pension fund and, thereby, becomes an adopting employer of the fund (hereinafter, "other approved employer"). This fund does not include participants who are firefighters or police officers. Such fund shall be known as the City of El Paso Employees Retirement Trust. Further, all references in this chapter to "fund", "plan", "city employees' pension fund", "city employees' pension plan", "pension fund", or "pension plan" shall mean the City of El Paso Employees Retirement Trust. All references to this chapter to participant or fund participant shall mean those persons who participate in the fund pursuant to the provisions of this chapter, and may also be referred to as members of the fund. Additionally, all references in this chapter to

"city" shall mean the City of El Paso, Texas. (Ord. 16474 § 1, 2006: prior code § 17-1)
(Ord. No. 17637, § 1, 8-20-2011; Ord. No. 18089, § 1, 10-29-2013; Ord. No. 18782, § a, 4-17-2018)

2.64.020 Administration—Board of trustees—Composition.

Such fund shall be administered by a board of trustees comprised of two members of the city council, two citizens of the city who are not officers or employees of the city and who have resided in the city for a period of at least two years immediately preceding their appointment, four city employees who are qualified to participate in the fund, and one retired city employee receiving pension benefits from the fund. (Ord. 12084, 1994: Ord. 10527 (part), 1991: prior code § 17-2(a))
(Ord. No. 18782, § b, 4-17-2018)

2.64.030 Board of trustees—Membership.

A. The two members of city council, one of whom may include the mayor, at his or her discretion, shall be appointed by the mayor to serve on the board. The mayor shall also appoint the two citizens who are not officers or employees and the retiree member. The four employees serving on such board shall be elected by a vote of the employees qualified to participate in such fund. Such election shall be held during three working days falling within the last full week of April during times as determined and set by the city clerk. The city manager must give notice of the time and place of the election, including whether such election will be by electronic vote, and must post notices on the bulletin boards in city hall and in all city departments not later than the first day of April immediately preceding the election. If the election is by electronic vote, the city manager must also notify city employees electronically at that time. Candidates for election to the board shall file an application with the city clerk not later than April 10th requesting that their names be placed on the ballot in the manner prescribed by the city clerk with the approval of the city manager. The city clerk shall on the next following business day, certify the names of all of the qualified candidates. A list of the qualified candidates shall be posted by the city clerk on the bulletin boards in city hall, in all city departments and electronically in the manner prescribed by the city clerk not later than April 20th. Voting shall be by electronic voting in accordance with the process and procedure provided by the city clerk or by written ballot and ballot boxes shall be placed at not less than two locations convenient to all members as may be determined by the city clerk. Eligible voters shall be given time to vote during their regular duty hours. All elections shall be determined by a plurality vote. The candidate or candidates receiving the most votes shall fill existing vacancies, with full terms being filled first. The city clerk shall be in charge of conducting such elections. The city clerk is responsible for furnishing, locating and controlling all ballot boxes and no voting box may be moved without the prior written consent of the city clerk, or for election by electronic vote, the city clerk is responsible for managing and overseeing the voting process. If the election is not by electronic vote, the city clerk shall print all ballots and assign personnel necessary for the supervision of the voting. The city clerk must prepare eligible voting lists, count the votes and certify successful candidates. If the number of qualified candidates certified by the city clerk does not exceed the number of vacant positions for which the election would be held, such candidates are deemed to be unopposed, and the city clerk shall as soon as practicable following his certification, declare the unopposed candidates elected, and as necessary assign the terms through the drawing of lots.

B. Appointed Trustees. City council, citizen, or retiree member appointees shall serve for a term of two years. The term of city council, citizen, or retiree member appointees shall commence on the date of appointment by the mayor.

Elected City Employee Trustees. Commencing in April 2018, city employee trustees shall serve four year terms, with the terms being staggered so that two seats are filled by elections held

in odd-numbered years. In order to effectuate the transition to four terms and odd-year elections, the following exceptions will apply: City employee trustees elected in the April 2017 election shall serve a four year term to April 2021, resulting in an increase of one year in the term of these employee trustees. City employee trustees elected in the April 2018 election shall serve a five year term to April 2023, resulting in an increase of one year in the term of these employee trustees. Employee trustees elected in the April 2021 and April 2023 elections, and all employee trustee elections thereafter, shall serve four year terms. The term of the city employee trustees shall commence on the date that the city clerk posts the results of the election.

For board appointments after April 2018, no city council, citizen, or retiree member appointee may hold a board position for more than eight years throughout their lifetime. There shall be no limitation as to the number of years an elected individual may serve on the board.

C. A member of the board who is not present at four regularly-scheduled board meetings in a calendar year shall be automatically removed from serving as a member of the board.

D. All board members shall comply with the education and service requirements of the Texas Pension Review Board and any other official governmental body that regulates the board. A member who fails to comply with such requirements shall be automatically removed as a member of the board.

E. As this election is only open to participants and not the general public, it is not governed by the restrictions on city employees for municipal elections outlined in the City of El Paso's Civil Service Rules. However, the city manager or designee shall have the authority to develop rules related to the posting of material by candidates in common areas of the workplace and in verbal communications when seeking votes from fellow participants. (Ord. 16619 § 1, 2007: Ord. 12774, 1996; Ord. 12729, 1996; Ord. 11593 (part), 1993; Ord. 11330 (part), 1993; Ord. 10527 (part), 1991; Ord. 10028 (part), 1990; Ord. 9188 § 1, 1987; prior code § 17-2(b), (c))
(Ord. No. 17345, § 1, 6-29-2010; Ord. No. 18782, § c—f, 4-17-2018; Ord. No. 19150, § 1, 3-2-2021; Ord. No. 019688, § 1, 11-19-2024)

2.64.040 Board of trustees—Vacancies.

For appointed trustees, the mayor shall be notified by the board chairperson or pension administrator no less than 30 days prior to the expiration of a term of a need to appoint for a new term, or upon the receipt of a notice of resignation from service by a member. The mayor shall make an appointment within 30 days of the date of term expiration or date of resignation, or the position shall be considered vacant.

A trustee position shall he considered vacant if an appointed or elected trustee has not completed the oath of office procedure within 30 days of the commencement of a term, if a trustee has resigned by duly notifying the board, or if a trustee

is removed from the board in accordance with Section 2.64.030(C) or 2.64.030(D) of this chapter.

For any vacant position, the board shall he authorized to adopt a procedure to fill a vacancy for the remainder of the term at its sole discretion, including, but not limited to, re-appointing a trustee whose seat has become vacant or considering an application for re-appointment from a member removed for excessive absences. (Ord. 11330 (part), 1993; prior code § 17-2(d))
(Ord. No. 18782, § g, 4-17-2018)

2.64.050 Board of trustees—Quorum.

Five members of the board shall constitute a quorum, whether or not there are any unfilled vacancies on the board. (Ord. 12257 (Exh. A), 1995: Ord. 10897 (part), 1992; prior code § 17-2(e))

2.64.060 Board of trustees—Compensation.

Members of the board shall serve without compensation. (Prior code § 17-2(f))

2.64.070 Board of trustees—Officers.

The board shall elect a chairperson and vice-chairperson. The chairperson and vice-chairperson shall each have the same vote as any other member. The chief executive of the fund, who shall be designated by the board of trustees, shall act as secretary to the board. (Ord. 12085, 1994: Ord. 10253, 1990: Ord. 9188 § 2, 1987: prior code § 17-2(g))
(Ord. No. 18782, § h, 4-17-2018)

2.64.071 Liability insurance and indemnification.

A. The board of trustees may purchase from assets of the pension fund, from an insurer licensed to do business in this state, one or more insurance policies that provide for the reimbursement of a member, officer or employee of the board for liability imposed as damages caused by, or for costs and expenses incurred by the individual in defense of, an alleged act, error, or omission committed in the individual's capacity as a fiduciary or co-fiduciary of assets of the pension fund. Any such policy may not provide for reimbursement of a member, officer or employee of the board for liability imposed or costs and expenses incurred because of the member's, officer's, or employee's personal dishonesty, fraudulent breach of trust, lack of good faith, intentional fraud or deception, intentional failure to act prudently, willful misconduct or gross negligence.

B. If an insurance policy, as described in subsection A, is unavailable, insufficient or inadequate, the city may pay actual damages awarded, or settlements, against any member, office or employee for liability caused by, and costs and expenses incurred by the individual in defense of an alleged act, error, or omission in the individual's capacity as fiduciary or co-fiduciary of assets of the pension fund. No such payment or reimbursement of damages awarded or settlement shall be approved by the city for liability alleged because of the member's, officer's or employee's personal dishonesty, fraudulent breach of trust, lack of good faith, intentional fraud or deception, intentional failure to act prudently, willful misconduct or gross negligence. The city may approve payment of court costs and attorney's fees awarded and may provide legal counsel by assigning an attorney from the city attorney's office, or by retaining outside counsel.

C. If an insurance policy described in subsection A of this section is unavailable, insufficient, inadequate, or otherwise not in effect, and if the city does not pay damages or settlements as provided in subsection B of this section, the board of trustees may indemnify from the assets of the pension fund, a member, officer, or employee of the board for liability imposed as damages, effect settlements, and pay costs and expenses incurred by the individual in defense of an alleged act, error or omission committed in the individual's capacity as fiduciary or co-fiduciary of assets of the pension fund. No such payment or reimbursement of damages awarded or settlement or other costs and expenses shall be approved by the board of liability alleged because of the member's, officer's or

employee's personal dishonesty, fraudulent breach of trust, lack of good faith, intentional fraud or deception, intentional failure to act prudently, willful misconduct or gross negligence. A determination of indemnification under this subsection must be made by a majority of the board of trustees. If a proposed indemnification is of a board member, the member may not vote on the matter. The board of trustees may adopt a policy establishing a method for presentation, approval, and payment of claims for indemnification under this subsection. (Ord. 11275, 1993)

2.64.080 Board of trustees—Administration and disbursement of funds—Meetings—Recordkeeping and reports.

The board shall have charge of and administer such pension fund, directing the safekeeping or investment thereof, and ordering payments therefrom in accordance with this chapter. It shall hold regular monthly meetings and such special meetings as may be called in accordance with rules to be adopted by it. It shall keep a record of its proceedings and shall promptly after each meeting send to the comptroller of the city the applications for pension fund benefits approved at each meeting of the board signed by the secretary. No money of such fund shall be disbursed for any purpose without a majority of a quorum of board members, which shall be a yea and nay vote entered upon the minutes of the board. The comptroller of the city shall report annually to the city council on the condition of such fund and the receipts and disbursements therefrom. All records of the board shall be open to public inspection. (Ord. 9188 § 3, 1987: prior code § 17-2(h) (part))

2.64.090 Board of trustees—Rules and regulations.

The board of trustees may make such rules, not inconsistent with law or with this chapter, as may be appropriate for the proper performance of its duties. (Prior code § 17-16)

2.64.100 Pension board—Authority to expend funds.

A. The pension board may expend reasonable amounts of the fund for the services of an actuary in advising as to the soundness of the pension plan and in recommending any changes which may be needed therein. Such actuarial evaluation shall be made as of the end of each even-numbered fiscal year and at such other times as may be deemed necessary by the board. Evaluations shall explore the possibility and cost of providing cost-of-living adjustments to retired employees and their survivors, and such other changes as the board may deem appropriate and timely, but no such change shall be made in the pension plan if it will later result in the creation of potential deficiency in the fund.

B. The pension board may expend reasonable amounts of the fund for legal, management, auditing, administrative or other services or support equipment which are reasonably necessary for the sound and efficient operation of the fund and in the discharge of the board's fiduciary duties and responsibilities. (Ord. 10897 (part), 1992: prior code § 172(h) (part))

2.64.110 Board of trustees—Ex officio treasurer—Duties.

The comptroller of the city shall be ex officio treasurer of such fund, and the duties thus imposed upon him shall be additional duties for which he shall be liable under his official oath and bond, but he shall receive no additional compensation therefor. The city comptroller shall keep complete permanent records of all transactions relating to such fund, as may be necessary to carry out the provisions of this chapter. (Ord. 9188 § 4, 1987: prior code § 17-2(i))

2.64.120 Participation in pension system—Civil service employees.

All classified civil service employees shall be fund participants as of the date of their appointment, subject to the conditions specified in the following subsections:

A. Persons eligible to membership in the firemen and policemen pension fund set up by state law shall not be eligible for membership in the city employees' pension fund.

B. Seasonal or temporary employees shall not be eligible. Regular part-time employees may at their option become members of the city employees' pension fund by making the irrevocable election to participate in the fund as provided by and in accordance with the terms set forth in Section 2.64.140.

C. Employees of the city-county health district shall be members of the pension fund as provided in Section 2.64.130. Classified employees who are otherwise eligible to become members of the city employees' pension fund under this section, but whose salaries are paid partially or entirely from county, state or federal grant funds, must become members of the city employees' pension fund on the applicable terms and conditions specified in this section and on the following additional terms and conditions:

1. If the employer's contribution is an allowable expense under the terms of the relevant grant, the employer's contribution must be paid from the relevant grant budget and the employee must be a member of the pension fund.

2. If the employer's contribution is not an allowable expense under the terms of the relevant grant, the employee may at his option become a member of the pension fund, provided that in such case the employee shall make the employer's contribution from the employee's personal funds.

3. In no case shall the employer's contribution be paid from general city revenue not allocated to the relevant grant budget.

4. The terms and conditions of this subsection C. shall be effective only until December 31, 2007.

D. Any person who at the effective date of Ordinance No. 750 was employed under a temporary or provisional appointment, or who had not completed his probationary period under an appointment, and who had been contributing to the pension fund, may have elected to continue to contribute or may have withdrawn his contributions, without interest. If he elected to continue to contribute, he shall be entitled to the same rights as if Ordinance No. 750 had not been passed. If he elected to withdraw his contributions, he shall lose all rights to participation in the fund, unless he afterwards qualifies under this chapter. If he fails to make his election within thirty days after the effective date of Ordinance No. 750, he shall be deemed to have elected to withdraw his contributions, and no further pension deductions shall be made from his paycheck unless he afterwards qualifies.

E. Persons who have signed pension waivers before the effective date of Ordinance No. 750, but from whom contributions to the fund have been accepted, shall have the same right of election as if such waiver had not been signed.

F. After the effective date of Ordinance No. 750, no pension fund deductions shall be made from the paychecks of any person thereafter appointed, unless and until he has been properly certified and appointed; nor shall such deductions be made from the paycheck of any person not eligible for membership in the pension system as herein provided.

G. Some persons given provisional or temporary appointments after April 30, 1952, and afterwards given permanent appointments, lost considerable pension time under subsection F. of this section because they were, without their fault, not appointed as promptly as they should have been. To prevent injustice to such persons, the following options are now extended to every person who comes within all three of the following classes: (i) such person was provisionally or temporarily appointed after April 30, 1952; (ii) such person was

not retired before February 11, 1971; and (iii) such person received a permanent appointment while serving in this provisional or temporary status.

1. If such person retires because of reaching compulsory retirement age, he may, for pension purposes, get credit for such provisional or temporary time by paying into the fund. The interest rate will be seven and one-half percent per annum compounded annually for back contribution payments. The city will make contributions without interest in accordance with the formula in effect at such previous time. If the person wishes to take advantage of the option to get credit for such provisional or temporary time, he shall pay the required amount before he submits his application for retirement to the board.

2. [Intentionally omitted].

3. If such person dies, the pension office shall as soon as possible, notify all persons known to have the right to death benefits. Notice to minors shall be given to the person entitled to receive payments for their benefit. Any person entitled to receive death benefits of the person shall have thirty days after the date of death to make up the back contributions, with like consequence as in the previous case.

H. Any person who has retired from city service under the provisions of this chapter and who is not otherwise excluded or disqualified from the fund, and who is reemployed by the city under circumstances which would permit membership in the fund were it not for the previous retirement, shall be eligible for readmission to the fund under the following conditions:

1. Pension payments from the fund for retirement from city service pursuant to this chapter shall cease immediately upon reemployment.

2. As of the date of reemployment, contributions to the fund shall resume pursuant to this chapter, and service credit shall commence to accumulate for calculation of benefits.

3. A person entitled to benefits under this section who first becomes a fund participant before September 11, 2011, and subsequently retires and is reemployed by the city, shall receive a monthly pension from the pension fund computed according to the formula set forth in Section 2.64.200 where the total complete years and months, and fractional parts of months, of service are used as a single multiplier to compute his monthly pension and shall include such service rendered before the date of his initial retirement and such service rendered after the date of his reemployment until the date of his second and final retirement; provided, that such person reimburses the pension fund for all pension benefits received during such period of separation from city service in one lump sum payment, together with the interest on such total lump sum payment, computed according to the fund's assumed actuarial interest rate, plus any additional liability to the fund computed based on the actuarial tables approved by city council; provided further, that any such person meets the requisites in subsections 1. and 2. A person who is reemployed on and after September 1, 2011, and reimburses the fund pursuant to this section shall give written notice to pension administration office of his intent to make the reimbursement within 90 days after the date of his rehire. Such a person who fails to timely submit the notice of intent to make the reimbursement or fails to timely make the reimbursement shall become a member of the fund pursuant to the provisions of subsection H.4 below.

4. If a person was first a fund participant prior to September 1, 2011 and is reemployed on or after September 1, 2011 and fails to reimburse the pension fund, he shall become a new and separate participant of the fund as applicable to persons first hired on or after September 1, 2011 and be subject to all applicable provisions under this chapter regarding the membership in and entitlement to the benefits under this part of the plan; provided that any such person meets the requisites in subsections 1. and 2. Upon his second and final retirement, he shall receive a monthly pension from the pension fund in such amount that is calculated as provided in this chapter regarding his original monthly pension, and if entitled, benefits from his second, separate participa-

tion in the fund according to the formula set forth in Section 2.64.200. Nothing in this subsection, however, shall be construed to allow the time period of reemployment to be added to the time period of service rendered before the date of his first retirement, and thereby be used as a single multiplier to compute the monthly pension receivable upon his second and final retirement. The prior service credit period and any new service credit period(s) for such participant shall each be administered separately and not combined, and such separate pensions shall be subject to all applicable rules as contained in this chapter regarding each separate pension.

5. A person entitled to benefits under this section who first becomes a fund participant on or after September 1, 2011, and subsequently retires and is reemployed by the city, shall receive a monthly pension from the pension fund computed according to the formula set forth in Section 2.64.200 where the total complete years and months, and fractional parts of months, of service are used as a single multiplier to compute his monthly pension and shall include such service rendered before the date of his initial retirement and such service rendered after the date of his reemployment until the date of his second and final retirement; provided, that such person reimburses the pension fund for all pension benefits received during such period of separation from city service in one lump sum payment, together with the interest on such total lump sum payment, computed according to the pension fund's actuarial reimbursement analysis on the date of reimbursement; provided further, that any such person meets the requisites in subsections 1. and 2. Such a person who reimburses the fund pursuant to this section shall give written notice to the pension administration office of his intent to make the reimbursement within 30 days after the date of his rehire, and shall make the reimbursement within 90 days after the date of his rehire.

Such a person who fails to timely submit the notice of intent to make the reimbursement or fails to timely make the reimbursement shall become a new member of the fund pursuant in the same manner as provided in subsection H.4. above. The prior service credit period and any new service credit period(s) for such participant shall each be administered separately and not combined, and such separate pensions shall be subject to all applicable rules as contained in this chapter regarding each separate pension.

6. A person entitled to benefits under either subsection 3. or 4. of this section who retired immediately prior to being appointed or elected to a position in the unclassified services which is not eligible for membership in the pension fund, who immediately upon leaving that position, is reemployed in the classified services or in a position in the unclassified services which is eligible for membership in the pension fund, shall receive a monthly pension from the pension fund computed according to the formula set forth in Section 2.64.200 where the total complete years and months, and fractional parts of months of service used as a single multiplier to compute his monthly pension shall include such service rendered before the date of his retirement and such service rendered after the date of his reemployment in the classified service until the date of his second and final retirement.

I. Notwithstanding anything contained in this section to the contrary, the city or other approved employer shall not pick-up or pre-tax, pursuant to Section 2.64.401, buy-back contribution payments set forth in this section.

J. Certain emergency medical service personnel who became participants in the City of El Paso Firemen and Policemen Pension Fund shall be considered, for purposes of this plan, as separated from service from their original employment with the City as of the first day of their participation in the City of El Paso Firemen and Policemen Pension Fund. (Ord. 16797 § 2, 2007; Ord. 16619 § 3, 2007; Ord. 16474 § 2, 2006; Ord. 16076 §§ 1—3, 2005; Ord. 13482, 1998; Ord. 13219 (part), 1997; Ord. 12730 § 1, 1996; Ord. 11393 § 1, 1993; Ord.

10897 (part), 1992; Ord. 10096, 1990; Ord. 9867 (part), 1989; Ord. 9030 §§ 1—10, 1987; Ord. 8829, 1986: prior code § 17-3)
(Ord. No. 17637, § 2, 8-30-2011; Ord. No. 18089, § 9, 10-29-2013; Ord. No. 18782, § i, j, 4-17-2018)

2.64.130 Participation in pension system—City-county health district employees.

The provisions of this chapter are extended to all employees of the El Paso City-county health and environmental district and all provisions of this chapter shall be applicable to such employees until December 31, 2007.

For former employees of the El Paso City-county health and environmental district admitted into the city civil service system as city employees (hereafter, "admitted employees"), pursuant to Section 6.13E of the El Paso City Charter, under certain terms and conditions, effective January 1, 2008, all provisions of this chapter shall be applicable to such employees except as follows:

A. Any former employee of the city-county health district who becomes a city employee on January 1, 2008 shall automatically have their pension service credit earned as a district employee transferred to their service as a city employee;

B. Any former district employee who becomes a city employee on January 1, 2008 shall receive credit for pension purposes for unused sick leave earned while a district employee and that remains unused at the time of the employee's retirement date;

C. Any former district employee who becomes a city employee on January 1, 2008 shall have their service credit calculated based upon their combined service earned during their employment with as a district employee and as a city employee;

D. Any former district employee who does not become a city employee shall have the opportunity to apply for a retirement, if vested, or a refund of their contributions, but such application for retirement must be made within thirty days from the date of termination from the district, or December 31, 2007 if district employment is not terminated prior to the district's dissolution;

E. Any former district employee who becomes a city employee on January 1, 2008 shall have the right to pay into the pension fund for any time their salaries are paid partially or entirely from county, state or federal grant funds on the terms and conditions pursuant to Section 2.64.140(E) regardless of whether the employee has been a classified or nonclassified employee at the district or the city;

F. Any former district employee who becomes a city employee on January 1, 2008 shall have the same rights to pay into the pension fund for any time for which the employee was on leave as any other city employee pursuant to Section 2.64.260(B). (Ord. 16797 § 1, 2007: Ord. 16474 § 3, 2006: prior code § 17-4)

2.64.140 Participation in pension system—Certain employees not in the classified service.

Full-time employees who become employed by the city after June 3, 1997, the effective date of this section, and who are not in the classified civil service, including employees employed by the El Paso Water Utilities or the mass transit department board (except police officers, firefighters and officials elected by vote of the people) shall become fund participants. Regular part-time employees and eligible contract employees who elect to participate in the fund, and all employees of any other entity that with the city's consent adopts the pension fund ("other approved employer") may become participants by making an irrevocable election to participate or not participate which shall be made at the time that the person completes the paperwork required at the time of hire by the human resources department, or in the case of an employee of another approved employer, by submitting the irrevocable election to participate or not participate to the board of trustees on or

before the first day of employment with such other approved employer. The following provisions shall additionally apply:

A. Any full-time employee who was eligible to apply for membership in the fund at the time of his original appointment, but who did not submit his application within the ninety-day period after original appointment, and any employee appointed after May 24, 1984 and before June 3, 1997, may submit an application to the board of trustees at any time after original appointment. Applicants who are not grant-funded employees shall pay into the fund, in one lump sum at any time prior to submitting an application for retirement, the amount of contributions which they would have paid had they been members of the fund from the date of their original appointments, or any late date, but not to include any time during breaks in service, plus interest at the rate of seven and one-half percent per annum, compounded annually, on the total amount for the period from the date when the first contribution would have been made to the date when the total is actually paid. Any buy-back shall be made in one lump sum. In the case of nongrant-funded employees, the city will make corresponding contributions without interest, in accordance with the formula in effect at such previous time, provided, however, that such employees must pay interest at the current actuarial rate assumption approved by the board on the employer contributions for the portion of buy-back periods which are longer than five years, as well as the interest on participant contributions; provided, further, however, that this provision relating to paying interest on employer contributions shall not apply to employees in the unclassified service who are eligible for membership in the pension fund at the time Ordinance No. 11593 is adopted. Periods of buy-back on which interest on the employer portion of the contribution is payable shall cover continuous or intermittent service most immediately contiguous to the period of buy-back without payment of interest on the employer portion.

If such option is exercised, all rights or benefits under the fund which depend upon the length of service shall be determined as if the participant had been a member from the date of his original appointment, or such other period for which this option is exercised, excluding any time during a break in service, to which date his contributions have been made good. A participant may not make more than one election to buy-back service credit towards eligibility and benefits under this section.

B. The employee's election to become a participant shall be irrevocable, and his rights and obligations as a participant shall terminate only in accordance with the provisions of this chapter applicable to employees in the classified service as set forth in Section 2.64.120.

C. If the applicant is already a participant on July 25, 1968, the effective date of this section, his service with the city shall for all pension purposes be deemed to begin at the date of his application, unless he exercises the further option set forth in subsection D. of this section; provided, a participant who at a previous time was in the city's classified service and made contributions to the fund shall have the benefit of such previous time when allowable under subsections B. and C. of Section 2.64.260.

D. Persons who are already employed by the city on July 25, 1968, the effective date of this section, and are qualified to become fund participants hereunder shall have the further option of paying into the fund the amount of contributions which they would have paid had they been participants from the date of their appointment. The interest will be seven and one-half percent per annum compounded annually. The city will make corresponding contributions without interest in accordance with the formula in effect at such previous time. Such option must be exercised before receiving any death, disability or pension benefits. If such option is exercised, all rights or benefits under the fund which depend upon length of service shall be determined as if the participant had been a participant from the date of his appointment, to which date his contributions have been made good.

E. Employees who are otherwise eligible to become fund participants under this section, but whose salaries are paid partially or entirely from county, state or federal grant funds, may at their option become fund participants by making application to the board of trustees, only upon the applicable terms and conditions specified in this section and on the following additional terms and conditions:

1. The employer's contribution must be paid from the relevant grant budget, if such an expenditure is allowable under the terms of said grant. If such expenditure is not allowable from the relevant grant budget in effect when the employee exercises this option, the participant shall have the option of making the corresponding employer's contribution without interest from the participant's personal funds. In no case shall the employer's contribution be paid from general city revenue not allocated to the relevant grant budget.

2. Full-time grant funded employees not in the classified services who become fund participants, shall have the further option, at any time prior to submitting an application for retirement, of paying into the fund the amount of contributions which they would have paid had they been members from the date of their original appointments, but not to include any time during a break in service, plus interest at the rate of seven and one-half percent per annum, compounded annually, on the total amount for the period from the date when the first contribution would have been made to the date when the total is actually paid, on the following conditions: the employer's corresponding contributions, which shall be made without interest and in accordance with the formula in effect during the participant's time of previous service, must be made as an allowable expense in the relevant grant budget in effect when the employee exercises this option; provided, however, such participants must pay interest at the current actuarial rate assumption approved by the board on the employer contributions for the period of buy-back which is in excess of five years, as well as the interest on participant contributions; further provided, however, that this provision relating to paying interest on employer contributions shall not apply to such grant-funded employees who are eligible for membership in the pension fund on October 12, 1993, the time the ordinance codified in this subsection is adopted. Any buy-back shall be made in one lump sum. Periods of buy-back on which interest on the employer portion of contribution is payable shall cover continuous or intermittent service most immediately contiguous to the period of buy-back without payment of interest on the employer portion.

F. Notwithstanding anything contained in this section to the contrary, the city or other approved employer shall not pick-up or pre-tax buy-back contribution payments made pursuant to this section.

G. Any eligible contract employee who participates in the fund shall irrevocably elect to become a fund participant, and his rights and obligations as a fund participant shall terminate only in accordance with the provisions of this chapter applicable to employees in the classified civil service as outlined in Section 2.64.120.

H. A person who becomes a fund participant pursuant to Section 2.64.140, shall be subject to Section 2.64.120 H. in its entirety, as germane depending on the applicable facts and circumstances.

I. For purposes of the plan, an eligible contract employee means a contract employee whose contract with the city permits the employee to become a fund participant. (Ord. 16619 § 4, 2007; Ord. 16474 § 4, 2006; Ord. 16076 §§ 4—6, 2005; Ord. 13219 (part), 1997; Ord. 11593 (part), 1993; Ord. 10897 (part), 1992; Ord. 9867 (part), 1989; Ord. 9031 §§ 1—3, 1987: prior code § 17-4.1)
(Ord. No. 17637, § 3, 8-30-2011; Ord. No. 18089, § 9, 10-29-2013)

2.64.150 Participation in pension system—Library employees.

Full-time employees of the El Paso Public Library Association, including those employees whose salaries are paid from state and federal

grant funds when the grant shall also pay for the employer's contribution to this pension fund (these employees shall hereinafter be referred to as grant-funded employees), shall be members of the city employees' pension fund upon the same terms as employees in the classified civil service, and all provisions of this chapter shall be applicable to such employees, except as follows:

A. For all employees of the El Paso Library Association, except grant-funded employees, time employed before July 11, 1968, shall not be included in determining pension rights.

B. For the grant-funded employees, time employed before September 1, 1979, shall not be included in determining pension rights. This provision, however, shall not apply to current grant-funded employees who, as a result of holding nongrant funded positions prior to their present position are currently members of the pension fund. In these instances, subsection A of this section controls. (Prior code § 17-4.2)

2.64.160 Participation in pension system—Employees of the city employees' pension fund board of trustees.

All full-time employees of the city employees' pension fund board of trustees may participate at their option as members of the city employees' pension fund and all provisions of this chapter, including provisions applicable to unclassified employees, shall be applicable to such participating employees of the city employees' pension fund board of trustees, except as follows:

A. Each employee must have written approval from the city employees' pension fund board of trustees as documented in a contract for employment;

B. All employer contributions required by this chapter shall be paid from assets of the city employees' pension fund; and

C. Notwithstanding anything contained in this section to the contrary, the city shall not pick-up or pre-tax, buy-back contribution payments made pursuant to this section. (Ord. 16619 § 5, 2007; Ord. 16076 § 8, 2005; Ord. 12728, 1996)

2.64.170 Participation in pension system—Coverage of former employees of El Paso Transit Services, Inc.—Special provisions.

The provisions of this chapter are extended to all employees of the city whose employment was transferred to the city from El Paso Transit Services, Inc., effective as of January 13, 1980; and all provisions of this chapter shall be applicable to such employees except as follows:

A. Any such transit employee who had reached his sixtieth birthday on or before January 13, 1980, at his option may participate in the fund. The effective date of such participation shall be the effective date of this subsection. However, any employee may elect to make the effective date of his participation the date of his employment with the city rather than the effective date of this subsection. If the employee should so elect, then the employee shall pay contribution at the regular rate beginning as of the effective date of this subsection and also shall pay into the fund, subject to the limitations of Section 415 of the Internal Revenue Code, the amount of the contributions which he would have paid had he been a member from the date of his employment. The city will make corresponding contributions in accordance with the formula in effect at such previous time. Such option must be exercised before receiving death, disability or pension benefits. In either event, all rights or benefits under the fund which depend upon length of service shall be determined as set out in subsection B of this section.

B. In determining the right of any such employee to receive any payment from the pension fund, he shall have credit, in computing his length of service, for the period of time prior to January 13, 1980, that he was employed by El Paso Transit Services, Inc., and its predecessors—Country Club Bus Lines, Inc., El Paso City Lines, Inc., and Lower Valley Bus Lines, Inc.—as determined from the records of the pension plan being maintained on their behalf as of January 12, 1980, by El Paso Transit Services, Inc. Provided any such employee shall have the right to receive the minimum pay-

ments under Section 2.64.250 only if he has completed at least ten years of service after January 13, 1980.

C. In determining the amount of any payment which is payable on behalf of any such employee from the pension fund, the total period of time prior to January 13, 1980, that he was employed by the El Paso Transit Services, Inc., and its predecessors—Country Club Lines, Inc., El Paso City Lines, Inc., and Lower Valley Bus Lines, Inc.—shall be excluded from his length of service. (Ord. 13219 (part), 1997; prior code § 17-4.4)

2.64.180 Investments.

All moneys, securities and other property of the fund shall be kept separate from other funds of the city. All moneys necessary for payment of monthly pension benefits and expenses of administering the fund shall be deposited with the bank depository. The board of trustees may use another third party custodian for purposes of maintaining pension assets.

The board of trustees may invest all or any part of the fund which is in excess of normal requirements for pensions, benefits, expenses and repayment of contributions. In making investments the board shall discharge its duties solely in the interest of the fund's participants and beneficiaries and shall exercise its judgment in accordance with the "prudent person" standard of fiduciary responsibilities set forth in Section 802.203 of Title 8 of the Texas Government Code, adhere to the provisions of the "prudent investor rule" of Chapter 117 of the Texas Trust Code, and shall otherwise comply with all applicable state and federal laws. All investments shall be made in the name of the board of trustees of the fund, or an equivalent designation showing that the investment belongs to the fund.

Provided, however, in the event that the statutory provisions or standards set forth above cease to exist under state law, the board shall continue to invest and manage plan assets in accordance with the "prudent person" standard of fiduciary responsibilities by considering the purposes, terms, distribution requirements and other circumstances of the plan. In satisfying this standard, the board shall exercise reasonable care, skill and caution. Investments shall be diversified so as to minimize the risk of large losses, unless in light of such circumstances, it is clearly prudent not to do so. The board shall manage the plan assets at all times for the exclusive purpose of providing benefits to plan participants, retirees, and beneficiaries, and to defray reasonable expenses of administering the plan. The board shall avoid managing the assets in any way that might reflect, or appear to reflect, a conflict of interest between the plan and any past or present member of the board, members of the city council or city employees, or any employee or agent of the board.

In addition, the board shall continue to adhere to the "prudent investor rule" standard by evaluating individual assets not in isolation but in the context of the plan's portfolio as a whole and as a part of an overall investment strategy having risk and return objectives reasonably suited to the plan, and comply with all applicable state and federal laws. (Ord. 16619 § 6, 2007; Ord. 12953, 1996: Ord. 12727, 1996; Ord. 10897 (part), 1992; prior code § 17-5)
(Ord. No. 17637, § 4, 8-30-2011)

2.64.190 Contributions.

A. Beginning on the first full pay period after May 1, 2007, every person who is a fund participant shall contribute thereto, on a pre-tax basis, 7.75 percent of his salary or wages. The city and all other employers whose employees are permitted to participate in the fund, shall contribute an amount equal to 11.65 percent of the salary or wages of their respective employees who contribute to the fund, subject to subsection A.1. of this section. Provided however, for each of the four consecutive city fiscal years beginning with fiscal year 2012 starting on September 1, 2011, participant contributions of their salaries or wages shall increase annually by 0.30 percent, and the contributions of the city and of other permitted employers shall increase annually by 0.60 percent. Such

increases shall begin with the first full pay period after September 1st of each applicable year, and thereafter, shall remain at the level reached in September 2014.

1. In any case in which the periodic salary or wage of a participant, because of the employee's accident with pay status, is insufficient to allow for deduction from salary or wages of the required participant contribution, or when salary or wages are not subject to deductions, the participant shall be responsible for making payment of the required contribution directly to the city comptroller, not later than one week after the applicable bi-weekly pay day. Failure to make the required contributions will result in loss of pension service credit for the period for which contributions have not been made. Contributions paid later than one week after the applicable pay day will be subject to the addition of interest at the rate of seven and one-half percent per annum compounded annually until such contributions are paid.

B. Contributions to the pension fund shall be based on total salary or wages including any worker's compensation periodic payments received by a participant on leave of absence with pay.

C. Notwithstanding anything contained in this section to the contrary, the city or other approved employer shall not pick-up or pre-tax buy-back contribution payments made pursuant to this section.

D. Notwithstanding any other provisions in the plan, compensation in excess of the limit contained in Internal Revenue Code Section 401(a)(17) or successor statute, if any (or such other amounts as may be determined by taking into account the cost-of-living adjustment provided under Internal Revenue Code Section 401(a)(17) or any successor statute) shall be disregarded for all purposes of calculating a participant's allocations for any plan year.

E. Upon termination of the plan, the participant's contributions as an employee and any vested benefits shall be non-forfeitable, including without limitation employer's contributions.

F. Compensation.

1. Compensation shall mean base salary. Base salary is a fixed amount of money paid to an employee by an employer in return for work performed. Base salary does not include benefits, bonuses or any other potential compensation from an employer. Base salary is paid, most frequently, in a bi-weekly paycheck. In most years, an employee's base salary is paid in twenty-six even paychecks over the course of the year.

2. Gross compensation shall mean base salary as defined in Section 2.64.190 F.1. and will also include overtime, bonuses, and some other non-periodic payments. (Ord. 16619 §§ 7, 8, 2007; Ord. 16474 § 5, 2006; Ord. 16076 § 9, 2005; Ord. 13219 (part), 1997; Ord. 11680 (part), 1993; Ord. 8145 (part), 1984; prior code § 17-6)
(Ord. No. 17637, § 5, 8-30-2011; Ord. No. 18089, §§ 2—4, 10-29-2013; Ord. No. 019420, § 1, 12-13-2022; Ord. No. 019688, § 2, 11-19-2024)

2.64.200 Retirement pensions.

A. Eligibility. Participants in the fund shall be eligible under either subsection 1. or subsection 2., as applicable:

1. Whenever a person who first becomes a fund participant before September 1, 2011 shall have completed ten years of service credit and attained the age of fifty-five years or completed seven years of service credit and attained the age of sixty years, or shall have completed thirty years of service credit regardless of age, such participant shall be entitled to be retired from such service in accordance with the applicable terms and conditions established in this chapter upon application. An application for pension benefits shall be filed no later than thirty days after the effective termination date of such person. Upon a finding of good cause by the board of trustees, the board may extend the deadline for filing such application. The term good cause shall mean that the failure of the applicant to timely file such application was the result of circumstances beyond the applicant's control, rather than intentional, or the result of conscious indifference. The burden of

establishing good cause shall always be upon the applicant, and good cause must be shown in the record.

2. Whenever a person who first becomes a fund participant on or after September 1, 2011 shall have completed seven years of service credit and attained the age of sixty years, or shall have completed thirty-five years of service credit regardless of age, such employee shall be entitled to be retired from such service in accordance with the applicable terms and conditions established in this chapter upon application. An application for pension benefits shall be filed no later than thirty days after the effective termination date of such person. Upon a finding of good cause by the board of trustees, the board may extend the deadline for filing such application. The term good cause shall mean that the failure of the applicant to timely file such application was the result of circumstances beyond the applicant's control, rather than intentional, or the result of conscious indifference. The burden of establishing good cause shall always be upon the applicant, and good cause must be shown in the record.

3. The phrase "effective termination date" shall mean "the date when a participant separates from service from the city, whether voluntarily or involuntarily, whereby pension contributions may no longer be made for the benefit of the participant by either the participant or the city."

B. Benefits. Participants in the Fund, shall, depending upon the applicable facts and circumstances, receive benefits under either subsection 1. or subsection 2., or both, as provided by the applicable provisions of this chapter, and as further provided in subsections 3. and 4.:

1. Effective September 1, 1984, any person so retired, who was first a fund participant before September I, 2011, shall be entitled to receive a monthly pension from the fund in an amount equal to: (1) two and one- half percent of the monthly average of the pensionable gross compensation received by the participant during the three years immediately preceding retirement; or (2) two and one-half percent of the monthly average of the base salary received by the participant during the year immediately preceding retirement; or (3) two and one-half percent of the monthly base salary the participant is entitled to receive for the month immediately preceding retirement, whichever is greater, multiplied by the number of completed years of service, plus 0.2083 of one percent of such average or entitled monthly pay for each complete or fractional part of a month of service which is not part of a complete year, or

2. Any person so retired who was first a fund participant on or after September 1, 2011 shall be entitled to receive a monthly pension from the fund in an amount equal to two and one-fourth percent of the monthly average of the pensionable gross compensation received by the participant during the last three years immediately preceding retirement (for purposes of 2.64.200(F), the last three years immediately preceding retirement shall mean the last three years immediately preceding retirement which the participant received service credit), multiplied by the number of completed years of service credit, plus 0.1875 of one percent of such average monthly pay for each complete or fractional part of a month which is not part of a complete year; provided, however, that under no circumstance shall said monthly pension exceed ninety percent of the participant's three year average monthly pensionable gross compensation, and

3. Unless otherwise approved by the board of trustees, the monthly pension of a participant who was first a participant before September 1, 2011 will be computed on the basis of the monthly base salary the participant is entitled to receive for the month immediately prior to retirement.

4. Pensionable gross compensation received by a participant that exceed the amount he is entitled to be paid in the permanent position to which he has been regularly appointed, shall be excluded from the computation of monthly pension benefits.

5. For the purposes of this plan, the term "pensionable gross compensation" shall refer to the gross income paid by the city to the participant and shall include service time increases, sick leave

pay taken in the normal course of employment, vacation leave pay taken in the normal course of employment, vacation leave pay taken in the normal course of employment, shift differential, and mandatory overtime that is part of the participant's fixed, periodic compensation. Payments not considered pensionable gross compensation are:

a. Except those items listed in the first sentence of this section, including, without limitation, salary increases, and compensation determined by the city to have been paid to a participant solely for the purpose of increasing a participant's retirement benefit under the plan.

b. Compensation that had previously been provided in kind to the participant by the city or paid directly by the city to a third party other than the plan for the benefit of the participant.

c. Any one-time or ad hoc payments made to a participant.

d. Severance or any other payment that is granted or awarded to a participant in connection with or in anticipation of a separation from employment.

e. Payments for unused vacation, annual leave, personal leave, sick leave, or compensatory time off, however denominated, paid in a lump sum, regardless of when reported or paid.

f. Any employer-provided allowance, reimbursement, or payment, including, but not limited to, one made for housing, vehicle, or uniforms, except for incentive payments that are permanent and included in a participant's gross compensation by the city.

g. Employer contributions to the plan.

h. Any bonuses paid.

i. Any compensation paid as a result of an interim promotion or provisional pay differential that is not made permanent by the city.

j. Any compensation paid by the city after separation from service of the participant, including, without limitation, any payments made to a participant to settle a claim with the plan and any third party costs paid by the city on behalf of the participant.

k. Any other form of compensation that would not be considerable pensionable gross compensation under applicable state or federal law.

C. The city council may from time to time adopt by resolution early and deferred retirement tables for participants, providing schedules deemed by the council to be actuarially sound under which a participant who has attained the age as set forth in said tables may retire, and either receive a retirement pension immediately or at a later date, based on a percentage of his pay as provided in subsection B. of this section, according to the length of his service at that time, provided however, such an early or deferred retirement for a participant who first became a fund participant before September 1, 2011 shall begin no earlier than age 40 if such person has at least ten years of pension service credit or begin no earlier than age 45 if such person has at least seven years of pension service credit, and such an early or deferred retirement for a participant who first became a fund participant on or after September 1, 2011 shall begin no earlier than age 45 if such person has at least seven years of pension service credit. If such schedules are adopted, any participant whose age and length of service are included in the tables shall be allowed to retire and to receive, either immediately or at a later date, a retirement pension in accordance therewith, in lieu of repayment of his contributions, provided however, such an early or deferred retirement for a participant who first became a fund participant before September 1, 2011 shall begin no earlier than age 40 if such person has at least ten years of pension service credit or begin no earlier than age 45 if such person has at least seven years of pension service credit, and such an early or deferred retirement for a participant who first became a fund participant on or after September 1, 2011 shall begin no earlier than age 45 if such person has at least seven years of pension service credit. The provisions for minimum payments under Section 2.64.250 shall have no application to benefits paid under early or deferred retirement tables. Upon the death of a participant retired for early retirement and receiving a retire-

ment pension, any death benefits to which his survivors are entitled under this chapter, shall be computed on the basis of the appropriate percentage of retirement benefit which he was receiving. Upon the death of a participant on deferred retirement and not yet receiving a retirement pension, the following choices shall be available to the survivors:

1. The death allowance may begin immediately and the death benefits shall be computed on the basis of the appropriate percentage of retirement benefit he would have been entitled to receive if he had retired and received an allowance as of the date of his death.

2. The death allowance may begin at a later date (not later than the date the participant would have attained age fifty-five years for the persons who first were fund participants before September 1, 2011, or age sixty years for the persons who first were fund participants on or after September 1, 2011) and the death benefit shall be computed on the basis of the appropriate percentage of retirement benefit he would have been entitled to receive if he had retired and received an allowance as of the above later date.

3. The survivors may choose, subject to the agreement of the pension board, to receive a refund of the participant's contributions. If at the time of death of a participant on deferred retirement, there are no survivors entitled to a death allowance, his contributions shall be refunded to his estate.

4. If the survivors are unmarried children under nineteen years of age, the choice of one of the three preceding options shall be made by their legally appointed guardian, or if no guardian has been appointed, the person having custody of the unmarried child or children under nineteen and subject to the approval of the pension board.

5. A participant may elect to receive early or deferred pension benefits and shall be entitled to select an optional retirement settlement as provided in Section 2.64.240. Such an election and selection shall be made at the time the participant applies for a pension, and neither the election nor selection of optional retirement settlement may be changed after an application for a pension has been approved by the board.

D. At the time the salary ceiling on which contributions and benefits were computed was raised from two hundred dollars a month to four hundred dollars a month, certain participants elected to remain under the two hundred dollar ceiling, thus contributing to and receiving from the fund at a rate of one-half the rate applicable to participants generally. In the case of those participants who so elected, the contributions to the fund (both by the city and by the participant) and the benefits payable shall be computed as if the participant's salary or wages were one-half the actual amount.

E. A participant who is otherwise entitled to retire from service and who is terminated for cause may, if such termination is appealed within the time period allowed for such an appeal and in accordance with applicable procedures for such appeals, submit an application for retirement during the period allowed for submitting such appeals. Such application for retirement shall be held in abeyance subject to the outcome of the appeal. In the absence of such an appeal, and upon a showing of good cause as provided in subsection A. of this section, such participant shall file an application for pension benefits no later than thirty days after the effective date of termination. Any participant who has been terminated for cause during the two-year period prior to February 11, 1997, the adoption of this revised subsection, and at a time when such participant was otherwise entitled to pension benefits and who did not appeal such termination, may submit an application for pension benefits. Such application shall be filed no later than thirty days from February 11, 1997, the effective date of this revised subsection.

F. Retirement pension of regular part-time employees who elect to participate in the fund will be calculated as follows:

1. For purposes of calculating benefits earned from regular part-time service, service credit shall be accrued as follows: for each year worked, or

part thereof, the number of hours actually worked will be aggregated and expressed as a ratio of hours worked to a base of full-time equivalent hours over the same period. Service credit so earned shall then be multiplied by two and one-half percent for the persons who first became fund participants before September 1, 2011, or two and one-fourth for the persons who first became fund participants on or after September 1, 2011, of a full-time equivalent yearly final base salary to arrive at the benefit due.

2. Pension service credit time towards eligibility will accrue on a calendar basis, provided the part-time employee has worked a minimum of one thousand hours per year. Part-time service credit towards eligibility will accrue on a pro-rata basis for employees working less than one thousand hours per year.

3. For purposes of benefit calculations for part-time employees, "final pay" shall mean the full-time equivalent base pay for part-time employment, but shall otherwise be defined as currently provided in this chapter.

4. For calculating minimum pensions due in cases of accidental death or job-related disability, the minimum pension will be defined as a pro-rata share of the full-time hours worked in the twelve months preceding death or injury. However, any participant in full-time status at the time of the death or injury shall be entitled to full-time minimum pension, past service history notwithstanding.

5. Minimum regular pension benefits shall be construed as a pro-rata share of the full-time minimum pension wherein the proration will represent the estimated proportion of full-time hours worked over the service life of the retiree.

6. Persons who elect to participate in the pension fund shall have the further option of paying into the fund, in one lump sum, at any time prior to submitting an application for retirement, the amount of contributions which they would have paid, had they been members of the fund from the date of their original appointments, or any late date, but not to include any time during breaks in service, plus interest at the rate of seven and one-half percent per annum, compounded annually, on the total amount for the period from the date when the first contribution would have been made to the date when the total is actually paid. Any buy-back shall be made in one lump sum. In the case of nongrant-funded employees, the city will make corresponding contributions, without interest, in accordance with the formula in effect at such previous time; provided, however, that such participants must pay interest at the current actuarial rate assumption approved by the board on the employer contributions for the portion of buy-back periods which are longer than five years, as well as the interest on participant contributions; further provided, however, that this provision relating to paying interest on employer contributions shall not apply to persons who are eligible for membership on October 12, 1993, the time the ordinance codified in this section is adopted. Periods of buy-back without interest on the employer portion of contribution shall cover the first continuous or intermittent service most immediately contiguous to the date of the buy-back. Periods of buy-back on which interest on the employer portion of contribution is payable shall cover continuous or intermittent service most immediately contiguous to the period of buy-back without payment of interest on the employer portion. Notwithstanding anything contained in this subsection to the contrary, the city or other approved employer shall not pick-up or pre-tax, pursuant to Section 2.64.500, buy-back contribution payments made pursuant to this subsection.

7. A retiree of the pension fund who is rehired as a regular part-time employee by the city and elects to participate in the pension fund, shall have his final pension benefit calculated in two (or more) distinct parts representing the two (or more) distinct periods of service, and as further provided in Section 2.64.120 H. of this Code, as such subsections are germane depending on the applicable facts and circumstances.

G. Limit of benefits.

1. Notwithstanding any other provision herein, the annual benefit provided with respect to

any plan participant who retires and is eligible to receive benefits may not exceed the benefits allowed for a governmental defined benefit plan qualified under Internal Revenue Code Section 401 or its successor statute and such limit shall increase each year to the extent permitted by annual cost-of-living increase adjustments announced by the Secretary of the Treasury under Internal Revenue Code Section 415(d) or a successor statute. Such increased benefit limits shall apply to participants who have retired and are eligible to receive benefits, including participants who have commenced to receive benefits, before the effective date of the adjustment.

2. If the combined benefits from two or more defined benefit plans sponsored by the city would otherwise exceed the limits imposed by subparagraph 1. and Internal Revenue Code Section 415(b) or successor statutes, the benefits provided under this plan shall be reduced to the extent necessary to comply with those requirements. (Ord. 16619 §§ 9—11, 2007; Ord. 16076 § 10, 2005; Ord. 16075, 2005; Ord. 13219 (part), 1997; Ord. 13086 §§ 1, 2, 1997; Ord. 11680 (part), 1993; Ord. 11593 (part), 1993; Ord. 9684, 1989; Ord. 8348, 1985; Ord. 8145 (part), 1984; prior code § 17-7)
(Ord. No. 17637, § 6, 8-30-2011; Ord. No. 18089, §§ 6, 7, 9, 10-29-2013; Ord. No. 18782, § k, 4-17-2018; Ord. No. 019688, § 2, 11-19-2024)

2.64.205 Proportionate retirement benefits.

When an employee who is a member of the city employees' pension fund joins another city-sponsored pension fund which has elected to participate in a proportionate retirement program pursuant to Chapter 803 of the Texas Government Code (Chapter 803), the applicable benefit payable from the city employees' pension fund will be based upon the service credit earned while the employee contributed to the city employees' pension fund. The benefits available to those employees who no longer participate by contributing to the city employees' pension fund are generally the same as those provided to employees who do not participate in more than one pension fund participating in a proportionate retirement program. The proportionate retirement benefits available to such employees shall be the same as those retirement benefits available to employees who do not stop making pension contributions to the city employees' pension fund.

A. The following rules shall apply for the purpose of calculating proportionate retirement benefits under Chapter 803 for those city employees who transfer to another city-sponsored pension fund which has adopted Chapter 803:

1. A person who becomes ineligible for membership in the city employees' pension fund due to a transfer to a job while in the city employment and who desires to maintain membership in the city employees' pension fund will be allowed to continue membership in the city employees' pension fund for the limited purpose of deferring benefits under the city employees' pension fund.

2. The amount of sick leave which may be used for the purpose of calculating credited service shall be the accumulated amount on the day that the employee stops making pension contributions to the city employees' pension fund.

3. The final pay for purposes of retirement calculations will be calculated under either subsection A. or B., as applicable:

a. For employees who first became fund participants before September I, 20 II, the final pay for purposes of retirement calculations will be the monthly average of the pensionable gross compensation received by the employee for the last three years prior to the date that the employee stops making pension contributions to the city employees' pension fund, or the monthly average of the base salary received by the employee for the year immediately prior to the date that the employee stops making pension contributions to the city employees' pension fund, or the monthly base salary pay the employee is entitled to receive for the month immediately prior to the date that the employee stops making pension contributions to the city employees' pension fund, whichever is greater, or

b. For employees who first became fund participants on or after September 1, 2011, the final pay for purposes of retirement calculations shall be the monthly average of the pensionable gross compensation received by the participant during the last three years immediately preceding retirement (for purposes of 2.64.00(F)), the last three years immediately preceding retirement shall mean the last three years immediately preceding retirement which the participant received service credit); provided, however, that under no circumstance shall said final pay exceed ninety percent of the participant's average monthly gross pay.

4. For the sole purpose of allowing refunds any employee who begins participation in another city sponsored pension fund may make a one-time election to receive a refund from the city employees' pension fund for contributions made to the city employees' pension fund if such election is made within thirty days after contributions to the city employees' pension fund have stopped. Such election is irrevocable. A person who receives a refund of pension contributions ceases to be a participant in the city employees' pension fund upon receipt of such refund, and forfeits all rights to a proportionate retirement pension from the city employees' pension fund under Chapter 803.

5. No employee who transfers to another city sponsored pension fund which participates in a proportionate retirement program shall be allowed to increase his length of service in the city employees' pension fund by paying back into the fund any amount unless the buyback is made by the time the employee's contributions to the city employees' pension fund stop.

6. Any employee who participates in a proportionate share retirement program must make an application for any type of disability retirement before contributions to the city employees' pension fund stop.

B. Should the city employees' pension fund not elect to participate in a proportionate share retirement program as defined in Chapter 803 of the Texas Government Code by August 31, 2000 then this section shall automatically be repealed as of September 1, 2000. (Ord. 14410, 2000)
(Ord. No. 17637, § 7, 8-30-2011; Ord. No. 18089, § 7, 10-29-2013)

2.64.210 Disability pensions.

For purposes of this chapter, "disability" shall mean the condition of a significant impairment of physical, neurological, cognitive, or ambulatory abilities, or combination thereof, to such an extent that a participant is unable to perform a job for which he is qualified by training and experience, and where medical improvement of the impairment or combination thereof does not have medically reasonable prognosis for improvement under the conditions at the time of the application for disability.

A. Whenever a participant (as limited by Section 2.64.120) shall become disabled, through no fault of his own, as the result of a job-related injury or cause, be entitled to be retired from his employment and to receive a pension in the same amount as specified in Section 2.64.200, the amount of which shall be determined by and based on whether the person was first a fund participant before September 1, 2011, or first a fond participant on or after September 1, 2011. This subsection shall apply only to original applications filed on or after February 4, 1992.

B. Whenever a participant (as limited by Section 2.64.120) shall have completed seven years of pension credited service with the city or other approved employer and shall become-disabled, through no fault of his own, from any cause not related to his job with the city or other approved employer, and shall make written application therefor, within 30 days of his termination date, approved by the board of trustees, he shall-be entitled to be retired from his employment and to receive a pension in the same amount as specified in Section 2.64.200. If such disability occurs before completion of seven years of pension credited service, the participant so disabled shall be entitled to receive a refund of the amount he paid into the fond, in accordance with Section 2.64.200. This subsection shall apply only to original applications filed on or after February 4, 1992.

C. No participant shall become entitled to receive a disability pension benefit under this section if the disability is a result of:

1. Excessive and habitual use by the participant of illegal drugs, intoxicants or narcotics;

2. Injury or disease sustained by the participant while willfully and illegally participating in fights, riots, civil insurrections or while committing a felony;

3. Intentionally deleted per amendment

4. Injury or disease sustained by the participant diagnosed or discovered subsequent to the date his employment has terminated;

5. Intentionally deleted per amendment

6. Any attempt at suicide while sane or insane, or by injuries intentionally self-inflicted.

D. The participant must provide medical evidence, to include a physician's opinion, to support the application. The board may require additional medical examination and opinion by a physician selected by the board. Physicians conducting examinations or submitting opinions in connection with a disability pension application must be licensed to practice medicine in the United States. The board's determination of fact as to disability shall be final and conclusive on all parties.

E. Disability pension benefits approved under this section shall continue for as long as the individual concerned remains disabled as defined in this section, subject to subsection F. of this section. A disabled individual may be required to submit verification, on a prescribed schedule, that he is still disabled as defined in this section.

F. If a disabled individual who is receiving a disability pension benefit pursuant to this section is gainfully employed while receiving such disability benefit, his disability pension benefit may be reduced or terminated as follows: If the salary or wage from employment plus the disability pension benefit exceed the salary he was receiving as a city employee or employee of another approved employer, the disability pension benefit shall be reduced to such a level that the total income from employment plus the disability pension benefit does not exceed the salary he was receiving as a city employee or employee of another approved employer. If the salary from employment exceeds the salary he was receiving as a city employee or employee of another approved employer, the disability pension benefit will be discontinued. A disabled individual receiving a pension benefit under this section may be required to provide documentation of additional earned income as deemed necessary by the board. Failure to provide such documentation when requested by the board shall be cause for discontinuing the disability pension benefit. In the event that an individual's disability pension benefit is discontinued due to gainful employment, as provided herein, he will receive the excess, if any, of his contributions over the benefit payments he has received and he shall not be entitled to future benefits under the plan. All decisions of the board regarding reduction or termination of benefit payments shall be final and binding on the parties.

G. An application for a disability pension under Section 2.64.210 shall be filed within thirty days of the participant's termination date. The phrase "termination date" shall mean the date when a participant separates from service from the city, whether voluntary or involuntary, whereby pension contributions may no longer be made for the benefit of the participant by either the participant or the city. (Ord. 11261, 1992; Ord. 10897 (part), 1992: prior code § 17-8)
(Ord. No. 17637, § 8, 8-30-2011; Ord. No. 18782, § l—n, 4-17-2018; Ord. No. 019688, § 5, 11-19-2024)

2.64.220 Repayment of contributions.

A. Participant permanently separated after February 28, 1955. Any participant who is permanently separated from the city service after February 28, 1955, without becoming entitled to benefits under the pension system shall be entitled to repayment of all contributions made by him to the pension fund. Whenever a plan participant who is eligible or not eligible for retirement from city service under either section 2.64.200 A.1. or 2.

decides to retire from service, such plan participant may take a lump sum refund of contributions.

B. Sections 2.64.230 E. and 2.64.26 C. not repealed. Nothing herein shall repeal or affect the provisions of Section 2.64.230 E., relating to repayment of contributions in case of death, or Section 2.64.260 C., relating to repayment of the fund of withdrawn contributions after a service break.

C. Separation before March 1, 1955 and reemployment. A participant who was separated from the city service before March 1, 1955, thereby losing the contributions made by him to the fund, and who was later reemployed by the city and again separated from the service when contributions were refundable, shall not be entitled to refund of those contributions which he made to the fund prior to March 1, 1955, unless the interval between his periods of employment was less than two years.

D. Refund by secretary of board. When a person is entitled to refund of contributions under this section, the secretary of the board of trustees may authorize such refund without referring the matter to the board if the person's right to the refund is certified by the human resources director. The secretary may, however, if in doubt as to the person's rights, order the application for refund referred to the board.

E. Other refunds by board. All other applications for refund shall be referred to the board.

F. Employee who dies without leaving widow or child under nineteen. When a participant dies after the effective date of this amendment and before becoming entitled to benefits under the pension system, and does not leave a widow or any child under nineteen years of age, the executor or administrator of his estate shall be entitled, upon application therefor, to repayment of all contributions made by the participant to the pension fund. Provided, if such participant leaves a child or children under nineteen years of age, entitled to benefits under Section 2.64.230, such benefits shall be paid to the child or children, and the total amount thereof deducted from the total of his contributions, and the balance then paid to his executor or administrator. Payments made to an executor or administrator under this subsection G. shall be subject to all the limitations and other provisions applicable to refund of contributions of employees permanently separated from the city service or service with another approved employer, as set forth in the other subsections of this section.

To facilitate the repayment of contributions and avoid the expense of administration on the employee's estate, a participant may file with the human resources director a written authorization designating a person to whom his contributions shall be repaid (when repayment is authorized under this chapter) if the participant dies without leaving a widow or a child under nineteen and if within thirty days after his death no application has been filed for probate of a will or appointment of an administrator. The person so designated must be over twenty-one years of age. The participant may, by written direction filed with the human resources director, withdraw or change such designation without the consent of the person designated.

If a participant who could have filed such designation has not done so, or if the person designated cannot be found or has become non sui juris, and there is no widow or child under nineteen, surviving and no application has been made within thirty days after the participant's death for probate of a will or appointment of an administrator, the board of trustees in its discretion and upon its finding that administration on the estate would be unduly expensive in comparison with the amount to be repaid, may authorize the repayment of such contributions, or an appropriate part thereof, to any person or persons who show they have a valid claim against the estate for funeral expenses or expenses of the participant's last illness, and who agree to indemnify the fund against any claims which may be made to such refund by orders.

G. Interest on participant contributions refunded. No interest will be paid on contributions refunded if the participant has not completed either five years of service credit for a person who was first a fund participant before September 1, 2011, or seven years of service credit for a participant who was first a fund participant on or after September 1, 2011 with the city or with another approved employer. If the participant who has completed the requisite number of years of service credit as set forth immediately above dies or is permanently separated from the service, under circumstances entitling him, his widow or children, or his estate to refund of his contributions, the refund will be increased by the applicable amount of interest compounded annually on all his contributions for the period that such contributions have remained in the fund: either five and one-half percent for persons who first became fund participants before September 1, 2011, or three percent for persons who first became fund participants or after September 1, 2011.

H. As used in this section, the term "contributions" shall exclude any interest paid by a participant on any buy-back contribution payments made under the provisions of this Code, and under no circumstances shall a participant be entitled to a refund of such interest nor be entitled to receive any portion of the employer's contributions.

I. Direct rollovers.

1. A beneficiary may elect, at the time and in the manner prescribed by the board of trustees, to have any portion of an eligible rollover distribution (as defined in Treasury Regulation section 1.402(c)-2, successor statute, or other applicable sections or regulations) paid directly to an eligible retirement plan (as defined in Treasury Regulation section 1.402(c)-2 Q&A(2), successor statute, or other applicable sections and regulations) specified by the beneficiary in a direct rollover. For purposes of this subsection the relevant rules and regulations under the Internal Revenue Code and Treasury Regulations governing eligible rollover distribution shall apply, including without limitation Internal Revenue Code sections 402(c), 401(a), 408(a)—(b), 403(a), 457(b), and their successor statutes.

2. For purposes of this section dealing with eligible rollover or distributions, a "beneficiary" shall include an employee or former employee. In addition, the employee's or former employee's surviving spouse or designated beneficiary ("Non-Spouse Designated Beneficiary") is a beneficiary, and the employee's or former employee's spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Internal Revenue Code Section 414(p) or successor statute, is a beneficiary with regard to the interest of the spouse or the former spouse. (Ord. 16619 § 12, 2007; Ord. 10128, 1990; Ord. 8200, 1984; Ord. 8145 (part), 1984; prior code § 17-9) (Ord. No. 17637, § 9, 8-30-2011; Ord. No. 18089, §§ 5, 8, 10-29-2013)

2.64.230 Death benefits of widows and children.

In case of the death of any participant, whether death occurs before or after retirement of such participant, his widow and children shall be entitled to receive monthly death benefits from such fund, the amount of which shall be determined by and based on whether the person was first a fund participant before September 1, 2011 or was first a fund participant on or after September 1, 2011, in accordance with the following schedules:

A. If the participant leaves a widow but no children, the widow shall receive two-thirds of the amount such participant, if retired, was receiving at the time of his death; or, if such participant was not retired at the time of his death, either (1) two-thirds of the amount he would have been entitled to receive if he had been retired as of the date of his death, or (2) the amount he would have been entitled to receive at the time of his death if he had selected optional retirement settlement (2) prior to death, whichever of the latter two amounts is the greater.

B. If such participant leaves a child or children under nineteen years of age, but leaves no

widow, such child or children under nineteen years of age shall receive an amount equal to that hereinabove provided for a widow with no children, such amount to be equally divided among such children under nineteen years of age, if there be more than one. Such payments shall continue in the same total amount until all such children die, marry or attain the age of nineteen years, whichever shall happen first, but only those who are still under nineteen years of age and married shall participate therein, except:

1. If such children or child is incapacitated because of mental or physical disability, payments shall continue in the same total amount until such children or child dies, marries or recovers, whichever happens first.

2. An incapacitated child or children who are over nineteen years of age at the time of death of the employee shall receive an amount equal to that hereinabove provided for a child or children under nineteen years of age with no widow until such children or child dies, marries or recovers, whichever happens first.

3. The incapacitation shall be determined by the board, and payments may be discontinued at any time by the board on proof that the child or children are not incapacitated. The board's determination as to incapacitation shall be final and conclusive on all parties.

C. If such participant leaves a widow and a child or children under nineteen years of age, the widow shall receive for the joint benefit of herself and such child or children an amount equal to the full pension received by such participant, if retired, or, if he was not retired, the amount he would have been entitled to receive at the date of his death. Such payments shall continue until all of such children die, marry or attain the age of nineteen years, whichever shall happen first; and thereafter the widow shall receive the amount hereinabove provided for a widow with no children. If the widow dies the child or children under nineteen years of age and unmarried shall, thereafter, receive the amount hereinabove provided for a child or children with no widow.

1. If such children or child is incapacitated because of mental or physical disability, payments shall continue in the same total amount until such children or child dies, marries or recovers, whichever happens first.

2. An incapacitated child or children who are over nineteen years of age at the time of death of the widow shall receive an amount equal to that hereinabove provided for a child or children under nineteen years of age with no widow until such children or child dies, marries or recovers, whichever happens first.

3. The incapacitation shall be determined by the board, and payments may be discontinued at any time by the board on proof that the child or children are not incapacitated. The board's determination as to incapacitation shall be final and conclusive on all parties.

D. If the participant leaves a widow and a child or children under nineteen years of age who are not the child or children of such widow, the board of trustees may in its discretion order the death benefits for widow and children to be paid to the widow for the benefit of herself and such child or children; or the board may order one-half of such amount to be paid to the widow for her own benefit and one-half to be paid to such child or children.

E. If a participant who is working at the time that he dies, leaving a widow, and a child or children under nineteen years of age, or either thereof, and such deceased employee, regardless of age at the time of death, shall have completed seven years of pension credited service with the city or other approved employer at the time of death, his widow and child or children under nineteen years of age, or either of them, shall be entitled to receive monthly pension benefits from the pension fund as provided in this section. The widow, and/or child or children under nineteen years of age, of such deceased participant, who elect to receive a refund of such deceased participant's contributions, shall have two years from the date of receipt of said refunds, to repay the refund with interest at the rate of seven and one-half percent per annum and elect to receive survivor benefits. A widow, and/or child or children under nineteen years of

age, of such deceased participant, who elect to repay such refund shall, upon payment if such refund, be entitled to survivor benefits as provided in this section as of the date of such participant's death.

1. If a participant who has contributed to the fund shall die leaving a widow, and a child or children under nineteen years of age, or either thereof, and such deceased participant has not completed seven years of service credit with the city at the time of death, the amount which such deceased participant has himself contributed to such fund shall be paid to such survivors. Payments shall be divided between the survivors or paid to the widow or some other persons for the benefit of the children, in like manner as the case of death benefits.

F. The word "widow" as used in this chapter includes "widower" and means a participant's surviving spouse.

G. A stepchild of a participant shall be entitled to the same benefits as a child, if at the time such rights accrued the stepchild was a member of the participant's family and supported by him.

H. No person shall be deemed a "widow" within the meaning of this chapter if the marriage of such person with the participant was contracted after the participant's retirement.

I. The right of a widow to benefit under this chapter shall terminate upon her death or remarriage. The right of any child shall terminate upon death, marriage or attainment of the age of nineteen years, whichever shall happen first, except the right of any child who is incapacitated because of mental or physical disability shall terminate upon death, marriage or recovery, whichever happens first. Dissolution of the marriage of a child shall not restore such child's right to participate.

J. Whenever payments are made hereunder to a widow for the sole benefit of a child or children, if the board of trustees finds that such payments are not being used for the sole benefit of such child or children, it may order such payments to be made to the child or children instead of to the widow. Whenever payments are made hereunder to a widow for the joint benefit of herself and a child or children, if the board of trustees finds that such payments are not being reasonably used for such joint purposes, it may order one-half of such payment to be made to the widow and one-half to the child or children.

K. Whenever any payment is made under this chapter to a child or children, otherwise than to a widow for their benefit, it shall be made to the legally appointed guardian of the child or children, if there be one; and if there be no legally appointed guardian such payment may be made to any person standing in loco parentis to such child or children, as found from time to time by the board of trustees.

L. In any case in which the participant dies as a result of an accident which occurs in the course of his employment with the city, the benefits payable under this section to the surviving spouse or children or both, shall be the greater of five hundred fifty dollars per month or the amount which they would have been entitled to receive if the participant had been in the city service or the service of another approved employer, thirty years and had reached the age of seventy which amount shall be determined by and based on whether the person was first a fund participant before September 1, 2011 or first a fund participant on or after September 1, 2011 and as further provided in this chapter.

M. For purposes of this section, a decree or order by a court with proper jurisdiction to hear cases regarding the incapacitation of an individual, that declares an individual described in this section as being incapacitated and that appoints a guardian of said individual, shall serve as evidence sufficient to prove incapacitation. However, in the absence of such decree or order, the board may consider any evidence made available to it in order to determine whether an individual is incapacitated. (Ord. 12428, 1995; prior code § 17-11)
(Ord. No. 17637, § 10, 8-30-2011; Ord. No. 019688, § 1, 11-19-2024)

2.64.240 Optional retirement benefits.

A. Until the first payment of a retirement allowance is made, an employee or retired em-

ployee, in lieu of the normal retirement allowance, may elect to have the actuarial equivalent of his retirement applied to a different retirement allowance, payable throughout life in accordance with one of the optional settlements specified in this section.

1. In lieu of the normal retirement allowance, an employee may elect to have the actuarial equivalent of his retirement applied to a different retirement allowance, payable throughout life in accordance with one of the optional settlements specified in this section. This election shall be made at the time the employee applies for retirement.

B. Option settlement 1 consists of the right to have a retirement allowance paid him until his death and, if he dies before he receives the amount of his contributions at retirement, to have the balance at death paid to his estate or to such person, having an insurable interest in his life, as he nominates by written designation duly executed and filed with the board. This settlement option is called a "modified cash refund option" and is available only to an employee without a spouse or an employee who has elected to retire under optional settlement 4 as set out in subsection E of this section.

C. Optional settlement 2 consists of the right to have a monthly retirement allowance paid to him until his death, and thereafter to have the same monthly retirement allowance paid to his spouse until the spouse's death or remarriage.

D. Optional settlement 3 consists of the right to have a monthly retirement allowance paid to him until his death, and thereafter to have one-half of his monthly retirement allowance paid to his spouse until the spouse's death or remarriage.

E. Optional settlement 4 consists of the right to have a monthly retirement allowance paid him until his death. If the employee is married, this option is available only with prior written consent of the spouse.

F. The city council may from time to time adopt by resolution the above optional tables when the council finds that such tables are actuarially equivalent to the retirement benefit available to the employee and the death benefit available to the spouse, set forth in Sections 2.64.200 and 2.64.230.

G. If the employee wishes to receive benefits in accordance with one of the above optional tables applicable to his case, he shall exercise his option at the time he applies for his pension. The employee may not change his election after his application for pension has been approved by the board.

H. If a retired employee who has selected an optional settlement dies and leaves a surviving spouse and an unmarried minor child or children under nineteen years of age the surviving spouse shall receive a pension in accordance with the optional settlement as though there were no unmarried minor children under nineteen and the unmarried minor child or children under nineteen shall receive one-third of the pension that would have been paid to the retired employee had he not selected an optional settlement. If after the death of both the retired employee and the spouse there is a minor child or children entitled to benefits under this section, such child or children shall, so long as qualified, be entitled to receive two-thirds of the amount that would have been received by the employee at the time of retirement if he made no optional selection.

I. Employees who have elected to receive early or deferred pension benefits shall be permitted joint or survivor options on same.

J. In accordance with procedures determined by the board of trustees, the spouse of a participant who applies for retirement shall be informed, in writing, whenever a participant elects an optional retirement benefit in lieu of the normal retirement allowance and shall provide to said spouse a description of options available to the participant. (Ord. 12427, 1995; Ord. 11654, 1993; prior code § 17-11.1)
(Ord. No. 18782, § o, 4-17-2018)

2.64.250 Minimum payments.

If under the provisions of this chapter, an employee is entitled to retirement or disability pension, or a widow, child or children are entitled

to death benefits under Section 2.64.230A, B or C and when the total monthly amount thereof as computed under the provisions of this chapter is less than seventy-five dollars, a minimum of seventy-five dollars per month shall nevertheless be paid. If an employee, or his widow, child or children, or either thereof, are entitled to repayment of the amount he himself has contributed to the pension fund, the minimum provisions of this section do not apply. Provided, if the employee is retired for disability under Section 2.64.210 and such disability is total and permanent and the result of a job-related injury or cause, the minimum monthly payment to the employee, regardless of length of service, shall be not less than two hundred and fifty dollars. (Prior code § 17-12)

2.64.260 Computation of length of service.

A. Credit for Employment Prior to Establishment of Fund. When the right to receive any payment from the pension fund, or the amount of such payment, depends upon the participant's length of service with the city, the participant shall have credit, in computing such length of service, for the full period of time that he has been employed by the city or another approved employer prior to the establishment of such fund in any position which would have entitled him to participate in the fund had it been then in effect.

B. Leave of Absence Without Pay. Any participant on leave of absence without pay from his employment with the city or other approved employer may, at his option, continue to make contributions to the pension fund at the rate he would have paid if he had continued receiving from the city or other approved employer the same salary as he received at the time his leave began, plus the equivalent of the employer's contribution thereon. In such case, the participant shall have the same pension rights as if he were not on a leave of absence. The board of trustees shall provide for the time and manner in which such option may be exercised and such contribution made. The participant may get credit for service during the period of his leave of absence or any part thereof by paying into the pension fund for the period of his leave of absence prior to the submission of his application for retirement. The payment shall be the amount he and the city or other approved employer would have both contributed if he had continued receiving from the city or other approved employer the same salary as he received at the time his leave began. The interest rate will be seven and one-half percent per annum compounded annually for back contribution payments made after January 1, 1981. The time for which he does not contribute shall not be counted for pension purposes as time of employment with the city or other approved employer.

C. Service Breaks.

1. If such employment with the city or other approved employer by a person who was first a fund participant before September 1, 2011 has not been continuous, length of service periods shall be computed by adding the actual time of all periods of employment in any position covered by the pension plan; provided, that:

a. If there be any interval during which the participant was not employed by the city or other approved employer, his time of employment prior to such interval shall be counted if the participant has remained a participant and has not withdrawn contributions under Section 2.64.220.

b. If there be any interval during which the person was not employed by the city or other approved employer and the person had become entitled to the benefits under the plan but was not retired and had withdrawn his contributions under Section 2.64.220, the person shall only receive credit for the length of previous service for which he repays all withdrawn contributions to the fund plus interest thereon at seven and one-half percent per annum compounded annually. A person who is reemployed on or after September 1, 2011, and exercises the option under this section to repay all withdrawn contributions to the fund shall give written notice to the pension administration office of his intent to make the repayment within 30 days after the date of his rehire, and shall make the repayment within 90 days after the date of his

rehire. Such a person who fails to timely submit the notice of intent to make the repayment or fails to timely make the repayment shall become a participant of the fund as applicable to persons first hired on or after September 1, 2011, and be subject to all applicable provisions of this chapter regarding the membership in and entitlement to the benefits under the plan regarding such a separate pension. If such option is exercised, all rights or benefits under the plan which depend upon length of service shall recognize the time of previous employment for which all withdrawn contributions have been made good.

2. If such employment with the city or other approved employer by a person who became a fund participant on or after September 1, 2011 has not been continuous, length of service periods shall be computed by adding the actual time of all periods of employment in any position covered by the pension plan; provided, that:

a. If there be any interval during which the participant was not employed by the city or other approved employer, his time of employment prior to such interval shall be counted if the participant has remained a participant and has not withdrawn contributions under Section 2.64.220.

b. If there be any interval during which the person was not employed by the city or other approved employer and the person had become entitled to the benefits under the plan but was not retired and had withdrawn his contributions under Section 2.64.220, the person shall only receive credit for the length of previous service for which he repays all withdrawn contributions to the fund plus interest thereon at seven and one-half percent per annum compounded annually. A person who exercises the option under this section to repay all withdrawn contributions to the fund shall give written notice to the pension administration office of his intent to make the repayment within 30 days after the date of his rehire, and shall make the repayment within 90 days after the date of his rehire. A person who fails to timely submit the notice of intent to make the repayment or fails to timely make the repayment shall become a participant of the fund as applicable to persons first hired on or after September 1, 2011, and be subject to all applicable provisions of this chapter regarding the membership in and entitlement to the benefits under the plan that starts from the date of his rehire. If such option is exercised, all rights or benefits under the plan which depend upon length of service shall recognize the time of previous employment for which all withdrawn contributions have been made good.

D. Notwithstanding anything to the contrary in this section, participants who are on leave of absence without pay due to military active duty orders or when allowed by the Family Medical Leave Act (FMLA) shall not be required to pay interest on back contributions for periods of time while on active duty or on leave allowed by the FMLA, nor shall they be required to pay the equivalent of the employer's contribution; provided, however, that the employer's contribution shall be paid only when the participant's back contributions have been made.

A participant who dies while on active duty or on leave allowed by the FMLA during a period of leave of absence from the city or other approved employer shall receive service credit for pension purposes the same as if the participant had not been on military active duty or on leave allowed by the FMLA; provided, however, that pension contributions have been made by the participant while on active duty or back contributions are made by persons entitled to survivor benefits under this chapter, in the same manner that the participant would have been entitled to make.

Injury occurring while a participant is on active or inactive duty or while on leave allowed by the FMLA shall not be considered as a job-related injury or cause within the meaning of Section 2.64.210 A of this chapter. The provisions of Section 2.64.210 B shall, however, apply in the case of injury occurring on active or inactive duty or while on leave allowed by the FMLA.

E. For any type of purchase of pension service credit authorized and enumerated in this section, and notwithstanding anything contained in

this section to the contrary, the city or other approved employer shall not pick-up or pre-tax contribution payments made pursuant to this section. (Ord. 16619 § 13, 2007; Ord. 16076 §§ 11, 12, 2005; Ord. 10484, 1991; Ord. 10403, 1991; prior code § 17-13)
(Ord. No. 17637, § 11, 8-30-2011; Ord. No. 18782, § p, q, 4-17-2018)

2.64.270 Pension applications—Hearing—Investigations.

The board of trustees shall hear all applications for pensions or benefits under this chapter, after giving written notice to the applicant and posting a public notice of such hearing on the bulletin board in the city hall for at least seventy-two hours before such hearing. Such public notice shall state the time and place of such hearing, the name of the employee whose rights, or the rights of whose beneficiaries, are the subject of the hearing, and the names of all persons claiming such rights and their relationship to the employee. Any person interested in the pension fund may appear in person or by attorney and contest such application. In connection with such hearings or with investigations of any other matter within its jurisdiction the board may require witnesses to give testimony and may issue subpoenas and subpoenas duces tecum, which may be served by any police officer or any person designated by the board of trustees. When the condition of health of any person receiving or claiming a pension or benefits under this chapter is material, the board of trustees may require such person to undergo a medical examination or examinations by a physician satisfactory to the board, and upon refusal to undergo such examination or examinations the board may diminish, discontinue or disallow such pension or benefits. (Ord. 10345, 1991; prior code § 17-14)

2.64.280 Exemptions from debts.

A. No interest in, claims against or payment from such pension fund shall be liable for the payment of any debt or obligation of the person entitled thereto, and the same shall not be subjected to execution, attachment, garnishment, injunction or other legal process for the collection of any debt or obligation. No interest in or claim against such fund shall be transferred or assigned, or put up as security, and any attempt to transfer or assign the same or to put the same up as security shall be void.

B. Nothing herein shall impair the right of the city council to amend the pension ordinance in any respect, or to change the provisions for repayment of contributions. (Prior code § 17-15)
(Ord. No. 17637, § 12, 8-30-2011)

2.64.290 Extent of city's liability.

All rights under this chapter shall be against such pension fund only and the city shall not be liable therefor except to the extent of its contributions to such fund. (Prior code § 17-17)

2.64.300 Adjustment in monthly benefits.

Effective July 1, 1984, the monthly benefits will be increased by five percent for all persons who are entitled to receive pension or benefits as of May 31, 1984, under the provisions of Section 2.64.200, Retirement pensions, 2.64.210, Disability pensions or 2.64.230, Death benefits of widows and children. (Prior code § 17-18)

2.64.400 Internal Revenue Code application.

Notwithstanding anything else contained in this chapter to the contrary, the benefits, limitations, adjustments and other requirements prescribed in this chapter shall at all times comply with the provisions of the Internal Revenue Code, as amended, and all regulations promulgated under the Internal Revenue Code, the terms of which are specifically incorporated into this chapter by reference. (Ord. 16076 § 13, 2005: Ord. 13219 (part), 1997: Ord. 9957, 1990)

2.64.500 Pick-up of required employee contributions.

A. As provided by Section 414(h)(2), of the Internal Revenue Code of 1986 (26 U.S.C. Section

414(h)(2)), the city shall pick-up and pay an employee's required contribution under the provisions of this chapter. The city's pick-up of employee contributions shall take effect on the first full pay period following May 1, 2007. Although the contributions so picked-up are designated as employee contributions, the contributions shall be treated as contributions being paid by the city in lieu of contributions by the employee for determining tax liability under the Internal Revenue Code of 1986 and are not included in the gross income of the employee or the employee's beneficiary. The employee may not choose to receive the picked-up contributions directly, and the city must pay the picked-up contributions to the fund.

B. Employee contributions picked-up under subsection A of this section are included in the compensation of the employee for purposes of determining benefits and contributions under the fund.

C. The city shall pay the employee contributions from the same source of funds used in paying compensation to the employee by reducing the gross compensation of the employee.

D. The city's pick-up of contributions is limited only to an employee's required contribution and is not applicable to any permissive purchase of pension service credit. (Ord. 16619 § 14, 2007)

ECONOMIC DEVELOPMENT LOAN BOARD

Sections:

2.68.010 **Created—Membership—Appointment.**

2.68.020 **Ex officio members.**

2.68.030 **Terms—Removal.**

2.68.040 **Members not to hold other public offices.**

2.68.050 **Chairman, vice-chairman and secretary—Rules and procedures.**

2.68.060 **Staff support.**

2.68.070 **Duties.**

2.68.010 Created—Membership—Appointment.

The economic development loan board is created and shall consist of seven members who shall be residents of the city. The mayor shall appoint one member and each representative shall appoint one member. Membership will be from the following:

A. Three members will be drawn from the finance community;

B. Four members will be appointed from the business community. (Ord. 8140 § 1 (part), 1984)

2.68.020 Ex officio members.

The following shall be ex officio members with the right to attend meetings and speak on questions before the board; but the ex officio members shall have no vote and shall not be counted for the purpose of making a quorum:

A. One member of city council;

B. Chief administrative officer of the city. (Ord. 8140 § 1 (part), 1984)

2.68.030 Terms—Removal.

A. The terms of office for members of the board, other than ex officio members, shall be for two years and the first board members' terms shall be staggered according to the following schedule:

1. Two members shall be appointed for a term of one year;

2. Two members shall be appointed for a term of two years;

3. Three members shall be appointed for a term of three years.

The appointments set out in this subsection shall be made effective the date of final passage of the ordinance codified in this chapter.

B. Upon expiration of the above appointments, all new appointments shall be for a full three-year term. The members of the board shall serve until their successors are appointed and shall be subject to removal under the terms of the City Charter concerning officers appointed by the mayor. (Ord. 8140 §§ 2, 3, 5, 1984)

2.68.040 Members not to hold other public offices.

No member of the board, or other than ex officio members, shall hold any other office of public honor, trust or profit in the government of the city or county during his term of office. (Ord. 8140 § 6, 1984)

2.68.050 Chairman, vice-chairman and secretary—Rules and procedures.

The board members shall select from among their members a chairman, a vice-chairman, and a secretary who shall keep a record of the transactions of the board, and shall provide the board with data and information relating to the function of the board. The board shall adopt rules and regulations for the government of their own proceedings and recommend to the city council standards for the making and repayment of loans, not inconsistent with the Charter and ordinances of the city. (Ord. 8140 § 7, 1984)

2.68.060 Staff support.

Staff support to this board shall be provided by the city's department of economic development. (Ord. 8140 § 4, 1984)

2.68.070 Duties.

The board shall perform the following duties:

A. Promote, receive, review and approve or deny applications for loans intended to create jobs in the city in accordance with the standards adopted by council;

B. Use the reasonable standard of care of the financial community in reviewing loan applications and in creating standards for repayments of loans;

C. Utilize all repayments of loans in conformity with the ordinance codified in this chapter for further loans. (Ord. 8140 § 8, 1984)

BORDER PATROL LOCAL ACCOUNTABILITY COMMISSION

Sections:

2.70.010 Established.

2.70.020 Purposes.

2.70.030 Membership—Terms.

2.70.040 Duties.

2.70.010 Established.

There is hereby created an advisory body to the mayor and council, a body known as the human relations commission, hereinafter referred to as the commission. (Ord. 11427 § 1, 1993: Ord. 11271 § 1, 1992)

2.70.020 Purposes.

The purposes of the commission are: to foster cooperative relations between the commission and border law enforcement agencies including the United States Border Patrol, the Immigration and Naturalization Service, and the United States Customs Service; to inform the mayor and council regarding the needs, problems, status and conduct of these agencies, as these matters affect the El Paso community and these agencies, particularly as exhibited in their common regard for human dignity and their conduct toward one another. (Ord. 11427 § 2, 1993: Ord. 11271 § 3, 1992)

2.70.030 Membership—Terms.

The commission shall consist of fourteen members to be appointed by the mayor and council. The members shall serve for a period of two years and shall be eligible for reappointment. Members of the commission serving at the time of the adoption of this ordinance shall continue in office until the next inauguration of the mayor and council. (Ord. 11271 § 2, 1992)

2.70.040 Duties.

The commission shall perform the following duties:

A. The commission will select from among their members a chairman, a vice-chairman, and alternate vice-chairman; they shall adopt rules and regulations for the government of their own proceedings, and to carry out the purposes for which the board is created, not inconsistent with the Charter and ordinances of the city. The commission shall have the authority to create subcommittees, both standing and special, comprised of commission members and clothed with the authority that the full commission shall delegate.

B. The commission shall obtain and maintain all appropriate records, with requirements for security and confidentiality strictly observed, in accordance with the Texas Open Records Act.

C. The commission shall conduct hearings and investigations subject to the approval of the mayor and city council and in accordance with the Texas Open Meetings Act, but all hearings and investigations shall be conducted with respect for the dignity, rights and liberties of all persons. The commission, however, will not have the authority to issue subpoenas or subpoenas duces tecum, nor the authority to compel the production of evidence at such hearings.

D. The commission shall report, at least quarterly, to the mayor and council.

E. Members of this commission shall have the same legal protection in the exercise of their legitimate duties as that given to any member of an advisory body to the city council of the City of El Paso. (Ord. 11271 §§ 4, 5, 1992)

Chapter 2.80

CAPITAL IMPROVEMENTS ADVISORY COMMITTEE

Sections:

2.80.010 Capital Improvements Advisory Committee

2.80.010 Capital Improvements Advisory Committee

A. Membership. The Capital Improvements Advisory Committee shall consist of nine members appointed by city council of which at least four shall be representatives of the real estate, development, or building industry who are not employees or officials of a political subdivision or governmental entity and one member shall be a representative of the City's extraterritorial jurisdiction if impact fees are proposed for that area.

B. Terms. At the first meeting of the Capital Improvements Advisory Committee, the terms of office for all nine members will be determined by choosing lots so that four members shall serve for two-year terms and five members shall serve for three-year terms. Upon the expiration of initial terms, and thereafter, all appointments shall be for three-year terms.

C. Duties and Responsibilities.

1. Shall serve in an advisory capacity.

2. Advise and assist the City Council in adopting land use assumptions;

3. Review the capital improvements plan, land use assumptions and impact fees and file written comments in accordance with Section 395 of the Local Government Code and the following:

a. Written comments to the land use assumptions and capital improvements plan shall be filed with the city clerk before the fifth business day before the date of the public hearing on the land use assumptions and capital improvements plan.

b. Written comments to the proposed impact fees shall be filed with the city clerk before the fifth business day before the date of the public hearing on the imposition of impact fees.

4. Monitor and evaluate the implementation of the capital improvements plan;

5. File semiannual reports with respect to the progress of the capital improvements plan and report to City Council any perceived inequities in implementing the plan or imposing the impact fee; and

6. Advise the City Council of the need to update or revise the land use assumptions, capital improvements plan, and impact fee.

7. Other duties as assigned by City Council that relate to impact fees.

D. Meeting rules and procedures generally

1. The planning official shall ensure that the meetings of the Committee are either video streamed or cablecast on the city's government access channel; provided however, that the inability to video stream or cablecast the meeting due to technical difficulties or other difficulties beyond the control of the planning official shall not prevent a scheduled meeting from occurring. No action of the Committee, which is otherwise legal, shall be invalidated merely by reason of the failure to video stream or cablecast the meeting.

2. Any member having a financial interest in property, which is uniquely affected by an item on the Committee agenda, shall disclose such interest prior to participating in the discussion of the item involving the property.

3. Any motion by a member at a duly called meeting shall require a second. After a motion has been made and seconded, discussion of the motion may be had for a reasonable period of time at the direction of the chair. Discussion shall terminate at the direction of the chair or upon a call for a vote on the question by a member of the committee.

4. Whenever any question of procedure may be raised at a committee meeting, the chair shall rule thereon. A member may move to overrule the chair's decision, which may be done only by a majority vote of the members present.

5. Voting on matters may be by voice vote, provided that a roll-call vote shall be taken upon the request of any committee member present.

E. Quorum.

1. A quorum shall consist of five members. The Chair shall have a vote in all matters.

2. No final action shall be taken on any matter except pursuant to a simple majority vote of the members present.

F. Meeting rules and procedures generally.

1. Any motion by a member at a duly called meeting shall require a second. After a motion has been made and seconded, discussion of the motion may be had for a reasonable period of time at the direction of the chair. Discussion shall terminate at the direction of the chair or upon a call for a vote on the question by a member of the committee.

2. Whenever any question of procedure may be raised at a committee meeting, the chair shall rule thereon. A member may move to overrule the chair's decision, which may be done only by a majority vote of the members present.

3. Voting on matters may be by voice vote; provided that a roll-call vote shall be taken upon the request of any committee member present. (Ord. 17016, § 1, 10-28-2008; Ord. No. 17080, § 1, 3-10-2009)

ACCESSIBILITY GRIEVANCE COMMITTEE

Sections:

2.84.010 Created.

2.84.020 Membership—Appointment.

2.84.030 Grievance procedures.

2.84.040 Employment-related issues.

2.84.010 Created.

There is created an accessibility grievance committee to provide prompt and equitable resolution of complaints alleging unlawful discrimination by the city on the basis of handicap, under local ordinances, or accessibility issues under federal laws, including Title II of the Americans with Disabilities Act (July 26, 1990, P.L. 101-336, § 2, 104 Stat. 327, 42 U.S.C.S. 12101) and federal regulations thereto. (Ord. 11524 § 1, 1993; Ord. 10906 § 1, 1992: Ord. 8345 § 1, 1985)

2.84.020 Membership—Appointment.

A. The committee shall consist of nine members to be appointed by the mayor and city council to serve without compensation for a term of three years, except that three members shall be appointed to serve for an initial term of two years.

B. The committee shall select from among their number a chairman and a vice chairman. The director of community and human development shall designate an executive secretary to provide staff support. (Ord. 11524 § 2, 1993; Ord. 10906 § 2, 1992: Ord. 9779 (part), 1989; Ord. 8345 § 2, 1985)

2.84.030 Grievance procedures.

The committee shall create, adopt and make public grievance procedures that incorporate appropriate due process standards and that provide for the prompt and equitable resolution of complaints alleging any action prohibited by Title 24, CFR, Part 8, or the Americans with Disabilities Act, Title II (Public Services), including, but not limited to:

A. Investigating all written allegations of discrimination by the city on the basis of handicap received within a reasonable time of the occurrence giving rise to the allegations; and

B. Attempting to find a voluntary resolution satisfactory to both parties; and

C. Conducting public hearings within a reasonable time after receipt of the complaint if no voluntary resolution is reached and making determinations based on the evidence received; and

D. Making a report and recommendation to the mayor and council if no voluntary resolution is reached and the determination of the committee is unsatisfactory to either party. (Ord. 10906 § 3, 1992: Ord. 10393 § 1, 1991; Ord. 8345 § 3, 1985)

2.84.040 Employment-related issues.

This chapter is not to be construed as conferring any jurisdiction on the accessibility grievance committee in matters pertaining to employment-related issues, including the application and pre-employment processes. (Ord. 10906 § 4, 1992)

Cross reference—Compliance with Ethics Ordinance, § 2.34.030.

Article I. Code of Ethics

2.92.010 Policy and purpose.

A. All city officers and employees have a fiduciary duty to the citizens of the city to be ethical in fulfilling the responsibilities of their positions. At the very least, being ethical includes being disposed to comply with all laws that apply to one's position.

B. Ethical conduct is motivated by sources inside and outside the law. The Texas Local Government, Election and Penal Codes regulate aspects of the conduct of city officers and employees. However, as ethical conduct is more than complying with state codes, the city strongly encourages all of its officers and employees to maintain the highest personal values and standards. While it is impossible to establish specific and exhaustive standards for all situations, the standards established in this chapter are minimum standards below which no city officer or employee's conduct should fall. This chapter has the following purposes:

1. To establish an ethics review commission;

2. To maintain and improve standards of public service;

3. To improve public confidence in the integrity of city government;

4. To provide a process by which officers and employees may identify and resolve ethical issues;

5. To avoid conflicts between the personal interest and the public responsibilities of city officers and employees;

6. To establish minimum standards of conduct to be adhered to by city officers and employees;

7. To require disclosure of private financial interests by certain individuals;

8. To require reporting of certain gifts received by certain individuals;

9. To provide for complaints and resolution of ethical issues and concerns; and

10. To provide penalties for failure to adhere to the minimum standards set forth in this chapter.

C. This chapter is cumulative of and supplemental to all applicable provisions of the City Charter, other city ordinances, and state and federal laws and regulations. Compliance with this chapter does not excuse or relieve any person from any obligation imposed by the City Charter, other city ordinances, or state or federal laws or regulations. The filing of an ethics complaint pursuant to this chapter does not prohibit a person from availing themselves of the various remedies available to them under state or federal laws.

D. To ensure and enhance public confidence in the city government, each city official and employee must not only adhere to the principles of ethical conduct set forth in this Code and compliance therewith, but they must scrupulously avoid the appearance of impropriety at all times. This section shall not be used for the basis of an ethical complaint.
(Ord. No. 19139, § 1, 2-16-2021)

2.92.020 Definitions.

A. For the purposes of this chapter, the following definitions shall apply. This section shall not be used for the basis of an ethical complaint. Terms not defined in this chapter, but defined in the Texas Election Code, shall have the meanings assigned to them in the Texas Election Code.

1. "Affinity" means that two individuals are related to each other by affinity if they are married to each other, or the spouse of one of the individuals is related by consanguinity to the other individual (by marriage). The ending of a marriage by divorce or the death of a spouse ends relationships by affinity created by that marriage unless a child of that marriage is living, in which case the marriage is considered to continue as long as a child of that marriage lives. An individual's relatives within the third degree by affinity are anyone related by consanguinity to the individual's spouse in one of the ways named in the definition of consanguinity in this section; and the spouse of anyone related to the individual by consanguinity in one of the ways named in the definition of consanguinity in this section.

2. "Board" means a board, commission or committee:

a. Which is established to participate in some manner in the conduct of city government, including participation which is merely advisory, whether established by city ordinance or City Charter, interlocal contract, state law or any other lawful means; and

b. Any part of whose membership is appointed by the city council, but does not include a board, commission, or committee, which is the governing body of a separate subdivision of the state.

3. "Candidate" means a person who knowingly and willingly takes affirmative action for the purpose of gaining nomination or election to public office or for the purpose of satisfying financial obligations incurred by the person in connection with the campaign for nomination or election for an elected office of the City of El Paso. Examples of affirmative action include:

a. The filing of a campaign treasurer appointment, except that the filing does not constitute candidacy or an announcement of candidacy for the purposes of the automatic resignation provisions of Article XVI, Section 65, or Article XI, Section 11, of the Texas Constitution;

b. The filing of an application for a place on the ballot;

c. The filing of a declaration of intent to become a candidate or a declaration of write-in candidacy;

d. The making of a public announcement of a definite intent to run for public office in a particular election, regardless of whether the specific office is mentioned in the announcement;

e. Before a public announcement of intent, the making of a statement of definite intent to run for public office and the soliciting of support by letter or other mode of communication;

f. The soliciting or accepting of a campaign contribution or the making of a campaign expenditure;

All references to candidate shall include the candidate's principal campaign committee, whether or not the candidate acts as treasurer for reporting purposes. Candidate shall not include a city official or employee who is a candidate for any other elected office.

4. "City" means the City of El Paso, Texas.

5. "City resources" means any city asset, including but not limited to facilities, equipment, supplies, software, and personnel services.

6. "Clear and convincing" means a measure or degree of proof that produces in a person's mind a firm belief or conviction as to the truth of the allegations sought to be established.

7. "Conducting business with the city" means any natural person who provides goods and services or seeks to provide goods and services to the city, or received or seeks to receive services from the city. This excludes natural persons seeking open records requests.

8. "Confidential information" includes: (a) all information held by the city that is not available to the public under Chapter 552 of the Texas Government Code (Public Information Act); (b) any information from a meeting closed to the public pursuant to Chapter 551 of the Texas Government Code (Open Meetings Act); or (c) any information protected by attorney-client, attorney work product, or other applicable legal privilege.

9. "Consanguinity" means that two individuals are related to each other if one is a descendant of the other, or they share a common ancestor (by blood). An adopted child is considered to be a child of the adoptive parent for this purpose. An individual's relatives within the third degree by consanguinity are the individual's parent or child (relatives in the first degree); brother, sister, grandparent, or grandchild (relatives in the second degree); and great-grandparent, great-grandchild, aunt who is a sister of a parent of the individual, uncle who is a brother of a parent of the individual, nephew who is a child of a brother or sister of the individual, or niece who is a child of a brother or sister of the individual (relatives in the third degree).

10. "Contribution" means a direct or indirect transfer of money, goods, services, or any other thing of value and includes an agreement made or other obligation incurred, whether legally enforceable or not, to make a transfer. The term includes a loan or extension of credit, other than those expressly excluded by the Texas Election Code, and a guarantee of a loan or extension of credit. In-kind expenses, as defined in this section, is not a contribution.

11. "Contributor" means a person making a contribution, including the contributor's spouse.

12. "Days" means calendar days excluding city holidays.

13. "Designated employee" for purposes under this section, means the city manager, deputy city managers, all city department heads or directors, and the executive assistants to the mayor.

14. "Employee" means a person employed and paid a salary by the city whether under civil service or not, including those individuals on a part-time basis and including those officially selected for employment but not yet serving; but does not include an independent contractor or city council member. For purposes of this chapter and for no other purpose, the term employee includes volunteers.

15. "Ex parte communications" means a communication made at a time other than during a public meeting of the ethics review commission, a commission panel, or the city council, excluding documents or information submitted pursuant to the requirements of this chapter and any correspondence or other communications sent to the city attorney.

16. "Frivolous complaint" means a sworn complaint that is groundless and brought in bad faith or groundless and brought for the purpose of harassment.

17. "Gift" means any gift, benefit or other economic gain or economic advantage to an officer or employee or to a relative of an officer or employee.

18. "Honorarium" shall mean a payment, other than reimbursement for meals, travel or lodging expenses, for services provided in connection with addressing an audience or engaging in a seminar.

19. "In-kind expenses" means the value of personal services provided without compensation by any individual who volunteers on behalf of a candidate or political committee and incidental vehicular travel expenses incurred in conjunction with the provision of the personal services.

20. "Mailbox rule" means that a document sent to another person or party by mail is considered served, and a period of limitations begins to run, on the day it is placed, with proper postage and a correct address, into the mailbox. As used in this chapter, the mailbox rule shall apply to the triggering of limitation periods and the calculation of deadlines for providing and responding to written notices.

21. "Ministerial act" means an act performed in a prescribed manner and does not require the exercise of any judgement or discretion.

22. "Newly discovered evidence" means evidence that was in existence at the time of the hearing, but was unknown to the parties involved and could not have been discovered with reasonable diligence before the hearing.

23. "Officeholder" means the incumbent holding an elected city office.

24. "Officer" means a member of the city council any member of a board appointed by the city council, and municipal court judges. It includes any member of a board that functions only in an advisory or study capacity.

25. "Official city business" means a purpose or function related to the duties or activities of office or employment.

26. "Political committee" means a specific purpose political committee or a general purpose political committee as those terms are defined in the Texas Election Code.

27. "Public event, appearances or ceremonies" means those functions, activities and ceremonies conducted by or for the benefit of any governmental entity; a function, activity or ceremony conducted by a non-profit corporation or similar organization formed for educational, scientific, community-betterment or economic development purposes which relates to the purpose for which the non-profit corporation or organization was formed; or a function, activity or ceremony which honors or recognizes the accomplishments of a political, prominent or public figure.

28. "Quasi-judicial proceeding" means by hearing or proceeding held by a public administrative Officer, to include but not be limited to a hearing officer, arbitrator or administrative law judge, who is required to hear or investigate facts and to draw conclusions from them as a basis for his or her official action and to exercise discretion of a judicial nature.

29. "Relative" means a person who is related to an officer or employee as spouse or as any of the following, whether by marriage, blood or adoption: parent, child, brother, sister, aunt, uncle, niece, nephew, grandparent, grandchild, father-in-law, mother-in-law, son-in-law, daughter-in-law, stepfather, stepmother, stepson, step son-in-law, stepdaughter, step daughter-in-law, stepbrother, stepsister, half-brother, half-sister, brother-in-law or sister-in-law.

30. "Resident" means any natural person that resides within the city limits for fourteen or more consecutive days and can provide proof such as a state issued identification card.

31. "Substantial interest in business entity" means the definition provided in Texas Local Government Code Section 171.002 as may be amended.

32. "Volunteer" means an individual who provides services to the city without any expectation of compensation or financial gain and without receiving any compensation or financial gain.

(Ord. No. 19139, § 1, 2-16-2021; Ord. No. 019581, § 7, 12-12-2023; Ord. No. 019620, § 1, 4-23-2024)

Article II. Standards of Conduct

2.92.030 General provisions.

A. Officers or employees:

1. Shall not use their official positions improperly to secure unwarranted privileges or exemp-

tions for themselves, relatives, or others. This provision does not preclude officers or employees from acting in any manner consistent with their official duties or from zealously providing public services to anyone who is entitled to them;

2. A city officer or employee shall not acquire an interest in, or be affected by, any contract, transaction, zoning decision, or other matter, if the official or employee knows, or has reason to know, that the interest will be directly or indirectly affected by impending official action by the city;

3. Shall not participate in making or influencing any city governmental decision or action in which they know that they have any financial interest distinguishable from that of the public generally or from that of other city officers or employees generally;

4. Shall not give reasonable basis by their conduct for the impression that any person can improperly influence, or unduly enjoy their favor in, the performance of their official duties, or that they are unduly affected by the kinship, rank, position or influence of any person;

5. Shall not use his or her position to secure official information about any person or entity for any purpose other than the performance of official responsibilities and duties;

6. Shall not use or disclose, other than in the performance of their official duties or as may be required by law, confidential information gained in the course of or by reason of their positions. This provision applies to former officers and employees as well as to current ones;

7. Shall not utilize city resources or by omission allow city resources to be utilized for personal benefit or the personal benefit of any other person or entity, except to the extent that the benefit received is strictly incidental to the performance of official duties, or to the extent that the person is entitled by law to obtain public services from the city;

8. Shall not transact any business (other than ministerial acts) on behalf of the city with any business entity of which they are officers, agents or members, or in which they have a financial interest. In the event such a circumstance arises, then they shall make known their interest, and:

a. In the case of an officer, abstain from voting on the matter and refrain from discussion of the matter at any time with the other members of the body of which he or she is a member and with any other person or body in city government which may consider the matter; and

b. In the case of an employee, disclose the matter to an appropriate administrative authority within city government so that reassignment or other suitable action may be taken to remove the employee from any further involvement in the matter;

9. Shall not personally provide services for compensation, directly or indirectly, to a person or organization who is requesting an approval, investigation, or determination from the body or department of which the officer or employee is a member. This restriction does not apply to outside employment of an officer if the employment is the officers primary source of income;

10. Shall not accept other employment or engage in outside activities incompatible with the full and proper discharge of their duties and responsibilities with the city, or which might impair their independent judgment in the performance of their public duty;

11. Shall not personally participate in a decision in a matter if the officer or employee is negotiating or has an arrangement concerning prospective employment with a person or organization that has a financial interest in a matter under consideration by or within the jurisdiction of the city, and in the case of an employee if it has been determined by the city manager that a conflict of interest exists. For purposes of this section, the term "decision" shall mean a decision, approval, disapproval, recommendation, investigation or rendering of advice, and the term "matter" shall include but not be limited to a matter, proceeding, application, request for ruling or determination, contract or claim which involves the city. In such instance, the officer or employee shall:

a. In the case of an employee, immediately notify the official responsible for appointment to

his or her position of the nature of the negotiation or arrangement and, if the city manager determines that a conflict of interest exists, follow the instructions of the city manager with regard to further involvement in the matter; or

b. In the case of a board member, immediately notify the board of which he or she is a member of the nature of the negotiation or arrangement and:

i. Refrain from discussing the matter at any time with other board members or members of the city council if the city council will also consider the matter; and

ii. Abstain from voting on the matter; or

c. In the case of a member of the city council, file an affidavit with the city clerk describing the nature of the negotiation or arrangement and:

i. Refrain from discussing the matter at any time with other council members or members of a board that will consider the matter; and

ii. Abstain from voting on the matter;

12. Shall not receive any fee or compensation for their services as officers or employees of the city from any source other than the city, except as may be otherwise provided by law. This shall not prohibit their performing the same or other services for a public or private organization that they perform for the city if there is no conflict with their city duties and responsibilities;

13. Shall not recklessly disregard the established practices or policies of the city relating to the duties assigned to the officer or employee;

14. Shall not, in the case of a member of the city council or an employee, personally represent or appear in behalf of the private interest of another before the city council, or any city board or department; or, if the represented person's interest is adverse to that of the city, represent any person:

a. In any quasi-judicial proceeding involving the city; or

b. In any judicial proceeding to which the city is a party; provided that nothing in this subsection shall preclude:

i. A city council member from speaking or appearing without compensation before the city council or any board or department on behalf of constituents in the course of his or her duties as an elected official;

ii. Any employee from performing the duties of his or her employment;

iii. Any employee from appearing before the city council or any city board or department, in a manner consistent with other city policies and rules, to discuss any general city policies or public issues, including the presentation of viewpoints or petitions of other employees; or

iv. A city council member or an employee from testifying as a witness under subpoena in a judicial or quasi-judicial proceeding; and

15. Shall not, in the case of a board member, personally represent or appear in behalf of the private interests of another:

a. Before the board of which he or she is a member;

b. Before the city council unless the board member discloses his or her status as a board member to the council and the representation or appearance does not relate to a matter that was heard or decided by the board of which the board member is a member or a board that has appellate jurisdiction over the board of which the board member is a member;

c. Before a board which has appellate jurisdiction over the board of which he or she is a member; or

d. In a judicial or quasi-judicial proceeding to which the city or an employee of the city is a party, if the interest of the person being represented is adverse to that of the city or an employee of the city and the subject of the proceeding involves the board on which the board member is serving or the department providing support services to that board.

16. An officer or employee shall not intentionally or knowingly assist or induce, or attempt to assist or induce, any person to violate the provisions in this chapter.

(Ord. No. 19139, § 1, 2-16-2021)

2.92.040 Gifts.

A. An officer or employee shall not solicit, accept, or agree to accept for themselves or a relative, the following:

1. Any gift, of which the known or readily apparent value for each separate gift, exceeds seventy-five dollars in value;

2. Any gift that might reasonably tend to influence them to act improperly in the discharge of official duties, or reasonably tend to improperly reward official conduct; or

3. Any gift from any lobbyist registered under Chapter 2.94 of this Code, of which the known or readily apparent value for each separate gift exceeds ten dollars in value.

B. Special applications. Subsection A above does not include:

1. Political contributions made or received and reported in accordance with the Texas Election Code;

2. Awards, such as plaques, certificates, trophies or personalized mementos, which are reasonable in light of the occasion and publicly presented in recognition of public service;

3. A gift from a relative or a personal, professional, or business relationship independent of the official status of the recipient;

4. Gifts or other tokens of recognition presented by representatives of governmental bodies or political subdivisions who are acting in their official capacities which are accepted for the city or in conjunction with the officeholder duties of an elected official;

5. Commercially reasonable loans made to an officer or employee in the ordinary course of the lender's business;

6. Reasonable hosting, including travel and expenses, entertainment, meals or refreshments furnished in connection with public events, appearances or ceremonies related to official city business, if furnished by the sponsor of such public event; or in connection with attending seminars or workshops, speaking engagements, teaching, or rendering other public assistance to an organization or another governmental entity;

7. An honorarium, transportation or lodging, the acceptance of which is not prohibited under Sections 36.07 and 36.08, Texas Penal Code;

8. A ticket or admission pass, regardless of the actual or face value of the ticket or admission pass, to an event that is sponsored or conducted by the city;

9. A ticket or admission pass, regardless of the actual or face value of the ticket or admission pass, to an event in which the officer or employee is participating in connection with official duties or in which the officer or employee is participating in connection with his spouse's or child's position or duties, provided that the receipt of such ticket is reported as a reportable gift if such reporting is required under Section 2.92.070 B.2. of this Code; and

10. Any solicitation for civil or charitable causes, or admission to a charity event provided by the sponsor of the event, where the offer is unsolicited by the officer or employee.

11. Items received that are of nominal value (less than ten dollars).

(Ord. No. 19139, § 1, 2-16-2021)

2.92.050 Reporting requirements.

A. Financial disclosure.

1. Each officer, excluding elected officials whose financial disclosure requirements are governed by City Charter, and each designated employee, shall file with the city clerk, within ten business days after the date of his appointment, selection or approval by the city council, a statement disclosing:

a. Where, by whom and in what specific capacity that person is employed or self-employed;

b. Membership on boards of directors of corporations, whether organized for profit or not;

c. Partnership interests; and

d. The name and address of any business in which the person has a financial investment, and in the case of mutual funds and other similar pooled investments, the name of the fund or investment. For purposes of this subsection, a financial investment shall not include funds on deposit

with financial institutions such as checking and savings accounts, investments in United States savings bonds, and similar investments that earn simple, compounded or money-market interest rates; unless the person has previously been appointed to a position that requires the filing of a financial disclosure form and the person already has a current financial disclosure form on file with the city clerk.

2. Each person submitting a statement of financial disclosure required under this section shall utilize a form provided by the city clerk, which shall be signed and submitted in hard copy, or submitted electronically or by facsimile as may be provided by the city clerk. The form or submission process shall provide a means by which the submitter affirms his identity and the accuracy of the statements made therein.

3. No person submitting such a statement of financial disclosure must indicate therein the extent of financial involvement in any investments.

4. The members of the boards and commissions identified below and every designated employee shall thereafter file with the city clerk a financial disclosure statement, between June 1st and June 30th of each year while in office or employed by the city. Each person subject to this section shall file a revised financial disclosure form at any time in which the person changes his primary employment or has made changes in financial investments which cumulatively total more than thirty-five percent of the person's total investments. Those persons who have no changes to report regarding the information required to be reported, may, in lieu of filing a complete financial disclosure form, file a short form annual report, provided that they have filed a complete financial disclosure form within the previous five years.

a. Building and standards commission.

b. City plan commission.

c. Civil service commission.

d. Construction board of appeals.

e. Ethics review commission.

f. Historic landmark commission.

g. Parks and recreation board.

h. Public service board.

i. Zoning board of adjustment.

5. Each candidate for elective office and each candidate for appointment to the boards and commissions identified or as a designated employee shall be provided with a notice of financial disclosure requirements at the time of application for such office or employment.

6. Each year, by August 15th, the city clerk shall prepare a report noting whether each person, who is required to file a financial disclosure statement has done so as of the date of the city clerk's report. If the person has not filed their required financial disclosure statement upon the time the city clerk finished the report or the person fails to file their financial disclosure statement within fourteen days of their appointment and they do not already have a current financial disclosure statement on file, the city clerk shall send a written notice by certified mail, return receipt requested, with a copy sent by regular mail, to the person to advise them that they have not filed a financial disclosure statement as required by this section and that they have fourteen days from the date of the letter to file his or her financial disclosure statement. If the person is a board member covered under Section 2.92.050(A)(9)(e), the city clerk will also advise the board member that the failure to timely file the financial disclosure statement will result in the automatic removal of that board member from his or her office. In the event of an unforeseen circumstance, including but not limited to, military service or acute illness or leave without pay under the Family Medical Leave Act, the deadline for receipt by the city clerk is extended until such time as the board member or employee resumes his or her city duties.

7. In the event that a designated employee that reports to the city manager, fails to file a required financial disclosure report, or had filed incomplete or unresponsive information by the deadlines calculated under Section 2.92.050(A)(1) of this section, the city clerk shall notify the individual that the matter is being forwarded to the city manager for appropriate action.

8. In the event that a board member fails to file his or her financial disclosure statement or has filed incomplete or unresponsive information by the deadlines calculated under Section 2.92.050(A)(1), (4), or (9) of this section, the following actions will be taken:

a. In the event that the board member is a member of the civil service commission, the city clerk shall prepare and send a notice of the failure of the civil service commission member to file a financial disclosure statement to each member of the city council for their review and consideration regarding the possible removal of the civil service commission member from office in accordance with Section 6.1-10 of the City Charter.

b. In the event that the board member is a member of the zoning board of adjustment, the city clerk shall prepare and send a notice of the failure of the zoning board of adjustment member to file a financial disclosure statement to each member of the city council for their review and consideration regarding the possible removal of the zoning board of adjustment member from office in accordance with Section 211.008, Texas Local Government Code.

c. In the event that the board member is a member of the public service board other than the mayor, the city clerk shall prepare and send a notice of the failure of the public service board member to file a financial disclosure statement to each member of the city council for their review and consideration regarding the possible removal of the public service board member from office in accordance with the applicable removal provisions contained in any pertinent ordinance adopted by the city for the issuance of water or sewer revenue bonds.

d. In the event that the board member is a member of the El Paso Housing Finance Corporation, the industrial development authority, or other similar corporation organized pursuant to state law, the city clerk shall prepare and send a notice of the failure of the board member to file a financial disclosure statement to each member of the city council for their review and consideration regarding the possible removal of the board member from office in accordance with the applicable removal provisions contained in any articles of agreement or bylaws of the corporation or statutory provisions.

e. In the event that the board member is a member of any other city board subject to the requirement of this section, that board member shall be deemed removed from office without action or review by the city council. The city clerk shall prepare and send a notice of the removal to the board member and to the city council member who had appointed the board member. The removal shall be effective on the date that the notice is deposited in the United States mail or if not mailed, upon delivery to the board member.

9. The removal provision established in Section 2.92.050(A)(9)(e) of this section for the failure of a board member to file a financial disclosure statement shall be in addition to and shall be controlling over any other city ordinance or city council resolution that establishes procedures for the removal of board members.

10. Financial disclosure reports are open records subject to the Texas Open Records Act, and shall be maintained in accordance with the Local Government Records Act.

B. Reporting of gifts.

1. Each officer and designated employee shall keep a written record of all reportable gifts received during his or her term of office or employment.

2. Such record shall be made for each calendar month. The record shall include a description of the reportable gift received; the name of the person and organization giving the reportable gift; the relationship of the donor to the reporter; the value or estimated value of the reportable gift; and the immediate or intended disposition of the reportable gift. A reportable gift consisting of a certificate or admission ticket or pass to a future event or activity shall be deemed to have been received on the date on which the certificate or admission ticket or pass was received, and if such

certificate or admission ticket or pass must be reported under subsection (B)(4)(d), a statement as to the duties performed.

3. Such monthly record shall be submitted to the city clerk on the form she provides no later than the tenth day of the following month for each month during which a reportable gift is received.

4. "Reportable gifts" for purposes under this section shall mean the following:

a. Any gift that is not covered by the special applications under Section 2.92.040 B of this Code, has a value of more than ten dollars, and was conferred on account of the official status of the recipient or in connection with official city business, except as provided below in subsections b, c and d;

b. Any hosting, such as travel and expenses, entertainment, meals or refreshments, that has a value of more than fifty dollars, other than hosting provided on account of kinship or a personal, professional, or business relationship independent of the official status of the recipient;

c. Any award presented in recognition of public service, or an honorarium, with a value of more than fifty dollars; and

d. Any tickets or other admission passes to an event with an actual or face value of more than ten dollars for all tickets or admission passes to the same event received at the same time, except for tickets or admission passes provided by the city for an event that is sponsored or conducted by the city.

5. Any gift, benefit, hosting, honorarium or other economic gain or economic advantage that is refused and returned to the sender within seventy-two hours of receipt shall not constitute a reportable gift under this section.

6. Any gift which exceeds seventy-five dollars in value, which is not covered by the special applications under Section 2.92.040 B of this Code and which is turned over to the city manager within seventy-two hours of receipt for acceptance as a gift to the city, shall not constitute the acceptance of a gift in violation of this Code, provided that the disposition of such gift is reported on a timely filed reportable gift form.

7. The manager, on a monthly basis, shall prepare a report which shall be made available to the public of all gifts that have been turned over to his office for acceptance as a gift to the city.
(Ord. No. 19139, § 1, 2-16-2021)

2.92.060 Restrictions for former city officers and employees.

A. All executive staff or salaried professional employees reporting directly to the city manager as described in Section 6.2-2(H), Unclassified Services of the City Charter, are prohibited during the twelve months after leaving the service or employment of the city, to engage in lobbying activities as a registered lobbyist as regulated in Chapter 2.94 of this Code, or represent any other person or organization in any formal or informal appearance before the city council or a city board or department.

B. An officer or other employee in a position which involves significant reporting, decision-making, advisory, or supervisory responsibility who leaves the service or employment of the city shall not, during the twenty-four months after leaving the service or employment of the city, engage in lobbying activities as a registered lobbyist as regulated in Chapter 2.94 of this Code, or represent any other person or organization in any formal or informal appearance before the city council or a city board or department. For purposes of this subsection only the term "Officers" excludes members of boards and commissions of the city.

C. No former members of the building and standards commission, city plan commission, civil service commission, ethics review commission, historic landmark commission, parks and recreation board, public service board, the zoning board of adjustment, or any other board or commission of the city, shall, during the twelve months after leaving the board or commission, engage in lobbying activities as a registered lobbyist as regulated in Chapter 2,94 of this Code, or represent any person

or organization in any formal or informal appearance before their former respective board or commission.

D. Former officers and employees shall not use for their personal benefit and shall not disclose, except as may be required by law, confidential information gained in the course of or by reason of their positions. This provision shall not prohibit the disclosure of any such information to incumbent city officers or employees to whose duties such information may be pertinent.

E. No person shall, during the twelve months after having served on and left the civil service commission, represent any classified employee of the city before the civil service commission or before a hearing officer appointed by the civil service commission on a disciplinary matter or grievance. Additionally, a person after leaving the civil service commission, shall not represent an employee on any matter before the civil service commission or a hearing officer appointed by the civil service commission that went before the civil service commission during the time that such person served on the civil service commission.

F. No person shall, during the twelve months after having served on and left the civil service commission, be appointed as a hearing officer for the civil service commission.

G. No person appointed as a hearing officer for the civil service commission shall, during the time of service and for twelve months after having served, represent any classified employee of the city before the civil service commission or before a hearing officer appointed by the civil service commission on a disciplinary matter or grievance. A former hearing officer appointed by the civil service commission shall not represent a classified employee on any matter before the civil service commission or a hearing officer appointed by the civil service commission that went before such person during the time he or she served as a hearing officer.

(Ord. No. 19139, § 1, 2-16-2021; Ord. No. 019757, § 1, 7-22-2025)

2.92.070 Campaign finances.

A. Conformity with Texas Election Code. Pursuant to this chapter, candidates, officeholders and political committees participating in city elections may be required to make additional disclosures, to file additional notices, and to comply with certain restrictions not set out in the Texas Election Code. It is not the intent of the city to enact any provision in conflict with or in derogation of the Texas Election Code. The requirements set out in this section are cumulative of those in the Texas Election Code, and nothing in this section shall be construed to limit obligations imposed by the Texas Election Code.

B. Applicability of section.

1. The provisions of this section pertaining to candidates and officeholders shall apply to all persons who have an active appointment of a campaign treasurer by a candidate form on file with the city clerk.

2. Officeholders are subject to the regulations applied to candidates for the office he or she holds.

C. Campaign contributions.

1. An individual shall not make a contribution in support of, or opposition to, a candidate for city office under a name other than the name by which the individual is identified for legal purposes.

2. A contribution must be made in the name of the individual who owns and is contributing the thing of value, and one individual shall not make a contribution on behalf of another individual.

3. It shall be unlawful for any person who is an adverse party in any pending litigation against the city, or who has an ownership interest of ten percent or more in any entity that is an adverse party to the city in any pending litigation to contribute or donate any funds to any candidate for city office if the litigation seeks recovery of an unspecified amount or of an amount in excess of twenty-five thousand dollars, exclusive of costs of court and attorneys' fees. Such restriction shall not be applicable to attorneys representing a person or entity in pending litigation against the city. It shall be the duty of any candidate to refuse to accept

any contribution that may be offered by a person who is known to the candidate to have a litigation interest described in this section. In the event that any candidate unknowingly accepts a contribution in contravention of the foregoing provision, then it shall be the duty of the candidate to return the contribution within ten days after the candidate becomes aware of the litigation.

D. Required filings.

1. Each candidate shall file with his application, consent and affidavit of candidate, a written statement acknowledging that he or she has received a copy of the city's campaign finance regulations.

2. A political committee which makes contributions or expenditures in connection with advocating or opposing a position or issue in a city election must file with the city clerk a copy of each contribution and expenditure report filed with the Texas Ethics Commission. The filing date for filing with the city clerk shall be the date established under the Texas Election Code for filing with the Texas Ethics Commission.

3. The starting and ending dates of reporting periods and the due dates of contribution and expenditure reports by candidates for city elections, officeholders and by political committees shall be governed by the Texas Election Code.

4. Contribution and expenditure reports required to be filed with the city clerk's office under the Texas Election Code must be filed and updated electronically except as provided in Section 2.92.070(D)(4)(b).

a. The city will provide access to computer equipment for candidates to file the electronic reports.

b. A candidate, officeholder, or political committee that is required to file electronic reports under this chapter may apply for an exemption with the city clerk if:

i. The candidate, officeholder, or campaign treasurer of the committee files with the city clerk's office an affidavit stating that the candidate, officeholder, or committee, or a person with whom the candidate, officeholder, or committee contracts does not use computer equipment to keep the current records of political contributions, political expenditures, or persons making political contributions to the candidate, officeholder, or committee; and

ii. The candidate, officeholder, or committee does not, in a calendar year, accept political contributions that in the aggregate exceed the greater of twenty thousand dollars or the amount stated in Section 254.036(C)(2) of the Texas Election Code, as amended, or make political expenditures that in the aggregate exceed the greater of twenty thousand dollars or the amount stated in Section 254.036(C)(2) of the Texas Election Code, as amended.

c. The city will post the contribution and expenditure reports through the city's website. A paper copy of any report will be made available, upon written request.

d. Failing to timely file a report required by this section is a violation hereof, as is the filing of a report with incorrect, misleading, or incomplete information. If an individual inadvertently files an incorrect or incomplete report, it is his or her responsibility to file an amended report as soon as possible, though no later than fourteen days after discovery of the error or after the error should have reasonably been discovered.

E. Complaints.

1. Individuals may file a complaint alleging noncompliance with this section by an officeholder by submitting the matter to the ethics review commission in the same manner as provided in Section 2.92.160 of this chapter.

2. If the city clerk receives a written complaint alleging noncompliance with this section or if the city clerk determines that a required report of a candidate, officeholder or political committee has not been filed by the deadline imposed by this section or state law, the city clerk shall forward this information to the city attorney for investigation and appropriate enforcement action or submission to the ethics review commission, if warranted.

F. Severability. It is the intent of the city that this section shall comply in all respects with applicable provisions of the United States Constitution, the Texas Constitution, and the charter of the city. If any provision of this section is declared by a court of law to be illegal, void, invalid, or unconstitutional or in violation of the City Charter, such holding shall not affect the validity of the remaining portions of this section, and such remaining portions shall remain in full force and effect.
(Ord. No. 19139, § 1, 2-16-2021)

2.92.080 Disclosure of campaign contributions and donations.

A. The following definition applies to these terms as used in this section: "Contribution" and "contributor" are as defined in this chapter, and shall include, but not be limited to cash, loans, offsets to expenditures, in-kind contributions, donations, and gifts. "Donation" means cash and the value of any in-kind contributions or gifts to the council member for use by their office or in their district. The term "donor" includes an individual and spouse, a business entity, or and individual who owns a business entity in whole or in part, or is operated by the individual, that is the subject of a council agenda item. "Benefiting" as used in this section shall include but not be limited to any contract, bid award, franchise, permit, zoning or rezoning, and other award that council will vote on.

B. Reporting of Contributions and Donations by Council Member. Council members must verbally disclose the amount of any contributions or donations received totaling an aggregate of five hundred dollars or more prior to discussion or vote on any council item benefiting the contributor or donor. This requirement includes any contribution received at any time during the council member's campaign(s) or term(s) of office for city council. Such member shall file a written notation with the city clerk to be included with the agenda backup documentation. This disclosure shall be recorded in the minutes of the meeting.

C. Reporting of Contributions and Donations by Contributors. No later than one week prior to the relevant council meeting, a donor or contributor benefiting from an agenda item, and who has contributed or donated an accumulated total of five hundred dollars or more to any current member of city council or to the city through their office for use by the member's office or in their district at any time during their campaign(s) or term(s) of city office shall notify the city of the amount and to whom. It shall be the responsibility of the contributor or donor to report the contribution so the notice of the contribution is posted on the city council agenda with the posting for the relevant item.

D. These requirements shall apply to all meetings of the city council.

E. A member of the city council, or any candidate accepts a campaign contribution from a contributor of five hundred dollars or more, shall report the amount and the donor by an item for notation on the consent agenda of a city council meeting within thirty days of the date of such contribution by submitting a memo to the city clerk no later than noon on the Wednesday one week prior to the relevant city council meeting.

F. No later than thirty calendar days after the end of each fiscal year, each member of council shall file a report listing all campaign contributions and donations to the city for use by their office received during that fiscal year, to include the identity and address of each contributor or donor, and the total amount received from each contributor or donor.

G. No action of the council which is otherwise legal shall be invalidated merely by reason of the disclosure of a campaign contribution by a member of the city council or the failure of a member to disclose a campaign contribution or donation.
(Ord. No. 19139, § 1, 2-16-2021; Ord. No. 019581, § 1, 12-12-2023; Ord. No. 019620, § 2, 4-23-2024)

2.92.090 Ethics training.

A. This subsection applies to all city officers.

1. Each officer shall complete the courses of training regarding the regulations and requirements of Chapters 2.92 and 2.94 of the City Code, as provided herein.

2. Each officer shall complete an initial course of training within ninety days after the effective date of this chapter.

3. Each board, committee and commission member shall complete an initial course of training within ninety days after the effective date of this chapter.

4. Each officer taking office for the first time on and after shall complete the course of training within sixty days after taking the oath of office.

5. Each board, committee and commission member who is appointed to any board, committee or commission on and after January 1, 2013, and who has not completed the initial course of training or a refresher training course within the three years prior to the date the person takes the oath of office, shall complete the initial course of training within ninety days after the date the person takes the oath of office.

6. Each officer shall thereafter complete refresher training courses as provided in subsection (C).

B. This subsection applies to all city employees.

1. Each city employee shall complete the courses of training regarding the regulations and requirements of Chapters 2.92 and 2.94 of the City Code, as provided herein.

2. All employees shall complete an initial course of training as part of each employee's participation in a new employee orientation, as established by the city manager or his designee.

3. Each employee shall thereafter complete refresher training courses as provided in subsection (C), or as otherwise directed by the city manager.

C. The courses of training required under this section shall be provided and completed as follows:

1. Each officer and employee shall complete the initial course of training as provided in subsections (A) and (B), as applicable.

2. Each officer shall thereafter complete a refresher training course that will be offered during every third year subsequent to the initial course of training provided during calendar year 2020, with the first refresher course of training to be offered during calendar year 2023.

3. Each employee shall thereafter complete a refresher training course as provided in subsection (C)(2), or as otherwise directed by the city manager.

4. An officer or employee who has completed his initial course of training within the twelve months prior to the start of a calendar year in which refresher training is required is not required to complete the refresher training offered during that immediately-following calendar year, but shall be required to complete all subsequent refresher training courses, as provided herein.

D. The city manager shall ensure that the training required by this section is made available.

1. The training course and refresher training courses shall be developed and provided by the city manager or his designees, and be subject to approval as to form by the city attorney or his designees.

2. The training courses must include instruction in:

a. Requirements relating to the standards of conduct imposed under this chapter, including, but not limited to, the acceptance of gifts;

b. State penal and other laws that relate to ethical conduct;

c. Reporting and disclosure requirements of the ethics ordinance and state law;

d. Basic requirements of the lobbying ordinance and facilitating compliance by others with that chapter;

e. Penalties and other consequences for failure to comply with the ethics and lobbying ordinances; and

f. The application of the ethics ordinance to unique situations relating to the board, commission or committee that the officer has been appointed to, or the application of the ethics ordi-

nance to unique situations relating to the type of work that an employee does or the department he/she is assigned to.

3. The courses of training required under this section may be offered through live instruction or through the use of a video-recorded presentation.

Article III. Ethics Review Commission

2.92.100 Purpose and mission.

A. In order to assist the city council, an ethics review commission of nine members is hereby established.

B. The ethics review commission shall serve as an advisory body to the mayor and city council on matters concerning ethics in government of the city.
(Ord. No. 19139, § 1, 2-16-2021)

2.92.110 Membership.

A. All members of the ethics review commission shall be residents of the city. Members cannot be city employees, hold any city elected office, or be a candidate for any city elected office. A member may contribute to a city political campaign as long as they are compliant with the City Charter.

B. No member of the ethics review commission shall be related within the third degree of consanguinity or within the third degree of affinity to a member of the city council or the city manager.

