(c) The procedures set forth in section 28-470 of this Code shall apply to appeals to the revocation of permits.
(Ord. No. 2018-225, § 2(Exh. A), 3-22-2018)

Sec. 28-469. Variance.

(a) This article complies with the Fair Housing Amendments Act of 1988 and the Americans with Disabilities Act of 1990. An applicant or resident may request a variance from the applica-

tion of relevant parts of this article to obtain a reasonable accommodation permitting equal access to housing.

(b) An applicant, permit holder, resident with a disability, or a representative of a resident with a disability may apply in writing to the director for a variance on forms provided by the director and shall include the following information:

(1) The name, address, phone number, and e-mail address of the person requesting a variance;

(2) The address of the property for which a variance is sought and the names, addresses and phone numbers of any known individuals with a disability who would benefit from the requested variance; and

(3) A clear description of the variance requested, the applicable rule from which a variance is sought and explain how the variance would enable a reasonable accommodation of a person with a disability and afford equal access to housing.

(c) The director may conduct an inspection of the boarding home, its records and the real property upon which it is situated to facilitate the director's assessment of the variance request. The director shall assess the variance request based on:

(1) The timeliness and extent of access to records, land and facility granted or denied by the applicant;

(2) Whether the housing that is the subject of the request will be used by one or more individuals with a disability;

(3) Whether the requested accommodation is necessary to make specific housing available to one or more individuals with a disability;

(4) Whether the requested accommodation would impose an undue financial or administrative burden on the city;

(5) Whether the requested accommodation would require a fundamental alteration in the nature of a city program or law;

(6) The potential impacts of the requested accommodation on the applicant, the other residents of the boarding home facility, and the surrounding neighborhood;

(7) Whether a failure to grant an accommodation would result in the property having no economically viable use; and

(8) Whether there are alternative accommodations that are reasonable and have an equal or lesser impact on the city, the applicant, the other residents of the boarding home facility, and the surrounding neighborhood.

(d) The director shall notify any person requesting a variance that the variance is approved or denied in writing, and if denied, state the director's reasons for denying the variance. The director may impose reasonable conditions on any variance granted.

(e) The procedures set forth in section 28-470 of this Code shall apply to appeals of requests for variances or accommodations under this section. (Ord. No. 2018-225, § 2(Exh. A), 3-22-2018)

Sec. 28-470. Appeals.

(a) *Request for appeal.* An applicant or owner or operator of a boarding home may appeal a denial of a variance or the application for or renewal of a permit or the revocation of a permit within ten business days after date of deposit of written notice in the mail by submitting a written request for an appeal to the director. If the applicant does not request a hearing within ten business days, the denial is effective and final on the eleventh business day after the date of the director's notice of denial.

(b) *Conduct of hearing; rules and procedures.* An appeal hearing shall be conducted on a single weekday within 20 business days after the director receives a request for appeal and shall last no longer than eight hours. Further, an appeal hearing shall be informal and conducted under rules established by the director consistent with the informal nature of the proceedings; provided, however, the following rules shall apply to all appeal hearings conducted under this section:

(1) All parties shall have the right to representation by an attorney licensed to practice in Texas, though an attorney is not required;

(2) Each party may present witnesses in his own behalf

(3) Each party shall have the right to cross examine all witnesses and

(4) The hearing officer shall consider only the evidence presented at the appeal hearing in rendering a final decision.

(c) *Authority of hearing officer.* The hearing officer may affirm or reverse a denial or revocation under this article. The hearing officer shall affirm a denial or revocation if he determines by a preponderance of the evidence that grounds exist for the denial or revocation, respectively. The decision of the hearing official is final.

(d) *Notice of decision.* The hearing official shall give written notice of the decision to the applicant or owner or operator of the facility and the reasons therefor. The notice shall be provided by certified mail, return receipt requested, as soon after the conclusion of the hearing as practicable, but not more than 30 business days thereafter.
(Ord. No. 2018-225, § 2(Exh. A), 3-22-2018)

Sec. 28-471. Review to city council.

The director shall provide a review about this article to city council one year after it takes effect (March 22, 2018) and each year thereafter.
(Ord. No. 2018-225, § 2(Exh. A), 3-22-2018)

Secs. 28-472—28-480. Reserved.

ARTICLE XV. CONSUMER PROTECTION

DIVISION 1. CREDIT ACCESS BUSINESSES

Subdivision A. General Provisions

Sec. 28-481. Definitions.

In this article:

Certificate of registration means a certificate of registration issued by the director under this article to the owner or operator of a credit access business.

Consumer means an individual who is solicited to purchase or who purchases the services of a credit access business.

Consumer's language of preference is the language the consumer understands best.

[The next page is 2032.15]

Credit access business has the meaning given that term in Section 393.601 of the Texas Finance Code.

Deferred presentment transaction has the meaning given that term in Section 393.601 of the Texas Finance Code.

Director means the director of the department designated by the mayor to enforce and administer this chapter.

Extension of consumer credit has the meaning given that term in Section 393.001 of the Texas Finance Code.

Motor vehicle title loan has the meaning given that term in Section 393.601 of the Texas Finance Code.

Registrant means a person issued a certificate of registration for a credit access business under this article and includes all owners and operators of the credit access business identified in the registration application filed under this chapter.

State license means a license to operate a credit access business issued by the Texas Consumer Credit Commissioner under Chapter 393, Subchapter G of the Texas Finance Code.

(Ord. No. 2013-1163, § 2, 12-18-2013, eff. 7-1-2014)

Sec. 28-482. Violations; penalty.

(a) A person who violates a provision of this article, or who fails to perform an act required of the person by this article, commits an offense. A person commits a separate offense for each and every violation relating to an extension of consumer credit, and for each day during which a violation is committed, permitted, or continued.

(b) An offense under this article is punishable as provided in section 1-6 of this Code.

(c) A culpable mental state is not required for the commission of an offense under this article and need not be proved.

(d) The penalties provided for in subsection (b) of this section are in addition to any other remedies that the city may have under city ordinances and state law.

(Ord. No. 2013-1163, § 2, 12-18-2013, eff. 7-1-2014)

Sec. 28-483. Defense.

It is a defense to prosecution under this article that at the time of the alleged offense the person was not required to be licensed by the state as a credit access business under Chapter 393, Subchapter G, of the Texas Finance Code.

(Ord. No. 2013-1163, § 2, 12-18-2013, eff. 7-1-2014)

Secs. 28-484—28-490. Reserved.

Subdivision B. Registration of Credit Access Businesses

Sec. 28-491. Registration required.

A person commits an offense if the person acts, operates, or conducts businesses as a credit access business without a valid certificate of registration. A certificate of registration is required for each physically separate credit access business.

(Ord. No. 2013-1163, § 2, 12-18-2013, eff. 7-1-2014)

Sec. 28-492. Registration application.

(a) To obtain a certificate of registration for a credit access business, a person must submit an application on a form provided for that purpose to the director. The application must contain the following:

(1) The name, street address, mailing address, facsimile number, and telephone number of the applicant.

(2) The business or trade name, street address, mailing address, facsimile number, and telephone number of the credit access business.

(3) The names, street addresses, mailing addresses, and telephone numbers of all

owners of the credit access business, and the nature and extent of each person's interest in the credit access business.

(4) A copy of a current, valid state license held by the credit access business pursuant to Chapter 393, Subchapter G of the Texas Finance Code.

(5) A copy of a current, valid certificate of occupancy showing that the credit access business is in compliance with the Construction Code.

(6) The non-refundable application fee stated for this provision in the city fee schedule.

(b) An applicant or registrant shall notify the director within 45 days after any material change in the information contained in the application for a certificate of registration, including, but not limited to, any change of address and any change in the status of the state license held by the applicant or registrant.
(Ord. No. 2013-1163, § 2, 12-18-2013, eff. 7-1-2014)

Sec. 28-493. Issuance and display of certificate of registration; presentment upon request.

(a) The director shall issue to the applicant a certificate of registration upon receiving a completed application under section 28-492 of this Code.

(b) A certificate of registration issued under this section must be conspicuously displayed to the public in the credit access business. The certificate of registration must be presented upon request to the director or any peace officer for examination.
(Ord. No. 2013-1163, § 2, 12-18-2013, eff. 7-1-2014)

Sec. 28-494. Expiration and renewal of certificate of registration.

(a) A certificate of registration expires on the earliest of:

(1) One year after the date of issuance; or

(2) The date of revocation, suspension, surrender, expiration without renewal, or other termination of the registrant's state license.

(b) A certificate of registration may be renewed by making application in accordance with section 28-492 of this Code. A registrant shall apply for renewal at least 30 days before the expiration of the registration.
(Ord. No. 2013-1163, § 2, 12-18-2013, eff. 7-1-2014)

Sec. 28-495. Non-transferability.

A certificate of registration for a credit access business is not transferable.
(Ord. No. 2013-1163, § 2, 12-18-2013, eff. 7-1-2014)

Secs. 28-496—28-500. Reserved.

Subdivision C. Miscellaneous Requirements for Credit Access Businesses

Sec. 28-501. Maintenance of records.

(a) A credit access business shall maintain a complete set of records of all extensions of consumer credit arranged or obtained by the credit access business, which must include the following information:

(1) The name and address of the consumer.

(2) The principal amount of cash actually advanced.

(3) The length of the extension of consumer credit, including the number of installments and renewals; and

(4) The fees charged by the credit access business to arrange or obtain an extension of consumer credit; and

(5) The documentation used to establish a consumer's income under section 29-502 of this Code.

(b) A credit access business shall maintain a copy of each written agreement between the credit access business and a consumer evidencing an

extension of a consumer credit (including, but not limited to, any refinancing or renewal granted to the consumer).

(c) A credit access business shall maintain copies of all quarterly reports filed with the Texas Consumer Credit Commissioner under Section 393.627 of the Texas Finance Code.

(d) The records required to be maintained by a credit access business under this section must be retained for at least three years and made available for inspection by the city upon request during the usual and customary business hours of the credit access business.
(Ord. No. 2013-1163, § 2, 12-18-2013, eff. 7-1-2014)

Sec. 28-502. Restriction on extension of consumer credit.

(a) The cash advanced under an extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining in the form of a deferred presentment transaction may not exceed 20 percent of the consumer's gross monthly income.

(b) The cash advanced under an extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining in the form of a motor vehicle title loan may not exceed the lesser of:

(1) Three percent of the consumer's gross annual income; or

(2) 70 percent of the retail value of the motor vehicle.

(c) A credit access business shall use a paycheck or other documentation establishing income to determine a consumer's income.

(d) An extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining and that provides for repayment in installments may not be payable in more than four installments. Proceeds from each installment must be used to repay at least 25 percent of the principal amount of the extension of consumer credit. An extension of consumer credit that provides for repayment in installments may not be refinanced or renewed.

(e) An extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining and that provides for a single lump sum repayment may not be refinanced or renewed more than three times. Proceeds from each refinancing or renewal must be used to repay at least 25 percent of the principal amount of the original extension of consumer credit.

(f) For purposes of this section, an extension of consumer credit that is made to a consumer within seven days after a previous extension of consumer credit has been paid by the consumer will constitute a refinancing or renewal.
(Ord. No. 2013-1163, § 2, 12-18-2013, eff. 7-1-2014; Memorandum of 1-23-2014)

Sec. 28-503. Requirement of consumer understanding of agreement.

(a) Every agreement between the credit access business and a consumer evidencing an extension of consumer credit (including, but not limited to, any refinancing or renewal granted to the consumer), must be written in the consumer's language of preference. Every credit access business location must maintain on its premises, to be available for use by consumers, agreements in the English and Spanish languages.

(b) For every consumer who cannot read, every agreement between the credit access business and a consumer evidencing an extension of consumer credit (including, but not limited to, any refinancing or renewal granted to the consumer) must be read to the consumer in its entirety in the consumer's language of preference, prior to the consumer's signature.

(c) For every consumer who cannot read, every disclosure and notice required by law must be read to the consumers in its entirety in the consumer's language of preference, prior to the consumer's signature.
(Ord. No. 2013-1163, § 2, 12-18-2013, eff. 7-1-2014)

Sec. 28-504. Referral to consumer credit counseling.

A credit access business shall provide a form, to be prescribed by the director, to each consumer

seeking assistance in obtaining an extension of consumer credit which references non-profit agencies that provide financial education and training programs and agencies with cash assistance programs. The form will also contain information regarding extensions of consumer credit, and must include the information required by section 28-501 of this article specific to the loan agreement with the consumer. If the director has prescribed a form in the consumer's language of preference, the form must be provided in the consumer's language of preference.
(Ord. No. 2013-1163, § 2, 12-18-2013, eff. 7-1-2014)

Secs. 28-505—28-520. Reserved.

ARTICLE XVI. REGULATION OF TOWERS*

Sec. 28-521. Definitions.

As used in this article, the following words and terms shall have the meanings ascribed below, unless the context of their usage clearly indicates another meaning:

Alteration means any modification, replacement, or reconstruction that increases the height or materially increases the dimension of a tower structure.

Antenna means a device or system of wires, poles, rods, dishes, discs or similar devices used for the transmission and/or receipt of electromagnetic waves.

Camouflage design or *camouflage tower* means the design of a tower or tower structure that blends into the surrounding environment and is visually unobtrusive. Examples of a camouflage design or tower are architecturally screened, roof-mounted antenna/array/equipment, building-mounted antenna/array/equipment that is painted and treated as an architectural element to blend with the existing building, designs that conceal the antenna/array/equipment, man-made trees, clock towers, bell towers, steeples, light poles, and similar alternative-design mounting structures.

Commission means the tower permit commission.

Department means the department of planning and development.

Director means the director or director's designee of the department.

FAA means the Federal Aviation Administration.

FCC means the Federal Communications Commission.

Grade means the lowest point of elevation of the finished surface of the ground, paving or sidewalk within the area between the building or structure and a line five feet from the building or structure.

HAHC means the Houston Archaeological and Historical Commission.

Height of the building means the vertical distance above a reference datum measured to the highest point of the coping of a flat roof or to the deck line of a mansard roof or to the average height of the highest gable of a pitched or hipped roof. The reference datum shall be selected by either of the following, whichever yields a greater height of the building:

a. The elevation of the highest adjoining sidewalk or ground surface within a five-foot horizontal distance of the exterior wall of the building when the sidewalk or ground surface is not more than ten feet above the lowest grade.

b. An elevation ten feet higher than the lowest grade when the sidewalk or ground surface described in item (a) above is more than ten feet above lowest grade.

The height of a stepped or terraced building is the maximum height of any segment of the building.

Height of the tower means the vertical distance between the finished grade at the base of the

*__Editor's note—__Ord. No. 2014-364, § 6(Exh. A), adopted April 30, 2014, redesignated Ch. 41, Art. III, §§ 41-50—41-67 as a new Ch. 28, Art. XVI, §§ 28-521—28-543 to read as herein set out.

tower or the lowest point of contact with the building, and the highest point of the tower structure, excluding the antenna, if any.

High mast light structure means a fixed, freestanding uninhabitable structure of a minimum height of 100 feet, specifically designed to carry light fixtures that is built on land on, along or adjacent to streets, roads, highways and bridges maintained by the state or political subdivision of the state.

Historic district means a district so designated by city council under article III of chapter 33 of this Code or an area for which an application for designation has been initiated thereunder and has not been disapproved by city council.

Landmark means a property so designated by city council under article III of chapter 33 of this Code or a property for which an application for designation has been initiated thereunder and has not been disapproved by city council.

Park means any property of the state or political subdivision thereof that is designated for and restricted to use by the public for park purposes.

Public utility means any person, company, corporation, cooperative corporation, partnership, or any combination thereof, that is subject to both a municipal franchise agreement and the comprehensive regulatory system established by and defined in the Texas Public Utility Regulatory Act, that owns or operates for compensation equipment or facilities for:

a. Producing, generating, transmitting, distributing, selling, or furnishing electricity; or

b. The conveyance, transmission, or reception of communications over a telephone system as a dominant carrier.

The term "public utility" shall not include, as is defined in the Public Utility Regulatory Act, telegraph services, television stations, radio stations, community antenna television services, general radio-telephone services, or radio-telephone services authorized under the Public Mobile Radio Services rules of the Federal Communications Commission or private water companies.

Residence means any permanent building or structure containing habitable rooms for nontransient occupancy, designed and used primarily for living, sleeping, cooking and eating, which is intended to be used or occupied as a dwelling place for residential purposes, whether or not attached, including homes, town homes, patio-homes, duplexes, triplexes, quadraplexes, condominiums and apartments. Multi-unit complexes shall be included at a ratio of one-eighth acre of land, or any fraction thereof, as being equivalent to one residential tract. For purposes of calculating the ratio of multi-unit complex acreage to residential tracts, only that portion of the multi-unit complex acreage within the residential test area shall be considered. Hotels, motels, boarding houses, group homes, half way houses, nursing homes, hospitals, nursery schools, schools, and child care facilities shall not be considered residences. A building or structure located on a lot or tract of land used as the site of a tower shall not be considered a residence so long as its primary use is to contain, house, store, and protect materials or equipment directly related to the purpose and use of the tower.

Residential means pertaining to the use of land for a residence as is defined in this section.

Residential lot means:

a. A lot which is included within a recorded residential subdivision subject to any enforceable, valid and unexpired residential deed restrictions upon which a residence exists or may be constructed pursuant to those valid and applicable deed restrictions, or

b. An unrestricted lot upon which a residence exists.

Residential restrictions means one or more restrictive covenants limiting the use of the property to residential purposes that are contained or incorporated by reference in a properly recorded map, plat, replat, declara-

tion, deed, judgment or other instrument filed in the county real property records, map records or deed records.

Residential area means the area around a proposed tower site that, within the residential test area, contains fifty percent or more tracts wholly or partially therein that are subject to residential restrictions or are in use for residential purposes.

Residential test area means the circular area, as described herein, surrounding a proposed tower structure. The radius of the circle shall be at least 375 feet and not more than 800 feet, and the center of the circular area shall correspond to the center of the base of the proposed tower structure. The radius of the circular area shall conform to the following ratios:

375 feet radius at a tower height of 100 feet or less

600 feet radius at a tower height of more than 100 feet but not more than 150 feet

800 feet radius at a tower height of more than 150 feet

Scenic area means those areas of the city so designated by city council, as listed in the *Sign Code,* except that, for purposes of this article, any designated scenic area that has one or more high mast light structures within its boundaries shall not be deemed a scenic area.

Setback area means the circular area surrounding a proposed tower structure and which delineates the area between the site of the proposed tower and the nearest residential structure or residential restricted tract of land as established in section 28-524(g) of this Code.

Subdivision means all land encompassed within one or more maps or plats of land within the city that is divided into two or more parts and are recorded in the deed, map or real property records of the county or counties in which the land covered by the map or plat is located.

Tower or *tower structure* means a fixed, freestanding or guyed, uninhabitable structure, not designed as a shelter or to be occupied for any use. This definition includes, but is not limited to, any such structure supporting antennae that transmit or receive any portion of the electromagnetic spectrum of radio waves. The following are, by way of example but not limitation, towers or tower structures: guyed or freestanding monopole structures, lattice or open framed structures, antennae supports, water towers, and other similar self-supporting, trussed, or open framed structures.

Tract means a contiguous parcel of property under common ownership.

(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, §§ 6(Exh. A), 7, 4-30-2014; Ord. No. 2021-1037, § 20(Exh. I.28), 12-1-2021, eff. 4-1-2022)

Sec. 28-522. Tower permit required.

(a) An application for a tower permit shall be submitted to the department and approved in accordance with the provisions of this article prior to the construction, placement or alteration of any tower or tower structure, as defined in this article and not specifically excluded herein, that is located within the boundaries of the municipality.

(b) A tower permit shall not be required for any tower repaired, replaced, or modified with no resulting increase in height or dimension and any tower repaired, replaced or modified in order to comply with the requirements of any statute, regulation, order, or rule of the FCC, the FAA, or any other federal, state or governmental agency or authority.

(c) Notwithstanding any other provision of this article, the owner of an antenna tower for which a tower permit and building permit were issued prior to April 14, 1998, may, without obtaining a new permit, upon written notice to the director, replace the tower with a new tower if the new tower structure complies with the requirements of sections 28-526 through 28-529 of this Code and: (i) is specifically designed to accommodate additional antenna arrays, (ii) is not more than 20 feet higher than the tower

structure being replaced, (iii) is not more than 50 feet from the location of the tower structure being replaced and (iv) the center of the tower structure is no closer to the nearest residence than the center of the tower structure it replaces. The new tower structure shall be assigned the same permit number as the tower structure it replaces. A tower structure may be replaced only once under this subsection.

(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, § 6(Exh. A), 7, 4-30-2014)

Sec. 28-523. Exemptions.

This article does not apply to the following structures:

(1) Church bell towers and religious symbols associated with a place of worship;

(2) Tower structures less than 60 feet in height;

(3) Tower structures used primarily for the support of amateur and citizens' band radio antennae;

(4) Tower structures that are attached to, placed upon, or constructed on top of a building provided that the height of the tower structure does not exceed 60 feet or the height of the building upon which the tower is constructed, whichever is less;

(5) Tower structures on real property owned, leased, held or used, or dedicated for use by a public utility for rendering its service, such as tower structures used primarily for the transmission of electrical power by a public utility or the conveyance of communications over a telephone wire-line system operated by a public utility;

(6) High mast tower structures or antennas built on land on, along or adjacent to streets, roads, highways and bridges maintained by the state or a political subdivision of the state;

(7) Tower structures constructed or placed on land or other structures owned, leased, held or dedicated for use by the state or federal government or any political subdivision thereof, which land or other structures are used by the governmental entity primarily for rendering fire, police or other public protection services or utility services, whether or not the tower structure is used jointly by the governmental entity and any other public or private person or entity for other and additional public or private purposes; and

(8) Temporary tower structures used as or in conjunction with construction cranes.

(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, § 6(Exh. A), 4-30-2014)

Sec. 28-524. Location of towers.

(a) A tower permit shall not be approved for the construction of a tower on a lot, tract or parcel of land where the construction of a tower is prohibited, expressly or impliedly, by duly recorded and unexpired deed restrictions or covenants running with the land.

(b) In a residential area, a tower permit shall not be approved for the construction or alteration of a tower structure.

(c) A tower permit shall not be approved for the construction or alteration of a tower structure unless the proposed tower structure is located a distance at least equal to the applicable setback area established by subsection (g).

(d) In an historic district, a tower permit shall not be approved for the construction or alteration of a tower structure unless the proposed tower conforms to the requirements for camouflage design and the HAHC has issued a certificate of appropriateness for the construction of the proposed tower.

(e) In an area within ¼ mile of an historic district or landmark, a tower permit shall not be approved for the construction or alteration of a tower structure unless:

(1) The proposed tower is located from the historic district or landmark, as applicable, a distance at least equal to the applicable setback area established by subsection (g), which shall for this limited purpose apply without regard to the existence of any residential lot; for purposes of this requirement, measurements shall be made from the perimeter of the historic district or landmark; and

(2) One or more intervening buildings, structures, topological features or trees will substantially obstruct a person's sight line

of the tower structure from ground level at the perimeter of the historic district or landmark, as applicable.

(f) A tower permit shall not be issued for the construction or alteration of a tower structure in a scenic area, nor shall a tower permit be issued for the construction or alteration of a tower structure in a park or on a tract surrounded by a park.

(g) A tower permit shall not be approved for the construction or alteration of a tower structure unless the distance between the center of the base of a tower and the nearest residential lot is at least one and one-half times the height of the tower or tower structure. The foregoing measurement shall be made to the nearest point on the property line of the residential lot, unless the tower permit application includes a category 3, condition II survey, as defined by the Texas Surveyors Association, of all properties within the setback area. If the survey is provided, the measurement shall instead be made as follows:

(1) If a residence has been constructed on the lot, the measurement shall be from the tower structure to the nearest outside wall of the residential structure on each lot; or

(2) If a residence has not been constructed on the lot, the measurement shall be from the tower structure to the center of the residential lot minus 25 feet.

(h) A tower permit shall not be approved for the construction or alteration of a tower structure within 1,000 feet of an approved tower structure, other than a tower structure for which a permit would not be required under this article. For purposes of this requirement, a tower is considered to be "approved" when a tower permit has been issued pursuant to this article and the tower structure has been constructed or any building permit issued thereunder remains in effect. The director shall promulgate rules and procedures for establishing precedent to the extent of conflict between two or more tower structures.

(i) Property uses and distances referred to in this section shall be determined as of the date and time that the completed tower permit application is filed.

(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, § 6(Exh. A), 4-30-2014)

Sec. 28-525. Tower structure.

Each antenna tower structure for which a permit is approved and issued shall be designed, engineered and constructed to accommodate the placement of a minimum of two antenna arrays. This requirement shall not apply to a camouflage tower.

(Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, § 6(Exh. A), 4-30-2014)

Sec. 28-526. Security fence.

(a) The base of a tower shall be completely enclosed by a fence, wall, or barrier which limits climbing access to the tower and any supporting systems, lines, wires, buildings or other structures.

(b) The fence, wall or barrier required by subsection (a) shall not be less than eight feet in height with no openings, holes or gaps larger than four inches measured in any direction. Gates and doors opening directly into the area enclosed by a fence, wall or barrier, as required by this section, shall be equipped with a lock to keep and capable of keeping the doors or gates securely closed and locked at all times.

(c) The requirements of this section do not apply to:

(1) Any tower located on a building that is not designed or built primarily to support the tower, provided that the general public has no physical access to the tower, or

(2) Existing tower sites having security fences at least six feet in height.

(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, § 6(Exh. A), 4-30-2014)

Sec. 28-527. Screening fence.

(a) The base of a tower, including all mechanical equipment and accessory structures, shall be screened from view of residential lots by a wooden, substantially opaque screening fence designed and built to provide privacy with a minimum height of eight feet.

(b) The screening fence may contain gates or doors allowing access to the tower and accessory structures for maintenance purposes, which shall be kept completely closed except for maintenance purposes and shall be located a minimum of 18 feet from the public right-of-way.

(c) The requirements of this section do not apply to:

(1) Any tower constructed or placed a distance of more than two times the height of the tower structure from all residential lots, or

(2) Any tower located on a building that is not designed or built primarily to support the tower, provided that the general public has no physical access to the tower.

(d) When both sections 28-526 and 28-527 of this Code are applicable, a single fence conforming to all applicable requirements of both sections may be provided.
(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, §§ 6(Exh. A), 7, 4-30-2014)

Sec. 28-528. Landscaping.

(a) A tower site shall have landscaping maintained in a healthy, growing condition at all times and in compliance with all applicable ordinances, deed restrictions and regulations.

(b) At a minimum, a tower site shall have one large shrub capable of reaching a minimum height of four feet for each four linear feet of required screening fence; provided that not less than eight large shrubs shall be provided for each tower site. The shrubs required by this subsection shall be installed at the tower site along the exterior side of the screening fence required in section 28-527 of this Code. All shrubs provided pursuant to this subsection shall be selected from the list of shrubs identified on Appendix D to article V, chapter 33, of this Code.

(c) At a minimum, a tower site shall have one street tree, with a minimum caliper of four inches, for each 50 linear feet of required screening fence; provided that not less than one street tree along each public right-of-way bordering the host tract shall be provided at each tower site. All trees shall be selected from the list of street trees identified on Appendix A-3 to article V, chapter 33, of this Code.

(d) The person or entity in whose name the tower permit is issued shall have complete responsibility for the maintenance of all landscaping required by this section.

(e) Any tower site that is excluded from the screening requirements of section 28-527(c) of this Code shall also be excluded from the landscape requirements of this section for which any amount of linear footage of screening fence is required.
(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, §§ 6(Exh. A), 7, 4-30-2014)

Sec. 28-529. Signs and lights.

(a) Lettering, signs, symbols, images or trademarks large enough to be legible to occupants of vehicular traffic on any adjacent roadway shall not be placed on or affixed to any part of a tower, antenna array or antenna, other than as required by FCC regulations regarding tower registration or other applicable law.

(b) A tower or tower structure shall not be artificially lighted, unless required by the FAA or other applicable authority. If lighting is required by law or regulation, a design that reasonably minimizes disturbance to any adjacent residence(s) or landmark shall be utilized.
(Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, § 6(Exh. A), 4-30-2014)

Sec. 28-530. Application procedures for a tower permit.

(a) An application for a tower permit shall be submitted to the department in the time and manner prescribed by the director. The applicant shall, with the filing of the completed tower permit application, submit payment of the tower permit fees calculated to reasonably cover the expenses of administering the provisions of this article and stated for this provision in the city fee schedule.

(b) The application shall not be considered complete unless accompanied by any drawings, descriptive data, filing fees, ownership information, and other pertinent data that may be required by the director. Each application for a tower permit or for a waiver shall include envelopes addressed to the owners and a complete list of those owners, as is indicated by the most recently approved tax rolls, of all properties within the residential test area of the proposed tower site.

(c) In the event that any of the required documentation, data, reports or drawings contain any false or erroneous information known to the applicant, then any permit issued pursuant to that false or erroneous information shall be void with the same force and effect as if it had never been issued.

(d) The director shall issue a permit for construction, placement or alteration of a tower only if it meets the requirements of this article.

(e) On or before the 30th calendar day following the filing of the required application, the director shall issue to the applicant a written notice of disapproval or preliminary approval of the tower permit. Any notice of disapproval of a tower permit application must include a written report explaining in detail the reasons for disapproval. Any preliminary approval shall be subject to the protest provisions of section 28-533 of this Code, and, if no protest is timely filed thereunder, shall become a final approval on the business day next following the close of the protest period. The issuance of a written notice to the applicant shall be complete upon the deposit of the properly addressed notice in the United States Mail, first class postage paid.
(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2011-1168, § 13, 12-14-2011; Ord. No. 2014-364, §§ 6(Exh. A), 7, 4-30-2014)

Sec. 28-531. Notice of pending application.

(a) The notice requirements of this section apply only to applications for tower permits for the construction, placement or alteration of towers subject to the requirements of this article and for waivers from the requirements of this article. When an application for waiver is not filed as part of the original application for a tower permit, the notice requirements of this section apply separately to the waiver application.

(b) The applicant for a tower permit must post and use reasonable efforts to maintain a sign on the subject tower site for a minimum of 30 calendar days beginning no later than the sixth calendar day following the date of the filing of the required completed application with the department. The sign shall be posted no more than 15 feet from the public right-of-way that is used as access to the tower site. The sign shall face each public right-of-way bordering the tower site and the lettering on the sign shall be legible from the public right-of-way. Each sign shall be a minimum of four by eight feet in size, with lettering that complies with specifications promulgated by the director. The sign shall contain at a minimum the following items of information:

(1) That this is the proposed site of a tower;

(2) The proposed maximum height above grade of the proposed tower;

(3) The tower permit application number assigned to this project by the department; and

(4) The telephone number of the department where additional information concerning this project may be obtained.

The applicant shall remove the sign from the subject tower site after (i) the permit is obtained or (ii) the appeals process is complete.

(c) If, in the opinion of the director, compliance with the requirements of this section is insufficient to provide adequate notification of the pending tower permit application, the director may require additional signs to be erected at locations as he deems advisable.

(d) Written notice of the filing of each application for a tower permit or an application for a waiver, as provided for herein, shall be given to all property owners within the boundaries of the residential area or setback area, as applicable, determined in accordance with the provisions of section 28-524(g) of this Code, as is indicated by the most recently approved tax rolls. Notice shall also be given to any civic organization, property

owners association, or any other interested group, with identifiable boundaries, provided that the organization, association or group is registered with the department in a manner prescribed by the director. Notice to all owners of record and civic organizations registered with the department shall be deemed given if properly addressed and deposited in the United States mail, with first class postage paid. The required written notice shall be in a form prescribed by the director and shall be mailed no later than the tenth calendar day following the filing of the required completed application. The written notice shall include a map showing the proposed tower site and the surrounding residential test area or setback area, as applicable.

(e) Written notice shall be published at least once in a local newspaper of general circulation by the department not later than the seventh calendar day following the date of filing of the required completed application. The notice shall be published in the section of the newspaper in which other legal notices are commonly published, and shall be headed with the following words (or their reasonable equivalent), in conspicuous type: "NOTICE OF PROPOSED TOWER CONSTRUCTION." The notice shall state the height and location of the proposed tower site, describe the intended use of the tower, and advise that additional information may be obtained by writing or calling the office of the director of the planning and development department.

(f) The "written notice" required in subsection (d) above shall include at a minimum the following:

(1) The name, address, and telephone number of the person or entity that will own the proposed tower structure;

(2) The name, address, and telephone number of the applicant if different from the owner of the proposed tower;

(3) The approximate proposed location of the tower structure including the street address (or nearest street intersection) and the name of the subdivision or survey if there is no recorded subdivision;

(4) The proposed use of the tower structure and site;

(5) The proposed maximum height above grade of the proposed tower structure; and

(6) That additional information may be obtained by writing or calling the office of the director.

(g) The applicant shall be responsible for paying all costs associated with the giving of notice under this article.

(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, §§ 6(Exh. A), 7, 4-30-2014)

Sec. 28-532. Waiver.

(a) An application for a tower permit shall not be approved for a tower that is not in conformance with the regulations prescribed in this article unless a written application for a waiver has been submitted to and approved by the commission.

(b) An applicant for a tower permit who receives written disapproval from the director may elect to submit a written application for a waiver to the commission or may appeal the denial of the permit as provided in section 28-533 of this Code. An application for a waiver from the requirements of this article may be filed simultaneously with the filing of the application for a tower permit. An application for a waiver made after the disapproval of the tower permit by the director shall be submitted not later than 2:00 p.m. on the seventh calendar day following issuance of the notice of disapproval. The director shall waive this deadline upon a finding of good cause.

(c) An application for a waiver shall be submitted in the manner prescribed by the director citing the specific provision(s) of this article from which a waiver is desired, the extent of the waiver sought, and the specific facts or reasons why the waiver is necessary along with all supporting information or documentation.

(d) The commission is authorized to consider and grant a waiver from the provisions of this article, following a public hearing, when the commission finds that each of these conditions exist:

(1) That a literal application of this article will result in undue and unnecessary hard-

ship to the applicant, taking into account any federal or state licenses the applicant may have received to conduct its business;

(2) The waiver, if granted, will not be contrary to the public interest as implemented in this article;

(3) Consistent with the city's police power authority over towers, the waiver, if granted, will not be detrimental to the public health, safety, or welfare;

(4) The waiver, if granted, will not result in a violation of any other applicable ordinance, regulation or statute enforceable by the city; and

(5) The waiver, if granted, will not result in the violation of any applicable deed restriction or zoning regulation or the location of a tower in a park.

(e) A waiver from the requirements of section 28-524(h) of this Code for an antenna tower shall not be granted unless, in addition to finding that each of the conditions expressed in subsection (d) above is satisfied, the commission, after public hearing, finds that no approved tower or tower structure can accommodate the applicant's proposed antenna because the applicant has demonstrated any of the following:

(1) The approved tower or tower structure located within 1,000 feet of the proposed tower will not meet the applicant's engineering requirements;

(2) The approved tower or tower structure located within 1,000 feet of the proposed tower is not of sufficient height to meet the applicant's specific engineering requirements;

(3) The approved tower or tower structure located within 1,000 feet of the proposed tower does not have sufficient structural strength and cannot reasonably be reinforced to provide sufficient structural strength;

(4) The antenna array of the approved tower or tower structure located within 1,000 feet of the proposed tower would cause electromagnetic interference with the antenna array of the proposed tower, or the antenna on the proposed tower or tower structure to be located within 1,000 feet of the approved tower would cause interference with the antenna array of the approved tower;

(5) The approved tower or tower structure located within 1,000 feet of the proposed tower is not adaptable to accommodate additional antenna arrays or the costs required to share or adapt the approved tower or tower structure are unreasonable;

(6) The approved tower or tower structure located within 1,000 feet of the proposed tower is not available for co-location because the owner of the approved tower or tower structure or the owner of the tract on which the approved tower or tower structure is located refuses to agree to reasonable terms necessary to accommodate the requirements for the proposed antenna; or

(7) The approved tower or tower structure located within 1,000 feet of the proposed tower is not suitable for the specific requirements for the proposed antenna due to other factors as demonstrated by the applicant, taking into account any federal or state licenses the applicant may have received to conduct its business.

(f) The procedures prescribed in subsections (c) and (d) of section 28-533 of this Code shall govern the hearing required on an application for a waiver.

(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 95-104, § 1, 1-25-95; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, §§ 6(Exh. A), 7, 4-30-2014)

Sec. 28-533. Protest and appeal; hearing procedures.

(a) Any property owner, association or group within the residential area or setback area, as applicable, who has reasonable grounds to believe that approval of an application for a tower permit, the granting of a waiver, or the proposed construction will violate any applicable restriction, rule,

regulation or ordinance may request a hearing before the commission to protest and present evidence establishing their allegations. The hearing request must state the specific grounds relied upon and be presented to the office of the director no later than 2:00 p.m. on the 37th calendar day following the date of filing of the required completed application for a tower permit or waiver, as applicable. Copies of all supporting documents, instruments, or other materials that are to be presented to the commission shall accompany the hearing request and shall be available for inspection and photocopying.

(b) An applicant for a tower permit that has been denied by the director has until 2:00 p.m. on the seventh calendar day following the issuance of a notice of disapproval to file a written notice of appeal in the manner prescribed by the director. The director shall waive this requirement upon a finding of good cause.

(c) Notice of the time, place and location of the public hearing at which the protest or appeal is to be presented must be given by the department before the tenth day before the date of the hearing by:

(1) Publication in a newspaper of general circulation in the city and county in which the land that is the subject of the waiver is located;

(2) By written notice delivered to the applicant, which shall be served by depositing the same, properly addressed and postage paid, in the United States Mail, first class postage; and

(3) By written notice delivered to each property owner, association or group registered with the department in the manner prescribed by the director, within the setback area. The written notice shall be served by depositing the same, properly addressed and postage paid, in the United States Mail, first class postage.

(d) All properly filed appeals and protests concerning the approval or disapproval of an application for a tower permit or the granting or refusal of an application for a waiver for a particular project shall be considered by the commission in a single public hearing. The public hearing shall be scheduled by the director at the next available commission meeting, assuming that proper notice has been given.

(e) The commission, following a public hearing, is authorized to deny a tower permit that is the subject of a protest under subsection (a) upon finding, based on substantial evidence, any of the following:

(1) The tower permit, if granted, will result in the violation of an applicable rule, regulation or ordinance enforceable by the city;

(2) The tower permit, if granted, will result in the violation of an applicable deed restriction or zoning regulation; or

(3) The information contained in the application is erroneous or the department's analysis of the permit application is based on erroneous information.

(f) The commission, following a public hearing, is authorized to deny a tower permit that is the subject of an appeal under subsection (b) upon finding, based on substantial evidence, that the decision of the director to deny the tower permit is erroneous or the department's analysis of the tower permit application or information therein is erroneous.

(g) If the commission denies the appeal of the denial of an application for a tower permit, a waiver or otherwise refuses to approve a tower permit as a result of a protest, the secretary of the commission shall issue a written report explaining in detail the reasons for the rejection, disapproval or refusal. The written report shall be issued not later than 30 calendar days from the date the decision was made.

(h) The decision of the commission concerning the issuance or denial of a tower permit or the granting or refusal of a waiver shall be the final administrative determination of the issue presented.

(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 95-104, § 1, 1-25-95; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, § 6(Exh. A), 4-30-2014)

Sec. 28-534. Building permit requirement and plan review.

(a) A tower permit obtained pursuant to the provisions of this article shall become invalid after the passage of 180 days from the date of final approval of the tower permit unless any required building permit for the construction or alteration of the tower has been obtained before the expiration of that 180-day period.

(b) The construction, placement or alteration of a tower is subject to any plan review, permitting requirement or hearing process applicable to commercial construction in general which is required either by ordinance or by the rules promulgated by the director; provided that the regulation or rules are consistent with the provisions of this article.
(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, § 6(Exh. A), 4-30-2014)

Sec. 28-535. Maintenance and inspection.

(a) All buildings, structures, supporting structures, wires, fences or ground areas used in connection with a tower shall be maintained in a safe condition and in good working order. All equipment or machinery required by the Construction Code, the Fire Code or any other applicable regulation or ordinance for a building or structure or supporting structure or device shall be maintained in good working order. The owner or operator of a tower shall be responsible for the maintenance of the tower, supporting structures, buildings, fences and ground areas.

(b) By applying for a tower permit under this article, the applicant specifically grants permission to the city, its duly authorized agents, officials and employees, to enter upon the property for which a permit or waiver is sought, after first providing reasonable notice, for the purpose of making all inspections required or authorized to be made under this article, the Fire Code, the Construction Code, this Code or any other applicable regulation, rule or ordinance.
(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 02-399, § 85, 5-15-02; Ord. No. 2014-364, § 6(Exh. A), 4-30-2014)

Sec. 28-536. Removal of towers.

Any antenna or tower that is not operated for a continuous period of six months shall be considered abandoned, and the owner of the antenna or tower shall remove same within 90 days of receipt of notice from the director notifying the owner of the abandonment. If the antenna or tower is not removed within the 90 days, the city may remove the antenna or tower at the owner's expense. If there are two or more users of a single tower, then this provision shall not become effective until all users cease using the antenna or tower. The city attorney is hereby authorized to pursue all necessary legal remedies to implement the provisions of this subsection.
(Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, § 6(Exh. A), 4-30-2014)

Sec. 28-537. Deed restriction affidavit.

(a) Every applicant for a tower permit or a waiver shall furnish to the director an affidavit setting forth that the applicant is familiar with the title to the real property to which the requested permit appertains and that the intended use will not violate any applicable deed restrictions. The affidavit shall be accompanied with a certified copy of the instruments containing the deed restrictions, the instrument of revocation or termination, the declaratory judgment or any other recorded document containing restrictions that affect the use of the property.

(b) A tower permit shall not be issued until the requested affidavit and supporting documentation has been produced. Any permit issued on the basis of erroneous documentation known to the applicant or an affidavit which contains false information known to the applicant is void with the same force and effect as if it had never been issued and without the necessity of any action by the city or any other person or agency. A tower permit shall not be issued for the construction or alteration of a tower if the use or the intended use will be in violation of the recorded deed restrictions.
(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, § 6(Exh. A), 4-30-2014)

Sec. 28-538. Permitted hours for construction and maintenance.

Construction, placement, removal and maintenance of, and alterations or modifications to, a tower or equipment storage facility for a tower shall not be performed except between the hours of 7:00 a.m. and 9:00 p.m. of any day, except in a bona fide emergency; provided however, that the owner, operator or his agents may perform regular maintenance between the hours of 9:00 p.m. through 7:00 a.m. as long as it does not create an unreasonable noise.
(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, § 6(Exh. A), 4-30-2014)

Sec. 28-539. Tower permit commission.

(a) There is hereby created a tower permit commission of seven members. The positions of the commission shall be filled as follows:

Position 1: By a person who shall be chairman of the commission.

Position 2: By a person who is a member of a residential civic association.

Position 3: By a person who has training or a background as a land planner, surveyor, or other urban design discipline.

Position 4: By a person who has training or a background as a real estate agent or appraiser or other real estate related business.

Position 5: By a person who has training or a background in electrical engineering, physics or any discipline related to radio frequency technology.

Position 6: By a person who is a member of a residential civic association.

Position 7: By a person who has training or a background in electrical engineering, physics or any discipline related to radio frequency technology.

The city attorney may designate an attorney to represent the commission. The attorney may advise the commission on legal matters relative to topics under commission jurisdiction. The director shall serve as secretary of the commission and shall be responsible for assisting the commission to facilitate its actions and proceedings and shall respond to requests of the commission in a timely manner. The secretary of the commission shall be responsible for and keep the minutes of the meetings of the commission, including correspondence received and sent by the commission or at its direction. The minutes shall be public records, available for inspection by the public at all reasonable times in the presence of the secretary or any member of the commission.

(b) The mayor is hereby authorized to appoint the members of the commission, subject to the approval of the city council. The terms of appointments of the commission shall be for a period of two years and until their successors are appointed and qualified. The mayor shall appoint, subject to approval by city council, another qualified person to serve the unexpired term of any vacant position. Any member of the commission may be removed at any time by the mayor without consent of the city council.

(c) Four members of the commission shall constitute a quorum. No member of the commission shall be allowed to abstain from a vote on an appeal, waiver or protest unless the member has a conflict of interest which he discloses prior to the vote. All actions of the commission shall be taken by majority vote of the members constituting a quorum present. The commission shall meet at the call of the director when necessary to conduct the business of the commission, subject to the applicable requirements of the Texas Open Meetings Act.

(d) The commission shall adopt reasonable rules for the conduct of its duties, to include procedures for hearings and all other business conducted by the commission.
(Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, § 6(Exh. A), 4-30-2014)

Sec. 28-540. Enforcement and penalties.

Violation of this article is unlawful. Failure of any person to comply with any provision of this article shall be punishable upon conviction by a fine of not less than $100.00 or more than $500.00. Each day the violation continues shall constitute

a separate offense. All authority granted to the city attorney and the director and their designees under this article shall be exercised uniformly on behalf of and against all citizens and property of the city. Prior to the issuance of a citation under this article, the director shall furnish notice to the last known address of the tower owner of the alleged violation and shall afford the owner a reasonable opportunity to cure the violation, consistent with the risks posed by the violation and the efforts that would be required to cure it.
(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, §§ 6(Exh. A), 8, 4-30-2014)

Sec. 28-541. Cumulative effect.

This article is cumulative of other requirements imposed by ordinances and regulations of the city. To the extent of any inconsistency, the more restrictive provision shall govern. Without limitation, the issuance of a permit under this article shall not excuse compliance with the Construction Code, including permits required thereunder.
(Ord. No. 98-253, § 2, 4-8-98; Ord. No. 02-399, § 86, 5-15-02; Ord. No. 2014-364, § 6(Exh. A), 4-30-2014)

Sec. 28-542. City attorney authorized to file suit to abate violation.

The city attorney is hereby authorized to file suit on behalf of the city in any court of competent jurisdiction to enjoin or abate a violation of this article. All authority granted to the city attorney under this article shall be exercised uniformly on behalf of and against all citizens and property in the city. This authorization shall be cumulative and in addition to any other civil or criminal penalty provisions. The city, acting through the city attorney or any other attorney representing the city, may file an action in a court of competent jurisdiction to recover damages from the owner or the agent of the owner of a tower or tower structure in an amount adequate for the city to undertake any activity necessary to bring about compliance with this article.
(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, § 6(Exh. A), 4-30-2014)

Sec. 28-543. Transitional provisions.

(a) Sections 28-521, 28-522, 28-523, 28-524, 28-527, 28-528, 28-530, 28-531, 28-532, 28-533, 28-534, 28-535, 28-537, 28-538, 28-540, 28-542, and 28-543 of this Code apply to towers constructed, placed, or altered after December 11, 1991.

(b) Sections 28-525, 28-529, 28-536, 28-539, and 28-541 of this Code apply to towers constructed, placed, or altered after April 8, 1998.

(c) Section 28-526 of this Code applies to all towers subject to this article.
(Ord. No. 91-1734, § 2, 12-11-91; Ord. No. 98-253, § 2, 4-8-98; Ord. No. 2014-364, §§ 6(Exh. A), 7, 9, 4-30-2014)

Secs. 28-544—28-570. Reserved.

ARTICLE XVII. ILLICIT SYNTHETIC DRUGS

Sec. 28-571. Definitions.

The following words, terms and phrases, whenever used in this article, shall have the meanings set forth in this section, unless the context of their usage clearly indicates a different meaning:

Herbal incense means aromatic plant material, whether referred to as potpourri or otherwise, that is distributed in a loose, leafy, powder or granular form or in a compressed block or blocks that can be crushed to result in a powder or granular form, and can be placed into a pipe, cigarette paper, or other drug paraphernalia for purposes of ingestion by smoking, inhaling or other method, regardless of how the substance is labeled or marketed, including, but not limited to, whether or not such product is labeled 'as not for human consumption.'

Illicit synthetic drug means:

(1) Any vegetative material, or herbal or plant material, however constituted, designed, intended, marketed, manufactured, or engineered, that contains any quantity of a synthetic chemical or synthetic chemical com-

pound that has no legitimate relation to the advertised use of the product.

(2) Any vegetative material, or herbal or plant material, with packaging or labeling that indicates, suggests, or implies that the substance is a substitute for or otherwise mimics the pharmacological effects of marihuana ('marijuana'), a controlled substance, or a controlled substance analogue as defined by section 481.002 of the Texas Health and Safety Code.

(3) Any vegetative material, or herbal or plant material, offered for sale or sold with verbal or written representations regarding the purpose, methods, use, or effect of the substance that indicates, suggests, or implies that the substance mimics the pharmacological effects of marihuana ('marijuana'), a controlled substance, or a controlled substance analogue as defined by section 481.002 of the Texas Health and Safety Code.

(Ord. No. 2014-913, § 2, 10-8-2014)

Sec. 28-572. Prohibition of illicit synthetic drug.

It shall be unlawful for any person to possess, provide, sell, barter, produce, manufacture, distribute, or to offer, display, market or advertise for sale, or purchase with the intent to provide, sell, barter, produce, manufacture, or distribute, or to offer, display, market or advertise for sale any illicit synthetic drug.
(Ord. No. 2014-913, § 2, 10-8-2014)

Sec. 28-573. Failure to publicly display or label herbal incense.

(a) Herbal incense offered for sale to the public must be publicly displayed at all times through actual or representative packaging.

(b) All herbal incense offered for sale to the public must include a label listing each active ingredient.
(Ord. No. 2014-913, § 2, 10-8-2014)

Sec. 28-574. Penalty.

(a) Any violation of section 28-572 of this Code is a misdemeanor punishable upon conviction by a fine not to exceed $2000.00. Each separate package, container, or other separate unit containing an illicit synthetic drug shall constitute a separate and distinct offense.

(b) Any violation of section 28-573 of this Code is a misdemeanor punishable upon conviction by a fine not to exceed $2,000.00. Each separate package, container, or other separate unit containing any herbal incense shall constitute a separate and distinct offense.

(c) Prosecution or conviction under this article is cumulative of and shall never be a bar to any other civil or administrative remedy provided or allowed in this article or by law.
(Ord. No. 2014-913, § 2, 10-8-2014)

Sec. 28-575. Affirmative defenses.

(a) It is a defense to prosecution under the provisions of this article that the person possessed the illicit synthetic drug under the lawful supervision of an authorized law enforcement officer to enforce or ensure compliance with this article.

(b) It is a defense to prosecution that a violation of this article is expressly permitted by state or federal law.
(Ord. No. 2014-913, § 2, 10-8-2014)

Sec. 28-576. Seizure.

Any product or substance possessed, provided, sold, bartered, produced, manufactured, distributed, or offered, displayed, marketed or advertised for sale or purchased with the intent to provide, sell, barter, produce, manufacture, or distribute, or to offer, display, market or advertise for sale, in violation of any provision of this article, may be seized by any peace officer. Such

product or substance may be destroyed as authorized by state law after its use for evidentiary purposes is no longer required.
(Ord. No. 2014-913, § 2, 10-8-2014)

Secs. 28-577—28-600. Reserved.

ARTICLE XVIII. LODGING FACILITIES

DIVISION 1. GENERALLY

Sec. 28-601. Definitions.

As used in this article, the following words, terms and phrases shall have the meanings assigned to them in this section, unless the context of their usage clearly indicates a different meaning:

Business day means the city's standard days of operation; 8:00 a.m. to 5:00 p.m., Monday through Friday, but shall exclude any day designated as an official city holiday or for which the operations of the city have been reduced or closed due to any unforeseen circumstance or emergency.

Department means Houston Public Works.

Director means the director of the department and the director's designees.

Employee means a person who regularly works in a lodging facility.

Hearing officer means an individual designated by the director to conduct administrative appeal hearings.

Lodging facility means an establishment that furnishes lodging to three or more persons who are unrelated to the owner of the establishment by blood or marriage. The term "lodging facility" shall not include: (1) a boarding home, as defined in article XIV of this chapter, (2) a hotel or bed and breakfast facility, each as defined in article VI of this chapter, or (3) a single-family residential building, condominium, or townhouse that is owner-occupied for at least three months of the year each year.

Operator means the person in control of a lodging facility.

Owner means the proprietor if a sole proprietorship, all general partners if a partnership, or the corporation and all officers, directors, and persons holding 50 percent or more of the outstanding shares of the corporation if a corporation.

Permit means a current, valid permit issued by the director pursuant to the terms of this article to an operator for a lodging facility.

Resident means a person who is residing in a lodging facility.
(Ord. No. 2018-226, § 2(Exh. A), 3-22-2018)

Sec. 28-602. Scope.

This article applies to all lodging facilities as defined in this article, regardless of when they began operation, except as otherwise provided by this article.
(Ord. No. 2018-226, § 2(Exh. A), 3-22-2018)

Sec. 28-603. Exemptions.

This article does not apply to:

(1) Boarding home facilities, as defined in section 28-451 of this Code.

(2) Correctional facilities or alternate housing facilities, each as defined in section 28-151 of this Code.

(3) Home and community support services licensed under Texas Health and Safety Code Chapter 142, as amended.

(4) Convalescent and nursing facilities and related institutions licensed under Texas Health and Safety Code Chapter 242, as amended.

(5) Continuing care facilities licensed under Texas Health and Safety Code Chapter 246, as amended.

(6) Assisted living facilities licensed under Texas Health and Safety Code Chapter 247, as amended.

(7) Intermediate care facilities for individuals with an intellectual disability licensed under Texas Health and Safety Code Chapter 252, as amended.

(8) A person who provides home health, hospice, habilitation, or personal assistance services only to persons receiving benefits under:

a. The home and community-based services (HCS) waiver program;

b. The Texas home living (TxHmL) waiver program;

c. The STAR + PLUS or other Medicaid managed care program under the program's HCS or TxHmL certification; or

d. Texas Government Code Section 534.152.

(9) An establishment conducted by or for the adherents of a well-recognized church or religious denomination for the purpose of providing facilities for the care and or treatment of the sick who depend exclusively on prayer or spiritual means for healing, without the use of any drug or material remedy, if the establishment complies with safety, sanitary, and quarantine laws and rules as described in Texas Health and Safety Code Section 242.003(3), as amended.

(10) A facility that provides personal care services only to persons enrolled in a program that is funded in whole or in part by the Texas Department of Health and Human Services (HHS) and that is monitored by HHS or its designated local intellectual and developmental disability authority in accordance with standards set by HHS or is funded in whole or in part by the Texas Department of State Health Services and that is monitored by that department or by its designated local mental health authority in accordance with standards set by HHS, as described in Texas Health and Safety Code Section 247.004(4), as amended.

(11) A hotel as defined by Texas Tax Code Section 156.001, as amended.

(12) A retirement community as defined by Texas Tax Code Section 11.18, as amended.

(13) The living quarters or dwelling units for a religious order or for the congregation of persons under religious vows, such as a monastery or convent.

(14) A child-care facility as defined by Texas Human Resources Code Section 42.002, as amended.

(15) A family violence shelter center as defined by Texas Human Resources Code Section 51.002, as amended.

(16) A fraternity or sorority house, or other dormitory, associated with an institution of higher education.

(17) A multi-family rental building, as defined in section 10-152 of this Code.

(18) A facility that is a member of the Houston/Harris County Continuum of Care, as described in 24 CFR Part 578.

(Ord. No. 2018-226, § 2(Exh. A), 3-22-2018)

Sec. 28-604. Rules; forms.

The director may issue rules and regulations for the operation of this article and shall promulgate application and permit forms. A copy of the forms rules, and procedures, if any, shall be maintained in the office of the director or on the city's web site for inspection, and copies may be purchased at the fee prescribed by law.
(Ord. No. 2018-226, § 2(Exh. A), 3-22-2018)

Sec. 28-605. Notices.

(a) Any notice required or permitted to be given by the director or any other city office, division, department or other agency under this article to any applicant, operator or owner of a lodging facility may be given by personal delivery, electronic mail, or United States mail, postage prepaid, addressed to the most recent address as specified in the application for the permit most recently received by the director, or any notice of address change most recently received by the

director. Notices mailed as above shall be deemed given upon their deposit in the United States mail.

(b) Any notice required or permitted to be given to the director by any person under this article shall not be deemed given until and unless it is received in the office of the director.

(c) It shall be the duty of each owner who is designated on the permit application and each operator to furnish notice to the director in writing of any change of residence or mailing address.
(Ord. No. 2018-226, § 2(Exh. A), 3-22-2018)

Sec. 28-606. Penalty; continuing violations.

(a) Violation of any provision of this article shall be punishable by a fine of $500.00. Each day any violation continues shall constitute and be punishable as a separate offense.

(b) The revocation of any permit shall not prohibit the imposition of a criminal penalty, and the imposition of a criminal penalty shall not prevent the revocation or suspension of a permit.
(Ord. No. 2018-226, § 2(Exh. A), 3-22-2018)

Secs. 28-607—28-610. Reserved.

DIVISION 2. PERMITS

Sec. 28-611. Permit.

(a) It shall be unlawful for any person to operate a lodging facility within the city limits without a permit issued by the department pursuant to this article.

(b) Obtaining or holding a permit under this article shall not be interpreted to excuse or relieve a lodging facility or its owner, operator, or any employee from compliance with state law or other provision of this Code.

(c) A permit is personal to the owner of the facility for which it is issued and may not be transferred or otherwise assigned. Any change in ownership of the facility will require the filing of a new permit application within ten business days following the effective date of the change. The application shall be subject to the same fees and shall be treated in the same manner in all respects as an original application. Failure to timely file the new application for a permit may result in denial of the permit. If the permit holder for the facility is a corporation, and there is any transfer in the interest of the corporation or of any entity having an interest in the corporation after the permit is issued, the corporation must submit a new permit application within ten business days following the effective date of the change.

(d) A separate permit shall be required for each lodging facility.

(e) Each permit shall be valid for a period of one year and shall expire on the anniversary of its date of issuance, unless sooner renewed, revoked or surrendered. A permit may be renewed by filing an application for renewal with the director not more than 90 days prior to the expiration date of the permit.
(Ord. No. 2018-226, § 2(Exh. A), 3-22-2018)

Sec. 28-612. Fees.

(a) The annual lodging facility permit fee stated in the city fee schedule shall be payable upon the issuance of a permit and shall be nonrefundable. The annual lodging facility permit fee shall not be subject to the annual fee adjustment in section 1-13 of this Code.

(b) The lodging facility inspection fee stated in the city fee schedule shall be payable prior to the commencement of a scheduled inspection and shall be nonrefundable. The lodging facility inspection fee shall not be subject to the annual adjustment in section 1-13 of this Code.
(Ord. No. 2018-226, § 2(Exh. A), 3-22-2018)

Sec. 28-613. Application for permit.

(a) *Application form.* An operator of a lodging facility shall apply to the director for a permit annually on forms provided by the director and shall include the following information:

(1) a. The name, street address (and mailing address if different), email

address, and Texas driver's license number of the intended operator; and

b. The name, street address (and mailing address if different), and email address of the owner;

(2) The name under which the lodging facility is to be operated;

(3) The lodging facility telephone number;

(4) If the lodging facility is to be operated under an assumed name, a certified copy of the assumed name certificate filed in compliance with the Assumed Business or Professional Name Act (Texas Business and Commerce Code, chapter 71);

(5) If the lodging facility is a Texas corporation, a certified copy of the articles of incorporation, together with all amendments thereto;

(6) If the lodging facility is a foreign corporation, a certified copy of the certificate of authority to transact business in this state, together with all amendments thereto;

(7) If the lodging facility is a limited partnership formed under the laws of Texas, a certified copy of the certificate of limited partnership, together with all amendments thereto, filed in the office of the Secretary of State under Texas Business Organizations Code chapter 153 or its successor statute;

(8) If the lodging facility is a foreign limited partnership, a certified copy of the certificate of limited partnership and the qualification documents, together with all amendments thereto, filed in the office of the Secretary of State under Texas Business Organizations Code chapter 153 or its successor statute;

(9) The address and legal description of the real property on which the lodging facility is to be situated;

(10) Proof of ownership of the real property upon which the lodging facility will be operated in the form of a certified copy of the recorded deed;

(11) If the person identified as the owner of the real property in item (8) is not the owner or operator of the lodging facility, then the lease, purchase contract, purchase option contract, lease option contract or other document evidencing the legally enforceable right of the owner or operator of the lodging facility to use and possess the real property;

(12) A general description of the services provided;

(13) All security and resident monitoring plans and any additional security and monitoring measures which are to be implemented;

(14) The date on which the applicant began or expects to begin operations as a lodging facility at the location;

(15) Any other information that may be reasonably requested by the director; and

(16) The following statements conforming to minimum state law requirements for unsworn declarations:

a. A statement by the owner of the real property upon which the lodging facility is situated attesting to the knowledge of that owner that the property will be used for the operation of a lodging facility;

b. A statement by the owner and operator of the lodging facility attesting that the applicant's operation will not violate deed restrictions; and

c. A statement by the owner and operator of the lodging facility attesting that only framed beds at least six feet long and three feet wide equipped with supportive springs and clean supportive mattresses will be used by the lodging facility.

Any of items (2) through (8) above shall not be required for a renewal application if the

applicant states that the documents previously furnished to the director with the original application or previous renewals thereof remain correct and current.

(b) *Request for inspection.* At the time of submission of the application, the owner or operator of a lodging facility shall submit a request to the building official for the lodging facility inspection described in section 28-616 of this Code.
(Ord. No. 2018-226, § 2(Exh. A), 3-22-2018)

Sec. 28-614. Permit process.

(a) *Initial acceptance of application.* The director shall initially review each application for issuance or renewal of a permit to determine whether the application is complete and all required information has been provided. If not, the director shall return the application to the applicant with a statement of deficiencies. The applicant may then correct the deficiencies and resubmit the completed application.

(a-1) *Internet posting by director.* Within five business days of the director's receipt and acceptance of the completed application for the issuance or renewal of a permit, the director shall cause to be posted on an internet website hosted by the department and being accessible to the public the following information as contained in the completed application:

(1) The department's identification, reference, case or application number for the application;

(2) The name of the operator and owner making the application; and

(3) The physical street address and legal description of the real property as contained in the competed application, including but not limited to: the subdivision name, the subdivision section number, and the lot and block number on which the lodging facility is or is to be situated.

(b) Review of application. The director shall review a complete application to determine whether the applicant has met all applicable requirements of this article and of other applicable provisions and shall:

(1) Return an application that contains any incorrect information;

(2) Deny the issuance or renewal of a permit for which the application:

a. Contains materially false information; or

b. Is submitted for a lodging facility that is not in compliance with this article; or

(3) Approve the application and issue the permit, subject to compliance with this article, including, but not limited to, inspection of the lodging facility and payment of any required fees.

(c) *Denial.* If the director proposes to deny the issuance or renewal of a permit, he shall notify the applicant of the proposed grounds for the denial. The applicant may, within ten business days after the date of the notice letter cure any defect. If the applicant timely cures all defects, the director shall approve the application. If the applicant fails to cure all defects within ten business days after the date of the notice letter, the applicant may appeal the denial through the procedure described in section 28-618 of this Code.

(d) *Decision final.* The director shall provide written notice to an applicant of either final approval or denial of an application. The director's decision on an application shall be final, unless an appeal is timely filed.

(e) *Additional conditions for issuance of permit.* Notwithstanding the foregoing, no permit shall be issued until:

(1) The director determines that the lodging facility has passed the required inspection; and

(2) The applicant has paid all required fees.
(Ord. No. 2018-226, § 2(Exh. A), 3-22-2018)

Sec. 28-615. Operating requirements.

(a) *Posting.* The owner or operator of a lodging facility shall prominently and conspicuously post the permit issued for display in a public area of the lodging facility that is readily available to residents and visitors.

(b) *Framed beds.* The owner or operator of a lodging facility shall provide a separate framed bed at least six feet long and three feet wide equipped with supportive springs and clean supportive mattresses 24 hours a day for each resident at the lodging facility.

(c) *Records.* The owner or operator of each lodging facility shall maintain on the premises of the lodging facility records sufficient to verify and substantiate all information provided under section 28-613 of this Code. In addition, the owner or operator of each lodging facility shall maintain on the premises of the lodging facility documentation showing:

(1) Staffing and shift assignments for all employees;

(2) The name of each resident, accompanied by personal identifier information, including date of birth and copy of driver's license or other acceptable state recognized means of identification;

(3) Resident service agreements signed by each resident or the resident's legal representative detailing the services to be provided to the resident by the lodging facility, and the cost of those services; and

(4) Contact information for the resident's legal representative, if any.

The owner or operator shall maintain information relating to employees or residents required under this section for a period of at least five years after the employee or resident ceases to be employed by or reside at the lodging facility, as applicable, and shall maintain all other information required under this section for as long as the lodging facility is in operation and two years after it ceases to operate.

(d) *Report of death or criminal activity.* The owner or operator of each lodging facility shall immediately notify the Houston Police Department of any death or criminal activity that occurs on the premises of the lodging facility.

(e) *Inspection report.* The owner or operator shall maintain on the premises a current file of inspection reports and other documentation needed to demonstrate compliance with applicable laws and regulations, including the Fire Code and the Construction Code. The inspection reports must be signed by the inspector, dated, and free of any outstanding issues that require corrective actions.

(f) *Safety or emergency precautions.* The owner or operator of a lodging facility shall:

(1) Implement a written fire and evacuation plan for the facility that sets forth the responsibilities and steps to be taken by staff and residents in the event of a fire or other emergency and identifies two points of entry and egress. The owner or operator shall ensure that all staff and residents are shown how to use all emergency exits from the lodging facility within 24 hours after arrival at the lodging facility. The owner or operator shall maintain documentation of such training.

(2) Post an emergency evacuation plan in a common area, such as the kitchen or living room.

(3) Ensure that each employee receives training on the emergency evacuation plan at least two times per year and shall maintain documentation of such training.

(4) Ensure that flammable supplies, gasoline-operated equipment, and compressed gas equipment are stored outside of the living area.

(5) Provide a sufficient number of accessible fire extinguishers. The owner or operator shall ensure that a person licensed to inspect fire extinguishers inspects the fire extinguishers annually. The owner or operator shall ensure that the fire extinguishers are recharged when needed by a person licensed to inspect fire extinguishers.

(6) Provide and maintain an operable smoke alarm and, if any gas utility is provided,

a carbon monoxide detector in each sleeping area, kitchen, and laundry area. The owner or operator shall ensure that these devices remain in good working order. If a lodging facility has a resident who is hearing-impaired, the owner or operator shall install and properly maintain a visual smoke alarm that is capable of alerting a hearing-impaired person of the presence of fire or smoke.

(7) Ensure that properly and visibly labeled first aid supplies are readily accessible to all the residents and inform the residents of the location of the supplies.

(Ord. No. 2018-226, § 2(Exh. A), 3-22-2018)

Sec. 28-616. Inspections.

(a) Upon receipt of a request by the owner or operator of a lodging facility for an inspection to confirm that the lodging facility is in compliance with this Code, including the Fire Code and the Construction Code, the building official shall meet with the owner or operator to determine whether the lodging facility will require a certificate of occupancy.

(1) If the building official determines that the owner or operator possesses a certificate of occupancy for the lodging facility that is appropriate for the proposed use, the building official shall schedule the lodging facility for a lodging facility inspection, upon receipt of payment of the fee stated in the city fee schedule; or

(2) If the building official determines that the owner or operator possesses a certificate of occupancy for the lodging facility that is not appropriate for the proposed use, the building official shall schedule the lodging facility for a certificate of occupancy inspection, upon payment of any fee required therefor in the Construction Code;

(3) If the building official determines that the owner or operator does not possess a certificate of occupancy for the lodging facility and a certificate of occupancy will be required for the proposed use, the building official shall schedule the lodging facility for a certificate of occupancy inspection, upon payment of any fee required therefor in the Construction Code; or

(4) If the building official determines that a certificate of occupancy will not be required for the proposed use of the lodging facility, the building official shall schedule the lodging facility for a lodging facility inspection, upon payment of any fee required therefor in the Construction Code.

The building official shall notify the lodging facility operator of the date and time scheduled for the inspection.

(b) The building official or any peace officer may enter the premises of a lodging facility at reasonable times to conduct an inspection, survey, or investigation to assure compliance with this article and to protect the health, safety, or welfare of the residents of a lodging facility. The building official may be assisted in any investigation by representatives of the police department, the fire department, the department of neighborhoods, the Houston Health Department, or other city or state agency or entity with appropriate jurisdiction over matters affecting the health, safety, or welfare of the residents of a lodging facility. During the course of any inspection, the owner, operator, and any employee of the lodging facility shall be required to identify himself and provide documentation of identity upon the request of the building official or any other city representative participating in the inspection.

(c) At the time of any inspection, the owner or operator of a lodging facility shall provide the director or peace officer access to books, records, and other documents maintained by or on behalf of a lodging facility as required under section 28-615 of this Code.

(Ord. No. 2018-226, § 2(Exh. A), 3-22-2018)

Sec. 28-617. Revocation of permit.

(a) A permit may be revoked if the director determines that:

(1) The owner or operator of the lodging facility has received notice of more than

five violations of this Code, including the Fire Code or Construction Code in a one-year period;

(2) Any information supplied in the permit application was materially false or incorrect;

(3) The permit was obtained or issued as a result of error;

(4) The applicant obtained a permit by means of fraud, misrepresentation, or concealment of a fact or that the applicant falsified his original application for a permit; or

(5) Any fact or circumstance exists that would be a basis for denial of an application for issuance or renewal of a permit.

(b) The procedures set forth in section 28-618 of this Code shall apply to appeals to the revocation of permits.
(Ord. No. 2018-226, § 2(Exh. A), 3-22-2018)

Sec. 28-618. Appeals.

(a) *Request for appeal.* An applicant or owner or operator of a lodging facility may appeal a denial of the application for or renewal of a permit or the revocation of a permit within ten business days after date of deposit of written notice in the mail by submitting a written request for an appeal to the director. If the applicant does not request a hearing within ten business days, the denial is effective and final on the eleventh day after the date of the director's notice of denial.

(b) *Conduct of hearing; rules and procedures.* An appeal hearing shall be conducted on a single weekday within 20 business days after the director receives a request for appeal and shall last no longer than eight hours. Further, an appeal hearing shall be informal and conducted under rules established by the director consistent with the informal nature of the proceedings; provided, however, the following rules shall apply to all appeal hearings conducted under this section:

(1) All parties shall have the right to representation by an attorney licensed to practice in Texas, though an attorney is not required;

(2) Each party may present witnesses in his own behalf;

(3) Each party shall have the right to cross examine all witnesses; and

(4) The hearing officer shall consider only the evidence presented at the appeal hearing in rendering a final decision.

(c) *Authority of hearing officer.* The hearing officer may affirm or reverse a denial or revocation under this article. The hearing officer shall affirm a denial or revocation if he determines by a preponderance of the evidence that grounds exist for the denial or revocation, respectively. The decision of the hearing official is final.

(d) *Notice of decision.* The hearing official shall give written notice of the decision to the applicant or owner or operator of the facility and the reasons therefor. The notice shall be provided by certified mail, return receipt requested, as soon after the conclusion of the hearing as practicable, but not more than 30 business days thereafter.
(Ord. No. 2018-226, § 2(Exh. A), 3-22-2018)

Sec. 28-619. Review to city council.

The director shall provide a review about this article to city council one year after it takes effect (March 22, 2018) and each year thereafter.
(Ord. No. 2018-226, § 2(Exh. A), 3-22-2018)

Secs. 28-611-28-630. Reserved.

ARTICLE XIX. DONATION BOXES

DIVISION 1. GENERAL

Sec. 28-631. Definitions.

As used in this article, the following words and terms shall have the meanings ascribed to them in this section, unless the context of their usage clearly indicates another meaning:

Administrator means the director of administration and regulatory affairs or the director's designee.

Applicant means the individual or entity filing an application under this article.

Donation box means any unattended donation receptacle intended for use as a drop off and collection point for accepting donated textiles, clothing, shoes, books, toys, dishes, and other salvageable items of personal property.

Landowner means any person or entity who owns, leases, is in control of, or possesses real property on which a donation box has been placed or maintained.

Operator means the individual or entity who owns, leases or otherwise manages and controls the personal property constituting a donation box, and if a separate individual or entity carries on the maintenance, collection, and upkeep of the donation box, that separate individual or entity as well.

Permit holder means any person, partnership, corporation, firm, joint venture, limited liability company, association, organization, or any other entity holding a permit issued pursuant to this article.

Right-of-way shall have the same meaning as public way as defined in section 40-121 of this Code.

(Ord. No. 2021-350, § 2, 5-5-2021)

Sec. 28-632. Unlawful placement or maintenance of donation box.

It shall be unlawful for any person to place or maintain a donation box at any location within the city unless done in accordance with a valid permit as provided in this article.

(Ord. No. 2021-350, § 2, 5-5-2021)

Sec. 28-633. Unlawful to allow unpermitted donation box on real property.

It shall be unlawful for any person who owns, leases, is in control of, or possesses real property within the city to authorize or allow any donation box to be placed on, or remain on, that real property unless done in accordance with a valid permit as provided in this article.

(Ord. No. 2021-350, § 2, 5-5-2021)

Sec. 28-634. Penalty.

(a) Except as provided in section 28-657 of this Code, a person who violates any provision of this article, including committing an unlawful act under this article, is guilty of a misdemeanor punishable by a fine of not less than $100.00 nor more than $500.00. Each day any violation continues shall constitute and be punishable as a separate violation of this article.

(b) A landowner or an operator may be liable for criminal penalties and also subject to revocation of a permit issued under this article.

(c) All landowners and operators shall be jointly and severally liable for any penalties, fees, or costs arising under this article.

(d) Nothing in this article shall limit the remedies available to the city in seeking to enforce the provisions of this article.

(Ord. No. 2021-350, § 2, 5-5-2021)

Secs. 28-635—28-640. Reserved.

DIVISION 2. PERMITS

Sec. 28-641. Permit application requirements.

(a) To obtain a permit to operate a donation box, an applicant must file an application with the administrator. A single application may cover multiple donation boxes that are owned and operated by the applicant. The administrator may promulgate such application provided that an application must include the following information:

(1) The applicant's name, telephone number, mailing address, electronic mail address, and street address, if different from the mailing address, and the same information for each landowner and operator, if different from the applicant. For applicants who are individuals, a government-issued identification document or similar proof of legal right to work in the state of Texas shall be required. Applicants transacting business in Texas must provide proof of such right to transact business in Texas;

(2) Proof that the applicant owns the real property upon which the operator will place the donation box. Or, if the applicant does not own the real property upon which the donation box will be placed, written permission by the landowner or an authorized agent of the landowner to place the donation box as proposed in the application;

(3) A site plan or map drawn to scale showing the exact placement of the donation box on the proposed site;

(4) A service plan for each donation box. The service plan shall include information regarding which days and the time of day the items will be collected, and other requirements described under section 28-651(16) of this Code;

(5) A description of the size, color, and design of the donation box, and the type of material from which the box is constructed;

(6) A list of any other donation boxes located on the same property as the donation box that is the subject of the application;

(7) Proof of required insurance;

(8) A declaration of compliance with other laws; and

(9) Any other information that may be reasonably requested by the administrator.

(b) Any change in the information listed in subsection (a) of this section shall require a supplement to the application, and must be reported by the permit holder to the administrator within ten days after the change. Failure to supplement the permit application as required by the administrator invalidates the permit issued under the original application. The administrator may require a permit holder to reapply for a permit if information provided in the original application changes. The administrator may promulgate procedures and regulations regarding the requirement to supplement any change in the information listed under subsection (a) of this section.

(c) A separate permit shall be required for each donation box regardless of the ownership thereof. Permits issued under the provisions of this article shall be valid only at the address stated on the permit.

(d) A nonrefundable annual permit fee for each donation box, as stated in the city fee schedule, shall be required. Each permit shall expire on the one-year anniversary of the date of issuance unless revoked under this article. The annual donation box permit fee shall not be subject to the administrative fee requirement in section 1-14 of this Code.
(Ord. No. 2021-350, § 2, 5-5-2021; Memorandum of 7-8-2021; Ord. No. 2022-65, § 2, 1-26-2022)

Sec. 28-642. Issuance or denial of a permit application.

(a) The administrator shall issue a permit after receipt of a completed application if all requirements have been met. If not all requirements for issuance of a permit have been met, the administrator shall deny the permit application. The administrator shall issue notice of the denial to the applicant within a reasonable time.

(b) After issuance of a permit, the administrator shall issue a decal to the applicant to place on the donation box. This decal shall remain affixed to the donation box and visible on the outside of the donation box for the entire duration of the permit. Failure to maintain a visible decal on a donation box may constitute a violation and invalidation of a permit issued under this section. It shall be unlawful for a person, other than an employee of the city authorized to administer this article, to remove a decal from a donation box.

(c) An applicant may appeal a decision to deny a permit application in the same manner as for revocation of a permit under section 28-643 of this Code.
(Ord. No. 2021-350, § 2, 5-5-2021)

Sec. 28-643. Transfer, revocation, and appeal.

(a) Permits and decals are nontransferable.

(b) The administrator may revoke a permit for any of the following reasons without refund of any portion of the required fee:

(1) The information provided in the application is materially false, incorrect, or incomplete;

(2) The permit was issued through error;

(3) The permit holder has failed to comply with any applicable provision of this article; or

(4) The use of the donation box or permit has been discontinued for a continuous period of 180 days.

(c) Revocation of a permit for a single donation box does not affect the validity of permits granted for other donation boxes with the same landowner or operator.

(d) In the event that the administrator determines pursuant to this article that a permit holder is no longer eligible for a permit, or the administrator otherwise revokes the same, the permit holder shall be given notice in writing of the reasons for the revocation by the administrator. A permit holder may appeal the decision of the administrator regarding the revocation by filing a written request for a hearing with the administrator within 20 calendar days after he is given notice of the revocation. The permit holder's written request for a hearing shall set out the grounds on which the revocation is challenged. The administrator's decision on the revocation shall be final unless the permit holder has timely filed such an appeal. An appeal shall not stay the administrator's decision on the revocation. The hearing shall be conducted by a hearing officer appointed by the administrator within 30 calendar days after receipt of a request. At the hearing, the permit holder may present any evidence relevant to the proceedings, in accordance with reasonable rules adopted by the administrator and approved by the city attorney. The hearing officer shall give written notice to the permit holder of his findings as to whether or not the permit should be revoked and the reasons therefor. The notice shall be sent by certified mail, return receipt requested, as soon after the conclusion of the hearing as practicable but in no event more than 30 calendar days thereafter. The decision of the hearing officer shall be final.

(e) If a permit is revoked by the administrator for violation of this article, it shall not be reissued within the one-year period following the date that the permit was revoked.
(Ord. No. 2021-350, § 2, 5-5-2021)

Sec. 28-644. Indemnification of city.

The applicant must agree, as a condition of his permit, to indemnify and hold harmless the city, its officers, agents, contractors, and employees against any loss, liability or damage, including expenses and costs for bodily injury and for property damage sustained by any person, organization or entity resulting from the applicant's operation of a donation box or resulting from the city's abatement of a violation or emergency nuisance under this article.
(Ord. No. 2021-350, § 2, 5-5-2021)

Secs. 28-645—28-650. Reserved.

DIVISION 3. DONATION BOX REQUIREMENTS

Sec. 28-651. General requirements.

Each donation box in the city shall comply with the following requirements:

(1) Current contact information for the operator of the donation box shall always be displayed on a donation box.

(2) A valid decal shall be posted on the donation box and visible from the right-of-way at all times.

(3) Each donation box shall indicate, in clearly legible writing, the types of items accepted for donation, and that all donations must fit into and be placed within the donation box.

(4) No donation box shall be placed in the city's right-of-way.

(5) At least one parking space shall be provided for use of persons accessing the

proposed donation box. The donation box shall not block any parking space required under this Code or any other law.

(6) A donation box shall only be located on a paved surface.

(7) A donation box shall not be placed less than 25 feet from the adjacent right-of-way.

(8) No donation box shall be permitted in a required landscape buffer or building setback, drainage easement, floodplain, driveway, utility easement or fire lane.

(9) No donation box shall be permitted in a visibility triangle described in section 42-161 of this Code.

(10) No donation box shall exceed 125 cubic feet in volume or have a footprint that exceeds 50 square feet, about the size of an average business waste receptacle.

(11) No more than one donation box shall be placed on a single property except that one additional donation box may be permitted on a property with more than 300 feet of road frontage. Where two donation boxes are placed on the same property, they shall be arranged side-by-side with no more than 12 inches of separation. For the purposes of this paragraph a shopping center, strip center, office park, or other similar commercial property operated with common access and shared parking or interconnected parking areas is considered a single property.

(12) No donation box shall constitute a hazard for drivers on nearby roadways.

(13) A donation box shall not impede traffic or pedestrian travel, nor materially impair any motor vehicle operation within a parking lot, driveway, or street.

(14) A donation box shall be made of metal or other material that will reduce the possibility of arson, degradation resulting from exposure to the elements, and vandalism.

(15) All donated materials shall fit into and be placed inside the donation box. The collection or storage of any materials outside the container is strictly prohibited.

(16) Each landowner and operator of a donation box shall be responsible for collecting the contents of the donation box to prevent overflow and littering as part of the service plan required under section 28-641(a)(4) of this Code. Each landowner and operator shall keep the real property within 25 feet of the donation box free of trash, debris, donations, clothes, furniture, and any other materials related to or resulting from operation of the donation box.

(17) Each operator shall at all times maintain commercial general liability insurance with coverage of not less than $1,000,000.00. The city shall be listed as an additional insured on any such policy.

(18) Each donation box shall comply with all applicable state and federal laws, including but not limited to section 17.922 of the Texas Business and Commerce Code.

(Ord. No. 2021-350, § 2, 5-5-2021)

Sec. 28-652. Other maintenance and operation requirements.

(a) The structural and visual integrity of a donation box must be maintained at all times.

(b) The permit conditions must be met at all times during the term of the permit.

(c) A donation box shall not be used for solicitation or collection of anything other than clothing and household items.

(d) Compliance with the requirements of this division must be continuously maintained.

(Ord. No. 2021-350, § 2, 5-5-2021)

Secs. 28-653—28-655. Reserved.

DIVISION 4. ABATEMENT

Sec. 28-656. Abatement.

(a) Whenever the administrator is made aware of the existence of a donation box that is in violation of this article, the administrator shall issue a notice of the violation and a written order to remove or abate the violation within five business days of the mailing or personal delivery or publication or posting. The notice shall be sent to the landowner and operator of the donation box in the manner provided for notice under section 10-452 of this Code, provided that notice shall not be required prior to an abatement of an emergency nuisance described in section 28-657 of this Code. Any required notice under this subsection shall also be given in compliance with the applicable provisions of section 342.006 of the Texas Health and Safety Code, as amended.

(b) If a landowner or operator fails to remove or abate a violation of this article within five business days of the administrator's mailing or personal delivery or publication or posting of notice of the violation, then the city shall be authorized to carry out any and all abatement, which includes, but is not limited to, the following actions:

(1) Taking reasonable measure to remedy the violation;

(2) Revoking any permit issued for that donation box as prescribed under section 28-643 of this Code; or

(3) Ordering the removal and impoundment of the donation box.

(c) Any donation box placed or maintained on real property without consent of the landowner or any donation box that blocks the right of way shall be subject to removal and impoundment by the city, provided that notice under subsection (a) of this section shall not be required prior to removal or impoundment.

(d) For any abatement that is carried out by the city under this section, the city may assess its expenses related to such abatement, including applicable overhead expenses, and place a lien on any real property on which the donation box was placed. After determining the amount of expenses and charging the same against the applicable landowner or operator, the administrator shall certify a statement of such expenses and shall file the same with the county clerk of the county in which the premises or real property is located. Upon filing such lien with the county clerk, the city shall have a privileged lien, inferior only to tax liens and liens for street improvements, to secure the expenditure so made.

(e) If the city has removed a donation box under this section, and the landowner or operator or their designee has not retrieved the donation box and paid the city's expenses described in subsection (d) of this section within 30 days after removal, the city may dispose of the donation box without providing further notice.
(Ord. No. 2021-350, § 2, 5-5-2021)

Sec. 28-657. Emergency abatement of nuisance.

(a) If an administrator determines that a donation box is maintained in a manner or condition prescribed in this section, the administrator may, without providing the notice required under section 28-656(a) of this Code, take immediate action to abate the nuisance, including removal of the donation box.

Each of the following is an emergency requiring immediate action to protect the public health or safety, is declared a nuisance subject to abatement, and is hereby prohibited and made unlawful under this section:

(1) A donation box or any area within 25 feet of a donation box that is a breeding place for flies because of the unsafe/unsanitary condition of the donation box or its contents;

(2) The presence of ectoparasites, including bedbugs, lice, and mites, suspected to be disease carriers in a donation box or within 25 feet of a donation box because of the unsafe/unsanitary condition of the donation box or its contents;

(3) The accumulation or collection of any water, stagnant, flowing, or otherwise, in a donation box or within 25 feet of a

donation box, in which the mosquito breeds or which may become a breeding place for mosquitoes;

(4) The presence of well grown mosquito larvae, or of pupae, in a donation box or within 25 feet of a donation box, because of the donation box;

(5) A donation box that is defective and allows leakage or spilling of contents;

(6) A condition of a donation box, including any structural defect of the donation box, that may injuriously affect the public health;

(7) The deposit or accumulation of any foul, decaying, or putrescent substance or other offensive matter in a donation box or within 25 feet of a donation box;

(8) A donation box harboring rats or other vermin; and

(9) The detectible presence of urine or the presence of feces, vomit or other bodily fluids in a donation box or within 25 feet of a donation box.

(b) Not later than the tenth business day after the date of abatement under this section, the administrator shall give notice thereof to the landowner and operator in the manner provided for notice under section 10-452 of this Code. The landowner or operator may request a hearing within 20 calendar days after he is given notice of the abatement under this section by filing a written request for a hearing with the administrator. The hearing shall be scheduled not later than 30 calendar days after receipt of the request for a hearing and shall be conducted by a hearing officer appointed by the administrator for the purpose of determining whether the conditions qualified for abatement under the terms of this section. The hearing officer's decision shall be final.

(c) A landowner or operator who violates this section is guilty of a misdemeanor punishable by a fine up to $2,000.00. Each day any violation continues shall constitute and be punishable as a separate violation of this article.

(d) For any abatement that is carried out by the city under this section, the city may assess its expenses for such abatement and place a lien on any real property on which the donation box was placed in the same manner as under section 28-656(d) of this Code.

(e) If the city has removed a donation box under this section, and the landowner or operator or their designee has not retrieved the donation box and paid the city's expenses described in subsection (d) of this section within 30 days after removal, the city may dispose of the donation box without further notice.
(Ord. No. 2021-350, § 2, 5-5-2021)

ARTICLE XX. RESERVED

Secs. 28-658—28-670. Reserved.

ARTICLE XXI. EXTERIOR SECURITY CAMERAS

Sec. 28-671. Businesses covered.

The following types of businesses shall be subject to the requirements of this article:

(1) Nightclubs and bars, as defined in section 21-17 of this Code.

(2) Sexually oriented businesses, which shall mean those businesses listed in the definition for enterprise in section 28-121 of this Code.

(3) Convenience stores, as defined in section 28-401 of this Code.

(4) Game rooms, as defined in section 5-161 of this Code.
(Ord. No. 2022-307, § 2, 4-20-2022)

Sec. 28-672. Camera required.

(a) A business subject to the requirements of this article shall have digital high-resolution surveillance cameras sufficient to provide an overall view from the exterior of the building to the property line and each camera shall be placed in consultation with HPD. Each camera shall display the date and time of the recording.

The camera must be capable of providing a digital image with a minimum resolution of two megapixels, a minimum aspect ratio of 1920 horizontal pixels by 1080 vertical pixels, and a minimum frame rate of 30 frames per second. The camera shall have Wide Dynamic Range capabilities. The camera shall be capable of exporting video footage in a non-proprietary MPEG-4 format.

(b) Each camera shall be maintained in proper working order at all times. Each camera shall be operating at all times, including hours when the facility is not open for business.

(c) The owner shall, within 72 hours of a request, provide digital color video footage in connection with crime investigations to the police department.

(d) The owner or operator shall maintain a library of the recorded digital footage for not less than 30 days.

(e) A business subject to the requirements of this article shall have posted at all public exits and entrances signs or decals indicating that surveillance cameras are in use.
(Ord. No. 2022-307, § 2, 4-20-2022)

Sec. 28-673. Violation.

Any failure to comply with any applicable provision of this article shall be an offense punishable as provided in section 1-6 of this Code. The police chief and the director of the department of administration and regulatory affairs shall be authorized to enforce the provisions of this article.
(Ord. No. 2022-307, § 2, 4-20-2022)

Secs. 28-674—28-680. Reserved.

ARTICLE XXII. ESTABLISHMENTS NOT LICENSED BY THE TEXAS ALCOHOLIC BEVERAGE COMMISSION

DIVISION 1. GENERALLY

Sec. 28-681. Purpose.

The purpose of this chapter is to regulate commercial establishments not licensed or permitted by the Texas Alcoholic Beverage Commission (TABC) that allow patrons to bring their own alcoholic beverages onto the premises for consumption. This practice is commonly referred to as "BYOB", an initialism standing for "bring your own bottle."
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-682. Definitions.

The following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alcoholic Beverage has the meaning assigned by the Texas Alcoholic Beverage Code.

Applicant means owner or operator of the BYOB establishment.

BYOB establishment means an establishment to which this article applies, as described in section 28-683.

Department means the Department of Administration and Regulatory Affairs.

Director means the Director of the Department of Administration and Regulatory Affairs or the director's designees.

Hearing officer means an individual designated by the director to conduct administrative appeal hearings.

Inspection means the annual or any subsequent on-site assessment by officers of the Houston Police Department of the physical, operational, and on-site measures in effect on the property to comply with the minimum requirements in section 28-700.

Operator means the manager or other natural person principally in charge who will be physically present at the establishment during operating hours.

Owner means the person or persons who are the principal owners of the BYOB establishment.

Police official means the chief of police or the chief's designees.

Premises means the grounds and all buildings and appurtenances pertaining to the

grounds, including any adjacent premises if they are directly or indirectly under the control of the owner.

(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-683. Applicability.

(a) Except as provided in subsection (b), this article applies to an establishment that:

(1) Is not licensed or permitted by the TABC;

(2) Is open to the public between 12:01 a.m. and 7:00 a.m.; and

(3) Allows patrons to bring alcoholic beverages onto the premises for possession and consumption.

(b) This chapter does not apply to:

(1) A residence;

(2) A fraternal or veteran's organization, as defined by the Texas Alcoholic Beverage Code;

(3) A university or college providing a degree program;

(4) A church, as defined in section 28-121;

(5) A certified farmer's market licensed pursuant to section 20-192;

(6) A bingo facility licensed under chapter 2001 of the Texas Occupations Code;

(7) A banquet hall; or

(8) A theater that accommodates more than 100 persons.

(Ord. No. 2023-376, § 4, 5-24-2023)

DIVISION 2. PERMITS

Sec. 28-684. Permit required.

(a) It shall be unlawful for any person to operate a BYOB establishment in the city who has not obtained a permit issued by the department as required by this section.

(b) An owner must obtain a separate permit for each BYOB establishment location.

(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-685. Permit application.

(a) An applicant shall apply for a BYOB permit annually. Application forms shall be supplied by the director. The applicant shall be required to give the following information on the application form:

(1) The name, street address (and mailing address if different), email address, personal telephone number, and state driver's license number of each owner and operator, and the name, street address (and mailing address if different), personal telephone number, and email address of each owner;

(2) The name under which the BYOB establishment is to be operated;

(3) The nature and extent of each owner's interest in the BYOB establishment;

(4) The address and telephone number of the BYOB establishment. The use of a public or private post office box or other similar address shall not be sufficient for the purposes of complying with this subsection;

(5) If the BYOB establishment is in operation, the date on which the current owner acquired the BYOB establishment for which the permit is sought;

(6) If the BYOB establishment is not in operation, the expected start-up date;

(7) For each owner and operator, fingerprints and the signed authorization form described in section 28-686 of this Code in order to facilitate the criminal history check required by that section;

(8) The registration certificate or assumed name certificate of the BYOB establishment from the Secretary of State, or the registration of assumed name filed in the office of the Harris, Fort Bend, or Montgomery County Clerk;

(9) A copy of the BYOB establishment's certificate of occupancy;

(10) Scaled drawings of the premises, including:

a. A site plan;

b. The floor plan of each building; and

c. A designation of the areas where consumption of alcohol is to be allowed;

(11) A security plan that meets or exceeds the minimum standards established by this chapter, as determined by the police official;

(12) A copy of the lease agreement where the BYOB establishment will be operating, or proof of ownership of the property, if applicable; and

(13) Other information reasonably required by the director.

(b) The annual permit and inspection fee stated in the city fee schedule shall be payable upon the submission of the application and shall be nonrefundable.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-686. Criminal history check.

Upon receipt of an application for a permit under this article, the director shall cause the criminal history of each owner and operator designated in the application to be researched. In accordance with the provisions of section 28-685 of this Code, each owner and operator shall complete any forms, including any state or federal request and release forms, required for the director to obtain a criminal history report for the owner and operator in accordance with section 1-15 of this Code, and the applicant shall present the required completed forms to the director and shall reimburse the city for any fees imposed by state or federal agencies for the report. This provision shall not be construed to preclude the director from obtaining interim reports at the expense of the city.

As provided in section 28-687 of this Code, the permit application for a BYOB establishment may be denied or revoked at the time of initial application or for any renewal in accordance with section 1-9 of this Code if the owner or operator has been convicted of a criminal offense listed in section 1-10(b)(10) of this Code.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-687. Permit approval.

(a) The director shall approve a permit application if the director determines that the applicant and the proposed BYOB establishment meet the requirements of this chapter.

(b) The director shall deny a permit application if the director determines that:

(1) The applicant is under the age of 21 years;

(2) The BYOB establishment as proposed would not comply with this chapter;

(3) Any operator or owner had a permit required by this chapter that was revoked within the preceding 12-month period; or

(4) The applicant had a TABC permit that was involuntarily cancelled or suspended within the preceding 12-month period.

(c) The director may deny a permit application if the director determines that:

(1) The applicant provided incorrect or incomplete information on the application; or

(2) The owner or operator of the BYOB establishment has been convicted of a criminal offense listed in section 1-10(b)(10) of this Code.

(d) The director shall give written notice of a denial of an application to the applicant.

(e) An applicant may appeal a denial of a permit application to the director in accordance with section 28-693.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-688. Permit not transferable.

A permit issued under this chapter is not transferable to another person. Any change in ownership of a BYOB establishment, including, but not limited to, the sale of the BYOB establishment or any ownership interest therein, shall

require the purchaser or transferee to submit a permit application in accordance with section 28-685.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-689. Permit not a right.

A permit issued under this chapter is a grant of privilege and is not a property right.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-690. Permit expiration, renewal.

(a) A permit issued under this chapter expires one year after the date it is first issued.

(b) The owner shall file an application for permit renewal not sooner than the 90th day and not later than the 20th day before the permit expires. An application that is not filed within the described time period is a new application.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-691. Requirement to supplement information.

While a permit application is pending or a permit is in effect, an applicant or owner shall immediately supplement the information provided to the director in the permit application if the information is or becomes inaccurate, incomplete, or misleading.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-692. Permit revocation.

(a) The director may revoke a permit issued under this chapter if the director determines that:

(1) The owner or operator of the BYOB establishment has been convicted of violating any of the provisions of this article on two or more occasions within the term of the permit or has been convicted of violating any provisions of this article within the 24-month period immediately preceding the date of application for a BYOB establishment permit;

(2) The BYOB establishment does not comply with any applicable provisions of this article;

(3) The owner does not qualify for a permit under this article; or

(4) The permit was obtained or issued as a result of error.

(b) The director shall revoke a permit issued under this article if the director determines that the BYOB establishment violated section 28-706 of this article.

(c) Before revoking a permit, the director shall provide the owner with written notice in conformity with section 28-694 of the pending permit revocation. The written notice shall include:

(1) The reason the permit is subject to revocation;

(2) The date on which the permit is scheduled to be revoked; and

(3) A statement that the permit will be revoked on the scheduled date unless the owner files a written request for a hearing with the director not later than the 10th business day after the date listed on the written notice of revocation.

(d) A permit revocation becomes effective on expiration of the time period prescribed by the notice if the owner does not file a written request for a hearing with the director not later than the 10th business day after the date listed on the written notice of revocation.

(e) If the owner timely files a hearing request:

(1) The director shall comply with the appeal process set forth in section 28-693; and

(2) The revocation is stayed pending the outcome of the hearing.

(f) The director shall give written notice in conformity with section 28-694 to the owner of a decision to revoke the permit or a revocation that becomes effective under subsection (c).

(g) A BYOB establishment whose permit has been revoked pursuant to items (1) and (2) of subsection (a) and subsection (b) of section 28-692 of this Code shall be required to wait a period of

one year from the date the revocation became final before becoming eligible to reapply for a BYOB permit.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-693. Appeal.

(a) *Request for appeal.* An applicant may appeal a denial of the application for or renewal of a permit or the revocation of a permit within 10 business days after the date listed on the written notice by submitting a written request for an appeal to the director. If the applicant does not request a hearing within ten business days, the denial is effective and final on the eleventh business day after the date of the director's notice of denial.

(b) *Conduct of hearing; rules and procedures.* An appeal hearing shall be conducted on a single weekday within 20 business days after the director receives a request for appeal and shall last no longer than eight hours. Further, an appeal hearing shall be informal and conducted under rules established by the director consistent with the informal nature of the proceedings; provided, however, the following rules shall apply to all appeal hearings conducted under this section:

(1) All parties shall have the right to representation by an attorney licensed to practice in Texas, though an attorney is not required;

(2) Each party may present witnesses in his own behalf;

(3) Each party shall have the right to cross-examine all witnesses; and

(4) The hearing officer shall consider only the evidence presented at the appeal hearing in rendering a final decision.

(c) *Authority of hearing officer.* The hearing officer may affirm or reverse a denial or revocation under this article. The hearing officer shall affirm a denial or revocation if he determines by a preponderance of the evidence that grounds exist for the denial or revocation, respectively. The decision of the hearing official is final.

(d) *Notice of decision.* The hearing official shall give written notice of the decision to the applicant and the reasons therefor. The notice shall be provided by certified mail, return receipt requested, as soon after the conclusion of the hearing as practicable, but not more than 30 business days thereafter.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-694. Notices.

(a) Any notice required or permitted to be given by the director or any other city office, division, department or other agency under this article to any applicant may be given either by electronic mail, or first-class United States mail, addressed to the most recent address as specified in the application for the permit most recently received by the director, or any notice of address change most recently received by the director.

(b) Any notice required or permitted to be given to the director by any person under this article shall not be deemed given until and unless it is received in the office of the director.

(c) It shall be the duty of each owner who is designated on the permit application and each operator to furnish notice to the director in writing of any change of mailing address.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-695. Permit posting and sign required.

(a) After a BYOB establishment complies with the provisions of this section, the director will provide to the BYOB establishment a permit which shall be displayed in such a manner that it is conspicuous to patrons of the BYOB establishment.

(b) Each entrance to a BYOB establishment shall be marked with a sign that:

(1) States "BYOB ESTABLISHMENT" in four inch or larger block letters; and

(2) Is legible and visible at all times from a distance of 25 feet.

(c) Any signage required by this section shall be in conformance with the Sign Code.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-696. Public place.

A BYOB establishment is a public place.
(Ord. No. 2023-376, § 4, 5-24-2023)

DIVISION 3. MINIMUM REQUIREMENTS FOR BYOB ESTABLISHMENTS

Sec. 28-697. Operator required on premises.

The owner shall ensure that the operator is continuously on the premises during the hours of operation. The owner may serve as the operator.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-698. Minimum age for admittance and employment.

(a) The owner, the operator, or an employee of a BYOB establishment may not allow a person under the age of 18 years on the premises.

(b) The owner, the operator, or an employee of a BYOB establishment may not allow a person under the age of 21 years to consume alcohol on the premises.

(c) The owner or operator of a BYOB establishment that the city determines to also be a sexually oriented business under this Code may not employ or allow persons under the age of 21 years at a BYOB establishment.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-699. Security plan implementation.

(a) A person may not operate a BYOB establishment without an approved security plan.

(b) The applicant shall provide security for the BYOB establishment in accordance with the security plan.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-700. Minimum security requirements.

All BYOB establishments shall comply with the following minimum security requirements:

(1) Hand wand or walkthrough metal detectors shall be utilized on all persons entering the BYOB establishment;

(2) The exterior portion of the premises, including parking areas, shall be well lit during business hours and must have lighting to illuminate parking areas to at least 0.7 foot-candles. Said lighting shall be designed so as to not unduly interfere with any neighbor's reasonable use and/or enjoyment of the neighbor's premises;

(3) The BYOB establishment shall provide for at least one security officer per 100 patrons. Security officers must have at least a Level II non-commissioned security guard license;

(4) The BYOB establishment must have a working security video system with low light recording capabilities. The system must record open areas and all entrances and exits inside and outside of the premises, excluding restroom facilities. The BYOB establishment must also have digital high-resolution surveillance cameras sufficient to provide an overall view from the exterior of the building to the property line. The owner shall maintain a library of the recorded digital images for not less than 90 days. At least one on-site personnel must be able to access the system if requested by law enforcement. All security cameras and security footage is subject to inspection at any time by city personnel; and

(5) Any requirement that the police official deems reasonably necessary for the BYOB establishment.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-701. Doors to remain unlocked.

During the hours of operation, a person may not lock or obstruct:

(1) An exterior entrance door that is designated or available for use by patrons; or

(2) An interior door that provides access to a portion of the premises that is designated or available for use by patrons.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-702. Trespass affidavit.

The owner of a BYOB establishment shall execute a trespass affidavit as promulgated by the police department in order to enforce all applicable trespass laws on the owner's behalf at such property. A true and correct copy of the trespass affidavit shall be posted at the BYOB establishment at all times in a conspicuous place accessible at all times to the public.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-703. Annual compliance inspection.

(a) Before a BYOB establishment has been permitted pursuant to section 28-687, the owner shall schedule an inspection with the police official to determine the establishment's compliance with the minimum requirements established in this article. Each owner shall pay a nonrefundable inspection fee stated for this provision in the City Fee Schedule for the inspection services described in this section as provided in section 28-685(b). In consideration of such fee the applicant shall be entitled to the original inspection and one reinspection for deficiencies, if required. An additional fee is hereby imposed and shall be collected for the second and each subsequent reinspection required due to deficiencies as provided in the city fee schedule. The fee shall be paid to the department prior to the commencement of the inspection.

(b) During the inspection the police official shall identify any violations of section 28-700 and provide an action plan specifying the measures to be implemented at the property to bring it into compliance with section 28-700.

(c) The owner of the BYOB establishment must within 60 days after the inspection either cure the violations or demonstrate to the police official that the finding of non-compliance was incorrect. If, after the 60-day period has elapsed, the police official determines that the establishment has failed to cure the violation, the commercial establishment will be subject to a penalty as set forth in section 28-710.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-704. Consent to inspection.

(a) By accepting a permit under this chapter, the owner consents that the director, the director's representative, law enforcement personnel, code enforcement personnel, and other on-duty governmental personnel may enter the premises at reasonable times to investigate or inspect the premises to determine compliance with this chapter.

(b) The owner, the operator, and an employee shall provide the director, the director's representative, law enforcement personnel, code enforcement personnel, and other on-duty governmental personnel with immediate access to all portions of the premises. If the BYOB establishment is occupied, the police official must present credentials to the owner or other person having charge or control of the commercial establishment and request entry.

(c) If the owner or other person having charge or control of the BYOB establishment refuses the police official's request to enter the premises to inspect or perform the duties imposed by this article or to inspect or review records relating to compliance with this article, the police official shall have recourse to the remedies provided by law to secure entry.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-705. Parking area restrictions.

(a) The owner, the operator, or an employee may not allow persons to loiter in a parking area.

(b) The owner, the operator, or an employee may not allow persons to consume an alcoholic beverage in a parking area.

(c) The owner shall post signs in each parking area stating that the consumption of an alcoholic beverage is prohibited.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-706. Sale of alcoholic beverages prohibited.

A person may not sell an alcoholic beverage at a BYOB establishment.
(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-707. Consumption and purchase of alcohol by owner prohibited.

The owner, operator, employee, or agent of a BYOB establishment may not:

(1) Consume an alcoholic beverage while on duty;

(2) Purchase or otherwise acquire an alcoholic beverage for a patron; or

(3) Give an alcoholic beverage to a patron.

(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-708. Hours of operation.

(a) The owner, operator, employee, or agent of a BYOB establishment may not allow persons to bring alcoholic beverages onto the premises for possession and consumption between 2:15 a.m. and 7:00 a.m. each day except Sunday, or between 2:15 a.m. and noon on Sunday.

(b) A person may not consume an alcoholic beverage on the premises of a BYOB establishment between 2:15 a.m. and 7:00 a.m. each day except Sunday, or between 2:15 a.m. and noon on Sunday.

(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-709. Compliance with other laws.

The owner, the operator, or an employee of a BYOB establishment shall comply with all applicable local and state laws relating to the operation of the BYOB establishment. The application and issuance of a BYOB permit does not exempt the owner and operator from applying for and obtaining other permits required for the business.

(Ord. No. 2023-376, § 4, 5-24-2023)

Sec. 28-710. Violation.

(a) Any failure to comply with any applicable provision of this article shall be an offense punishable as provided in section 1-6 of this Code. Each hour or portion thereof in which any violation shall occur shall constitute a separate offense.

(b) The procedures set forth in this article are cumulative of all other remedies available to the city relating to the subject matter hereof. Specifically, the city attorney may institute any legal action to enforce this ordinance or enjoin or otherwise cause the abatement of any condition described in this article, as well as for the recovery of all expenses incurred in connection therewith, including without limitation administrative and legal expenses, attorney's fees, and costs, and for civil penalties as provided by law.

(Ord. No. 2023-376, § 4, 5-24-2023)

Secs. 28-711—28-720. Reserved.

ARTICLE XXIII. SHORT-TERM RENTALS*

DIVISION 1. GENERAL

Sec. 28-721. Definitions.

As used in this article, the following words and terms shall have the meanings ascribed to them in this section, unless the context of their usage clearly indicates another meaning:

Applicant means the owner and/or operator of a short-term rental who applies for a certificate of registration pursuant to the requirements of this article.

Certificate of registration means a current and valid certificate issued by the director pursuant to this article to the owner or operator of a short-term rental.

Director means the director of administration and regulatory affairs or the director's designee.

Dwelling unit means a structure, or an area within a structure, designed or used as living quarters for a single family or the equivalent thereof. A dwelling unit includes a single-family residence, and each unit of an apartment, duplex, or multiple dwelling structure designed as a separate habitation for one or more persons.

*__Editor's note__—Ordinance No. 2025-322, adopted April 16, 2025, provides that its provisions are not effective until 12:01 a.m. on January 1, 2026. The Administration and Regulatory Affairs Department will begin accepting certificate of registration applications on August 1, 2025.

Emergency condition means any fire, natural disaster, power outage, gas leak, noise violation, or medical emergency. The term shall also include the following crimes occurring at the short-term rental: murder, rape, robbery, aggravated assault, burglary, narcotics offenses (restricted to those of delivery, possession, or manufacture), human trafficking offenses, weapons offenses, prostitution offenses, arson, vandalism, gambling offenses, and disorderly conduct.

Occupant means any individual who rents or occupies a short-term rental during a rental period, including their invited guests.

Operator means the individual who operates or otherwise manages a short-term rental, which may be the owner or the authorized agent of the owner.

Owner means any person or entity who has a legal or equitable interest in the property used as a short-term rental or who is recorded in the official records of the county as holding title to the property used as a short-term rental.

Platform means a listing service, internet website, mobile application, or other digital platform that receives a fee or otherwise financially benefits, directly or indirectly, for facilitating short term rental booking transactions. The term "platform" shall not include a multiple listing services internet website, mobile application, or other digital platform for licensed real estate professionals that does not facilitate short term rental booking transactions.

Registrant means any person, partnership, corporation, firm, joint venture, limited liability company, association, organization or any other entity holding a certificate of registration issued pursuant to this article.

Short-term rental means a dwelling unit or any portion of a dwelling unit that is rented out or offered to be rented out for a period of less than 30 consecutive days. The term "short term rental" shall not include: (1) a boarding home, as defined in article XIV of this chapter, (2) a bed and breakfast, as defined in article II, chapter 20 of this Code; (3) hotel, as defined in article VI of this chapter, (4) a lodging facility, as defined in article XVIII of this chapter, (5) an alternate housing facility, as defined in article IV, chapter 28 of this Code, (6) buildings providing sleeping facilities primarily for the purpose of rendering services regulated by a department or agency of the federal government or of the State of Texas (including, but not limited to, the Texas Department of State Health Services); or (7) a lease-back arrangement under which the seller of a home leases the home back from the purchaser.

(Ord.No. 2025-322, § 2(Exh. A), 4-16-2025, eff. 1-1-2026)

Sec. 28-722. Registration required.

(a) It shall be unlawful for any person to operate, rent, lease, or advertise a short-term rental within the city limits without a valid certificate of registration as provided in this article.

(b) Each owner and/or operator of a short-term rental operating within the city limits shall register their short-term rental with the city in the manner prescribed in section 28-731 of this Code.

(Ord.No. 2025-322, § 2(Exh. A), 4-16-2025, eff. 1-1-2026)

Sec. 28-723. Penalty.

(a) Any person who violates any provision of this article commits an offense and upon conviction thereof, shall be punished by a fine of not less than $100.00 and not more than $500.00 for each violation. Each day any violation continues shall constitute and be punishable as a separate violation of this article.

(b) The revocation of any permit shall not prohibit the imposition of any other penalty, and the imposition of any other penalty shall not prevent the revocation of a certificate of registration.

(c) These remedies shall be cumulative of any other penalty or remedies available to the city.

(Ord.No. 2025-322, § 2(Exh. A), 4-16-2025, eff. 1-1-2026; Memorandum of 7-22-2025)

Secs. 28-724—28-730. Reserved.

DIVISION 2. CERTIFICATES OF REGISTRATION

Sec. 28-731. Certificate of registration—Application form.

(a) Each short-term rental shall register with the city on a form prescribed by the director and be accompanied by the non-refundable application fee set forth for this provision in the city fee schedule.

(b) The certificate of registration application shall contain the following information:

(1) The address of the short-term rental;

(2) The names, mailing addresses, street addresses (if different from the mailing address), telephone numbers, and electronic mail addresses of all owners, operators, and agents (if any) of the short-term rental;

(3) Proof of ownership of the property, or a sworn or unsworn declaration from the property owner granting permission for the operation of a short-term rental at the address provided;

(4) If the owner is not an individual, the name, mailing address, street address (if different from the mailing address), telephone number, and electronic mail address of a natural person/corporate representative (including an officer, director, or agent) with authority to act on behalf of the owner and a copy of the documents filed with the Texas Secretary of State establishing the entity and showing the entity is in good standing with the State of Texas;

(5) The names and 24-hour telephone numbers of one or more emergency contact persons, who shall be the owner, operator, or designated agents and who shall be authorized to respond to emergency conditions as required under section 28-741(b)(5) of this Code;

(6) The name and website address of all platforms that facilitated booking transactions for the short-term rental at any time during a twelve-month period prior to the date of application;

(7) Acknowledgement by the owner that the use of the property as a short-term rental does not violate any covenants, homeowner association rules, bylaws, deed restrictions, condominium agreement terms, rental agreement terms, or other restrictions, including but not limited to minimum occupancy duration requirements, applicable to the property proposed to be used as a short-term rental;

(8) Acknowledgment by the owner or operator that they have completed annual training on how to identify human trafficking activities and victims and how to report human trafficking;

(9) A sworn statement or unsworn declaration that the owner of the short-term rental shall comply with the requirements of this article;

(10) Proof of registration with the city for payment of hotel occupancy taxes or proof of remittance of hotel occupancy taxes for the operation of the short-term rental; and

(11) Any other information that may be reasonably requested by the director.

(c) Any change in the information listed in subsection (b) of this section shall require a supplement to the original application and must be reported by the owner and/or operator to the director within 15 calendar days after the change. Failure to supplement the registration application invalidates the original certificate of registration application. For renewals, the director shall require an owner and/or operator to reapply for a certificate of registration if information provided in the original application changes. The director may promulgate procedures and regulations regarding the requirement to supplement any change in the information listed under subsection (b) of this section.

(d) A separate certificate of registration shall be required for each short-term rental. Certificates of registration issued under the provisions of this article shall be valid only at the address of the short-term rental stated on the certificate of registration.

(e) Each certificate of registration shall be valid for one year from the date of issuance unless revoked or otherwise invalidated under this article. A registrant shall apply for renewal not more than 90 calendar days prior to the expiration on a form provided by the director.
(Ord.No. 2025-322, § 2(Exh. A), 4-16-2025, eff. 1-1-2026)

Sec. 28-732. Issuance or denial of a certificate of registration.

(a) The director shall approve a certificate of registration application if the director determines that the applicant has submitted a complete certificate of registration application and the proposed short-term rental meets the requirements of this article.

(b) The director may deny a certificate of registration for any of the following reasons:

(1) Any information provided in the certificate of registration application is false, misleading, incorrect, or incomplete;

(2) The applicant fails to submit a complete certificate of registration application or fails to provide any other reasonably requested information by the director;

(3) The applicant fails to show proof of registration or remittance of hotel occupancy taxes for the operation of the short-term rental; or

(4) The applicant is a former registrant whose certificate of registration has been revoked and is subject to the waiting period established in section 28-733(d) of this Code.

(c) The director shall provide the applicant written notice of the approval or the denial of the certificate of registration by either:

(1) Certified mail, return receipt requested, to the address provided in the certificate of registration application; or

(2) Electronic mail to the email address provided by the applicant.

(d) If the director determines that the application is incomplete, the director shall return the application with an explanation of the deficiency. If the director determines that the reason for the denial of a certificate of registration is curable, the director shall allow the applicant, upon the applicant's written request, to submit an amended application to cure the defect in lieu of filing an appeal. If the certificate is denied again, or if the applicant fails to cure any defect in the amended application, notice of denial of a certificate of registration shall be sent to the applicant in the manner provided in section 28-735 of this Code.

(e) The director's decision to deny the issuance of a certificate of registration shall be final unless an appeal is timely filed pursuant to section 28-735 of this Code.
(Ord.No. 2025-322, § 2(Exh. A), 4-16-2025, eff. 1-1-2026)

Sec. 28-733. Revocation of a certificate of registration.

(a) The director may revoke a certificate of registration for any of the following reasons without refund of any portion of the required fee:

(1) The certificate of registration was issued in error;

(2) Any information provided in the application is false, misleading, incorrect, or incomplete;

(3) The registrant fails to supplement any change in information as required in section 28-731(c) of this Code;

(4) The registrant fails to timely report and pay or ensure payment of hotel occupancy taxes required under article III of chapter 44 of this Code and state law;

(5) Two or more instances when the City, after providing notice pursuant to section 10-452 of this Code, removes or abates a nuisance prescribed in section 10-451 of this Code at a property operating as a short-term rental;

(6) Two or more citations are issued over two separate occasions within a twelve-month period at the property registered as a short-term rental, whether the citations are issued to the owner, operator, or occupants, resulting in two or more convictions for violations of chapter 30 of this Code; or

(7) One or more convictions of the owner, operator, or any occupant of the property registered as a short-term rental for any of the following offenses occurring at the short-term rental:

a. Kidnapping, unlawful restraint, and smuggling of persons as described in Chapter 20 of the Texas Penal Code;

b. Reckless discharge of a firearm as prohibited by the Penal Code;

c. Trafficking of persons as described in Chapter 20A of the Texas Penal Code;

d. Prostitution as described by Section 43.02, Penal Code, solicitation of prostitution as described by Section 43.021, Penal Code, promotion of prostitution as described by Section 43.03, Penal Code, or aggravated promotion of prostitution as described by Section 43.04, Penal Code;

e. Compelling prostitution as prohibited by the Penal Code;

f. Aggravated assault as described by Section 22.02, Penal Code;

g. Sexual assault as described by Section 22.011, Penal Code;

h. Aggravated sexual assault as described by Section 22.021, Penal Code;

i. Continuous sexual abuse of young child or disabled individual as described by Section 21.02, Penal Code;

j. Sexual conduct or performance by a child as described by Section 43.25, Penal Code;

k. Employment harmful to a child as described by Section 43.251, Penal Code; or

l. Disorderly conduct as described by Section 42.01(a)(7) and (a)(8), Penal Code.

(b) Notwithstanding any other provision of this section, if three (3) or more certificates of registration issued to the same owner or operator are revoked within any consecutive twenty-four (24) month period pursuant to subsection (a) of this section, the Director may initiate proceedings to revoke all remaining certificates of registration held by that property owner or operator. Such revocations shall be subject to the notice and hearing procedures established in section 28-735 of this Code.

(c) The director shall provide the applicant written notice of the revocation by certified mail, return receipt requested, to the mailing address of the registrant provided in the certificate of registration application, or by electronic mail to the email address provided by the registrant.

(d) A registrant whose certificate of registration has been revoked pursuant to items (2) through (7) of subsection (a) or subsection (b) of this section of this Code shall be ineligible to reapply for and receive a certificate of registration for the same short-term rental property for which the certificate of registration was revoked for the one-year period following the date that the certificate of registration was revoked.

(e) A registrant may appeal a decision to revoke a certificate of registration application as provided for under section 28-735 of this Code. (Ord.No. 2025-322, § 2(Exh. A), 4-16-2025, eff. 1-1-2026; Memorandum of 4-22-2025)

Sec. 28-734. Notice to platforms to delist short-term rentals.

The city shall notify and request that a platform remove a short-term rental listing from the platform if the short-term rental listing lacks a certificate of registration number, the short-term

rental certificate of registration number is invalid, expired, or the certificate of registration has been revoked. The city's notification shall identify the short-term rental listing to be removed by its physical address and uniform resource locator (URL) and state the reason for removal. The platform shall remove the short-term rental listing within ten (10) business days following receipt of the city's notification requesting that a platform remove a short-term rental listing.
(Ord.No. 2025-322, § 2(Exh. A), 4-16-2025, eff. 1-1-2026; Memorndum of 4-22-2025)

Sec. 28-735. Appeal of denial or revocation of a certificate of registration.

If the director determines pursuant to this article that a certificate of registration should be denied or revoked, the director shall provide written notice to the applicant or registrant of the reasons for the denial or revocation. An applicant or registrant may appeal the decision of the director regarding the denial or revocation by filing a written request for a hearing with the director within 20 calendar days after the applicant or registrant is given notice of the denial or revocation. The applicant's or registrant's written request for a hearing shall set out the grounds on which the denial or revocation is challenged. The director's decision on the denial or revocation shall be final unless the applicant or registrant has timely filed such an appeal. An appeal shall not stay the director's decision on the denial or revocation. The hearing shall be conducted by an impartial hearing officer appointed by the director within 30 calendar days after receipt of a request. At the hearing, the applicant or registrant may present any evidence relevant to the proceedings, in accordance with reasonable rules adopted by the director and approved by the city attorney. The hearing officer shall give written notice to the applicant or registrant of his findings as to whether or not the certificate of registration should be denied or revoked and the reasons therefor. The notice shall be sent by certified mail, return receipt requested, as soon after the conclusion of the hearing as practicable but in no event more than 30 calendar days thereafter. The decision of the hearing officer shall be final and exhaust the certificate of registration applicant's or registrant's administrative remedies.
(Ord.No. 2025-322, § 2(Exh. A), 4-16-2025, eff. 1-1-2026)

Sec. 28-736. Certificate of registration not transferrable.

(a) A certificate of registration issued to a registrant is nontransferable and shall not be assigned nor transferred to another person, entity, or location. A registrant may provide a change of information pursuant to section 28-731(c) of this Code without submitting a new certificate of registration application.

(b) Notwithstanding the provisions of subsection (a) of this section, a certificate of registration is null and void if the registrant sells or conveys any ownership or leasehold interest in a property operated as a short-term rental. Any change in ownership of a short-term rental, including but not limited to the sale or conveyance of any ownership or leasehold interest therein for more than 30 days, shall require the purchaser, transferee or lessee to apply for a certificate of registration pursuant to this article in order to operate the property as a short-term rental.
(Ord.No. 2025-322, § 2(Exh. A), 4-16-2025, eff. 1-1-2026)

Secs. 28-737—28-740. Reserved.

DIVISION 3. SHORT-TERM RENTAL REQUIREMENTS

Sec. 28-741. General requirements.

(a) The owner, operator, and occupants shall comply with all provisions of this article and applicable provisions of this Code, including, but not limited to:

(1) The noise and sound level regulations under chapter 30 of this Code;

(2) The buildings and neighborhood protection requirements under chapter 10 of this Code;

(3) All applicable solid waste and litter control requirements pursuant to chapter 39 of this Code; and

(4) All applicable provisions of the Construction and Fire Code.

(b) Additionally, it shall be unlawful for an owner or operator of a short-term rental to fail to comply with or use, cause to be used, allow, suffer, advertise or permit the use of the short-term rental in violation of any of the following general requirements:

(1) *Minimum individual stay.* No owner or operator of a short-term rental shall allow the rental of a short-term rental for a period of less than one night.

(2) *Payment of hotel occupancy taxes.* The owner or operator of a short-term rental shall not operate a short-term rental without paying the hotel occupancy taxes required under article III of chapter 44 of this Code and state law.

(3) *Advertising or promoting special events.* No owner or operator shall advertise or promote a special event or allow the advertising and promotion of a special event (e.g. banquet, wedding, reception, reunion, bachelor or bachelorette party, concert, or any similar activity that would likely assemble a number of invitees) to be held at a short-term rental.

(4) *Public listings.* All public listings or advertisements of a property as a short-term rental, including any public listings or advertisements by platforms, shall include the following information:

a. The certificate of registration number; and

b. The maximum permitted occupancy limits.

(5) *Emergency contact.* Any emergency contact person listed under section 28-731(b)(5) of this Code must be available by phone at all times to respond to emergency conditions while any occupants are on the premises of a short-term rental. If called, the emergency contact person shall respond to the emergency condition within one hour after being notified by the emergency response personnel or the director. The emergency contact person must be authorized to make decisions regarding the premises, its occupants, and shall take reasonable actions to resolve the emergency condition to the extent possible. The owner or operator shall post in a conspicuous location of the short-term rental the names and telephone numbers of one or more emergency contact persons authorized to respond to emergency conditions as required under this subsection.

(6) *Certificate of registration to be displayed.* A copy of the approved certificate of registration shall be posted at a conspicuous location inside the front entrance to the short-term rental.

(Ord.No. 2025-322, § 2(Exh. A), 4-16-2025, eff. 1-1-2026)

Sec. 28-742. Platform requirements.

(a) All platforms shall provide the following notice to all owners and operators listing a short-term rental located in the City of Houston through a platform's service: **ARTICLE XXIII, CHAPTER 28 OF THE CITY OF HOUSTON, TEXAS, CODE OF ORDINANCES, STATES IT SHALL BE UNLAWFUL FOR ANY PERSON TO OPERATE A SHORT-TERM RENTAL WITHIN THE CITY WITHOUT A VALID SHORT-TERM RENTAL CERTIFICATE OF REGISTRATION.**

(b) All platforms displaying listings of short-term rentals located in the city shall require owners or operators using the platform to include the certificate of registration number in any listing for a short-term rental on the platform. The certificate of registration number shall be prominently displayed on the listing. Platforms shall not list a short-term rental without a certificate of registration number issued by the city.

(c) Notwithstanding any other provisions of this chapter, nothing shall relieve any owner, operator, or platform of the obligation imposed

by the applicable provisions of state law and this Code, including but not limited to obligations imposed by the Texas Tax Code. Nothing in this chapter shall be construed to limit any remedies available under the applicable provisions of state law and this Code.
(Ord.No. 2025-322, § 2(Exh. A), 4-16-2025, eff. 1-1-2026)

Sec. 28-743. Rules and regulations.

The director is hereby authorized to adopt rules and regulations consistent with the intent and purposes of the provisions of this article. A copy of all rules and regulations shall be maintained in the director's office and the office of the city secretary for inspection by the public, and copies shall be made available for purchase consistent with the fees prescribed by law.
(Ord.No. 2025-322, § 2(Exh. A), 4-16-2025, eff. 1-1-2026)

Chapter 29

MANUFACTURED HOMES AND RECREATIONAL VEHICLES*

Art. I. **In General, §§ 29-1—29-14**
Art. II. **Requirements Concerning Manufactured Homes and Recreational Vehicles, §§ 29-15—29-69**
Div. 1. Generally, §§ 29-15—29-19
Div. 2. Hardship Permits, §§ 29-20—29-34
Div. 3. Manufactured Home Compliance, §§ 29-35—29-54
Div. 4. Recreational Vehicles, §§ 29-55—29-69
Art. III. **Manufactured Home Parks, §§ 29-70—29-134**
Div. 1. Generally, § 29-70
Div. 2. Development Permit, §§ 29-71—29-75
Div. 3. License, §§ 29-76—29-82
Div. 4. Inspection, §§ 29-83—29-86
Div. 5. Manufactured Home Park Standards, §§ 29-87—29-117
Div. 6. Miscellaneous, §§ 29-118—29-124
Div. 7. Appeals and Exceptions, §§ 29-125—29-134
Art. IV. **Manufactured Home Subdivisions, §§ 29-135—29-144**
Art. V. **Sales Lots, §§ 29-145—29-159**
Art. VI. **Fees, §§ 29-160—29-164**
Art. VII. **Appeals, § 29-165**

ARTICLE I. IN GENERAL

Sec. 29-1. Definitions.

For the purpose of this chapter, the following words, phrases, definitions and their derivatives shall have the meanings ascribed to them unless the context in which they are used clearly indicates a different meaning:

Accessory structure. Any structural addition to a manufactured home including, without limitation, awnings, cabanas, Florida rooms, porches, ramadas, storage cabinets and similar appurtenant structures.

Approved. An approval by the building official which shall be granted if the building official finds that the item is suitable for its intended purpose and is not dangerous or detrimental to life, safety or welfare of people or property except as otherwise provided in this chapter. Such finding shall be based on the results of investigation or tests conducted by him, accepted principles of safety, or the results of tests by reliable national authorities, technical or scientific organizations.

Camping trailer. A portable unit mounted on wheels and constructed of collapsible partial side walls which fold for towing by another vehicle and unfold to provide temporary living quarters for recreational, camping or trailer use.

Dependant. Not self-contained and not having a water-flush toilet, lavatory and shower connected to outside utilities.

Finalized. With respect to any permit, the term finalized shall mean that all work authorized by the permit has been completed in due compliance with law and the building official's copy of the permit has been so noted.

Manufactured home. Has the meaning ascribed in Texas Revised Civil Statutes article 5221f, § 3(17), as amended.

***Editor's note**—Ord. No. 94-1268, § 2, adopted Nov. 22, 1994, substantially amended this chapter to read as herein set forth, and changed the name of this chapter from "mobile homes and recreational vehicles" to "manufactured homes and recreational vehicles."

Cross references—Buildings generally, Ch. 10; housing moving, § 10-48 et seq.; modular housing, § 10-231 et seq.; flood hazard areas, Ch. 19; manufactured homes in flood hazard areas generally, § 19-21 et seq.; planning and development generally, Ch. 33; subdivisions, Chs. 41, 42; swimming pools, Ch. 43.

Manufactured home park. A contiguous development of land that has been planned and improved for the placement of manufactured homes. (See article III for requirements.)

Manufactured home subdivision. A duly recorded subdivision for manufactured homes approved by the city planning commission in accordance with this Code and all other applicable laws, rules and regulations. (See article IV for requirements.)

Motor home. A vehicular unit designed to provide temporary living quarters for recreational, camping or travel use built on or permanently attached to a self-propelled motor vehicle chassis or on a chassis cab or van which is an integral part of the completed vehicle.

Occupied area. That area of an individual manufactured home space or lot which has been covered by a manufactured home and its accessory structures.

Premise. Any lot or tract of land and all adjacent land which is directly or indirectly under the control of the same person, together with all improvements thereon.

Recreational vehicle. Has the meaning ascribed in Title 24, U.S. Code of Federal Regulations, Section 3282.8(g), as amended. Without limitation, it includes a camping trailer, motor home, travel trailer or truck camper to the extent that the vehicle or device meets the criteria of 24 C.F.R. § 3282.8(g).

Recreational vehicle park. A contiguous development of land which has been planned and improved for the placement of recreational vehicles.

Replaced. Means any relocation of a manufactured home whether upon the same lot or tract of land or from one lot or tract of land to another.

Sales lot. Means any premises used by a retailer for showing manufactured homes to potential customers which is operated by the holder of a valid manufactured housing retailer's certificate issued pursuant to Article 5221f of Vernon's Texas Civil Statutes, or any tract of land used for showing recreational vehicles to potential customers excepting premises used and owned by an individual showing a recreational vehicle which he owns and has used when such individual has not shown or sold more than two recreational vehicles to potential customers in any twelve-month period.

Self-contained. Having a water-flush toilet, lavatory, tub or shower and kitchen sink, all of which are connected to water storage and sewage holding tanks located within the recreational vehicle and which facilities are also capable of being connected to outside utilities. Further, a recreational vehicle shall not be self-contained unless all plumbing fixtures and electrical outlets are both capable of being operated independent of connections to sewer, water and electrical systems and capable of being connected to outside utilities.

Travel trailer. A vehicular, portable structure built on a permanent chassis, designed by the manufactured to be towed by another vehicle and used as a temporary dwelling, and which meets the definition of "temporary living quarters" or "permanent living quarters" as applicable to its use.

(a) *Temporary living quarters.* A travel trailer intended to be used for recreational, camping or travel use and of such size and weight so as not to require a special highway movement permit and which complies with the standards of NFPA 501-C, dated 1982, or the ANSI standards for the construction of travel trailers which were in effect at the time the travel trailer was constructed.

(b) *Permanent living quarters.* A travel trailer which may be occupied indefinitely (without limit as to the length of time it is occupied) which:

(1) In the traveling mode does not require a special highway permit;

(2) Is less than eight feet in width;

(3) Is less than 40 feet in length exclusive of pulling or tow equipment;

(4) Has a minimum floor area of 120 square feet;

(5) When placed on location, has all the amenities, facilities and capabilities of a manufactured home; and

(6) Complies with the standards of NFPA 501-C, dated 1982, or the ANSI stan-

dards for the construction of travel trailers which were in effect at the time the travel trailer was constructed.

Truck camper. A portable unit constructed to provide temporary living quarters for recreational, travel, or camping use, consisting of a roof, floor, and sides designed to be loaded onto and unloaded from the bed of a truck.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, §§ 57, 58, 5-23-90; Ord. No. 94-1268, §§ 3—5, 11-22-94; Ord. No. 95-104, § 1, 1-25-95)

Sec. 29-2. Building official's authority.

Except as otherwise specified in this chapter, the building official shall be the permit and license issuance officer for all permits and licenses required pursuant to this chapter. He shall prescribe forms therefor including all information reasonably and necessary required for his enforcement of the provisions of this chapter. He shall also be authorized to perform all inspections necessary for the enforcement of this chapter. He shall also have authority to establish reasonable and necessary administrative rules and regulations relating to the performance of his duties under this chapter such as the place where license and permit applications will be received and the times when inspections will be made.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-3. Notices and orders.

The building official shall issue all necessary notices or orders to remove or abate illegal or unsafe conditions and to ensure compliance with all the requirements of this chapter for the safety, health and general welfare of the public.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-4. Compliance.

When any person shall have been notified by a written notice issued by the city that work being done by him as owner, agent, or in any other capacity, is in violation of the provisions of this chapter, it shall be his duty to abate the violation within the time specified in the written notice. Such time shall not exceed ten days and the building official may provide for immediate compliance when a serious threat to life or substantial damage to property may exist.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-5. Penalty.

Any person who shall violate any of the provisions of this chapter, upon conviction, shall be fined not less than $100.00 nor more than $500.00, and each day's violation shall constitute a separate offense.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 92-1449, § 49, 11-4-92)

Sec. 29-6. Deed restriction declaration.

(a) In addition to any other applicable requirements specified therefor, each person making application pursuant to this chapter for a hardship permit or a manufactured home park development permit or for a placement permit appertaining to a manufactured home which is to be situated outside of the confines of a manufactured home park shall furnish to the building official a declaration as provided in section 1-11 of this Code, subscribed by the person making the declaration as true under penalty of perjury, setting forth that the applicant is familiar with the title to the real property to which the requested permit appertains and that the applicant's intended use thereof will not violate any valid and applicable deed restriction or covenant running with the land. The building official may not issue the requested permit unless such declaration has been duly submitted.

(b) All permits, licenses and approvals for occupancy issued pursuant to this chapter are hereby made expressly subject to applicable deed restrictions and covenants running with the land to which they appertain and no such permit, license or approvals for occupancy shall be construed as authorizing any violation thereof.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 2015-160, §§ 6, 7, 2-18-2015)

Editor's note—Ord. No. 2015-160, § 6, adopted February 18, 2015, amended the title of § 29-6 to read as herein set out. Formerly said section was entitled "Deed restriction affidavit."

Secs. 29-7—29-14. Reserved.

ARTICLE II. REQUIREMENTS CONCERNING MANUFACTURED HOMES AND RECREATIONAL VEHICLES

DIVISION 1. GENERALLY

Sec. 29-15. Authorized locations.

(a) Subject to lawful compliance with this Code, a manufactured home may be placed, or permitted to remain within the city, if and only if, it is situated:

(1) In a manufactured home park which the operator is licensed to operate pursuant to article III of this chapter;

(2) In a duly platted and recorded manufactured home subdivision that meets all requirements of article IV of this chapter;

(3) In a manufactured home sales lot;

(4) Upon a site that the manufactured home has continuously occupied since March 1, 1972, provided that the occupation was lawful on that date, and further provided that the continued occupation thereof does not pose a significant danger to the health or safety of persons within the manufactured home or to others;

(5) Upon a site that the manufactured home occupied prior to annexation of the site by the city, provided that the manufactured home has continuously occupied the site since the date the site was annexed, and further provided that the continued occupation thereof does not pose a significant danger to the health or safety of persons within the manufactured home or to others;

(6) Upon a site for which a hardship permit is in effect pursuant to division 2 of this article; or

(7) Upon a temporary site authorized by the director for disaster assistance organizations used as authorized in section 29-18 of this Code.

Provided that no manufactured home may be situated or permitted to remain in any place in violation of any valid and applicable deed restriction or covenant running with the land, or on any site within Districts of Limitations One and Two as those districts are established in the *Fire Code*.

(b) It shall be unlawful for any person to park or place, a manufactured home at any location not authorized by this chapter, or to permit or suffer any manufactured home to remain within the city in any location not authorized pursuant to this chapter.

(c) A recreational vehicle may not be placed on any property except as specifically permitted in this chapter.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 01-990, § 2, 10-31-01; Ord. No. 02-399, § 63, 5-15-02; Ord. No. 2021-1037, § 20(Exh. I.29, 30), 12-1-2021, eff. 4-1-2022)

Sec. 29-16. Placement standards.

(a) Placement of manufactured homes and recreational vehicles within manufactured home parks shall be as set forth in article III of this chapter, and as required in paragraph (b) below.

(b) Placement of all other manufactured homes shall be such that the manufactured home is situated not less than 25 feet from any property boundary line abutting upon a public street or highway, not less than ten feet from any private street, not less than five feet from any other property boundary line and not less than ten feet from any other structure.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-17. Upkeep, smoke detectors.

(a) All manufactured homes and recreational vehicles, both existing and new, and all parts thereof, shall be maintained in a safe and sanitary condition. All devices or safeguards which are required by this Code or by standards adopted by

this Code, or by any other law in a manufactured home or recreational vehicle shall be maintained in good working order.

(b) No person shall occupy a manufactured home, regardless of the age of the vehicle, unless there is installed therein smoke detectors conforming to the Texas Department of Licensing and Regulation, Rules and Requirements for the Construction of HUD Manufactured Homes that are in effect on April 10, 1985; provided, however, if stricter standards for smoke detectors were applicable by law to the construction of a particular manufactured home, no person shall occupy that manufactured home, unless the smoke detectors required in the construction of that manufactured home are installed.

No person shall occupy a recreational vehicle, regardless of the age of the vehicle, unless there is installed therein at least one smoke detector meeting the requirements of NFPA 501-C, paragraph 3.3, dated 1982.

(c) All smoke detectors in a manufactured home or a recreational vehicle shall be maintained so that they are in good working order at all times.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 94-1268, § 6, 11-22-94)

Sec. 29-18. Temporary accommodations for volunteer disaster relief workers.

(a) The Director of Houston Public Works ("director") may authorize the temporary placement and use of manufactured homes or recreational vehicles or both as housing and operational facilities for volunteer workers of not for profit and governmental agencies who are engaged in rendering disaster relief assistance to residents of the city, subject to the following requirements:

(1) The placement and use may not violate any valid and applicable deed restrictions or covenants running with the land.

(2) The placement may not violate any requirement of chapter 19 of this Code.

(3) The placement shall be limited to relief efforts that are related to events for which a proclamation of a local state of disaster has been declared by officials of the city.

(4) The manufactured homes or recreational vehicles shall be placed for such periods of time as the director determines are reasonably required in order for the relief efforts to be performed, provided that no authorization may extend beyond 30 months from the date that the disaster event commenced.

(b) To the extent that any temporary or portable structures are requested to be utilized in addition to manufactured homes and recreational vehicles, the director may authorize their temporary use subject to the foregoing criteria and a determination that they pose no material threat to the health, safety, and welfare of the public by virtue of their temporary placement and occupancy for the use intended. In making that determination, the director shall be guided by the Construction Code but shall not be obligated to demand strict compliance therewith, if he determines that the structures are safe and suitable for the purposes intended.

(c) The director is authorized to issue rules and regulations for the implementation of this section.
(Ord. No. 01-990, § 3, 10-31-01; Ord. No. 02-399, § 64, 5-15-02; Ord. No. 04-1015, § 15, 9-27-04; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 29-19. Reserved.

DIVISION 2. HARDSHIP PERMITS

Sec. 29-20. Grounds.

(a) Upon application therefor the building official may issue a hardship permit to place a manufactured home on a lot, tract or parcel of land located outside a manufactured home park, manufactured home sales lot or manufactured home subdivision because of one or more of the following grounds when it is found that there would be serious hardship if a manufactured home could not be placed on the site and there is

no permanent housing available that could fulfill the need. The grounds for the granting of such a permit are:

(1) Illness in the family or of relatives of the applicant.

(2) Temporary economic hardship that would only be relieved by temporary use of a manufactured home outside a manufactured home park or subdivision.

(3) To locate the manufactured home near the applicant's place of business where there is a serious need for security.

(b) The applicant shall have the burden of showing the need for a hardship permit by clear and convincing evidence.

(c) The permit shall be granted for the period of time necessary to relieve the hardship which would result if no permit were granted; provided, however, such permit shall not be valid for more than one year and the building official shall have no authority to grant any extension of a hardship permit.

(d) No rent may be charged for the use of a manufactured home placed outside of a manufactured home park or manufactured home subdivision pursuant to a hardship permit.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-21. Appeal to general appeals board.

Any person desiring to appeal from a denial by the building official of a request for the issuance of a hardship permit may appeal the denial to the general appeals board created under the Building Code by filing a written notice of appeal with the building official within ten days after notice is given that the hardship permit has been denied. The general appeals board may require applicants for hardship permits to submit such documents as the board deems relevant to support a request for a hardship permit and may dismiss any appeal from a decision of the building official denying a permit if the applicant has not submitted the documentation required by the board.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 90-1050, § 1, 8-29-90; Ord. No. 02-399, § 65, 5-15-02)

Sec. 29-22. Appeal to city council.

If the denial of the hardship permit is upheld by the general appeals board, then the applicant may appeal to city council as provided in the Building Code.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-1050, § 1, 8-29-90; Ord. No. 02-399, § 65, 5-15-02)

Sec. 29-23. Extension.

The general appeals board shall have authority to extend a hardship permit, from time to time, for additional periods not to exceed one year upon the following conditions:

(1) When application is made for the extension of a hardship permit, notice shall be given by mail or by such other means as the board may direct to occupants of dwellings on abutting property if any such residence or habitation for human beings is located within 25 feet of the property line of the lot upon which the applicant desires to continue maintaining a manufactured home under a hardship permit. The applicant shall include the names and addresses of such persons, if any, in his application.

(2) The burden of proof shall be upon the applicant to show by clear, cogent and convincing evidence that his circumstances meet one or more of the grounds specified in section 29-20 of this Code and thereby qualify him to continue maintaining a manufactured home on his premises under authority of a hardship permit.

(3) Occupants of dwellings on abutting property to whom notice has been given may appear as parties at the hearing and give evidence controverting that given by the applicant. In addition, the board shall hear and consider evidence offered

by such occupants relating to any conditions alleged to adversely affect their health, safety or welfare from the placement and occupancy of the manufactured home. If the board determines that any person other than an occupant of abutting property has a substantial interest in the matter, such person may be made a party and be permitted to appear and testify as an intervenor. The action of the board in designating or declining to designate a person as an intervenor shall be final and may not be appealed to the city council.

(4) Notice of the decision of the board shall be given in writing by mail or by such other means as the board may direct to the applicant, to any abutting property owner who appeared at the hearing and to any designated intervenor. Each party shall have the right to appeal the decision of the board to the city council by complying with the appeal procedure of the Building Code.

(5) The building official shall act as the clerk for the board in proceedings under this section. Applications and other documents relating to such proceedings shall be filed with the building official. The board may, in its discretion and when it finds that justice will be served thereby, grant a temporary extension of a hardship permit pending the outcome of administrative proceedings under this section, provided that the applicant has filed his application for the extension at least 30 days prior to the expiration of his then-current permit or extension period, and further provided that no delays in the proceedings are attributable to actions of the applicant.

(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 90-1050, § 1, 8-29-90; Ord. No. 02-399, § 66, 5-15-02)

Sec. 29-24. Fee.

A hardship permit shall not be issued or extended until the fee as specified in section 29-160 has been paid for the term of the permit or extension period.

(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-25. Revocation.

(a) Pursuant to this section, a hardship permit may be revoked upon the following grounds:

(1) That any material fact set forth in the application therefor was untrue or incorrect; or

(2) That the facts relative to the use and occupancy of the manufactured home have changed to the extent that the grounds upon which the issuance of the hardship permit was based are no longer operative.

(b) Upon information that grounds for revocation may exist, the building official shall investigate the facts. If he determines that a reasonable probability of grounds for revocation exists, he shall schedule a hearing thereon by the general appeals board. Written notice of the date, time and place thereof shall be mailed to the permittee by certified United States mail, postage prepaid, return receipt requested, addressed to the address set forth in the application. Such notice shall be mailed at least ten days prior to the date of the hearing, shall set forth the grounds upon which revocation will be sought in sufficient detail to advise the hardship permittee thereof and shall advise the hardship permittee of his right to be present in person and through counsel to present evidence and cross examine witnesses appearing at such hearing.

(c) The burden of proof at such hearing shall be upon the building official. If the general appeals board determines that grounds for revocation exist, it shall order the hardship permit revoked by written decision. A copy thereof shall be furnished to the hardship permittee, and appeal thereof may be made to the city council by complying with the appeal procedure in the *Building Code.*

(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 90-1050, § 2, 8-29-90; Ord. No. 02-399, § 67, 5-15-02; Ord. No. 2021-1037, § 20(Exh. I.31), 12-1-2021, eff. 4-1-2022)

Secs. 29-26—29-34. Reserved.

DIVISION 3. MANUFACTURED HOME COMPLIANCE

Sec. 29-35. Finalized placement permit required for occupancy.

It shall be unlawful for any person to use or occupy in whole or in part any manufactured home which has been placed or replaced within the city until and unless the placement permit therefor has been issued and finalized.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-36. Finalized placement permit required prior to utility service.

Except as otherwise specifically provided in this chapter, it shall be unlawful for any person to make use of any utility service, or to furnish any utility service to any manufactured home which has been placed or replaced within the city until and unless the placement permit therefor has been issued and finalized.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-37. Utility disconnection.

(a) When any utility service to a manufactured home is discontinued it shall be the duty of the utility company to disconnect, lock, seal or otherwise prevent the unauthorized connection or reconnection of such utility service. In the event that the service is provided on a submetering or other basis whereby the utility company's billing is not made directly to the manufactured home resident, then such duty shall rest upon the person contracting for service with the utility company.

(b) A manufactured home which has not been replaced but which has had any utility service disconnected thereto may be reconnected to such utility service, provided that:

(1) A placement permit has been previously issued and finalized for such manufactured home at the site on which it is located; and

(2) A permit has been obtained for reconnection of any electrical utilities and the building official has found, upon inspection, that the exterior wiring service on the manufactured home is in such condition that it may be safely connected to the electrical utility services. The fee specified in the *Construction Code* for a reconnection fee shall be imposed for the issuance of a permit under this item.

(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 02-399, § 68, 5-15-02; Ord. No. 2021-1037, § 20(Exh. I.32), 12-1-2021, eff. 4-1-2022)

Sec. 29-38. Timely application.

(a) For manufactured homes placed or replaced within manufactured home parks and manufactured home subdivisions, application for a placement permit must be made within 48 hours from the time of placement or replacement. Saturdays, Sundays and holidays observed by closure of city offices are excepted in calculating the said period.

(b) No manufactured home may be placed or replaced upon a site designated in a hardship permit issued pursuant to division 2 of article II of this chapter until and unless application for a placement permit has first been made therefor. Furthermore, application for a placement permit may not be made for any manufactured home to be located pursuant to a hardship permit issued under division 2 of article II of this chapter until and unless such hardship permit has been issued.

(c) No application for a placement permit may be made for any manufactured home which is to be connected to public water or sewer services until application has been made for such services and the availability thereof has been established.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-39. Application.

(a) Any person desiring a placement permit shall make application therefor upon one or more forms prescribed by the building official setting forth:

(1) A description of the manufactured home by dimensions, manufacturer and serial or identification number;

(2) The name and address of the person having title to the manufactured home;

(3) The date of manufacture of the manufactured home;

(4) The proposed location of the manufactured home by legal description, plot plan, diagram or other means which is adequate to advise the building official of the exact placement location contemplated and its relationship to the property lines and other structures;

(5) The number of the hardship permit which has been issued by the city pursuant to division 2 of article II of this chapter if the manufactured home is to be placed outside the confines of a sales lot, manufactured home park or manufactured home subdivision;

(6) The license number of the manufactured home park operator if the manufactured home is to be placed in a manufactured home park;

(7) The county clerk's recording information for the plat thereof if the manufactured home is to be placed in a manufactured home subdivision;

(8) Any information necessary to determine compliance with any applicable provisions of chapter 19 of this Code relating to flood-prone areas;

(9) The utilities to be provided to the manufactured home and the source and availability thereof;

(10) Any additional information the building official finds will aid him in the enforcement of this chapter or other laws applicable to the manufactured home.

(b) The application shall be signed by the owner of the manufactured home or his agent, and if the manufactured home is to be located outside a manufactured home park, the owner of the land on which the manufactured home is to be located.

(c) In any instance in which the application is for a permit relating to the placement of a new "HUD-code manufactured home," as that item is defined by Texas Revised Civil Statutes article 5221f, then the building official shall ensure that the application is acted on and the applicant is given written notice of the approval or denial within 45 days of the filing of the application, including notice of the grounds if the application is denied. If the foregoing action is not taken by the forty-fifth day following the filing of the application, then the permit is deemed granted. Notice is considered to be given when placed in the mail addressed to the address as stated on the application.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 94-1268, §§ 7, 8, 11-22-94)

Sec. 29-40. Finalization of placement permits.

A placement permit shall be finalized by the building official and occupancy of the manufactured home shall be authorized when:

(1) The applicant has obtained all applicable permits and inspections under this Code and the Construction Code;

(2) The applicant has complied with all other applicable provisions of this code including, without limitation, chapter 19 relating to flood hazard areas;

(3) The building official has inspected the placement of the manufactured home and has found its placement is in accordance with this chapter; and

(4) The building official has found that the manufactured home and its placement, meet all applicable requirements of the city's ordinances and all state laws which may be enforced by the city.

(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 94-1268, § 8, 11-22-94; Ord. No. 02-399, § 69, 5-15-02)

Sec. 29-41. Placement inspection.

(a) Each manufactured home placed or replaced within the city shall be inspected by the building official to determine that its placement is in accordance with the provisions of this chapter. A fee for such placement inspection is hereby established and shall be collected in the amount specified in section 29-160. In consideration of such fee the applicant shall be entitled to the original inspection of the placement of the manufactured home and one reinspection for deficiencies, if required. An additional fee, as specified in section 29-160, is hereby imposed and shall be collected for the second and each subsequent reinspection due to deficiencies concerning the manufactured home or its placement.

(b) The purpose of a placement permit under this chapter is to ensure that the manufactured home has been situated in a location that complies with this Code, has been located so that it is in compliance with applicable setbacks and meets other municipal regulations that are enforceable

by the city with respect to the use and occupancy of manufactured homes. No provision of this Code shall be construed to require a city-imposed inspection of the "installation" of the manufactured home as that term is defined by Texas Revised Civil Statutes article 5221f, § (3). The building official may conduct installation inspections on behalf of the state if so authorized by the Texas Department of Licensing and Regulation, but no city permit or fee shall be imposed for that service.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 94-1268, § 10, 11-22-94)

Secs. 29-42, 29-43. Reserved.

Editor's note—Ord. No. 94-1268, § 11, adopted Nov. 22, 1994, repealed former §§ 29-42 and 29-43, which pertained to standards certification and standards adopted.

Secs. 29-44—29-54. Reserved.

DIVISION 4. RECREATIONAL VEHICLES

Sec. 29-55. Recreational vehicle placement.

(a) It shall be unlawful for any person to place, use or occupy a recreational vehicle within the city unless such placement, use or occupancy is specifically authorized by this division.

Furthermore, it shall be unlawful for any person to permit, allow or suffer the placement, use or occupancy of a recreational vehicle on any property under his ownership or control unless such placement, use or occupancy is specifically authorized by this chapter.

(b) Any provisions of this chapter which authorize the occupancy of a certain type of recreational vehicle under certain conditions shall not be applicable to any other type of recreational vehicle.

(c) Any computation of time under the provisions of this division shall commence from the date that the recreational vehicle is placed in the manufactured home park or recreational vehicle park.

(d) In addition to any other authorized placement or use of a recreational vehicle, it may be utilized as provided in section 29-18 of this Code upon a site authorized by the director for temporary disaster assistance organizations in accordance with the rules and regulations issued under that section.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 01-990, § 4, 10-31-01)

Sec. 29-56. Recreational vehicles outside parks.

A recreational vehicle may be parked or stored outside a manufactured home park or recreational vehicle park so long as no one occupies it for temporary or permanent use, no utilities are connected to the recreational vehicle, the vehicle is not parked on or extending over public property unless parked on a street or a parking lot in full compliance with the laws, and the parking or storage of the vehicle is not in violation of any other law or any valid and applicable deed restrictions or covenants running with the land.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-57. Camping trailers.

(a) A camping trailer may be placed in a recreational vehicle park licensed by the city as such, for a period not to exceed 30 days in any consecutive six-month period and may be used for sleeping and living purposes during the time it is so placed in a park.

(b) No camping trailer may be placed or used for any purpose within a manufactured home park.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-58. Motor homes, truck campers and travel trailers.

(a) A motor home, a truck camper or a travel trailer may be placed in a manufactured home park or a recreational vehicle park for a period of time not to exceed six months within any consecutive twelve-month period, and may be used for sleeping and living purposes during the time that it is so placed in a park if:

(1) It is self contained;

(2) It has at least 120 square feet of floor space;

(3) The park in which it is placed is licensed by the city as a recreational vehicle park or a manufactured home park; and

(4) It is placed on a lot in the park which was shown on the park's application and approved by the building official for use of the specific type of recreational vehicle being placed thereon.

(b) A motor home, a truck camper or a travel trailer which is not self-contained may be placed in a manufactured home park or a recreational vehicle park for a period of time not to exceed 30 days within any consecutive twelve-month period and may be used for sleeping and living purposes during the time it is placed in a park if:

(1) It has a minimum of 84 square feet of floor space;

(2) The park in which it is placed is licensed by the city as a manufactured home park or a recreational vehicle park, and the park meets the requirements of this chapter for a park on which dependent vehicles may be placed; and

(3) It is placed on a lot in the park which was shown on the park's application and approved by the building official for use of the specific type of recreational vehicle being placed thereon.

(c) A travel trailer may be placed in a manufactured home park or a recreational vehicle park, and may be used for sleeping and living purposes while it is placed in such a park, without limitation as to the period of time it is so located and used if:

(1) It is placed in a park which is licensed by the city as a recreational vehicle park or a manufactured home park;

(2) It is placed on a lot in the park which is shown on the park's application and approved by the building official for use by travel trailers connected to the park's utilities;

(3) It is connected to the park's (or to a public) water supply, sewer system and electric system, and to such a gas system if the travel trailer is designed for natural gas and has any gas appliances;

(4) The travel trailer has facilities to supply a reasonably continuous source of hot water to the lavatory, tub or shower and kitchen sink at a temperature of not less than 120 degrees Fahrenheit;

(5) It has a heating system which is in good state of repair of a type which will not create a serious risk to the safety of the occupants, and which is capable of providing the trailer with a minimum temperature of at least 70 degrees Fahrenheit measured at a point three feet above the floor during ordinary minimum weather conditions;

(6) It has at least 120 square feet of floor space for the first occupant and at least 30 square feet for each additional occupant;

(7) It is tied down and blocked pursuant to the requirements of this chapter;

(8) Application has been made for a certificate of compliance pursuant to this division; and

(9) The travel trailer is not occupied for sleeping or living purposes until it has been inspected by the city; the inspector has found that the travel trailer is in compliance with all requirements of this chapter for the use of travel trailers as permanent living quarters, and the certificate of compliance has been finalized by the building official.

(d) No person may use any truck camper for sleeping or living purposes if it has been dismounted from the truck unless the camper is tied down and anchored pursuant to the requirements of this chapter.

(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-59. Responsibility of park owners and managers.

No manufactured home park or recreational vehicle park or owner or manager of such a park

shall allow, suffer or permit one or more persons to use a recreational vehicle in such park in violation of any provisions of this chapter.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-60. Recreational vehicle tie-down and foundation blocking standards.

Whenever the provisions of this chapter provide that a recreational vehicle is to be tied down, the building official must approve the method to be applied to the specific vehicle. The building official shall approve such a method if he finds that it will adequately protect those who use the recreational vehicle and members of the public, taking into consideration the size and shape of the vehicle. All materials used to anchor recreational vehicles approved for permanent occupancy shall comply with all requirements of anchoring for manufactured homes as established by the Texas Department of Licensing and Regulation.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 94-1268, § 6, 11-22-94)

Sec. 29-61. Certificate of compliance.

(a) Whenever a certificate of compliance is required for use of a recreational vehicle in a manufactured home park or recreational vehicle park, such certificate of compliance shall be issued upon the procedures established in this section.

(b) Any person desiring a certificate of compliance shall make application therefor upon a form prescribed by the building official setting forth:

(1) A description of the recreational vehicle by dimensions, manufacturer and serial or vehicle identification number;

(2) A copy of the title to the recreational vehicle (if the formal document of title has not yet been issued, then the title application receipt and a complete copy of the bill of sale shall be furnished in lieu thereof).

(3) The date of manufacture of the recreational vehicle;

(4) The name of the manufactured home park or recreational vehicle park in which it is located, and the park's license number;

(5) A description of the proposed location of the recreational vehicle in the manufactured home park or recreational vehicle park which is adequate to advise the building official of the exact place on the ground where the recreational vehicle will be located; and

(6) Any additional information which the building official finds will aid him in the enforcement of the provisions of this chapter in regard to such recreational vehicle.

The application shall be signed by the owner of the recreational vehicle or the owner's agent. Application for such a certificate of compliance shall be made within 48 hours from the time the recreational vehicle is placed in the manufactured home park or recreational vehicle park. Saturdays, Sundays, and holidays observed by closure of city offices are excepted from calculating the 48 hours.

(c) The building official shall not finalize a certificate of compliance for use of a recreational vehicle in a manufactured home park or recreational vehicle park until the recreational vehicle has been inspected by the building official and the building official has found that the recreational vehicle and its placement meet the requirements of this division and of all applicable ordinances for its use as permanent living quarters. A fee for such inspection is hereby established and shall be collected in the amount set out in section 29-160. In consideration of such fee the applicant shall be entitled to the original inspection and one reinspection for deficiencies, if required. An additional fee is hereby imposed and shall be collected for the second and each subsequent reinspection required due to deficiencies concerning the recreational vehicle, its placement, or its tie-downs.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Secs. 29-62—29-69. Reserved.

ARTICLE III. MANUFACTURED HOME PARKS

DIVISION I. GENERALLY

Sec. 29-70. Requirements also generally extend to recreational vehicles.

Except as otherwise specifically provided, all requirements of this article for manufactured homes are also applicable to recreational vehicles, and all requirements for manufactured home parks are also applicable to recreational vehicle parks.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 94-1268, § 12, 11-22-94)

DIVISION 2. DEVELOPMENT PERMIT

Sec. 29-71. Permit required.

It shall be unlawful for any person to construct, alter or extend any manufactured home park within the city without first having obtained a permit therefor from the building official.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-72. City planning commission approval.

All proposed manufactured home parks within the city shall be submitted to the city planning commission for approval under the applicable provisions of chapters 41 and 42 of this Code.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-73. Application contents.

(a) All applications for manufactured home park development permits shall be submitted to the building official and shall contain the following:

(1) The name and address of applicant;

(2) The street address and legal description of the land on which the manufactured home park development is to be or is located; and

(3) Complete engineering plans and specifications of the proposed development showing, but not limited to the following:

a. The area and dimensions of the tract of land;

b. The number, location, and size of all manufactured home lots;

c. Designations clearly showing:

1. Each lot designed for recreational vehicles;

2. Each lot designed for dependent recreational vehicles;

3. Each lot designed for self-contained recreational vehicles not connected to the park's utilities; and

4. Each lot designed for manufactured homes, specifically not including recreational vehicles.

A lot may be designed for more than one of the above uses, but the plans must indicate each use that each lot is designed for.

d. The location and width of roadways and walkways and vehicle parking;

e. The location of water and sewer lines and riser pipes;

f. Plans and specifications of the water supply and refuse and sewage disposal facilities;

g. Location and details of fire hydrants;

h. Location of all standpipes if a standpipe system is to be installed;

i. Plans and specifications of the required manufactured home park office and all buildings constructed within the manufactured home park;

j. Location and details of lighting and electrical systems; and

k. Site drainage and storm water.

(b) The building official may require that all or any portion of the plans and specifications be certified by a professional engineer registered in Texas.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 94-1268, § 13, 11-22-94)

Sec. 29-74. Fee to be paid.

All applications shall be accompanied by the deposit of the applicable fees as specified in the *Construction Code.* The fees set out in chapters 41 and 42 of this Code shall also be applicable to plans for manufactured home parks as though a manufactured home park were a subdivision.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 02-399, § 70, 5-15-02; Ord. No. 2014-364, § 2, 4-30-2014; Ord. No. 2021-1037, § 20(Exh. I.33), 12-1-2021, eff. 4-1-2022)

Sec. 29-75. Review and approval process.

When, upon review of the applications, the building official is satisfied that the proposed plan meets with the requirements of this chapter and other applicable provisions of this Code and any other applicable laws, rules and regulations, a permit will be issued. If the permit is for the operation of a recreational vehicle park, it shall be conspicuously marked thereon that it is for a "Recreational Vehicle Park." On all other permits for operation of manufactured home parks there shall be marked thereon that they are for the operation of a "Manufactured Home Park." The issuance of the permit shall not excuse the permittee from obtaining any other permit required under the Construction Code for the construction of the manufactured home park or for subsequent repair or maintenance thereof. Provided, however, proposed manufactured home parks shall not be acted upon by the building official until approval of the city planning commission is first had and obtained.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 02-399, § 70, 5-15-02)

DIVISION 3. LICENSE

Sec. 29-76. License required.

It shall be unlawful for any person to operate any manufactured home park within the limits of the city unless he holds a valid license issued annually (calendar-year basis) by the building official in the name of such person for the specific manufactured home park. All applications for licenses shall be made to the building official, who shall issue a license upon compliance by the applicant with provisions of this chapter. Fees for such licenses are hereby imposed in the amount specified in section 29-160.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-77. Notice of disposition and transfer.

Every person holding a license shall give notice in writing to the building official within 24 hours after having sold, transferred, given away, or otherwise disposed of any interest in, or control of any manufactured home park. Such notice shall include the name and address of the person succeeding to the ownership, or control of, such manufactured home park. Upon application in writing for transfer of the license and deposit of the fee as specified in section 29-160, the license shall be transferred if the manufactured home park is in compliance with all applicable provisions of this Code. Such transferee shall be entitled to operate the manufactured home park for a period of 30 days, but if he shall not have within said period of time made application for a manufactured home park license, then his right to operate such park shall terminate upon the expiration of the thirty-day period. If such license terminates upon the aforesaid basis, the occupants of the manufactured home park shall be given a thirty-day notice to remove their manufactured homes from the premises and failure to do so within such period of time shall constitute a misdemeanor.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-78. Licenses for operation of a manufactured home park.

(a) Applications for original licenses shall be in writing, signed by the applicant, accompanied by an affidavit of the applicant as to the truth of the application and shall contain: the name and address of the applicant, the location and legal

description of the manufactured home park development, plans and specifications of the park showing the information required in section 29-73(3)a through j, and any other information that may be required by the building official so that the city can determine whether the park meets all applicable laws and ordinances. In the event that the applicant does not reside within the city or is otherwise unable to personally act as liaison with the city for purposes of this article, then he shall designate a local agent for liaison with the city and list that person's name, telephone number and address on the application. Such agency may be changed from time to time, upon written notice to the building official. Such application shall be accompanied by the payment of an original application fee plus the annual calendar year license fee and the annual fees for each manufactured home lot in the amounts specified in section 29-160. The annual license and fees shall not be prorated.

(b) Applications for annual renewal of licenses shall be made in writing by the holders of the licenses, shall be accompanied by the payment of a license and annual inspection fees for each manufactured home lot, and shall contain any change in the information submitted since the original license was issued or the latest renewal granted.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-79. Issuance of manufactured home park license.

The building official shall not issue any license for the operation of a manufactured home park unless application has been made therefor pursuant to this chapter, all applicable fees have been paid, and the park is found to meet all requirements of this chapter and all other applicable laws except to the extent modifications have been granted pursuant to section 29-127. Provided, however, the issuance of a license shall not constitute evidence that the park does meet the requirements of this chapter or any other applicable laws.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-80. Appeals.

Any applicant for a manufactured home park operator's license whose application has been denied may appeal such denial by written notice of appeal to the city council as hereinafter provided in this division.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-81. Correction of violations.

Whenever, upon inspection of any manufactured home park, the inspector finds that conditions or practices exist which are in violation of this chapter, or regulations issued thereunder, the inspector shall give notice in writing to the person to whom the license was issued that unless such conditions or practices are corrected within a reasonable period of time specified in the notice issued by the inspector, the license shall be subject to revocation as provided in section 29-82 below.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-82. Revocation and expiration of license.

(a) A manufactured home park operator's license may be revoked if the licensee interferes with lawful inspection of the park or if there are uncorrected, repeated or serious violations of any applicable provision of the ordinances of the city or laws of the State of Texas.

(b) Upon information that grounds for revocation may exist, the building official shall cause an investigation of the facts to be conducted. If he determines that a reasonable probability of grounds for revocation exists, he shall schedule a hearing thereupon to be conducted before the building official or such other person as he may designate as a hearing examiner therefor. The building official shall not designate any person who participated in the active conduct of the investigation as the hearing examiner. Written notice of the date, time and place of the hearing shall be given to the licensee or his designated agent by certified United States mail, postage prepaid, return receipt requested, addressed to the address set forth in the application. Such notice shall be mailed at least ten days prior to the date of the hearing, shall set forth the grounds upon which revocation will be

sought in sufficient detail to advise the licensee thereof and shall advise the licensee of his right to be present in person and through counsel to present evidence and cross examine witnesses appearing at such hearing.

(c) The burden of proof at such hearing shall be upon the city. If the building official determines that grounds for revocation exist, he shall order the manufactured home park operator's license revoked by written decision. Such decision may be appealed as provided in section 29-126 of this Code.

(d) After a manufactured home park operator's license has expired, or if a manufactured home park operator's license has been revoked, notice shall be given by the city to the occupants to vacate the premises within a period of 30 days and to remove their manufactured homes therefrom. Failure of any such occupant to comply therewith shall constitute a misdemeanor.

(e) Nothing contained in this section shall be construed to prevent the city from ordering the immediate evacuation or closure of any manufactured home park to the extent permitted by law in the event of imminent or extreme hazard to human life or property.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 94-1268, §§ 14, 15, 11-22-94)

DIVISION 4. INSPECTION

Sec. 29-83. Inspection of manufactured home park development.

The city's building official, director of public health, chief of police, fire chief and their respective authorized deputies, officers, inspectors and other representatives are hereby authorized and directed to make such inspections as are necessary or desirable to determine satisfactory compliance with this chapter and all other applicable ordinances and laws.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-84. Hours of inspection and entry.

The persons designated in section 29-83 shall enforce the provisions of this chapter. Upon presentation of proper identification to the licensee, responsible agent or other persons in charge of any manufactured home park, and to the affected occupants of such manufactured home park, such persons may enter any building, structure, dwelling, manufactured home, or premises, between the hours of 8:00 a.m. and 5:00 p.m., Mondays through Saturdays; provided, however, that in case of emergency where extreme hazards are known to exist which may involve imminent injury to persons, loss of life or severe property damage, such persons may enter the aforesaid structures and premises at any time upon presentation of proper identification. Such persons are hereby authorized and directed to seek a search warrant as provided by law if denied admission to inspect any such premises.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-85. Register.

The persons designated in section 29-83 shall have the authority to inspect the register containing a record of all residents of the manufactured home park.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-86. Residents to allow repairs.

It shall be the duty of every resident of a manufactured home park to give the licensee or his responsible agent access to any part of the manufactured home lot at reasonable times for the purpose of making such repairs or alterations as are necessary to comply with the provisions of this chapter and the failure or refusal of such occupant to permit such access shall constitute a misdemeanor.
(Ord. No. 85-498, § 1, 4-10-85)

DIVISION 5. MANUFACTURED HOME PARK STANDARDS

Sec. 29-87. Location.

A manufactured home park may be located upon any property in the city provided:

(1) The site is a contiguous development of land comprised of a minimum of two acres and not less than ten manufactured home stands;

(2) No valid and applicable deed restrictions or other land use restrictions prohibit the development or use of this site as a manufactured home park;

(3) The site is located outside city Fire Zones One and Two;

(4) Soil conditions, ground water level, drainage and topography do not constitute hazards to the residents' health or safety;

(5) The site is not to be exposed to objectionable smoke, dust, noise, odors, or other adverse influences; and

(6) The use of the site, as proposed, is not in violation of chapter 19 of this Code (Flood Hazard Areas).

(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-88. Use for nonresidential purposes.

No part of any park shall be used for nonresidential purposes, except such uses that are required for the direct servicing and well-being of park residents and for the management and maintenance of the park and the required manufactured home park office. Nothing contained in this section shall be deemed as prohibiting the sale by the owner of a manufactured home located on the manufactured home stand and connected to the permanent utilities.

(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-89. Development objectives.

Site planning and improvements shall provide for:

(1) Facilities and amenities appropriate to the needs of the occupants;

(2) Safe, comfortable and sanitary use by occupants under all weather conditions; and

(3) Practical and efficient operation and maintenance of all facilities at reasonable costs.

(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-90. Density.

(a) The maximum density of manufactured homes shall be regulated by separation requirements, occupied lot area ratios and recreation area requirements as set forth in these standards. Density will vary considerably in accommodating different sizes of manufactured home units with their accessory structures used in the locality and in the type of layout proposed.

(b) No manufactured home shall be located closer than ten feet from any other manufactured home or building or temporary structure of any description within the manufactured home park.

(c) Manufactured home stands shall not occupy an area in excess of ⅓ of the respective site area. The accumulated occupied area of the manufactured home, and its accessory structures on a manufactured home lot, shall not exceed ⅔ of the respective lot area.

(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-91. Recreational area.

Not less than eight percent of the gross site area shall be devoted to recreational facilities, generally provided in a central location. In large developments, recreation facilities can be decentralized with each location at least ⅔ of an acre. Recreation areas may include space for community buildings and community use facilities, such as indoor recreation areas, swimming pools, hobby and repair shops, and service buildings. Where compliance with this provision results in undue hardship and/or individual site areas are substantially above minimum standards and provide for sufficient outdoor recreation, an exemption may be granted to an extent that an absolute minimum of 100 square feet per lot shall constitute the land area which may be considered sufficient for the site of a centralized recreation area, provided that no recreation area shall contain less than 5,000 square feet. Application for such a variance shall be made to the planning commission and the said commission shall consider an application in the same manner as established for the consideration of variances under chapters 41 and 42.

(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 2014-364, § 2, 4-30-2014)

Sec. 29-92. Location.

(a) All manufactured homes shall be located at least 25 feet from any park property boundary line abutting upon a public street or highway and at least five feet from other park property boundary lines.

(b) There shall be a minimum distance of ten feet between the manufactured home stand and the abutting manufactured home park street. (Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-93. Streets.

(a) All manufactured home parks shall be provided with a safe and convenient vehicular access from an adjacent previously dedicated and improved public street. Such access streets, or internal streets (being either public or private) shall provide access to every designated manufactured home site within the manufactured home park.

(b) Access streets shall be considered to be the street (either public or private) which provides the principal connection to an adjacent previously dedicated and improved public street and shall be designed to allow free movement of traffic to such public street. No parking shall be permitted on any access street (either public or private) for 100 feet from its intersection with an adjacent public street.

(c) Internal streets shall be considered to be those private streets lying totally within the boundaries of a manufactured home park, not providing access to any adjacent property outside the manufactured home park and connecting with the "access street" as herein described.

(d) Public street design:

(1) The width of the right-of-way to be dedicated for any local street must be at least 60 feet except as provided in paragraph (c). In those instances where a subdivision or manufactured home park plat is located adjacent to an existing public street, with a right-of-way width less than 60 feet, sufficient additional right-of-way must be dedicated within the subdivision or manufactured home park plat boundary to accommodate the development of the street to a total right-of-way width of not less than 60 feet. In those instances where it is proposed to transition from any given right-of-way width to a greater right-of-way, the transition shall conform to the criteria adopted by the Houston Public Works for such transitions.

(2) An interior street which:

a. Includes in its design storm sewers; and

b. Is designed as either:

1. A cul-de-sac of 800 feet or less in length; or

2. As a loop having an internal block length of less than 1,000 feet; or

3. A street which is not an access or collector street and is designed so that it will, from a practical standpoint, serve only those lots which have frontage upon it;

shall have the following right-of-way widths:

a. A minimum of 50 feet where the widths of the manufactured home lots abutting the interior street are 40 feet or more at the right-of-way line; and

b. A minimum of 55 feet where the widths of the manufactured home lots abutting the interior street are less than 40 feet at the right-of-way line.

(3) Curves along long streets may have any centerline radius, except that the centerline radius on a reverse curve may not be less than 300 feet. Reverse curves should be separated by a tangent distance of not less than 50 feet. The acute angle of any intersection shall be no less than 80 degrees. Where acute angle intersections are approved, however, a radius of at least 25 feet in the right-of-way line at the acute corner must be provided. Intersections of local streets must line up

centerline to centerline or be offset a minimum 125 feet from centerline to centerline.

(4) The radii of the right-of-way at the end of local streets terminated with a circular cul-de-sac turnaround must be 50 feet except in those instances where a curbed type street section is to be constructed, and storm sewers are not planned to be installed, but storm drainage is proposed to be accommodated within the street right-of-way. Where the adjacent property is intended for uses other than single-family detached units, a cul-de-sac radii of 60 feet must be provided.

(5) Dead end streets will not be approved except in those instances where the street is terminated by a circular cul-de-sac turnaround or where the street is designed to be extended into adjacent property.

(6) An interior street must be designed to form a closed traffic circulation system. Culs-de-sac and loop streets or similar streets beginning from streets within a subdivision or manufactured home park are interior streets. A local street that allows access through the subdivision or manufactured home park to other properties adjacent to the subdivision or manufactured home park, or which directly connects with streets outside the plat boundary shall not be designated as an interior street.

(7) All public streets must be named in accordance with the provisions of chapter 41 of this Code.

(8) No public alleys shall be permitted in manufactured home parks.

(9) Public street right-of-way requirements shall be as provided in chapter 42 of this Code.

(e) Private streets:

(1) The purpose for the regulation of private streets and the standards established are:

a. To provide adequate vehicular access to all buildings, manufactured homes, and facilities by city police and fire vehicles; and,

b. To provide for the safe movement of all vehicles from a private street to the public street system of the city.

(2) Curves along private streets may have any centerline radius, except that the centerline radius on a reverse curve may not be less than 65 feet. Reverse curves should be separated by a tangent of not less than 25 feet. Intersections of private streets must line up centerline to centerline or be offset a minimum 65 feet from centerline to centerline. Transitions from a given private street width to a greater width must conform to the criteria adopted by the Houston Public Works for such transitions.

(3) The width of a private street shall be measured from edge to edge across the surface of the pavement. The right-of-way width and the pavement width of a private street are considered coterminous and the terms are used interchangeably. The minimum acceptable unobstructed width of any private street is 28 feet. If parallel parking is proposed along the private street, additional width shall be required to accommodate such parking.

(4) Dead end private streets must be terminated by a circular cul-de-sac having a paving radius of not less than 50 feet or a T- or L-type turnaround designed in conformance with the standards approved by the fire chief and the Director of Houston Public Works.

(5) A dead end private street must not extend further than 300 feet from nearest right-of-way line of the intersecting public or private street measured along the centerline of said private street to the center of the cul-de-sac or the center in the T- or L-type turnaround configuration.

(6) In those instances where a private street intersects with a public street paved with dual roadways and esplanade, the private street shall be located at an esplanade opening or offset a sufficient distance as determined by the Houston Public Works. Private streets must not

be direct (straight line) projections of any public street, except in those instances where:

a. Such extension is at an intersection with a public street paved with dual roadways and esplanade; or,

b. Where the private street is two separate twenty-foot (minimum) roadways separated by a minimum 20-foot curb section at the public street intersection and the private street is not a direct connection (straight line) between two public streets.

In those instances where the private street is not a direct extension of a public street, then the private street must be offset a minimum distance of 125 feet, centerline to centerline, from any public street intersection. Intersections of all private streets must be at right angles, provided that the planning commission may grant a variance from such requirement. Right angle intersections of private streets must have a 20-foot radius at all corners. Acute angle intersections must have a 25 foot radius at the acute corner on both public and private streets.

(7) All manufactured home parks containing private streets must have a private street system designed to provide adequate emergency vehicular access and the private street system must be designed to provide more than one point of access to the park from the public streets adjacent to the boundaries of the park in those instances where the fire chief finds, in writing, that additional access points will be necessary to ensure the safety and general welfare of the public and occupants of the projects.

(f) Grades of all streets shall be sufficient to ensure adequate surface drainage, but should not be more than eight percent. Short runs with a maximum grade of 12 percent may be permitted, provided traffic safety is assured.

(g) All streets shall be provided with a smooth, hard and dense surface which shall be durable and well drained under normal use and weather conditions. The surface shall be maintained free of cracks and holes and its edges shall be protected by suitable means to prevent traveling and shifting of the base.

(h) Lighting, when provided, shall be designed to produce a minimum of 0.1 footcandle throughout the street system.

(i) Vertical clearance of not less than 14 feet above all public and private streets shall be maintained for fire department vehicle clearance.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, §§ 59—62, 5-23-90; Ord. No. 93-514, §§ 40—43, 5-5-93; Ord. No. 98-334, § 6, 4-29-98; Ord. No. 2014-364, § 3, 4-30-2014; Ord. No. 2018-11, §§ 49, 50, 1-10-2018)

Sec. 29-94. Walks.

(a) All manufactured home parks shall be provided with safe, convenient, all-season pedestrian access of adequate width for intended use, durable and convenient to maintain. Sudden changes in alignment and gradient shall be avoided.

(b) A common walk system shall be provided and maintained between locations where pedestrian traffic is concentrated. Such common walks shall have a minimum width of three and one-half feet.

(c) All manufactured home stands shall be connected to common walks, or to streets, or to driveways, or to parking spaces. Such individual walks shall have a minimum width of two feet.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-95. Manufactured home site requirements.

(a) The limits of each manufactured home park site shall be marked on the ground by suitable means. The location of such site shall conform to the approved plans.

(b) It shall be the responsibility of the manufactured home owner to provide adequate tie-downs of the manufactured home. It shall be the responsibility of the manufactured home park licensee or his agent to assure the stand shall not heave, shift, or settle unevenly, under the weight of the manufactured home due to inadequate design or drainage.

(c) Improved driveways should be provided on lots where necessary for convenient access to manufactured homes. The minimum width shall be nine feet.

(d) There shall be two parking spaces for each manufactured home park site that shall be designed in accordance with the standards set out in the Construction Code for parking spaces and with the standards approved by the Director of Houston Public Works.

(e) Each manufactured home park site shall be provided with an outdoor living and service area. The area should be improved as necessary to assure reasonable privacy and comfort.

(f) Accessory structures remain, as per definition, dependent upon the manufactured home and shall not be used as complete independent living units with permanent provisions for sleeping, cooking and sanitation. Accessory structures shall be erected, constructed or occupied on a manufactured home park lot as directed by the management of the manufactured home park. Construction Code requirements must be adhered to.

(1) Accessory structures shall be designed in a manner that will enhance the appearance of the manufactured home park;

(2) Accessory structures shall not obstruct required openings for light and ventilation of the manufactured home and shall not prevent inspection of manufactured home equipment and utility connections;

(3) Construction and electrical installations, unless otherwise specified shall comply with requirements provided for herein; and

(4) Electrical circuits supplying the accessory structure shall be independent of the circuit supplying the manufactured home.

(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 63, 5-23-90; Ord. No. 93-514, § 44, 5-5-93; Ord. No. 98-613, § 54, 8-5-98; Ord. No. 02-399, § 71, 5-15-02; Ord. No. 04-1015, § 16, 9-27-04; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 29-96. General water supply requirements.

An accessible, adequate, safe and potable supply of water shall be provided in each manufactured home park. Where a public supply of water of satisfactory quantity, quality, and pressure is available at the site or within 300 feet of the boundary of the site, connection shall be made thereto and its supply used exclusively. When a satisfactory public water supply system is not available, a private system may be developed and used as approved by the city.

(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-97. Source and volume of water supply.

(a) The water supply shall be capable of supplying 150 gallons per day per lot which may be used for manufactured homes as designated on the plans and specifications of the park submitted to and approved by the utility official; 100 gallons per day per lot which may be used for recreational vehicles connected to the park's utilities; and 75 gallons per day per lot which may be used for dependent recreational vehicles.

If a lot may be used for more than one type of vehicle as shown on the plans and specifications of the park as submitted to and approved by the building official, the water supply shall be based on the type of vehicle requiring the greatest amount of water specified above.

The requirements for manufactured homes are specifically not applicable to recreational vehicles for purposes of this subsection, and the applicable water supply rates shall be separately applied as stated above.

(b) Every well or suction line of the water supply system shall comply with appropriate regulations of the city.

(c) No well-casings, pumping machinery or suction pipes shall be placed in any pit, room or space extending below ground level nor in any room or space above ground which is walled in or otherwise enclosed, unless such rooms, whether above or below ground, have free drainage by gravity to the surface of the ground.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 64, 5-23-90; Ord. No. 94-1268, § 16, 11-22-94)

Sec. 29-98. Water storage facility.

All water storage reservoirs shall be covered, watertight and constructed of impervious material. Overflows and vents of such reservoirs shall be effectively screened. Manholes shall be constructed with overlapping covers, so as to prevent the entrance of contaminated material. Reservoir overflow pipes shall discharge through an acceptable air gap.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-99. Water distribution system.

(a) All water piping, fixtures and other equipment shall be constructed and maintained in accordance with state and local regulations and requirements and shall be of a type and in locations approved by the city.

(b) The water piping system shall not be connected with nonpotable or questionable water supplies and shall be protected against the hazards of backflow or back siphonage.

(c) The system shall be so designed and maintained as to provide a pressure of not less than 20 pounds and not more than 80 pounds per square inch, under all normal operating conditions at each manufactured home stand. Also, the system shall be capable of supplying, e.g., 50 manufactured homes with a demand load of 100 gpm, 100 manufactured homes with 180 gpm, and 300 manufactured homes with 370 gpm. Greater design values will be required when the system is to provide fire hydrants. In such event, the water supply system shall permit the operation of a minimum of two 1½-inch hose streams, and the system shall deliver at least 250 gallons of water per minute for fire-fighting purposes.

(d) In any manufactured home park where recreational vehicles are permitted there shall be one or more water supply outlets for filling recreational vehicles water storage tanks. At least one such water supply outlet shall be easily accessible to any lot used by a recreational vehicle. Such water supply outlets shall consist of at least a water hydrant and the necessary appurtenances and shall be protected against the hazards of backflow and back siphonage. Such watering station shall be designed and maintained so that there is no accumulation of any water spillage on the water station site.

(e) All manufactured homes and buildings proposed to be constructed or placed within a manufactured home park containing private streets must be so arranged and located that fire-fighting apparatus can park and reach any part of any building and any manufactured home with a two hundred-foot long hose extending from such equipment. This two hundred-foot hose length must be measured as the hose is laid on the ground and may not be measured as an aerial radius from such parked equipment. In addition, fire hydrants must be so located and provided within the project boundaries so that 500 feet of fire hose, extending on the ground from the hydrant, can reach the furthermost part of any building and manufactured home within the boundaries of the park. The 500 feet includes the 200 feet of hose from the fire-fighting apparatus to the building or manufactured home and 300 feet of hose from the fire hydrant to the apparatus along the private street. Therefore, the distance between fire hydrants located along the private street shall not exceed 600 feet to ensure adequate fire protection. Entrances to all buildings and manufactured homes must be illustrated on the plat of any project containing private streets.

(f) Water mains, if installed parallel to sewer lines, shall be separated by ten feet horizontally from any sanitary sewer, storm sewer or sewer manhole, unless alternate methods of installation are approved.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-100. Individual water riser pipes and connections.

(a) Individual water riser pipes shall be located within the area of the manufactured home stand and approximately 30 feet from the front of such stand.

(b) Water riser pipes shall extend at least four inches above ground elevation. The pipe diameter shall be at least ¾ inch. The water outlet shall be capped when a manufactured home does not occupy the lot.

(c) Adequate provisions shall be made to prevent freezing of service lines, valves and riser pipes. Surface drainage shall be diverted from the location of the riser pipes.

(d) A shutoff valve located at a sufficient depth to prevent freezing or otherwise protected from freezing shall be provided for the water riser pipe on each manufactured home lot.

(e) Underground stop and waste valves shall not be installed on any water service.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-101. General requirements for sewage disposal.

An adequate and safe system shall be provided in all manufactured home parks for conveying and disposing of all sewage. Wherever feasible, connections shall be made to a public system. All new improvements shall be designed, constructed and maintained in accordance with federal, state and local laws, rules and regulations.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-102. Sewer lines.

All sewer lines shall be located in trenches of sufficient depth to be free of breakage from traffic or other movements and shall be separated from the park water supply system. Sewers shall be at a grade which will ensure a velocity of two feet per second when flowing full. The system shall be designed adequately for a minimum flow of 150 gallons per day per manufactured home site. All sewer lines shall be constructed of materials approved by the city, shall be adequately vented, and shall have watertight joints.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-103. Sanitary stations.

