6. Pay appropriate fees and fines. (Ord. BL2005-859 § 1, 2005)

8.12.090 Animal offender school.

A. There shall be established, under the supervision of the animal control division of the department of health, an animal offender school for the purpose of providing education about proper animal care and cruelty prevention to persons found by a court of competent jurisdiction to be in violation of any provision of this title.

B. The court shall have the discretion to order any person found to be in violation of any provision of this Title to attend such animal offender school in addition to, or in lieu of, any fine, fee or other punishment prescribed by this title.

C. The animal control division of the department of health shall maintain records showing the names of attendees, dates of attendance, and whether such attendees satisfactorily completed the course.

D. The cost of attending such animal offender school shall be at the sole expense of the person ordered by the court to attend. The animal control division of the department of health is authorized to charge of fee of up to sixty-five dollars for attending the animal offender school. All fees collected for the animal offender school shall be deposited in the general fund of the general services district to assist in covering the expenditures for instructor salaries, equipment and materials. (Ord. BL2009-460 § 1, 2009)

8.12.100 Outdoor sale or gifting of animals prohibited.

A. It is unlawful for any person to display in any outdoor public place within the area of the metropolitan government dogs, cats, or other domestic animals for the purpose of giving the animal(s) away or selling the animal(s). For purposes of this ordinance, "outdoor public place" includes streets, roads, highways, thoroughfares, intersections, sidewalks, public rights-of-way, and parking lots (whether publicly or privately-owned).

B. The provisions of this section shall not apply to:

1. The animal control division of the department of health;

2. Licensed dealers under Tenn. Code Ann. § 44-17-101, et seq., at their place of business; or

3. Any legally recognized non-profit entity organized pursuant to section 501(c) of the IRS Code whose primary purpose is the care and adoption of animals.

C. Nothing in this section shall prevent a person from selling or giving away dogs, cats, or other domestic animals owned by that person from their own residence or place of business. (Ord. BL2009-606 § 1, 2010)

8.12.110 Pen enclosures for dogs.

A. For purposes of this section, "outdoor pen enclosure" means an enclosure (excluding fenced-in yards) used as the primary living area, or an area used regularly for an animal or animals to eat, sleep, drink, and eliminate. The configuration of the enclosure must be such that the dog can easily move about.

B. Outdoor pen enclosures shall meet the following minimum requirements:

1. Minimum size. Outdoor pen enclosures shall meet the square footage requirements set forth in Table 8.12.110 provided below based upon the number and size of dogs in the enclosure, provided that puppies less than three months in age shall not be counted for purposes of determining the minimum size of the enclosure.

2. The required amount of unoccupied space does not include that required for 'adequate shelter' as defined in this chapter, but shall include adequate shade for all dogs in enclosure.

3. The pen or secure enclosure shall be constructed with chain link or other similar fencing material, as defined in Section 16.24.330 of the Metropolitan Code, with all sides enclosed.

4. The floors of pens shall be constructed of such material or otherwise arranged so that there is no accumulation of standing water.

5. All pens shall be kept clean and sanitary and shall not be kept in a manner that creates a nuisance for the neighbors or neighborhood; nor filthy or dirty confinement conditions, including but not limited to exposure to excessive animal waste, garbage, dirty water, noxious odors, dangerous objects that could injure or kill the dog upon contact, or other circumstances that could cause harm to the dog's health.

6. The pen shall be sufficient height as to prevent the dog from escaping and, if a top is used, it must be at least twelve inches above the head of the tallest dog.

Table 8.12.110

MINIMUM SIZE FOR OUTDOOR PEN ENCLOSURES **Minimum square footage of unoccupied area (excluding doghouse) based on largest dog**				
*Number of Dogs**	*Up to 25 Pounds*	*25 to 50 Pounds*	*Over 50 Pounds*	*Over 100 Pounds*
1	20	50	80	100
2	50	80	100	150
3	80	100	150	200
4	100	150	200	250

*Add 50 square feet for each additional dog over and above four. (Ord. BL2014-841 § 1, 2014)

Chapter 8.16

WILDLIFE

Sections:

8.16.010	**Definitions.**
8.16.020	**Keeping wildlife—Prohibited when.**
8.16.030	**Exceptions.**
8.16.040	**Keeping wildlife—Certificate required—Fee.**
8.16.050	**Certificate—Council approval.**
8.16.060	**Certificate—Renewal.**

8.16.010 Definitions.

A. For the purpose of this chapter, the following terms shall have the following meanings:

"Possess or possessing" means possession, keeping, harboring or permitting to remain.

"Wildlife" means any Class I or Class IV wildlife as classified by Tennessee Code Annotated, Section 70-4-403, and shall also mean pumas, cheetahs, cougars and wolves.

B. Except as provided above, all other terms shall have the meaning as provided in Section 8.04.010 of this code.

C. Provided, however, the provisions of this chapter shall not be applicable for any premises within the area of the metropolitan government that contain three or more acres. (Prior code § 8-1-18)

8.16.020 Keeping wildlife—Prohibited when.

It is unlawful for any person to possess wildlife on or about their premises within the area of the metropolitan government except as provided in this chapter. (Prior code § 8-1-19)

8.16.030 Exceptions.

The provisions of this chapter shall not prohibit the possession of wildlife by zoos, transient circus acts, schools, colleges, educational and research institutions and animal rehabilitation centers; and no certificate shall be required. (Prior code § 8-1-22)

8.16.040 Keeping wildlife—Certificate required—Fee.

Any person possessing wildlife on or about any premises within the area of the metropolitan government shall make application to the director of the board of health. Such certificate shall contain such information as may be required by the director. A fee in the amount of fifty dollars shall be paid to the board of health with said application. (Prior code § 8-1-20)

8.16.050 Certificate—Council approval.

Upon receipt of an application to possess wildlife within the area of the metropolitan government, the director prior to issuing such certificate permitting same, shall file a resolution seeking approval of the issuance of such certificate with the metropolitan county council. In the event no action is taken upon said resolution within sixty days, the director may issue the certificate. In the event the resolution does not receive a favorable vote of the majority of the entire membership of the metropolitan council, said certificate shall be denied. (Prior code § 8-1-21)

8.16.060 Certificate—Renewal.

A certificate issued under the provisions of this chapter shall be valid for a period of one year from the date of issuance and may be renewed on annual basis upon the payment of a twenty-five dollar renewal fee. Unless said wildlife is moved to a new location, council approval of said renewal shall not be required. (Prior code § 8-1-23)

Chapter 8.20

ANIMAL CONTROL REGULATIONS*

Sections:

8.20.010 License tag—Removal prohibited.
8.20.020 Treatment for persons bitten by rabid dog recommended—Expenses paid when.
8.20.030 Animals exposed to rabies—Confinement required.
8.20.040 Care of confined animals.
8.20.050 Running at large of certain animals prohibited.
8.20.060 Fowl at large prohibited—Impoundment.
8.20.070 Impounded fowl—Redemption—Sale.
8.20.080 Impounded animals—Redemption—Sale.
8.20.090 Moneys collected—Poundmaster's duties.
8.20.100 Keeping livestock—Permit required—Regulation by department of health.
8.20.110 Cattle quarters—Health regulations.
8.20.120 Sale of livestock on streets.
8.20.130 Keeping of hogs prohibited.
8.20.170 Killing birds and squirrels prohibited.

8.20.010 License tag—Removal prohibited.

No person shall remove the license tag from the neck of any licensed dog. (Prior code § 8-2-1)

8.20.020 Treatment for persons bitten by rabid dog recommended—Expenses paid when.

When it is reported that a rabid dog has bitten one or more person, it shall be the duty of the chief medical director to investigate the report and recommend treatment for those who, in his opinion, need it. As far as funds will permit, free treatment shall be given to those needing it after the chief medical director has satisfied himself that the person is unable to bear the expense himself. (Prior code § 8-2-2)

*__Editor's note—__Ord. BL2017-586, § 1, adopted April 4, 2017, renamed Ch. 8.20 to read as herein set out. Formerly, said chapter was entitled "Animal Control Regulations—Urban Services District."

8.20.030 Animals exposed to rabies—Confinement required.

It shall be the duty of the chief medical director to find those dogs or other animals known or suspected of having been in close contact or a fight with a rabid dog, and unless the owners of these dogs or other animals keep them confined for a period of six months and, in cases where a dog or other animal is known to have been bitten by a mad dog, have protective inoculation given, then the owner shall turn the dog or other animal over to the department of health so that it may be destroyed. (Prior code § 8-2-3)

8.20.040 Care of confined animals.

Any person who shall impound or cause to be impounded, in any pound or other place, any creature, shall supply to the same during such confinement a sufficient quantity of good, wholesome food and water. Such persons shall not allow any creature that is pregnant, a nursing female, or less than six months old to remain outdoors during periods of inclement weather conditions as listed in Section 8.12.030.B. (Amdt. 1 to Ord. BL2017-585 § 2, 2017; Ord. BL2017-585 § 2, 2017; prior code § 8-2-6)

8.20.050 Running at large of certain animals prohibited.

No person shall permit any dangerous or mischievous animal to run at large. No cattle, sheep, horse, goat, mule or hog shall be allowed by any owner or by any person having charge of the same to go at large in any street or public place. (Ord. BL2017-586 § 2, 2017; Ord. BL2016-528 § 1, 2017; prior code § 8-2-9)

8.20.060 Fowl at large prohibited—Impoundment.

A. It is unlawful for the owner or the person in charge of any chickens, ducks, geese, turkeys or other domestic fowl to permit them to run at large in any street, alley, public square, public place or unenclosed lot.

B. The department of health shall cause any fowl so running at large to be taken up and put in the metropolitan pound. It shall be the duty of the department of health and poundmaster and their assistants to take up such fowl and transport the same to the pound. (Ord. BL2017-586 § 3, 2017; prior code § 8-2-14)

8.20.070 Impounded fowl—Redemption—Sale.

A. If within three days from the day any fowl are put into the pound, the owner or person in charge thereof calls for the same, such fowl shall be delivered to him upon payment of twenty-five cents for each fowl so impounded.

B. If no one claims such fowl within the period of three days, the department of health shall cause a notice to be inserted in some newspaper published in the metropolitan government area for one publication, briefly describing the fowl, and giving notice that unless redeemed, the same will be sold at public sale. Separate notices shall not be required for each fowl, but any number of same, whether taken up at the same time and place or otherwise, may be advertised in the same notice. Unless such fowl so advertised are redeemed by the payment of the pound fees abovementioned and an additional charge of ten cents per head for each day after the expiration of the first three days, they shall be sold on the day named in the notice, which day of sale shall not be less than two days after publication. Such sale shall be at public auction, to the highest bidder for cash, of which sale a record containing a brief description of the fowl sold, the price paid and the name of the purchaser shall be kept at the office of the department of health. The proceeds of such sale shall be received by the department of health and paid over each day to the metropolitan collections officer, who shall hold such funds subject to the order of the owners of the fowl, after retaining enough to pay all fees, costs and charges as herein provided, including costs of advertisement. (Prior code § 8-2-15)

8.20.080 Impounded animals—Redemption—Sale.

A. If, within three days from the day an animal is impounded, the owner or person in charge thereof calls for the same, such animal shall be delivered to him upon the payment of three dollars for each head of swine, goats or sheep, or four dollars and fifty cents for each head of cattle, horses, mules or cows so impounded.

B. If no one claims the same within the period of three days, the department of health shall cause a notice to be inserted in some daily newspaper in the metropolitan government area for three successive days, briefly describing the animal and giving notice that unless redeemed the same will be sold at public sale. All animals not redeemed by the payment of the pound fees aforesaid and one dollar and fifty cents per head for each day after the expiration of the first three days shall be sold on the day named in the notice at public auction to the highest bidder for cash, of which sale a record containing a brief description of the property sold, the price paid and the name of the purchaser shall be kept in the office of the department of health. The proceeds of such sale shall be paid over each day to the metropolitan collections officer, who shall hold such funds subject to the order of the owner of the animal, after retaining enough to pay all fees, costs and charges, including the cost of advertising as hereinbefore provided. (Prior code § 8-2-17)

8.20.090 Moneys collected—Poundmaster's duties.

The poundmaster shall keep in the office a proper book, showing the time, number and kind of animals brought into the pound and by whom the same are redeemed, or what disposition shall have been made of same, also the amount paid and cost of feed, etc., furnished for each animal impounded. He shall pay once every week, should he have any funds on hand, the balance to the metropolitan collection officer, taking a receipt for the same, which he shall safely file in his office. (Prior code § 8-2-16)

8.20.100 Keeping livestock—Permit required—Regulation by department of health.

A. No person shall keep any cattle, cows, sheep, horses, mules or goats in the urban services district within one thousand feet of any residence or place of business, without a permit to do so from the chief medical director. The chief medical director shall issue permits only when the keeping of such animals in the yards or buildings and under the circumstances set forth in the applications for the permit shall not injuriously affect the public health.

B. It is unlawful for any owner, agent or occupant of any stable, stall or apartment in which any horse, cattle or swine or any other animal shall be kept, or in any place in which manure or any liquid discharge of such animals shall collect or accumulate, to fail to comply with the notice of the department of health to cleanse, remove or repair such stable, stall or apartment or to keep the same in a sanitary condition. (Prior code § 8-2-11)

8.20.110 Cattle quarters—Health regulations.

No cattle shall be kept within the urban services district in any place of which the water, ventilation and food are not sufficient and wholesome for the preservation of their health, safe condition and wholesomeness as food. (Prior code § 8-1-12)

8.20.120 Sale of livestock on streets.

It is unlawful for any person to sell, offer to sell, buy or offer to buy, upon any street, lane or alley, any livestock of any description whatever; provided, that this section does not include sales or purchases or offers to sell or purchase livestock not present on the streets, lanes or alleys when the sales or purchases or offers of same are made. (Ord. BL2017-586 § 6, 2017; prior code § 8-2-13)

8.20.130 Keeping of hogs prohibited.

The keeping of hogs by any person within the urban services district is declared to be a nuisance and unlawful; provided, that nothing in this section shall be construed to prevent a duly licensed stockyard, abattoir or packing house from temporarily keeping hogs for the purpose of slaughtering, packing or shipping in interstate or intrastate commerce. (Prior code § 8-2-10)

8.20.170 Killing birds and squirrels prohibited.

It is unlawful for any person to kill or attempt to kill any bird, game or nongame (except English sparrows), squirrels or any other animal, in any of the public parks (including the Custom House Park and the Capitol Hill Park) or in any of the cemeteries, public or private. (Ord. BL2017-586 § 8, 2017; prior code § 8-2-8)

Chapter 8.24

ANIMAL CONTROL REGULATIONS—SECOND CIVIL DISTRICT

Sections:

8.24.010 **Keeping hogs—Permit required when.**

8.24.010 Keeping hogs—Permit required when.

In the second civil district, no person shall keep any hogs within one thousand feet of any residence or place of business, without a permit to do so from the chief medical director. (Prior code § 8-3-1)

Chapter 8.30

RETAIL SALE OF DOGS AND CATS AT PET STORES

Sections:

8.30.010	**Definitions.**
8.30.020	**Restrictions on the sale of dogs and cats.**
8.30.030	**Violations.**
8.30.040	**Enforcement.**

8.30.010 Definitions.

For the purposes of this chapter, the following terms have the following meanings:

"Animal care facility" means an animal control center or animal shelter, maintained by or under contract with any state, county, or municipality, whose mission or practice is, in whole, or significant part, protecting the welfare of animals and the placement of animals in permanent homes or with animal rescue organizations.

"Animal rescue organization" means any not-for-profit organization which has tax-exempt status under Section 501(c)(3) of the United States Internal Revenue Code, whose mission and practice is, in whole or in significant part, the rescue of animals and the placement of those animals in permanent homes. This term does not include any entity which is, or is affiliated with, or is housed on the premises of, a breeder or broker, obtains dogs from a breeder or broker in exchange for payment or compensation, or resells dogs obtained from a breeder or broker and provides payment or compensation to such breeder or broker.

"Breeder" means a person who maintains dogs or cats for the purpose of breeding and selling their offspring.

"Broker" means a person who transfers dogs or cats for resale by another.

"Cat" means all members of the cat family, including both male and female.

"Dog" means all members of the dog family, including both male and female.

"Offer for sale" means to sell, offer for sale or adoption, barter, auction, give away or otherwise transfer a dog or cat.