C. Members shall be appointed for a two-year period, except that appointments made to fill vacancies created during a term shall only serve for the remainder of the term. The term of each appointee shall commence on February 21st and shall terminate on February 20th at the conclusion of the respective term. Terms shall be staggered in the following manner:

Mayor's appointee	Terms expire in even numbered years
District 1 appointee:	Terms expire in even-numbered years
District 2 appointee:	Terms expire in odd-numbered years
District 3 appointee:	Terms expire in even-numbered years
District 4 appointee:	Terms expire in odd-numbered years
District 5 appointee:	Terms expire in odd-numbered years
District 6 appointee:	Terms expire in even-numbered years
District 7 appointee	Terms expire in even-numbered years
District 8 appointee	Terms expire in odd-numbered years

(Ord. No. 19139, § 1, 2-16-2021)

2.92.120 Jurisdiction.

The ethics review commission shall have jurisdiction to review alleged violations of Article II (Standards of conduct) of this chapter by officers, candidates, and political committees that occurred within two years of the complaint being filed. Additionally, the ethics review commission shall have jurisdiction over contributors and donors only to review alleged violations of Section 2.92.080 by contributors or donors who have obligations under that section.
(Ord. No. 19139, § 1, 2-16-2021; Ord. No. 019581, § 2, 12-12-2023)

2.92.130 Duties.

A. The ethics review commission shall meet as necessary to accomplish the following duties. In order to conduct a meeting there must be a quorum of five members of the ethics review commission.

1. Review, evaluate and provide recommendations on issues as requested by the city council.

2. Provide recommendations for the city council regarding orientation programs or procedures for officers and volunteers focusing on education of the importance of ethics in city government and on the provisions of this chapter.

3. Provide information to the community on ethics in city government, as may be necessary for the promotion of the public trust.

4. Issue advisory opinions in the manner set forth in Section 2.92.150 below.

5. Review, evaluate and issue determinations, impose sanctions and provide recommendations to the city council on complaints regarding officers, candidates, political committees, and for compliance with City Code Section 2.92.080, donors or contributors described therein.

6. Provide information on the disposition of specific issues by referring to minutes of commission meetings and ethics review commission reports.

7. Periodically review and propose changes to this chapter and the forms utilized pursuant thereto.

8. Develop guidelines and procedures to promote compliance with this chapter.

9. Prepare written annual reports for the city council. Submit additional reports as needed.

10. Any other duties or assignments that may be directed by city council.

(Ord. No. 19139, § 1, 2-16-2021; Ord. No. 019581, § 3, 12-12-2023)

2.92.140 Procedures.

A. The ethics commission will hold their first meeting every year on or about the first business day after April 1st. At this meeting, they will select a chair and vice chair and adopt rules for their proceedings, which shall be subject to approval by city council. The rules that are adopted must be consistent with the City Charter, city ordinances, and the ethics code, and shall, to the extent possible, be like the rules set up by city council for its own meetings.

B. The chair of the ethics review commission shall make appointments to the advisory opinion panel as needed to issue advisory opinions to officers upon written request. The advisory opinion panel shall never have less than three members of the ethics review commission.

C. The ethics review commission shall be assigned staff by the city manager to assist in its duties, as the city manager and city council deems necessary. In the case that the ethics review commission is hearing a complaint against a member of city council or the city manager, outside legal counsel may be retained when requested by the city attorney at any time during the ethics proceedings to perform his or her duties under Section 2.92.170 of this Code and any other duties for the remainder of the ethics proceeding.

D. The ethics review commission may consolidate into one complaint the following:

1. Multiple complaints against the same officer that involve the same incident; or

2. Multiple complaints against the same officer that involve the same alleged misconduct.

(Ord. No. 19139, § 1, 2-16-2021)

2.92.150 Advisory opinions.

A. By written request to the city attorney, any officer may request an advisory opinion regarding whether his or her proposed conduct would violate this chapter. Within thirty days of receiving the written request, the city attorney shall call a meeting of the advisory opinion panel to review the request. The panel shall meet to confer and issue and advisory opinion. The panel, however, showing a good cause, may decline to issue and advisory opinion or refer the matter to the whole ethics review commission.

B. The city manager may request an advisory opinion regarding the proposed action or conduct of one or more employees by submitting a written request to the city attorney. The city will issue an opinion within thirty days of receiving the advisory opinion request, unless the city attorney, showing good cause, declined to issue an advisory opinion.

C. A person who in good faith acts in accordance with a written advisory opinion issued by the advisory opinion panel or ethics review commission cannot be found to have violated this chapter by engaging in conduct approved in the advisory opinion if:

1. The person requested the issuance of the opinion; or

2. The request for an opinion fairly and accurately disclosed all relevant facts necessary to render an opinion.

(Ord. No. 19139, § 1, 2-16-2021)

2.92.160 Filing a complaint.

A. Any resident of the city (including a member of the ethics review commission), or natural person conducting business with a city who believes a city employee has violated Article II of this chapter may file a sworn complaint to the city's human resources department or to the employee's supervisor.

B.1. Any resident of the city (including a member of the ethics review commission) or natural person conducting business with the city who believes an officer, candidate, political committee, has violated Article II of this chapter within the last two years, may file a sworn complaint with the city clerk.

2. Any resident of the city (including a member of the ethics review commission) or natural person conducting business with the city who believes a contributor, donor, individual, or business entity has violated City Code Section 2.92.080 within the last two years, may file a sworn complaint with the city clerk.

C. Any resident of the city (including a member of the ethics review commission) or natural person conducting business with the city who believes the city attorney, the city manager or the chief internal auditor has violated Article II of this chapter within the last two years, may file a sworn complaint with the mayor and the mayor pro tempore.

D. A complaint filed under this section must be in writing and under oath and must include:

1. The name of the complainant;

2. The telephone number and the mailing address and/or electronic mail address of the complainant;

3. Proof of residence or that the complainant is conducting business with the city;

4. The name of each person complained about;

5. The position or title of each person complained about;

6. The nature of the alleged violation, including the specific provisions of this chapter alleged to have been violated;

7. A statement of the facts explaining the alleged violation and the dates on which or period of time in which the alleged violation occurred; and

8. All other documents or material relating to the alleged violation that the complainant can provide; a list of the documents or materials that are relevant to the alleged violation but are not in possession of the complainant or are unavailable to the complainant, including the location of such documents or materials;

9. An affidavit stating that the information contained in the complaint is either true and correct or that the complainant has good reason to believe and does believe that the facts constitute a violation of this chapter. If the complaint is based on information and belief, the complainant shall state the source and basis of the information and belief. Each complainant, other than a member of the ethics review commission, shall swear to the facts by oath before a notary public or other person authorized by law to administer oaths under penalty of perjury. The complaint must state on its face an allegation that, if true, constitutes a violation of this chapter that is administered and enforced by the commission.

(Ord. No. 19139, § 1, 2-16-2021; Ord. No. 019581, § 4, 12-12-2023)

2.92.170 Complaint review.

A. The city clerk will review a filed complaint to ensure it is properly sworn and complete. If the complaint is missing required information, the city clerk will send the complaint back to the complainant through regular mail and/or electronic mail, and the complainant will have twenty-one days to correct the complaint and refile it otherwise the city clerk may reject the complaint. If the complaint is complete the city clerk will forward the complaint to the city attorney and the

respondent within seven days. If the city attorney refers the complaint to the ethics review commission under subsection 2.92.170(B)(2) below, respondent has fourteen days from notice to respondent of such to file a response with the city clerk.

B. Within twenty-one days of receiving the complaint from the city clerk, the city attorney will either:

1. Dismiss the complaint because it falls outside the ethics review commission's jurisdiction. If a complaint is dismissed in this manner the decision of the city attorney will be final. The city attorney shall provide a copy of the dismissal to the ethics review commission and to the complainant through regular mail or electronic mail; or

2. Refer the complaint to the ethics review commission. Once this occurs, the city attorney may confer with the chair of the ethics review commission and vice-versa about any procedural matters regarding the complaint.

(Ord. No. 19139, § 1, 2-16-2021; Ord. No. 019581, § 5, 12-12-2023)

2.92.180 Ex parte communications.

A. It shall be unlawful to engage in any of the following ex parte communications regarding a complaint that has been filed pursuant to this chapter:

1. For the complainant, the respondent, or any person acting on their behalf, to engage or attempt to engage directly or indirectly about the subject matter or merits of a complaint in ex parte communication with a member of the ethics review commission, a member of the city council, or any known witness to the complaint; or

2. For a member of the ethics review commission, to knowingly entertain an ex parte communication prohibited by subsection (A)(1) above, or to communicate about any issue of fact or law relating to the complaint directly or indirectly with any person other than a member of the ethics review commission.

B. The city attorney or his/her designee conferring with the chair or members of the ethics review commission on procedural matters regarding a complaint shall not be considered prohibited ex parte communications.

C. If a member of the ethics review commission violates this section of the chapter, they shall recuse themselves from any further proceedings regarding the complaint. Should the commission not reach a quorum because members recused themselves, then the city council shall appoint temporary members to the commission to hear the complaint or the chair of the ethics review commission shall appoint a panel with the remaining eligible members to complete the hearing and disposition process. Temporary membership to the ethics review commission expires upon the disposition of a complaint and may only be reinstated by city council if the complaint is to be reconsidered pursuant to the provisions in this chapter.

(Ord. No. 19139, § 1, 2-16-2021)

2.92.190 Hearing.

A. If a complaint is referred to the ethics review commission, the commission must schedule a hearing and provide copies of all relevant documentation to the members of the commission, the complainant, and the respondent within thirty days of being referred the complaint. While the complaint is pending members of the ethics review commission are prohibited from discussing the complaint or matters of the hearing with any officer, the city manager, or other employees of the city, or any other person whether that person is associated with the complaint or not.

B. For all hearings, the person submitting the complaint and any persons named in the complaint will be sent written notice of the date, time, and place of the hearing by the ethics review commission through regular mail and/or electronic mail so each party may attend.

C. If either the complainant or the respondent, or their attorneys, if any, are unable to attend any scheduled hearing, they may request a continuance of the hearing by submitting a written request for continuance to the ethics review commis-

sion through regular mail and/or electronic mail at least five days before the scheduled hearing. The complainant and the respondent, including their attorneys, shall receive one automatic continuance. Any other requests for continuance shall be delivered in writing to the ethics review commission through regular mail and/or electronic mail, and the chair will determine if a continuance will be granted at the next scheduled meeting. The request for continuance must be received at least five days before the scheduled hearing. The commission shall consider if granting continuance promotes fairness to all parties and if there is good cause shown in the request for continuance.

D. The complainant, respondent, either of their attorneys, or any witnesses that have been requested to appear at the hearing may raise questions regarding the proceedings before the ethics review commission or any preliminary issues regarding the scheduled hearing to the attention of the city attorney. The city attorney or his or her designee shall resolve the matters to the extent possible, and if necessary, consult with the commission to determine the appropriate resolution at the commission's scheduled meeting.

E. Only eligible commissioners of the ethics review commission will hear matters referred to the commission as a whole. If a commissioner recuses himself or herself, they will refrain from voting on the matter and from discussing the matter at any time with other commissioners of the ethics review commission. A commissioner shall not be eligible to hear issues under this chapter and shall recuse himself or herself in the following situations:

1. Where, because of familial relationship, employment, investments, or otherwise, his or her impartiality might be questioned;

2. When the commissioner issued the complaint;

3. When the complaint involved the member of city council who nominated him or her for a seat on the ethics review commission;

4. When the commissioner is not present during any portion of the hearing of the complaint. The commissioner shall recuse himself or herself from further hearing and matters regarding the complaint and will no longer be eligible to participate in the disposition of the complaint; or

5. When the complaint involved the member of the city council in whose campaign the commissioner, if during the last twelve months substantially participated by acting as a fundraiser or leader in the campaign, or contributing five hundred dollars or more.

F. General rules for the hearing.

1. The ethics review commission may establish time limits and other rules relating to the participation of any person in the hearing for the purpose of establishing an orderly and fair hearing process for all participants. Such rules shall include determining parameters for opening and closing statements, the roles of the complainant and the respondent, limitations regarding testimony for non-relevant or cumulative witnesses, and the presentation and direct questioning of witnesses by the respondent, complainant, or their attorneys.

2. The respondent and the complainant have the right to attend the hearing, the right to make a statement and present witnesses pursuant to the rules set by the commission for the hearing, and the right to be accompanied by legal counsel or advisor. The respondent and the complainant may be advised by their legal counsel or advisor during the course of the hearing. The legal counsel or advisor of the complainant may not speak on behalf of the complainant, except to represent the complainant while testifying. The respondent, the complainant, or their legal counsel or advisor, may not personally question or cross-examine witnesses, except if the commission has granted them permission to do so.

3. As provided by the City Charter, the ethics review commission shall have the authority to request witness testimony and production. The commission chair or his/her designee on behalf of the commission, shall have the authority to request any and all necessary assistance from city council for the purpose of compelling testimony,

including subpoenaing witnesses in accordance with the procedures set out by the City Charter and city ordinances. The commission will have the authority to bring matters to city council through agenda items properly drafted by the city attorney or his/her designee.

4. The city attorney and his/her designee will disclose any information or evidence actually known to them that would validate and/or negate the alleged violation of this chapter to the ethics review commission and to the respondent.

5. The ethics review commission is not bound by the rules of evidence, but will rely on evidence that a reasonably prudent person commonly relies on in the conduct of their personal affairs. The commission shall hear relevant evidence, but shall not rely on hearsay.

(Ord. No. 19139, § 1, 2-16-2021)

2.92.200 Disposition.

A. After hearing the complaint, the ethics review commission will issue a decision within thirty days based on the information available to the commission through the hearing process. The ethics review commission will:

1. Dismiss a complaint because no violation of this chapter has occurred; or

2. Find that a violation of this chapter has occurred and either find that a sanction is not appropriate, or issue a sanction.

B. If after hearing the issues, the ethics review commission dismisses the complaint or finds that no violation of the ordinance occurred, the commission shall create a written report of their findings or dismissal, and such report shall be filed with the minutes of the meeting in the office of the city clerk, and a copy of the report shall be sent to the parties associated with the complaint by regular mail and/or electronic mail.

C. At this time, the commission may determine if the complaint was frivolous. If the commission determines that a complaint is frivolous, they may issue a sanction provided in subsection D below. If within one year, a complainant is found to have filed more than one frivolous complaint, the complainant will not be able to file further complaints for the following two years. If a complainant who is banned from filing a complaint does so within their prohibited period, the city clerk may refuse to accept the complaint and will notify the commission so an additional two years can be added to the current prohibition.

D. If after hearing the issues, the ethics review commission determines through clear and convincing evidence that a violation of this chapter has occurred, then the ethics review commission may issue on of the following sanctions:

1. Letter of notification. A letter of notification may be issued when the ethics review commission finds that a violation of this chapter was clearly unintentional. A letter of notification may advise the person to whom the letter is directed of any steps to be taken to avoid future violations.

2. Letter of admonition. A letter of admonition may be issued when the ethics review commission finds that the violation of this chapter was minor and/or may have been unintentional, but where the circumstances call for a more substantial response than a letter of notification.

3. Letter of reprimand. A reprimand may be issued when the ethics review commission finds that a violation of this chapter was committed intentionally or through disregard of this chapter.

4. Recommend removal from office. In addition to a letter of reprimand, removal from office may be recommended to the city council for action when the ethics review commission finds that a serious or repeated violation of this chapter was committed by an officer intentionally or through culpable disregard of this chapter.

5. Issue a fine not to exceed five hundred dollars payable to the city comptroller within thirty days of such order by the ethics review commission.

E. If the ethics review commission votes to impose a sanction of a letter of notification, a letter of admonition, or a letter of reprimand, the commission shall prepare a written report of their findings, which shall be filed with the minutes of the meeting in the office of the city clerk. The city

attorney shall draft the letter of sanction per the direction of the commission, file a copy of the letter in the employment file of the person receiving the sanctions where it shall remain as a permanent record, and send a copy of the letter to said person by both regular mail and certified mail, return receipt requested, and/or by electronic mail.

F. If the ethics review commission recommends the imposition of the sanction of removal from office, it shall prepare a written report containing its recommendation. The report will be sent to the city clerk who shall, within fourteen days of receipt, place the matter on the city council agenda for discussion and action by the city council regarding the recommendation of the ethics review commission. The final authority to carry out a recommendation for removal from office shall be with the city council and shall take place in conformity with any other law or requirements for such removal. The recommendation(s) of the ethics review commission may be accepted, rejected, modified or recommitted to the commission for further action or clarification by city council. The city clerk shall, within fourteen days of the date of any city council action taken on a complaint, forward a copy of such action to the chair of the ethics review commission.
(Ord. No. 19139, § 1, 2-16-2021; Ord. No. 019581, § 6, 12-12-2023)

2.92.210 Reconsideration.

If the ethics review commission determines a violation of this chapter has occurred and imposes sanctions, the person who has received the sanctions may petition the ethics review commission to reconsider the matter only if there is newly discovered evidence which was not presented to the ethics review commission during the original proceedings. The person who was sanctioned may request the reconsideration by providing written notice to the city clerk within fourteen days of the date on the ethics review commission's written notice regarding the sanctions. If the sanctioned party does not provide written notice to the city clerk on or before the expiration of the 14th day following the date of the written notice of the sanctions, the decision of the ethics review commission shall be final and no longer eligible for reconsideration.
(Ord. No. 19139, § 1, 2-16-2021)

2.94.010 Purpose.

The city council declares that the operation of responsible democratic government requires that the fullest opportunity be afforded to the people to petition their government for the redress of grievances and to express freely to any city officials their opinions on pending municipal questions and on current issues; and that to preserve and maintain the integrity of the governmental decision-making process in the city, it is necessary that the identity, expenditures, and activities of certain persons who engage in efforts to influence a city official on matters within their official jurisdictions, either by direct communication to the official, or by solicitation of others to engage in such efforts, be regulated and be publicly and regularly disclosed. (Ord. 16300 § 2, 2006)

2.94.020 Definitions.

In this chapter:

"City official" means the mayor, a council member, a city manager or a member of board, commission, and committee set forth in Section 2.94.030 of this chapter.

"Compensation" means money or other tangible thing of value that is received, or is to be received in return for, or in consideration of lobbying services rendered, or to be rendered. Compensation shall not include compensation paid to an individual regularly employed by a person if the compensation paid to the individual is ordinarily paid regardless of whether the individual engages in lobbying activities and lobbying activities are an incidental part of the individual's regular responsibilities to the person paying the compensation. Compensation shall not include the financial gain that a person may realize as a result of the determination of a municipal question, unless that gain is in the form of a contingent fee. Compensation shall be considered received on the date on which the contract or agreement for the compensation is made or on the date lobbying commences, whichever is later.

"Discretionary contract" means any contract other than those which by law must be awarded on a low bid basis. Discretionary contracts do not include those contracts subject to Section 252.022(a)(7) of the Texas Local Government Code or those contracts not involving an exercise of judgment or choice.

"Expenditure" means a payment, distribution, loan, advance, reimbursement, deposit or gift of money or anything of value, including a contract, promise or agreement to make an expenditure, regardless of whether the promise or agreement is legally enforceable. Expenditure shall not include an expenditure paid to an individual regularly employed by the individual engaging in lobbying activities and lobbying activities are an incidental part of the individual's regular responsibilities to the person paying the expenditure.

"Gift" means the conferring of a benefit as defined in Section 2.92.030(A) of this chapter.

"Immediate family" means a spouse residing in the person's household and dependent children.

"Lobby" or "lobbying" means the solicitation of a city official, by private interview, postal or telephonic communications, or any other means other than public expression at a meeting of city

A. This chapter is subject to the provisions of Title 1, Property Tax Code, V.T.C.A. Tax Code. The city shall possess all rights and powers conferred on taxing units by such code to the maximum extent permitted by law. Nothing herein shall constitute a waiver of any such right or power.

B. The taxes, penalties and interest provided for in this chapter are subject to the provisions of V.T.C.A. Tax Code Chapter 32 (Tax Liens and Personal Liability) and Chapter 33 (Delinquency). (Ord. 14544 § 2 (part), 2000)

3.04.025 Additional penalty.

A. Pursuant to Section 33.07 of the Texas Tax Code, taxes that become delinquent on or after February 1st of a year, but not later than May 1st of that year, and that remain delinquent on July 1st of the year in which they become delinquent, incur an additional penalty of fifteen percent of the taxes, penalty and interest due to defray costs of collection.

B. Pursuant to Section 33.08 of the Texas Tax Code, taxes that become delinquent on or after June 1st of the year in which they become delinquent shall incur an additional penalty of fifteen percent of the amount of the taxes, penalty and interest due to defray costs of collection. (Ord. 14544 § 2 (part), 2000)

3.04.035 Exemption—Historically significant sites.

A. Definitions.

1. "Assessed value of the site prior to preservation" means the value assessed by the central appraisal district as of the date the appraisal role is certified of the current tax year in which the applicant receives an approved certificate of appropriateness issued by the historic landmark commission or administratively approved by the historic preservation officer.

2. "Applicant" means the property owner(s) requesting a tax exemption pursuant to this section.

3. "Historic landmark commission" also referred to as the "HLC," means the City of El Paso Historic Landmark Commission created under Title 2 of the El Paso City Code.

4. "Historic preservation officer" also referred to as "HPO," means the person or persons designated by the city manager for the City of El Paso granted authority and duties as designated under Title 2 of the El Paso City Code.

5. "Historically significant site in need of tax relief to encourage preservation," also referred to as "site," means a structure, together with the land necessary for access and use of the structure in need of restoration or rehabilitation and which is designated as one or more of the following:

a. Listed on the National Register of Historic Places;

b. Located in a National Register Historic District and certified by the Secretary of Interior as being of historic significance to the district;

c. Designated as a Recorded Texas Historical Landmark or a state archeological landmark by the Texas Historical Commission;

d. Designated as a historic landmark by the City of El Paso as provided in Title 20 of this Code;

e. Located in a historic district and designated by council under Section 20.20.040 of this Code as a contributing property; or

f. Located in a historic district or an area of potential effect designated by the City of El Paso and the site is shown to be a historically significant site in need of tax relief to encourage its preservation.

6. "Rehabilitation" means the act or process of returning a building, object, site or structure to a state of utility through repair, remodeling or alteration that makes possible an efficient contemporary use while preserving those portions or features of the building, object, site or structure that are significant to its historical, architectural and cultural values.

7. "Restoration" means the act or process of accurately recovering the form and details of a building, object, site or structure and its setting as it appeared at a particular period of time by means of the removal of later work or by the repair or replacement of missing earlier work.

8. "Reviewing authority" means the dity development director or designee for the properties for which this ordinance is applicable that are within the boundaries of an area designated by the city council as an area of potential effect and which are not designated as a historic landmark pursuant to Chapter 20.20 of this Code other than the area of potential effect designated as the Union Plaza area, and means the historic preservation officer for the area of potential effect designated as the Union Plaza area and all other properties for which this ordinance is applicable.

B. Application process.

1. Applicants requesting a tax exemption pursuant to this section shall submit an application on the prescribed form to the reviewing authority, prior to starting any restoration or rehabilitation work on the site in which an exemption request is made, in order to allow the reviewing authority to obtain the appropriate information to make a determination as to whether the site for which the tax exemption is requested meets all applicable criteria for said exemption. The owner of a property located in an area of potential effect, may, prior to the submission of a complete application, request input and guidance from the HPO regarding the potential qualification of the property to be designated as a historically significant site. The provision of such input and guidance shall in no way bind or obligate the city or the HPO to find, upon the completion and submission of an application, that a property is in fact historically significant, but is meant only to offer guidance to a potential applicant with a property in an area of potential effect, where some but not all properties may qualify as being historically significant.

2. An application shall be signed and sworn to by an applicant and shall include the following:

a. Legal description of the property, including the description of the site if less than the entire property, proposed for tax exemption;

b. Affidavit describing the historic significance of the site in need of tax relief;

c. Final complete set of plans for the site's restoration or rehabilitation including the proposed restoration or rehabilitation for the exterior and interior of the site. All proposed plans must address restoration or rehabilitation of both the exterior and the interior unless the applicant provides an inspection report that shows that the interior fully complies with all applicable code requirements and is not in need of restoration or rehabilitation, in which case the plans need only address the exterior of the site;

d. Detailed estimate of costs for the restoration or rehabilitation project work;

e. Proposed construction schedule for the project, not to exceed three years, that includes the projected construction start and completion dates of the restoration or rehabilitation;

f. Written authorization to allow city officials to enter and inspect the site at reasonable times to determine that the site in question is in substantial need of restoration or rehabilitation, and to allow city officials to enter and inspect the site during

and upon completion of construction, and if the exemption is approved, to allow entry by city officials to inspect the site during the entire time period for which the tax exemption is granted;

g. Detailed statement of the proposed use for the site;

h. Copy of the approved certificate of appropriateness issued by the HLC or the HPO when appropriate, or administratively approved by the HPO when authorized by Chapter 20.20 of this Code;

i. Information that demonstrates how the site demonstrates historic integrity and meets the requirements of subsection A.5. of this section, unless the site only meets the criterion in subsection A.5.f., in which case the site must meet one of the criteria set forth in Section 20.20.050 of this Code, and such building or buildings located on the site must be fifty years old or older;

j. A clear identification of what portion of the property should be eligible for tax relief, including the land necessary for access, if the total property owned by the applicant is greater than the dimensions of the site;

k. Photographs and drawings of the site before rehabilitation, including all protected facades and any other area where rehabilitation will be performed; and

l. Provide any additional information to the reviewing authority that the applicant deems relevant or useful.

3. Each application shall contain sufficient documentation confirming or supporting the information submitted therein. Upon receipt of a completed application, the reviewing authority shall be responsible for processing and administering all requirements of this section.

4. Applications for the tax relief pursuant to this section for sites in areas of potential effect shall not be accepted after August 31, 2018.

C. Determination of eligibility process.

1. The application shall be reviewed by the reviewing authority for completeness and shall not be processed until any missing information is supplied by the applicant and the fee has been received. The reviewing authority shall notify the applicant of any information missing from the application.

2. Upon receipt of a completed application, the reviewing authority shall within thirty days approve or disapprove the eligibility of the site for tax relief pursuant to this section. The reviewing authority shall determine whether all requirements of this section have been fulfilled and make the following determinations:

a. The reviewing authority shall verify that all required showings under subsection B. of this section have been made and that satisfactory proof has been submitted;

b. The reviewing authority shall verify that the cost estimates for the restoration or rehabilitation work meets or exceeds twenty percent of the assessed value of the site prior to preservation; and

c. The reviewing authority shall determine and declare what portions of the property constitute the site that will benefit from the tax exemption allowed by this chapter.

3. If the reviewing authority determines that all of the application requirements have been fulfilled, that the cost estimate meets or exceeds twenty percent of the assessed value of the site prior to preservation, the reviewing authority shall designate the declared site as a historically significant site in need of tax relief to encourage its preservation, and approve the eligibility of the site for tax relief pursuant to this section.

4. The reviewing authority shall inform the applicant in writing whether the application has been approved and designation made, or disapproved; and if disapproved, the reviewing authority shall detail the reason(s) for disapproval.

5. If the reviewing authority disapproves the application, an applicant may appeal the reviewing authority's decision as follows.

a. If the property is within the boundaries of an area designated by the city council as an area of potential effect and the property is not designated as a historic landmark pursuant to Chapter 20.20 of this Code, the applicant may appeal to the city

council by filing a written appeal with the city clerk within fifteen days after the disapproval by the reviewing authority. Following a public hearing to be held within thirty days of the filing of a notice of appeal, the city council may uphold or overturn the decision of the reviewing authority and determine that all of the application requirements have been fulfilled and that the cost estimate meets or exceeds twenty percent of the assessed value of the site prior to preservation, and designate the site as a historically significant site in need of tax relief to encourage its preservation and declare the eligibility of the property for tax relief pursuant to this section. The decision of the city council shall be final.

b. For all other properties affected by this ordinance, the applicant may appeal to the HLC by filing a written appeal with the reviewing authority within fifteen days after the disapproval by the reviewing authority. Following a public hearing to be held within thirty days of the filing of such notice of appeal, the HLC shall hear all evidence presented and may uphold or overturn the decision of the reviewing authority and if the HLC finds that the application meets the provisions in this section, issue a determination that all of the application requirements have been fulfilled, designate the site as a historically significant site in need of tax relief to encourage its preservation, and declare the eligibility of the property for tax relief pursuant to this section. The decision of the HLC shall be final.

D. Historic structure preservation tax exemption.

1. If an applicant's site is granted the tax exemption allowed in Section 11.24 of the Texas Tax Code, the city's portion of the assessed ad valorem taxes shall be based on the assessed value of the site prior to preservation, and shall not increase based on the following formula, which shall constitute the amount and time period of the tax exemption:

a. If the value of the improvements is equal to fifty percent or more of the assessed value of the site prior to preservation, the city's portion of the assessed ad valorem taxes shall not be increased for a period of ten years.

b. If the value of the improvements is equal to between forty percent and 49.99 percent of the assessed value of the site prior to preservation, the city's portion of the assessed ad valorem taxes shall not be increased for a period of eight years.

c. If the value of the improvements is equal to between thirty percent and 39.99% of the assessed value of the site prior to preservation, the city's portion of the assessed ad valorem taxes shall not be increased for a period of six years.

d. If the value of the improvements is equal to between twenty percent and 29.99 percent of the assessed value of the site prior to preservation, the city's portion of the assessed ad valorem taxes shall not be increased for a period of four years.

e. If the value of the improvements, for contributing properties located within the downtown historic district only, is equal to fifty percent or more of the assessed value of the site prior to preservation, the historic structure preservation tax exemption shall be for a period of fifteen years.

2. The exemption shall begin on the first day of the first tax year after verification of completion pursuant to the requirements of this section.

3. A subsequent owner may claim the tax exemption granted by city council for the duration previously granted. A subsequent owner must submit an application for claiming a tax exemption for the remainder of the initial exemption granted within one hundred eighty days of taking ownership of the tax exempt property. A subsequent owner must abide by the procedures set forth in subsection F.2. of this section.

4. The restoration or rehabilitation project may be completed in phases in accordance with the construction schedule approved by the reviewing authority as part of the application for tax exemption. The tax exemption shall not be approved by the city council until all phases of the project are completed in accordance with the approved certificate of appropriateness. A project

may be phased over a maximum of a three-year period, and no extensions of time shall be authorized.

E. Verification process.

1. Upon completion of the restoration or rehabilitation project at the site pursuant to an approved certificate of appropriateness and the application for tax exemption, the applicant shall submit a sworn statement of completion of the project to the reviewing authority verifying completion of the work. The applicant's statement shall state the date of completion and shall include a copy of all receipts for labor, materials, and design services documenting the value of the improvements completed.

2. No later than thirty days from receipt of an applicant's statement of completion, the reviewing authority shall investigate the site and verify that the improvements to the site have been completed in accordance with the approved certificate of appropriateness. The structure shall comply with the applicable zoning regulations for its use and location; and shall comply with Title 18 of the El Paso City Code.

3. The reviewing authority shall examine the documentation submitted by the applicant pursuant to subsection E.1. of this section and determine which, if any, percentile range described in subsection D.1. has been met. Such determination shall be made on the actual value of the improvements, regardless of whether the actual value exceeds or is less than the value of the improvements stated in the plan submitted with the approved application.

4. If the reviewing authority determines that the project is not complete or the work performed is not in accordance with the approved certificate of appropriateness, or the value of the improvements as completed does not meet the twenty percent threshold described in subsection D.1. of this section, then the reviewing authority shall notify the applicant by letter that the verification cannot be made. The reviewing authority shall schedule a hearing within thirty days to allow the applicant to present evidence and argument that all applicable requirements of this section have been met. The reviewing authority shall make a final determination within ten days after the conclusion of the hearing.

5. If the reviewing authority verifies and determines that all applicable requirements of this section have been met, the reviewing authority shall present the application, verification, and other relevant documentation to the city council. The city council shall take appropriate action for the granting of the tax exemption for the site.

6. If the reviewing authority makes a final determination that all applicable requirements of this section have not been met, the reviewing authority shall give written notice to the applicant that the verification cannot be made and that the application will not be presented to the city council for the granting of the tax exemption. The applicant may appeal such a final determination by the reviewing authority to the city council by filing a written appeal with the city clerk within fifteen days after the issuance of the determination. Following a public hearing to be held within forty-five days of the filing of such notice of appeal, the city council shall review and determine whether all of applicable requirements of this section have been fulfilled and if such requirements have been fulfilled, take appropriate action for the granting of the tax exemption for the site. The decision of the city council shall be final.

7. If an applicant does not timely complete the project as prescribed in the schedule attached to the approved application, then the application shall be deemed expired and a new application shall be required; provided however, if the applicant has completed enough of the improvements included in the project such that the value of the completed improvements is equal to twenty percent more of the assessed value prior to preservation, the applicant may request a modification to the certificate of appropriateness so as to only include the completed improvements and submit the sworn statement of completion of the project to the reviewing authority verifying completion of

the work. Such a request shall be processed under this section in the same manner as an original application and statement of completion.

F. Historic structure preservation tax exemption.

1. If the city council grants a tax exemption, the reviewing authority shall notify the central appraisal district in writing of the issuance of the exemption, and the letter shall state the applicable tax year when the exemption shall begin, and based on the value of the site prior to preservation, the amount of the exemption, and the time period for such exemption. Thereafter, the central appraisal district shall provide the site with the designated historic tax exemption for the City of El Paso's portion of taxes owed.

2. Once a site qualifies for a tax exemption per this section, the applicant shall maintain the site and the improvements throughout the time period granted for the exemption in accordance with the certificate of appropriateness and in the same or better condition as when originally verified as complete by the reviewing authority. The reviewing authority shall inspect the site on an annual basis to ensure compliance with this section for the duration of the grant of the tax exemption. If the reviewing authority determines that conditions have changed to make the site noncompliant with the certificate of appropriateness or it has not been maintained in the same or better condition as when originally approved, the reviewing authority shall prepare a report detailing the noncompliance or maintenance deficiencies and notify the applicant in writing that the applicant has sixty days in which to cure the noncompliance or maintenance deficiencies. A copy of the reviewing authority's report shall be provided to the applicant.

3. The reviewing authority shall re-inspect the site after the expiration of the sixty days allowed in subsection F.2. of this section to cure the noncompliance or maintenance deficiencies. If the reviewing authority determines at that time that the site is noncompliant with the approved certificate of appropriateness or it has not been maintained in the same or better condition as when originally approved, the reviewing authority shall schedule a hearing within thirty days to allow the applicant to present evidence and argument that the site is compliant with the approved certificate of appropriateness and is being maintained in the same or better condition as when originally verified as complete by the reviewing authority. The reviewing authority shall make a final determination within ten days after the conclusion of the hearing.

4. If the reviewing authority makes a final determination that the site remains noncompliant with the approved certificate of appropriateness or that it is not being maintained in the same or better condition as when originally approved, the reviewing authority shall give written notice of such finding to the applicant and shall present his determination and findings to the city council.

5. The city council shall hold a hearing and notify the applicant of the date, time and place of the hearing so that the applicant may attend and present evidence of compliance with the certificate of appropriateness and maintenance of the site. The city council shall make a finding, based upon the evidence presented by the reviewing authority and the applicant, whether the site is or is not in compliance with the original certificate of appropriateness, and whether the improvements have or have not been maintained in substantially the same condition as was originally approved in the certificate of appropriateness.

6. Prior to making a final decision, the city council may refer the item to the reviewing authority, to gather further information and report the information to the city council. The applicant may present an alternate plan in order to comply with the certificate of appropriateness, and the city council or may amend and approve the alternate plan and issue an amended certificate of appropriateness as part of a finding that the site is qualified to continue to receive the tax exemption. If the city council finds that the site is not in compliance, then the tax exemption for the site shall cease immediately, and the reviewing authority shall no-

tify the central appraisal district of the date of the termination of the exemption. (Ord. 16884 §§ 1—5, 2008; Ord. 16370 § 1, 2006)
(Ord. No. 17232, § 1, 11-3-2009; Ord. No. 17395, § 2, 8-24-2010, eff. 9-1-2010; Ord. No. 17427, § 1, 10-5-2010; Ord. No. 17806, § 2, 6-5-2012, eff. 6-11-2012; Ord. No. 17846, § 1, 8-7-2012)

3.04.040 Exemption—Residence homestead.

A. Effective January 1, 2025, forty-five thousand dollars of the market value of the residence homestead owned by any person, married or unmarried, including those living alone, who is either (1) under a disability, as defined for purposes of payment of disability insurance benefits under Federal Old-Age, Survivors and Disability Insurance Program or its successor; or (2) sixty-five years of age or older, shall be exempt from all ad valorem taxes hereafter levied by the city for that tax year, as provided by state law.

B. An eligible disabled person who is sixty-five years of age or older may not receive both exemptions from the city in the same year, but may choose either.

C. An exemption shall not, however, be effective in any year unless the owner of the homestead claims the exemption for that year by filing a rendition giving the description of the property, the owner's name, and the day and year of his birth, and stating that he is the owner of the property and it is his residence homestead. In addition, if the owner is claiming an exemption as an eligible disabled person, the owner shall attach to the rendition a written statement from the Social Security Administration indicating that the owner was under a disability for purposes of payment of disability insurance benefits under Federal Old Age Survivors and Disability Insurance or its successor as required by state law. The rendition shall be verified by the affidavit of the owner, or someone authorized by him and having personal knowledge of the facts. In case of doubt about any of the information so given the tax assessor or his deputy may make a reasonable requirement of supporting evidence. (Ord. 16028 §§ 1, 2, 2005; prior code § 8-6)
(Ord. No. 17877, § 1, 9-18-2012; Ord. No. 19200, § 1, 6-22-2021; Ord. No. 019768, § 1, 8-5-2025)

3.04.042 Exemption—Child-care facilities.

A. Effective January 1, 2024, a qualifying child-care facility, as defined by Texas Tax Code Section 11.36, as may be amended, shall be exempt from one hundred percent of ad valorem taxes hereafter levied by the city for that year.

B. To determine eligibility for the property tax exemption outlined in this Section 3.04.042, a child-care facility must comply with the criteria as outlined in Texas Tax Code Section 11.36, as may be amended.

C. Owners of properties used to operate child-care facilities are required to apply for the tax exemption through the appraisal district in accordance with Texas Tax Code Section 11.43, as may be amended.
(Ord. No. 019632, § 4, 5-7-2024)

3.04.045 Escrow accounts.

A. Taxpayers may enter agreements with the city tax assessor collector to make monthly deposits to an escrow account maintained by the city based on the city's estimate of taxes to be imposed by all entities for which the city collects taxes on all items of property for which the taxpayer requests escrow payment.

B. The city will maintain separate records for taxpayer's account.

C. When it prepares tax bills, the city will apply the money in taxpayer's account to taxes on property to which the agreement applies for each taxing entity for which the city collects taxes and deliver a tax receipt to taxpayer along with a refund of any amount in the account in excess of the amount paid.

D. If the amount in the account is not sufficient to pay the taxes in full, the city will apply the amount in the account in proportion to the amount

of taxes imposed by each entity and issue a tax receipt for partial payment and a tax bill for the unpaid amount.

E. Taxpayer may withdraw all, but not less than all, of the amount in the account before October 1st of the tax year or the time the tax bill is prepared, whichever is earlier. (Ord. 12744, 1996)

3.04.050 Delinquent taxes—Installment payments.

Taxpayers who are delinquent on personal or real property ad valorem taxes, as shown by the delinquent tax rolls of the city, may be permitted to enter into installment payment agreements with the city to pay such delinquent taxes, subject to the following conditions:

A. Installment payment schedules shall be set up only in cases of the economic hardship of the taxpayer or under such other circumstances in which such payment shall be in the best interests of the city; provided further, that the facts supporting a determination of hardship or of special benefit to the city shall be documented in writing in the account files kept by the city tax assessor/collector, city attorney, or such other officer as may be authorized by ordinance to collect taxes. The tax assessor may require an initial down payment before or at the time of the execution of such agreement.

B. Each such agreement shall be in writing and shall be signed by the taxpayer or by his or her authorized representative, by the tax assessor/collector, and by the city manager, if applicable as provided in this section.

C. The execution of an agreement to make installment payments constitutes an admission that all the amounts listed are due and owing, and the taxpayer shall be estopped to contest the validity of the assessment at any later time.

D. For delinquent tax accounts of ten thousand dollars or less, the tax assessor/collector shall be empowered to enter into installment payment agreements on behalf of the city, subject to the guidelines set forth in subsections A through C of this section. The tax assessor/collector may not delegate this authority except as permitted by law.

E. For delinquent accounts of over ten thousand dollars, the tax assessor/collector shall be empowered to enter into installment payment agreements on behalf of the city, subject to the guidelines set forth in subsections A. through C. of this section, and such agreements shall additionally be signed by the city manager, or a deputy city manager or the chief financial officer as may be designated by the city manager. The tax assessor/collector may not delegate this authority, except as permitted by law.

F. The term of the installment payment period shall be for the number of months deemed appropriate in each case; provided, that whenever feasible the account shall be paid in full before the next successive delinquency date after the arrangements to pay are made; and further provided, that no installment payment period of more than thirty-six months shall be approved by the tax assessor/collector.

G. All installment agreements are subject to limitations of the State Property Tax Code, as amended, the terms of which are incorporated insofar as the State Property Tax Code is more restrictive as to terms and conditions of installment payments.

H. Interest and penalty shall accrue as otherwise provided by law.

I. Once the city files a suit prior to the execution of an installment agreement, the city may prosecute any pending delinquent property tax suit involving properties subject to an installment payment agreement to judgment. If a judgment is granted in any such suit, the city may defer enforcement of judgment unless the installment agreement is breached. Failure of the taxpayer to make timely payments shall be a breach of the agreement. (Ord. 16014 § 1, 2005: Ord. 13235, 1997; Ord. 10481, 1991; prior code § 8-10)
(Ord. No. 17844, § 1, 7-31-2012; Ord. No. 17958, § 1, 2-19-2013)

3.04.070 Delinquent taxes—Installment agreement forms.

The city attorney shall prepare and review all forms to be used for installment payment agreements entered into under Sections 3.04.050 and 3.04.060. (Prior code § 8-12)

3.04.080 Seizure and sale of property for delinquent taxes.

The city assessor and collector is authorized to enforce the collection of taxes levied on personal property and due the city when such taxes become delinquent, by summary seizure and sale as provided by state law with reference to county tax collectors. (Prior code § 8-5)

3.04.090 Certificates.

The charge for each certificate showing the amount of delinquent taxes, penalties and interest due shall be ten dollars effective September 1, 1987. (Ord. 9145, 1987)

Chapter 3.08

SALES TAX

Sections:

3.08.010 Exemptions—Gas and electricity.

3.08.020 Telecommunication services—Repeal of state exemption—Rate.

3.08.010 Exemptions—Gas and electricity.

A. Effective October 1, 1978, there are exempted from the taxes imposed by the city under the Local Sales and Use Tax Act, the receipts from the sales, production, distribution, lease or rental of, and the use, storage or other consumption within the city of gas and electricity for residential use.

B. For the purposes of this section, the term "residential use" means use in a family dwelling or in a multifamily apartment or housing complex or building or portion thereof occupied as a home or residence.

C. This exemption shall be effective on October 1, 1978, except that the exemption shall not apply to sales of gas and electricity for residential use made during a retailer's regular monthly billing period for a consumer if the regular monthly billing period for the consumer begins before October 1, 1978, but shall apply to each regular monthly billing period beginning on or after October 1, 1978.

D. The city clerk shall forward to the state comptroller of public accounts by United States registered or certified mail a certified copy of this section postmarked on or before September 10, 1978. (Prior code § 8-7)

3.08.020 Telecommunication services—Repeal of state exemption—Rate.

A. 1. For purposes of this section, the sale of telecommunications services is consummated at the location of the telephone or other telecommunications device from which the call or other communication originates. If the point of origin cannot be determined, the sale is consummated at the address to which the call or other communication is billed.

2. The application of the exemption provided for in Article 1066c, Section 4B(a), V.A.T.C.S. is repealed by the city, as authorized by Section 4B(b) thereof.

3. The rate of tax imposed by this section shall be the same as the rate imposed by the city for all other local sales and use taxes as authorized by the legislature of the state.

4. The city clerk shall forward to the comptroller of the state by United States registered or certified mail a copy of the ordinance codified in this section along with a copy of the minutes of the city council's vote and discussion on the ordinance codified in this section.

5. This section shall become effective as of October 1, 1987.

B. The ordinance codified in this section shall be and is declared to be cumulative of all other ordinances of the city, and the ordinance shall not operate to repeal or affect any of such other ordinances. The tax provided for under this section shall not serve as an offset to, be in lieu of or in any way reduce any amount payable to the city pursuant to any franchise, street use ordinance, charter provision, statute or without limitation by the foregoing enumeration, otherwise payable by any provider of telecommunications service; it being the express intent hereof that all such obligations, impositions and agreements of every kind and nature shall remain in full force and effect without reduction or limitation hereby. (Ord. 9080 § 1, 2, 1987)

3.12.061 Use of additional tax proceeds—Venue project fund.

3.12.070 Violation—Penalty.

3.12.080 Effective date.

3.12.010 Definitions.

As used in this chapter, and in accord with Chapter 351 of the Texas Tax Code and Chapter 334 of the Texas Local Government Code, the following terms shall have the following meanings:

A. "Additional tax" means the tax imposed for the purpose of financing a portion of the costs of the approved venue project.

B. "Approved venue project" means a multipurpose coliseum, stadium or other type of arena or facility that is planned for use for one or more professional or amateur sports events, including minor league baseball games, and related infrastructure project that was approved by a majority of the voters voting at the election held in the city on November 6, 2012, in accordance the Chapter 334, Local Government Code, as amended.

C. "City comptroller" means the Comptroller of the City of El Paso.

D. "Consideration" means the price of a room in a hotel, but does not include the cost of food served by the hotel or the cost of personal services performed by the hotel except those services related to cleaning and readying the room for use or possession.

E. "Hotel" means a building in which members of the public obtain sleeping accommodations for consideration. The term includes a hotel, motel, tourist home, tourist house, tourist court, lodging house, inn, rooming house or bed and breakfast, but does not include a hospital, sanitarium, nursing home or a dormitory or other housing facility owned or leased and operated by an institution of higher learning as those terms are defined in Section 61.003, Texas Education Code, used by the institution for the purpose of providing sleeping accommodations for persons engaged in an education program or activity at the institution.

F. "Occupancy" means the use or possession or the right to use or possess a room or space that is ordinarily used for sleeping.

G. "Occupant" means any person who under a lease, concession, permit, right of access, license, contract or agreement uses or possesses a hotel room or space, but shall not include a person who has the right to use or possess a room in a hotel for at least thirty consecutive days, so long as there is no interruption of payment for the period.

H. "Person" means any individual, company, corporation or association.

I. "Venue project fund" means the fund entitled "Ballpark Venue Project Fund" created pursuant to the city resolution approved on December 18, 2012. (Ord. 12791 § 1, 1996: Ord. 8749 § 1, 1986: prior code § 14A-1)
(Ord. No. 17912, § 1, 12-18-2012, election of 11-6-2012; Ord. No. 17913, § 1, 12-18-2012)

3.12.020 Tax imposed—Rate.

There is levied a tax upon the cost of occupancy of any room or space in a hotel, when such cost is at the rate of two dollars or more per day, such tax to be equal to seven percent of the con-

sideration paid by the occupant of such room of such hotel. (Ord. 15233 § 1, 2002: prior code § 14A-2)

3.12.021 Additional tax imposed for approved venue project—Rate.

In addition to the tax levied in Section 3.12.020, there is levied an additional tax upon the cost of occupancy of any room or space in a hotel, when such cost is at the rate of two dollars or more per day, such additional tax to be equal to two percent of the consideration paid by the occupant of such room of such hotel. The additional tax imposed under this section must be collected on every occupancy occurring on or after January 1, 2013 and must continue to be collected for so long as any bonds or other obligations that are issued for the purpose of financing a portion of the costs of the approved venue project, and any bonds refunding or refinancing those bonds or other obligations, are outstanding and unpaid.
(Ord. No. 17912, § 2, 12-18-2012, election of 11-6-2012)

3.12.030 Collection of tax.

The tax levied in this chapter is against the person paying for the occupancy of the room. Every person owning, operating, managing or controlling any hotel shall collect the tax for the city. (Prior code § 14A-3)

3.12.031 Collection of additional tax—Approved venue project.

A. The additional tax levied in this chapter is against the person paying for the occupancy of the room. Every person owning, operating, managing or controlling any hotel that is required to collect a tax under Section 3.12.030 shall collect the additional tax for the city.

B. Each bill or other receipt for hotel charge that is subject to the additional tax imposed under this chapter must conspicuously include the following statement:

"The City of El Paso requires an additional tax of two percent be imposed on each hotel charge for the purpose of financing a venue project."
(Ord. No. 17912, § 3, 12-18-2012, election of 11-6-2012)

3.12.040 Reports and remittances.

On or before the last day of January, April, July and October, every person required to collect the tax imposed by this chapter shall file a report with the city comptroller showing the consideration paid for all room occupancies in the preceding quarter, the amount of the tax collected on such occupancies and any other information which the city comptroller may reasonably require. Such report shall also show the amount paid for that quarter to the comptroller of public accounts of the state under Section 156.151 of the Tax Code of the state. Such person shall, at the time of filing such report, pay over to the city comptroller the amount of taxes required to be collected for room occupancies during the preceding quarter. (Ord. 8749 § 2, 1986: prior code § 14A-4)

3.12.041 Additional tax—Reports and remittances.

Every person required to collect a tax imposed by this chapter shall include in the quarterly reports required under Section 3.12.040, the following additional information:

A. The amount of the additional tax collected on such occupancies; and

B. Any other information which the city comptroller may reasonably require.

Such person shall, at the time of filing such report, pay over to the city comptroller the amount of additional taxes required to be collected for room occupancies during the preceding quarter.
(Ord. No. 17912, § 4, 12-18-2012, election of 11-6-2012)

3.12.050 Rules and regulations—Record inspection authority.

A. The city comptroller shall have the power to make such rules and regulations as are neces-

sary to effectively collect the tax levied herein, and shall upon reasonable notice have access to books and records necessary to enable him to determine the correctness of any report filed as required by this chapter and the amount of taxes due under the provisions of this chapter.

B. Whenever necessary to make an inspection of books and records to enforce any of the provisions of this chapter, the city comptroller or his authorized representative may enter such building or premises at all reasonable times to inspect the books and records or to perform any duty imposed upon the city comptroller by this chapter; provided, that if such building or premises be occupied, he shall first present proper credentials and request entry; and if such building or premises be unoccupied, he shall first make a reasonable effort to locate the owner or other persons having charge or control of the building or premises and request entry. If such entry is refused, the city comptroller or his authorized representative shall have recourse to every remedy provided by law to secure entry.

C. When the city comptroller or his authorized representative shall have first obtained a proper inspection warrant or other remedy provided by law to secure entry, no owner or occupant or any other persons having charge, care or control of any building or premises shall fail or neglect, after proper request is made as herein provided, to promptly permit entry therein by the city comptroller or his authorized representative for the purpose of inspection and examination pursuant to this chapter.

D. The city may directly perform an audit or contract with another person to perform the audit on an hourly rate or fixed-fee basis. The city shall provide at least thirty days' written notice to a person who is required to collect the tax with respect to a hotel before conducting an audit of the collection and payment of the hotel occupancy tax. The city shall notify and submit to the state comptroller a copy of the audit if the city obtains documentation or information showing a failure to collect or pay the state hotel occupancy tax when due. The authority to conduct an audit under this chapter is in addition to any other audit authority the city may have.

E. All of the provisions of this Section 3.12.050 and any rules and regulations made hereunder shall apply to the additional tax. (Prior code § 14A-5)

(Ord. No. 17912, § 5, 12-18-2012, election of 11-6-2012; Ord. No. 17913, § 2, 12-18-2012)

3.12.060 Use of proceeds.

The proceeds of the tax levied in this chapter shall be allocated to the following purposes:

A. One-half of one percent to maintain, improve, administer and develop the auditorium and convention center and related permanent improvements owned by the city;

B. Two and one-half percent to pay the principal of and interest on bonds used by the city to construct such auditorium and convention center and related permanent improvements;

C. Two and one-half percent to be used for advertising and conducting solicitation programs to acquaint potential users with public meeting and convention facilities, and for promotion of tourism and advertising of the city and its vicinity either by the city or through contract with persons or organizations selected by the city;

D. One and one-half percent to be used for the maintenance and support of the Civic Center, tourism promotion, and the encouragement, promotion, improvement and application of arts; however, not more than one percent will be spent on the arts. (Ord. 15233 § 2, 2002; Ord. 9494, 1988: Ord. 9175, 1987: prior code § 14A-7)

3.12.061 Use of additional tax proceeds—Venue project fund.

The proceeds of the additional tax levied in this chapter shall be allocated to the following purposes:

A. To reimburse or pay the costs of planning, acquiring, establishing, developing, constructing, and renovating the approved venue project;

B. To pay the principal, interest, reserves and other costs relating to bonds or other obligations issued to finance the approved venue project, or bonds issued to refund the obligations; or

C. To pay the costs of operating or maintaining the approved venue project.

The collection of the additional tax shall be discontinued when the bonds or other obligations described in this chapter for the approved venue project are paid in full, unless the additional tax is continued in accordance with the law.
(Ord. No. 17912, § 6, 12-18-2012, election 11-6-2012)

3.12.070 Violation—Penalty.

A. Any person who violates any of the provisions of this chapter shall be guilty of a Class C misdemeanor and upon conviction thereof shall be fined an amount not to exceed five hundred dollars for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

B. If any person shall fail to (1) collect the tax imposed by this chapter; (2) file a report as required in this chapter when due; or (3) pay to the city comptroller the tax as imposed in this chapter when the payment is due; or (4) fails to comply with Sec. 351.0041, Texas Government Code, when purchasing a hotel; or if any person files a false report, the person shall forfeit five percent of the amount due as a penalty, and after the first thirty days he shall forfeit an additional five percent of such tax, provided, however, that the penalty shall never be less than one dollar. Delinquent taxes shall draw interest at the rate of six percent per annum beginning sixty days from the date due.

C. The city may bring suit against the person who is required to collect the tax and pay the collections to the city and who has failed to file a tax report or pay the tax when due. The city may also bring suit to enjoin the person from operating a hotel until the tax is paid or the report filed. In addition to the amount of any tax owed, the person is liable to the city for:

(1) The city's reasonable attorney's fees incurred in enforcing this chapter and in collecting any tax owed by the person, and

(2) The costs of an audit conducted under this chapter as determined by the city using a reasonable rate, but only if (a) the tax has been delinquent for at least two complete city fiscal quarters at the time the audit is conducted, and (b) the city has not received a disbursement from the state comptroller related to the person's concurrent state tax delinquency; and

(3) A penalty equal to fifteen percent of the total amount of the tax owed if the tax has been delinquent for at least one complete municipal fiscal quarter.

D. All of the provisions of this Section 3.12.070 shall apply to the additional tax. (Prior code § 14A-6)
(Ord. No. 17912, § 7, 12-8-2012, election 11-6-2012; Ord. No. 17913, § 3, 12-18-2012)

3.12.080 Effective date.

This chapter shall take effect December 1, 1968. (Prior code § 14A-8)

3.16.010 Short title.

This chapter may be known and cited as the "Tax Increment District No. 1 Ordinance." (Prior code § 8-21)

3.16.020 Blight defined.

The city adopts as a definition of "blight" for the purposes of enactment and carrying out of this chapter the following standard: "Blighted area" means any area which by reason of the presence of a substantial number of substandard, slum, deteriorated, or deteriorating structures, predominance of defective or inadequate sidewalk or street layout, inadequate parking facilities, faulty lot layout in relation to size, adequacy, accessibility or usefulness, insanity or unsafe conditions, deterioration of site or other improvements, diversity of ownership, tax or special assessment delinquency exceeding the fair value of the land, defective or unusual conditions of title, or the existence of conditions which endanger life or property by fire and other cause, or any combination substantially impairs or arrests the sound growth of a city, retards the provision of housing accommodations, or constitutes an economic or social liability and is a menace to the public health, safety, morals

or welfare in its present condition and use. This definition shall not necessarily preclude use of other definitions of blight which the city council may choose to adopt in conformance with other federal, state or local legislation, and shall be construed to extend only to programs carried out pursuant to this chapter. (Prior code § 8-22(a))

3.16.030 Findings of fact.

A. Findings of Facts Demonstrating Existence of a Blighted Area. The city council of the city makes the following findings of facts as to the existence of blighted conditions within the area identified in Maps "A," "B" and "C."*

1. The two hundred fourteen buildings, representing fifty percent of the total number of buildings, fail to meet the minimum city's fire code, Chapters 9.60 through 9.84 of this code, and are twenty-six percent of the real property in the district, and therefore constitute a current and present menace to the public safety.

2. The four hundred thirty-six structures, representing seventy-two percent of the total number of structures, fail to meet the housing or building code of the city, and are thirty-five percent of the real property in the district, and therefore are a current and present menace to the public safety.

3. There are defective or inadequate sidewalk and street layouts which are insufficient to meet the foot and vehicular traffic needs of the citizens of the city because they are located in the blighted area and the existing street layout impedes the flow of traffic.

4. The following conditions exist which impair the sound growth of the district: Defective or inadequate sidewalk and street layouts, inadequate parking facilities and faulty lot layout.

Therefore, due to the existence of the conditions stated in subdivisions 1 through 4 of this subsection, the city council finds that the total area of one hundred forty acres of the area labeled Map "A," or thirty-five percent, is a blighted area as defined in Section 3.16.020.

B. Findings of Appropriate Housing Ratio. The city council of the city finds that there are eighty-eight dwellings used for residential purposes, which comprises seven percent of the real property in the area depicted in Map "A."

C. Findings of Appropriate Property Assessment Ratios. The city council finds that the aggregate assessed value of taxable property in the area shown in Map "A" is not more than fifteen percent of the total assessed value of taxable property within the city as of December 23, 1980, according to the city tax assessment role as of record on January 1, 1980. (Prior code § 8-22(b)—(d))

* **Editor's note:** Maps "A," "B" and "C" are not set out herein, but are on file and available for inspection in the office of the city clerk.

3.16.040 District No. 1—Created—Boundaries.

The city council declares and finds that the existence of the conditions set forth in Section 3.16.030 shows the necessary degree of blight for creation of a tax incremental district pursuant to Article 1066d T.R.C.S. (1979), and, further, that improvement of the area is likely to enhance significantly the value of substantially all of the other real property in the district, so declares the area shown on Map "A" as Tax Incremental District No. 1, City of El Paso, such area being also described as an area in the CBD bounded on the north by Interstate 10, on the east by Virginia Street and St. Vrain Street, on the west by the west side of the Union Depot, and on the south by Paisano Street. (Prior code § 8-23)

3.16.050 District No. 1—Recordation on assessment role and attendant maps.

The city tax department shall record the mark "TI No. 1" on each parcel which lies within the boundary of the tax incremental district no. 1, City of El Paso, such mark to be placed on the city's assessment role and attendant maps. (Prior code § 8-24)

3.16.060 Determination and segregation of tax increments—Tax assessor's duty.

The city tax assessor shall cause to have carried out by the central appraisal district, or by other appropriate means, the following acts:

A. Determine the aggregate assessed value of the property in the district that appears on the city's assessment roll on the date the tax incremental district is created and certify the value to the governing body of the city and the board of directors of the district. That value is the tax incremental base of the taxing unit;

B. Identify on the assessment roll of the city those parcels of property which are within each existing tax incremental district, specifying the name of each district;

C. Compute the tax increment for the district according to the formula in Article 1066d, T.R.C.S. (1979);

D. Deposit in a special fund for the district all tax increments received in the district;

E. Recompute annually, and upon amendment of the district boundaries, the base and increment in accordance with Article 1066d T.R.C.S. (1979). (Prior code § 8-25)

3.16.070 Tax incremental district board of directors—Designated.

The mayor and city council shall serve as the board of directors of the tax incremental district, effective on the date of passage of this chapter. (Prior code § 8-26(a))

3.16.080 Tax incremental district board of directors—Qualifications.

Each board member shall be a duly elected member of the city council or the mayor, meeting all qualifications and criteria set forth in Section 8 of the City Charter as may be in effect at the time such district is formed. (Prior code § 8-26(b))

3.16.090 Tax incremental district board of directors—Terms.

The board members shall serve two-year terms of office to be coterminous with his or her term as district representative or mayor. (Prior code § 8-26(c))

3.16.100 Tax incremental district board of directors—Removal.

District representatives and the mayor sitting as members of the board may be removed in accordance with pertinent state and local law pertaining to the removal of these elected officials sitting in their own capacity. (Prior code § 8-26(d))

3.16.110 Tax incremental district board of directors—Vacancies.

Any vacancy on the board caused by resignation or otherwise of a district representative or mayor shall be considered filled upon the filling of the vacant district representative or mayoral position by the appropriate procedure as set forth in the City Charter and other pertinent sections of this code. (Prior code § 8-26(e))

3.16.120 Tax incremental district board of directors—Officers.

The mayor shall serve as chairman of the board. The board of directors may elect a vice chairman to preside in the absence of the chairman or when there is a vacancy in the position of chairman and may elect other officers. (Prior code § 8-26(f))

3.16.130 Tax incremental district board of directors—Executive secretary.

The director of the city development department, or his designee, shall serve as executive secretary to the board. (Ord. 11219, 1992: Prior code § 8-26(h))

(Ord. No. 17806, § 3, 6-5-2012, eff. 6-11-2012)

3.16.140 Tax incremental district board of directors—Meetings, bylaws and minutes.

A. The board shall keep such meeting dates and times and operate by such bylaws and procedures as it, by majority vote, determines shall carry out the purposes of this chapter.

B. The board shall keep minutes of its meetings on file with the city clerk and such other places as it deems necessary. (Prior code § 8-26(g))

3.16.150 Tax incremental district board of directors—Open meetings and open records.

All proceedings of the board shall be subject to the Open Meetings Act, Article 6252-17, T.R.C.S., and the Open Records Act, Article 6252-17a, T.R.C.S. (Prior code § 8-26(i))

3.16.160 Tax incremental district board of directors—Powers and duties.

The powers and duties of the board of directors of the tax incremental district no. 1, city of El Paso, shall be as follows:

A. Prepare and adopt a project plan for the district and submit such plan to the city council for consideration, such plan to include findings as to the compatibilty of the district project plan with the city's master plan;

B. Make recommendations to the governing body concerning administration of this chapter in the district;

C. Powers and duties with regard to the implementation of a project plan that the governing body by ordinance may delegate to the board. (Prior code § 8-26(j))

3.16.170 Reinvestment zone—Findings of fact adopted by reference.

The city does approve all of the statements contained in the preamble of Ordinance No. 7548, finds that all of the findings are true and correct and incorporates same in the body of this section as if copied in their entirety, specifically including all of the findings of fact contained in Ordinance No. 7094, passed on December 30, 1980. (Prior code § 8-29(a))

3.16.180 Reinvestment zone—Created—Boundaries.

The city does create a reinvestment zone for tax increment financing pursuant to and in accordance with the act and does find and declare the following:

The boundaries of the reinvestment zone are declared as the identical boundaries of tax incremental district no. 1, city of El Paso, and the specific district boundaries contained in Ordinance No. 7094 are incorporated herein and adopted by reference, and are further shown on Exhibit "A" which is attached hereto and incorporated herein. (Prior code § 8-29(b)(1))

3.16.190 Reinvestment zone—Citation.

The reinvestment zone created in Section 3.16.180 shall be known as "Reinvestment Zone Number One, City of El Paso, Texas." (Prior code § 8-29(b)(4))

3.16.200 Reinvestment zone—Effective date and date of determination of tax increment base established.

The effective date of the zone and the date of determination of the tax increment base is established according to law as the earliest date provided by Article 1066d, Vernon's Texas Civil Statutes; Article 1066e and the transitional schedule provided in Section 2(b) therein, Vernon's Texas Civil Statutes; Article 8 Section 1-g of the Texas Constitution; city Ordinance No. 7094, adopted on December 30, 1980, creating the Tax Incremental District No. 1, this section, Sections 3.16.170 through 3.16.190 and 3.16.210 through 3.16.260. The zone shall be terminated on December 31, 2010, or at an earlier time designated by a subsequent ordinance, but in any event, at such time as all project costs and tax increment bonds and interest thereon, have been paid in full. (Prior code § 8-29(b)(3))

3.16.210 Tax increment fund—Established—Allocation of taxes.

A tax increment fund is established. The tax collector of the city shall collect all property taxes levied by the city and all other taxing units on taxable real property in the zone commencing with the first payment of taxes levied by the city or other taxing units subsequent to the time the reinvestment zone takes effect and after the tax increment base has been determined and after deducting costs of collection shall allocate the taxes in accordance with the act as follows:

A. Amount of real property tax produced from the tax increment base shall be paid to the city and all other taxing units;

B. There shall next be allocated and paid over to the city and all other taxing units and tax increments which are by contract executed prior to the designation of the area as a reinvestment zone, required to be paid over by the city or other taxing unit;

C. There shall next be deposited into the tax increment fund established for the zone all tax increments produced from the captured appraised value of taxable real property in the zone;

D. After all expenses of administration and operation of the zone and all project costs and all tax increment bonds or notes issued for a reinvestment zone have been paid, and subject to any agreement with bondholders, if there is any money in the fund, it shall be paid over to the city and other taxing units levying taxes on property within the zone in amounts that reflect the respective share of total tax increments resulting from taxable real property in a reinvestment zone that were deposited in the fund during the fund's existence. (Prior code § 8-29(b)(5))

3.16.220 Reinvestment zone board of directors—Created—Members—Terms—Vacancies.

The board of directors of the reinvestment zone is established and created. The board shall consist of fifteen members for terms of two years. The makeup of the board shall be eleven directors appointed by the city council, one director appointed by the comissioner's court of the county, one director appointed by the board of trustees of the El Paso independent school district, one director appointed by the board of trustees of the community college district, and one director appointed by the board of managers of the El Paso County hospital district. Terms of directors may be staggered. A taxing unit may waive its right to appoint a director. A vacancy on the board shall be filled for the unexpired term by appointment of the governing body of the taxing unit that appointed the director who served in the vacant seat. To be eligible for appointment to the board by the city council, an individual must be either a qualified voter of the city or be at least eighteen years old and own real property in the zone, without regard to whether he or she resides in the city. (Prior code § 8-29(b)(2)a)

3.16.230 Reinvestment zone board of directors—Officers.

Each year the El Paso city council shall appoint one member of the board of directors to serve as chairman of the board for a term of one year that begins on January 1st of the following year. The board of directors may elect a vice chairman to preside in the absence of the chairman, or when there is a vacancy in the position of chairman. The board may elect other officers as it sees fit. If any member of the board is absent from three consecutive meetings of the board, the chairman or vice chairman of the board shall report this fact to the appointing authority so that consideration may be given to removal of such member. (Prior code § 8-29(b)(2)b)

3.16.240 Reinvestment zone board of directors—Meetings.

The board shall hold at least one meeting each month at a date, time and place to be determined by the chairman at the convenience of the members of the board. Special meetings may be called by the chairman, the mayor, or five or more

members of the board. The board shall hold its first meeting within thirty days of the adoption of Ordinance No. 7908 (November 1, 1983). (Prior code § 8-29(b)(2)c)

3.16.250 Reinvestment zone board of directors—Rules and regulations.

The board may adopt rules and regulations to govern meetings, election of officers, and other relevant and related procedural and substantive matters not inconsistent with Article 1066e, as amended, or any city ordinance. (Prior code § 8-29(b)(2)d)

3.16.260 Reinvestment zone board of directors—Powers and duties.

The powers and duties of the board are contained in the Act. Additional powers and duties may be delegated through ordinance by the city council. In addition, before January 1, 1984, the board shall take all action necessary to bring the plans for the zone into compliance with Section 8 of the Texas Tax Increment Financing Act of 1981 (Article 1066e, Revised Statutes), as amended by S.B. No. 641. (Prior code § 8-29(b)(2)e)

Chapter 3.20

SMALL BUSINESS ASSISTANCE

Sections:

3.20.010 Findings of fact—Intent.
3.20.020 Definitions.
3.20.030 Award of purchases and contracts to small businesses—Percentage.
3.20.040 Award of purchases and contracts to small businesses—Division when necessary.
3.20.050 Award of purchases and contracts to minority businesses—Percentage.
3.20.060 Award of purchases and contracts—Method.
3.20.070 Award of contracts—Notification of time and place.
3.20.080 Small business qualification research requirements—Maintenance of master list required.

3.20.010 Findings of fact—Intent.

The city council of the city finds that an indispensable element of the American economic system is free and vigorous competition, that the preservation and expansion of economic competition is essential to the economic well-being of this city, this state and the United States. The city council further finds that the continuing vitality of small business entities is of utmost importance to economic competition by assisting small business entities to the greatest extent possible. It is the intent of the city council by this chapter, to provide that assistance to small business entities, and by doing so, to promote economic competition to the benefit of all persons in this city. It is the intent of the council that each city agency shall attempt to award twenty percent of all purchases of articles, supplies, commodities, materials, services or contracts for services to small business. (Prior code § 18A-1(a))

3.20.020 Definitions.

The following words shall have the following meanings:

A. "Minority business" means a corporation, partnership, sole proprietorship, or other legal entity formed for the purpose of making a profit if at least fifty percent of the business is owned by minority group members or, in the case of a corporation, at least fifty-one percent of its shares are owned by minority group members. Minority group members include Black Americans, Mexican-Americans and other Americans of Latin or Spanish origin, American Orientals, American Indians and any other persons who have declared themselves to be discriminated against due to being female or because of race, color, creed, religion or place of origin.

B. "Small business" means a corporation, partnership, sole proprietorship, or other legal entity formed for the purpose of making a profit, which is independently owned and operated, has fewer than one hundred employees and less than one million dollars in annual gross receipts, and is designated a small business as provided by this chapter, but does not include subsidiaries wholly or partially owned by a business with more than one hundred employees or more than one million dollars in annual gross receipts. (Prior code § 18A-1(b))

3.20.030 Award of purchases and contracts to small businesses—Percentage.

The city shall award small businesses purchases and contract awards whose total value is not less than twenty percent of the total value of all purchases in contract awards that the city expects to make during its fiscal year. The city shall estimate the expected total value of purchases in contract awards not later than the sixtieth day of the fiscal year, but may revise the estimate as new information requires. (Prior code § 18A-1(c))

3.20.040 Award of purchases and contracts to small businesses—Division when necessary.

The city shall divide purchases in contract awards into smaller units when it is necessary to facilitate offers or bids for small businesses. (Prior code § 18A-1(d))

3.20.050 Award of purchases and contracts to minority businesses—Percentage.

The city shall award the small businesses that are also minority businesses purchases in contract awards whose total value is not less than twenty percent of the value of the purchases in contract awards the city expects to award to all small businesses. (Prior code § 18A-1(e))

3.20.060 Award of purchases and contracts—Method.

The city shall select among small and minority businesses to be awarded purchases in contract awards pursuant to this section on a competitive basis in the manner provided by the State Purchasing Act of 1957; as amended, Article 2368a, Section 2, Vernon's Texas Civil Statutes, unless the business is entitled to a preference by law. (Prior code § 18A-1(f))

3.20.070 Award of contracts—Notification of time and place.

Notice of the time and place when and where such contract shall be let shall be published in the city once a week for two consecutive weeks prior to the time set for letting such contract, the date of the first publication to be at least fourteen days prior to the date set for letting the contract, and the contract shall be let to the lowest responsible bidder meeting the specifications of the contract. (Prior code § 18A-1(g))

3.20.080 Small business qualification research requirements—Maintenance of master list required.

The department of financial services/CFO shall conduct research necessary to ascertain which business associations qualify as small businesses under the terms of this chapter, designate each as a small business, maintain a master list of small businesses, and revoke the designation when an entity ceases to be a small business. (Prior code § 18A-1(h))

Chapter 3.24

CUSTODY OF CITY FUNDS

Sections:

3.24.010 Turnover of funds by city tax assessor and collector required—When.

3.24.010 Turnover of funds by city tax assessor and collector required—When.

City funds which are received by the city tax assessor and collector shall be turned over to the city comptroller as follows:

A. The assessor and collector shall turn such funds over to the comptroller not less than once each week.

B. When the funds received by the assessor and collector for all taxing units exceed one hundred thousand dollars for one or more days less than a week, he shall turn the city's portion of such funds over to the comptroller on the first working day after the day when receipts exceeded one hundred thousand dollars. (Prior code § 8-8)

3.28.030 Property damage, personal injury suits, and wrongful death suits notification—Swearing to notice required.

3.28.010 Property damage and personal injury suits—Notification—Information required.

The city shall not be liable to any person for injuries suffered to his person or the person of another unless the injured person, or someone on his behalf, shall within ninety days or within six months for good cause shown from the date the damage occurred or the injury was received, give notice in writing to the mayor of the following facts:

A. The date and time when the damage or injury occurred and the place where the damage occurred or where the injured person was at the time the injury was received;

B. The nature and extent of the damage or injury together with a specific and detailed statement of how and under what circumstances the injury occurred;

C. The names of all the persons who according to the knowledge or information of the claimant witnessed the happening of the damage or of the injury or any part thereof and the name of the doctors, if any, to whose care the injured person is committed. (Ord. 11309 § 1, 1993: prior code § 2-1 (part))

3.28.020 Wrongful death suits—Notification—Information required.

The city shall not be liable for damages for wrongful death unless the person, or one of the persons, entitled to recover such damages shall, within ninety days or within six months for good cause shown from the date of the injury or accident causing such death, give notice to the mayor substantially as required by Section 3.28.010 in personal injury cases; or unless the person who was injured and died as a result thereof, or someone for him, had given the notice required by Section 3.28.010. (Ord. 11309 § 2, 1993: prior code § 2-1 (part))

3.28.030 Property damage, personal injury suits, and wrongful death suits notification—Swearing to notice required.

The written notice and statement required under Sections 3.28.010 and 3.28.020 shall be sworn to by the person claiming damages or by someone authorized by him to do so on his behalf. (Ord. 11309 § 3, 1993: prior code § 2-2)

ABANDONED, LOST, STOLEN AND UNCLAIMED PROPERTY

Sections:

3.32.010	Custodian designated.
3.32.020	Recordkeeping, storage and protection—Authority to delegate duty.
3.32.030	Surrendering to person claiming ownership.
3.32.040	Unclaimed property and weapons—Disposition.
3.32.050	Sale at auction—Procedure.
3.32.060	Sale at auction—Sale in lots.
3.32.070	Sale at auction—Cash only—Rejecting bids—Disposition of proceeds.
3.32.080	Sale at auction—Recordkeeping.
3.32.090	Sale at auction—Nonsufficient bids—Reoffering—Disposition.
3.32.100	Disposition of animals.

3.32.010 Custodian designated.

The chief of police shall be the custodian of all abandoned, lost, stolen and unclaimed property which comes into the possession of any police officer, or any city employee engaged in the cleaning or repair of streets or public places. (Prior code § 2-16)

3.32.020 Recordkeeping, storage and protection—Authority to delegate duty.

The chief of police may delegate to any police department bonded employee designated by him the duty of storing and protecting such property and keeping suitable records thereof. (Ord. 10614 §1, 1991: prior code § 2-17)

3.32.030 Surrendering to person claiming ownership.

When the disposition of such property is not otherwise governed by law or by order of a court, the chief of police shall surrender such property, if claimed, to any person known to be the owner, or producing satisfactory evidence of ownership or right to possession, upon payment of any proper fees owing to the city because of the city's acquisition and storage of the property. If the right of the claimant is not certain the chief may, in his discretion, require the claimant to give reasonable security for the return of the property or its value; and if there could be conflicting claims the chief may request the legal department to file an interpleader suit. (Prior code § 2-18)

3.32.040 Unclaimed property and weapons—Disposition.

A. When the disposition of the property is not otherwise governed by the law or by order of a court, and the abandoned or unclaimed property remains unclaimed for a period of thirty days after it comes into the custody of the chief of police, it shall be delivered for sale to the purchasing agent of the city.

B. When the disposition of lost, abandoned or unclaimed weapons is not otherwise governed by law or order of a court, and where such weapons remain unclaimed for a period of thirty days after coming into the custody of the chief of police, such weapons shall be destroyed by a police officer designated by the chief of police, unless the city police department seeks forfeiture of the weapon in accord with Articles 18.18 and 18.19 of the Texas Code of Criminal Procedure.

1. The terms "weapons" includes, but is not limited to, the items defined in Vernon's Texas Penal Code, Section 46.01.

2. The chief of police or his designated representative shall maintain a record containing the following information for each weapon destroyed:

a. Description of the weapon, including identifying numbers;

b. Time and location of the destruction;

c. Sworn statement by the designated police officer that the destruction has taken place; and

d. Signature of witness to the destruction.

3. When the police department seeks forfeiture of the weapon in lieu of destruction, the chief of police or his designated representative shall maintain on file a copy of the judgment from the appropriate court awarding the forfeiture of the weapon(s) to the police department. (Ord. 9437, 1988: prior code § 2-19)

3.32.050 Sale at auction—Procedure.

From time to time as such property accumulates so that it should be disposed of, or can be disposed of to advantage, the purchasing agent shall offer the property for sale at public auction. The city council may in its discretion authorize the employment of a professional auctioneer to conduct the sale. Notice of the time and place of the sale, and a brief description of the property, shall be given by posting at three public places in the city and by three advertisements in the official newspaper. The posting of notices and the publication of the first advertisement shall be not less than ten nor more than twenty days before the sale. Notice shall also be given by certified mail to the owner or claimant, if his name and address are known or can be ascertained by reasonable diligence. (Prior code § 2-20)

3.32.060 Sale at auction—Sale in lots.

The purchasing agent may in his discretion offer the property or parts thereof for sale in lots, as he deems convenient and advantageous. (Prior code § 2-21)

3.32.070 Sale at auction—Cash only—Rejecting bids—Disposition of proceeds.

All sales shall be for cash. The purchasing agent may reject any bid he deems insufficient. After deducting the actual and reasonable costs of the sale and of storing the property, the proceeds shall be placed in the general fund. (Prior code § 2-22)

3.32.080 Sale at auction—Recordkeeping.

The purchasing agent shall keep records of the amount obtained for each piece of property or lot sold, so that it can be determined what amount should be paid to any person who may afterwards establish a legal right to part of the proceeds. (Prior code § 2-23)

3.32.090 Sale at auction—Nonsufficient bids—Reoffering—Disposition.

Property for which no sufficient bid is offered may be kept and again offered for sale, or may be otherwise disposed of as ordered by the city council. (Prior code § 2-24)

3.32.100 Disposition of animals.

In the case of lost, abandoned or unclaimed animals, the foregoing rules shall not apply. Such animals shall be disposed of by the department of animal services in accordance with the procedures set forth in Title 7 of this Code.
(Prior code § 2-25; Ord. 16808 § 1, 2007; Ord. No. 18576, § 1, 9-20-2016)

Chapter 3.36

CASH RESERVES

Sections:

3.36.010 Cash reserve fund.

3.36.020 Additional reserves.

3.36.010 Cash reserve fund.

A. Each year an amount equal to five percent of the prior year's adopted general fund operating expenditure budget shall be appropriated for the purpose of creating a cash reserve fund; provided the funds are maintained and may be used in accordance with Section 7.4 of the City Charter.

B. The cash reserve fund must be maintained as a separate entity in accounting records. Additionally, the balance on deposit in the cash reserve fund must be invested in accordance with state guidelines and income from such investments will remain within the fund, except as may be expended in accordance with Section 7.4 of the City Charter.

C. Withdrawals from the cash reserve fund, whether it has attained the required size or not, may be made from time to time to meet current expenses until sufficient taxes are collected. Such withdrawals must be approved by city council action. As soon as practical after collection of taxes, the amount so withdrawn shall be repaid to the cash reserve fund so as to keep the fund available for use in the following year. (Prior code § 8-1)
(Ord. No. 18170, § 1, 5-13-2014)

3.36.020 Additional reserves.

At the end of each fiscal year, there shall be established reserves equal to the amount of contracts and purchase orders outstanding (encumbrances). The charges to establish these reserves shall be recorded as an operating expense in the year in which the charges are required. For the purpose of preparing and administering the annual budget, the amount in the undersigned fund balance shall be determined after these reserves have been established. The city comptroller shall make the entries which are needed to establish these reserves. (Prior code § 8-1.1)

Chapter 3.40

MOTOR VEHICLE RENTAL TAX

Sections:

3.40.010 Definitions.

3.40.020 Tax imposed—Rate.

3.40.030 Collection of the tax.

3.40.040 Consummation of rental.

3.40.050 State exemptions applicable.

3.40.060 Reports and remittances.

3.40.070 Records.

3.40.080 Motor Vehicle Tax Venue Project Fund.

3.40.090 Use of proceeds.

3.40.100 Distribution of Motor Vehicle Rental Project Venue Funds.

3.40.110 Violation—Penalty.

3.40.010 Definitions.

As used in this chapter, and in accord with Chapter 334 of the Texas Local Government Code, the following terms shall have the following meanings:

"Athletic event" means a post season intercollegiate athletic football bowl game that is held annually by the Sun Bowl Association.

"Gross rental receipts" means value received or promised as consideration to the owner of a motor vehicle for rental of the vehicle, but does not include;

1. Separately stated charges for insurance;

2. Charges for damages to the motor vehicle occurring during the rental agreement period;

3. Separately stated charges for motor fuel sold by the owner of the motor vehicle; or

4. Discounts.

"Motor vehicle" means and includes:

1. A self-propelled vehicle designed to transport persons or property on a public roadway and includes a passenger car, van, station wagon, sports utility vehicle, and truck.

2. The term does not include a:

a. Trailer, semitrailer, house trailer, truck having a manufacturer's rating of more than one-half ton, or road-building machine;

b. Device moved only by human power;

c. Device used exclusively on stationary rails or tracks; or

d. Mobile office.

"Motor vehicle tax venue project fund" means the account established by a municipality by resolution for the deposit of the tax revenue collected under this chapter.

"Place of business of the owner" means an established outlet, office, or location operated by the owner of a motor vehicle or the owner's agent or employee for the purpose of renting motor vehicles and includes any location at which three or more rentals are made during the year.

"Rental" means an agreement by the owner of a motor vehicle to authorize for not longer thirty days, the exclusive use of that vehicle to another for consideration. (Ord. 13431 (part), 1997)

3.40.020 Tax imposed—Rate.

There is levied a tax upon the rental of a motor vehicle in the city at the rate of five percent of the gross rental receipts of an owner of a rented motor vehicle. (Ord. 13431 (part), 1997)

3.40.030 Collection of the tax.

A. The owner of a motor vehicle subject to the tax imposed under this chapter shall collect the tax for the benefit of the city. As provided in Chapter 334 of the Local Government Code, the owner shall add the short-term motor vehicle rental tax imposed by this chapter to the rental charge.

B. The amount of the total tax is computed by multiplying the five percent tax rate by the amount of the rental charge. If the product results in a fraction of a cent less than one-half of one cent, the fraction of a cent is not collected, if the fraction of a cent is one-half of one cent or more, the fraction shall be collected as one cent.

C. All gross rental receipts of an owner of a motor vehicle from the rental of the motor vehicle

are presumed to be subject to the tax imposed by this chapter, except for gross receipts for which the owner has accepted in good faith a properly completed exemption certificate, as set forth under Section 3.40.050 of this chapter. (Ord. 13431 (part), 1997)

3.40.040 Consummation of rental.

A rental of a motor vehicle occurs where the transfer of possession of the motor vehicle occurs. (Ord. 13431 (part), 1997)

3.40.050 State exemptions applicable.

The exemptions provided by Subchapter E, Chapter 152, Tax Code, apply to the taxes authorized by this chapter. (Ord. 13431 (part), 1997)

3.40.060 Reports and remittances.

On or before the last day of January, April, July, and October, every owner of a motor vehicle required to collect the tax imposed under this chapter shall file a report with the city comptroller showing the gross rental receipts for the immediately preceding quarter, as well as any other information which the city comptroller may reasonably require. Such owner shall, at the item of filing such report, pay over to the city comptroller the amount of taxes required to be collected for the rental of motor vehicles during the preceding quarter. (Ord. 13431 (part), 1997)

3.40.070 Records.

A. The owner of a motor vehicle used for rental purposes shall keep for four years records and supporting documents containing the following information on the amount of:

1. Gross rental receipts received from the rental of the motor vehicle; and

2. The tax imposed under this chapter and paid to the city comptroller on each motor vehicle used for rental purposes by the owner.

B. Mileage records are not required.

C. The city comptroller upon reasonable notice shall have access to books and records necessary to enable him to determine the correctness of any report filed as required by this chapter and the amount of taxes due under the provisions of this chapter.

D. An offense under subsection A of this section is a misdemeanor punishable by a fine of not less than twenty-five dollars or more than five hundred dollars. (Ord. 13431 (part), 1997)

3.40.080 Motor Vehicle Tax Venue Project Fund.

By this ordinance, the city shall establish a fund known as the motor vehicle tax venue project fund. The city comptroller shall deposit into this venue project fund:

A. The proceeds of the motor vehicle rental tax paid by the owners; and

B. Any other money required by law to be deposited into the fund. (Ord. 13431 (part), 1997)

3.40.090 Use of proceeds.

The proceeds of the tax levied in this chapter may be used to:

A. Pay the costs of collecting the tax;

B. Operate one or more athletic events in the city; and

C. Pay costs associated with an athletic event in the municipality, including payment of the costs of planning, acquiring, establishing, developing, advertising, promoting, conducting, sponsoring, or otherwise supporting the athletic event. These costs shall include payments to the colleges and universities participating in the athletic event. The maximum amount for such payments to participating universities and colleges in the athletic event which may be disbursed to the association in each year, shall be the minimum amount required to pay colleges and universities participating in the athletic event under either the association's then existing conference participation agreements relating to the athletic event or the association's agreements with the colleges and universities agreeing to participate in the athletic event. The tax collected under this chapter shall not be considered gross receipts from the athletic event. (Ord. 13762 § 1, 1998: Ord. 13431 (part), 1997)

3.40.100 Distribution of Motor Vehicle Rental Project Venue Funds.

The city may enter into a written agreement with the producer of an athletic event for the distribution of motor vehicle rental project venue funds for a use consistent with this chapter. Such agreement shall be in a form acceptable to the city attorney. (Ord. 13431 (part), 1997)

3.40.110 Violation—Penalty.

Failure to file a report as required in this chapter or failure to pay over to the city comptroller the tax as imposed by this chapter when the report or payment is due, shall be deemed a misdemeanor and shall be punishable by a fine not to exceed five hundred dollars. In addition to such penalty, any person who fails to file a report as required by this chapter or fails to pay over to the city comptroller the tax as imposed by this chapter when the report or payment is due, shall forfeit five percent of the amount due as a penalty, and after the first thirty days he shall forfeit an additional five percent of such tax. Delinquent taxes shall draw interest at the rate of ten percent per year beginning sixty days from the date due. All penalties provided under this chapter shall be cumulative. (Ord. 13431 (part), 1997)

COLLECTION FEE

Sections:

3.44.010 Amount of fee.

3.44.020 Qualified accounts.

3.44.030 Other remedies.

3.44.010 Amount of fee.

The city comptroller or any collection agency retained by the city to collect delinquent accounts may add a one-time collection fee of twenty-one percent to any qualified gross account receivable balance. (Ord. 14700 § 1 (part), 2000)

3.44.020 Qualified accounts.

All accounts receivable which have been owed to the city for more than sixty days shall be qualified accounts for the purpose of this section excluding: (a) accounts owed to the city pursuant to leases, contracts or other agreements entered by the city which specifically enumerate different collection fees, and (b) accounts owed to the city which are not subject to a collection fee because of federal, state or local laws. (Ord. 14700 § 1 (part), 2000)

3.44.030 Other remedies.

The collection fee shall be assessed in addition to, and not in lieu of, any other interest or charges which may be allowed by law, and shall not limit any other remedy which may be available to the city with regard to any outstanding obligations of the debtor, or causes of action the city may have with regard to the underlying debt. (Ord. 14700 § 1 (part), 2000)

3.45.060 Exceptions.

3.45.010 Statement of policy.

A. It is the policy of the City of El Paso to use the city's spending powers in a manner that promotes fiscal responsibility; maximizes the effectiveness of local tax dollars; ensures that a portion of local tax dollars remain in the local economy for economic development opportunities; and, utilizes all legally-available opportunities to contract with local businesses.

B. It is the policy of the City of El Paso to afford a bidding preference to local businesses, unless prohibited by granting agencies, exempted by federal or state laws/codes, local ordinances or city resolutions, or if doing so would clearly be disadvantageous to the city.

C. It is the policy of the City of El Paso to achieve the goals in subsection A. above by utilizing a local business purchasing preference in the competitive processes of procuring goods and services.

D. Nothing contained herein shall prohibit the city from rejecting all bids, as permitted by law.

E. Except as provided by this Chapter 3.45 Hire El Paso First-Local Bid Preference, the city's policies and procedures governing city procurement shall otherwise remain unchanged.

(Ord. No. 18169, § 1, 5-6-2014)

3.45.020 Definitions.

The words and phrases defined in this section have the following meanings:

A. "Economic development opportunities" means economic benefits to/for the City of El Paso and its citizens created by the award of a procurement contract including, but not limited to, the following:

A. Inclusion in Database. No employer shall be included in the database until the Wage Theft Coordinator has:

1. Confirmed that an employer has a Wage Theft Adjudication record;

2. Provided written notice at the address provided by the complainant, or on the documents evidencing the wage theft adjudication of the inclusion of the employer in the Wage Theft Adjudication Database.

3. Allowed the employer thirty (30) days from the date of the notice to protest the employer's inclusion in such database and provide the Wage Theft Coordinator evidence that the employer should not be included in the Wage Theft Adjudication Database. In the case of a wage theft adjudication, the Wage Theft Coordinator shall not include the employer in the Database upon proof of full payment of outstanding wage theft adjudication or satisfactory proof that the adjudication is not applicable to the employer.

B. Identity of Employer. An employer operating as a business entity shall be listed by its corporate name, address and type of business organization. If the employer is an individual, the person's name, business address, type of business or occupation shall be included.

C. Removal from Database. An employer shall be removed from the database if:

1. A Wage Theft Adjudication has been annulled, withdrawn, overturned, rescinded or abrogated, and such fact has been confirmed by the Wage Theft Coordinator; or

2. Employer provides proof of full payment of an outstanding wage theft adjudication judgment; or

3. Five (5) years or more has elapsed since the date of the employer's most recent Wage Theft Adjudication.

4. Sufficient proof is provided by Employer that the wage theft adjudication is not applicable to the Employer.
(Ord. No. 18370, § 1, 6-16-2015; Ord. No. 18476, §§ 2, 3, 3-8-2016)

3.46.040 Wage theft complaints procedure.

A. Non-City Contracts. If no City contract is involved, the Wage Theft Coordinator shall assist persons with wage theft complaints by referring the complaint to the Texas Workforce Commission.

B. City Contracts.

1. Filing a Complaint. A person employed in connection with a city contract who has a good faith belief that he is the victim of wage theft may file a wage theft complaint with the Wage Theft Coordinator in writing. The complaint shall contain fact including but not limited to: identity of the employer, date(s) on or during which the wages were earned and were due to be paid, the amount of the wages alleged to have been withheld or unpaid.

2. Notification and Resolution of the Complaint. The Wage Theft Coordinator shall notify the employer of the receipt of the wage theft complaint. Employer shall attempt to resolve the alleged issue with the affected employee by written agreement within thirty (30) days from the receipt of the City notification. Employer shall notify the Wage Theft Coordinator if the issue was resolved between the Employer and the affected employee.

3. Texas Workforce Commission.

(a) If no resolution is achieved, the complainant shall be referred to the Texas Workforce Commission ("Commission").

(b) The Wage Theft Coordinator shall seek to determine status of the complaint at the commission. The Wage Theft Coordinator shall place Employer in the Wage Theft Adjudication Database if it appears that the Commission has made a finding that wage theft occurred.

(Ord. No. 18370, § 1, 6-16-2015)

3.46.050 Retaliation prohibited.

A. No City Contractor shall retaliate against any person who has filed a wage theft complaint pursuant to this Chapter. Retaliation means action to discharge from employment, discipline, or otherwise punish an employee for filing a wage theft complaint in good faith.

B. If the Wage Theft Coordinator determines that retaliation has occurred, the Wage Theft Coordinator shall refer the matter to the City Attorney for appropriate action.

(Ord. No. 18370, § 1, 6-16-2015)

3.46.060. Sanctions and penalties—City contracts.

A. Existing City Agreement.

1. In the event the City becomes aware of the fact an Employer acting under a contract which was awarded prior to the effective date of this Ordinance has been adjudicated for wage theft, the City may terminate the contract.

2. Prior to terminating the contract the City will provide Employer with thirty (30) days' notice and opportunity to provide full proof of payment of outstanding wage theft adjudication judgment.

3. The award of future City contracts after termination of an existing contract due to an Employer's wage theft adjudication shall be managed as a New City Agreement in this section.

B. New City Agreement.

1. In the event the City becomes aware an Employer with a wage theft adjudication record has submitted a bid or proposal for City work prior to the award of a contract, the City shall deem the Employer non-responsible and refuse to enter into a City Agreement with such Employer for a period of five (5) years after the date of final adjudication.

2. Prior to deeming the Employer as non-responsible, the City will provide the Employer with thirty (30) days' notice and opportunity to provide full proof of payment of outstanding wage theft adjudication judgment.

It should be noted that this ordinance shall be applicable to all permit and license applications received on or after February 29, 2012.

Chapter 5.01

GENERAL

Sections:

5.01.005 City official.

5.01.010 Permit official.

5.01.020 License/Permit—Term.

5.01.030 License/Permit—Renewal.

5.01.040 License/Permit—Fee nonrefundable.

5.01.050 License/Permit—Nontransferable.

5.01.060 License/Permit—Posting.

5.01.070 License/Permit—Exemptions.

5.01.080 Enforcement and collection.

5.01.090 License/Permit—Appeal of denial, suspension or revocation.

5.01.100 Violation, penalty.

5.01.005 City official.

For purposes of Title 5 of this Code, the term "city official" is defined as any director or official designated by the city manager to enforce provisions of this title, which includes but is not limited to a permit official, building official, and fire official.

(Ord. No. 18968, § 1, 9-3-2019)

5.01.010 Permit official.

For purposes of Title 5 of this Code the "permit official" as defined in Section 1.04.030 shall be the primary authority for the issuance, denial, suspension or revocation of licenses and permits required. Specific chapters under Title 5 of this Code may designate additional city officials with authority to issue, deny, suspend or revoke licenses or permits. Any reference to the permit official or other city official with authority to enforce the terms of this title, shall also include that person's designee.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 2, 9-3-2019)

5.01.020 License/Permit—Term.

Unless a specific chapter under Title 5 of this Code specifies a different term, all licenses and permits issued pursuant to Title 5 of this Code shall expire two years from the date of issuance, unless otherwise suspended or revoked. Applicants may, however, choose a one-year permit or license rather than a two-year permit or license if the fee for the two-year permit or license is greater than one hundred dollars.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.01.030 License/Permit—Renewal.

Unless a specific chapter under Title 5 of this Code sets out a different renewal term, if, thirty days prior to the expiration of the license or permit, there are no outstanding violations, citations, or fees owed to the city by the license or permit holder which are directly related to the license or permit, the license or permit may be renewed for a period of two years upon the filing of a new application and payment of the established renewal fee.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.01.040 License/Permit—Fee nonrefundable.

All established fees charged and collected by the city from a license or permit applicant pursuant to the provisions of Title 5 of this Code shall be nonrefundable unless otherwise specified.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.01.050 License/Permit—Nontransferable.

Any license or permit issued pursuant to the requirements of Title 5 of this Code shall not be transferable to any other location or to any other holder. Upon a change of ownership of a licensed or permitted business, the former license or permit shall automatically expire and a new license or permit must be obtained. It shall be the duty of both the licensee/permitee and the person to whom the business is transferred to notify the permit official of such change in ownership.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.01.060 License/Permit—Posting.

Unless a specific chapter under Title 5 of this Code sets out a different requirement, it shall be the duty of every person or business to keep any license or permit issued under and in accordance with the terms of Title 5 of this Code posted in a conspicuous place in the place of business licensed or permitted.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.01.070 License/Permit—Exemptions.

The City of El Paso, the County of El Paso, the El Paso Housing Authority, the State of Texas, the United States Government and any other governmental entities that are, as a matter of law, exempt from having to pay permit fees, are exempt from the payment of the license or permit fees required in this title. Utility companies and other entities who have entered into a franchise agreement with the City of El Paso are bound by the terms of the franchise agreement in reference to the payment of license or permit fees.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012, eff. 2-29-2012)

5.01.080 Enforcement and collection.

A. Any peace officer, code enforcement officer, and inspector designated by the city official is authorized to make inspections of property as necessary to enforce the provisions of Title 5 of this Code. If the owner or person in possession of such property shall refuse to permit the designee to enter property for the purpose of making inspection, the designee shall have recourse to every remedy provided by law to secure entry, including judicial warrant.

B. Any peace officer, code enforcement officer, and inspector designated by the appropriate city official is authorized to issue citations to any person found to be in violation of Title 5 of this Code.

C. Specific chapters under Title 5 of this Code may authorize additional city employees to issue citations to any person found to be in violation of Title 5 of this Code.

D. The city may collect any license or permit fee owing to it by any person by suit against such person in any court of competent jurisdiction.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 3, 9-3-2019)

5.01.090 License/Permit—Appeal of denial, suspension or revocation.

Unless a specific chapter under Title 5 of this Code sets out a different appeal process, any applicant/licensee/permittee may appeal the denial, suspension or revocation of a license or permit required by Title 5 of this Code to the city manager as provided in this section.

A. Within ten business days of denial, suspension or revocation, the permit official or other city official authorized to deny, suspend or revoke a permit or license, shall prepare a report indicating the reasons for the denial, suspension or revocation, and shall provide a copy to applicant, licensee or permittee. Such official's decision is final unless within ten calendar days from the date of receiving such official's report, the applicant, licensee, or permittee files with the city clerk a written appeal to the city manager specifying reasons for the appeal. Said appeal shall also include a written rebuttal to such official's report.

B. The city manager or designated deputy city manager shall review the report of the permit official and the appellant's rebuttal. The city manager or designee may allow the appellant to make an oral presentation or submit additional rebuttal. The city manager or designee shall make a ruling on the appeal within a reasonable period of time after the appeal has been filed.

C. The city manager or designee shall sustain, reverse or modify the action of the official and shall notify the appellant of the decision in writing. The decision of the city manager or designee is final.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 4, 9-3-2019)

5.01.100 Violation, penalty.

Unless a specific chapter under Title 5 of this Code sets out a different violation or penalty, any

person who violates a provision of Title 5 of this Code shall be deemed guilty of a misdemeanor and upon conviction shall be punished as provided in Chapter 1.08 of this Code by a fine not to exceed five hundred dollars. Each day the violation occurs shall constitute a separate offense.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

No person may manufacture, distill, brew, sell, import, export, transport, distribute, possess, possess for the purpose of sale, warehouse, store, bottle, rectify, blend, treat, fortify, mix, or process alcoholic beverages or possess equipment or material designed for or capable of use for manufacturing alcoholic beverages unless the use is authorized by and the person has complied with all applicable requirements of the Texas Alcoholic Beverage Code, and Title 20 and 21 of the City Code, as amended, and the person has paid the established fee and obtained a permit of the type required pursuant to the terms of this chapter.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.02.020 Definitions.

A word or term used in this chapter that is specifically defined by the Texas Alcoholic Beverage Code shall be construed to have the same meaning established by the Texas Alcoholic Beverage Code, as amended.

"Alcoholic beverage" means alcohol or any beverage containing more than one-half of one percent of alcohol by volume, which is capable of use for beverage purposes, either alone or when diluted.

"City secretary" means the permit official or other designee of the city manager whenever referenced in the Texas Alcoholic Beverage Code.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.02.030 Construction consistent with state law.

This chapter is intended to be in conformity with the Texas Alcoholic Beverage Code and with all the rules and regulations promulgated under authority of the Texas Alcoholic Beverage Commission, both as amended.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.02.040 No vested right conferred.

The sale of alcoholic beverages is a privilege and this chapter is not intended to give any person a vested right to engage in such business.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.02.050 Existing liquor districts are repealed.

Liquor districts were repealed as of August 1, 2000.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.02.060 Applicability to annexed territories.

A. When at the time of any annexation of territory to the city there was in actual existence in the annexed area a place of business at which alcoholic beverages or intoxicating liquors were lawfully sold, the room in which such business was then being conducted shall be deemed a nonresidential section for the purposes of this section, and such business may continue to operate, but only upon the following conditions:

1. The person operating or desiring to operate such business shall file with the permit official an affidavit made by himself and by another person knowing the facts and competent to testify, showing the fact that such business was in lawful operation at the time of annexation, the location then actually occupied by the business, and the name and address of the owner of the business.

2. Such person shall also produce for inspection a current valid state license or permit under which the business was being operated at the time of annexation and shall file a copy thereof.

3. A business operated under authority of this section shall not be enlarged or extended; and if the business shall cease to be conducted for a continuous period of one hundred and twenty days, it shall be deemed to be permanently abandoned, and all rights to operate an alcoholic beverage business in that location by virtue of this section shall expire.

B. The privilege granted by the above provision shall apply in the case of both past and future annexations.

C. Nothing in this section shall authorize any act which is unlawful under Title 20 or 21 of this Code, relating to zoning.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.02.070 Certification of compliance with city requirements for application to the Texas Alcoholic Beverage Commission.

A. This section applies to an application for a permit or license required by the Texas Alcoholic Beverage Code when the Texas Alcoholic Beverage Code requires certification by the city that the sale of alcoholic beverages at the place of business is authorized by city ordinance. This section also applies to a permittee seeking to change the place, address, premises, or location for which the permit or license is issued, when the Texas Alcoholic Beverage Code requires certification by the city that the sale of alcoholic beverages at the place of business is authorized by city ordinance.

B. The applicant for a permit or license subject to this section shall file a completed and verified application with the permit official. The application shall be on forms promulgated by the Texas Alcoholic Beverage Commission.

C. The permit official shall forward copies of the completed and verified application to the appropriate city officials.

D. Each city official receiving a copy of the application under subsection C. shall require that a proper investigation and inspection be conducted necessary to certify the findings required by the official under this section. If the place of business was inspected in the twelve months preceding the date the application was filed, the city official may make his certification without reinspecting the place of business if there has been no material change since the previous inspection that would affect the certification required by this section, as determined by the official in his sole discretion.

E. The applicant shall make the business place available for all inspections authorized and undertaken under this section. Inspections under subsection D. may relate, without limitation, to the requirements established by the zoning code, building code, plumbing code, mechanical code, gas code, electrical code and fire code, as may be amended; and to any provisions of this Code of ordinances and state requirements that are administered or enforced by the department of public health.

F. If the building official determines that the sale of alcoholic beverages at the place of business is an authorized use at that location and the place of business complies with all applicable provisions

of the building code, plumbing code, mechanical code, gas code and electrical code, as may be amended, the building official shall certify that finding.

G. If the fire chief certifies that the place of business complies with all applicable provisions of the fire code, the fire chief shall certify that finding to the permit official.

H. If the director of the department of public health determines that the place of business complies with all applicable provisions of the city or state health code that are enforced by the department of public health, the director shall certify that finding to the permit official.

I. If the departments listed in subsections F., G. and H. are unable to provide the required certifications because a structure, or retrofit or remodeling at the proposed place of business has not been completed, then the departments may provide an interim certification to the permit official, and the permit official may certify the application. However, occupancy and the conduct of business at the place of business is prohibited until a certificate of occupancy for the place of business, a city alcoholic beverage permit or license and a food license have been issued.

J. When the permit official receives the certifications required in subsections F., G., and H., the permit official shall certify on the application that the place of business is in a "wet area" and that the sale of alcoholic beverages for which the permit or license is sought is not prohibited at that location by any provisions of the El Paso City Charter or City Code. The permit official shall forward the certified application to the Texas Alcoholic Beverage Commission.

K. If the permit official does not receive the certifications required in subsections F., G., and H., or the permit official cannot otherwise certify on the application that the sale of alcoholic beverages at the place of business is authorized by city charter or city code, the permit official shall not certify the application.

L. The applicant may appeal the permit official's denial of the certification of the application to the city council by written notice filed with the city clerk within ten days of the applicant's receipt of the notice of denial of the certification from the permit official.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 5, 9-3-2019)

5.02.080 Resubmission of application.

Once a permit or license has been denied by the city council for a specific place of business, an applicant shall not be allowed to resubmit an application for that same location until twelve months has elapsed from the date the city council denied the previous permit or license application.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.02.090 City protest of permit/license.

A. The city manager for the City of El Paso may protest the issuance of alcoholic beverage licenses to the county judge and the Texas Alcoholic Beverage Commission in accordance with Texas Alcoholic Beverage Code Section 61.314. Evidence supporting the protest shall be presented by the city manager with the assistance of the city attorney if necessary.

B. The city manager may protest the issuance or renewal of a state permit or license in compliance with Texas Alcoholic Beverage Commission Code Sections 11.432 and 61.314. Evidence supporting the protest shall be presented to the city manager with the assistance of the city attorney if necessary.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 19335, § 1, 5-24-2022)

5.02.100 City Liquor license/permit—Fee.

A. Once an applicant has obtained a license or permit from the Texas Alcoholic Beverage Commission, they must also obtain the corresponding license or permit from the city prior to operations. There shall be charged and collected by the city the established fee from every licensee or permittee issued any license or permit by the state or its authorized agents, and from which licensee or permittee the city is given the power by the Texas

Alcoholic Beverage Code to collect a fee. The city license or permit shall correspond to the same class of license or permit issued to such licensee or permittee by the state.

B. No person may manufacture, distill, brew, sell, import, export, transport, distribute, possess, possess for the purpose of sale, warehouse, store, bottle, rectify, blend, treat, fortify, mix, or process alcoholic beverages or possess equipment or material designed for or capable of use for manufacturing alcoholic beverages without first paying the established fee and obtaining applicable license(s) or permit(s) from the city in accordance with the Texas Alcoholic Beverage Code.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 19335, § 2, 5-24-2022)

5.02.110 Issuance of permit or license.

Upon the payment of the established fee to the city, the approval of any required reviews and inspections and exhibition to the permit official of the permit or license duly issued by the state to the applicant or person paying such fee, the permit official shall, in the name of the city, issue and deliver to such applicant or person a permit or license to engage in the business in the city of the character described in and authorized by the permit or license from the state held by such applicant or person. The permit or license so issued in the name of the city shall authorize the conduct of such business upon the premises described in the permit or license from the state, and shall be void upon expiration or revocation of the state license or permit.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.02.120 License/Permit application processing.

No license or permit required under this chapter shall be issued until the proper application, on a form approved by the permit official accompanied by all required documents, has been filed with the permit official.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.02.130 Separate permit required.

A separate permit shall be obtained and a separate fee paid for each outlet of liquor in the city.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.02.140 City Liquor license/permit—Term.

A license or permit issued under this chapter expires on the second anniversary of the date it is issued.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 19335, § 3, 5-24-2022)

5.02.150 Licenses/Permits expired for two months or more.

The permit official shall report to the Texas Alcoholic Beverage Commission all licenses or permits expired for two months or more.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.02.160 Renewal, assignment and transfer of licenses.

The provisions of the Texas Alcoholic Beverage Code Chapter 11 and Chapter 61 relating to renewal, assignment and transfer of a license or permit, and relating to refund of license and permit fees, shall apply to licenses, permits and fees of the city.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.02.170 Violations and penalties.

Any person, firm, corporation or agent who shall violate a provision of this chapter, or fail to comply therewith, or with any of the requirements thereof, shall be deemed guilty of a misdemeanor and punished by a fine not to exceed two thousand dollars. Each such person shall be deemed guilty of a separate offense for each and every day or portion thereof during which any violation of any of the provisions of this chapter is committed or continued.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

Article I. General Provisions

5.03.010 Compliance required.

A. An establishment regulated by this chapter must be in possession of a permit allowed by this chapter when emitting sound at any outdoor area at the premises covered by said permit.

B. All persons subject to regulation by this Chapter 5.03 shall also comply with all applicable state law including Texas Penal Code Chapter 42.01.

C. This chapter shall not apply to sound generated at a scheduled stadium event or an event at a venue with more than two thousand five hundred seating capacity;

D. This chapter shall not apply to food service establishments if the establishment:

1. Accepts delivery of supplies or other items, provided that if the delivery occurs between 10:00 p.m. and 5:00 a.m., then:

a. The delivery lasts for one hour or less;

b. The delivery is only for food, nonalcoholic beverages, food service supplies, or ice; and

c. The delivery sound level when measured from the residential property closest in proximity to the establishment does not exceed sixty-five dB(A), excluding traffic and other background noise that can be reasonably excluded, or

2. Is a restaurant, as defined by Section 1.04, Alcoholic Beverage Code, that limits the use of amplified sound for playing music or amplifying human speech within the establishment's indoor or outside property boundaries to ensure:

a. The amplified sound is not used after 10:00 p.m. on Sunday through Thursday and 11:00 p.m. on Friday and Saturday, and

b. The amplified sound level does not exceed seventy dB(A) or seventy-five dB(C) when measured at the establishment's property perimeter, excluding traffic and other background noise that can be reasonably excluded.

5.03.020 Definitions.

The following words shall have the following meanings:

A. "Establishment" means any business entity in the city that utilizes amplification equipment at a non-residential property located within five hundred feet of a residential property as de-

***Editor's note**—As per Section 2 of Ord. No. 18907, this ordinance shall take effect one hundred eighty days after the adoption date of Feb. 26, 2019.

fined in this chapter, measured from the property line of the establishment closest to the residential property, for the purpose of emitting sound at any outdoor area on the premises between the hours of 10:00 p.m. and 12:00 a.m.

B. "Food service establishment" means any place where food is prepared and intended for individual portion service, and includes the site at which individual portions are provided. The term includes any such place regardless of whether consumption is on or off the premises and regardless of whether there is a charge for the food. The term does not include private homes where food is prepared or served for individual family consumption.

C. "Mixed use building" means a building that includes a residential occupancy and one or more other occupancy type group(s), as defined by the International Building Code.

D. "Noise nuisance" is as defined in Chapter 9.40 of the El Paso City Code, as amended.

E. "Operations" means the continued use of sound amplification equipment at non-residential property for the purpose of emitting sound at any outdoor area on the premises between the hours of 10:00 p.m. and 12:00 a.m.

F. "Outdoor area" means any portion of the establishment premises that is not fully enclosed by permanent, solid walls and a roof, (including open roll-up-style doors, open windows, or open doors) where sound amplification equipment will be utilized for the enjoyment of establishment customers, includes fixed, non-portable structures used in conjunction with sound amplification equipment, including but not limited to stages, decks, risers, and lighting support structures.

G. "Permit" means a current, valid permit issued by the permit official, in accordance with this chapter in regulation of outdoor sound at an establishment, and subject to the entire process set forth in Chapter 5.01 of the El Paso City Code, as amended, with any specific differences specified in this chapter governing over the provisions of Chapter 5.01.

H. "Permit official" is as defined in Section 1.04.030.1 of the El Paso City Code.

I. "Residential property" means a parcel of real property which is developed and used in part or in whole for human habitation, including transient uses such as hotels and motels.

J. "Restaurant" means a business that:

1. Operates its own permanent food service facility with commercial cooking equipment on its premises; and

2. Prepares and offers to sell multiple entrees for consumption on or off the premises.

K. "Sound" means sound including but not limited to music, singing or spoken words that are conveyed through the utilization of sound amplification equipment; this definition does not include a noise nuisance, as defined in Chapter 9.40 of the El Paso City Code.

L. "Sound amplification equipment" means a loud speaker, public address system, amplification system for voice and musical instruments, or other sound producing device that relies on electrical power to generate and/or amplify sound.

M. "Sound meter" means a device approved by the permit official for the purpose of measuring the level of emitted sound (in decibels) and is recognized as adhering to an established industry technical standard and is capable of calibration to ensure precision and accuracy.
(Ord. No. 18907, § 1, 2-26-2019; Ord. No. 019636, § 2, 5-21-2024; Ord. No. 019695, § 2, 12-17-2024; Ord. No. 019781, § 2, 8-19-2025)

Article II. Permit Application Process

5.03.030 Permit application.

A. Permit application. A person seeking to utilize sound amplification equipment at non-residential property for the purpose of emitting sound at any outdoor area on the premises between the hours of 10:00 p.m. and 12:00 a.m., shall submit a signed, verified application, with the established application fee(s), to the permit official.

Applications shall be on forms obtained from the permit official, and shall contain, at a minimum, the following information:

1. The name, address and telephone number of the applicant;

2. All names under which the applicant is doing business and has conducted business during the past three calendar years;

3. The address of the person responsible for the establishment;

4. A current, valid certificate of occupancy issued by the city building official, as defined in Section 18.02.111.1 in the City Code, for the establishment; and

5. A sound impact plan containing the following components:

a. A site diagram, including location of outdoor area(s) where amplified sound will be emitted, and location of sound amplification equipment;

b. Technical specifications of sound amplification equipment used in the outdoor area;

c. Description of any sound barrier(s) or sound mitigation device(s) installed in or around the outdoor area; and

d. Method of monitoring of sound amplification equipment by the establishment owner, the operator of said equipment, or by an electronic device.

B. A person responsible for an establishment shall submit a permit application in accordance with this chapter and the policies and procedures established by the permit official.

C. The person responsible for the establishment shall, under penalty of perjury, swear that all information contained in the permit application and all information submitted in connection with the permit is true and correct.

(Ord. No. 18907, § 1, 2-26-2019)

5.03.040 Permit application processing.

A. Upon receipt of a proper application as provided in this chapter and payment of the established fee, the permit official shall review and process the application.

B. Notification.

1. On behalf of the applicant, the city must issue written notice of intent to acquire a permit to any property owner and any neighborhood association within a five hundred foot radius, measured from the property line of the establishment. Each notification shall provide recipients with pertinent information to inform the city of the recipients' opportunity to provide comment on the application.

2. An applicant shall post in a place visible to the public, such as in a window or on a wall facing the street address, at the establishment written notice of the establishment's intent to acquire a permit. Said notice must comply with the requirements listed in the application as to size, color, construction, etc., for purposes of public visibility. Said notice must be posted from the time the application is submitted to the permit official until the permit application is approved or denied. The notice shall provide recipients with pertinent information to inform the city of the recipients' opportunity to provide comment on an application. The written response to an opportunity to provide comment shall allow a person to submit evidence and specific reasons why the issuance of the permit would be detrimental to the community.

3. On behalf of the applicant, the permit official shall notify every abutting residential property owner and any other residential property owner(s) within a three hundred foot radius, measured from the property line of the establishment, for the purpose of securing a written response from each notified property owner. Each notification shall provide recipients with pertinent information regarding his or her opportunity to contest an application. The written response to an opportunity to contest shall allow a person to submit evidence and specific reasons why the issuance of the permit would be detrimental to the community.

4. When an establishment is located in a mixed use building, the permit official shall issue written notice of intent to acquire a permit to the building owner.

5. The permit official shall allow thirty calendar days for the notified parties to submit comments or a written response to an opportunity to contest which should include evidence and identify specific reasons of why the issuance of the permit would be detrimental to the community prior to approving or denying a permit application.

C. The permit official shall issue the permit unless he finds that the permit should be denied as provided in Section 5.03.080 of this Code.
(Ord. No. 18907, § 1, 2-26-2019; Ord. No. 18968, § 6, 9-3-2019; Ord. No. 019695, § 3, 12-17-2024)

5.03.050 Term.

A permit issued pursuant to this chapter shall expire one year from the date of issuance, unless otherwise suspended or revoked.
(Ord. No. 18907, § 1, 2-26-2019)

5.03.060 No transfer of permit.

A. In the event the establishment changes its location, a new permit shall be required. A permit is not transferrable to a new address.

B. In the event the person responsible for the establishment changes, a new permit shall be required. A permit is not transferrable to a new owner of an establishment.
(Ord. No. 18907, § 1, 2-26-2019)

5.03.070 Renewal.

A. A permit shall be renewed under the following conditions:

1. If an application for renewal is submitted not more than forty-five calendar days and not less than thirty calendar days from the expiration of the permit in effect;

2. If the permit in effect has not been suspended or revoked during the previous term; and

3. If no more than two violations of the permit have been documented during the previous term.

B. A renewal application shall require any updates to the outdoor area and/or sound impact plan.

C. The notification required under Section 5.03.040.B shall not be required for the permit renewal application process.
(Ord. No. 18907, § 1, 2-26-2019)

Article III. Denial, Suspension, Revocation and Appeals

5.03.080 Denial.

The permit official shall deny an application for permit whether original or renewal, by serving the applicant with written notice by hand delivery or certified mail, return-receipt requested, if:

A. The applicant is found to be in violation of this chapter; or

B. The permit official finds:

1. That the applicant has supplied false or incorrect information on any application for a permit;

2. That the applicant has failed to supply all information required on the application form;

3. That the applicant has failed to pay the application fee;

4. Failure to provide the notice required by Section 5.03.040B.2, as amended;

5. That more than twenty-five percent of the notified residential property owners within three hundred feet of the property line of the establishment provide the permit official with a written response contesting the permit;

6. More than two violations of this chapter within the term of the permit (in the case of a renewal); or

7. A failure to renew a permit within thirty calendar days of an expired permit;

C. In event that an applicant's current or prior permit is under suspension, no new permit shall be issued until the term of such suspension has expired.

D. In the event that an applicant's current permit is revoked, no new permit shall be issued until the term of such revocation has expired.

E. The permit official shall issue the written notice of denial of a permit to the application which shall contain, as a minimum, the following:

1. The name of the applicant;

2. Statement that the permit is denied; and

3. Reason(s) for the denial, as listed in subsections B.1—7 of this section.

(Ord. No. 18907, § 1, 2-26-2019; Ord. No. 019695, § 4, 12-17-2024)

5.03.090 Suspension and revocation.

A. The permit official may issue a written notice of intent to suspend a permit for not more than sixty calendar days or a written notice of intent to revoke an original or renewal permit subject to this chapter if the permit official determines that any of the following is true:

1. The permit holder supplied false or misleading information on any application for a permit;

2. Except in the case of a compliance plan approved by the permit official, during the time frame covered by the plan, the permit holder is found, after notice to the permit holder and opportunity for hearing, to be in violation of a provision of this chapter or a rule adopted under this chapter, including, but not limited to the issuance of more than ten citations resulting from Chapter 9.40 of the City Code, or more than two issued violations of the permit at the establishment;

3. The permit holder is indebted to the city for fees or payment of penalties imposed by this chapter or by a rule adopted under this chapter.

B. The permit official may issue a written notice of intent to revoke a permit, as applicable, if the holder violates this chapter on two or more occasions during the term of the permit.

C. A permit holder that has had their permit suspended or revoked shall be required to surrender said permit to the permit official within seven calendar days of receiving notice from the city of suspension or revocation, regardless of whether the permit holder requests an appeal in accordance with Section 5.03.100 of this Code. In the case of suspension, failure to surrender permit within seven calendar days of notice shall cause the permit official to revoke the permit. In the case of revocation, the holder's period of revocation shall be extended to twelve months before they can apply for a new permit.

1. A permit holder shall not commence operations after the term of suspension has ended without first retrieving their permit from the permit official; and

2. A permit holder shall not continue operations subject to the permit during the period of suspension of revocation of their permit.

D. Notice. The permit official shall issue a written notice of suspension or revocation of a permit to the holder, or a proposed suspension or revocation pursuant to subsection A.3., 4. or 5. of this section, which shall contain, as applicable, the following:

1. Name and address of the permit holder;

2. Statement of whether the permit is suspended or revoked;

3. Reason(s) for the suspension or revocation;

4. Where applicable, order that the activity permitted by the permit immediately cease;

5. Recommendation of corrective measures to bring the establishment into compliance with the requirements of this chapter;

6. Reasonable time limit for the completion of the corrective measures;

7. Statement that the permit, if suspended, is subject to revocation for failure to complete the corrective measures within the allotted time;

8. Order that the permit be surrendered to the permit official within seven calendar days of receipt of notice;

9. Statement that the permit, if suspended, is subject to revocation for failure to surrender permit within the allotted time; and

10. Statement that the suspension or revocation may be appealed under the provisions set forth in Section 5.03.100 of this Code.

E. An establishment may not reapply for a new permit for a period of twelve months after said permit has been revoked.

F. The permit official may allow a permit holder the option of submitting a compliance plan

addressing the specific issues of the establishment's noncompliance in lieu of suspension or revocation. In order to avail itself of this option, the permit holder must submit within ten calendar days of the notice of suspension or revocation a plan to mitigate the issues specified in the city's notice. The compliance plan must address each issue specified in the notice and state a date certain for expected compliance. The establishment shall cease the outdoor amplification of sound until compliance is confirmed by the permit official. A permit official shall have fourteen calendar days to review the proposed compliance plan and provide notice to the establishment indicating whether the compliance plan is approved, denied or requires revision. Failure to comply by the terms of an approved compliance plan may result in the suspension or revocation of the establishment's permit subject to the provisions set forth in Section 5.03.090 of this Code.
(Ord. No. 18907, § 1, 2-26-2019; Ord. No. 18968, § 7, 9-3-2019)

5.03.100 Appeal of denial, suspension and revocation.

A. Any applicant/permittee may appeal the denial, suspension or revocation of a permit as provided in Section 5.01.090 of the El Paso City Code.

B. Notwithstanding Section 5.01.090 of the El Paso City Code, the city manager or designee's decision is subject to review by the city council. The applicant may appeal the decision of the city manager or designee to the city council by submitting a written appeal to the city clerk within ten days of the city manager or designee's decision. Within ten days after receiving the appeal, the city clerk shall notify the appellant of the time and place of the hearing before city council, which shall be as soon as practicable, but no longer than thirty days after receipt by the city clerk of the written appeal. The city council shall affirm, reverse, or modify the decision of the city manager or designee. The decision of the city council shall be final.

C. The notice discussed in Section 5.03.040 is not required to be re-posted or re-sent for an appeal.
(Ord. No. 18907, § 1, 2-26-2019)

Article IV. Permit Standards

5.03.110 Permit standards.

A. An establishment operating under a permit shall be allowed to emit sound up to 70 dBA, measured by a sound meter at the property boundary.

B. Sound emitted in violation of the standard set forth in this chapter shall be considered a noise nuisance, as defined by Chapter 9.40 of the El Paso City Code, as amended, and a nuisance which is not authorized by a permit.

C. Sound emitted from inside an establishment must comply with Chapter 9.40 of the El Paso City Code, as amended.

D. A permit must be posted in accordance with Section 5.01.060 of the El Paso City Code, as amended.

E. A copy of the sound impact plan must be maintained at the establishment and made available to any person authorized by the chapter to enforce the permit requirements, this includes but is not limited to designated peace officers.
(Ord. No. 18907, § 1, 2-26-2019; Ord. No. 18968, § 8, 9-3-2019)

Article V. Enforcement

5.03.120 Enforcement.

In addition to the requirements set forth in Section 5.01.080 of the El Paso City Code, the permit official as well as any designated peace officer, code enforcement officer and inspector of the city shall be authorized to make inspections of the establishment and issue citations to any person found to be in violation of this chapter. If the owner or permit holder of such establishment shall refuse to permit the permit official, or designee to enter the establishment for the purpose of making the inspection, the permit official, designated peace officer, code enforcement officer or

inspector shall have recourse to every remedy provided by law to secure entry, including judicial warrant.
(Ord. No. 18907, § 1, 2-26-2019; Ord. No. 18968, § 9, 9-3-2019)

Article VI. Violation, Penalty

5.03.130 Violation.

A. Any person, including, but not limited to, the property owner, the owner of the establishment, the employee in control of the establishment at the time the citation is issued, or the operator of the sound amplification equipment serving the outdoor area, who violates a provision of this chapter shall, upon conviction, be guilty of a Class C misdemeanor and punished by a fine not to exceed two thousand dollars. Each day the violation occurs shall constitute a separate offense. In addition to any penalties provided for herein, this chapter is enforceable by injunction.

B. The city may suspend or revoke the permit when more than two violations of the permit have been documented during the term of the permit. Violations of the permit include but are not limited to citations issued to the permit holder, property owner, the owner of the establishment, the employee in control of the establishment at the time the citation is issued, or the operator of sound equipment serving the outdoor area.

C. The city may suspend or revoke the permit when more than two violations of Chapter 9.40 have been documented and citations issued to the permit holder at the establishment to either the establishment owner, employee, or individual in control of the establishment at the time of issuing the citation.

D. It shall be a violation of this chapter to emit amplified sound from an outdoor area of a non-residential property from 12:01 a.m. through 7:00 a.m.

E. The city may, in accordance with Chapter 54 of the Texas Local Government Code, bring a civil action against a person violating a provision of this chapter. The civil action may include, but is not limited to, a suit to recover a civil penalty pursuant to Section 54.017 of the Texas Local Government Code not to exceed one thousand dollars for each day or portion of a day during which the violation is committed, continued, or permitted.
(Ord. No. 18907, § 1, 2-26-2019; Ord. No. 019695, §§ 5, 6, 12-17-2024)

Chapter 5.04

FLEA MARKET OPERATOR

Sections:

5.04.010 Flea market operator license provisions.

5.04.010 Flea market operator license provisions.

A. Operator permit application and processing.

1. First time application and renewal for an operator permit shall be made on a form provided by the permit official.

2. A plot plan of the site area shall accompany the application and shall show the location and dimension of the following:

a. All proposed vendor stalls/spaces, including food vendors;

b. Off-street parking;

c. Sanitary portables or fixed sanitary facilities;

d. Existing or proposed structures and uses;

e. Pedestrian walkways, fire accessways and required setback areas;

f. Storage areas.

3. Within thirty days of receipt of the application, the permit official shall issue the operator permit if all applicable provisions have been met. If all applicable provisions have not been satisfied, then the application shall be denied and the permit shall not be issued, until the applicant complies with all applicable regulations.

4. A new operator's permit shall be required if the outdoor flea market is expanded or changed in any capacity or with any change in owner or operator of the outdoor flea market.

5. The established annual fee for an operator permit shall be paid and shall be nonrefundable.

6. The operator shall cooperate and permit the city to conduct inspections of the premises at reasonable times to ensure compliance with this chapter.

B. Permit denial, suspension and revocation.

1. The city may suspend or revoke any permit granted hereunder by serving the permittee with written notice by hand-delivery or certified mail, if the permittee is found to be in violation of the code or found to pose a significant health risk to the public.

2. The permit official shall issue the written notice of denial, suspension or revocation of a permit to the permittee and shall contain, as a minimum, the following:

a. State the name and address of the location of the flea market and name of the permit holder;

b. State the permit is denied, suspended or revoked;

c. Indicate the reason(s) for the denial, suspension or revocation;

d. Order all or a portion of the flea market to be closed and not accessible to the public;

e. A statement prohibiting the further use and operation of the flea market;

f. Recommended corrective measures to bring the structure or flea market into compliance with the requirements of this chapter and any other applicable provision of the code;

g. Establish a reasonable time limit for the completion of the corrective measures;

h. State the permit, if suspended, is subject to revocation for failure to complete the corrective measures within the allotted time.

3. The permit official may post a sign at any location where a permit has been suspended or revoked pursuant to this chapter alerting the public that the location no longer has a valid permit.

C. Enforcement—Penalty.

1. Civil and criminal penalties. The permit official and designated city officials shall have the power to administer and enforce the provisions of this chapter as may be required by governing law. Any person violating any provision of this chapter is subject to suit for injunctive relief as well as prosecution for criminal violations. Any violation of this chapter is declared to be a nuisance.

2. Criminal prosecution. Any person violating any provision of this chapter shall, upon con-

viction, be fined a sum not exceeding two thousand dollars. Each day that a provision of this chapter is violated shall constitute a separate offense.

3. Civil remedies. Nothing in this chapter shall be construed as a waiver of the city's right to bring a civil action to enforce the provisions of this chapter and to seek remedies as allowed by law, including, but not limited to the following:

a. Injunctive relief to prevent specific conduct that violates this chapter or to require specific conduct that is necessary for compliance with this chapter; and

b. Any other remedy available by law.

C. The director shall promptly notify the permit official when a facility is found to be in com-

pliance with the requirements of Chapter 9.48 and of this chapter. For facilities in violation of the codes, the director shall issue a correction notice to the operator, in accordance with Chapter 9.48. The owner or operator receiving a correction notice shall promptly remedy the violation and ask for a re-inspection by the director. Until the violation(s) have been satisfactorily corrected and passed by the director, a license shall not be issued and the facility shall not be used.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.05.070 License issuance.

A. Subject to the approval of the director and upon receipt of the established fee, the permit official shall issue the license, unless one of the following applies:

1. One or more of the statements made in the application are not true;

2. The applicant has failed to submit a complete application; or

3. The requirements of the applicable city code provision in this title relating to permit requirements or issuance are not met.

B. Licenses are valid only for the location and owner or operator to whom the license is issued. A change in the name of the owner or operator to whom the license is issued shall require the submission of a new application for a new license.

C. Licenses may not be transferred to another party for any use or benefit.

D. The owner or operator shall obtain the appropriate license and pay the established fee prior to starting operations.

E. A person may appeal a denial of a license to the city manager as provided in Chapter 9.48.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.05.080 License renewal.

A. The license for a public swimming pool or public spa may be renewed by submitting a renewal application to the permit official. Renewal applications shall be on forms obtained from the permit official.

B. Renewal applications shall be processed in the same manner as original applications.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.05.090 Temporary licenses.

A. The director and the permit official shall be authorized to issue temporary licenses for the operation of a temporary public swimming pool or public spa.

B. Temporary licenses may be issued for a special event.

C. Temporary licenses shall not be valid for more than five days.

D. Temporary licenses shall automatically expire at 11:59 p.m. on the date of expiration.

E. The owner or operator shall obtain the appropriate license and pay the established fee prior to starting operations.

F. Temporary license applications shall be processed in the same manner as original applications as described in this chapter.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.05.100 Correction and re-inspection.

Correction and re-inspection issues shall be treated pursuant to Chapter 9.48 of the City Code.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.05.110 Suspension of license.

Suspensions shall be treated in accordance with Chapter 9.48 of the City Code.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.05.120 Revocation of license.

Revocation of licenses shall be treated in accordance with Chapter 9.48 of the City Code.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.05.130 Appeals.

Appeals shall be handled in accordance with Chapter 9.48 with the City Code.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.05.140 Fees.

Fees are established and required for all licenses and services provided in this chapter. The

owner or operator shall pay the established fees for the licenses and services provided by the city. Said fees shall include but not be limited to a water sampling fee.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

Article III. Enforcement

5.05.150 Enforcement authority.

The director, permit official and designated city officials shall be authorized to administer and enforce the provisions of this chapter and Chapter 9.48.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 12, 9-3-2019)

5.05.160 Violations and penalties.

Any person who violates a provision of this chapter shall, upon conviction, be guilty of a misdemeanor and punished by a fine not to exceed two thousand dollars. Each day the violation occurs shall constitute a separate offense.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

CHAPTER 5.06

HOME OCCUPATION LICENSE

Sections:

5.06.010 Definition.

5.06.020 Home occupation license provisions.

5.06.010 Definition.

"Home occupation" means a permitted occupation carried on primarily within a home where such use is clearly incidental and secondary to the principal use of the property as a dwelling as defined in Section 20.02.454 of this Code and meeting the additional requirements of Section 20.10.270 and Title 21 of this Code.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.06.020 Home occupation license provisions.