Each manufactured home park on which a self-contained recreational vehicle is permitted shall provide a sanitary station consisting of at least a trapped four-inch sewer riser pipe connected to the park sewerage system and surrounded at the inlet end by a concrete apron sloped to the drain, and provided with a suitable hinged cover; and a water outlet, with the necessary appurtenances, connected to the parking area water supply system to permit periodic washdown of the immediate adjacent areas. Such parks shall be provided with sanitary stations in the ratio of one for every 50 lots which are designed for use of recreational vehicles.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-104. Individual sewer connections.

(a) Each manufactured home stand shall be provided with a four-inch diameter sewer riser pipe. The sewer riser pipe shall be located within the area of the manufactured home stand, and approximately 40 feet from the front of such stand.

(b) The sewer connection shall have a nominal inside diameter of three inches, and the slope of any portion thereof shall be at least ¼ inch per foot. The sewer connection shall consist of one pipe line only, without any branch fittings. All joints shall be watertight.

(c) All materials used for sewer connections shall be as prescribed and approved in the Construction Code.

(d) Provisions shall be made for sealing the sewer riser pipe when a manufactured home does not occupy the site. Surface drainage shall be diverted away from the riser. The rim of the riser pipe shall extend at least four inches above ground elevation.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 02-399, § 72, 5-15-02)

Sec. 29-105. Sewage treatment and/or discharge.

Where the sewer lines of the manufactured home park are not connected to a public sewer, all proposed sewage disposal facilities shall be approved by the city prior to construction. Effluents from sewage treatment facilities shall be discharged only as permitted by applicable state and federal laws, rules and regulations.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-106. Solid waste disposal system.

(a) Solid waste collection stands shall be provided for all waste containers. Such stands shall be so designed so as to prevent containers from

being tipped, to minimize spillage and container deterioration and to facilitate cleaning around them.

(b) Solid waste incinerators, if provided, shall be constructed in accordance with engineering plans and specifications, which shall be reviewed and approved by the building official or other authority having jurisdiction.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-107. Electrical distribution system and manufactured home electrical service equipment.

All electrical installations and the connection of all manufactured homes, manufactured home equipment, and accessory buildings in a manufactured home park shall comply with the applicable provisions of the Construction Code.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 02-399, § 73, 5-15-02)

Sec. 29-108. Reserved.

Sec. 29-109. Gas distribution system; general requirements.

Gas equipment and installation within a manufactured home park shall be designed and constructed in accordance with the *Plumbing Code,* the appropriate provisions of the *Fire Code,* and the standards adopted by reference in those codes.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 2021-1037, § 20(Exh. I.34), 12-1-2021, eff. 4-1-2022)

Sec. 29-110. Required gas supply volumes.

The minimum hourly volume of gas required at each manufactured home site outlet or any section of the manufactured home park gas piping system shall be calculated as required by the Construction Code.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 02-399, § 74, 5-15-02)

Sec. 29-111. Gas supply installation.

All gas piping installed below ground shall have a minimum earth cover of 18 inches. Gas piping shall not be installed under any manufactured home.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-112. Shutoff valves.

(a) A readily accessible and identified shutoff valve controlling the flow of the gas to the entire gas piping system shall be installed near to the point of connection to the service piping.

(b) Each manufactured home site shall have an approved gas shutoff valve installed upstream of the manufactured home site gas outlet and located on the outlet riser at a height of not less than four inches above grade. Such valve shall not be located under any manufactured home. Whenever the manufactured home site outlet is not in use, the outlet shall be equipped with an approved cap or plug to prevent accidental discharge of gas.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-113. Manufactured home gas connector, protection, location.

(a) Each manufactured home shall be connected to the manufactured home site outlet by an approved ¾ inch manufactured home connector not more than six feet in length.

(b) All gas outlet risers, regulators, meters, valves or other exposed equipment shall be protected from mechanical damage by vehicles or other causes.

(c) The manufactured home gas connection shall be installed at the edge of the manufactured home stand, approximately 30 feet from the front of such stand; and located as not to terminate beneath the manufactured home.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-114. Use of fuel oil prohibited.

Fuel oil shall not be permitted for use in manufactured homes for cooking, heating or lighting. Natural gas, L. P. gas and electricity only shall be used for such purposes.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-115. Telephone service and television systems.

(a) When telephone service to manufactured home stands is provided, the distribution systems shall be underground, unless economically impractical.

(b) Where central television antenna systems are to be installed as part of the manufactured home park service, distribution to manufactured home stands may be overhead or underground, but shall be in general accord with the placement of the electrical distribution system.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-116. Emergency sanitary facilities.

(a) Every park shall be provided with the following emergency sanitary facilities: For each 100 manufactured home lots, or fractional part thereof, there shall be one flush toilet and one lavatory. The building containing such emergency sanitary facilities shall be accessible to all manufactured homes.

(b) In addition to the requirements set out in subsection (a), the following sanitary facilities shall be provided in any manufactured home park where dependent recreational vehicles are permitted:

(MINIMUM REQUIREMENTS)

No. of Spaces Designed for Dependent Recreational Vehicles	*Toilets*		*Urinals*	*Lavatories*		*Showers*		*Drinking*	*Other*
	Men	*Women*	*Men*	*Men*	*Women*	*Men*	*Women*	*Fountains*	*Fixtures*
1—15	1	2	1	1	1	1	1	1	1 service
16—30	2	3	1	2	2	2	2	1	sink with a
31—45	2	3	2	3	3	2	2	1	flushing rim
46—60	3	4	2	3	3	3	3	2	for each 25
61—80	3	5	3	4	4	4	4	2	recreational
81—100	4	5	3	4	4	4	4	3	vehicles or portion thereof

No lot designed for use of dependent recreational vehicles shall be more than 150 feet from sanitary facilities for men and for women, such distance to be measured from the lot to the sanitary facilities along pedestrian walkways.

In any park having more than 100 lots designed for use by dependent recreational vehicles there shall also be one additional toilet and lavatory for each sex per each additional 20 spaces; one additional shower for each sex per each additional 30 spaces; one additional men's urinal per each additional 100 spaces; and one additional drinking fountain for each 50 spaces.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-117. Service building and other community facilities.

(a) The requirements of this section shall apply to permanent buildings including, without limitation, service buildings, recreation buildings and other community service facilities such as management offices, repair shops, storage areas, sanitary facilities, laundry facilities, indoor recreation areas, and commercial uses supplying essential goods or services for the exclusive use of park occupants.

(b) All portions of the structure shall be properly protected from damage by ordinary uses and by decay, corrosion, termites and other

destructive elements. Exterior portions shall be of such material and be so constructed and protected as to prevent entrance or penetration of moisture and weather.

(c) All rooms containing sanitary or laundry facilities shall meet the following additional requirements:

(1) They shall have sound-resistant walls extending to the ceiling between male and female sanitary facilities. Walls and partitions around showers, bathtubs, lavatories and other plumbing fixtures shall be constructed of dense, nonabsorbent, waterproof material or covered with moisture-resistant material.

(2) They shall have at least one window or skylight facing directly to the outdoors. The minimum aggregate gross area of windows for each required room shall be not less than ten percent of the floor area served by them.

(3) They shall have at least one window which can be easily opened, or a mechanical device which will adequately ventilate the room.

(4) Toilets shall be located in separate compartments equipped with self-closing doors. Shower stalls shall be of the individual type. The rooms shall be screened to prevent direct view of the interior when the exterior doors are open.

(5) Illumination levels shall be maintained as follows:

a. General seeing tasks—Five footcandles;

b. Laundry room work area—40 footcandles;

c. Toilet room, in front of mirrors—40 footcandles.

(6) Hot and cold water shall be furnished to every lavatory, sink, bathtub, shower and laundry fixture, and cold water shall be furnished to every water closet and urinal.

(Ord. No. 85-498, § 1, 4-10-85)

DIVISION 6. MISCELLANEOUS

Sec. 29-118. Location of manufactured homes and recreational vehicles.

(a) No manufactured home shall be located in any recreational vehicle park. This restriction does not apply to a recreational vehicle.

(b) No manufactured home shall be located on any lot in a manufactured home park except on a lot which was designated for use of manufactured homes on the plans of the manufactured home park which were submitted to and approved by the building official. This restriction does not apply to a recreational vehicle.

(c) No recreational vehicle, dependent recreational vehicle or self-contained recreational vehicle not connected to utilities shall be located on any lot in a manufactured home park or recreational vehicle park except on a lot designated for such a vehicle as shown on the plans submitted to and approved by the building official.

(d) No recreational vehicle may be located in any manufactured home park, for any period of time exceeding the periods of time such recreational vehicle may be used for sleeping or living purposes as set out in division 4 of article II.

(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 94-1268, § 17, 11-22-94)

Sec. 29-119. Community maintenance standards; responsibilities of the licensee or his agent.

(a) The person to whom a license for a manufactured home park is issued shall provide adequate supervision to maintain the park in compliance with this chapter and to keep its facilities and equipment in good repair and in a clean and sanitary condition.

(b) The licensee shall notify or have an agent notify the community residents of all applicable provisions of this chapter and inform them of their duties and responsibilities under this chapter.

(c) The licensee shall supervise or have an agent supervise the placement of each manufactured home on its manufactured home stand which includes securing its stability and installing all utility connections. Where permits for such connections are required, he shall refuse to allow connections that are in violation or require permits.

(d) The licensee shall maintain or ensure that an agent maintains a register showing:

(1) The names of all persons staying in or residing in the park showing the manufactured home lot on which they are staying or residing.

(2) The serial number of each manufactured home which is located in the park; whether the vehicle is a manufactured home as defined in Article 5221f of Vernon's Texas Civil Statutes, a HUD-Code manufactured home, a recreational vehicle connected to the park's utilities, a self-contained recreational vehicle not connected to the park's utilities, or a dependent recreational vehicle; the make, manufacturer, length and width of the vehicle, the license number of the vehicle if it is a recreational vehicle, and the lot on which each such vehicle is located.

(3) The date each manufactured home is placed in the park and the date it is moved from the park.

(4) The date each recreational vehicle is placed in the park and the date it is moved from the park.

The register shall be available for inspection by the building official, any person designated by the director of administration and regulatory affairs, and any person designated by the director of public health to inspect such records in the course of their official duties.

(e) A new register shall be initiated on January first of each year, and the old register shall be retired but shall be retained on the premises for at least three years following the retirement. Registers shall be available for inspection at all reasonable times by any official of the city listed in subsection (c) above whose duties may necessitate access to the information contained therein.

(f) The licensee shall notify the health officer immediately of any suspected communicable or contagious disease within the manufactured home park.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 08-52, § 53, 1-16-08, eff. 1-26-08)

Sec. 29-120. Responsibilities of the resident.

(a) The resident shall comply with all applicable requirements of this Code and shall maintain his manufactured home site, its facilities and equipment in good repair and in clean and sanitary condition.

(b) The resident shall be responsible for proper placement of his manufactured home on its manufactured home stand and proper installation of all utility connections in accordance with the instructions of the management. The resident shall obtain all city licenses and permits where required.

(c) Pets, if permitted in the park, shall not be allowed to run at large or to commit any nuisance within the limits of any manufactured home park.

(d) Skirtings, porches, awnings, and other additions shall be installed only if permitted and approved by the management. When installed, they shall be maintained in good repair. The space immediately underneath a manufactured home shall be used for storage only if permitted by the management. If permitted, the following conditions shall be satisfied:

(1) The storage area shall be provided with a base of impervious material.

(2) Stored items shall be located so as not to interfere with the underneath inspection of the manufactured home.

(3) The storage area shall be enclosed by skirting.

(e) The resident shall store and dispose of all his rubbish and garbage in a clean, sanitary and safe manner. The garbage container shall be rodent-proof, insect-proof and watertight.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-121. Solid waste handling.

(a) The storage, collection and disposal of refuse in the manufactured home park shall be so conducted as to create no health hazards, rodent harborage, insect breeding areas, accident or fire hazards or air pollution.

(b) All refuse and garbage shall be collected at least twice weekly. Where suitable collection service is not available from municipal or private agencies, the management shall provide this service. All refuse shall be collected and transported in covered vehicles or covered containers.

(c) Where municipal or private disposal service is not available, the management shall dispose of the refuse by incineration or transporting to a disposal site approved by the health officer.

(d) Refuse incinerators, if provided, shall be constructed in accordance with engineering plans and specifications which shall be reviewed and approved by the building official, the health officer, and other authority having jurisdiction and all city permits and licenses required therefor shall be obtained and maintained.

(e) Incinerators shall be operated only when attended by some person specifically authorized by the licensee or his agent.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-122. Insect and rodent control.

(a) Grounds, buildings and structures shall be maintained free of insect and rodent harborage and infestation. Extermination methods and other measures to control insects and rodents shall conform with the requirements of the health officer.

(b) The community shall be maintained free of accumulations of debris which may provide rodent harborage or breeding places for flies, mosquitoes and other pests.

(c) Storage areas shall be so maintained as to prevent rodent harborage; lumber, pipe and other building material shall be stored at least one foot above the ground.

(d) Where the potential for insect and rodent infestation exists all exterior openings in or beneath any structure shall be appropriately screened with wire mesh or other suitable materials.

(e) The growth of brush, weeds and grass shall be controlled to prevent harborage of ticks, chiggers and other noxious insects. The park shall be so maintained as to prevent the growth of ragweed, poison ivy, poison oak, poison sumac and other weeds that are detrimental to health. Open areas shall be maintained free of heavy undergrowth of any description.

(f) No person shall keep, store or allow any motor vehicle to remain on the premises of a manufactured home park if such motor vehicle is incapable of being operated under its own power; provided, however, this subsection shall not be applicable to a recreational vehicle.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-123. Fuel supply and storage.

(a) Liquefied petroleum gas containers installed on a manufactured home site shall be securely, but not permanently, fastened to prevent accidental overturning. Such containers shall not be less than five water gallon or more than 25 water gallon capacity.

(b) No liquefied petroleum gas vessel shall be stored or located inside or beneath any storage cabinet, carport, manufactured home, or any other structure. All installations must conform to state and city regulations.
(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-124. Fire protection.

(a) Manufactured home park communities shall be kept free of litter, rubbish and other flammable materials.

(b) Portable fire extinguishers rated for Classes A, B and C shall be kept in service buildings and at other locations conveniently and readily accessible for use by all occupants and shall be maintained in good operating condition. Their capacity shall not be less than the underwriters laboratory (U.L.) rating of 2A 10BC. However, standpipes may be provided as an alternative to these fire extinguishers when approved by the fire marshal pursuant to the provisions of the *Fire Code*.

(c) Fires shall be made only in incinerators and other equipment intended for such purposes.

(d) Fire hydrants and their locations shall comply with the requirements of the fire department and this chapter.

(e) Storage and handling of flammable liquids. In parks in which gasoline, oil, paints, or other flammable liquids are stored and/or dispensed, their handling and storage shall comply with the city *Fire Code*.

(f) Approaches to all manufactured homes shall be kept clear for fire fighting.

(g) The manufactured home park licensee or his designated local agent shall be responsible for the instruction of his staff in the use of the park fire protection equipment and in their specific duties in the event of fire. The park owner shall provide standard city fire hydrants located within 500 feet of all manufactured home spaces, measured along the driveways or streets. The specific location of fire hydrants must be approved by the chief of the fire department. Fire hydrants will be subject to periodic inspection by the city fire department. It shall be the responsibility of the park licensee to ensure that the fire hydrants are maintained in a good state of repair at all times. Notice shall be given to the fire department when fire hydrants are inoperative. Such notice shall specify anticipated repair time. All repairs to fire hydrants will be made within 24 hours unless specific permission is requested and granted in writing by the fire department.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 2021-1037, § 20(Exh. I.35), 12-1-2021, eff. 4-1-2022)

DIVISION 7. APPEALS AND EXCEPTIONS

Sec. 29-125. Permit appeals.

Any appeals that a person may desire to make based upon the refusal of the building official to issue any manufactured home park development permit or any building permit for construction or maintenance work therein or based upon an inspection disapproving any work under any such permit shall be made to the board or boards having jurisdiction thereof and in accordance with the appeal procedure as provided for the respective boards as set out in the Construction Code. Appeals from the decisions of such boards, when allowed, shall be made in accordance with the applicable provisions of the Construction Code.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 02-399, § 75, 5-15-02)

Sec. 29-126. License appeals.

Any person desiring to appeal a manufactured home park operator's license denial, or the revocation thereof shall make such appeal in writing to the mayor and city council. Such notice must be received via mail or other delivery by the city secretary within ten calendar days from the date of the license denial or revocation. The city council may affirm, reverse or modify the ruling of the building official and the ruling of the city council shall be final.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-127. Alternative materials and methods of construction and special provisions for certain parks.

(a) The provisions of this chapter are not intended to prevent the use of any material or method of construction not specifically prescribed by this chapter, provided any such alternate has been approved.

The building official may approve any such alternate provided he finds that the proposed design is satisfactory and that the material, method or work offered is, for the purpose

intended, at least the equivalent of that prescribed in this chapter in quality, strength, effectiveness, fire-resistance, durability, and safety.

The building official shall require that sufficient evidence or proof be submitted to substantiate any claims that may be made regarding the use of an alternative.

The authority granted in this section may be exercised by the Director of Houston Public Works or any assistant director or deputy director designated for that purpose, but such authority shall not be delegated to any other person.

This subsection shall not be construed to authorize the development of a manufactured home park in violation of section 29-87 except the building official may waive the requirements of section 29-87 in regard to manufactured home parks constructed prior to April 10, 1985, or prior to the annexation of the land on which the manufactured home park is located if the park meets the requirements of subsection (b) below.

(b) A manufactured home park which was constructed prior to April 10, 1985, or prior to the annexation of the land on which the manufactured home park is located may continue to be used as a manufactured home park although it was not constructed in accordance with the provisions of this chapter if:

(1) The manufactured home park meets all requirements of law which were applicable at the time of its construction as a manufactured home park; and

(2) The manufactured home park contains no conditions which constitute a threat to the health and safety of its residents or the public in general.

Provided, however, when additions, alterations, or repairs within any 12-month period exceed 50 percent of the value of such a manufactured home park at the time such work is commenced, the park shall be made to conform to the requirements for new manufactured home parks.

Provided, further, when additions, alterations or repairs within any twelve-month period exceed 25 percent but not 50 percent of the value of such manufactured home park as of the date that such work is commenced, such work may be performed without making the entire manufactured home park comply with the requirements for new manufactured home parks. The additions, alterations or repairs shall conform to the requirements of this Code for a new manufactured home park.

Provided, further, when additions, alterations or repairs within any 12-month period do not exceed 25 percent of the value of such manufactured home park as of the time the work is commenced, such work may be performed without making the entire manufactured home park comply with the requirements for new manufactured home parks. Such additions, alterations or repairs shall conform to the requirements of this Code for a new manufactured home park, except that such structural additions, alterations or repairs, when approved by the building official, may be made with the same material of which the manufactured home or recreational vehicle park is constructed. The building official shall approve such material only if he finds that the material is suitable for the purposes intended, and will not create any danger to human life.

(c) Notwithstanding the provisions of subsection (b) above, a manufactured home park that was constructed before April 10, 1985 or before annexation by the city, may not be enlarged so as to expand the number of stands therein unless the enlargement is constructed in full and current compliance with the requirements set forth in this article.

(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, §§ 57, 65, 5-23-90; Ord. No. 93-514, § 45, 5-5-93; Ord. No. 98-613, § 55, 8-5-98; Ord. No. 04-1015, § 17, 9-27-04; Ord. No. 2018-11, § 49, 1-10-2018)

Secs. 29-128—29-134. Reserved.

ARTICLE IV. MANUFACTURED HOME SUBDIVISIONS

Sec. 29-135. Plat approval.

Manufactured home subdivision plats will be considered and approved for recordation in the same manner and subject to the same provisions

of this Code as are applicable to plats for other residential subdivisions, provided that no such manufactured home subdivision plat will be approved by the city planning commission unless the following additional requirements are complied with:

(1) It shall contain a minimum of four acres of land and not less than 20 lots; and

(2) It shall be restricted by deed restriction so that no permanent type residential dwelling shall be permitted therein.

(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-136. Informal subdivisions prohibited.

No manufactured home subdivision may be established by informal or "red flag" means of sale of lots by metes and bounds descriptions or any other means which obviates plat approval pursuant to section 29-135 of this Code and the recordation of such plat as provided by law with the county clerk of the county in which the subdivision is situated.

(Ord. No. 85-498, § 1, 4-10-85)

Secs. 29-137—29-144. Reserved.

ARTICLE V. SALES LOTS

Sec. 29-145. Residence prohibited.

No manufactured home shall be permitted to be occupied for residential use on a sales lot, unless the requirements for a manufactured home park are complied with and a license for the operation of such park has been issued by the city.

(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-146. Prohibited connections to utilities.

No manufactured home or recreational vehicle on a sales lot may be connected to any utilities except as authorized in this division.

(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-147. When connection to electricity permitted.

A manufactured home or a recreational vehicle located on a sales lot for display purposes only may be connected to electricity if:

(1) It has been placed on a lot designated for use of manufactured homes or recreational vehicles connected to electricity pursuant to a plan submitted to and approved by the building official.

(2) The sales lot has a valid authorization for connection of either manufactured homes or recreational vehicles, or both, to electricity at all times the manufactured home or recreational vehicle is connected to electricity.

(3) The connection of the manufactured home or recreational vehicle to electricity is in compliance with all applicable ordinances.

(4) All electrical wiring in the manufactured home or recreational vehicle meets the requirements of:

a. The National Electrical Code that was in effect at the time the manufactured home or recreational vehicle was manufactured;

b. Any edition of the National Electrical Code that was issued after the date the manufactured home or recreational vehicle was manufactured; or

c. Federal or State or Texas laws regulating the installation of electrical wiring in manufactured homes at the time the manufactured home was manufactured if the structure is a manufactured home.

(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-148. Authorization.

(a) To obtain authorization for connection of either manufactured homes or recreational vehicles, or both, to electricity, the operator of

the sales lot shall make application therefor on a form furnished by the city for such purpose. On the application, the operator shall set forth:

(1) His name and address.

(2) The number of his state registration as a manufactured home dealer if any manufactured homes are to be located on the sales lot.

(3) The street address and legal description of the property on which the sales lot is located.

(4) Plans of the sales lot showing:

a. The number, location and size of all spaces on which manufactured homes or recreational vehicles will be located that will be connected to electricity;

b. The location and details of all electrical systems on the sales lot;

c. The location of the manufactured home sales office if one is located on the sales lot; and

d. Any other information requested by the building official that will aid him in determining whether the sales lot meets the requirements of the ordinances.

The applicant for authorization for connection of either manufactured homes or recreational vehicles, or both, to electricity shall submit with the application the annual fee for such authorization as set out in section 29-160 of this Code and shall pay all applicable permit fees set out in the *Construction Code*.

(b) The building official shall grant authorization to connect either manufactured homes or recreational vehicles, or both, to electricity upon proper application therefor and payment of all applicable fees if the sales lot meets all applicable requirements of the ordinances of the city.

(c) Each authorization for the connection of either manufactured homes or recreational vehicles, or both, on a sales lot, and each renewal thereof, shall expire one year from the date of issuance. Such a permit may be renewed if application therefor is made on a form provided by the city for that purpose prior to the expiration of the permit, the renewal fee as set out in section 29-160 is paid, and the sales lot is found to be in compliance with all applicable ordinances of the city.

(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 2021-1037, § 20(Exh. I.36), 12-1-2021, eff. 4-1-2022)

Sec. 29-149. Sales office permitted.

The operator of a manufactured home sales lot may apply pursuant to division 3 of article II of this chapter for a placement permit for one manufactured home thereon to be connected to utilities for use as an office and for demonstration purposes.

(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-150. Display units exempt.

A manufactured home which is situated upon a sales lot and is not connected to any utilities other than electricity and is not being used for any purpose other than display for sale is exempt from the requirements of division 3 of article II of this chapter.

(Ord. No. 85-498, § 1, 4-10-85)

Sec. 29-151. Dealers to provide purchasers certain information.

Each manufactured home and recreational vehicle dealer shall furnish each purchaser and each lessee of a manufactured home or a recreational vehicle such information in writing as to the requirements of the Code of Ordinances relating to manufactured homes and recreational vehicles as the building official shall direct including, but not limited to, information concerning the requirements for permits, requirements as to where manufactured homes and recreational vehicles may be located, the time limits set out for use of such structures, and tie-down and blocking requirements for recreational vehicles. Such written information shall be on forms approved by the building official.

(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Sec. 29-152. Dealers' responsibilities.

(a) As to any sales lot operated by a holder of a manufactured housing retailer's certificate issued pursuant to Article 5221f, Revised Civil Statutes of Texas, as amended, the holder of such certificate shall ensure that all requirements of this article are complied with.

(b) As to any sales lot which is not operated by a holder of a manufactured housing retailer's certificate issued pursuant to Article 5221f, Revised Civil Statutes of Texas, as amended, the person who operates such lot shall ensure that all requirements of this article are met.

(c) No person shall show the interior of any manufactured home or recreational vehicle to any person if such manufactured home or recreational vehicle has been connected to any utilities unless the requirements of this article have been met.
(Ord. No. 85-498, § 1, 4-10-85)

Secs. 29-153—29-159. Reserved.

ARTICLE VI. FEES

Sec. 29-160. Applicable fees.

(a) In addition to the fees set forth in this section, all other applicable inspection and permit fees as set forth in this Code and in the *Construction Code* must be tendered to the building official with the application.

(b) The fees stated for this provision in the city fee schedule are hereby imposed pursuant to the provisions of this chapter.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90; Ord. No. 91-1175, § 1, 8-14-91; Ord. No. 03-645, § 3, 7-16-03, Ord. No. 2011-1168, § 13, 12-14-2011; Ord. No. 2021-1037, § 20(Exh. I.37), 12-1-2021, eff. 4-1-2022)

Secs. 29-161—29-164. Reserved.

ARTICLE VII. APPEALS

Sec. 29-165. Appeals.

Appeals of any action of the building official in refusing to finalize a permit and authorize occupancy of a manufactured home or a recreational vehicle may be made in the manner provided in section 29-125 of this Code.
(Ord. No. 85-498, § 1, 4-10-85; Ord. No. 90-635, § 57, 5-23-90)

Chapter 30

NOISE AND SOUND LEVEL REGULATION*

Sec. 30-1. Definitions.

The following words shall have the meanings provided below:

Annual permit means a current and valid permit authorizing the use of sound amplification equipment at a specific location or upon a specific route for a one-year period from the date of permit issuance.

Applicant means the person applying for a permit under this chapter.

Commercial establishment means any business entity that offers for sale, or allows its patrons the ability to consume, food or beverages or any combination thereof on its premises.

Commercial establishment permit means a current and valid permit authorizing a commercial establishment to use sound amplification equipment at a specific location for a one-year period from the date of permit issuance.

Daily permit means a current and valid permit authorizing the use of sound amplification equipment at a specific location or upon a specific route on a designated day.

Daytime hours means the hours between 8 a.m. on one day and 10 p.m. the same day.

dB(A) means the intensity of a sound expressed in decibels.

Director means the director of the administration and regulatory affairs department or his designee.

Emergency means any occurrence or set of circumstances involving actual or imminent physical trauma or property damage or loss that demands immediate action.

Emergency work means any work performed for the purpose of (i) preventing or alleviating the physical trauma or property damage threatened or caused by an emergency, (ii) restoring property to a safe condition following a fire, accident, or natural disaster, (iii) protecting persons or property from exposure to danger, or (iv) restoring public utilities.

Extended daily permit means a current and valid permit authorizing the use of sound amplification equipment at a specific location or upon a specific route at designated times for a period not to exceed five consecutive days.

Nighttime hours means the hours between 10:01 p.m. on one day and 7:59 a.m. the following day.

Nonresidential property means any real property not included in the definition of residential property as defined in this section. Without limitation, the term includes properties developed other than as residential properties, undeveloped properties, and properties devoted to public purposes, such as public streets and parks.

Operator means the manager or other individual principally in charge of a commercial establishment.

Outdoor area means any portion of a commercial establishment that is not fully enclosed by permanent, solid walls and a roof, including but not limited to patios, terraces, courtyards, verandas, plazas, and other similar portions of a commercial establishment where sound amplification equipment will be utilized for the enjoyment of its patrons. Outdoor area shall also include fixed, non-portable structures used in conjunction with sound amplification equipment, including but not limited to stages, decks, risers, and lighting support structures.

Owner or *owners* means the proprietor if a sole proprietorship, all general partners if a partnership, or the corporation and all officers,

*__Editor's note—__Ord. No. 2022-399, § 2(Exh. A), adopted May 4, 2022, amended Ch. 30 in its entirety to read as herein set out. Former Ch. 40 pertained to similar subject matter and derived from Ord. No. 2011-874, § 2(Exh. A), 10-12-2011.

directors, and persons holding 50 percent or more of the outstanding shares if a corporation.

Permit means an annual permit, daily permit, extended-daily permit, or commercial establishment permit.

Permittee means any person, partnership, corporation, firm, joint venture, limited liability company, association, organization or any other entity holding a permit issued pursuant to this chapter.

Plainly audible when describing a sound or noise means any amplified sound or noise that can be clearly heard by a person with normal hearing faculties such that a reasonable person would believe such sound or noise unreasonably disturbs, injures, or endangers the comfort, repose, health, peace, or safety of others in violation of this chapter. The term does not require the clear appreciation of specific words of speech or specific words of a song.

Property line means, with respect to single occupancy properties on the same side of a street, the line along the ground surface and its vertical extension that separates the real property occupied by one person from that occupied by another person. With respect to single occupancy properties on opposing sides of a street, the term means the curb line or line that separates the real property and the adjacent street. With respect to shared occupancy properties the term means the imaginary line that represents the legal limits of occupancy of any person who occupies a duplex, triplex, quadraplex, town home, nursing home, boarding home, apartment, condominium, or any other type of occupancy from that of other occupants.

Residential property means any permanent building or structure containing habitable rooms for nontransient occupancy that is designed and used primarily for living, sleeping, cooking and eating and intended to be used as occupancy as a dwelling place for residential purposes, whether or not attached, including homes, town homes, patio homes, duplexes, triplexes, quadraplexes, nursing homes, boarding homes, condominiums and apartments. Hotels and motels shall not be considered residential.

Sound amplification equipment means loudspeaker, loudspeaker system, sound amplifier, or any other machine or device that produces, reproduces, or amplifies sound.

Sound nuisance means any sound that either exceeds the maximum permitted sound levels specified in section 30-5 of this Code, or for purposes of sections 30-3, 30-4, and 30-7 of this Code, otherwise unreasonably disturbs, injures, or endangers the comfort, repose, health, peace, or safety of others.

(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-2. General prohibitions; exception.

(a) It is unlawful for any person to make, assist in making, permit, continue, cause to be made or continued, or permit the continuance of any loud, unnecessary, or unusual sound or noise that disturbs, injures, or endangers the comfort, repose, health, peace, or safety of others. In determining whether a sound or noise is loud, unnecessary, or unusual, the following factors shall be considered:

(1) The time of day;

(2) The proximity of the source of the sound or noise to residential structures;

(3) Whether the sound or noise is recurrent, intermittent, or constant;

(4) The volume and intensity of the sound or noise;

(5) Whether the sound or noise has been enhanced in volume or range by any type of electronic or mechanical means; and

(6) Whether the sound or noise is subject to being controlled without unreasonable effort or expense to the creator thereof.

(b) The acts enumerated in this chapter, among others, are declared to be sound nuisances in violation of this chapter, but such enumeration shall not be deemed to be exclusive.

(c) The provisions of this chapter shall not apply to a food service establishment or the establishment's sound-related activity under and limited to the express parameters identified in section 437.029 of the Texas Health and Safety Code.

(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022; Ord. No. 2025-742, §§ 6, 7, 8-27-2025)

Sec. 30-3. Noisy animals and birds.

The keeping of any animal or bird that causes or makes frequent or long and continued sound that unreasonably disturbs, injures, or endangers the comfort, repose, health, peace, or safety of ordinary, reasonable persons of normal sensibilities and ordinary tastes, habits, and modes of living who reside in the vicinity thereof is hereby prohibited and declared to be unlawful regardless of whether the sound so created by said animal or bird is within the permissible levels specified in section 30-5 of this Code.
(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-4. Noisy vehicles generally.

It is unlawful to operate or cause to be operated any motor vehicle so out of repair or so loaded that it creates any loud and unreasonable grating, grinding, rattling, or squeaking sound regardless of whether the sound so created by the motor vehicle is within the permissible levels specified in section 30-5 of this Code.
(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-5. Maximum permissible sound levels.

(a) In addition to the violations established in other sections of this chapter, it is unlawful for any person to make, assist in making, permit, continue, cause to be made or continued, or permit the continuance of any sound beyond the property lines of the property on which the sound is being generated that exceeds the applicable dB(A) level listed below for the property on which the sound is received when measured from the property line of the residential or nonresidential property receiving the sound towards the source of the sound:

(1) *Residential property:*

a. 65 dB(A) during daytime hours.

b. 58 dB(A) during nighttime hours.

(2) *Nonresidential property:* 68 dB(A) at all times.

Except as otherwise permitted by this chapter or other applicable law, any sound that exceeds the dB(A) levels set forth in this section under the conditions and measurement criteria set forth in this chapter is a violation of this chapter. Evidence that an activity or sound source produces a sound that exceeds the dB(A) levels specified in this section shall be prima facie evidence of a sound that unreasonably disturbs, injures, or endangers the comfort, repose, health, peace, or safety of others in violation of this chapter.

(b) Regardless of the measurable dB(A) level established in this chapter and measured in a manner provided in subsection (a) of this section, the creation of any sound causing persons occupying or using any property other than the property upon which the sound is being generated to be aware of vibrations or resonance caused by the sound shall be prima facie evidence of a sound that unreasonably disturbs, injures, or endangers the comfort, repose, health, peace, or safety of others in violation of this chapter.
(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-6. Sound measurement device.

Whenever portions of this chapter prohibit sound over a certain decibel limit, measurement shall be made with a Type 1 or Type 2 calibrated sound level meter utilizing the A-weighting scale and the slow meter response as specified by the American National Standards Institute (A.N.S.I. S1.4-1984/85A). Measurements recorded shall be taken so as to provide a proper representation of the sound being measured. The microphone of the meter shall be shielded by use of a windscreen and positioned so as not to create any unnatural enhancement or diminution of the measured sound.
(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-7. Amplified sound in vehicles.

(a) It is unlawful for any person to make, assist in making, permit, continue, cause to be made or continued, or permit the continuance of any sound using any sound amplifier that is part of or connected to any speaker system, radio, stereo receiver, compact disc player, cassette tape player, microphone, computer or other sound source in a vehicle that, when operated disturbs the peace, quiet, and comfort of the neighboring

inhabitants, or is plainly audible at a distance of 50 feet from the vehicle from which the sound is emanating.

(b) It is an affirmative defense to prosecution under this section that the sound source is a vehicle or trailer that is:

(1) A mobile sound stage or studio used on a stationary basis at a location not situated upon any street for the purpose of providing sound during daytime hours for an event; and

(2) In compliance with all other provisions of this chapter, including but not limited to sections 30-8 and 30-9 of this Code, if applicable.

(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-8. Permit for sound amplification equipment.

(a) It is unlawful for a person to use, cause to be used, or permit the use of any sound amplification equipment outside of a building or enclosed structure or that causes sounds produced, reproduced, or amplified within a building or enclosed structure to exceed the levels specified in section 30-5 of this Code, when measured as provided in section 30-5 of this Code, without first obtaining a permit to do so.

(b) Notwithstanding the provisions of subsection (a) of this section, it shall be unlawful for any commercial establishment located within 300 feet of a residential property, when measured in a direct line from the property line of the commercial establishment to the property line of the residential property, to use, cause to be used, or permit the use of any sound amplification equipment at any outdoor area on the commercial establishment's premises or use or cause sound produced, reproduced or amplified by sound amplification equipment within the commercial establishment to be heard or appreciated beyond the property lines of the commercial establishment after 10 p.m. Sunday through Thursday, and after 11 p.m. Friday and Saturday, without first obtaining a commercial establishment permit to do so.

(c) Permits shall be granted only for the amplification of music or human speech, or both; provided however, no permit shall be issued to an applicant who has:

(1) Had a permit revoked within the twelve-month period prior to the date of application; or

(2) Received two or more convictions or entered two or more pleas of guilty or nolo contendere, or any combination thereof, in return for a grant of deferred disposition for violations of this chapter within the 36 month period prior to the date of application.

(d) Each applicant desiring to obtain a daily, extended-daily, or annual permit shall apply on a form provided by the director and shall submit the following information:

(1) The date of the application and the date and hours for which the permit is requested, including the permit classification being requested;

(2) The name, street address (and mailing address if different), and email address of the applicant;

(3) The name, street address (and mailing address if different), and email address of the person who will have charge of the sound amplification equipment;

(4) The purpose for which the sound equipment will be used;

(5) The physical address and a description of the location or proposed route where the sound amplification equipment will be used;

(6) A description of the type of sound amplifying equipment to be used; and

(7) Any other information reasonably requested by the director for administration of this chapter.

(e) Each commercial establishment required to obtain a permit shall apply on a form provided by the director and shall submit the following information:

(1) a. The name, street address (and mailing address if different), and email address of the commercial establishment owner;

b. The name, street address (and mailing address if different), email address, and the Texas driver's license number of the commercial establishment operator;

(2) The name of the commercial establishment, telephone number, and address or legal description of the tract of land on which the commercial establishment is located;

(3) If the commercial establishment is in operation, the date on which the owner acquired the commercial establishment for which the permit is sought, and the date on which the commercial establishment began operations as a commercial establishment at the location for which the permit is sought; and

(4) If the commercial establishment is not in operation, the expected startup date;

(5) The purpose for which the sound equipment will be used;

(6) A description of the type of sound amplifying equipment to be used; and

(7) Any other information reasonably requested by the director for administration of this chapter.

(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-9. Permit issuance; classification and terms.

(a) It shall be unlawful for any person operating sound amplification equipment under a permit issued pursuant to this section to make, assist in making, permit, continue, cause to be made or continued, or permit the continuation of any sound that when measured from the property line of the residential or nonresidential property receiving the sound towards the source of the sound, exceeds the maximum permissible sound level stated for the permit in this section. All permits issued pursuant to this chapter shall be issued according to the following permit classifications:

(1) *Daily permits:*

a. Valid for an authorized date and time between the hours of 8 a.m. and 10 p.m. as expressed on the face of the permit, for the production, reproduction or amplification of sound not to exceed 75 dB(A); and

b. Requires payment of the fee stated for this provision in the city fee schedule for the administrative costs of issuing the permit.

(2) *Extended daily permits:*

a. Valid for the authorized dates and times between the hours of 8 a.m. and 10 p.m. as expressed on the face of the permit, for the production, reproduction or amplification of sound not to exceed 75dB(A); and

b. Requires payment of the fee stated for this provision in the city fee schedule for the administrative costs of issuing the permit.

(3) *Annual permits:*

a. Valid for the 14-hour period between the hours of 8 a.m. and 10 p.m. Sunday through Thursday; and the 15-hour period between the hours of 8 a.m. and 11 p.m. Friday and Saturday, for the production, reproduction or amplification of sound not to exceed 75 dB(A); and

b. Requires payment of the fee stated for this provision in the city fee schedule for the administrative costs of issuing the annual permit.

(4) *Commercial establishments:*

a. Valid for the 14-hour period between the hours of 8 a.m. and 10 p.m. Sunday through Thursday; and the 15-hour period between the hours of 8 a.m. and 11 p.m. Friday and Saturday, for the production, reproduction or amplification of sound not to exceed 75 dB(A);

b. Valid for the 4-hour period between the hours of 10 p.m. and 2 a.m. the following calendar day, Sunday through Thursday; and the 3-hour period between the hours of 11 p.m.

and 2 a.m. the following calendar day, Friday and Saturday, for the production, reproduction or amplification of sound not to exceed the permissible decibel levels stated in section 30-5 of this Code. A commercial establishment required to obtain a commercial establishment permit shall not use, cause to be used, or permit the use of any sound amplification equipment at any outdoor area or use or cause sound produced, reproduced or amplified by sound amplification equipment within the commercial establishment to be heard or appreciated beyond the property lines of the commercial establishment between the hours of 2 a.m. and 8 a.m. on any day; and

c. Requires payment of the fee stated for this provision in the city fee schedule for the administrative costs of issuing the commercial establishment permit.

(b) If at the time of submitting the permit application an applicant is unable to pay the full amount of the applicable permit application fee pursuant to subsection (a) of this section, the fee shall be reduced to that amount the applicant is able to pay, provided the applicant submits a sworn affidavit, on a form provided by the city attorney, containing the following information:

(1) A statement that the applicant is unable to pay the full amount of the fee for the permit; and

(2) A statement of the exact amount the applicant is able to pay for the permit fee at the time the application is delivered to the director.

(c) Notwithstanding the provisions of this section and section 30-8 of this Code, the director shall not issue a permit for picketing activity that takes place in front of a residential property. The provisions of this section shall not prohibit picketing activity in residential areas.
(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-10. Permit application review—Approval; denial and appeal.

(a) Following review of the application, the director shall provide the applicant with written notification of the approval or denial of the requested permit.

(b) In addition to the provisions of subsection (c) of section 30-8 of this Code, the submission of any false information or a materially incomplete application, including but not limited to an applicant's failure to provide any information reasonably requested by the director, shall be grounds for denial of the requested permit. Additionally, the director shall consider whether an applicant has a prior business structure, ownership history, or affiliation with other persons including but not limited to owners, operators, agents, or employees when assessing whether the applicant is in good standing to receive a permit pursuant to this chapter or whether the applicant is in fact a former permittee whose permit has been revoked pursuant to section 30-11 of this Code and is subject to the waiting period established in section 30-12 of this Code. In the event of denial, the applicant shall be given written notice of the basis for such action. An applicant may file an appeal of the denial of a requested permit by filing such appeal in writing with the director not later than 15 days following the date of the director's decision.

(c) If the reason for the denial of a requested permit is curable, the director shall allow the applicant, upon a written request, to submit an amended application to cure the defect in lieu of filing an appeal. If the requested permit is again denied, the applicant shall still be entitled to file an appeal not later than 15 days following the date the director's decision regarding the amended application. Notice of any denial shall comply with section 1-9 of this Code and applicable state laws.

(d) An informal hearing shall be conducted by an impartial hearing officer appointed by the director who shall render a decision within 30 days from the date of the filing of the appeal. At the hearing, the burden shall be upon the applicant to demonstrate that he has satisfied all requisites of this chapter, including all rules

and regulations promulgated by the director regarding sound amplification equipment permits, and is therefore in good standing to receive the requested permit.

(e) The director shall promulgate regulations and procedures for any required hearings which shall be consistent with section 1-9 of this Code and applicable state laws.
(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-11. Permit suspension; revocation.

(a) Whenever the director finds that there are grounds for the suspension or revocation of a permit, the director shall give written notice to the permittee by certified mail, return receipt requested, or by courier or commercial carrier that provides written confirmation of delivery. The notice shall be addressed to the permittee at the address provided on the permit application and shall include:

(1) The specific grounds upon which the permit in question may be suspended or revoked;

(2) That there will be a hearing conducted by an impartial hearing officer selected by the city at which the city will seek the suspension or revocation of the permit;

(3) The date, time and place of the hearing; and

(4) The fact that the permittee may participate in the hearing or be represented by an attorney.

(b) A permit may be suspended or revoked if, following notice and a hearing conducted by the impartial hearing officer, it is determined:

(1) The permit was issued in error;

(2) The applicant provided materially false or incomplete information on the permit application;

(3) The permittee failed to comply with any applicable provisions of this chapter; or

(4) The permittee or any agent or employee of the permittee responsible for the oversight or operation of the sound amplification equipment received two or more convictions or entered two or more pleas of guilty or nolo contendere, or any combination thereof, in return for a grant of deferred disposition within a 36 month period for violations of any provision of this chapter.

(c) All hearings shall be conducted under rules consistent with the nature of the proceedings; provided however, the formal rules of evidence shall not apply at the hearing and any testimony or evidence may be considered if the hearing officer determines the testimony or evidence is relevant and reasonably reliable. The hearing officer may exclude irrelevant, cumulative, immaterial, or repetitious testimony or evidence. Additionally:

(1) All parties shall have the right to representation by a licensed attorney, though an attorney is not required;

(2) Each party may present witnesses in its own behalf;

(3) Each party has the right to cross-examine all witnesses and to rebut evidence; and

(4) Only evidence presented before the hearing officer at the hearing may be considered in rendering the final order; provided however, the hearing officer may take into consideration in his decision any written complaints received by the director from surrounding property owners concerning a permittee's use of sound amplification equipment in violation of any provision of this chapter; provided however, such complaints shall not be the sole basis for the suspension or revocation of a permit.

(d) If the permittee fails to appear at the hearing on the date and time specified, the city shall introduce evidence to establish a prima facie case on behalf of the city showing that grounds exist for suspension or revocation of the permit.

(e) Not later than the tenth calendar day before a suspension or revocation hearing, the holder of an annual or commercial establishment permit whose sound amplification permit is subject

to revocation or suspension pursuant to this section may submit to the director and the hearing officer a sound impact plan addressing the specific issues concerning its noncompliance with the provisions of this chapter. The sound impact plan shall contain, at minimum:

(1) A site diagram, including location of any outdoor area where amplified sound is emitted, and location of sound amplification equipment;

(2) Technical specifications of sound amplification equipment used in the outdoor area;

(3) A description of any sound barrier or sound mitigation device proposed to be installed in or around the outdoor area;

(4) A method of monitoring of sound amplification equipment by the establishment owner, the operator of said equipment, or by an electronic device; and

(5) A detailed plan and time schedule to perform all work necessary to complete and implement the proposed sound impact plan.

The administrative hearing officer shall consider the proposed sound impact plan submitted by permittee and any testimony offered by the city and the permittee concerning the proposed sound impact plan.

(f) The hearing officer shall make a decision based upon a preponderance of the evidence presented at the hearing. After completion of the presentation of evidence by all parties appearing, the hearing officer shall make written findings and render a written order as to whether or not grounds exist for the suspension or revocation of the permit.

(g) Notwithstanding the provisions of subsection (f) of this section, if the hearing officer determines the proposed sound impact plan may cure the specific issues concerning noncompliance with this chapter, the hearing officer shall neither suspend or revoke the permit and instead, shall order a period of time not to exceed 90 days during which the permittee shall perform all work necessary to complete and implement the proposed sound impact plan. The failure to comply by the terms of an approved sound impact plan or the continued failure to comply with any applicable provision of this chapter may result in the immediate suspension or revocation of the commercial establishment's sound amplification permit.

(h) If the hearing official determines, based upon the nature of the violation, that the ends of justice would be served by a suspension in lieu of a revocation, the hearing officer may suspend the permit for a period of time to be stated in the order of suspension, not to exceed 180 days; however, a suspension may not be ordered if the grounds are based upon items (1), (2), or (4) of subsection (b) of this section.

(i) In the event a permit is revoked or suspended, the city shall not be liable to any person for any refund of any part of any permit fees.

(j) The hearing officer's decision shall be final and shall exhaust the permittee's administrative remedies.

(k) The provisions of this section shall be cumulative of penalties stated in section 30-17 of this Code and any additional enforcement remedies allowed by law.
(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-12. Waiting period before becoming eligible to reapply for a sound amplification permit.

A permittee whose sound amplification permit has been revoked pursuant to items (2), (3), or (4) of subsection (b) of section 30-11 of this Code shall be required to wait a period of one year from the date the revocation became final before becoming eligible to reapply for a sound amplification permit.
(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-13. Permit not transferable.

(a) A permit is personal to the permittee to whom it is issued and may not be transferred or otherwise assigned. A permit shall constitute a privilege to which no property interests or property rights of any kind or character shall apply.

(b) A permit is null and void if the permittee:

(1) Changes the name of the person or business from the name designated on the permit or permit application;

(2) Moves the location or proposed route where the sound amplification equipment will be used or moves the place of business from the location designated on the permit or permit application; or

(3) Changes the structure of its business organization, including but not limited to any change to the type of business organization or its ownership or any operator stated in the permit application.

A permittee that desires to make changes to any of the items enumerated in this subsection shall be required to make application to the director for a new permit and pay the fee stated in the city fee schedule.
(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-14. Display of permit.

A permittee shall at all times have in his possession and conspicuously display the permit authorizing the use of sound amplification equipment upon a designated route or at a physical address in such a manner that the permit is easily visible by law enforcement officers and members of the public. Any failure to display a permit shall create the presumption that no permit for the use of sound amplification equipment has been issued.
(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-15. Change of information.

It shall be the duty of each permittee to submit to the director any change in information required to be submitted pursuant to this chapter. Any change in information shall be submitted on the form prescribed by the director within ten calendar days of any change.
(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-16. Defenses.

The following defenses shall apply to any offense established in this chapter:

(1) The emission of any sound was for the purpose of alerting persons to the existence of an emergency, danger, or attempted crime.

(2) The sound was produced by an authorized emergency vehicle.

(3) The sound was produced by emergency work.

(4) The sound was generated:

a. At a lawfully scheduled stadium event;

b. By a parade and spectators and participants on the parade route during a lawful parade;

c. By spectators and participants at lawfully scheduled amphitheater event;

d. By patrons and participants using cannons and gunfire during historical battle re-enactments for which a pyrotechnic permit was obtained and the explosives were inspected by the fire marshal;

e. By a pyrotechnic display that was inspected and approved by the fire marshal; or

f. By spectators and participants of any outdoor event, fun run, race, festival, fiesta, or concert that was sponsored or cosponsored by the city and is in full compliance with a permit issued by the city.

(5) The sound was produced by the erection, excavation, construction, or demolition of any building or structure, including the use of any necessary tools or equipment, conducted between the hours of 7 a.m. and 8 p.m., which activity did not produce a sound exceeding 85 dB(A) when measured from the property line of the residential property where the sound is being received.

(6) The sound was produced by aircraft in flight or in operation at an airport, or railroad equipment in operation on railroad rights-of-way operated in compliance with all applicable federal laws.

(7) The sound was produced by operating or permitting the operation of any mechanically powered saw, drill, sander, router, grinder, lawn or garden tool, lawnmower, or any other similar device used between the hours of 7 a.m. and 8 p.m., provided the device did not produce a sound exceeding 85 dB(A) when measured from the property line of the nearest residential property where the sound is being received and was used for the maintenance or upkeep of the property on which it was operated.

(8) The sound was generated as authorized under the terms of a permit issued under sections 30-8 and 30-9 of this Code.

(9) The sound was produced by the operation of any air conditioning unit that did not produce a sound exceeding 65 dB(A) on residential property or 75 dB(A) on nonresidential property, when measured from the property line of the nonresidential or residential property where the sound is received to the source of the sound.

(10) The sound was produced as part of a religious observance or service during daytime hours, provided the sound did not cumulatively exceed five minutes duration in any one hour period.

(11) The sound was produced during daytime hours by activities conducted on public parks, public playgrounds, and public or private school grounds, including, but not limited to, school athletic and school entertainment events.

(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-17. Penalty.

(a) Any person who violates any provision of this chapter, including but not limited to a violation of any provision or condition of a permit issued pursuant to this chapter, is guilty of an offense and, upon conviction thereof, shall be punished by a fine not to exceed $2,000.00. Each hour or portion thereof in which any violation shall occur shall constitute a separate offense.

(b) This remedy shall be cumulative of any other penalty or remedies available to the city.
(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Sec. 30-18. Regulations.

The director is authorized to adopt any regulations to implement this chapter. A copy of the regulations shall be maintained in the director's office for inspection by the public, and copies shall be made available for purchase at the fees prescribed by law.
(Ord. No. 2022-399, § 2(Exh. A), 5-4-2022)

Chapter 31

OIL AND GAS WELLS*

Art. I.	In General, §§ 31-1—31-22
Art. II.	Permit, §§ 31-23—31-44
Art. III.	Drilling and Operating Rules, §§ 31-45—31-69

ARTICLE I. IN GENERAL

Sec. 31-1. Title.

The title of this chapter and the name by which it shall be known is the "City of Houston Oil and Gas Well Ordinance."
(Code 1968, § 30-1)

Sec. 31-2. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

(1) *Gas.* "Gas," means natural gas including all of its constituent elements, which elements include (but not by way of limitation) gasoline, condensate, distillate, butanes, propanes and other lighter hydrocarbons.

(2) *Gas well.* A "gas well" is a well producing gas, as herein defined, and which produces no oil as herein defined, or less than one barrel of oil to each 100,000 cubic feet of gas.

(3) *Oil.* The word "oil" means any liquid hydrocarbon, regardless of gravity, capable of being produced from a drilling unit in liquid form at the well by ordinary production methods and which is not the result of the condensation of gas after it leaves the reservoir.

(4) *Oil well.* An "oil well" is any well which produces one barrel or more of oil, as herein defined, to each 100,000 cubic feet of gas, as herein defined.

(5) *Permittee.* The word "permittee" shall mean the person to whom is issued a permit for the drilling and operation of a well under this chapter, and his administrators, executors, heirs, successors and assigns.

(6) *Person.* The word "person" shall include both the singular and plural and shall mean and include any person, individual, firm, partnership, association, corporation, club, society, cooperative, trust, municipal corporation, or political subdivision whatsoever.

(7) *Regulated area.* The words "regulated area," subject to the exceptions contained in this chapter, shall include and mean all lands within the corporate limits of the city.

(8) *Technical or industry words.* All technical or oil and gas industry words or phrases used herein and not specifically defined herein shall have the meanings customarily attributable thereto by prudent operators in the oil and gas industry.

(9) *Well.* The word "well" shall include and mean any hole or holes, bore or bores, to any sand, formation, strata or depth, which is or are drilled, bored, sunk, dug or put down for the purpose of either exploring for or ascertaining the existence of any oil, gas, liquid hydrocarbon, or any of them, or for the purpose of producing and recovering any oil, gas, liquid hydrocarbon, or any of them.

(Code 1968, § 30-3)

Sec. 31-3. Drilling units and blocks generally.

In order that the purpose and intent of this chapter shall be carried out and future drilling for

*Cross references—Exploring for or producing, refining, etc., petroleum at George Bush Intercontinental Airport/Houston (IAH) § 9-261 et seq.; buildings generally, Ch. 10; planning and development generally, Ch. 33; inspection permit for certain pipe lines, etc., in public rights-of-way, § 40-192 et seq.; pipelines, conduits, across, along, or under streets, sidewalks, etc., § 40-228 et seq.

oil and gas within the city may proceed in an orderly manner, and for convenience and clarity in identifying the location of approved or proposed drilling locations, drilling units shall be described by use of the State Plane Coordinate System (Lambert) for the South Central Zone of Texas. For this purpose, the corporate limits of the city have been divided into blocks containing 640 acres and being 5,280 feet square. All blocks or portions thereof, which are located within the corporate limits of the city, are listed and described in an exhibit marked "A," attached to Ordinance No. 59-1887; styled "Lambert Coordinates Describing 640 Acre Blocks within the City Limits of the City of Houston" of record in the city secretary's office to which reference is here made for all purposes. The boundary lines of each block shall be contiguous with all adjacent blocks, as shown on said Exhibit "A." Each block shall be identified, as shown on said Exhibit "A," by the number of blocks distant it is located along the Lambert Coordinates north and west, north and east, south and east, or south and west from the intersection of coordinate X = 3,150,000 and Y = 720,000, which intersection is about 2,500 feet northwest of the city hall of Houston. For example, S 10 W 5 will identify the block which is the tenth block south and the fifth block west of X = 3,150,000 and Y = 720,000.

A drilling unit for oil within the corporate limits of the city shall contain 40 acres and be 1,320 feet square. Each oil drilling unit shall be wholly within one of the blocks described in said Exhibit "A" and the four boundary lines of each oil drilling unit shall be contiguous to all adjacent oil drilling units. Each of the blocks, as described in said Exhibit "A," shall contain sixteen (16) oil drilling units and each oil drilling unit shall be identified by numbers, starting with the northwest corner oil drilling unit of each block and reading from left to right for four rows, as illustrated in the example appearing on a plat marked Exhibit "B," attached to Ordinance No. 59-1887, styled "Example—Illustrating the Manner in which each 640 Acre Block within the City of Houston is Divided into 40 Acre Oil Drilling Units," of record in the city secretary's office, to which reference is here made for all purposes. The boundary lines of each oil drilling unit may be further described by Lambert Coordinates, as illustrated in the example appearing in said Exhibit "B."

A drilling unit for gas within the city shall contain 640 acres and be 5,280 feet square and the boundary lines of each such gas drilling unit shall be congruent with the boundary lines of one of the blocks described in said Exhibit "A."
(Code 1968, § 30-4)

Sec. 31-4. Drilling units limited to one well; exceptions; substitute wells.

(a) Not more than one oil well shall be permitted to be drilled, completed and operated in each oil drilling unit and it shall be unlawful to drill, complete and operate more than one oil well in each oil drilling unit; provided, however, that if, on December 22, 1959, there exists on any oil drilling unit one or more producing oil wells, one additional oil well may be drilled, completed and produced on the same oil drilling unit under the terms and provisions of this chapter.

(b) Not more than one gas well shall be permitted to be drilled, completed and operated in each gas drilling unit and it shall be unlawful to drill, complete and operate more than one gas well in each gas drilling unit; provided, however, that if, on December 22, 1959, there exists on any gas drilling unit one or more producing gas wells, one additional gas well may be drilled, completed and produced on the same gas drilling unit under the terms and provisions of this chapter.

(c) A substitute oil well may be drilled, completed and operated in each oil drilling unit and a substitute gas well may be drilled, completed and operated in each gas drilling unit in the event the prior existing oil well or gas well, drilled after December 22, 1959, shall be abandoned.

(d) A substitute oil or gas well may be drilled, completed and produced on the same proration unit in the event an oil well which was producing, or capable of producing, on December 22, 1959, shall be abandoned. A substitute gas or oil well may be drilled, completed and produced on the same proration unit in the event a gas well which was producing, on December 22, 1959, shall be abandoned. No substitute well provided for in this

subsection shall be drilled to a deeper reservoir than the deepest productive reservoir of the well for which such substitute well is drilled.

(e) Except as provided above in subsection (d), an oil well cannot be substituted for a gas well and a gas well cannot be substituted for an oil well.

(f) The provisions of this section shall not prevent a well from being completed in more than one producing horizon. Multiple completions in the same well bore are expressly authorized.
(Code 1968, § 30-5)

Sec. 31-5. Location near buildings or on public property.

(a) No well shall be drilled and no permit shall be issued for any well to be drilled in any location within a drilling unit which location is nearer than 400 feet from any residence or building without the applicant's having first secured the written permission of the owner or owners thereof; provided, however, that this requirement shall not apply to any well drilled in any location exempted by the terms of this chapter from the well-spacing requirements of this chapter.

(b) No well shall be drilled within any of the streets or alleys, parks or other public property unless authorized by an ordinance duly passed by the city council; provided, however, that wells may be drilled on all federally-owned lands in the Addicks and Barker Reservoirs upon the written authorization of the building official pursuant to article II of this chapter, and without passage of any further ordinance by the city council.
(Code 1968, § 30-6; Ord. No. 78-2592, § 1, 12-20-78; Ord. No. 90-635, § 67, 5-23-90)

Sec. 31-6. Wells drilled prior to June 24, 1959, exempt.

Anything contained herein to the contrary notwithstanding, none of the provisions of this chapter shall ever be construed as applying to the operation of any producing oil or gas well, located within the corporate limits of the city which was drilled and completed prior to June 24, 1959, or to the equipment and its operation (producing or otherwise), installed in connection with such well on the leased premises; and provided, further, without limitation on the foregoing, nothing contained herein shall be interpreted to require a permit for any producing oil or gas well located within the corporate limits of the city, which was drilled and completed prior to June 24, 1959, or for the continued operation, re-working, sidetracking, plugging back or abandonment, or deepening through the deepest productive reservoir to which any such well was previously drilled.
(Code 1968, § 30-7)

Sec. 31-7. Exemptions from well spacing provisions—Piercement type salt domes (Pierce Junction and Mykawa Fields.)

The well spacing provisions of this chapter shall not apply to producing areas which heretofore, prior to June 24, 1959, or may be in the future defined as piercement type salt domes by the state railroad commission. Two fields, namely, Pierce Junction and Mykawa, within the city limits are presently defined as piercement type salt domes.

The forty-acre drilling units within the Pierce Junction Field which are exempted from the spacing provisions of this chapter are listed in an exhibit marked "C," styled "Lambert Coordinates Describing Oil Drilling Units within the Producing Limits of the Pierce Junction Field," and the forty-acre drilling units within the Mykawa Field, which are exempt from the spacing provisions of this chapter, are listed in an exhibit marked "D," styled "Lambert Coordinates Describing Oil Drilling Units within the Producing Limits of the Mykawa Field," both of such exhibits being attached to Ordinance No. 59-1887, and of record in the city secretary's office, to which reference is here made for all purposes.
(Code 1968, § 30-8)

Sec. 31-8. Same—Clinton Field.

The well spacing provisions of this chapter shall not apply to the Clinton Field, the same being composed of the following listed and de-

scribed 640 acre blocks as set out and established in Exhibit "A" attached to Ordinance No. 61-109 and of record in the city secretary's office:

N1-E7, N1-E8, N1-E9, N1-E10, N1-E11
N2-E7, N2-E8, N2-E9, N2-E10, N2-E11
N3-E7, N3-E8, N3-E9, N3-E10, N3-E11
N4-E7, N4-E8, N4-E9, N4-E10, N4-E11
N5-E7, N5-E8, N5-E9, N5-E10, N5-E11

(Code 1968, § 30-9)

Sec. 31-9. Same—South Houston Field.

The well spacing provisions of this chapter shall not apply to the South Houston Field, the same being composed of the area described as follows:

"BEGINNING at the southwest corner of forty-acre Drilling Unit 7 in Block S8-E8 as said drilling units and blocks are designated in section 4 of the City of Houston Ordinance No. 59-1887, dated December 22, 1959; said corner having coordinates of X = 3,189,600.00 feet and Y = 680,400.00 feet.

"THENCE North 2640.00 feet to the northeast corner of Drilling Unit 3 in Block S8-E8, said corner having coordinates of X = 3,189,600.00 feet and Y = 683,040.00 feet;

"THENCE West 1320.00 feet to the southwest corner of Drilling Unit 14 in Block S7-E8, said corner having coordinates of X = 3,188,280.00 feet and Y = 683,040.00 feet;

"THENCE North 5280.00 feet to the northwest corner of Drilling Unit 2 in Block S7-E8, said corner having coordinates of X = 3,188,280.00 feet and Y = 688,320.00 feet;

"THENCE East 1320.00 feet to the northeast corner of said Drilling Unit 2, Block S7-E8, said corner having coordinates of X = 3,189,600.00 feet and Y = 688,320.00 feet;

"THENCE North 1320.00 feet to the northwest corner of Drilling Unit 15 in Block S6-E8, said corner having coordinates of X = 3,189,600.00 feet and Y = 689,640.00 feet;

"THENCE East 2640.00 feet to the northeast corner of Drilling Unit 16 in Block S6-E8, said corner having coordinates of X = 3,192,240.00 feet and Y = 689,640.00 feet;

"THENCE South 2640.00 feet to the southeast corner of Drilling Unit 4 in Block S7-E8, said corner having coordinates of X = 3,192,240.00 feet and Y = 687,000.00 feet;

"THENCE South along the east line of Drilling Unit 8, Block S7-E8 to its intersection with the north city limit line of the City of South Houston;

"THENCE Westerly, along said north city limit line to the northwest corner of the City of South Houston;

"THENCE Southerly, along the west city limit line of the City of South Houston, to its intersection with the north line of forty-acre Drilling Unit 12 in Block S8-E8;

"THENCE West along the north lines of Drilling Units 12 and 11 in Block S8-E8 to the place of beginning.

All bearings, distances and coordinates are grid bearings, distances and coordinates based on the State Plane Coordinate System (Lambert) for the South Central Zone of Texas.

(Code 1968, § 30-10)

Sec. 31-10. Same—Humble Field.

The well spacing provisions of this chapter shall not apply to the Humble Field, the same being composed of the following listed and described 640-acre blocks as set out and established by section 31-3, insofar as they lie within the corporate limits of the city:

N15-E6, N14-E7, N14-E8, N15-E9, N18-E10
N16-E6, N15-E7, N15-E8, N16-E9, N19-E10
N17-E6, N16-E7, N16-E8, N17-E9, N20-E10
N18-E6, N17-E7, N17-E8, N18-E9
N19-E6, N18-E7, N18-E8, N19-E9
N20-E6, N19-E7, N19-E8, N20-E9
N20-E7

(Code 1968, § 30-11)

Sec. 31-11. Same—Webster and Olcott Fields.

The well spacing provisions of this chapter shall not apply to the Webster and Olcott Fields, which consist of the following described forty-acre oil drilling blocks or units:

S10-E10-1, S10-E10-2, S10-E10-3, S10-E10-4, S10-E10-5, S10-E10-6, S10-E10-7, S10-

E10-8, S10-E10-9, S10-E10-10, S10-E10-11, S10-E10-12, S10-E10-13, S10-E10-14, S10-E10-15, S10-E10-16

S10-E11-1, S10-E11-2, S10-E11-3, S10-E11-4, S10-E11-5, S10-E11-6, S10-E11-7, S10-E11-8, S10-E11-9, S10-E11-10, S10-E11-11, S10-E11-12, S10-E11-13, S10-E11-14, S10-E11-15, S10-E11-16

S11-E10-1, S11-E10-2, S11-E10-3, S11-E10-4, S11-E10-5, S11-E10-6, S11-E10-7, S11-E10-8, S11-E10-9, S11-E10-10, S11-E10-11, S11-E10-12, S11-E10-13, S11-E10-14, S11-E10-15, S11-E10-16

S11-E11-1, S11-E11-2, S11-E11-3, S11-E11-4, S11-E11-5, S11-E11-6, S11-E11-7, S11-E11-8, S11-E11-9, S11-E11-10, S11-E11-11, S11-E11-12, S11-E11-13, S11-E11-14, S11-E11-15, S11-E11-16

S12-E10-1, S12-E10-2, S12-E10-3, S12-E10-4, S12-E10-5, S12-E10-6, S12-E10-7, S12-E10-8, S12-E10-9, S12-E10-11, S12-E10-11, S12-E10-12, S12-E10-13, S12-E10-14, S12-E10-15, S12-E10-16

(Code 1968, § 30-11.2; Ord. No. 80-2297, § 2, 7-15-80)

Sec. 31-13. Effect of ineffectiveness of chapter as to part of regulated area.

Should this chapter for any reason be ineffective as to any part of the regulated area, such ineffectiveness as to any such part or parts of the regulated area shall not affect the effectiveness of this chapter as to all the remainder of the regulated area.
(Code 1968, § 30-12)

Sec. 31-14. Application to Addicks and Barker Reservoirs.

The provisions of this chapter shall not apply to any federally-owned surface estate nor to any mineral interest underlying such federally-owned surface estate situated in the Addicks and Barker Reservoirs and condemned or purchased by the federal government in the Addicks and Barker Dams area of Harris County, Texas.
(Code 1968, § 30-13; Ord. No. 80-2862, § 1, 9-24-80; Ord. No. 81-971, § 1, 5-19-81)

Secs. 31-15—31-22. Reserved.

ARTICLE II. PERMIT

Sec. 31-23. Required.

(a) It shall be unlawful and an offense for any person, acting either for himself or as agent, employee, independent contractor, or servant of any other person, to commence to drill, or to operate any oil or gas well within the regulated area of the city, or to work upon or assist in any way in the prosecution or operation of any such well, without a permit for the drilling and operation of such well having first been issued in accordance with the provisions of this article.

(b) In the event a well is completed in one or more oil zones and one or more gas zones through the one-well bore, a permit must be secured from the city for both an oil well and a gas well.

(c) In the event a well is drilled under an oil well drilling permit and the permittee for any reason wishes to complete the well as a gas well, he must first secure a gas well drilling permit.

(d) In the event a well is drilled under a gas well drilling permit and the permittee for any reason wishes to complete the well as an oil well, he must first secure an oil well drilling permit.
(Code 1968, § 30-23)

Sec. 31-24. Application generally; filing fee.

(a) Any person desiring to drill, complete and operate a well for oil or gas within the regulated area of the city shall present an application in duplicate therefor to the building official which application shall be in writing, addressed to the mayor, be signed by the applicant or some person duly authorized to sign the same for the applicant, and shall state:

(1) The date of the application.

(2) The name and address of the applicant and, if the applicant is a corporation, the state of incorporation, and if applicant is a partnership, the names and addresses of the general partners.

(3) The number of the drilling unit, the particular lot and block number or tract in the drilling unit on which the proposed well is to be located and the exact location of the proposed well by Lambert Coordinates.

(4) The type of the well, whether oil or gas, and the proposed depth of the well.

(5) The proposed complete casing program of the well.

(6) The exact and correct number of square feet in the drilling unit over which the applicant has control of oil rights or gas rights.

(b) Attached to the application for such permit shall be:

(1) A plat prepared by a duly licensed surveyor showing the exact location of the proposed well with respect to the drilling unit boundaries and with respect to the boundaries of the lot or block on which the applicant has secured the rights from the owner to drill; designation of lots, blocks, or tracts owned or controlled by the applicant within the drilling unit, and the distances from the well location to all parks, streets, alleys or other public property, residences, commercial buildings and structures situated within 400 feet of the well location.

(2) A copy of Railroad Commission Form 1.

(c) Each application shall be accompanied by the filing fee stated for this provision in the city fee schedule, paid in the form of a cashier's check made payable to the city.

(d) Each application shall be filed by the building official and kept as a part of the public records of the city.
(Code 1968, § 30-24; Ord. No. 90-635, § 67, 5-23-90; Ord. No. 2011-1168, § 13, 12-14-2011)

Sec. 31-25. Notice of application.

Notice of the filing of each application for a permit under this article shall be given by the applicant to each owner and lessee of lots, blocks and tracts within the drilling unit described in the application not owned by or under lease to the applicant as such ownership is disclosed by the deed records of the county in which the property is located. Such notice shall be in words and figures, as follows:

> "Notice is hereby given that _____, acting under and pursuant to the terms and provisions of Chapter 31 of the Code of Ordinances, City of Houston, Texas, and any and all ordinances amendatory thereof, did on the ____ day of _____, 20____, file with the Director of Houston Public Works an application to drill, complete and operate a well for oil (or gas) upon Lot No. ____, Block No. ____ (or other appropriate description), City of Houston, Texas, as per map of record in Volume ____, Page ____, Plat Records of _____ County, Texas, in Drilling Unit No. ____ and located by Lambert Coordinates for the South Central Zone of Texas at the intersection of X = ____ and Y = ____."

At least ten days prior to the granting or refusal of an application, a copy of such notice shall be mailed by registered mail, at the expense of the applicant, addressed to the last known address of each owner and lessee of lots, blocks and tracts in the drilling unit not owned by or under lease to the applicant; and a copy of such notice shall be published, at the expense of the applicant, in every issue of a daily newspaper of the city for ten days prior to the date of the granting or refusal of such application. Proof of such publication shall be made by the printer or publisher of the newspaper by affidavit filed with the building official and shall be prima facie evidence of such publication. The applicant shall file with the building official an affidavit showing the name and last known address of each owner and lessee of lots, blocks and tracts to whom notice is required to be given and the names of each owner and lessee of lots, blocks and tracts to whom notice is required to be given and whose addresses are unknown to the applicant.
(Code 1968, § 30-25; Ord. No. 90-635, § 68, 5-23-90; Ord. No. 93-514, § 46, 5-5-93; Ord. No. 98-613, § 56, 8-5-98; Ord. No. 04-1015, § 18, 9-27-04; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 31-26. Applicant's bond.

(a) If the issuance of a permit under this article is authorized, the same shall not be issued until the applicant files with the building official a bond, executed by the permittee as principal and by a good and sufficient corporate surety company licensed to do business in state as surety, and whose name appears on the

current list published by the United States Treasury Department of accepted sureties on federal bonds, conditioned that the principal obligor will drill and operate the well in strict accordance with the terms of this chapter, and that the principal will remedy any and all damages to streets, curbs, gutters, water lines, fire hydrants and other public property, occasioned in any manner by his drilling of the well. Such bond shall inure to the benefit of the city, shall be in a form to comply herewith, and shall be in the amount of $50,000.00, and shall be approved by the city attorney. A permittee shall not be required to post additional bond if he has approved bonds on file with the city as required by this section totaling $100,000.00.

(b) If the issuance of a permit to operate a well currently producing oil or gas after all drilling operations have ceased is authorized, the same shall not be issued until the applicant files with the building official a bond in the amount of $15,000.00 in accordance with and for the purposes set out in subsection (a) above, except that said security may be in the form of a bond, letter of credit, or other acceptable security approved by the building official and the city attorney. A permittee shall not be required to post additional bond if he has approved bonds or other security on file with the city as required by this section totaling $30,000.00. Any permittee who initially posted a $50,000.00 bond, and whose well is in the producing stage and all drilling operations have ceased, may submit an application to the building official in accordance with section 31-24 to reduce the existing $50,000.00 bond to comply with the lower security provisions of this subsection.

(c) Failure to keep the bond or alternative security in full force and effect, in accordance with the terms hereof, shall cause a revocation of the permit and shall be unlawful.
(Code 1968, § 30-26; Ord. No. 88-1506, § 1, 9-14-88; Ord. No. 90-635, § 67, 5-23-90)

Sec. 31-27. Release from bond.

(a) The Director of Houston Public Works or any assistant director of Houston Public Works is hereby authorized upon request of the surety to release the surety on the bond required herein from future liability on such bond upon the conditions hereinafter provided and as further limited by subsection (b) hereof:

(1) If the permit has terminated and become inoperative as herein provided.

(2) If the permittee has filed with the Director of Houston Public Works notice of his intention to surrender his permit and abandon the premises covered thereby.

(3) After receipt of written notice from the surety advising of cancellation no sooner than 15 days after being mailed or delivered to the city.

(b) Such release of future liability shall in no manner impair any liability which may have accrued prior to the release of future liability herein authorized. Such release shall not be issued until the permittee shall have first complied with all requirements of this chapter relating to the abandoning and plugging of a well. The bond shall be retained by the city in its custody and will not be returned to the surety.
(Code 1968, § 30-26.1; Ord. No. 68-731, § 1, 5-7-68; Ord. No. 90-635, § 69, 5-23-90; Ord. No. 93-514, § 47, 5-5-93; Ord. No. 98-613, § 57, 8-5-98; Ord. No. 04-1015, § 19, 9-27-04; Ord. No. 2018-11, §§ 22, 49, 1-10-2018)

Sec. 31-28. Applicant's liability insurance.

(a) No permit shall be issued under this article until the applicant has filed with the building official a memorandum copy or certificate of a policy of public liability and property damage insurance, issued by an insurance company authorized to do business in the state, to be approved by the city attorney, the amount of which policy for liability for bodily injury or death of one person shall not be less than $100,000.00, and for any one accident, not less than $300,000.00, and the amount of such policy for damage to property of others shall not be less than $100,000.00. The terms and conditions of such policy covering such operations are to be such as to insure persons against loss by liability imposed by law by reason of any accidental personal injury or death to any person other than the insured or his employees, or by reason

of any such loss or damage to property of any person other than the insured or his employees. Each policy of insurance shall contain a provision obligating the insurer to give the city council written notice of cancellation not less than 15 days prior to the date of cancellation. The applicant shall, upon request of the building official, submit the original or a certified copy of any policy for inspection at any time.

(b) Irrespective of the requirements as to insurance to be carried, the insolvency, bankruptcy or failure of any insurance company carrying insurance for any applicant or permittee hereunder, or the failure of any such company to pay claims accruing shall not be held to waive any of the provisions of this chapter. The applicant shall pay promptly all premiums for such insurance in strict accordance with his obligations to his carrier and maintain the above described coverage in full effect so long as the permit is valid and alive.

(c) Failure to keep such policy in full force and effect, in accordance with the terms hereof, shall be unlawful.
(Code 1968, § 30-27; Ord. No. 90-635, § 67, 5-23-90)

Sec. 31-29. Supplemental permit to deepen well.

Once any well has either been completed as an oil or gas producer or abandoned as a dry hole, it shall be unlawful for any person to drill such well to a greater depth than that reached in the prior drilling operations without the permittee, as to such well, obtaining a supplemental permit after filing a supplemental application with the building official specifying:

(1) The then condition of the well and the casing therein.

(2) The depth to which it is proposed such well be deepened.

(3) The proposed casing program to be used in connection with proposed deepening operations.

In any deeper drilling or any deeper completion, or any deeper production operations, the permittee shall comply with all other provisions contained in this chapter and applicable to the drilling, completion and operation of a well or wells, but no additional filing fee shall be required.

Each supplemental application shall be kept as a part of the public records of the city.
(Code 1968, § 30-28; Ord. No. 90-635, § 67, 5-23-90)

Sec. 31-30. Issuance or denial generally.

If, after an application or supplemental application is filed pursuant to this article, it is found by the building official to comply in all respects with the terms of this chapter, and the drilling and operation or deepening and operation of a well is not prohibited by the terms of this chapter, the building official shall issue a permit for the drilling and operation or deepening and operation of the well applied for. The granting and issuance of a permit for a well on a drilling unit shall automatically operate as a rejection and denial of all other pending applications for a well or wells to be completed upon the drilling unit involved, or any portion or portions thereof.

In the event the building official should deny the applicant a permit to drill or deepen a well, an appeal to the city council may be made by such applicant by filing written notice of appeal with the city council. Such appeal shall be heard by the city council within thirty (30) days after the filing date.
(Code 1968, § 30-29; Ord. No. 90-635, § 67, 5-23-90)

Sec. 31-31. Conditions to issuance when applicant does not own or have lease or contract for entire drilling unit.

(a) In the event an application for a permit for the drilling, completion and operation of a well, either for oil or gas, shall be made by any person not owning or holding leases of oil or gas rights, or drilling contracts from the owners of all lots, blocks or parcels of land included in or embraced within a drilling unit, a permit shall be issued to such applicant, his heirs, successors and assigns, only upon the following conditions, in addition to such other conditions as may be provided for in other sections of this chapter: The permittee

shall be free to enter into such contracts and agreements with the owners of such other lots, blocks or tracts as he may be able to make. If agreements are not reached with all owners of lots, blocks and tracts within the drilling unit, then the owner or owners of any given lot or lots, block or blocks, tract or tracts shall have the right or option, by notice to the permittee given in writing within 30 days after the issuance of a permit for a well on the drilling unit involved, either:

(1) To treat his interest as a working interest and contribute toward the actual cost and expense of drilling, completing and operating the well with all necessary appurtenances currently each month in the proportion that the number of square feet in area owned by him in the drilling unit bears to the total number of square feet embraced in the unit, and thereupon receive the same proportion of the oil produced and saved from such well, or its value at the well, at the option of the permittee, and a like proportion of natural gas produced, saved and utilized or sold, or the value of same at the well, at the option of the permittee; or

(2) To treat his interest as a royalty interest and receive, delivered free of cost in the pipeline to which the well may be connected, a share of all oil produced and saved from such well equal to one-eighth of the proportion of the whole quantity of oil and casinghead gas so produced and saved that the number of square feet in the area owned by him bears to the total number of square feet in such drilling unit, or at the election of the permittee, to receive such proportion of the value at the well of the oil so produced, and to receive a like proportion of the gas and casinghead gas produced, saved and utilized or sold, or at the election of the permittee, the market value at the well of such proportion of gas or casinghead gas produced and sold or used off the premises, or, for gas sold at the well, such proportion of the amount realized from such sale.

If any owner does not exercise the right and option above provided, and give notice to the permittee within the period above provided, the obligation shall then be upon the permittee, his heirs, successors and assigns, to make settlement with such owner on the terms provided in option (2) above, providing for the payment of a one-eighth royalty. If the owner of a lot, block, or tract shall exercise option (1) above and treat his interest as a working interest, as therein provided, the permittee shall be entitled to reimburse himself for such owner's proportionate part of the costs out of such owner's proportionate part of the oil, gas and casinghead gas, or the value thereof, before making deliveries of products or settlement for the value thereof. If option (1) is exercised by the owner of any lot, block or tract, such owner shall, within the time provided for notice of his election above set forth, file with the building official a bond or other obligation executed by such owner as principal and by an authorized surety company as surety, in which such principal and surety agree, bind and obligate themselves to pay to the permittee, his heirs, successors and assigns, currently each month, that proportion of the actual and necessary costs and expenses involved in the drilling, completion and operation of such well that the number of square feet embraced within the lot, block or tract of such owner bears to the total number of square feet in such drilling unit, such bond to be approved by the city attorney and held by the building official for the benefit of the beneficiaries therein. Permits shall be issued in all such cases and shall be subject to the provisions of section 31-35 and upon the condition that the permittee, his heirs, successors and assigns, shall make settlement in accordance with the provisions hereof.

(b) The interests of persons other than the permittee who hold oil and gas leases or equivalent contracts, in any drilling unit, shall be treated as part of the total working interest of the drilling unit, and such other persons holding such interests shall each make the following election with the permittee within 30 days from the date of the issuance of a permit with respect to a drilling unit, either:

(1) Agree in writing with the permittee to contribute their share of all costs and

expenses, properly allocated to the well and drilling unit by the permittee in accordance with accepted accounting practice, currently each month in the proportion that the number of square feet in the area held by them or each of them in the drilling unit bears to the total number of square feet embraced in the unit, and within said thirty-day period, execute and file with the building official a bond with an authorized surety company as surety in an amount representing that portion of the estimated maximum cost of the well that the area of land held in fee simple under lease or other contract by the principal bears to the whole area of the drilling unit, conditioned that the principal in the bond will pay to the permittee and his assigns such proportion of the cost of drilling and operating the well, from time to time, as required in the drilling and operation thereof, such bond to be approved by the city attorney and held by the building official for the benefit of all persons interested; and thereupon such persons so acting shall be entitled to participate in the total working interest under the unit; and such persons so acting shall have the right, upon reasonable notice given to the permittee, upon the furnishing of storage tanks or facilities for handling the same, and upon the payment of or securing the payment of their share of the royalty interests and any overriding royalty or oil payment interests thereon, to receive in kind their proportionate share of oil and gas produced and saved from the well in the drilling unit and allocated to the working interest of the well; or,

(2) If such other persons, or any one or more of them, fail to elect under (1) above within such 30-day period, then he or they shall be deemed to have elected to agree that the permittee shall be entitled to reimburse himself currently each month from such other persons' proportionate share of the proceeds of sale or production in kind for twice the amount of such other persons' proportionate part of the costs and expenses as set out in option (1) above.

The permittee and such other persons, or any one or more of them, shall be able to alter the obligations as set out in this section by an agreement made by them in writing; provided such agreement is not repugnant to other rules and regulations set out in this chapter.
(Code 1968, § 30-30; Ord. No. 90-635, § 67, 5-23-90)

Sec. 31-32. Issuance in case of more than one application for same drilling unit.

In case there are applications filed with the building official and pending at the same time, for permits to drill a well in any one drilling unit, by more than one applicant, that application shall be granted, if otherwise sufficient, which shall be made by the person holding the greater area of the land within the drilling unit by ownership in fee, or by a lease or other contract with the owner or owners, permitting the drilling thereon for oil or gas, provided, however, that this section shall not apply to the fields exempted from the well spacing provisions of article I of this chapter.
(Code 1968, § 30-31; Ord. No. 80-2296, § 2, 7-15-80; Ord. No. 90-635, § 67, 5-23-90)

Sec. 31-33. Contents; signing; effect.

Each permit issued under this article shall:

(1) By reference have incorporated therein all provisions of this chapter with the same force and effect as if this chapter were copied verbatim in the permit.

(2) Specify definitely the location of the well and the number of the drilling unit in which the well is to be located.

(3) Specify that drilling shall begin within 90 days from the date of the permit or the permit shall be forfeited; provided, however, such forfeiture shall not affect the right of the applicant to apply for another permit.

(4) Specify that such permit shall remain in full force and effect until the well is abandoned.

Such permit, in duplicate originals, shall be signed by the building official and, prior to delivery to the permittee, shall be signed by the permittee. One original of the permit duly executed, shall be delivered to the permittee and one original of the permit, duly executed, shall be retained and filed by the building official, and, when so filed, shall constitute the permittee's drilling and operating license and the contractual obligations of the permittee to comply with the terms of such permit, of the required bond and of this chapter.
(Code 1968, § 30-32; Ord. No. 90-635, § 67, 5-23-90)

Sec. 31-34. Permit not required for remedial well work operations.

Any person operating any well for oil or gas within the corporate limits of the city may perform any remedial well work operations, except drilling deeper, without a prior permit, provided the operator complies with all safety rules set forth in this chapter and no additional filing fees will be required for such work.
(Code 1968, § 30-33)

Sec. 31-35. Article does not authorize trespass or affect owner's right of contract.

Neither this article nor any permit issued hereunder shall be interpreted to grant any right or license to the permittee to enter upon, use or occupy in any respect for the drilling or operation of any well on any surface land except by the written contract of the surface owner, unless the permittee obtained such right in an oil and gas lease, or other contract; nor shall it limit or prevent the free right of the owner to contract for the amount of damages, rights or privileges with respect to his own land and property.
(Code 1968, § 30-34)

Sec. 31-36. Exemptions from certain requirements.

Any applicant for an oil or gas well permit in a field as described in sections 31-7, 31-8, 31-9, 31-10, 31-11 or 31-12 of this Code, or any other producing oil or gas field hereafter exempted from the well spacing provisions of Article I of this chapter, shall hereafter also be exempt from the provisions of sections 31-25 and 31-31 of this Code; provided, however, that any remaining portion of a city-designated drilling block or unit, not included in a producing oil or gas field exempt from said well spacing provisions and from sections 31-25 and 31-31, shall have the same rights as if no portion of said block or unit fell within such exempt field.
(Code 1968, § 30-35; Ord. No. 80-2296, § 1, 7-15-80)

Secs. 31-37—31-44. Reserved.

ARTICLE III. DRILLING AND OPERATING RULES

Sec. 31-45. Compliance with article.

All persons engaged in the drilling and operation of oil and/or gas wells within the corporate limits of the city shall comply with the rules and regulations prescribed by this article.
(Code 1968, § 30-45)

Sec. 31-46. Installation of pipelines on, under, etc., public property.

In order to enable the holder of each permit to move oil, gas, water or other products to or from each drilling unit within the city limits, the holder of each permit issued under this chapter for the drilling and operation of a well for oil or gas in the city shall apply to the city council for an easement on, over, under, along or across the city streets, sidewalks, alleys and other city property for the purpose of constructing, laying, maintaining, operating, repairing, replacing and removing pipelines so long as production or operations may be continued under any permit issued pursuant to this chapter; provided, however, such permittee shall:

(1) Not interfere with or damage existing water, sewer or gas lines or the facilities of public utilities located on, under or across the course of such rights-of-way.

(2) Furnish to the Director of Houston Public Works of the city a plat showing the location of such pipelines.

(3) Construct such lines or cause same to be constructed out of new or reconditioned pipe in accordance with provisions of article VIII of chapter 40 of this Code, and properly cased and vented if under a street.

(4) Grade, level and restore such property to the same surface condition, as nearly as practicable, as existed when operations for the drilling of the well were first commenced.

(Code 1968, § 30-46; Ord. No. 90-635, § 70, 5-23-90; Ord. No. 93-514, § 48, 5-5-93; Ord. No. 98-613, § 58, 8-5-98; Ord. No. 04-1015, § 20, 9-27-04; Ord. No. 2018-11, § 49, 1-10-2018)

Cross reference—Pipelines along, under or across streets, etc., § 40-228 et seq.

Sec. 31-47. Reserved.

Editor's note—Ord. No. 04-498, § 7, adopted May 26, 2004, repealed § 31-47 in its entirety. Formerly said section pertained to obstructing streets or alleys and derived from Code 1968, § 30-47.

Sec. 31-48. Letters relative to fresh water sands required prior to drilling.

Before drilling and setting casing in any well for oil or gas within the corporate limits of the city, the permittee must contact the Director of Houston Public Works and the state board of water engineers and obtain letters stating where the fresh water sands are to be found in the area or field in which the well is to be drilled. A copy of the state board of water engineers' letter must be filed with the utility official and the permittee must set sufficient surface casing as required. Failure to file a copy of the state board of water engineers' letter shall be unlawful and shall be punishable as such.

(Code 1968, § 30-48; Ord. No. 90-635, § 71, 5-23-90; Ord. No. 93-514, § 49, 5-5-93; Ord. No. 98-613, § 59, 8-5-98; Ord. No. 04-1015, § 21, 9-27-04; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 31-49. Permitted hours for delivery or removal of material, equipment, etc.

Material, equipment, tools or pipe used for either drilling or producing operations at the well shall not be delivered to or removed from the well site except between the hours of 7:00 a.m. and 7:00 p.m. of any day, except in case of emergency.

(Code 1968, § 30-49)

Sec. 31-50. Derrick and rig.

It shall be unlawful for any person to use or operate, in connection with the drilling or re-working of any well within the city limits, any wooden derrick or steam powered rig, or to permit any drilling rig or derrick to remain on the premises or drilling site for a period longer than 60 days after completion or abandonment of the well. All engines shall be equipped with effective mufflers.

(Code 1968, § 30-50)

Sec. 31-51. Drilling fluid.

No well shall be drilled or re-worked in the city without the bore hole at all times being filled with drilling fluid of such weight and viscosity as a reasonably prudent operator would use to keep the well under control at all times.

(Code 1968, § 30-51)

Sec. 31-52. Swabbing operations and drill stem tests.

It shall be unlawful for any person, in connection with the drilling or re-working operations of any well within the city, to conduct any swabbing operations or to take and to complete any drill stem test except during daylight hours. Drill stem tests may be conducted only if the well effluent during the test is produced through an adequate oil and gas separator to storage tanks, and the effluent remaining in the drill pipe at the time the tool is closed is flushed to the surface by circulating drilling fluid down the annulus and up the drill pipe.

(Code 1968, § 30-52)

Sec. 31-53. Casing.

(a) The operator of any well in any field or area within the city, shall be required to set and cement a sufficient amount of surface casing to properly protect all fresh water sands as specified by the state board of water engineers and the Director of Houston Public Works for the particular area or field. The surface casing shall be of new or reconditioned casing and shall be set and cemented in accordance with the rules, regulations and orders of the state railroad commission for the field or area in which the well is to be drilled. Cementing shall be by the pump and plug method and sufficient cement shall be used to fill the calculated annular space back of the casing to the surface of the ground and the cement shall be allowed to stand for a period of 12 hours before drilling plug.

(b) In lieu of setting the full amount of surface casing required to protect fresh water sands, the permittee may use the multi-stage cementing process. In using the multi-stage cementing process, sufficient cement shall be used in the stage cement job that is equivalent to the volume of the annulus from the cementing tool to the surface of the ground. Should the cement not reach the surface of the ground, a temperature survey must be conducted and if the survey shows that the top of the cement is less than one-third of the distance from the shoe of the surface casing to the surface, then corrective measures must be taken. Any permittee using the multi-stage process must file with the utility official a copy of the state railroad commission letter granting such permit and an affidavit from the company performing the cementing. Failure to file either of these shall be unlawful and shall be punishable as such.

(c) In any well drilled in any field or area within the city, the producing string of casing shall be of new or reconditioned pipe which has been tested and withstood the maximum anticipated pressures to be encountered. Cementing shall be by the pump and plug method and sufficient cement shall be used to fill the calculated annular space back of the casing to a point at least 600 feet above the shoe or the highest productive zone, whichever is applicable, and the cement shall be allowed to stand for a period of 12 hours before drilling plug. After cementing, the casing shall be tested at a pressure in pounds per square inch calculated by multiplying the length of the producing string by two-tenths, being the maximum test pressure required. If at the end of 30 minutes the pressure shows a drop of ten percent or more of the above required test pressure, the casing shall be condemned. After corrective operation, the casing shall again be tested in the same manner.
(Code 1968, § 30-53; Ord. No. 90-635, § 72, 5-23-90; Ord. No. 93-514, § 50, 5-5-93; Ord. No. 98-613, § 60, 8-5-98; Ord. No. 04-1015, § 22, 9-27-04; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 31-54. Blowout preventers.

Two dual controlled, fluid operated blowout preventers with working pressures equal to the maximum anticipated wellhead pressures shall be used for all drilling or completion operations involving the use of drill pipe or tubing after the surface casing has been set. The mechanical operation of the preventers shall be checked every 24 hours and shall be tested with pump pressure with enough frequency to insure good working order at all times.
(Code 1968, § 30-54)

Sec. 31-55. Christmas tree fittings and wellhead connections.

All completed wells within the city shall be equipped with Christmas tree fittings and wellhead connections, with a rated working pressure equal to or greater than the surface shut-in pressure of the well. All wellhead connections shall be assembled and tested prior to installation by a fluid pressure which shall be equal to the test pressure of the fitting employed.
(Code 1968, § 30-55)

Sec. 31-56. Flaring and burning of escaping gas.

No person engaged in drilling or operating any well shall permit gas to escape or be vented into the air unless such gas is flared and burned. All gas flared or burned from a torch, pipe or other burning device within the city must be

done in such manner so as not to constitute a fire hazard to any property, and the location of the torch, pipe or other burning device and the construction, maintenance and operation thereof shall at all times be in full compliance with such regulations as may from time to time be issued by the fire marshal of the city.
(Code 1968, § 30-56)

Sec. 31-57. Disposal of salt water and other impurities.

Any person drilling or operating a well for oil or gas shall make adequate provisions for the disposal of salt water or other impurities which may be produced along with the oil or gas in such a manner as not to contaminate the water supply of the city or destroy vegetation.
(Code 1968, § 30-57)

Sec. 31-58. Escape of waste matter onto adjoining property prohibited.

It shall be unlawful for any person to permit to escape any mud, water, oil, slush or other waste matter related to the drilling or operating of any oil or gas well into any adjoining lots upon which the permittee does not have leases or other contractual rights to use the surface, or upon leases not owned by the permittee, or into the alleys, streets, gutters or sewers of the city.
(Code 1968, § 30-58)

Sec. 31-59. Slush tanks for mud or water.

Only portable steel slush tanks for mud or water shall be permitted in connection with the drilling and re-working operations of any well.
(Code 1968, § 30-59)

Sec. 31-60. Crude oil storage tanks; separators; etc.

It shall be unlawful for any person to use, construct or operate in connection with any producing well within the city limits any crude oil storage tanks except to the extent of two steel tanks for oil storage, not exceeding 500-barrel capacity each, and so constructed and maintained as to be vapor tight and each surrounded with an earthen fire wall at such distance from the tanks as will, under any circumstances, hold and retain at least one and one-half times the maximum capacity of such tank. A permittee may use, construct and operate a steel conventional separator, and such other steel tanks and appurtenances as are necessary for treating oil with each of such facilities to be so constructed and maintained as to be vapor tight. Each oil and gas separator shall be equipped with both regulation pressure relief safety valve and a bursting head.
(Code 1968, § 30-60)

Sec. 31-61. Equipment for secondary recovery, pressure maintenance or automatic lease operations.

Any person may install equipment for the purpose of secondary recovery or pressure maintenance operations or for automatic lease operations provided such person complies with all safety requirements of this chapter and of the state railroad commission.
(Code 1968, § 30-61)

Sec. 31-62. Fired vessel or open flame prohibited near well or storage tank.

It shall be unlawful for any person within the corporate limits of the city to install any fired vessel or open flame nearer than 150 feet to any well or storage tank.
(Code 1968, § 30-62)

Sec. 31-63. Fencing.

All wellheads, tank batteries, pumping units and equipment appurtenant thereto within the city, which are located within a densely populated area or nearer than 100 feet to a public street shall be adequately protected by a fence so constructed that it will prevent easy entry. Any wellhead, tank battery, pumping units or equipment appurtenant thereto which is located on any lease, tract or farm, which is fenced in its entirety, will require no additional protection other than that commonly used by prudent operators. Fences to prevent easy entry shall be approved by the building official.
(Code 1968, § 30-63; Ord. No. 90-635, § 67, 5-23-90)

Sec. 31-64. Maintenance of premises.

The premises shall be kept in a clean and sanitary condition, free from rubbish of every character, at all times during the drilling operations and as long thereafter as oil and/or gas is being produced therefrom. All of the permittee's premises shall be kept clear of high grass, weeds and combustible trash or any other rubbish or debris that might constitute a fire hazard within a radius of 100 feet around any oil tank or tanks, or producing wells, or to the limits of the premises, whichever is the lesser.
(Code 1968, § 30-64)

Sec. 31-65. Prime movers.

No prime movers shall be permitted within the corporate limits of the city for the purpose of pumping wells, except electric motors.
(Code 1968, § 30-65)

Sec. 31-66. No smoking signs.

Printed signs reading "DANGER, NO SMOKING ALLOWED" or similar words shall be posted in conspicuous places on each well, storage tank or battery of tanks, within the corporate limits of the city.
(Code 1968, § 30-66)

Sec. 31-67. Abandonment generally.

Whenever any well is abandoned within the city limits it shall be the obligation of the permittee to plug such well in accordance with the rules and regulations of the state railroad commission and to take any and all additional provisions or precautionary measures prescribed by the state or the state railroad commission in connection with abandonment and plugging of the well. It shall be the further obligation of the permittee or the operator of the well to cut the surface casing off at least six feet below the surface of the ground and to place at least a 25 foot cement plug in the top of the casing and to weld the top of the casing completely shut. The resulting hole in the ground must be completely filled to the surface of the ground and duly tamped.
(Code 1968, § 30-67)

Sec. 31-68. Removal of mud and similar materials upon completion or abandonment.

Within 15 days after the completion or abandonment of any oil or gas well, the mud and other similar matter and materials used in connection with the drilling and operations thereon shall be removed from the premises.
(Code 1968, § 30-68)

Sec. 31-69. Violation of state law or rules, regulations, etc., of state or federal regulatory body.

Any violation of the law of the state or any rules, regulations or requirements of any state or federal regulatory body having jurisdiction in reference to drilling, completing, equipping, operating, producing, maintaining or abandoning an oil or gas well or related appurtenances, equipment or facilities, or in reference to fire walls, fire protection, blow-out protection, safety protection or convenience of persons or property, shall also be a violation of this article and shall be punishable as such.
(Code 1968, § 30-69)

Chapter 32

PARKS AND RECREATION*

Art. I.	**In General, §§ 32-1—32-24**
Art. II.	**Use of Parks, §§ 32-25—32-58**
Art. III.	**Park Events, §§ 32-59—32-85**
Art. IV.	**Municipal Golf Courses, §§ 32-86—32-115**
Art. V.	**Nature Preserves, §§ 32-116—32-145**
Art. VI.	**The Houston Zoo, §§ 32-146—32-170**
Art. VII.	**Reserved, §§ 32-171—32-200**
Art. VIII.	**Houston Parks Board LGC, Inc., §§ 32-201—32-220**
Art. IX.	**Park Food Vendors, §§ 32-221—32-241**
	Div. 1. Generally, §§ 32-221—32-239
	Div. 2. Food Trucks, §§ 32-240, 32-241
Art. X.	**Reserved, § 32-242**
Art. XI.	**Miller Theatre Advisory Board, §§ 32-243—32-260**
Art. XII.	**Houston Youth Recreation Programs Standards of Care, §§ 32-261—32-299**
	Div. 1. Generally, §§ 32-261—32-270
	Div. 2. Staffing Qualifications and Training, §§ 32-271—32-280
	Div. 3. Operations, §§ 32-281—32-290
	Div. 4. Facility Standards, §§ 32-291—32-299
Art. XIII.	**Buffalo Bayou Park, §§ 32-300—32-310**
Art. XIV.	**Memorial Park, 32-311, 32-312**

ARTICLE I. IN GENERAL

Sec. 32-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings assigned in this section, except where the context clearly indicates a different meaning:

Department means the parks and recreation department of the city.

Director means the director of the department of parks and recreation of the city or the director's designee.

Members of the public shall include all persons other than (1) those engaged in park maintenance and construction under authority of the city, and (2) officers, employees, and agents of government while engaged in the performance of their duties of employment or office.

Parks means the various properties under the direction, control and supervision of the director pursuant to the authority granted in sections 32-4 and 32-5 of this Code.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-2. Department—Created.

There is hereby created and established the parks and recreation department of the city.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-3. Same—Director generally.

There is hereby created the office of director of the department of parks and recreation of the city. The director shall be the head of the department and shall be appointed by the mayor, subject to confirmation by the city council.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

---

*__Editor's note—__Ord. No. 2016-65, § 2(Exh. A), adopted January 20, 2016, amended Ch. 32 in its entirety to read as herein set out. Formerly said chapter pertained to similar subject matter and derived from Code 1968, §§ 31-1—31-172 and subsequent amendatory ordinances. See the Code Comparative Table for a complete derivation.

__Charter reference—__Authority of city to own, operate, etc., parks and recreational facilities, Art. II, §§ 4, 7a.

__Cross references—__Convention and entertainment facilities, Ch. 12; Lake Houston, Ch. 23; libraries, Ch. 24; pay toilets in public places, § 28-29; recreational areas in manufactured home parks, § 29-91; recreational buildings in manufactured home parks generally, § 29-117; street dances, § 40-27; speed limit in parks, § 45-93.

Sec. 32-4. General duties of director.

It shall be the duty of the director to direct, control and manage all parks, parkways, esplanades, trails, playgrounds and recreation buildings and other improvements on park and playground property belonging to or under the control of the city and such other grounds as may be placed under his control, from time to time, by the mayor and city council, and to direct the improvement and maintenance of all such properties.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-5. Authority of the director.

(a) The director shall have authority to promulgate written rules and regulations for the administration of the department and for the orderly management and use of parks by the public, provided that such regulations do not conflict with valid laws or ordinances. A copy of such rules and regulations shall be published on the city(s website and maintained for public inspection in the offices of the director and the city secretary.

(b) The director shall be authorized to contract with referees and sports field monitors for athletic contests and instructors for recreation classes. Fees paid to referees, sports field monitors, and recreation instructors shall be approved by the city council. No such referee, sports field monitor, or recreation instructor shall be considered an employee of the city.

(c) From time to time, city council may approve contracts with other entities for the operation or management of various parks or park facilities. These city council approved contracts shall be the governing rules and regulations for the specified parks or park facilities.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-6. Trees, shrubs and plants in public property.

(a) The director shall have authority and jurisdiction over all trees, shrubs and plants of any kind and character that are now or may hereafter be planted on or along the streets or other public places of the city, including all plantings of every kind and character lying outside of the property lines of privately owned property and as prescribed in chapter 33 of this Code.

(b) The director shall have the duty to:

(1) Direct, regulate and encourage the planting, culture and preservation of shade and ornamental trees and plants on the streets and public places of the city;

(2) Direct, regulate and encourage the pruning, spraying, cultivation and maintenance of such trees and plants, and to direct the time and method of pruning and trimming the same;

(3) Remove or cause to be removed any tree or plant, or other obstruction, that in his judgment, would interfere with the development of adjoining trees or plants or with the free use of the streets or sidewalks;

(4) Advise property owners with respect to the kinds of trees to plant or shrubbery desired on the particular street, and the method of planting the same;

(5) Take all such measures as may be deemed necessary or desirable to control all dangerous insects, pests and plant diseases that may affect trees or shrubbery on the streets or other public places in the city;

(6) Devise plans for the planting of trees on and along the streets between the curbs and property lines within the city, where trees may be desirable;

(7) Prescribe the character, kind, size, space and position of all trees so planted on or along public streets or other public places;

(8) Prevent the planting of trees, shrubs or other plants that are not in his judgment desirable; and

(9) Plant or cause to be planted such trees on or along such streets or other public places as the director may deem proper.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-7. Revenues from park operations.

(a) All revenues derived by the city in any manner from park user fees as defined in section 32-69 of this Code and from concession agreements authorized under section 32-8(b) (collectively denoted "park revenues"), except revenues received by the city from city park golf facilities as set out in subsection (b) below, shall be regularly remitted to the city controller with an accounting thereof. Unless otherwise expressly provided by ordinance or state law, park revenues shall be deposited in the parks special revenue fund to be used for repairs, replacement, and renovation of parks' revenue producing facilities, and equipment and for maintenance and operation of parks' revenue producing facilities and activities. By 60 days following the end of each fiscal year, any amount of money in the fund's current fiscal yearend fund balance that is in excess of four months of the average of the previous three fiscal years' audited expenditures less debt from the current fiscal year's ending fund balance, may be appropriated by city council and transferred to the General Fund for general city expenditures, as needed.

(b) Unless otherwise expressly provided by ordinance, 100 percent of the revenues received by the city and derived from all city-owned golf facilities, whether operated by the city or private entities, including all related concession fees, shall be deposited into the parks golf special fund to be used exclusively for the maintenance, operation and improvements of any or all of such golf facilities.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2018-366, § 2, 5-2-2018; Ord. No. 2019-447, § 3, 6-12-2019)

Sec. 32-8. Concessions in parks.

(a) Except as otherwise specifically authorized in this Code, no person shall have the right to offer or promote anything for sale or barter, or to exhibit anything, or to conduct any amusement, recreational activity, sports event, or other business for which any participation or admission fee is charged or revenue is otherwise derived, within any park without first obtaining the written consent of the director as provided in this section.

(b) Consent, for the purpose of subsection (a) of this section, may be granted in writing by the director upon receipt of uniform standard fees, conditions and consent forms adopted therefor pursuant to section 32-69 of this Code, if the right is nonexclusive and of six months' duration or less. Any other consent shall be effective only if granted by an express written contract therefor which has been executed by the mayor pursuant to an ordinance of the city specifically authorizing the execution thereof.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-9. Certain facilities to be managed by houston first corporation.

The city facilities known as Fish Plaza, Jones Plaza, Miller Outdoor Theater, Sesquicentennial Parks I and II, Sweeney Clock Triangle and Root Memorial Square shall be managed by Houston First Corporation. The provisions of this chapter shall be applicable to these facilities to the extent that they may constitute parks, but any duties and responsibilities placed upon the department and its director and employees hereunder shall, with respect to these facilities, be instead performed by Houston First Corporation. Nothing in this section shall be construed to affect the status of these facilities, and their mention in this section shall not be construed to dedicate the facilities as parks if they have not already been so dedicated.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-10. Maintenance or adoption of natural areas.

Any person desiring to maintain a "natural area," as provided in section 10-451(b)(10) of this Code, whether situated in a park or not, or desiring to adopt such an area that is located in a park, parkway, trail, esplanade, playground, or other property belonging to or under the control of the city, shall submit an application to the director, and obtain a permit for that purpose. As authorized in section 32-5 of this Code, the director shall promulgate rules and regulations for natural areas, which shall include, but not be limited to, permit procedures, a list of unacceptable plants, and maintenance requirements.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-11. Off-leash dog recreation areas.

(a) The director is authorized to designate parks or portions of parks as off-leash dog recreation areas in which persons may allow unleashed dogs to be at large. The director may promulgate rules and regulations as provided in section 32-5 of this Code for the operation of off-leash dog recreation areas, provided that any such regulations shall be reviewed and countersigned by the director of the department of administration and regulatory affairs with respect to animal regulation and care issues, including but not limited to:

(1) Security measures to assure that the unleashed dogs remain contained within the dog recreation area;

(2) Control of noise and other potential nuisances that might affect nearby land uses;

(3) Parasite control;

(4) Feces control within the dog recreation area and feces runoff from the dog recreation area; and

(5) Provisions for the exclusion of dogs that do not participate in compliance with the applicable regulations or that demonstrate aggressive behavior towards other dogs or persons.

(b) Dogs within off-leash dog recreation areas shall not be subject to impoundment for being or running at large as otherwise provided in chapter 6 of this Code provided that such dogs, while in the designated off-leash dog recreational areas, must remain under the immediate personal supervision and command of their owner or handler. It is a defense to prosecution under any provision of chapter 6 of this Code relating to being or running at large of a dog that the dog and its owner or handler were in a designated off-leash dog recreation area of a park.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Secs. 32-12—32-24. Reserved.

ARTICLE II. USE OF PARKS

Sec. 32-25. Alcohol.

The director may promulgate rules and regulations as provided in section 32-5 of this Code relating to the possession or consumption of any alcoholic beverages while in the parks. Nothing in this section limits the director's authority to promulgate rules and regulations relating to the sale or distribution of alcoholic beverages by city-authorized vendors, park permittees, and concessionaires operating within the parks.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-26. Playing of musical instruments.

Without the express written permission of the director, it shall be unlawful for any person to play any musical instrument or use any sound amplification equipment in violation of the applicable provisions of chapter 30 of this Code within the parks other than for his own enjoyment, provided that such person shall not thereby encroach upon the use and enjoyment of the parks by others.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-27. Glass bottles and containers prohibited.

Without the express written permission of the director, it shall be unlawful for any person to bring into or upon the parks, or have in his possession while therein or thereupon any glass receptacle, including but not limited to, glass bottles, glass jars, drinking glasses and glass containers of any kind. This provision shall not apply to baby bottles, baby food jars, glass lined vacuum bottles and glass lined picnic beverage coolers.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-28. Camping.

(a) For purposes of this article, the term camp or camping means the erection of a tent or the use of other materials, including but not limited to, sleeping bags, bedrolls, blankets, sheets, tarps, cardboard, or other materials, to provide sleeping quarters for temporary human habitation.

(b) It shall be unlawful for any person to camp in any area of the parks. This section shall not apply to persons camping in areas designated for overnight camping pursuant to rules and regulations promulgated in accordance with section 32-5 of this Code.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-29. Parking and driving vehicles.

(a) It shall be unlawful for any person to park any vehicle on park property except in areas designated for such purpose.

(b) It shall be unlawful for any person to drive or propel any vehicle over or through the parks, except along or upon park roads or to drive or propel along or over any park road any heavily laden vehicle or vehicle carrying merchandise, goods, material or rubbish, or any moving van or truck. This section shall not apply to golf carts operated upon golf course cart paths or bikes and personal assistance mobility devices operated upon designated park roads authorized for such use by the director. For purposes of this subsection, personal assistance mobility device means any mobility device powered by batteries or fuel or other engine that is used by an individual with mobility impairment.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-30. Riding or driving animals.

It shall be unlawful for any person to ride or to drive any horse or other animal over or through the parks, except along and upon the designated bridle paths and driveways.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-31. Injuring, etc., animals, fowl or fish.

It shall be unlawful for any person to tease, annoy, injure, catch, or throw any stone, object or missile of any kind at, or strike with any stick, object or weapon, any animal in the parks.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-32. Erecting structures, bill posting, etc.

It shall be unlawful for any person to place, erect, or attach any structure, sign, bulletin board, post, pole or advertising device of any kind whatever in the parks, or to attach any notice, bill, poster, sign, wire, rod or cord to any tree, shrub, fence, railing, post or structure in the parks unless authorized by rule or regulation promulgated pursuant to section 32-5 of this Code.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-33. Walking, standing or sitting on borders, flower beds, etc.

It shall be unlawful for any person to walk, stand or sit on any border, flower bed, monument, vase, fountain, railing or fence in the parks.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-34. Hunting and firearms.

It shall be unlawful for any person to hunt any animal or shoot, fire, display, or discharge any air-gun, paint-ball gun, pistol, shotgun, rifle, or other firearm or archery arrow in, on, along or across the parks; provided however, the director may authorize hunting for wildlife management purposes in Lake Houston Wilderness Park during designated seasons and times according to state law and the regulations of the Texas Parks and Wildlife Department. The provisions of this section shall not apply to designated target ranges and other areas of the parks approved for such use by the director. The provisions of this section are cumulative of all applicable state laws concerning the regulation of firearms by municipalities.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-35. Fishing.

It shall be unlawful for any person to catch fish within the parks. It shall be an affirmative defense to prosecution under this section that the actor is:

(1) Fishing in an area of Lake Houston, Lake Houston Wilderness Park, Cullinan Park Oyster Creek, or Keith Weiss Park in which fishing is permitted under this Code; or

(2) Twelve years of age or less or 65 years of age or more and is fishing in any body of water which has been designated for fishing by children and elderly persons by regulations promulgated by the director pursuant to section 32-5 of this Code.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-36. Playing baseball, football, etc.

It shall be unlawful for any person to play any game of baseball, football, golf, cricket, lacrosse, polo, soccer, hockey or other game of like character in the parks, except at the places set apart and designated as grounds therefor.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-37. Canoeing or boating on lakes.

(a) It shall be unlawful for any person to place any canoe, kayak, raft, boat, or vessel of any type or description upon the waters of any lake or pond upon the parks except Lake Houston. This section shall not apply to model or toy boats that are not designed or intended for human transportation or to any recreational project sponsored by the department and supervised by its employees or representatives or, in accordance with subsection (b), canoeing or kayaking in Cullinan Park, Lake Houston Wilderness Park, or Keith Wiess Park that is conducted in compliance with the director's rules and regulations.

(b) The director may by rules and regulations adopted under section 32-5 of this Code authorize canoeing for individual and family pleasure in Cullinan Park, Lake Houston Wilderness Park, or Keith Wiess Park. Without limitation, the rules and regulations shall be intended to preserve the park as a place of beauty and peacefulness and shall not authorize motorized canoes or kayaks, canoe or kayak rentals, or concessions or competitive canoeing or kayaking activities.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-38. Compliance with law is condition of use of parks and playgrounds.

(a) Any person may use the parks for any lawful purpose; provided however, the use of the parks shall be subject to compliance with all applicable provisions of this Code and state and federal law.

(b) The director, all other employees of the department, and members of the City of Houston Police Department are hereby individually and severally authorized and directed for and on behalf of the city to notify any person who fails or refuses to comply with any applicable provision of law or of departmental rules and regulations to depart from any city property or building under the control of the department. It shall be unlawful for any person who, upon receiving such notice, fails to depart from any such property or building.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-39. Exemptions.

The provisions of this article shall not be construed to apply to workmen of the city and its agents and contractors in the lawful discharge of their respective duties.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-40. Violations declared nuisance.

It shall be unlawful for any person to neglect or refuse to comply with any provision of this article. Additionally, any neglect or refusal to comply with any provision of this article shall be deemed a nuisance and may be abated in the manner provided by law and by the ordinances of the city for abatement of nuisances.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-41. Park hours—Generally.

(a) With the exception of overnight camping areas designated by the director, Parks and park facilities shall be open to members of the public between the hours of 6:00 a.m. and 11:00 p.m. unless other public use or visitation hours have been posted for such park or park facility pursuant to rules and regulations promulgated in accordance with section 32-5 of this Code or permitted in writing by the director in accordance with article III of this chapter.

(b) It shall be unlawful for any person to remain within any park or park facility outside the hours designated or permitted for its use who fails to leave immediately after being requested to do so.

(c) Nothing in this section shall be construed to prohibit the use of sidewalks, roadways, parkways, trails, streets, or esplanades for vehicular or pedestrian traffic outside of designated park hours unless such use is

prohibited pursuant to section 26-91 of this Code. The director is authorized to designate interior sidewalks, roadways, parkways, trails, streets and esplanades that are dedicated for park use and serve park areas only.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Secs. 32-42—32-58. Reserved.

ARTICLE III. PARK EVENTS

Sec. 32-59. Park use permit required.

(a) Park use permits are required for certain activities so that parks personnel can limit or eliminate activities that would tend to damage the park or are likely to create an atmosphere that would discourage use of the park for its intended purpose or, if not limited via regulatory controls or eliminated, would allow one person or group to monopolize any portion of a park, park road, or other park property to the exclusion of others. Pursuant to section 32-5 of this Code, the director shall identify and may from time to time amend the designation of any portion of a park, park road, or park property wherein any conduct authorized by this article or other proposed use inconsistent with the use of the park, park road, or park property for its intended purposes is strictly prohibited.

(b) Notwithstanding the regulatory provisions of this article and other applicable provisions of this Code incorporated by reference herein, nothing in this article shall be construed to prevent members of the public from assembling in parks for the purpose of engaging in lawful activities without holding a permit pursuant to the terms of this article.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-60. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings assigned in this section, except where the context clearly indicates a different meaning:

Park event means:

(1) Any group activity or organized event of more than 75 people, including but not limited to picnics, parties, family, religious institution, community or school events, or other similar activities; or

(2) Any group activity or organized event that involves the reservation or temporary exclusive use of a designated area of a park, park road, or other park property.

Permittee means a person in receipt of a park use permit.

Park use permit means written authorization from the director for the use of a park, park road, or other park property to conduct a park event.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-61. Park event—Park use permit required.

(a) Except as otherwise specifically authorized in this Code, it shall be unlawful for any person to conduct a park event without first having secured a park use permit.

(b) Notwithstanding any other provision of this article, any request to conduct a park event that is of a size and nature requiring the significant provision or coordination of city services shall require a special event permit pursuant to chapter 25 of this Code.

(c) The provisions of this article shall be cumulative of all applicable rules and regulations promulgated pursuant to section 32-5 of this Code.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-62. Park event areas.

(a) In each park, the director shall maintain a map or general description of each area in that park designated for park event use. Complete lists of the parks with designated areas shown thereon shall be maintained in the offices of the director and the city secretary. The use of any other portion of a park, park road or other park property for a park event is strictly prohibited unless expressly authorized in writing by the director.

(b) Use of the designated areas for park events shall be on a first-come, first-served basis, unless a permit for a specific area has been issued. The director shall cause all completed written applications received pursuant to section 32-63 of this Code to be immediately time stamped upon their actual receipt by his office. The first in time shall be the first in right, provided that if two or more conflicting applications are received simultaneously, then the precedence shall be determined by an impartial means of chance.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-63. Application for park use permit.

An applicant for a park use permit shall make written application to the director setting forth the following information:

(1) The date of application;

(2) The proposed area desired to be used to conduct the park event;

(3) The date and time period for use of the proposed area;

(4) The name, address and phone number of the applicant;

(5) The name of the person reserving the park, park road, or other park property;

(6) The estimated attendance;

(7) The type or purpose of the function;

(8) The type of sound system or amplified sound equipment to be used, if any;

(9) The special effects or features to be utilized, if any; for example, hot air balloons, gun salutes (blanks only), fireworks, bands, moonwalks, petting zoos, or portable stages;

(10) Whether the function sponsored is for profit or nonprofit;

(11) Whether goods will be sold or fees charged; and

(12) Any other information required by the director.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-64. Review; issuance; denial of park use permit.

The director shall review each application to ensure the proposed park event complies with all applicable provisions of this chapter. Upon reviewing the application, the director shall:

(1) Issue a park use permit if the applicant has satisfied all applicable requirements of this chapter; or

(2) Deny the issuance of the park use permit if:

a. The proposed designated area has been previously reserved;

b. The proposed designated area is not one in which park events are authorized pursuant to subsection (a) of section 32-62 of this Code.

c. The applicant refuses to pay any applicable fees imposed by the city pursuant to section 32-69 of this Code;

d. The applicant refuses to obtain a concession consent pursuant to section 32-8 of this Code, if applicable;

e. The size, nature, or duration of the proposed park event is inappropriate for the proposed designated area or will substantially interrupt the safe and orderly movement of traffic, or police, fire or ambulance emergency equipment on streets adjacent to, running through or around the park;

f. The proposed park event would be disruptive to or incompatible with or cause an adverse effect on the use and enjoyment of the designated area by others;

g. The proposed designated area is not suitable because of landscaping, planting or other environmental conditions reasonably likely to be harmed or damaged by the proposed event;

h. The proposed designated area is not suitable because it is a specialized

area designated for a particular use (i.e. the zoo, a swimming pool, or golf course);

i. The application contains a material falsehood or misrepresentation;

j. The proposed park event is of a size and nature requiring the applicant to obtain a special event permit;

k. The proposed park event consists of conduct prohibited by law;

l. The applicant refuses to comply with conditions imposed by the director to ensure that public property is not damaged and the comfort, convenience, safety, and welfare of the public is not disturbed; or

m. The applicant fails or refuses to comply with any other applicable law or directive of the director.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-65. Procedure upon denial of park use permit.

If the director denies the issuance of a park use permit, the director shall notify the applicant of the denial, the reason therefor, and the applicant's right to appeal pursuant to section 32-67 of this Code, by letter mailed to the applicant at the applicant's address stated on the park use permit application or by electronic mail at an email address provided by the applicant. If the denial is based upon subitems b, d, e, f, g, or h of item (2) of section 32-64 of this Code, the director shall advise the applicant of alternative designated areas, if any, capable of accommodating the proposed park event.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-66. Park use permit contingent upon approved traffic or security precautions.

If the director, after consulting with the police chief, determines the proposed park event may reasonably be expected to result in injury to persons or property, or create a riot or disturbance detrimental to the health, safety and welfare of the public, the director shall require traffic or security precautions be taken to permit the use of the authorized designated area. In such case, the director may issue the park use permit upon condition that the applicant must submit a written traffic or security proposal and obtain the director's approval thereof prior to the proposed park event. The director shall not consider the content of expression or overall subject matter of the proposed park event in determining whether the provision of any traffic or security proposal shall be required. The traffic or security proposal shall be subject to review, approval and appeal in the same manner as a park use permit application under this article.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-67. Appeal of denial or revocation of park use permit.

(a) The decision of the director is final unless appealed under this section. A park use permit applicant may appeal the denial or revocation of a park use permit by filing a written request for a hearing with the director within ten business days of the date of receipt of the denial. A hearing shall be conducted within ten business days of the receipt of such request before a hearing officer appointed by the director.

(b) In each proceeding before the hearing officer, the burden shall be upon the park use permit applicant to demonstrate that he has satisfied all requisites of this article, including all rules and regulations promulgated by the director regarding the issuance of park use permits, and is therefore in good standing to receive the requested park use permit. Any such hearing shall be conducted under rules established by the director consistent with the nature of the proceedings. The hearing officer shall render a written decision on the matter within five business days after the date of the hearing and immediately provide a copy of the decision to the park use permit applicant. The decision shall be final and shall exhaust the park use permit applicant's administrative remedies.

(c) If the time requirements set forth in this section appear inadequate to resolve the appeal prior to the proposed date of park event, the burden shall be upon the park use permit

applicant to expedite any filings required and to request that the hearing officer conduct the hearing and render a written decision in a timely manner. The park use permit applicant's request for an expedited hearing shall be granted, and the hearing officer's written decision shall be issued in a timely manner if reasonable under the circumstances.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-67.1. Duties of permittee.

(a) It shall be the duty of every permittee to:

(1) Obey all laws and terms and conditions of the park use permit;

(2) Clean the area used at the conclusion of the park event and restore the area and property used to the same condition as existed prior to the park event; and

(3) Reimburse the department for any expenses incurred, including the cost of labor, to clean, restore, and make any necessary repairs to park property and equipment damaged during the park event.

(b) The director may impose a cleaning or security deposit in an amount sufficient to cover the costs, including staff time, of cleaning, restoring, and repairing park property in the event park property is damaged during the park event.

(c) This provision shall be cumulative of any rules and regulations the department already has in place.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-68. Transfers, refunds.

The director, subject to the approval of the mayor and city council, may establish rules and regulations pursuant to section 32-5 of this Code relating to refunds. No refund shall be made except as authorized pursuant thereto. Permits may not be assigned or transferred under any circumstances.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-69. Park user fees.

(a) Fees and charges for park concessions, rentals, vending licenses and permits, park use permits, admissions, golf and tennis, as well as athletics and recreation classes sponsored by department (collectively denoted "park user fees") shall be established by the city council. The schedule of fees approved under this provision shall be included in the city fee schedule. A copy of the schedule of park user fees shall be maintained for public inspection both in the office of the city secretary and the office of the director.

(b) It shall be the responsibility of the director to submit to the city council, as appropriate, revisions to the schedule of park user fees. The city council may act upon any such submittal by motion.

(c) In the event a participation or admission fee is charged by any person for any activity using park grounds or facilities, then the user fee applicable thereto shall be the park user fee established by city council, if any, plus the current percentage approved by the mayor and city council of the gross revenue derived from participation and admission fees. The director shall require the use of consecutively numbered admission tickets, recording cash registers or other reasonable methods to ensure accurate accounting of receipts and revenues derived from such activities.

(d) Park facilities shall be made available for use as election day polling places in accordance with the applicable provisions of Subchapter B, Chapter 43 of the Texas Election Code.

(e) The director, by regulation, shall establish uniform procedures relating to reservations, deposits and the manner for paying park user fees.

(f) The director may waive park user fees for any city-sponsored or cosponsored function or event. For purposes of this subsection, the director is authorized to declare city sponsorship.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-70. Voluntary contributions.

In the event voluntary contributions are given to or received by a permittee in connection with any use of the parks facilities or other function conducted within the parks, the fees in section 32-69(c) shall be applicable, whether or not the contributions are wholly voluntary, requested as a condition of admission to or participation in the function conducted, or for the provision of any goods or services.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Secs. 32-71—32-85. Reserved.

ARTICLE IV. MUNICIPAL GOLF COURSES

Sec. 32-86. Supervision.

The city's municipal golf courses shall be under the direction and supervision of the director, who shall have and exercise jurisdiction and control over the grounds and properties of such golf courses.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-87. Maintenance.

The director shall be charged with the duty of maintaining and keeping in good repair all of the grounds of the city's golf courses.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Secs. 32-88—32-115. Reserved.

ARTICLE V. NATURE PRESERVES

Sec. 32-116. Purpose and policy.

The purpose of this article is to preserve and protect in perpetuity city-owned natural areas by regulating public uses and development of these lands. Protection of the land within a preserve system provides a habitat for native wildlife, ecosystem services, and co-benefits in the form of carbon storage, reduced urban heat island effects, improved air quality, improved water quality and quantity, and educational opportunities for the public. The preserve will not contain traditional or customary facilities or improvements associated with a public park but may contain improvements to support passive recreational activities.

Uses shall be limited to those that maintain and protect the ecology of the area, conserve the natural features and scenic values, and expand community awareness and understanding of natural history and the environment. Nature preserve designations will be targeted for park land throughout the city to ensure equitable access to the benefits of nature for all Houstonians.
(Ord. No. 2022-812, § 2, 10-12-2022)

Sec. 32-117. Scope.

This article applies only to city-owned nature preserves within the Houston Parks and Recreation Department, or city-owned nature preserves managed by Harris, Fort Bend or Montgomery County. Department staff, county staff, and other authorized persons working under staff supervision shall be exempt from the provisions of this article when performing activities related to director approved management plans. Additionally, the provisions shall not apply to city employees or county employees in the course of their official duties; others authorized by the city to engage in rescue, medical, or veterinary services; or vendors or others on preserve related business, when authorized by the director.
(Ord. No. 2022-812, § 2, 10-12-2022)

Sec. 32-118. Definitions.

The following words, terms, and phrases, when used in this chapter, shall have the meanings assigned in this section, except where the context clearly indicates a different meaning:

Designated trail means a trail or path within the boundaries of a natural area, whether paved or unpaved, maintained or unmaintained, designated as a trail for use by the public by the posting of signs or by designation on official maps of a natural area.

Conservation easement means a nonpossessory interest of a holder in real property that imposes limitations or affirmative obligations

on the holder designed to retain or protect natural, scenic, and ecological values of real property in perpetuity.

Constructed stormwater wetlands mean wetland systems which are modified and controlled for stormwater management and water treatment. Constructed stormwater wetlands store water in relatively shallow pools that support conditions suitable for the growth of wetland plants.

Native ecosystem means a geographic area where indigenous plants, animals, and other organisms have adapted and evolved with competing species, predators, and diseases over many thousands of years to form an ecological balance that limits their abundance.

Nature preserve means a parcel of land owned or operated by the city that is designated for the protection and preservation of ecological communities and native wildlife through ordinance and/or the use of a conservation easement; the following areas are finally approved and designated by the city council as nature preserves:

Blackhawk Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Brock Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Cambridge Village Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Clinton Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Crooker/Moody Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Cullinan (J.S. & L.H.) Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

E.R. & Ann Taylor Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

East Tidwell Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Eisenhower Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Farnsworth Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

FM Law Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Freed Art & Nature Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Furman Street Greenspace: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Herman Brown Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Keith-Wiess Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Lake Houston Wilderness Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Maxey Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Robert C Stuart Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Sheldon Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

South Main Estates Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Sylvan Rodriguez Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

The Lorraine Cherry Nature Preserve: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Tidwell Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

West Mount Houston Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

White Oak Parkway: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Woodland Park: The area described in Exhibit A to Ordinance No. 2022-812, a copy of which is on file in the office of the city secretary.

Natural area means all city-owned lands containing native ecosystems that are under the control of or assigned to the department, Harris County, or other county for management, maintenance, and operation.

Official search and rescue activities means activities authorized and instigated by or on behalf of the local Coast Guard, Police or other National or local emergency service responsible for locating, relieving distress and preserving life of, and removing survivors from the site of a disaster, emergency, or hazard to a place of safety in case of lost, stranded, entrapped, or injured persons.

Passive recreation activities mean leisure or non-motorized recreational activities that place minimal stress on a site's resources such as hiking, fishing, and wildlife viewing.

Service dog has the meaning ascribed in Americans with Disabilities Act Title Il Regulations, 28 C.F.R § 35.104. Defined terms within the definition of Service Animal set forth in 28 C.F.R § 35.104 shall have the meaning defined in 28 C.F.R § 35.104. Service Animal also means and includes a service animal or assistance animal as defined in Section 121.002 of the Texas Human Resources Code. A Service Animal does not include emotional support animals, comfort animals, and therapy dogs.

(Ord. No. 2022-812, § 2, 10-12-2022)

Sec. 32-119. Management objectives.

The Houston Parks and Recreation Department's (HPARD) Natural Resources Management Division will be responsible for creating management objectives and plans for the preserves that are consistent with the defined purpose (Section 32-116). The management objectives are to:

(1) Preserve the local plants, wildlife, and natural resources to maintain the biological diversity and long-term sustainability of the area's ecology;

(2) Preserve the aesthetic values of the area for all to enjoy and for its contribution to the quality of life of the community;

(3) Provide a variety of opportunities for passive recreation activities;

(4) Support tourism in the community by providing public outdoor educational opportunities for visitors; and

(5) Restore habitat in degraded areas of the preserve as close to its undisturbed condition as possible by reestablishing diverse plant species and native ecosystem processes.

(Ord. No. 2022-812, § 2, 10-12-2022)

Sec. 32-120. Conservation easement.

Where possible, the City of Houston shall record a conservation easement in the Real Property Records of Harris County, Texas, or other metropolitan county, to ensure the nature preserves remain undeveloped in perpetuity and are used only for passive recreation activities.

(Ord. No. 2022-812, § 2, 10-12-2022)

Sec. 32-121. Development of nature preserve.

(a) Development shall be minimal and limited to amenities for passive recreation activities, including and limited to designated trails, noninvasive benches, signage, bird-friendly lighting, trash cans, and constructed stormwater wetlands built as required by section 32-125.

(b) Existing improvements are allowed under this article, including:

(1) Roads constructed prior to October 12, 2022, are allowed under this article;

(2) Lighting installed prior to October 12, 2022, are allowed under this article; and

(3) The canoe launch, picnic tables, and fishing pier at Lake Houston Wilderness Park are allowed under this article.

(c) Existing agreements and easements are allowed under this article, including Harris County Flood Control District and utility easements. All future agreements and easements shall adhere to the rules set forth in this article.

(Ord. No. 2022-812, § 2, 10-12-2022)

Sec. 32-122. Boundary markers.

Nature preserves boundaries shall be made clearly evident by HPARD posting boundary markers at intervals of approximately 330 feet if feasible.

(Ord. No. 2022-812, § 2, 10-12-2022)

Sec. 32-123. General rules for use.

(a) All persons using the preserve shall comply with all applicable federal and state laws, city ordinances, and Houston Parks and Recreation Department rules and regulations, some of which are provided on the City of Houston website.

(b) Except as may be specifically authorized by a permit or permits issued in accordance with section 32-124, all persons using the preserve shall comply with the following:

(1) No person shall construct any structure or building, or to develop the natural habitat of the nature preserve in any manner, except as provided by section 32-121 and section 32-125;

(2) No person shall swim, wade, or otherwise enter any waters of a natural area or allow any pet animal or any riding or livestock animal to do so, except as provided by section 32-37 of this Code;

(3) All preserve users must remain on designated trails and roads to prevent damage to the land and all other areas shall be considered "off limits";

a. No person shall enter areas considered "off limits" for any use; and

b. Dogs are restricted to designated trails, except service dogs or dogs assisting in official search and rescue activities. No person shall allow a dog to enter areas considered "off limits";

(4) Mountain biking is prohibited within a nature preserve and biking is restricted to designated hike and bike trails, except that mountain biking is allowed on designated trails located within Eisenhower Park. No person shall ride a bicycle off designated trails;

(5) The owner or person in custody of a dog shall immediately pick up all dog droppings (fecal matter) in accordance with section 6-24 of this Code;

(6) Unless there is an existing utility corridor, existing easement, existing road,

parking lot, well or existing right-of-way, no entity shall be allowed to place any new public service utility or road into, upon, or across nature preserve lands, and installation or removal of lines within existing utilities corridors, easements, or rights-of-way, requires the written approval from the director;

(7) No person shall deface, damage, or inscribe a message, slogan, sign, or symbol upon any feature in the preserve, including the ground itself, using any material, including paint or markers of any kind;

(8) No person shall remove any wildlife from the preserve, or release, abandon, place, bury, or otherwise dispose of any live animal, carcass, or remains of an animal in the preserve, except as provided by section 32-35 of this Code;

(9) No person shall feed wildlife in the preserve;

(10) No person shall remove, disturb, or damage any archaeological, geological, or paleontological materials from a natural area;

(11) No person shall deposit rocks, wood, dirt, trash, or any other material in a natural area; and

(12) It shall be unlawful for any person owning or having control of any livestock to graze or pasture such livestock, or cause such livestock to be grazed or pastured, or permit such livestock to graze or pasture upon any land within the preserve.

(Ord. No. 2022-812, § 2, 10-12-2022)

Sec. 32-124. Permits and procedures for special uses of the nature preserves.

The provisions of this section shall not apply to persons or groups which have been issued a permit by the director to engage in such activities. Examples of such activities, for illustrative purposes only, might include: scientific research, including collecting any specimens such as plants, rocks, wildlife, or artifacts; non-fee educational activities or outdoor classes not conducted by the city; or educational activities or outdoor classes, not conducted by the city, with fees charged to participants.

(Ord. No. 2022-812, § 2, 10-12-2022)

Sec. 32-125. Constructed stormwater wetland guidelines.

(a) Parks that are designated as nature preserves in section 32-118 of this Code and encompass existing tributaries or channels may be considered for additional flood mitigation activities in the form of constructed stormwater wetlands, not listed within this Code, with the approval of the director and city council after a public hearing is held in accordance with section 32-126. Flood mitigation activities will only be considered in a designated nature preserve if there is no feasible and prudent alternative for flood mitigation in nearby areas of the watershed and if there is no existing restrictions, conditions, and covenants attached to the park.

(b) All persons constructing stormwater wetlands in the preserve shall comply with the following design considerations and requirements:

(1) All constructed stormwater wetlands plans, including associated lighting, benches, signage, and trails shall be approved by the director;

(2) The hydraulic design, wetland sizing, selection of plants, and additional considerations shall be based the management objectives in section 32-119 of this Code and approved by the director;

(3) The design of the stormwater wetlands incorporates sufficient shallow areas to support aquatic vegetation and integrates ecologically designed features to manage stormwater;

(4) Allowable stormwater wetland vegetation is set forth in Appendix A; and

(5) Plant vendors must be approved by the director.

(Ord. No. 2022-812, § 2, 10-12-2022)

Sec. 32-126. Public hearing required prior to approval of a constructed stormwater wetland.

Prior to approval of a constructed stormwater wetland established under section 32-126, city council shall hold a public hearing at which interested persons shall be entitled to speak and present written materials for or against the approval of the constructed stormwater wetland. Notice of the public hearing shall be published in a local daily newspaper of general circulation not later than the seventh day before the date of the hearing. Notice of the public hearing may be given, posted, or published in other places or by other means as the director deems appropriate, including giving notice to civic associations in the area surrounding the proposed constructed stormwater wetland.
(Ord. No. 2022-812, § 2, 10-12-2022)

Sec. 32-127. Penalty for article violations.

The violation of any provision of this article is hereby declared to be unlawful. Any person violates the terms and conditions of section 32-123 and 32-126(b) of this article shall be deemed guilty of an offense and, upon conviction thereof, shall be punished as provided in section 1-6 of this Code. Each violation shall constitute and be punishable as a separate offense.
(Ord. No. 2022-812, § 2, 10-12-2022)

APPENDIX A. STORMWATER WETLAND VEGETATION LIST

Scientific Name	**Common Name**
Acmella oppositifolia var. repens	creeping spotflower
Andropogon glomeratus	bushy bluestem
Andropogon virginicus	broomsedge bluestem
Asclepias perennis	aquatic milkweed
Bacopa caroliniana	blue waterhyssop
Bacopa monnieri	herb of grace
Bidens aristosa	swamp marigold
Carex cherokeensis	cherokee sedge
Carex flaccosperma	thinfruit sedge
Carex hyalinolepis	Shoreline sedge
Cephalanthus occidentalis	common buttonbush
Chasmanthium latifolium	inland sea oats
Cladium mariscus ssp, jamaicense	Jamaica swamp sawgrass
Crinum americanum	swamp lily
Cyperus articulatus	jointed flatsedge
Cyperus echinatus	globe flatsedge
Cyperus elegans	royal flatsedge
Cyperus haspan	haspan flatsedge
Cyperus ochraceus	pond flatsedge
Cyperus virens	green flatsedge
Echinodorus cordifolius	creeping Burhead
Eleocharis quadrangulata	squarestem spikerush
Equisetum hyemale	scouringrush horsetail
Helianthus angustifolius	swamp sunflower
Hibiscus laevis	halberdleaf rosemallow
Hibiscus lasiocarpos	rosemallow
Hydrocotyle umbellata	manyflower marshpennywort
Hydrolea ovata	blue waterleaf
Hymenocallis liriosme	spring spiderlily
Iris brevicaulis	zigzag iris

Scientific Name	Common Name
Iris virginica	southern blue flag iris
Juncus effusus	common rush
Juncus marginatus	grassleaf rush
Juncus roemerianus	needlegrass rush
Juncus validus	roundhead rush
Justicia lanceolata	looseflower water-willow
Kosteletzkya virginica	saltmarsh mallow
Lobelia puberula	downy lobelia
Ludwigia decurrens	wingleaf primrose-willow
Ludwigia octovalvis	Mexican primrose-willow
Ludwigia repens	creeping primrose-willow
Najas guadalupensis	southern waternymph
Nymphaea mexicana	yellow water lily
Nymphaea odorata	white water lily
Panicum hemitomon	maidencane
Panicum virgatum	switchgrass
Phyla nodiflora	turkey tangle fogfruit
Physostegia virginiana	obedient plant
Pluchea odorata	marsh fleabane
Polygonum hydropiperoides	swamp smartweed
Pontederia cordata	pickerelweed
Rhynchospora caduca	anglestem beaksedge
Rhynchospora colorata	white topped sedge
Rhynchospora corniculata	shortbristle horned beaksedge
Rhynchospora recognita	globe Beaksedge
Rudbeckia maxima	great coneflower
Saccharum giganteum	sugarcane plumegrass
Sagittaria lancifolia	bulitongue arrowhead
Sagittaria latifolia	broadleaf arrowhead
Sagittaria platyphylla	delta arrowhead
Saururus cernuus	lizard tail
Schoenoplectus californicus	California bulrush
Schoenoplectus tabernaemontani	softstem bulrush
Spartina patens	marsh hay cordgrass
Spartina spartinae	gulf cordgrass
Thalia dealbata	powdery alligator flag
Tradescantia ohiensis	bluejacket
Tripsacum dactyloides	eastern gama grass
Utricularia gibba	humped bladderwort
Zizaniopsis miliacea	giant cutgrass

(Ord. No. 2022-812, § 2, 10-12-2022)

Secs. 32-128—32-145. Reserved.

ARTICLE VI. THE HOUSTON ZOO

Sec. 32-146. Established.

There is hereby established a permanent and official name for the fenced off area located in

Hermann Park, such area having been re-established by Ordinance No. 2002-574, passed June 26, 2002, and used as a public zoo. The aforementioned public zoo area shall be known as The Houston Zoo.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-147. Official address.

The official Houston Zoo address for all purposes shall be 6200 Hermann Park Drive, Houston, Texas 77030.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-148. Operation of zoo.

The Houston Zoo shall be under the direction and management of a non-profit corporation as provided by contract from time to time.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-149. Reserved.

Sec. 32-150. Hours of operation.

The organization contracted to manage the Houston Zoo shall have the right to establish the days, times and conditions for the operation of the Houston Zoo.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-151. Entry onto zoo grounds at unauthorized time.

It shall be unlawful for any person to enter onto or upon the zoo grounds, for any purpose, at any time other than during those times during which the zoo is open to the public as designated in section 32-150 of this Code. This section shall not apply to properly authorized zoo personnel.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-152. Bringing animals onto zoo grounds.

It shall be unlawful for any person to bring any animal onto or upon the zoo grounds without permission from the zoo manager.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-153. Throwing, etc., items into animal confinement or keeping areas.

It shall be unlawful for any person to throw, roll, shove, push or in any other way cause the entrance into an area of animal confinement or keeping, of any stone, ball, or other physical object; provided however, that this provision shall be inapplicable to the foodstuffs specifically authorized in section 32-155 of this Code. This section shall not apply to authorized zoo personnel.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-154. Entering animal confinement areas.

It shall be unlawful for any person to enter any area wherein an animal or animals are being confined or restrained; provided however, this section shall not apply to the authorized contact areas within the children's zoo at such times when the said children's zoo is open to the public.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-155. Feeding animals.

Except in designated areas overseen by zoo staff and set aside for feeding animals with foodstuffs sold by the zoo, it shall be unlawful for any person to feed any animal, or place any object within an animal confinement or place of keeping or otherwise induce or permit any animal to ingest any food or object.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-156. Police department.

The police department shall have jurisdiction and authority to patrol upon the zoo grounds and enforce all ordinances pertaining to the zoo.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Secs. 32-157—32-170. Reserved.

ARTICLE VII. RESERVED

Secs. 32-171—32-200. Reserved.

ARTICLE VIII. HOUSTON PARKS BOARD LGC, INC.

Sec. 32-201. Creation; composition; appointment of members.

There is hereby created the Houston Parks Board LGC, Inc., a local government corporation of the City of Houston, hereinafter called "the parks board," which shall consist of 20 members who shall be appointed by the mayor, subject to confirmation by the city council. The director shall serve as a non-voting, ex-officio member of the parks board.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-202. Positions, term of members.

The members of the parks board shall be appointed to specific positions. The terms of office are as follows:

(1) The terms of office for Positions 1, 2, 3, 10, 13, 16, and 19 shall expire on January 1, 2007, and on the same date in each third successive year thereafter.

(2) The terms of office for Positions 4, 5, 6, 11, 14, 17, and 20 shall expire on January 1, 2006, and on the same date in each third successive year thereafter.

(3) The terms of office for Positions 7, 8, 9, 12, 15, and 18 shall expire on January 1, 2005, and on the same date in each third successive year thereafter.

(4) Any member serving in a position for which the term has expired shall continue to serve until the member's successor in that position is appointed and confirmed.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-203. Assistance by certain city departments.

The directors of the department of planning and development, department of finance, department of administration and regulatory affairs, Houston Public Works, general services department, and parks and recreation department and their staffs shall provide requested assistance

the parks board. The city attorney and his staff shall provide legal services and representation to the parks board.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2018-11, § 23, 1-10-2018)

Sec. 32-204. Compensation of members; conflicts of interest.

Members of the parks board shall serve without compensation from the city or any firm, trust, donation or legacy to or on behalf of the city; provided, however, that a member of the board, or the firm, company or corporation with whom the member is associated shall not be precluded from receiving compensation from the city under any contract for services rendered that have no relation to the member's duties as a member of the board. Members of the board shall abstain from voting upon matters in which they have or may have a conflict of interest, and officers and members of the board shall not participate in any activity of the corporation in which they have or may have a conflict of interest.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-205. Organization.

The parks board shall organize by electing from their membership a chairman, a vice-chairman, a president, a vice president, a secretary, and a treasurer, each of whom shall hold office for one year or until a successor shall have been elected and qualified. In addition, the board may appoint one of its employees to act as an executive director and may appoint one of its employees to act as an assistant secretary. The board may adopt such administrative procedures as are necessary or convenient to accomplish the purposes set out in this article.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-206. Purposes.

The purposes of the parks board shall be to:

(1) Solicit funds, gifts, and bequests for park acquisitions, additions and improvements in the city.

(2) Review and make advisory recommendations to the mayor and city council on proposed park acquisitions, additions and improvements to be paid for within city funds.

(3) Review and make advisory recommendations on parks department matters submitted to it by the director or mayor and city council.

(4) Manage and invest and oversee the management and investment of solicited funds, gifts, and bequests donated for park purposes, including, but not limited to, the purchase or sale of real and personal property and of investments in bonds, notes, common stocks and securities of any kind whatsoever.

(5) Formulate and submit to the mayor and city council proposals for acquisitions, additions and improvements to parks from funds and assets held by the board or for its benefit in trust accounts, or invested by the board.

(6) Convey land to the city for park purposes upon conditions acceptable to the city.

(7) Lease land and improvements, and related fixtures, equipment, facilities and amenities, to or from the city for a term of years for park purposes upon conditions acceptable to the city.

(8) Acquire lands for new public parks and open spaces and develop, improve and install new and existing public parks and open spaces and related fixtures, equipment, facilities and amenities within the city limits of the city and its extraterritorial jurisdiction.

(9) Perform any duties authorized by the certificate of formation or by-laws of the parks board as approved by city council.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-207. Additional powers.

(a) The parks board may cooperate with any trust created for a purpose similar to that of the board as set out in item (1) of section 32-206 of this Code. In addition, the board may contract for financial management and investment services and may pay the reasonable fees therefor from

solicited funds, gifts, bequests and income therefrom, provided, the board shall exclude therefrom any solicited funds, gifts or bequests when payment of a financial management and investment service fee would be contrary to the provisions of the grant.

(b) The board may exercise its sole discretion in the application for park purposes of funds received from any trust created specifically for the benefit of the parks board when such trust specifically grants such sole authority to the board and from funds donated directly to the parks board, provided construction of public improvements on city-owned property shall be in compliance with the competitive bid laws of the state applicable to local government corporations.

(c) When using donated funds described in subsection (b) the parks board may negotiate the purchase of items for city parks, but any such item that might otherwise become a fixture or part of the realty shall be deemed to remain personalty and subject to removal at the discretion of the city council. The parks board shall have no authority to take any action that will create a lien on city-owned land. Park land, no matter how modified under this provision, shall remain subject to the discretion of the city council in directing another or different park use or in authorizing the construction of a permanent park improvement. The following list is illustrative of the types of items that the parks board may purchase, subject to the approval of the director:

(1) Playground equipment.

(2) Trees.

(3) Landscaping.

(4) Water meters and sprinkler systems.

(5) Shuffleboard courts.

(6) Playpads.

(7) Benches.

(8) Water fountains.

(9) Picnic benches.

(10) Hike and bike trails.

(11) Exer-trail with equipment.

(12) Fencing.

(13) Sidewalks.

(14) Sculptures.

(15) Fountains.

(16) Equipment used in recreational programs.

(17) Flower clock.

(18) Flag pole.

(19) Gazebo.

(d) Subject to the approval of the director, the board may seek removal of any trustee of a trust established to benefit the parks of the city by instituting appropriate action in the district court upon at least 90 days written notice (unless waived by the trustee) to such trustee. Any removal notice must be actually received by the trustee being removed and must contain the appointment of a successor trustee and the acceptance of the successor trustee endorsed on it. Any successor trustee appointed to act shall be a bank with trust powers or a trust company, either state or national, located in the city, with a combined capital and surplus of at least $20,000,000.00.

(e) To more fully and efficiently carry out the purposes of the parks board, the city hereby grants the parks board a general right of entry on the city's public parks, open spaces and other lands of the city, subject to the prior approval by the director of the projects, and the design and construction thereof, for which such right of entry may be exercised, which right of entry is revocable by the director in the event actions taken under the right of entry are inconsistent with the limits of the approval, if any.

(f) To more fully and efficiently carry out the purposes of the parks board, the city hereby grants the parks board some of the same powers and functions as a park board of trustees established under Chapter 306 of the Texas Local Government Code, as follows:

(1) Acquiring by gift, devise, or purchase, or improving or enlarging:

a. Land and buildings to be used for public parks, playgrounds, or historical museums; and

b. Land on which are located:

[1] Historic buildings or sites, or landmarks of statewide historical significance associated with historic events or personalities;

[2] Prehistoric ruins, burial grounds, or archaeological or paleontological sites; and

[3] Sites including fossilized footprints, inscriptions made by human agency, or any other archaeological, paleontological, or historical buildings, markers, monuments, or other historical features.

c. Land described by the foregoing subitems a and b of this item (1) may be located inside or outside the boundaries of the city, but must be located inside the limits of the counties in which the city is located;

(2) Accepting and receiving from any person or entity, and having authority to expend, gifts of money or other things of value for the purpose of performing any function or authority conferred on the board by this chapter;

(3) Accepting and receiving from the city, and having authority to expend, funds appropriated by the city for the purpose of improving, equipping, and promoting recreational and other facilities under the board's development;

(4) Advertising the city's recreational advantages for the purpose of attracting visitors, tourists, residents, and other users of the public facilities developed by the board;

(5) Entering into a contract, lease, or other agreement connected with, incident to, or in any manner affecting the financing, construction, equipping, or promoting of facilities under its development. The board may execute and perform its powers and functions on land leased from others, subject to the approval of the director; and

(6) Carrying out such other lawful purposes as the parks board may deem necessary or appropriate in connection with the foregoing powers and functions to the extent consistent with directions of the director.

(g) The parks board, as a local government corporation, shall have the power to enter into long-term contracts with the city, within the authority of the city, and other entities as relevant, for any length of term it deems necessary or appropriate to more fully and efficiently carry out the purposes of the parks board.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-208. Financial records.

The financial books and records of the parks board shall be open to inspection and audit during regular business hours by authorized representatives of the city, or by independent certified public accountants employed by the city. Similarly, the financial books and records of any trust created for the benefit of or to cooperate with the parks board shall be open to inspection and audit.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-209. Annual financial report.

The parks board shall make an annual financial report to the city council.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-210. Fidelity bond.

Each parks board member shall furnish to the city a fidelity bond in the amount of $10,000.00, provided the premium therefor shall be paid by the city, and provided further this requirement may be satisfied by amendment to the city's blanket fidelity bond for city employees by amendment thereto so as to authorize inclusion of the board members.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-211. Meetings.

The parks board shall hold regular meetings as established by the board's bylaws. In addition, special meetings may be held in accordance with such rules as the board may provide. A quorum of the directors of the board shall consist of such number of members, being not less than a majority thereof, as may be specified in the corporate bylaws of the board.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-212. Removal of members.

In addition to the removal provisions of the certificate of formation and the by-laws approved by city council, parks board members may be removed by the mayor for the following causes:

(1) Four consecutive absences from regular monthly meetings of the park board.

(2) Failure to abstain in any vote or activity of the parks board, where a direct or indirect conflicts of interest is or may be involved.

(3) Failure to obtain or keep in force a fidelity bond.

(4) For conduct, whether or not resulting in a conviction, that impairs the ability of the member to carry out his parks board duties.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-213. Certificate of formation.

The city council hereby approves the form and substance of the proposed certificate of formation of the Houston Parks Board LGC, Inc. to be incorporated under the Texas Nonprofit Corporation Act. A copy of said certificate of formation is on file in the office of the city secretary. In the event of the dissolution of this corporation, the city shall succeed to the funds and assets of the corporation except to the extent that this may conflict with the conditions of a particular donation to the corporation.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Secs. 32-214—32-220. Reserved.

ARTICLE IX. PARK FOOD VENDORS

DIVISION 1. GENERALLY

Sec. 32-221. Purpose.

The purpose of this article is to establish procedures and standards by which persons may be permitted to sell food from park food service establishments, within certain city parks.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-222. Definitions.

As used in this article, the following terms and phrases shall have the following meanings:

Application means that form generally described in section 32-225 of this Code.

Concession stand means a park food service establishment that operates in a fixed location and may include the use of any existing building or structure or the use of any temporary structure provided by the operator.

Food has the meaning ascribed in section 20-18 of this Code.

Food service establishment has the meaning set forth in section 20-18 of this Code.

Food truck means a park food service establishment that is mounted on wheels, designed to be readily movable, and propelled by a motor.

Mobile food unit means a park food service establishment that is mounted on wheels, designed to be readily movable, and propelled solely by human power. A food truck shall not be considered a mobile food unit for purposes of this chapter.

Packaged has the meaning set forth in section 20-18 of this Code.

Park or *parks* has the meaning set forth in section 32-1 of this Code.

Park food service establishment means a food service establishment operating within a park.

Permit means a permit granted under the authority of this article.

Roadway means that portion of a public street which is improved, designed, or ordinarily used for vehicular travel, exclusive of the curb, berm, esplanade, or shoulder. In the event that a public street includes two or more separate roadways, roadway means each such roadway separately.

Sidewalk means that portion of the public street which is between the curblines, or the lateral lines of a roadway, and the adjacent property lines and is improved and designed for or is ordinarily used for pedestrian travel.

Vendor means a person who has been granted a permit under this article and shall include that person's officers and employees.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-223. Permits required for park food service establishments.

(a) The director is authorized to issue permits for the operation of park food service establishments within parks.

(b) It shall be unlawful for any person to erect, operate or maintain a park food service establishment in a park without first obtaining a permit.

(c) It is an affirmative defense to prosecution under this section that the person is maintaining or operating the park food service establishment under the authority of a concession contract approved by city council.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-224. Reserved.

Sec. 32-225. Applications.

As a part of the application and proposal the applicant shall provide:

(1) The name and street address (and mailing address, if different) of the operator, manager or other person responsible for the operation or supervision of the park food service establishment;

(2) The name under which the park food service establishment will be operated;

(3) A letter or other notice from the health officer, by which the director of public health certifies that, under chapter 20 of this Code, the applicant meets the requirement for a food dealer's permit and, if applicable, the mobile food unit meets the requirements for a mobile food unit medallion;

(4) A copy of any certificate of insurance required to be provided;

(5) A general description and proposed prices of all foods to be sold and the proposed hours of operation;

(6) The park and description of the area in that park in which the applicant desires to operate his park food service establishment;

(7) A map showing the proposed location of the specific site desired;

(8) The written permission of the director for the use of the site; and

(9) Such other documentation or information as the director may reasonably require.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-226. Determination of qualified applicants.

Upon receipt of each application, the director shall examine its contents and determine whether the applicant is qualified for issuance of a permit based on the following factors:

(1) The application meets the requirements of this article;

(2) The park food service establishment is in compliance with the food service establishment specifications set out in chapter 20 of this Code and with all other applicable city ordinances;

(3) Given the particular characteristics of the park in which the park food service establishment is to be operated, and of the pedestrian and vehicular traffic in the area, the operation of the proposed park food service establishment will not

interfere with pedestrian or vehicular traffic in the park or with the public's use of the park;

(4) Operation of the park food service establishment is not expected to obstruct vehicular or pedestrian travel upon any sidewalk or public street;

(5) The products to be sold are not expected to cause or contribute to littering in the parks nor to annoy, through noxious odors or other means, the park's patrons; and

(6) The park food service establishment and the equipment proposed to be used will be appropriate, suitable and aesthetically pleasing in that area of the park.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-227. Evaluation of applications.

The vendors to be issued permits shall be selected by a comparison of the applications submitted for each area and park. The director may request the assistance of the health officer to evaluate these applications. If more than one qualified applicant has applied for a license to serve the same area of a park, the director shall choose from among the applicants based upon the following criteria:

(1) Ability to contribute to the availability of a variety of foods for park patrons;

(2) Ability to address consumer preferences for particular foods in a particular park or in parks generally;

(3) Ability to engage in park vending activities for an optimum number of hours and days per week;

(4) Ability to successfully operate a mobile food vending business and comply with the applicable ordinances of the city governing his activities and his park food service establishment based on his ability as determined from his financial resources and history and any experience in similar types of ventures; and

(5) Ability to provide a reasonable and competitive price structure for the food proposed to be sold.

Based upon the information set out in the applications, the director shall rate each applicant's relative ability to meet the above criteria. The applicant receiving the highest overall rating shall be the applicant selected as the vendor for that area. The director may consider applicants who were not selected but were otherwise qualified, for areas of the same or other parks for which the city received no applications.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-228. Term of permit.

(a) A permit granted under this article shall be valid for the time and day indicated on the permit. The permit shall specify the foods permitted to be sold or distributed based on recommendations from the health officer.

(b) A permit granted under this article constitutes a temporary and interruptible authorization for the use of a park or designated portion thereof in a manner consistent with the conditions upon which the permit has been granted. It is a privilege granted by the city not a right. It is not an exclusive permit and does not and shall not be construed to convey any legal or equitable interest whatsoever to any part of the park.

(c) A permit is issued in the vendor's name for a particular park food service establishment and designated area of a park and cannot be assigned, sold, lent, leased, or otherwise transferred even though the ownership of the park food service establishment may change.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-229. Reserved.

Sec. 32-230. Indemnification of city.

The vendor must agree, as a condition of his permit, to indemnify and hold harmless the city, its officers and employees against any loss, liability or damage, including expenses and costs for bodily injury and for property damage sustained by any person as a result of the vendor's operation of a park food service establishment on public property.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-231. Permit conditions.

(a) A permit shall be subject to the following conditions and may be suspended or revoked for failure to comply with any one of them:

(1) The vendor shall maintain the park food service establishment in good repair and keep it free from material defects that may present a hazard to life or property.

(2) The vendor shall make the park food service establishment available for an inspection by the director or his representatives at any time while the park food service establishment is on park property. No notice from the director prior to such an inspection shall be required.

(3) The vendor must comply with all other applicable state and city rules and regulations specifically including all food or health-related ordinances of the city and all state and federal food labeling laws. The park food service establishment itself and the vendor and all of his employees must meet applicable requirements for the operation of food establishments as set out in chapter 20 of this Code at all times.

(4) In addition to the marking requirements of Chapter 20 of this Code, each park food service establishment shall be clearly marked with the name and phone number of the owner of the park food service establishment and the phone number of the Houston Health Department.

(5) The vendor shall maintain adequate lighting in and around the park food service establishment to ensure that the park food service establishment may be easily seen at night. Such lighting shall be of such type and location and shall have such shading as will prevent the source of the light from being seen from any property contiguous or adjacent to the park. It shall not cause illumination beyond the boundaries of the park on which it is located so as to be obtrusive to adjacent property owners and shall not cause illumination beyond the boundaries of the park in excess of 0.5 foot candles. The illumination of any street from the park food service establishment shall be no brighter than the illumination provided by ornamental street lights nor shall it have an adverse impact on the flow of vehicular traffic. In addition, its design and color shall not be such that is could be mistaken for a traffic signal.

(6) A vendor may not obstruct ingress or egress to any other building, roadway, or pathway

(7) The vendor shall not install, erect or maintain any signs on park property except those permitted on the park food service establishment itself.

(8) The vendor shall not install any permanent improvement in a park.

(9) During hours of operation under a permit, the vendor shall serve, store and display his food on or in the park food service establishment itself and shall not use, set up or attach any crate, carton, rack, table or other device to increase the selling or display capacity of his park food service establishment.

(10) Outside hours of operation under a permit, the vendor shall not store any items, including food and/or equipment, within a park facility or upon park property.

(11) The vendor shall not leave the park food service establishment open (unlocked) and unattended. If a park food service establishment is left unattended, it may be shut down and towed, if applicable. The vendor shall then be liable for all reasonable removal, towing, and storage charges.

(12) The vendor shall not operate the park food service establishment in the park between the hours of 11:00 p.m. and 7 a.m. or outside hours of operation under a permit.

(13) The vendor shall not permit any electrical or mechanical sound to emanate beyond 20 feet from the park food service establishment.

(14) The vendor shall not operate the park food service establishment in a fashion that creates a traffic hazard or increases traffic congestion or delay.

(15) Where exigent circumstances exist and a police officer or other authorized officer or employee of the city gives notice to a vendor to temporarily move from a location, such vendor shall not operate from or remain at such location. For the purpose of this subdivision, exigent circumstances shall include, but shall not be limited to, unusually heavy pedestrian or vehicular traffic, existence of any obstructions in the public space at or near such location, an accident, fire or other emergency situation at or near such location, or a parade, demonstration, or other such event or occurrence at or near such location.

(16) The vendor shall update and supplement the information provided as a part of his application to ensure that it remains true and correct at all times.

(17) The vendor shall have his permit available at all times while the park food service establishment is in operation and shall present the permit upon request. In addition, the vendor shall have in his possession satisfactory proof or documentation detailing the origin or source of all foods being held, stored, offered for sale, sold, distributed or given away. Those records shall be available for review upon request.

(18) The vendor shall comply with all rules promulgated by the director and shall refrain from operating the park food service establishment during certain days or in certain areas if so requested by the director.

(19) The vendor shall not use the park food service establishment or permit anyone else to use the park food service establishment to sell distribute or give away any foods other than those specifically approved by the director, in writing, at the time the permit is issued. The vendor is not authorized to and shall not sell any non-food items without the written consent of the director.

(20) The vendor shall maintain records of daily gross sales, purchases, and expenses of or from the park food service establishment and those records shall be available for inspection by the director upon request.

(21) The vendor shall be responsible for supervising the conduct of its patrons and employees.

(22) The vendor and his employees shall wear clean outer garments and shall refrain from smoking on park property and eating during working hours.

(23) The vendor shall furnish good, prompt, courteous, and efficient service to its patrons. At no time shall a vendor hawk his merchandise or shout at or otherwise annoy park patrons in an effort to encourage them to purchase his merchandise.

(24) The vendor shall keep the area within 25 feet of the park food service establishment clean and free of litter at all times. The vendor's litter receptacle shall be emptied regularly in other than a public receptacle. The litter receptacle shall be kept covered with a tight fitting lid when not in continuous use.

(25) The vendor shall not use any park facilities including utility outlets, for operating or cleaning the park food service establishment or its appurtenances with the exception of electrical service which may be approved in advance at the option of the director. The vendor and his employees may use available restroom facilities for their personal use.

(26) The vendor shall provide a cash bond or a bond with the vendor as principal and a corporate bonding company licensed to do business in the state as surety in the amount of $2,500.00 to cover the costs of

repair or replacement of any city property, the damage or destruction of which was caused directly or indirectly by the vendor. This bond shall be duly executed by the vendor and a corporate surety company licensed to do business in the State of Texas and shown on the most recent edition of the United States Treasury Circular 570 as having an "underwriting limitation" at least as great as the penal sum of the bond. The vendor may substitute a cash deposit or comprehensive public liability insurance for property damage in the amount of $2,500.00. The city shall be named as an additional insured on the policy and the policy shall include a provision to the effect that the city will be notified in writing by the insurance company ten days prior to a cancellation, nonrenewal, or material change in the policy. In the case of nonrenewal or cancellation, the vendor shall then have five days to replace the coverage or the vendor's permit shall be deemed revoked without further action on the part of the city.

(b) A permit for a mobile food unit shall be subject to the following additional conditions and may be suspended or revoked for failure to comply with any one of them:

(1) The vendor shall thoroughly clean the mobile food unit and drain and flush the liquid waste tanks each day the mobile food unit is operated.

(2) The mobile food unit itself and the vendor and all of his employees must meet requirements for the operation of mobile food units and food establishments as set out in sections 20-22 and 20-37 of this Code at all times.

(3) The vendor shall maintain adequate lighting in and around the mobile food unit to ensure that the mobile food unit may be easily seen at night. Such lighting shall be of such type and location and shall have such shading as will prevent the source of the light from being seen from any property contiguous or adjacent to the park. It shall not cause illumination beyond the boundaries of the park on which it is located so as to be obtrusive to adjacent property owners and shall not cause illumination beyond the boundaries of the park in excess of 0.5 footcandles. The illumination of any street from the mobile food unit shall be no brighter than the illumination provided by ornamental street lights nor shall it have an adverse impact on the flow of vehicular traffic. In addition, its design and color shall not be such that is could be mistaken for a traffic signal.

(4) The vendor shall not park or stop a mobile food unit within 20 feet of an entrance or exit to any building, or a hydrant, street light, curb, crosswalk, telephone booth, driveway, mailbox, transit stop, or any other public service facility even temporarily. In addition, a vendor shall not park or stop a mobile food unit within 20 feet of another mobile food unit.

(5) The vendor shall not load or unload the mobile food unit or any food items while the mobile food unit or a vehicle transporting the mobile food unit is parked on a roadway. In no case shall a mobile food unit be positioned on a sidewalk so as to occupy more than 40 percent of the width of that sidewalk. In addition, all mobile food units shall comply with clearances required from structures to utility lines as provided in the *Construction Code*.

(6) The vendor shall remove the mobile food unit from park property between the hours of 11:00 p.m. and 7:00 a.m. and during any time not covered by the permit.

(7) The vendor shall operate only within his assigned area of the park. The vendor shall avoid positioning the mobile food unit so as to damage or destroy any park property and shall not allow the mobile food unit to touch, lean against or be affixed temporarily or permanently to any building, structure, tree, or shrubbery.

(8) The director is hereby authorized to promulgate such additional rules as he deems necessary or appropriate from time to time based on circumstances unique to an individual park or to ensure safe and efficient operation of a unit. This authorization includes the authority to impose additional insurance requirements in such amounts as the director may deem necessary. All such rules shall be in writing, shall be on file in the city secretary's office and shall be available to the public upon request from the office of the director. This authorization also includes the authority to temporarily suspend a vendor's permit.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2021-1037, § 20(Exh. I.38), 12-1-2021, eff. 4-1-2022)

Sec. 32-232. Enforcement.

(a) Notwithstanding the other provisions of this article, whenever the director or the health officer finds an unsanitary or other unhealthful or unsafe condition in the operation of a unit, he may issue a written notice to the vendor citing such condition, specifying the corrective action to be taken, and specifying the time period within which such action shall be taken; and, if deemed necessary, such order shall state that the permit is immediately suspended, and all food service operations are to be immediately discontinued. Any person to whom such an order is issued shall comply immediately therewith, but upon written petition to the director, shall be afforded a hearing within ten days after the issuance of that order.

(b) The director may suspend or revoke a permit for failure to observe any of the conditions listed in section 32-231. Prior to such suspension or revocation the director shall give ten days' written notice to the vendor of his violation of or his failure to observe a general condition as set out above. If the vendor requests a hearing prior to the expiration of that ten-day notice period, the director shall hold a hearing to determine if the permit should be suspended or revoked. The vendor may present evidence in his own behalf if he so desires. The director's decision in regard to suspension or revocation shall be final. If the vendor fails to request such a hearing, the suspension or revocation shall become effective upon the expiration of the ten-day notice period. If a permit granted under this article is suspended or revoked, the vendor shall not operate the unit on park property thereafter. A vendor whose permit has been suspended or revoked may apply for a permit the following vending season.

(c) All notices required or permitted under this article shall be in writing and shall be deemed delivered upon email notification, personal delivery or three days after deposit in a United States Postal Service post office or receptacle with proper postage affixed and addressed to the vendor at the address provided by the vendor (the applicant's name and street address) in his application for a permit.

(d) In the event that the health officer issues a notice of violation of any law or ordinance to a vendor in connection with the operation of or any condition related to the unit or the vendor's operation, including a violation of this article, the health officer shall immediately notify the director. Conversely, if the director is notified of or becomes aware of any condition or occurrence which may constitute a violation of this article or of any food or health-related statute or ordinance, the director shall immediately notify the health officer. Copies of all inspection reports, prepared by the health officer, on units permitted hereunder shall be promptly forwarded to the director.

(e) Suspension, revocation, or expiration of a vendor's good dealer's permit or mobile food service unit medallion shall result in the immediate suspension of the permit granted hereunder without further action on the part of the city. Such suspension shall remain in effect until the vendor's food dealer's permit and mobile food service unit medallion are restored. The notice provisions of section 32-232(c) shall not be applicable to suspension of a permit under this subsection.

(f) In addition, a permit shall be revocable without liability therefor if the director finds that a public necessity or emergency exists requiring an immediate revocation of the permit and

termination of operation of the unit for the remainder of a vending season. In that case the director shall provide written notice to the vendor as promptly as possible. This notice shall state the reason or reasons emergency revocation is or was required. Notice under this clause shall constitute an exception to the notice provisions of section 32-232(c).
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-233. Fees.

Permit fees for units shall be established by the city council. The schedule of fees approved under this provision shall be included in the city fee schedule.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Secs. 32-234—32-239. Reserved.

DIVISION 2. FOOD TRUCKS

Sec. 32-240. Operation.

(a) It shall be unlawful for any person to operate a food truck in any park.

(b) It shall be an affirmative defense to prosecution under this section that the actor is:

(1) Operating under a special event permit issued pursuant to chapter 25 of this Code;

(2) Operating under a contract awarded pursuant to the city's procurement procedures set forth in chapter 15 of this Code; or

(3) Operating under the authority of a concession contract authorized pursuant to section 32-8(b) of this Code.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-241. Authority of the director to promulgate rules

The director is authorized to promulgate additional rules and regulations regarding the permitting and operation of food trucks in city parks. The promulgation of such rules and regulations shall conform to the provisions of subsection 32-5(a) of the Code.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

ARTICLE X. RESERVED

Sec. 32-242. Reserved.

ARTICLE XI. MILLER THEATRE ADVISORY BOARD

Sec. 32-243. Creation of advisory board.

There is hereby created the Miller Theatre Advisory Board, whose members shall be appointed by the mayor, subject to confirmation by the city council. The director shall serve as executive secretary to the board but shall not be a member of the board and shall not have a vote. The Houston Arts Alliance (HAA) shall select a representative to be an ex officio member of the board. Additionally, from time to time, the Hermann Park Conservancy shall select a representative to be an ex officio member of the board; neither of these representative ex officio members shall have a vote or be considered a member for the purpose of establishing a quorum.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-244. Positions and terms of board.

(a) There shall be 21 voting members of the Miller Theatre Advisory Board, each of whom must reside within the limits of the city and shall be appointed by the mayor and approved by city council. The term of each member shall be for four years and shall continue until a successor has been appointed and confirmed. Terms shall be staggered. An appointment made to fill a vacancy caused by the death or resignation of a board member shall be for the balance of the term of the position.

(b) The initial appointments shall be made for staggered terms, with seven members being appointed for four-year terms, seven members being appointed for three-year terms, and seven members being appointed for two-year terms,

with consideration being given to the number of years, if any, an individual served on the Miller Theatre Advisory Council.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-245. Assistance of city departments.

Through the director, the directors of other city departments shall provide requested assistance to the board. The city attorney shall provide requested legal representation and services to the board.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-246. Members to serve without pay.

Members of the board shall serve without compensation from the city or any firm, trust, donation or legacy to or on behalf of the city; provided, however, that a member of the board, or the firm, company or corporation with whom the member is associated shall not be precluded from receiving compensation from the city under any contract for services rendered that have no relation to the member's duties as a member of the board. Members of the board shall abstain from voting upon matters in which they have or may have a conflict of interest.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-247. Organization of the board.

The board shall elect from their membership a chairman, a vice-chairman, a secretary and a treasurer to serve for one year commencing on January 1 and ending on December 31, or until a successor shall have been elected and installed. The board must adopt such administrative procedures as are necessary to accomplish the purposes set out in this article.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-248. Purposes.

The purposes of the Miller Theatre Advisory Board shall be:

(1) Receipt and management of an annual allocation from the city in support of performances at the Miller Outdoor Theatre. Applicants for such support will be reviewed and auditioned as necessary.

(2) Management and distribution of funds for Miller Outdoor Theatre performances in accordance with an approved schedule of performances.

(3) Solicitation of funds, gifts, and bequests for Miller Outdoor Theatre performances, programs, and facilities.

(4) Management, investment, and oversight of funds, gifts, and bequests donated to Miller Outdoor Theatre.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-249. Additional powers of board.

(a) The board may cooperate with any trust created for similar purpose or purposes. However, the board has no authority to commit city funds, property, personnel, or services.

(b) The board may contract for financial management and investment services, paying reasonable fees therefor from solicited funds, gifts, bequests, or income therefrom, provided the board shall exclude from provision of such payment those solicited funds, gifts, bequests or income the donor of which made provisions contrary to such use.

(c) The board may exercise its sole discretion in the application, for Miller Outdoor Theatre purposes, of those funds donated directly to the board, provided purchases and improvements to the Miller Outdoor Theatre shall be in compliance with the competitive bid laws of the state and the Charter of the city and shall be approved by the city.

(d) The board may exercise its sole discretion in the application, for Miller Outdoor Theatre purposes, of those funds received from any trust created specifically for the benefit of the board when such trust specifically grants such sole authority to the board, provided purchases and improvements to the Miller Outdoor Theatre shall be in compliance with the competitive bid laws of the state and the Charter of the city and shall be approved by the city.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-250. Financial records of board.

The financial books and records of the board shall be open to inspection and audit during regular business hours by authorized representatives of the city, or by independent certified public accountants employed or engaged by the city. Further, as a condition of the acceptance of funds or the cooperation described in sections 32-248 and 32-249 of this Code, the board must provide annual audited financial statements.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-251. Annual report.

The board shall make an annual report to the mayor, city council, and the director.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-252. Removal of board members.

Board members may be removed by the mayor for the following causes:

(1) Four consecutive absences from regular monthly meetings of the board.

(2) Failure to abstain in votes or activities of the board where a direct or indirect conflict of interest is or may be involved.

(3) Conduct, whether within or without board activities, which impairs the ability of the member to discharge his board duties.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Secs. 32-253—32-260. Reserved.

ARTICLE XII. HOUSTON YOUTH RECREATION PROGRAMS STANDARDS OF CARE*

DIVISION 1. GENERALLY

Sec. 32-261. Definitions.

The following words, terms, and phrases, when used in this article, shall have the meanings assigned to them in this section, except where the context clearly indicates a different meaning:

Assistant director means an assistant director of the parks and recreation department of the city, or the assistant director's designee.

Parent means a parent or guardian who has legal custody and authority to enroll a child in a youth recreation program.

Participant means a youth (ages 5—13) whose parent or guardian has completed all required registration procedures and has been determined to be eligible for a youth recreation program.

Program manual means the notebook of policies, procedures, forms, and organizational and programming information relevant to a youth recreation program.

Program site means the area or facilities where a youth recreation program is held.

Program staff means the person or persons who have been hired or have volunteered to work for the city and have been assigned responsibility for managing, administering, or implementing some or all portions of a youth recreation program. This definition includes recreation facility managers, program managers, recreation supervisors, recreation specialists, and recreation assistants.

Site manager means a recreation facility manager, program manager, or recreation supervisor.

Youth recreation programs mean the department programs consisting of the after school enrichment program, the summer enrichment program, the holiday enrichment program, and other non-school day programs.

(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09;

*__Editor's note__—In accordance with Section 42.041(b)(14) of the Texas Human Resources Code, the City Council has annually conducted public hearings regarding the continuation of this Article. Following public hearings conducted in 2020, City Council continued this Article by adoption of Ord. No. 2020-778, § 2, effective September 16, 2020. Following public hearings conducted in 2021, City Council continued this Article by adoption of Ord. No. 2021-689, § 2, effective August 11, 2021. City Council continued this Article by adoption of Ord. No. 2023-648, § 2, effective August 23, 2023.

Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015) Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 3, 7-25-2018; Ord. Sec. 32-262. Organization.

(a) The governing body of the youth recreation programs is the city council.

(b) Implementation of the youth recreation program standards of care is the responsibility of the assistant director and program staff.

(c) The standards of care, as provided in this division, shall apply to the department's youth recreation programs.

(d) Each program site will have a current copy of the standards of care available for the public and the staff.

(e) Parents of participants will be provided a copy of the standards of care prior to the start of a youth recreation program, preferably during the registration process. Parents will be informed that a youth recreation program is not licensed by the state and that the youth recreation program is not a child-care facility.

(f) Criminal background checks will be conducted on prospective program staff. If results of a criminal check indicate that an applicant has been convicted of any of the following offenses, the applicant will not be considered for employment in a youth recreation program:

(1) A felony or a misdemeanor classified as an offense against a person or family;

(2) A felony or a misdemeanor classified as public indecency;

(3) A felony or a misdemeanor violation of any law intended to control the possession or distribution of any controlled substance;

(4) Any offense involving moral turpitude; or

(5) Any offense that would potentially put the city at risk.

(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015 Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 3, 7-25-2018; Ord. No. 2019-593, § 2, 8-7-2019; Ord. No. 2020-778, § 2, 9-16-2020; Ord. No. 2021-689, § 2, 8-11-2021; Ord. No. 2023-648, § 2, 8-23-2023)

Sec. 32-263. Inspection, monitoring, and enforcement.

(a) A site manager of a program site will ensure compliance with the standards of care and will prepare a monthly inspection report.

(b) Inspection reports will be sent to the assistant director for review.

(c) The assistant director will review the report and establish deadlines and criteria for compliance with the standards of care.

(d) The assistant director will make visual inspections of youth recreation programs based on the following schedule:

(1) An after school enrichment program site will be inspected monthly. This may be scheduled or unscheduled.

(2) The summer enrichment program will be inspected twice during its summer schedule.

(e) A complaint regarding enforcement of the standards of care will be directed to the site manager. The site manager will be responsible for taking the necessary steps to resolve the complaint. The site manager will record complaints regarding enforcement of the standards of care and their resolution. Serious

complaints regarding enforcement of the standards of care will be forwarded to the assistant director for review and resolution.

(f) The assistant director will make an annual report to the director on the overall status of the youth recreation programs and their operation relative to compliance with the adopted standards of care.

(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015 Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 3, 7-25-2018; Ord. No. 2019-593, § 2, 8-7-2019; Ord. No. 2020-778, § 2, 9-16-2020; Ord. No. 2021-689, § 2, 8-11-2021; Ord. No. 2023-648, § 2, 8-23-2023)

Sec. 32-264. Enrollment.

Before a child can become a youth recreation program participant, a parent must sign a registration form that contains:

(1) The child's name, age, address, and home telephone number;

(2) Emergency contact names and telephone numbers;

(3) The child's doctor's name and telephone number; and

(4) A liability waiver.

(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015 Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 3, 7-25-2018; Ord. No. 2019-593, § 2, 8-7-2019; Ord. No. 2020-778, § 2, 9-16-2020; Ord. No. 2021-689, § 2, 8-11-2021; Ord. No. 2023-648, § 2, 8-23-2023)

Sec. 32-265. Suspected child abuse.

(a) Program staff will report suspected child abuse in accordance with the Texas Family Code.

(b) Program staff will receive basic training related to child abuse prevention and reporting.

(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015 Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 3, 7-25-2018; Ord. No. 2019-593, § 2, 8-7-2019; Ord. No. 2020-778, § 2, 9-16-2020; Ord. No. 2021-689, § 2, 8-11-2021; Ord. No. 2023-648, § 2, 8-23-2023)

Secs. 32-266—32-270. Reserved.

DIVISION 2. STAFFING QUALIFICATIONS AND TRAINING

Sec. 32-271. Recreation facility manager qualifications.

(a) Recreation facility managers will be employees of the department and will be required to have the minimum qualifications outlined in this section.

(b) Recreation facility managers should possess the following combination of experience and training:

(1) Two years of experience in recreation facility operations.

(2) An associate's degree in physical education, art or a related field.

(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015 Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 3, 7-25-2018; Ord. No. 2019-593, § 2, 8-7-2019; Ord. No. 2020-778, § 2, 9-16-2020; Ord. No. 2021-689, § 2, 8-11-2021; Ord. No. 2023-648, § 2, 8-23-2023)

Sec. 32-272. Program manager qualifications.

(a) Program managers will be employees of the department and will be required to have the minimum qualifications outlined in this section.

(b) Program managers should possess the following combination of experience and training:

(1) Two years of experience coordinating and managing community programs and activities.

(2) An associate's degree in business administration, management, physical education, art or a related field.

(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015 Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 3, 7-25-2018; Ord. No. 2019-593, § 2, 8-7-2019; Ord. No. 2020-778, § 2, 9-16-2020; Ord. No. 2021-689, § 2, 8-11-2021; Ord. No. 2023-648, § 2, 8-23-2023)

Sec. 32-273. Recreation supervisor qualifications.

(a) Recreation supervisors will be employees of the department and will be required to have the minimum qualifications outlined in this section.

(b) Recreation supervisors should possess the following combination of experience and training:

(1) An associate's degree in education, recreation, physical education, art or a related field.

(2) Two years of experience in recreation or education.

(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015 Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 3, 7-25-2018; Ord. No. 2019-593, § 2, 8-7-2019; Ord. No. 2020-778, § 2, 9-16-2020; Ord. No. 2021-689, § 2, 8-11-2021; Ord. No. 2023-648, § 2, 8-23-2023)

Sec. 32-274. Reserved.

Editor's note—Ord. No. 2012-717, § 5, adopted August 22, 2012, repealed § 32-274 in its entirety. Formerly said section pertained to senior recreation specialist qualifications and derived from Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011.

Sec. 32-275. Recreation specialist qualifications.

(a) Recreation specialists will be employees of the department and will be required to have the minimum qualifications outlined in this section.

(b) Recreation specialists should possess the following combination of experience and training:

(1) Three months of experience in recreation, education or a related field.

(2) An associate's degree in physical education, art or a related field.

(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015; Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 3, 7-25-2018; Ord. No. 2019-593, § 2, 8-7-2019; Ord. No. 2020-778, § 2, 9-16-2020; Ord. No. 2021-689, § 2, 8-11-2021; Ord. No. 2023-648, § 2, 8-23-2023)

Sec. 32-276. Recreation assistant qualifications.

(a) Recreation assistants will be employees of the department and will be required to have the minimum qualifications outlined in this section.

(b) Recreation assistants should possess the following combination of experience and training:

(1) Three months of experience in recreation, education or a related field.

(2) A high school diploma or GED certificate.

(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015; Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 3, 7-25-2018; Ord. No. 2019-593, § 2, 8-7-2019; Ord. No. 2020-778, § 2, 9-16-2020; Ord. No. 2021-689, § 2, 8-11-2021; Ord. No. 2023-648, § 2, 8-23-2023)

Sec. 32-277. Training and orientation.

(a) The department is responsible to provide training and orientation to program staff in working with participants and for specific job responsibilities. The assistant director will provide each program site with a program manual.

(b) Program staff should be familiar with the standards of care for youth recreation programs as adopted by city council.

(c) Program staff should be familiar with a youth recreation program's policies including discipline, guidance, and release of participants.

(d) Program staff will be trained in appropriate procedures to handle emergencies.

(e) Program staff will be trained in areas including city, department, and youth recreation program policies and procedures, recreation activities organization, safety issues, program organization, and other areas as required by an assigned youth recreation program.

(f) Program staff will be required to sign an acknowledgment that they have received the required training.

Secs. 32-278—32-280. Reserved.

DIVISION 3. OPERATIONS

Sec. 32-281. Staff-participant ratio.

In a youth recreation program, the standard ratio of participants to staff is 25 to 1, based on average daily attendance. For a field trip, the standard ratio of participants to staff is 10 to 1, based on average daily attendance.
(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015; Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 3, 7-25-2018; Ord. No. 2019-593, § 2, 8-7-2019; Ord. No. 2020-778, § 2, 9-16-2020; Ord. No. 2021-689, § 2, 8-11-2021; Ord. No. 2023-648, § 2, 8-23-2023)

Sec. 32-282. Discipline.

(a) Program staff will implement discipline and guidance in a consistent manner based on the best interests of participants.

(b) There will be no cruel treatment or harsh punishment.

(c) As necessary, program staff will initiate discipline reports to the parent(s) of participants. A parent will be asked to sign a participant discipline report to indicate that the parent has been advised about specific problems or incidents.

(d) A sufficient number and/or severe nature of discipline reports may result in a participant being suspended from a youth recreation program.

(e) A participant will be removed from the program site as soon as possible in instances of danger to other participants or program staff.
(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015; Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 2, 7-25-2018; Ord. No. 2019-593, § 2, 8-7-2019; Ord. No. 2020-778, § 2, 9-16-2020; Ord. No. 2021-689, § 2, 8-11-2021; Ord. No. 2023-648, § 2, 8-23-2023)

Sec. 32-283. Programming.