"Person" means any individual, partnership, corporation or association or any other legal entity, or any agent or employee thereof.

"Pet store" means a retail establishment where dogs or cats are offered for sale as pet animals to the general public at retail; provided that an animal care facility or animal rescue organization, as defined, shall not be considered "Pet Stores." (Ord. BL2018-1159 § 1, 2018)

8.30.020 Restrictions on the sale of dogs and cats.

A. A pet store may offer for sale only those dogs and cats that the pet store has obtained from or displays in cooperation with:

1. An animal care facility, as defined in this chapter; or

2. An animal rescue organization, as defined in this chapter.

B. A pet store shall not offer for sale a dog or cat that is younger than eight weeks old.

C. Each pet store shall maintain records sufficient to document the source of each dog or cat the pet store acquires, for at least one year following the date of acquisition. Such records shall be made available, immediately upon request, to any animal control officer, health officer, or any law enforcement agency.

D. Each pet store offering dogs or cats for sale shall post, in a conspicuous location on the cage or enclosure of each animal, a sign listing the name of the animal care facility or animal rescue organization from which each dog or cat in the cage or enclosure was acquired. (Ord. BL2018-1159 § 1, 2018)

8.30.030 Violations.

Any person found in violation of any provision of this chapter shall be subject to a civil penalty of fifty dollars per day, per violation. Each animal offered for sale in violation of any provision of this chapter shall be deemed a separate offense. (Ord. BL2018-1159 § 1, 2018)

8.30.040 Enforcement.

The director of the department of health and the director of the department of codes administration shall have concurrent jurisdiction to enforce all sections of this Chapter 8.30. (Ord. BL2024-552 § 1, 2024)

Title 9

NOISE AND AMPLIFIED SOUND*

Chapters:

9.10	**General Provisions**
9.20	**Excessive Noise**
9.30	**Construction Noise**

*__Editor's note—__Ord. BL2020-196, § 1, adopted May 5, 2020, repealed the former Title 9, §§ 9.10.010, 9.10.020, 9.20.010—9.20.060, 9.30.010—9.30.040, and enacted a new Title 9 as set out herein. The former Title 9 pertained to similar subject matter and derived from Ord. BL2019-1631 § 2, 2019.

Chapter 9.10

GENERAL PROVISIONS

Sections:

9.10.010	**Definitions.**
9.10.020	**Noise sound pressure levels—Measurement.**
9.10.030	**Exemptions.**

9.10.010 Definitions.

The following definitions shall apply to this title:

"A-weighted sound pressure level" means the sound pressure level as measured with a sound level meter using the "A" Weighting Network. The standard notation is Db(A).

"Construction equipment" means any equipment or devices, such as, but not limited to, pile drivers, power shovels, jackhammers, derricks, hoist tractors, dump trucks, loaders, rollers, concrete-hauling motor vehicles, pavement breakers, backhoe, clam shells, bulldozers, crawler-tractors, rotary drills and augers, cranes, ditchers, trenchers, scrapers, graders, wagons, pumps, compressors and pneumatic power equipment or other mechanical apparatus operated by fuel or electric power in the construction, repair or demolition of any building, structure, land, driveway or appurtenance thereto.

"Decibel" means a logarithmic unit of measure often used in measuring magnitudes of sound. The symbol is Db.

"Emergency work" means work made necessary to restore property to a safe condition following a public calamity or work to restore public utilities or work required to protect persons or property from an imminent exposure to danger.

"Noise" means sound that is measured as the sound pressure level in decibels (Db).

"Person" means any person, firm, group, association, organization, partnership, business, trust, corporation, company, contractor, supplier, installer, user or owner.

"Plainly audible" means any sound which clearly can be heard by unimpaired auditory senses; however, words or phrases need not be discernible and said sound shall include bass reverberation.

"Premises" means any building, structure, land, utility or portion thereof, including all appurtenances, and shall include yards, lots, courts, inner yards, common hallways in multiple-family dwellings, common areas for one or more multiple-family dwellings, and real properties without buildings or improvements, owned or controlled by a person.

"Property line" means an imaginary line exterior to any enclosed structure, at the ground surface, and its vertical extension, which separates the real property or rental unit owned or leased by one person from that owned or leased by another person.

"Public right-of-way" means any street, avenue, boulevard, highway, alley or public space which is owned or controlled by a governmental entity.

"Sound" means oscillation in pressure, stress, particle displacement and particle velocity which induce auditory sensation.

"Sound amplification equipment" means a radio, tape player, compact disc player, digital audio player, television, electronic audio equipment, musical instrument, sound amplifier, or other mechanical or electronic sound-making device that produces, reproduces or amplifies sound.

"Sound level meter" means an apparatus or instrument including a microphone, amplifier, attenuator, output meter and frequency weighting networks for the measurement of sound levels. The sound level meter shall be a design and have the characteristics of a type 2 or better instrument as established by the American National Standards Institute, publication S1.4-1971, entitled "Specification for Sound Level Meters."

"Sound pressure level" means twenty times the logarithm to the base ten of the ratio of the pressure of a sound to the reference pressure of twenty micronewtons per square meter (20 × 10-6 newtons/meter2) and is expressed in decibels (Db). (Ord. BL2020-196 § 1, 2020)

9.10.020 Noise sound pressure levels—Measurement.

For the purpose of determining noise sound pressure levels as set forth in this title, the following test procedures and measurements are applicable:

A. The instrument for determining noise sound pressure levels shall be with a sound level meter of standard design as defined in this section. Sound pressure level measurements shall be made with the "A" Weighting Network.

B. Noise sound pressure levels shall be measured from a point as close as possible to the outside walls of any residential structure located on the property affected by the noise at a height of four feet above the immediate surrounding surface. (Ord. BL2020-196 § 1, 2020)

9.10.030 Exemptions.

The provisions of this Title shall not apply to airport uses. (Ord. BL2020-196 § 1, 2020)

Chapter 9.20

EXCESSIVE NOISE

Sections:

9.20.010	**Sound amplification equipment.**
9.20.020	**Motor vehicle noise.**
9.20.030	**Outdoor entertainment and mass gatherings.**
9.20.040	**Commercial noise.**
9.20.050	**Excessive noise on a pedal carriage.**
9.20.060	**Enforcement.**

9.20.010 Sound amplification equipment.

A. Except for properties lying within an area zoned DTC district and properties zoned CF district that are contiguous to those zoned DTC district, it shall be unlawful for any person to:

1. Operate or allow the operation of any sound amplification equipment so as to create sounds that are plainly audible from the boundary line of the nearest residentially occupied property. For multifamily structures, including apartments, condominiums, or other residential arrangements where boundary lines can not readily be determined, it shall be unlawful to operate or allow the operation of any sound amplification equipment so as to create sounds that are plainly audible from any point within the interior of another residential unit in the same complex or within the boundary line of the nearest residentially occupied property. This subsection shall not apply to a special event, mass gathering or other permitted activity by the metropolitan government or its boards or commissions. This subsection shall not apply to educational institutions during typical on-campus activities, including athletic events, musical performances, and student festivals between the hours of 7:00 a.m. and 11:00 p.m. Further, the provisions of this section shall not apply to entertainment facilities constructed to provide outdoor entertainment owned by metropolitan government or its agencies and parks under the control of the board of parks and recreation.

2. Operate or allow the operation of any sound amplification equipment for advertising purposes or otherwise to attract customers so as to cast sounds which are unreasonably loud and disturbing or which are plainly audible at or on the boundary of the nearest public right-of-way or park.

3. Operate or allow the operation for personal use of any sound amplification equipment on the public right-of-way, including streets or sidewalks, or in parks under control of the board of parks and recreation, so as to produce sounds that are plainly audible fifty feet or more from any electromechanical speaker.

B. The provisions of this subsection B. shall be applicable for properties lying within an area zoned DTC district and properties zoned CF district that are contiguous to those zoned DTC district:

1. Except as provided in subsection B.5. of this section, it shall be unlawful to operate or allow the operation of any amplification device mounted to the exterior of a building or structure, or to operate such device outside of the premises.

2. In all cases, interior speakers within ten feet of an open exterior door or window shall not be oriented toward any such open exterior door or window. It shall be unlawful for interior speakers of an establishment during business operating hours regardless of speaker orientation to produce sounds registering more than 85 decibels (A weighted) ("Db(A)"), as measured at street level fifty linear feet from the outside wall of the structure within which the noise is produced. Other than during business operating hours, it shall be unlawful for any establishment to operate or allow the operation of interior speakers producing sounds registering more than 70 Db(A) at or on the boundary of the nearest public right-of-way or park. For purposes of this subsection, "business operating hours" means the hours during which an establishment is open to customers or patrons, or a musical act is tuning their instruments for the purposes of performing during business operating hours.

3. All prerecorded music shall be limited to the 85 Db(A), regardless of the source including, but not limited to: vinyl records, compact disks, digital video disks, digital audio players, hard drives, solid state memory, tape drives, radio sets or television sets. Such sound measurement shall be taken at street level fifty linear feet from the outside wall of the structure within which the noise is produced. Notwithstanding the foregoing, live music is expressly exempt from the 85 Db(A) limitation. Live music shall mean that musicians, instruments and singers will not be prerecorded.

4. If a commercial operation functions primarily as a dining establishment with outside seating, that establishment shall be exempt from the speaker prohibition but must limit the sound output to 85 Db(A), as measured at street level fifty linear feet from the property line of the dining establishment from which the noise is produced.

5. The following shall be exempt from the provisions of subsection B.1. above:

a. Special events, mass gatherings, or other permitted activities by the State of Tennessee or the metropolitan government or any of its boards or commissions;

b. Entertainment facilities constructed to provide outdoor entertainment owned by the State of Tennessee, the metropolitan government (or its agencies), or the parks under the control of the State of Tennessee or the metropolitan board of parks and recreation;

c. Churches or facilities used for religious worship.

6. The director of mayor's office of nightlife shall convene an advisory committee to contemplate the impact of sustained exposure to loud music on local musicians, and make recommendations that may be implemented through a pilot project. (Ord. BL2023-2106 §§ 1, 2, 2023; Ord. BL2020-196 § 1, 2020)

9.20.020 Motor vehicle noise.

A. It shall be unlawful for any person to:

1. Operate any motor vehicle propelled by an internal combustion engine that is not equipped with a muffler in good working order and in constant operation to prevent excessive noise.

2. Operate a motor vehicle equipped with a cut-out, by-pass, or similar muffler elimination unit, or to operate a motor vehicle with devices that amplify motor noise or motor vehicle exhaust noise.

3. Operate a motor vehicle if the exhaust noise is plainly audible at a distance of two hundred feet or more from the vehicle.

4. Operate a motor vehicle if the exhaust noise is plainly audible within a structure containing a dwelling unit.

5. Operate or allow the operation of buses in a parking or staging area if noise from the engine, exhaust, or back-up alert beeper is plainly audible from the nearest exterior wall of a transient lodging establishment within the commercial attraction (CA) zoning district.

6. Prohibitions contained in this section shall not be applicable to emergency or public safety vehicles, vehicles owned and operated by the metropolitan government or any utility company, or any motor vehicle used in an authorized public activity for which a permit has been granted by the appropriate agency of the metropolitan government or is otherwise authorized by law or contract with the metropolitan government.

7. Any person violating this section shall be fined not less than fifty dollars. Each violation of this section shall be deemed a separate offense.

B. No person operating or occupying a motor vehicle, including an entertainment transportation vehicle, on any street, highway, alley, parking lot, or driveway, either public or private property, shall operate or permit the operation of any sound amplification system, including, but not limited to, any radio, tape player, compact disc player, loud speaker, or any other electrical device used for the amplification of sound from within the motor vehicle so that the sound is plainly audible at a distance of fifty or more feet from the vehicle or, in the case of a motor vehicle on private property, beyond the property line. (Amdt. 1 to Ord. BL2025-1047 § 1, 2025; Ord. BL2025-1047 § 1, 2025; Ord. BL2021-911 § 6, 2021; Ord. BL2020-196 § 1, 2020)

9.20.030 Outdoor entertainment and mass gatherings.

A. Except for properties lying within an area zoned DTC district and properties zoned CF district that are contiguous to those zoned DTC district, no person or persons owning, operating, or having the care, custody, or control of any facility located within fifty feet of a residence and/or of a natural conservation area shall permit to be operated any musical instrument or other entertainment device using amplification unless such music or other entertainment is provided within a totally enclosed structure. Such music or other entertainment may be provided outside of a structure only between the hours of 7:00 a.m. and 11:00 p.m., except when exempted under provisions of the code as a special event, mass gathering or other permitted activity by metropolitan government or its boards or commissions. The provisions of this section shall not apply to entertainment facilities constructed to provide outdoor entertainment owned by metropolitan government or its agencies and parks under the control of the board of parks and recreation.

B. Outdoor entertainment events within the downtown area.

1. No person shall operate an outdoor music and/or entertainment event that produces amplified sound which registers more than 85 Db(A), as measured from any point within the boundary line of the nearest residentially occupied property at the street level.

2. The provisions of this subsection shall only apply to:

a. properties lying with an area zoned DTC district and properties zoned CF district that are contiguous to those zoned DTC district;

b. properties lying within an area bounded by properties fronting Music Square West and 17th Avenue South from Division Street to Edgehill Avenue;

c. properties along the north portion of Edgehill Avenue between 17th Avenue South and 16th Avenue South;

d. properties fronting 16th Avenue South and Music Square East between Edgehill Avenue and Division Street;

e. properties lying within an area fronting on the east side of 21st Avenue South from Scarritt Place to Edgehill Avenue; and

f. the properties fronting on the north side Edgehill Avenue to 17th Avenue South.

C. The sound level measured at the boundaries of the mass gathering site shall be no more than 85 Db(A). (Ord. BL2020-196 § 1, 2020)

9.20.040 Commercial noise.

A. No person or persons owning, operating, or having the care, custody, or control of any business or commercial facility shall be permitted to operate any equipment, vehicles, or heavy machinery incident to performing business or commercial functions, or engage in any other business or commercial activity between the hours of 9:00 p.m. and 6:00 a.m. which would emit, cause to be emitted, or permit the emission of any noise in excess of 70 Db(A) as measured from a point as close as possible to the outside walls of any residential structure located within a residential zoning district affected by the noise at a height of four feet above the immediate surrounding surface.

B. For business or commercial facilities located within the DTC and CF zoning districts, no person or persons owning, operating, or having the care, custody, or control of any business or commercial facility shall be permitted to operate any equipment, vehicles, or heavy machinery incident to performing business or commercial functions, or engage in any other business or commercial activity between the hours of 9:00 p.m. and 6:00 a.m. which would emit, cause to be emitted, or permit the emission of any noise in excess of 85 Db(A) as measured from a point as close as possible to the outside walls of any residential structure located within a residential zoning district affected by the noise at a height of four feet above the immediate surrounding surface.

C. Prohibitions contained in this section shall not be applicable to emergency or public safety vehicles, vehicles owned and operated by the metropolitan government or any utility company, for sound emitted unavoidably during job-related operation, or any motor vehicle used in an authorized public activity for which a permit has been granted by the appropriate agency of the metropolitan government. (Ord. BL2020-196 § 1, 2020)

9.20.050 Excessive noise on a pedal carriage.

No music or amplified sound shall be played, nor yelling or conversation be conducted, on a pedal carriage in such a manner that it would be plainly audible from a distance of fifty feet. (Ord. BL2020-196 § 1, 2020)

9.20.060 Enforcement.

The Metropolitan Nashville Police Department, the Nashville Department of Transportation, and the Department of Codes and Building Safety shall be responsible for the enforcement of violations of this chapter. (Ord. BL2023-2106 § 3, 2023; Ord. BL2020-196 § 1, 2020)

Chapter 9.30

CONSTRUCTION NOISE

Sections:

9.30.010	**Outdoor construction hours.**
9.30.020	**Exemptions.**
9.30.030	**Variances.**
9.30.040	**Enforcement.**

9.30.010 Outdoor construction hours.

A. Except as provided in subsection B, it is unlawful for any person to engage in the outdoor construction, repair or demolition of buildings, structures, land, driveways, or appurtenances thereto, on any parcel, excluding parcels zoned IWD, IR, and IG, between the hours of 7:00 p.m. and 7:00 a.m., except that during the months of June, July, and August, the foregoing restriction shall be between the hours of 8:00 p.m. and 6:00 a.m.