A. No person shall operate or maintain, or permit the operation or maintenance of a home occupation without first having obtained a valid license from the permit official.

B. Proof of a State of Texas license must be provided, where applicable, for child and adult care facilities prior to a home occupation license being granted.

C. Application for a home occupation license shall be made on a form provided by the permit official and shall be accompanied by the established fee.

D. As part of the application, the applicant shall provide written permission for the City of El Paso to conduct an inspection of the property in its entirety that is subject of the application prior to a home occupation license being issued and at reasonable times as necessary. Deficiencies of health, safety, zoning and construction standards established by the city in the City Code will be noted in writing and must be corrected before the license is issued.

E. A request for renewal and renewal fee must be paid prior to expiration of the license.

F. License denial, suspension and revocation.

1. The permit official may suspend or revoke any license granted hereunder by serving the licensee with written notice by hand-delivery or certified mail, if the licensee is found to be in violation of this chapter or found, in the opinion of the permit official, to pose a significant health risk to the public.

2. The permit official shall issue the written notice of denial, suspension or revocation of a license to the licensee and shall contain, as a minimum, the following:

a. The name and address of the location of the home occupation and name of the licensee;

b. A statement that the license is denied, suspended or revoked;

c. The reason(s) for the denial, suspension or revocation;

d. An order that the portion of the dwelling used for a home occupation to be closed and not accessible to the public;

e. A statement prohibiting the further use of the structure for a home occupation;

f. Recommended corrective measures to bring the structure into compliance with the requirements of this chapter and any other applicable provision of the code;

g. The reasonable time limit established for the completion of the corrective measures;

h. A statement that the license, if suspended, is subject to revocation for failure to complete the corrective measures within the allotted time; and

i. A statement that the denial, suspension or revocation may be appealed to the city manager pursuant to Section 5.01.090 of this Code.

3. The permit official may post a sign at any location where a license has been suspended or revoked pursuant to this chapter alerting the public that the location no longer has a valid license.

G. Enforcement—Penalty.

1. Penalties. The permit official and designated city officials shall have the power to administer and enforce the provisions of this ordinance as may be required by governing law. Any person violating any provision of this ordinance is subject

to suit for injunctive relief as well as prosecution for criminal violations. Any violation of this chapter is hereby declared to be a nuisance.

2. Criminal prosecution. Any person violating any provision of this chapter shall, upon conviction, be fined a sum not exceeding two thousand dollars. Each day that a provision of this chapter is violated shall constitute a separate offense. An offense under this chapter is a misdemeanor.

3. Civil remedies. Nothing in this chapter shall be construed as a waiver of the city's right to bring a civil action to enforce the provisions of this chapter and to seek remedies as allowed by law, including, but not limited to the following:

a. Injunctive relief to prevent specific conduct that violates the ordinance or to require specific conduct that is necessary for compliance with the ordinance; and

b. Any other remedy available by law.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 13, 9-3-2019)

5.07.001 Purpose.

The purpose of this chapter is to implement the provisions of Chapter 254, Texas Health and Safety Code, as amended, which allows the city to establish regulations for the protection of the health and safety of residents of boarding home facilities. In the event of a conflict, this chapter must be construed so as to comply with Chapter 254, Texas Health and Safety Code. It is the intent and purpose of the city to administer and enforce this chapter to ensure quality care and the protection of the health and safety of boarding home facility residents by establishing standards, requiring permits and requiring boarding home facilities operating within the city limits to comply with these regulations.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.07.005 Applicability.

This chapter applies to all boarding home facilities within the City of El Paso. This chapter does not apply to:

1. Home and community support services licensed under Chapter 142 of the Texas Health and Safety Code;

2. Convalescent and nursing homes and related institutions licensed under Chapter 242 of the Texas Health and Safety Code;

3. Continuing care facilities licensed under Chapter 246 of the Texas Health and Safety Code;

4. Assisted living facilities licensed under Chapter 247 of the Texas Health and Safety Code;

5. Intermediate care facilities for the mentally retarded licensed under Chapter 252 of the Texas Health and Safety Code;

6. A person that provides home health, hospice, or personal assistance services only to persons enrolled in a program funded wholly or partly by the Texas Department of Mental Health and Mental Retardation and monitored by the Texas Department of Mental Health and Mental Retardation or its designated local authority in accordance with standards set by the Texas Department of Mental Health and Mental Retardation;

7. An establishment conducted by or for the adherents of a well-recognized church or religious denomination for the purpose of providing facilities for the care or treatment of the sick who depend exclusively on prayer or spiritual means for healing, without the use of any drug or material remedy, if the establishment complies with safety, sanitary, and quarantine laws and rules;

8. A retirement community;

9. A monastery or convent;

10. A child-care facility as defined by Section 42.002 of the Texas Human Resources Code;

11. Family violence shelter center as defined by Section 51.002 of the Texas Human Resources Code; or

12. A sorority or fraternity house or other dormitory associated with an institution of higher education.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.07.010 Definitions.

A. Definitions. For purposes of this chapter, the following terms have these specially defined meanings.

1. "Abuse" is defined in the Texas Human Resource Code Section 48.002 and means:

a. The negligent or willful infliction of injury, unreasonable confinement, intimidation, or cruel punishment with resulting physical or emotional harm or pain to an elderly or disabled person by the person's caretaker, family member, or other individual who has an ongoing relationship with the person; or

b. Sexual abuse of an elderly or disabled person, including any involuntary or nonconsensual sexual conduct that would constitute an offense under Section 21.08, Penal Code (indecent exposure) or Chapter 22, Penal Code (assaultive offenses), committed by the person's caretaker, family member, or other individual who has an ongoing relationship with the person.

2. "Assistance with self-administering medication" means assisting a resident by reminding the resident to take medication, opening and removing medications from a container, placing medication in a resident's hand or in/on a clean surface such as a medication reminder box and reminding the resident when a prescription medication needs to be refilled.

3. "Boarding home facility" means an establishment that:

a. Furnishes, in one or more buildings, lodging to three or more persons with disabilities or elderly persons who are unrelated to the owner of the establishment by blood or marriage; and

b. Provides community meals, light housework, meal preparation, transportation, grocery shopping, money management, laundry services, or assistance with self-administration of medication but does not provide personal care services to those persons.

4. "Commission" means the health and human services commission.

5. "Elderly person" means a person who is sixty-five years of age or older.

6. "Exploitation" is defined in the Texas Human Resource Code Section 48.002 and means the illegal or improper act or process of a caretaker, family member, or other individual who has an ongoing relationship with the elderly or disabled person using the resources of an elderly or disabled person for monetary or personal benefit, profit, or gain without the informed consent of the elderly or disabled person.

7. An "injury, incident or unusual accident" means an event that resulted in a change in the resident's physical or mental status that occurred in the boarding home facility or on the grounds of the boarding home facility that requires intervention by a private or public entity responsible for medical or mental health services or an event that requires the facility taking resident safety and protection measures including:

a. An allegation of abuse, neglect, or exploitation;

b. Death;

c. A resident's absence from the facility when circumstances place the resident's health, safety or welfare at risk;

d. Fire;

e. Criminal acts; and

f. Altercations between residents.

8. "Neglect" is defined in the Texas Human Resource Code Section 48.002 and means the failure to provide for one's self the goods or services, including medical services, which are necessary to avoid physical or emotional harm or pain or the failure of a caretaker to provide such goods or services.

9. "Personal care services" means:

a. Assistance with meals, dressing, movement, bathing, or other personal needs or maintenance;

b. The administration of medication by a person licensed to administer medication or the assistance with or supervision of medication; or

c. General supervision or oversight of the physical and mental well-being of a person who needs assistance to maintain a private and independent residence in an assisted living facility or who needs assistance to manage the person's personal life, regardless of whether a guardian has been appointed for the person.

10. "Person with a disability" means a person with a mental, physical, or developmental disability that substantially impairs the person's ability to provide adequately for the person's care or protection and who is eighteen years of age or older or under eighteen years of age and who has had the disabilities of minority removed.

11. "Resident" means a person who is residing in a boarding home facility.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 14, 9-3-2019)

5.07.020 Permit required and fee.

A. After the effective date of the ordinance codified in this section [July 1, 2011], no person shall operate a boarding home facility, as defined in the chapter, without first obtaining a permit from the city and paying the established fee for such permit. The permit official is the responsible agent for issuance of a final permit. A permit issued under this chapter shall permit the permittee to engage in the operation of a boarding home facility, provided that all other provisions of this chapter are complied with.

B. Fees. Permit fees collected shall be used for the administration of the city's permitting program, to include permitting, renewal of the permit and inspections, or for purposes directly related to providing boarding facility services or other assisted living facility services to elderly persons or persons with disabilities.

C. Boarding home owners/operators must provide to the permit official documentation of any applicable construction or remodeling permits as part of the permit process before an initial permit is issued. All permits must be prominently displayed in the boarding home.

D. An annual operational permit shall be required by the fire official for boarding home facilities operating under the following occupancy classifications (as per the adopted fire code): R-2, R-3, R-4, I-1.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 15, 9-3-2019)

5.07.030 Inspections.

A boarding home site must pass all required inspections and the owner/operator must keep a current file of reports and other documentation needed to demonstrate compliance with applicable laws and regulations. The inspections must be signed, dated, and free of any outstanding corrective actions. Proof that all required inspections have been completed must be provided to the permit official prior to the issuance of a permit. The following inspections are required:

1. Annual fire inspection by the fire official.

2. Annual kitchen inspection by the department of public health or other city department responsible for enforcing food safety requirements of the El Paso City Code;

3. Annual inspection of liquefied petroleum gas systems by an inspector certified by the Texas Railroad Commission, if required.

4. Annual inspection to determine compliance with the property maintenance code, building codes and zoning ordinances.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 16, 9-3-2019)

5.07.040 Construction/remodeling.

A. Each owner/operator of a boarding home facility must ensure each resident's health, safety, comfort and protection from fire hazard through the following standards that address the construction or remodeling of a boarding home facility,

including locally adopted fire code, plumbing, heating, lighting, ventilation and other housing conditions.

B. Each facility must meet the following applicable codes and regulations:

1. Local zoning and building codes;

2. Federal, state and local adopted fire codes and applicable standards;

3. Federal, state and local health and safety codes; and

4. Federal and state accessibility regulations.

C. Mobile homes shall not be permitted for use as boarding homes or additions to existing boarding homes.

D. Sleeping rooms must have at least seventy square feet of floor space in single-occupancy rooms and at least sixty square feet of floor space for each occupant in multi-occupancy rooms.

E. A telephone must be available, twenty-four hours per day, must be easily accessible, and must afford privacy for use by residents. A listing of emergency telephone numbers, including the numbers of the local police, fire department, ambulance, the office of the local governmental entity that issued the boarding house permit, the Texas Department of Family and Protective Services (DFPS), the local mental health authority, and the Texas Information and Referral Network must be placed in plain view on or next to the telephone and accessible to persons who are visually or hearing impaired, as needed.

F. Each facility must have a kitchen that:

a. Is accessible to the residents sharing the use without going through a sleeping room of another resident;

b. Has a food preparation area with a total of not less than six square feet;

c. Contains a minimum floor space of sixty square feet for dining area or, each kitchen with dining attached must be at least one hundred square feet;

d. Has a minimum two compartment sink for manual dishwashing;

e. Has a cooking stove fueled by gas or electricity;

f. Contains at least one cabinet of adequate size, suitable for storage of food and utensils.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 17, 9-3-2019)

5.07.050 Sanitary and related conditions.

A. Each owner/operator of a boarding home facility must be responsible for maintaining the dwelling and premises in a clean and sanitary condition.

B. Each owner/operator must be responsible for the extermination of any insects, rodents or other pests in the rooms occupied by residents, storage areas, attics, or on the premises and yard.

C. Each facility shall meet all applicable state and local sanitary codes.

D. Poisonous, toxic, and flammable materials shall:

1. Be stored and maintained away from bed linens, towels, or kitchen equipment;

2. Be prominently and distinctly labeled for easy identification of contents; and

3. Not be used in a way that contaminates food equipment or utensils, or in a way that constitutes a hazard to employees or residents.

E. All food and drink shall be:

1. Clean, free from spoilage, pathogenic organisms, toxic chemicals, and other harmful substances;

2. Prepared, stored, handled, and served so as to be safe for human consumption;

3. Maintained at a temperature of 41 degrees Fahrenheit or below for foods subject to spoilage;

4. Maintained at 135 degrees Fahrenheit or above at all times for hot foods ready to serve;

5. Maintained in the freezer at a temperature of no higher than 0 degrees Fahrenheit; and

6. Stored in food containers that are appropriately labeled, dated and protected from flies, insects, rodents, dust, and moisture.

F. With the exception of service animals for the disabled birds, cats, dogs or other animals are not permitted in rooms or areas in which food is prepared, stored or where utensils are washed or stored.

G. Employees or residents engaged in food handling shall:

1. Observe sanitary methods, including hand washing as appropriate; and

2. Not be assigned to preparing foods for others at the facility if carrying a disease that can be transmitted to others.

3. Regardless of the number of residents, each boarding home facility shall hold a valid food handling permit issued by the applicable local or state regulatory authority in the name of the owner/operator and for the specific boarding home facility.

4. If preparing meals for residents, staff must have a food-handler's permit.

H. Each boarding home facility shall be equipped with a first aid kit as recommended by the American Red Cross.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.07.060 Reporting and investigation of injuries, incidents and unusual accidents and the establishment of other policies and procedures to ensure resident health and safety.

A. Each owner/operator of a boarding home facility must develop and implement policies and procedures for investigating and documenting injuries, incidents and unusual accidents that involve residents. Owners/operators must also establish policies and procedures necessary to ensure resident health and safety.

1. Minimum requirements for the documentation of injuries, incidents or unusual accidents should include, but are not limited to:

a. Date and time of the injury, incident or unusual accident occurred.

b. Description of the injury, incident or unusual accident.

c. Description of any medical or mental health treatment the resident received.

d. Steps taken by the owner/operator to prevent future injuries, incidents or unusual accidents if a problem at the room and board facility resulted in the injury, incident or unusual accident.

e. When the resident's legal guardian or legally authorized representative was notified about the injury, incident or unusual accident.

2. Residents, the resident's guardian, or legally authorized representatives should be given access to records within forty-eight hours of requesting the records from the owner/operator.

B. In addition to investigating and documenting injuries, incidents or unusual accidents, an owner/operator must report any allegations of abuse, neglect or exploitation of an adult age sixty-five or older or an adult with a disability to the Texas Department of Family and Protective Services. Failure to report suspected abuse, neglect or exploitation of an elderly adult or adult with a disability is a Class A misdemeanor.

1. Each owner/operator should ensure that each resident has access to a telephone twenty-four hours per day that is easily accessible and affords privacy for use by residents.

2. The owner/operator shall ensure that no resident is harassed, threatened or intimidated at anytime for making a report of abuse, neglect or exploitation.

3. Owner/operators will provide each resident with a copy of the definitions of abuse, neglect or exploitation as outlined in Chapter 48 of the Human Resources Code.

4. Owner/operators will allow law enforcement personnel, emergency medical and fire personnel access to the room and board facility when these professionals are responding to a call at the owner/operator's room and board facility.

C. No operator or other employee of a boarding home facility shall provide services or engage in behavior that constitutes a financial conflict of interest including:

1. Borrowing from or loaning money to residents;

2. Witnessing wills in which the operator or employee is a beneficiary;

3. Co-mingling the resident's funds with the operator's or other residents' funds; or

4. Becoming the guardian, conservator or power of attorney for a resident.

D. If an owner/operator becomes the representative payee for a resident or assists a resident with general money management, the owner/operator shall:

1. Maintain separate financial records for each resident for which the owner/operator is the representative payee for the entire period of time the owner/operator is the resident's representative payee and continue to maintain the resident's records for one year past the last calendar day the owner/operator is the resident's representative payee;

2. Include in the records an itemized list of expenditures that the owner/operator has made on behalf of the resident, including the charges that are assessed by the owner/operator;

3. Maintain receipts for all expenditures in addition to the itemized documentation; and

4. Develop a budget with the resident outlining routine expenditures and ensure that expenditures that are not routine are discussed with the resident before the resident's funds are expended; and

5. The owner/operator will allow the resident, the resident's guardian, or legally authorized representative access to the resident's financial records that are maintained by the owner/operator within forty-eight hours of receiving a request.

E. An owner/operator of a boarding home facility shall develop a service agreement with each resident and maintain a copy of the agreement signed by the resident.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.07.070 Assistance with self-administration of medication.

A. Assistance with self-administration of medication may be provided to adult residents who can identify their medication and know when their medication should be taken but require assistance with self-administration. Assistance with self-administration of medication may not be provided to minors.

B. Assistance with self-administration of medication is limited to:

1. Reminding the resident to take medication;

2. Opening a container, removing medication from a container, and placing medication in a resident's hand or in/on a clean surface, such as a pill cup or medication reminder box, for the resident's self-administration; and

3. Reminding the resident when a prescription needs to be refilled.

C. All residents' medication must be stored in a locked area. The boarding home facility must provide a central locked storage or individual locked storage areas for each resident's medication.

1. If the boarding home facility uses a central medication storage area, a boarding home employee must be available to provide access at all times and each resident's medication must be stored separately from other residents' medications within the storage area.

2. If a resident's medication requires refrigeration, the boarding home facility must provide a refrigerator with a designated and locked storage area or a refrigerator inside a locked medication room.

3. Medications labeled for "external use only" must be stored separately within the locked area.

4. Poisonous substances must be labeled, stored safely, and stored separately from medications within a locked area.

5. If a boarding home facility stores controlled drugs, the facility must adopt and enforce a written policy for preventing the diversion of the controlled drugs.

D. Medication that remains in the boarding home facility after a resident is no longer lodging in the facility must be properly disposed of by the owner or operator in accordance with applicable county or municipality requirements.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.07.080 Posting requirements.

The boarding home facility must prominently and conspicuously post for display in a public area, that is readily available to residents, the operator, employees, and visitors the following:

1. The permit issued by the city;

2. A sign prescribed by the city specifying how complaints may be registered with the city;

3. A notice in a form prescribed by the city stating that inspection and related reports are available at the facility for public inspection and providing a telephone number that may be used to obtain information concerning the facility;

4. A concise summary of the most recent inspection report relating to the facility; and

5. A notice in a form prescribed by the city that lists the name, location, and contact information for:

(a) The closest local public health services agency in the proximity of the facility; and

(b) A local organization or entity that represents, advocates, or serves elderly persons or persons with disabilities, including any related toll-free contact information for reporting emergencies to the organization or entity.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.07.090 Requirements for in-service education of facility's staff.

A. Each owner/operator and employee is subject to the following initial training requirements prior to contact with residents:

1. Employer rules and policies;

2. Recognizing and reporting abuse, neglect and exploitation;

3. Resident's rights, including all applicable rights from the following:

a. Texas Human Resource Code, Chapter 102, Rights of the Elderly;

b. Texas Human Resource Code, Chapter 112, Developmental Disabilities;

c. Texas Property Code, Chapter 301, Fair Housing Practices; and

d. Texas Property Code, Chapter 92, Residential Tenancies.

5. Complaint process specific to the city and boarding home;

6. Assistance with self-administration of medication;

7. Prevention of injuries, incidents and unusual accidents;

8. Emergency, evacuation and disaster plan; and

9. Service specific orientation that includes, but is not limited to:

a. Nutrition, including meal preparation and dietary needs;

b. Sanitation;

c. Laundry; and

d. Housework.

B. Each owner/operator and employee is subject to the following ongoing training requirements:

1. Updates and changes in any policies and procedures within ten days of the owner, operator or employee becoming aware of the change.

2. Orientation specific to the needs of each new resident within one day of the resident moving into the home.

3. Orientation specific to the needs of a resident whose needs have changed due to injury, illness, hospitalization or other circumstances which affect the resident's needs within one day of the owner, operator, or employee becoming aware of the change.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.07.100 Criminal background history checks.

A. A boarding home facility owner/operator's permit to operate a boarding home may be denied, revoked, suspended, or denied for renewal if the owner/operator has been convicted of a criminal offense listed in subsections C. or D. of this section or if the owner/operator has in its employ any person convicted of a criminal offense listed in subsection C. or D.

B. The owner/operator must complete any state or federal request and release forms that are required to obtain a criminal history report for the owner/operator. In addition to the permit fee, the owner/operator will provide funding to the county/

municipality in a manner specified by the county/municipality to cover any fees imposed by state or federal agencies for the report.

C. The following histories will disqualify an owner/operator from obtaining a permit to operate a boarding home or will serve as a bar to being employed by a boarding home facility:

1. An offense under Chapter 19, Penal Code (criminal homicide);

2. An offense under Chapter 20, Penal Code (kidnapping and unlawful restraint);

3. An offense under Section 21.02, Penal Code (continuous sexual abuse of young child or children), or Section 21.11, Penal Code (indecency with a child);

4. An offense under Section 22.011, Penal Code (sexual assault);

5. An offense under Section 22.02, Penal Code (aggravated assault);

6. An offense under Section 22.04, Penal Code (injury to a child, elderly individual, or disabled individual);

7. An offense under Section 22.041, Penal Code (abandoning or endangering child);

8. An offense under Section 22.08, Penal Code (aiding suicide);

9. An offense under Section 25.031, Penal Code (agreement to abduct from custody);

10. An offense under Section 25.08, Penal Code (sale or purchase of a child);

11. An offense under Section 28.02, Penal Code (arson);

12. An offense under Section 29.02, Penal Code (robbery);

13. An offense under Section 29.03, Penal Code (aggravated robbery);

14. An offense under Section 21.08, Penal Code (indecent exposure);

15. An offense under Section 21.12, Penal Code (improper relationship between educator and student);

16. An offense under Section 21.15, Penal Code (improper photography or visual recording);

17. An offense under Section 22.05, Penal Code (deadly conduct);

18. An offense under Section 22.021, Penal Code (aggravated sexual assault);

19. An offense under Section 22.07, Penal Code (terroristic threat);

20. An offense under Section 33.021, Penal Code (online solicitation of a minor);

21. An offense under Section 34.02, Penal Code (money laundering);

22. An offense under Section 35A.02, Penal Code (Medicaid fraud);

23. An offense under Section 42.09, Penal Code (cruelty to animals);

24. An offense under Chapter 31, Penal Code (theft), that is punishable as a felony;

25. An offense under Section 30.02, Penal Code (burglary); or

26. A conviction under the laws of another state, federal law, or the Uniform Code of Military Justice for an offense containing elements that are substantially similar to the elements of an offense listed in this subsection.

D. A person may not own a boarding home or be employed in a position the duties of which involve direct contact with a resident in a boarding home before the fifth anniversary of the date the person is convicted of any felony offense not listed in subsection C. or any of the following non-felony offenses:

1. An offense under Section 22.01, Penal Code (assault), that is punishable as a Class A misdemeanor;

2. An offense under Section 32.45, Penal Code (misapplication of fiduciary property or property of a financial institution), that is punishable as a Class A misdemeanor or a felony;

3. An offense under Section 32.46, Penal Code (securing execution of a document by deception), that is punishable as a Class A misdemeanor or a felony;

4. An offense under Section 37.12, Penal Code (false identification as peace officer);

5. An offense under Section 42.01(a)(7), (8), or (9), Penal Code (disorderly conduct); or

6. A conviction under the laws of another state, federal law, or the Uniform Code of Military Justice for an offense containing elements that are substantially similar to the elements of an offense listed in this subsection.

E. The owner/operator must ensure that all employees, including volunteers who are not residents, have had a background check of conviction records, pending charges and disciplinary board decisions completed within the past two years, and is repeated every year thereafter, and that the individual is not disqualified under the provisions of subsections C. and D. of this section. The owner/operator will immediately discharge any employee or volunteer whose criminal history check reveals conviction of a crime that bars employment or volunteer service.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.07.110 Assessment and periodic monitoring of residents

A. Owners/operators of a boarding home facility or their designee will complete and document an annual assessment and conduct periodic monitoring to ensure that a resident is capable of self-administering medication and completing basic elements of personal care as listed in subsection B. and C. The assessment will be used as a tool to determine if the needs of the resident can be addressed in a boarding home facility or if the resident needs personal care services and/or medication administration that cannot be provided by the boarding home facility.

B. Elements of the self-administration of medication to be assessed by the boarding home facility owner/operator or designee include the ability to perform each of the following tasks with little assistance:

1. Identifying the name of the medication;

2. Providing a reason for the medication (the owner/operator cannot force the resident to disclose a health condition that is the basis for the medication if the resident refuses);

3. Distinguishing color or shape;

4. Preparing correct number of pills (dosage);

5. Confirming the time to take medication(s); and

6. Reading labels.

C. Elements of personal care to be assessed by the boarding home facility owner/operator include the resident's ability to:

1. Eat independently;

2. Bathe without assistance;

3. Dress without assistance; and

4. Move and transfer independently.

D. As a result of an assessment, if an owner/operator finds that a resident is in a state of possible self-neglect due to no longer being able to perform basic elements of personal care as listed in subsection C. and believes that a higher level of care is needed, the owner/operator is responsible for the following:

1. Contacting the department of family and protective services by phoning the statewide intake division at 1-800-252-5400;

2. Notifying the resident's guardian or legally authorized representative; and

3. Contacting the appropriate health or human services authority to advise that the resident requires services beyond what can be provided by the boarding home facility.

E. A state of self-neglect does not exist if the resident receives outside professional services that meet the resident's need for personal care or self-administration of medication. In these cases, the resident can remain in the room and board facility provided that all needs for personal care and self-administration of medication are met.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.07.120 Inspection.

Any designated peace officer, code enforcement officer, and inspector may inspect any boarding home facility at reasonable times as necessary to determine if it is an assisted living facility and to ensure compliance with this chapter.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 18, 9-3-2019)

5.07.130 Required reports to the health and human services commission.

With the exception of the year this chapter is adopted, each year thereafter, prior to September 30, the permit official shall submit a report to the State of Texas Health and Human Services Commission. The report shall contain the following information:

1. The total number of boarding home facilities permitted during the preceding state fiscal year;

2. The total number of boarding home facility applications denied permitting, including a summary of cause for denial;

3. The total number of boarding home facility permits active on August 31 of the preceding state fiscal year;

4. The total number of residents reported housed in each boarding home facility reported;

5. The total number of inspections conducted at each boarding home facility by the city;

6. The total number of permits revoked or suspended as a result of an inspection; and

7. A summary of the outcome for the residents displaced by revocation or suspension of a permit.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 19, 9-3-2019)

5.07.140 Appeal Process for denial, revocation, suspension or denial for renewal of permit.

A. A boarding home facility owner/operator permit to operate a boarding home may be denied, revoked, suspended, or denied for renewal if the owner/operator fails to comply with the requirements of this chapter.

B. The appropriate city official shall notify the permit official of a boarding home facility owner/operator's failure to comply with any of the provisions of this chapter. The permit official shall send a written notice of violation to the owner/operator detailing the violation(s) and providing thirty days within which to cure. The applicable city official shall keep the permit official informed as to the compliance/noncompliance with the notice of violation. If the violations have not been cured within thirty days, the permit official shall notify the owner/operator that the permit has been denied, revoked, suspended or denied renewal.

C. Appeal.

1. The owner/operator may appeal the denial, revocation, suspension or denial of renewal of permit to the appellate authority, the city manager or designated deputy city manager, by providing notice of such appeal within fifteen days of receipt of notice that permit has been denied, revoked, suspended or denied renewal.

2. Form of appeal. The appeal shall be in writing and shall contain a written statement and other documentation to support the appellant's reasons why the permit should not be denied, revoked, suspended or denied renewal and shall be accompanied by an established fee. If the applicant is requesting a reasonable accommodation (modification or exception to this chapter) the applicant must state what type of accommodation is requested and why such accommodation is necessary. The written appeal shall be submitted to the permit official.

3. Upon receipt of a written appeal, the permit official shall forward the appeal along with all documents constituting the record of the permit official's decision and transmit the documents to the appellate authority within five business days from receipt of the written appeal. Receipt of a written appeal stays any action on the denial, revocation, suspension or renewal of the permit until a decision from the appellate authority is rendered, unless the permit official certifies in writing to the appellate authority that a stay would cause imminent peril to life or property.

4. The appellate authority shall decide the appeal within ten business days. The appellate authority shall notify the city attorney's office if the appellant is requesting a reasonable accommodation, so that such request can be reviewed in accordance with the provisions of the Fair Housing Act. The appellate authority shall affirm, reverse or modify the decision from which the ap-

peal was taken. The appellant shall be notified of the appellate authority's decisions within five business days. After notification to the appellant has been provided, action in accordance with the appellate authority's decision can be taken by the permit official.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 20, 9-3-2019)

5.07.150 Offenses and criminal penalties.

Any person who shall violate any provision of this chapter shall be deemed guilty of a misdemeanor and punished by a fine not exceeding two thousand dollars; and if such violation shall be continuing, each day's violation shall constitute a separate offense.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section.

"Director" means the city official of the department designated by the city manager to enforce this chapter.

"Public laundry" means any place, room, building or structure which is used for the purpose of washing, drying, starching or ironing wearing apparel, household linens or other washable fabrics by or for the general public.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 21, 9-3-2019)

5.08.020 License—Required—Application—Investigation—Issuance.

A. It is unlawful for any person to conduct any public laundry business within the city without first paying the established fee and obtaining a license therefore. Application for such license shall be made in writing to the permit official on a form to be provided by him for that purpose. The application shall be sworn to by the applicant, and shall contain the following information:

1. The full name and the city address of the individual(s) or organization applying for the license;

2. Information relating to compliance with the physical requirements for a laundry facility, as required in this chapter; and

3. Such other information, attachments, and submissions that are requested on the application form as reasonably necessary for a fair determination as to whether the license should be issued.

B. It is unlawful for any person to solicit public laundry business within the city for any laundry, whether such public laundry is conducted within or without the city, without such person having first obtained a license as provided herein and having complied with all the provisions of this chapter and paid the established fee.

C. Upon receipt of a proper application as provided in this chapter, the permit official shall review the application and forward a copy of the application to the director. The director shall cause an investigation to be made of the premises described in such application for the purpose of determining whether the conditions therein conform with the provisions of this chapter and whether a license should be issued. Such investigation shall be completed within thirty days after the date of receipt of the application. If such investigation reveals a violation of any of the provisions stated in this ordinance, the applicable established re-inspection fee shall be assessed and paid to the city five days before a re-inspection is conducted.

D. The permit official in accordance with applicable provisions of this chapter, shall issue the

license applied for within ten days of the completion of his investigation, unless the permit official finds any of the following:

1. One or more of the statements made in the application are not true;

2. That applicant has made or caused to be made false statements or misrepresentations on the application;

3. The applicant has failed to submit a complete application;

4. The established fee has not been paid; or

5. The conditions of the proposed laundry do not conform with the provisions or requirements of this chapter.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 22, 9-3-2019)

5.08.030 License—Denial—Suspension—Revocation.

The permit official, upon consultation with the appropriate city official, and by written notice to the licensee, may suspend or revoke any license granted under the terms of this chapter for violation of any of the provisions of this chapter, or because such laundry is dangerous or detrimental to the health of the city or the health of the persons employed therein. A license holder who has been served with a denial, suspension, or revocation notice, may appeal the permit official's action to the city manager as provided in Section 5.01.090 of this Code.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 23, 9-3-2019)

5.08.040 Natural light—Windows—Skylights.

No public laundry shall be operated or conducted in any cellar, basement or in any room or place in any building which is not provided with sufficient natural light by means of windows or skylights, so that on clear days between one hour after sunrise and one hour before sunset a newspaper of ordinary type is readily readable therein; and the general arrangement of the machinery and equipment shall be such as not to unnecessarily obstruct the lighting and ventilation through such windows and skylights.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.08.050 Prohibitions.

No persons shall be permitted to sleep in any room used as a public laundry. No laundered or unlaundered fabrics belonging to the trade of any laundry shall be kept in any room that is used for living purposes.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.08.060 Sanitary conditions.

Every room or place used as a public laundry or for the storage of unlaundered or laundered fabrics in connection therewith, shall at all times be kept in good repair and maintained in a clean and sanitary condition as to floors, windows, ceiling, woodwork, machinery, utensils and fixtures.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.08.070 Diseased employees prohibited.

No person afflicted with tuberculosis, acute or active venereal disease, communicable or loathsome skin disease or other communicable disease shall be permitted to work in any public laundry, and no owner, proprietor, manager or person in charge of any public laundry shall knowingly permit or suffer any such person to be employed therein.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.08.080 Use of wallpaper prohibited.

No wallpaper of any character shall be applied to the walls or ceiling of any room or place used for public laundry purposes.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.08.090 Air space—Ventilation.

Any room, place or building used as a public laundry must have a clear height between the floor and finished ceiling of not less than ten feet and must be ventilated by means of windows to the

outer air, and in every room or place so used at least one thousand cubic feet of air space shall be provided for each person employed therein.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.08.100 Floor construction.

The floor of every room or place in any public laundry, except the washroom, shall be constructed of standard flooring or of some impervious material. The washroom of any public laundry licensed under the provisions of this chapter shall be constructed of concrete, cement, tile or stone laid in cement or of some other impervious material, and shall be watertight and properly drained to the public sewer, and the angle where the floor and the wall join shall likewise be watertight.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.08.110 Plumbing and drainage facilities.

Every public laundry shall be provided with adequate sanitary plumbing and drainage facilities satisfactory to the director. The installation of all drains and plumbing fixtures shall be in accordance with the requirements of the building code. Every water closet, sink or other plumbing fixture installed therein shall be of an approved type, impermeable and thoroughly sanitary.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.08.120 Clothing room.

A separate room or sufficient space in a room entirely separate from the room in which the fabrics are washed and dried shall be provided in every public laundry and shall be maintained in a dry and sanitary condition, in which employees may keep their wraps or outer clothing.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.08.130 Separation of laundered and unlaundered fabrics.

Every person maintaining, conducting or operating any public laundry shall be required to provide facilities for the separate handling for clean and soiled fabrics, and no clean or laundered fabrics shall be allowed to come in contact with any unlaundered or soiled fabrics at any time.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.08.140 Boiling and sterilization.

No fabrics received at any public laundry to be laundered shall be removed therefrom until the same have been thoroughly sterilized in a washing machine or other receptacle provided for that purpose in which the water has been brought to a boiling temperature or maintained at a temperature of one hundred seventy degrees Fahrenheit for at least twenty minutes; except, however, silks, woolens or other fabrics which would be injured by the foregoing process, provided the same shall be treated with soap, bleach or such other standard disinfectant solutions as shall be approved by the director.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.08.150 Sprinkling restricted.

No owner, proprietor or manager of any public laundry or any person employed therein shall be permitted to sprinkle any fabrics with water or other liquid substance ejected from the mouth or blown out of any other device communicating or coming in contact with the mouth of such person.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.08.160 Applicability of provisions.

A. The provisions of this chapter shall not apply to any room located in a dwelling, in which room domestic laundry work is done by or for the occupants thereof exclusively, or to any female doing private laundry work in her home for personal customers; provided, that not more than two persons shall be so employed in such domestic laundry work.

B. The provisions of this chapter shall likewise apply to public laundries which furnish to the general public facilities or equipment for laundry work to be done by the customer on the premises of the laundry, whether or not employees of the laundry take part in such work.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.08.170 Inspections.

It shall be the duty of the director and he is authorized and empowered to designate peace officers, code enforcement officers and inspectors to inspect or cause to be inspected from time to time all premises wherein public laundries are conducted for the purpose of ascertaining whether the provisions of this chapter and all other ordinances of the city relative to the keeping and operating of public laundries are being complied with, and it shall be his duty to cause all such ordinances and laws to be strictly enforced.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 24, 9-3-2019)

5.09.010 Rationale and findings.

A. Purpose. It is the purpose of this chapter to regulate sexually oriented businesses in order to promote the health, safety, moral and general welfare of the citizens of the city, and to establish reasonable and uniform regulations to prevent the deleterious secondary effects of sexually oriented businesses within the city. The provisions of this chapter have neither the purpose nor effect of imposing a limitation or restriction on the content or reasonable access to any communicative materials, including sexually oriented materials. Similarly, it is neither the intent nor effect of this chapter to restrict or deny access by adults to sexually oriented materials protected by the First Amendment, or to deny access by the distributors and exhibitors of sexually oriented entertainment to their intended market. Neither is it the intent nor effect of this chapter to condone or legitimize the distribution of obscene material.

B. Findings and Rationale. Based on evidence of the adverse secondary effects of adult uses presented in hearings and in reports made available to the city council, and on findings, interpretations, and narrowing constructions incorporated in the cases of *City of Littleton v. Z.J. Gifts D-4, L.L.C.*, 541 U.S. 774 (2004); *City of Los Angeles v. Alameda Books, Inc.*, 535 U.S. 425 (2002); *City of Erie v. Pap's A.M.*, 529 U.S. 277 (2000); *City of Renton v. And based upon reports concerning secondary effects occurring in and around sexually oriented businesses, including, but not limited to, Austin, Texas — 1986; Indianapolis, Indiana — 1984; Garden Cove, California — 1991; Houston, Texas — 1983; Phoenix, Arizona — 1979, 1995-98; Chattanooga, Tennessee — 1999-2003; Minneapolis, Minnesota — 1980; Los Angeles, California — 1977; Whittier, California — 1978; Spokane, Washington — 2001; St. Cloud, Minnesota — 1994; Littleton, Colorado — 2004; Oklahoma City, Oklahoma — 1986; Dallas, Texas — 1997, 2004; Greensboro, North Carolina —2003; Kennedale, Texas — 2005; Effingham, Illinois — 2005; Amarillo, Texas — 1977; El Paso, Texas — 1986; New York, New York Times Square — 1994; and the Report of the Attorney General's Working Group on the Regulation of Sexually Oriented Businesses (June 6, 1989, State of Minnesota);

The city council finds:

1. Sexually oriented businesses, as a category of commercial uses, are associated with a wide variety of adverse secondary effects including, but not limited to, personal and property crimes, prostitution, potential spread of disease, lewdness, public indecency, obscenity, illicit drug use and drug trafficking, negative impacts on surrounding properties, urban blight, litter and sexual assault and exploitation;

2. Sexually oriented businesses should be separated from sensitive land uses to minimize the impact of their secondary effects upon such uses, and should be separated from other sexually oriented businesses, to minimize the secondary effects associated with such uses and to prevent an unnecessary concentration of sexually oriented businesses in one area;

3. Each of the foregoing negative secondary effects constitutes a harm, which the city has a substantial government interest in preventing and/or abating. This substantial government interest in preventing secondary effects, which is the city's rationale for this chapter, exists independent of any comparative analysis between sexually oriented and non-sexually oriented businesses. Additionally, the city's interests in regulating sexually oriented businesses extend to preventing future secondary effects of either current or future sexually oriented businesses that may locate in the city. The city finds that the cases and documentation relied on in this chapter are reasonably believed to be relevant to said secondary effects.

5.09.020 Definitions.

For purposes of this chapter, the words and phrases defined in the sections hereunder shall have the meanings therein respectively ascribed to them unless a different meaning is clearly indicated by the context.

"Adult bookstore" or "adult video store" means an establishment which, as one of its principal business activities, offers for sale or rental for any form of consideration any one or more of the following: books, magazines, periodicals or other printed matter, or photographs, films, motion pictures, video cassettes, compact discs, digital video discs, or other visual representations which are characterized by their emphasis upon the display of specified sexual activities or specified anatomical areas.

A "principal business activity" exists where the commercial establishment:

1. Has a substantial portion of its displayed merchandise which consists of said items;

2. Has a substantial portion of the wholesale value of its displayed merchandise, which consists of said items;

3. Has a substantial portion of the retail value of its displayed merchandise which consists of said items;

4. Derives a substantial portion of its revenues from the sale or rental, for any form of consideration of said items;

5. Maintains a substantial section of its interior business space for the sale or rental of said items; or

6. Maintains an "adult arcade," which means any place to which the public is permitted or invited wherein coin-operated or slug-operated or electronically, electrically or mechanically controlled still or motion picture machines, projectors or other image-producing devices are regularly maintained to show images to five or fewer persons per machine at any one time, and where the images so displayed are characterized by their emphasis upon matter exhibiting specified sexual activities or specified anatomical areas.

"Adult cabaret" means a nightclub, bar, juice bar, restaurant, bottle club or other commercial establishment, whether or not alcoholic beverages are served, whose primary business is the offering to customers of live entertainment that features persons who appear semi-nude.

"Adult lounge" means an adult cabaret, as defined above, which is permitted or licensed premises, pursuant to the Texas Alcoholic Beverage Code, where alcoholic beverages may be served or sold.

"Adult motion picture theater" or "adult movie theatre" means an establishment, that contains a room with a screen or projection area, whose primary business is the exhibition to customers of films, motion pictures, videocassettes, digital video disc, slides, any electronically produced media or similar photographic reproductions which are distinguished by or characterized by an emphasis on matters depicting, describing or relating to specified sexual activities or specified anatomical areas or intended to provide sexual stimulation or sexual gratification to such customers and are regularly shown to more than five persons for any form of consideration.

"Characterized by" means describing the essential character or quality of an item. As applied in this chapter, no business will be classified as a sexually oriented business by virtue of showing, selling or renting materials rated NC-17 or R by the Motion Picture Association of America.

"City" means City of El Paso, Texas.

"Conduct any business in a sexually oriented business" means any person who engages in any one or more of the following:

1. Operate a cash register, cash drawer or other depository on the premises of the sexually oriented business where cash funds or records of credit card or other credit transactions generated in any manner by the operation of the sexually oriented business or the activities of the premises of the sexually oriented business;

2. Display or take orders from any customer for any merchandise, goods, entertainment or other services offered on the premises of the sexually oriented business;

3. Deliver or provide to any customer any merchandise, goods, entertainment or other services offered on the premises of the sexually oriented business;

4. Act as a door attendant to regulate entry of customers or other persons into the premises of the sexually oriented business; or

5. Supervise or manage other persons in the performance of any of the foregoing activities on the premises of the sexually oriented business.

"Employee" means any person, whether or not the person is designated as an employee, independent contractor, agent or otherwise, who renders any service whatsoever to the customers of a sexually oriented business, works in or about a sexually oriented business or who conducts any business in a sexually oriented business and who receives or has the expectation of receiving any compensation from the operator, or customers of the sexually oriented business. By way of example, rather than limitation, the term includes the operator

and other management personnel, clerks, dancers, models and other entertainers, food and beverage preparation and service personnel, door persons, bouncers and cashiers. It is expressly intended that this definition cover not only conventional employer-employee relationships but also independent contractor relationships, agency relationships and any other scheme or system whereby the "employee" has an expectation of receiving compensation, tips or other benefits from the sexually oriented business or its customers in exchange for services performed on the premises.

"Establish" or "establishment" means and includes any of the following:

1. The opening or commencement of any sexually oriented business as a new business;

2. The conversion of an existing business, whether or not a sexually oriented business, to any sexually oriented business; or

3. The addition of any sexually oriented business to any other existing sexually oriented business.

"Hearing officer" means an attorney who is licensed to practice law in Texas, and retained to serve as an independent tribunal to conduct hearings under this chapter.

"Influential interest" means any of the following: (1) the actual power to operate the sexually oriented business or control the operation, management or policies of the sexually oriented business or legal entity which operates the sexually oriented business, (2) ownership of a financial interest of thirty percent or more of a business or of any class of voting securities of a business, or (3) holding an office (e.g., president, vice president, secretary, treasurer, managing member, managing director, etc.) in a legal entity which operates the sexually oriented business.

"Licensee" means a person in whose name a license to operate a sexually oriented business has been issued, as well as the individual or individuals listed as an applicant on the application for a sexually oriented business license. In the case of an "employee" it means the person in whose name the sexually oriented business employee license has been issued.

"Manager" means any person who supervises, directs or manages any employee of a sexually oriented business or any other person who conducts any business in a sexually oriented business with respect to any activity conducted on the premises of the sexually oriented business, including any on-site manager.

"Nudity" or a "state of nudity" means the showing of the human male or female genitals, pubic area, vulva, anus, anal cleft or cleavage with less than a fully opaque covering, or the showing of the female breast with less than a fully opaque covering of any part of the nipple and areola.

"On-site manager" means a person charged by an owner or operator of a sexually oriented business with the responsibility for direct supervision of the operation of the sexually oriented business and with monitoring and observing all areas of the sexually oriented business to which customers are admitted at all times during which the sexually oriented business is open for business or customers are on the premises of the sexually oriented business.

"Operate" or "cause to operate" means to cause to function or to put or keep in a state of doing business.

"Operator" means any person on the premises of a sexually oriented business who causes the business to function or who puts or keeps in operation the business or who is authorized to manage the business or exercise overall operational control of the business premises. A person may be found to be operating or causing to be operated a sexually oriented business whether or not that person is an owner, part owner, or licensee of the business.

"Person" means individual, proprietorship, partnership, corporation, association, or other legal entity.

"Premises" means the real property upon which the sexually oriented business is located, and all appurtenances thereto and buildings thereon, including, but not limited to, the sexually oriented

business, the grounds, private walkways, and parking lots and/or parking garages adjacent thereto, under the ownership, control or supervision of the licensee, as described in the application for a sexually oriented business license.

"Regularly" means and refers to the consistent and repeated doing of the act so described.

"Semi-nude" or "state of semi-nudity" means the showing of the female breast below a horizontal line across the top of the areola and extending across the width of the breast at that point, or the showing of the male or female buttocks. This definition shall include the lower portion of the human female breast, but shall not include any portion of the cleavage of the human female breasts exhibited by a bikini, dress, blouse, shirt, leotard or similar wearing apparel provided the areola is not exposed in whole or in part.

"Sexual device" means any three-dimensional object designed and marketed for stimulation of the male or female human genitals, anus, female breast or for sadomasochistic use or abuse of oneself or others and shall include devices such as dildos, vibrators, penis pumps, and physical representations of the human genital organs. Nothing in this definition shall be construed to include devices primarily intended for protection against sexually transmitted diseases or for preventing pregnancy or devices primarily intended for medical or healthcare use.

"Sexual device shop" means a commercial establishment that regularly features sexual devices. Nothing in this definition shall be construed to include any pharmacy, drug store, medical clinic, or any establishment primarily dedicated to providing medical or healthcare products or services, nor shall this definition be construed to include commercial establishments which does not restrict access to their premises by reason of age.

"Sexually oriented business" means an "adult bookstore or adult video store," an "adult cabaret," an "adult motion picture theater," or a "sexual device shop."

"Specified anatomical areas" means and includes:

1. Less than completely and opaquely covered: human genitals, pubic regions, buttock, and female breast below a point immediately above the top of the areola; and

2. Human male genitals in a discernibly turgid state, even if completely and opaquely covered.

"Specified criminal activity" means any of the following specified crimes for which less than five years elapsed since the date of conviction or the date of the release from confinement imposed for that conviction, whichever is the later date:

1. Prostitution; promotion of prostitution; aggravated promotion of prostitution; compelling prostitution; obscenity; sale, distribution or display of harmful material to minor; sexual performance by a child; employment harmful to children; or possession or promotion of child pornography; as defined in Chapter 43 of the Texas Penal Code;

2. Public lewdness; indecent exposure; or indecency with a child; as defined in Chapter 21 of the Texas Penal Code;

3. Sexual assault or aggravated sexual assault as defined in Chapter 22 of the Texas Penal Code;

4. Criminal attempt, solicitation or conspiracy to commit any of the foregoing offenses; or

5. Any offense in another jurisdiction that, had the predicate act(s) been committed in Texas, would have constituted any of the foregoing offenses.

"Specified sexual activity" means any of the following:

1. Intercourse, oral copulation, masturbation or sodomy; or

2. Excretory functions as part of or in connection with any of the activities described in subsection 1., above.

"Substantial" means at least thirty-five percent of the item(s) so modified.

"Transfer of ownership or control" of a sexually oriented business means any of the following:

1. The sale, lease or sublease of the business;

2. The transfer of securities which constitute an influential interest in the business, whether by sale, exchange or similar means; or

3. The establishment of a trust, gift or other similar legal device which transfers the ownership or control of the business, except for transfer by bequest or other operation of law upon the death of the person possessing the ownership or control.

"Viewing room or booth" means the room, booth or area where a patron of a sexually oriented business would ordinarily be positioned while watching a film, videocassette, digital video disc, any electronically produced media or other video production which are characterized by their emphasis upon the display of specified sexual activities or specified anatomical areas.

5.09.030 Classification.

The classifications for sexually oriented businesses shall be as follows:

A. Adult bookstore or adult video store;

B. Adult cabaret or adult lounge;

C. Adult motion picture theater or movie theatre;

D. Sexual device shop.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.09.040 License required.

A. Business license. It is unlawful for any person to engage in, conduct, or operate a sexually oriented business in the city without paying the established fee and obtaining a valid sexually oriented business license.

B. Employee license. It is unlawful for any person to be an "employee," as defined in this chapter, of a sexually oriented business in the city without paying the established fee and obtaining a valid sexually oriented business employee license, except that a person who is a licensee under a valid sexually oriented business license shall not be required to also obtain a sexually oriented business employee license.

C. Application. An applicant for a sexually oriented business license or a sexually oriented business employee license shall file in person at the office of the permit official a completed application made on a form provided by the permit official. A sexually oriented business may designate an individual with an influential interest in the business to file its application for a sexually oriented business license in person on behalf of the business. The application shall be signed as required by subsection D. herein and shall be notarized. An application shall be considered complete when it contains, for each person required to sign the application, the information and/or items required in this subsection C., accompanied by the appropriate established fee:

1. The applicant's full legal name and any other names used by the applicant in the preceding five years. Applicant is also required to include mother's maiden name;

2. Current address of the applicant;

3. Written proof of age, in the form of a driver's license or a copy of a birth certificate accompanied by a picture identification document issued by a governmental agency;

4. A current photograph of applicant;

5. If the application is for a sexually oriented business license, the business name, location, mailing address and phone number of the sexually oriented business;

6. If the application is for a sexually oriented business license, the name and business address of the statutory agent or other agent authorized to receive service of process;

7. A statement of whether an applicant has been convicted of or has pled guilty or nolo contendere to a specified criminal activity as defined in this chapter, and if so, each specified criminal activity involved, including the date, place and jurisdiction of each as well as the dates of conviction and release from confinement, where applicable;

8. A statement of whether any sexually oriented business in which an applicant has had an

influential interest, has, in the previous five years (and at a time during which the applicant had the influential interest):

a. Been declared by a court of law to be a nuisance; or

b. Been subject to a court order of closure or padlocking;

9. An application for a sexually oriented business license shall be accompanied by a legal description of the property where the business is located and a sketch or diagram showing the configuration of the premises, including a statement of total floor space occupied by the business. The sketch or diagram need not be professionally prepared but shall be drawn to a designated scale or drawn with marked dimensions of the interior of the premises to an accuracy of plus or minus six inches. Applicants who are required to comply with the stage, booth and/or room configuration requirements of this chapter shall submit a diagram indicating that the setup and configuration of the premises meets the requirements of the applicable regulations.

At the time of filing an application, the filing applicant shall present himself or herself to the City of El Paso police department headquarters for the purpose of being fingerprinted and photographed. The police department shall take the photographs and fingerprints within four business hours of the time that the filing applicant presents himself or herself to be fingerprinted and photographed.

The information provided pursuant to this subsection C. shall be supplemented in writing by certified mail, to the permit official within ten working days of a change of circumstances which would render the information originally submitted false or incomplete.

D. Signature. A person who seeks a sexually oriented business employee license under this section shall sign the application for a license. If a person who seeks a sexually oriented business license under this section is an individual, he or she shall sign the application for a license as applicant. If a person who seeks a sexually oriented business license is other than an individual, each person with an influential interest in the sexually oriented business or in a legal entity that controls the sexually oriented business shall sign the application for a license as applicant. Each applicant must be qualified under this chapter and each applicant shall be considered a licensee if a license is granted.

E. The information provided by an applicant in connection with an application for a license under this chapter shall be maintained by the office of the permit official on a confidential basis, and such information may be disclosed only as may be required, and only to the extent required, by law or a court order.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.09.050 Issuance of license.

A. Business license. Upon the filing of a completed application for a sexually oriented business license, the permit official shall immediately issue a temporary license to the applicant if the completed application is from a pre-existing sexually oriented business that is lawfully operating in the city and the completed application, on its face, indicates that the applicant is entitled to an annual sexually oriented business license. The temporary license shall expire upon the final decision of the city to deny or grant an annual license. Within twenty days of the filing of a completed sexually oriented business license application, the permit official shall either issue a license to the applicant or issue a written notice of intent to deny a license to the applicant. The permit official shall issue a license unless:

1. An applicant is less than twenty-one years of age;

2. An applicant has failed to provide information required by this chapter for issuance of a license or has falsely answered a question or request for information on the application form;

3. The established license application fee required by this chapter has not been paid;

4. The sexually oriented business, as defined herein, is not in compliance with the interior configuration requirements of this chapter or is not in

compliance with locational requirements of Title 20 of this Code or any other portion of this Code;

5. Any sexually oriented business in which the applicant has had an influential interest, has, in the previous five years (and at a time during which the applicant had the influential interest):

a. Been declared by a court of law a nuisance; or

b. Been subject to an order of closure or padlocking;

6. An applicant has been convicted of or pled guilty or nolo contendere to a specified criminal activity, as defined in this chapter.

B. Employee license. Upon the filing of a completed application for a sexually oriented business employee license, the permit official shall immediately issue a temporary license to the applicant if the applicant seeks licensure to work in a licensed sexually oriented business and the completed application, on its face, indicates that the applicant is entitled to an annual sexually oriented business employee license. The temporary license shall expire upon the final decision of the city to deny or grant an annual license. Within twenty days of the filing of a completed sexually oriented business employee license application, the permit official shall either issue a license to the applicant or issue a written notice of intent to deny a license to the applicant. The permit official shall issue license unless:

1. The applicant is less than twenty-one years of age;

2. The applicant has failed to provide information as required by this chapter for issuance of a license or has falsely answered a question or request for information on the application form;

3. The established license application fee required by this chapter has not been paid;

4. Any sexually oriented business in which the applicant has had an influential interest, has, in the previous five years (and at a time during which the applicant had the influential interest):

a. Been declared by a court of law to be a nuisance; or

b. Been subject to an order of closure or padlocking;

5. The applicant has been convicted of or pled guilty or nolo contendere to a specified criminal activity, as defined in this chapter.

C. The license, if granted, shall state on its face the name of the person or persons to whom it is granted, the number of the license issued to the licensee(s), the expiration date, and, if the license is for a sexually oriented business, the address of the sexually oriented business. The sexually oriented business license shall be posted in a conspicuous place at or near the entrance to the sexually oriented business so that it may be read at any time that the business is occupied by patrons or is open to the public. A sexually oriented business employee shall keep the employee's license on his or her person or on the premises where the licensee is then working or performing.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 19242, §§ 2, 3, 10-12-2021)

5.09.060 Inspection.

Sexually oriented businesses and sexually oriented business employees shall permit the permit official, designated peace officers, code enforcement officers and inspectors from time to time on an occasional basis, onto the portions of the sexually oriented business premises where patrons are permitted, for the purpose of ensuring compliance with the specific regulations of this chapter, during those times when the sexually oriented business is occupied by patrons or is open to the public. This section shall be narrowly construed by the city to authorize reasonable inspections of the licensed premises pursuant to this chapter, but not to authorize a harassing or excessive pattern of inspections.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 26, 9-3-2019)

5.09.070 Renewal of license.

A. Licenses may be renewed only by making application and payment of the established renewal fee.

B. Application for renewal of an annual license should be made at least ninety days before the expiration date of the current annual license, and when made less than ninety days before the expiration date, the expiration of the current license will not be affected.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.09.080 Suspension.

A. Business license. The permit official shall issue a written notice of intent to suspend a sexually oriented business license for a period not to exceed thirty days if the sexually oriented business licenses has knowingly violated this chapter or has knowingly allowed an employee to violate this chapter.

B. Employee license. The permit official shall issue a written notice of intent to suspend a sexually oriented business employee license if the employee has knowingly violated this chapter.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.09.090 Revocation.

A. The permit official shall issue a written notice of intent to revoke a sexually oriented business license or a sexually oriented business employee license, as applicable, if the licensee knowingly violates this chapter on two or more occasions within a twelve-month period.

B. The permit official shall issue a written notice of intent to revoke a sexually oriented business license or a sexually oriented business employee license, as applicable, if:

1. The licensee has knowingly given false information in the application for the sexually oriented business license or the sexually oriented business employee license;

2. The licensee has knowingly or recklessly engaged in or allowed possession, use or sale of controlled substances on the premises of the sexually oriented business;

3. The licensee knowingly or recklessly engaged in or allowed prostitution on the premises of the sexually oriented business;

4. The licensee knowingly or recklessly operated the sexually oriented business during a period of time when the license was finally suspended or revoked; or

5. The licensee has knowingly or recklessly engaged in or allowed any specified sexual activity to occur in or on the premises or the sexually oriented business.

C. The fact that any relevant conviction is being appealed shall have no effect on the revocation of the license, provided that, if any conviction which serves as a basis of a license revocation is overturned or reversed on appeal, that conviction shall be treated as null and of no effect for revocation purposes.

D. When, after the notice and hearing procedure described in this chapter, the city revokes a license, the revocation shall continue for one year and the licensee shall not be issued a sexually oriented business license or sexually oriented business employee license for one year from the date the revocation becomes effective.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.09.100 Hearing; denial, revocation and suspension; appeal.

A. When the permit official issues a written notice of intent to deny, suspend, or revoke a license, the permit official shall immediately send such notice, which shall include the specific grounds under this chapter for such action, to the applicant or licensee (respondent) by personal delivery or certified mail. The notice shall be directed to the most current business address or other mailing address on file with the permit official for the respondent. The notice shall specify a date, not less than ten days nor more than twenty days after the date the notice is issued, on which the hearing officer shall conduct a hearing on the permit official's written notice of intent to deny, suspend, or revoke the license.

At the hearing, the respondent shall have the opportunity to present all of respondent's arguments and to be represented by counsel (at respondent's expense), present evidence and witnesses on

his or her behalf, and cross-examine any of the permit official's witnesses. The permit official shall also be represented by counsel, and shall bear the burden of proving the grounds for denying, suspending, or revoking the license. The hearing shall take no longer than two days, unless extended at the request of the respondent to meet the requirements of due process and proper administration of justice. The hearing officer shall issue a written decision, including specific reasons for the decision pursuant to this chapter, to the respondent within five days after the hearing. The decision shall include a statement advising the respondent of the right to appeal such decision to a court of competent jurisdiction.

If the decision is to deny, suspend, or revoke the license, the decision shall become effective on the thirtieth day after it is rendered. If the hearing officer's decision finds that no grounds exist for denial, suspension, or revocation of the license, the hearing officer shall, contemporaneously with the issuance of the decision, order the permit official to immediately withdraw the intent to deny, suspend, or revoke the license and to notify the respondent in writing by certified mail of such action. If the respondent is not yet licensed, the permit official shall contemporaneously therewith issue the license to the applicant.

B. If any court action challenging a license denial, suspension, or revocation is initiated, the city shall prepare and transmit to the court a transcript of the hearing within ten days after receiving written notice of the filing of the court action. The city shall comply with any expedited schedule set by the court, and shall facilitate prompt judicial review of the proceedings. The following shall apply to any sexually oriented business that is lawfully operating as a sexually oriented business, or any sexually oriented business employee that is lawfully employed as a sexually oriented business employee, on the date on which the completed business or employee application, as applicable, is filed with the city official: Upon the filing of any court action to appeal, challenge, restrain, or otherwise enjoin the city's enforcement of the denial, suspension, or revocation, the permit official shall immediately issue the respondent a provisional license. The provisional license shall allow the respondent to continue operation of the sexually oriented business or to continue employment as a sexually oriented business employee and will expire upon the court's entry of a judgment on the respondent's appeal or other action to restrain or otherwise enjoin the city's enforcement.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 18968, § 27, 9-3-2019)

5.09.110 Transfer of license.

A licensee shall not transfer his or her license to another, nor shall a licensee operate a sexually oriented business under the authority of a license at any place other than the address designated in the sexually oriented business license application.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.09.120 Hours of operation and supervision of premises.

A. No sexually oriented business shall be or remain open for business between 2:00 a.m. and 6:00 a.m. on any day.

B. The licensee or manager named and approved with respect to issuance of a permit or the holder of the current manager's permit, shall be present on the premises of a sexually oriented business at all times when the establishment is in operation.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.09.130 Regulations pertaining to exhibition of sexually explicit films or videos.

A. A person who operates or causes to be operated a sexually oriented business which exhibits in a booth or viewing room on the premises, through any mechanical or electronic image-producing device, a film, video cassette, digital video disc, or other video reproduction characterized by an emphasis on the display of specified sexual activities or specified anatomical areas shall comply with the following requirements.

1. Each application for a sexually oriented business license shall contain a diagram of the

premises showing the location of all operator's stations, booths or viewing room, overhead lighting fixtures, and restrooms, and shall designate all portions of the premises in which patrons will not be permitted. Restrooms shall not contain equipment for displaying films, video cassettes, digital video discs, any electronically produced media or other video productions. The diagram shall also designate the place at which the license will be conspicuously posted, if granted. A professionally prepared diagram in the nature of an engineer's or architect's blueprint shall not be required; however, each diagram shall be oriented to the north or to some designated street or object and shall be drawn to a designated scale or with marked dimensions sufficient to show the various internal dimensions of all areas of the interior of the premises to an accuracy of plus or minus six inches. The permit official may waive the foregoing diagram for renewal applications if the applicant adopts a diagram that was previously submitted and certifies that the configuration of the premises has not been altered since it was prepared.

2. It shall be the duty of the operator, and of any employees present on the premises, to insure that no patron is permitted access to any area of the premises, which has been designated as an area in which patrons will not be permitted.

3. The interior premises shall be equipped with overhead lighting fixtures of sufficient intensity to illuminate every place to which patrons are permitted access at an illumination of not less than five foot candles as measured at the floor level. It shall be the duty of the operator, and of any employees present on the premises, to insure that the illumination described above is maintained at all times that the premises is occupied by patrons or open for business.

4. It shall be the duty of the operator, and of any employees present on the premises, to insure that no sexual activity occurs in or on the licensed premises.

5. It shall be the duty of the operator to post conspicuous signs in well-lighted entry areas of the business stating all of the following:

a. That the occupancy of viewing rooms less than one hundred fifty square feet is limited to one person;

b. That sexual activity on the premises is prohibited;

c. That the making of openings between viewing rooms is prohibited;

d. That violators will be required to leave the premises;

e. That violations of these regulations are unlawful.

6. It shall be the duty of the operator to enforce the regulations articulated in subsections 5.a. through d. above.

7. The interior of the premises shall be configured in such a manner that there is an unobstructed view from an operator's station of every area of the premises, including the interior of each viewing room but excluding restrooms, to which any patron is permitted access for any purpose. An operator's station shall not exceed thirty-two square feet of floor area. If the premises has two or more operator's stations designated, then the interior shall be configured in such a manner that there is an unobstructed view of each area of the premises to which any patron is permitted access for any purpose from at least one of the operator's stations. The view required in this paragraph must be by direct line of sight from the operator's station. It is the duty of the operator to insure that at least one employee is on duty and situated in each operator's station at all times that any patron is on the premises. It shall be the duty of the operator, and it shall also be the duty of any employees present on the premises, to insure that the view area specified in this paragraph remains unobstructed by any doors, curtains, walls, merchandise, display racks or other materials or enclosures at all times that any patron is present on the premises.

B. It shall be unlawful for a person having a duty under this section to knowingly fail to fulfill that duty.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.09.140 Loitering, exterior lighting, visibility and monitoring requirements.

A. It shall be the duty of the operator of a sexually oriented business to: (1) post conspicuous signs stating that no loitering is permitted on such property; (2) designate one or more employees to monitor the activities of persons on such property by visually inspecting such property at least once every ninety (90) minutes or inspecting such property by use of video cameras and monitors; and (3) provide lighting of the exterior premises to provide for visual inspection or video monitoring to prohibit loitering. If used, video cameras and monitors shall operate continuously at all times that the premises are open for business. The monitors shall be installed within an operator's station.

B. It is unlawful for a person having a duty under this section to knowingly fail to fulfill that duty.

C. No sexually oriented business shall erect a fence, wall, or other barrier that prevents any portion of the parking lot(s) for the establishment from being visible from a public right-of-way.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.09.150 Penalties and enforcement.

A. A person who knowingly engages in or permits another person to engage in a specified sexual activity on the premises of a sexually oriented business shall be guilty of a Class A misdemeanor. A person who engages in any violation of this chapter other than a specified sexual activity violation shall be guilty of a Class C misdemeanor. Each day a violation is committed, or permitted to continue, shall constitute a separate offense.

B. Any premises, building, or other structure in which a sexually oriented business, as defined in this chapter, is repeatedly operated or maintained in violation of the provisions of this chapter shall constitute a public nuisance and shall be subject to abatement proceedings initiated by the City of El Paso in a court of competent jurisdiction. Three violations of this chapter in a twelve-month period shall constitute repeated operation or maintenance as discussed in the preceding sentence.

C. The city's legal counsel is hereby authorized to institute civil proceedings necessary for the enforcement of this chapter to prosecute, restrain, or correct violations hereof. Such proceedings, including injunction, shall be brought in the name of the city, provided, however, that nothing in this section and no action taken hereunder, shall be held to exclude such criminal or administrative proceedings as may be authorized by other provisions of this chapter, or any of the laws in force in the city or to exempt anyone violating this Code or any part of the said laws from any penalty which may be incurred.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.09.160 Applicability of ordinance to existing businesses.

All existing sexually oriented businesses and sexually oriented business employees are granted a de facto temporary license to continue operation or employment for a period of ninety days following the effective date of this chapter. By the end of said ninety days, all sexually oriented businesses and sexually oriented business employees must conform to and abide by the requirements of this chapter.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.09.170 Prohibited conduct.

It is unlawful for a sexually oriented business licensee to knowingly violate the following regulations or to knowingly allow an employee or any other person to violate the following regulations.

A. It shall be a violation of this chapter for a patron, employee, or any other person to knowingly or intentionally, in a sexually oriented business, appear in a state of nudity, regardless of whether such public nudity is expressive in nature.

B. It shall be a violation of this chapter for a person to knowingly or intentionally, in a sexually oriented business, appear in a semi-nude condition unless the person is an employee who, while semi-nude, remains at least six feet from all patrons and on a stage at least eighteen inches from the floor in a room of at least six hundred square feet.

C. It shall be a violation of this chapter for any employee who while appearing semi-nude in a sexually oriented business to knowingly or intentionally touch a customer or the clothing of a customer on the premises of a sexually oriented business.

D. It shall be a violation of this chapter for any person to allow a person under the age of twenty-one years to come or remain on the premises of a sexually oriented business as an employee or to allow a person under the age of eighteen years to come or remain on the premises of a sexually oriented business as a patron.

A sign in a form to be prescribed by the permit official, and summarizing the provisions of subsections A. through D. of this section shall be posted near the entrance of the sexually oriented business in such a manner as to be clearly visible to patrons upon entry.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 19242, § 4, 10-12-2021)

5.09.180 Scienter required to prove violation or business licensee liability.

This chapter does not impose strict liability. Unless a culpable mental state is otherwise specified herein, a showing of a knowing or reckless mental state is necessary to establish a violation of a provision of this chapter. Notwithstanding anything to the contrary, for the purposes of this chapter, an act by an employee that constitutes grounds for suspension or revocation of that employee's license shall be imputed to the sexually oriented business licensee for the purposes of finding a violation of this chapter, or the purposes of license denial, suspension, or revocation, only if an officer, director, or general partner, or a person who managed, supervised, or controlled the operation of the business premises, knowingly or recklessly allowed such act to occur on the premises. It shall be a defense to liability that the person to whom liability was imputed was powerless to prevent the act.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.09.190 Failure of city to meet deadline not to risk applicant/licensee rights.

In the event that a city official is required to act or to do a thing pursuant to this chapter within a prescribed time, and fails to act or to do such thing within the time prescribed, said failure shall not prevent the exercise of constitutional rights of an applicant or licensee. If the act required of the city official under this chapter, and not completed in time prescribed, includes approval of condition(s) necessary for approval by the city of an applicant or licensee's application for sexually oriented business employee's license (including a renewal), the license shall be deemed granted and the business or employee allowed to commence operations or employment the day after the deadline for the city's action has passed.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.09.200 Severability.

This chapter and each section and provision of said chapter hereunder, are declared to be independent divisions and subdivisions and, notwithstanding any other evidence of legislative intent, it is declared to be the controlling legislative intent that if any provisions of said chapter, or the application thereof to any person or circumstance is held to be invalid, the remaining sections or provisions and the application of such sections and provisions to any person or circumstances other than those to which it is held invalid, shall not be affected thereby, and it is declared that such sections and provisions would have been passed independently of such section or provision so known to be invalid. Should any procedural aspect of this

chapter be invalidated, such invalidation shall not affect the enforceability of the substantive aspects of this chapter.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.09.210 Conflicting code provisions repealed.

Any provision(s) in the El Paso City Code specifically in conflict with any provision in this chapter is deemed inoperative and repealed.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.09.220 Effective date.

Upon adoption, the provisions of this chapter shall apply to the activities of all sexually oriented businesses and sexually oriented business employees defined herein, whether such businesses or activities were established or commenced before, on or after the effective date of this chapter, which was February 29, 2012. All existing sexually oriented businesses that are operating under an existing license from the city shall continue operation under the same license and renew said license when applicable under this chapter. By August 10, 2007, all sexually oriented business must make any and all necessary changes to the interior configuration of the regulated business premises to conform to this chapter. All employees of sexually oriented businesses must make application for a license pursuant to this chapter by August 10, 2007, and thereafter, within ten days of becoming an employee subject to this chapter.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

The former Ch. 5.10 pertained to tattooing and body piercing licenses and derived from Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012.

Article I. General Provisions

5.10.010. Compliance required.

A. A person shall not operate or maintain a tattoo or body art studio unless the person holds either a tattoo or body piercing studio license issued by the Texas Department of State Health Services.

B. All persons subject to regulation by this Chapter 5.10 shall also comply with all health standards regulating tattooing and the application of body art, including, but not limited to those found in the Texas Administrative Code, Title 25, Health Services, Part I, Texas Department of State Health Services, Chapter 229, Food and Drug, Subchapter V, Minimum Standards for Licensure of Tattoo and Certain Body Piercing Studios, Sections 229.401 et seq., the Texas Health and Safety Code, Chapter 146, Tattoo and Certain Body Piercing Studios, Sections 146.001 et seq., and 29 CFR 1910.1030 Bloodborne Pathogens. These standards are in addition to any municipal, state or federal laws applicable to the operation and facility use and maintenance of a business offering tattoo or body art services.

(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013)

5.10.020 Definitions.

A. "Artist" means a person who performs tattooing, intradermal cosmetics and/or the application of body art, and who is responsible for complying with the provisions of this chapter.

B. "Body art" means a form of permanently modifying a part of the human body, including but not limited to body piercing, scalpelling, scarring, and branding.

C. "Body piercing" means the creation of an opening in an individual's body, other than in an individual's earlobe, to insert jewelry or another decoration.

D. "Branding" means the permanent marking of the skin by burning with a hot or cold branding iron.

E. "Department" means the department designated by the city manager to administer the provisions of this chapter.

F. "Director" means the city official designated by the city manager to enforce the provisions of this chapter.

G. "Ear piercing" means the creation of an opening in an individual's ear with an ear piercing gun to insert jewelry or other decoration, without using scalpelling.

H. "Ear piercing gun" means a device that pierces an individual's ear using a single-use (one-time, one-person use) stud and clasp ear piercing system. An ear-piercing gun shall not be used to pierce any other part of the body except the ear.

I. "Intoxicated" means not having the normal use of mental or physical faculties by reason of the introduction of alcohol, a controlled substance, a drug, a dangerous drug, a combination of two or more of those substances, or any other substance into the body.

J. "Jewelry" means any personal ornament inserted into a pierced area, which must be made of surgical implant grade stainless steel (minimum of 316L or 316LVM), solid 14k or 18k gold, niobium, titanium (minimum of 6A14V), or platinum, which is free of nicks, scratches, or irregular surfaces and has been properly sterilized prior to use.

K. "Person" means any person, firm, partnership, association, corporation, company or organization of any kind.

L. "Piercing" means puncturing a part of the body for the purpose of the insertion of jewelry or adornments.

M. "Scalpelling" means a procedure similar to piercing; however, a scalpel or sharp instrument is used for the piercing in place of a needle.

N. "Scarring" means the scratching, etching, or superficial cutting of the skin with designs, patterns, pictures or images.

O. "Studio" means a building or portion of a building, designated by a license holder and located and occupied in accordance with applicable local zoning and building codes where tattooing is performed and/or body art or intradermal cosmetics is applied, completely separated from living quarters; hereafter referred to as studio, and includes a location that is identified or permitted as a temporary location under state law.

P. "Supplies" means any item used for the purpose of tattooing or applying body art or items used for hygienic purposes while tattooing or applying body art, including but not limited to needles, scalpels, branding implements, inks or pigments, gloves, towels, soap, and autoclaves.

Q. "Tattoo" means the practice of producing an indelible mark or figure on the human body by scarring or inserting a pigment under the skin using needles, scalpels, or other related equipment. The term includes the application of permanent cosmetics.

R. "Tattooing" means the practice of producing an indelible mark or figure on the human body by scarring or inserting a pigment under the skin using needles, scalpels or other related devices including intradermal cosmetics.

(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013; Ord. No. 18968, § 28, 9-3-2019)

Article II. Studio Registration

5.10.030 Studio registration required.

A. A studio registration shall be required for any studio where tattooing or the application of body art is performed. No studio shall be allowed to perform tattooing or the application of body art without first having obtained and paid for a valid registration from the permit official.

B. The studio registration certificate shall be displayed inside the studio during regular operation of the studio and shall be visible for inspection by artists, clients and city officials.

C. The registration requirements of this chapter do not apply to:

1. a studio or temporary operation located within a medical facility which is licensed under another law, or an office or clinic of a person licensed by the Texas State Board of Medical Examiners; or

2. a facility in which only ear piercing is performed.

D. A registered studio shall only employ and/or allow the use of its studio by artists in possession of a current, valid artist license issued by the City of El Paso, and must adhere to the following:

1. The studio must at all times maintain and have available for inspection a list, on a form provided by the city, with the name of each artist employed by and/or allowed the use of the studio;

2. Any artist no longer employed by or allowed use of the studio shall be recorded as a strikeout on the list; and

3. Each strikeout shall be shown on said list for a period of two years from the date that the strikeout is made.

E. Studio shall adhere to the following hygiene requirements:

1. Studio shall maintain studio hygiene, public health and safety standards in accordance with applicable state and federal regulations.

2. Studio shall supply, at minimum, one hand-washing station, in accordance with applicable state and federal law, and the following requirements:

a. Hand-washing station shall be labeled with a permanent sign "HAND-WASHING ONLY" with black print letters at least two inches in height on a white background in a clearly visible location directly above the station; and

b. Cleaning, sterilization or storage of supplies in or at the hand-washing station is prohibited.

3. Studios offering or allowing branding in their facility must comply with all of the city, state and federal health and safety regulations applicable to tattooing and body piercing that are mentioned in Section 5.10.010 of this City Code.

F. Studio shall offer to licensed artists only those supplies that conform to the hygiene, public health and safety standards required by applicable state and federal regulations, and may not, at any time, offer these supplies for use by an artist that is not in possession of a current, valid artist license as described in this chapter.

G. Studio shall, at a minimum, conform to the following standards when storing supplies at the studio:

1. Supplies shall be stored in accordance with manufacturer's specifications; and

2. Supplies shall not be stored directly on the floor unless stored in a fully-enclosed storage container that is kept closed at all times when not adding to or removing supplies from container.

H. No studio shall offer solely branding; branding shall only be allowed in a studio that also offers either tattooing and/or the application of body art other than branding.

(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013)

5.10.040 Studio registration application.

A. A studio owner seeking to perform tattooing and/or the application of body art shall submit a signed, verified application, with the established application fee(s), to the permit official. Applications shall be on forms obtained from the permit official and shall contain, as a minimum, the following information:

1. Full name of owner of studio;

2. Address of owner of studio;

3. Address of studio;

4. Indication if existing studio (in operation for the preceding twelve months) or new studio;

5. Copy of current tattoo or body piercing license issued by the Texas Department of State Health Services;

6. A current, valid certificate of occupancy issued by the building official for the studio; and

7. Any other information as required by the application.

(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013)

5.10.050 Studio registration application processing.

A. Upon receipt of a proper application as provided in this chapter and payment of the established fee, the permit official shall review and process the application.

B. The permit official shall issue the registration unless he finds that the registration should be denied as provided in Section 5.10.140 of this Code.

C. The term of a registration issued under this chapter shall be for such period of time that coincides with the studio's tattoo or body piercing license issued by the Texas Department of State Health Services. Upon the issuance of a renewal of a tattoo or body piercing license by the state, the registrant shall, within twenty days of receiving such renewal, apply to the permit official for renewal of the city's registration. Applications for a renewal shall be processed in the same manner as an original application.

D. In the event the permit official denies the application, the applicant shall be notified in writing as to the reason(s) for the denial, as set forth in Section 5.10.140 of this Code.
(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013)

5.10.060 No transfer of registration.

A studio registration shall not be transferred to any person for any use or benefit. Any change in ownership or registered studio location shall require a new studio registration application and registration.
(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013)

Article III. Artist License

5.10.070 Artist license required.

A. An artist license shall be required for any artist that performs tattooing or the application of body art. No person shall engage in the practice of tattooing or the application of body art without first having obtained and paid for a valid license from the permit official.

B. Licensed artists shall be required to have said license and valid state-issued photographic identification in their possession and available for inspection by studio owners, clients and city officials at all times when performing tattooing or body art.

C. The license requirements of this chapter do not apply to persons who engage only in performing ear piercing.

D. A licensed artist shall only perform tattooing or the application of body art at a studio that has obtained a current, valid studio registration from the City of El Paso.

E. When performing tattooing or the application of body art, an artist shall use only supplies, whether provided by the registered studio or the licensed artist, that conform to the health and safety standards required by applicable state and federal law.
(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013)

5.10.080 Artist license application.

A. Each artist seeking to perform tattooing and/or body art shall submit a signed, verified application annually, with the appropriate application fee(s), to the permit official. Applications shall be on forms obtained from the permit official and shall contain, at a minimum, the following true and correct information:

1. Full name of artist;
2. Address of artist;
3. Proof of identification of artist, in the form of a government-issued photographic identification; and
4. Any other information as required by the application.

(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013)

5.10.090 Application processing.

A. Upon receipt of a proper application as provided in this chapter and payment of the established fee, the permit official shall review and process the application.

B. The permit official shall issue the license unless he finds that the registration should be denied as provided in Section 5.10.140 of this Code.

C. The license shall be valid for the term of one year. Artists in possession of an artist license must apply to the permit official for renewal no more than sixty days and no less than thirty days

prior to the expiration of the license to prevent a lapse in licensing. Applications for renewal shall be processed in the same manner as an original application.

D. In the event the permit official denies the application, the applicant shall be notified in writing as to the reason(s) for the denial, as set forth in Section 5.10.140 of this Code.
(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013)

5.10.100 License transfer.

An artist license cannot be transferred to another person for any use or benefit. An artist may, however, utilize the same valid artist license at more than one registered studio.
(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013)

Article IV. Enforcement and Fees

5.10.110 Enforcement authority.

The permit official and the director and their designees or any duly authorized representative, including but not limited to a designated peace officer, code enforcement officer and inspector, shall be authorized to administer and enforce the provisions of this chapter and to issue citations to any person violating the provisions of this chapter.
(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013; Ord. No. 18968, § 29, 9-3-2019)

5.10.120 Inspection.

A. The director or designee may enter at all reasonable times any studio to inspect, enforce, investigate any unsafe condition or violation and perform any duty imposed under this chapter or by state or federal law. If such studio is occupied the director shall first present proper credentials and request entry. If unoccupied, an effort shall be made to locate the owner or other person responsible for the premises to request entry.

B. If such entry is denied or permission cannot be obtained, the director shall have recourse to every remedy provided by law to secure entry.

C. When the director obtains a legal inspection warrant or other remedy to secure entry, the owner, occupant or person having charge, care or control of the building or premise shall, upon a proper request, promptly permit the director entrance to inspect and investigate pursuant to this chapter or other applicable state or federal law.

D. The director shall record all findings on an inspection report and furnish a copy of the report to the owner or person in charge.

E. The director shall provide a written notice, by means of the inspection report or otherwise, to the owner or person in charge of the studio when a violation of any provision of this chapter or other applicable state or federal law is determined, which shall include:

1. A description of each violation;

2. A specific, reasonable time period for correction of each violation;

3. A statement that the artist who receives said notice, or the owner or person in charge of the studio receiving said notice, may request a re-inspection through the city's appropriate office and pay the re-inspection fee authorized by city council; and

4. A statement that the registration is subject to suspension or revocation and that legal action may be taken for failure to comply with the notice.

F. An artist may be subject to inspection either during the studio inspection described in this Section 5.10.120, or as a result of a scheduled inspection arranged by the director.
(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013; Ord. No. 18574, § 1, 9-20-2016)

5.10.130 Fees.

The studio registrant or artist shall pay to the city all established fees for the registration and license provided in accordance with this chapter.
(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013)

Article V. Denial, Suspension, Revocation, and Appeals

5.10.140 Denial.

The permit official shall deny an application for studio registration or artist license, whether

original or renewal, by serving the applicant with written notice by hand-delivery or certified mail, return-receipt requested, if:

A. The applicant is found to be in violation of this chapter or found, in the opinion of the director, to pose a significant health risk to the public for failure to meet the minimum health standards set forth in this chapter; or

B. The permit official finds:

1. That the applicant has supplied false or incorrect information on any application for a registration or license;

2. That the applicant has failed to supply all information required on the application form;

3. That the applicant has failed to pay the application fee; or

4. In the case of the registration applicant, that the registration applicant is not in possession of a current, valid state of Texas-issued tattoo or body piercing license.

C. In the event that an applicant's current or prior registration or license is under suspension, no new license or suspension shall be issued until the term of such suspension has expired.

D. In the event that an applicant's current or prior registration or license is revoked, no new license or suspension shall be issued until the term of such revocation has expired.

E. The permit official shall issue the written notice of denial of a registration or license to the applicant which shall contain, as a minimum, the following:

1. The name of the applicant;

2. Statement that the registration or license is denied; and

3. Reason(s) for the denial.

(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013)

5.10.150 Suspension and revocation.

A. Suspension or revocation. The director may issue a written notice of intent to suspend for not more than sixty days or a written notice of intent to revoke an original or renewal registration or license subject to this chapter if the director determines that any of the following is true:

1. The registration or license holder supplied false or misleading information on any application for a registration or license;

2. The Texas Department of State Health Services has suspended or revoked the registrant's tattoo or body piercing registration or license;

3. The registration or license holder is found, after notice and opportunity for hearing, to be in violation of a provision of this chapter or a rule adopted under this chapter;

4. The registration or license holder is indebted to the city for fees or payment of penalties imposed by this chapter or by a rule adopted under this chapter; or

5. The license holder is found, after notice and opportunity for hearing, to have been intoxicated on the licensed premises.

B. The director may issue a written notice of intent to revoke a studio registration or an artist license, as applicable, if the studio owner or licensed artist violates this chapter on two or more occasions within a twelve-month period.

C. A studio registrant or licensed artist that has had his registration or license suspended or revoked shall be required to surrender the registration certificate or artist license to the director within seven calendar days of receiving notice from the city of suspension or revocation, regardless of whether the registrant or licensed artist requests an appeal in accordance with Section 5.10.160 of this Code. In the case of suspension, failure to surrender registration certificate or artist license within seven days of notice shall cause the director to revoke the registration or license. In the case of revocation, registrant's or licensee's period of revocation shall be extended to eighteen months before they can apply for a new registration or license.

1. A studio registrant or licensed artist shall not commence operations after the term of suspension has ended without first retrieving their registration or license from the director; and

2. A studio registrant or licensed artist shall not continue operations during the period of suspension of revocation of their registration or license.

D. Notice. The director shall issue a written notice of suspension or revocation of a registration or license to the registrant or artist, or a proposed suspension or revocation pursuant to subsection A.3., 4. or 5. of this section, which shall contain, as applicable, the following:

1. Name and address of the registrant and studio, or name and address of the artist;

2. Statement of whether the registration or license is suspended or revoked;

3. Reason(s) for the suspension or revocation;

4. Where applicable, order that the studio be closed;

5. Recommendation of corrective measures to bring the studio or artist into compliance with the requirements of this chapter;

6. Reasonable time limit for the completion of the corrective measures;

7. Statement that the registration or license, if suspended, is subject to revocation for failure to complete the corrective measures within the allotted time;

8. Order that the registration certificate or artist license be surrendered to the director within seven days of receipt of notice;

9. Statement that the registration or license, if suspended, is subject to revocation for failure to surrender registration certificate or artist license within the allotted time; and

10. Statement that the suspension or revocation may be appealed under the provisions set forth in Section 5.10.160 of this Code.

E. The director shall post a sign at any location where a studio registration has been suspended or revoked pursuant to this chapter. Said sign shall contain the following statement:

TATTOO OR BODY ART STUDIO CLOSED BY ORDER OF THE CITY OF EL PASO DEPARTMENT OF ENVIRONMENTAL SERVICES. VIOLATORS OF THIS ORDER ARE SUBJECT TO PROSECUTION PURSUANT TO TITLE 5 AND ANY OTHER APPLICABLE PROVISIONS OF THE EL PASO CITY CODE.

F. A studio registrant or licensed artist may not reapply for a new registration or license for a period of twelve months after said registration or license has been revoked.

(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013)

5.10.160 Appeals.

The right to appeal a registration or license denial, suspension or revocation shall be in accordance with Chapter 5.01.090 of the City Code.

(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013; Ord. No. 18968, § 30, 9-3-2019)

Article VI. Violation, penalty.

5.10.170 Immediate closure by director.

A. The director may order the immediate closure of a studio when there is a reasonable basis to believe that an individual contracted or was exposed to any communicable disease or disease of the skin while receiving a tattoo and/or application of body art at the studio. Immediately following such closure, the director shall proceed as appropriate under Section 5.10.150 of this Code regarding the status of the studio registration and licenses issued to any involved artists.

B. Failure to promptly comply with the notice of immediate closure shall subject the studio to other legal remedies as are available to the city.

C. Upon information that the Texas Department of State Health Services has suspended or revoked a tattoo or body piercing license of a registered studio, the director shall immediately suspend or revoke the studio registration, in accordance with Section 5.10.150 of this Code, for the period not to exceed the suspension or revocation specified by department of state health services.

(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013)

5.10.180 Violation and penalties.

Any person who violates a provision of this chapter shall, upon conviction, be guilty of a mis-

demeanor and punished by a fine not to exceed two thousand dollars. Each day the violation occurs shall constitute a separate offense. In addition to any penalties provided for herein, this chapter is enforceable by injunction.
(Ord. No. 17843, § 1, 7-31-2012, eff. 1-1-2013)

5.11.090 Reports to police.

5.11.010 License—Required.

No person, firm or corporation shall engage in the business of selling, bartering or exchanging motor vehicles without first paying the established fee and obtaining a license as herein provided.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.11.020 License—Application—Contents.

Application for such license shall be filed with the permit official in writing, sworn to by the applicant and accompanied by the established fee, and shall show:

A. The name and residence address of the owner or owners of the business, and if a corporation the names and residence address of the principal officer thereof. If any of the owners, or in the case of a corporation, the principal officer, is not a resident of El Paso County, then the application shall also show the name and residence address of an agent residing in El Paso County on whom process may be served;

B. The name under which the business is to be conducted and the location thereof. More than one location may be included in the same application. If the business is conducted under an assumed name the application shall show that the assumed name has been filed with the county clerk in accordance with state law;

C. The permit official may inspect the premises of the business at any time during business hours.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.11.030 License—Fee.

The established fee for the license shall be multiplied by the number of locations if there is more than one.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.11.040 License—Revocation.

The permit official may revoke any license hereunder for any false statement in the application, or for any violation of this chapter by the license holder, or for failure of the license holder to pay any judgment rendered against him by a court of competent jurisdiction for any fraud, misrepresentation or contractual default in a matter arising out of the licensed business.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.11.050 Place of business—Requirements.

Every dealer required to be licensed hereunder shall have a fixed place of business, on which there shall be an office, inside a building or other roofed structure, on which there shall be a sign showing the name (or properly filed assumed name) of the person, firm or corporation which holds the dealer's license. If the office is not kept open, with someone in attendance, at least eight hours between sunrise and sunset on every business day, the dealer shall post on the main door of the office a sign correctly showing the hours during which the office will be open, which shall not be less than three hours between sunrise and sunset on at least five days of each week. The office shall have telephone service, listed in the name (or properly filed assumed name) of the license holder. The license shall at all times be kept posted in the office in a place readily visible to customers.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.11.060 State registration and title laws—Compliance with required.

No dealer shall sell, barter or exchange any motor vehicle without complying with all registration and title laws of this state.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.11.070 Contracts with buyers when full purchase price not paid.

When any motor vehicle is sold and the full purchase price is not paid at the time of delivery, the contract with the buyer shall be in writing, with all blanks filled before the buyer signs and the dealer shall give a true signed copy of such contract to the buyer immediately after the contract is signed.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.11.080 Warranties and representations—Dealer to furnish copies to buyer.

Whenever the dealer gives any warranty, or makes any representation which the buyer would, under the law of contracts, be entitled to rely on, the dealer shall, before the sale or exchange is closed, give the buyer a signed written statement of such warranty or representation, unless the warranty or representation is included in a written contract between the parties or covered by the certificate of title. Failure of the dealer to comply with the requirement of this section shall not deprive the buyer of any right he may otherwise have to enforce any warranty or representation.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.11.090 Reports to police.

A. If, in connection with the doing of any business for which a license is required hereunder, a dealer finds that the motor number, serial number or manufacturer's number of any motor vehicle, motor, motor block, or any part thereof has been altered, changed, erased or mutilated, he shall immediately notify the police department, giving any information he may have as to the description, possession and location of the vehicle or part, as may be useful to the police in complying with the Texas Penal Code.

B. The dealer shall likewise report to the police department any vehicle or part thereof brought on the licensed premises, or offered as a trade-in elsewhere, when the dealer has reasonable grounds to believe that the certificate of title or license plates are false, or the vehicle or part has been stolen, or has been used in the commission of a crime.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

Secondhand goods do not include property purchased by one licensed, established merchant in the normal course of business from another licensed, established merchant.

(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 18449, § 1, 12-15-2015)

Article I. Dealers in Secondhand Goods

5.12.020 Policy.

It is declared to be the policy of the city, in the exercise of its police power for the protection of the safety, health and welfare of its citizens to regulate engaging in or conducting business in secondhand goods.
(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 18449, § 1, 12-15-2015)

5.12.030 Administration.

In accordance with this policy, the chief of police, or designee(s), may establish rules and forms to administer and enforce this article.
(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 18449, § 1, 12-15-2015)

5.12.040 License—Required.

It is unlawful for an individual, partnership, corporation, joint venture, trust, association or other legal entity to engage in the business of secondhand goods without first paying the established non-refundable fee(s) and obtaining a license therefore, as hereinafter provided. A separate application and license will be required for each location, place or premises used for the conducting of the business of the secondhand dealer. A separate established non-refundable fee will be charged for each additional license issued.
(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 18449, § 1, 12-15-2015)

5.12.050 License—Term.

Licenses issued pursuant to this chapter will expire one-year from the date of issuance, unless otherwise provided in this chapter.
(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 18449, § 1, 12-15-2015)

5.12.060 License—Application

Applicants for a new or renewal license under this article must file with the license official a written sworn application signed by the applicant. If the applicant is an individual, the application must be signed by the individual. If the applicant is a legal entity organized under the laws of the State of Texas, the application must be signed by a duly authorized entity representative with authority to bind the entity. The authorized entity representative shall verify his or her authority to bind the entity by a sworn statement reflecting said authority. All applicants must complete the approved city application that is available online or in paper form.

Applicants wanting to renew a license may begin the standard license renewal application process ninety calendar days, but no later than forty-five calendar days, before the expiration of the existing license. If the applicant begins the license renewal application process after the expiration of the forty-five calendar days, but before the expiration of the existing license, the applicant will pay an expedited application review fee.

There is no guarantee that a timely review and approval of the renewal license application will occur prior to the expiration of the existing license, if the applicant submits the license renewal application after the fifteen calendar days from the expiration of the existing license.

If the license renewal application has been duly completed and filed and all required fees have been paid before the expiration of the existing license, the existing license will continue in effect until final action by the city is taken on the renewal license application.
(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 18449, § 1, 12-15-2015)

5.12.070 License—Investigation—Issuance.

Upon receipt of an application for a license in accordance with the provisions of Section 5.12.060, the license official or the chief of police designee(s), will conduct an investigation to determine if there are grounds to deny the license. If there are no grounds for denial, the license official will issue a license no later than thirty city business days following the date of the filing of the application.
(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 18449, § 1, 12-15-2015)

5.12.080 License—Denial; appeal.

A. The chief of police or the license official may deny a secondhand dealer license for the violation of any provision of this chapter by providing the applicant with a statement indicating the reason(s) for the denial.

B. The license official will issue a written statement notifying the applicant of denial of the secondhand dealer license if the investigation reveals one or more of the following:

1. The applicant's place of business is not in compliance with applicable state laws or local ordinances; or

2. An individual applicant or any employee of an entity applicant, whose duties include the purchase or sale of regulated merchandise, has been convicted of a criminal offense involving theft, burglary, robbery, fraud, or tampering with or falsification of evidence or official records, unless:

a. The applicant or employee has been pardoned; or

b. One year has elapsed since the applicant or employee has been fully discharged from the sentence imposed for the offense, including any term of incarceration, parole, supervision, or probation ordered by any court; or

c. The criminal proceedings were deferred without a final adjudication of guilt; or

3. Fraud, misrepresentation or false statement of facts of material consequence in the application; or

4. Six or more violations of this chapter within twelve months immediately preceding the current application by the applicant, any employee of the applicant, whose duties include the purchase of regulated merchandise, or the combined violations of both the applicant and the employee.

C. When the license official issues a written notice of denial of a license to the applicant, the license official will include, in the notice, the specific grounds under this chapter for such action. The notice will be sent to the applicant by personal delivery or certified mail. The notice will be directed to the most current business address or other mailing address on file with the license official for the applicant.

D. The written notice of denial of a license will include a notice provision informing the applicant of his or her right to appeal the license official's decision by submitting a written notice requesting an administrative hearing before a municipal associate judge. The applicant, referred to as the respondent for purposes of the appeal, will submit the written statement to the license official not later than the fifteenth city business day after the date of the written notice of denial of the license. The respondent's written statement requesting the appeal shall clearly state why the respondent contends that there is not a valid basis for the denial of the license.

If the respondent submits a written statement appealing the denial of the license, the chief of police or license official, or their designee(s), will immediately contact the city attorney's office in order to coordinate the retention of a municipal associate judge and to schedule a hearing. The notice of the hearing will specify a hearing date, not less than fifteen city business days nor more than thirty city business days after the date the applicant files the written notice requesting an administrative hearing. The municipal associate judge will conduct a hearing on the license official's denial of the license. The hearing may be continued to a sooner or later date by agreement of the parties, and with the municipal associate judge's approval, or upon the finding of good cause by the municipal associate judge for the granting of an earlier or later hearing date.

At the hearing, the respondent will have the opportunity to present all of the respondent's arguments and to be represented by counsel at respondent's expense, present evidence and witnesses on his or her behalf, and cross-examine any of the license official's witnesses. The license official, who may also be represented by counsel, bears the burden of proving the grounds for denying the license by a preponderance of the evidence. The hearing will take no longer than one business

day, unless extended by agreement of the parties or at the request of either party, and with approval of the municipal associate judge, to meet the requirements of due process and the proper administration of justice.

The municipal associate judge will issue a written decision, including findings of fact and conclusions of law, to the respondent within five city business days from the completion of the hearing. The municipal associate judge's decision is final.

If the decision is to deny the license, the decision will become effective on the fourteenth calendar day after it is rendered. If the municipal associate judge's decision finds that no grounds exist for the denial of the license, the municipal associate judge will, contemporaneously with the issuance of the decision, order the license official to immediately withdraw the denial of the license and notify the respondent in writing by certified mail of such action. If the respondent is not yet licensed, the license official will contemporaneously therewith issue the license to the applicant.

If the respondent's application is for the renewal of a license, the existing license will remain valid and in effect during the pendency of the appeal and until such time as the decision of the municipal associate judge becomes final.

If the municipal associate judge's final decision upholds the denial of the license, the license official may grant the respondent a provisional license for a period of six months to begin from the date of the municipal associate judge's final decision. The provisional license will require the applicant to pay a non-refundable enhanced fee.

If during the six-month period, corrective action has been satisfactorily completed by the respondent as directed by the license official, and no other violations are committed under this chapter, or if no corrective action was required of the respondent by the license official, but no other violations are committed under this chapter, then the license official will issue the standard license to the applicant.

(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 18449, § 1, 12-15-2015; Ord. No. 019640, § 1, 6-11-2024)

5.12.090 Place of business—License restrictions.

Any license issued under the provisions of this article will designate the place that the secondhand dealer will conduct business, and the business will not be conducted in any other place.

(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 18449, § 1, 12-15-2015)

5.12.100 Change of information.

A. A secondhand dealer shall report a change in the information required to be submitted with a license application to the license official not later than the 15th city business day after the date that the change occurs.

B. If the change is either to the name of the business or to the physical location of the business, the secondhand dealer must obtain a new license and pay a new non-refundable license fee. The license official will issue a temporary license while the application for a new license is being processed. The applicant will reapply within thirty calendar days for the new license. The existing license will continue in effect until the city makes its final determination on the license application.

(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 184449, § 1, 12-15-2015)

5.12.110 Records—Required.

A. Every secondhand dealer must keep a record of all transactions in a format prescribed by the chief of police.

B. The record must be maintained in the English language and in a clear, legible manner.

C. Secondhand dealers must 1) complete a secondhand dealer receipt that is sold by the city or 2) submit an electronic filing in a format acceptable to the city.

D. A secondhand dealer may not purchase, receive, or possess an item of regulated merchandise from which the manufacturer's identification or serial number or brand has been altered, removed, or obliterated by means other than by wear caused by ordinary use of the item by a consumer.

E. A secondhand dealer may not purchase or acquire any item that is stolen or that shows any indication of not belonging to the person offering such item for sale or purchase, unless:

1. The seller of the offered item(s) produces a valid receipt or other evidence of ownership or purchase of the item(s); or

2. The seller of the offered item(s) provides a signed and dated written statement including a description of how the seller came into possession of the item(s) and that the seller does not have a receipt. A copy of the receipt, document evidencing ownership or purchase, or written statement must be attached to, and retained with, records of the purchased or acquired item(s).

F. The records maintained by the secondhand dealer must be made at the time of the transaction, be sequentially numbered and include the following information or documentation:

1. Transaction date;

2. Secondhand dealer business name;

3. Secondhand store address to include street, city, state and zip code;

4. Confirmation of the seller's identification via a U.S. state-issued driver's license or identification card with a photo for kiosk transactions; , or via a U.S. state-issued driver's license or card with a photo or military identification card for transactions conducted in person as defined in this chapter as "engaged in or conducting business";

5. Seller's address including street, city, state and zip code;

6. The month, day and year that seller was born;

7. Seller's last name, first name, and middle name/initial;

8. Seller's hair color, eye color, height and weight;

9. An accurate and full description of secondhand goods to include, but not be limited to: serial numbers, model numbers, item type, make, model number engraving, inscriptions, color, size, length, unique markings, owner applied numbers, inventory number, metal, stone, karat and design must be recorded if applicable. Each individual item must be recorded fully and accurately as soon as commercially reasonable but no later than fifteen business days after the transaction. Stones must be described as to type, including results of electronic testing, color, shape, number, size and approximate weight. Class ring descriptions must also include school name, class year and any names or words noted or inscribed on the ring;

10. The price or consideration paid or received at the time of transaction;

11. All record entries must identify the person making the entry.

G. The secondhand dealer must maintain a record of all transactions for one year from the transaction date, even if the secondhand dealer no longer possesses or owns the property.

H. The secondhand dealer's records must be accessible during business hours, at the address that is listed on the secondhand dealer's license.

(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 18449, § 1, 12-15-2015)

5.12.120 Inspection of goods and records.

Subject to applicable federal, state and local laws, the records, goods, articles or things purchased, received or kept for sale or exchange by every secondhand dealer must be made available for inspection by any member of the city police department upon demand during normal business hours.

(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 18449, § 1, 12-15-2015)

5.12.130 Purchasing from minors.

No secondhand dealer will purchase, trade or deal in secondhand goods with any individual under the age of eighteen years of age without written consent of the minor's parent or guardian. This consent will become part of the record of the transaction, and must be included with all other records required under Section 5.12.110.

(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 18449, § 1, 12-15-2015)

5.12.140 Retained goods to be accessible.

Every secondhand goods dealer must, for a minimum period of twenty days after acquiring the item, during regular business hours, keep accessible and available on the licensed premises, for inspection by any city peace officer, all secondhand goods, purchased or received from any person, before selling, shipping or otherwise disposing of the same. The twenty-day hold period begins the day that all description information required in Section 5.12.110(F) is recorded. Due to storage capacity limitations, a secondhand dealer operating via a kiosk may ship secondhand goods to an offsite, secure location for storage during the required hold period as long as the goods are available for inspection as prescribed by this chapter. Any items found to be recorded as stolen or otherwise subject to a civil or criminal investigation must be shipped to the requesting peace officer with all shipping costs to be borne by the secondhand goods dealer.

(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 18449, § 1, 12-15-2015)

5.12.150 Melting, wrecking and remodeling.

A. If the secondhand dealer's intention is to melt, wreck and/or remodel the secondhand goods, the secondhand dealer must record all data required by section 5.12.110 and hold the secondhand goods for a minimum of twenty days in its original unaltered form.

B. Purchase of melted items. A secondhand dealer may not purchase an object that is formed as the result of melting precious metals, unless:

1. The object is purchased from a manufacturer or a dealer in precious metal; and

2. The seller provides a purchase receipt to the secondhand dealer who is purchasing the melted items that documents what the item was prior to melting. The acquiring secondhand dealer must provide the city police department a copy of the purchase receipt obtained from the seller along with any other necessary documentation upon request. The acquiring dealer must keep a copy of the purchase receipt at the licensed business.

3. A secondhand dealer selling to another secondhand dealer must provide documentation of where the melted item originated, i.e. a secondhand store ticket or other record in conformance with this chapter.

(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 18449, § 1, 12-15-2015)

5.12.160 Exclusions.

The provisions of this article do not apply to the following businesses or dealers:

A. Junk businesses or dealers. Junk means discarded metal, glass, paper, cordage, rags, bones, rubber or other waste which may be treated so as to be used again in some form; vehicles or machines which are worn out and intended for scrapping; or any article or substance commonly considered to be junk. The term does not include secondhand articles or substances which are still usable for the purpose for which they were originally intended and are sold with a view to such further original use;

B. Used motor vehicles;

C. Dealers in antiques, art and collectibles. Dealers in antiques, art and collectibles are defined as any dealer who engages exclusively in the business or occupation of selling, bartering or exchanging any painting, furniture, china or other object that is valuable primarily by reasons of age, scarcity or the skill and craftsmanship of the artist(s) or artisan(s). Antiques will not include family heirlooms made of gold and silver or other precious metals. This exclusion does not exempt such dealers from compliance with this chapter with regard to any other secondhand goods in which they conduct business;

D. Coin collectors or coin shops that engage exclusively in the coin business or occupation, except as provided in Article II of this chapter. This exclusion does not exempt such dealers or businesses from compliance with the regulations, as hereinafter provided, in relation to any precious metal or crafted precious metal that they may engage in or conduct business in addition to their coin and bullion operations;

E. Neighborhood garage sales;

F. Nonprofit or charitable secondhand goods or thrift-type shops;

G. Licensed gun dealers who engage exclusively in the business or occupation of selling, buying, bartering or exchanging guns or firearms. This exclusion does not exempt such dealers from compliance with the regulations, as herein provided, in relation to any other secondhand goods that they may engage in or conduct business in addition to their gun business.

H. Itinerant sellers of secondhand goods;

I. A business that purchases cellular phones or electronic communication devices or consumer electronics in return for a non-cash credit such as a gift card from the issuing business, a credit at the issuing business or credit to an account with the issuing business, if:

1. As part of the record of the commercial transaction, the business will document: date, time and place of transaction; legal name, date of birth, residence and phone number(s) of seller; the credit amount; and employee's name handling the transaction. Such information will be retained by the business in accordance with applicable state and federal law standard retention obligations for commercial transactions. Any non-standard record retention obligations would require a formal request from law enforcement in accordance with applicable state and federal law.

2. On the day of the transaction to accept the used cellular phone or the electronic communication device, the business will cross-reference in a national lost and stolen database the ESN and/or IMEI. The business will refuse to accept any cellular phones or electronic communication devices or consumer electronics that have been recorded as lost or stolen in the database.

(Ord. No. 18391, § 1, 7-28-2015; Ord. No. 18449, § 1, 12-15-2015)

Article II. Dealers in Crafted Precious Metals

5.12.160.5 State registration required to be filed with city.

Dealers in crafted precious metals must file annually with the city a copy of the dealer's certificate of registration issued pursuant to the Texas Occupations Code or other applicable state or federal law.

(Ord. No. 18391, § 1, 7-28-2015)

Editor's note—Ord. No. 18391, § 1, adopted July 28, 2015, duplicated the numbering of § 5.12.160. In order to avoid duplicate section numbers, this section has been renumbered to 5.12.160.5 at the discretion of the editor.

5.12.170 Licensing, recordkeeping and goods retention requirements.

Dealers in crafted precious metals who also purchase, trade, barter or exchange any type of secondhand goods in conjunction with the crafted precious metal dealership will be subject to the record keeping, licensing and goods retention requirements established in Article I of this chapter with regard to the secondhand items.

(Ord. No. 18391, § 1, 7-28-2015)

Article III. Coin Dealers, Coin Collection Conventions

5.12.180 Licensing, recordkeeping and goods retention requirements.

Coin collectors and coin dealers will not be subject to the same recordkeeping and goods retention requirements as secondhand dealers so long as their dealings are limited to coins. However, if any such coin collector/dealer also conducts business in any other type of secondhand goods, the collector/dealer will be subject to the record keeping, licensing and goods retention requirements established in Article I of this chapter, regarding these other secondhand goods.

(Ord. No. 18391, § 1, 7-28-2015)

5.12.190 Registration.

Coin collectors and coin dealers that are not subject to the recordkeeping, licensing requirements and goods retention provisions of Article I of this chapter as they relate to their coin dealings, must meet the following registration conditions as they relate to their coin business:

A. All coin dealers and/or collectors who conduct a coin business and do not conduct any other secondhand goods business must register with the license official;

B. All coin conventions or other sales events must register with the license official no later than three business days before the scheduled date of the sales event. The sponsor(s) of such a sales event must submit the following information at the time of registration:

1. The type of sales event to be conducted;
2. The location of the sales event; and
3. The time and date of the sales event and its expected duration.

(Ord. No. 18391, § 1, 7-28-2015)

Article IV. Pawnbrokers

5.12.200 Pawnbrokers licensed by the state.

Pawnbrokers will continue to be licensed by the state and must follow the Texas Finance Code, Chapter 371, Title 7, Texas Administrative Code, Chapter 85, and other applicable state or federal law. In addition to the required state license, pawnbrokers must comply with the city's recordkeeping requirements as set forth in this article.
(Ord. No. 18391, § 1, 7-28-2015)

5.12.210 Recordkeeping.

Every pawnbroker must keep at his place of business the following records:

A. A record of the transaction in accordance with Section 5.12.110.

B. As applicable:

1. A copy of the pawn ticket; or
2. A copy of the bill of sale.

(Ord. No. 18391, § 1, 7-28-2015)

Article V. Violations—Penalty—Enforcement

5.12.220 Violations; penalty.

A. It is an offense for any person, firm, corporation, partner, officer or other entity representative, manager, operator or agent to violate a provision of this chapter

B. A secondhand dealer, whose employee or agent violates a provision of this chapter, concurrently violates the same provision and is subject to the same penalty as the employee or agent.

C. An offense under this chapter is a misdemeanor punishable by a fine not to exceed two thousand dollars.

D. The penalty provided for in this section is in addition to any other remedies that the city may have under other city ordinances and/or state law.
(Ord. No. 18391, § 1, 7-28-2015)

5.12.230 Enforcement.

The following city officials are authorized to enforce the provisions of this chapter and have the power to issue misdemeanor citations to any person who violates the provisions of this chapter: the city chief of police and/or his/her designee(s).

5.13.010 Definitions.

For the purposes of this chapter:

A. "Alarm system" means any device or system used to detect or prevent burglary, theft, shoplifting, pilferage or other such emergency situations which when activated causes notification to be made directly or indirectly to the police department. The term includes an alarm or system that transmits a signal intended to summon the police department or is connected to an alarm system business and includes a local alarm system or an alarm that emits an audible or visual signal on the exterior of a structure. For purposes of this chapter, an alarm system shall not include:

1. An alarm installed on a vehicle, unless the vehicle is used for a habitation at a permanent site;

2. An alarm device designed solely to detect or give notice of fire or smoke; or

3. An alarm installed upon premises occupied by the United States government, the state, the city, the county or by any government entity, situated within the corporate limits of the city.

B. "Alarm site" means a single premises or location served by an alarm system or systems that are under the control of one person.

C. "Alarm system business" means any person, partnership, corporation or other legal entity which installs, services, monitors or responds to alarm systems for compensation as defined by the Texas Occupations Code.

D. "Applicant" means the person or entity who submits an application to obtain a permit and shall become the permit holder.

E. "Automatic dialing device" means any device connected to an alarm system which automatically sends a prerecorded message or coded signal indicating the activation of the alarm system directly to the police department.

F. "Conversion" means the transaction or process by which one alarm business begins servicing or monitoring of an alarm system installed by another alarm business or an alarm system which was previously serviced or monitored by another alarm business.

G. "Duress alarm" shall mean the deliberate activation of a silent alarm by entering at a keypad a code that is different from the normal arm/disarm code or by a separate deliberate act at another device.

H. "False alarm" means an alarm signal activated by an alarm system, eliciting a response by the police department within thirty minutes of the receipt of the alarm notification by the police

department when, after inspection of the interior or exterior of the premises by a responding officer, there is no evidence, or available evidence, of an emergency or threat of emergency of the type for which the alarm system was designed to give notice. Factors to be considered by a responding officer as to whether the alarm signal was false or not include but are not limited to: whether it was caused by violent conditions of nature or an act of God; whether other extraordinary circumstances existed to cause the alarm to signal; or whether a person or persons lawfully on or at the premises acted or failed to act in any manner which results in the inability of the responding officer to gather evidence or make any inspection, determination, or report as set forth in this chapter.

I. "Holdup alarm" shall mean the deliberate activation of an alarm giving notification of a robbery, attempted robbery or summons police aid for any other perceived life-threatening reasons.

J. "Interconnect" means the connecting of an alarm system, including an automatic dialing device, to a telephone line, either directly or through a mechanical device that utilizes a telephone, for the purpose of using the telephone line to transmit a message upon the activation of the alarm system.

K. "Local alarm system" means any alarm system, which is not monitored, that annunciates an alarm by an internal or external audio or visible device at an alarm site.

L. "Panic alarm" shall mean an audible alarm signal generated by the manual activation of a device intended to signal a life threatening or emergency situation requiring law enforcement response.

M. "Person" means any individual, partnership, corporation or other legal entity.

N. "Police chief" shall mean the chief of police.

O. "Relaying intermediary" means that portion of an alarm system business which receives or intercepts a signal or signals, indicating the activation of an alarm system and which relays this information to the police department.

P. "Verify" means an attempt by the alarm business, or its representative, to contact the alarm site by telephonic or other electronic means before requesting a police dispatch whether or not actual contact with a person is made, in an attempt to avoid an unnecessary alarm dispatch.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.13.020 Permit—Required.

A. It shall be a violation for a person to operate, or cause to be operated, an alarm system until the established fee for either a residential or commercial alarm system has been paid and a permit has been issued by the city for such system.

B. The police chief shall require that a valid permit be issued for an alarm site before a police officer or other law enforcement official responds, unless the alarm notification is: A duress alarm; a holdup alarm; a panic alarm; or reported to the 911 emergency telephone number or to the police department by any person with specific information indicating that there is possible criminal activity taking place at the alarm site.

C. Any person who previously held a registration for an alarm system under the code, as it existed prior to April 1, 1993, must comply with all provisions of this chapter and apply to obtain a permit.

D. Any outstanding fees or complaints as set forth in Section 5.13.070 must be resolved prior to the issuance of a permit.

E. Persons applying for a permit for an alarm system owned or operated by the city shall not be required to pay the permit fee

F. The permit holder for an alarm system shall keep such permit displayed at the property or location where such alarm system is installed and shall produce such permit for inspection upon the request of any member of the police department or the permit official. A permit holder who has been issued a decal by the city shall clearly write their permit number on the decal and shall con-

spicuously display the decal with the permit number so that the decal is visible from the front of the building or structure. A permit holder who operates an alarm system in a business shall conspicuously display the permit issued by the city at or near the location of the alarm control panel.

G. All alarm system businesses shall notify new alarm system customers including customers acquired by a conversion of the alarm system of the existence and provisions of this chapter prior to the installation or conversion of the alarm system. Within thirty days after the installation of a new alarm system, or the performance of an alarm system conversion, all alarm system businesses shall provide notice of the installation or the conversion to the permit official on forms provided by the city.

H. An alarm system business shall not install, activate and/or monitor any alarm system unless a valid alarm permit has been issued by the City of El Paso for an alarm site.

I. The issuance of a permit authorizing the use of an alarm system is not intended to nor shall it create a contract, either express or implied, creating a duty or guarantee of response. Any and all liability and consequential damages resulting from the failure to respond to a notification is hereby disclaimed and the city retains immunity from liability and suit based on a decision by the police department not to respond to an activation of a permitted or unpermitted alarm system.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.13.025 Alarm systems in multiple unit developments and unsold or unleased homes or businesses.

A. Each tenant, owner, or occupant of a multiple unit development, including but not limited to an apartment complex, multiple condominium units managed by another, duplexes, shopping mall or strip, or other similar developments, shall obtain a separate alarm permit from the city for an alarm system that is operated in their unit, whether the alarm system is furnished by themselves; the system is furnished by the owner, manager, or landlord of the unit as an amenity; the system is a multiple location system that is partitioned among several locations that separately or individually have access to use the system within one location or unit; or the system is contracted for by an individual tenant, owner or occupant.

B. If the owner, manager, or landlord contracts with an alarm system business for the installation or operation of the alarm system on behalf of the tenant, owner, or occupant of the unit, the owner, manager, or landlord shall notify the tenant, owner, or occupant of the unit of the existence and provisions of this chapter prior to such time that the tenant, owner or occupant of the unit begins operation of the alarm system.

C. Each owner, manager, or landlord of a multiple unit development must obtain a separate permit to operate an alarm system in any unleased or unsold unit or in any common areas of the development, including but not limited to, common tenant areas, offices, storage areas, and equipment areas.

D. The owner, builder, or developer of an unsold or unleased home or business, including but not limited to newly constructed homes or businesses, must obtain a separate permit for each such home or business to operate an alarm system on the premises.

E. For purposes of assessing civil penalties and enforcing this chapter, the person in an occupied, leased, or purchased unit is responsible for compliance with this chapter and for payment of civil penalties for excess false alarm notifications emitted from an alarm system in their unit and the owner, manager, or landlord is responsible for compliance with this chapter and for payment of civil penalties for excess false alarm notifications emitted from an alarm system in unleased or unsold units and in any common areas. The owner, builder, or developer of an unsold or unleased home or business is responsible for compliance with this chapter and for payment of civil penalties for excess false alarm notifications emitted from an alarm system on the premises.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.13.030 Application.

The application for the permit required by this chapter shall be made in writing to the permit official. The application may be made by the applicant or by any other person, including an alarm system business, with authorization from the applicant. Such application shall be made on a form designated by the city for that purpose and shall set forth:

A. The name, address and telephone number of the applicant;

B. If the applicant is a legal entity, the names and addresses of the corporate officers, partners or other persons legally responsible for the entity and the applicant must provide written authorization from the entity permitting the individual to sign and submit the application on behalf of the entity;

C. The name, address and telephone number of the persons in operational control of the property, if other than the applicant or if the applicant is a legal entity;

D. The street address of the property on which the alarm system is to be installed and operated;

E. Any business name used for the premises on which the alarm system is to be installed and operated;

F. The name, address and telephone number of the alarm system business, if any, that installed, services or monitors the alarm system or responds to the alarm system and the name, make, model or series number of the alarm system;

G. 1. The names and telephone numbers of two persons, one of whom does not reside at the address of the permit location, or of an alarm business, which are able to and have agreed:

a. To receive notification at any time;

b. To come to the alarm site within one hour after receiving a request from a member of the police department to do so; and

c. To grant access to the alarm site and to deactivate the alarm system if such becomes necessary;

2. Whenever a permit holder, person, or alarm system business listed in this section is unwilling or unable to perform the duties set out, the permit holder shall immediately amend such application setting forth the names and telephone numbers of two persons or an alarm system business willing to perform the duties as listed in this section. Amendments shall be made in person to the permit official or by sending written notice to the permit official.

3. The failure of a permit holder, person, or alarm company to respond under subsection G.1. of this section or noncompliance with subsection G.2. of this section may be cause for the revocation of the permit under this chapter, in addition to any penalties provided under this chapter;

H. The permit holder must notify the permit official in writing of any change of the information required in the application for registration within twenty days of such change. A person who continues to operate an alarm system without providing changes to the information required under this sub-section commits an offense;

I. No permit shall be issued to any applicant who fails to furnish the information required by this section.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.13.040 Permit term.

Permits issued pursuant to this chapter shall expire three years from the date of issuance, unless otherwise established, suspended or revoked. A permit may be issued for a one year period in cases of economic need or hardship at one-third the established three year fee.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 17779, § 1, 5-1-2012)

Editor's note—Section 3 of Ord. No. 17779, adopted May 1, 2012 states the effective date of this ordinance shall be the date signed by the Mayor for the City of El Paso. This ordinance shall be applicable to all permit applications received on or after that date.

5.13.050 Permit renewal.

If, thirty days prior to the expiration of the permit, there are no outstanding violations, citations or fees owed to the city by the permit holder which are directly related to the permit, the permit may be renewed for a period of three years, or as

provided in Section 5.13.040, upon the filing of a new application and payment of the established fee.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 17779, § 1, 5-1-2012)

Editor's note—Section 3 of Ord. No. 17779, adopted May 1, 2012 states the effective date of this ordinance shall be the date signed by the Mayor for the City of El Paso. This ordinance shall be applicable to all permit applications received on or after that date.

5.13.060 Alarm user awareness class.

The police chief may create and implement an alarm user awareness class that may be attended by alarm users. The class shall inform alarm users of the problems created by false alarms and teach alarm users how to avoid generating false alarms.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.13.070 False alarm penalties.

Alarm systems owned or operated by the city shall not be assessed penalties for false alarms. All other permit holders or any other persons in control of an alarm system shall pay a false alarm civil penalty in accordance with Section 214.197, Local Government Code or its successor, for the signaling of a false alarm if at least three other false alarms have occurred during the preceding twelve-month period. The amount of the penalty for the signaling of a false alarm shall be fifty dollars if the location has had more than three but fewer than six other false alarms in the preceding twelve-month period; seventy-five dollars, if the location has had more than five but fewer than eight other false alarms in the preceding twelve-month period; or one hundred dollars, if the location has had eight or more other false alarms in the preceding twelve-month period. The police chief shall notify the permit holder or other person in control of the alarm system that the alarm site has exceeded three false alarm notifications in the preceding twelve-month period. The notice shall be made in writing and shall contain a statement that the permit holder may, at his or her election, attend an alarm user awareness class as set forth in Section 5.13.060 of this chapter. If the permit holder completes the alarm user awareness class within thirty days of the date of the notice or completes the next available alarm user awareness class, whichever occurs first, no penalty shall be accessed. Otherwise, the permit holder or other person in control of the alarm system shall pay the assessed penalty.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.13.080 Automatic dialing devices—Prohibited.

It is unlawful for any person to program an automatic dialing device to select any telephone line into the police department.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.13.090 Direct alarm reporting—Automatic alarm notification prohibited.

An alarm system, other than an alarm system in a financial institution, which transmits automatic alarm notifications directly to the communications center of the police department or the 911 District shall be prohibited.

A. A financial institution required to have an alarm system pursuant to the provisions of the Bank Protection Act of 1968 (12 U.S.C., Section 1882) may install, with the permission of the chief of police and the 911 District, a signal line directly to the police department or the 911 District for the purpose of reporting burglaries and robberies.

B. The financial institution shall pay the established annual fee for each indicator. The police chief shall have the right, at reasonable times and upon oral notice, to inspect the alarm system at the alarm site and require necessary repairs or improvements. If the police chief finds that the alarm system continually fails to operate or be operated to his satisfaction, he may terminate the privilege to have equipment and indicators in the communications center of the police department or the 911 District and require prompt removal of same at the expense of the financial institution.

C. The financial institution, at its expense, shall make arrangements to provide service for the alarm system at the instance of the financial institution or the chief of police on a twenty-four-hour

basis, seven days a week. In no event shall the city become liable for service charges for repairs and maintenance of any such signaling device.

D. The financial institution may cancel its agreement with the city at any time by giving the city written notice through the chief of police, whereupon such institution, at its expense shall have its equipment and indicators promptly removed from the monitor panel in the communications center or the 911 District.

E. The police chief has the right to require any change, modernization or consolidation of alarm signaling equipment that he deems advisable. In no event shall the city become liable for charges for such changes.

F. Instead of a direct line, a financial institution may instead choose to report burglaries and robberies by transmission through an alarm reporting service using a telephone number designated by the chief of police.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.13.100 Revocation—Procedure.

A. The police chief may revoke an alarm permit or registration if it is determined that:

1. There is a false statement of a material matter in the application for a permit or registration;

2. The permit or registration holder has violated any part of this chapter or has failed to comply with or maintain any and all of the requirements applicable to the issuance of the permit as set forth in Section 5.13.030 of this chapter;

3. The permit or registration holder, or any other person in control of an alarm system has failed to pay a civil penalty assessed under Section 5.13.070 of this chapter within ninety days after a bill for the assessment was issued;

4. Eight or more false alarm notifications have been emitted from the alarm site during the preceding twelve-month period;

5. Five or more false alarm notifications have been emitted from the alarm site during the preceding twelve-month period which were emitted because of mechanical malfunction or faulty equipment; or

6. The person operating the permit holds a registration issued under provisions of the prior city code and has not applied to obtain a new permit as required under this chapter.

B. Prior to taking action to revoke a permit, the police chief shall mail written notice of the grounds of such revocation to the permit holder. The permit holder may appeal the revocation of the permit pursuant to Section 5.01.090 of this Code.

C. A permit or registration holder or other person commits an offense if he operates an alarm system during the period in which the alarm permit or registration is revoked.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.13.110 Revocation—Discontinuation of service.

In the event that the police chief revokes an alarm permit in accordance with the provisions of this chapter for the reason stated in Section 5.13.100 A.5. of the city code, the police chief may further order the alarm system business to discontinue the service from such alarm system for such time as the permit for such system remains revoked. Notice of an order under this section shall be sent to the alarm system business by certified mail. The alarm system business shall comply with the order and discontinue alarm service within twenty-four hours after receipt of the notice.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.13.120 Appeal from assessment of civil penalty.

A. A permit holder or other person assessed a civil penalty may appeal the assessment of a civil penalty by requesting a hearing to be held before a municipal associate judge in municipal court.

B. The request for an appeal must be made in writing and delivered to the clerk of the municipal court not more than ten days after the bill for the

assessment of the civil penalty is issued. A copy of the written appeal shall be sent by the appealing party to the police chief.

C. A municipal associate judge shall, as soon as practicable, hear such appeal, after reasonable notice to the appealing party and to the police chief.

D. The appealing party and the police chief shall have opportunities to present evidence and make argument on their behalf. The formal rules of evidence do not apply to an appeal under this section.

E. A municipal associate judge shall make his ruling on the basis of substantial evidence presented at the hearing. A municipal associate judge shall affirm, reverse or modify the assessment of the civil penalty, except, that a municipal associate judge may not reduce or increase the amount designated in Section 5.13.070 for a civil penalty that is assessed for a false alarm notification determined by a municipal associate judge to have occurred. The decision of a municipal associate judge is final.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 019641, § 1, 6-11-2024)

5.13.130 Reinstatement of permit.

Except as provided in subsection B. of this section:

A. A permit holder or other person whose alarm permit or registration has been revoked may be issued a new permit provided that all outstanding civil penalties assessed under this chapter for which a bill has been issued have been paid and the person:

1. Meets the qualifications of an applicant;

2. Submits an updated application and pays the established permit fee; and

3. Pays, or otherwise resolves, all complaints in municipal court issued to the person under this chapter.

B. The reinstatement of a permit may be refused if the police chief determines that the system proposed to be used or persons responsible for the alarm system under the reinstated permit have a history of unreliability. Factors to be used in determining a history of unreliability shall include:

1. Ten or more false alarm notifications in the thirty-day period prior to the revocation of the permit; or

2. Two or more incidents of failure of the permit holder or alarm service business to respond to false alarm notifications by the police department in the thirty-day period prior to the revocation of the permit; or

3. Two or more incidents of continuing alarm system operation during the period in which the permit was revoked; or

4. Failure to provide proof that an alarm system business has properly serviced the system and corrected any deficiencies.

C. An appeal of the decision of the police chief to refuse to reinstate a permit under subsection B. of this section may be made to a municipal associate judge in the same manner as an appeal from the assessment of a civil penalty in Section 5.13.120. A municipal associate judge shall affirm or reverse the decision of the police chief. The decision of a municipal associate judge is final.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 019641, § 2, 6-11-2024)

5.13.140 Proper alarm system operation and maintenance

A. A permit holder or other person in control of an alarm system or premises in which an alarm system is operated:

1. Shall maintain premises containing an alarm system in a manner that insures proper operation of the alarm system;

2. Shall maintain the alarm system in a manner that will minimize false alarm notifications;

3. Shall not manually activate an alarm for any reason other than for an occurrence of an event as set forth in Section 5.13.010 A. of this chapter.

B. A permit holder or person in control of an alarm system shall adjust the mechanism or cause the mechanism to be adjusted so that an alarm

audible on the exterior of the alarm site will be actuated for no longer than ten minutes after being activated. It shall be a violation for an alarm signal to sound at an alarm site continuously for more than fifteen minutes.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.13.150 Manual reset required.

A. A permit holder or person in control of an alarm system which utilizes equipment that is capable of being adjusted so that the mechanism, upon activation, will not make or transmit another alarm signal from the alarm or a separate zone therein without first being manually reset, shall adjust or cause the system to be adjusted so that it will not make or transmit another alarm signal from the alarm or a separate zone therein that triggered a false alarm without first being manually reset.

B. No person, on or after July 1, 1996, shall install on premises located in the city an alarm system or replacement equipment which controls the system for an existing alarm system that does not utilize equipment that is capable of being adjusted so that the mechanism, upon activation, will not make or transmit another alarm signal from the alarm or a separate zone therein without first being manually reset.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.13.160 Reporting of alarm signals.

A. A permit holder or person in control of an alarm system shall not allow alarm signals to be reported through a relaying intermediary that does not comply with the requirements of this chapter or that is not licensed by the Texas Board of Private Investigators and Private Security Agencies, as may be required.

B. Before requesting a police response to an alarm signal, an alarm business must attempt to verify every alarm signal except for an alarm signal authorized under Section 5.13.090 of this chapter, an alarm signal emitted from a certified UL system, or an alarm signal emitted from an alarm system owned or operated by the city. If there is no response or confirmation in the initial verification attempt, an alarm business or its representative, shall make a second verification attempt to the alarm site and/or alarm user to determine whether an alarm signal is valid before requesting law enforcement dispatch.

C. An alarm notification may be canceled by the alarm system business by notice to the police department within four minutes of the alarm notification or prior to the arrival of a police officer at the scene of the alarm site, whichever occurs first, and the police department shall accept such cancellation of an alarm notification and a false alarm will be avoided.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.13.170 Alarm dispatch records.

A. The police department and the officer responding to a dispatch resulting from an alarm notification shall record or cause to be recorded such information as necessary to permit the police chief to maintain records, including but not limited to the following information:

1. Identification of the alarm site;
2. Date, dispatch received time and arrival time;
3. Weather conditions;
4. Name of permit holder's representative on premises, if any.

B. The responding officer shall indicate or cause to be indicated on a record the presence or absence of factors indicating whether the notification was caused by a criminal offense.

C. A copy of the record, as recorded at the alarm site by the responding officer, shall be left at the alarm site whenever possible. Otherwise, all records relating to the response shall be available upon written request, as permitted under the Texas Public Information Act, through the police department identification and records section.

D. In the event that a person or persons lawfully on the premises act or fail to act in any manner which results in the inability of the responding officer to make any inspection, determination, or report as set forth in this chapter, the

officer shall make a determination that the alarm was false and shall note such determination on a record. In such an event, the officer shall not be required to leave a copy of the record at the alarm site.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.13.180 Penalties.

A. Any permit holder or other person who violates any provision of this chapter shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished as provided in Chapter 1.08 of this Code by a fine not to exceed five hundred dollars. Each day the violation occurs shall constitute a separate offense.

B. Each permit holder and each person having control over property on which an alarm system is installed has an affirmative duty to comply with all provisions of this chapter, and it shall not be a defense to prosecution of such a person that he was acting without a culpable mental state.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.13.190 Severability.

That the terms and provisions of the ordinances codified in this chapter are severable. If any provision, including inter alia any exception, defense, subsection, part, phrase, term, or word, or the application thereof to any person or circumstance is held invalid or unconstitutional by valid judgment or decree of a court of competent jurisdiction, such holding shall not affect the validity of the remaining portions of this chapter and such remaining portions shall remain in full force and effect.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

Chapter 5.14

SIGN CONTRACTOR LICENSE

Sections:

5.14.010 Sign contractor license.

5.14.010 Sign contractor license.

A. Licenses.

1. License required.

a. Except as provided herein, no person shall engage in the business of erecting, installing, servicing or maintaining signs for sale, rental or leasing purposes, and no permit shall be issued for the erection, construction or demolition of a sign, until such person shall have paid the established fee for that particular sign classification and received from the permit official a license to conduct such work.

2. Exemptions. Compliance with this section shall not be required in the following instances:

a. If the type of sign installed is exempt from the applicable provisions of Title 20 (Zoning) and does not require a permit prior to installation;

b. Electrical sign contractor licensed by the state and the sign installed requires electricity as a source of energy or in the operation of the sign; provided, that all electrical work shall be in compliance with Title 18 (Building and Construction) of the El Paso City Code. A copy of the state license shall be provided to the city.

3. Term. All license issued pursuant to this chapter shall continue in full force for one year from the date of issuance, and may be renewed annually thereafter upon payment of the established renewal fee unless the license has been suspended or revoked.

4. Renewal date. A person licensed under this chapter must renew his license within thirty days prior to the expiration of their license or the license shall automatically expire and a new license shall be required prior to completing any work to which this chapter is applicable.

5. License fees. There shall also be established fees for businesses engaged in painting signs and for the issuance of a duplicate license for one lost, destroyed or mutilated.