(a) Program staff will provide cultural, educational, and recreational programs for participants according to their ages, interests, and abilities. The activities will be appropriate to the health, safety, and well-being of participants. The activities also will be flexible and promote the emotional, social, and mental growth of participants.

(b) Program staff will attempt to provide indoor and outdoor time periods to include:

(1) Alternating active and passive activities;

(2) Opportunity for individual, small, and large group activities; and

(3) Outdoor time each day, as weather permits, based upon room availability and weather conditions.

(c) Program staff will be attentive and considerate of the participant's safety on field trips and during any transportation provided by a youth recreation program.

(d) During field trips, program staff will have emergency contact information for each participant.

(e) Program staff will have a written list of the participants in the group and should check the roll before departure to and from the destination.

(f) Program staff will have first aid supplies available on field trips.
(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No.

08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015; Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 3, 7-25-2018; Ord. No. 2019-593, § 2, 8-7-2019; Ord. No. 2020-778, § 2, 9-16-2020; Ord. No. 2021-689, § 2, 8-11-2021; Ord. No. 2023-648, § 2, 8-23-2023)

Sec. 32-284. Communication.

A program site will have a telephone to allow a program site to be contacted by program staff. A program site will have access to a telephone for use in contacting program staff or making emergency telephone calls. At a program site, the site manager will post the following telephone numbers adjacent to a telephone accessible to program staff:

(1) City ambulance or emergency medical services;

(2) Houston Police Department;

(3) Houston Fire Department;

(4) Department administrative office; and

(5) Telephone numbers and address of the program site.

(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015; Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 3, 7-25-2018; Ord. No. 2019-593, § 2, 8-7-2019; Ord. No. 2020-778, § 2, 9-16-2020; Ord. No. 2021-689, § 2, 8-11-2021; Ord. No. 2023-648, § 2, 8-23-2023)

Sec. 32-285. Transportation.

(a) Before a participant can be transported to and from city sponsored activities, a registration/waiver form, completed and signed by a parent of the participant, will be filed with the department.

(b) First aid supplies will be available in a youth recreation program vehicle used to transport participants.

(c) Seatbelts will be worn, if provided.

(d) Participants will be oriented to expected behavior and safety rules.

(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2023-648, § 2, 8-23-2023)

Secs. 32-286—32-290. Reserved.

DIVISION 4. FACILITY STANDARDS

Sec. 32-291. Safety.

(a) Program staff will inspect program sites weekly checking for sanitation and safety concerns that might affect the health and safety of participants.

(b) Buildings, grounds and equipment on a program site will be inspected, cleaned, repaired and maintained to protect the health and safety of participants.

(c) Program site equipment and supplies will be safe for use of participants

(d) Program staff will have first aid supplies available at a program site in a designated location, during transportation, and for the duration of any off-site activity.

(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015; Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 3, 7-25-2018; Ord. No. 2019-593, § 2, 8-7-2019; Ord. No. 2020-778, § 2, 9-16-2020; Ord. No. 2021-689, § 2, 8-11-2021; Ord. No. 2023-648, § 2, 8-23-2023)

Sec. 32-292. Fire.

(a) In case of fire, danger of fire, explosion or other emergency, program staff's first priority is to evacuate participants to a pre-designated safe area.

(b) A program site will have an annual fire inspection, and the resulting report will detail any safety concerns observed and recommend deadlines and criterion for compliance.

(c) A program site will have at least one fire extinguisher readily available to all program staff. The fire extinguisher will be inspected monthly by the site manager. Program staff will be trained in the proper use of a fire extinguisher.

(d) Fire drills will be initiated at program sites based on the following schedule:

(1) After school enrichment program—Once every three months; and

(2) Summer enrichment program—Once during each program.

(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717, §§ 2—4, 8-22-2012; Ord. No. 2013-665, § 2, 7-25-2013; Ord. No. 2014-725, § 2, 7-23-2014; Ord. No. 2015-745, § 2, 8-5-2015; Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2016-606, § 2, 8-10-2016; Ord. No. 2017-588, § 2, 8-8-2017; Ord. No. 2018-587, § 3, 7-25-2018; Ord. No. 2019-593, § 2, 8-7-2019; Ord. No. 2020-778, § 2, 9-16-2020; Ord. No. 2021-689, § 2, 8-11-2021; Ord. No. 2023-648, § 2, 8-23-2023)

Sec. 32-293. Health.

(a) *Illness or injury.*

(1) A participant who is considered to be a health or safety concern to other participants or program staff will not be admitted to a youth recreation program.

(2) Illnesses and injuries will be handled in a manner to protect the health of all participants and program staff.

(3) Program staff will follow emergency procedures for injured participants or for participants with symptoms of an acute illness.

(b) *Toilet facilities.*

(1) A program site will have toilets located and equipped so participants can use them independently and program staff can monitor as needed.

(2) An adequate number of lavatories will be provided.

(c) *Sanitation.*

(1) An indoor program site will have adequate light, ventilation, air conditioning, and heat.

(2) A program site will have an adequate supply of water, and water will be supplied to the participants in a safe and sanitary manner.

(Ord. No. 02-756, § 2, 8-21-02; Ord. No. 03-793, 9-3-03; Ord. No. 04-891, § 2, 9-1-04; Ord. No. 05-1011, § 2, 8-30-05; Ord. No. 06-875, § 2, 8-23-06; Ord. No. 07-964, § 2, 8-29-07; Ord. No. 08-743, § 2, 8-27-08; Ord. No. 09-711, § 2, 8-5-09; Ord. No. 2010-660, § 2, 8-18-2010; Ord. No. 2011-672, § 2, 8-10-2011; Ord. No. 2012-717,

ARTICLE XIII. BUFFALO BAYOU PARK

Sec. 32-300. Definitions.

The following words, terms and phrases, when used in this article, shall have the meaning assigned to them in this section.

BBP means the Buffalo Bayou Partnership, a Texas non-profit corporation, or its permitted successor under that certain Construction, Operation and Maintenance Agreement approved by City of Houston, Texas, Ordinance No. 2011-1166 (Dec. 14, 2011).

BBP areas means the areas of Buffalo Bayou East Park that are operated and managed by BBP pursuant to the Buffalo Bayou East Agreement.

Buffalo Bayou East Agreement means that certain Development, Construction, Operations, Maintenances and Concession Agreement approved by City of Houston, Texas Ordinance No. 2022-716 that authorizes BBP to operate and manage Buffalo Bayou East Park, as may be amended from time to time.

Buffalo Bayou East Park means a public park or parks owned by the city generally located between Clinton Drive to the north, Lockwood Drive to the east, Navigation Boulevard to the south, and the Union Pacific Railroad Bridge to the west, and as further described by the Buffalo Bayou East Agreement.

Buffalo Bayou Park means a publicly dedicated park adjacent to Buffalo Bayou and generally between Memorial Drive and Glenwood Cemetery on the north, Sabine Street on the east, Allen Parkway on the south, and Shepherd Drive on the west.

(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016; Ord. No. 2022-716, § 2, 9-28-2022)

Sec. 32-301. Buffalo Bayou Park.

(a) The director delegates authority to BBP to permit special uses, including exhibits of art, in Buffalo Bayou Park. Such delegation of authority shall end upon BBP's written notice of rejection of such authority to the director.

(b) BBP shall have the right to grant consents for offering anything for sale or barter, or to exhibit anything, or to conduct any amusement, recreational activity, sports event, or other business for which any participation or admission fee is charged or revenue is otherwise derived, within Buffalo Bayou Park.

(c) Notwithstanding section 32-7(a) of this Code, revenues derived from Buffalo Bayou Park, including user fee revenues related to special events but excluding other revenues related to special events as defined in section 25-2 of the Code, shall be deposited in accounts managed by the BBP for the sole benefit of Buffalo Bayou Park.

(d) BBP shall have the authority of the director under section 32-8 of the Code to grant written consent for concessions in Buffalo Bayou Park.

(e) BBP shall have the authority of the director under section 32-10 of the Code with respect to the approving applications for and permitting the maintenance or adoption of natural areas in Buffalo Bayou Park.

(f) Skateboarding and scooters are prohibited in Buffalo Bayou Park with the exception of the Lee and Joe Jamail Skateboard Park and adjacent Skater's Alley.

(g) Swimming is prohibited in Buffalo Bayou Park.

(h) BBP shall have the authority of the director under article IX of this chapter with respect to mobile food units and food trucks in Buffalo Bayou Park.

(i) BBP shall have the authority to designate (i) areas in Buffalo Bayou Park where a permit shall be required to conduct a special event, (ii) restricted use areas in Buffalo Bayou Park where certain types of special events shall not be permitted, and (iii) the allowable frequency of special events. BBP shall cause maps of such areas to be prepared and made available in the offices of the director and the director of the mayor's office of special events.

(j) Solely with respect to Buffalo Bayou Park, BBP shall have the concurrent authority with the director of the mayor's office of special events to deny a permit pursuant to section 25-7 of the Code.

(k) Solely with respect to Buffalo Bayou Park and in addition to any deposit levied by the city, BBP may levy a security deposit to protect Buffalo Bayou Park from damage and BBP from unpaid services BBP may be required to provide to protect the park and public safety, with such security deposit paid to BBP.

(l) Solely with respect to Buffalo Bayou Park, BBP and the director of the mayor's office of special events shall establish insurance requirements and indemnification requirements for special uses, special events and other activities.

(m) Solely with respect to Buffalo Bayou Park, BBP and director of the mayor's office of special events shall be required to coordinate the schedules of special uses, special events and other activities.

(n) The provisions of this article XIII shall terminate when BBP is no longer under contract with the city for the operation of Buffalo Bayou Park.
(Ord. No. 2016-65, § 2(Exh. A), 1-20-2016)

Sec. 32-302. Buffalo Bayou East Park.

(a) In accordance with and subject to the terms and conditions of the Buffalo Bayou East Agreement:

(1) BBP shall have the authority of the director under section 32-61 of this Code to issue park use permits in the BBP areas.

(2) Notwithstanding section 32-7(a) of this Code, park revenues, as defined in section 32-7(a) of this Code, derived in BBP areas shall be allocated to BBP for the sole benefit of the Buffalo Bayou East Park.

(3) BBP shall have the authority of the director under section 32-8 of the Code to grant written consent for concessions in the BBP Areas.

(4) Notwithstanding section 32-69 of this Code, BBP shall have the authority to establish park user fees, as defined in section 32-69 of this Code, in the BBP areas. The fees established under this provision shall be included in the city fee schedule.

(5) BBP shall have the authority to establish parking meter fees for parking meters placed in the park, subject to the parking meter fee schedule established pursuant to section 26-160 of this Code. Prior to exercising this authority, BBP shall notify the director and the parking official of its intent to do so and present its plan for parking meters in the park to city council no less than 90 days before the first parking meter is installed.

(6) All fees and/or revenues generated from the parking meter fees for parking meters described by item (5) of this section shall be first expended to defray costs associated with debt service of those meters, and all remaining funds shall be allocated to BBP for the sole benefit of the park.

(7) BBP shall have the right to have the fee described in section 26-182 of this Code waived upon submission of an application for a permit under division 2 of article Ill of chapter 26 of this Code.

(8) BBP shall have the authority of the director under article IX of this chapter with respect to mobile food units and food trucks in the BBP areas.

(9) Solely with respect to the BBP areas, BBP shall have the authority to designate (i) areas where a permit shall be required

to conduct a special event, (ii) restricted use areas where certain types of special events shall not be permitted, and (iii) the allowable frequency of special events.

(10) Solely with respect to the BBP areas, BBP shall have the concurrent authority with the director of the mayor's office of special events to deny a permit pursuant to section 25-7 of the Code.

(11) BBP and the director of the mayor's office of special events shall coordinate the scheduling, security, traffic management, and locations of special uses, special events, and other activities within the park.

(12) BBP and the director of the mayor's office of special events shall establish requirements for insurance, indemnification, and any other matters agreed to in the Buffalo Bayou East Agreement relating to special uses, special events and other activities in the park.

(13) BBP shall have the authority to conduct or permit others to conduct any amusement, recreational activity, sport event, or other business in the BBP areas for which any participation or admission fee is charged or revenue is otherwise derived.

(14) BBP shall have the authority of the director under section 32-10 of the Code with respect to approving applications for and permitting the maintenance or adoption of natural areas in the BBP areas.

(15) Solely within the BBP areas, BBP shall have the authority to manage and grant temporary use or installation within the park for exhibits, cultural activities, performances, and artwork.

(16) In addition to any deposit levied by the city, BBP may levy a security deposit with its granting of permits and other approvals authorized by this section to protect the park from damage and BBP from unpaid services it may be required to provide for the protection of the park and public safety, with such security deposit paid to BBP.

(17) The provisions of this section shall terminate upon termination or expiration of the Buffalo Bayou East Agreement.

(b) Swimming is prohibited in Buffalo Bayou East Park.

(c) Skateboarding and scooters are prohibited in Buffalo Bayou East Park, except in designated areas.

(Ord. No. 2022-716, § 3, 9-28-2022)

Secs. 32-303—32-310. Reserved.

ARTICLE XIV. MEMORIAL PARK

Sec. 32-311. Definitions.

The following words, terms and phrases, when used in this article, shall have the meaning assigned to them in this section.

Memorial Park means a public park consisting of approximately 1,464 acres owned by the city and generally located at 6501 Memorial Drive.

Memorial Park Agreement means that certain Amended and Restated Development, Construction, Operations, Maintenance and Concession Agreement approved by City of Houston, Texas, Ordinance No. 2018-366, May, 2, 2018, that authorizes MPC to operate and manage the MPC Areas, as may be amended from time to time.

MPC Areas means the areas of the Memorial Park that are operated and managed by MPC pursuant to the Memorial Park Agreement.

(Ord. No. 2018-366, § 3, 5-2-2018)

Sec. 32-312. Memorial Park Agreement.

In accordance with and subject to the terms and conditions of the Memorial Park Agreement:

(1) MPC shall have the authority of the director under section 32-61 of the Code to issue park use permits in the MPC Areas.

(2) Notwithstanding section 32-7(a) of this Code, park revenues, as defined in section 32-7(a) of this Code, derived in the MPC Areas shall be allocated to MPC for the sole benefit of Memorial Park.

(3) Notwithstanding section 32-7(b) of this Code, a portion of the revenues received by the city and deposited into the Parks Golf Special Fund may be allocated to MPC for the sole benefit of Memorial Park in such amounts as may be required under the Memorial Park Agreement.

(4) MPC shall have the authority of the director under section 32-8 of the Code to grant written consent for concessions in the MPC Areas.

(5) Notwithstanding section 32-69 of the Code, MPC shall have the authority to establish park user fees, as defined in section 32-69 of this Code, in the MPC Areas. The fees established under this provision shall be included in the city fee schedule.

(6) MPC shall have the authority to establish parking meter fees for parking meters placed in the MPC Areas, subject to the parking meter fee schedule established pursuant to section 26-160 of this Code.

(7) All fees and/or revenues generated from the parking meter fees for parking meters described by item (6) of this section shall be first expended to defray costs associated with debt service of those meters, and all remaining funds shall be allocated to MPC for the sole benefit of Memorial Park.

(8) MPC shall have the right to have the fee described in section 26-182 of this Code waived upon submission of an application for a permit under division 2 of article III of chapter 26 of this Code.

(9) MPC shall have the authority of the director under article IX of this chapter with respect to mobile food units and food trucks in the MPC Areas.

(10) Solely with respect to the MPC Areas, MPC shall have the authority to designate (i) areas where a permit shall be required to conduct a special event, (ii) restricted use areas where certain types of special events shall not be permitted, and (iii) the allowable frequency of special events.

(11) Solely with respect to the MPC Areas, MPC shall have the concurrent authority with the director of the mayor's office of special events to deny a permit pursuant to section 25-7 of the Code.

(12) MPC and the director of the mayor's office of special events shall establish requirements for insurance, indemnification, and any other matters agreed to in the Memorial Park Agreement relating to special uses, special events and other activities in Memorial Park.

(13) MPC and director of the mayor's office of special events shall be required to coordinate the scheduling, security, traffic management and locations of special uses, special events and other activities in Memorial Park.

(14) The provisions of this article XIV shall terminate upon termination or expiration of the Memorial Park Agreement.

(Ord. No. 2018-366, § 3, 5-2-2018)

ARTICLE I. IN GENERAL

Sec. 33-1. Department established.

There is hereby created and established within and for the city a department to be known as the department of planning and development.
(Code 1968, § 33-1; Ord. No. 84-326, § 2, 2-28-84)

Sec. 33-2. Director—Generally.

The office of the director of the department of planning and development is hereby created. Such director shall be the head of such department and shall be appointed by the mayor with the approval of the city council.
(Code 1968, § 33-2; Ord. No. 84-326, § 2, 2-28-84)

Charter reference—Appointment of heads of administrative departments, Art. VI, § 7a.

Cross reference—Officers and employees generally, § 2-21 et seq.

Sec. 33-3. Duties.

The department, under the supervision of the director, is charged with the responsibility for the preparation of all plans, drawings and reports on all matters within the jurisdiction of the department and shall perform such other duties as may be assigned by the commission and the city council.
(Code 1968, § 33-3; Ord. No. 84-326, § 1, 2-28-84; Ord. No. 90-635, § 73, 5-23-90; Ord. No. 91-63, § 1, 1-9-91; Ord. No. 93-514, § 52, 5-5-93; Ord. No. 98-613, § 61, 8-5-98; Ord. No. 02-399, § 76, 5-15-02; Ord. No. 02-528, § 14m., 6-19-02; Ord. No. 04-1015, § 23, 9-27-04; Ord. No. 04-1075, § 9, 10-20-04)

Sec. 33-4. Definitions.

For the purposes of this chapter the following terms, phrases and words will have the following meanings:

Commission shall mean the city planning commission.

Department shall mean the department of planning and development of the city.

Director shall mean the director of the department of planning and development of the city.

Neighborhood shall mean a particular community, district or geographic area.
(Ord. No. 91-63, § 2, 1-9-91; Ord. No. 2015-559, § 2, 6-10-2015)

Secs. 33-5—33-13. Reserved.

ARTICLE II. PLANNING COMMISSION*

Sec. 33-14. Created.

There is hereby created a commission composed of 26 members. Five of the 26 members shall be nonvoting ex officio members. The director or his designee shall serve as ex officio member and secretary to the commission. The four additional ex officio members shall be (1) the Director of Houston Public Works or his designee; (2) a designee of the Board of Directors of the Metropolitan Transit Authority of Harris County, Texas; (3) the Executive Director of the Harris County Flood Control District or his designee; and (4) the most recent former chair of the commission. In the event that the most recent former chair of the commission is unable or unwilling to serve as an ex officio member of the commission, any former member of the commission with five years' experience on the commission may be appointed by the mayor, subject to confirmation by the city council, to serve in the former chair nonvoting ex officio position. The director may request that directors of other city departments or their designees meet with the commission from time to time when the commission has business affecting their departments.
(Ord. No. 91-63, § 3, 1-9-91; Ord, No. 05-14, § 1, 1-5-05; Ord. No. 05-994, § 1, 8-24-05; Ord. No. 2015-559, § 3, 6-10-2015; Ord. No. 2018-11, § 49, 1-10-2018; Ord. No. 2020-1093, § 2, 12-16-2020)

***Editor's note—**Section 3 of Ord. No. 91-63, adopted Jan. 9, 1991, amended Art. II to read as herein set forth. Prior to such amendment, Art. II, §§ 33-14—33-22, pertained to the planning commission and derived from §§ 33-14—33-22 of the 1968 Code and Ord. Nos. 77-364, 78-2349, 84-326, 86-463, 88-1238, 89-933 and 90-635.

Cross reference—Boards, commissions and authorities, generally, § 2-316 et seq.

Note—Ord. No. 95-104, § 1, adopted Jan. 25, 1995, changed the name of this article from "planning and zoning commission" to "planning commission."

Sec. 33-15. Qualifications, appointment and terms of members.

(a) Four members of the commission shall be ex officio members as specified in section 33-14 of this Code and do not need to be residents or qualified voters of the city. In addition, three members of the commission may be appointed, one each, from the membership of the Commissioners' Courts of Harris County, Texas, Fort Bend County, Texas, and Montgomery County, Texas, whether or not the appointees are residents or qualified voters of the city or residents of the city's extraterritorial jurisdiction. Two members of the commission shall be residents of the city's extraterritorial jurisdiction. The remaining 16 members shall be residents and qualified voters of the city. As far as practicable, these 16 nominated and confirmed members of the commission shall be representative of the ethnic and geographical demography of the city. The determination by the city council that the members of the commission meet the qualifications set forth in this section shall be final.

(b) If a commission member, except for the ex officio members and any representative from the membership of the commissioners' courts provided in subsection (a) above, removes his or her actual residence from the city or the city's extraterritorial jurisdiction, as applicable, during the term of his or her appointment, such person shall be disqualified to hold such position, and the position shall become vacant effective simultaneously with such change in residency.

(c) The members of the commission, other than the ex officio members, shall be appointed by the mayor, subject to confirmation by the city council. All appointments will be for two-year staggered terms. Each commissioner shall continue to act after the end of his or her term until a successor is appointed and confirmed.

(d) Within 12 months after the population within the city's extraterritorial jurisdiction in Waller County exceeds 25,000 persons, according to the most recent federal census, one member of the commission shall be appointed from the membership of the Commissioners' Court of Waller County, Texas. At such time the number of commission members will be increased by one.

(e) Within 12 months after the population within the city's extraterritorial jurisdiction in Liberty County exceeds 25,000 persons, according to the most recent federal census, one member of the commission shall be appointed from the membership of the Commissioners' Court of Liberty County, Texas. At such time the number of commission members will be increased by one.
(Ord. No. 91-63, § 3, 1-9-91; Ord. No. 92-1046, §§ 1, 2, 7-29-92; Ord. No. 05-14, § 2, 1-5-05)

Sec. 33-16. When county engineer to serve as member.

A county engineer may serve as a member of the commission in the absence of the member representing his county commissioners court whenever a member of that court is serving as a duly appointed member of the commission. For purposes of this section, a "county engineer" shall mean the person officially designated as the county engineer or such other employee of the county engineering department who is designated as an alternate by the member representing his commissioners' court.
(Ord. No. 91-63, § 3, 1-9-91; Ord. No. 99-1146, § 1, 10-27-99)

Sec. 33-17. Compensation.

The members of the commission, in the performance of their duties as such, shall serve without compensation.
(Ord. No. 91-63, § 3, 1-9-91)

Sec. 33-18. Chairman.

The chairman of the commission shall be selected from the commission and elected by a majority of the entire commission. An individual may serve for not more than eight consecutive years as chairman.
(Ord. No. 91-63, § 3, 1-9-91; Ord. No. 95-105, § 1, 1-25-95; Ord. No. 2020-1093, § 3, 12-16-2020)

Sec. 33-19. Quorum.

Eleven members of the commission shall constitute a quorum; however, in the event of vacancies on the commission, a majority of the members of the commission, or of the membership of the commission as expanded pursuant to

section 33-15(d) or (e), which, in any event, may include the secretary of the commission, shall constitute a quorum for the transaction of business.
(Ord. No. 91-63, § 3, 1-9-91; Ord. No. 05-14, § 3, 1-5-05)

Sec. 33-20. Committees.

The commission may form committees, including persons not on the commission, to assist it in the discharge of its responsibilities.
(Ord. No. 91-63, § 3, 1-9-91)

Sec. 33-21. Absence from meetings.

Three successive unexcused absences from the regularly scheduled meetings, after due notice served by telephone or mail of the time and place of such meetings, shall ipso facto terminate membership on the planning commission. Absences may be excused only by a majority of the commissioners present and voting at any scheduled meeting.
(Ord. No. 91-63, § 3, 1-9-91; Ord. No. 95-104, § 1, 1-25-95)

Sec. 33-22. General powers and duties.

(a) The commission shall have all powers of a planning commission as set forth in Chapter 212 of the Texas Local Government Code.

(b) Additionally, the commission shall have the power:

(1) To review and consider studies and plans for the improvement of the city and its extraterritorial jurisdiction with a view to its future development and welfare, and make recommendations for the adoption, amendment, or implementation of such studies and plans.

(2) To act with and assist all other municipal and governmental agencies and especially the city council in formulating and executing proper plans of municipal development.

(3) To select and recommend to the city council routes of transportation corridors and particularly to investigate and recommend the opening, widening or abandoning of streets, or the changing thereof to conform with the city's system, present and future, of streets, avenues, parks and parkways.

(4) To investigate, consider and report to the city council upon the layout or platting of new subdivisions of the city or of property adjacent to or near the city when requested by the city council to do so, and to perform all duties imposed upon planning and development commissions by chapter 42 of the Code of Ordinances, Houston, Texas and the statutes of the state.

(5) To recommend plans to the city council in agreement with the director of the parks and recreation department for improving, developing, expanding and beautifying the parks, parkways, bayous and streams in or adjoining the city and to cooperate with the city council and the other agencies of the city in devising, establishing, locating, improving, selecting, expanding and maintaining the public parks, parkways and places for public recreation.

(6) In conjunction with the traffic and transportation division of Houston Public Works, or a city department charged with that responsibility, to make recommendations to the city council concerning traffic regulation and control which directly affect the proper functioning of the planning and development programs adopted by the city council.

(7) Generally to investigate, consider and recommend to the city council all matters for the development and advancement of the city's physical layout and appearance.

(8) To recommend to the city council such capital improvements or other programs as the commission shall consider necessary to accommodate the present or future parking needs of the city.

(9) To conduct studies of the current or anticipated parking needs of the city or

any locale as the commission shall deem necessary or advisable and to report its findings on such matters to the city council.

(10) To provide a forum for input on present and future parking needs and related issues for stakeholders and other interested parties.

(Ord. No. 91-63, § 3, 1-9-91; Ord. No. 93-514, § 53, 5-5-93; Ord. No. 2010-683, § 4, 8-25-2010; Ord. No. 2015-513, § 4, 6-3-2015; Ord. No. 2018-11, § 50, 1-10-2018)

Editor's note—Ord. No. 93-514, § 53, adopted May 5, 1993, contained a provision to amend the Code designated as § 33-32(b)(9). Inasmuch as this provision pertained to 33-22(b)(9), its has been redesignated as such, at the discretion of the editor.

Sec. 33-23. Rules, regulations and bylaws.

The commission shall, subject to the approval of the city council, make such rules and regulations and adopt such bylaws for its own governance and designate such times and places for holding meetings as it deems proper.
(Ord. No. 91-63, § 3, 1-9-91)

Sec. 33-24. Commission meetings.

(a) The commission shall adopt a regular meeting schedule and shall give public notice of the meeting schedule by publication for three consecutive days in a daily newspaper of general circulation within the city and the area of extraterritorial jurisdiction. The commission may change this meeting schedule by the adoption of a new schedule, the effective date of which shall not be less than ten days after publication of the new schedule for three consecutive days in a daily newspaper having general circulation within the city and the area of extraterritorial jurisdiction. The commission may, by rule, designate the times and places for holding meetings as it deems proper.

(b) The commission may hold a special meeting for any purpose except for the filing of any plats or replats pursuant to chapter 42 of this Code.

(c) The commission shall hold at least one public hearing prior to the adoption of the major thoroughfare and freeway plan or any amendments thereto. The commission may establish rules governing the circumstances under which it will call public hearings and the reservation of time for speaking. All such rules shall grant reasonable opportunity for the public to be heard on matters within the jurisdiction of the commission.
(Ord. No. 99-262, § 3, 3-24-99)

Sec. 33-25. Reserved.

Editor's note—Ord. No. 2017-208, § 2, adopted March 23, 2017, repealed § 33-25 in its entirety. Formerly said section pertained to Annual major thoroughfare and freeway plan review and derived from Ord. No. 99-262, § 3, 3-24-99.

Secs. 33-26—33-50. Reserved.

ARTICLE III. GENERAL PLAN*

Sec. 33-51. Scope.

(a) The city shall adopt and maintain a general plan that describes an overall vision for the city that incorporates plans, policies, regulations, and coordinates strategies for the betterment of public health, safety, and welfare of the city and its extraterritorial jurisdiction.

(b) The general plan shall include, but not be limited to:

(1) A vision statement that provides an overview of the city's immediate and long term objectives for economic development, fiscal responsibility, infrastructure, development, redevelopment, public health, safety, welfare, and quality of life;

(2) Implementation and coordination strategies to achieve the objectives of the vision statement; and

*__Editor's note—__Ord. No. 2015-559, § 5, adopted June 10, 2015, amended Ch. 33, Art. III in its entirety to read as herein set out. Formerly said article pertained to Comprehensive Planning and Zoning and derived from Ord. No. 91-63, § 4, 1-9-91; Ord. No. 92-928, § 1, 7-1-92; Ord. No. 95-104, § 1, 1-25-95.

(3) A digital interactive planning coordination tool that provides information on related plans, policies, regulations, and identified performance indicators.

(Ord. No. 2015-559, § 5, 6-10-2015)

Sec. 33-52. Duties and responsibilities of the director.

(a) It shall be the responsibility of the director to oversee the maintenance of the general plan and to update the general plan at the direction of the Mayor of the City of Houston.

(b) The director shall coordinate with other city departments and offices, government agencies, stakeholder organizations, and the general public in formulating amendments to the general plan. The director shall periodically present recommendations for amendments to the general plan to the commission for consideration.

(c) The director shall make the general plan available to the public.

(d) The director shall establish an open, inclusive, public process for engaging the diverse ethnic and cultural communities to participate in the development of the general plan and any proposed amendments.

(e) Following the adoption of the general plan by city council, the director shall coordinate with other city departments, government agencies, and related stakeholder organizations on the implementation and maintenance of the general plan.

(Ord. No. 2015-559, § 5, 6-10-2015)

Sec. 33-53. Duties and responsibilities of city departments and offices.

(a) Each director of a city department or office shall designate a liaison to periodically report to the department new or updated policies, regulations, and planning activities related to the scope of the general plan.

(b) Each director of a city department or office shall consult and coordinate with the general plan, including with the digital interactive planning tool described in section 33-51(b)(3) of this Code, when formulating plans, policies, and regulations.

(Ord. No. 2015-559, § 5, 6-10-2015)

Sec. 33-54. Duties and responsibilities of the commission.

The commission shall hold a public hearing on the proposed general plan or any proposed amendments to the general plan. Upon the close of the public hearing, the commission shall consider whether the proposed general plan or the proposed amendments further the objectives outlined in the vision statement and the goals of the general plan. The commission shall vote to recommend the adoption of the proposed general plan or the proposed amendments to city council, refer the general plan or the proposed amendments back to the director for further study and evaluation, defer consideration of the proposed general plan or the proposed amendments to a future meeting, or disapprove the proposed general plan or the proposed amendments.

(Ord. No. 2015-559, § 5, 6-10-2015)

Sec. 33-55. Duties and responsibilities of the city council.

The city council is authorized to adopt a general plan after conducting a public hearing on the recommendation of the commission to adopt or amend the general plan. Upon close of the public hearing, the city council shall vote to approve, disapprove, or modify the recommendation of the commission made pursuant to section 33-54 of this Code.

(Ord. No. 2015-559, § 5, 6-10-2015)

Secs. 33-56—33-70. Reserved.

ARTICLE IV. CITY SURVEYS*

DIVISION 1. GENERALLY

Sec. 33-71. City surveys confirmed.

*__Editor's note—__Section 5 of Ord. No. 91-63, adopted Jan. 9, 1991, provided that former Art. III of Ch. 33 be

The original plan and survey, known and designated as the A.C. & J.K. Allen Survey, as far as marked by actual measurements, and so far as revised, reestablished and determined by the surveys of W.H. Griffin, C.E., under and by resolutions of the city council, shall be and is hereby affirmed and established as the true city survey of the city. The theory, survey and plat, as

---

redesignated as Art. IV and the sections therein renumbered accordingly; hence, former § 33-51 and 33-61—33-66 were renumbered as §§ 33-71 and 33-81—33-86, respectively.

[The next page is 2297]

marked on W.E. Wood's map, as to the dimensions of lots, blocks and widths of streets, is also confirmed in each and every particular.
(Code 1968, § 2-4; Ord. No. 91-63, § 5, 1-9-91)

Secs. 33-72—33-80. Reserved.

DIVISION 2. OFFICIAL SURVEY SYSTEM*

Sec. 33-81. Generally.

(a) As used in this article, the term "official coordinate system" shall mean the standard system of coordinates and elevations based upon the National Oceanic and Atmospheric Administration data known as the Texas State Plane Coordinate Grid System of 1983 (also known as the Texas Coordinate System of 1983) or such newer system as may be recognized by the state.

(b) Pursuant to Chapter 21, Subchapter D, of the Texas Natural Resources Code, the city hereby adopts the official coordinate system for surveys in the city.
(Ord. No. 03-1292, § 2, 12-17-03)

Sec. 33-82. Adoption of official maps and records of survey markers.

There are hereby adopted as a part of this Code, as fully as if set out at length herein, the maps developed as part of the City of Houston's Survey, Monumentation and Mapping Program. Each map is hereby declared to be an official map and an official record of the city. The official copy of each of such maps shall be kept and maintained in Houston Public Works and shall be available at all reasonable hours for inspection by the public. Employees of the department are authorized to cause copies of such maps and separate sheets within such records to be prepared and made available for sale to the public. As official custodians of the official copy of each such map, the employees of the department are authorized, upon application of any person, to issue a copy of any such map. In addition to the established sale price of the copy of the map, a fee of $1.00 payable to the city shall be charged and collected for certifying such copy.
(Ord. No. 03-1292, § 2, 12-17-03; Ord. No. 2018-11, § 50, 1-10-2018)

Sec. 33-83. Requirements for survey methodology.

Each survey shall be performed by reference to the National Spatial Reference System and the city's continuously operating reference system.
(Ord. No. 03-1292, § 2, 12-17-03)

Sec. 33-84. Approval of subdivision maps by planning commission.

Every subdivision plat tendered to the planning commission of the city for its approval, prerequisite to being recorded with the county clerk, shall be based upon a survey upon the ground which must be based on the official coordinate system.
(Ord. No. 03-1292, § 2, 12-17-03)

Sec. 33-85. Surveys and construction plans by city departments and surveyors employed by the city.

Every survey made by personnel of Houston Public Works or by any person performing surveying under contract with the city or by any person performing surveying work for any other political subdivision with which the city may hereafter contract relative to the construction of public works of any description wherever located, shall be based on the official coordinate system.
(Ord. No. 03-1292, § 2, 12-17-03; Ord. No. 2018-11, § 50, 1-10-2018)

***Editor's note—**Ord. No. 03-1292, § 2, adopted Dec. 17, 2003, amended Div. 2, §§ 33-81—33-86 in its entirety. Formerly said sections pertained to similar subject matter and derived from Code 1968, § 2-182 and subsequent amendments.

The provisions of Division 2 of Article IV of Chapter 33 of the Code of Ordinances, Houston, Texas, as amended are saved from repeal for the limited purpose of their continuing application to any requirement relating to a survey performed before the effective date of this section [1-1-04], provided that any plat, map or other document relating thereto must be initially filed with the City by the 180th day next following the effective date of this section.

Cross reference—Numbering of buildings, § 10-211 et seq.

Sec. 33-86. Surveys made by public utilities and others using streets.

Any telecommunications company, telegraph company, electric company, gas company, cable television company or other public utility of any kind (similar or dissimilar), lawfully possessed of the privilege of using the streets of the city for public utility installations, and any and all other persons having lawful permission from the city under general ordinances (including, without limitation, the Construction Code) or special ordinances to use either the surface or subsurface of any of the streets for any installation of any kind (including, without limitation, sewers, pipelines and waterlines) shall, in making its survey incident to the installation, when a survey is required by other applicable rules, regulations or ordinances of the city, base the survey on the official coordinate system. The map of the survey so made shall be filed with Houston Public Works when the application for permit for the installation is made.
(Ord. No. 03-1292, § 2, 12-17-03; Ord. No. 2018-11, § 50, 1-10-2018)

Secs. 33-87—33-100. Reserved.

ARTICLE V. TREES, SHRUBS AND SCREENING FENCES

DIVISION 1. GENERALLY

Sec. 33-101. Definitions; figures; appendices.

(a) As used in this article, the following terms shall have the meanings ascribed below unless the context of their usage clearly indicates another meaning:

Artificial lot means an area within the contiguous tract(s) or parcel(s) held under common ownership and designated on the building permit application that is delineated by the planning official for the sole purpose of satisfying the requirements of this article.

Association means a natural unit of vegetation characterized by a relatively uniform species composition and often dominated by a particular species.

Block face means that portion of a block that abuts a street between two intersecting streets.

Building setback area means the area of building line restrictions along a street as established by or pursuant to division 3 of article III of chapter 42 of this Code.

Building site means:

(1) The tract or parcel of land which is designated on the building permit application, together with all contiguous tracts or parcels of land held under common ownership and any existing buildings and appurtenant parking;

(2) If designated, an artificial lot contained therein and delineated by the planning official; or

(3) A city-funded construction or reconstruction project that includes the entire width of the pavement of a public street and is at least 30 feet in length.

Caliper means the minimum diameter of a tree as measured six inches above the ambient grade for trees up to and including four inches in diameter, 12 inches above the ambient grade for trees having a diameter exceeding four inches but not exceeding eight inches and 54 inches above the ambient grade for trees having a diameter greater than eight inches.

Consumer price index means the "Consumer Price Index for all Urban Consumers" as established by the Bureau of Labor Statistics for the Department of Labor.

Corridor tree means a tree of a species listed on the street tree list that has a caliper of 20 inches or more and is situated in the building setback area along a local street or along a major thoroughfare, other than a portion of a major thoroughfare that has been designated as a green corridor.

Cost adjustment shall be the increase in any cost specified in this article as subject thereto and calculated by the percentage change in the Consumer Price Index for the period

from January 2002 to the third month preceding the date the cost is payable where the sum of money is computed to the nearest cent according to the following formula:

(A/B-1) × Cost subject to adjustment

In the foregoing formula:

'A' is the index value of the 'Consumer Price Index for All Urban Consumers, U.S. city average, All Items (1982-1984=100),' as published in the Monthly Labor Review by the Bureau of Labor Statistics of the Department of Labor of the United States of America ('index') applicable to the third month immediately preceding the month during which the computation is required to be performed.

'B' is the index value of such Index applicable to January 2002.

Deciduous plants means those which shed their leaves at one time each year, usually in the autumn.

Designated tree means a specific tree designated by the city council as having particular historical or arboricultural significance under section 33-103 of this Code.

Dripline means an imaginary circle drawn around a tree, extending to the tree's branching limit.

Esplanade means an unpaved area between two paved roadway sections.

Evergreen plants means those that do not lose all of their leaves at one time, though they shed their old leaves intermittently, as new leaves come out.

Existing vegetation to be preserved means any viable grouping of or single existing evergreen or deciduous trees and associated understory for which tree or buffer preservation credit is being requested.

Green corridor means any portion of a major thoroughfare that has been designated as a green corridor under section 33-104 of this Code.

Green corridor tree means a tree of a species listed on the street tree list that has a caliper of 15 inches or more and is situated in the building setback area of a green corridor.

Landscape buffer means the shielding or obscuring of one land use from another by the planting of evergreen trees or shrubs, or both, or the erection of a screening fence designed to minimize the transmission or propagation of noise, light, vibration, or dust, from traffic or other activity on one property to adjoining public or private properties.

Local street means a public street that is not a major thoroughfare.

Mulch means any covering except fresh grass clippings placed on soil to conserve moisture, minimize weed growth and protect plants from extremes in temperature.

Multifamily residential means any building, or portion thereof, which is designed, built, rented, leased, let out or hired out to be occupied, or which is occupied as the home or residence of three or more families living independently of each other, and shall include flats, apartments and a condominium created under chapter 82 of the Texas Property Code.

Nonresidential use means all uses other than single-family or multifamily residential use.

Parking lot means a paved, surfaced or leveled area designed and ordinarily used for accessory or public parking of motor vehicles, including commercial parking areas available for lease and leased premises available for public parking. The term shall not include parking garages.

Parking lot tree means a tree of a species listed on the parking lot tree list and includes both large and small parking lot trees as provided on the list.

Parking lot tree list means a list of trees issued and revised from time to time by the director of parks and recreation, which, based upon recognized arboricultural standards, shall designate trees that are required to be used for planting in parking lots. The director may only decline to include and may only remove

otherwise suitable trees on the basis of health or disease concerns or warnings. The list shall be subdivided into large trees and small trees based upon canopy size characteristics.

Parking space means an individual vehicle parking space within a parking lot, which shall be computed on the basis of the provisions of chapter 26 of this Code.

Parkway means the area lying between the street curb or the edge of the roadway paving and the adjacent property line.

Parkway tree means a tree of a species listed on the street tree list that is situated in the parkway area adjacent to any tract or parcel of land and that has a caliper equal to or greater than 1½ inches.

Protected tree means a corridor tree, designated tree, green corridor tree or parkway tree.

Protected tree replacement requirement means the requirement established in section 33-105(b) or section 33-122(c), as applicable, of this Code.

Public street or *right-of-way* means the entire width between the boundary lines of every way which is held by the city, a county, the state or otherwise by the public in fee or dedication when any part thereof is open to the use of the public for purposes of vehicular travel.

Remove or *removal* means to take a tree away from its existing position, and includes such actions that may be reasonably expected to damage a tree sufficiently to cause it to die.

Roadway means that portion of a public street which is improved, designed, or ordinarily used for vehicular travel, exclusive of the curb, berm, or shoulder. In the event that a public street includes two or more separate roadways, "roadway" means each such roadway separately.

Root collar means an encircling structure of bandlike markings or a marked color change (from the tree bark) located at the highest part of the root system joining into the trunk of the tree at or slightly below the surrounding soil line.

Shrub means any plant, deciduous or evergreen, which is generally multistemmed and sold by height or spread and measured in inches or feet.

Sidewalk means the paved portion of a public street right-of-way which is between the curb lines, or the lateral lines of a roadway, and the adjacent property lines and is improved and designed for or is ordinarily used for pedestrian travel.

Single-family residential means a building (attached or detached) designed to contain one or two separate living units with facilities for living, sleeping, cooking or eating.

Specimen tree means an exemplary tree of good health and true to species habit and form, containing a minimum caliper of 1½ inches.

Street tree means a tree of a species listed on the street tree list.

Street tree list means a list of trees issued and revised from time to time by the director of parks and recreation, which, based upon recognized arboricultural standards, shall designate trees that are required to be used for planting adjacent to and within street rights-of-way within the city. The director may only decline to include and may only remove otherwise suitable trees on the basis of health or disease concerns or warnings. The list shall be subdivided into categories of trees that may be planted under power lines and trees that shall not be planted under power lines. The categories of trees that may be planted under power lines shall include live oak trees.

Temporary classroom building means a building(s) built on skids and which is utilized by a public school district for the purpose of eliminating the shortage of classrooms in order to bring the student/teacher ratio into compliance with state law.

Total tree planting requirement means the total number of trees, if any, that must be

planted under this article, excluding any which might be planted as part of a landscape buffer and further excluding the protected tree replacement requirement.

Total tree requirement means the total number of trees that must be provided under this article, excluding any which might be provided as part of a landscape buffer, and further excluding the protected tree replacement requirement. This sum shall be made up of:

(1) Any street and parking lot trees to be planted; and

(2) Planting equivalency credits earned pursuant to section 33-123.

Tree means any evergreen or deciduous tree which at the time of planting has a caliper equal to or greater than 1½ inches as measured six inches above the root collar, which is not less than six feet in height as measured from the root collar, and which meets the Standard for Nursery Stock Specifications as established by the American Association of Nurserymen (1986 ed.).

Understory means the small tree, shrub and grass constituents of a plant association, excluding canopy vegetation.

Visibility triangle means the triangular area adjacent to the intersection of any public street or public alley within which no obstruction may be placed which would block the sight lines for vehicular traffic. The triangle is established by measuring a distance of 45 feet from the intersection of the extended curb or edge of the pavement of major thoroughfares, and 25 feet from the extended edge of the curb or pavement of local streets. A straight line connecting the ends of each measured distance which forms the hypotenuse shall establish the visibility triangle (see figure A). The visibility triangle shall not contain any visual or physical impediments or obstructions to the vertical view between 30 inches and seven feet in height.

(b) All references in this article to letter-designated or letter-and-number designated figures or appendices shall mean the applicable figure or appendix as attached to Ordinance No. 91-1701.
(Ord. No. 03-159, § 5, 2-12-03; Ord. No. 09-84, §§ 2—4, 2-11-09; Ord. No. 09-1266, § 2, 12-9-09)

Sec. 33-102. Application.

This article is applicable to all persons, including, without limitation, the city and other governmental agencies and entities, except that its application shall not extend to real property owned or controlled by the State of Texas or the United States of America.
(Ord. No. 03-159, § 5, 2-12-03)

Sec. 33-103. Designation of trees.

(a) The city council may by motion designate a tree that:

(1) Has historical significance arising from any historical event or events that are associated with the tree; or

(2) Has arboricultural significance as listed on the county, state or national tree register by American Forests, the Texas Forest Service, the Park People or an equivalent arboricultural organization.

(b) No tree shall be designated except upon application made or joined by the owner of the tree, which application shall be filed with the planning official in such form as the planning official may require and shall set forth and document the grounds for the requested designation.

(c) The planning official shall review each application that is received and shall return any application that is determined to be incomplete or inconsistent with the requirements of this section. A complete and consistent application that is based upon historical significance shall be submitted for review by the Houston archaeological and historical commission, which shall review the same and provide its response, if any, to the planning official within 45 days. A complete and consistent application that is based upon arboricultural significance shall be submit-

ted for review by the parks and recreation director who shall review the same and provide his response, if any, within 15 days. The planning official shall submit comments of the commission or the parks and recreation director to the city council together with the planning official's own recommendation for approval or denial.

(d) The city council shall consider each application on the basis of the application itself and the recommendations and comments provided. City council shall not be obligated to conduct any hearing on the matter, provided that interested persons may make an appearance on the matter under city council rule 8 or may submit written comments to the city secretary for distribution to the council members.

(e) The city council shall approve or disapprove an application that is referred by the planning official by motion. The decision of the city council shall be final, and if the application is disapproved, another application for designation of the same tree may not be considered for a period of three years.

(f) To the extent permitted by laws governing the filing of documents in county real property records, a notice setting forth each tree designation shall be filed in the real property records of the county in which the tree is situated.
(Ord. No. 03-159, § 5, 2-12-03)

Sec. 33-104. Green corridors.

(a) A green corridor may be designated in accordance with this section.

(b) In this section, a tract or parcel of land and its contiguous parkway that is devoted by actual use or by valid deed restrictions or covenants running with the land to single-family residential use is referred to as a "single-family property." The provisions of this section shall not be construed to prohibit a single-family property from being physically situated within a green corridor. However, a single-family property shall not be subject to any requirement created by the green corridor designation.

(c) Each green corridor shall consist of the right-of-way of a major thoroughfare and building setback areas of abutting and contiguous properties. A green corridor shall be not less than one mile long.

(d) A green corridor may be designated by the city council by motion following a hearing and determination that designation of the green corridor would significantly enhance the beautification of the city. Trees within the green corridor shall be entitled to enhanced protection as provided in this article, and the city council may, in designating the green corridor, specify one or more particular species, varieties, and/or colors of trees to be planted, to the exclusion of others within the green corridor. Additionally, green corridors may be given priority for expenditure of city moneys for street tree planting, to the extent permitted by law.

(e) Petitions for the designation of a green corridor shall be submitted to the city secretary upon a form promulgated by the planning official for that purpose. Each petition shall be joined and signed by the owners of properties representing three quarters of the front footage of tracts or parcels that would abut the major thoroughfare in the proposed green corridor, single-family properties and their owners excluded. All required signatures must be collected within a period of time not exceeding 90 days, and the petition must be filed with the city secretary not later than the fifteenth day after the last date of any property owner's signature on the petition.

(f) The city council shall conduct a hearing regarding each petition within 90 days following the date of its filing. Written notice of the hearing shall be given by the planning official in such manner as the city council may specify in the call for the hearing. Any person may present testimony at the hearing. Additionally, written comments may be provided to the city secretary for distribution to council members. If a petition is disapproved, another petition for designation of the same or substantially the same green corridor shall not be considered for a period of three years.

(g) Nothing in this section shall be construed to prohibit the city council from waiving any irregularity in any petition or from designating any green corridor for which a petition has not been presented.
(Ord. No. 03-159, § 5, 2-12-03)

Sec. 33-105. Removal of protected trees.

(a) The provisions of this section shall be applicable to the removal of a protected tree unless:

(1) The tree is situated upon the site of a construction or enlargement of a building or parking lot such that division 2 of this article is applicable; or

(2) The tree is not a designated tree and is situated upon a tract or parcel of land devoted by use or by valid deed restrictions or covenants running with the land to single-family residential use;

and the term "protected tree" is so restricted as used in this section.

(b) No person shall cause a protected tree to be removed without complying with a protected tree replacement requirement, which may be satisfied as follows:

(1) By the planting anywhere on the tract or parcel of land where the protected tree to be removed is situated or in the adjacent parkway area of additional trees on the basis of one caliper inch of tree planted for one caliper inch of tree removed;

(2) By contributing to the fund created under section 33-123(a)(2) of this Code an amount equal to:

a. If the tree is a parkway tree, the fee stated for this provision in the city fee schedule per caliper inch of tree removed; or

b. If the tree is a corridor tree or green corridor tree, the fee stated for this provision in the city fee schedule per caliper inch of tree removed; or

c. A combination of the foregoing;

any or all of which shall be subject to a cost adjustment from January 2002 in accordance with the formula established in the definition of the term "cost adjustment."

Installation of trees provided shall be subject to the planting standards established in division 2 of this article, and the trees shall be planted within 30 days following the removal of the tree unless a documented assurance of planting is provided to the department with the notice, in which case the trees shall be placed within six months of the removal of the trees. A documented assurance may be provided in the same manner as under section 33-132(b) of this Code. A variance may be requested in the same manner provided in sections 33-135 through 33-137 of this Code. Additionally, the mitigation provisions of section 33-138 of this Code shall be applicable to trees that are provided in order to satisfy a protected tree replacement requirement.

(c) No person shall cause a protected tree to be removed without first filing with the department a written notice of removal of the protected tree, which must be filed at least 20 days prior to the removal. The notice shall include a map depicting the tract or parcel of land upon which the protected tree or trees to be removed are situated and shall demonstrate the manner in which the protected tree replacement requirement will be provided.

(d) It is an affirmative defense to prosecution under this section that the protected tree sustained damage from fire, wind storm, accident or other cause such that the protected tree became an immediate threat to persons or property, provided that the owner of the tree caused the circumstances to be documented and filed written notice of the removal with the department within ten days following the removal of the tree.

(e) It is a defense to prosecution under this section that the protected tree was removed by or on behalf of a public utility or a governmental entity and that its removal without notice was reasonably required for the maintenance or installation of public facilities or utility systems.

(f) The planning official shall promulgate forms of notices and procedures under this section. A map need not be prepared in the form of a survey map, provided that it shall provide sufficient information to unmistakably identify the protected tree that is to be removed and the location of any tree that is to be planted in order to provide the protected tree replacement requirement, as well as the species and caliper of each tree. If the owner elects to make a contribution to the fund created under section 33-123(a)(2) of this Code, then the contribution shall be tendered with the notice. No provision of this section shall be construed to require city personnel to review any notice filed under this section for accuracy or sufficiency or to perform any site inspection of trees for which notices are filed.

(g) No provision of this article shall be deemed to excuse compliance with article VI of this chapter. If a notice of removal calls for the removal of a tree situated in a public right-of-way that is protected under article VI, then written permission for its removal issued by the department of parks and recreation shall be submitted with the notice of removal that is required under subsection (c), above.
(Ord. No. 03-159, § 5, 2-12-03; Ord. No. 09-84, § 5, 2-11-09; Ord. No. 2011-1168, § 13, 12-14-2011)

Sec. 33-106. Cumulative effect.

The protections afforded to trees under this article are cumulative of other provisions of this Code, including, but not limited to, sections 32-6 and 45-17 and Article VI of this chapter. Without limitation of the foregoing, nothing in this article shall be construed to authorize the removal or damaging of a tree growing in whole or in part within a public street that is subject to protection under article VI without full compliance with the provisions of article VI.
(Ord. No. 03-159, § 5, 2-12-03)

Sec. 33-107. Tree protection; affirmative defense.

No person shall perform or cause or allow to be performed any construction activity, including, without limitation, construction or repair of buildings or other structures, installation or repair or utilities, or installation or repair of streets or sidewalks within the dripline circle area of any protected tree that is not to be removed, without complying with the applicable provisions of Chapter 16 of the Infrastructure Design Manual promulgated by the Director of Houston Public Works with respect to any protected tree. It is an affirmative defense to prosecution under this section that the construction activity is an emergency repair of utilities on public or private property.
(Ord. No. 03-159, § 5, 2-12-03; Ord. No. 09-84, § 6, 2-11-09; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 33-108. Records.

(a) Notices, maps, applications, landscape plans and other documents received by the city under this article are governmental records, and any person providing a false governmental document shall be subject to prosecution as provided by the Texas Penal Code.

(b) Governmental records received by the city under this article are subject to public inspection and copying as provide by law.
(Ord. No. 03-159, § 5, 2-12-03)

Sec. 33-109. Penalty.

This article is subject to the provisions of section 1-6 of this Code, and violations shall be punishable by a fine of up to $500.00 as provided therein.
(Ord. No. 03-159, § 5, 2-12-03)

Sec. 33-110. Single-family residential properties.

(a) While single family residential properties are not subject to the requirements of division 2 of this article, it is the policy and requirement of the city that no final building permit inspection approval shall be given by the building official for construction of a new single-family residential house unless the property owner has complied with this section by preserving or planting a tree or trees or obtaining credit therefor, as follows:

(1) The required tree or trees, whether planted or preserved, shall be 1½ inches caliper size or larger.

(2) The required tree or trees may be either new trees that are planted in compliance with this article or trees already existing on the building site or abutting street right-of-way as hereinbelow provided that have been preserved in accordance with this article.

(3) The required tree or trees, whether newly planted or preserved, must be of species listed on the street tree list or the parking lot tree list.

(4) Except as provided in subsection (b), below, the requirement for building sites less than 5,000 square feet in size is:

a. Planting or preservation of one tree of 1½-inch caliper or larger;

b. If the tree is an existing tree that is preserved, then it may be situated anywhere on the building site or in the abutting street right-of-way;

c. If the tree is a newly planted tree, then it shall be planted in the abutting street right-of-way, unless the planning official authorizes it to be planted elsewhere on the building site upon determination after consulting with the parks and recreation director or his designee that no suitable planting site exists in the abutting street right-of-way.

(5) Except as provided in subsection (b), below, the requirement for building sites 5,000 square feet or greater in size is:

a. Planting of two new trees of 1½-inch caliper or larger; if this option is selected, then one tree must be planted in the abutting street right-of-way and the other planted either in the abutting street right-of-way or elsewhere on the building site;

b. Planting of one new tree of four-inch caliper or larger; if this option is selected, then the tree shall be planted in the abutting street right-of-way, unless the planning official authorizes it to be planted elsewhere on the building site with the written concurrence of the director of parks and recreation or his designee upon determination that no suitable planting site exists in the abutting street right-of-way;

c. Preservation of one existing tree of 1½-inch caliper or larger and planting of one new tree of 1½-inch caliper or larger; if this option is selected, then one tree must be preserved or planted in the abutting street right-of-way and the other

[The next page is 2307]

tree shall be preserved or planted in either the abutting street right-of-way or elsewhere on the building site; or

d. Preservation of two existing trees of 1½-[inch] caliper or larger; if this option is selected, then both trees must be situated in the combined area created by the abutting street right-of-way and the building set back area of the building site.

(b) After consulting with the director of parks and recreation or his designee, the director may excuse the planting or preservation of the tree or trees otherwise required under this section and instead authorize the property owner to purchase credits under section 33-123 of this Code upon determination that the size and configuration of the property and the house do not afford sufficient space for the planting or preservation of even one tree.
(Ord. No. 03-159, § 5, 2-12-03; Ord. No. 04-1015, § 24, 9-27-04)

Sec. 33-111. Screening of electric meters on residential properties.

A single-family or multi-family residential development that contains three or more electric meters that are clustered together in a group meter or gang meter configuration that is visible from the right-of-way shall install screening around the electric meters in accordance with the following:

(1) The screen must be constructed out of wood, lattice, metal, brick, vegetation, or other opaque fencing material;

(2) The screen must be tall enough to obstruct the view of the electric meters from the right-of-way; and

(3) The screen shall provide for at least three feet of front clearance from the face of the meter and at least two feet of side clearance from the electric meter, or the minimum clearance for electric meters required by all utility companies with authority to service the electric meters.
(Ord. No. 2015-639, § 2, 6-24-2015, eff. 7-24-2015)

Secs. 33-112—33-120. Reserved.

DIVISION 2. BUILDING SITES

Sec. 33-121. Application.

(a) The requirements of this division shall only apply to a building site where any of the following conditions is present:

(1) There is new construction of a nonresidential or multifamily residential building for which a building permit is required;

(2) There is an enlargement exceeding 1,000 square feet in area of the exterior dimensions of an existing nonresidential or multifamily residential building for which a building permit is required;

(3) There is either a new parking lot for which site plans are required for initial construction under the provisions of chapter 26 of this Code or an existing parking lot which is expanded in area to provide additional parking spaces; or

(4) There is a city-funded construction or reconstruction project that includes the entire width of the pavement of a public street and is at least 30 feet in length.

(b) The requirements of this division apply to the entirety of the building site if 1) it is completely developed by the new construction of a building (or buildings) and appurtenant surface parking area, or 2) it is a city-funded construction or reconstruction project that includes the entire width of the pavement of a public street and is at least 30 feet in length. In case the entirety of the building site is only partially developed by new construction or enlargement, the requirements of this division shall be applied incrementally. Trees, shrubs, and landscape buffers are required with respect to and in proportion to 1) the area of the new or increased building and off-street parking spaces, or 2) the length of street pavement, if the building site is a city-funded construction or reconstruction project that includes the entire width of the pavement of

a public street and is at least 30 feet in length. This subsection shall control over any other conflicting or inconsistent provision.

(c) The requirements of this division do not apply to:

(1) The reconstruction of an existing building of which 50 percent of the existing building floor area ratio or less was physically destroyed or ruined by flooding, fire, windstorm or act of God. This exemption shall apply only where reconstruction of that building will not result in an increase in the paving area of the parking facilities to be provided; or

(2) The placement of a temporary classroom building if there is a reasonable likelihood that the condition necessitating a temporary classroom building will not continue for more than five years and an analysis of the public school site and the buildings thereon support the conclusion that timely compliance with the statutory student/teacher ratio cannot be achieved without the installation of the temporary classroom building(s).

(d) Nothing in this division shall be construed to require a landscape plan or landscape plan review for finish work performed by an owner, a tenant or on behalf of a tenant, in a portion of a building unless that tenant finish work or remodeling results in an increase in the paving area of the parking facilities to be provided or in an enlargement of the exterior dimensions of an existing building.

(e) Nothing in this division shall be construed to preclude the filing of a landscape plan where the requirements of this division are not otherwise applicable and the property owner desires to plant trees and obtain a credit under section 33-123(c) of this Code.
(Ord. No. 03-159, § 5, 2-12-03; Ord. No. 09-1266, §§ 3, 4, 12-9-09)

Sec. 33-122. Landscape plan required.

(a) A landscape plan for the building site shall be submitted to the department by an applicant for a building permit for approval in accordance with the provisions of this division.

(b) The landscape plan may be depicted on either the development plans or parking lot site plan, provided the drawing scale is sufficient to properly depict the landscape plan requirements. The landscape plan shall identify and show the locations of existing and proposed utility lines (both above and below ground), roadways, sidewalks, street lights, trees, shrubs, understory, natural features, other landscape elements, and planting or construction details. Where credit is being requested for the preservation of existing trees and associated understory, the landscape plan shall also demonstrate the manner in which the requirements for preservation established under section 33-130 are to be satisfied. A plant schedule shall be provided which includes quantities, minimum size at time of planting, and botanical and common names keyed to the plan.

(c) If the building site includes any protected trees, then the landscape plan shall depict the location of each and indicate whether each is to be removed or preserved. If any protected trees are to be removed, then a protected tree replacement requirement shall be applicable, in addition to any other tree planting requirements of this division, which may be satisfied as follows:

(1) By the planting anywhere on the building site or in the adjacent parkway area of additional trees on the basis of one caliper inch of tree planted for one caliper inch of tree removed;

(2) By contributing to the fund created under section 33-123(a)(2) of this Code an amount equal to either:

a. If the tree is a parkway tree, the fee stated for this provision in the city fee schedule per caliper inch of tree removed; or

b. If the tree is a corridor tree or green corridor tree, the fee stated for this provision in the city fee schedule per caliper inch of tree removed,

which shall be subject to a cost adjustment from January 2002 in accordance with the formula established in the definition of the term "cost adjustment".

(3) By preservation credits as provided in section 33-123(b) of this Code; or

(4) By a combination of the foregoing.

(d) The protected tree replacement requirement shall not be applied to trees;

(1) That must reasonably be removed in order to:

a. Install or maintain public utilities;

b. Construct or maintain access drives, streets and sidewalks;

c. Prevent visual impairment in a visibility triangle;

d. Prevent visual impairment where a driveway intersects with a street; or

e. Conduct emergency repairs of utilities on public or private property; or

(2) That are in poor condition.

(e) Based upon the landscape plan as filed, the department shall review the landscape plan to verify compliance with all requirements of this article prior to the issuance of a building permit. If an artificial lot is delineated, it shall be depicted on the building plans prior to the issuance of the building permit. Nothing in this section shall be construed to require that city personnel perform a site inspection prior to the issuance of the building permit.

(f) No building permit shall be issued by the building official for the construction or alteration of a building within the city unless the planning official approves the landscape plan verifying that the applicant has provided for the planting of trees and shrubs to the extent required in this article. If the landscape plan calls for the removal of any protected tree, then the building permit shall be conditioned such that the protected tree may not be removed until the twentieth day following the date of filing of the landscape plan.

(g) Except as provided in subsection (h) below, no final certificate of occupancy shall be issued by the building official for the occupancy of a new or altered building unless the plantings required by this article have been provided. Prior to the issuance of a certificate of occupancy, the building official shall inspect the planting provided to verify compliance with the approved landscape plan.

(h) A six-month conditional certificate of occupancy may be issued if the owner provides the building official with either the documented assurances specified in section 33-132 or a bond or assigned certificate of deposit as set forth in section 33-133.

(i) No provision of this article shall be deemed to excuse compliance with article VI of this chapter. If a landscape plan calls for the removal of a tree situated in a public right-of-way that is protected under article VI of this chapter, then written permission for its removal issued by the department of parks and recreation shall be submitted with the landscape plan filed under this section.

(Ord. No. 03-159, § 5, 2-12-03; Ord. No. 09-84, §§ 7, 8, 2-11-09; Ord. No. 2011-1168, § 13, 12-14-2011)

Sec. 33-123. Tree planting equivalency credits.

(a) The following credits may be claimed against the total tree requirement under this division:

(1) *Credit for planting trees exceeding the minimum caliper required.* Credit toward the total tree requirement shall be given for the planting of trees that exceed the minimum caliper required by this division at the rate of two trees for each tree with a caliper of four inches or more that is planted.

(2) Credit for depositing with the city's department of parks and recreation a sum of money equal to the cost of planting the required trees. Money so deposited shall be placed in a special fund designated for the purposes of planting street trees in city parks or public street rights-of-way that are located within the park sector in which the removed trees were located. The credit shall be calculated based on a planting cost per tree of $500.00 per fifteen-gallon container-grown tree, planted and maintained for a year, subject

to a cost adjustment from January 2002 in accordance with the formula established in the definition of the term "cost adjustment." The maximum allowable credit under this option shall not exceed 30 percent of the total tree requirement.

(3) *Credit for preserving existing on-site trees.* Credit for the preservation of existing on-site trees (including any to be transplanted) may be granted when requested and depicted on the landscape plan in accordance with section 33-122. In order to be eligible for credit, an existing tree to be preserved on the site shall have a minimum caliper of 1½ inches, shall be in good condition, and shall be true to species habit and form. Credit for preserving existing trees shall be granted based upon the caliper of the trees preserved, with a credit of one tree to be allowed for each 1½ total caliper inches of eligible trees that are preserved, subject to the limitations otherwise provided in this division. This item (3) shall not apply to trees situated in the abutting street right-of-way.

(4) *Credit for preserving existing right-of-way street trees.* Credit for the preservation of existing trees situated within the abutting street right-of-way that are designated on the street tree list may be granted when requested and depicted on the landscape plan in accordance with section 33-122 of this Code. In order to be eligible for credit, an existing street tree to be preserved shall have a minimum caliper of 1½ inches, shall be situated in the street right-of-way, be in good condition, and be true to a species listed on the street the list in habit and form. Credit for preserving existing street trees shall be granted on the basis of one street tree preserved for each street tree otherwise required to be planted in the same block-face under this article, with no additional credit being allowed for preservation of a street tree that exceeds 1½ inches in caliper. Preservation methods for the tree must be at a minimum those specified in section 33-130 of this Code.

Provided, however, that:

(5) The combined credit under items (1) and (2) above may not exceed 50 percent of the total tree planting requirement, and

(6) The total number of street trees, whether planted or preserved, shall never be less than 50 percent of the number required in section 33-126 of this Code as applied separately to each side of the property that abuts a street right-of-way and, if any side abuts two or more block faces, then separately to each block face.

(b) A credit may be claimed for up to the entire protected tree replacement requirement for preservation of existing trees in the same manner provided in subsection (a)(3), above, except that the credit shall be based upon one caliper inch of tree preserved for one caliper inch of tree removed. However, a tree or caliper inch portion of a tree preserved may only be used for credit against the total tree requirement or the protected tree replacement requirement, but not both.

(c) Any owner who proposes to plant trees when no planting requirement exists under this division or desires to plant trees in excess of the requirements of this division may, at the time of filing of a landscape plan, request future credit against tree requirements upon the same building site. Upon completion of the work and verification of the unrequired planting or excess in planting by the planning official, a certificate of credit shall be provided by the planning official to the owner.

(Ord. No. 03-159, § 5, 2-12-03; Ord. No. 04-1015, § 25, 9-27-04; Ord. No. 09-84, § 9, 2-11-09)

Sec. 33-124. Artificial lot delineation.

If the building site is over two acres in size, the applicant may request that the planning official designate an artificial lot to satisfy the requirements of this division. If requested, the planning official shall designate an artificial lot consistent with the purposes and policies of this

division as determined from the criteria established below. No artificial lot may be delineated by the planning official unless it:

(1) Wholly includes the area on which the construction work is to be done;

(2) Has an area that does not exceed 50 percent of the area of the building site; and

(3) Depicts and includes all proposed and existing buildings and structures, access drives, appurtenant parking required for the building expansion or new building construction, and other areas functionally appurtenant to the buildings or structures.

(Ord. No. 03-159, § 5, 2-12-03; Ord. No. 04-1015, § 26, 9-27-04)

Sec. 33-125. Review of documents.

(a) The planning official shall review building permit applications for the construction or expansion of a building or parking lot, and construction drawings for city-funded construction or reconstruction projects that include the entire width of the pavement of a public street and are at least 30 feet in length, to determine if the proposed landscape plan complies with the provisions of this article.

(b) When a certificate of occupancy is sought, the building official shall determine whether the applicant has complied with this article.

(c) An application for a building permit or certificate of occupancy shall not be issued or approved unless the applicant demonstrates compliance with the provisions of this article.

(Ord. No. 03-159, § 5, 2-12-03; Ord. No. 09-1266, § 5, 12-9-09)

Sec. 33-126. Street trees required.

(a) Street trees shall be planted within the public street rights-of-way, or on private property within ten feet parallel and adjacent to a local

street right-of-way, or on private nonresidential property within 25 feet parallel and adjacent to a major thoroughfare, or in the esplanade pursuant to the requirements of section 33-129(b) (see figure E). When the building site abuts a designated state or federal highway or road or any designated county road and street trees are not otherwise required by law, street trees shall be planted on private property in accordance with this section. The number of street trees planted shall equal the total number of trees (T) required under the following formula:

T = (X/30), where X shall represent the length in linear feet measured along each side of the property line on the public street(s). (See figure B.)

This formula and all resulting planting requirements under this section shall be applied separately to each side of the property that abuts a street right-of-way, and if any side abuts two or more block faces, then separately to each block face.

(b) Street trees planted in accordance with this section shall be of a species listed on the street tree list. In the case of trees planted within the public rights-of-way, trees shall be planted in a location which conforms with the requirements of section 33-129 of this division. The trees shall be planted so as not to interfere with existing utilities, roadways, sidewalks, or street lights.

(c) The planting scheme for street trees shall be such that no street tree is planted closer than 20 feet to any other street tree (whether an existing tree or a tree planted hereunder) with the trees being spaced without extreme variation in distance across each blockface frontage taking into account existing site conditions and driveway locations. The director may authorize a partial waiver under the credit terms of section 33-123 of this Code if he determines that planting all of the otherwise required street trees upon any given side of the property that abuts a street right-of-way or block face would result in excessive tree canopy, based upon existing trees that are to be preserved during construction. Any request for a waiver shall be in writing and shall specify the preservation methods that will be used for the existing trees, which shall meet or exceed the requirements of section 33-130 of this Code. Additionally, the director may authorize the spacing to be reduced from 20 feet to no less than 18 feet if he determines that the conditions in the right-of-way make compliance at 20-foot spacing impracticable.
(Ord. No. 03-159, § 5, 2-12-03)

Sec. 33-127. Parking lot planting of trees and shrubs required.

(a) In addition to any street trees that may be required pursuant to section 33-126, the owner of a building site included under section 33-121 shall provide one tree for every ten parking spaces, rounding up or down in the case of a fraction to the nearest whole number, but in no case less than one tree. There shall be at least one parking lot or street tree within 120 feet of each parking space as measured from the center of the trunk of the tree to some point on the marked parking space. Not fewer than one-half of the parking lot trees so required shall be large parking lot trees, and the remainder may be either large or small parking lot trees. In the case of a parking lot that is being expanded, the trees required pursuant to this subsection may be planted in the same manner as those required for a new parking lot.

(b) In addition to the street tree and parking lot tree requirements established within section 33-126 and subsection (a), above, the owner of a building site included under section 33-121 shall plant or cause shrubs to be planted along the perimeter of all parking surfaces so that the parking lot is screened from all adjacent public streets, exclusive of driveway entrances, pedestrian walkways and visibility triangles. Shrubs shall be maintained at a height of no more than 36 inches nor less than 18 inches as measured from the surrounding soil line. The number of shrubs required under this subsection shall be equal to the total number of street trees required under this division multiplied by ten. No less than 75 percent of the shrubs required under this section shall be planted along the perimeter of the parking surface adjacent to the public street.
(Ord. No. 03-159, § 5, 2-12-03)

Sec. 33-128. Landscape buffer required.

The owner of a building site included under section 33-121 and which is to be developed or

expanded for a nonresidential or a multifamily residential use adjacent to any existing single-family residential property shall provide a landscape buffer adhering to at least one of the following two buffer types:

(1) Except as may otherwise be provided in chapter 19 of this Code, either a wood, concrete or masonry opaque screening fence with a minimum height of six feet along the entire property line or entire artificial lot line, if any, adjacent to the single-family residential property.

(2) Evergreen screening on the property line or artificial lot line.

a. The evergreen screening shall contain a minimum width of 15 feet of green space as measured from the property line. This area shall extend along that portion of the property line or artificial lot line where proposed nonresidential and multifamily residential projects abut existing single-family residential developments. The area shall be planted in combinations of compatible evergreen trees and shrubs. The arrangement of plantings in buffer areas shall provide maximum protection to adjacent properties and avoid damage to existing plant material. Possible arrangements include planting in parallel, serpentine, or broken rows. Plant materials shall be sufficiently large and planted in such a fashion as to be capable of forming a continuous year-round screen of at least six feet in height as measured from the root collar or surrounding soil line within three annual growing seasons. All plantings shall be installed and maintained in accordance with the standards contained within appendices B and E. No buildings, structures, storage of materials, or parking shall be permitted within the buffer area; buffer areas shall be maintained and kept free of all debris, rubbish, weeds, and tall grass.

b. The preservation of existing vegetation within the landscape buffer may be used to meet the requirements of this section provided the vegetation is preserved in accordance with section 33-130 of this Code.

(Ord. No. 03-159, § 5, 2-12-03; Ord. No. 09-84, § 10, 2-11-09)

Sec. 33-129. General planting standards.

(a) Trees and shrubs planted in a parkway shall be planted in accordance with the applicable standards required by appendix B or E. The following additional limitations shall apply:

(1) When located in the visibility triangle, trees shall be headed to a minimum height of seven feet, and shrubs shall be maintained at a maximum height of 30 inches as measured from the surrounding soil line.

(2) For streets with curbs or proposed curbs, trees shall be planted at least three feet from the back of the existing curb or the city's final approved design line of the back of the curb of any public street as measured from the center line of the tree trunk. Provided, the city engineer may in writing authorize the planting distance to be reduced after review of the specific location, with the preference that at least two feet of open space should be maintained between the street side of the tree and the back of the curb.

(3) For streets without curbs or proposed curbs, trees shall be planted at least four feet behind the roadside drainage ditch as measured from the back (private property) side of the top of the roadside drainage ditch bank to the center line of the tree trunk. Provided, the city engineer may in writing authorize the planting distance to be reduced, after review of the specific location, with the preference that the roots not interfere with ditch maintenance.

(b) In addition to the tree and shrub planting standards contained within appendices B and E, trees and shrubs in esplanades shall be planted according to the following requirements as illustrated in figure C:

(1) Trees in any major thoroughfare street esplanade shall not be planted closer to the end of the esplanade than 75 feet.

(2) Trees in any local street esplanade shall not be planted closer to the end of the esplanade than 50 feet.

(3) Trees planted in any esplanade shall be located not closer than 50 feet from any mid-block opening in the esplanade.

(4) Shrubs planted in any esplanade shall not be planted closer to the end of the esplanade than 25 feet or closer than three feet from the back of the curb or the final approved design line for the curb of any public street. Use of ground covers or annuals and perennials conforming with the height restrictions of a visibility triangle shall not be restricted.

(5) Trees planted in the esplanade shall not be located closer than five feet from the back of the curb or the final approved design line for the curb. Trees shall not be spaced at intervals of less than 30 feet.

(c) Any tree located within a parking lot must be planted and maintained within a permeable area which has a radius of not less than three feet. No tree shall be planted closer than three feet from a curb or tire stop.
(Ord. No. 03-159, § 5, 2-12-03)

Sec. 33-130. Preservation of existing trees and associated understory.

(a) The following procedure shall be required where credit for the preservation of existing trees and associated understory is being requested to be applied toward the total tree planting requirement pursuant to section 33-123(a) of this Code or the protected tree replacement requirement. Where such credit is being requested, the applicant shall also supply to the building official for review with the building plans a tree and associated understory preservation plan, which shall be integrated into the proposed landscape plan and shall include:

(1) Delineation of proposed limit of clearance and establishment of tree protection zones which shall extend to just outside the dripline of the tree and understory to be protected, if any;

(2) Proposed soil stabilization practices, i.e., silt fence, hay bales;

(3) The species of each tree to be preserved and for which credit is being requested;

(4) The proposed finished grade and elevation of land within six feet of or within the dripline of any tree to be preserved, whichever is greater, shall not be raised or lowered more than three inches unless compensated for by welling or retaining methods;

(5) Existing and proposed location of all trees and plant materials to be relocated at the drawing scale;

(6) A landscaping tabulation, and itemized credit requests for existing trees to be preserved which have a minimum of four inches in caliper and greater;

(7) Tree and associated understory preservation details; and

(8) Specification of ground plane treatment as either turf or sod. If a combination of both is utilized, the limit of each shall be indicated.

(b) The following tree relocation information shall be provided on the landscape plan or in a report for the transplantation of existing specimen trees when preservation credit is being requested for them. This information shall include an assessment of the cost of transplanting the trees as opposed to the potential mortality rate which may result from the attempted transplantation. If relocation is elected, the following information shall be provided:

(1) Transplanting techniques;

(2) Equipment to be utilized;

(3) Locations of existing trees and proposed locations for transplanted trees;

(4) Genus, species, caliper, height and general condition of the existing tree;

(5) Pruning and maintenance schedule and methods to be followed; and

(6) Which form of assurance of performance will be provided, i.e., executed contract, bond or assigned certificate of deposit.

(c) If preservation credit is requested, the trees shall be protected and preserved as set forth in Chapter 16 of the Infrastructure Design Manual promulgated by the Director of Houston Public Works.

(d) The department shall make recommendations to minimize damage to existing vegetation during the site construction phase. The department shall also suggest possible uses for those trees removed as a result of development such as the creation of wood chip mulch from removed hardwood trees.
(Ord. No. 03-159, § 5, 2-12-03; Ord. No. 09-84, § 11, 2-11-09; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 33-131. Duty; affirmative defenses.

(a) All owners of building sites included under section 33-121 shall plant or cause the planting of trees or shrubs required in sections 33-126 and 33-128 or secure the planting equivalency credits allowed in section 33-123, and if protected trees are being removed, shall further satisfy the protected tree replacement requirement in accordance with this division.

(b) All owners and lessees of new or expanded parking lots on building sites included under section 33-121 shall additionally plant trees or shrubs in compliance with section 33-127, and if protected trees are being removed, shall further satisfy the protected tree replacement requirement in accordance with this article.

(c) It shall be an affirmative defense to prosecution under this section that:

(1) The person caused the tree or shrub to be planted and maintained in accordance with this article, but the tree or shrub died more than two years after the issuance of the certificate of occupancy;

(2) The person caused the tree or shrub to be planted and maintained on the public right-of-way in accordance with this article, but the tree or shrub died and was removed by the owner with the written permission of the department of parks and recreation obtained under article VI of this chapter, or the period allowed by this article for replacing the tree or shrub has not yet elapsed;

(3) The person caused the tree or shrub to be planted or maintained on private property in accordance with this article but the tree or shrub died and the period allowed by this article for replacing the tree or shrub has not yet elapsed;

(4) The building permit for the person's property is for single-family residential use;

(5) The person's property has an unexpired conditional certificate of occupancy, and the person has provided an executed contract or a bond or assigned certificate of deposit in accordance with this article; or

(6) A variance or waiver was secured for the building site in conformity with the requirements of this article.
(Ord. No. 03-159, § 5, 2-12-03; Ord. No. 09-84, § 12, 2-11-09)

Sec. 33-132. When required landscaping (trees, shrubs or fences) must be installed; documented assurance.

(a) Except as otherwise provided in subsection (b) and section 33-133, all proposed landscaping must be installed in accordance with the approved landscape plan prior to issuance of a final certificate of occupancy on a building site.

(b) The property owner may elect to provide the building official with documented assurances that the landscaping will be completed within a six-month period. If so, a conditional

certificate of occupancy may be issued by the building official for six months. For purposes of this section, 'documented assurance' shall mean a copy of an executed contract for the proper installation of the required landscaping in accordance with the approved landscape plan within a six-month period.

(c) The property owner is responsible for notifying the building official when the landscape installation is complete. If the property owner fails to notify the building official within the prescribed six-month period, the building official shall revoke the conditional certificate of occupancy.
(Ord. No. 03-159, § 5, 2-12-03)

Sec. 33-133. Bond; assigned certificate of deposit.

(a) Prior to the issuance of any conditional certificate of occupancy, any applicant who has not provided the documented assurance set forth in section 33-132 shall file with the planning official a bond which bond shall be executed by the applicant as principal and by a good and sufficient corporate surety company licensed to do business in the State of Texas. The bond in the sum of one and one-quarter times the proposed cost to install the required landscaping improvements and fences, based upon the adjusted costs established in appendix F, shall be payable to the city and conditioned that the principal and surety will pay all amounts required to install the landscaping and fences required by this division. The bond shall provide that it will remain in full force and effect until released by the planning official pursuant to this division.

(b) In lieu of such bond, an applicant for a conditional certificate of occupancy may, upon payment to the city of the nonrefundable fee stated for this provision in the city fee schedule, assign an account with a financial institution insured by the Federal Deposit Insurance Corporation to the city. Such account shall have a deposit of not less than the amount required under subsection (a). Under such an assignment, the financial institution must agree not to release, make payment from, or otherwise divert or dispose of the funds in such account, except it shall agree to disburse all or such portion of the funds in the account as may be directed by city council resolution.

Upon installation and inspection of the required landscaping, the city shall release the assigned deposit to the property owner.

When requesting a conditional certificate of occupancy, the owner must grant the city permission to enter upon his land for the purpose of installing the required landscaping if the owner does not fulfill his obligation to install the required landscaping within the specified six-month period. If permission is not granted, the owner's application for a conditional certificate of occupancy shall be denied.

(c) In the event that any holder of a conditional certificate of occupancy who has previously furnished an account assignment under subsection (b) elects to furnish a bond under subsection (a) instead, then the holder shall be entitled to disbursement of the account proceeds in the same manner and under the same terms provided in subsection (b).
(Ord. No. 03-159, § 5, 2-12-03; Ord. No. 2011-1168, § 13, 12-14-2011)

Sec. 33-134. Appeal of denial of building permits.

Appeals from the denial of a building permit for noncompliance with this division shall be reviewed in the same manner as appeals from development plat disapprovals under section 42-87 of this Code.
(Ord. No. 03-159, § 5, 2-12-03)

Sec. 33-135. Variance procedure.

(a) An applicant for a building permit may make written application to the planning official for a variance from the requirements of this division other than those which may be made the basis of a request for a waiver under section 33-139. A completed application for a variance shall include:

(1) Completed application on form supplied by the city; and

(2) The nonrefundable fee stated for this provision in the city fee schedule.

This application package shall be reviewed by the department.

(b) Within seven days of the date the application is accepted, the planning official shall forward a copy of the application to the traffic engineer who shall file his report and recommendations regarding the proposed variance with the secretary of the commission.

(c) A staff report regarding the variance request shall be provided to the commission prior to the meeting at which the variance shall be considered.
(Ord. No. 03-159, § 5, 2-12-03; Ord. No. 2011-1168, § 13, 12-14-2011)

Sec. 33-136. Standards for variance.

(a) The commission is authorized to consider and grant variances from the provisions of this division by majority vote of those members present and voting, when the commission determines that the first four of the following conditions exist, and if applicable, the fifth condition, exists:

(1) The imposition of the terms, rules, conditions, policies and standards of this division would deprive the owner or applicant of the property of reasonable use of the land or building;

(2) The circumstances supporting the granting of the variance are not the result of a hardship imposed or created by the applicant, and the general purposes of this division are observed and maintained; and

(3) The intent of this article is preserved;

(4) The granting of such a variance will not be injurious to the public health, safety or welfare; and

(5) For a development that is subject to the requirements of article VII, chapter 33, of this Code, the granting of the variance is necessary to accomplish the purposes of a certificate of appropriateness issued pursuant to article VII of chapter 33 of this Code.

(Ord. No. 03-159, § 5, 2-12-03)

Sec. 33-137. Applicability of variance.

Any variance granted under the provisions of this section will apply only to the specific property and use upon which the commission was requested to grant a variance by the applicant. All variances as granted shall be in writing, shall be signed by the secretary of the commission and maintained as a permanent record of the commission.
(Ord. No. 03-159, § 5, 2-12-03)

Sec. 33-138. Mitigation for loss of installed and preserved vegetation.

(a) All proposed, existing or relocated vegetation shall be maintained in accordance with this article and appear healthy for a minimum of two years from the issuance of the final certificate of occupancy. Dying, damaged or removed trees shall be replaced at the owner's expense with another living plant that complies with the approved landscape plan. The tree replacement quantity shall be equal to or greater than the original or credited quantity for the tree in question.

(b) The planning official shall notify the owner of a building site in writing when a plant is discovered which does not meet the requirements of subsection (a), above. The owner shall then replace the plant within one year from receipt of the written notice or between November 1st and April 1st, whichever period is less.
(Ord. No. 03-159, § 5, 2-12-03)

Sec. 33-139. Interference with existing utilities, curbs, sidewalks, drainage facilities, roadways, street lights, appeal of denial of waiver.

(a) The planning official shall grant a waiver when requested in the application if the area in which the planting is required by this division is too small to accommodate the required planting without damage to existing utilities, curbs, sidewalks, roadways, street lights or drainage facilities, and the planting requirements of this division may not be otherwise satisfied pursuant to this division.

(b) A waiver shall be granted where the planning official finds the following:

(1) That a literal application of this division will result in damage to existing utilities, roadways, street lights, curbs, sidewalks or drainage facilities;

(2) The waiver, if granted, will not be contrary to the public interest;

(3) The waiver, if granted, will not be detrimental to the public health, safety, or welfare; and

(4) The waiver, if granted, will not result in a violation of any other applicable ordinance, regulation or statute.

(c) No later than the thirtieth calendar day following the filing of the required application for a waiver, the planning official shall issue to applicant a written notice that the waiver has been granted or refused. Any notice of refusal of an application for a waiver must include a written report explaining in detail the reasons for such refusal. The issuance of a written notice to the applicant shall be complete upon deposit of such notice in the United States mail, first class postage paid, addressed to the applicant at address given on the application for the waiver.

(d) The applicant may appeal the denial of a waiver to the commission in the manner provided in section 33-134 of this Code.

(e) Notwithstanding the provisions of this section, the planning official and the Director of Houston Public Works shall use their best efforts to resolve any disputes regarding the application of this division to city-funded projects that include the entire width of the pavement of a public street and are at least 30 feet in length. The Director of Houston Public Works is authorized to promulgate guidelines for administration of this article, in consultation with the planning official, that are consistent with this chapter.
(Ord. No. 03-159, § 5, 2-12-03; Ord. No. 09-1266, § 6, 12-9-09; Ord. No. 2018-11, § 49, 1-10-2018)

Secs. 33-140—33-150. Reserved.

ARTICLE VI. PROTECTION OF CERTAIN TREES*

Sec. 33-151. Definitions

As used in this article, the following words shall have the meanings ascribed in this section:

Caliper means the minimum diameter of a tree as measured six inches above the ambient grade for trees up to and including four inches in diameter, 12 inches above the ambient grade for trees having a diameter exceeding four inches but not exceeding eight inches and 54 inches above the ambient grade for trees having a diameter greater than eight inches.

Director means the director of parks and recreation or the director's designee.

Pedestrian realm has the meaning as ascribed in section 42-1 of this Code.

Remove or *removal* means to take a tree away from its existing position and includes such actions that may be reasonably expected to damage a tree sufficiently to cause it to die, including but not limited to, uprooting, severing the main trunk, damaging the root system, and excessive pruning or topping.

Street means the entire width between the boundary lines of every way which is held by the city, a county, the state or otherwise by the public in fee or dedication when any part thereof is open to the use of the public for purposes of vehicular travel.

Tree means and includes:

(1) Any tree of a size 20 caliper inches or more of any species; or

(2) Any tree of a size of 1½ caliper inches or more of any species included on the street tree list that is promulgated under article V of this chapter.

*__Editor's note__—Ord. No. 09-84, § 13, adopted February 11, 2009, amended the title of Ch. 33, Art. VI to read as herein set out. Formerly said article was entitled Protection of street trees.

Tree canopy means the total area of the tree where the leaves and outermost branches or limbs extend, also known as the "dripline."

(Ord. No. 03-159, § 7, 2-12-03; Ord. No. 09-84, §§ 14, 15, 2-11-09; Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Sec. 33-152. Removal of a tree.

Except as may otherwise be provided in this article, it shall be unlawful for any person to remove any tree or to cause, permit or suffer the removal of any tree that is situated in whole or in substantial part within a street or the minimum pedestrian realm required by section 42-621 of this Code, as applicable, to perform any construction activity, including, without limitation, construction or repair of buildings or other structures, installation or repair of utilities, or installation or repair of streets or sidewalks within the dripline circle area of any tree that is situated in whole or in substantial part within a street or pedestrian realm. The determination of whether the tree is situated in whole or in substantial part in the street or pedestrian realm shall be based upon the location of the trunk of the tree at ground level. For purposes of the foregoing requirements, a tree shall be considered to be in substantial part within a street or pedestrian realm if one-half or more of the area of the trunk of the tree is situated in the street or pedestrian realm as determined at the point where the trunk intersects the ground.

(Ord. No. 03-159, § 7, 2-12-03; Ord. No. 09-84, § 16, 2-11-09; Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Sec. 33-153. Affirmative defenses.

It is an affirmative defense to prosecution under section 33-152 of this Code that:

(1) The person complied with the provisions of Chapter 16 of the Infrastructure Design Manual promulgated by the Director of Houston Public Works;

(2) The person had the prior written permission of the director for the action taken and that the action taken was consistent with the terms of the director's written permission; or

(3) The person reasonably removed the tree in order to conduct emergency repairs of utilities located on public or private property.

(Ord. No. 03-159, § 7, 2-12-03; Ord. No. 09-84, § 17, 2-11-09; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 33-154. Affirmative defense; house movers.

It is an affirmative defense to prosecution under section 33-152 of this Code that the person is a house mover who holds a license under article III of chapter 10 of this Code, and that the person removed a tree in order to move a house, provided that the house was being moved in accordance with all applicable requirements of the said article upon a route authorized in a permit issued by the building official thereunder, and further provided, with respect to any tree that is removed, that the person had the prior written permission of the director for the action taken and that the action taken was consistent with the terms of the director's written permission. This defense shall extend to agents and employees of the house mover.

(Ord. No. 03-159, § 7, 2-12-03; Ord. No. 09-84, § 18, 2-11-09)

Sec. 33-155. Procedure for permission.

For purposes of sections 33-153 or 33-154 of this Code a person may obtain the director's permission by making written application. The application shall be made in accordance with regulations promulgated for that purpose by the director and in a form provided in the regulations. In considering whether or not to grant the approval, the director shall consider the age and condition of the tree. The director shall consult with the planning official and shall also consider whether the requested action is reasonably required, considering other alternatives that may exist, if the request is for the purpose of installing or maintaining public utilities and access lines thereto, constructing or maintaining driveways, alleys or streets, constructing or maintaining sidewalks or preventing visual obstruction of a street or driveway intersection. The director, in consultation with the planning official, may also authorize the removal of a tree

to facilitate development of the abutting property if the tree extends in part beyond the building set back line established by law or deed restriction and the director and the planning official determine that the requested action is reasonably required in order to make beneficial use of the property. In the event that the director proposes to deny an application, then the director shall ensure that the applicant is afforded the opportunity for an informal hearing to be conducted as provided in the director's regulations before the decision to deny the application is made final.
(Ord. No. 03-159, § 7, 2-12-03; Ord. No. 09-84, § 19, 2-11-09)

Sec. 33-156. Educational intent.

The intent of this article is to result in compliance through public assistance and education. Upon request, the director shall, without charge therefor, provide assistance in identifying tree species, training and/or instructional materials with respect to proper practices for tree pruning and other reasonable assistance for the purpose of ensuring compliance with this article.
(Ord. No. 03-159, § 7, 2-12-03)

Sec. 33-157. Provisions cumulative.

The provisions of this article are cumulative of state laws and are also expressly made cumulative of the provisions of article V of this chapter. To the extent that any tree governed by this section is also subject to regulation under article V, then both the provisions of this article and of article V shall be applicable. The director and the planning official shall establish procedures under which removal notices and landscape plans that are required to be filed under article V may be combined with or jointly filed with applications filed under section 33-155 of this Code, above.
(Ord. No. 03-159, § 7, 2-12-03)

Sec. 33-158. Penalty; civil remedies.

Violation of this article shall be punishable by a fine of up to $500.00, as more particularly provided in section 1-6 of this Code, and each tree that is unlawfully removed shall constitute a separate offense. Criminal prosecution shall not preclude civil action by the city to recover for the damage to or loss of the tree, and the city attorney is hereby authorized, without further authorization from city council to institute and prosecute a lawsuit against any person who removes a tree without permission or authorization as required under this section to recover the reasonable value of the tree or damage thereto.
(Ord. No. 03-159, § 7, 2-12-03; Ord. No. 09-84, § 20, 2-11-09)

Sec. 33-159. Deferred disposition.

In keeping with the policy of education and street tree protection that is the underlying purpose of this article, the municipal courts are urged to consider deferred dispositions under article 45.54 of the Texas Code of Criminal Procedure whenever the circumstances warrant deferred dispositions. Conditions of deferral may include the defendants' replacing or repairing damaged trees wherever practicable and participating in community service programs for the planting and care of trees.
(Ord. No. 09-84, § 21, 2-11-09)

Sec. 33-160. Tree replacement requirement.

(a) Notwithstanding anything to the contrary in this article, no person shall cause a tree that is situated in whole or in substantial part within a street to be removed without complying with a tree replacement requirement, which may be satisfied as follows:

(1) By the planting in the area adjacent to the street of additional trees from the street tree list on the basis of one caliper inch of tree planted for one caliper inch of tree removed;

(2) By contributing to the fund created under section 33-123(a)(2) of this Code the fee stated for this provision in the city fee schedule per caliper inch of tree removed; or

(3) By a combination of the foregoing.

Installation of trees provided shall be subject to the planting standards established in division 2

of article V of chapter 33, and the trees shall be planted within 30 days following the removal of the tree unless a documented assurance of planting is provided to the department with the notice, in which case the trees shall be placed within six months of the removal of the trees. A documented assurance may be provided in the same manner as under section 33-132(b) of this Code. A variance may be requested in the same manner provided in sections 33-135 through 33-137 of this Code. Additionally, the mitigation provisions of section 33-138 of this Code shall be applicable to trees that are provided in order to satisfy a protected tree replacement requirement.

(b) No person shall cause a tree to be removed without first filing with the department a written notice of removal of the tree, which must be filed at least 20 days prior to the removal. The notice shall include a map depicting the tract or parcel of land upon which the tree or trees to be removed are situated and shall demonstrate the manner in which the tree replacement requirement will be provided.

(c) It is an affirmative defense to prosecution under this section that the tree sustained damage from fire, wind storm, accident or other natural cause such that the tree became an immediate threat to persons or property, provided that the owner of the tree caused the circumstances to be documented and filed written notice of the removal with the department within ten days following the removal of the tree.

(d) It is a defense to prosecution under this section that the tree was removed by or on behalf of a public utility or a governmental entity and that its removal without notice was reasonably required for the maintenance or installation of public facilities or utility systems.

(e) The planning official shall promulgate forms of notices and procedures under this section. A map need not be prepared in the form of a survey map, provided that it shall provide sufficient information to unmistakably identify the tree that is to be removed and the location of any tree that is to be planted in order to provide the tree replacement requirement, as well as the species and caliper of each tree. If the owner elects to make a contribution to the fund created under section 33-123(a)(2) of this Code, then the contribution shall be tendered with the notice. No provision of this section shall be construed to require city personnel to review any notice filed under this section for accuracy or sufficiency or to perform any site inspection of trees for which notices are filed.

(Ord. No. 09-84, § 22, 2-11-09; Ord. No. 2011-1168, § 13, 12-14-2011)

Sec. 33-161. Preservation of the existing tree canopy along a walkable places street or transit-oriented development street.

(a) Except as otherwise provided in this section, it shall be unlawful for any person to remove any portion of a tree canopy or to cause, permit or suffer the removal of any tree canopy, for any tree of a size 10 caliper inches or more that is within:

(1) The right-of-way of a walkable places street or transit-oriented development street; or

(2) Ten feet from the edge of the right-of-way of a walkable places street or transit-oriented development street that is not designated a major thoroughfare; or

(3) Twenty-five feet from the edge of the right-of-way of a walkable places street or transit-oriented development street that is also designated as a major thoroughfare.

(b) This section shall not apply to:

(1) The removal of any dead, damaged, or diseased tree canopy or limbs that constitutes an immediate hazard to life or property;

(2) Maintenance or pruning authorized by the director upon written request for permission in the form approved by the director. In considering whether to grant the authorization, the director shall consider the age and condition of the tree canopy, the size of the limb(s) to be pruned or removed, and the extent of the pruning. The director shall consult with

the planning official and consider whether the requested action is reasonably required, considering other alternatives that may exist; or

(3) The removal of a tree canopy, in part or in whole, authorized by the granting of a variance under the procedure outlined in section 33-135 of this Code.

(Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Secs. 33-162—33-200. Reserved.

ARTICLE VII. HISTORIC PRESERVATION*

DIVISION 1. GENERALLY

Sec. 33-201. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alteration means any change to the exterior of a building, structure, object or site. Alteration shall include, but is not limited to, replacing historic material; changing to a different kind, type or size of roofing or siding materials or foundation; changing, eliminating, or adding exterior doors, door frames, windows, window frames, shutters, railings, columns, beams, walls, porches, steps, porte-cocheres, balconies, signs attached to the exterior of a building, or ornamentation; or the dismantling, moving or removing of any exterior feature. Alteration includes expanding an existing structure or the construction of an addition to an existing structure. Alteration includes the painting of unpainted masonry surfaces. Alteration does not include ordinary maintenance and repair, or the addition or replacement of fences that are not otherwise regulated by this article.

Archaeological means relating to the study of past human behavior through use of material remains of historic and prehistoric origin.

Archaeological site means property or a location designated by the city council on which there exists material remains of past life or past life activities that occurred on the property or at the location.

Block means one or more lots, tracts, or parcels of land bounded by streets, easements, rights-of-way, or other physical features or a combination thereof.

Blockface means the portion of a block that abuts a street.

Building means any structure used or intended for supporting or sheltering any use or occupancy.

Building permit means an official document or certificate issued by the building official authorizing performance of a specified activity, including the alteration, restoration, rehabilitation, construction, relocation or demolition of a building, structure or object.

Certificate of appropriateness means a current and valid permit issued by the HAHC or the director, as applicable, authorizing the

*__Editor's note__—Formerly, Art. VI. Ord. No. 03-159, § 6, adopted February 12, 2003, renumbered said article from Art. VI to Art. VII.

issuance of a building permit for construction, alteration, rehabilitation, restoration, relocation or demolition required by this article.

Certificate of remediation means a current and valid permit issued by the HAHC authorizing the issuance of a building permit for construction, alteration, rehabilitation, restoration, relocation or demolition intended to correct action taken contrary to the requirements of this article, and shall serve as a certificate of appropriateness for the enforcement and violation of this article, and is granted by the same standards that a certificate of appropriateness is granted.

Context area means the blockface and the opposing blockface within the district where the proposed activity is located. Context area may include a different geographic area if the commission finds that unusual and compelling circumstances exist or that context area is described differently in design guidelines.

Contributing structure means a building, structure, object or site that reinforces, or that has conditions, which, if reversed, would reinforce, the cultural, architectural or historical significance of the historic district in which it is located, and that is identified as contributing upon the designation of the historic district in which it is located. The term also includes any structure that was identified as "potentially contributing" in any historic district.

Demolition means an act or process that destroys, in whole or in part, or permanently impairs the structural integrity of any building, structure, object or site. The term also includes demolition by neglect, which is defined as inaction or a series of inactions that result in the destruction or irreversible deterioration of a building, structure, object, or site.

Designation means the formal recognition by the city council of a building, structure, object, site or district as historically, architecturally, culturally or archaeologically significant to the city, state, nation or region.

Design guidelines means an inventory and analysis of historic resources within a geographic area of the city designated or proposed for designation as one or more historic districts pursuant to the provisions of this article that contains standards for alteration, rehabilitation, restoration, new construction, relocation and demolition of buildings, structures, objects or sites in an historic district, and approved by the city council.

Excavation means to expose, uncover, or remove by digging, cutting or hollowing out.

Exterior feature means an element of the architectural character and general arrangement of the external portion of a building, structure or object, including building material, that is visible from a street, as well as those portions of the building that are essential to support the building envelope; including parts of the exterior wall assembly such as siding, wall studs, and interior shiplap; as well as the foundation. The term does not include purely interior structural elements including interior load-bearing walls or interior non-structural elements such as sheetrock.

HAHC means the Houston Archaeological and Historical Commission.

Height means the vertical distance from the existing natural grade.

Historic district means a geographical area designated by the city council that possesses a significant concentration, linkage or continuity of buildings, structures, objects or sites united by historical, cultural, architectural or archaeological significance to the city, state, nation or region.

Historic preservation officer means a person designated by the director to perform the duties of the director under this article.

Landmark means any individual building, structure, object or site designated by the city council for its historical, cultural, architectural or archaeological significance in the city, state, nation or region.

Mandatory repair means a repair of a building or structure that is necessary to comply with chapter 10 of this Code as evidenced by an order of the hearing official or the building and standards commission or by a citation.

Massing means the arrangement of the overall shape and volume of a building.

New construction means a free-standing building or structure proposed to be constructed within a historic district designated by city council, whether that building or structure is on the location of a vacant lot or a lot with another structure on it.

Noncontributing structure means a building, structure, object or site that does not reinforce the cultural, architectural, or historical significance of the historic district in which it is located, and is identified as noncontributing upon the designation of the historic district in which it is located.

Nonprofit organization means an entity organized for religious or not-for-profit purposes that holds a determination letter from the Internal Revenue Service that it is exempt from taxes under section 501(a) of the Internal Revenue Code of 1986, as amended, by virtue of section 501(c)(3) of that Code.

Object means a material thing of a functional, aesthetic, cultural, historical or scientific value that may be moveable by nature or design, yet related to a specific setting or environment.

Old Sixth Ward Protected Historic District or *OSWPHD* means the protected historic district established by the city council pursuant to division 6 of this article.

Ordinary maintenance and repair means any work to correct or prevent deterioration, decay or damage to a building, structure, object or site (or any part thereof), provided that the work does not change the design, character, texture or material of any exterior feature or constitute an 'alteration' as defined above. Ordinary maintenance and repair does not include replacement of historic material. Ordinary maintenance and repair does include the leveling of a foundation in a way that does not raise or lower the foundation.

Paleontological means relating to the study of all fossil remains of organisms that existed in the past.

Place of worship means a building, structure, object or site, owned by a nonprofit religious organization for a period of ten years prior to the later of October 13, 2010 or the date an application for designation of an historic district that includes the building, structure, object, or site is filed with the department and that is used primarily for worship or conducting religious services. A place of worship does not include ancillary buildings used for administration, schools, living quarters, or meeting halls not primarily used for worship. An organization may establish that it is a nonprofit religious organization through a determination letter from the United States Internal Revenue Service that the organization is tax-exempt pursuant to Section 501(c)(3) of the Internal Revenue Code or other equivalent evidence.

Planning commission means the planning commission of the city.

Plate height means the distance from the subfloor of a building to the top of the framed wall.

Protected landmark means a landmark whose owner has elected to permanently protect the landmark by foregoing the 90-day waiver certificate authorized by this article.

Qualified curatorial association means an organized and permanent non-profit institution, essentially educational or aesthetic in purpose, with professional staff, that owns and utilizes tangible objects, cares for them, and exhibits them to the public on some regular schedule, provided that the institution meets the requirements of the Council of Texas Archaeologists' Guidelines (Curation Standards and Procedures), 1992 edition, as may be amended or updated from time to time.

Real property records means the applicable records of a county in which conveyances of real property are recorded.

Rehabilitation means the act or process of returning a building, structure, object or site to a state of utility that makes possible an efficient contemporary use while preserving those portions or exterior features that are historically, architecturally and culturally significant.

Relocation means any change in the location of a building, structure or object.

Restoration means the act or process of accurately recovering the form and details of a building, structure, object or site and its setting as it appeared at a particular period of time by means of the removal of later work, or by the replacement of missing earlier work or both.

Roof pitch means the slope of a roof surface expressed in inches of vertical rise per twelve inches of horizontal distance.

Site means property upon which a significant event occurred, including, but not limited to, any land, building or natural resource where prehistoric or historic occupations or activities occurred and the location of buildings and structures, whether standing, ruined, demolished or relocated, where the location retains historical, architectural or archaeological value and integrity.

Street means a public or private street or roadway that is not an alley or a shared driveway.

Structure means that which is built or constructed, an edifice or building of any kind, or any piece of work artificially built up or composed of parts joined together in some definite manner.

Tract means a contiguous parcel of land under common ownership.

Typical means being within commonly occurring values in a group. Extreme values within a group are not necessarily typical of that group.

Working day means a day other than a Saturday, Sunday or official city holiday.

(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 05-969, § 2, 8-17-05; Ord. No. 07-855, § 3, 8-1-07; Ord. No. 2010-814, §§ 2—5, 10-13-2010; Ord. No. 2015-967, §§ 2—4, 10-7-2015)

Sec. 33-202. Scope.

(a) The provisions of this article apply to the alteration, rehabilitation, restoration, construction, relocation and demolition of any building, structure, object or site that is designated as a landmark or protected landmark or that is located within an historic district or an archaeological site and to the excavation of any archaeological site.

(b) Nothing in this article shall be construed to authorize the city to regulate the use of any building, structure or property.

(c) Nothing in this article shall be construed to authorize the city to regulate the interior characteristics of any building or structure, provided that any change in the interior characteristics of a landmark, protected landmark, or contributing structure in an historic district that has the effect of changing any exterior feature shall be subject to the terms of this article. Other provisions of this Code, the Construction Code, the Fire Code or state or federal law or regulation that are applicable to any building, structure, object or site that is subject to the provisions of this article shall continue to apply.

(d) This article does not abrogate or annul any restrictive covenant contained or incorporated by reference in a properly recorded map, plat, replat, declaration, or other instrument filed in the county real property records, map records or deed records. Any property designated as a landmark, protected landmark, or archaeological site or included within an historic district shall remain subject to the provisions of any restrictive covenants applicable to the property, and the restrictive covenants shall remain fully enforceable.

(e) The provisions of this article shall apply to buildings, structures, objects or sites that are owned by the United States of America, the State of Texas or a political subdivision of the State of Texas; provided such entities are not otherwise exempted from this article by law.

(f) Prior to any amendment of this article, the HAHC shall conduct one public hearing to solicit public comments on the proposed amendments. The HAHC may make recommendations to the city council with respect to the proposed amendments. The provisions of this subsection shall

not apply to any amendment to correct clerical errors or to make nonsubstantive changes in this article.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 02-399, § 78, 5-15-02; Ord. No. 05-969, § 3, 8-17-05; Ord. No. 2010-814, § 6, 10-13-2010)

Sec. 33-203. Enforcement and penalties; remedies cumulative; other action not limited.

(a) The procedures set forth in this article are cumulative of all other remedies available to the city relating to the subject matter hereof. Specifically, the city attorney may institute any legal action necessary to enforce this article or enjoin or otherwise cause the abatement of any violations hereof, including legal action necessary to recover damages or require restoration or reconstruction under section 315.006 of the Texas Local Government Code. The city council finds that alteration, rehabilitation, restoration, construction, relocation or demolition of any building, structure, object or site that is subject to the provisions of this article without a certificate of appropriateness as required under this article adversely affects the structural, physical or visual integrity of the building, structure, object or site.

(b) The building official shall not issue a building permit for any activity that requires a certificate of appropriateness pursuant to this article unless the applicant for the building permit presents a certificate of appropriateness or a 90-day waiver certificate issued pursuant to section 33-250 of this Code. The building official shall use any and all available enforcement mechanisms to enforce and require compliance with the provisions of this Code.

(c) Any person who violates any provision of this article shall be guilty of a misdemeanor, and, upon conviction, shall be punished by a fine of not less than $50.00 nor more than $500.00 for each violation. Each day during which any violation of this article continues shall constitute a separate offense.

(d) If a landmark or protected landmark, archaeological site, or a contributing structure located in an historic district is demolished without a certificate of appropriateness required by this article or, in the case of a landmark or archaeological site only, a 90-day waiver certificate issued pursuant to section 33-250 of this Code, or is ordered to be demolished by the city for public safety reasons after the property owner has received notice of neglect pursuant to section 33-254 of this Code, the building official shall not issue a building permit, and no other person shall issue any other city permit, for the site where the landmark, protected landmark or structure was formerly located for a period of two years after the date of the demolition. After the period of two years after the date of demolition has elapsed, the HAHC may approve a certificate of appropriateness for new construction on the site of the demolished structure only if the size and dimensions of the new construction are substantially similar, and not larger, than the demolished structure. After a period of ten years after the date of demolition has elapsed, the HAHC may approve a certificate of appropriateness for new construction on the site of the demolished structure without the limitation imposed by this section. New construction approved pursuant to this section shall not be eligible to receive a certificate of appropriateness for demolition or relocation before ten years after the date of demolition.

(e) If activity that requires a certificate of appropriateness is performed outside the scope of a certificate of appropriateness, which for purposes of this section shall include work done without a certificate of appropriateness, the building official shall not issue a permit, and no other person shall issue any other city permit, except as required to perform work required under a certificate of remediation under this subsection, for the site where the activity occurred until either:

(1) The commission issues a certificate of appropriateness for the work that was performed outside the scope of a certificate of appropriateness; or

(2) The commission finds that the work that was performed outside the scope of a certificate of appropriateness does not satisfy the criteria of this article and issues a certificate of remediation for the work that was performed outside the

scope of a certificate of appropriateness; and the commission may, as a condition of granting the certificate of remediation, also require that the applicant repair, reconstruct, or restore all or part of the work that was done without a certificate of appropriateness prior to the issuance of any permits besides those required for the reconstruction or restoration, using as many historically appropriate or salvage materials as are reasonably available.

(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 07-463, § 2, 4-11-07; Ord. No. 2010-814, § 7, 10-13-2010; Ord. No. 3015-967, §§ 5—7, 10-7-2015)

Sec. 33-204. Article supplemental.

The provisions of this article shall be cumulative of all other ordinances, laws and applicable regulations.

Sec. 33-205. Historic preservation officer.

The director shall appoint a qualified city official, or staff person to serve as historic preservation officer ("HPO"). The HPO must have an interest, knowledge and a demonstrated background in the disciplines of architecture, history, urban planning, archeology, or other disciplines related to historic preservation. The director may delegate the responsibilities of the director in this article to the HPO, in which case the HPO shall administer the duties and responsibilities of the director under this article, maintain and hold open for public inspection all documents and records pertaining to the provisions of this article, and review and help coordinate the city's historic preservation activities with other public and private entities.

(Ord. No. 3015-967, § 8, 10-7-2015)

Secs. 33-206—33-210. Reserved.

DIVISION 2. HOUSTON ARCHAEOLOGICAL AND HISTORICAL COMMISSION

Sec. 33-211. Composition; qualifications of members.

(a) The creation of the Houston Archaeological and Historical Commission is hereby reaffirmed. The HAHC shall consist of 13 members. Each member shall be a person who has knowledge and experience in the archaeological, architectural, cultural, social, economic, ethnic or political history of the city, and must have a known and demonstrated, competence, or knowledge in historic preservation within the city. The mayor shall assign a staff member to serve as a liaison between the HAHC and the mayor's office. The director, or in his absence or inability to act, a deputy director or assistant director of the department shall serve as a non-voting, ex officio member and as executive secretary to the HAHC. The archivist of the Houston Public Library System shall serve as an ex officio member of the HAHC, but shall not have a vote. When HAHC business requires the involvement of other departments, representatives of those departments shall attend meetings of the HAHC upon notice by the executive secretary. The HAHC shall elect its own chair and vice-chair.

(b) The 13 members of the HAHC shall hold specific positions as follows:

(1) Position 1 shall be filled by a professional archaeologist with knowledge of and interest in archaeology of the city.

(2) Position 2 shall be filled by a professional historian with knowledge of and interest in the history of the city.

(3) Position 3 shall be filled by an architectural historian.

(4) Position 4 shall be filled by a person who has knowledge of and interest in the cultural history of the city.

(5) Position 5 shall be filled by a registered architect.

(6) Position 6 shall be filled by a person with commercial interests in a historic district.

(7) Position 7 shall be filled by a professional real estate appraiser certified to perform appraisals for the city.

(8) Position 8 shall be filled by a representative of an organization for remodelers or builders who has knowledge of and interest in restoration, historic building renovation and compatible new construction.

(9) Position 9 shall be filled by a person who has professional knowledge in preservation construction and technology.

(10) Positions 10 through 13 shall be filled by citizen representatives.

(c) At least four members of the HAHC shall own or reside in a historic landmark or contributing structure in a designated historic district designated pursuant to this division.

(d) Members holding Positions 1 through 9 of the HAHC shall be appointed by the mayor, subject to confirmation by the city council. Members holding Positions 10 through 13 shall be appointed by the city council. The terms of each even-numbered position shall end on March 1 of even-numbered years, and the terms of each odd-numbered position shall end on March 1 of odd-numbered years.

(e) Each member shall serve for a term of two years and shall hold over until the member's successor is qualified.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 99-378, § 12, 4-21-99; Ord. No. 07-840, § 16, 7-18-07; Ord. No. 09-191, § 2, 3-4-09; Ord. No. 2010-814, § 8, 10-13-2010; Ord. No. 3015-967, § 9, 10-7-2015)

Sec. 33-212. Meetings; vacancies; removal.

(a) The HAHC shall adopt a regular meeting schedule and a schedule of submittal deadlines for applications filed pursuant to this article.

(b) A position on the HAHC shall be considered to be vacant if the member appointed to that position is absent from HAHC meetings three times within the period of a year, unless those absences are judged to be excusable by the director.

(c) A vacancy in any position shall be filled in the manner provided for original appointments, and the person so appointed shall serve for the remainder of the unexpired term. A member may be appointed to serve consecutive terms.

(d) Seven members of the HAHC shall constitute a quorum; however, in the event of vacancies on the HAHC, a majority of the members of the HAHC shall constitute a quorum. The executive secretary shall be counted for purposes of determining the presence of a quorum. Other ex officio members of the HAHC shall not be counted for purposes of determining the presence of a quorum.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 09-191, § 3, 3-4-09; Ord. No. 2010-814, § 9, 10-13-2010; Ord. No. 2015-967, §§ 10, 11, 10-7-2015)

Sec. 33-213. Service without pay.

Members of the HAHC shall serve without compensation.
(Ord. No. 95-228, § 2, 3-1-95)

Sec. 33-214. Responsibilities.

In addition to other responsibilities specified in this article, the responsibilities of the HAHC shall be as follows:

(1) Adopt such rules of procedure for meetings and proceedings of the HAHC as are necessary or convenient to accomplish the purposes set out in this article;

(2) Actively pursue and encourage the creation and maintenance of a list and maps of buildings, structures, objects, sites and areas in the city having special archaeological, historical, paleontological and historical architectural interest or value. The HAHC shall place particular emphasis upon evaluating and incorporating into the list and maps the findings of studies and surveys already completed;

(3) Identify buildings, structures, objects, sites and areas of the city that have the potential for designation as landmarks, protected landmarks, historic districts or archaeological sites and, where authorized by this article, initiate the process for the designation of landmarks, historic districts and archaeological sites;

(4) Increase public awareness of the value of archaeological, historical, paleontological and historical architectural conservation by facilitating and participating in public educational programs and by recommending updates to the conservation program;

(5) Make recommendations to the city council concerning the availability and utilization of grants from federal and state agencies, private groups and individuals, and the utilization of budgetary appropriations to promote the conservation of significant archaeological, historical, paleontological or historical architectural sites or structures in the city;

(6) Evaluate and comment upon decisions by city departments and agencies affecting archaeological, historical, paleontological or historical architectural resources;

(7) Assist the city in working with the Texas Historical Commission, the Texas Antiquities Committee, the Texas State Historic Preservation Officer, the Harris County Historical Commission, and other appropriate federal, state and local agencies;

(8) Facilitate efforts of persons wishing to donate archaeological, historical, paleontological or historical architectural artifacts, materials, structures, objects or sites to the public in placing those resources with qualified curatorial associations;

(9) Evaluate the effectiveness of the design guidelines in achieving the goals of this article and recommending changes to the design guidelines, if appropriate;

(10) Report annually to the city council the results of its work in these areas;

(11) Make recommendations regarding the furnishing of City Hall in a manner that is consistent with its original furnishings, architectural style, and period of construction;

(12) Assist in locating suitable new and used items of city hall furniture for acquisition by donation or city purchase;

(13) Facilitate the donation of funding for City Hall furnishings and the donation of appropriate items of City Hall furnishing from private sources, provided that the committee may not directly receive donations and that any donations be made directly to the city;

(14) Accomplish any other relations responsibilities that may be requested by city officials; and

(15) Perform any other duties that the city council authorizes the HAHC to perform.

(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 05-969, § 4, 8-17-05; Ord. No. 07-855, § 4, 8-1-07; Ord. No. 2010-668, § 3, 8-18-2010; Ord. No. 2010-814, § 10, 10-13-2010)

Secs. 33-215—33-220. Reserved.

DIVISION 3. DESIGNATION OF LANDMARKS, PROTECTED LANDMARKS, HISTORIC DISTRICTS AND ARCHAEOLOGICAL SITES*

Sec. 33-221. Designation.

(a) The city council may designate buildings, structures, objects and sites as landmarks and protected landmarks, may designate areas as historic districts, may designate sites as archaeological sites, and may define, amend and delineate the boundaries of any landmark, protected landmark, historic district or archaeological site as provided in this article.

(b) To encourage public participation and the resultant preservation of historical, cultural and archeological resources, the city council shall be authorized to offer owners of properties considered for designation tax exemptions and other incentives that the city council may determine appropriate, at the time of the proposed designation.

(c) Prior to action by the city council, the HAHC shall review each application for designation and make a recommendation with respect to the application, but designation shall be made only by the city council.

(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 05-969, § 6, 8-17-05; Ord. No. 2010-814, § 11, 10-13-2010)

*__Editor's note—__Ord. No. 05-969, § 5, adopted Aug. 17, 2005, amended the title of Ch. 33, Art. VII, Div. 3, to read as herein set out. Formerly, said division was entitled designation of landmarks, historic districts and archaeological sites.

Sec. 33-222. Application for designation of a landmark, archaeological site or protected landmark.

(a) Application for designation of a landmark or an archaeological site shall be initiated by either:

(1) The owner of the property for which the application is made or the owner's authorized representative; or

(2) The HAHC upon instructing the director to prepare an application for designation. Within ten working days following the action of the HAHC initiating an application, the director shall mail notice to the owner of the property or the owner's agent, as shown on the most recent city tax roll, that the HAHC has initiated an application.

(b) Application for designation of a protected landmark shall be initiated by the owner of the property proposed for designation.

(c) The application for designation of a landmark, protected landmark, or archaeological site shall be filed with the department in the form prescribed by the director. The application shall include a description and photographs of the property or properties and shall address each of the applicable criteria for designation contained in section 33-224 of this Code. The application for designation of a protected landmark shall include an instrument suitable for recording in the real property records, in a form approved by the city attorney, signed by the owner indicating that the 90-day waiver provision of section 33-250 of this Code shall not apply to the protected landmark and that the property is subject to the demolition by neglect provisions of section 33-254 of this Code.

(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 05-969, §§ 7, 8, 8-17-05; Ord. No. 07-463, § 3, 4-11-07; Ord. No. 2010-814, §§ 5, 12, 10-13-2010; Ord. No. 2015-967, § 12, 10-7-2015)

Sec. 33-222.1 Application for designation of an historic district.

(a) Application for designation of an historic district shall be initiated by either:

(1) Ten percent of the owners of tracts in the proposed district; or

(2) The HAHC upon instructing the director to prepare an application for designation.

(b) The application for designation of an historic district shall be filed with the department in the form prescribed by the director, and shall be subject to the following rules:

(1) The application shall include:

a. A map indicating the boundaries of the proposed historic district;

b. A description and a photograph of each of the properties in the proposed district;

c. A written statement outlining the historical, cultural, or architectural significance of the proposed district which shall address each of the applicable criteria for designation contained in section 33-224 of this Code;

(2) The application shall identify with respect to each building, structure, object or site within the proposed historic district whether it is proposed for designation as a contributing structure or a noncontributing structure;

(3) The boundaries of the proposed district must comprise a continuous land mass without out tracts inside of it;

(4) Tracts of publicly owned land, utility easements, and streets shall not be counted towards determining support for or against the designation of an historic district, but may be included within the historic district; and

(5) If a tract of land is owned by more than one person, only the signature of one owner is required to indicate support for initiating an application in accordance with this section.

(c) The director shall review each application for initial completeness. Upon determining that the application includes the items required by subsection (b) of this section, the director shall determine that the application is initially complete, and the director shall schedule and

conduct at least one public meeting on the application for the historic district. The director shall give notice of the public meeting in accordance with subsection (d) of this section, including procedures for giving notice of any additional public meeting.

The director shall establish rules for the conduct of public meetings, and shall endeavor to conduct the meeting within or near the proposed historic district, subject to the availability of appropriate space for public assembly. The director will present information on the proposed application and the process for approval at the public meeting.

(d) The director will establish the process for notice and for determining the evidence of support of the application, which shall include the following:

(1) Within 30 days after determining the application is initially complete, the director shall mail a notice to the owners of each property within the proposed historic district as indicated on the most current appraisal district records. The director shall endeavor to give notice to a civic association registered with the city whose area is included, in whole or in part, in the proposed district.

(2) The notice shall include the following:

a. The date, time, and location of the public meeting described in subsection (c) of this section;

b. Any other information the director determines may be useful to the property owners.

(e) After the final public meeting, the director shall mail notice to the owners of all property within the proposed historic district. The notice shall include a response form to be returned by the property owner which shall indicate whether the property owner does or does not support designation of the historic district. The response form must be placed in the U.S. mail with proper postage affixed and postmarked or delivered to the director not later than the thirtieth day after the date on the notice

(f) After the deadline for returning response forms mailed in accordance with subsection (e) has passed, the director shall determine if owners of 67 percent of all the tracts in the proposed district support the designation of the district in accordance with the following rules:

(1) If a tract of land is owned by more than one person, only the signature of one owner is required for determining public support by returned response forms in accordance with this section; and

(2) Tracts of publicly owned land, utility easements, and streets that are included within the boundaries of the proposed district shall not be counted toward determining support for or against the designation of an historic district.

(g) If the director is able to make the determination required by subsection (f) of this section, the application will be considered final and the boundaries of the proposed district shall be the boundaries of the proposed historic district. If the director is not able to make this determination, then the director shall either:

(1) Modify the boundaries of the proposed historic district if the modification will result in boundaries of one or more historic districts containing one or more noncontiguous areas where the response forms for owners of 67 percent of the tracts support designation of the proposed historic district. If the director modifies the boundaries, the application shall be considered final, the boundaries of the reduced proposed district shall be the boundaries of the proposed historic districts, and any property excluded from the proposed district shall be ineligible for inclusion within a historic district for a period of one year from the date the director modifies the boundaries of the proposed district pursuant to this item; or

(2) Determine that the application fails and that no further action will be taken by the HAHC. If an application fails pursuant to this section, the director shall mail notice to the owners of all property within

the proposed historic district that the application has failed and that no further action will be taken. Any property within the proposed district is ineligible for inclusion within a historic district for a period of one year from the date of the determination pursuant to this section.

(h) If the director determines that an application is final, the director shall give notice to all property owners within the proposed district of a hearing before the HAHC in accordance with the provisions of section 33-226 of this Code. The notice shall include the boundaries of one or more proposed historic districts.

(i) The director may conduct a public workshop for the HAHC on any application for designation of a historic district in which the director reviews the application, the results of response forms received by the department, the boundaries of the proposed districts as modified in accordance with subsection (g) of this section, and any other information the director determines is relevant to the application.

(j) The HAHC will conduct a public hearing on each final application for designation of a historic district. Following the public hearing, the HAHC may:

(1) Approve the proposed boundaries and forward them to city council for approval;

(2) Amend the boundaries in accordance with the provisions of this article, in which case the HAHC may defer the application and continue the public hearing to a later meeting; or

(3) Disapprove the application, after which no further action shall be taken.

(Ord. No. 2010-814, § 13, 10-13-2010; Ord. No. 2015-967, § 13, 10-7-2015)

Sec. 33-223. Property pending designation.

(a) Upon initiation of an application for designation of a landmark, archaeological site or historic district that satisfies the minimum age criteria of section 33-224(b) of this Code, the building, structure, object or site proposed for designation as a landmark or archaeological site and any building, structure, object or site located in an area proposed for designation as an historic district shall be subject to the requirements of division 4 of this article as though the building, structure, object, site or area had been designated by the city council. If the HAHC denies an application for certificate of non-designation for any property pursuant to section 33-228 of this Code, the property shall also be subject to the provisions of this section.

(b) The protected status provided in subsection (a) above ends on the earliest of the following dates:

(1) The day after an action of the city council or the HAHC rejecting an application for designation;

(2) In the case of an application for designation of a landmark or archaeological site, the day after the withdrawal of the application by the property owner;

(3) In the case of an application for designation of an historic district, the 181st day after the director determines the application is initially complete, or:

a. If the HAHC defers the application once in accordance with section 33-222.1(j)(2), the 211th day after the director determines the application is initially complete;

b. If the HAHC defers the application two or more times in accordance with section 33-222.1(j)(2), the 241st day after the director determines the application is initially complete;

c. If the city council defers the application or remands the application back to HAHC for reconsideration, 60 days will be added to the number of days of the protected status provided for by this subsection.

(4) In the case of an application for designation of an historic district, the day after the director determines that the application fails; or

(5) In the case of the denial of a certificate of non-designation by the HAHC, the 181st day after the decision of the HAHC.

For purposes of this article, an application for designation is initiated immediately upon the occurrence of either the filing of an application for designation by the requisite owners pursuant to section 33-222 or section 33-222.1 of this Code or, in the case of an application initiated by the HAHC, the date a majority of the HAHC votes to authorize the preparation of an application.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 07-463, § 4, 4-11-07; Ord. No. 2010-814, § 14, 10-13-2010; Ord. No. 2015-967, § 14, 10-7-2015)

Sec. 33-224. Criteria for designations.

(a) The HAHC, in making recommendations with respect to designation, and the city council, in making a designation, shall consider one or more of the following criteria, as appropriate for the type of designation:

(1) Whether the building, structure, object, site or area possesses character, interest or value as a visible reminder of the development, heritage, and cultural and ethnic diversity of the city, state, or nation;

(2) Whether the building, structure, object, site or area is the location of a significant local, state or national event;

(3) Whether the building, structure, object, site or area is identified with a person who, or group or event that, contributed significantly to the cultural or historical development of the city, state, or nation;

(4) Whether the building or structure or the buildings or structures within the area exemplify a particular architectural style or building type important to the city;

(5) Whether the building or structure or the buildings or structures within the area are the best remaining examples of an architectural style or building type in a neighborhood;

(6) Whether the building, structure, object or site or the buildings, structures, objects or sites within the area are identified as the work of a person or group whose work has influenced the heritage of the city, state or nation;

(7) Whether specific evidence exists that unique archaeological resources are present; and

(8) Whether the building, structure, object or site has value as a significant element of community sentiment or public pride.

(b) Notwithstanding the foregoing, no building, structure, object or site less than 50 years old shall be designated as a landmark, protected landmark, or archaeological site, and no area in which the majority of buildings, structures or objects is less than 50 years old shall be designated as an historic district, unless it is found that the building, structure, object, site or area is of extraordinary importance to the city, state or nation for reasons not based on age.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 05-969, § 9, 8-17-05; Ord. No. 2010-814, § 15, 10-13-2010)

Sec. 33-225. Procedures for designation of landmark, historic district and archaeological site.

(a) The HAHC shall review each final application for designation of a landmark, historic district, and archaeological site and shall conduct a public hearing on each application. The director shall make a record of the public hearing. The HAHC shall consider the application and evidence presented at the public hearing. After due consideration, the HAHC shall determine whether to recommend the designation, provided, however, that if the HAHC does not act with respect to an application for designation within 60 days of the public hearing before the HAHC on the designation, the HAHC shall be deemed to have recommended the designation. The recommendation of the HAHC, which shall include the basis for the recommendation, shall be in writing. If the HAHC recommends against designation upon consideration of the application, the application shall be disapproved and no recommendation shall be submitted to the city council.

(b) The director shall submit the recommendation of the HAHC for designation and the application to the city council.

(c) The city council shall consider an application for designation after receiving a recommendation from the HAHC and shall decide whether to designate the property or historic district.

(d) The city secretary shall maintain a copy of a map identifying each landmark, protected landmark, and historic district designated by the city council, and additional copies shall be maintained by the director and the building official. The director shall file for recordation in the real property records of the county or counties in which the designated property is located each action of the city council designating a landmark, protected landmark, and historic district. The city secretary shall maintain a copy of a map identifying each archaeological site designated by city council which shall not be made available to the public.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 05-969, § 10, 8-17-05; Ord. No. 06-783, § 3, 7-26-06; Ord. No. 2010-814, §§ 5, 16, 10-13-2010; Ord. No. 2015-967, §§ 15, 16, 10-7-2015)

Sec. 33-226. Notice requirements for public hearings.

(a) The director shall give notice of a public hearing before the HAHC on the designation of a landmark or archaeological site initiated by the HAHC not less than 30 days before the date of the public hearing to the owner of the property at the name and address as shown on the most current appraisal district records. If the notice address for the owner as shown on the most current appraisal district records does not coincide with the street address of the property, then the director shall also send a notice addressed occupant to the street address for the proposed landmark or archaeological site. The director shall also publish notice of the public hearing in a newspaper of general circulation in the city not less than 30 days before the date of the public hearing.

(b) The director shall provide notice of a public hearing on the designation of a landmark or archaeological site by letter, first class mail, postage paid, by facsimile transmission or by electronic mail no later than the fifth day before the date of the public hearing to the owner of the landmark or archaeological site.

(c) The director shall give notice of a public hearing before the HAHC on the designation of an historic district not less than 30 days before the date of the public hearing on designation as follows:

(1) Notice shall be given by mail to each property owner within the proposed historic district, as shown on the most current appraisal district records.

(2) Notice shall be published in a newspaper of general circulation in the city; and

(3) Notice shall be posted by sign in at least four locations within the district selected by the director at locations reasonably calculated to be seen easily by residents of the district and where each sign will be visible from at least one street. In addition, where, in the opinion of the director, because of the size, configuration, traffic patterns or other characteristics of the proposed historic district, additional signs would be beneficial in providing notice, the director shall cause an appropriate number of additional signs to be posted. The signs shall conform to specifications prescribed by the director.

(d) Written notice that is given by mail shall be deemed given when it is deposited in the United States mail, properly addressed, postage paid. The affidavit of a person who has knowledge of the fact that notice was mailed constitutes prima facia evidence that notice has been given as required by this section.

(e) Additional notice need not be given if the public hearing is adjourned or continued to another date, provided that the date, time and place to which the public hearing is adjourned or continued are specified in the public hearing.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 06-783, § 4, 7-26-06; Ord. No. 07-463, §§ 5—7, 4-11-07; Ord. No. 2010-814, §§ 5, 16, 10-13-2010; Ord. No. 2015-967, § 17, 10-7-2015)

Sec. 33-227. Amendment; changes in boundary.

(a) Amendment of any designation of any landmark, protected landmark, or archaeological site shall require action by the city council and shall follow the procedures for application, notice, public hearing and recommendation by HAHC used for the designation of the landmark, protected landmark, or archaeological site.

(b) Enlargement of the boundaries of a historic district shall require action by the city council and shall follow the procedures for application, notice, public hearing and recommendation by HAHC used for the designation of a historic district with respect to the property to be added to the district and not the property within the existing district except that the requirements of section 33-224 of this Code shall be applied to the entire district as modified by the enlargement of the boundaries.

(c) Amendment of any classification of a building, structure, object, or site within a historic district may be initiated by the director only upon finding that a building, structure, object, or site is incorrectly classified as contributing or non-contributing or that the existence of unusual or compelling circumstances, such as the presence of significant and irreversible changes not caused by the owner of the building, structure, or object, justifies the changing of the classification of the building, structure, object, or site. The director shall not recommend the change in classification of a building, structure, object, or site that has deteriorated due to any action or negligence of the owner. The director shall present the findings at a regularly scheduled meeting of the HAHC after giving notice to the property owner of the proposed change not later than 15 days before the meeting, The HAHC shall either disapprove the director's recommended change, or approve the change and refer the change to city council for approval.

(d) Nothing herein shall be construed to require the city council to follow all of the procedures used in the designation if the amendment is solely for the purpose of correcting minor technical errors, including, but not limited to, errors in property descriptions, that are necessary to implement the intent of the city council with respect to the designation.

(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 05-969, § 11, 8-17-05; Ord. No. 2010-814, § 16, 10-13-2010; Ord. No. 2015-967, § 18, 10-7-2015)

Sec. 33-228. Certificate of non-designation.

(a) The owner or owner's agent of any property may submit an application for a certificate of non-designation with respect to any building, structure, object, site, property or area that has not been designated as a landmark, protected landmark, or structure in an historic district or an archaeological site. Applications shall be filed with the director and shall contain the following information:

(1) The name, address and daytime telephone number of the owner and the applicant, if different from the owner;

(2) The address and general description of the property that is the subject of the application;

(3) A current photograph of the property that is the subject of the application; and

(4) Information demonstrating whether the property is eligible for designation as a landmark or protected landmark or as a contributing structure in an historic district.

(5) For an archaeological site, an assessment from a professional archaeologist that demonstrates whether the archaeological site is eligible for designation as an archaeological site.

The application for a certificate of non-designation shall be accompanied by a nonrefundable fee stated for this provision in the city fee schedule.

(b) The HAHC shall consider an application for certificate of non-designation at a regular meeting within 35 days of the date a complete application for the certificate is filed with the director or at a later time mutually agreed upon in writing by the director and the applicant. The HAHC may continue its consideration of an

application for a certificate of designation to its next regular meeting upon finding that specific information is needed by the HAHC to enable it to reach its decision or upon agreement with the applicant for a continuance. If the HAHC does not act upon an application for a certificate of non-designation within the later of 70 days from the date the application is filed with the director or 35 days after the date mutually agreed on by the applicant and director for review of the application by the HAHC, the application shall be deemed approved, unless the applicant consents in writing to an extension to a specified date.

(c) The HAHC shall not grant the certificate of non-designation if it finds any of the following:

(1) The building, structure, object, site, property or area is the subject of a pending application for designation as a landmark, protected landmark or archaeological site;

(2) The building, structure, object, site, property or area is within an area that is the subject of a pending application for designation of an historic district;

(3) The building, structure, object, site, property or area is eligible for designation as a landmark, protected landmark or archaeological site; or

(4) The building, structure, object, site, property or area is located in an area that is eligible for designation as an historic district and meets the criteria for contributing structure if the area were to be designated as an historic district.

Otherwise, the HAHC shall grant the certificate of non-designation.

(d) The certificate of non-designation shall expire ten years after the date of its issuance and shall be evidence that the subject of the certificate of non-designation will not be subject to the provisions of this article for a period of ten years from the date of issuance of the certificate of non-designation. The certificate of non-designation shall run with the land and may not be transferred to any other building, structure, object, site, property or area.

(e) If the HAHC finds that the subject of an application does not qualify for a certificate of non-designation, the HAHC shall deny the application and shall notify the applicant in writing of the denial. If the HAHC denies the certificate of non-designation, the property shall be subject to the provisions of section 33-223 of this Code for the time specified therein.

(f) Following notice and an opportunity for hearing, the HAHC may revoke a certificate of non-designation that is found to have been issued in error.

(g) If the city council designates as a landmark or archaeological site a building, structure, object or site that is the subject of an unexpired certificate of non-designation, the designation shall not be effective until the expiration of the certificate of non-designation. If the city council designates an historic district, the designation shall not be effective with respect to an individual building, structure, object or site located within the historic district that is the subject of an unexpired certificate of non-designation until the expiration of the certificate of non-designation with respect to the individual building, structure, object or site.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 07-463, § 8, 4-11-07; Ord. No. 2010-814, §§ 5, 17, 10-13-2010; Ord. No. 2011-1168, § 13, 12-14-2011; Ord. No. 2015-967, § 19, 10-7-2015)

Sec. 33-229. Designation of protected landmark.

(a) An application for designation of a protected landmark may only be submitted by the property owner. The HAHC shall review each application and shall recommend a property to be designated as a protected landmark if the property:

(1) Meets at least three of the criteria for designation in section 33-224 of this Code;

(2) Was constructed more than 100 years before application for designation was received by the director;

(3) Is listed individually or as a contributing structure in an historic district on the National Register of Historic Places; or

(4) Is recognized by the State of Texas as a Recorded State Historical Landmark.

(b) The recommendation of the HAHC shall be submitted to the city council pursuant to section 33-225 of this Code.

(c) The city secretary shall maintain a copy of a map identifying each protected landmark designated by the city council, and additional copies shall be maintained by the director and the building official. The director shall file for recordation in the real property records of the county or counties in which the designated property is located notice of each action of the city council designating a protected landmark and the form submitted by the owner pursuant to subsection 33-222(c) of this Code.
(Ord. No. 05-969, § 12, 8-17-05; Ord. No. 2010-814, §§ 5, 18, 10-13-2010; Ord. No. 2015-967, § 20, 10-7-2015)

Secs. 33-230—33-235. Reserved.

DIVISION 4. CERTIFICATES OF APPROPRIATENESS

Sec. 33-236. Prohibited activities; offense.

(a) No person shall alter, rehabilitate, restore or construct any exterior feature of a landmark or protected landmark without a certificate of appropriateness.

(b) No person shall alter, rehabilitate, restore or construct any exterior feature of any building, structure or object within an historic district without a certificate of appropriateness.

(c) No person shall excavate any archaeological site; alter, rehabilitate, restore or construct any exterior feature of any building, structure or object located on or in an archaeological site; or demolish any building, structure or object located on or in an archaeological site without a certificate of appropriateness.

(d) No person shall relocate any landmark or protected landmark without a certificate of appropriateness.

(e) No person shall relocate any building, structure or object within, into or out of an archaeological site without a certificate of appropriateness.

(f) No person shall relocate any building, structure or object within or into an historic district or relocate a contributing structure out of an historic district without a certificate of appropriateness, provided that a certificate of appropriateness shall not be required to relocate a noncontributing structure to a location outside of the historic district in which it is located.

(g) No person shall demolish any landmark, protected landmark, or any contributing structure within an historic district without a certificate of appropriateness.

(h) No person shall conduct any mandatory repair of a landmark, protected landmark, or of a building, structure or object within an historic district or archaeological site without a certificate of appropriateness.

(i) No owner of a protected landmark or contributing structure in an historic district shall allow a protected landmark or contributing structure to fall into a serious state of disrepair so as to result in the deterioration of any exterior architectural feature.

(j) No person shall alter, rehabilitate, restore, construct, relocate or demolish any landmark, protected landmark, or any building, structure or object in an historic district or archaeological site, or excavate any archaeological site, without complying with the applicable provisions of this article. It is a defense to prosecution under this section that the Director of Houston Public Works or a deputy director or an assistant director having supervisory responsibilities over the issuance of building permits has determined (1) that the work to be performed is necessary to correct conditions that are in violation of the life safety requirements for existing buildings as set forth in the *Existing Building Code,* including Appendix D thereto; (2) that the work to be performed is the only means for achieving compliance with the life safety requirements; and (3) that, based upon the nature of the life safety violations and

the risks associated with their continuation, the provisions of this article should be waived to the extent of the life safety requirements.

(k) Any application for amendment to a pending certificate of appropriateness application or building permit application or a certificate of appropriateness or building permit that has been issued under the provisions of this section that would affect any part of the work that is within the scope of this article, as set forth in section 33-202 of this Code, shall be considered as though it were an original application for the purposes of this division.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 98-613, § 62, 8-5-98; Ord. No. 02-399, § 79, 5-15-02; Ord. No. 04-1015, § 27, 9-27-04; Ord. No. 05-969, § 13, 8-17-05; Ord. No. 2010-814, §§ 19, 20, 10-13-2010; Ord. No. 2015-967, § 21, 10-7-2015; Ord. No. 2018-11, § 49, 1-10-2018; Ord. No. 2021-1037, § 20(Exh. I.39), 12-1-2021, eff. 4-1-2022)

Sec. 33-237. Exemptions.

(a) A certificate of appropriateness is not required for ordinary maintenance and repair, or for the alteration, rehabilitation, restoration, or construction of the following:

(1) Reroofing with in-kind materials with no change to the structure, shape, or pitch of the roof;

(2) An alteration that is obscured from view from the street by the original structure and not merely obscured by fencing, landscaping, non-historic additions, or other impermanent obstructions;

(3) Gutters, downspouts, storm windows and doors, window screens, screen doors, temporary emergency weatherization features such as plywood coverings over windows, porch ceiling fans, light fixtures, HVAC units, landscaping;

(4) Fences;

(5) Removal of burglar bars, satellite dishes, antennae, solar panels, free-standing signs, and accessibility ramps and lifts;

(6) Installation of solar panels, antennae, satellite dishes, or other roof equipment installed on the rear half of the roof; and installation of free-standing signs; and

(7) Painting non-masonry surfaces, and repainting previously painted masonry surfaces.

(b) A certificate of appropriateness is not required for the reconstruction of the portion of a contributing or noncontributing structure that was completely or partially destroyed by a fire, natural disaster, or other damage not intentionally caused by the owner of the structure only if the reconstruction is built within the same footprint and has the same exterior features as the contributing or noncontributing structure.

(c) A certificate of appropriateness is not required for the demolition of a non-contributing structure in a historic district.

(d) The operation of this section shall constitute an affirmative defense to prosecution under section 33-236 of this Code.

(e) The design guidelines for an individual historic district may require that an alteration exempted by this section require a certificate of appropriateness pursuant to provisions contained in the design guidelines.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 2010-814, § 21, 10-13-2010; Ord. No. 2015-967, § 22, 10-7-2015)

Sec. 33-238. Application.

No application shall be deemed to be filed unless it is submitted in the form promulgated by the director and contains all required supporting plans, designs, photographs, reports, and other exhibits required by the director. The fee for an application for a certificate of appropriateness shall be as prescribed in the fee schedule and may vary depending on the type of activity proposed.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 04-1015, § 28, 9-27-04; Ord. No. 09-191, § 4, 3-4-09; Ord. No. 2010-814, §§ 5, 22, 10-13-2010; Ord. No. 2015-967, § 23, 10-7-2015)

Sec. 33-238.1. Notice requirements.

(a) The applicant for a certificate of appropriateness for a landmark, protected landmark, or any contributing structure in an historic district, or for an appeal from a decision of the HAHC, shall give notice of the application for a certificate of appropriateness by posting at least one sign on the property for which the

certificate of appropriateness is requested. A sign shall face each street bordering the site; provided, however, that if more than four signs would be required to be posted, the applicant may request the director to approve an alternative number and location of signs. The director shall approve an alternative to the number and location of signs required by this subsection in excess of four upon determining that the alternative will provide maximum visibility and obtain the objectives of this section without unduly burdening the applicant. Each sign required under this subsection shall comply with the following:

(1) For an application for a certificate of appropriateness for demolition, relocation, or for an appeal from the decision of the HAHC, each sign shall be a minimum of four by eight feet in size and shall be posted no more than 15 feet from the street. Each sign shall be posted not less than ten days before the date of the meeting at which the certificate of appropriateness will next be considered. The lettering on each sign shall be legible from the street. The applicant shall use reasonable efforts to maintain each required sign on the site until the close of the meeting at which the application for certificate of appropriateness or appeal is considered. Each sign shall include:

a. The application number and the type of certificate of appropriateness being requested;

b. The date, time, and place of the meeting at which the application or appeal will next be considered, updated to reflect any changes in the date, time, and place of the meeting, including if the applicant's request is deferred, continued, or otherwise postponed;

c. A telephone number of the applicant to call for additional information; and

d. A department telephone number to call for additional information.

(2) For an application for a certificate of appropriateness not mentioned by item (1) of this subsection, each sign shall be the size of a typical yard sign or as prescribed by the director and shall be posted no more than 15 feet from the street. Each sign shall be posted within three days of submission of an application for a certificate of appropriateness. The lettering on each sign shall be legible from the street. The applicant shall use reasonable efforts to maintain each required sign on the site until the close of the meeting at which the application for certificate of appropriateness is considered, if applicable. Each sign shall include:

a. The application number and the type of certificate of appropriateness being requested; and

b. A department telephone number to call for additional information.

(b) Notice under this section is not required for a certificate of appropriateness pursuant to sections 33-241.1(c)(1)—(4).

(Ord. No. 09-191, § 5, 3-4-09; Ord. No. 2010-814, §§ 23, 24, 10-13-2010; Ord. No. 2015-967, § 24, 10-7-2015)

Sec. 33-239. Procedures.

An application for a certificate of appropriateness shall be considered by the HAHC if the complete application is submitted by the next scheduled submittal deadline as approved by the HAHC. The HAHC may continue its consideration of an application for a certificate of appropriateness to its next regular meeting upon finding that specific information is needed by the HAHC to enable it to reach its decision or upon agreement with the applicant for a continuance. If the HAHC does not act upon an application for a certificate of appropriateness within the next two meetings of the HAHC after the first meeting in which the application is considered for a total of three meetings in which the application is considered, the application shall be deemed approved, unless the applicant consents in writing to an extension to a specified date.

(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 09-191, § 6, 3-4-09)

Sec. 33-240. Criteria for issuance of certificates of appropriateness—General.

(a) The HAHC shall be the body responsible for approving certificates of appropriateness unless otherwise provided in this article. The HAHC shall review and approve or disapprove a certificate of appropriateness pursuant to:

(1) The applicable specific criteria in this division; and

(2) Design guidelines approved pursuant to section 33-268 of this Code or division 6 of this article for the Old Sixth Ward Protected Historic District, to the extent applicable.

(3) In the event of a conflict between the criteria in this division and the design guidelines, more restrictive criteria shall control.

(b) The applicant for a certificate of appropriateness shall have the burden of demonstrating that the application satisfies the criteria applicable to the issuance of the certificate of appropriateness. To approve or disapprove an application for a certificate of appropriateness, the HAHC shall consider and make findings with respect to the relationship between the proposed activity and the applicable criteria. The HAHC shall take into consideration the current needs of the applicant and shall be sensitive to the property owner's financial condition in determining whether to issue a certificate of appropriateness.

(c) In reviewing applications for certificates of appropriateness under this article, the HAHC or the director, respectively as appropriate, shall also consider any elements of the proposed activity that may be necessary to enable the property to comply with any other applicable city ordinances or state or federal law so as to facilitate compliance with this ordinance and other applicable laws.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 07-855, § 5, 8-1-07; Ord. No. 2010-814, § 25, 10-13-2010; Ord. No. 2015-967, §§ 25, 26, 10-7-2015)

Sec. 33-241. Same—Exterior alteration, rehabilitation, restoration and addition.

The HAHC shall issue a certificate of appropriateness for the alteration, rehabilitation, restoration or addition of an exterior feature of (i) any landmark, (ii) protected landmark, or (iii) any building, structure or object that is part of an archaeological site, or (iv) contributing building in a historic district, upon finding that the application satisfies the following criteria, as applicable:

(1) The proposed activity must retain and preserve the historical character of the property;

(2) The proposed activity must contribute to the continued availability of the property for a contemporary use;

(3) The proposed activity must recognize the building, structure, object or site as a product of its own time and avoid alterations that seek to create an earlier or later appearance;

(4) The proposed activity must preserve the distinguishing qualities or character of the building, structure, object or site and its environment;

(5) The proposed activity must maintain or replicate distinctive stylistic exterior features or examples of skilled craftsmanship that characterize the building, structure, object or site;

(6) New materials to be used for any exterior feature excluding what is visible from public alleys must be visually compatible with, but not necessarily the same as, the materials being replaced in form, design, texture, dimension and scale;

(7) The proposed replacement of exterior features, if any, should be based on accurate duplication of features, substantiated by available historical, physical or pictorial evidence, where that evidence is available, rather than on conjectural designs or the availability of different architectural elements from other structures;

(8) Proposed additions or alterations must be done in a manner that, if removed in the future, would leave unimpaired the essential form and integrity of the building, structure, object or site;

(9) The proposed design for any exterior alteration or addition must not destroy significant historical, architectural, archaeological or cultural material, including but not limited to siding, windows, doors, and porch elements;

(10) The proposed alteration or addition must be compatible with the massing, size, scale, material and character of the property and the context area; and

(11) The distance from the property line to the front and side walls, porches, and exterior features of any proposed addition or alteration must be compatible with the distance to the property line of similar elements of existing contributing structures in the context area.

(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 05-969, § 14, 8-17-05; Ord. No. 07-855, § 6, 8-1-07; Ord. No. 2010-814, § 25, 10-13-2010; Ord. No. 2015-967, § 27, 10-7-2015)

Sec. 33-241.1. Same—Administrative approvals.

(a) The director shall approve a certificate of appropriateness for the construction of any one, but no combination of the following additions to a contributing structure in a historic district:

(1) A rear addition that:

a. Is not taller than the existing structure;

b. Is set back from the side property lines at least as much as the structural walls of the existing structure;

c. Is not wider than the wall to which it is attached;

d. Does not require the demolition of any portion of the existing structure except for the rear wall to which the addition will be attached;

e. Has a roof pitch that is less than or equal to the existing structure; and

f. Is not constructed on a building that has had an addition approved under this chapter.

(2) A side addition that:

a. Is not taller than the existing structure;

b. Is attached only to one exterior wall of the existing structure and does not extend past the existing rear wall of the side to which it is attached;

c. Is set back from the front of the wall to which it is attached at least 30 percent of the distance between the front of the wall to which it is attached to the rear of the wall to which it is attached;

d. Is not wider than half the distance that the addition is set back from the front of the wall to which it is attached. For example, if the addition is set back 20 feet from the front wall to which it is attached, the addition may not be wider than ten feet;

e. Does not require the demolition of any portion of the existing structure except for the exterior wall to which the addition will be attached; and

f. Does not deviate from the roof pitch of the existing structure except for cross gable or hip roofs; and

g. Is not constructed on a building that has had an addition approved under this chapter.

(3) A partial second-story addition that:

a. Is constructed on top of a one-story structure;

b. Does not extend outside the footprint of the existing structure;

c. Is set back from the front wall of the existing structure at least half the distance between the front wall of

the existing structure and the farthest point of the rear of the existing structure;

d. Has a plate height that does not exceed the plate height of the story beneath the proposed addition;

e. Has a roof pitch that is less than or equal to the existing structure;

f. Is constructed without the removal of any existing exterior walls; and

g. Is not constructed on a building that has had an addition approved under this chapter.

(b) The director shall issue a certificate of appropriateness for the alteration, rehabilitation, or restoration of a non-contributing structure or an addition to a noncontributing structure in an historic district upon finding that the application satisfies the following criteria, as applicable:

(1) For an alteration, rehabilitation, or restoration that does not require the removal or replacement of the structural elements, not including the foundation, within 67 percent of the structure:

a. The proposed activity must recognize the building, structure, object or site as a product of its own time and avoid alterations that seek to create an earlier or later appearance; and

b. The proposed activity must match the architectural features, materials, and character of either the existing noncontributing structure or the contributing structures within the context area.

(2) For an alteration, rehabilitation, or restoration that requires the removal or replacement of the structural elements, not including the foundation, within 67 percent or more of the structure, the director shall refer the application to the HAHC, which shall approve a certificate of appropriateness if the result of the project conforms to the requirements for new construction in a historic district in section 33-242 of this Code.

(3) For an addition to a noncontributing structure:

a. The distance from the property line to the front and side walls, porches, and exterior features of any proposed addition or alteration must be compatible with the distance from the property line of similar elements of existing contributing structures in the context area; and

b. The noncontributing structure with the constructed addition is compatible with the typical proportions and scale of existing contributing structures in the context area.

(c) The director is authorized to issue a certificate of appropriateness for the following activities if the director finds that the proposed activity will be performed in a manner that satisfies the criteria for alterations, additions, or new construction in this article, as applicable. If the director finds that an application for a certificate of appropriateness pursuant to this subsection does not satisfy the applicable criteria, or that the application does not satisfy the general intent and purposes of this article, the director shall refer the application to the HAHC for consideration:

(1) Removal of a window or door element that was not original to the contributing structure and replacement with a window or door element that:

a. Is appropriate to the historic significance of the structure; and

b. Does not change the size, shape or location of any opening, including the trim, molding or other features associated with the opening, from which the window or door elements are to be removed;

(2) Removal of:

a. Exterior wall cladding that was not an original feature or characteristic of the structure and replacement with appropriate cladding;

b. Non-historic additions, including attached garages or carports;

c. Non-historic decorative elements, such as shutters or brackets; and

d. Non-historic low-profile skylights, canopies, awnings, or signs attached to the building.

(3) Replacement of historic materials that are damaged beyond repair with materials of the same size, shape, material, and pattern;

(4) Installation of:

a. Burglar bars;

b. Accessibility ramps or lifts;

c. Low-profile skylights, shutters, solar panels, antennae, satellite dishes, or other roof equipment installed on the front half of the roof; and

d. Awnings and canopies;

(5) Construction of:

a. Freestanding garages, including garage apartments, freestanding carports, and other secondary structures, that have a footprint of 600 square feet or less, located at the rear of the lot,

b. A rear porch that is not taller than the existing structure and that does not extend beyond the existing side walls of the structure;

(6) Installation of any details including porch elements or detailing that have been partially lost or removed but whose existence has been substantiated by the remaining elements still in existence or historical documentation such as architectural plans or historic photographs; and

(7) Installation of signs attached to the exterior of a building that

a. Do not compromise historic exterior features on the structure;

b. Are 25 square feet or less in total area; and

c. Are installed without damage to significant historic material.

(d) The director shall issue a certificate of appropriateness for repair or reconstruction of those internal structural elements that are essential to support the building's envelope to which they are attached, for example, interior shiplap, if the applicant demonstrates to the satisfaction of the director that the structural repair or reconstruction can be accomplished without harm to the exterior features of the building or structure visible from the right-of-way. In support of an application for repair or reconstruction under this subsection, the applicant shall include a written statement from a structural engineer licensed by the State of Texas that the proposed repair or reconstruction can be accomplished without harm to the exterior features of the building or structure visible from the right-of-way.

(e) If the director does not approve the application for a certificate of appropriateness pursuant to this section within 15 business days of receipt of a complete application, the director shall refer the application to the HAHC for consideration. The HAHC shall review the application according to the criteria for alterations, additions, or new construction, as applicable, or as otherwise provided by this section. The schedule for consideration of an application for a certificate of appropriateness provided by section 33-239 of this Code shall apply to an application considered under this section and the administrative process authorized herein shall not suspend any time required for consideration. The director may promulgate rules for the receipt and processing of applications under this section.

(f) The director may administratively approve an amendment to a certificate of appropriateness approved by the HAHC if the amendment has an insignificant and non-substantive impact on the project for which a certificate of appropriateness was granted and does not affect the historic character of the structure, if applicable.

(g) Design guidelines for an individual historic district may provide that administrative approvals under this section must instead be approved by the HAHC using the criteria of this section, or of this article, as appropriate. Design guidelines

for an individual historic district remove the administrative approval of additions provided in subsection (a) of this section and instead require that additions be approved in accordance with the provisions of section 33-241 of this Code.
(Ord. No. 2015-967, § 28, 10-7-2015)

Sec. 33-242. Same—New construction in historic district.

(a) The HAHC shall issue a certificate of appropriateness for new construction in an historic district upon finding that the application satisfies the following criteria:

(1) The distance from the property line of the front and side walls, porches, and exterior features of any proposed new construction must be compatible with the distance from the property line of similar elements of existing contributing structures in the context area;

(2) The exterior features of the new construction must be compatible with the exterior features of existing contributing structures in the context area;

(3) The scale and proportions of the new construction, including the relationship of the width, overall height, eave height, foundation height, porch height, roof shape, and roof pitch, and other dimensions to each other, must be compatible with the typical scale and proportions of existing contributing structures in the context area unless special circumstances, such as an atypical use, location, or lot size, warrant an atypical scale and proportions;

(4) The height of the new construction must not be taller than the typical height of existing contributing structures in the context area unless special circumstances, such as an atypical use, location, or lot size, warrant an atypical height, except that;

a. Design guidelines for an individual historic district may provide that a new construction with two stories maybe be constructed in a context area with only one-story contributing structures as long as the first story of the new construction has proportions compatible with the contributing structures in the context area, and the second story has similar proportions to the first story; and

b. A new construction shall not be constructed with more than one story in a historic district that is comprised entirely of one-story contributing structures, except as provided for in design guidelines for an individual historic district.

(b) Nothing in the foregoing shall be construed to require or impose a single architectural style in any historic district.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 2010-814, § 25, 10-13-2010; Ord. No. 2015-967, § 29, 10-7-2015)

Sec. 33-243. Same—Relocation of landmark, protected landmark, or contributing structure.

(a) The HAHC shall issue a certificate of appropriateness for the relocation of any landmark, protected landmark, or contributing structure only upon finding that the application satisfies one or more of the following criteria:

(1) For a landmark or protected landmark that is not located in a historic district, the structure:

a. Has architectural or historical value independent of its physical location that will not be diminished by relocation;

b. Can be moved without significant damage to its physical integrity; and

c. Will be relocated to an area that is compatible with the historical and architectural character of the landmark or protected landmark.

(2) For a contributing structure located in a historic district that is being located

within the same historic district, the relocation must also meet the following criteria:

a. The structure can be relocated without significantly diminishing the integrity of the historic district in which it is located;

b. The structure can be moved without significant damage to its physical integrity;

c. The structure will be located to an area that is compatible with and retains the distinguishing qualities and historical and architectural character of the contributing structure;

d. There are compelling circumstances justifying the relocation of the structure; and

e. The distance from the property line to the front and side walls, porches, and exterior features of the structure on the new location shall be compatible with the distance from the property line of similar elements of existing contributing structures in the context area of the new location.

(3) For contributing structures being relocated outside of the historic district, in addition to the criteria of item (2) of this section, the applicant must also establish that the relocation is necessary to prevent an unreasonable economic hardship pursuant to the criteria of section 33-247(c) of this Code.

(4) The relocation is necessary to protect the landmark, protected landmark, or contributing structure from demolition resulting from a public improvement project;

(b) Alternatively, the HAHC shall issue a certificate of appropriateness for relocation if relocation of the landmark, protected landmark, or contributing structure has been identified as an alternative to demolition pursuant to section 33-247(f) of this Code.

(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 05-969, § 15, 8-17-05; Ord. No. 2010-814, § 25, 10-13-2010; Ord. No. 2015-967, § 30, 10-7-2015)

Sec. 33-244. Same—Relocation of noncontributing structure.

The HAHC shall issue a certificate of appropriateness for the relocation of a noncontributing structure within or into an historic district upon finding that the application satisfies the criteria in section 33-242 of this Code as if it were new construction.

(Ord. No. 95-228, § 2, 3-1-95)

Sec. 33-245. Same—Relocation of a building, structure or object on archaeological site.

The HAHC shall issue a certificate of appropriateness for the relocation of a building, structure or object within, into or out of an archaeological site upon finding that the application satisfies the following criteria:

(1) The relocation will not destabilize any archaeological resources within or on the archaeological site; and

(2) The relocation will comply with the requirements of section 33-246 of this Code.

(Ord. No. 95-228, § 2, 3-1-95)

Sec. 33-246. Same—Excavation.

(a) The HAHC shall issue a certificate of appropriateness for the excavation of an archaeological site that does not propose to disturb, modify, remove, or destroy archaeological resources upon finding that the application meets the following criteria:

(1) The excavation must be monitored by a professional archaeologist, and conducted so as to protect and preserve archaeological resources affected by, or adjacent to, the excavation; and

(2) The applicant must commit to make reasonable efforts to mitigate and stabilize archaeological resources if they are disturbed.

(b) For a certificate of appropriateness for the excavation of an archaeological site that proposes to disturb, modify, remove, or destroy archaeological resources, the applicant shall provide a scope of work prepared by a professional archaeologist that includes the archaeological significance of the site and the methodology utilized for the excavation, that demonstrates that the site will not be adversely affected by the proposed excavation.

(c) An application under this section shall include a cultural resources review prepared by a professional archaeologist that includes an inventory of the archaeological resources within a one-mile radius of the archaeological site, as well as any surveys, evidence of test excavations, mitigation measures that will be taken, and a curation plan describing how and where artifacts and archaeological resources and data will be stored.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 2015-967, § 31, 10-7-2015)

Sec. 33-247. Same—Demolition of landmark, protected landmark or contributing structure, or within archaeological site.

(a) The issuance of a certificate of appropriateness for the demolition of a landmark, a protected landmark, or a contributing structure, or for demolition of a building, structure or object on or in an archaeological site shall be granted only if:

(1) The building, structure, or object has seriously deteriorated to an unusable state and is beyond reasonable repair; and

(2) The HAHC finds, based on the preponderance of credible evidence presented by the applicant, the existence of an unreasonable economic hardship under subsection (c) of this section or the establishment of an unusual and compelling circumstance pursuant to subsection (d) of this section.

(b) An application for a certificate of appropriateness for demolition shall contain the following information:

(1) Photographs and other documented evidence detailing the deteriorated state of the property and the inability to reasonably repair the property;

(2) A certified appraisal of the value of the property conducted by a certified real estate appraiser that takes into account that the property is a landmark, protected landmark or contributing structure in a historic district as well as the two most recent assessments of the value of the property unless the property is exempt from local property taxes;

(3) All appraisals obtained by the owner in connection with the acquisition, purchase, donation, or financing of the property, or during the ownership of the property;

(4) All listings for the sale or lease of the property by the owner within the last year, and a statement by the owner of any bids and offers received and counteroffers given on the property;

(5) Evidence of any consideration by the owner of uses and adaptive reuses of the property;

(6) Itemized and detailed rehabilitation cost estimates for the identified uses or reuses, including the basis of the cost estimates;

(7) Any financial statements showing revenue and expenses incurred for the property;

(8) Complete architectural plans and drawings of the intended future use of the property, including new construction, if applicable;

(9) Plans to salvage, recycle, or reuse building materials if a certificate of appropriateness is granted;

(10) An applicant who is a nonprofit organization shall provide the following additional information:

a. A comparison of the cost of performance of the mission or func-

tion of the nonprofit organization in the existing building and in a new building;

b. The impact of the reuse of the existing building on the organization's program, function or mission;

c. The additional cost, if any, attributable to the building of performing the nonprofit organization's function within the context of costs incurred by comparable organizations, particularly in the Houston area;

d. Grants received, applied for or available to maintain or improve the property; and

e. The nonprofit organization's budget for the current and immediately past fiscal years.

(11) Any additional information the director determines is reasonably necessary to the review the application.

(c) Determination of an unreasonable economic hardship shall be based upon the following criteria:

(1) That the property is incapable of earning a reasonable return, regardless of whether the return is the most profitable return, including without limitation, regardless of whether the costs of maintenance or improvement of the property exceed its fair market value;

(2) That the owner has demonstrated that the property cannot be adapted for any other use, whether by the current owner, by a purchaser or by a lessee, that would result in a reasonable return;

(3) That the owner has demonstrated reasonable efforts to find a purchaser or lessee interested in acquiring the property and preserving it, and that those efforts have failed; and

(4) If the applicant is a nonprofit organization, determination of an unreasonable economic hardship shall instead be based upon whether the denial of a certificate of appropriateness financially prevents or seriously interferes with carrying out the mission, purpose, or function of the nonprofit corporation.

(d) Determination of the existence of an unusual or compelling circumstance shall be based upon the following criteria:

(1) That current information does not support the historic or archaeological significance of the building, structure or object or its importance to the integrity of an historic district, if applicable;

(2) Whether there are definite plans for reuse of the property if the proposed demolition is carried out and what effect such plans have on the architectural, cultural, historical or archaeological character of the context area; and

(3) Whether reasonable measures can be taken to save the building, structure or object from further deterioration, collapse, arson, vandalism or neglect.

(e) If the HAHC denies an application for a certificate of appropriateness for demolition, the director and the applicant shall have 90 days for which to explore alternatives to demolition. The applicant may not appeal the decision of the HAHC during this period. It shall be the duty of an applicant for a certificate of appropriateness for demolition to participate in good faith in a diligent effort to identify alternatives to demolition. The HAHC, the director and the applicant may consult with recognized historic preservation organizations and other civic groups, public agencies and interested citizens to determine the feasibility of:

(1) Public or other acquisition of the property, structure, building or object;

(2) Relocating one or more of the structures or features of the property if to do so would preserve its historic or architectural value and that the property meets the criteria for relocation in section 33-243 of this Code; or

(3) Any other reasonable means of preserving the property, structure, building or object's historic or architectural value.

(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 05-969, § 16, 8-17-05; Ord. No. 2010-814, §§ 5, 26, 10-13-2010; Ord. No. 2015-967, § 32, 10-7-2015)

Sec. 33-248. Reserved.

Editor's note—Ord. No. 2015-967, § 33, adopted October 7, 2015, repealed § 33-248 in its entirety. Former section pertained to Same—Demolition of noncontributing structure and derived from Ord. No. 95-228, § 2, 3-1-95; Ord. No. 2010-814, § 5, 10-13-2010.

Sec. 33-249. Reserved.

Editor's note—Ord. No. 2015-967, § 34, adopted October 7, 2015, repealed § 33-249 in its entirety. Former section pertained to Same—Mandatory repair and derived from Ord. No. 95-228, § 2, 3-1-95; Ord. No. 05-969, § 17, 8-17-05; Ord. No. 2010-814, § 5, 10-13-2010.

Sec. 33-250. Ninety-day waiver certificate.

(a) The director shall not issue a 90-day waiver certificate for any protected landmark or for any property located within the OSWPHD.

(b) The director shall not issue a 90-day waiver certificate for any property located within any historic district other than a place of worship.

(c) Only for landmarks and archaeological sites located outside of historic districts, and places of worship within an historic district, if for any reason a certificate of appropriateness has not been issued on or before the ninetieth day following the scheduled submittal deadline at which a complete application for a certificate of appropriateness was received by the director, then the applicant, upon request to the director, shall be entitled to the immediate issuance of a 90-day waiver certificate, which shall for all purposes be the equivalent of a certificate of appropriateness.

(d) Before the expiration of the 90 days, the applicant shall consult with department staff to explore alternatives to the actions proposed by the applicant to mitigate the reasons for which the certificate was denied. Notwithstanding the foregoing, any landmark or architectural site for which a 90-day waiver certificate is granted pursuant to the provisions of this section shall not be eligible for any tax exemptions or other financial benefit authorized by the city council for the property based on its designation pursuant to this article.

(e) An application for a certificate of appropriateness may be filed before, at the same time as or after the filing of an application for a building permit, but the 90-day period provided for in this section shall not begin until a completed application for a certificate of appropriateness is filed with the director. An applicant for a building permit may request the building official to review and process the application for a building permit during the 90-day period provided for in this section, but no building permit shall be issued until the applicant for the building permit presents a certificate of appropriateness or a 90-day waiver certificate issued pursuant to this section.

(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 04-1015, § 29, 9-27-04; Ord. No. 05-969, § 18, 8-17-05; Ord. No. 07-855, § 7, 8-1-07; Ord. No. 09-191, § 7, 3-4-09; Ord. No. 2010-814, §§ 5, 27, 10-13-2010; Ord. No. 2015-967, § 35, 10-7-2015)

Sec. 33-251. Emergency action, securing dangerous buildings; mandatory repair.

(a) Nothing in this division shall limit the ability of the city to demolish, to order the demolition of, or to order any other action with respect to, any building, structure or object that the building standards official, as that term is defined in article IX of chapter 10 of this Code, determines to be an imminent danger to the health, life or safety of any person. No certificate of appropriateness shall be required for any action required by the city pursuant to division 7 of article IX of chapter 10 of this Code, or the securing of a building required by the city pursuant to article IX of chapter 10 of this Code.

(b) The building standards official shall not issue an order for, authorize, or set a hearing before the hearing officer or the building and standards commission for, the demolition of a building, structure, or site for which a certificate

of appropriateness is required by this article without first obtaining a certificate of appropriateness from the HAHC.

(c) The director shall issue a certificate of appropriateness for mandatory repair of a landmark, protected landmark, or of a building, structure or object within an historic district or archaeological site upon application and review of the order or citation requiring the mandatory repair if the director finds that the proposed mandatory repair is necessary to comply with the order or citation and will not result in a change in the architectural, historical, archaeological or cultural character of the landmark, protected landmark, or of the building, structure or object in the historic district or archaeological site that existed prior to the issuance of the order or citation. The director shall consider the criteria in section 33-241 in reviewing the application and making the findings required by this section.

(d) If the director does not issue a certificate of appropriateness for mandatory repair within three working days following receipt of the application or a later date mutually agreeable to the applicant and the director, or if the director denies the application, the application shall be submitted to the HAHC for consideration as if it were an application for a certificate of appropriateness for alteration, rehabilitation, restoration or construction pursuant to section 33-241 of this Code.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 2015-967, § 36, 10-7-2015)

Sec. 33-252. Conditions.

In granting any certificate of appropriateness, if the HAHC has reason to believe that the activity for which the certificate of appropriateness is required may result in the disturbance of any archaeological or paleontological resource, the HAHC may require, as a condition of the certificate of appropriateness, that the applicant submit a construction plan demonstrating actions that the applicant will undertake to mitigate the disturbance and loss of archaeological or paleontological resources.
(Ord. No. 95-228, § 2, 3-1-95)

Sec. 33-253. Appeal.

(a) The Historic Preservation Appeals Board ("HPAB") is hereby created. The HPAB shall consist of 5 members and shall consist of two former members of the planning commission, two former members of the HAHC, and one citizen representative that has not served on either commission. Each member shall have extraordinary knowledge and experience in the archaeological, architectural, cultural, social, economic, ethnic or political history of the city, and must have a known and demonstrated interest, competence, or knowledge in historic preservation within the city. Members of the HPAB shall be appointed by the mayor, subject to confirmation by the city council. Each member shall serve for a term of two years and shall hold over until the member's successor is appointed. A member may be appointed to serve consecutive terms. The director, or in his absence or inability to act, a deputy director or assistant director of the department shall serve as a non-voting, ex officio member and as executive secretary to the HPAB. Three members of the HPAB shall constitute a quorum; however, in the event of vacancies on the HPAB, a majority of the members of the HPAB shall constitute a quorum. The HPAB shall elect its own chair and vice-chair. The mayor shall assign a staff member to serve as a liaison between the HPAB and the mayor's office. The HPAB shall adopt rules, procedures, and schedules for meetings as are necessary or convenient to accomplish the purposes of this article, and shall meet as needed when notified by the director of an appeal from a decision of the HAHC.

(b) An applicant aggrieved by a decision of the HAHC with respect to any certificate of appropriateness may appeal to the HPAB by filing a written notice of appeal, stating the grounds for the appeal, with the director within ten days following the date the HAHC renders its decision, or in the case of an application for a certificate of appropriateness for demolition, the notice of appeal may be filed with the director not earlier than 90 days after the denial of a certificate of appropriateness by the HAHC as provided for in section 33-247(f) of this Code and not later than 120 days after the denial by

HAHC. The director shall notify the members of the HPAB of the receipt of a notice of appeal and shall schedule a meeting of the HPAB to consider the appeal.

(c) The HPAB shall consider the appeal within 45 days after a notice of appeal is filed with the director. The HPAB shall consider the application, the findings of the HAHC, written comments from the public, and any evidence presented at the meeting at which the appeal is considered. The HPAB shall reverse or affirm the decision of the HAHC based upon the criteria applicable to the certificate of appropriateness. If the HPAB does not make a decision on the appeal within 45 days after a notice of appeal is filed with the director, the decision of the HAHC with respect to the application for the certificate of appropriateness shall be deemed affirmed.

(d) The director shall provide the applicant with notice of the time and place of the meeting at which each appeal will be considered by mail no less than ten days before the date of the meeting.

(e) An applicant aggrieved by a decision of the HPAB may appeal to the city council. The city council shall consider the appeal at its first regularly scheduled meeting for which the required notice can be given. The city council shall consider the appeal under the provisions of Rule 12 of section 2-2 of this Code. At the conclusion of the city council's review of the matter, the city council shall reverse or affirm the decision of the HPAB. The decision of the city council shall be final and exhaust the applicant's administrative remedies.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 2010-814, §§ 5, 27.5, 28, 10-13-2010; Ord. No. 2015-967, § 37, 10-7-2015)

Sec. 33-254. Demolition by neglect.

(a) The owner of a contributing structure located within an historic district or of a protected landmark shall not permit the contributing structure or protected landmark to fall into a serious state of disrepair so as to result in the deterioration of any exterior architectural feature. This section applies to a structure regardless of whether it is occupied or vacant. An owner shall prevent or repair the following when necessary:

(1) A deteriorated or inadequate foundation;

(2) Defective or deteriorated floor supports or floor supports that are insufficient to carry the loads imposed with safety;

(3) Ceilings, roofs, ceiling or roof supports, or other horizontal members which sag, split, or buckle due to defect or deterioration, or are insufficient to support the loads imposed with safety;

(4) Fireplaces and chimneys which bulge, or settle due to defect or deterioration, or are of insufficient size or strength to carry the loads imposed with safety;

(5) Deteriorated, crumbling, or loose exterior stucco, mortar, or siding;

(6) Leaks and other conditions that allow the penetration of water into the structure; and

(7) Damage caused by termites and other pests that contribute to the deterioration of the structure.

(b) The director shall investigate complaints regarding deteriorated or poorly maintained contributing structures and may refer complaints to the appropriate city department for investigation. If needed, the director will notify the property owner of the findings of any investigation and repairs required to comply with this article. If repairs are required, the property owner must develop a plan acceptable to the director to remedy the contributing structure or protected landmark within a specified amount of time, including plans to obtain any required certificates of appropriateness and other city permits. Failure to prepare a plan acceptable to the director or to comply with the provisions of an approved plan shall be a violation of this article.
(Ord. No. 05-969, § 19, 8-17-05; Ord. No. 07-855, § 8, 8-1-07; Ord. No. 2010-814, § 29, 10-13-2010; Ord. Noo. 2015-967, § 39, 10-7-2010; Ord. No. 2015-967, § 38, 10-7-2015)

Sec. 33-255. Validity.

A certificate of appropriateness shall be valid for two years from its effective date.
(Ord. No. 95-228, § 2, 3-1-95; Ord. No. 05-969, § 19, 8-17-05; Ord. No. 2015-967, § 39, 10-7-2015)
Note—Formerly, § 33-254.

Sec. 33-256. Amendment.

A certificate of appropriateness may be amended, modified or extended only in accordance with the procedures and criteria established for its original approval.
(Ord. No. 05-969, § 19, 8-17-05)
Note—Formerly, § 33-255.

Secs. 33-256—33-265. Reserved.

DIVISION 5. DESIGN GUIDELINES*

Sec. 33-266. Application.

(a) The applicants for the designation of an historic district may prepare and submit proposed design guidelines as part of the application. If the applicants do not submit proposed design guidelines, the director shall prepare design guidelines for consideration by city council within one year after the creation of an historic district.

(b) The HAHC or city council may direct the director to prepare design guidelines for one or more historic districts for which no design guidelines have been adopted in accordance with subsection (a) of this section if the HAHC or city council finds that the adoption of design guidelines would benefit the review of certificates of appropriateness for the historic district. The director shall prepare design guidelines for the historic district in accordance with the following:

(1) The director shall conduct one or more public meetings within or near the historic districts for which design guidelines are proposed to enable the public to provide input on the proposed guidelines;

(2) The director shall mail notice to all property owners within the historic districts for which design guidelines are proposed not less than 15 days before each public meeting; and

(3) The director shall present design guidelines to the HAHC within one year of the request for design guidelines, or if the director is unable to do so, the director shall report on the progress of the design guidelines to the HAHC and include a timeline for completion of the design guidelines.

(c) Reserved.
(Ord. No. 2015-967, § 40, 10-7-2015; Ord. No. 2016-848, § 2, 11-9-2016)

Sec. 33-267. Requirements.

(a) The purpose of design guidelines is to provide guidance on how to interpret the criteria of this article within individual historic districts.

(b) The proposed design guidelines shall contain:

(1) A map and description of the proposed historic district, including boundaries; photographs of buildings in the district; an inventory of the age, setting, character and architectural, cultural or historical significance of structures in the district; and objectives to be achieved in the historic district;

(2) A statement of the architectural, cultural or historical significance of the proposed historic district and a description of structures and features to be preserved; and

(3) A set of specific standards that illustrate compliance and noncompliance with the criteria for certificates of appropriateness for demolition, new construction, alteration, rehabilitation, restoration and relocation that are tailored to the specific characteristics and features of the district

*__Editor's note—__Ord. No. 2015-967, § 40, adopted October 7, 2015, amended Ch. 33, Art. VII, Div. 5, in its entirety to read as herein set out. Former Division 5 pertained to similar subject matter and derived from Ord. No. 95-228, § 2, 3-1-95; Ord. No. 2010-814, § 30, 10-13-2010.

for which the design guidelines are written. These standards may be stricter than the provisions of this article, and shall not be more lenient except as provided for by this article.

(c) The proposed design guidelines shall not contain any standards for reviewing applications for certificates of appropriateness that allow for activity specifically prohibited by the criteria for certificates of appropriateness in this article, except as provided for by this article. Design guidelines shall not provide for alternative rules and regulations except as provided for in this article.
(Ord. No. 2015-967, § 40, 10-7-2015)

Sec. 33-268. Approval; effect of approval; amendment.

(a) The director shall present the proposed design guidelines for adoption to the HAHC, who shall conduct a public hearing on the adoption of the design guidelines. The director shall mail notice to all property owners within the historic districts to be affected by the design guidelines not less than 15 days before the public hearing before the HAHC. At the public hearing, interested parties may comment in person or in writing on the proposed design guidelines. At the close of the public hearing, the HAHC shall vote to disapprove, defer, or recommend that city council approve the proposed design guidelines in the form presented to the HAHC or as amended by HAHC during the public hearing. The director shall present any recommended design guidelines to city council as soon as is reasonably possible.

(b) The city council shall consider the recommendation of the HAHC and shall vote to approve or disapprove the design guidelines in the form in which they are recommended by the HAHC. If city council disapproves the design guidelines, the director shall revise the design guidelines in accordance with any suggested changes made by city council, and resubmit the design guidelines to HAHC in accordance with the provisions of subsection (a) of this section as soon as is reasonably possible. After approval by city council, the HAHC shall use the criteria within the design guidelines for granting or denying applications for certificates of appropriateness for applicable activities within the boundaries of the historic district.

(c) Amendments to design guidelines that have been approved by city council shall be considered in accordance with the process for the adoption of design guidelines in this section.

(d) A copy of the design guidelines is to be maintained in the office of the city secretary and on the website of the department.
(Ord. No. 2015-967, § 40, 10-7-2015)

Secs. 33-269—33-274. Reserved.

DIVISION 6. OLD SIXTH WARD PROTECTED HISTORIC DISTRICT

Sec. 33-275. Designation of Old Sixth Ward Protected Historic District.

In recognition of the unique historical significance of the Old Sixth Ward area and in furtherance of the project plan and reinvestment zone financing plan of the Old Sixth Ward tax increment reinvestment zone (Reinvestment Zone Number Thirteen, City of Houston, Texas), there is hereby designated an area to be known as the Old Sixth Ward Protected Historic District. The purpose of the designation is to provide additional protection against the irretrievable loss or alteration of the historic structures within the OSWPHD and new construction that is not compatible with the historic structures in the district. The area included in the OSWPHD and the contributing and noncontributing structures in the OSWPHD are shown in Appendix G and Appendix H, respectively, to this chapter. The provisions of section 33-250(c) and (d) of this Code shall not apply to a certificate of appropriateness for any

structure or property within the OSWPHD. The director shall not issue a 90-day waiver certificate for any property located within the OSWPHD.
(Ord. No. 07-855, § 9, 8-1-07; Ord. No. 2010-814, § 31, 10-13-2010)

Sec. 33-276. Approval of design guidelines.

The city council hereby approves design guidelines to be applicable in the Old Sixth Ward Protected Historic District. A copy of the design guidelines is to be maintained in the office of the city secretary and on the website of the department. The HAHC shall refer to the design guidelines in determining whether an application for certificate of appropriateness satisfies the applicable criteria of division 4 of this article and in making the findings required by section 33-240 of this Code.
(Ord. No. 07-855, § 9, 8-1-07)

Sec. 33-277. Amendment of design guidelines.

The HAHC shall conduct a public hearing on amendments to the design guidelines if changes are recommended by the HAHC in any annual report. At the public hearing, interested parties may comment in person or in writing on any recommended amendments to the design guidelines. Following the public hearing, the HAHC may amend the design guidelines.
(Ord. No. 07-855, § 9, 8-1-07)

Secs. 33-278—33-300. Reserved.

ARTICLE VIII. SUPER NEIGHBORHOOD INITIATIVE

DIVISION 1. GENERALLY

Sec. 33-301. Definitions.

The following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them in this section, unless the context clearly indicates a different meaning:

Alliance means the super neighborhood alliance.

CIP means the city's annual capital improvement program.

Representative means a super neighborhood council's president, chair or other council appointee assigned to serve on the alliance.

SNAP means super neighborhood action plan, an annual action plan or update of priority community projects proposed by a super neighborhood council.

Stakeholders means the residents, civic clubs, non-profit associations, community development corporations, business associations, school districts or systems, faith-based institutions, and other institutional organizations located or operating in a super neighborhood.

Super neighborhood means a grouping of contiguous neighborhoods based on a geographic framework established by the director and shown on a super neighborhood map maintained in the office of the director.

Super neighborhood council means a representative group of stakeholders from a super neighborhood that have joined together for the purposes set forth in this article and have been formally recognized by the mayor.
(Ord. No. 03-1025, § 2, 11-5-03)

Sec. 33-302. Super neighborhood initiative.

The super neighborhood initiative is hereby recognized as a program within the department.
(Ord. No. 03-1025, § 2, 11-5-03)

Sec. 33-303. Super neighborhoods established.

The 88 super neighborhoods identified on the map or maps created by the director and placed on file in the director's office on or before November 5, 2003, are hereby established as the initial super neighborhoods of the city for purposes of this article. The director may create additional super neighborhoods and adjust the boundaries of a super neighborhood from time to time to reflect changes in physical characteristics, community demographics or changes in the corporate

limits of the city. The official list of super neighborhoods and maps of their boundaries shall continue to be maintained by the director.
(Ord. No. 03-1025, § 2, 11-5-03)

Sec. 33-304. Assistance by city departments and employees.

The mayor shall appoint city employees to serve as the city's general liaison to each recognized super neighborhood council as appropriate and necessary, and as the budget allows.
(Ord. No. 03-1025, § 2, 11-5-03)

Secs. 33-305—33-310. Reserved.

DIVISION 2. SUPER NEIGHBORHOOD COUNCILS

Sec. 33-311. Formation of super neighborhood councils.

(a) The super neighborhood councils previously established and recognized by the mayor on or before November 5, 2003, are hereby recognized for purposes of this article as super neighborhood councils.

(b) Additional super neighborhood councils may be recognized by the mayor upon determination that the requestors have satisfied the following:

(1) Identification of stakeholders within the super neighborhood and demonstration of efforts to invite them to participate in the formation of the proposed council;

(2) Demonstration that no stakeholder was denied representative participation on the proposed super neighborhood council;

(3) Creation of an organizational structure that will provide representative participation on the council by all stakeholders desiring to participate; and

(4) Adoption of written by-laws that address the manner in which the business of the proposed council is to be conducted and the procedures for election of officers.

The director shall promulgate written guidelines that further describe how super neighborhood stakeholders can satisfy the criteria listed above. In addition, the director shall recommend to the mayor whether stakeholders of a proposed super neighborhood council have satisfied the criteria needed to achieve recognition. The mayor shall make the determination regarding recognition.

(c) The director shall maintain a list of recognized super neighborhood councils for public inspection.
(Ord. No. 03-1025, § 2, 11-5-03)

Sec. 33-312. Objectives and duties of a super neighborhood council.

(a) The objective of a super neighborhood council is to serve as a forum where stakeholders may identify and discuss broad-based issues that affect their super neighborhood, develop a consensus on community priorities for action, and formulate a plan to address the issues and priorities.

(b) A super neighborhood council may undertake various activities, including but not limited to the following:

(1) Development of a written SNAP for review and consideration by appropriate city departments;

(2) Assisting the district council member in the scheduling and conducting of CIP public hearings;

(3) Designation of a representative to serve on the alliance; and

(4) Submission of the SNAP to the alliance for inclusion in the alliance's annual report to the mayor and city council.
(Ord. No. 03-1025, § 2, 11-5-03)

Sec. 33-313. Compensation of members; conflicts of interest.