B. In the Gulch South, Gulch North, and Hope Gardens DTC subdistricts, as defined by the Downtown Code, it is unlawful for any person to engage in the outdoor construction, repair or demolition of buildings, structures, land, driveways, or appurtenances thereto on any parcel during the hours of 8:00 p.m. and 6:00 a.m. year-round. In the James Robertson, Sulphur Dell, Core, Core Historic, Upper Broadway, 2nd and Broadway, River, SoBro, Lafayette, Rutledge Hill, Rolling Mill Hill, Rutledge River DTC subdistricts and any subdistricts not mentioned here, as defined by the Downtown Code, this section shall not apply.

C. For the purposes of this section, "outdoor construction" means any construction activities occurring outside of an enclosed building. As used in subsection A, "outdoor construction" does not mean activities necessary to mitigate safety or significant traffic concerns during the stated restriction hours such as concrete activities, utility and road work, hauling and hoisting of large loads, and similar activities as determined by the director of codes administration. As used in subsection B, "outdoor construction" does not mean activities necessary to mitigate safety or significant traffic concerns during the stated restriction hours such as concrete activities, utility and road work, hauling and hoisting of large loads, delivery of construction materials, and similar activities as determined by the director of codes administration. (Ord. BL2024-180 § 1, 2024; Ord. BL2022-1164 § 1, 2022; Ord. BL2020-300 § 1, 2020; Ord. BL2020-196 § 1, 2020)

Editor's note—Ord. BL2024-180 § 2, states: This ordinance shall take effect on May 1, 2024, the welfare of the Metropolitan Government requiring it.

9.30.020 Exemptions.

The following activities shall be exempt from the requirements of Section 9.30.010:

A. Highway, bridge, road, street, dredging in navigable waters, or other public works construction activities, utility work such as water, sewer, gas, electrical, cable, telecom, fiber optic or telephone construction activities and any vehicles used to transport materials to and from such construction activities, so long as the vehicles remain within the highway, road, street or construction right-of-way or easement;

B. Emergency work;

C. Transporting and unloading of construction materials, other than blast materials, between 5:00 a.m. and 7:00 a.m. (Ord. BL2020-300 § 1, 2020; Ord. BL2020-196 § 1, 2020)

9.30.030 Variances.

A. Any person seeking to perform construction activities which would be in violation of Section 9.30.010 must, prior to engaging in activities prohibited under Section 9.30.010, make an application to the director of the department of codes administration and obtain a permit to perform such activities. Such a permit shall not be granted unless the applicant establishes the following:

1. Any outdoor construction will not interfere with normal activities conducted within the zoning district during the hours of the proposed construction activities; and

2. The applicant has obtained all other approvals and permits for said construction activities as required by the metropolitan code of laws; or

3. The overriding public interest (as opposed to the private interest of the applicant or the owner of the property upon which said construction activities shall occur) will be significantly promoted by permitting the applicant to engage in outdoor construction outside of the hours permitted in Section 9.30.010.

B. Notice of an application for a variance shall be given by the director of the department of codes administration to persons who may be adversely affected by the granting of the variance and to the district councilmember. Any person who claims to be adversely affected by such a variance, if allowed, may file a written statement with the director. Such statement shall contain sufficient factual information to support the claim.

C. Variances shall be granted by notice to the applicant containing any necessary conditions, including a time limit on the permitted activity. The variance shall not become effective until all conditions are agreed to by the applicant. Noncompliance with any condition

of the variance shall terminate it and subject the person holding it to the requirements of Section 9.30.010. (Ord. BL2022-1164 § 2, 2022; Ord. BL2020-196 § 1, 2020)

9.30.040 Enforcement.

The metropolitan department of codes administration shall be responsible for the enforcement of this chapter. (Ord. BL2020-196 § 1, 2020)

10.04.060	**Certified copies of statistics—Provided when.**
10.04.070	**Certified copies of statistics—Fees—Disposition of funds.**
10.04.080	**Chapter provisions supplementary to state law.**

10.04.010 Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Board of health" means the metropolitan board of health established by Section 10.101 of the Metropolitan Charter.

"Chief medical director" means the chief administrative officer of the board of health or his designated representative.

"Dead body" means a lifeless human body, or such severed parts of the human body, or the bones thereof, from the state of which it may reasonably be concluded that the death had recently occurred, and where the circumstances under which such dead body was found indicated that the death has not been recorded.

"Department of health" means the department of health of the metropolitan government. Such term shall include the board and all of its agents, employees and activities.

"Director of health" means the chief medical director of health of the board of health or his designated representative.

"Live birth" means a birth in which the child shows evidence of life after complete birth, that is, when the child is entirely outside of the mother, even if the cord is uncut and placenta still attached. The words "evidence of life" include heart action, breathing or a coordinated movement of a voluntary muscle.

"Midwife" means any person other than a physician who shall attend the birth or stillbirth of a child.

"Person in charge of interment" means any person who places or causes to be placed a deceased person, stillborn child or dead body or, after cremation, the ashes thereof, in the earth, a grave, tomb, vault, urn or other receptacle, either in a cemetery or at any other place, or disposes otherwise thereof.

"Physician" means a person authorized by law to practice a healing art in the state.

"Stillbirth" means a birth after twenty weeks of gestation which is not a live birth. (Prior code §§ 20-1-1 (part), 20-1-218)

10.04.020 Certificate of birth—Filing required.

A certificate of every birth occurring within the metropolitan government area, signed by the attendants at delivery, shall be filed with the board of health within ten days after the birth has occurred. Such certificate shall be filed by either the physician, osteopath or midwife in attendance at the birth, or, if not so attended, by one of the parents. (Prior code § 20-1-219)

10.04.030 Certificate of death or stillbirth—Filing required.

A certificate of every death or stillbirth occurring within the metropolitan government area shall be filed by the attendant at death, the funeral director or the person in charge of interment, with the board of health within seventy-two hours after the death or stillbirth occurred, or within seventy-two hours after the finding of a dead body, but in every instance prior to transportation or removal from the metropolitan government area. (Prior code § 20-1-220)

10.04.040 Certificates deemed in compliance when.

A. The furnishing and reporting of statistics and data concerning births, stillbirths and deaths to the local registrar of vital statistics, as appointed by the commissioner of public health of the state, shall be deemed a compliance with Sections 10.04.020 and 10.04.030 so long as the local registrar of vital statistics so appointed by the state commissioner of public health is an employee of the metropolitan board of health.

B. Should the local registrar of vital statistics, as appointed by the state commissioner of public health, be a person other than an employee of the metropolitan board of health, then such certificates of births, still births and deaths required by Sections 10.04.020 and 10.04.030 shall be furnished to and filed with the metropolitan board of health. (Prior code § 20-1-224)

10.04.050 Board of health—Authority.

There is imposed upon the board of health the authority and power to adopt and promulgate such rules and regulations which it deems necessary to carry out the provisions of this chapter. The board of health is further empowered to promulgate rules and regulations governing the collection, compilation, tabulation and reporting of vital statistics which may include, but shall not be limited to, the providing of forms to be used in reporting such statistics to the board of health and to provide forms whereby a person may make application for a certified copy of such statistics. (Prior code § 20-1-221)

10.04.060 Certified copies of statistics—Provided when.

A. The board of health is authorized to furnish to any person, upon application therefor, a certified copy of any statistic on file with the board of health, and the director of health is authorized to certify on behalf of the board of health that the copy of such statistic is a true and exact copy of the statistic on file with the board of health of the metropolitan government.

B. If the director of health is not satisfied that a person making application for a certified copy of any statistic has a legal or other vital interest in the statistic, he may refuse to issue a certified copy of the statistic until satisfactory evidence has been furnished to the director of health that the applicant has a legal or other vital interest in such statistic. Any person aggrieved by the findings and determinations of the director of health may appeal the actions of the director of health to the board of health, and the board of health may affirm, modify and affirm, as modified, or overrule the actions of the director of health. (Prior code § 20-1-222)

10.04.070 Certified copies of statistics—Fees—Disposition of funds.

A. All applications to the board of health for a copy of a statistic shall be accompanied by a fee of two dollars for each copy of a statistic which is requested, and no application will be considered that is not accompanied by the fee as established herein.

B. The director of health shall account for all money and fees collected by the board of health as authorized herein and shall deposit such money regularly in the general fund as other money received by the metropolitan government is deposited. All fees and money collected by the director of health as authorized herein shall be used for the purpose of supplementing the budget of the board of health. (Prior code § 20-1-223)

10.04.080 Chapter provisions supplementary to state law.

This chapter, or any of the provisions hereof, shall not be construed so as to conflict with Sections 68-3-101 et seq. of the Tennessee Code Annotated, entitled "Vital Records Act of 1977," but is intended to be complementary of and supplemental to Tennessee Code Annotated, Sections 68-3-101, et seq. (Ord. 90-1339 § 1 (20-8), 1990; prior code § 20-1-225)

Chapter 10.08

DRY WAREHOUSES FOR STORAGE OF FOOD

Sections:

10.08.010	**Definitions.**
10.08.020	**Permit required.**
10.08.030	**Records.**
10.08.040	**Disposition of food unfit for human consumption.**

10.08.010 Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Chief medical director" means the chief administrative officer of the board of health or his designated representative.

"Department of health" means the department of health of the metropolitan government. Such term shall include the board and all of its agents, employees and activities. "Dry warehouse" means any place in which food is stored for hire, other than a refrigerated warehouse. (Prior code §§ 20-1-1 (part), 20-1-132 (part))

10.08.020 Permit required.

No person shall maintain or operate a dry warehouse without a permit issued by the chief medical director. (Prior code § 20-1-132 (part))

10.08.030 Records.

A. The owner or person in charge of a dry warehouse shall maintain written records of the following information:

1. The kind of food stored, its quantity in weight or count;

2. The date of receipt and the name and address of the person for whom stored;

3. The date of release and the name and address of the person to whom released.

B. The records shall be retained for a period of one year from the date of release. (Prior code § 20-1-134)

10.08.040 Disposition of food unfit for human consumption.

Food in a dry warehouse, which has become apparently unfit for human consumption, shall be kept separate and apart from wholesome food. The owner or person in charge of the dry warehouse shall notify the department of health and the owner of the affected food of the presence of such food. If the food is found unfit, it shall be denatured, marked "Condemned," and removed either upon the order of its owner or of the department of health. (Prior code § 20-1-133)

Chapter 10.12

MINERAL, SPRING AND OTHER DRINKING WATER

Sections:

10.12.010	**Definitions.**
10.12.020	**Information statement required.**
10.12.030	**Carbonated water preparation.**

10.12.010 Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Chief medical director" means the chief administrative officer of the board of health or his designated representative.

"Department of health" means the department of health of the metropolitan government. Such term shall include the board and all of its agents, employees and activities. (Prior code § 20-1-1 (part))

10.12.020 Information statement required.

Every person who imports, manufactures or sells at wholesale any artificial or natural mineral spring or other water for drinking purposes shall file a statement with the department of health, setting forth the name of such water, the exact location from where it is obtained, its chemical analysis and the result of bacteriological examination, and in case of manufacture, the substances or elements entering into its composition. (Prior code § 20-1-140 (part))

10.12.030 Carbonated water preparation.

When carbonated water is prepared at the place where dispersed to the consumer, the potable water used shall be conducted from the public water supply system through closed pipes connected with the carbonating apparatus or carbonic acid gas tank from which it is dispensed to the consumer. (Prior code § 20-1-140 (part))

Chapter 10.16

DISEASE CONTROL

Sections:

10.16.010 Definitions.
10.16.020 Classification of diseases—Notification of authorities.
10.16.030 Notification of authorities—By healthcare providers.
10.16.040 Notification of authorities—By persons other than healthcare providers.
10.16.050 Notification of heads of households by healthcare providers.
10.16.060 Reporting outbreaks of gastroenteritis and dysentery.
10.16.070 Notification of authorities—By private diagnostic laboratories.
10.16.080 Action after notification—Chief medical director.
10.16.090 Interfering with duties of chief medical director.
10.16.100 Compliance required by hospital authorities.
10.16.110 Hospitalization of persons—Authorized when.
10.16.120 Work restrictions—Persons with tuberculosis.
10.16.130 Compliance required by persons with disease—Quarantine conditions.
10.16.140 Medical procedures after notification.
10.16.150 Incubation periods.
10.16.160 Minimum periods of communicability.
10.16.170 Methods of control—Certain diseases.
10.16.180 Methods of control—Contacts.
10.16.190 Methods of control—Carriers.
10.16.200 Concurrent disinfection.
10.16.210 Terminal disinfection.
10.16.220 School attendance restrictions—Children with certain diseases.
10.16.230 School attendance restrictions—Immunization required.
10.16.240 Serving or handling food prohibited by certain persons.
10.16.250 Sale of milk and milk products restricted when.

10.16.010 Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Chief medical director" means the chief administrative officer of the board of health or his designated representative.

"Department of health" means the department of health of the metropolitan government. Such term shall include the board and all of its agents, employees and activities. (Prior code § 20-1-1 (part))

10.16.020 Classification of diseases—Notification of authorities.

A. The following diseases are declared to be contagious, infectious, communicable and dangerous to the public health. All physicians knowing or suspecting cases of these diseases and other persons knowing of cases or suspects of these diseases shall notify the chief medical director in accordance with the provisions of this chapter and Chapter 2.36:

Class I

Anthrax
Botulism
Brucellosis
Cholera
Dengue
Diphtheria
Encephalitis, infectious
Hepatitis, infectious
Leprosy
Leptospirosis
Malaria
Plague
Poliomyelitis
  Paralytic
  Nonparalytic
Psittacosis
Rabies in man
Relapsing fever
Salmonellosis
  Typhoid fever
  Other forms
Shigellosis
Smallpox
Typhus fever
  Epidemic
  Endemic
Yellow fever

Class II

Amebiasis
Glanders
Hepatitis, serum
Meningococcal infections
Rheumatic fever
Rocky Mountain spotted fever
Tetanus
Trichinosis
Tuberculosis, all forms
Tularemia

Class III

Influenza
Measles
Streptococcal infections, including scarlet fever
Whooping cough

Class IV

Gonorrhea	Syphilis
	Primary
	Secondary
	Early latent
	Other forms

B. All physicians and other persons knowing of or suspecting a case of any of these diseases shall notify the chief medical director or the department of health in accordance with the provisions of the statutes and regulations governing the control of communicable diseases in Tennessee. (Prior code § 20-1-19)

10.16.030 Notification of authorities—By healthcare providers.

Whenever any healthcare provider examines or treats any person known or suspected by him to be affected with any of the diseases declared to be notifiable by this chapter, he shall give notice of such disease as follows:

A. For diseases listed in Class I, notification shall be made as soon as possible, and within twelve hours by telephone, in person or by writing to the chief medical director or department of health, giving the name, age, sex, race and address of the patient and the name of the known or suspected disease;

B. For all of the diseases listed in Classes I and II, notification shall be made each week to the chief medical director or department of health of all cases or suspected cases of the disease which have come under his care or observation during the preceding week, such reports to be made on forms supplied by the state department of health for that purpose, and giving the name, age, sex, race and address of the patient and the name of the known or suspected disease;

C. For the diseases listed in Class III, notification shall be made each week to the chief medical director or department of health of the number of such cases which have come under his care or observation during the preceding week, such reports to be made on forms supplied by the state department of public health for that purpose;

D. For the diseases listed in Class IV, every healthcare provider or other person who makes a diagnosis of or treats or prescribes for a person with any of these diseases, and every superintendent or manager of a clinic, dispensary or charitable or penal institution in which there is a case of such disease, shall make a confidential report of such case immediately in writing to the chief medical director or department of health on a form supplied by the state department of public health, stating the name, address, age, sex, race and stage of the disease, as prescribed in Section 68-10-101, Tennessee Code Annotated. When a person with an infectious case fails or refuses to take treatment, the case shall be reported to the chief medical director or department of health by special report. (Ord. BL2023-2125 § 1, 2023; Ord. 90-1339 § 1 (20-1), 1990; prior code § 20-1-20)

10.16.040 Notification of authorities—By persons other than healthcare providers.

It shall be the duty of the following named persons to notify immediately the department of health of the existence of any known or suspected communicable disease as specified in this chapter, or as otherwise specified by the state department of health or the metropolitan department of health:

A. Superintendents of Hospitals. Section 10.16.020 is made applicable to superintendents of hospitals in reference to the reporting of notifiable diseases. Superintendents of hospitals shall be equally responsible for the report of these diseases as the healthcare provider.