6. License numbers. Each recipient of a license shall have painted, or placed, using a permanent type decal, within forty-eight hours after receipt of the license, the license number in a prominent position on all company vehicles used on job sites, as well as on all signs installed, erected or serviced by the licensee.

7. Suspension or revocation of license.

a. The permit official may suspend or revoke the license and permit privileges of a person, or request the suspension of a state licensed electrical sign contractor after determining that the person is guilty of:

i. Fraud or deceit in obtaining a license under this chapter;

ii. Allowing a person other than the licensee who obtained the sign permit, or an employee acting under the direct supervision of that person, to perform work for which that permit is required;

iii. Gross negligence, incompetency, or misconduct in the performance of sign work;

iv. Intentionally making a false or misleading material statement on the application for a sign installation permit, sign license application or to support the zoning administrator's determination that a particular sign is a nonconforming sign;

v. Installing, moving, or structurally altering or repairing a sign in violation of this chapter; or

vi. Failing to maintain the insurance required by this chapter.

b. A licensee may appeal the permit official's decision to revoke or suspend the licensee's license to the city manager pursuant to Section 5.01.090 of this Code.

c. A person whose license is revoked may not apply for a license for a period of one year after the revocation.

d. Operating while suspended or revoked. It is unlawful for any person whose license has been suspended or revoked by the permit official to

engage in, construct, install or otherwise attempt any work regarding signs for which a permit is required under Title 20 (Zoning) of this Code.

8. Insurance and indemnification requirements.

a. Prior to the issuance of a license all persons applying for a license shall agree to indemnify and hold harmless the city, its members, agents, officers and employees, their successors and assigns, individually or collectively, from and against all liability for any fines, claims, suits, demands, action or causes of action of any kind and nature including, but not limited to, personal injury or death, and property damage, in any way arising out of or resulting from any activity or operation of the licensee. The licensee shall pay all expenses incurred in defending against any such claims made against the city; however, the license holder shall not be liable for any injury, damage, or loss caused by the sole negligence or willful misconduct of the city, its agents or employees. The licensee and the city shall give prompt and timely notice of any claim made, or suit initiated which in any way affects or might affect either party.

b. The licensee shall procure and maintain at his own expense, the following types and amounts of insurance:

Minimum limits of liability and coverage shall be the required statutory amount for worker's compensation; two hundred fifty thousand dollars for bodily injury liability, including death, for each person; and five hundred thousand dollars in the aggregate; and one hundred thousand dollars for property damage for each occurrence; and one hundred thousand dollars in the aggregate. Permit and license applicants that are governmental entities may comply with the insurance requirements of this section by providing certification that they are self-insured.

c. In addition, the insurance policy shall state that the city shall:

i. Be named as additional insured/or insured, as its interest may appear;

ii. Be provided with a waiver of subrogation;

iii. Be provided with thirty days advance notice, in writing, of cancellation or material change;

iv. Be provided with certificates of insurance evidencing the required insurance types and amounts, prior to the commencement of the city's fiscal year. Notices and certificates of insurance shall be provided to the permit official.

d. Should a person holding a license sever employment connections with a firm which is jointly covered by the same insurance, a new certificate showing proper coverage will be required of both parties prior to either party receiving a new or renewal license.

e. If the insurance is canceled or renewed at periods other than the annual license renewal date, new evidence to show that the licensee is maintaining proper coverage shall be furnished to the city.

9. Bond required.

a. No person shall erect, install or maintain any sign within the city, for which a permit is required, until such person has filed with the building official a bond in the sum of twenty five thousand dollars. The licensee shall provide the bond annually to the city no later than thirty days prior to the expiration of the bond currently in force. Such bond shall ensure the full and faithful compliance by the licensee of all the covenants, terms, and conditions of the construction codes of the city and the laws of the state; and provide for the indemnification of the city for any and all damages or liabilities that may accrue to or against the city by reason of erection, maintenance, demolition, repair, removal or defects in or collapse of any sign erected by or under the direction of such person; and further provide for the indemnification of any person who shall, upon public property of the city, incur damages for which the person erecting such sign is liable by reason of the erection, maintenance, demolition, repair, removal or defects in or collapse of any such sign. Persons, who erect, install or maintain and small businesses engaged only in sign painting shall be exempt from bonding provisions.

b. Bond recovery and disposition. The building official shall report each violation of this chap-

ter to the city attorney who shall immediately make demand on the compliance bond holder and his sureties for the amount of liability for each offense. Should the compliance bond holder default, the city attorney may file suit upon the bond or seek any other lawful remedy for recovery of any amount due the city.

10. Enforcement—Penalty.

a. Civil and criminal penalties. The city manager and designees, including but not limited to the code enforcement division shall have the power to administer and enforce the provisions of this chapter as may be required by governing law. Any person violating any provision of this ordinance is subject to suit for injunctive relief as well as prosecution for criminal violations. Any violation of this chapter is declared to be a nuisance.

b. Criminal prosecution. Any person violating any provision of this chapter shall, upon conviction, be fined a sum not exceeding two thousand dollars. Each day that a provision of this chapter is violated shall constitute a separate offense.

c. Civil remedies. Nothing in this chapter shall be construed as a waiver of the city's right to bring a civil action to enforce the provisions of this chapter and to seek remedies as allowed by law, including, but not limited to the following:

i. Injunctive relief to prevent specific conduct that violates the ordinance or to require specific conduct that is necessary for compliance with the ordinance;

ii. A civil penalty up to five hundred dollars a day when it is shown that the defendant was notified of the provisions of the ordinance and after receiving notice committed acts in violation of the ordinance or failed to take action necessary for compliance with the ordinance; and

iii. Any other remedy available by law.

11. Severability. If any section, subsection, sentence, clause or phrase of this chapter is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this chapter.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

VENDORS AND SOLICITORS

Sections:

5.15.010 Definitions.

5.15.020 License—Required.

5.15.030 License—Application—Revocation for failure to make required reports.

5.15.040 License fees.

5.15.050 License—Issuance—Contents—Display—Nontransferable.

5.15.060 License—Term.

5.15.070 License—Temporary—Fee—Term.

5.15.080 Inspection, condemnation and confiscation of merchandise—Revocation of license.

5.15.090 Exemptions.

5.15.095 Where vending or soliciting may be conducted within the city.

5.15.100 Violation—Penalty.

5.15.010 Definitions.

The following definitions apply to this chapter:

A. "Itinerant" means nonresident, and applies to any person engaging in the business of being a vendor or solicitor as herein defined, who does not reside in the City of El Paso.

B. "Merchandise" is to be construed broadly and includes but is not limited to any and all articles or objects of trade or commerce, goods, commodities, products, wares, money or any personal property to be sold, exhibited or offered for sale.

C. "Reside" means having dwelled continually within the City of El Paso for at least the thirty consecutive days immediately preceding the date of application for a license, or having owned, rented or leased a dwelling within the city during that period of time.

D. "Solicitor" means any person who shall solicit or accept orders for or subscriptions to any book, magazine or periodical, or for any merchandise when delivery is to be made in the future.

E. "Temporary" means any act of vending or soliciting transacted or conducted in the city upon premises for which definite arrangements have not been made in writing for the hire, rental or lease of such premises for at least three months for the purpose of transacting or conducting such business of vending or soliciting.

F. "Vendor" means any person who engages in a temporary business in the city of selling, exhibiting or offering for sale any merchandise, including:

1. Any person who engages in such business upon or from a truck or other vehicle within the limits of the city; or

2. Any person who hires, rents, leases or occupies any room or space in any building, structure, enclosure, vacant lot or any other property whatsoever in the city, in, through or from which any merchandise may be sold, offered or exhibited for sale; or

3. Any person who carries any merchandise with him, whether such merchandise is carried on foot or motor vehicle, or other conveyance whatsoever, from place to place, or from house to house, within the city, exhibiting or offering his own or his principal's merchandise for sale, and who then and there sells and delivers it to other persons or dealers;

4. Any person who engages in the business of buying, selling or exchanging money for profit.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.15.020 License—Required.

No person shall engage in, transact or conduct the business or occupation of a vendor or solicitor, as herein defined, either as principal or as agent, servant or employee of any other person, without first having obtained a license therefor, unless such person is exempt, under the provisions of this chapter, from having to obtain such a license.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.15.030 License—Application—Revocation for failure to make required reports.

A. As a prerequisite to obtaining the license herein required, every person engaging in the business of vendor or solicitor shall make application upon a blank or form to be furnished by the permit official, wherein the applicant shall give the following information:

1. Name, residence and business addresses, and length of occupancy of each;

2. Character or merchandise to be offered for sale;

3. Applicant's last business occupation, last place of residence, and license number and place of issuance or license of motor vehicle, if any, used in applicant's business;

4. Acceptable personal identification, such as a driver's license, birth certificate or passport;

5. Proof that the applicant has received or has applied for a Texas limited sales and use tax permit;

6. Any other pertinent information deemed necessary by the permit official.

B. With respect to itinerant vendors and itinerant solicitors, the permit official shall refer the application to the chief of police. The chief of police may require any such applicant to be fingerprinted and to make periodic reports of his whereabouts and activities to the extent the chief of police deems it necessary to protect the public from any abuse of the privileges granted under this ordinance. After conducting a hearing, the chief of police may revoke the license of any person who fails to make reports as required by the chief of police under this provision.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.15.040 License fees.

Every person, before engaging in the business of vending or soliciting in the city, shall pay, in advance, to the permit official, an annual city license fee as follows:

A. For every itinerant vendor or itinerant solicitor, one hundred dollars per year;

B. For every vendor or solicitor who uses any private motor vehicle as a means of conveyance for his merchandise or as a means of transportation for the purpose of engaging in business, seventy dollars per year;

C. For every person who engages in the business of buying, selling or exchanging money for profit, one hundred seventy dollars per year;

D. For every other person, forty dollars per year.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.15.050 License—Issuance—Contents—Display—Nontransferable.

Upon payment of the license fee as herein provided, the permit official shall issue and deliver to such vendor or solicitor a license which shall show the date of issuance, the name, occupation, place of residence of licensee and fee paid therefore, and the licensee shall carry his license with him and shall exhibit the same whenever requested by any inspector, police officer or other officer authorized by law to make inspections and arrests under this chapter. No license issued hereunder shall be transferable.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.15.060 License—Term.

Licenses issued under this chapter shall expire one year from the date of issuance.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.15.070 License—Temporary—Fee—Term.

A. A temporary license or receipt may be issued to any itinerant vendor or solicitor who engages in the business of a vendor or solicitor, as herein defined, within the city, during a time when he would be unable to apply for a Texas limited sales and use tax permit as required by Section 5.15.030 A.5.

1. Such a temporary license or receipt shall be valid for not more than two consecutive days;

2. The fee for a temporary license as herein provided shall be twenty dollars;

3. An itinerant vendor shall be eligible for a temporary license under this section only once without obtaining the Texas limited sales and use tax permit.

B. All other licensing provisions found in this chapter shall remain in full force and effect and apply equally to those doing business with a temporary license or receipt.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.15.080 Inspection, condemnation and confiscation of merchandise—Revocation of license.

It shall be the duty of the permit official, code enforcement division, or of the peace officers of the city, to inspect merchandise offered for sale in the city by a vendor or solicitor, and such officials, inspectors and peace officers shall have the power to condemn and confiscate any merchandise which they deem to be unsafe or otherwise unfit for sale to the public, or which they deem to be misrepresented as to grade, quality or condition. Such condemnation shall remain in effect as long as necessary to protect the public from the danger which is being prevented by the condemnation. After conducting a hearing, the chief of police may revoke the license of any person who shall offer for sale merchandise which is unsafe or unfit for sale to the public, or who shall intentionally misrepresent the quality, grade or conditions of any merchandise offered for sale.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.15.090 Exemptions.

This chapter shall not apply to:

A. Any person (to include, but not limited to, farmers, vendors, peddlers, hucksters, whether on foot or from a vehicle) who distributes, transports or sells only foods or beverages, provided such person shall pay the license fee and comply with all applicable provisions set forth in Chapter 9.12 of this Code;

B. The distribution or sale of newspapers, pamphlets, handbills or other written or printed matter sold or distributed for the purpose of disseminating news, information or religious materials;

C. Any nonprofit or charitable organization; or any person participating in an exhibition or event sponsored by a nonprofit or charitable organization; provided, that the organization obtain the approval of the permit official;

D. Any person who will be participating as a vendor in an event that is permitted by a special privilege license and permit for street closures.

E. Any person who has obtained a home occupation license under the provision of Section 20.04.820 and any other applicable provision in Title 20 for home occupations, and who engages in the business of vending or soliciting solely on the premises for which the home occupation license was issued;

F. An ordinary commercial traveler who sells or exhibits for sale merchandise to parties engaged in the business of buying and selling and dealing in such merchandise;

G. Farmers or their employees who produce and sell farm products, poultry, stock or agricultural products in their natural state;

H. Anyone engaged wholly in interstate commerce, or anyone whose operations form an integral part of interstate commerce and upon whom the provisions of this chapter would impose a direct and unlawful burden with respect to such operations;

I. Any person residing in the city who does not regularly engage in the business of vending or soliciting and who, on five or less days during the course of any calendar year, transacts sales of used merchandise which had previously been obtained for domestic or personal use, provided that such person, upon the request of the permit official, shall sign a statement verifying that:

1. Such person is not in the business of vending or soliciting, and

2. Such person has not and will not transact sales under this section on more than five days during the course of the current calendar year;

J. Nothing contained in this Section 5.15.090 shall be construed to relieve any person of any City Charter or ordinance requirement, including but not limited to the requirements of Chapter 9.12 (Food and Food Handling Establishments), or Chapter 13.20 (Miscellaneous Street and Sidewalk Use Regulations).
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012; Ord. No. 17980, § 2, 4-2-2013)

5.15.095 Where vending or soliciting may be conducted within the city.

A. Vending or soliciting conducted within the city shall be on premises which are zoned for retail sales, including the renting, leasing or occupying of any room or space in any building, structure, enclosure, vacant lot or any other property in the city.

B. Any person engaging in the business of being a vendor or solicitor within the city shall not exhibit and offer his own or his principal's merchandise for sale in violation of Section 13.20.040 of the City Code.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.15.100 Violation—Penalty.

Any person violating any of the provisions of this chapter shall upon conviction be punished by a fine not to exceed two hundred dollars as provided in Sections 1.08.010 through 1.08.030, and each separate act of vending or soliciting shall be a separate offense.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

Chapter 5.16

DISTRIBUTION OF LITERATURE, SOLICITATION OF DONATIONS AND OTHER REGULATED ACTIVITIES AT THE EL PASO ZOO

Sections:

5.16.010 Purpose.

5.16.020 Definitions.

5.16.030 Conduct of regulated activities.

5.16.040 Permit requirement.

5.16.050 Issuance of permits.

5.16.060 Late applications.

5.16.070 Denial of permit.

5.16.080 Suspension or revocation.

5.16.090 Violation—Penalty.

5.16.010 Purpose.

It is the purpose of this title:

A. To assure the fair use of the public areas at the El Paso Zoo by persons seeking to exercise constitutional freedom of expression and for religious organizations to proselytize or solicit funds;

B. To permit equitable access among persons and groups desiring to exercise such constitutional freedoms;

C. To restrict such activities to public areas of the El Paso Zoo, which do not include areas within the zoo perimeter fence and wall;

D. To prevent interference with patrons and other users of the zoo; to allow full access to zoo facilities and free passage among those facilities and to ensure the free and orderly flow of pedestrian traffic into, throughout and out of the zoo premises;

E. To discourage interference with zoo patrons who are required to wait in lines.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.16.020 Definitions.

Notwithstanding anything to the contrary set forth elsewhere in this title, the following definitions shall apply for the purpose of this section:

A. "Director" means the Director of the El Paso Zoo or his designee.

B. "Permittee" means a person or organization conducting regulated activities pursuant to a permit duly issued under this chapter.

C. "Public areas" means those portions of the zoo outside the perimeter fence directly in front of the main zoo entrance which permits generally unrestricted access.

D. "Regulated activities" means those activities by persons or organizations desiring to exercise constitutionally protected rights of free speech and expression and freedom of religion, for which a permit is required under this chapter, namely:

1. Religious or other proselytism;
2. Solicitation and acceptance of donations;
3. Distribution of handbills, tracts and other literature.

E. "Zoo" means the area of the El Paso Zoo located at 4001 E. Paisano, El Paso, Texas.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.16.030 Conduct of regulated activities.

The conduct of regulated activities pursuant to this chapter will be permitted in the following manner in the public areas of the zoo:

A. No individual shall be approached by more than one distributor or solicitor at a time;

B. No distributor or solicitor shall make noise or create any disturbance which will interfere with the ability of the public to hear public address announcements nor shall any distributor or solicitor shout at any person. The use of sound or voice amplification apparatus is prohibited;

C. To ensure the efficient and orderly use of the zoo for its primary purpose and to assure equal opportunity for freedom of expression, not more than a total of two persons shall be permitted to engage in regulated activities in the zoo at the same time;

D. No regulated activity shall interfere with the free passage of the public into and out of the zoo;

E. No signs, placards or other materials shall be affixed to zoo buildings, fences or walls;

F. No leaflets or other written materials shall be distributed by leaving them unattended;

G. No person shall engage in regulated activities under this chapter except in one of the designated areas indicated on Exhibit A and no more than one person shall be in a designated area at any given time;

H. No person engaging in regulated activities under this chapter shall, by word or gesture or otherwise, harass or threaten any other persons or in any way obstruct, delay or interfere with the free movement of any other person or seek to coerce or physically disturb or touch any other person without that person's permission; or hamper or impede or interfere with the conduct of any authorized business at the zoo;

I. Engaging in regulated activities under this chapter in any location other than one assigned in a permit issued by the zoo director is prohibited. (Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.16.040 Permit requirement.

It is unlawful for any person or organization to engage in any regulated activities under this chapter without first obtaining a written permit from the director. For the purposes of obtaining such a permit a written application on a form prescribed by and provided by the city must be filed with the director. The filing of such application is required in order that adequate precautions may be taken by the director to protect the public health, safety and order and to ensure the efficient and orderly use of zoo property for its primary purpose and to ensure equal opportunity for freedom of expression. The application shall:

A. Contain the full name, mailing address and telephone number of the applicant;

B. If the applicant is an organization, contain the full name, mailing address and telephone number of a person acting for the organization and responsible for the proposed activities;

C. State the purpose or subject of the proposed activity;

D. Contain a description of the proposed activities and type of communication to be involved;

E. State the desired date or dates, hours and location of such activities. Requested locations shall be one of the locations indicated on Exhibit A attached to the ordinance codified in this chapter, and adopted by reference. Where more than one applicant requests the same location or locations the assigned location will be based upon the drawing of lots;

F. State the number of persons and their names who propose to participate in such activities during the permit period;

G. If the applicant is a person or organization which solicits or accepts alms or gifts by representing or claiming that any charitable, patriotic, fraternal or philanthropic organization is to receive a benefit therefrom, have attached a copy of the charitable solicitation permit under Chapter 5.03 of this Code or evidence that the person or organization is exempt therefrom;

H. State any additional information requested by the director and reasonably necessary for a fair determination as to whether a permit shall issue. (Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.16.050 Issuance of permits.

A. Applications for permits under this chapter must be submitted between the hours of 8:00 a.m. and 5:00 p.m., Tuesday through Thursday of each week at the zoo administration office, or at such other place designated by the director. A maximum of two permits will be issued for a total of two persons, inclusive of all permits. Where more than one applicant requests a permit, permits will be granted to insure that each applicant is authorized to have at least one person authorized to engage in regulated activities for the applicant, subject to the overall maximum of two persons during any permit period.

B. The number of persons authorized to engage in regulated activities under a permit will be allocated as follows:

1. One applicant, any number up to a maximum of four;

2. Two applicants, a maximum of two per permit;

3. More than two applicants, all applicants present at the time and place assigned for issuance

of permits will draw lots in a manner to be determined by the director. A permit will be issued to each of the two successful applicants authorizing one person per permit.

C. Permits will be issued every Monday at 10:00 a.m. in the zoo administration office, or at such other place designated by the director. An applicant or its representative must be present to receive a permit. Permits issued will be valid for a one-week period beginning at 9:30 a.m. each Tuesday and ending at 5:00 p.m. the following Monday.

D. The permit issued by the director shall set forth the number of persons authorized by the permit, the activities which are permitted, the permitted time and duration of the activities and the location or locations at which the activities may be conducted. All persons engaging in regulated activities under this chapter must be authorized representatives of a permittee and such persons must register in advance with the director. The provisions of Section 5.16.030 of this chapter shall be considered to be incorporated into, and made a part of, the terms and conditions of any permit issued under this chapter.

E. Permits shall not be valid and shall not be issued to any applicant for days on which the public areas at the zoo must be used for special functions.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.16.060 Late applications.

In an emergency and for good cause stated in the application, a person or organization may file an application later than Thursday of each week, to engage in regulated activities. Except for the time of filing, the application must comply with all other applicable requirements of this chapter. The director will issue a permit based on the standards set forth in this section if:

A. The late filing was not due to lack of diligence on the part of the applicant;

B. The filing does not unreasonably prejudice the city in preparing for the proposed activity;

C. No applicant who has filed in a timely manner will be displaced by the granting of a late-filed application.

(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.16.070 Denial of permit.

A. A permit applicant denied a permit by the director shall be furnished a written statement at the time of denial, indicating the reason or reasons the permit was denied. The applicant has five business days after receipt of the notice of denial to file with the city clerk a written protest to the denial. A copy of the written protest shall also be sent to the director.

B. The city council shall conduct a hearing and make a determination on the matter. The council shall, as soon as practicable, hear such protest, after reasonable notice to the protesting party and the director. The appealing party and the director shall have the opportunity to present evidence and to make argument. The formal rules of evidence shall not apply to the hearing and the city council shall make its ruling on the basis of a preponderance of the evidence presented at the hearing. The city council shall sustain, reverse or modify the action of the director and certify its action to the director.

C. If the city council sustains all or part of the zoo director's action in denying the permit, the permit applicant has five business days after action by the city council to file a written protest to the council's action with the city clerk.

D. Upon receipt of such written protest the city shall, within ten business days, apply to either the U.S. District Court for the Western District of Texas or the district courts for the county, for a judicial determination as to whether the action of the city council was proper, naming the applicant a party defendant. The city shall make every reasonable effort to have the issue heard on its merits without delay, and as soon as legally possible. The burden of showing that the action of the city council was proper shall rest on the city.

E. If the issue for judicial determination is not heard within fifteen days from the date the

complaint (or petition) is filed, then an interim permit shall be deemed issued under this section by operation of law, except where denial of the permit is based on the provisions of Section 5.16.030 C. of this chapter. Any interim permit under this subsection shall be subject to the same restrictions and obligations under which any permit under this chapter is issued.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.16.080 Suspension or revocation.

A. The permit of any person or organization who violates the terms of a permit issued under this chapter may be suspended or revoked by the director, after reasonable notice and an opportunity to be heard. The permittee shall have an opportunity to present evidence and to make argument. The formal rules of evidence shall not apply and the director shall make his decision on the basis of a preponderance of the evidence.

B. Any person who is authorized to engage in regulated activities under this chapter on behalf of a permittee may have his or her permission to engage in regulated activities suspended or revoked by the director in accordance with the procedures set forth in Section 5.16.080 A.

C. A person or organization may appeal a suspension or revocation of a permit or the suspension or revocation of the permission of a person to engage in regulated activities on behalf of a permittee, if such person or organization requests an appeal in writing, delivered to the city clerk not more than ten business days after notice of the suspension or revocation is received. A copy of the appeal shall also be furnished to the director. If the appeal is from a suspension, receipt of a written appeal by the city clerk will toll the period of suspension until the appeal is heard and decided by the city council.

D. The city council shall conduct the hearing and make the final determination on the matter. The council shall, as soon as practicable, hear such appeal, after reasonable notice to the appealing party and the director. The appealing party and the director shall have the opportunity to present evidence and to make argument. The formal rules of evidence shall not apply and the city council shall make its ruling on the basis of a preponderance of the evidence. The city council shall sustain, reverse or modify the action of the director and certify its action to the director. The decision of the city council is final.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.16.090 Violation—Penalty.

Any person who violates any provision of this chapter or who intentionally violates the terms of a permit issued to engage in regulated activities at the El Paso International Zoo shall be guilty of a misdemeanor and is punishable as provided in Sections 1.08.010 through 1.08.030 of this Code.
(Ord. No. 17691, § 1, 12-6-2011, eff. 2-29-2012)

5.17.030 Violations; penalty.

A. A person who violates a provision of this chapter, or who fails to perform an act required of the person by this chapter, commits an offense. A person commits a separate offense for each and every violation relating to an extension of consumer credit, and for each day during which a violation is committed, permitted, or continued.

B. An offense under this chapter is punishable by a fine of not more than five hundred dollars.

C. A culpable mental state is not required for the commission of an offense under this article and need not be proved.

D. The penalties provided for in subsection (b) are in addition to any other remedies that the city may have under city ordinances and state law.
(Ord. No. 17924, § 1, 1-8-2013, eff. 7-1-2013; Ord. No. 18041, § 1, 7-16-2013, eff. 1-16-2014)

5.17.040 Defenses.

It is a defense to prosecution under this article that at the time of the alleged offense the person was not required to be licensed by the state as a credit access business under Chapter 393, Subchapter G of the Texas Finance Code.
(Ord. No. 17924, § 1, 1-8-2013, eff. 7-1-2013; Ord. No. 18041, § 1, 7-16-2013, eff. 1-16-2014)

5.17.050 Registration required.

A person commits an offense if the person acts, operates, or conducts businesses as a credit access business without a valid certificate of registration. A certificate of registration is required for each physically separate credit access business.
(Ord. No. 17924, § 1, 1-8-2013, eff. 7-1-2013; Ord. No. 18041, § 1, 7-16-2013, eff. 1-16-2014)

5.17.060 Registration application.

A. To obtain a certificate of registration for a credit access business, a person must submit an application on a form provided for that purpose to the director. The application must contain the following:

1. The name, street address, mailing address, facsimile number, and telephone number of the applicant.

2. The business or trade name, street address, mailing address, facsimile number, and telephone number of the credit access business.

3. The names, street addresses, mailing addresses, and telephone numbers of all owners of the credit access business, and the nature and extent of each person's interest in the credit access business.

4. A copy of a current, valid state license held by the credit access business pursuant to Chapter 393, Subchapter G of the Texas Finance Code.

5. A copy of a current, valid certificate of occupancy showing that the credit access business is in compliance with the City of El Paso Code.

6. A nonrefundable application fee for the amount established.

B. An applicant or registrant shall notify the director within forty-five days after any material change in the information contained in the application for a certificate of registration, including, but not limited to, any change of address and any change in the status of the state license held by the applicant or registrant.
(Ord. No. 17924, § 1, 1-8-2013, eff. 7-1-2013; Ord. No. 18041, § 1, 7-16-2013, eff. 1-16-2014)

5.17.070 Issuance and display of certificate of registration; presentment upon request.

A. The director shall issue to the applicant a certificate of registration upon receiving a completed application under Section 5.17.040.

B. A certificate of registration issued under this section must be conspicuously displayed to the public in the credit access business. The certificate of registration must be presented upon request to the director or any peace officer for examination.
(Ord. No. 17924, § 1, 1-8-2013, eff. 7-1-2013; Ord. No. 18041, § 1, 7-16-2013, eff. 1-16-2014)

5.17.080 Expiration and renewal of certificate of registration.

A. A certificate of registration expires on the earliest of:

1. One year after the date of issuance; or

2. The date of revocation, suspension, surrender, expiration without renewal, or other termination of the registrant's state license.

B. A certificate of registration may be renewed by making application in accordance with Section 5.17.040. A registrant shall apply for renewal at least thirty days before the expiration of the registration.
(Ord. No. 17924, § 1, 1-8-2013, eff. 7-1-2013; Ord. No. 18041, § 1, 7-16-2013, eff. 1-16-2014)

5.17.090 Non-transferability.

A certificate of registration for a credit access business is not transferable.
(Ord. No. 17924, § 1, 1-8-2013, eff. 7-1-2013; Ord. No. 18041, § 1, 7-16-2013, eff. 1-16-2014)

5.17.100 Maintenance of records.

A. A credit access business shall maintain a complete set of records of all extensions of consumer credit arranged or obtained by the credit access business, which mush include the following information:

1. The name and address of the consumer.

2. The principal amount of cash actually advanced.

3. The length of the extension of consumer credit, including the number of installments and renewals.

4. The fees charged by the credit access business to arrange or obtain an extension of consumer credit; and

5. The documentation used to establish a consumer's income under Section 5.17.110.

B. A credit access business shall maintain a copy of each written agreement between the credit access business and a consumer evidencing an extension of a consumer credit (including, but not limited to, any refinancing or renewal granted to the consumer).

C. A credit access business shall maintain copies of all quarterly reports filed with the Texas Consumer Credit Commissioner under Section 393.627 of the Texas Finance Code.

D. The records required to be maintained by a credit access business under this section must be retained for at least three years and made available for inspection by the city upon request during the usual and customary business hours of the credit access business.
(Ord. No. 17924, § 1, 1-8-2013, eff. 7-1-2013; Ord. No. 18041, § 1, 7-16-2013, eff. 1-16-2014)

5.17.110 Restriction on extension of consumer credit.

A. The cash advanced under an extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining in the form of a deferred presentment transaction may not exceed twenty percent of the consumer's gross monthly income.

B. The cash advanced under an extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining in the form of a motor vehicle title loan may not exceed the lesser of:

1. Three percent of the consumer's gross annual income; or

2. Seventy percent of the retail value of the motor vehicle.

C. A credit access business shall use a paycheck or other documentation establishing income to determine a consumer's income.

D. An extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining and that provides for repayment in installments may not be payable in more than four installments. Proceeds from each installment must be used to repay at least twenty-five percent of the principal amount of the extension of consumer credit. An extension of consumer credit that provides for repayment in installments many not be refinanced or renewed.

E. An extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining and that provides for a single lump sum repayment may not be refinanced or renewed more than three times. Proceeds from each refinancing or renewal must be used to repay at least twenty-five percent of the principal amount of the original extension of consumer credit.

F. For purposes of this section, an extension of consumer credit that is made to a consumer within seven days after a previous extension of consumer credit has been paid by the consumer will constitute a refinancing or renewal.
(Ord. No. 17924, § 1, 1-8-2013, eff. 7-1-2013; Ord. No. 18041, § 1, 7-16-2013, eff. 1-16-2014)

5.17.120 Requirement of consumer understanding of agreement.

A. 5.18.010 Purpose.

The purpose of this chapter is to protect the health, safety, and welfare of the citizens of the City of El Paso by reducing the occurrence of crime, preventing the escalation of crime, and increasing the successful prosecution of crime that occurs in convenience stores within the city limits. To this end, this chapter establishes a registration program for convenience stores and provides requirements relating to surveillance camera systems, video recording and storage systems, alarm systems, drop safes, security signs, height markers, protection of inventory, store visibility, safety training programs, and prosecution statements and trespass affidavits.

(Ord. No. 19267, § 1, 12-7-2021)

5.18.020 Definitions.

As used in this chapter, the following words or terms shall have the meanings ascribed in this section, unless the context of their usage clearly indicates another meaning:

"Convenience goods" means basic food, beverage, household, and pharmaceutical items.

"Convenience store" means any business with extended hours and convenient location that is primarily engaged in the retail sale of convenience goods and gasoline, designed to accommodate a large volume of stop and go traffic. Convenience store does not include any business where there is no retail floor space accessible to the public even if gasoline is sold.

"Days" means calendar days.

"Drop safe" means a cash management device where money can be deposited without the depositor having access to contents.

"Employee" means any person, whether or not the person is designated as an employee, contract employee, agent or otherwise, who renders any service whatsoever to the customers of a convenience store, works in or about a convenience store or who conducts any business in a convenience store and who receives or has the expectation of receiving any compensation, monetary wages, commissions or profits from the convenience store. By way of example, rather than limitation, the term includes the owner, other management personnel, clerks, and cashiers. Employee does not include a person exclusively on the premises for the limited purpose of providing janitorial, repair or maintenance services for the premises or for the delivery of convenience goods by a vendor or distributor to the premises.

"Height marker" means a measuring strip that may be attached on or near a doorframe of a convenience store to aid in identifying the height of a person suspected of committing a crime.

"Manager" means the person designated by the owner to be responsible for the daily operation of a convenience store. Managers shall be designated in the registration application filed under this chapter.

"Owner" means the person or persons who hold title to or leases property for the purpose of operating a convenience store, including any lien holder or any other person with a financial interest in the store.

"Person" means any individual, corporation, organization, partnership, association, or any other legal entity.

"Registered agent" means the person identified by the owner of a convenience store in the registration filed pursuant to this chapter that is authorized to receive on behalf of the owner any legal process and/or notice required or provided for in this chapter.
(Ord. No. 19267, § 1, 12-7-2021)

5.18.030 Registration of convenience stores and fees.

A. No person shall operate or cause to be operated a convenience store without a valid certificate of registration issued by the El Paso Police Department. A separate certificate of registration is required for each physically separate convenience store located within city limits.

B. The owner shall pay to the city all established fees for the registration provided in accordance with this chapter.

C. To obtain a valid certificate of registration for a convenience store and a registration compliance decal, the owner of the store must apply on the form provided by the El Paso Police Department. The application must contain all of the following information:

1. The name, street address, mailing address, telephone number, and facsimile number of the convenience store. The use of a public or private post office box or similar address shall not be sufficient for the purposes of complying with this subsection.

2. The name, residential address, telephone number, and e-mail address of the owner of the convenience store. If the owner is a corporation, whether foreign or domestic, the name of the registered agent of the owner, business address, telephone number, facsimile number, and e-mail address of the registered agent. The address information shall include the street name and number, office or suite number if a business address, the city, state, and zip code. The use of a public or private post office box or similar address shall not be sufficient for the purposes of complying with this subsection.

3. The nature and extent of the owner's interest in the property. If there is more than one owner, lien holder or other persons with a financial interest in the convenience store, then the name, residential address, and telephone number of each such person as well as the nature and extent of such person's interest in the property. The use of a public or private post office box or similar address shall not be sufficient for the purposes of complying with this subsection.

4. The name, street address, mailing address, telephone number, facsimile number, and e-mail address of the current manager of the convenience store. The use of a public or private post office box or similar address shall not be sufficient for the purposes of complying with this subsection.

5. The name, address, telephone number, and e-mail address of a person or persons who can be contacted twenty-four hours a day, seven days a week, in the event of an emergency condition involving the convenience store.

6. Such additional information as the applicant desires to include or that the chief of police deems necessary to aid in the determination of whether the requested registration should be granted.

D. Any change in the ownership of a convenience store, including but not limited to the sale of the convenience store or any ownership interest therein, shall require the purchaser or transferee to obtain a new registration issued by the El Paso Police Department within thirty days of the effective date of ownership change.

1. The prior owner, lien holder, or any other person with a financial interest shall advise the El Paso Police Department, in writing, that he or she no longer holds any ownership interest in the property within ten days of the effective date of ownership change.

E. Any change in the manager or registered agent shall require the owner to update the information provided to the El Paso Police Department

on the registration application form within ten business days of the effective date of said change.

F. Any owner of a newly constructed or established convenience store shall comply with the provisions of this section not later than the thirtieth day following completion of construction or new opening of the convenience store, whichever occurs first.

G. A certificate of registration for a convenience store is not transferable.
(Ord. No. 19267, § 1, 12-7-2021)

5.18.040 Issuance, denial, and display of registration.

A. Upon the filing of a completed application for the registration of a convenience store, the El Paso Police Department shall issue the owner of the convenience store a certificate of registration along with a registration compliance decal.

B. If the chief of police, code director or his designee determines that the application for registration is incomplete or contains a false statement as to a material matter in the application, then the application shall be denied. If an application for registration of a convenience store is denied, then the chief of police or his designee shall deliver written notice to the owner or registered agent that the application is denied, including the reason for the denial and a statement informing the owner of the right of appeal.

C. The certificate of registration, if granted, shall state on its face the name and address of the convenience store, the name of the owner(s) or registered agent, the name of the manager, and the expiration date. The certificate of registration shall be posted in a conspicuous place accessible at all times to the public. The registration compliance decal must be continuously and conspicuously displayed above the main public entrance door to the convenience store and in a manner as to not obstruct the view into the store.

D. Any El Paso police officer, code enforcement officer, inspector or designated inspector of the city shall be authorized to make inspections of the establishment and issue citations or notice of violation to any person found to be in violation of this chapter.
(Ord. No. 19267, § 1, 12-7-2021)

5.18.050 Suspension and revocation of registration.

A. The chief of police, code director, or his designee shall issue a notice of suspension for a convenience store if he or his designee determines that:

1. The owner failed to comply with any provision of this chapter; or

2. The owner made a false statement as to a material fact in the application or in a hearing concerning the certificate of registration.

3. The chief of police, code director, or his designee may suspend a certificate of registration for up to sixty calendar days.

B. The chief of police, code director, inspector or his designee shall revoke a certificate of registration for a convenience store if he or his designee determines that:

1. The owner failed to comply with any provision of this chapter; or

2. The owner made a false statement as to a material fact in the application or in a hearing concerning the certificate of registration.

3. The city may revoke the certificate of registration when more than three violations have been documented during the term of the certificate.

C. Before issuing a suspension or revoking a certificate of registration, the chief of police, code director, inspector or his designee shall deliver written notice by personal delivery or certified mail to the owner or registered agent that the certificate of registration is being considered for suspension or revocation. The notice must include the reason for the proposed suspension or revocation, corrective action the owner must take to prevent the suspension or revocation, and a statement that the owner has twenty-one days after the date of delivery to comply with the notice.

1. If, after twenty-one days from the date the notice is delivered, the owner has not complied

with the notice, the chief of police, code director, inspector or his designee shall suspend or revoke the certificate of registration and deliver written notice of the suspension or revocation to the registered agent. The notice must include the reason for the suspension or revocation, the date the action was ordered, and a statement informing the owner of the right to appeal.
(Ord. No. 19267, § 1, 12-7-2021)

5.18.060 Expiration and renewal of registration.

A. A certificate of registration for a convenience store expires one year after the date of issuance.

B. A certificate of registration may be renewed by making application in accordance with this chapter. An owner shall apply for renewal at least thirty days before the expiration of the certificate of registration.
(Ord. No. 19267, § 1, 12-7-2021)

5.18.070 Appeal.

A. When the chief of police, code director, inspector or his designee issues a written notice of intent to deny, suspend, revoke, or deny renewal of a certificate of registration, the chief of police or his designee shall immediately send such notice to the owner or registered agent by personal delivery or certified mail. The notice shall be directed to the most current business address or other mailing address on file with the El Paso Police Department for the owner.

B. The owner or registered agent who has been served with a denial, suspension, or revocation notice may appeal the chief of police or his designee's action to the city manager or his designee within ten (10) days of receiving such notice. Said appeal shall also include a written rebuttal.

C. An administrative hearing shall be held no later than thirty days after an appeal is received by the city manager or his designee. All documents relevant to the certificate of registration shall be forwarded to the city manager or his designee. The city manager or his designee shall review all relevant documents, the appellant's appeal, and written rebuttal. The city manager or his designee may allow the appellant to make an oral argument, present evidence and witnesses, and submit additional rebuttal evidence.

D. The city manager or his designee shall issue a written decision to the parties within ten days of the hearing. If the decision is to deny, suspend, revoke, or not renew the certificate of registration, the decision shall become effective on the thirtieth day after it is rendered. If the decision is that no grounds exist for denial, revocation, denial of renewal, or denial of renewal, the city manager or his designee shall, contemporaneously with the issuance of the decision, order the chief of police to immediately issue a certificate of registration.
(Ord. No. 19267, § 1, 12-7-2021)

5.18.080 Enforcement, violations, and penalties.

A. The chief of police, code director, inspector or their designee shall implement and enforce this chapter. The chief of police may by written order establish such rules, regulations or procedures, not inconsistent with this chapter, as he determines are necessary to discharge any duty under or to affect the policy of this chapter.

B. It shall be unlawful for any person to operate or cause to be operated a convenience store without a valid certificate of registration as required by this chapter. A person who violates any provision of this chapter, or who fails to perform an act required of the person by this chapter, shall be guilty of a Class C misdemeanor. A person commits a separate offense each day or portion of a day during which a violation is committed, permitted, or continued.

C. An offense under this chapter is punishable by a fine of no more than five hundred dollars.

D. The penalties provided above are in addition to any other enforcement remedies that the City of El Paso may have under city ordinance or state law.
(Ord. No. 19267, § 1, 12-7-2021)

5.18.090 Requirements for convenience stores.

A. Surveillance Camera Systems, Recordings, and Storage. The owner shall provide, maintain, and operate at least four color digital high-resolution surveillance cameras with a minimum resolution of two mega pixels, a minimum aspect ratio of one thousand nine hundred twenty horizontal pixels by one thousand eighty vertical pixels, and a minimum frame rate of fifteen frames per second. A fifth camera is required if the store is equipped with an additional entrance and exit. The owner shall also provide one or more digital video recording devices (NVR/DVR) in a secure location in the convenience store in compliance with this subsection.

1. The position of the first camera must have an overall view of the counter/register area and the other camera a view of the main entrance and exit area. The position of the second camera at the entrance and exit area must be done in a way to provide a clear and identifiable full frame view of the face of each individual filmed entering or exiting the main public entrance or exit of the store. The third camera should capture the exterior front of the business, to include parking lot area. The fourth camera should cover the sales floor leading to the beer coolers.

2. Each camera shall accurately display the date and time of the recording. Owner should review accuracy of the date and time on a regular basis or upon a system change.

3. The coverage areas of both cameras must remain unobstructed by any display, sign, or other items at all times.

4. Each camera must be operating and capable of recording at all times, including hours when the store is not open for business. Each camera must be operated in a fixed position and not in a panning motion.

5. A sign both in English and Spanish stating "STORE IS UNDER CAMERA SURVEILLANCE," in letters at least two inches high must be posted at each public entrance and exit of the convenience store and must be readable from inside and outside the store.

6. The video recording devices must be designed, equipped, and operated at a minimum to digitally record images and video from the surveillance cameras every time motion occurs in the convenience store, whether or not the store is open for business.

7. The owner or manager shall have the capability to provide the El Paso Police Department's initial responding patrol officer with digital color images and video recordings in connection with any crime investigation at or near the convenience store within fifteen minutes of the officer's dispatched arrival and within forty-eight hours if requested by a detective.

8. All digital color images and video recordings must be stored and maintained for at least thirty days.

B. Property Inspections. An owner or manager shall permit, at reasonable times upon request, representatives of the El Paso Police Department to inspect the interior and exterior of the convenience store, including but not limited to surveillance camera systems, for the purpose of ensuring compliance with this chapter.

1. An owner or manager commits an offense if, either personally or through an agent or employee, the owner or manager refuses to permit a lawful inspection of the convenience store as required by this section.

C. Alarm System. An owner shall provide, maintain, and operate an alarm system in the convenience store in compliance with Chapter 5.13 Security alarm systems of the El Paso City Code and with this section. This system shall, at a minimum, include a panic button located within reach of the cash register and out of view of the customer. Such panic button will generate an alarm signal indicating a hold-up or other life-threatening emergency requiring an emergency response. A convenience store shall have posted at all public entrances and exits signs or decals both in English and Spanish indicating that a security alarm system is in use.

D. Drop Safes. An owner shall provide and maintain a drop safe on the premises of the con-

venience store to keep the amount of cash available to employees to a minimum. A drop safe must be bolted to the floor of the convenience store. A convenience store shall have posted at all public entrances and exits signs or decals in English and Spanish indicating that employees cannot open the safe and that employees have minimum cash on hand.

E. Security Signs. An owner shall provide, post, and maintain security signs in the convenience store. Signs stating in both English and Spanish, "NO SOLICITATION" and "NO TRESPASSING," in letters at least two inches high must be posted at each public entrance and exit of the convenience store. The signs may contain additional language as required by law and must be in a format approved by the chief of police.

F. Height Markers. Convenience stores shall install two height markers at the entry and exit doors of the business to aid in the estimation of an individual's height. These markers will be multicolored to designate different heights. The markers must be visible and not obstructed by any display or other such covering.

G. Protection of Inventory. An owner, manager, or employee of a convenience store shall secure, lock, block, or otherwise mark off goods and inventory not available for sale in such a manner that customers cannot access such items while the store is open for business. When it is not logistically possible to secure and lock the goods or inventory, the owner or operator of a convenience store will block, cover, or mark off goods and inventory not available for sale in such a manner that customers cannot purchase such items while the store is open for business.

H. Store Visibility. The owner or manager shall provide for and maintain an unobstructed line of sight allowing a clear view of and from the cash register and sales transaction area through all windows and public access doors. Such windows and doors must be clear of all items that would obstruct a clear view, including but not limited to tinting, signage, advertisements, shelving, and merchandise.

I. Employee Safety Training and Telephone Access. An owner shall ensure that safety training is provided for and completed by employees of the convenience store. Each employee of a convenience store shall annually complete a safety-training program approved by the chief of police or his designee. The safety training program must include, but is not limited to, the following subjects: (1) Texas Penal Code in reference to theft and robbery chapters, (2) basic safety awareness tactics, (3) mental preparation when dealing with a theft, (4) operation of security devices, (5) knowledge of this chapter and how it pertains to their duties as a store employee, and (6) knowledge of store policies and training requirements.

1. Each employee shall annually complete the online safety-training program and test provided by the El Paso Police Department. New employees shall complete the training and test within ten days after beginning employment with the convenience store.

2. Each employee shall sign a statement indicating the date, time, and place of completion of the safety training program. Copies of each employee's statements must be maintained on file in the convenience store for as long as the employee is employed by the convenience store. The statements must be made available to the chief of police or any other peace officer immediately upon request.

3. Telephone access must be provided at each convenience store for use by employees.

J. Trespass Affidavits and Prosecution Statement. An owner of a convenience store shall execute a trespass affidavit, and statement of prosecution on a form provided by the El Paso Police Department, that authorizes the El Paso Police Department to enforce, on behalf of the owner, all applicable trespass laws on the premises of the convenience store. A true and correct copy of the trespass affidavit must be posted at the convenience store in a manner and location so that it is clearly visible to the public at all times.
(Ord. No. 19267, § 1, 12-7-2021)

5.18.110 Severability.

This ordinance and each section and provision of said ordinance hereunder, are hereby declared to be independent divisions and subdivisions and, not withstanding any other evidence of legislative intent, it is hereby declared to be the controlling legislative intent that if any provisions of said ordinance, or the application thereof to any person or circumstance is held to be invalid, the remaining sections or provisions and the application of such sections and provisions to any person or circumstances other than those to which it is held invalid, shall not be affected thereby, and it is hereby declared that such sections and provisions would have been passed independently of such section or provision so known to be invalid. Should any procedural aspect of this ordinance be invalidated, such invalidation shall not affect the enforceability of the substantive aspects of this ordinance.

Article I. General Provisions

6.04.010 Purpose.

The City of El Paso sets forth transportation-for-hire industry regulations to accomplish the following:

A. Protection of public welfare;

B. Availability of multiple public transportation options from which consumers may select; and

C. Facilitation of free enterprise and competition within the transportation-for-hire industry.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.020 Administration.

The chief of police, or designee(s), may establish rules and forms to administer and enforce this chapter. Unless otherwise stated in this chapter, the terms chief of police, airport director, and animal control officer or veterinarian employed by or contracted with the city shall include the specified position and/or designee(s).
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.030 Exclusions; applicability.

A. This chapter does not apply to:

1. Government-owned and/or operated vehicles;

2. Courtesy vehicles;

3. Carpool or vanpool arrangement or service;

4. The transportation of a person by a transportation-for-hire vehicle licensed by another governmental entity from a point outside the city to a destination inside the city, if the transportation-for-hire vehicle leaves the city without receiving a passenger inside the city;

5. A motor vehicle used to transport persons for hire that is regulated by another title of this Code, such as private ambulances regulated under Title 9; or

6. A bus or shuttle vehicle that is:

a. Operated for a funeral home in the performance of funeral services;

b. Provided by an employer or employee association for use in transporting employees between the employees' homes and the employer's place of business or between workstations, with the employees reimbursing the employer or employee association in an amount calculated only to offset the reasonable expenses of operating the vehicle;

c. Owned and operated by the federal or state government, by a political subdivision of the state, or by a person under contract with the city for operation of the vehicle;

d. Used to transport children to or from school if only a fee calculated to reasonably cover expenses is charged;

e. Operated under state or federal authority; or

f. Owned by a nonprofit organization and carrying only passengers associated with that organization, if no compensation is received from any other person for carrying the passengers.

B. Any person currently performing transportation-for-hire services who does not hold a permit or license to operate the same or similar services issued under a previous El Paso Municipal Code ordinance or chapter, and who does not meet an exception to regulation under this chapter, is subject to the regulations, requirements, prohibitions, and/or conditions and shall be in full compliance with this chapter no later than one hundred eighty days after the chapter is in full force and effect.

C. Any person currently performing transportation-for-hire services who holds a valid permit or license issued under a previous El Paso Municipal Code ordinance or chapter, and who does not meet an exception to regulation under this chapter, shall be deemed compliant with the portions of this chapter requiring a permit until such time as any permit or license previously issued becomes expired.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

Y. "Shuttle vehicle" means a motor vehicle that has a manufacturer's rated seating capacity of not less than seven passengers and not more than fifteen passengers.

Z. "Sightseeing tour vehicle" means a vehicle operated as a transportation-for-hire service that transports passengers, and makes interim stops at one or more locations deemed to be tourist attractions, historical sites or other points of interest, with such trips originating inside or outside the city to any point within the city when such trips conclude and discharge passengers at the same location at which passengers were picked up. This definition does not include any such vehicles regulated by federal regulation providing like services.

AA. "Transportation-for-hire by appointment" means transportation-for-hire service arranged and provided by pre-scheduling of services through communication by phone, e-mail, website or other means.

BB. "Transportation-for-hire service" means the business of offering or providing transportation of persons for compensation.

CC. "Transportation-for-hire vehicle" means any vehicle, motor vehicle, shuttle, limousine or alternative vehicle, including alternative transportation-for-hire vehicles, used to offer or provide transportation-for-hire services.

DD. "Vehicle" means a device in or by which a person or property is or may be transported or drawn on a public highway (including a road, street, bridge or thoroughfare), other than a device used exclusively on stationary rails or tracks. Sightseeing tour vehicles, pedi-cabs, horse-drawn carriages, NEVs and LSVs are vehicles for purposes of this chapter.

EE. "Wheelchair accessible vehicle" means a vehicle designed or modified to transport passengers in wheelchairs or other mobility devices and conforming to the requirements of the Americans with Disabilities Act (ADA).

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.050 General authority and duty of the appropriate enforcement authority.

A. The chief of police shall implement and enforce this chapter, except where otherwise noted, and may by written order establish such rules or regulations, not inconsistent with this chapter or state or federal law, as he determines are necessary to discharge his duty under, or to affect the policy of, this chapter.

B. Operations at the El Paso International Airport are subject to the regulations outlined in Title 14 of this Code. The chief of police or the airport director, or designee(s), shall have the authority to enforce violations of this title occurring at the El Paso International Airport.

C. Animal control officers and/or veterinarians employed by or contracted with the city or designees may carry out and/or enforce the provisions in Section 6.04.400.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.060 Enforcement.

A. The appropriate enforcement authority may inspect a transportation-for-hire service, vehicle or driver to determine whether the service complies with this chapter, or other applicable law.

B. For any violation of this chapter, the appropriate enforcement authority may issue a citation. As provided in Chapter 1.08 of this Code, it is a misdemeanor offense for any person, firm, corporation, partner, officer or other entity representative, manager, operator or agent to violate, by act or omission, any provision, requirement or prohibition set forth in this chapter.

C. Nothing in this title shall prevent the issuance of a warrant of arrest on the same charge, and trial and conviction thereon as in other cases.

D. Every holder of an operating authority permit shall ensure that its employees, agents and independent contractors are in compliance with provisions of this chapter. It is a violation for an operating authority permit holder to allow an employee, agent or independent contractor to perform services under this chapter when such employee, agent or independent contractor is operating in violation of this chapter.

E. An operating authority whose employee, agent or independent contractor violates a provision of this chapter concurrently violates the same provision and is subject to the same penalty as the employee, agent, or independent contractor.

F. Prosecution for any violation of this chapter does not prevent the use of other enforcement remedies or procedures applicable to the person charged with the conduct involved in the offense.

G. Further, if any provision of this title be held insufficient as the basis of criminal prosecution, the same shall nevertheless be a ground for revocation or suspension of any license or permit issued under this title.

H. A culpable mental state is not required for the commission of an offense under this chapter, unless the provision defining the conduct expressly requires a culpable mental state.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.070 Operating authority permit—Required.

A. A person may not operate a transportation-for-hire service inside the city without an operating authority permit granted under this chapter.

B. A person may not transport a passenger for hire inside the city unless the person driving the transportation-for-hire vehicle, or another who employs or contracts with the driver, has been granted operating authority under this chapter.

C. It is required for each person to be granted an operating authority permit for each transportation-for-hire service. Each transportation-for-hire service may deploy or operate the types of transportation-for-hire vehicles that are listed on the operating authority permit application.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.080 Operating authority permit—Term.

An operating authority permit expires one year from the date it is issued.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.090 Operating authority permit—Application.

A. To obtain an operating authority permit, a person shall make application in the manner prescribed by this section. The applicant must be the person who will own, control, operate and/or manage the proposed transportation-for-hire company. An applicant shall file with the city a verified

application statement and pay the established annual fee. Such application shall be investigated by the chief of police to determine if the applicant meets the qualifications for issuance of a permit. The application shall contain the following:

1. The form of business of the applicant and, if the business is a corporation or association, a copy of the documents establishing the business and the name and mailing address of each person with a twenty percent or greater ownership interest in the business;

2. The verified signature of the applicant;

3. The address of the fixed facilities to be used in the operation, if any, and the address of the applicant's corporate headquarters, along with the name of the person maintained in the State of Texas for notifications, correspondence and service of process;

4. The name of the person designated by the applicant to receive on behalf of the operating authority any future notices sent by the city to the operating authority or service of process, and that person's contact information, including a mailing address, telephone number, and email or other electronic address;

5. When establishing a taxicab company, the applicant must provide a description of the proposed insignia and color scheme for the applicant's taxicab;

6. Documentary evidence that the operating authority and/or its employees or independent contractors who provide transportation-for-hire services are in full compliance with insurance requirements as set forth by the State of Texas. An operating authority shall ensure that employees and/or independent contractors are provided written information about the insurance coverage and liability limits of the insurance provided by the operating authority as well as the potential coverage limitations or exclusions of a driver's personal automobile liability insurance policy when that vehicle is in use in connection with providing transportation services. The insured provisions of the policy must name the city, its officers and employees as additional insureds, and the coverage provisions must provide coverage for any loss or damage that may arise to any person or property by reason of the operation of a transportation-for-hire vehicle when driven by any authorized driver. Notice to the city shall be made within ten calendar days if the policy is cancelled or materially changed; and

7. A statement that the applicant is legally authorized to conduct such business in the United States.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.100 Operating authority permit—Qualifications.

A. A permit may not be issued if the applicant:

1. Reserved.

2. Operates a place of business that is not in compliance with applicable state laws or local ordinances; or

3. Has performed an act constituting fraud, misrepresentation, or false statement of facts of material consequence in the application; or

4. Does not meet the requirements set forth on the permit application; or

5. Is not legally authorized to work in the United States; or

6. Has any outstanding warrant of arrest; or

7. Is registered in the National Sex Offender Registry database; or

8. Has received two or more convictions for violations, and/or findings of liability, under this chapter or Chapter 14.16 of this Code within the thirty-six-month period preceding the date of application; or

9. Has not paid the established fee; or

10. Is not current in payment of ad valorem taxes or other taxes, as applicable and required.

B. Any changes to the information provided in the operating authority permit application must be reported to the chief of police, in the manner prescribed by the chief of police, within ten business days of the change.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.110 Drivers—Qualifications.

A. Operating authorities shall obtain a comprehensive national criminal background check on all drivers or operators employed by or contracted with the operating authority. Such background checks shall be conducted through a background check company that is accredited through the National Association of Professional Background Screeners, is Fair Credit Reporting Act compliant, and is acceptable to the city, or through the Texas Department of Public Safety. Such background checks shall include a multi-state/multi-jurisdiction criminal records locator or other similar commercial nationwide database with validation (primary source search); the National Sex Offender Registry database; and a driving history report(s) from all states in which the driver or operator has held a driver's license. The required background check shall be conducted annually on each driver and/or operator.

B. The holders of an operating permit shall submit a list of all drivers employed or under contract with the company to the chief of police every month.

C. An operating authority may not employ or contract with a person as a driver who:

1. Has performed an act constituting fraud, misrepresentation, or false statement of facts of material consequence in the application; or

2. Is not at least eighteen years of age; or

3. Does not hold a valid driver's license that meets the requirements of V.T.C.A., Transportation Code, Chapter 521; or

4. Does not possess proof of current and valid Texas registration for the motor vehicle(s) to be used to provide services, or, for vehicles registered outside the State of Texas, does not hold a current and valid Texas Vehicle Inspection Report indicating the vehicle has passed a safety and emission inspection; or

5. Does not possess proof of automobile liability insurance for the motor vehicle(s) or other mode(s) of transportation to be used to provide services; or

6. Is not legally authorized to work in the United States; or

7. Is afflicted with a physical or mental disease or disability that is likely to prevent the applicant from exercising ordinary and reasonable control over a motor vehicle or alternative transportation-for-hire vehicle, or that is likely to otherwise endanger the public health or safety; or

8. Has been convicted, within the past seven years, of driving under the influence of drugs or alcohol, fraud, sexual offenses, use of a motor vehicle to commit a felony, a crime involving property damage, and/or class B misdemeanor or higher; or

9. Has been convicted of more than three moving violations arising out of separate incidents in the prior three-year period, or has been involved in more than one automobile accident in which it could be reasonably determined that the applicant was at fault within any twelve-month period during the twenty-four months preceding the date of application; or

10. Has had a driver's license issued by any state suspended during the five years preceding the date of application; or

11. Has had a driver's license issued by any state revoked or canceled; or

12. Has an outstanding warrant of arrest; or

13. Is a match in the National Sex Offender Registry database; or

14. Has been convicted two or more times of violations and/or findings of liability under this chapter or Chapter 14.16 of this Code within the thirty-six-month period preceding the date of application; or

15. Is not current in payment of ad valorem taxes or other taxes, as applicable and required.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.120 Operating authority permit—Fees.

No operating authority permit shall be issued or in effect unless the established annual fee has been paid. Such fee is adopted on Schedule C through the city's annual budget process.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.130 Operating authority permit—Denial; suspension; revocation.

The chief of police may deny an operating authority permit, whether an initial issuance of a permit or a renewal, if the chief of police determines that the operating authority permit applicant failed to perform the required acts in the chapter or failed to meet the qualifications set out in this chapter.

The chief of police shall have the authority to suspend or revoke an operating authority permit under the grounds set forth in this chapter.

A. The chief of police may suspend an operating authority permit if the permit holder:

1. Employs or contracts with a driver not qualified pursuant to the provisions of this chapter; or

2. Allows operation of a vehicle in the course of business that is not qualified pursuant to this chapter.

B. The chief of police may revoke an operating authority permit if the operating authority permit holder:

1. Made a false statement of material fact in the application for an operating authority permit; or

2. Submitted false or fraudulent documents during the application process; or

3. Failed to maintain appropriate insurance policies; or

4. No longer meets all qualifications for issuance of an operating authority permit; or

5. Engaged in conduct reasonably determined to be detrimental to public safety.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.140 Operating authority permit and taxicab zone permit denial, suspension, revocation—Appeal.

A. The chief of police shall notify an applicant for an operating authority permit or a taxicab zone permit of a denial, suspension or revocation of a permit. Such notice shall be made in writing via certified U.S. mail. The notification shall include a statement as to the reason(s) for denial, suspension or revocation and the option and process for appeal, including a notice provision in forming the applicant of his or her right to appeal the decision of the chief of police by submitting a written notice requesting an administrative hearing before a municipal associate judge. The applicant, referred to as the respondent for purposes of the appeal, will submit the written statement to the chief of police not later than the fifteenth city business day after the date of the written notice of denial, suspension or revocation of a permit. The respondent's written statement requesting the appeal shall clearly state why the respondent contends that there is not a valid basis for the denial, suspension or revocation of a permit.

B. During the pendency of an appeal for a denial, suspension or revocation of an operating authority permit or taxicab zone permit, the action by the chief of police shall remain in effect. However, if the denial is for the respondent's renewal application for an operating authority permit, and such denial is not for a reason that could result in the suspension or revocation of that permit pursuant to Section 6.04.130, the existing permit will remain valid and in effect during the pendency of the appeal and until such time as the decision of the municipal associate judge becomes final.

C. If the respondent submits a written statement appealing the denial, suspension or revocation of a permit, the chief of police will immediately contact the city attorney's office in order to coordinate the retention of a municipal associate judge and to schedule a hearing. The notice of the hearing will specify a hearing date, not less than fifteen city business days nor more than thirty city business days after the date the applicant or permit holder files the written notice requesting an administrative hearing. The municipal associate judge will conduct a hearing on the denial, suspension or revocation of the permit. The hearing may be continued to a sooner or later date by agreement of the parties, and with the municipal asso-

ciate judge's approval, or upon the finding of good cause by the municipal associate judge for the granting of an earlier or later hearing date.

D. At the hearing, the respondent will have the opportunity to present all of the respondent's arguments and to be represented by counsel at respondent's expense, present evidence and witnesses on his or her behalf, and cross-examine any of the witnesses for the chief of police. The chief of police, who may also be represented by counsel, bears the burden of proving the grounds for denying, suspending or revoking the permit by a preponderance of the evidence. The hearing will take no longer than one business day, unless extended by agreement of the parties or at the request of either party, and with approval of the municipal associate judge, to meet the requirements of due process and the proper administration of justice.

E. The municipal associate judge will issue a written decision, including findings of fact and conclusions of law, to the respondent within five city business days from the completion of the hearing. The municipal associate judge's decision is final.

F. If the decision is to affirm denial, suspension or revocation of a permit, the effective date of the denial, suspension or revocation remains the date of the action by the chief of police. If the municipal associate judge's decision finds that no grounds exist for the denial of a permit, the municipal associate judge will, contemporaneously with the issuance of the decision, order the chief of police to immediately withdraw the denial of the permit and notify the respondent in writing by certified mail of such action. If the respondent is not yet permitted, the license official will contemporaneously therewith issue the permit to the applicant. If the municipal associate judge's decision finds that no grounds exist for suspension or revocation of a permit, the municipal associate judge will, contemporaneously with the issuance of the decision, order the chief of police to immediately withdraw the suspension or revocation of the permit and notify the respondent in writing by certified U.S. mail of such action.

G. If a person whose operating authority permit or taxicab zone permit is suspended or revoked and the person opts to not appeal, or the suspension or revocation is affirmed by the municipal associate judge, the person is not eligible to apply for a subsequent permit for a period of three years from the date of suspension or revocation. Such application shall be considered a new application and shall be processed accordingly.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019; Ord. No. 019642, § 1, 6-11-2024)

6.04.150 Records and information—Required.

A. An operating authority shall maintain the following:

1. Records of each trip including the identities of the driver and passenger. Such records shall be retained for one year from the date of each trip.

2. Records of drivers, whether employees or independent contractors, for at least one year after the driver's employment was terminated for any reason or the driver's independent contractor relationship terminated. Such records shall include documented proof that each driver meets the qualifications set forth in this chapter.

B. Requests for information shall be handled as follows:

1. Any law enforcement officer investigating a criminal case may request information on drivers and/or vehicles from an operating authority in situations where a person is in danger of bodily injury, serious bodily injury and/or death. The operating authority shall respond immediately and such response shall include all information relevant to the investigation.

2. Upon receipt of a duly issued subpoena, court order or warrant relating to the investigation of a criminal matter, the operating authority shall furnish the requested records to the appropriate person named in the subpoena, court order or warrant within the time frame specified.

3. In the event a specific and credible complaint is received against a driver, the city shall be provided access to records necessary to investigate

and/or resolve the complaint. Such access shall be provided in the City of El Paso. Identities of specific drivers or passengers may be redacted unless such identification of a driver or rider is directly related to the complaint.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.160 Audit.

To allow the City of El Paso to verify compliance with this chapter, an operating authority shall allow the city to inspect a randomly selected sample of records required by this chapter. Both parties shall mutually agree on the method or manner used to select the sample. Audits shall be conducted in the city and shall occur no more frequently than once per calendar year. An operating authority may redact information that may identify specific drivers and/or passengers.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.170 Permit—Display.

A holder of an operating authority permit shall allow the appropriate enforcement authority or designee to examine the permit upon request.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.180 Two-way mode of communication; required.

All drivers shall have an operable means of two-way communication readily available when engaged in providing transportation-for-hire services.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.190 Carrying passengers by most direct route.

A driver shall carry a passenger to his destination by the most direct and expeditious route available unless otherwise directed by the passenger.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.200 Solicitation; street hails—Prohibited.

A. A driver may not solicit passengers:

1. By word, sound or gesture while driving a transportation-for-hire vehicle on any public street, or while the same is parked on such street, or while the person so soliciting is on any such street or sidewalk; or

2. By paying an employee of another business to solicit passengers or to give preferential treatment in directing passengers to the driver's transportation-for-hire vehicle.

B. A person may not hail a taxicab. Requests for taxicab transportation shall be made through a digital network or dispatch center.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.210 Conduct of drivers.

While on duty the driver shall:

1. Conduct himself in a reasonable, prudent and courteous manner;

2. Not consume alcoholic beverages, controlled substances, or other substances, which could adversely affect his ability to drive a motor vehicle;

3. Not interfere with the chief of police in the performance of the chief's transportation for hire enforcement duties; and

4. Comply with all lawful orders of the chief of police issued in the performance of the chiefs transportation for hire enforcement duties.

5. Maintain a well-groomed, professional appearance. All clothing must be clean and free of rips or tears.
(Ord. No. 18894, § 1, 1-8-2019)

6.04.220 Accessibility; non-discrimination.

A. An operating authority shall adopt policies regarding non-discrimination and accessibility.

B. An operating authority shall provide this policy along with procedures to report complaints on the company website of the operating authority.

C. Upon any passenger or potential passenger requesting a wheelchair accessible vehicle, or vehicle capable of accommodating other mobility assistance devices/equipment, an operating authority, employee and/or independent contractor shall provide an appropriate vehicle or refer the requesting passenger to an alternate company that is capable of accommodating the request. Such re-

ferrals shall be made in a way that does not unreasonably delay the provision of service to the requesting passenger(s).

D. Upon any passenger or potential passenger requesting an accommodation for a service animal, an operating authority, employee and/or independent contractor shall reasonably accommodate such service animal. If a service animal cannot be reasonably accommodated, an operating authority, employee and/or independent contractor shall provide an appropriate vehicle capable of accommodating the request or refer the requesting passenger to an alternate company that is capable of accommodating the request. Such referrals shall be made in a way that does not unreasonably delay the provision of service to the requesting passenger(s).

E. Higher fares or additional fees shall not be charged to passengers who require a wheelchair or other mobility assistance device/equipment or service animal accommodation.

F. No operating authority or driver shall discriminate on the basis of race, color, national origin, religious belief or affiliation, sex, disability, age, sexual orientation, or gender identity with respect to passengers and potential passengers.

G. No operating authority or driver shall discriminate based on passenger or potential passenger pick up or drop off location in relation to subsection D other than for reasons of geographic distance or route limitations imposed by this chapter.

H. It is a violation for an operating authority to fail to perform the requirements in subsections A and B.

I. It is a violation for operating authorities and/or employees and/or independent contractors to fail to perform the requirements of subsections C and D.

J. It is a violation for an operating authority, an employee and/or an independent contractor to perform an act in violation of the acts prohibited in subsections E—G.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.230 Zero tolerance for alcohol or drug abuse.

A. An operating authority shall implement a zero tolerance policy regarding the use of any drug or alcohol by a transportation-for-hire driver while providing transportation services. This policy along with procedures to report complaints shall be clearly provided on the company website of the operating authority. If the operating authority does not have a website, the same information shall be made readily available to passengers by the transportation-for hire driver.

B. Upon receipt of a complaint alleging a violation of such policy, the operating authority shall suspend the employee or independent contractor and shall conduct an investigation. If the investigation results in findings that the employee or independent contractor violated the policy, the operating authority shall immediately and permanently remove the employee from providing transportation services.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.240 Permit required; validity of permit; offense.

A person commits an offense if he:

A. Operates a transportation-for-hire company with an expired, revoked or suspended operating authority permit;

B. Operates a transportation-for-hire company without an operating authority permit;

C. Forges, alters, or counterfeits, or causes to be forged, altered, or counterfeited, an operating authority permit required by this chapter; or

D. Possesses or uses a forged, altered, or counterfeited operating authority permit required by this chapter.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

Article II. Taxicabs

6.04.250 Established taxicab zones—Permit required.

A. Taxicab zones at locations other than the airport:

1. Taxicab zones are designated by the city pursuant to Title 12 of this Code.

2. Only taxicabs may use the taxicab zones.

3. Only upon approval of the application and payment of the established non-refundable fee shall a taxicab zone permit be issued.

4. Taxicab zone permits expire one year from the date issued.

5. Drivers shall not interfere with the orderly progression of taxicabs from the rear to the front of the taxicab zone.

6. Drivers shall not enter a taxicab zone unless there is a vacant space.

7. Drivers shall not interfere with a taxicab entering a taxicab zone in which there is a vacant space.

8. Drivers shall not leave the immediate vicinity of the taxicab zone when parked except to provide reasonable assistance to a passenger upon being engaged to transport that passenger.

9. Drivers shall not occupy a space in a taxicab zone unless the taxicab is available for hire.

10. Drivers shall not perform maintenance or repairs to a vehicle while occupying a space within a taxicab zone.

B. The chief of police may deny renewal, suspend or revoke a taxicab zone permit issued for locations other than the airport if a driver has received two or more citations for violations of subsection A in a twelve-month period. Drivers may appeal such actions in accordance with Section 6.04.140.

C. Taxicab zone at the El Paso International Airport:

1. Unless specifically exempted under this chapter, a person shall not operate a transportation-for-hire service at the airport for the transport of persons between the airport and locations within or outside the city without a permit granted under this section.

2. A person shall not advertise, nor cause to be advertised, the operation of a transportation-for-hire service at the airport without having a valid permit granted under this section to provide such service when the advertisement is reasonably calculated to be seen by persons seeking transportation-for-hire services at the airport.

3. A person shall not operate a transportation-for-hire vehicle at the airport without a valid permit issued under this section.

4. Only upon approval of the application and payment of the established non-refundable fee shall a taxicab zone permit be issued.

5. Operation of a transportation-for-hire service and operation of a transportation-for-hire vehicle at the airport are subject to additional regulations as set forth in Chapter 14.16.

6. Taxicab zone permits expire one year from the date issued.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.260 Taximeters required—Specifications.

If an operating authority elects to operate as a traditional taxicab with no digital network or fare calculator, vehicles shall be equipped with taximeters and the following regulations apply:

A. The taximeter shall accurately show:

1. The legal fare for each trip;

2. The minimum fare;

3. When the distance allowed for such minimum fare shall have been traveled; and

4. The total fare as the same increases with each additional fraction of a mile. If any charge is incurred for waiting time, such charge shall be included in the total shown.

B. The taximeter shall be installed and operated per manufacturer's instructions.

C. The taximeter shall be deemed to show accurately the distance traveled if the error, either above or below the correct distance, is not more than one hundred feet to the mile.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.270 Taximeter—Inspections.

After installation, the taximeter shall at all reasonable times be subject to inspection by the chief of police in accordance with the standards set forth in this chapter, and if the taximeter does not comply with the requirements of this chapter, the taxicab shall be taken out of service until the taximeter is properly adjusted, repaired or replaced.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.280 Taximeter—Operation.

A. The taximeter shall be so installed, and when necessary, lighted as to be plainly visible to all passengers. The meter shall be placed in the earning position when the taxicab is in use by a passenger or passengers, but shall not be so placed at any other time so as to charge any passenger with waiting time or mileage for which he should not be charged.

B. The taximeter shall be deemed to be in use by the passenger from the time he enters the same, or, if the taxicab is responding to a call, from the time the taxicab arrives at the place where the passenger is to be picked up and he is notified of such arrival; and ends when the passenger leaves the taxicab, unless he requests the driver to wait.

C. The taximeter shall be operated in the earning position whenever the taxicab is being operated with any person other than the driver in the cab, except when flat rates as provided in this chapter are in effect.

D. It is a violation to activate a taximeter, or to fail to activate a taximeter, as required by this chapter.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.290 Rates schedules—Regulations.

All transportation-for-hire vehicles operating with a taximeter and/or through a dispatch center may charge minimum fares as follows:

A. A minimum trip fee of five dollars for any trip less than one mile in distance that does not originate at the airport; and

B. A minimum trip fee of ten dollars for trips originating at the airport, or the rate on the taximeter, whichever is higher.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.300 Fare rates displayed.

All taxicab vehicles shall have a card displayed with a color, font and size that is clearly legible from a distance of three feet outside the vehicle, and from the rearmost seat of the vehicle, which shall include the following:

A. A schedule listing fare costs;

B. The operating authority's contact information;

C. A statement that wheelchair accessible vehicles are available upon request, or contact information for a provider of wheelchair-accessible services; and

D. Information on how to report complaints to the operating authority and the city.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.310 Receipts—Required.

An operating authority shall provide the payer of a fare with a legible receipt at the time of payment. Such receipt shall be in hard copy form, or in electronic format that can be sent to the passenger electronically by e-mail address or text message. The receipt must contain the following information:

A. The fare rate;

B. The total fare;

C. The trip distance (if fare based in whole or in part on distance);

D. The duration of the trip in minutes (if fare based in whole or in part on time);

E. The name of the operating authority under which the driver was operating at the time of the ride; and

F. The driver's first name or vehicle number.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.320 Vehicle identification—Requirements.

All taxicabs shall have the vehicle number, company name and telephone number of the taxicab service painted or permanently affixed on both sides of the vehicle. Magnetic signs are not allowed. Letters and numbers used shall be color contrasted against the vehicle and be of sufficient size and font to be easily visible at a distance of at least thirty feet.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.330 Vehicle requirements and inspections.

A. The vehicle shall be kept in a clean condition internally and externally, free of foreign matter (such as trash, debris, and clutter), and free of offensive odors while in service. No taxicab shall be equipped with shades, curtains or any other vision-obstructing devices.

B. There shall be no litter in the vehicle or trunk, on floor mats, and the upholstery. Floor mats shall be kept clean and without holes or large wear spots.

C. The vehicle shall be free from damaged fenders and body, defective paint and other conditions making taxicabs unsightly.

D. Vehicles must be kept in the manner required by Texas Transportation Code Section 547.
(Ord. No. 18894, § 1, 1-8-2019)

6.04.340 Vehicle color scheme and distinctive markings.

A. A holder of an operating permit shall develop a design of a color scheme and/or distinctive markings for taxicabs operating under its authority. The operating permit holder shall submit the design to the chief of police for approval to ensure that the design is not likely to cause confusion with other taxicabs operated by a different taxicab service. The color scheme design and/or distinctive markings must be reasonably suited for taxicab use in accordance with generally prevalent practices of the taxicab business.

B. After a design is approved by the chief of police, the holder shall submit to the chief of police a color photograph of a completely equipped taxicab using the approved design.

C. The holder shall use only the approved design, as depicted in the submitted photograph, for taxicabs operating under its permit, unless written approval of a change is obtained from the chief of police.
(Ord. No. 18894, § 1, 1-8-2019)

Article III. Alternative Transportation-for-Hire Vehicles

6.04.350 Alternative transportation-for-hire vehicles—Applicable regulations.

Alternative transportation-for-hire vehicles may only offer services in accordance with a preapproved route, with fixed pickup and destination points, that must be current and kept on file with the city. Such routes shall be submitted with each application submitted for an operating authority permit.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.360 Pedi-cabs—Safety equipment and specifications.

A. In addition to any state law requirements, an operating authority shall ensure each pedi-cab is equipped and operates as follows:

1. At least one white headlight visible from a distance of at least five hundred feet;

2. Two red taillights visible from a distance of at least five hundred feet;

3. A reliable braking system;

4. Sufficient rubber and treading on all wheels;

5. A slow-moving vehicle sign attached to the rear of the vehicle;

6. A red reflector on the rear of the pedi-cab;

7. The distance between each pedi-cab wheel must remain constant while turning; and

8. Floorboards must have non-skid contact surfaces without holes.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.370 Pedi-cab operation—Restrictions.

In addition to complying with all applicable traffic laws, a pedi-cab driver may not:

A. Operate a pedi-cab on any street, highway or parkway where the posted speed limit exceeds forty-five miles per hour, but may cross a road or street at an intersection where the road or street has a posted speed limit of more than forty-five miles per hour;

B. Operate a pedi-cab on any sidewalk, median, bike trail or hike trail; or

C. Permit or allow a passenger to ride in or on a pedi-cab in such a position that the driver's vision forward, to the side or the rear is blocked.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.380 Neighborhood electric vehicle (NEV) and low speed vehicle (LSV)—Safety equipment and specifications.

In addition to any state law requirements, an operating authority shall ensure each NEV or LSV is equipped as follows:

A. Two white headlights visible from a distance of at least five hundred feet;

B. Two red taillights visible from a distance of at least five hundred feet;

C. Front and rear turn signal lights;

D. At least two stop lights;

E. A slow-moving vehicle sign attached to the rear of the vehicle;

F. Red reflectors visible to the rear and sides;

G. An exterior mirror mounted on the driver's side of the vehicle, and either an exterior mirror mounted on the passenger's side of the vehicle or an interior mirror;

H. A parking brake;

I. A glazed windshield; and

J. Seatbelts at all designated seating positions.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.390 NEV and LSV operation—Restrictions.

In addition to complying with all applicable traffic laws, an NEV and LSV driver may not:

A. Operate on any street, highway or parkway where the posted speed limit exceeds forty-five miles per hour, but may cross a road or street at an intersection where the road or street has a posted speed limit of more than forty-five miles per hour;

B. Operate on a street or highway at a speed that exceeds the lesser of:

1. The posted speed limit, or

2. Thirty-five miles per hour;

C. Operate on any sidewalk, median, bike trail or hike trail; or

D. Permit or allow a passenger to ride in or on an NEV or LSV vehicle in such a position that the driver's vision forward, to the side or the rear is blocked.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.400 Care of horses.

A. Operating authorities shall ensure that humane care is given to horses at all times and that appropriate and sufficient food and fresh, potable drinking water are available for each horse and that, while working, each horse is permitted to eat at reasonable intervals and have access to drinking water as necessary. No horse shall be worked for more than eight hours in any continuous twenty-

four-hour period. No horse shall be worked if there are signs of illness, injury, or exhaustion, or if horse shoes are missing, ill-fitting or broken.

B. Operating authorities shall not allow a horse to be worked on a public highway, path or street during conditions which are determined by appropriate enforcement authority or his designee to pose a threat to the health, safety or well-being of the horse, passengers, or general public. If such conditions develop while a horse is being worked, however, said horse shall be returned, without delay, to its stable by the most direct route, and, if the threat posed is an immediate one, then the return of the horse to its stable shall be by horse trailer.

C. Operating authorities shall ensure that horses are provided the below listed medical treatments and vaccinations by a licensed veterinarian at the listed intervals, or at other intervals deemed appropriate by a licensed veterinarian. Operating authorities shall provide proof of such medical treatment and vaccinations upon submitting an application for an operating authority permit and/or upon request of the appropriate enforcement authority.

1. Venezuelan, Western, Eastern Encephalomyelitis—Annually;

2. Equine Influenza—Annually;

3. Rabies—Annually;

4. Eastern/Western Tetanus and West Nile Virus—Annually;

5. Equine Rhino/Flu—Annually;

6. Coggins Certificate (Equine Infectious Anemia)—Annually; and

7. Treatment for Internal Parasites—Quarterly.

D. Reserved.

E. Operating authorities shall ensure that horses are kept clean, especially those areas in contact with the harness or other tack. Additionally, horses must receive appropriate and necessary hoof trimming and shoe resetting every six to eight weeks. The operating authority must maintain records of all trimming and shoeing, which shall be made available to the chief of police upon request.

F. Operating authorities shall have each horse examined by a veterinarian within thirty days prior to issuance of a new or renewal permit for the horse to be used in a transportation-for-hire service. The veterinarian shall certify that the horse is in a sound and fit condition to perform the task of drawing a carriage, meets the requirements set forth in subsection C., and is properly shod so as to provide adequate protection to a horse which will travel on paved roads.

G. A person commits an offense if the person allows the continued use of a horse which is unfit for use as defined in this section.

H. Operators of horse and carriage transportation-for-hire vehicles shall ensure that any excrement is immediately removed from any public place and disposed of properly.

I. All stables where a horse used in a transportation-for-hire service is kept must be located within the geographic boundaries of the city and must comply with the requirements of Title 7 of this Code. Upon request at any reasonable time and after giving written notice to the operating authority, the operating authority shall make the stable available for inspection by the appropriate enforcement authority. If the inspection reveals a lack of humane care, unsafe or unsanitary conditions which may affect the health of the horse or a violation of Title 7, the appropriate enforcement authority may take action as authorized under Title 7 of this Code. Failure to bring the stable into compliance as ordered is prohibited and shall be cause for the revocation of the operating authority permit by the chief of police.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

Article IV. Sightseeing, Charter, Limousine and Shuttle Operations

6.04.410 Services provided.

Sightseeing, charter, limousine, and shuttle operations may be provided as transportation-for-

hire services by appointment or based on pre-established schedules as evidenced by a physical or digital logbook noting the passenger name, pick-up location, date, and time.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.420 Vehicle identification—Requirements.

Shuttles shall have the vehicle number, company name and telephone number of the vehicle for hire service painted or permanently affixed on both sides of the vehicle. Magnetic signs are not allowed. Letters and numbers used shall be color contrasted against the vehicle and be of sufficient size and font to be easily visible at a distance of at least thirty feet.
(Ord. No. 18894, § 1, 1-8-2019)

6.04.430 Rate information.

Potential passengers shall be provided the rate information and total cost estimates before charges are incurred.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.440 Receipt required.

An operating authority shall provide the passenger with a legible receipt at the time of payment. Such receipt shall be in hard copy form, or in electronic format that is caused to be sent to the passenger electronically by e-mail address or text message.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

Article V. International Transportation-for-Hire

6.04.450 International transportation-for-hire vehicle permit—Required.

No vehicle shall be operated in the city as an international transportation-for-hire vehicle unless the vehicle has been issued a vehicle permit.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.460 International transportation-for-hire vehicle permit—Term.

All international transportation-for-hire permits shall expire twelve months from date of issuance.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.470 International transportation-for-hire vehicle permit—Application.

A. To obtain a vehicle permit to operate as an international transportation-for-hire vehicle, a person shall submit an application and pay the established non-refundable fee. The following documents shall be submitted with the application:

1. *Tarjeta de circulación vehicular* which includes vehicle make, model, plates and vehicle identification number;

2. A current certificate indicating the vehicle has passed a Texas state inspection;

3. Current vehicle registration from a state in Mexico; and

4. Proof of an appropriate insurance policy equivalent to that required by the Texas Insurance Code and/or other Texas statutes that is issued by a solvent company and that provides coverage in the city limits of El Paso.

B. Only vehicles that meet the definition of a motor vehicle pursuant to V.T.C.A., Transportation Code, § 541.201 may be operated as international transportation-for-hire vehicles.
(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

6.04.480 International transportation-for-hire—Operational limitations.

Authorized international transportation vehicles have the following limitations:

A. Passengers may be dropped off anywhere in the El Paso city limits, or the vehicle may pass through the El Paso city limits;

B. No passengers may be solicited or picked up, nor may the international transportation-for-hire vehicle allow solicitation or hailing by potential passengers, in the El Paso city limits;

C. Passengers may only be dropped off at one location per passenger and interim stops before the final destination are not allowed;

D. Once passengers have been dropped off, the driver shall depart the El Paso city limits without unreasonable delay using the most direct route, or if the vehicle had originally passed through the city limits, the vehicle may enter the city limits again to return to the desired location in Mexico using the most direct route; and

E. International transportation-for-hire vehicles may not operate in the city without a current identification sticker on display.

(Ord. No. 18546, § 1, 8-9-2016; Ord. No. 18894, § 1, 1-8-2019)

(Ord. No. 17428, § 1, 10-5-2010/eff. 1-1-2011; Ord. No. 17635, § 1, 8-30-2011; Ord. No. 18472, § 1, 2-23-2016; Ord. No. 19087, § 1, 8-18-2020; Ord. No. 19282, § 1, 1-19-2022)

7.04.020 Standards of care.

The director may from time to time prescribe and publish standards of care constituting a reflection of the best current common practice concerning animal welfare and public health, and recommend the adoption of additional regulations as may be required to control the maintenance, harboring, buying, selling, holding, exhibiting, showing or otherwise dealing with animals. (Ord. 16807 § 7, 2007: Ord. 16229 § 1 (part), 2006)
(Ord. No. 17635, § 2, 8-30-2011)

7.04.030 Enforcement—Right of entry—Interference with officer.

A. The director and veterinary officer shall be primarily responsible for the enforcement of this title, and are authorized to delegate enforcement authority to their designated employees and to coordinate and work directly with the employees in the code enforcement division who shall also have enforcement authority, and to utilize the resources of the department in any public health emergency.

B. For the purpose of discharging the duties imposed by this title and to enforce its provisions, any officer is empowered at all reasonable times and upon presentation of appropriate credentials, to enter any premises upon which an animal is kept or harbored and to demand the exhibition, by the owner of a dog or cat, of the certificate of vaccination, verification of microchip, and certificate of registration for such dog or cat. It is further provided that any officer may enter, at all reasonable times and upon the presentation of appropriate credentials, the premises where an animal is kept in an allegedly cruel or inhumane manner and demand to examine or impound such animal, when in his opinion it requires humane treatment. No officer shall, however, enter a private residence for purposes of making an inspection under this chapter without first receiving permission from an occupant of such residence or being authorized to inspect such residence by a magistrate or by order of a court of competent jurisdiction as provided by law.

C. No person shall interfere with, hinder or molest any officer in the performance of his duty.

D. Nothing in this section shall be construed to limit an officer's ability to enter upon a premises when a violation of this title or other law occurs in their presence and entry is made in accordance with state and federal law.

E. Canvassing may be conducted by any officer at the direction of the director,-veterinary officer, or code enforcement division supervisor when deemed necessary to ensure compliance with this

title. (Ord. 16807 §§ 3 (part), 8, 2007; Ord. 16229 § 1 (part), 2006)
(Ord. No. 17428, § 2, 10-5-2010/eff. 1-1-2011; Ord. No. 17635, § 3, 8-30-2011)

7.04.040 Recordkeeping—Annual audits required.

A. It shall be the duty of the program to keep or cause to be kept, accurate and detailed records of all vaccination certificates, microchips, registrations and permits of pets, the impoundment and disposition of animals, and all bite incidents reported to the program and investigation of same.

B. The aforesaid records shall be audited annually in the same manner as other city records are audited. (Ord. 16229 § 1 (part), 2006)

7.04.050 Animal bites—Reporting requirements.

A. A person who knows of an animal bite or scratch to an individual that the person could reasonably foresee as capable of transmitting rabies, or who knows of an animal that the person suspects is rabid, shall report the incident or animal to the program as soon as possible but not later than twenty-four hours from the time of the incident. The report must include:

1. The name and address of the victim and of the animal's owner, if known; and

2. Any other information that may help in locating the victim or animal.

B. It shall be the duty of every veterinarian having an animal quarantined for a bite incident to submit a written report to the program as to the condition of the quarantined animal on the initial day of observation and on the fifth day and the tenth day immediately following the date of the bite incident.

C. It shall be the duty of every veterinarian to report immediately to the program his diagnosis of any animal observed by him as a rabies suspect. (Ord. 16807 § 3 (part), 2007; Ord. 16229 § 1 (part), 2006)

7.04.060 Zoonotic disease reporting required.

It shall be the duty of every veterinarian, physician, or other person having knowledge of any zoonotic disease or condition caused by animals which may endanger the public or animal health or create a public nuisance to submit a written report to the director within twenty-four hours of this knowledge. (Ord. 16807 § 9, 2007: Ord. 16229 § 1 (part), 2006)
(Ord. No. 17635, § 4, 8-30-2011; Ord. No. 19087, § 2, 8-18-2020)

7.04.070 Veterinary care of city-owned animals.

The veterinary officer shall provide professional veterinary care as required on all problems concerning the health and welfare of city-owned animals, act as designated caretaker for the animals in the care or control of animal services and serve as a professional consultant of the acquisition, management and disposition of the animals. (Ord. 16229 § 1 (part), 2006)
(Ord. No. 19087, § 3, 8-18-2020)

7.04.080 Violation—Penalty.

A. Except as otherwise provided by Texas state law, any person violating any provision of this title shall be deemed guilty of a misdemeanor and shall be punished by a fine not to exceed two thousand dollars.

B. In addition to any penalties provided herein, this title is enforceable by injunction.

C. If a person provides proof that she or he cured the violation prior to the first court appearance, the court may assess a defendant an administrative fee set forth in the fee schedule for each violation if a charge under this section is dismissed. Euthanasia of the animal or surrender of the animal to the department is not acceptable proof that the violation was cured. (Ord. 16229 § 1 (part), 2006)
(Ord. No. 19087, § 4, 8-18-2020)

7.04.090 Permit applications.

A. Application for all permits required in this title shall be submitted in conformity with the

specific provisions of this title, together with any required application fee as provided by ordinance or resolution of the city council. The application shall be sworn to by the applicant, and shall contain the following information:

1. The full name and address of the individual(s) or organization applying for the permit;

2. All information required by the applicable city code provision in this title; and

3. Such other information, attachments, and submissions that are requested on the application form as reasonably necessary for a fair determination as to whether the permit should be issued.

C. Upon receipt of a proper application as provided in this title, the person or persons designated by the applicable city code provision, or as otherwise designated by the director, shall review and process the application.

D. The person or persons designated by the applicable city code provision, or as otherwise designated by the director, in accordance with applicable provisions of this title, shall issue the permit in accordance with and as provided by the applicable city code provision in this title, or if no issuance process is specified within the applicable city code provision in this title, within ten days of the completion of the processing of the application, unless the person or persons find:

1. One or more of the statements made in the application are not true;

2. That applicant has made or caused to be made false statements or misrepresentations on the application;

3. The applicant has failed to submit a complete application;

4. The required fee has not been paid; or

5. The requirements of the applicable city code provision in this title relating to permit requirements or issuance are not met.

E. A person may appeal a denial of a permit to the city manager as provided in Section 7.04.100 of this chapter. (Ord. 16807 § 10, 2007: Ord. 16229 § 1 (part), 2006)

7.04.100 Appeals.

A. A person who has a permit issued under this title, who has been served with a suspension or revocation notice of said permit, may appeal the director's or veterinary officer's action to the city manager as provided herein. Within ten business days of taking such action, the director or veterinary officer shall prepare a report indicating the reasons for the suspension or revocation, and shall provide a copy to the person. The director's or veterinary officer's decision is final unless within ten calendar days from the date of receiving the director's or veterinary officer's report, the person files with the city clerk a written appeal to the city manager specifying the reasons for the appeal. Said appeal shall also include a written rebuttal to the director's or veterinary officer's report.

B. The city manager or his designated deputy city manager shall review the director's or veterinary officer's report and the appellant's rebuttal. The city manager or designee may allow the appellant to make an oral presentation or submit additional rebuttal. The city manager or designee shall make a ruling on the appeal within a reasonable period of time after the appeal has been filed.

C. The city manager or designee shall sustain, reverse or modify the action of the director or veterinary officer and shall notify the appellant of his decision in writing. The decision of the city manager or designee is final. (Ord. 16807 § 11, 2007)
(Ord. No. 17635, § 5, 8-30-2011)

7.04.110 Reports to council.

A. The city manager or his designee will compile statistics regarding the number of animals impounded by the city and the outcome of each impoundment and provide the city council with reports containing this information on a semi-annual basis or as otherwise directed by the city council. Each report shall include the following specific information:

1. A comparison of the number of animals euthanized during the current reporting period with the number of animals euthanized during the prior reporting period;

2. Categorize each animal impounded, released and euthanized to the greatest extent practicable by terms that relate to or identify the animal's health or behavior, and the number of each that were microchipped;

3. Information as to the number of registrations for the current reporting period and a comparison to the number of registrations from the prior reporting period, the types and number of permits issued by the program; and

4. Statistics concerning enforcement activities of the program, with a particular focus on enforcement pertaining to litter permits and breeder permits.

B. The department shall establish a policy and procedure for categorizing each animal pursuant to subsection A.2., in accordance with the requirements established for the department in this title pertaining to euthanizing animals, or by using appropriate definitions or standards as are industry-established or recognized.

(Ord. No. 17428, § 3, 10-5-2010/eff. 1-1-2011)

7.04.120 Severability.

If any section, subsection, sentence, clause or phrase of this title is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this title.

(Ord. No. 17428, § 4, 10-5-2010/eff. 1-1-2011)

Chapter 7.08

ANIMALS GENERALLY

Sections:

7.08.010 Nuisances designated.

7.08.020 Abandonment—Reporting violations.

7.08.030 Restraint.

7.08.040 Confinement of certain animals.

7.08.050 Standards for animal care.

7.08.060 City-owned animals.

7.08.070 Use of poisons prohibited.

7.08.080 Animal regulation and disease control department services—Fees.

7.08.090 Dangerous wild animals.

7.08.010 Nuisances designated.

The following shall be considered a public nuisance and shall be unlawful:

A. The keeping of any animal, which by causing frequent or long continued noise shall disturb the comfort and repose of any person of ordinary sensibilities in the vicinity as provided in Chapter 9.40 of this code.

B. The keeping of any animal in such a manner as to endanger the public health or as to annoy neighbors of ordinary sensibilities by the accumulation of feces and putrid materials which cause foul and offensive odors;

C. The keeping of any animal which habitually deposits body wastes upon or destroys by chewing, scratching, digging or otherwise, property other than that of the owner of such animal;

D. All animal pens, stables or enclosures in which any animal may be kept or confined, which from use have become offensive to persons of ordinary sensibilities;

E. The keeping of animals whose number or the conditions under which they are kept disturbs the comfort and repose of any person of ordinary sensibilities in the vicinity; or endangers the animal's health, safety or welfare;

F. It is unlawful for any person owning or having control or custody of an animal to permit the animal to defecate upon the city's public property or upon the private property of another unless the person immediately removes the feces and properly disposes of it; provided, however, that nothing contained in this chapter authorizes such person to enter upon the private property of another without permission. In addition, it is unlawful for any person to walk an animal on the city's public property or upon the private property of another without carrying at all times a suitable container or other suitable instrument for the removal and disposal of animal feces. Disabled persons using trained guide or personal assistance dogs are exempt from this provision. This section does not apply to any peace officer while using an animal in the discharge of law enforcement activities; and

G. The keeping of animals for which a rabies vaccine is available and who remain unvaccinated against rabies. (Ord. 16807 § 12, 2007; Ord. 16229 § 1 (part), 2006)

7.08.020 Abandonment—Reporting violations.

A. It is unlawful for any person to abandon any animal in the city.

1. The release of an ear tipped cat to the location where it was trapped does not constitute abandonment within the meaning of this chapter.

2. An owner who fails to retrieve their animal from the department's possession within six calendar days of receiving written notice constitutes abandonment. For the purpose of this provision, notice is considered received upon the department's mailing the notice via regular mail to the address listed in the microchip record.

B. Every person having knowledge of a violation shall report immediately to the program any facts, which could lead to the identification of any person or group of persons violating subsection A of this section. However, nothing in this provision shall subject an individual with knowledge of the violation to prosecution under Section 7.04.080.

C. It is unlawful for any person having charge or custody of an animal, as owner or otherwise, to place or confine such animal or allow such animal to be placed or confined or to remain in a motor vehicle or livestock trailer under such condition or for such period of time as may endanger the health or well-being of such animal due to heat, lack of food or water, or such other circumstances as may reasonably be expected to cause suffering, disability or death.

1. Any officer finding an animal in a motor vehicle or livestock trailer in violation of the provisions enumerated in subsection C is authorized to obtain a locksmith at the owner's cost, or break and enter the vehicle if necessary to remove the animal.

2. Removed animals will be impounded at the center or veterinary clinic for safekeeping. Owners may claim their animals upon payment of all reasonable charges or fees that accrued for removal and maintenance of the animal, plus impoundment fees.

3. At the time the animal is removed from the motor vehicle or livestock trailer, the officer shall leave a written notice bearing his name and title and the address where the animal may be claimed.

4. The animal will be retained for a minimum of six calendar days, and if not claimed, the animal shall become the property of the department on the seventh calendar day. (Ord. 16807 § 3 (part), 2007; Ord. 16229 § 1 (part), 2006
(Ord. No. 18472, § 2, 2-23-2016; Ord. No. 19087, §§ 5, 6, 8-18-2020)

7.08.030 Restraint.

A. Every person owning or having charge, care, custody or control of any animal shall keep such animal exclusively upon his own premises by means of physical restraint, provided, however, that such animal may be off such premises if it is under direct physical control of a competent person.

B. It is a defense to prosecution under subsection A. that:

1. The animal is a dog in an off-leash area as permitted elsewhere in this City Code, including, but not limited to, Title 13;

2. The animal is a cat that can be identified as having an owner or caregiver by collar and tags, microchip. or identifying tattoo; or

3. The animal is an ear tipped cat indicating that it has been processed through the trap-neuter-return protocol. (Ord. 16229 § 1 (part), 2006)
(Ord. No. 18472, § 3, 2-23-2016)

7.08.040 Confinement of certain animals.

A. The owner shall confine within a building or enclosure every fierce, dangerous or vicious animal in accordance with all applicable Texas statutes. Confinement shall be in such a manner that the animal cannot come in contact with any person or other animal.

B. The veterinary officer may cause the muzzling, secure confinement, removal from the city or humane destruction of any animal on an emergency basis for any reason of public health and safety, including due to:

1. An unprovoked attack by an animal upon any person or animal; or

2. Whenever any lawful patron or visitor of a business is jeopardized by a guard dog, which is not securely confined during hours the business is open to the public. (Ord. 16229 § 1 (part), 2006)
(Ord. No. 19087, § 7, 8-18-2020)

7.08.050 Standards for animal care.

Every person within the City of El Paso who owns or harbors any animal, or who owns, conducts, manages or operates any animal establishment for which a license is required by this title shall comply with each of the following conditions:

A. Shelter and shade for animals must be provided.

B. No animal shall be neglected.

C. All animals shall be supplied with sufficient good and wholesome food and clean water as often as the feeding habits of the respective animals require.

D. All animals and all animal buildings or enclosures shall be maintained in a clean, safe and sanitary condition.

E. Animal buildings and enclosures shall be so constructed and maintained as to prevent escape of animals. All reasonable precautions shall be taken to protect the public from the animals and the animals from the public.

F. Every animal establishment shall isolate animals known to be sick sufficiently so as to not endanger the health of other animals. Sick animals shall at all times be isolated from other animals.

G. The owner or custodian of an animal shall be required to present an animal to a veterinarian for examination or treatment if the director or veterinary officer finds this is necessary in order to maintain the health of the animal and notifies the owner or custodian to do so.

H. It is unlawful to restrain a dog in violation of this section.

1. An owner may not leave a dog outside and unattended by use of a restraint that unreasonably limits the dog's movement:

a. Between the hours of ten p.m. and six a.m.;

b. Within five hundred feet of the premises of a school; or

c. In the case of inclement weather or extreme weather conditions, including conditions in which:

i. The actual or effective outdoor temperature is below thirty-two degrees Fahrenheit;

ii. A heat advisory has been issued by the National Weather Service, or a local or state authority, including the City of El Paso; or

iii. A tornado warning has been issued for the City or County of El Paso by the National Weather Service.

2. In this section, a restraint unreasonably limits a dog's movement if the restraint:

a. Uses a collar that is pinch-type, prong-type, or choke-type or that is not properly fitted to the dog;

b. Is a length shorter than the greater of:

i. Five times the length of the dog, as measured from the tip of the dog's nose to the base of the dog's tail; or

ii. Ten feet;

c. Is in an unsafe condition; or

d. Causes injury to the dog.

3. Exceptions. The following do not constitute a violation of this section:

a. A dog restrained to a running line, pulley, or trolley system and that is not restrained to the running line, pulley, or trolley system by means of a pinch-type, prong-type, choke-type, or improperly fitted collar;

b. A dog restrained in compliance with the requirements of a camping or recreational area as defined by a federal or state authority or the City of El Paso;

c. A dog restrained for a reasonable period, not to exceed three hours in a twenty-four-hour period, and no longer than is necessary for the owner to complete a temporary task that requires the dog to be restrained;

d. A dog restrained while the owner is engaged in, or actively training for, an activity that is conducted pursuant to a valid permit or license issued by the State of Texas or City of El Paso if the activity for which the license is issued is associated with the use or presence of a dog;

e. A dog restrained while the owner is engaged in conduct directly related to the business of shepherding or herding cattle or livestock; or

f. A dog restrained while the owner is engaged in conduct directly related to the business of cultivating agricultural products, if the restraint is reasonably necessary for the safety of the dog.

4. This section does not prohibit a person from walking a dog with a hand-held leash.

I. It shall be a violation of this title to provide an alcoholic beverage, controlled substance or illegal drug to an animal, unless prescribed by a veterinarian. (Ord. 16229 § 1 (part), 2006)
(Ord. No. 19087, § 8, 8-18-2020; Ord. No. 19282, § 2, 1-19-2022)

7.08.060 City-owned animals.

A. No person shall throw, drop or put any object or substance within the fence, balustrade, wall or other barrier enclosing any area in which any animal owned or maintained by the city is

kept, or shall go within any such enclosed area, or shall reach into such enclosure with any part of his body or with any object.

B. No person shall carry away an animal kept in such enclosed area, or shall take or have such animal in his possession or control, or release any such animal from such enclosed area.

C. No person shall enter the sick quarantine area to look at or reclaim their animal. Pictures of the animal will be placed outside the quarantine rooms.

D. This section does not apply to persons employed by the city and acting within the scope of their employment to take care of such animals, or to care for or repair such enclosure. (Ord. 16807 § 3 (part), 2007; Ord. 16229 § 1 (part), 2006)
(Ord. No. 19087, § 9, 8-18-2020)

7.08.070 Use of poisons prohibited.

A. It is unlawful for any person to use any toxin or poison to eliminate animals or fowl except as provided in subsection B of this section.

B. Whenever there is a proposed use of any poison or toxin, the director shall make a determination to permit the use of poisons or toxins, if any, which meet the following guidelines:

1. A poison or toxin must eliminate animals or fowls humanely;

2. The conditions, which the use would seek to eliminate, must be health-threatening;

3. All dead animals must be removed from the premises within a reasonable time and never more than twenty-four hours after death;

4. No poisons or toxins, which create a secondary health hazard to mammals, shall be excluded from the prohibition of subsection A of this section;

5. No poison or toxin shall be allowed to remain on premises more than twenty-four hours after the health hazard has been eliminated and notice given by the director;

6. It shall be the duty of the owner of any property on which there is poison or toxin to remove or contain such substance so as to prevent it from being a danger to humans, animals or fowl.

C. Nothing in this section shall be interpreted to regulate the pest control industry. (Ord. 16807 § 13, 2007; Ord. 16229 § 1 (part), 2006)
(Ord. No. 19087, § 10, 8-18-2020)

7.08.080 Animal regulation and disease control department services—Fees.

For services rendered, the following fees identified in the adopted budget resolution for the current year or other appropriately adopted resolution by the city council shall be charged:

A. Euthanasia performed on owned animals at the owner's request upon approval by the director and/or designee;

B. Impoundment of animal at the owner's request for euthanasia;

C. Handling of animal bodies brought to the program for disposal;

D. Vaccination of all animals, upon intake to animal services and regardless of ownership; and

E. Microchipping of animals as required by Title 7 of the City Code, regardless of the place of performance of such service. (Ord. 16229 § 1 (part), 2006)
(Ord. 17161, § 1, 8-11-2009; Ord. No. 19087, § 11, 8-18-2020)

7.08.090 Dangerous wild animals.

Except for those animals defined in Texas Health and Safety Code Section 822.102(1)-(11), ownership, possession, confinement or care of a dangerous wild animal, including a wolf or wolf-dog hybrid, is prohibited within the city. (Ord. 16229 § 1 (part), 2006)

Chapter 7.12

DOGS AND CATS

Sections:

7.12.010 Running at large prohibited.

7.12.020 Registration, vaccination, and microchips required.

7.12.030 Collar and tag required.

7.12.040 Vaccination and microchip required.

7.12.050 Animals in public places.

7.12.060 Dangerous dogs.

7.12.010 Running at large prohibited.

A. Every person owning or having charge, care, custody or control of any dog or cat shall keep such dog or cat exclusively upon his own premises by means of appropriate and humane physical restraint; provided, however, that such dog may be off such premises if it is under direct control of a competent person by means of a secure leash or by some other equivalent means of direct physical control, and such cat may be off such premises if it is under direct physical control of a competent person.

B. The prohibition against an animal running at large shall not apply to:

1. A cat which has been vaccinated as required by this chapter and which is wearing the required vaccination tags;

2. A cat that can be identified as having an owner or caregiver by collar and tags, microchip, identifying tattoo, or is an ear tipped cat indicating that it has been processed through the trap-neuter-return protocol; or

3. A cat whose owner or caregiver can provide documentation of the cat's sterilization. (Ord. 16807 § 3 (part), 2007; Ord. 16229 § 1 (part), 2006) (Ord. No. 18472, § 4, 2-23-2016)

7.12.020. Registration, vaccination, and microchips required.

A. Dogs, cats and ferrets shall be registered, vaccinated and have an implanted microchip as provided in this title.

1. No person who is a resident of the city shall have within the city for more than thirty days any dog, cat or ferret four months of age or older unless such dog, cat or ferret is currently registered with the program.

2. No person who is not a resident of the city shall have within the city any dog, cat or ferret for more than ninety days unless such dog, cat or ferret is currently registered with program.

3. No dog, cat or ferret shall be registered unless it has a current vaccination as is required by the director and an implanted microchip. A registration certificate and tag may be obtained from veterinarians who have obtained authority from the program to issue them, or from an employee at the center upon presentation of a certificate of current vaccination and evidence of microchip.

4. No person shall have within the city any dog, cat or ferret four months of age or older for more than ten days unless such dog, cat or ferret is currently vaccinated against rabies.

5. An ear tipped cat that has been processed through the trap-neuter-return protocol shall be exempt from the registration and microchip requirements of this chapter. A person who requests that the program implant a microchip into or register an ear tipped cat that has been processed through the trap-neuter-return protocol, shall pay the applicable fee authorized by City Council for said service.

6. All city contracts involving other municipalities or government entities must be consistent with the requirements of this chapter.

B. Upon application by a veterinarian, the program shall furnish the veterinarian with a supply of microchips and pre-numbered registration certificates and corresponding tags. The veterinarian shall be authorized to receive applications and issue registration certificates and tags for animals that are currently vaccinated and microchipped.

Copies of all certificates issued shall be distributed and transmitted to various city agencies in accordance with arrangements made by the program with the veterinarians, provided that no information shall be released in violation of Texas Health and Safety Code Section 826.0211. When applying for additional microchips, certificates and tags the veterinarian shall account to the program for all those previously supplied to him, and shall remit to the program all fees collected. A veterinarian may exchange or return up to one hundred, unused, expired from the previous year tags for current year tags annually. This section does not apply to lost tags. He shall be held financially responsible for any microchips, certificates and tags no longer in his possession that have not been issued or voided and returned to the program. The program may refuse to supply additional microchips, certificates and tags to any veterinarian who fails to account for all items previously furnished to him by the program. All fees collected by any veterinarian are payable to the city upon demand.

C. Application for initial issuance or renewal of each registration must be made by the owner in writing or in person, and be accompanied by the established fee for a dog, cat, or ferret. If an original current registration certificate is lost or destroyed, the owner may obtain a duplicate by paying the established fee.

D. A registration shall be renewed annually.

E. No person shall use a certificate or tag for any animal other than the one for which it was issued.

F. If there is a change in ownership or owner contact information of a registered dog, cat or ferret, the new owner shall update contact information to include any new address and telephone number, and have the registration and microchip information transferred to his name or new contact information within seven days after the change in ownership or change in owner contact information. Application for a change of ownership or change of contact information of a registered dog, cat or ferret shall be made to the program in the manner established by the director in writing, in person, or at the office of a participating veterinarian, and be accompanied by the established fee.

G. Fee-exempt registrations may be issued for the following, provided however, eligibility for fee-exempt registration does not relieve the owner of his responsibility under other provisions of this title:

1. Dogs that are trained and used in an official capacity by a law enforcement or governmental agency;

2. Service animals; and

3. Animals other than dogs, cats or ferrets that are vaccinated against rabies. (Ord. 16807 §§ 3 (part), 4 (part), 14, 2007; Ord. 16229 § 1 (part), 2006)

(Ord. No. 17428, § 5, 10-5-2010/eff. 1-1-2011; Ord. No. 18472, § 5, 2-23-2016; Ord. No. 19087, § 12, 8-18-2020; Ord. No. 19282, § 3, 1-19-2022)

7.12.030 Collar and tag required.

A. Upon registration there shall be delivered to the owner a metallic tag stamped with the registration certificate number and the year in which issued.

B. The owner shall see that the dog or cat wears at all times a collar or harness to which the current registration tag shall be attached, except as in subsection C or D of this section. It is unlawful for any person to remove the tag from the collar or harness without the owner's consent.

C. Dogs or cats confined within a residence need not wear their collar or harness nor their registration tag while within the residence. However, in no case shall a dog or cat be allowed to exit the interior of the residence without wearing their collar or harness with the current registration tag attached.

D. Dogs or cats competing at approved dog or cat club shows or trials or while being transported to and from such events need not wear their collar or harness nor their registration tag.

E. If such tag is lost or destroyed, the owner shall apply at the center in writing, in person, or at the office of a participating veterinarian, for a new tag by presentation of the applicable vaccination

certificate, registration certificate, and evidence of microchip, accompanied by the established fee. (Ord. 16229 § 1 (part), 2006)
(Ord. No. 17428, § 6, 10-5-2010/eff. 1-1-2011)

7.12.040 Vaccination and microchip required.

No person shall own, keep or harbor within the city any dog, cat or ferret four months of age or older unless such dog, cat or ferret has a current vaccination and implanted microchip. A dog, cat or ferret will have a current vaccination for one year. However, after April 1, 2006, a vaccination may be current for a period of three years dependent upon the type of vaccine administered. All vaccinations shall be administered according to the label recommendations of a United States Department of Agriculture (USDA) approved vaccine. The dog, cat or ferret must be re-vaccinated before the expiration of the first and each subsequent current vaccination period. (Ord. 16229 § 1 (part), 2006)

7.12.050 Animals in public places.

A. Nothing in this section shall apply to dogs in the company of law enforcement personnel while executing official duties.

B. It is lawful for any service animal to be admitted when actually accompanying a disabled person to any public place or vehicle, which the disabled person may have the lawful right to enter, if the animal is currently vaccinated, registered and microchipped.

C. Except as provided in subsection A or B of this section, it is unlawful for any person having charge, care, custody or control of any animal to allow such animal in any public vehicle or in any public building not used primarily for animals or their care, unless permission in writing has been issued by the program.

D. All persons having ownership, care, custody or control of any animal shall be prohibited from taking the animal upon or into any public playground, school grounds or athletic facility within the city unless permission in writing has been issued by the owner of the premises or their designee. (Ord. 16229 § 1 (part), 2006)

7.12.060 Dangerous dogs.

A. A dog suspected of being dangerous may be impounded or quarantined in accordance with procedures as established by this title.

B. A dog that is designated as dangerous may not be released from impoundment or quarantine until such time as the owner has complied with the standards for keeping a dangerous dog enumerated in this title and Texas Health and Safety Code Section 822.042. Failure to comply with the requirements for keeping a dangerous dog within thirty days of the receipt of notice by the veterinary officer or director that said dog is dangerous, shall result in a determination that the dog has been abandoned.

1. Exception. The program may not proceed with humane destruction of a dangerous dog in any case where the owner has filed a proper appeal of the dangerous dog determination with the municipal court.

2. All fees for administration, quarantine and impound shall be paid prior to the release of any dangerous dog.

a. The veterinary officer director may extend the thirty-day compliance period by written request of the owner provided that documentation of the need for an extension is provided (for instance, building permits, building plans, building contracts, correspondence from insurance company). During the period of extension the dog shall remain in the custody of the center and impound fees shall continue to accrue.

C. Appeal of a dangerous dog determination shall be in accordance with Texas Health and Safety Code Section 822.0421. (Ord. 16807 § 2 (part), 2007; Ord. 16229 § 1 (part), 2006)
(Ord. No. 17635, § 6, 8-30-2011)

Chapter 7.14

ANIMAL SALES, BREEDING AND SHOWS

Sections:

7.14.010 Permits required.

7.14.020 Dog and cat sales and transfers.

7.14.030 Sale of certain puppies and kittens prohibited.

7.14.040 Roadside and flea market sales.

7.14.050 Animal litter permit.

7.14.060 Animal establishments—Operations, shows and exhibitions.

7.14.070 Animal establishments—Permit—Application—Fees.

7.14.080 Breeder's permit.

7.14.090 Animal welfare organization permit.

7.14.010 Permits required.

A. No person shall operate an animal establishment or otherwise conduct the kenneling, or boarding of animals for a fee; or conduct the breeding, showing, or exhibiting of dogs or cats; without obtaining a valid permit for each purpose or activity as provided in this chapter.

B. The owner or operator of an animal welfare organization may become qualified to engage in the operations and obtain the benefits allowed under this title, by obtaining a permit from the department that recognizes and registers the organization for all purposes under this title.

C. A person who owns a qualified animal and who is 18 years of age or older and desires to engage in the breeding of such qualified animal and obtain the benefits allowed under this title, may become qualified to engage in such activity by obtaining a breeder's permit as provided in this chapter.

D. Application for the permits required in this section shall be made as provided in Section 7.04.090 and as further required in this chapter, and be accompanied by payment of the established fee. In addition to the information required under Section 7.04.090 and the applicable sections of this chapter, an applicant for a permit under this section shall submit the following information:

1. The location of the premises where the animals will be located or the business involving the animals will be conducted;

2. The acreage or square footage where such animals are to be kept;

3. The number of such anticipated animals, or average numbers of such animals;

4. The kinds of enclosures within which they are to be kept; and

5. Information or evidence of compliance with the city's zoning ordinances for facilities, activities, and operations conducted on property within the city limits.

E. No permit authorized under this title shall be issued for animals kept in violation of the city's zoning ordinances.

F. The director shall make any and all inspections deemed necessary for the issuing of permits and to ensure compliance with this chapter.

G. The director may impose a requirement for an applicant to undertake a basic training course relating to animal care or breeding, as appropriately relating to a particular permit and as may be developed by the department, as part of the requirements for obtaining a permit under this title.

H. All permits required under this chapter shall be renewed annually by the last day of the month in which the permit was issued the previous year, accompanied by payment of the established fee, except that all permits for animal welfare organizations shall be issued at no charge to the organization, and a permit for a breeder shall be issued a three-year period. No permit shall be transferable to a third party.

(Ord. No. 17428, § 8, 10-5-2010/eff. 1-1-2011; Ord. No. 17635, § 7, 8-30-2011; Ord. No. 19087, § 13, 8-18-2020)

7.14.020 Dog and cat sales and transfers.

A. No person shall sell a dog or cat except as provided in this title.

B. No person who advertises to sell or transfer a dog or cat that is under one year of age may charge the purchaser or transferee an amount that is greater than is allowed in subsection E.

C. No retail establishment may sell or transfer a dog or cat that is under one year of age for a charge or amount that is greater than is allowed in subsection E. Provided however, a retail establishment legally selling dogs or cats for profit as of April 1, 2011, may continue to sell dogs or cats under one year of age, at a price that is greater than is allowed in subsection E., through December 31, 2012. Thereafter, commencing on January 1, 2013, no retail establishment may sell or transfer a dog or cat under one year of age for a charge or amount that is greater than is allowed in subsection E, regardless of when the inventory was procured.

D. No animal welfare organization, in the course of transferring a dog or cat that is under one year of age, may request a charge or amount from a transferee than is greater than is allowed in subsection E.

1. All dogs and cats over the age of four months that are transferred to a new owner shall be spayed or neutered, except as otherwise allowed in this title or under state law.

2. Prior to transferring any dog, cat or ferret to a new owner, an animal welfare organization shall check such animal for a microchip, and report the finding of a microchip to the program unless the animal is returned to the registered owner.

3. Every dog, cat or ferret coming into the possession of an animal welfare organization, received in any manner other than a release by the owner of the dog, cat or ferret, must be held a minimum of three (3) full days if the dog, cat or ferret did not have a registration tag or microchip at the time of initial possession, or for a minimum of six (6) full days if the dog, cat or ferret had a registration tag or microchip, before the animal may be transferred to a transferee/new owner.

4. Any animal may be transferred by an animal welfare organization to the department or to another animal welfare organization before the minimum holding time required under this section, provided however the receiving organization or the department must continue to hold the animal for such additional time as to meet the minimum requirements of this title.

5. Nothing in this chapter shall prohibit an animal welfare organization from receiving donations consistent with an organization's non-profit status.

E. The maximum amount of charges that can be made or requested under subsections B., C., and D. for the sale or transfer of a dog or cat under one year of age are established for the purpose of allowing a seller, retail establishment or animal welfare organization to recover the following-listed expenses and costs incurred in conjunction with caring for the dog or cat, and are set as follows:

1. If the amount or charges made or requested in accordance with this section for the sale or transfer of a dog or cat under the age of one year exceeds $50.00 per animal, a person, retail establishment, or animal welfare organization selling or transferring the dog or cat shall provide documentation of all expenses incurred other than the cost of food to the purchaser or transferee prior to the sale or transfer, and the amount of the charges made or requested shall not exceed the total amount of the documented expenses provided plus the cost of food, and in the case of an animal welfare organization, the cost of providing shelter. The purchaser or transferee shall be provided with a copy of all such documentation at the time of sale or transfer.

2. If such documentation is not available or cannot be provided to the purchaser or transferee prior to the sale or transfer, the maximum amount that can be charged or requested is $50.00 if the dog or cat has not been spayed or neutered or $150.00 if the dog or cat has been spayed or neutered. If the animal was spayed or neutered, the

purchaser or transferee shall be provided with the name and address of the veterinarian who performed the surgery at the time of sale or transfer.

3. This section shall not apply to:

a. A retail establishment legally selling a dog or cat for profit as of April 1, 2011 through December 31, 2012, as provided in section 7.14.020 C.;

b. A permitted breeder holding a litter permit and selling a qualified animal; or

c. An individual holding a litter permit who does not conduct any advertisement for the sale of the animals within the city, including but not limited to making an open or public offering of the animals to the general public.

F. Every person, to include but not be limited to a retail establishment, breeder, and animal welfare organization, shall maintain accurate records of all sales, transactions, and transfers involving animals, which records shall show the date, type of animal, type of activity, and parties involved in any transaction or transfer of an animal. Such records shall be kept for two years, and will be made available upon demand to the program.

G. The director shall make any and all inspections deemed necessary to ensure compliance with this section and all required permits. Animals shall be kept under sanitary conditions so as not to endanger the public or animal health nor create a nuisance.

H. No person, including but not limited to a retail establishment, breeder, animal establishment, or animal welfare organization, shall release a dog, cat or ferret four months of age or older to any person unless such dog, cat or ferret is currently vaccinated against rabies and microchipped for identification.

I. Animals which are offered for sale or transfer to the public shall not be displayed or offered if they bear evidence of malnutrition, ill health, unhealed injury or having been kept in unsanitary condition, unless such sale or transfer is approved in writing by a veterinarian providing treatment for the subject animal.

J. Nothing in this section prohibits a retail establishment from allowing an animal welfare organization to use the retail establishment's premises for the transfer of dogs and cats in compliance with this title.

(Ord. No. 17428, § 9, 10-5-2010/eff. 1-1-2011; Ord. No. 17630, § 1, 8-16-2011; Ord. No. 17635, § 8, 8-30-2011)

7.14.030 Sale of certain puppies and kittens prohibited.

No person may sell or offer for sale or transfer in any manner, a puppy or kitten under the age of eight weeks other than a puppy or kitten, or litter or litters taken to the department or to an animal welfare organization, or transferred between such organizations.

(Ord. No. 17428, § 10, 10-5-2010/eff. 1-1-2011)

7.14.040 Roadside and flea market sales.

It is unlawful for any person to sell, trade, barter, lease, rent, give away, or display for a commercial purpose any animal on any roadside, public right-of-way, commercial parking lot, or at any flea market or festival, provided, however, that this paragraph shall not apply to an animal welfare organization when such organization has received prior written approval for such sale from the director and is complying with the specific limitations as set forth in the authorization, and with the requirements of Chapter 13.20 of this Code.

(Ord. No. 17428, § 11, 10-5-2010/eff. 1-1-2011; Ord. No. 17635, § 9, 8-30-2011)

7.14.050 Animal litter permit.

A. Any person who intentionally or unintentionally breeds a female dog or cat, or who owns or has custody of or control over a litter of puppies or kittens must obtain an animal litter permit and pay the established fee within fourteen days of the litter's birth.

B. The issuance of a litter permit authorizes the whelping of no more than one litter per the female dog or cat identified in the permit in any twelve-month period.

C. The issuance of a litter permit does not authorize the sale of any puppies or kittens from the litter, except as permitted in this title.

D. Any owner, or person advertising the sale or other transfer of a puppy or kitten under four months of age located within the city limits shall include or display the litter permit number on such advertisement regardless of the media used for such advertisement, and all charges or prices listed in such advertisements must be in compliance with the requirements of Section 7.14.020.

E. Any breeder advertising the sale or other transfer of a qualified animal shall include or display the breeder permit number in addition to the litter permit number on such advertisement regardless of the media used for such advertisement.

F. The provisions in Subsections A. and D. do not apply to the department, an animal welfare organization, or a veterinarian or veterinary facility, which has received abandoned puppies or kittens.

(Ord. No. 17428, § 12, 10-5-2010/eff. 1-1-2011)

7.14.060 Animal establishments—Operations, shows and exhibitions.

A. Every animal establishment shall maintain accurate records of all transactions, shows and exhibitions involving animals, which records shall show the date, type of animal, type of activity, and parties to any transaction or transfer of an animal. Such records shall be kept for two years and will be made available upon demand to the program.

B. Animals shall be kept under sanitary conditions so as not to endanger the public or animal health nor create a nuisance.

C. In cases involving a bona fide scientific or educational program, a show or exhibition made available for free to the public, or animals owned by the city, the veterinary officer may waive the requirements of this title concerning permits, fees or conditions if he finds that such waiver would not endanger the public or animal health or safety nor create a nuisance.

D. Animals shall not be displayed or exhibited to the public if they bear evidence of malnutrition, ill health, unhealed injury or having been kept in unsanitary condition, unless such display or exhibit is approved in writing by a veterinarian providing treatment for the subject animal, and such approval is made available to the department for inspection at the time of the display or exhibit.

(Ord. No. 17428, § 13, 10-5-2010/eff. 1-1-2011)

7.14.070 Animal establishments—Permit—Application—Fees.

A. Application for a permit to operate an animal establishment, including a show or exhibition, shall be made as provided in Section 7.04.090, and shall contain the information required herein and in Sections 7.04.090 and 7.14.010 of this Code.

B. In addition to the information required under Sections 7.04.090 and 7.14.010, an applicant for a permit under this section shall submit evidence or information as to the methods by which the applicant will comply with the requirements of Section 7.14.060 of this Code.

C. No permit may be issued or renewed under this section without the review and approval of the veterinary officer or other designee of the director that the applicant has submitted adequate evidence or information as required by subsection B.

D. Except as provided herein, all permits under this section shall be issued in accordance with Section 7.04.090 and shall be valid for twelve months, and may be renewed as provided in section 7.14.010 of this Code. Permits to show or exhibit animals (rodeos, circuses, shows, etc.) shall be valid only for the thirty-day period immediately following issuance.

(Ord. No. 17428, § 14, 10-5-2010/eff. 1-1-2011)

7.14.080 Breeder's permit.

A. Application for a breeder's permit shall be made as provided in Section 7.04.090, and shall contain the information required herein and in Sections 7.04.090 and 7.14.010 of this Code.

B. In addition to the information required under Sections 7.04.090 and 7.14.010, an applicant for a permit under this section shall submit the following information:

1. Whether the qualified animals are dogs or cats or both species, and the organizations or registries with which these qualified animals are registered;

2. A declaration of intent to breed only currently registered purebred animals of the same type and registry which are also eligible for registry with one or more additional registration agencies and that the offspring of any breeding are expected to be eligible for registration with the same registry, and/or to breed animals solely for the intended purpose of being trained and certified as service animals, for search and rescue use, or for official use by law enforcement and governmental agencies;

3. A statement that the applicant will not breed a qualified animal, other than service animals and animals for search and rescue use or for official use by law enforcement and governmental agencies, outside the age parameters as set by their sanctioned breed club or registry standards;

4. An agreement to provide copies of documents evidencing compliance with the requirements of this section at the request of the program;

5. The names of primary care-givers for the qualified animals in addition to the applicant;

6. A statement as to whether the applicant, any person identified under subsection B.5., or any person who resides at the premises where the qualified animal lives, has ever been convicted of or is on deferred adjudication for neglect, mistreatment or cruelty to animals; and

7. Provide evidence that all animals in the possession of the applicant are in compliance with all provisions of this title.

C. All permits under this section shall be issued in accordance with Section 7.04.090, provided however, no permit shall be issued to an applicant if the applicant, or any person residing at the premises where the qualified animal lives, when the director determines that such person has been convicted of or is on deferred adjudication probation for a violation of any federal, state, or local law or regulation for neglect, mistreatment or cruelty to animals that is relevant to the propriety of the issuance of the permit. Such a conviction or deferred adjudication occurring after a permit is issued may be grounds for the revocation of the permit. All permits shall be valid for thirty-six months, and may be renewed as provided in Section 7.14.010 of this Code.

D. Prior to issuing the permit, or upon an annual basis after the permit is issued, or at any time when the director has a reasonable basis to believe that an inspection is necessary to analyze or determine the appropriate status of the permit, he or his designees may inspect the qualified animal's living area during normal business hours upon giving the applicant a minimum of twenty-four hours notice. The applicant shall have an opportunity to be present at the time of inspection or to designate a representative to be present.

E. The issuance of a breeder's permit does not authorize the sale of any puppies or kittens from a litter, unless the breeder has also obtained a litter permit and complied with all other applicable provisions of this title including, but not limited to, the requirements for advertising.

(Ord. No. 17428, § 15, 10-5-2010/eff. 1-1-2011; Ord. No. 17635, § 10, 8-30-2011)

7.14.090 Animal welfare organization permit.

A. Application for a permit to operate an animal welfare organization shall be made as provided in Section 7.04.090, and shall contain the information required herein and in Sections 7.04.090 and 7.14.010 of this Code.

B. In addition to the information required under Sections 7.04.090 and 7.14.010, an applicant for a permit under this section shall submit the following information:

1. The organizational structure of the organization, including the names and address(es) of the members of the governing board;

2. If the organization is a tax-exempt non-profit corporation, information evidencing the non-profit status, along with evidence that the organization is in good standing with the Texas Comptroller of Public Accounts;

3. If the organization is not a tax exempt non-profit corporation, a description of the organizational structure and the length of time it has existed, and if the organization has never been permitted by the city under this section or approved as a rescue partner with the department, a letter of recommendation from a permitted animal welfare organization or a veterinarian;

4. Complete or update as necessary a previously completed rescue partner application as developed by the department and provide information as to how the organization will operate, how it will hold its animals, its plans for dealing with animals with behavior problems and medical/health problems; how it will acquire veterinary care for animals when necessary, how it will train any employees or volunteers, and how it will find new homes for animals;

5. Provide information as to the types of animals that the organization will work with and the anticipated maximum number of animals the organization will hold at any one time;

6. Provide information regarding the anticipated percentage of work that will be undertaken by the organization regarding dogs and cats that have been abandoned, recovered or found within El Paso County, Texas or a bordering county;

7. Explain the organization's policies and procedures for accepting the return of any dog or cat that had been less than one year of age when the organization transferred it to a new owner; and

8. Provide a copy of the most recent annual shelter inspection report required under Texas Health and Safety Code Section 823.003(d), or if the organization is foster-based, a letter from a veterinarian indicating that he has inspected some or all of the foster homes for the health and welfare of the animals and the findings thereof.

C. All permits under this section shall be issued in accordance with Section 7.04.090 at no cost and shall be valid for twelve months, and may be renewed as provided in Section 7.14.010.

D. Prior to issuing the permit, or at any time when the director has a reasonable basis to believe that an inspection is necessary to analyze or determine the appropriate status of the permit, he or his designees may inspect any premises identified under subsection B.8. during normal business hours or other agreed-upon hours upon giving the applicant a minimum of twenty-four hours notice. The applicant shall have an opportunity to be present at the time of inspection or to designate a representative to be present.

(Ord. No. 17428, § 16, 10-5-2010/eff. 1-1-2011; Ord. No. 17635, § 11, 8-30-2011)

Article I. General Provisions

7.15.010 Compliance required.

No person shall engage in the practice of animal grooming without first having obtained and paid for a valid license from the permit official. All persons subject to regulation by this Chapter 7.15 shall also comply with all standards regulating the humane treatment and grooming of animals, including, but not limited to those found in Title 7 of the El Paso City Code, Texas Penal Code, §42.092, and CFR Title 9, Chapter I, Standards.
(Ord. No. 19087, § 14, 8-18-2020)

Article II. Groomer License

7.15.020 Groomer license required.

A. A groomer license must be obtained by any person that performs animal grooming.

B. Licensed groomers must have said license and valid state-issued photographic identification in their possession and available for inspection by shop owners, clients and city officials at all times when grooming.

C. A licensed groomer shall only perform animal grooming at a grooming shop that has obtained a current, valid registration from the City of El Paso.
(Ord. No. 19087, § 14, 8-18-2020)

7.15.030 Groomer license application.

A. An individual seeking to perform animal grooming must first obtain from the director or designee, an animal groomer certificate or other proof of completion of the director's animal groomer training course or an equivalent course pre-approved by the director before obtaining a groomer license.

1. An individual must register for the animal groomer training course by submitting a form obtained from the department and paying the course fee.

2. The animal groomer certificate or other proof of animal groomer training course completion is valid for five years from the date of issuance.

B. An individual seeking to perform animal grooming must submit a signed, verified application annually, with the appropriate application fee(s), to the permit official. Applications shall be on forms obtained from the permit official and must contain, at a minimum, the following true and correct information and documentation:

1. Full name of groomer;

2. Address of groomer;

3. Proof of identification of groomer, in the form of a valid government-issued photographic identification;

4. A copy of the individual's animal groomer certificate and pet CPR certificate;

5. A sworn statement that the groomer is not under criminal investigation for, does not have pending criminal charges or a conviction for animal cruelty or a similar offense (e.g., battery, assault, domestic violence, any crime of a violent nature) in Texas or any other jurisdiction in the past seven years;

6. Any other information as required by the application.

(Ord. No. 19087, § 14, 8-18-2020; Ord. No. 19282, § 4, 1-19-2022)

7.15.040 Application processing.

A. Upon receipt of a complete application as provided in this chapter and payment of the established fee, the permit official shall review and process the application.