Members of a super neighborhood council shall serve without compensation. Each member of a council shall abstain from voting upon matters in which there is or may be a conflict of interest, shall not participate in any activity of a

super neighborhood council or the alliance in which there is or may be a conflict of interest, and shall not participate in any city contract that relates to the duties of the super neighborhood councils or the alliance.
(Ord. No. 03-1025, § 2, 11-5-03; Ord. No. 2025-845, § 3, 10-8-2025)

Secs. 33-314—33-320. Reserved.

DIVISION 3. THE ALLIANCE

Sec. 33-321. The alliance is hereby recognized.

The super neighborhood alliance as heretofore created under auspices of the mayor and the director is hereby recognized as the alliance for purposes of this article. Its membership is composed of the representatives of the super neighborhood councils.
(Ord. No. 03-1025, § 2, 11-5-03)

Sec. 33-322. Purpose.

The alliance is an advisory board to the mayor and city government on community matters and its purpose is to provide a mechanism for bringing together the voices of the individual super neighborhood councils. The alliance may coordinate on issues of citywide significance or otherwise affecting community participation in city decision-making that may have local significance and facilitate the communication of neighborhood priorities to the mayor and city council.
(Ord. No. 03-1025, § 2, 11-5-03)

Sec. 33-323. Objectives and duties of the alliance.

The alliance shall advise and make recommendations to the mayor and city council on the priorities for neighborhood projects from the SNAPs of the super neighborhood councils. The alliance shall prepare and submit a written report to the mayor and city council by March 31st of each year regarding the status of SNAPs during the current CIP year and recommending to the mayor and city council a list of priority projects for the next year's CIP, as such projects are specified and prioritized by each of the recognized super neighborhood councils that participate in the alliance. The mayor and city council shall consider the recommendations of the alliance when making final decisions regarding projects included in the CIP and the city's annual operating budget.
(Ord. No. 03-1025, § 2, 11-5-03)

Sec. 33-324. Meetings.

The alliance shall conduct meetings in accordance with the memorandum of understanding adopted by the alliance in March 2003, a true copy of which has been placed on file in the office of the city secretary. A majority vote of the alliance members present and voting, constituting a quorum, shall establish the recommendations and advice of the alliance.
(Ord. No. 03-1025, § 2, 11-5-03)

Sec. 33-325. Compensation of members; conflicts of interest.

Members of the alliance shall serve without compensation. Each member of the alliance shall abstain from voting upon matters in which there is or may be a conflict of interest, shall not participate in any activity of a super neighborhood council or the alliance in which there is or may be a conflict of interest, and shall not participate in any city contract that relates to the duties of the alliance.
(Ord. No. 03-1025, § 2, 11-5-03; Ord. No. 2025-845, § 4, 10-8-2025)

Secs. 33-326—33-350. Reserved.

ARTICLE IX. MAJOR PLANS

DIVISION 1. IN GENERAL

Sec. 33-351. Definitions.

The following definitions shall apply to this article:

Applicant means any of the following that requests an amendment to a plan pursuant to this article: a property owner or the owner's authorized agent, a governmental entity, a

political subdivision, a transit authority, a local government corporation, or an entity that represents property owners within the entity's boundaries.

Back-of-curb means the lateral line of a roadway measured from the back of the roadway's curb nearest the property line.

Bicycle means a vehicle propelled by human power that has two tandem wheels at least one of which is more than 14 inches in diameter.

Bicycle master plan or *BMP* means the plan, and any amendments thereto, that is adopted by city council to provide for developing and enabling the use of bicycling as a mode of transportation in the city, and enhances bicycle safety.

Committee means the bicycle advisory committee.

Design manual has the meaning ascribed in section 42-1 of this Code.

Director means the director of the planning and development department of the city or the director's designee.

Director of Houston Public Works means the Director of Houston Public Works or the director's designee.

Director of parks and recreation means the director of the department of parks and recreation of the city or the director's designee.

Extraterritorial jurisdiction or *ETJ* has the meaning ascribed in section 42-1 of this Code.

Linear street frontage means the part of a parcel that shares a common property line with a street.

Major thoroughfare and freeway plan or *MTFP* means the plan, and any amendments thereto, that is adopted by city council to preserve and enhance mobility within the city and the city's extraterritorial jurisdiction.

METRO means the Metropolitan Transit Authority of Harris County.

Pedestrian realm has the meaning ascribed in section 42-1 of this Code.

Roadway has the meaning ascribed in section 42-1 of this Code.

Street means the area within the boundary of an existing or proposed public right-of-way that provides access to adjacent property.

Street segment means the street between two intersecting streets, or between an intersecting street and the termination of the roadway at a well-defined physical barrier.

Super neighborhood council has the meaning ascribed in section 33-301 of this Code.

Transit corridor street means a major thoroughfare designated on the MTFP that METRO has proposed or maintains as a route for a guided rapid transit or fixed guideway transit system.

Transit station means a passenger loading or unloading facility of a route for a guided rapid transit or fixed guideway transit system owned or operated by METRO along a transit corridor street. The term does not include the stops or stations of the local or park and ride bus systems.

Walking distance means the distance identified by this article, as applicable, from the edge of a transit station platform along a continuous path measured along the centerline of a street or sidewalk easement, as the term is defined in section 40-551 of this Code.

(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017; Ord. No. 2018-11, § 24, 1-10-2018; Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Secs. 33-352—33-370. Reserved.

DIVISION 2. MAJOR THOROUGHFARE AND FREEWAY PLAN

Sec. 33-371. Scope.

The city shall adopt and maintain a major thoroughfare and freeway plan to preserve and enhance mobility within the city and the city's extraterritorial jurisdiction. The MTFP must be consistent with the general plan described in

[The next page is 2312.43]

article III of this chapter, the bicycle master plan, and other applicable plans, policies, and regulations.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Sec. 33-372. Duties and responsibilities of the director.

(a) The director shall make the MTFP adopted by city council and any policies adopted by the commission available to the public on the department website.

(b) The director shall establish a process for the public to submit written comments to the department regarding the MTFP. The director shall submit the comments to the commission during the annual MTFP process.

(c) The director shall, in collaboration with the Director of Houston Public Works, annually prepare and submit to the commission a proposed MTFP. The director, in developing the MTFP, shall consider all probable modes of transportation within the streets, including but not limited to automobile, transit, bicycle, and pedestrian traffic.

(d) For an application requesting an amendment to the MTFP, the director shall present to the commission a recommendation made in collaboration with the Director of Houston Public Works and any of the following with jurisdiction over the streets included in the application: governmental entities, political subdivisions, transit authorities, or local government corporations.

(e) The director shall, in accordance with section 33-377 of this Code, ensure that notification requirements have been met prior to commission consideration of a MTFP.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 33-373. Duties and responsibilities of the Director of Houston Public Works.

The Director of Houston Public Works shall collaborate with the director in the preparation of an annual MTFP and, when applicable, review the proposed plan and make recommendations to the director on a MTFP amendment prior to commission consideration.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 33-374. Duties and responsibilities of the commission.

(a) The commission shall establish an annual schedule to consider amendments to the MTFP related to deleting, realigning, or reclassifying a street designated on the MTFP or adding a street to the MTFP. The commission is authorized to adopt policies related to the administration, implementation, and interpretation of the MTFP.

(b) Each year, on or before the last day of September, the commission shall consider the annual MTFP prepared by the director and any applications to amend the MTFP.

(c) The commission shall hold at least one public hearing on the MTFP and any proposed amendment to the MTFP. Upon the close of the public hearing, the commission shall consider whether the MTFP will further the objectives stated in section 33-371 of this Code. The commission shall vote to recommend the MTFP to city council, refer the MTFP back to the director for further evaluation, defer consideration of the MTFP to a future meeting, or disapprove the MTFP. A MTFP approved by the commission under this section shall not be effective until approved by city council.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Sec. 33-375. Duties and responsibilities of city council.

City council is authorized to consider the MTFP as recommended by the commission and each year shall vote to approve the recommendation of the commission, disapprove the recommendation of the commission, or refer the MTFP back to the commission for further consideration.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Sec. 33-376. Application to amend the MTFP.

(a) An applicant may submit a written application to the department to delete, realign, or reclassify a street designated on the MTFP or to

add a street to the MTFP. An application for an amendment shall include a completed application form in the form prescribed by the director and be accompanied by the non-refundable application fee set forth for this provision in the city fee schedule.

(b) Prior to filing an application with the department, the prospective applicant shall meet with the director. The director shall conduct a preliminary review of the application during such meeting and advise the prospective applicant on possible alternatives, if any, related to the MTFP.

(c) If, following a pre-submittal meeting, an applicant submits an application, the director shall review the application for completeness. If the director determines that the application is complete, the director shall present the amendment to the commission for consideration at the next meeting at which the commission is scheduled to consider amendments to the MTFP. If the director determines that an application is not complete, the application shall be returned to the applicant. An incomplete application that is not corrected and resubmitted within the time period prescribed by the director or by formal commission policy shall not be considered by the commission.

(d) If the commission votes to disapprove an application to amend the MTFP filed under this section or if the commission approves an alternative street alignment, any street included in the application is ineligible for inclusion in a new application for a period of two years from the date of the approval or disapproval by the commission.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Sec. 33-377. Notification requirements.

(a) The director shall give notice by mail to property owners identified on the appraisal district records whose properties are adjacent to the projected street alignments in the MTFP application or related alternative street alignments. Notice shall be given no later than 20 days before the date of the public hearing required by section 33-374(c) of this Code. The applicant shall be assessed a fee for notice given under this section.

(b) Prior to the public hearing, notice by electronic or regular mail shall be given to:

(1) Each district council member in whose district any portion of the proposed amendment to the MTFP or related alternative street alignment is located; and

(2) Each neighborhood association with defined boundaries registered with the department of neighborhoods in which any portion of the proposed amendment to the MTFP or related alternative street alignment is located.

(c) Notice of the public hearing shall be given no later than 20 days before the public hearing by publication.

(d) The notification provisions of subsection (a) shall not apply to an application to amend the MTFP filed by the city, a governmental entity, or a transit authority, if the proposed amendment was previously presented to the general public at no fewer than two public meetings held with civic clubs, super neighborhood councils, or other groups representing property owners within the area.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Secs. 33-378—33-390. Reserved.

DIVISION 3. BICYCLE MASTER PLAN

Subdivision A. In General

Sec. 33-391. Scope.

The city shall adopt and maintain a bicycle master plan for supporting bicycling as a mode of transportation and enhancing bicycle safety in the city. The BMP must be consistent with the general plan described in article III of this chapter and other applicable plans, policies, and regulations.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Sec. 33-392. Duties and responsibilities of the director.

(a) The director shall develop and oversee the maintenance and coordination of the BMP and make the BMP adopted by city council and any policies adopted by the commission available to the public on the department website.

(b) The director shall establish a process for the public to submit written comments to the department regarding the BMP. The director shall review and consider the comments received and provide a summary of the comments to the commission prior to any public hearing and the biennial review of the BMP required in section 33-394 of this Code.

(c) The director shall present to the commission a recommendation made in collaboration with city departments and any of the following with jurisdiction related to streets or property included within the BMP: governmental entities, political subdivisions, transit authorities, or local government corporations.

(d) Following the adoption of the BMP by city council, the director shall coordinate with city departments and any of the following with jurisdiction related to the streets or property included within the BMP: governmental entities, political subdivisions, transit authorities, or local government corporations to implement the BMP.

(e) The director shall document and report to the commission concerning the implementation of the BMP biennially.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Sec. 33-393. Duties and responsibilities of city departments and offices.

The directors of city departments, including but not limited to Houston Public Works, the parks and recreation department, the Houston Health Department, the police department, and the fire department, shall each designate a liaison to coordinate with the director regarding implementation and maintenance of the BMP and, when applicable, review and make recommendations to the director on proposed amendments to the BMP prior to commission consideration.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017; Ord. No. 2018-11, § 25, 1-10-2018)

Sec. 33-394. Duties and responsibilities of the commission.

(a) The commission shall hold at least one public hearing on the BMP. Upon the close of the public hearing, the commission shall consider whether the BMP will further the objectives outlined in section 33-391 of this Code. The commission shall vote to recommend the adoption of the BMP to city council, refer the BMP back to the director for further evaluation, defer consideration of the BMP to a future meeting, or disapprove the BMP. A BMP approved by the commission under this section shall not be effective until approved by city council.

(b) The commission shall, upon adoption of the BMP by city council, establish a biennial schedule to review and consider the need for amendments to the BMP. Upon completion of the biennial review and following a public hearing, the commission shall report its findings to the mayor and city council.

(c) Following the adoption of the BMP by city council, the commission is authorized to adopt formal policies related to the administration, implementation, and interpretation of the BMP.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Sec. 33-395. Duties and responsibilities of city council.

Upon consideration of the recommendation of the commission and other relevant information, city council shall vote to approve the recommendation of the commission, disapprove the recommendation of the commission, or refer the BMP back to the commission for further consideration.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Secs. 33-396—33-400. Reserved.

Subdivision B. The Bicycle Advisory Committee

Sec. 33-401. Created.

There is hereby created a bicycle advisory committee to advise and make recommendations to the commission and the director on issues related to bicycling in the city including, but not limited to, amendments to the BMP, bicycle safety and education, implementation of the BMP, development of strategies for funding projects related to bicycling, and promoting public participation in bicycling.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Sec. 33-402. Members; chair.

(a) The committee shall consist of twenty voting members and three nonvoting ex officio members.

(b) The voting members shall be individuals who: (1) have knowledge or expertise on issues related to bicycling, bicycle safety and education, plan implementation, funding strategies, public participation, or other subjects relevant to the BMP; (2) are at least 18 years of age; and (3) are residents of or business owners within the city.

(c) The ex officio members shall be:

(1) The director, who shall serve as secretary to the committee.

(2) The Director of Houston Public Works; and

(3) The director of parks and recreation.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 33-403. Qualifications, appointment and terms of members.

(a) The members of the committee, other than the ex officio members, shall be appointed by the mayor and confirmed by city council. The mayor shall designate the committee chair from among the committee members. At the first meeting of the committee, the members shall elect a vice chair who shall perform all duties of the chair when the chair is absent or unable to perform such duties.

(b) Except as modified hereafter in this subsection, all appointments will be for two-year staggered terms. The initial terms of office for members serving in even numbered positions shall expire on January 1, 2018, and on the same date on each second successive year thereafter. The initial terms of office for members serving in odd numbered positions shall expire on January 1, 2019, and on the same date on each second successive year thereafter. Any subsequent appointments or reappointments shall be made by the Mayor in a manner consistent with the appointment and confirmation process prescribed in this section. Each committee member shall continue to act after the end of his or her term until a successor is appointed and confirmed.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Sec. 33-404. Compensation.

The members of the committee, in the performance of their duties as such, shall serve without compensation, provided that any member who is a city employee shall continue to receive his or her regular compensation while serving on the committee.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Sec. 33-405. Quorum.

A majority of the committee members shall constitute a quorum for the transaction of business; however, in the event of a vacancy on the committee, a majority of the remaining members of the committee shall constitute a quorum for the transaction of business.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Sec. 33-406. Committees.

The committee may form sub-committees to assist it in the discharge of its responsibilities. The sub-committees shall make recommendations to the committee and the committee shall make final recommendations to the commission.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Sec. 33-407. Meetings.

(a) The committee shall meet from time to time at the call of the committee chair, provided that the committee shall meet at least once per quarter during a calendar year.

(b) All meetings of the committee shall be conducted in accordance with the Texas Open Meetings Act, as amended.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Sec. 33-408. Rules, regulations and bylaws.

The committee shall adopt administrative procedures applicable to its own governance of the committee, and may designate such times

and places for holding meetings as necessary to accomplish the purposes set out in this subdivision.
(Ord. No. 2017-208, § 3(Exh. A), 3-22-2017)

Secs. 33-409—33-420. Reserved.

DIVISION 4. WALKABLE PLACES PLAN

Sec. 33-421. Scope.

(a) The city shall adopt and maintain a walkable places plan to preserve and enhance the pedestrian-friendly design and development along certain designated streets within the city. The walkable places plan shall include, but is not limited to, the identification and classification of street segments where modifications to plans, programs, policies, and regulations are necessary or available to enable improvements to the pedestrian experience and the built environment along the identified street segment(s) and a corresponding map.

(b) The walkable places plan must be consistent with the general plan described in article II of this chapter, the major thoroughfare and freeway plan, and other related plans, programs, policies, laws, and regulations.
(Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Sec. 33-422. Administrative responsibilities.

(a) It shall be the responsibility of the planning official to:

(1) Oversee the development, amendment, and maintenance of the walkable places plan in accordance with this division;

(2) Make the WPP available to the public on the department website;

(3) Report annually to the commission concerning the implementation of the WPP;

(4) Review and consider the comments received and provide a summary of the comments to the commission prior to any public hearing on the WPP or with the annual report to the commission;

(5) Present to the commission a recommendation on proposed amendments to the WPP made in collaboration with city departments and entities with an interest in planning and development within the right of way such as governmental entities, political subdivisions, transit authorities, or local government corporations and any other entity as determined by the planning official; and

(6) Coordinate with other entities with an interest in planning and development within the right of way such as city directors, governmental entities, political subdivisions, transit authorities, or local government corporations and any other entity as determined by the planning official.

(b) The planning official is authorized to promulgate rules and procedures for the efficient administration of the walkable places plan and this division.
(Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Sec. 33-423. Amending the walkable places plan.

(a) An amendment to add, reclassify, or remove a street segment in the walkable places plan shall be made in accordance with the requirements of this division and related policies adopted by the commission, and may only be initiated by:

(1) The planning official on behalf of the city; or

(2) A signed petition, in the form prescribed by the planning official, of property owners representing at least fifty percent of the total linear street frontage along each street segment included in the proposed amendment.

(b) Prior to filing a petition to amend the walkable places plan under subsection (a)(2) of this section, a representative of the petitioners shall meet with the planning official. The planning official shall conduct a preliminary review of the proposed amendment, advise the representative of the amendment process, and may give preliminary comments on the merits of

the proposed amendment or potential alternative amendments. The planning official may also advise the representative of deficiencies that would prevent the petition from moving forward for consideration.

(c) Except as provided in subsection (d) below, the planning official shall hold at least one informational meeting prior to consideration by the commission of an amendment to the walkable places plan to inform the community about the proposed amendment to the WPP and the amendment process, as well as provide an opportunity for public comments on the proposed amendment for the planning official to review and consider prior to making a recommendation on the proposed amendment to the commission. The informational meeting shall be open to the public and held within the vicinity of the street segment under consideration with the proposed amendment, subject to the availability of an appropriate venue. If the planning official determines no appropriate venue can be secured, the planning official may establish an alternate reasonably accessible venue.

(d) Unless requested by the petitioners, an informational meeting shall not be required for a petition by property owners representing 100% of the total linear street frontage along the street segment(s) included in the proposed amendment.

(e) The commission shall hold at least one public hearing on the proposed walkable places plan amendment. Upon the close of the public hearing, the commission shall consider public comments, support and opposition from property owners along the proposed walkable places street, and the recommendation of the planning official and determine whether the proposed WPP furthers the objectives and intent of this division. The commission shall vote to recommend the adoption of the proposed WPP to city council with or without modifications, refer the proposed WPP back to the planning official for further study and evaluation, defer consideration of the proposed WPP to a future meeting, or disapprove the proposed WPP.

(f) The affirmative recommendation of the commission on the walkable places plan will be forwarded to city council.

(g) Following placement of the commission's recommended walkable places plan on an agenda, city council may consider the commission's recommendation and shall vote to approve the recommendation of the commission, defer the recommendation to another meeting, disapprove the recommendation of the commission, refer the WPP back to the administration or commission for further consideration, or deny the amendment.

(h) If the commission votes to disapprove a petition amendment and not forward it to city council, or if the city council votes to deny a petition amendment, any street segment included within the petition amendment will be ineligible for inclusion in a new petition for a period of five years from the date of the final action by commission or city council as applicable. The planning official may allow an ineligible street segment to be included in a new petition upon receipt of new information unknown at the time of the prior petition or substantially changed circumstances that the planning official determines warrants the inclusion of the street segment in a new petition amendment.
(Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Sec. 33-424. Street classification.

(a) Classification of each street segment in the walkable places plan shall be made in accordance with this section and will reflect existing, planned, or desired conditions along the street segment based upon, but not limited to, community input, adopted plans or policies, pedestrian-related infrastructure projects, best practices and sound public policy, surrounding development context, and the enhancement of pedestrian comfort.

(b) Each street segment in the walkable places plan shall be designated as either a primary walkable places street or a secondary walkable places street; provided, however, a secondary WP street may only be designated if the street segment connects to a primary WP street directly

or indirectly via one or more secondary WP street or designated transit-oriented development street.

(c) The walkable places plan shall establish the minimum pedestrian realm width for each walkable places street from the alternatives listed in the table below.

Measured from:	*Minimum Width*
The property line	0, 5, 10, 15, or 20 feet
The back-of-curb or edge of roadway	10, 12, 15, 18, or 20 feet

(d) The walkable places plan shall establish a minimum unobstructed sidewalk width requirement of six (6) feet, eight (8) feet, or ten (10) feet for each walkable places street.

(e) The walkable places plan establishes the minimum right-of-way width required for each walkable places street. When a WP street is also a major thoroughfare, the minimum right-of-way width established by the major thoroughfare and freeway plan shall prevail.
(Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Sec. 33-425. Notification requirements.

(a) The planning official shall give notice, by regular mail, to all owners of real property as identified in current appraisal district records for all properties having linear street frontage on the street segment under consideration for addition, reclassification, or removal in the walkable places plan. Notice shall be mailed no later than 30 days before the date of:

(1) An informational meeting required by section 33-423 of this Code; and

(2) The public hearing required by section 33-423 of this Code.

(b) Prior to a meeting where notice is required under subsection (a) of this section, the planning official shall give notice by electronic or regular mail to:

(1) Each district council member in whose district any portion of the proposed amendment to the walkable places plan is located; and

(2) Each neighborhood association with defined boundaries, registered with the department of neighborhoods, in which any portion of the proposed amendment to the walkable places plan is located.

(c) The planning official shall give notice of any informational meeting and public hearing requiring notice in subsection (a) of this section by the placement of at least two notification signs on each street segment of the walkable places plan under consideration by the commission no later than 15 days before date of the meeting or hearing. The planning official is authorized to approve an alternative to the number and location of signs required by this subsection upon determining that the alternative proposal will provide sufficient visibility of the signs and accomplishes the objectives of this section.

(d) The planning official shall publish the current draft of the proposed amendment and corresponding walkable place plan street classification for each street segment on the department website no later than 30 days before an informational meeting or public hearing that requires notice under this section.
(Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Secs. 33-426—33-440. Reserved.

DIVISION 5. TRANSIT-ORIENTED DEVELOPMENT PLAN

Sec. 33-441. Purpose and scope.

(a) The city shall adopt and maintain a transit-oriented development plan to preserve and enhance the pedestrian-friendly design and development near transit stations within the city. The transit-oriented development plan shall include, but not be limited to, the identification and classification of each street segment designated as a transit-oriented development street in accordance with this division and a corresponding map.

(b) The transit-oriented development plan must be consistent with the general plan described in article II of this chapter, the major thoroughfare

and freeway plan, the walkable places plan, and other applicable plans, programs, policies, and regulations.

(c) When a street segment on the walkable places plan is eligible for transit-oriented development street designation under this division, the designation and development standards under the WPP shall prevail.
(Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Sec. 33-442. Administrative responsibilities.

(a) It shall be the responsibility of the planning official to:

(1) Oversee the development, amendment, and maintenance of the transit-oriented development plan in accordance with this division;

(2) Make the transit-oriented development plan available to the public on the department website; and

(3) Coordinate with other entities with an interest in planning and development within the right of way such as city departments, governmental entities, political subdivisions, transit authorities, or local government corporations, and any other entity as determined by the planning official to implement the TODP.

(b) The planning official is authorized to promulgate rules and procedures for the efficient administration of the transit-oriented development plan and this division.
(Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Sec. 33-443. Amending the transit-oriented development plan.

(a) Except when prohibited by subsection (c) of this section, the planning official is authorized and directed to periodically revise the transit-oriented development plan consistent with the requirements and standards of this division and in collaboration with the city engineer, the traffic engineer, and a representative acting on behalf of METRO.

(b) Prior to voting on a proposed transit-oriented development plan amendment, the commission shall consider relevant public comments, the recommendation of the planning official, and whether the proposed TODP meets requirements and standards of this division. The commission shall vote to adopt the proposed TODP if it meets the requirements and standards of this division, refer the proposed TODP back to the planning official for further study and evaluation, defer consideration of the proposed TODP to a future meeting, or disapprove the proposed TODP.

(c) A "potentially eligible street" under section 33-444 of this Code shall not be added, removed, or reclassified in the transit-oriented development plan until after one year from the date of the last approved TODP amendment that evaluated the street segment, except when:

(1) A transit station is added to or removed from the transit-oriented development plan within one-half mile walking distance from the street segment; or

(2) The planning official determines an error was made in the process to determine the transit-oriented development street designation for a transit station within one-half mile walking distance from to the street segment.
(Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Sec. 33-444. Process to determine transit-oriented development streets.

(a) The planning official shall identify all street segments within a one-half mile walking distance from an existing or proposed transit station on a designed transit corridor street. Street segments identified in this subsection shall be considered a "potentially eligible street" segment for the purposes of this section.

(b) A potentially eligible street segment that meets one or more of the following criteria is not eligible for designation as a transit-oriented development street:

(1) More than 75% of the linear length of the street segment abuts property in use for

or otherwise restricted to single-family residential use, and the street segment is not a major thoroughfare;

(2) More than 50% of the linear length of the street segment abuts property in use for or otherwise restricted to single-family residential on a lot greater than or equal to 3,500 square feet in area, and the street segment is not a major thoroughfare;

(3) Included in a special minimum lot size or special minimum building line block, or within the boundaries of a special minimum lot size area, as those terms are defined in section 42-1 of this Code;

(4) Grade-separated or limited access roadway;

(5) Included within the central business district, as the term is defined in section 42-1 of this Code;

(6) Frontage road, except where the corresponding freeway is below-grade and covered by an at-grade cap structure; or

(7) Existing roadway does not meet the applicable infrastructure design manual standards for roadway width or have plans approved by the city engineer showing the location of the back-of-curb or edge of roadway after roadway reconstruction.

Following the evaluation conducted by the planning official, any potentially eligible street that is not connected to the corresponding transit station via one or more transit corridor street, transit-oriented development street, walkable places street, or other potentially eligible street that remains eligible for designation as a TOD street shall not be eligible for designation on the transit-oriented development plan.

(c) Except when designated as a primary transit-oriented development street in accordance with section 33-445 of this Code, a potentially eligible street segment that is not excluded for designation following the evaluation in subsection (b) of this section shall be a secondary TOD street.

(Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Sec. 33-445. Process to determine primary tod streets.

(a) A transit-oriented development street that is within 1,000 feet walking distance from an existing transit station or proposed transit station with a contract for construction approved by METRO is a primary TOD street if the planning official determines the corresponding station is within:

(1) A designated major activity center as defined in section 42-1 of this Code;

(2) A census tract where car ownership is estimated to be 80-percent or less;

(3) A census tract with a high activity population density greater than or equal to 7,200 activity population per square mile as identified by the most recent data published by the Houston-Galveston Area Council;

(4) A census tract with an intersection density greater than or equal to 76 intersections per square mile; or

(5) 1,000 feet walking distance from a college or university with a campus enrollment greater than or equal to 1,000 students.

(b) A transit-oriented development street that is 300 feet or less in length and connects two or more primary TOD streets or primary walkable places streets will be designated as a primary TOD street.

(c) A transit-oriented development street shall not be a primary TOD street if:

(1) The street segment is more than one-quarter mile in length; or

(2) More than 50% of the linear length of the street segment abuts property in use for or otherwise restricted to heavy

manufacturing and industrial or truck terminal, as those terms are defined in section 26-472 of this Code.

(Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Sec. 33-446. Notification requirements.

(a) The planning official shall give notice, by regular mail, to all owners of real property as identified in current appraisal district records for all properties having linear street frontage on the street segment under consideration for addition, reclassification, or removal as a transit-oriented development street in the transit-oriented development plan. Notice shall be mailed no later than 30 days before the date of the first meeting where the commission considers the TODP amendment as described in section 33-443 of this Code.

(b) Prior to a meeting where notice is required under subsection (a) of this section, the planning official shall give notice by electronic or regular mail to:

(1) Each district council member in whose district any portion of the proposed amendment to the transit-oriented development plan is located; and

(2) Each neighborhood association with defined boundaries, registered with the department of neighborhoods, in which any portion of the proposed amendment to the transit-oriented development plan is located.

(c) The planning official shall publish the current draft of the proposed amendment and corresponding transit-oriented development street classification for each street segment on the department website no later than 30 days before a public hearing that requires notice under this section.

(Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Secs. 33-447—33-500. Reserved.

ARTICLE X. HERITAGE DISTRICTS

Sec. 33-501. Definitions.

As used in this article, the following terms shall have the meanings ascribed below unless the context of their usage clearly indicates another meaning:

Civic association means an organization whose membership consists of owners of real property in or the residents of a subdivision located within in a heritage district or proposed heritage district. A civic association includes property owners' associations, homeowners' associations, civic clubs, Super Neighborhoods, and similar neighborhood associations whose membership consists of property owners and residents.

Community-based organization means a public or private non-profit organization that has experience with meeting human, educational, cultural, or public safety needs and is incorporated as a 501(c)(3) organization.

Heritage district means a section of the city that is distinguished from other areas of the city by a unique community identity and history. A heritage district is a recognizable, definable, geographic area that is bordered by public rights-of-way and has ongoing cultural traditions and history that citizens generally recognize.

Intangible cultural heritage means social traditions and practices, rituals, and community events that provide a common identity and social cohesion.

Public right-of-way has the meaning ascribed in section 40-481 of this Code.

(Ord. No. 2021-456, § 2, 6-2-2021)

Sec. 33-502. Purpose of heritage district.

The purpose of a heritage district is to:

(1) Protect and preserve the city's historic and cultural heritage;

(2) Foster civic and cultural pride by protecting character-defining elements within historic neighborhoods;

(3) Highlight the significant achievements and contributions of the community at large; and

(4) Promote neighborhood stability.

(Ord. No. 2021-456, § 2, 6-2-2021)

Sec. 33-503. City council designation.

(a) A heritage district shall be designated by city council at its discretion and upon joint recommendation by the director and the historic preservation officer. The director shall maintain a list of current heritage districts and maps or written descriptions of their boundaries.

(b) Prior to action by the city council, the director or designee and the historic preservation officer shall review each application for designation as a heritage district and make a joint recommendation to city council as to whether or not an application should be approved.

(c) After considering the joint recommendation and the standards for designation, as listed below in section 33-504, city council may, at its discretion, approve or disapprove of the designation of the heritage district as recommended; or refer it back to the director and the historic preservation officer for further consideration or modification or disapprove the proposed designation.

(d) A heritage district may only be designated by city council.

(Ord. No. 2021-456, § 2, 6-2-2021)

Sec. 33-504. Standards for designation.

(a) *Size.* The minimum size for a heritage district is one block. There is no maximum size. A heritage district must consist of land within a contiguous and defined boundary that is bordered by public rights-of-way. The proposed area must share a common history or intangible cultural heritage.

(b) *Elements of preservation.* A heritage district must have one or more streets, bridges, structural and architectural materials, parks, street signage or markers, civic art, statues or monuments that define the character of or contribute to the district's character-defining intangible cultural heritage, unique cultural heritage, or shared history and identity.

(Ord. No. 2021-456, § 2, 6-2-2021)

Sec. 33-505. Application for designation of a heritage district

(a) Application for a heritage district may be filed by either:

(1) A community-based organization that is fiscally sound; in good standing with the state; and has documented work within the proposed heritage district that aligns with the community's values and the city's strategic plan for community improvement;

(2) A community-based entity that demonstrates fiscal capacity and the ability to implement and sustain its vision and strategic plan for the proposed heritage district. A community-based entity may elect to partner with a community-based organization; or

(3) A civic association.

(b) A civic association, community-based organization, or community-based entity may file an application for designation of a heritage district with the department in the form prescribed by the director, and shall be subject to the following rules:

(1) The application shall include:

a. A map indicating the boundaries of the proposed heritage district. The boundaries must comprise a contiguous land area and must exclude non-contiguous tracts of land.

b. A written statement documenting the historical, cultural, social significance, and intangible cultural heritage of the proposed heritage district.

c. Photographic examples of the structural properties in the proposed heritage district that have historical, cultural, social, or architectural materials.

d. A written statement on the strategic vision for the proposed heritage district that includes plans for implementation of projects; ongoing funding and resources to sustain the strategic vision.

e. Documentation of the organization or entity's ability to provide continued financial support and resources for the proposed heritage district.

f. How the strategic vision will impact pedestrian and vehicular mobility, health, safety, and the overall quality of life within the proposed heritage district.

(c) Applications for heritage district designation are available online at www.houstontx.gov/planning or by mail to:

City of Houston Planning and Development
Department
P.O. Box 1562
Houston, TX 77251-1562

(d) The director shall review each application for completeness. Upon determining that the application includes the items required by subsection (b)(1) of this section, the director shall determine that the application is complete.

(e) If the director determines the application is complete, the director shall review the application to determine whether the application meets the criteria set forth in section 33-505(b) and the rules and regulations promulgated under section 33-506. After review and consideration, the director may recommend placement of the request to designate a heritage district on the city council agenda.

(f) The director shall post notice of city council approval to designate a heritage district on the department's website within 30 days.
(Ord. No. 2021-456, § 2, 6-2-2021)

Sec. 33-506. Rules and regulations.

The director is hereby authorized to promulgate rules and regulations consistent with the intent and purposes of the provisions of this article. A copy of all rules and regulations shall be maintained by the department, published on the department's website, and be made available in the office of the city secretary for inspection by the public, and copies shall be made available for purchase consistent with the fees prescribed by law.
(Ord. No. 2021-456, § 2, 6-2-2021)

Secs. 33-507—33-600. Reserved.

ARTICLE XI. CONSERVATION DISTRICTS

Sec. 33-601. General.

(a) It is the purpose and intent of this article to create a tool for residents to initiate the establishment of a recognized conservation district with standards to preserve, maintain, and protect the physical elements of development, and the community character and heritage of neighborhoods having distinctive characteristics and patterns of development. When a conservation district is initiated by the residents, subject to department capacity, specific regulations will be developed by the residents and the department, put to public meetings and hearings for revisions, and considered and adopted by council to protect and strengthen the neighborhood's desirable and unique physical features and design characteristics, to promote new compatible development, and to encourage the harmonious, orderly, and efficient growth and redevelopment of these Houston neighborhoods.

(b) Due to anticipated interest and in order to effectively evaluate the program, department staff will undertake the implementation of the program in the following pilot conservation district areas, where community interest has already been expressed:

(1) Independence Heights,

(2) Freedmen's Town,

(3) Acres Home,

(4) Magnolia Park/Manchester,

(5) Pleasantville, and

(6) Piney Point.

Upon the completion of efforts in these pilot areas, whether that be by the adoption of ordinances establishing conservation districts, or determination that a conservation district cannot be created in accordance with the requirements for such, the director may thereafter recommend amendments to this article.
(Ord. No. 2023-232, § 2(Exh. A), 4-5-2023)

Sec. 33-602. Initiation of conservation districts.

(a) A conservation district may be initiated following the expression of interest by a community with residents, and property- and homeowners support and input, along with discussions with department staff. No formal application or petition is required. Existing historic districts designated by the City of Houston may not be converted to only conservation districts, though the two districts may overlap.

(b) Upon notification to the department of resident and property and homeowner support, one or more of the following criteria may be utilized in considering whether an area should be analyzed for consideration as a conservation district:

(1) Analysis of development applications and any existing restrictive covenants in the area;

(2) Historical studies of the neighborhood and cultural institution;

(3) Analysis of the area confirming consistent and identifiable physical attributes of culture, history, scale and development that can be preserved by protecting or enhancing one or more of those attributes;

(4) Whether the area is of a sufficient size, is compact and contiguous, and reasonable boundary lines can be drawn to the logical edges of the area or subdivision, as may be indicated by a creek, street, subdivision line, utility easement, or other boundary; and

(5) Other data relevant to consideration as determined appropriate by the director.
(Ord. No. 2023-232, § 2(Exh. A), 4-5-2023)

Sec. 33-603. Process for designation of a conservation district.

(a) The department's analysis for a proposed conservation district shall include, at a minimum:

(1) A map indicating the boundaries of the proposed district, which must be contiguous;

(2) A description and photographs of properties in the proposed district;

(3) Reserved.

(4) A statement regarding the reason for creating the proposed district. A list of characteristics identified by those bringing forth the request to be applied to new construction or exterior alterations on existing structures. The director will prepare draft design guidelines appropriate for the proposed district from the list so identified, or as may otherwise be requested or determined appropriate:

a. Building height or number of stories;

b. Building size and massing, the general shape and form of the structure;

c. Lot size, coverage;

d. Front and side building setbacks;

e. Off-street parking;

f. Roof line and pitch;

g. Paving, hardscape covering;

h. General site planning, location of primary and ancillary structures;

i. Architectural style and detailing;

j. Building materials;

k. Alterations to the exterior of existing structures;

l. Garage entrance location;

m. Fences and walls; and

n. Building relocation and demolitions, subject to other provisions in this Code.

(5) Additional information to assist in the evaluation of the application, or as may be requested by the director.

(b) Upon completion of the above-described design guidelines and map of the proposed conservation district boundaries, the director will schedule and conduct at least one public meeting to review the analysis, proposed design guidelines and map boundaries with the community. The director will give notice of each public meeting as described in subsection (e) and complying with state law. As of the date notices are mailed, the director shall cause notice of pending designation to be placed in the city permitting system and on the City of Houston's public access GIS mapping site: https://mycity-.houstontx.gov/houstonmapviewer/.

(c) The director may establish additional rules for the conduct of public meeting(s) and shall hold the public meeting(s) within or near the proposed conservation district, provided that an adequate location is available. At the public meeting(s), the director will present information on the proposed district map and boundaries, the draft design guidelines, and the process for approval.

(d) Draft design guidelines and a detailed map of the proposed conservation district will be displayed to the public as part of the public meetings for community input.

(e) Procedures for consideration of designation as a conservation district:

(1) No more than 60 days after the documents described in subsection (b) are in draft form, the director shall mail a notice to the property and homeowners within the proposed conservation district boundary area. as indicated on the most current appraisal district records, and in the case of properties owned with a land trust, to the owners of the improvements on land trust owned property. The director will also give notice by regular mail or email to all civic associations registered with the city whose boundaries include land in the proposed district. The notice shall contain, at a minimum:

a. The date, time, and location of the public meeting(s) described in subsection (c) of this section;

b. A map of the proposed conservation district boundaries; and

c. Any other information the director determines may be useful to the recipients of the notice.

(2) After closing the public meeting, the director shall send, by regular mail, a response form to the property- and homeowners within the proposed conservation district, as indicated on the most current appraisal district roles, and, in the case of properties owned with a land trust, to the owners of the improvements on land trust owned property. The response form, to be returned by the home or property owner, shall indicate whether they support or do not support the designation of the conservation district. The response form must be delivered to the department as directed on the response form. A minimum of 30 days will be allowed between the date of the notice and the deadline for return to the department.

(3) After the deadline for returning response forms has passed, the director will determine the percentage of owners in support of and owners in opposition to the designation of the proposed conservation district. The signature of one owner is required to indicate support of a property, even if the property is co-owned.

(4) Tracts of publicly owned land will be included in determining the percentage of owners in support or in opposition only if they have been designated as a landmark or protected landmark.

(f) If the director determines that 51% or more of the owners to whom notice was sent, within the proposed conservation district boundar-

ies support the designation, the proposed conservation district may move forward for review and consideration as described below.

(g) If support for the proposed conservation district is below 51%, then the director may either:

(1) Consider modifying the boundaries of the proposed conservation district to a smaller area that meets the minimum support level and the general criteria in section 33-604. The design guidelines will be revised if necessary. The director will mail notice to the owners of all property, as described above, within the original boundaries of the proposed conservation district notifying them of the modified boundaries and the proposal to move forward with the modified boundary, and detailing whether their property is located within the modified boundary or has been removed. The director will hold at least one additional public meeting for further comment and consideration of the boundaries and design guidelines; or

(2) Determine that the proposed conservation district fails and that no further action will be taken. The director will mail notice to the owners of all property, as indicated on the most recent appraisal district records, within the proposed conservation district that the application has failed and that no further action will be taken.

(h) Following a determination that a proposed conservation district as originally drafted or as modified above, has at least 51% support to move forward, the director will prepare a final proposed map and final draft of design guidelines for the proposed conservation district and schedule one or more public hearings before the HAHC. Notice shall be given in accordance with Chapter 211, Texas Local Government Code.

(i) The HAHC will conduct at least one public hearing on each proposed district. Following the closing of the public hearing process, the HAHC may:

(1) Approve the proposed conservation district and design guidelines and forward the item to the mayor for council consideration;

(2) Approve after amending the boundaries or design guidelines in accordance with the provisions of this article, and forward the item to the mayor for council consideration;

(3) Defer the application and continue the public hearing to a later public hearing date; or

(4) Disapprove the application, after which no further action shall be taken.

(j) Once an item for a conservation district has been submitted to the mayor for consideration by council, council will schedule and conduct a public hearing and give notice in accordance with Chapter 211, Texas Local Government Code for each application recommended for designation as a conservation district. A district-specific ordinance for each proposed conservation district, containing the detailed design guidelines shall be made part of the HAHC recommendation and be submitted for consideration by council. Following the public hearing, council may:

(1) Approve the proposed conservation district;

(2) Approve after amending the boundaries or design guidelines in accordance with the provisions of this article;

(3) Defer the application and continue the public hearing to a later public hearing date; or

(4) Disapprove the application, after which no further action shall be taken.

(k) Action to approve a proposed conservation district by HAHC and council will be done in accordance with Chapter 211, Texas Local Government Code.
(Ord. No. 2023-232, § 2(Exh. A), 4-5-2023)

Sec. 33-604. Criteria for designation.

The HAHC and council will each evaluate the proposed conservation district boundaries and design guidelines, and must find that the proposed district meets the following criteria:

(a) Common streetscapes, street patterns, significant community sites, or land use patterns creating an area identity;

(b) Common or generally similar property sizes and uses;

(c) Common pattern of improvements, landscaping, or building setbacks on the properties; and

(d) Common scale or bulk among buildings and structures, roof heights, location of garages, or other building footprint elements

In addition, HAHC and Council must determine that a conservation district meets one of the following criteria:

(a) Whether a proposed district is an area that was planned or developed by or for historically underrepresented or disenfranchised communities;

(b) The value of the area as an aspect of community sentiment or public pride.

(Ord. No. 2023-232, § 2(Exh. A), 4-5-2023)

Sec. 33-605. Restrictions on development pending designation.

In accordance with section 33-603(c), and the placement of notice in the city permitting and public GIS systems as described in section 33-603(b), no application for a subdivision plat of any type, or a building permit for new construction, demolition, or alterations shall be granted until:

(a) The HAHC makes a negative recommendation on a proposed designation,

(b) Council determines not to enact the proposed designation, or

(c) 181 calendar days has elapsed, whichever is less.

(d) Provided, however, that the applications described above may be processed where it is established or clear from the record the landowner has made application for such permit for development prior to the date of the notices being placed in the city permitting and public GIS systems, or

(e) the department determines that the permit is within the parameters of the proposed design guidelines.

If HAHC defers the application at a public meeting once, then subsection (c) shall be extended to 211 calendar days; if HAHC defers two or more times, then subsection (c) shall be extended to the 241 calendar days after the application is deemed complete. If council defers the application or remands the application back to HAHC for reconsideration, 60 days will be added to the number of days of the protected status provided for by this subsection.

(Ord. No. 2023-232, § 2(Exh. A), 4-5-2023)

Sec. 33-606. Effect of designation as conservation district.

(a) Following council approval of a conservation district ordinance for a particular neighborhood, the district-specific ordinance shall control over conflicts with other codes or ordinances, except those for the protection of public health and safety.

(b) Nothing in a district-specific ordinance shall be construed to prevent the following:

(1) Ordinary maintenance, repair or replacement of any exterior feature of structure located in a conservation district which does not involve a structural change or the outward appearance thereof;

(2) Landscaping with plants, trees, or shrubs; or

(3) The partial reconstruction of a structure or exterior architectural feature damaged or destroyed by fire, storm or other disaster.

(Ord. No. 2023-232, § 2(Exh. A), 4-5-2023)

Sec. 33-607. Review of building permits and development applications in conservation district once established.

(a) Conservation district boundaries shall be entered into the city's permitting system to flag them for department review.

(b) The department shall ensure that each conservation district ordinance shall be recorded in Harris County real property records.

(c) Department staff shall review each development application and may administratively review for compliance with the design guidelines in the district-specific ordinance.

(d) Department staff may request the advice of an HAHC commissioner, or submit an application to the HAHC for review and comment in particular cases where additional expertise is required. Such review shall be completed in no more than 60 days, and these items may not be deferred by HAHC except with the consent of the applicant or owner.
(Ord. No. 2023-232, § 2(Exh. A), 4-5-2023)

Sec. 33-608. Amendment or removal of conservation district boundaries or regulations.

To amend or remove the boundaries or design guidelines for a conservation district, the process is the same as for its establishment.
(Ord. No. 2023-232, § 2(Exh. A), 4-5-2023)

Sec. 33-609. Penalty for violation.

Any person who intentionally, knowingly, recklessly, or with criminal negligence violates any provision of this article shall be deemed guilty of a misdemeanor and, upon conviction, shall be fined as provided for in section 1-6 of this Code.
(Ord. No. 2023-232, § 2(Exh. A), 4-5-2023)

Secs. 33-610—33-699. Reserved.

APPENDIX A-1. LARGE TREES FOR HOUSTON

Botanical Name	*Common Name**		*Comments*
Acer rubrum var drummondii	D	Drummon Red Maple	Wet sites
Acer rubrum var tridens	D	Trident Red Maple	Wet sites
Acer barbatum	D	Southern or Texas Sugar Maple	
Betula nigra	D	River Birch	Wet sites
Bumelia lanuginosa	D	Chittamwood, Gum bumelia or Wooly Bucket	Drought-tolerant/Attracts birds
Carya cordiformis	D	Bitternut Hickory	
Carya illinoenses	D	Pecan	Nut
Carya texana	D	Black Hickory	Drought-tolerant
Carya tomentosa	D	Mockery Nut Hickory	Fruit
Diospyros virginiana	D	Persimmon, eastern	Fruit
Ehretia anacua	D	Anacua	Flowering/Fruit/Drought-tolerant
Fraxinus americana	D	White Ash	
Fraxinus Pennsylvanica	D	Green Ash	
Ginkgo biloba	D	Ginkgo	Male only
Ilex opaca (and cultivars)	E	American Holly	Female/Fruit
Juglans nigra	D	Black Walnut	
Liquidambar styraciflua	D	Sweetgum	Fall color
Liriodendron tulipifera	D	Tulip tree or Yellow Poplar	Flowering/Wet sites
Magnolia grandiflora	E	Southern Magnolia	Flowering
Magnolia virginiana	E	Sweet Bay Magnolia	Flowering/Wet sites
Metasequoia glyptostroboides	D	Dawn Redwood	
Nyssa aquatica	D	Water tupelo	Wet sites
Nyssa sylvatica var biflora	D	Swamp tupelo or Black Gum	Wet sites
Nyssa sylvatica var sylvatica	D	Black Gum	Fruit/Fall color
Pinus palustris	E	Longleaf Pine	
Pinus taeda	E	Loblolly Pine	
Pinus glabra	E	Spruce Pine	
Plantanus mexicana	D	Mexican Sycamore	Wet sites
Plantanus occientalis	D	Sycamore	
Prunus serotina	D	Black Cherry	Flowering/Fruit
Quercus acutissima	D	Sawtooth Oak	
Quercus alba	D	Oaks, white	Fall color
Quercus canbii	D	Canby Oak	
Quercus falcata	D	Southern Red Oak	
Quercus laurifolia	D	Laurel Oak	
Quercus lyrata	D	Overcup Oak	Wet sites
Quercus macrocarpa	D	Bur Oak	Wet sites/Drought-tolerant
Quercus michauxii	D	Swamp Chestnut Oak	Fall color
Quercus muehlenbergii	D	Chinkapin Oak	Drought-tolerant
Quercus nutallii	D	Nutall Oak	Fall color/Wet sites
Quercus palustris	D	Pin Oak	Fall color

*D means deciduous; and E means evergreen.

Botanical Name	*Common Name**	*Comments*
Quercus phellos	D Willow Oak	
Quercus polymorpha	D Monterrey Oak	
Quercus rizophyllia	D Loquat Leaf Oak	
Quercus shumardii	D Shumard Oak	Fall color
Quercus stellata	D Post Oak	
Quercus virginiana	D Live Oak	
Sassafras albidum	D Sassafras	Fall color/Attracts birds
Taxodium distichum var distichum	D Bald Cypress	Wet sites/Drought-tolerant
Taxodium distichum var nutans	D Pond Cypress	
Taxodium mucronatum	D Montezuma Bald Cypress	
Tilia caroliniana	D Carolina Basswood	
Ulmus americana	D American Elm	
Ulmus alata	D Winged Elm	
Ulmus crassifolia	D Cedar Elm	Drought-tolerant
Ulmus parvifolia var drakii	D Drake Elm	
Zelkova serrata	D Japanese Zelkova	

*D means deciduous; and E means evergreen.

APPENDIX A-2. SMALL TREES FOR HOUSTON

Botanical Name	*Common Name**		*Comments*
Acer leucoderme	D	Chalk Maple	Fall color
Acacia wrightii	D	Wright Acacia	Flowering/Drought-tolerant
Aesculus pavia var pavia	D	Red Buckeye	Flowering
Aesculus pavia var flavescens	D	Red Buckeye	Yellow flowers
Aesculus glabra var arguta	D	White Buckeye	Flowering/Drought-tolerant
Asimina triloba	D	Pawpaw	Flowering/Fruit
Bauhinia congesta	D	Anacacho Orchid Tree	Flowering/Drought-tolerant
Carpinus caroliniana	D	American Hornbeam, Ironwood or Blue Beech	Wet sites/Fall color
Cercis canadensis	D	Eastern Redbud	Flowering
Cercis canadensis var texensis cultivars	D	Texas Redbud	Flowering/Drought-tolerant
Cercis canadensis var mexicana	D	Mexican Redbud	Flowering/Drought-tolerant
Chionanthus virginicus	D	Fringe Tree	Flowering/Attracts birds
Chionanthus retusus	D	Chinese Fringe Tree	Flowering/Drought-tolerant
Cornus florida	D	Flowering Dogwood	Flowering/Attracts birds
Cotinus obovatus	D	American Smoke Tree	Fall color/Drought-tolerant
Cratagus marshallii	D	Parsley Leaf Hawthorn	Flowering/Attracts birds
Cratagus opaca	D	May Haw	Flowering/Fruit/Attracts birds
Cratagus spathulata	D	Little Hip Hawthorn	Flowering/Attracts birds
Cratagus viridis	D	Green Hawthorn	Flowering
Cratagus texana	D	Texas Hawthorn	Flowering
Cratagus reverchonii	D	Reverchon Hawthorn	Flowering
Cyrilla racemiflora	D	Titi	Wet sites
Diospyros texana	D	Texas Persimmon	Fruit/Drought-tolerant
Eysenhardtia texana	D	Texas Kidneywood	Flowering/Drought-tolerant
Halesia diptera	D	Two-winged Silverbell	Flowering
Ilex cassine	E	Dahoon Holly	Female-Fruit/Attracts birds
Ilex decidua	D	Possum Haw	Female-Fruit/Attracts birds
Ilex vomitoria	E	Yaupon	Female-Fruit/Attracts birds
Malus angustifolia	D	Southern Crabapple	Flowering/Fruit
Myrica cerifera	E	Southern Wax Myrtle	Wet sites/Attracts birds
Ostrya virginiana	D	Eastern Hop Hornbeam	
Parkinsonia aculeata	D	Retama	Flowering/Drought-tolerant
Pistacia chinensis	D	Chinese Pistachio	Fall color/Drought-tolerant
Pistacia texana	D	Texas Pistache	Drought-tolerant
Prosopis glandulosa var glandulosa	D	Mesquite	Drought-tolerant
Prunus mexicana	D	Mexican Plum	Flowering/Fruit/Drought-tolerant
Prunus umbellata	D	Flatwoods Plum	Flowering/Fruit
Prunus augustifolia	D	Creek Plum	Flowering/Fruit

*D means deciduous; and E means evergreen.

Botanical Name	*Common Name**	*Comments*
Rhamnus caroliniana	D Carolina Buckthorn	Fall color/Fruit/Attracts birds/ Drought-tolerant
Rhus copallina	D Sumac	Fall color
Sophoria secundiflora	E Texas Mountain Laurel	Flowering/Drought-tolerant
Sophora affinis	D Eve's Necklace	Flowering
Ungnadia speciosa	D Mexican Buckeye	Flowering/Drought-tolerant
Viburnum rufidulum	D Rusty Black Haw Viburnum	Flowering/Fall color/Drought-tolerant/Attracts birds

*D means deciduous; and E means evergreen.

APPENDIX A-3. RESERVED*

*__Editor's note—__Ord. No. 03-159, § 8, repealed Ch. 33, Art. V, App. A-3. in its entirety. Formerly said appendix pertained to department of parks and recreation street trees and derived from Ord. No. 01-181, § 3, 2-21-01.

[The next page is 2319]

APPENDIX B. TREE PLANTING

I. *Tree selection.* Trees planted under section 33-108 must be selected from the street trees list (Appendix A-3). All plant stock shall meet the Standard for Nursery Stock Specifications, as established by the American Association of Nurserymen (1986 ed.) on file in the office of the city secretary.

The following factors should be considered in the selection of trees from the tree and shrub lists, Appendices A-1, A-2, A-3, and D:

A. Hardiness of trees for the specific site, i.e., soil conditions, pH, drainage.
B. Mature plant size, form and growth rates, i.e., proximity to overhead utility lines.
C. Drought tolerance.
D. Pest and insect resistance.

II. *Tree planting:*

A. Holes for the trees should be excavated one and one-half (1½) to two (2) feet greater in width than the diameter of the soil ball. The sides of the hole should be vertical and the bottom horizontal. Trees should be planted with the top of the root ball two (2) inches above existing grade. No holes should be left uncovered overnight.
B. Trees should be set in an upright plumb position at depth two (2) inches higher than grown in the container. Care should be taken so as not to injure the root system, trunk, or foliage. The trunk should not be used as a lever in positioning or moving the tree in the planting hole.
C. The backfill should consist of topsoil excavated from the planting hole. If there is not enough topsoil, a supplement of similar topsoil should be furnished. Each planting hole should be backfilled and tamped lightly so as not to damage roots. A saucer should be constructed six (6) to eight (8) inches above soil grade around the planting hole and should be a minimum of six (6) feet in diameter, free of weeds and grass.
D. Any pruning should be done according to the standards of the National Arborist Association (rev. 1988) (The Meeting Place Mall, Route 101, P.O. box 1094, Amherst, NH 03031), on file in the office of the city secretary. All damaged limbs should be removed. The tree should be maintained in a shape appropriate to its species. Street trees should be pruned in accordance with the standards for hazard pruning contained in class III.
E. Trees planted hereunder should be staked with a minimum of two (2) stakes, eight (8) feet long, attached to the tree with plastic tree chain, one (1) inch in size, or equivalent, in a manner that is secure and will not injure the tree. Any one-hundred-gallon trees should be tri-staked (three (3) stakes). Other types of securing ties or devices may be used if designed for that purpose.
F. Mulch shall be placed loosely around trees planted hereunder within twenty-four (24) hours after planting to a uniform depth of three (3) to four (4) inches and to a diameter of six (6) feet. No leaves, branches, roots or other foreign material may be used as a mulch. This area should be maintained free of weeds and grass vegetation with a three (3) to four (4) inch mulch cover for a minimum period of one (1) year.

III. *Watering.* The following watering schedule may be utilized and revised during prolonged periods of rain or drought.

Initial Watering After Planting	Root zones should be slow-soaked every seven (7) days for four (4) weeks.

November December January February	In the absence of sufficient rainfall, root zones should be slow-soaked on a twenty-one-day water schedule.
October March April	In the absence of sufficient rainfall, root zones should be slow-soaked on a fourteen-day water schedule.
May June July August September	In the absence of sufficient rainfall, root zones should be slow-soaked on a seven-day watering schedule.

APPENDIX C. RESERVED*

*__Editor's note—__Ord. No. 09-84, § 23, adopted February 11, 2009, repealed Appendix C of Ch. 33 in its entirety. Formerly said appendix pertained to Tree protection.

[The next page is 2323]

APPENDIX D. SHRUB LIST

Expected Height After 3 Years (in feet)	*Common Name*	*Botanical Name*
	Evergreens	
1–3	Japanese Boxwood	Buxus microphylla japonica
1	Dwarf Euonymus	Euonymus japonica "Microphylla"
2–3	Silver King Euonymus	Euonymus japonica "Silver King"
1–2	Dwarf Gardenia	Gardenia jasminoides "Radicans"
2–3	Dwarf Burford Holly	Ilex cornuta "Burfordii Nana"
2–3	Dwarf Chinese Holly	Ilex cornuta "Rotunda"
1–2	Compact Japanese Holly	Ilex crenata "Compacta"
1–3	Dwarf Yaupon Holly	Ilex vomitoria "Nana"
1–2	Primrose Jasmine	Jasminum mesnyi
3–4	Texas Sage	Leucophyllum Frutescens
3–4	Dwarf Wax Myrtle	Myrica cerifera
1	Dwarf Purply Nandina	Nandina domestica nana "Purpurea"
2–3	Harbor Dwarf Nandina	Nandina domestica nana "Harbor Dwarf"
2–3	Dwarf Oleander	Nerium oleander
1–2	Turner's Dwarf Pittosporum	Pittosporum tobira "Turner's Dwarf"
1–2	Wheeler's Dwarf Pittosporum	Pittosporum tobia "Wheeler's Dwarf"
3–4	Fraser's Photinia	Photinia x fraseri
2–3	Red Elf Pyracantha	Pyracantha "Red Elf"
2–4	Indian Hawthorne	Raphiolepis indica
2–3	Red Spirea	Spiraea x bumalda "Anthony Waterer"
3–4	Spring Bouquet Vib	Viburnum tinus "Spring Bouquet"
6	Red Tip Photina	Photinia glabra
6	Chinese Photina	Photinia serrulata
6	Waxleaf Ligustrum	Ligustrum japonicum
6	Southern Wax Myrtle	Myrica cerifera

APPENDIX E. SHRUB PLANTING

I. *Shrub selection.* Shrubs planted in public rights-of-way shall be selected from the parks and recreation department perennial shrub list (Appendix D). Shrubs planted in other areas may also be selected from that list.

The following factors should be considered when making a selection from the shrub list for planting:

A. Hardiness for the specific site selected.

B. Present and ultimate size, branching habits, and growth rate. The plant shall be at least eighteen (18) inches in height as measured from the surrounding soil line, shall have a minimum eighteen-inch width at the widest portion when planted and shall be capable of growth to not less than thirty (30) inches in height as measured from the surrounding soil line within three (3) annual growing seasons.

C. Resistance to pests.

II. *Shrub planting.*

A. Holes for shrubs should be excavated six (6) inches greater in width than the diameter of the soil ball. The sides of the hole should be vertical and the bottom horizontal. Shrubs should be planted with top of root ball slightly above existing grade. No holes should be left uncovered overnight.

B. Shrubs should be set in an upright plumb position at a depth slightly higher than grown in the container. Care should be taken not to injure the root system, trunk, or foliage. The trunk should not be used as a lever in positioning or moving the shrub in the planting hole.

C. Holes should be backfilled with soil and tamped lightly and carefully so as not to damage roots. The shrub should be watered to settle soil around the roots and remove air pockets.

D. All damaged branches shall be removed.

E. A minimum three-inch layer of mulch shall be placed loosely at the base to retard weed growth and conserve moisture.

III. *Watering.* The following water schedule may be utilized and revised during prolonged periods of rain or drought.

Initial Watering After Planting	Root zones should be drenched every seven (7) days for four (4) weeks.
November December January February	In the absence of sufficient rainfall, root zones should be drenched on a twenty-one-day watering schedule.
October March April	In the absence of sufficient rainfall, root zones should be drenched on a fourteen-day watering schedule.
May June July August September	In the absence of sufficient rainfall, root zones should be drenched on a seven-day watering schedule.

APPENDIX F. LANDSCAPE UNIT COSTS

The following are to be used as installed prices for bonding and deposits purposes, and shall be subject to a cost adjustment.

Trees:

15-gallon container	$100.00
30-gallon container	225.00
2"—2.5" caliper, B & B	200.00
2.5"—3" caliper, B & B	275.00
4" caliper, B & B	450.00
6" caliper, machine planted	650.00
8" caliper, machine planted	900.00

Shrubs and Vines:

1-gallon container	$ 4.50
2-gallon container	15.00
5-gallon container	18.00

Mulch (for beds):

Shredded pine bark, per cubic yards	$35.00

Fence:

6` high #1 cedar batten board fence, per linear foot	$11.00
Gate, each	$50.00

POLICE AND FIRE PROTECTION*

Art. I.	**In General, §§ 34-1—34-20**
Art. II.	**Police Department, §§ 34-21—34-45**
Art. III.	**Fire Department, §§ 34-46—34-125**
Art. IV.	**News Media Identification, §§ 34-126—34-150**
Art. V.	**Subdivision Security Organizations, §§ 34-151—34-159**
Art. VI.	**Investigation of Employee Misconduct—Police Officers and Firefighters, §§ 34-160—34-170**
Art. VII.	**Disposal of Abandoned, Unclaimed, or Other Property, §§ 34-171—34-199**
Art. VIII.	**Public Safety Video Program, §§ 34-200—34-208**

ARTICLE I. IN GENERAL

Sec. 34-1. Fee for fingerprinting.

(a) The police chief may impose a fee for fingerprinting services. The fee shall be based upon the cost of providing the service as determined by the police chief and shall not exceed the amount stated for this provision in the city fee schedule per set of fingerprints recorded.

(b) The fee authorized under subsection (a) above shall not be imposed for:

(1) Fingerprints recorded at the initiation of the police department in connection with criminal investigation and apprehension functions or other activities relating to law enforcement functions of the police department.

(2) Fingerprints recorded at the request of another law enforcement agency in connection with criminal investigation or apprehension functions.

(3) Fingerprints of minors that are recorded at the request of their parents in connection with child safety, missing children prevention, and related public service functions.

(4) Fingerprints recorded in connection with licenses, permits, or other authorizations that are issued by departments of the city.

(5) Fingerprints that are recorded in connection with applications for employment by the city.

(c) No fee shall be imposed under this section if its imposition is prohibited by a valid and applicable state or federal law, and no fee shall be imposed in excess of any fee limitation established by a valid and applicable state or federal law.

(Code 1968, § 34-103; Ord. No. 79-616, § 1, 4-17-79; Ord. No. 03-1302, § 1, 12-17-03; Ord. No. 1168, § 13, 12-14-2011)

Sec. 34-2. Temporary performance of duties of higher classification by firemen or policemen.

(a) Whenever the holder of a classified position in the fire or police department of the city is absent for one day or more, and, in the opinion of the chief of the fire or police department, it would be in the best interests of the operation of such department to fill the position temporarily, the chief of such department may designate in writing, copies of such designation to be furnished to the civil service department, the holder of a position in the next lower classification to fill such higher position temporarily.

(b) Any person designated under the terms of this section to fill a position in the higher classification temporarily shall be paid the base salary of the higher position plus his own longevity pay during the time he performs the duties thereof.

*__Cross references—__Burglar and fire alarm protective services, Ch. 11; civil service, Ch. 14; city marshal, § 16-41 et seq.; miscellaneous provisions and offenses, Ch. 28; prisoners and prison farm, Ch. 35; notification to police and fire departments of street closing, § 40-29.

(c) The temporary performance of the duties of a higher position under the terms of this section by a person who has not been promoted to such position in accordance with the terms of article 1269m of the Revised Civil Statutes of Texas, and the civil service rules and regulations of the city governing the fire and police departments, shall never be construed to promote such person to the higher position.
(Code 1968, §§ 18-24, 34-5.1; Ord. No. 70-1835, §§ 1—3, 10-20-70; Ord. No. 73-2079, § 1, 11-21-73)

Sec. 34-3. Payment for sick or vacation leave upon firemen's or policemen's death or termination of employment; repayment upon reemployment.

(a) Reserved.

(b) Firefighters or police officers who are members of the classified service of the fire and police departments of the city may accumulate vacation time to a total of 720 working hours; however, any firefighter or police officer who leaves the classified service for any reason shall receive, in a lump sum payment, the full amount of his salary for the period of his accumulated vacation leave, minus any hours of vacation leave previously taken during the calendar year in which the termination occurs. However, any fire fighter or police officer who loses his life, or is forced to leave the classified service, as a result of a line of duty injury or illness, or the beneficiaries of such fire fighter or police officer, shall receive in a lump sum payment the full amount of his salary for the total number of his working hours of accumulated vacation time.

(c) For purposes of determining the amount to which a fireman or policeman or his beneficiaries is entitled under subsections (a) and (b) of this section, "salary" shall mean the authorized base pay of the employee plus the longevity rate he has attained up to the date of separation or death. For purposes of this section, "salary" shall not include educational or training incentive pay or any other form of premium pay except as provided above.

(d) Reserved.
(Code 1968, § 2-35; Ord. No. 71-1592, § 1, 9-1-71; Ord. No. 75-139, § 1, 1-28-75; Ord. No. 76-1882, § 1, 11-2-76; Ord. No. 78-180, § 1, 2-1-78; Ord. No. 90-1138, § 2, 9-19-90; Ord. No. 96-1076, § 5, 10-16-96; Ord. No. 96-1088, § 4, 10-23-96)

Sec. 34-4. Authority of peace officers while under the influence of alcohol.

No peace officer employed by the city shall be entitled to exercise any authority of his or her office while under the influence of alcohol at any time during which the officer is not engaged in the performance of his or her assigned work duties. For purposes of this section, a peace officer shall be considered to be "under the influence of alcohol" if the peace officer has any measurable concentration of alcohol in his or her blood, breath or urine. For purposes of this section "assigned work duties" shall only include times during which the peace officer is actually engaged in work scheduled and paid for by the city, whether during the peace officer's regularly assigned work shift or authorized overtime work for the city.
(Ord. No. 89-1704, § 1, 11-29-89)

Secs. 34-5—34-20. Reserved.

ARTICLE II. POLICE DEPARTMENT*

Sec. 34-21. Created; general duties.

There is hereby created a police department, which together with its officers and employees, is charged with the duties of preserving the public peace; detecting and preventing crimes; arresting violators of the law; protecting the rights of persons and property; preserving the peace at all public meetings and public places; preventing and removing, whenever possible, all nuisances on or in the streets, highways, alleys, waters, and all other places; regulating and controlling vehicular and pedestrian traffic on the streets and alleys; investigating traffic accidents and determining the cause and responsibility for such accidents;

*__Charter reference—__Authority to establish regulate, etc., police department, Art. II, § 16(a).

__Cross references—__Officers and employees generally, § 2-21 et seq.; airport police, § 9-6 et seq.; civil service, Ch. 14; miscellaneous provisions and offenses, Ch. 28; prisoners and prison farms, Ch. 35; traffic, Ch. 45; police to enforce traffic ordinances, § 45-8; authority of police officer to direct traffic, § 45-9.

enforcing the Texas Penal Code; enforcing the penal ordinances of the city, and performing and discharging such other duties as are herein or which may hereafter be imposed upon it or them or any of them by the laws of the state, by the ordinances of the city, by the mayor or by the city council.
(Code 1968, § 34-1; Ord. No. 04-1075, § 10, 10-20-04; Ord. No. 2011-108, § 7, 2-9-2011)

Sec. 34-22. Chief of police generally.

There is hereby created the office of the chief of police in the police department of the city. The chief of police shall be appointed by the mayor and confirmed by the city council. Subject only to the orders and actions of the city council and mayor, the chief of police shall be the executive officer and director of the police department. He shall have management of the department, shall exercise all of the functions assigned to the department, and shall carry out the provisions of law and of ordinances with respect to such functions.
(Code 1968, § 34-2; Ord. No. 68-1756, § 1, 10-29-68; Ord. No. 05-91, § 9, 1-25-05)

Charter reference—Appointment of heads of administrative departments, Art. VI, § 7a.

Sec. 34-23. Administrative rules and regulations.

The chief of police shall promulgate administrative rules and regulations of the police department, with the approval of the mayor, governing the assignments, conduct, equipment, duties, responsibilities and authority of all officers and employees of the department, in relation to the customary assignments in the department, and

shall specify the kinds of uniforms to be worn and the equipment to be carried by officers and employees, subject to the approval of the mayor and city council, and the times and conditions under which such uniforms shall be worn and equipment carried. Such rules and regulations may further cover such other matters as the chief of police may deem necessary or expedient for the proper conduct of the work of the department and for making effective the provisions of this Code and other ordinances, and not inconsistent therewith. Subject to the city charter, ordinances, and rules and regulations of the civil service commission, the chief of police may punish officers and employees of the department for violation of the rules and regulations promulgated in accordance with this section. All such rules and regulations in effect shall be compiled, and published under the direction of the chief of police, and a copy of every rule and regulation to which he is subject shall be supplied to each officer and employee of the department.
(Code 1968, § 34-3)

Sec. 34-24. Absence or disability of chief of police.

The chief of police shall, from time to time, designate one of the persons holding the rank of assistant chief of police to discharge his duties during any time that the chief of police may be absent or otherwise unable to perform such duties. The person so designated shall be vested with the full authority of the office of chief of police when acting for the chief in that capacity.
(Code 1968, § 34-4)

Sec. 34-25. Temporary officers and police reserve force.

(a) The mayor, in case of a riot, flood, fire, or other public emergency, shall have power to appoint, for temporary service only and not to exceed 30 days, any number of temporary police officers and to discharge the same at will. Such temporary officers shall be paid by the city for service rendered the city in the discharge of their duties at a salary rate to be determined by the mayor.

(b) Pursuant to section 341.012 of the Local Government Code, the chief of police is hereby authorized to establish a police reserve force. The chief may establish rules and regulations governing the police reserve force not inconsistent with the provisions of this section of the Code of Ordinances.

(c) The chief of police may appoint members of a reserve police force who shall serve at the chief's discretion and who shall not receive any pay or other benefits except as provided herein.

(d) No person shall serve as a member of the police reserve force who does not meet the following qualifications:

(1) A member must meet all of the qualifications for licensing as a reserve officer by the Texas Commission on Law Enforcement Officer Standards and Education.

(2) The chief of police may prescribe additional written requirements that are related to the performance of the duties of the police reserve force.

(e) Members of the police reserve force shall serve as peace officers during the actual discharge of official duties. However, an appointment to the reserve forces must be approved by city council before the person is authorized to carry a weapon or otherwise act as a peace officer. After the appointment is approved, the appointee may carry a weapon only when authorized to do so by the chief of police and only when discharging official duties as a peace officer.

(f) The chief of police may call members of the reserve force into service at any time the chief considers it necessary to have additional officers to preserve the peace and enforce the law. Reserve officers may act only in a supplementary capacity to the regular police force may not assume the fulltime duties of regular police officers without complying with the requirements for regular police officers.

(g) The chief of police shall provide all training required for members of the reserve force to be certified by the Texas Commission on Law En-

forcement Officer Standards and Education and may provide additional training, uniforms and equipment as the chief determines is necessary.
(Ord. No. 1968, § 34-5; Ord. No. 91-1324, § 1, 9-18-91)

Sec. 34-26. Pension system.

The city council hereby approves and adopts those acts of the legislature of the state pertaining to police officers' pension systems codified as article 6243g-1 of the Revised Civil Statutes of Texas, as amended, and to such extent as such action may be necessary for the establishment and creation of the fund set out in such article 6243g-1, such fund is hereby established and created. Such article 6243g-1 is hereby referred to, adopted as a part hereof, and incorporated herein by reference as fully as if such article were set out at length herein.
(Code 1968, § 34-6)

Charter reference—Authority for pension system, Art. II, § 20.

Sec. 34-27. Refusing to assist police.

It shall be unlawful for any person, having been summoned or commanded by any policeman for assistance in making an arrest, or in executing any other duty devolving upon him under any law of the city in relation to public offenses within the city, to refuse or neglect to obey such summons or command, provided, however, such policeman shall be dressed in the uniform of the police department or present official police department identification in order for a refusal or failure to obey such summons or command to constitute an offense.
(Code 1968, § 34-10; Ord. No. 76-359, § 1, 3-2-76)

Sec. 34-28. Disposition of certain weapons.

Any pistol, dirk, dagger, knife, slingshot or any weapon prohibited by the Texas Penal Code which comes into the possession of the police department during the course and scope of said department's duties which is not being held as evidence for use in trials or pending cases or which has not been ordered returned to the person entitled to possession of such item by a court of competent jurisdiction, which for a period of not less than 90 days has remained unidentified or unclaimed by the lawful owner after notice to such owner as provided in section 34-29 et seq.*, of this Code, or if the lawful owner cannot be determined shall be destroyed in the presence of three police officers of the rank of lieutenant or higher, who shall make a written report under oath listing the type, make, model and serial number, if any, of the item destroyed, together with the time, date, place and manner of destruction; provided, however, that abandoned pistols which the chief of police or his designated representative has determined to be serviceable may be transferred to the permanent city equipment inventory of the police department for usage by said department in the daily course of its business as if such pistols had been originally purchased by the city for that purpose; and provided further that in the case of abandoned pistols which have been classified as "antiques" or "collector's items" by a qualified expert in the firearms field, such pistols shall be disposed of pursuant to the provisions of article IV of this chapter. The chief of police or his designated representative shall determine and select such qualified expert in the firearms field to classify such pistols.
(Code 1968, § 34-14; Ord. No. 77-563, § 1, 3-16-77)

*It should be noted that the provisions of former § 34-29 can now be found within Article VII of this chapter.

Secs. 34-29—34-34. Reserved.

Editor's note—Ord. No. 00-394, § 1, adopted May 17, 2000, repealed §§ 34-29—34-34 in their entirety. Formerly, said sections pertained to "unclaimed property", "abandoned property", "disposition list" defined; disposal of abandoned property by chief of police; acceptable proof of ownership required to assert claim to unclaimed or abandoned property; final disposition of abandoned property and disposition of perishable property or goods. See the Code Comparative Table.

Sec. 34-35. Workweek; overtime compensation; sick leave; vacation.

(a) Definitions. Unless otherwise indicated, the following words shall, for purposes of this section, have the following meanings:

(1) *Compensatory time* or *compensatory time off.* Hours during which eligible employees are not working and which are not counted as hours worked during the applicable workweek for purposes of over-

time compensation and for which the employee's is compensated at the employee's regular rate.

(2) *Eligible employee.* All classified members of the police department subject to the provisions of article 1269m of the Revised Civil Statutes of Texas.

(3) *Overtime.* Time actually worked in excess of the 40 hours in a workweek.

(4) *Regular rate of pay.* The regular rate of pay shall include:

a. Base pay;

b. Longevity pay;

c. Educational incentive pay;

d. Assignment pay; and

e. Higher classification pay, where authorized.

The term "regular rate of pay" shall not include compensation excluded under Section 7(e) of the Fair Labor Standards Act of 1938, as amended or the interpretative regulations and administrative or judicial opinions construing that section.

(5) *Time actually worked* or *actual work.* The time the employee is actually on duty or on a council declared holiday, on authorized sick leave, vacation leave, compensatory time off, death in the family leave or any other authorized leave. Hours spent by a police officer doing the work of an injured or ill police officer pursuant to section 26(h) of article 1269m shall not count as time actually worked for purposes of overtime compensation.

(6) *Workweek.* The workweek shall consist of a maximum of 40 hours of actual work within the consecutive 168-hour period beginning with the day shift Saturday.

(b) Eligible employees shall have a regularly scheduled workweek of 40 hours on a schedule established by the department.

(c) The police chief shall cause to be maintained accurate, complete and permanent records of all employee attendance and time actually worked during each workweek, and shall make reports of attendance and time actually worked as may be prescribed by the civil service commission. He shall certify the correctness of the reports. The reports shall be forwarded to the human resources department on a weekly basis.

(d) All eligible employees shall be compensated for working overtime beyond their regularly scheduled workweek by the payment of either monetary compensation at the rate of 1½ times their regular rate of pay or compensatory time at the rate of 1½ hours for each overtime hour worked. The following shall apply to the payment of overtime compensation:

(1) The chief of police or his designated subordinate shall verify that the overtime is needed to complete a required city service or operation.

(2) Any eligible employee shall elect to have his or her overtime paid in cash or compensatory time. Such election shall be made on a form prescribed by the chief and filed with the department's payroll clerk prior to the end of the applicable pay period. Failure to file the prescribed form will be deemed to be an election for compensatory time. Where overtime is paid in cash it shall be paid in the pay period in which it is earned or as soon thereafter as is possible, taking into consideration both the work cycle and the payroll system used.

(3) Where the employee is granted compensatory time the following shall apply.

a. The number of hours of compensatory time which may be accumulated shall not exceed 480.

b. Accrued compensatory time which is given must be used within 365 calendar days from the date accrued, provided that it does not unduly disrupt departmental operations. The police chief shall issue appropriate regulations governing the use of compensatory time.

c. Accrued compensatory time not taken within 365 days from the date of accrual shall be paid for, in cash, at the greater of:

1. The employee's regular rate of pay over the last three years of employment by the city preceding the date of payment; or

2. The employee's regular rate of pay as of the end of the pay period preceding the date of payment.

Such payment shall be made in the pay period following the expiration of the 365-day period.

d. The police department shall maintain detailed records of the accumulation and use of compensatory time on a form prescribed by the human resources director.

e. Accumulated compensatory time shall be used in accordance with the first-in-first-out (FIFO) accounting principle.

f. Any compensatory time accrued prior to April 15, 1986 and not used shall be carried on the records of the department until such time as it is used by the employee. The employee shall be entitled to monetary compensation for any compensatory time accrued prior to April 15, 1986, subject to the preceding limitations and restrictions.

(e) The police chief, or a designated subordinate may, subject to the operational requirements of the department, require an employee to work on a holiday subject to the following:

(1) An employee who is scheduled to work on a holiday may be given a day off in the same workweek in lieu of the holiday or the employee shall receive half-pay in addition to regular pay for the hours actually worked on the holiday.

(2) An employee who is called to duty on a holiday by virtue of an operational emergency shall be paid time and one-half for the hours actually worked on such holiday in addition to regular pay for the holiday.

(3) Where an employee's regularly scheduled day off falls on a holiday, the employee shall, subject to the operational requirements of the department, be given a day off in lieu of the holiday.

(4) For purposes of scheduling a holiday where an employee is unable to take the holiday as specified in (e)(1) or (e)(3) above, a holiday shall have an hour value equal to the number of hours in the employee's regularly scheduled shift or workday. However, for purposes of computation of overtime, the holiday shall have a value of eight hours.

(5) When a council declared holiday occurs during any paid leave of absence (vacation, sick time, injury on duty, etc.) the holiday is considered observed and that day's absence shall not be charged against the paid leave.

(f) The police chief may prepare and issue administrative guidelines to implement the provisions of section 26(h) of article 1269m wherein police officers are authorized to voluntarily do the work of an injured or ill police officer. The police department shall maintain records of all such assumed duty and the pay of the sick or injured police officer shall be continued only for that time during which a volunteer actually works on the behalf of the sick or injured police officer. This subsection shall provide the sole mechanism by which police officers may substitute themselves in the performance of the duties of another police officer.

(g) Employees of the police department who are classified pursuant to chapter 143 of the Texas Local Government Code, shall be granted sick leave consistent with applicable provisions of state law and article III of chapter 14 of this Code.

(h) Employees of the police department classified pursuant to article 1269m of the Revised Civil Statutes of Texas, shall earn 15 days of vacation with pay per year to be accrued at a

rate of 1¼ days per month. After 15 years of service employees shall be entitled to a vacation according to the following schedule:

16 years	16 days
17 years	17 days
18 years	18 days
19 years	19 days
20 years	20 days
21 years	21 days
22 years	22 days
23 or more years	22 days

Employees whose absences on authorized vacation leave are for periods other than a full working day as defined herein shall be assessed vacation leave in proportion to the number of full working days or fractions thereof they are absent.

(i) *Prenatal wellness leave.* Eligible employees of the police department who are classified pursuant to Chapter 143 of the Texas Local Government Code shall receive a maximum of 160 hours of paid prenatal leave for prenatal wellness healthcare appointments and other absences related to the pregnancy from the first date the leave is used in a 12-month period, regardless of whether more than one birth occurs within that 12-month period. Such leave shall be compensated at the employee's regular rate of pay plus any longevity or supplemental pays. Unused leave shall not be compensable and shall be forfeited (1) on the date the pregnancy ends; or (2) upon the date the employee separates from employment with the city. The human resources director shall promulgate internal rules and regulations regarding employee eligibility for and use of this leave.

(j) *Paid parental leave.* Eligible employees of the police department who are classified pursuant to Chapter 143 of the Texas Local Government Code shall receive a maximum 320 hours of paid parental leave to bond and care for a child after the birth or placement of a child with the employee for adoption or foster care as from the first date the leave is used in a 12-month period, regardless of whether more than one birth or placement of a child with the employee for adoption or foster care occurs within that 12-month period. Beginning September 1, 2023, eligible employees of the police department who are classified pursuant to Chapter 143 shall receive a maximum of 480 hours of paid parental leave per 12-month period described above. Any unused paid parental leave shall not be compensable and shall be forfeited (1) on the date after the child's first birthday; (2) on the date after one year since placement of a child with the employee for adoption or foster care; (3) when an employee separates from employment with the city; or (4) when the employee moves to a part-time or temporary position, whichever comes first. The human resources director shall promulgate internal rules and regulations regarding employee eligibility for and use of this leave.

(k) *Infant wellness leave.* Eligible employees of the police department who are classified pursuant to Chapter 143 of the Texas Local Government Code shall receive a maximum of 40 hours of infant wellness leave to seek medical care for their infants during the infant's first year after birth. An eligible employee shall not receive more than the maximum allotted amount of infant wellness leave, regardless of whether more than one birth or placement of a child with the employee for adoption or foster care occurs within that 12-month period. Any unused infant wellness leave shall not be compensable and shall be forfeited (1) after the infant's first birthday; or (2) upon the date the employee separates from employment with the city. The human resources director shall promulgate internal rules and regulations regarding employee eligibility for and use of this leave.

(Code 1968, § 34-19; Ord. No. 77-2411, § 2, 11-22-77; Ord. No. 86-490, § 1, 4-9-86; Ord. No. 96-1088, § 5, 10-23-96; Ord. No. 96-1290, §§ 23, 24, 12-4-96; Ord. No. 2022-267, § 3, 4-13-2022, eff. 5-14-2022)

Sec. 34-36. Use of police academy driving track by private persons.

(a) The chief of police or a person designated by him shall issue a permit for the use of the driving track at the city's police academy for low

speed vehicular events upon proper application therefor and payment of the permit fee upon a first come-first served basis if:

(1) The time and nature of the event shall not interfere with the use of the track or any other part of the police academy by the police department, any other city department, or governmental agency requiring or desiring the use thereof;

(2) The event meets the conditions and terms of such regulations as may be adopted from time to time by the chief of police as he may find necessary or desirable to avoid injury to persons or damage to private or public property due to the use of the facility;

(3) The applicant and any other persons, organizations, firms and corporations on whose behalf the application is made have contractually agreed that they will, if granted the permit, jointly and severally, indemnify and hold the city harmless against liability for any and all claims for damage to property or injury to or death of persons arising in any manner out of their use of the facility;

(4) Liability insurance with limits not less than $300,000.00 for each occurrence of property damage and $1,000,000.00 for each person and $1,000,000.00 for each occurrence for bodily injury or death be furnished in a form to protect the city and that evidence of such insurance be by a certificate of insurance or a policy naming the city as coinsured by appropriate endorsement. The insurance policy must be approved by the city attorney prior to the granting of any permit to use the facility.

(b) Any application for use of the driving track at the police academy shall be submitted to the chief of police on a form to be approved by the city attorney and supplied by the police department for that purpose no earlier than 180 days and no later than 30 days prior to the date use of the driving track is desired. The fee for a permit for use of the facility shall be submitted with the application.

(c) The permit fee for use of the driving track at the police academy pursuant to this section is stated for this provision in the city fee schedule for each hour or portion of an hour for which use of the facility is requested. Such fee shall be returned to the permit holder if the permit is withdrawn by the city on the grounds that the event would interfere with the use of the driving track or any part of the police academy by the city or any other governmental agency. The permit fee shall not otherwise be refundable.

(d) A permit issued pursuant to this section shall not grant any property right to the applicant and shall be subject to withdrawal by the city at any time up to and including the date of the proposed use of the driving track if the event will in any way interfere with any use of the driving track or any part of the police academy by the city or any other governmental agency.

(e) No fee may be charged for any spectators at any event held at the track at the police academy pursuant to this section.

(f) No participant, spectator or any person who is on the grounds of the police academy in connection with a low speed vehicular event shall consume or have in his possession any alcoholic beverage while on those grounds.
(Code 1968, § 34-20; Ord. No. 82-33, § 1, 1-12-82; Ord. No. 1168, § 13, 12-14-2011)

Sec. 34-37. Acceptance of donations and loans of tangible property by the chief of police for the Houston Police Museum.

The chief of police or his designated representative is hereby authorized to accept on behalf of the city, without action by the city council, donations and loans of tangible property for the Houston Police Museum. Any loan of tangible property pursuant to the authority of this section shall both be free of charge to the city and be documented by an agreement signed by the lender, which agreement includes all and only the following terms and conditions:

(a) The city shall not be liable for the destruction or loss of an item unless said destruction or loss is due to the gross negligence of City of Houston employees while work-

ing within the course and scope of their employment. In no event shall the city be liable for more than the lesser of the following for any item:

(i) Five thousand dollars; or

(ii) The value of the item as indicated by the lender in the agreement.

(b) It is understood by the lender that all items are subject to gradual inherent deterioration for which the city is not responsible. Although he has no duty to do so, director of the police museum ("director") may fumigate items which in his opinion show evidence of infestation.

(c) The police museum may photograph items for educational and publicity purposes. It is understood that items on exhibit may be photographed by the general public.

(d) The chief of police, through the director, retains the right to determine when, if, and for how long items will be exhibited.

(e) Items will be returned to the lender at the site of the police museum upon 30 days written notice to the director. If the person who comes to take custody of an item is not the lender who signed the loan agreement, the chief of police, through the director, may demand proof that said person is authorized by the owner to take custody of the item. The person taking custody of the item will be required to sign an appropriate receipt prior to the return.

(f) If the police museum closes, the lender will receive notice thereof at the address listed on the loan agreement or at his new address if communicated to the director. Within 30 days of receipt of said notice, lender shall be required to take possession of the item. If the lender does not take possession of the item within said 30-day period, the director will store the item at the lender's risk. If after one year of storage and after reasonable efforts have been made to contact the lender the item is still unclaimed, then in consideration of the item's storage and safe-guarding during such period, the lender shall be deemed to have made an unrestricted gift of the item to the police museum.

(Code 1968, § 34-21; Ord. No. 83-1744, § 1, 10-26-83)

Sec. 34-38. Payment of cost of medical examination for victims of alleged sexual assault where examination requested by police department.

(a) As used in this section:

(1) *Sexual assault* and *aggravated sexual assault* are the offenses defined in §§ 21.011 and 21.021 of the Texas Penal Code.

(2) *Medical examination* includes a medical examination and all laboratory tests related to the alleged offenses of sexual assault and aggravated sexual assault as defined herein.

(b) The chief of the police department is hereby authorized to initiate a voucher for the payment of medical examinations that are requested by an authorized member of such department. Such vouchers shall be based on bills submitted to the police department by the attending physician.

(c) No payment of a voucher for the cost of a medical examination shall be made without the approval of the director of the public health. The director shall review all payments for the appropriateness of the medical procedures and tests performed and the costs thereof. Such review shall be based on generally accepted medical standards for such procedures and fees.

(d) The chief of police may delegate the responsibility for authorizing and paying for such tests to any member of the police department.

(e) The director of the public health may delegate his responsibility for the review provided herein to any member of the Houston Health Department who is licensed to practice medicine in the state.

(Code 1968, § 2-24; Ord. No. 75-386, § 1, 3-11-75; Ord. No. 2015-820, §§ 33, 34, 8-26-2015)

Sec. 34-39. Acts of cruelty or harassment directed at horses of the mounted police.

It shall be unlawful for any person to strike, prod, poke, torment, injure or make any physical contact with a horse, whether mounted or unmounted, which is in use on official duties by an officer of the Houston Police Mounted Patrol, which such person knows or should reasonably believe would tend to irritate, alarm, disturb, frighten or stampede such horse. Any physical action by a mounted patrol officer to use, direct or control his mount shall not be an offense under this section. Any offense under this section which also constitutes an offense under state law shall be punishable as provided by the applicable state law.
(Ord. No. 85-649, § 1, 5-7-85)

Sec. 34-40. Use of police training services by outside agencies.

Priority shall be given in all training courses conducted by the police department to peace officers and peace officer candidates of the city. To the extent that any excess capacity may exist in any class or training course after city needs have been accommodated the police department may allow persons who are employed as peace officers or peace officer candidates by other jurisdictions to attend the class or training course. The chief of police may adopt administrative regulations regarding the offering of training to persons from other jurisdictions. The police chief or such member of the police department as the chief may designate shall establish training fees, registration fees, lab fees, printing fees, and other related fees for any training furnished to persons from other jurisdictions. The fees shall be payable for each person other than a city peace officer or candidate attending each class. The fees shall be based upon the city's cost of providing the services and shall be remitted to the city treasury. All fees shall be subject to the approval of the director of administration and regulatory affairs. The fees approved under this provision shall be included in the city fee schedule.
(Ord. No. 91-975, § 1, 6-26-91; Ord. No. 08-52, § 55, 1-16-08, eff. 1-26-08; Ord. No. 1168, § 13, 12-14-2011)

Sec. 34-41. Immigration procedures.

(a) *Definitions.* Unless otherwise indicated, the following words shall, for purposes of this section, have the following meanings:

(1) *ICE.* U.S. Immigration and Customs Enforcement (ICE) enforces federal laws governing border control, customs, trade, and immigration to promote homeland security and public safety.

(2) *NCIC.* National Crime Information Center database maintained by the Federal Bureau of Investigation.

(3) *TCIC.* Texas Crime Information Center database maintained by the Texas Department of Public Safety.

(4) *Background check.* A routine law enforcement database inquiry conducted through NCIC or TCIC during the course of official duties.

(5) *Criminal warrant.* A warrant issued by a neutral magistrate or judge based upon probable cause that a criminal law has been violated.

(6) *ICE administrative warrant.* An administrative warrant (form I-200/I-205) issued by ICE personnel commanding the arrest of an individual either to conduct removal proceedings or for removal.

(7) *Field encounter.* A temporary investigative or enforcement interaction between an officer and civilian individual, including traffic stops and disturbance interviews.

(8) *ICE detainer.* A request made by ICE through I-247 or a similar or successor form to maintain custody of someone already lawfully arrested and booked, usually in a jail setting.

(b) Pursuant to section 752.053 of the Texas Government Code, nothing in this section shall be construed to prohibit or materially limit cooperation with federal immigration authorities as required by state law or by agreement.

(c) During a field encounter, in accordance with the Fourth Amendment of the U.S. Constitution, officers may temporarily detain an individual as long as reasonably necessary to complete the legitimate purpose of the initial stop or investigation and for other legitimate purposes discovered during the detention. HPD will ensure the policy complies with this reasonable standard.

(d) Each council member shall receive a public quarterly memorandum from HPD concerning the use of City resources for immigration enforcement, excluding information that would jeopardize any ongoing criminal investigation or prosecution. The report shall include anonymized records of:

(1) Each instance where officers inquired into immigration status, including: the offense or ordinance section if any; the reason for the inquiry; the person's race and ethnicity; the number of officers involved; the officer employee numbers of the inquiring officers; and the general location, such as the ZIP code of the incident.

(2) Each instance where officers contacted federal immigration authorities, including ICE, or responded to requests during a field encounter from such federal immigration authorities, including: the reason for the stop, detention, or arrest; the offense or ordinance section if any; whether an administrative warrant, detainer, or criminal warrant was involved; the start and end times of detention; the officer employee numbers of the inquiring officers; the number of individuals taken into federal immigration custody for alleged civil immigration violations if known; the person's race and ethnicity; the number of officers involved; and the general location, such as the ZIP code of the incident.

(3) Notwithstanding any reporting requirement in this section, no information that is confidential by law may be publicly released in any report.

(Ord. No. 2026-0284, § 2, 4-8-2026; Ord. No. 26-0335, §§ 2—5, 4-22-2026)

Secs. 34-42—34-45. Reserved.

ARTICLE III. FIRE DEPARTMENT*

Sec. 34-46. Created; duties generally.

There is hereby created a fire department, the officers and employees of which, excepting those attending the firemen's training school, those designated as apprentice fireman and those who are on probation, are charged with the duty of preventing and extinguishing fires and conflagrations and preventing the loss of human life and property by fire, and doing all such other duties as are imposed upon them by ordinance of the city council. In addition to the duties and functions specifically set forth in this article for the various officers of the fire department, each of such officers and those employees acting under them shall perform such other and further duties as may be required of them by the mayor or their superior officers, or by the provisions of the state law, the Charter and ordinances of the city.

(Code 1968, § 18-1; Ord. No. 73-2079, § 1, 11-21-73)

Sec. 34-47. Administration division; duties generally.

The administration division of the fire department and its personnel shall supervise and manage the fire department and shall be charged with the primary duty of seeing that the functions and duties of such department and each division and action thereof are duly performed and carried out, and shall do and perform, or cause to be done and performed, such other duties and functions that may be assigned to or required of the fire department, any of its divisions, sections and personnel by state laws, the provisions of the Charter and ordinances of the city and by order of the mayor.

(Code 1968, § 18-2; Ord. No. 73-2079, § 1, 11-21-73)

***Charter reference—**Authority to establish, maintain, etc., fire department, Art. II, § 8.

Cross references—Officers and employees generally, § 2-21 et seq.; fire department emergency ambulance service, § 4-9; building constituting fire hazard generally, § 10-296 et seq.; dangerous buildings, § 10-326 et seq.; civil service, Ch. 14; authority of fire department officer to direct traffic, § 45-10; fire hydrants standard pipes, etc., generally, § 47-27 et seq.

[The next page is 2359]

Sec. 34-48. Fire prevention division; duties generally.

The fire prevention division of the fire department and its personnel shall be charged with the primary duty of enforcing all laws of the state and ordinances of the city covering the following:

(1) The prevention of fires.

(2) The storage and use of explosives and inflammables.

(3) The installation and maintenance of automatic and other fire alarm systems and protection systems, fire extinguishers and equipment.

(4) The maintenance and regulation of fire escapes.

(5) The means and adequacy of exits in cases of fires from factories, schools, boarding homes, as defined in section 28-451 of this Code, lodging facilities, as defined in section 28-601 of this Code, convalescent homes, hotels, asylums, hospitals, churches, public halls, theaters, and in all other places where numbers of persons work, live, or congregate from time to time for any purposes.

(6) The investigation of causes, origin and circumstances of fire.

(7) The conducting of fire prevention campaigns and the circulation of fire prevention literature, for the benefit of civic clubs, labor organizations, business and commercial enterprises, schools, factories, boarding homes, as defined in section 28-451 of this Code, lodging facilities, as defined in section 28-601 of this Code, hotels, lodges, hospitals, convalescent homes, churches, halls, theaters and the general public in the interest of fire prevention and public safety.

(8) Such other duties as may be imposed from time to time by the mayor, the laws of the state, ordinances of the city, and by the chief of the fire department and the fire marshal.

(Code 1968, § 18-3; Ord. No. 73-2079, § 1, 11-21-73Ord. No. 2018-225, § 11, 3-22-2018)

Sec. 34-49. Auxiliary fire division.

The auxiliary fire division of the fire department and its personnel shall supervise the program and work of the auxiliary firemen in the city and shall do and perform, or cause to be done and performed, such other duties and functions as may be assigned to or required of such division and its personnel by order of the mayor, by the chief of the fire department, and by the provisions of state laws, the Charter and ordinances of the city.

(Code 1968, § 18-4; Ord. No. 73-2079, § 1, 11-21-73)

Sec. 34-50. Divisions of fire department; general duties and responsibilities of each division.

(a) The fire department shall consist of three divisions, to be known as the fire suppression division, the fire alarm division and the fire prevention division.

(b) The fire suppression division and its personnel shall be charged with the primary duty of extinguishing fires and conflagrations and preventing the loss of human life and property by fire.

(c) The fire alarm division of the fire department and its personnel shall be charged with the primary duty of operating the fire alarm system in the city, and performing or causing to be performed such other duties and functions as may be assigned to or required of it or them by the mayor, the chief of the fire department, by state law and the provisions of the Charter or ordinances of the city.

(d) The fire prevention division and its personnel shall be charged with the primary duty of conducting inspections, reviewing plans for

construction and conducting public information campaigns to reduce the loss of life and property by fire.

(e) In addition to the duties of the divisions and their personnel, as hereinabove set out, each division and its personnel shall do and perform, or cause to be done and performed, such other duties and functions as may be assigned to or required of such section by the mayor, the fire chief, and the provisions of the state law, the Charter and ordinances of the city.
(Code 1968, § 18-5; Ord. No. 73-2079, § 1, 11-21-73; Ord. No. 2010-803, § 9, 10-13-2010)

Sec. 34-51. Employee regulations generally.

All employees of the fire department shall be employees of the department and not of the several divisions or sections of divisions thereof. The title of each of the positions created in this article, as well as the provisions of this article setting forth the primary duties and functions of the divisions and sections of the fire department and its personnel, describe generally the duties and functions to be required of and performed by the employees holding such positions, but such employees shall do and perform such other and further duties and functions as may be required of them from time to time by order of their superior officers, the mayor, and by the provisions of the state law, the Charter and ordinances of the city. The holders of the positions assigned herein to a particular division or section of the fire department may be reassigned or transferred to do the same or related work from one division to another, or from one section to another, in either the same division or another, temporarily or permanently, or reassigned or retransferred by the chief of the fire department at his discretion; provided, however, no change shall be made in the rank, title or salary of any employee unless such change shall have the approval of the mayor and be in conformity with the Charter, ordinances, and the rules and regulations of the civil service commission. The title of each of the holders of the positions herein created shall be in accordance with the terms of this article.
(Code 1968, § 18-6; Ord. No. 73-2079, § 1, 11-21-73)

Sec. 34-52. Chief generally.

(a) *Appointment; qualifications.* The chief of the fire department shall be appointed by the mayor and confirmed by the city council. No person shall be appointed to the office of chief of the fire department unless the person shall have had at least ten years' experience as a firefighter prior to the date of appointment and has served two years of such time either:

(1) In the Houston Fire Department in the rank of senior captain or a higher rank;

(2) In another fire department in a rank that is equivalent in duties and responsibilities to that of senior captain or a higher rank in the Houston Fire Department.

(b) *Oath.* The chief of the fire department, before entering upon his duties, shall take the constitutional oath of office.
(Code 1968, § 18-7; Ord. No. 73-2079, § 1, 11-21-73; Ord. No. 84-1778, § 1, 11-14-84)

Charter reference—Appointment of heads of administrative departments, Art. VI, § 7a.

Sec. 34-53. Functions of chief.

The chief of the fire department, subject to the direction and supervision of the mayor, shall be the executive officer and director of the fire department and the administration thereof, and he shall have full control, supervision and authority over all officers and employees, stations, buildings, apparatus, equipment and other property of the fire department or in the possession thereof. He shall attend such fires in the city as may demand his presence when within his power to do so. He shall exercise and perform or cause to be exercised and performed all of the duties and functions assigned to such department and any of its divisions and sections and shall carry out the provisions of laws and ordinances with respect to such duties and functions, and it shall be his duty to enforce or cause the enforcement of all laws, ordinances and regulations pertaining to the prevention and extinguishment of fires and fire hazards within the city and perform such other duties as are

required of him by the laws of the state, the Charter and ordinances of the city, and the orders of the mayor.
(Code 1968, § 18-8; Ord. No. 73-2079, § 1, 11-21-73; Ord. No. 05-91, § 10, 1-25-05)

Sec. 34-54. Assistant chiefs.

The positions of assistant chief of the fire department shall constitute the second level of command within the department, and the holders thereof shall assist the chief of the fire department in the administration of the department by performing such duties as he may lawfully direct.

Sec. 34-55. Absence or disability of chief.

The chief of the fire department shall, from time to time, designate one of the persons holding the rank of assistant chief of the fire department to discharge his duties during any time that the chief may be absent or otherwise unable to perform such duties. The person so designated shall be vested with the full authority of the office of chief of the fire department when acting for the chief in that capacity.
(Code 1968, § 18-9; Ord. No. 73-2079, § 1, 11-21-73)

Sec. 34-56. Fire marshal.

The holder of the position of fire marshal shall be the assistant chief in charge of the fire prevention division of the fire department and, together with those employees holding the assisting positions within the fire prevention division, shall perform or cause to be performed all of the duties required of such division.
(Code 1968, § 18-10; Ord. No. 73-2079, § 1, 11-21-73; Ord. No. 92-345, § 1, 4-1-92)

Sec. 34-57. Functions of other employees.

The duties and functions of all other employees of the fire department, whose primary duties are not set forth in this article, shall be those set forth in the rules and regulations and classifications of the civil service commission, and the holders of such positions, in conformity with the state laws, the city Charter and ordinances of the city and the rules and regulations of the civil service commission, shall perform such duties and functions or such further or related duties and functions as may be required by the chief of the fire department by those in charge of such divisions of the fire department to which such employees may be assigned or reassigned by the fire chief.
(Code 1968, § 18-16; Ord. No. 73-2079, § 1, 11-21-73)

Sec. 34-58. Police power at fires; authority to command reasonable assistance.

The chief of the fire department and each of his assistants and all officers thereof shall have the same police power at all fires as the police officers of the city have. Any person refusing to comply with any reasonable orders given by the chief of the fire department, or any official in the fire department, shall be deemed guilty of a misdemeanor.
(Code 1968, § 18-19; Ord. No. 73-2079, § 1, 11-21-73)

Sec. 34-59. Workweek; overtime compensation; sick leave; vacation leave.

(a) Definitions. Unless otherwise indicated, the following words shall, for purposes of this section, have the following meanings:

(1) *Compensatory time* or *compensatory time off.* Hours during which eligible employees are not working and which are not counted as hours worked during the applicable workweek for purposes of overtime compensation and for which the employee is compensated at the employee's regular rate.

(2) *Eligible employee.* All classified members of the fire department subject to the provisions of articles 1269m and 1269p of the Revised Civil Statutes of Texas.

(3) *Overtime.* Dependent upon the duty assignment and work cycle of the firemen, overtime shall be that time worked in excess of either:

a. 40 hours in a workweek; or

b. An average number of hours of actual work per week over a calendar year of 46.7 hours as authorized by the provisions of article 1269p.

(4) *Regular rate of pay.* Regular rate of pay shall include:

a. Base pay;

b. Longevity pay;

c. Educational incentive pay;

d. Assignment pay; and

e. Higher classification pay where authorized.

The term "regular rate of pay" shall not include compensation excluded under Section 7(e) of the Fair Labor Standards Act of 1938, as amended, or the interpretative regulations and administrative or judicial opinions construing that section.

(5) *Workweek.* Dependent upon the duty assignment and work cycle of the fireman, the workweek shall be either:

a. Forty hours of actual work within the consecutive one hundred sixty-eight-hour period beginning with the dayshift Saturday; or

b. An average number of hours of actual work per week over a calendar year of 46.7 hours as authorized by the provisions of article 1269p.

(6) *Time actually worked* or *actual work.* The time the employee is actually on duty or on a council declared holiday, on authorized sick leave, vacation leave, compensatory time off, death in the family leave or any other authorized leave, provided that this is for the purpose of overtime calculations dealt with in this section only and not for purposes of determining compliance with article 1269p, section 6(D) of the Revised Civil Statutes of Texas, which shall be governed by state law. Hours spent by a fireman doing the work of an injured or ill fireman pursuant to section 26(h) of article 1269m shall not count as hours worked for purposes of overtime compensation. Hours worked in "substitution" pursuant to subsection (f) hereof shall not be counted as time actually worked for purposes of overtime compensation. Calculation of time actually worked shall commence upon the arrival of the fireman at his or her assigned place of duty for the particular duty day at the time established for the commencement of the work shift.

(b) Eligible employees shall have a regularly scheduled workweek on a schedule established by the department. Any fireman whose duties involve either the extinguishment of fires or the delivery of emergency medical services shall be entitled to overtime pay for those hours in excess of the scheduled work cycle as established pursuant to article 1269p. Any fireman whose duty assignment is not described by the foregoing shall be entitled to overtime pay for all time actually worked in excess of his or her forty-hour workweek.

(c) The fire chief shall cause to be maintained accurate, complete and permanent records of all employee attendance and time actually worked during each workweek. He shall make reports of attendance and time actually worked as may be prescribed by the civil service commission. He shall certify the correctness of the reports. The reports shall be forwarded to the human resources department on a weekly basis.

(d) All eligible employees shall be compensated for working overtime beyond their regularly scheduled workweek by the payment of either monetary compensation at the rate of 1½ times their regular rate of pay or compensatory time at the rate of 1½ hours for each overtime hour worked. The following shall apply to the payment of overtime compensation:

(1) The fire chief or his designated subordinate shall verify that the overtime is needed to complete a required city service or operation.

(2) Upon request of the fireman, the fire chief may, in his discretion, grant compensatory time in lieu of cash payment for overtime. Where overtime is paid in cash it shall be paid in the pay period in which it is earned or as soon

thereafter as is possible, taking into consideration both the work cycle and the payroll system used.

(3) Where the employee is granted compensatory time the following shall apply:

a. The number of hours of compensatory time which may be accumulated shall not exceed 480.

b. Accrued compensatory time which is given must be used within 365 calendar days from the date accrued, provided that it does not unduly disrupt departmental operations. The fire chief shall issue appropriate regulations governing the use of compensatory time.

c. Accrued compensatory time not taken within 365 days from the date of accrual shall be paid for, in cash, at the greater of:

1. The employee's average regular rate of pay over the employee's last three years of employment by the city preceding the date of payment; or

2. The employee's regular rate of pay as of the end of the pay period preceding the date of payment.

Such payment shall be made in the pay period following expiration of the three hundred sixty-five-day period.

d. The fire department shall maintain detailed records of the accumulation and use of compensatory time on a form prescribed by the human resources director.

e. Accumulated compensatory time shall be used in accordance with the first-in-first-out (FIFO) accounting principle.

f. Any compensatory time accrued prior to April 15, 1986 and not used shall be carried on the records of the department until such time as it is used by the employee. The employee shall not be entitled to monetary compensation for any compensatory time accrued prior to April 15, 1986.

(e) All classified firefighters of the fire department who are subject to the provisions of chapter 142 and chapter 143 of the Local Government Code shall be entitled to the same number of holidays or days in lieu thereof as are granted to all other employees of the city as provided below:

(1) All holidays shall have an accrual value of eight hours. When a classified employee is unable to take the holiday, he or she shall have eight hours posted to his or her accrued holiday balance. When an accrued holiday day is taken in lieu of the regularly scheduled holiday, eight hours will be charged; however, its usage value will be dependent upon the shift worked by the classified employee at the time the day in lieu of the holiday is taken. For each holiday accrued, an employee shall receive hours off as follows:

a. *A classified employee in the Emergency Operations Division assigned to the average of 46.7 hours per week work schedule:* 12 hours.

b. *A classified employee in the Office of Emergency Communications assigned to a 12-hour work day:* 12 hours.

c. *A classified employee assigned to a ten-hour work day:* 10 hours.

d. *Any other classified employee:* 8 hours.

(2) Where a holiday falls on a regularly scheduled day off, any employee so affected shall accrue the holiday in the manner described in subsection (e)(1) above.

(3) Employees in the Emergency Operations Division and assigned to the average of 46.7 hours per week work schedule who are normally scheduled to work on the actual dates of July 4th, December 24th, December 25th, and January 1st, as well as the following City approved Holidays (Martin Luther King Jr. Day, Memorial

Day, Labor Day, Veteran's Day, Thanksgiving Day, and the day after Thanksgiving Day) shall accrue two holidays, provided the member is physically on-duty and completes the entire 24-hour shift, beginning at 0630 hours of the holiday in question. The holidays will accrue as two eight-hour accruals for the holiday shift worked.

Employees in the Emergency Operations Division, not normally scheduled to work, that are called in to work on the actual dates of July 4th, December 24th, December 25th, and January 1st, as well as the following City approved Holidays (Martin Luther King Jr. Day, Memorial Day, Labor Day, Veteran's Day, Thanksgiving Day) shall accrue one eight-hour accrual for the holiday shift worked.

(4) Employees in the Emergency Operations Division and assigned to the average of 46.7 hours per week work schedule who are not normally scheduled to work, that are called in to work on the actual dates of July 4th, December 24th, December 25th and January 1st, as well as the following City approved Holidays (Martin Luther King Jr. Day, Memorial Day, Labor Day, Veteran's Day, Thanksgiving Day, and the day after Thanksgiving Day) shall be paid at the rate of time and one-half the hourly rate for actual hours worked during the 24-hour period beginning at 0630 hours of the holiday in question in lieu of the extra board straight time rate.

(5) When a holiday occurs during any paid leave of absence (vacation, sick time, injury on duty, etc.), the holiday is considered to have not been observed and the holiday shall be accrued and that day's absence will be changed against paid leave.

(6) Any classified employee separates from employment and has an accrued holiday leave-balance shall be paid for such holidays. Any classified employee hired on or after July 1, 2017, who separates from service and has an accrued holiday leave-balance shall be paid for such holidays not to exceed a total of 11 holidays. The limitation of 11 holidays shall not apply to a classified employee who leaves the classified service because of disability or death, and in such event, the employee, or his/her estate, shall be paid for all of the accrued holiday balance. All holidays for which payment is made upon separation, disability or death shall be valued at eight hours, regardless of the scheduled work hours or duties assigned to the firefighter at the time they were earned.

(f) The fire chief shall prepare and issue administrative guidelines to implement the provisions of section 26(h) of article 1269m wherein firemen are authorized to voluntarily do the work of an injured or ill fireman.

(g) If the fire chief elects to permit "substitution," as that term is used in the context of the Fair Labor Standards Act and as the practice is described by section 7 of article 1269p, he shall prepare and issue administrative guidelines to implement the provisions of section 7 of article 1269p subject to all applicable provisions of the Fair Labor Standards Act and the interpretations thereof.

(h) The fire chief shall prepare and issue administrative guidelines regarding on-call status for firemen. Such guidelines shall be structured so as to limit the number of firemen on-call to a number reasonably required to meet the needs of the department. Further, such policy shall conform with the standards pertaining to overtime pay for on-call time under the Fair Labor Standards Act of 1938, as amended, and the interpretations thereof.

(i) Employees of the fire department classified pursuant to article 1269m of the Revised Civil Statutes of Texas, shall be allowed sick leave consistent with the provisions of section 26(b)(a) of article 1269m and Ordinance No. 84-1962, as amended. When a sick day is taken, its value will be dependent upon the shift or duty assignment held by the fireman at the time the day is taken. Any fireman engaged in fighting

fires or the actual delivery of emergency medical services shall receive 12 hours off for each sick day taken. All other classified personnel shall receive eight hours off for each sick day taken. Officers and employees whose absences on authorized sick leave are for periods other than a full working day as defined herein shall be assessed sick leave in proportion to the number of full working days or fraction thereof they are absent.

(j) Officers and employees of the fire department classified pursuant to article 1269m of the Revised Civil Statutes of Texas, shall earn 15 days of vacation with pay per year to be accrued at a rate of 1¼ days per month. After 15 years of service employees shall be entitled to a vacation according to the following schedule:

16 years	16 days
17 years	17 days
18 years	18 days
19 years	19 days
20 years	20 days
21 years	21 days
22 years	22 days
23 or more years . .	22 days

When a vacation day is taken, its value will be dependent upon the shift held by the fireman at the time the day is taken. Any fireman engaged in fighting fires or the actual delivery of emergency medical services shall receive 12 hours off for each vacation day taken. All other classified personnel shall receive eight hours off for each vacation day taken. Officers and employees whose absences on authorized vacation leave are for periods other than a full working day as defined herein shall be assessed vacation leave in proportion to the number of full working days or fractions thereof they are absent.

(k) *Prenatal wellness leave.* Eligible employees of the fire department who are classified pursuant to Chapter 143 of the Texas Local Government Code shall receive a maximum of 160 hours of paid prenatal leave for prenatal wellness healthcare appointments and other absences related to the pregnancy from the first date the leave is used in a 12-month period, regardless of whether more than one birth occurs within that 12-month period. Such leave shall be compensated at the employee's regular rate of pay plus any longevity or supplemental pays. Unused leave shall not be compensable and shall be forfeited (1) on the date the pregnancy ends; or (2) when an employee separates from employment with the city. The human resources director shall promulgate internal rules and regulations regarding employee eligibility for and use of this leave.

(l) *Paid parental leave.* Eligible employees of the fire department who are classified pursuant to Chapter 143 of the Texas Local Government Code shall receive a maximum 320 hours of paid parental leave to bond and care for a child after the birth or placement of a child with the employee for adoption or foster care from the first date the leave is used in a 12-month period, regardless of whether more than one birth or placement of a child with the employee for adoption or foster care occurs within that 12-month period. Beginning September 1, 2023, eligible employees of the fire department who are classified pursuant to Chapter 143 shall receive a maximum of 480 hours of paid parental leave per 12-month period described above. Any unused paid parental leave shall not be compensable and shall be forfeited (1) on the date after the child's first birthday; (2) on the date after one year since placement of a child with the employee for adoption or foster care; (3) when an employee separates from employment with the city; or (4) when the employee moves to a part-time or temporary position, whichever comes first. The human resources director shall promulgate internal rules and regulations regarding employee eligibility for and use of this leave.

(m) *Infant wellness leave.* Eligible employees of the fire department who are classified pursuant to Chapter 143 of the Texas Local Government Code shall receive a maximum of 40 hours of infant wellness leave to seek medical care for their infants during the infant's first year after birth. An eligible employee shall not receive more than the maximum allotted amount of infant wellness leave, regardless of whether more than one birth or placement of a child with the employee for adoption or foster care occurs within that 12-month period. Any unused infant wellness leave shall not be compensable and shall be forfeited (1) after the infant's first

birthday; or (2) upon the date the employee separates from employment with the city. The human resources director shall promulgate internal rules and regulations regarding employee eligibility for and use of this leave.
(Code 1968, § 18-20; Ord. No. 73-2079, § 1, 11-21-73; Ord. No. 74-2184, § 1, 12-17-74; Ord. No. 77-2411, § 1, 11-22-77; Ord. No. 79-1035, § 1, 6-21-79; Ord. No. 80-2873, § 1, 9-30-80; Ord. No. 81-1319, § 1, 7-8-81; Ord. No. 86-489, § 1, 4-9-86; Ord. No. 86-517, § 1, 4-15-86; Ord. No. 92-1412, § 1, 10-28-92; Ord. No. 94-189, § 1, 2-23-94; Ord. No. 94-1005, § 1, 9-21-94; Ord. No. 96-1290, §§ 25, 26, 12-4-96; Ord. No. 98-669, § 1, 8-19-98; Ord. No. 2017-462, §§ 7.4, 7.5, 6-28-2017, eff. 7-1-2017; Ord. No. 2022-267, § 4, 4-13-2022, eff. 5-14-2022)

Sec. 34-60. Retirement age.

No fireman shall be permitted to remain on active duty with the fire department of the city after the date on which he attains the age of 65 years or over, but any such fireman shall he retired from the service on the birthdate at which he attains the age of 65 years or over.
(Code 1968, § 18-21(g); Ord. No. 73-2079, § 1, 11-21-73)

Sec. 34-61. Hazardous materials response team service; charges.

(a) In this section, the following words, terms, and phrases shall have the meanings ascribed to them in this section, unless the context of their usage clearly indicates another meaning:

Business entity or person means any corporation, sole proprietorship, partnership, limited partnership, person, firm or other similar entity engaged in any commercial, business or industrial transactions of any nature.

Fire chief shall mean the fire chief of the city and such persons as he may designate to perform his duties under this section.

Hazardous materials means any flammables, explosives, radioactive materials, hazardous waste, toxic substances or related materials, including substances defined as "hazardous substances," "hazardous materials," "toxic substances" or "solid wastes" in or pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 as amended, 42 U.S.C. § 9601, et seq.; the Hazardous Materials Transportation Act, 49 U.S.C. § 1801, et seq.; the Resource Conservation and Recovery Act of 1976, 42 U.S.C. § 6901, et seq.; the Toxic Substances Control Act, as amended, 15 U.S.C. § 2601, et seq.; or the Texas Solid Waste Disposal Act, as amended, Texas Health & Safety Code § 361.001, et seq.

Hazardous materials response team or *team* means the hazardous materials response team of the city's fire department.

[The next page is 2364.3]

Responsible party means, jointly and severally, all persons involved in the possession, ownership or transportation of any hazardous material that is released or abandoned, or who have legal liability for the causation of an incident resulting in the release or abandonment of any hazardous material.

Service means a response by the team to an incident involving a leakage, spill and/or other release and/or abandonment of any hazardous material.

Service call means the period of time from the arrival of the team at the site where the service is to be performed to the return of the team to on-call status at the incident site.

(b) In order to partially defray the costs incurred by the city in providing service by the team, charges are hereby established to be paid by and collected from the responsible party. As an alternative means of recoupment of some of the costs of hazardous materials service there is hereby established a voluntary program by which any business entity or person may choose to pay an annual contribution to the city in order to exempt such entity or person from the necessity of paying specific service charges for any incident for which that entity or person bears responsibility for a period of one year. Any business entity or person may be exempt from the charges specified for the services of the team for any hazardous materials incident occurring within a period of one year; provided that the business entity or person has made a voluntary contribution for that year. The amount of the charges and of such voluntary annual contributions shall be as authorized by city council motion from time to time upon the request of the fire chief. The charges and contributions authorized under this provision shall be included in the city fee schedule.

(c) Notwithstanding any other provision of this section, any individual who constitutes a responsible party as hereinabove defined shall not be required to pay charges authorized under subsection (b) or to make any voluntary contributions allowed under subsection (b) of this section for the release or abandonment of any hazardous material if all of the following conditions are met:

(1) The individual otherwise responsible or liable for the release or abandonment of a hazardous material is not involved in the possession, ownership or transportation of the hazardous material as the employee, agent or servant of any business entity or person;

(2) The individual involved in the possession, ownership or transportation of the hazardous material released or abandoned is so involved solely for private, noncommercial purposes related to the individual's own residential property, real property or private personal property, and the individual receives or is to receive no compensation for any services involving the hazardous materials; and

(3) The hazardous materials possessed, owned or being transported by the individual are in forms, quantities and containers ordinarily and lawfully available for sale as consumer products to members of the general public.

Provided, however that nothing in this section shall be construed to exempt any individual from compliance with the reporting requirement of subsection (e) of this section.

(d) The city council may by contract enter into mutual aid agreements for hazardous material response services with various persons. No charge shall apply where a contract calls for reciprocal service without charge.

(e) It shall be the duty of each responsible party to report any incident involving any leakage, release, spill or abandonment of any hazardous materials to the fire department dispatcher immediately upon discovery of the same, or as soon thereafter as possible. Any person who violates any provision of this section shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than $250.00 nor more than $2,000.00.

(f) This section shall not apply to hazardous materials possessed, owned or transported by the city, the State of Texas (including its political subdivisions) or the federal government.

(g) The service provided by the team is limited to the initial emergency response to a hazardous materials release or abandonment incident and

includes only those stabilization and protective measures deemed necessary and feasible by the team to initially address the immediate threat to the public health and safety. Deployment of the team beyond the scope of the team's resources and capabilities for such an initial response is not contemplated under this section and the city reserves the right to terminate the services of the team at any time after arrival at the site. Protective and stabilization requirements continuing beyond the cessation of service, along with the cleaning up, removal or disposal of hazardous materials, and any testing, monitoring or long-term care of the site of the hazardous materials incident, shall remain the duty of the responsible party. The provisions of this section shall not be construed to excuse or exempt any responsible party from any legal duties, liabilities or costs associated with the hazardous materials release or abandonment other than the costs for the services of the team for the duration of the service call.

(h) The Fire Chief shall promulgate procedures for billing and collection of charges and for collection and processing of voluntary annual contribution payments. The Fire Chief shall have the authority to adopt regulations necessary to implement or enforce this section. The city attorney is authorized and directed to institute any legal proceedings necessary to collect any charges due hereunder.
(Ord. No. 92-1503, § 1, 11-18-92; Ord. No. 94-299, § 2, 3-30-94; Ord. No. 1168, § 13, 12-14-2011)

Sec. 34-62. Adopt-A-Fire Station program.

(a) The Adopt-A-Fire Station program is hereby created. The program shall be used to assist the city in its effort to maintain, refurbish, and renovate fire stations. The director of the general services department and the fire chief shall jointly administer the program and shall promulgate rules and procedures for administering the program.

(b) The fire chief or his designated representative is hereby authorized to accept on behalf of the city, without action by the city council, donations of tangible property and services for the program. All donations of tangible property become the property of the city.

(c) The fire chief shall, periodically, promulgate a list of fire stations that have the greatest need along with a master list of needed tangible property and services for these and all other stations. The donating party may designate a specific fire station to receive a donation, otherwise, donations may be distributed at the discretion of the fire chief. Donations shall meet the following criteria:

(1) The Adopt-A-Fire Station program will accept items included on the program's master list of needed items, supplies, and materials; however, donations of items not on the list may be accepted at the discretion of the fire chief;

(2) Tangible property must be new; and

(3) Except for manufacturer's labels or seals, tangible property must be free from noticeable corporate identifying logos, marks, or advertisements.

(d) The donating party shall apply in writing and the application must be approved by the fire chief or his designated representative prior to the acceptance of any donations. The application shall include at least the following information:

(1) An inventory of items or services to be donated;

(2) Proof of ownership of tangible items; and

(3) For services, proof of insurance for corporate entities and release of liability for individuals.

(e) Valuation of donations for purposes of any applicable tax benefits shall be the responsibility of the donating party.
(Ord. No. 02-976, § 2, 10-30-02; Ord. No. 07-840, § 17, 7-18-07)

Secs. 34-63—34

[The next page is 2365.5]

ARTICLE IV. NEWS MEDIA IDENTIFICATION

Sec. 34-126. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

(1) *Emergency:* A sudden unexpected or unscheduled happening that calls for immediate action.

(2) *Official municipal line:* A discretionary designation by the official in charge in municipal facilities and at municipal events and functions beyond which the general public may not pass. This generally but not exclusively applies to the media facilities in the police department, fire department, and city hall as well as to public events necessitating the presence of the mayor or other public officials.

(3) *Personal card:* A news media identification card issued pursuant to the provisions of this article.

(4) *Police or fire line:* A discretionary designation by the official in charge at a police or fire emergency scene beyond which the general public is restrained.

(5) *Print and electronic media:* Includes newspapers, news-gathering agencies, news photography agencies, motion pictures newsreel agencies, radio broadcasting companies, television companies, and any other medium which is engaged in the gathering and reporting of news events which are issued or presented at regular intervals to the general public or regularly distributed to other news media.

(6) *Regularly:* Occurring at fixed or uniform intervals.

(7) *Routinely:* A regular course of action, i.e., an activity engaged in daily or with reasonable frequency.

(8) *Unauthorized person:* A person who is not a holder of a news media identification card or news media vehicle card or who is not an official or employee of the city with a duty to respond to official scenes or events.

(9) *Vehicle card:* A news media vehicle identification card issued pursuant to the provisions of this article.

(Code 1968, § 2-311; Ord. No. 78-1630, § 1, 8-15-78)

Sec. 34-127. Authority of chief of police to issue news media identification cards; to whom issued.

The chief of police is hereby authorized to issue news media identification cards (hereinafter referred to as a "personal card") and news media vehicle identification cards (hereinafter referred to as a "vehicle card") to news-gathering representatives of electronic and print media organizations that maintain a news service which regularly covers police, fire and other official municipal events within the City of Houston. Print media qualify if the publication appears on a regular basis. Such cards may also be issued to a self-employed reporter or photographer who routinely covers police, fire, and official municipal events. The representative or the self-employed reporter or photographer shall be principally, actively, and routinely employed, by a news media organization qualified under this article, to gather information or pictures for distribution or broadcast to the general public as news. The exclusive purpose of the personal and vehicle cards shall be to enable the bearer thereof to pass through established police, fire and official municipal lines in order to cover news events occurring behind such lines or to utilize the press facilities located in city hall, the Houston Police Department, or the Houston Fire Department.

(Code 1968, § 2-312; Ord. No. 78-1630, § 2, 8-15-78; Ord. No. 84-790, § 1, 5-22-84)

Sec. 34-128. Application far personal card and vehicle card; form, contents.

A written application for a personal card and vehicle card shall be submitted by the individual employee to the chief of police on a form to be

provided by the chief of police. An applicant shall be required to furnish at least the following information:

(a) The name, residence address and residence telephone number of the applicant.

(b) The age, weight, height, color of hair and color of eyes of the applicant.

(c) The date of the application.

(d) The date and place of birth of the applicant.

(e) The name, address, and telephone number of the applicant's employer and the name and telephone number of the applicant's supervisor.

(f) The social security number of applicant.

(g) The signature of the editor and/or responsible official of the company verifying the employment of the applicant, the primary duties and responsibilities of the applicant.

(h) The signature of the applicant reflecting that he understands and agrees to the following stipulations as a news media identification card holder (with or without a vehicle card):

(1) He assumes all risks of accidents or injury which might accompany its use.

(2) Neither the personal card nor the vehicle card is transferable.

(3) If the card is presented or used by any person other than the one to whom it is issued, it shall be forfeited forthwith without appeal.

(4) He understands that the right to remain within the designated line at the scene of an emergency is subject to the judgment of the official at the scene.

(5) He shall not allow or use any facsimile or other copy of said cards.

(6) Temporary emergency parking is a privilege authorized by the city council to facilitate public awareness. It does not grant blanket permission to violate parking laws when legal parking is reasonably accessible or when the news assignment is not an emergency as defined in section 34-131.

(i) All applicants requesting a vehicle card shall submit additional information concerning the make and model of the vehicle most likely to be used on assignments, license plate number, and Texas driver's license number.

(j) The application shall also contain a space for the written approval or disapproval by the chief of police and the reasons therefor.

(k) A self-employed reporter or photographer shall submit a letter signed by the editor and/or responsible official of the company stating that applicant covers or will cover police, fire, and official municipal events for the named company. The named company shall meet the criteria of section 34-127.

(Code 1968, § 2-313; Ord. No. 78-1630, § 3, 8-15-78; Ord. No. 84-790, § 2, 5-22-84)

Sec. 34-129. Cards to be issued for current calendar year; contents of personal card.

Each personal card or vehicle card shall be issued for the current calendar year. The personal card shall bear upon its face the following:

(a) The words "City of Houston—News Identification".

(b) The name of the newspaper, news service radio or television station, or the name of the self-employed reporter or photographer represented.

(c) A photograph of the holder.

(d) The right index fingerprint of the holder.

(e) The signature of the holder.

(f) The signature of the chief of police.

(g) The year of issuance imprinted in bold numbers.

(h) The age, weight, height, color or hair, and color of eyes of the holder.

(i) The city seal.
(Code 1968, § 2-314; Ord. No. 78-1630, § 4, 8-15-78)

Sec. 34-130. Personal cardholders to be permitted inside police or fire lines; exceptions; display of personal card.

(a) Personal news media identification cardholders shall be permitted inside police or fire lines, except where such admission would be dangerous to human life or substantially interfere with police or fire fighting activities. The foregoing determination shall be made by the official in charge of the scene to which the card holder seeks entry. Cardholders may take tape recorders, cameras and other photographic equipment into an area within police or fire lines that has been designated by the officer in charge. However, the right to remain within the designated line is subject to the judgment of the official at the scene. Possession of a personal card does not in itself authorize access to buildings or private property located within police or fire lines.

(b) Upon entering police or fire lines, the holder of a personal card shall display the card prominently on his person so as to be readily visible to any official at the scene.
(Code 1968, § 2-3156; Ord. No. 78-1630, § 5, 8-15-78; Ord. No. 84-790, § 3, 5-22-84)

Sec. 34-131. Contents of vehicle card; vehicle card to issue only to holder of personal card; display of card.

(a) The vehicle card shall bear upon its face the following:

(1) The words "City of Houston—News Vehicle Pass Through Police, Fire and Official Lines".

(2) Name of the news-gathering representative and employer news service.

(3) Signature of the chief of police.

(4) Expiration date.

(5) The distinct number of the pass.

(b) News media vehicle identification cards shall be issued only to holders of personal cards. A vehicle card shall be clearly displayed on or through the vehicle windshield and will permit temporary emergency parking of the vehicle at police, fire and official municipal scenes in the city while the cardholder is actually engaged in gathering news or news photographs at or near the location at which such news event is happening and photographs are being taken. This privilege shall not be operative when the parking of a vehicle, in the sound discretion of the senior official present, would be dangerous to human life, obstruct traffic or interfere with the duties of any governmental agency or public utilities corporation at the scene of an emergency.
(Code 1968, § 2-316; Ord. No. 78-1630, § 6, 8-15-78)

Sec. 34-132. Issuance, duration of temporary cards.

Temporary cards, the duration of which shall last no more than one month, may be issued to news media representatives who do not qualify under section 34-127 hereof. Such card may be issued at the discretion of the fire chief, police chief, or mayor or their respective designates.
(Code 1968, § 2-317; Ord. No. 78-1630, § 7, 8-15-78)

Sec. 34-133. Denial of application for cards; grounds for revocation of cards.

(a) An application may be denied by the chief of police for refusal or inability to comply with sections 34-127 and 34-128 herein.

(b) A personal card and/or a vehicle card may be revoked by the chief of police for the following reasons: The holder thereof has resisted officers in the discharge of their duties, delayed or obstructed officers conducting an investigation, has interfered with firemen at a fire, endangered the preservation of public order and safety where police, fire or official municipal lines have been established, or no longer meets the qualifications necessary for the issuance of a card.
(Code 1968, § 2-318; Ord. No. 78-1639, § 8, 8-15-78)

Sec. 34-134. Unauthorized person not to cross police, fire or official municipal lines; counterfeiting, imitating press cards prohibited; card to be used only by person to whom issued; surrender of card upon revocation.

(a) It shall be unlawful for any unauthorized person to cross police, fire or official municipal lines. Any person violating this subsection, upon conviction, shall be fined not less than $100.00 nor more than $500.00.

(b) It shall be unlawful for any person to counterfeit or imitate or attempt to counterfeit or imitate any such press card so issued by the chief of police; nor shall any person use or exhibit, or attempt to use or exhibit, any such press card unless he is the actual authorized holder. Any person violating any of the provisions of this subsection, upon conviction, shall be fined not less than $100.00 nor more than $500.00.

(c) Upon revocation of a personal card and/or vehicle card the same shall be surrendered to the police chief within three days after notice of revocation of such card. Any person who fails to do so shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be fined not less than $100.00 nor more than $500.00.
(Code 1968, § 2-319; Ord. No. 78-1630, § 9, 8-15-78; Ord. No. 92-1449, § 50, 11-4-92)

Sec. 34-135. Appeals board created; composition; appeal from denial or revocation of cards.

There is herein created an appeals board which shall upon application by the person affected promptly review the reasons for denial of an original or renewal application or for the revocation of a news media identification card and/or news media vehicle card and shall issue a decision either affirming or overruling the denial. The appeals board shall be composed of three members to include the director of communications from the office of the mayor, the director of public information from the police department, and the

[The next page is 2365]

director of public relations from the fire department. The holder of said news media card has a right to file a written appeal within seven (7) days from the denial of his/her application or revocation of his/her news media card contesting the decision by serving such a request on the director of communications in the office of the mayor. Upon the filing of such appeal, the board has twenty-one (21) days to issue a written decision either granting or denying the appeal, a copy of which shall be forwarded by certified United States mail, return receipt requested, to the applicant or holder.
(Code 1968, § 2-320; Ord. No. 78-1630, § 10, 8-15-78)

Sec. 34-136. Renewal of cards.

Between January 1st and January 30th inclusive of each calendar year, all news-gathering representatives shall submit a renewal form with updated information for his or her personal and vehicle card which form shall also verify the person's employment as a news-gathering representative and reaffirm that such person is then still in compliance with sections 34-127 and 34-128 above. Such renewal forms shall be supplied by the division of public information in the police department.
(Code 1968, § 2-321; Ord. No. 78-1630, § 11, 8-15-78)

Sec. 34-137. Notification of residence address change; return of card upon termination of employment or change in job duties; report of loss or theft of card.

(a) Each person to whom a card has been issued shall, within five (5) days, notify the board in writing as to each change of his or her residence address.

(b) The holder of a card who has terminated his employment with the employer listed in his application or who no longer covers, on a regular or on-call basis, news events at which police and/or fire lines are established or where press facilities are utilized, shall return such card to the police chief within ten (10) days of such occurrence. A new application shall be submitted as hereinabove described before such person may subsequently be reissued a card.

(c) The holder of a personal card and/or vehicle card shall immediately report the loss or theft of the card to the police chief. This loss shall be reported by letter giving the circumstances concerning the loss or theft thereof. When a duplicate card is required a written request shall accompany an affidavit of the loss.
(Code 1968, § 2-322; Ord. No. 78-1630, § 12, 8-15-78)

Sec. 34-138. Promulgation of rules, regulations to implement article provisions.

The chief of police is hereby authorized to promulgate and issue such rules and regulations as many as be necessary and proper to implement the provisions of this article.
(Code 1968, § 2-323; Ord. No. 78-1630, § 13, 8-15-78)

Secs. 34-139—34-150. Reserved.

ARTICLE V. SUBDIVISION SECURITY ORGANIZATIONS

Sec. 34-151. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

(1) *Chief of police* shall mean the chief of police of the city, or his duly designated representative.

(2) *Department* shall mean the city's police department.

(3) *Subdivision security organization* or *Organization* shall mean a non-profit corporation, organization, or association organized by and maintained for the sole benefit of property owners within the residential subdivision organizing same, which provides or causes to be provided security and guard services within such subdivision located within the city.
(Code 1968, § 34-131; Ord. No. 81-2514, § 1, 12-22-81)

Sec. 34-152. Qualifications.

To be qualified under this article, an organization shall comply with the following requirements:

(1) The security and guard services shall be provided through a "guard company" as defined in the Private Investigators and Private Security Agencies Act (art. 4413(29bb) Tex. Rev. Civ. Stats.) and duly licensed as a 'security services contractor' under said act which is operated by or under contract to the organization; and

(2) The security personnel utilized shall be "commissioned security officers" under such act; and

(3) The security service provided shall include an automobile security patrol maintained in the organization's subdivision or subdivisions on a twenty-four-hour a day, seven-day a week basis; and

(4) The guard company operated or employed by the organization shall maintain a central office radio dispatch system on a twenty-four-hour a day, seven-day a week basis; and

(5) The guard company operated or employed by the organization shall maintain a central dispatching office which has the necessary equipment to receive digital-dial alarm signals directly from the residential property owners within its subdivisions; and

(6) The guard company operated or employed by the organization shall be prepared to respond to all alarm calls from within its subdivisions which it receives through its receiver or from other alarm companies; and

(7) All costs and expenses of operation of the organization's security and guard services shall be borne solely by the organization and at no cost or expense to the city.

(Code 1968, § 34-132; Ord. No. 81-2514, § 1, 12-22-81)

Sec. 34-153. Access to police department radio frequencies—Requirements.

Subject to the following conditions, any organization qualified under the terms of this article may apply for and receive access to the radio frequencies of the department for its guard company's transmission and reception purposes:

(1) The organization shall file a written application for such access with the chief of police on forms prepared and provided by the chief of police; and

(2) The organization or its guard company shall at its own cost and expense acquire and provide the city the necessary radio equipment for proper communication and interface with the department's communication system. The organization and its guard company shall agree in writing that all equipment so provided shall be and remain the property of the city, subject to the organization's right to utilize the same in conformity with this article. The department shall establish minimum standards for such equipment and the organization shall provide or cause to be provided only equipment which meets or exceeds such standards. The organization's guard company shall only access the department's communications system with communication equipment provided to the city under this subsection; and

(3) The chief of police shall establish reasonable rules and regulations for the maintenance, operation, calibration, methods of access, training, frequencies which may be utilized, circumstances under which transmission is authorized, kinds of transmissions which are authorized and any other provisions necessary or desirable to prevent abuse or overloading of department frequencies by the organizations. Each organization shall agree in writing to comply and shall comply with all such rules and regulations, including all amendments thereto.

(Code 1968, § 34-133; Ord. No. 81-2514, § 1, 12-22-81)

Sec. 34-154. Same—Approval; recision of approval.

Upon approval by the chief of police as provided in section 34-153 of this Code, the organization shall have access to the radio frequency or frequencies designated in the rules and regulations of the department for transmission and reception purposes in accordance therewith. The chief of police may suspend or revoke any such approval and the organization's guard company shall discontinue use of the department's radio frequencies and surrender the equipment upon a finding

by the chief of police that the organization or its guard company:

(1) Is no longer qualified under section 34-152 of this Code; or

(2) Has failed to substantially comply with the rules and regulations of the department; or

(3) By its use of the department's radio frequencies impairs or overloads the proper operation of the department's radio communication system.

(Code 1968, § 34-134; Ord. No. 81-2514, § 1, 12-22-81)

Secs. 34-155—34-159. Reserved.

ARTICLE VI. INVESTIGATION OF EMPLOYEE MISCONDUCT—POLICE OFFICERS AND FIREFIGHTERS*

Sec. 34-160. Definitions.

As used in this article, the following words and phrases shall have the meanings ascribed to them in this section unless the context of their usage clearly indicates another meaning:

Employee means a firefighter or police officer employed by the city who holds a position that is classified under article 1269m, Vernon's Texas Civil Statutes, and who has completed the probationary period specified in section 12 of article 1269m.

Investigation means any administrative investigation conducted by the city of any alleged misconduct by an employee that could result in punitive action against that employee.

Investigator means any agent or employee of the city who is assigned to conduct an investigation.

Punitive action means a disciplinary suspension, indefinite suspension, demotion in rank, or any combination of those actions.

(Ord. No. 86-2247, § 1, 12-30-86)

Sec. 34-161. Time of interrogation.

An investigator may interrogate an employee who is the subject of an investigation only during the employee's normally assigned working hours unless:

(1) As determined by the employee's department chief or the chief's designee, the seriousness of the investigation requires interrogation at another time; and

(2) The employee is compensated for the interrogation time on an overtime basis.

(Ord. No. 86-2247, § 1, 12-30-86)

Sec. 34-162. Work time missed.

The department chief may not consider work time missed from regular duties by an employee due to participation in the conduct of an investigation in determining whether to impose a punitive action or in determining the severity of a punitive action.

(Ord. No. 86-2247, § 1, 12-30-86)

Sec. 34-163. Interrogation at employee's home.

Investigators may not interrogate an employee who is subject to an investigation at the employee's home without the permission of the employee.

(Ord. No. 86-2247, § 1, 12-30-86)

Sec. 34-164. Identity of investigators.

An employee who is subject to an investigation has the right to inquire and, on inquiry, to be informed of the identities of all investigators taking part in any interrogation of the employee.

(Ord. No. 86-2247, § 1, 12-30-86)

Sec. 34-165. Formal complaints, complainants, anonymous complaints.

(a) Before an investigator may interrogate an employee who is subject to an investigation, the investigator must inform the employee in writing of the nature of the investigation and the names

*__Cross references—__Administration generally, Ch. 2; officers and employees, § 2-21 et seq.; civil service generally, Ch. 14; disciplinary action—city marshals and airport police, § 14-218 et seq.; ethics and financial disclosure, Ch. 18.

of the persons who have complained about the employee concerning the matters under investigation.

(b) An investigator may not conduct an interrogation of an employee based on a complaint by a person who is not a peace officer unless the person verifies the complaint in writing before a public officer who is authorized by law to take statements under oath.

(c) An investigator may interrogate an employee about events or conduct reported by a witness who is not a complainant without disclosing the name of the witness.

(d) As used in this subsection, "complainant" means a person claiming to be the victim of police misconduct.

(e) This section does not prohibit an interrogation based on a complaint from an anonymous complainant if the departmental employee receiving the anonymous complaint certifies in writing, under oath, that the complaint was indeed anonymous.

(f) This section does not apply to on-the-scene investigations that occur immediately after an incident being investigated if the limitations of this section would unreasonably hinder the essential purpose of the investigation or interrogation. If the limitation would hinder the investigation or interrogation, the employee under investigation must be furnished, as soon as practicable, a written statement of the nature of the investigation and the names of the complaining parties.
(Ord. No. 86-2247, § 1, 12-30-86)

Sec. 34-166. Length of interrogation.

An interrogation session of an employee who is subject to an investigation may not be unreasonably long. In determining reasonableness, the gravity and complexity of the investigation must be considered. The investigator shall allow reasonable interruptions to permit the employee to attend to personal physical necessities.
(Ord. No. 86-2247, § 1, 12-30-86)

Sec. 34-167. Cooperation during investigation.

Investigators may not threaten an employee who is subject to an investigation with punitive action during an interrogation. However, an investigator may inform an employee that failure to answer truthfully reasonable questions directly related to the investigation or to cooperate fully in the conduct of the investigation may result in punitive action.
(Ord. No. 86-2247, § 1, 12-30-86)

Sec. 34-168. Recording interrogation; prior notice.

If prior notification of intent to record an interrogation is given to the other party, either the investigators or the employee subject to an interrogation may record the interrogation.
(Ord. No. 86-2247, § 1, 12-30-86)

Sec. 34-169. Results of investigation; employee response.

(a) If an investigation does not result in punitive action against an employee, but does result in a reprimand recorded in writing or an adverse finding or determination regarding the employee, the reprimand, finding, or determination may not be placed in a personnel file maintained on the employee unless the employee is first given an opportunity to read and sign the reprimand, finding, or determination. If the employee refuses to sign the reprimand, finding, or determination, it may be placed in the personnel file with a notation that the employee refused to sign it.

(b) An employee may respond in writing to any reprimand, finding, or determination that is placed in the employee's personnel file under this section by submitting a written response to the department chief no later than the tenth day after the date on which the employee was asked to sign the document. The response shall be placed in the personnel file.

(c) An employee who receives a punitive action and who elects not to appeal the action may file a written response as prescribed by this subsection

not later than the tenth day after the date on which the employee is given written notice of the punitive action from the department chief.
(Ord. No. 86-2247, § 1, 12-30-86)

Sec. 34-170. Reserved.

ARTICLE VII. DISPOSAL OF ABANDONED, UNCLAIMED, OR OTHER PROPERTY*

Sec. 34-171. Authority, written procedures.

(a) The chief of police shall have the authority to dispose of various classes of property in the possession of the police department, in accordance with applicable state and federal law.

(b) The chief of police shall promulgate written procedures to ensure that disposition of all classes of property held by the police department, including abandoned or unclaimed property, liquor, gambling devices, prohibited weapons, contraband, impounded vehicles not listed as stolen, perishable property that deteriorates rapidly in value and utility (including food or other organic materials), and stolen property is in accordance with state and federal law.
(Ord. No. 2014-760, § 2, 8-13-2014, eff. 8-18-2014)

Sec. 34-172. Final disposition of abandoned or unclaimed property.

(a) The police department shall dispose of all abandoned or unclaimed personal property in a manner consistent with Article 18.17 of the Code of Criminal Procedure.

(b) The chief of police is authorized to act as the person designated by a municipality under Article 18.17 of the Code of Criminal Procedure to take the actions authorized under that article with respect to the disposition of abandoned and unclaimed property in the possession of the police department.
(Ord. No. 2014-760, § 2, 8-13-2014, eff. 8-18-2014)

Sec. 34-173. Disposition of stolen property.

The municipal courts shall have authority to hold hearings for the disposition of stolen property in a manner consistent with Chapter 47 of the Code of Criminal Procedure.
(Ord. No. 2014-760, § 2, 8-13-2014, eff. 8-18-2014)

Secs. 34-174—34-199. Reserved.

ARTICLE VIII. PUBLIC SAFETY VIDEO PROGRAM

Sec. 34-200. Program created.

There is hereby created within the police department the public safety video program (the "program").
(Ord. No. 07-704, § 2, 6-13-07)

Sec. 34-201. Purpose.

The purpose of the program shall be to create a framework for cooperative participation between qualified governmental entities, qualified members of the private sector, the police department, and the city's Office of Public Safety and Homeland Security, for the purchase, installation, operation, and maintenance of a coordinated, integrated system of video cameras and camera monitors, designed and utilized to protect critical infrastructure and other potential targets of terrorism, provide situational awareness for police and fire first responders, deter and prevent crime, reduce the fear of crime, assist in criminal investigation and the generation of evidence for criminal prosecution, and to generally detect criminal activity as viewed from the public rights-of-way and appropriate portions of private property accessible to the general public and identified by the police department as prone to criminal activity within the city. The camera system authorized herein shall be used for monitoring activity occurring on the city's public rights-of-way and on those portions of public and private property for which approval has been given by the property

*__Editor's note—__Ord. No. 2014-760, § 2, adopted August 13, 2014, effective August 18, 2014, amended Ch. 34, Art. VII, in its entirety to read as herein set out. Formerly said article was entitled "Disposal of Certain Property" and derived from Ord. No. 00-394, § 2, 5-17-00 and subsequent amendatory ordinances.

owner, which are accessible to the general public, where there is no reasonable expectation of privacy, and which have been identified by the police department as prone to criminal activity.
(Ord. No. 07-704, § 2, 6-13-07)

Sec. 34-202. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Applicant means a governmental entity or a member or members of the private sector, consisting of businesses or property owners' associations, that express an interest in participating in the program by completing an application and by taking all other steps as required herein to participate in the program.

Business means a recognized legal entity actively engaged in a trade, occupation, profession or other lawful commercial activity; the term shall include any lawful organization, such as a corporation, partnership, or other similar entity.

Chief of police means the chief of police of the city or his duly designated representative.

Department means the city's police department.

Field of view means that vista which shall be subject to monitoring by an individual video camera used in the program. For purposes of the program, the field of view shall be limited to that portion of the city's rights-of-way identified for monitoring by the department and/or that portion of public or private property for which such monitoring has been approved in writing in advance by the property owner. To be subject to such monitoring, the portions of public or private property included in the program must be accessible to the general public to the extent there is no reasonable expectation of privacy, such as parking lots, shall not include the interior of any structure, and shall consist of those areas identified by the department as prone to criminal activity.

Governmental entity means any unit of Federal, state or local government; for purposes of this article, a governmental entity shall include the Houston Port Authority, the Metropolitan Transit Authority, and the Downtown Management District or other similar management district.

Property owners' association means that entity as defined in § 204.004 of the State Property Code.

Program means the public safety video program.

Public way or *rights-of-way* shall be as defined in section 40-121 of this Code.

Site means the location where each video camera is mounted.

Video camera means each camera used in monitoring the field of view meeting the technical requirements established by the department, including the camera itself and any attachments, brackets, supports, or other peripherals necessary to mounting and scanning the camera.

Video camera feed, live feed, camera feed, camera signal, or other similar expression means that electronic signal produced by and emanating from the action of each video camera, transmitted to the department, and displayed on department monitors.

Video camera system or *system* means the total network of video cameras, computer hardware, computer software, transmission system, monitors, recorders, and other peripherals utilized in the program.
(Ord. No. 07-704, § 2, 6-13-07)

Sec. 34-203. Application for participation.

(a) The chief of police is hereby authorized to prepare an application in such form as shall be consistent with the requirements of this article for the participation of qualified members of the public and private sector in the program.

(b) As a minimum, the application shall require the following:

(1) Applicant's name, telephone number, and email address;

(2) Applicant's type of entity (governmental entity, business, or property owners' association);

(3) Applicant's mailing address and street address of main office;

(4) Location of property to be used in siting the camera;

(5) A description of applicant's interest in the property where the camera would be sited, *i.e.,* fee ownership, leasehold interest, or otherwise, and supporting evidence thereof;

(6) A detailed description of the business or activity conducted at the site, including normal hours of operation;

(7) Any other information the chief of police deems appropriate.

(c) The applicant shall also be required to make the following representations and accept the following obligations as part of the application:

(1) That the person completing the application is authorized to do so and to legally bind the applicant to the representations made in the application.

(2) That the applicant agrees at its sole cost and expense to purchase, install, and maintain cameras conforming with the technical standards and requirements of the department.

(3) That the applicant will, at its sole cost and expense, comply with all city codes, rules, regulations, and other requirements and will obtain all necessary permits as part of the process of installation of the camera.

(4) That the applicant will, at its sole cost and expense, pay all monthly charges associated with the operation of the camera, transmission system, monitors, and other peripherals, including the cost of power, maintenance, parts replacement, etc.

(5) That the applicant will, in accordance with the department's technical standards and requirements, and at its sole cost and expense, pay any and all costs associated with the transmission of the camera feed to the department's monitoring station, including any wireless, telephone, or other similar transmission cost.

(6) That the applicant will, at its sole cost and expense, pay the cost of a camera monitor, computer hardware, computer software, recorders, and associated peripheral equipment for use by the department and conforming with the technical standards and requirements of the department.

(7) That the applicant recognizes and agrees that the control of the field of view and the general operation of the camera will lie exclusively with the department, and that the live feed will be received, reviewed, and recorded exclusively by the department.

(8) That the applicant recognizes and agrees that the live feed will be monitored by the department at such hours and with such staffing levels as the department in its sole discretion shall determine is appropriate, and that the department in no way represents that the live feed will be monitored (a) on a continuous basis, or (b) on any particular day, or (c) at any particular interval or hour of the day.

(9) That the applicant recognizes and agrees that the department reserves the right at any time to change or modify the program as the department deems appropriate, or to terminate applicant's participation in the program at any time and for any reason, without recourse by applicant.

(10) That if the applicant is terminated from participation in the program by the department, or if the applicant voluntarily withdraws from the program, the applicant shall as soon as possible and at applicant's sole cost and expense remove any equipment encroaching into the city's rights-of-way and repair any damage to the rights-of-way associated with said removal. The department shall return to applicant any equipment in its posses-

sion, such as monitors or cameras, but shall not be required to remove imbedded peripherals or computer software, nor return any recordings of live feed.

(d) At the sole discretion and choice of the applicant, the applicant may request, and shall be required to authorize if such request is approved, the extension of the video camera field of view to include portions of the applicant's property. By signing the application, the applicant acknowledges and agrees that the only portions of applicant's property subject to monitoring will be those portions accessible to the public, such as parking lots, will not include the interior of any structure, and shall consist of those areas identified by the department, in its sole discretion, as areas prone to criminal activity.

(e) The applicant's representative shall sign the application agreeing to the terms, conditions, and representations contained in the application.
(Ord. No. 07-704, § 2, 6-13-07)

Sec. 34-204. Review and approval of application.

(a) In reviewing each application the department shall determine if the proposed applicant and camera site are appropriate for inclusion in the program. In doing so, the department may consider the following:

(1) The completeness of the application;

(2) The appropriateness of the proposed site;

(3) The availability of departmental staffing for performing the monitoring activities;

(4) The promptness with which the applicant can meet the department's deadlines for installation of the camera and monitor into the system;

(5) Any other criteria related to the efficacy of the program that the department deems appropriate.

(b) The department will conduct a feasibility study to (1) determine if it is technologically feasible to integrate the proposed camera placement into the department transmission/monitoring system and (2) determine if the camera placement and field of view will monitor a public right-of-way or portion of public or private property that merits the monitoring.

(c) The chief of police is authorized, based on his review of the application and the representations and promises made therein, the results of the feasibility study, and any other information he deems relevant or appropriate, to accept and approve the applicant for participation in the program; to deny the application; or to accept and approve the applicant subject to such conditions as the chief of police shall specify. The chief of police is not required to approve any application which the chief of police determines is not in the best interest of the program or the city.
(Ord. No. 07-704, § 2, 6-13-07)

Sec. 34-205. Technical requirements.

The department shall establish technical specifications and standards for all equipment, apparatus, and software used in the program.
(Ord. No. 07-704, § 2, 6-13-07)

Sec. 34-206. Use of city right-of-way authorized.

The department is hereby authorized to utilize those portions of the city's rights-of-way where such use is necessary to accommodate the siting of a camera or part of the transmission system as part of the program. Before any public right-of-way may be used, the department shall consult with the city engineer and the city legal department to determine if the proposed use of the right-of-way will impair the city's primary use of said right-of-way or pose any legal issues with regard to the city's right to so use said right-of-way. Any installation of any program equipment in the right-of-way must be approved in advance by the city engineer and the chief of police.
(Ord. No. 07-704, § 2, 6-13-07)

Sec. 34-207. Operation.

(a) The chief of police may establish rules and regulations for the implementation of the program.

(b) The video camera system is to be installed as a matter of public safety. Its primary use will be as an adjunct in conducting law enforcement investigations and in deterring crime. It is to be installed at the direction of the department and it is to be installed and operated in a manner such that the only locations subject to monitoring are those for which prior approval has been given by the property owner, are accessible to the general public (e.g., parking lots) such that there is no reasonable expectation of privacy, and are areas identified by the department as prone to criminal activity.

(c) The control and operation of the camera, the choice of the field of view, the control of the live feed, the transmission of the live feed, and the monitoring and recording of the live feed shall be exclusive to the department.

(d) The live feed will be monitored by the department at such times and such frequency as the department shall determine is appropriate, to the extent permitted by staffing levels and other considerations. The department shall be under no obligation to any applicant to monitor the live feed for any duration, frequency, or at any time.

(e) The live feed will be digitally stored for a time period determined by the department to be administratively valuable to the department. Any portion of the stored images recorded for a specific criminal investigation will be maintained pursuant to the applicable records retention schedule, and as the department shall in its discretion determine.

(f) Digitally stored images will be available to the public, including program participants, only pursuant to the parameters of the Texas Public Information Act.
(Ord. No. 07-704, § 2, 6-13-07)

Sec. 34-208. Criminal investigations.

This article shall not be construed to limit or restrict the use of surveillance cameras by the department as part of any criminal investigation.
(Ord. No. 07-704, § 2, 6-13-07)

[The next page is 2417]

Chapter 35

PRISONERS AND PRISON FARM*

Sec. 35-1. Definitions.

The following words, terms and phrases, when used in the following sections, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Division. The word "division" shall mean the municipal prison farm division of the police department.
(Ord. No. 87-747, § 1, 5-13-87)

Sec. 35-2. Division of municipal prison farm.

There is hereby created a (nonclassified civilian) division of the police department to be known as the municipal prison farm division.
(Code 1968, § 35-1; Ord. No. 87-747, § 2, 5-13-87)

Sec. 35-3. Prison farm records.

(a) The division shall keep and maintain at all times a permanent and accurate record as to each prisoner delivered into the custody of such division. Such record shall reflect but shall not be limited to, the following information:

(1) The date of commitment and fine.

(2) The date and hour of delivery of the prisoner to such division.

(3) The nature, description and quantity of personal property of such prisoner.

(4) The daily work assignment of such prisoner.

(5) A record of the credit against the fine and sentence of such prisoner which such prisoner has earned or served.

(6) Such other personal and particular information as may be necessary or pertinent. Such records shall be kept by, or under the direction of the division and shall be public records, available and open to the inspection of any interested person at all reasonable times.

(b) In addition to the records provided for in subsection (a), the division shall keep a current and active daily roll or record upon which shall appear the names of all prisoners in the custody of the department and which record shall show the time served, total credits and release date as to each prisoner. When any prisoner is released from the custody of the division for any reason, a permanent record shall be made of the date, hour and circumstances of such release, and a copy of such record shall be delivered forthwith to the chief of police.
(Code 1968, § 35-2; Ord. No. 87-747, § 3, 5-13-87)

Sec. 35-4. Unauthorized conversations with prisoners.

It shall be unlawful for any person on the outside of the municipal prison farm to hold any conversation with any of the inmates therein confined, without first obtaining permission from the jailer.
(Code 1968, § 35-5)

Sec. 35-5. Working of prisoners generally.

(a) Any person who has been convicted in the municipal court for the violation of any law of the state or any law or ordinance of the city, and has been committed to jail in default of the payment of the fine adjudged against him, may elect to labor in the city workhouse, on the city prison farm, on the public streets, on a city rock pile or on any public work or improvement in the city that may now or hereafter be authorized by the charter, a sufficient number of days to liquidate such fine; provided, in no event shall any prisoner who is physically unable to labor, as evidenced by

*__Charter reference—__Prison farms, jails, etc., authorized, Art. II, § 11.
__Cross reference—__Courts, Ch. 16.

a certificate from the city health officer, be permitted to labor under the provisions on this section.

(b) Any prisoner who is permitted to labor shall be worked under the direction of the superintendent.

(c) No prisoner shall be permitted to work more than eight full hours during one day at any labor named in this section.

(d) Any prisoner permitted to labor under this section shall not be allowed to come in conflict with the employed laborers of the city, and when such persons are permitted to labor on the streets or other public works of the city, the person who has supervision of them shall first ask the city official having charge of the streets or other public works to designate the place where such prisoner shall be put to labor; provided, that should such official refuse to designate such place, then the person having supervision, or the mayor, shall put him at labor on such street or such public work as he may deem best and proper for the best interest of the public.
(Code 1968, § 35-6)

Sec. 35-6. Credit against fines—Generally.

Each prisoner committed to the city jail or to the municipal prison farm for nonpayment of the fine arising out of his conviction of a misdemeanor in the municipal courts shall receive a credit against such fine of $15.00 for each day or fraction of a day that he has served.
(Code 1968, § 35-8; Ord. No. 81-1103, § 1, 6-9-81; Ord. No. 2010-846, § 17 11-3-2010)

Sec. 35-7. Same—Good conduct credit.

In order to encourage prison farm discipline, a distinction may be made in the credit allowed to prisoners so as to extend to all such as are orderly, industrious and obedient, comforts and privileges according to their desserts. The reward to be bestowed on prisoners for good conduct shall consist of such relaxation of strict prison farm rules, and extension of social privileges as may be granted by the superintendent for good conduct, industry and obedience; provided, however, that such additional credit shall not exceed in time more than ½ day credit on his fine for each day's work. Should any prisoner be guilty of misconduct in violation of any established prison farm rule (including escape or attempt to escape), any part of all of the good conduct credit which shall have accrued in favor of the prisoner to the date of such misconduct may be forfeited and taken away by the division. The division shall keep or cause to be kept a conduct record in card or ledger form and a calendar card on each inmate showing all forfeitures of good conduct credit and the reason therefor.
(Code 1968, § 35-9; Ord. No. 87-747, § 4, 5-13-87)

Sec. 35-8. Release of persons committed for failure to pay fine.

Upon the liquidation of the fines against any defendant under commitment by the municipal courts, whether by money payment or by daily credits to which he may be entitled under this chapter or by a combination of both, or upon receipt of a written certificate of the health officer directing immediate release, the chief of police (in case the defendant is housed in the jail) or the division (in case the defendant is housed in the prison farm) shall cause the defendant to be released from custody.
(Code 1968, § 35-10; Ord. No. 87-747, § 5, 5-13-87)

Chapter 36

PUBLIC CHARITIES AND TRUSTS*

Art. I.	**In General, §§ 36-1—36-19**
Art. II.	**Board of Public Trusts, §§ 36-20—36-45**
Art. III.	**Houston Foundation, §§ 36-46—36-60**
Art. IV.	**W.A.T.E.R. Fund, §§ 36-61—36-70**
Art. V.	**Solicitation of Funds for Charitable Purposes, §§ 36-71—36-85**

ARTICLE I. IN GENERAL

Sec. 36-1. Intent and purpose of chapter.

It is not intended by this chapter to supersede or interfere with any charitable organization or institution in the city, nor to pledge the credit of the city in any manner to discharge the wants and needs of its indigent population, or those who may be in special need of helpful assistance. It is merely intended to create a department consisting of boards for the purpose of administering such funds as the city may set apart for charitable purposes, and such funds as may be voluntarily placed in their hands for charitable use by individuals by gifts, bequests or donations, or in any other manner; it being expressly provided that the city shall, as a part of its fixed budget, designate and limit the amount of moneys which it shall expend through such boards, and will not be responsible in any one year for obligations of a charitable or social service nature beyond such budget.
(Code 1968, § 37-1)

Sec. 36-2. When city may act as trustee.

The city is hereby authorized and empowered to act as trustee where any property or fund heretofore or hereafter given is devised or bequeathed to the city or to any class of persons in the city, for the purposes of charity, education or other public purposes and there is no trustee of such property or fund, the trust is about to fail for want of a trustee, or the trustees have resigned or been removed.
(Code 1968, § 37-2)

Sec. 36-3. Authority of city to institute and prosecute suits relating to charitable, etc., trusts.

The city, acting through the mayor, is hereby authorized and empowered to institute and prosecute in any court of competent jurisdiction all suits and proceedings relating to any property or funds given, devised or bequeathed to the city, or to any class of persons in the city, for charitable, educational and other public purposes, including the right to sue to have the trust established, to have a trustee named and appointed for such property and funds, and to remove any such trustees for misconduct or mismanagement of such fund or property, or for any act justifying the removal of such trustee, and the city is further authorized and empowered, acting through the mayor, to prosecute any suits for the removal of any such trustees, and for the appointment of other trustees in their place, and to do and perform all acts and prosecute all proceedings of every character incident or relating to or in anywise connected with such trust property and funds that may be necessary for the full and complete protection of same.
(Code 1968, § 37-3)

Secs. 36-4—36-19. Reserved.

ARTICLE II. BOARD OF PUBLIC TRUSTS†

Sec. 36-20. Created; composition; qualifications of trustees.

There is hereby created a board of trustees to be known as the board of public trusts, consisting

*__Charter reference—__City charities, Art. II, § 11.

†__Cross reference—__Boards, commissions, authorities, etc., generally, § 2-316 et seq.

of nine members, each of whom shall be a resident of the city, of skill and discretion in handling financial and trust matters, of good moral character, interested in welfare work, and possessing a knowledge of the civic, educational, physical and moral needs of the inhabitants of the city. Any person holding or seeking political office shall be disqualified from serving on such board.
(Code 1968, § 37-14; Ord. No. 79-1392, § 1, 8-21-79; Ord. No. 05-931, § 1, 7-27-05)

Sec. 36-21. Appointment and terms of trustees.

The members of the board of public trusts shall be appointed by the mayor, subject to the approval of the city council. The trustees shall hold their office for two years, and until their successors shall have been duly chosen and qualified. The regular membership positions shall be numbered one through nine. The terms for members in odd-numbered positions shall commence on March 23 of each odd-numbered year and end on March 22 of the next following odd-numbered year. The terms for members in even-numbered positions shall commence on March 23 of each even-numbered year and end on March 22 of the next following even-numbered year.
(Code 1968, § 37-15; Ord. No. 78-2614, § 1, 12-27-78; Ord. No. 05-931, § 1, 7-27-05)

Sec. 36-22. Oath of trustees.

The trustees of the board of public trusts shall take an oath to faithfully execute any trusts committed to their care and management, and dispose of the income and corpus in conformity with this article and the wishes expressed in the instruments creating such trust estate.
(Code 1968, § 37-16)

Sec. 36-23. Compensation of trustees.

The trustees of the board of public trusts shall serve without compensation, but may appropriate and disburse sufficient of the funds in their control to pay the expenses of administering their duties.
(Code 1968, § 37-17)

Sec. 36-24. President.

The trustees of the board of public trusts shall organize by electing one of their number president, who shall hold such office for two years and until his successor shall have been elected and qualified.
(Code 1968, § 37-18)

Sec. 36-25. Secretary.

The board of public trusts shall elect a secretary, who may or may not be a member of the board, as it may determine, and the secretary shall hold office as such at the pleasure of the board. Such secretary shall keep the minutes of the meetings of the board and perform such other services as may be required of him by the board and receive such compensation as may be fixed by the board with the approval of the city council.
(Code 1968, § 37-19)

Sec. 36-26. General powers and duties.

(a) The board of public trusts shall proceed to make provision for properly organized work to meet such needs as may now exist or hereafter arise in the city under the following general heads:

(1) Care of dependent and helpless children.

(2) Nursing the sick.

(3) Free bureau for securing employment.

(4) Humane treatment of children and animals.

(5) Bureau for social service information.

(b) The board of public trusts shall have the power:

(1) To investigate all charities dependent upon public appeal or general solicitation for support, and to endorse such of them as meet actual needs of the community, attain a reasonable standard of efficiency and are so conducted as to insure the public of the wise use of funds.

(2) To encourage the formation of new private charities to meet the needs that are not already provided for, and to foster all worthy enterprises of a philanthropic nature and to give assistance thereto.

(3) To collect and preserve statistics relating to charities, conditions of life, unemployment and delinquency, and to suggest means for improving the conditions producing the need of relief.

(4) To maintain a constant survey of the field of charities with regard to the need and the work being done in connection therewith, and to secure intelligent cooperation among all charitable and social agencies in the city, to the end that a comprehensive and economical plan of philanthropy may be attained.

(5) To disburse all funds set apart by the city for charitable purposes, and to make a report to the city council of the work done in connection therewith.

(6) To receive donations, gifts or bequests to be used for charitable or philanthropical purposes, and to administer any trust declared or created for any such purpose in accordance with the terms of such trust not in conflict with the provisions of section 36-1 of this Code.

(7) To establish and maintain a bureau for the purpose of providing employment free of charge to persons applying therefor; to furnish information concerning any vacant position, situation or employment which may come within the knowledge of the board; to keep a register containing the names and addresses of persons who make application for employment, together with the names and addresses of all persons who are seeking help; and to keep a list of all positions and situations filled.

(Code 1968, § 37-20)

Sec. 36-27. Bylaws; authority relative to employees and agents.

The board of public trusts shall have power to pass bylaws for the regulation of its business and affairs, and to provide for the appointment or employment of such agents, servants and employees as it may find necessary or expedient in the conduct of its affairs and business, and fix their compensation and term of service, subject to the approval of the city council.

(Code 1968, § 37-21)

Sec. 36-28. Control and management of charitable, benevolent, etc., funds.

The board of public trusts shall have control, management and supervision of all moneys or other support that is contributed by the city to any charitable, benevolent or uplift cause, and the same shall be disbursed and spent exclusively by the board, and it shall be responsible to the city for the proper and judicious use of all moneys or other properties so placed in its hands for charitable, benevolent or uplift purposes.

(Code 1968, § 37-22)

Sec. 36-29. Payments and disbursements.

All payments and disbursements of city funds in reference to charity, benevolence and public welfare shall be made under the authority of the board of public trusts, by checks or warrants, signed by the director of treasury and countersigned by the president or secretary of the board, and such checks or warrants shall show the purpose for which they were issued.

(Code 1968, § 37-23)

Sec. 36-30. Records to be kept.

The trustees of the board of public trusts shall cause to be kept full and complete minutes of all the transactions occurring at its meetings, the same to be kept in a well-bound book, which shall be open to the inspection of the public at all rea-

sonable times, and they shall also cause to be kept a well-bound book, or books, in which shall be recorded all instruments, documents, ordinances, resolutions or other writings under which title to money or property is given, granted, taken and held and the same shall be a public record, and they shall also cause to be kept books of account showing all receipts and disbursements and the true condition of the various funds and trusts committed to their charge, and such books of account shall be audited by the auditors of the city whenever, and as often as, an audit is made of the other accounts of the city, and an audit may be ordered by the city council at any time it deems such an audit advisable.
(Code 1968, § 37-24)

Sec. 36-31. Legal department to be legal advisor.

The legal department of the city shall act as legal advisor to the trustees of the board of public trusts.
(Code 1968, § 37-25)

Secs. 36-32—36-45. Reserved.

ARTICLE III. HOUSTON FOUNDATION*

Sec. 36-46. Composition; permitted use of funds, etc.

The city shall accept any gifts, trusts, devises or bequests for charitable, benevolent or public welfare purposes upon the condition that they shall be administered, managed and dealt with, save as otherwise provided, as a single trust to be known as the Houston Foundation, which shall be constituted of the aggregate of such gifts, trusts, devises and bequests. From the time the donor or testator provides that income from a trust or that a trust estate shall be available for the use of the city or the Houston Foundation, such income or estate, less proper charges and expenses, shall be annually devoted to charitable or benevolent purposes, until and unless the principal shall have been distributed in accordance with the trust or until the trust estate has been exhausted. Without limiting in any way the charitable or benevolent purposes for which such gifts, trust income or estates, devises or bequests may be used, they shall be available for assisting charitable and educational institutions, whether supported by private donations or public taxation, for promoting education, scientific research, care of the sick, aged or helpless, to improve living conditions, or to provide recreation for all classes, and for such other charitable or benevolent purposes as will best make for the mental, moral and physical improvement of the inhabitants of the city as it may be now or hereafter constituted, regardless of race, color or creed, according to the discretion of a majority in number of the trustees of the board of public trusts; provided, that no gratuity that is purely personal, and no pension, shall be granted to any individual. If contributors to the Houston Foundation, in the instruments creating their trusts, indicate their desire as to the time of distribution and the purposes for which the principal contributed by them shall be distributed, or as to the purpose for which the income from such principal shall be used, either for a definite or indefinite period of time, or that the power to distribute principal or income shall be vested in the trustees of the board of public trusts as provided in this section, the trustees shall respect and be governed by the wishes as so expressed unless under conditions as they may subsequently exist it shall seem to the trustees then in office wise and most widely beneficial to divert such income or principal to some other special or general purpose of the Houston Foundation, in which case the majority of such trustees, with the approval of the city council, shall have power to make such diversion.
(Code 1968, § 37-36)

Sec. 36-47. General powers and liability of board of public trusts in administering property.

In administering the property constituting the Houston Foundation, unless otherwise specifically provided in the instrument creating the trust, the trustees of the board of public trusts shall have power, by unanimous vote and with the approval of the mayor and city council, to sell, lease, trans-

*Cross reference—Boards, commissions, authorities, etc., generally, § 2-316 et seq.

fer or exchange all or any part of such property at such prices and upon such terms and conditions and in such manner as they may deem best; to execute agreements that they may deem necessary and proper; to invest and reinvest in such loans, securities or real estate as they may deem suitable for the investment of trust funds; to determine whether money or property coming into their possession shall be treated as principal or income, and charge or apportion any expenses or losses to principal or income according as they may deem just and equitable; to select and employ in and about the execution of the trust suitable agents and attorneys, and to pay their reasonable compensation and expenses; the trustees of the board in no event to be held liable for any neglect, omission or wrongdoing of such agents or attorneys, provided reasonable care shall have been exercised in their selection. The trustees, save for their own gross neglect or willful default, shall not be liable for any loss or damage.
(Code 1968, § 37-37)

Sec. 36-48. Conveyance of property.

If it shall become necessary or desirable to convey any real estate constituting a part of the Houston Foundation, the board of public trusts shall pass a resolution authorizing such conveyance, and if a like resolution is passed by the city council approving the resolution of the board, then the mayor shall execute a deed under the corporate seal of the city conveying such property in conformity with the authority of such resolutions, and such deeds shall be held to vest title in the grantee in accordance with its tenor and effect.
(Code 1968, § 37-38)

Sec. 36-49. Liens and encumbrances.

Neither the trustees of the board of public trusts nor the city shall have power to mortgage, pledge or hypothecate the property of the Houston Foundation, or create any manner of lien or encumbrance thereon, unless expressly authorized to do so by the instrument creating such estate or funds, and none of such property shall be subject to sale under execution, and neither shall the city nor the board have the right or power to divert such property or any part thereof, to the ordinary corporate purposes of the city, but the same shall be and remain a public trust and be known as the Houston Foundation.
(Code 1968, § 37-39)

Sec. 36-50. Payments and disbursements.

All payments and disbursements in reference to the Houston Foundation shall be made under the authority of the board of public trusts, by checks or warrants, signed by the director of treasury and countersigned by the president or secretary of the board, and such checks or warrants shall show the purpose for which they were issued.
(Code 1968, § 37-40)

Secs. 36-51—36-60. Reserved.

ARTICLE IV. W.A.T.E.R. FUND

Sec. 36-61. Permitted use of W.A.T.E.R. Funds.

The city shall accept any gifts for the W.A.T.E.R. Fund including, but not limited to, those donations made to the fund pursuant to section 47-70.2 of this Code, on the condition that they shall be administered, managed and dealt with, save as otherwise provided, as a single trust to be known as the W.A.T.E.R. Fund (water aid to elderly residents) which shall be constituted of the aggregate of such gifts and shall be deposited in the city's trust and agency account. The aggregate of such gifts to the W.A.T.E.R. Fund may be invested pursuant to Chapter 104, Texas Local Government Code. At the direction of the utility official, the donations shall be devoted to the public purposes set forth in section 36-62 of this Code without regard to race, ethnic origin, color, sex or creed and shall not be diverted to the ordinary corporate purposes of the city.
(Ord. No. 84-1919, § 1, 12-18-84; Ord. No. 86-435, § 1, 4-1-86; Ord. No. 92-23, § 1, 1-15-92; Ord. No. 07-599, § 44, 5-16-07)

Sec. 36-62. Special and general purposes.

The W.A.T.E.R. Fund shall be administered and managed for the purpose of assisting certain elderly residents whose incomes meet the below

specified criteria, persons with disability, and certain other residents for payment of city water and sanitary sewer bills (excluding deposits, fees, tap, meter and related service installation charges) in accordance with the administrative procedures set forth in chapter 47 of this Code. Eighty percent of the funds shall be available for assisting the elderly on fixed incomes, five percent shall be available for assisting persons with disability, and the remaining 15 percent shall be available for assisting certain other residents meeting the criteria set forth below. (In the event one or more of these classes do not exhaust their percentage allowance within a six-month period, excess funds available may be assigned to the remaining class or classes.) Recipients of the assistance must be single-family residential customers as defined in section 47-61 of this Code who meet the qualifications set forth in this section below. Once a recipient has received benefits from the W.A.T.E.R. Fund in the sum of $100.00 the recipient shall not be entitled to any further benefits there from until a period of six months has expired. The city shall give assistance under this program based on the date of initial application in the order that the applications are actually received at the processing locations designated by the city.

The city shall determine whether an applicant qualifies for assistance based on the criteria specified below. City water and sewer service must be provided in the name of the applicant who must reside at the property. All residents of the household must be listed on the application along with their income.

(1) *Elderly residents.* Elderly residents otherwise eligible under this section may qualify for assistance if:

a. They are at least sixty years old.

b. Their monthly household income, when adjusted by subtracting all medical bills for the month not reimbursed by insurance or Medicaid, is less than or equal to the current year's poverty guidelines applicable to their size of family unit as promulgated by the U.S. Department of Health and Human Services or its successor agency.

(2) *Person with disability.* Person with disability shall mean a person:

a. Who has a presently existing, medically determined physical or mental impairment of a chronic or permanent character that substantially limits one or more of his or her major life activities.

b. Whose monthly household income, when adjusted by subtracting all medical bills for the month not reimbursed by insurance or Medicaid, is less than or equal to the current year's poverty guidelines applicable to their size of family unit as promulgated by the U.S. Department of Health and Human Services or its successor agency.

(3) *Low income residents.* Other residents who are otherwise ineligible under this section may qualify for assistance if their monthly household income is less than or equal to 100 percent of the current poverty income guideline amount applicable to their size of family unit as promulgated by the U.S. Department of Health and Human Services. Preference shall be given to those who have met the guidelines for at least three months or more.

(4) *Ineligibles.* Any resident who is an active city employee or whose household includes a city employee shall not be eligible for assistance from the W.A.T.E.R. Fund.

(Ord. No. 84-1919, § 1, 12-18-84; Ord. No. 86-435, § 1, 4-1-86; Ord. No. 87-265, § 1, 2-24-87; Ord. No. 92-23, § 2, 1-15-92; Ord. No. 07-599, § 45, 5-16-07)

Sec. 36-63. General powers, duties and liabilities of utility official in administering W.A.T.E.R. Fund.

The utility official shall establish and review procedures to ensure the selection of recipients for assistance in accordance with the criteria set forth in section 36-62. Subject to the criteria set forth in section 36-62, the utility official shall, establish all necessary administrative procedures including the promulgation of application forms and the designation of places where applications shall be received. The utility official shall select the recipients from those determined to be qualified based on the order their applications are received. Houston Public Works will be responsible for the accounting of funds and final disbursal of credits to the accounts of designated recipients in accordance with the criteria set forth in section 36-64.
(Ord. No. 84-1919, § 1, 12-18-84; Ord. No. 86-435, § 1, 4-1-86; Ord. No. 90-635, § 78, 5-23-90; Ord. No. 92-23, § 3, 1-15-92; Ord. No. 93-514, § 56, 5-5-93; Ord. No. 2018-11, § 50, 1-10-2018)

Sec. 36-64. Fund transfers and credits to recipients' accounts.

All fund transfers in reference to the W.A.T.E.R. Fund from the city's trust and agency account to the receivables accounts of Houston Public Works and credits to recipients' water and sanitary sewer bills therefrom shall be made at the direction of the utility official. Such fund transfers and credits shall show the purpose for which they were issued.
(Ord. No. 84-1919, § 1, 12-18-84; Ord. No. 86-435, § 1, 4-1-86; Ord. No. 90-635, § 78, 5-23-90; Ord. No. 92-23, § 4, 1-15-92; Ord. No. 93-514, § 56, 5-5-93; Ord. No. 2018-11, § 50, 1-10-2018)

Secs. 36-65—36-70. Reserved.

ARTICLE V. SOLICITATION OF FUNDS FOR CHARITABLE PURPOSES*

Sec. 36-71. Definitions.

As used in this article, the following terms shall have the meanings ascribed to them in this section, unless the context of their usage clearly indicates another meaning:

Adult means an individual who has attained the age of 18.

Charitable purpose means philanthropic, religious or other nonprofit objectives, including the benefit of poor, needy, sick, refugee or handicapped persons; the benefit of any church or religious society, sect, group or order; the benefit of a patriotic or veterans' association or organization; the benefit of any fraternal, social or civic organization, or the benefit of any educational institution. The term "charitable purpose" shall not be construed to include the direct benefit of the individual making the solicitation or the benefit of any political group or political organization that is subject to financial disclosure under state or federal law.

Class A refers to a certificate of registration permitting the solicitation of funds that includes among its means and methods the solicitation of occupants of vehicles on public streets.

Class B refers to a certificate of registration permitting the solicitation of funds that does not include among its means and methods the solicitation of occupants of vehicles on the public streets.

Director means the director of the department of administration and regulatory affairs of the city or any individual employed by such department that he shall designate to perform any of his functions specified in this article.

Individual means only a natural person.

*__Editor's note__—Ord. No. 2005-1346, § 1, adopted December 7, 2005, amended Ch. 36, Art. V in its entirety to read as herein set out. Formerly, said article pertained to similar subject matter and derived from Ord. No. 85-497, § 1, adopted April 10, 1985.

Median means a dividing area, whether landscaped or paved, maintained for the purpose of separating or directing vehicular traffic.

Minor means an individual who has not attained the age of 18.

Person means and includes any natural person, firm, partnership, corporation or association.

Roadway has the meaning ascribed in section 45-2 of this Code.

Solicit funds or *solicitation of funds* means any request for the donation of money, property, or anything of value, or the pledge of a future donation of money, property, or anything of value; or the selling or offering for sale of any property, real or personal, tangible or intangible, whether of value or not, including, but not limited to, goods, books, pamphlets, tickets, publications or subscriptions to publications, or brochures, upon the representation, express or implied, that the proceeds of such sale will be used for a charitable purpose as such term is herein defined. Expressly excluded from the meaning of "solicit funds" or "solicitation of funds" are any offer of membership in any organization and any solicitation of funds for any purpose either by a governmental agency or political subdivision. The means of solicitation of funds covered by this definition are limited to a solicitation communicated in the physical presence of any individual or by telephone call placed and received within the corporate limits of the city.

Street has the meaning ascribed in section 45-2 of this Code.

(Ord. No. 05-1346, § 1, 12-7-05; Ord. No. 08-52, § 58, 1-16-08, eff. 1-26-08)

Sec. 36-72. Unlawful solicitation.

It shall be unlawful within the corporate limits of the city:

(1) For any person, directly or through an agent or employee, to solicit funds unless such person has first obtained a certificate of registration from the director, as hereinafter provided.

(2) For any individual, as the agent or employee of another, to solicit funds unless his principal or employer has received a certificate of registration as hereinafter provided.

(3) For any person to solicit funds between the hours of 9:00 p.m. and 8:00 a.m.

(4) For any person, directly or through an agent or employee, to solicit funds after the expiration of any certificate of registration issued as hereinafter provided.

(5) For the person registering or the agents or employees thereof to solicit funds for a purpose other than that set out in the registration statement upon which the certificate of registration was issued.

(6) For any person who solicits funds to represent, in connection with such solicitation of funds, that the issuance of a certificate of registration by the city constitutes an endorsement or approval of the purposes, means, or methods of such solicitation of funds by the city or any department, officer or employee thereof.

(7) For any person issued a certificate of registration hereunder to fail to file any financial statement required to be filed under this article.

(8) For any person to employ, suffer or permit a minor to solicit funds.

(9) For any person to use or expose any animal to hazardous conditions to solicit funds.

(Ord. No. 05-1346, § 1, 12-7-05)

Sec. 36-73. False or misleading solicitation.

It shall be unlawful for any person to knowingly make a false or misleading representation in the course of a solicitation of funds. False or misleading representations include, but are not limited to, the following:

(1) Stating that the solicitation of funds is being carried out on behalf of an organization that does not exist.

(2) Stating that the solicitor represents an organization when such statement is false.

(3) Exhibiting a military, medical or religious order uniform or other indication of military service or membership in a medical profession or religious order when the person soliciting funds is neither a present

nor former member of the service indicated, or a member of a medical profession or religious order, unless the person is soliciting funds on behalf of the military branch, medical profession, or religious order indicated in the statement.

(4) Exhibiting an indication of physical disability or using makeup or a device to simulate any deformity or disability, when the person soliciting funds does not suffer the deformity or disability indicated.

(Ord. No. 05-1346, § 1, 12-7-05)

Sec. 36-74. Solicitation on public streets.

(a) *Solicitation in roadways.* Except as provided in section 36-75, it shall be unlawful for any person to stand in a roadway to solicit funds. It shall be unlawful for a minor to stand in a roadway for any purpose, including solicitation of funds, except as permitted by the traffic laws of the state.

(b) *Requirements.* It shall be unlawful for any person to solicit funds pursuant to a class A certificate unless the person:

(1) Properly wears a high visibility traffic vest provided by the director pursuant to rules and regulations promulgated therefor;

(2) Conducts the solicitation of funds only within 40 feet of an intersection controlled by a traffic signal that requires all traffic to come to a full stop;

(3) Solicits funds only while located on a shoulder, improved shoulder, curb or sidewalk adjacent to the roadway, excluding any median;

(4) Does not enter the roadway to solicit or retrieve funds; and

(5) Does not obstruct traffic or create a hazard to traffic or any other person.

(c) *First aid requirement.* It shall be unlawful for a person to solicit funds pursuant to a class A certificate where more than four individuals are also soliciting funds simultaneously at the same location unless a person certified by the American Heart Association or American Red Cross in cardiopulmonary resuscitation and first aid is present at the location.

(d) *Location.* It shall be unlawful for a person to solicit funds pursuant to a class A certificate from a location not specified in the certificate.

(e) *[Authority.]* The director is authorized to promulgate such rules and regulations necessary for the implementation and administration of this section.