B. Principals and Teachers. Principals and teachers of public and private schools shall report all known or suspected cases of diphtheria, encephalitis, infectious hepatitis, measles, meningococcal infections, poliomyelitis, psittacosis, salmonellosis (including typhoid fever), shigellosis, smallpox, streptococcal infections, typhus fever or whooping cough in children attending such schools.

C. Summer Camps. The owner or manager of any summer camp shall report immediately any case or suspected case of communicable disease occurring among campers.

D. Institutions and Jails. The managing officers of all public and private institutions and jails shall report all cases of suspected cases of diphtheria, encephalitis, gonorrhea, infectious hepatitis, meningococcal infections, poliomyelitis, psittacosis, salmonellosis (including typhoid fever), shigellosis, smallpox, syphilis or typhus fever at such institutions.

E. Dairies, Dairy Farms, Milk Plants and Food Establishments. Owners or managers of any dairy farm, dairy, milk plant or food establishment shall report all cases or suspected cases of diphtheria, infectious hepatitis, poliomyelitis, salmonellosis (including typhoid fever), shigellosis or streptococcal infections among their employees.

F. Parents, Guardians and Heads of Households. Parents, guardians and heads of households shall report any cases or suspected cases of diseases declared notifiable by Section 10.16.020 occurring in their households.

G. Midwives. Midwives shall report within six hours any cases of inflamed eyes in babies whom they have attended. (Ord. BL2023-2125 § 2, 2023; prior code § 20-1-21)

10.16.050 Notification of heads of households by healthcare providers.

It shall be the duty of any healthcare provider, immediately upon discovering a case or suspected case of communicable disease, to inform the head of household of this fact, to instruct the head of household of such isolation of the patient and concurrent disinfection as may be necessary to prevent spread of the infection. It shall be the duty of persons so informed to comply with such instructions, unless otherwise instructed by the chief medical director or his authorized agent; provided, that this section shall not be construed to mean that any healthcare provider not duly authorized by the chief medical director has authority to establish quarantine or isolation or remove established quarantine or isolation restrictions for those diseases for which official quarantine or isolation is required by this chapter. (Ord. BL2023-2125 § 3, 2023; prior code § 20-1-24)

10.16.060 Reporting outbreaks of gastroenteritis and dysentery.

Every physician, nurse, superintendent or other person in charge of any school, hospital, institution, labor camp or other camp who shall have knowledge of the occurrence of a number or group of cases of gastroenteritis, dysentery or other disease in which diarrhea is a prominent symptom shall report the same immediately by telephone to the chief medical director or department of health. (Prior code § 20-1-22)

10.16.070 Notification of authorities—By private diagnostic laboratories.

It shall be the duty of the director of each diagnostic laboratory in the metropolitan government area to notify the chief medical director or department of health of persons upon whom a positive specimen has been found for the following diseases by forwarding to the chief medical director or department of health, within twenty-four hours, a copy of the report made to the attending physician: anthrax, brucellosis, cholera, diphtheria, encephalitis, leprosy, leptospirosis, malaria, poliomyelitis, psittacosis, Rocky Mountain spotted fever, salmonellosis (including typhoid fever), shigellosis, gonorrhea, chancroid, syphilis, tuberculosis, tularemia and typhus fever. (Prior code § 20-1-23)

10.16.080 Action after notification—Chief medical director.

Whenever the chief medical director is notified or has reason to believe that there is a case of notifiable disease within his jurisdiction, he shall:

A. Either in person or through an authorized representative, immediately inquire into the circumstances surrounding the occurrence of such disease;

B. Establish and maintain quarantine, isolation or such other methods of control as are required by this chapter;

C. When notified that a communicable disease exists in any pupil or teacher at any school, forthwith inform the school authorities of such fact, and advise and require the school authorities to take necessary steps to prevent the spread of such disease;

D. Supply such information, instructions or available literature to the responsible person of the household as may be necessary to cause measures to be taken to prevent the spread of the disease. (Prior code § 20-1-25)

10.16.090 Interfering with duties of chief medical director.

No person shall interfere with or obstruct the entrance to any house or premises, or the inspection or examination of any occupant thereof by the chief medical director, his duly authorized agent or a representative of the state department of public health in the proper discharge of his official duties. (Prior code § 20-1-41)

10.16.100 Compliance required by hospital authorities.

It shall be the duty of every superintendent or other person in charge of any hospital or sanatorium, as soon as any disease declared by this chapter to be notifiable occurs in, is admitted to, or is examined or treated at any such hospital or sanatorium, to obey and enforce the provisions of all regulations relating to the isolation or observation of cases, carriers and suspects. (Prior code § 20-1-26)

10.16.110 Hospitalization of persons—Authorized when.

When, in the opinion of the chief medical director, proper isolation or care of any case, carrier or suspect of a communicable disease is not, or cannot be, effectually maintained on the premises occupied by the affected person by methods designated in this chapter, he may remove or require the removal of such person to a hospital or other proper place designated or approved by him. It shall be the duty of all persons concerned to

comply with the orders in reference to such removal. (Prior code § 20-1-27)

10.16.120 Work restrictions—Persons with tuberculosis.

A. Any person declared to be infected and in an active stage of reinfection tuberculosis shall be prohibited from working in any dairy, milk plant, food-handling establishment, beauty parlor, barbershop, mill, factory, mine or any other place of employment where there would be direct contact with food for public consumption or with other persons. Any owner or manager of any such establishment having knowledge of or suspecting an employee or prospective employee of having this disease in an active form shall not employ or continue to employ any such person or persons until the absence or arrest of the suspected disease has been determined and certified to by a physician holding an unlimited license to practice medicine in this state; provided, that such certification shall be acceptable to the chief medical director who, through state or local facilities, may require a physical or laboratory or X-ray examination or both without cost to the patient to determine the disease status.

B. The finding of the mycobacterium tuberculosis organism in a specimen of sputum from a patient or X-ray evidence of active tuberculosis or both by a physician or laboratory approved by the state department of public health shall be sufficient evidence of declaration of infectiousness under this chapter.

C. Any person declared to be infected and in an active stage of reinfection tuberculosis shall be prohibited from teaching or otherwise working in or attending any private or public school. Any superintendent, principal or teacher having knowledge of or suspecting a student or teacher of having tuberculosis in an active form shall prohibit the attendance of such person at a school until the absence or arrest of the suspected disease has been determined and certified to by a physician holding an unlimited license to practice medicine in the state; provided, that such certification must be acceptable to the chief medical director in the same manner and under the same conditions as stated above. (Prior code § 20-1-28)

10.16.130 Compliance required by persons with disease—Quarantine conditions.

A. Every person who is infected with a communicable disease, who is suspected of having a communicable disease or who is a contact with a case of communicable disease shall strictly observe and comply with all official orders, isolation and quarantine regulations and restrictions given or imposed by the chief medical director or the state department of public health, in conformity with law and pursuant to this chapter.

B. No person other than the attending physician and authorized attendants shall enter, and no one shall permit any other person to enter, any room, apartment or premises quarantined for a communicable disease without a written permit from the chief medical director.

C. No person except the chief medical director or his duly authorized agent shall remove, conceal or deface any quarantine or isolation placard. (Prior code § 20-1-29)

10.16.140 Medical procedures after notification.

It shall be duty of the chief medical director, on receiving a report of anthrax, botulism, brucellosis, cholera, dengue, diphtheria, infectious encephalitis, infectious hepatitis, leptospirosis, malaria, plague, poliomyelitis, psittacosis, rabies in man, relapsing fever, Rocky Mountain spotted fever, salmonellosis (including typhoid fever), shigellosis, smallpox, trichiniasis, tularemia, typhus fever or yellow fever, to:

A. Confer with the physician or other person making such report;

B. Collect such specimens for laboratory examination, including nose and throat swabs, blood, feces and urine, or other types, as may be necessary to confirm the diagnosis of the disease or to find the source of the infection or both;

C. Make a complete epidemiological investigation and record the findings on a communicable disease field record; and

D. Establish such isolation or quarantine measures as provided by this chapter. (Prior code § 20-1-30)

10.16.150 Incubation periods.

For the purpose of this article, the accepted periods of incubation of certain communicable diseases are declared to be as follows, and shall be observed where indicated by the chief medical director in carrying out control measures:

Amebiasis	5 days to several months
Anthrax	Within 7 days
Botulism	Usually within 18 hours
Brucellosis	Usually 14 to 30 days
Cholera	3 to 5 days
Dengue	3 to 5 days
Diphtheria	2 to 5 days
Encephalitis, infectious	5 to 15 days
Glanders	1 to 5 days
Gonorrhea	3 to 9 days

Hepatitis, infectious	10 to 40 days
Hepatitis, serum	2 to 6 months
Influenza	24 to 48 hours
Leprosy	1 to several years
Leptospirosis	4 to 19 days
Malaria	
P. vivax	13 to 15 days
P. Falciparum	12 days
P. Malariae	28 to 30 days
Measles	About 10 days
Meningococcal infections	2 to 10 days
Plague	2 to 6 days
Poliomyelitis	7 to 21 days
Psittacosis	6 to 15 days
Rabies in man	Usually 2 to 6 weeks
Relapsing fever	Up to 12 days
Rheumatic fever	Not applicable
Rocky Mountain spotted fever	3 to 10 days
Salmonella Typhosa	1 to 3 weeks
Salmonella Paratyphi	1 to 10 days
Salmonella Schottmuelleri	1 to 10 days
Salmonellosis, other	6 to 48 hours
Shigellosis	36 hours to 7 days
Smallpox	7 to 16 days
Streptococcal infections	2 to 5 days
Syphilis	10 days to 10 weeks
Tetanus	4 days to 3 weeks
Trichinosis	2 to 28 days
Tuberculosis	Variable
Tularemia	24 hours to 10 days
Typhus fever	
Epidemic	6 to 15 days
Endemic	6 to 14 days
Whooping cough	7 to 21 days
Yellow fever	3 to 6 days

(Prior code § 20-1-31)

10.16.160 Minimum periods of communicability.

For the purpose of this chapter, the minimum periods of communicability for clinical cases of the diseases named in this section are declared to extend from the onset of the earliest symptoms to the time specified for each disease, and shall be observed by the chief medical director in controlling cases of communicable diseases:

Amebiasis—During intestinal infection.

Anthrax—Until lesions have healed.

Botulism—Not applicable.

Brucellosis—Rarely transmitted from man to man.

Cholera—Until the feces are free of the organism.

Dengue—Not transmitted from man to man. Vector—Aedes aegypti.

Diphtheria—Until fourteen days from first symptoms, provided abnormal discharges have ceased, and provided three successive negative nose and throat cultures have been had.

Encephalitis, infectious—Not transmitted from man to man. Vector—Culex tarsalis.

Glanders—Until lesions have completely healed.

Gonorrhea—Until adequate treatment has been given.

Hepatitis, infectious—Unknown.

Hepatitis, serum—Unknown. Transmitted only through blood or blood products.

Influenza—One week from onset.

Leprosy—Until lesions are completely healed.

Leptospirosis—Not applicable. Transmission from man to man negligible.

Malaria—Not transmitted from man to man. Vector—Anopheles quadrimaculatus.

Measles—Until five days after rash has appeared.

Meningococcal infections—Until fourteen days after onset, provided abnormal discharges have ceased.

Plague:

Bubonic type—Not communicable from man to man.

Pneumonic type—Until temperature has returned to normal and all abnormal discharges have ceased.

Poliomyelitis—Until seven days from onset. Virus may remain in feces for three to six weeks or longer.

Psittacosis—Until temperature has returned to normal and all abnormal discharges have ceased.

Rabies in man—Rarely transmitted from man to man.

Relapsing fever—Not transmitted from man to man.

Rheumatic fever—Not known to be communicable.

Rocky Mountain spotted fever—Not transmitted from man to man.

Salmonellosis:

Typhoid fever—Until at least one week after temperature has returned to normal and until three consecutive negative feces and urine cultures, taken at least one week apart and at least ten days after cessation of antibiotic therapy, show the absence of the infective organisms.

Other salmonella infections—Same as for typhoid fever.

Shigellosis—Until one week after temperature has returned to normal or one week after cessation of sulfonamide therapy or both and until two consecutive feces specimens taken at least one week apart show the absence of the infective organism.

Smallpox—Until the disappearance of crusts and scabs.

Streptococcal infections—Any patient who has beta hemolytic streptococcal infection will be isolated for

twenty-four hours, and immediately be given an appropriate chemotherapeutic or antibiotic agent. He will be allowed to return to school or normal activities when he has been afebrile for three days, and there are no abnormal discharges or other complications. All cases of beta hemolytic streptococcal infection are to be reported to the department of health. There will be no quarantine of contacts.

Syphilis—Until adequate treatment has been given to assure that an infectious relapse will not occur.

Tetanus—Not transmitted from man to man.

Trichinosis—Not transmitted from man to man.

Tuberculosis—As long as the specific causative organisms are discharged from the patient.

Tularemia—Not transmitted from man to man.

Typhus fever:

Epidemic—Not transmitted from man to man.

Endemic—Not transmitted from man to man.

Whooping cough—Until three weeks after development of the characteristic whoop or until five weeks after the appearance of first catarrhal symptoms.

Yellow fever—Not transmitted from man to man. (Prior code § 20-1-32)

10.16.170 Methods of control—Certain diseases.

A. The chief medical director, upon receiving a report of a case of any disease designated in this chapter, shall promptly institute and maintain during the period of communicability, such methods of control as are designated in this section:

1. When the disease is diphtheria, plague or smallpox, official quarantine shall be instituted, the house or apartment where such disease exists shall be placarded, the patient shall be isolated, contact between the patient and all except the necessary attendants shall be strictly prohibited and concurrent and terminal disinfection practiced.

2. When the disease is glanders, poliomyelitis or psittacosis, the patient shall be officially isolated in a separate room, and contact between the patient and all except the necessary attendants shall be strictly prohibited and concurrent disinfection shall be practiced.

3. When the disease is cholera, infectious hepatitis, salmonellosis (including typhoid fever) or shigellosis, the patient shall be officially isolated in a room separate and apart from others in the household where possible, the room shall be effectually screened against flies where possible, concurrent disinfection shall be practiced, contact with all except the necessary attendants shall be strictly prohibited until convalescence and the patient shall be continued under observation (infectious hepatitis excluded) until negative laboratory examinations are secured as provided elsewhere in this chapter for release. In the case of infectious hepatitis, instructions shall be given to continue concurrent disinfection for at least two months after recovery.

4. When the disease is anthrax, influenza, measles, meningococcal infections, rabies, streptococcal infections or whooping cough, the attending physician should instruct the householder that the patient should be isolated and concurrent disinfection practiced. Any patient who has beta hemolytic streptococcal infection shall be isolated for twenty-four hours, and immediately be given an appropriate chemotherapeutic or antibiotic agent. He may return to school or normal activities when he has been afebrile for three days, and there are no abnormal discharges or other complications. All cases of beta hemolytic streptococcal infection shall be reported to the department of health. There need be no quarantine of contacts.

5. When the disease is amebiasis or leprosy, the patient shall be held under observation to ensure that scrupulous concurrent disinfection is practiced.

6. When the disease is gonorrhea, syphilis or tuberculosis, the premises shall be placarded and the patient isolated whenever the infected person fails or refuses to take the necessary measures to prevent the spread of the disease to others and as provided by statute.

7. When the disease is dengue, malaria or yellow fever, every effort should be made to prevent the transmission of the infection, and where possible, the house shall be screened to prevent ingress of mosquitoes.

8. When the disease is botulism, brucellosis, infectious encephalitis, serum hepatitis, leptospirosis, relapsing fever, Rocky Mountain spotted fever, tetanus, trichinosis, tularemia or endemic typhus fever, the patient should be isolated to protect him from secondary infections.