B. The permit official shall issue the license unless he finds that the application should be denied as provided in Section 7.15.070 of this Code.

C. The license shall be valid for the term of one year. Groomers in possession of a groomer license must apply to the permit official for renewal no more than sixty days and no less than thirty days prior to the expiration of the license to prevent a lapse in licensing. Applications for renewal shall be processed in the same manner as an original application.

D. In the event the permit official denies the application, the applicant shall be notified in writing as to the reason(s) for the denial, as set forth in Section 7.15.070 of this Code.

(Ord. No. 19087, § 14, 8-18-2020)

7.15.050 No license transfer.

A groomer license cannot be transferred to another person for any use or benefit. A groomer may utilize the same valid groomer license at more than one shop provided the shop has a valid registration as required by this chapter.

(Ord. No. 19087, § 14, 8-18-2020)

7.15.060 Fees.

The groomer shall pay to the city all established fees for the license provided in accordance with this chapter.

(Ord. No. 19087, § 14, 8-18-2020)

7.15.070 Denial.

A. The permit official shall deny an application for a groomer license, whether original or renewal, by serving the applicant with written notice by regular mail to the address listed in the application, if:

1. The applicant is found to be in violation of this chapter or found, in the opinion of the director, to pose a significant risk to the public or animals for failure to meet the minimum standards of care set forth in Title 7; or

2. The permit official finds any of the following:

a. That the applicant has supplied false or incorrect information on any application for a license;

b. That the applicant has failed to supply all information and/or documentation required on the application form;

c. That the applicant has failed to pay the application fee;

d. That the applicant is under criminal investigation for animal cruelty or a similar offense

(e.g., battery, assault, domestic violence, any crime of a violent nature) in Texas or any other jurisdiction;

e. That the applicant has pending criminal charges for animal cruelty or a similar offense (e.g., battery, assault, domestic violence, any crime of a violent nature) in Texas or any other jurisdiction;

f. That the applicant has been convicted of animal cruelty or a similar offense (e.g., battery, assault, domestic violence, any crime of a violent nature) in Texas or any other jurisdiction in the past seven years;

g. That the applicant was providing grooming services without a license within the preceding six months of the person's application for a license.

B. In the event that an applicant's current license is under suspension, no new license or suspension shall be issued until the term of such suspension has expired.

C. In the event that an applicant's current or prior license is revoked pursuant to Section 7.15.080 of this chapter, no new license or suspension shall be issued until the term of such revocation has expired.

D. The permit official shall issue the written notice of denial of a license to the applicant which shall contain, at a minimum, the following:

1. The name of the applicant;

2. Statement that the license is denied; and

3. Reason(s) for the denial.

(Ord. No. 19087, § 14, 8-18-2020; Ord. No. 19282, § 5, 1-19-2022)

7.15.080 Groomer license suspension or revocation.

A. Suspension of Groomer's License. The director may suspend a groomer's license if the director determines any of the following occurred:

1. The license holder is under investigation or has pending criminal charges for violating a provision of this chapter or a rule adopted under this chapter;

2. The license holder is under investigation or has pending criminal charges for having been intoxicated or under the influence of a mind-altering substance while providing grooming services;

3. The license holder is under criminal investigation or pending criminal charges for animal cruelty;

4. The license holder groomed an animal(s) without verifying that the animal had current vaccinations, microchip and city registration as required by applicable city, state and federal regulations;

5. The license holder failed to provide a written report of a grooming-related injury requiring medical attention or the death of any animal whom he or she groomed to the department within forty-eight hours of the occurrence of such incident.

B. Term of Suspension. The director may suspend a groomer's license according to the below:

1. Except as provided by paragraph 2 below, the director may suspend a groomer's license for up to sixty calendar days.

2. A suspension due to a criminal investigation or pending criminal charges shall remain in effect until the first of the following occurs:

a. The license term expires;

b. The criminal investigation ends without pursuit of criminal charges; or

c. The criminal charges are dismissed.

C. Notice of Intent to Suspend. Prior to the issuance of a suspension pursuant to paragraph A of this section, the director will issue a notice of intent to suspend. The notice of intent to suspend will include the following:

1. Name and address of the groomer;

2. Reason(s) for proposed suspension;

3. Notice of any corrective measures necessary to bring the groomer into compliance with the requirements of this chapter;

4. Ten calendar day time limit for the completion of the corrective measures;

5. Statement that the license, is subject to suspension for failure to complete the corrective measures within the allotted time;

6. Require the groomer license be surrendered in-person or by certified mail to the director within seven calendar days of receipt of notice of suspension.

7. Statement that the license, is subject to revocation for failure to surrender groomer license within the allotted time; and

Failure to adopt the corrective measures by the time allotted in the notice of intent to suspend will result in suspension of the license. The director may reduce the time of suspension upon completion of the required corrective measures.

D. The director may revoke a groomer's license if the licensed groomer is suspended for two violations of this chapter within a twelve-month period.

E. Revocation of Groomer's License. The director may revoke a groomer's license subject to this chapter if the director determines that any of the following occurred:

1. The license holder supplied false or misleading information on any application for a license;

2. The license holder continues to provide grooming services on a suspended license;

3. The license holder is found to be violating a provision of this chapter or a rule adopted under this chapter;

4. The license holder is found to have been intoxicated or under the influence of a mind altering substance while providing grooming services;

5. The license holder is convicted of animal cruelty.

F. A licensed groomer that has had his license suspended or revoked shall surrender the groomer license to the director within seven calendar days of receiving notice from the city of suspension or revocation, regardless of whether the registrant or licensed groomer requests an appeal in accordance with Section 7.15.190 of this Code.

1. In the case of suspension, failure to surrender the groomer license within seven days' notice of the suspension shall cause the director to revoke the license. For the purpose of this provision, notice is considered received upon the department's mailing the notice via regular mail to the address listed in the groomer's license application.

2. A suspended license holder shall not commence operations after the term of suspension has ended without first retrieving his license from the director.

G. Notice of Suspension or Revocation. The director shall issue a written notice of suspension or revocation, pursuant to subsection A of this section to the groomer at issue and any shop at which such groomer provides services, which shall contain, as applicable, the following:

1. Name and address of the groomer;

2. Statement of whether the license is suspended or revoked;

3. Reason(s) for the suspension or revocation;

4. Notice of any corrective measures necessary to bring the groomer into compliance with the requirements of this chapter;

5. Reserved.

6. Statement that the license, if suspended, is subject to revocation for failure to complete the corrective measures by the end of the suspension term;

7. Order that the groomer license be surrendered in-person or by certified mail to the director at animal services within seven calendar days of receipt of notice of suspension or revocation;

8. Statement that the license, if suspended, is subject to revocation for failure to surrender groomer license within the allotted time; and

9. Statement that the suspension or revocation may be appealed under the provisions set forth in Section 7.15.190 of this Code.

H. License Reinstatement. A licensed groomer may seek to reinstate a revoked license according to the below:

1. A groomer must reapply for a groomer's license pursuant to Section 7.15.030 of this chapter. A groomer may not reapply for a new license for a period of twelve months after said license has been revoked.

2. A groomer who is found to perform grooming services with a revoked license shall not be eligible to reapply for a new license for a period of eighteen months after said license has been revoked.

(Ord. No. 19087, § 14, 8-18-2020; Ord. No. 19282, § 6, 1-19-2022)

Article III. Shop Registration

7.15.090 Shop registration required.

A. Shop registration shall be required for any animal establishment where grooming is performed. It shall be a violation of this chapter for any shop to perform grooming without first having obtained and paid for a valid registration from the permit official.

B. The shop registration certificate shall be displayed inside the Shop during regular operation of the shop and shall be visible for inspection by groomers, clients and city officials.

C. The registration requirements of this chapter do not apply to veterinary offices, veterinary clinics, or veterinary hospitals.

D. A registered shop shall only employ and/or allow groomers in possession of a current, valid groomer license issued by the city, to provide grooming services and must adhere to the following:

1. The shop must at all times maintain and have available for department inspection a list on a form provided by the city, with the following:

a. The name and groomer license number of each groomer employed by or allowed the use of the shop in the previous two years; and

b. The date each groomer began employment with or use of the shop; and

c. The date each groomer ceased its employment with or use of the shop.

2. The shop must perform a mandatory statewide criminal background check on any groomer employed by or allowed to use the shop;

3. Any groomer with a conviction for animal cruelty or any similar violation (e.g., battery, assault, domestic violence, any crime of a violent nature) within the previous seven years must not be employed by or allowed use of the shop;

E. The shop shall maintain shop hygiene, public health and safety standards in accordance with applicable municipal, state and federal regulations so as not to endanger the public or animal health or create a nuisance.

F. The shop shall ensure that the building, facility or mobile structure in which it operates is kept in a clean and sanitary condition and is equipped with the following:

1. Hot and cold running water; and

2. Working air conditioning and heating unit(s); and

3. Proper ventilation and filtration system.

G. The shop shall take every reasonable precaution to ensure that animals are not abused, mistreated, neglected, endangered or in any manner made to suffer by any persons, animals, or any other means. Any tack, equipment, device, substance or material that is or could be injurious or cause unnecessary cruelty to any animal is prohibited.

H. The shop shall provide each animal under its care and control with the following:

1. Fresh water within each animal's kennel. Fresh water shall be provided in a bowl free of debris, and if not new, properly sanitized before each animal's use;

2. A clean and sanitary kennel or cage of appropriate size, suitable for each animal.

I. The shop must provide a means for the owner(s) of any animal receiving grooming services to observe the grooming process either by use of a video surveillance system or windows through which the services can be seen as they are rendered.

J. The shop must not take possession of or provide grooming services to an animal that does not have current vaccinations, microchip and city registration as required by applicable city, state and federal regulations.

K. The shop must report all grooming-related injuries to animals requiring medical atten-

tion and the deaths of any animal at the shop, in writing within forty-eight hours of the occurrence of such incident to the department. Such report must include:

1. The name, address and phone number of the owner or guardian of the injured or deceased animal as well as name of the injured or deceased animal; and

2. Any information known as to how the injury to or death of the animal took place.

L. The shop must maintain accurate records of all transactions showing the date, type of animal, type of activity, groomer that provided services and parties to any transaction. Such records shall be kept for a minimum of two years and will be made available upon demand to the department.

M. All documents relevant to each groomer's application, criminal background check, and supporting documents shall be available on site for inspection.

(Ord. No. 19087, § 14, 8-18-2020; Ord. No. 19282, § 7, 1-19-2022)

7.15.100 Shop registration application.

A. Shop registration shall be required for any shop where animal grooming is performed. No shop shall be allowed to perform animal grooming without first having obtained and paid for a valid registration from the permit official. Applications shall be on forms obtained from the permit official and shall contain, at a minimum, the following information:

1. Full name of the owner of the shop;

2. Address of the owner of the shop;

3. Shop address;

4. Indication of existing shop (in operation for the preceding twelve months) or new shop;

5. Copies of all groomers' current animal grooming licenses issued by the department; shops will not be issued shop registration without licensed groomers;

6. Except for a shop that is new, copy of current shop registration issued by the permit official;

7. A current, valid certificate of occupancy issued by the building official for the shop;

8. The acreage or square footage where the animals will be kept;

9. The number of anticipated animals or the average number of animals the shop services over the course of a twelve-month span;

10. The kinds of enclosures within which the animals are to be kept;

11. Information or evidence as to the methods by which the applicant will make and maintain accurate records of all transactions for a minimum of two years;

12. Information or evidence as to the methods by which the applicant will keep the shop under sanitary conditions so as not to endanger the public or animal health nor create a nuisance;

13. Information or evidence of compliance with the city's zoning ordinances for facilities, activities and operations conducted on property within the city limits; and

14. Any other information as required by the application.

(Ord. No. 19087, § 14, 8-18-2020; Ord. No. 19282, § 8, 1-19-2022)

7.15.110 Shop registration application processing.

A. Upon receipt of a proper application as provided in this chapter and payment of the established fee, the permit official shall review and process the application.

B. The permit official shall issue the registration unless he finds that the registration should be denied as provided in Section 7.15.140 of this Code, as amended.

C. The term of a registration issued under this chapter shall be renewed annually by the last day of the month in which the registration was issued, accompanied by payment of the established fee. Applications for a renewal shall be processed in the same manner as an original application.

D. In the event the permit official denies the application, the applicant shall be notified in writing as to the reason(s) for the denial, as set forth in Section 7.15.140 of this Code, as amended.
(Ord. No. 19087, § 14, 8-18-2020)

7.15.120 No transfer of shop registration.

Shop registration shall not be transferred to any person for any use or benefit. Any change in ownership or registered shop location shall require a new shop registration application and registration.
(Ord. No. 19087, § 14, 8-18-2020)

7.15.130 Fees.

The shop registrant shall pay to the city all established fees for the registration provided in accordance with this chapter.
(Ord. No. 19087, § 14, 8-18-2020)

7.15.140 Denial.

A. The permit official shall deny an application for shop registration, whether original or renewal, by serving the applicant with written notice by regular mail, if:

1. The applicant is found to be in violation of this chapter or found, in the opinion of the director, to pose a significant health risk to the public or animals for failure to meet the minimum health standards or standards of care set forth in this chapter; or

2. The permit official finds any of the following:

a. That the applicant has supplied false or incorrect information on any application for a registration;

b. That the applicant has failed to supply all information required on the application form;

c. That the applicant has failed to pay the application fee; or

d. That the applicant does not have any licensed groomers employed to operate.

B. In the event that an applicant's registration is under suspension, no new registration shall be issued until the term of such suspension has expired.

C. In the event that an applicant's registration is revoked, no new registration shall be issued until the term of such revocation has expired.

D. The permit official shall issue the written notice of denial of a registration to the applicant which shall contain, at a minimum, the following:

1. The name of the applicant or shop;

2. Statement that the registration is denied; and

3. Reason(s) for the denial, as listed in this section.
(Ord. No. 19087, § 14, 8-18-2020; Ord. No. 19282, § 9, 1-19-2022)

7.15.150 Shop suspension or revocation.

A. Suspension of Registration. The director may suspend a registration subject to this chapter if the director determines that any of the following is true:

1. The registration holder supplied false or misleading information on any application for a registration;

2. The registration holder is under investigation or has pending criminal charges for a violation of a provision of this chapter, a rule adopted under this chapter, or a provision of Title 7 of the El Paso City Code, as amended.

B. Term of Suspension. The director may suspend a shop's registration according to the below:

1. Except as provided by paragraph 2 below, the director may suspend a shop's registration for up to sixty calendar days.

2. A suspension due to a criminal investigation or pending criminal charges shall remain in effect until the first of the following occurs:

a. The registration term expires;

b. The criminal investigation ends without pursuit of criminal charges; or

c. The criminal charges are dismissed.

C. Notice of Intent to Suspend. Prior to the issuance of a suspension pursuant to paragraph A of this section, the director will issue a written notice of intent to suspend. The notice of intent to suspend will include the following:

1. Name and address of the registrant and shop;

2. Reason(s) for the suspension or revocation;

3. Notice of corrective measures to bring the shop into compliance with the requirements of this chapter;

4. Reasonable time limit for the completion of the corrective measures;

5. Statement that the registration, if suspended, is subject to revocation for failure to complete the corrective measures within the allotted time;

6. Order that the registration certificate be surrendered in-person or by certified mail to the director at animal services within seven days of receipt of notice;

7 Statement that the registration, if suspended, is subject to revocation for failure to surrender registration certificate within the allotted time; and

8. Statement that the suspension or revocation may be appealed under the provisions set forth in Section 7.15.190 of this chapter.

Failure to adopt the corrective measures by the time allotted in the notice of intent to suspend will result in suspension of the registration. The director may reduce the time of suspension upon completion of the required corrective measures.

D. The director may revoke a shop registration, if the shop owner is suspended for two violations of this chapter within a twelve-month period.

E. Revocation of Registration. The director may revoke a groomer's license subject to this chapter if the director determines that any of the following occurred:

1. The shop continues to operate on a suspended registration;

2. The registration holder is convicted of violating a provision of this chapter, a rule adopted under this chapter, or a provision of Title 7 of the El Paso City Code, as amended.

F. A shop registrant that has had his registration suspended or revoked shall be required to surrender the registration certificate to the director within seven calendar days of receiving notice from the city of suspension or revocation, regardless of whether the registrant requests an appeal in accordance with Section 7.15.190 of this Code.

1. In the case of suspension, failure to surrender the registration certificate within seven days of notice shall cause the director to revoke the registration. For the purpose of this provision, notice is considered received upon the department's mailing the notice via regular mail to the mailing address listed in the registrant's application.

2. A shop registrant shall not commence operations after the term of suspension has ended without first retrieving their registration from the director.

3. A shop registrant shall not continue operations during the period of suspension or revocation of their registration.

G. Notice of Suspension or Revocation. The director shall issue a written notice of suspension or revocation of a registration which shall contain, as applicable, the following:

1. Name and address of the registrant and shop;

2. Statement of whether the registration is suspended or revoked;

3. Reason(s) for the suspension or revocation;

4. Where applicable, order that the shop be closed;

5. Notice of corrective measures to bring the shop into compliance with the requirements of this chapter;

6. Reasonable time limit for the completion of the corrective measures;

7. Statement that the registration, if suspended, is subject to revocation for failure to complete the corrective measures within the allotted time;

8. Order that the registration certificate be surrendered to the director within seven days of receipt of notice;

9. Statement that the registration, if suspended, is subject to revocation for failure to surrender registration certificate within the allotted time; and

10. Statement that the suspension or revocation may be appealed under the provisions set forth in Section 7.15.190 of this chapter.

H. The director shall post a sign at any location where a shop registration has been suspended or revoked pursuant to this chapter. Said sign shall contain the following statement:

SHOP CLOSED BY ORDER OF THE CITY OF EL PASO DEPARTMENT OF ANIMAL SERVICES. VIOLATORS OF THIS ORDER ARE SUBJECT TO PROSECUTION PURSUANT TO TITLE 7 AND ANY OTHER APPLICABLE PROVISIONS OF THE EL PASO CITY CODE.

I. Reinstatement of Registration. A registrant may seek to reinstate a revoked registration according to the below:

1. A registrant must reapply for a new registration pursuant to Section 7.15.100 of this chapter. A registrant may not reapply for a new registration for a period of twelve months after said registration has been revoked.

2. A shop registrant who is found to perform grooming services with a revoked registration shall not be eligible to reapply for a new registration for a period of eighteen months after said registration has been revoked.
(Ord. No. 19087, § 14, 8-18-2020)

7.15.160 Immediate closure by director.

A. The director may order the immediate closure of a shop when there is a reasonable basis to believe that an animal contracted or was exposed to any serious communicable disease while being groomed at the shop. Immediately following such closure, the director shall proceed as appropriate under Section 7.15.150 of this Code regarding the status of the shop registration and licenses issued to any groomers providing onsite services in the preceding seven days.

B. Failure to promptly comply with the notice of immediate closure shall subject the shop to other legal remedies as are available to the city.
(Ord. No. 19087, § 14, 8-18-2020)

Article IV. Enforcement Authority

7.15.170 Enforcement authority.

The duly authorized representative of the director, to include but not limited to a peace officer, officer or inspector from animal services, code compliance or planning and inspections, shall be authorized to administer and enforce the provisions of this chapter and to issue citations to any person violating the provisions of this chapter.
(Ord. No. 19087, § 14, 8-18-2020)

Article V. Inspection

7.15.180 Inspection.

A. The director or designee, a peace officer, officer or inspector from animal services, code compliance or planning and inspections, may enter any shop at all reasonable times to inspect, enforce or investigate the shop's registration and groomers' licensing. If such shop is occupied, the individual conducting the inspection shall first present proper credentials and request entry. If no one is onsite at the shop to provide entry, an effort shall be made to locate the owner or other person responsible for the premises to request entry.

B. If such entry is denied or permission cannot be obtained, the director shall have recourse through every remedy provided by law to secure entry.

C. When the director or designee obtains a legal inspection warrant or other remedy to secure entry, the owner, occupant or person having charge, care or control of the shop, building or premises shall, upon a proper request, promptly permit the director or designee or inspector entrance to inspect and investigate pursuant to this chapter or other applicable state or federal law.

D. The director shall provide a written notice, by means of the inspection report or otherwise, to the owner or person in charge of the

animal grooming shop and applicable groomer when a violation of any provision of this chapter or other applicable state or federal law is determined, which shall include:

1. A description of each violation;

2. A specific, reasonable time period for the correction of each violation;

3. A statement that the shop who receives said notice, may request a re-inspection through the city's appropriate office and pay the re-inspection fee authorized by city council; and

4. A statement that a shop's registration is subject to suspension or revocation and that legal action may be taken for a failure to comply with the notice.

5. A statement that a groomer's license is subject to suspension or revocation and that legal action may be taken for failure to comply with the notice.

E. A groomer may be subject to inspection either during an unannounced inspection of a shop, or as a result of a scheduled inspection arranged by the director.
(Ord. No. 19087, § 14, 8-18-2020)

Article VI. Appeals

7.15.190 Groomer license and shop registration-appeal of denial, suspension or revocation.

Any applicant for a groomer's license or shop registration may appeal the denial, suspension or revocation of a license or registration required by Chapter 7.15 of this Code to the city manager as provided in this section.

A. A director or permit official's decision is final unless within ten calendar days from the date of the issuance of a notice of denial, suspension, or revocation, the applicant, licensee, or registrant files with the city clerk a written appeal to the city manager specifying reasons for the appeal. Said appeal shall also include a written rebuttal to the notice of denial, suspension or revocation.

B. The city manager or designee shall review the notice of denial, suspension, or revocation and the appellant's rebuttal. The city manager or designee may allow the appellant to make an oral presentation or submit additional rebuttal. The city manager or designee shall make a ruling on the appeal within a reasonable period of time after the appeal has been filed.

C. The city manager or designee shall sustain, reverse or modify the action of the director, or permit official and shall notify the appellant of the decision in writing. The decision of the city manager or designee is final.

Chapter 7.16

IMPOUNDMENT

Sections:

7.16.010 Notification.

7.16.020 Redemption—Disposition.

7.16.030 Fees.

7.16.010 Notification.

A. Dogs or cats not vaccinated, registered or microchipped may be seized subject to warrant and impounded at the center.

1. This provision shall not apply to an ear tipped cat indicating that it has been processed through the trap-neuter-return protocol.

B. Any animal found to be running at large may be seized and impounded at the center.

1. This provision shall not apply to a cat that can be identified as having an owner or caregiver by collar and tags, microchip, or identifying tattoo.

2. This provision shall not apply to an ear tipped cat indicating that it has been processed through the trap-neuter-return protocol.

C. Any animal found to be kept in violation of the provisions of this title, or infected with diseases or kept under conditions which could endanger the public or animal health or create a nuisance, may, upon lawful order, be impounded by the program. Animals so impounded shall be released after the reason for causing the impoundment has been corrected and all fees have been paid, or such animals shall be subject to the provisions for disposition.

D. Reasonable efforts shall be made by the program to promptly notify the owner of any impounded animal as verified by the information provided in a vaccination certificate, registration certificate or microchip record by telephone or personal service at the place listed on the certificate. (Ord. 16229 § 1 (part), 2006)
(Ord. No. 18472, § 6, 2-23-2016)

7.16.020 Redemption—Disposition.

A. The owner of any impounded dog or cat shall be entitled to resume possession of such dog or cat upon payment of the established impoundment and daily handling fees and compliance with vaccination, registration, microchipping, spaying or neutering requirements, and other legal requirements for keeping such dog or cat.

B. An additional fee in the amount established by the council shall be paid by the owner of an unaltered dog or cat more than four months of age that is impounded by the program for a second time within a one year period, upon a third time within a two-year period or upon a fourth and each subsequent time during the animal's life. To further the city's interest in combating pet overpopulation and promoting spaying and neutering of pets as part of responsible dog and cat ownership, the city will refund the additional established fee to the owner if the owner provides evidence to the program that the dog or cat was spayed or neutered within thirty days after the day the owner resumed possession of the dog or cat. All requests for a refund under this section shall be submitted to the program no later than the 60th day after the date the dog or cat was spayed or neutered and only one fee paid under this subsection is eligible for a refund.

C. Any animal other than a dog or cat impounded may be reclaimed by the owner upon payment of impoundment and daily handling fees and compliance with other legal requirements for keeping of such animal.

D. Any animal impounded and not claimed by the owner may be humanely destroyed after being held for at least three days after the day of impoundment; provided however, that any impounded dog, cat or ferret found to be microchipped or displaying a current vaccination and/or registration tag shall be held for at least six (6) days after the day of impoundment.

1. Notwithstanding the foregoing:

a. Litters of animals including the nursing mother, and unweaned animals without a mother, may be transferred to an animal welfare organization immediately after impound; and

b. Injured and ill animals may be transferred to an animal welfare organization immediately after or at any time during impoundment upon the representation by such animal welfare organization that it will seek immediate veterinary care for the animal.

c. For all animals transferred to an animal welfare organization under this section, the organization shall hold the animals for reclaim by the owner the requisite number of days set forth above and may request charges to recover the fair and reasonable costs of care of such animals upon being reclaimed.

d. In the event an ear tipped cat indicating that is has been processed through the trap-neuter-return protocol is impounded, said cat shall not be subject to the stated impoundment holding period and shall be returned by the program to the location where the cat was trapped as soon as the program's resources permit, subject to Subsection 7.16.020G of this Chapter.

e. In the event any cat not showing evidence of ownership (whether by collar and tags, microchip, identifying tattoo or other method of displaying identification), is impounded, said cat may become a trap-neuter-return cat, and in that case shall be processed through the trap-neuter-return protocol, subject to Subsection 7.16.020G of this Chapter.

E. The department shall establish policies and procedures which shall be used in determining the health and potential identity of impounded animals.

F. If the director or veterinary officer determines that any unclaimed animal is reasonably healthy, currently vaccinated against rabies or vaccinated prior to release for adoption as required, and would not constitute a threat to public or animal health of the community, he may, after the holding period, offer such animal for adoption by using selection criteria established by the director. Individual animals not fitting the selection criteria will not be eligible for adoption, but may be released to an animal welfare organization.

1. Any dog or cat adopted from the center must be spayed or neutered, microchipped, and vaccinated against rabies. Adoption of animals previously unvaccinated against rabies shall not be allowed if a domestic case of rabies is confirmed in the community and the director imposes a rabies quarantine.

2. If any impounded animal, other than a dog or cat, is unclaimed by the owner, the animal shall be held for such time as the veterinary officer deems reasonable, considering the animal's probable value, conditions of health, and suitability for use. Upon expiration of such reasonable time he may offer the animal for sale or adoption to the city zoo or any animal welfare organization, or may have it humanely destroyed.

G. Any animal impounded and suffering from serious injuries may be humanely destroyed after reasonable efforts to determine ownership have failed. Any impounded animal who is in severe, unremitting pain and symptomatic animals with suspected cases of communicable disease or a suspected case of rabies, as determined by the veterinary officer, shall be euthanized without delay.

H. Animals may be offered for adoption, transferred to an animal welfare organization or euthanized before the end of the required holding period if upon notification of impoundment of the animal the owner states he does not wish to redeem the animal and subsequently in writing releases the animal to the sole jurisdiction of the program.

I. The owner of an animal impounded or quarantined and not redeemed within the required holding period shall be responsible for all associated fees (impoundment, daily handling, euthanasia) whether such animal is claimed or not.
(Ord. 16807 §§ 4 (part), 15, 2007; Ord. 16229 § 1 (part), 2006)
(Ord. No. 17428, § 17, 10-5-2010/eff. 1-1-2011; Ord. No. 17635, § 12, 8-30-2011; Ord. No. 18472, § 7, 2-23-2016)

7.16.030 Fees.

A. Impoundment and daily handling fees are established and shall be charged according to animal classification, as follows:

1. Class A—Includes dogs, cats and ferrets; and exotic animals NOT requiring capture by department personnel;

2. Class B—Includes sheep, lambs, pigs, sows, goats, calves, foals and animals of same approximate size and weight as those specifically listed as Class B animals;

3. Class C—Includes cattle, horses, ponies, mules and animals of the same approximate size and weight as those specifically listed as Class C animals;

4. Class D—Exotic animals requiring capture by department personnel.

B. The department may establish vaccination, microchipping, adoption and other services relating to the health and safety of animals and the return of animals to their owners or to new owners, conduct clinics for the public to provide such services, and charge the established fees for such services.

C. The established fee will be charged for animal delivery service requested by the owner of an animal when the animal has been previously redeemed at the center.

D. Fees for all registrations and permits issued under this chapter are established and shall be charged on an annual basis, unless otherwise specifically provided in this title.

E. Any dog, cat or ferret redeemed by or released from quarantine or impoundment to an owner shall be required to meet the vaccination, registration and microchip requirements of this title prior to release. If vaccination, registration or microchipping is performed at the center the established fees for such services shall be paid prior to the release.

F. Dog or cat traps shall be made available to any adult resident of the City of El Paso at no charge. By borrowing a trap, each resident hereby agrees:

1. That all traps will be returned no later than the fifth day after pick-up or delivery of the trap;

2. Cats shall only be trapped for the purposes of trap-neuter-return or if the cat is injured or sick;

3. The program is entitled to reimbursement for the full replacement cost of the trap should it not be timely returned; and

4. To pay the established fee for the City to deliver a trap to a member of the public upon that person's request. (Ord. 16229 § 1 (part), 2006) (Ord. No. 17428, § 18, 10-5-2010/eff. 1-1-2011; Ord. No. 18472, § 8, 2-23-2016)

Chapter 7.20

QUARANTINE

Sections:

7.20.010 Ordering of quarantine.

7.20.020 Rabies quarantine—Confinement—Disposition.

7.20.010 Ordering of quarantine.

The director, upon receiving notification from the owner, victim, a physician or other complainant that any animal, except those classified as low risk, is involved in an animal-to-human bite incident, shall order the quarantine of the animal causing the bite. Upon issuing the order for quarantine, the rules provided for in this chapter for quarantine shall be enforced and every person, to whom such order is shown or has actual knowledge thereof, shall obey all requirements of the quarantine. (Ord. 16807 § 16, 2007: Ord. 16229 § 1 (part), 2006)
(Ord. No. 17635, § 13, 8-30-2011)

7.20.020 Rabies quarantine—Confinement—Disposition.

A. Every animal that bites a human or other animal, or has rabies or is under suspicion of having rabies, shall be immediately confined by the owner, who shall promptly notify the program of the place where such animal is confined and the reason therefor. The owner shall not permit such animal to come in contact with any other person or animal.

B. Every animal that has been bitten by another animal shall be immediately confined by the owner who shall promptly notify the program of the place where such animal is confined and the reason therefor. Confinement shall continue until release of the animal by the program. (Ord. 16229 § 1 (part), 2006)

Chapter 7.24

LIVESTOCK AND OTHER ANIMALS

Sections:

7.24.010 Permits—Livestock.

7.24.020 Other animals—Restrictions—Permit requirements.

7.24.030 Pens and enclosures—Sanitation requirements.

7.24.040 Keeping horses and cattle—Restrictions.

7.24.050 Additional permit requirements.

7.24.060 Sale of certain baby chickens, ducks, other fowl, rabbits and turtles prohibited.

7.24.070 Coloring of chickens, ducks, other fowl and rabbits unlawful.

7.24.080 Payment of single permit fee.

7.24.090—7.24.130 Reserved.

7.24.010 Permits—Livestock.

A. Except in a farm-ranch district or zoning district in which a stockyard or stable is permitted, no person shall keep any livestock within the city without a permit as herein provided.

B. No person shall keep any livestock within the city in violation of the provisions of the zoning ordinance.

C. Application for any permit required in this section shall be made pursuant to Sections 7.04.090 and 7.24.050 of this Code accompanied by a payment of the established fee for one or more livestock. In addition to the requirements set forth in Sections 7.04.090 and 7.24.050, the application shall state the name and residence of the applicant, the location of the premises where such livestock are to be kept, the acreage and square footage of the area in which they are confined, the number of such livestock, and the kind of enclosure within which they are to be kept. (Ord. 16807 § 3 (part), 2007; Ord. 16229 § 1 (part), 2006)
(Ord. No. 17428, § 20, 10-5-2010/eff. 1-1-2011)

7.24.020 Other animals—Restrictions—Permit requirements.

A. Pigs. No person shall keep any hog, sow or pig within the city except in a farm-ranch district or zoning district in which a stockyard or stable is permitted, nor shall any person keep any hog, sow or pig within the city in violation of any zoning ordinances. However, this section shall not be intended to prohibit the keeping of Chinese or Vietnamese miniature potbellied pigs maintained as household pets.

B. Rabbits and Fowl.

1. Except in a farm-ranch district or zoning district in which a stockyard or stable is permitted or except where kept as household pets in quantities fewer than six, no person shall keep any rabbit or fowl within the city without a permit as herein provided, and where fowl are allowed, no person shall keep more than three roosters.

2. No person shall keep any animal within the city in violation of the provisions of the zoning ordinance.

3. Application for any permit required in this section shall be made pursuant to Sections 7.04.090 and 7.24.050. In addition to the requirements set forth in Sections 7.04.090 and 7.24.050, the application shall state the location of the premises where such rabbits or fowl are to be kept, the acreage and square footage where such rabbits and fowl are to be kept, the number of such rabbits and fowl, including specifically the number of roosters, and the kind of enclosure within which they are to be kept. (Ord. 16807 §§ 3 (part), 4 (part), 17, 2007; Ord. 16229 § 1 (part), 2006)
(Ord. No. 17428, § 21, 10-5-2010/eff. 1-1-2011)

7.24.030 Pens and enclosures—Sanitation requirements.

A. All livestock shall be kept in a secure pen or enclosure, which shall not be less than one hundred feet from any private residence (except that of the owner or person keeping such animals) or any hotel, apartment house, tenement house, hospital, church or school.

B. Fowl and rabbits subject to permitting shall be kept in a secure pen or enclosure that is at least thirty feet from any private residence (except that of the owner or person keeping such fowl or rabbits) or any hotel, apartment house, tenement house, hospital, church or school; provided, the pen or enclosure may be within twenty feet of such buildings if separated therefrom by a public alley and by a solid fence or wall at least six feet high between the pen or enclosure and the alley. In conjunction with issuance of a permit, the veterinary officer may waive the requirements as to distance from dwellings or other buildings if public health is not endangered nor a nuisance is created.

C. The word "kept" as used in this section does not prevent the temporary removal of the animal from the pen for any normal use or purpose, to include the release of homing pigeons from the pen or enclosure for the purpose of supervised flights.

D. All persons keeping permit animals shall comply with the following regulations:

1. Manure shall be removed from pens, stables, yards, cages and other enclosures at least twice weekly and handled or disposed of in such a manner as to keep the premises free of any nuisance.

2. Mound storage of manure between such removals shall be permitted only under such conditions as to protect against the breeding of flies.

3. The feeding of cooked or uncooked vegetables, cooked meat scraps or cooked garbage shall be done only in impervious containers or on an impervious platform. The feeding of uncooked meat scraps or garbage is prohibited.

4. Watering troughs or tanks shall be provided which shall be equipped with adequate facilities for draining the overflow, as to prevent the breeding of flies, mosquitoes or other insects.

5. No material subject to putrefaction shall be allowed to accumulate on the premises, including unconsumed feed materials and they shall be removed and disposed of by means approved by the veterinary officer.

6. All permit animals shall be kept in compliance with Section 7.08.050, standards for animal care. (Ord. 16229 § 1 (part), 2006)

7.24.040 Keeping horses and cattle—Restrictions.

A. Except in a farm-ranch district, or zoning district in which a stockyard or stable is permitted, no person shall keep an equine or bovine on any premises the overall area of which is less than one-third of an acre for each equine or bovine kept, nor keep more equines or bovines than can be cared for under sanitary conditions and not create a public nuisance and in no event exceed the permitted number of adult equine or bovine, and their foals or calves up to six months of age.

B. The number of equine or bovine permitted shall not exceed one adult per one-third acre for the first acre, one adult per one-half acre for the second acre, and two adults per acre for each additional acre over two acres of a single tract of land. The persons in lawful possession of the premises, as owner or tenant, may keep thereon equine or bovine belonging to others, but limited to number of equine or bovine on the premises and the area and distance requirements of this section and Section 7.24.030. (Ord. 16229 § 1 (part), 2006)

7.24.050 Additional permit requirements.

A. A permit issued under this chapter may include reasonable conditions, including total number of animals, authorized as determined by the veterinary officer to prevent a nuisance. All conditions of a permit are subject to review and revision by the veterinary officer and the veterinary officer may alter conditions or restrictions of the permit if any investigation indicates any changed conditions or circumstances since the original application.

B. The program shall determine by inspection or otherwise, whether the keeping of animals as proposed in any permit application under this chapter is in violation of any law or ordinance including, but not limited to, any zoning ordinance, and whether the keeping of such animals

will constitute a nuisance. In making such determination, the program shall consider the following factors and be guided by the following standards:

1. The area of the premises on which the animals are to be kept;

2. Whether the immediate neighborhood is residential or other;

3. Whether the zoning of the premises allows the keeping of such animals;

4. Whether the keeping of animals will endanger the public health or cause odors or noises offensive to persons of ordinary sensibilities;

5. Whether the keeping of such animals considering all the circumstances, is likely to endanger persons or property.

C. The veterinary officer shall verify his approval or disapproval of each application submitted pursuant to this chapter and shall issue or refuse the permit accordingly. The permit may include reasonable conditions determined by the veterinary officer to be necessary to prevent a nuisance, such as but not limited to, the number and kind of animals to be kept thereon.

D. Each permit shall be renewed annually by the last day of the month in which the permit was issued the previous year, accompanied by payment of the established fee. If ownership of the place in which the animals are kept is changed, the permit may be changed accordingly upon written verified application and payment of the established fee for amending the permit.

E. After reasonable written notice and opportunity to be heard, the veterinary officer may suspend or revoke any permit issued under this section for violation of this title by the permit holder or his agent or employee; or if conditions arise which could justify denying the permit on an original application he may review and alter conditions or restrictions of the permit if investigation indicates any changes since the original application.

F. Notice of a permit suspension or revocation must be delivered in person or in writing to the permit holder. A determination of suspension or revocation of a permit issued under this section may be appealed to the city manager in accordance with the procedures established in Section 7.04.100 of this Code.

Editor's note—Ord. No. 17428, § 22, adopted October 5, 2010, amended § 7.24.050 in its entirety to read as herein set out. Former § 7.24.050, pertained to animal establishments—shows and exhibitions—permits—application—fees, and Ord. No. 16229, § 1 (part), 2006.

7.24.060 Sale of certain baby chickens, ducks, other fowl, rabbits and turtles prohibited.

A. It is unlawful to sell, offer for sale, barter or give away baby chickens, ducks, or other fowl under three weeks old; rabbits under two months old; or viable turtle eggs and live turtles with a carapace (shell) length of less than four inches except as permitted by federal law or regulation, as pets, toys, premiums, or novelties.

B. As used in this section, the term "turtles" includes all animals commonly known as turtles, tortoises, terrapins, and all other animals of the order Testudinata, class Reptilia, except marine species (familes Dermachelidae and Chelonidae).

(Ord. No. 17428, § 23, 10-5-2010/eff. 1-1-2011)

7.24.080 Payment of single permit fee.

Premises with animals in more than one permit category under this chapter shall be charged

one fee for all permits. Such fee shall be equal to the amount of the highest individual permit fee, which would have been charged if the permits had been separately issued. Permit fees are not to be prorated or refunded.

(Ord. No. 17428, § 25, 10-5-2010/eff. 1-1-2011)

7.50.010 Creation and purpose of the Department of Animal Services.

7.50.020 Staffing of the Department of Animal Services.

7.50.030 Effective date.

7.50.010 Creation and purpose of the Department of Animal Services.

A. There is hereby established the Department of Animal Services in the City of El Paso, which shall generally provide for the protection and regulation of companion animals and other animals in the City and within other areas in the County of El Paso in which the employees working in the department are authorized to act.

B. The primary function of the department shall be to provide animal related regulatory services meant to support the well-being of companion animals and other animals living in the City, to include services for the payment of fees; the issuance and revocation of licenses and permits; ordinance, statutory and other regulatory enforcement, including inspections of premises and animals' living conditions; to provide regulations by which the transmission of rabies to human beings and domestic animals can be prevented and controlled in the City; to reduce the number of unwanted and stray dogs and cats in the City; to encourage responsible animal ownership; to protect the citizens' public health, safety and welfare; and to generally perform duties and services relating to areas of animal related concerns as to be determined by the City Manager.
(Ord. No. 18471, § 2, 2-23-2016)

7.50.020 Staffing of the Department of Animal Services.

A. The department shall be staffed by a department director and such other appropriate positions as are authorized by City Council or established in accordance with a process established by a City budget resolution.

B. The status of the department director shall, under the City Charter and system of departmental operations, be a department director and hold an unclassified position under Section 6.2-2 H of the City Charter.

C. In conformity with the City Charter, the City Council delegates its authority to appoint the department director to the city manager.

D. The department director shall be responsible for the performance of duties as assigned by other ordinances of the City, provided however, that the City Manager may reassign such duties to other departments and staff, as he deems appropriate.
(Ord. No. 18471, § 3, 2-23-2016)

7.50.030 Effective date.

A. This ordinance and the creation of Chapter 7.50 of this City Code shall be effective on February 23, 2016.

B. On and after February 23, 2016, the City Manager and his designees are authorized to administratively set up and create appropriate administrative processes for the implementation of the department, to include establishing appropriate budgets and job classifications for the employees within the department. The City Manager and his designees are authorized to make appropriate budget transfers, and to take the necessary steps for the hiring and compensation of all necessary personnel, to enable the department to be fully functional on March 15, 2016.

C. The department shall begin operations and the provision of its services on March 15, 2016.
(Ord. No. 18471, § 4, 2-23-2016)

A. The department shall be staffed by a department director and such other appropriate positions as are authorized by city council.

B. The status of the department director shall be as provided in Section 121.033, Texas Health and Safety Code, and shall, under the city Charter and system of departmental operations, be a department director and hold an unclassified position under Section 6.2-2 H of the city Charter.

C. As permitted by Section 121.033(c), Texas Health and Safety Code, and in conformity with the city Charter, the city council delegates its authority to appoint the department director to the city manager, and to approve the director's appointment of a health authority, in the event that the director is not a physician.

D. The city manager shall negotiate and establish the terms and conditions of the compensation paid to a separate health authority for the services provided. (Ord. 16773 § 3, 2007)

9.02.030 Effective date.

A. This chapter and the creation of this chapter shall be effective on November 19, 2007.

B. On and after November 19, 2007, the city manager and his designees are authorized to administratively set up and create appropriate administrative processes for the implementation of the department, to include establishing appropriate budgets and job classifications for the employees within the department. The city manager and his designees are authorized to make appropriate budget transfers, and to take the necessary steps for the hiring and compensation of all necessary personnel, to enable the department to be fully functional on January 1, 2008.

C. The department shall begin operations and the provision of its services on January 1, 2008. (Ord. 16773 § 4, 2007)

9.02.040 Fees—Clinics and laboratory.

A. The department is authorized to charge fees for services provided by its medical, dental, and communicable disease control and prevention clinics, and laboratory. Such fees shall be for the services listed and identified in the adopted budget resolution for the current fiscal year or by other appropriately adopted resolution by the city council. The director of the department of public health

is authorized to adjust said fees for services based on any changes that may be made to the Medicaid reimbursement rate.

B. The fees to be charged shall be charged for all services provided to a patient seeking diagnosis and treatment. Fees shall not apply to contact investigations.

C. For any investigation or inspection which is not a part of a regular license or permit program, whether during regular duty hours or at a time other than regular duty hours, the fee shall be identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council. Said fee may be in addition to any other required fees.

D. The director of the department of public health is authorized to adjust fees for services based on any discounts that apply based on the Federal Poverty Income Guidelines in any of the clinics for any of the services offered by the department. In order to apply a discounted fee that is not described in 9.02.040 A. of the El Paso City Code, the director must receive from a person requesting service in a department clinic, proof of income, proof of residency in the city or county, as applicable, and two instruments issued by a state or national government or by a subdivision of either. (Ord. No. 17163, § 1, 8-11-2009; Ord. No. 17334, § 1, 5-25-2010; Ord. No. 18960, § 1, 8-20-2019)

Article I. General Provisions

9.04.010 Creation and purpose of department.

The city is responsible for public health, cleanliness and sanitation in El Paso. The purpose of this chapter is to provide for protection of the health, safety and welfare of the residents of the city by prescribing minimum standards for the generation, storage, collection, transportation and disposal of solid waste and related matter, by providing for the issuance of permits to persons engaging in those activities, by providing for the payment of fees, and by providing for enforcement techniques, including inspections of premises and equipment, the revocation of permits and the issuance of citations. The department of environmental services was created to carry out this purpose as well as to oversee and perform duties and services relating to areas of environmental concerns, including ordinance, statutory and other regulatory enforcement by the director and his designees and by the employees in the code enforcement division of the department, who shall also have enforcement authority as authorized and provided in this Code; and to generally perform duties and services relating to areas of public health, animal related regulatory services, cleanliness and sanitation concerns as to be determined by the city manager. In partial furtherance of the purpose discussed herein, curbside recycling reduces the amount of refuse sent to landfills.

The director of the department or appointee by the director shall have the authority to establish a policy related to the need for safe access (NFSA) for residential properties abutting a private street or alley and to require such property owner or citizen of the City of El Paso to adhere to that policy or shall be required to secure solid waste collection service from a permitted hauler other than the department to promote greater safety and improved service to the citizens of El Paso in the collection of solid waste and recyclables at residential properties throughout the City of El Paso.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17634, § 2, 8-30-2011; Ord. No. 19166, § 1, 4-13-2021)

9.04.020 Definitions.

As used in this chapter the following words, terms, and phrases shall have the following meanings, except where the context clearly indicates a different meaning:

1. "Animal waste" means any solid waste, such as litter, feces, feathers and coat clippings, from the breeding, raising, containing, maintaining or grooming of animals at places of residence, stables, kennels, pet pens, chicken coops, or other places of a similar nature. Animal waste shall not include waste generated from health care-related facilities such as veterinary establishments. Animal waste shall not include dead animals.

2. "Approved container" means a container that possesses each of the following criteria: 1) it is constructed of wood, metal, heavy-gauge steel wire mesh or other material that does not allow the construction or demolition material to become blown away, litter the construction or demolition site's premises or surroundings, impact the storm water system, or otherwise become a nuisance to other property owners; 2) its sides are completely enclosed; 3) it is of sufficient dimensions to ensure that the construction or demolition material will not spill out of or be blown out of the top of the container when said material is placed inside said container.

3. "Authorized municipal solid waste facility" means any municipal solid waste facility authorized by the Environmental Protection Agency, for processing, storing, or disposing of municipal solid waste, including construction or demolition waste, generated within the city.

4. "Bulk waste" means municipal solid waste composed of materials not easily containerized in a cart such as, but not limited to, appliances, brush, carpet, furniture, pallets and other large items.

Bulk waste shall exclude animal waste, dead animals, construction or demolition material, and excluded waste.

5. "Cart" means any watertight plastic receptacle approved by the department for the purpose of containing municipal solid waste or program recyclable materials that is equipped with wheels and an attached tight-fitting lid designed or intended to be mechanically or manually dumped into a garbage collection truck.

6. "Citizen collection station" means a site designated by the department for the drop-off of municipal solid waste and/or recyclable material, by residential property occupants.

7. "Collection" means as defined in 30 TAC § 330.3.

8. "Commercial property" means all improved property other than a residential property.

9. "Composting" means as defined in 30 TAC § 330.3.

10. "Construction or demolition material" means material resulting from construction or demolition projects; includes all materials that are directly or indirectly the by-products of construction or work or that result from demolition of buildings and other structures, including, but not limited to, paper, cartons, plastic buckets and drums, gypsum board, wood, rebar, aluminum or vinyl siding, excelsior, rubber, plastics, concrete, asphalt, corrugated cardboard, roofing tiles, asphalt shingles, tar paper, and floor tiles.

11. Reserved.

12. "Container" means a dumpster or compactor.

13. "Compactor" means a watertight receptacle, regardless of its size, which has a compaction mechanism, whether stationary or mobile, equipped with closeable doors intended to be loaded onto a motor vehicle.

14. "Curbside" means the area located within three feet of and parallel to the edge of the city street or alleyway that provides primary access to the residential property, or designated by the department.

15. "Department" means the department of environmental services.

16. Reserved.

17. "Director" means the director of the department of environmental services or his designee or other designees of the city manager.

18. "Discard" means as defined in 30 TAC § 330.3.

19. "Disposal" or "dispose" means the deposit of any solid waste at a municipal solid waste facility.

20. "Dumpster" means a watertight receptacle, with a capacity of approximately two cubic yards up to approximately eight cubic yards, equipped with tight-fitting lid and designed or intended to be mechanically dumped into a loader-packer type truck.

21. "Duplex" means two dwelling units within an improved property sharing at least one common wall or included under the same roof structure which is arranged, designed or used as residential occupancy and does not include mobile home.

22. "Established fee" means the fee that is authorized in this chapter which is set in the amount identified in the adopted budget resolution for the current fiscal year or by other duly adopted resolution of the city council.

23. Reserved.

24. "Excluded waste" means solid waste not accepted by any authorized municipal solid waste facility as posted at such authorized municipal solid waste facility.

25. "Garbage" means as defined in 30 TAC § 330.3.

26. "Generator" means as defined in 30 TAC § 330.3.

27. "Handbill" means any printed or written matter, any sample or device, dodger, circular, leaflet, pamphlet, paper, booklet, newspaper with or without inserts or any other printed or otherwise reproduced original or copies of any matter of literature:

a. Which advertises for sale any merchandise, product commodity, or thing;

b. Which directs attention to any business or mercantile or commercial establishments or other activity, for the purpose of either directly or indirectly promoting the interest thereof by sales;

c. Which directs attention to or advertises any meeting, theatrical performance, exhibition,

or event of any kind, for which an admission fee is charged for the purpose of private gain or profit; or

d. Which, while containing reading matter other than advertising matter, is predominantly and essentially an advertisement, and is distributed or circulated for advertising purposes, or for the private benefit and gain of any person so engaged as advertiser or distributor.

28. "Hauler" means a person other than a self-transporter who provides collection of solid waste or recyclable materials within the city.

29. Reserved.

30. "Hauler permit" means the authorization of a hauler by the department for the privilege to provide collection of solid waste and/or recyclable materials within the city and/or delivery of solid waste to an authorized municipal solid waste facility during the term of such permit and subject to all the terms and conditions imposed by this chapter and related laws and other ordinances and resolutions of the city.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, §§ 1, 2, 12-21-2010; Ord. No. 17604, § 1, 7-19-2011; Ord. No. 18123, § 1, 2-4-2014; Ord. No. 18148, § 1, 4-1-2014; Ord. No. 18239, § 1, 9-2-2014; Ord. No. 019541, § 1, 9-26-2023)

9.04.030 Applicability.

A. Except where expressly provided otherwise in this chapter, this chapter shall apply to the solid waste and recyclable materials generated, collected, disposed, processed, and/or otherwise found in the area under jurisdiction of the city as presently or hereafter established.
(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 18123, § 1, 2-4-2014; Ord. No. 18148, § 1, 4-1-2014)

9.04.040 Purpose.

The purposes of this chapter include, but are not necessarily limited to, the following:

A. To protect the health, safety, and general welfare of the city and the city residents;

B. To provide environmentally sound, cost-efficient solid waste management;

C. To provide for the safe and proper handling of solid waste generated, stored, collected, and/or disposed of within the city;

D. To develop data to ensure sufficient disposal capacity and/or recycling programs for solid waste and recyclable materials generated, stored, collected, disposed, processed, and otherwise found within the city;

E. To deter illegal dumping;

F. To facilitate conservation of vital natural resources;

G. To protect against risk that current municipal solid waste facilities become unable to accept municipal solid waste generated within the city;

H. To encourage and enforce recycling programs, including source separation at point of generation, throughout the city; and

I. To provide a convenient and effective means of financing the city's solid waste services.
(Ord. No. 17380, § 1, 8-24-2010)

Article II. Municipal Solid Waste and Recyclable Materials Generated at Residential Properties

9.04.050 Applicability.

This article shall apply to:

A. Owners of residential properties in the city, where an owner is also the occupant;

B. Owners of residential properties in the city, where the residential property is vacant;

C. Occupants of residential properties in the city, where an owner is not an occupant;

D. Self-transporters of municipal solid waste and recyclable materials generated at residential properties in the city; and

E. Haulers of municipal solid waste generated at residential properties in the city.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.060 Accumulation and storage.

Municipal solid waste and recyclable materials generated at residential properties applicable to this article shall be accumulated and stored in compliance with the following provisions:

A. Municipal solid waste. Excluding bulk waste, municipal solid waste shall be contained in secured, odor, and vector-tight plastic bags, and stored in carts. Municipal solid waste shall not be accumulated or stored outside of carts, and cart lids shall remain closed at all times when not adding municipal solid waste to carts.

B. Recyclable materials. Program recyclable materials shall be stored, uncontainerized (with the exception of shredded paper), in carts desig-

nated by the city for collection of program recyclable materials. Program recyclable materials shall not be accumulated or stored outside of carts, and cart lids must remain closed at all times when not adding program recyclable materials to carts. Recyclable materials other than program recyclable materials may only be accumulated and stored at the residential property if in accordance with federal, state and local laws.

C. Prohibited waste. The following waste and materials are prohibited from being placed for collection in carts:

1. Household hazardous waste; and

2. High-density waste or material, including, but not limited to sand, gravel, bricks, rock, concrete and tree stumps.

(Ord. No. 17380, § 1, 8-24-2010)

9.04.070 Collection provider.

Excluding self-transporters, the city shall be the exclusive hauler of municipal solid waste and program recyclable materials generated at residential properties; however, an owner or occupant of residential properties containing a triplex or quadriplex shall have the option to utilize a permitted hauler other than the city as collection provider.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17604, § 2, 7-19-2011)

9.04.080 Disposal provider.

The self-transporter or the permitted hauler shall deliver municipal solid waste to an authorized municipal solid waste facility.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 18123, § 2, 2-4-2014)

9.04.090 Schedule for collection.

Occupants of residential properties shall, at a minimum, receive the following collections, on the day designated by the director:

A. Collection once per week of one municipal solid waste cart;

B. Collection on a frequency to be designated by the director for one (1) program recyclable materials cart; and

C. On-call collection of bulk waste upon notification and payment of applicable established fees to the department.

Carts and bulk waste shall be placed at the location for collection, as specified in Section 9.04.100, after 6:00 p.m. on the day preceding the designated collection day and prior to 5:00 a.m. on the designated collection day. Carts shall not be left in the curbside area after 7:00 p.m. on the designated collection day.

(Ord. No. 17380, § 1, 8-24-2010)

9.04.100 Location for collection.

Municipal solid waste and program recyclable materials carts and bulk waste shall be placed for collection with the following requirements:

A. Requirements and location of collection at residential properties. Carts approved by the director for collection of municipal solid waste and program recyclable materials shall be placed for collection in accordance with the following rules:

1. Only municipal solid waste generated at a residential property shall be placed in municipal solid waste carts assigned to such residential property;

2. Only program recyclable materials generated at a residential property shall be placed in program recyclable materials carts assigned to such residential property;

3. Each cart including contents shall not exceed one hundred and fifty pounds;

4. Municipal solid waste shall be contained in secured, odor, and vector-tight plastic bags, and stored in carts and/or containers designated by the director for the collection of municipal solid waste. Municipal solid waste shall not be accumulated or stored outside of carts and/or containers, and cart and/or container lids must remain closed at all times when not adding municipal solid waste to carts and/or containers; and

5. Bulk waste shall be placed for collection in accordance with the following rules:

a. Brush that is individually placed or bundled for collection, shall not be more than five feet in length or sixty pounds in weight; and

b. Bulk waste placed for collection shall be in conformity with any and all other acceptance policies established by the director.

6. Excluding collection locations approved for sidedoor and alley collection, carts and bulk waste shall be placed at the curbside in accordance with the following rules:

a. Carts shall be placed at the curbside of the residential property with the lids opening toward the street; the placing of carts on neighboring property is prohibited;

b. Carts and bulk waste shall be placed no closer than three feet from other carts and bulk waste along the curbside;

c. Carts and bulk waste shall not be placed within three feet from any permanent, fixed objects, i.e., street light poles, mail boxes, utility boxes, cable television boxes, and other public or private property, and five feet from any vehicles;

d. Carts and bulk waste shall not be placed in such a manner as to create a pedestrian hazard, impair the use of the sidewalk, or interfere with vehicular traffic; and

e. Where a residential property is located on a street corner, carts and bulk waste shall only be placed along the curbside of the street address of the residential property; the placing of carts and bulk waste along the curbside perpendicular to the residential property's street address is prohibited.

7. Alley collection service shall be limited to routes designated by the traffic engineer or director as indicated below:

8. Carts shall be placed in the alley in accordance with the following rules at the locations designated by the traffic engineer or director in this chapter.

a. Alley collection is limited to solid waste and program recyclable materials generated at a residential property and placed in municipal solid waste carts and program recyclable material carts assigned to such residential property;

b. It shall be the duty of owners, tenants or occupants of the abutting properties to keep the alley way clear of obstructions including intruding or overhanging brush and tree limbs.

c. Carts shall be placed in the alley of the residential property with the lids opening toward the center of the alley; the placing of carts on neighboring property is prohibited;

d. Carts shall be placed no closer than five feet from other carts;

e. Carts shall not be placed within five feet from any permanent, fixed objects, i.e., street light poles, meters, utility boxes, cable television boxes, and other public or private property.

B. Occupants of residential properties may request sidedoor collection from the department. The written request must be submitted annually in conformance with the administrative process designated by the director, and its review, approval and continued eligibility is subject to the following rules:

C. Eligibility and requirements for sidedoor collection.

1. An applicant is eligible to receive sidedoor collection if he meets the following criteria:

a. The applicant is the primary water account holder and has provided written documentation of one of the following:

i. Certification from the Social Security Administration that the applicant for sidedoor collection is the recipient of a social security or supplemental security income disability pension;

ii. Certification from the proper administrative officer that the applicant for sidedoor collection is the recipient of a public disability pension and classified one hundred percent disabled;

iii. Certification from the Veterans Administration that the applicant for sidedoor collection is the recipient of the Veterans Administration disability payments and classified one hundred percent disabled; or

b. The applicant lives alone, and either has a documented persistent medical condition, or is seventy years of age or older and is incapable of transporting his or her municipal solid waste or program recyclable materials cart to the curbside.

2. No more than one municipal solid waste cart and one program recyclable materials cart at any time will be assigned to a residential property receiving sidedoor collection.

3. Approved sidedoor customers must make carts accessible for collection by the department at side or front of residence, and not behind an enclosed fence or gate. The department will not collect carts placed in a back yard or within an en-

closed fence. Following collection, the cart will be replaced in the same or closely approximate location from where it was retrieved.

4. The director shall have the authority to investigate and verify that recipients of sidedoor collection have continued eligibility for sidedoor collection.

5. A person receiving sidedoor collection is not eligible for a discounted refuse fee.

D. Location for collection at the citizen collection station. Occupants of residential properties may utilize the citizen collection stations provided by the department subject to the following rules:

1. An occupant who is the primary water account holder may utilize a citizen collection station when the occupant provides written documentation of the following:

a. Current city water bill; and

b. Photo identification of occupant with same address as city water bill.

2. Occupants may utilize any citizen collection station at a frequency not to exceed the monthly limit set by the director or his designee, as posted at each citizen collection station.

3. Occupants must comply with the citizen collection station waste acceptance policy established by the department and comply with all posted rules at the station.

4. The director shall have the authority to investigate and verify that occupants utilizing citizen collection stations have continued eligibility for this service.

5. Occupants are prohibited from utilizing citizen collection stations for the disposal of any waste or material not generated solely from the occupant's dwelling and residential activities at their residential property.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 3, 12-21-2010; Ord. No. 019665, § 1, 8-27-2024)

9.04.110 Storage, maintenance, replacement, and ownership of carts.

A. Storage of carts. Carts shall be removed from the curbside by end of designated collection day, as specified in Section 9.04.090. Upon removal of carts from the curbside, carts shall be secured at the residential property in an unobtrusive location and screened to minimize visibility from public streets, sidewalk and adjacent property such as but not limited to the following:

1. In a garage;

2. In an outdoor storage building;

3. On the side of a structure on the property; or

4. At the back of a structure on the property.

Provided however, between designated collection days, carts shall not be stored in a manner that constitutes a nuisance.

B. Ownership of carts. The city owns all carts. owners or occupants of residential properties shall leave all carts at the residential property after the residential property is sold or the owners or occupants move out. Carts may not be transferred to another residential property.

C. Maintenance of carts. For properties occupied or possessed by owners or occupants, carts shall be maintained by occupants of such residential properties in a clean and nuisance free condition. For all other residential properties, carts shall be maintained by owners of such residential properties in a clean and nuisance-free condition.

D. Replacement of carts. In the event a cart becomes damaged or missing, the owner or occupant shall notify the department that repairs to the damaged cart or a replacement cart is required, in a manner conforming to the administrative process. The city personnel may charge the established cart replacement fee.

E. Repossession of recycling carts. The city may repossess a recycling carts if the owner or occupant does not comply with requirements established for the residential recycling program. The city may charge the established repossession fee.

Article III. Solid Waste and Recyclable Materials Generated at Commercial Properties and Mixed-Use Properties

9.04.150 Applicability.

This article shall apply to:

A. Owners and occupants of commercial properties in the city;

B. Owners and occupants of mixed-use properties in the city;

C. Self-transporters of solid waste, other than Class 1 industrial waste, and recyclable materials generated at commercial properties in the city;

D. Self-transporters of solid waste, other than Class 1 industrial waste, and recyclable materials generated at mixed-use properties in the city;

E. Haulers of solid waste, other than Class 1 industrial waste, and recyclable materials generated at commercial properties in the city; and

F. Haulers of solid waste, other than Class 1 industrial waste, and recyclable materials generated at mixed-use properties in the city.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.160 Accumulation and storage.

Solid waste and recyclable materials generated at commercial property and mixed-use property within the city shall be accumulated and stored in compliance with the following provisions:

A. Solid waste. Excluding bulk waste, solid waste shall be contained in carts and/or containers. Cart or container lids shall remain closed at all times when not adding solid waste to the carts or containers. Solid waste, including bulk waste, shall not be stored in a manner that constitutes a nuisance.

B. Recyclable materials. Commercial property and mixed-use owners or occupants are encouraged to participate in recycling. Commercial property and mixed-use property occupants who elect to participate in recycling shall accumulate and store such recyclable materials in accordance with federal, state and local laws.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.170 Collection provider.

A. Excluding self-transporters, owners or occupants of commercial properties and mixed-use properties shall contract with a permitted hauler to collect all solid waste generated at such commercial properties and mixed-use properties.

B. The director of the department of environmental services, or the police chief or his or her designated representative, shall be responsible for the enforcement of this chapter.

C. The director or his or her designated representative shall provide written notice of a violation to the owners or occupants of commercial and mixed-use properties fourteen days before issuing a citation.

D. During the fourteen-day period preceding issuance of the citation, the owners or occupants of commercial and mixed-use properties must submit proof of a current contract with a permitted hauler to collect all solid waste generated or proof of ongoing disposal of solid waste at an authorized municipal solid waste facility to avoid citation.

E. Any person who violates any provision of this chapter shall, upon conviction, be guilty of a Class C misdemeanor and punished by a fine not to exceed two thousand dollars.
(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 019664, § 1, 8-27-2024)

9.04.180 Commercial disposal provider.

Self-transporters and permitted haulers shall deliver all solid waste to an authorized municipal solid waste facility.
(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 18123, § 3, 2-4-2014)

9.04.190 Schedule for Collection.

A written agreement with a permitted hauler for collection by an owner or occupant of commercial properties shall provide, at a minimum for:

A. The owner or occupant must obtain a sufficient number of containers in quantity or storage capacity such that they are not allowed to

overflow with waste or constitute a nuisance and the containers must be collected at least once a month; and

B. On-call collection of bulk waste (as needed).
(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 4, 12-21-2010)

9.04.200 Authority to mandate collection.

A. Overflowing carts and/or containers. Excluding bulk waste, solid waste shall be contained in secured, odor, and vector-tight plastic bags, and stored in carts and/or containers designated by the director for the collection of municipal solid waste. Municipal solid waste shall not be accumulated or stored outside of carts and/or containers, and cart and/or container lids must remain closed at all times when not adding municipal solid waste to the cart and/or container.

B. Harborage of vectors or other health hazards. In any instance where the director finds that a cart and/or container requires immediate emptying or replacement due to breeding or harborage of vectors or circumstances creating significant potential for breeding or harborage of vectors, or other health hazards, the city official is authorized to order the owners and/or occupants of such commercial property or mixed-use property to have such condition corrected within twenty-four hours of written notice from the city official.

C. Protection of public health and safety. Evidence of overflowing or uncollected solid waste and for harborage of vectors or other health hazards constitutes evidence that the owner and/or occupant of commercial property or mixed-use property is in violation of 9.04.170, which status allows the city to exercise its option of collecting the solid waste from that property. Prior to the city collecting the solid waste from the commercial property or mixed-use property in violation of 9.04.170, the city shall issue a notice to the owner/occupant of said property that said violation must be corrected within twenty-four hours of delivery of the notice. Failure to comply with the notice shall result in the city collecting the solid waste and for billing the owner/occupant of the property. The owner/occupant remains subject to applicable criminal penalty for continued non-compliance.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.210 Location for collection.

A. All carts and/or containers shall be placed on the owner's commercial or mixed-use property unless the director grants an exception that:

1. Placement of the collection location on the improved property is neither reasonable nor practical; and

2. Placement of the collection location on public right-of-way will not unreasonably interfere with pedestrian or vehicular traffic and will not constitute a hazard or be a visual or other public nuisance, or placement in public right-of-way is necessary during a construction project.

B. When placement of a cart and/or container in a public right-of-way other than an alley is authorized, the owner of the cart and/or container shall pay the established fee for use of such right-of-way.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.220 Storage, maintenance, replacement, and ownership of carts and containers.

A. Maintenance of carts and containers. Haulers from commercial properties and mixed-use properties shall maintain the carts and containers in a clean and nuisance free condition. Owners or occupants of commercial properties and mixed-use properties shall maintain the area surrounding the carts and containers in a clean and sanitary condition, free of litter or any other accumulation of solid waste.

B. Replacement of carts and containers. In the event a cart or container becomes damaged or stolen, the owner or occupant of the commercial property or and mixed-use property shall replace such cart or container if such cart or container is owned by the owner or occupant. For carts and containers not owned by the owner or occupant, the owner or occupant of the commercial prop-

erty or mixed-use property shall notify the permitted hauler for replacement of the cart or container.

C. Cart and container identification. All carts and containers must be identified with the name of the owner or occupant, or permitted hauler providing such carts or containers, or by a paint scheme or decal which is distinctive to the owner or permitted hauler.

(Ord. No. 17380, § 1, 8-24-2010)

Article IV. Construction or Demolition Material

9.04.250 Applicability.

This article shall apply to:

A. Generators of construction or demolition material in the city;

B. Current holders of authorization (such as a building or roofing permit) by city to develop, build, construct or conduct demolition activities; henceforth referred to in this article as "authorized party";

C. Self-transporters of construction or demolition material in the city; and

D. Haulers of construction or demolition material in the city.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 5, 12-21-2010)

9.04.260 Accumulation and storage.

Construction or demolition waste generated within the city shall be accumulated and stored in compliance with the following provisions:

A. Construction or demolition material. Generators shall accumulate construction or demolition material in roll-offs, dumpsters, approved containers, or completely inside a fully-enclosed building, with the following exceptions:

1. Construction or demolition material produced by demolition that is so large that it cannot reasonably be placed in a single piece into a roll-off, dumpster, approved container or completely inside a fully-enclosed building, without protruding outside said container or building. Such material shall be permitted to remain non-contained, provided potential wind-borne waste or debris is controlled.

2. Rock, concrete, mortar, brick, cinder block, and similar construction or demolition material generated by a contractor at a single property or by a contractor at a group of properties located within a subdivision, are not required to be containerized, unless these materials have the potential to contribute to run-off to the city's storm water conveyance system. These materials may be collected into piles on the ground of the property where such material was generated and removed to a designated or authorized municipal solid waste facility or a recycling facility within seventy-two hours of the completion of construction or demolition work unless otherwise approved by the city manager or designee. Other types of construction or demolition material shall not be commingled with permitted piles of these wastes.

B. Recyclable materials. Generators of construction or demolition material in the city are encouraged to participate in recycling. Generators of construction or demolition material in the city who elect to participate in recycling shall accumulate and store recyclable materials that have been separated from construction or demolition material at the project site in accordance with federal, state and local laws.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 6, 12-21-2010; Ord. No. 18123, § 4, 2-4-2014; Ord. No. 18239, § 2, 9-2-2014)

9.04.270 Collection provider.

Generators and the authorized party, for a property generating construction or demolition material, shall contract with a permitted hauler to collect all construction or demolition material and recyclable materials generated at such property or they may self-transport as permitted by this chapter. The permitted hauler shall provide the generator or the authorized party a copy of the hauler permit, prior to collection of construction or demolition material.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 1, 12-21-2010)

9.04.280 Reserved.

Editor's note—Ord. No. 019541, § 2, adopted Sep. 26, 2023, repealed the former § 9.04.280, which pertained to manifest requirement and derived from Ord. No. 17380, adopted Aug. 24, 2010; Ord. No. 17471, adopted Dec. 21, 2010; Ord. No. 18123, adopted Feb. 4, 2014.

9.04.290 Disposal provider.

Self-transporters and permitted haulers shall be responsible for ensuring construction or demolition waste is delivered to an authorized municipal solid waste facility in accordance with this chapter.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 8, 12-21-2010; Ord. No. 18123, § 6, 2-4-2014)

9.04.300 Schedule for collection.

Generators or the authorized party for a property generating construction or demolition material shall enter into a written agreement with a permitted hauler for collection as according to the following schedule:

A. Sufficient quantity of roll-offs at the project site to ensure that construction or demolition material does not become a nuisance or overfill roll-offs; and

B. Collection of each roll-off at least once every fourteen calendar days.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 9, 12-21-2010)

9.04.310 Location for collection.

Generators and the authorized party for a property generating construction or demolition material shall place the roll-offs for collection of construction or demolition material on the property generating such construction or demolition material unless an exception is granted by the director. The director may grant an exception to the generator or authorized party for a property generating construction or demolition material, upon the director's determination that:

A. Placement of the collection location on the property generating such construction or demolition material is not safe and feasible; and

B. Roll-off is equipped with adequate reflectors and placed as close to curb as reasonably possible.

When placement of a roll-off in a public right-of-way is authorized, the director shall not require the generator or the authorized party for the roll-off to pay the fee for use of such right-of-way.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 1, 12-21-2010)

9.04.320 Storage, maintenance, replacement, and ownership of roll-offs.

A. Maintenance of roll-offs. Haulers of roll-offs from properties generating construction or demolition material shall maintain the roll-offs in a clean and nuisance free condition. Generators

material unless an exception is granted by the director. The director may grant an exception to the generator or authorized party for a property generating construction or demolition material, upon the director's determination that:

A. Placement of the collection location on the property generating such construction or demolition material is not safe and feasible; and

B. Roll-off is equipped with adequate reflectors and placed as close to curb as reasonably possible.

When placement of a roll-off in a public right-of-way is authorized, the director shall not require the generator or the authorized party for the roll-off to pay the fee for use of such right-of-way. (Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 1, 12-21-2010)

9.04.320 Storage, maintenance, replacement, and ownership of roll-offs.

A. Maintenance of roll-offs. Haulers of roll-offs from properties generating construction or demolition material shall maintain the roll-offs in a clean and nuisance free condition. Generators

and the authorized party for a property generating construction or demolition material shall maintain the area surrounding the roll-offs in a clean and sanitary condition, free of litter or any other accumulation of solid waste.

B. Replacement of roll-offs. In the event a roll-off becomes damaged or stolen, the authorized party, for a property generating construction or demolition material, shall contact the hauler for replacement of the affected roll-off.
(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 1, 12-21-2010)

Article V Identification as Recyclable Materials for Commercial Collection

9.04.350 Identification as recyclable materials.

Material managed in accordance with all of the following requirements shall be considered commercial recyclable materials for purposes of this chapter. The management of carts and program recyclable materials identified as being included within the residential recycling program are not subject to the requirements of this article.

A. Separation. Commercial recyclable materials shall:

1. Be separated by the generator from any solid waste generated at the property; and

2. Be composed of cardboard, paper, plastic, glass, metal or other materials as designated by the director from time to time.

B. Storage. Commercial recyclable materials shall:

1. Not be commingled with any solid waste during storage and/or collection;

2. Be stored in carts, containers and/or roll-offs specifically designated to store commercial recyclable materials, or bulked and secured in a manner not contributing to a nuisance or potential fire hazard;

3. Be stored in carts, containers, roll-offs or as bulked material with affixed labels, decals, paint or signs that clearly indicate "RECYCLABLE MATERIAL" in letters at least two inches in height, in a color boldly contrasting the paint color of the cart, container, roll-off or bulked material; and

4. Be stored in carts, containers, roll-offs or as bulked material in a manner not constituting a nuisance or contributing to windblown litter or discharge to the environment.

C. Records. In order to verify commercial recyclable material collection service, generator shall retain a copy of a written contract or agreement securing recyclable material collection service with an identified third party and retain written copies of bills or invoices for the most recent period of twelve calendar months.
(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 10, 12-21-2010)

Article VI Other Waste

9.04.360 Animal waste.

Occupants of residential properties who generate animal waste from domestic animals may discard animal waste in the residential property's assigned cart designated for municipal solid waste to the extent that it does not create a nuisance. Occupants of residential properties who generate quantities of animal waste that will create a nuisance and all occupants of commercial properties and mixed-use properties may discard of animal waste in either:

A. A dumpster collected as often as necessary to prevent occurrence of a nuisance or health hazard, but not less than once per week; or

B. A roll-off with a maximum capacity of fifteen cubic yards collected as often as necessary to prevent occurrence of a nuisance or health hazard, but not less than once per week.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.370 Dead animals.

The city may charge the established fee for the collection and disposal of dead animals, regardless of whether the service was or was not requested, to the owners of the dead animals or the owner of improved property where the dead ani-

mals were found. Owners or occupants of improved property where a dead animals is located shall contact the department for collection and disposal of the dead animal within twenty-four hours of the discovery of the dead animal. For dead animals less than forty pounds, owners of the dead animals or owners or occupants of improved property where the dead animals are located shall place the dead animal in a securely tied plastic bag. For dead animals equal to or greater than forty pounds, owners of the dead animals or owners or occupants of improved property where the dead animals are located shall place the dead animal in accordance with the instructions of the department. City shall collect dead animals in accordance with the following:

A. For dead animals less than forty pounds and placed in a securely tied plastic bag, city shall collect with existing equipment if practical.

B. If in the opinion of the director, the dead animal has become so decomposed or due to other reasons the removal of the dead animal using the existing equipment of the department is impractical or the dead animal is greater than forty pounds, the department shall arrange for an alternative method of disposal and assess the cost thereof against the owner of the animal or the owners or occupants of the improved property where the animal is found.

C. Nothing in this chapter shall be construed to prevent the department from picking up dead animals that have come to their attention, whether by citizen complaint or otherwise; provided, however, that if the dead animal was found on improved property, the owner of the dead animal or the owners or occupants or the improved property where the dead animal was found, may be given the opportunity to bury the animal on his own premises.

(Ord. No. 17380, § 1, 8-24-2010)

9.04.380 Other waste.

Generators of waste, other than waste described in Article II, III, IV, and V above, shall be solely responsible for the accumulation and storage, collection, processing, and disposal of such waste in full compliance with federal, state, and local laws regarding such waste. Generators of waste, other than waste described and permitted in Article II, III, IV, and V above, shall not place such waste in carts, containers, or roll-offs for municipal solid waste, recyclable materials, and/or construction or demolition material.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 1, 12-21-2010)

Article VII Haulers*

9.04.390 Hauler permit required.

A. No hauler shall collect, process, or dispose of solid waste or other materials at the authorized municipal solid waste facility or recycling facility, without holding a valid hauler permit granted in accordance with this chapter. A hauler permit issued pursuant to the provisions of this chapter shall be a mere grant or privilege during the term of such permit and subject to all terms and conditions imposed by this chapter and related laws and other ordinances and resolutions of the city. This chapter shall not be construed to require a hauler permit for the transportation of waste through the city, provided that such waste was not generated, collected, or otherwise found within the city and such waste was not disposed at the authorized municipal solid waste facility.

***Editor's note**—Ordinance No. 17603, § 1, adopted July 19, 2011, amends section 1 of Ord. No. 17519 as follows: The provisions of this chapter shall be effective on September 1, 2010, with the following exceptions:

A. Requirements to deliver solid waste to a designated municipal solid waste facility shall take effect on September 1, 2014;

B. Requirements for a hauler franchise agreement shall take effect on September 1, 2011.

C. Requirements for a hauler permit shall take effect on September 1, 2011.

Editor's note—Ordinance No. 18123, adopted February 4, 2014, amends Section 3 of Ordinance 17603 as follows: The provisions of this chapter shall be effective on September 1, 2010, with the following exception:

A. Requirements to deliver solid waste to an authorized municipal solid waste facility shall take effect immediately.

For a hauler providing solid waste collection services, no hauler permit shall be issued under this Article VII unless the hauler enters into a franchise agreement with the city, and such agreement shall supersede any terms or provisions that conflict with the regulations contained in this chapter.
(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 18123, § 7, 2-4-2014)

9.04.400 Hauler permit term.

Upon the effective date of this ordinance, the city may grant a hauler permit for a term commencing on the date of the issuance of the hauler permit, as set forth in Section 9.04.390, and expiring on August 31st of each calendar year.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.410 Hauler permit application, issuance, and appeal procedures.

A. Hauler permit application. To acquire a hauler permit for the first time, or to add any additional vehicles to a current, valid hauler permit, a hauler must submit an application to the department for a hauler permit a minimum of fourteen calendar days prior to the proposed commencement of collection within the city. Any currently-permitted hauler must submit an application for renewal to the director for a hauler permit a minimum of sixty calendar days prior to the expiration of the valid hauler permit. Haulers shall submit a hauler permit application in accordance with this chapter and the policies and procedures established by the director. The hauler shall, under penalty of perjury, swear that all information contained in the hauler permit application and all information submitted in connection with the hauler permit application is true and correct. At a minimum, the application for a hauler permit shall require a hauler to provide the following information:

1. The name, address and telephone number of the applicant;

2. All names under which the applicant is doing business or has conducted business during the past three calendar years;

3. A list of all proposed permitted vehicles to be used within the city for the purpose of collecting solid waste and/or recyclable materials including the following information for each vehicle:

a. The state motor vehicle registration number;

b. Description of chassis by year and manufacturer;

c. Description of the body by year and manufacturer;

d. The legal weight limit;

e. The volume of the body of the vehicle in cubic yards; and

f. Copy of insurance coverage for each vehicle in an amount not less than the minimum coverage required by Texas law.

4. The types of solid waste and/or recyclable materials to be collected, transported, processed, and/or disposed.

5. Proof of an executed, current franchise agreement with the city for hauler services.

6. Any additional data and information deemed necessary by the director in order to verify the accuracy of information contained in the permit application forms and attendant documents.

B. Review, issuance, denial and appeal of hauler permit application. An application for an initial or renewed hauler permit submitted pursuant to this article may be granted or denied by the director. Such application may be denied for one or more of the following reasons:

1. The applicant has failed to provide some or all of the information required by Section 9.04.410A, including, but not limited to, proof of an executed, current franchise agreement with the city for hauler services.

2. The applicant has supplied false information to the city in connection with any matter regulated under this chapter.

3. The applicant has failed to pay all or any portion of the established hauler permit fee, other fees, penalties, or interest required or imposed pursuant to this chapter.

4. The applicant has failed to comply with Texas state requirements for vehicles governed by 30 TAC § 330.105.

The director shall grant or deny a hauler permit application within sixty calendar days of the applicant's submission of a completed application. In the event the hauler permit application is denied by the director, the appeals process shall be conducted in accordance with this chapter.
(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 18123, § 8, 2-4-2014)

9.04.420 Permitted vehicle requirements.

A. Permitted vehicle ownership, identification, and appearance. Permitted hauler shall submit any changes to the information provided in the hauler permit to the director within fourteen calendar days of such change. Permitted hauler shall use only permitted vehicles identified on the hauler permit application to collect solid waste and/or recyclable materials within the city. Hauler shall solely utilize permitted vehicles within the city that are:

1. Owned or leased by the hauler;
2. Listed in the hauler permit application as a permitted vehicle;
3. Cleaned regularly and upon the request of the director as to maintain permitted vehicles in accordance with 30 TAC § 330.105;
4. Affixed to the windshield with the city permitted hauler decal as designated by the director; and
5. Identified with paint or decal on the driver's-side door, indicating hauler permit number and permitted vehicle number or letter identifier below hauler permit number. Numbers or letters must be a minimum of two inches in height and of a color contrasting to the paint color of the vehicle.

B. Permitted vehicle construction and maintenance. Permitted haulers shall use only permitted vehicles identified on the hauler permit application to collect solid waste and/or recyclable materials that meet the following minimum requirements, both prior to and after the issuance of a hauler permit:

1. The permitted vehicle body shall be capable of being readily emptied;
2. The permitted vehicle shall be kept in a sanitary condition, in accordance with 30 TAC § 330.105;
3. The permitted vehicle shall be so equipped that all loading openings on the bodies have tightly fitting doors or covers which latch, clamp or fasten to keep them closed and rubber or other suitable gasket to render them leak proof, spill proof, dust proof, and odor proof to the maximum extent practicable;
4. The permitted vehicle shall be equipped with heavy-duty front hooks, loops or shackles, good and serviceable tires and other accessories as necessary for operation and/or navigation in or about any authorized municipal solid waste facility; and
5. The permitted vehicle shall meet all other requirements as determined by current and adopted State of Texas and local regulations to protect the health, safety, and general welfare of the city and the city residents.

C. Inspection and documentation of permitted vehicles. The director may inspect any permitted vehicle used or proposed for use by a permitted hauler together with the contents of such permitted vehicle. Haulers shall maintain accurate documents in each permitted vehicle which identify the contents as solid waste or recyclable materials and the city, county, and state of origin of the solid waste or recyclable materials.
(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 11, 12-21-2010; Ord. No. 18123, § 9, 2-4-2014)

9.04.430 Cart, container, and roll-off requirements.

Permitted haulers shall provide collection of solid waste and recyclable materials with carts, containers, and roll-offs that are owned or leased by the permitted hauler and meet the following minimum requirements:

A. Each cart, container, and roll-off shall be painted with or securely affixed with the owner's name and business address or telephone number on at least one side of each receptacle. Lettering shall be of sufficient size and of contrasting color to be easily visible at a distance of twenty feet;

B. Each container and roll-off shall be painted, or securely affixed, with the tare weight on two opposite sides of the respective container and roll-off; and

C. Each container and roll-off shall be cleaned regularly.

(Ord. No. 17380, § 1, 8-24-2010)

9.04.440 Transporting waste.

Each permitted hauler shall comply with the following requirements for transporting solid waste and recyclable materials within the city:

A. Permitted haulers shall suitably enclose or cover solid waste and recyclable materials prior to transportation to an authorized municipal solid waste facility or a recycling facility to prevent littering, spillage of materials or fluids, and/or infiltration of rainwater inside the solid waste or recyclable materials. Tarpaulins must be used to cover compactor box openings, roll-off tops, or other openings. Tarpaulins must be kept in good repair at all times.

B. Permitted haulers shall immediately clean and remove any litter and spillage of materials or fluids upon the roads caused by the permitted hauler or the permitted hauler's permitted vehicles. Permitted hauler shall remit payment to city within thirty (30) calendar days, upon written notification by the city, for any and all costs incurred by the city related to any such removal of litter, spillage of materials or fluids, and/or infiltration of rainwater caused by the permitted hauler or the permitted hauler's permitted vehicles. This provision shall be in addition to any penalties authorized elsewhere by this chapter or any other provision of law.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 18123, § 10, 2-4-2014)

9.04.450 Disposal of solid waste.

Except as otherwise specifically provided in this chapter, permitted haulers who collect solid waste generated or otherwise found within the city shall deliver such solid waste, other than excluded waste, to an authorized municipal solid waste facility. Haulers shall be required to comply with all posted rules at an authorized municipal solid waste facility operated by the city. Any failure of any person to deliver such waste to an authorized municipal solid waste facility or to adhere to posted rules at such facility shall be considered a violation of this chapter and is subject to enforcement in accordance with Article X of this chapter. For excluded waste, permitted haulers shall dispose of such solid waste in accordance with federal, state and local laws. This section shall not be construed to prohibit the source separation of recyclable materials from solid waste prior to collection of such solid waste for disposal.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 18123, § 11, 2-4-2014)

9.04.460 Hauler records.

Each permitted hauler shall maintain current customer records, including customer name, address, service level information, and routing records, including permitted vehicle number, collection day and daily routes. In addition, each permitted hauler shall keep such records, including scale house tickets, receipts, invoices, and other pertinent papers, in such form as the director may require and for a period no less than two consecutive calendar years. Such records shall include, but not be limited to, documents identifying the authorized municipal solid waste facility or recycling facility where solid waste and recyclable materials collected in the city were delivered for proper transfer, storage or disposal. The director may examine the books, papers, records, financial reports, equipment, and other facilities of any permitted hauler in order to verify compliance with this chapter.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 019541, § 3, 9-26-2023)

9.04.470 Violations.

A. Notice of correction. The city shall issue a written notice of correction to a driver of a permitted hauler who fails to meet the requirements of a haulers permit.

1. The responsible party in receipt of a written notice of correction shall complete any and all

necessary corrective actions to correct and remediate the documented violations within seven calendar days; and

2. Upon completion of the necessary corrective actions, the responsible party shall provide a written or verbal description of the corrective action within seven calendar days to the city official identified on the written notice of correction, or for matters that cannot be reasonably corrected and remediated within seven calendar days, the responsible party shall provide a written statement indicating how compliance with the provisions set forth in this chapter will be achieved within seven calendar days to the city official identified on the written notice of correction.

B. A written citation shall be issued by the appropriate city official, to a permitted hauler who violates any provision set forth in this Article VII, such as in the case of a responsible party who fails to correct and remediate the documented violation on written notice of correction within the seven-day period or other period allowed in this subchapter.

C. Delinquent fees. If the holder of any hauler permit issued pursuant to this chapter becomes delinquent in the payment of fees, the director is authorized, upon ten calendar day's notification to the hauler, to refuse access to city disposal facilities. The director may further, upon thirty calendar days notification, suspend such hauler permit, as provided in 9.04.480.

D. History of delinquency. If the holder of any hauler permit has a history of delinquency in payment of fees as evidenced by having been issued more than one notice from the director, such permitted hauler shall be required to establish an account with the department and shall pay the estimated monthly amount of such fees in advance each month. The estimated monthly amount shall be as established by the director.

(Ord. No. 17380, § 1, 8-24-2010)

9.04.480 Suspension, revocation of hauler permit; appeals.

A. Suspension of hauler permit.

1. For any permitted hauler that has been named as a responsible party and been issued three written notices of correction by the city within a consecutive twelve-month span, the director may suspend the hauler permit for such hauler.

2. A hauler that has had its hauler permit suspended is eligible to re-apply for a hauler permit sixty days from the date of suspension.

3. A hauler may appeal the suspension of its hauler permit in accordance with this subsection.

B. Revocation of hauler permit.

1. A hauler permit may be revoked for any of the following reasons:

a. The hauler has had two prior suspensions in a consecutive twelve-month span;

b. The hauler interferes with an investigation of the director in the performance of official duties;

c. A hauler operates under a suspended hauler's permit;

d. After having received written notice from the city that a franchise agreement is required within thirty days of the issuance of the hauler's permit or the effective date of this ordinance and after said period of time, hauler has not entered into a franchise agreement with the city;

e. Hauler's franchise agreement required by Chapter 9.04 of the City Code is revoked by the city.

2. For any permitted hauler that has had its hauler permit revoked by the director, the hauler shall not be eligible to receive a hauler permit for a period of twelve months from the date of written notice of revocation from the director for that hauler.

C. Hauler permit appeals.

1. If the director denies an application for a hauler permit or suspends or revokes a hauler permit, the director shall prepare a report within ten business days of taking such action, indicating the reasons for the denial, suspension or revocation. The director's decision is final unless, within ten calendar days from the date of receiving the director's notice of the action, the appealing party files with the city clerk a written appeal to the city

manager specifying reasons for the appeal. Said appeal shall also include a written rebuttal to the director's report.

2. The city manager or his designee shall review the director's report and the appellant's rebuttal. The city manager or his designee shall make a ruling on the appeal within a reasonable period of time after the appeal has been filed.

3. The city manager or his designee shall sustain, reverse or modify the action of the director. The decision of the city manager is final.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 12, 12-21-2010; Ord. No. 019541, § 4, 9-26-2023)

9.04.490 Ownership of solid waste and recyclable materials.

Title to all solid waste and recyclable materials placed for collection shall be vested in the permitted hauler upon collection of a cart, container, or roll-off by the person discarding of such solid waste and recyclable materials at the collection location. For solid waste and recyclable materials that the authorized municipal solid waste facility and recycling facility is prohibited by law or permit from processing or disposing, the responsibility for properly discarding of such solid waste and/or recyclable materials shall remain with the person generating such waste and only be transferred to the permitted hauler upon collection of such waste by permitted hauler. Scavenging by any person from any cart, container or roll-off placed for collection within the city is prohibited.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 18123, § 12, 2-4-2014)

9.04.500 Permitted hauler recycling rebate.

A. Excluding the city, permitted haulers will be eligible for a recycling rebate for recyclable materials identified as commercial recyclable materials by article v and collected from commercial properties and mixed-use properties in the city provided that such permitted hauler meets the following requirements:

1. Permitted hauler is in good standing with the city;

2. Permitted hauler has not received more than two written notices of correction from the city during the prior twelve calendar months;

3. Permitted hauler has entered into a written agreement with the city for the permitted hauler recycling rebate program; and

4. Other requirements as established by the city.

B. The permitted hauler recycling rebate shall be applied quarterly to the established tipping fees paid to the city for solid waste disposed by such permitted hauler at the authorized municipal solid waste facility for the prior three calendar month period. The permitted hauler recycling rebate calculation shall be developed by the city manager or his designee. The permitted hauler recycling rebate amount shall be set by resolution of the city council. The permitted hauler recycling rebate shall not apply to construction or demolition waste.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, §§ 1, 13, 12-21-2010; Ord. No. 18123, § 13, 2-4-2014)

9.04.510 Emergency powers; right to assume collection.

A. The city may assume responsibility for all or part of the collection of solid waste within the city should the city determine it to be in the best interest of the health and welfare of the citizens of the city. Such action shall be on a temporary basis within which time a hearing before the city council is held to determine whether to continue this emergency action.

B. Prior to any hearing described in Subsection A. of this section, a written notice to all affected permitted haulers setting forth the time, place, and purpose of such hearing shall first be sent via electronic mail and then a hard copy of said notice shall be mailed within a minimum of seventy-two (72) hours to the last known addresses of such permitted haulers.

C. The proceeding shall be conducted informally with the procedures established by the city manager in consultation with the city attorney. All interested parties, including the city manager or

his designee, shall be allowed to present any evidence, documents, or statements in support of their position. The city council shall then determine whether the action described in Subsection A. of this section should be made permanent or whether any other action by the city council is appropriate under the circumstances.
(Ord. No. 17380, § 1, 8-24-2010)

Article VIII. Reserved*

9.04.520 Reserved.

Article IX. Fees and Payments Procedures

9.04.530 Fees general.

Fees for collection, disposal, processing, environmental services, and other fees as set forth in this chapter are established and required and paid as provided herein.

A. Residential properties fees.

1. Base rate. Each residential property unit for which service has been initiated pursuant to this chapter shall be charged the established monthly fee.

2. Senior and disabled citizens discount. The monthly charge for residential property unit which is owned and occupied, or rented and occupied by a person sixty-five or more years of age or by a person who presents proof of disability in accordance with this section will be discounted by the stated percentage or amount stated in the budget resolution or other duly adopted resolution of the city council. The fee discount shall only apply to the first cart. No fee discount shall be granted or remain in effect unless the following conditions are met:

a. The person claiming such discount must be sixty-five or more years of age, or must present proof of disability when the discount is requested and must file a notarized application on a form provided by the department.

b. A written request for such discount may be filed with the department at any time when the applicant reaches eligibility and will take effect at the first billing cycle which starts thirty calendar days thereafter, remaining in effect until eligibility lapses. Such request shall give the street address, dwelling unit number, if any, and the water utilities account number of the property being served, the name and addresses of the owner-occupant or renter-occupant, the day and year of his birth in the case of a person sixty-five or more years of age, and a substantiating document in the case of a disabled person. The request shall be signed by the person seeking the discount or someone authorized by him and having personal knowledge of the facts.

c. Proof of age shall consist of one of the following:

i. If the person seeking the discount presents a valid driver's license or state-issued identification card showing the day and year of birth;

ii. If the person seeking the discount currently holds a Sun Metro Senior Citizen reduced fare card;

iii. If the request is signed by the director of a city senior citizen center or nutrition center or other agency approved by the department.

iv. All other requests shall be verified by the signed and sworn affidavit of the person seeking the discount or someone authorized by him and having personal knowledge of the facts.

d. Proof of disability shall consist of one of the following:

i. Certification from the Social Security Administration that the applicant is the recipient of a social security or supplemental security income disability pension;

ii. Certification from the proper administrative officer that the applicant is the recipient of a public disability pension and classified one hundred percent disabled; or

iii. Certification from the Veterans Administration that the applicant is the recipient of the Veterans Administration disability payments and classified one hundred percent disabled.

***Editor's note**—Ord. No. 18123, § 14, adopted February 4, 2014, repealed Art. VIII, § 9.04.520, which pertained to designated or authorized municipal solid waste facilities and derived from Ord. No. 17380, § 1, adopted August 24, 2010; Ord. No. 17604, § 3, adopted July 19, 2011.

e. The person claiming a discount must be the same person who is billed by the water utilities for water service to the residence to which such discount applies.

f. Approved discounts are not transferable to another person or address.

g. No person shall be entitled to a discount for more than one residence at the same time and only for the residence the person occupies, nor shall any person be entitled to claim both a sixty-five years and over discount and a disabled discount at the same time.

h. In all cases, the director shall have the right to investigate the information given on requests for discount, and to make reasonable requirements for supporting evidence.

i. The discount provided in this section shall not apply to charges for additional carts, special collections, collection of solid waste from commercial properties and mixed-use properties, or from any location of any type utilizing containers or roll-offs.

j. Any change which results in loss of eligibility for a discount for a residence will be reported to the department within thirty calendar days, and full charges will be restored during the next billing cycle.

k. Eligibility for the senior and disabled citizens' discount shall lapse at the end of each anniversary of determination of eligibility.

l. The director shall have the authority to investigate and verify that applicants continue to be eligible for this discount.

m. The discount shall in no way be considered as approval of sidedoor collection under Section 9.04.100. Such approval must be separately requested pursuant to that provision, and if granted shall result in the termination of any discount provided under this section.

n. Persons receiving sidedoor collection under Section 9.04.100 are not eligible for the discount.

3. Failure to comply with residential carts/containers requirements. In addition to any other actions or remedies the city may pursue, in the case of residential municipal solid waste accounts, the city shall charge the established fee to a person who fails to comply with the requirements regarding the carts or containers.

B. Commercial properties and mixed-use properties fees. The established monthly fee for services provided pursuant to this chapter by the city from commercial properties and mixed-use properties shall be charged.

C. Construction or demolition material and other waste fees. The established fee for services provided pursuant to this chapter by the city of construction or demolition material and other waste shall be charged.

D. Other fees.

1. Each person or entity requesting or needing the delivery or relocation of a cart, container, or roll-off provided by the city, each person or entity who cancels cart, container, or roll-off service provided by the city, and each person or entity who requests special services from the city such as the collection and disposal of bulk waste, infectious waste, dead animals, or an extra collection shall be charged the established service charges and special collection fees.

2. The service charges shall be imposed each time a cart, container, or roll-off is delivered, moved or relocated by the department or recovered by the department due to cancellation of service.

3. The special collection service fees shall be imposed for extra collections, unscheduled collections, collections for bulk waste, collection of infectious waste, and collections of dead animals as defined in this chapter.

4. The established cart, container, and/or roll-off replacement fee shall be charged for the replacement of cart, container, and/or roll-off that are lost, burned, damaged or destroyed by the customer and the customer requests replacement or the director determines that the cart, container, and/or roll-off is no longer serviceable by the department.

E. The department of environmental services shall be authorized to charge the established fee as a related cost to providing the solid waste disposal

utility to service due to the wear and tear on the city's rights-of-way caused by the use of the city sanitation vehicles in providing the utility service, and that the reasonable return generated by the franchise fee be transferred to the city general fund to be appropriated by the city council as deemed appropriate.

F. Environmental services fee. The owner, agent or occupant of every residence, business, establishment, industrial, educational, institutional, religious or other premises shall be charged the established monthly user service fee. Such fee shall relate to the provision of environmental services by the city and is intended to defray city expense necessary to cleaning up illegally dumped waste, compliance with environmental laws, collecting and disposing of dead animals from public rights of way and equitably sharing costs for business and neighborhood area cleanups and graffiti removal, benefiting residents and businesses in the city.

G. Shopping cart recovery fee. The shopping cart recovery fee is established and shall apply per shopping cart recovered by its owner from the city, subject to the conditions specified in Section 9.04.920C of this chapter.
(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 1, 12-21-2010; Ord. No. 18123, § 15, 2-4-2014; Ord. No. 18829, § 1, 8-14-2018)

9.04.540 Permit fees.

A. Hauler permit. The established annual fee for a hauler permit shall be charged for every permitted vehicle used by the permitted hauler. The fee shall be prorated for the number of months said hauler permit is issued on or after September 1, 2010 until the end date of August 31, 2011, and shall be charged for a twelve-month period each year for which it is issued on or after September 1, 2011.

B. Additional vehicle registration fee. The fee for either registering an additional or substituting a previously registered vehicle shall be one hundred percent of the annual fee for the vehicle to be added or substituted.

C. Special waste disposal fees. The special disposal fee is established and shall be charged for the disposal of special waste.

D. Container location on sidewalk or on public right-of-way. When permitted under this chapter, the annual established fee shall be paid by the container owner for each cart, container, and/or roll-off located on the public right-of-way. It shall be the container owner's responsibility when placing a cart, container, and/or roll-off on public right-of-way to pay this annual fee to the department. Failure to pay shall result in (1) having the art, container, and/or roll-off removed from the public right-of-way; and/or (2) imposing a fee charged at the same amount as the fee to the generator or hauler providing such services.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.550 Disposal Fees.

A. Landfill fees. Landfill fees are established and shall be charged by both type of material and vehicle type.

B. Fees subject to fraction. All fees or rates established as landfill or disposal are subject to, "or any fraction thereof."

C. Waste tires. Disposal fees for waste tires from residential users who have exceeded the eight tires per year limit or from commercial users are established and shall be charged.

D. Surcharge for uncovered loads. In conjunction with the city's enforcement of this chapter and Texas Commission on Environmental Quality rules, the city is authorized to charge the established surcharge fee for vehicles that are not provided with a tarpaulin, net, or other means to effectively secure the load in order to prevent the escape of any part of the load by blowing or spilling to the person or company hauling waste to the facility when the director observes or otherwise acquires credible information that the hauler has spilled waste materials along and within the right-of-way of the public access roads serving the facility within a two-mile distance from the facility entrance.

E. Transfer fees. Fees for disposal at any city transfer station are established and shall be charged based on compacted or uncompacted cubic yard. (Ord. No. 17380, § 1, 8-24-2010)

9.04.560 Payment procedures and nonpayment of fees.

A. Initiation of collection service. The department is authorized to initiate collection services to any generator at the request of the owner, occupant or agent representing the property owner and

to bill for all established fees through the El Paso Water Utilities or other means authorized by the director at the established rates. Once service for class is initiated in the customer's name, the established fees shall be charged to the customer during such time as the customer occupies the building for which the service had been established, or the building is connected to an active water meter.

B. Prompt payment of fees. All fees established in accordance with this chapter shall be paid promptly by the person to which the service has been provided. Payment of all fees established in accordance with this chapter are due upon preparation of the bill by the city and shall be paid within twenty (20) calendar days after the bill is mailed, unless a specific provision in this chapter requires the fee is required to be paid in advance or at the time of a request for services or for the issuance of a permit.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.570 Solid waste management fund.

Each year, all fees collected for the environmental and solid waste management services provided by the city under this chapter shall be deposited into a solid waste management fund. Payment for the operations of the department attributable to its solid waste management services function shall be made from this fund. Fund balance reserves shall be established as directed by the city council and managed for these purposes by the city manager or his designee. The annual budget for the department shall show these reserves as a separate use of fund balance. Corresponding expenses will be incorporated into the annual operating budget.
(Ord. No. 17380, § 1, 8-24-2010)

Article X Enforcement

9.04.600 General authority.

The city may initiate an action to enforce the provisions of this chapter, including legal proceedings to compel compliance.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.610 Authority to issue citations.

The following city officials are authorized to enforce the provisions of this chapter and shall have the power to issue warnings and citations to any persons violating the provisions of this chapter:

A. City manager or his designee;

B. Code enforcement division;

C. Police; and

D. Fire chief or designees.

The city officials designated above are authorized to conduct inspections of any property necessary, conduct audits of records and documents required to be utilized and maintained by this chapter, and to investigate instances of noncompliance with this chapter to enforce the provisions of this chapter. If the occupants in possession of any property refuses to allow the city officials permission to enter the property, at any reasonable time, those officials shall have recourse to every remedy provided by law to secure entry including obtaining the proper judicial warrants.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.620 Reserved.

9.04.630 Other penalties.

Any person violating any provision of this chapter shall be deemed guilty of a misdemeanor and shall be punished by a fine up to two thousand dollars, except that a violation of the illegal dumping provisions of this chapter shall be punished by a fine of up to four thousand dollars. If any such violations of this chapter are continuous, each day that the violation occurs shall constitute a separate offense.

In addition to any penalties provided for in this chapter, this chapter is enforceable by injunction.
(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 18413, § 1, 9-8-2015)

Article XI Exclusive Franchise

9.04.640 Exclusive franchise.

The city reserves the right to enter into an exclusive franchise agreement for the collection of solid waste and/or recyclable materials within the city.
(Ord. No. 17380, § 1, 8-24-2010)

Article XII Exclusive Hauler

9.04.650 Exclusive hauler.

The city reserves the right to become the sole collection, processing, and/or disposal provider for any or all solid waste and recyclable materials generated within the city.
(Ord. No. 17380, § 1, 8-24-2010)

Article XIII Litter and Illegal Dumping

9.04.660 Applicability.

This article shall apply to:

A. Persons in the city;

B. Owners of improved properties in the city, where the residential property is vacant;

C. Occupants of improved properties in the city, where an owner is not an occupant; and

D. Owners of improved properties by the city where an owner is also an occupant.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.670 Litter and illegal dumping prohibited.

No person shall dump, throw, drop, discard or otherwise dispose of litter on any public or private property within the city. This prohibition shall not be construed to limit persons placing litter in public receptacles or in authorized private receptacles in such a manner as to prevent it from being carried or deposited by the elements upon public or private property.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.680 Clean construction sites.

Any person performing construction work within the city shall at all times keep the sidewalk, street, alley and public or private property abutting the site free of construction or demolition material, solid waste, recyclable materials, litter, or other waste.
(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 1, 12-21-2010)

Article XIV Distribution of Handbills and Other Materials

9.04.700 Applicability.

This article shall apply to all persons in the city.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.720 Handbills in public places.

No person shall throw, post, or deposit any handbill within the city. Nor shall any person hand out or distribute or sell any handbill in any public place in the city. Provided, however, a person on any sidewalk, street or other public place within the city may hand out or distribute, without charge to the receiver thereof, any handbill to any person willing to accept it.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.730 Placing handbills in or upon vehicles.

No person shall throw, post, deposit, hand out or distribute any handbills in or upon any vehicle. Provided, however, a person may hand out or distribute, without charge to the receiver thereof, a noncommercial handbill to any occupant of a vehicle who is willing to accept it.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.740 Depositing handbills on properties.

No person shall throw or deposit any handbill in or upon any property except by handing such handbill directly to the owner, occupant or other person then present in or upon such property. In case properties which handbills are prohibited in accordance with this article, such person, unless requested by anyone upon such property not to do so, may place or deposit any such handbill in or

upon such inhabited property, if such handbill is so placed or deposited as to secure or prevent such handbill from being blown or drifted about such property or sidewalks, streets or other public places and except that mailboxes may not be so used.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.750 Handbills prohibited.

No person shall throw, post, deposit, hand out or distribute any handbill upon or to any private property, if requested by any one thereon not to do so, or if there is placed on said property in a conspicuous position near the entrance thereof a sign bearing the words: "No Trespassing," "No Peddlers or Agents," "No Advertisement" or any similar notice, indicating in any manner that the occupants of said property do not desire to have their right of privacy disturbed, or to have any such handbills left upon such property.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.760 Posting or affixing of handbills and other material.

No person shall post, place or affix or cause to be posted, placed or affixed any handbill or other material including sign, notice, poster or other paper or device calculated to attract the attention of the public at any lamp post, public utility pole, street median, public right-of-way, or shade tree, or upon any public structure or building, except as may be authorized or required by law. This provision shall not apply to signs relating to matters of public health, safety and welfare posted, placed, or affixed by the city.
(Ord. No. 17380, § 1, 8-24-2010)

Article XV Prohibited Accumulation of Solid Waste, Recyclable Materials, or Other Waste

9.04.800 Applicability.

This article shall apply to:

A. Persons in the city;

B. Owners of improved properties in the city, where the residential property is vacant;

C. Occupants of improved properties in the city, where an owner is not an occupant; and

D. Owners of improved properties in the city, where the owner is also an occupant.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.810 Responsibility for prohibiting accumulation of solid waste, recyclable materials, or other waste.

It is unlawful for the owner, or any person having the right of possession of any property within the city to accumulate or to permit the accumulation of solid waste, recyclable materials, or other waste on such property or on the sidewalks, parkways, street gutters or alleys abutting such property. Any such accumulation is declared to be a public nuisance, the prompt abatement of which is deemed to be a public necessity.
(Ord. No. 17380, § 1, 8-24-2010)

Article XVI Unsecured Loads

9.04.820 Applicability.

This article shall apply to all persons in the city.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.830 Unsecured loads prohibited.

No person shall transport material, including solid waste, recyclable materials, or other waste unless such material is completely enclosed, covered, and/or secured as to prevent the load or any part of the load from being carried or deposited by the elements upon public or private property.
(Ord. No. 17380, § 1, 8-24-2010)

Article XVII Weeds and Vegetation

9.04.850 Applicability.

This article shall apply to owners or occupants of properties, including improved property and properties not defined as improved properties, within the city.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.860 Weeds and vegetation prohibited.

A. Owners shall maintain properties as to prevent the growth of weeds and vegetation, other than those types of weeds and vegetation excepted under Section 9.04.870, under the following conditions:

1. Any individual lot or tract of land smaller than three acres upon which weeds and vegetation exceed an average height greater than twelve inches.

2. Any individual lot or tract of land three acres or greater upon which weeds and vegetation exceed an average height greater than twelve inches and are within one hundred fifty feet of the curb line of adjacent streets, and where no curb exists, to the edge of the street or road surface, or within one hundred fifty feet of any public or private property line.

3. Regardless of lot size, any abutting parkways or alleys upon which weeds or vegetation exceed an average height greater than twelve inches.

B. Any accumulation or growth of such weeds and vegetation on properties covered by this article, unless exempted under Section 9.04.870, is deemed to be deleterious to the public health, comfort and welfare and is declared to be a public nuisance, the prompt abatement of which is a public necessity. The abatement of said public nuisance shall not be conducted in a manner that exposes the site to wind or water erosion, including but not limited to leaving the site barren (without ground cover) or grading to avoid mowing.

C. It is unlawful for any owner or person having the right of possession of any property within the city to cause or permit such public nuisance on the property or any abutting pathways or alleys.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17516, § 2, 3-29-2011)

9.04.870 Exceptions.

The following weeds and vegetation in the city shall be exempt from the requirements of Section 9.04.860:

A. Regularly cultivated ornamental, fruit bearing, vegetable bearing or flowering plants, bushes or trees, or native desert vegetation;

B. Regularly cultivated crops grown on property that is classified as agriculture exempt according to the tax rolls;

C. Pasture lands on property that is classified as agriculture exempt according to the tax rolls;

D. Property that the director determines should be exempted because of the lack of harm to the public health, safety, and welfare (e.g., steep slopes, undeveloped properties, wet ponding areas or areas far removed from population centers and similar areas) or property that has been stabilized in accordance with an approved Grading Stabilization Plan pursuant to Title 18.44 (Grading); and

E. Naturally occurring vegetation on a lot that has never been graded.

(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17516, § 2, 3-29-2011)

9.04.880 City abatement.

A. The director is authorized to notify the owner about the condition of the land constituting a public nuisance due to accumulation of solid waste, recyclables, weeds and vegetation, other waste, or any other unacceptable, unsightly or unsanitary matter in violation of this chapter. Such solid waste, recyclables, weeds and vegetation, other waste, or any other unacceptable, unsightly or unsanitary matter in violation of this chapter must be removed within seven calendar days after the receipt of such notice. Such notice will further state that if the current property condition is not corrected within the seven calendar days from the service of such notice, the city may, without further notice abate this public nuisance by cleaning the property, and charge the cost of expense incurred in doing such work to the owner of such property and fix a lien thereon as provided by this article.

B. Such notice shall be in writing and delivered in person or sent by mail (or by any means authorized by state law) to the owner, or to any one or more of the owners if the land is owned jointly or in common at the owner's address as recorded in the appraisal district records of the appraisal district in which the property is located,

or to any agency having the authority to lease, rent, sell, manage or take care of the land. If the correction notice cannot be hand delivered at the time of the investigation, or the owner's address recorded in the central appraisal district is unknown, notice may be given by publication at least once in a newspaper of general circulation, by posting the notice on or near the front door of each building on the property to which the violation relates, or by posting the notice on a placard attached to a stake driven into the ground on the property which the violation relates, if the property contains no buildings.

C. If the city mails a notice to a property owner in accordance with this section, and the United States Postal Services returns the notice as "refused" or "unclaimed," the validity of the notice is not affected, and the notice is considered as delivered.

D. The person given such a notice or their representative may request a hearing with the city manager or his designee within seven calendar days after the receipt of the notice, to present their reasons for which this ordinance should not be enforced.

E. If the property owner or their representative fails to remove an accumulation of solid waste, recyclables, weeds and vegetation, other waste, or any other unacceptable, unsightly or unsanitary matter in violation of this chapter within seven calendar days after the receipt or posting of notice, the department shall arrange to have the cleaning, disposal or removal of solid waste, recyclables, weeds and vegetation, other waste, or any other unacceptable, unsightly or unsanitary matter in violation of this chapter done and assess the cost of such clean up, disposal or removal and all reasonable expenses at the owner's expense and to take any action as provided by this chapter. The notice shall state the cost to the city or other entity, to clean the property, including labor costs, administrative costs, transportation expenses, publication costs, expenses for use of equipment, and materials and other reasonable expenses. The notice shall be sent in writing by the director or city comptroller requesting payment to the city within thirty calendar days of receipt by the property owner. Failure to pay the costs associated with the cleanup will result in a request to city council to pass a resolution declaring the reasonable expenses which include the cost of clean up, disposal or removal, labor costs, administrative costs, transportation expenses, publication costs, expenses for use of equipment, and materials and other reasonable expenses, as well as the established authorized fee relating to the preparation of the required legal documents necessary for the creation of and release of lien, plus the cost of recording the resolution, to be a lien on the property payable within ten calendar days after adoption of the resolution, and thereafter bearing ten percent yearly interest until the debt is paid in full. If passed, a copy of the resolution, authenticated by the acknowledgement of the city clerk, shall be filed for record in the office of the county clerk. The city tax assessor and collector shall send a bill for the amount with all tax bills on the property until the debt is paid in full.

F. The city may provide a notice to inform the owner at the owner's address as recorded in the appraisal district records of the appraisal district in which the property is located, by mail (or by any means authorized by state law) and a posting on the property, or by personal delivery of correction notice, that if the owner commits another violation of the same kind or nature that poses a danger to the public health and safety within a twelve-calendar month period from the date of the notice, the city without further notice may correct the violations at the owner's expense and assess the clean-up expense against the property. If a violation covered by a notice under this subsection occurs within the one-year period and the city has not been informed in writing by the owner of an ownership change, then the city without further notice may take any action as provided by Chapter 342 of the Texas Health and Safety Code and assess its expenses as provided by Section 342.007. (Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17543, § 1, 4-26-2011; Ord. No. 18227, § 1, 8-19-2014; Ord. No. 18468, § 1, 2-23-2016)

Article XVIII Litter Collection at Retail or Service Establishments

9.04.900 Applicability.

This article shall apply to owners and occupants of improved property in the city containing a retail or service establishments.
(Ord. No. 17380, § 1, 8-24-2010)

9.04.910 Litter control.

Owners shall comply with the following litter control requirements:

A. Signs. Owners shall post reflective warning signs with the phrase "LITTERING PROHIBITED" shall be posted at parking lots serving retail and service establishments according to the following requirements:

1. Signs shall be constructed of metal, wood or durable plastic;

2. Signs shall be posted on a pole or fixed structure between four and six feet above ground surface;

3. Signs shall have lettering consisting of uppercase letters of no less than two inches in height and must be of a color contrasting the color of the sign itself; and

4. Signs shall be distributed around the parking lot area according to the following requirements:

a. A minimum of one sign shall be posted for parking lots providing between one and twenty-five parking spaces, or where parking spaces are not demarcated, for parking lots up to five thousand square feet; or

b. One sign shall be posted per twenty-five parking spaces provided, or where parking spaces are not demarcated, for each five thousand square feet of parking lot area provided, up to a maximum of five signs total per parking lot.

B. Litter receptacles. Owners shall provide litter receptacles at parking lots serving retail and service establishments according to the following requirements:

1. Litter receptacles shall have a capacity between fifty-five and ninety-six gallons;

2. A minimum of two litter receptacles shall be provided for parking lots providing between one and twenty-five parking spaces, or where parking spaces are not demarcated, for parking lots up to five thousand square feet;

3. One additional litter receptacle shall be provided per additional fifteen parking spaces, or where parking spaces are not demarcated, for each additional three thousand square feet of parking lot area, up to a maximum of twenty litter receptacles total per parking lot;

4. Litter receptacles shall be spaced throughout the parking lot area and/or along the front area of the buildings accessible to the public; and

5. Owners shall ensure that litter receptacles are emptied regularly, and shall ensure that at no time is litter allowed to overflow receptacles.

C. Parking lot area litter control. Owners shall ensure that uncontained litter in the parking lot areas is controlled by removing and placing litter in litter receptacles at least once per business day, or for businesses that are opened to the public twenty-four hours a day, twice per business day. Owners are further required to maintain a written schedule for regular parking lot litter control and make such schedule available to any city official authorized to enforce the provisions of this chapter, upon request of said official.
(Ord. No. 17380, § 1, 8-24-2010; Ord. No. 17471, § 14, 12-21-2010)

9.04.920 Shopping cart control.

Occupants shall comply with the following shopping cart control requirements:

A. Shopping cart recovery. Occupants shall immediately recover, upon sight or notice, any shopping cart that is not contained within the parking area of the establishment providing the shopping cart. Notice may be provided verbally or in written form by a city official or by any person witnessing the occurrence. Occupants shall also immediately recover their shopping carts that are located anywhere in the city to include, but not be limited to, the following locations:

1. Shopping carts located on a city street, alley or right-of-way;

2. Shopping carts located in city stormwater conveyance or ponding areas, including arroyos; and/or

3. Shopping carts located on sidewalks or on private property.

B. Shopping cart maintenance. Occupants shall ensure that each shopping cart provided by the occupant's retail or service establishment clearly identifies the owner of the shopping cart by a sign, label or imprinted logo. Occupants shall ensure that uncontained shopping carts are located and recovered by conducting a search and recovery of nearby (within a one-mile radius) property, neighborhoods and areas of frequent shopping cart accumulation at least once every seven calendar days. Occupants shall also maintain a written schedule for regular shopping cart control and make such schedule available to any city official authorized to enforce the provisions of this chapter, upon request of said official.

C. Impoundment. The city shall impound any shopping cart not contained within the parking area of the retail or service establishment owning the shopping cart, where the occupant has received two or more written notices of violation within a consecutive twelve-month span. Owner of shopping carts shall be able to recover impounded shopping carts from the city by paying the per-shopping cart recovery fee established in Section 9.04.530G of this chapter. Any shopping carts not recovered within thirty (30) calendar days of the city giving notice of the impoundment shall be recycled and/or disposed of by the city. The failure of an occupant to recover an impounded shopping cart within thirty calendar days of the city giving notice of the impoundment shall constitute authorization for the city to dispose of the shopping cart at the occupant's expense. The occupant shall pay such cost of disposal as documented and billed by the city within thirty calendar days upon receipt of the billing.
(Ord. No. 17380, § 1, 8-24-2010)

Chapter 9.08

JUNKED VEHICLES

Sections:

9.08.010 Declared nuisance.

9.08.020 Definitions.

9.08.030 Abatement.

9.08.040 Exceptions.

9.08.050 Enforcement authority.

9.08.060 Enforcement.

9.08.070 Violation—Penalty.

9.08.010 Declared nuisance.

A. The city council finds that junked vehicles and junked vehicle parts that are located in a place where they are visible from a public place or public right-of-way are detrimental to the safety and welfare of the general public, tend to reduce the value of the private property, invite vandalism, create fire hazards, constitute an attractive nuisance creating a hazard to the health and safety of minors, and are detrimental to the economic welfare of the city by producing urban blight adverse to the maintenance and continuing development of the city and are, therefore, declared to be public nuisances. It is unlawful for any person or persons to cause or maintain such public nuisances by wrecking, dismantling, rendering inoperable, abandoning or discarding his or their vehicle, vehicles or vehicle parts on the property of another or to suffer, permit or allow the same to be placed, located, maintained or exist upon his or their own real property.

B. Covering a junked vehicle with a cover that is custom-tailored or custom-fitted to the particular model of the vehicle being covered will abate the nuisance. The vehicle cover shall be made of a canvas of closely woven, coarse cloth of hemp, cotton or linen that is both water and mildew resistant and shall be maintained free of any tears or holes. To abate the nuisance, the vehicle shall be completely covered, with the exception of the vehicle tires, and the cover shall be secured by a tie-down device. Tires shall be mounted on the vehicle and shall be properly inflated. All four tires must be on the ground. It is the vehicle owner's responsibility to ensure that the vehicle remains completely covered. Placing the junked vehicle behind trees or shrubbery does not abate the public nuisance. The department of environmental services and the police department are authorized to abate such nuisances under the terms and conditions hereinafter provided. (Ord. 16138 § 1, 2005: Ord. 13698 § 1, 1998: Ord. 13152 § 47, 1997: Ord. 13061 § 1, 1997: Ord. 9971 § 1, 1990: Ord. 8652 (part), 1986; prior code § 11-46)

9.08.020 Definitions.

The following words shall have the following meanings:

A. "Antique auto" means a passenger car or truck that was manufactured in 1925 or before, or a passenger car or truck that is at least thirty-five years old.

B. "Collector" means the owner of one or more antique or special interest vehicles who collects, purchases, acquires, trades or disposes of special interest or antique vehicles or parts of them for personal use in order to restore, preserve and maintain an antique or special interest vehicle for historic interest.

C. "Demolisher" means a person whose business it is to convert a motor vehicle into processed scrap metal or to otherwise wreck or dismantle a motor vehicle.

D. "Junked vehicle" means every self-propelled mechanical device, in, upon or by which any person or property is or may be transported or drawn upon a public highway, including motor vehicles, commercial motor vehicles, truck-tractors, trailers and semitrailers, but excepting devices moved by human power or used exclusively upon stationary rails or tracks, and which:

1. Does not have lawfully attached to it:

a. an unexpired license plate, or

b. a valid motor vehicle inspection certificate; or

2. Is wrecked, dismantled or partially dismantled, or discarded; or

3. Is inoperable and has remained inoperable for more than:

a. Seventy-two consecutive hours, if the vehicle is on public property, or

b. Thirty consecutive days, if the vehicle is on private property.

E. "Special interest vehicle" means a motor vehicle of any age that has not been altered or modified from original manufacturer's specifications and, because of its historic interest, is being preserved by hobbyists. (Ord. 14210 § 1, 1999; Ord. 12164 § 1, 1994; Ord. 9971 § 2, 1990: Ord. 8652 (part), 1986; Ord. 8460 § 1, 1985; prior code § 11-47)

9.08.030 Abatement.

A. Upon complaint or upon its own initiative, the environmental services department may initiate appropriate official action to remove and abate a public nuisance in the nature of a junked vehicle or junked vehicle part. Notice of the existence of a nuisance shall be in accordance with the procedures set forth in this chapter.

B. For a public nuisance that exists on private property, the environmental services department shall notify the last known registered owner of the junked vehicle or junked vehicle part, any lienholder of record, and the owner or occupant of the private premises on which the public nuisance exists, that the nuisance exists, that it must be removed and abated within ten days of the receipt of such notice, or that a request for a hearing must be made by the owner or occupant before the expiration of the ten-day time period from the receipt of the notice. The notice shall be sent by certified mail with a five-day return receipt requested. If the post office address of the last known registered owner of the motor vehicle is unknown, notice to the last known registered owner may be placed on the motor vehicle or, if the last known registered owner is physically located, the notice may be hand delivered. If any notice is returned undelivered by the United States Post Office, further official action to abate the nuisance shall be continued to a date not less than ten days after the date of return.

C. For a public nuisance that exists on public property, the environmental services department shall notify the last known registered owner of the junked vehicle or junked vehicle part, any lienholder of record, and the owner or occupant of the public premises or the owner or occupant of the premises adjacent to the public right-of-way on which the public nuisance exists, that the nuisance exists, that it must be removed and abated within ten days of the receipt of such notice, or that a request for a hearing must be made by the owner or occupant before the expiration of the ten-day period from the receipt of the notice. The notice shall be sent by certified mail with a five-day return receipt requested. If the post office address of the last known registered owner of the motor vehicle is unknown, notice to the last known registered owner may be placed on the motor vehicle or, if the last known registered owner is physically located, the notice may be hand delivered.

D. A public hearing shall be held before the municipal court of the city for determination of the existence of a junked vehicle or junked vehicle part as a public nuisance and for the purpose of entering an order requiring the removal of the same if found to be so. Notice of this hearing shall be sent by certified mail to the last known registered owner of the junked vehicle or junked vehicle part, any lienholder of record, the owner or occupant of the private premises, public premises or the premises adjacent to the public right-of-way, as the case may be, not less than ten days before the date of the hearing. At the hearing it is presumed, unless demonstrated otherwise by the owner, that the vehicle is inoperable. The judge of the municipal court shall be the designated official to make such determination and upon the finding that the vehicle or vehicle part is a junked vehicle and constitutes a public nuisance, he shall enter an order requiring the removal of the vehicle or a part thereof. The order must include a description

of the vehicle or vehicle part and the correct identification number and license number of the vehicle if the information is available at the site.

E. Before any city employee or any other person is authorized to remove a vehicle or vehicle part that is in violation of this chapter, he shall first obtain from the appropriate court an order for the removal of the junked vehicle or junked vehicle part, which shall include a description of the vehicle or vehicle part and the correct identification and license number of the vehicle if the information is available at the site where the vehicle or vehicle part is located.

F. A junked vehicle or vehicle part may be disposed of by removal to a scrap yard, demolisher or any suitable site operated by the city for processing of scrap or salvage; however, it is unlawful for any person to reconstruct or make operable any junked vehicle after it has been removed.

G. Not later than the fifth day after the removal of a junked vehicle or junked vehicle part, the city shall notify the State Department of Highways and Public Transportation of the removal of the junked vehicle or junked vehicle part, so that the department may cancel the certificate of title. The notice must identify the vehicle or vehicle part. (Ord. 16138 § 2, 2005: Ord. 13061 § 2, 1997; Ord. 10710 § 1, 1991; Ord. 9971 § 3, 1990: Ord. 8652 (part), 1986; prior code § 11-48)

9.08.040 Exceptions.

This chapter shall not apply to:

A. A vehicle or vehicle part that is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property; or

B. A vehicle or vehicle part that is stored or parked in a lawful manner on private property in connection with the business of a licensed vehicle dealer or junkyard; or

C. An unlicensed, operable or inoperable antique or special interest vehicle stored by a collector on the collector's property, if the vehicle and the outdoor storage area are maintained in a manner so that they do not constitute a health hazard and are screened from ordinary public view by means of a fence, rapidly growing trees, shrubbery or other appropriate means. Covering an unlicensed, operable or inoperable special interest vehicle or antique vehicle with a tarp or other similar material does not properly screen the vehicle. (Ord. 13061 § 3, 1997; Ord. 9971 § 4, 1990: Ord. 8652 (part), 1986; prior code § 11-49)

9.08.050 Enforcement authority.

A. The procedures provided for in this chapter must be administered by the environmental services department, except that the removal of a vehicle or vehicle part from property may be by any duly authorized person.

B. Whenever necessary to make an inspection to enforce any of the provisions of this chapter, or whenever the inspector has reasonable cause to believe that there exists upon any premises any condition or code violation which makes such vehicle or vehicle part in violation of this chapter, the inspector may enter such premises at all times to inspect the same or to perform any duty imposed upon the inspector by this chapter; provided, that if the premises are occupied, he shall first present proper credentials and request entry, and if the premises are unoccupied, he shall first make a reasonable effort to locate the owner or other persons having charge or control of the premises and request entry. If entry is refused, the inspector shall have recourse to every remedy provided by law to secure entry.

C. When the inspector has obtained a proper inspection warrant or other remedy provided by law to secure entry, no owner or occupant or any other persons having charge, care or control of any premises shall fail or neglect, after proper request is made as herein provided, to promptly permit entry thereon by the inspector for the purpose of inspection and examination pursuant to this chapter. (Ord. 16138 § 3, 2005: Ord. 13152 § 49, 1997; Ord. 13061 § 4, 1997; Ord. 9971 § 5, 1990: Ord. 8652 (part), 1986; prior code § 11-50)

9.08.060 Enforcement.

If the public nuisance is not removed and abated and no hearing is requested within the ten-day period provided for herein, the environmental services department may file a complaint concerning the public nuisance in an appropriate court. (Ord. 16138 § 4, 2005: Ord. 13152 § 50, 1997: Ord. 13061 § 5, 1997: Ord. 9971 § 6, 1990: Ord. 8652 (part), 1986; prior code § 11-51)

9.08.070 Violation—Penalty.

If a person is found guilty of maintaining a public nuisance as provided in this chapter, that person shall be punished by a fine not to exceed two hundred dollars and the court shall order removal and abatement of the nuisance. Should the person charged with maintaining a public nuisance as provided in this chapter, plead guilty to the charge and pay the fine established by the court for such offense, the court shall declare the junked vehicle or junked vehicle part a public nuisance and order removal and abatement of the nuisance. All orders under this section must include a description of the vehicle and the correct identification number and license number of the vehicle if the information is available at the site. (Ord. 9971 § 7, 1990: Ord. 8652 (part), 1986; prior code § 11-52)

Chapter 9.10

MULBERRY TREES

Sections:

9.10.010 Planting and selling.

9.10.020 Enforcement.

9.10.030 Abatement.

9.10.040 Penalties.

9.10.010 Planting and selling.

As of September 1, 1992, it is unlawful to plant any mulberry tree within the city. Further, it is unlawful for any mulberry trees to be sold within the city after September 1, 1992. (Ord. 10519 (part), 1991)

9.10.020 Enforcement.

A. The procedures provided for in this chapter shall be administered by regularly salaried, full-time employees of the department of environmental services or police department.

B. Whenever necessary to make an inspection to enforce any provisions of this chapter, or whenever the inspector has reasonable cause to believe that there exists upon any premises any condition or code violation of this chapter, the inspector may enter such premises at all reasonable times to inspect the same or to perform any duty imposed upon the inspector by this chapter; provided, that if such premises be unoccupied, the inspector shall first make a reasonable effort to locate the owner or other persons having charge or control of the premises and request entry. If such entry is refused, the inspector shall have recourse to every remedy provided by law to secure entry.

When the inspector shall have first obtained a proper inspection warrant or other remedy provided by law to secure entry, no owner or occupant or any other person having charge, care or control of any premises shall fail or neglect, after proper request is made as herein provided, to promptly permit entry thereon by the inspector for the purpose of inspection and examination pursuant to this chapter. (Ord. 16812 § 7 (part), 2007; Ord. 10519 (part), 1991)

9.10.030 Abatement.

A. As an additional means of enforcing this chapter, and regardless of whether or not any person is convicted of a misdemeanor for the violation of this chapter, the inspector is authorized to notify the owner of the existence of mulberry trees in violation of this chapter, and that the mulberry trees must be removed within ten days after receipt of such notice. Such notice shall state further that if the condition is not corrected within ten days from the service of such notice, the city may, without further notice, abate the violation by removing the trees and charge the cost of expense incurred in doing such work to the owner of such property, and fix a lien thereon as provided by this ordinance.

B. Such notice shall be in writing and be delivered in person or sent by certified mail with return receipt requested to the owner, or to any one or more of the owners if the land be owned jointly or in common, or to any agency having authority to lease, rent, sell, manage or take care of the land. If, after reasonably diligent efforts, the person to be so notified cannot be found, notice shall be given by publication in a newspaper of general circulation two times within ten consecutive days.

C. The person given such notice, or any person having an interest in the property, shall, if he so requests within ten days of receipt of the notice, be given a hearing before the director of the department of environmental services, or designee to show cause, if there be any, why the order should not be enforced.

D. If the owner or agent fails to remove the mulberry trees within ten days after receipt of notice, or within ten days after constructive service of notice the director of the department of environmental services, or designee shall arrange to have the trees removed by any satisfactory means and assess the cost of such removal against the property owner. Notice, service of which shall be

as provided for in subsection B of this section, stating the cost to the city or other person or entity to clean the property, including labor costs, administrative costs of inspection and reinspection, transportation expenses and a reasonable allowance for use of equipment and materials, shall be sent in writing to the owner by the director of the department of environmental services, or designee or the city comptroller. The notice shall request payment to the city within sixty days of receipt by the owner, and the mayor and council shall be requested to pass a resolution declaring the cost to clean, plus the cost of recording the resolution, to be a lien on the property payable within ten days after adoption of the resolution, and thereafter bearing ten percent interest per annum until the debt is paid.

E. The city council may by resolution determine the actual cost of cleaning the property and abating the public nuisance, and declare the amount, plus the cost of recording the resolution, to be a lien on the property, payable within ten days after adoption of the resolution, and thereafter bearing ten percent interest per annum until paid. A copy of the resolution, authenticated by the acknowledgement of the city clerk, shall be filed for record in the office of the county clerk. The city tax assessor and collector also shall send a bill for the amount with all tax bills on the property until the debt is paid. (Ord. 16812 §§ 7 (part), 8 (part), 2007; Ord. 10519 (part), 1991)

9.10.040 Penalties.

Any person violating any provision of this chapter shall be deemed guilty of a class C misdemeanor and punished by a fine not to exceed five hundred dollars, and if such violation is a continuous one, each day's violation shall constitute a separate offense. In addition to any penalties provided for in this chapter, this chapter is enforceable by injunction. (Ord. 10519 (part), 1991)

Chapter 9.11

TREE CARE

Sections:

9.11.010 General provisions.

9.11.010 General provisions.

A. Purpose. The purpose of this chapter is to promote and protect the public health, safety, and general welfare by providing for the regulation of the planting, maintenance, and removal of trees located on public property and to prohibit nuisances or hazards caused by trees located on private and public property within the limits of the City of El Paso.