(Ord. No. 05-1346, § 1, 12-7-05)

Sec. 36-75. Charitable solicitation by municipal employees and/or agents.

(a) No nonprofit corporation, group, or organization may engage, suffer or permit any employee or agent of the city to engage in a solicitation of funds on its behalf that requires the issuance of a class A certificate under this article unless such certificate has been issued to the nonprofit corporation, group, or organization in compliance with this article.

(b) No employee or agent of the city shall engage in a solicitation of funds on behalf of a nonprofit corporation, group, or organization that has not received a valid class A certificate issued pursuant to this article.

(c) An employee or agent of the city engaged in the solicitation of funds on behalf of a nonprofit corporation, group, or organization may solicit funds while standing in a roadway as authorized by Section 552.0071 of the Texas Transportation Code.

(Ord. No. 05-1346, § 1, 12-7-05)

Sec. 36-76. Registration statement.

(a) *In general.* Any person who seeks to solicit funds for charitable purposes within the corporate limits of the city shall file with the director a registration statement, on forms provided by the director, containing the following:

(1) The name of the person registering to solicit funds for charitable purposes.

(2) Whether the person registering is an individual, partnership, corporation or association, and:

a. If an individual, his or her business or residence address and telephone number.

b. If a partnership, the names of all partners and the principal business address and telephone number of each partner.

c. If a corporation, whether it is organized under the laws of Texas or is a foreign corporation, the mailing address, business location, telephone number, and name of the individual in charge of the Houston office of the corporation, the names of all officers and directors or trustees of the corporation, and, if a foreign corporation, the place of incorporation.

d. If an association, the association's principal business address and telephone number, if any, and the names and principal business or residence addresses and telephone numbers of all members of the association. However, if there are more than ten members, the person registering may alternatively list the names and principal business or residence addresses and telephone numbers of the officers and directors or trustees of the association. If the association is part of a multistate organization or association, the mailing address and business location of its principal headquarters shall be given, in addition to the mailing address and business location of its local office.

(3) A brief description of the charitable purpose for which the funds are to be solicited, and an explanation of the intended use of the funds toward that purpose.

(4) The names of all individuals authorized to incur expenses related to the solicitation or to disburse any proceeds of the solicitation.

(5) The name, mailing address and telephone number of each individual who will have organizational responsibility with respect to the solicitation of funds. If there are more than 20 such individuals, the person registering may alternatively list the 20 individuals with the principal organizational responsibility with respect to the solicitation of funds.

(6) The time period within which the solicitation of funds is to be made, giving the date of the beginning of solicitation and its projected conclusion.

(7) A description of the means and methods by which the solicitation of funds is to be accomplished, including whether such means and methods will include any solicitation of occupants of vehicles on public streets.

(8) The total amount of funds proposed to be raised.

(9) A projected schedule of salaries, wages, fees, commissions, expenses and costs that the person registering reasonably believes will be expended and paid in connection with the solicitation of funds or in connection with their disbursement, and an estimated percentage of the total projected collections which the costs of solicitation will comprise. These figures shall cover the entire time period during which the solicitation is to be made.

(10) The names of any cities outside of Harris County, Texas, in which the person registering has solicited funds for charitable purposes within the past five years, but in the event that the person registering has solicited funds for charitable purposes in more than five other cities, the person registering may list the five most populated cities in which it has solicited funds during the previous five years.

(11) A statement to the effect that if a certificate of registration is granted, such certificate will not be used as or represented to be an endorsement by the city or any of its officers or employees.

(12) As to each, if any, officer, director, trustee, partner, or any current agent or employee engaging in the solicitation of funds who within the past seven years has been convicted of (or been incarcerated for any conviction of) a felony or a misdemeanor involving moral turpitude, the name of the individual, the nature of the offense, the name of the state where the conviction occurred, and the year of the conviction.

(13) An explanation of the reasons, if the person registering is unable to provide any of the foregoing information, why such information is not available.

(14) The signature of an individual on behalf of the person registering. If the person registering is an individual, this is the applicant. If the person registering is a partnership, this is the partner charged with disbursing the funds solicited. If the person registering is a corporation or an association, this is its officer charged with disbursing the funds solicited. The individual signing the registration statement shall sign the statement and swear before an officer authorized to administer oaths that he or she has carefully read the registration statement and that all the information contained therein is true and correct.

(b) *Class A certificate; additional requirements.* Each registration statement for a class A certificate shall include the following additional information:

(1) Each location at which solicitation of funds is to occur; and

(2) The number of persons to be involved in solicitation of funds at each location.

(c) *Class A certificate; use of city employee or agent; additional requirements.* If the proposed solicitation is to include the use of any employee or agent of the city as provided in section 36-75 of this Code, the applicant shall also provide, in a form acceptable to the city attorney, proof of a current policy of commercial general liability insurance providing coverage against claims against the applicant and the city in the amount of at least $1,000,000.00 for any damages that may arise from the solicitation.
(Ord. No. 05-1346, § 1, 12-7-05)

Sec. 36-77. Registration fee.

Every registration statement shall be accompanied by the registration fee stated for this provision in the city fee schedule to compensate the city for the cost of administering this article provided that no fee shall be charged to a nonprofit corporation, group, or organization that uses only employees or agents of the city to solicit funds pursuant to a class A certificate issued under this article. Such fee will be nonrefundable, irrespective of whether a certificate of registration is issued.
(Ord. No. 05-1346, § 1, 12-7-05; Ord. No. 2010-1016, § 2, 12-15-2010; Ord. No. 2011-1168, § 13, 12-14-2011)

Sec. 36-78. Issuance of certificate of registration.

(a) *Class A.* A registration statement for a class A certificate shall be filed not later than the eleventh day before the date the solicitation of funds is to begin. Within five working days of the receipt of the registration statement, the director shall either issue a certificate of registration, as provided in section 36-79, or notify the person registering that the registration statement does not comply with the requirements of section 36-76, and specifically point out what information or explanation has not been furnished that is required before a certificate of registration can be issued.

(b) *Class B.* Within ten working days of the receipt of a class B registration statement, the director shall either issue a certificate of registration, as provided in section 36-79, or notify the person registering that the registration statement does not comply with the requirements of section 36-76, and specifically point out what information or explanation has not been furnished that is required before a certificate of registration can be issued.
(Ord. No. 05-1346, § 1, 12-7-05)

Sec. 36-79. Form of certificate of registration.

(a) The director shall prescribe the form of each certificate of registration, each of which shall be printed in black except that the following shall be printed prominently thereon in red: "The issuance of this certificate of registration is not an endorsement by the City of Houston or any of its departments, officers or employees." Each certificate of registration shall specify the period of its validity as determined pursuant to section 36-81 and shall also bear a registration number, and the same number shall be assigned by the director to the file containing the registration statement filed by the registrant.

(b) In addition to the foregoing requirements, each class A certificate shall specify each location at which funds may be solicited.
(Ord. No. 05-1346, § 1, 12-7-05)

Sec. 36-80. Transfer of certificate of registration prohibited.

A certificate of registration issued under the provisions of this article shall not be transferable, and the authority a certificate confers shall be conferred only on the holder named therein. The certificate of registration shall have endorsed thereon in red letters the words "NOT TRANSFERABLE."
(Ord. No. 05-1346, § 1, 12-7-05)

Sec. 36-81. Expiration of certificate of registration; filing of financial statements within specified time of termination of solicitation.

(a) Each certification of registration issued by the director shall expire according to the following schedule:

(1) A Class A certificate of registration shall expire not later than 30 days from the date of issuance, or upon the termination of the solicitation period specified, whichever is less.

(2) A Class B certificate of registration shall expire not later than one year from the date of issuance, or upon the termination of the solicitation period specified, whichever is less.

(b) Not later than 120 days after the expiration of its certificate of registration, each person who registered shall file a closing statement with the director. Except as provided to the contrary in this section, the closing statement shall be a financial statement that is either:

(1) On a form provided by the director for this purpose and sworn to by the individual who would be the appropriate individual to sign a registration statement on behalf of the person who registered; or

(2) Audited by a certified public accountant.

The closing statement shall indicate the total funds collected or pledged from the solicitation of funds, the purpose or purposes (with the amount of funds for each purpose) for which such funds have been or will be disbursed by the person registering, any incurred but unpaid expenses resulting from the solicitation of funds, all other anticipated disbursements of collected or pledged funds, the actual or projected date of each disbursement, and, if funds have been or will be kept by the person registering for over 30 days before disbursement, the name of the financial institution, if any, with which such funds have been or will be deposited. The requirement to show the total funds represented by any food that has been collected or pledged may be satisfied either by estimating the monetary value of the food to the nearest multiple of $100.00 or by providing the weight of the food in the manner required by the director.

(c) Each person registering shall file a preliminary closing statement no later than 30 days from the expiration of its certificate of registration. The preliminary closing statement shall be filed with the director on forms provided for this purpose. It shall be a financial statement containing the same information as listed on the preceding paragraph of this section, except that it need not be sworn to or audited by a certified public accountant and that any amounts stated thereon may be estimated based upon whatever informa-

tion is reasonably available to the person registering at the time the preliminary closing statement is filed.

(d) Any requirement in this section to submit a financial statement may alternatively be satisfied by the submission of an information return covering the entire time period during which the solicitation of funds was conducted and actually filed with the United States Internal Revenue Service to fulfill federal requirements for submission of information returns for persons exempt from taxes in accordance with 26 U.S.C.A. § 501 or any successor provision.
(Ord. No. 05-1346, § 1, 12-7-05)

Sec. 36-82. Public disclosure.

All registration statements and closing statements filed with the director, whether or not a certificate of registration has been issued, shall be public records and shall be available for inspection by members of the public during the director's regular business hours. Copies may be obtained at the fees prescribed by law for copies of city records.
(Ord. No. 05-1346, § 1, 12-7-05)

Sec. 36-83. Exceptions.

The following are excepted from the operation of sections 36-71 through 36-81:

(1) The solicitation of funds for charitable purposes by any organization or association from its members;

(2) The solicitation of funds for charitable purposes by a person when such solicitation occurs on premises owned or controlled by the person soliciting funds or with the permission of the person who owns or controls the premises; and

(3) The issuance of any announcement or advertisement which states that a solicitation as described in subsections (1) and (2) above will occur or which announces or advertises an event at which unannounced solicitation as described in subsections (1) and (2) above occurs.

(Ord. No. 05-1346, § 1, 12-7-05)

Sec. 36-84. Penalties.

Violation of any applicable provision of this article shall be punished as provided by section 1-6 of this Code. Each day that any violation continues shall constitute a separate offense. However, an offense under any provision of this article which also constitutes an offense pursuant to state law shall be punishable in accordance with the applicable state law.
(Ord. No. 05-1346, § 1, 12-7-05)

Sec. 36-85. Provisions cumulative.

The provisions of this article are cumulative of any other valid and applicable laws, rules or regulations governing the solicitation of funds or any activity which may be associated therewith. Compliance with this article shall not be deemed to excuse compliance with any other valid and applicable laws, rules or regulations governing the solicitation of funds or any activity which may be associated therewith.
(Ord. No. 05-1346, § 1, 12-7-05)

Chapter 37

PUBLIC UTILITIES AND CABLE TELEVISION SERVICES*

Art. I.	**In General, §§ 37-1—37-9**
Art. II.	**Filings, §§ 37-10—37-49**
	Div. 1. Generally, §§ 37-10—37-19
	Div. 2. Water Utilities Filings and Reports, §§ 37-20—37-29
	Div. 3. Gas Utilities Filings and Reports, § 37-30—37-39
	Div. 4. Electric Utilities Filings and Reports, §§ 37-40—37-49
Art. III.	**Discovery Procedure and Hearings, §§ 37-50—37-69**
	Div. 1. Discovery Procedure, §§ 37-50—37-59
	Div. 2. Hearings, §§ 37-60—37-69
Art. IV.	**Standards of Service, §§ 37-70—37-79**
Art. V.	**Access to Public, Educational, and Governmental Cable Channels by Other Municipalities, 37-80—37-86**

ARTICLE I. IN GENERAL

Sec. 37-1. Definitions.

The following words, terms, and phrases, when used in this chapter, shall have the same meanings as provided in this section, except where the context clearly indicates a different meaning:

Commission means the Public Utility Commission of Texas.

Director means the director of administration and regulatory affairs or the director's designee.

Electric utility shall have the meaning prescribed in Section 31.002(6) of the Texas Utilities Code, as amended.

Gas services means the department of the Oversight and Safety Division of the Railroad Commission responsible for the regulation of the natural gas utility industry in Texas.

Gas utility shall have the meaning prescribed in Section 101.003(7)(A)—(F) of the Texas Utilities Code, as amended.

Gas Utility Regulatory Act means the Gas Utility Regulatory Act, being Subtitle A of Title 3 of the Texas Utilities Code, as amended.

Public utility means an electric utility, gas utility, or water and sewer utility as defined by this section.

Public Utility Regulatory Act means the Public Utilities Regulatory Act, being Title 2 of the Texas Utilities Code, as amended.

Railroad Commission means the Railroad Commission of Texas.

Regulatory authority means the city council of the city.

System improvement charge mean a charge for recovery of the portion of the cost of a public utility's eligible plant that is not already included in the utility's rates.

Telecommunications utility shall have the meaning prescribed in Section 51.002(11)(A)—(G) of the Texas Utilities Code, as amended.

Water Code means the Texas Water Code.

Water and sewer utility shall have the meaning prescribed in Section 13.002(23) of the Texas Water Code, as amended.

---

*__Editor's note—__Ord. No. 2023-1079, § 2, adopted December 6, 2023, amended the title of Ch. 37 to read as herein set out. Formerly Ch. 37 was titled public utilities. Section 3 of said ordinance repealed and replaced Ch. 37 in its entirety and derived from Code 1968, §§ 38-1—38-73 and subsequent amendatory ordinances. See the Code Comparative Tables for a complete derivation.

Cross references—Removal or destruction of utility poles or wires in connection with moving of buildings, § 10-70; posting advertising matter on utility poles, trees, traffic signs, etc. § 28-39; identification cards for utility, cable, etc. company employees, § 28-23; provisions for surveys made by public utilities, § 33-81 et seq.; railroads, Ch. 38; streets and sidewalks generally, Ch. 41; installation of street lights at expense of property owner, § 40-3; vehicles for hire, Ch. 46; water and sewers, Ch. 47.

The definitions of the words and terms set forth in the Texas Utilities Code and the Texas Water Code are hereby adopted and shall apply herein with the same force and effect as if set forth in this chapter.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-2. Scope.

The provisions of this chapter shall not apply to any municipally-owned public utility of the city.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-3. Public utility improvements on city property.

(a) It shall be unlawful for any public utility, its officers, agents, or employees to implement, construct, or install any improvements, changes, modifications, or new service along, upon, under, or through the streets or public property of the city without first notifying and receiving consent from the city.

(b) Any public utility company must, within thirty (30) calendar days after receipt of written request by the director, relocate any of its facilities located within any street, public right-of-way, or city property at no expense to the city where reasonable and necessary to accommodate street widening, water and/or sewer service installation, or other improvement projects and maintenance work of the city, its agents, and contractors.

(c) A public utility shall relocate any facility for the accomplishment of a public works project as prescribed in Article XVIII of Chapter 40 of this Code of Ordinances.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-4. Street lighting.

Any person having a franchise to furnish and distribute electrical energy for domestic and commercial uses within the city shall, when ordered by the city council so to do, furnish, install, operate, and maintain, at its own cost, street lights of a candle power and general character, at designated locations, and charge the city therefor at schedules as agreed upon. Bills for the same shall be payable monthly in equal installments. Such street lights need not be installed, maintained, and operated until the city and the person supplying same have reached an agreement as to service terms for the provision thereof and the charges to be paid therefor by the city.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-5. Uniform accounts.

Every electric utility and water and sewer utility shall maintain uniform accounts as prescribed by the Commission. Every gas utility shall keep uniform accounts as prescribed by the Railroad Commission.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-6. Rate schedules.

Each public utility furnishing service within the city shall electronically file with the director a copy of all established tariffs. Each public utility company furnishing service within the city shall also file a copy of all established tariffs with the city secretary's office. Each utility company shall maintain on file at its principal office in this city in printed form one copy of all established tariffs. A copy shall be made available for examination during regular business office hours of the public utility to any person.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-7. Communication with the city.

The principal contact for communications regarding the regulated activities of public utility companies shall be the director.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-8. Compliance with law.

To the extent of any conflict between any of the terms or provisions of this chapter and any state or federal law, rule, or regulation, which has precedence over this chapter as a matter of law, the provisions of such state or federal law, rule, or regulation shall prevail.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-9. Reserved.

ARTICLE II. FILINGS

DIVISION 1. GENERALLY

Sec. 37-10. Interpretation.

The provisions of this article shall not be construed to relieve any public utility of its obligation to file with and make available to the city, the director, or any other city officer or agency, any information not specified in this article which is required to be furnished or made available by state law or by a franchise agreement granted by the city. Furthermore, each utility shall file, furnish, and make available to the director, within such time limits as the director reasonably prescribes, all information that the director may from time to time lawfully request.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-11. Permanent file.

(a) Each public utility shall furnish to the director such informative documents, maps, and other written materials, from time to time, as may be necessary for the director to maintain a complete and current permanent information file for such public utility including the following:

(1) The public utility's functional/divisional organization chart;

(2) The public utility's chart of accounts detailing each account number and account title;

(3) A detailed explanation of the accounting procedures for all intercompany and interdepartmental allocations of shared cost and intercompany and interdepartmental charges for the public utility (or the controlling company, if any);

(4) A complete list of all fuel contracts;

(5) A detailed map of the service area of the relevant system or division of the public utility; and

(6) The public utility's complete tariff schedules which are currently in force for service within the area of jurisdiction of the city.

(b) Each amendment, revision, or addition to the information required in such permanent file shall, insofar as may be practicable, be furnished to the director by the public utility as soon as reasonably possible, but, without exception, prior to filing any statement of intent to change rates.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-12. Periodic information file.

Each public utility shall furnish to the director such information, documents, and other written materials, from time to time, as may be necessary for the director to maintain a complete and current periodic information file for such public utility including the following:

(1) Two copies of each and every report or other document containing operating or financial information which the public utility files with the United States Securities and Exchange Commission or Federal Energy Regulatory Commission;

(2) One copy of each and every written report affecting the system or division which the public utility files with or furnishes to the Commission, Railroad Commission, Texas Commission on Environmental Quality, or Texas Attorney General;

(3) One copy of each and every public report which the public utility furnishes to its stockholders; and

(4) Any other document or written material, including reports or records of audits conducted by the Commission or Railroad Commission, as requested by the director.

(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-13. Waiver of reports.

The director may waive the filing of any report or item of information required by this article which is not otherwise required to be provided by law if the director determines that the filing thereof is either impractical or unduly burden-

some upon the utility which would otherwise be required to file the same. Such waiver shall be effective only if requested by the utility in writing and granted by the director in writing.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-14. Additional information permitted.

A utility may submit additional information, that is not required to be submitted to the director in this chapter, to the director as it considers relevant and appropriate.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-15. Additional information upon request.

(a) In connection with each statement of intent to change rates or application for a rate adjustment, and in addition to the rate filing package provided, the utility shall make available the following information to the director or his representative for his inspection or copying upon written request:

(1) Supporting studies, workpapers, or documentation relied upon by each representative or witness in the presentation of his testimony;

(2) The utility's books of original entry including the general ledger, subledgers, journals, balance sheets, operating income statements, and monthly trial balances by primary account number for each month during the test year;

(3) All workpapers used to derive the utility's adjusted value of invested capital which were not included in the filing package; and

(4) All workpapers used to derive the utility's test year adjusted operating income which were not included in the filing package.

(b) The utility shall also make its plants, equipment, and other properties or any portion thereof designated by the director available for inspection by the director.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-16. Adoption by reference.

A utility may adopt by reference any information required by this article which has been previously furnished to the director in a previous rate filing package or has been previously furnished to the director pursuant to division 1 of this article, provided that such information was furnished in the same form and format required by this division and further provided that such adoption by reference specifies the name or title of the document referred to, its filing date with the director and the relevant page or section number thereof.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-17. Forms.

A utility may submit filings to the director on any form and format prescribed by the Commission or Railroad Commission unless the director prescribes a form or format for the submission of any information required in this article. Any form or format prescribed by the director shall replace any form and format prescribed by the Commission or Railroad Commission. Each utility shall comply with all applicable forms and formats which have been so prescribed.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Secs. 37-18, 37-19. Reserved.

DIVISION 2. WATER UTILITIES FILINGS AND REPORTS

Sec. 37-20. Application to change rates.

(a) Water and sewer utilities requesting a rate change shall file with the director, at least 35 days before the effective date of the rate change, the applicable rate change application and a statement of intent to change rates. The water and sewer utility shall provide a copy of the notice to all customers of the utility affected by the proposed rate change. Notices to affected ratepayers may be mailed separately, e-mailed (if the customer has agreed to receive communications electronically), or may accompany customer billings. The statement of intent to change rates shall include a rate filing package that includes

at least the following information on a Commission-approved form or a form approved by the director:

(1) A billing comparison regarding the existing water rate and new water rate for 5,000 gallons of water and 10,000 gallons of water;

(2) A billing comparison regarding the existing sewer rate and the new sewer rate computed for the use of 5,000 gallons, unless the water and sewer utility proposes a flat rate for sewer services;

(3) A description of how the ratepayer may participate in the ratemaking proceeding;

(4) The PUC docket number, if any, assigned to the rate application; and

(5) Any other information reasonably required by the director.

(b) The rate change application for a Class A water and sewer utility shall consist of:

(1) The Commission's applicable rate filing package form or filing package form prescribed by the director; and

(2) Pre-filed direct testimony supporting each rate schedule.

(c) The rate change application for a Class B water utility, Class C water utility, or Class D water utility shall file the following rate package:

(1) The Commission's rate filing package form or filing package form prescribed by the director, and

(2) An affidavit supporting each rate schedule. The utility may file pre-filed direct testimony at the same time as the application to change rates.

(d) Proof of notice in the form of an affidavit stating that proper notice was mailed, e-mailed, or delivered to customers and stating the dates of such delivery must be filed with the director by the applicant utility as part of the rate change application.

(e) The director shall not consider an application to change rates to be properly filed until all items listed in subsection (1)—(5) of this section have been filed with the director.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-21. Reports.

Each water utility shall submit the following reports and records to the director:

(1) Any financial, managerial, and technical report that has been submitted to the Commission following violation of a final order of the Texas Commission on Environmental Quality;

(2) A record of all interruptions of service, both emergency and scheduled;

(3) A copy of any status report required to be filed with the Texas Commission on Environmental Quality concerning temporary restrictions or reductions in ability to supply water;

(4) A copy of any planning report filed with the Texas Commission on Environmental Quality;

(5) Any facilities review conducted by the water utility; and

(6) Any other report and record related to rates, operations, and services requested by the director.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-22. System improvement charge.

(a) Definitions. The following words, terms, or phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

(1) *Capitalized operation and maintenance expenses* means expenses that have been deferred or amortized as a regulatory asset or liability.

(2) *Eligible plant* means: a plant properly recorded in the National Association of Regulatory Utility Commissioners System of Accounts, accounts 304 through 336 for water utility service or accounts 354

through 382 for sewer utility service which has been placed into service; is prudent, reasonable, and necessary; and applicable to customers within the city's municipal boundaries. Eligible Plant does not include: indirect corporate costs; capitalized operations and maintenance expenses; and capital recovered through a separate rate including a surcharge, tracker, rider, or other mechanisms.

(b) Eligibility.

(1) A utility is eligible to file for a system improvement charge if the latter of: the date on 1) the ordinance approving the utility's most recently-filed comprehensive base rate case which was filed pursuant to section 37-20 or 2) the Commission's final order for the utility's most recently-filed comprehensive base rate case, is not older than the following:

a. Four years for a utility that was a Class A utility at the time of application;

b. Six years for a utility that was a Class B utility at the time of application; or

c. Eight years for a utility that was a Class C or Class D utility at the time of application.

(2) A utility must have only one system improvement charge in effect for water and one system improvement charge in effect for sewer for each of its approved rate schedules at any time.

(3) A utility may apply to establish or amend one or more system improvement charges in accordance with the requirements of this section. A utility must not adjust its rates under this section more than once each calendar year. A utility that is applying to establish or amend multiple system improvement charges in a calendar year must do so in a single application.

(4) A utility may not apply to establish or amend a system improvement charge while it has a comprehensive rate proceeding pending before the city or the Commission.

(5) If a utility with a pending application to establish or amend a system improvement charge files an application to change before the city or the Commission, or if the city or the Commission initiates a rate change review, the utility will be deemed to have withdrawn its application to establish or amend a system improvement charge and the application will be presumed dismissed.

(c) An application to establish or amend a system improvement charge must include the following:

(1) A description of the eligible plant for which cost recovery is sought through the system improvement charge, including the project or projects included in the request and an explanation of how each project has improved or will improve service and an indication of which specific systems and customers benefitted from the change in investment;

(2) A calculation of the system improvement charge in accordance with subsection (f) of this section and all supporting calculations and assumptions for each component of the system improvement charge;

(3) Information that sufficiently supports the eligible cost, such as invoices, receipts, and direct testimony, and that sufficiently addresses the exclusion of costs for plant provided by explicit customer agreements or funded by customer contributions in aid of construction;

(4) A copy of the utility's most recent annual report filed with the Commission, which must be the annual report most recently due for filing;

(5) If the utility is earning a return on invested capital as demonstrated through its most recently filed annual report with the Commission that is more than 75 basis points above the return established in the Order from the utility's most

recently filed comprehensive base rate case, the utility must also file a statement as to how the system improvement charge as requested results in rates which are just and reasonable; and

(6) An affidavit confirming that the application meets the requirements of this section.

(d) The revenue requirement for the system improvement charge must be calculated using the following formula: SIC RR = (Reconcilable Cost * ROR) + Federal Income Taxes + Depreciation + ad valorem taxes + other revenue related taxes, where:

(1) SIC = the system improvement charge;

(2) SIC RR = system improvement charge revenue requirement;

(3) Reconcilable Cost = the original costs of eligible plant installed after the end of the test year used in the utility's most recent base-rate proceeding, less:

a. Accumulated depreciation; and

b. Any costs for plant provided by explicit customer agreements or funded by customer contributions in aid of construction;

(4) Accumulated depreciation = depreciation accumulated for eligible plant after the date the eligible plant was placed in service;

(5) ROR = after-tax overall rate of return as defined in paragraph (10) of this subsection;

(6) Federal Income Taxes = current annual federal income tax, as related to eligible costs;

(7) Depreciation = current annual depreciation expense for the eligible plant;

(8) Ad Valorem Taxes = current annual amount of taxes based on the assessed value of the eligible cost;

(9) Other Revenue Related Taxes = current annual amount of any additional taxes resulting from the utility's increased revenues related to the SIC;

(10) The after-tax overall rate of return shall be the after-tax rate overall rate of return approved by the City or Commission in the utility's last base-rate case; and

(11) The SIC must be calculated based on annualized meter equivalents, derived using the most recent month's total customer meter equivalents multiplied by 12. The base SIC must be calculated as the SIC RR divided by annual meter equivalents. The SIC for each meter size must be calculated as the base SIC multiplied by the multiplier for that meter size.

Meter Size	*Multiplier*
⅝"	1.00
¾"	1.50
1"	2.50
1½"	5.00
2"	8.00
3"	15.00

(e) By the first business day after it files its application, the utility must send notice of its SIC application to all affected ratepayers by first class mail, e-mail (if the customer has agreed to receive communications electronically), bill insert, or hand delivery. The utility must include the date the application was filed with the city, the intervention deadline, and a brief explanation of how an affected ratepayer may participate in the ratemaking proceeding. The intervention deadline is 25 days from the date service of notice is complete.

(f) System improvement charge reconciliation shall be conducted in accordance with 16 Tex. Admin. Code § 24.76(i).

(g) Recovery of rate case expenses may be requested and must be reviewed in the utility's next comprehensive base rate case.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-23. Water utility rates for elderly customers.

A water and sewer utility, as defined in Section 13.002 of the Texas Water Code, may establish reduced rates for a minimal level of service for customers 65 years of age or older to ensure that

those customers receive that level of service at more affordable rates, provided the water and sewer utility may not recover the costs of the reduced rates through charges to the utility's other customer classes. The water and sewer utility may establish a fund to receive donations for the purpose of recovering the costs of providing the reduced rates.

To request the reduced rates under this section, the water and sewer utility shall comply with the provisions and rules of § 24.21(b)(2)(B) of Title 16 of the Texas Administrative Code, as amended. The water and sewer utility shall provide to the director the proposed plans and other information filed with the Commission for reduced rates and provide additional information when requested by the director.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Secs. 37-24—37-29. Reserved.

DIVISION 3. GAS UTILITIES FILINGS AND REPORTS

Sec. 37-30. Statement of intent to increase rates.

(a) The gas utility proposing to change rates shall file with the director a statement of intent at least 35 days before the effective date of the proposed increase. The statement of intent to increase rates shall include a rate filing package that includes at least the following:

(1) The proposed revisions of tariffs and schedules;

(2) A detailed statement of each proposed change;

(3) A description of the effect that the proposed increase is expected to have on the revenues of the applicant;

(4) A description of each class and number of utility consumers affected; and

(5) Any other information required by the director.

(b) The gas utility shall provide notice to the public of any proposed rate change as required by the Public Utility Regulatory Act.

(c) The director shall not consider an application to change rates to be properly filed until all items listed in subparagraphs (a)-(c) of this section have been filed with the director.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-31. Annual report.

Each gas utility shall submit an annual gathering, transmission, and distribution report to the director. The annual report shall be made on a form approved by gas services or on a form prescribed by the director. The annual report shall be made on a calendar year basis with the reports being due not later than April 1 of each calendar year for the preceding calendar year.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Secs. 37-32—37-39. Reserved.

DIVISION 4. ELECTRIC UTILITIES FILINGS AND REPORTS

Sec. 37-40. Statements of intent to increase rates.

(a) All statements of intent to change rates which are filed by an electric utility with the city shall be filed with the director at least 35 days before the effective date of the proposed increase. Statements of intent to increase rates shall include a rate filing package that includes at least the following:

(1) Proposed revisions of tariffs;

(2) A detailed statement of each proposed change;

(3) A detailed statement of the effect the proposed change is expected to have on the revenues of the utility;

(4) A description of each class and number of utility consumers affected; and

(5) Any other information required by the director.

(b) The director shall not consider an application to change rates to be properly filed until all items listed in subparagraphs (a)-(c) of this section have been filed with the director.

(c) The electric utility shall provide notice to the public of any proposed rate change as required by the Public Utility Regulatory Act.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-41. Reports.

Each electric utility shall submit the following reports and records to the director:

(1) A current set of maps showing the physical locations of its facilities that includes an accurate description of all facilities (substations and transmission lines);

(2) A summary report shall be submitted within five working days to the director after the end of a significant interruption lasting more than 24 hours. The summary report must include the date and time of the significant interruption; the date and time of full restoration; the cause of the interruption, the location, substation, and feeder identifiers of all affected facilities; the total number of customers affected; the dates, times, and numbers of customers affected by partial or step restoration; and the total number of customer-minutes of the significant interruption (sum of the interruption durations times the number of customers affected);

(3) An emergency operations plan as described by the Commission in chapter 25 of the Commission's rules;

(4) A storm hardening plan summary as described by the Commission in chapter 25 of the Commission's rules. The summary shall describe in detail the utility's current and future storm hardening plans over a five-year period. By May 1 of each year, the electric utility shall file with the director a detailed summary of any material reviews to the plan and a detailed summary of its progress in implementing the plan. A full copy of the plan shall be provided to the director upon request;

(5) A facilities review conducted by the electric utility; and

(6) Any other report and record related to rates, operations, services, and resiliency as requested by the director.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Secs. 37-42—37-49. Reserved.

ARTICLE III. DISCOVERY PROCEDURE AND HEARINGS

DIVISION 1. DISCOVERY PROCEDURE

Sec. 37-50. Requests for information, documents, and admission.

After a public utility files with the city an application to change rates, the director may serve upon the public utility written requests for information, requests for documents, and requests for admission.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-51. Making requests for information.

(a) A request under this division shall identify with reasonable particularity the information, documents, and materials sought. A request of documents or property shall describe with reasonable particularity the documents to be produced or the property to which access is requested and shall set forth the items to be inspected by individual item or category.

(b) Requests for information may be served by electronic mail or any other method prescribed by the director.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-52. Time for response.

A public utility upon whom a request is served shall provide a full written response to the request within 10 calendar days after receipt of the request. The director may extend or shorten the time for providing responses.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-53. Responding to requests for information, documents, and admission of fact.

(a) Each response to discovery under this division shall identify the preparer or person under whose direct supervision the response was prepared, and the sponsoring witness, if any.

(b) Each request shall be answered separately. Responses to requests shall be preceded by the request to which the answer pertains.

(c) Responses to requests for production of documents, property, or other items shall state, for each item or category of items for which an objection has not been raised, that inspection or other requested action will be permitted at a mutually convenient time at the location where the documents, property, or other items are maintained. If compliance with the request is impossible, a written response shall be provided to the director stating the reasons for the unavailability of the information.

(d) Where a request may be answered by production of or reference to information that currently exists in the form of a document, computer record, or other existing tangible thing that is voluminous, as defined in section 37-54 of this division, it is a sufficient answer to the request to specify the records from which the answer may be derived or ascertained and to afford a reasonable opportunity to the requesting party to examine, to audit or to inspect such records and to allow the director to make copies, compilations, abstracts, or summaries from such records. The specification of records provided shall include sufficient detail to permit the director to locate and to identify, as readily as can the public utility, the records from which the answers may be ascertained.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-54. Production of voluminous material.

The following procedures shall apply to production of voluminous materials:

(1) Responses to particular questions that consist of less than 1000 pages are not voluminous and shall be filed in full;

(2) Subject to paragraph (3) of this section, the public utility shall make available all voluminous material provided in response to a request for information at a location designated by the director;

(3) A public utility will be released from its obligation to make available the requested voluminous material at a designated location, only if the volume of the material exceeds eight linear feet. In that event, the party shall make the material available where the material is located; and

(4) The public utility providing the voluminous material shall file with its response a detailed index of the voluminous material responsive to a particular question and shall organize the responses and material to enable the director to efficiently review the material, including labeling of material by request for information number and subparts and sequentially numbering the material responsive to a particular question. The index shall include:

a. Information sufficient to locate each individual document by page number, file number, and box number;

b. The date of each document;

c. The title of the document, or, if none exists, a description of the document;

d. The name of the preparer of each document; and

e. The length of each document.

(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-55. Duty to supplement.

A public utility is under a continuing duty to supplement its discovery responses if that public utility acquires information upon the basis of which the public utility knows or should know that the response was incorrect or incomplete when made, or though correct or complete when made, is materially incorrect or incomplete. The

public utility shall amend its prior response within five working days of acquiring the information.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-56. Modifications of deadlines.

The director may modify deadlines for responses and objections at the request of a public utility.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-57. Objections to production and privileged information.

A public utility may make an objection to production of information, documents, or materials founded upon, without limitation, a claim of privilege, an exemption under the Texas Rules of Civil Procedure, and relevance. Objections to requests, if any, shall be filed within five calendar days of receipt of the request for information. The objections shall state the date the request for information was received. Any objection to production of information or claim of privilege shall meet the following requirements:

(1) The objections shall be submitted to the director electronically and be entitled, 'Objections of (name of public utility) to (style of request for information objected to).' The request for information to which an objection is being filed shall be stated and the specific grounds for the objection shall be separately listed for each question. If an objection pertains only to a part of a question, that part shall be clearly identified. All arguments upon which the objecting party relies shall be presented in full in the objection;

(2) If the objection is founded upon a claim of privilege or exemption under the Texas Rules of Civil Procedure, the public utility shall file within two working days of the filing of the objections, an index that lists, for each document: the date and title of the document; the preparer or custodian of the information; to whom the document was sent and from whom it was received; and the privilege(s) or exemption(s) that is claimed. A full and complete explanation of the claimed privilege or exemption shall be provided. The index shall be sufficiently detailed to enable the director to identify the documents from the list provided;

(3) A public utility raising objections on the grounds of relevance as well as grounds of privilege or exemption is not required to file an index to the privileged or exempt documents at the time the objections are filed. A public utility may instead include an objection to the filing of the index. The objections shall show good cause for postponement of the filing of the index. An index to the privileged or exempt documents shall be due within three working days of receipt of an order by the director denying the relevance objection or overruling the objection to the filing of an index;

(4) The requirement to respond to those requests, or portions thereof, to which objection is made shall be postponed until the objections are ruled upon by the director and for such additional time as granted by the director; and

(5) In the interests of narrowing discovery disputes, the public utility may agree to provide certain information sought by a request while objecting to the provision of other information sought by the request.

(Ord. No. 2023-1079, § 3, 12-6-2023)

Secs. 37-58, 37-59. Reserved.

DIVISION 2. HEARINGS

Sec. 37-60. Scope.

The provisions of this division shall apply where hearings other than informal proceedings are authorized or required under the Public Utility Regulatory Act, Gas Utility Regulatory Act, or Water Code to be conducted by the city as the regulatory authority for a public utility whether initiated upon motion of city council, by complaint of any affected person, or by the filing of a statement of intent to change rates or other action of a utility.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-61. Open to public.

All hearings conducted pursuant to this article shall be open to the public.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-62. Hearings before city council.

All public utility hearings before city council shall be conducted in regular or special session in accordance with the rules generally applicable to sessions of city council or such other and further rules as the city council may adopt. The mayor or other person designated by the mayor shall act as presiding officer for hearings conducted under this division.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-63. 'parties of interest' defined.

The term 'parties of interest,' as used in this division, means and includes the public utility whose rates or service standards or other regulated practices are in issue, the director, their respective legal representatives, other persons entitled as a matter of law to participate, and any other person whose presence is, in the judgment of the city council, necessary or expedient to the complete resolution of the matters in issue.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-64. Notice to parties of interest.

The city council shall transmit to all parties of interest in any hearing written notice of the time, date, and place of commencement of such hearing. After a hearing begins, the city council may give the parties notice of the times, dates, and the places of a postponed, continued, recessed, or adjourned hearing.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-65. Making a record of hearing.

The city secretary shall make a record of a hearing as required by section 2-67 of this Code.

The mayor or director may also retain a court reporter to transcribe the hearing upon request from the public utility. The cost of such transcription shall be borne by the public utility.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-66. Rights of parties of interest.

In a hearing conducted pursuant to this division, all parties of interest shall have the right to present their case or defense, to submit rebuttal evidence, and to conduct cross-examination of witnesses.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-67. Burden of proof.

In a hearing conducted pursuant to this division, the utility has the burden of proving that the rate change is just and reasonable.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-68. Order of procedure.

Unless the director otherwise states, the order of procedure in a hearing conducted under this division shall proceed as follows:

(1) The utility shall be entitled to open and to close. Parties may be allowed to make opening statements. Following opening statements, if any, the utility shall be allowed to proceed with its direct case. Opposing parties shall be allowed to cross-examine each witness, consistent with any order aligning parties. Each party shall then present its case and witnesses will be subjected to cross-examination. Unless otherwise ordered by the presiding officer, the city shall be the last party to present a direct case;

(2) Redirect or recross examination will be limited to matters raised in the round of examination immediately preceding the redirect or recross examination;

(3) The party with the burden of proof may rebut evidence presented by opposing parties after all parties have presented their direct cases. Rebuttal may be afforded other parties at the presiding officer's discretion, provided that the party with the burden of proof shall be entitled to make the closing presentation, which may include surrebuttal;

(4) The presiding officer may allow supplemental rebuttal only to the extent that the party with the burden of proof

could not have reasonably anticipated the need for such evidence in time to file it with the party's main rebuttal case. Oral supplemental rebuttal may be allowed, provided that the testimony is in response to matters first brought up in cross examination of a nonapplicant witness and only to the extent that the applicant could not have reasonably anticipated the need for such evidence in time to file it in written form. If a party intends to present supplemental rebuttal, it shall state in writing or on the record at the beginning of the presentation of its rebuttal case which witnesses will be presenting supplemental rebuttal, the general subject of the supplemental rebuttal, the evidence which the supplemental rebuttal is intended to rebut, and which rebuttal, if any, will be oral rather than written. Written supplemental rebuttal, if allowed, shall be filed no later than three working days after the date the evidence being rebutted was admitted. Oral supplemental rebuttal shall be limited to evidence offered to rebut evidence admitted less than five working days before the oral supplemental rebuttal is offered. Any exhibits offered during oral supplemental rebuttal shall be distributed to the presiding officer and the parties at the beginning of the applicant's rebuttal case, unless otherwise ordered by the presiding officer. A party may be exempted from the requirements of this subparagraph only upon a showing that compliance is not feasible;

(5) After parties have completed the presentation of evidence, and have been afforded the opportunity to cross-examine the other parties' witnesses, closing statements may be allowed. Such statements shall be made either in writing or orally at the presiding officer's discretion;

(6) The presiding officer and council members may question any witness testifying in a case. A party may raise an evidentiary objection to any question asked by the presiding officer or city council members, and the presiding officer shall rule on any such objection;

(7) The parties shall have an opportunity to cross-examine witnesses regarding answers to questions from the presiding officer and/or city council members; and

(8) The presiding officer may call upon any party for further material or relevant evidence on any issue. The additional evidence shall not be admitted without an opportunity for inspection, objection, and cross-examination by all parties, and rebuttal by the party with the burden of proof on the whole proceeding.

(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-69. Keeping a record of the hearing.

The city secretary shall maintain a record of any hearing conducted under this division as a permanent record of the city. The record shall include the transcript, exhibits, papers, applications, requests, briefs, and the final determination by the city council of the proposed rate increase.

(Ord. No. 2023-1079, § 3, 12-6-2023)

ARTICLE IV. STANDARDS OF SERVICE

Sec. 37-70. Standards of service.

The city adopts by reference the following provisions governing a public utility's standards of service:

(1) For an electric utility, subchapter A of chapter 38 of the Public Utility Regulatory Act, including, without limitation, section 38.005, as amended, and any Commission rules governing standards of service;

(2) For a gas utility, subchapter F of chapter 104 of the Gas Utility Regulatory Act, including, without limitation, section 104.251, as amended, and any Railroad Commission rules governing standards of service; and

(3) For a water and sewer utility, subchapter G of chapter 24 of the Commission's rules, as amended.

Any reference to the Commission or Railroad Commission in rules adopted by reference shall be construed as reference to the city.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-71. Non-waiver.

Nothing contained in this chapter shall be construed as constituting a surrender of jurisdiction by the city over the regulation of the service provided by any public utility. The city reserves the right to adopt local modifications to the regulations which are adopted by reference or to supersede the same in whole or in part with local rules to the extent of its jurisdictional area.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Secs. 37-72—37-79. Reserved.

ARTICLE V. ACCESS TO PUBLIC, EDUCATIONAL, AND GOVERNMENTAL CABLE CHANNELS BY OTHER MUNICIPALITIES

Sec. 37-80. Definitions.

The following words, terms, or phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Applicant municipality means any municipality that submits an application to the director in substantially the form prescribed in this division.

Cablecast franchisee means the applicant municipality's cable television franchisee that will cablecast the city's PEG channel programming.

CPI means the Consumer Price Index, Urban Consumers, all items, United States Average, as compiled by the United States Department of Labor, Bureau of Labor Statistics, Washington, D.C. (or, if the CPI is discontinued, the most nearly comparable statistics published by a recognized financial authority selected by the director).

PEG channel means a cable television channel reserved for public, educational, or governmental programming and used in accordance with the rules and procedures established by the city.

PEG channel programmer means an entity that provides PEG channel programming, including with respect to governmental programming, the city. PEG channel programming means programming provided either by the city or under contract with the city for cablecast on the city's PEG channels.

Playback facility means the facility for playback of all pre-recorded programming for a PEG channel and switching of all programming from remote locations that may be required to support PEG channel programming, including, but not limited to, cameras, recording, or playback machines and related devices.

Receiving municipality means a municipality that receives the city's PEG channel programming under this division.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-81. Policy.

It is the policy of the city that PEG channel programming be reasonably available for cablecast through the city's PEG channel playback facilities on the cable systems serving other municipalities. The policies and procedures established in this division are intended to accomplish PEG channel access in a fair and equitable manner without disruption to viewers within the city.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-82. Application.

(a) An applicant municipality that desires its cablecast franchisee to obtain PEG channel programming shall submit an application to the

director in a form promulgated by the director for that purpose, which shall contain the following information:

(1) The PEG channel programming the applicant municipality wishes its cablecast franchisee to receive, which need not include all PEG channels;

(2) The name of the applicant municipality's cablecast franchisee;

(3) The estimated number of the cablecast franchisee's cable television subscribers located within the applicant municipality;

(4) A written statement from each PEG channel programmer whose channel is included in the application consenting to the cablecast of its programming as provided in the application and agreeing to accept compensation therefor as provided in this division;

(5) A written statement from each of the applicant municipality's cablecast franchisees that the cablecast franchisee consents (or is required by the applicant municipality's ordinance) to carry the requested PEG channel programming;

(6) An indemnification and release in the form prescribed by the city attorney, executed by the cablecast franchisee in favor of the city;

(7) Written evidence satisfactory to the director that the cable systems of the city and the applicant municipality are compatible and capable of interconnection without interference with the cable television reception of viewers within the city;

(8) A certified copy of an ordinance or other official action by the applicant municipality's governing body approving the application and agreeing to abide by the terms of this division and any authorization granted by the city pursuant hereto; and

(9) Any other information the director determines is reasonably required to facilitate the application.

(b) Application information may be changed before the director's decision becomes final by submission of an amended application.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-83. Issuance.

(a) If the director determines that the application complies with the requirements of section 37-82 of this Code, the director shall grant the application and promptly notify the applicant of the decision.

(b) If the director determines that the application does not comply with the requirements of section 37-82 of this Code, the director shall deny the application and promptly notify the applicant of the decision and the specific reason therefor.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-84. Fees.

(a) As compensation for access to PEG channel programming, each municipality shall pay the city the fee stated for this provision in the city fee schedule.

(b) The director shall issue regulations relating to the manner in which the fee will be assessed and collected and the manner in which the CPI adjustment shall be calculated and implemented.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-85. Effect of approval.

The city will not provide any services under this division other than the use of the playback facility to receive the PEG channel programming and consent to cablecast the municipal channel operated by the city. Any municipality receiving PEG channel programming under this division is responsible for obtaining any and all consents or other authorization necessary to cablecast the requested PEG channel programming. Nothing herein shall be construed to in any way alter the status, responsibilities, duties, or liabilities of the respective parties to the municipal franchise agreements under which the cablecast franchisees may operate. Responsibility for compliance with applicable copyright, intellectual property, or similar laws remains with the PEG channel

programmer. Further, responsibility for certifying that the PEG channel programming does not contain obscene or indecent material or material that is otherwise proscribed by law also remains with the PEG channel programmer.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Sec. 37-86. No additional obligations.

The city assumes no obligation to change, reconfigure, or otherwise upgrade the playback facility, or to make any interconnection with the cable television system of a municipality to facilitate reception of the PEG channels.
(Ord. No. 2023-1079, § 3, 12-6-2023)

Chapter 38

RAILROADS*

Sec. 38-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

(1) *Major street.* Any street within the city which:

a. Is a through or express street as designated by the city traffic engineer on the express street plan pursuant to section 45-39(a) of this Code; or

b. Has a traffic count of 10,000 motor vehicles or more per day over any railroad track intersecting it, where the total traffic count is the total of the number of vehicles crossing the railroad track from each direction per day.

(2) *Person in charge.* That physical person accompanying a train who is empowered to direct its operations.

(3) *Principal officer or manager.* The principal person in charge of all operations of a railroad company in the city.

(4) *Railroad company.* Any individual, partnership, association, corporation, trustee, receiver or other person that lays out, constructs, maintains or operates any railroad or operates any trains, engines or cars on a line of railway in the city.

(5) *Switch train.* Any train engaged solely in moving freight or passenger cars within the city from one railroad yard to another railroad yard, or in the same railroad yard, or in transferring railroad cars to and from the various switch tracks or spur tracks within the city. A switch train is distinguished from a through passenger or freight train operating intrastate or interstate into or through the city.

(Code 1968, § 39-1; Ord. No. 82-1854, § 1, 11-23-82; Ord. No. 90-635, § 79, 5-23-90; Ord. No. 93-514, § 57, 5-5-93)

Sec. 38-2. Permit to lay tracks.

No railway company shall lay tracks within the limits of the city without a special permit from the city council being first had and obtained. It shall be the duty of the city engineer to examine and report on each application for such permit as to the advisability of granting such permit.

(Code 1968, § 39-2; Ord. No. 90-635, § 80, 5-23-90)

Charter reference—Authority to regulate construction of railroad tracks, Art. II, § 5.

Sec. 38-3. Map and profile required before grant of right-of-way.

(a) No right-of-way over any of the streets within the city shall be granted to any railway company unless a map and profile of the grades along the streets named shall accompany the application and ordinance granting the right-of-way. It shall be the duty of the city engineer to inspect any and all such maps and profiles and report the result of his investigation as soon thereafter as possible to the city council, and no right-of-way shall be granted until such examination shall be made and reported upon in order to better protect the rights of property owners along the several streets; provided, that there shall be no costs attached to the city.

(b) When a railroad company applies to renew a franchise to cover existing track or tracks, including tracks which cross a street or streets, the city engineer, with the concurrence of the director of the department of administration and regulatory affairs, may waive the requirement

*__Charter reference—__Authority of city over railroads, Art. II, §§ 5, 5a, 16(g), (p), (t).
__Cross reference—__Streets and sidewalks, Ch. 40.

for filing a profile of the grades along or across the streets named in the application by filing a written recommendation with the city council to be attached to said application, provided that the railroad company shall furnish said profile upon the request of the city engineer.
(Code 1968, § 39-3; Ord. No. 70-177, § 1, 2-4-70; Ord. No. 87-851, § 1, 6-2-87; Ord. No. 90-635, § 80, 5-23-90; Ord. No. 08-52, § 62, 1-16-08, eff. 1-26-08)

Cross reference—Official survey system, § 33-61 et seq.

Sec. 38-4. Duty to reconstruct or construct grade crossings.

(a) It is hereby made the duty of each railroad company owning, controlling, maintaining or operating railroad tracks crossing a public street at a grade within the corporate limits of the city to reconstruct (in case of existing tracks) and to construct (in the case of future tracks) any and all such tracks according to the various categories of streets set forth below. Once tracks crossing a street have been reconstructed or constructed according to said categories, it shall be the duty of each railroad company to keep any and all such tracks, at all times thereafter, in a good and safe condition until said grade crossing is again reconstructed in compliance with this section 38-4.

(b) There are hereby established three categories of street crossing to be used by each railroad company when reconstructing or constructing a grade crossing:

(1) *Category I:* Major street, as defined in section 38-1 of this chapter.

(2) *Category II:* Any public street which has a traffic count of 3,500 or more but less than 10,000 motor vehicles per day over the railroad track, where the traffic count is the total of the number of vehicles crossing the railroad track from each direction.

(3) *Category III:* Any public street other than Categories I and II above.

(c) Each railroad company shall reconstruct or construct grade crossings over public streets in Categories I and II using not less than the standard permanent type materials such as steel; steel reinforced molded rubber; high density polyethylene; full depth timber or other permanent type materials acceptable to the Director of Houston Public Works.

(d) Each railroad company shall reconstruct or construct grade crossings over public streets in Category III using not less than the standard plain bituminous materials.

(e) It shall be the duty of the traffic engineer to conduct a survey and study of all existing railroad crossings in the city, and, from this survey and study, to compile and maintain a list or lists of all such crossings, together with the name of each railroad company owning or controlling each crossing and the type of crossing required under subsections (c) and (d). The list for each railroad company shall rank the crossings in the order of priority to be reconstructed in accordance with subsections (c) and (d) hereof, and it shall be the duty of each railroad company to secure these lists from the traffic engineer and to commence and complete a program of systematic reconstruction of all such crossings.

(f) In addition to the systematic reconstruction required in subsection (e) hereof, the traffic engineer may, from time to time, notify a railroad company that a particular track (or tracks) crossing a street is in such state of disrepair that it must be reconstructed in compliance with subsections (c) and (d) hereof, regardless of the priority assigned to such crossing, and the railroad company shall thereafter start and complete such reconstruction within a reasonable time, but in no event shall such time exceed 120 days.

(g) Any railroad company that disagrees with any decision made by the traffic engineer under this section shall have ten days from the date it was notified of that decision by the traffic engineer to appeal such decision to a three-member board to be known as the grade crossing review board. Such board shall be composed of the directors of Houston Public Works, the department of administration and regulatory affairs, and the department of planning and development or their designees. The director of Houston Public Works or designee shall serve as chairman of the

grade crossing review board and notify the appealing railroad company in writing of the time and place for hearing such appeal.

(h) At the time and place designated for such hearing, the appealing railroad company and the traffic engineer shall attend and present all relevant facts concerning the decision under appeal.

After considering all the facts and circumstances presented at the hearing, the grade crossing review board, by a majority vote, shall issue a decision in writing to both parties upholding, modifying or overruling the decision of the traffic engineer. Such written decision shall be made within five days after the date of the hearing and the decision of the grade crossing review board shall thereafter be complied with as the decision of the traffic engineer.

(i) Any railroad company violating any of the provisions of this section 38-4 may be enjoined or mandamused by a suit filed by the city in a court of competent jurisdiction, and this remedy shall be in addition to other penalty provisions.
(Code 1968, § 39-4; Ord. No. 82-1954, § 2, 11-23-82; Ord. No. 85-297, § 1, 3-5-85; Ord. No. 90-635, § 81, 5-23-90; Ord. No. 93-514, § 58, 5-5-93; Ord. No. 08-52, § 63, 1-16-08, eff. 1-26-08; Ord. No. 2018-11, §§ 26, 49, 1-10-2018)

Charter reference—Authority to require railroad to construct crossings, Art. II, § 5.

Sec. 38-5. Mayor authorized to execute license agreements for crossing right-of-way by city water and sewer lines.

The mayor is authorized to execute and the city secretary to attest license agreements with railroad companies operating in the city, for the crossing by the city of the railroad right-of-way with sewer and water lines, where such license agreements are on the usual and customary forms furnished by the railroad company concerned, where the consideration to be paid by the city does not exceed $10.00 in any one year, and where no special or extraordinary obligations are incurred by the city over and above those normally contained in the usual and customary printed form of license agreement.
(Code 1968, § 39-5)

Sec. 38-6. Provisions governing franchise to construct and use railroad tracks across public streets.

The right, privilege and franchise, which may be granted by separate ordinance to a railroad company ("the company"), to permit its construction, use and maintenance of railroad track(s) upon and across public street(s) within the corporate limits of the city for the purpose of operating its trains, engines and cars thereon, shall, when granted, be granted subject to and upon the following provisions and requirements, and the company, by accepting the franchise, covenants and agrees to be bound by and to observe and perform each and all of the following provisions and requirements, which shall for all purposes be deemed to be a part of the granting ordinance as if set forth verbatim, therein:

(a) Without limiting the scope or application of any other provision hereof, the company's installation of and all later activities with respect to the tracks:

(1) Shall comply with all matters set forth in the construction plans for same which have been reviewed and approved by the city engineer including, but not limited to, all matters added to or deleted from such plans by or at the request of the city engineer or for the purpose of obtaining his approval thereof, such plans to be identified by drawing number in the granting ordinance; and

(2) Shall be performed to the satisfaction of the city engineer.

(b) The company shall construct its tracks so as not to interfere with drainage across and along any public street, and the company shall construct and maintain all ditches, drains and culverts necessary to the proper drainage of those parts of any street occupied by the tracks, as determined by the city engineer. The

company shall construct each crossing in compliance with the applicable specifications as set forth in section 39-4, and shall construct, repair and maintain the paving in the entire remainder of the franchise area described in the granting ordinance (on both sides of each crossing) in such manner and with such material as determined and ordered by the city engineer.

(c) The city reserves and shall have the right to install any sewer line, water line or other utility lines or facilities of any kind whatever under, over or across the tracks, or to make any other lawful use of the streets where same are located. The company shall reimburse the city for that portion of the cost of construction of any new such facilities, and that portion of the cost of maintenance, repair or replacement of any city utility facilities existing at the time the franchise is granted, which would not have been incurred by the city except for the presence of the tracks. The city engineer shall determine the amount of such portion of cost to be paid by the company, and his determination thereof shall be final. Where a sewer line, water line or other utility lines or facilities of any kind whatever are occasioned by the presence of the tracks, the total cost of such lines or facilities shall be borne by the company. Standard railroad cross bucks shall be installed by the company on the right side of each approach to each crossing, unless the city directs that other or additional safety protective devices be installed.

(d) The company shall in no instance allow its use of the rights granted to it under the franchise to endanger the streets where the tracks are located, or the use thereof by the city or the public. Should the company's use of its rights under the franchise ever damage such streets or any other property of the city, the company shall promptly repair and restore same to the condition in which it existed, and to the usefulness which it possessed, prior to the occurrence of such damage.

(e) In consideration of the grant of franchise, the company shall annually pay to the city, per track, the fixed fee of $100.00, plus the charge of $75.00 for the first 125 feet (or fraction thereof), and an additional $25.00 for each additional 100 feet (or fraction thereof), of occupancy of public street right-of-way. The payment to be made for the year in which acceptance of the franchise occurs shall be the greater of:

(1) A proportioned amount of the total of the $100.00 fixed fee plus the per-foot charge, computed as set forth above, according to the time remaining from the effective date of the ordinance granting the franchise until the next succeeding first day of January; or

(2) $1,000.00.

The payment to be made for each succeeding year shall be the full amount of the total of the $100.00 fixed fee plus the per-foot charge, computed as set forth above. The first such payment shall be made within 30 days after the effective date of the granting ordinance, and subsequent annual payments shall be made on the first day of January of each year thereafter during the term of the franchise.

(f) The franchise shall not take effect until after the expiration of 30 days after the granting ordinance has been duly passed by the city council and has been approved by the mayor, and then only if, within such time, the company has filed with the city secretary written acceptance of the franchise. The franchise shall be for a term of 15 years commencing as of the effective date thereof, unless some shorter term is specified in the granting ordinance.

(g) The city reserves and shall have the right (without limitation) to require that automatic flasher warning signals, or

other or additional safety protective devices, be installed at each crossing on such conditions as the city council, acting pursuant to and in accordance with the authority and provisions of the constitution and general laws of the state, and of the Charter and ordinances of the city, shall direct.

(h) The company shall not, wholly or in part, transfer, assign or otherwise dispose of the franchise, or its rights thereunder, without the express written consent of the city having been first obtained. To obtain the city's consent, the company must file its request therefor, together with a true copy of the proposed instrument of transfer, with the director of administration and regulatory affairs, who shall make a recommendation thereon to the city council. Upon consent by the city to the transfer or assignment, each provision of the franchise shall be binding upon, and inure to the benefit of, the transferee or assignee of the company.

(i) The company may voluntarily terminate the franchise at any time by giving the city 60 days' written notice thereof. However, failure to commence installation of the tracks within 90 days after the franchise takes effect; or later abandonment or discontinuance of use of the tracks; or default in the payment of any taxes or lawful charges due thereon; or violation of or failure to comply with any of the provisions or requirements of the granting ordinance, or any of the provisions of the Constitution and general laws of the state, or of the Charter and ordinances of the city, insofar as they relate to the franchise granted, shall, at the option of the city, annul the franchise and work as a forfeiture of all rights and privileges granted therein, which shall thereupon refer to and vest absolutely in the city.

(j) Upon termination of the franchise under any circumstances, the company shall remove the tracks from the streets where located, and replace the streets in such condition and repair as shall be determined and ordered by the city engineer. Should it fail to remove the tracks, the company consents to any damage to, dismantling of, or paving over the tracks which might occur after such termination of the franchise or its rights thereunder, and further releases the city from all liability for or because of any such damage, dismantling or paving over, which might occur after such termination.

(k) The exercise of any and all rights, and the fulfillment of any and all requirements or obligations, under the franchise shall be at the sole and complete expense and liability of the company. Further, the company agrees that it will defend, indemnify and hold the city free and harmless from and against any and all loss, claims, liability, recoveries and/or expense which may be asserted against, incurred by or involve the city in any manner whatever because of:

(1) The grant of franchise to the company; or

(2) The company's exercise of any rights granted to it, or fulfillment of any requirement or obligation imposed on it, thereunder.

(The word "city," in this paragraph means the city, its officers, agents, contractors and employees.)

(l) The franchise shall be subject to all existing laws and ordinances, and to such laws and ordinances as may be enacted hereafter. Nothing shall be considered as a waiver of any power of regulation of public utilities vested in the city by the Constitution and general laws of the state, or the Charter and ordinances of the city. No requirement added to those stated hereunder for the franchise, whether now or subsequently authorized by law, shall be defeated by the company on the ground that the ordinance granting the franchise and the acceptance

thereof constitutes a contract, the obligation whereof is impaired by such additional requirement.

(m) Should the city council find that public convenience and necessity require the removal of the tracks installed pursuant to the franchise, city council reserves and shall have the absolute right to terminate the franchise. Termination in such event may be effected only by ordinance passed by the city council, and the termination shall not be effective until 60 days after the company's receipt of written notice thereof delivered to it by registered mail at the address for the company recited in the granting ordinance.

(Code 1968, § 39-6; Ord. No. 73-1218, § 1, 6-27-73; Ord. No. 82-972, § 1, 6-15-82; Ord. No. 82-1174, § 1, 7-27-82; Ord. No. 82-1854, § 3, 11-23-82; Ord. No. 90-635, §§ 82—84, 5-23-90; Ord. No. 08-52, § 64, 1-16-08, eff. 1-26-08)

Sec. 38-7. Drainage improvements; maintenance and repair of streets, bridges, etc.

(a) It shall be the duty of all railroad companies whose lines of road are constructed on, over or across any street or part of a street or land in the city to make, construct and maintain, under the supervision of the city engineer and in accordance with plans and specifications to be furnished by the Director of Houston Public Works, all such drains, culverts, waterways, ditches, sewers and such other connections as shall be deemed necessary by the city council to properly drain the streets and lands on, over or across which such railway line is constructed, and to conduct the water into some proper sewer, and, if necessary, conduct such water outside the city limits.

(b) It shall be the duty of each railroad company whose lines of road are constructed within the corporate limits of the city to keep all streets, or parts of streets, through or over which its lines of road may run, free from obstructions of every kind.

(c) It shall be the duty of each railroad company to construct and keep in good repair all bridges and crossings over all ditches, sewers and culverts on the lines of its railway, and to fill up and grade all sinks and gullies adjacent to or on the lines of its road; which work and improvements shall be done and made under the direction and supervision of the city engineer, and in such manner and of such material and at such points as may be required by him.

(d) In any case where an improvement contemplated by this section is deemed necessary by the city engineer, he shall prepare or cause to be prepared plans and specifications as to the several practicable ways, if more than one exists, in which such improvement can be made. Such plans and specifications shall be submitted to the city council, together with a recommendation that such improvement is necessary. If the recommendation appears reasonable, the council shall make an order directing the city secretary to notify the officer or agent having an office in the city and having direct charge and control of the operations of the railroad company within the corporate limits of the city, to appear before the council at a date and place fixed in such order to show cause, if any it can, why such improvement should not be constructed without delay in accordance with one or the other of such plans and specifications so submitted.

(e) At the time and place stated for the hearing provided for in this section, the city council shall hear evidence as to the necessity for such improvements and as to the best plan for carrying out the same. Evidence should also be heard as to the reasonable and proper length of time which will be required to complete such improvements. After the conclusion of such hearing, the council shall, by ordinance, order the improvement made, and it shall also approve the plans and specifications deemed to be most suitable and practical for the work therein ordered to be done, which ordinance shall also designate a date at which such improvements shall be completed and order same to be completed (within such time), and the city engineer shall notify the city secretary upon completion or failure to complete such improvements within the time designated. A copy of such ordinance, together with a copy of the plans and specifications for such work as approved by the council, authenticated by the certificate of the city

secretary, shall be mailed to the officer or agent having an office in the city and having direct charge and control of the operations of the railroad company within the corporate limits of the city. Such notice shall be addressed to the main office of the railroad company in the city.

(f) It shall be unlawful for the officer or agent of the railroad company having an office in the city and having direct charge and control of the operations of the railroad company within the corporate limits of the city to fail, refuse or neglect to construct and complete the improvements ordered by the city council within the specified time. Any such failure, refusal or neglect shall be punished by a fine as provided in section 1-6 of this Code and each day such violation is continued shall constitute a separate offense. The failure, refusal or neglect to construct and complete the improvements ordered by the city council within the specified time shall also be deemed the failure, refusal or neglect of the railroad company, and such company shall be liable to the city for a civil penalty of $50.00 per day of each day that such failure, refusal or neglect shall continue. The city shall have the right to institute civil suits for the recovery of such penalties, or to maintain criminal prosecutions or to pursue both of such remedies, the adoption of one course of procedure not to be deemed an abandonment of its right to proceed under both.

(Code 1968, § 39-7; Ord. No. 82-1854, §§ 4, 5, 11-23-82; Ord. No. 90-635, § 85, 5-23-90; Ord. No. 93-514, § 59, 5-5-93; Ord. No. 2018-11, § 49, 1-10-2018)

Charter reference—Authority to require railroads to maintain streets, etc., Art. II, § 5.

Sec. 38-8. Separation of railroad grade from street grade.

(a) Wherever the city council shall find that a public necessity exists for a determination as to whether the public safety requires the separation of the grade of any railroad from the grade of any street crossed by such railroad within the corporate limits of the city, such inquiry shall be made as follows:

(1) The city council shall pass a resolution finding that a public necessity exists for a determination as to whether the public safety requires such grade separation, describing the location of such street and of such railroad. The city council in such resolution shall call a public hearing, but no such hearing shall be set for any date prior to the elapse of 15 full days from the date of the passage of the resolution. The city secretary shall forward a certified copy of such resolution to the principal officer of the railroad company in the city by registered United States mail, or by causing the same to be delivered to the principal office of such company by some officer or employee of the city.

(2) At the time and place set in such resolution, the city council shall assemble in public meeting and proceed with such hearing. The city attorney shall represent the city in such hearing. The railroad company shall be heard fully upon the questions presented.

(3) The city council is empowered, in its discretion, to permit the giving of evidence by any other person interested in or affected by the proposed grade separation.

(b) At such public hearing, the city council shall determine the following:

(1) Whether the safety of the public requires a separation of the grade of the railroad from the grade of the street at the crossing in question.

(2) If such separation is required, the most practical and feasible plan to be adopted for such separation, whether by one or more of the following methods:

a. Lowering of the present grade of the tracks of the railroad below the grade of the street.

b. Elevating or raising the tracks of the railroad so as to bridge the grade of the street.

c. Constructing an underpass so that the street shall pass under the railroad.

d. Constructing an overpass so that the street shall pass over the tracks of the railroad.

(3) Whether any additional lands or rights-of-way are required for the construction of such project, and the estimated cost of acquiring same.

(4) A determination as to how the cost of the construction of the entire project shall be apportioned, whether all of the same shall be paid by the railroad company, or all by the city, or part by the company and part by the city.

(c) When all evidence has been received at such public hearing by the city council, the city council shall close the same and proceed to a determination of the fact issues presented. If the city council shall find that the public safety requires such grade separation, it shall cause plans and specifications to be prepared showing how the work is to be constructed and shall embody its findings and orders in an ordinance ordering the separation of the grade and the payment of the costs incident thereto.
(Code 1968, § 39-8)

Charter reference—Authority to regulate grade separation, Art. II, § 5.

Sec. 38-9. Obstructing street or crossing.

Any officer, agent, servant or receiver of any railway corporation who willfully obstructs for more than five minutes at any one time any street, railway crossing or public highway by permitting a train to stand on or across such crossing, shall be fined not less than $50.00 nor more than $500.00.
(Code 1968, § 39-9; Ord. No. 75-486, § 1, 3-26-75; Ord. No. 92-1449, § 52, 11-4-92)

Charter reference—Penalty for ordinance violation, Art. II, § 12.

Cross references—Assessment of fines against corporations, § 16-76; payment of fines, § 16-78; credit against fines for incarceration, § 35-6 et seq.

Sec. 38-10. Report of obstructed crossings.

(a) It shall be the duty of the yardmaster, engineer, conductor and every other person in any manner controlling or operating any railway locomotive, engine, car or train of cars, including the resident superintendent, general manager, president or receiver of such railway company, to report in writing to the traffic engineer, within one week thereafter, all obstructions of public crossings in the city by a railway locomotive engine, car or train of cars coming within his knowledge or jurisdiction, specifying particularly the period of time for which such public crossing was blocked, the number of the engine and the name of the engineer or conductor of such engine, car or train of cars, if available.

(b) Whenever the traffic engineer shall receive information from the police department or any other person that a major street has been blocked at a railroad crossing by a switch train for a longer period than five minutes at one time, he is hereby authorized and empowered to serve a demand in writing upon the principal officer or manager of any railroad company believed by him to be operating trains upon such railroad at such crossing to make a report in writing containing the following information:

(1) Whether the railroad company operated a switch train or trains, at or about the time or times specified in the traffic engineer's demand on the railroad crossing the major street at the intersection in question.

(2) If so, the number assigned to the engine and to the train, if any.

(3) The correct legal name of the railroad company operating such switch train.

(4) The name of the person in direct charge of such switch train and the movements thereof.

The report shall be filed in the office of the traffic engineer not later than 5:00 p.m. of the day following the day of service of his written demand, unless such following day shall fall on a Saturday or a Sunday, in which case the report shall be filed on the following Monday by 5:00 p.m. If the following day shall fall on a legal holiday established by the city council upon which day the city hall is closed for business, the report shall be filed on the next day thereafter when the

city hall shall be open. Such report shall be in writing and signed by the principal officer or manager of the railroad company in the city.
(Code 1968, § 39-10; Ord. No. 90-635, § 86, 5-23-90; Ord. No. 93-514, § 60, 5-5-93)

Sec. 38-11. Gates, guards and other protection at crossings generally.

(a) Whenever, on any street or sidewalk crossed by the tracks of any railway company, the city council deems it necessary to provide protection to persons and property at such crossings by the erection and maintenance of gates, guards or other protection, the council may so declare and direct that such railway company shall, within a certain time to be fixed by the council, erect, construct and maintain a sufficient safeguard of such character at such crossings, specifying the kind of protection to be erected, constructed and maintained, whether it be a gate, guard or other protection,

and it shall be the duty of the city secretary to serve upon such company named in such resolution a certified copy thereof within ten (10) days after passage of such resolution, leaving a copy thereof with the local agent of such company in the city, or at the general office of such company.

(b) Every gate, guard or other protection, and the approaches thereto, when ordered as provided by this section, shall be erected and constructed at the sole cost and expense of the railroad company, under the supervision of the city engineer and the same shall thereafter be kept and maintained by such railroad company in proper repair and condition at its own cost and expense, and without cost or expense to the city, and under the supervision of the traffic engineer.

(c) Whenever any railroad company shall have been directed by the city council to erect, construct and maintain at any street or sidewalk crossed by its tracks, any gates, guards or other protection, as provided in this section, such company shall, within the time prescribed in such resolution, construct and thereafter maintain the protection specified in such resolution, under a civil penalty of one hundred dollars ($100.00) for every failure so to do, and each and every ten (10) days after the expiration of the time so fixed for the construction of such protection that any company shall refuse or neglect to proceed with the erection and construction of the kind of protection specified shall constitute a separate and distinct offense, and incur a separate penalty. The city shall have the right to institute civil suits for the recovery of such penalty.
(Code 1968, § 39-11; Ord. No. 90-635, § 87, 5-23-90)

Sec. 38-12. Closing of crossing gates and guards.

Whenever any gate or guard has been erected under the provisions of this chapter, it shall be the duty of the railway company on whom devolves the duty of maintaining and operating the same to keep the same securely closed at the approach of and during the passage of any railway train across the part of the street or sidewalk it is designed to protect; provided, that the crossing shall not be kept closed longer than five (5) minutes at any one time, and any railway company violating the provisions of this section shall be subject to a criminal penalty of not less than fifty dollars ($50.00) nor more than five hundred dollars ($500.00).
(Code 1968, § 39-12; Ord. No. 92-1449, § 53, 11-4-92)

Charter reference—Penalty for ordinance violation, Art. II, § 12.

Cross references—Assessment of fines against corporations, § 16-76; payment of fines, § 16-78; credit against fines for incarceration, § 35-6 et seq.

Sec. 38-13. Flagmen at crossings.

It shall be the duty of each railway company operating a railroad within the corporate limits of the city to keep, by day and night, at such public crossings as may be designated from time to time by the city council, one (1) or more flagmen, whose duty it shall be to warn traffic of the approach of trains, and to see that such crossings are kept free of standing trains, locomotives and other obstructions, except at crossings where the railroad company maintains electric warning devices approved by the traffic engineer.
(Code 1968, § 39-13; Ord. No. 90-635, § 88, 5-23-90)

Charter reference—Authority to regulate crossings, Art. II, § 5.

Sec. 38-14. Lighting of crossings.

(a) It shall be the duty of each railroad company customarily and regularly operating trains at night within the city over and across the public streets in the city to erect, establish, keep and maintain an electric light, when and as may be ordered by the city council, at each crossing that is designated by the city council. Such electric light shall be of not less than fifty (50) watts, and shall be not more than seventy-five (75) feet distant from the nearest rail at such crossing and not less than twenty-two (22) feet distant from the ground.

(b) The crossings where electric lights are required to be erected, established, kept, lighted and maintained in accord with this section shall be designated by the city council by resolution passed by it after a finding by the city council that trains are customarily and regularly operated over each such crossing at night, and that a necessity exists for the erection, establishment and maintenance of an electric light at such crossing for the protec-

tion of the safety and security of persons traveling over the same.

(c) At crossings where electric lights are required to be erected, established, kept and maintained in accord with this section, such lights shall not be required to be kept burning nor lighted during such hours, or parts of hours, when the lights in use for lighting the city streets shall not be lighted or burning. The purpose of this subsection is to exempt the railroad company from lighting such crossing at any time the streets of the city are not lighted.

(d) Should any standard safety device be installed, designed to warn citizens and other travelers of the approach of a train, and to provide for their safety and security, or should a watchman be placed to accomplish this purpose, at any crossing designated by the city council for the erection of electric lights, the provisions of this section shall not apply and such provisions shall become inoperative as to such crossing.

(e) Any railroad company or person operating a railroad in the city who shall fail to keep and maintain such lights as are hereinbefore provided for when required to do so by proper resolution of the city council, or who shall fail to comply with the provisions of this section, shall be liable to the city for a fine which may be imposed as provided in section 1-6 of this Code, which penalty shall be recoverable by and in the name of the city by a suit in any court of competent jurisdiction.
(Code 1968, § 39-14)

Charter reference—Authority to regulate crossings, Art. II, § 5.

Sec. 38-15. Cumulative provisions relating to lighting at railroad crossings.

(a) Regardless of whether trains are customarily and regularly operated over a railroad crossing at night, the city council may determine that a necessity for such lighting exists in which event the railroad company operating such crossing shall erect, establish and maintain at its sole cost and expense an electric light for the protection of the safety and security of persons traveling over such crossing.

(b) The city may participate with the railroad companies in paying for up to one-half of the cost of electrical power for lighting at all railroad crossings within the City. This provision may be invoked by adopting a resolution which shall state:

(1) The crossing or crossings required to be lighted under the provisions of this section;

(2) The name or names of the railroad company or companies operating such crossing or crossings; and

(3) The share of the electrical bill, up to one-half that the city will pay.

(c) The city secretary shall mail a certified copy of such resolution, return receipt requested, to each railroad named in such resolution.

(d) The provisions of this section shall be cumulative of all other provisions of the code relating to this subject matter.
(Code 1968, § 39-14.1; Ord. No. 83-2092, § 1, 12-28-83)

Secs. 38-16, 38-17. Reserved.

Sec. 38-18. Speed limit for trains—At crossings generally.

Except as otherwise provided in section 38-19, it shall be unlawful for any engineer or other person in charge of any locomotive, train, motor car or other vehicle for the transportation of freight or passengers by railroad to run the same onto any street crossing within the corporate limits of the city at a greater rate of speed than twenty (20) miles per hour.
(Code 1968, § 39-17; Ord. No. 86-465, § 1, 4-2-86)

Sec. 38-19. Same—At specific crossings.

Upon the portions of the railroad lines set out in this section, the maximum speed authorized for any train or vehicle operated on the rails, when entering any street crossing, is as follows:

(1) *Maximum speed of thirty (30) miles per hour:*

a. Upon the Galveston, Houston and Henderson Railroad Line, which generally

parallels Harrisburg and Galveston Road, from a point one hundred (100) feet east of its intersection with 67th Street, to a point one hundred (100) feet southeast of its intersection with Park Terrace Boulevard.

b. Upon the Houston Belt and Terminal Line, which generally parallels Hardy Street, from a point one hundred (100) feet north of its intersection with Bennington Street, and including the short connecting tracks, to the east-west Houston Belt and Terminal Line just north of the North Loop Freeway, southerly to its intersection with the Gulf Freeway near Calhoun Road. This is referred to as the "Freight Main Line."

c. Upon the Houston Belt and Terminal Railway Line, generally parallel to and north of the North Loop, at its intersection with Hardy Street.

d. Upon the Houston Belt and Terminal Railway Line, which generally parallels South Wayside, from its crossing by the North Loop (137) just south of Settegast Yard, in a southwesterly direction, to its intersection with the Houston Belt and Terminal Railway Line which travels in a southerly direction toward Alvin, Texas.

e. Upon the Missouri-Kansas-Texas Railroad Company Texas Line, which generally parallels Katy Road, between its crossing of White Oak Bayou (just west of North Shepherd Drive) and a point one hundred (100) feet west of its intersection with Gessner.

f. Upon the Missouri Pacific Line, which generally parallels Almeda Road, from a point one hundred (100) feet north of Almeda-Genoa Road to the south corporate limits of the city.

g. Upon the Port Terminal Railroad Association Line, which lies just north of Clinton Drive, from a point one hundred (100) feet east of its intersection with McCarty Road easterly to the corporate limits of the city at Green's Bayou, excluding that portion which lies within the City of Galena Park and Harris County.

h. Upon the Port Terminal Railroad Association Line, which generally parallels the Houston Ship Channel, from a point one hundred (100) feet east of its intersection with 76th Street, southeasterly to the corporate limits of the City at Light Company Road, excluding that portion which lies within the Houston Navigation District.

i. Upon the Texas and New Orleans Railroad Line, which generally parallels Hempstead Road, from a point one hundred (100) feet south of Antoine to the north corporate limits of the city.

j. Upon the Texas and New Orleans Railroad Line, which generally parallels LaPorte Road, from a point one hundred (100) feet east of its intersection with Broadway easterly to the corporate limits of the city.

k. Upon the Texas and New Orleans Railroad Line, which generally parallels Washington Avenue and Lyons Avenue, from the midpoint between Yale Street and Heights Boulevard east to a point one hundred (100) feet east of Bringhurst Street.

(2) *Maximum speed of forty (40) miles per hour:*

a. Upon Missouri-Kansas-Texas Railway Company Texas Line, which generally parallels Katy Road from a point one hundred (100) feet west of Gessner to the corporate limits of the city.

(3) *Maximum speed of forty-five (45) miles per hour:*

a. Upon the joint Texas Division of the Forth Worth and Denver Railway and the Chicago, Rock Island and Pacific Railroad Line, which generally parallels West 34th Street, from its junction with the Houston Belt and Terminal Railway Line near North Shepherd Drive, westerly to a point one hundred (100) feet southeasterly of Pinemont Road.

b. Upon the Galveston, Houston and Henderson Railroad Line, which generally parallels Galveston Road, from a point one hundred (100) feet south of Park Terrace Boulevard southerly to the corporate limits of the city, excluding the portion of such railroad line that lies within the City of South Houston.

c. Upon the Gulf, Colorado and Santa Fe Railroad Line, which generally parallels Mykawa Road, from its junction with the Houston Belt and Terminal Line near the intersection of Griggs Road and Long Drive southerly to a point one hundred (100) feet south of Bellfort.

d. Upon the Houston Belt and Terminal Railway Line, which generally parallels West Hardy Street, from its junction with the Missouri Pacific Line near Turner Drive to a point one hundred (100) feet north of its intersection with Bennington Street.

e. Upon the Houston Belt and Terminal Railway Line from its intersection with the Gulf Freeway near Calhoun southerly to its junction with the Gulf, Colorado and Santa Fe Railway Company Line near the intersection of Griggs Road and Long Drive.

f. Upon the Houston Belt and Terminal Line, which generally parallels the North Loop and 34th Street, from its crossing by the North Loop (137), just south of the Settegast Yards, westerly to its junction with the Joint Texas Division of the Fort Worth and Denver Railway and the Chicago, Rock Island and Pacific Railroad Line near North Shepherd Drive, excluding the zone which covers West Hardy Street.

g. Upon the Missouri Pacific Line, which generally parallels Almeda Road, from its junction with Houston Belt and Terminal Railway Line near Knight Road, southerly to a point one hundred (100) feet north of Almeda-Genoa Road.

h. Upon the Missouri Pacific Line, which generally parallels Shreveport Road, from its junction with the Houston Belt and Terminal Railway Line near Hirsch Road northeasterly to a point one hundred (100) feet northeast of Tidwell Road.

i. Upon the Texas and New Orleans Railroad Line, which generally parallels Holmes Road, from a point one hundred (100) feet west of its intersection with Long Drive westerly to a point one hundred (100) feet west of South Post Oak Road.

j. Upon the Texas and New Orleans Railroad Line, which generally parallels Washington Avenue, from a point one hundred (100) feet southeast of Antoine Street easterly to a point midway between Heights Boulevard and Yale Street.

k. Upon the Texas and New Orleans Railroad Line, which generally parallels Main Street, from a point one hundred (100) feet west of South Post Oak Road, westerly to the corporate limits of the city.

l. Upon the Texas and New Orleans Railroad Line, generally paralleling Hirsch Road, between a point one hundred (100) feet south of Quitman Street, and the north corporate limits of the city.

m. Upon the Southern Pacific Railroad line that generally parallels Westpark Drive, from the city limits to its junction with the Southern Pacific Railroad line that generally parallels Post Oak Road.

(4) *Maximum speed of sixty (60) miles per hour:*

a. Upon the Joint Texas Division of the Fort Worth and Denver Railway and the Chicago, Rock Island and Pacific Railroad Line, which generally parallels Randon Road and North Houston-Rosslyn Road, from a point one hundred (100) feet north of Pinemont Road northerly to the corporate limits of the city.

b. Upon the Gulf, Colorado and Santa Fe Railway Line, which generally parallels Mykawa Road, from a point one hundred (100) feet south of Bellfort southerly to the corporate limits of the city.

c. Upon the Missouri Pacific Line, which goes to Beaumont, from a point one hundred (100) feet northeast of Tidwell Road to the corporate limits of the city.
d. Upon the Texas and New Orleans Railroad Line, which parallels Liberty Road, from a point one hundred (100) feet east of Bringhurst easterly to the corporate limits of the city.
e. Upon the Missouri Pacific Line, generally parallel to West Hardy Street, from the north corporate limits of the city to its junction with the Houston Belt and Terminal Line near Turner Drive.
f. Upon the Texas and New Orleans Railroad Line, which generally parallels Post Oak Road, from its junction with the Texas and New Orleans Railroad Line just north of Katy Road southerly to its junction with the east-west Texas and New Orleans Railroad Line near the intersection of Main Street and Holmes Road.

(Code 1968, § 39-18; Ord. No. 69-2333, § 1, 12-17-69; Ord. No. 76-896, §§ 1—5, 6-1-76; Ord. No. 85-824, § 1, 6-4-85; Ord. No. 86-465, § 2, 4-2-86; Ord. No. 87-1726, §§ 1—3, 10-7-87)

Charter reference—Authority to regulate speed of trains, Art. II, § 5, (p).

Sec. 38-19.1. Same—For first class passenger trains at specific crossings.

Upon the portions of the railroad lines set out in this section, the maximum speed authorized for any first class passenger train operated on the rails, when entering any street crossing is as follows:

(1) *Maximum speed limit of forty-five (45) miles per hour:*

a. "Upon the Galveston, Houston and Henderson Railroad Line extending south from the Southern Pacific Transportation Company Railroad Line at San Jacinto Street to Park Terrace Boulevard in an alignment generally paralleling Harrisburg Boulevard on the north and State Highway No. 3 on the south to a point 100 feet east of its intersection with 67th Street, and from a point 100 feet east of 67th Street to a point 100 feet southwest of its intersection with Park Terrace Boulevard.
b. Reserved.

(2) *Maximum speed limit of sixty (60) miles per hour:*

a. Upon the Texas and New Orleans Railroad Line, which generally parallels Hempstead Road, from a point one hundred (100) feet south of Antoine to the north corporate city limits of the city.
b. Reserved.

(Ord. No. 89-1726, § 1, 11-29-89; Ord. No. 89-1786, § 1, 12-13-89)

Sec. 38-20. Same—Not restricted in absence of crossings.

Where no streets are crossed by a railroad line in the city, the speed of trains on such line is not restricted by the city.
(Code 1968, § 39-19)

Sec. 38-21. Blowing whistle.

All persons are prohibited form blowing any whistles on any locomotive, or single blasts therefrom, within the limits of the city, for a longer period of time than five (5) seconds, except when there is imminent danger of an accident.
(Code 1968, § 39-20)

Charter reference—Authority to regulate ringing of bells and blowing of whistles of trains, Art. II, § 16(p).

Cross references—Discharge of exhaust from steam engines, motor vehicles, etc., § 30-11; other restrictions on blowing of steam whistles, § 3-16.

Sec. 38-22. Restrictions on switching.

(a) It shall be unlawful for any railroad company to use any part of Commerce Avenue for the switching of railroad freight trains between San Jacinto and York (Travis) Streets, within the corporate limits, and the violation of this section by any railroad company is hereby declared to be unlawful. Prosecution for the violation of this section may be against the yardmaster or any employee, or person in control of such train, or the

manager, or the local agent of such railroad company.

(b) Except on Saturdays, Sundays or official city holidays, it shall be unlawful to operate any railroad train over and across the railroad track crossing of the 700 to 800 blocks of North San Jacinto Street at Allen Street between the hours of 7:00 a.m. to 9:00 a.m. and between the hours of 4:00 p.m. to 6:00 p.m. without first obtaining a written permit therefor from the traffic engineer. The traffic engineer shall apply the standards established in section 45-5 of this Code in determining whether to grant or deny the application for such a permit. Prosecution for violation of this subsection shall be as provided in subsection (a) of this section.
(Code 1968, § 39-21; Ord. No. 73-1713, § 1, 8-28-73; Ord. No. 90-635, § 89, 5-23-90)

Charter reference—Authority to regulate crossings, Art. II, § 5.

Sec. 38-23. Jumping on and off or clinging to train while in motion.

It shall be unlawful for any person in the city to jump off or on, cling to or hang on any railway engine or car, while the same is in motion, such person not being a paying passenger, an employee, or an official of the railroad company.
(Code 1968, § 39-24)

Sec. 38-24. City authorized to participate in certain costs relating to street and railroad intersections.

Notwithstanding anything contained in this chapter to the contrary, the city may participate in certain costs relating to the intersections of streets and railroads. The extent, if any, to which the city will participate in said costs will be determined by city council for each individual railroad crossing or intersection. The extent of participation, if any, by the city shall be set forth in a resolution and payment of said participation will be made only after completion of said construction and approval of the actual costs by city council. In the event the city participates in such construction costs, such determination by city council will in no manner constitute grounds for postponement or delay in the completion of such construction within the time limit set forth in said resolution.
(Code 1968, § 39-27; Ord. No. 72-331, § 1, 2-22-72)

Sec. 39-186. Surrender of permit, plates, decals upon revocation or suspension.

ARTICLE I. IN GENERAL

Sec. 39-1. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alley means a public right-of-way that is used only for secondary access to individual properties that have their primary access from an adjacent public street or an approved common or compensating open space or courtyard that has direct access to a public street.

Automated collection service means the collection of garbage or trash with the use of a standard automated side-loader truck. The term also includes semi-automated collection service authorized by the chief solid waste officer pursuant to section 39-62(d) of this Code.

Automated service container means a city-issued rolling, molded plastic container, equipped with a lid, capable of holding not more than 90 gallons, and designed to be collected by means of a garbage collection vehicle designed to be operated by a single person without the necessity of leaving the cab of the truck.

Basic garbage collection service means automated collection service, recyclable material collection service, and other basic collection services.

Biodegradable bag means a transparent disposable bag made of plastic film or any other synthetic or natural organic material that has sufficient strength and quality to securely contain a capacity of not more than 35 gallons and meets the American Society for Testing & Materials (ASTM) D6400 Standard Test Method for Compostable Plastics. The bags must indicate that they are 100% biodegradable or 100% compostable.

Bulk container means any container used for the collection or disposal of solid waste that is designated and intended:

a. To be transported from the premises where it is used by mechanical means with its contents to the dumpsite; or

b. To be emptied by mechanical means upon the premises where it is used into a waste transport vehicle.

Without limitation, the term includes the dumpster-type containers and roll-offs that are commonly used in multifamily residential, commercial, industrial and public locations. The term shall not include automated service containers furnished by the city and similar containers furnished and used by private collection contractors in the course of their collection business.

Bulk container service provider means the owner of the bulk container, provided that if a person other than the owner is contractually

or otherwise obligated to transport the bulk container and/or its contents for disposition, then it shall mean the person providing such service.

Central business district means the area beginning at the intersection of the centerline of U.S. 59 and the centerline of I.H. 45; thence in a northeasterly and northerly direction along the centerline of I.H. 45 to its intersection with the centerline of I.H. 10; thence in an easterly direction along the centerline of I.H. 10 to its intersection with the centerline of U.S. 59; thence in a southwesterly direction along the centerline of U.S. 59 to its intersection with I.H. 45, the point of beginning.

City collectors means employees of the division or private contractors of the city actively engaged in the collection of solid waste.

Curbline means an imaginary line drawn along the edge of the pavement on either side of a public street; the curbline shall include the area three feet beyond said imaginary line on the residence side of the line.

Department means Houston Public Works.

Director means the director of Houston Public Works or his designee.

Division means the division of solid waste management of Houston Public Works.

Extra capacity service means the collection of garbage or trash in automated service containers or one-way containers pursuant to section 39-62(a) of this Code.

Garbage means abandoned, discarded or unwanted putrescible animal and vegetable materials resulting from the handling, preparation, cooking and consumption of food, including such materials from food markets, food storage facilities, food handling, and the sale of produce and other food products.

Houston downtown management district means the district created by Subchapter A of Chapter 376 of the Texas Local Government Code.

Junk means any rubbish or trash generated upon the premises of a residential unit and of such size or weight that it cannot be containerized pursuant to this chapter, including, but not limited to, major appliances.

Litter means uncontrolled and improperly containerized garbage or trash on public or private property.

One-way container means a disposable bag made of plastic film or of any other synthetic or natural organic material that has sufficient strength and quality to securely contain a capacity of not more than 35 gallons.

Other basic collection services means yard waste collection, junk collection, tree waste collection, and dead animal collection.

Personal reusable container means any container provided by a resident that is suitable to contain yard waste, with no sharp edges, and not exceeding 50 pounds total weight when full. Automated service containers are not considered personal reusable containers.

Public street means the entire width between property lines of any road, street, way, alley, bridge, or other similar thoroughfare, not privately owned or controlled, when any part thereof is open to the public for vehicular traffic, which is the responsibility of the city or other similar public agency to maintain.

Recyclable material means material that has been recovered or diverted from the nonhazardous waste stream for purposes of reuse, recycling, or reclamation, a substantial portion of which is consistently used in the manufacture of products that may otherwise be produced using raw or virgin materials. Recyclable material is not solid waste; however, recyclable material may become rubbish at such time, if any, as it is abandoned or disposed of rather than recycled, whereupon it will be rubbish with respect only to the party actually abandoning or disposing of the material.

Residential unit means any occupied structure within the city limits of the city devoted to single-family residential use. Residential unit shall include, but not be limited to, houses, duplexes, condominiums, townhouses, townhomes, trailer homes,

manufactured homes and patio homes. The term shall also include each apartment in an apartment project or community containing eight or fewer individual units. Residential unit shall not include any unit in any hotel, motel, boarding house, or other similar rental unit.

Residential unit customer means a resident of a residential unit that is eligible for basic garbage collection service.

Rubbish or *trash* means abandoned, discarded or unwanted nonputrescible solid waste materials consisting of both combustible and noncombustible waste materials; combustible rubbish or trash shall include feathers, paper, rags, cartons, boxes (flattened and tied), wood, excelsior, nonmetallic furniture, rubber, plastics, yard trimmings, shrubs, leaves, and similar materials; noncombustible rubbish or trash shall include glass, crockery, tin cans, aluminum cans, metal furniture, and like materials which will not burn at ordinary incinerator temperatures (1,600 degrees Fahrenheit to 1,800 degrees Fahrenheit); provided that, rubbish or trash shall not include bulk quantities of building materials or major automotive components, and the city shall not be required to pick up such materials.

Solid waste means "municipal solid waste" as that term is defined in the Texas Solid Waste Disposal Act; waste resulting from the construction or demolition of any structure; and any other type of solid waste as defined in Title 30, Section 330.3 of the Texas Administrative Code and any amendments thereto.

Sponsorship agreement means a reimbursement agreement between the city and a civic or homeowners' association or other qualified entity for the purpose of partially offsetting the cost incurred by the association or qualifying entity in assuming the responsibility for all basic garbage collection service to residential units eligible for such service pursuant to this chapter 39 in certain defined areas of the city.

Standard automated side-loader truck means a truck manufactured or configured to permit the driver to collect the garbage and rubbish from automated service containers, placed at the curbline, by means of a mechanical device operated by the driver without the necessity of leaving the cab of the truck.

Trash. see rubbish or *trash.*

Tree waste means tree limbs, branches, and trunks greater than three inches in diameter.

Yard waste means grass, shrubs, or other plant clippings, leaves, and tree limbs.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-2. Disturbing or removing contents of containers.

(a) It is unlawful for any person to intentionally, knowingly or recklessly handle, scavenge from, disturb, or remove any contents of any bin, bag, or other container that has been placed for collection of garbage, trash or recyclable materials at the designated location for pickup by the division, or for pickup by any other public or private collection service. This subsection does not apply to trash receptacles that are clearly intended for the general public's use and are placed in city parks or city rights-of-way.

(b) It is a defense to prosecution under this section that the accused is the person who placed or caused the bin, bag or container to be placed for collection or that the accused is an agent or employee of the city.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-3. Littering generally.

With the exception of containers and items placed for pickup in conformity with the conditions for pick up and the times authorized pursuant to this chapter, no provision contained in this chapter shall be construed as constituting the permission of the city for the deposit of solid waste upon sidewalks, public streets, curbs or other public places of the city. Any deposit which does not conform in all respects with the provisions set forth in this chapter shall constitute an unlawful deposit of litter which shall be punishable as provided by law.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-4. Penalties; enforcement.

(a) When in this chapter an act is prohibited or is made or declared to be unlawful or an offense or a misdemeanor, or whenever in this chapter the doing of any act is required or the failure to do any act is declared to be unlawful and no specific penalty is provided therefor, the violation of any such provision shall be punishable upon first conviction by a fine of not less than $50.00 nor more than $2,000.00 and upon each subsequent conviction by a fine of not less than $250.00 nor more than $2,000.00. Each day that any violation continues shall be punishable as a separate offense. To the extent that any conduct in violation of this chapter also constitutes a violation of state penal laws, then it shall be punishable as provided in the applicable state law.

(b) The remedies in this chapter are not exclusive. The city attorney is authorized to file and prosecute any other action authorized at law or in equity to abate any unsanitary condition or unlawful disposal of waste.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-5. Remedies cumulative.

This chapter is cumulative of other laws. To the extent of inconsistency between the provisions of this chapter and any other ordinance of the city, the more restrictive shall apply.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Secs. 39-6—39-15. Reserved.

ARTICLE II. DIVISION OF SOLID WASTE MANAGEMENT

Sec. 39-16. Created.

There is hereby established the solid waste management division, a division of Houston Public Works.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-17. Chief solid waste officer.

There is hereby created the position of the chief solid waste management officer, who shall oversee and be responsible for the day-to-day operation of the solid waste management division of Houston Public Works.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-18. Duties.

The division and the employees assigned to the division shall:

(1) Supervise and be responsible for the collection, transportation and disposal of solid waste.

(2) Carry out the policies of the director in the overall planning effort to develop a reliable and efficient method for solid waste disposal.

(3) Administer and enforce this chapter and related laws.

(4) Have such other duties and responsibilities as may be assigned by the director.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Secs. 39-19—39-29. Reserved.

ARTICLE III. HOUSTON CLEAN CITY COMMISSION*

Sec. 39-30. Created; purpose.

There is hereby established the Houston Clean City Commission to direct and oversee a comprehensive litter control program for the purpose of reducing and controlling to an acceptable level the concentration of litter in the city and to bring about a long-term improvement in the attitudes and trash handling habits of citizens.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-31. Litter defined.

As used in this article, the term "litter" shall mean uncontrolled and improperly containerized garbage or trash on public or private property.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

*__Cross reference—__Boards, commissions, authorities, etc. generally, § 2-316 et seq.

Sec. 39-32. Composition; appointment of members.

The Houston Clean City Commission shall consist of not more than 50 members to be appointed by the mayor and confirmed by city council. Members shall be community leaders representing the civic, business, and governmental segments of the city. Eleven members shall be designated as district members for positions lettered A through K and shall be residents of the city single-member council district which bears the letter corresponding to the position to which the district member is appointed. Each district member for positions lettered A through K shall be nominated by the council member representing the city single-member council district. In the event a district member's place of residence is redistricted from one council district to another during the term of the member's office, that member shall not be disqualified but shall serve the remainder of the term and until a successor is appointed and confirmed. Five members shall be designated as at-large ("AL") members for positions titled AL1 through AL5 and shall be residents of the city. Each at-large member for positions AL1 through AL5 shall be nominated by the council member representing the corresponding city council at-large position. Up to 34 members may be designated as members for positions numbered 1 through 34, as required. One member shall be the chief solid waste officer or his designee; one shall be the director of the public health or his designee; and one shall be the Director of Houston Public Works or his designee. Among the remaining members, the mayor may appoint and city council may confirm up to 11 persons who do not reside within the city to serve as nonresident members.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-33. Terms of members.

The members of the Houston Clean City Commission shall serve the following terms:

(1) The terms of office for members who hold even-numbered positions shall expire on February first of even-numbered years.

(2) The terms of office for members who hold odd-numbered positions shall expire on February first of odd-numbered years.

(3) The terms of office for district members shall expire on February first of the second year following the year of their appointment.

(4) The terms of office for at-large members shall expire on February first of the second year following the year of their appointment.

(5) Members whose terms have expired shall continue to serve until their successors are appointed and confirmed or their positions are eliminated due to a reduction in the size of the commission.

(6) The terms of office for the three city employee positions shall coincide with the tenure of their appointments as department directors and employment as chief solid waste officer.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-34. Compensation.

Members of the Houston Clean City Commission shall serve without compensation from the city or any firm, trust, donation or legacy to or on behalf of the city; provided, however, that a member of the commission, or the firm, company or corporation with whom the commissioner is associated, shall not be precluded from receiving compensation from the city under any contract for services rendered which have no relation to the commissioner's duties as a commissioner of the Houston Clean City Commission and, provided further the commission may hire or secure the services of a full-time program director to administer the clean city program.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-35. Chair.

The Houston Clean City Commission shall organize by electing one of its members as chair. The chair shall hold office for one year or until his successor has been elected and qualified.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-36. Adoption of administrative procedures.

The Houston Clean City Commission may adopt such administrative procedures as are necessary to accomplish the purposes set out in this article.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-37. Reports.

The Houston Clean City Commission shall, each quarter, during the months of January, April, July and October submit a written report to the mayor and city council summarizing the status of the clean city program.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-38. Consultation with city officers and departments.

The chief solid waste officer and other city officers and staffs of city departments may consult with and advise the Houston Clean City Commission from time to time on matters coming within the scope of this article and the commission may consult with and advise such city officers and personnel of such departments.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-39. Solicitation of funds.

The Houston Clean City Commission shall have the authority to solicit funds and donations to carry out the purposes for which it is established.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Secs. 39-40—39-47. Reserved.

ARTICLE IV. COLLECTION SERVICES

DIVISION 1. GENERALLY

Sec. 39-48. Limited to residential units within city.

Except as otherwise provided in this article, the city shall provide garbage and rubbish collection service only to eligible residential units. This section shall not prohibit separate contracts approved by the city council for additional service outside the terms of this article. The city shall provide garbage and rubbish collection service only within the city limits.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-49. Collection from nonresidential units.

(a) Nonresidential units are eligible for automated collection service and extra capacity service only, and only if qualified for such service under the terms of this section.

(b) Any nonresidential unit seeking city automated collection service or extra capacity service shall apply for same in writing to the chief solid waste officer on forms provided by the chief solid waste officer. The chief solid waste officer shall then grant such service, provided that the chief solid waste officer finds in writing that such nonresidential unit meets all of the following requirements:

(1) The cost to the city of providing service to such nonresidential unit is not unduly prohibitive.

(2) The nonresidential unit is located immediately adjacent to existing established residential routes which may be easily extended to provide the nonresidential unit with service.

(3) The city has the capability in terms of personnel and equipment to provide the nonresidential unit with service.

(4) Providing the nonresidential unit with the service will best serve the public convenience and necessity of the city.

(5) The chief solid waste officer shall be given written permission by the owner, lessee or authorized agent of any publicly or privately owned property to enter the premises and make inspections to determine whether or not garbage and rubbish is being properly stored, collected, removed and disposed of as required by the provisions of this chapter. If it is found that this chapter is being

violated, appropriate and timely action shall be taken to ensure full compliance with same.

(6) The nonresidential unit is not a medically-related facility, such as, but not limited to, hospitals, medical centers, health clinics, dental labs, medical labs, mortuaries and veterinary hospitals.

(c) Any nonresidential unit approved for city automated collection service or extra capacity service shall comply with all other appropriate terms and provisions of this chapter and, where appropriate, pay extra capacity service fees, as if the nonresidential unit were a residential unit.

(d) On each day that automated collection service is provided on the route for the nonresidential unit, city collectors will pick up the contents of not more than three automated service containers and any occasional one-way containers to which an extra capacity service tag has been affixed.

(e) Any nonresidential unit denied automated collection service or extra capacity service by the chief solid waste officer under this section may appeal the chief solid waste officer's decision to city council pursuant to Rule 12 of the Council Rules of Procedure by filing notice of appeal with the city secretary, with a copy to the chief solid waste officer, within 30 days of receipt of the chief solid waste officer's written notice of denial of service.

(f) There is hereby imposed the fee stated for this provision in the city fee schedule per calendar month or any portion thereof for automated collection service under this section. The fee for each additional automated service container or occasional extra capacity service tag requested shall be those set forth in section 39-62(a) of this Code and shall be paid annually in advance in accordance with billing procedures established by the chief solid waste officer; provided that upon presentation of a city water account number and advance payment of the first monthly extra capacity service fee for each additional automated service container requested, a water customer of the city desiring extra capacity service may be billed monthly pursuant to section 39-66 of this Code. City collectors are not authorized to receive payment of any fee. No extra capacity service shall be rendered to any person who has failed to make payment in advance.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-50. Materials to be picked up by division.

(a) The chief solid waste officer shall promulgate rules that establish the items that will be picked up by city collectors. The items will be limited to those that may be accepted at a Type I municipal solid waste site in accordance with applicable state and federal laws and regulations and the terms of the city's contracts with the site operators. For junk collection, items will be limited to those that may be accepted at a type IV municipal solid waste site in accordance with applicable state and federal laws and regulations and the terms of the city's contracts with the site operators. For tree waste, yard waste, and recyclable material, the items will be accepted based upon applicable laws and regulations and the city's contracts with purchasers of items to be recycled. The chief solid waste officer may impose further restrictions upon items or quantities of items to be collected based upon the safety of city collectors and the capability and capacity of division collection equipment. The chief solid waste officer shall similarly establish rules for neighborhood depository and adopt-a-container services.

(b) Copies of the rules shall be maintained in the chief solid waste officer's office and the city secretary's office. Additionally, copies shall be posted at neighborhood depository sites and adopt-a-container sites and made available to residents upon request.

(c) City collectors shall not accept any materials that are not authorized for collection under the rules. To the extent that any items placed for collection are mixed so as to include both authorized and unauthorized items, city collectors shall not be obliged to sort the materials and may refuse the entire lot.

(d) Except as provided in section 39-49 of this Code, the collection services shall be limited to the collection and acceptance of garbage or rubbish generated by residential users in connection

with activities that are incidental to their use of their property for residential purposes and waste generated upon a vacant residential lot that is generated in connection with the maintenance of that vacant residential lot. The division shall not collect or accept any other waste. It shall be unlawful for any person to place items for collection by city collectors at the curbline of any property except as authorized herein.

(e) The division shall not collect or accept bulky items, such as construction debris or debris from the trimming or removal of trees, unless generated by work performed by the residents of the property upon which the waste was generated, rather than by contractors retained to do the work. It is the duty of contractors who are performing work at residential units to which the division renders service to remove and lawfully dispose of construction debris, tree waste and similar bulky items or to cause the materials to be removed by private collectors, rather than to leave the materials upon the property for collection by city collectors.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Secs. 39-51—39-60. Reserved.

DIVISION 2. CONTAINERS, ETC.

Sec. 39-61. Defective, overloaded, or nonconforming containers.

(a) No person shall use or cause to be used or place or cause to be placed for collection by city or private collectors any garbage or rubbish container that:

(1) Is not of such construction as to have a lid or other closure means that will effectively prevent the spillage or airborne loss of its contents and the entry of vectors or elements of nature; or

(2) Is overloaded so that the lid will not fit securely thereon; or

(3) Is deteriorated to the extent of endangering collectors or to the extent that the lid will not fit securely or the contents are otherwise not effectively contained therein; or

(4) For yard waste bags, are not securely bound on the open end; or

(5) The combined weight of the garbage, rubbish and container exceeds 50 pounds; or

(6) Contains pet feces, unless such feces are wrapped separately and securely to avoid spillage, and placed so that its odor is not offensive to collection crews or the general public.

(b) City collectors shall not be obligated to service any garbage or rubbish container that does not contain garbage or rubbish as herein defined or that is not placed or prepared as set forth in this chapter.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-62. General specifications.

(a) The following specifications and service conditions shall apply to residential unit customers who receive basic garbage collection service and extra capacity service:

(1) *Container and administrative fees.*

a. The division shall provide one automated service container and one automated recycling container to each residential unit customer. The monthly fee for the provision, management, and use of the containers for basic garbage collection service is stated in the city fee schedule. The fee shall be paid annually in advance by the residential unit customer in accordance with billing procedures established by the director; provided that upon presentation of a city water account number, the city may bill the basic garbage collection service fee to the residential unit customer's city water account on a monthly basis.

1. The fee shall be sunset by the end of Fiscal Year 2027 unless City Council votes to continue the fee. Before a vote shall take place, a committee

presentation shall be conducted that includes an analysis of the fee.

b. The division shall charge an administrative fee for garbage collection and disposal services in the amount listed in the city fee schedule. The fee shall be paid monthly in advance by the residential unit customer in accordance with billing procedures established by the director; provided that upon presentation of a city water account number, the city may bill the administrative fee to the residential unit customer's city water account on a monthly basis.

c. The fees set forth in subitems (a)(1)a. and (a)(1)b. of this subsection may not be combined or listed in a single line on customer water bills.

(1a) *Extra capacity.* Upon request, and subject to the requirements of 39-63(2)(b), a residential unit customer shall be provided up to two additional automated service containers upon advance payment by money order or cashier's check of the monthly extra capacity service fee per automated service container stated for this provision in the city fee schedule. A city water customer who desires to contract for billing of the extra capacity service fee through the customer's city water account may provide the director the customer's city water account number and advance payment of the first monthly extra capacity service fee for each additional automated service container requested. Thereafter, a monthly charge for each additional container will be billed through the customer's water account. Each additional automated service container shall bear an extra capacity sticker containing serial or other identification numbers and shall be issued by the division for a minimum service period of 12 months.

(2) *Replacement for damage or loss of container.* The division will replace a container at no charge to a residential unit customer, if:

a. It is damaged beyond use by city collectors; or

b. It is lost as a result of a disaster for which the mayor has declared a local state of emergency or local state of disaster; or

c. It is lost as a result of a severe weather event that results in localized flooding for which the mayor has determined that fees for container replacement will not be charged.

(3) *Replacement due to routine wear.* The division will replace a container due to routine wear when necessary at no charge to a residential unit customer, but not more frequently than once every ten years, and will provide a second replacement within the same time period at a reduced cost only if:

a. The residential unit customer requesting a second container is a senior citizen over the age of 65; or

b. The residential unit customer is enrolled in the division's pickup for persons with disabilities program as identified in Section 39-80.

For these categories of residential unit customers, the replacement fee shall be waived for a second replacement and only the delivery fee shall be charged.

(4) *Replacement for other reason.* For a container that requires replacement for reasons other than those stated in items (2) and (3) of this subsection, the division shall replace a residential unit customer's container upon payment therefor by the residential unit customer using any payment method described in item (1a) of this subsection. The cost for container replacement includes the container delivery fee in addition to the city's actual

cost to purchase the replacement container, each as set forth in the city fee schedule.

(5) *City container not in compliance.* Only a city container that is directly provided by the division to the residential unit customer under the division's residential service program, extra capacity service program, or non-residential service program will be serviced by the city. Any other city container presented by a residential unit customer for service will be retrieved by the city at the residential unit customer's expense. The retrieval charges include the costs of retrieval and cleaning the improperly acquired container. The residential unit customer will be assessed a container cleaning fee, which includes the cost of disposal of contents, and a container retrieval fee, each of which is set forth in the city fee schedule. The division shall invoice the residential unit customer for the fees assessed by this subsection, which must be paid using any payment method described in item (1a) of this subsection.

(b) Operators of private collection services may establish different specifications as to the size, weight and construction of containers which they will pick up, provided that the specifications conform to section 39-61 of this Code.

(c) For purposes of conducting pilot programs to evaluate new solid waste disposal and recycling technologies, the chief solid waste officer may establish different specifications as to the size, weight, and construction of containers that the city will pick up in certain areas of the city, provided that the specifications conform to section 39-61 of this Code.

(d) The chief solid waste officer may establish service routes and/or designated areas of the city which receive semi-automated collection service such as on one-way streets which have residential units on the left-hand side of the street and therefore cannot be served by the city's standard automated sideloader trucks.

(e) In connection with pilot programs, the division may loan automated service containers, automated recycling containers or related equipment to residential unit customers for their use in placing garbage, trash and recyclable material for collection by the division.

(f) All collection equipment provided by the city shall remain the property of the city, and it shall be the responsibility of each residential unit customers who receives that equipment to exercise reasonable care with respect to the maintenance and use of the equipment.

(g) It shall also be the duty of each person who receives automated service containers and other equipment to store the equipment in a secure place where it will not be visible to a person standing in the right-of-way of any public street adjacent to the property where the equipment is used, except while placed for collection in accordance with this chapter. It is a defense to prosecution under this subsection that the person's property is so configured that no location exists for storage of the equipment in a place where it is not visible to a person standing in the right-of-way of a public street adjacent to the property. (Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-63. Eligibility for basic garbage collection service.

The following residential units shall be eligible for basic garbage collection service:

(1) Except as provided in item (2) of this section, residential units abutting a public street;

(2) A development or subdivision containing private streets, permanent access easements or shared driveways, that has 25 residential units or less, shall be eligible to receive basic garbage collection service, provided at least one residential unit located within such development or subdivision is adjacent to or abuts at least one public street and has direct access to that public street, if:

a. The development or subdivision has at least ten feet of frontage on a public street, not including the

driveway, for each residential unit within the development or subdivision; or

b. The development or subdivision contains an area that:

[1] Contains two distinct five-foot by five-foot square areas for each residential unit in the development or subdivision for the placement of automated service containers and automated recycling containers;

[2] Does not extend more than five feet into the roadway, as that term is defined in Chapter 42 of this Code;

[3] Does not block or prohibit access to driveways, fire hydrants, or sidewalks;

[4] Is not on private property; and

[5] Is on a flat surface free of physical features such as utility poles, trees, and other obstructions.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-64. Sponsorship agreements.

(a) The city shall enter into a sponsorship agreement, as defined in section 39-1 of this Code, only with a civic or homeowners association or other qualified entity that assumes responsibility for all basic garbage collection services available to those residential units eligible for such service pursuant to this chapter that are located within the geographical area to be served, provided the association or qualified entity is authorized to bind all residential units within the geographical area covered by the sponsorship agreement. Only those sponsorship agreements that are consistent with the provisions of this section and are in a form approved by the city attorney shall be approved.

(b) Sponsorship agreements shall be approved by the chief solid waste officer, provided that any agreement that requires payment by the city in any one year of an aggregate amount in excess of the city council approval requirement limitation amount established pursuant to article II, section 19a of the City Charter shall be approved by the city council.

(c) A sponsorship agreement shall be administered on an all or none basis and shall apply to all units in the development or community. A residential development or subdivision that is ineligible for automated collection service pursuant to this chapter shall be ineligible for a sponsorship agreement. No residential units in any development or subdivision covered by a sponsorship agreement shall be eligible for any city collection services, and all garbage collection services shall be the responsibility of the entity that entered into the sponsorship agreement with the city. The sponsorship payment per unit is the same whether the unit is eligible for basic garbage collection service or other collection services.

(d) No reimbursement payments shall be authorized by the chief solid waste officer or the city council except pursuant to the terms of a properly executed sponsorship agreement. Reimbursements shall be made on a semiannual basis. The amount of reimbursement for each residential unit included in a sponsorship agreement may be established annually as of July 1 of each year by the city council. If the city council does not, for any reason, establish an amount by July 1 of any year, the amount of reimbursement for the following fiscal year shall be that amount which was in effect during the prior fiscal year, and such amount shall remain in effect through June 30 of the following year.

(e) All sponsorship agreements shall terminate on June 30 of each and every year and shall expire unless the chief solid waste officer receives from the association or qualified entity, at least sixty days prior to the termination date, written notice that the association or qualified entity wishes to extend the agreement for an additional year. If any sponsorship agreement is allowed to terminate and the association or qualified entity wishes to resume the agreement, a new agreement must be executed.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-65. Placement for basic garbage collection service.

(a) Except as otherwise specifically permitted in subsection (b), (c) or (f) of this section or section 39-63(2) of this chapter, basic garbage collection service shall be limited to garbage and trash prepared pursuant to this chapter placed at the curbline of a public street in front of the property upon which the garbage or trash was generated. The automated service containers shall be placed for collection in a location along the curbline that is accessible to the city's standard automated side-loader trucks, except as provided in section 39-62(d) of this Code.

(b) The chief solid waste officer shall determine the street on which the garbage and trash shall be placed for collection from a residential unit located on a corner lot.

(c) If vehicle parking is permitted on both sides of a narrow, one-way or dead-end public street on which residential units abut, the chief solid waste officer may require that, on collection day:

(1) The parking of vehicles be restricted to one side of the street;

(2) Garbage and trash be placed for collection on only one side of the street; or

(3) The requirements of items (1) and (2) of this subsection both be met.

(d) All items shall be contained or bundled as provided in this chapter. Basic garbage collection service shall be provided on the basis of a schedule established and promulgated by the chief solid waste officer, which shall normally include one pickup per week for automated collection service, extra capacity service and yard waste. Basic garbage collection service shall also be limited to materials authorized under rules established by the chief solid waste officer, as provided in section 39-50 of this Code.

(e) It shall be unlawful to place or to allow to remain any materials at the curbline for basic garbage collection service by the division prior to 6:00 p.m. of the day preceding a day designated by the chief solid waste officer for basic garbage collection service at that location. Basic garbage collection service shall commence at 7:00 a.m. on the day designated by the chief solid waste officer. It shall be unlawful to place or allow to remain any materials at the curbline on a designated collection day after division collection service personnel have passed the site for that day, and the division shall not have any obligation to return to collect items not present at the curbline when the division vehicle serviced the site.

(f) The chief solid waste officer may, in lieu of collection at the curbline of a public street, authorize basic garbage collection service from the curbline of a public alley if a majority of the residents having property abutting the alley prefer collection from the alley and if the alley meets each of the following criteria with respect to the portions of the alley that will be used by division equipment:

(1) The alley must have a paved surface at least 16 feet in width;

(2) The alley must have no overhang or projection lower than a height of 13 feet six inches above the pavement;

(3) The alley must have a minimum turning radius of 35 feet at each place where the alley intersects a public street;

(4) The alley must have no obstruction (parked vehicle, fixed object, or whatever) that would prevent, hinder or impede the free passage of division equipment for collection service; and

(5) The chief solid waste officer may require that all garbage and trash be placed on one side of the alley.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-66. Billing.

Persons requesting extra capacity service who are not water customers of the city shall be billed for advance payment of the appropriate extra capacity collection fees for the services requested.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-67. Accounting.

(a) All extra capacity service fees collected shall be deposited in the city's general fund and recorded in a separate revenue code. All such amounts, together with all interest earned thereon, if any, shall be used solely for the purposes set forth in subsection (b) of this section.

(b) The extra capacity service fees collected pursuant to this article shall be used for the sole benefit of the city's solid waste management system.

(c) The division shall establish adequate financial and accounting controls to ensure that extra capacity solid waste collection fees are utilized solely for the purposes authorized. The records of the fund or account into which extra capacity service fees are deposited shall be open for public inspection, and copies may be purchased during ordinary business hours.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Secs. 39-68—39-75. Reserved.

DIVISION 3. OTHER BASIC COLLECTION SERVICES

Sec. 39-76. Yard waste collection

City collectors will pick up yard waste in conjunction with automated collection service if the waste is prepared and placed pursuant to this section. Any person desiring to place yard waste for collection by the city shall cause the same to be placed in biodegradable bags or personal reusable containers not exceeding 50 pounds total weight, provided that tree trimmings having a diameter of less than three inches and related materials may be securely tied in bundles not heavier than 50 pounds and not more than four feet in length nor 18 inches in diameter. No person shall place more than four bundles of tree trimmings for removal on any one day of collection. Yard waste not placed for collection in biodegradable bags, personal reusable containers, or bundled properly will not be collected. Yard waste placed for collection must be a sufficient distance from automated service containers so as not to interfere with standard automated side-loader trucks. Yard waste shall not be placed in automated service containers. During rainy weather, personal reusable containers must have lids to keep water out. The city is not responsible or liable for damage to any personal reusable container a resident decides to use for yard waste pickup.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-77. Junk and tree waste collection.

(a) Junk and tree waste shall be collected on separate days on the basis of a schedule established and promulgated by the chief solid waste officer.

(b) Service shall be limited to materials authorized under rules established by the chief solid waste officer as provided in section 39-50 of this Code, and no more than eight cubic yards (216 cubic feet) of material shall be collected from any one residential unit on any scheduled collection day.

(c) Service shall be limited to items that are placed at the curbline in an unobstructed location, such that automated division equipment may reach and pick up the items. Without limitation, service will not be provided if the items are obstructed by fire hydrants, trees or vegetation, parked cars or other objects that prevent the automated function of the division's equipment.

(d) It shall be unlawful to place or to allow to remain any materials at the curbline for junk or tree waste collection service prior to 6:00 p.m. of the Friday next preceding a day upon which the collection service for the site is scheduled by the chief solid waste officer.

(e) When any property is found in violation of subsection (d) of this section, such fact shall be prima facie evidence that the current record owner or occupant of the property committed such offense. It is a defense to prosecution under subsection (d) of this section that the property owner or occupant can name and identify the person who committed the offense.

(f) All persons have an affirmative duty to comply with all provisions of this section, and it shall not be a defense to prosecution of such persons that they were acting without a culpable mental state.

(g) Reserved.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-78. Collection of dead animals.

(a) Small dead animals, such as dogs, cats, or other of similar size, will be picked up by the city as a special service at no charge; provided, that such special pickup must be requested by contacting the division between 8:00 a.m. and 5:00 p.m.

(b) Large dead animals, such as horses and cattle, or others of similar size, will be picked up by the city as a special service for the fee stated for this provision in the city fee schedule; provided that such special pickup must be requested by contacting the division between 8:00 a.m. and 5:00 p.m. The owner of the animal shall pay the aforesaid fee to the division in such manner as the chief solid waste officer shall specify; provided, that the chief solid waste officer shall not impose such fee in the case of animals of unknown ownership. In case of animals of unknown ownership, the chief solid waste officer may require an affidavit or a signed statement to that effect from the land owner or resident.

(c) It shall be unlawful for any person to place dead animals in any garbage or trash container or receptacle. Disposal thereof may require special equipment, routing and handling which cannot be provided in conjunction with other collection services.

(d) The city shall not pick up dead animals from those locations engaged in the business of treating, handling, or disposing of animals.

(e) The city shall be responsible for the pickup of dead animals from city property and rights-of-way only.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-79. Collection of decomposed organic products.

In cooperation with the chief solid waste officer of the public health or his designee, the city shall assist where appropriate in situations involving decomposed organic products on private property deemed detrimental to the health and safety of the general public.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-80. Pickup for persons with disabilities.

The division shall provide basic garbage collection service to persons with disabilities by entering onto the private property of such persons to collect garbage and trash generated by such persons under the following conditions:

(1) A person with a disability shall request such service, in writing;

(2) The disability which is the basis of such request must be a disability which prevents the citizen from placing garbage and trash at the curbside for collection;

(3) The person with a disability shall present with the request for service, documentation from an attending physician confirming the disability;

(4) The person with a disability shall be the sole resident at the service address at which service is requested, unless all other residents at the service address qualify for service under the provisions of this section; and

(5) No more than two automated service containers meeting the specifications of this article shall be collected on any collection day.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-81. Adopt-a-container program.

The city may provide bulk containers for use by residents of the city. This service is intended to assist non-profit community organizations with weekend neighborhood cleanup campaigns. The bulk containers will be provided on a first-come-first-served basis, depending upon the availability of equipment. The containers will be delivered on Friday and collected on Monday. Only non-profit and civic organizations are eligible

to sponsor bulk containers. Requests to the chief solid waste officer for bulk containers must comply with the following conditions:

(1) The request must be received in writing not less than 21 days prior to the anticipated cleanup date; requests must include a reschedule date in the case of inclement weather;

(2) The request must indicate a specific location for the container to be placed by the city;

(3) The request must specifically indicate which community group is requesting the container; and

(4) The request must specifically name a person to be responsible for monitoring the container, and that person must sign the written request.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-82. Neighborhood depositories.

In addition to the junk and tree waste collection service, the division may operate solid waste depository sites at which junk, tree waste, and recyclable material may be deposited. No person may utilize depository sites more than four times per month. The following rules and conditions shall apply to neighborhood depositories:

(1) Each user must provide proof of residency in a form acceptable to the chief solid waste officer, or must show a current city property tax receipt for use of a facility as a nonresident;

(2) Only junk, tree waste, and city approved recyclables will be accepted in accordance with rules established by the chief solid waste officer under section 39-50 of this Code;

(3) Salvaging or scavenging items deposited at a site or from vehicles that are waiting to make deposits at a site is unlawful; and

(4) Trespassing on a site is prohibited, and the chief solid waste officer shall cause each site to be posted with appropriate no trespassing signage. Only persons who are depositing waste or recyclable material at the site and division employees may be present at a site.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Secs. 39-83—39-94. Reserved.

ARTICLE V. LITTER CONTROL*

Sec. 39-95. Enforcement of state solid waste laws and regulations.

(a) In cooperation with the legal department, the neighborhood protection official and any other city departments having code enforcement responsibilities relating to solid waste, sanitation or litter control, the chief solid waste officer shall conduct an effective program of the enforcement of state and local laws relating to solid waste, sanitation and litter control including, but not limited to, enforcement of the Texas Litter Abatement Act (Texas Health and Safety Code, ch. 365).

(b) The health officer may report the failure of any person to comply with the said act or regulations in writing to the legal department for the institution by the city of suits for the civil penalties and injunction remedies provided in the solid waste disposal act; provided, that the health officer may, but shall not be obligated to, attempt to secure voluntary compliance prior to referral of the complaint to the legal department. Prior to the institution of suit, the legal department shall refer the health officer's request to the city council for authorization to file suit. Such authorization may be granted by motion of the city council. Further authorization shall not be required for taking of any action which the city attorney deems necessary or desirable in connection with the prosecution of the suit or the enforcement of any judgment obtained therefrom.

*__Cross references—__Duty of automobile wrecker drivers to remove glass, debris, etc. from scene of accident, § 8-213; deposit of garbage or waste at airports, § 9-67; removal of trash on streets after moving of buildings, § 10-73; clean up after demolition or removal of structures, § 10-356 et seq., § 28-30(a)(2).

(c) Upon completion of appropriate training, employees designated by the division, fire department, Houston Health Department, mayor's citizens' assistance office, and police department, are authorized to issue citations charging the violation of any of the provisions of this chapter. Duly trained and designated employees of the division are also authorized to issue citations charging the violation of any provisions in this Code relating to solid waste, including but not limited to garbage, refuse, and dumpsters.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-96. Information required on solid waste transport vehicles.

(a) It shall be unlawful for any person to operate or cause to be operated any vehicle whose major use (as defined by the chief solid waste officer) is the transporting of solid waste upon any public street within the city unless the name and telephone number of the hauler is posted and maintained thereupon in the manner provided in this section. The word "hauler" as used in this section shall mean the owner of the vehicle, provided that if the vehicle is operated pursuant to a lease or other arrangement whereby the owner is not entitled to the use of the vehicle, then "hauler" shall mean the person entitled to the use of the vehicle.

(b) It is an affirmative defense to prosecution under this section that the cargo transported by such person:

(1) Contains two cubic yards of solid waste or less; or

(2) Originated outside the city and is destined for transport outside the city, provided that no solid waste is loaded or unloaded within the city.

(c) It is also an affirmative defense to prosecution under this section that:

(1) The vehicles is owned by a political subdivision and is marked in compliance with the law applicable to vehicles owned by such subdivision; or

(2) The vehicle is required to be marked or posted in a manner inconsistent herewith by applicable state or federal laws, rules or regulations and is marked or posted in compliance therewith.

(d) The name and telephone number required to be posted by this section shall be printed on a vertical or nearly vertical surface upon both sides, and when the configuration of the vehicle allows, in the rear, in proportional and proportionally spaced block letters and numbers not less than three inches in height having a brush stroke not less than three-eighths inch in width, shall be of a solid color which contrasts with the background color upon which they are printed and shall be maintained in a clean and unobstructed manner at all times. Abbreviated names may be used, provided that the hauler notifies the director of public health and chief solid waste officer of the abbreviation. In the event that the vehicle is designed in such a manner that the solid waste is transported within a trailer or off-site service type of receptacle which is towed or carried by the vehicle, then the letters and numbers required on the rear of the vehicle may be printed upon such trailer or receptacle in lieu of the vehicle itself. The requirement may be met through the use of decals.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-97. Information required on bulk containers.

(a) It shall be unlawful for any bulk container service provider to use or to provide any bulk container for the use of any other person within the city unless the name and telephone number of the bulk container service provider is posted and maintained thereon in the manner provided in this section.

(b) The name and telephone number required to be posted by this section shall be printed on a vertical or nearly vertical surface upon the bulk container in proportional and proportionally spaced block letters and numbers not less than two and one-fourth inches in height having a brush stroke of not less than three-eighths inch in width, shall be of a solid color which contrasts with the background color upon which they are printed and shall be maintained in a clean condition at all times. Abbreviated names may

be used, provided that the bulk container service provider notifies the director of public health and the chief solid waste officer of the abbreviation. If the bulk container is designed for on-premise emptying, then the name and telephone number shall be printed on the side thereof which is intended for access by the truck or other mechanical device which empties the bulk container.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-98. Duty of property owners for collection.

Property owners shall ensure that solid waste collection services are provided on a regularly scheduled basis to collect all solid waste generated or accumulated on their property. Such schedule will be established to ensure that solid waste is collected at least one time per week or more frequently if required to prevent the creation of any hazard to public health or public nuisance."
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-99. Placement for collection in the central business district.

It shall be unlawful for any owner, manager, tenant, or occupant of any business establishment or building in the central business district, or the agent or employee of such person, to fail to comply with the following minimum standards relating to the placement and collection of garbage, rubbish, or recyclable material:

(1) Types of receptacles. Suitable containers must be used for private service commercial collection of municipal solid waste. Solid waste generated or accumulated in any business establishment or building shall be contained in a bulk container or one of the following trash receptacles:

   a. A garbage or rubbish container. A garbage or rubbish container shall meet the requirements of section 39-61 of this Code.

   b. Plastic bags. Plastic bags shall have a minimum film thickness of two mils.

(2) Cardboard boxes. When cardboard boxes alone are placed for collection, they shall be broken down, flattened, and tied in bundles not exceeding four feet.

(3) Collection. Collection of garbage, recyclable material, or rubbish is permitted at all hours except between 7:00 a.m. and 2:00 p.m.

(4) Placement.

   a. Garbage, trash, and recyclable material receptacles and cardboard boxes shall not be placed out for collection earlier than 2:00 p.m. on the day of collection, and the receptacles shall be removed immediately after collection of the contents.

   b. No garbage, trash, or recyclable material receptacle or cardboard box may be placed out for collection for more than four hours, and the receptacles shall be removed from an improved public street right-of-way, including the street, sidewalk, or other public right-of-way property adjacent thereto, no later than 7:00 a.m.

   c. Garbage, trash, and recyclable material receptacles and cardboard boxes shall be placed out for collection at the curbline of a public street in front of or adjacent to the premises and in such a manner as to leave a five foot minimum width corridor for pedestrian passage.

   d. Garbage, trash, and recyclable material receptacles may not be placed adjacent to or in a parking meter zone or a commercial vehicle loading zone or within five feet of any crosswalk.

(5) City-owned trash receptacles. Solid waste generated or accumulated in any business establishment or building shall not be placed in city-owned trash receptacles used to collect litter.

(6) Exception. This section does not apply to sidewalk litter collected by the city or the Houston Downtown Management District.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-100. Reserved.

ARTICLE VI. SCREENING OF BULK CONTAINERS

Sec. 39-101. Screening required.

This article shall apply to all new developments, which for purposes of this section is defined as those for which plans are submitted after February 25, 2023, other than single-family residences, are located within the city, and are not serviced by the division. All such developments shall identify the location of the service area or the bulk container along with screening when applicable on a site plan required per section 26-473 or section 42-46.

(a) An owner or lessee of property shall place or maintain a bulk container so that it is not visible from any abutting public street right-of-way. A bulk container located on a service drive, or in a service area behind or beside a building on the property shall not be deemed visible from a public street right-of-way.

(b) A bulk container shall be deemed to be visible only if it can be seen by any person who is standing at grade level on any part of the right-of-way of a public street.

(c) An owner or lessee of property may utilize a berm, building, fence, wall, gate, or a combination thereof, to accomplish the screening of a bulk container from view.

(d) A bulk container placed on new developments located in a service area between a building and an abutting residential property shall require a minimum eight-foot-high solid fence or screen between the property line and the bulk container.

(e) A bulk container placed on new developments located between a building and a public street shall require minimum six-foot-high solid fence to screen the dumpster from public view. A bulk container housed inside the building is exempt from this requirement.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-102. Offenses and defenses.

(a) *Offenses.* It shall be unlawful for any person to:

(1) Fail to comply with section 39-101 of this Code.

(2) Place or cause to be placed a bulk container on private property without first obtaining the permission of the owner or person in charge of the property.

(3) Fail to maintain screening as required under this article.

(b) *Defenses.* It is a defense to prosecution under subsection (a) above that:

(1) The bulk container is in daily actual use, exclusive of weekends, holidays, and inclement weather days, for the purpose of disposing of waste generated by the demolition or construction, or both, of improvements on the property upon which the bulk container is situated and that all building permits required for the work have been obtained.

(2) The bulk container was placed by or upon written authority of the chief solid waste officer on a temporary basis for a neighborhood clean-up campaign or similar temporary purpose.

(3) The bulk container is used exclusively for the collection of recyclable materials.

(4) For new development, as that term is defined in section 39-101, there is inadequate space to locate the bulk container upon the property in a manner that complies with section 39-101 of this Code.

(5) Placement of the bulk container on the property in a manner that complies with section 39-101 of this Code would violate any provision of:

a. Chapter 26 of this Code relating to off-street parking requirements;

b. Chapter 42 of this Code relating to planning standards;

c. Chapter 10 of the Building Code relating to means of egress; or

d. The Fire Code relating to dumpsters or fire apparatus access roads.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-103. Exceptions.

This article shall not apply to a bulk container situated upon property that is owned and maintained by a public school district or a private school.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Secs. 39-104—39-110. Reserved.

ARTICLE VII. COMMERCIAL SOLID WASTE OPERATORS

Sec. 39-111. Definitions.

As used in this article, the following terms shall have the meanings ascribed in this article, unless the context of their usage clearly indicates another meaning:

Commercial properties means land used for commercial and industrial purposes, excluding apartment and condominium complexes and land used for single-family residential dwelling purposes as defined in section 42-1 of this Code.

Commercial solid waste operator means any person who collects, hauls, or transports solid waste or industrial waste for a fee by use of any means, including, but not limited to, front-load dumpster trucks, roll-off trucks, or rear-load garbage trucks.

Director means the director or the director's designee of the city's department of administration and regulatory affairs.

Industrial waste has the meaning ascribed to the term "industrial solid waste" by chapter 361 of the Texas Health and Safety Code, as may be amended from time to time.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-112. Scope.

The provisions of this article shall not apply to any municipally-owned commercial solid waste operator or to any commercial solid waste operator for services performed under a contract between the operator and the city.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-113. Franchise required.

It shall be unlawful for any commercial solid waste operator to collect, haul or transport solid waste or industrial waste from commercial properties located within the city without first having obtained a franchise for that purpose upon the consent of the city council.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-114. Franchise administration.

Any franchise granted pursuant to this article shall be administered by the director, upon such application and rules as the director may establish, including standards for performance.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-115. Granting of franchise.

(a) After receiving a complete application, the director may make such investigation as he considers necessary to determine whether the applicant meets the requirements of law and of this article.

(b) The director may require the applicant to furnish additional information to assist the director in his determination.

(c) After the director determines whether the applicant meets the requirements of the law and this article the director or his duly authorized representative shall recommend either (1) that the city council deny the franchise agreement or (2) that the city council approve the franchise agreement.

(d) Each franchise proposed by the director pursuant to this article shall incorporate the terms of this article and shall address at a minimum the following terms and conditions, which shall be as consistent as practicable between franchises:

(1) Definition of gross revenues;

(2) Statement that the franchise is not exclusive;

(3) Amount and time of payment to the city, including right of the city to inspect the franchisee's records to determine compliance and provision for a late penalty;

(4) Requirements for record keeping;

(5) Requirements for release, indemnification and insurance;

(6) Provisions for default and termination, including the opportunity to cure;

(7) Payment of liquidated damages to the city;

(8) Prohibition against assignment of franchise without consent of the city; and

(9) Such other miscellaneous terms and conditions that the director determines to be necessary, appropriate and consistent with terms and conditions in other city franchises.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-116. Franchise fee.

Any franchise granted pursuant to this article shall provide that the commercial solid waste operator shall be liable for an annual franchise fee equal to four percent of the operator's gross revenues from the collection, hauling, or transporting of solid waste or industrial waste within the scope of this article, payable quarterly, within 45 days of the close of the calendar quarter for which the quarterly payment is calculated. The initial quarterly payment shall cover the period beginning as of the effective date of the franchise. Any necessary prorations shall be allowed. The operator shall reflect the franchise fee as a separate line item on the invoice from the operator to the customer.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-117. Identification required.

(a) It shall be unlawful for any person to operate, or to cause or allow to be operated, any vehicle while engaged in any activity for which a franchise is required under this article unless there is conspicuously displayed upon both sides of the vehicle a decal at least five inches by six inches in size issued by the director.

(b) In any prosecution under this article it shall be presumed that any vehicle not in display of the decals required in this section is not in compliance with the requirements of this article.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-118. Penalty.

(a) Without limitation of other remedies available to the city, persons operating in violation of the terms of this article, shall be liable to the city for all fees authorized by this article dating to the inception of such violation.

(b) Any person who violates any provision of this article shall be guilty of an offense and upon conviction thereof, shall be punished by a fine of not less than $150.00 nor more than $500.00 for each violation.

(c) A citation issued under section 39-117(a) shall be dismissed upon proof that the required decals were affixed to the cited vehicle within five business days of the issuance of the citation.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Secs. 39-119—39-150. Reserved.

ARTICLE VIII. STORAGE, TRANSPORTATION AND DISPOSAL OF TIRES

DIVISION 1. GENERALLY

Sec. 39-151. Definitions.

The following words, terms and phrases, when used in this article shall have the meanings in this section, except where the context clearly indicates a different meaning:

Driver means an individual who operates a permittee's truck pursuant to the permit.

Elements of nature means rainfall, snow, sleet, hail or other natural precipitation.

Permit means a written grant of approval issued by the chief solid waste officer for the transportation of tires pursuant to this article.

Permittee means a person who holds a valid permit issued by the chief solid waste officer pursuant to this article.

Registrant means a person who holds a valid registration issued by the chief solid waste officer pursuant to this article.

Registration means a written grant of approval issued by the chief solid waste officer to tire facilities pursuant to this article.

Scrap tire means a tire that a tire generator has rendered unusable; or a tire that can no longer be used for its original intended purpose because it has:

(1) Tire tread less than one-sixteenth inch deep;

(2) Chunking, bumps, knots, or bulges evidencing cord, ply, or tread separation from the casing or other adjacent material; or

(3) Exposed tire cords or belting material as a result of damage to the tire.

The term "scrap tire" shall not include any tire that has been shredded, ground or cut up into pieces one quarter or less the size of the whole tire from which they were derived.

Store means to place, collect or accumulate tires that are not for sale or resale as tires, whether the tires are directly on the ground, in roll-off containers or otherwise.

Tire means any covering for a wheel, whether new, used, or scrap, made wholly or partially of rubber that was manufactured for use on any vehicle propelled by a motor (including vehicles pushed or pulled by a vehicle propelled by a motor), regardless of whether such vehicle is intended for use on a public street, provided that such tire is not mounted upon a wheel or rim and in service upon or carried as a component spare part of a vehicle.

Tire disposer means any person who, in compliance with all applicable state, federal and local laws, rules and regulations, disposes of or converts tires to another purpose including, without limitation, persons who:

(1) Landfill, incinerate or otherwise dispose of tires as waste or as fuel; or

(2) Shred, grind, chemically treat or use other means to reduce tires into basic components for oil, steel, carbon black, rubber, road paving or other marketable salvage materials; or

(3) Convert tires into other useful items such as doormats and sandal soles.

Tire facility means any business or establishment where 100 or more tires per year are collected, repaired, processed, recycled, scrapped, sold, bought or stored. For purposes of this article a tire facility does not include a business or establishment owned or operated by a governmental entity.

Tire generator means a fleet operator, an automotive dismantler, or a retailer, wholesaler, manufacturer, recapper, or retreader of new or used tires.

Tire transporter means a person who is responsible for causing tires to move along a public street from one location to another within the city.

Truck means a vehicle operated by a permittee's driver for the transport of tires pursuant to a permit issued pursuant to this article.

Used tire means a tire, including a recapped or retreaded tire, suitable for continued use for its original intended purpose.

Vector control means any method to limit or eradicate organisms capable of transporting infectious agents.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-152. Open storage of tires prohibited; nuisance.

It shall be unlawful for any person to store any tire in the city in such a manner that the tire is exposed to the elements of nature, and this action is hereby declared to be a nuisance,

subject to abatement at the expense of the owner of the premises where the tire is stored as provided by law and this Code.

Sec. 39-153. Storage; precautions; reports; affirmative defense.

(a) All persons having any tires in their possession shall keep tires secure at all times that such persons, their agents or employees are not physically present on the premises where the tires are stored. If tires are not stored in a building or enclosed container that is capable of being secured, then those persons having tires in their possession shall monitor the tires at least once every two weeks for vector control, and the tires themselves must be secured by passing a heavy bar or chain made of steel not less than three-eighths of one inch in thickness through the center of the tire and locking the bar or chain to a fixture; provided, the chief solid waste officer may upon written request grant permission for an alternate method of storage. The proposed alternative storage method must comply with all applicable federal, state and local laws and regulations and provide equivalent security from theft and vector control.

(b) All tires for sale shall be stacked, sorted, classified and arranged in an organized manner.

(c) Each theft of any tire shall be reported to the chief solid waste officer in writing within five days after the theft or its discovery. The report shall include the number of tires stolen and a description thereof. The report shall be made regardless of whether such theft is also reported to the police department.

(d) It is an affirmative defense to prosecution under subsection (a) that a person having tires in his possession stores them in a manner consistent with an alternate use such as, but not limited to, a swing, planter, stabilizing platform for sports equipment, etc.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-154. Actions authorized to enforce article.

(a) The city, acting through the city attorney or the city attorney's designee, is hereby authorized to file an action in a court of competent jurisdiction to:

(1) Enjoin any person from violating the terms, conditions and restrictions of any registration or permit issued under this article;

(2) Enjoin the violation of the provisions of this article;

(3) Recover civil penalties for violation of the terms, conditions and restrictions of any registration or permit issued under this article;

(4) Recover civil penalties for violation for the provisions of this article; or

(5) Recover damages from the owner of a tire facility in an amount adequate for the city to undertake any construction or other activity necessary to bring about compliance with this article.

This authority is in addition to all provisions of this Code relative to the definition of offenses and the provision of penalties for violations of such ordinances.

(b) The city, acting through the city attorney or the city attorney's designee, is hereby authorized to enter into agreements in lieu of litigation to achieve compliance with the terms, conditions and restrictions of any registration or permit issued under this article.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-155. Criminal sanctions.

A violation of any of the provisions of this article constitutes a misdemeanor that shall be punishable, upon conviction, by a fine of not less than $250.00 nor more than $2,000.00, and each day that any violation continues shall constitute a separate offense; provided, however, that an offense provided in this article which also

constitutes an offense under state law shall be punishable as provided in the applicable state law.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-156. Fees.

There are hereby established and the chief solid waste officer shall charge and collect fees for each permit (includes one truck) or registration application and for each additional truck to be covered by a permit. Fees shall be as stated for this provision in the city fee schedule. Payment of any applicable fees when due is a condition of the processing of any application under this article.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Secs. 39-157—39-170. Reserved.

DIVISION 2. REGISTRATIONS, PERMITS AND RECORDS

Sec. 39-171. Annual registration required.

It shall be unlawful for any person to own or operate a tire facility where tires will be stored without having a registration issued annually by the chief solid waste officer.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-172. Annual permit required.

It shall be unlawful for any person to transport tires upon any public street within the city unless such person is acting pursuant to a permit issued annually by the chief solid waste officer. It is an affirmative defense to prosecution under this section that the cargo transported by such person:

(1) Contains five or fewer tires; or

(2) Contains five percent or less tires by volume and is part of a general cargo of "municipal solid waste" as that term is defined by Chapter 361 of the Texas Health and Safety Code; or

(3) Originated outside of the city and is destined for transport outside of the city, provided that no tires are loaded or unloaded within the city.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-173. Tire generators; disposal of tires; records.

It shall be unlawful for any tire generator to cause or allow any tire to be transported upon any public street other than by a permittee. Each tire generator shall maintain daily records of the numbers of tires generated at each premises under his control and his disposition. A receipt showing the number of tires, the names of the tire generator and permittee and the permit number of the permittee shall be obtained by a permittee for each consignment of tires. Each receipt shall be issued at least in duplicate and signed by both parties with one copy thereof to be retained by the tire generator and one copy to be retained by the permittee. Tire generators who are also permittees shall maintain internal trip tickets in lieu of receipts for tires that they transport. For purposes of this article, TCEQ form 10304, entitled "Whole Used or Scrap Tire Manifest," or any successor form, is a sufficient receipt.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-174. Registrants and permittees; disposal of tires; records.

It shall be unlawful for any registrant or permittee to dispose of any tire transported by the registrant or permittee other than by the delivery of the tire to a tire disposer. Each registrant and permittee shall maintain daily records of the number of tires received and delivered. Each registrant and permittee shall obtain a receipt showing the number of tires, the names of the registrant, permittee and tire disposer and the registration or permit number of the registrant and permittee for all tires delivered. Each receipt shall be issued at least in duplicate and signed by both parties with one copy to be retained by the tire disposer and one copy to be retained by the registrant and permittee. Tire disposers who are also registrants or permittees shall maintain internal trip tickets in

lieu of the receipts for tires that they transport. Permittees shall maintain records of the name and residence address of each driver (including the permittee if the permitee intends to act as a driver under the permit) who will be authorized to drive the permittee's trucks, and their respective driver's license numbers.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-175. Inspection of records.

The records required by this article shall be retained for three years from their creation. Registrants and permittees shall maintain the records at the address designated in their applications. All records shall be made available during regular business hours for inspection, audit, or copying by the chief solid waste officer, police department, and the city attorney or the city attorney's designee as often as may be necessary to ensure compliance with this article.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-176. Applications for registration; permit.

(a) Each person desiring to own or operate a tire facility shall apply for a registration in a form acceptable to the chief solid waste officer, which shall include at a minimum all of the following:

(1) The person's name;

(2) The person's business address, including a facsimile number or email address;

(3) The physical address within the county at which the records required in this article will be maintained;

(4) The person's principal business or occupation; and

(5) The person's state registration number, if applicable.

(b) Each person desiring a tire transporter's permit shall apply in a form acceptable to the chief solid waste officer, which shall include at a minimum all of the following:

(1) The person's name;

(2) The person's business address, including a facsimile number or email address;

(3) The physical address within the county at which the records required in this article will be maintained;

(4) The person's principal business or occupation;

(5) A description of each truck that the applicant will use for the transport of tires including the manufacturer, gross weight, license number, color, vehicle identification number, year of manufacture and its registered owner; and

(6) A statement that the applicant has not had a permit revoked under this article within the immediately preceding period of three years.

(c) Each application shall be accompanied by an application fee and a fee for each truck described in an application under this section.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-177. Issuance, duration and amendment.

(a) The chief solid waste officer shall issue a permit to the applicant designating the trucks authorized pursuant thereto unless the chief solid waste officer has a reasonable basis to believe that:

(1) Any statement on the application was incomplete or false;

(2) The applicant has committed any offense involving the unlawful disposal, storage, or theft of tires within the immediately preceding period of three years; or

(3) The applicant has had a permit revoked under this article in the immediately preceding period of three years.

(b) In addition to the permit itself, the chief solid waste officer shall issue one or more identification plates, stickers or decals to be attached by the permittee in such places and manner as the chief solid waste officer may administratively direct to each truck covered thereby. Failure to properly display a required plate, sticker or decal shall be a violation of this article.

(c) Permits and registrations issued under this article shall be valid for one year from the date of issuance unless sooner revoked.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-178. Transfer of permit or registration prohibited; reporting.

(a) Permits, registrations, stickers or decals issued under this article are personal to the applicant and may not be transferred, leased, assigned, given away or sold in any manner or under any circumstances.

(b) It shall be the duty of each registrant and permittee to advise the chief solid waste officer in writing within ten business days of any change to any item for which a representation or response was made in its application for registration or permit.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-179. Authorized trucks.

It shall be unlawful for a permittee to allow any truck to be used for the transport of tires except those trucks designated in his permit. The permittee shall ensure that, at all times, each truck bears the identification plates, stickers or decals issued by the chief solid waste officer.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-180. Basis for revocation of registration or permit.

Any registration or permit issued under this article may be revoked in accordance with these procedures if the chief solid waste officer determines there is a reasonable basis to believe that:

(1) The registrant or permittee has violated any of the provisions of this article;

(2) The registrant or permittee violates any state or municipal law or ordinance involving the unlawful disposal, storage or theft of tires;

(3) The registrant or permittee violates any provision of Chapter 37 of the Texas Penal Code relating to the records required to be kept under this article;

(4) Any truck bearing a decal or sticker issued pursuant to this article is used for the commission of any violation of any state or municipal law or ordinance involving the unlawful disposal, storage or theft of tires; or

(5) Any statement made in the application for the permit or registration or any amendment thereto was known to be false.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-181. Investigation; notice.

The chief solid waste officer, in consultation with the police department, shall investigate the facts underlying an allegation that there is a reasonable basis for revocation of a registration or permit. If the chief solid waste officer determines that there is a reasonable basis for revocation of a registration or permit, the chief solid waste officer shall give written notice to the registrant or permittee by personal service, by facsimile, or by certified mail, return receipt requested, which notice shall include, at a minimum:

(1) The specific grounds upon which the registration or permit may be revoked;

(2) That there will be a hearing before the chief solid waste officer in which the city will seek to revoke the registration or permit;

(3) The date, time and place of the hearing; and

(4) That the permittee or registrant may appear in person and may be represented by an attorney.
(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-182. Revocation hearing.

(a) All hearings shall be held by the chief solid waste officer or a designated representative. Such officer shall be referred to as the "hearing officer."

(b) All hearings shall be conducted under rules consistent with the nature of the proceedings, and the registrant or permittee shall have the burden of proof; provided, however, that the following rules shall apply to such hearings:

(1) Each party shall have the right to representation by a licensed attorney, though an attorney is not required.

(2) Each party may present witnesses in its own behalf.

(3) Each party has the right to cross-examine all witnesses.

(4) The hearing officer shall consider only the evidence presented at the hearing in rendering an order.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-183. Failure to appear at revocation hearing.

If the registrant or permittee fails to appear at the hearing at the date and time specified, the hearing officer may enter an order revoking the registration or permit.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-184. Findings of hearing officer after revocation hearing.

After completion of the presentation of evidence by all parties appearing, the hearing officer shall determine whether there is a reasonable basis to revoke the registration or permit. If there is a reasonable basis the hearing officer shall make written findings that specify the facts upon which the determination was based, and shall render a written order to revoke the registration or permit; provided, the hearing officer may exercise discretion to take other lesser actions such as a temporary suspension or revision of a registration or permit. A copy of the hearing officer's order shall be personally delivered, sent by facsimile or mailed by certified mail, return receipt requested, to the registrant or permittee.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-185. No refund of fee after revocation.

In the event any registration or permit is revoked, suspended or revised by the hearing officer, the city shall not be liable to any person for any refund of any part of the registration or permit fee.

(Ord. No. 2026-0516, Exh. C, 6-10-2026)

Sec. 39-186. Surrender of permit, plates, decals upon revocation or suspension.

It shall be the duty of each person whose registration or permit has been revoked or suspended to return the permit to the chief solid waste officer, as well as any identification plates, stickers or decals issued therewith.

Art. XXII. Sidewalks, §§ 40-551—40-600

ARTICLE I. IN GENERAL

Sec 40-1. Reserved.

Editor's note—Ord. No. 99-379, § 2, adopted April 21, 1999, repealed § 40-1 in its entirety. Formerly, said section pertained to council consent required for street improvements and derived from Code 1968, § 41-1. See the Code Comparative Table.

Sec. 40-2. Survey of sidewalks and fixing of bounds and limits.

It shall be the duty of the city engineer to survey and lay out the several sidewalks along the several streets of the city, and fix the bounds and limits between the sidewalks and the streets. (Code 1968, § 41-2; Ord. No. 90-635, § 96, 5-23-90)

Sec. 40-3. Installation of street lights.

(a) Where lighting is requested for installation by the city, the mayor is hereby authorized to approve, upon the recommendation of Houston Public Works, the installation of ornamental standard type street lights in residential areas. For lighting requested for installation by a developer of a housing, commercial, or industrial development or the developer's agent, ('developer'), and upon approval of the request by Houston Public Works, a fee shall be paid to the city by the developer in an amount of money sufficient to pay the operating cost of the lights for a period of one year. This section shall also be applicable for ornamental standard type lighting on nonresidential streets where lighting is requested prior to the time it is scheduled by the city. The mayor may delegate such authority to persons named in a written delegation notice signed by the mayor and filed with the city secretary, subject to revocation at any time.

(b) The fee paid to the city whenever ornamental street lights are to be installed shall be in an amount calculated by Houston Public Works to represent the operating cost of the street lights for one year. The fee collected shall be deposited in a special revenue account which is hereby established. The monies collected in the special account shall be designated for street lighting use only. All notices of the amount of fee due shall clearly state that any fee not received within six months from the date of issuance by Houston Public Works shall be subject to increase.

(c) The foregoing requirement for a fee paid by a developer shall not apply in the case of ornamental standard type street lights for which the installation charges, if any, plus the estimated operating cost for one year or more are to be paid for out of funds obtained through the Department of Housing and Urban Development of the United States of America as part of the Community Development Block Grant Program. The installation of such street lights may be approved by the mayor (or the mayor's designee) upon the determination by the Director of Houston Public Works that such funds are available and have been duly authorized to be expended for such purpose.

(Code 1968, § 41-4.1; Ord. No. 70-636, § 1, 5-5-70; Ord. No. 79-962, § 1, 6-14-79; Ord. No. 80-571, § 1, 3-18-80; Ord. No. 82-368, § 1, 3-8-82; Ord. No. 82-906, § 1, 6-1-82; Ord. No. 86-528, § 30, 4-22-86; Ord. No. 90-635, § 97, 5-23-90; Ord. No. 92-1009, § 1, 7-22-92; Ord. No. 93-514, § 67, 5-5-93; Ord. No. 2018-11, §§ 49, 50, 1-10-2018; Ord. No. 2023-1081, § 2, 12-6-2023)

Sec. 40-4. Maps and notice of abandonment.

(a) It is hereby made the duty of every person owning, using, controlling or having an interest in pipes, conduits, ducts or tunnels under the surface of any public street, alley, sidewalk or other public place for supplying or conveying gas, electricity, water, steam, ammonia or oil in, to or from the city, or to or from its inhabitants,

or for any other purpose, to file in the office of the city engineer a map or a set of maps, each drawn to a scale of 200 feet to one inch, which map or set of maps shall be on tracing cloth to be furnished in sheets 15½ inches by 23 inches or even multiple thereof, or as may be required by the city engineer, with a border one and one-half inches on the left hand, and shall show in detail the exact location, size, description and date of installation, if known, of all holes, laterals and service pipes, and of all valves, pressure regulators, drips, manholes, handholes, transform chambers or other appliances installed beneath the surface of public streets, alleys, sidewalks or other public places in the city, belonging to, used by or under the control of such person or in which such person has an interest. It shall also be the duty of every person to file, within 15 days after the first day of January of each and every year, a corrected map or set of maps, each drawn to a scale of not less than 200 feet to one inch, showing the complete installation of all such pipes and other appliances, including all installations made during the previous year, to and including the last day of such year. Each such map shall be accompanied by an affidavit endorsed thereon, subscribed and sworn to by such person, or by a member of a firm, or by the president or secretary of a corporation, to the effect that the same correctly exhibits the details required by this section to be shown thereon.

(b) Whenever any pipe, conduit, duct, tunnel or other structure located under the surface of any public street, alley or other public place, or the use thereof, is abandoned, the person owning, using, controlling or having an interest therein shall, within 30 days after such abandonment, file in the office of the city engineer a statement in writing giving in detail the location of the pipe, conduit, duct, tunnel or other structure so abandoned. Each map or set of maps filed pursuant to the provisions of this section shall show in detail the location of all such pipes, conduits, ducts, tunnels or other structures abandoned subsequent to the filing of the last preceding map or set of maps.

(c) It shall be unlawful for any person to fail, refuse or neglect to file any map or set of maps at the time and in all respects as required by this section.
(Code 1968, § 41-5; Ord. No. 90-635, § 98, 5-23-90)

Sec. 40-5. Minimum depth.

It shall be unlawful for any person to install or cause or permit to be installed any service pipe or main pipe, conduit, duct, tunnel or other structure, or part thereof, except manholes, culverts and catch-basins, in any public street, alley, sidewalk or other public place at a depth of less than two feet below the established grade of the gutter of such public street, sidewalk, alley or other public place.
(Code 1968, § 41-6)

Sec. 40-6. Pipes, conduits, etc., to be laid prior to paving.

All pipes, conduits, tunnels and other structures in or under the surface of public streets, alleys and other public places, shall all be made and laid prior to the paving of such street, alley or public place.
(Code 1968, § 41-7)

Sec. 40-7. Subdivision identification markers.

(a) *Definition.* When used in this section, the term subdivision identification marker means a marker placed in the public right-of-way intended to identify a residential community or residential development with 50 or more platted single-family residential lots. The city engineer may issue a variance for subdivision identification markers for a residential community or residential development with less than 50 single-family residential lots.

(b) Encroachment permit required. A subdivision identification marker installed after December 31, 2008, in the median of a public street right-of-way or in unimproved excess public street right-of-way of a street within, abutting or adjacent to the subdivision must have an encroach-

ment permit issued by the city engineer's office and shall not be subject to the requirements of the *Sign Code*.

(c) *Design standards.* A subdivision identification marker must contain the name of the recorded subdivision, and may contain an insignia or motto of the subdivision in addition to identification directly related to the residential community or development, such as 'deed restrictions enforced' and civic association/homeowner's association meeting announcements. A subdivision identification marker may not include any advertising content unrelated to the subdivision, and may not contain any moving, electronic, LED or other changeable message.

The design of the subdivision identification marker shall conform to the standards set forth in the Infrastructure Design Manual, as promulgated and revised from time to time by Houston Public Works. The city engineer must approve each request for more than two subdivision identification markers in the public street right-of-way and may restrict the number of subdivision identification markers for a subdivision taking into account the number of lots in the subdivision, the number of major entrances to the subdivision, and the area (acreage) of the subdivision. The city engineer may establish minimum clearances for subdivision identification markers from the edge of the pavement. The city engineer may also specify acceptable foundations for subdivision identification markers in the public street right-of-way and may require frangible or breakaway marker supports. Variances to any design standards for proposed subdivision identification markers must be granted by the city engineer.

(d) *Application for encroachment permit.* A subdivision developer or homeowners' association may apply to the city engineer for an encroachment permit for subdivision identification markers. The application for subdivision identification markers must identify the person, partnership, association, corporation or other legal entity responsible for the perpetual maintenance of the marker and include a drawing, approved by Houston Public Works, that shows the design, location, size, height, and material composition of all markers to be permitted, and the location of any utility (water, sanitary sewer, storm sewer, electricity, telephone, cable) facilities in the immediate vicinity of the markers. Each subdivision identification marker must be located so as not to constitute a traffic hazard and shall not be located within the visibility triangle, as defined in section 33-101 of this Code, or otherwise impair the visibility of a vehicle from a road or driveway. The application fees for subdivision identification markers to be located in the public street right-of-way shall be stated for this provision in the city fee schedule. All application fees shall be payable at the time of application for an encroachment permit.

(e) *Issuance of encroachment permit.* An encroachment permit for subdivision identification markers installed or to be installed in the public street right-of-way shall be issued by the city engineer on terms approved by the city engineer. A legal representative for the applicant shall be required to sign the offered encroachment permit to indicate acceptance of the terms and undertakings therein, whereupon the applicant shall then be the holder of the encroachment permit.

(f) *Transfer of encroachment permit.* An encroachment permit issued to a developer may be transferred to a homeowners' association upon approval of the city engineer following the submittal of an instrument setting forth the undertaking of the homeowners' association to comply with all the terms of the encroachment permit and to assume all the obligations and responsibilities of the prior holder of the encroachment permit.

(g) *Existing subdivision identification markers.* Subdivision identification markers located within the public right-of-way on December 31, 2008, must be registered with the Houston Public Works. Houston Public Works shall publish a form to register existing subdivision identification markers. No fees will be assessed for registration of existing subdivision identification markers.

(h) *Maintenance, repair and replacement.* As used in this subsection, the term *holder* refers to the holder of an encroachment permit for a subdivision identification marker and the

registrant for an existing subdivision identification marker. The holder shall be, and the city shall not be, responsible for any and all maintenance, repair, and/or replacement for the subdivision identification marker, marker support, structure, illumination, and associated landscaping. The city may require the holder, upon 30-days written notice, to perform maintenance, repair, relocation, or removal of the subdivision identification marker, marker structure, and any associated landscaping. After expiration of the 30-day notice, the city may cause the maintenance, repair or removal of the subdivision identification marker at the expense of the holder. In the event that the city needs to perform improvements, maintenance, or repairs of infrastructure within the right-of-way, the city may, without providing 30-days written notice, cause the removal or alteration of the subdivision identification marker or marker structure and landscaping without repair, replacement, or compensation to the holder. In no circumstances shall the city be obligated to repair or replace a subdivision identification marker, or compensate the holder of the marker for any damage caused by the city or other parties.

(Ord. No. 08-1118, § 2, 12-3-08; Ord. No. 2011-1168, § 13, 12-14-2011; Ord. No. 2014-364, § 5, 4-30-2014; Ord. No. 2018-11, § 50, 1-10-2018; Ord. No. 2021-1037, § 20(Exh. I.40), 12-1-2021, eff. 4-1-2022)

Note—Formerly § 41-12.

Sec. 40-8. Sale of goods on streets or sidewalks.

(a) It shall be unlawful for any person to expose for sale or to sell any foodstuffs of any nature, any liquids, or any other goods, wares, or merchandise, either exposed or enclosed in boxes, crates, barrels, baskets or any other container or any animals, on any sidewalk, street, parkway, esplanade or any other public property or any property dedicated to public use.

(b) It is an affirmative defense to prosecution under subsection (a) that the person is selling newspapers in full compliance with article XX of chapter 40 of this Code, that the person is operating a sidewalk café under a permit issued pursuant to section 40-10.1 of the Code, that the person is acting in compliance with a franchise granted by the city, or that the person is conducting a transaction in a public building or on public property in which transaction the city is a party, or that the person is selling food or non-food merchandise within the "theater/entertainment district" defined in section 40-261 of this Code pursuant to a permit issued under article XI of chapter 40 of this Code.

(c) Except within a "school crossing zone", it is a defense to prosecution under subsection (a) that the person is selling frozen desserts from a sanitary vehicle in full compliance with laws applicable thereto. For purposes of this section a "school crossing zone" means a reduced-speed zone that is designated on a street by ordinance to facilitate safe crossing of the street by children going to or leaving a public or private elementary school during the times that the reduced speed limit is applicable, provided that the school crossing zone is duly posted by reduced speed signage in accordance with the ordinance applicable to its creation.

(d) It shall be unlawful for any person to cause or aid a minor in conduct prohibited by this section or to provide foodstuffs, liquids or any other goods to a minor with knowledge that the minor intends to sell or offer for sale such goods in contravention of this section.

(e) No provision of section 40-9 or 40-9.1 of this Code shall be construed to authorize sale of frozen desserts in a school crossing zone.

(Code 1968, § 41-10; Ord. No. 69-1122, § 1, 6-25-69; Ord. No. 76-980, § 1, 6-30-76; Ord. No. 76-1191, § 1, 7-14-76; Ord. No. 84-1671, § 1, 10-23-84; Ord. No. 91-1168, § 2, 8-14-91; Ord. No. 97-1004, § 4, 8-20-97; Ord. No. 04-498, § 3, 5-26-04; Ord. No. 07-225, § 3, 2-14-07)

Sec. 40-9. Sale of frozen desserts from vehicles.

(a) A person may sell frozen desserts from sanitary vehicles approved and licensed by the health officer pursuant to this Code, and such other refrigerated vehicles from which are sold or dispensed frozen dessert products that are fully wrapped, enclosed and contained in individual wrappers or containers, provided that

such vehicles shall be operated and maintained in full compliance with the health, food, drug and sanitary provisions of this Code and the applicable statutes of the state, and provided further that prior to making a sale or dispensing such frozen dessert products the driver of such vehicle shall drive to the side of the street, as close as practicable to the curb, and if there is no curb, then as close as practicable to the hedge of the paved portion or the edge of the portion used for vehicular traffic of said road, and the driver shall stop, stand or park such vehicle in full compliance with all applicable ordinances of the city and statutes of the state, and particularly ordinances governing the stopping, standing, or parking of vehicles, and such vehicle shall remain so stopped, standing or parked for no longer than is necessary to make the immediate sale or to dispense such frozen dessert products.

(b) Any truck used for the purpose of selling or dispensing frozen desserts shall be equipped with a sign clearly visible from both the front and rear, mounted on the top of the truck and bearing the warning "CAUTION—CHILDREN." The lettering for such sign shall be block style letters not less than six inches high and one-half inch wide, and such letters shall be black against a yellow background. Flasher-type warning lights displaying yellow to the front and red to the rear and which operate continuously while the truck is stopped for the purpose of making a sale or dispensing frozen desserts shall be installed at each end of the sign. Failure to so equip and maintain such a truck shall be punishable upon conviction by a fine of not less than $100.00 nor more than $500.00 and each day's violation shall be a separate offense.

(Code 1968, § 41-10.2; Ord. No. 76-981, § 1, 6-30-76; Ord. No. 92-1449, § 54, 11-4-92)

Charter reference—Penalty for ordinance violation, Art. II, § 12.

Cross references—Food and drugs, Ch. 20; assessment of fines against corporations, § 16-76; payment of fines, § 16-78; credit against fines for incarceration, § 35-6 et seq.

Sec. 40-9.1. Sale of frozen desserts from push carts.

Frozen desserts may be sold upon the sidewalks from non-motorized push cart mobile food units. Each push cart mobile food unit must be operated pursuant to a medallion issued under section 20-37 of this Code. If the mobile food unit does not meet the criteria for restricted operations, as established in section 20-22 of this Code, then the operator shall also obtain a food dealer's permit under section 20-36 of this Code. The provisions of this section do not authorize the operation of a push cart mobile food unit upon the sidewalks in a park as defined in article IX of chapter 32 of this Code or within the "theater/entertainment district," as defined in article XI of this chapter, unless any additional permits, concessions or licenses that are required for operation in those areas are also obtained in full compliance with the aforesaid articles.

(Ord. No. 93-1327, § 3, 10-20-93)

Sec. 40-10. Reserved.

Editor's note—Ord. No. 07-225, § 4, adopted Feb. 14, 2007, repealed § 40-10 in its entirety. Formerly, said section pertained to the sale of newspapers on public property and derived from Code 1968, § 41-10.3; Ord. No. 76-1190, § 1, 7-14-76.

Sec. 40-10.1. Sidewalk cafés.

(a) *Purpose.* The purpose of this section is to establish procedures and standards by which persons may use certain city rights-of-way for café purposes by means of a license issued under the authority of this section.

(b) *Definitions.* As used in this section, the following terms and phrases shall have the following meanings:

(1) *Abutting property* shall mean restaurant property contiguous to a public street right-of-way on which a sidewalk café will be operated under this section.

(2) *Application* shall mean that form generally described in subsection (d) which must be completed prior to the issuance of a license hereunder.

(3) Canopy shall mean an awning as defined by the *Building Code.*

(4) *License* shall mean the written authorization from the traffic engineer granted pursuant to the provisions of this section.

(5) *Owner* shall include any owner of fee simple title, part owner, joint owner, tenant in common, tenant in partnership, joint tenant, or tenant by the entirety of the whole of the land contiguous to the right-of-way on which a sidewalk café is to be operated under the authority of this section.

(6) *Person* shall mean an individual, a group of individuals, an association, a club, a society, a firm, a partnership or a corporation.

(7) *Public clearance way* shall mean an imaginary three-dimensional shape not less than four and one-half feet and not more than 12 feet high vertically extending in a straight line parallel to the public right-of-way and extending the full and complete width of the property to be used as a sidewalk café under the authority of this section.

(8) *Public street* means the entire width between the boundary lines of every way which is held by the city in fee or by easement or dedication when any part thereof is open to the use of the public for purposes of vehicular travel; provided the term "public street" shall not include any designated state or federal highway or road or any designated county road.

(9) *Restaurant* shall mean a food service establishment where food is served in individual portions for consumption on the premises as defined by section 20-18 of this Code. This term shall not include an establishment which operates exclusively as a caterer, a commissary, a food processing establishment, a mobile food unit, a retail food store or a temporary food service establishment, all as defined by section 20-18.

(10) *Roadway* means that portion of a public street which is improved, designed, or ordinarily used for vehicular travel, exclusive of the curb, berm, or shoulder. In the event that a public street includes two or more separate roadways, "roadway" means each such roadway separately.

(11) *Sidewalk* shall mean that portion of the public street which is between the curblines, or the lateral lines of a roadway, and the adjacent property lines and which is improved and designed for or is ordinarily used for pedestrian travel.

(12) *Sidewalk café* shall mean an outdoor dining area located on a sidewalk and containing removable tables, chairs, planters, or related appurtenances. In no event shall a sidewalk café be located on or encroach upon the public clearance way as established by the traffic engineer under the provisions of this section. It shall not be enclosed by fixed walls and shall be open to the air, except that it may have a canopy.

(c) *License required.* It shall be unlawful for any person to erect, operate or maintain a sidewalk café without first obtaining a license to do so as provided in this action.

(d) *Procedure for issuance of license:*

(1) The traffic engineer is authorized to issue licenses to persons for sidewalk café purposes under the procedures established in this subsection. To obtain a license, a person must pay the applicable fee and file an application on a form prescribed by the traffic engineer. As a part of the application the applicant shall provide:

a. The name and street address of the applicant.

b. The name and street address of the owner of the abutting property.

c. A description of the owner, if other than a natural person, including its legal status (i.e., corporation, partnership, etc.) and a general description of the type(s) of business the owner operates on the abutting property.

d. Written authority in the form of a power of attorney from the owner to submit the application if the applicant is not the owner of the abutting property.

e. The name and street address of the registered agent for the service of process, if the applicant represents a corporation; or the names and street addresses of the officers or partners, if the applicant represents an association, partnership or other entity.

f. The name and street address of the operator, manager or other person responsible for the operation of the sidewalk café.

g. The name under which the sidewalk café will be operated.

h. The street address and the city food establishment license number of the sidewalk café.

i. One or both of the following:

1. A copy of a title policy covering the abutting property and verification by the owner that there has been no change in ownership since the issuance of that policy; or

2. A certified copy or copies of the most recent deed or deeds conveying all or a portion of the abutting property so that ownership of all of the abutting property is accounted for, and verification by the owner or owners that there has been no change in ownership since the date or dates of that deed or deeds.

j. A site plan of legible proportions prepared by a registered public surveyor or professional engineer showing:

1. The entirety of the abutting property of the owner;

2. All contiguous, adjacent properties;

3. All existing sidewalk features including but not limited to utility poles, sign poles, fire hydrants, permanent litter receptacles, telephone booths, newsracks, and mailboxes; and

4. Streets for a distance of at least 25 feet on either side of the abutting property.

k. Detailed drawings of legible proportions showing the design, dimension and proposed location of all temporary structures (i.e., canopies, umbrellas, planters, landscaping, tables, chairs, all exterior lighting, electrical outlets, etc.), the proposed public clearance way and the side and front elevations of the proposed sidewalk café. In addition to the above-noted drawings the traffic engineer may require detailed drawings at a scale of ½ inch equals one foot showing the front facade of the abutting property and at least ten feet of the first story facade of adjacent buildings.

l. The seating capacity of the proposed sidewalk café and the seating capacity of the restaurant which will be associated with the sidewalk café, if any.

m. A copy or copies of the certificate or certificates of insurance required to be provided under subsection (d)(4).

n. Written documentation showing that adequate public water and sewer utilities are available to serve the sidewalk café.

If the records of Houston Public Works include existing and apparently valid property boundary data that address a portion of the relevant information specified in part j. above, or if the traffic engineer otherwise determines that survey data is not required in order to determine property boundaries in compliance with this section, then the traffic engineer shall allow the applicant to provide a simplified site plan that need not be prepared by an engineer or surveyor,

provided that the site plan is drawn to scale and includes the sidewalk configuration.

(2) Upon receipt of the application, the traffic engineer shall examine its contents and he shall approve the application if he finds that:

a. The application meets the requirements of this section.

b. The proposed sidewalk café would be in compliance with applicable city ordinances.

c. Given the particular characteristics of the sidewalk upon which the sidewalk café is to be located, and of the pedestrian and vehicular traffic in the area, the operation of the proposed sidewalk café will not unreasonably interfere with pedestrian or vehicular traffic.

d. He has determined in writing that:

1. The improvement or facility will not be located on, extend onto, nor intrude upon any portion of the roadway;

2. The improvement or facility will not be located on, extend onto, nor intrude upon any portion of the sidewalk which is needed for pedestrian use;

3. The design and location of the improvement or facility includes all reasonable planning to minimize potential harm or injury to or interference with the public in the use of the public street; and,

4. The improvement or facility will not create any hazardous condition or obstruction of vehicular or pedestrian travel upon the public street.

Otherwise he shall reject the application. If the application is approved, the traffic engineer shall specifically approve, disapprove or modify the location and dimensions of the public clearance way. If the traffic engineer rejects the application, he shall inform the applicant by notice in writing of his action including the reasons for the action if the application is rejected. Upon rejection of the application a person may modify and refile his application if he so desires or he may, within ten days of the date of the mailing of the notice of rejection, request a hearing before the city planning commission if he believes his license was unreasonably denied. The applicant's request for a hearing should be made in writing to the director of the department of planning and development as secretary of the city planning commission. A hearing shall then be scheduled in a timely manner before the city planning commission.

(3) A license granted hereunder shall be valid for a period of one year from the date of its issuance. The licensee is responsible for renewing his sidewalk cafélicense prior to that anniversary date. If the licensee does not renew his license, he shall remove all tables, chairs and other appurtenances associated with that sidewalk café on or before the expiration date of the license.

(4) The licensee shall maintain insurance in the following types and amounts:

$1,000,000.00 combined single limit for bodily injury and property damage, each occurrence, and $2,000,000.00 annual aggregate.

The city shall be an additional insured on each such policy and such policy shall include a provision to the effect that the city will be notified in writing by the insurance company ten days prior to the cancellation of such policy. The licensee shall then have five days to replace that coverage or the licensee's license shall be deemed revoked without further action on the part of the city. The notice provisions of subsection (d)(7) shall not be applicable for revocation of the license for this reason. THE LICENSEE ALSO AGREES TO INDEMNIFY AND HOLD

HARMLESS THE CITY, ITS OFFICERS AND EMPLOYEES AGAINST ANY LOSS, LIABILITY OR DAMAGE, INCLUDING EXPENSES AND COSTS FOR BODILY INJURY AND FOR PROPERTY DAMAGE SUSTAINED BY ANY PERSON AS A RESULT OF THE LICENSEE'S OPERATION OF A SIDEWALK CAFÉ ON PUBLIC PROPERTY.

(5) A license issued by the traffic engineer shall be subject to the following conditions and may be suspended for failure to comply with them:

a. The sidewalk shall be kept free of standing water, maintained in good repair and kept free from material defects that may present a hazard to life or property.

b. No permanent improvement will be installed in or on the sidewalk. All chairs, tables and other appurtenances associated with the sidewalk café shall be removable at all times.

c. A sidewalk café license is issued in the licensee's name and can not be assigned, sold, or otherwise transferred.

d. A sidewalk café license is a license for a temporary and interruptible use of a sidewalk. It does not and shall not be construed to convey any legal or equitable interest whatsoever to any part of the sidewalk or public right-of-way.

e. A sidewalk café licensed hereunder shall be subject to an inspection by the traffic engineer or his representatives at any time such an inspection is requested. No notice from the traffic engineer prior to such an inspection shall be required.

f. The license is granted subject to the availability of utilities and compliance with all other applicable state and city rules and regulations specifically including all food or health-related ordinances of the city.

g. The sidewalk café may never be enclosed by a permanent wall or other temporary or permanent structure or improvement, except that the boundaries of a sidewalk café may be delineated through the use of a temporary barrier such as a balustrade, cordon, or railing. Any such temporary barrier must be easily removed and three feet or less in height above the sidewalk. Under no circumstances shall temporary barriers as authorized hereunder be allowed in the public clearance way as established by the traffic engineer. In addition, a temporary barrier shall not be affixed to the sidewalk or to any permanent structure, except that it may be attached by removable clips or devices approved in advance by the traffic engineer. With the approval of the traffic engineer, a licensee may drill holes in the sidewalk to secure those clips or devices to the sidewalk. Those clips or devices shall enable a temporary barrier to be easily attached, detached and removed without the temporary barrier, clips, or devices causing damage to the sidewalk.

h. A licensee may not obstruct ingress or egress to any other building or business. In addition, all facilities or improvements shall comply with clearances required from structures to utility lines as provided in a nationally recognized building code.

i. Under no circumstances, shall planters, trees, shrubs, tables, chairs or other such material or appurtenances be allowed in a public clearance way as established by the traffic engineer.

j. The licensee shall maintain adequate lighting in and around the public clearance way to ensure that all

obstructions may be easily seen. Such lighting shall be of such type and location and shall have such shading as will prevent the source of the light from being seen from any contiguous, adjacent residential property. It shall not cause illumination beyond the boundaries of the property on which it is located so as to be obtrusive to adjacent property owners and shall not cause illumination beyond the boundaries of the property in excess of five-tenths footcandle. The illumination of the street from the sidewalk shall be no brighter than the illumination provided by ornamental street lights nor shall it have an adverse impact on the flow of vehicular traffic. In addition, its design and color shall not be such that it could be mistaken for a traffic signal.

k. The licensee shall not obstruct access to hydrants, street lights, telephones, mailboxes, transit stops, or any other public service facility on the sidewalk or street. City facilities or improvements or public utility facilities and improvements within the public streets cannot and will not be relocated by the city or the licensee as the result of the sidewalk café operations.

l. The licensee shall install and maintain permanent markers in the sidewalk at grade showing the corners of the public clearance way as established by the traffic engineer.

m. The licensee shall not install, erect or maintain any signs not permitted by the *Sign Code*.

n. The licensee shall be responsible for supervising the conduct of its patrons and employees.

o. The licensee shall not serve food or beverages to a patron at a sidewalk café unless that patron is seated at a table.

p. The licensee shall ensure that the information provided as a part of his application remains true and correct at all times.

q. The licensee shall not allow the outdoor storage or preparation of food or drink and shall not erect or permit the erection of outdoor waiters' stations.

r. Under no circumstances shall the licensee place, erect, or construct any structure or sidewalk café appurtenance within two feet of the curbline.

s. The licensee shall obtain and maintain in force a certificate of occupancy for the sidewalk café and associated premises.

t. A sidewalk café licensed hereunder may be operated only on the abutting property.

(6) Failure to observe any of the above conditions shall result in up to a one-year suspension of a sidewalk café license. Prior to such suspension the traffic engineer shall give ten days' written notice to the licensee of his violation of or his failure to observe a general condition as set out above. If the licensee requests a hearing prior to the expiration of that ten-day notice period, the traffic engineer shall hold a hearing to determine if the license shall be suspended. The licensee may present evidence in his own behalf if he so desires. The traffic engineer's decision in regard to suspension shall be final. If the licensee fails to request such a hearing, the suspension shall become effective upon the expiration of the ten-day notice period. If operations under a license granted under this section are suspended, all tables, chairs and other appurtenances used as a part of the sidewalk café shall be immediately removed from the sidewalk.

(7) All notices required or permitted under this section shall be in writing and shall be deemed delivered three days after

deposit in a United States Postal Service post office or receptacle with proper postage affixed and addressed to the licensee at the street address provided by the licensee (the applicant's name and street address) in his application for a sidewalk café license.

(e) *Operations:*

(1) No licensee shall cause, permit or allow the following conditions to exist:

a. Preset tables.

b. Litter or trash on the sidewalk or street right-of-way.

c. Any temporary obstruction in the public clearance way (i.e., ice carts, waiters, chairs, etc.).

d. An inadequate number of outdoor trash containers.

(2) The traffic engineer is authorized to issue a written notice of violation of any of the conditions noted above. In the event that three such notices are issued for violations of the above provisions, within a one-year period, the traffic engineer shall, after notice to the licensee, hold a hearing to determine if the license shall be revoked. The licensee may submit evidence in his own behalf if he so desires. The traffic engineer's decision with regard to revocation shall be deemed final. If a license granted hereunder shall be revoked, all tables, chairs and other appurtenances used as a part of the sidewalk café shall be immediately removed from the sidewalk.

(3) In the event that the city health department issues a notice of violation of any of the ordinances of the city to a licensee in connection with the operation or any condition attributable to the licensee's sidewalk café, that department shall immediately notify the traffic engineer of the issuance of that notice. Conversely, if the traffic engineer is notified of or becomes aware of any condition or occurrence which may constitute a violation of any food or health-related ordinance, the traffic engineer shall immediately so notify the Houston Health Department.

(4) In addition to the provisions of subsection (e)(1) hereof, a license shall be revocable without liability therefor if the traffic engineer finds that a public necessity or emergency exists requiring an immediate revocation of the license and termination of operation of the sidewalk café or in the event of lawful need for the site or for access thereto by the city or any utility company, in which case the city may remove the facilities on the site or order the licensee to do so. The traffic engineer shall provide written notice to the licensee as promptly as possible. This notice shall state the reason or reasons removal is or was required. Public necessity for these purposes shall include changed circumstances causing increased pedestrian or vehicular traffic in the area. Notice under this clause shall constitute an exception to the notice provisions of subsection (d)(7).

(f) *Fees and bond:*

(1) The fee for a sidewalk café license or a renewal of a sidewalk café license is stated for this provision in the city fee schedule.

(2) The licensee shall also provide a cash bond or a bond with the licensee as principal and a corporate bonding company licensed to do business in the state as surety in an amount determined by the traffic engineer to be sufficient to cover the costs of removal of the licensee's facilities by the city or any public utility under any of the provisions of this section, conditioned that the licensee will timely remove its facilities upon request therefor and will reimburse the city or a public utility in the event that the city or a public utility removes the facilities pursuant to this section. Any licensee who received his sidewalk café license hereunder on or before the June 1, 1985, shall have 60 days to provide a bond as

required hereunder. If such a licensee fails to deliver such a bond to the traffic engineer, his sidewalk café license shall terminate upon the expiration of that 60-day period.

(Ord. No. 84-1671, § 2, 10-23-84; Ord. No. 84-1888, § 1, 12-5-84; Ord. No. 85-902, § 1, 6-18-85; Ord. No. 86-916, § 1, 6-17-86; Ord. No. 90-635, §§ 99, 100, 5-23-90; Ord. No. 93-514, § 68, 5-5-93; Ord, No, 03-942, §§ 1, 2, 10-15-03; Ord. No. 07-225, § 5, 2-14-07; Ord. No. 2011-1168, § 13, 12-14-2011; Ord. No. 2015-820, § 34, 8-26-2015; Ord. No. 2018-11, § 50, 1-10-2018; Ord. No. 2021-1037, § 20(Exh. I.41, 42), 12-1-2021, eff. 4-1-2022)

Sec. 40-11. Interactive informational and wayfinding kiosks.

(a) *Definitions.* When used in this section the following terms shall apply:

Interactive wayfinding kiosk (commonly referred to as *'interactive kiosk'*) means an interactive informational wayfinding platform for use by pedestrians and erected by or on behalf of the city in a designated city right-of-way in the form of a kiosk capable of providing or generating electronically-displayed content including but not limited to: weather updates; multimodal mapping to event destinations with mobile integration; shopping, dining, and medical points of interest; job postings; real time transportation information; public opinion surveys; traffic and pedestrian counts; public safety and police emergency notifications; kiosk usage information; public service announcements, and advertisements.

Interactive kiosk service area means any portion of the city's right-of-way approved by the city engineer for placement of an interactive wayfinding kiosk.

(b) Notwithstanding any other city code or ordinance, an interactive kiosk may be erected in any interactive kiosk service area approved by the city engineer. The city engineer shall not approve an interactive kiosk service area that encroaches into the standard minimum sidewalk width required by this Code except upon coordination with the planning official and the MOD official, as defined in section 40-551 of this Code. When the city engineer reviews a proposed placement of an interactive kiosk that will be within the boundaries of a council district, management district or Tax Increment Reinvestment Zone (TIRZ), the city engineer shall notify the district council member, and the management district's or TIRZ's board of directors of the proposed location of the kiosk in writing.