B. When the chief medical director finds that the methods designated are ineffective in the control of an individual case of communicable disease or other measures are indicated, or that disease not described in this section, but recognized as a reportable communicable disease by the Tennessee Department of Health or as a notifiable infectious disease by the Centers for Disease Control and Prevention, warrants a method of control, he or she is authorized to employ such additional restrictions as may be necessary for the protection of the public health. (Ord. BL2019-44 § 1, 2019; prior code § 20-1-33)

10.16.180 Methods of control—Contacts.

It shall be the duty of the chief medical director to institute and maintain measures for the control of

contracts of persons with diphtheria, plague and smallpox by quarantine or observation of such contacts in the same manner as that prescribed for the person with the disease to which the contact has been exposed from last contact until time has elapsed equivalent to the maximum incubation period of the disease unless the contact gives evidence of immunity to the disease. The chief medical director is authorized at his discretion to impose the above restrictions on contacts of other diseases transmitted from man to man, directly or indirectly, whenever, in his judgment, the disease can be effectively controlled by this procedure. The chief medical director is further authorized, at his discretion and upon his own responsibility, to grant a provisional written permit modifying the restrictions for contacts whenever, in his judgment, such action will not result in the spread of the disease. (Prior code § 20-1-34)

10.16.190 Methods of control—Carriers.

A. Convalescent or healthy carriers of salmonella (including typhoid) or shigella organisms:

1. Shall be instructed fully by the chief medical director in the precautions necessary to protect others from infection, including methods of excreta disposal;

2. Shall not engage in any occupation involving the handling of milk, food or drink for use by others;

3. Shall notify the chief medical director of any change of address;

4. Shall be visited by the chief medical director or his duly authorized representative as often as necessary to assure that these regulations are being observed;

5. Shall be released from observation by the chief medical director:

a. Convalescent, after the temperature has been normal for at least one week and after a minimum of three consecutive negative fecal cultures (in typhoid, also urine cultures) taken at least one week apart and at least ten days after cessation of antibiotic therapy, show the absence of the organisms,

b. Healthy, after a minimum of three consecutive negative fecal cultures (in typhoid, also urine cultures) taken at least one week apart show the absence of the organisms, provided no antibiotic therapy has been given before or is given during the intervals between the collection of specimens.

B. Chronic carriers of salmonella (including typhoid) or shigella organisms:

1. Shall be instructed fully by the chief medical director in the precautions necessary to protect others from infections, including methods of excreta disposal;

2. Shall not engage in any occupation involving the handling of milk, food or drink for use by others;

3. Shall notify the chief medical director of any change of address;

4. Shall be visited by the chief medical director or his duly authorized representative at least once a year or oftener as necessary, for the purpose of determining if these regulations are being observed;

5. Shall be required to sign an acknowledgment in triplicate of his condition, the danger of this condition to others and the precautions necessary to be taken to prevent being the source of cases of the diseases. One copy shall be kept by the carrier, one copy shall be filed in the office of the chief medical director and one copy shall be sent by the chief medical director to the division of preventable diseases, state department of public health;

6. Shall be released from observation only upon approval of the commissioner of the state department of public health.

C. In requesting release of a chronic carrier, proof shall be submitted of a minimum of six consecutive negative fecal cultures (in urinary carriers, a minimum of six consecutive negative urine cultures) taken at least one month apart, the last two of which must be validated by collection in a hospital or otherwise directly supervised, and that no antibiotic has been given during the ten days immediately preceding the collection of each specimen. In releasing former fecal carriers, the final two fecal cultures may be validated by the giving of lycopodium; or a negative bile culture may be substituted for such validation. (Prior code § 20-1-35)

10.16.200 Concurrent disinfection.

It shall be the duty of the chief medical director to give detailed instructions to the nurses or other persons caring for a case of a communicable disease which has been officially isolated or quarantined in regard to the disinfection and disposal of all articles contaminated directly or indirectly by contact with the patient. It shall be the duty of the nurse or attendant and head of the household faithfully to carry out such disinfection throughout the communicable period of the disease. (Prior code § 20-1-36)

10.16.210 Terminal disinfection.

It shall also be the duty of the chief medical director, prior to the release from official isolation or quarantine of any case of communicable disease, to have instituted such terminal disinfection and cleansing measures as he may deem necessary. Terminal disinfection shall in no case be a substitute for concurrent disinfection throughout the course of the disease. (Prior code § 20-1-37)

10.16.220 School attendance restrictions—Children with certain diseases.

A. In addition to the diseases declared by this chapter to be notifiable, it shall be the duty of the school authorities to exclude from any public or private school, any child who is infected with, or who is suspected of having the following diseases: chickenpox, contagious conjunctivitis (pink eye), favus, German measles, impetigo contagiosa, mumps, pediculosis, ringworm, scabies, streptococcal infections and Vincent's infection.

B. Children with impetigo contagiosa and ringworm shall be excluded from school until treatment has been instituted and preventive measures started. (Prior code § 20-1-40)

10.16.230 School attendance restrictions—Immunization required.

A. The chief medical director shall, immediately upon the convening of the respective schools in the metropolitan government area, make a survey for the purpose of ascertaining all those in attendance who have not been immunized against diphtheria, pertussis, tetanus, poliomyelitis, rubeola (red measles), rubella (German measles) and smallpox, and issue notice to the respective parents of such children of this requirement for compulsory immunization of schoolchildren against diphtheria, pertussis, tetanus, poliomyelitis, rubeola (red measles), rubella (German measles) and smallpox as a condition for continued attendance in school, and designate a reasonable time within which immunization procedure shall be completed. When and if such parent shall fail or refuse to take his child to his family physician for the immunization procedure within the time designated by the chief medical director, he shall be notified that unless a written opinion is furnished the chief medical director from a physician that it would not be prudent, on account of sickness or other cause, to administer the prophylactic treatment, the chief medical director shall proceed to enforce the provisions of this section. The chief medical director is authorized to furnish, at the department's expense, the necessary vaccine or serum, or both, and to perform the necessary immunization service for those children whose parents request the same.

B. The immunizations against diphtheria, pertussis, tetanus, poliomyelitis, rubeola (red measles), rubella (German measles) and smallpox, as mentioned in subsection A of this section, shall also be a condition precedent to the right to be in attendance upon any day nursery school or other similar agency. (Prior code § 20-1-42)

10.16.240 Serving or handling food prohibited by certain persons.

No person who is ill with cholera, diphtheria, infectious hepatitis, poliomyelitis, salmonellosis (including typhoid fever), shigellosis or streptococcal infection or who resides in a household with a case of any of these diseases or is a carrier of salmonella or shigella organisms shall serve or handle in any manner whatsoever food intended for sale or public consumption. (Prior code § 20-1-39)

10.16.250 Sale of milk and milk products restricted when.

When a case of cholera, diphtheria, infectious hepatitis, poliomyelitis, salmonellosis (including typhoid fever), shigellosis, streptococcal infection, or a carrier of salmonella or shigella exists or resides on any farm or dairy producing milk, cream, butter, cheese or other milk products, the chief medical director shall prohibit the removal or sale of these products from such farm or dairy, unless the handling of the products is done in a manner which will preclude the possibility of contamination and unless written approval of such removal is granted by the chief medical director. If these products are sold or consumed in another health jurisdiction, he shall immediately report to the local health officer concerned, giving necessary information regarding the disease, the name and location of such farm or dairy and the place or places where these products are sold or consumed. Whenever possible, it is desirable for the cases and carriers of this classification to be removed entirely from the premises where food is produced, processed, sold or served for public consumption. (Prior code § 20-1-38)

Chapter 10.18

PROHIBITION OF SMOKING IN METROPOLITAN BUILDINGS

Sections:

10.18.010	**Definitions.**
10.18.020	**Smoking prohibition.**
10.18.030	**Smoking in non-metropolitan government buildings.**
10.18.040	**Posting of signs.**
10.18.045	**Smoking on and near hospital property prohibited.**
10.18.046	**Vaping on and near hospital property prohibited.**
10.18.050	**Penalties.**

10.18.010 Definitions.

For the purposes of this chapter, the words and phrases herein shall have the following meanings:

"Enclosed area" means all space between a floor and ceiling that is enclosed on all sides by solid walls or windows, exclusive of doorways, which extend from the floor to ceiling.

"Metropolitan government building" means any structure or enclosed area owned by the metropolitan government including the field and the stadium bowl owned by the Sports Authority of the Metropolitan Government, including those portions of buildings owned by other entities which are rented or leased by the metropolitan government, except that the term "metropolitan government building" does not include:

(a) Housing or residences under the operation and control of the metropolitan development and housing agency; and

(b) Office space rented or leased by the metropolitan government to private, nongovernmental tenants with three or fewer employees, where smoke from the rented or leased office space cannot infiltrate into an area where smoking is prohibited.

"Smoking" means the burning of a lighted cigarette, cigar, pipe or any other matter or substance which contains tobacco.

"Vaping" means the heating and aerosolization of matter which contains nicotine or other substances for the purpose of inhalation through the use of an Electronic Smoking Device (ESD). (Ord. BL2020-162 § 1, 2020; Ord. BL2008-331 § 1, 2008; Ord. 98-1381 § 1, 1998; Amdt. 1 to Ord. 95-1397, 6/6/95; Ord. 95-1397 § 1, 1995; Ord. 95-1316 § 1, 1995; Ord. 94-1119 § 1, 1995; Ord. 94-1035 § 1, 1994)

10.18.020 Smoking prohibition.

Smoking is prohibited inside all metropolitan government buildings and on the grounds of all outdoor amphitheaters with a seating capacity of at least six thousand owned or operated by the metropolitan government. Smoking is also prohibited in all non-enclosed areas of public spaces where smoke can infiltrate into a metropolitan government building. Further, smoking is prohibited on the grounds of all playgrounds owned by the metropolitan government. (Ord. BL2020-301 § 1, 2020; Amdt. 1 to Ord. BL2016-205 § 1, 2016; Ord. BL2016-205 § 1, 2016; Ord. BL2008-331 § 2, 2008; Ord. 94-1119 § 2, 1995; Ord. 94-1035 § 2, 1994)

10.18.030 Smoking in non-metropolitan government buildings.

Those departments, boards, agencies and private owners listed in Section 10.18.010, Metropolitan government building, subsection 1, shall not be precluded from also prohibiting smoking in those facilities or areas of such facilities that are not subject to this chapter. (Ord. 94-1119 § 3, 1995; Ord. 94-1035 § 3, 1994)

10.18.040 Posting of signs.

In all metropolitan government buildings where smoking is prohibited under the provisions of this chapter, the department of general services or department, board or agency having control of such building, shall conspicuously post, or cause to be posted, signs stating that smoking is prohibited and that violators are subject to fines. (Ord. 94-1119 § 4, 1995; Ord. 94-1035 § 4, 1994)

10.18.045 Smoking on and near hospital property prohibited.

A. Smoking is prohibited on all hospital property and in the public right-of-way located within fifty feet of the entrance to a hospital.

B. In addition to the prohibitions included in subsection A, smoking is prohibited in the following public areas, provided signs are posted in such areas designating them as nonsmoking:

1. Within two hundred feet of all entrances to the following Vanderbilt University Hospital Facilities:

a. Vanderbilt University Hospital located at 1211 Medical Center Drive.

b. Vanderbilt Clinic located at 1301 Medical Center Drive.

c. Medical Center East - North Tower located at 1215 21st Avenue South.

d. Medical Center East - South Tower located at 1212 21st Avenue South.

e. Medical Center North located at 1161 21st Avenue South.

f. Monroe Carrell, Jr. Children's Hospital at Vanderbilt located at 2100 Children's Way.

g. Vanderbilt Psychiatric Hospital located at 1601 23rd Avenue South.

h. Medical Arts Building located at 1211 21st Avenue South.

i. Vanderbilt Stallworth Rehabilitation Hospital located at 2201 Children's Way.

2. Within two hundred feet of all entrances to the following Saint Thomas Health facilities:

a. Saint Thomas Hospital located at 4220 Harding Road.

b. Saint Thomas Heart located at 4230 Harding Road.

c. Baptist Hospital located at 2000 Church Street.

d. Baptist Hospital Sports Medicine located at 2011 Church Street.

e. Saint Thomas Heart at Baptist Hospital located at 222 22nd Avenue North.

f. Center for Breast Health at Baptist Hospital located at 300 20th Avenue North.

g. Center for Spinal Surgery at Baptist Hospital located at 2011 Murphy Avenue.

3. Within two hundred feet of all entrances to Nashville General Hospital's facilities located at 1818 Albion Street. (Amdt. 1 to Ord. BL2012-115, § 1, 2012; Ord. BL2012-115, § 1, 2012)

10.18.046 Vaping on and near hospital property prohibited.

A. Vaping is prohibited on all hospital property and in the public right-of-way located within fifty feet of the entrance to a hospital.

B. In addition to the prohibitions included in subsection A, vaping is prohibited in the following public areas, provided signs are posted in such areas designating them as nonsmoking:

1. Within two hundred feet of all entrances to the following Vanderbilt University Medical Center Facilities:

a. Vanderbilt University Hospital located at 1211 Medical Center Drive.

b. Vanderbilt Clinic located at 1301 Medical Center Drive.

c. Medical Center East - North Tower located at 1215 21st Avenue South.

d. Medical Center East - South Tower located at 1212 21st Avenue South.

e. Medical Center North located at 1161 21st Avenue South.

f. Monroe Carroll, Jr. Children's Hospital at Vanderbilt located at 2100 Children's Way.

g. Vanderbilt Psychiatric Hospital located at 1601 23rd Avenue South.

h. Medical Arts Building located at 1211 21st Avenue South.

i. Vanderbilt Stallworth Rehabilitation Hospital located at 2201 Children's Way.

2. Within two hundred feet of all entrances to the following Saint Thomas Health facilities:

a. Saint Thomas Hospital West located at 4220 Harding Road.

b. Saint Thomas West Medical Office Building located at 4230 Harding Road.

c. NEC located at 4304-4306 Harding Pike.

d. Saint Thomas Mid-Town Hospital located at 2000 Church Street.

e. Saint Thomas Sports Medicine located at 2011 Church Street.

f. Saint Thomas Mid-Town — Old Security Building 1914 Church Street.

g. HRT Mid-State 2010 Church Street.

h. Medical Office Building at Saint Thomas Mid-Town located at 300 20th Avenue North.

i. Heart Building at St Thomas Mid-Town 301 21st Avenue North.

Editor's note—Ord. BL2020-162, § 2, passed March 5, 2020, set out provisions intended for use as § 10.18.045. At the editor's discretion, to prevent duplication of section numbers, these provisions have been included as § 10.18.046.

10.18.050 Penalties.

Any person found in violation of the provisions of this chapter shall be punished by a fine not to exceed fifty dollars. (Ord. 94-1119 § 6, 1995; Ord. 94-1035 § 5, 1994)

Chapter 10.19

PROHIBITION OF SMOKING IN CERTAIN AGE-RESTRICTED VENUES

Sections:

10.19.010	**Definitions.**
10.19.020	**Smoking and use of vapor products in age-restricted venues prohibited.**
10.19.030	**Enforcement.**
10.19.040	**Violations and penalties.**
10.19.050	**Severability.**

10.19.010 Definitions.

For the purposes of this chapter, the words and phrases herein shall have the following meanings:

"Age-restricted venue" means a legal establishment that affirmatively restricts access to its buildings or facilities at all times to persons who are twenty-one years of age or older by requiring each person who attempts to gain entry to those buildings or facilities to submit for inspection an acceptable form of identification for the express purpose of determining if the person is twenty-one years of age or older.

"Cigar bar" means a legal establishment that:

1. Holds a valid license or permit for the on-premise consumption of alcoholic beverages;

2. Generates a portion of its total annual gross income from the on-site sale of cigars and the rental of humidors;

3. Does not knowingly sell products or services, or permit entrance to the premises, to a person who is less than twenty-one years of age; and

4. Does not permit vaping or the smoking of products other than cigars on the premises.

"Hookah bar" means a legal establishment that:

1. Generates a portion of its total annual gross income from the on-site sale and consumption of shisha tobacco products with a hookah;

2. Does not knowingly sell products or services, or permit entrance to the premises, to a person who is less than twenty-one years of age; and

3. Does not permit the smoking or vaping of products other than shisha tobacco on the premises.

"Retail tobacco store" means a retail store that derives its largest category of sales from tobacco products and accessories.

"Retail vapor product store" means a retail store that derives its largest category of sales from vapor products and accessories.

"Smoking" means inhaling, exhaling, burning, or carrying any lighted cigar, cigarette, pipe, or other lighted tobacco product in any manner or in any form. "Smoking" also means using a vapor product that delivers aerosolized or vaporized nicotine, or any other substance, to the person inhaling from the device.