B. Applicability. This chapter applies to all trees located within public property and to trees located on public or private property that create a hazardous condition or nuisance to the general public.

C. Arborist. The arborist shall work with the parks and recreation department and the department of transportation to accomplish all duties that may be required to comply with this chapter of the city code.

D. Definitions. The following definitions apply under this chapter:

1. "Arboricultural Specifications Manual" means the manual containing regulations and standards for the planting, maintenance, and removal of trees located on public property. The manual shall be approved by the city manager or designee.

2. "Damage" means and includes, but not be limited to, the uprooting of a tree, severance of the root or branch system, the compaction of soil around a tree, a substantial change in the natural grade above a root system or around a trunk, or excessive pruning of living tissue.

3. "Public property" means all grounds owned and controlled by the City of El Paso and where the city has the responsibility of maintenance.

4. "Public tree" means any tree with at least two-thirds of its trunk on public property.

5. "Topping" means the severe reduction of the tree's size using heading cuts that shorten limbs or branches back to a predetermined crown size or limit with the result of reducing the natural canopy or disfigure the tree.

6. "Tree" means any self-supporting woody perennial plant typically having a mature trunk(s) diameter of at least three inches measured at twelve inches above grade.

7. "Utility" means public utilities, businesses or organizations in the business of supplying communications services, electrical energy, gas, heat, steam, water, or sewage disposal and treatment.

E. Arborist. The city arborist shall:

1. Administer the provisions of this chapter;

2. Administer the community forestry action plan;

3. Assist the board of parks and recreation in carrying out the duties and responsibilities as specified in Section 2.20.050 C. of this Code; and

4. Administer and, in consultation with the tree board, periodically review and revise as necessary the provisions of the Arboricultural Specifications Manual.

F. Trees located on public property.

1. Destruction or damage of trees prohibited. It is unlawful for any person to intentionally damage, cut, carve, abuse, poison or otherwise harm or injure any tree located on public property. This section does not apply to persons authorized by the city who are taking actions necessary for the preservation and safety of the public or the proper care or maintenance of any tree in accordance with the Arboricultural Specifications Manual. The City of El Paso and its authorized agents, employees, and contractors shall have the authority to trim or remove any trees within public property.

2. Maintenance of trees.

a. The city may plant, prune, maintain and remove trees, plants and shrubs within the lines of all public property, as are necessary to preserve the aesthetic value of such public areas and for the health and safety of the public and trees. Such planting, maintenance or removal will be done in accordance with Arboricultural Specifications Manual.

b. Utilities. No public or private tree other than those species that may attain a mature height no greater than ten feet below an existing overhead utility wire may be planted under or within ten feet of any overhead utility wire on public property. Tree limbs that grow near high voltage electrical conductors shall be maintained clear of such conductors in compliance with the franchise agreements between the city and the utility company.

c. Tree topping. No tree located on public property shall be topped. Trees severely damaged by storms or other causes, or certain trees under utility wires or other obstructions where other pruning practices are impractical may be crown reduced where necessary to protect the public health, safety and welfare.

d. Tree protection zone. Whenever city department plans to do construction work around any public tree, proper safe guards and root protection zones as outlined in the Arboricultural Specifications Manual must be approved by the city arborist.

e. Jurisdiction over public property. The directors of the department of transportation and parks and recreation department or their designees shall have the power to perform accepted tree care in accordance with the Arboricultural Specifications Manual. If any tree or any part thereof is in unsafe condition, or is injurious to the common good, or to the sewer pipes, pavements or improvements, or is infested by disease or insects which are dangerous to other trees, the city arborist may remove such trees or part thereof, or spray such tree, or order such tree, or part thereof removed.

G. Trees located on private property. Public nuisances on private property. It is unlawful for a property owner to cause, create, keep, or otherwise permit trees that are dead, or that have transmissible disease infections or insect infestations on private property. Trees that are dead trees or that have transmissible disease infections or insect infestations are declared a nuisance.

1. Authority of city. The city may order that the property owner or agent of the owner of any private property containing a tree(s) that is dead or infected by transmissible disease or infested with insects, remove in the case of a dead tree, or treat or allow the city to treat, the infected or infested tree(s) located on private property. Upon complaint or observation meriting further inspection, the city shall have the authority to enter upon private lands to make field inspections, including the removal of specimens for any laboratory analysis that may be necessary to determine the presence of a transmissible infection or infestation.

2. Issuance of order. When the city determines that a tree is dead or that the tree has an infectious disease or insect infestation, the city shall assess the need for immediate action to curb a hazardous condition in the case of a dead tree, or spread of the infection or infestation to other trees. If the dead tree is determined by the city to pose a hazardous condition, or if infection or infestation warrants immediate action to prevent spread to other trees, the city may order the property owner to immediately treat, remove or dispose of the dead or infected or infested trees, or allow the city to do so. If the dead tree or the infection or infestation does not warrant immediate action, the city may order that the property owner or agent of the owner treat, or remove and dispose of dead or infected or infested tree within a specified time, but not less than thirty days from the date of the order. The city's order shall be delivered by certified mail (return receipt requested) or by hand delivery to the property owner, or to any agency having the authority to lease, rent, sell, manage or take care of the property on which the tree at issue originates. If the city's order cannot be hand delivered, or the property owner's address cannot be ascertained from the records recorded in the central appraisal district, the city's order may be provided by publication at least once in a newspaper of general circulation, by posting the order on or near the front door of the main building on the property where the tree at issue originates or by posting the order on a placard attached to a stake driven into the ground on the property where the tree at issue originates, if the property contains no buildings. In the sole discre-

tion of the city, if the owner or agent of the owner does not satisfactorily complete the necessary work within the time allowed by the city's order, the city may enter upon the property to treat, to remove, or to destroy the dead or infected or infested tree(s) by approved practice.

3. Property owner appeal of order to appeal board. If the property owner wishes to appeal the city's order on the basis that the tree is not dead or infested or infected, such appeal must be received by the City Manager or designee within ten days of receipt of the city's order. The appeal must be in writing. Once the appeal is received by the City Manager or designee, the City Manager or designee shall notify the appeal board so that the board may schedule a date for the appeal to be heard within thirty days of the City Manager's receipt of said appeal. The appeal board shall consist of the City Arborist and two directors designated by the City Manager. An official from the Texas Forest Service may serve as an ex-officio member, without the right to vote, and he shall not be counted for purposes of establishing a quorum. The City Manager or designee will be responsible for notifying the property owner of the appeal date, providing all the necessary documents to the board, and conducting the appeal. The board shall render a decision based on all the evidence and documentation presented. The City Manager or designee shall notify the property owner of the board's decision in the form of a written report indicating the board's findings and the decision.

4. Further appeal to district court. The board's decision is final unless within twenty calendar days from the date of the board's decision, the property owner files an appeal in district court.

5. City abatement of infestation or infection or removal of a dead tree. If the property owner fails to complete any work required to be done by the city within the time specified, the city may cause the work to be done and the cost of the same shall be assessed against the property owner. Any notice given pursuant to this section shall state that if the work required is not done within the time specified, the city will cause the same to be done at the expense of the property owner. A statement of the costs incurred by the city shall be mailed to the property owner and such statement shall be paid within thirty days of the date of mailing thereof. If any property owner is unable to pay the cost of such work within thirty days, he may enter into an agreement for the payment of the same in monthly installments. If the property owner fails to pay the costs incurred by the city or fails to enter into an agreement for payment of the costs and pay such cost in accordance with the agreement, civil action by the city to recover the costs may be pursued and the city attorney is authorized, without further authorization from city council, to institute any civil suit necessary to recover the costs incurred by the city, to include costs associated with the civil suit.

H. Any person who shall cause, create, keep, or otherwise permit a nuisance declared under this chapter or any person who intentionally damages, cuts, carves, abuses poisons or otherwise harms or injures any tree located on public property shall be guilty of a misdemeanor, and upon conviction thereof shall be fined as provided in Sections 1.08.010, 1.08.020 and 1.08.030. Each day that such nuisance shall continue shall constitute a separate offense; provided, the imposition of a penalty hereunder shall not abrogate the right of the city to cause the abatement of any nuisance. (Ord. 16812 § 9, 2007; Ord. 16657 § 1, 2007)
(Ord. 17204, § 3, 9-22-2009; Ord. No. 17392, § 1, 8-24-2010, eff. 9-1-2010; Ord. No. 17740, § 1, 3-6-2012; Ord. No. 17804, § 1, 6-5-2012, eff. 6-11-2012; Ord. No. 18448, § 1, 12-8-2015)

Article I. General Provisions

9.12.005 Texas Food Establishment Rules—Adopted.

The City of El Paso adopts by reference The Texas Food Establishment Rules as adopted, currently or amended, by the Executive Commissioner of the Health and Human Services Commission found in 25 Texas Administrative Code, Chapter 228 regarding the regulation of food establishments in this jurisdiction, a copy of which, authenticated by the city clerk and on file in the city clerk's office is adopted in addition to Chapter 9.12, as fully as if copied at length in Title 9 (Health and Safety), Chapter 9.12.

(Ord. 17162, § 1, 8-11-2009; Ord. No. 18450, § 1, 12-15-2015)

9.12.007 Applicability.

This chapter shall not apply to the following, as they are not considered to be food establishments under 25 Texas Administrative Code Section 228.2 Definitions, Subsection 57(D):

A. A food product or food service establishment that offers only prepackaged foods that are not time/temperature controlled for food safety;

B. A produce stand that only offers whole, uncut fresh fruits and vegetables;

C. A food processing plant;

D. A cottage food industry;

E. An area where cottage food is prepared, sold or offered for human consumption;

F. A Bed and Breakfast Limited Facility; or

G. A private home that receives catered or home-delivered food.

This chapter does not affect small-scale food businesses as defined in Chapter 437, Section 437.0063 of the Texas Health and Safety Code. Section 437.0063 of the Texas Health and Safety Code is adopted by reference.

(Ord. No. 18202, § 1, 7-1-2014; Ord. No. 18450, § 2, 12-15-2015; Ord. No. 019783, § 1, 8-19-2025)

9.12.010 Definitions.

In this chapter, unless the context requires a different definition:

"Adult foster care home/private care home" means an establishment operated in the home which cares for no more than four adults over the age of twenty-one, physically and/or mentally handicapped persons.

"Authorization" means a certificate issued to charitable or non-profit establishments demonstrating compliance with applicable laws.

"Booklet" means literature developed and/or printed by the food inspection program for sale to the public.

"Care facility" means any establishment in which care services are provided to recipients regardless of age whether or not the facility charges for the services offered.

"Care recipient" means a person receiving care services as defined in this Section.

"Care services" means services provided of a protective nature which may include, but are not limited to, responsible supervision and/or limited assistance with routine living functions, hygienic

assistance, self-administration of medication and supervision of meal regimen for a person not related to the owner or operator of the facility.

"Caterer" means a person whose business is to provide food services at private social events. Within the meaning of this Code, catering is a function of the restaurant business and such food services are provided at non-restaurant locations. A caterer may not engage in the business of a temporary, seasonal or recurrent establishment without first obtaining the applicable permit.

"Central preparation facility" means a fixed food product or a fixed food service establishment in which food, containers or supplies are kept, handled, prepared, packaged or stored for temporary, recurrent or mobile establishments.

"Charitable" or "nonprofit organization" means a person who owns or operates an establishment in which the proceeds are used for charitable or philanthropic purposes and without personal financial gain to the participants.

"Department" means the City of El Paso's Department of Public Health.

"Director" means director of the department of public health, or designee.

"Duplicate permit" means a certified copy of the original permit issued by the director.

"Establishment" means food product and food service establishments, including temporary, recurrent, seasonal, mobile, outdoor market, nonprofit, kiosk, and care facilities, and excluding a food product or food service establishment that offers only prepackaged foods that are not time/temperature controlled for food safety, a produce stand that only offers whole, uncut fresh fruits and vegetables, a food processing plant, a cottage food industry, an area where cottage food is prepared, sold or offered for human consumption, a bed and breakfast limited facility, or a private home that receives catered or home delivered-food as set forth in 25 Tex. Admin. Code § 228.2 Definitions, Subsection 57(D).

"Equipment" means an article that is used in the operation of an establishment such as a freezer, grinder, hood, ice maker, meat block, mixer, oven, reach-in refrigerator, scale, sink, slicer, stove, table, temperature measuring device for ambient air, vending machine, or warewashing machine; not including items used for handling or storing large quantities of packaged foods that are received from a supplier in a cased or overwrapped lot, such as hand trucks, forklifts, dollies, pallets, racks, and skids.

"Event" or "celebration" means a publicly accepted social event or celebration such as parades, walkathons, authorized street sales, fiestas, holidays, bazaars and religious celebrations. An event cannot be more than fourteen consecutive days.

"Exposed food" means any raw, cooked or processed food open to contamination by insects, dust, dirt, filth or any other harmful or deleterious substance.

"Extensive remodel" means a change or modification of food preparation, utensil washing, food serving and restroom areas or major modifications of other areas of the establishment such as seating and waste disposal areas.

"Family" means a group of people related by blood, marriage or adoption and living together and functioning as a single housekeeping unit for twenty-four hours a day; or a group of not more than five persons not so related, but joined together by common interests or friendship and so living together and functioning as a single housekeeping unit for twenty-four hours a day. A family may gather to enjoy family and friends in a private setting where meals are provided for family and friends without having to obtain a food permit. The term does not include persons who are adults over the age of twenty-one, physically and/or mentally handicapped who are unable to care for their own needs and receive care services, whether or not the services are provided for profit; or an individual living alone in a housekeeping unit of which he has control.

"Food" means any exposed or unexposed raw, cooked or processed edible substance; ice, beverage or ingredient used or intended for use or for sale in whole or in part for human consumption.

"Food-contact surface" shall include 1) a surface of equipment or a utensil with which food normally comes into contact; or 2) a surface of equipment or a utensil from which food may drain, drip, or splash: a) into a food; or b) onto a surface normally in contact with food.

"Food handler" means an individual who works in any establishment including but not limited to hospitals, nursing homes, and schools, and directly works with unpackaged food, food equipment or utensils, or food-contact surfaces, and participates in serving, preparing or storing of food, or participates in handling or washing equipment and utensils in the normal course of business.

"Food handler course" means a course of study approved by the director and designed to provide basic instruction to food handlers on food handling, preparing and storing techniques.

"Food product establishment" means a commercial establishment in which food is manufactured, packaged, stored or distributed for human consumption. The term does not include a food service establishment, mobile, temporary, recurrent, seasonal, outdoor market and care facilities.

"Food protection management course" means a course of study designed to instruct owners, managers or persons in charge of the requirements of the Texas Food Establishment Rules, Chapter 9.12 Food and Food Handling Establishments and Food Regulation Course Material. Owners, managers or persons in charge of food service establishments, food product establishments, care facilities, recurrent and mobile establishments handling exposed potentially hazardous food are required to attend.

"Food protection management personnel" means an owner, manager or person in charge of an establishment certified as a food protection manager or able to respond correctly to questions relating to specific food operations as promulgated by the director. At least one food protection management personnel must be present at the establishment at all times while open for business.

"Food service establishment" means any place where food is prepared and intended for individual portion service, and includes the site at which individual portions are provided. The term includes any such place regardless of whether consumption is on or off the premises and regardless of whether there is a charge for the food. The term does not include private homes where food is prepared or served for individual family consumption.

"Health and sanitary inspection" means a site visit to determine compliance with requirements of general health and sanitary guidelines.

"Home child care facility" means an establishment which at any time provides care for no more than a total of twelve children under fourteen years of age, of which the caretaker's own children shall also be counted in the total number allowed.

"Hospitality" means cordial coffee reception for guest at no cost to the guest.

"Kiosk" means an establishment that is a fixed or temporary structure, one hundred square feet or less in size, which handles only precooked or ready-to-eat exposed food. A kiosk is not limited to a single fixed or temporary structure. There can be multiple fixed or temporary units, or a combination of both, joined to form a structure not to exceed one hundred square feet. The definition includes structures that operate on either a permanent or a temporary basis, regardless of whether the structure is connected to a sewer system or water system. When a permanent connection to water is not feasible, a kiosk will be subject to 25 Tex. Admin. Code § 228.221(7) (8), (9), and (10).

"Mobile establishment" means a vehicle-mounted food handling establishment designed to be readily movable.

"Outdoor market" means an establishment at which seasonal sales of prepackaged non-potentially hazardous foods such as uncut fruits, vegetables and legumes takes place. This operation must occur on private property with written consent from the owner or on public property with written consent of the governmental entity under whose jurisdiction said property exists, and no

foods may be sold, offered for sale or exposed for sale on any portion of the property that is located within one hundred feet of the closest edge of the paved portion of an arterial as that term is defined and used in Section 13.20.040 of this Code. A proper health permit must be acquired. The establishment shall not be permanent.

"Packaged" means bottled, canned, cartoned, securely bagged, or securely wrapped, whether packaged in a food establishment or a food processing plant; and does not include a wrapper, carry-out box, or other nondurable container used to containerize food with the purpose of facilitating food protection during service and receipt of the food by the consumer.

"Permit" means a written approval, including an authorization issued to non-profits in lieu of a permit, provided by the director.

"Personal care home" means an establishment operated in a home that cares for five or more physically and/or mentally handicapped adults unrelated to the provider.

"Plan review" means a review of plans to ensure compliance with applicable laws. Such plans are to be submitted for new or extensively remodeled establishments.

"Potentially hazardous food" means a food that requires time and temperature control for safety to limit pathogen growth or toxin production, which includes, but is not limited to, a food of animal origin, including fresh shell eggs, that is raw or heat-treated; a food of plant origin that is heat-treated or consists of raw seed sprouts; cut melons; and garlic-in-oil mixtures that are not modified in a way that results in mixtures that do not support pathogen growth.

"Private social event" means an event not freely available to the general public; including but not limited to weddings, birthday parties, anniversaries, company functions, etc. Attendance is by invitation only and cannot be more than fourteen consecutive days.

"Recurrent establishment" means an establishment that operates for a period of one year in conjunction with an approved flea market on Fridays, Saturdays, Sundays and national holidays as observed by the city or special privilege assigned by the city.

"Re-inspection" means a required inspection of an establishment when receiving a failing score or if an imminent health hazard exists. The term includes failure to meet scheduled inspection appointment of mobile establishments handling exposed foods.

"Rejected" means any tableware, equipment or utensil which is in such condition or construction that creates a hazard to food quality or wholesomeness.

"Seasonal establishment" means an establishment that operates for a period of no more than six consecutive months in conjunction with a regularly occurring event, on a weekly or monthly basis, but not occurring for more than five consecutive days, which event has received necessary approval from the City of El Paso. This type of permit may not be renewed for six months from expiration date.

"Site assessment" means a site visit to determine compliance with requirements of an establishment permit. The assessment includes a second visit if necessary, to ensure requirements are met prior to a permit being issued.

"Utensil" means a food-contact implement or container used in the storage, preparation, transportation, dispensing, sale, or service of food, such as kitchenware or tableware that is multiuse, single-service, or single-use; gloves used in contact with food; temperature sensing probes of food temperature measuring devices; and probe-type price or identification tags used in contact with food.

"Wholesome" means in sound condition, clean, free from adulteration and suitable for use as human food.

Article II. Permits and Licenses

9.12.020 Required—Transfer—Display.

A. No person who does not have both a valid permit issued by the director and a valid license issued by the city shall operate an establishment. To obtain a permit and a license involves a two-step process which is discussed later in this chapter. A private social event is exempt from the requirements of this chapter. Neither a permit nor license issued under this article is transferable from one person to another or from one location to another. The permit and license as required shall be posted in every establishment in a location conspicuous to consumers.

B. A person planning to construct, convert an existing structure or remodel an existing establishment shall submit plans to the director for review and approval at least ten working days prior to construction.

C. This chapter does not relieve a person from any requirements of any other part of the El Paso City Code.
(Ord. 17162, § 1, 8-11-2009)

9.12.030 Permit—Application—Contents.

Any person desiring to operate an establishment shall submit a written application for a permit on forms provided by the director. Such application shall include:

A. Name, address, telephone number, facsimile number, cell phone number, e-mail address and building services - zoning approval stamp for each location of the proposed establishment;

B. Name, address, telephone number, facsimile number, cell phone number, e-mail address of the owner of the proposed establishment; if the owner(s) is a corporation, association or partnership, the names and addresses of the officers or partners;

C. Name, address and telephone number of the establishment manager;

D. Name, date, title and signature of the applicant;

E. Any other information reasonably required by the director;

F. In addition to the above requirements, any mobile establishment must provide the license number and vehicle registration number for the proposed mobile establishment; and any recurrent, seasonal, temporary, mobile, or nonprofit organization must provide a schedule of all dates, times and locations for proposed food operation and request either a permit for handling exposed food or for handling unexposed food.

G. The director must receive a completed temporary establishment application and the applicable fee(s) at least seventy-two hours prior to the start of any event. If the required application and fee(s) are submitted less than seventy-two hours prior to the start of any event, a late penalty will be imposed equal to twice the applicable license fee(s).
(Ord. 17162, § 1, 8-11-2009)

9.12.035 Permit—Application fee.

A permit application-processing fee identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council shall be assessed at the time of application submittal. Said fee shall allow the application to remain pending with the director for up to twelve months during the approval process. A subsequent processing fee identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council must be paid prior to the expiration of said twelve-month period in order for the application to remain pending with the director, or the application shall be voided. Temporary and seasonal applications are exempt from the processing fee and shall be maintained for no more than thirty days.
(Ord. 17162, § 1, 8-11-2009)

9.12.040 Permit—Approval process.

A. Upon receipt of a completed application for a permit and payment of the established application processing fee, the director shall conduct the appropriate inspections. The city manager and

his designees, including but not limited to the code enforcement division and the building official, shall conduct an inspection of all plumbing and plumbing fixtures of the establishment prior to the site assessment and after payment of the established fee. If the plumbing inspection is approved, then the site assessment is conducted. The director shall approve issuance of a permit if the assessment reveals compliance with the requirements of this chapter and compliance with all city ordinances governing the proposed operation.

B. If the plumbing inspection is approved, then the site assessment is conducted. The director shall approve issuance of a permit if the assessment reveals compliance with the requirements of this chapter and compliance with all city ordinances governing the proposed operation. The established site assessment fee shall be paid at the time the permit application is submitted and must be paid prior to the site assessment occurring. One or more additional established site assessment fees will be required for follow up site assessments for any establishment that does not qualify to receive the permit at the time of an assessment visit.

C. During the site assessment of a mobile establishment regulated under Chapter 12.46 of the El Paso City Code, conducted on and after June 15, 2001, the director shall inspect the flashing or blinking signals required under that chapter, and no permit shall be issued unless such signals are present and operational.

(Ord. 17162, § 1, 8-11-2009; Ord. No. 17392, § 2, 8-24-2010, eff. 9-1-2010; Ord. No. 17544, § 2, 4-26-2011)

9.12.050 Permit—Contents.

Upon successful completion of the permit approval process, the director shall issue a permit to the establishment. The director shall state on the issued permit the name of the owner, the name of the establishment, permit or authorization number issued, date of issuance, date of expiration if applicable, assessed license category number if applicable and permit restrictions as follows:

A. No restrictions. Establishment meets all minimum physical requirements for full food service operation;

B. Restricted to prepackaged food, exposed food with limited preparation and, based on equipment, complex preparation of potentially hazardous food is limited;

C. Restricted to prepackaged food only, and includes potentially hazardous food;

D. Restricted to prepackaged food only, and excludes potentially hazardous food;

E. Restricted to prepackaged and exposed non-potentially hazardous food;

F. Restricted to the operation of a care facility utilizing prepackaged foods and exposed food including potentially hazardous foods requiring no further cooking with limited preparation. Food service activities other than those required for the care facility are prohibited;

G. Restricted to the operation of a care facility utilizing prepackaged and exposed non-potentially hazardous food requiring no further cooking with limited preparation. Food service activities other than those required by the care facility are prohibited;

H. Full food service operations limited to those required for the care facility;

I. Prepackaged food, no potentially hazardous foods, occupying two hundred square feet or less including coffee provided at bed and breakfast limited and extended, as defined in the Texas Food Establishment Rules, in covered urn or carafe served for hospitality purposes only. All coffee and condiments used in the coffee service must be prepackaged and non-dairy prepackaged creamers must be used. All utensils must be single service items designed for one time one person use.

J. Restricted to the operation of a meat establishment, warehouse or food processing plant that manufactures, packages, labels or stores food for human consumption, does not provide food directly to a consumer and is under direct supervision of an authorized Federal or State inspection agency.

K. Permit issued in conjunction with a special privilege license approved by city council and expiring at the time that the special privilege license expires.

(Ord. 17162, § 1, 8-11-2009)

9.12.060 License—Permit prerequisite—Fee.

To obtain a license, the permittee shall present the permit to the city license section and pay to the city the license fee identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council for said license for each location at which an establishment is operated. Due to the nature of the operation of mobile, recurrent, seasonal, outdoor market and temporary establishments, license fees must be paid at time of application.
(Ord. 17162, § 1, 8-11-2009)

9.12.070 License—Categories—Term.

A. The following license categories are subject to the license fee identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council. The license term is for one year from the date of issuance unless otherwise specified within this chapter.

B. Meat establishment, warehouse or food processing plant under direct supervision of an authorized federal or state inspection agency and whose product bears the inspection legend of the agency under whose supervision the meat was slaughtered, fabricated, processed, prepared or stored; however, if other food activities, not directly supervised by federal or state inspection agencies, are present in the establishment, it shall be licensed in accordance with subsection K. of this section.

C. Unexposed temporary, recurrent and seasonal establishments.

1. Temporary establishment handling unexposed food licenses are valid for no more than fourteen consecutive days in conjunction with a single event or celebration.

2. Recurrent establishment handling unexposed food.

3. Seasonal establishment handling unexposed food are valid for no more than six consecutive months in conjunction with a regularly occurring event.

D. Exposed temporary, recurrent and seasonal establishments.

1. Temporary establishment handling exposed food licenses are valid for no more than fourteen consecutive days in conjunction with a single event or celebration.

2. Recurrent establishment handling exposed food.

3. Seasonal establishment handling exposed food licenses are valid for no more than six consecutive months in conjunction with a regularly occurring event.

E. Establishment operating as a home child care facility.

F. Establishment operating as a day care center to provide day care for more than twelve care recipients.

G. Any charitable or nonprofit organization handling food in any manner is exempt from permit and license fees; this does not exempt these facilities from complying with other requirements of this chapter.

H. Mobile establishment handling unexposed food.

I. Mobile establishment handling exposed food.

J. Establishment operating as a kiosk.

K. The fee for all other establishments is based on overall square footage of the establishment area according to the following schedule:

1. Under 3,000 square feet.
2. 3,001 to 6,000 square feet.
3. 6,001 to 9,000 square feet.
4. 9,001 or more square feet.

Original license fees will be based on the square footage of the establishment area at the time it commences operation. Fees will be adjusted if the area is remodeled, and fees shall be increased or decreased according to any change in square footage category of the establishment area.

L. Duly organized outdoor markets that are used exclusively for the purpose of selling produce, plus a fee for each vendor.

M. Reserved.

N. Care facility in which care is provided for twenty-four hours a day for four or less care recipients.

O. Care facility in which care is provided for twenty-four hours a day for five to eight care recipients.

P. Care facility in which care is provided for twenty-four hours a day for nine to eighteen care recipients.

(Ord. 17162, § 1, 8-11-2009; Ord. No. 18202, § 3, 7-1-2014; Ord. No. 19167, § 2, 4-13-2021)

9.12.080 Suspension—Notification.

A. The director or designee may, without warning, notice or hearing suspend the permit and license to operate the establishment if:

1. Conditions exist in an establishment that constitute an imminent health hazard;

2. The establishment operation has serious or repeated violations of any of the requirements of this chapter.

B. Whenever a permit and license are suspended the holder of the permit and license, manager or the person in charge shall be notified in writing. The notice shall:

1. State that the permit and license are, upon service of notice, immediately suspended;

2. Order the establishment to immediately cease operation; and

3. Set out the corrective measures to be completed for reinstatement of permit and license.

4. In lieu of permit and license suspension, an establishment may choose to voluntarily cease food operations until such time as all imminent health hazards and violations pertaining to the establishment sanitation and condition are in compliance. The establishment may not resume food operations until authorized by the director through re-inspection. Inspection personnel shall obtain approval for the voluntary closure through the program manager or designee in the program manager's absence.

C. The director may rescind the permit and license suspension, by written notice, when the reasons for suspension no longer exist. The re-inspection fee identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council must be paid upon receipt of said written notice, which will appear in an inspection report. After payment of said fee to the city, the establishment will then be allowed to resume food operations.

D. Hazard analysis and critical control point inspection is required of any establishment receiving a failing score three or more times in one calendar year or any establishment confirmed as the source of a food borne disease outbreak. A fee identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council must be paid upon notification contained in an inspection report. An establishment not paying the required fee must cease operations until the fee is paid and inspection is scheduled with the director.

(Ord. 17162, § 1, 8-11-2009)

9.12.090 Revocation—Notification.

A. The director may revoke a permit and license by written notice to the holder of the permit and license, manager or the person in charge, when:

1. An establishment continues to operate while the permit and license are suspended;

2. The establishment operation has serious or repeated violations of any of the requirements of this chapter;

3. The establishment or any of its employees has interfered with the director in the performance of its duty.

B. Whenever the permit and license are revoked, the holder of the permit and license, manager or the person in charge shall be notified in writing that:

1. The permit and license are, upon service of notice, immediately revoked;

2. Order the establishment to immediately cease operation;

3. Set out the reasons as to why the permit and license are revoked.

C. Whenever a revocation of permit and license has become final, the holder of the revoked permit shall make an application for a new permit and license in accordance with the procedures established in Sections 9.12.020 through 9.12.060.
(Ord. 17162, § 1, 8-11-2009)

9.12.100 Suspension or revocation—Appeal.

A. A person who has a permit or license issued under this title, who has been served with a suspension or revocation notice of said permit or license, may appeal the director's action to the city manager as provided herein. Within ten business days of issuing a suspension or revocation notice, the director or designee shall prepare a report indicating the reasons for the suspension or revocation, and shall provide a copy to the person. The director's decision is final unless within ten calendar days from the date of receiving the director's report, the person files with the city clerk a written appeal to the city manager specifying reasons for the appeal. Said appeal shall also include a written rebuttal to the director's report.

B. The city manager or his designated deputy city manager shall review the director's report and the appellant's rebuttal. The city manager or designee may allow the appellant to make an oral presentation or submit additional rebuttal. The city manager or designee shall make a ruling on the appeal within fifteen calendar days after the appeal has been filed.

C. The city manager or designee shall sustain, reverse or modify the action of the director and shall notify the appellant of his decision in writing. The decision of the city manager or designee is final.
(Ord. 17162, § 1, 8-11-2009)

9.12.110 Service of notice.

Any notice provided for in this chapter is properly served when it is delivered to the owner, manager, or person in charge or when it is sent by certified mail, return receipt requested, to the owner at the last known address.
(Ord. 17162, § 1, 8-11-2009)

9.12.120 Display of business name.

Only the officially permitted and licensed business name or designation shall be posted or displayed by an establishment and its vehicles. All other names, designations or signs must be changed, covered or removed. The owner of an establishment must change all signs, labels and advertising to the new officially recognized business name or designation before the permit and license change become effective. Care facilities must meet all zoning requirements.
(Ord. 17162, § 1, 8-11-2009)

9.12.125 Fee adoption and display.

Fees required under this chapter shall be as adopted from time to time by the city council, as set forth in the adopted budget resolution for the current fiscal year or other appropriate resolution of the city council. Such fees shall be used to defray the costs of providing the various services under this chapter.

Fees for booklets and publications created by the department of public health shall be as set forth in the adopted budget resolution for the current fiscal year or other appropriate resolution of the city council, or may be established by the department director in such an amount as to recover the costs of the production of such booklet or publication.

A copy of all fees adopted by city council and fees for booklets and publications that may be established by the director under this chapter shall be displayed at the office of the director of the department of public health or at such other location in the department as established by the director.
(Ord. 17162, § 1, 8-11-2009)

Article III. Food Handler Identification Card

9.12.130 Required.

A. An individual desiring to work in an establishment as a food handler, as defined in Section 9.12.010, must obtain from the director or designee, a food handler certificate or other proof

of course completion of the director's food handler classroom course within thirty days from the date of employment or successfully complete and provide proof of completion of a food handler course approved by the director.

1. The requirements of this section do not apply to:

a. An individual working in an establishment that sells or offers only prepackaged foods;

b. An individual working in a produce stand that only offers whole, uncut fresh fruits and vegetables; and

c. An individual working in a food processing plant, as provided in 25 Texas Administrative Code § 228.2(58).

2. The requirements of this section do not apply to individuals who are not food handlers as defined in this chapter.

B. A person may opt out of the course described in Section 9.12.130A. by taking the director's online food handler course and corresponding examination and must score at least seventy percent proficiency on said examination. The required fee for the online course registration and examination shall be submitted prior to the time that the person takes the online course. A person who fails to score at least seventy percent on said exam may pay the fee and retake the exam.

C. A person who does not take the director's food handler classroom course or the online course and corresponding exam, may fulfill the training requirements of this chapter by providing to the director or designee, within the timeframe described in Section 9.12.130A., proof of completion of a food handler course approved by the director. A food handler course shall be approved by the director if said course is accredited by the American National Standards Institute or by the Department of State Health Services and is listed on their registry. No fee shall be charged by the director for completion of a food handler training course that is not provided by the director and that is accredited by the American National Standards Institute or by the Department of State Health Services and is listed on their registry.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 1, 9-20-2011; Ord. No. 18202, § 4, 7-1-2014; Ord. No. 18450, § 4, 12-15-2015; Ord. No. 18732, § 1, 10-3-2017)

9.12.140 Application—Contents.

To obtain a food handler certificate or other proof of food handler training course completion provided by the director or designee, an individual must register on an application furnished by the director or designee and as part of the application must:

A. State name, address, sex, date of birth and any other information reasonably required;

B. Pay the training course fee identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council; and

C. Sign the application.

D. This section shall not apply to an individual who has proof of completion of a food handler training course described in Section 9.12.130C.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 2, 9-20-2011; Ord. No. 18732, § 2, 10-3-2017)

9.12.150 Application—Issuance of food handler's receipt—Completion of required course prerequisite to issuance of food handler certificate or other proof of completion.

After an applicant complies with Section 9.12.140, the applicant shall be issued a food handler's receipt and be registered to attend the next available classroom course, or the applicant shall comply with Section 9.12.130B or 9.12.130C. The receipt is valid as a food handler's identification only until the applicant attends the classroom course. The director or designee shall issue to the applicant a food handler certificate or other proof of food handler training course completion provided the applicant:

A. Attended the director's classroom course; or

B. Successfully passed the examination given by the director or designee, on the online course content.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 3, 9-20-2011; Ord. No. 18732, § 3, 10-3-2017)

9.12.160 Required instruction.

The required instruction shall consist of sanitary handling of food and applicable regulations of establishment operations.
(Ord. 17162, § 1, 8-11-2009)

9.12.170 Term.

The food handler certificate or other proof of food handler training course completion is valid for a two-year period from the date of issuance by the director or designee.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 4, 9-20-2011; Ord. No. 18732, § 4, 10-3-2017)

9.12.180 Renewal.

An individual desiring to renew an expired food handler certificate or other proof of food handler training course completion must:

A. Comply with the provisions of Sections 9.12.140 and 9.12.150.

B. Register for a food handler course no more than forty-five and no less than thirty days prior to the expiration of the current food handler certificate or other proof of food handler training course completion.

C. Comply with the provisions of Section 9.12.130C.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17544, § 3, 4-26-2011; Ord. No. 17649, § 5, 9-20-2011; Ord. No. 18732, § 5, 10-3-2017)

9.12.190 Maintained.

The food handler certificate or other proof of food handler training course completion is to be maintained in the food establishment at all times in a location readily accessible and available for inspection in either hard copy or electronic format, and not solely placed in an employee file.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 6, 9-20-2011; Ord. No. 18732, § 6, 10-3-2017)

9.12.200 Fees nonrefundable.

All fees paid to the director under this chapter are nonrefundable.
(Ord. 17162, § 1, 8-11-2009)

9.12.210 Duplicate issuance.

An individual who has misplaced a valid food handler certificate or other proof of food handler training course completion provided by the director or designee or who needs more than one certificate or other proof of food handler training course completion resulting from a course provided by the director, must obtain a food handler certificate or other proof of food handler training course completion duplicate from the director or designee by paying the fee identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council for each certificate or other proof of food handler training course completion. In the event an individual who requires a duplicate food handler certificate or other proof of food handler training course completion that was issued upon completion of a food handler course not provided by the director or designee and that was certified by the American National Standards Institute or by the Department of State Health Services, that individual must follow the requirements of the issuer in order to acquire a duplicate certificate or other proof of food handler training course completion.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 7, 9-20-2011; Ord. No. 18732, § 7, 10-3-2017)

Article IV. Food Service Protection Management Certification

9.12.220 Required.

Persons desiring to work in an establishment as food protection management personnel, as defined in Section 9.12.010, shall obtain a food protection management certificate from the director within sixty days from the day of his or her employment, or successfully complete and provide proof of completion of a food protection manage-

ment certification program approved by the director. At least one food protection management person per establishment must be certified. However, if a person left in charge by food protection management personnel can respond correctly during a food inspection to the questions listed in the Texas Food Establishment Rules, under Section 228.32 Knowledge, that person need not obtain certification as a food protection manager. The person(s) responsible for food operations within a care facility and whose primary duties include, but are not limited to, supervision of kitchen personnel, food handling, food preparation and storage, is required to obtain a food protection management certificate. Persons providing proof of completion of a food protection management certification program, approved by the director, must present the certificate to the director and pay the fee identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 8, 9-20-2011; Ord. No. 18450, § 5, 12-15-2015)

9.12.230 Issuance—Eligibility—Term.

A food protection management certificate shall be issued to each person who successfully completes the food protection management certification program conducted by the director. Such certificate is valid for a two-year period and shall be renewed within sixty days of the expiration date to remain valid. Food protection management personnel who fail the food protection management certification test shall be required to retake and successfully pass the food protection management certification test within thirty days, or he or she will be required to retake the food protection management certification course and pay the fee as described in Section 9.12.240 B. A food protection management certificate issued by the director upon completion of a recognized food protection management course not provided by the director but approved by the director will be valid for two years from date of issuance.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 9, 9-20-2011)

9.12.235 Duplicate issuance.

An individual who has misplaced a valid food protection management certificate or who needs more than one certificate must obtain a food protection management certificate duplicate from the director for the fee identified in the adopted bud-

get resolution for the current fiscal year or other appropriately adopted resolution by the city council for each certificate.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 10, 9-20-2011)

9.12.240 Application—Contents.

To obtain a food protection management certificate or to register a recognized certification not provided by the director but approved by the director, an individual must apply on a form furnished by the director and as part of the application must:

A. State his or her name, address, phone number, sex and date of birth.

B. Pay a food protection management certificate fee identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council for the department food protection management course or examination in lieu of the food protection management course, for proof of completion of a recognized course; and

C. Sign the application.

D. Individuals may opt out of the food protection management course offered by the director upon request if the required food protection management course registration examination is passed with at least an eighty-five percent proficiency and the fee identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council is submitted. A person who does not pass with at least an eighty-five percent proficiency must then register and pay the city fee identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council to attend the food protection management certification course.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 11, 9-20-2011)

9.12.245 Food protection management personnel—Training.

A. Food protection management personnel successfully completing the food protection management course shall provide training to all food handlers in appropriate areas.

B. Training in the areas must be sufficient to ensure the food handler is proficient in the specific operation assigned.

C. Training records shall be maintained in a location readily available at the time of inspection and not solely in employee files.
(Ord. 17162, § 1, 8-11-2009)

9.12.250 Renewal—Fee.

A food protection management certificate must be renewed at the end of two years and within sixty days from expiration or the expiration specified on other recognized certification. If no expiration date is specified, the certification shall expire two years from date of issuance.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 12, 9-20-2011)

9.12.260 Maintained

When the owner, manager or person-in-charge is off premises, the food protection management certificate issued by the director is to be maintained in the establishment in a location readily available for inspection and not solely placed in an employee file.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 13, 9-20-2011)

Article V Personnel

(Ord. 17162, § 1, 8-11-2009)

Article VI. Food Care

9.12.310 Frozen desserts.

A. All frozen dessert, mix, imitation frozen dessert and nondairy frozen dessert possessed with intent to sell, offered for sale or sold, or stored by an establishment must comply with the Texas Health and Safety Code, Chapter 440, Frozen Desserts Manufacturer Licensing Act and Texas Administrative Code Title 25 Chapter 217 Milk and Dairy Frozen Desserts Manufacturing Specifications and Requirements.

B. Mix, frozen dessert, limitation frozen dessert and nondairy frozen dessert containing more than fifty thousand colonies of bacteria per ml on a standard plate count (S.P.C.) or contain more than forty coliform colonies per ml on a coliform test are not acceptable for human consumption.

C. Imitation frozen dessert mix (dry), and nondairy frozen dessert mix (dry) containing more than one thousand colonies of bacteria per ml on a standard plate count (S.P.C.) or containing more than ten coliform colonies per ml on a conform test are not acceptable for human consumption.

D. Frozen desserts and mixes must be sampled from the dispensing equipment and samples submitted for analysis to a laboratory certified by the Texas Department of State Health Services for the examination of finished Grade A Milk and Milk Products. The director may sample at unannounced intervals at no cost to the establishment.

E. Evidence of laboratory analysis must be posted on each frozen dessert dispenser.

(Ord. 17162, § 1, 8-11-2009)

9.12.330 Meat and poultry.

Fresh meat, meat byproduct or meat food product is misbranded unless it complies with the recommended name in the publication entitled Uniform Retail Meat Identity Standards, published by the Department of Merchandising, National Livestock and Meat Board, a copy of which, authenticated by the signatures of the city clerk and is on file in the city clerk's office, and is adopted as fully as if copied at length herein.

(Ord. 17162, § 1, 8-11-2009)

9.12.340 Ground meat advisory.

A. Signs in English and Spanish requiring ground meat to be served fully cooked will be conspicuously posted for consumers to read.

B. Signs in English shall read:

"El Paso's City Ordinance and Texas Law require that ground meat (fish, beef, pork, poultry, etc.) must be consumed fully cooked due to potential health risks associated with consumption of these products when not fully cooked. If you have special health risks consult your physician."

C. Signs in Spanish shall read:

"La ley de la ciudad de El Paso, Texas require que las carnes molidas (pescado, res, puerco, pollo, etc.) sean consumidas bien cocidas debido a riesgos asociados si estos alimentos no estan bien cocidos. Si tuviese alguna duda consulte a su medico."

D. Signs shall be made available by the director at the cost of printing and handling identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council.

E. An establishment shall not offer ground meat cooked other than well-done for human consumption, unless specifically requested by the consumer. "Well-done" shall be measured as the temperature specified in the Texas Food Safety Rules.

(Ord. 17162, § 1, 8-11-2009)

9.12.360 Storage—Refrigerated.

Frozen foods shall be kept frozen and shall be stored at a temperature of minus eighteen degrees Celsius (zero degrees Fahrenheit) or below.

(Ord. 17162, § 1, 8-11-2009)

9.12.400 Transportation.

A. During transportation, food and food utensils shall be kept in covered containers, completely wrapped or packaged so as to be protected from contamination. Foods in original individual packages do not need to be over wrapped or covered if the original package has not been torn or broken. During transportation, including transportation to another location for service or catering operations, food shall meet the requirements relating to food protection and food storage.

B. All vehicles, used for transporting food within the city must be clearly marked with letters not less than two inches high, indicating the name, address, city and state of the establishment. Mobile establishments must be marked with permit number issued by the director. In the case of an establishment with a readily recognizable registered trademark, only the trademark, city and state are necessary. All vehicles transporting foods requiring refrigeration must be provided with a mechanical refrigeration unit capable of maintaining the internal temperature of the food product at (five degrees Celsius or forty-one degrees Fahrenheit or below).

C. All vehicles transporting food requiring hot holding must be provided with hot holding units capable of maintaining the internal temperature of the food product at fifty-seven degrees Celsius or one hundred and thirty-five degrees Fahrenheit or above.
(Ord. 17162, § 1, 8-11-2009)

Article VII. Equipment and Utensils

9.12.420 Design and fabrication.

A. All equipment and utensils must meet standards set in the Texas Food Establishment Rules or certified by the director.

B. The director shall reject any equipment or utensil which is found in such condition as to constitute a potential hazard to public health, by tagging the item. When tagged, the item shall not be used for any purpose until such time as the deficiency has been corrected and the tag lawfully removed by the director.
(Ord. 17162, § 1, 8-11-2009)

9.12.490 Cleaning and sanitization—Clean-in-place equipment.

Rinsing, spraying or swabbing with a chemical sanitizing solution of twice the strength required for that particular sanitizing solution when used in immersion shall be used for clean-in-place equipment. Chemicals used for sanitization shall not have concentrations higher than the maximum permitted on the label specifications.
(Ord. 17162, § 1, 8-11-2009)

Article VIII. Sanitary Facilities and Controls

9.12.580 Plumbing.

All plumbing and plumbing fixtures must be approved by the building official of the city prior to permit issuance.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17392, § 3, 8-24-2010, eff. 9-1-2010)

9.12.600 Handwashing—Lavatory facilities.

A. Signs requiring employees to wash hands will be conspicuously posted at all handwashing lavatories.

B. Signs shall state, "all employees must wash hands and exposed portions of their arms for at least 20 seconds before returning to work."

C. Sign and lettering size shall be specified by the director.

D. Dispensers designed for soap and towels shall be provided at all handwashing lavatories.

E. Handwash lavatories in the establishment must be located within twenty-five feet of utensil washing areas, food preparation areas and serving areas. Distance measurement of twenty-five feet is defined as the walking path that an establishment employee must take to access the handwash lavatory. Restroom handwash lavatories are excluded from this consideration and may not be counted as part of the number of hand wash lavatories. The

twenty-five foot measurement must be within the room where utensil washing, food preparation and/or food serving takes place except that a handwash lavatory can be located five feet into another room that is not separated by physical doors.

F. Food handlers and food managers observed not practicing handwashing at prescribed times will receive one written warning prior to being required to attend a food safety course.

G. For violations of the handwashing requirement occurring subsequent to the warning, a food handler's or food manager's certificate will be confiscated and temporarily suspended at the time the handwashing violation occurs until a food safety course has been completed.

H. Said food employee can remain on the work schedule until the time of the class. If the class is not attended, the manager or owner must remove the employee from the work schedule.

I. If said employee is not removed from the work schedule, the manager and owner will be responsible if the employee is allowed to work without a valid food handler or food manager certificate.

J. A food handler's certificate or food manager's certificate will be revoked for one year for violating handwashing ordinance three times in one year. Upon such revocation, food employees must attend a food safety course, food handler's course or food manager's course as determined by the director prior to returning to work in the food industry.

(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 14, 9-20-2011)

Article IX. Construction and Maintenance of Physical Facilities (Reserved)

Article X. Miscellaneous Regulations

9.12.780 Care facility operations.

In a home child care facility or any care facility qualifying under zoning sections of this code, the director may authorize variations of the structural or equipment requirements of this chapter when there will be no threat to the public health and welfare. Nothing in this section shall exempt such establishments from other requirements of this chapter unless otherwise specified herein.

(Ord. 17162, § 1, 8-11-2009)

9.12.790 Establishments outside jurisdiction of city limits.

Food from establishments located outside the city limits may be sold inside the city limits if such establishments conform to the provisions of this chapter or to substantially equivalent provisions. To determine the extent of compliance with such provisions, the director may accept reports from regulatory authorities in jurisdiction where such establishments are located.

(Ord. 17162, § 1, 8-11-2009)

9.12.800 Mobile establishments.

A. Mobile establishments shall comply with the requirements of this chapter.

B. Mobile establishments handling exposed food must submit potable water samples at the time of application for analysis to a Texas Department of State Health Services certified laboratory.

C. Mobile establishments handling potentially hazardous foods must operate from a central preparation facility. The central preparation facility must have all necessary equipment to handle the approved activities. Central preparation facilities shall maintain a score of eighty-five percent or better on the annual food inspection report rating. A central preparation facility agreement form provided by the director is required and must be signed by the mobile establishment applicant and central preparation facility owner/operator. Central preparation facilities must notify the director to rescind this agreement if the mobile establishment does not conform to the provisions of said agreement.

D. Mobile establishments shall comply with the requirements of Chapter 12.46 of the El Paso City Code.

E. Mobile establishments shall comply with the industry standards for safe food storage and

handling found in the Texas Food Establishment Rules, located in the Texas Administrative Code, Chapter 228.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17544, § 4, 4-26-2011; Ord. No. 18450, § 6, 12-15-2015)

9.12.810 Temporary, recurrent and seasonal establishments.

A. Compliance required.

1. A temporary, seasonal or recurrent establishment shall comply with the requirements of this chapter. At a minimum, temporary establishments will meet the requirements as set forth in the Texas Food Establishment Rules. Temporary, recurrent and seasonal establishments handling potentially hazardous foods must operate from a central preparation facility. A fee for expedited services for temporary establishment applications submitted less than seventy-two hours prior to the start of an event shall be as identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council. The central preparation facility must have all necessary equipment to handle the approved activities. Central preparation facilities shall maintain a score of eighty-five percent or better on the food inspection report rating. A central preparation facility agreement form provided by the director is required and must be signed by the temporary, seasonal or recurrent establishment applicant and central preparation facility owner/operator.

2. All food temperature requirements shall be met as contained in Section 228.71-228.74 of the Texas Food Establishment Rules for temporary, seasonal and recurrent establishments.

3. A mobile establishment that is operating under a valid mobile establishment permit is exempt from the requirement to obtain a separate permit to operate as a temporary, recurrent or seasonal establishment. However, if the temporary, recurrent or seasonal establishment vending opportunity falls on a date beyond the time covered for the mobile establishment's permit, the mobile establishment shall be required to obtain a separate permit to operate as a temporary, recurrent or seasonal establishment.

B. Restricted operations.

1. These provisions are applicable whenever a temporary, seasonal and recurrent establishment is permitted, under the provisions of subsection A. of this section, to operate without complying with all of the requirements of this chapter.

2. Food and food handling.

a. All foods for use in temporary, seasonal or recurrent establishments must be prepared in an establishment approved by the director.

b. The manager, owner or person in charge of a seasonal or recurrent establishment must acquire a valid food protection management certificate. All other employees in a seasonal or recurrent establishment handling food must obtain a valid food handlers certificate.

c. Receipts for all foods used in temporary, seasonal or recurrent establishments must be made available to the director upon request. Foods must be purchased from a source that has been previously inspected and approved by the Director.

d. Preparation of potentially hazardous foods in temporary, seasonal or recurrent establishments as close to the time of event as possible is required.

e. Ice that is consumed or that contacts food shall have been made under conditions meeting the requirements of this chapter. The ice shall be obtained only in chipped, crushed or cubed form and in single-use safe plastic or wet-strength paper bags filled and sealed at the point of manufacture. Ice shall be held in these bags until it is dispensed in a way that protects it from contamination.

C. Equipment.

1. Equipment in temporary, seasonal and recurrent establishments shall be located and installed in a way that prevents food contamination and that also facilitates cleaning the establishment. Equipment and utensils shall be in good condition. The use of utensils not capable of being effectively washed and sanitized is prohibited.

2. Food contact surfaces of equipment in temporary, seasonal or recurrent establishments shall be protected from contamination by consumers and other sources. Where necessary to prevent contamination, effective shields for such equipment shall be provided.

3. Temporary, seasonal and recurrent establishments must provide hot and cold holding equipment for food. This equipment shall be adequate in number and capacity to provide food temperatures as specified under Section 228.71-228.74 of the Texas Food Establishment Rules.

4. Recurrent and seasonal establishments must provide a three-compartment sink for washing, rinsing and sanitizing equipment and utensils as needed.

5. A convenient handwashing lavatory shall be available in recurrent and seasonal establishments for employee handwashing. This facility shall consist of hot and cold running potable water, soap and individual paper towels for recurrent and seasonal establishments. Temporary establishments must meet the requirements for handwashing contained in the Texas Food Establishment Rules.

D. Recurrent, seasonal and temporary establishments shall provide only single service articles for use by the consumer.

E. Recurrent and seasonal establishments shall provide enough hot and cold running potable water in the establishment for food preparation, washing, rinsing and sanitizing utensils and equipment, and handwashing. A heating facility located on the premises and capable of producing enough hot water for these purposes shall be provided. Recurrent and seasonal establishments will be required to submit potable water samples for analysis to a Texas Department of State Health Services certified laboratory prior to permitting. Temporary establishments must meet the requirements in the Texas Food Establishment Rules for potable water.

F. All sewage, including liquid waste, generated from temporary, seasonal or recurrent establishments shall be disposed of through an approved sanitary sewage system that is constructed, maintained and operated according to law.

G. Adequate size and number of waste containers to hold all the garbage and refuse that accumulates from temporary, seasonal or recurrent establishments is mandatory. Containers must be cleanable, leak proof and nonabsorbent. Waste containers inside these establishments must be provided with a tight-fitting lid.

H. Booth requirements for temporary, seasonal and recurrent establishments handling exposed food are as follows:

1. Walls and ceilings must be made of canvas, wood or other material that protects the interior of the booth from the weather.

2. Floors must be constructed of concrete or machine laid asphalt for seasonal and recurrent establishments. Temporary establishments must follow the Texas Food Establishment Rules relating to floors.

3. Outer openings of temporary, seasonal or recurrent establishments shall be protected against entry of insects and rodents by use of sixteen mesh per inch screens, properly designed and installed air curtains or other effective means when flying insects are problematic.

I. All persons engaged in food handling in these establishments shall comply with all personnel requirements as set forth in the Texas Food Establishment Rules.

J. All temporary, seasonal and recurrent establishments handling potentially hazardous foods must operate from a central preparation facility. The central preparation facility must have all necessary equipment to handle the approved activities and maintain a score of eighty-five percent or better on the annual food inspection report rating. The central preparation facility must be constructed and operated in compliance with federal, state and city regulations.

K. All violations in the case of temporary, seasonal or recurrent establishments must be cor-

rected within specified time. If violations are not corrected within such specified time the establishment shall immediately cease food operations.

L. The director shall restrict the number of establishments operating out of a central preparation facility if such operations pose public health concerns.

(Ord. 17162, § 1, 8-11-2009; Ord. No. 17544, § 5, 4-26-2011; Ord. No. 17649, § 15, 9-20-2011; Ord. No. 18450, § 7, 12-15-2015)

Article XI. Enforcement

9.12.820 Responsibility of the director of public health.

The director shall be responsible for enforcement of this chapter.

(Ord. 17162, § 1, 8-11-2009)

9.12.830 Inspection—Frequency.

A. The director shall conduct inspections of establishments located within the jurisdiction of the city, as often as are reasonably necessary for proper enforcement of this chapter, including, but not limited to compliance with Subsection 9.12.080D.

B. Re-inspection of an establishment is conducted when a failing score is received or an imminent health hazard exists.

(Ord. 17162, § 1, 8-11-2009)

9.12.840 Inspection—Access.

Whenever necessary to inspect, to enforce any of the provisions of this chapter, or whenever the director has reasonable cause to believe that there exists in any building or upon any premises any condition or code violation which makes food handled therein unsafe, dangerous or hazardous, the director or an authorized representative may enter such building or premises at all reasonable times to inspect the same or to perform any duty imposed upon the director by this chapter; provided, that if such building or premises be occupied, the director shall first present proper credentials and request entry; and if such building or premises be unoccupied, first make a reasonable effort to locate the owner or other persons having charge or control of the building or premises and request entry. If such entry is refused, the director shall have recourse to every remedy provided by law to secure entry.

When the director first obtains a proper inspection warrant or other remedy provided by law to secure entry, no owner or occupant or any other persons having charge, care or control of any building or premises shall fail or neglect, after proper request is made as herein provided, to promptly permit entry therein by the director for the purpose of inspection and examination pursuant to this chapter.

This inspection and examination shall include the establishment's records pertaining to employees and to food and supplies purchased, used and on hand. Food handler and food protection management certificates will be verified against work schedules or time sheets.

(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 16, 9-20-2011)

9.12.850 Inspection—Form—Public disclosure of findings.

The director shall record the findings of the inspection on an inspection form. A copy of the completed inspection form shall be furnished to the owner, manager or person in charge of the establishment at the time of inspection. The completed inspection form is a public document and shall be made available for public disclosure to any person who requests it according to law.

(Ord. 17162, § 1, 8-11-2009)

9.12.860 Violation—Correction—Time limits.

The completed inspection form shall specify a reasonable period of time for the correction of the violations found; the correction of the violations shall be accomplished within the period specified, in accordance with the following provisions:

A. If imminent health hazards exist the establishment shall immediately cease food operations.

Operations shall not be resumed until it is shown on a re-inspection that conditions responsible for the order to cease operations no longer exist.

B. In the case of temporary, seasonal or recurrent establishments, all violations shall be corrected as soon as possible, not to exceed twenty-four hours. If violations are not corrected within twenty-four hours, the establishment shall immediately cease food operations until authorized to resume by the director.

C. The inspection form shall state that failure to comply with any time limits for corrections may result in suspension or revocation of permit and license, or in cessation of food activities, and that any violation of the provisions of this chapter shall constitute a misdemeanor and be punished by a fine not to exceed two thousand dollars.

D. The inspection form shall state that the person receiving notice of suspension or revocation of permit and license, or a notice of cessation of food activities, or a notice of violation of this chapter may appeal by following the procedure provided in Section 9.12.100.

E. An establishment within the city that is licensed, permitted and supervised by the United States Department of Agriculture or by the Texas Department of State Health Services is exempt from in-plant inspections under this chapter; however, such establishments are subject to permit, license, food protection management certificate and food handler certificate requirements. All food product, not on the premises, is subject to applicable requirements of this chapter.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 17, 9-20-2011)

9.12.870 Violation—Citation issuance.

The director shall have the power to issue misdemeanor citations to any person violating any provisions of this chapter.
(Ord. 17162, § 1, 8-11-2009)

9.12.875 Violation—Owners and managers.

A person commits an offense if he or she is an owner or manager of an establishment or identifies himself as an owner or manager of an establishment, and:

A. Permits an individual who does not have a current valid food handler certificate to work in or for the establishment as a food handler for more than thirty days;

B. Permits an individual who does not have a current valid food handler certificate to work in or for the establishment as a food protection management person for more than sixty days; or

C. The person or his employees violate the provisions of Section 9.12.800, mobile establishments.
(Ord. 17162, § 1, 8-11-2009; Ord. No. 17649, § 18, 9-20-2011)

9.12.880 Food examination and condemnation.

A. If the director discovers food for which there is probable cause to believe is in violation of this chapter, a written hold order shall be placed on such food. The director shall tag, label or otherwise identify any food subject to a hold order. No food subject to a hold order shall be used, served or moved from the establishment. The director shall permit storage of the food under conditions specified in the hold order, unless storage is not possible without risk to the public health, in which case immediate destruction shall be ordered and accomplished.

B. A person who has been served with a hold order or destruction order may appeal the director's action to the city manager as provided herein. Within three business days of taking such action, the director shall prepare a report indicating the reasons for the hold order or destruction order, and shall provide a copy to the person to whom the hold order has been issued. The director's decision is final unless within three calendar days from the date of receiving the director's report, the person to whom a hold order has been issued files with the city clerk a written appeal to the city

manager specifying reasons for the appeal. Said appeal shall also include a written rebuttal to the director's report. The hold order or destruction order shall state that a request for a hearing shall be filed by written notice to the city manager or his designated deputy city manager within three days of the report and that if no appeal is requested, the food shall be destroyed. If a request for an appeal is received, the appeal shall be held within five days after receipt of the request.

C. The city manager or his designated deputy city manager shall review the director's report and the appellant's rebuttal. The city manager or designee may allow the appellant to make an oral presentation or submit additional rebuttal. The city manager or designee shall make a ruling on the appeal within seven business days after the appeal has been filed.

D. The city manager or designee shall sustain, reverse or modify the action of the director and shall notify the appellant of his decision in writing. Where necessary, the city manager or designee shall determine to vacate the destruction order or direct the person to destroy such food, which shall constitute the ruling on the appeal and which shall be done within seven days after the appeal has been filed. The decision of the city manager or designee is final.

E. If the food under hold order or destruction order can be brought into compliance with the provisions of this chapter, the director shall allow the food to be used, served or moved from the establishment.

(Ord. 17162, § 1, 8-11-2009)

9.12.890 Violation—Penalty.

A. Any person violating any provision of this chapter shall be deemed guilty of a misdemeanor and punished by a fine not to exceed two thousand dollars, and if such violation continues, each day's violation shall constitute a separate offense. In addition to any penalties provided for herein, this chapter is enforceable by injunction.

(Ord. 17162, § 1, 8-11-2009)

Chapter 9.16

NUISANCES

9.20.010 Title.

This chapter shall be known as the "Social Host Accountability Ordinance".
(Ord. No. 18617, § 1, 12-6-2016)

9.20.020 Legislative purpose.

The purposes of this chapter are to:

A. Protect the public health, safety, and general welfare;

B. Promote the reduction of underage drinking by imposing a civil penalty on persons or entities responsible for gatherings where alcohol is consumed by, served to, or in the possession of underage persons; and

C. Facilitate the enforcement of laws prohibiting the serving of, consumption of, or possession of alcoholic beverages by underage persons at such gatherings.
(Ord. No. 18617, § 1, 12-6-2016)

9.20.030 Legislative findings.

The recitals set forth above are incorporated herein as legislative findings by the El Paso City Council.
(Ord. No. 18617, § 1, 12-6-2016)

9.20.040 Definitions.

For the purpose of this chapter, the following definitions shall apply:

A. "Alcohol" means ethyl alcohol, hydrated oxide of ethyl, or spirits or wine, or whatever source by whatever process produced.

B. "Alcoholic beverage" means beer, alcohol, or any beverage containing more than one-half of one percent of alcohol by volume, which is capable of use for beverage purposes, either alone or when diluted, or as defined in the Texas Alcoholic Beverage Code, as amended.

C. "Gathering involving underage drinking" means a party or gathering of two or more persons at a residence or other private property or rented public property upon which any minor, is served, possesses, or consumes one or more alcoholic beverages.

D. "Intentionally" has the same definition and meaning as the term found in Tex. Penal Code §6.03, even though a violation of this chapter is civil in nature.

E. "Knowingly" has the same definition and meaning as the term found in Tex. Penal Code §6.03, even though a violation of this chapter is civil in nature.

F. "Minor" means any person under twenty-one years of age, or as otherwise defined by the Texas Alcoholic Beverage Code.

G. "Negligently" has the same definition and meaning as the term is defined for civil negligence.

H. "Recklessly" has the same definition and meaning as the term found in Tex. Penal Code §6.03, even though a violation of this chapter is civil in nature.
(Ord. No. 18617, § 1, 12-6-2016)

9.20.050 Prohibition of gatherings involving underage drinking.

A person commits a violation under this chapter if the following conditions are met at a gathering involving underage drinking:

A. He intentionally, knowingly, recklessly, or negligently facilitates underage drinking, except as allowed by the laws of the State of Texas; or

B. He is present while underage drinking is taking place, is over the age of twenty-one, has actual knowledge of or with reckless or negligent indifference should know underage drinking is taking place, except as allowed by the laws of the State of Texas; or

C. He intentionally, knowingly, recklessly, or negligently allows underage drinking, except as allowed by the laws of the State of Texas, at property which is under his care, custody or control; or

D. He is the person who paid for the rental of any premises, to include, but not be limited to, the following premises, and underage drinking takes place on that premises, except as allowed by the laws of the State of Texas:

1. A hotel or motel room;

2. An assembly hall or meeting room;

3. A common room of a dwelling unit used for a party (i.e., recreation room of an apartment building);

4. A site in a privately owned campground;

5. Privately owned vacant lot;

6. Privately owned agricultural land; or

7. Privately owned rural land whether occupied in whole or in part as a dwelling, or for a social function, and whether owned, leased, rented or used without compensation.

E. Exception to civil penalty: A person does not commit a violation under this chapter if a gathering involving underage drinking occurs on premises under that person's care, custody or control and said gathering was the result of a criminal trespass or an unauthorized use of said premises.
(Ord. No. 18617, § 1, 12-6-2016)

9.20.060 Protected activities.

This chapter shall not apply to activities protected by the First or Fourth Amendments to the United States Constitution.
(Ord. No. 18617, § 1, 12-6-2016)

9.20.070 Violation(s)—Civil penalties.

It shall be a civil violation to violate Section 9.20.050.

A. Civil Penalty.

1. A first violation of this chapter shall result in a notice of violation with a civil penalty of up to two hundred fifty dollars.

2. A second violation shall result in a notice of violation with a civil penalty of up to five hundred dollars.

3. A third or subsequent violation shall result in a notice of violation with a civil penalty of up to one thousand dollars.

B. In the event that the person who is in violation of this chapter is a juvenile, as defined by the laws of the State of Texas, then the juvenile and the parents or guardians of that juvenile will be jointly and severally liable for the civil violation. For a first violation, a parent or guardian who is not present at the residence or other private property at the time of the violation may be:

1. Notified through a written warning that a violation of this chapter occurred; and,

2. Shall only be liable for a second and any subsequent offense that occurs at the property.

3. Any violation that was overturned on appeal shall no longer count as a violation.

C. A person who commits a violation of this chapter who does not reside at a residence or other private property where a gathering involving underage drinking occurs may be:

1. Notified through a written warning of any gathering involving underage drinking that occurs at property he owns or controls; and,

2. Only liable for a second and any subsequent offense that occurs at the property.
(Ord. No. 18617, § 1, 12-6-2016)

9.20.080 Enforcement.

A. Peace officers employed by the City of El Paso are hereby authorized to issue a notice of violation and written warnings for a violation of this chapter.

B. Issuance of written violation. When a law enforcement officer makes a response to a gathering involving underage drinking, the officer may issue a notice of violation for violation of this chapter to any person who commits the violation.

C. Subsequent delivery of a notice of violation and warnings. A city police officer may issue a notice of violation or a warning to any person who commits the violation as identified by law enforcement within twenty days of the violation.

D. The police chief or designee may provide the person who commits the violation by personal delivery or by depositing it in the United States Postal Service mail within twenty days of the violation. The notice shall contain the following information:

1. The name(s) of the person(s) being assessed the penalty;

2. The address where the gathering involving underage drinking occurred;

3. The date and time of the incident;

4. The date and time of any previous warning or violation given pursuant to this chapter;

5. The date payment is due; and

6. The right to request an administrative hearing to challenge the imposition of a civil penalty, and the time for requesting that hearing.

(Ord. No. 18617, § 1, 12-6-2016)

9.20.090 Reserved.

9.20.100 Hearings on the imposition of civil penalty—Appeals.

A. Appointment of an Administrative Hearing Officer. The city council hereby appoints the municipal associate judge to act as the administrative hearing officer.

B. When the police department issues a written notice of violation pursuant to this chapter, said notice shall include the information required by Section 9.20.080 under this chapter. In the case of a person present at a gathering involving underage drinking, the notice will be directly given to the person who commits the violation. In the case of a person who was not present at the gathering, the notice will be given to the person by depositing it in the United States Postal Service mail to the address as identified by the police department. In the case of the parent of a juvenile receiving a notice of violation, the notice will be given to the parent by personal delivery or by depositing it in the United States Postal Service mail to the address provided by the juvenile at the time of the incident or other address as identified by the police department.

C. The written notice of violation will include a notice provision informing the person responsible for the gathering of his right to appeal the notice of violation by submitting a written notice requesting an administrative hearing before the municipal associate judge. The applicant, referred to as the appellant for purposes of the appeal, will submit the written statement to the police chief not later than the twentieth city business day after the date of the written notice of violation. The appellant's written statement requesting the appeal shall clearly state why the appellant contends that there is not a valid basis for the issuance of the notice of violation pursuant to this chapter.

D. If the appellant submits a written statement appealing the notice of violation, the police chief, or designee(s), will immediately contact the municipal associate judge in order to schedule a hearing. The notice of the hearing will specify a hearing date, not less than fifteen city business days nor more than thirty city business days after the date the appellant submits the written request for an administrative hearing. The municipal associate judge will conduct a hearing on the notice of violation. The hearing may be continued to a sooner or later date by agreement of the parties, and with the municipal associate judge's approval, or upon the finding of good cause by the municipal associate judge for the granting of an earlier or later hearing date.

E. At the hearing, the appellant will have the opportunity to present all of the appellant's arguments and to be represented by counsel at appellant's expense, present evidence and witnesses on his behalf, and cross-examine any of the police department's witnesses. The police chief, or designee, who may also be represented by counsel, bears the burden of proving the grounds for the notice of violation by a preponderance of the evidence. The hearing will take no longer than one business day, unless extended by agreement of the parties or at the request of either party, and with approval of the municipal associate judge, to meet the requirements of due process and the proper administration of justice.

F. The municipal associate judge will issue a written decision, to the respondent within five city business days from the completion of the hearing. The municipal associate judge's decision is final.

G. If the municipal associate judge's decision finds that no grounds exist for the notice of violation, the municipal associate judge will, contemporaneously with the issuance of the decision, order the police chief to immediately withdraw the notice of violation and notify the appellant in writing by mail of such action. If the decision is to uphold the notice of violation, the decision will become effective on the fourteenth calendar day after it is rendered. If the municipal associate judge upholds a notice of violation, the appellant has the following three options:

1. The appellant may pay the civil penalty.

2. The appellant may request the option to attend an alcohol education class as identified or approved by the director of the department of public health.

a. If the appellant requests the option to attend an alcohol education class, the final decision of the municipal associate judge shall be abated for ninety days to allow the appellant to complete said class. Upon the appellant's timely completion of said class and provision of proof of same to the municipal associate judge, the notice of violation which led to appellant attending the class shall be satisfied.

b. If the appellant fails to complete the alcohol education class within said ninety days, a civil penalty in lieu of said class shall be assessed upon the appellant, which civil penalty shall be paid within ten days.

3. The appellant may request the option to perform community service, and the final decision of the municipal associate judge shall be abated for ninety days to allow the appellant to fulfill their community service under the following criteria:

a. For a first violation, the person responsible for the gathering shall perform six hours of community service;

b. For a second violation, the person responsible for the gathering shall perform twelve hours of community service; and

c. For a third or subsequent violation, the person responsible for the gathering shall perform eighteen hours of community service.

d. Upon the appellant's timely completion of said community service and provision of proof of same to the municipal associate judge, the notice of violation which led to appellant providing the community service shall be satisfied.

e. If the appellant fails to complete the community service within said ninety days, a civil penalty in lieu of said class shall be assessed upon the appellant, which civil penalty shall be paid within ten days.

H. If the decision results in the withdrawal of a notice of violation as to a civil penalty, the withdrawal shall be effective only as to that specific violation, and any other violations of this chapter shall remain intact.

I. If the municipal associate judge's final decision upholds the notice of violation, the appellant must pay the applicable civil penalty within thirty days of the decision.

(Ord. No. 18617, § 1, 12-6-2016; Ord. No. 019643, § 1, 6-11-2024)

9.20.110 Billing and civil penalty—Enforcement.

A. The amount of civil penalty that remains pending may be the subject of a civil action brought by the city for recovery of such penalty.

B. The person who commits the violation must remit payment of the civil penalties to the city within forty-five days of the notice thereof. The payment of any such penalty shall be stayed upon a timely request for an administrative hearing made pursuant to this chapter.

C. City council shall have the authority to file any action or proceeding to recover such civil penalty, and take any other actions at law which he may deem necessary to recover same.

(Ord. No. 18617, § 1, 12-6-2016)

9.24.010 Unlawful collections of water—Declared nuisances.

It is unlawful for the occupant or owner of any premises in the city or within five thousand feet of the corporate limits thereof, or the agent of the owner, if the owner is a nonresident or absent from the city, to cause, suffer or permit any collection of standing or flowing water in which mosquitoes breed or are likely to breed on such premises, unless such collection of water is treated in the manner prescribed by the director of the department of environmental services or his duly authorized representative, so as to prevent the breeding of mosquitoes, and any such collection of water so unlawfully maintained is declared to be a nuisance. (Ord. 16812 § 19 (part), 2007; prior code § 12-44)

9.24.020 Unlawful collections of water—Examples.

The collections of water included within the terms of this chapter are those which are contained in ditches, ponds, pools, excavations, holes, depressions, cesspools, privy vaults, fountains, basements, cisterns, tanks, shallow wells, barrels, troughs (except horse troughs in frequent use), urns, cans, boxes, bottles, tubs, buckets, defective house roof gutters, tanks or flush closets or other similar places where water accumulates. (Prior code § 12-43)

9.24.030 Unlawful collections of water—Treatment methods.

The methods of treatment of any unlawful collections of water for the purpose of preventing the breeding of mosquitoes shall be approved by the director of the department of environmental services or his duly authorized representative and may be one or more of the following:

A. Screening with wire netting of at least sixteen meshes to the inch each way or any other material which will effectually prevent the ingress or egress of mosquitoes;

B. Complete emptying every four days of unscreened containers together with their thorough drying or cleaning;

C. Using an approved larvacide;

D. Covering completely the surface water with kerosene, petroleum or paraffin oil every four days;

E. Cleaning and keeping sufficiently free of vegetable growth and other obstructions and stocking with mosquito destroying fish; absence of half-grown mosquito larvae to be evidence of compliance with this measure;

F. Filling or draining to the satisfaction of the director of the department of environmental services or his duly authorized representative;

G. Proper disposal of tin cans, tin boxes, broken or empty bottles and similar articles likely to hold water;

H. Proper irrigation management of tracts of land and farm land so water does not stand in sufficient depth for a period of time that would result in hatch out of adult mosquitoes. (Ord. 16812 § 19 (part), 2007; prior code § 12-45)

9.24.040 Enforcement.

Whenever necessary to make an inspection to enforce any of the provisions of this chapter, the director of the department of environmental services or his authorized representative may enter any building or premises at all reasonable times to inspect the same or to perform any duty imposed upon the director of the department of environmental services by this chapter; provided, that if such building or premises be occupied, he shall first present proper credentials

and request entry; and if such building or premises is unoccupied, he shall first make a reasonable effort to locate the owner or other persons having charge or control of the building or premises and request entry. If such entry is refused, the director of the department of environmental services or his authorized representative shall have recourse to every remedy provided by law to secure entry.

When the director of the department of environmental services or his authorized representative shall have first obtained a proper inspection warrant or other remedy provided by law to secure entry, no owner or occupant or any other persons having charge, care or control of any building or premises shall fail or neglect, after proper request is made as herein provided, to promptly permit entry therein by the director of the department of environmental services or his authorized representative for the purpose of inspection and examination pursuant to this chapter. (Ord. 16812 § 19 (part), 2007; prior code § 12-42)

9.24.050 Violation—Penalty.

If any person responsible under the terms of this chapter for the existence of any condition which gives rise to the breeding of mosquitoes, refuses to take all necessary measures directed by the director of the department of environmental services of the city or his duly authorized representative to prevent the same in accordance with the terms hereof within three days after notice from the director of the department of environmental services or his duly authorized representative to do so, he shall be guilty of a misdemeanor and subject to a fine not to exceed two thousand dollars, and each day's failure or refusal to remedy such conditions after the expiration of such time shall constitute a separate and distinct offense. (Ord. 16812 § 19 (part), 2007; Ord. 9431 § 6, 1988: prior code § 12-46)

9.28.010 Definitions.

As used in this chapter the following terms shall mean:

A. "Business building" means any structure, whether public or private, regardless of the type of material used in its construction, located within the boundaries of the city, that is adapted to the occupancy for transaction of business, whether occupied or vacant, for the rendering of professional services, for the display, sale or storage of goods, wares or merchandise, or for the performance of work or labor, including hotels, roominghouses, beer taverns, office buildings, public buildings, churches, stores, markets, restaurants, grain elevators, abattoirs, warehouses, workshops and factories.

B. "Opening" means any opening in the foundation, sides or walls of any business building, including the roof, chimney, eaves, grills, windows, sidewalk grates and sidewalk elevators, through which a rat may enter.

C. "Person" includes owner, occupant, agent, receiver, individual, partnership or corporation, or any other person in custody of any business building as defined in subsection A of this section.

D. "Premises" includes all business buildings, outhouses, sheds, barns, garages, docks, grain elevators and abattoirs, whether public or private, and all other structures used in connection with the operation of any business buildings as defined in subsection A of this section.

E. "Rat harborage" means any condition found to exist under which rats may find shelter or protection, and shall include any defective construction which would permit the entrance of rats into any business building.

F. "Rat stoppage" means any feasible form of rat-proofing designed to prevent the ingress or egress of rats into or out of any business building. It is essentially the closing or protecting of all openings in the exterior walls and foundations or the grates in any sidewalk or business buildings, with rat-proofing materials installed in such a manner as to prevent rats from gaining entrance. (Prior code § 12-53)

9.28.020 Rat stoppage requirements—Business building construction.

No person shall construct within the city any business building unless such building is provided with rat stoppage in accordance with the regulations prescribed in this chapter. (Prior code § 12-54)

9.28.030 Rat stoppage requirements—Minimum.

The following regulations shall constitute minimum requirements in equipping a business building with rat stoppage:

A. The material shall be approved and the installation supervised by the director of the department of environmental services or his authorized representative.

B. Solid sheet metal, expanded metal and wire cloth used in the installation shall have a

rust-resisting protective coating of hot-dip zinc galvanizing or equal.

C. All foundation wall ventilator openings shall be covered for their entire height and width with perforated sheet metal plates of a thickness not less than fourteen gauge, or with expanded sheet metal of a thickness of not less than eighteen gauge, or with cast iron grills or grates, with any other material of sufficient strength and equal rat-resisting properties. The openings therein shall be small enough to prevent the ingress or egress of rats, and in no instance shall be larger than one-half of an inch.

D. All foundation, exterior wall and roof openings (excluding doors, windows and those openings used for the purpose of ventilation and light) such as those openings around pipes, electric cables, conduits, openings due to deterioration or damage, broken masonry or concrete or other openings which may allow the ingress or egress of rats, shall be protected by closing such openings with cement mortar, concrete or masonry, or close-fitting sheet metal, or suitable size pipe flanges, or other material with equal rat-resisting properties, which shall be securely fastened in place.

E. All exposed edges of the lower eight inches or more, if necessary, of wooden doors and door jambs serving as front, rear or side entrances into business buildings from the ground, basement or cellar floors, and other doors accessible to rats, shall be protected against the gnawing of rats by covering such doors and jambs with solid sheet metal of not less than twenty-four gauge thickness. The same material shall be used on doorsills or thresholds, or such doorsills or thresholds may be constructed of cement, stone, steel or cast iron.

Doors, door jambs and sills of coal chutes and hatchways that are constructed of wood shall be covered with solid sheet metal of twenty-four guage or heavier, or they may be replaced with metal chutes of twenty-four gauge or heavier, installed in such manner as will prevent the ingress or egress of rats.

All buildings with side and rear door entrances shall be provided with fly screen and hardware cloth doors. These doors shall be provided with suitable automatic self-closing devices.

All doors on which metal flashing has been applied shall be properly hinged to provide for free swinging. When closed, doors shall fit snugly so that the maximum clearance between any door, door jambs and sill shall not be greater than three-eighths of an inch.

Door jambs and sills constructed of metal, concrete, masonry, stone or cement mortar, or cast iron and steel, when fitting closely to exclude rats, are not required to comply with this provision of this chapter.

F. All windows and other openings for the purpose of light or ventilation, located within thirty inches above the existing ground or roof level immediately below such openings, shall be covered for their entire height and width, including frames, with wire cloth of nineteen gauge or heavier, having a mesh of not larger than one-half of an inch.

All windows and other openings for the purpose of light or ventilation in the exterior walls, which may be accessible to rats by way of exposed pipes, wires, conduits and other appurtenances, shall be covered with guards of wire cloth of nineteen gauge or heavier, having a mesh of not larger than one-half of an inch, in metal frames of twenty-four-inch galvanzied iron (called Sims frames), or, in lieu of wire cloth covering, such pipes, wires, conduits and other appurtenances shall be blocked from rat usage by installing sheet metal guards of twenty-four guage or heavier. Such guards, when used on horizontal pipes, wires, conduits or other appurtenances, shall be placed in a vertical position and shall be snugly fitted araound the pipe, wire, conduit or other appurtenance. Such guard shall measure not less than twelve inches beyond and on all sides of the pipe, wire, conduit or other appurtenance where the intervening space between the wall and pipe permits, and shall extend thirty inches in an upward direction and

twelve inches in a downward direction, and shall be securely fastened to the pipe, wire, conduit or other appurtenance, and also to the adjcent wall wherever practicable, so that the guard will remain in a vertical position at all times.

Such guards, when used on vertical pipes, wires, conduits or other appurtenances, shall be fitted snugly around the pipe, wire, conduit or other appurtenances, shall be placed in a horizontal position (right angle to pipe) and shall extend horizontally from the pipe, wire, conduit or other appurtenance for a minimum distance of twelve inches beyond and on all sides of the pipe, wire, conduit or other appurtenance and also to the adjacent wall wherever practicable, in such manner that the guard will remain in a horizontal position at all times.

G. Light wells with windows in exterior walls that are located below the outside ground level shall be protected from the ingress and egress of rats by one of the following methods:

1. Installing over light wells cast iron or steel grills or steel gratings or other material of equal strength and rat-resisting properties, with openings in grills or gratings not to exceed one-half of an inch in shortest dimension.

2. Installing securely to and completely covering existing metal grills that are broken or have openings larger than one-half of an inch in shortest dimension, or otherwise defective, with expanded metal of eighteen gauge or heavier, having openings not greater than one-half inch in shortest dimension, or with sixteen gauge or heavier wire cloth with one-half of an inch mesh.

At the option of the person in custody of the business building, the opening in the wall of the building below the grate may be entirely closed with brick or concrete or partially closed and the remaining open space covered with nineteen guage or heavier wire cloth with mesh not to exceed one-half of an inch.

H. Business buildings constructed on piers having wooden floors with sills less than twelve inches above the surface of the ground shall have the intervening space between floor sill and ground protected against the ingress or egress of rats by installing a solid masonry or concrete wall not less than four inches thick, around the entire perimeter of the business building, extending the curtain wall to a depth of not less than eighteen inches below the surface of the ground level, with a twelve-inch shelf extending outward from the wall, and fastening securely to the exterior wall of the business building in such manner as will prevent rats from entering the building, except in instances in which the soil will allow rats to burrow more than twelve inches into the ground, in which instance the depth of the curtain wall shall not be less than thirty-six inches.

In lieu of the installation of curtain walls all ground floors of wood construction may be replaced with concrete of not less than three inches in thickness, with the exterior walls protected for a height of twenty-four inches above the concrete floor with masonry concrete or solid sheet metal of twenty-four gauge or heavier. Such exterior wall protection shall be securely tied into the concrete floor at all points.

Business buildings constructed on piers having the lower surface of wooden floor sills more than twelve inches above the ground level shall have the intervening spaces between floor sill and ground protected against the ingress or egress of rats by installing curtain walls in accordance with the preceding paragraph, or by protecting such business building against the ingress or egress of rats by installing solid sheet metal coverage of twenty-four gauge or heavier snugly around each pipe, cable, wire, conduit or other utility service passing through wooden ground floor. The diameter of such metal coverage shall not be less than eight inches larger than diameter of pipe, cable, wire, conduit or other utility service, and shall be securely fastened to the wooden floor. All other openings in wooden ground floors through which rats may gain entrance into double walls or the interior of business buildings, such as openings that may exist in floors and double walls above sills, shall be closed with twenty-four gauge or heavier solid sheet metal or sixteen

gauge or heavier wire cloth of one-half-inch mesh, or with concrete or masonry. If the distance from the top of the floor sill to the under surface of a wooden floor is less than twelve inches, rat stoppage treatment as provided in other sections of this chapter shall be used. Wood frame constructed business buildings having concrete or masonry foundation wall shall have ventilators in foundation walls protected as herein provided in subsection D of this section. All miscellaneous wall openings, doors and windows shall be protected in accordance with this chapter. (Ord. 16812 § 20 (part), 2007; prior code § 12-56)

9.28.040 Floors and racks for display of food products in the open.

Curb or farmers' markets in which fruit or vegetables or any other food products are exposed and offered for sale on racks, stands, platforms and in vehicles outside of business buildings shall have floors paved with concrete, asphalt, or other similar material for the entire surface area of the market. Display racks, stands or platforms on which fruits or vegetables or any other food products are displayed or offered for sale shall be of sufficient height so that all such fruit, vegetables or other food products shall be kept at a distance of not less than twenty-four inches above the floor pavement, and shall be so constructed that rats cannot harbor therein or thereunder. (Prior code § 12-57)

9.28.050 Protection from climbing or roof rats.

In order to protect business buildings from what is commonly called the climbing or roof rat, the following provisions shall apply:

A. No person in custody of a business building shall permit any fishing poles, ladders or other objects to lean against the side or wall of such business building in such manner that rats could climb on and reach any part of the structure or roof.

B. The persons in custody of business buildings shall also protect elevator shafts, fire escapes and guy wires in such manner that rats will not be able to gain ingress or egress into or out of such business building.

C. It shall be the duty of any person in custody of a business building to trim the branches of all trees extending over, against or near any business building, and same shall be cut and trimmed and kept cut and trimmed so that no part of any branch or any part of such tree shall be closer than ten feet to any business building, and the tops of all trees shall be cut back ten feet from the line extending perpendicularly from any exterior wall of a business building. (Prior code § 12-59)

9.28.060 Prohibitions.

A. No person shall permit any premises, improved or unimproved on which evidence of rat infestation is found, or any lots or alleys adjacent to such property, to accumulate lumber, boxes, barrels, bricks, stones or any other character of materials that may be used as a harborage for rats unless same shall be placed on open racks and elevated not less than eighteen inches above the ground, with a clear intervening space underneath.

B. It is unlawful for any person to use or maintain any business building or premises in such manner that a rat harborage is brought into existence or maintained.

C. It is unlawful for any person to dump or place on any land or on any water or waterways within the city any dead animals, butchers' offal, seafood or any waste vegetables, animal matter or any food products whatsoever.

D. No garbage, rubbish, waste or manure shall be placed, left, dumped or permitted to accumulate or remain in any building or premises in the city so that same shall or may afford food for or harborage or breeding place for rats. Rat burrows and other exterior harborage shall be treated as directed by the director of the department of environmental services, in accordance with accepted sanitation practice. (Ord. 16812 § 20 (part), 2007; prior code § 12-60)

9.28.070 Trapping and poisoning rats.

A. For purposes of eliminating all rats that may remain in or gain access to any business building af-

ter rat stoppage shall have been carried into effect, all storerooms, warehouses or other business buildings shall be provided with rat traps, which shall be properly set and maintained in good working order at all times by persons in custody of such business buildings, and shall be inspected daily; any rats caught therein shall be killed, removed daily and disposed of in a manner acceptable to the director of the department of environmental services.

B. Rats shall also be destroyed by poisoning or other such means, in addition to trapping as may be deemed necessary by the director of the department of environmental services or his authorized representative. (Ord. 16812 § 20 (part), 2007; prior code § 12-58)

9.28.080 Inspections and notices to take remedial action.

The director of the department of environmental services, or his representative, is authorized and directed to inspect at frequent intervals, and to maintain strict surveillance over, all existing business buildings for the purpose of determining any rat infestation, and in the event any rat infested business building is found to exist, to notify immediately, in writing, the person in custody of such building to protect such building by rat stoppage as herein provided, regardless of the need of the building for remodeling or repairs, and to take such measures as will make the building free from rats. The written notice shall specify the time, and in no event less than thirty days, for completion of such work and improvements.

Failure to comply with such written notices within the time specified shall constitute a violation of this chapter.

Whenever necessary to make an inspection to enforce any of the provisions of this chapter, the director of the department of environmental services or his authorized representative may enter any building or premises at all reasonable times to inspect the same or to perform any duty imposed upon the director of the department of environmental services by this chapter; provided, that if such building or premises is occupied, he shall first present proper credentials and request entry; and if such building or premises is unoccupied, he shall first make a reasonable effort to locate the owner or other person having charge or control of the building or premises and request entry. If such entry is refused, the director of the department of environmental services or his authorized representative shall have recourse to every remedy provided by law to secure entry.

When the director of the department of environmental services or his authorized representative shall have first obtained a proper inspection warrant or other remedy provided by law to secure entry, no owner or occupant or any other persons having charge, care or control of any building or premises shall fail or neglect, after proper request is made as herein provided, to promptly permit entry therein by the director of the department of environmental services or his authorized representative for the purpose of inspection and examination pursuant to this chapter. (Ord. 16812 § 20 (part), 2007; prior code § 12-55)

9.28.090 Authority to close heavily infested buildings.

When the director of the department of environmental services shall find any building, structure or premises so heavily infested with rats as to constitute a present menace to public health, he shall have authority to close the same to any occupancy or use until rats have been eradicated. (Ord. 16812 § 20 (part), 2007; prior code § 12-61)

9.36.010 Definitions.

The following definitions apply to this Chapter 9.36 of the El Paso City Code:

A. "Air contaminant" means particulate matter, radioactive material, dust, fumes, gas, mist, smoke, vapor, or odor, including any combination of those items, produced by processes other than natural.

B. "Air pollution" means the presence in the atmosphere of one or more air contaminants or combination of air contaminants in such concentration and of such duration that are or may tend to be injurious to or to adversely affect human health or welfare, animal life, vegetation or property, or interfere with the normal use or enjoyment of animal life, vegetation, or property.

C. "Department" means the department of environmental services.

D. "Director" means the director of the department of environmental services.

E. "Premises" means any public or private property including any building and structure present at the property, other than property designed for and used exclusively as a private residence, housing not more than three families;

F. "Private residence" means a premises that is not used in whole or in part for any commercial operation.

G. "TCEQ" means the Texas Commission on Environmental Quality.
(Ord. No. 19043, § 2, 3-17-2020)

9.36.020 Applicability.

This chapter shall apply only to air pollution and odors that are observed and documented from outdoors and are not completely contained within a fully enclosed building or structure.
(Ord. No. 19043, § 3, 3-17-2020)

9.36.030 Air quality standards.

The city hereby adopts by reference the following state air pollution control laws, rules and regulations and as they may be amended from time to time, including the tables, graphs, figures, appendices, and other matter promulgated as part of the state commission's rules or orders, all of which are incorporated by reference as though written fully word for word in this chapter.

(Ord. No. 19043, § 4, 3-17-2020)

9.36.040 Role of the department.

The role of the department shall be as follows:

A. Investigate complaints of violations of this chapter, the Texas Clean Air Act, pursuant to Chapter 382 of the Texas Health and Safety Code, as amended, and other applicable state and federal air pollution laws, rules and regulations, make inspections of sources of air pollution and ambient air conditions, and to maintain a record of the investigations, complaints, inspections and observations;

B. Encourage voluntary cooperation by persons and by effected groups in the preservation and regulation of the purity of the outdoor atmosphere;

C. Collect and disseminate information to the general public on air pollution;

D. Work with planning and zoning agencies for the purpose of coordinating activities under the provisions of this chapter with planning and zoning activities, and foster the best possible management of the air resources of the city;

E. Cooperate and work with the federal, state and local government agencies concerned with air pollution problems.

(Ord. No. 19043, § 5, 3-17-2020)

9.36.050 Sources of authority.

The department, by and through its director and designees, shall implement and enforce this chapter as determined necessary pursuant to the following:

A. Applicable state statute(s), rules and regulations;

B. An executed contract between the city and the TCEQ;

C. A memorandum of understanding with a government entity related to activities under this chapter; or

D. An executed interlocal agreement between the city and a local government entity.

(Ord. No. 19043, § 6, 3-17-2020)

9.36.060 Outdoor burning.

A. General Prohibition Against Outdoor Burning. No person may cause, suffer, allow, or permit any outdoor burning within city limits, except as provided by this subchapter or applicable state law.

B. Exceptions. The following exception to disposal fires applies to any current prohibition against outdoor burning at the city's Rio Bosque Park:

1. Notwithstanding any current prohibitions against outdoor burning within the limits of the city, there shall be an exception for a disposal fire that consists of the on-site burning of trees, brush, grass, leaves, branch trimmings, or other plant growth at Rio Bosque Park located at 10719 Socorro Road, El Paso, Texas by the city or any other person authorized by the city and when the material is generated only from that property even while said outdoor burn is in a designated nonattainment area or that contains any part of the city that extends into a designated nonattainment area, if the plant growth being disposed was generated as a result of right-of-way maintenance, land clearing operations, and maintenance along water canals when no practical alternative to burning exists. Such burning is subject to the following requirements:

a. Prior to prescribed or controlled burning, the applicant for an open burning permit shall submit to the fire official an application for an open burning permit, a minimum often ten days in advance of the proposed burn, and that application shall include the date(s) burning will occur, specific location, the time burning will commence, and the estimated time burning will terminate.

b. The fire official shall in turn submit the application to the department. Upon review of the application, the director shall approve said application if the following criteria are not met or shall deny said application if the following criteria are met, and within five working days of receipt of the application shall notify the fire official of the director's approval or denial of the application: During periods when the outdoor burn ban is in effect for El Paso County, as established by the Texas Interagency Coordination Center;

i. If the request proposes anything other than the on-site burning of trees, brush, grass, leaves, branch trimmings, or other plant growth when the material is generated only from that property and when there is no other practical alternative means of disposal; or

ii. If there is a structure with sensitive receptors on adjacent property less than three hundred feet from the area of the open burning, unless the disposal fire requestor provides written approval from the property owner where said structure is located.

c. After receipt of a denial from the director, the fire official shall notify the applicant of said denial. After receipt of an approval from the director, the fire official shall issue the open burning permit for the prescribed or controlled burn subject to the following criteria being met:

i. Current and adopted fire code requirements;

ii. An on-site pre-burn inspection conducted by the El Paso Fire Department-Fire Prevention Division when required by the fire official;

iii. Receipt of fees for the open burning permit; and

iv. Receipt of fees for fire watch/standby personnel when such personnel are required by the fire official in the amount identified in the adopted budget resolution for the current fiscal year, or other appropriately adopted resolution by city council.

d. Pursuant to this subsection, a "practical alternative" is defined as an economically, technologically, ecologically, and logistically viable option, such as recycling, composting, mechanical chipping or mulching, logging, landfills or air curtain incineration (trench burning).

e. Burning must be outside the corporate limits of the city except as described in this subchapter which permits burning consistent with the Texas Clean Air Act, subchapter E, Authority of Local Governments, as amended.

f. Burning shall commence and be conducted only when wind direction and other meteorological conditions are such that smoke and other pollutants will not cause adverse effects to any public road, landing strip, navigable water, or off-site structure containing sensitive receptor(s), unless the city obtains prior written approval from the property owner where said receptor is located.

g. If at any time the burning causes or may tend to cause smoke to blow onto or across a road or highway, it is the responsibility of the person initiating the burn to post flag-persons on effected roads.

h. Burning must be conducted downwind of or at least three hundred feet (ninety meters) from any structure containing sensitive receptors located on adjacent properties unless the city obtains prior written approval from the property owner where said structure is located.

i. Burning shall be conducted in compliance with the following meteorological and timing considerations:

i. The initiation of burning shall commence no earlier than one hour after sunrise. Burning shall be completed on the same day not later than one hour before sunset, and shall be attended by a responsible party at all times during the active burn phase when the fire is progressing. In cases where residual fires and/or smoldering objects continue to emit smoke after this time, such areas shall be extinguished if the smoke from these areas has the potential to create a nuisance or traffic hazard condition. In no case shall the extent of the burn area be allowed to increase after this time.

ii. Burning shall not be commenced when surface wind speed is predicated to be less than six

miles per hour (mph) (five knots) or greater than twenty-three mph (twenty knots) during the burn period.

iii. Burning shall not be conducted during periods of actual or predicated persistent low-level atmospheric temperature inversions.

j. Electrical insulation, treated lumber, plastics, non-wood construction/demolition materials, heavy oils, asphaltic materials, potentially explosive materials, chemical wastes, and items containing natural or synthetic rubber must not be burned.

2. The fire official is authorized to order the extinguishment by the permit holder or the fire department of open burning, which creates or adds to a hazardous or objectionable situation.

3. Prescribed or controlled burning without an approved open burning permit shall not be allowed and the applicable local amendment to the International Fire Code (Chapter 9.52.030.15 of the El Paso City Code) relating to payment for a permit shall be enforced.
(Ord. No. 19043, § 7, 3-17-2020)

9.36.070 Solid fuel heating devices.

A. The city hereby adopts by reference 30 TAC § 111.111(c), in its current form and as may be amended, which is incorporated by reference as though written fully word for word in this chapter.

B. Notice of no-burn periods shall be sufficient if published in a newspaper of general circulation within the city, or if presented orally at least three times during a six-hour period by at least two radio or television stations operating within the city, or if presented to the general public in the form of a message posted on the city's website or a recorded telephone message, the telephone number for which is published on the city's website or newspaper of general circulation within the city.
(Ord. No. 19043, § 8, 3-17-2020)

9.36.080 Odors.

A. Declared Nuisance.

1. The discharge of one or more air contaminants from any source whatsoever in such concentration and of such duration as are or may tend to be injurious to or to adversely affect human health or welfare, animal life, vegetation or property, or as to interfere with the normal use and enjoyment of animal life, vegetation, or property is declared to be a nuisance. The following shall be considered nuisances for the purpose of this chapter, but such enumeration shall not be deemed to be exclusive:

a. An offensive smell, smoke or odor generated by the burning of any hair, leather, rags or substances.

b. A foul or offensive odor generated by the accumulation of animal feces and putrid materials.

2. The police department, any employee of the department or the city's department of animal services, an employee in the code enforcement division, or a commissioned peace officer is authorized to abate such nuisances under the term and conditions hereinafter provided.

B. Abatement. In addition to the penalties set forth in Section 9.36.090(D) of this chapter, upon complaint or upon its own initiative, the police department, any employee of the department or the city's department of animal services, an employee in the code enforcement division, or a commissioned peace officer may remove, abate or destroy the nuisance at the expense of the city. Alternatively, the director may request that the city attorney file suit to obtain such orders or processes as are necessary to abate the nuisance.

C. Enforcement of this Section. In addition to abatement, the police department, employees of the department or the city's department of animal services, employees in the code enforcement division and commissioned peace officers are authorized to enforce the provisions of this section and shall have the power to issue warnings and citations to any persons violating the provisions of this section. These city officials designated above are authorized to conduct inspections of any property upon complaint or its own initiative, and to investigate instances of non-compliance with this section to enforce these provisions. If the occupants in possession of any property

refuses to allow the city officials permission to enter the property, at any reasonable time, those officials shall have recourse to every remedy provided by law to secure entry including obtaining the proper judicial warrants.
(Ord. No. 19043, § 9, 3-17-2020)

9.36.090 Inspections and enforcement.

A. Whenever the director or authorized representative has reasonable cause to believe that there exists upon any premises any condition or code violation of this chapter that makes the level of air contaminants unsafe, dangerous or hazardous, the director or authorized representative may enter such premises at all reasonable times to inspect the same or to perform any duty imposed upon the director by this chapter.

1. If the premises subject to inspection is occupied, the director or authorized representative shall first present proper credentials and request entry.

2. If the premises subject to inspection is unoccupied, the director or authorized representative shall first make a reasonable effort to locate the owner or other persons having charge or control of the premises and request entry.

3. If entry subject to this section is refused, the director or authorized representative shall have recourse to every remedy provided by law to secure entry.

B. Whenever the director or authorized representative has first obtained a proper inspection warrant or availed himself of any other remedy provided by law to secure entry, no owner or occupant or any other persons having charge, care or control of any premises shall fail or neglect, after proper request is made as herein provided, to promptly permit entry therein for the purpose of inspection and examination pursuant to this chapter.
(Ord. No. 19043, § 10, 3-17-2020)

9.36.100 Violations.

A. Reporting to the TCEQ. The director, or authorized representative, may develop and refer any violation of this chapter to the TCEQ for review and enforcement.

B. Civil Penalty. Subject to Section 7.3511 of the Texas Water Code, as amended, and following the adoption of a city resolution, the city may by its own attorney institute a civil suit for injunctive relief or civil penalty, against persons violating the provisions of Chapter 16, 26, or 28 of the Texas Water Code, or Chapters 361 366, 371, 372, or 382 of the Texas Health and Safety Code, as amended. Any civil penalty sought by the city's own attorney pursuant to Chapter 7 of the Texas Water Code shall be consistent with the maximum penalties of each violation as set forth in Section 7.102 of the Texas Water Code, as amended. Each day of a continuing violation shall constitute a separate violation.

1. Any civil penalty recovered in a suit brought according to this section shall be divided with the state in accordance with Section 7.107 of the Texas Water Code, as amended.

2. In the event the state prevails in a suit under this section, it may recover reasonable attorney's fees, court costs, and reasonable investigative costs incurred in relation to the proceeding.

C. Criminal Enforcement.

1. A peace officer may refer an alleged criminal violation by a person holding a permit issued by the TCEQ, of the Texas Health and Safety Code, or any other statute, rule, order, permit or other decision of the Texas Natural Resource Conversation Commission to a prosecuting attorney subject to Section 7.203 of the Texas Water Code, as amended.

2. In accordance with Section 7.203 of the Texas Water, as amended, the city's prosecuting attorney may bring an action for criminal prosecution of a misdemeanor punishable by a fine not to exceed two thousand dollars.

3. Each day's violation shall constitute a separate offense.

4. Nothing in this section prohibits a peace officer from issuing a citation or making an arrest.

5. Any fine, penalty, or settlement recovered through a prosecution subject to this section and brought in the name and by the authority of the

State of Texas, shall be apportioned seventy percent to the State of Texas and thirty percent to the city.

D. Other Enforcement Action. Except as otherwise provided by Texas law, any person violating any provision of Section 9.36.080 of this Code, shall be deemed guilty of a misdemeanor and upon conviction, shall be punished by a fine not to exceed five hundred dollars. Each day that a provision of this chapter is violated shall constitute a separate offense.

(Ord. No. 19043, § 11, 3-17-2020)

9.36.110 Severability.

The sections, paragraphs, sentences, clauses, and phrases of this Code are severable, and if any phrase, clause, sentence, or paragraph or section of this Code shall be deemed preempted or declared unconstitutional by the valid judgment or decree of any court of competent jurisdiction, such invalidity shall not affect any of the remaining phrases, clauses, sentences, paragraphs and sections of this Code.

(Ord. No. 19043, § 12, 3-17-2020)

9.36.120 Conflicting Code previsions repealed.

Any provision(s) in the El Paso City Code specifically in conflict with any provision in this chapter is deemed inoperative and repealed.

(Ord. No. 19043, § 13, 3-17-2020)

9.36.130 Savings of pending violations.

Nothing in this chapter shall be construed to affect any suit or proceeding pending in any court, or any rights acquired, or liability incurred, or any cause or causes of actions acquired or existing, under any act or prior ordinance; nor shall any legal right or remedy of any character be lost, impaired, or affected by this chapter.

(Ord. No. 19043, § 14, 3-17-2020)

9.39.020 Oxygenated fuels.

9.39.030 Labeling and notice to public.

9.39.040 Violation—Penalty.

9.39.010 Definitions.

A. "Ethanol" means a colorless volatile flammable alcohol with the molecular composition of C_2H_{60}.

B. "Facility" means a place or places of business which sells or supplies for wholesale or retail purposes gasoline motor fuel, including fuel transportation businesses.

C. "Gasoline motor fuels" means, for purposes of this chapter, any flammable liquid used primarily as a fuel for the propulsion of motor vehicles, but does not include diesel engine fuel, kerosene, liquefied petroleum gas, natural gas and products especially prepared and sold for use in the turbo-prop or jet type engines.

D. "Methanol" means a light volatile flammable poisonous liquid alcohol CH_3OH formed by the destructive distillation of wood or manufactured from natural gas or coal, and used in combination with heavier cosolvent alcohols as an octane enhancer for addition to gas.

E. "MTBE" means methyl-tertiary-butyl-ether.

F. "Motor vehicle" means any vehicle propelled by a spark ignited internal combustion engine which is designed primarily for travel on public highways and which is generally and commonly used to transport persons and property over public highways.

G. "Oxygen content by weight" means a measurement of the percentage of oxygen in an oxygenated fuel.

H. "Oxygenate" means any oxygen-containing ashless, organic compound which may be used as a fuel or as a gasoline blending compound and which was approved as a blending agent under the provisions of a waiver issued by the United States Environmental Protection Agency.

I. "Oxygenated fuel" means a motor vehicle fuel blend, whether leaded or unleaded, consisting primarily of gasoline and a substantial amount of one or more oxygenates, generally an alcohol or ether. (Ord. 10524 (part), 1991)

9.39.020 Oxygenated fuels.

A. From October 1, 1991 through March 31, 1992, no person shall supply or sell any gasoline motor fuel intended as a final product for fueling of motor vehicles within the city, or sold at retail, or sold to a private or government fleet for consumption, or introduced into a motor vehicle in the city, by any person unless the total fuel sold by any person has a minimum average content of 2.0 percent oxygen by weight averaged over the total volume of each grade of gasoline sold by the person. From October 1, 1992 through March 31 in all years thereafter, the minimum average content shall be 2.7 percent by weight.

B. No gasoline motor fuel blended with methanol and intended as a final product for fueling of motor vehicles shall be sold at retail within the city. Methanol indigenous to other oxygenates will be allowed. (Ord. 10524 (part), 1991)

9.39.030 Labeling and notice to public.

All oxygenated motor fuel sold within the city shall be labeled at each dispensing pump identifying the motor fuel as oxygenated. (Ord. 10524 (part), 1991)

9.39.040 Violation—Penalty.

Any person violating any provision of this chapter shall be deemed guilty of a misdemeanor punishable by a fine not to exceed two thousand dollars. Each day's violation shall constitute a separate offense. In addition to any penalties provided for herein, this chapter shall also be enforceable by injunction. (Ord. 10524 (part), 1991)

9.40.010 Definitions.

The following words shall have the following meanings:

1. "Amplified sound" means sound including but not limited to music, singing or spoken words that are conveyed through the utilization of sound amplification equipment.

2. "A-weighted sound system" means standards related to the measurement of sound pressure that accounts for the relative loudness perceived by the human ear.

3. "dB(A)" means a unit of the measurement of sound in decibels, as measured on a sound level meter using the A-weighted system.

4. "Decibel (dB)" means a unit of measurement for sound pressure level at a specified location.

5. "Motor vehicle" means any vehicle which is propelled or drawn on land by a motor, such as, but not limited to, passenger cars, trucks, truck-trailers, semitrailers, campers, watercraft, go-carts, dune buggies or racing vehicles, but not including motorcycles.

6. "Motorcycles" means an unenclosed motor vehicle having a saddle for the use of the operator and two or three wheels in contact with the ground, including, but not limited to, motor scooters and minibikes.

7. "Muffler" means a device for abating the sound of escaping gases of an internal combustion engine.

8. "Noise nuisance" means any loud, irritating, vexing or disturbing sound originating from a nearby property under separate ownership or occupancy which causes injury, discomfort, or distress of a person of reasonable sensibilities, or any sound that exceeds the maximum permitted sound levels specified in this chapter.

9. "Nonresidential property" means any real property that is not included in the definition of residential property as defined in this section. Without limitation, the term includes properties that have been developed other than as residential properties, properties that are undeveloped, and properties that are devoted to public purposes, such as public streets and parks.

10. "Park" means any public park within the limits of the City of El Paso, including parks owned by the City of El Paso, County of El Paso, or State of Texas.

11. "Permit official" has the same meaning as defined in Section 1.04.030.1 of the El Paso City Code.

12. "Person" means an individual, firm, association, partnership, joint venture, corporation or any entity, public or private in nature.

13. "Public right-of-way" means any street, alley, sidewalk or other place to which the public has legal access.

14. "Reasonable sensibilities" means the ordinary, typical and/or expected sensory perception of noise when taking into account the source, volume, time of day and duration of the noise.

15. "Residential property" means a parcel of real property which is developed and used in part or in whole for human habitation, other than transient uses such as hotels, motels, and hospitals.

16. "Sound amplification equipment" means a loud speaker, public address system, amplifica-

tion system for voice and musical instruments, or other sound producing device that relies on electrical power to generate and/or amplify sound.

17. "Sound level" means the weighted sound pressure level obtained by the use of a sound level meter and frequency weighting network as specified in American National Standards Institute specifications for sound level meters. If the frequency weighting employed is not indicated, the A-weighting shall apply.

18. "Sound level meter" means an instrument which is used to measure sound pressure levels, issued by the city and meeting the standards prescribed by the American National Standards Institute.

19. "Stadium event" means an event occurring at an outdoor stadium or amphitheater that is not related to a public or private school activity, including but not limited to concerts, professional sports competitions, and entertainment events.

20. "Local ambient reading" means the lowest sound level repeating itself during a one-minute period as measured with a sound level meter, using slow response and "C" weighting. The minimum sound level shall be determined with the music or entertainment noise source at issue silent, and in the same location as the measurement of the noise level of the source or sources at issue.

21. "dB(C)" means a unit of measurement of sound in decibels, as measured on a sound level meter using the C-weighted system.

22. "Food service establishment" means any place where food is prepared and intended for individual portion service, and includes the site at which individual portions are provided. The term includes any such place regardless of whether consumption is on or off the premises and regardless of whether there is a charge for the food. The term does not include private homes where food is prepared or served for individual family consumption.

23. "Restaurant" means a business that:

a. Operates its own permanent food service facility with commercial cooking equipment on its premises; and

b. Prepares and offers to sell multiple entrees for consumption on or off the premises. (Ord. 16812 §§ 32 (part), 33, 34, 2007; prior code § 12-106) (Ord. No. 17392, § 7, 8-24-2010, eff. 9-1-2010; Ord. No. 18908, § 1, 2-26-2019; Ord. No. 019696, § 1, 12-17-2024; Ord. No. 019782, § 1, 8-19-2025)

9.40.020 Applicability.

A. This chapter shall not apply to the following:

1. The emission of sound for the purpose of alerting persons to an emergency;

2. Sound produced by emergency vehicles or utility vehicles and utility crews undertaking emergency work; or

3. Sound produced by a vehicle motor with a properly installed muffler while the vehicle is moving on a public right-of-way, public waterway, airport runway, or railway; or

4. Sound produced by any governmental body in the performance of a governmental function, nor to sound from activities from a government-sponsored event on governmentally owned or leased property or property under the control of a public utility;

5. Sound generated at a scheduled stadium event or an event at a venue with more than two thousand five hundred seating capacity;

6. Sound generated by any activity in which the regulation thereof has been preempted by state or federal law, including, but not limited to, sound produced by aircraft in flight and including all activities taking place at the El Paso International Airport; or

7. Sound generated by the normal maintenance of property, such as lawn mowing, provided the activities take place from 7:00 a.m. to 10:00 p.m.; or

8. Sound produced by the operation of any air-conditioning unit, heat pump, HVAC system, or swimming pool machinery which does not produce a sound exceeding seventy dBA on residential property or [seventy-five] dBA on nonresiden-

tial property, when measured at the nearest exterior wall of a residential or commercial building under separate ownership, or occupancy; or

9. Solid waste collection vehicles collecting waste at residential or nonresidential properties; or

10. Sound produced by bells or chimes from a religious institution, provided the sound is during 7:00 a.m. to 10:00 p.m., or at some other time in accordance with the tradition of a church specifically on a religious holiday; or

11. Sound produced by the operation of agricultural equipment, when such equipment is being used for the purpose of agricultural endeavors; or

12. Activities conducted on public parks, public playgrounds, and public or private school grounds, including, but not limited to, school athletic and school entertainment events conducted during the hours of 7:00 a.m. to 12:00 a.m.; or

13. Noncommercial public speaking and public assembly activities conducted during the hours of 7:00 a.m. to 10:00 p.m. on any public space or public right-of-way;

14. Establishments that accept delivery of supplies or other items, provided that if the delivery occurs between 10:00 p.m. and 5:00 a.m., then:

a. The delivery lasts for one hour or less;

b. The delivery is only for food, nonalcoholic beverages, food service supplies, or ice; and

c. The delivery sound level when measured from the residential property closest in proximity to the establishment does not exceed sixty-five dB(A), excluding traffic and other background noise that can be reasonably excluded.

B. Unless otherwise regulated by a current, valid permit issued by the permit official or specifically mentioned in Section 9.40.020A. specific noises that can constitute a noise nuisance include, but are not limited to the following:

1. Amplified sound at a park. Emitting amplified sound at a park, or on a public right-of-way adjacent to a park, is prohibited, except when authorized in accordance with a duly-issued governmental permit or posted park rule.

2. Animals. Owning, keeping, possessing, or harboring any animal or animals which, by frequent or habitual noisemaking, unreasonably disturbs or interferes with the sleep, peace, comfort, or repose of a person of reasonable sensibilities. The provisions of this subsection shall apply to all private facilities, including but not limited to any private or commercial animal shelters or kennels, which hold or treat animals.

3. Construction work. Operating or permitting to be operated any equipment used in commercial construction, repair, alteration, or demolition work on buildings, structures, streets, alleys, or appurtenances thereto, between the hours of 10:00 p.m. and 6:00 a.m. the following day, or in such a manner as to unreasonably disturb or interfere with the sleep, peace, comfort, and repose of a person of reasonable sensibilities.

4. Emergency signaling devices. The intentional sounding or permitting the sounding outdoors of any fire, burglar or private entity emergency management alarm, siren, whistle, or similar stationary emergency signaling device for more than five minutes during any consecutive sixty-minute period in such a manner as to unreasonably disturb or interfere with the sleep, peace, comfort, or repose of a person of reasonable sensibilities, except for those exemptions outlined in this chapter. Nothing herein shall be construed to authorize the operation of any emergency signaling device in violation of Chapter 5.13 (Security Alarm Systems) of this City Code.

5. Exterior loudspeakers. Operating or permitting to be operated any loudspeaker or sound-amplifying equipment in a fixed or movable position in or upon any street, alley, sidewalk, park, place, or public or private property for the purpose of commercial advertising, giving instructions, directions, talks, addresses, lectures, or transmitting music to any persons or assemblages of persons in such a manner as to unreasonably disturb or interfere with the sleep, peace, comfort, or repose of a person of reasonable sensibilities. This section does not apply to properties defined as restaurants.

6. Horns and signal devices. The continued or frequent sounding of any horn or other signal device on any automobile or vehicle, motorcycle, bus or other vehicle, except as a danger signal.

7. Mechanical devices. Operating or permitting to be operated, any mechanical, electrical, or electronic device outdoors on residential property in such a manner as to unreasonably disturb or interfere with the sleep, peace, comfort, or repose of a person of reasonable sensibilities.

8. Off-road motor vehicles. No person shall operate or permit to be operated any motorized vehicle off a public right-of-way in such a manner as to unreasonably disturb or interfere with the sleep, peace, comfort, or repose of a person of reasonable sensibilities.

9. Open air discharge. The discharge into the open air of the exhaust of any steam engine, stationary internal combustion engine, automobile, motorcycle, or other motor vehicle or boat, except through a properly installed muffler or other device which prevents loud or explosive noises therefrom.

10. Other prohibited sound levels. Any emanations of the human voice or sound from any other source, including but not limited to fireworks, motor vehicle horns or other noise nuisance-creating object, device or equipment, whether amplified or not, which unreasonably disturbs or interferes with the sleep, peace, comfort, or repose of a person of reasonable sensibilities.

11. Power equipment. Operating or permitting to be operated any power equipment on residential property outdoors between the hours of 10:00 p.m. and 7:00 a.m. the following day, or in such a manner as to unreasonably disturb or interfere with the sleep, peace, comfort, or repose of a person of reasonable sensibilities.

12. Radios, television sets, musical instruments, and similar devices. Operating or permitting to be operated in a fixed or movable position or mounted upon or within any vehicle in or upon any street, alley, sidewalk, park, place, or public or private property any radio receiving set, musical instrument, television, phonograph, drum, or other machine or device for the production or reproduction of sound or vibrations in such a manner as to unreasonably disturb or interfere with the sleep, peace, comfort, or repose of a person of reasonable sensibilities.

(Ord. No. 18908, § 2, 2-26-2019; Ord. No. 019696, § 2, 12-17-2024; Ord. No. 019782, § 2, 8-19-2025)

Editor's note—Ord. No. 18908, § 2, adopted Feb. 26, 2019, repealed the former § 9.40.020, and enacted a new § 9.40.020 as set out herein. The former § 9.40.020 pertained to decibel measurement criteria and derived from Prior code § 12-107.

9.40.030 Sound level violations.

A. For properties not defined as restaurants, it shall be unlawful for any person to conduct, permit, allow, or produce a sound that is discernable beyond the property lines of the property on which the sound is being produced that, when measured with a sound level meter using the standardized frequency weighting as specified by the American National Standards Institute, exceeds seventy dB(A) between the hours of 10:00 p.m. and 7:00 a.m. daily for the property on which the sound is produced.

B. For properties not defined as restaurants, it shall be unlawful for any person to conduct, permit, allow, or produce a sound that is discernable beyond the property lines of the property on which the sound is being produced that, when measured with a sound level meter using the standardized weight frequency weighting as specified by the American National Standards Institute, exceeds seventy-five dB(C) between the hours of 10:00 p.m. and 7:00 a.m. daily for the property on which the sound is produced.

C. For properties defined as restaurants, it shall be unlawful for any person to conduct, permit, allow, or produce a sound that is discernable beyond the property lines of the property on which the sound is being produced that, when measured with a sound level meter using the standardized frequency weighting as specified by the American National Standards Institute, exceeds seventy dB(A) or seventy-five dB(C) after 10:00 p.m. on Sunday through Thursday and 11:00 p.m. on Friday and Saturday, excluding traffic and other back-

ground noise that can be reasonably excluded. This section does not apply to a food service establishment on property that is located within three hundred feet of a residence that was occupied before any food service establishment was located on the property.

D. The dB(A) and dB(C) levels set forth in this section apply to a property where the sound is being produced. Any sound that when measured at the property where the sound is being produced exceeds the dB(A) and dB(C) levels set forth in this section is a violation of this chapter.

E. Procedure. Sound levels regulated in this chapter shall be measured in accordance with a city-adopted policy.

F. Reading location(s). The location or locations for measuring noise levels shall be at a location or locations as near as possible to a property line of the property producing the noise.

(Ord. No. 18908, § 3, 2-26-2019; Ord. No. 019696, § 3, 12-17-2024; Ord. No. 019782, § 3, 8-19-2025)

Editor's note—Ord. No. 18908, § 3, adopted Feb. 26, 2019, repealed the former § 9.40.030, and enacted a new § 9.40.030 as set out herein. The former § 9.40.030 pertained to designated noise zones and derived from Prior code § 12-109.

9.40.040 Vibration.

It shall be unlawful for any person to create, maintain or cause any ground or airborne vibration which is perceptible without instruments by a person at any point on any affected property, in such a manner as to unreasonably disturb or interfere with the sleep, peace, comfort and repose of a person of reasonable sensibilities, unless such activity is otherwise regulated under other applicable law.

(Ord. No. 18908, § 4, 2-26-2019; Ord. No. 019696, § 4, 12-17-2024)

Editor's note—Ord. No. 18908, § 4, adopted Feb. 26, 2019, repealed the former § 9.40.040, and enacted a new § 9.40.040 as set out herein. The former § 9.40.040 pertained to exterior noise standards and derived from Prior code § 12-110.

9.40.050 Sound level measurement.

Whenever portions of this chapter prohibit a sound level over a certain dB(A) limit, measurement of said sound level shall be made with a sound level meter by a duly authorized representative of the city manager to include, but not be limited to an officer or official from code compliance, police department, or planning and inspections.

(Ord. No. 18908, § 5, 2-26-2019)

Editor's note—Ord. No. 18908, § 5, adopted Feb. 26, 2019, repealed the former § 9.40.050, and enacted a new § 9.40.050 as set out herein. The former § 9.40.050 pertained to interior noise standards and derived from Prior code § 12-111.

9.40.060 Identification of violator.

A person responsible for violations of this chapter are identified as follows:

A. At residential property. Any resident, owner or occupant present at the time of the offense, and any guest or trespasser with the ability to control the sound level at the time of the offense when no resident, owner or occupant is present at the time of the offense.

B. At nonresidential property. Any property owner, business owner, operator, manager, employee in charge, and all persons in control or in possession of the noise nuisance generating instrument or device at the time of the offense.

C. At any location with an unattended noise nuisance producing machine, device, instrument, animal or combination of same. Any person who leaves unattended any machine, instrument, device, animal, or any combination of same, which thereafter commences to produce a sound in violation of this chapter.

(Ord. No. 18908, § 6, 2-26-2019)

Editor's note—Ord. No. 18908, § 6, adopted Feb. 26, 2019, repealed the former § 9.40.060, and enacted a new § 9.40.060 as set out herein. The former § 9.40.060 pertained to additional noise standards and derived from Prior code § 12-112.

9.40.070 Penalties.

A. Any person who violates any provision of this chapter shall, upon conviction, be guilty of a Class C misdemeanor and punished by a fine not to exceed five hundred dollars. Unless otherwise specifically set forth herein, or in state law as adopted, allegation and evidence of culpable mental state are not required for the proof of an

offense defined by this ordinance. Each act of violation and each day of violation is considered a separate violation.

B. Any person who obstructs, impedes, or interferes with a representative of the city, with a representative of a city department, with monitoring equipment, or with a person who has been ordered to abate a situation pursuant to this chapter and who is lawfully engaged in such abatement is guilty of a Class C misdemeanor and upon conviction is punishable by a fine not to exceed five hundred dollars. Unless otherwise specifically set forth herein, or in state law as adopted, allegation and evidence of culpable mental state are not required for the proof of an offense defined by this ordinance. Each act of violation and each day of violation is considered a separate violation.

C. In addition to proceeding under authority of subsections A. and B. of this section, the city is entitled to pursue all other criminal and civil remedies to which it is entitled under authority of statutes, including a civil action in accordance with Chapter 54 of the Texas Local Government Code to recover a civil penalty not to exceed one thousand dollars for each day or portion of a day during which the violation is committed, continued, or permitted, or other ordinances against a person that remains in violation of this chapter.
(Ord. No. 18908, § 7, 2-26-2019; Ord. No. 019696, § 5, 12-17-2024)

Editor's note—Ord. No. 18908, § 7, adopted Feb. 26, 2019, repealed the former § 9.40.070, and enacted a new § 9.40.070 as set out herein. The former § 9.40.070 pertained to noise sensitive zones and derived from Prior code § 12-114.

9.40.080 Enforcement.

The director of the planning and inspections department, the director of code enforcement, or the police chief or their designated representatives, shall be responsible for the enforcement of this chapter.
(Ord. No. 18908, § 8, 2-26-2019; Ord. No. 019696, § 6, 12-17-2024)

Editor's note—Ord. No. 18908, § 8, adopted Feb. 26, 2019, repealed the former § 9.40.080, and enacted a new § 9.40.080 as set out herein. The former § 9.40.080 pertained to noise level measurement and derived from prior code § 12-115.

9.40.090 Reserved.

Editor's note—Ord. No. 18908, § 9, adopted Feb. 26, 2019, repealed § 9.40.10, which pertained to vibration and derived from prior code § 12-116.

9.40.100 Reserved.

Editor's note—Ord. No. 18908, § 10, adopted Feb. 26, 2019, repealed § 9.40.100, which pertained to proposed developments and derived from Ord. 16812 § 32 (part), 2007; prior code § 12-117.

9.40.110 Reserved.

Editor's note—Ord. No. 18908, § 11, adopted Feb. 26, 2019, repealed § 9.40.110, which pertained to motor vehicle maximum sound levels and derived from prior code § 12-118.

Article I. General Provisions

9.48.010 Purpose.

The purpose of this chapter is to establish minimum standards for the operation and maintenance of public pools and spas to ensure the health and safety for users. These standards are based in part on the Texas Administrative Code, Title 25, Health Services, Part I, Texas Department of State Health Services, Chapter 265, General Sanitation, Subchapter L, Public Swimming Pools and Spas. These standards shall be construed to be consistent with good public health, engineering and safety practices. (Ord. 16812 § 1 (part), 2007; Ord. 15238 § 1 (part), 2002; Ord. No. 019443, § 1, 3-14-2023)

9.48.020 Applicability.

The requirements of this chapter shall apply to public swimming pools and public spas, as herein defined, with an application for building or related permits dated on or after October 1, 2002. In addition, the requirements of this chapter shall apply to existing public swimming pools and public spas twelve months after the issuance of the next renewal license or a new license for that public swimming pool or public spa. (Ord. 15238 § 1 (part), 2002)

9.48.030 License required.

A. No person shall operate or maintain a public pool or public spa without having obtained and paid for a valid license from the permit official in accordance with Chapter 5.32 (Public Swimming Pool Licenses). The license shall be available at the facility during the hours of operation and shall be subject to inspection upon request from any city inspector.

B. No person shall build, construct, alter or modify a public swimming pool or public spa without first obtaining a permit from the permit official in accordance with the requirements of City Code Chapter 18.02 (Building and Construction Administrative Code). Drawings submitted to obtain such a permit shall be subject to the approval of the permit official. (Ord. 16980 § 5, 2008; Ord. 15238 § 1 (part), 2002)
(Ord. No. 17272, § 2, 1-26-2010; Ord. No. 17392, § 6, 8-24-2010, eff. 9-1-2010)

9.48.040 Definitions.

A. "Anti-vortex drain cover" means a drain cover that is designed to prevent the water from creating a whirlpool while the pump is in use and to prevent swimmer entrapment.

B. "Breakpoint" means the point in a rising chlorine residual at which the concentration of available chlorine becomes great enough to oxidize all organic matter and ammonia compounds in a pool or spa completely.

C. "Class A pool" means a public swimming pool used, with or without a fee, for accredited competitive aquatic events such as Federation Internationale de Natation Amateur (FINA), United States Swimming, United States Diving, National Collegiate Athletic Association (NCAA), National Federation of State High School Associations (NFSHSA) events. A Class A pool may also be used for recreation.

D. "Class B pool" means a public swimming pool used for public recreation and open to the general public with or without a fee.

E. "Class C pool" means a public swimming pool operated for and in conjunction with lodgings such as hotels, motels, apartments, condominiums, manufactured home communities, property owners associations, clubs, or a school, college or university while being operated for academic or continuing education classes or clubs or practice events (excluding competition events). The use of such a pool shall be open to occupants, members or students, etc. and their guests, but not open to the general public.

F. "Class D pool" means a public splasher pool with a maximum water depth of thirty-six inches at any point or wading pool with a maximum depth of twenty-four inches at any point.

G. "Director" means the director of the department of environmental services, or designee.

H. "Disinfecting equipment" means any type of commercial chlorinator or brominator.

I. "Existing pool" means a public swimming pool or public spa constructed prior to October 1, 2002.

J. "Lifeguard" means a person with approved certification employed to safeguard other swimmers as certified by Title 25 of the T.A.C. Section 265.199.

K. "Licensee" means a person who has a valid license to operate a public swimming pool or public spa.

L. "Operator" means the business manager, complex manager, property owners, association manager, rental agent or other individual who is in charge of the day-to-day operation or maintenance of the property that includes a public swimming pool or public spa and is the person responsible to ensure that the public pool or public spa and associated facilities comply with state and local public swimming pool or spa operation and maintenance standards.

M. "Person" means any person, firm, partnership, association, corporation, company or organization of any kind.

N. "Private pool" means a swimming pool located at the property of a single-family or two-family dwelling used or intended for use solely by the owner, operator or lessee thereof, family and invited friends without payment of any fee.

O. "Public spa" means any spa, other than a private spa, including therapeutic spas.

P. "Public swimming pool" means any class of swimming pool, including therapeutic pools, other than a private pool.

Q. "Recirculation system" consists of pumps, piping, filters, water conditioning, disinfecting and other accessory equipment.

R. "Spa" means a hydro-therapeutic pool, also known as a jacuzzi.

S. "Superchlorination (shock treatment)" means the practice of adding eight to ten times the normal chlorine dose to destroy algae or reach breakpoint for the reduction of chloramines.

T. "Swimming pool" means a body of water, over twenty-four inches in depth, in an artificial or semi-artificial receptacle or other container, whether located indoors or outdoors, used or intended to be used for public or private swimming, wading or recreational bathing by adults and/or children, whether or not any charge or fee is imposed for its use and which is operated and maintained by any person. This includes all structures, wading pools, appurtenances, equipment, appliances and other facilities appurtenant to and intended for the operation and maintenance of the swimming pool.

U. "Temporary public swimming pool or public spa" means an above ground public swimming pool or public spa intended for public use operated under a temporary license for an event for a limited number of days.

V. "Water sample" means a portion of water taken from a pool or spa to determine the quality. (Ord. 16812 §§ 43 (part), 44—47, 2007; Ord. 15238 § 1 (part), 2002)
(Ord. No. 17272, § 3, 1-26-2010)

Article II. Standards

9.48.050 Compliance with state statutes.

In addition to the requirements stated herein, the licensee for a public swimming pool or public spa shall also comply with the regulations in Title 25 of the Texas Administrative Code, Chapter 265. (Ord. 16812 § 1 (part), 2007; Ord. 15238 § 1 (part), 2002)
(Ord. No. 17272, § 1, 1-26-2010)

9.48.060 Enclosure.

In addition to other maintenance requirements herein, the licensee for a public swimming pool or public spa shall maintain a proper enclosure, fence or wall in compliance with Section 265.200 of Title 25 of the Texas Administrative Code and the City of El Paso Building Code. (Ord. 15238 § 1 (part), 2002)

9.48.070 Water and sewer system.

The water supply system and the sanitary sewer system serving existing and new public swimming pools and public spas and all plumbing fixtures, including drinking fountains, lavatories and showers shall comply with Chapter 18.20 (Plumbing Code) of the El Paso City Code. (Ord. 16812 § 3 (part), 2007; Ord. 15238 § 1 (part), 2002)

9.48.080 Electrical requirements.

The electrical systems serving existing and new public swimming pools and public spas shall comply with Chapter 18.16 (Electrical Code) of the El Paso City Code. Public swimming pools and public spas shall be equipped with underwater lights providing sufficient lighting to illuminate the entire pool bottom. (Ord. 16812 § 3 (part), 2007; Ord. 15238 § 1 (part), 2002)

9.48.090 Mechanical ventilation.

Indoor public swimming pools, public spas, and their bathhouses, dressing rooms, shower rooms and toilet areas shall be adequately ventilated either by natural or mechanical means. Mechanical ventilation provided to meet the requirements of this section shall comply with Chapter 18.12 (Mechanical Code) of the El Paso City Code. (Ord. 16812 § 3 (part), 2007; Ord. 15238 § 1 (part), 2002)

9.48.100 Depth markers.

Public swimming pools and public spas shall comply with Title 25 of the Texas Administrative Code, Chapter 265. (Ord. 15238 § 1 (part), 2002)
(Ord. No. 17272, § 1, 1-26-2010)

9.48.110 Recirculation system.

The recirculation system disinfecting equipment for public swimming pools and public spas shall be securely anchored to prevent the accidental spilling of chemicals and shall be equipped with a flow meter. In addition, public pools and spas shall comply with Title 25 of the Texas Administrative Code, Chapter 265. (Ord. 15238 § 1 (part), 2002)
(Ord. No. 17272, §§ 1, 4, 1-26-2010)

Article III. Operations

9.48.120 Water testing.

A. Every public swimming pool or public spa shall be inspected and tested at least once annually by the director. The licensee of the public swimming pool or public spa shall cooperate fully with the director in performing such reviews and testing.