(Ord. No. 2021-357, § 2, 5-5-2021)

Sec. 40-12. Sidewalk access doors.

(a) It shall be unlawful for any person to construct, maintain or operate, or cause or permit to be constructed, maintained or operated, any sidewalk access door without lifts or chutes, on a sidewalk or street or other public area of the city serving the basement of any building or structure adjacent thereto, without first obtaining from the Director of Houston Public Works a written permit to make such installation. Such permit shall only be issued on a written application in form approved by the city legal department, which shall provide for indemnity to the city for damage to persons or property by reason of such installation. Such application shall be duly acknowledged by the applicant and, where the applicant is not the owner of the abutting property, by the owner of such abutting property, and it shall contain a covenant running with the land, binding the fee owner of the land abutting the installation and on which the sidewalk and installation are constructed, and his heirs and assigns.

(b) Such permit shall require that such sidewalk door shall be opened only between the hours of 10:00 p.m. and 6:00 a.m., so as to impede pedestrian traffic as little as possible. The type of door and the exact location of the door shall be subject to the inspection and approval by the Director of Houston Public Works, and such permit shall be issued subject to all the pertinent requirements of this chapter.

(Code 1968, § 41-12; Ord. No. 90-635, § 101, 5-23-90; Ord. No. 93-514, § 69, 5-5-93; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-13. Group mailboxes or cluster box units.

For purposes of this section, a cluster box unit means a pedestal-mounted or wall-mounted

centralized mail receptacle containing multiple mailboxes. A group mailbox or cluster box unit may only be constructed in the public right-of-way if the group mailbox or cluster box unit does not obstruct:

(1) A sidewalk, street, or other paved improvement in the public right-of-way;

(2) Visibility at the intersection of a street with a private driveway or another street; and

(3) Access to utilities, fire hydrants, or other objects lawfully placed within the public right-of-way.

(Ord. No. 2015-639, § 4, 6-24-2015, eff. 7-24-2015)

Sec. 40-14. Clearance of tree limbs over sidewalks.

It shall be the duty of the owners and occupants of lots in the city in front of and adjacent to which shade trees are growing in the streets, to keep the same trimmed in such a manner that the limbs and branches of the same overhanging the sidewalks shall be at least eight feet above the ground.

(Code 1968, § 41-15)

Sec. 40-15. Banners and signs prohibited over or across streets.

It shall be unlawful for any person to erect, place, construct or maintain or to permit any premises owned or controlled by such person to be used for the purpose of supporting any banner or suspended sign over or across any portion of a public street in the city, except as provided in sections 40-30 and 40-31 of this Code.

(Code 1968, § 41-16; Ord. No. 85-2072, § 2, 11-27-85; Ord. No. 05-603, § 3, 5-11-05)

Sec. 40-16. Painting or posting house numbers on curbs.

(a) No person, except the abutting property owner, shall paint, print or post any house number upon any curb in any public street in the city unless such person has first obtained a permit from the Director of Houston Public Works and prior approval from the owner of the abutting property.

(b) To obtain a permit, the applicant must file an application therefor in writing, on a form provided by the city, setting forth his permanent address and the address at which he can be reached. Copies of leaflets or other materials intended to be used in the solicitation of approval of owners or otherwise promoting the painting, printing or posting of house numbers upon curbs shall be submitted for approval with the application.

(c) All leaflets or other materials soliciting approval of owners or otherwise promoting the painting, printing or posting of house numbers upon any curb in any public street shall conspicuously state that neither the city nor any department thereof is engaged in, promotes or is any way connected with such painting, printing or posting of such house numbers, and shall state the name and address of the person or company responsible for such painting, printing or posting. "Conspicuously" as used in this section, shall mean that the words are of such size, type or color that they will be noticed by an average person who reads such leaflet or materials.

(d) The Director of Houston Public Works shall issue a permit without charge to the applicant unless it is determined that the applicant has not set forth his permanent address and the address at which he can be reached, or the leaflets or other materials intended to be used in soliciting approval of owners or otherwise promoting the painting, printing or posting of house numbers upon curbs do not comply with the requirements set out in subsection (c).

(e) Said permit shall entitle the holder thereof to paint, print or post house numbers on curbs for a period of one year from the date of issuance of the permit when such painting, printing or posting of house numbers is done in compliance with all applicable laws and ordinances. Upon expiration of the permit, a renewal may be obtained by complying with all requirements for the issuance of an original permit.

(f) Any person, including the abutting property owner, who paints, prints or posts house numbers on any curb of a public street shall do so in compliance with the rules and regulations promulgated by the Director of the Houston Public Works with regard to size, color, location or other matters dealing with the painting, printing or posting; provided, however, any such rules promulgated by the said director shall be in writing and shall be available to the public during office hours in the office of said director.

(g) Neither the provisions of this section nor the granting of a permit in accordance herewith shall be construed to permit the distribution of any leaflets or other materials in violation of any ordinance.
(Code 1968, § 41-17; Ord. No. 76-860, § 1, 5-25-76; Ord. No. 90-635, § 102, 5-23-90; Ord. No. 93-514, § 70, 5-5-93; Ord. No. 2018-11, §§ 49, 50, 1-10-2018)

Cross reference—House numbering, § 10-211 et seq.

Sec. 40-17. Tearing up, injuring, defacing, etc.—Streets.

It shall be unlawful for any person to wilfully or maliciously tear up, injure, deface or destroy in any manner any paved street or any portion thereof.
(Code 1968, § 41-18)

Sec. 40-18. Same—Sidewalks.

It shall be unlawful for any person to wilfully or maliciously tear up, injure, deface or destroy any sidewalk, or any portion thereof.
(Code 1968, § 41-19)

Sec. 40-19. Removing or defacing street line marks or street name signs.

It shall be unlawful for any person to remove any post, stake or other mark indicating the lines of any street or alley, or pull down, remove or deface any board, sign or plate indicating the name of any street.
(Code 1968, § 41-20)

Sec. 40-20. Removal of street construction materials.

It shall be unlawful for any person to remove any street construction materials, articles or substances placed on or in any street of the city without first obtaining the written permission of the mayor.
(Code 1968, § 41-21)

Sec. 40-21. Mixing mortar or cement on streets.

It shall be unlawful for any person to mix any lime or other mortar or cement upon any of the streets of the city.
(Code 1968, § 41-22)

Sec. 40-22. Moving vehicles which drop or throw mud or clay on streets.

(a) It shall be unlawful for any person to move or allow the moving of, by his agent or employee, upon the streets within the city, any vehicle that drops or throws mud, clay or earth upon the surface of any such streets.

(b) Any person violating this section, upon conviction, shall be punished as provided by section 1-6 of this Code.
(Code 1968, § 41-23; Ord. No. 92-1449, § 55, 11-4-92)

Charter reference—Penalty for ordinance violation, Art. II, § 12.

Cross references—Solid waste and litter control, Ch. 39; assessment of fines against corporations, § 16-76; payment of fines, § 16-78; credit against fines for incarceration, § 35-6 et seq.

Sec. 40-23. Use of unguarded welding apparatus near street or sidewalk.

It shall be unlawful for any person to operate or cause or permit to be operated any electrical welding apparatus or oxyacetylene welding apparatus, which emits a flare or arc within 20 feet of any public street or sidewalk of the city, unless such flare or arc emitted from such welding apparatus is shielded so as to be invisible from the public street and sidewalk.
(Code 1968, § 41-24)

Sec. 40-24. Allowing water to run into or upon streets or sidewalks.

It shall be unlawful for any person to permit the water from any hydrant, fountain or sink, situated upon any premises owned or controlled by such person, to run into or upon any sidewalk

or street of the city so as to cause such sidewalk or street to become wet and muddy, or so as to cause a public nuisance.
(Code 1968, § 41-26)

Sec. 40-25. Throwing articles on streets or sidewalks from roofs or upper stories.

It shall be unlawful for any person to throw any article from the roof or an upper story of a house upon any street or sidewalk.
(Code 1968, § 41-27)

Sec. 40-26. Dropping window cleaners' tools on sidewalk.

It shall be unlawful for any person engaged in the washing, cleaning or polishing of any windows upon the outside of any building on, over or abutting any sidewalk in the city to use, handle or have any tool or other equipment for use in such work unless the same is tied, chained or fastened in some suitable manner so that such tool or other equipment cannot fall or drop in, on or upon the sidewalk beneath or adjacent to which such workman is working.
(Code 1968, § 41-28)

Sec. 40-27. Impeding the use of a roadway.

(a) The following words, terms, and phrases when used in this section shall have the meanings ascribed to them in this subsection, unless the context of their usage clearly indicates another meaning:

Block means to render the entrance or exit to a building impassable, or to place, plant, leave, or erect any object or thing, upon a sidewalk that would in any manner prevent or restrict public use of or access to any part of the sidewalk, or that would render the use of the sidewalk unreasonably dangerous or difficult. *Block* shall not mean any activity authorized by this Code or by the city or any expressive activity.

Impede means to render the use of a roadway unreasonably difficult or dangerous.

Roadway means the portion of a street improved, designed, or ordinarily used for vehicular travel and includes medians or any raised paved surface within the roadway.

Sidewalk means that portion of the public street that is between the curblines, or the lateral lines of a roadway, and the adjacent property lines and is improved and designed for or is ordinarily used for pedestrian travel.

Street means the entire width between the boundary lines of every way publicly maintained when any part thereof is open to the use of the public for purposes of vehicular travel.

(b) It shall be unlawful for an individual to impede the use of a roadway.

(c) It shall be unlawful for an individual to block a sidewalk.

(d) It shall be unlawful for an individual to block the entrance or exit to a building.

(e) No police officer shall issue a citation, make an arrest or otherwise enforce this section against any person unless the officer first requests or orders the person to refrain from the alleged prohibited conduct and the person fails to comply.

(f) It is a defense to prosecution under subsection (b) that the person impeding the roadway is authorized to do so under an authorization issued by the city as required by Texas Transportation Code Section 552.0071 (a).

(g) It is a defense to prosecution under subsection (d) that the person is blocking the entrance or exit to a building with the permission of the property owner.

(h) Any person who violates any provision of this section shall be guilty of a misdemeanor and, upon conviction, shall be punished as provided in section 1-6 of this Code.
(Ord. No. 2017-256, § 2, 4-12-2017; Ord. No. 2021-206, § 2, 3-24-2021)

Sec. 40-28. Reserved.

Editor's note—Ord. No. 04-498, § 7, adopted May 26, 2004, repealed § 40-28 in its entirety. Formerly said section pertained to street work and removal of manhole covers prohibited between certain hours and derived from Code 1968, § 41-30 and subsequent amendatory ordinances.

Sec. 40-29. Police and fire departments to be notified of street closing.

The Director of Houston Public Works shall give and direct notices of the closing of any streets within the city, at least 24 hours before the closing thereof, to the police department and the fire department.
(Code 1968, § 41-31; Ord. No. 90-635, § 106, 5-23-90; Ord. No. 93-514, § 74, 5-5-93; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-30. Banner districts; creation; decorative banners permitted.

(a) *Purpose.* Except as provided in section 40-31 of this Code, the purpose of this section is to allow an electric utility to use its street light standards for the installation of cloth banners to enhance and accentuate the aesthetic appeal of certain areas of the city.

(b) *Definitions.* As used in this section and in section 40-31 of this Code, the following terms and phrases shall have the meanings ascribed to them in this subsection:

Banner shall mean a decorative outdoor display that is placed, erected or fastened to a street light standard owned and maintained by an electric utility as permitted by this section. Banners shall be used for noncommercial or nonpolitical purposes only and shall use a word or words only as a part of an artistic composition.

Banner district means an area designated by the city council pursuant to this section within which the display of banners is permitted.

Electric utility shall mean a franchisee of the city actively conducting an electrical power and lighting business.

(c) *Designation procedure.* A banner district may be designated by the city council in accordance with the following procedure:

(1) Residents of the city may request that the city council designate any area or areas within the city as a banner district. Any such request must include the specific boundaries of the proposed district to be considered by the city council.

(2) Following the filing of any such request with the city secretary, the city council

[The next page is 2715]

shall, within 45 days of the date of filing, conduct a public hearing to consider the merits of the request.

(3) Any interested person shall have the opportunity to participate in any hearing conducted under the provisions of this section and to present any relevant evidence and testimony.

(4) As a result of such hearing, city council shall determine whether or not the area meets the following criteria:

a. The area has paved public streets with rights-of-way not less than 60 feet wide;

b. The land use in the proposed district is primarily nonresidential; and

c. The designation of the proposed district would not endanger the health, safety, welfare and public convenience of the citizens of the city.

(5) Should a majority of the city council decide that the proposed area meets all the above criteria, the council shall designate the proposed area or a portion thereof as a banner district.

(6) Should a majority of the city council decide that the proposed area does not meet the above criteria, the proposed area shall not be designated as a banner district. No subsequent request seeking designation of any area or portion of an area that failed to meet the criteria of this section under a prior request shall be considered by city council until one year has elapsed from the date of the filing of the prior request.

(7) The action of the city council in approving or disapproving the designation of the banner district proposal may be taken by a motion duly adopted by the city council, and no resolution or ordinance shall be required.

(d) *Banners allowed.* An electric utility may place, install, erect or maintain, or cause or allow to be placed, installed, erected or maintained, a banner or banners on street light standards on public streets in a banner district. A banner shall not be allowed to be or become a distraction to drivers, or a traffic hazard, or to obstruct street light illumination to any substantial degree.

(e) *Removal of banners.* A banner shall be immediately removed by the owner of the light standard if the Director of Houston Public Works finds that a public necessity or emergency exists requiring the immediate removal of the banner. The director may issue a written or oral removal order directed and delivered to the owner. Subsequent to an oral removal order, the director shall issue a written notice to the owner within five days of such oral removal order. Written removal notices hereunder shall specify the reasons for the director's removal order and the duration of that order. The duration of the order shall be for only as long as is reasonably necessary under the circumstances. "Public necessity" for this purpose shall include but not be limited to, a threat to the public health, safety and welfare.

(Ord. No. 85-2072, § 3, 11-27-85; Ord. No. 90-635, § 107, 5-23-90; Ord. No. 91-160, § 1, 2-6-91; Ord. No. 93-514, § 75, 5-5-93; Ord. No. 95-1085, §§ 1—3, 10-11-95; Ord. No. 04-1006, § 2, 9-29-04; Ord. No. 05-603, § 4, 5-11-05; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-31. Special event banners.

(a) *Definitions.* As used in this section, the following terms and phrases shall have the meanings ascribed to them in this sub-section:

Convention means a convention, trade show, corporate meeting or other event scheduled to be conducted at the George R. Brown Convention Center that is anticipated to generate at least 2,000 peak room nights or in excess of 10,000 room nights in hotels located within the city over the course of the event, as determined by the director of the convention and entertainment facilities department.

Special event banner means a banner that, in connection with a convention, may contain a word or words limited to the following: (1) a welcome, (2) the name of the convention, (3)

the date of the convention, (4) the location of the convention, and (5) the symbol or logo of the organization whose name is part of the convention name.

(b) *Authorization of display.* Special event banners may be displayed only in connection with a convention, as defined in this section. It shall be unlawful to display any special event banner without written confirmation by the director of the convention and entertainment facilities department that a convention is scheduled to be conducted.

(c) *Time of display.* Special event banners may be displayed only during the time period that begins ten days before the opening date and ends not more than five days after the closing date of the same convention, provided that in the event of a conflict between two or more conventions that each desire to display special event banners or in the case of a conflict with a display of banners on streets where special event banners are requested, the director of the convention and entertainment facilities shall be authorized to coordinate or alter but not extend the display periods.

(d) *Location of display.* Special event banners may be displayed only on the following specific street segments: Avenida de las Americas from Polk Avenue to Texas Avenue; LaBranch Street from Rusk Avenue to Dallas Avenue; Lamar Avenue from Crawford Street to Avenida de las Americas; Dallas Avenue from Bagby Street to Crawford; McKinney Avenue from Crawford Street to Avenida de las Americas; and Walker Avenue from Avenida de las Americas to Main Street.

(e) *Removal of special event banners.* A special event banner shall be removed immediately by the owner of the light standard pursuant to section 40-30(e) of this Code if the Director of Houston Public Works finds that a public necessity or emergency exists requiring the immediate removal of the special event banner.

(f) *Biennial review.* On July 1 in each odd year beginning in 2007, the convention and entertainment facilities department will provide the mayor's office with a report reflecting the events for which special event banners have been used during the preceding two year period and, to the extent available, events for which such banners are planned for succeeding years. The reports will include an evaluation of the impact of such banners on attracting and booking conventions together with a discussion of any other benefits or problems associated with use of the special event banners, such as effects on aesthetics surrounding the George R. Brown Convention Center, attendance at conventions, or assistance to attendees in locating events. The mayor's office will forward the reports to the chair of the appropriate city council committee or committees for review and recommendations for any changes to this section 40-31 of this Code.
(Ord. No. 05-603, § 5, 5-11-05; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-32. Pedestrian safety and visibility buffer.

(a) It shall be unlawful for any person without an approved application to build, construct, plant, place, or otherwise cause a visual obstruction within the pedestrian safety and visibility buffer adjacent to a driveway where vehicular traffic exits onto a public street and crosses a sidewalk required by article XXII of this chapter. Objects or improvements below 24 inches or above eight feet as measured from the sidewalk surface shall not be considered a visual obstruction.

(b) The pedestrian safety and visibility buffer shall encompass a rectangular area extending from edges of the exit driveway in both directions along the sidewalk. The two primary dimensions of this triangular area, as measured from intersection of the exit driveway edge and the point of the required sidewalk farthest from public street, shall be:

(1) 14 feet along the length of the sidewalk, and

(2) 6 feet along the edge of the exit driveway perpendicular to the sidewalk.

Exhibits 40-32-1 and 40-32-2 depict the pedestrian safety and visibility buffer on streets with two-way and one-way traffic, respectively.

Exhibit 40-32-1—Two-way Driveway

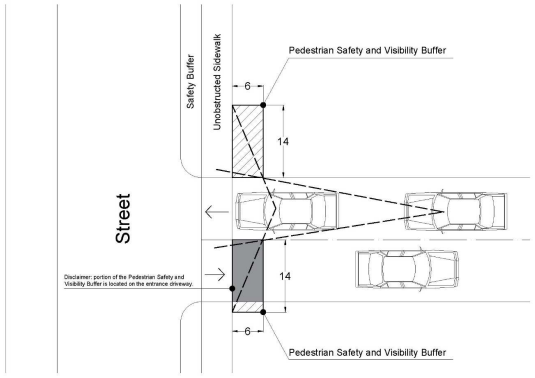

Exhibit 40-32-2—One-way Driveway

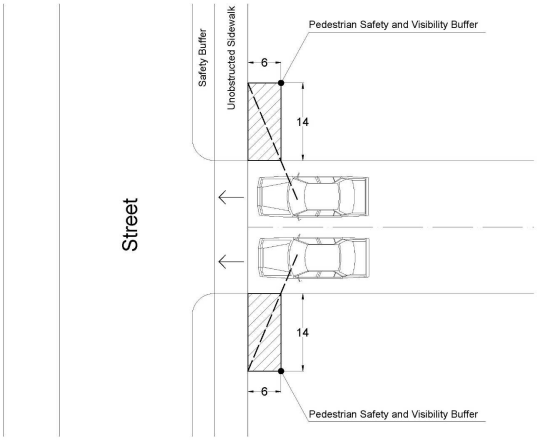

(c) The city engineer is authorized to modify the pedestrian safety and visibility buffer area required by this section when, upon review of written documentation provided by the individual or entity requesting the modification, the city engineer concludes that the standards of this section are technically or otherwise infeasible due to the presence of existing permitted physical conditions.

(d) A permitted object or improvement that would otherwise be considered a visual obstruction under subsection (a) of this section that existed prior to October 1, 2020 shall not be considered a violation of this section.
(Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Secs. 40-33—40-40. Reserved.

ARTICLE II. PRIVATE STREET WORK IN GENERAL*

DIVISION 1. GENERALLY

Sec. 40-41. Scope of article; definitions.

This article shall control and govern the doing within any street or alley in the city of any of the following work or construction: Any paving, or the construction of any curb or gutter (including driveway construction incident to curb or gutter construction). The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

(1) *Director* shall mean the Director of Houston Public Works of the city or his duly designated employees.

(2) *Paving* shall include not only the construction of a concrete roadway or an asphalt or asphaltic surfaced roadway, but also a shell or gravel roadway or a roadway constructed of any other type whatsoever of road building material.

*__Cross references—__Erection of detour or barricade signs, 45-18; driving on fresh pavement, § 45-42.

[The next page is 2717]

(3) *Private street work*. Any and all of the work or construction described in this section (except that which is described in section 40-42) will be meant when the term "private street work" is used in this article or in any application, permit or bond made, issued or given pursuant to the requirements hereof.

(4) *Street* shall include any public street in the city, including areas shown as such on any subdivision map which has been approved by the planning commission whether or not such map has yet been filed for record with the county clerk of the county in which the subdivision is located; and shall include also any areas shown as such on any map which has been filed with and which is on file with the planning commission for its approval thereof.

(Code 1968, § 41-42; Ord. No. 90-635, § 108, 5-23-90; Ord. No. 93-514, § 76, 5-5-93; Ord. No. 95-104, § 1, 1-25-95; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-42. Exemptions.

(a) Notwithstanding the provisions of section 40-41 of this Code, there shall be excluded from the operation of this article any of the following work, and none of the following work shall require any of the permits, applications or bonds required by this article:

(1) Work done by city forces (that is, by employees of the city in the course of their employment) or by contractors employed therefor by the city.

(2) Sidewalks.

(3) Repair by gas, light or telephone companies of cuts made by them in streets incident to installation or repair of their lines, or ordinary repair made by railway companies within the area between the rails of their tracks or within two feet of the outside of such rails.

(4) Work which the director or any other officer of the city may, within his authority, duties or powers, direct or order any person to perform.

(b) The foregoing work which is excluded from the application of this article shall remain subject to any and all of the city's present or future ordinances related to any of such work. (Code 1968, § 41-43)

Sec. 40-43. Minimum standards, drawings and specifications.

(a) There are hereby approved and adopted certain specifications, including certain drawings which have been prepared by the director covering private street work and setting forth in detail the types, sorts, grades and standards of the various materials to be used on the several types and sorts of such work referred to in section 40-41 of this Code, together with the manner, means and methods of the doing of such work. No private street work shall be done in the city except in accordance with such drawings and specifications, or in accordance with drawings, plans and specifications approved by the director which provide for a higher standard of material or work.

(b) Such specifications hereby approved, securely bound together, in two identical duplicate counterparts, bear upon their faces the endorsement of the director identifying them as the specifications which have been prepared by him and submitted to the city council for approval in connection with this article. The city secretary is hereby ordered to likewise identify them under his signature and seal and to file one copy thereof as a permanent record and document in his office and to deliver the other thereof to the director to become a permanent record in his office.

(c) Such minimum standards may hereafter from time to time be amended without other formality than the passage of an appropriate ordinance to such effect, appropriately identifying the new or substituted drawings or specifications, and requiring that the same (appropriately identified as above provided by the signature of the director and of the city secretary) be appended to and made a part of the specifications and drawings hereinabove approved as minimum standards.

(d) The city council hereby approves an amendment to the drawing referred to above (to bear, however, the same drawing number it has in the past), by which there will be eliminated from such drawing the entire reference therein to "concrete post street name markers" and there will instead be placed upon such drawing an appropriate endorsement to the effect that a street name sign conforming with the requirements of Council Motion No. 5965, 1956, shall be erected at each street intersection and that specifications for the sign and erection method will be available in the office of the director.

Upon a print of such revised drawing, appropriately identified as such, being delivered to him by the director, the city secretary will insert such revised drawing in such specifications as and to become a part thereof, leaving therein, however, the sheet of such drawing as originally contained therein, writing upon such original sheet an appropriate endorsement over his signature to the effect that it has been superseded by the revised drawing.
(Code 1968, § 41-44; Ord. No. 90-635, § 109, 5-23-90)

Sec. 40-44. Stop work orders.

(a) If the director is of the opinion that any work which is being done pursuant to or under color of any permit issued as provided for in this article is not in accordance with the terms of the permit or the plans or specifications therefor, he may direct the person to whom the permit was issued to cease all work on the project until the defaults, errors or omissions specified by him have been remedied. Any person to whom a permit has been issued for the doing of any private street work who, after the director shall have ordered the cessation of work thereupon, shall do any such work or cause or permit any such work to be done (except the remedying of the defects, defaults, or omissions complained of by the director) shall be guilty of an offense. Each day on which any such unauthorized work is performed in violation of an order to cease the work shall constitute a separate offense.

(b) When satisfied that the defaults, errors or omissions specified by him have been remedied, the director shall in writing authorize the resumption of the work. It shall not, in any prosecution for a violation of this section, be necessary that the complaint negative the issuance of such a resumption order, but the same shall be matter to be shown in defense in any such prosecution.
(Code 1968, § 41-45)

Sec. 40-45. Work beyond scope of permit prohibited.

Any person to whom a permit shall have been issued for the doing of any private street work, as provided for in this article, who shall do or cause to be done any private street work beyond the scope of or not within the permission given by such permit shall be guilty of an offense. Each day on which any such unauthorized work is performed shall constitute a separate offense.
(Code 1968, § 41-46)

Sec. 40-46. Removal of work done without permit.

(a) If any such work is done in any street or alley in the city of any of the sorts described in section 40-41 of this Code, without a permit therefor having been issued as required by this article, the director shall, upon the same being brought to his notice, direct the person who did the work or caused it to be done to forthwith remove all of such work and restore the street or alley in question to the state and condition in which it was before such unauthorized work was done. Such order may include a specific direction as to the things to be done to accomplish compliance with it, including the removal of any earth or any other material which, without authority therefor, may have been placed in any street or alley or any part thereof and the replacement of any earth or any other material which may have been removed therefrom or from any part thereof, and it may state the time within which the things therein ordered shall be done. Such order and direction may be in writing or verbal and may be delivered or given either by the director or by any person thereto instructed by him.

(b) If any person to whom an order has been given under this section shall fail, within the time therein stated, to do or cause to be done all of the things therein commanded and ordered,

he shall be guilty of an offense. Each calendar day after the expiration of the time provided in such order

within which any of the work therein commanded to be done remains undone shall constitute a separate offense.

(c) The offense defined in this section shall be a separate and distinct offense from the offense defined in section 40-55 of this Code of having done the work in the first instance without a permit therefor, and a conviction or an acquittal of a charge of the violation of either of such two offenses shall not constitute a bar to a prosecution for a violation of the other of them.
(Code 1968, § 41-47)

Sec. 40-47. Appeal from orders or decisions of director.

In every case in which any person is aggrieved and dissatisfied at any order, decision or direction made or given by the director under any of the provisions of this article, he shall have the same right of appeal therefrom, and to the same effect and result, as is provided in section 40-65 of this Code for appeals from the refusal of the director to issue a permit as under this article.
(Code 1968, § 41-48)

Sec. 40-48. Responsibility for violations.

(a) If any private street work is done without a permit therefor or is otherwise done in violation of this article by a partnership or any other unincorporated association, every member of the partnership or of the association shall be guilty of the violation. If any such work is so done by a corporation, the president of such corporation, the general manager or the person in active charge of its operations or business, and every director of such corporation shall be guilty of the violation.

(b) If any private street work is done in violation of this article by a contractor for another person, the contractor and the person for which the work is being done shall each be guilty of the offense.

(c) Laborers, mechanics, and other craftsmen having no other connection with the doing of the work regulated by this article than to be employed thereupon at a wage or salary shall not be guilty of offenses for work done in violation of this article. It shall not be necessary, however, for a complaint for a violation of this article to negative the fact that the person complained of is such laborer, mechanic or craftsman, but the same shall be matter to be shown in defense in any prosecution thereunder.
(Code 1968, § 41-49)

Secs. 40-49—40-54. Reserved.

DIVISION 2. PERMIT

Sec. 40-55. Required.

It shall be unlawful for any person to do or cause to be done any private street work for which a permit has not been issued by the director. Each day on which any such work is done without a permit therefor having been so issued shall constitute a separate offense.
(Code 1968, § 41-55)

Sec. 40-56. Application and accompanying documents generally.

(a) Any person desiring to do or to have done any private street work (except construction of curb and gutter only, with incidental driveway construction, as referred to in section 40-57) shall file with the director an application for a permit therefor, which application shall contain the following information and be accompanied by the following documents:

(1) The name, mailing address, and telephone number of the applicant, together with a statement as to whether the applicant is an individual, a partnership or a corporation, and if a partnership the names of all of the partners.

(2) A general statement of the location of the proposed work and a general statement of the nature and scope of the work proposed to be done.

(3) A statement of whether the work has or has not yet been contracted for, and if a contract has been made the name and address of the contractor and the amount of the contract price; but if the work has not yet been

contracted for, then a statement of the applicant's estimate of the probable cost of the proposed work.

(4) A list sufficient to identify the several sheets of the plans and drawings accompanying the application and the several parts or documents constituting the written specifications under which the work is proposed to be done.

(5) Complete specifications under which the work is proposed to be done, together with plans and drawings therefor, which shall be in sufficient detail to enable an engineer to determine definitely what is supposed to be done, where it is to be done, and how it is to be done. Such drawings must in any event include a complete profile and a plan on which there is shown the width and other dimensions of any paving, curb or gutter proposed to be built and the location thereof with reference to the center line of any street or streets within which the same are to be placed. Such plan must be "tied" to an established city reference monument, or if there is no city reference monument within a reasonable or practicable distance from the proposed work, then the plan must be tied to some other permanent recognized monument on the ground. If the proposed work is in, or is in connection with, a subdivision which is in the process of development and/or approval by the planning commission, the plan must be appropriately tied to the subdivision map. Such plan or other drawings accompanying the application must show the location of all existing or proposed utility lines, sewer lines, or storm sewers. Every sheet of the drawings and each part or document which is a part of any of the written specifications shall be signed under his seal by a professional engineer duly licensed under the professional engineers licensing law of the state. All of the drawings and written specifications accompanying the application shall be deemed to be a part thereof. Where appropriate and desired, any of the drawings or written specifications herein approved as the city's minimum standards under section 40-43 of this Code may, by appropriate reference thereto, be included in and made a part of the application without the necessity of attaching the same thereto.

(6) The name and address of the professional engineer by whom the drawings and specifications accompanying the application have been prepared, together with a statement as to whether or not the actual performance of the work will be under his supervision.

(7) A statement that if the permit is issued on the application, the proposed work will be done in strict accordance with the plans, drawings and specifications therefor, including amendments and supplements thereto which may be required by the director and agreed to by the applicant before the permit is issued (except for such changes therein as within the general scope, purpose and intent of this article may thereafter be approved in writing by the director).

(8) The date on which it is desired or intended to commence the work and, if any of the work is to be within an existing traveled thoroughfare, the length of time which the applicant proposes to consume in the doing thereof.

(b) Such application, as well as the drawings and specifications accompanying the same, shall be filed in duplicate and both the original and duplicate original of the application itself shall be signed by or on behalf of the applicant and, unless the engineer responsible for the drawings and specifications is himself the applicant, the application shall include a statement signed by him to the effect that the statements therein made as to his connection and intended future connection with the project are true. If the application shows that the actual performance of the work is to be under such engineer's supervision, and if he shall thereafter cease to be so connected with the project, he shall, within 48 hours after the termination of his connection with it, certify the fact of such termination to the director.

(c) The applicant may either be the person at whose instance or for whose purpose the work is proposed to be done, or a contractor employed or

intending to be employed to do the actual work, or a licensed professional engineer employed to supervise the work. If such licensed professional engineer is himself the applicant, the application shall contain a statement by him that he has been so employed and a statement of the name and address of the person at whose instance or for whose purposes the work is to be done, and he shall sign the application under his official seal.
(Code 1968, § 41-56; Ord. No. 95-104, § 1, 1-25-95)

Sec. 40-57. Application when work limited to construction of curbs and gutters.

Any person desiring to do or to have done in the city any private street work consisting of nothing other than the construction of curbs and gutters (including driveway construction incidental thereto), instead of filing the detailed application with accompanying drawings, which is required under section 40-56 of this Code, may simply file with the director an application for a permit for such work, which application shall be sufficient if it shows who desires to do the work, by whom it is intended to be done, and is sufficient to indicate the scope and extent of the work intended to be done. Such application need not include any plans, drawings or specifications, unless a plan or drawing is necessary to the description of the work proposed to be done, and if the work is to be done by a duly licensed and bonded sidewalk and curb and gutter contractor, it need not indicate that any licensed professional engineer has any connection with the project. It shall, however, contain an unconditional undertaking that the applicant will observe and comply with any directions or instructions given him by the director incident to the work or the sufficiency of the completion thereof to the end that, if a permit is issued therefor, the director shall have absolute power to require the applicant to do all of those things and none other than those things which the director considers necessary, incident to the work proposed.
(Code 1968, § 41-57)

Sec. 40-58. Style and numbering of application.

Every application for a permit under this division shall be styled "Application for Permit for Private Street Work" and, upon filing, shall be appropriately numbered by the director in such manner that future reference thereto by number and style shall be sufficient to identify it.
(Code 1968, § 41-58)

Sec. 40-59. Applicant's bond—Generally.

(a) If the permit application under this division is for the doing of work within the portion of an existing street which is actually being used by the public, no permit shall be issued thereupon until there has been filed with the director a bond to secure the city that the proposed work will be done in accordance with the permit, application and plans and specifications, and securing the city against loss, damage, claim, or liability in connection therewith, which bond shall comply with the following requirements of this section as to the terms, conditions and execution thereof.

(b) The bond required by this section shall be in a penal sum equal to the total estimated cost of the improvements to be constructed (including design and engineering costs) plus an additional ten percent of such amount. No such bond shall be required for work to improve an alley for private access pursuant to section 40-346.

(c) The bond required by this section shall be in favor of and solely and exclusively for the use and benefit of the city.

(d) The bond required by this section shall describe by reference to the number of the application, together with such other brief descriptive matter as is necessary, the work proposed to be done or to be covered by the permit in connection with which the bond is given.

(e) The bond required by this section shall be conditioned that the work therein referred to will be done and performed in strict and full accordance with the terms and provisions of the application and the permit and in strict accordance with the plans and specifications therefor; and that if any of such work is not done in accordance therewith, or if any materials not in accordance therewith are used in the process of such work, such failure and default will be promptly remedied, and any defective material or work torn out and removed or replaced with material and by

workmanship in accordance with the terms of the application, permit and plans and specifications without cost or expense to the city; and that if such is not done within a reasonable time after demand therefor upon the principal by the city, the principal and surety on such bond will (within the penal sum of the bond) be held and firmly bound to the payment to the city of the reasonable cost and expense incurred by the city either in tearing out and removing the defective work entirely and restoring the street to its original state, or in replacing the same with work in accordance with the permit, or in completing and perfecting any work imperfectly or incompletely done; and shall provide that the certificate of the director to the reasonable necessity for and the cost of any work so done by the city shall be conclusive and binding upon the principal and surety in the absence of clear, convincing and unmistakable proof that his action in so certifying is fraudulent, arbitrary or capricious.

It shall further be conditioned that the principal and surety indemnify and agree to fully indemnify and save harmless the city and its officers from any and all demand, liability or claim, no matter by whom asserted, arising from or in any manner incident to the doing of any work pursuant to or under color of such permit or the construction of any of the paving or other street work authorized thereby. It shall, however, provide that the liability of the principal and surety shall not include liability to indemnity against causes of action asserted by persons arising from the grade or location of the pavement or other structure built in the street, or from defects or alleged defects therein occurring or existing after the date of the certificate of acceptance of the work hereinafter provided for.

The principal shall further covenant that if the work is not completed within the required number of days after the commencement thereof, the principal, but not the surety, will be liable to the city on account of and for such delay at the rate of $150.00 per day for each day that the completion of the work be delayed beyond the time allowed therefor in the permit.

Such bond shall provide that within the general scope and spirit of the work covered by the permit, the director may without notice to or consent of the surety permit changes in the actual plans and specifications therefor, without in any wise affecting the liability either of the principal or surety.

(f) Such bond shall be upon a form to be prepared and approved by the city legal department and may be executed by the applicant or by the contractor proposing and intending to do the actual work, or if the application is not made by the person at whose instance or for whose purpose the work is proposed to be done, such person may nevertheless execute such bond as principal. It shall be executed also by one corporate surety, which surety shall be a corporation qualified and licensed by the insurance licensing authority of the state under and pursuant to the provisions of articles 4969 to 4972, inclusive, of the Texas Revised Civil Statutes.

(g) If the surety on such bond is a company appearing on the then current list of approved sureties of the United States Treasury Department, the bond need not be accompanied by any proof of the qualification and license as aforesaid of such company, but if such bonding company's name does not appear upon such treasury department's current list there shall be submitted, along with the bond, a certificate from the board of insurance commissioners of the state, bearing date no more than ten days prior to the date of the bond, evidencing the fact that such surety is so qualified and licensed by the state. Such bond shall in any event be accompanied by an appropriate power of attorney evidencing the authority of the issuing agent or attorney to execute the bond for the company.

(h) A bond upon such form so executed shall be accepted on behalf of the city by the director, and his acceptance noted thereupon. If he is in doubt as to the manner or form of the execution thereof, he may submit the same to the city legal department for its approval as to form and execution before he accepts it. Such bond, together with the proof of the authority of the agent to execute the same, and the proof of the surety's qualifications and license if the surety is not on the treasury department's current list, shall be attached to the

city's duplicate original of the permit and become a part of the permanent record in connection therewith.

(i) When the work covered by the permit has, in the opinion of the director, been completed in substantial accordance with the plans and specifications therefor, the director shall, at the request either of the principal or of the surety on such bond, deliver to either or both of them a certificate to such effect. Such certificate shall, in favor of the surety upon such bond, be conclusive proof of the contents thereof, but shall not relieve the principal upon the bond from liability for failure of or defect in the work arising from failure to have fairly and substantially complied in any material respect with the specifications.
(Code 1968, § 41-59; Ord. No. 99-379, §§ 4, 5, 4-21-99)

Sec. 40-60. Same—Cash deposit in lieu of bond.

In any instance in which, by the provisions of section 40-59 of this Code, a bond is required to be given, there may instead be deposited with the director in cash an amount equal to the required penal sum of the bond, which deposit shall secure the city to the same purpose, intent and effect as the bond prescribed by section 40-59 of this Code. When the director is of the opinion that the work has been completed in accordance with the plans and specifications, he shall so certify as provided in section 40-59 of this Code and the deposit referred to shall be returned to the applicant or upon the applicant's order.
(Code 1968, § 41-60)

Sec. 40-61. Same—Bond or cash deposit for curb and gutter work only.

The bond required in connection with any permit for curb and gutter work only, issued as provided in section 40-64 of this Code, shall be conditioned and executed in accordance with the requirements of section 40-59 of this Code, and shall be in such amount as the director considers necessary to protect the city against having to go in and finish up or undo work begun or done under the permit. Any person to whom such a permit is to be issued may, instead of furnishing such bond, deposit with the director in cash the amount so deemed necessary by the director, to be returned to the applicant after the work has been completed to the satisfaction of the director, or upon surrender of the permit before commencing any work thereunder. If the work is to be done by a duly licensed and bonded sidewalk and curb and gutter contractor, no separate bond shall be required under this division or any cash deposit in lieu thereof.
(Code 1968, § 41-61)

Sec. 40-62. Fees.

(a) No fee shall be charged upon any permit or application for the construction of any pavement (including curb and gutter construction incident thereto) which includes a reinforced concrete base, the city council here declaring that the advantage and benefit to the city from the construction of that type of pavement is such as to fully warrant the handling by the city, without cost to the person having such work done, the necessary application, investigation, inspection, etc. Upon permits for other paving work or for curb or gutter construction as governed by this article, fees are hereby fixed and established as follows, to be collected by the director before the permit is issued:

(1) For curb and gutter (or either), the permit fee stated for this provision in the city fee schedule per lineal foot of the curb and gutter (or either) to be constructed, but excluding from the computation so much thereof as is within the intersection of any two streets.

(2) For any pavement (except pavement involving a reinforced concrete base) the fee stated for this provision in the city fee schedule per running or lineal foot of street to be paved, but excluding from the computation such work as is to be done within the intersection of any two streets.

(3) When the pavement is to be constructed without curb or gutter, the fee charged shall be only the fee stated for this provision in the city fee schedule per running foot for the pavement as provided above, but where pavement is with curb and

gutter, the fee shall be stated for this provision in the city fee schedule per running foot of pavement plus the fee stated for this provision in the city fee schedule per lineal foot of curb and gutter.

(b) The minimum fee, where any fee at all is required by the terms of this section, is stated for this provision in the city fee schedule upon any one permit.

(c) The fees prescribed by this section are established to cover the expense or a part of the expense to the city incident to the examining of the application, investigation in connection therewith, the inspection of the work as the work progresses.

(Code 1968, § 41-62; Ord. No. 2011-1168, § 13, 12-14-2011)

Cross reference—Refund of permit fees paid to department of public works and engineering, § 2-285.

Sec. 40-63. Issuance or refusal generally.

(a) If the director finds that the plans and specifications for the proposed work for which a permit is sought under this division are sufficient and are in accordance with the purpose, intent and provisions of this article, he shall notify the applicant, and subject to the provisions of this division he shall issue and deliver to the applicant a permit for the work desired to be done in accordance with the provisions of this article.

(b) If the plans or specifications for work for which a permit is sought under this division are not sufficient or do not contemplate or describe work in accordance with the city's minimum standards or are not adequate to the place and purpose in question, the director shall communicate to the applicant or to the applicant's engineer his objections thereto, permitting and agreeing to such changes in the original drawings and specifications as may be sufficient to meet his objections and after such changes have been agreed to by the applicant and by the applicant's engineer, the director shall, subject to this division, issue the permit.

(c) The director shall not, in any event, issue a permit for the construction of a pavement which includes curb and gutter or curb, unless suitable and sufficient drainage and drainage facilities are already in existence, or the construction thereof is provided for in the plans and specifications for the work covered by the application. Similarly, he shall not issue a permit upon any application which contemplates pavement of a general sort or type (including width thereof, thickness and reinforcing thereof) which, in his opinion, is inadequate or unsuitable to the area or place where it is proposed to be placed, notwithstanding that the same, as applied for, is in accordance with the minimum standards approved by this article.

(d) If the plans and specifications (with such changes therein as have been required by the director and approved by the applicant and the applicant's engineer) do not meet the standards and requirements set up by this article, the director shall refuse to issue the permit applied for and shall, upon the duplicate original of the application or a paper attached thereto and suitably identifying the application, certify the fact of his refusal, together with such statement as he sees fit to make of the reasons therefor, notifying the applicant or the applicant's engineer to such effect and delivering such duplicate of the application with his certificate of rejection to either of them who may request it. At the same time, he shall similarly certify the fact of his refusal upon the other original of the application, which shall remain as a permanent file and record in his office.

(Code 1968, § 41-63)

Sec. 40-64. Issuance for curb and gutter work.

Upon an application under section 40-57 of this Code for curb and gutter work, the director shall make such investigation and inquiry as he deems necessary, and if it appears to him that the work referred to may be done without damage or injury to the street or to the rights of any other abutting property owners or of any other person who may have any interest or right related thereto, he shall grant a permit therefor. The procedure in the matter of actual issuance of such permit, retention of the identical duplicate thereof and numbering and identification thereof shall be the same (except as herein expressly provided otherwise) as that provided in this division for other permits.

(Code 1968, § 41-64)

Sec. 40-65. Appeal from refusal.

(a) If the director refuses to issue a permit applied for under any provision of this division, the applicant may, within 30 days after such refusal is communicated to him, appeal therefrom to the city council without other formality than filing with the city secretary a letter in duplicate signed by the applicant sufficient to show the fact of the refusal of his application, the reason (if any) stated therefor by the director, and the applicant's desire to appeal from such refusal to the city council. The city council shall thereafter, upon such investigation and the hearing and considering of such evidence as it deems proper, either sustain or overrule the director's action, by motion, resolution or ordinance. If the council overrules the director, he shall thereupon issue the permit, noting thereon and on the city's duplicate original thereof, the fact that it is issued pursuant to council's action in overruling his refusal to grant it in the first instance.

(b) The action and decision of council shall be final; provided, the city council shall not order the issuance of a permit for any street work providing for the doing of work of a sort which is not adequate and suitable for the place to which and the purpose for which it is proposed to be done, taking into consideration the public welfare and safety, and the nature and density of traffic which may be expected to use the street in question.
(Code 1968, § 41-65)

Sec. 40-66. Contents.

A permit issued under this division shall state that the applicant (or the applicant's engineer) must notify the director when the work is commenced. If the application includes any work to be done within an existing traveled thoroughfare and is of a sort which, in the director's opinion, will interfere with or inconvenience the public while the work is in progress, then the permit shall state that the work must be completed within the length of time, after the commencement thereof, stated by the applicant as required by paragraph (8), subsection (a), of section 40-56 of this Code.
(Code 1968, § 41-66)

Sec. 40-67. Permit for work in subdivision in advance of plat approval.

Any person intending to subdivide or develop as a subdivision any unplatted area within the city, in advance of submitting his proposed plat to the planning commission may, if he desires to do any of his street development work, make an application to the director containing those essentials which are stated in section 40-56 of this Code, and the director may, upon his approval of the proposed work and the payment of the fees required by this division, issue a permit therefor in all respects the same as if the work were to be done on a street as defined in section 40-41 of this Code, but the issuance of such permit shall not constitute an approval of any proposed plan or plat of the addition, and shall in no manner interfere with the right of the planning commission to withhold its approval thereof or to require changes therein before the same is approved.

If any person shall do any such work in any such area without first having obtained the permit herein provided for, the planning commission shall not thereafter approve the plan of such subdivision until there is furnished to it a certificate by the director that all of the street work in such subdivision is in accordance with standards which are at least equal to the minimum standards provided in this article and are of a sort which the director would have issued a permit if one had been applied for.
(Code 1968, § 41-67; Ord. No. 95-104, § 1, 1-25-95)

Sec. 40-68. Effect of acceptance.

(a) Any person to whom a permit is issued pursuant to any of the provisions of this division will, by his acceptance of such permit (which acceptance shall be conclusively presumed if, after the permit is issued, he does any of the work contemplated or provided for in the application), undertake or promise that the work covered by the permit and application will be done in full and exact accordance with the provisions of the application and of the plans and specifications, if any, therefor, and that no other work than that covered by the permit will be undertaken pursuant thereto. He will further thereby agree that, during the course of the work, every instruction and

order of the director, or of any inspector or other city employee delegated thereto by the director, for stopping any work which is being done in a manner contrary to the plans and specifications or the application, correcting and replacing any work not in compliance therewith or completing any work necessary to accomplish compliance therewith, will be promptly and immediately observed.

(b) Without limiting the obligation of the applicant to faithfully adhere to the plans, drawings and all of the specifications, he will, by the acceptance of a permit, particularly undertake that no materials will be used in the work except those which, under the appropriate provisions of the city's minimum standard of specifications, have been tested and approved by an approved testing laboratory as therein provided; and that if any materials not so tested and approved are used, he will, upon such violation being discovered by him or brought to his notice, promptly remove and tear out the work in which such untested or unapproved materials were used and replace the same by work of proper, tested and approved materials.
(Code 1968, § 41-68)

Cross reference—Subdivisions, Ch. 42.

Sec. 40-69. Issuance does not impose liability on director or city.

By virtue of the issuance of any permit required by this division neither the director nor the city shall be or become liable or responsible in any way either to the applicant, the contractor, if any, for the work, or to any other person for the sufficiency, correctness or suitability of the plans or specifications or the project itself, and the work done pursuant to such permit shall be the private venture, work and responsibility of those interested in it, and the city shall not be liable directly or indirectly to any laborer or workman employed thereupon or to the furnisher of any materials for use therein, or to any person having a cause of action arising directly or indirectly from the doing or prosecution of the work or the construction of the pavement or other facilities accomplished thereby.
(Code 1968, § 41-69)

Sec. 40-70. Issuance does not constitute approval of subdivision or acceptance of streets and alleys therein.

If a permit issued under this division is for work in a subdivision not yet approved by the planning commission, the issuance of the permit shall not constitute an approval of the subdivision or an acceptance of streets or alleys shown on the subdivision map, and neither the city nor the planning commission shall be in any way estopped by virtue of the issuance of such permit.
(Code 1968, § 41-70)

Sec. 40-71. Records to be kept.

If the director issues a permit under this division, including the issuance of a permit pursuant to council action as provided in section 40-65 of this Code, he shall attach to the city's original of the application the bond, if required under this division, filed with and approved by him, together with an exact copy of the permit, signed by him, and such duplicate of the permit, such bond and the entire application therefor shall be and continue a permanent file and record in his office.
(Code 1968, § 41-71)

Secs. 40-72—40-81. Reserved.

ARTICLE III. CONSTRUCTION OR REPAIR OF SIDEWALKS, DRIVEWAYS, CURBS AND GUTTERS*

Sec. 40-82. Order of council generally.

Whenever it shall be found necessary by the city council that sidewalks, driveways, curbs and gutters, or any of them, be constructed, reconstructed, repaired or brought to grade along or in front of any real estate abutting upon any public street in the city, the city council shall designate the lot, block, street or community in which work is deemed necessary and shall order the construction, reconstruction, repair or regrading of such improvements, prescribe the width of the sidewalks, the kind and character of the material out of which they shall be built, the building of all

*__Cross reference—__Erection of detour of barricade signs, § 45-18.

such improvements according to the line and grade as fixed by the city engineer and the specifications adopted by the city, and designate the time within which such improvements shall be completed.
(Code 1968, § 41-82; Ord. No. 90-635, § 110, 5-23-90)

Sec. 40-83. Notice to property owners when work ordered.

When the city council shall have ordered the construction, reconstruction, repair or regrading of sidewalks, driveways, curbs and gutters as provided for in this article, it shall be the duty of the city engineer to serve notice that such improvements must be laid by the owners of the abutting property, showing the width of the sidewalks, and the materials out of which the same shall be constructed, and the time within which the improvements shall be completed, and the estimated cost thereof per square or lineal foot. Such notice may be served by delivering a copy thereof to the owner of the abutting property or to any tenant of the owner living on the particular real estate included in the order, or if the property is unoccupied and the owner or his authorized agent cannot be found, then notice may be given by posting a copy thereof upon the property, and such officer shall make due return to the city engineer stating the manner and time of service thereof, which return when produced in court shall preclude any question as to whether or not sufficient notice has been given. In lieu of the above notice, the city engineer may cause notice to be mailed to the post office address of the owner, and the mailing of such notice shall constitute sufficient notice, whether received or not, or notice may be given by publishing a brief summary of the order once in some daily newspaper published in the city, of general circulation, addressed "Sidewalk Improvements: To Whom It May Concern," at least 30 days before the improvement is required to be completed, and such publication in the paper shall be deemed a sufficient notice. Notice will be sufficient if given to the proper owner in any one of the ways above indicated.
(Code 1968, § 41-83; Ord. No. 90-635, § 110, 5-23-90)

Sec. 40-84. Duties of abutting property owners; failure of property owners to have work done.

It shall be the duty of every owner of real estate in the city, abutting on any public street in the city, in front of which real estate or along which street the city council may order the construction, reconstruction or repair, or bringing to grade of sidewalks, driveways, curbs or gutters, or any of them, to cause the same to be constructed, reconstructed or repaired or bring the same to grade, as the case may be, in accordance with the terms of such order, the specifications set out in this article and on the line and grade as established by the city engineer for the particular block, street or community in which the real estate may be situated. Such property owners shall cause to be constructed such improvements in front of their respective property after the giving of notice as prescribed in this article, within the time fixed by the city council. After the expiration of the time indicated in the notice to construct, reconstruct, repair or regrade, if the abutting owner shall not have built such improvements as ordered and indicated in the notice, then the city shall have the right to construct the same in accordance with the order for the same, and the standard specifications hereinafter set out, under the supervision of the city engineer, and may advertise for bids or may itself construct such improvements, at the expense of the abutting property owner, and may recover a personal judgment in any court having jurisdiction of the amount for the cost and expense in constructing, reconstructing, repairing or regrading such sidewalks, driveways, curbs and gutters, with ten percent additional for attorneys' fees, and may, by ordinance, fix a lien on the property improved.
(Code 1968, § 41-84; Ord. No. 90-635, § 110, 5-23-90)

Sec. 40-85. Performance of work by city at request of property owner.

Any property owner or his duly authorized agent, who shall desire the city to construct for him any sidewalk, driveway, curb or gutter, or to reconstruct, or repair or regrade the same, shall have the right to petition the city council therefore, asking that such work be performed at the

cost and expense of the petitioner, offering to defray all costs of advertising for bids, if any, letting contract and cost of grading, constructing and finishing, and designate the terms upon which he can pay. Upon receiving such petition, the same shall be referred to the city engineer, who shall determine forthwith the line and grade, make a record thereof and estimate the cost of construction, including the advertising for bids, if necessary, and report to the council. Should the council see fit to grant such petition, it shall determine the material out of which the improvements shall be constructed and the manner of payment therefor. Before any work or sidewalk, driveway, curb, or gutter construction shall be undertaken by the city for any property owner, such property owner shall comply with all requirements of the city as to payment therefor, either in cash in advance, or part cash and the giving of security for the unpaid balance. The city shall have the right to award any quantity of work under this section to a general contractor whose bid shall be accepted by the council as the lowest and best secure bid for the construction of sidewalks, driveways, curbs and gutters during a stipulated time, not to exceed one year.
(Code 1968, § 41-85; Ord. No. 90-635, § 110, 5-23-90)

Sec. 40-86. Permit for construction of driveways.

(a) No person shall construct, or cause to be constructed, any driveway connecting private property with a public street without first obtaining a written permit therefor from the city engineer.

(b) Upon receipt of an application for a driveway permit, the city engineer shall make a determination as to whether the driveway applied for is necessary to provide reasonable access to the private property consistent with the safety and convenience of the public, taking into account the following matters:

(1) The nature and volume of traffic on the street on which the private property abuts.

(2) The dimensions and type of construction of the street on which the private property abuts.

(3) The effect that the passage of vehicles to and from the private property will have on the safety of the traveling public and on the movement of traffic in the street to which the driveway connects.

(4) The use to be made of the private property.

(5) The dimensions of the private property, and the type and location of improvements thereon or to be placed thereon.

(6) The extent of the access which the private property has or will have to other public streets, if any.

(c) After making such determination, the city engineer shall grant or refuse the application in accordance with the following rules:

(1) He shall refuse to issue a permit for a single driveway opening unless it shall have been found to be necessary for reasonable access.

(2) If the application is for more than one driveway opening into the same premises, he shall allow no more such openings than the minimum number necessary to provide reasonable access.

(3) He shall refuse to issue a permit for any driveway opening as to which it has been found that the proposed use of the driveway would create an extraordinary traffic hazard or would excessively interfere with the normal use of the street right-of-way.

(4) Every permit issued shall specify the maximum width of the driveway opening for which the permit is granted and such width shall be no greater than the minimum necessary to provide reasonable access.

(5) If a permit is granted for more than one driveway opening into the same premises, it shall specify that each such opening shall be separated from the others by a distance of not less than 20 feet, and that

an upright curb must be constructed along the edge of the area of separation next to the improved portion of the street.

(Code 1968, § 41-86; Ord. No. 90-635, §§ 110, 111, 5-23-90; Ord. No. 93-514, § 77, 5-5-93)

Sec. 40-87. Driveway openings under city's street improvement contracts.

So far as they may be applicable, the standards and procedures above set forth in section 40-86, of this Code, including the requirements for a written permit for each opening, shall also be used by the city engineer in allowing driveway openings under the city's street improvement contracts; provided, however, the specifications to any such contracts may authorize the replacement of previously existing driveways without the necessity of obtaining a permit and, to the extent that they do so, no permit will be required.

(Code 1968, § 41-87; Ord. No. 70-932, § 1, 6-16-70; Ord. No. 90-635, § 110, 5-23-90)

Sec. 40-88. Permit to construct or repair sidewalks, curbs or gutters.

(a) It shall be unlawful for any person, except a person laying permanent street pavement under contract with the city, to construct, reconstruct, repair or regrade any sidewalks, curbs, or gutters in the city without obtaining a permit from the city engineer, which permit shall be kept conspicuously displayed within 20 feet of the work during the course of the work.

(b) The application for a permit shall be made to the city engineer, in the form prescribed by the city engineer, and shall state:

(1) The nature and extent of the proposed improvements; and

(2) The location of the improvements by lot, block and street number.

(c) If a person constructs, reconstructs, or repairs any sidewalk, curb or gutter in the city on any line or grade other than the line or grade given by the city engineer, or in any manner other than as provided by this Code, the city engineer shall not issue any permit to the person until the person has rebuilt or reconstructed or repaired the sidewalk, curb, or gutter in accordance with the requirements of the city engineer and the requirements of this Code.

(d) The city engineer is responsible for the establishment of the lines and grades required for the construction, reconstruction, or repair of sidewalks, curbs and gutters in the city. The city engineer shall not issue a permit under this section or under any order of city council ordering the construction, reconstruction, repair or regrade of any sidewalks, curbs, or gutters, until the city engineer has established and made a record of the lines and grades for the proposed work.

(e) The fee for a permit issued under this section shall be as stated in the city fee schedule, which shall be the fee for the issuance of each permit and for the staking of such work. No fee shall be required for the owner of a fully-constructed dwelling unit in use for single-family residential purposes, as those terms are defined in chapter 42 of this Code, if:

(1) The permit sought is only to reconstruct, repair, or regrade the portion of an existing sidewalk abutting the dwelling unit, that is not a part of the driveway for the dwelling unit;

(2) The owner submits a notice of repair to the city engineer in the form prescribed by the city engineer prior to reconstruction, repair, or regrade of the existing sidewalk; and

(3) The owner submits a notice of completion to the city engineer in the form prescribed by the city engineer upon completion of the reconstruction, repair, or regrade of the existing sidewalk.

(Code 1968, § 41-88; Ord. No. 90-635, § 110, 5-23-90; Ord. No. 2011-1168, § 13, 12-14-2011; Ord. No. 2015-351, § 2, 4-15-2015)

Cross reference—Refund of certain permit fees paid to department of public works and engineering, § 47-49.

Sec. 40-89. Establishment of line and grade.

All petitions for the creation of sidewalk districts or for the building of sidewalks under the supervision of the city, or matters of constructing, reconstructing, repairing or regrading sidewalks, curbs, gutters or driveways, whether initiated by petition or by action of the city engineer, shall be referred to the city engineer, whose duty it shall be to establish forthwith the line and grade upon which any sidewalk, driveway, curb or gutter shall be built.
(Code 1968, § 41-89; Ord. No. 90-635, § 110, 5-23-90)

Sec. 40-90. Altering lines or grades when putting down permanent street pavement.

The city hereby expressly reserves the right, when putting down a permanent street pavement, either by the original construction or reconstruction, to change or alter the lines and grades of such permanent pavement and of the sidewalks, driveways, curbs and gutters on the street, when in the opinion of the city council such change is necessary for the proper paving or drainage of the street, and without liability on the part of the city by reason of such change. In the event that a sidewalk or driveway, the line or grade of which is changed, is in good condition and does not, in the opinion of the city council, require entire reconstruction, the owner thereof shall be given notice, as provided for in section 40-83 of this Code, to break such sidewalk or driveway back to a point fixed by the city engineer and to remove the broken portion and reconstruct such portion on the line and grade determined by the city engineer, at the cost of such abutting owner. In the event such owner shall fail or refuse to obey the order of the city council, he shall be subject to all the penalties of this article, and the city council shall have the right to have such breaking and reconstructing to grade of such sidewalk or driveway done by a paving contractor, or other person, at the expense of the abutting owner.
(Code 1968, § 41-90; Ord. No. 90-635, § 110, 5-23-90)

Sec. 40-91. Required materials.

Sidewalks shall be constructed of either cement, concrete, asphalt or other durable material as the council may designate, and the order of the city council ordering the construction shall designate the materials to be used. No driveways, curbs or gutters shall be built of other material than cement or concrete.
(Code 1968, § 41-91)

Sec. 40-92. Specifications for cement work.

The city hereby adopts and approves as standard specifications for cement sidewalks, driveways, curbs and gutters the following:

(1) *Materials.* Cement or concrete sidewalks, driveways, curbs and gutters shall be built of Portland cement, fine aggregate and coarse aggregate.

(2) *Fine aggregate.* Fine aggregate shall consist of washed sand having clean, hard, durable, uncoated grains, free from soft or flaky particles or other injurious matter, shall be well graded from coarse to fine and, when tested by standard laboratory methods, shall meet the following requirements:

Retained on	*Percent by weight*
3/8" screen	0%
1/4" screen	0—5%
50 mesh sieve	70—95%
100 mesh sieve	95—100%

Weight removed by elutriation test not more than 2%.

When subjected to the color test for organic impurities, fine aggregate shall not show a color darker than the standard color.

Aggregates from different material sources, or aggregates from the same source having different grading or other physical characteristics, shall be stock piled separately and batched independently. Aggregates shipped in dirty cars or containers, or that which

becomes mixed with weeds, dirt or other foreign material, or that which is not uniform or the component parts of which have become segregated will be rejected.

(3) *Coarse aggregate.* Coarse aggregate shall consist of crushed stone, gravel or oyster

shell, having hard, clean, strong, durable pieces free from excessive adherent coatings, free from salt and alkali, and, when tested by standard laboratory methods, shall conform to the following requirements:

The maximum percentage of deleterious substances shall not exceed the following values by weight:

Removed by decantation	4%
Shale	0.25%
Clay lumps	0.25%
Soft fragments	3%
Other local deleterious substances, such as friable pieces	3%
The sum of the percentages of all above constituents shall not exceed	5%

The wear for crushed stone or gravel shall not exceed the following percentages:

Crushed stone	7%
Gravel	17%

Coarse aggregate shall conform to the grading requirements given below when tested on standard round-opening screens, and shall be well graded within the limits specified. Aggregates of different classes shall not be mixed except on the written permission of the engineer. Changes in the classes of aggregate being used while the work is in progress will be permitted upon due notice by the contractor to the engineer of his intentions and the fulfillment of the necessary requirements to comply with these specifications. Aggregates in which different size particles have become segregated due to improper stockpiling, improper handling, or for other reasons, shall before being used, be mixed to conform to the grading requirements hereinafter specified, and shall be uniform.

Coarse aggregate (crushed stone or gravel)

Retained on	*Percent by weight*
3″ screen	
2½″ screen	0—5
1½″ screen	5—40
¼″ screen—Not less than	90
No. 8 sieve—Not less than	95

Coarse aggregate (oyster shell)

Retained on	*Percent by weight*
2½″ screen	
1½″ screen	5—20
¾″ screen	20—50
¼″ screen	65—90
No. 8 sieve	88—100

Aggregates from different material sources, or having different characteristics, shall not be mixed either in piling or batching, except by special permission from the engineer. Aggregate shipped in dirty cars or containers, or that becomes mixed with weeds, dirt or foreign material, or that is not uniform, or the component parts of which have become segregated will be rejected.

(4) *Concrete body.* The concrete shall be composed of standard Portland cement or an approved high early strength cement, fine aggregate, coarse aggregate and water, mixed and proportioned according to the workability factor method of design, and in accordance to definite specification requirements herein outlined.

The concrete shall contain not less than four sacks of cement per cubic yard and not more than eight gallons of water net per sack of cement when gravel coarse aggregate is used.

The concrete shall contain not less than five sacks of cement per cubic yard and not more than eight and one-half gallons of water net, per sack of cement when oyster shell coarse aggregate is used.

The concrete shall be uniform and workable. The amount of coarse aggregate (dry loose volume) shall not be more than 0.85 cubic feet per cubic foot of concrete.

The net amount of water will be the amount of water added at the mixer plus the free water in the aggregates, plus or minus the absorption of the aggregates, based on a 30 minute absorption period. No water allowance will be made for evaporation after batching.

(5) *Foundation.* The foundation shall consist of firm, hard soil from which all vegetable matter and other loose material have been removed. In the event it is necessary to build up the foundation, the same shall be done with selected earth or other material satisfactory to the city engineer and shall be built up and well tamped in six-inch layers and such filling shall extend at least one foot on each side of the walk.

(6) *Location and grade.* All sidewalks, driveways, curbs and gutters shall be built as located by the city engineer, and on the grade established by him. At street intersections and at other places, the curb and gutter may be built on a radius, as the city engineer may direct, and the contractor in charge of the work shall receive no extra compensation on account of such work being on a curved alignment. Where driveways occur into private property across the parkway between the curb line and the sidewalk, such driveways shall be built with a return curb, having a vertical face and joining the main curb of the street with a two-foot radius.

(7) *Combined curb and gutter.*

a. Thickness. The standard combined curb and gutter shall consist of a curb six inches in thickness and 15¾ inches in height combined with a gutter eight inches in thickness and 18 inches in width, all built as a monolithic structure. The outer corner of the curb shall be rounded to a three-inch radius.

b. Templates. The curb and gutter shall be constructed with a one-eighth-inch metal template placed at six foot intervals. These shall be removed before placing the topping.

c. Mortar topping. The mortar topping shall be a mortar composed of one part of Portland cement and 1½ parts of fine aggregate thoroughly mixed dry before the addition of water.

The face board and templates shall be removed as soon as the concrete has set sufficiently to stand up and the mortar topping shall then be immediately applied. The topping shall be ¾-inch thick on the top of the curb and the top of the gutter and shall be ½-inch thick on the face of the curb.

d. Finishing. The mortar topping shall be given a smooth trowel finish and shall have a ¼-inch "finish joint" at the exact location of each template joint.

The back edge of the curb and the front edge of the gutter shall be rounded with a one-half-inch edging tool.

The back of the gutter at the face of the curb shall be finished with a one-inch radius.

The curb and gutter surface shall be lightly brushed to remove all trowel marks.

e. Expansion joints. An approved type of commercial pre-molded expansion joint one-inch thick shall be placed at the end of all radius returns at street intersections and where meeting existing inlets.

The joint materials shall be cut from one piece of material to conform to the shape of the curb and gutter.

(8) *Sidewalks.*

a. Thickness. Standard sidewalks shall be composed of not less than 4¼

inches of concrete and ¼ inch of mortar topping, making a total of 4½ inches. The maker's name shall be stamped on each sidewalk built by him in letters not less than 1¼ inches high and ¼-inch deep.

b. Expansion joints. An approved type of commercial pre-molded expansion joint ½-inch thick shall be placed where two lines of sidewalks intersect, where meeting existing walk at intervals of not more than 36 feet throughout the entire length of the sidewalk. At all places where sidewalks meet curbs, a one-inch approved type of commercial pre-molded expansion joint shall be provided. An expansion joint material shall extend entirely through the sidewalk, and shall extend the entire width of the sidewalk.

c. Mortar topping. The mortar topping shall be a mortar composed of one part Portland cement and 1½ parts of fine aggregate thoroughly mixed dry and may be applied wet or dry.

All topping must be applied before the concrete has been in place not more than ten minutes.

In the use of dry or monolithic topping, the topping must be applied while excess water is on the concrete and must be worked to a plastic mixture by the use of wood floats or darbies. The addition of water to the dry mortar topping will not be allowed unless there is insufficient excess water in the concrete to thoroughly wet the dry mortar.

The mortar topping shall be smoothly struck off by use of a wood strike board riding on top of the forms. The surface shall then be smoothly finished with a wood hand float working in a circular or rotary motion.

The edges of the walk shall be rounded off with a one-half-inch radius edging tool.

The walk shall be marked off one-eighth-inch deep at a spacing equal to the width of the walk with a joint tool equal in width to the width of the edging tool.

(9) *Driveways.*

a. Thickness. Standard concrete driveways shall be composed of not less than five and three-quarter inches of concrete and one-quarter-inch of mortar topping, making a total of six inches.

On streets having curb and gutter, the driveway shall have a monolithic curb on each side, six inches in width and a varying height, meeting the height of the curb at the street and meeting the sidewalk elevation. This curb shall have at least a two-foot radius joining with the street curb and shall have a wet mortar topping one-half-inch thick.

b. Expansion joints. An approved type of commercial premolded expansion joint material one inch thick and extending entirely through the driveway for its full width and depth shall be placed at the sidewalk intersection.

c. Mortar topping. The mortar topping shall be a mortar composed of one part Portland cement and one and one-half parts of fine aggregate thoroughly mixed dry and may be applied wet or dry.

All topping must be applied before the concrete has been in place not more than ten minutes.

In the use of dry monolithic topping, the topping must be applied while excess water is on the concrete and must be worked to a plastic mixture by the use of wood floats or darbies. The addition of water to the dry mortar topping will not be allowed unless there is insufficient water in the concrete to thoroughly wet the dry mortar.

d. Finishing surface. The mortar topping shall be struck off with a wood strike board to a smooth finish. The surface shall then be smoothly finished with a wood darby and a hand float working in a circular or rotary motion.

(10) *Protecting new work.* After sidewalks, driveways, curbs and gutters have been completed they must be protected from injury by keeping traffic off for at least five days, and from the sun by a covering of sand, boards, building paper or canvas, and must be sprinkled daily for at least two days after completion.

(11) *Miscellaneous.* In general, all forms shall be smooth and the work shall be done in a workmanlike manner giving straight lines where required, true planes and a smooth finish properly brushed to remove marks and shall be in every way satisfactory to the city engineer. When the work is completed, all curbs shall have earth thoroughly filled in and tamped against the back; all rubbish, surplus excavated material, forms and other materials shall be removed and the work left in a neat and orderly manner.

(Code 1968, § 41-92; Ord. No. 90-635, §§ 110, 112, 5-23-90)

Sec. 40-93. Specifications for sidewalks of other than cement or concrete.

If the city council selects other material than cement or concrete for the building of sidewalks, it shall be the duty of the city engineer to prepare specifications therefor, and the property owners shall cause such sidewalks to be built in accordance with such specifications and on the line and grade established by the city engineer.
(Code 1968, § 41-93; Ord. No. 90-635, § 110, 5-23-90)

Sec. 40-94. Contracts for construction not to provide longer time than fixed by council.

No contract for the construction of any sidewalk, driveway, curb or gutter ordered by the city council shall be made which shall provide a longer time for the completion of such work than the time fixed by the city council.
(Code 1968, § 41-94)

Sec. 40-95. Contractor's bond.

(a) No person, except a person laying permanent street pavement under contract with the city, shall be entitled to construct, reconstruct or repair any sidewalk, driveway, curb or gutter in the city, unless he shall first execute to the city a yearly bond in the sum of $2,000.00, payable to the city, with two or more sureties, or with a corporate surety authorized to do business in Texas, conditioned that the principal therein will construct, reconstruct or regrade all sidewalks, driveways, curbs or gutters in accordance with the ordinances of the city and on the line and grade as established by the city engineer, and further conditioned that such person will save the city harmless from all loss or damage to any person, of whatever character, arising by reason of negligence on the part of the contractor in performing such work, or in leaving the same ungraded, or from any other cause. The bond shall further recite that all work done by the contractor during the year for which such bond shall hold good, shall be performed to the satisfaction of the city engineer.

(b) The bond may be accepted on behalf of the city by the mayor, the mayor pro tem, the Director of Houston Public Works, or any person designated and so authorized by the mayor in a writing signed by the mayor and filed with the city secretary. Any such acceptance may be

accomplished by signature on the bond itself or by any other means which indicates an acceptance of the benefits of such bond.

(c) The requirements of this section shall not apply to a person exempted from permit fees by section 40-88(e) of this Code.
(Code 1968, § 41-95; Ord. No. 81-22, § 1, 1-13-81; Ord. No. 90-635, §§ 110, 113, 5-23-90; Ord. No. 93-514, § 78, 5-5-93; Ord. No. 2015-351, § 3, 4-15-2015; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-96. Deviation from council's order.

After the passage of any order prescribing the construction, reconstruction, repair or regrading of sidewalks, curbs, gutters or driveways, or any of them, it shall be unlawful for any property owner to construct any other or different sidewalk, driveway, curb or gutter than that prescribed in such order, and any person, after the passage of such order, who shall construct a sidewalk, driveway, curb or gutter different from that prescribed in such order shall be deemed guilty of an offense.
(Code 1968, § 41-96)

Sec. 40-97. City may refuse to pave streets until sidewalks and curbs laid.

The city shall have the right, and it is hereby expressly reserved, to refuse to pave any street unless and until the owners of abutting property shall previously lay, in the manner prescribed by the city council, curbs and sidewalks thereon.
(Code 1968, § 41-97)

Sec. 40-98. Article applies to construction in connection with erection of buildings.

The provisions of this article shall apply to and govern the construction or reconstruction of side walks, driveways, curbs or gutters in connection with the erection of buildings in the city.
(Code 1968, § 41-98)

Sec. 40-99. Violations.

A person is guilty of a misdemeanor, and upon conviction, shall be fined as provided by section 1-6 of this Code if:

(1) The person constructs, reconstructs, repairs, or regrades any sidewalk, driveway, curb, or gutter without a permit required by this article, or without first obtaining the line and grade of the sidewalk, driveway, curb, or gutter from the city engineer;

(2) The person constructs, reconstructs, repairs, or regrades any sidewalk, driveway, curb, or gutter without first giving the bond required by section 40-95 of this Code, except of that person is exempted from permit fees pursuant to section 40-88(e) of this Code;

(3) The person constructs, reconstructs, repairs, or regrades any sidewalk, driveway, curb, or gutter on any other line and grade than that given by the city engineer;

(4) The person fails to construct, reconstruct, repair or regrade any sidewalk, driveway, curb or gutter after notice to do so under this article; or

(5) The person violates any other provision of this article.

(Code 1968, § 41-99; Ord. No. 90-635, § 110, 5-23-90; Ord. No. 2015-351, § 3, 4-15-2015)

Secs. 40-100—40-109. Reserved.

ARTICLE IV. STREET OILING PERMIT

Sec. 40-110. Required.

It shall be unlawful for any person to oil or allow the oiling of any public street, highway, or alleyway within the city, without having applied for and obtained a street oiling permit from the Director of Houston Public Works or his designee ("the director").
(Code 1968, § 41-110; Ord. No. 90-635, § 114, 5-23-90; Ord. No. 93-514, § 79, 5-5-93; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-111. Information to be furnished by applicant.

Applicants for a permit required by this article shall furnish, on forms to be furnished by the director, the following information:

(1) Which portions of which streets, highways or alleyways are proposed to be oiled.

(2) The name, business address and business telephone number of the contractor who is to perform the street oiling.

(3) The description, by specification, of the materials to be used.

(4) The method of application to be used.

(5) The date of the proposed work is to commence.

(6) Such other information as the director may require.

(Code 1968, § 41-111; Ord. No. 90-635, § 114, 5-23-90)

Sec. 40-112. Bond to be furnished by applicant.

Each applicant for a street oiling permit must furnish, on forms to be provided by the director, a bond executed by the contractor who is to perform the street oiling and by one corporate surety, which surety shall be a corporation qualified and licensed by the board of insurance commissioners of the state, in the amount of $10,000.00, which bond shall provide and be conditioned that the principal and surety will be primarily liable for its negligent and wrongful acts and will further indemnify and save harmless the city and its officers from any and all demands, claims, or liability, regardless of by whom claimed, arising out of or in any manner incident to the doing of any work pursuant to or under the terms of any permit issued, during the coverage period of the bond, and assumes all liability for any and all acts relating to the performance of the oiling of any street. A single recovery shall not exhaust such bond, but the same shall remain in full force and effect until the whole amount thereof has been recovered, or until the bond has terminated in accordance with the following provision. Such bond shall terminate at midnight on December thirty-first of the same year in which it shall have been executed; provided, that such termination shall not discharge or release the principal obligor and the surety from the payment of claims and the liability therefor based upon breach of the conditions of the bond occurring prior to the termination thereof. Each such bond shall be accompanied by an appropriate power of attorney evidencing the authority of the issuing agent or attorney to execute the bond for the corporate surety.

(Code 1968, § 41-112; Ord. No. 90-635, § 114, 5-23-90)

Sec. 40-113. Denial.

The director shall deny any application for a street oiling permit if the proposed street oiling would interfere with, hinder or adversely affect any project of the city or result in damage to any city-owned property. The director shall deny any such application if the material to be used is anything other than used lubricating oil, or if the method of application to be used is any method other than at least two applications evenly distributed, totaling a minimum of three-fourths of one gallon per square yard. The director shall deny any such application if all of the information requested on the application form is not accurately and truthfully given, or if the required bond is not furnished, or if the bond furnished does not meet the requirements of this article.

(Code 1968, § 41-113; Ord. No. 90-635, § 114, 5-23-90)

Sec. 40-114. Expiration; not transferable.

All street oiling permits will expire and be null and void at the end of 90 days after the date of issuance. All street oiling permits shall be nontransferable.

(Code 1968, § 41-114)

Sec. 40-115. Penalty.

Each person violating any provision of this article shall, upon conviction, be punished as provided by section 1-6 of this Code. Each day in which this article is violated shall be considered a separate offense.

(Code 1968, § 41-115; Ord. No. 92-1449, § 56, 11-4-92)

Charter reference—Penalty for ordinance violation, Art. II, § 12.

Cross references—Assessment of fines against corporations, § 16-76; payment of fines, § 16-78; credit against fines for incarceration, § 35-6 et seq.

Secs. 40-116—40-120. Reserved.

ARTICLE V. EXCAVATION IN PUBLIC WAY*

DIVISION 1. GENERALLY

Sec. 40-121. Definitions.

As used in this article, the following terms shall have the meanings ascribed in this section, unless the context of their usage clearly indicates another meaning:

Applicant means any person who seeks a permit for an excavation.

Backfill means excavation fill material meeting city specified quality requirements or the placement thereof.

Construction standards means the City of Houston Standard Specifications for Wastewater Collection Systems, Water Lines, Storm Drainage, and Street Paving and the City of Houston Standard Construction Details for Wastewater Collection Systems, Water Lines, Storm Drainage, and Street Paving as they may be amended from time to time by Houston Public Works and approved by the city engineer.

Emergency means an unforeseeable event or occurrence that endangers health, life, or property, or a situation in which public need for uninterrupted utility service requires immediate corrective action to restore services.

Excavation means an activity that cuts, penetrates, or bores under any portion of the public way that has been improved with a paved surface for street, sidewalk, surface drainage, or related public transportation infrastructure purposes. The term includes but is not limited to cutting, tunneling, jacking and boring, backfilling, restoring, repairing, and installing and maintaining a temporary surface in, the public way. The term does not include a transportation improvement; however, it does include excavations that are undertaken for the improvement or maintenance of publicly owned utility systems, such as water and wastewater lines and facilities. The term also does not include utility maintenance or other activities that are performed within already existing structures, vaults, conduits, or cable ways that are located underneath street improvements, provided that any access required for the work is obtained through manholes, or other previously constructed entrances that may be utilized without cutting or penetrating any pavement or other street improvement.

Facility means any structure, device, or other thing whatsoever that may be installed or maintained in, on, within, under, over, or above a public way by an excavation.

Inspection means the inspection of an excavation by any person approved by the city engineer to determine compliance with this article.

Owner means a person, including the city, who is the owner or will, following the completion of the installation, become the owner of any facility that is installed or is proposed to be installed or maintained in the public way.

Permit means a current and valid authorization issued under division 2 of this article.

Permittee means a person who holds a permit; the singular term includes the plural if two or more persons jointly hold the permit, where applicable.

Public way means any public street right-of-way located in the city, including the entire area between the boundary lines of every way (including but not limited to roads, streets, alleys, highways, boulevards, bridges, tunnels, or similar thoroughfares), whether acquired by purchase, grant, or dedication and acceptance by the city or by the public, that has been opened to the use of the public for purposes of vehicular travel.

Public way construction entity means the City of Houston, the Metropolitan Transit Authority of Harris County, Texas, the Texas Department of Transportation, Harris County, Harris County Flood Control District, or any other public entity

*__Editor's note—__Ord. No. 00-1115, § 2, adopted Dec. 20, 2000, amended Art. V in its entirety. Formerly said article pertained to similar subject matter and derived from Code 1968, §§ 41-127—41-157. See the Code Comparative Table.

Cross references—Open or uncovered wells, cisterns, excavations, etc., § 28-11; erection of detour or barricade signs, § 45-118 et seq.; driving on fresh pavement, § 45-42.

performing or causing to be performed transportation improvement construction or construction-related activities in public ways.

Traffic-control device means a traffic sign, signal, or marking that is placed and maintained in accordance with state law and this Code.

Transportation improvement means the portion of work within the finished paved surface of a public way undertaken by or pursuant to contract for the state or a political subdivision of the state for the purpose of improving or maintaining public way transportation and related storm drainage and street lighting infrastructure, but does not include any activity, such as connection to other facilities, that cuts, penetrates, or bores under a public way other than the one being improved or maintained pursuant to the contract or that cuts, penetrates or bores under the public way after installation of new paving.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 01-203, § 2, 2-28-01; Ord. No. 06-595, § 2, 6-7-06; Ord. No. 2018-11, § 50, 1-10-2018)

Sec. 40-122. Prohibited activities.

(a) It shall be unlawful for any person to excavate or cause an excavation within the city unless the person is a permittee to whom a permit has been issued for the excavation pursuant to this article.

(b) It shall be unlawful for a permittee to excavate or cause an excavation within the city in violation of any term of a permit issued pursuant to this article.

(c) It shall be unlawful for any permittee to fail to exhibit a permit upon request as required by section 40-142 of this Code. In any prosecution under this article, it shall be presumed that there is no permit if the permit is not properly exhibited.

(d) It shall be unlawful for any permittee to fail to restore the public way following excavation as required by this article.

(e) It is an affirmative defense to prosecution under subsections (a) and (c) above that the excavation was begun in response to an emergency and that a permit was timely applied for in compliance with section 40-139 of this Code.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 06-595, § 3, 6-7-06)

Sec. 40-123. Provisions cumulative.

(a) The provisions of this article are cumulative of all other requirements of this Code and other laws, including, without limitation, the Construction Code and the Fire Code, and utility franchises, as well as all applicable state and federal laws and regulations. Compliance with this article does not excuse compliance with any other law, and permittees are additionally required to obtain any other permits, licenses, and authorizations required by law, including but not limited to utility franchises, permits, licenses, and authorizations that are required to be obtained from the city, the Texas Department of Licensing and Regulation, the Texas Public Utility Commission, and the Texas Underground Facility Notification Corporation or any other appropriate governmental agency. However, to the extent that any provision set forth in this article may not be imposed upon any person because its imposition would be inconsistent with a controlling state or federal law, then this article shall be construed and applied in a manner that conforms with the applicable state or federal law. In addition, this article shall not be construed to require an owner to pay any fee that is prohibited by applicable state or federal law or valid city utility franchise.

(b) To the extent that any other city permit or authorization is required for work that is also governed by this article, the Director of Houston Public Works shall, to the extent practicable, devise consolidated application forms and issue the required permits or authorizations on a combined basis.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 02-399, § 80, 5-15-02; Ord. No. 06-595, § 4, 6-7-06; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-124. Penalty.

Violation of this article is unlawful. Any person who violates any provision of this article shall be

guilty of an offense and, upon conviction thereof, shall be punished as provided in section 1-6 of this Code. Each and every day that any violation continues shall constitute a separate offense and shall be punishable as such.
(Ord. No. 00-1115, § 2, 12-20-00)

Sec. 40-125. No private rights in public way.

Nothing in this article shall be construed to give any person or permittee any property right in or to the use of the public way. All permits issued and held under this article shall be subject to the superior right of the public to control the use of the public way and ensure the safe and orderly movement of traffic, and a separate permit shall be required under article XVII of this chapter where applicable to any work that causes an obstruction.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 02-974, § 6, 10-30-02; Ord. No. 04-498, § 4, 5-26-04)

Sec. 40-126. Appeals; hearing.

Any person whose permit is denied or who is otherwise aggrieved by a notice, action, or decision of the city engineer hereunder shall, upon written request, be entitled to a hearing to be conducted by a hearing officer designated by the Director of Houston Public Works, who shall promulgate rules for hearings. The decision of the hearing officer shall be final. Where time is of the essence, the aggrieved person may so advise and state the reason therefor in the request and, to the extent reasonably warranted and allowed by the circumstances, an expedited hearing of the issue shall be afforded.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-127. Public entities not exempt.

In addition to their application to other persons, the provisions of this article are applicable to excavations made by the city and its contractors, as well as to excavations made by or on behalf of other governmental entities and subdivisions, to the extent of the city's police power jurisdiction. In connection with excavations made by the city, the city engineer may waive compliance with insurance and other requirements that have no practical application as applied to the city.
(Ord. No. 00-1115, § 2, 12-20-00)

Sec. 40-128. Rules and regulations.

(a) The Director of Houston Public Works is authorized to promulgate rules and regulations regarding any aspect of the operation of this article, including without limitation requirements for drawings and specifications, methods by which excavations will be performed, traffic control procedures, application processing and hearing procedures, debarment procedures, construction management procedures, and inspection procedures. The rules and regulations shall be consistent with applicable federal and state laws, city ordinances, and sound engineering practices, and the City Council Committee on Transportation, Infrastructure and Aviation, or its successor committee, shall conduct a public hearing on the proposed rules and regulations not less than ten days following the publication of notice of intent in a newspaper of general circulation, and the proposed rules and regulations shall be approved by a majority vote of the City Council Committee on Transportation, Infrastructure and Aviation, or its successor committee, prior to implementation. The Director of Houston Public Works shall make copies of the rules and regulations available for inspection in the director's office, and copies may be purchased at the fees prescribed by law.

(b) Before adopting any rules and regulations under subsection (a) or any substantive amendments thereto, the Director of Houston Public Works shall publish a notice of intent one time in a newspaper of general circulation and shall afford a ten-day period in which affected persons may obtain a copy of draft proposals and submit written comments thereon.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 06-595, § 5, 6-7-06; Ord. No. 2018-11, § 49, 1-10-2018)

Secs. 40-129—40-135. Reserved.

DIVISION 2. PERMITS

Sec. 40-136. Application.

(a) A permit for any excavation shall be obtained by the owner of the facility. If the owner of a facility will not be making the excavation with its own personnel, then the contractor retained to perform the work shall join with the owner as an applicant in obtaining the permit. Where two or more related excavations are being performed as part of the same project, the application and permit may cover the related work, consistent with the regulations issued under section 40-128 of this Code.

(b) Applications for permits shall be in the form prescribed by the director, who may provide for the filing and processing of applications by electronic means. Each application shall be submitted to the city engineer, shall be signed and sworn to before an officer authorized to administer oaths by each applicant and shall include the following:

(1) The name, assumed name, or business name, business type (corporation, partnership, individual/sole proprietor or other) of each applicant;

(2) Each applicant's mailing address (and street address if different), telephone number, facsimile number, and e-mail address;

(3) The location (including key map number), depth, length, and width of each excavation to be made in each block and/or intersection, which may alternatively be set forth on the provided drawings and specifications;

(4) The purpose of the excavation, including a description of the facilities to be installed, maintained, and/or repaired;

(5) The method of excavation;

(6) The proposed excavation start date and duration;

(7) A statement that each person executing the application is fully authorized to act on behalf of and bind his principal in executing and filing the application;

(8) A statement that each applicant accepts and obligates itself to the following release and indemnification provisions:

'RELEASE

PERMITTEE AGREES TO AND SHALL RELEASE THE CITY, ITS AGENTS, EMPLOYEES, OFFICERS, AND LEGAL REPRESENTATIVES (COLLECTIVELY THE "CITY") FROM ALL LIABILITY FOR INJURY, DEATH, DAMAGE, OR LOSS TO PERSONS OR PROPERTY SUSTAINED IN CONNECTION WITH OR INCIDENTAL TO PERFORMANCE UNDER THE PERMIT, EVEN IF THE INJURY, DEATH, DAMAGE, OR LOSS IS CAUSED BY THE CITY'S ACTUAL OR ALLEGED JOINT OR CONCURRENT NEGLIGENCE AND/OR THE CITY'S STRICT PRODUCTS LIABILITY OR STRICT STATUTORY LIABILITY.

INDEMNIFICATION

PERMITTEE AGREES TO AND SHALL DEFEND, INDEMNIFY, AND HOLD THE CITY, ITS AGENTS, EMPLOYEES, OFFICERS, AND LEGAL REPRESENTATIVES (COLLECTIVELY THE "CITY") HARMLESS FOR ALL CLAIMS, CAUSES OF ACTION, LIABILITIES, FINES, AND EXPENSES (INCLUDING, WITHOUT LIMITATION, ATTORNEYS' FEES, COURT COSTS, AND ALL OTHER DEFENSE COSTS AND INTEREST) FOR INJURY, DEATH, DAMAGE, OR LOSS TO PERSONS OR PROPERTY SUSTAINED IN CONNECTION WITH OR INCIDENTAL TO PERFORMANCE UNDER THIS PERMIT, INCLUDING, WITHOUT LIMITATION, THOSE CAUSED BY:

(i) PERMITTEE'S AND/OR ITS AGENTS', EMPLOYEES', OFFICERS', DIRECTORS', PRINCIPALS', OR SUBCONTRACTORS OF PERMITTEES' (COLLECTIVELY IN NUMBERED PARAGRAPHS (i)—(iii), "PERMIT-

TEE") ACTUAL OR ALLEGED NEGLIGENCE OR INTENTIONAL ACTS OR OMISSIONS;

(ii) THE CITY'S AND PERMITTEE'S ACTUAL OR ALLEGED CONCURRENT NEGLIGENCE, WHETHER PERMITTEE IS IMMUNE FROM LIABILITY OR NOT; AND

(iii) THE CITY'S AND PERMITTEE'S ACTUAL OR ALLEGED STRICT PRODUCTS LIABILITY OR STRICT STATUTORY LIABILITY, WHETHER PERMITTEE IS IMMUNE FROM LIABILITY OR NOT.

PERMITTEE SHALL DEFEND, INDEMNIFY, AND HOLD THE CITY HARMLESS DURING THE TERM OF THE PERMIT AND FOR FOUR YEARS AFTER THE PERMIT TERMINATES.

WHERE APPLICABLE, THE PROVISIONS OF SECTION 283.057 OF THE TEXAS LOCAL GOVERNMENT CODE SHALL CONTROL IN LIEU OF THE FOREGOING; ADDITIONALLY, TO THE EXTENT THAT THE APPLICANT HOLDS A CURRENT AND VALID UTILITY FRANCHISE FROM THE CITY, THE RELEASE AND INDEMNIFICATION PROVISIONS OF THE FRANCHISE SHALL CONTROL IN LIEU OF THE FOREGOING.'

(9) The name of the owner of the facility;

(10) The 24-hour telephone number at which each applicant's representative who will respond to emergencies may be contacted;

(11) The name, mailing address, telephone number, facsimile number, and e-mail address of a person who is authorized to receive all notices authorized to be given by the city under this article to each applicant;

(12) Confirmation that all materials necessary for construction will be on hand and ready for use so as not to delay the excavation;

(13) A transmittal number issued by the Texas Underground Facility Notification Corporation evidencing that the applicant has complied with the Texas Underground Facility Damage Prevention and Safety Act or an assurance that the transmittal number will be provided to the city engineer before the excavation commences;

(14) Evidence of insurance as required in section 40-147 of this Code;

(15) Drawings and specifications, as provided in section 40-137 of this Code;

(16) The work warranty as required by section 40-140 of this Code; and

(17) The nonrefundable application fee established pursuant to this article.

If the director provides for the filing of applications by electronic means, each application for a permit or permit extension not submitted by electronic means shall also be accompanied by an additional application fee established pursuant to this article for the cost of data entry.

(c) An application for a permit for an excavation performed pursuant to section 40-139 of this Code shall, in addition to the items required above, also include a written statement:

(1) Explaining the basis for the emergency actions;

(2) Describing the excavation being performed;

(3) Describing any work remaining to be performed in the public way; and

(4) Stating the time and date when the emergency occurred.

(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 06-595, § 6, 6-7-06)

Sec. 40-137. Drawings to accompany application; exceptions.

(a) Unless otherwise provided in the rules and regulations promulgated under section 40-128 of this Code, each application shall be accompanied by drawings and specifications, which shall show:

(1) The location of the excavation;

(2) The method and manner in which the excavation will be performed; and

(3) The methods by which vehicular and pedestrian traffic will be controlled during the prosecution of the excavation, including any proposed signage, use of flaggers, or use of peace officers to direct traffic.

The drawings and specifications shall be prepared in compliance with all applicable laws, rules, regulations, and construction standards. The Director of Houston Public Works may approve standard details for frequently encountered types of excavations, and the approved details may be incorporated into drawings and specifications, where applicable.

(b) Consistent with applicable laws, sound engineering practices, and the nature and extent of the excavation, the city engineer may require the drawings and specifications to be sealed by a professional engineer who is licensed in Texas.

(c) An emergency excavation may be commenced under section 40-139 of this Code without submission of drawings and specifications. Consistent with the nature of the emergency and the excavation required, the city engineer shall allow the applicant a reasonable period of time to produce any required drawings and specifications.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 01-203, § 3, 2-28-01; Ord. No. 2011-1168, § 13, 12-14-2011; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-138. Approval of application; issuance or denial of permit; hearing; validity.

(a) The city engineer shall initially review each application to determine whether it is complete. The city engineer shall return an incomplete application with an explanation of the deficiencies. Consistent with the terms of this article, the city engineer shall approve, approve with conditions, or deny each complete application.

(b) If an application is denied, the city engineer shall notify the applicant of the grounds for denial and of the applicant's right to a hearing under section 40-126 of this Code.

(c) Upon approval of an application, the city engineer shall issue a permit. The permit shall include the following:

(1) Identity of the excavation that is authorized.

(2) Name, mailing address, telephone number, and e-mail address of permittee and owner.

(3) Date of issuance.

(4) Any special conditions applicable to the permit.

(5) The number of days from date of entry on the public way to final completion to be allowed for the excavation, which shall be determined pursuant to the rules and regulations promulgated under section 40-128 of this Code, taking into consideration the nature and extent of the excavation and the vehicular and pedestrian use of the public way. Where a permit covers two or more excavations, the number of days for final completion may, consistent with the nature of the work, be separately established for each portion of the work.

(6) Any additional information deemed necessary for compliance with this article.

(7) A statement that the permit is issued subject to the terms of this article, the rules and regulations promulgated under section 40-128 of this Code, the construction standards, the approved drawings and specifications, and all other applicable requirements.

(d) A permit shall no longer be valid if there are material changes to the excavation, including but not limited to a change in the scope of the work or the method of performing the work of such consequence that the drawings and specifications no longer accurately depict the work, extending the excavation into any geographical area not included in the permit or an excavation that is not authorized by the original permit.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 06-595, §§ 7, 8, 6-7-06)

Sec. 40-139. Applicability of article to emergencies.

Nothing contained in this article shall be construed to prevent any person from making an excavation that is necessitated by an emergency, provided that the owner shall: (1) before the excavation is initiated notify the city engineer by telephone at the 24-hour city response telephone number provided in the procedures established under section 40-128 of this Code and also notify any other city, state, or federal authority required under law to be notified; and (2) apply for a permit for the excavation within 24 hours after the initiation of the excavation or, if the city offices are then closed, within 24 hours after the offices of the city are first opened subsequent to the initiation of the excavation.
(Ord. No. 00-1115, § 2, 12-20-00)

Sec. 40-140. Work warranty.

Each applicant shall execute and provide a work warranty in a form approved by the city attorney, which shall be incorporated into the application form. The purpose of the work warranty is to undertake and ensure that the permittee will:

(1) Timely perform the excavation in accordance with the permit, the drawings and specifications, all applicable laws, rules, and regulations, and the construction standards adopted in or pursuant to this article, subject to remediation as provided in section 40-159 of this Code; and

(2) Warrant the excavation following its completion for two years, subject to remediation as provided in section 40-160 of this Code.

(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 06-595, § 9, 6-7-06)

Sec. 40-141. Permit not transferable; void if excavation not timely commenced.

(a) A permit issued under this division is personal to the permittee and may not be transferred to another person or used by any other person to perform the excavation authorized in the permit.

(b) A permit is valid only for the location(s) described on the application, depicted on the drawings and specifications, and authorized in the permit, and no excavation shall be authorized at any other location without another permit.

(c) Unless sooner extended by the city engineer upon written request and for reasonable cause, a permit shall become void if the excavation is not commenced within 60 days from the date of its issuance.
(Ord. No. 00-1115, § 2, 12-20-00)

Sec. 40-142. Record at excavation-site; public notice.

(a) A permittee shall, at all times while an excavation is in progress, keep, at the location of the excavation, the original permit (or a copy thereof) and shall, immediately on demand, exhibit the permit upon request to the city engineer or any other person.

(b) Each permittee shall post and maintain notices in the vicinity of the excavation in the time, place, and manner prescribed in the rules and regulations promulgated under section 40-128 of this Code. Failure to post and maintain the required notice shall be unlawful.

(c) Such notice required in paragraph (b) above shall include, but not be limited to, the name of the permittee, the permittee's telephone number, and the city permit number.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 06-595, § 10, 6-7-06)

Sec. 40-143. Removal or relocation of facilities.

All permittees who place facilities thereby obligate and bind themselves to move or change the location of facilities whenever required or instructed to do so by the city in order to accommodate the construction, repair, or relocation of city infrastructure facilities, and failure to do so shall be unlawful.
(Ord. No. 00-1115, § 2, 12-20-00)

Sec. 40-144. Owner business plans; coordination of excavations.

(a) On or before June 1 of each year, owners shall submit a plan of excavations anticipated to be done in the public way during the five-year period commencing on July 1 of that year. Additionally, the city engineer shall annually solicit a five year transportation improvement plan from the various public way construction entities. As soon as practicable following receipt and compilation of the plans, the city engineer shall make available for inspection a composite list of all projects and transportation improvements designated in the various plans. Applicants are responsible for keeping themselves apprised of the current status of the list. An owner or public way construction entity may change, add, or delete any project in its five year business plan, and if any modification is made, the owner and/or public way construction entity shall notify the city engineer.

(b) Prior to issuance of a permit, the city engineer shall check the application against the composite list. The city engineer may require owners to (i) coordinate their excavations; (ii) coordinate excavations with transportation improvements that are ongoing or are scheduled by public way construction entities; and (iii) complete excavations before transportation improvements commence. The city engineer may grant a waiver of coordination requirements for good cause. The city engineer shall consider the following before granting a waiver:

(1) Effect of each proposed excavation(s) on the surrounding vicinity and on traffic mobility;

(2) The applicant's need for the facility;

(3) The need to facilitate the deployment of new technology as directed pursuant to official city policy; and

(4) Public health, safety, welfare, and convenience.

(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 06-595, § 11, 6-7-06)

Sec. 40-145. Newly constructed or reconstructed streets.

(a) Except as provided in subsection (b) below, no permit shall be issued for an excavation in any public way that has been constructed, reconstructed, repaved, or resurfaced in the preceding period of five years, as measured from the date of acceptance by the public works construction entity. Owners shall determine alternative methods of making necessary repairs and facility installations to avoid excavations that are subject to this section.

(b) The city engineer, for good cause, shall grant a variance to an applicant for repair of existing utilities, to respond to emergencies, or to afford an owner the means to provide service to buildings that the owner has no other reasonable means of serving in the determination of the city engineer. Variances shall be granted subject to special conditions that the city engineer determines to be appropriate to the circumstances, such as special coordination with other excavations, special paving requirements, additional soil compaction test reports, or any other requirements needed to restore the integrity of the public way to "as new" condition. In addition to the information provided on the application, applicant shall provide the following with respect to that part of the public way subject to this provision:

(1) Reason why the excavation was not performed before or when public way was paved;

(2) Reason why the excavation cannot be delayed until after the five-year period expires; and

(3) Reason why the excavation cannot be performed at another location or the owner's need cannot be accomplished by a method that does not require excavation.

(Ord. No. 00-1115, § 2, 12-20-00)

Sec. 40-146. Defaults; unauthorized excavations.

(a) The city engineer shall not issue a permit to any person who is in default or breach of any obligation to the city under this article on a prior permit or on a warranty obligation under section 40-159 or 40-160 of this Code.

(b) The director is authorized to debar from obtaining a permit any person who has performed an unpermitted excavation or any owner who has knowingly allowed that practice. Any such debarment shall be for a reasonable period of time that is consistent with the nature and circumstances of the alleged transgressions. Regulations shall be issued for debarment under section 40-128 of this Code.

(c) Before invoking the provisions of this section, the city engineer shall provide a written notice to the affected persons and afford them a right to a hearing under section 40-126 of this Code.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 06-595, § 12, 6-7-06)

Sec. 40-147. Insurance.

(a) As a condition of the issuance of a permit, the applicant shall provide evidence that the applicant holds a current policy of comprehensive general liability insurance covering the excavation, with an endorsement for any liability assumed under this article and policy limits of not less than $150,000.00 for property damage, per occurrence, and of not less than $150,000.00, per person, and $500,000.00, per occurrence, for bodily injury or death. Each policy shall include a provision obligating the insurer to furnish to the city engineer at least ten days prior written notice of any cancellation.

(b) The failure of the permittee to continuously maintain any required coverage shall cause any permit covered thereby to become invalid. No work may be performed on any excavation at any time when any required proof of insurance coverage is not on file in the city engineer's office. Following notice and an opportunity for a hearing under section 40-126 of this Code, the city engineer shall revoke any permit for which any required proof of insurance is not being maintained.

(c) For joint applications and permits, the coverage required in this section may be provided by a policy jointly covering all of the applicants or by separate proofs of coverage for each applicant or permittee.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 06-595, § 13, 6-7-06)

Sec. 40-148. Extensions.

For good cause not relating to any fault of the permittee in diligently prosecuting the excavation, the city engineer may extend the number of days allowed in the permit pursuant to section 40-138(c)(5) of this Code for completion of the excavation. To obtain an extension, the permittee shall submit an application therefor, including the nonrefundable application fee established pursuant to this article and indicating the number of additional days needed for final completion. Extensions of time granted under this subsection shall be noted on the records regarding the permit.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 06-595, § 14, 6-7-06; Ord. No. 2011-1168, § 13, 12-14-2011)

Sec. 40-149. Application fees.

The director may, from time to time, prepare and submit for approval by motion of the city council revisions to the schedule of nonrefundable application fees that shall be paid by an applicant for a permit, permit extension or data entry. The fees approved under this provision shall be included in the city fee schedule. Payment of any applicable fees when due is a condition of the processing of any application under this article.
(Ord. No. 06-595, § 15, 6-7-06; Ord. No. 2011-1168, § 13, 12-14-2011)

Secs. 40-150—40-155. Reserved.

DIVISION 3. PERFORMANCE OF EXCAVATIONS

Sec. 40-156. Access to fire hydrants.

Each excavation shall be performed so it does not obstruct emergency access to any fire hydrant or public water supply valve.
(Ord. No. 00-1115, § 2, 12-20-00)

Sec. 40-157. Crossings; traffic control devices.

It shall be the duty of each permittee to make provisions for the safe crossing of pedestrians

and the orderly movement of vehicular traffic. Provisions therefor shall be included in the drawings and specifications for the excavation. Any required traffic control devices shall conform to applicable laws, the Texas Manual on Uniform Traffic Control Devices, and any rules and regulations promulgated under section 40-128 of this Code.
(Ord. No. 00-1115, § 2, 12-20-00)

Sec. 40-158. Steel plate temporary surfaces.

It shall be unlawful to place a steel plate at an excavation without a permit. The director may authorize as a condition of a permit the use of a steel plate as a temporary surface for an excavation. Any such permit shall specify the length of time the steel plate is allowed to remain in the public way. It shall be unlawful for any permittee or former permittee to maintain or cause to be maintained a steel plate in the public way after the time specified in the permit for the excavation at which the steel plate is located. Each steel plate shall be clearly marked with the name of the owner of the steel plate, and a permittee's failure to use a steel plate so marked shall be a violation of this article.
(Ord. No. 06-595, § 16, 6-7-06)

Sec. 40-159. Completion of excavation; warranty.

(a) In accordance with the rules and regulations promulgated under section 40-128 of this Code, a permittee shall notify the city engineer before commencing and obtain permission to commence the excavation before it enters into the public way. In connection with the notification and permission, the authorized date of entry on the public way, for purposes of section 40-138(c)(5) of this Code shall be established. In connection with the notification, the permittee shall also furnish the transmittal number required under section 40-136(b)(13) of this Code, if it has not previously been provided. The permittee shall diligently prosecute the excavation to its final completion within the time authorized under the permit. It shall be unlawful for a permittee to fail, refuse or neglect to diligently prosecute or to timely complete the excavation in accordance with the permit and all applicable rules and regulations and the construction standards adopted in or pursuant to this article.

(b) If a permittee commences an excavation and then fails, refuses, or neglects to diligently prosecute or to timely complete the excavation in accordance with the permit and all applicable rules and regulations and the construction standards adopted in or pursuant to this article, the city engineer may, following written notice to the permittee, perform the excavation or cause a city contractor to perform the excavation. The city engineer shall afford the permittee five days' written notice and opportunity to cure before taking over the excavation, unless the Director of Houston Public Works determines that hazards to public safety and convenience that are posed by the condition of the excavation require a shorter notice period. The city engineer may charge the cost of having the excavation performed, including related administrative expenses, to the permittee. The city engineer shall so notify the permittee, and the permittee shall be obliged to pay the cost within 30 days following receipt of notification. Disputes over costs assessed shall be subject to the hearing process established under section 40-126 of this Code.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 06-595, §§ 16, 17, 6-7-06; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-160. Warranty of excavation; correction of defects.

Each permittee shall warrant its excavations against all defects in workmanship and materials for a period of two years after final completion. Whenever within the one year period any portion of the pavement or surface of any public way excavated under such a warranty is, in the engineering determination of the city engineer, in need of repairs, by reason of any defect in workmanship or materials, the city engineer shall serve upon the permittee a written notice stating the repairs necessary, and requiring the repairs to be made within five days after service of the notice. If the repairs are not timely made, the city engineer shall at once make or cause to the repairs to be made at the expense of the

permittee. The expenses, including any related administrative expenses, shall be charged to the permittee, and the permittee shall be obliged to pay the cost within 30 days following receipt of notification. Disputes over costs assessed shall be subject to the hearing process established under section 40-126 of this Code.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 06-595, § 16, 6-7-06)

Sec. 40-161. Inspections of excavations.

(a) All excavations shall be inspected by the city. Based upon the complexity and nature of the excavation and as specified in the permit, inspections may be required during the performance of the excavation, immediately upon completion of the excavation, or both.

(b) Consistent with applicable laws, sound engineering practices, and the nature of the excavation, the city engineer may, in addition to or in lieu of the inspections called for under subsection (a), require that a permittee, at the permittee's expense, retain a professional engineer licensed in Texas to observe the excavation and, based upon the observations, to provide written certification upon completion of the excavation stating that the public way has been restored in accordance with the drawings and specifications and all other applicable technical requirements.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 01-203, § 4, 2-28-01; Ord. No. 06-595, §§ 16, 18, 6-7-06)

Sec. 40-162. Damage to facility.

A permittee who, in connection with an excavation, damages another owner's facility shall immediately notify the city engineer and, to the extent that the owner's identity is reasonably determinable, the owner of the damaged facility.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 06-595, § 16, 6-7-06)

Sec. 40-163. As-built drawings and specifications.

Upon final completion of an excavation, the permittee shall provide to the city engineer a set of as-built drawings and specifications for the excavation, which shall be in a form provided by the rules and regulations promulgated under section 40-128 of this Code. In the event that the work was performed exactly in accordance with the drawings and specifications provided with the permit application, then the permittee may so advise the city engineer in writing, and the previously supplied drawings and specifications will be regarded as the as-built drawings and specifications.
(Ord. No. 00-1115, § 2, 12-20-00; Ord. No. 06-595, § 16. 6-7-06)

DIVISION 4. RESERVED*

Secs. 40-164—40-167. Reserved.

ARTICLE VI. TRANSPORTATION OF EARTH MATERIALS ON STREETS AND ALLEYS

DIVISION 1. GENERALLY

Sec. 40-168. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

(1) *Earth materials* shall mean dirt, sand, gravel, shell, clay, and any other materials of a similar nature.

(2) *Vehicle* shall mean any truck, wagon, trailer, or any other type of vehicle, conveyance, equipment, or machine used to carry, haul, or to transport earth materials.

(Code 1968, § 41-168)

Sec. 40-169. Owner's name and permit number to be displayed on vehicle.

It shall be unlawful for any person to drive, or to permit any agent, employee, subcontractor, or

*__Editor's note—__Ord. No. 2006-595, § 19, adopted June 7, 2006, repealed Division 4, §§ 40-163—40-167, in their entirety. Formerly said sections pertained to general permits and derived from Ord. No. 00-203, § 5, 2-28-00 and subsequent amendatory ordinances.

other person under his general supervision or control to drive, any vehicle carrying, hauling, or transporting earth materials on the public streets and alleys of the city, unless the name of the owner of such vehicle and the number of the permit provided for by this article is prominently and legibly displayed on each side of such vehicle.
(Code 1968, § 41-170)

Sec. 40-170. Penalty.

Any person violating any provision of this article shall be fined not less than $50.00 nor more than $500.00 for each offense, and a separate offense shall be deemed committed on each day during or on which a violation occurs or continues.
(Code 1968, § 41-171; Ord. No. 92-1449, § 58, 11-4-92)

Charter reference—Penalty for ordinance violation, Art. II, § 12.

Cross references—Assessment of fines against corporations, § 16-76; payment of fines, § 16-78; credit against fines for incarceration, § 35-6 et seq.

Secs. 40-171—40-176. Reserved.

DIVISION 2. PERMIT

Sec. 40-177. Required.

(a) It shall be unlawful for any person to drive, or to permit any employee, agent, subcontractor, or other person under his general supervision or control to drive, any vehicle carrying, hauling or transporting earth materials on the public streets and alleys of the city, unless a permit for the carrying, hauling or transporting of such earth materials is first secured by the owner of such vehicle from the city. No person other than the owner of the vehicle shall be required to secure such permit.

(b) The owner of a vehicle shall be required to secure only one permit under this division, regardless of the number of vehicles which he may operate in the city.
(Code 1968, § 41-177)

Sec. 40-178. Issuance; fee.

The Director of Houston Public Works or his designee ("the director") shall issue a permit for the carrying, hauling or transporting of earth materials to the owner of a vehicle, upon his making a written application and paying the permit fee stated for this provision in the city fee schedule.
(Code 1968, § 41-178; Ord. No. 90-635, § 118, 5-23-90; Ord. No. 93-514, § 81, 5-5-93; Ord. No. 2011-1168, § 13, 12-14-2011; Ord. No. 2018-11, § 49, 1-10-2018)

Cross reference—Refund of permit fees paid to Houston Public Works, § 47-49.

Sec. 40-179. To be numbered.

Each permit issued under this division shall have a permit number.
(Code 1968, § 41-179)

Sec. 40-180. Term.

A permit issued under this division shall be valid for one year from the date of issuance.
(Code 1968, § 41-180)

Sec. 40-181. Suspension or revocation.

(a) Any permit issued pursuant to the provisions of this division may be subject to suspension for any period of time not to exceed 30 days or to revocation upon the finding pursuant to a public hearing conducted by the director that the permittee or any of his agents or employees has failed to comply with applicable state laws on transportation of loose materials, provided that the holder of such permit shall be given prior notice of date, time and place of the hearing setting forth the grounds upon which the suspension or revocation is based and affording the holder an opportunity to appear in person and/or by counsel, present evidence and cross examine all witnesses appearing at such hearing.

(b) A person may appeal such suspension or revocation to the city council by filling a written notice of appeal with the city secretary within ten days after he receives notice of the suspension or revocation from the director. The city council shall have the power to uphold the suspension or revocation, or to reinstate the permit. When the city council upholds the revocation of a permit, no new permit shall be issued to

the person whose permit has been revoked until six months have passed since the date of the revocation.
(Code 1968, § 41-181; Ord. No. 90-635, § 119, 5-23-90)

Secs. 40-182—40-191. Reserved.

ARTICLE VII. INSPECTION PERMIT FOR CERTAIN STRUCTURES IN PUBLIC RIGHT-OF-WAY

Sec. 40-192. Findings of city council.

The city council hereby finds and determines:

(1) That the safety, health and welfare of the members of the general public will best be served by requiring periodic inspection, as provided in this article, of all structures, facilities, utility lines and encroachments located within the public streets or right-of-way, including, but not limited to, basements, vaults, tunnels and pipelines; and

(2) That there are numerous structures, facilities, basements and pipelines that were heretofore constructed, built or placed within the public streets without permission or knowledge on the part of the city, and the owners thereof should be required to pay a reasonable inspection fee to defray the city's expense of inspecting the aforesaid structures and facilities for the purpose of assuring protection of the public safety by lawful compliance with applicable provisions of the Construction Code, as well as to regulate the use of the public streets; therefore

(3) The fees for initial installation and each annual inspection stated for this provision in the city fee schedule shall be paid by the permittee as provided by this article, and that such fees are commensurate with and not in excess of the city's expense involved in administering, supervising, inspecting and regulating the use and maintenance of the aforesaid structures or facilities located within said streets, as well as the city's cost pertaining to the regulation of such public streets because of the abutting owner's occupancy, use, and maintenance of encroachments within the public right-of-way. Subsequent to the issuance of an inspection permit, should the cost to the city of such inspection decrease, the inspection fee shall be reduced correspondingly.

(Code 1968, § 41-192; Ord. No. 72-97, § 1, 1-19-72; Ord. No. 82-972, § 2, 6-15-82; Ord. No. 02-399, § 81, 5-15-02; Ord. No. 2011-1168, § 13, 12-14-2011)

Sec. 40-193. Definition.

As used in this article the term "permittee" shall mean any person who submits or files an original or renewal application with the building official, and shall mean any person who is the holder of an inspection permit provided for in this article or any agent, servant or employee of such person.
(Code 1968, § 41-193; Ord. No. 72-97, § 2, 1-19-72; Ord. No. 90-635, § 120, 5-23-90)

Sec. 40-194. Required; application; revocation.

(a) Any person who owns or leases land which abuts a public street or right-of-way and which abutting land has been improved with any structure, including basements, tunnels, vaults, or facilities, all or a part of which is within the subsurface of the city's right-of-way, shall obtain an inspection permit with regard to the occupancy or maintenance of the aforesaid structures or facilities within any part of the said subsurface of a public street.

(b) Any person who owns or leases land which abuts a public street or right-of-way and who desires to use or occupy any portion of the subsurface of a street by constructing any improvement, structure, basement, or vault within such subsurface area shall obtain an inspection permit therefor.

(c) Any person referred to in subsections (a) and (b) above shall make a written application on a form to be provided by the building official and thereby make a request for an inspection

permit with regard to the occupancy or maintenance of the portion of the subsurface area of the right-of-way which abuts the applicant's property. The application shall contain, in addition to other information, the following:

(1) A map or plat showing the nature and extent of the intended use to be made of any portion of the subsurface of the right-of-way.

(2) The metes and bounds description of the subsurface area.

(3) The number of cubic feet contained in the area to be used.

(d) After the approval of the application, the payment of an inspection permit fee, and the issuance of an inspection permit with regard to the occupancy and maintenance of any improvements, structures, basements, tunnels, vaults or facilities within the city's right-of-way, under the terms and provisions of this article, the building official shall from time to time make inspections of any such structures, improvements, facilities or occupied area. If an inspection reveals that any part of the subsurface structure, improvements, facilities or occupied area within the city's right-of-way does not comply with applicable terms and provisions of the Construction Code and is dangerous or hazardous for human occupancy, the owner or lessee of the structure, improvements or occupied area, shall be notified and required to make such repairs as are necessary in order to comply with the applicable terms and provisions of the Construction Code. If any permittee fails and refuses to allow the building official to come upon or enter the premises of any such structures, improvements, facilities or occupied area for the purpose of making an inspection, he may be prosecuted under the terms of this article, and the building official may revoke the inspection permit for any such occupied area within the city's right-of-way, and such action shall be final, subject to the provisions of paragraph (9) of section 40-197 of this Code.

(Code 1968, § 41-194; Ord. No. 72-97, § 3, 1-19-72; Ord. No. 90-635, §§ 120, 121, 5-23-90; Ord. No. 02-399, § 82, 5-15-02)

Sec. 40-195. Content and conditions of inspection permit.

An inspection permit granted by the city with regard to any part of the city's right-of-way shall be issued pursuant to the terms and provisions of this article, which shall become a part of the inspection permit. The form of inspection permit issued by the building official shall contain a legal description of the property which abuts the city's right-of-way as well as a legal description of the area of the right-of-way proposed to be used and occupied by the permittee; and said inspection permit shall contain an acknowledgement to be made by the applicant, and upon acceptance of the inspection permit, it shall be acknowledged by the applicant.

(Code 1968, § 41-195; Ord. No. 72-97, § 4, 1-19-72; Ord. No. 85-638, § 1, 5-1-85; Ord. No. 90-635, § 122, 5-23-90)

Sec. 40-196. Additional permit conditions when new, remodeling or renovating construction is to be made.

If any person or the owner of land abutting a public street or right-of-way reveals by his application for an inspection permit that any new, remodeling or renovating construction is desired to be made within any part of the city's right-of-way, the requested inspection permit will be issued upon compliance with the terms and provisions of this article, and in addition, upon the following conditions:

(1) The proposed use of the city's right-of-way by any person or the abutting land owner shall not interfere with the city's lawful use thereof; and no inspection permit will be granted without the approval of the building official.

(2) The proposed construction within the city's right-of-way shall be under the supervision of and in accordance with plans and specifications approved by the building official.

(3) At all times during the construction and building of any structure within the city's right-of-way the street or highway shall be kept open for vehicular and pedestrian

traffic in a reasonable manner, and no obstruction of the sidewalks shall be permitted in such a way as to prevent the use thereof by pedestrians; dirt and other material removed from the building and construction of any such structure within the city's right-of-way shall not be permitted or allowed to remain on the street or sidewalk, but all such dirt and other materials shall be removed immediately at the sole cost, risk, liability and expense of permittee; all excavations and obstructions of any kind where permitted during the period of permittee's construction, shall be properly barricaded, and well illuminated during the night time, all subject to the approval of the building official.

(4) After the completion of the construction within the city's right-of-way, the permittee shall at his own cost and expense replace any sidewalks and surface of any streets that were damaged or removed in the construction of any improvement in a condition equally as good as they were immediately prior to the time of excavation or construction, and all of such sidewalks and streets shall be maintained in a good and useable condition for one year after said sidewalks or streets have been replaced, all subject to the approval of the building official. All damage, if any, to said sidewalks and streets caused by the construction, use, maintenance and operation by permittee shall be repaired by and at the cost and expense of the permittee. In the event permittee fails or refuses to proceed with diligence with the performance of any work in connection with the replacement, rebuilding or resurfacing of streets and sidewalks within 30 days after receiving written notice from the building official, the city may do such work or cause same to be done, all at the sole risk, cost, liability and expense of permittee.

(5) The permittee, or his successors, assigns or representatives agree, obligate and bind himself or itself to indemnify and does hereby indemnify and hold and save forever harmless the city, from all liability, cost or damage on account of the construction within the city's right-of-way, or on account of using, occupying, preparing, maintaining and operating any such improvements therein. The permittee also agrees to furnish the building official written evidence that he has in full force and effect during all times of the building and construction within the city's right-of-way, public liability insurance in the amount of not less than $200,000.00 and insurance for property damage in the sum of not less than $100,000.00 covering such buildings and construction.

(Code 1968, § 41-196; Ord. No. 72-97, § 5, 1-19-72; Ord. No. 90-635, § 120, 5-23-90)

Sec. 40-197. General conditions.

Upon the acceptance of any inspection permit with regard to the occupancy or maintenance of any part of a public street or right-of-way, including inspection permits for new construction, remodeling or renovating, within the city's right-of-way, the applicant and all persons in privity withhim, expressly covenant and agree to comply with the terms and provisions of this article and the following conditions:

(1) The city shall have the right at any and all times upon 180 days written notice to the permittee, its representatives, successors or assigns, to take possession of and use all or any part of such city right-of-way in the event that such use be desired or needed by the city, as reasonably determined by the city council, for street, sewer, transportation or any other public or municipal use or purpose, and in such event, the city shall have the right to cancel such inspection permit as to that portion of the property or part of the right-of-way so designated and required by the city.

(2) The permittee shall have the right at any time upon 180 days written notice to the city, to relinquish the use and possession of all or any part of the property or right-of-way covered by the permit as it

may so determine and to cancel said inspection permit as to that part so relinquished. In the event that any part of the property or right-of-way which is included and covered by the inspection permit shall be relinquished or diminished, then the cubic footage remaining and continuing to be used by the inspection permittee and thus requiring inspection shall be determined, and the inspection fee shall be calculated on the basis of the new cubic footage.

(3) Upon the lawful termination of an inspection permit issued hereunder, in whatsoever manner such termination may be made, permittee, assigns, successors and representatives, bind and obligate themselves to restore the city's right-of-way occupied under the provisions of the inspection permit to the original condition as it existed prior to any construction, or to fulfill any other reasonable conditions for the restoration of the right-of-way which may be acceptable to the city council of the city, and should the permittee, assigns, successors, or representatives fail or refuse to do so within 90 days after such termination then in that event the city may do or have done the work necessary for such purpose at the sole cost, risk, liability and expense of permittee, their assigns, successors and representatives.

(4) Upon written consent of the city, acting by and through the building official, the permittee may, at his sole cost, risk liability and expense including public liability and property damage insurance in the amounts specified in section 40-196 of this Code, remove, reroute, reconstruct, lower or raise any existing utility lines, public or private sewer lines, water lines, including storm sewers, pipes or conduits presently located within the city's right-of-way, provided that before changing or interfering with any such utility lines as described aforesaid, the permittee shall notify the respective utility companies and the city, owning or operating the aforesaid utility lines, concerning any and all changes, modifications, rerouting of or any interference whatsoever with the aforesaid utility lines, pipes or conduits. Any necessary changes, modifications, rerouting or interference with the aforesaid utility lines, pipes or conduits shall be done under the direction of the representatives of the respective utility companies or the city, as the case may be.

(5) After the completion of any construction within the city's right-of-way under the terms of an inspection permit granted hereunder, should the city desire to lay or construct its utility lines, including sewer lines, water lines, or any other pipes, or conduits under, across, or along said streets within its right-of-way, any and all additional cost for the laying or construction of the aforesaid utility lines, including pipes and conduits, within said street right-of-way, which may occur by reason of the existence of said construction, shall be paid to the city by the said permittee, his assigns, successors and representatives.

(6) Solely as between the city and the permittee, and not for the benefit of any other person, the permittee, by acceptance of such inspection permit, hereby waives any claim he, or any heirs, successors or assigns might have for damages for loss of lateral support to any other improvements hereby contemplated which loss of lateral support might be occasioned by any improvements which the city, its assigns, grantees, licensees, or permittees might install or construct.

(7) The permittee, or his successors, assigns, or representatives, by the acceptance of such inspection permit, agree, obligate and bind himself or itself to indemnify and does hereby indemnify and hold and save forever harmless solely the city, any of its agencies, and any person, from all liability, cost or damage on account of permittee's use, occupancy and maintenance of any part of the city's

right-of-way and the structures and improvements therein, including, but not by way of limitation, any basements, tunnels or vaults constructed within the subsurface of any public street or right-of-way. This indemnity shall continue in force and effect during the existence of any inspection permits issued under the provisions of this article.

(8) No transfer or assignment of any inspection permit granted under the terms and provisions of this article shall be effective unless and until:

a. The permittee has, in writing, advised the building official of the name and mailing address of the transferee or assignee; and

b. The transferee or assignee has furnished the building official its written agreement to assume and perform all of the duties, covenants and obligations of the inspection permit; and, thereupon, each provision of the inspection permit shall be binding upon, and inure to the benefit of, the transferee or assignee of the permittee.

(9) The breach or violation of any one of the terms, provisions, or conditions set forth in this article shall be sufficient to constitute grounds for the cancellation and forfeiture of the inspection permit granted under the authority of this article. Any such cancellation and forfeiture may be exercised upon 20 days written notice by the city to the permittee, a representative or successor, unless, at the expiration of such time, any such violation or breach has ceased or the permittee is proceeding with all diligence and good faith to remedy any such violation or breach and thereafter continues without delay with such remedial work or correction until such violation or breach has been completely remedied, and, any person violating any of the provisions of this article may be prosecuted as provided herein.

(Code 1968, § 41-197; Ord. No. 72-97, § 6, 1-19-72; Ord. No. 80-3227, § 1, 11-20-80; Ord. No. 85-638, § 2, 5-1-85; Ord. No. 90-635, §§ 120, 123, 5-23-90)

Cross reference—Refund of certain permit fees paid to Houston Public Works, § 47-49.

Sec. 40-198. Intent of article.

It is the intention of the city council by the enactment of this article to lawfully regulate the subsurface use and occupancy of public streets and rights-of-way by persons as defined herein, abutting land owners, and their lessees, and establish an inspection fee, in accordance with the city's general power of control and regulation of public streets and highways as provided by law; however, this article shall not be construed as an assertion by the city of any property rights in derogation of abutting land owner's fee simple title and rights incident thereto, in those cases where the city does not own the fee simple title.
(Code 1968, § 41-198; Ord. No. 72-97, § 7, 1-19-72)

Sec. 40-199. Penalty.

Any person who violates any of the provisions of this article shall be guilty of an offense and upon conviction thereof shall be punished as provided by section 1-6 of this Code. Each and every day that any such violation continues shall constitute a separate offense and shall be punishable as such.
(Code 1968, § 41-199; Ord. No. 72-97, § 8, 1-19-72; Ord. No. 92-1449, § 59, 11-4-92)

Charter reference—Penalty for ordinance violation, Art. II, § 12.

Cross references—Assessment of fines against corporations, § 16-76; payment of fines, § 16-78; credit against fines for incarceration, § 35-6 et seq.

State law reference—Penalty for ordinance violations, Vernon's Ann. Civ. St. arts. 1011, 1195.

ARTICLE VIII. BUS SHELTERS

Sec. 40-200. Construction and maintenance of shelters for users of public transportation.

(a) *Permit required.* It shall be lawful for any person owning or leasing real property abutting the public right-of-way (hereinafter referred as

"landholders") or for any person holding a franchise granting the right, privilege and franchise to place advertising materials upon shelters constructed pursuant to a permit issued under this section (hereinafter referred to as "franchisees") or for the Metropolitan Transit Authority (a governmental entity organized and existing under and pursuant to the provisions of Article 1118x, Texas Revised Civil Statutes) to use and occupy a designated area of the public right-of-way as hereinafter stated for the construction and maintenance of a public transportation structure upon obtaining a permit for each such use and occupancy from the Director of Houston Public Works or his designee (hereinafter referred to as the "director"). All persons seeking such permit shall make a written application on a form provided by the director and thereby make a request for the privilege, license and permission to use, occupy and maintain a designated area of the right-of-way, which area, if the applicant is applying in the capacity of a landholder, must abut the applicant's property. An applicant may request one or more permits in a single application.

(b) *Approval of permits.*

(1) No permit shall issue for the use or occupancy of the city right-of-way until the director of administration and regulatory affairs shall certify to the public necessity of such use, occupancy and maintenance for a public transportation structure.

(2) No permit shall issue for the use or occupancy of the city right-of-way until the director shall certify that such permit will comply with and be consistent with the current city traffic plans and standards.

(c) *Inspection under permit.* After the approval of the application and the issuance of the permit, and the payment of the permit fee stated for this provision in the city fee schedule, the director shall from time to time make inspections of such transportation structures and occupied areas.

(d) *Revocation of permit.*

(1) If any inspection of a public transportation structure, improvement, facilities or occupied area under the provisions of this section reveals that the permittee has failed to comply with the terms and provisions of the Construction Code or that the structure is in a dangerous or hazardous condition for human occupancy, the permittee shall be notified by certified mail to make such repairs as are necessary in order to comply with the terms and provisions of the Construction Code within ten days after the receipt of such notice by certified mail. If the permittee fails to make the repairs or to otherwise comply with this section or the Construction Code, the permit will be revoked.

(2) Upon revocation, the permittee shall have the right to appeal the decision of the director within ten days of the date of such revocation. The decision of the city council on the revocation appeal shall be final. The city shall have the right to remove such public transportation structure from the city right-of-way after the expiration of the ten-day appeal period or to make whatever arrangements with respect thereto as the city council may desire.

(e) *Terms and conditions of permit.*

(1) Any permit granted by the city for the use and occupancy of the city right-of-way shall be issued to the applicant upon the following terms and conditions of this section. In the case of franchisees, the permit holder shall also be subject to the terms and conditions of the franchise.

a. All permits issued by Houston Public Works to an abutting landowner or his lessee shall contain the legal description of the property which abuts the city right-of-way.

b. All permits issued under this section must contain a legal description or plat map of the area of the right-of-way to be occupied by the proposed structure.

c. Upon acceptance of the permit it shall be acknowledged by the applicant and filed for record by the city in the office of the county clerk.

d. The proposed use of the city's right-of-way under a permit shall not interfere with the city's use thereof.

e. The proposed construction within the city's right-of-way shall be under the supervision of and in accordance with plans and specifications approved by the director.

f. At all times during the construction and building of any structure within the city's right-of-way, the street or highway or other public right-of-way shall be kept open for vehicular and pedestrian traffic in a reasonable manner, and no obstruction of the sidewalks shall be permitted so as to prevent the use thereof by pedestrians for an unreasonable period of time; dirt and other material removed from the building and construction of any such structure within the city's right-of-way shall not be permitted or allowed to remain on the street or sidewalk and all such dirt and other material removed from the building and construction site shall be at the risk, liability and expense of the permittee; all excavations or obstructions of any kind which are permitted during the period of permittee's construction, shall be properly barricaded, and well-illuminated during the night time, all subject to the approval of the director.

g. After the completion of the construction within the city's right-of-way, the permittee shall at his own cost and expense replace any sidewalks and surface of any streets that were damaged or removed in the construction of any improvement in a condition equally as good as they were immediately prior to the time of excavation or construction and all of such sidewalks and streets shall be maintained in a good and usable condition for one year after said sidewalks and streets have been replaced, all subject to the approval of the director. All damage, if any, to said sidewalks and streets caused by the construction, use, maintenance and operation by the permittee shall be repaired by and at the cost and expense of the permittee. In the event the permittee fails or refuses to proceed with diligence with the performance of any work in connection with the replacement, rebuilding or resurfacing of streets and sidewalks within 30 days after receiving written notice from the director the city may do such work or cause same to be done all at the sole risk, liability and expense of the permittee.

(f) *Conditions of use and occupancy after construction.* In general, it shall be a condition of such use and occupancy that any structure shall be made available without discrimination at all times to all persons using public transportation.

(1) Insurance. Permittee agrees that as a condition of such use and occupancy of the right-of-way that he shall provide written evidence that he has in full force and effect, during such use and occupancy, public liability insurance in the amount of not less than $300,000.00 per accident for property damage and $300,000.00 for public liability for accidental bodily injuries or death occurring in relation to or arising out of the permittee's maintenance, occupancy or use of the right-of-way.

(2) The city shall have the right at any and all times upon 30 days' written notice by certified mail to the permittee, its representatives, successors or assigns to

take possession of and use all or any part of such city right-of-way in the event that such use be desired and needed by the city as determined by the city council for street, sewer, transportation or any other public or municipal purpose or use. In such event, the city shall have the right to cancel his license and permit as to the portion of the property or part of the right-of-way so designated and required by the city.

(3) The permittee shall have the right at any time upon 30 days' written notice to the city to relinquish and give up to the city the use and possession of all or any part of the property or right-of-way described in the permit as it and the city may so cancel the license and permit as to that part so relinquished and given up.

(4) All privileges, licenses and permits granted hereunder shall, subject to the terms and provisions of this section and unless not otherwise renewed or extended, remain in force and effect for a period not to exceed ten years from and after the issuance of the permit hereunder. Should a franchisee's franchise expire or terminate sooner than said ten years, any permits held by the franchisee shall terminate simultaneously. Upon the termination of the privilege and permit issued hereunder and unless otherwise provided for by any franchise agreement, permittee, assigns, successors and representatives bind and obligate themselves to restore the city's right-of-way occupied under the provisions of the permit to the original condition of such right-of-way as it existed prior to any construction or to fulfill any other condition for the continued existence of the structure or restoration of the right-of-way which may be acceptable to the city council, and should the permittee, assigns, successors or representatives fail or refuse to do so within 30 days after such termination, then, in that event the city may do or have done the work necessary for such purpose at the sole cost, risk and liability and expense of permittee, their assigns, successors and representatives.

(5) After the completion of any construction within the city's right-of-way under the terms of a permit granted hereunder, should the city desire to lay or construct its utility lines including sewer lines, water lines or any other pipe or conduit under, across or along said street within its right-of-way, any and all additional cost in the laying or construction of the aforesaid utility lines including pipes and conduits within said street right-of-way which may occur by reason of the existence of the construction or occupancy granted to permittee under the terms hereof shall be paid to the city by the said permittee, his assigns, successors and representatives.

(6) By the acceptance of such permit the permittee, his assigns, successors and representatives agree, obligate and bind himself or itself to indemnify and does hereby indemnify and hold and save forever harmless solely the city, insofar as said city is concerned from all liability, cost or damage on account of the use, occupancy or maintenance of any part of the city's right-of-way and the structures and improvements therein. This indemnity shall continue in force and effect during the existence of any permit or permits issued under the provisions of this section.

(7) No transfer or assignment of any permit granted under the terms and provisions of this section shall be made without the approval of the city council.

(8) No permittee shall knowingly cause, permit or allow any advertising materials, posters, billboards, handbills of any nature whatsoever to be posted, distributed or allowed to remain within any structure or upon the premises of the public transportation structure for which such permittee holds authority to use or occupy the city's right-of-way pursuant

to this section; provided, however, an incidental use of a structure for advertising purposes by a permittee shall be lawful if the permittee holds a franchise granting such privilege upon such terms and conditions as the city council may impose.

(g) The breach or violation of any one of the terms, provisions or conditions set forth in subsections (e) and (f) hereof shall be sufficient to constitute grounds for the cancellation and forfeiture of the privilege, license and permit granted under the authority of this article. Any such cancellation and forfeiture may be exercised upon 20 days' written notice by the city to the permittee, a representative or successor unless at the expiration of such time any such violation or breach has ceased or the permittee is proceeding with all diligence and good faith to remedy such violation or breach and thereafter continues without delay with such remedial work or correction until such violation or breach has been completely remedied.

(h) It is the intent of the city council by the enactment of this section to regulate the surface, use and occupancy of public rights-of-way by persons as defined herein, specifically those landowners and their lessees abutting the city right-of-way and franchisees in accordance with the city's general power of exclusive dominion, control and regulation of the public streets and highways as provided by law. However, this section shall not be construed as an assertion by the city of any property rights in derogation of the abutting landowner's fee simple title in those cases where the city does not own the fee simple title.

ARTICLE IX. PIPELINES, CONDUITS, ETC., ACROSS, ALONG OR UNDER STREETS*

Sec. 40-228. Definitions.

For the purposes of this article, the following terms have the meaning ascribed to them in this section, unless the context clearly indicates otherwise:

Abandoned pipeline means a pipeline in any portion of a street that the permittee has permanently disconnected from an operating pipeline.

Director means the Director of Houston Public Works or his or her designee.

Effective date means the effective date of this article which is December 11, 2001.

Emergency refers to an incident that may cause an immediate threat to public health, safety, or welfare, including an incident in which any of the following has occurred, is occurring or is imminent: (i) fire or explosion not initiated by the permittee as part of its operations, in accordance with accepted safety practices; (ii) release of an explosive gas, hazardous liquid or chemical that could adversely affect the environment or health of individuals, livestock, domestic animals, and wildlife; (iii) death of any person; (iv) bodily harm of any person that results in loss of consciousness, the need to assist a person from the scene of an incident or the necessity of medical treatment in excess of first aid; (v) damage to private or public property not owned by the permittee in excess of $5,000.00 in combined values; or (vi) the rerouting of traffic or evacuation of buildings.

Existing pipeline means a pipeline, including an abandoned pipeline, in any portion of a street as of the effective date of this article.

Gathering system means a pipeline or system of pipelines, in any portion of a street, operated as incident to the development or operation of an oil and/or gas field within or adjacent to the

*__Cross references__—Oil and gas wells, Ch. 31; installation of pipelines for oil and gas wells under public property, § 31-46 et seq.

corporate limits of the city, including but not limited to lines for gathering liquids or gases from wells, tanks, or field pumping stations, for the transportation of water (including salt water) for mineral drilling and production purposes, and for transportation of liquids or gases produced from the field to other locations within the field for operational, gathering, or drilling purposes or to a gas plant or pipeline not included in such gathering system.

New pipeline means a pipeline other than an existing pipeline in any portion of a street.

Permit ordinance means a permit ordinance enacted by city council pursuant to this article.

Permitted affiliate means a person controlling, controlled by, or under common control with permittee, which has (or for which permittee has) agreed, in a form approved by the city attorney, to unconditionally assume all duties, obligations, and liabilities of permittee under this article and/or a permit ordinance, without regard to the legal status of such person.

Permittee means a person, its successors and assigns, and permitted affiliates named in a permit ordinance.

Person means an individual, corporation, joint venture, partnership, limited liability company, limited partnership, limited liability partnership, municipality, or other legal entity, including but not limited to trustee, assignee, receiver, and personal representative.

Pipeline means a system of physically connected lines of pipe through which gas or liquids move in transportation and which are operated as a single unit under normal operating conditions, including but not limited to spurs, laterals, valves, corrosion protection devices, and other appurtenances attached to and part of the operation of the line of pipe. Each gathering system shall be treated as one pipeline for all purposes of this article and each permit ordinance.

Street means, but is not limited to in any manner, the surface, land below and airspace above any public street, road, avenue, highway, freeway, bridge, tunnel, alley, boulevard, sidewalk, parkway, lane, drive, circle, or other public right-of-way (each irrespective of its extent of public use or whether opened to vehicular traffic) in the corporate limits of the city, as may be established from time to time. "In" the street means across, along, under, or over a street.
(Ord. No. 01-1078, § 2, 12-5-01; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-229. Violations of article.

(a) It shall be a violation of this article for a person to knowingly make a material misrepresentation of any information reported under this article or to own, maintain, operate, acquire, construct, or extend a pipeline in the street except in accordance with the provisions of this article.

(b) A material and willful violation of any section, subsection, or part of this article may be subject to a fine of not more than $1,000.00, which shall be assessed per day following any failure to comply within 15 business days after notice from the director.

(c) The city shall be entitled to injunctive relief in a court of appropriate jurisdiction to prevent violation of or to compel compliance with the provisions of this article, in addition to all other rights and remedies available to the city.
(Ord. No. 01-1078, § 2, 12-5-01)

Sec. 40-230. Scope of article.

This article applies to each pipeline in a street or streets. No permit ordinance shall authorize the transport or distribution of natural gas by a permittee or applicant whose use of streets is subject to city action or approval under Texas Revised Civil Statutes article 1175. Nothing contained in this article shall preclude the city imposing other or additional fees or charges for the use or presence of pipelines in its streets if the city is required or allowed to assess such fees or charges pursuant to Texas Tax Code § 182.025, or other applicable federal, state or local law, now or hereafter existing, which authorizes the city to make a charge for the use of its streets in excess of the charges set forth in section 40-234(f) of this Code. Such other fees or charges, if assessed by the city, shall be in lieu of the charges set forth in section 40-234(f) of this

Code, but the remaining terms and provisions of any permit ordinance then in effect shall remain in full force and effect, save and except of any conflict with the applicable law under which the other fees or charges are assessed.
(Ord. No. 01-1078, § 2, 12-5-01)

Sec. 40-231. Permit ordinance required.

No person may own, maintain, operate, acquire, construct, or extend a pipeline in a street except in accordance with a permit ordinance enacted in accordance with this article.
(Ord. No. 01-1078, § 2, 12-5-01)

Sec. 40-232. Application process.

(a) Application for a permit ordinance shall be made to the director and shall include:

(1) For all existing pipelines:

(a.) Maps or schematic drawings, in a format to be approved by the director, showing the route within the city of each pipeline including its location and elevation in every street (elevation need not be supplied for gathering systems, or if not economically feasible);

(b.) The diameter, normal operating pressure range and the maximum allowable operating pressure of each existing pipeline, other than a gathering system, within the city;

(c.) The materials transported by each existing pipeline within the city;

(d.) The location of shutoff valves for every segment of a pipeline in a street;

(e.) The business address and telephone number of the person responsible for the operation of each existing pipeline;

(f.) The business address and telephone number of the owner of each existing pipeline;

(g.) The telephone number of at least one emergency contact available on a 24-hour basis; and,

(h.) Such other information as the director shall reasonably request.

(2) Certificates of insurance for the coverages set forth in this article; and;

(3) The name, address and telephone number of permittee and the names of its permitted affiliates, if any.

(b) If the application is in compliance with the terms of this article the director shall recommend to the city council that it enact a permit ordinance.

(c) If the director believes the application is not in compliance with the terms of this article, the director shall notify the applicant in writing of the specific deficiencies found.

(d) If the applicant re-files its application and/or amends its application to correct all deficiencies noted by the director, the director shall recommend to the city council that it enact a permit ordinance.

(e) A permit ordinance will constitute permit for pipelines owned or operated by the permittee or any permitted affiliate designated by the permittee in its application. Permittee may add additional permitted affiliates under its permit from time to time by submitting to the director a suitable written assumption by or on behalf of the permitted affiliates of all duties, obligations, and liabilities of a permittee under this article in accordance with section 40-234(m) of this Code.

(f) The director shall endeavor to process applications within 120 days after their submittal, refiling, or amendment, as applicable.
(Ord. No. 01-1078, § 2, 12-5-01)

Sec. 40-233. Form of permit ordinance.

Every permit ordinance enacted pursuant to this article shall permit, on the conditions provided in this article, the construction, operation,

[The next page is 2761]

maintenance, improvement, repair, and replacement in the street of pipelines (including new pipelines constructed pursuant to construction permits granted under subsection (c) of section 40-234) owned or operated by permittee or any designated permitted affiliate and within the scope of this article. The city attorney shall prepare each permit ordinance recommended by the director consistent with this article.
(Ord. No. 01-1078, § 2, 12-5-01)

Sec. 40-234. Conditions of permit ordinance.

(a) *Term.* The term of the permit ordinance, subject to the termination provisions, shall be for a period of a maximum of 30 years from and after its effective date.

(b) *Material transported.* Permittee may operate pipelines authorized under the permit ordinance for the purpose of transporting the material or materials indicated in the application or in accordance with any notice filed with the director pursuant to subsection (d) below. If permittee changes the material transported in a pipeline, the permittee shall notify the director in accordance with subsection (d) below.

(c) *Permit for new pipeline.*

(1) *Application requirements.* From time to time during the term of a permit ordinance, permittee may file an application to construct a new pipeline (including an extension of a previously constructed pipeline) in a street. To apply, permittee shall submit to the director the information set forth in section 40-232(a)(1) of this Code. Notwithstanding anything contained in this article or in any permit ordinance to the contrary, the director shall not approve any application for a new pipeline (other than a replacement pipeline) which is intended to be constructed so as to run within and parallel to the right of way of a street for a distance of 5,000 or more consecutive feet, unless expressly authorized by the city council.

(2) *Permit approval process.* If permittee has supplied the required information to the director, and the director determines that the new pipeline will not unduly interfere with the construction, maintenance, or use of any existing or planned public work or utility in the affected streets, the director shall permit the new pipeline by issuing an addendum to the existing permit ordinance. If the director does not approve the application, the director will notify permittee in writing of the basis of the failure to approve, and permittee may re-file its application to cure any deficiency capable of cure by permittee. The director shall endeavor to process applications within 120 days after their submittal, or refiling.

(3) *Construction permit required.* Permittee shall not construct or cause to be constructed a new pipeline in a street without obtaining a permit for such construction from the director in accordance with this subsection.

(d) *Updating information.* Permittee shall update permit information within 30 days after changes occur. Permittee shall not transport in a pipeline any material other than materials set forth in its application and prior notices, or operate pipelines in excess of their maximum operating pressure or disable any shutoff valve, without notifying the director of such change ten days or more prior to such change. Upon request by the director, made no more frequently than annually, permittee shall certify in writing to the director that permittee's information filed with the city is true, correct and complete.

(e) *Abandoned pipeline.*

(1) Permittee shall notify the director of the location of each abandoned pipeline owned by permittee in the street as of the effective date and, on request, notify the director of the manner in which such pipeline has been retired from service, to the extent such information is available.

(2) In the event a pipeline that is permitted under a permit ordinance becomes an abandoned pipeline, permittee shall notify the director as soon as practicable. The director may request the permittee to remove such abandoned pipeline from the street (and if objected to by permittee,

only if city council so directs), and in such instance, permittee shall obtain all building permits and street-cut permits, and effect such removal within 120 days.

(3) Permittee shall not be required to pay any fees under its permit ordinance for an abandoned pipeline following the date of its abandonment, however, permittee shall not be allowed any credit or rebate for any fees previously paid for an abandoned pipeline.

(f) *Fees.* Permittee shall pay the applicable fees stated for this provision in the city fee schedule to the city on or before the stated due date.

For purposes of this subsection, a permittee and its permitted affiliates shall be considered to be one person. The foregoing fees are commensurate with the city's expenses in administering, supervising, inspecting, and regulating pipelines in streets. The city does not waive by assessing the foregoing fees and expressly reserves its right *(i)* under Texas Tax Code § 182.025 to make a reasonable lawful charge for the use of a street in the city by a public utility, as defined therein, to distribute gas, and *(ii)* to assess any other lawful fees or charges.

(g) *Miscellaneous.* All costs and expenses connected with a pipeline, including without limitation costs and expenses for the operation, maintenance, repair, and insurance of the pipeline, shall be permittee's sole responsibility. The pipeline and the internal or external, structural, electrical or mechanical apparatus and hardware included therein shall at all times during the term of the permit ordinance be the sole property of permittee or the person for whom permittee operates the pipeline. Furthermore, throughout the term of a permit ordinance, permittee shall at all times, maintain, operate and repair the pipeline in accordance with all applicable laws. The city retains the right to make visual, non-invasive inspections of the pipeline and on request of the director from time to time, to require permittee to provide available records or data to demonstrate its current compliance with the terms of this article.

(h) *Restoring streets.* In installing, maintaining, repairing or removing a pipeline, permittee shall not disturb water mains or sanitary or storm sewers without the approval of the director, except during an emergency. Permittee shall, at its sole cost and expense, refill and repair (including by repaving any cut in any pavement or sidewalk) all excavations made by permittee in the street or any adjacent public right-of-way or other city property and all damage to water mains and sanitary and storm sewers in connection with the maintenance, operation, repair or removal of any pipeline.

In the event that permittee fails to commence or thereafter to diligently prosecute any required repair, refilling or other work so required to be done by the permittee, following notice and opportunity to cure as provided for in this article, then the city may cause such work to be done and may recover all costs thereof from permittee together with all court costs and reasonable attorney's fees.

(i) *Removal.* The city council reserves the right, subject to the terms of this article, to require permittee to remove a pipeline from the street and cause the street to be restored to the same condition, or in as good a state of repair or condition, as said street was in prior to placement or removal of the pipeline, whenever required to maintain the safe condition of the city's use of the street or for the construction of public works.

(j) *Other ordinances.* Permit ordinances issued under this article are in all respects subject to the charter and ordinances of the city, including but not limited to section 40-4 of this Code, article V of this chapter, the regulations issued pursuant to section 40-128 of this Code, the Construction Code, the Fire Code, and such future charter provisions and ordinances as may be hereafter passed and adopted by the city, except that (i) the insurance and indemnity provisions of this section shall pre-empt the requirements of sections 40-136(b)(8) and 40-147 of this Code and (ii) sections 40-143 and 40-145 of this Code shall not apply to pipelines within the scope of this article.

(k) *Relocations.* When found necessary by the director to facilitate the construction of public works, permittee shall lower, adjust or remove a

pipeline in a street. It is the purpose of this subsection that improvements, changes and alterations in existing streets covered by this article, including right-of-way and water, sanitary sewer or storm sewer lines, shall in no wise be hampered by permittee's pipeline. All work incident to the lowering and/or relocation of permittee's pipeline, or of removing a permittee's pipeline pursuant to subsection (i) of this section, shall be done at the sole expense of permittee, unless there was no street, street easement or public way at such location prior to the installation of the pipeline or pipeline easement, in which case the city shall bear the expense of relocation or removal. In the event of a dispute, permittee shall bear the burden of proving no prior street or street easement.

(l) *Successors.* The permit ordinance and all limitations and obligations imposed thereby and under this article shall inure to the benefit of and be binding upon the successors, in law or otherwise, of permittee.

(m) *Acceptance of permit ordinance.* Permittee shall file a written acceptance of the permit ordinance with the city secretary within 30 days after the date of passage thereof and shall thereupon be bound by all of the terms and conditions hereof. Such written acceptance shall constitute, whether or not expressly stated therein, an acceptance of and agreement to observe and perform all limitations and obligations contained in this article. A permit ordinance shall commence and inure to the benefit of permittee, effective immediately upon the filing of such written acceptance by permittee. An acceptance by permittee or a permitted affiliate satisfies the requirements of this subsection if it is in writing, signed in the name of such person by an authorized officer, addressed to the city, and provides substantially as follows:

> '[*Name of permittee or permitted affiliate*] [, on behalf of itself and each permitted affiliate named therein,] hereby fully accepts City of Houston Ordinance No. [*number of permit ordinance*] and expressly agrees to fully observe and fully perform all limitations and obligations contained in chapter 40, article IX, Code of Ordinances, City of Houston, and further certifies to the city all of permittee's information filed with the city in connection with the issuance of such permit ordinance is true, correct and complete.'
>
> If permittee or a permitted affiliate is an entity other than a natural person, such entity shall file with such acceptance a copy of its corporate resolution or other document ("authorization") appropriate to demonstrate that such entity is duly authorized to accept the permit.

(n) *Enforcement.* The city attorney or his designee shall have the right to enforce all legal rights and obligations under the permit ordinance without further authorization. Permittee shall provide to the director, director of administration and regulatory affairs and city attorney documents and records that the director, director of administration and regulatory affairs and city attorney deems reasonably necessary to determine permittee's compliance with the permit, with the exception of those documents made privileged and/or confidential by federal or state law or regulation or any documents that would be privileged under the Texas Rules of Civil Procedure.

(o) *Indemnity; release.* Permittee shall release, protect, defend, and hold harmless the city, its employees, officers, and legal representatives (collectively in this section, the "city") from any and all permittee and/or third party claims, demands, and liability, including defense costs, relating in any way to damages, claims, or fines (collectively, "claims") arising by reason of or in connection with: (1) the city's actual or alleged negligence arising solely from the grant of, administration of, or operations under a permit ordinance, including but not limited to the city's approval of work plans, city inspection of the permittee's pipelines or the repair or maintenance thereof, the city's receipt or failure to receive insurance policies, or similar acts or omissions of the city in connection with its rights, duties, or obligations under the permit ordinance together with (2) permittee's actual or alleged negligence in the construction, maintenance, or operation of its pipelines in the rights of way under the permit ordinance, provided, however, that the permittee shall not be required to indemnify or pay the defense costs of the city where: (1) the claims arise in whole or in part out of permittee's compliance with the city's

directives (other than those ordering compliance with applicable laws, ordinances, rules, or regulations) relating to the time, place, or manner of the activities of permittee alleged or found to be negligent; and additionally (2) there is a finding in a final, nonappealable order or judgment that the city is 51 percent or more at fault.

(p) *Insurance.* Permittee shall provide and maintain in full force and effect during the term of its permit ordinance at least the following insurance:

(1) Worker's compensation at statutory limits;

(2) Employer's liability, including bodily injury by accident and by disease, for $500,000.00 combined single limit per occurrence and a 12-month aggregate policy limit of $1,000,000.00;

(3) Commercial general liability coverage, including blanket contractual liability, products and completed operations, personal injury, bodily injury, broad form property damage, operations hazard, pollution, explosion, collapse and underground hazards for $5,000,000.00 per occurrence and a 12-month aggregate policy limit of $10,000,000.00; and

(4) Automobile liability insurance (for automobiles used by the permittee in the course of its performance under the permit, including employer's non-ownership and hired auto coverage) for $2,000,000.00 combined single limit per occurrence.

The director of administration and regulatory affairs shall adjust the above minimum liability limits every five years during the term to compensate for the effects of inflation and with the objective to reestablish the value of coverage required as of the effective date.

Each policy or an endorsement thereto, except those for worker's compensation and employer's liability, shall name the city and its officers, employees and agents as additional insured parties, but limited to risks indemnified pursuant to subsection (o) of this section. If any such policy is written as "claims made" coverage and the city is required to be carried as an additional insured, then permittee shall purchase policy period extensions so as to provide coverage to the city for a period of at least two years after the last date that the permit ordinance is in effect. No deductible shall exceed ten percent of the minimum limits of liability or one percent of the consolidated net worth of permittee and its permitted affiliates, whichever is greater.

Permittee shall assume and bear any claims or losses to the extent of deductible amounts and waives any claim it may ever have for the same against the city and its officers, agents or employees in respect of any covered event.

All such policies and certificates shall contain an agreement that the insurer shall notify the director of administration and regulatory affairs in writing not less than 30 days before any material change, reduction in coverage or cancellation of any policy. Permittee shall give written notice to the director of administration and regulatory affairs within five days of the date upon which total claims by any party against permittee reduce the aggregate amount of coverage below the amounts required by the permit.

Each policy must contain an endorsement to the effect that the issuer waives any claim or right in the nature of subrogation to recover against the city, its officers, agents or employees.

Each policy must contain an endorsement that such policy is primary insurance to any other insurance available to the city as an additional insured with respect to claims arising thereunder.

Permittee shall be entitled to purchase and maintain the insurance required under this subsection under so-called "blanket policies," provided the coverage thereunder is at least at the levels contained herein and is otherwise adequate in keeping with prudent underwriting standards.

At the time of application, and at the director of administration and regulatory affairs' request, permittee shall provide certificates of insurance reflecting that the terms of this subsection have been met. Notwithstanding

the proof of insurance requirements set forth in this subsection, permittee, throughout the term of its permit, continuously and without interruption, shall maintain in force the required insurance coverages set forth in this subsection.

In lieu of maintaining policies of insurance described in this subsection, permittee may elect to self-insure against the risks described in this subsection, provided that permittee submits to the director documents showing either (i) self-insurance reserves or other assets sufficient to pay judgments equal to the minimum limits of liability set forth in this subsection, or (ii) a net worth that exceeds ten times the aggregate minimum limits of liability set forth in this subsection. If, during the term of a permit ordinance, any such self-insurance program ceases or the self-insured's assets, reserves or net worth are no longer adequate to provide the above coverages, permittee shall immediately notify the city of such lapse of coverage and obtain or cause to be obtained commercial insurance in accordance with the requirements of this subsection within 30 days. If permittee self-insures, permittee has a duty to defend the city in the same manner as a permittee with insurance in any suit seeking damages against the city in connection with permittee's pipeline, and permittee will pay all costs and expenses of such defense or reimburse the city for all costs and expenses incurred by the city for such defense."

(q) *Events of termination.* A permit ordinance issued under this article shall, at the option of the city council, terminate (as to the affected pipeline or portion thereof only in the event of an occurrence under items (1), (5) or (6) of this subsection) upon the occurrence of any one or more of the events described below (collectively referred to herein as 'events of termination'). Each event of termination is a separate and independent basis for termination of the permit (or application thereof to the affected pipeline or portion thereof, as applicable). The events of termination are as follows:

(1) The city council, in its legislative discretion, determines that the existence or operation of a pipeline, or any part thereof, constitutes a hazard, nuisance or other threat to the public health, safety or welfare or that the existence or continued operation of the pipeline, or any part thereof, interferes with the current or prospective use of a street. Termination under this subsection shall be by ordinance and become effective after permittee has been given 180 days' notice of such termination, unless circumstances comprising a bona fide emergency and an imperative public necessity warrant more immediate termination.

(2) Expiration of the term of the permit ordinance.

(3) Permittee fails to timely pay any of the fees herein provided for or is delinquent in the payment of any charges due under the permit ordinance.

(4) Permittee fails to maintain at any time the insurance as required in this article.

(5) Permittee fails to commence or thereafter to diligently prosecute to completion any required maintenance, repair or other work required by this article to be done by permittee within 30 days after being notified of such required action by the director. In the event of an emergency, notice shall be deemed given and received after telephone contact with an authorized officer or director of permittee, and permittee shall commence the requested repairs within 24 hours.

(6) Permittee abandons the pipeline.

(7) Permittee fails to file a written acceptance of the permit ordinance within the time and in the manner prescribed in this article.

(8) Permittee fails to comply with any of the terms, conditions or provisions of the permit ordinance or this article.

(9) Permittee commences dissolution or some other similar proceeding that would impair, modify, alter, extinguish or significantly change permittee's ability to perform permittee's obligations under the permit ordinance.

Upon the occurrence of an event of termination described in item (1) or (2) of this subsection, such an event of termination may not be cured by permittee and the permit ordinance shall terminate (only as to the affected pipeline in the event of termination pursuant to item (1), (5), or (6) of this subsection) in the manner and in accordance with the applicable provisions of said subsections and the permit ordinance. Upon the occurrence of one or more of the events of termination other than in item (1) or (2) of this subsection, the director or director of administration and regulatory affairs shall so notify permittee in the manner provided in the permit ordinance. After such notice, permittee shall have 30 days in which to cure the event of termination. Should permittee fail or refuse to cure the event of termination within the 30-day time period prescribed, city council may terminate the permit ordinance (only as to the affected pipeline or portion thereof in the event of termination pursuant to item (5) or (6) of this subsection; provided that if permittee commences efforts to cure such event of termination within 30 days after receipt of such written notice and thereafter prosecutes such efforts with reasonable diligence in the sole determination of city council until such event of termination is cured, then such event of termination shall cease to exist and no action to terminate the permit ordinance or an application thereof will be taken. Failure of the city to enforce its rights and remedies under this section with respect to one event of termination shall not operate as a waiver of the city's right to thereafter enforce its rights and remedies with respect to any such continuing event of termination or another event of termination. Termination of the permit ordinance or an application thereof shall not waive, release or satisfy any duty, covenant or obligation of permittee under this article or the permit ordinance which permittee has not fully performed as of the time of termination.

(r) *Transfer of authority.*

(1) *Notice.* A person may acquire and own pipeline prior to being permitted pursuant to this article if (i) the permittee notifies the city within ten days of the transfer of ownership, and (ii) permittee retains all responsibilities associated with the permit until the city approves the transfer of the permit.

(2) *Prohibition.* Neither the permit ordinance nor the permit granted thereby may be assigned, in whole or in part, without the prior consent of the city council expressed by resolution or ordinance, and then only under such conditions as may therein be prescribed. No assignment in law or otherwise shall be effective until the assignee has filed with the director an instrument, duly executed, reciting the fact of such assignment, accepting the terms of this article, and agreeing to comply with all of the provisions of the permit ordinance. A mortgage or other pledge of assets in a bona fide lending transaction shall not be considered an assignment for the purposes of this section.

(3) *Process.* Upon receipt of a request for consent to an assignment, the director shall diligently investigate the request in a timely manner and recommend placement of the request on the city council agenda at the earliest practicable time. The city council shall proceed to act on the request within a reasonable period of time.

(4) *Scope of review.* In reviewing a request for consent to an assignment, the city may inquire into the technical and financial qualifications of the prospective assignee, and permittee shall assist the city in so inquiring.

(5) *Assignments not requiring approval.* Notwithstanding anything to the contrary contained in this section, the approval of the city shall not be required for any assignment (1) to any permitted affiliate; (2) to any entity with which permittee or an affiliate of permittee shares joint ownership of the pipeline, as long as permittee is retained as the manager of day-to-day pipeline operations; or (3) to any entity that is a holder of a then current permit ordinance enacted by the city on or

after the effective date. Permittee shall give written notice of such assignment to the director.

(6) *Release.* Upon receiving the director's consent to an assignment or, in the event of an assignment qualifying under subsection (r)(5), upon giving notice under subsection (r)(5), the assigning permittee shall be relieved of all conditions, obligations, and liabilities arising or which might arise under the assigned permit, from and after the date of assignment.

(s) *Cathodic protection.* Any cathodic protection system used with permittee's pipelines shall not cause any existing public facilities in the vicinity of the pipeline and known to permittee to be sacrificed or experience materially accelerated corrosion as a result of the operation of such cathodic protection system.
(Ord. No. 01-1078, § 2, 12-5-01; Ord. No. 02-399, § 84, 5-15-02; Ord. No. 08-52, §§ 68, 69, 1-16-08, eff. 1-26-08; Ord. No. 2011-1168, § 13, 12-14-2011)

Sec. 40-235. Effect of other laws.

The provisions of this article shall be subject to any federal and state legislation, rules, or regulations, presently or hereafter enacted or adopted, to the extent that said laws and regulations preempt or supersede the authority of the city with respect to this article or any provision hereof.
(Ord. No. 01-1078, § 2, 12-5-01)

Secs. 40-236—40-249. Reserved.

ARTICLE X. PAVING ASSESSMENTS*

Sec. 40-250. Declaration of policy.

It is hereby declared to be the policy of the City of Houston that a dwelling claimed as a residence homestead which is located in an area where deed restrictions do not exist, or where such restrictions are of doubtful enforceability, shall, for paving assessment purposes, be treated similarly to a dwelling located in an area having enforceable deed restrictions, to the extent that is practicable.
(Ord. No. 87-285, § 1, 2-25-87)

Sec. 40-251. Definitions.

The following words and phrases shall be defined as follows:

(1) *Eligible,* when used to modify "unrestricted homestead property," as herein defined, shall mean that the ordinance closing the hearing and assessing the benefits has not been adopted at the time of the effective date of this article.

(2) *Equivalent assessment* shall mean that part of the paving assessment on an eligible unrestricted homestead property which would be applicable to a similar restricted dwelling.

(3) *Excess assessment* shall mean the amount by which an assessment on an eligible unrestricted residence homestead property exceeds the assessment on a similar restricted dwelling.

(4) *Exemption* shall mean a residence homestead exemption recognized by the H. C. A. D., as herein defined.

(5) *H. C. A. D.* shall mean the Harris County Appraisal District, or where appropriate, any other governmental entity or agency which has, or previously had, authority to recognize residence homestead exemptions.

(6) *Owner* shall mean one or more persons who have legal title to an unrestricted residence homestead property.

(7) *Restricted dwelling* shall mean a dwelling located in an area which has enforceable deed restrictions.

(8) *Unrestricted residence homestead property* shall mean a dwelling claimed as a homestead and located in an area having

*__Cross references—__Taxation generally, Ch. 44; paving assessment lien releases—Authority to execute § 44-20.

no deed restrictions, or where such deed restrictions are of doubtful enforceability.

(Ord. No. 87-285, § 1, 2-25-87)

Sec. 40-252. Reduction of excess assessment—Amount.

The personal obligation of the owner of an eligible unrestricted residence homestead property for payment of the excess assessment levied against such property may be reduced and cancelled by one-tenth of the amount of such excess assessment for each year of occupancy in which the owner has received an exemption from the H.C.A.D. and furnishes proof thereof to the department of finance.

(Ord. No. 87-285, § 1, 2-25-87; Ord. No. 08-52, § 70, 1-16-08, eff. 1-26-08)

Sec. 40-253. Same—Procedure.

An owner desiring to reduce and cancel the amount of the excess assessment on eligible unrestricted residence homestead property shall:

(1) Apply to the finance department of the city for the reduction and cancellation of the excess assessment;

(2) Furnish with such application proof satisfactory to the finance department that the eligible unrestricted residence homestead property was occupied by the owner at the time the initiation ordinance for the paving improvement was passed;

(3) Furnish proof the owner had received an exemption from the H.C.A.D. for the year in which the initiation ordinance was adopted; and

(4) Annually furnish proof to the finance department of the city that the H.C.A.D. has continued to grant an exemption for such eligible residence homestead property so long as the owner remains qualified to claim a reduction or cancellation of the excess assessment as herein provided.

(Ord. No. 87-285, § 1, 2-25-87; Ord. No. 08-52, § 71, 1-16-08, eff. 1-26-08)

Sec. 40-254. Obligation for payment of equivalent assessment.

The personal obligation of the owner for payment of the equivalent assessment, if any, shall continue in force without regard to the reduction or cancellation of the excess assessment, and the owner shall be obligated to pay interest on the unpaid balance thereof as provided in the ordinance closing the hearing and assessing the benefits. If the exemption terminates before cancellation of the excess assessment, the balance thereof shall become a personal obligation of the owner or the owner's estate and interest thereon shall accrue at the rate provided in the ordinance closing the hearing and assessing the benefits from the date of the loss of the exemption.

(Ord. No. 87-285, § 1, 2-25-87)

Sec. 40-255. Satisfaction of amount due.

Upon final and complete payment of the equivalent assessment, if any, and the cancellation or payment of the balance of the excess assessment, the city will furnish to the owner or the owner's successor in interest, a recordable instrument acknowledging the full and final satisfaction of the amount owed by the owner or the owner's estate.

(Ord. No. 87-285, § 1, 2-25-87)

Secs. 40-256—40-260. Reserved.

ARTICLE XI. SIDEWALK SALES*

DIVISION 1. GENERALLY

Sec. 40-261. Scope of article; definitions.

(a) This article shall control and govern certain sales of merchandise within a portion of the downtown area that is associated with the theater/entertainment district.

*__Editor's note—__Ord. No. 2023-238, § 3, adopted April 12, 2023, amended the title of Ch. 40, Art. XI to read as herein set out. Former Art. XI was titled sidewalk sales and performances.

(b) The following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them in this section, unless the context of their usage clearly indicates another meaning:

Director shall mean the Director of Houston Public Works and shall include the director's designee.

Fee owner shall mean the holder of the fee title or other person having the present right of possession and control of the real property abutting the sidewalks. In those instances where the city is the fee owner, then it shall mean the department director of the city department responsible for maintenance and control of the property. No provision herein shall be construed to require any city department director to grant permission for the use of any city property or to waive the payment of any applicable concession or use fee.

Food shall have the meaning ascribed in section 20-18 of this Code.

Food vendor shall mean a person who sells food from a mobile food unit.

Merchandise vendor shall mean a person engaged in the sale of artwork, souvenirs, or fresh flowers, or any combination thereof.

Mobile food unit or *unit* shall mean a food service establishment, mounted on wheels, designed to be readily movable, and propelled solely by human power.

Permit shall mean a current, valid permit issued by the director pursuant to the terms of this article to a function as a vendor.

Permittee shall mean the holder of a permit issued by the director under this article and includes the permit holder's agents, employees, and subcontractors.

Sidewalk shall mean that portion of the street right-of-way that is improved for pedestrian use.

Theater/entertainment district shall mean the area including to the mid-point of and bounded by Preston Street on the north, Dallas Street on the south, Milam Street on the east, and Interstate Highway 45 on the west.

Vendor shall mean a person engaged in the sale of food or nonfood merchandise on the sidewalk.

(Ord. No. 91-1168, § 4, 8-14-91; Ord. No. 04-1015, § 30, 9-27-04; Ord. No. 05-91, § 1, 1-25-05; Ord. No. 2018-11, § 28, 1-10-2018; Ord. No. 2023-238, § 4, 4-12-2023)

DIVISION 2. PERMIT

Sec. 40-262. Required.

It shall be unlawful for any person who is not a permittee to sell merchandise or food on the sidewalks in the theater/entertainment district. (Ord. No. 91-1168, § 1, 8-14-91; Ord. No. 2023-238, § 5, 4-12-2023)

Sec. 40-263. Application and accompanying documents generally.

Any person desiring to obtain a permit to sell merchandise or food on the sidewalks in the theater/entertainment district shall file an application with the director on a form prescribed by the director for that purpose. The application shall set forth the following information and be accompanied by the following documents:

(1) The name, mailing address, street address (if different), and telephone number of the applicant, together with a statement as to whether the applicant is an individual, a partnership, or a corporation, and if a partnership, the names of all general partners or if a corporation a copy of the articles of incorporation;

(2) A map showing the proposed location of the specific site(s) desired. The applicant may either designate one site for twenty-four hour use or designate two sites, with one site designated as the daytime site with hours of operation between 7:00 a.m. until 5:00 p.m. and the other site designated as the night time site with hours of operation between 5:01 p.m. until 6:59 a.m.;

(3) The written permission of the abutting fee owner for the use of the site(s);

(4) A statement whether the applicant desires a permit as a food vendor or merchandise vendor;

(5) If the applicant seeks a permit as a food vendor or a merchandise vendor, then proof that the sales of merchandise or food will be covered by comprehensive general liability insurance with limits of not less than $100,000.00 for death of or injury to one person and $300,000.00 for death of or injury to more than one person and $25,000.00 for property damage, per occurrence, which policy shall name the city as an additional insured, and shall provide that ten days' prior notice be given to the director in the event of cancellation;

(6) A description of the nature, size, and manner of construction of any carts or racks, or other display equipment to be utilized by the applicant which shall be subject to review to ensure that the same will not pose a hazard to vehicular or pedestrian traffic;

(7) A food vendor applicant shall provide proof that the mobile food unit has a current and valid mobile food service unit medallion issued under section 20-37 of this Code;

(8) A food vendor applicant shall state whether his operations will be limited to "restricted operations" as defined in section 20-22 of the City Code. If not, then the applicant shall also provide proof that he holds a current and valid food dealer's permit issued under chapter 20 of this Code;

(9) A food vendor applicant shall state whether the mobile food unit will be fueled by liquefied petroleum gas. If so, the applicant shall provide proof that he holds a current and valid permit for the use of liquefied petroleum gas on the mobile unit issued pursuant to Chapter 61 of the Fire Code; and

(10) A food vendor applicant shall provide a photograph or graphic representation accurately depicting the unit and a general written description of the unit and shall demonstrate that the unit meets all of the same special requirements that are applicable to mobile food units used by licensed park vendors as specified in section 20-22 of this Code.

(Ord. No. 91-1168, § 4, 8-14-91; Ord. No. 95-279, § 12, 3-15-95; Ord. No. 2021-1037, § 20(Exh. I.43), 12-1-2021, eff. 4-1-2022; Ord. No. 2023-238, § 6, 4-12-2023)

Sec. 40-264. Fees.

Each application shall be accompanied by the applicable nonrefundable fees stated for this provision in the city fee schedule.

(Ord. No. 91-1168, § 4, 8-14-91; Ord. No. 2011-1168, § 13, 12-14-2011)

Sec. 40-265. Permit—Issuance or denial.

(a) Within ten days of receipt of a permit application, the director shall grant or deny the requested permit and give written notice to the applicant of the decision.

(b) The director shall issue a permit to the applicant on a first applied, first issued basis unless one or more of the following conditions exist:

(1) The applicant failed to supply all of the information requested on the application;

(2) The applicant gave materially false, fraudulent, or untruthful information on the application;

(3) The applicant has not fully complied with all state, federal, and local laws or regulations affecting the conduct of its businesses;

(4) Houston Public Works determines that the application should be denied on the basis of the review conducted under section 40-268 of this Code; or

(5) The application or the applicant does not meet any other requirement of this Code.

(c) In the event that the director determines that an application should be denied, the applicant shall be given notice in writing of the reasons for

the denial. An applicant may appeal the decision of the director regarding such denial by filing a written request for a hearing with the director within ten days after he is given notice of such denial. The director's decision on the application shall be final unless an appeal is timely filed. An appeal shall not stay the director's decision on the issuance of a permit. The applicant's written request for a hearing shall set forth the grounds on which the denial is challenged. The hearing shall be conducted by the city's director of administration and regulatory affairs or his designee who shall act as the hearing official under this article. The hearing official shall not have participated in any investigation or decision relating to the denial of the permit. At the hearing, the hearing official shall receive oral and written evidence regarding the application. Hearings shall be conducted under rules issued by the director of administration and regulatory affairs which shall be consistent with the nature of the proceedings and shall ensure that each party may present evidence, cross-examine witnesses, and be represented by legal counsel.

(d) The hearing official shall conduct the hearing within ten days after receipt of the applicant's written request for a hearing, unless the applicant requests an extension in writing. The hearing official shall render written decision and issue notice thereof, to the applicant within five days after the conclusion of the hearing. The written decision of the hearing official shall be final.

(e) Failure of the director to give timely notice of his action on an application or failure of the hearing official to timely conduct or give notice of his decision on an appeal from the director's decision, shall entitle the applicant to the issuance of a temporary permit upon written demand therefor filed by the applicant with the director. Such a temporary permit shall only be valid until the third day after the director gives notice of his action on the application or the hearing official gives notice of his decision on the appeal, as applicable.

(Ord. No. 91-1168, § 4, 8-14-91; Ord. No. 93-514, § 84, 5-5-93; Ord. No. 08-52, § 72, 1-16-08, eff. 1-26-08; Ord. No. 2018-11, § 50, 1-10-2018)

Sec. 40-266. Same—Revocation.

(a) The director shall have the authority to revoke a permit for any one or more of the following reasons:

(1) The permittee gave materially false, fraudulent, or untruthful information on the application;

(2) The permittee failed to fully comply with all state, federal, and local laws or regulations affecting the conduct of its business;

(3) The permit was issued in error;

(4) The permittee has failed to follow the direction of the director or any peace officer of the city to temporarily vacate a site until any undue vehicular and pedestrian traffic congestion or any other unsafe condition was abated;

(5) The permittee has violated any other provision of this article;

(6) The activities of the permittee are not being conducted in the manner described in the application;

(7) That the insurance required in section 40-263 has expired or been cancelled without renewal or replacement; or

(8) The written permission of the abutting fee owner for the use of the site(s) has been revoked.

(b) Prior to revocation of a permit, the director shall investigate the grounds alleged to determine whether probable cause for revocation may exist and, if so, shall notify the permittee in writing of reasons for the proposed revocation and grant such permittee the opportunity to appear before a hearing official to be designated by the director of administration and regulatory affairs at a time and place specified within such notice. The hearing official designated shall not have participated in any investigation of the alleged grounds for the revocation. Such hearing shall be held not less than ten days after the notice is given. Hearings shall be conducted under rules issued by the director of administration and regulatory affairs. Such rules shall be consistent with the nature of the proceedings

and shall ensure that each party may present evidence, cross-examine witnesses, and be represented by legal counsel. If, after the hearing, the hearing official finds that the permit should be revoked, he shall issue a written order revoking such permit which shall be effective on the third day after notice thereof is given to the permittee. The written decision of the hearing official shall be final.
(Ord. No. 91-1168, § 4, 8-14-91; Ord. No. 08-52, § 73, 1-16-08, eff. 1-26-08; Ord. No. 2023-238, § 7, 4-12-2023)

Sec. 40-267. Other permit provisions.

(a) A permit shall be valid only for the use of the site(s) stated thereon and must be maintained and prominently displayed at the site(s) at all times while in use.

(b) All activities by permittees will be conducted upon the designated site(s); provided however, that if the director of parks and recreation grants approval for a special event in a city park that is located within the theater/entertainment district and a permittee has selected a site(s) in or within 100 feet of the boundaries of that park, then the permittee agrees that upon notice by an employee of the parks and recreation department of that park event, for the duration of that park event, he shall suspend his operations at that site(s) during the time that the park event is occurring and select an alternative site(s) subject to any approval herein required and located outside of 100 feet of the boundaries of that park.

(c) The permittee shall not install, erect, or maintain any signs on the sidewalk except in the case of food vendors, those permitted on the unit itself.

(d) Sites for mobile food units and merchandise vendors shall be at least 20 feet apart.

(e) The size and location of sites must be such that they will not pose a hazard to vehicular or pedestrian traffic.

(f) The permittee shall not install any permanent improvement on the sidewalk.

(g) In the event that activities at any site should cause undue vehicular and pedestrian traffic congestion or any other unsafe condition, then the director or any peace officer of the city may direct the permittee to temporarily vacate the site until the situation has abated, and the permittee shall comply.

(h) All equipment and materials shall be removed from the site at any time that the permittee is not physically present upon the site. If equipment and materials are left unattended, they may be removed. The permittee shall then be liable for all reasonable removal and storage charges.

(i) Sales of food or merchandise shall be made only to pedestrians. No food or merchandise shall be offered or sold to any occupant of any vehicle.

(j) Permittees shall remain within their sites and shall not hawk their merchandise or services in any manner, but may respond to inquiries about their merchandise or services.

(k) The permittee shall maintain records of daily gross sales, purchases, and expenses of or from the unit and those records shall be available for inspection by the director upon request. These records need not be available on the unit itself.

(l) The permittee shall be responsible for supervising the conduct of its patrons and employees.

(m) The permittee and his employees shall wear clean outer garments and shall refrain from smoking and eating during working hours.

(n) A permit shall only be valid for the purpose described in the application.

(o) A permit may be canceled upon written request of the permittee and surrender of the permit itself to the director. The surrender of a permit shall be effective upon its filing in the office of the director.

(p) A permit shall be personal to the permittee and may not be transferred or assigned.

(q) The permittee shall update and supplement the information provided as a part of his application to ensure that it remains true and correct at all times.
(Ord. No. 91-1168, § 4, 8-14-91; Ord. No. 2023-238, § 8, 4-12-2023)

Sec. 40-268. Referral to other departments.

Each application shall be reviewed by Houston Public Works under the criteria of subsections (c), (d), and (e) of section 40-267 of this Code and item (6) of section 40-263 of this Code, referred to the department of parks and recreation for review under the criterion of subsection (b) of section 40-267 of this Code, and referred to the Houston Health Department for review under the criteria of items (7), (8), (9), and (10) of section 40-263 of this Code and subsection (d) of section 40-269 of this Code.
(Ord. No. 91-1168, § 4, 8-14-91; Ord. No. 93-514, § 85, 5-5-93; Ord. No. 04-1015, § 31, 9-27-04; Ord. No. 2015-820, § 34, 8-26-2015; Ord. No. 2018-11, § 50, 1-10-2018; Ord. No. 2023-238, § 9, 4-12-2023)

Sec. 40-269. Food vendors—Additional conditions for permits.

A food vendor's permit shall be further subject to the following conditions and may be suspended or revoked for failure to comply with any one of them:

(a) The permittee shall maintain the unit in good repair and keep it free from defects that may present a hazard to life or property.

(b) The permittee shall make the unit available for inspection by the director or the health officer or their representatives at any time while the unit is in operation. No notice prior to such an inspection shall be required.

(c) The permittee shall thoroughly clean the unit and drain and flush the liquid waste tanks each day the unit is operated.

(d) A food vendor applicant shall provide a description of all foods to be sold and the proposed hours of operation.

(e) The permittee must comply with all other applicable state and city rules and regulations specifically including all food or health-related ordinances of the city and all state and federal food labelling news. The unit itself and the permittee must meet all applicable requirements for the operation of mobile food units and food establishments as set out in chapter 20 of the City Code at all times.

(f) In addition to the marking requirements of chapter 20 of the City Code, each unit shall be clearly marked with the name and phone number of the permittee and the phone number of the Houston Health Department.

(g) The permittee shall serve, store, and display his food on or in the unit itself and shall not use, set up, or attach any crate, carton, rack, table, or other device to increase the selling or display capacity of his unit.

(h) The permittee shall not leave the unit unattended. If the unit is left unattended, it may be towed. The permittee shall then be liable for all reasonable towing and storage charges.

(i) The permittee shall not use the unit or allow anyone else to use the unit to sell, distribute, or give away any foods other than those stated in the application for the permit. The permittee is not authorized to and shall not sell any non-food items.

(j) The permittee shall keep the area within 25 feet of the unit clean and free of litter at all times. The litter receptacle on the unit shall be emptied regularly in other than a public receptacle. The litter receptacle shall be kept covered with a tight fitting lid when not in continuous use.

(k) The permittee shall not make any structural alteration of the unit without giving 30 days' advance written notice to the city.

(Ord. No. 91-1168, § 4, 8-14-91; Ord. No. 2015-820, § 34, 8-26-2015)

Sec. 40-270. Same—Unsafe or unhealthful conditions.

Notwithstanding the other provisions of this article, whenever the director or the health officer finds an unsanitary or other unhealthful or unsafe condition in the operation of a unit, he may issue a written notice to the permittee citing such condition, specifying the corrective action to be taken, and specifying the time period within which such action shall be taken; and, if deemed necessary, such order shall state that the permit is immediately suspended, and all food service operations are to be immediately discontinued. Any person to whom such an order is issued shall comply immediately therewith, but upon written petition to the director, shall be afforded a hearing within three business days after the issuance of that order.

(Ord. No. 91-1168, § 4, 8-14-91)

Sec. 40-271. Automatic suspension.

Suspension, revocation, or expiration of a permittee's food dealer's permit, mobile food service unit medallion, or required insurance coverage shall result in the automatic suspension of the permit granted hereunder without further action on the part of the city. Such suspension shall remain in effect until the permittee's food dealer's permit, mobile food service unit medallion, or insurance, as applicable are restored.

(Ord. No. 91-1168, § 4, 8-14-91)

Sec. 40-272. Issuance of regulations.

Consistent with the provisions of this Code, the director may issue regulations pertaining to the administration of this article, including but not limited to the submission of applications. A copy of such regulations shall be maintained on file for inspection at the office of the director. Copies of such regulations may be obtained upon payment of the copying fees prescribed by law.

(Ord. No. 91-1168, § 4, 8-14-91)

Sec. 40-273. Notices.

(a) Any notice required or permitted to be given by the director or any other city office, division, department, or other agency under this article to any applicant or permittee may be given either by personal delivery or by certified United States mail, postage prepaid, return receipt requested, addressed to the most recent address as specified in the application for the permit or permit renewal which has been received by the director, or any notice of address change which has been received by the director. Notices mailed as above shall be deemed given upon their deposit in the United States mail.

(b) Any notice required or permitted to be given to the director by any person under this article shall not be deemed given until and unless it is received in the office of the director at the time and in the manner provided for filing applications in section 40-263 of this Code.

(c) It shall be the duty of each applicant and permittee to furnish notice to the director in writing of any change of residence or mailing address.

(Ord. No. 91-1168, § 4, 8-14-91)

Secs. 40-274—40-280. Reserved.

ARTICLE XII. MONITORING WELLS AND ENVIRONMENTAL TEST BORING FACILITIES

Sec. 40-281. Definitions.

As used in this article, the following terms shall have the meanings ascribed to them in this section unless the context clearly indicates a different meaning:

Applicant means an applicant for a permit under this article.

Bond means a financial assurance mechanism in a form acceptable to the director, which may include, but is not limited to a letter of credit, a line of credit, pollution liability insurance or a bond executed by the permittee, as principal, with a corporate surety authorized to transact business in Texas.

Director means the Director of Houston Public Works or any person designated by the director to perform his responsibilities under this article.

Facility means any mechanical device or monitoring well and its associated apparatus, placed within a public street, and designed and constructed to measure or monitor the quality or movement of foreign substances, elements, chemicals, fluids, or pollutants below the surface of the ground; or any mechanical device, method, or apparatus, placed in a public street and designed and constructed to obtain a sample soil core boring from a depth of greater than one foot below the surface of the ground, for the purpose of removing soil for environmental quality testing.

Parks official means the director of the parks and recreation department or any person designated by that director to perform his responsibilities under this article.

Permit means a current and valid permit issued pursuant to this article.

Permittee means a person who holds a permit issued pursuant to this article.

Public street means the entire width between the boundary lines of every way that is held by the city in fee or by easement or dedication when any part thereof has been accepted by the city, or has been opened to the use of the public for purposes of vehicular travel, and specifically shall include any designated state or federal highway or road or any designated county road that is under the administrative control of the city for maintenance, repair, or vehicular traffic control purposes.

Roadway means that portion of a public street which is improved, designed, or ordinarily used for vehicular travel, exclusive of the curb, berm, or shoulder. In the event that a public street includes two or more separate roadways, "roadway" means each such roadway separately.

Sidewalk means that portion of a public street which is between the curb lines, or the lateral lines of a roadway, and the adjacent property lines and is improved and designed for, or is ordinarily used for, pedestrian travel.