"Vapor Bar" means a legal establishment that:

1. Holds a valid license or permit for the on-premises consumption of alcoholic beverages;

2. Generates a portion of its total annual gross income from the on-site sales of vapor products and accessories;

3. Only permits on-premises vaping of hemp-derived cannabinoid products, which are sold by the establishment, and consumed through devices owned and provided by the establishment;

4. Does not sell products or services to a person less than twenty-one years of age and is an age-restricted venue;

5. Does not permit vaping or smoking of cigars, cigarettes, or any other product containing nicotine, synthetic nicotine, or tobacco; and

6. Operates in accordance with all applicable Tennessee state laws.

"Vapor product":

1. Means any noncombustible product containing nicotine or any other substance that employs a mechanical heating element, battery, electronic circuit, or other mechanism, regardless of shape or size, that can be used to produce or emit a visible or non-visible vapor;

2. Includes any electronic cigarette, electronic cigar, electronic cigarillo, electronic pipe, or similar product, and any vapor cartridge, any substance used to refill a vapor cartridge, or other container of a solution containing nicotine or any other substance that is intended to be used with or in an electronic cigarette, electronic cigar, electronic cigarillo, electronic pipe, or similar product; and

3. Does not include any product regulated under Chapter V of the Food, Drug, and Cosmetic Act (21 U.S.C. § 351 et seq.), as may be amended from time to time. (Amdts. 2 and 3 to Ord. BL2022-1383 § 1, 2022; Ord. BL2022-1383 § 1, 2022)

10.19.020 Smoking and use of vapor products in age-restricted venues prohibited.

A. Smoking and the use of vapor products is prohibited in all age-restricted venues.

B. Notwithstanding subsection A of this section, the prohibition on smoking and the use of vapor products in age-restricted venues shall not apply to:

1. retail tobacco stores;
2. retail vapor product stores;
3. cigar bars;
4. hookah bars;

5. vapor bars. (Amdts. 2 and 3 to Ord. BL2022-1383 § 1, 2022; Ord. BL2022-1383 § 1, 2022)

10.19.030 Enforcement.

A. No person shall engage in smoking or the use of vapor products in an age-restricted venue where smoking and the use of vapor products is prohibited by this chapter.

B. No person who owns, manages, operates, or otherwise controls an age-restricted venue shall knowingly allow any person to engage in smoking or the use of vapor products in an age-restricted venue where smoking and the use of vapor products is prohibited by this chapter. For purposes of this subsection, "knowingly allow" means the person has actual notice of or, through reasonable due diligence, should know that a person is engaging in smoking or the use of vapor products.

C. "No Smoking" signs or the international "No Smoking" symbol, and "No Vapor" signs or the "No Vaping/"No E-Cigarette" symbol shall be clearly and conspicuously posted at every entrance to any age-restricted venue where smoking and the use of vapor products is prohibited by this chapter by the owner, operator, manager, or other person in control of the age-restricted venue.

D. The presence or absence of signs shall not be a defense to a charge of smoking or the use of vapor products pursuant to this chapter.

E. No person shall intimidate, threaten any reprisal, or effect any reprisal, for the purpose of retaliating against another person who seeks to attain compliance with this chapter.

F. The department of health shall have the authority and responsibility for enforcing the provisions of this chapter. Notwithstanding the foregoing, nothing in the provisions of this chapter shall be construed to limit the authority of any other departments, boards, commissions, agencies, officers, and employees of the Metropolitan Government of Nashville and Davidson County to enforce the provisions of this chapter. (Amdt. 1 to Ord. BL2022-1383 § 1, 2022; Ord. BL2022-1383 § 1, 2022)

10.19.040 Violations and penalties.

A. Any person found in violation of the provisions of this chapter shall be punished by a fine not to exceed fifty dollars.

B. Each instance of smoking or the use of vapor products in violation of this chapter shall constitute a separate violation.

C. Each refusal to comply with a request to conform to the requirements of this chapter shall constitute a separate violation. (Ord. BL2022-1383 § 1, 2022)

10.19.050 Severability.

Should any portion of this chapter be declared to be invalid by any court of competent jurisdiction, such provision shall be severed and shall not affect the validity of the remaining provisions. (Amdt. 3 to Ord. BL2022-1383 § 1, 2022)

Chapter 10.20

WASTE MANAGEMENT*

Sections:

Article I. General Regulations

10.20.001 Waste services department created.
10.20.002 Responsibilities.
10.20.003 Director of waste services—Qualifications and compensation.
10.20.004 Same—Powers and duties.
10.20.010 Definitions.
10.20.020 Metropolitan government authority.
10.20.030 Director authority.
10.20.040 Adoption of rules and regulations.
10.20.050 Exemptions.
10.20.060 Sanitary landfill site—Extension of permit and use.
10.20.070 Information required on dump trucks—Violation and penalty.
10.20.072 Dumpster collection and requirements.
10.20.075 Information required on vehicles transporting used tires—Violation and penalty.
10.20.080 Disposal and placement of battery boxes and parts.
10.20.085 Brush collection.
10.20.090 Enforcement/right of entry.
10.20.095 Yard waste, corrugated cardboard and electronic waste banned from solid waste collection.
10.20.100 Private collection permits.
10.20.105 Recycling services to be made available by waste haulers.
10.20.110 Container requirements, ownership and use; scavenging.
10.20.120 Nuisance declared when.
10.20.130 No dumping permitted.

Article II. Urban Services District—Waste Collection And Disposal

10.20.200 Director of waste services authority.
10.20.220 Collection requirements.
10.20.240 Hazardous, pathogenic and radioactive waste.
10.20.250 Building debris—Responsibility for removal.
10.20.260 Public trash receptacles—Purpose—Specifications.

Article III. Disposal Facilities, Fees And Charges

10.20.300 Sanitary landfills established—Fee required.
10.20.310 Tip fees generally.
10.20.330 Tip fee—Wood waste, chipper residue and yard waste.
10.20.340 Tip fees—Increased for out-of-county users.
10.20.350 Vehicle requirements—Dumping times.
10.20.360 Solid waste generator fees.
10.20.365 Convenience center and special waste fees.
10.20.370 Collection of fees.
10.20.380 Providers of solid waste disposal service—Fees—Other rules.
10.20.390 Calculation of fees.
10.20.395 Periodic reports.

Article IV. Waste Management Plan Report

10.20.400 Waste management plan report.

Article V. Waste Management Development Review Fee

10.20.500 Waste management development review fee.

***Editor's note—**Ord. No. BL2010-718, § 1, approved August 18, 2010, repealed the former Ch. 10.20, §§ 10.20.010—10.20.500, and enacted a new Ch. 10.20 as set out herein. The former Ch. 10.20 pertained to solid waste collection and disposal and derived from Prior Code §§ 36-1-2, 36-1-2.1, 36-1-2.2, 36-1-40—36-1-44; 36-2-1—36-2-20, 36-2-23—36-2-26; Amdt. 3 to Ord. 89-825, 11-21-89; Ord. 89-825 § 5, 1989; Amdt. 2 to Ord. 89-826, 8-1-89; Ord. 89-826 §§ 1, 2, 1989; Ord. 90-1108 § 1, 1990; Amdt. 1 to Ord. 91-44, 11-19-91; Ord. 91-44 § 1, 1991; Ord. 91-1516 § 1, 1991; Ord. 91-1603 § 1, 1991; Ord. 91-1604 §§ 1, 2, 4, 5, 1991; Ord. 91-1651 § 1, 1991; Ord. 92-325 § 1, 1992; Ord. 93-821 §§ 1—4, 6, 7, 10—12, 1993; Ord. 94-914 § 1, 1994; Ord. 94-988 § 1, 1994; Ord. 94-1063 § 1, 1994; Amdts. 1 and 2 to Ord. 98-1109 §§ 1, 2, 1998; Ord. 98-1109 § 1, 1998; Ord. 98-1110 § 1, 1998; Ord. 98-1389 § 2, 1998; Ord. 99-1668 § 1, 1999; Amdt. 1 to Ord. 2001-925 § 1, 2002; Ord. 2002-931 § 1, 2002; Ord. BL2003-10 § 1, 2003; Amdt. 1 to Ord. BL2003-1510 § 1, 2003.

Article I. General Regulations

10.20.001 Waste services department created.

There shall be the department of waste services, which shall consist of a director of waste services and such other officers and employees organized into such divisions and other units as may be provided by ordinance

or by the orders of the director consistent therewith and approved by the mayor. (Ord. BL2025-819 § 1, 2025)

10.20.002 Responsibilities.

The department of waste services shall be responsible for:

(a) The collection and disposal of garbage and other refuse, and maintenance and operation of facilities for disposal of same.

(b) The collection of all charges for services of such collection and disposal.

(c) Such other powers and duties as may be assigned to the department by ordinance. (Ord. BL2025-819 § 1, 2025)

10.20.003 Director of waste services—Qualifications and compensation.

The head of waste services shall be the director. A permanent vacancy in the office of director shall be filled by appointment made by the mayor, subject to the civil service provisions of this Charter. He or she shall have had at least five years' experience in industry or in municipal or metropolitan departments of waste or related field. In the event of temporary vacancy in the office of director due to sickness, absence or other disability, a temporary appointment may be made by the mayor, subject to the civil service provisions of this Charter. (Ord. BL2025-819 § 1, 2025)

10.20.004 Same—Powers and duties.

The director of waste services shall have general management and control of the several divisions and units of the department. He or she shall appoint and remove, subject to the civil service provisions of article 12 of this Charter, all officers and employees of the department and shall have power to make rules and regulations for the conduct of the business of the department consistent with this Charter and the ordinances of the metropolitan government. (Ord. BL2025-819 § 1, 2025)

10.20.010 Definitions.

In this chapter, the following words and terms shall have the following meanings, unless the context otherwise requires:

"Battery box" means any container which has been used to hold battery plates and battery acid for use in automotive equipment or in the operation of gasoline engines, radios and like devices or equipment.

"Battery parts" means the lead plates or separation plates used in batteries.

"Bulky waste" means large items of solid waste such as white goods, mattresses, tires, furniture, autos or large auto parts, and other oversize wastes whose large size precludes safe or convenient loading in approved waste containers or complicates handling by normal collection, processing, or disposal methods or vehicles. Bulky waste also means a form of municipal waste materials from residential generators which are either too large or too heavy to be safely and conveniently loaded in the approved refuse disposal container or waste transportation vehicles, including but not limited to, white goods, mattresses, furniture and tires.

"Chipper residue" means wood chips produced by mechanical grinding of limbs, brush, or other woody waste.

"Collector" means a person engaged in the business of collecting solid waste for the purpose of delivery to a transfer station or final disposal point.

"Commercial-Industrial establishment" means any establishment not defined as residential in Title 17 of the Metropolitan Code of Laws.

"Commercial solid wastes" means all types of solid waste generated by stores, offices, restaurants, warehouses, and other nonmanufacturing activities, excluding domestic and industrial wastes.

"Compostable material" means solid organic waste that may be decomposed under controlled conditions by micro-organisms under aerobic or anaerobic conditions which result in a stable humus-like material free of pathogenic organisms (e.g., food wastes, yard wastes, and low moisture content wastewater sludge).

"Composting" means the process by which biological decomposition of organic solid waste is carried out under controlled aerobic conditions, and which stabilizes the organic fraction into a material which can easily and safely be stored, handled and used in an environmentally acceptable manner. The presence of anaerobic zones within the composting material will not cause the process to be classified as other than composting.

"Composting facility" means a solid waste management facility where solid waste is processed using composting technology. Processing may include physical turning, windrowing, aeration or other mechanical handling of organic matter.

"Composting pad" means the ground on which composting activities take place. May be subdivided by function, such as "mixing pad", "composting pad", "curing pad" or "storage pad". An "all-weather Composting pad is one of sufficient construction, firmness and grading so that composting equipment can manage the process during normal inclement weather, including expected rain, snow and freezing temperatures.

"Construction/demolition wastes" means wastes, other than special wastes, resulting from construction, remodeling, repair and demolition of structures and from road

building. Such wastes include but are not limited to bricks, concrete and other masonry materials, soil, rock and lumber, road spoils, rebar, paving material.

"Construction and demolition waste recycling" means the separation and reuse of construction and demolition waste that otherwise would be disposed of as waste.

"Convenience center" means any area which is staffed and fenced that has waste receptacles on site that are open to the public, when an attendant is present, to receive domestic waste, municipal solid waste and recyclable materials.

"Corrugated cardboard" means packaging material that is formed by gluing one or more fluted sheets of paperboard to one or more flat sheets of linerboard.

"Department" means the Nashville Department of Waste Services of the Metropolitan Government of Nashville and Davidson County, Tennessee.

"Director" means the director of the department.

"Downtown core area" means the area bounded as follows: Beginning at the southeast corner of Broadway and First Avenue; thence north along the east side of First Avenue to the northeast corner of the Public Square; thence west along the north side of the Public Square to the northeast corner of the Public Square and Third Avenue; thence north along the east side of Third Avenue to the northeast corner of Third Avenue and Jo Johnston Avenue; thence west along the north side of Jo Johnston Avenue to the northwest corner of Jo Johnston Avenue and Fifth Avenue; thence south along the west side of Fifth Avenue to the northwest corner of Fifth Avenue and Cedar Street; thence west along the north side of Cedar Street to the northwest corner of Cedar Street and Eighth Avenue; thence south along the west side of Eighth Avenue to the northwest corner of Eighth Avenue and Church Street; thence west along the north side of Church Street to the northwest corner of Ninth Avenue; thence south along the west side of Ninth Avenue to the northwest corner of Broadway and Ninth Avenue; thence west along the north side of Broadway to the east end of the Broadway viaduct; thence south along the west side of Tenth Avenue to the south side of Lea Avenue; thence across Lea Avenue to the east side thereof; thence north along the east side of Tenth Avenue to the southeast corner of Broadway and Tenth Avenue; and thence east along the south side of Broadway back to the beginning point.

"Electronics waste" means waste materials that include electronic components, including, without limitation, personal computers, central processing units, monitors, televisions, cathode ray tubes, printers and keyboards.

"Engage in the business of hauling waste" means to:

a. Use a vehicle to collect waste from residential or nonresidential premises, regardless of the number of times the vehicle is so used; or

b. Use a vehicle to haul waste within the limits of the Metropolitan Government of Nashville and Davison County, Tennessee more than five times during any calendar year.

"Food waste" means organic waste derived from uneaten portions of meals and trimmings from food preparation and processing activities.

"Garbage" means and includes every accumulation of both animal and vegetable matter, liquid or otherwise, that attend the preparation, use, cooking, dealing in or storage in meats, fish, foul, fruits or vegetables.

"Hazardous waste" means any chemical, compound, mixture, substance or article which may constitute a hazard to health or may cause damage to property by reason of being explosive, flammable, poisonous, corrosive, unstable, irritating, radioactive or otherwise harmful.

"Hauler" means a person engaged in the transportation of solid waste.

"Infectious waste or biohazard waste" means waste in quantities and with characteristics as determined by the director or the Tennessee Department of Health to be capable of causing an infectious disease in humans.

"Industrial wastes" means solid wastes produced in, or generated by, industrial or manufacturing processes. The term does not include commercial, domestic, mining, or hazardous waste regulated under Subtitle C of RCRA, or oil and gas waste.

"Liquid waste" means any waste material that is determined to contain free liquids as defined by Method 9095 (Paint Filter Liquids Test) as described in Test Methods for Evaluating Solid Wastes, Physical/Chemical Methods (EPA) Pub. No. SW-846 or similar publications.

"Medical facility" means any person, office, facility, or institution that generates infectious waste in the course of conducting its primary business or whose act or process results in the creation of infectious waste.

"Multifamily residence" means any dwelling, house, building, or other structure or group of structures containing more than two dwelling units, with each individual unit considered a separate residence.

"Mobile waste container" means a container used for storing or transporting waste materials to a disposal or transfer/processing point. "Mobile waste containers" include containers commonly known as dumpster and roll-off containers in excess of two cubic yards of capacity.

"One-family or two-family residence" means any dwelling, house, building or other structure wherein any individual or group of individuals live on a self-sustaining basis in one or two separate units.

"Operator" means the person or persons applying for or holding a permit, or who are otherwise responsible for the operation and maintenance of a facility.

"Owner" means any person holding a freehold interest in a premises or facility, or a person lawfully in charge of the premises or facility, or a person maintaining an ownership interest in a collection or hauling company.