B. The licensee of public swimming pools and spas shall maintain a daily log on those days of operation of the following:

1. At least two equitably spaced test measurements for pH and disinfectant residual recorded for each day of operation.

2. At least two equitably spaced test measurements for chlorine recorded for each day of operation.

3. At least one daily reading from the gallons per minute (gpm) gauge located on the filtration system.

4. The date and duration when the filtration system is backwashed.

5. The date when the public swimming pool or public spa is superchlorinated.

6. Logs shall be kept for two years and shall be available for review upon request by the director.

C. Public swimming pools or public spas whose pH levels or free chlorine levels are outside the acceptable limits defined in Section 9.48.150 shall be closed in accordance with Section 9.48.250. Such closed facilities shall not be reopened without the approval of the director. (Ord. 16812 § 43 (part), 2007; Ord. 15238 § 1 (part), 2002)
(Ord. No. 17272, § 5, 1-26-2010)

9.48.130 Safety equipment.

A. Lifesaving equipment for all public swimming pools shall comply with Title 25 of the Texas Administrative Code, Chapter 265.

B. All public swimming pools and spas shall be equipped with a first-aid kit meeting OSHA requirements.

1. Public pools and public spas shall be equipped with a standard twenty-four unit first aid kit. The kit shall be housed in a durable container, kept currently filled and ready for use (including disease transmission barriers and cleansing kits that meet OSHA standards).

2. First-aid kits shall be within two hundred feet of the public pool and public spa. If not readily visible, a sign shall be posted to indicate location of the kit.

3. Public spas located within the pool enclosure of a Class A, B, C or D pool may use the same first-aid kit.

C. At public swimming pools and public spas, a sign with clearly legible letters at least four inches high shall be placed in plain view within the pool enclosure and shall read "In Case of Emergency — Call 911". The sign must indicate the location of the nearest accessible telephone. An operating phone must be located within 200 feet of the pool or spa.

D. At public swimming pools and public spas, a sign with clearly legible letters at least one inch high shall be posted in plain view within the pool enclosure stating the design bathing load capacity. The operator or owner shall be responsible for seeing that the maximum capacity is not exceeded.

E. Public swimming pools and public spas shall maintain permanent signs with clearly legible letters posted in plain view within the pool or spa enclosure showing the following:

1. The hours during which the public swimming pool or public spa is open for use.

2. For Class C and Class D pools where no lifeguard is provided, a sign shall be placed in plain view and shall state "NO DIVING" along with an international warning symbol for no diving. The letters "NO DIVING" and the symbol shall be at least four inches high.

3. For pools where no lifeguard service is required, a warning sign shall be placed in plain view and shall state "WARNING — NO LIFEGUARD ON DUTY" with clearly legible letters at least four inches high. In addition, the sign shall also state in letters at least two inches high "CHILDREN SHOULD NOT USE POOL WITHOUT ADULT SUPERVISION".

4. The rules and regulations related to the facility.

F. All existing spas shall comply with Title 25 of the T.A.C. Section 265.199. (Ord. 15238 § 1 (part), 2002)
(Ord. No. 17272, §§ 1, 6, 1-26-2010)

9.48.140 Supervision of minors.

A. Regardless of whether a public pool or public spa is under the supervision of a lifeguard (as defined in Section 9.48.040 of this code), a parent, guardian or person having supervision, care, custody or control of a minor(s), twelve years

of age or under, must accompany the minor(s) and keep the minor(s) within view while the minor(s) is/are swimming or attempting to swim.

B. A parent, guardian or person having supervision, care, custody or control of a minor(s), twelve years of age or under, shall not allow such minor(s) to swim in any public pool or public spa except while such public pool or public spa is designated as open.

C. It is unlawful for the person in charge of a public pool or public spa, to knowingly allow any minor(s) twelve years of age or under to swim or attempt to swim in such pool or spa when not supervised as required in this section or when the pool is not designated as open. (Ord. 15238 § 1 (part), 2002)
(Ord. No. 17272, § 7, 1-26-2010)

Article IV. Enforcement

9.48.150 Inspection.

A. The director, or designated representative, may enter any facility at reasonable times to inspect, enforce or investigate any unsafe condition or violation, or to perform any duty imposed under this chapter or chapter 5.32. The inspection may be conducted regardless of whether a previous inspection revealed compliance. If such facility is occupied, the director shall first present proper credentials and request entry permission. If unoccupied, the director shall make an effort to locate the owner or other person responsible for the premises to request entry permission.

B. If such entry is denied or permission cannot be obtained, the director shall have recourse to every remedy provided by law to secure entry.

C. When the director obtains a legal inspection warrant or other remedy to secure entry, the owner, occupant or person having charge, care or control of the building or premises shall, upon a proper request, promptly permit the director entrance to inspect and investigate pursuant to this chapter. Failure to grant access shall constitute a violation of this chapter.

D. For public swimming pools or public spas in violation of this chapter, the director of the department of environmental services shall issue a correction notice to the owner or operator regarding the violation(s). The owner or operator receiving a correction notice shall promptly remedy the violation, ask for a re-inspection by the director of the department of environmental services, and pay the re-inspection fee identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the city council.

1. For public swimming pools or public spas that are applying for a business license or a renewal license, a license shall not be issued or renewed and the facility shall not be used until the violation(s) have been satisfactorily corrected and approved by the director of the department of environmental services and all fees have been paid.

2. A re-inspection fee shall be paid for each re-inspection performed by the director of the department of environmental services. Such fees shall be paid prior to the scheduled date of re-inspection.

E. The director shall provide written notice or copy of the inspection report to the owner or person in charge of the public swimming pool or public spa when a violation of any provision of this chapter is determined. Such notice or report shall include:

1. Name and address of the pool or spa;

2. Description of each violation; and

3. A specific, reasonable time period for correction of each violation as defined by the following categories:

a. Category A violation — 24 hours to remedy violation.

i. The water clarity is such that a five-inch diameter black circle on a white field cannot be seen at the deepest part of the public swimming pool or public spa.

ii. The pH in a public swimming pool or public spa is less than seven or greater than seven and eight tenths.

iii. The free available chlorine (residual) in a public swimming pool is less than one part per million (ppm) or greater than eight ppm; or the free available chlorine (residual) in a public spa is less than two ppm or greater than eight ppm.

iv. The public spa temperature is greater than one hundred four degrees Fahrenheit.

v. The public swimming pool temperature is greater than ninety-eight degrees Fahrenheit.

vi. The suction outlet or main drain suction cover of a public swimming pool or public spa is missing, loose or broken.

vii. The safety vacuum release system, automatic pump shutoff system, and/or anti-entrapment devices are missing or non-operational.

b. Category B violation — 7 calendar days to remedy violation.

i. Missing or non-functional safety equipment.

ii. Failure to comply with depth marker requirements.

iii. Failure to maintain proper documentation or daily log.

iv. Inadequate or improper signage.

c. Category C violation — 30 calendar days to remedy violation.

i. Failure to comply with enclosure requirements.

ii. Failure to comply with water and sewer system requirements.

iii. Failure to comply with electrical requirements.

iv. Failure to comply with mechanical ventilation requirements.

v. Failure to provide an operating phone located within 200 feet of pool or spa.

4. A statement that the license is subject to suspension or revocation and that legal action may be taken for failure to comply with the notice;

5. A statement that the person receiving the notice may appeal by following the procedures provided in this chapter. (Ord. 16812 §§ 3 (part), 43 (part), 2007; Ord. 15238 § 1 (part), 2002)
(Ord. No. 17272, § 8, 1-26-2010)

9.48.160 Use prohibited.

Use of a public swimming pool or public spa that has been posted as closed for maintenance or closed by the director is prohibited. Such use shall constitute a violation of this chapter. (Ord. 16812 § 43 (part), 2007; Ord. 15238 § 1 (part), 2002)

9.48.240 Seasonal closures.

When a public swimming pool or public spa is closed for extended periods, the enclosure of such public pool or public spa shall be locked and prominently posted as being "closed." A closed public swimming pool or public spa shall be completely drained or shall be maintained with a sufficient disinfectant agent to prevent stagnation, growth of algae, breeding of mosquitoes or other pathogenic organisms. (Ord. 15238 § 1 (part), 2002)

9.48.250 Suspension of licenses and closure by director.

A. The director of the department of environmental services may order the immediate closure and suspend the license of a public swimming pool or public spa when any one of the following conditions exists:

1. Category A violation, as identified in this chapter; or

2. The public swimming pool or public spa does not have a current valid license; or

3. A violation not appearing on this list but appearing elsewhere in this chapter regarding public pool or spa health and safety and which has not been corrected within the number of days indicated on a written notice of violation.

B. Failure to comply with the notice of closure may subject the public swimming pool or public spa to other enforcement provisions of this chapter.

C. The director of the department of environmental services shall post the facility with a suspended license with the following sign at each entrance to the facility and in a prominent location within the pool/spa area:

POOL/SPA CLOSED BY ORDER OF THE CITY OF EL PASO DEPARTMENT OF EN-

VIRONMENTAL SERVICES—NO SWIMMING—VIOLATIONS ARE SUBJECT TO PROSECUTION UNDER SECTION 9.48.260 OF THE EL PASO CITY CODE.

D. A facility whose license has been suspended shall immediately cease further use until the owner or operator has satisfactorily corrected the violation(s) or condition(s), has passed inspection by the director of the department of environmental services and has been authorized in writing by the director of the department of environmental services that the license has been reinstated and that normal operations may resume.

E. The director of the department of environmental services shall notify the permit official of all suspensions and reinstatements of licenses.

F. The pool owner or operator whose license is suspended shall contact the director of the department of environmental services and request a re-inspection. After successfully passing the re-inspection as set forth in this chapter and after paying the appropriate re-inspection fee as identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by City Council, a closed public swimming pool or public spa may be reopened. (Ord. 16812 § 43 (part), 2007; Ord. 15238 § 1 (part), 2002)

(Ord. No. 17272, § 9, 1-26-2010; Ord. No. 17392, § 6, 8-24-2010, eff. 9-1-2010)

9.48.255 Revocation of licenses and closure by director.

A. The director may order the immediate closure and revoke the license of a public swimming pool or spa when any one of the following conditions exists:

1. A public swimming pool or public spa continues to be open for business while its license is suspended;

2. An owner or operator or any employee of a public swimming pool or public spa has interfered with the director of the department of environmental services in the performance of official duties; or

3. The license for a public swimming pool or spa has been suspended for a health or safety issue within the preceding twelve calendar months and there is a failure to correct, within the time allotted, a hazard to public health or safety that was set out as a reason for most recent notice of suspension of the license.

B. The director of the department of environmental services shall post the facility with a revoked license with the following sign at each entrance to the facility and in a prominent location within the pool/spa area:

POOL/SPA CLOSED BY ORDER OF THE CITY OF EL PASO DEPARTMENT OF ENVIRONMENTAL SERVICES—NO SWIMMING—VIOLATIONS ARE SUBJECT TO PROSECUTION UNDER SECTION 9.48.260 OF THE EL PASO CITY CODE.

C. A facility whose license has been revoked shall immediately cease further use until the owner or operator has secured a new license or the revocation is reinstated through an appeal.

D. The director of the department of environmental services shall notify the permit official of all revocations and reinstatements of licenses.

E. After a six month period from the date of revocation a public swimming pool or public spa with a revoked license may only be reopened after completing a new application and paying the appropriate application fee as identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by city council, and successfully passing the inspection, and as further described in Chapter 5.32 of the City Code.

(Ord. No. 17272, § 10, 1-26-2010; Ord. No. 17392, § 6, 8-24-2010, eff. 9-1-2010))

9.48.260 Violation and penalty.

Any person violating any provision of this chapter shall upon conviction, be guilty of a misdemeanor and be punished by a fine not to exceed two thousand dollars. Each day the violation occurs shall constitute a separate offense. (Ord. 16812 § 48, 2007: Ord. 15238 § 1 (part), 2002)

9.48.270 Appeals.

A. The owner or operator of the licensed public swimming pool or public spa that has been served with a suspension or revocation notice or that has been denied the issuance or renewal of a business license, may appeal the action of the director of the department of environmental services to the city manager. The owner or operator shall prepare a written appeal providing justification as to how the facility is in compliance with the City Code. Within ten business days of receipt of the written appeal from the owner or operator, the director of the department of environmental services shall prepare a report indicating the reasons for the suspension or revocation or the license denial, and shall provide a copy to the owner or operator. Such director's decision is final unless within ten calendar days from the date of receiving such director's report, the owner or operator files with the city clerk a written appeal to the city manager specifying reasons for the appeal. Said appeal shall also include a written rebuttal to such director's report.

B. The city manager or his designated deputy city manager shall review the report of the director of the department of environmental services and the appellant's rebuttal. The city manager or designee may allow the appellant to make an oral presentation or submit additional rebuttal. The city manager or designee shall make a ruling on the appeal within a reasonable period of time after the appeal has been filed.

C. The city manager or designee shall sustain, reverse or modify the action of the director of the department of environmental services and shall notify the appellant of his decision in writing. The decision of the city manager or designee is final.

The former Ch. 9.50 pertained to similar subject matter and derived from Ord. No. 14878 § 1(part), 2001. See also the Code Comparative Table and Ordinance Disposition List for complete derivation.

Article I. General Provisions

9.50.010 Purpose.

The purpose of this chapter is to (1) improve and protect the public's health by eliminating smoking in public places and places of employment, and certain outdoor areas; (2) guarantee the right of nonsmokers to breathe smoke-free air; and, (3) recognize that the need to breathe smoke-free air shall have priority over the choice to smoke.

9.50.020 Definitions.

The following words and phrases, whenever used in this chapter, shall be construed as defined in this section:

"Bar" means an area which is devoted primarily to the serving of alcoholic beverages for consumption by guests on the premises and in which the serving of food or other products is only incidental to the consumption of such beverages. A "bar" includes those facilities located within a hotel, motel or other similar transient occupancy establishment.

"Business" means any sole proprietorship, partnership, joint venture, corporation or other business entity formed for profit-making purposes, including retail establishments where goods or services are sold as well as professional corporations and other entities where legal, medical, dental, engineering, architectural or other professional services are delivered.

"E-cigarette" or "e-hookah" means any electronic oral device or nicotine delivery device, such as one composed of a heating element, battery, and/or electronic circuit, which provides a vapor of nicotine or any other substance, and the use or inhalation of which simulates smoking. The term shall include any such device, whether manufactured, distributed, marketed, or sold as an e-cigarette, e-cigar, e-pipe, e-hookah, hookah pen or under any other product name or description.

"Employee" means any person who is employed by or engaged under contract by any em-

ployer in consideration for direct or indirect monetary wages or profit, and any person who volunteers his or her services for an employer as defined in this Section 9.50.020.

"Employer" means any person, partnership, corporation, including a municipal corporation, or nonprofit entity which employs or contracts the services of one or more individual persons or uses the volunteer services of one or more individual persons.

"Enclosed area" means all space between a floor and ceiling which is enclosed on all sides by solid walls or windows (exclusive of door or passage ways) which extend from the floor to the ceiling, including all space therein screened by partitions which do not extend to the ceiling or are not solid.

"Food establishment" means food product or food service establishments, as those terms are defined in Chapter 9.12 of the El Paso City Code.

"Health care facility" means an office or institution providing care or treatment of diseases, whether physical, mental, or emotional, or other medical, physiological, or psychological conditions, including but not limited to, hospitals, rehabilitation hospitals or other clinics, including weight control clinics, nursing homes, long-term care facilities, homes for the aging or chronically ill, laboratories, and offices of physicians, chiropractors, physical therapists, psychiatrists, dentists, and all specialties within these professions. This definition shall include, but not be limited to, all waiting rooms, hallways, private rooms, semiprivate rooms, and wards within health care facilities.

"Park" means "city park" as set forth in the El Paso City Code Section 13.24.010, as amended, namely, any property in the city that is designated, set aside or operated by the city for public recreational purposes, whether dedicated or developed as a park or not, or that is located in any street right-of-way and is maintained as public open space, including all buildings, recreation facilities, playgrounds, parking lots, driveways, pathways, trails and other areas within a park, to include scenic drive. Designation of property as a city park pursuant to this subsection is solely for the purposes of identifying areas governed by this chapter and shall not be construed to be a dedication of any property as a park.

"Place of employment" means any enclosed area under the control of a public or private employer which employees normally frequent during the course of employment, including, but not limited to, work areas, employee lounges and restrooms, conference and classrooms, employee cafeterias and hallways. A private residence is not a "place of employment" unless it is used as a child care, adult day care or health care facility or there is an employee other than the occupant of the residence present.

"Playground" means any park or recreational area that is designed in part to be used by children and that has play or sports equipment installed or that has been designated or landscaped for play or sports activities, or any similar facility located on public or private school grounds or on city property.

"Private club" means an organization, whether incorporated or not, which is the owner, lessee, or occupant of a building or portion thereof used for club purposes, which is operated solely for a recreational, fraternal, social, patriotic, political, benevolent, or athletic purpose, but not for monetary gain, and which only sells alcoholic beverages incidental to its operation. The affairs and management of the organization are conducted by a board of directors, executive committee, or similar body chosen by the members at an annual meeting. The organization has established bylaws and/or a constitution to govern its activities. The organization has been granted an exemption from the payment of federal income tax as a club under 26 U.S.C. Section 501.

"Private place" means any enclosed area to which the public is not invited or in which the public is not permitted, including but not limited to, personal residences; private clubs or personal automobiles. A privately-owned business, open to the public, is not a "private place."

"Retail tobacco store and smoking establishment" means a retail store or establishment utilized primarily for the sale and use of tobacco and smoking products and accessories and in which the sale of other products is merely incidental.

"Service line" means any indoor line at which one or more persons are waiting for or receiving service of any kind, whether or not such service involves the exchange of money.

"Smoking" means inhaling, exhaling, burning or carrying any lighted or heated cigar, cigarette, pipe, e-cigarette, e-hookah, weed, plant or combustible substance in any manner or in any form, including any device that allows for combustion or conduction of a product for the purpose of inhaling smoke or vapor.

"Sports arena" means sports pavilions, stadiums, gymnasiums, health spas, boxing arenas, swimming pools, roller and ice rinks, bowling alleys and other similar places where members of the general public assemble either to engage in physical exercise or activities, participate in athletic competition, or witness sporting events, whether enclosed indoors or outdoors.

Article II. Prohibition of Smoking

9.50.030 Prohibition of smoking in public places.

A. Smoking shall be prohibited in all enclosed areas of public places within the city, and within twenty feet of the entrance of such places, including, but not limited to, the following (except for certain outdoor areas specifically designated as smoking areas by city manager or designee for certain city facilities):

1. Elevators;

2. Restrooms, lobbies, reception areas, hallways and any other common-use areas;

3. Buses, semi-enclosed bus stops, bus terminals, taxicabs, shuttle vehicles, train stations, airports (except for certain outdoor areas specifically designated as smoking areas by the El Paso International Airport Director of Aviation) and other facilities and means of public transit under the authority of the city (except for city property to which the city has contractually released a leasehold interest), as well as ticket, boarding, and waiting areas of all transit depots;

4. Service lines;

5. Retail stores and shopping malls;

6. All enclosed areas in all businesses and nonprofit entities;

7. Food establishments, nightclubs and bars;

8. Galleries, libraries, museums and zoo facilities and grounds;

9. Any facility which is primarily used for exhibiting any motion picture, stage, drama, lecture, musical recital or other similar performance, except that performers may smoke when the smoking is part of a stage production;

10. Sports arenas, bowling facilities and convention facilities;

11. Every room, chamber, place of meeting or public assembly, including school buildings under the control of any board, council, commission, committee, including joint committees, or agencies of the city, to the extent such place is subject to the jurisdiction of the city;

12. Health care facilities;

13. Lobbies, hallways, and other common areas in apartment buildings, condominiums, trailer parks, retirement facilities, nursing homes, and other multiple-unit residential facilities;

14. Polling places;

15. Bingo venues;

16. Child care and adult day care facilities.

9.50.040 Prohibition of smoking in places of employment.

A. Except as herein provided, smoking shall be prohibited in every place of employment.

B. It shall be the responsibility of employers to provide a smoke-free workplace for all employees.

9.50.050 Additional declaration of establishments as non-smoking.

Notwithstanding any other provision of this section, any owner, operator, manager or other

person who controls any establishment, facility or outdoor area may declare that the entire establishment, facility or outdoor area is a nonsmoking place. Smoking shall be prohibited in any place in which a sign conforming to the requirements of Section 9.50.090 is posted.

9.50.060 Reserved.

9.50.070 Application of article to certain city-owned facilities.

Except for those outdoor areas designated as smoking areas by city manager or designee, and except for those outdoor areas designated as smoking areas at El Paso International Airport facilities by the El Paso International Airport Director of Aviation, all city-owned enclosed areas and city-owned outdoor facilities, not subject to a leasehold interest provided to a non-city person or entity, shall be nonsmoking at all times, including, but not limited to, the following places:

A. Sports arenas and stadiums.

B. Parks and playgrounds.

C. In and within twenty feet from the entrance of all outdoor public transportation stations, platforms and shelters under the authority of the city, except for those outdoor areas designated as smoking areas by the El Paso International Airport Director of Aviation.

D. Parking lots.

(Ord. No. 18193, § 2, 6-17-2014)

Editor's note—The prohibition of smoking in outdoor city facilities shall take effect on January 1, 2015.

Article III. Places Where Smoking Is Not Regulated

9.50.080 Private and public places.

A. Notwithstanding any other provision of this chapter to the contrary, the following areas shall not be subject to the smoking restrictions of this chapter:

1. Private residences, except when used as a child care, adult day care or health care facility;

2. No more than twenty-five percent of hotel and motel rooms rented to guests;

3. Retail tobacco stores and smoking establishments in isolated or contained physical facilities with isolated venting and air controls;

4. Outdoor places of employment except those covered in Section 9.50.070;

5. Outdoor areas designated as smoking areas by the city manager or designee for certain city facilities;

6. In the case of El Paso International Airport facilities, outdoor areas designated as smoking areas by the El Paso International Airport Director of Aviation.

Article IV. Signs

9.50.090 Posting of signs.

A. The owner, manager or other person having control of such building or other area where smoking is prohibited by this chapter shall have a conspicuously posted sign at each entrance clearly stating that smoking is prohibited within the building or other areas where smoking is prohibited.

B. Such "No Smoking" signs shall have bold lettering of not less than one inch in height, or the international "No Smoking" symbol (consisting of a pictorial representation of a burning cigarette enclosed in a circle with bar across it) may be used. (Ord. No. 18193, § 2, 6-17-2014)

Editor's note—Requirements for isolated venting and air controls in retail tobacco stores and smoking establishments shall shall take effect on July 1, 2015.

Article V. Reserved

9.50.100 Reserved.

Article VI. Enforcement, Violations and Penalties

9.50.110 Enforcement.

A. Enforcement of this chapter shall be implemented by the city development department, city's department of environmental services, the city's department of public health, and the city's fire and police departments.

B. Any person may register a complaint under this chapter to initiate enforcement with the

city's department of public health, the city's department of environmental services and the city's police department.

C. It shall be an affirmative defense to prosecution of an owner, manager or other person having control of an establishment regulated by this chapter if the owner, manager or other person having control of an establishment regulated by this chapter asks a smoker to stop smoking and if the smoker does not cease smoking inside that establishment regulated by this chapter, the owner, manager or other person having control of an establishment regulated by this chapter shall place a no smoking sign on the table and shall contact the departments identified in Subsection 9.50.110A.

9.50.120 Nonretaliation.

No person nor employee shall discharge, refuse to hire or in any manner retaliate against any employee, applicant for employment or customer because such employee, applicant or customer exercises any right to a smoke free environment afforded by this chapter.

9.50.130 Violations and penalties.

A. It shall be unlawful for an owner, manager or other person having control of an establishment regulated by this chapter to fail to comply with all of its provisions, except for violations noted in Subsection 9.50.130B.

B. It shall be unlawful for any person to smoke in any area where smoking is prohibited by the provisions of this chapter.

C. Any person who violates any provision of this chapter shall be guilty of an infraction, punishable by:

1. Any person who violates any provision of this chapter shall be guilty of an infraction punishable by a fine not exceeding one hundred dollars;

2. Any person who violates any provision of this chapter within one year of receiving a fine under Subsection 9.50.130C.1, shall be guilty of an infraction punishable by a fine not to exceed two hundred dollars;

3. Any person who violates any provision of this chapter within one year of receiving a fine under Subsection 9.50.130C.2, shall be guilty of an infraction punishable by a fine not to exceed five hundred dollars.

9.50.140 Other applicable laws.

This chapter shall not be interpreted nor construed to permit smoking where it is otherwise restricted by other applicable laws.

9.50.150 Severability.

It is hereby declared to be the intention of the city council that the sections, paragraphs, sentences, clauses, and phrases of the ordinance are severable and if any section, paragraph, sentence, clause, or phrase shall be declared unconstitutional or otherwise invalid by a court of competent jurisdiction, such unconstitutionality or invalidity shall not affect any of the remaining sections, paragraphs, sentences, clauses or phrases herein.

9.52.010 Short title.

That this chapter may be cited as the "Fire Code".

9.52.020 Adopted, Amended.

A. That the book entitled "International Fire Code," 2021 Edition, a copy of which authenticated by the city clerk is on file in the city clerk's office, is hereby adopted as the Fire Code of the city, as if fully copied at length in this chapter, but with the amendments set forth in this chapter, to replace the 2015 Edition of the International Fire Code previously adopted by the city council.

B. That any references made in this chapter to "IFC" shall mean the 2021 International Fire Code.

C. That whenever reference is made in the 2021 International Fire Code, or any other referenced standard or code, to "the authority having jurisdiction," "fire marshal," or "fire code official" for enforcement of the provisions thereof, the term "AHJ" shall be substituted therefore, unless otherwise provided for in this chapter.

D. That the provisions in the 2021 International Fire Code are intended to be cumulative of other provisions and chapters of the El Paso City Code pertaining to fire prevention, unless otherwise expressly stated herein. To the extent that any provisions of the 2021 International Fire Code are in conflict with Title 18 of the City Building & Construction Code the most restrictive Code shall govern.

(Ord. No. 019521, § 1, 7-5-2023)

9.52.030 Chapter 1, Scope and Administration, Amended.

International Fire Code, 2021 Edition, Chapter 1, Scope and Administration, is hereby adopted in its entirety with the following amendments:

(Ord. No. 019521, § 1, 7-5-2023)

9.52.030.1 Section 103.1 General, Amended.

103.1 General.

The Fire Prevention Division is established within the fire department. The function of the division shall be the implementation, administration and enforcement of the provisions of this Chapter, or any other standard referenced within the El Paso City Code.

(Ord. No. 019521, § 1, 7-5-2023)

9.52.030.2 Section 103.1.1 Residential care homes, Added.

103.1.1 Residential care homes.

The AHJ may conduct fire inspections of residential care homes including adult and child day care homes, residential adult foster/boarding care, and child foster family homes, boarding homes, and lodging houses.

(Ord. No. 019521, § 1, 7-5-2023)

9.52.030.3 Section 104.13 Plan review and approval, Added.

104.13 Plan review and approval.

The AHJ shall examine or cause to be examined submitted plans and accompanying documents for evidence of compliance with the provisions of this Chapter. Plans shall be approved prior to the start of construction, or installation of any fire protection system. The submittal of plans for review does not constitute an authorization to proceed until the required permit is obtained.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.030.4 Section 105.1.1.1 Payment required, Added.

105.1.1.1 Payment required. A permit, although issued, shall not be valid until fees have been paid.

Exception: The City of El Paso, the County of El Paso, the El Paso Housing Authority, the State of Texas and the United States Government are exempted from payment of the permit fees required in this chapter; provided, that only such facilities as owned, operated and maintained by such governmental agencies shall be exempted from payment of such permit fees.

(Ord. No. 019521, § 1, 7-5-2023)

9.52.030.5 Section 105.5 Required operational permits.

105.5.22.1 Exempt materials, Added.

The following materials are specifically exempted from any of the permitting requirements in 105.5.22:

a. Inert gases, which do not support combustion, to include argon, helium, krypton, neon, xenon, compressed air, carbon dioxide, and nitrogen. These gasses are subject to regulation under Section 105.5.11 when stored as cryogenic fluids.

b. Any hazardous material that is handled, used, stored, or disposed of and is kept for non-commercial purposes at a private residence in Permissible Quantities.

c. Any material contained in a transportation vehicle when said vehicle is not being used for permanent hazardous materials storage.

d. Any material, which is held solely as a pharmaceutical product.

e. Any hazardous waste material in a hazardous waste management facility that is permitted by the State pursuant to 42 U.S.C. Section 6925; provided, however, such materials shall be listed in the permit application if one is otherwise required.

f. Radioactive material(s) regulated at the Federal or State level; provided, however, that such material(s) be listed in the permit application if one is otherwise required.

g. Any material to the extent it is used in Permissible Quantities in routine agricultural operations by the end user.

h. Commercial products kept in Permissible Quantities and used at a facility solely for janitorial purposes.

i. Any material in interstate transmission facilities or interstate pipeline facilities regulated by 49 U.S.C. Sec. 60101 et. seq. (1997) and any amendments thereto, and any materials in pipeline facilities regulated by Chapter 117 of the Natural Resources Code, Vernon's Ann. Civ. Stat., and any amendments thereto, or subject to Texas Railroad Commission Pipeline Safety Laws and Regulations, and any amendments thereto.

105.5.38 Outdoor assembly event, Amended.

No special event shall be conducted upon a public right-of-way unless a special event permit allowing such activity has been obtained pursuant to this Chapter.

105.5.44 Refrigeration equipment, Amended.

An operational permit is required to operate a mechanical refrigeration unit or system regulated by Chapter 6 of the IFC, and as amended by this Code, containing in excess of 20 pounds of refrigerant, other than air or water.

Exception: Air conditioning units or systems.

105.5.53 Blasting operations, Added.

An operational permit is required to conduct blasting operations. Requirements as set forth in Chapter 56 of the IFC, and as amended by Section 9.52.130 of this Chapter, must be met in order to obtain a blasting permit.

105.5.54 Commercial Day Care Facilities-Children, Added.

An operational permit is required for the operation of a commercial child day care facility.

105.5.55 For Use Permit, Added.

The AHJ may require an operational permit to be issued for any operation, process, special event, public display, or exhibit not specifically covered by this Fire Code when the AHJ deems such operation, process, special event, public display, or exhibit to be hazardous.

105.5.56 Outside Storage of Combustible Material Permit, Added.

Except for operations subject to 105.5.26, 105.5.30, and 105.5.46, an operational permit is required for facilities located at non-residential properties, where the Outside Storage of Combustible Material exists, in a quantity greater than de minimis, as defined in this Subsection.

105.5.56.1 Definitions, Added.

"Baled storage" means combustible material that has been placed in containers other than fully-enclosed containers approved by the Department or grouped together by use of metal or plastic bands for case in loading, transporting and storing in units.

"Combustible Material" means any material or solid waste that poses a significant fire hazard if ignited by a flame, spark, or any other source of ignition, will readily burn under such conditions, and includes, but is not limited to paper, cardboard, wood, plastics, rubber and fluff (as defined in this subchapter). Combustible Material shall not include non-solids, or explosives, as defined by Chapter 33 of the IFC.

"De minimis" means the Outside Storage of Combustible Material (as defined in this subchapter) of a total volume of less than seventy-five (75) cubic yards at a facility.

"Department" means the Fire Department of the City of El Paso, Texas.

"Fire response expense" means the supplies used or expended in responding to a fire emergency including the cost of water and water supplies, response equipment deemed no longer operative, and cost of labor.

"Fluff" means any material that is a by-product of the recycling process that includes but is not limited to, shredding operations, metals separation, compacting or transport operations.

"Loose storage" means the storage of combustible material that is neither baled nor enclosed in containers.

"Non-residential Property" means any property in a district other than a residential- or apartment-zoned district.

"Outside Storage" means storage of any Combustible Material not in a building or structure. Storage of Combustible Material in a fully-enclosed container approved by the Department shall not be considered Outside Storage.

"Pile" means any accumulation of Combustible Material in a heap or mound.

"Unit" means a separate and distinct aggregate of homogeneous stacks, bales, pallet storage units, containers and/or piles of Combustible Material.

105.5.56.2 Permit Application, Added.

The owner or a legally-authorized representative of the owner of a facility regulated by this ordinance shall complete and submit a permit application to the Department, in accordance with the following requirements:

A. An applicant shall submit to the Department an application for an Outside Storage of Combustible Material Permit upon exceeding the De Minimis volume of Combustible Material stored outside at the facility;

B. An applicant that holds a current, valid Outside Combustible Material Storage Permit shall submit a permit renewal application 60 days prior to the permit's expiration;

C. An applicant for an initial permit or permit renewal shall submit at a minimum, the following information, which shall be requested on the permit application form supplied by the Department:

1. Name and physical address of facility;

2. Name and mailing address of facility owner;

3. Name and mailing address of property owner;

4. Description of all Combustible Material stored outside;

5. Estimated quantity (volume) of Combustible Material stored outside;

6. Facility diagram indicating storage area locations for each Unit stored outside;

7. Method of storage for each Unit (baled or loose);

8. Proof of financial responsibility in accordance with Section 105.5.56.8 of this ordinance and as required by any other applicable ordinance; and,

9. The appropriate Tier 1 or Tier 2 permit fee in the amount set by City Council through its budget resolution or other duly adopted resolution.

D. If an owner or a legally-authorized representative of the owner of a facility regulated by this Section fails to submit to the Department an application required by this Section, said failure shall be considered a violation of this Section and shall be subject to the penalties described in Section 9.52.030.17.

105.5.56.3 Issuance, Term and Denial of Permit, Added.

A. The Department shall review all permit applications submitted in accordance with Section 105.5.56.2 and,

B. Within 60 days of a permit renewal or new permit application submitted in accordance with Subsection 105.5.56.2, the Department shall issue a permit renewal or a new permit which, unless revoked, shall be valid for a period of twelve (12) calendar months to the applicant; or

C. The Department shall deny the application in writing and shall inform the applicant of any deficiencies of the permit application if the permit application was incomplete; or

D. Within 30 days of a permit application for a previously revoked permit, the Department shall deny the application in writing if the revocation period of twelve (12) months has not yet elapsed.

105.5.56.4 Revocation of Permit, Added.

The Department may revoke, for a period of up to twelve (12) calendar months from date of written notification, an Outside Storage of Combustible Material Permit issued to an owner or a legally authorized representative of the owner of a facility if one of the following conditions occur:

A. Applicant has supplied the Department false, incorrect or misleading information on an application for permit renewal or new permit;

B. More than two (2) written notices of violation of this Section resulting from inspections by the AHJ have been issued within a period of twelve (12) months to a holder of a current, valid permit; or

C. During or immediately following a fire at a permitted facility, a violation of this Section has occurred and has been documented by the AHJ.

105.5.56.5 Right to Appeal Permit Revocation, Added.

The right to appeal a permit revocation is provided in the City Fire Prevention Code 9.52.030.16 Section 111.1 Board of Appeals and in accordance with Chapter 2.30 of the City Code.

105.5.56.6 Permit Requirements, Added.

A. Tier 1. For facilities that maintain no more than one (1) Unit of loose storage and/or no more than one (1) Unit of baled storage, the following requirements shall be met:

1. A facility fire plan, subject to approval by the AHJ, that includes: a description of all Combustible Material at the facility and the manner in which it is stored, routes of facility evacuation for employees, fire awareness and prevention orientation training for facility employees, site plan indicating fixed structures, Units and fire extinguisher locations, a facility fire alarm system, and a description of security measures to restrict public access to Combustible Material stored outside;

2. A minimum of one (1) type 2A20BC fire extinguisher per Unit, with a distance of no more than 50 feet between the extinguisher and the closest point of the Unit;

3. A minimum of one (1) type 2A20BC fire extinguisher mounted on each vehicle used to manage, load, or move Combustible Material;

4. Installation of a security measure to restrict public access to Combustible Material stored outside by use of a physical barrier, such as a fence or wall, in accordance with applicable zoning ordinance(s);

5. Two mandatory inspections by the department annually no less than three (3) months apart;

6. Payment of Outside Storage of Combustible Material Permit Tier 1 permit fee in the amount set by City Council through its budget resolution or other duly adopted resolution; and

7. Proof of Financial Responsibility for the facility, in the principal sum of $1,000,000.00 and in accordance with Subsection 105.5.56.8 of this ordinance.

B. Tier 2. For facilities that maintain more than one (1) Unit of loose storage, more than two (2) Units of baled storage, or any combination of more than two (2) Units of loose or baled storage, the following requirements shall be met:

1. Provisions 1—5, permit requirements for Tier 1;

2. Payment of Outside Storage of Combustible Material Permit Tier 2 permit fee in the amount set by City Council through its budget resolution or other duly adopted resolution; and

3. Proof of Financial Responsibility for the facility, in the principal sum of $2,000,000.00 and in accordance with Subsection 105.5.56.8 of this ordinance.

105.5.56.7 Storage, Added.

Combustible Material stored outside shall be maintained in accordance with the following requirements:

A. Any array of combustible material whether baled or loose storage:

1. Unit height shall not exceed twelve (12) feet;

2. Unit footprint shall not exceed a perimeter measurement of three hundred (300) feet;

3. A buffer zone shall be established between each Unit and the physical barrier indicated in the permit application of at least twenty (20) feet; and

4. A storage separation space shall be established between individual Units of Combustible Material of at least twenty (20) feet.

B. Storage Separation Space and Fire Safety Buffer Zone:

1. No storage of Combustible Material shall be allowed within the buffer zone or in the storage separation space described in this Subsection. In addition, said buffer zone and storage separation space must at all times be kept free and clear of equipment, material and/or accumulation of waste.

2. A reduction to ten (10) feet for the fire safety buffer zone, as described in the immediately preceding paragraph, may be allowed at a facility where Combustible Material is stored in containers approved by the Department.

3. A reduction of the storage separation space may be allowed where the Combustible Material is stored in containers approved by the Department.

105.5.56.8 Financial Responsibility, Added.

A. Insurance. No permit applicant shall be issued a permit until the applicant presents evidence satisfactory to the AHJ that the applicant meets the following minimum insurance requirements:

1. The applicant shall procure and shall maintain during the term of the permit such public liability insurance naming the permittee performing work associated with the permit as insured, co-insured or additionally insured for claims for damages for personal injury, including accidental death, as well as for claim for property damage that may arise from outside storage of combustible material associated with the facility identified on the permit.

2. Minimum limits of liability and coverage shall be $1,000,000.00 for a Tier 1 Permit or $2,000,000.00, for a Tier 2 Permit, for each occurrence and in the aggregate. Permit applicants that are governmental entities may comply with the insurance requirements of this Subsection by providing certification that they are self-insured.

3. Such insurance shall be written by an accredited insurance company under the supervision of the Board of Insurance Commissioners of the State of Texas. Evidence of compliance with these insurance requirements shall be considered as having been met when a copy of the insurance policy or a certificate of insurance has been filed with and approved by the AHJ. Such policy shall include an endorsement that the City is named as an additional insured to the full amount of the policy limits and that the AHJ shall be notified at least thirty (30) days in advance in the event the policy or policies are canceled and ten (10) days in advance for non-payment of policy premiums. The certificate of insurance shall recite or attach such endorsement for additional insured and the notice requirements. The permitee shall maintain said insurance with a solvent insurance company authorized to do business in Texas. The policy shall provide that the insurer will defend against all claims and lawsuits which arise and will pay any final judgment of a court of competent jurisdiction against the City, its officers, agents, servants or employees, and permittee, his officers, agents, servants or employees. Failure to keep the insurance policy in full force and effect throughout the term of the permit shall be grounds for permit revocation.

4. A permit applicant who has provided certificates of insurance to the City pursuant to the requirements of a Chapter of the City Code other than this Subchapter that meet all of the requirements established in this Subchapter shall not be required to obtain an additional insurance but is required to provide such certificates of insurance showing present coverage as required in this Subchapter. A permittee who has multiple permits under this Chapter is required to provide only one current valid certificate of insurance for all such permits but may be required to provide a copy of the current certificate of insurance with each application under this Subchapter.

105.5.56.9 Nontransferable, Added.

Permits issued under this chapter shall be personal to the permittee, and shall not be assigned or transferred to any other person or entity.

105.5.56.10 Response Expenses, Added.

Any person, persons, or business entity operating under an Outside Storage of Combustible Materials Permit where a fire event has occurred, shall be jointly and severally liable to the City for fire response expenses resulting from such fire event.

9.52.030.6 Section 105.6 Required construction permits, Amended.

105.6 Required construction permits.

Where required, application for construction permit shall be made to the building official in accordance with Section 105 of the International Building Code and Title 18, Chapter 18.08 (Building Code) of the El Paso City Code.

(Ord. No. 019521, § 1, 7-5-2023)

9.52.030.7 Section 105.6.18.1 Private fire hydrant construction plans, Added.

105.6.18.1 Private fire hydrant construction plans.

Private fire hydrant construction plans. Private fire hydrant construction plans shall be submitted by a Texas licensed fire protection contractor or a Texas licensed master plumber.

(Ord. No. 019521, § 1, 7-5-2023)

9.52.030.8 Section 105.6.25 Access Control System, Added.

105.6.25 Access Control System Permit.

A permit shall be required for the installation of an access control system in a building that has a fire alarm control panel.

(Ord. No. 019521, § 1, 7-5-2023)

9.52.030.10 Section 107.7 Permits required, Added.

107.7 Permits required.

Permits and licenses required by this Fire Code shall be obtained from the AHJ. Permit and license fees, as required in accordance with the schedule as established by the applicable governing au-

thority, shall be paid to the City prior to issuance of the permit or license. This fee is charged to pay part of the expense of enforcing this section. Any person commencing work or performing any action requiring a permit under this Fire Code without first obtaining the necessary permit shall be subject to a fee of 300% of the scheduled permit fee in addition to the scheduled permit fee and other penalties set forth in Section 112 of this Fire Code. Issued permits shall be kept on the premises designated therein at all times and shall be readily available for inspection by the AHJ.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.030.11 Section 107.8 Time limit of application, Added.

Section 107.8 Time limitation of application.

An application for an operational permit for any proposed work or operation shall be deemed to have been abandoned if all applicable fees are not paid in full within 30 days after the date of signing of the permit application.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.030.13 Section 108.5 Certificates of Occupancy, Added.

108.5 Certificates of Occupancy, Added.

The building owner, or an occupant, or other person having charge or control of a building, structure or premises or their duly authorized agent shall have a valid certificate of occupancy available for review, upon request by the fire code official conducting an official inspection of a building, structure or premises. Failure to provide a valid certificate of occupancy upon request to the fire code official shall result in the denial of the issuance of an operational permit by the fire code official, unless the building existed prior to November 23, 1955 and has not been structurally altered or experienced a change in use since November 23, 1955.

108.5.1, Added.

Except as provided in Ordinance No. 1448 and other applicable law, it shall be a violation of this title if a building owner or an occupant or other person having charge or control of a building, structure or premises does not obtain a certificate of occupancy from the building official.

108.5.2, Added.

In accordance with applicable law, the fire code official shall be authorized to take immediate action when life safety issues require such action.

108.5.3, Added.

The provisions of this Subsection 9.52.030.13, including a determination that a certificate of occupancy is not required because the building existed prior to November 23, 1955 and has not been structurally altered or experienced a change in use since November 23, 1955, shall be subject to the appeal process referenced in local amendment 111.1 of Subsection 9.52.030.16 of the City Code.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.030.14 Section 109.2.1.1 Private fire hydrant test and inspection records, Added.

109.2.1.1 Private fire hydrant test and inspection records.

Private fire hydrant test and inspection records shall be filed with the AHJ within two working days from the private hydrant's date of test/inspection.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.030.15 Section 109.2.1.2 Fire hydrant not operative, Added.

109.2.1.2 Private fire hydrant not operative.

If a private fire hydrant is not operative and is not repaired at the time of its test/inspection. the hydrant's condition must be reported to the AHJ immediately.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.030.16 Section 111.1 Board of appeals established, Amended.

1.1.1 Appeals.

Appeals of orders, decisions or determinations by the AHJ relative to the application and

interpretation of Fire Code may be appealed to the Appeals Officer in accordance with Chapter 2.30 of the City Code.
(Ord. No. 019521, § 1, 7-5-2023; Ord. No. 019758, § 1, 7-22-2025)

9.52.030.17 Section 112.4 Violation penalties, Amended.

112.4 Violation penalties.

Persons who shall violate a provision of this Fire Code or shall fail to comply with any of the requirements thereof or who shall erect, install, alter, repair or do work in violation of the approved construction documents or directive of the AHJ, or of a permit or certificate used under provisions of this Fire Code, shall be guilty of a misdemeanor, punishable by a fine of not more than two thousand dollars. Each day that a violation continues after due notice has been served shall be deemed a separate offense.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.030.18 Section 112.5 Citations, Added.

112.5 Citations.

The AHJ shall have the authority to issue citations for violations of provisions of this Fire Code.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.030.194 Section 113.4 Failure to comply, Amended.

113.4 Failure to comply.

Any person who shall continue any work after having been served with a stop work order, except such work as that person is directed to perform to remove a violation or unsafe condition, shall be liable for a fine of not more than two thousand dollars. Each day that a violation continues after due notice has been served shall be deemed a separate offense.

9.52.040 Chapter 2, Definitions, Amended.

International Fire Code, 2021 Edition, Chapter 2, Definitions, is hereby adopted in its entirety with the following amendments:
(Ord. No. 019521, § 1, 7-5-2023)

9.52.040.1 Section 202 General Definitions, Amended.

The following definitions are added to those already included in Section 202 of the 2021 International Fire Code or amend those definitions already in the section.

"Adult Foster Care (AFC) Home" means a home that provides supervised, 24-hour living arrangements for people who are unable to continue living independently in their own homes because of a physical, mental or emotional limitation.

"Alter or Alteration" means any change or modification in construction or occupancy.

"Authority Having Jurisdiction (AHJ)" means an organization, office, or individual responsible for enforcing the requirements of a code or standard, or for approving equipment, materials, an installation, or a procedure.

"Building Official" means where the term "Building Official" is used within the fire prevention code and this chapter, it shall have the same meaning as set forth in Section 18.02.102.2 of the El Paso City Code.

"Dry pipe valve" A dry standpipe system normally filled with pressurized air that is arranged through the use of a device, such as a dry pipe valve, to admit water into the system piping automatically upon the opening of a hose valve. The water supply of the automatic dry standpipe system shall not be required to be capable of supplying the system demand.

"Environment" means any surface water, groundwater, drinking water supply, land surface or subsurface strata, or ambient air within or under the control of the United States.

"Fire Barrier" means a fire-resistance-rated wall assembly of materials permanently fixed in place designed to restrict the spread of fire in which continuity is maintained.

"Fire District" means a heavily populated or congested commercial area as described in Chapter 18.08 of the City Code, also known as the 'limits established by law'.

"Flame Effects" means the combustion of solid, liquid, or gas, designed specifically to produce an open flame when ignited to display a thermal, physical, visual, or audible phenomena as defined in NFPA 160. Such devices include paraffin wax candles. LP gas candles, torches, LP-gas burners, and 'sky lantern' type flame illuminated aerial devices and cold spark machines.

"Foster Family Home" means a home that is the primary residence of the foster parents and provides care for six of fewer children or young adults, under the regulation of a child-placing agency.

"Fuel Oil" Kerosene or any hydrocarbon oil having a flash point not less than 100 F (38 C).

"Jurisdictional Area" means an area within the City limits of the City.

"Repair Garage" means a building, structure, or portion thereof used for servicing, or repairing motor vehicles, or a building, structure, or portion thereof used for installation of aftermarket parts and accessories on motor vehicles.

"Vacant" has the same meaning as defined by Chapter 18.40 (Vacant Buildings) of the El Paso City Code.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.050 Chapter 3, General Requirements, Amended.

International Fire Code, 2021 Edition, Chapter 3, Scope and Administration, is hereby adopted in its entirety with the following amendments:
(Ord. No. 019521, § 1, 7-5-2023)

9.52.050.1 Section 310.1 General, Amended.

310.1 General.

Refer to Chapter 9.50 of the City Code.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.050.2 Section 311.7 Vacant Buildings Ordinance, Added.

311.7 Vacant Buildings Ordinance.

Vacant premises shall also comply with the provisions of Chapter 18.40 (Vacant Buildings) of the City Code.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.050.3 Section 315.3.5 Aisles, Added.

315.3.5 Aisles.

In areas where miscellaneous combustible materials are stored, an aisle of at least 30 inches in width shall be provided for every 50 linear feet of piles, palletized, racked, or bin storage.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.050.4 Section 315.4 Outside storage, Amended.

315.4 Outside storage.

Outside storage, including but not limited to pile storage of combustible materials, shall not be located within 10 feet of a property line, building, and or structure. Outside storage, including pile storage shall be maintained from an existing fence line a minimum distance equal to the height of the material stored.

Exceptions:

1. The separation distance to a property line is allowed to be reduced to 3 feet for storage not exceeding 6 feet in height.

2. The separation distance to a property line is allowed to be reduced when the AHJ determines that no hazard to the adjoining property exists.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.050.5 Section 315.4.2 Height, Amended.

315.4.2 Height.

Storage in the open, including but not limited to pile storage, shall not exceed 20 feet in height.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.050.6 Section 315.4.3 Width, Added.

315.4.3 Width.

A minimum of 20 feet width separation between all outside storage, including but not limited to, pile storage, shall be provided.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.050.7 Section 319 Mobile Food Preparation Vehicles.

319 Mobile Food Preparation Vehicles, Added.

Beginning Calendar Year 2025 all permitted mobile food preparation vehicles as defined by the 2021 International Fire (IFC) will have to meet all the following requirements.

319.1 General. Mobile food preparation vehicles that are equipped with appliances that produce smoke or grease laden vapors shall comply with this section.

319.2 Permit required. Permits shall be required as set forth in Section 105.5.

319.3 Exhaust hood. Cooking equipment that produces grease-laden vapors shall be provided with a kitchen exhaust hood in accordance with Section 606.

319.4 Fire protection, amended.

Fire protection shall be provided in accordance with Section 319.4.1.

319.4.1 Fire extinguisher.

Portable fire extinguishers shall be provided in accordance with Section 906.4.

319.5 Appliance connection to fuel supply piping.

Gas cooking appliances shall be secured in place and connected to fuel-supply piping with an appliance connector complying with ANSI Z21.69/CSA 6.16. The connector installation shall be configured in accordance with the manufacturer's installation instructions. Movement of appliances shall be limited by restraining devices installed in accordance with the connector and appliance manufacturer's instructions.

319.6 Cooking oil storage containers.

Cooking oil storage containers within mobile food preparation vehicles shall have a maximum aggregate volume not more than 120 gallons (454 L), and shall be stored in such a way as to not be toppled or damaged during transport

319.7 Cooking oil storage tanks.

Cooking oil storage tanks within mobile food preparation vehicles shall comply with Sections 319.7.1 through 319.7.5.2.

319.7.1 Metallic storage tanks.

Metallic cooking oil storage tanks shall be listed in accordance with UL 80 or UL 142, and shall be installed in accordance with the tank manufacturer's instructions.

319.7.2 Nonmetallic storage tanks.

Nonmetallic cooking oil storage tanks shall be installed in accordance with the tank manufacturer's instructions and shall comply with both of the following:

1. Tanks shall be listed for use with cooking oil, including maximum temperature to which the tank will be exposed during use.

2. Tank capacity shall not exceed 200 gallons (757L) per tank.

319.7.3 Cooking oil storage system components.

Metallic and nonmetallic cooking oil storage system components shall include, but are not limited to, piping, connections, fittings, valves, tubing, hose, pumps, vents and other related components used for the transfer of cooking oil.

319.7.4 Design criteria.

The design, fabrication and assembly of system components shall be suitable for the working pressures, temperatures and structural stresses to be encountered by the components.

319.7.5 Tank venting.

Normal and emergency venting shall be provided for cooking oil storage tanks.

319.7.5.1 Normal vents.

Normal vents shall be located above the maximum normal liquid line, and shall have a minimum effective area not smaller than the largest filling or withdrawal connection. Normal vents are not required to vent to the exterior.

319.7.5.2 Emergency vents.

Emergency relief vents shall be located above the maximum normal liquid line, and shall be in the form of a device or devices that will relieve excessive internal pressure caused by an exposure fire. For nonmetallic tanks, the emergency relief vent shall be allowed to be in the form of construction. Emergency vents are not required to discharge to the exterior.

319.8 LP-gas systems.

Where LP-gas systems provide fuel for cooking appliances, such systems shall comply with Chapter 61 and Sections 319.8.1 through 319.8.5.

319.8.1 Maximum aggregate volume.

The maximum aggregate capacity of LP-gas containers transported on the vehicle and used to fuel cooking appliances only shall not exceed 200 pounds (91 kg) propane capacity.

319.8.2 Protection of container.

LP-gas containers installed on the vehicle shall be securely mounted and restrained to prevent movement.

319.8.3 LP-gas container construction.

LP-gas containers shall be manufactured in compliance with the requirements of NFPA 58.

319.8.4 Protection of system piping.

LP-gas system piping, including valves and fittings, shall be adequately protected to prevent tampering, impact damage, and damage from vibration.

319.8.5 LP-gas alarms.

A listed LP-gas alarm shall be installed within the vehicle in the vicinity of LP-gas system components, in accordance with the manufacturer's instructions.

319.9 CNG systems.

Where CNG systems provide fuel for cooking appliances, such systems shall comply with Sections 319.9.1 through 319.9.4.

319.9.1 CNG containers supplying only cooking fuel.

CNG containers installed solely to provide fuel for cooking purposes shall be in accordance with Sections 319.9.1.1 through 319.9.1.3.

319.9.1.1 Maximum aggregate volume.

The maximum aggregate capacity of CNG containers transported on the vehicle shall not exceed 1,300 pounds (590 kg) water capacity.

319.9.1.2 Protection of container.

CNG containers shall be securely mounted and restrained to prevent movement. Containers shall not be installed in locations subject to a direct vehicle impact.

319.9.1.3 CNG container construction.

CNG containers shall be an NGV-2 cylinder.

319.9.2 CNG containers supplying transportation and cooking fuel.

Where CNG containers and systems are used to supply fuel for cooking purposes in addition to being used for transportation fuel, the installation shall be in accordance with NFPA 52.

319.9.3 Protection of system piping.

CNG system piping, including valves and fittings, shall be adequately protected to prevent tampering, impact damage and damage from vibration.

319.9.4 Methane alarms.

A listed methane gas alarm shall be installed within the vehicle in accordance with manufacturer's instructions.

319.10 Maintenance.

Maintenance of systems on mobile food preparation vehicles shall be in accordance with Section 319.10.1.

319.10.1 Exhaust system.

The exhaust system, including hood, grease-removal devices, fans, ducts and other appurtenances, shall be inspected and cleaned in accordance with Section 606.3.

319.10.2 Fire Protection systems and devices.

Fire protection systems and devices shall be maintained in accordance with Section 901.6.

319.10.3 Fuel gas systems.

LP-gas containers installed on the vehicle and fuel-gas piping systems shall be inspected annually by an approved inspection agency or a company that is registered with the US Department of Transportation to requalify LP-gas cylinders, to ensure that system components are free from damage, suitable for the intended service and not subject to leaking. CNG containers shall be inspected every 3 years in a qualified service facility. CNG containers shall not be used past their expiration date as listed on the manufacturer's container label. Upon satisfactory inspection, the approved inspection agency shall affix a tag on the fuel gas system or within the vehicle indicating the name of the inspection agency and the date of satisfactory inspection.

(Ord. No. 019521, § 1, 7-5-2023)

9.52.060 Chapter 4, Emergency Planning and Preparedness, Amended.

International Fire Code, 2021 Edition, Chapter 4, Emergency Planning and Preparedness, is hereby adopted in its entirety with the following amendments:
(Ord. No. 019521, § 1, 7-5-2023)

9.52.060.1 Section 408 Places of Assembly, Added.

408 Places of Assembly.

408.1 Overcrowding in Places of Assembly, Added.

The number of persons in any building or portion thereof shall not exceed the amount permitted in accordance with the Building Code or Fire Code. The owner, supervisor or manager responsible for admitting persons shall be responsible for keeping an accurate occupant count at all times during business hours. In places of assembly with a capacity of 100 or more persons, the occupant count shall be kept in written form and made readily available to AHJ or his authorized representative upon request or at each 30-minute intervals.

408.2 Authority of AHJ in overcrowded conditions, Added.

No person shall permit overcrowding or admittance of any person beyond the approved capacity of any place of assembly. The AHJ, upon finding any overcrowded conditions or obstructions in aisles, passageways or other means of egress, or upon finding any conditions which constitutes a threat to life safety, shall cause the performance, presentation, spectacle or entertainment to be stopped until such condition or obstruction is corrected.

408.3 Offense for allowing overcrowding, Added.

Any owner, supervisor or manager who shall admit persons in excess of the occupant capacity set by the AHJ shall be guilty of a misdemeanor offense punishable by a fine as provided in the City Code. Each person admitted or ticket sold in excess of such number shall constitute a separate offense.

408.4 Failure to comply, Added.

For failure to comply herewith, the AHJ may, in the name of the City, apply to a court of competent jurisdiction for an injunction to compel compliance. Failure to comply with this subsection shall make the person so failing, and any person by whom he was employed at the time he failed to comply, subject to the enforcement provisions of Section 112 of the IFC and Section 9.52.030.194 of the City Code, and he or she shall in addition show cause, if any exists, why he or she should not be eligible for a permit for two (2) years after the date of violation. These penalties are in addition to any criminal penalties provided for by this chapter.

9.52.070.1 Section 503.1.4 Facility yards, Added.

503.1.4 Facility yards.

An approved fire apparatus access road shall be provided to within 150 feet of all outside combustible/flammable materials storage, including but not limited to pile storage, located in automobile wrecking yards, junkyards, recycling facilities, or wrecking yards.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.070.2 Section 505.1 Address identification, Amended.

505.1 Address Numbers.

New and existing buildings shall be numbered in accordance with Title 18 of the City Code.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.070.3 Section 506.1.1.1 Electric Gate, Added.

506.1.1.1 Electric Gate.

An approved electric Knox Switch shall be installed on electric access gates where required by the AHJ.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.070.4 Section 507.3.1 Minimum pressure requirement, Added.

507.3.1 Minimum pressure requirement.

When the water supply system is intended to provide firefighting capability, the water supply system must also be designed to maintain a minimum pressure of 20 psi under combined fire and drinking water flow conditions pursuant to 30 Tex. Admin. Code Section 290.46(r).
(Ord. No. 019521, § 1, 7-5-2023)

9.52.070.5 Section 507.4.1 Flow test adjustments.

507.4.1 Flow Test Adjustments, Added.

Water flow test data shall be adjusted to account for daily and seasonal fluctuations, large simultaneous industrial use, future demand on water supply, or any other condition that could affect the water supply. The fire protection system design shall be based on not more than 90% of the water flow test data. The water flow test data shall only be valid if the required data is obtained within five (5) years from the date plans are submitted to the AHJ.

507.4.2 System Water Demand Verification, Added.

Backflow forward flow test shall be performed by the contractor and witnessed by the Fire Marshal inspector to verify water demand calculations submitted by the system designer.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.070.6 Section 507.5.1 Where required, Amended.

507.5.1 Where Required.

Where a portion of the facility or building hereafter constructed or moved into or within the jurisdiction is more than 800 feet from a hydrant on a fire apparatus access road, as measured by an approved route around the exterior of the facility or building, on-site fire hydrants and mains shall be provided where required by the AHJ.
(Ord. No. 019521, § 1, 7-5-2023)

507.5.5 Clear space around hydrants.

A 5-foot clear space shall be maintained around the circumference of fire hydrants, except as otherwise required or approved.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.070.8 Section 507.5.7 Private fire hydrants, Added.

507.5.7 Private fire hydrants.

All private fire hydrants shall comply with the current EPWU hydrant installation specifications.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.070.8.1 Section 507.5.7.1 DATV, Added.

507.5.7.1 DATV.

Installation of a Davidson Anti-Terrorism Valve is optional on a private fire hydrant.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.070.9 Section 508.1.2 Separation, Amended.

508.1.2 Separation.

The fire command center shall be separated from the remainder of the building by not less than a 1-hour fire-resistance-rated fire barrier constructed in accordance with Section 707 of the International Building Code or horizontal assembly constructed in accordance with Section 711 of the International Building Code, or both. No openings shall be permitted between the fire command center and the building being protected.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.070.10 Section 510 Emergency Responder Communication Coverage, Added.

510.1 Emergency Responder Communication Coverage in new buildings, Amended.

Approved in-building, two-way emergency responder communication coverage for emergency responders shall be provided in all new buildings. In-building, two-way emergency responder communication coverage within the building shall be based on the existing coverage levels of the public safety communication systems utilized by the jurisdiction, measured at the exterior of the building. This section shall not require improvement of the existing public safety communication systems.

Exceptions:

1. Where approved by the building official and the fire code official, a wired communication system in accordance with Section 907.2.13.2 shall be permitted to be installed or maintained instead of an approved radio coverage system.

2. Where it is determined by the fire code official that the radio coverage system is not needed.

3. In facilities where emergency responder radio coverage is required and such systems, components or equipment required could have a negative impact on the normal operations of that facility, the fire code official shall have the authority to accept an automatically activated emergency responder radio coverage system.

4. Section 510 of the International Fire Code shall not apply to buildings less than 40,000 square feet or any single-family detached residential dwelling or multifamily building or structure less than 40,000 square feet or any building under four stories with less than 40,000 square feet per floor.

510.2 Emergency responder communication coverage in existing buildings, Amended.

Communications coverage in existing buildings will continue to be evaluated based on the square footage of the building and any identified communications failures.

(Ord. No. 019521, § 1, 7-5-2023)

9.52.080 Chapter 9, Fire Protection Systems, Amended.

International Fire Code, 2021 Edition, Chapter 9, Fire Protection Systems, is hereby adopted in its entirety with the following amendments:

(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.1 Section 901.2.2 Supporting data, Added.

901.2.2 Supporting data.

The supporting data in the form of hydraulic calculations required by AHJ for installation or modification of all fire suppression systems shall be valid if the flow test data is within 5 years from the date plans are submitted.

(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.2 Section 901.4.3.1 Extending Sprinkler System Coverage, Added.

901.4.3.1 Extending Sprinkler System Coverage.

When a sprinkler system is installed inside a shell building, all tenant improvements that take place inside the shell building are required to have a sprinkler system modification that meets the current NFPA 13 standards.

(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.3 Section 903.2.8 Group R, Amended.

9.03.2.8. An automatic sprinkler system installed in accordance with IFC Section 903.3 shall be provided throughout all buildings with a Group R fire area. For Group R-2 occupancies, an automatic sprinkler system shall be provided throughout all floors of buildings with a Group R-2 fire area where more than two stories in height, including basements, or where having more than 16 dwelling units.

Exceptions:

1. Group R-1, where guestrooms are not more than three stories above the lowest level of exit discharge and each guestroom has at least one door leading directly to an exterior exit access that leads directly to approved exits.

2. A residential sprinkler system installed in accordance with Section 903.3.1.2 shall be allowed in buildings, or portions thereof, of Group R-1.

3. Detached one- and two-family dwellings and multiple single-family dwellings (townhouses) not more than three stories above grade plane in height with a separate means of egress, and their

accessory structures not more than three stories above grade plane in height conforming with the provisions of the International Residential Code.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.4 Section 903.2.10.3 Group S-2 Warehouses, Added.

903.2.10.3 Group S-2 Warehouses.

An automatic sprinkler system shall be provided in accordance with Section 903.3.1.1 throughout a Group S-2 warehouse when the S-2 warehouse fire area exceeds 12,000 square feet.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.5 Section 903.2.11.3 Buildings 55 feet or more in height, Amended.

903.2.11.3 Buildings 35 feet or more in height.

An automatic sprinkler system shall be installed throughout buildings that have one or more stories with an occupant load of 30 or more, located 35 feet or more above the lowest level of fire department vehicle access, measured to the finished floor.

Exception: Occupancies in Group F-2.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.7 Section 903.3.1.1.4 Hydrostatic Testing, Added.

903.3.1.1.4 Hydrostatic Testing.

A Hydrostatic test at 200 psi is required when more than 20 Mechanical Ts or when new pipe is installed.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.8 Section 903.1.1.5 Acceptance Testing, Added.

903.3.1.1.5 Acceptance Testing.

For all new or reconfigured high pile storage warehouses (HPSW), a rack storage array inspection will be conducted after the rack system has been installed in a HPSW. This is to verify that the racks are positioned for proper sprinkler coverage.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.10 Section 903.3.5.3 Freeze Protection, Added.

903.3.5.3 Freeze Protection.

Where aboveground water-filled supply pipes, risers, system risers, or feed mains for a fire protection system pass through areas subject to temperatures below 40 degrees Fahrenheit, the pipe shall be protected from freezing by a listed method.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.11 Section 903.4 Sprinkler System Supervision & Alarms, Amended.

903.4 Sprinkler System Supervision & Alarms.

Valves controlling the water supply for automatic sprinkler systems, pumps, tanks, water levels and temperatures, critical air pressure, underground gate valves, and water flow switches on all sprinkler systems shall be electrically supervised by a listed fire alarm control unit or as approved by the authority having jurisdiction.

Exceptions:

1. Automatic sprinkler systems protecting one- and two-family dwellings.

2. Limited area sprinkler systems installed in accordance with Section 903.3.8.

3. Automatic sprinkler systems installed in accordance with NFPA 13R where a common supply main is used to supply both domestic water and the automatic sprinkler system and a separate shutoff valve for the automatic sprinkler is not provided.

4. Jockey pump control valves that are sealed or locked in the open position.

5. Control valves to commercial kitchen hoods, paint spray booths or dip tanks that are sealed or locked in the open position.

6. Valves controlling the fuel supply to fire pump engines that are sealed or locked in the open position.

7. Trim valves to pressure switches in dry, preaction and deluge sprinkler systems that are sealed or locked in the open position.

8. Underground key or hub gate valves in roadway boxes
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.12 Section 903.4.2 Alarms, amended.

903.4.2 Alarms.

An approved audible device, located on the exterior and interior of the building in an approved location, shall be connected to each automatic sprinkler system. Such sprinkler water flow alarm devices shall be activated by water flow equivalent to the flow of a single sprinkler of the smallest orifice size installed in the system. Where a fire alarm system is installed, actuation of the automatic sprinkler system shall actuate the building fire alarm system.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.14 Section 903.4.4 Multi-Tenant and Warehouse Buildings, Added.

903.4.4.1 Multi-Tenant Buildings, Added.

In buildings requiring sprinkler systems with multiple tenants, where no fire alarm is required, each tenant will have the minimum of one notification device (horn/strobe) to provide audio and visual notification upon activation of the monitoring alarm system, in a location approved by the AHJ.

903.4.4.2 Warehouse buildings (S1/S2) Office Areas, Added.

In warehouse buildings requiring sprinkler systems, where no fire alarm is required, a notification device shall be provided in normally occupied office areas. One device per office area if more than one office area exists and-or one device per level of office area if more than one level exists. Notification devices shall also be provided in storage areas where audio and visual notification would be evident within those areas.

903.4.4.3 Warehouse Buildings (S1/S2) Storage Areas, Added.

In warehouse buildings requiring sprinkler systems and where no fire alarm is required. notification devices shall be provided in storage areas spaced at 3 times the distance required for a full notification system (triple spaced between devices).
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.15 Section 903.5.1 Underground Pipe, Added.

903.5.1 Underground Pipe.

All underground fire line pipe not installed by EPWU shall be hydrostatically tested per NFPA 13 and NFPA 24 requirements.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.19 Section 903.7 Buildings with Multiple Risers, Added

903.7 Buildings with Multiple Risers.

When a building is served by multiple sprinkler system risers, all of the risers shall be served by a manifold system. If the risers are not served by a manifold system, the separate systems boundaries must be clear and able to be described by the addressable fire alarm system.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.20 Section 904.2.3 Alternative Automatic Fire Extinguishing Systems, Added.

904.2.3 Alternative Automatic Fire Extinguishing Systems.

Fire Extinguishing Systems installed in lieu of a sprinkler system in areas where occupants will be incapacitated (ex: Hyperbaric Facilities) shall use an extinguishing agent which supports life.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.21 Section 904.3.5.1 Single tenant building, Added.

904.3.5.1 Single tenant building.

In a single tenant building, where sprinkler monitoring is installed in accordance with 903.4.1, automatic fire-extinguishing systems shall be connected to sprinkler monitoring and a notification device (horn strobe) shall be placed in or near the space protected by the automatic fire-extinguishing system at a location approved by the AHJ.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.22 Section 904.4.2.2 Alarm Notification, Added.

904.4.2.2 Alarm Notification.

A notification appliance is required exclusive for annunciation of the hood suppression system. A bell that is interconnected to the hood suppression system shall be used.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.23 Section 904.10.4 Acceptance Testing, Added.

904.10.4 Acceptance Testing.

As part of the Acceptance Test for all clean agent systems, a door fan test is required to be witnessed and verified by the fire code official that it meets the standard specified in NFPA 2001.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.24 Section 904.13.2.1 Fire Alarm Control Panel (FACP) Interconnection, Added.

904.13.2.1 Fire alarm Control Panel (FACP) Interconnection.

The automatic fire extinguishing system for commercial cooking systems shall be interconnected to a FACP where a FACP is installed in the building.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.25 Section 905.2 Installation Standard for Standpipe Systems, Amended.

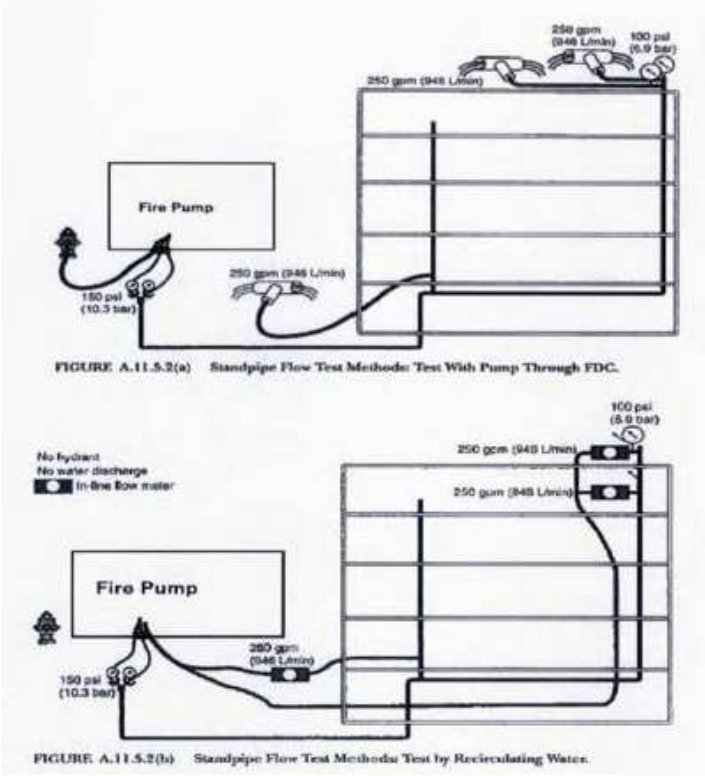
905.2.1 Installation Standard for Automatic Standpipe Systems, Added.

NFPA 14 11.5.1 Automatic Standpipe Flow Test/Hydraulic Verification Methods shall be field performed to confirm hydraulic design by way of methods outlined in 7.10.1 Class I and Class III Systems.

905.2.2 Installation Standard for Manual Standpipe Systems, Added.

NFPA 14 11.5.2 Manual Standpipe Flow Test/ Hydraulic Verification Methods as depicted in Figure A.11.5.2(a) or Figure A.11.5.2(b) shall be done prior to system final. Contractor under FSYS permit shall be responsible for obtaining their own pump capable of flowing the required gpm and at the required pressure for the system.

Figure A.11.5.2(a) and Figure A.11.5.2(b)



(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.26 Section 905.3.9 Mega Structure Special Considerations, Added.

905.3.9 Mega Structure Special Considerations.

All buildings that exceed exit travel distance of 300 ft. require a Class I Standpipe system with hose connections. A hose connection shall be provided within 200 ft. of all portions of the building. The distance between each hose connection shall not exceed 400 feet. The hose connections are required to be cross-zoned or on a dedicated standpipe system. A water-flow of 250 gpm at a pressure of 100 psi is required at the most remote hose connection. An acceptance test is required to verify the flow and pressure.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.28 Section 905.8 Dry Standpipes, Amended.

905.8 Dry Standpipes, Amended.

A dry pipe valve standpipe system is required for all standpipe systems that are subject to freezing where an automatic dry standpipe system or a semiautomatic dry system is not required. The dry pipe valve must be installed in a conditioned space. Refer to Dry Pipe Valve in definitions.

Exception: Dry standpipes shall be allowed in parking garages where it is subject to freezing.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.29 Section 906.1 Where required, Amended.

Section 906.1 Where required.

Portable fire extinguishers shall be installed in all of the following locations:

1. In new and existing Group A, B, E, F, H, I, M, R-1, R-2, R-4 and S occupancies.

Exceptions:

1. In Group R-2 occupancies, portable fire extinguishers shall be required only in locations

specified in Items 2 through 6 where each dwelling unit is provided with a portable fire extinguisher having a minimum rating of 2-A:10-B:C.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.30 Section 906.3.5 Minimum extinguisher requirements, Added.

906.3.5 Minimum extinguisher requirements.

Each individual occupancy shall have, at a minimum, one 2A10BC extinguisher for every 3000 square feet, or fraction thereof for Light (low) and Ordinary (moderate) hazard occupancies. Greater protection may be required depending on the nature of the hazard, whereas Table 906.3(1) shall be used.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.31 Section 907.2 Where required- new buildings and structures, Amended.

907.2 Where required-new buildings and structures.

An approved fire alarm system installed in accordance with the provisions of this code and NFPA 72 shall be provided in new buildings and structures in accordance with Sections 907.2.1 through 907.2.25 and provide occupant notification in accordance with Section 907.5, unless other requirements are provided by another section of this code.

Not fewer than one manual fire alarm box shall be provided in an approved location to initiate a fire alarm signal for fire alarm systems employing automatic fire detectors or waterflow detection devices. Where other sections of this code allow elimination of fire alarm boxes due to sprinklers, a single fire alarm box shall be installed at the main office or at a location where there is an employee or attendant present. If there is no main office or interior main entrance, it may be installed in the riser room.

Exceptions:

1. The manual fire alarm box is not required for fire alarm systems dedicated to elevator recall control and supervisory service.

(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.32 Section 907.2.3.1 Portable Classrooms, Added.

907.2.3.1 Portable Classrooms.

In addition to the required notification devices, a manual fire alarm box that initiates the occupant notification signal shall be installed in portable classrooms when a manual fire alarm system is installed on the campus as per Section 907.2.3.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.33 Section 907.2.24 Mixed Use Buildings, Added.

907.2.24 Mixed Use Buildings.

In mixed use buildings, not classified as high-rise, provided with a sprinkler monitoring system or fire alarm system as required elsewhere in this Fire Code or El Paso City Code, all notification devices shall activate upon alarm activation.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.34 Section 907.2.25 Multiple Buildings, Added.

907.2.25 Multiple Buildings.

For properties where multiple buildings exist and where a fire alarm system or a sprinkler monitoring system has been installed in these properties, a separate FACP is required where the main address differs in each building or set of buildings. Each panel must transmit their own fire alarm signals directly to Central Station.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.35 Section 907.6.3 Initiating device identification, Amended.

The fire alarm system shall identify the specific initiating device address, location, device type, floor level where applicable and status including indication of normal, alarm, trouble and supervisory status, as appropriate.

Exception: Fire alarm systems in single-story buildings less than 22,500 square feet in area and not classified E occupancy.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.37 Section 907.6.4.3 Zone Descriptions, Added.

907.6.4.3 Zone Descriptions.

When a conventional fire alarm panel is installed, the FACP shall be programmed with zone descriptions for all configured zones regardless of square footage. The length of any zone shall not exceed 300 feet (91.44m) in any direction.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.38 Section 907.6.6 Monitoring, Amended.

907.6.6 Monitoring.

Fire alarm systems required by this chapter or by the International Building Code shall be monitored by an approved supervising station in accordance with NFPA 72. Monitoring and reporting by the supervising station shall identify the specific initiating device address, location, device type, floor level where applicable for alarm, trouble and supervisory status, as appropriate.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.39 Section 907.6.6.1.1 Dumb Dialers, Added.

907.6.6.1.1 Dumb Dialers.

Dry contact communication dialers for FACP's are not allowed.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.40 Section 907.6.6.2.1 Monitor It Yourself (MIY) Revocation, Added.

907.6.6.2.1 MIY Revocation.

The fire code official may revoke the permission to use MIY transmitters to Public Safety Answering Points (PSAP) if these systems do not function properly or if the PSAP call takers are not proficient in using this system. Permission to use this type of system may be revoked after 5 failed tests within a year. The inability to read the fire alarm descriptions or the inability to receive a signal on a timely manner (within 5 minutes) will constitute a failed test.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.41 Section 907.6.7 Fire alarm control panel electrical connection, Added.

907.6.7 Fire alarm control panel electrical connection.

Fire alarm control panels (FACP) that will serve multiple tenants are required to be connected to the building electrical house panel.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.42 Section 907.6.8 Annunciation location for sprinkler monitoring systems, Added.

907.6.8 Annunciation location for sprinkler monitoring systems.

Where a sprinkler monitoring system is installed, the annunciation location needs to meet the same requirements as the annunciation location for a fire alarm system. (This will allow the FACP or a standalone annunciator to be located at a readily accessible location for fire department access)
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.44 Section 912.2.1.1 Distance and Accessibility, Added.

912.2.1.1 Distance and Accessibility.

The fire department connection shall be placed no further than 30 feet from an approved fire access road, shall not be obstructed and topography shall be such that it will be readily accessible to fire department personnel.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.45 Section 912.2.1.2 Markings, Added.

912.2.1.2 Markings.

The curb immediately adjacent to the fire department connection shall be painted red. If no curb is provided, a six-inch minimum red stripe shall be painted on the pavement immediately adjacent to the FDC. The painted curb or stripe shall measure 10 feet. The pavement immediately adjacent to the painted curb or stripe, shall be hash marked in red paint and extend out a minimum of 10 feet or as designated by the AHJ.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.46 Section 912.2.1.3 Pathway, Added.

912.2.1.3 Pathway.

An unobstructed, level surface no less than 36 inches wide shall be provided from the fire department connection to the nearest point of the fire department access road.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.47 Section 912.2.1.4 Shared fire line, Added.

912.2.1.4 Shared fire line.

Where a fire protection system is supplied by the same fire line as a private fire hydrant, the fire department connection for that system shall be connected to the fire protection system above the check valve.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.48 Section 912.4.1 Locking fire department connection caps, Amended.

912.4.1 Locking fire department connection caps.

Locking caps on fire department connections for water-based fire protection systems where the responding fire department carries appropriate key wrenches for removal will be required after the effective date of this ordinance. Occupancies will have 2 years to comply with this section.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.49 Section 912.6.1 Backflow protection device enclosures, Added.

912.6.1 Backflow protection device enclosures ASSE 1060 hot box.

A backflow protection device shall provide freeze protection by means of an outdoor enclosure. The enclosure must meet ASSE 1060 Class 1 requirements for freeze protection. Existing backflow protection devices that do not meet this requirement will have 2 years to comply.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.50 Section 912.6.2 Freeze Protection, Added.

912.6.2 Freeze Protection.

Where aboveground water-filled supply pipes, risers, system risers, feed mains or branch lines for a fire protection system pass through areas subject to temperatures below 40 degrees Fahrenheit, the pipe shall be protected from freezing by a listed method.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.51 Section 913.2.3 Fire Pump Cavitation, Added.

913.2.3 Fire Pump Cavitation Protection.

The use of low suction pressure controls shall be used for fire pumps where the intake pressure drops below 30 psi when the fire pump is flowing at 150% at rated capacity, or when the underground is shared with a private hydrant(s).
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.54 Section 913.2.4 Fire Pump Power Supply Disconnect, Added.

913.2.4 Fire Pump Power Supply Disconnect.

A Mandatory Fire Pump power supply disconnect is required for all fire pump controllers. This disconnect shall not be located in the fire pump room and will be approved by the AHJ. Markings for the disconnecting means shall be in accordance with article 695.4 of the National Electrical Code (NEC).
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.55 Section 913.6 Jockey Pump Pressures, Added.

913.6 Jockey Pump Pressures.

Jockey pump pressures that serve a fire pump, for new or existing buildings, are not allowed to be artificially set low. Any existing building where this condition exists has up to 1 year to provide an NFPA 13 and NFPA 20 code compliant solution and corrective action for this deficiency.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.56 Section 913.7 Fire pump bypass, Added.

913.7 Fire pump bypass.

Fire pump bypass piping shall be installed for all fire pump installations when connected to a pressurized water source such as a municipal water supply or pressurized private source.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.57 Section 913.8 Diesel fire pumps, Added.

913.8 Diesel Fire Pumps.

The installation of diesel fire pumps shall not be allowed unless approved by the fire code official.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.58 Section 913.9 Low suction throttling valve, Added.

913.9 Low Suction Throttling Valve.

A low suction throttling valve shall be installed and comply with sections 913.9.1 and 913.9.2.

913.9.1 Private fire hydrant.

A low suction throttling valve shall be installed for all fire pump installations that contain a fire hydrant on the private service main shared by both systems.

913.9.2 Suction pressure below 30 psi.

A low suction throttling valve shall be installed for all fire pump installations where the suction pressure falls below 30 psi when flowing the most demanding required fire flow of the sprinkler system, standpipe system, or private hydrant.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.080.59 Section 915.2.3.1 Carbon Monoxide Annunciation in Group E Occupancies, Added.

915.2.3.1 Carbon Monoxide Annunciation in Group E Occupancies.

Carbon monoxide detection shall be installed in classrooms in Group E occupancies. Carbon monoxide alarm signals shall be automatically transmitted through a Fire Alarm Control Panel annunciator or a Carbon Monoxide Detection Panel annunciator to an on-site location that is staffed by school personnel. A supervisory signal shall be initiated and the signal shall also be transmitted to a Central Station monitoring service. In addition, a local audible alarm with the CO temporal code shall be annunciated in the room of origin.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.090 Chapter 10, Means of Egress, Amended.

International Fire Code, 2021 Edition, Chapter 10, Means of Egress, is hereby adopted in its entirety with the following amendments:
(Ord. No. 019521, § 1, 7-5-2023)

9.52.090.1 Section 1004.7 Outdoor areas, Amended.

1004.7. Outdoor areas.

Yards, patios, occupied roofs, courts and similar outdoor areas accessible to and usable by the building occupants shall be provided with means of egress as required by this chapter. The occupant load of such outdoor areas shall be assigned by the AHJ in accordance with the anticipated use. Where outdoor areas are to be used by persons in addition to the occupants of the building, and the path of egress travel from the outdoor areas passes through the building, means of egress requirements for the building shall be based on the sum of the occupant loads of the building plus the outdoor areas.

Exceptions:

1. Outdoor areas used exclusively for service of the building need only have one means of egress.

2. Both outdoor areas associated with Group R-3 and individual dwelling units of Group R-2.

5601.1.3 Fireworks.

Fireworks are declared to be a nuisance. No person shall manufacture, sell or use fireworks within the City limits of El Paso except as provided in Section 9.52.030.5 (Required operational permits, as amended).

Exception: The use of fireworks for fireworks displays as allowed in Section 5608.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.130.2 Section 5601.2.4 Financial responsibility, Amended.

5601.2.4 Financial responsibility.

Before a permit is issued, as required by Section 5601.2, the applicant shall file with the jurisdiction a corporate surety bond in the principal sum of $1,000,000 or a public liability insurance policy for the same amount, for the purpose of the payment of all damages to persons or property which arise from, or are caused by, the conduct of any act authorized by the permit upon which any judicial judgment results. The AHJ is authorized to specify a greater or lesser amount when, in his or her opinion, conditions at the location of use indicate a greater or lesser amount is required. Government entities shall be exempt from this bond requirement. The City shall be named as an additional insured on the insurance policy or an additional obligee under the corporate surety bond, at no cost to the City. A bond required by this section must be executed by a corporate surety and approved by the AHJ. If applicable, an insurance policy shall be written by an accredited insurance company under the supervision of the Board of Insurance of the state. Evidence of compliance with this requirement shall be considered as having been met when the policy, a copy thereof, or a certificate of insurance has been filed with and approved by the AHJ. Such policy shall include an endorsement that the AHJ shall be notified at least thirty (30) days in advance in the event the policy or policies are canceled.

9.52.130.5 Section 5601.7.1 Disposal of explosives, explosive materials or fireworks, Added.

5601.7.1 Disposal of explosives, explosive materials or fireworks.

The City may file a motion with municipal court requesting an Order of Disposal and/or Destruction for explosives, explosive materials and/or fireworks pursuant to authority granted by the

2021 International Fire Code, Section 5601.7. Said Motion shall be filed with a sworn affidavit of the AHJ staling the underlying circumstances of the seizure and the City shall verify that the explosives, explosive materials and/or fireworks are not being held as evidence to be used in any pending case. A hearing shall be held before a judge of the El Paso municipal court. A judge shall, as soon as practicable, hear the matter, after giving reasonable notice to the AHJ and the person whose explosives, explosive materials and/or fireworks have been removed or impounded. The AHJ and the person whose explosives, explosive materials and/or fireworks have been removed or impounded shall each have the opportunity to present evidence and make argument on their behalf. The formal rules of evidence do not apply to a hearing under this section.

The judge hearing the case shall make his or her ruling on the basis of a preponderance of the evidence presented at the hearing. If the judge finds that the explosives, explosive materials and/or fireworks were lawfully seized and that, at the time of the hearing, the explosives, explosive materials and/or fireworks constitute materials or other items that cannot be lawfully possessed, stored, handled or used in the jurisdictional limits of the City, the judge shall grant the motion, The decision of the judge is final.

9.52.140.6 Section 5706.6.1.3 Vehicle motor shutdown, Amended.

Motors of tank vehicles or tractors shall be shut down during the making or breaking of hose connections. If loading or unloading is performed without the use of a power pump, the tank vehicle or tractor motor shall be shut down throughout such operations.

Exception: Switch loading is permitted when all precautions and practices are met in accordance with API, RP 2003 — 1998 Protection Against Ignitions Arising out of Static, Lightning, and Stray Currents.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.150 Chapter 61, Liquefied Petroleum Gas, Amended.

International Fire Code, 2021 Edition, Chapter 61, Liquefied Petroleum Gas, is hereby reserved.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.160 Appendix B, Fire-Flow Requirements for Buildings, Amended.

International Fire Code, 2021 Edition, Appendix B, Fire-flow Requirements for Buildings, is hereby adopted in its entirety with the following amendments:
(Ord. No. 019521, § 1, 7-5-2023)

9.52.160.1 Section B105.4 Fire-Flow requirements for private fire hydrants, Added.

B105.4 Fire-Flow requirements for private fire hydrants. The minimum required Fire Flow for all private fire hydrant shall be 1,000 gallons per minute.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.160.2 Section B105.5 Fire-Flow data, Added.

B105.5 Fire-Flow data.

The water flow test data shall only be valid if the required data is obtained within five years from the date plans are submitted to the AHJ.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.170 Appendix C, Fire Hydrant Locations and Distributions, Amended.

International Fire Code, 2021 Edition, Appendix C, Fire Hydrant Locations and Distributions, is hereby adopted in its entirety with the following amendments:
(Ord. No. 019521, § 1, 7-5-2023)

9.52.170.2 Section C102.1 Minimum number of fire hydrants for a building, Amended.

C102.1 Minimum number of hydrant requirements. The minimum number of hydrants required shall be determined by the fire-flow requirements referenced in Table C102.1, as amended. The requirements regarding the average spacing between hydrants and the maximum distance from any point on street or road frontage to a hydrant are found in IFC Chapter 5 Fire Service Features and Appendix D Fire Apparatus Access Roads.

Exception: The fire code official is authorized to accept a deficiency of up to 10 percent where existing fire hydrants provide all or a portion of the required fire hydrant service.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.170.3 Table C102.1 Number and distribution of fire hydrants, amended.

TABLE C102.1 — NUMBER AND DISTRIBUTION OF FIRE HYDRANTS

FIRE-FLOW REQUIREMENT (gpm)	MINIMUM NUMBER OF HYDRANTS
1,700 OR LESS	1
2,000 — 2,250	2
2,500	3
3,000	3
3,500 — 4,000	4
4,500 — 5,000	5
5,500	6
6,000	6
6,500 — 7,000	7
7,500 or more	8 or more [e]

For SI: 1 foot = 304.8 mm, 1 gallon per minute = 3.785 L/m.

a. Reduce by 100 for dead-end streets or roads.

b. Where streets are provided with median dividers which cannot be crossed by fire fighters putting hose lines, or where arterial streets are provided with four or more traffic lanes and have a traffic count of more than 30,000 vehicles per day, hydrant spacing shall average 500 feet on each side of the street and be arranged on a alternating basis up to a fire-flow requirement of 7,000 gallons per minute and 400 feet for higher fire-flow requirements.

c. Where new water mains are extended along streets where hydrants are not needed for protection of structures or similar fire problems, fire hydrants shall be provided at spacing not to exceed 1,000 feet to provide for transportation hazards.

d. Reduce by 50 feet for dead-end streets or roads.

e. One hydrant for each 1,000 gallons per minute or fraction thereof.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.170.1 Section C104.2 Existing private fire hydrants, Added.

C104.2 Existing private fire hydrants. Existing private fire hydrants on adjacent properties shall not be considered available.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.180 Appendix D, Fire Apparatus Access Roads, Amended.

International Fire Code, 2021 Edition, Appendix D, Apparatus Access Roads, is hereby adopted in its entirety with the following amendments:
(Ord. No. 019521, § 1, 7-5-2023)

9.52.180.1 Section D101.2 Roadways governed by Subdivision Ordinance, Added.

D101.2 Roadways governed by Subdivision Ordinance.

Fire apparatus access roads within subdivisions shall be as prescribed in the Subdivision Ordinance of the City of El Paso, Texas.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.180.2 Section D103.1 Access road width with a hydrant, Amended.

D103.1 Access road width with a hydrant.

Where a fire hydrant is located on a fire apparatus access road, the minimum road width shall be 28 feet exclusive of shoulders (See Figure D103.1).
(Ord. No. 019521, § 1, 7-5-2023)

9.52.180.3 Section D103.1.1 Access road length with a hydrant, Added.

D103.1.1 Access road length with a hydrant.

Where a fire hydrant is located on a fire apparatus access road, the minimum road length shall be 40 feet with the fire hydrant located on center.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.180.4 Section D103.1.1.1 Access road with hydrant access curbs, Added.

D103.1.1.1 Access road with hydrant access curbs.

Hydrant access curbs are to be painted red and be conspicuously and legibly marked with the warning "FIRE LANE—TOW AWAY ZONE" in white letters at least three inches tall with a one-half inch stroke.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.180.5 Section D103.1.1.1.1 Access road without hydrant access curbs, Added.

D103.1.1.1.1 Access road without hydrant access curbs.

If no curb is provided, a red stripe a minimum of 6 inches shall be painted on the pavement and be conspicuously and legibly marked with the warning "FIRE LANE—TOW AWAY ZONE" in white letters at least three inches tall with a one-half inch stroke.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.180.6 Section D103.2 Grade, Amended.

D103.2 Grade.

Fire apparatus access roads shall not exceed 11 percent in grade.

Exception: Grades steeper than 11 percent as approved by the fire chief, but not to exceed 15 percent.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.180.7 Section D103.4 Dead ends, Amended.

D103.4 Dead ends.

Dead-end fire apparatus access roads in excess of 250 feet shall be provided with width and turnaround provisions in accordance with Table 103.4.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.180.8 Table 103.4 Requirements for Dead-End Fire Apparatus Access Roads, Amended.

Table 103.4 Requirements for Dead-End Fire Apparatus Access Roads, is hereby amended to read as follows:

Length (feet)	Width (feet)	Turnarounds required
0—250	20	None required
251—300	20	60-foot "T cul-de-sac", 60-foot "Y" or 90-foot-diameter cul-de-sac in accordance with figure D103.1
301—600' See Note 1	20	90-foot-diameter cul-de-sac in accordance with Figure D103.1
Over 600' See Note 1	Special approval required	Special approval required

Note 1 - Intermediate turnarounds will be required, spaced at a maximum distance of 600' apart.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.180.9 Section D103.5 Fire apparatus access road gates, Amended.

1. Where a single gate is provided, the minimum gate width shall be 20 feet. Where a fire apparatus road consists of a divided roadway (median or guard post), two adjacent gates may be allowed if the minimum width of each gate is not less than 13 feet and the access road is at a straight approach and departure to the gate. The portion reduced to 13 feet shall be a minimum of 20 feet in approach and departure. The turning radius for all apparatus access roads is still required to be met for all access roads including those allowed by this section.

2. Gates shall be of the horizontal swing, horizontal slide, vertical lift or vertical pivot type.

3. Construction of gates shall be of materials that allow manual operation by one person.

4. Gate components shall be maintained in an operative condition at all times and replaced or repaired when defective.

5. Electric gates shall be equipped with a means of opening the gate by fire department personnel for emergency access. Emergency opening devices shall be approved by the AHJ.

6. Methods of locking shall be submitted for approval by the AHJ.

7. Electric gate operators, where provided, shall be listed in accordance with UL 325.

8. Gates intended for automatic operation shall be designed, constructed and installed to comply with the requirements of ASTM F2200. (Ord. No. 019521, § 1, 7-5-2023)

9.52.180.10 Section D103.6 Signs, Amended.

D103.6 Signs and markings.

Where required by the AHJ, fire apparatus access roads shall be marked, at the expense of the owner, with permanent "FIRE LANE—TOW AWAY ZONE" signs. Such signs shall be of standard size, color, lettering and mounting complying with El Paso City Code, Title 19, Subdivision Ordinance — Design Standards for Construction. Placement of fire lane signage shall meet the following:

1. One sign shall be posted at each end of an official fire lane. Each sign shall have a single head arrow showing the appropriate direction of the fire lane.

2. A fire lane longer than 100 feet shall have intermediate signs posted at even intervals. Intermediate signs shall have a double headed arrow indicating the fire lane is continuous. The intermediate signs may be posted as necessary, but in no case shall the interval between fire lane signs be greater than 100 feet.

3. The fire lane sign shall be securely fastened to a suitable pole or support with a minimum vertical clearance above the sidewalk of 7 feet.

4. When poles are used to mount fire lane signs they shall be placed 2 feet 6 inches behind the face of the curb. In accordance with the El Paso City Code, Title 12 — Vehicles and Traffic, no pole or obstruction may be placed within 5 feet of a fire hydrant.

5. Fire lane signs shall be posted parallel to the lane or curb to which they apply.

6. When the distance between the curb and a building, pole or other structure is 8 feet or less, the fire lane signs may be posted on the face of the building, light pole or other structure. The bottom of the sign shall be located 7 feet above the adjacent sidewalk.

7. When required by the AHJ, the owner shall also cause curbs to be painted red and be conspicuously and legibly marked with the warning "FIRE LANE—TOW AWAY ZONE" in white letters at least 3 inches tall with a one-half inch stroke, at intervals not exceeding 50 feet. If no curb is provided, a red stripe a minimum of 6 inches wide shall be painted on the pavement and be conspicuously and legibly marked with the warning "FIRE LANE—TOW AWAY ZONE" in white letters at least 3 inches tall with a one-half inch stroke, at intervals not exceeding 50 feet.

8. It is unlawful for any person, without lawful authority, to remove any signs designating a fire lane. It shall be unlawful for any person to place, maintain or display any unauthorized fire lane, or use the color red for the marking of a no parking zone that purports to be, imitates or resembles official signage or marking of a fire lane. 9.52.180.12 Section D103.6.1 Roads 20 to 28 feet in width, Amended. D103.6.1 Roads up to 28 feet in width.

Fire apparatus access roads less than or up to 28 feet wide shall be posted on both sides as a fire lane.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.180.13 Section D103.6.2 Roads more than 28 feet in width, Amended.

D103.6.2 Roads more than 28 feet in width.

Fire apparatus access roads more than 28 feet wide and less than 36 feet wide shall be posted on one side of the road as a fire lane.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.180.14 Section D103.6.3 Responsibility, Added.

D103.6.3 Responsibility.

The owner or his representative of a building which is adjacent to the fire lane shall be responsible for maintaining the fire lane and ensuring that the fire lane free is clear of obstructions. It is unlawful to park any vehicle other than an authorized emergency vehicle in any fire lane. Unauthorized vehicles parked in designated fire lanes that block fire department or other emergency vehicle access may be towed to a designated storage facility by the authority of the AHJ.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.180.15 Section D103.6.4 Records, Added.

D103.6.4 Records.

The official records of the designation and location of any such fire lanes shall be kept by the AHJ. The AHJ may require the property owner to submit site plans for determining and recording fire lanes on the property.
(Ord. No. 019521, § 1, 7-5-2023)

9.52.180.16 Section D103.7 Enforcement, Added.

D103.7 Enforcement.

The AHJ is empowered to enforce all fire lane violations when a designated fire lane is properly identified by signs, painted curbs, painted pavement, or by combination thereof.

(Ord. No. 019521, § 1, 7-5-2023)

9.52.240 Appendix O, Fee Schedule, Added.

Appendix O Fee Schedule.

O101 License Fees.

O101.1 The AHJ is authorized to charge a separate fee for each license and permit required by this Fire Code in the amount identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the City Council. When hourly rates are specified in the budget resolution or other appropriately adopted resolution by the City Council, the minimum charge shall be as specified in the resolution. There shall be no reduction in the hourly rate based on services performed taking less than the full hour.

Within the ordinance, budget resolution, application forms, and adopted IFC and amendments, the term license may be also identified by and interchanged with the term permit.

O101.2 Hazardous Materials.

A. When a license for hazardous materials is required by International Fire Code Section 105.6, as amended by 9.52.030.4 this Chapter, for a facility, the owner or operator of such facility shall pay a license fee as identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the City Council.

B. Temporary Workplaces: When a hazardous materials license is issued for a facility, such location may have temporary workplaces at locations outside of the facility for which the license was issued, provided that such temporary workplaces are listed on the chemical description sheet submitted with the license application or on other forms designed by the Fire Department. Licensees shall submit to the El Paso Fire Department any changes in the location of temporary workplaces and receive approval of such changes by the El Paso Fire Department prior to using such temporary workplaces. To qualify as a temporary workplace, the location shall have fewer than twenty-five reportable chemicals and shall be staffed less than twenty hours a week. Additional licenses shall not be required for temporary workplaces.

O102 Re-Inspection fees. For any re-inspection required because the facility and/or fire system failed to comply with this Fire Code or because the work was not ready for the inspection as requested; or if the request is for a partial inspection, partial acceptance and/or phase inspection, a fee shall be in an amount identified in the adopted budget resolution for the current fiscal year or

other appropriately adopted resolution by the City Council. Inspections conducted by firefighting companies requiring a Fire Inspector follow-up shall be assessed a re-inspection fee in an amount identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the City Council.

O103 Investigation/Inspection fees. For any investigation or inspection which is not a part of a regular license or permit program, whether during regular duty hours or at a time other than regular duty hours, the fee shall be identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the City Council. Said fee may be in addition to any other required fees.

O104 Fire Watch/Standby. The AHJ, as defined in the IFC, shall have authority to require a fire-watch, as defined by the section 202 IFC. Fire watch personnel shall be referred to as fire guards, and shall comply with NFPA 601, Standard for Security Services in Fire Loss Prevention. If El Paso Fire Department personnel function as fire guards, whether during regular duty hours or other than regular duty hours, a fee shall be assessed in an amount identified in the adopted budget resolution or other appropriately adopted resolution by the City Council for the current fiscal year. Fire guards shall not be assigned to other duties that will interfere with their fire watch function.

O105 Site Assessments/Non-regulatory Inspections. Inspections that are outside the regulation of the International Fire Code or an ordinance of the City of El Paso, and are not initiated by the El Paso Fire Department, shall be assessed a fee as specified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the City Council. Such inspections include those requested in order to comply with an applicable government regulation, or which are solely for the purpose of consulting or pre-construction guidance. Home fire safety inspections shall be offered without charge.

O106 Commercial Safety Training. Commercial for-profit entities requesting fire safety training to comply with applicable government regulation shall be assessed a fee as specified in the adopted budget resolution or other appropriately adopted resolution by the City Council for the current fiscal year.

O107 Fire Protection Systems. A fee shall be assessed in an amount identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the City Council for the plan review and a separate fee shall be assessed for all fire protection systems initial acceptance tests/site inspections exclusive to El Paso Fire Department review. Fire protection systems failing inspection, in whole or in part, shall be assessed a re-inspection fee in an amount identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the City Council.

O108 Building Permit Fire Finals. Fire final inspections for building permits shall be assessed a fee in an amount identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the City Council.

O109 Expedited Services Fees. A fee shall be assessed for expedited inspections, customized plan review, and plans reviewed by appointment upon request in an amount identified in the adopted budget resolution for the current fiscal year or other appropriately adopted resolution by the City Council. Such services shall be subject to availability and the approval of the AHJ.

Chapter 9.80

WATER WELLS

Sections:

9.80.010 Permit—Required.
9.80.020 Permit—Application—Contents.
9.80.030 Permit—Fees.
9.80.040 Extending depth authorized in permit—Additional permit required.
9.80.050 Permit—Wells less than fifty feet deep—Applicability of provisions.
9.80.060 Permit—Executing in duplicate.
9.80.070 Pipe casing weights.
9.80.080 Extension of casing above surface—Furnishing records and samples of earth required.
9.80.090 Change in casing size—Sealing off openings.
9.80.100 Drilling of wells over eighty feet deep—Manner of doing work—Abatement of nuisance.
9.80.110 Correction of defects—Statement required.
9.80.120 Abandoned wells—Method of filling and plugging.
9.80.130 Wells polluting or contaminating city water supply declared to be nuisances—Abatement.
9.80.140 Wells outside/inside city posing threat to city water supply.
9.80.150 Enforcement—Duty of the public service board and superintendent of the department of water and sewerage.
9.80.160 Enforcement—Powers and duties of superintendent.
9.80.170 Furnishing water samples.
9.80.180 Failure to comply with order of enforcing authorities deemed a violation of chapter.

9.80.010 Permit—Required.

It is unlawful for any person to drill or otherwise construct, repair, correct, abandon or plug a well, or to engage upon such work, within the city, without first applying for and securing a permit from the superintendent, with the approval of the public service board. Such permit shall be granted by such superintendent, with the approval of such board, to any person who files with the superintendent the application hereinafter provided for, and pays the fee hereinafter required, and complies with all other provisions of this chapter applicable to him. (Prior code § 23-14)

9.80.020 Permit—Application—Contents.

Every application for a permit for the construction, repair and correction, abandonment or plugging of a well, shall state the name and address of the owner thereof; the purpose for which the permit is desired, which shall be one or more of the acts mentioned in Section 9.80.010; the definite location of the well or proposed well; its approximate depth; and if for a permit for the drilling or construction or repair and correction of a water well, the estimated amount of water to be, or which is, pumped daily, monthly or annually, and the uses for which the water will be or is required; if for a permit for the drilling or construction or for the repair and correction of a well, the proposed method of drilling or construction, or the proposed method of repair and correction, and the kind of equipment to be used; and, in all cases, the name of the contractor when the owner desires to drill or construct, repair and correct, or do the work pursuant to an abandonment of a well in compliance with this chapter through a contractor. (Prior code § 23-15)

9.80.030 Permit—Fees.

The fees for the permits required by this chapter shall be as follows:

A. For the drilling or construction of a new well up to fifty feet deep, ten dollars;

B. For the drilling or construction of a new

well fifty feet deep to one hundred and fifty feet deep, twenty dollars;

C. For the drilling or construction of a new well one hundred and fifty feet deep to four hundred feet deep, thirty dollars;

D. For the drilling or construction of a new well over four hundred feet deep the fee set out in subsection C of this section and in addition thereto, for each one hundred feet or fraction thereof in excess of four hundred feet, ten dollars;

E. To repair or correct a defective well, twenty dollars;

F. To abandon or plug a well, twenty dollars. (Prior code § 23-16)

9.80.040 Extending depth authorized in permit—Additional permit required.

It is unlawful for any applicant who obtains a permit to construct a well of a certain depth to extend such well to a depth exceeding the depth provided for in such permit without first obtaining an additional permit therefor. (Prior code § 23-17)

9.80.050 Permit—Wells less than fifty feet deep—Applicability of provisions.

The provisions of this chapter shall not apply to wells or other openings less than fifty feet in depth; provided, however, the owner of any proposed well less than fifty feet in depth shall be required to apply for and receive from the superintendent of the department of water and sewerage a permit to construct such well, the application for which shall supply all the information required under Section 9.80.020, and for such permit the superintendent will charge and receive the fee provided for in Section 9.80.030. (Prior code § 23-18)

9.80.060 Permit—Executing in duplicate.

All permits shall be executed in duplicate, one copy to be delivered to the applicant and one copy to be retained in the office of the public service board. (Prior code § 23-19)

9.80.070 Pipe casing weights.

A. Every well hereafter constructed shall be cased with standard pipe which shall weigh per foot not less than the weights specified in the following table:

Size of Casing and Screen	Minimum Weight Per Foot of Casing
4″ inside diameter	10 pounds
5″ inside diameter	14 pounds
6″ inside diameter	18 pounds
8″ inside diameter	28 pounds
10″ inside diameter	40 pounds
12″ inside diameter	49 pounds
15″ outside diameter	60 pounds
18″ outside diameter	80 pounds
20″ outside diameter	89 pounds

B. The pipe and also the screen proposed to be used shall in all cases be subject to the approval of the superintendent. (Prior code § 23-21)

9.80.080 Extension of casing above surface—Furnishing records and samples of earth required.

The casing of every well shall extend one foot above the surface of the ground at the location of the well, or, if in the judgment of the superintendent greater extension is required to prevent the possible contamination and pollution of the city's water supply, the casing shall extend such distance above the surface of the ground as in his judgment is necessary to effect such purpose. The owner of the well shall furnish to the superintendent a complete log during the construction of the well, which shall record the top and bottom of each change in formation and shall also furnish, if required by him, the superintendent, samples of the material at each change in formation, these samples to be enclosed in covered glass containers and plainly labelled with the depth at top and bottom of the section of the well from which they were taken, and should any stratum be of greater thickness than ten feet samples shall be taken and preserved of such section as each ten feet or fraction thereof in the manner herein described. (Prior code § 23-22)

9.80.090 Change in casing size—Sealing off openings.

The owner of a well under construction shall furnish to the superintendent a complete record of the length, position and size of each change in diameter of the well casing, together with the position and size of screens and number and size of screen openings. Where smaller casings are inserted inside those of larger diameter there shall be used an overlap of at least ten feet, and every opening between the different sizes of casings shall be completely sealed in a manner satisfactory to the superintendent, and all water above, and below if required by him, the depth from which a supply will be taken shall be sealed off and prevented from mixing with the supply source of such well. The method of casing and sealing in all particulars shall be subject to the approval and under the supervision of the superintendent, and no well shall be put in operation until authorized in writing by the superintendent of the city waterworks, and such authorization shall be given when such superintendent has been satisfied that the provisions of this chapter governing the construction and operation of the well have been in all things complied with. (Prior code § 23-24)

9.80.100 Drilling of wells over eighty feet deep—Manner of doing work—Abatement of nuisance.

Any well over eighty feet in depth shall be so drilled, installed or constructed that it will prevent the mixing of water or liquid from above or below such water-bearing strata, such construction, drilling and installation to be accomplished in the following manner:

A. There must first be a test hole drilled to the full depth at which it is proposed to finish the well and at the exact location of the proposed well. This test hole must be at least six inches bottom diameter and the driller shall keep an accurate log or record of all formations penetrated, such log to contain information concerning the depth and nature of each formation penetrated as well as the depth of the top and bottom of each formation below the ground surface, and shall, during the drilling of such test hole obtain true samples of water or liquid from each water-bearing formation penetrated. When the test hole is finished or completed the owner shall submit two copies of such log or record to the superintendent together with the certified chemical analyses of true samples of water obtained from all water-bearing formations penetrated. The superintendent shall determine which strata penetrated and which water obtained from the test hole are objectionable and likely to pollute the water-bearing strata from which the water supply of the city is taken or drawn.

B. In the event that it is apparent that a stratum of contaminated water or water having a high mineral content has been encountered in the test hole below the water-bearing strata from which the water supply of the city is taken or drawn, it shall be imperative that such contaminated or highly mineralized stratum be plugged or closed off from the remainder of the well. This shall be accomplished by pumping through a pipe extending to the bottom of the test hole a plastic or aqueous mixture of quick-setting cement of sufficient quantity to completely plug or extend entirely through such contaminated or mineralized stratum and well up into the first impervious or nonwater-bearing stratum above. The test hole shall then be allowed to remain undisturbed for a period of at least twenty-four hours in order that the cement plug become thoroughly set or hardened.

C. In order to prevent contaminated, polluted, highly mineralized or otherwise objectionable water encountered in any stratum above those from which the water supply of the city is taken or drawn, from entering or mixing with the water-bearing strata from which the city supply is taken or drawn, and to prevent the entrance of surface water to such water-bearing strata, in each case of a well drilled over eighty feet and penetrating the water-bearing strata from which the city supply is taken or drawn, the following

procedure shall be followed: The test hole shall be reamed out to the desired diameter of the finished well down to the first impervious or nonwater-bearing stratum above the strata from which the water supply of the city is taken or drawn. The casing shall then be set down to the aforesaid point or depth and upon a nonwater-bearing or impervious stratum. The annular space between the outside of the casing and the bore hole or natural formations shall then be completely filled with a plastic or aqueous mixture of quick-setting cement which shall be pumped into the well under pressure through a pipe or conduit extending to the bottom of the casing as set, such cement entering the annular space between the outside of the casing and the bore hole at the bottom of such casing, and filling such annular space by flowing upward to the top of the well or surface of the ground. Evidence of such annular space being completely filled shall be by the plastic or aqueous cement mixture returning to and flowing from the annular space at the surface of the ground.

D. All cementing work called for above, shall be performed by a person regularly engaged in such business and approved by the superintendent; provided, however, the drilling contractor or driller of the well may perform such work if he submits satisfactory evidence to such superintendent that he is thoroughly capable, qualified and equipped to do any and all of such cementing work; and provided further, no person shall commence or perform such cementing work without having been approved for same by the superintendent.

E. Every well which for any reason does not completely prevent the mixing of water or other liquid from above and below the source of the city's water supply with the water in the course of the city's water supply, or which for any reason would tend to pollute or contaminate the water in the course of the city's water supply shall be considered a defective well and is hereby declared to constitute a nuisance, and the superintendent on his own initiative or upon information or complaint from any source shall make an examination of any well suspected of being defective and shall issue written instructions to the owner or his agent in charge of such well or the property upon which it is situated, for correcting the defects to comply with the provisions of this chapter, and shall prescribe a time which, in his judgment, under all the circumstances, is reasonable and within which such instructions shall be complied with. It is unlawful for the owners or operators of such defective well to fail to comply with such instructions and abate such nuisance within the time limit prescribed by such superintendent, and in addition such nuisance may be abated by the city as hereinafter provided.

F. The provisions in subsection B of this section, relating to the plugging of wells where contaminated water or water having a high mineral content has been encountered below the stratum or strata from which the water supply of the city is taken or drawn, and the provisions of subsection C of this section, relating to the seal or casing of wells above the strata from which the water supply of the city is taken or drawn, shall apply to all wells heretofore drilled or which are now being drilled, or which may have been abandonded, as well as all wells which are hereafter drilled, and upon proper notice, as called for in Section 9.80.130 being given to the owner, agent of the owner or lessee of the property on which any such well is situated, such well shall be plugged or sealed as called for herein, and upon the owner, agent of owner or lessee failing to comply, he shall be deemed guilty of a misdemeanor for maintaining a nuisance and punished as provided for in Sections 1.08.010, 1.08.020 and 1.08.030. In addition, should the owner, agent of owner or lessee fail to comply with the order of the superintendent, the superintendent may apply to the city council of the city for permission to plug, seal or case such defective well and thereby abate such nuisance, and place a lien on

such property and a personal charge against the owner to cover the costs thereof, and setting forth in his application the location of the well, the name of the record owners of such property and the agents, if any, in charge of same and the lessees, if any, in possession of such property, and in addition, such superintendent shall state in such application the manner in which such well is defective. Notice of the filing of such application to plug, case or seal such well and place alien on the property and a personal charge against the owner to cover the costs thereof, directed to the record owners, shall be published once in the official newspaper of the city and not less than five days thereafter, at any regular meeting of the city council, such city council may hear such application, and if it determines by resolution that such well is defective and thereby constitutes a nuisance, it shall by resolution order the superintendent of the city waterworks to proceed with the plugging, casing or sealing of such well and to file upon completion of the work, with the city clerk, a sworn statement setting forth the expenses incurred in plugging, sealing or casing the well, and upon the filing of such statement, the mayor shall incorporate same in a notice to be executed and acknowledged by him and filed with the county clerk, setting forth the claim of the city for expenses incurred in plugging, sealing or casing such well, and upon the filing of such notice, same shall constitue a lien against the property on which such well is located and a personal charge against the owner and suit may be instituted thereon, and such lien foreclosed as provided by law for the foreclosure of other liens. Notice shall be given to any person in possession of the property on which the defective well is located by mailing a copy of the published notice to such person. (Prior code § 23-25)

9.80.110 Correction of defects—Statement required.

Upon completion of the work of correcting the defects of any well, and before putting it into operation, the owner of such well shall file with the superintendent a sworn statement that all defects have been corrected to comply with this chapter in accordance with instructions issued by the superintendent, and failure to file such statement within thirty days after completion of correction of the defects shall be deemed a violation of this chapter. (Prior code § 23-27)

9.80.120 Abandoned wells—Method of filling and plugging.

For the purpose of this chapter, an abandoned well is (a) a defective well which, in the judgment of the superintendent, cannot be corrected to comply with the requirements of this chapter, or (b) any well which has been continuously out of use for a period of two years, or longer. Whenever any well has not been in active use for more than two years, the owner or operator of the same shall report such fact to the superintendent. Every abandoned well shall be filled and plugged with such materials and in such manner as, in the judgment of such superintendent, will prevent the pollution and contamination of the city's water supply. Such filling and plugging shall be done under the supervision of such superintendent, and at the expense of the owner of such well. Whenever the superintendent shall receive notice from any source, of the existence of an abandoned well which has not been plugged and filled in accordance with the provisions of this chapter, he shall notify the owner or agent in charge of such well or of the property upon which it is situate that such well is abandoned and shall instruct him to fill and plug such well in accordance with this chapter, and the owner or operator of such well shall comply with such order within sixty days after the date of same. Should he fail to so comply within such period or if after using reasonable diligence, should the superintendent fail to locate the owner or agent in charge of such well or of the property upon which the well is situate, the superintendent shall go on the land or property upon which the well is situate and fill and plug the same in the manner required by this chapter. Whenever it becomes necessary for the

superintendent to fill and plug any abandoned well the owner thereof shall be liable to the city for the cost of doing such work. (Prior code § 23-28)

9.80.130 Wells polluting or contaminating city water supply declared to be nuisances—Abatement.

Any well or other opening now constructed or which may hereafter be constructed penetrating the underground water supply, and which pollutes or contaminates, or tends in the judgment of the superintendent to pollute or contaminate the city's water supply and which cannot be corrected in the judgment of the superintendent to prevent pollution or contamination, is declared a nuisance and on notice to the owner of such well or opening, or to his agent in charge of it or of the property on which it is situate, issued by the superintendent such nuisance shall be abated by the owner within sixty days from the date of such notice, by filling and plugging the well or opening in the manner provided for in this chapter for abandoned wells, and if he shall fail to abate such nuisance within such time or if after exercising reasonable diligence, the superintendent is unable to locate the owner or his such agent, the superintendent shall go on the land or property upon which the well is situate, and abate such nuisance in the manner provided in this chapter, and the owner thereof shall be liable to the city for the cost of such work. (Prior code § 23-29)

9.80.140 Wells outside/inside city posing threat to city water supply.

The owner or lessee of property on which any well heretofore drilled or that may be hereafter drilled outside the city which is found to be a contaminating or polluting influence to the underground water-bearing strata from which the municipal water supply of the city is taken or drawn or may hereafter be taken or drawn, as well as the owner or lessee of all wells drilled inside the city, shall be subject to all the provisions of Section 9.80.100, and all other provisions of this chapter relating to the protection of the water supply of the city, and any such contaminating well may be abated as provided therein. Any person desiring to drill a well outside of the city at any location within the radius of five miles of any well inside or outside the city from which the water supply of the city is taken or drawn or may be hereafter taken or drawn, prior to drilling such well shall fully comply with all provisions of Section 9.80.100, and the provisions of this chapter relating to the protection of the water supply of the city, and upon failure to do so shall be punished as provided therein. (Prior code § 23-26)

9.80.150 Enforcement—Duty of the public service board and superintendent of the department of water and sewerage.

The public service board and the superintendent of the department of water and sewerage are charged with the enforcement of this chapter and shall exercise the powers herein granted to them for this purpose. (Prior code § 23-12)

9.80.160 Enforcement—Powers and duties of superintendent.

A. The superintendent shall have the power:

1. To make examinations of all wells within the city, whether privately owned or otherwise;

2. To make or have made at any time the necessary analyses and tests of water therefrom;

3. To go upon the land and property of the owners of wells for that purpose;

4. To require the owners to furnish all information requested concerning them;

5. To supervise the construction, repair, abandonment and plugging of wells and the operation of the same.

B. The superintendent shall keep an accurate register of all wells within the city, which shall show the name of the owner, the location and date of construction of each well, its depth and

diameter, the purpose for which the well was constructed, and if abandoned, the date of such abandonment. At such intervals as may be considered necessary by the superintendent, but not exceeding two years, there shall be entered in the register the then condition of each well registered, together with an analysis of the water from each of such wells.

C. Whenever necessary to make an inspection to enforce any of the provisions of this chapter the superintendent or his authorized representative may enter such building or premises at all reasonable times to inspect the well or to perform any duty imposed upon the superintendent by this chapter; provided, that if such building or premises be occupied, he shall first present proper credentials and request entry; and if such building or premises be unoccupied, he shall first make a reasonable effort to locate the owner or other persons having charge or control of the building or premises and request entry. If such entry is refused, the superintendent or his authorized representative shall have recourse to every remedy provided by law to secure entry.

D. When the superintendent or his authorized representative shall have first obtained a proper inspection warrant or other remedy provided by law to secure entry, no owner or occupant or any other persons having charge, care or control of any building or premises shall fail or neglect, after proper request is made as herein provided, to promptly permit entry therein by the superintendent or his authorized representative for the purpose of inspection and examination pursuant to this chapter. (Prior code § 23-20)

9.80.170 Furnishing water samples.

The owner of every well shall furnish to the superintendent for analysis, samples of water when and as required, not only during the construction of the well, but at any time thereafter when requested. (Prior code § 23-23)

9.80.180 Failure to comply with order of enforcing authorities deemed a violation of chapter.

It shall be deemed a violation of this chapter for any person to fail or refuse to comply with any order of the superintendent, or of the public service board, made in conformity with and under the authority of this chapter. (Prior code § 23-13)

Article I. General Provisions

9.85.010 Ambulances—Response to calls to be in compliance with franchise terms.

The driver or operator, as the term is defined in Section 9.85.040 F, of an ambulance, other than a city EMS vehicle, shall not respond to any call to pick up an ill, injured or dead person in any public street, public alley or public park except in compliance with the terms of a franchise granted by the city council.

(Ord. No. 18547, § 1, 8-9-2016)

9.85.020 Requests for service.

No person shall, by any means whatsoever, cause the El Paso emergency medical service to dispatch an EMS ambulance, unless he or she knows, or has reasonable grounds to believe, that a bona fide medical emergency exists.

(Ord. No. 18547, § 1, 8-9-2016)

9.85.030 Posting.

A. Posting of ambulances to meet required response obligations will be allowed in areas that do not obstruct public convenience or pose a safety hazard.

B. The ambulance service shall have no right to compensation from anyone for picking up a person from a street, alley or park in violation of subsection A of this section.

(Ord. No. 18547, § 1, 8-9-2016; Ord. No. 18691, § 1, 6-13-2017)

Editor's note—Ord. No. 18691, § 1, adopted June 13, 2017, changed the title of Section 9.85.030 from "cruising prohibited" to the present title.

Article II. Private Emergency and Transfer Ambulance Service

9.85.040 Definitions.

The following words shall have the following meanings:

A. "City" means the City of El Paso.

B. "Emergency" means any circumstance that calls for immediate action and in which the element of time in transporting the sick, wounded or injured for medical treatment is essential to the health or life of the person.

C. "Emergency ambulance" means any motor vehicle especially designed, constructed, equipped and used for transporting the injured or sick in answer to an emergency call.

D. "Emergency call" means any request for ambulance service that is made by telephone or

other means of communication in circumstances which are, or have been represented to be, an emergency requiring immediate ambulance service.

E. "Emergency dispatch system" means the facility from which EMS units are radio dispatched.

F. "Operator" means any individual, firm or corporation engaged in the business of transporting the injured, wounded, sick or deceased and using the streets of the city for such purpose.

G. "Response time" means the time from which a call is received until the time of arrival at the scene.

H. "Street" means any street, alley, avenue, boulevard, drive or highway commonly used for the purpose of travel within the corporate limits of the city.

I. "Transfer ambulance" means any ambulance meeting current Texas Department of State Health Services construction requirements, equipped and used for transferring the injured or sick under circumstances which do not constitute an emergency and which have not been represented as an emergency.

(Ord. No. 18547, § 1, 8-9-2016; Ord. No. 18691, § 2, 6-13-2017)

9.85.050 Franchise—Required.

It is unlawful for any person, firm, corporation or operator to engage in furnishing a transfer service by operating, driving or causing to be operated or driven a transfer vehicle upon the streets of the city without first having obtained a franchise in accordance with the terms and provisions of this article.

(Ord. No. 18547, § 1, 8-9-2016; Ord. No. 18691, § 3, 6-13-2017)

9.85.060 Franchise application—Contents; denial.

A. Application for a franchise shall be filed with the city clerk upon forms furnished by the city clerk along with the applicable application fee. The applicant shall furnish the following information:

1. A statement that the applicant has obtained liability insurance in accordance with the requirements provided by this article before commencing service;

2. A statement of the number of vehicles which the applicant proposes to operate and the make, model and vehicle identification number of each transfer vehicle;

3. A statement that each vehicle is supplied with minimal emergency equipment as set forth in Section 9.85.110.C;

4. A list of persons who will act as ambulance attendants and drivers, their current State of Texas Department of State Health Services certificate status, and their date of employment, current driver's license issued by a U.S. state or the U.S. federal government and expiration date, defensive driving or current emergency vehicle operators course certificate, and physician release; and

5. A statement that the safety mechanism of the vehicle is operative and is in good repair; including, but not limited to, headlights, tail-lights, turn signals, brakes, brake lights, emergency lights, windshield wipers, wiper blades, handles opening doors and windows, and tires and spare tires.

B. Copies of each application for a franchise shall be forwarded to the chief of the fire department or designee for acceptance or denial, and the chief of the fire department shall review applications for ambulance service and make recommendations to the city council.

C. Any person who gives false information regarding any statements made in subsections A.1 through A.5 of this section, shall have his or her application denied, and be guilty of a misdemeanor and subject to the punitive measures set forth in Section 1.08.010.

D. The chief of the fire department may deny an application for a franchise, whether original or renewal, by serving the applicant with written no-

tice by hand-delivery or certified mail, return-receipt requested, if the chief of the fire department finds:

1. That the applicant has supplied false or incorrect information on the franchise application;

2. That the applicant has failed to supply all information required on the franchise application form; or

3. That the applicant has failed to pay the franchise application fee.

E. In the event that the applicant's franchise is under suspension or revocation, no new franchise shall be granted until the term of such suspension or revocation has expired.

F. The chief of the fire department shall issue written notice of denial of a franchise application to the applicant which shall contain, as a minimum, the following:

1. The name of the applicant;

2. Statement that the application is denied; and

3. Reason(s) for the denial.

(Ord. No. 18547, § 1, 8-9-2016; Ord. No. 18691, § 4, 6-13-2017; Ord. No. 019616, § 1, 4-23-2024)

9.85.070 Franchise—Application; factors considered; review; hearing.

A. Upon acceptance of an application for a franchise, the city council will set the time for a public hearing thereon and receive evidence as to whether the public convenience and necessity justify granting the franchise, whether the applicant is qualified to render good service and has or will have sufficient equipment of suitable type and condition, and to any other relevant facts bearing on whether the franchise will be in the public interest. The city council shall grant the franchise and determine upon what terms and conditions it will be granted, or shall refuse to grant it, in accordance with the council's findings as to whether considering the above standards, the public interest will be served.

B. In all hearings, the burden of proof shall be upon the applicant to establish that a need in the community exists for the services.

C. Factors considered. In determining public convenience and necessity, the city council may consider but not be limited to the following:

1. The need for an additional franchise. The number of providers available to provide service in the area in which the applicant proposes to furnish services, and whether granting the franchise will adversely affect existing service providers;

2. The distance from the operational address at which the applicant proposes to operate the franchise to hospitals and other medical providers serving the public;

3. Response times, total number of calls for service, and total number of completed transfers for the franchises already serving the area;

4. The reasonableness of the proposed rates to be charged by the applicant;

5. Financial responsibility of the applicant; and

6. Whether the applicant has performed such service in a satisfactory manner in the past.

(Ord. No. 18547, § 1, 8-9-2016; Ord. No. 019616, § 2, 4-23-2024)

9.85.080 Insurance.

A. No vehicle shall be operated on the public streets of the city unless the applicant provides to the city clerk a copy of the public liability insurance policy, issued by an insurance company authorized to do business in the state, required by subsection B of this section.

B. 1. Franchisee shall obtain and maintain in effect throughout the term of their franchise public liability insurance in an amount of not less than five hundred thousand dollars.

2. Franchisee shall maintain comprehensive general and automobile liability coverage with limits of no less than five hundred thousand dollars per occurrence and one million dollars annual aggregate. Franchisee shall maintain medical pro-

fessional liability coverage with limits of no less than five hundred thousand dollars per occurrence and one million dollars annual aggregate.

C. Such insurance policies shall not contain a passenger liability exclusion.

D. Each liability insurance policy shall contain a provision obligating the insured to give the city clerk written notice of cancellation or reduction not less than ten days prior to any cancellation or reduction.

(Ord. No. 18547, § 1, 8-9-2016; Ord. No. 18691, § 5, 6-13-2017)

9.85.090 Attendants and drivers—Requirements.

Attendants and drivers employed with an ambulance service must meet the following minimal requirements:

A. Be currently certified with the Texas Department of State Health Services, Emergency Medical Services Division, as an emergency medical technician and indicate the applicable level;

B. No later than ninety days from the date of employment, must provide evidence showing completion of the Texas Department of License and Regulations approved defensive driving course or a current emergency vehicle operators course certificate provided by the El Paso Fire Department; and

C. Possess a license valid to operate an emergency vehicle and transfer ambulance from the State of Texas or New Mexico; and

D. Within fifteen days of employment, must have a written statement from a physician, authorized to practice medicine in the state, stating that the person is free of communicable diseases and is physically capable of performing the required duties.

(Ord. No. 18547, § 1, 8-9-2016; Ord. No. 18691, § 6, 6-13-2017)

9.85.100 Ambulance operations.

A. Ambulance service operators, their agents or employees, upon receipt of request for emergency service within the city limits, shall immediately relay the request to the EMS emergency dispatch system.

B. Unless authorized to do so by the chief of the fire department or his designee, it is unlawful for ambulance service operators, their agents, or their employees to go to the scene of an emergency within the city limits with the intent to provide emergency service and transportation; provided, however, if persons operating a transfer or emergency vehicle discover an emergency situation within the city limits, they shall immediately notify the EMS emergency dispatch system and shall remain to render aid until an EMS vehicle arrives.

C. Franchisee shall mark each ambulance distinctly with its company's name. Franchisee's name shall be marked with a minimum one inch wide and five inches tall lettering on at least three sides of the ambulance. The color of franchisee's name must contrast with the color of the ambulance or the wrap. The Texas Department of State Health Services provider's license number shall be displayed on the sides of the ambulance with "TX" appearing prior to said number in the width and height required by the State of Texas. Business phone numbers and logos are permissible; however, the words "Emergency Medical Services" or "EMS" shall not be used in any fashion.

D. Ambulance service operators, their agents, or their employees, shall not hold out to the public in any manner that their personnel are trained EMTs or paramedics unless they have been so certified by the Texas Department of State Health Services.

E. Ambulances shall be used only for the purpose of transporting patients, and no other use shall be lawful.

(Ord. No. 18547, § 1, 8-9-2016; Ord. No. 18691, § 7, 6-13-2017)

9.85.110 Personnel, vehicles and equipment—Standards and requirements; inspection.

A. Each ambulance shall be manned by two persons, one driver and one attendant, both meeting the requirements of Section 9.85.090.

B. Each vehicle shall meet the following minimum requirements at all times:

1. Each ambulance shall pass the Texas Department of Public Safety annual inspection and maintain a copy of the report indicating the result of said inspection at all times;

2. Each ambulance shall have a heater, complete with defrosters, and an air conditioner, both capable of maintaining comfortable temperature levels in the driver and patient compartments;

3. Each ambulance shall meet the physical dimensions of the current Texas Department of State Health Services ambulance specifications; provided, however, that any ambulance currently used which does not meet these specifications may continue in use until it is replaced; and

4. Each ambulance shall be kept clean and in good mechanical condition.

C. In addition to other equipment which may be required by federal or state law, each ambulance shall carry all medical equipment that is listed on the franchisee's medical equipment daily checklist and must be clean, ready for patient use and in good working order.

1. The medical equipment daily checklist must be approved by the fire chief or designee.

2. Changes to the medical equipment daily checklist must be submitted to the fire chief or designee within fifteen days prior to the change to be in effect.

D. Prior to the commencement of franchisee's operations, the fire chief or designee shall inspect at a reasonable time all ambulances used by franchisee in operating the transfer service.

1. An ambulance must pass inspection and have a current valid permit sticker visible from the exterior of the vehicle at all times, which sticker shall be placed in the rear window prior to use for customer transportation or care.

2. Subsequent to the initial inspection, all ambulances which are franchised under this chapter shall be inspected by the fire chief or designee every two years, except as described in the following paragraph.

3. Ambulances may be inspected in the field at any hour by the fire chief or designee, and he may require any ambulance to proceed to a specified location for further inspection. If a franchisee has three ambulance field inspection failures within a twelve-month period, then the city shall reinspect franchisee's entire ambulance fleet within thirty days of the last failed field inspection.