Utility means the city or any other person, whether franchised as a public utility or not, who is lawfully authorized to construct, install, or maintain any pipes for transportation of gas, liquids, or other materials, or any electrical distribution system, or any telephone or intelligence distribution systems, or any cable television transmission system, in, on, under, or over a public street.

(Ord. No. 90-1157, § 1, 8-14-91; Ord. No. 93-514, § 86, 5-5-93; Ord. No. 2012-522, § 2, 5-30-2012, eff. 7-1-2012; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-282. Permit required; offense; penal and judicial remedies.

(a) By authority of a permit issued by the director under the provisions of this article, a permittee may install and maintain a facility at a designated location upon a public street. A separate limit is required for each facility to be installed.

(b) It shall be unlawful for any person to install or maintain a facility unless a permit for the facility has been issued by the director.

(c) It shall be unlawful to fail to remove a facility within the time periods provided for in this article. The city may remove each noncomply-

ing facility after the passage of ten days following the date of noncompliance and may institute a civil suit for damages, costs of removal and restoration, and attorney fees against the owner or the operator of the noncomplying facility. The existence of any penalty and costs levied against an owner or an operator of a facility shall serve as a bar to the future issuance, to the owner or the operator, of a permit provided by this article until all such penalties and costs are paid in full.

(d) Any person who violates any provision of this article shall be guilty of an offense and upon conviction, shall be punished by a fine of not less than $250.00 nor more than $2,000.00 for each violation. Each day in which any violation shall occur shall constitute a separate offense. Prosecution or conviction under this subsection shall not preclude any civil remedy or relief for a violation of this article.

(e) The city, acting through the city attorney or any other attorney representing the city, is hereby authorized to file an action in a court of competent jurisdiction to:

(1) Enjoin any person from violating or threatening to violate the terms, conditions and restrictions of any permit issued under this article;

(2) Enjoin the violation or threatened violation of the provisions of this article;

(3) Recover civil penalties for violation of the terms, conditions and restrictions of any permit issued under this article;

(4) Recover civil penalties for violation for the provisions of this article; or

(5) Recover damages from the owner of a parcel in an amount adequate for the city to undertake any construction or other activity necessary to bring about compliance with this chapter.

(f) The city, acting through the city attorney or any other attorney representing the city, is hereby authorized to enter into agreements in lieu of litigation to achieve compliance with the terms, conditions and restrictions of any permit issued under this article or the provisions of this article.
(Ord. No. 91-1157, § 1, 8-14-91; Ord. No. 2012-522, § 3, 5-30-2012, eff. 7-1-2012)

Sec. 40-283. Location on public street.

(a) Facilities shall be designed, constructed, and maintained in such a manner as to comply with the provisions of this section.

(b) A facility may not be located on, extend on to, nor intrude upon any portion of a roadway or a sidewalk unless the director determines that no reasonable alternative site exists. In any instance in which a facility must be situated on a sidewalk or roadway, it shall be installed entirely below the surface and covered in such a manner as to allow normal use of the roadway or sidewalk.

(c) A facility may not create any hazardous condition or obstruction of vehicular or pedestrian travel upon a public street.

(d) The design and location of a facility shall include all reasonable planning to minimize potential harm, injury, or interference to the public in the use of the public streets.

(e) Upon its removal a facility shall be properly closed by cementing or other sound engineering practice to prevent injuries to persons at the surface and underground contamination.
(Ord. No. 91-1157, § 1, 8-14-91)

Sec. 40-284. Design standards, plans.

(a) The director, the city engineer, the utility official, and the parks official may jointly approve and promulgate design, construction, and maintenance standards for facilities. Such standards shall be so drafted as to ensure that facilities do not impose a significant risk of personal injury or property damage.

(b) Consistent with this article and the standards promulgated under subsection (a), above, the officials named therein may adopt and promulgate standardized plans and specifications that permittees may utilize for facilities. Each applicant shall either adopt an approved plan or submit his own detailed plans prepared

under the seal of a professional engineer registered as such in Texas with his application. Each set of plans shall show the design, dimension, and depth of the facility, the manner in which it will be placed, and the process that will be used for its removal and closure.

(c) The director, the city engineer, the utility official, and the parks official, or any one of them, may require the revision of any applicant's plans to conform to the standards promulgated or adopted in this article as a condition of granting a permit.
(Ord. No. 91-1157, § 1, 8-14-91)

Sec. 40-285. Other permits.

The granting of a permit shall neither excuse the permittee from obtaining nor obligate the city to grant any other permit or license that may be required by law for the installation or construction of the facility.
(Ord. No. 91-1157, § 1, 8-14-91)

Sec. 40-286. Intent of article.

It is the intent of the city council by the enactment of this article to regulate the surface and subsurface use and occupancy of public streets and rights of way by permittees and to establish a permitting mechanism and fee in accordance with the city's general power of control and regulation of public streets and highways as provided by law. However, this article shall not be construed as an assertion by the city of any property rights in derogation of abutting land owner's fee simple title and rights incident therein, in those cases where the city does not own fee simple title. It shall be the duty of permittees hereunder to notify all abutting landowners, whether title is held in fee or easement, of the permittee's receipt of the permit provided for in this article and to obtain any requisite permission to access said land.
(Ord. No. 91-1157, § 1, 8-14-91)

Sec. 40-287. Transfer; assignment; termination.

A permit shall apply only to the designated location specified. Permits shall be personal to the permittee and his agents and employees. No assignment by any permittee of any obligation assumed or right granted under this article shall be effective unless and until expressly consented to in writing by the director. A permittee may terminate a permit prior to its designated expiration date by giving 30 days' written notice to the city, removing the facility, and restoring the site as provided in this article. Termination shall not release or excuse the permittee or his insurers from any obligation which arose in any manner by virtue of the acceptance or enjoyment of the permit.
(Ord. No. 91-1157, § 1, 8-14-91; Ord. No. 2012-522, § 4, 5-30-2012, eff. 7-1-2012)

Sec. 40-288. Street repairs; utilities.

(a) The permittee shall upon five days' prior written notice from the city or any utility company and at the sole expense of the permittee, temporarily remove his facility for such period of time as may be reasonably specified in the notice to accomplish any street or utility installation, repairs, replacement, or expansion.

(b) In the event of any emergency condition in which the notice required in subsection (a) may not be given without creating an inconvenience to the public or in the event that the permittee fails to comply with a notice given pursuant to subsection (a), then the city or the utility company may remove the facility and close the bore site at the sole risk and expense of the permittee by utilizing whatever reasonable force or means are necessary therefor.

(c) Each permittee shall bear all costs associated with the relocation of lines and other improvements belonging to the city or any utility that may require relocation for the installation or maintenance of the permittee's facilities. The city or the utility, as applicable, may require a deposit for the estimated cost of the work prior to the commencement of the relocation work.
(Ord. No. 91-1157, § 1, 8-14-91)

Sec. 40-289. Maintenance; inspection.

(a) The permittee shall maintain his facility in a good and safe condition and repair at all times. The permittee shall assume all risk of loss or damage to the facility, and neither the city nor

any other person shall have any obligation to replace or repair the same under any circumstances.

(b) The director, the city engineer, the health officer, the utility official, the parks official, or any other inspector designated by the city shall have the right to inspect any facility at any time without the necessity of prior notice. Upon at least one hour's notice given during regular hours (8:00 a.m. to 5:00 p.m., Monday through Friday, holidays excepted) the permittee shall open the facility and make a sample of the well contents available to the health officer.

(c) The director may notify the permittee in writing of any deficiency under this article in the physical condition of any facility and shall afford the permittee a reasonable period of time to correct the same. In determining the length of time to be allowed the director shall consider the danger, if any, which is posed by the deficiencies and the nature of the changes or repairs required. In the event that the director is of the opinion that the continued existence of the facility will constitute a significant threat to the safety of the public pending its repair, he may order it removed at once.
(Ord. No. 91-1157, § 1, 8-14-91)

Sec. 40-290. Notice before commencing work; site work; restoration.

(a) Permittee shall provide notice to the director no less than 48 hours before commencing work to install or remove a facility. At all times during the installation of any facility within the public street, the roadway(s) shall be kept open by the permittee for vehicular traffic in a reasonable manner, and no obstruction of the sidewalks shall be permitted so as to prevent the use thereof by pedestrians for an unreasonable period of time. Dirt and other material removed during the installation of the facility within the public street shall not be permitted to remain on the public street, and said dirt and other material from the site shall be removed at the risk, liability, and expense of the permittee. All excavations or obstructions of any kind which are permitted during the period of permittee's construction shall be properly barricaded and shall also be well illuminated during the night time.

(b) Upon the revocation or expiration of the permit, if not renewed, the permittee shall remove the facility, close the bore site, and restore the public street to its previous condition at his sole expense. Any facility which has not been removed by the tenth day next following the revocation or expiration of the permit shall be deemed abandoned, and it may be removed by the city without notice to the permittee. Removal of the facility by the city shall be at the sole expense of the permittee and shall be recorded as a charge against the permittee's restoration bond.
(Ord. No. 91-1157, § 1, 8-14-91; Ord. No. 2012-522, § 5, 5-30-2012, eff. 7-1-2012)

Sec. 40-291. Notices.

(a) Any notice required or permitted to be given to the city under this article may be given by e-mail or by certified United States Mail, return receipt requested, postage prepaid, addressed to the director at the then-current mailing address.

(b) Any notice required or permitted to be given to a permittee under this article may be given by e-mail, by certified United States Mail, return receipt requested, postage prepaid, addressed to the permittee at the mailing address designated in the permit application. A permittee may amend the mailing address specified in his application from time to time, upon written notice to the director given in the manner specified in this section.
(Ord. No. 91-1157, § 1, 8-14-91; Ord. No. 2012-522, § 6, 5-30-2012, eff. 7-1-2012)

Sec. 40-292. Indemnity.

By the acceptance of a permit the permittee, his assigns, successors, and representatives agree, obligate, and bind themselves to indemnify, defend and hold and save forever harmless the city, its officers, agents, and employees from all liability, costs, or damages arising in any manner on

account of the installation, maintenance, or removal of the permittee's facility on the public streets.
(Ord. No. 91-1157, § 1, 8-14-91)

Sec. 40-293. Insurance; bond.

(a) Permittee shall maintain in effect certain insurance coverage and shall furnish certificates of insurance, in duplicate form, before beginning its performance under it permit. All policies except Professional Liability and Worker's Compensation must name the city as an additional insured. All liability policies must be issued by a company with a Certificate of Authority from the State Department of Insurance to conduct insurance business in Texas or a rating of at least B+ and a financial size of Class VI or better according to the current year's Best's Key Rating Guide, Property-Casualty United States. Permittee shall maintain the following insurance coverage in the following amounts:

(1) *Commercial General Liability insurance including Contractual Liability insurance:* $500,000 per occurrence; $10,000,000 aggregate;

(2) *Worker's Compensation including Broad Form All States endorsement:* Statutory amount;

(3) *Professional Liability:* $1,000,000 per claim; $1,000,000 aggregate; and

(4) *Automobile Liability insurance:* $1,000,000 combined single limit per occurrence.

Aggregate limits are per 12-month policy period unless otherwise indicated. All insurance policies must require on their face, or by endorsement, that the insurance carrier waives any rights of subrogation against the city. Permittee shall give 30 days written notice to the city before a policy may be canceled or non-renewed. Within the 30-day period, permittee shall provide other suitable policies in lieu of those about to be canceled or non-renewed so as to maintain in effect the required coverage. The director of the department of administration and regulatory affairs, or its successor department, may adjust the above liability limits as reasonably necessary.

(b) Each permittee shall furnish a bond in an amount determined by the director to be adequate to cover the cost of removal of his facilities, closure of the well bore, and restoration of the public street to its condition prior to the installation.

(c) The bond and evidence of insurance need not be furnished with the application; however, they shall be furnished to the director prior to the issuance of the permit. The proof of insurance shall include a covenant extending through the term of the permit that the insurer will provide the director ten days' prior written notice in the event of cancellation or nonrenewal thereof.
(Ord. No. 91-1157, § 1, 8-14-91; Ord. No. 2012-522, § 7, 5-30-2012, eff. 7-1-2012)

Sec. 40-294. Application.

(a) Applications for permits shall be in the form prescribed by the director, who may provide for the filing and processing of applications by electronic means. Each application shall set forth and include the following:

(1) The name of the applicant. If the applicant is a corporation, partnership, or association, then the applicant shall provide evidence of its existence, of its authority to maintain the facility, and of the authority of the persons signing the application to act on behalf of the entity.

(2) The applicant's mailing address (and street address, if different), telephone number (including relevant mobile phone numbers), and e-mail address for any written notice required or permitted to be given under this article.

(3) An acknowledgment that the applicant is aware of the terms and provisions of this article and will, by acceptance of a permit, if approved, agree to be bound thereby and by all amendments adopted in all respects in the exercise of the rights granted under the permit.

(4) The name, home and business street addresses, and home, business and mobile telephone number of two persons who

may be contacted by the city, any utility, or other person in the event of any emergency regarding the facility.

(5) The names, addresses, and telephone numbers of any agents who will perform any work for the permittee regarding the installation, monitoring, or removal of the facility.

(6) A copy of the driller's license issued by the State of Texas.

(7) The accurate location of the proposed facility, which shall include a description provided by the Global Position Satellite x, y coordinates for mapping by Geographic Information System and shall be depicted on a diagram prepared by a registered professional surveyor or engineer.

(8) Any other information specified pursuant to the terms of this article or reasonably required by the director to review and act upon the application.

(b) The application shall be sworn to be true and correct by the applicant and shall be submitted in any reasonable number of copies that the director may specify.

(c) A single application for permits for multiple facilities may be filed with the director provided that the physical location of each proposed facility logically arises out of, and reasonably pertains to, the scheme and plan of a single environmental testing project. The requirements of this article governing the issuance of a permit must be fulfilled for each facility.

(d) Applications for renewal permits shall be submitted in the same form and manner as original applications, provided that any information furnished in a prior application which has not changed may be adopted by reference.

(e) The director shall, from time to time, prepare and submit for approval by motion of the city council a schedule of fees that shall be paid by an applicant for a facility. Payment of any applicable fees when due is a condition of the processing of any application under this article, and no refund of the application fee shall be made. The director may waive the application fee but not other costs if the director finds that the applicant is the city, Harris County, the state or any of its departments, employees, agents or contractors, or that payment of the application fee would result in a substantial financial hardship to the applicant.

(Ord. No. 91-1157, § 1, 8-14-91; Ord. No. 2012-522, § 8, 5-30-2012, eff. 7-1-2012)

Sec. 40-295. Issuance; review.

(a) The director shall forward copies of the application to the city engineer, the utility official, and the parks official for their review pursuant to subsections (b) and (c) prior to his acting on the application. Upon its approval under subsections (b) and (c) the director shall review and approve the application for the facility unless he finds:

(1) That the application or required information furnished therewith is incomplete;

(2) That any statement on the application or information furnished therewith is false in any material respect; or

(3) That the applicant's proposed facility does not comply in any manner with the requirements of this article and regulations adopted hereunder.

(b) Each application shall also be referred by the director to the utility official and the city engineer who shall review the proposed facility to determine whether its installation or maintenance will interfere with any existing or planned improvement of the city or any existing or planned improvement by a utility that is known by the city. The director, as a condition for approval of the permit, may require an applicant to furnish, from utilities that are not owned, operated, or maintained by the city, letters of release; or leases, licenses, or other instruments that have been duly recorded in the office of the county clerk where the facility is to be situated, evidencing the applicant's right to utilize the site. The city engineer may also refer copies of the application to utilities for comment or may require the applicant to do so. The city engineer and utility official shall approve the application unless they find that the proposed facility will

interfere with existing or planned lines or improvements of the city or any utility. The approval of the application by the city engineer and utility official shall not be deemed to excuse any obligation of a permittee to pay relocation fees as provided in subsection 40-288(c) of this Code.

(c) Each application shall also be referred to the parks official who shall review the same to determine whether the facility would cause any significant damage to trees or landscaping. The parks official shall approve the application if he finds that all reasonable precautions have been taken to avoid permanent damage to trees and landscaping.

(d) The director may condition the approval upon any revisions that the director, the city engineer, the utility official, or the parks official determines to be necessary in the design of the proposed facility to meet the standards specified in this article. Additionally, the director shall condition the approval upon the furnishing of any requirement of this article which was not submitted with the application. The amount of the bond shall be specified by the director.

(e) If an application is not approved, the director shall notify the applicant thereof and of the reasons therefor in writing.
(Ord. No. 91-1157, § 1, 8-14-91; Ord. No. 2012-522, § 9, 5-30-2012, eff. 7-1-2012)

Sec. 40-296. Fees.

(a) The applicable nonrefundable fees stated for this provision in the city fee schedule are hereby imposed for permit applications and renewals thereof.

(b) All fees shall be tendered to the director with the application by certified or cashier's check on a bank that is authorized to transact business in the State of Texas.
(Ord. No. 91-1157, § 1, 8-14-91; ; Ord. No. 2011-1168, § 13, 12-14-2011; Ord. No. 2012-522, § 10, 5-30-2012, eff. 7-1-2012)

Sec. 40-297. Term.

The term of each permit, whether original or renewal, that is issued hereunder shall be one year from the date of its issuance.
(Ord. No. 91-1157, § 1, 8-14-91)

Sec. 40-298. Revocation.

(a) Any permit issued under this article may be revoked in accordance with the provisions of this section if it is found that:

(1) Any material statement made or information furnished with or in connection with the review of the application was false;

(2) Conditions have changed such that the use of the permittee's facility no longer meets all applicable requirements of this article or such that the permittee's use interferes with the public's use of the public streets or creates any hazardous condition thereon;

(3) The permittee has failed to comply with any provision of this article; or

(4) The facility has not been installed in compliance with the permit within 90 days after its issuance, unless an extension is granted for good cause by the director.

(b) Whenever the director receives reliable information that grounds for revocation of a permit exist, he shall investigate the facts. If he finds that there are grounds for revocation of a permit, he shall give a written notice to the permittee setting forth:

(1) The specific grounds upon which the permit in question may be revoked;

(2) That there will be a hearing before a hearing official designated by the director in which the city will seek the revocation of the permit;

(3) The date, time, and place of such hearing; and

(4) That the permittee may appear in person and be represented by an attorney.

(c) After completion of the presentation of evidence by all parties, the hearing official shall make written findings and render an order as to whether or not there are grounds for revocation of the permit. If there are such grounds, then he shall order the permit to be revoked.

(d) The decision of the hearing official shall be final.

(e) Notwithstanding the foregoing grounds and procedures, the director may revoke any permit in whole or in part upon ten days' notice to the permittee and without a hearing thereon if he determines that the facility should be removed or relocated to accommodate any widening, realignment, or extension of the public streets or other public improvements or utility improvements. The director may also revoke a permit for which the insurance or bond has been cancelled or has expired without renewal, without a hearing, after five days' written notice and failure of the permittee to replace the insurance or bond.

(f) The revocation of a permit under this section shall not release or excuse the permittee or his insurers or sureties from their duty to remove the facility or any other obligation which arose by virtue of the acceptance or enjoyment of the permit.
(Ord. No. 91-1157, § 1, 8-14-91)

Sec. 40-299. Other appeals.

Except as provided in subsection (e) of section 40-298, any decision of the director, the city engineer, the utility official, or the parks official under this article may be appealed, by a permittee or applicant, to a hearing official designated by the director upon written notice of appeal given to the director within ten days after the permittee receives notice of the decision complained of from the director. The hearing official shall conduct a hearing thereupon in the manner contemplated by the foregoing section for revocations.
(Ord. No. 91-1157, § 1, 8-14-91)

Sec. 40-300. Reserved.

Editor's note—Ord. No. 2012-522, § 11, adopted May 30, 2012, effective July 1, 2012, repealed § 40-300 in its entirety. Formerly said section pertained to existing facilities and derived from Ord. No. 91-1157, § 1, 8-14-91.

Secs. 40-301—40-310. Reserved.

ARTICLE XIII. SPECIAL RACING EVENTS

Sec. 40-311. Nature of the events and definitions.

The city council desires that there be an opportunity to hold special racing events in the city and to encourage and facilitate the promotion of such events upon such terms and conditions as the city council may approve by written agreement.
(Ord. No. 97-1055, § 2, 9-3-97)

Sec. 40-312. Definitions.

As used in this article, the following words and terms shall have the meanings herein ascribed, unless the context of their use clearly indicates another meaning:

Promoter shall mean the person principally responsible for holding the special racing event and who is authorized to enter into a written agreement with the city regarding the conduct of the special racing event and setting forth the responsibilities of the parties.

Racecourse area shall mean the property within a perimeter to be defined by written agreement between the promoter and the city that contains the track or racecourse and the structures and facilities necessary for the conduct of the special racing event.

Sanctioning body shall mean a statewide, national or international organization that regularly engages in the governance, supervision or sanctioning of any form of auto racing.

Special racing event shall mean an auto race or races held within a consecutive period of time specified by written agreement between the promoter and the city and that is held under the auspices or with the approval of a sanctioning body.
(Ord. No. 97-1055, § 2, 9-3-97)

Sec. 40-313. Terms for conducting special racing events.

(a) Notwithstanding any ordinance, code, rule or regulation of the city to the contrary, a special racing event may occupy and utilize the racecourse

area and any public property, facilities or structures therein for purposes of conducting the special racing event for a temporary period and under such terms and conditions as may be specified in one or more written agreements between the promoter and the city. Such terms and conditions may authorize, without limitation, charging of admission to race events, sale of food, beverages or merchandise, street improvements or alterations, temporary removal or alteration of structures within the racecourse area, temporary construction of fences, viewing stands, signage, concession structures, storage or maintenance structures or any other structure, service or facility reasonably necessary to promote and conduct the special racing event. This subsection shall not be construed to prohibit the inclusion in such an agreement of interested parties other than the promoter and the city or to prohibit other agreements between any parties relating to the special racing event, provided that no provision of any such agreement shall conflict with any provision of this article.

(b) Any structure or facility for storing or dispensing fuel or other potentially dangerous materials, any temporary electrical service equipment or facility utilized in the special racing event and/or any temporary structures such as viewing stands, booths, decks, barriers, towers or poles shall be subject to inspection and approval by both the building official and the fire marshal or their authorized inspectors but otherwise shall not be subject to the city's ordinances, codes, rules or regulations.

(c) Upon written permission of the traffic engineer, a portion of the street and sidewalk rights-of-way may be temporarily obstructed for a period not to exceed 60 consecutive days preceding the special racing event and for no more than 15 days after the special racing event. The approval shall be limited to rights-of-way within the racecourse area or rights-of-way adjacent to the racecourse area whose partial temporary obstruction is required for safety or traffic reasons and shall be limited to the minimum period and the minimum portion of right-of-way necessary to reasonably accommodate setting up, conducting and dismantling the special racing event and its facilities, and shall be given only to the extent that the traffic engineer determines that the proposal will not pose an undue hazard to vehicles and pedestrian travel by the public.

(d) Upon written permission of the traffic engineer, street and sidewalk rights-of-way may be temporarily closed for a period not to exceed five consecutive days preceding the special racing event and for a reasonable period during and after the special racing event, provided, that the total period involving street closure shall not exceed 15 consecutive days. The approval shall be limited to rights-of-way within the racecourse area or rights-of-way adjacent to the racecourse area whose temporary closure is required for safety or traffic reasons and shall be limited to the minimum period and the minimum portion of right-of-way necessary to reasonably accommodate setting up, conducting and dismantling the special racing event and its facilities, and shall be given only to the extent that the traffic engineer determines that the proposal will not pose an undue hazard to vehicles and pedestrian travel by the public.
(Ord. No. 97-1055, § 2, 9-3-97)

Sec. 40-314. Reserved.

Editor's note—Ord. No. 2011-391, § 2, adopted June 1, 2011, effective July 1, 2011, repealed § 40-314 in its entirety. Formerly said section pertained to City parking facilities and derived from Ord. No. 97-1055, § 2, 9-3-97.

Secs. 40-315—40-330. Reserved.

ARTICLE XIV. GRANT OF PRIVILEGES TO TELECOMMUNICATIONS PROVIDERS TO PLACE TELECOMMUNICATIONS FACILITIES ACROSS, ALONG OR UNDER PUBLIC WAYS

Sec. 40-331. Definitions.

As used in this article, the following words and terms shall have the meanings provided below, unless the context of their usage clearly indicates another meaning:

Cable service shall have the meaning defined for such term in the Cable Communications Policy Act of 1984, 47 U.S.C. § 521 et seq., as amended.

City engineer means the city engineer for the city or a designee thereof.

CPI-U means the Consumer Price Index for All Urban Consumers (U.S. City Average, all items).

Director means the director of the city's department of administration and regulatory affairs, or its successor department, including the director's designee.

Director of Houston Public Works means the Director of the Houston Public Works, or its successor department, including the director's designee.

Fee means the fees payable to the city by a telecommunications provider subject to this article.

Network facilities means conduits, ducts, manholes, vaults, tanks, towers, wave guides, optic fiber, microwave, dishes, and any associated converters, electrical lines, communications lines, transmission lines, cables, wires, amplifiers, switches, utility equipment, or other such object, device or facilities, including attachments and encasements containing such facilities, whether underground or overhead that are designed, installed and constructed within the public way for the purpose of producing, receiving, amplifying, switching, transmitting or distributing audio, video, or other forms of electronic or optical signals to or from customers, subscribers or locations within the city limits of the city. Network facilities do not include such facilities to the extent that they are solely used to provide services under Chapter 283 of the Texas Local Government Code or services under Chapter 66 of the Utilities Code or respective successor laws.

Network facilities franchise means an ordinance adopted pursuant to this article granting a telecommunications provider authority to use the public way as provided therein.

Payment date means January 1 of each year during the term of a network facilities franchise.

Public way means any public street right-of-way located in the city, including the entire area between the boundary lines of every right-of-way (including but not limited to roads, streets, alleys, highways, boulevards, bridges, tunnels or similar thoroughfares, and public utility easements), whether acquired by purchase, grant or dedication and acceptance by the city or by the public, that has been opened to the use of the public for purposes of vehicular travel; and shall include any designated state or federal highway or road or any designated county road under the administrative control of the city for maintenance, repair, or vehicular traffic control purposes.

Services means telecommunication services provided through network facilities located wholly or partially in the public way without regard to technology. This definition does not include services provided under Chapter 283 of the Texas Local Government Code or under Chapter 66 of the Texas Utilities Code or any respective successor law.

Private or commercial purposes means any purposes, other than public purposes.

Telecommunications provider means a person who offers or provides services through network facilities located wholly or partially in the public way.

(Ord. No. 98-593, § 1, 7-22-98; Ord. No. 08-52, § 74, 1-16-08, eff. 1-26-08; Ord. No. 2010-831, § 2(Exh. A), 10-27-2010; Ord. No. 2018-11, §§ 49, 50, 1-10-2018)

Sec. 40-332. Declaration of policy.

(a) It shall be the policy of the city to grant to any person the right to lay, construct, operate, lease or make any use whatsoever of any network facility for private or commercial purposes, across, along, over, above or under any public way within the city in accordance with this article. Except as otherwise specifically provided, this article shall be administered by the director.

(b) It is not the policy or intention of this article to prohibit, regulate, license or franchise the provision of any services within the city, and no provision of this article shall be so construed. Any terms or conditions contained in this article or any network facilities franchise relate to the right of a person to make use of the public way, not in limitation of any rights granted by the

Public Utility Commission of Texas, the Federal Communications Commission, or respective successor agency.
(Ord. No. 98-593, § 1, 7-22-98; Ord. No. 2010-831, § 2(Exh. A), 10-27-2010)

Sec. 40-333. Rights to be granted by franchise.

As provided by sections 17 and 18 of article II of the City Charter, the rights to be granted under this article shall only be granted by a network facilities franchise in the manner, with the formalities, and subject to all of the applicable terms and conditions stated in those sections of the Charter.
(Ord. No. 98-593, § 1, 7-22-98; Ord. No. 2010-831, § 2(Exh. A), 10-27-2010)

Sec. 40-334. Network facilities required to be authorized.

(a) It shall be unlawful for any telecommunications provider to lay, construct, operate, offer for lease or make available for any use whatsoever any network facilities across, along, over, above, or under any public way within the limits of the city for any private or commercial purpose unless the right to do so has been granted to the telecommunications provider by a network facilities franchise in accordance with this article.

(b) A telecommunications provider desiring a network facilities franchise shall make written application upon a form promulgated by the director on which shall be set forth a detailed description of existing or proposed network facilities, including the proposed number of linear feet and location thereof, the nature of the business or use to be transacted in the public way and such other information as may be required by the director, under the charter or any other city ordinance, sufficient to enable the director to determine the advisability of granting a network facilities franchise and to establish the applicant's capacity to meet its financial or other obligations thereunder.

(c) A network facilities franchise shall authorize the specific use that the telecommunications provider shall be permitted to make of the public way. No facility shall be located, operated or used in any public way in a manner not expressly stated in the network facilities franchise. No network facilities franchise shall be construed to grant access to city land owned in fee simple, other than the public way, unless specifically included therein. No telecommunications provider shall make any use of a public way or allow any other person to make use of its network facilities located in a public way, unless stated in the network facilities franchise. A telecommunications provider shall not permit any other person to locate, operate or use the provider's network facilities in the public way without proof that the person holds authorization for the contemplated location, operation, or use under any required network facilities franchise duly granted pursuant to this section by the city and that the person holds a permit for the construction issued in accordance with this article. Notwithstanding the foregoing, a network facilities franchise is not required for any person engaging solely in resale of a telecommunications provider's services or the provision of service by unbundled network elements obtained from a telecommunications provider, provided that the applicable network facilities franchise covers the network facilities involved and the person does not own or operate any network facilities in the public way.

(d) This article shall not apply to any telecommunications provider already specifically franchised by the city on the effective date of this ordinance; provided that upon the termination of such franchise, the telecommunications provider shall be subject to this article. Nothing in this article shall be construed to diminish the right or authority of the city to require any other user of the public way to secure appropriate city authorization for such use.
(Ord. No. 98-593, § 1, 7-22-98; Ord. No. 2010-831, § 2(Exh. A), 10-27-2010)

Sec. 40-335. Network facilities franchise fees.

(a) The fee to be paid by a telecommunications provider subject to this article under any network facilities franchise shall be determined in accordance with applicable law in a

competitively neutral manner by the director and set forth in a network facilities franchise approved by city council.

(b) With each annual fee remittance, a telecommunications provider shall file a report with the city secretary and the director on a form promulgated by the director showing in detail the calculation of the fee for the preceding calendar year. An officer or authorized representative of the telecommunications provider shall certify that the information contained in the report is true and correct (to the best of the officer's or representative's knowledge and belief) after due inquiry. The report shall be treated as confidential information to the extent permitted by law. Upon written request by the director, a telecommunications provider shall verify the information contained in its report, and upon 30 days advance written notice, all non-customer specific records and other documents required for verification shall be subject to inspection by the director, expressly excluding any records, documents, or other writings the disclosure of which is prohibited by state or federal law, including the Electronic Communications Privacy Act, 18 U.S.C. Sec. 2701, et seq. Upon receipt of any such request, the telecommunications provider shall promptly designate or identify the specific information proposed to be withheld and the law supporting or authorizing its non-disclosure.

(c) *Payment due date.* Each telecommunications provider shall remit fees on an annual basis. Payment shall be made on or before the payment date. Fees that are not received by the city by the payment date shall incur interest beginning on the date the payment is due at the rate of twelve percent per annum, compounded daily.

(d) *Circumvention of fee prohibited.* A telecommunications provider shall not underpay fees due to the city, circumvent payment of the fee for use of the public way or evade payment of fees by barter, transfer of rights, or any other means that results in undercounting of the telecommunications providers' linear feet of network facilities in the public way within the city.

(e) *Leased network facilities.*

(1) A telecommunications provider may lease its network facilities or otherwise make its network facilities available, in whole or in part, to its customers in the ordinary provision of services, if the telecommunications provider retains the responsibility for servicing and repairing the network facilities. This shall not be construed to provide any person, other than an affiliate, with authority to place any facilities in the public way without a valid franchise granted by the city, if one is required. The director shall determine whether a franchise is required in accordance with applicable law, and such determination shall be made as if the third party were the owner of the network facilities used by the third party, rather than the telecommunications provider. A telecommunications provider shall notify the city within 30 days of any lease of its network facilities.

(2) A telecommunications provider's acceptance of a network facilities franchise constitutes its agreement to notify its customers or subscribers making sales of telecommunications services through the use of its network facilities of the possible need for a certificate from the Public Utility Commission of Texas, an FCC license, other state or federal authorization, or city franchise. A telecommunications provider shall notify its existing customers or subscribers of the requirement of this provision within 30 days of the acquisition of each customer or subscriber.

(f) Fees paid pursuant to this section shall constitute the sole compensation to the city for a telecommunications provider's use of the public way.

(Ord. No. 98-593, § 1, 7-22-98; Ord. No. 2010-831, § 2(Exh. A), 10-27-2010)

Sec. 40-336. Conditions of network facilities franchise.

A network facilities franchise that is granted to any telecommunications provider under this

article shall incorporate the terms of this article and be further subject to the following specific provisions, whether or not such terms are specifically included in such network facilities franchise:

(1) *Enforcement.* The city attorney, or the city attorney's designee, shall have the right to enforce all legal rights and obligations under the network facilities franchise without further authorization. The telecommunications provider shall provide the city access to all documents and records the city attorney deems reasonably necessary to assist in determining the telecommunications provider's compliance with the network facilities franchise.

(2) *Interference with public use prohibited.* The obligation and duty of a telecommunications provider to lay, construct, operate, lease, maintain, repair and replace the network facilities shall not interfere with the public use of the public way. Insofar as it is practical to do so, the telecommunications provider shall use existing network facilities in the provision of the services. The telecommunications provider shall provide and maintain current any information reasonably related to location or operation of the network facilities or services determined to be necessary by the city engineer or the director. The telecommunications provider shall maintain the network facilities in good order and condition, subject to ordinary wear and tear.

(3) *Permit fees included in fee.* A portion of the fee due to the city under a network facilities franchise constitutes payment to the city for the cost of permits and inspections, or other similar approvals or submissions that a telecommunications provider is required to obtain for its work in the public way under a network facilities franchise. As a result, no additional fees shall be charged to the telecommunications provider. This subsection shall not be construed to waive any requirement relating to permitting, inspections or similar approvals or submissions other than the payment of separate fees.

(4) *Permitting and plan approval.*

a. *New construction permit.* Before commencing any work in the public way other than routine maintenance or emergency work (as described in subsections b. and c. below), a telecommunications provider shall apply for and obtain a new construction permit. The application shall include a written work description, including scale drawings with plan and profile, showing the network facilities' location (or proposed location) and estimated depth of the network facilities (existing and proposed) in the immediate area of the proposed new construction. Such drawings and specifications shall be prepared, executed and sealed by a registered professional engineer, as may be required by the Texas Engineering Practice Act or by the city engineer. Such drawings and specifications will be reviewed by the city engineer and any comments will be provided to the telecommunications provider as soon as practicable. The telecommunications provider shall make any changes to the drawings and specifications requested by the city engineer.

b. *Routine maintenance.* The Director of Houston Public Works may promulgate rules and procedures for routine maintenance of existing network facilities located in the public way, including but not limited to required notices by the telecommunications provider that the telecommunications provider shall provide, standards for street and curb repairs, and inspection of facilities and street repairs necessitated by such maintenance. Routine maintenance or repair performed on existing network facilities located in the public way shall be performed in a manner consistent with city standards promulgated by the Director of Houston Public Works.

c. *Emergency repairs.* Emergency repairs requiring immediate work may be performed by the telecommunications provider and notice shall be given in writing to the Director of Houston Public Works within 24 hours following the commencement of such repairs. The notice shall state the nature of the emergency, the repairs required and an estimate of the time necessary to complete the repairs. The telecommunications provider shall apply for all required approvals, including those required under article XVII of this chapter as soon as reasonably practicable. Any work performed that is not consistent with city standards shall be corrected upon notice from the Director of Houston Public Works.

d. *Payment of fees required.* The city is not required to grant any permit or approval to the telecommunications provider unless and until all fees due and payable pursuant to the network facilities franchise have been paid in full.

e. *Other licenses and fees.* The telecommunications provider shall obtain and pay the cost of all licenses, permits, and certificates required by any statute, ordinance, rule or regulation of any state or federal regulatory body having jurisdiction over the conduct of its operations hereunder. The telecommunications provider shall give notice to the director of any revocation or failure to obtain any such license, permit or certificate affecting its performance hereunder within 15 days of such revocation or of the day upon which the telecommunications provider received actual or constructive notice of its failure to obtain such license, permit or certificate.

f. *City engineer's procedures.* Notwithstanding the above, the city engineer may promulgate procedures, applicable to all similarly situated telecommunications providers, regarding pre-approval of work in the public way by a telecommunications provider in circumstances that do not require detailed review of the proposed work.

(5) *Work standards.* All work in the public way shall be performed in accordance with the city's Standard Construction Specifications and Standard Construction Details, as such may be amended from time to time, and shall be subject to the regulation, control and direction of the Director of Houston Public Works. All work done in connection with the laying, construction, operation, maintenance, repair and replacement of the network facilities shall be in compliance with all applicable laws, ordinances, rules and regulations of city, the applicable county, the state, and the United States.

(6) *Work in the public way.* Any work that constitutes an obstruction of a street for which a permit is required under section 40-362 of this Code shall only be performed in accordance with a permit issued under article XVII of this chapter.

(7) *Restoration.* A telecommunications provider shall repair, clean up and restore the public way disturbed or affected during the maintenance, construction, repair, replacement or removal of the network facilities in accordance with article V of this chapter.

(8) *Relocation or removal.* A telecommunications provider may be required to relocate its network facilities in any public way in accordance with article XVIII of this chapter.

(9) *Subsequent rules and regulations.* The city council or the Director of Houston Public Works may make such other reasonable rules and regulations for the placement and manner of the network facilities as they may deem appropriate for the protection of the public and the

public way and to avoid unreasonable interference with other uses or contemplated uses of the public way. Without limitation of the above, the city council may amend the rules or regulations to require that all network facilities constructed after the effective date of such amended rules be placed underground.

(10) *Inspections.* The city engineer may perform inspections, upon 24 hour written notice from the city, of any network facilities located in the public way from time to time as deemed appropriate. A telecommunications provider may have a representative present during such inspection.

(11) *Abandonment of obsolete network facilities.* Upon request by the city engineer, a telecommunications provider shall remove aerial facilities and/or facilities in conduits when such facilities are obsolete and no longer in service. When a telecommunications provider removes or abandons permanent structures in the public way, the telecommunications provider shall notify the city engineer in writing of such removal or abandonment and shall file with the city engineer the location and description of each facility removed or abandoned. The city engineer may additionally direct remedial measures as the city engineer may determine necessary for the public safety and the integrity of the public way.

(12) *Bonding.* The telecommunications provider shall comply with all applicable requirements relating to the provision of bonds or other security to the city in connection with its work in the public way.

(13) *Tree trimming.* A telecommunications provider, its contractors and agents may trim trees that are upon and overhanging the public way and public places of the city so as to prevent the branches of such trees from coming in contact with the telecommunications provider's fiber or cables. At the option of the city, said trimming shall be done under the supervision and direction of the city or of any city official to whom said duties have been or may be delegated.

(14) *Indemnification and insurance.* The network facilities franchise shall contain indemnity and insurance provisions in a form acceptable to the city attorney.

(15) *Default and termination; valuation.* A network facilities franchise shall contain provisions relating to default and termination. For purposes of compliance with article II, section 17 of the charter of the city, unless the network facilities franchise provides otherwise, there shall be no requirement that the network facilities be purchased by the city upon termination of a network facilities franchise.

(16) *Other terms and conditions.* The network facilities franchise may contain such other terms and conditions as the director and the city attorney may prescribe and city council may approve that are not inconsistent with the terms of this article.

(Ord. No. 98-593, § 1, 7-22-98; Ord. No. 02-974, § 8, 10-30-02; Ord. No. 04-498, § 6, 5-26-04; Ord. No. 08-52, § 75, 1-16-08, eff. 1-26-08; Ord. No. 2010-831, § 2(Exh. A), 10-27-2010; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-337. Penalty for unauthorized use of the public way.

It shall be unlawful to make use of the public ways in violation of the terms of this article. Without limitation of other remedies available to the city, persons making use of the public way in violation of this article, or otherwise without valid consent of the city, shall be liable for all fees authorized by this article dating back to the inception of such use.

(Ord. No. 98-593, § 1, 7-22-98; Ord. No. 2010-831, § 2(Exh. A), 10-27-2010)

Secs. 40-338, 40-339. Reserved.

ARTICLE XV. ALLEYS

DIVISION 1. GENERALLY

Sec. 40-340. Scope of article; application; definitions.

(a) This article shall govern the improvement and use of the types of alleys, as defined herein, whether such improvement or use shall be for public use or pursuant to private rights of access.

(b) The provisions of this article shall apply only to alleys, as herein defined, but shall not apply to alleys platted, dedicated, and/or constructed subsequent to September 19, 1982, or dedicated and/or improved in conformity with Chapter 42 of this Code.

(c) The following words, terms and phrases used in this article shall have the meanings ascribed to them in this section, unless the context clearly indicates otherwise:

Alley shall mean the entire width between property lines forming any public right-of-way and which is designed primarily for secondary access to abutting properties having their primary access from an adjacent street or an approved or compensating open space or courtyard which has direct access to a public street.

Applicant shall mean a person who owns real property abutting an alley and seeks to improve such alley for motorized vehicular traffic use either by the public or pursuant to private rights of access.

Improve or *improvement* shall mean the filling, grading, raising, paving, re-paving, surfacing or other work done to change or alter the surface of, or drainage for, any alley, including any work, or the application of any material of whatever type, in, upon or to the surface or subsurface of an alley for the purpose of rendering such alley accessible by or usable for motorized vehicular purposes.

Paving shall mean the construction of any improvements to, or upon, any alley, including drainage or other similar work and the preparation and construction of both the subsurface and ultimate wearing or top surface of any alley, pursuant to the minimum standards set forth in section 40-343 of this Code.

Private rights of access shall mean those private rights of ingress and egress recognized by Texas law as being appurtenant to the purchase of real property by reference to a map or plat showing streets or alleys abutting such real property.

Public use shall mean a use or right of use available to the public in general, as distinguished from a particular individual or group of individuals. Public use alleys shall refer to alleys available for vehicular use and travel by the general public.
(Ord. No. 99-379, § 3, 4-21-99)

Sec. 40-341. Purpose, interpretation; type of alley covered; determination.

(a) The purpose of this article is to prescribe:

(1) Rules and regulations governing the improvement of certain alleys in the city; and

(2) Minimum standards and criteria for the improvement, including paving, of alleys that are to be improved and maintained for motorized vehicular or pedestrian use by the public.

(b) The terms and provisions of this article shall be interpreted and applied as minimum requirements adopted for the protection of the public health, safety and welfare and shall be applied to the alleys covered hereby, unless specifically provided otherwise herein.

(c) Houston Public Works will determine whether an alley has been dedicated to and accepted for use by the city, based upon its records, and to the extent necessary, the records of other city departments and applicable county records.
(Ord. No. 99-379, § 3, 4-21-99; Ord. No. 2018-11, § 50, 1-10-2018)

DIVISION 2. PUBLIC USE ALLEYS

Sec. 40-342. Initiating improvement of alley for public use; criteria.

(a) *Procedure.* The improvement of an alley for public use may be initiated by:

(1) Any person(s) owning real property abutting an alley who agree(s) to obtain the permit required by section 40-344 of this Code and comply with all requirements applicable to such alley, as provided in this article, including payment of all costs of improving such alley for public use; or

(2) The filing of a petition with the city engineer, signed by at least 75 percent of the property owners abutting such alley, wherein such abutting owners agree to pay their share of the costs to improve such alley through the city's usual paving assessment procedures.

(b) *Determination by city engineer.* No alley shall be improved or maintained for public use unless the city engineer authorizes the issuance of an appropriate permit after determining that:

(1) The improvement of such alley for public use will serve a bona fide public purpose and need;

(2) The traffic entering upon or exiting from such alley to an adjacent public street will not result in a significant impediment to existing traffic flow or constitute a traffic hazard;

(3) The condition or location of underground or above-ground utilities:

(i) will not be damaged or otherwise adversely affected by the opening of such alley; or;

(ii) if existing utilities would be adversely affected, the applicant agrees to relocate such utilities, at applicant's sole cost and expense;

(4) The condition and location of underground or above-ground utilities are such that it is unlikely that any paving or other surface improvements to be constructed or installed in such alley will be disturbed to replace, repair or upgrade such utilities within the succeeding five years; and

(5) Any applicant seeking a permit to improve such alley for public use has demonstrated the financial ability to fully comply with the requirements of this article, including, without limitation, the improvement of the alley to the standards prescribed in section 40-343 of this Code, if applicable.

(c) *Minimum requirements.* The following requirements shall apply in connection with the improvement for public use of any alley:

(1) A minimum right-of-way width of ten feet shall be available within such alley;

(2) Alleys with a right-of-way width of 20 feet or less shall be restricted to one-way traffic and shall connect two public streets;

(3) The junction of the alley and any connecting public street shall be at right angles, except as otherwise approved by the city engineer;

(4) The alley shall be constructed and improved in accordance with the standards, specifications and requirements set forth in section 40-343 of this Code;

(5) Minimum paving widths shall be 12 feet for alleys with a right-of-way width of 15 feet or more and eight feet for alleys with a right-of-way width of less than 15 feet; and

(6) An applicant must obtain the permit and post the bond (or cash deposit) required by this article.

(Ord. No. 99-379, § 3, 4-21-99)

Sec. 40-342.1. Acceptance of existing alleys for public use.

(a) *Purpose.* The purpose of this division is to provide a procedure alternative to provisions of section 40-342 of this Code whereby the owners of property abutting an alley ("*applicants*") may petition the city to accept the alley for public purposes.

(b) *Scope.* This section does not apply to:

(1) Service drives or other routes that serve the principal purpose of providing access for a single property;

(2) Public streets; or

(3) Any alley that has been duly accepted by the city by any other method.

(c) *No abridgement or limitation on deed restrictions.* With respect to private individuals and entities, this section and/or the city's decision to accept and maintain an alley hereunder does not abridge or limit any current or future deed restrictions that apply to such alley or any easement or right-of-way adjacent to the alley.

(d) *Petition—Form.* The applicants seeking city acceptance of an alley for public use shall submit to the city engineer a petition in the form promulgated therefor by the Director of Houston Public Works or his designee, who may revise the petition form from time to time as he deems appropriate.

(e) *Petition—Number of applicants.* For the city engineer to consider such a petition, the minimum number of applicants required to sign the petition shall be as follows:

(1) If the alley was dedicated to public use by a recorded plat or instrument, 51% of all persons owning property abutting the alley, on a block-by-block basis, between two streets; or

(2) If the alley was not dedicated to the public by a recorded plat or separately recorded instrument, 100% of all persons owning property abutting the alley on a block-by-block basis, between two streets.

(f) *Petition—Required accompaniments.* Along with the signed petition, the applicants must provide the following:

(1) Copies of recorded instruments vesting title in all property owners abutting the alley;

(2) If there are any city-owned signs or markers in the alley, photographs of such signs or markers;

(3) If any fence, structure or other item of private property (other than property owned by private utilities) encroaches into the alley, the written agreement of the owner of such structure or property to move same, as required by subsection (i) of this section;

(4) A list of city services to be provided in the alley that the applicants are requesting, if any;

(5) Any other proof of ownership as deemed necessary by the city engineer; and

(6) Upon request by the city engineer, a boundary and a topographic survey by a surveyor licensed to practice in the State of Texas showing improvements, easements, rights-of way, drainage, utilities, water lines, sanitary sewers, storm sewers, ditches, culverts, encroachments, and extent and type of pavement surface.

(g) *Standards.* In order to be accepted by the city, an alley must meet the standards set forth in the Infrastructure Design Manual, as promulgated and revised from time to time by Houston Public Works, unless the city engineer determines that it is necessary or appropriate to alter or waive one or more standards with respect to a particular alley, if in the public interest to provide public access.

(h) *Acceptance.* The city is not obligated to accept any alley. The determination of whether the city will accept an alley shall be made by the city engineer, whose decision shall be final. When an application is denied, no subsequent application for acceptance of the same alley shall be eligible for consideration for at least one year, unless this limitation is waived by the city engineer for good cause.

(i) *Removal of encroachments.* The owner of any fence, structure or other item of private property (other than property owned by private utilities) that encroaches into the alley shall remove same within 30 days following acceptance of the alley by the city.

(Ord. No. 08-167, § 2, 2-27-08; Ord. No. 2018-11, §§ 49, 50, 1-10-2018)

Sec. 40-342.2. Inventory of alleys.

The Houston Public Works shall make reasonable efforts to maintain an inventory of alleys within the city, to determine whether such alleys are accepted for public use or are for private access, and to maintain such inventory in a form that is accessible to the public. A copy of the inventory shall be maintained on file in the office of the city engineer.
(Ord. No. 08-167, § 2, 2-27-08; Ord. No. 2018-11, § 50, 1-10-2018)

DIVISION 3. MINIMUM STANDARDS; PERMIT

Sec. 40-343. Paving standards.

Alleys to be improved and maintained for public use shall be paved to the minimum standards and specifications, including the types of materials allowed, set forth in Public Works Drawing No. 7879-A.
(Ord. No. 99-379, § 3, 4-21-99)

Sec. 40-344. Permit required.

It shall be unlawful for any person to do, or cause to be done, any work to improve an alley for public use without a permit having been issued to such person as provided in section 40-55 et seq. of this Code.
(Ord. No. 99-379, § 3, 4-21-99)

Sec. 40-345. Bond; cash deposit.

No work to improve an alley for public use shall be commenced until the bond required by section 40-59, or a cash deposit in lieu of such bond, as authorized by section 40-60 of this Code, has been filed or deposited with the city engineer.
(Ord. No. 99-379, § 3, 4-21-99)

DIVISION 4. USE OF ALLEYS FOR PRIVATE ACCESS

Sec. 40-346. Use of alley.

(a) *Use.* Any alley not improved or maintained for public use may be improved and used pursuant to private rights of access held by the owners of abutting lots or property, under the terms and conditions provided by this section.

(b) *Application.* Any abutting property owner may apply to the city engineer for permission to improve and use an alley for private access from a public street to such applicant's property.

(c) *Requirements.* An applicant seeking the private use of an alley must:

(1) Be the fee simple owner of land abutting the alley;

(2) Obtain a permit pursuant to section 40-86 of this Code to connect such alley to any public street;

(3) Prepare and construct the surface of the alley so as to prevent the drainage of storm or surface water or runoff onto adjacent property;

(4) Assure drainage of stormwater and other runoff along the alley and into the intersecting street or drainage facilities; and

(5) If an applicant elects to post signs in connection with the private use of an alley, which election may be made in the applicant's sole discretion, such signs must be of a size, color and with wording and printing that is approved by the city engineer, must be posted at both sides of the street entrance to the alley as required by chapter 41 of this Code, and such signs must state that the alley is being used for private access and is not maintained by the city.

(d) *Materials.* Alleys to be used for private rights of access may be improved, constructed and/or surfaced with shell, gravel, asphalt, concrete or other materials, at the option of the applicant.

(e) *Non-liability of city.* With respect to any alley used or to be used for private rights of access, the city shall have no liability for:

(1) Maintenance of the alley;

(2) Patrolling the alley; or

(3) Drainage of stormwater or other surface runoff from such alley onto abutting properties.

(f) *No bond required.* The provisions of sections 40-59 and 40-60 of this Code shall not be applicable in the instance of any public alley improved or used pursuant to private rights of access.
(Ord. No. 99-379, § 3, 4-21-99)

Secs. 40-347—40-350. Reserved.

ARTICLE XVI. SITTING AND LYING UPON PUBLIC SIDEWALKS

Sec. 40-351. Definitions.

As used in this article, the following words, terms, and phrases shall have the meanings ascribed to them in this section, unless the context of their use clearly indicates another meaning:

Central Business District means the area beginning at the intersection of the centerline of U.S. 59 and the centerline of I.H. 45; thence in a northwesterly and northerly direction along the centerline of I.H. 45 to its intersection with the centerline of I.H. 10; thence in an easterly direction along the centerline of I.H. 10 to its intersection with the centerline of U.S. 59; thence in a southwesterly direction along the centerline of U.S. 59 to its intersection with I.H. 45, the point of beginning.

Designated area means the following areas finally approved and designated by the city council under section 40-353 of this Code:

(1) *The Central Business District.*

(2) *Midtown Area:* The area described in Exhibit A to Ordinance No. 2004-825, a copy of which is on file in the office of the city secretary.

(3) *Old Sixth Ward Area:* The area described in Exhibit A to Ordinance No. 2006-922, a copy of which is on file in the office of the city secretary.

(4) *Avondale Area:* The area described in Exhibit A to Ordinance No. 2006-923, a copy of which is on file in the office of the city secretary.

(5) *Greater Hyde Park Area:* The area described in Exhibit A to Ordinance No. 2006-924, a copy of which is on file in the office of the city secretary.

(6) *East Downtown Management District Area:* The area described in Exhibit A to Ordinance No. 2011-696, a copy of which is on file in the office of the city secretary.

(7) *Historic Near Northside Area:* The area described in Exhibit A to Ordinance No. 2016-794, a copy of which is on file in the office of the city secretary.

(8) *South Post Oak / West Bellfort Area:* The area described in Exhibit A to Ordinance No. 2017-219, a copy of which is on file in the office of the city secretary.

(9) *Near Northside II Area:* The area described in Exhibit A to Ordinance No. 2017-655, a copy of which is on file in the office of the city secretary.

(10) *Riverside Terrace Area:* The area described in Exhibit A to Ordinance No. 2024-127, a copy of which is on file in the office of the city secretary.

(11) *Museum Park Area:* The area described in Exhibit A to Ordinance No. 2024-655, a copy of which is on file in the office of the city secretary.

(12) Magnolia Park Area: The area described in Exhibit A to Ordinance No. 2024-856, a copy of which is on file in the office of the city secretary.

(13) East End Area: The area beginning at Chartres at Commerce, going north on Chartres to the Buffalo Bayou, then east/southeast along the southern bank of Buffalo Bayou to 75th street, then south on 75th street to Capitol, then west on Capitol back to where it connects with the Union Pacific rail line, as described in Exhibit A to Ordinance No. 2025-960, a copy of which is on file in the office of the city secretary.

Sidewalk means that portion of the public street that is between the curblines, or the lateral lines of a roadway, and the adjacent property lines and is improved and designed for or is ordinarily used for pedestrian travel.
(Ord. No. 02-504, § 4, 6-12-02; Ord. No. 04-825, § 4, 8-3-04; Ord. No. 06-922, § 4, 9-6-06; Ord. No. 06-923, § 4, 9-6-06; Ord. No. 06-924, § 4, 9-6-06; Ord. No. 2011-696, §§ 3, 4, 8-10-2011; Ord. No. 2016-794, § 4, 10-19-2016; Ord. No. 2017-219, § 4, 3-29-2017; Ord. No. 2017-655, § 4, 8-23-2017; Ord. No. 2024-127, § 4, 3-6-2024; Ord. No. 2024-655, § 4, 9-11-2024; Ord. No. 2024-856, § 4, 11-14-2024; Ord. No. 2025-960, § 4, 11-12-2025)

Sec. 40-352. Sitting and lying down on sidewalks.

(a) It shall be unlawful for any person to sit or lie down on a sidewalk or on a blanket, stool, or any other object placed upon a sidewalk:

(1) At any time in the Central Business District, East Downtown Management District Area, East End Area, and any other designated area defined in section 40-351 if subject to the rules and regulations for enforcement issued in compliance with section 40-354 of this Code; or

(2) Between the hours of 7:00 a.m. and 11:00 p.m. in any designated area not subject to the provisions of subsection (a)(1) of this section.

(b) It shall be unlawful for any person to place or deposit any item of bedding materials or personal possessions, including but not limited to any blanket, bag, package, or container of personal possessions on a sidewalk:

(1) At any time in the Central Business District, East Downtown Management District Area, East End Area, and any other designated area defined in section 40-351 if subject to the rules and regulations for enforcement issued in compliance with section 40-354 of this Code; or

(2) Between the hours of 7:00 a.m. and 11:00 p.m. in any designated area not subject to the provisions of subsection (b)(1) of this section.

(c) It is an affirmative defense to any prosecution under subsection (a) or (b) of this section that the person is:

(1) Sitting or lying down on a sidewalk because of a medical emergency;

(2) As the result of a disability, utilizing a wheelchair, walker, or similar device to move about the sidewalk;

(3) Operating or patronizing a commercial establishment or service or governmental function conducted on the sidewalk pursuant to a permit or authorization issued under this Code or under the laws of this state;

(4) Participating in or attending a parade, festival, performance, rally, demonstration, meeting, or similar event lawfully conducted on the public street or a sidewalk;

(5) Sitting on a chair or bench located on the sidewalk that is supplied by a governmental agency or the abutting private property owner; or

(6) Sitting or has placed materials on a sidewalk while waiting for public or private transportation or waiting for access to enter any building.

(d) Prior to taking any action to enforce the provisions of this article, any law enforcement officer observing a violation of this article shall first notify the person engaged in the prohibited conduct that he or she is in violation of this article. It is an affirmative defense to a prosecution under this article that any person so notified promptly ceased, within a time reasonable under the circumstances, to engage in the prohibited conduct following such notification.
(Ord. No. 02-504, § 4, 6-12-02; Ord. No. 2025-605, § 2, 7-16-2025; Ord. No. 2025-960, §§ 5, 6, 11-12-2025)

Sec. 40-353. Creation of designated areas.

(a) This section shall govern the creation of a designated area within the city other than the central business district.

(b) Residents of the city may petition the city council to designate any area within the city as a designated area under this article.

(c) Any such petition must meet the following requirements to be considered by the city council:

(1) Describe the proposed area by street boundaries;

(2) Contain the signatures of property owners whose property represents 20 percent of the total area to be designated;

(3) Contain the signatures of at least 100 citizens residing within the proposed area, each of whom was above the age of 18 years old when signing the petition;

(4) Indicate that the signatures thereon were collected within a 60-calendar-day period; and

(5) Indicate that the signatories thereon desire the area to be designated as an area subject to this article.

(d) Any such petition must be submitted to the city secretary within 90 calendar days of the date of the first signature thereon.

(e) Following the filing of any such petition with the city secretary, the city council shall, within 45 days of the date of filing, conduct a public hearing to consider the merits of the petition.

(f) The city secretary shall give notice as to the filing of any such petition and the date, time,and place of the city council hearing by posting same at least 14 days in advance of such hearing at a place convenient to the public at the City Hall. Any interested person shall have the opportunity to participate in any hearing conducted under the provisions of this section and to present any relevant evidence and testimony.

(g) The chief of police shall be requested to cause the proposed area to be investigated with regard to the existence of conduct in the proposed area that would be violative of this article if the proposed area were to be designated, along with any incidents of criminal misconduct in the proposed area, and to report the results of such investigation to the city council at or prior to the public hearing.

(h) Following such hearing and upon review of the report of the chief of police, the city council shall establish the designated area as requested if it determines that:

(1) The petition complies with the requirements of this section;

(2) The proposed area exhibits the kinds of conduct and adverse impact on use of the sidewalks and adverse impact on adjacent properties that this article was intended to address; and

(3) Designation of the proposed area would best serve the health, safety, and welfare of the public.

(i) This section shall not be construed to limit the authority of city council consistent with the provisions of this section to designate other areas without a public petition; provided, that the city council receives evidence, substantiated by the police department, that a particular area within the city exhibits a significant incidence of the kinds of conduct addressed by this article and makes the findings required under subsection (h)(2) and (h)(3) of this section.
(Ord. No. 02-504, § 4, 6-12-02)

Sec. 40-354. Rules and regulations.

(a) The housing and community development department director or the director's designee, in conjunction with the chief of police or the chief's designee and the director of the mayor's office of public safety and homeland security or the director's designee, is authorized to promulgate rules and regulations regarding any aspect of the operation of this article, including without limitation, the enforcement and issuance of citations for violations of this article. The rules and regulations shall be consistent with applicable federal and state law, and city ordinances. The rules and regulations shall also take into consideration available resources for housing and enforcement, as well as data on areas where

violations are concentrated and the impact of those violations on health conditions and use of the surrounding environment.

(b) In instances where a law enforcement officer observes an individual appearing to be experiencing a mental health crisis in connection with the enforcement of this article, prior to any enforcement action, the officer may engage appropriate mental health crisis resources such as dispatching a mobile crisis outreach team (MCOT) or a crisis intervention response team (CIRT). Engagement with these or other resources may occur in person or through telehealth services.

(c) Before implementing any rules and regulations under subsection (a) or any substantive amendments thereto, the housing and community development director or the director's designee shall publish notice of the rules and regulations on the city's website and post in affected locations at least 10 days prior to enforcement. Copies of the rules and regulations shall also be available for inspection in the city secretary's office, and copies may be obtained at no cost.
(Ord. No. 2025-605, § 3, 7-16-2025)

Secs. 40-355—40-360. Reserved.

ARTICLE XVII. SIDEWALK AND ROADWAY OBSTRUCTIONS AND IMPAIRMENTS*

DIVISION 1. GENERAL

Sec. 40-361. Definitions.

As used in this article, the following words and terms shall have the meanings ascribed to them in this section, unless the context of their usage clearly indicates another meaning:

Central business district or *CBD* means the area beginning at the intersection of the centerline of U.S. 59 and the centerline of I.H. 45; thence in a northwesterly and northerly direction along the centerline of I.H. 45 to its intersection with the centerline of I.H. 10; thence in an easterly direction along the centerline of I.H. 10 to its intersection with the centerline of U.S. 59; thence in a southwesterly direction along the centerline of U.S. 59 to its intersection with I.H. 45, the point of beginning.

Crosswalk means an area upon a roadway that has been designated by the traffic engineer with striping and/or signage as a place for pedestrians to cross the street. The term includes both crosswalks that have been designated at street intersections and those that have been designated between intersections.

Emergency means an unforeseen occurrence that creates a condition of substantial hazard or threat of damage or injury to life or property.

General permit means a permit issued for intermittent short-term (less than 24 hours) obstructions undertaken by utilities or public employees. An obstruction may not occur at the same location for more than seven consecutive days.

Impairment includes an excavation or removal of a sidewalk or portion thereof or an obstruction of a sidewalk or portion thereof.

Local street means a street that is not a major thoroughfare or major collector street.

Major collector street has the meaning ascribed in section 1-2 of this Code.

Major thoroughfare has the meaning ascribed in section 1-2 of this Code.

Mobility official means the Director of Houston Public Works or his designee.

Mobility inspector means an employee of the department designated by the mobility official to enforce the provisions of this article.

Obstruction means any construction or excavation related vehicle, equipment, fence, structure, bulk waste container, building or construction materials or debris, barricade, cone, sign, barrel, or other thing or object that is placed, planted, left or erected in or upon a

*__Editor's note—__Ord. No. 04-498, § 2, adopted May 26, 2004, amended Ch. 40, Art. XVII, in its entirety. Formerly said article pertained to pedestrian way and impairment and derived from Ord. No. 02-974, § 2, adopted 10-30-02.

roadway or sidewalk that would in any manner prevent or restrict public use of or access to any part of the roadway or sidewalk or restrict the drainage system of the roadway or sidewalk.

Peak traffic hours. This term is limited in its application to pedestrian and vehicular traffic on sidewalks and roadways on major collector streets and major thoroughfares and in the central business district and means the following hours on Mondays through Fridays, excepting holidays other than Veterans' Day that are observed by the closure of city offices: 6:00 a.m. to 9:00 a.m. and 4:00 p.m. to 7:00 p.m.

Permit means a current and valid permit issued under division 2 of this article.

Public employee means an employee of the state or a political subdivision of the state; the term also includes employees of contractors of the state and its political subdivisions when retained to perform public infrastructure maintenance contract functions, such as water and sewer line point repairs, pothole repairs, traffic signal maintenance and other functions that relate to the ongoing repair, public right of way enhancements including lane line striping, preservation, and cleaning of existing public facilities.

Roadway means the portion of a street that is paved or otherwise improved, designed, or ordinarily used for vehicular travel and/or for on-street parking. In the event a street includes two or more separate roadways, the term *"roadway"* shall refer to any such roadway. The term does not include any roadway that is primarily maintained by the Texas Department of Transportation or by any political subdivision other than the city.

Sidewalk means the portion of a street that is between the curblines or lateral lines of the roadway and the adjacent property lines and is improved for or ordinarily used for pedestrian travel. Where a street has two sidewalks, the term shall apply separately to each.

Street means the entire width between the boundary lines of every way that is publicly maintained, including sidewalks and crosswalks, provided that the term does not include any street that is primarily maintained by the Texas Department of Transportation or by any political subdivision other than the city.

Traffic-control device has the meaning ascribed in section 40-121 of this Code.

Utility means a public utility operating under a franchise from the city or a certificated telecommunications provider operating pursuant to Chapter 283 of the Texas Local Government Code.

Vehicle includes a vehicle whether motorized or not and/or a vehicle trailer.

(Ord. No. 04-498, § 2, 5-26-04; Ord. No. 09-1267, §§ 2, 3, 12-9-09, eff. 1-1-10; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-361.1. General powers and duties of mobility official.

It shall be the duty of the mobility official to direct, control, and manage all impairments and obstructions of roadways and sidewalks, including the enforcement of all regulations set forth in this article concerning impairments and obstructions of roadways and sidewalks. The mobility official shall also maintain a system to issue and track permits issued under this article. The mobility official is authorized to designate the necessary persons as mobility inspectors to enforce the provisions of this article.

(Ord. No. 09-1267, § 4, 12-9-09, eff. 1-1-10)

Sec. 40-361.2. Mobility inspectors.

(a) Mobility inspectors designated by the mobility official shall enforce the provisions of this article by issuance of citations on an official form prescribed by the mobility official for such notices. Mobility inspectors shall not have the power of arrest under the authority conferred by this section. Mobility inspectors shall be issued appropriate identification by the mobility official and shall be issued the necessary forms to carry out their duties. Mobility inspectors shall account to the mobility official for all citations issued and for all citation forms provided to them.

(b) Peace officers shall enforce the provisions of this chapter and applicable state laws and regulations relating to obstructing or impairing roadways and sidewalks by issuance of citations. (Ord. No. 09-1267, § 4, 12-9-09, eff. 1-1-10)

Sec. 40-362. Impairments and obstructions unlawful.

(a) It shall be unlawful for any person to place, cause, or allow any impairment or obstruction of a sidewalk or roadway, except as authorized by a permit.

(b) It is a defense to prosecution under this section that the impairment or obstruction is or consists of:

(1) A vehicle that is lawfully standing, stopped, or parked in compliance with applicable provisions of this Code and state traffic laws.

(2) A vehicle that has been rendered inoperable by a mechanical or other systems failure or by an accident and is stopped pending police investigation and/or towing or recovery services.

(3) A public transit facility, traffic control device, sign, street light, public trash receptacle, bicycle rack, or other structure or object lawfully placed by or on behalf of the state or a political subdivision of the state.

(4) A sign or display that is being utilized as part of a lawfully conducted demonstration or rally provided that the object does not obstruct or impair vehicular or pedestrian traffic and further provided that it is used and displayed only during the period of time that the demonstration or rally is attended and ongoing and the attendees remove the sign or display at the conclusion of the demonstration or rally.

(5) Equipment and materials related to work actively being performed by a utility or public employee that has obtained a general permit.

(6) Trees, grass, shrubbery, and landscaping that is placed and maintained in a manner conforming to applicable requirements of chapters 32 and 45 of this Code and regulations issued thereunder.

(7) A parade lawfully conducted under chapter 45 of this Code.

(8) A sidewalk café authorized under section 40-10.1 of this Code, street function authorized under section 40-27 of this Code, or newsrack placed as authorized under article XX of chapter 40 of this Code.

(9) A valet zone as authorized under section 26-445 of this Code.

(10) Equipment and materials relating to public infrastructure maintenance work performed, outside of the general permit requirements, by public employees, provided that the work is performed in accordance with a time, place, and manner protocol approved by the traffic engineer.

(11) Solid waste containers and heavy trash items of the type and size authorized for residential service of the nature provided by the city and city contractors under chapter 39 of this Code that are placed for collection in a manner that does not obstruct the roadway or impair pedestrian use of the sidewalk; however, this defense does not extend to bulk containers of the "dumpster" or "roll-off" type that are typically used to service multifamily residential properties, commercial properties, and construction sites.

(12) Poles, distribution boxes, and related structures of utilities, provided that they are not placed in such a manner as to obstruct or impair vehicular or pedestrian use of the roadway or sidewalk.

(13) Postal deposit and delivery boxes, provided that they are not placed in such a manner as to obstruct or impair vehicular or pedestrian use of the roadway or sidewalk.

(14) A building encroachment or other permanent obstruction for which the abutting owner has a current and valid permit or other authorization as obtained from city council.

(15) Equipment relating to a sidewalk activity as authorized under article XI of this chapter.

(16) An emergency as defined in section 40-376 of this Code.

(c) Under the authority granted in section 40-366 of this Code, the mobility official may issue rules and regulations regarding the application of the defenses set forth in subsection (b), above. It is a required element of any defense asserted under subsection (b) that the actor is in compliance with any applicable rules and regulations.
(Ord. No. 04-498, § 2, 5-26-04; Ord. No. 07-225, § 6, 2-14-07; Ord. No. 01-1111, § 4, 10-3-07; Ord. No. 09-1267, §§ 5, 6, 12-9-09, eff. 1-1-10)

Sec. 40-363. Inactivity during permit period; revocation.

(a) As a condition of a permit, it is the responsibility of the permit holder to diligently prosecute the work for which the permit was obtained; without limitation of the foregoing, the permit holder shall ensure that there is no period of 15 consecutive days or more during which the work site is inactive.

(b) The foregoing inactivity prohibition is inapplicable to:

(1) A delay that arises from causes beyond control and without fault or negligence of the permit holder. Examples of these causes are:

a. Acts of God or of the public enemy.

b. Acts of government in its sovereign capacity.

c. Fires, floods, or unusually severe weather.

d. Epidemics or quarantine restrictions.

e. Strikes or freight embargoes.

f. Discovery of pollutants at the site which requires cessation of activity pursuant to a federal, state, or local law.

(2) A delay caused by an order to temporarily cease work issued by the traffic engineer or chief of police.

(Ord. No. 04-498, § 2, 5-26-04)

Sec. 40-364. Provisions cumulative.

(a) The provisions of this article are cumulative of all other applicable laws and ordinances. Compliance with this article shall not excuse compliance with any other requirement of laws or ordinances or the obtaining of any other license, permit, franchise, or other required authorization.

(b) Without limiting the foregoing, a separate permit is also required under article V of this chapter whenever the obstruction is for purposes of an excavation and the provisions of that article are applicable to the work. The Director of Houston Public Works shall coordinate the two permit processes.

(c) To the extent that any provision set forth in this article may not be imposed upon any person because its imposition would be inconsistent with a controlling state or federal law, then this article shall be construed and applied in a manner that conforms to the state or federal law.
(Ord. No. 04-498, § 2, 5-26-04; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-365. Construction work in roadways or sidewalks; public work.

(a) With the exception of work addressed in sections 40-362(b)(5) or (b)(10) of this Code above, utilities, contractors of the city and other political subdivisions of the state who are performing construction, reconstruction, or repair work in the roadways or sidewalks or work that otherwise causes an impairment or obstruction shall be required to obtain a permit. Except as provided in section 40-373, nothing in this article shall be construed to authorize the imposition of restraints upon the contractor's work that are inconsistent

with traffic control plans or other documents upon which the contracts for the work were bid or let, provided that the documents were reviewed and approved under subsection (b), below. However, the traffic engineer shall not be obliged to issue a permit hereunder for work to be performed at times not authorized in the contract documents or for the occupancy of areas of any roadway or sidewalk that are not expressly authorized to be occupied for the performance of the work under the contract documents.

(b) Traffic control plans and other bid/contract related documents proposed for public works by the city or other political subdivisions that are for construction projects in a roadway or sidewalk or that will otherwise cause any impairment or obstruction of a roadway or sidewalk shall be submitted to the traffic engineer for review and approval by the public entity contracting for the work before bids are taken, or if the work is not let on bids, before the contract is negotiated.

(c) The defense set forth in section 40-362(b)(10) of this Code is not intended to excuse public employees from coordinating their work with the traffic engineer to ensure that impairments or obstructions conform to applicable requirements of this article, and the Director of Houston Public Works shall administratively adopt regulations for that purpose.

(d) Notwithstanding any provisions under this article to the contrary, the traffic engineer may issue a permit to a city department necessary to perform departmental functions without requiring a permit fee, release and indemnity provisions or evidence of insurance. The traffic engineer may adopt specific rules and regulations regarding time. Place and manner with regard to such city department permits, as deemed appropriate to ensure that traffic and mobility are not adversely affected.

(e) Notwithstanding any provisions under this article to the contrary, the deployment and use of all traffic-control devices shall conform to the specifications set forth in the Texas Manual on Uniform Traffic Control Devices.
(Ord. No. 04-498, § 2, 5-26-04; Ord. No. 09-1237, § 7, 12-9-09, eff. 1-1-10; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-366. Regulations.

The Director of Houston Public Works is authorized to adopt rules and regulations for the administration of this article. To the extent practicable, as determined by the traffic engineer, the rules and regulations may provide for the filing and processing of permit documents by electronic means.
(Ord. No. 04-498, § 2, 5-26-04; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-367. Penalty.

(a) It is a criminal offense for any person to violate any of the provisions of this article. Every person convicted of violating any of the provisions of this article for which another penalty is not specifically provided shall be punished by a fine of not less than $200.00 nor more than $500.00; provided however that no penalty shall be greater or less than the penalty for the same offense under the laws of this state.

(b) For violations under this chapter that are of a continuing nature, each day that the violation continues shall constitute a separate offense.
(Ord. No. 04-498, § 2, 5-26-04; Ord. No. 09-1237, § 8, 12-9-09, eff. 1-1-10)

Sec. 40-368. Hearing.

Any person who is aggrieved by a decision of the city, its officials, or employees with respect to a permit application or impairment or obstruction abatement action under this article shall, upon written request, be entitled to a hearing to be conducted by hearing officer designated by the Director of Houston Public Works, who shall promulgate rules for hearings. The decision of the hearing officer shall be final. A hearing requested under section 40-126 of this Code may be consolidated with a hearing requested under this section.
(Ord. No. 04-498, § 2, 5-26-04; Ord. No. 09-1237, § 8, 12-9-09, eff. 1-1-10; Ord. No. 2018-11, § 49, 1-10-2018)

Secs. 40-369, 40-370. Reserved.

DIVISION 2. PERMITS

Sec. 40-371. Administration and schedule of permit fees.

The traffic engineer shall issue and administer permits. The schedule of fees established pursuant to this section shall be applicable initially to the permits authorized to be issued pursuant to this article. The Director of Houston Public Works shall determine annually in connection with the city's fiscal year whether an increase or decrease in these fees is required for the sidewalk and roadway obstructions and impairments permit program, based on an analysis of the actual costs of administering and enforcing this program, and is hereby authorized to make adjustments annually to the schedule of fees. If the fee is increased, it may be increased only by the documented additional cost to administer and enforce this program. The traffic engineer shall not issue any permit unless and until the applicable fee has been paid, unless the applicant is exempt from paying a fee under city contract, including the "Adopt a Container" program, franchise agreement, or federal, state or local statutes or other applicable laws. Weekly fees shall not be prorated for obstructions lasting less than a full week. Persons who desire to obtain permits shall be charged a fee under the following conditions:

(1) For an impairment or obstruction of a roadway or sidewalk, the permit holder shall pay, on a weekly basis only, the applicable fee as shown in the city fee schedule. Fees are based upon single lane closures of up to one week in duration. Multiple lane closure fees are assessed separately. Each hundred block or portion thereof (for instance the 100 block, the 200 block, etc.) constitutes a full hundred-block closure.

(2) Work areas include *transition areas, activity areas,* and *termination areas* as defined in the latest edition of Texas Manual of Uniform Traffic Control Devices.

(3) A utility or public employee may apply for a general permit. A general permit may be used for all street obstructions except as defined below (or defined as an emergency):

a. Obstructions may not be performed during peak traffic hours in the CBD and other high vehicle occupancy and transit corridors;

b. Obstructions may not reduce lane usage to less than two driving lanes in the CBD during off peak traffic hours;

c. Outside the CBD during off peak hours, obstructions may not reduce lane usage to less than one lane in each direction on roadways with four or more lanes, and not less than one lane on two-lane roadways;

d. Obstructions may not occur in conflict with special events or parades;

e. Sidewalk impairments in the CBD may not be performed under a general permit.

(4) Any fees or revenues generated by roadway obstruction or sidewalk impairments covered under this article shall be distributed as follows:

a. 85 percent of all fees and revenues shall be allocated to the transportation special revenue fund administered by the Houston Public Works;

b. 15 percent of all fees and revenues shall be allocated to the police special services fund administered by the police department.

(Ord. No. 04-498, § 2, 5-26-04; Ord. No. 09-1237, §§ 9, 10, 12-9-09, eff. 1-1-10; Ord. No. 2011-1168, § 13, 12-14-2011; Ord. No. 2018-11, §§ 49, 50, 1-10-2018)

Sec. 40-372. Application.

Persons who desire to obtain permits shall make application to the traffic engineer at least ten business days before the date on which the

permit is required, unless the traffic engineer approves a shorter time, setting forth the following:

(1) The applicant's name, business street address and mailing address if different, and business telephone number. If the proposed impairment or obstruction involves efforts of two or more persons, such as a utility and a contractor or an abutting property owner and a contractor, then they shall join as coapplicants, and the required information shall be provided for each.

(2) The name and 24-hour telephone number of a person or persons whom the traffic engineer may contact if needed to resolve any issues that may arise with respect to the permit.

(3) The purpose for which the permit is requested.

(4) If the permit relates to construction or demolition work on abutting property, then the building permit number.

(5) If the permit is for an activity for which any other city permit is also required, then the permit number or evidence that the application therefor has been filed.

(6) If the permit is for street construction work, the name and description of the project, or if the city is the contracting agency, then the contract or job number.

(7) The duration, dates, and times of day of the proposed impairment or obstruction.

(8) A description of the proposed impairment or obstruction, including its size, material, and the location upon the roadway or sidewalk where it will be placed.

(9) The reasons why the work, function, or activity proposed requires an impairment or obstruction of a roadway or sidewalk and cannot otherwise reasonably be accomplished.

(10) A statement that if the permit is issued, the applicant as a permit holder accepts and obligates itself to the following release and indemnification provisions:

"RELEASE

PERMIT HOLDER AGREES TO AND SHALL RELEASE THE CITY, ITS AGENTS, EMPLOYEES, OFFICERS, AND LEGAL REPRESENTATIVES (COLLECTIVELY THE "CITY") FROM ALL LIABILITY FOR INJURY, DEATH, DAMAGE, OR LOSS TO PERSONS OR PROPERTY SUSTAINED IN CONNECTION WITH OR INCIDENTAL TO PERFORMANCE UNDER THE PERMIT, EVEN IF THE INJURY, DEATH, DAMAGE, OR LOSS IS CAUSED BY THE CITY'S ACTUAL OR ALLEGED JOINT OR CONCURRENT NEGLIGENCE AND/OR THE CITY'S STRICT PRODUCTS LIABILITY OR STRICT STATUTORY LIABILITY.

INDEMNIFICATION

PERMIT HOLDER AGREES TO AND SHALL DEFEND, INDEMNIFY, AND HOLD THE CITY, ITS AGENTS, EMPLOYEES, OFFICERS, AND LEGAL REPRESENTATIVES (COLLECTIVELY THE "CITY") HARMLESS FOR ALL CLAIMS, CAUSES OF ACTION, LIABILITIES, FINES, AND EXPENSES (INCLUDING, WITHOUT LIMITATION, ATTORNEYS' FEES, COURT COSTS, AND ALL OTHER DEFENSE COSTS AND INTEREST) FOR INJURY, DEATH, DAMAGE, OR LOSS TO PERSONS OR PROPERTY SUSTAINED IN CONNECTION WITH OR INCIDENTAL TO PERFORMANCE UNDER THIS PERMIT, INCLUDING, WITHOUT LIMITATION, THOSE CAUSED BY:

(i) PERMIT HOLDER'S AND/OR ITS AGENTS', EMPLOYEES', OFFICERS', DIRECTORS', PRINCIPALS', OR SUBCONTRACTORS OF PERMIT HOLDERS' (COLLECTIVELY IN NUMBERED

PARAGRAPHS (i)—(iii), "PERMIT HOLDER") ACTUAL OR ALLEGED NEGLIGENCE OR INTENTIONAL ACTS OR OMISSIONS;

(ii) THE CITY'S AND PERMIT HOLDER'S ACTUAL OR ALLEGED CONCURRENT NEGLIGENCE, WHETHER PERMIT HOLDER IS IMMUNE FROM LIABILITY OR NOT; AND

(iii) THE CITY'S AND PERMIT HOLDER'S ACTUAL OR ALLEGED STRICT PRODUCTS LIABILITY OR STRICT STATUTORY LIABILITY, WHETHER PERMIT HOLDER IS IMMUNE FROM LIABILITY OR NOT.

PERMIT HOLDER SHALL DEFEND, INDEMNIFY, AND HOLD THE CITY HARMLESS DURING THE TERM OF THE PERMIT AND FOR FOUR YEARS AFTER THE PERMIT TERMINATES.

WHERE APPLICABLE, THE PROVISIONS OF SECTION 283.057 OF THE TEXAS LOCAL GOVERNMENT CODE SHALL CONTROL IN LIEU OF THE FOREGOING; ADDITIONALLY, TO THE EXTENT THAT THE APPLICANT HOLDS A CURRENT AND VALID UTILITY FRANCHISE FROM THE CITY, THE RELEASE AND INDEMNIFICATION PROVISIONS OF THE FRANCHISE SHALL CONTROL IN LIEU OF THE FOREGOING."

(11) If the roadway obstruction or sidewalk impairment is proposed during peak traffic hours on streets within the central business district, or on major thoroughfares or major collector streets, the reason why the activity cannot reasonably be performed at an other time.

(12) A detailed current traffic control plan for the impairment or obstruction, if required by the traffic engineer.

(13) If proposed during other than peak hours, standard operating procedures that will be used to remove impairments or obstructions during peak hours.

(14) A schedule of activities, if the work will occur for more than 14 days.

(15) Any other information required to determine compliance with the requirements of this article.

(Ord. No. 04-498, § 2, 5-26-04)

Sec. 40-373. Review, issuance, terms, revocation.

(a) All applications submitted pursuant to the provisions of this article shall be reviewed on a first-come, first-served basis. The traffic engineer shall, subject to the provisions of this article, approve an application as submitted or modified subject to subsection (b) below and issue a permit, unless he determines that:

(1) The application is incomplete or materially untruthful;

(2) The proposed impairment or obstruction relates to work or an activity that can reasonably be accomplished by alternative methods that, even if they might be more costly, would not require impairment or obstruction of the roadways or sidewalks; or

(3) Based upon the scope and nature of the proposed impairment or obstruction and the anticipated vehicular or pedestrian traffic upon the roadway or sidewalk at the times requested, that the impairment or obstruction would substantially inconvenience the public in its use of the roadways or sidewalks and that the inconvenience would outweigh any public benefits from the work, function, or activity for which the impairment or obstruction is proposed.

(b) The traffic engineer may impose reasonable limitations upon the time and manner in which a impairment or obstruction will be authorized, which shall be consistent with the nature and time of the impairment or obstruction and its anticipated effects upon vehicular and pedestrian use of the roadways or sidewalks. Without limiting the foregoing, the traffic engineer shall not authorize an impairment or obstruction during peak traffic hours if a practicable alterna-

tive time schedule could be used, unless he determines that traffic and mobility will not be adversely affected. Consistent with the foregoing criteria, the traffic engineer may require the permit holder to provide vehicular and pedestrian traffic control devices, alternative pedestrian walkways (covered or open), signage, and traffic control personnel at the permit holder's expense. The permit holder shall furnish any required traffic control personnel, such as flaggers or peace officers, in accordance with directives of the chief of police and at the permit holder's expense. To the extent that another person has previously requested or obtained a permit for all or part of the area subject to the application or the traffic engineer is aware of any other activity that will also affect traffic at the time and in the area affected by the application, the traffic engineer may require the persons to coordinate their impairments or obstructions or may delay the effective date of the permit until a previous impairment or obstruction or activity will have been concluded.

(c) Each permit shall be issued in writing, shall set forth the location, beginning and ending dates, authorized days of the week and times of day, nature and authorized site of the authorized impairment or obstruction, and any requirements for traffic control devices, signage, or personnel. The permit shall not be valid for any impairment or obstruction except in strict accordance with its terms and shall be void if used in any other time, place, or manner.

(d) Permits are personal to the permit holder and may not be assigned or used by any other persons.

(e) Upon written notice to the holder, a permit may be withdrawn, suspended, or revoked if the Director of Houston Public Works or the traffic engineer determines that it was issued by error, that the impairment or obstruction is having unanticipated adverse effects upon vehicular or pedestrian traffic, or that the holder has not complied with any applicable term of the permit.
(Ord. No. 04-498, § 2, 5-26-04; Ord. No. 09-1237, § 11, 12-9-09, eff. 1-1-10; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-374. Permits for suspension of metered parking.

A person who wishes to suspend the operation of metered parking must obtain a separate permit to do so pursuant to Division 2 of Article III of Chapter 26 of this Code.
(Ord. No. 04-498, § 2, 5-26-04; Ord. No. 09-2, § 20, 1-7-09)

Sec. 40-375. Insurance.

(a) As a condition of the issuance of a permit, the applicant shall provide evidence that the applicant holds a current policy of comprehensive general liability insurance covering the impairment or obstruction, with an endorsement for any liability assumed under this article and policy limits of not less than $100,000.00 for property damage, per occurrence, and of not less than $250,000.00, per person, and $500,000.00, per occurrence, for bodily injury or death. Each policy shall include a provision designating the city as an additional insured with respect to activities under the permit and shall also include a provision obligating the insurer to furnish to the traffic engineer at least 15 days prior written notice of any cancellation.

(b) The failure of the permit holder to continuously maintain any required coverage shall cause any permit covered thereby to become void. No work may be performed on any excavation at any time when any required proof of insurance coverage is not on file in the traffic engineer's office.

(c) For joint applications and permits, the coverage required in this section may be provided by a policy jointly covering all of the applicants or by separate proofs of coverage for each applicant or permit holder.

(d) To the extent that any other city permit, license, or authorization is required for the impairment or obstruction, and insurance coverage is also required as a condition thereof, then the permit holder shall not be required to duplicate coverage and may provide one policy that meets all applicable requirements.
(Ord. No. 04-498, § 2, 5-26-04)

Sec. 40-376. Emergencies.

(a) The traffic engineer shall establish a means by which obstructions of an emergency nature may be commenced without obtaining a street obstruction permit unless work continues longer than 24 hours, at which time a full application shall be filed. Permit fees are waived for the duration of the emergency obstruction. The application shall include an explanation of the nature of the emergency, a description of the proposed impairment or obstruction, the duration, dates, and times of day of the proposed impairment or obstruction, and the name and emergency contact telephone number for the requestor.

(b) In addition to the defenses provided in section 40-362(b) of this Code, it is an affirmative defense to prosecution under section 40-362(a) that the impairment or obstruction was reasonably required to address an emergency. This affirmative defense shall only apply pending the timely submission of a permit application and shall not be valid if the application is denied.
(Ord. No. 04-498, § 2, 5-26-04)

Sec. 40-377. Posting at impairment or obstruction site.

(a) The permit holder shall post a copy of the permit at each impairment or obstruction site in accordance with the regulations issued under section 40-365 of this Code.

(b) In any prosecution under section 40-362 of this Code, it shall be presumed that no permit existed unless the permit is posted as required under subsection (a) of this section.
(Ord. No. 04-498, § 2, 5-26-04)

Sec. 40-378. Abatement.

Impairments or obstructions that are created without a permit or that are created in a time, place, or means that is inconsistent with a permit shall be subject to summary abatement upon order of or by the traffic engineer, mobility inspector, or any peace officer of the city. If the person causing the impairment or obstruction is present at the site, the traffic engineer, mobility inspector, or peace officer may, consistent with the nature of the impairment or obstruction and ambient traffic conditions, afford an opportunity to remove the impairment or obstruction. Otherwise, the impairment or obstruction shall be removed by city forces or contractors. Any costs of removing the impairment or obstruction shall be assessed to the person who caused it, if known, and, no additional permits shall be issued to that person until the city has been reimbursed for the costs. To the extent that an impairment or obstruction has an identifiable owner and an apparent value of $100.00 or more, the obstruction, unless of a perishable nature, shall be placed in storage for a period of 30 days, and the owner shall be notified and afforded an opportunity to have the return of the item, subject to payment of any removal and storage costs.
(Ord. No. 04-498, § 2, 5-26-04; Ord. No. 09-1237, § 12, 12-9-09, eff. 1-1-10)

Secs. 40-379—40-390. Reserved.

ARTICLE XVIII. RELOCATION OF PRIVATELY-OWNED FACILITIES

Sec. 40-391. Definitions.

As used in this article, the following terms shall have the meanings ascribed in this section, unless the context of their usage clearly indicates another meaning:

Director means the Director of Houston Public Works or his designee.

Facility means any structure, device or other thing whatsoever that is installed or maintained in, on, within, under, over or above a public right-of-way within the city.

Public right-of-way means any public street right-of-way located in the city, including the entire area between the boundary lines of every right-of-way (including but not limited to roads, streets, alleys, highways, boulevards, bridges, tunnels, or similar thoroughfares).

Public works project means any construction, reconstruction, improvement, repair or maintenance project undertaken by or on behalf

of the city, including but not limited to projects included on the city's capital improvement plan regardless of source of funding.

Relocate means to move, remove or replace a facility.

(Ord. No. 05-371, § 2, 4-13-05; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 40-392. Registry of facilities and owners.

(a) The owner of any facility as defined in this article, other than a pipeline that is subject to the provisions of article IX of this chapter, shall provide to the director, and thereafter maintain, current: (1) contact information indicating the name and address of the owner of the facility and the individual at that address designated as a contact person for the owner; and (2) information describing and locating any facilities of the owner in the public right-of-way. The information shall be in the form prescribed by the director. If an owner does not have contact information on file, the owner shall provide the contact information at the time application is made for an excavation

permit pursuant to article V of this chapter. It shall be unlawful for any owner to fail to provide or maintain current information as required by this section.

(b) Any location information submitted under this section that is designated by the owner as "confidential," "trade secret," or "proprietary" will not be disclosed to the public by the city without the consent of the owner, unless otherwise compelled by an opinion of the attorney general pursuant to the Texas Public Information Act ("TPIA") or by order a court having jurisdiction of the matter pursuant to applicable law. Upon receipt of a request for such location information, the city will notify the contact person of the request in writing. If the owner elects to protect the location information from disclosure, the owner shall immediately notify the city and submit to the Texas Attorney General a brief that: (1) identifies the legal exceptions that apply; (2) identifies the specific parts of each document that are covered by each exception; and (3) explains why each exception applies. The city shall have no obligation or duty to submit any argument or brief to the Texas Attorney General on behalf of the owner.
(Ord. No. 05-371, § 2, 4-13-05)

Sec. 40-393. Relocation required.

(a) Whenever the city engineer determines, in the exercise of sound engineering judgment, that a facility should be relocated for the accomplishment of a public works project, the owner of the facility shall relocate the facility at the owner's sole expense in accordance with this article. In the event that an owner's failure to timely relocate a facility in accordance with this article causes the city to incur expenses, damages or losses, including loss of grant funds, for any resulting delay, the owner of the facility shall be responsible for the city's expenses, damages or losses.

(b) It shall be the policy of the city to design public works projects to minimize the relocation of facilities, but the city shall not be obligated to design a public works project to avoid facility relocation and the determination of the city engineer of the appropriate design of the public works project shall be final.
(Ord. No. 05-371, § 2, 4-13-05)

Sec. 40-394. Notice of annual adopted capital improvement plan.

The city engineer shall provide notice of the passage of the annual adopted capital improvement plan for the city within 60 days of its passage by the city council. Notice shall be given by first class letter deposited into the United States postal service to the person and at the address on file with the city pursuant to section 40-392 of this Code and shall identify the location on the city's website or provide notice of other locations where the adopted capital improvements plan can be reviewed.
(Ord. No. 05-371, § 2, 4-13-05)

Sec. 40-395. City engineer's preliminary notice.

When during the design of a public works project the city engineer, based on information then available to him, determines that the presence of a facility in a public right-of-way may interfere with a public works project so that the relocation of the facility may be necessary, the city engineer shall provide the owner of the facility written notice of the planned public works project and the potential for relocation. The city engineer shall make this determination as soon as practicable, but no later than a reasonable period following receipt of a preliminary engineering report for the public works project, and shall give the notice to the owner as soon as practicable thereafter. The notice shall be given to the contact person identified pursuant to section 40-392 or section 40-232 of this Code, as applicable, by any means that requires proof of delivery. The notice shall identify the public works project and provide the owner with an opportunity to discuss with the city engineer the public works project and potential design alternatives that could avoid facility relocation. Notice pursuant to this and the preceding section of this Code is for the purpose of coordination only and is not a condition precedent

to the city's exercise of its rights and remedies under this article nor to the facility owner's obligations hereunder.
(Ord. No. 05-371, § 2, 4-13-05)

Sec. 40-396. City engineer's final determination and notice.

(a) The city engineer shall determine before completion of final design of a public works project whether the design of the public works project requires relocation of a facility and shall provide notice thereof to the owner of any facility required to be relocated. The notice shall be given in the manner provided in section 40-395 of this Code. In making a determination pursuant to this section, the city engineer or the director, as applicable, shall consider the purpose and complexity of the public works project and timetable for its construction, the number of facilities potentially affected by the project, the number of facility relocations required for the project, the cost and complexity of relocating each facility and any other factors he determines in the exercise of sound engineering judgement are relevant to the public works project.

(b) Notwithstanding the notice provisions of this Code that are otherwise applicable, if the city engineer discovers during the construction of a public works project:

(1) That a facility located in the public right-of-way not previously known to the city engineer requires relocation; or

(2) That inaccurate information about the location of the facility was provided by or on behalf of the facility owner and relocation is required which was not previously anticipated;

the city engineer shall give notice of the necessity for relocation in the manner provided in section 40-395 of this Code.

(c) Except for facilities discovered under section 40-396 (b)(1) or (2), the owner of the facility shall have a period of 60 days following the date of the notice sent pursuant to subsection (a) of this section to submit a proposed schedule for relocation of the facility for approval by the city engineer. The city, through the city engineer, and the owner may enter into a memorandum of agreement, in a form approved by the city attorney, evidencing agreement on the relocation schedule. The city engineer for good cause may extend, for a period not to exceed an additional 60 days, the time for submission or re-submission of a relocation schedule. The owner of facilities discovered under section 40-396(b)(1) or (2) shall provide to the city engineer at the earliest possible date, but not later than five business days following the owner's receipt of notice under that section , a proposed schedule for relocation of the facility and shall diligently prosecute the relocation of such facility until completed.

(d) No schedule for the relocation of a facility shall provide a period for relocation of longer than 180 days without written approval of the director, who for good cause shown by the facility owner, may extend the period of time for relocation. The time allowed for relocation shall commence on the date agreed to by the city engineer and the facility owner, but no later than the date of the notice to proceed for the public works project, unless extended by the city engineer for good cause shown by the facility owner, and shall be suspended upon the occurrence, and extended for the duration of, an event of force majeure, which shall include a strike, war or act of war (whether an actual declaration of war is made or not), insurrection, riot, act of public enemy, accident, fire, flood or other act of God, sabotage or other events, where the facility owner has exercised all due care in the prevention thereof so that the causes or other events are beyond the control and without the fault or negligence of the facility owner. For good cause shown by the facility owner, the city engineer may determine that the failure of the city to timely process a properly filed, complete application for a city permit or approval required for the facility relocation constitutes an event of force majeure.

In determining "good cause" as used in this section (excluding the failure of the city to act timely as set forth in the preceding paragraph) the director shall be entitled to consider such factors, not attributable to any fault or negligence of the facility owner, including, but not limited to the following:

1. Availability of materials or supplies required for a relocation.

2. Availability of sufficient labor or technical personnel to timely effect a relocation.

3. Any loss or damage to the public or users of the facility to be relocated.

4. The availability of any alternative means of providing to the public or other users the services of the facility to be relocated.

(Ord. No. 05-371, § 2, 4-13-05)

Sec. 40-397. Relocation authorized; other legal action.

(a) If upon the expiration of 60 days from the date of the city engineer's notice to the owner pursuant to subsection 40-396(a) of this Code, or five business days from the date of the city engineer's notice to owner pursuant to subsection 40-396(b) of this Code, or any extension of time approved by the city engineer, the city and the owner have not agreed upon a schedule for the relocation of the facility at the owner's expense, the city engineer is authorized to:

(1) Refer the matter to the city attorney for appropriate legal action; or

(2) Relocate the facility, or cause the facility to be relocated, on behalf of the owner and, subject to subsection (d) of this section, recover the cost of the relocation from the owner.

(b) If the city engineer determines that the owner has not timely complied with the terms of an agreed relocation schedule and that the unfinished relocation of the facility will delay completion of the affected city project, the city engineer is authorized to:

(1) Refer the matter to the city attorney for appropriate legal action; or

(2) Relocate the facility, or cause the facility to be relocated, on behalf of the owner and, subject to subsection (e) of this section, recover the cost of the relocation from the owner.

(c) No later than the date of the commencement of any construction activity for the relocation of any facility by the city pursuant to this section, the city engineer shall give notice of the date on which the relocation shall begin by first class letter deposited into the United States postal service to the person and at the address on file with the city pursuant to section 40-392 of this Code. Not less than three days before the transfer of service to a facility relocated pursuant to this section is feasible, the city engineer shall give notice of such fact by first class letter deposited into the United States postal service to the affected person and at the address on file with the city pursuant to section 40-392 of this Code. If the facility owner fails to commence the transfer of service within 24 hours after the expiration of the third calendar day following the giving of notice to the facility owner, the city may deem the original facility abandoned and cause it to be removed without further liability and, at the city's election, transfer such service to the relocated facility.

(d) Failure of a facility owner to provide a relocation schedule satisfactory to the city engineer, applying reasonable engineering judgment, within the initial 60 or 5 day period, whichever is applicable, or any extension thereof, shall constitute authorization for the city to assess damages, including expenses, damages or losses for project delay, and, subject to subsection (e) of this section, recover costs of relocating the facility from the owner and shall also constitute a waiver by the owner of any claim for damages against the city.

(e) Failure of a facility owner to comply with an agreed relocation schedule shall constitute authorization for the city to recover damages, including expenses, damages or losses for project delay, and recover costs of relocating the facility from the owner and shall also constitute a waiver by the owner of any claim for damages against the city.

(f) All relocations required under this article shall be at the sole expense of the owner of the facility, except to the extent provided otherwise in a current, valid city franchise held by the owner of the facility or by section 40-234(k) of this Code. In addition, if the city requires the relocation of a facility from a location approved by the city as part of a public works project pursuant to this article within five years following the date of a relocation of the facility pursuant to this article, the city shall bear the cost of the subsequent relocation of the facility. Nothing in this subsec-

tion shall preclude the application of funds from sources other than the city to the payment of relocation expenses on behalf of the owner of a facility.

(g) The city engineer's certification of the costs of relocation of any facility undertaken on behalf of an owner shall constitute prima facie evidence of the reasonableness of the costs chargeable to the owner.
(Ord. No. 05-371, § 2, 4-13-05)

Sec. 40-398. Notice after relocation.

If a facility is relocated under section 40-397 of this Code, the city engineer shall, within 30 days of the completion of the relocation, notify the owner of the facility that is relocated of the owner's right to a hearing under section 40-399 of this Code.
(Ord. No. 05-371, § 2, 4-13-05)

Sec. 40-399. Hearing upon written request.

The owner of a facility that is relocated under section 40-397 of this Code shall, upon written request within 10 days from the mailing of the city engineer's notice under section 40-398 of this Code, be entitled to a hearing on the issue of the reasonableness of the city's costs of relocation. The hearing shall be conducted by a hearing officer designated by the director, and the director shall promulgate rules for hearings. The hearing officer's decision on the issue of the reasonableness of the city's costs of relocation is final.
(Ord. No. 05-371, § 2, 4-13-05)

Sec. 40-400. Conflicts.

The provisions of article IX of this chapter shall control for those facilities governed thereby to the extent inconsistent with this article.
(Ord. No. 05-371, § 2, 4-13-05)

Sec. 40-401. Actions authorized to enforce article.

The city attorney is authorized to institute appropriate civil proceedings to compel the relocation of any facility whose relocation the city engineer determines to be necessary for a public works project and seek other relief consistent with this article.
(Ord. No. 05-371, § 2, 4-13-05)

Secs. 40-402—40-430. Reserved.

ARTICLE XIX. THE SALE OF USED MOTOR VEHICLES AT CERTAIN LOCATIONS*

Sec. 40-431. Definitions.

As used in this article, the following words and terms shall have the meanings ascribed to them in this section, unless the context of their usage clearly indicates another meaning:

Motor vehicle has the meaning ascribed in Section 502.001 of the Texas Transportation Code, as amended from time to time.

Police chief means the chief of the police department and any employees of the police department assigned by the chief to perform the duties prescribed in this article.

Residence has the meaning ascribed in section 28-201 of this Code, as amended from time to time.
(Ord. No. 06-29, § 2, 1-11-06)

Sec. 40-432. Motor vehicles for sale; penalties; towing

(a) Except as provided in subsection (b) of this section, it shall be unlawful for any person to park a motor vehicle on public or private property having displayed thereon any writing indicating that such vehicle is for sale.

(b) The provisions of this section shall not apply to:

(1) A vehicle parked on private property having both a certificate of occupancy issued by the city and a license from the Texas Department of Transportation authorizing the sale of vehicles at that location;

*__Editor's note—__Ord. No. 06-29, § 2, adopted January 11, 2006, provided for a new Art. XIV. Inasmuch as there is already an existing Art. XIV, at the request of the city, said article was redesignated as Art. XIX.

(2) A single vehicle legally parked on the premises of, or in the right-of-way immediately adjacent to a residence provided the vehicle is owned by or registered to the occupant of the residence; or

(3) A vehicle that is parked on either public or private property adjacent to a building or location to which the vehicle owner has traveled to perform his normal course of business or employment or on a personal errand.

(4) A vehicle located on private property that has affixed on the windshield a notarized statement from the property owner or authorized agent indicating that the vehicle owner has permission to sell the vehicle on the property. The notarized statement shall include the name, address and telephone number of the property owner or authorized agent. If the property owner is a partnership or corporation, the notarized statement shall include the name, address, and telephone number of one of the partners or one of the principals.

(c) A violation of this section shall constitute a class C misdemeanor.

(d) Subject to the provisions in subsection (e) of this section:

(1) A vehicle parked on public property in violation of this section shall be subject to immediate removal; or

(2) A vehicle parked on private property in violation of this section shall be subject to removal not sooner than two hours after the notice pursuant to section 40-433 of this Code is attached to the vehicle.

(e) Prior to causing a vehicle to be removed pursuant to subsection (d), the police chief shall attempt to contact the individual whose phone number appears on the "for sale" sign of the vehicle by phone to provide an opportunity for that individual to remove the vehicle. If contact is made, the individual shall have one hour to remove the vehicle from that location after the police chief has contacted him regarding the violation.
(Ord. No. 06-29, § 2, 1-11-06)

Sec. 40-433. Notice procedures.

The police chief may, without the consent of the owner or operator of a vehicle parked on private property in violation of this section, cause the vehicle and any property on or in the vehicle to be removed and stored at a vehicle storage facility at the owner's or operator's expense if:

(1) The police chief has mailed to the owner or operator of the vehicle actual notice that the vehicle is in violation of this section and that it will be towed and stored at the vehicle owner's or operator's expense if it is not removed; or

(2) The police chief has caused a conspicuous notice to be attached to the vehicle's front windshield or, if the vehicle has no front windshield, to a conspicuous part of the vehicle stating:

a. That the vehicle is parked in violation of this section;

b. That the vehicle will be towed and stored at the expense of the owner of the vehicle not sooner than two hours after the notice is attached to the vehicle; and

c. A telephone number that is answered 24 hours a day to enable the owner of the vehicle to locate the vehicle.

(Ord. No. 06-29, § 2, 1-11-06)

Sec. 40-434. Procedures for towing; contesting a tow.

(a) All tows conducted pursuant to this article shall be performed in accordance with chapter 8 of this Code.

(b) The owner or operator of a vehicle has the right to contest the towing of the vehicle under chapter 685 of the Texas Transportation Code. A

hearing under chapter 685 shall be in the justice court having jurisdiction in the precinct in which the vehicle storage facility is located.
(Ord. No. 06-29, § 2, 1-11-06)

Secs. 40-435—40-450. Reserved.

ARTICLE XX. NEWSRACKS

Sec. 40-451. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, unless the context of their usage clearly indicates a different meaning:

Central business district means the area beginning at the intersection of the centerline of U.S. 59 and the centerline of I.H. 45; thence in a northwesterly and northerly direction along the centerline of I.H. 45 to its intersection with the centerline of I.H. 10; thence in an easterly direction along the centerline of I.H. 10 to its intersection with the centerline of U.S. 59; thence in a southwesterly direction along the centerline of U.S. 59 to its intersection with I.H. 45, the point of beginning.

Department means the department of administration and regulatory affairs.

Newsrack means any self-service or coin-operated box, container, storage unit, or other dispenser installed, used, or maintained for the display and sale or distribution without charge of newspapers, periodicals, magazines or other publications.

ParkHouston has the meaning assigned in section 26-2 of this Code.

Vending screen means any device constructed of metal or other similar permanent material installed by or with the approval of the city designed and used to obscure from view on an adjacent roadway the existence of newsracks.
(Ord. No. 07-225, § 7, 2-14-07; Ord. No. 08-417, § 11, 5-14-08; Ord. No. 08-568, § 30, 6-18-08; Ord. No. 2010-304, § 10, 4-21-2010, eff. 4-1-2010; Ord. No. 2019-1015, § 34, 12-11-2019)

Sec. 40-452. Permit and decal required.

It shall be unlawful for any person to place, maintain, or cause to be placed, or maintained a newsrack on, or projecting on, any public right-of-way without first receiving a permit from the city for the newsrack and affixing a decal evidencing such permit on the newsrack.
(Ord. No. 07-225, § 7, 2-14-07)

Sec. 40-453. Permit.

(a) *Application.* An application for a newsrack permit for one or more newsracks shall be made to the director on a form prescribed by the director, which shall include, without limitation:

(1) The name, street and mailing address, email address, and telephone number of the applicant, which shall be the duly authorized representative of both the publisher and, if applicable, any independent distributor authorized to service the publisher(s) newsrack for which the permit is sought.

(2) The name, street and mailing address, email address, and telephone number of the distributor or other responsible person whom the city may notify or contact at any time concerning the applicant(s) newsrack(s).

(3) The number of proposed newsracks and a description of the exact proposed locations.

(4) A description of each proposed newsrack, including its dimensions and signage, and whether it contains a coin-operated mechanism.

(5) The name and frequency of the publication proposed to be contained in each newsrack.

(b) *Separate application.* A separate application shall be required for each publication.

(c) *Issuance of permit.* If the application is properly completed and the type of newsrack and location proposed for each newsrack meets the standards set forth in this article, ParkHouston shall issue a permit within ten business days from the date the applicant files the application

with the director. A single permit shall be issued for all newsracks, applied for by an applicant, that meet the standards of this article. A permit shall not be transferable.

(d) *Period of permit validity.* A permit shall be valid for three years.

(e) *Permit application fee; decal fee.* The permit application and decal fees per newsrack shall be stated for this provision in the city fee schedule. All fees imposed under this article shall be paid to the director at the time the application is filed and retained in a fund administered by the department for ParkHouston.

(f) *Decal replacement.* ParkHouston may require a permittee to replace a decal that has become worn, faded, defaced, or missing. The decal replacement fee shall be stated for this provision in the city fee schedule.

(g) *Renewal.* A permit may be renewed if, prior to its expiration, the permittee pays the renewal fee stated for this provision in the city fee schedule.

(h) *Issuance of decal.* Each permittee shall be issued a pre-printed decal for each permitted newsrack, which shall be affixed to the lower right or left corner inside the window opening on the front of each newsrack.

(i) *Denial of permit.* If the application is incomplete or the type of newsrack and location proposed for a newsrack does not meet the standards set forth in this article, then the director shall deny the permit application. If the newsrack permit is denied, in whole or in part, the director shall, by certified mail or by email to the address(es) provided by the applicant, notify the applicant within ten business days from the date of filing a completed application with the city, explaining the reasons for the denial of the permit. The applicant shall have ten business days from the receipt of notice of a denial to correct and resubmit the application or appeal the decision, in writing, to the hearing examiner designated by the director.

(j) *Suspension or termination of permit.* The director may, following ten business days written notice to the permittee and an opportunity to be heard, suspend or terminate a permit. Grounds for suspension or termination require a proven history of continual noncompliance with the requirements of this Code, consisting of a minimum of four violations in a 12-month period for which citations have been issued under section 40-459 of this article and a final judgment of guilt or a plea of nolo contendere has been entered. The period of suspension shall be at the discretion of the director, depending on the severity of the violations, not to exceed six months. Where the director finds that termination is appropriate, the permittee may not apply for a new permit for a period of 12 months. The decision of the director may be appealed as provided in subsection (k) of this section.

(k) *Appeal of denial, suspension, or termination.* The hearing examiner shall conduct a hearing within 30 days of receipt of the applicant(s written appeal request. Written notice of the time and place of the hearing shall be provided to the applicant at least ten business days prior to the date of the hearing. The hearing shall be conducted according to procedures promulgated by the director. The hearing examiner shall render a written decision within 15 business days after the date of the hearing. The decision of the hearing examiner shall be final.

(l) *Amendment to permit.* In the event of a change in any of the information contained in the application, the permittee shall submit the change in writing to the director. A permittee may install and maintain additional newsracks by amendment to the permit. This section shall govern the review and approval of any amendment.

(m) *Processing.* The director shall have authority to promulgate forms, rules, and procedures relating to the permitting process.
(Ord. No. 07-225, § 7, 2-14-07; Ord. No. 2011-1168, § 13, 12-14-2011; Ord. No. 2019-1015, §§ 35, 36, 12-11-2019)

Sec. 40-454. Maintenance and display.

(a) Any newsrack requiring a permit under this article shall:

(1) Be in a neat and clean condition and in good repair at all times, i.e., reasonably

free of dirt and grease; no chipped, faded, peeling, or cracked paint; no rust and corrosion; no broken or cracked plastic or glass parts; and no broken structural parts.

(2) Be constructed, installed, and maintained in a safe and secure condition.

(3) Be made of solid material on all sides; no wire or other open form of newsrack will be permitted.

(4) Be kept free of graffiti.

(5) Be painted or covered with a protective coating, so as to keep it free from rust and graffiti, and shall be cleaned and repaired on a regular basis.

(6) Other than the display of the publication contained therein, not display or be affixed with any words or pictures, except for identifying information and coin return information as required herein; however, the front and back of each newsrack may be affixed with a single sign or decal, no larger than 15 inches by 17 inches, containing only the information relating to the display, sale or distribution of the publication contained in the newsrack.

(7) Be affixed with identifying information, which shall contain the name, address and telephone number of the newsrack owner and of the distributor of the publication contained therein. Such information shall be placed in a visible location on the front of the newsrack, and shall be legible. The size of the identifying information shall be no larger than three inches by five inches.

(8) Be affixed with one face plate, no larger that four inches by seven inches, on the front or top of the newsrack near the coin-operated mechanism, if applicable, containing only the information indicating the publication(s price(s) and the acceptable coin combinations or indicating that the publication is free of charge.

(b) In addition to the requirements of subsection (a) of this section, any coin-operated newsrack requiring a permit under this article shall:

(1) Be equipped with a coin-return device that is maintained in good repair and working order.

(2) Display information on how to secure a refund in the event of coin return malfunction. Such information shall be placed in a visible location on the front or top of the newsrack, shall be legible, and no larger than three inches by five inches.

(Ord. No. 07-225, § 7, 2-14-07)

Sec. 40-455. Size and design standards.

(a) *Size requirements.* Any newsrack requiring a permit under this article shall have a height of not less than 36 inches and not more than 54 inches (excluding the base); a width of not less than 15 inches and not more than 25 inches; and a depth of not less than 12 inches and not more than 21 inches.

(b) *Physical requirements.* Any newsrack requiring a permit under this article shall meet the following requirements:

(1) A newsrack shall be manufactured from 20-gauge or thicker zinc coated steel.

(2) All hinge rods and springs on a newsrack shall be made of steel.

(3) Coin mechanisms, if any, shall be housed in the body of a newsrack or in armored heads made from 12-gauge or thicker steel welded or bolted to the body of a newsrack.

(4) A coin-operated newsrack shall have a net weight of no less than 80 pounds, when empty of publications, excluding its base. A newsrack that provides free publications shall have a net weight of no less than 50 pounds, when empty of publications, excluding its base.

(5) A newsrack shall be attached to a concrete base or concrete base and pedestal, with a net weight of not less than 95 pounds, and the concrete base shall be 23 inches measured from front to back and no more

than 1½ inches beyond each side of the bottom of the newsrack, with a height of three inches, and shall not be decorated or colored.

(6) The door of a newsrack shall be constructed with a window opening to display clearly the front page of the current edition, and the window opening shall be covered by plastic manufactured from no less than .060" polycarbonated clear plastic material.

(7) Newsrack door handles shall be a loop-style handle with a minimum one-inch clearance, designed to allow a person to slip his hands easily in and out of the handle.

(8) Newsrack door springs shall meet the tension requirements of the Americans with Disabilities Act.

(9) The color of the entire newsrack including the coin box shall be forest green (RAL # 6009).

(10) The design of a newsrack shall not create a danger to the persons using the newsrack.

(c) Any newsrack requiring a permit under this article shall comply with federal, state and local laws and regulations including, without limitation, the Americans with Disabilities Act, Texas Accessibility Standards, and other laws and regulations relating to barrier-free design. (Ord. No. 07-225, § 7, 2-14-07; Ord. No. 07-984, § 1, 8-29-07)

Sec. 40-456. Placement and location.

(a) A person may not install, use or maintain a newsrack on any public right-of-way if the newsrack:

(1) Endangers public safety;

(2) Interferes with public utility, public transportation, or other governmental use; or

(3) Interferes with or impedes:

a. Pedestrian or vehicular traffic;

b. Entry or exit from a residence or business;

c. Access to a legally parked or stopped vehicle;

d. Use of a traffic sign or signal, emergency call box, transit shelter, bus stop, elevator, mailbox, or other public service; or

e. Access to use of a delivery area or loading zone.

(b) Except as otherwise provided in subsections (c), (d), and (e) of this section, a newsrack requiring a permit under this article shall be placed or maintained on any public right-of-way in compliance with the following standards:

(1) Every newsrack shall be placed so as to open toward the sidewalk.

(2) If multiple newsracks are permitted at the same location, all such newsracks must be placed together in a straight line and abutting adjoining newsracks; however, no group of newsracks shall extend for a distance of more than ten feet; no group of newsracks shall be closer than four feet to another group of newsracks; and no group of newsracks shall contain more than one newsrack of the same publication.

(3) No newsrack shall be chained or otherwise attached to another newsrack. Newsracks shall not be chained or otherwise attached to any parking meter, kiosk, trash receptacle, street light, utility pole or device, sign pole, stand pipe, transit shelter, bus bench, bus stop, or to any tree, shrub or other plant, or other structure other than the newsrack base.

(4) No newsrack shall be placed, installed or maintained:

a. Within three feet of any fire hydrant, emergency call box, or other emergency facility.

b. Within three feet of any parking meter, bench, kiosk, trash receptacle,

tree well, utility pole, signal pole, sign pole, stand pipe, or control cabinet.

c. Within five feet of any transit shelter, bus bench or designated bus stop. The distance requirement shall be measured from the roof of any transit shelter, the edge of any bus bench, or the pole sign for any designated bus stop.

d. Within five feet of any alley, loading zone, disabled ramp or curb cut.

e. At any location where the clear space for the passage of pedestrians after placement or installation is less than three feet, or as required by ADA Accessibility Guidelines, whichever is greater.

f. Within three feet of or on any area of flowers or shrubs or similar landscaping, or in such a manner where ordinary use of the newsrack will cause damage to such landscaping.

g. Within three feet of any commercial window display.

h. Within three feet of or in such a manner as to block or cover any portion of an underground utility vault, manhole, or other sidewalk underground access location.

i. In such a manner as to be permanently affixed to any sidewalk, street or other city property.

j. Within 20 feet of any crosswalk.

(c) Within the central business district:

(1) No newsrack shall be placed or maintained:

a. Within ten feet of any transit shelter, bus bench or designated bus stop. The distance requirement shall be measured from the roof of any transit shelter, the edge of any bus bench, or the pole sign for any designated bus stop.

b. At any location where the clear space for the passage of pedestrians is less than five feet; and

(2) Newsracks shall be placed only on a sidewalk, near a curb, in which case, the back of the newsrack shall be placed parallel to such curb and not less than 18 inches nor more than 24 inches from the face of the curb in no parking zones, otherwise, not less than 36 inches and no more than 42 inches from the face of the curb. A newsrack placed behind a vending screen shall be exempt from this provision; however, in such instance, a newsrack may not be placed between a vending screen and the curb.

(d) Along a major thoroughfare, no newsrack shall be placed or maintained within ten feet of any transit shelter, bus bench or designated bus stop. The distance requirement shall be measured from the roof of any transit shelter, the edge of any bus bench, or the pole sign for any designated bus stop.

(e) A newsrack requiring a permit under this article may be placed on the grassed area in the public right-of-way adjacent to a sidewalk when placement of the newsrack on the sidewalk would reduce clear passage for pedestrians in violation of subsections (b)(4)e or (c)(2) of this section.

(f) In the event the city must expand or otherwise reconfigure public right-of-way or make improvements thereto to improve the adjacent street, sidewalk, or for other public purpose, any and all newsracks displaced by such improvements shall be removed by the permittee at the permittee(s sole cost and expense and in accordance with the instructions of the city. Wherever possible, and only in accordance with the requirements of this ordinance, the city shall attempt to allow the relocation of any newsracks displaced as provided herein to the newly reconfigured right-of-way without additional permit fee; provided, however, where such right-of-way will no longer accommodate newsracks in accordance with the requirements of this

ordinance, the city shall not be obligated to provide alternative or other sites for such displaced newsracks.
(Ord. No. 07-225, § 7, 2-14-07)

Sec. 40-457. Abandoned newsracks.

In the event any newsrack (a) is severely damaged, or (b) remains empty for more than 31 days, the newsrack shall be deemed abandoned, and may be seized and removed in the manner as provided in section 40-458 of this Code.
(Ord. No. 07-225, § 7, 2-14-07)

Sec. 40-458. Seizure and removal of newsracks.

(a) The city may seize and remove a newsrack if the person responsible for the newsrack has failed:

(1) To obtain a permit as required by this article;

(2) To remedy a violation within ten business days following the date of notice or a written decision by the hearing examiner that the newsrack was installed or maintained in violation of this article; or

(3) To request a hearing within ten business days following the date of notice of a violation.

(b) Other than in the instance of failing to obtain a permit as provided in (a)(1) above, before any newsrack is seized, the person responsible for its installation and maintenance shall be notified and provided ten business days in which to remedy the violation or to request a hearing to contest the seizure.

(c) A person notified under this section may request, in writing, a hearing before a hearing examiner designated by the director.

(d) The hearing examiner shall conduct a hearing within 30 days of receipt of the applicant's written request. Written notice of the time and place of the hearing shall be provided to the applicant.

(e) The hearing shall be conducted according to procedures promulgated by the director.

(f) The hearing examiner shall render a written decision within 15 days after the date of the hearing. The decision of the hearing examiner shall be final.

(g) In the event the seized or impounded newsrack is not claimed and picked up from the city within 31 calendar days from the date the newsrack was seized, or in the case where the owner is known, within 31 calendar days from the date the notice was given to the owner to claim the newsrack, the city has the absolute right to dispose of said newsrack by salvage or other method available to the city. *"Salvage"* as used in this section shall mean the disposal through waste management procedure or recycling if practical. Any owner or agent of the owner of said newsrack shall be deemed to have waived any claim of ownership or damage of said newsrack if said owner or agent has not taken the necessary steps to reclaim the newsrack, including paying any fees under this chapter, and shall assume all risk of loss for destruction or salvage of said newsrack.
(Ord. No. 07-225, § 7, 2-14-07; Ord. No. 09-1112, § 2, 11-10-09, eff. 11-11-09)

Sec. 40-459. Issuance of citations.

Upon completion of appropriate training, employees designated by the police department and ParkHouston are authorized to issue citations charging the violation of any provision of this article.
(Ord. No. 07-225, § 7, 2-14-07; Ord. No. 2019-1015, § 35, 12-11-2019)

Sec. 40-460. Violations.

(a) Any failure to comply with any applicable provision of this article shall be an offense punishable as provided in section 1-6 of this Code.

(b) It shall be unlawful for a person, other than the permittee, to remove a decal from a newsrack.

(c) It shall be unlawful for any person to remove, take, or appropriate more than one copy of a publication from any newsrack for the purpose of (i) selling such publication to any

recycler; (ii) selling, trading or bartering such publication to anyone for payment of any kind; or (iii) depriving others of the opportunity to read or enjoy such publication. This prohibition shall not apply to an authorized representative of the owner or operator of any newsrack, or any publisher or authorized distributor of a publication.
(Ord. No. 07-225, § 7, 2-14-07)

Secs. 40-461—40-480. Reserved.

ARTICLE XXI. FACILITIES IN THE PUBLIC RIGHT-OF-WAY

Sec. 40-481. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, unless the context of their usage clearly indicates a different meaning:

ARA director means the director of the department of administration and regulatory affairs.

Agent means a director, officer, employee, or other person authorized to act on behalf of a corporation, association, or facilities owner.

Camouflage measures describes actions taken to ensure that facilities are covered, blended, painted, disguised, camouflaged or otherwise concealed such that the facilities blend into the surrounding environment or supporting area and are visually unobtrusive. Camouflage measures include, without limitation, hiding facilities beneath a façade, blending facilities with surrounding area design, painting facilities to match the supporting area, or disguising facilities with artificial tree branches.

Collocate or *collocation* has the meaning assigned in Chapter 284 of the Texas Local Government Code, which reads as: "the installation, mounting, maintenance, modification, operation, or replacement of network nodes in a public right-of-way on or adjacent to a pole.

Decorative pole has the meaning assigned in Chapter 284 of the Texas Local Government Code, which reads as: "a streetlight pole specially designed and placed for aesthetic purposes and on which no appurtenances or attachments, other than specially designed informational or directional signage or temporary holiday or special event attachments, have been placed or are permitted to placed according to nondiscriminatory municipal codes.

Department means Houston Public Works.

Design district has the meaning assigned in Chapter 284 of the Texas Local Government Code, which reads: "an area that is zoned, or otherwise designated by municipal code, and for which the city maintains and enforces unique design and aesthetic standards on a uniform and nondiscriminatory basis.

Director means the Director of Houston Public Works or the director's designee.

Electric utility has the meaning assigned in Section 31.002 of the Texas Utilities Code.

Facilities means any one or more equipment boxes, poles, coaxial and fiber-optic cables, meters, wires, and other devices or structures, including network nodes, owned by private parties that have authorization from the city or state to be in the city's public right-of-way. The term does not include wayfinders, informational kiosks, signs or city-owned property.

Facilities owner means the owner of facilities or the owner's contractor, subcontractor, agent, or representative.

Historic district has the meaning assigned in Chapter 284 of the Texas Local Government Code, which reads: "an area that is zoned or otherwise designated as a historic district under municipal, state, or federal law.

Municipal park means any property for recreational activity, including all trails, buildings and improvements on the property, that is under the direction, control and supervision of the parks department and as listed in the Houston Parks and Recreation Department Park Inventory, as amended.

Network node has the meaning assigned in Chapter 284 of the Texas Local Government

Code, which reads: "equipment at a fixed location that enables wireless communications between user equipment and communications network. The term: (A) includes: (i) equipment associated with wireless communications; (ii) a radio transceiver, an antenna, a battery-only backup power supply, and comparable equipment, regardless of technological configuration; and (iii) coaxial or fiber-optic cable that is immediately adjacent to and directly associated with a particular collocation; and (B) does not include: (i) an electric generator; (ii) a pole; or (iii) a macro tower.

Parks department means the parks and recreation department.

Permit means a document issued by the department authorizing installation, removal, and other work in the public right-of-way, including an approved application for plans and drawings.

Permit holder means the person, entity, or organization listed as the owner of the facilities on the permit application and who shall be responsible for the contractors, subcontractors, or agents that apply for the permit or work under the permit.

Planning and development means the department of planning and development or its successor.

Pole has the meaning assigned in Chapter 284 of the Texas Local Government Code, which reads: "a service pole, municipally owned utility pole, node support pole, or utility pole.

Public right-of-way means the area on, below, or above a public roadway, highway, street, public sidewalk, alley, waterway, or utility easement in which the municipality has an interest. The term does not include:

(1) A private easement; or

(2) The airwaves above a public right-of-way with regard to wireless telecommunications;

(3) A park road that is not formally dedicated or otherwise designated by the city as public right-of-way; or

(4) A non-public street, as that term is defined by section 41-2 of this Code.

The term shall include any designated state or federal highway or road or any designated county road under the administrative control of the city for maintenance, repair, or vehicular traffic control purposes.

Public street has the meaning assigned in section 42-1 of this Code.

Underground utility district means an area of the public right-of-way where electric utility poles, overhead wires, and associated overhead or above ground structures have been removed and buried or application for removal or burial has been approved by the director for burial underground.

Terms not defined in this article but defined in Chapter 284 of the Texas Local Government Code shall have the meanings assigned to them in Chapter 284 of the Texas Local Government Code.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017; Ord. No. 2018-11, §§ 49, 50, 1-10-2018)

Sec. 40-482. Use of the public right-of-way.

(a) It shall be unlawful for any person to place, maintain, or cause to be placed or maintained facilities in the public right-of-way unless the person has:

(1) Authorization by state law or city ordinance to construct, modify, maintain, operate, relocate, or remove facilities in the public right-of-way; or

(2) An agreement with the city from the city to construct, modify, maintain, operate, relocate, or remove facilities the public right-of-way.

(b) It shall be unlawful for any person to collocate on a pole owned by the city without first entering into an agreement with the city.

(c) The facilities owner shall comply with this article.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-483. Permits.

(a) Prior to installing or attaching facilities in the public right-of-way, the facilities owner shall obtain all permits required by the department.

(b) The facilities owner shall submit a permit application that is required for one or more facilities to the director on a form prescribed by the director.

(c) The director may consider a permit application as withdrawn by the applicant if the director does not receive missing or additional information within 180 days after the date the director sends notice of the missing information to the applicant.

(d) A permit is valid only for the location authorized in the permit, and no installation of or attachment to facilities shall be authorized at any other location without another permit.

(e) A permit application may be denied or a permit revoked by a written decision of the director, including but not limited to revocation or denial if the permit application contains incorrect, misleading, or false information or if the permit was issued in error or in violation of any ordinance, laws, the city's design manual, or rules and regulations promulgated by the director.

(f) The facilities owner, permit holder, or permit applicant shall make permits available upon request of the director when working in the public right-of-way.

(g) The director may promulgate forms, rules, and procedures relating to the permit process, including approval and denial of permits. A copy of the forms rules, and procedures, if any, shall be maintained in the office of the director or on the city's web site for inspection, and copies may be purchased at the fee prescribed by law.

(h) Permit fees shall be remitted to the department at the time the permit application is submitted and in the amount stated in the city's then-current fee schedule, but such fees shall be no more than allowed by state law. An application shall not be considered complete and the director may not issue a permit under this article until the applicant pays the applicable permit application fees.

(i) If the director denies a permit application in writing, the applicant may cure the deficiencies identified in the director's denial document and resubmit the permit application without paying an additional permit application fee, other than a fee for actual costs incurred by the city, not later than 30th day after the date on the director's denial document. The director shall approve or deny a completed, resubmitted permit application not later than the 90th day after the date the municipality receives the completed, resubmitted permit application.

(j) The applicant may appeal the denial or revocation of a permit by delivering a written request for an appeal to the director not more than 14 days after the date the written notice of denial or revocation. Appeals of denial or revocation of a permit will be handled pursuant to the procedures set forth in Section 117 of the *Building Code.*

(k) Without first obtaining a permit, the facilities owner may remove or repair its facilities to remedy an imminent danger to health and safety posed by its facilities in the public right-of-way, but the facilities owner shall promptly notify the director and apply for a permit not later than noon the next city business day from the date the remediation commenced, except if the work performed falls under section 40-495(a) of this Code. As part of the remediation, the facilities owner may not relocate facilities in the public right-of-way without first obtaining permits from the director.

(l) At least once per month, the director will notify the appropriate district council members of the permit applications received by the department for installation of facilities within their districts.

(m) The applicant or the facilities owner shall identify each party that is attaching, collocating, leasing, or otherwise using its facilities in the permit application and notify the director within

five business days whenever an additional party attaches, collocates, leases, or otherwise uses its facilities.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017; Ord. No. 2021-1037, § 20(Exh. I.44), 12-1-2021, eff. 4-1-2022)

Sec. 40-484. Design standards.

(a) The facilities owner shall not install facilities in the public right-of-way in a design district with decorative poles without first obtaining the director's written approval of the facilities.

(b) The facilities owner shall ensure that facilities comply with the city's aesthetic and design standards for each design district with decorative poles, as maintained by the department and amended by the director from time to time.

(c) The director may adopt and amend design standards for facilities in the public right-of-way applicable to each design district with decorative poles. The director will maintain and make publicly available the design standards for the city and for each design district designated by city council.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-485. Design districts.

(a) The city council hereby designates the following areas in the city as design districts, the boundaries of which have been set by state law or adopted by the city if the area is a tax increment reinvestment zone (TIRZ):

Houston Downtown Management District

East Downtown Management District

Energy Corridor Management District

Greater East End Management District

Hobby Area Management District

Memorial Management District

Midtown Management District

North Houston District

Reinvestment Zone No. 16 (Uptown Management District)

Upper Kirby Management District

Westchase Area Management District

(b) The city council may designate the following areas in the city as design districts to protect and encourage improvements in the public right-of-way:

(1) Municipal management districts created under Chapter 375 of the Texas Local Government Code or other state law or legislation;

(2) Tax increment reinvestment zones created under Chapter 311 of the Texas Tax Code (TIRZs); and

(3) Cultural districts designated by the Texas Commission on Arts.

(c) An entity described in subsection 40-485 of this Code may file with the department an application for designation as a design district. The application shall be in the form prescribed by the director and shall include:

(1) A description, by street boundaries, of the proposed area for design district designation;

(2) A map of the proposed area for design district designation;

(3) A picture or photograph of decorative poles in the proposed area for design district designation; and

(4) The design standards for the proposed design district.

(d) The director shall review each application for completeness. The director may forward the application to other departments for further review. After determining that the application is complete, the director shall consider and recommend the designation of the design district if the director finds that the application meets the following criteria:

(1) The area proposed for design district designation has clearly defined boundaries;

(2) The area proposed for design district designation has decorative poles; and

(3) The applicant has provided aesthetic and design standards.

(e) When the director's recommendation is presented to city council for consideration on a city council agenda, the city council, consistent with the criteria of subsection (b), shall approve or deny the proposed design district designation.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017; Ord. No. 2018-420, §§ 3, 4, 5-23-2018)

Sec. 40-486. Historic districts.

(a) The facilities owner shall not install facilities in the public right-of-way in a historic district without first obtaining the director's written approval of the facilities.

(b) The facilities owner shall comply with a historic district's aesthetic and design standards for the public right-of-way approved by the director of planning and development and shall apply reasonable camouflage measures approved by the director of planning and development when installing facilities in a historic district.

(c) The director of planning and development may adopt the city's design standards for historic districts designated under section 40-484 of this Code, which adopted standards shall be maintained and made publicly available by the director of the department.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-487. Underground utilities.

(a) The facilities owner shall not install facilities at or above ground level in an underground utility district without prior written approval of the director.

(b) The facilities owner shall adopt camouflage measures that consider the color, design, and other visuals of the underground utility district and minimize the visual impact of the facilities, as approved, in writing, by the director. Camouflage measures may include, but are not limited to, street light poles installed or replaced at the facilities owner's expense.

(c) If an area becomes or is in the process of becoming an underground utility district, the facilities owner shall remove its facilities from that area at its expense within the time period required by the director. When installing or re-installing poles to support network nodes in an underground utility district, the facilities owner shall comply with this section.

(d) The director will consider the availability of alternative locations, proposed camouflage measures, and the impact of the facilities to the underground utilities district when approving or denying installation of the facilities.

(e) The facilities owner shall not install overhead lines in an underground utility district.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-488. Municipal parks.

(a) The facilities owner may not install a new pole to support network nodes in a public right-of-way within a municipal park without first obtaining written consent from the director of the parks department.

(b) The facilities owner shall provide written notice to the director of the parks department prior to installing a network node or new pole to support network nodes in a public right-of-way adjacent to a municipal park.

(c) The facilities owner shall comply with any city design standards or requirements for facilities in a public right-of-way located within a municipal park.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-489. City's preference.

(a) The facilities owner should use commercially reasonable efforts to comply with the following city preferences:

(1) Poles that support network nodes should be spaced at least 300 feet apart from another pole that supports network nodes along the same public right-of-way to prevent interference with the public's enjoyment and safe use of the public right-of-way;

(2) Existing, available utility poles and street light poles should be considered for use before installing new poles to support network nodes; and

(3) Non-wooden poles to support network nodes should be installed.

(b) The director may not deny a permit application solely for not meeting the city's preferences.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-490. Coverings.

It shall be the duty of the facilities owner to ensure that facilities are enclosed in a cabinet or other covering as much as possible and that all wires are sheathed to the extent possible.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-491. Signage.

(a) The facilities owner shall ensure that a sign or placard displaying the name, location identifying information, and emergency telephone number of the facilities owner is affixed to an

area of the cabinet or pole that is visible to the public, unless excepted in writing by the director or by state law.

(b) Signage required under this section shall not exceed 4 × 6 inches, unless otherwise required by law (for example, RF ground notification signs) or the director.

(c) Except as required by this Code or other law, the facilities owner shall not allow any other signage or advertising to be displayed on or by the facilities.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-492. Graffiti.

(a) The facilities owner shall ensure that each network node and pole to support network nodes are free of graffiti.

(b) As soon as practical, but not later than 14 days from the date the facilities owner receives notice from the director thereof, the facilities owner shall remove all graffiti on any of its network nodes or poles to support network nodes located in the public right-of-way. The foregoing shall not relieve the facilities owner from complying with any city graffiti or visual blight ordinance or regulation.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-493. Generators.

The facilities owner shall not install any generators in the public right-of-way.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-494. Maintenance and display.

(a) The facilities owner shall ensure that facilities:

(1) Are constructed, installed, and maintained in a safe, secure condition and in compliance with this article and the city's codes, design manual, and applicable state laws;

(2) Are in compliance with federal, state and local laws and regulations, including without limitation the Americans with Disabilities Act and Texas Accessibility Standards;

(3) Are in compliance with department rules and regulations and applicable state laws regarding size and design of facilities; and

(4) Are not placed within a pedestrian path, unless approved by the director, in writing.

(b) The facilities owner shall comply with all rules, regulations, statutes, or orders of the Environmental Protection Agency, the Texas Commission on Environmental Quality, and any other governmental agency with the authority to promulgate environmental rules and regulations applicable to the facilities owner's use of the public right-of-way.

The facilities owner shall not possess, use, generate, release, discharge, store, dispose of, or transport any hazardous materials on, under, in, above, to, or from the site except in compliance with the environmental laws. Hazardous materials means any substances, materials, or wastes that are or become regulated as hazardous or toxic substances under any applicable federal, state, or local laws, regulations, ordinances, or orders. The facilities owner shall not deposit oil, gasoline, grease, lubricants, or any ignitable or hazardous liquids, materials, or substances in the city's storm sewer system or sanitary sewer system or elsewhere in violation of the environmental laws.

(c) When requested by the director, the facilities owner shall trim trees under the supervision and direction of the city's designated person for tree maintenance. The facilities owner shall not trim trees without first obtaining the written approval of the director or the city's designated person for tree maintenance.

(d) The facilities owner shall install and maintain its facilities in a manner that does not:

(1) Endanger public safety, health or welfare;

(2) Interfere with or impede pedestrian use of the public right-of-way;

(3) Interfere with or impede vehicular traffic, entry or exit from a residence or

business, or access to a legally parked or stopped vehicle, nor block view of traffic signs; or

(4) Interfere with or impede use of a delivery area or a bus, taxi, or valet loading zone.

(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-495. Installation.

(a) The facilities owner shall provide written notice to the city engineer fourteen days prior to:

(1) Conducting routine maintenance that does not require excavation or closing of a sidewalk or vehicular lane in a public right-of-way;

(2) Replacing or upgrading a network node that is substantially similar in size or smaller and that does not require excavation or closing of a sidewalk or vehicular lane in a public right-of-way. Substantially similar has the meaning set forth in Section 284.157(b)(1) of the Texas Local Government Code; or

(3) Conducting the installation, placement, maintenance, operation, or replacement of a micro network node that is strung on cables between existing poles or node support poles, in compliance with the National Electrical Safety Code.

(b) The written notice required in section 40-495(a) of this Code shall be mailed or delivered to the city engineer and contain the following information:

(1) Date work is set to commence;

(2) Description of the work;

(3) Name of company conducting the work in the public right-of-way; and

(4) Name of contact person and contact information.

(c) The facilities owner, at the owner's sole expense, shall restore the public right-of-way to the condition in which it was before the facilities owner began work in the public right-of-way.

(d) The facilities owner shall install facilities in compliance with the plans approved in writing by the director.

(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-496. Interference with communications.

(a) The facilities owner shall be responsible for ensuring that facilities do not interfere with the use of other facilities in the public right-of-way or the city's radio frequency, wireless network, or communications operations.

(b) Upon written notice from the director, the facilities owner shall take all steps reasonably necessary to remedy any harmful interference as indicated in the director's written notice, which steps may include but are not limited to:

(1) promptly ceasing operation of its facilities causing interference with the city's radio frequency, wireless network or communications operations upon receiving notice from the director and refraining from operating, except for intermittent testing to be coordinated with the department as part of the remedial process, until the facilities owner has eliminated the interference; and

(2) testing the facilities' radio frequency and other functions to confirm that they do not interfere with the city's radio frequency, wireless network, or communications operations.

(c) It shall be unlawful for the facilities owner to continue to operate the facilities that are causing interference after notice from the city. The city may remove the interfering facilities without further notice and at the facilities owner's expense.

(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-497. Streetlight poles.

The facilities owner shall not place signs, attachments, or appurtenances on a decorative pole other than specially designed informational or directional signage or temporary holiday or

special event attachments. The facilities owner must obtain permission of the owner of the streetlight pole before placing anything on it.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-498. Abandoned facilities.

In the event any facilities are unused, non-operational, or in a non-functioning condition for more than 90 consecutive days, the director may consider the facilities abandoned, unless otherwise proven by the facilities owner. The facilities owners shall remove the abandoned facilities at the facilities owner's expense and within the deadlines established in section 40-499 of this Code.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-499. Removal of facilities.

(a) The director may remove facilities without first notifying the facilities owner if the facilities pose an imminent danger to public health, safety, or welfare.

(b) The director may require the facilities owner to remove facilities that are in violation of this article at the facilities owner's expense. The facilities owner shall commence removal of its facilities from the public right-of-way not later than 10 days after receiving notice from the director for violations of sections 40-494 and 40-496 of this Code and not later than 30 days after receiving notice of any other violations. The facilities owner shall complete removal by the 14th day after receiving notice, unless otherwise approved by the director, and complete any restoration of the public right-of-way by the 90th day after receiving notice. The facilities owner shall peaceably surrender the public right-of-way to the city in the same condition it was in on the date prior to the facilities owner's installation of its facilities in the public right-of-way, excepting ordinary wear and tear.

(c) The director may remove facilities that are in violation of this article at the facilities owner's expense if the facilities owner does not comply with the requirements of section 40-499(b) of this Code. The director shall provide 30 calendar days' written notice to the facilities owner before removing the facilities under this section, unless there is imminent danger to the public health, safety, and welfare.

(d) Within 30 days after receiving an invoice from the city, the facilities owner shall reimburse the city for all of the city's costs and expenses associated with the removal of its facilities (including without limitation, all administrative and legal expenses, attorney fees, and costs and expenses incurred in connection therewith).

(e) The terms for removal of facilities under an agreement with the city, if any, shall apply.

(f) If a facilities owner removes facilities at its own discretion, it shall notify the director in writing not less than 10 business days prior to removal or relocation.

(g) The department shall store facilities that the director removes and provide the following information to the facilities owner the next business day after the removal: the description of the removed facilities, the location from where the facilities were removed, the storage location, the storage facilities' hours of operation, removal costs, and storage fees due. Upon payment of the removal costs and storage fees, the department shall release the facilities to the facilities owner or his authorized representative. If the facilities owner fails to retrieve the facilities within 30 days of the date of the department's notice, then the city may dispose of the facilities.

(h) The facilities owner shall comply with and be subject to the city's relocation ordinance in article XVIII, chapter 40 of this Code.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-500. Stop work orders.

Where construction or other work is being done contrary to the provisions of this Code, the Construction Code or the Fire Code, or is being done in an unsafe or dangerous manner, the director may order the work stopped by notice in writing served on the person engaged in doing or causing the work to be done, and the person shall forthwith stop the work until authorized to recommence it by the building official.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-501. Fees.

The facilities owner shall pay to the city all right-of-way use fees required by an agreement with the city, the city's fee schedule, or the amount required by state law. Fees for use of the public right-of-way shall be remitted to the ARA director not later than January 31 after permits are granted, unless otherwise provided for in an agreement with the city.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-502. Authority, enforcement, and violations.

(a) *Director's authority.*

(1) The director is authorized to administer and enforce the provisions of this article and to promulgate regulations, including but not limited to engineering, technical, and other special criteria and standards to aid in the administration and enforcement of this article that are not in conflict with this article, this Code, or state or federal law.

(2) The director is authorized to determine compliance with permits or with this article.

(b) *Violations.* Violations of this article shall be strict liability offenses. Except as otherwise prescribed by state law, neither an allegation nor evidence of a culpable mental state shall be required for proof of an offense under this article. The facilities owner, the facilities owner's agent, the permit holder, or the person installing facilities in the public right-of-way commits an offense if he:

(1) Violates, allows a violation or causes a violation of any provision of this article;

(2) Performs work, allows work or causes work to be performed that is not in accordance with the permit approved by the department; or

(3) Fails to comply with a requirement or guideline issued pursuant to this article.

(c) This article may be enforced by civil court action in accordance with state or federal law, in addition to any other remedies, civil or criminal, the city has for violation of this article.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-503. Penalties.

(a) Except as otherwise provided for in this article:

(1) Any violation of any provision of this article is a misdemeanor punishable upon conviction by a fine not to exceed $500.00 for each offense. Each day a violation continues shall constitute a separate offense.

(2) Prosecution or conviction under this article is cumulative of and shall not be a bar to any other civil or administrative remedy provided or allowed in this article or by law.

(b) When an existing agreement with the city for facilities in the public right-of-way contains the same provisions as this article, then the agreement's penalties for violation of that provision shall apply unless the agreement is silent with regard to penalties.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-504. Indemnification and liability.

(a) The indemnification provisions of Sections 283.057(a) and (b) of the Texas Local Government Code shall apply, unless otherwise provided for in an agreement with the city.

(b) The facilities owner shall be responsible and liable for the acts and omissions of the facilities owner's employees, agents, consultants, contractors, and subcontractors.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Sec. 40-505. Other law.

(a) This article does not apply to facilities installed in the public right-of-way before the passage of this article under a franchise, license, and other agreements with the city.

(b) This article does not affect the city's enforcement of the city's existing agreements, unless provided by state law.

(c) All other applicable city codes and regulations, state law, and federal law shall apply to facilities in the public right-of-way.
(Ord. No. 2017-677, § 2(Exh. A), 8-30-2017)

Secs. 40-506—40-550. Reserved.

ARTICLE XXII. SIDEWALKS*

DIVISION 1. SIDEWALK NETWORK REQUIREMENTS

Sec. 40-551. Scope and administration, penalty.

(a) This article establishes standards and procedures for creating a connected sidewalk network within the city to achieve the goal of providing a safe, comfortable, and accessible sidewalk network for all residents.

(b) It shall be the responsibility of the planning official to administer this article in coordination with the city engineer, chief transportation planner, and the MOD official, as defined herein.

(c) The planning official is authorized to promulgate rules and procedures for the efficient administration of this article.

(d) The planning official has established fees to be added to the city fee schedule where authorized by this article. All fees are nonrefundable.

(e) An obligation to install sidewalks or the fee assessed in lieu of installing sidewalks is subject to a proportionality review by the city engineer in accordance with Ch. 212, Texas Local Government Code.

(f) Except as expressly provided, the provisions of this article are cumulative of all other provisions of this Code or regulations of the city, state or federal government.

(g) This article may be known and cited as the Sidewalk Network Ordinance.
(Ord. No. 2023-58, § 2(Exh. A), 1-25-2023, eff. 3-1-2023)

Sec. 40-552. Definitions.

As used in this article, the following terms and phrases shall have the meanings ascribed in this section unless the context of their usage clearly indicated another meaning:

Applicant means a property owner or the property owner's designated agent, landlord, or tenant, holder of certificate of occupancy, or other person or entity who is applying for an approval required by this article.

Back-of-curb has the meaning ascribed in section 33-351 of this Code.

Block has the meaning ascribed in section 42-1 of this Code.

Blockface has the meaning ascribed in section 42-1 of this Code. Business day means any day of the week except for Saturday, Sunday, or any other day on which department offices are closed.

Central business district has the meaning ascribed in section 40-361 of this Code.

Chief transporlation planner means the person designated by the mayor to lead the city's systems-level transportation planning efforts or their designee.

Commission means the planning commission of the city.

Design manual has the meaning ascribed in section 42-1 of this Code.

Department means the department of planning and development of the city.

Local street has the meaning ascribed in section 42-1 of this Code.

Lot has the meaning ascribed in section 42-1 of this Code.

*__Editor's note—__Ord. No. 2023-58, adopted January 25, 2023, § 2(Exh. A), effective March 1, 2023, amended Ch. 40, Article XXII in its entirety to read as herein set out. Formerly said article pertained to similar subject matter and derived from Ord. No. 2020-684, § 2(Exh. A), 8-5-2020. See the Code Comparative Table for a complete derivation.

Mobility device means a motorized or non-motorized wheelchair, scooter,

Rollator, crutch, cane, walker or any similar device(s) that functions similarly to allow an injured or disabled person increased mobility for independent travel.

MOO official means the person designated by the mayor to lead the Mayor's Office on Disabilities, as established in section 2-388 of this Code, or such person's designee.

Project site means the area under review where a building permit, certificate of occupancy, or other construction permit or approval listed under section 40-553 of this Code is located. This shall include the section of public street between the roadway and corresponding blockface abutting the area, when applicable.

Public street means a public right-of-way, however designated, dedicated or acquired, that provides access to adjacent property. An alley, as the term is defined in section 42-1 of this Code, shall not be considered a public street.

Roadway has the meaning ascribed in section 42-1 of this Code.

Safety buffer is the area between the back-of-curb or the roadway, and the edge of the sidewalk nearest the back-of-curb or the roadway.

School has the meaning ascribed in section 28-151 of this Code.

Sidewalk means a publicly accessible firm-and-stable-surfaced path that is improved and designed for or is ordinarily used by pedestrians in accordance with the design manual, applicable state and federal disability rights laws, and this article. The sidewalk serves as a continuous and obstacle-free pathway for people to safely and comfortably walk or use a mobility device.

Sidewalk committee means the group of licensed or otherwise qualified technical professionals established by section 40-558 of this Code.

Sidewalk easement means a recorded easement that grants to the public a perpetual, non-exclusive easement on, over, and across private land for the construction, maintenance, and use of a sidewalk.

Sidewalk fund means the fund established in accordance with section 40- 581 of this Code.

Sidewalk plan means a detailed, graphical representation of the arrangement of sidewalks, buildings, driveways, plantings, and other improvements or above-ground existing and planned physical features for the project site for which a permit or approval is sought in accordance with this article.

Single-family residential use has the meaning ascribed in section 42-1 of this Code.

Subdivision plat has the meaning ascribed in section 42-1 of this Code.

(Ord. No. 2023-58, § 2(Exh. A), 1-25-2023, eff. 3-1-2023)

Sec. 40-553. Applicability.

(a) Except as provided in subsection (b) of this section, any person or entity seeking approval for a building permit, certificate of occupancy, or other construction permit or approval required by this Code for any of the following activities must first obtain approval of a sidewalk plan in accordance with this article:

(1) Construction of a new sidewalk within a public street or sidewalk easement;

(2) Repair, reconstruction or replacement of 20 linear feet or more of an existing sidewalk within a public street or sidewalk easement;

(3) Construction of a new single-family residential use other than a secondary dwelling unit;

(4) Development of property for non-single-family residential use that requires a development plat under to section 42-22;

(5) Construction of a new parking lot;

(6) Construction of a parking lot addition greater than ten parking spaces to an existing parking facility, as those terms are defined in section 26-472;

(7) Reconstruction of more than ten parking spaces or 25% of the total area, whichever is greater, of an existing permitted parking lot. Restriping parking spaces, asphalt resurfacing and other cosmetic, decorative or surface level enhancements shall not be considered reconstruction;

(8) To establish the pedestrian route for off-site parking facilities as required by section 26-499;

(9) Alterations to any non-single-family residential building or improvement within 15 feet of the minimum pedestrian realm along a transit-oriented development street or walkable places street that increases the building or improvement by 250 square feet or more;

(10) Alterations to any non-single-family residential building or improvement that increases the exterior square footage of the building or the footprint of the improvement by more than 25%;

(11) Construction of a new roadway within a public street;

(12) Expansion or reconstruction of an existing roadway within a public street. Repair and rehabilitation work performed as described in subsection (b) of this section shall not be considered reconstruction or expansion; and

(13) Removal of an existing sidewalk within a public street or existing sidewalk easement.

(b) This article shall not apply to repair and rehabilitation work performed by governmental entities, political subdivisions, transit authorities, or local government corporations provided that:

(1) Following the repair or maintenance of public infrastructure, any sidewalk that is disturbed is replaced in the same or better condition than existed before the repair or maintenance work; or

(2) The width and location of a sidewalk is not fundamentally altered after rehabilitation improvements to extend the life and effectiveness of existing public infrastructure. Rehabilitation improvements may include, but are not limited to: pavement overlays, street panel replacements, resizing stormwater inlets, replacing or reestablishing curbs, regrading ditches, or the restoration of erosion or flood damage.

(Ord. No. 2023-58, § 2(Exh. A), 1-25-2023, eff. 3-1-2023)

Sec. 40-554. Options for compliance.

An applicant for a permit required to comply with this article shall file a sidewalk plan for the project site with the department for review. Upon approval of the sidewalk plan by the planning official, the applicant shall:

(1) Construct the sidewalk(s) in accordance with the approved sidewalk plan; or

(2) Pay the fee-in-lieu of sidewalk construction in the amount stated in the current fee schedule if authorized by the planning official or sidewalk committee pursuant to section 40-560.

(Ord. No. 2023-58, § 2(Exh. A), 1-25-2023, eff. 3-1-2023)

Sec. 40-555. Sidewalk plan and approval required.

(a) An applicant shall submit a sidewalk plan to the department for review and approval in conjunction with a development plat required by chapter 42, or prior to obtaining a building permit, certificate of occupancy, or other construction permit, or for approval of a sidewalk plan required to perform an activity listed under section 40-553. The sidewalk plan for the project site shall:

(1) Be in the form prescribed by the planning official.

(2) Be to scale, provide a north arrow, and contain dimensions and boundaries of all public streets, and sidewalk easements; and

(3) Show:

a. The location and dimensions of each existing and proposed sidewalk and safety buffer;

b. The location of above-ground existing and planned physical features within the public street or sidewalk easement such as utility poles and equipment, signposts, traffic signal equipment, parking meters, guywires, fire hydrants, bollards, bus or transit shelters, bicycle racks, planters, stairs or steps, street furniture, and fences or barriers;

c. The location and dimension of each driveway that crosses the sidewalk and safety buffer;

d. The location and dimension of each pedestrian safety and visibility buffer required by section 40-32;

e. The location and dimension of each curb ramp, as the term is used in chapter 17 of the design manual;

f. The location, dimension, and vertical clearance of any building or structure constructed over the sidewalk or safety buffer;

g. Existing and proposed trees, shrubs, and screening fences required by article V of chapter 33 that are within the public street or sidewalk easement;

h. The functional edge furthest from the roadway of an adequate drainage facility, as approved by the city engineer, along any public street that is not curb and gutter; and,

i. If requesting an exemption, the location and details of any exemption condition listed under section 40-556; and

j. Reserved.

k. A fee calculation analysis when a fee-in-lieu of sidewalk construction is requested in accordance with this article.

(b) Upon receipt of a sidewalk plan containing all the information required by subsection (a), the planning official shall review the sidewalk plan to verify compliance with this article. This review shall be completed within 15 business days from the date a complete application is submitted to the planning official. The planning official shall deny in writing all sidewalk plans that do not comply with the requirements of this article.

(c) The building official or city engineer shall not issue a building permit, certificate of occupancy, or other construction permit unless the planning official approves the sidewalk plan.

(d) The building official or city engineer shall not issue a certificate of occupancy or otherwise certify satisfactory completion of a construction permit or approval unless the applicant constructs or provides for the sidewalk and related information shown on the approved sidewalk plan or provides payment of the required fee-in-lieu of sidewalk construction.
(Ord. No. 2023-58, § 2(Exh. A), 1-25-2023, eff. 3-1-2023)

Sec. 40-556. Sidewalk required; exceptions.

(a) Except as provided in subsection (b) of this section, a sidewalk shall be required along each public street blockface within the city. The sidewalk may be within the public street or a sidewalk easement adjacent to the public street.

(b) No sidewalk shall be required along a public street blockface when, upon review of written documentation and other relevant information provided by the applicant, the planning official finds that one or more of the following circumstances apply:

(1) There is an existing sidewalk in good repair that was built to the minimum width required by this article;

(2) There is an existing sidewalk in good repair that was built through a sidewalk

construction project completed by a governmental entity, political subdivision, transit authority, or local government corporation not more than five years before the date the sidewalk plan is filed with the department;

(3) The public street is within a community with an approved pedestrian plan on file with the department in which alternative publicly accessible pedestrian trails or pathways are provided;

(4) The sidewalk is, constructed, or will be constructed in accordance with this article, within a sidewalk easement that provides a reasonable alternative alignment for pedestrian accessibility along the general route of the public street;

(5) The public street is a grade-separated freeway or other limited access roadway, and the planning official, after consultation with the sidewalk committee, determines one or more of the following conditions exist:

a. The public street is a grade-separated freeway that does not have an at-grade frontage road;

b. The construction of a sidewalk is technically or otherwise infeasible due to the presence of existing, permitted physical conditions, or

c. The characteristics of existing permitted development, land uses, or other physical conditions within the immediate vicinity of the grade-separated or limited access roadway create unsafe conditions related to the practical use of a sidewalk.

(6) There is no roadway constructed within the public street and the city engineer confirms:

a. The construction of a roadway is not required as part of the action prompting the applicability of this article under section 40-553 of the Code; or

b. There are no approved capital improvement plans or plans pending approval by an entity with an interest in planning and development within the right of way such as governmental entities, political subdivisions, transit authorities, or local government corporations or any other entity as determined by the planning official for improvements or construction of the roadway.

(7) The cost to meet the standard sidewalk requirement is more than 50% of the total cost of the action prompting the applicability of this article, or is otherwise found to be disproportionate to the development. For a cost waiver, the city engineer shall review the cost estimate provided by the applicant and make a recommendation to the planning official on the reasonableness of the estimate. The following shall not qualify for a waiver under this subsection:

a. Items (1), (2), and (8) under section 40-553;

b. The requirement to construct a sidewalk within the central business district; or

c. The requirement to construct a sidewalk along a walkable place, street or transit-oriented development street;

(8) The street is located within the boundaries of the Fourth Ward Street Streets in Place Ordinance, Ordinance No. 99-1344; or

(9) The applicant pays a fee-in-lieu of sidewalk construction when authorized in accordance with this article.

(Ord. No. 2023-58, § 2(Exh. A), 1-25-2023, eff. 3-1-2023)

Sec. 40-557. Sidewalk standards.

(a) The minimum unobstructed width of a sidewalk required by this article shall be as prescribed by the design manual.

(b) The minimum width of the safety buffer required by this article shall be as prescribed by the design manual.

(c) The minimum unobstructed vertical clearance required by this article shall be eight feet as measured from the surface of the sidewalk.

(d) All sidewalks shall be constructed in a manner consistent with technical standards and design requirements of the design manual and applicable state and federal disability rights laws.
(Ord. No. 2023-58, § 2(Exh. A), 1-25-2023, eff. 3-1-2023)

Sec. 40-558. Establishment of the sidewalk committee.

There is hereby created a sidewalk committee to evaluate and make technical findings on a modification request, or a fee-in-lieu of sidewalk construction request submitted in accordance with this article. Membership of this committee shall include the planning official, the city engineer, and the MOD official. The sidewalk committee may establish procedures necessary for the conduct of its business and may conduct its review via electronic mail, teleconference, or in-person meetings. The unanimous consent of all members is required for any approval or authorization required by the sidewalk committee under this article. The decision of the sidewalk committee is final.
(Ord. No. 2023-58, § 2(Exh. A), 1-25-2023, eff. 3-1-2023)

Sec. 40-559. Modification of sidewalk standards, process.

(a) The sidewalk committee is authorized to approve a sidewalk plan that includes a modification to the standards of section 40-557. Granting a modification for one property does not set a precedent for any other, and each case shall be reviewed on its own merits.

(b) The sidewalk committee may modify, but not eliminate, the sidewalk width required by subsection (a) in section 40-557. The sidewalk committee may modify or eliminate safety buffer required by subsection (b) in section 40-557 when, upon review of written documentation provided by the applicant requesting the modification, the sidewalk committee concludes that the standards of section 40-557 are technically or otherwise infeasible solely due to the presence of existing permitted p ysical conditions.

(c) An applicant requesting modification of the sidewalk width or the safety buffer width, or to eliminate the safety buffer requirement shall:

(1) File an application in the form prescribed by the planning official;

(2) Pay the application fee set forth for this provision in the city fee schedule and all costs associated with the notice provisions of this section. No fee shall be charged for a request solely for modification of the safety buffer requirement; and

(3) Provide documentation to support the required findings in subsection (e) of this section.

(d) Upon receipt of a complete application filed in accordance with subsection (c) of this section to modify the width of the sidewalk, the planning official shall give notice of the application by electronic mail to:

(1) The district council member in whose district the sidewalk is located;

(2) Each neighborhood association registered with the department of neighborhoods in whose boundaries the sidewalk is located;

(3) The members of the sidewalk committee;

(4) The applicant; and

(5) Other entities, as determined by the planning official, with an interest in the proposed modification request and mobility, generally those within the sidewalk sector where the request is located.

(e) The sidewalk committee shall approve the application submitted in accordance with subsection (c) of this section, with or without conditions, if the committee finds that all the following conditions exist:

(1) One or more of the following:

a. Pedestrian pathways or sidewalks exist within the immediate vicinity

of the public street that provide reasonably sufficient access and connectivity for public pedestrian use;

b. The characteristics of existing permitted development, land uses, or other physical conditions within the immediate vicinity of the public street create unsafe conditions related to the practical use of the sidewalk that is otherwise contrary to sound public policy; or

c. The cost of the standard sidewalk requirement is disproportionate to the total cost of the action prompting the applicability of this article under section 40-553 and the development is unlikely to contribute to an increase in pedestrian traffic or otherwise create an adverse impact to existing pedestrian accessibility within the immediate vicinity. Section 40-553, subsections (1), (2), and (8) shall not qualify for a modification under this condition.

(2) The circumstances supporting the approval are not the result of hardship or condition created or imposed by the applicant; and

(3) The granting of the approval will create an alternative that furthers the intent and purposes of this article.

(f) The sidewalk committee shall conduct a review of an application submitted under subsection (c) of this section and the planning official shall advise the applicant of a decision within 15 business days from the date a complete application is submitted to the planning official.

(g) The planning official shall maintain a list of approved sidewalk modifications on the department website.

(Ord. No. 2023-58, § 2(Exh. A), 1-25-2023, eff. 3-1-2023)

Sec. 40-560. Fee-in-lieu of sidewalk construction eligibility; fee established.

(a) The planning official and sidewalk committee may waive the sidewalk construction requirement only in accordance with this section. An applicant must file a sidewalk plan with the department and pay the application fee for the plan review and fee-in-lieu determination.

(b) An applicant may request approval to pay a fee-in-lieu of sidewalk construction when either:

(1) The planning official determines the activity listed under section 40-553 meets the following conditions:

a. Construction of a new single-family residential use, other than a secondary dwelling unit;

b. The lot was not created by a subdivision plat submitted after October 1, 2020;

c. The lot fronts a local street that is not a walkable place street or TOD street;

d. The lot is not a corner lot at an intersection of two or more public streets;

e. The lot makes up 20% or less of the linear length of the blockface;

f. The lot is on a blockface where no existing sidewalk is located, or no existing sidewalk is located within 500 feet of the lot along the same blockface; and

g. There is no school located on the same block as the project site.

(2) If the request does not meet the conditions for approval by the planning official, the applicant may request the sidewalk committee to authorize a fee-in-lieu of sidewalk construction pursuant to section 40-561;

(c) Upon authorization for payment of the fee-in-lieu of sidewalk construction, the applicant shall deposit the funds with the city as part of the permitting process. All fees collected in accordance with this division shall be deposited into the sidewalk fund. The planning official shall:

(1) Maintain a list of approved fee-in-lieu of sidewalk construction projects along with the name and mailing address of the applicant; and

(2) Complete an annual evaluation in coordination with the city engineer on the city's total cost per square footage to construct a typical new sidewalk for a construction project funded by the sidewalk fund.

(d) The amount of the fee-in-lieu of sidewalk construction shall be included in the city fee schedule, shall be computed on a square foot basis of the cost of materials and labor, and shall be determined by the city engineer on an annual basis to be in place by January 1 of each year, and is not subject to the Annual CPI-U Adjustment under section 1-13 of this Code. The total fee due for a fee-in-lieu of sidewalk construction shall be determined based on the square footage of the sidewalk the applicant would have otherwise been required to construct under this article.
(Ord. No. 2023-58, § 2(Exh. A), 1-25-2023, eff. 3-1-2023)

Sec. 40-561. Fee-in-lieu of sidewalk construction application process.

(a) An applicant requesting approval to pay a fee-in-lieu of sidewalk construction, shall:

(1) File an application in the form prescribed by the planning official;

(2) File a sidewalk plan with the department as part of the application;

(3) Pay the non-refundable fee set forth for this provision in the city fee schedule and all costs associated with the notice provisions of this section; and

(4) Provide documentation to support the request.

(b) Upon receipt of a complete application, the planning official shall give notice of the application by electronic mail to:

(1) The district council member in whose district the request is located;

(2) Each neighborhood association registered with the department of neighborhoods in whose boundaries the request is located;

(3) The sidewalk committee;

(4) The applicant; and

(5) Other entities, including governmental agencies, political subdivisions, transit authorities, or local government corporations, and other entities as determined appropriate by the planning official.

(c) The sidewalk committee shall review the application, may approve or deny the application, or request additional information from the applicant. On final action by the sidewalk committee, the planning official shall advise the applicant of the decision within 15 business days from the date the complete application is received by the director.

(d) The sidewalk committee may approve the request to pay a fee-in-lieu of sidewalk construction when one or more of the following conditions exist:

(1) Construction of the sidewalk is infeasible due to existing physical conditions at the project site;

(2) Construction of the sidewalk may create an unsafe condition or be otherwise contrary to sound public policy;

(3) There is an approved public street or sidewalk project that includes the project site for which the exception is sought, and which is at 60% or more of the design stage; or

(4) The required sidewalk construction at the project site would adversely impact an approved public street project or other construction project by a governmental entity, political subdivision, transit authority, or local government corporation.

(e) The amount of the non-refundable fee established by item (3) of subsection (a) shall be credited to the fee-in-lieu of sidewalk construction upon approval by the sidewalk committee.
(Ord. No. 2023-58, § 2(Exh. A), 1-25-2023, eff. 3-1-2023)

Sec. 40-562. Violations.

(a) The violation of any provision of this article within the territorial limits of the city, including the failure to do any act or perform any

duty that is required herein, shall be punishable as provided by section 1-6. Each day a violation continues constitutes a separate offense. Prosecution or conviction under this provision shall never be a bar to any other remedy or relief for violation of this Code.

(b) The planning official and city engineer shall have the authority to administratively enforce violations of this article.
(Ord. No. 2023-58, § 2(Exh. A), 1-25-2023, eff. 3-1-2023)

Secs. 40-563—40-580. Reserved.

DIVISION 2. THE SIDEWALK FUND

Sec. 40-581. Sidewalk fund, deposits, use and refunds.

(a) There is hereby established a special fund which shall be known as the "Sidewalk Fund", for the deposit of all fees paid in lieu of sidewalk construction under this article. Distribution of moneys from this account shall on appropriation by city council. A minimum of seventy percent of the fee collected shall be allocated for use on sidewalk project(s) within the corresponding sidewalk service area. The remaining funds may be allocated for priority projects in accordance with section 40-582.

(b) The planning official shall account for all fees paid in lieu of sidewalk construction under this article with reference to the individual developments that generate the fee payment requirement. Any funds paid for such purpose must be obligated by the city within ten years after the date of deposit. If the funds are not obligated within the initial ten years, the planning official may request from the city council a time extension for a period not to exceed an additional five years for the expenditure of funds. Each extension request shall be submitted in writing by the planning official at least 60 days prior to the expiration date for the funds to be committed by the city and shall include a detailed justification for the extension request.

(c) Funds in the sidewalk fund shall be used for the construction of sidewalks and shall not be used for general sidewalk maintenance or to pay for city staff overhead expenses. Indirect costs reasonably incurred in connection with the sidewalk construction may be covered by the fund. These indirect costs may include but are not limited to legal expenses, engineering and design costs, surveys, and sidewalk easement acquisition.

(d) The planning official shall identify and record the sidewalk service area where each project site is located for any fee-in-lieu of sidewalk construction.

(e) Other sources of funding may be allocated or deposited to the sidewalk fund to support the sidewalk construction projects paid for by the fund and will be separately accounted for.

(f) Within 30 days of the final expiration of the period detailed in subsection (b), the planning official shall provide a "notice of eligibility for refund" to the current property owner indicating they are entitled to a refund in the amount equal the total sum of fee in lieu of sidewalk construction paid. Notice shall be given by letter via the United States Postal Service, postage paid to the applicant's name and address provided in subsection (c) of section 40-560. Notice shall be deemed given on the date the notice is mailed. The applicant must respond in writing to the planning official requesting the refund within one year of the notice or such claim to the refund shall be barred.
(Ord. No. 2023-58, § 2(Exh. A), 1-25-2023, eff. 3-1-2023)

Sec. 40-582. Sidewalk fund administration.

(a) It shall be the responsibility of the chief transportation planner to plan and prioritize the sidewalk projects to be funded from the sidewalk fund in coordination with the city engineer, the city traffic engineer, the MOD official, and the planning official. The chief transportation planner shall also coordinate with other governmental entities, political subdivisions, transit authori-

ties, or local government corporations with an interest in the specific public street where a particular sidewalk project is located.

(b) The chief transportation planner shall develop and maintain:

(1) A Sidewalk Service Area Map, that subdivides the city geographically into Sidewalk Service Areas for the purposes of prioritizing investment of moneys from the sidewalk fund within the general area where the fee-in-lieu of sidewalk construction was collected. Each area in the Sidewalk Service Area Map shall be known as "Sidewalk Service Area" and numbered accordingly for identification purposes; and

(2) A Sidewalk Prioritization Scoring Matrix to objectively score and prioritize potential sidewalk construction projects to advance the intent of this article and -the plans it implements.

(c) The chief transportation planner shall present any proposed updates to the sidewalk service area map or prioritization scoring matrix to the commission. The commission shall hold at least one public hearing on the proposed update. Upon the close of the public hearing, the commission shall consider public comments and the recommendation of the chief transportation planner then determine whether the proposed update furthers the objectives and intent of this article. The commission shall vote to:

(1) Approve the proposed update, with or without modifications;

(2) Refer the proposed update back to the chief transportation planner for further study and evaluation;

(3) Defer consideration of the proposed update to a future meeting; or

(4) Disapprove the proposed update. If the updated is disapproved by the commission, then the last map or matrix approved by city council or the commission, as applicable, shall remain in effect.

(d) The chief transportation planner shall provide an annual report to the commission on the utilization of the sidewalk fund and related sidewalk projects completed during the previous fiscal year of the city.
(Ord. No. 2023-58, § 2(Exh. A), 1-25-2023, eff. 3-1-2023)

Chapter 41

STREET NAMES AND SITE ADDRESSES*

Art. I.	**In General, §§ 41-1—41-20**
Art. II.	**Streets, §§ 41-21—41-49**
	Div. 1. Street Naming and Site Addressing, §§ 41-21—41-30
	Div. 2. Additional Requirements for Non-public Streets, §§ 41-31—41-35
	Div. 3. Naming Non-public Streets, §§ 41-36—41-45
	Div. 4. Street Name Changes, §§ 41-46—41-49
Art. III.	**Reserved, §§ 41-50—41-67**

ARTICLE I. IN GENERAL

Sec. 41-1. Other provisions.

To the extent of any conflict between any of the terms and provisions of this chapter and any of the terms and provisions of chapter 42 of this Code, the terms and provisions of chapter 42 shall control.

Sec. 41-2. Definitions.

In this article:

Building means any structure used or intended for supporting or sheltering any use or occupancy.

Development plat has the meaning assigned to that term by section 42-1 of this Code.

Directional prefix means any of the four cardinal compass directions (north, south, east or west) preceding a street name.

Directional suffix means any of the cardinal compass directions (north, south, east or west) or inter-cardinal compass directions (northwest, southwest, northeast or southeast) following a street name.

Director means the director of the department of planning and development or the director's designees.

Identifying number has the meaning assigned to that term by section 10-211 of this Code.

Non-public street means:

(1) Any area, parcel, or strip of land to which there is no other access from a public street than over the area, parcel, or strip of land in question and that:

a. Is not a public street; and

b. Provides access from any public street in the city to any building or buildings designed or appropriate for occupancy by:

[1] Two or more dwelling units;

[2] Two or more business, industrial or commercial establishments; or

[3] One or more industrial, commercial or business establishments and two or more dwelling units; or

(2) Any area, strip, or parcel of land that:

a. Provides a connection between any two public streets; and

***Editor's note—**Ord. No. 2014-364, § 10, adopted April 30, 2014, amended the title of Chapter 41 to read as herein set out. Formerly, said chapter was entitled "Subdivisions—Generally."

Cross references—Buildings, Ch. 10; flood-prone areas, Ch. 19; piers in or adjacent to unapproved subdivisions at Lake Houston, § 23-35; permit for private street work in subdivisions in advance of plat approval, § 40-67 (see also § 40-70); manufactured homes and recreational vehicles, Ch. 29; planning and development generally, Ch. 33; piers prohibited in unapproved subdivisions, § 23-35; subdivisions security organizations, § 34-151 et seq.; installation of street lights at expense of property owner, § 40-3.

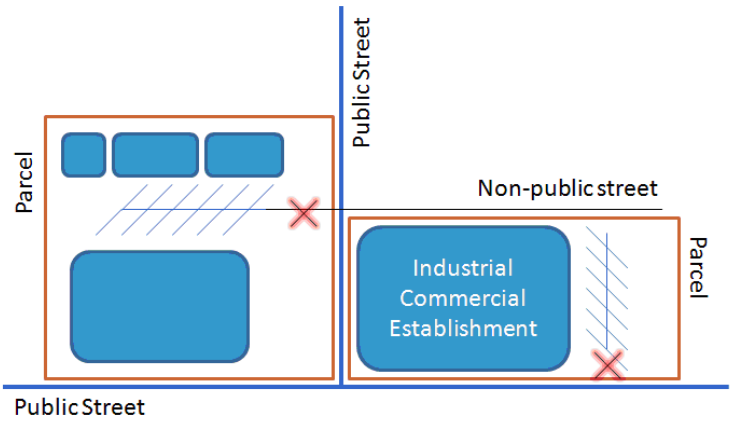
b. Is used by the general public for the purpose of traveling from one public street to the other; or

(3) A private drive, a private street, or a permanent access easement, as these terms are defined in chapter 42 of this Code.

The public may use a non-public street if its use is not physically obstructed. A posted sign prohibiting use of non-public street does not constitute sufficient notice that the owner of a non-public street has prohibited use by the public, unless the owner has taken affirmative steps to prohibit such use.

A *non-public street* does *not* include:

(1) Any driveway designed principally to provide access to the outbuildings appurtenant to any principal building, or to provide access to delivery platforms or the entrances of a building appropriate for the delivery thereto of goods or merchandise.



(2) An area appurtenant to a store or a group of stores, a theater, a church or any similar establishment, designed primarily to be used as a parking space by customers or patrons of the establishment or group of establishments in question.

(3) An entranceway or roadway designed to provide entrance to or communication or passage between the several units of a single industrial establishment or of a group of such establishments which are under common control or management; provided such industrial entranceway or roadway shall be considered a non-public street under the terms of this chapter if it has entrances upon two or more public streets, unless there are, at each of such entrances, gates, chains, or watchmen by which all persons are prevented from using the same except those employed by or having business to conduct at such industrial establishments.

(4) A shared driveway, as that term is defined in chapter 42 of this Code.

Parcel means any quantity of land capable of being described with such definiteness that its location and boundaries can be established that is designated by its owner as land to be used or developed as a unit or that has been used or developed as a unit.

Public street means a public street right-of-way.

Site address means the series of ordered components required to provide a unique identifier of location to a building or parcel, consisting of an identifying number, a street name and a street name suffix.

Subdivision plat has the meaning assigned to that term by section 42-1 of this Code.

Street means a public street or a non-public street.

Street name means the combination of words used to form the proper title of a street.

Street name suffix means a descriptive road type, such as "street," "road" or "highway."
(Code 1968, § 42-1; Ord. No. 2014-364, § 11, 4-30-2014)

Sec. 41-3. Fees.

The director may, from time to time, with the assistance of the department of finance, pursuant to Administrative procedure 4-9, prepare and submit for approval by motion of the city council revisions to the fees that shall be paid by an applicant in conjunction with the submittal of an application, petition or other request pursuant to this article. The fees approved under this provision shall be included in the city fee schedule. Payment of any applicable fees when due is a condition of the processing of any application, petition or other request under this article.
(Ord. No. 2014-364, § 12, 4-30-2014)

Secs. 41-4—41-7. Reserved.

Editor's note—Ord. No. 99-262, § 7, adopted March 24, 1999, repealed §§ 41-3—41-7 in their entirety. Formerly, said sections pertained to direction of planning commission; compliance with rules; filing fees; withholding city improvements until platting approved; compliance prerequisite to city work on streets. See the Code Comparative Table.

Sec. 41-8. Reserved.

Editor's note—Ord. No. 2014-364, § 15, adopted April 30, 2014, repealed § 41-8 in its entirety. Formerly said section pertained to compliance with chapter prerequisite to issuance of building permits and sewer and water connections and derived from Code 1968, § 42-7, Ord. No. 90-635, § 127, 5-23-90.

Secs. 41-9, 41-10. Reserved.

Editor's note—Ord. No. 94-1154, § 5, repealed former §§ 41-9 and 41-10, which pertained to the city as party to suit to enjoin or abate recorded restricts affecting subdivisions and limitations on the same, respectively.

Sec. 41-11. Reserved.

Editor's note—Ord. No. 2014-364, § 4, adopted April 30, 2014, redesignated § 41-11 as § 10-556. The users' attention is directed to 10-556 for provisions relating to notice of deed restrictions upon conveyance of property.

Sec. 41-12. Reserved.

Editor's note—Ord. No. 2014-364, § 5, adopted April 30, 2014, redesignated § 41-12 as § 40-7. The users' attention is directed to § 40-7 for provisions pertaining to subdivision identification markers.

Secs. 41-13—41-20. Reserved.

ARTICLE II. STREETS*

DIVISION 1. STREET NAMING AND SITE ADDRESSING

Sec. 41-21. Program established.

(a) The director shall administer a program for the following purposes:

(1) Approving street names within the city and its extraterritorial jurisdiction;

(2) Assigning and changing site addresses within the city; and

(3) Assigning and changing site addresses within any other jurisdiction that has

*__Editor's note—__Ord. No. 2014-364, § 13, adopted April 30, 2014, amended Ch. 41, Art. II, in its entirety to read as herein set out. Formerly, Art. II pertained to Naming public streets and derived from Code 1968, §§ 42-24—42-26 and subsequent amendatory ordinances. See the Code Comparative Table for a complete derivation.

entered into an agreement with the city for assignment of site addresses within that jurisdiction.

(b) The director may establish an electronic system for the temporary reservation of street names. The director may promulgate regulations consistent with the policies of this article in the administration of the program described in subsection (a), subject to review and approval by the planning commission.

(c) The provisions of this article shall apply to all responsibilities assigned to other city departments that relate to the program described in subsection (a), including the change of an identifying number or a site address by the building official.
(Ord. No. 2014-364, § 13, 4-30-2014)

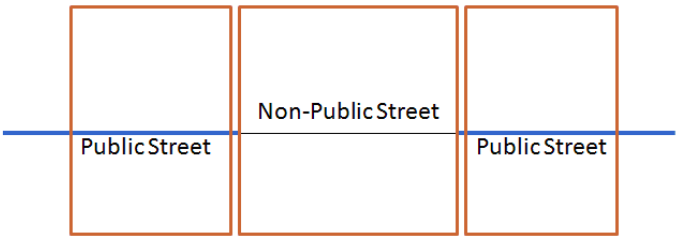
Sec. 41-22. Street names.

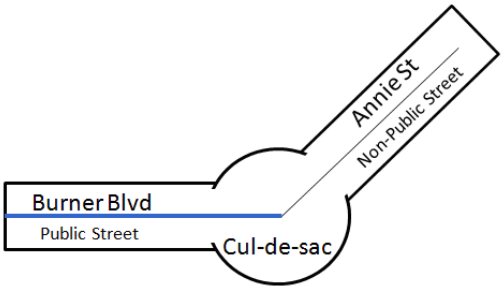
(a) Streets shall be named in conformance with the following parameters:

(1) A new street that is a direct extension of an existing street shall have the same name as the existing street, unless the existing street name is a duplicate street name.

---

(2) A non-public street that is a direct extension of a public street or a cul-de-sac shall not have the same name as the public street.





(3) A directional prefix or directional suffix may be used to clarify the general location of a street, provided that the use of the directional prefix or directional suffix is consistent with existing naming and numbering patterns within the area in which the street is located.

(4) Street name suffixes shall be limited to the following uses:

a. 'Circle,' 'Court' and 'Loop' shall be used only to designate streets that terminate at a cul-de-sac or are configured as a loop street.

b. 'Boulevard,' 'Crossing,' 'Crossroad,' 'Expressway,' 'Motorway,' 'Parkway,' 'Speedway' and 'Throughway' shall be used only to designate major thoroughfares, major collector streets, collector streets or other streets designed to handle traffic volumes in excess of normal neighborhood traffic generation or that are divided streets with at least two lanes of traffic in each direction separated by a median.

c. 'Bypass,' 'Expressway,' 'Freeway' and 'Highway' shall be used only to designate highways or freeways subject to the jurisdiction of the state department of transportation.

d. 'Avenue,' 'Drive,' 'Road' and 'Street' shall be used only to designate major thoroughfares, major collector streets, collector streets or local streets.

e. 'Bridge,' 'Fork,' 'Lane,' 'Oval,' 'Passage,' 'Path,' 'Place,' 'Trail' and 'Way' shall be used only to designate collector streets or local streets.

f. 'Tunnel' shall be used only to designate streets that provide underground or underwater passage.

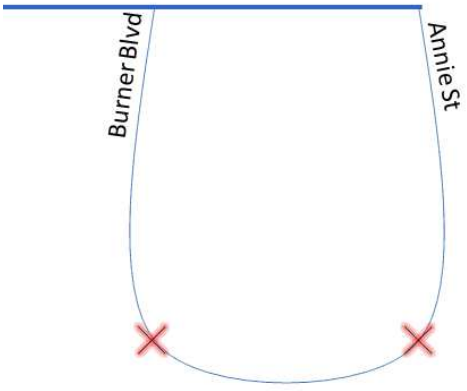
g. A street name suffix shall not be used as part of the street name.

h. The abbreviation of a street name suffix shall be consistent with United States Postal Service postal addressing standards.

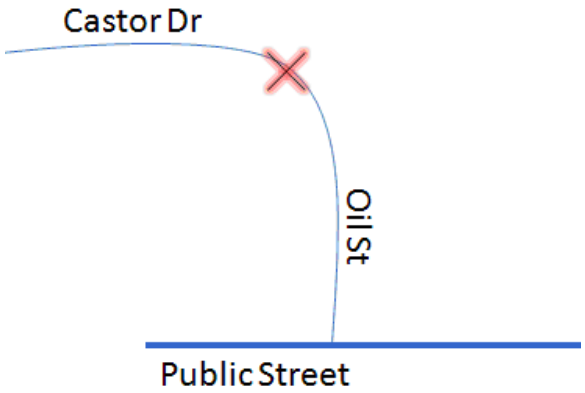
(6) A street name shall not include any typographic characters or symbols.

(7) An alphabetical or numerical street name shall not be used to name a new street unless the street is a direct extension of an existing street with an alphabetical or numerical name that is not duplicative of an existing street name.

(8) A street shall not intersect with another street more than one time without an intervening name change.



(9) When a street changes direction by approximately 90 degrees, the street name shall change.



(10) The proper name of a deceased national figure may be used as a street name for a major thoroughfare, a major collector street, a collector street or a local street.

(11) The proper name of a deceased locally elected figure may be used as a street name for a major collector street, a collector street or a local street.

(b) If a street is served by a local or inter-local 9-1-1 emergency dispatch system, the director may deny use of a proposed street name if the street name:

(1) Is currently in use;

(2) Is duplicative of or so similar in name or sound to an existing street name that the use could be misleading to emergency communicators or responders; or

(3) Is temporarily reserved in an electronic system established under section 41-21 of this Code.

(c) For purposes of this section, the terms *cul-de-sac*, *collector street*, and *local street* shall have the meanings assigned to those terms by chapter 42 of this Code.
(Ord. No. 2014-364, § 13, 4-30-2014)

Sec. 41-23. Site addressing.

(a) The director shall assign site addresses in accordance with the following parameters:

(1) A site address shall include the name of a street to which the parcel is adjacent or has direct vehicular access.

(2) A site address shall be numbered in a consecutive, uniform manner.

(3) A site address shall not be utilized for more than one building.

(4) For any property composed of more than one lot or parcel, each lot or parcel shall have an identifying number. A large parcel containing more than one building may be assigned more than one identify-

ing numbering sequence of the surrounding area.

(5) Identifying numbers shall be assigned to a site address based on the number of units, the number of buildings, the number of floors within the buildings on a parcel and the range of numbers available for assignment.

(6) Odd and even identifying numbers shall be assigned to opposite sides of the street, with even numbers assigned to the right side of the street and odd numbers assigned to the left side of the street in the direction of increasing numbers, unless existing numbering patterns within the area differ.