"Person" means any and all persons, natural or artificial, including any individual, firm or association, business trust, partnership, corporation, joint venture, or limited liability company, municipality, and public, municipal, nonprofit or private corporation organized or existing under the laws of this state or any state, and any governmental agency or county of this state and any department, agency or instrumentality of any of the foregoing.

"Public place" means and includes parks, water or open adjacent spaces thereto and public yards, grounds and areas and all open spaces between buildings and streets and in view of such streets.

"Recovered materials" means those materials which have been diverted or removed from the solid waste stream for sale, use, reuse, or recycling, regardless of whether the materials will be further separated or processed. Such materials are not solid waste. Recovered materials shall not include yard waste.

"Recovered materials processing facility" means a facility engaged solely in the storage, processing, and resale or reuse of recovered materials. A recovered materials processing facility is not a solid waste processing facility.

"Recyclable materials" are materials that may be reused, whether or not processing is required. "Recyclable materials" include such materials as may be designated as such from time to time by the director; provided, however, that such designation must be consistent with applicable state laws and regulations.

"Recycle" means the separation and reuse of recovered materials which otherwise might be disposed of as waste.

"Recycling center" means any collection facility or system that accepts source-separated materials for resale to markets for conversion to raw materials or new products, including, without limitation, aluminum cans and scraps, tin, copper, glass, paper products, tires, plastic, bimetal and steel containers, ferrous and nonferrous metals. Provided, however, that book or clothing exchanges and ancillary recycling operations are not recycling centers.

"Residential waste" means waste generated at a one-family or two-family residence.

"Resource recovery facility" means any facility wherein takes place recovery of materials that might otherwise be disposed of as solid waste and that have not been separated at the point of generation.

"Rubbish" means and includes all non-putrescible solid waste consisting of both combustible and noncombustible waste such as paper, cardboard, glass, crockery, excelsior and similar materials. Rubbish does not include bulky waste.

"Scavenging" means uncontrolled or unauthorized removal of waste from a facility or an approved container.

"Segregated wood waste" means clean, uncontaminated wood waste acceptable to the director.

"Solid waste" means garbage, trash, refuse, abandoned material, spent material, byproducts, scrap, ash, sludge, and all discarded material including solid, liquid, semisolid, or contained gaseous material resulting from industrial, commercial, and agricultural operations, and from community activities. Solid waste includes, without limitation, recyclable material when it is discarded or when it is used in a manner constituting disposal. Solid waste does not include solid or dissolved material in domestic sewage, or solid or dissolved materials in irrigation return flows or industrial discharges that are point sources subject to permits under Section 402 of the Federal Water Pollution Control Act (compiled at 33 U.S.C. Section 1342).

"Solid waste processing" means any process that modifies the characteristics or properties of solid waste, including, but not limited to, treatment, incineration, composting, separation, grinding, shredding, and volume reduction; provided, that it does not include the grinding or shredding of landscaping or land clearing wastes or unpainted, unstained, and untreated wood into mulch or other useful products.

"Source separated materials" means recovered materials that have been diverted or removed from the solid waste stream at the point the recovered materials and the solid waste are generated. Source separated materials may include mixtures of recovered materials.

"Special waste" means waste designated by the director or the Tennessee Department of Environment and Conservation that has physical or chemical characteristics that make it necessary to handle the waste with special equipment or techniques.

"Transfer station" means a combination of structures, machinery or devices at a place or facility which receives solid waste taken from public and/or private

collection vehicles and which is placed in other transportation units for movement to another solid waste management facility.

"Waste" means garbage, rubbish and other discarded materials, including liquid, gaseous, solid and semisolid materials resulting from industrial, commercial, agricultural and domestic or residential activities, but does not include recovered materials that are managed in such a manner so as to prevent a public nuisance. The provisions of this chapter imposing duties with respect to the generation, storage, collection or transportation of waste include hazardous waste, infectious waste, and special waste, unless the context requires otherwise.

"White goods" means discarded refrigerators, ranges, washers, water heaters, and other similar domestic and commercial appliances.

"Woody material" means residuals and by-products of cutting trees, including but not limited to tree stumps, sawdust, pallets, and dimensional lumber that has not been treated chemically or with adhesives and coatings such as paint, glue, or any other visible contaminant.

"Yard trimmings" means leaves, grass clippings, brush, garden materials, tree trunks, tree stumps, holiday trees, and prunings from trees or shrubs. Yard trimmings can also include vegetative materials resulting from the use of commercial products, including but not limited to discarded flowers, potted flowers, or grave blankets that do not include plastic, metal, polystyrene foam, or other non-biodegradable material. (Ord. BL2025-819 § 3, 2025; Ord. BL2010-718 § 1, 2010)

10.20.020 Metropolitan government authority.

The Metropolitan Government of Nashville and Davidson County shall have exclusive jurisdiction and exclusive right to control the collection and disposal of Waste within the boundaries of the Metropolitan Government. (Ord. BL2010-718 § 1, 2010)

10.20.030 Director authority.

The removal and disposition of waste and recovered materials within the boundaries of the metropolitan government by any person, firm, corporation or governmental entity shall be under the exclusive jurisdiction and control of the director. (Ord. BL2010-718 § 1, 2010)

10.20.040 Adoption of rules and regulations.

The director, subject to the approval of the metropolitan mayor, may make such rules and regulations as are consistent with and necessary to the administration of the provisions of this chapter. (Ord. BL2010-718 § 1, 2010)

10.20.050 Exemptions.

A. Manufacturing firms holding permits issued by the State of Tennessee to dispose of or utilize their own wastes on plant property on April 27, 1981, shall not be subject to the provisions of this chapter.

B. Nothing in this chapter shall prevent any person who generates or produces solid waste upon property owned, leased or rented by such person from separating or causing to be separated recyclable materials there from while the solid waste is on such property and either to maintain title to such recyclable materials for his/her own use or dispose of such recyclable materials by sale or gift so long as such separation and disposition neither creates a public nuisance nor is otherwise injurious to the public health, welfare or safety.

C. Nothing in this chapter shall prevent a person from purchasing or receiving by gift recyclable materials for processing or other use separated and disposed of in strict accordance with subsection B of this section.

D. Solid waste containing recyclable materials may be transported to private intermediate disposal points, as that term is defined by the director, for removal of recyclable materials if facility capacity at the intermediate disposal point is one hundred tons per month or greater, and if the intermediate disposal point is located within the jurisdictional boundary of the metropolitan government.

E. Nothing in this chapter shall be construed to permit any person to transport or convey any solid waste generated within the jurisdictional boundary of the metropolitan government to any disposal point other than points identified on a written register maintained by the director.

F. Nothing in this chapter shall be construed to prevent the removal of special wastes; hazardous wastes; white goods; bulky wastes; fanning wastes or pesticide wastes, as those terms are defined in Rule 1200-1-7-.01 of the Tennessee Department of Environment and Conservation, from the solid waste processed for removal of recyclable materials at an intermediate disposal point. Once so removed, the disposal of such wastes shall be the responsibility of the owner and operator of the intermediate disposal point.

G. Exemptions from regulation under this chapter shall be automatically granted for persons collecting or processing five thousand pounds or less of recyclable materials in any calendar year, upon filing of an application for exemption with the director.

H. For the purpose of documenting the metropolitan government's progress in solid waste management, including source reduction, recycling and composting, all owners or operators of solid waste disposal points,

processors, haulers and collectors, including exempted persons, shall submit to the director a report of the quantities of solid waste, residue, or recyclable materials collected, transported, processed or disposed of, including the destination of recyclable materials. The frequency and detail of such reports shall be at the discretion of the director. (Ord. BL2010-718 § 1, 2010)

10.20.060 Sanitary landfill site—Extension of permit and use.

No public sanitary landfill site within the area of the metropolitan government that was used for such purposes as of October 21, 1988 may be used for such purpose beyond the time permitted by its permit authorizing such use by the Tennessee Department of Environment and Conservation, except by resolution adopted by the metropolitan council authorizing the extension of such permit and use. Such resolution of the metropolitan council shall not be effective unless adopted by twenty-one affirmative votes. (Ord. BL2010-718 § 1, 2010)

10.20.070 Information required on dump trucks—Violation and penalty.

A. All dump trucks with a capacity of two tons or more and all vehicles used in collection or transporting solid waste for a fee shall be required to have painted or affixed to the rear of the vehicle the name of the owner of the vehicle and at least one letter and two numerals at least five inches in height identifying the vehicle. The requirement herein shall apply to all vehicles using the secondary road system. An owner having more than one vehicle subject to this section shall have a different number for each.

B. A driver operating a vehicle found in violation of this section shall be fined an amount not to exceed fifty dollars for each day the violation continues. (Ord. BL2010-718 § 1, 2010)

10.20.072 Dumpster collection and requirements.

A. No person shall empty or remove any containers used for the accumulation or handling of garbage or rubbish between the hours of 11:00 p.m. and 7:00 a.m. when said containers are located within three hundred feet of any building or structure used for residential purposes. Provided, however, the prohibition of such activity shall not be applicable:

a. In the CC and CF zone districts of metropolitan government; or

b. When written permission is specifically provided by the director.

B. Any dumpster-type containers located within three hundred feet of any building or structure used for residential purposes must have a non-metal lid and must clearly display on an outside surface a label that includes the following information in letters at least one inch tall:

a. The owner of the container;

b A telephone number for the owner of the container. (Ord. BL2010-718 § 1, 2010)

10.20.075 Information required on vehicles transporting used tires—Violation and penalty.

A. All vehicles used in the collection or transporting of used tires shall be required to have painted or affixed to the side or rear of the vehicle the name and telephone number of the owner of the vehicle.

B. A driver operating a vehicle found in violation of this section shall be fined an amount not to exceed fifty dollars for each day the violation continues. (Ord. BL2010-718 § 1, 2010)

10.20.080 Disposal and placement of battery boxes and parts.

A. It is unlawful within the area of the metropolitan government for any person engaged in the manufacture, storage, handling, salvaging or sale of battery boxes or battery parts to dispose of the same at any dump in the area of the metropolitan government, public or private, or to place the same in any location where they can be readily obtained by parties desiring them for fuel purposes or otherwise.

B. This disposal or placement of battery boxes or battery parts at any dump within the area of the metropolitan government, public or private, or in any other public location or place of such character as to make such battery boxes or battery parts accessible to the public, is declared to be a public health nuisance. (Ord. BL2010-718 § 1, 2010)

10.20.085 Brush collection.

A. Brush collection shall be in accordance with regulations promulgated by the director. No other types of waste in addition to yard waste will be collected by the metropolitan government or its brush collection contractors; nor will any solid waste or non-uniform yard waste (including logs) be moved or handled to allow collection of other yard waste in the same stockpile.

B. The brush collection service will only collect stockpiles of yard waste left at a location at the curb or the edge of the road or street or other locations approved by the director, provided, however, collection by the brush collection service may be in alleys when such alleys are utilized for collection of solid waste.

C. No yard waste will be collected from private property or in an alley, except as otherwise provided in this section.

D. Persons operating tree surgery businesses or other commercial ventures which generate yard waste shall remove all debris generated by their procedures and dispose of that debris according to regulations promulgated by the director.

E. Persons collecting, processing or disposing of yard waste in lieu of using the brush collection service contemplated in this section shall comply with regulations promulgated by the director.

F. The director shall develop rules and regulations as may be necessary to aid in the administration of this provision and shall have the authority to suspend any or all of the chipper service rules in an emergency.

G. No yard waste shall be placed for collection in any area where it can be washed into a storm sewer, catch basin or stream.

H. Loose yard waste may be placed in bags for storage and collection. Bags used for storage and collection must be bio-degradable and approved by the director. Yard waste placed in bags that are not bio-degradable shall not be collected by the brush collection service.

I. The department may maintain and operate a composting and processing facility for the purpose of composting and processing yard waste. End products may be utilized by the metropolitan government, sold by competitive bid or made available to businesses located in Davidson County and to the general public.

J. The director may cause the department to produce and distribute educational materials to promote and encourage recycling, "home" composting and other environmentally sound alternatives for the disposal of yard waste. (Ord. BL2010-718 § 1, 2010)

10.20.090 Enforcement/right of entry.

A. The Director shall designate environmental enforcement officers to inspect, investigate and enforce the provisions of this chapter. A violation of any provision of this chapter shall be subject to a fine of not more than fifty dollars for each day the violation continues.

B. The director shall enforce the provisions of this chapter and he/she or his/her duly authorized enforcement officers may enter with the consent of the owner or occupant or with a valid search warrant, and upon presentation of proper identification, any building, structure or premises within the area or jurisdiction of the metropolitan government to perform any duty or responsibility imposed upon him/her by this chapter.

10.20.095 Yard waste, corrugated cardboard and electronic waste banned from solid waste collection.

A. Effective July 1, 2011, yard waste shall not be placed within solid waste containers nor collected and disposed with solid waste.

B. Effective July 1, 2013, corrugated cardboard and corrugated cardboard boxes shall not be placed in solid waste containers nor collected and disposed with solid waste; provided, however, that the following types of corrugated cardboard are not banned:

1. Waxed cardboard;

2. Greasy, oily, painted or contaminated cardboard;

3. Cardboard adhered to foil, plastic or Styrofoam;

4. Single layer "boxboard" such as but not limited to cereal boxes, tissue boxes, or shoe boxes.

C. Effective July 1, 2015, no electronics waste as defined in this chapter shall be placed in solid waste containers nor collected and disposed with solid waste. (Ord. BL2010-718 § 1, 2010)

10.20.100 Private collection permits.

A. Any person who for a fee collects garbage, rubbish, construction and demolition waste, or industrial waste within a mobile waste container within the limits of the metropolitan government or hauls or transports garbage, rubbish, construction and demolition waste or industrial waste by means of a vehicle on any public highway, road, street or alley within the limits of the metropolitan government shall obtain each year a private collection permit from the department for each such vehicle or mobile waste container. Vehicles and mobile waste containers owned and operated by the department shall not be required to obtain private collection permits. The director shall determine the costs to be incurred by the department in administering the permitting program contemplated by this section, including the cost of enforcement, and charge fees for permit issuance that are sufficient to allow the department to recover such costs in full. The fees for permit issuance shall be approved by the metropolitan council by resolution. A person seeking a permit under this section shall submit an application to the department on a form approved by the director and specifying:

1. The person's name, home address, business address and telephone numbers;

2. A list and full description by make and model of all equipment that the person will or may use in Davidson County for any purpose described in this section;

3. Proof of liability insurance issued by a company authorized to do business in Tennessee in the amounts required by the metropolitan director of insurance;

4. A plan for the provision of recycling services for the person's customers per section 10.20.105.

5. Such other and further information as the director may require.

B. Upon verification of the information contained in the application and payment of the required fee, the director shall issue the private collection permit.

C. The private collection permit contemplated in this section shall be effective for one year from the date of its issuance by the director.

D. The director may impose conditions upon the issuing of a permit reasonably calculated to eliminate excessive noise, scattering of dust, dirt and other materials and similar nuisances, compel adherence to the provisions of this chapter and prevent obstruction of public streets and interference with traffic.

E. The director may revoke a permit granted under this section if the permittee violates any provision of the chapter or the terms of the permit. A person whose permit has been revoked may apply for reissuance of the permit. A permit shall be reissued under this section only upon such terms as the director may reasonably require.

F. A private collection permit required and issued under this section shall be affixed to the driver's side windshield of the permitted vehicle, or to the front of the permitted mobile waste container. (Ord. BL2013-591 § 1, 2013; Amdt. 2 to Ord. BL2010-718 § 1; Ord. BL2010-718 § 1, 2010)

10.20.105 Recycling services to be made available by waste haulers.

A. Effective July 1, 2013, each person providing solid waste collection services within the jurisdictional area of the metropolitan government shall offer recycling services and may charge a reasonable fee for the provision of recycling services.

B. Prior to becoming eligible for a private collection permit pursuant to Metropolitan Code of Laws section 10.20.100, the applicant shall submit a plan to the director for the provision of recycling services. The plan shall contain:

1. A description of the materials which the applicant will accept for recycling;

2. A description of any requirements which the applicant will impose on those using the recycling service including but not limited to:

i. The type of container which will be used for recycling and whether the container must be purchased from the applicant and the cost therefore;

ii. The fee to be imposed by the applicant for the provision of the recycling service;

iii. The minimum level and frequency of service; and

iv. Any other information the director deems necessary.