4. Until the vehicle passes inspection, it cannot lawfully operate on the streets of the city.

5. Any ambulance found not to be in compliance with this chapter shall be tagged, and the permit sticker removed.

E. Whenever necessary to make an inspection to enforce any of the provisions of this chapter, or whenever the chief of the fire department or designee or his authorized representative has reasonable cause to believe that there exists in any building or upon any premises any ambulance containing any condition or code violation which makes such ambulance unsafe, dangerous or hazardous, the chief of the fire department or designee or his authorized representative may enter such building or premises at all reasonable times to inspect the ambulance or to perform any duty imposed upon the chief of the fire department or designee by this chapter; provided, that if such building, premises or ambulance be occupied, he shall first present proper credentials and request entry; and if such building, premises or ambulance be unoccupied, he shall first make a reasonable effort to locate the owner or other persons having charge or control of the building, premises or ambulance and request entry. If such entry is refused, the chief of the fire department or designee shall have recourse to every remedy provided by law to secure entry.

When the chief of the fire department or designee or his authorized representative shall have first obtained a proper inspection warrant or other remedy provided by law to secure entry, no owner or occupant or any other persons having charge, care or control of any building, premises or ambulance shall fail or neglect, after proper request is made as herein provided, to promptly permit en-

try therein by the chief of the fire department or designee or his authorized representative for the purpose of inspection and examination pursuant to this chapter.

The chief of the fire department or designee or his authorized representative may then direct such ambulances to proceed to a specified location for further inspection.

(Ord. No. 18547, § 1, 8-9-2016; Ord. No. 18691, § 8, 6-13-2017; Ord. No. 18927, § 1, 4-30-2019)

9.85.120 Private emergency service regulations.

A. It is unlawful for any person, either as owner, agent, or otherwise, other than a member of the El Paso EMS to furnish, operate, conduct, maintain, advertise or otherwise be engaged in or profess to be engaged in the operation of an emergency ambulance service upon the streets, alleys or any public way or place within the city limits or to avail himself of the permission given ambulances by Section 12.12.010, or any other law or ordinance, to disregard traffic laws or ordinances, except in the following circumstances:

1. It shall not be unlawful for a person operating a transfer ambulance franchised by the city, upon responding to a direct call for nonemergency conditions, to use emergency equipment, after notifying the emergency dispatch system and receiving permission to make an emergency run, when a determination is made by the transfer ambulance attendant that an emergency exists requiring the sick or injured person to be transported with all practical speed to a hospital.

2. It shall not be unlawful for any person operating a transfer ambulance franchised by the city, who is performing the service of maintaining an ambulance at a particular location for a sporting or contracted event, to operate such ambulance under emergency conditions, using emergency equipment, after notifying the emergency dispatch system and receiving permission to make an emergency run, when a determination is made by the transfer ambulance attendant that an emergency exists requiring the sick or injured person to be transported with all practical speed to the nearest appropriate hospital.

3. It shall not be unlawful for any person to operate an emergency ambulance to a hospital within the city, if the place of emergency at which the sick or injured person was picked up by such ambulance is outside the city limits and the ambulance making the emergency run is licensed and operated in accordance with all applicable state laws. On each emergency run into the city, ambulance personnel must notify the emergency dispatch system and receive permission to make an emergency run, unless otherwise notified by the section chief of the El Paso Fire Department or his designee.

4. It shall not be unlawful for any person to operate a transfer ambulance franchised by the city on an emergency run when EMS ambulances are not available, and the emergency dispatch system requests the backup emergency ambulance service for the EMS.

B. Any person operating an ambulance franchised by the city who makes an emergency run under the provisions of subsections A.1 through A.4 of this section, shall, within ten days of each emergency run, submit to the section chief of the El Paso Fire Department a report on a form provided by the chief, which shall describe the circumstances requiring the emergency run.

(Ord. No. 18547, § 1, 8-9-2016; Ord. No. 18691, § 9, 6-13-2017)

9.85.130 Franchise—Suspension; revocation; appeal.

A. Suspension. The chief of the fire department may issue a written notice of suspension or deferred suspension not to exceed sixty days subject to this chapter if the director determines that any of the following is true:

1. The franchisee has breached a provision of the franchise agreement;

2. The franchisee has had its provider license revoked, suspended, reprimanded or placed on probation by the Texas Department of State Health Services;

3. The franchisee is in violation of a provision of this chapter or a rule adopted under this chapter;

4. The franchisee is indebted to the city for fees or payment of penalties imposed by this chapter or by a rule adopted under this chapter;

5. The franchisee is not fit, willing, or able to continue operating the franchise in accordance with the license, this article, the rules and regulations established by the chief of the fire department, and other applicable state and federal laws;

6. The franchise is operating under a trade name other than the one granted to the franchise;

7. The franchisee was convicted of any felony offense while the franchise was granted; or

8. Continued operation of the franchise poses a risk to the health and safety of the community.

B. Revocation. The chief of the fire department may issue a written notice of revocation a franchise if the franchisee violates this chapter on two or more occasions within a twelve-month period or if the chief of the fire department determines:

1. The franchisee supplied false or misleading information on the application for the franchise, provider license, or any other license provided by the state.

C. Notice. The chief of the fire department shall issue a written notice of suspension, deferred suspension, or revocation of a franchise to the franchisee, which shall contain, as applicable, the following:

1. Name and address of the franchise;

2. Statement of whether the franchise is suspended or revoked;

3. Reason(s) for the suspension or revocation;

4. In the case of a suspension, a recommendation for corrective measures to bring the franchise into compliance with the requirements of this chapter;

5. Reasonable time limit for the completion of the corrective measures;

6. Statement that the franchise, if suspended, is subject to revocation for failure to complete the corrective measures within the allotted time; and

7. Statement that the suspension or revocation may be appealed.

D. A franchisee may not reapply for a new franchise for a period of twelve months after said franchise has been revoked.

E. A franchisee whose franchise has been suspended shall not work for another franchise as an employee, representative, or ambulance personnel during the suspension period. This subsection shall not apply to an employee exclusively earning a wage or salary.

F. Appeal. Within ten business days of denial, suspension or revocation, the chief of the fire department shall prepare a report indicating the reasons for the suspension or revocation, and shall provide a copy to franchisee at the address given in the franchise agreement. The decision of the chief of the fire department is final unless within ten calendar days from the date of receiving such official's report, the franchisee files with the city clerk a written appeal to the city manager specifying reasons for the appeal. Said appeal shall also include a written rebuttal to the chief of the fire department's report.

G. The city manager or a designee other than the chief of the fire department shall review the report of the chief of the fire department and the appellant's rebuttal. The city manager or designee may allow the appellant to make an oral argument or submit additional rebuttal. The city manager or designee shall make a ruling on the appeal within fourteen days after the appeal has been filed.

H. The city manager or a designee other than the chief of the fire department shall sustain, reverse or modify the action of the chief of the fire department and shall notify the appellant of the decision in writing. The decision of the city manager or designee is final.

(Ord. No. 019616, § 3, 4-23-2024)

Editor's note—Ord. No 019616, § 3, adopted April 23, 2024, renumbered the former § 9.85.130 as § 9.85.140 and enacted a new § 9.85.130 as set out herein. The historical notation has been retained with the amended provisions for reference purposes.

9.85.140 Violation—Penalty.

Any violation of any section of this chapter shall constitute a misdemeanor punishable by a fine up to five hundred dollars in accordance with Sections 1.08.010, 1.08.020 and 1.08.030 of the El Paso City Code.

10.04.010 Escape from custody.

No person committed to the custody of the chief of police or any other police officer in default of the payment of a fine imposed by the corporation court of the city, shall escape or attempt to escape from such custody before the judgment of the court imposing such fine has been satisfied. (Prior code § 15-3)

10.04.020 Police officers—Impersonating—Prohibited.

No person shall falsely represent himself to be a policeman, or without lawful authority, assume the power or exercise the duties of policemen. (Prior code § 15-8)

10.04.030 Police officers—Wearing same or similar uniform prohibited.

A. Definition. The term "public place" as used in this section means any public property, or any private property to which the general public is expressly or impliedly invited or admitted.

B. Wearing Same Uniform. No person, other than a member of the regular police force of the city, shall wear the uniform of such police force, or any distinctive part of such uniform, on any street, alley or other public place in the city.

C. Wearing Similar Uniform. No person, other than a member of the regular police force of the city, shall wear on any street, alley or other public place in the city, clothing so similar to the uniform of such police force, or to any distinctive part of such uniform, that persons of ordinary discernment, in the exercise of ordinary care, would be likely to mistake the same for the uniform of such police force, and to believe the wearer thereof to be a member of such police force.

D. Applicability of Section. This section shall not apply to persons wearing a uniform prescribed by the United States or any of its agencies, or any state, or any other municipal corporation, and lawfully entitled to wear the same; nor to any person taking part in a theatrical performance and wearing a uniform as a character in such performance; nor to any person authorized in writing by the chief of police to wear such uniform. (Prior code § 15-9)

10.04.040 Police officers—Obstructing prohibited.

No person shall, whether by words, sounds, or acts, hinder, obstruct or impede, or attempt to hinder, obstruct or impede, any police officer of the city in the performance of any official duty of such officer, other than the making of an arrest or the service of process. (Prior code § 15-30)

10.04.050 Police dogs—Interference with prohibited.

A. It is unlawful for any person to wilfully tease, bait, kick, beat, strike, mutilate, injure, disable or kill any dog used by the police department of the city in the performance of functions or duties of such department, or to interfere with or meddle with any such dog while being used by the department or any member thereof in the perfomance of any functions or duties of the department or of such officer or member.

B. Any person violating this section shall be

deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished as provided in Sections 1.08.010 through 1.08.030. (Prior code § 15-31)

10.04.060 Subpoenas—Failure to take oath or answer questions at hearing.

A. No person shall fail or refuse to obey any subpoena or subpoena duces tecum issued by any commission, board or officer of the city having authority to issue the same, or fail or refuse to take the oath or affirmation as a witness at any hearing before such commission, board or officer when lawfully called upon to take the same, or at any such hearing fail or refuse to answer any question when lawfully directed by such commission, board or officer to answer the same.

B. Any person charged with a violation of this section may defend by showing that the act or failure to act complained of was done under circumstances which would have excused such act or failure to act if the same had been in disobedience of an order, direction or command of a court. (Prior code § 15-34)

Chapter 10.12

OFFENSES AGAINST PUBLIC PEACE

Sections:

10.12.010 Firearms—Discharge prohibited.
10.12.020 Firearms—Carrying prohibited.
10.12.030 Loitering in public places.
10.12.040 Loitering on school grounds.
10.12.050 Alcohol prohibited in public places.

10.12.010 Firearms—Discharge prohibited.

A. As used in this section, the following words shall have the meanings ascribed herein:

1. "Firearm" means any device designed, made or adapted to expel a projectile through a barrel by using the energy generated by an explosive or burning substance or any device readily convertible to that use.

2. "Firing range" means any public or private facility at which firearms training or practice, or both, is conducted under controlled circumstances intended to encourage the safe handling of firearms and at which procedures or facilities are in place that are intended to prevent the projectiles discharged from the firearms from causing any damage to persons or property.

B. It is unlawful for a person to discharge a firearm within the city.

C. This section shall not apply to law enforcement officers licensed or commissioned pursuant to federal or state law, to persons holding a security officer commission issued by the Texas Board of Private Investigators and Private Security Agencies, or to members of the armed forces or national guard, while in the performance of their official duties; or to persons engaged in the regular business of keeping and maintaining exotic animals, as defined by the Code, that are in compliance with all applicable provisions of Title 7 of this Code (Animals) and with all applicable standards of care and approved rules and regulations as enforced by the department of animal services, who must discharge a firearm for the sole purpose of protecting people from imminent danger by an escaped animal and there are no other reasonable means to disable the animal to prevent physical harm to human life.

D. It is a defense to prosecution under this section that the person discharged the firearm on a firing range.

E. It is a defense to prosecution under this section that the person discharged the firearm in a manner such that the conduct in question that lead to, caused or resulted, in the discharge of the firearm, is justified under Chapter 9, Texas Penal Code. (Ord. 16821 § 1, 2008; Ord. 14502 § 1, 2000; Ord. 12637 § 1, 1995: Ord. 11045 § 1, 1992: prior code § 15-6)
(Ord. No. 18577, § 1, 9-20-2016)

10.12.020 Firearms—Carrying prohibited.

A. As used in this section, the following words shall have the meanings ascribed herein:

1. "Firearm" means any device designed, made or adapted to expel a projectile through a barrel by using the energy generated by an explosive or burning substance or any device readily convertible to that use.

2. "Handgun" has the meaning assigned by Section 46.01, Penal Code.

3. "Concealed handgun" means a handgun, the presence of which is not openly discernible to the ordinary observation of a reasonable person.

4. "Public meeting of the city" means all meetings, notice of which has been posted pursuant to the Open Meetings Law or city policy, and any other meeting of the mayor or city council or its individual members to which members of the public have been invited to attend.

B. It is unlawful for a person, to carry a firearm at a:

1. Public park, except as otherwise not prohibited by law;

2. Public meeting of the city;

3. Political rally, parade or other official political meeting;

4. Non-firearms-related school, college or professional athletic event.

C. The City Manager, or his designee, is authorized to place or permit the placement of signs on all property and buildings, including any portion thereof, which are owned, leased, controlled, operated, used or managed by the city, which give notice, as provided by Sections 30.05, 30.06, and 46.03, Texas Penal Code, that entry onto the city owned, leased, controlled, operated, used or managed property and buildings, or portions thereof, by persons carrying concealed or openly carried handguns, firearms, or other weapons is forbidden. All city employees, independent contractors of the city, and persons holding a security officer commission issued by the Texas Board of Private Investigators and Private Security Agencies while performing contracted security services for the city are authorized to give a verbal notice, as provided by Section 30.05 and 30.06, Texas Penal Code, that entry onto city owned, leased, controlled, operated, used or managed property and buildings, or portions thereof, by persons carrying concealed handguns or other weapons is forbidden.

All persons, who enter or remain on property or buildings, or any portion thereof, which are owned, leased, controlled, operated, used or managed by the city, contrary to a posted or verbal notice shall be considered trespassers.

D. This section shall not apply to law enforcement officers licensed or commissioned pursuant to federal or state law, persons holding a security officer commission issued by the Texas Board of Private Investigators and Private Security Agencies while in the performance of their official duties, or members of the armed forces or national guard while in the performance of their official duties.

(Ord. 12637 § 2, 1995; Ord. No. 19225, § 1, 8-31-2021)

10.12.030 Loitering in public places.

A. It shall be unlawful for any person:

1. To loiter in or near any street or public place in a manner and under circumstances manifesting the purpose of inducing, enticing, soliciting or procuring another to commit an act of prostitution. Among the circumstances which may be considered in determining whether such purpose is manifested are that the person repeatedly beckons to, stops or attempts to stop, or engages in conversation with, passersby, or repeatedly stops or attempts to stop motor vehicle operators by hailing them or gesturing to them. The violator's conduct, behavior and demeanor must be such as to demonstrate a specific intent to induce, entice, solicit or procure another to commit an act of prostitution;

2. To loiter in or near any street or public place in a manner and under circumstances manifesting the purpose to engage in a drug-related activity contrary to any of the provisions of Chapter 481 of the Texas Health and Safety Code. Among the circumstances which may be considered in determining whether such purpose is manifested are:

a. Such person behaves in such a manner as to raise a reasonable suspicion that he or she is about to engage in or is then engaged in an unlawful drug-related activity, including by way of example only, such person is acting as a "look out,"

b. Such person is physically identified by the officer as a member of a "gang," or association which has as its purpose illegal drug-related activity,

c. Such person transfers small objects or packages for currency in a furtive fashion,

d. Such person takes flight upon the appearance of a police officer,

e. Such person manifestly endeavors to conceal himself or herself and any object which reasonably could be involved in an unlawful drug-related activity,

f. The area involved is by public repute known to be an area of unlawful drug use and trafficking,

g. The premises involved are known to have been reported to law enforcement as a place suspected of drug activity.

The violator's conduct, behavior and demeanor must be such as to demonstrate a specific intent to

engage in drug-related activity contrary to the provisions of Chapter 481 of the Texas Health and Safety Code.

Within six months after the passage of this section, the mayor and the police legislative review committee shall review this section and make recommendations to the city council concerning the effectiveness of and the continuing need for the section. Additionally, the city council will continue to study, evaluate and periodically update this section, as is necessary.

B. Definitions:

1. "Public place" is an area generally visible to public view and includes streets, sidewalks, bridges, alleys, plazas, parks, driveways, parking lots, and buildings open to the general public including those which serve food or drink, or provide entertainment, and the doorways and entrances to buildings or dwellings and the grounds enclosing them. The term "street" includes the legal right-of-way, including, but not limited to, the traffic lanes, curb, sidewalk, whether paved or unpaved, parkway and any grass plots or other grounds found within the legal right-of-way of a street.

2. "Loiter" means to remain, linger, idle to continue and to stay unnecessarily upon the streets in conjunction with the acts prohibited by subsection A of this section.

C. Construction.

1. Severability is intended throughout and within the provisions of the loitering ordinance. If any provision, including inter alia any subsection, part, phrase, term, or word, or the application thereof to any person or circumstance is held invalid or unconstitutional by valid judgement or decree of a court of competent jurisdiction, such holding shall not affect the validity of the remaining portions of this section, and such remaining portions shall remain in full force and effect.

2. It is intended that the loitering ordinance be held inapplicable in such cases, if any, where its application would be unconstitutional. A constitutional construction is intended and shall be given. The city council does not intend to violate the Constitution of the state or the Constitution of the United States of America, and does not intend an interpretation of this section or an application thereof which is absurd, impossible or unreasonable. (Ord. 10929 §§ 1, 2, 1992; Ord. 10878 § 1, 1992; prior code § 15-13)

10.12.040 Loitering on school grounds.

No person shall loiter or loaf upon any public school grounds, or inside any building on such grounds, while such school is not in session; provided, however, this section not prohibit the lawful assembly of any group of persons upon the public school grounds or inside the buildings on such school grounds, when permission therefor shall have been granted by the school authorities; nor shall this section prohibit gatherings upon such grounds or within such buildings in connection with school or other functions held on such grounds or within such buildings. (Prior code § 15-14)

10.12.050 Alcohol prohibited in public places.

A. Definitions. For the purpose of this section the following definitions shall apply unless the context clearly indicates or requires a different meaning:

"Alcoholic beverage" means an alcoholic beverage as defined in the Texas Alcoholic Beverage Code.

"Homeless shelter" for purposes of this Section 10.12.050 of the City Code, means a supervised publicly or privately operated shelter or other facility that is designed to provide temporary living accommodations to individuals who lack a fixed regular and adequate residence.

"Possesses" and "possession" for purposes of this Section 10.12.050 of the City Code, means actual care, custody, control, or management.

"El Paso central business district" means the area contained within the following boundaries:

1. Beginning at the intersection of Interstate 10 and Campbell Street;

2. Proceeding south on Campbell Street to El Paso Times Subdivision; and

3. Including El Paso Times Subdivision to Mills Avenue; and

4. Proceeding east on Mills Avenue to St. Vram Street;

5. South on St. Vram Street to Olive Avenue;

6. West on Olive Avenue to San Antonio Avenue;

7. East on San Antonio Avenue to Cotton Street;

8. South on Cotton Street to Delta Drive:

9. West on Delta Drive to Virginia Street;

10. South on Virginia Street to Third Avenue:

11. West on Third Avenue to Kansas Street:

12. South on Kansas Street to the Rio Grande River (International Boundary/El Paso City Limits);

13. West along the Rio Grande River (International Boundary/El Paso City Limits) to Calleros Court;

14. East on Calleros Court to Chihuahua Street;

15. North on Chihuahua Street to Canal Road:

16. Northwest on Canal Road to the northern property line of Santa Fe Subdivision. Block H. Lot 18;

17. East along an imaginary perpendicular line to its intersection with the southwestern property line of the Atchison, Topeka, & Santa Fe Railroad Reservation;

18. Southeast along the southwestern property line of the Atchison, Topeka & Santa Fe Railroad Reservation to Santa Fe Street;

19. North on Santa Fe Street to Paisano Drive;

20. Northwest on Paisano Drive to a point approximately four hundred fifty feet west of the center line of Coldwell Street:

21. Then north from such point along an imaginary line (that if extended would intersect Missouri Avenue/Franklin Avenue) to its intersection with Interstate 10;

22. East on Interstate 10 to the point of beginning.

The area is more fully described by a map filed with the city clerk.

B. 1. A person commits an offense if he possesses an open container of or consumes an alcoholic beverage in or on any public street, sidewalk, alley or pedestrian way located in the El Paso central business district area as defined in this section; or

2. A person commits an offense if he possesses an open container of or consumes an alcoholic beverage in or on any public street, sidewalk, alley or pedestrian way located within one thousand feet of the property line of a homeless shelter that is not located in a central business district.

C. Section 10.12.050(B) shall not apply if such person:

1. Was attending a special event that was authorized by the city and for which a valid permit or license to sell or serve alcoholic beverages was issued by the Texas Alcoholic Beverage Commission:

2. Was inside a building not owned or controlled by the city;

3. Was inside a residential structure;

4. Was within the area of an establishment licensed by the Texas Alcoholic Beverage Commission for alcohol consumption on the premises.

D. Nothing in this section is intended to prohibit or otherwise control the manufacture, sale, distribution, transportation, or possession of alcoholic beverages, except to the extent allowed by state law.

E. Each violation of Section 10.12.050 shall be punishable by a fine of not more than five hundred dollars.

(Ord. 15016 § 1, 2002; Ord. No. 19256, §§ 1, 2, 11-9-2021)

10.16.020 Discrimination in places of public accommodation—Place of public accommodation defined.

The term "place of public accommodation" includes every business within the city which is open to the general public and offers, for compensation, any product, service or facility. The term "place of public accommodation" includes, but is not limited to, all taverns, hotels, motels, restaurants, or any place where food or beverages are sold, retail and wholesale establishments, hospitals, theaters, motion picture houses, museums, bowling alleys, golf courses, billiard parlors, gas stations, garages, restrooms, baths, barbershops, beauty parlors, swimming pools, skating rinks, meeting rooms and hall, and all public conveyances operated on land, air or water as well as the stations or terminals thereof. (Prior code § 15-2.1(b))

10.16.030 Discrimination in places of public accommodation—Exemptions.

No place shall be deemed to be a place of public accommodation which is owned or operated by a bona fide private club or institution whose merchandise, facilities or services are restricted to its members and their guests (provided such club or institution is not conducted for the purpose of evading Sections 10.16.010 through 10.16.050), nor by any bona fide religious, racial, denominational or ethnic institution or organization not organized for profit, nor by any organization operated for charitable or educational purposes and not organized for profit. (Prior code § 15-2.1(c))

10.16.040 Discrimination in places of public accommodation—Availability of civil remedies.

This section shall neither add to nor detract from any civil remedies now available to persons subject to racial or religious discrimination. (Prior code § 15-2.1(d))

10.16.050 Discrimination in places of public accommodation—Violation—Penalty.

Any person violating any provision of Sections 1.16.010 through 10.16.040 shall be deemed guilty of a misdemeanor and punished by a fine not exceeding two hundred dollars. (Prior code § 15-2.1(e))

10.16.070 False representation of being married—Generally.

No persons, not then husband and wife shall register as husband and wife or in any manner represent themselves to be husband and wife, at any hotel, building, apartment house, boarding or rooming house, residence or any other place. (Prior code § 15-4)

10.16.080 False representation of being married—Accessories.

No person shall knowingly consent to such false registration or knowingly furnish to any male and female not husband and wife any room, bed or other facilities for sexual intercourse, or falsely register or introduce any persons as husband and wife, or knowingly and falsely represent any persons to be husband and wife. (Prior code § 15-5)

10.16.090 Public indecency—Accosting females—Appearing in disguise.

No person shall exhibit or expose himself naked, or disguised, or in any indecent or offensive manner to any person passing in the public places of the city, or to persons living in the neighborhood, or rudely, insultingly or offensively accost any female, or appear in the streets or public places in any indecent or lewd dress, or relieve the calls of nature in any place exposed to the public sight or gaze or upon any public street or plaza. (Prior code § 15-10)

10.16.100 Lewd plays.

No person shall exhibit or perform, or permit to be exhibited or performed upon any premises under his management, any immoral or lewd play or other representation. (Prior code § 15-11)

10.16.110 Peeping toms.

No person shall look, peek or peer into any private residence, public building, hotel, apartment house or tourist camp, where people are living, whether on private or public property, in any manner to the annoyance or disturbance of the inhabitants thereof. (Prior code § 15-28)

10.20.054 Curfew—Review of ordinance.

10.20.060 Sale of glue—Glue sniffing prohibited.

10.20.010 Curfew—Definitions.

In this chapter:

"Chief of police" means the chief of police of the city or a designated representative.

"Curfew hours" means the period beginning at eleven p.m. and ending at six a.m. of the following day. The time shall be determined by the prevailing standard of time, whether Mountain Standard Time or Mountain Daylight Savings Time, generally observed at that hour by the public in El Paso. The time then observed in the El Paso Police Department's communications divisions shall be prima facie evidence of the true and correct time.

"Direct route" means the shortest path of travel through a public place to reach a final destination without any detour or stop along the way.

"Emergency" means, but is not limited to, a fire, a natural disaster, an automobile accident, or any situation requiring immediate action to prevent serious bodily injury or loss of life.

"Establishment" means any privately owned place of business operated for a profit to which the public is invited, including but not limited to any place of amusement or entertainment.

"Minor" means a person who is under the age of seventeen years of age.

"Parent" means a person who is:

1. A natural or adoptive parent or step-parent of the minor;

2. A court-appointed guardian of the minor or the public or private agency with whom the minor has been placed by a court; or

3. A custodian, at least eighteen years of age, and with whom the minor resides.

"Public place" means any street, alley, highway, sidewalk, driveway, yard, playground, park, plaza, building or other place used by or open to the public. The term "street" includes the legal right-of-way, including but not limited to the traffic lanes, curb, sidewalk, whether paved or unpaved, parkway and any grass plots or other grounds found within the legal right-of-way of a street.

"Remain" means to:

1. Linger, stop, or stay for any length of time, or to travel or move upon a street; or

2. Fail to leave premises when requested to do so by a police officer or the owner, operator or other person in control of the premises. (Ord. 16309 § 1, 2006: Ord. 12738 § 1, 1996: Ord. 10730 § 1, 1991: prior code § 15-15)

(Ord. No. 18726, 9-19-2017; Ord. No. 19082, §§ 4, 5, 8-18-2020)

10.20.020 Curfew—Offenses.

A. A minor commits an offense if he remains in any public place or on the premises of any establishment within the city limits during curfew hours.

B. A parent of a minor commits an offense if he knowingly permits, or by insufficient control allows, the minor to remain in any public place within the city limits during curfew hours.

C. A parent of a minor commits an offense if he knowingly fails to respond within two hours of receipt of any notification by a law enforcement officer to take custody of a minor taken into custody for violation of this section, unless reasonably hindered from doing so. (Ord. 16309 § 2, 2006: Ord. 12738 § 2, 1996: Ord. 10730 § 2, 1991: prior code § 15-16)

(Ord. No. 18726, 9-19-2017; Ord. No. 19082, §§ 4, 5, 8-18-2020)

10.20.030 Curfew—Affirmative defenses.

A. It is a defense to prosecution under Section 10.20.020 that the minor was:

1. Accompanied by the minor's parent;

2. On an errand at the direction of the minor's parent, was using a direct route, and was carrying a written communication signed by the parent stating a brief description of the errand and that the named minor has consent to perform such errand;

3. In a motor vehicle engaged in interstate travel, beginning, ending or passing through El Paso;

4. Engaged in an employment activity, including but not limited to newspaper delivery, and was using a direct route;

5. Involved in an emergency;

6. On the driveway or yard of the minor's residence or on the sidewalk abutting the minor's residence;

7. On the sidewalk abutting the residence of a next-door neighbor if the neighbor did not complain to the police officer about the minor's presence;

8. Attending an official school, civic or religious activity or returning home by a direct route from an official school, civic or religious activity;

9. Attending or traveling directly to or from an activity involving the exercise of First Amendment rights protected by the United States Constitution, including the free exercise of religion, freedom of speech, and the right of assembly;

10. Married or had been married or had disabilities of minority removed in accordance with Chapter 31 of the Texas Family Code; or

11. Accompanied by a person at least twenty-one years of age, and the minor was carrying a written communication signed by the parent stating the name of the person who is at least twenty-one years of age and accompanying the minor and that the named minor has consent to be in the company of that named person.

B. Each of the foregoing defenses, and their several limitations, are severable, as hereinafter provided but reemphasized here. (Ord. 12738 § 3, 1996: Ord. 10730 § 3, 1991: prior code § 15-17) (Ord. No. 19082, §§ 4, 5, 8-18-2020)

10.20.040 Curfew—Enforcement.

A. A police officer, upon finding a minor in violation of Section 10.20.020 shall take the necessary steps to determine whether the minor is remaining in a public place in the city limits in violation of Section 10.20.020 and whether any defenses under Section 10.20.030 may apply to the actions or activities of the minor. If the officer has probable cause to believe that the minor is in violation of Section 10.20.020, the officer may take appropriate enforcement action against the minor in accordance with the applicable provisions of the Juvenile Justice Code, the Texas Penal Code, and this chapter.

B. If a minor is taken into custody under this section, the officer shall, without unnecessary delay:

1. Release the minor to the minor's parent, guardian or custodian;

2. Take the minor before a municipal court to answer the charge; or

3. Take the minor to a place designated by the chief of police as a juvenile curfew processing office.

C. When a minor is issued a citation or taken into custody for a violation of Section 10.20.020, the police department may, by certified mail return receipt requested, notify a parent of the minor that the minor has violated Section 10.20.020 and include a warning that any subsequent violation may result in prosecution of the minor and the parent under this section. (Ord. 12738 § 4, 1996: Ord. 10730 § 4, 1991: prior code § 15-18) (Ord. No. 19082, §§ 4, 5, 8-18-2020)

10.20.050 Curfew—Violation—Penalty.

A. Any minor who violates Section 10.20.020 of this code shall be guilty of a misdemeanor and shall be punished by a fine as provided in Sections 1.08.010 through 1.08.030 and may be subject to appropriate action by a juvenile court in accor-

dance with applicable provisions of the Juvenile Justice Code, the Texas Penal Code, and this chapter.

B. A parent of a minor who violates any provision of Section 10.20.020 shall be guilty of a misdemeanor and shall be punished by a fine as provided in Sections 1.08.010 through 1.08.030 of this code. (Ord. 12738 § 5, 1996: Ord. 10730 § 5, 1991: prior code § 15-19)
(Ord. No. 19082, §§ 4, 5, 8-18-2020)

10.20.052 Curfew—Construction.

A. Severability is intended throughout and within the provisions of the curfew ordinance. If any provision, including inter alia any exception, defense, subsection, part, phrase, term or word, or the application thereof to any person or circumstance is held invalid or unconstitutional by valid judgment or decree of a court of competent jurisdiction, such holding shall not affect the validity of the remaining portions of the ordinance codified in this chapter, and such remaining portions shall remain in full force and effect.

B. It is intended that the curfew ordinance be held inapplicable in any cases, if any, where its application would be unconstitutional. A constitutional construction is intended and shall be given. The city council does not intend to violate the Constitution of the state or the Constitution of the United States of America, and does not intend an interpretation of the ordinance or an application thereof which is absurd, impossible or unreasonable. (Ord. 12738 § 6, 1996: Ord. 10730 § 6, 1991)
(Ord. No. 19082, §§ 4, 5, 8-18-2020)

10.20.054 Curfew—Review of ordinance.

The city council finds that the review of this chapter done by the city immediately prior to and in conjunction with the passage of the readoption and amendments made herein satisfies the requirements set forth in Section 370.002, Texas Local Govt Code, for certain required reviews of curfew ordinances by home-rule municipalities. The dates for the statutorily required ordinance review every third year thereafter shall be based upon this readoption. (Ord. 12738 § 7, 1996: Ord. 10730 § 7, 1991)
(Ord. No. 19082, §§ 4, 5, 8-18-2020)

10.20.060 Sale of glue—Glue sniffing prohibited.

A. No person shall sell, offer for sale, deliver or give to any person under the age of seventeen years, except to his brother, sister, son, daughter or legal ward, any glue, cement, paint, spray paint, paint thinner, lacquer, commercial solvent, or similar substance, containing one or more volatile solvents of one of the following generic types: aromatics, alcohols, ketones, esters, ethers, halogenated hydrocarbons, isocyanates, tetrahydro furans, diethyl sulfates, alkylonitriles and ethelene oxides.

B. The provisions of subsection A of this section shall not apply when one of the substances named therein, or a similar substance, is sold, offered for sale, delivered or given simultaneously with and as part of a kit used for the construction of model airplanes, model boats, model automobiles, model trains, or other similar models.

C. No person shall smell, sniff or inhale any glue, cement, paint, spray paint, paint thinner, lacquer, commercial solvent, or similar substance containing one or more volatile solvents of one of the generic types named in subsection A of this section, for the purpose of intoxication, or in such a way that intoxication results. "Intoxication" as used in this section means a condition in which the mental capacity is impaired, or the mental or physical effects of the toxic substance can be detected by ordinary observation. (Prior code § 15-20)

MISCELLANEOUS OFFENSES

Sections:

10.24.010 Ice manufactured outside city.

10.24.020 Poison—Placing on lands of another.

10.24.030 Abandoned refrigerators.

10.24.040 Sex offender residency regulation.

10.24.050 Sun Metro priority seating.

10.24.010 Ice manufactured outside city.

It is unlawful to sell, offer for sale, or distribute in the city any ice manufactured outside the city, except ice manufactured wholly from distilled water. (Prior code § 15-7.1)

10.24.020 Poison—Placing on lands of another.

Whoever shall wilfully place poison on the lands owned or in possession of another with intent to injure the owner or possessor thereof in any manner whatsoever, and without the consent of the owner or possessor, shall be deemed guilty of a misdemeanor and punished as provided in Sections 1.08.010 through 1.08.030. (Prior code § 15-29.1)

10.24.030 Abandoned refrigerators.

A. No person shall leave or permit to remain outside of any dwelling, building or other structure, or within any unoccupied or abandoned building, dwelling or other structure under his control, in a place accessible to children, any abandoned, unattended or discarded icebox, refrigerator or other container which has an airtight door or lid, or snap lock or other locking device which may not be released from the inside, without first removing the door or lid, snap lock or other locking device from said icebox, refrigerator or container.

B. Any person violating any provision of this section shall be deemed guilty of a misdemeanor and punished by a fine not exceeding five hundred dollars; and each day's violation shall constitute a separate offense. (Ord. 9430 § 5, 1988; prior code § 15-29.2)

10.24.040 Sex offender residency regulation.

A. Definitions. For the purposes of this chapter:

1. "Child sex offender" means any offender subject to registration under state law, who has been convicted or received an order of deferred adjudication for a "sexual offense" involving a minor.

2. "Habitual offender" means any offender subject to registration under state law, who has for a "sexually violent offense" been convicted two or more times received an order of deferred adjudication two or more times, or been convicted and received an order of deferred adjudication or any combination thereof and is required to verify every ninety days in accordance with the Texas Code of Criminal Procedure, Article 62.058.

3. "Minor" means a person who is under the age of seventeen years of age.

4. "Permanent residence" means a place where a person abides, lodges, or resides for fourteen or more consecutive days.

5. "Temporary residence" means a place where a person abides, lodges, or resides for a period of fourteen or more days in the aggregate during any calendar year and which is not the person's permanent address, or a place where a person routinely abides, resides, or lodges for a period of four or more consecutive or nonconsecutive days in any month and which is not the person's permanent residence.

B. Offenses. For each person required to register on the Texas Department of Public Safety's Sex Offender Database (the "Database") because they are a "Habitual Offender" or a "Child Sex Offender," it is unlawful for that person to establish a permanent residence or temporary residence within one thousand feet of any premise where children commonly gather, which, for purposes of this chapter, shall be a city park, private or public

school, child care facility or daycare center as such terms are defined in Title 20 of the city code for the city of El Paso, Texas.

C. Evidentiary Matters; Measurements.

1. It shall be prima facie evidence that this section applies to such a person if that person's record appears on the database and the database indicates that the person is required to verify every ninety days in accordance with the Texas Code of Criminal Procedure, Section 62.058. For purposes of this chapter, that person is classified as a "Habitual Offender."

2. It shall be prima facie evidence that this section applies to such a person if that person's record appears on the database and the database indicates that the person is subject to registration for an offense involving a minor. For purposes of this chapter, that person is classified as a "Child Sex Offender."

3. For the purposes of determining the minimum distance separation, the requirement shall be measured by following a straight line from the outer property line of the permanent or temporary residence to the nearest property line of the premises where children commonly gather, as described hereinabove, or, in the case of multiple residences on one property, measuring from the nearest property line of the premises to the nearest property line of the premises where children commonly gather, as described herein.

D. Affirmative Defenses. It is an affirmative defense to prosecution that any of the following conditions apply:

1. The person required to register on the database established the permanent or temporary residence and has complied with all of the sex offender registration laws of the state of Texas, prior to the date of the adoption of the ordinance codified in this chapter.

2. The premises where children commonly gather, as specified herein, within one thousand feet of the permanent or temporary residence of the person required to register on the database was opened after the person established the permanent or temporary residence and complied with all sex offender registration laws of the state of Texas.

3. The information on the database is incorrect, and, if corrected, this section would not apply to the person who was erroneously listed on the database.

E. Any person who violates any of the provisions of this chapter shall be guilty of a misdemeanor and upon conviction thereof shall be fined an amount not to exceed five hundred dollars for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

F. If any section, subsection, sentence, clause or phrase of the ordinance codified in this chapter is for any reason held to be unconstitutional, such holding shall not affect the validity of the remaining portions of this chapter.

G. Any violation of this chapter can be enjoined by a suit filed in the name of the city of El Paso in a court of competent jurisdiction, and this remedy shall be in addition to any penal provision in the ordinance codified in this chapter or in the city code of the city of El Paso.

H. Exemptions from the terms of this chapter may be granted where, owing to special conditions, or when a literal enforcement of the provisions of this chapter will result in an undue hardship. A sex offender shall have the right to make an appeal for an exemption from a provision of this chapter by making a request to the chief of police, in writing, stating why an exemption should be granted. The decision of the chief of police, which may be made based solely on the written appeal without further hearing, shall be final. Any subsequent offense as described in subsection B of this section may result in revocation of the exemption by the chief of police. (Ord. 16599 § 1, 2007) (Ord. No. 018876, 11-27-2018)

10.24.050 Sun Metro priority seating.

A. "Priority seating" or "priority seats" is defined as seats or areas of the bus designated as priority seating for elderly and/or disabled per-

sons, including other seats as necessary, and fold-down or moveable seats located in a wheelchair securement location.

B. Pursuant to the Federal Code of Regulations and the Federal Transit Administration, elderly and disabled persons who meet the established qualifications shall have preference to occupy priority seating while on Sun Metro vehicles. Passengers not meeting the qualifications for priority seating who are occupying a seat designated as priority seating shall relinquish such seat upon being informed that a qualified person desires to occupy such seat.

C. A violation of any provision of this section is a misdemeanor offense punishable by a fine not to exceed five hundred dollars per violation.

12.08.010 Traffic division—Established.

There is established in the police department of this city a traffic division to be under the control of an officer of police designated by and directly responsible to the chief of police. (Prior code § 20-4)

12.08.020 Traffic division—Duties.

It shall be the duty of the traffic division with such aid as may be rendered by other members of the police department to enforce the traffic regulations of this city and all of the state laws applicable to traffic in this city, to make arrest for traffic violations, to investigate accidents and to cooperate with the traffic engineer and other officers of the city in the administration of the traffic laws and in developing ways and means to improve traffic conditions, and to carry out those duties specially imposed upon such division by this title and the traffic ordinance of this city, and laws of the state regulating same. (Prior code § 20-5)

12.08.030 Traffic division—Recordkeeping.

A. The police department or the traffic division thereof shall keep a record of all violations of the traffic ordinances of this city or of the state traffic laws in this city of which any person has been charged, together with a record of the final disposition of all such alleged offenses. Such record shall be so maintained as to show all types of violations and the total of each. Such record shall accumulate during at least a five-year period and from that time on the record shall be maintained complete for at least the most recent five-year period.

B. All forms for records of violations and notices of violations shall be serially numbered. For each month and year a written record shall be kept available to the public showing the disposal of all such forms. (Prior code § 20-6)

12.08.040 Traffic division—Accident investigation duties.

It shall be the duty of the traffic division, assisted by other police officers of the department, to investigate traffic accidents, to arrest and to assist in the prosecution of those persons charged with violations of law causing or contributing to

such accidents. (Prior code § 20-7)

12.08.045 Reserved.

Editor's note—Ord. No. 17690, § 1, adopted December 6, 2011, repealed § 12.08.045, which pertained to El Paso Zoo and surrounding area—Parking citation issuance authority and derived from Ord. 11514, 1993.

12.08.050 Traffic division—Accident reports.

The traffic division shall maintain a suitable system of filing traffic accident reports. Accident reports or cards referring to them shall be filed alphabetically by location. Such reports shall be available for the use and information of the traffic engineer. (Prior code § 20-9)

12.08.060 Traffic division—Accident studies.

Whenever the accidents at any particular location become numerous, the traffic division shall cooperate with the traffic engineer in conducting studies of such accidents and determining remedial measures. (Prior code § 20-8)

12.08.070 Traffic engineer—Powers and duties.

A. It shall be the general duty of the traffic engineer, subject to the approval of the city council, to regulate traffic under the provisions of this title, to establish, change, remove or prohibit, as conditions may require, boulevard stops, pedestrian lanes, parking spaces, parking time limits, safety and loading zones, "U" turns, right and left hand turns, traffic lanes, public carrier stands, and other necessities of city traffic all in the interest of public safety and convenience, and based upon engineering investigations of traffic conditions pertinent thereto; provided, that nothing in this section shall be construed as conferring upon the office of traffic engineer any duties or authority concerning traffic law enforcement.

B. The traffic engineer may test all forms of traffic-control devices or regulations under actual conditions of traffic.

C. The chief of police is empowered to enforce temporary or experimental regulations to cover emergencies or special conditions. No such temporary or experimental regulation shall remain in effect for more than one hundred and twenty days.

D. The traffic engineer may, as considered necessary, establish construction site speed zones for road and highway construction projects within the corporate limits of the city. Any change from the speed limit in effect prior to commencement of construction shall be only for the duration of the road or highway construction project. The chief of police is empowered to enforce such speed limits for the duration of the construction project.

E. Notwithstanding the prohibitions contained in this title, the traffic engineer may establish alternate routes for large vehicles as defined in Sections 12.40.040, 12.40.050 and 12.40.060 when necessary for road and highway construction projects within the corporate limits of the city. Any alternate route created pursuant to this subsection shall be in effect only for the duration of the road or highway construction project. (Ord. 11512 § 1, 1993; prior code § 20-10)

12.08.080 Traffic violations bureau—Established—Duties.

A. There shall be established in the municipal court, and staffed by the civil service personnel attached to the court, a traffic violations bureau to assist the court with the clerical work or traffic cases. All records heretofore kept by the traffic violations bureau of the police department shall be transferred to the bureau created, which shall be headed by the clerk of the corporation court.

B. The traffic violations bureau shall accept bonds for specified offenses under the traffic laws in accordance with schedules authorized and approved by the municipal courts, and only the judges of the courts shall have authority to change the amount of the bonds from the amounts specified in the schedules. (Prior code § 20-22)

12.08.090 Traffic violations bureau—Procedures.

The traffic violations bureau shall follow such procedure as may be prescribed by the ordinances

of this city or as may be required by any laws of this state. (Prior code § 20-25)

12.08.100 Traffic violations bureau—Bond acceptance, receipt issuance and recordkeeping duties.

The traffic violations bureau shall accept designated bonds, issue receipts, and shall keep an easily accessible record of all violations. (Prior code § 20-23)

12.08.110 Traffic violations bureau—Recordkeeping and report requirements.

The traffic violations bureau shall keep records and submit summarized monthly reports to the clerk of the municipal court of all notices issued and arrests made for violations of the traffic laws and ordinances, and of all bonds collected by the traffic violations bureau (bond officer) and shall keep a summary record of the final disposition or present status of every traffic case as shown on the dockets of the municipal courts. Such records shall be so maintained as to show all types of traffic violations and the totals of each, as well as any and all other necessary and pertinent information required for the proper and efficient maintaining of all such records. (Prior code § 20-24)

12.08.120 Police and fire officials authority.

A. It shall be the duty of the officers of the police department, or such officers as are assigned by the chief of police, to enforce all traffic laws of this city and all of the state laws applicable to traffic in this city.

B. Officers of the police department or such officers as are assigned by the chief of police are authorized to direct all traffic by voice, hand or signal in conformance with traffic laws; provided, that in the event of a fire or other emergency or to expedite traffic or to safeguard pedestrians, officers of the police department may direct traffic as conditions may require notwithstanding the provisions of the traffic laws.

C. Officers of the fire department, when at the scene of a fire, may direct or assist the police in directing traffic thereat or in the immediate vicinity. (Prior code § 20-11)

12.08.140 Authorized parking enforcement agents—Parking citation issuance authority.

Authorized parking enforcement agents are authorized to issue citations and file complaints for the stopping, standing and parking violations of this title as provided in Chapter 12.85 of this Code. (Ord. 8242 §§ 1, 2, 1984; prior code § 20-29.2) (Ord. No. 17690, § 2, 12-6-2011)

12.08.190 Warrants—Recordkeeping.

The chief of police shall maintain or cause to be maintained a record of all warrants issued by the municipal court of this city or by any other court on such traffic violation charges and which are delivered to the police department for service, and of the final disposition of all such warrants. (Prior code § 20-27)

12.08.191 Refusal to register motor vehicles due to outstanding warrants fee.

The City of El Paso is imposing an additional twenty dollar fee to a person who has an outstanding warrant from the City of El Paso for failure to appear or failure to pay a fine on a complaint that involves the violation of a traffic law, who attempts to register or reregister their motor vehicle with the county tax assessor collector. This fee will only be used to reimburse the county tax assessor-collector or department for its expenses in refusing to register or reregister a vehicle whose owner has an outstanding warrant from the City of El Paso for failure to appear or failure to pay a fine on a complaint that involves the violation of a traffic law. The fee will apply to each individual warrant that is outstanding.
(Ord. No. 17879, § 1, 9-18-2012)

12.08.200 Forwarding records of conviction.

A. Within ten days after conviction or forfeiture of bond of a person upon a charge of violat-

ing any provision of this title or the state laws regulating traffic, the judge of the municipal court in which such conviction was had or bond was forfeited, shall prepare and immediately forward to the department of public safety of this state, an abstract of the record of such court covering the case in which such person was so convicted or bond was forfeited before him, which abstract must be certified by the person so required to prepare the same to be true and correct.

B. Such abstract must be made upon a form furnished by the department of public safety and shall include the name and address of the party charged; the number, if any, of his operator's, commercial operator's or chauffeur's license, the registration number of the vehicle involved; the nature of the offense; the date of hearing, the plea, the judgment or whether bond was forfeited and the amount of the fine or forfeiture, as the case may be. (Prior code § 20-33)

12.08.210 Records—Auditing.

A. Every record of traffic citations, complaints thereon, and warrants issued therefor required in this chapter shall be audited monthly by the city auditor or by such certified public accountants as may be appointed to perform this service by the city council. A report of such audit together with a summary thereof shall be submitted to the city council and all such reports shall be public records.

B. For the purpose of this chapter the city auditor or his authorized representatives or such other auditors as may be appointed by the city council shall have access at all times to all necessary records, files and papers of the municipal court, its traffic violations bureau and the police department. (Prior code § 20-28)

12.08.220 Impounding vehicles.

A. Members of the police department, the fire chief or his designee, or an employee designated by the city manager are authorized to remove or impound vehicles from any street, highway, alley, public or private ground, or public rights-of-way to the nearest garage, vehicle storage facility, or other place of safety, or to a garage or storage facility designated or maintained by the city under the circumstances herein enumerated:

1. When a vehicle is illegally parked in any zone or within any area where parking is prohibited or restricted by official signs or curb markings, or is parked in such a manner as to obstruct or partially obstruct any crosswalk, sidewalk or driveway;

2. When a vehicle is so parked as to obstruct the movement of any railroad train, railroad car or locomotive;

3. When a vehicle is parked on public or private property under or next to any fire escape or fire exit at a location such that the parked vehicle would obstruct or interfere with the operation or use of the fire escape or fire exits as a means of exit from the building;

4. When a vehicle is parked on public or private property next to any standpipe or sprinkler connection used by the fire department at a location such that the parked vehicle would obstruct or interfere with the operation of use of such connection;

5. When a vehicle is illegally parked in a zone designated by the city engineer under Section 12.44.180 of this Code and such zone is marked as a tow-away zone by a sign;

6. When a vehicle other than a commercial vehicle is parked in a loading zone designated for commercial vehicles only and such zone is marked by a sign as a tow-away zone;

7. When a vehicle is parked on city-owned property in violation of official signs or curb-markings established in accordance with Section 12.44.170 of this Code;

8. When a vehicle is left parked or standing on any portion of a limited-access or controlled-access highway for a continuous period of time in excess of ten hours;

9. When a vehicle is left parked or standing on city-owned property that is not held open or provided for vehicular traffic or public parking, and the property is so marked by a sign;

10. When a vehicle remains parked in violation of no parking signs posted regarding street construction in accordance with the provisions in Section 12.44.220 of this Code.

11. When a vehicle is parked legally on public property; and has been unattended for more than forty-eight hours; and there is reasonable grounds to believe the vehicle is abandoned.

B. Members of the police department and the fire chief or his designee are authorized to remove or impound vehicles from any street, highway, alley, public or private ground, or public rights-of-way to the nearest garage, vehicle storage facility, or other place of safety, or to a garage or storage facility designated or maintained by the city under the circumstances herein enumerated:

1. When a vehicle is left unattended upon any bridge, viaduct or causeway, or in any tube or tunnel where such vehicle constitutes an obstruction to traffic;

2. When the police department is authorized or directed to remove obstructions, including vehicles and personal property, from any right-of-way or any other portion of the roadway in accordance with the provisions in Section 545.3051, Transportation Code;

3. When a vehicle upon a street or highway is so disabled as to constitute an obstruction to traffic and the person or persons in charge of such vehicle are absent or are unable to provide for its custody or removal;

4. When a vehicle is stored in the streets, alleys or other rights-of-way in violation of Section 12.80.150 of this Code;

5. When a vehicle is left unattended upon a street where such vehicle constitutes a hazard or obstruction to the normal movement of traffic;

6. When a vehicle has been involved in an accident and by reason of damage or incapacity of the driver cannot be driven or is unsafe to drive;

7. When a vehicle constitutes a traffic hazard because of defective lights, brakes or steering apparatus;

8. When a vehicle is being used to transport hazardous materials in violation of Title 9 of this Code;

9. When the police department is authorized to take an abandoned motor vehicle, watercraft or outboard motor found on public or private property into custody pursuant to Section 683.011, Texas Transportation Code;

10. When a vehicle is offered or exposed for sale in violation of Section 13.20.040 of this Code and removed and stored in accordance with the provisions of that section;

11. When a vehicle is stopped by a police officer for an alleged traffic law violation; and the vehicle's owner or operator fails to show evidence of financial responsibility as required under Chapter 601 of the Texas Transportation Code, as amended.

C. Officers and other authorized employees may use city equipment or the services of an independent contractor of the city to remove or impound a vehicle and store it as authorized in this section, or to transfer or seize, impound and store a vehicle.

D. Whenever an officer or other authorized employee removes or impounds a vehicle utilizing city equipment, or when a peace officer seizes a vehicle utilizing city equipment, the city shall take the necessary steps to ascertain the registered owner and lienholders of record if any thereof, and shall give or cause to be given notice in writing, in accordance with Chapter 683 of the Texas Transportation Code, to such registered owner and lienholders of record if any of the fact of such removal, the police or fire department case number and the location of the place where the vehicle is located.

E. There is established a towing fee and a storage fee which shall be charged in the respective established fee amounts per day for vehicles twenty-five feet in length or less and for vehicles over twenty-five feet in length for each calendar day, or part thereof, for each vehicle that is removed or impounded hereunder or transferred or seized by

peace officer when it is towed by city equipment or stored in a city storage facility. All the charges assessed shall be a lien against the vehicle.

The registered owner, lienholder of record or person authorized or entitled to possession of a vehicle must comply with the requirements of the Texas Transportation Code and pay the city's towing and storage fees as authorized by this section and if applicable, any fees assessed against the vehicle under the authority in Chapter 12.85 of this Code or post a bond as may be provided for in this Code prior to redeeming the vehicle. Additionally, if the vehicle was towed by an independent contractor of the city or transferred to a city lot from a garage or vehicle storage facility, the registered owner, lienholder of record or person authorized or entitled to possession of a vehicle must also pay those outstanding towing, storage and other related fees or post a bond as may be provided for in this Code prior to redeeming the vehicle.

Fees must be paid in accordance with the procedures established by the police department and the comptroller's office.

Information as to these procedures shall be made available to persons seeking to reclaim a vehicle. Vehicles will be released from the storage facility during the hours the facility is open to the public on presentment of proof that payment has been made. A person reclaiming a vehicle must remove it from the city's storage facility within twenty-four hours after paying the towing and storage charges, or he will be assessed additional storage charges. Vehicles not reclaimed within the time allowed under the Texas Transportation Code will be disposed of in accordance with that code.

F. Whenever a vehicle is removed, impounded, or seized under the authority of this section utilizing the services of an independent contractor of the city, the independent contractor shall comply with all notice and redemption of vehicle provisions required by the Texas Transportation Code.

G. Whenever a vehicle is removed, impounded, or seized under the authority of this section utilizing the services of an independent contractor, the independent contractor shall be entitled to charge and receive from the registered owner, lienholders of record if any or other person authorized or entitled to reclaim the vehicle all charges and fees authorized in its contract with the city. All the charges assessed shall be a lien against the vehicle. Vehicles not reclaimed within the time allowed under the Texas Transportation Code will be disposed of in accordance with that code.

H. The term "vehicle" as used in this section shall be deemed to include bicycles. Any bicycle that remains unclaimed for a period of thirty days shall be disposed of in accordance with Article 18.17, Texas Code of Criminal Procedure.

I. Members of the police department are authorized to remove or impound from any public or private property to a city storage facility, other vehicle storage facility, or other location of an auction, by means of city-owned and operated wrecker equipment, or by utilizing the services of an independent contractor of the city, all motor vehicles that at the time of removal are abandoned motor vehicles under the Texas Transportation Code. The registered owner or person entitled to possession of a vehicle must comply with the Texas Transportation Code and pay all towing, storage and other fees as authorized by this section prior to redeeming the vehicle. All vehicles must be redeemed in accordance with the provisions of this section.

J. A registered owner or other person whose vehicle has been removed or impounded under the authority of this section may, within ten days of the day the vehicle was removed or impounded, request a post-deprivation hearing. At the time of the request, the registered owner or other person shall post a bond, sufficient to cover the cost of all outstanding tickets and towing and storage fees accrued, and shall provide the case number used by the police or fire department in making the report pertaining to the removal or impoundment of the vehicle. Such bond shall be posted at the municipal court bond office. Such person's vehicle

will be released from the storage facility on presentment of proof that the requisite bond has been posted.

The hearing shall be held before a judge of the El Paso Municipal Court. A judge shall, as soon as practicable, hear the matter, after giving reasonable notice to the police chief or fire marshal, as applicable. The party requesting the hearing and the police chief or fire marshal or their designated representatives shall have the opportunity to present evidence and make argument on their behalf. The formal rules of evidence do not apply to a hearing under this section.

The judge hearing the case shall make his or her ruling on the basis of substantial evidence presented at the hearing. The judge shall uphold or overrule the decision to remove or impound the vehicle. In the event that the decision is upheld, the bond shall be forfeited to the city. In the event that the decision is overruled, the amount of the bond shall be returned to the person who posted it. The decision of the judge is final. (Ord. 15527 § 1, 2003; Ord. 14930 § 1, 2001; Ord. 14844 § 1, 2001: Ord. 13152 § 98, 1997; Ord. 12329 § 1, 1994: Ord. 10971 § 6, 1992; Ord. 10964 § 1, 1992; Ord. 9020, 1987; prior code § 20-34)
(Ord. No. 17141, § 1, 7-14-2009, eff. 9-5-2009; Ord. No. 17690, § 3, 12-6-2011; Ord. No. 19260, § 1, 11-23-2021)

12.08.230 Disabled-parking enforcement volunteers—Parking citation issuance authority.

A. Any person desiring to be appointed as a disabled-parking enforcement volunteer shall submit an application on a form established by the chief of police, or his designee. The applicant shall be at least eighteen years of age and meet the criteria for qualification as established in Section 681.0101, Texas Transportation Code. The applicant shall state his correct name, current address and telephone number on the application. The chief of police or his designee is authorized to require any additional information from the applicant as he deems necessary to complete the application and determine the qualifications of the applicant. The applicant shall sign all necessary documents to authorize the city and its police or human resources departments to conduct a criminal history record check of the applicant.

B. Applications shall be submitted to the chief of police or his designee. The chief of police or his designees shall determine the qualifications of the applicant and make recommendations as to which applicants are qualified to be appointed as disabled-parking enforcement volunteers.

C. Before any appointment may become effective, each disabled-parking enforcement volunteer shall:

1. Satisfactorily complete a course of training on disabled parking law and enforcement to be developed and conducted by the police department;

2. Sign a volunteer services agreement with the city in which the applicant:

a. Acknowledges that such disabled-parking enforcement volunteer and his heirs and assigns have no rights to any claim against the city, its officers, employees and agents, for any injury, death or property damage resulting from or due to any and all disabled parking enforcement activities;

b. Specifically holds harmless the city, its officers, employees and agents, from liability for any of his acts or omissions taken in connection with his appointment as a disabled-parking enforcement volunteer;

c. Agrees to testify as may be required at all court and administrative proceedings relating to his issuance of a citation or filing of charges against a person for a violation of the disabled parking laws and that he agrees to voluntarily come to do so at the request of the parking violations bureau without the necessity for the issuance of a subpoena; and

d. Agrees to comply with all applicable laws and ordinances as they relate to the performance of the volunteer services.

3. Take and subscribe to an oath of office as may be prescribed by the city; and

4. Make the election under Section 552.024, Texas Government Code, concerning the release or nonrelease of the information covered in that section, and complete any other forms, which the city determines are necessary in connection with the volunteer's services.

D. Appointment of a disabled-parking enforcement volunteer shall become effective upon the execution of the volunteer services agreement by the city manager or designee and the volunteer and completion of the volunteer's training.

E. Persons appointed as disabled-parking enforcement volunteers are authorized, as provided by Section 681.010, Texas Transportation Code, to issue citations and file complaints against any person relating to any vehicle found to be parked in a parking space or parking area designated for the exclusive use of vehicles transporting persons with disabilities in the city in violation of Sections 12.44.180 B.11. and 12.44.200 of this Code or Section 681.011, Texas Transportation Code, subject to the following limitations as provided herein and in Section 681.0101, Texas Transportation Code:

1. No disabled-parking enforcement volunteer shall be deemed a peace officer, nor receive any compensation from the city while in the capacity of a disabled-parking enforcement volunteer;

2. No disabled-parking enforcement volunteer shall have the power or duty to enforce other traffic, civil or criminal laws;

3. No disabled-parking enforcement volunteer shall possess or carry firearms or other weapons while in the enforcement of the disabled parking laws; and

4. No disabled-parking enforcement volunteer, and his heirs and assigns, shall be entitled to any indemnification or compensation from the State of Texas, County of El Paso, or the City of El Paso, and their officers, employees and agents, for any injury, death or property damage sustained as a result of or due to enforcement activities.

F. All disabled-parking enforcement volunteers shall provide notice of any change of name, address or telephone number to the chief of police or his designee and to the human resources department no later than ten days after the effectiveness of such change.

G. The chief of police or his designee may, at any time and without cause, remove the authorization of any person to act as a disabled-parking enforcement volunteer, by giving the person a written notice that his authorization to act as a disabled-parking enforcement volunteer has been removed. (Ord. 16628 § 1, 2007; Ord. 12839, § 1, 1996) (Ord. No. 17690, § 4, 12-6-2011)

12.12.010 Adherence to regulations.

A. The driver of an authorized emergency vehicle, when responding to an emergency call or when in the pursuit of an actual or suspected violator of the law, or when responding to, but not upon returning from, a fire alarm, may exercise the privileges set forth in this section, but subject to the conditions herein stated.

B. The driver of an authorized emergency vehicle may:

1. Park or stand irrespective of the provisions of this title;

2. Proceed past a red or stop signal or stop sign only after slowing down as may be necessary for safe operation;

3. Exceed the prima facie speed limits when such vehicle is operated in response to an emergency call or in the immediate pursuit of an actual or suspected violator of the law, except that ambulances on emergency calls shall not be operated at a rate of speed greater than ten miles per hour over or above the posted prima facie speed limit on any street within the city limits;

4. Disregard regulations governing directions of movement or turning in specified directions.

C. The exemptions herein granted to an authorized emergency vehicle shall apply only when the driver of any such vehicle while in motion sounds audible signal by bell, siren or exhaust whistle, as may be reasonably necessary, and/or when the vehicle is equipped with at least one lighted lamp displaying a red light visible under normal atmospheric conditions from a distance of five hundred feet to the front of such vehicle, except that an authorized emergency vehicle operated as a police vehicle need not be equipped with or display a red light visible from in front of the vehicle.

D. The foregoing provisions shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all other persons, nor shall such provisions protect the driver from the consequence of his reckless disregard for the safety of others.

E. The foregoing subsections A, B and C of this section apply to vehicles of the police and fire departments, vehicles of the El Paso International Airport, and to authorized ambulances. Vehicles of other city departments may be equipped with a flashing amber light, and when so equipped such vehicles are designated as authorized emergency vehicles, but only for the limited purposes of this subsection. Such city vehicles equipped with a flashing amber light, and while such light is flashing, may stand or park irrespective of the provisions of this title; and may, while such light is flashing, disregard regulations governing directions of movement or turning in specified directions in order to stand or park in the performance of their functions. The driver of such vehicles equipped with an amber light shall, however, obey all other traffic laws and ordinances.

F. No person shall drive or move any vehicle or equipment or device moved by human power upon any street or highway within the city limits with any lamp or device thereon displaying a red light visible from directly in front of the center thereof. This subsection shall not apply to police vehicles or to any vehicle upon which a red light visible from the front is expressly authorized or required by law. This subsection applies to the color of any lamp or illumination device whether lighted or unlighted, and to any reflector exhibiting or reflecting perceptible light. (Prior code § 20-16)

12.12.020 Operation of other vehicles and streetcars on approach.

A. Upon the immediate approach of an

authorized emergency vehicle when responding to an emergency as set forth in this title:

1. The driver of every other vehicle shall yield the right-of-way and shall immediately drive to a position parallel to, and as close as possible to, the right-hand edge or curb of the roadway or, in the case of a one-way traffic street, to either edge or curb of the roadway, clear of any intersection and shall stop and remain in such position until the authorized emergency vehicle has passed, except when otherwise directed by a police officer.

2. Upon the approach of an authorized emergency vehicle, as above stated, the motorman of every streetcar shall immediately stop such car clear of any intersection and keep it in such position until the authorized emergency vehicle has passed except when otherwise directed by a police officer.

B. This section shall not operate to relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons using the highway. (Prior code § 20-17)

ACCIDENT REPORTS

Sections:

12.16.010 Required—Driver of vehicles involved.
12.16.020 Required—Defense to prosecution.
12.16.030 Confidentiality.

12.16.010 Required—Driver of vehicles involved.

The drivers of vehicles involved in an accident resulting in injury or death to any person, or damage to property to an apparent extent of one thousand dollars or more shall immediately report such accident to the police department and shall remain on the scene of such accident until the arrival of police. (Ord. 14931 § 1, 2001: Ord. 10197 § 1, 1990: prior code § 20-19)

12.16.020 Required—Defense to prosecution.

It shall be a defense to prosecution under this chapter that the person:

A. Was physically incapable of making a required accident report;

B. Complied with all applicable requirements of Chapter 550, Texas Transportation Code, but left the scene of the accident prior to the arrival of a police officer in order to obtain medical care for himself or herself or an occupant of his or her vehicle; or

C. Made the required accident report and complied with all applicable requirements of Chapter 550, Texas Transportation Code, but left the scene of the accident prior to the arrival of a police officer after waiting thirty minutes at the scene after reporting the accident and no officer arrived at the scene within that time. (Ord. 14931 § 2, 2001: Prior code § 20-20)

12.16.030 Confidentiality.

All required accident reports and supplementary reports shall be without prejudice to the individual so reporting and shall be for the confidential use of the police department or other governmental agencies having use for the records for accident prevention purposes, except that the police department may disclose the identity of a person involved in an accident when such identity is not otherwise known or when such person denies his presence at such accident. (Prior code § 20-21)

12.20.010 Installation authority.

The traffic engineer, subject to the approval of the city council, shall place and maintain traffic-control signs, signals and devices when and as required under the traffic ordinances of this city to make effective the provisions of such ordinances and may place and maintain such additional traffic-control devices as may be necessary to regulate traffic under the traffic ordinances of this city or under state law, or to guide or warn traffic. (Prior code § 20-35)

12.20.020 Obedience to—Burden of providing proof of existence.

A. The driver of any vehicle and the motorman of any streetcar shall obey the instructions of any applicable traffic-control device, signal, sign, or curb or street marking placed in accordance with any law or ordinance, unless otherwise directed by a police officer, or unless in circumstances (such as authorized emergency vehicles in certain cases) when compliance is excused by law or ordinance.

B. In any prosecution for any violation of this title, it shall not be necessary for the state or city to prove the installation, or authority therefor, of any traffic-control device, signal, sign, or curb or street marking; but any person charged with such violation shall have the right to prove as a defense that the traffic-control device, signal, sign or marking was not so installed or authorized. (Prior code § 20-36)

12.20.030 Conformance with manual and specifications.

All traffic-control signs, signals and devices shall conform to the manual and specifications approved by the State Highway Commission or resolution adopted by the legislative body of this city. All signs and signals required hereunder for a particular purpose shall so far as practicable be uniform as to type and location throughout the city. All traffic-control devices so erected and not inconsistent with

the provisions of state law or this chapter shall be official traffic-control devices. (Prior code § 20-37)

12.20.040 Specific locations.

The traffic engineer shall place and maintain traffic-control signs, signals and devices at the various intersections and locations as set out in Schedule XII, Section 12.88.140 and at all other places where traffic-control signs, signals and devices are now in place within the city. (Prior code § 20-39)

12.20.050 Effect of illegible or missing signs—Sections effective where sign not required.

No provision of this title for which signs are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official sign is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular section does not state that signs are required such section shall be effective even though no signs are erected or in place. (Prior code § 20-38)

12.20.060 Signal legend—Go, caution and stop.

Whenever traffic is controlled by traffic-control signals exhibiting the words "go," "caution," or "stop," or exhibiting different colored lights successively one at a time, or with arrows, the following colors only shall be used and such terms and lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

A. Green alone or "go":

1. Vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

2. Pedestrians facing the signal may proceed across the roadway within any marked or unmarked crosswalk unless prohibited so to do by a pedestrian "Wait" signal.

B. Yellow alone or "caution" when shown following the green or "go" signal:

1. Vehicular traffic facing the signal is thereby warned that the red or "stop" signal will be exhibited immediately thereafter and such vehicular traffic shall not enter or be crossing the intersection when the red or "Stop" signal is exhibited.

2. Pedestrians facing such signal are thereby advised that there is insufficient time to cross the roadway, and any pedestrian then starting to cross shall yield the right-of-way to all vehicles.

C. Red alone or "stop":

1. Vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection, and shall remain standing until green or "go" is shown alone, except that the vehicle may make on the red signal any turn permitted by state law.

a. Provided, such turns on a steady red signal are prohibited on the named approaches to the following intersections:

Intersection	Approach
Alabama Street—McKelligon	Westbound on McKelligon Drive
Alabama Street—Nashville Avenue	Westbound on Nashville Eastbound on Nashville
Alameda Avenue—Candelaria Street—Old Pueblo Drive	Southbound on Candelaria Southbound on Old Pueblo
Alameda Avenue—Concepcion Street	Northbound on Concepcion
Chelsea Street—El Paso Drive-Paisano Drive	Southbound on Paisano
Dyer Street—Ellerthorpe Avenue	Northbound and Southbound on Dyer Street
Gateway North—Altura Avenue	Northbound on Gateway North
Gateway North—Trowbridge Drive	Northbound on Gateway North
Gateway North—Yandell Drive	Northbound on Gateway North
Gateway North—Montana Avenue	Northbound on Gateway North

Intersection	Approach
Gateway South—Trowbridge Drive	Southbound on Gateway South
Gateway South—Yandell Drive	Southbound on Gateway South
Mesa Street—San Antonio Avenue	Southbound on Mesa Northbound on Mesa
Mesa Street—Schuster Avenue	Eastbound on Schuster
Montana Avenue—Airport Road	Westbound on Montana Southbound on Airport
Raynolds Street—Gateway West	Southbound on Raynolds
Santa Fe Street—Wyoming Avenue	Northbound on Santa Fe Street
Trowbridge Drive—Texaco Road	Northbound on Texaco

b. At intersections where dual right turns are permitted on the green signal, right turns on the red signal are permitted in the right lane only, and are prohibited in the adjacent lane.

c. At the following intersection left turns on the red signal are prohibited:

Intersection	Approach
Kansas Street-Yandell Drive—IH-10 off-ramp	Westbound on Yandell and on-ramp
Campbell Street—Yandell Drive	Northbound on Campbell Street

d. At all intersections where dual left turns are permitted from a one-way street on the green signal, left turns on the red signal are permitted in the left lane only, and are prohibited in the adjacent lane.

e. At all intersections where dual left turns are permitted from the center of an arterial street only on a green arrow signal, all left turns and U-turns are prohibited when no green arrow signal is displayed.

D. Red with green arrow:

1. Vehicular traffic facing such signal may cautiously enter the intersection only to make the movement indicated by such arrow, but shall yield the right-of-way to pedestrians lawfully within a crosswalk and to other traffic lawfully using the intersection.

2. No pedestrian facing such signal shall enter the roadway until the green or "go" is shown alone unless authorized so to do by a pedestrian "walk" signal.

E. In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.

F. The motorman of any street car shall obey the above signals as applicable to vehicles. (Ord. 12245 Exh. A, 1995; prior code § 20-40)
(Ord. No. 18409, § 1, 8-25-2015; Ord. No. 18622, § 1, 12-6-2016; Ord. No. 18919, § 1, 3-19-2019)

12.20.070 Signal legend—Walk, wait and don't walk.

Whenever special pedestrian-control signals exhibiting the words "walk" or "wait" "don't walk" are in place, such signals shall indicate as follows:

A. Walk. Pedestrians facing such signal may proceed across the roadway in the direction of the signal or in any marked crosswalk and shall be given the right-of-way by the drivers of all vehicles.

B. Wait, Don't Walk, or an Illuminated Symbol of an Up-raised Palm (symbolizing don't walk). No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to the nearest sidewalk or safety zone while the wait signal is showing. (Prior code § 20-41)

12.20.080 Signal legend—Flashing signals.

A. Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

1. Flashing Red (stop signal). When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked, or, if none, then before entering

the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

2. Flashing Yellow (caution signal). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

B. This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules as set forth in Section 12.84.010. (Prior code § 20-42)

12.20.090 Display of unauthorized signs.

A. No person shall place, maintain or display upon or in view of any highway, street or roadway

any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic control device or railroad sign or signal or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal.

B. No person shall place or maintain, nor shall any public authority permit, upon any highway any traffic sign or signal bearing thereon any commercial advertising.

C. This section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.

D. Every such prohibited sign, signal or marking is declared to be a public nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it to be removed without notice. (Prior code § 20-43)

12.20.100 Interference with devices—Prohibited without authority.

No person shall without lawful authority attempt to or in fact alter, deface, injure, knock down or remove any official traffic-control device or any railroad sign or signal or any inscription, shield or insignia thereon, or any other part thereof. (Prior code § 20-44)

12.20.110 Interference with devices—Permit required.

A. No person shall remove, deface, or obscure the wording of any traffic sign or signal, or cause the same to be done, without first obtaining a permit from the traffic engineer.

B. In the case of signs not electrically operated or illuminated, such person shall notify the traffic engineer of the time when the sign is to be removed, defaced, or obscured; and upon completion of the work by reason of which the sign is removed, defaced or obscured he shall promptly restore the sign and notify the traffic engineer of its restoration.

C. In the case of signs or signals which are electrically operated or illuminated, removal of the sign or signal, or any alteration thereof which may affect the electrical connections, parts, or operation, and the restoration thereof, shall be done by the city and the actual cost of such work shall be paid by the person at whose instance such work is done. The person doing or causing to be done the removing, defacing or obscuring of such sign or signal shall notify the traffic engineer at least twenty-four hours in advance of the time when the same is to be done. If restoration is to be done by the city, such person shall promptly notify the traffic engineer of completion of the work by reason of which the sign is removed, defaced or obscured. If restoration is to be done by such person he shall promptly do such restoration and notify the traffic engineer.

D. The traffic engineer may require a deposit or bond to protect the city against loss in doing any restoration called for under this section if in his opinion the probable cost of the work and the financial condition of the applicant justify such deposit or bond. (Prior code § 20-45)

12.20.120 Crosswalk and safety zone designation authority.

The traffic engineer is hereby authorized:

A. To designate and maintain, by appropriate devices, marks or lines upon the surface of the roadway, crosswalks at intersections where in his opinion there is particular danger to pedestrians crossing the roadway, and at such other places as he may deem necessary;

B. To establish safety zones of such kind and character and at such places as he may deem necessary for the protection of pedestrians. (Prior code § 20-46)

12.20.130 Traffic lanes—Authority to mark—Compliance with required.

A. The traffic engineer is authorized to mark traffic lanes upon the roadway of any street or highway where a regular alignment of traffic is necessary.

B. Where such traffic lanes have been marked, it is unlawful for the operator of any vehicle to fail or refuse to keep such vehicle within the boundaries of any such lane except when lawfully passing another vehicle or preparatory to making a lawful turning movement.

C. Whenever any street or highway has been divided into four or more even numbers of clearly marked lanes for moving traffic, it is unlawful for the operator of any vehicle to drive to the left of the centerline of any such street or highway, except for the purpose of making a lawful turning movement; provided, that this section shall not apply to emergency vehicles when responding to emergency calls. (Prior code § 20-47)

12.20.140 Crossing yellow lines—South Stanton Street.

A. A double yellow line parallel to and thirty-nine feet from the west curbline of South Stanton Street shall be painted on the roadway of the street between the railroad tracks immediately north of the International Bridge and a point fifty feet south of the north rail of the second railroad track north of the bridge; and a double yellow line parallel to end thirty-one feet from the west curbline of said street shall be painted on the roadway between the second railroad track north of the bridge and the south line of Ninth Avenue. The north end of the first double line and the south end of the second double line shall be connected by a straight double yellow line painted on the roadway.

N. Every driver of a southbound vehicle on the above described part of Stanton Street shall keep to the west of the above described double lines, and every driver of a northbound vehicle on said part of Stanton Street shall keep to the east of the double lines. (Prior code § 20-46.1)

12.20.150 Crossing yellow lines—Oregon Street.

A. A double yellow line parallel to and eighteen feet from the east curbline on Oregon Street shall be painted on the roadway of the street between San Antonio Avenue and Paisano Drive.

B. Every driver of a southbound vehicle on the above described part of Oregon Street shall keep to the west of the double line, and every driver of a northbound vehicle on said part of Oregon Street shall keep to the east of the double line. (Prior code § 20-46.2)

12.20.160 Crossing yellow lines—Stanton Street.

A. A double yellow line parallel to and eighteen feet from the west curbline of Stanton Street shall be painted on the roadway of the street between the north right-of-way line of Arizona Avenue and the south right-of-way line of California Avenue, and the north end of this double yellow line shall be connected by a double yellow line to the south end of a double yellow center line on Stanton Street at River Avenue.

B. Every driver of a southbound vehicle on

the above described part of Stanton Street shall keep to the east of the double line, and every driver of a northbound vehicle on the above described part of Stanton Street shall keep to the east of the double line. (Prior code § 20-46.3)

12.20.170 School flasher and pedestrian safety flasher signals.

This section sets forth basic principles and prescribes the standards to be followed in the application, installation and maintenance of school flasher signals and pedestrian safety flasher signals. The designation of school crossing zones shall be governed by Chapter 12.28 of the El Paso City Code. (Ord. 13974 § 1 (part), 1999)

12.20.180 Definitions.

As used in this chapter, the following terms shall have the following meaning:

A. "Applicant" means the individual(s), entity, organization, or group that has submitted a request for the installation of a school flasher signal or a pedestrian safety flasher signal.

B. "School crossing zone" means a reduced speed zone designated upon any street by the traffic engineer to facilitate safe crossing of the street by children going to or leaving from a public or private primary or secondary school or any combination thereof as set forth in Chapter 12.28 of the El Paso City Code.

C. "Pedestrian safety zone" means a reduced speed zone designated upon any street by the traffic engineer to facilitate safe crossing of the street by pedestrians.

D. "School flasher signal" means an electronically or mechanically operated traffic control device placed, erected, or installed by the City of El Paso for the purpose of regulating and warning vehicular traffic at designated school zones to reduce speeds to facilitate safe crossing of streets by school children.

E. "Pedestrian safety flasher signal" shall mean an electronically or mechanically operated traffic control device placed, erected or installed by the City of El Paso for the purpose of regulating and warning vehicular traffic at designated pedestrian safety zones to reduce speeds to facilitate safe crossing of streets by pedestrians. (Ord. 13974 § 1 (part), 1999)
(Ord. No. 17394, § 2, 8-24-2010, eff. 9-1-2010)

12.20.190 School flasher signal installations.

All requests for the installation of a school flasher signal shall be handled in accordance with this section.

A. The applicant requesting the installation of a school flasher signal shall submit a written request to the traffic engineer. The request shall come from the school board of the school requesting the school flasher signal and shall contain the location of the requested signal and a statement that the applicant will comply with all provisions of this section, including but not limited to, the payment responsibilities set forth in section.

B. The applicant shall be responsible for payment of one hundred percent of the total equipment and installation cost of the school flasher signal.

C. Upon receipt of the written request, the traffic engineer shall direct the conduct of a traffic engineering study to determine the justification for a school flasher signal in the area. The applicant shall be notified of the results of the traffic engineering study.

D. If the traffic engineering study indicates that a school flasher signal is justified in the area, the engineering traffic division shall designate a school crossing zone pursuant to Section 12.28.020 of the El Paso City Code in the area at no cost to the applicant. If the applicant requests that a school flasher signal be installed in addition to the school crossing zone or, if there is a school crossing zone in the area already, a school flasher signal may be installed; provided, that the applicant agrees to be responsible for the payment of one hundred percent of the costs associated with the installation of such signal and executes an agreement, in a form acceptable to the city attorney's office, setting forth the applicant's responsibilities.

E. Upon execution of the agreement and the city's receipt of the payment in full, the engineering traffic division shall proceed with the design and installation of the school flasher signal.

F. Any modifications to the school flasher signal requested by the applicant may be made at the city's sole discretion, at the applicant's sole expense. (Ord. 13974 § 1 (part), 1999)
(Ord. No. 17394, § 3, 8-24-2010, eff. 9-1-2010; Ord. No. 17815, §§ 1, 2, 6-19-2012)

12.20.200 Pedestrian safety flasher signal installation.

All requests for installation of a pedestrian safety flasher signal shall be handled in accordance with the provisions of this section.

A. The applicant requesting the installation of a pedestrian safety flasher signal shall submit a written request to the traffic engineer. The request shall contain the location of the requested signal and a statement that the applicant will comply with all provisions of this section, including but not limited to, the payment responsibilities set forth in section.

B. The applicant shall be responsible for payment of one hundred percent of the total equipment and installation costs of the pedestrian safety flasher signal.

C. Upon receipt of the written request, the traffic engineer shall direct the conduct of a traffic engineering study to determine the justification for a pedestrian safety flasher signal. The applicant shall be notified of the results of the traffic engineering study.

D. If the traffic engineering study indicates that a pedestrian safety flasher signal is justified, the traffic engineer shall designate a pedestrian safety zone in the area pursuant to Section 12.20.120 of the El Paso City Code. If the applicant requests that a pedestrian safety flasher signal be installed in addition to a pedestrian safety zone or if there is a pedestrian safety zone in the area already, a pedestrian safety flasher signal may be installed; provided, that the applicant agrees to be responsible for the payment of one hundred percent of the costs associated with the installation of such a signal and executes an agreement, in a form acceptable to the city attorney's office, setting forth the applicant responsibilities.

E. Upon execution of the agreement by the applicant and the city and the city's receipt of the payment, the traffic engineer shall proceed with the design and installation of the pedestrian safety flasher signal.

F. Any modifications to the pedestrian flasher signal requested by the applicant may be made at the city's sole discretion, at the applicant's sole expense (Ord. 13974 § 1 (part), 1999)
(Ord. No. 17394, § 4, 8-24-2010, eff. 9-1-2010)

12.20.210 Traffic engineering study.

The traffic engineer shall be responsible for conducting the comprehensive traffic engineering study to analyze and determine the need for a school or pedestrian safety flasher signal. The engineering traffic study shall consist of the following:

1. Traffic volume survey;
2. Gap study;
3. Speed study;
4. A field site survey. (Ord. 13974 § 1 (part), 1999)

(Ord. No. 17394, § 5, 8-24-2010, eff. 9-1-2010)

12.20.220 Flasher signal standards.

The basic principles and prescribed standards applied in the traffic engineering study shall conform to the applicable specifications of the Texas Manual on Uniform Traffic Control Devices (TMUTCD). A copy of the TMUTCD shall be on file with the engineering traffic division. (Ord. 13974 § 1 (part), 1999)

12.20.230 Ownership and maintenance.

It shall be unlawful for a person to modify, remove or in any way damage a school flasher signal or pedestrian safety flasher signal without the approval of the deputy director of engineering. The penalties applicable to this ordinance are as provided in Section 1.08.010 of the general code

provisions of the City of El Paso, which provide for a fine not exceeding five hundred dollars per violation as may be affected by state law or as may be changed from time to time by the city council. (Ord. 13974 § 1 (part), 1999)

12.21.010 Definitions.

As used in this chapter, the following words and terms shall have the meanings ascribed in this section, unless the context of their usage clearly indicates another meaning:

"Intersection" means the common area at the junction of two highways, other than the junction of an alley and a highway. The dimensions of an intersection include only the common area: (1) within the connection of the lateral curb lines or, in the absence of curb lines, the lateral boundary lines of the roadways of intersecting highways that join at approximate right angles; or (2) at the place where vehicles could collide if traveling on roadways of intersecting highways that join at any angle other than an approximate right angle. Each junction of each roadway of a highway that includes two roadways at least thirty feet apart with the roadway of an intersecting highway, including each roadway of an intersecting highway that includes two roadways at least thirty feet apart, is a separate intersection.

"Local authority" means a county, municipality, or other local entity authorized to enact traffic laws under the laws of this state.

"Owner of a motor vehicle" means the owner of a motor vehicle as shown on the motor vehicle registration records of the Texas Department of Transportation or the analogous department or agency of another state or country.

"Photographic traffic signal enforcement system" means a system that: (1) consists of a camera system and vehicle sensor installed to exclusively work in conjunction with an electrically operated traffic control signal; and (2) is capable of producing at least two recorded images that depict the license plate attached to the front or rear of a motor vehicle that is not operated in compliance with the instructions of the traffic control signal.

"Recorded image" means a photographic or digital image that depicts the front or the rear of a motor vehicle.

"System location" means an intersection toward which a photographic traffic monitoring system is directed and in operation.

"Traffic control signal" means manual, electric, or mechanical device that alternately directs traffic to stop and to proceed.

"Unpaid civil penalty" means a civil penalty assessed under this chapter that is not paid by the deadline established for making the payment as provided in this chapter; or if administratively adjudicated pursuant to section 12.21.040, not paid upon the finding of liability by the hearing officer; or if appealed pursuant to section 12.21.060, not paid upon the entry of an order or judgment finding liability by the municipal court. (Ord. 16873 § 2 (part), 2008)
(Ord. No. 17878, § 1, 9-19-2012)

12.21.020 Imposition and amount of civil penalty.

A. The owner of a motor vehicle is liable for a civil penalty of seventy-five dollars, if while facing only a steady red signal displayed by an electrically operated traffic-control signal located in the local authority, the vehicle is operated in violation of the instructions of that traffic-control signal, as specified by Section 544.007(d) of the Texas Transportation Code.

B. The imposition of a civil penalty under this chapter is initiated by the mailing of a notice of violation to the owner of the motor vehicle that the City of El Paso seeks to impose a civil penalty for failing to comply with the instructions of a traffic control signal.

C. An owner of a motor vehicle who fails to timely pay the civil penalty assessed for violation of the instructions of a traffic control signal shall be subject to a late payment penalty of twenty-five dollars under this chapter. (Ord. 16873 § 2 (part), 2008)

12.21.030 Enforcement and procedures.

A. The police department and the municipal clerk's department, office of municipal court clerk, shall be responsible for the enforcement and administration of this chapter. The police chief and the chief clerk of the municipal courts shall establish and implement appropriate procedures to affect the policy of this chapter.

B. To impose a civil penalty under this chapter, the municipal clerk's department shall mail or cause to be mailed a notice of violation to the owner of the motor vehicle liable for the civil penalty not later than thirty days after the date the violation is alleged to have occurred to the owner at:

1. The owner's address as shown on the registration records of the Texas Department of Transportation; or

2. If the vehicle is registered in another state or country, the owner's address as shown on the motor vehicle registration records of the department or agency of the other state or country analogous to the Texas Department of Transportation.

C. The notice of violation shall contain the following:

1. A description of the violation alleged;

2. Location of the intersection where violation occurred;

3. The date and time of the violation;

4. The name and address of the owner of the vehicle involved in the violation;

5. The registration number displayed on the license plate of the vehicle involved in the violation;

6. A copy of the recorded image of the violation limited solely to a depiction of the area of the registration number displayed on the license plate of the vehicle involved in the violation;

7. The amount of the civil penalty for which the owner is liable;

8. The number of days the person has in which to pay or contest the imposition of the civil penalty and a statement that the person incurs a late payment penalty if the civil penalty is not paid or imposition of the penalty is not contested within that period;

9. A statement that the owner of the vehicle in the notice of violation may elect to pay the civil penalty by mail sent to a specified address instead of appearing at the time and place of the administrative adjudication hearing; and

10. Information that informs the owner of the vehicle named in the notice of violation:

a. Of the owner's right to contest the imposition of the civil penalty against the person in an administrative adjudication hearing,

b. That the imposition of a civil penalty may be contested by submitting a written request for an administrative adjudication hearing within thirty days after the date the notice of violation was mailed, and

c. That failure to pay the civil penalty or to contest liability for the penalty within thirty days after the date the notice of violation was mailed, or failure to appear at the requested administrative adjudication hearing to contest the imposition of the civil penalty, is an admission of liability for the full amount of the civil penalty stated in the notice of violation mailed to the person and waives the person's right of appeal the imposition of the civil penalty;

D. A person who receives a notice of violation of this chapter may pay the civil penalty in lieu of requesting an administrative hearing as provided in Section 12.21.040. (Ord. 16873 § 2 (part), 2008)

12.21.040 Administrative adjudication hearing.

A. A person who receives a notice of violation of this chapter may contest the imposition of the civil penalty specified in the notice of violation by filing a written request for an administrative adjudication hearing.

1. The request for a hearing must be filed with the entity specified on the notice of violation on or before the date specified in the notice of violation.

2. Upon receipt of a timely request, the administrative adjudication hearing may be set within one hundred twenty days and the person shall be notified of the date and time of the administrative adjudication hearing. The administrative adjudication hearing shall be held before an El Paso Municipal Court hearing officer.

3. The city council for the City of El Paso designates any employee who is employed in the position of municipal court hearing officer or are otherwise assigned the duties and responsibilities of such position as the hearing officer under this chapter. The hearing officer shall have the authority to administer oaths and to issue orders compelling the attendance of witnesses and the production of documents. An order compelling the attendance of witnesses or the production of documents may be enforced by the municipal courts.

B. The reliability of the photographic traffic signal enforcement system used to produce the recorded image of the violation may be attested to by affidavit as provided by Chapter 707 of the Texas Transportation Code. Said affidavit shall be admissible at the administrative adjudication hearing and in the appeal, if any.

C. At the end of the administrative adjudication hearing, the hearing officer shall enter a finding of either liability or no liability. Said finding must be in writing, signed and dated by the hearing officer. A finding of liability for a civil penalty must specify the amount of the civil penalty for which the person is liable. The hearing officer shall also specify the amount of any late penalties and administrative adjudication costs assessed for which the person is liable. The finding shall be filed with the municipal court clerk. All such findings shall be kept in a separate index or file by the municipal court clerk.

D. A person who fails to timely pay the amount of the civil penalty or fails to timely request an administrative adjudication hearing is entitled to an administrative adjudication hearing if:

1. The person submits a written request for the hearing to the office of the hearing officer, accompanied by an affidavit that attests to the date on which the person received the notice of violation; and

2. The written request and affidavit are submitted to the office of the hearing officer within thirty days after the person received the notice of violation.

E. A civil penalty shall not be assessed if:

1. After a hearing, the hearing officer enters a finding of no liability; or

2. Within the time prescribed in the notice of violation, the person against whom the civil penalty is to be assessed submits written proof of ownership by a person in the business of selling, renting or leasing motor vehicles or by a person who was not the person named in the notice of violation as rebuttal evidence in accordance with Section 707.013(b) of the Texas Transportation Code. (Ord. 16873 § 2 (part), 2008)

12.21.050 Affirmative defenses.

A. It shall be an affirmative defense to liability under this article, to be proven by a preponderance of the evidence, that:

1. The traffic-control signal was not in proper position and sufficiently legible to an ordinarily observant person;

2. The operator of the motor vehicle was acting in compliance with the lawful order or direction of a police officer;

3. The operator of the motor vehicle violated the instructions of the traffic-control signal so as to yield the right-of-way to an immediately approaching authorized emergency vehicle;

4. The motor vehicle was being operated as an authorized emergency vehicle under Chapter 546 of the Texas Transportation Code and the operator was acting in compliance with that chapter;

5. The motor vehicle was a stolen vehicle and being operated by a person other than the owner of the vehicle without the effective consent of the owner;

6. The license plate depicted in the recorded image of the violation was a stolen plate being displayed on a motor vehicle other than the motor vehicle for which the plate had been issued;

7. The vehicle was being operated by a person other than the owner of the vehicle;

8. The presence of ice, snow, unusual amounts of rain or other unusually hazardous road conditions existed that would make compliance with this article more dangerous under the circumstances than noncompliance;

9. The person who received the notice of violation was not the owner of the motor vehicle at the time of the violation; or

10. The operator, after stopping or standing, entered the intersection safely yielding the right-of-way to pedestrians lawfully in an adjacent crosswalk and other traffic lawfully using the intersection and turned right, or turned left where intersecting streets were both one-way streets and a left turn is permissible.

B. To demonstrate that at the time of the violation the motor vehicle was a stolen vehicle or the license plate displayed on the motor vehicle was a stolen plate, the owner must submit proof acceptable to the hearing officer that the theft of the vehicle or license plate had been timely reported to the appropriate law enforcement agency. (Ord. 16873 § 2 (part), 2008)

12.21.060 Appeal.

A. The owner of a motor vehicle determined by a hearing officer to be liable for a civil penalty may appeal that determination of liability to the El Paso Municipal Courts by filing a petition of appeal with the municipal court clerk.

B. The appeal petition must be filed:

1. Not later than the thirty-first day after the date on which the administrative adjudication hearing officer entered the finding of liability for the civil penalty; and

2. Accompanied by payment of a docketing fee of twenty-five dollars plus an appeal bond. The appeal bond must be in the amount of one hundred dollars or double the amount of the fines and costs adjudged against the owner, whichever is greater.

C. The municipal court clerk shall schedule a hearing and notify the owner of the motor vehicle and the El Paso police department of the date, time and place of the hearing.

D. An appeal stays enforcement and collection of the civil penalty and other fees assessed by the hearing officer. The owner of the motor vehicle shall file a notarized statement of personal financial obligation to perfect the owner's appeal.

1. The enforcement and collection of the civil penalty and other fees assessed by the hearing officer will not be stayed if the appeal is not perfected.

E. An appeal under this section shall be determined by the municipal courts by trial de novo. (Ord. 16873 § 2 (part), 2008)

12.21.070 Effect of liability; exclusion of civil remedy; enforcement.

A. The imposition of a civil penalty under this chapter is not a conviction and may not be considered a conviction for any purpose.

B. No civil penalty may be imposed under this chapter on the owner of a motor vehicle if the operator of the vehicle was arrested or was issued a citation and notice to appear by a peace officer for a violation of Section 544.007(d) of the Texas Transportation Code recorded by the photographic traffic monitoring system.

C. The city attorney is authorized to file suit to enforce collection of a civil penalty assessed under this chapter.

D. Any unpaid civil penalty assessed under this chapter may be enforced by refusing to allow

the registration of the vehicle as provided by applicable state law. (Ord. 16873 § 2 (part), 2008) (Ord. No. 17878, § 2, 9-18-2012)

WIRELESS COMMUNICATIONS DEVICES

Sections

12.22.010 Definitions.

12.22.020 Use of wireless communications while driving.

12.22.010 Definitions.

In this chapter:

A. "Hands-free device" means speakerphone capability or a telephone attachment or other piece of equipment, regardless of whether permanently installed in the motor vehicle, that allows use of the wireless communication device without use of either of the operator's hands.

B. "Stop" or "stopped" means to stand an occupied or unoccupied vehicle in a location other than in a lane of traffic on a roadway.

C. "Wireless communication device" has the meaning assigned in Section 545.425 (Use of Wireless Communication Device; Offense) of the Texas Transportation Code.

(Ord. No. 17286, § 2, 3-9-2010, eff. 4-1-2010)

12.22.020 Use of wireless communications while driving.

A. An operator of a motor vehicle may not use a wireless communication device while operating a motor vehicle.

B. This section does not apply to an operator of a motor vehicle using a wireless communications device:

1. While the vehicle is stopped; or

2. That is affixed to the vehicle and used as a global positioning or navigation system.

C. It is an affirmative defense to prosecution of an offense under this section if a wireless communications device is used:

1. For obtaining emergency assistance to report a traffic accident, medical emergency, or serious traffic hazard, or to prevent a crime about to be committed;

2. In the reasonable belief that a person's life or safety is in immediate danger; or

3. Solely in a voice-activated or other hands-free mode.

D. To the extent that this section conflicts with the Texas Transportation Code Section 545.424, regarding the use of wireless communication devices while operating a motor vehicle by minors, or Texas Transportation Code Section 545.425, regarding the use of wireless communication devices in school crossing zones, or by the operators of school busses, this section does not apply.

TURNING MOVEMENTS

Sections:

12.24.010 Turn indicator placement authority.

12.24.020 No right, left or U-turn determination authority.

12.24.030 Turning left on other than two-way roadways.

12.24.040 Turning around.

12.24.050 Dual right and dual left turns.

12.24.010 Turn indicator placement authority.

A. When the traffic engineer determines that the safety or convenience of traffic would be increased by prohibiting or by requiring turns at any intersection or into or from any traffic lane at such intersection, or by specifying the direction, manner or time of making such turn, or by limiting such turns to the time and direction indicated by an arrow on a traffic light, he is authorized to place markers, signs, buttons or signals (or any combination thereof) in or at such intersection, or along the approach thereto, so as reasonably to indicate the movement required, permitted or prohibited, notwithstanding such control at the specific intersection does not conform to the general traffic rules otherwise established.

B. When such traffic indicators are so placed, no person shall drive any vehicle otherwise than in obedience thereto. (Prior code § 20-52)

12.24.020 No right, left or U-turn determination authority.

A. The traffic engineer is authorized to determine those intersections at which drivers of vehicles shall not make a right, left, or U turn, and shall place proper signs at such intersections. The making of such turns may be prohibited between certain hours of any day and permitted at other hours, in which event the same shall be plainly indicated on the signs or they may be removed when such turns are permitted.

B. Whenever authorized signs are erected indicating that no right or left or U turn is permitted, including those places specified in Schedule XIII, no driver of a vehicle shall disobey the directions of any such sign. (Prior code § 20-53)

12.24.030 Turning left on other than two-way roadways.

At any intersection where traffic is restricted to one direction on one or more of the roadways, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle and after entering the intersection the left turn shall be made so as to leave the intersection, as nearly as practicable, in the left-hand lane lawfully available to traffic moving in such direction upon the roadway being entered. (Prior code § 20-54)

12.24.040 Turning around.

The driver of a vehicle shall not turn such vehicle so as to proceed in the opposite direction upon any street in a business district and shall not upon any other street so turn a vehicle unless such movement can be made in safety and without interfering with other traffic. (Prior code § 20-55)

12.24.050 Dual right and dual left turns.

The traffic engineer is authorized to determine those intersections at which drivers of vehicles may make dual left or dual right turns. Signs or signals shall be erected at these intersections indicating that these turning movements are permitted or mandatory. A green turn arrow on a traffic control signal may be used in lieu of or in addition to erecting turn signs.

No driver of a vehicle in a lane other than the curb lane shall turn left or right onto a cross-street, alley or driveway except where there are signs or a green arrow authorizing dual turns. (Ord. 12244 Exh. A, 1995)

CRUISING

Sections:

12.26.010 Purpose.

12.26.020 Definitions.

12.26.030 Cruising prohibited.

12.26.040 Affirmative defenses.

12.26.050 Demarcation of the no cruising zone.

12.26.010 Purpose.

The purpose of this section is to increase emergency vehicle and police access to certain areas ("no cruising zones") by enhancing the orderly and unobstructed flow of motor vehicle traffic throughout such areas. This will be accomplished by:

A. Reducing traffic congestion caused by an increased volume of motor vehicle traffic participating in repetitive transit throughout such areas;

B. Reducing the likelihood of preventable mishaps and crises arising from an inability of police and emergency personnel to respond to locations within such areas due to excessive traffic congestion caused by cruising;

C. Increasing access by members of the general public to such areas, which access is currently restricted due to unnecessary traffic congestion arising from cruising. (Ord. 15110 § 1 (part), 2002)

12.26.020 Definitions.

A. For the purposes of this section, the following terms, phrases, words and their derivations shall have the meaning given herein. When not inconsistent with the context, words used in the present tense include the future; words in the plural number include the singular; and words in the singular number include the plural.

B. "Cruise" or "cruising" means to operate a motor vehicle, or to permit the operation of a motor vehicle under one's care, custody or control, so as to pass the same traffic control point within a no cruising zone three times within any two-hour period.

C. "Traffic control point" means any point established by the chief of police or a commander of a police department regional command center within a no cruising zone for the purpose of monitoring cruising. Such points shall be located within the same city block as a sign posted in accordance with Section 12.26.050 of this code.

D. "No cruising zone" means the following areas:

1. Lee Trevino Drive between Gateway Boulevard West and Pebble Hills Boulevard;

2. Delta Drive between Alameda Avenue and Boone Street;

3. North Mesa Street between Sunbowl Drive and Schuster Avenue;

4. North Mesa Street between Thunderbird Drive and Camille Drive;

5. Sunland Park Drive between the intersection of the exit ramp from the westbound lanes of Interstate Highway 10 with Sunland Park Drive to Crestmont Drive;

6. North Mesa Street between South Desert Boulevard and Doniphan Drive;

7. Yarbrough Drive between Alameda Avenue and North Loop Drive;

8. Zaragoza Road between Alameda Avenue and North Loop Drive;

9. Alameda Avenue between Delta Drive and Little Flower Road;

10. Alameda Avenue between Americas Avenue and Old Pueblo Road;

11. Americas Avenue between Alameda Avenue and Socorro Road;

12. Montana Avenue between Lee Trevino Drive and Trowbridge Avenue;

13. Dyer Street between Pershing Drive and Hondo Pass Avenue; and

14. Doniphan Drive between Sunland Park Drive and the El Paso city limits located 256 feet north of Mowad Road. (Ord. 15110 § 1 (part), 2002)

12.26.030 Cruising prohibited.

A. A person commits an offense under this section, if between the hours of nine p.m. and three a.m. on any day of the week, he or she cruises, as defined herein, in a "no cruising zone" marked in accordance with Section 12.26.050 of this code.

B. Enforcement of this section may occur any time after a police officer has determined that a person has passed a traffic control point, either by operating or permitting the operation of a motor vehicle, three or more times within a two-hour period. (Ord. 15110 § 1 (part), 2002)

12.26.040 Affirmative defenses.

It shall be an affirmative defense to prosecution under this section that the motor vehicle was:

A. Owned by the state of Texas, a municipality, a county, or other political subdivision of the state, or the United States Government;

B. An emergency or conspicuously marked public safety or utility vehicle;

C. A licensed public transportation vehicle;

D. Being used for business or employment purposes and verification of this business or employment is established;

E. Being used for the direct travel to and from or the driving of another directly to and from an official school, civic or religious activity;

F. Being used for the direct travel to or from or the driving of another directly to and from an activity involving the exercise of First Amendment rights protected by the United States Constitution, including the free exercise of religion, freedom of speech, and the right of assembly;

G. Involved in an emergency situation, such as driving oneself or others to and from a hospital; or

H. Being used for the direct travel to and from a place of business that is open to the public at the time of the travel for the purpose of conducting business at that business. (Ord. 15110 § 1 (part), 2002)

12.26.050 Demarcation of the no cruising zone.

The traffic engineer shall mark a no cruising zone by conspicuously posting appropriate signs at each entrance to the zone and at least one additional sign located approximately every three city blocks within the no cruising zone. (Ord. 15110 § 1 (part), 2002)
(Ord. No. 17394, § 6, 8-24-2010, eff. 9-1-2010)

SPEED LIMITS

Sections:

12.28.010 Generally.

12.28.020 School crossing zones.

12.28.030 On certain bridges.

12.28.040 In city parks.

12.28.010 Generally.

A. The state traffic laws regulating the speed of vehicles shall be applicable upon all streets within this city, except as indicated in subsection C below, in Schedule XIV, Section 12.88.150, or as other ordinances may provide. However, specified speed regulations shall be applicable upon specified streets or in certain areas, in which event it shall be prima facie unlawful for any person to drive any vehicle at a speed greater or lesser than so specified.

B. The traffic engineer may, subject to the approval of the city council, designate speed limits by signs. The traffic engineer may, on the basis of engineering and traffic investigations, designate the speed regulations upon any street or portion of a street by erecting signs giving notice thereof.

C. When the traffic engineer or his designee, finds, at the platting stage, that a new residential street meets the code requirements for use, any new residential street subsequently built to the design standards set forth in this code, Title 19 (Subdivision Code), Section 19.15.030, local 2 or local 3, effective June 1, 2008, or later, and

1. Which is not an officially designated or marked highway or road of the state highway system;

2. Which is thirty-five feet or less in width;

3. Along which vehicular parking is not prohibited on one or both sides of the street; and

4. Which has less than four lanes.

Shall have a speed limit of twenty-five miles per hour, effective when signs are erected giving notice of the limit. (Ord. 16908 § 2, 2008: prior code § 20-48)

12.28.020 School crossing zones.

A. Whenever traffic engineering investigation discloses a need for particular safety precautions for the safety of school children, the department of transportation is empowered to mark such locations as school crossing zones as directed by the traffic engineer; provided, however, no such school crossing zones shall be established at any intersection approach controlled by stop signs.

B. When such school crossing zones are established, they shall be appropriately marked by traffic control signs or devices, indicating that school is in session, and the prima facie speed limit within the school crossing zone. If deemed necessary by the traffic engineer, such traffic-control devices may include flashing yellow lights. All such traffic-control signs and devices shall be of a size and type approved by the traffic engineer.

C. The regulations imposed by such traffic-control signs and devices shall become effective forty-five minutes before the opening of the first class and shall cease to be effective thirty minutes after the end of the last school class.

D. When such school crossings are established and when signs indicate that regulations are in force, no vehicle shall proceed at a speed in excess of that posted on such signs when approaching the crosswalk and while between the first such sign and the crosswalk.

E. Whenever signs indicate that the regulations are in force, no vehicle shall pass any other vehicle proceeding in the same direction between the signs designating the school crossing zone, and all vehicles shall come to a complete stop at the school crossing when the crosswalk is occupied by any person. (Ord. 13152 § 99, 1997; prior code § 20-49)
(Ord. No. 17394, § 7, 8-24-2010, eff. 9-1-2010)

12.28.030 On certain bridges.

No person shall drive any vehicle on the part of the bridge described in Section 12.40.070 within the city limits at a speed greater than ten miles per hour. (Prior code § 20-50)

12.28.040 In city parks.

It is unlawful for any person to operate, or cause to be operated within the limits of any city park in the city, any motor vehicle in excess of fifteen miles per hour. (Prior code § 20-51)

12.30.170 Enforcement authority.

12.30.010 Definitions.

A. "Permittee" means the governmental entity, utility company, contractor, person or business entity that has received a temporary traffic control permit pursuant to this chapter.

B. "Person" means associations, clubs, societies, firms, contractors, governmental agencies, traffic barrier supply companies, partnerships, corporations, other business entities as well as individuals or groups of individuals.

C. "Temporary traffic control plan" means a plan describing temporary traffic control measures to be used for facilitating pedestrian and vehicular users through a work zone or other activity in a public right-of-way.

D. "Traffic engineer" shall have the same meaning as found in Section 12.04.190 and shall also include, for purposes of this chapter, those people designated by the traffic engineer.

E. "Work" means any activity that requires placement of barriers in the public right-of-way and/or any construction activities within the public right-of-way.

(Ord. No. 17489, § 1, 1-18-2011)

12.30.020 State manual.

The Manual on Uniformed Traffic Control Devices (MUTCD), Chapter 6 (Temporary Traffic Control), in the version adopted by the Texas Department of Transportation shall govern the operations of all contractors, subcontractors, public utility companies, including, but not limited to the El Paso Public Service Board/El Paso Water Utilities, railroads, state and city agencies and any other person who is engaged in work subject to the MUTCD within the city.

(Ord. No. 17489, § 1, 1-18-2011)

12.30.030 Permit required.

No person shall (1) conduct work within the city right-of-way or (2) otherwise occupy the public right-of-way that impedes or limits the general public from traversing the right-of-way without a traffic control permit issued by the permit official. Permits shall be required in connection with all governmental work, including but not limited to the city (including the El Paso Public Service Board/El Paso Water Utilities), schools, universities, hospitals, water improvement districts, county, state and federal public works projects, all private sector work, and for such events as block parties, parades or other such temporary events that require the use of any portion of the public right-of-way. No permit shall be issued until a temporary traffic control plan is approved by the traffic engineer. Denial of a proposed temporary traffic control plan and the requested permit by the traffic engineer shall include the grounds for the denial.

The issuance of the permit shall require the permittee to comply, implement and maintain the temporary traffic control plan.

A. State right-of-way. When the work proposed is within or adjacent to or impacting a state right-of-way, a copy of a Texas Department of Transportation approved permit to work within or adjacent to or impacting such state right-of-way shall be provided to the traffic engineer before a temporary traffic control permit may be issued.

B. El Paso Department of Transportation: All work by contractors under contract with the city, including those performing construction under the direction of the El Paso Department of Transportation, shall obtain a temporary traffic control permit pursuant to the requirements of this section. When the El Paso Department of Transportation uses city employees to perform work, it shall be required to obtain a temporary traffic control permit for restoration of the surface of streets, installation of traffic signalization and all other work within the right-of-way other than work that creates minimal disruption of traffic, such as sign repair and replacement, graffiti removal, patching and sealing the streets, minor operational maintenance and installation and the installation or repair of pavement markings. The fees, bond and insurance requirements of this section shall not apply to the El Paso Department of Transportation but shall be required of its construction contractors.

C. TxDOT. The Texas Department of Transportation and their contractors shall not be subject to the requirements of this Section for work they perform within TxDOT owned right-of-way within the City of El Paso.

D. Parade and public assembly permits, film making permits and events produced by the City of El Paso Museums and Cultural Affairs Department. Temporary traffic control permits are not required for a filmmaking permit issued pursuant to Chapter 13.30 for parade permits and public assembly permits issued pursuant to Chapter 13.36 or for events produced by the City of El Paso Museums and Cultural Affairs Department under Chapter 2.40.100 or other ordinance or resolution of city council.

(Ord. No. 17489, § 1, 1-18-2011; Ord. No. 17583, § 1, 6-14-11)

12.30.040 Failure to obtain a temporary traffic control permit.

A. It shall be a violation of this chapter for any person to perform any work in the public right-of-way, occupy the public right-of-way, as described in Section 12.30.030, or to place traffic control devices, such as barricades, in the public right-of-way without first obtaining a traffic control permit except as otherwise provided by state statute or City Code. Persons providing traffic control devices shall not place traffic control devices in the public right-of-way until the person who is performing the work in the public right-of-way has obtained a traffic control permit. Persons providing traffic control services to persons performing work in the right-of-way may obtain the traffic control permit as the agent for the person performing such work provided that they submit written proof of such agency to the permit official when applying for a permit.

1. When no traffic control permit has been issued by the city, the traffic engineer may stop all work, remove or place traffic control devices and provide such other traffic control as deemed necessary for safety in the public right-of-way. The work at a site where no traffic control permit was obtained may be stopped by the traffic engineer until a traffic control permit is issued.

2. If no application is made for a traffic control permit within one city working day after issuance of a stop work order, the city may repair the street if any construction had commenced and remove barricades. The person placing the barriers in the city right-of-way and the person performing work in the city right-of way shall be jointly and severally liable to the city for payment of all costs the city incurs in responding to the work site for which no traffic control permit was issued.

B. Nothing in this chapter shall be construed to prohibit or limit the authority of law enforcement agencies to stop work and control the work site in the event of an emergency or in the course of law enforcement activities.
(Ord. No. 17489, § 1, 1-18-2011)

12.30.050 Permit application.

A. Filing an application. An application for a temporary traffic control permit shall be made in writing on a form prescribed by the permit official at least forty-eight hours before the proposed commencement of work within the public right-of-way.

B. All applications shall be signed by the applicant and be accompanied by payment of the established nonrefundable application fee.

C. Late application. Notwithstanding the preceding subsection, the permit official may consider an application that is filed in less than forty-eight hours before the proposed commencement of work if the short notice does not unreasonably hinder the city's review of the application.

D. Application form. The application and accompanying documentation shall include the following:

1. Name, address, telephone numbers and e-mail address of the contractor, the person or people in charge of the work or activity within the public right-of-way and the name and contact person for the barricade company responsible for traffic set up.

2. Location where the barricades will be placed, including the street address of the property or adjacent property.

3. Description of work or activity in the city right-of-way.

4. Duration and schedule of work or activity in the city right-of-way.

5. Type of closure needed.

6. The traffic control plan.

7. Certificates of insurance and permit bond.
(Ord. No. 17489, § 1, 1-18-2011)

12.30.060 Permit bond and insurance required.

A. Bond requirements. Except as provided in subsection 12.30.060 D. hereafter, no traffic control permit shall be issued under this chapter to any person applying for a traffic control permit until such applicant has filed with the traffic engineer a bond in the amount of fifty thousand dollars, signed by a surety company authorized to do business in Texas. The city shall be named as the obligee under such bond. The bond shall provide that the principal and its agents, employees, and subcontractors shall comply with all provisions of this chapter, that the principal shall pay all damages which are sustained by the city and which are caused by failure of the principal, its agents, employees or subcontractors to comply with the provisions of this chapter, and that the principal shall indemnify the city against claims arising out of such failure to comply. The surety shall be acceptable to the city as to solvency and such surety shall be listed on the current Department of the Treasury's Listing of Approved Sureties, Department Circular 570, United States Department of the Treasury or its successor publication, ("Circular 570"). If the city becomes dissatisfied that the surety is solvent or the surety is no longer included in Circular 570, the Traffic Engineer may require a bond from another surety listed in Circular 570. Permit applicants who have provided a bond to the city pursuant to the requirements of a chapter of the City Code other than this chapter that meets all of the requirements established in this chapter shall not be required to obtain an additional bond but are required to provide a copy of such bond, provided that such bond specifically includes coverage for the permit or permits issued pursuant to this chapter. Permittees who have multiple temporary traffic control permits are required to provide only one current valid bond for all such permits but may be required to provide a copy of the current bond with each application for a temporary traffic control permit.

B. Insurance requirements. Except as provided in subsection 12.30.060 D. hereafter, no permit applicant shall be issued a permit until the

applicant presents evidence satisfactory to the traffic engineer that the applicant meets the following minimum insurance requirements:

1. The applicant shall procure and shall maintain during the term of the permit such commercial general liability, property damage liability and vehicle liability insurance, naming the permittee and any subcontractor performing work associated with the permit as insured, co-insured or additional insured for claims for damages for personal injury, including accidental death, as well as from claims for property damage that may arise from work associated with the permit.

2. Minimum limits of liability and coverage shall be two hundred fifty thousand dollars for bodily injury liability, including death, for each person and five hundred thousand dollars in the aggregate and one hundred thousand dollars for property damage for each occurrence and one hundred thousand dollars in the aggregate. Permit applicants that are governmental entities may comply with the insurance requirements of this section by providing certification that they are self-insured.

3. Such insurance shall be written by an accredited insurance company under the supervision of the Board of Insurance Commissioners of the State of Texas. Evidence of compliance with these insurance requirements shall be considered as having been met when copy of the insurance policy or a certificate of insurance has been filed with and approved by the traffic engineer. Such policy shall include an endorsement that the city is named as an additional insured to the full amount of the policy limits and that traffic engineer shall be notified at least thirty days in advance in the event the policy or policies are canceled and ten days in advance for non-payment of policy premiums. The required endorsement shall be provided to the traffic engineer. The permittee shall maintain said insurance with a solvent insurance company authorized to do business in Texas. The policy shall provide that the insurer will defend against all claims and lawsuits which arise and will pay any final judgment of a court of competent jurisdiction against the city, its officers, agents, servants or employees and permittee, his officers, agents, servants or employees. Failure to keep the policy in full force and effect throughout the term of the permit shall be grounds for cancellation of the permit.

4. Permit applicants who have provided certificates of insurance to the city pursuant to the requirements of a chapter of the City Code other than this chapter that meet all of the requirements established in this chapter shall not be required to obtain an additional insurance but are required to provide such certificates of insurance showing present coverage as required in this chapter. Permittees who have multiple temporary traffic control permits are required to provide only one current valid certificate of insurance for all such permits but may be required to provide a copy of the current certificate of insurance with each application for a temporary traffic control permit.

5. Self-insurance. A Permittee may satisfy the vehicle insurance requirements of this section by providing the city with a current "Self-insurance Certificate" issued by the Texas Department of Public Safety or its successor agency. A permittee may satisfy the worker's compensation insurance requirements of this section by providing the city with a current "Certificate of Authority to Self-insure" issued by the Texas Department of Insurance, Division of Worker's Compensation or its successor agency.

C. Temporary and special events. Those traffic control permits issued for temporary and special events where construction work is not conducted within the right-of-way, such as a block party, film making or parade, shall be exempt from the requirements in this section concerning bonds and insurance coverage but shall meet requirements for bonds and insurance as may exist under other applicable provisions of the City Code.

D. Traffic control permits shall be required in connection with all city (including El Paso Public Service Board/El Paso Water Utilities), county, state or federal public works projects provided that no permit fee or bond shall be required for

such projects. Permit applicants that are governmental entities and are self-insured may comply with the insurance requirements of this section by providing certification that they are self-insured.
(Ord. No. 17489, § 1, 1-18-2011; Ord. No. 18383, § 1a), 7-7-2015)

12.30.070 Permit fees.

The following fees are established and shall be charged:

A. Temporary traffic control permit fees. A fee for temporary traffic control permits shall be charged at the time the application for the permit is submitted. The permit fees shall be based on the duration of the permit with fees for permits based on the number of days for which the permit was issued. No permit shall be issued for a period longer than six months. Permittees requiring additional time beyond the term of the permit shall apply for a new permit and shall pay the permit fee applicable to the new permit.

B. Exemptions. City departments, public utilities with city or state franchises for use of the right-of-way and state agencies and any construction contractor under contract with the city, such public utilities or an agency of the state shall be exempt from paying the fees authorized under this section. Those traffic control permits issued for temporary and special events where construction work is not conducted within the right-of-way, such as a block party, film making or parade, shall be exempt from the fee requirements in this section but shall meet the applicable fee requirements under other provisions of the City Code.
(Ord. No. 17489, § 1, 1-18-2011; Ord. No. 18383, § 1b), 7-7-2015)

12.30.080 Approval or denial of temporary traffic control plan.

A. The permit official shall approve or deny a completed application within one city working day of the permit official's receipt of the completed application for permit. A notice of denial shall clearly set forth the grounds upon which the permit was denied and, when applicable, shall contain measures by which the applicant may cure any defects in the application or otherwise procure a permit.

B. The permit official may attach reasonable conditions to any permit approval as may be appropriate to address the purpose for which this chapter has been adopted, including but not limited to requirements concerning notification of lane closure to affected property owners and occupants, access to adjacent property and advance notice of lane closures.
(Ord. No. 17489, § 1, 1-18-2011)

12.30.090 Duties of permittee.

The permittee shall conform to the regulations as defined in the MUTCD, Chapter 6, or as the Traffic Engineer indicates on the approved temporary traffic control plan.
(Ord. No. 17489, § 1, 1-18-2011)

12.30.100 Hours of work.

A. Work restrictions during peak hours:

1. When construction is required that will block one or more lanes of an arterial roadway, the hours of operation shall be limited on weekdays to avoid conflict with peak hour traffic movements. Such work on weekdays is prohibited from 6:00 a.m. to 9:00 a.m. and 4:00 p.m. to 6:30 p.m. and any other peak hour traffic periods designated by the traffic engineer.

B. Exemptions:

1. Projects with a work duration as defined in Section 6G.02 of the MUTCD as intermediate-term stationary and long-term stationary may be exempt from the peak hour work restrictions.

2. Traffic engineer may exempt work from the peak hour restrictions on a case-by-case basis for projects described in subsection B.1. and for other projects based on the nature of the construction and traffic volume in the area of the construction.
(Ord. No. 17489, § 1, 1-18-2011)

12.30.110 Emergencies.

An emergency exists when rapid deterioration of the roadway or infrastructure within the city's

right of way occurs and such deterioration, left uncorrected, is causing or will cause further damages within the right-of-way to the extent that the public welfare and safety will be adversely affected. When an emergency occurs that requires total or partial road closures on a roadway no permit shall be required prior to beginning work needed to respond to the emergency. The traffic engineer shall be notified of the emergency as soon as possible. The limitations on hours of work in this chapter shall not apply to work required in response to an emergency. Every effort should be made to make repairs as soon as possible and a traffic control plan shall be submitted with an application for a permit during regular city working hours before the close of business on the next city business day after the day the emergency occurred.
(Ord. No. 17489, § 1, 1-18-2011)

12.30.120 Correction of violations, removal of traffic control devices, fees.

A. Violation of any regulation contained in the MUTCD or pursuant to the requirements of the city approved temporary traffic control plan or permit requirements shall be corrected by permittee within two hours after receipt of written notice from the traffic engineer or his duly authorized representative that a violation exits.

B. When the correction of violations is not made within the two hours specified in subsection A. and the city must take action to correct the violation, the city is authorized to charge fees as established related to traffic control and the placement of traffic control devices by the city.

C. Whenever a violation of this chapter occurs, the city shall be entitled to correct the existing deficiencies upon the failure on the part of the permittee to correct any such violation within the two-hour period described in this section. Permittee shall pay the city for its costs of correcting the deficiencies within ten city working days of receiving an itemized statement for such costs.

D. Fees. When barricades or other traffic control devices are left within vehicular travel lanes or sidewalk area of a public right-of-way beyond the period authorized by a traffic control permit, the city is authorized to remove such traffic control devices and charge the established noncompliance correction fee and a lane/sidewalk rental fee. The permittee shall pay to the city all costs of removal and storage of traffic control devices. The city shall be entitled to use or sell such traffic control devices that are not claimed and/or when the removal and storage costs are not paid within ninety days from the date of removal by the city. If the traffic engineer knows the identity of the owner of the traffic control device, he shall give such owner written notice of the removal of the traffic control device, the fees owed and where the traffic control device may be obtained. The owner of the traffic control devices shall be allowed to obtain the traffic control devices before disposition of such devices by the city if payment to the city of the fees required in this section is made within the time limits established herein. Traffic control devices left in the public right of way that are not within an approved permit area or otherwise authorized by the city in writing may be removed by the city and the provisions of this section shall apply to such traffic control devices.
(Ord. No. 17489, § 1, 1-18-2011)

12.30.130 Stop work order.

The traffic engineer may order a cessation of work for which the traffic control permit was issued when the permittee fails to comply with the requirements of the permit and traffic plan or when there is an imminent hazard. The stop work order shall continue in effect until the noncompliance is corrected by the permittee. Stop work orders shall not be subject to the two-hour correction period established in Section 12.30.120. The traffic engineer may order the removal, relocation or addition of traffic control devices during the time of the stop work order as needed to protect traffic from work accomplished to the time of the issuance of the stop work order.
(Ord. No. 17489, § 1, 1-18-2011)

12.30.140 Nonconforming devices.

A. No person shall place, maintain, or display upon or in view of any construction site, any temporary traffic control devices that the traffic engineer determines are substandard, damaged, worn out, faded, or otherwise nonconforming.

B. The city shall be entitled to issue a notice of violation by red-tagging any temporary traffic control device which is in violation of this section, and such violation shall be corrected within four-hours by the violator after receipt of notice of the red tag.
(Ord. No. 17489, § 1, 1-18-2011)

12.30.150 Interference with traffic control devices.

It shall be a violation for any person to alter, deface, injure, damage or remove any traffic control devices, including, but not limited to, barricades or signs or warning signs that have been placed upon or in the area of temporary traffic control or detour or construction zone, provided that the city and permittee may move, relocate and repair traffic control devices in accordance with the permit or the direction of the permit official, the traffic engineer or a police officer.
(Ord. No. 17489, § 1, 1-18-2011)

12.30.160 Violation.

It shall be a violation for any person to work in the public right of way without a permit, except as provided in Section 12.30.110 (emergencies), fail to comply with a traffic control plan, work in violation of a stop work order, use nonconforming devices or devices that have received a red tag or to work in the public right-of-way during hours that are prohibited by this chapter and in the traffic control plan unless such work is specifically excluded from the provisions of this chapter. Any person who violates a provision of this chapter shall, upon conviction, be guilty of a misdemeanor and punished by a fine not to exceed five hundred dollars. Each day the violation occurs shall constitute a separate offense.
(Ord. No. 17489, § 1, 1-18-2011)

12.30.170 Enforcement authority.

The permit official shall have authority to enforce this chapter.
(Ord. No. 17489, § 1, 1-18-2011)

Chapter 12.32

PEDESTRIANS

Sections:

12.32.010 When to yield.

12.32.020 Crossing at right angles.

12.32.030 Prohibited crossings.

12.32.040 Obedience to bridge and railroad signals.

12.32.050 Blind persons.

12.32.060 Reserved.

12.32.062 Soliciting rides or business—Construction.

12.32.063 Solicitation prohibitions.

12.32.070 Reserved.

12.32.010 When to yield.

A. Every pedestrian crossing a roadway at any point other than within a marked crosswalk or within an unmarked crosswalk at an intersection shall yield the right-of-way to all vehicles upon the roadway.

B. The foregoing rules in this section have no application under the conditions stated in Section 12.32.030 when pedestrians are prohibited from crossing at certain designated places. (Prior code § 20-109)

12.32.020 Crossing at right angles.

No pedestrian shall cross a roadway at any place other than by a route at right angles to the curb or by the shortest route to the opposite side, except that within the central traffic district when permitted by a pedestrian "walk" signal, a pedestrian may cross diagonally from one corner to any other corner at that intersection. (Prior code § 20-108)

12.32.030 Prohibited crossings.

A. Between adjacent intersections at which traffic-control signals are in operation, pedestrians shall not cross at any place except in a crosswalk.

B. No pedestrian shall cross a roadway other than in a crosswalk in the central traffic district or in any business district.

C. No pedestrian shall cross a roadway other than in a crosswalk upon any designated through street.

D. No pedestrian shall cross a roadway at a point where a pedestrian tunnel or overhead pedestrian crossing has been provided. (Prior code § 20-110)

12.32.040 Obedience to bridge and railroad signals.

A. No pedestrian shall enter or remain upon any bridge or approach thereto beyond the bridge signal, gate, or barrier after a bridge operation signal indication has been given.

B. No pedestrian shall pass through, around, over or under any crossing gate or barrier at a railroad grade crossing or bridge while such a gate or barrier is closed or is being opened or closed. (Prior code § 20-111)

12.32.050 Blind persons.

A. The carrying of a white walking stick or cane having a visible red stripe thereon by any person shall signify that such person is blind.

B. It is unlawful for any person, other than a blind person, to carry on any street or sidewalk a white walking stick or cane having a visible red stripe thereon.

C. The operator of any vehicle shall yield the right-of-way of any street or alley within the city to any unassisted blind pedestrian, except at intersections controlled by a signal light or a police officer, whenever such blind pedestrian shall indicate by holding aloft a white walking stick or cane having thereon a visible red stripe, that he is about to cross the street, and it shall be the duty of the operator of any vehicle to immediately stop such vehicle and remain standing until such blind pedestrian has reached a point of safety.

D. The word "vehicle" as used herein shall include all motor-driven and horse-drawn vehicles, streetcars and bicycles. (Prior code § 20-113)

12.32.060 Reserved.

Editor's note—Ord. No. 17886, § 1, adopted October 9, 2012, repealed § 12.32.060, which pertained to soliciting rides or business—prohibitions and derived from prior code § 20-112; Ord. 8984, 1987; Ord. 9097, 1987; Ord. 10752 § 1, 1991.

12.32.062 Soliciting rides or business—Construction.

Severability is intended throughout and within the provisions of the soliciting rides or business ordinance. If any provision, including inter alia any subsection, part, phrase, term or word, or the application thereof to any person or circumstances is held invalid or unconstitutional by valid judgment or decree of a court of competent jurisdiction, such holding shall not affect the validity of the remaining portions of the ordinance, and such remaining portions shall remain in full force and effect. (Ord. 10752 § 2, 1991)

12.32.063 Solicitation prohibitions.

A. Definitions. As used in this chapter, the following words, terms, and phrases should have the following meanings:

1. Aggressive manner means:

a. Making any physical contact with or touching another person while in the course of soliciting without the other person's, operator's, or passenger's consent; or

b. Following a person, group, operator, or passenger being solicited, if the conduct is:

i. Reasonably likely to cause fear of imminent bodily injury or theft; or

ii. Reasonably likely to intimidate the person, group, operator, or passenger being solicited; or

c. Continuing to solicit from a person, operator, or passenger of a motor vehicle, after the person, operator, or passenger has made a negative response such as to constitute threatening conduct; or

d. Blocking the passage of a person, group, operator, or passenger of a motor vehicle; or

e. Using abusive or obscene language or bodily gestures towards a person, group, operator, or passenger of a motor vehicle such as to constitute threatening conduct; or

f. Approaching a person, group, operator, or passenger of a motor vehicle in a manner:

i. That is likely to put a reasonable person in fear of imminent harm or theft or

ii. Is reasonably likely to intimidate into responding in the affirmative.

2. Adult means a person who is eighteen years of age or older.

3. Intimidate means conduct which threatens the person solicited.

4. Median means a dividing area, whether landscaped or paved, maintained for the purpose of separating or directing vehicular traffic.

5. Minor means a person who is below the age of eighteen.

6. Public place means an area to which the public has access and includes, but is not limited to, a sidewalk, street, highway, park, parking lot, alleyway, pedestrian way, or the common area of a school, hospital, apartment house, office building, transport facility, or shop.

7. Solicitation or solicit mean to request, by the spoken, written, or printed word, or by other means of communication, an immediate donation or transfer of money or another thing of value from another person, regardless of the solicitor's purpose or intended use of the money or other thing of value, and regardless of whether consideration is offered.

8. Threatening conduct means conduct which would make a reasonable person fearful of harm to his person or property.

B. Solicitation prohibitions.

1. A person commits an offense if the person solicits:

a. In an aggressive manner in a public place; or

b. From a median in a street open to the public or within fifteen feet of a street corner on a street open to the public;

c. Upon any commercial property within the city when such property is affixed with conspicuously posted signage stating "NO SOLICITING ALLOWED," that notifies that solicitation is not permitted on the property, or is otherwise permit-

ted only in restricted areas of the property. Such signs shall have bold lettering of not less than one inch in height as follows:

i. "NO SOLICITING ALLOWED. VIOLATIONS ARE SUBJECT TO FINE PURSUANT TO THE EL PASO CITY CODE 12.32.063." The sign shall comply with the permit requirements under Section 20.18.400 of the El Paso City Code.

d. No occupant of a motor vehicle may contribute to, accept or purchase material from any other person who is on any public roadway, or from a person twelve years of age or younger who is on the surrounding sidewalks, medians, islands and unpaved roadway, while the motor vehicle is stopped in obedience to a traffic control signal.

e. It is unlawful for a person, without the effective consent of an occupant, to intentionally or knowingly touch or strike or cause an object to touch or strike a vehicle stopped on a public roadway in obedience to a traffic control signal light, during an act of soliciting rides or business from the occupants of the vehicle.

2. A culpable mental state is not required, and need not be proved, for an offense under this section.

3. The penalty for violation of this ordinance is provided in Chapter 1.08 of this Code.

C. Solicitation prohibitions—Construction. Severability is intended throughout and within the provisions of the soliciting rides or business ordinance. If any provision, including inter alia any subsection, part, phrase, term or word, or the application thereof to any person or circumstances is held invalid or unconstitutional by valid judgment or decree of a court of competent jurisdiction, such holding shall not affect the validity of the remaining portions of the ordinance, and such remaining portions shall remain in full force and effect.

(Ord. No. 17886, § 2, 10-9-2012; Ord. No. 17992, § 1, 4-30-2013)

12.32.070 Reserved.

Editor's note—Ord. No. 17101, § 1, passed April 7, 2009, repealed § 12.32.070 in its entirety. Formerly said section pertained to crosswalk on Piedras Street at Grant Avenue and derived from Prior Code § 20-114.

Chapter 12.36

ONE-WAY STREETS

Sections:

12.36.010 Placing signs required.

12.36.020 Moving in indicated direction.

12.36.030 Restricting direction at certain times.

12.36.010 Placing signs required.

Whenever any ordinance of this city designates any one-way street or alley the traffic engineer shall place and maintain signs giving notice thereof, and no such regulation shall be effective unless such signs are in place. Signs indicating the direction of lawful traffic movement shall be placed at every intersection where movement of traffic in the opposite direction is prohibited. (Prior code § 20-56)

12.36.020 Moving in indicated direction.

Upon those streets and parts of streets and in those alleys described in Schedule I, Section 12.88.010, vehicular traffic shall move only in the indicated direction when signs indicating the direction of traffic are erected and maintained at every intersection where movement in the opposite direction is prohibited. (Prior code § 20-57)

12.36.030 Restricting direction at certain times.

A. The traffic engineer is authorized to determine and designate streets, parts of streets or specific lanes thereon upon which vehicular traffic shall proceed in one direction during one period and the opposite direction during another period of the day and shall place and maintain appropriate markings, signs, barriers or other devices to give notice thereof. The traffic engineer may erect signs temporarily designating lanes to be used by traffic moving in a particular direction, regardless of the centerline of the roadway.

B. It is unlawful for any person to operate any vehicle in violation of such markings, signs, barriers or other devices so placed in accordance with this section. (Prior code § 20-58)