(7) Fractional numbers shall not be used unless required for:

a. Consistency with existing numbering patterns; or

b. The assignment of site addresses for utility purposes, including but not limited to traffic signals, billboard meters, check meters, guard lights, cable meters and cell towers.

(8) Identifying numbers shall follow a pattern in which the street block numbers increase in correlation to the increase in distance from downtown.

(b) The director may assign a site address to a parcel that does not have a site address if a property owner or the property owner's authorized agent submits to the director a written request for each site address to be assigned.

(c) In assigning a site address pursuant to this section, the director may request that a property owner or the property owner's authorized agent prepare an addressing plan and may consider an addressing plan submitted by a property owner or the property owner's authorized agent, provided that the addressing plan meets the parameters of this section.

(d) A site address shall be assigned to a parcel before any of the following actions may occur:

(1) The issuance of a building permit;

(2) The processing of an application for a building permit or development plat; or

(3) The recordation of a subdivision plat.

(Ord. No. 2014-364, § 13, 4-30-2014)

Sec. 41-24. Site address changes.

(a) Prior to the recordation of a subdivision plat, the director may change a site address that has previously been assigned pursuant to section 41-23(d)(3) of this Code if a property owner or the property owner's agent submits to the director a written request for each site address to be changed.

(b) After the recordation of a subdivision plat, the building official may change a site address if a property owner or the property owner's agent submits to the building official a written request and payment for each site address to be changed of the fee established in Section 118.1.13 of the *Building Code* for which the fee amount is stated in the city fee schedule.

(c) For property that is not located in a recorded subdivision plat, the building official may change a site address if a property owner or the property owner's agent submits to the building official a written request and payment for each site address to be changed of the fee established in Section 118.1.13 of the *Building Code* for which the fee amount is stated in the city fee schedule.

(Ord. No. 2014-364, § 13, 4-30-2014; Ord. No. 2021-1037, § 20(Exh. I.45), 12-1-2021, eff. 4-1-2022)

Sec. 41-25. Posting of identifying numbers.

The posting and maintenance of the identifying number assigned to a site address is subject to the requirements of chapter 10, article V of this Code.

(Ord. No. 2014-364, § 13, 4-30-2014)

Secs. 41-26—41-30. Reserved.

DIVISION 2. ADDITIONAL REQUIREMENTS FOR NON-PUBLIC STREETS

Sec. 41-31. Street name markers for non-public streets; regulation by Director of Houston Public Works.

(a) A street name marker erected on a non-public street shall conform to standards and specifications established by the Director of Houston Public Works and shall not be installed without the approval of the Director of Houston Public Works.

(b) The designation 'PRIVATE' or 'PVT' shall follow the street name suffix of a non-public street and shall be indicated on a street name marker erected pursuant to this section.

(c) Upon the establishment of the name of any non-public street pursuant to this division, the property owners abutting the non-public street shall be responsible for the installation, erection and continued maintenance of appropriate street name markers at the intersection of the non-public street with any other street. The color of the background of a street name marker to be installed on a non-public street shall not be the same color as a street name marker used to identify a public street.

(d) The Director of Houston Public Works may declare as a nuisance or a traffic hazard any street name marker for a non-public street installed in a public street that contains a name not established in conformance with this article.

(e) Upon determining that a street name marker for a non-public street is misleading, confusing, deteriorated or is located so as to create a traffic hazard, the Director of Houston Public Works may remove the marker from a public street without providing notice.

(f) The property owners abutting a non-public street shall be responsible for the replacement of a street name marker removed by the Director of Houston Public Works pursuant to this section.
(Ord. No. 2014-364, § 13, 4-30-2014; Ord. No. 2018-11, § 49, 1-10-2018)

Secs. 41-32—41-35. Reserved.

DIVISION 3. NAMING NON-PUBLIC STREETS

Sec. 41-36. Use of terminology.

For purposes of this division and division 4 of this article, the term 'majority' means 51 percent, and the term 'property owner' does not include a lienholder.
(Ord. No. 2014-364, § 13, 4-30-2014)

Sec. 41-37. Generally.

No street name for a non-public street shall be established or changed by action of the city council, unless such name conforms to the requirements of division 2 of this article.
(Ord. No. 2014-364, § 13, 4-30-2014)

Sec. 41-38. Approval by the city council.

(a) The property owner abutting an existing or proposed non-public street may submit a written petition to the director requesting that the city council adopt an ordinance establishing the name of the non-public street. A written petition submitted pursuant to this section shall be signed by not less than a majority of the property owners along the non-public street concurring in the proposed street name to be established for such non-public street and shall be accompanied by the applicable administrative fee and:

(1) A title report certifying that all of the property owners listed on the petition are current owners of record having a legal interest in the non-public street and that the list of owners represents not less than a majority of the owners abutting the non-public street;

(2) A written metes and bounds description of the property occupied by the non-public street or a copy of a recorded plat depicting the non-public street; and

(3) A boundary survey map of the property occupied by the non-public street that:

a. Has been prepared by an engineer or surveyor;

b. Shows all engineering and survey data and accurately depicts the location of the non-public street;

c. Is prepared in conformance with the official survey system described in division 2 of article III of chapter 33 of this Code.

(b) The director shall review all written petitions submitted pursuant to this section and forward written recommendations to the mayor and city council for their consideration. The director shall maintain a permanent record of all written petitions submitted pursuant to this section, and upon final passage of an appropriate ordinance by the city council approving and establishing a name for a non-public street, the director shall enter the name into all appropriate records of the city.
(Ord. No. 2014-364, § 13, 4-30-2014)

Sec. 41-39. Change of existing street name of non-public street.

Notwithstanding any other provision of this division, the director may change the street name of a non-public street if the director finds that the change is necessary for the preservation of public safety.
(Ord. No. 2014-364, § 13, 4-30-2014)

Secs. 41-40—41-45. Reserved.

DIVISION 4. STREET NAME CHANGES

Sec. 41-46. Application; process for consideration.

(a) The property owner abutting a street may submit a written petition to the director requesting that the city council adopt an ordinance changing the street name. The written petition shall be accompanied by the applicable application fee. A written petition submitted pursuant to this section shall be signed by not less than 75% of the property owners abutting the entire length of a public street or a majority of the property owners abutting the entire length of a non-public street and shall be accompanied by a title report certifying that all of the property owners listed on the petition are current owners of record abutting the street and that the list of property owners represents not less than 75% of the property owners abutting the entire length of a public street or a majority of the property owners abutting the entire length of a non-public street.

(b) Upon receipt of a written petition that meets the requirements of subsection (a), the director shall:

(1) Verify that the proposed street name conforms to the parameters of this article;

(2) Prepare a map depicting the boundaries of the area in which the street name is to be changed; and

(3) Cause notice to be provided to all property owners abutting the street and to all affected public agencies.

(c) The department shall accept comments regarding a written petition to change a street name for a period of not less than 30 days after providing notice pursuant to subsection (b).

(d) All costs associated with the notice provisions of this section and section 41-47 of this Code shall be paid by the applicant submitting the written petition.
(Ord. No. 2014-364, § 13, 4-30-2014)

Sec. 41-47. Approval by city council; subsequent actions.

(a) Upon completion of the administrative street name change process described in section 41-46 of this Code, the director shall submit to city council an ordinance to approve the street name change. If city council approves the ordinance, the street name change shall take effect 90 days after the date of approval.

(b) Upon approval by city council of a street name change under this section, the director shall:

(1) Cause notice to be provided to all property owners abutting the street and to all utility or service providers; and

(2) Request Houston Public Works to erect new street signs on the affected street.

(Ord. No. 2014-364, § 13, 4-30-2014; Ord. No. 2018-11, § 50, 1-10-2018)

Secs. 41-48, 41-49. Reserved.

ARTICLE III. RESERVED*

Secs. 41-50—41-67. Reserved.

*__Editor's note—__Ord. No. 2014-364, § 6(Exh. A), adopted April 30, 2014, redsignated Ch. 41, Art. III, §§ 41-50—41-67 as a new Ch. 28, Art. XVI, §§ 28-521—28-543. The users' attention is directed to Ch. 28, Art. XVI, §§ 28-521—28-543, for provisions relating to regulation of towers.

SUBDIVISIONS, DEVELOPMENTS AND PLATTING*

Article I. In General

Sec. 42-1. Definitions.
Sec. 42-2. Scope.
Sec. 42-3. Conflict with county regulations.
Sec. 42-4. Enforcement and penalties.
Sec. 42-5. Penal provisions applicable.
Sec. 42-6. Judicial provisions applicable.
Sec. 42-7. Denial of utility connections.
Sec. 42-8. Forms authorized.
Sec. 42-9. Cumulative effect.
Secs. 42-10—42-19. Reserved.

Article II. Requirements and Procedures

Division 1. Platting Requirements

Sec. 42-20. Subdivision plat required.
Sec. 42-21. Exceptions to subdivision platting requirements.
Sec. 42-22. Development plat required.
Sec. 42-23. Classes of subdivision plat.
Sec. 42-24. General plan.
Sec. 42-25. Street dedication plat.
Secs. 42-26—42-39. Reserved.

Division 2. Application Requirements

Sec. 42-40. Basic subdivision plat submittal requirements.
Sec. 42-41. Additional requirements—All subdivision plats.
Sec. 42-42. Additional requirements—Class I plat and class II plat.
Sec. 42-43. Additional requirements—Class III plat—Preliminary plat.
Sec. 42-44. Additional requirements—Class III plat—Final plat.
Sec. 42-45. Additional requirements for recordation of subdivision plats.
Sec. 42-46. Development plat submittal requirements.
Sec. 42-47. Applications requesting variance.
Sec. 42-48. Applications requesting special exception.
Sec. 42-49. Replats requiring notification of adjacent property owners.
Sec. 42-50. General plan submittal requirements.
Sec. 42-51. Street dedication plat submittal requirements.
Sec. 42-52. Initial review by director.
Sec. 42-53. Time for submittal.
Sec. 42-54. Application fees.
Sec. 42-55. Private easement holder's consent.
Sec. 42-56. Application requirements—Existing conditions survey.
Secs. 42-57—42-69. Reserved.

***Editor's note—**Ord. No. 2013-343, § 3(Exhs. A, B), adopted April 24, 2013, amended Ch. 42 in its entirety to read as herein set out. Former Ch. 42 pertained to similar subject matter and derived from Ord. No. 99-262, § 2, 3-24-99 and subsequent amendatory ordinances. See the Code Comparative Table for a complete derivation.

Sec. 42-77. Commission consideration and action—Street dedication plat.
Sec. 42-78. Director consideration and approvals.
Sec. 42-79. Reconsideration of subdivision plat approval conditions.
Sec. 42-80. Expiration of subdivision plat and development plat approval; extension of approval.
Sec. 42-81. Variances.
Sec. 42-82. Special exceptions.
Sec. 42-83. Notification of applications.
Sec. 42-84. Replats requiring notification with a variance/special exception—Protest procedure, required vote.
Secs. 42-85—42-99. Reserved.

Article III. Planning Standards

Division 1. General

Sec. 42-100. Applicability.
Sec. 42-101. Conflict with off-street parking requirements.
Secs. 42-103—42-119. Reserved.

Division 2. Streets and Shared Driveways

Subdivision A. Streets

Sec. 42-120. General layout and arrangement of street systems.
Sec. 42-121. Dedication of rights-of-way.
Sec. 42-122. Right-of-way widths.
Sec. 42-123. Street width exception areas.
Sec. 42-124. Right-of-way transition.
Sec. 42-125. Location and alignment of major thoroughfares.
Sec. 42-126. Intersections.
Sec. 42-127. Intersections of major thoroughfares.
Sec. 42-128. Intersections of local streets.
Sec. 42-129. Intersections of type 2 permanent access easements.
Sec. 42-130. Intersection exceptions.
Sec. 42-131. Culs-de-sac.
Sec. 42-132. Curves.
Sec. 42-133. Street names.
Sec. 42-134. Street extension.
Secs. 42-135—42-144. Reserved

Subdivision B. Shared Driveways

Sec. 42-145. General layout and arrangement for all shared driveways.
Sec. 42-146. Optional performance standards for reduction in shared driveway width.
Sec. 42-147. Construction over a shared driveway.
Secs. 42-148, 42-149. Reserved.

Division 3. Building Lines

Subdivision A. General Requirements for Building Lines

Sec. 42-150. Building line requirement.
Sec. 42-151. Exceptions to building line requirement.
Sec. 42-152. Building line requirement along major thoroughfares.
Sec. 42-153. Optional performance standards for a major thoroughfare within the city with a planned right-of-way of 80 feet or less—in general
Sec. 42-154. Optional performance standards for a major thoroughfare within the city with a planned right-of-way of 80 feet or less—Retail commercial center.
Sec. 42-155. Collector and local streets—Uses other than single-family residential.
Sec. 42-156. Collector and local streets—Single-family residential.
Sec. 42-157. Optional performance standards for collector streets and local streets—Single-family residential.
Sec. 42-158. Private streets; type 2 permanent access easement.
Sec. 42-159. Building line requirement along a shared driveway.
Sec. 42-160. Pipelines.
Sec. 42-161. Visibility triangles.
Sec. 42-162. Reconstruction after casualty.
Sec. 42-163. Stub street.
Sec. 42-164. Transit-oriented development streets and walkable places streets
Sec. 42-165. Entry feature performance standards for units fronting the street
Secs. 42-166—42-169. Reserved.

Subdivision B. Special Minimum Building Line Requirements.

Sec. 42-170. In general.
Sec. 42-171. Application.
Sec. 42-172. Application review.
Sec. 42-173. Determination of special minimum building line requirement.
Sec. 42-174. Notice of a public hearing before the commission.
Sec. 42-175. Commission review and consideration.
Sec. 42-176. City council review and consideration.
Sec. 42-177. Ineligibility for inclusion after denial.
Sec. 42-178. Term and expiration; application to rescind; application to renew.
Sec. 42-179. Rules governing subdivision plats, development plats, and building permits.

Division 4. Lots and Reserves

Subdivision A. General Requirements for Lots and Reserves

Sec. 42-180. General lot design standards.
Sec. 42-181. Single-family residential lot size.
Sec. 42-182. Optional performance standards for the reduction in lot size—Compensating open space.
Sec. 42-183. Standards for compensating open space.
Sec. 42-184. Optional performance standards for the reduction in lot size within the city.
Sec. 42-185. Minimum width of a lot.
Sec. 42-186. Parking for single-family residential uses.
Sec. 42-187. Flag lots.
Sec. 42-188. Lot access.
Sec. 42-188.5. Optional performance standards for direct driveway access.
Sec. 42-189. Points of access.

Sec. 42-190. Tracts for non-single-family use—Reserves.
Sec. 42-191. One foot reserves.
Sec. 42-192. Open space amenities plan.
Sec. 42-193. Rules governing partial replats of certain property.
Sec. 42-194. Courtyard style development performance standards
Secs. 42-195—42-196. Reserved.

Subdivision B. Special Minimum Lot Size Requirements

Sec. 42-197. In general.
Sec. 42-198. Application.
Sec. 42-199. Application review.
Sec. 42-200. Additional procedures for a special minimum lot size block application.
Sec. 42-201. Additional procedures for a special minimum lot size area application.
Sec. 42-202. Determination of special minimum lot size requirement.
Sec. 42-203. Notice of a public hearing before the commission.
Sec. 42-204. Commission review and consideration.
Sec. 42-205. City council review and consideration.
Sec. 42-206. Ineligibility for inclusion after denial.
Sec. 42-207. Term and expiration; application to rescind; application to renew.
Sec. 42-208. Rules governing subdivision plats, development plats, and building permits.
Sec. 42-209. Reserved.

Division 5. Easements

Sec. 42-210. Public utility easements.
Sec. 42-211. Drainage easements.
Sec. 42-212. Private easements; fee strips.
Secs. 42-213—42-229. Reserved.

Division 6. Multi-Family Residential Developments

Sec. 42-230. Application requirements.
Sec. 42-231. Private streets—General standards.
Sec. 42-232. Points of access; termination.
Sec. 42-233. Fire protection.
Sec. 42-234. Parking.
Sec. 42-235. Performance standards.
Sec. 42-236. Open space.
Sec. 42-237. Multi-unit residential (MUR) performance standards
Secs. 42-238—42-250. Reserved.

Division 7. Parks and Private Parks

Sec. 42-251. Applicability.
Sec. 42-252. Park dedication required.
Sec. 42-253. Fees in lieu of land dedication.
Sec. 42-254. Calculations; deductions and credits.
Sec. 42-255. Park and recreation dedication fund.
Sec. 42-256. Park location standards.
Sec. 42-257. Park land acceptance standards.
Sec. 42-258. Minimum park improvement standards.
Sec. 42-259. Administration.
Secs. 42-260—42-270. Reserved.

Division 8. Residential Buffering Standards

Sec. 42-271. Applicability.
Sec. 42-272. Abutting development standards.
Sec. 42-273. Major activity center designation.
Secs. 42-275—42-600. Reserved.

Article IV. Enhanced Pedestrian Realm Standards

Division 1. In General

Sec. 42-601. Purpose and applicability.
Sec. 42-602. Cumulative effect.
Sec. 42-603. Pedestrian realm plan.
Sec. 42-604. Modification of standards, process.
Secs. 42-605—42-620. Reserved.

Division 2. Pedestrian Realm

Sec. 42-621. Pedestrian realm standards.
Sec. 42-622. Automobile-related uses.
Secs. 42-623—42-650. Reserved.

Division 3. Additional Building and Site Design Standards

Sec. 42-651. Ground floor façade.
Sec. 42-652. Public entrances and doors.
Sec. 42-653. Driveway locations and dimensions.
Sec. 42-654. Bicycle parking.
Secs. 42-655—42-700. Reserved.

ARTICLE I. IN GENERAL

Sec. 42-1. Definitions.

As used in this chapter, the following terms shall have the meanings ascribed in this section unless the context of their usage clearly indicates another meaning:

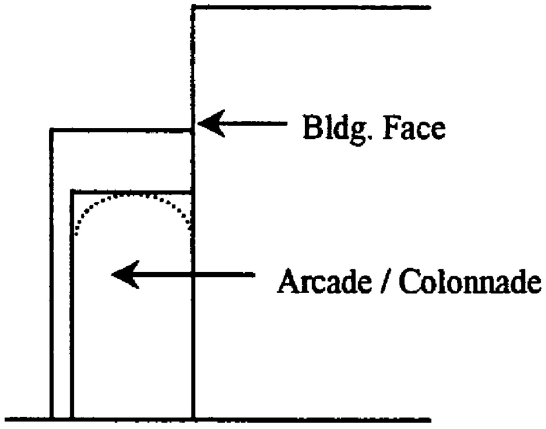
Abutting development means a development located on property not in use for or restricted to single-family residential use or multi-unit residential use that is either directly abutting or within 30 feet of property that is in use for or restricted to single-family residential use or multi-unit residential use.

Alley means a public or private right-of-way that is not used primarily for through traffic and that provides vehicular access to rear or side entrances to buildings or properties.

Amending plat means an amending subdivision plat prepared and approved under the applicable provisions of chapter 212 and this chapter.

Applicant means the owner of property or the owner's authorized agent who applies for approval of a plat or plan as required by this chapter.

Arcade/colonnade means a series of arches or columns with a roof attached to the face of a building creating an unenclosed covered pedestrian space.

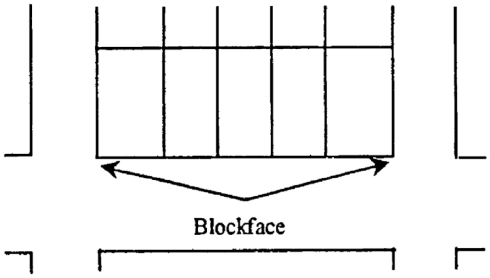


Back-of-curb means the lateral line of a roadway measured from the back of the roadway's curb nearest the property line.

Bicycle space has the meaning ascribed in section 26-472 of this Code.

Block means one or more lots, tracts or parcels of land bounded by streets, easements, rights-of-way or other physical features or a combination thereof.

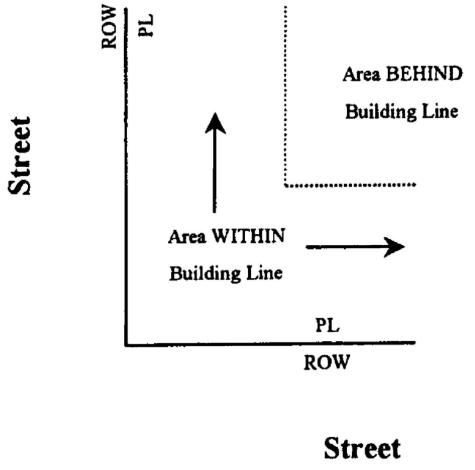
Blockface means that portion of a block that abuts a street between two intersecting streets, or between an intersecting street and the termination of the street. A street shall be considered to terminate at the intersection of a railroad or a drainage channel required by a governmental entity with flood control jurisdiction, except for purposes of the intersection spacing requirements of this chapter.



Buffer area means the area required by division 8 of article III of this chapter, measured from the property line of lots or tracts in use for or restricted to single-family residential use or multi-unit residential use.

Building means any structure used or intended for supporting or sheltering any use or occupancy.

Building line means the line shown on a subdivision plat or development plat establishing the building line requirement. An area is within the building line if it lies between the building line and the property line adjacent to a street or private street and is behind the building line if it lies to the interior of the property from the building line.



Building line requirement means the minimum required distance from an easement or a property line adjacent to a street or private street in which no improvements requiring a building permit can be constructed on the property.

Building permit means an official document or certificate issued by the building official authorizing performance of a specified activity under the Construction Code.

Business day means any day of the week except for Saturday, Sunday, any legal holiday, or any other day on which city offices are closed.

Central business district means the area beginning at the intersection of the centerline of U.S. 59 and the centerline of I.H. 45; thence in a northwesterly and northerly direction along the centerline of I.H. 45 to its intersection with the centerline of I.H. 10; thence in an easterly direction along the centerline of I.H. 10 to its intersection with the centerline of U.S. 59; thence in a southwesterly direction along the centerline of U.S. 59 to its intersection with I.H. 45, the point of beginning.

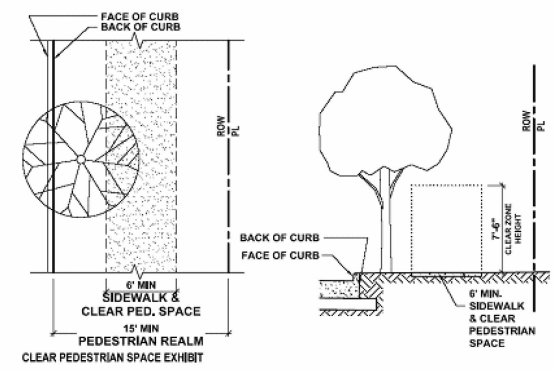
Chapter 212 means Chapter 212 of the Texas Local Government Code, as it may be amended from time to time.

Class I plat means a subdivision plat that meets the applicable requirements of section 42-23 of this Code.

Class II plat means a subdivision plat that meets the applicable requirements of section 42-23 of this Code.

Class III plat means a subdivision plat that is not a Class I plat or a Class II plat.

Clear pedestrian space or *clear space* means that area above a sidewalk that forms a continuous, obstacle free path for a minimum width of six feet and a minimum height of seven and one-half feet.



CLEAR PEDESTRIAN SPACE EXHIBIT

Collector street means a public street that is not a major thoroughfare or a local street, but that distributes traffic between major thoroughfares and other streets.

Commission means the planning commission of the city.

Compensating open space means one or more areas designated as common open space on a subdivision plat or a development plat that are used to reduce the minimum lot size requirements pursuant to the provisions of article III of this chapter.

Courtyard access drive means a private drive that provides driveway access to lots and parking from the street or alley within Courtyard style development meeting the requirements of section 42-194.

Courtyard style development means a tract of land located within the city boundary, divided into lots, reserves, courtyard and access drives that allow for a unified development.

Courtyard means a space, open and unobstructed to the sky, located at or above grade level on a lot or parcel and bounded on two or more sides by walls of a building.

Cul-de-sac means a street with only one outlet that terminates in a vehicular turnaround appropriate for the safe and convenient reversal of traffic movement.

Department means the department of planning and development of the city.

Design manual means the Houston Public Works Infrastructure Design Manual, as it may be amended from time to time.

Develop/development means any activity for which a development plat is required by this chapter.

Development plat means a site plan prepared and approved pursuant to section 42-22 of this Code.

Director means the director of the department or the director's designees.

Director of solid waste means the director of the department of solid waste management or his designee.

Dwelling unit means a structure, or a portion of a structure, that has independent living facilities including provisions for non-transient sleeping, cooking and sanitation.

Extraterritorial jurisdiction means the unincorporated territory extending beyond the

corporate boundaries of the city established pursuant to chapter 42 of the Texas Local Government Code, as may be amended from time to time.

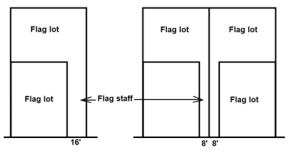
Façade means the exterior wall of any building on a property that faces a public street abutting the property or a courtyard meeting the requirements of section 42-194.

Filing date means the date on which a subdivision plat is formally presented to the commission for its consideration as part of the commission's official meeting agenda, which shall be considered as the initial date of the statutory 30-day time period in which the commission is required to act upon a subdivision plat submitted to it under the provisions of chapter 212.

Fire lane means an access road so marked as to clearly indicate the required lane of unobstructed fire department access to a building, structure or property in event of a fire or other emergency situation.

Final plat means a map or drawing of a proposed subdivision prepared in a manner suitable for recording in the appropriate county map, plat or real property records and prepared in conformity with the requirements of article II of this chapter.

Flag lot means a lot whose frontage on and access to the street right-of-way is provided by a narrow driveway, access easement, or other parcel of land referred to as the "flag staff" where more than one lot abutting the flag staff use it for shared vehicular access.



Front entrance means the primary pedestrian doorway located on the first floor of a building facade along a street. A garage door is not considered a front entrance.

Frontage means that portion of any lot or tract that abuts a street. A lot or tract abutting more than one street shall have frontage on only one street, which shall be deemed to be the side of the lot or tract with the shortest dimension unless otherwise indicated on the subdivision plat or development plat.

General plan means a map illustrating the general design features and street layout of a proposed development of land that is to be subdivided and platted in sections.

Gross floor area or *GFA* has the meaning ascribed in section 26-472 of this Code.

Ground floor façade means the façade of a building along a transit-oriented development street or walkable places street, as applicable, between the finished floor height of the ground floor and a vertical height of eight feet.

Hardscape means a walkable surface made of durable materials, including paving or asphalt.

High-rise means a structure greater than 75 feet in height measured from grade to the finished floor of the highest habitable floor, or to the highest floor of a parking garage.

Local street means a type 1 permanent access easement and a public street that is not a major thoroughfare or collector street.

Lot means: (1) in the context of a subdivision plat, an undivided tract of land intended for single-family residential use contained within a block and designated on a subdivision plat by numerical identification; (2) in the context of a development plat, a parcel intended as an undivided unit for the purpose of development; or (3) in the context of the provisions of this chapter pertaining to special minimum building line blocks, special minimum lot size blocks, and special minimum lot size areas, contiguous land under common ownership, as shown on the most current appraisal district records, that is used or developed for any use, regardless of whether the land consists of a

platted lot or a portion of a platted lot or a combination thereof. Two or more platted lots that have been combined in their entireties as a single building site shall not constitute a single lot under item (3) of this definition.

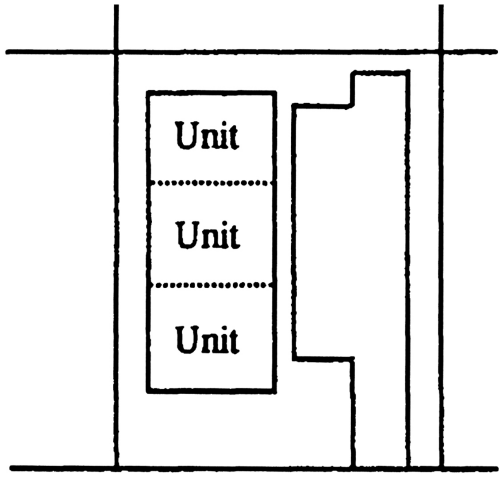
Major Activity Center or *MAC* means an area so designated by city council pursuant to section 42-273 of this Code.

Major thoroughfare means a public street designated as a principal thoroughfare or thoroughfare on the latest edition of the major thoroughfare and freeway plan.

Major thoroughfare and freeway plan means the latest edition of the major thoroughfare and freeway plan adopted by the commission and approved by the city council.

Mid-rise means a structure 65 feet or greater measured from grade to the top of structure but less than a high-rise as defined in this chapter.

Multi-family residential means the use of property with one or more buildings on a parcel designed for and containing an aggregate of three or more dwelling units. Multi-family residential includes apartments, condominiums, triplexes and quadraplexes.



Multi-unit residential (MUR) means the use of property located within the city boundary, for one or more buildings on a tract designed for and containing an aggregate of three to eight dwelling units, which may include multiple duplexes, triplexes, quadraplexes, and apartments and condominiums.

Narrow lot means a lot that has less than 44 feet of frontage on a street or type 1 permanent access easement.

Nonresidential means any use that is not multi-family residential or single-family residential.

Occupiable space has the meaning ascribed in the construction code.

Off-street parking means vehicular parking that is provided in a location other than in a public right-of-way.

Open space amenities plan means a plan submitted as part of a subdivision plat application that specifies how each area not otherwise eligible to be used as compensating open space will be improved and maintained with amenities such as parks, nature trails, picnic areas or other similar facilities that render the compensating open space accessible to and useable by the owners of lots in the subdivision.

Parcel means any quantity of land capable of being described with such definiteness that its location and boundaries can be established that is designated by its owner as land to be used or developed as a unit or that has been used or developed as a unit. Parcel includes an easement supporting or related to a primary parcel, and a condominium unit.

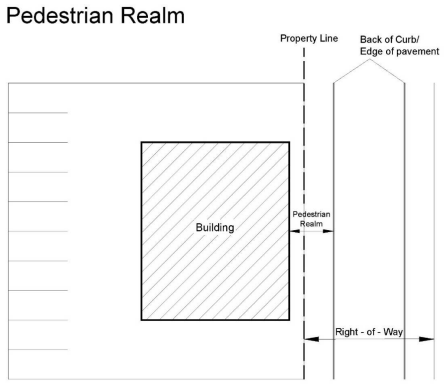
Park means an area owned or to be owned by the city that may be used for passive or active recreational use or otherwise left in an unimproved state, and that, if specifically noted as a type of public park, shall conform to the designations in the City of Houston Parks Master Plan.

Parks board means the board created pursuant to section 33-201 of this Code.

Parks director means the director of the city's parks and recreation department, or the director's designee.

Pedestrian realm means the area from the back-of-curb or the edge of the roadway on a

street without curbs, to the front of a building on the lot or tract. This pedestrian realm area may be within either a dedicated public right-of-way or within designated pedestrian areas on private property, for which an easement granting public use has been filed of record in the county real property records. This pedestrian realm area may include hardscape, publicly accessible and unobstructed sidewalks, pedestrian amenities, softscape and utilities, all constructed in accordance with the city infrastructure design manual, this article and other applicable regulations.



Permanent access easement means a privately maintained and owned street easement approved by the commission that provides for vehicular access to three or more single-family residential units and which shall be either a Type 1 permanent access easement or a Type 2 permanent access easement, each of which is defined in this section.

Permeable means a surface that allows water to pass through it and penetrate into the ground.

Plat restriction means any covenants, restrictions, or plat notations that are contained only on a subdivision plat recorded in the real property records without reference in any dedicatory instrument recorded in the real property records separately from the subdivision plat. Plat restrictions do not include (1) building lines, (2) lot lines, or (3) covenants, restrictions, and notations on a recorded subdivision plat of a multi-family residential development relating to the requirements and standards of division 6 of article III of this chapter.

Preliminary plat means a map or drawing of a proposed subdivision that illustrates the proposed layout and features of the subdivision submitted to the commission for review and approval, but not suitable for recording in the county map, plat or real property records.

Primary street means a street designated as a primary walkable places street on the walkable places plan or a primary transit-oriented development street on the transit-oriented development plan.

Private drive means a privately owned way for vehicular travel that is not a street or private street and that provides an unobstructed connection between one or more streets or private streets or to any portion of a parking lot, shopping center, institution, commercial area, multi-unit residential development, or industrial development. A private drive may provide for access by the general public, but the owner of the private drive shall maintain the right to restrict public access to the private drive.

Private park means a privately owned area that may be used for passive or active recreational use or otherwise left in an undeveloped state and, in a single family residential development, that is subject to restrictive covenants filed of record in the appropriate county providing for the creation and operation of a homeowners association to maintain and improve the private park. Compensating open space as defined by this section can also be private park land to the extent it meets the requirements of section 42-254(b)(2)a of this Code.

Private roadway means a privately owned and maintained vehicular accessway that provides access to a tract of land.

Private street means a privately maintained and owned vehicular accessway that provides access from a public street to one or more multi-family residential buildings.

Public street means a public right-of-way, however designated, dedicated or acquired, that provides access to adjacent property.

Recorded map return agreement means a written agreement authorizing the county clerk of the county in which a subdivision plat is filed to return the original recorded subdivision plat to the department.

Remainder tract means the undivided acreage tract that remains when a portion of a tract that is comprised of all contiguous land under common ownership is subdivided pursuant to a subdivision plat.

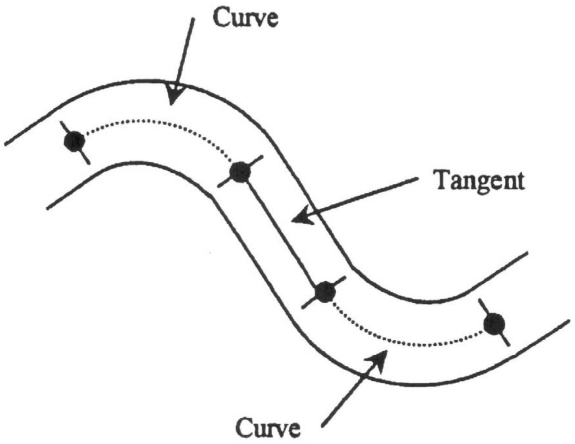
Replat means a subdivision plat prepared, approved, and recorded under the applicable provisions of this chapter that is controlling over the previous plat or a portion of the previous plat without vacation of that plat.

Reserve tract means a parcel of land that is not a lot, but is created within a subdivision plat for other than single-family residential use and is established to accommodate some purpose for which a division into lots is not suitable or appropriate.

Residential means pertaining to the use of land for premises that contain habitable rooms for nontransient occupancy and that are designed primarily for living, sleeping, cooking and eating therein. A premises that is designed primarily for living, sleeping, cooking and eating therein will be deemed to be residential in character unless it is actually occupied and used exclusively for other purposes. Hotels, suites hotels, motels, boarding houses, and day care centers shall not be considered to be residential.

Retail commercial center means one or more commercial establishments contained or to be contained in a building or buildings encompassing a total building area of not more than 100,000 square feet developed as an integrated unit under common ownership or operating as an integrated unit under reciprocal agreements governing all external, nonbuilding space.

Reverse curve means a curve composed of two curves turning in opposite directions.



Roadway means the portion of a public street that is improved for, designed for, or ordinarily used for vehicular use.

Secondary street means a street designated as a secondary walkable places street on the walkable places plan or a secondary transit-oriented development street on the transit-oriented development plan.

Sector means a geographic area within the city as shown in the City of Houston Parks Master Plan for designation of new park needs or additional park improvements.

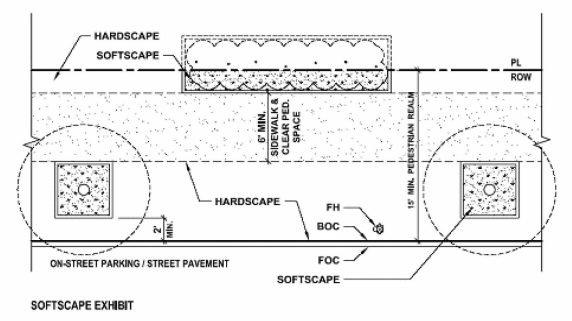
Shared driveway shall mean a private roadway that is not an extension of any street or private roadway and provides access to two or more single-family residential lots through appropriate cross-access easements.

Sidewalk has the meaning ascribed in section 40-551 of this Code.

Single-family residential means the use of a lot with one building designed for and containing not more than two separate unit with facilities for living, sleeping, cooking, and eating therein. A lot upon which is located a free-standing building containing one dwelling unit and a detached second dwelling unit of not more than 1500 square feet shall also be considered single-family residential. A building that contains one dwelling unit on one lot that is connected by a party wall to another

building containing one dwelling unit on an adjacent lot shall be single-family residential.

Softscape means the horticultural elements of a landscape, including grass, ground cover, hedges, plantings, shrubs, soil, and vines.



SOFTSCAPE EXHIBIT

Solid waste collection plan means a plan that is filed with a single-family subdivision plat application for property located within the city that includes the following provisions to allow (i) the collection of solid waste without hindrance or obstruction of any adjacent public street, (ii) the frequency of solid waste collection as necessary to avoid a health hazard caused by the accumulation of solid waste, (iii) heavy trash removal, (iv) one or more sites for the placement of trash cans to serve all units within the subdivision without infringing on any required open space or parking areas required by this chapter, and (v) whether the city or another provider is expected to provide service.

Special exception shall mean a commission-approved adjustment to a requirement of article III of this chapter that is issued under section 42-82 of this Code.

Special minimum building line block means the area subject to a minimum building line requirement pursuant to subdivision B of division 3 of article III of this chapter that is composed of not less than one blockface and not more than two opposing blockfaces.

Special minimum lot size area means the area subject to a minimum lot size requirement pursuant to subdivision B of division 4 of article III of this chapter that is composed of not less than five contiguous blockfaces and not more than 500 lots within the same subdivision plat or not more than 400 lots within two or more contiguous subdivision plats.

Special minimum lot size block means the area subject to a minimum lot size requirement pursuant to subdivision B of division 4 of article III of this chapter that is composed of not less than one blockface and not more than two opposing blockfaces.

Street shall mean a public street or a permanent access easement.

Street dedication plat shall mean a plat that illustrates only the location and right-of-way of one or more public streets to be dedicated by the street dedication plat.

Street width exception area shall mean an area so designated by or pursuant to section 42-123 of this Code.

Subdivide shall mean the act or process of creating a subdivision.

Subdivision shall mean the division of a tract of land, including a lot, into two or more parts to lay out a subdivision of the tract, to lay out suburban, building or other lots, or to lay out streets, alleys, squares, parks or other parts of the tract intended to be dedicated to public use or for the use of purchasers or owners of lots fronting on or adjacent to the streets, alleys, squares, parks or other parts, regardless of whether the division is made by a metes and bounds description in a deed of conveyance or in a contract for deed, by using a contract of sale or other executory contract to convey or by using any other method. A subdivision does not include a division of land into parts greater than five acres, where each part has access to a public street and no public improvement is required to be dedicated. A subdivision includes a replat.

Subdivision plat shall mean (1) a map or plan prepared and approved pursuant to the applicable provisions of division II of this chapter showing the proposed subdivision of land or (2) an instrument recorded in the map, plat or real property records of the appropriate county showing the previous subdivision

of property. A subdivision plat includes a replat, an amending plat and a vacating plat.

Title report shall mean a current report, commitment, opinion or title policy that: (1) is prepared and executed by a title company authorized and in good standing to do business in the State of Texas or by an attorney licensed in the State of Texas; (2) provides a legal description of the property proposed to be subdivided or developed; (3) identifies the owner and lienholder of the property subject to the subdivision plat or development plat and the recording information of each instrument by which each owner or lienholder acquired its respective interest; and (4) describes all encumbrances of record that affect the property and the recording information of each instrument by which each encumbrance was established. A title report shall be current if it certifies that the records were examined not more than 30 days from the date of the application to which it applies. For purposes of a replat, a title report shall also include information regarding any deed restrictions applicable to the property or reflect that no deed restrictions apply.

Tract shall mean a parcel.

Transit corridor street has the meaning ascribed in section 33-351 of this Code.

Transit station means a passenger loading or unloading facility of a route for a guided rapid transit or fixed guideway transit system owned and operated by the Metropolitan Transit Authority of Harris County, Texas (METRO). The term does not include the stations of a public bus system.

Type 1 permanent access easement shall mean a permanent access easement at least 50 feet in width that is designed and constructed like a public street in accordance with the design manual and contains one or more public utilities in an unpaved portion of the easement.

Type 2 permanent access easement shall mean a permanent access easement at least 28 feet in width that is designed and constructed like a private street serving a development that has no public utilities other than a public water line connected only to one or more fire hydrants that provides no domestic water services.

Type A street means a public street that intersects a transit corridor street and that abuts a blockface that is located within 1,320 feet walking distance of the end of an existing or proposed transit station platform.

Utility district shall mean a conservation and reclamation district organized under Article III, Section 52, or Article XVI, Section 59, of the Texas Constitution, the creation or enlargement of which requires the consent of the city.

Vacating plat shall mean a vacating plat prepared and approved under the applicable provisions of chapter 212.

Variance shall mean a commission-approved deviation from the requirements of this chapter issued under section 42-81 of this Code.

(Ord. No. 2013-343, § 3(Exhs. A, B), 4-24-2013; Ord. No. 2015-639, §§ 5, 6, 6-24-2015, eff. 7-24-2015; Ord. No. 2018-11, § 29, 1-10-2018; Ord. No. 2019-1028, § 2, 12-11-2019; Ord. No. 2020-684, § 2(Exh. A), 8-5-2020; Ord. No. 2022-391, § 2, 5-18-2022; Ord. No. 2023-64, § 2, 1-25-2023, eff. 2-25-2023; Ord. No. 2023-801, §§ 2, 3(Exh. A), 9-27-2023, eff. 11-27-2023)

Sec. 42-2. Scope.

This chapter shall apply to all development and subdivision of land within the city and its extraterritorial jurisdiction. This chapter establishes the general rules and regulations governing plats, subdivisions and development of land within the city and its extraterritorial jurisdiction to promote the health, safety, morals and general welfare of the city and the safe, orderly and healthful development of the city.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-3. Conflict with county regulations.

This chapter shall not be applied in such a manner as to amend or alter any rules, regulations, procedures or policies lawfully and officially

adopted by the governing body of any county in which there exists territory contained within the city's extraterritorial jurisdiction. In the circumstance where any rule, regulation, procedure or policy lawfully and officially adopted by the governing body of any county is less restrictive than that contained herein, the standards of this chapter shall apply; provided, however, to the extent that this chapter conflicts with any provision of the Harris County Road Law (Special Laws of the 33rd Texas Legislature, Regular Session, 1913, Chapter 17, as amended), then the provisions of that law, to the extent of conflict, shall apply.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-4. Enforcement and penalties.

(a) It shall be unlawful for any person to lay out, subdivide or plat any land into lots, blocks, tracts or streets within the city, or sell property therein and thereby, if the land has not been laid out, subdivided and platted in accordance with the requirements of this chapter.

(b) The building official shall not issue a building permit:

(1) For construction on property that was subdivided after March 15, 1963 unless the property is included in a subdivision plat approved and recorded in accordance with this chapter; or

(2) For a development unless there is attached to the application a development plat approved by the director or the commission.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-5. Penal provisions applicable.

(a) The violation of any provision of this chapter within the corporate limits of the city, including the failure to do any act or perform any duty that is required herein, shall be punishable as provided by section 1-6 of this Code. Each day a violation continues constitutes a separate offense. Prosecution or conviction under this provision shall never be a bar to any other remedy or relief for violation of this chapter.

(b) The violation of any provision of this chapter outside the corporate limits of the city but within the city's extraterritorial jurisdiction shall not constitute an offense, and no fine shall be applicable to the violation.

(c) In addition criminal prosecution, where applicable, the city shall have the right to seek the judicial remedies provided in section 42-6 of this Code for any violation of this chapter within the city or its extraterritorial jurisdiction.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-6. Judicial provisions applicable.

The city, acting through the city attorney or any other attorney representing the city, may file an action in a court of competent jurisdiction to:

(1) Enjoin the violation or threatened violation by the owner of land of a requirement of this chapter applicable to the land; or

(2) Recover damages from the owner of a tract of land in an amount adequate for the city to undertake any construction or other activity necessary to bring about compliance with this chapter.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-7. Denial of utility connections.

(a) The building official shall not issue any building permit or other permits required for the installation of any utility, either public or private, to serve:

(1) Lots or tracts within the city for which a subdivision plat has not been properly recorded as required by this chapter; or

(2) A development within the city that is subject to the provisions of this chapter, for which a development plat has not been properly approved as required by this chapter.

(b) The utility official shall not permit any tract of land to receive any service from the city water or wastewater collection systems unless, at the time of the application for service, the

applicant provides to the utility official satisfactory evidence that the tract of land was subdivided or developed in compliance with this chapter.

(c) In those areas located within the city's extraterritorial jurisdiction, the utility official shall not approve any plans for the construction of any wastewater collection system or domestic water distribution system and the city engineer shall not approve any plans for the construction of storm drainage system within any utility district for which the city has granted its consent for creation or enlargement, unless and until the provisions of this chapter have been complied with for any tract of land served by utilities provided by the utility district.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-8. Forms authorized.

The director is authorized to promulgate forms to use in the implementation of this chapter, including forms for standardized language to be used on the face of subdivision plats and development plats. Prior to the use of any form, the city attorney or the city attorney's designee shall review the form for legal sufficiency and approve each form the city attorney or the city attorney's designee, in his sole professional judgment, determines to be legally sufficient.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-9. Cumulative effect.

This chapter is cumulative of other requirements imposed by ordinances and regulations of the city. To the extent of any inconsistency, the more restrictive provision shall govern.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Secs. 42-10—42-19. Reserved.

ARTICLE II. REQUIREMENTS AND PROCEDURES

DIVISION 1. PLATTING REQUIREMENTS

Sec. 42-20. Subdivision plat required.

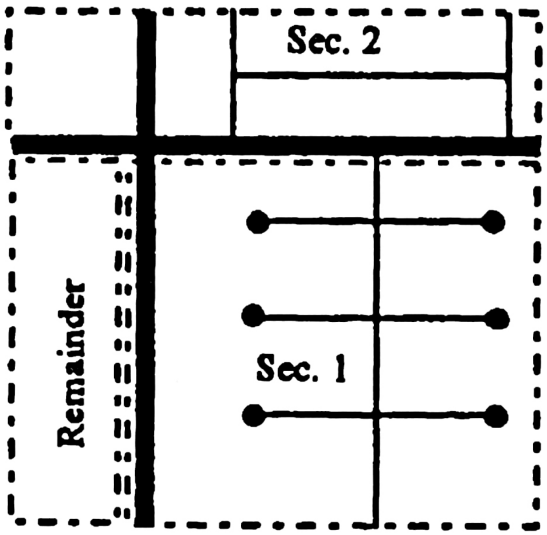
(a) Except as provided in section 42-21 of this Code, any subdivision of property in the city and its extraterritorial jurisdiction shall require a subdivision plat approved pursuant to this article. Prior to the subdivision of any property within the city or its extraterritorial jurisdiction, the owner of the property proposed to be subdivided, or the owner's authorized agent, shall obtain approval from the commission or the director, as applicable, of a subdivision plat of the subdivision submitted pursuant to the requirements of this chapter. All property in the city and its extraterritorial jurisdiction that is subdivided shall be laid out under the direction of the commission, and the city will recognize no other subdivisions.

(b) The requirement to file and obtain approval of a subdivision plat may be met by filing either a class I plat, a class II plat or a class III plat, as applicable to the property proposed to be subdivided.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-21. Exceptions to subdivision platting requirements.

(a) A subdivision plat shall not be required for a subdivision of a reserve tract that is part of a subdivision plat approved by the commission or pursuant to this article if the reserve tract is not encumbered by a one-foot reserve and will not be used for single-family residential purposes.

(b) A subdivision plat shall not be required for a remainder tract that is included in a general plan previously approved by the commission or filed simultaneously with an application for a subdivision plat for any portion of the entire tract.



(c) A subdivision plat shall not be required for the dedication of a public street if the dedication is accomplished through a street dedication plat approved by the commission pursuant to this article.
(Ord. No. 2013-343, § 3(Exhs. A, B), 4-24-2013)

Sec. 42-22. Development plat required.

Development of property through the new construction or enlargement of any exterior dimension of any building, structure or improvement within the city or its extraterritorial jurisdiction shall require a development plat, except that the following types of development shall be exempt from this requirement:

(1) Buildings, structures or improvements within the central business district;

(2) Alterations to any building or improvement, including enclosing an existing canopy or porte-cochere, that do not increase the exterior square footage by more than 100 square feet and that do not result in an encroachment into the building line requirement. An encroachment into a building line requirement authorized by section 42-151 of this Code shall not constitute an encroachment for the purposes of this section;

(3) Construction of a detached single-family residential unit (or enlargement thereto) that meets the requirements of article III of this chapter on a lot that is part of, and in a manner that complies with, a recorded subdivision plat or an unrecorded subdivision plat that is recognized as a plat for the purposes of property conveyance;

(4) A parking lot or expansion thereof;

(5) A retaining wall, masonry wall or fence under eight feet high; or

(6) Placement of a temporary classroom building at a public school facility.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-23. Classes of subdivision plat.

(a) There are hereby established three classes of subdivision plat: a class I plat, a class II plat and a class III plat. Class I plats and class II plats are optional and may be used in lieu of a class III plat if the subdivision plat meets the qualifications of this section.

(b) A class III plat is required for subdivisions that require or propose the creation of any new street or the dedication of any easement for public water, wastewater collection or storm sewer lines. A class III plat is also required for a vacating plat. Subdivisions that do not require or propose the creation of any new street or the dedication of any easement for public water, wastewater collection or storm sewer lines, at the option of the applicant, may be submitted as either a class I plat or a class II plat as determined by the respective applicable criteria, or may be submitted as a class III plat.

(c) A class II plat is a subdivision plat that:

(1) Does not require or propose the creation of any new street;

(2) Does not require or propose the dedication of any easement for public water, wastewater collection or storm sewer lines; and

(3) Is not a replat that requires notification of adjacent property owners pursuant to chapter 212.

(d) A class I plat is a subdivision plat that either meets the four criteria below or is an amending plat:

(1) Creates no more than four lots each fronting on an existing street;

(2) Does not require or propose the creation of any new street;

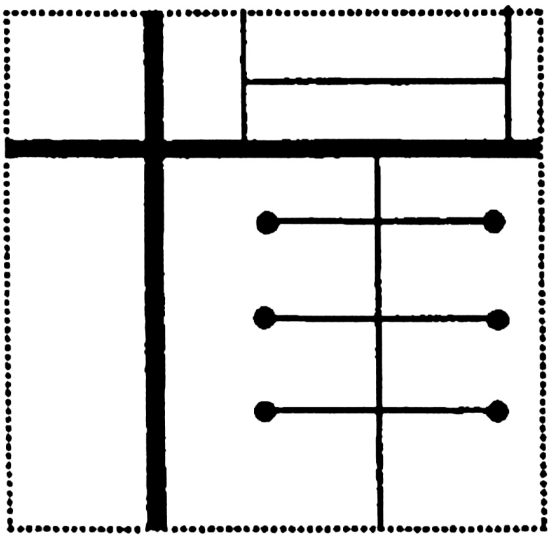
(3) Does not require or propose the dedication of any easement for public water, wastewater collection or storm sewer lines; and

(4) Is not a replat.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-24. General plan.

(a) When property is proposed to be subdivided in sections, a general plan illustrating all contiguous property under one ownership, legal interest or common control shall be submitted prior to or simultaneously with the application for the subdivision plat for the first section.



(b) The general plan shall show:

(1) The alignment of any major thoroughfares within or adjacent to the property in accordance with the major thoroughfare and freeway plan and all collector streets that are necessary to demonstrate an overall circulation system for the property that will meet the requirements of article III of this chapter;

(2) Recorded easements; and

(3) All the floodways and the 100- and 500-year floodplains per current FEMA (Federal Emergency Management Agency) map as may be approved by the flood plain administrator that was effective at the time of the general plan approval; and

(c) The general plan also may identify the number of sections anticipated to be platted pursuant to the general plan and proposed land uses including single-family residential, multi-family residential, restricted and unrestricted reserves, utility plant sites, drainage and detention facilities and proposed easements affecting the subdivision of the property.

(d) Commission approval of a general plan shall be noted on the face of the plan and shall be applicable only to the major thoroughfare, collector street pattern and any local street shown on the general plan.

(e) The general plan may be amended in the same manner required for approval of the initial general plan.

(f) A general plan shall remain in effect for four years from the date of commission approval, subject to extension as provided herein. Any amendment of the general plan shall not result in an extension of the effective period. Recordation of a subdivision plat for a section within the general plan during the effective period of the general plan shall renew the general plan for an additional four years from the expiration date of the general plan if the recorded subdivision plat meets the following requirements:

(1) The subdivision plat is consistent with the general plan; and

(2) The subdivision plat represents the lesser of 20 percent of the total acreage in the general plan or 25 acres.

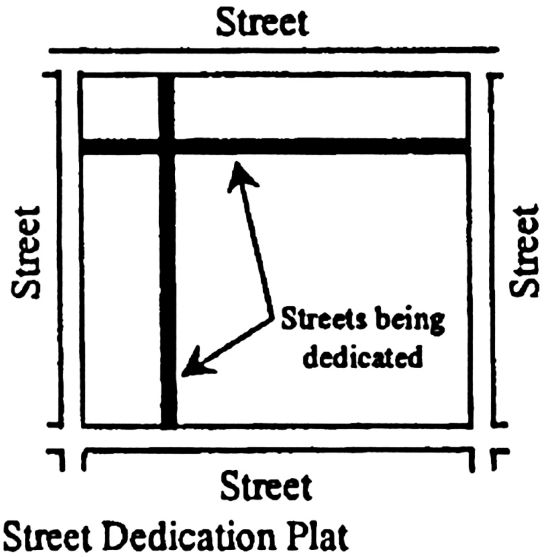
Recordation of a street dedication plat shall not extend the effective period of a general plan; provided, however, that a street dedica-

tion plat that dedicates a major thoroughfare or a collector to its points of connection with adjacent properties as shown on the general plan shall extend the general plan for four years. Nothing shall prohibit an applicant from filing an application for a general plan for the same property that was included in an expired general plan.

(g) As long as the general plan remains in effect, the street system approved in the general plan shall form the basis for street system extensions into adjacent properties to be platted, unless the subdivider of such properties demonstrates that the requirements of article III of this chapter can be met without the street extensions.
(Ord. No. 2013-343, § 3(Exhs. A, B), 4-24-2013; Ord. No. 2022-391, § 3, 5-18-2022)

Sec. 42-25. Street dedication plat.

A street dedication plat is a plat that may be filed at the option of an applicant to dedicate one or more public streets. Except as provided in this section, a street dedication plat shall not be approved unless the commission previously has approved a general plan for the area in which the street dedication plat is located.



Street Dedication Plat

(Ord. No. 2013-343, § 3(Exhs. A, B), 4-24-2013)

Secs. 42-26—42-39. Reserved.

DIVISION 2. APPLICATION REQUIREMENTS

Sec. 42-40. Basic subdivision plat submittal requirements.

(a) An application for the approval of a subdivision plat shall be filed with the department in the form prescribed by the director for the respective class of subdivision plat, and shall:

(1) Be made on an application form provided by the department;

(2) Provide all required materials, in the quantity and manner prescribed by the director, on paper, on a computer disc or on electronic media;

(3) Be accompanied by an affidavit of the owner, or the owner's authorized agent with duty to inquire, regarding all contiguous land under common ownership or control;

(4) Meet the graphic and legal requirements of sections 42-41 through 42-45 of this Code, as applicable; and

(5) Be accompanied by the applicable filing fee.

(b) An application for the approval of a subdivision plat that is a replat and not subject to the notice provisions of section 42-49 of this Code shall also be accompanied by a current title report.

(c) A class III plat shall be first submitted for review as a preliminary plat in accordance with the requirements below.

(d) The application to plat a single-family subdivision inside the city must be accompanied by a solid waste collection plan, as defined in this chapter, which plan shall be subject to the approval of the director of solid waste. An approved plan is a prerequisite to plat approval. The plan must be noted on the plat by a note placed on the face of the plat indicating whether

the development is eligible or ineligible for solid waste collection provided by the city, as applicable, utilizing one of the following forms.

(1) THE RESIDENTIAL UNITS OR LOTS ENCOMPASSED BY THIS PLAT ARE INELIGIBLE FOR SOLID WASTE COLLECTION SERVICES PROVIDED BY THE CITY AT THE TIME OF THE FILING OF THE PLAT. THE OBLIGATION TO PROVIDE SOLID WASTE COLLECTION SERVICES SHALL BE THE SOLE RESPONSIBILITY OF THE OWNERS OF PROPERTY IN THE SUBDIVISION. NOTWITHSTANDING THE FOREGOING, THE CITY RESERVES THE RIGHT TO AMEND THE LEVEL OF SOLID WASTE COLLECTION SERVICES IT PROVIDES; or

(2) THE RESIDENTIAL UNITS OR LOTS LOCATED IN THIS SUBDIVISION ARE ELIGIBLE FOR SOLID WASTE COLLECTION SERVICES BY THE CITY AT THE TIME OF THE FILING OF THE PLAT. NOTWITHSTANDING THE FOREGOING, THE CITY RESERVES THE RIGHT TO AMEND THE LEVEL OF SOLID WASTE COLLECTION SERVICES IT PROVIDES.

(e) The city attorney shall review each application for a subdivision plat that is subject to the notice provisions of section 42-49 of this Code. The applicant shall pay for the cost associated with this provision in the form of a nonrefundable fee set forth for this provision in the city fee schedule.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2015-639, § 7, 6-24-2015; Ord. No. 2015-639, §§ 7, 8, 6-24-2015, eff. 7-24-2015)

Sec. 42-41. Additional requirements—All subdivision plats.

Each preliminary or final subdivision plat, regardless of class, shall:

(1) State the proposed name of the subdivision, which shall not be a duplicate of any subdivision or development of record within the city or its extraterritorial jurisdiction and conform to the current subdivision naming standards promulgated by the director and located on the planning department website;

(2) Provide the legal description of the property proposed to be subdivided, including the name of the previous subdivision as applicable, the name of the county, survey and abstract number;

(3) Provide reference to the nearest corner or street right-of-way intersection in the general area;

(4) Show the location of all streets, shared driveways, alleys and easements within the subdivision plat boundaries;

(5) Show the location of all building lines required by this chapter;

(6) State the total acreage within the subdivision and the total number of lots, blocks and reserves;

(7) Identify the owner of the property. If the owner of the property is not a natural person, state the name of the entity along with the name of the individual authorized to execute the subdivision plat on behalf of the entity;

(8) Identify the person or firm who prepared the plat;

(9) Indicate the date on which the plat was drawn;

(10) Provide a north arrow;

(11) Orient the layout of the subdivision with north to the top of the drawing;

(12) Provide the numeric and graphic scale for the subdivision;

(13) Orient the subdivision within the larger area by providing a vicinity map;

(14) Draw plat boundaries with heavy lines to indicate the subdivided area;

(15) Identify adjacent areas outside the plat boundaries indicating the name of the adjacent subdivisions, churches, schools, parks, bayous and drainage ways, acreage and all existing streets, easements, pipelines and other restricted uses;

(16) Identify blocks and lots within a subdivision by consecutive numbers; lot numbering may be cumulative throughout the subdivision so long as the numbering system continues from block to block in a uniform manner; and

(17) Identify reserves by alphabetical letter.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2022-391, § 4, 5-18-2022)

Sec. 42-42. Additional requirements—Class I plat and class II plat.

In addition to the requirements of section 42-41 of this Code, applications for a class I plat or a class II plat shall meet the following requirements so that the subdivision plat is suitable for recordation upon approval by the director or the commission, as applicable:

(1) The class I plat or class II plat shall be drawn on positive photographic film with black lines and image and shall be suitable for the reproduction of direct positive prints and reproductions;

(2) The scale shall be one of the following:

a. One inch to 20 feet;

b. One inch to 30 feet;

c. One inch to 40 feet;

d. One inch to 50 feet;

e. One inch to 60 feet; or

f. One inch to 100 feet;

provided that the director may authorize the use of a different scale when the director determines that circumstances warrant a different scale.

(3) The subdivision plat shall show all engineering and surveying data in a manner and to an extent sufficient to locate all of the features of the subdivision plat on the ground, including the following:

a. Full dimensions along all boundaries of the subdivision plat;

b. Full dimensions of all shared driveways;

c. Full dimensions of all easements, drainageways, gullies, creeks and bayous;

d. Full dimensions of all lots, blocks, reserves, out-tracts, compensating open space and any other tracts designated separately within the subdivision plat boundaries; and

e. Full dimensions of all fee strips, pipelines and other physical and topographical features necessary to be accurately located by surveying methods.

Full dimensions shall include line dimensions, bearings of deflecting angles, radii, central angles and degrees of curvature and lengths of curves and tangent distances, all of which shall be shown in feet and decimal fractions thereof.

(4) The subdivision plat shall identify and note the intended use of all lots and reserves. In those instances where the intended use of a reserve has not been determined, the reserve shall be identified as unrestricted and so noted on the subdivision plat;

(5) All dedication statements and certificates shall be included on the subdivision plat;

(6) The name of each individual who will sign the subdivision plat shall be lettered under a line provided for the signature;

(7) For each class 1 plat and, at the option of the applicant for a class 2 plat, materials for recordation as provided in section 42-45 of this Code shall be submitted;

(8) A current title report shall be submitted; and

(9) An existing conditions survey shall be submitted for a class II plat if required by the provisions of section 42-56 of this Code.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-43. Additional requirements—Class III plat—Preliminary plat.

In addition to the requirements of section 42-41 of this Code, applications for a preliminary class III plat shall:

(1) Show the location and approximate dimensions of all blocks and reserves and approximate dimensions typical for lots within the subdivision plat boundaries;

(2) Provide survey dimensions and bearings for the boundaries of the subdivision plat, with lines outside the subdivision plat boundary, if any, drawn as dashed lines;

(3) Show the location and approximate width of existing and proposed watercourses, ravines and drainage easements within the subdivision plat boundaries;

(4) Be accompanied by an affidavit of the owner, or the owner's authorized agent with duty to inquire, identifying all encumbrances on the property inside the subdivision plat boundaries; and

(5) Be accompanied by an existing conditions survey if required by the provisions of section 42-56 of this Code.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-44. Additional requirements—Class III plat—Final plat.

In addition to the requirements of section 42-41 of this Code, applications for a final class III plat shall:

(1) Incorporate all of the provisions relating to preliminary plats and reflect the conditions and requirements of final subdivision plat approval previously imposed by the commission;

(2) Be drawn on positive photographic film with black lines and image and be suitable for the reproduction of direct positive prints and reproductions;

(3) Use one of the following scales:

a. One inch to 20 feet;

b. One inch to 30 feet;

c. One inch to 40 feet;

d. One inch to 50 feet;

e. One inch to 60 feet; or

f. One inch to 100 feet;

provided that the director may authorize the use of a different scale when the director determines that circumstances warrant a different scale;

(4) Show all engineering and surveying data in a manner and to an extent sufficient to locate all of the features of the subdivision plat on the ground, including the following;

a. Full dimensions along all boundaries of the subdivision plat;

b. Full dimensions of all shared driveways;

c. Full dimensions of all easements, drainageways, gullies, creeks and bayous;

d. Full dimensions of all lots, blocks, reserves, out-tracts, compensating open space and any other tracts designated separately within the subdivision plat boundaries; and

e. Full dimensions of all fee strips, pipelines and other physical and topographical features necessary to be accurately located by surveying methods.

Full dimensions shall include line dimensions, bearings of deflecting angles, radii, central angles and degrees of curvature and lengths of curves and tangent distances, all of which shall be shown in feet and decimal fractions thereof;

(5) The intended use of all lots and reserves; in those instances where the intended use of a reserve has not been determined, the reserve shall be identified as unrestricted and so noted on the subdivision plat;

(6) Include all dedication statements and certificates; and

(7) Include a current title report.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-45. Additional requirements for recordation of subdivision plats.

After approval of a class I plat, a class II plat or a final class III plat, the applicant shall present the following to the department for recordation of the subdivision plat:

(1) The original subdivision plat drawing prepared on any suitable permanent translucent material of positive photographic film with lines, lettering and signatures in black ink or image, and the names of all individuals signing the subdivision plat lettered under the respective signature. The original subdivision plat drawing shall evidence compliance with all conditions of final plat approval;

(2) A current update of the previously submitted title report that reflects any change in any of the conditions or information required in the title report since the date of the last title report, including that there has been no change, if applicable;

(3) An executed recorded map return agreement;

(4) Certification that all current city, county and school district taxes have been paid and that there are no delinquent taxes on the property, which may be provided as part of the title report or in the form of a certificate from the city, if applicable, and from the county and the school district in which the land being subdivided is located.

(5) For a vacating plat, the original vacation instrument.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-46. Development plat submittal requirements.

An application for the approval of a development plat shall be filed with the department, and shall:

(1) Be made on an application form provided by the department;

(2) Provide a copy of a survey sealed and certified by a Texas registered professional land surveyor showing:

a. The location of each existing building, structure or improvement;

b. Each easement and right-of-way within or abutting the boundary of the surveyed property, tied to a street intersection or landmark; and

c. The dimensions of each sidewalk, alley, square, park or other part of the property intended to be dedicated to public use or for the use of purchasers of property fronting on or adjacent to the sidewalk, alley, square, park or other part.

The survey does not have to be recent so long as it illustrates all contiguous property under one ownership or common control;

(3) Include a copy of a site plan illustrating:

a. All proposed and existing buildings, proposed and existing driveways, stairways, fences and adjacent roadways;

b. Parking that meets the applicable requirements of this chapter and chapter 26 of this Code;

c. Landscaping that meets the applicable requirements of chapter 33 of this Code;

d. Location of bulk container and screening for bulk containers that meets the applicable requirements of article VI of chapter 39 of this Code; and

e. Location of gang mailboxes or cluster box units that are constructed in the public street pursuant to section 40-13 of this Code, as applicable; and

(4) Be accompanied by the applicable filing fee.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2015-639, § 9, 6-24-2015, eff. 7-24-2015; Ord. No. 2023-801, § 3(Exh. A), 9-27-2023, eff. 11-27-2023)

Sec. 42-47. Applications requesting variance.

(a) The application for a general plan subdivision plat or development plat requesting a variance from any requirement of this chapter shall:

(1) Identify the specific requirement for which the variance is sought;

(2) State the extent of the variance sought;

(3) Provide a detailed explanation of the hardship that justifies the granting of the variance; and

(4) Provide a statement of facts addressing each of the conditions for commission approval provided in section 42-81 of this Code.

(b) An application may be amended to request one or more variances that were not requested in the initial application.

(c) The applicant for a variance shall pay all costs and shall provide information in the form prescribed by the director associated with the notice provisions of section 42-83 of this Code.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2015-639, § 10, 6-24-2015, eff. 7-24-2015)

Sec. 42-48. Applications requesting special exception.

(a) The application for a general plan subdivision plat or a development plat requesting a special exception from any requirement of article III of this chapter shall:

(1) Identify the specific requirement for which the special exception is sought;

(2) State the extent of the special exception sought;

(3) Provide a detailed explanation of the circumstances and facts that justify the granting of the special exception; and

(4) Provide a statement addressing each of the conditions for commission approval provided in section 42-82 of this Code.

(b) An application may be amended to request one or more special exceptions that were not requested in the initial application.

(c) The applicant for a special exception shall pay all costs and shall provide information in the form prescribed by the director associated with the notice provisions of section 42-83 of this Code.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2015-639, § 11, 6-24-2015, eff. 7-24-2015)

Sec. 42-49. Replats requiring notification of adjacent property owners.

(a) A subdivision plat that is a replat must provide notification to adjacent property owners pursuant to this section if any lot in any preceding plat was limited by deed restrictions, separately filed restrictions, or plat restrictions to single family residential use or restricted to residential use for not more than two single family residential units per lot. The commission shall establish the public hearing date for replats requiring notification at the next meeting for which proper notice can be met on a complete application.

(b) Notification to adjacent property owners on a replat is not required if the subdivision plat that created the single family plat restriction was replatted in its entirety for any other use permitted by law, and the plat restrictions were removed by that replat.

(c) A replat filed under this section shall provide the following:

(1) An affidavit of owner or an authorized agent in the form specified by the director requesting commission approval and affirming:

a. that the submitted replat does not amend, remove, or violate, or have the effect of amending, removing, or violating, any covenants or restrictions that are contained or referenced in a dedicatory instrument recorded in the real property records separately from the preceding plat or replat, or a deed restriction, and

b. that it further does not attempt to amend, remove, or violate, or have the effect of amending, removing or

violating, any existing public utility easements without the consent of the affected utility companies;

(2) The information required in the form specified by the director to provide notification in accordance with this section; and

(3) All costs for notice as set forth in the city fee schedule.

(d) The applicant shall cause notice of the required public hearing to be published a minimum of 20 days before the date of the public hearing in a newspaper of general circulation in Harris, Fort Bend and Montgomery Counties upon authorization by the director, which shall be given after the commission establishes the date for the public hearing. Prior to commission consideration of the replat, the applicant shall provide an affidavit of publication to the department.

(e) Each replat filed under this section shall require additional notification in compliance with section 42-83 of this Code.

(f) If a replat under this section requires a variance or special exception, the requirements of section 42-84 of this Code also apply.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2015-639, §§ 12, 13, 6-24-2015, eff. 7-24-2015; Ord. No. 2022-391, § 5, 5-18-2022)

Sec. 42-50. General plan submittal requirements.

An application for the approval of a general plan shall be filed with the department, and shall:

(1) Be made on an application form provided by the department;

(2) Provide all required materials, in the quantity and manner prescribed by the director, on paper, on a computer disc or on electronic media;

(3) Be accompanied by an affidavit of the owner, or the owner's authorized agent with duty to inquire, identifying all encumbrances on the property inside the general plan boundary;

(4) State the proposed name of the general plan, which shall not be a duplicate of any subdivision or development of record within the city or its extraterritorial jurisdiction;

(5) Provide the legal description of the property in the general plan, including the name of the county, survey and abstract number and a reference to the nearest corner or street right-of-way intersection in the general area;

(6) Show the location of all collector streets and major thoroughfares, and at the option of the applicant, all local streets, within the general plan boundaries;

(7) State the total acreage within the general plan;

(8) Identify the owner of the property; if the owner of the property is not a natural person, state the name of the entity along with the individual authorized to execute the general plan on behalf of the entity;

(9) Identify the person or firm who prepared the general plan;

(10) Indicate the date on which the general plan was drawn;

(11) Provide a north arrow;

(12) Orient the layout of the general plan with north to the top of the drawing;

(13) Provide a numeric and graphic scale, which shall be a minimum of 1" = 600' and no greater than 1" = 100';

(14) Orient the general plan within the larger area by providing a vicinity map;

(15) Have boundaries drawn with heavy lines to indicate the area included in the general plan;

(16) Identify adjacent areas outside the general plan boundaries, indicating the name of the adjacent subdivisions, and show the location and approximate width of existing and proposed water courses, ravines, drainage easements, floodways, 100- and 500-year floodplains per current FEMA

(Federal Emergency Management Agency) map as approved by the flood plain administrator that was effective at the time of the general plan approval, streets and pipelines within and adjacent to the general plan boundaries;

(17) Provide survey dimensions and bearings for the boundaries of the general plan, with lines outside the general plan boundaries, if any, drawn as dashed lines; and

(18) Be accompanied by the applicable filing fee.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2022-391, § 6, 5-18-2022)

Sec. 42-51. Street dedication plat submittal requirements.

An application for the approval of a street dedication plat shall be filed with the department, and shall:

(1) Be made on an application form provided by the department;

(2) Provide all required materials, in the quantity and manner prescribed by the director, on paper, on a computer disc or on electronic media;

(3) Be accompanied by an affidavit of the owner, or the owner's authorized agent with duty to inquire, identifying all encumbrances on the property inside the street dedication plat boundary;

(4) State the proposed name of the street dedication plat, which shall not be a duplicate of any subdivision or development of record within the city or its extraterritorial jurisdiction;

(5) Provide the legal description of the property proposed to be dedicated, including the name of the county, survey and abstract number and a reference to the nearest corner or street right-of-way intersection in the general area;

(6) State the total acreage within the street dedication plat;

(7) Identify the owner of the property. If the owner of the property is not a natural person, state the name of the entity along with the name of the individual authorized to execute the street dedication plat on behalf of the entity;

(8) Identify the person or firm who prepared the street dedication plat;

(9) Indicate the date on which the plat was drawn;

(10) Provide a north arrow;

(11) Orient the layout of the street dedication plat with north to the top of the drawing;

(12) Provide a numeric and graphic scale, which shall be a minimum of 1" = 100' and no greater than 1" = 20';

(13) Orient the street dedication plat within the larger area by providing a vicinity map;

(14) Draw plat boundaries with heavy lines;

(15) Provide survey dimensions and bearings for the boundaries of the street dedication plat, with lines outside the street dedication plat boundaries, if any, drawn as dashed lines; and

(16) Be accompanied by the applicable filing fee.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-52. Initial review by director.

The director initially shall review each application for subdivision plat, development plat, general plan and street dedication plat for completeness. If the director determines that the application is complete, the application shall be acted upon as further provided in this article. If the director determines that the application is incomplete, he or she shall return the application with an explanation of the deficiency.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-53. Time for submittal.

(a) Complete applications that require approval by the commission and that are submitted to the department by 11:00 a.m. on the submittal due

date as per the annual calendar available on the department website shall be placed on the agenda for consideration by the commission at that meeting.

(b) The director shall maintain at the department's office and on the department website an annual calendar approved by the commission that details the submittal period for all plat applications that require approval by the commission. The calendar shall include:

(1) The submittal period, including the date and time by which an applicant must file a complete application with the department; and

(2) The corresponding date of the regularly scheduled meeting of the commission where a complete application will first be considered by the commission following the submittal period, as applicable.

(c) Each year, on or before the first regularly scheduled meeting of the commission in December, the commission shall adopt a schedule for the next calendar year that meets the following criteria:

(1) The schedule outlined in the calendar ensures the timely and expeditious consideration of a complete application submitted by an applicant;

(2) The schedule outlined in the calendar creates regular and predictable periods of time during which an applicant may file a complete application with the department; and

(3) The schedule outlined in the calendar establishes a reasonable time period for the director to perform the administrative procedures, consider and review the application, and fulfill the notification requirements of this article, as applicable.

(d) Complete applications for a class I plat or a development plat shall be reviewed and approved, where appropriate, or referred to the commission by the director not later than ten days from the date the complete application was submitted. Applications referred to the commission under this subsection shall be placed on the commission agenda for consideration at the next meeting for which proper notice can be given.

(e) Replats that require notice to property owners pursuant to section 42-49 of this Code shall be placed on the commission agenda for consideration on the date established for the public hearing.

(f) Plats that require notice to property owners pursuant to sections 42-81 or 42-82 of this Code shall be placed on the commission agenda for consideration at the next meeting for which proper notice can be given."
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2022-391, § 7, 5-18-2022)

Sec. 42-54. Application fees.

(a) The director may, from time to time, with the assistance of the department of finance, pursuant to Administrative procedure 4-9, prepare and submit for approval by motion of the city council revisions to the city fee schedule that shall be paid by an applicant for services performed by the department in accordance with the provisions of this chapter. The fees approved under this provision shall be included in the city fee schedule. Payment of any applicable fees when due is a condition of the processing of any application under this article.

(b) Unless otherwise specified in the city fee schedule, application fees shall be doubled for work performed without prior authorization or approval required by this chapter.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2015-639, § 14, 6-24-2015, eff. 7-24-2015)

Sec. 42-55. Private easement holder's consent.

Prior to recordation of the subdivision plat, the applicant shall submit a written instrument from the owner of any privately owned easement or fee strip within the plat boundaries that is proposed to be crossed by a street, private street, shared driveway or public utility or drainage easement. The instrument must state that the owner of the easement or fee strip consents to each crossing for the purposes intended and

depicted upon the subdivision plat. In those instances where the applicant submits an instrument of record in lieu of a letter or statement from the owner of the private easement or fee strip, the department shall then refer the recorded instrument to the city attorney for determination of whether the conditions contained in the recorded instrument adequately provide or accommodate the crossing of the private easement or fee strip by the proposed street, private street, shared driveway or public utility or drainage easement depicted on the plat. If the city attorney determines that the recorded instrument is not adequate, the applicant shall then submit evidence of the consent of the owner of the private easement or fee strip.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-56. Application requirements—Existing conditions survey.

Each class II and class III preliminary plat providing for single-family residential use on a tract within the city shall provide an existing conditions survey that illustrates the location of any of the following:

(1) Curbs, driveways, utility poles, meters, fire hydrants, storm sewer inlets, and other physical features on the tract or in the public right-of-way within ten feet of the tract;

(2) Recorded easements on the tract;

(3) Trees located within the public right-of-way within ten feet of the tract or within the building setback area as that term is defined by article V of Chapter 33 of this Code;

(4) Roadways and sidewalks including the paving section width on the tract and in the public right-of-way within ten feet of the tract; and

(5) Public rights-of-way including the width on or adjacent to the tract.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Secs. 42-57—42-69. Reserved.

DIVISION 3. REVIEW PROCEDURES

Sec. 42-70. In general.

This division establishes the procedures for the review of applications for subdivision plats, development plats, general plans and street dedication plats. As provided in this division, the director is authorized to approve class I plats and development plats that meet the requirements of this chapter. Only the commission is authorized to approve class II plats, class III plats, general plans, street dedication plats and any class I plat or development plat that the director refers to the commission. The following chart is a summary of the approval process intended for illustrative purposes only. In case of conflict between the chart and the text, the text shall prevail.

	Class I plat	*Class II plat*	*Class III plat*	*Dev. plat*
Administrative Approval	Yes	No	No	Yes
Planning Comm'n Approval Required				
• Always	No	Yes	Yes	No
• For plat with variance or special exceptions	Yes	Yes	Yes	Yes
• For replat	N/A	Yes	Yes	N/A

	Class I plat	*Class II plat*	*Class III plat*	*Dev. plat*
Preliminary approval required	No	No	Yes	N/A

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-71. Commission consideration and action.

(a) The commission shall consider and act on each class III plat submitted to it on a preliminary basis and upon a final basis. The commission shall consider and act on each class II plat submitted to it on a final basis. The commission shall consider and act on each subdivision plat or development plat that requests a variance or special exception. The commission also shall consider and act on each class I plat or development plat that is referred to the commission by the director.

(b) The commission shall approve each subdivision plat that complies with the provisions of this chapter and other applicable laws and requirements.

(c) The approval of any subdivision plat that is encompassed by a general plan approved by the commission shall reflect a determination that the subdivision plat is consistent with that general plan.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-72. Commission consideration and action—Class I plat.

(a) The commission shall consider and act on each class I plat for which a variance or special exception is requested as provided in this subsection. Upon consideration of a class I plat for which a variance to or special exception from the requirements of article III of this chapter is requested, the commission shall:

(1) Approve the class I plat, with or without conditions, if the commission finds that it meets the applicable requirements of this chapter and other applicable law;

(2) Grant one or more requested variances or special exceptions in whole or in part, with or without conditions, upon satisfaction of the requirements of section 42-81 or section 42-82 of this Code, as applicable, and approve the class I plat with the variance or special exception so granted;

(3) Deny any requested variance or special exception, if the commission is unable to make the findings necessary for granting a variance or a special exception pursuant to sections 42-81 or 42-82 of this Code and approve the class I plat without the variance or special exception so denied;

(4) Defer action until the next regular meeting, but not to exceed 30 days from the filing date; or

(5) Disapprove the class I plat upon finding that it fails to comply with all the applicable requirements of this chapter or other applicable law.

(b) The commission shall consider and act on each class I plat referred to it by the director, as provided in this subsection. Upon consideration of a class I plat referred to it by the director, the commission shall:

(1) Approve the class I plat upon finding that it complies with the applicable requirements of this chapter and other applicable law;

(2) Disapprove the class I plat upon finding that it fails to comply with the applicable requirements of this chapter or other applicable law; or

(3) Defer action until the next regular meeting, but not to exceed 30 days from the filing date.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-73. Commission consideration and action—Class II plat.

The commission shall consider and act on each class II plat as provided in this section. Upon consideration of a class II plat, the commission shall:

(1) Grant final approval of the class II plat, with or without conditions, if the commission finds that it meets the requirements of this chapter and other applicable law;

(2) Grant one or more requested variances or special exceptions in whole or in part, with or without conditions, upon satisfaction of the requirements of section 42-81 or section 42-82 of this Code, as applicable, and approve the class II plat with the variance or special exception so granted;

(3) Deny any requested variance or special exception, if the commission is unable to make the findings necessary for granting a variance or a special exception pursuant to sections 42-81 or 42-82 of this Code and approve the class II plat without the variance or special exception so denied;

(4) Defer action until the next regular meeting, but not to exceed 30 days from the filing date; or

(5) Disapprove the class II plat upon finding that it fails to comply with all the applicable requirements of this chapter or other applicable law.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-74. Commission consideration and action—Class III plat.

(a) The commission shall consider and act on each preliminary class III plat and each final class III plat as provided in this section.

(b) Upon consideration of a preliminary class III plat, the commission shall:

(1) Grant approval of the preliminary class III plat, with or without conditions, upon finding that it meets all the applicable requirements of this chapter and other applicable law;

(2) Approve one or more requested variances or special exceptions, in whole or in part, with or without conditions, pursuant to section 42-81 or section 42-82 of this Code, as applicable, and approve the preliminary class III plat with the variance or special exception so granted;

(3) Deny any requested variance or special exception, if the commission is unable to make the findings necessary for granting a variance or a special exception pursuant to sections 42-81 or 42-82 of this Code and approve the preliminary class III plat without the variance or special exception so denied;

(4) Defer action until the next regular meeting, but not to exceed 30 days from the filing date; or

(5) Disapprove the preliminary class III plat upon finding that it fails to comply with all the applicable requirements of this chapter or other applicable law.

(c) Upon consideration of a final class III plat, the commission shall:

(1) Grant final approval, with or without conditions, if the final class III plat complies with all the applicable requirements of this chapter and other applicable law and with the conditions of preliminary approval;

(2) Defer final action until the next regular meeting, but not to exceed 30 days from the filing date; or

(3) Disapprove the final class III plat upon finding that it fails to comply with the applicable requirements of this chapter or other applicable law or with any conditions of approval of the preliminary plat.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-75. Commission consideration and action—Development plat.

(a) The commission shall consider and act on each development plat for which a variance or special exception is requested as provided in this

subsection. Upon consideration of a development plat for which a variance or special exception is requested, the commission shall:

(1) Approve the development plat, with or without conditions, if the commission finds that it meets the applicable requirements of this chapter and other applicable law;

(2) Grant one or more requested variances or special exceptions in whole or in part, with or without conditions, pursuant to section 42-81 or section 42-82 of this Code, as applicable, and approve the development plat with the variance or special exception so granted;

(3) Deny any requested variance or special exception, if the commission is unable to make the findings necessary for granting a variance or special exception pursuant to sections 42-81 or 42-82 of this Code and approve the development plat without the variance or special exception so denied;

(4) Defer action until the next regular meeting, but not to exceed 30 days from the date of initial commission consideration; or

(5) Disapprove the development plat if the commission finds that it fails to comply with all the requirements of this chapter or other applicable law.

(b) The commission shall consider and act on each development plat referred to the commission by the director as provided in this subsection. Upon consideration of a development plat referred to it by the director, the commission shall:

(1) Approve the development plat if the commission finds that it complies with the applicable requirements of this chapter and other applicable law;

(2) Disapprove the development plat if the commission finds that it fails to comply with the applicable requirements of this chapter or other applicable law; or

(3) Defer action until the next regular meeting, but not to exceed 30 days from the initial commission consideration.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-76. Commission consideration and action—General plan.

The commission shall consider and act on applications for a general plan as provided in this section. Approval of a general plan by the commission shall be limited to the location and alignment of major thoroughfares, collector streets and any local streets shown on the general plan. Upon consideration of a general plan the commission shall:

(1) Approve the general plan if the commission finds that the general plan complies with the applicable requirements of this chapter with respect to the location of major thoroughfares, collector streets and any local streets shown on the general plan;

(2) Grant one or more requested variances or special exceptions in whole or in part, with or without conditions, pursuant to section 42-81 or section 42-82 of this Code, as applicable, and approve the general plan with the variance or special exception so granted;

(3) Deny any requested variance or special exception, if the commission is unable to make the findings necessary for granting a variance or special exception pursuant to section 42-81 or section 42-82 of this Code, as applicable, and approve the general plan without the variance or special exception so denied; or

(4) Disapprove the general plan if the commission finds that the general plan does not comply with the applicable requirements of this chapter with respect to the location of major thoroughfares, collector streets and any local streets shown on the general plan.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-77. Commission consideration and action—Street dedication plat.

The commission shall consider and act on applications for street dedication plats as provided in this section. Upon consideration of a street dedication plat the commission shall:

(1) Approve the street dedication plat if the commission finds that the street dedication plat is consistent with a previously approved general plan encompassing each street to be dedicated by the street dedication plat; or

(2) Disapprove the street dedication plat if the commission finds that the street dedication plat is not consistent with a previously approved general plan encompassing each street to be dedicated by the street dedication plat.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-78. Director consideration and approvals.

(a) The director shall consider applications for class I plats and development plats as provided in this section. Upon consideration of a class I plat or a development plat the director shall:

(1) Approve the class I plat or the development plat if it complies with the requirements of this chapter; or

(2) Refer the class I plat or the development plat to the commission if the director finds that it does not comply with the requirements of this chapter.

(b) If the director refers a class I plat or a development plat to the commission as provided in this section, the director shall promptly notify the applicant that the class I plat or the development plat has been referred to the commission and will be considered by the commission at the next meeting for which proper notice can be given.

(c) An applicant for a class I plat or development plat that the director refers to the commission pursuant to this section shall be entitled to amend the application for the class I plat or development plat to seek one or more variances or special exceptions. The commission shall consider and act on a class I plat or development plat amended as provided by this subsection pursuant to the standards of sections 42-72(a) or 42-75(a) of this Code, as applicable.

(d) If an applicant does not amend an application for a class I plat or development plat, the director shall refer the application to the commission for consideration at the first commission meeting for which proper notice can be given. The commission shall consider and act on a class I plat or development plat referred as provided by this subsection pursuant to the standards of sections 42-72(b) or 42-75(b) of this Code, as applicable.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-79. Reconsideration of subdivision plat approval conditions.

(a) At the request of the owner of a proposed subdivision, at any time during the period a previous commission approval of a subdivision plat remains valid, but prior to the time that the subdivision plat is filed of record, the commission may reconsider any requirement or condition of approval imposed by it. A request for reconsideration shall:

(1) Be made in writing;

(2) Be submitted to the director in conformance with the provisions of section 42-53 of this Code regarding the submittal of subdivision plats;

(3) State the specific requirement or condition of approval requested to be reconsidered and the reasons for reconsideration; and

(4) Be accompanied by the applicable fee.

(b) Upon consideration of a request for reconsideration, the commission shall reaffirm its previous actions or shall approve the request for reconsideration, with or without conditions, as the commission finds the merits of the situation warrant. The director shall not calendar a request to reconsider the same requirement or condition of approval once the commission has rendered a decision upon a request for reconsidera-

tion unless the applicant presents new information that was not known by the applicant at the time of the original reconsideration.

(c) If the relief requested by the applicant requires a variance or special exception, the applicant shall submit a compete amended application for the subdivision plat that contains all of the information required by section 42-47 or 42-48 of this Code, as applicable, and the commission shall make the findings necessary for the granting of a variance or special exception, as applicable, in considering the request for reconsideration.

(d) Each request for reconsideration shall be subject to all public hearing and notification requirements that applied to the subdivision plat for which the request for reconsideration is made or that apply to the request for reconsideration. The applicant shall be responsible for providing current information pursuant to section 42-49 of this Code.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-80. Expiration of subdivision plat and development plat approval; extension of approval.

(a) Approval of a preliminary or final class III plat or a class II plat shall be valid for a period of 12 months from the date on which the commission approved the preliminary or final subdivision plat. The commission shall extend the period of validity of an unrecorded class II plat or class III plat for not more than 12 months from the original expiration date upon the written request of the owner of the land subject to the subdivision plat.

(b) Approval of a class I plat shall be valid for a period of 12 months from the date on which the director or commission, as applicable, approved the class I plat. The director shall extend the period of validity of an unrecorded class I plat approved by the director or the commission for not more than 12 months from the original expiration date upon the written request of the owner of the land subject to the class I plat.

(c) Approval of a development plat shall be valid until the completion of the project for which the development plat was approved.

(d) An applicant shall submit a request for extension of approval of a class II plat or a class III plat to the department pursuant to the subdivision plat submittal requirements of section 42-53(a) of this Code to allow the request for extension of time to be considered and acted upon before the expiration date of the subdivision plat. An applicant shall submit a request for extension of approval of a class I plat to the department not later the tenth day before the expiration date of the class 1 plat to allow the request for the extension of time to be considered and acted upon before the expiration date of the class I plat. Neither the commission nor the director shall consider any request for extension of approval after the original expiration date of a subdivision plat.

(e) When a subdivision plat approval expires, the applicant must submit a new subdivision plat and pay all applicable fees.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2015-639, § 15, 6-24-2015, eff. 7-24-2015)

Sec. 42-81. Variances.

(a) The commission is authorized to consider and grant variances from the requirements of this chapter by majority vote of those members present and voting, except as required by subsection (d), for any subdivision plat or development plat when the commission finds that each of the following conditions exist, except for variance requests submitted under subsection (e):

(1) Either:

a. The imposition of the terms, rules, conditions, policies and standards of this chapter would create an undue hardship by depriving the applicant of the reasonable use of the land; or

b. Strict application of the requirements of this chapter would make a project infeasible due to the existence of unusual physical characteristics that affect the property in question,

or would create an impractical development or one otherwise contrary to sound public policy;

(2) The circumstances supporting the granting of the variance are not the result of a hardship created or imposed by the applicant;

(3) The intent and general purposes of this chapter will be preserved and maintained;

(4) The granting of the variance will not be injurious to the public health, safety or welfare; and

(5) Economic hardship is not the sole justification for the variance.

In granting a variance, the commission is authorized to impose any condition on the subdivision plat or the development plat for which the variance is requested that the commission determines is reasonably related to the variance requested and that furthers the intent and purpose of this chapter. The findings of the commission, together with the specific facts upon which such findings are based, shall be incorporated into the official minutes of the commission meeting at which a variance was granted. The commission shall not consider or grant a variance from the performance standards or definitions of this chapter or from any provision of state law.

(b) Any variance granted under the provisions of this chapter shall apply only to the specific property for which the commission approved the variance, and shall not constitute a change of this chapter, or any part hereof, or establish any policy, rule or regulation contrary to the provisions of this chapter.

(c) The commission shall not grant or deny any request for a variance on which a public hearing is required by the applicable provisions of section 42-49 of this Code until after the hearing has been conducted.

(d) Approval of a variance requested for a replat pursuant to section 42-49 of this Code that is subject to the protest provisions of section 42-84 of this Code shall be by the affirmative vote of three-fourths (¾) of the commission members present, or such other number as may be established by state law.

(e) The commission shall grant a variance to an owner of a lot that is subject to a special minimum building line requirement or a special minimum lot size requirement established under the provisions of article III of this chapter upon determining that the owner has established a vested right to the building line or lot size otherwise applicable under article III of this chapter. The commission shall determine that the owner has established a vested right upon the owner's demonstration that:

(1) The owner, in good faith and in material reliance on the building line or lot size otherwise applicable under article III of this chapter, expended a substantial sum of money prior to the effective date of the establishment of the special minimum building line requirement or special minimum lot size requirement for the lot that cannot be recovered; or

(2) That the applicant, in good faith and in material reliance on building line or lot size otherwise applicable under article III of this chapter, has irreversibly changed position prior to the effective date of the establishment of a special minimum building line requirement or special minimum lot size requirement for the lot that will require the expenditure of substantial sums of money in the future.

It shall be a rebuttable presumption that the existence of a contract to purchase, or option contract on, property subject to a special minimum building line requirement or special minimum lot size requirement does not constitute the expenditure of a substantial sum of money.

(f) Each application for a general plan, subdivision plat or development plat for property all or part of which is located within the city that requests or requires a variance from the provisions of this chapter shall require notification in

compliance with section 42-83 of this Code unless one or more of the following conditions is applicable:

(1) The application is for a general plan that does not request or require a variance from section 42-135 of this Code;

(2) The only variance requested or required is from the requirements of section 42-132 of this Code;

(3) The only variance requested or required is from the provisions of section 42-131 of this Code for a cul-de-sac that intersects with a street that does not form any part of the boundary of the subdivision plat; or

(4) The only variance requested or required is from a building line requirement of division 3 of article III of this Code for property adjacent to a street that does not form any part of the boundary of the plat adjacent to platted or developed property.

(g) The variance provisions of this section shall not apply to the requirements of article IV of this chapter.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2015-639, § 16, 6-24-2015, eff. 7-24-2015; Ord. No. 2020-684, § 2(Exh. A), 8-5-2020; Ord. No. 2022-391, §§ 8, 9, 5-18-2022)

Sec. 42-82. Special exceptions.

(a) The commission is authorized to consider and grant special exceptions to the provisions of article III of this chapter other than those specified in subsection (e), by majority vote of those members present and voting, except as required by subsection (d), when the commission finds that each of the following conditions exist:

(1) Special circumstances exist that are unique to the land or the proposed subdivision or development and that are not generally applicable to all other land, subdivisions or developments in the city or its extraterritorial jurisdiction that justify modification of the standards that otherwise would apply;

(2) The proposed special exception will achieve a result contemplated by the standards in article III of this chapter;

(3) The modification of the standard requested is not disproportionate to the requirement of the standard, provided however that the commission shall not be authorized to grant a special exception if the modification of the standard is 33 percent or greater. A modification of a measurable standard by 10 percent or less shall be presumed to be not disproportionate;

(4) The intent and general purposes of this chapter will be preserved and maintained; and

(5) The granting of the special exception will not be injurious to the public health, safety or welfare.

If a provision of article III of this chapter requires more specific findings with respect to the consideration and granting of a special exception, the more specific findings shall control. In granting a special exception, the commission is authorized to impose any condition on the subdivision plat or the development plat for which the special exception is requested that the commission determines is reasonably related to the special exception requested and that furthers the intent and purpose of this chapter. The findings of the commission, together with the specific facts upon which such findings are based, shall be incorporated into the official minutes of the commission meeting at which a special exception was granted.

(b) Any special exception granted under the provisions of this chapter shall apply only to the specific property for which the commission approved the special exception and shall not constitute a change of this chapter, or any part hereof, or establish any policy, rule or regulation contrary to the provisions of this chapter.

(c) The commission shall not grant or deny any request for a special exception on which a public hearing is required under section 42-49 of this Code until after the hearing has been conducted.

(d) Approval of a special exception requested for a replat that is subject to the protest provisions of section 42-84 of this Code shall be by the affirmative vote of three-fourths (¾) of the commission members present, or such other number as may be established by state law.

(e) The commission shall not grant a special exception to any of the following:

(1) Lot size requirements;

(2) Compensating open space requirements;

(3) Building line requirements; or

(4) Performance standards of this chapter.

(f) Each application for a general plan, subdivision plat or development plat for property all or part of which is located within the city that requests or requires a special exception from the provisions of this chapter shall require notification in compliance with section 42-83 of this Code unless one or more of the following conditions is applicable:

(1) The only special exception requested or required is from the requirements of section 42-132 of this Code; or

(2) The only special exception requested or required is from the provisions of section 42-131 of this Code for a cul-de-sac that intersects with a street that does not form any part of the boundary of the subdivision plat.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2022-391, § 10, 5-18-2022)

Sec. 42-83. Notification of applications.

(a) The director shall give the notice required by subsections 42-49(e), 42-81(f) and 42-82(f) of this Code by:

(1) Either:

a. Mailing a letter to the owners of all lots or tracts that are within 300 feet of the boundary of the general plan, subdivision plat or development plat a minimum of 20 days before the date of the public hearing or the first meeting at which the commission will first consider the application; or

b. By causing the information to be readily available to the public in an electronic format; and

(2) By letter mailed first class mail, postage paid, or by electronic mail message to the following as soon as reasonably possible before the first meeting at which the commission will consider the application:

a. Each neighborhood association with defined boundaries registered with the department in whose area the general plan, subdivision plat, replat or development plat is located;

b. The office of the council member in whose district the general plan, subdivision plat, replat or development plat is located;

c. All at-large councilmember offices;

d. The Super-Neighborhood Alliance;

e. All management districts and tax increment reinvestment zones in which the general plan, subdivision plat, replat or development is located; and

f. The super-neighborhood in which the general plan, subdivision plat, replat, or development plat is located.

(b) The applicant shall give the notice required by subsections 42-49(d), 42-81(f) and 42-82(f) of this Code by posting at least one sign on the property that is the subject of the general plan, subdivision plat, replat or development plat a minimum of 20 days before the date of the meeting at which the commission will first consider the application. A sign shall face each public street or private roadway bordering the site, provided, however, that if more than four signs would be required to be posted, the applicant may request the director to approve an alternative number and location of signs. The director may approve an alternative to the number and location of signs required by this subsection in excess of four upon determining that the alternative will provide maximum visibility and obtain

the objectives of this section without unduly burdening the applicant. Each sign shall be a minimum of four by eight feet in size and shall be posted no more than 15 feet from the public street or private roadway. The lettering on the sign shall be legible from the public street or private roadway. The applicant shall use reasonable efforts to maintain each required sign on the site until the close of the meeting at which the commission acts on the application.

(c) Required signs shall provide the following information:

(1) The application address or name and number of the general plan, subdivision plat, replat, or previous plat when applicable and a summary of the variance or special exception being requested, if any;

(2) The date, time, and place of the meeting at which the commission will next consider the application, updated to reflect any changes in the date, time, and place of the meeting, including if the applicant's plat is deferred by the commission, or if the public hearing is postponed for any reason. If the application is deferred or the hearing date is otherwise postponed, the applicant shall amend all signs to reflect the correct date and information for the new hearing date, and shall provide proof of such change to staff;

(3) The proposed land uses of the property, if known;

(4) A telephone number of the applicant to call for additional information; and

(5) A department telephone number to call for additional information.

(d) The applicant shall remove the signs within 60 days after the application being acted upon by the commission, withdrawn by the applicant, or otherwise deemed inactive by the director.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2022-391, § 11, 5-18-2022)

Sec. 42-84. Replats requiring notification with a variance/special exception—Protest procedure, required vote.

(a) If the proposed replat pursuant to section 42-49 of this Code requires a variance or special exception and is protested in accordance with this subsection, the proposed replat must receive, in order to be approved, the affirmative vote of at least three-fourths (¾) of the members present at the commission meeting.

(b) To constitute a legal protest, written instruments signed by the owners of at least 20 percent of the area of the lots or land immediately adjoining the area covered by the proposed replat and extending 200 feet from that area, but within the original subdivision plat limited by the deed or plat restrictions to single family residential use, must be filed with the commission prior to the close of the public hearing.

(c) In computing the percentage of land area under subsection (b), the area of streets and alleys shall be included.

(d) Compliance with this section is not required for approval of a replat or part of a preceding plat if the area to be replatted was designated or reserved for other than single family residential use by notation on the last legally recorded plat or in the legally recorded restrictions applicable to the plat.
(Ord. No. 2022-391, § 12, 5-18-2022)

Secs. 42-85—42-99. Reserved.

ARTICLE III. PLANNING STANDARDS

DIVISION 1. GENERAL

Sec. 42-100. Applicability.

The standards established in this article shall apply to all subdivision plats and development plats required by this chapter. Notwithstanding the foregoing, land use regulations adopted by a tax increment reinvestment zone created by the city pursuant to chapter 311 of the Texas Tax Code, and to which the city has delegated the

authority to adopt land use regulations, shall govern all property in the tax increment reinvestment zone to the extent of a conflict with these requirements.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-101. Conflict with off-street parking requirements.

In the event of a conflict between the provisions of this chapter relating to off-street parking and the provisions of article VIII of chapter 26 this Code, the definitions or regulations of article VIII of chapter 26 of this Code shall apply, provided, however, that requirements to provide off-street parking in this chapter that are not mentioned in article VIII of chapter 26 of this Code shall be considered additional requirements to provide off-street parking. Requirements to provide off-street parking contained in this chapter shall not apply in the central business district as that term is defined in article VIII of chapter 26 of this Code.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Secs. 42-103—42-119. Reserved.

DIVISION 2. STREETS AND SHARED DRIVEWAYS

Subdivision A. Streets

Sec. 42-120. General layout and arrangement of street systems.

(a) The street system proposed within any subdivision plat or general plan shall comply with the design standards of this section and shall provide:

(1) A sufficient number of continuous streets to accommodate the traffic generated by the development of the subdivision;

(2) A system serving properties to be developed for residential purposes that discourages through traffic while maintaining adequate access and traffic movement for convenient circulation within the subdivision and access for fire, police and other emergency services;

(3) Adequate vehicular access to all properties within the subdivision plat boundaries;

(4) Connections to adjacent properties to ensure adequate traffic circulation within the general area; and

(5) The dedication of rights-of-way, including the rights-of-way for major thoroughfares in accordance with the major thoroughfare plan.

(b) One or more alleys may be included within a subdivision plat provided that:

(1) Each alley will be drained in accordance with the design manual; and

(2) The alley shall not provide access to any property outside the subdivision plat boundaries unless the alley was part of an earlier subdivision plat.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-121. Dedication of rights-of-way.

(a) The applicant shall dedicate to the public the right-of-way for any street or alley designated in a subdivision plat as a public right-of-way in accordance with the requirements of this chapter and applicable state law.

(b) When an existing public street with a right-of-way width that does not meet the requirements of section 42-122 of this Code is adjacent to and forms a boundary of a subdivision plat or development plat, the owner of the property within the proposed subdivision or development shall dedicate sufficient additional right-of-way within the proposed subdivision or development adjacent to the existing

right-of-way to provide one-half of the total right-of way width necessary to meet the requirements of section 42-122 of this Code. In the case of a subdivision plat, the dedication shall be made by plat. In the case of a development plat, the dedication shall be made by separate instrument. The commission shall waive the requirement to dedicate right-of-way upon finding that the applicant has made a satisfactory showing that the proposed subdivision or development will not contribute to a significant increase in traffic on the street.

(c) When the commission finds that it is necessary for the proper subdivision of land and it is in the public interest to locate a new public street right-of-way centered on a property line, the commission shall approve the dedication of one-half of the land needed for the right-of-way. Any subdivision plat that provides for a partial street dedication pursuant to this subsection shall include a one-foot reserve along the proposed centerline with appropriate notations restricting access from any right-of-way so dedicated to adjacent property until the required additional adjacent right-of-way is dedicated.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-122. Right-of-way widths.

The minimum right-of-way required for each of the following types of streets or public alleys shall be as follows, subject only to the street width exception areas established pursuant to section 42-123 of this Code:

Major thoroughfares	(1) The lesser of 100 feet or the right-of-way specified by the street hierarchy classification established by the major thoroughfare and freeway plan; or
	(2) 100 feet for streets designated on the major thoroughfare and freeway plan for which a street hierarchy classification is not established
Collector streets designated on the major thoroughfare and freeway plan	The right-of-way width established by the major thoroughfare and freeway plan
Other collector streets	(1) 60 feet; or
	(2) 50 feet if all properties on both sides of the collector street consist of single-family residential lots, that do not have driveway access to the collector street.
Local streets	(1) 50 feet if adjacent to exclusively single-family residential lots, MUR's and other uses that are allowed on a 50 feet right-of-way in accordance with section 42-190; or
	(2) 60 feet if adjacent to any other development
Transit-oriented development street not designated as a major thoroughfare or collector street on the MTFP	60 feet
Walkable places street	The right-of-way width established by the walkable places plan
	The right-of-way width otherwise required by this division for street segments designated on the walkable places plan for which a substitute right-of-way width is not established
Public alleys	20 feet

Type 1 permanent access easement	The width required if the permanent access easement were a public street
Type 2 permanent access easement	28 feet
The right-of-way width of a type 2 permanent access easement is coterminous with the pavement width and the terms are used interchanged. The width shall be measured from edge to edge across the surface of the pavement	

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2020-684, § 2(Exh. A), 8-5-2020; Ord. No. 2023-801, § 3(Exh. A), 9-27-2023, eff. 11-27-2023)

Sec. 42-123. Street width exception areas.

(a) Except as provided in this section, subdivision plats and development plats for subdivisions and developments within a street width exception area shall not be required to dedicate additional right-of-way for an existing public local street that does not meet the standards of the preceding section.

(b) The following are street width exception areas for which additional widening is not required unless the existing right-of-way is less than 50 feet:

(1) The central business district;

(2) The area beginning at the intersection of I.H. 610 (North Loop West) and Yale Street, then south along Yale Street to its intersection with W. 20th Street; thence east along W. 20th Street to its intersection with Oxford Street, thence south along Oxford Street to its intersection with West I.H. 10 Frwy.; thence west along West I.H. 10 Frwy. to its intersection with N. Shepherd Drive; thence north along N. Shepherd Drive to its intersection with the MKT R.R.; thence northwest along the MKT R.R. to its intersection with Washington Avenue; then southeast along Washington Avenue to its intersection with a line projected and extended from E. Memorial Loop Drive; thence westerly, southwesterly and easterly following the curve of E. Memorial Loop Drive to its intersection with Crestwood Street; thence south along Crestwood Street to its intersection with Memorial Drive; thence east along Memorial Drive to its intersection with Westcott Street; thence south along Westcott Street to its intersection with Buffalo Bayou; thence east along Buffalo Bayou to its intersection with Shepherd Drive; thence south along Shepherd Drive to its intersection with San Felipe Street; thence west along San Felipe Street to its intersection with Kirby Drive; thence south along Kirby Drive to its intersection with W. Holcombe Boulevard; thence east along W. Holcombe Boulevard to its intersection with Main Street; thence south along Main Street to its intersection with Hermann Drive; thence east along Hermann Drive to its intersection with Almeda Road; thence south along Almeda Road to its intersection with N. MacGregor Parkway; thence east along N. MacGregor Parkway to its intersection with the H.B. & T.R.R.; thence northeast along the H.B. & T.R.R. to its intersection with Elgin Street; thence east along Elgin Street to its intersection with Dietz Street; thence north along Dietz Street and in a line projected to its intersection with I.H. 45 Frwy.; thence northwest along I.H. 45 Frwy. to its intersection with West I.H. 610 (North Loop West); thence west along West I.H. 610 to the point of beginning; with the exception of the portions of the following streets within this area:

a. Bayland from Studewood to Houston Avenue;

b. Birdsall Street from Maxie to Memorial Drive;

c. Cleburne from San Jacinto to Jackson;

d. W. Clay Street from McDuffie to Taft;
e. Enid Street from IH 610 (North Loop West) to North Main;
f. Fairview Street from Shepherd to Tuam;
g. Feagan Street from Westcott to Waugh;
h. E. 14th Street from Oxford to North Main;
i. Garrot Street from Hawthorne to Milam;
j. Gibbs from W. 23rd Street to Link;
k. Hawthorne from Woodhead to Spur 527;
l. Hazard Street from Peden to Rice;
m. Link Street from Airline to IH 45;
n. Mandell from Fairview to Sunset;
o. McGowen from W. Gray to Scott;
p. Michaux Street from E. 23rd Street to Usener;
q. Patterson Street from IH 10 to Washington;
r. Sampson Street from Leeland to Holman;
s. Stanford Street from Allen Parkway to US 59 South;
t. Taft Street from Allen Parkway to Hawthorne;
u. Tuam Street from Fairview to Sauer;
v. E. 23th Street from Rutland to Gibbes;
w. Usener from Studemont to Sawyer;
x. Watson Street from Pecore to Usener;
y. Woodhead from W. Clay to Bissonet; and
z. The area described in subsection (c) of this section.

(c) The area bounded by western right-of-way line of Heiner Street on the east, the northern right-of-way line of West Gray Street on the south, the western right-of-way line of Genesee Street on the west, and the southern right-of-way line of West Dallas Street on the north, including the right-of-way of Genesee Street, but excluding the right-of-way of Heiner, West Gray and West Dallas Streets, is a street width exception area for which dedication of right-of-way in excess of that described in City Ordinance No. 1999-1344 is not required

(d) The commission is authorized to designate additional areas as street width exception areas as provided in this subsection. An area that has block lengths that are generally 600 feet or less measured centerline to centerline and paved public streets with rights-of-way of not less than 50 feet wide with equivalent levels of vehicular traffic, as determined after a study by the Director of Houston Public Works, is eligible for designation as a street width exception area. The commission, after a public hearing on the study of the Director of Houston Public Works, shall designate an eligible area as a street width exception area upon finding that the area has an adequate system of streets in place, the number and spacing of which is sufficient to forego requirements of a right-of-way width of greater than 50 feet. In designating a street width exception area, the commission shall exclude any street within the area that it determines does not have an adequate right-of-way.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2018-11, § 49, 1-10-2018; Ord. No. 2022-391, § 13, 5-18-2022)

Sec. 42-124. Right-of-way transition.

Where a transition from one right-of-way width for any type of street to a different right-of-way width is proposed, the transition shall conform to the geometric design guidelines of the design manual or to other geometric design guidelines that are approved by the Director of Houston Public Works if in his professional opinion the proposed transition is warranted by the circumstances and achieves the intent and purpose of this section.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 42-125. Location and alignment of major thoroughfares.

(a) The location and alignment of a major thoroughfare shall conform to the major thoroughfare and freeway plan. The commission shall not approve a change in the location or alignment of any major thoroughfare unless the city council first adopts a major thoroughfare and freeway plan incorporating the change. For purposes of this section, an alignment shown on a subdivision plat that occurs completely within the boundaries of the proposed subdivision, that does not change any intersecting points and that does not affect properties outside the proposed subdivision that were shown as adjacent to the major thoroughfare on the major thoroughfare and freeway plan shall not be considered a "change in the location or alignment of a major thoroughfare." Any other proposed location or alignment shall be a "change in the location or alignment of a major thoroughfare."

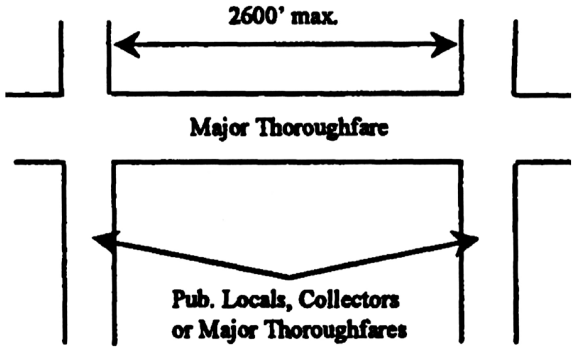
(b) The location and alignment of a collector street designated on the major thoroughfare and freeway plan shall conform to the major thoroughfare and freeway plan. The commission shall not approve a change in the location or alignment of any collector street designated on the major thoroughfare and freeway plan unless the city council first adopts a major thoroughfare and freeway plan incorporating the change.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-126. Intersections.

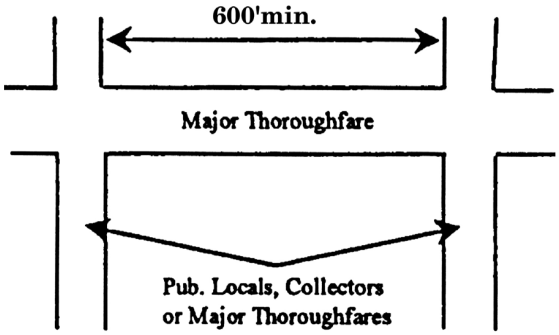
The design of each intersection shall conform to the geometric design guidelines of the design manual and the standards of this article. All intersection distances shall be measured along the centerline from blockface to blockface.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-127. Intersections of major thoroughfares.

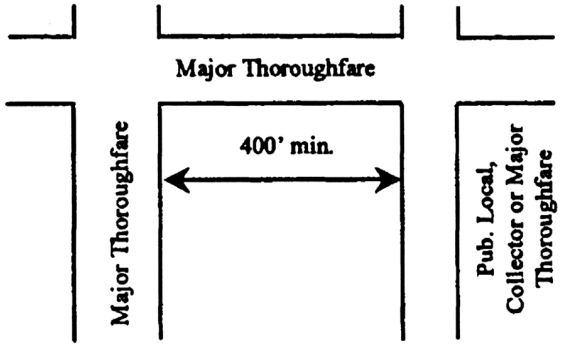
(a) A major thoroughfare shall intersect with a public local street, a collector street or another major thoroughfare at least every 2,600 feet.



(b) Intersections along a major thoroughfare shall be spaced a minimum of 600 feet apart.



(c) An intersection with a major thoroughfare shall not be within 400 feet of the intersection of two major thoroughfares.



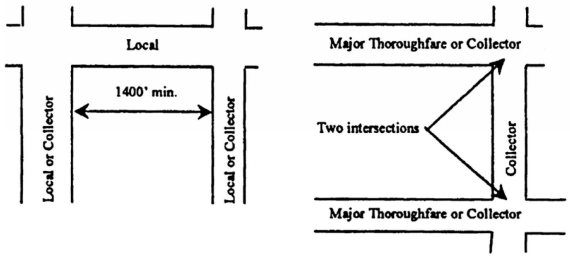
(Ord. No. 2013-343, § 3(Exhs. A, B), 4-24-2013)

Sec. 42-128. Intersections of local streets.

(a) Each class III plat and each general plan that shows local streets shall provide for internal circulation by meeting either of the following requirements:

(1) Each local street shall intersect with a street that meets the requirements of subsection (b) at least every 1,400 feet; or

(2) One or more collector streets within the class III plat or general plan shall connect with another collector street or major thoroughfare at a minimum of two points.



(b) A street that intersects with a local street will satisfy the intersection length requirement of item (a)(1) of this section if the street:

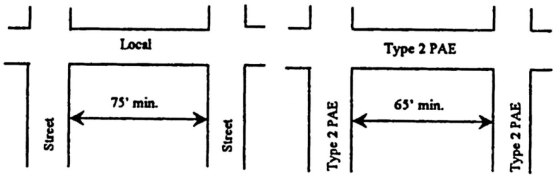
(1) Is a public street that intersects with two different public streets; and

(2) Is not a permanent access easement.

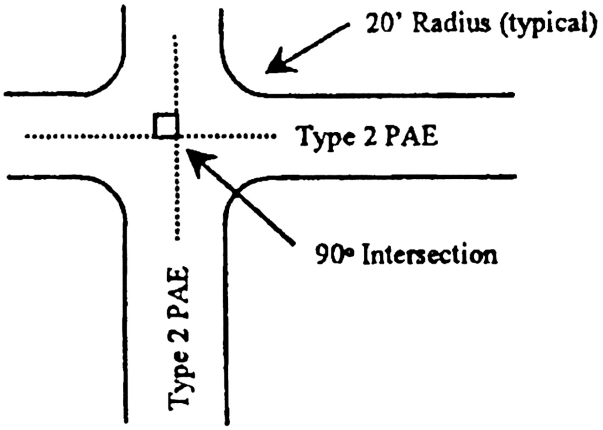
(c) Intersections along local streets shall be spaced a minimum of 75 feet apart.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-129. Intersections of type 2 permanent access easements.

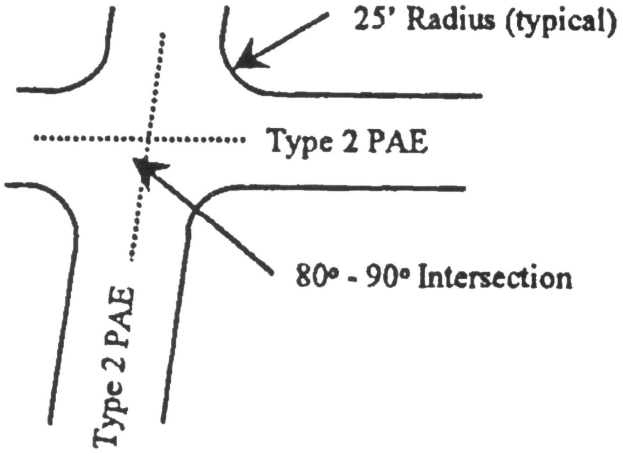
(a) Intersections along type 2 permanent access easements shall be spaced a minimum of 65 feet apart and shall not intersect at less than an 80 degree angle.



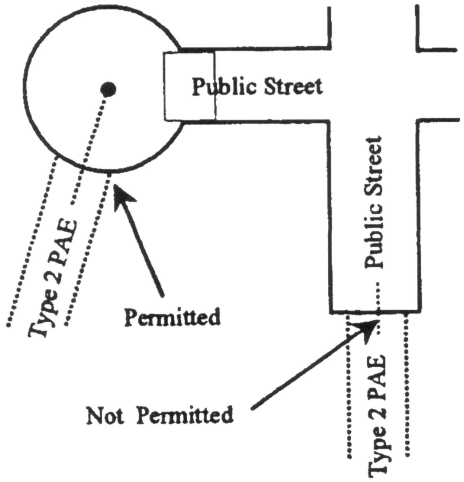
(b) When a type 2 permanent access easement intersects with another type 2 permanent access easement at a 90-degree angle, the type 2 permanent access easement shall provide a 20-foot radius at the intersection.



(c) When a type 2 permanent access easement intersects with another type 2 permanent access easement at an angle of between 80 and 90 degrees each acute angle shall have a 25-foot radius at the intersection.



(d) A type 2 permanent access easement may not be a direct straight-line extension of a public street.



(Ord. No. 2013-343, § 3(Exhs. A, B), 4-24-2013; Ord. No. 2015-639, § 17, 6-24-2015, eff. 7-24-2015)

Sec. 42-130. Intersection exceptions.

(a) Nothing in the intersection standards established by sections 42-127 through 42-129 of this Code shall require:

(1) The crossing of a single existing pipeline by a street more than every 2,000 feet;

(2) The crossing of multiple existing pipelines by a street more than once every ½ mile;

(3) The crossing of an existing railroad track (other than an industrial lead) or an existing major creek or bayou in a drainage easement having a width of 300 feet or more by any street other than a major thoroughfare;

(4) The crossing of a drainage channel required by a governmental entity with flood control jurisdiction to be located in a recorded drainage easement having a required width of 220 feet or more by a street more than every ½ mile;

(5) The crossing of an drainage channel required by a governmental entity with flood control jurisdiction to be located in a recorded drainage easement having a required width of less than 220 feet and more than 100 feet by a street more than every 2,000 feet;

(6) The crossing of a stormwater detention facility required by a governmental entity with flood control jurisdiction by a street more than once every 2,000 feet;

(7) The crossing by any street other than a major thoroughfare of any portion of Addicks Reservoir, Barker Reservoir, Sheldon Reservoir, the Houston Ship Channel or Lake Houston that is wider than 100 feet; or

(8) The crossing of any portion of a golf course by a local street more than once every 2,800 feet, provided that the golf course provides 60 feet of frontage at the location where each street intersection would otherwise occur.

(b) Nothing in the intersection requirements established by sections 42-127 through 42-129 of this Code shall require the creation of a street that stubs into:

(1) Publicly owned airport property;

(2) Property owned or leased by the United States for use by the National Aeronautics and Space Administration for the Johnson Space Center;

(3) Any grade-separated freeway that does not have a frontage road;

(4) Property owned in fee by an electric utility and used or intended for use for electric transmission facilities; or

(5) Any portion of Addicks Resevoir, Barker Resevoir, Sheldon Resevoir, the Houston Ship Channel or Lake Houston that is wider than 100 feet.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-131. Culs-de-sac.

(a) A cul-de-sac shall not serve a single-family residential development that will generate more than 350 vehicle trips a day at the intersection of the cul-de-sac with a through street. A cul-de-sac that exclusively serves a single-family residential development and that has a length of not more than 350 feet from the centerline of its intersection with the nearest street shall have a paving width of at least 24 feet and shall not be used to

serve single-family residential development that will generate more than 350 vehicle trips a day at the intersection of the cul-de-sac with a through street. For purposes of the foregoing requirements, each dwelling unit type shall be deemed to generate the following trips per day:

Detached units	10 trips per unit
Attached units	8 trips per unit

(b) A cul-de-sac shall comply with the applicable terminus design as specified in the design manual.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-132. Curves.

(a) Curves for the right-of-way of a major thoroughfare shall have a centerline radius of at least 2,000 feet. Reverse curves shall be separated by a tangent distance of not less than 100 feet.

(b) Reverse curves with a tangent distance of 100 feet or less along collector streets and local streets shall have a centerline radius of at least 300 feet. Reverse curves shall be separated by a tangent distance of not less than 50 feet.

(c) Curves along a type 2 permanent access easement or a private street may have any centerline radius except that the centerline radius of a reverse curve shall not be less than 65 feet. Reverse curves shall be separated by a tangent of not less than 25 feet.

(d) At the request of an applicant, the commission shall approve a lesser curve radius upon certification by the Director of Houston Public Works that the lesser radius meets nationally accepted standards set forth in either the "Guidelines for Urban Major Streets Design" of the Institute of Transportation Engineers or "A Policy on Geometric Design of Highways and Streets" of the American Association of State Highway and Transportation Officials.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2015-639, § 18, 6-24-2015, eff. 7-24-2015; Ord. No. 2018-11, § 49, 1-10-2018)

Sec. 42-133. Street names.

All public streets, permanent access easements and private streets contained in any subdivision plat approved by the commission shall be named in conformance with the requirements of section 41-22 of this Code.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2014-364, § 14, 4-30-2014)

Sec. 42-134. Street extension.

(a) A public street that terminates at the boundary of a plat previously approved by the commission without means of a vehicular turnaround shall be extended into the adjacent property at the time the adjacent property is platted unless:

(1) The existing stub street is a local street and is not designated as a collector or major thoroughfare on the major thoroughfare and freeway plan;

(2) The existing stub street is not shown as a through street on a current general plan approved by the commission for the subdivision in which the existing street is located or the subdivision that is the subject of the application;

(3) The existing stub street is only one lot in depth;

(4) The proposed subdivision will not extend residential development; and

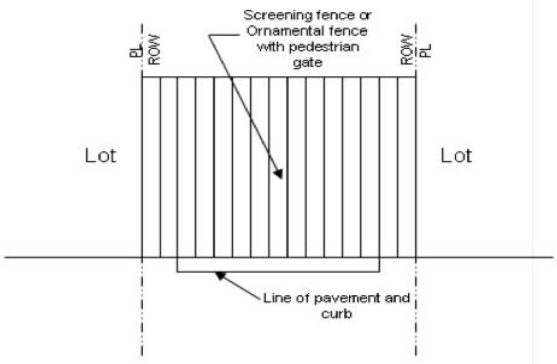
(5) The extension of the street is not required to meet the intersection spacing requirements of this chapter.

If each of these criteria is met, the stub street is not required to be extended.

(b) The owner of the property adjacent to the end of a stub street that is not extended pursuant to subsection (a) of this section shall:

(1) Construct a pedestrian gate and ornamental screening fence with a minimum height of six feet along the entire right-of-way line when the adjacent property is a public park, a detention reserve, a flood control easement or fee strip, or other platted open space that pedestrian access to and from may be appropriate; or

(2) Construct a wood, concrete or masonry opaque screening fence with a minimum height of six feet that extends the width of the right-of-way of the stub street if the adjacent property does not meet the criteria of item (1) of this subsection (b).



Elevation at End of Right-of-way

(c) Each application for a plat for property located wholly or partially within the city shall indicate whether any existing stub street will be extended into the proposed subdivision. The director shall notify each district city council member of each proposed plat within the council member's district that proposes to extend a stub street. The director shall give the notice as soon as practicable prior to commission consideration of the plat.

(Ord. No. 2013-343, § 3(Exhs. A, B), 4-24-2013; Ord. No. 2015-639, § 19, 6-24-2015, eff. 7-24-2015)

Note—Formerly § 42-135.

Secs. 42-135—42-144. Reserved

Subdivision B. Shared Driveways

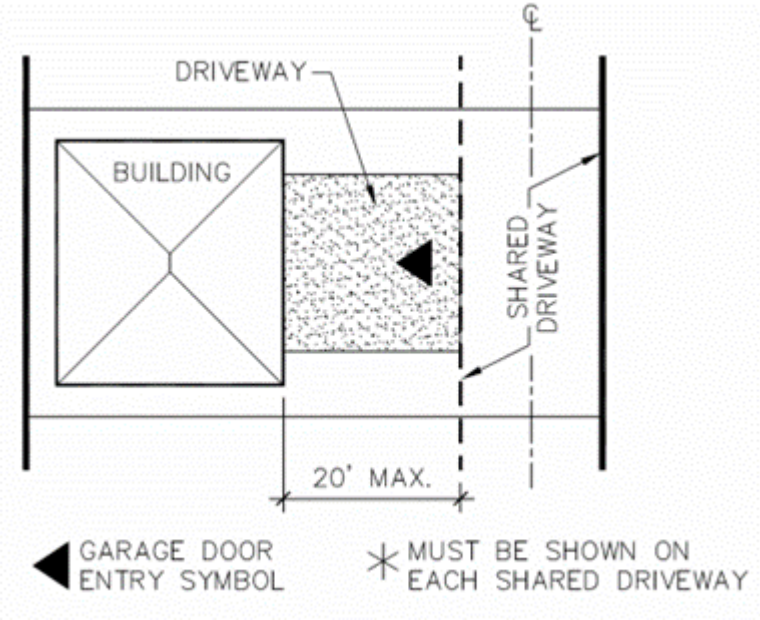
Sec. 42-145. General layout and arrangement for all shared driveways.

(a) A subdivision plat within the city may provide for a lot that takes access from a shared driveway within the same subdivision plat as the lot in accordance with the following requirements:

(1) A shared driveway shall have a minimum width of 18 feet except as provided in section 42-146 of this Code;

(2) No part of a shared driveway shall be more than 200 feet from a type 1 permanent access easement or a public street that is not an alley and that contains a roadway. The distance shall be measured along the centerline of the shared driveway starting from the intersection with the type 1 permanent access easement or the public street.

(3) A shared driveway may be any length if all lots that take access from the shared driveway have frontage in the amount of the minimum lot width required by section 42-185 of this Code on a type 1 permanent access easement or a public street that is not an alley and that contains a roadway;



(4) The length of a driveway that connects to a shared driveway shall be 20 feet or less as measured from the edge of the shared driveway. The total length of the driveway and the shared driveway, excluding a garage building line, if any, may not exceed 200 feet;

(5) Any parking space in a subdivision containing a shared driveway shall provide sufficient space for turning movements as depicted on the drawings of the space requirements for off street parking referenced in Section 3112.4.5 of the Construction Code;

(6) A shared driveway containing a reverse curve shall have a centerline radius of 65 feet or more. A reverse curve within a shared driveway shall be separated by a tangent of 25 feet or more; and

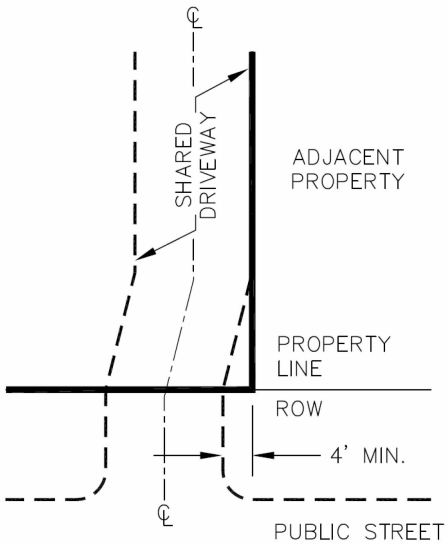
(7) A shared driveway that intersects with a major thoroughfare shall not provide gated vehicular access to the shared driveway unless the gate is set back 25 feet or more from the right-of-way of the major thoroughfare.

(b) A shared driveway shall not intersect with a type 2 permanent access easement, a private alley, or connect to, or be the extension of, a shared driveway created by an adjacent subdivision. A shared driveway shall intersect with at least one type 1 permanent access easement or public street that is not an alley in accordance with the following requirements:

(1) The shared driveway shall intersect with a public street that has a roadway;

(2) The shared driveway shall intersect with a type 1 permanent access easement or a public street at a 90-degree angle except as needed to comply with item (3) of this subsection; and

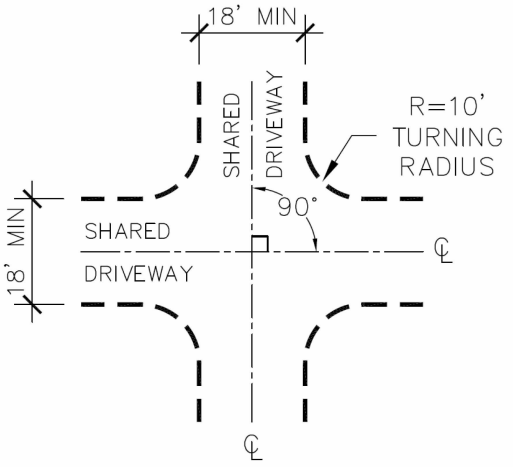
(3) The shared driveway shall be set back at least four feet from the boundary of the subdivision plat measured at the point of intersection with the public street.

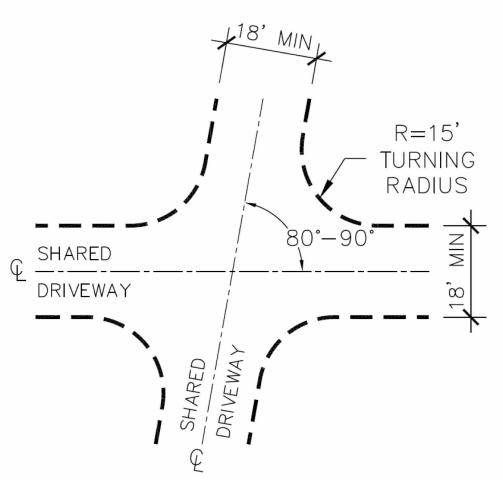


(c) Intersections within a shared driveway shall comply with the following requirements:

(1) Intersections shall be spaced a minimum of 65 feet apart measured from the closest edges of the shared driveway and shall not intersect at less than an 80-degree angle; and

(2) A shared driveway with a width of 18 feet or more shall provide for a 10-foot turning radius at every 90-degree angle in the shared driveway and shall provide for a 15-foot turning radius at every angle less than 90 degrees but equal to or greater than 80 degrees in the shared driveway.

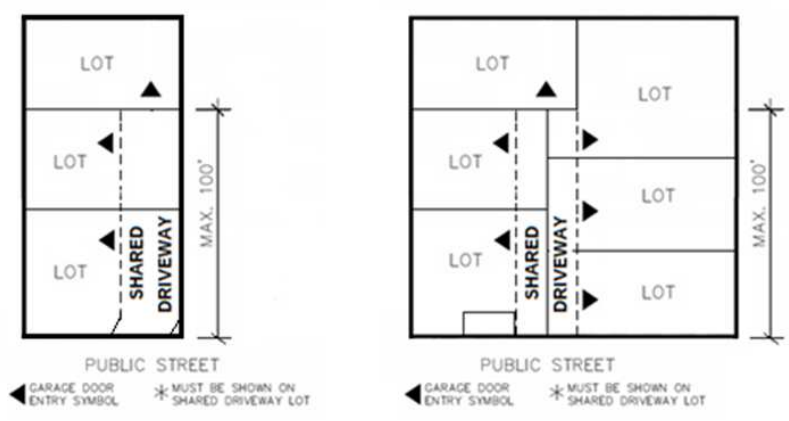




(d) A subdivision plat containing a shared driveway shall provide a three-foot wide emergency access easement along each boundary of the subdivision plat that does not abut a public street. No objects or obstructions shall be placed within the emergency access strip except that a fence may be permitted if it provides for pedestrian gate access for emergency services.

(e) Each garage entry door on each lot within a subdivision plat that takes access from a shared driveway shall be parallel to the length of the shared driveway allowing sufficient room for turnaround. The garage entry door may be perpendicular to the length of the shared driveway when the shared driveway complies with the following performance standards:

(1) No more than six lots take access from the shared driveway and no more than one lot has a garage perpendicular to the length of the shared driveway;



(2) The shared driveway does not intersect a major thoroughfare or collector street; and

(3) The shared driveway is less than or equal to 100 feet in length.

(Ord. No. 2013-343, § 3(Exhs. A, B), 4-24-2013; Ord. No. 2015-639, § 20, 6-24-2015, eff. 7-24-2015; Ord. No. 2021-1037, § 20(Exh. I.46), 12-1-2021, eff. 4-1-2022; Ord. No. 2023-801, § 3(Exh. A), 9-27-2023, eff. 11-27-2023)

Sec. 42-146. Optional performance standards for reduction in shared driveway width.

(a) A shared driveway may have a minimum width of 12 feet if the subdivision complies with all of the following performance standards:

(1) No more than six dwelling units are proposed;

(2) The maximum depth of the proposed subdivision does not exceed 150 feet from a public street where the shared driveway will have access; and

(3) The garage must be set back an adequate distance allowing sufficient room for vehicular turn around.

(b) A shared driveway shall have a minimum width of 16 feet if it complies with one of the following performance standards:

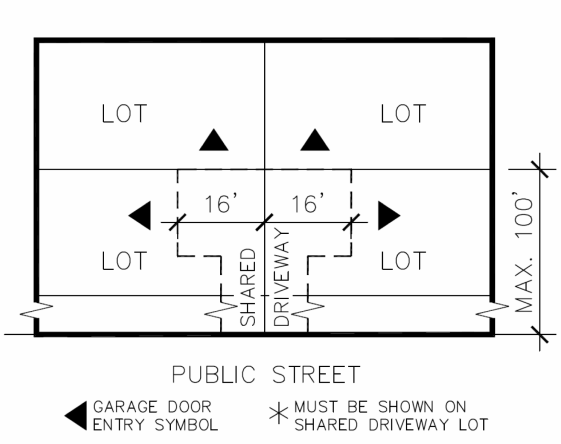
(1) The shared driveway is equal to or less than 100 feet in length and contains no turns except those turns that are part of a "T" turnaround configuration that complies with the following performance standards:

a. The "T" turnaround portion of the shared driveway has a minimum width of 16 feet;

b. The length of each branch of the "T" turnaround extends exactly 16 feet from the centerline of the shared driveway;

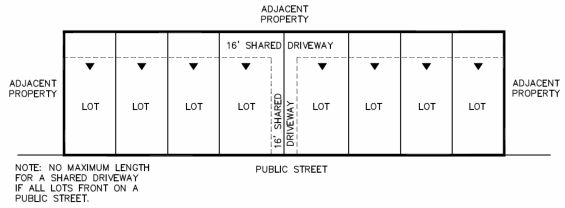
c. Not more than four lots take vehicular access from the "T" turnaround; and

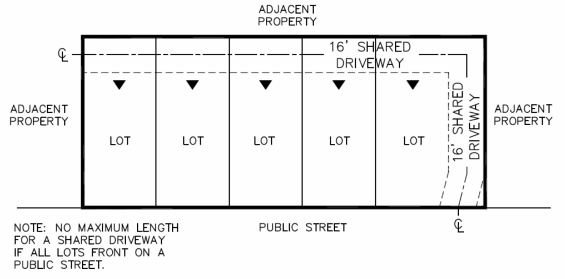
d. Each garage entry door is parallel to the shared driveway except for a garage entry door located within the "T" turnaround; or

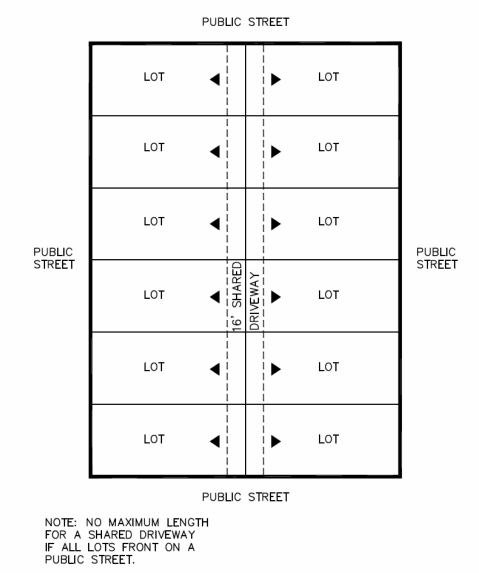


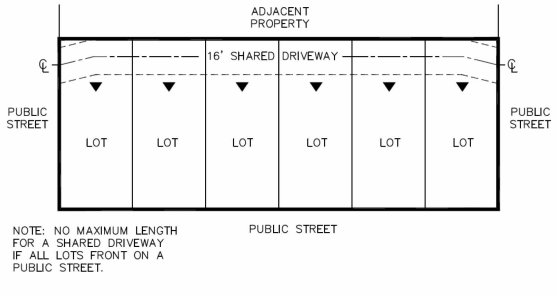
(2) The shared driveway is greater than 100 feet in length and complies with the following performance standards:

a. Each lot within the subdivision plat has frontage along a public street that is not an alley and takes vehicular access only from the shared driveway; or

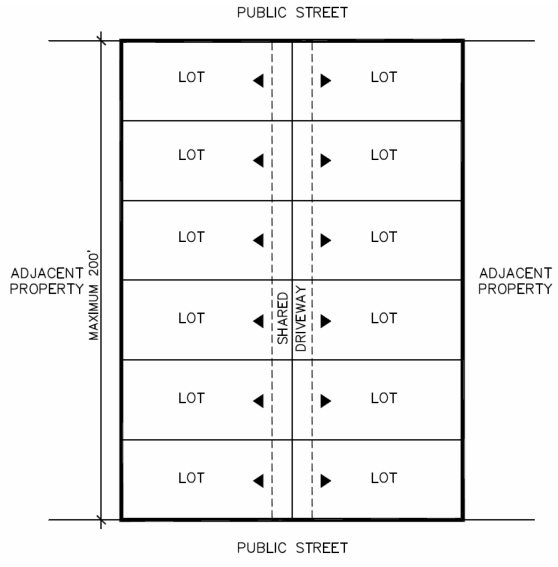








b. The shared driveway connects to two public streets and has no turns or curves.

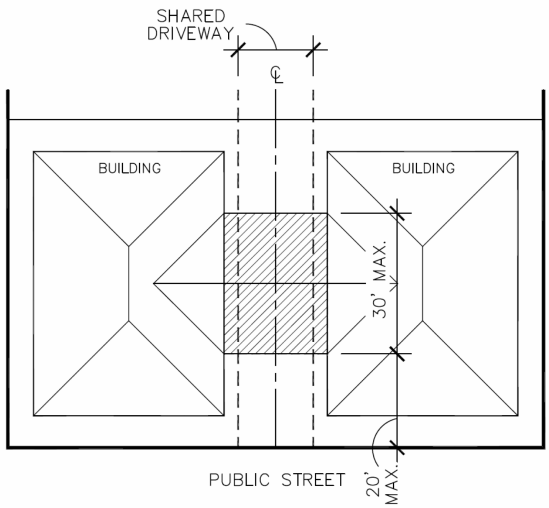


(Ord. No. 2013-343, § 3(Exhs. A, B), 4-24-2013; Ord. No. 2023-801, § 3(Exh. A), 9-27-2023, eff. 11-27-2023)

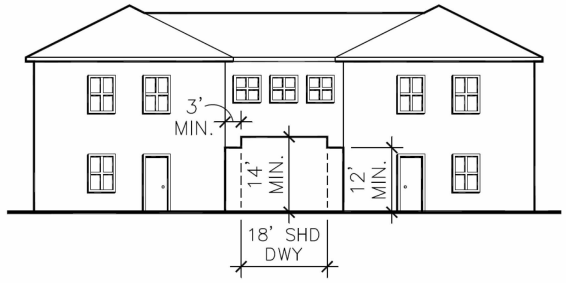
Sec. 42-147. Construction over a shared driveway.

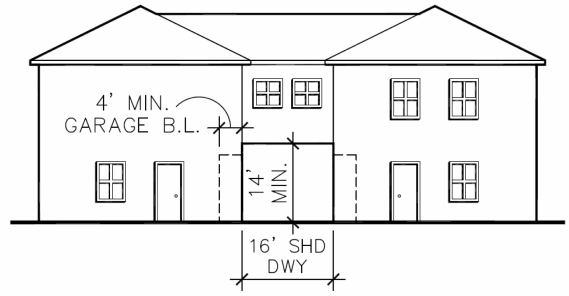
A building or a portion of a building may be constructed over a shared driveway at each intersection of a shared driveway and a public street that is not an alley. A building constructed over a shared driveway shall:

(1) Be set back not more than 20 feet from the intersection of the shared driveway and the public street and be not more than 30 feet in length as measured along the centerline of the shared driveway;



(2) Have an unobstructed overhead clearance of 14 feet or more in height above the shared driveway as measured from the highest point of the paving of the shared driveway under the building to the lowest point of the building above the shared driveway;





(3) Provide for an automatic sprinkler system in accordance with the requirements of Construction Code and the Fire Code; and

(4) Be constructed to a minimum fire resistance of one hour firewall construction standards in accordance with the Construction Code and the Fire Code.

(Ord. No. 2013-343, § 3(Exhs. A, B), 4-24-2013)

Editor's note—Section 5 of Ord. No. 2013-343, adopted April 24, 2013, established certain time limitations affecting the application of the provisions of this Subdivision. The user's attention is directed to Section 5 of Ord. No. 2013-343 to ensure that the effect of such time limitations is fully understood as they may apply to an affected subdivision or redevelopment plat.

Secs. 42-148, 42-149. Reserved.

DIVISION 3. BUILDING LINES

Subdivision A. General Requirements for Building Lines

Sec. 42-150. Building line requirement.

(a) An improvement that requires a building permit shall not be constructed within the building line requirement established by this chapter. Each subdivision plat and development plat shall show all applicable building lines and the following note:

> "Unless otherwise indicated, the building lines [b.l.], whether one or more, shown on this subdivision plat are established to evidence compliance with the applicable provisions of Chapter 42, Code of Ordinances, City of Houston, Texas, in effect at the time this plat was approved, which may be amended from time to time."

(b) The building line requirements established by this chapter are minimum standards. Where deed restrictions provide for a greater building line or setback, the deed restrictions shall control over the provisions of this chapter.

(c) A special minimum building line requirement established pursuant to subdivision B of this division shall control over all other provisions of this chapter relating to building line requirements.

(d) The following chart is a summary of certain building line requirements of this chapter and is intended for illustrative purposes only. In case of any conflict between the chart and the text of this chapter, the text shall control.

Summary of Minimum Building Line Requirements

Type of Street or Private Roadway	*Tract Description*	*Minimum Building Line Requirement*
All Public Streets	Within the central business district	No requirement
Major Thoroughfares	In general	25 feet
	Single-family residential backing on a major thoroughfare	10 feet, if the lot meets the standards of section 42-152(b)
	Not single-family residential and abutting a major thoroughfare with a planned right-of-way width of 80 feet or less	15 feet, if the reserve meets the standards of section 42-153(a)
	Retail commercial center abutting a major thoroughfare with a planned right-of-way width of 80 feet or less	5 feet, if the reserve meets the standards of section 42-154(a)
		zero feet, if the reserve meets the standards of section 42-154(b)
	Single-family residential lots with vehicular access from a flag staff, shared driveway, alley, permanent access easement or courtyard access drive abutting a major thoroughfare with a planned right-of-way width of 80 feet or less	15 feet, if the development meets the standards of section 42-153(b)
	Multi-unit residential use abutting a major thoroughfare with a planned right-of-way width of 80 feet or less.	15 feet, if the multi-unit residential use meets the standards of section 42-237 and 52-153(c)
Primary Streets	All tracts	Zero feet and subject to the standards of section 42-164
Secondary Streets	All tracts	See applicable public street classification
		Zero feet, if the lot or reserve meets the standards of section 42-164
Collector Streets	Not single-family residential and across the street from a single-family residential lot with a platted building line of 10 feet or more	Lesser of 25 feet or the greatest building line on the single-family residential lots
	Single-family residential	25 feet, if the lot meets the standards of section 42-156(a)

Type of Street or Private Roadway	*Tract Description*	*Minimum Building Line Requirement*
		10 feet, if the lot meets the standards of section 42-157(b)
		5 feet, if the lot meets the standards of section 42-157(c)
		zero feet, if the lot meets the standards of section 42-157(d)
	Single-family residential lots within a courtyard style development	5 feet, if the courtyard style development meets the standards of section 42-194
	Multi-unit residential reserves	5 feet, if the multi-unit residential use meets the standards of section 42-237
	All others	10 feet
Local streets	Not single-family residential and across the street from a single-family residential lot with a platted building line of 10 feet or more	Lesser of 25 feet or the greatest platted building line on the single-family residential
	Single-family residential	20 feet, if the lot meets the standards of section 42-156(b)
		10 feet, if the lot meets the standards of section 42-156(b) or section 42-157(b)
		5 feet, if the lot meets the standards of section 42-157(c)
		zero feet, if the lot meets the standards of section 42-157(d)
	Single-family residential lots within courtyard style development	5 feet, if the courtyard style development meets the standards of section 42-194
	Multi-unit residential reserve	5 feet, if the multi-unit residential use meets the standards of section 42-237
	All others	10 feet
Private Streets	All tracts	5 feet for habitable structures
Type 2 Permanent Access Easements	All tracts	5 feet
Shared Driveways	All tracts	3 feet, if the lot meets the standards of section 42-159(a)
		zero feet, if the lot meets the standards of section 42-159(b)

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2015-639, § 21, 6-24-2015, eff. 7-24-2015; Ord. No. 2020-684, § 2(Exh. A), 8-5-2020; Ord. No. 2023-801, § 3(Exh. A), 9-27-2023, eff. 11-27-2023)

Sec. 42-151. Exceptions to building line requirement.

(a) A tract within the central business district shall not be subject to a building line requirement.

(b) For a building line requirement of ten feet or greater established by this article, an encroachment shall be permitted as follows:

(1) An encroachment of up to 30 inches into the building line requirement shall be permitted for eaves, bay windows, balconies, fireplace chimneys, decorative features, and habitable area if:

a. The encroachment is cantilevered into the building line requirement and is not supported by other means;

b. The lowest point of the encroachment is at least nine feet higher than the highest point of the building foundation;

c. The encroachment for habitable living area for each floor does not have an area greater than 50 percent of the total area of the building façade for that floor; and

(2) An encroachment of up to five feet into the building line requirement shall be permitted for open stairways and wheelchair ramps.

(c) For a building line requirement less than ten feet established by this article along a collector or local street, an encroachment of up to 30 inches shall be permitted for eaves, bay windows, balconies, fireplace chimneys, decorative features, and habitable living area if:

(1) The encroachment is cantilevered into the building line requirement and is not supported by other means;

(2) The lowest point of the encroachment is at least nine feet higher than the highest point of the building foundation;

(3) The encroachment for habitable living area for each floor does not have an area greater than 50 percent of the total area of the building façade for that floor; and

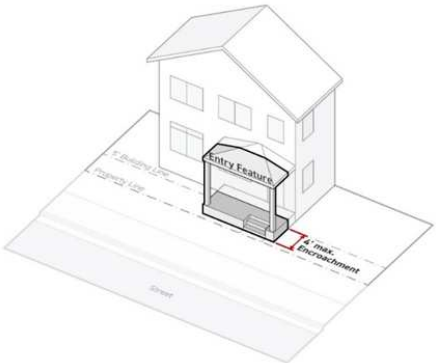
(4) The encroachment is not within ten feet of aboveground utility lines except those individual service lines used to connect the building to the utility lines, as measured horizontally from the point of the encroachment closest to the utility lines.

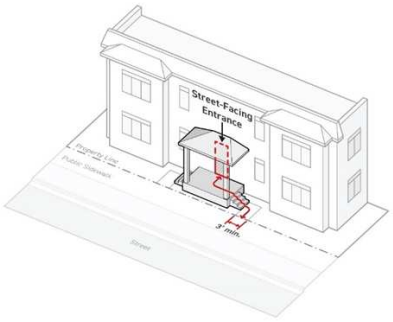
(d) For single family residential lots, lots within courtyard style development in accordance with section 42-194 or MUR tracts in accordance with section 42-237 with a building line requirement of five feet or greater established by this article, an encroachment of the entry feature in accordance with section 42-165 shall be permitted within the building line provided;

(1) The vehicular access is via alley, flag staff, shared driveway, permanent access easement, courtyard access drive or private drive.

(2) The entry feature encroaches no more than 4 feet into the building line on the first floor if there is adequate room for sidewalks and all utilities with no structures above the entry feature and;

(3) The encroachment is not within ten feet of aboveground utility lines except those individual service lines used to connect the building to the utility lines, as measured horizontally from the point of the encroachment closest to the utility lines.





(e) An encroachment of up to 30 inches into the building line requirement along a type 2 permanent access easement established by this article shall be permitted if:

(1) The encroachment is cantilevered into the building line requirement and is not supported by other means; and

(2) The lowest point of the encroachment is at least nine feet higher than the highest point of the building foundation.

(f) Encroachments into the building line requirement along a shared driveway established by this article shall be permitted if:

(1) The encroachment is cantilevered into the building line requirement and is not supported by other means; and

(2) The lowest point of the encroachment is at least 12 feet higher than the highest point of the shared driveway paving.

(g) An encroachment into the building line requirement as provided by this article shall be permitted for any building that has received a certificate of appropriateness issued pursuant to article VII, chapter 33, of this Code, relating to historic preservation, evidencing approval of the encroachment into the building line requirement.

(h) An existing building may encroach into the building line requirement established by this article if:

(1) The existing building was constructed in accordance with the building line requirement that was in effect at the time the building was constructed;

(2) Additional construction on the portion of the existing building that encroaches into the building line requirement does not expand the size, footprint, or any dimension of the encroachment;

(3) The portion of the existing building that encroaches into the building line requirement is not reconstructed in a way that replaces the structural elements of the encroachment; or

(4) A subdivision plat filed with the department after July 24, 2015, that includes a tract containing the existing building depicts the encroachment as a dual building line and contains a plat notation that requires compliance with the terms of this section.

(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2015-639, § 22, 6-24-2015, eff. 7-24-2015; Ord. No. 2023-801, § 3(Exh. A), 9-27-2023, eff. 11-27-2023)

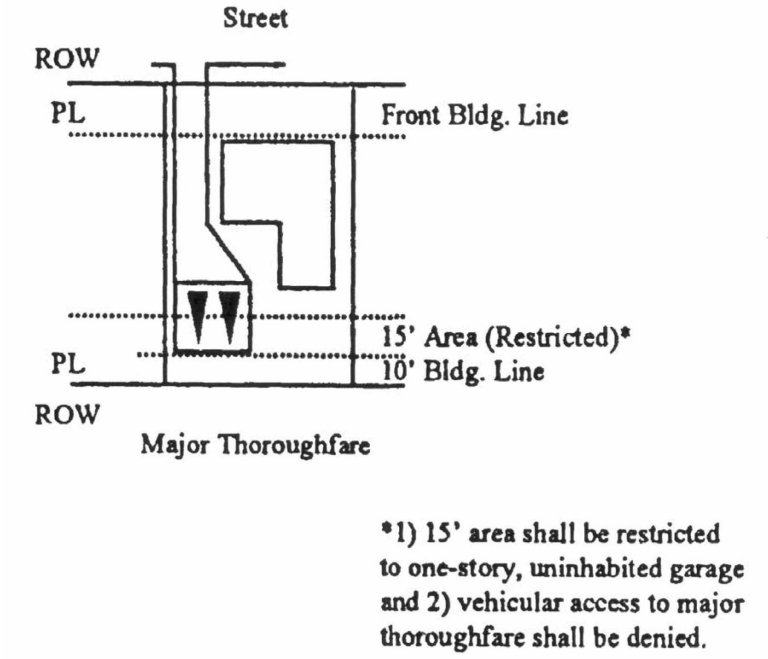
Sec. 42-152. Building line requirement along major thoroughfares.

(a) The portion of a lot or tract that is adjacent to a major thoroughfare shall have a building line requirement of 25 feet unless otherwise authorized by this chapter.

(b) A building line requirement of ten feet is authorized for that portion of a single-family residential lot that backs onto a major thoroughfare, provided that the subdivision plat contains a notation that:

(1) The area 15 feet behind the building line along the major thoroughfare is restricted to use as a one-story, uninhabited garage; and

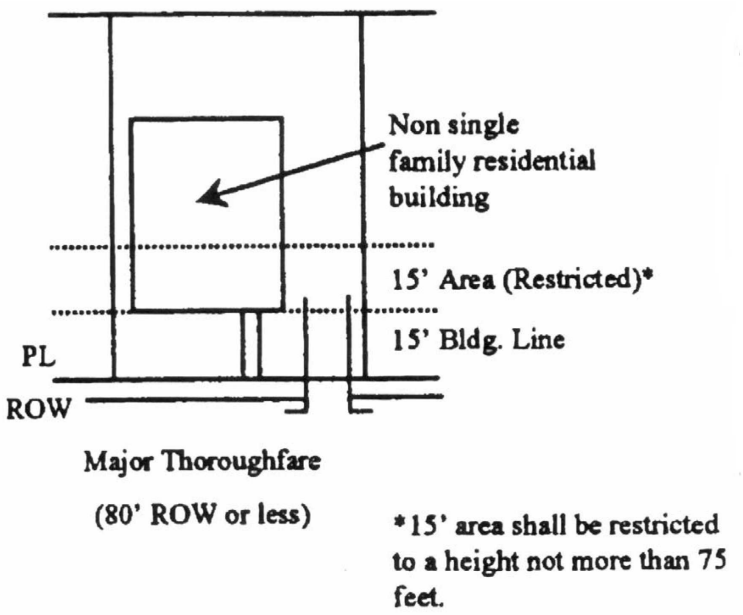
(2) Vehicular access cannot be taken from the major thoroughfare.



(Ord. No. 2013-343, § 3(Exhs. A, B), 4-24-2013)

Sec. 42-153. Optional performance standards for a major thoroughfare within the city with a planned right-of-way of 80 feet or less—in general

Except for along a walkable places street or transit-oriented development street, a building line requirement of 15 feet is authorized for a tract in the city that has frontage on a major thoroughfare with a planned right-of-way of 80 feet or less if the applicant submits a subdivision plat that includes plat notations that require compliance with the following performance standards or a development plat that demonstrates compliance with each of the following performance standards, as applicable:



(a) Uses other than single-family or multi-unit residential, adjacent to a major thoroughfare, may build to a fifteen-foot building line, provided:

(1) Any private street or private drive crossing the building line is substantially perpendicular to the adjacent major thoroughfare and the building line;

(2) The area within the building line is not used for parking, driveways, or any other auto-related uses such as access to a drive-through window;

(3) A clearly defined pedestrian walkway that is separate from any private street or private drive is established providing a connection from the public sidewalk along the major thoroughfare to an entrance to a building or the development;

(4) The sidewalk and safety buffer standards of article XXII of chapter 40 of this Code;

(5) The height of any building within 15 feet behind the building line is restricted to not more than 75 feet, as measured in accordance with the Building Code;

(6) Trees that are within 25 feet of the property line adjacent to the major thoroughfare are protected as corridor trees pursuant to article V of chapter 33 of this Code;

(7) The building line conforms to the visibility triangle required by section 42-161 of this Code at the intersection of a major thoroughfare and any other street;

(8) For any property used for nonresidential purposes, the maximum height of any fence, wall, berm, or combination thereof within the building line is 36 inches in height measured from mean grade;

(9) For multi-family residential uses, any fence, wall, berm, or combination thereof within the building line that is more than 36 inches high, but less than eight feet high, measured from mean grade is at least two feet from the property line adjacent to the major thoroughfare and the space created thereby is used and maintained for landscape plantings; and

(10) For purposes of section 33-127(b) of this Code, the number of required shrubs shall be equal to the number of required street trees multiplied by five, which required shrubs shall be distributed along the street frontage of the property in the landscape strip.

(b) A single-family residential lot that takes vehicular access via an alley, flag staff, shared driveway, permanent access easement or courtyard access drive per section 42-194 may build to a fifteen-foot building line, provided;

(1) The units along the major thoroughfare front the street with an entry feature per section 42-165;

(2) Any flag staff, shared driveway, permanent access easement or courtyard access drive crossing the building line is substantially perpendicular to the adjacent major thoroughfare and the building line;

(3) The area within the building line along the major thoroughfare is not used for parking;

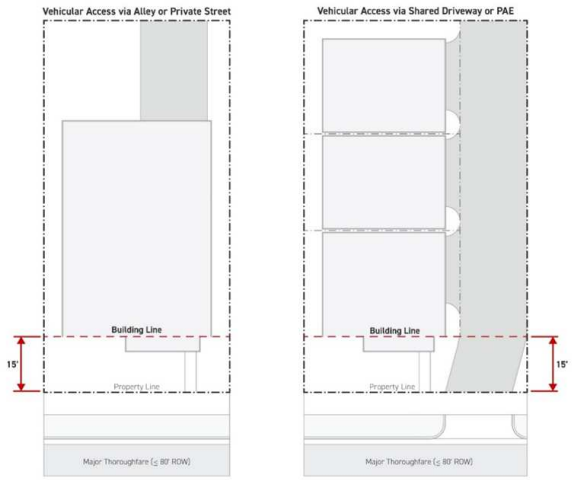
(4) A decorative non-opaque fence may be provided along the major thoroughfare;

(5) All parking is located 20 feet away from the ROW;

(6) A development shall not provide gated vehicular access to the flag staff, shared driveway or permanent access easement unless the gate is set back 25 feet or more from the right-of-way of the major thoroughfare;

(7) A clearly defined pedestrian walkway is established providing a connection from the public sidewalk along the major thoroughfare to an entrance to the development; and

(8) The sidewalk and safety buffer standards of article XXII of chapter 40 are met.



(c) Multi-unit residential tracts developed in accordance with section 42-237, and taking vehicular access from a public street, through an alley, or a private drive, may build to a fifteen-foot building line, provided:

(1) The structures along the major thoroughfare front the street with an entry feature in accordance with section 42-165

(2) Any private drive crossing the building line is substantially perpendicular to the adjacent major thoroughfare and the building line;

(3) The area within the building line along the major thoroughfare is not used for parking or any other auto-related uses;

(4) Parking is located at the rear or on the side of the property;

(5) A clearly defined pedestrian walkway is established providing a connection from the public sidewalk along the major thoroughfare to an entrance to the development;

(6) The sidewalk and safety buffer standards of article XXII of chapter 40 are met; and

(7) Trees that are within 25 feet of the property line adjacent to the major thoroughfare are protected as corridor trees pursuant to article V of chapter 33 of this Code.

(Ord. No. 2013-343, § 3(Exhs. A, B), 4-24-2013; Ord. No. 2020-684, § 2(Exh. A), 8-5-2020; Ord. No. 2023-801, § 3(Exh. A), 9-27-2023, eff. 11-27-2023)

Sec. 42-154. Optional performance standards for a major thoroughfare within the city with a planned right-of-way of 80 feet or less—Retail commercial center.

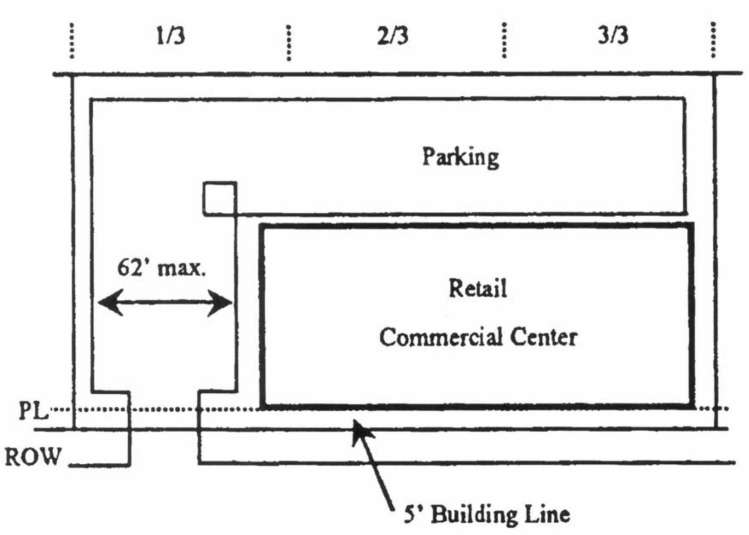
(a) Except for along a walkable places street, transit-oriented development street, or as provided in subsection (c) of this section, a building line requirement of five feet is authorized for a tract in the city used for a retail commercial center with frontage on a major thoroughfare with a planned right-of-way of 80 feet or less if an applicant submits a subdivision plat that includes plat notations that require compliance with the following performance standards or a development plat that demonstrates compliance with each of the following performance standards:

(1) The subdivision plat or development plat incorporates a five-foot area within the building line that the applicant will improve with a sidewalk or landscaping if the sidewalk is provided in the right-of-way;

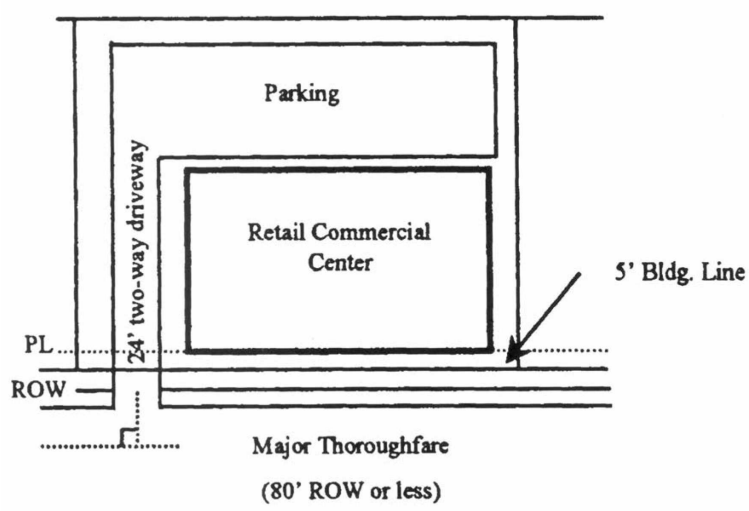
(2) All off-street parking is provided to the rear or side of any improvements on the property;

(3) If any driveway is provided from the major thoroughfare to the side of any improvements on the property, the driveway shall meet one of the following standards:

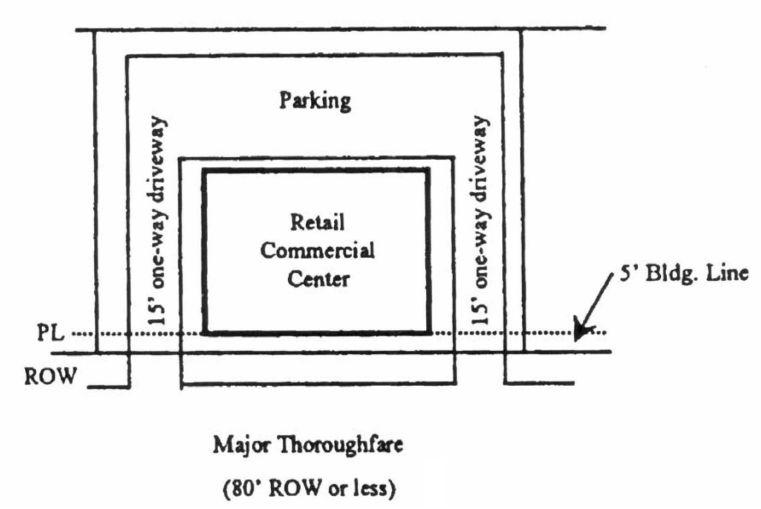
a. Not more than one driveway with two bays of parking comprising a maximum of 62 feet in width is placed to the side of any improvements, provided that the combination of parking and driveway does not exceed ⅓ of the total frontage of the retail commercial center; or



b. Not more than one two-way driveway of not more than 24 feet in width is provided from the major thoroughfare to parking at the rear of the improvements; or



c. Not more than two one-way driveways of 15 feet each is provided from the major thoroughfare to parking at the rear of the improvements;



(4) The sidewalk and safety buffer standards of article XXII of chapter 40 of this Code;

(5) The improvement that will be located along the reduced building line contains 90 percent of the gross floor area of all improvements located on the parcel;

(6) Trees that are within 25 feet of the property line adjacent to the major thoroughfare are protected as corridor trees pursuant to article V of chapter 33 of this Code; and

(7) For purposes of section 33-127(b) of this Code, the number of required shrubs shall be equal to the number of required street trees multiplied by five, which required shrubs shall be distributed along the street frontage of the property in the landscape strip.

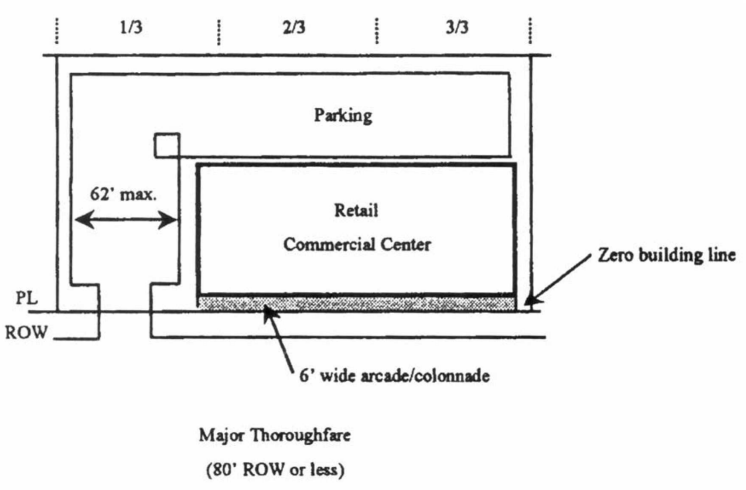
(b) Except for along a walkable places street, transit-oriented development street, or as provided in subsection (c) of this section, a building line requirement of zero feet is authorized for a tract in the city used for a retail commercial center with frontage on a major thoroughfare with a planned right-of-way of 80 feet or less if an applicant submits a subdivision plat that includes plat notations that require compliance with the following performance standards or a development plat that demonstrates compliance with each of the following performance standards:

(1) The subdivision plat or development plat provides for an arcade or colonnade at least six feet wide along the full face of the retail commercial center parallel to the major thoroughfare;

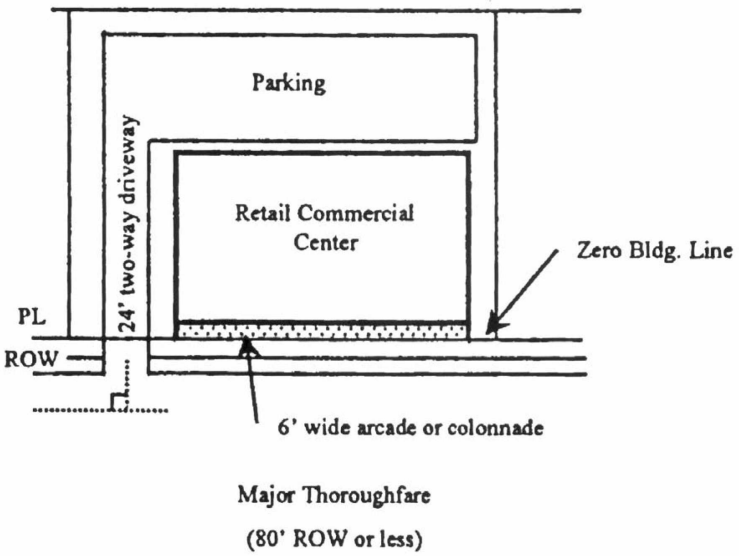
(2) All off-street parking is to the rear or side of any improvements on the property;

(3) Any driveway from the major thoroughfare to the side of any improvements on the property shall meet one of the following standards:

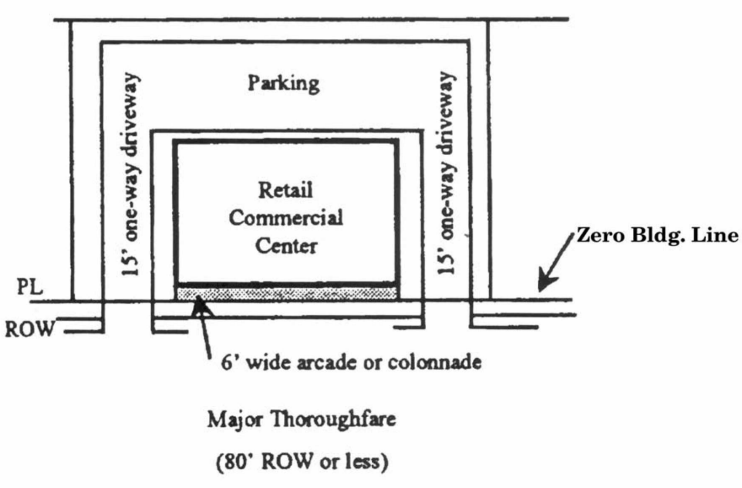
a. Not more than one driveway with two bays of parking comprising a maximum of 62 feet in width is placed to the side of any improvements, provided that the combination of parking and driveway does not exceed ⅓ of the total frontage of the retail commercial center;



b. Not more than one two-way driveway of not more than 24 feet in width is provided from the major thoroughfare to parking at the rear of the improvements; or

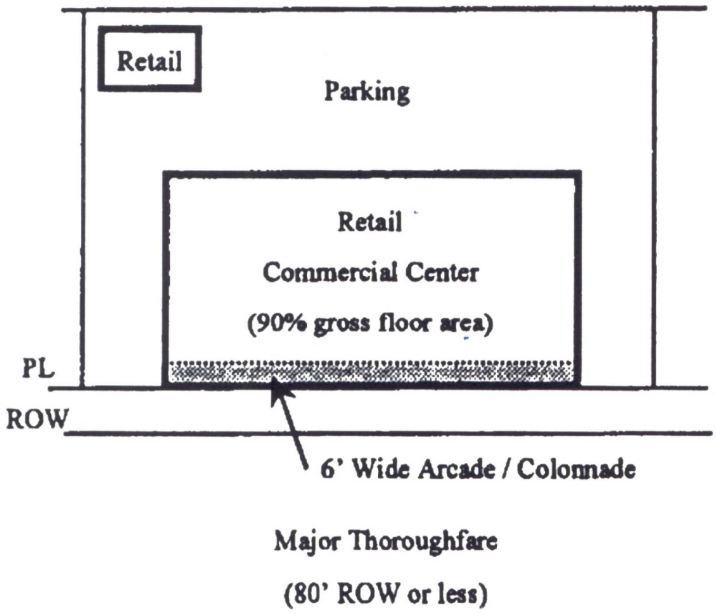


c. Not more than two one-way driveways of 15 feet each is provided from the major thoroughfare to parking at the rear of the improvements;



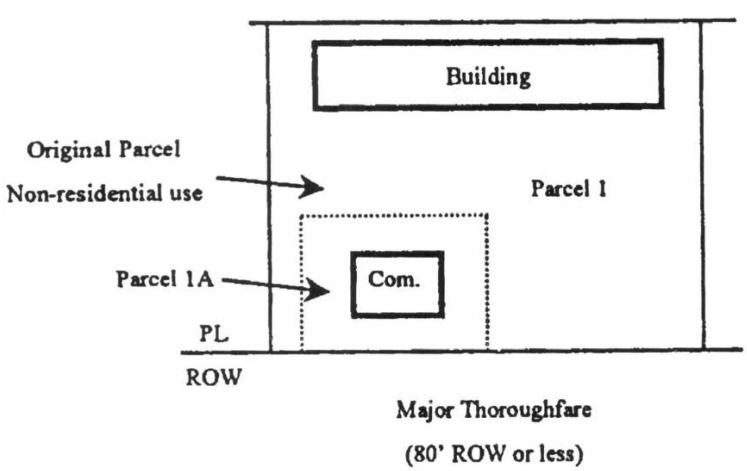
(4) The sidewalk and safety buffer standards of article XXII of chapter 40 of this Code;

(5) The improvement that will be located along the reduced building line contains 90 percent of the gross floor area of all improvements located on the parcel; and



(6) Trees that are within 25 feet of the property line adjacent to the major thoroughfare are protected as corridor trees pursuant to article V of chapter 33 of this Code.

(c) Subsections (a) and (b) of this section do not apply to any retail commercial center that is located on a tract that has been created from a larger parcel or reserve, either by subdivision or lease agreement, if the remaining portion of the original tract or reserve is used for nonresidential purposes.



(Ord. No. 2013-343, § 3(Exhs. A, B), 4-24-2013; Ord. No. 2018-11, § 49, 1-10-2018; Ord. No. 2020-684, § 2(Exh. A), 8-5-2020)

Sec. 42-155. Collector and local streets—Uses other than single-family residential.

(a) The building line requirement for a tract used or to be used for other than single-family residential purposes adjacent to a street that is a collector street or local street that is not an alley shall be ten feet unless otherwise required or authorized by this chapter.

(b) The building line requirement for property used or intended for to be used for other than single-family residential purposes adjacent to a street that is a collector street or local street and that is not an alley and across which street are located single-family residential lots having platted building lines greater than ten feet shall be the lesser of 25 feet or the greatest building line on the single-family residential lots directly across the street from the property.

(c) The building line requirement for tracts used for multi-unit residential purposes adjacent to a collector street or local street that is not an alley shall be as identified in section 42-237 unless otherwise required or authorized by this chapter.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2023-801, § 3(Exh. A), 9-27-2023, eff. 11-27-2023)

Sec. 42-156. Collector and local streets—Single-family residential.

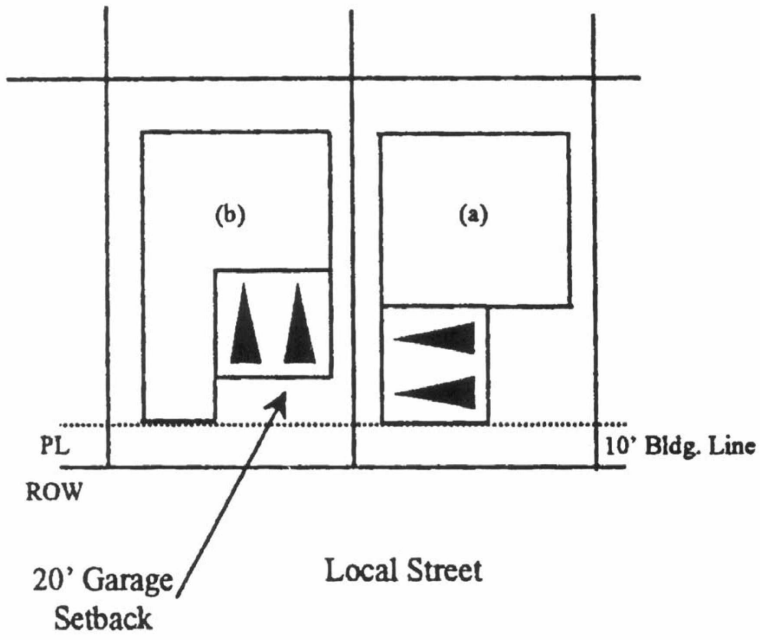
(a) Except as otherwise required or authorized by this chapter, the building line requirement for a lot restricted to single-family residential use shall be 25 feet along the front of a lot and ten feet along the back and sides of a lot adjacent to a collector street that is not an alley.

(b) Except as otherwise required or authorized by this chapter, the building line requirement for a lot restricted to single-family residential use along a local street that is not an alley shall be:

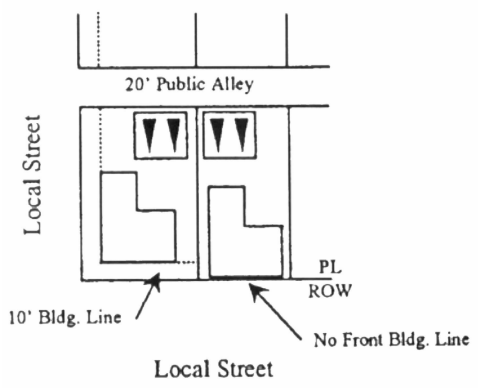
(1) 20 feet along the front of a lot and ten feet along the back and side of a lot adjacent to a local street; or

(2) 10 feet if the subdivision plat contains a typical lot layout and the subdivision plat contains plat notations that reflect the requirements of this section.

(c) Notwithstanding the other provisions of this section, the building line requirement for a lot restricted to single-family residential use shall be 20 feet for a garage or carport facing the street, except as provided in subsection (b) of section 42-157 of this Code.



(d) When the plat contains a typical lot layout and notes that restrict vehicular access to an approved public alley, then no front building setback line shall be required, except for corner lots as provided herein.



(Ord. No. 2013-343, § 3(Exhs. A, B), 4-24-2013)

Sec. 42-157. Optional performance standards for collector streets and local streets—Single-family residential.

(a) The performance standards for building lines in the city are intended to:

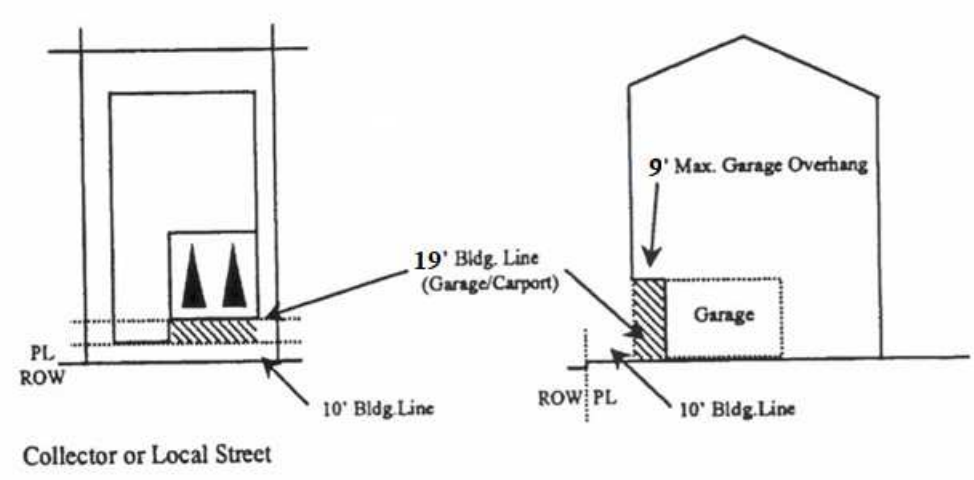
(1) Foster a design framework applicable to the city; and

(2) Assure that pedestrian use of sidewalks is not impeded by vehicles blocking the sidewalks.

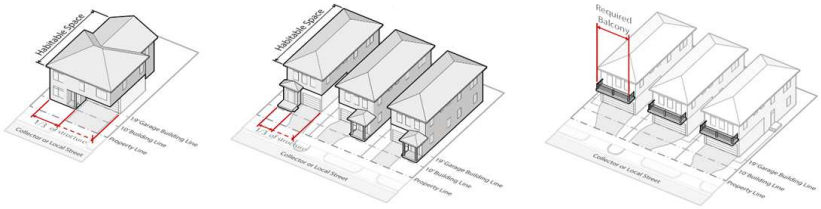
(b) The building line requirement for a subdivision or development in the city restricted to single-family residential use adjacent to a collector street or a local street that is not an alley shall be:

(1) Ten feet for the principal structure;

(2) Notwithstanding the other provisions of this section, 19 feet for a garage or carport facing the street. An occupiable space above the garage or carport may overhang the building line up to nine feet; and



(3) For lots with the garage facing the street, at least ⅓ of the structure along the street must be occupiable space with the front door facing the street. This ⅓ of the structure can be located within the 9 feet ahead of the garage building line or no more than 4 feet behind the garage building line. For narrow lots, if not able to meet the ⅓ requirement, then functional balconies must be provided on the second floor. In lieu of a balcony, there may be a minimum of 36 square feet of windows facing the street, with at least one or more windows being a minimum of 3 feet by 5 feet.



(c) A front building line requirement of five feet is authorized for all or a portion of the lots in a subdivision or development in the city that is restricted to single-family residential use adjacent to a collector street or a local street that meets one of the following performance standards:

(1) Vehicular access to a driveway, garage or carport is available only from the rear or side of each lot through an alley, flag staff, permanent access easement or courtyard access drive, and each dwelling unit on a lot that is adjacent to a public street has a front door with an entry feature per Sec. 42-165; or

(2) Vehicular access to each lot is provided by a shared driveway and:

a. The shared driveway meets the requirements of division 2 of article III of this chapter relating to shared driveways;

b. Each dwelling unit on a lot that is adjacent to a public street has front door with an entry feature per section 42-165; and

c. All electrical service installations for the development are installed according to the energy provider's service standards for the underground installations including the dedication of any easements required for the underground installation.

(d) A front building line requirement of zero feet is authorized for all or a portion of the lots in a subdivision plat in the city that is restricted to single-family residential use adjacent to a collector street or local street that meets the following performance standards:

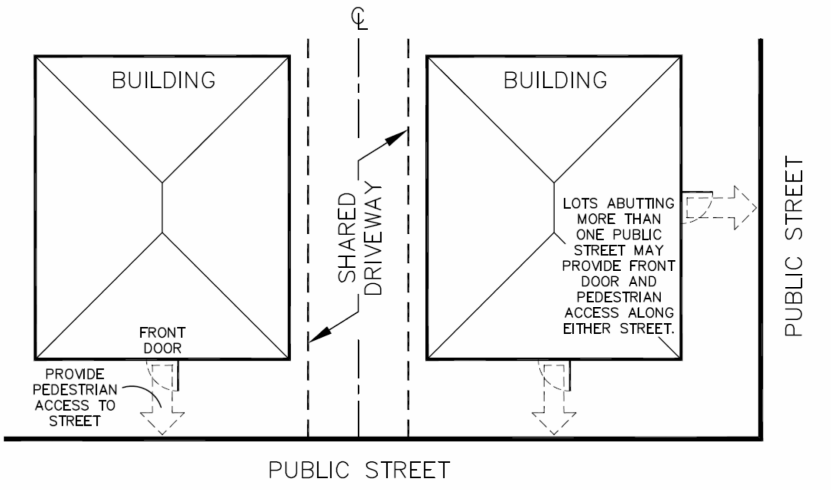
(1) The subdivision is solely a replat of a lot on a corner at the intersection of two public streets;

(2) Each lot in the replat provides for one or more shared driveways so that every dwelling unit will share a shared driveway with at least one other dwelling unit;

(3) Each dwelling unit on a lot that is adjacent to a public street has a front door with an entry feature per section 42-165;

(4) All electrical service installations for the development are installed according to the electrical service provider's standards for the underground installations including the dedication of any easements required for the underground installation; and

(5) There is adequate room for required sidewalks and utilities within the right-of-way.



(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013; Ord. No. 2015-639, § 23, 6-24-2015, eff. 7-24-2015; Ord. No. 2023-801, § 3(Exh. A), 9-27-2023, eff. 11-27-2023)

Sec. 42-158. Private streets; type 2 permanent access easement.

The building line requirement for habitable structures along the right-of-way of a private street or type 2 permanent access easement shall be five feet.
(Ord. No. 2013-343, § 3(Exhs. A, B), 4-24-2013)

Sec. 42-159. Building line requirement along a shared driveway.

(a) A shared driveway that is 18 feet or greater in width shall have a building line of three feet along each side of the shared driveway.

(b) A shared driveway that is less than 18 feet in width shall have a building line of four feet for a garage or carport along each side of the shared driveway.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-160. Pipelines.

(a) The building line requirement for property adjacent to an undefined easement for a pipeline that carries flammable material under pressure through or over properties within a subdivision or development shall be 15 feet from the centerline of the pipeline.

(b) A subdivision plat may contain a notation that the building line established pursuant to this section will no longer be applicable upon the abandonment or termination of the respective easement or right-of-way.
(Ord. No. 2013-343, § 3(Exh. A), 4-24-2013)

Sec. 42-161. Visibility triangles.

The building line for property adjacent to two intersecting streets shall not encroach into any visibility triangle, the triangular area adjacent to the intersection of any street established by measuring a distance of 15 feet from the point of intersection of two streets along the right-of-way of