C. The director shall approve the plan if the specified fees, requirements and levels of service are, in his/her opinion, reasonable and consistent with other recycling services within Davidson County. The applicant may submit a request to amend an existing recycling plan at any time. The application to amend an existing plan shall specify the requested amendment and the reason such amendment should be granted. The director shall consider the proposed amendment in accordance with the standards set forth in this subsection. (Ord. BL2010-718 § 1, 2010)

10.20.110 Container requirements, ownership and use; scavenging.

A. At all times, it shall be the duty of the owner of every premises where garbage is created or accumulated to keep or cause to be kept a sufficient number of containers approved by the director for the deposit of garbage and recyclables generated on the premises. Lids or covers must be provided for all such containers and they shall be kept tightly closed at all times other than when garbage or recyclables are being deposited therein or removed therefrom. Containers may be placed for collection along public alleys, streets and sidewalks only between the hours of 7:00 p.m. on the day prior to the scheduled collection day and 7:00 p.m. on the scheduled collection day. At all other times, containers must be stored at a location at the rear or side of the premises or at a location approved by the Director so as to not be on a public street or within the public right-of-way.

B. No person other than the owner, an authorized employee of the metropolitan government or one of its contractors, or a duly licensed collector or hauler shall interfere with a container used for the accumulation or handling of garbage or rubbish or recyclables or remove any such container from the location where it shall have been placed by the owner, nor remove the contents from any such container. It is unlawful for any person to deposit or permit or suffer its agents, servants or employees to deposit household or commercial wastes in or about the antilitter cans or like receptacles provided by the metropolitan government in various public places in the community.

C. Containers supplied by the metropolitan government for the storage and collection of garbage, rubbish and recyclables shall remain the property of the metropolitan government. Containers supplied by the

department must be used for all waste collection services provided by the department or its collection contractors. The owner of a premises furnished a container by the department shall keep the container at the premises and in good repair. In the event a container originally furnished by the department is lost, stolen or damaged beyond repair, the owner shall replace, at his/her sole cost, such container with another compatible with the department's collection equipment and approved by the director. The department shall make replacement waste containers available for purchase at department's cost. The director shall issue regulations to aid in the administration of this section.

D. No person shall scavenge waste or recyclable materials from any container or facility within the limits of the metropolitan government. (Ord. BL2025-819 § 4, 2025; Amdt. 1 to Ord. BL2018-1406 § 1, 2019; Ord. BL2018-1406 § 1, 2019; Ord. BL2010-718 § 1, 2010)

10.20.120 Nuisance declared when.

It is unlawful for any person to keep, cause to be kept, or allow the keeping of garbage or rubbish on any premises within the area of the metropolitan government in such manner that it will become offensive or deleterious to health or likely to cause disease, and the same is declared a public nuisance. (Ord. BL2010-718 § 1, 2010)

10.20.130 No dumping permitted.

A. It is unlawful for any person to dispose of or cause to be disposed any waste upon any property other than a disposal facility designated and approved by the metropolitan government.

B. It is unlawful for any person to dispose of or cause to be disposed any waste in any private receptacle other than the person's own private receptacle or unless authorized to do so by the owner of the private receptacle.

C. This section shall not apply to any private landfill. (Ord. BL2025-819 § 5, 2025; Ord. BL2010-718 § 1, 2010)

Article II. Urban Services District—Waste Collection and Disposal

10.20.200 Director of waste services authority.

The removal and disposition of garbage, rubbish, and recovered materials from premises in the urban services district shall be under the jurisdiction of the director. (Ord. BL2025-819 § 2, 2025; Ord. BL2010-718 § 1, 2010)

10.20.220 Collection requirements.

The department shall only pick up and dispose of garbage and rubbish, as well as recyclables, in the urban services district which has been placed in an adjacent alley, on an adjacent curb or on the side of a public road or street at locations approved by the department and subject to the following additional limitations:

A. *One-family and two-family residences.* The department shall collect and dispose of garbage and rubbish once per week from one-family and two-family residences and the director shall determine by regulation the maximum amount thereof it will pick up each time. All garbage and rubbish shall be placed in containers approved by the director and no container's contents shall weigh more than fifty pounds; provided, however, these limits shall not apply if the department or other department furnishes a container with greater capacity. Further, such residents shall comply with waste container capacity and weight limitations established by the director. Any excess garbage or rubbish shall be disposed of by and at the expense of the owner. The director may specify by regulation specific circumstances under which the requirements of this section may be waived.

B. *Multifamily residences.* The department shall collect and dispose of garbage and rubbish once per week from multifamily residences and shall determine the maximum amount thereof it will pick up each time. All garbage and rubbish shall be placed in containers approved by the director, who shall also determine maximum allowable full container weight. Any excess garbage or rubbish shall be disposed of by and at the expense of the owner.

C. *Commercial-industrial establishment.* The department shall collect and dispose of garbage and rubbish once per week from commercial-industrial establishments outside the downtown core area and shall determine the maximum amount thereof it will pick up each time. Any excess garbage and rubbish shall be disposed of by and at the expense of the owner.

D. *Commercial-industrial establishment, downtown core area.* The department shall collect and dispose of not more than 192 gallons per day of garbage and rubbish from commercial-industrial establishments in the downtown core area each day of the week except Sunday. All such containers must be uniform and must be approved by the director, who shall have the authority to waive the uniformity requirement under appropriate circumstances. Any garbage or rubbish exceeding 192 gallons per day shall be disposed of by and at the expense of the owner.

E. *Back yard pickup.* Notwithstanding any other provision of this section, the department shall collect and dispose of garbage and rubbish from the back yard of any one-family or two-family residence upon request for such service by the owner and upon the payment of a fee, such fee to be the actual cost for providing such service, including the cost of the billing and collection of such fee, as determined by the department and approved by the metropolitan council by resolution. The cost for this service shall be uniform throughout the urban services district. Any contract for collection of garbage entered into with a private contractor shall provide for this additional service and shall enumerate the uniform fee for such service. Collectors employed by the department shall not enter houses or stores for the collection of garbage or rubbish. Every owner receiving backyard service shall provide a safe and convenient entrance to and through his/her premises for the purpose of collecting garbage. Where yards are fenced, a gate not less than 40 inches wide and otherwise suitable for passage of collectors and their equipment shall be left open to provide a safe and convenient entrance to and through the premises; provided, that the director may waive the requirements of this section in cases of hardship. Containers shall be placed where collectors may pick up and return them without attack from animals and reasonably separated from items not intended to be collected such that collectors may readily distinguish the two. The director shall by regulation provide for free back yard collection service from one-family and two-family residences for persons who require such service on account of documented disability or other evidence of hardship.

F. The department shall collect and dispose of leaves from one-family and two-family residences within the urban services district subject to the limitations contained herein.

1. Leaves shall only be picked up if they are properly placed in biodegradable paper bags approved by the director.

2. Leaf collection shall be a seasonal service and the frequency and duration of the service shall be determined by the director.

3. Leaves collected by the department shall not be disposed of in sanitary landfills.

G. The department may collect and dispose of excess garbage and rubbish within the urban services district upon request for such service by the owner and payment of a fee, such fee to be the actual cost for providing such service, including the cost of providing containers and the cost of billing and collection of said fee as determined by the department and approved by the metropolitan council by resolution. Said fee shall be determined annually and published by the director and shall be paid in advance of provision of the service. The director shall develop such rules and regulations as may be necessary to aid in the administration of this section. All fees collected pursuant to this subsection shall be dedicated for use by the department for recycling services and/or recycling education and promotion. (Ord. BL2025-819 § 6, 2025; Ord. BL2013-433 § 1, 2013; Amdts. 1, 2 to Ord. BL2010-718 §§ 1—3; Ord. BL2010-718 § 1, 2010)

10.20.240 Hazardous, pathogenic and radioactive waste.

A. Hazardous waste. All Hazardous waste shall be disposed of by the entity generating such waste under such methods and conditions as shall be approved by the director. Any such entity may apply for a special permit as a private collector or may dispose of hazardous waste by licensed private collectors.

B. Pathogenic and radioactive waste.

1. All pathogenic and radioactive waste shall be disposed of by the entity generating such waste under such conditions as shall be approved by the metropolitan health department and the state department of environment and conservation.

2. All pathological waste from physician's clinics, dental clinics, blood banks and medical or microbiological laboratories shall be separated from other waste and placed in durable disposable bags that can be tied and sealed when full. The bags shall be stored in metal containers with tight-fitting lids while in the process of being filled. Containers shall be adequately labeled and kept in places restricted from access by the public. Needles shall be separated from disposable syringes by breaking them off at the hub immediately after use. These materials shall only be placed at the collection point on the day they are to be collected. Storage, collection and disposal of pathological waste shall be in accordance with regulations of the metropolitan health department and the state department of environment and conservation. (Ord. BL2010-718 § 1, 2010)

10.20.250 Building debris—Responsibility for removal.

The owner of any premises that generates building debris such as scrap lumber, plaster, roofing, concrete, brickbats and sanding dust resulting from the construction, repair, remodeling or demolition of any building or appurtenances shall be responsible for the private collection and disposal of such material. (Ord. BL2010-718 § 1, 2010)

10.20.260 Public trash receptacles—Purpose—Specifications.

A. In order to promote the general health of the inhabitants and to aid and assist in cleaning and keeping clean the streets and sidewalks of the urban services district, the director is authorized to have placed, on the sidewalks of the urban services district, receptacles for garbage and rubbish, which receptacles shall be of a uniform design and approved by the director. The receptacles shall be so located on the sidewalks as not to interfere with their free use by pedestrians, at places to be designated by the director. No private person may place a receptacle for garbage and rubbish on a sidewalk in the urban service district for a similar purpose except as provided in this section.

B. The metropolitan mayor is authorized to enter into a contract, under the most favorable terms to the metropolitan government which he/she can secure, for placing and maintaining on the streets the receptacles authorized in this section, and he/she is authorized to allow the painting on such receptacles of advertisements of any legitimate business under the laws of the United States and this state and ordinances of the metropolitan government. The contract shall contain a reservation that same may be canceled by action of the metropolitan council upon thirty days' written notice at any time after six months from the date of the contract, without further obligation or liability on the part of the metropolitan government.

C. Any person entering into a contract with the metropolitan government for furnishing and maintaining the receptacles authorized in this section obtain a surety bond with a penal sum of not less than one hundred thousand dollars, naming the metropolitan government as obligee, issued by a regularly incorporated surety or indemnity company authorized to do business in the state, and conditioned that such person shall faithfully perform all the conditions and requirements of the contract and shall save the metropolitan government harmless from all liabilities arising out of or in any way connected with the existence of such receptacles upon the streets. (Ord. BL2010-718 § 1, 2010)

Article III. Disposal Facilities, Fees and Charges

10.20.300 Sanitary landfills established—Fee required.

The metropolitan government may establish sanitary landfills or other places of disposal of Waste as maybe necessary. Except as provided herein, no person shall use or be permitted to use any sanitary landfill or other place of waste disposal except upon the payment of a fee. The metropolitan council may by resolution establish or adjust fees for any persons using metropolitan sanitary landfills, incinerators or other collection stations, provided nothing herein shall prohibit the establishment of a private landfill by any private developer, provided such landfill is approved by the metropolitan health department and the appropriate agencies of the State of Tennessee. (Ord. BL2010-718 § 1, 2010)

10.20.310 Tip fees generally.

Every Person disposing of solid waste at a sanitary landfill, incinerator or collection station owned or operated by the metropolitan government shall pay a tip fee of six dollars per cubic yard or twenty-four dollars per ton of loose or compacted waste unless a different fee is specified in this chapter. The tip fee specified in this section shall be reduced to five dollars per cubic yard or twenty dollars per ton if the person generating or producing such waste separates recyclable materials from the waste before the waste is collected or hauled from the premises on which it is generated or produced and the separation does not create a public nuisance or cause injury to the public health, safety or welfare and:

A. For waste other than construction and demolition waste, the separation results in a minimum of eighty percent of the waste generated or produced by that person being diverted to recycling.

B. The separated recycled materials are reused by the separating person or disposed of by sale or gift for reuse. (Ord. BL2010-718 § 1, 2010)

10.20.330 Tip fee—Wood waste, chipper residue and yard waste.

A. Every person disposing of wood waste at a facility owned or operated by the metropolitan government shall pay to the metropolitan government a tip fee.

B. The director shall determine the costs incurred by the department in operating said wood waste facility that are sufficient to allow the department to recover such costs in full. The schedule of fees and charges in effect at any time shall be placed on file in the office of the metropolitan clerk. (Ord. BL2010-718 § 1, 2010)

10.20.340 Tip fees—Increased for out-of-county users.

Tip fees and charges imposed in this chapter shall be doubled when waste or refuse is transported to a disposal or collection site in a vehicle bearing a license tag issued by a county other than Davidson County unless the owner of the vehicle presents proof of ownership of single or two-family residential real property in Davidson County. For purposes of this section, proof

of ownership shall include a copy of a deed to the real property or a property tax bill issued by the metropolitan trustee for the previous tax year in the name of the owner. The provisions of this ordinance shall not apply to any fee charged by the department of waste services for the disposal of used tires. (Ord. BL2025-819 § 2, 2025; Amdt. 1 to Ord. BL2011-859 § 1, 2011; Ord. BL2011-859 § 1, 2011; Ord. BL2010-718 § 1, 2010)

10.20.350 Vehicle requirements—Dumping times.

Any vehicle presented for dumping at a facility owned or operated by the metropolitan government shall be enclosed at the sides and back or equipped with a tarpaulin or other method established by the director so as reasonably to avoid spilling garbage or waste, disseminating odors, and attracting insects, and the director may establish such times when such vehicles may be presented for dumping. (Ord. BL2010-718 § 1, 2010)

10.20.360 Solid waste generator fees.

A. In addition to tip fees otherwise due, every person collecting, hauling or disposing of any waste, other than construction and demolition waste disposed of at a class III or class IV disposal facility permitted by the Tennessee Department of Environment and Conservation, originating or produced in Davidson County shall pay to the metropolitan government a solid waste generator fee of six dollars per ton of such waste. Persons collecting, hauling or disposing of such waste shall be jointly and severally liable for the payment of the fee; provided, however, that only one fee shall be owed on each ton of waste. The solid waste generator fee shall not be owed on recovered materials, yard waste or waste hauled, collected or disposed of directly by the metropolitan government or persons under contract with the metropolitan government to haul, collect or dispose of waste. The solid waste generator fee applicable to construction and demolition waste disposed of at a class III or class IV disposal facility permitted by the Tennessee Department of Environment and Conservation shall be as specified in subsection B. of this section.

B. In addition to tip fees otherwise due, any person collecting, hauling, receiving, processing or disposing of any construction and demolition waste in Davidson County shall, if and only if the disposal site is a class III or class IV disposal facility permitted by the Tennessee Department of Environmental Conservation, pay to the metropolitan government a solid waste generator fee equal to one dollar per cubic yard of construction and demolition waste accepted at such facility. The maximum capacity, in cubic yards, of every vehicle delivering a load of construction and demolition waste to a disposal site covered by this subsection shall be calculated, and the fee owed for that load shall be the product of that capacity and one dollar. Persons collecting, hauling, receiving, processing or disposing of such waste shall be jointly and severally liable for the payment of the fee; provided, however, that only one fee shall be owed on each cubic yard of waste. The waste generator fee shall not be owed on recovered materials, yard waste or waste hauled, collected or disposed of directly by the metropolitan government or persons under contract with the metropolitan government to haul, collect or dispose of waste.

C. [Reserved.] (Ord. BL2018-1057 § 1, 2018; Amdt. 1 to Ord. BL2013-591 § 2, 2013; Ord. BL2013-591 §§ 2—4, 2013; Ord. BL2010-718 § 1, 2010)

10.20.365 Convenience center and special waste fees.

Any person disposing of waste at a Convenience Center operated by the Metropolitan Government shall pay a fee ("Convenience Center Disposal Fee"). The Convenience Center Disposal Fee shall be as follows:

Standard sized pickup trucks	$6.00 per load
Standard sized pickup trucks with rails	$12.00 per load
Small trailers	$6.00 per load
Large trailers	$12.00 per load
Tires with rims	$4.00 each

The director shall determine the costs incurred by the department for the disposal of waste not listed above, including special waste such as, without limitation, gasoline tanks and used tires, and other waste collected at the convenience centers. The director shall establish, and revise as necessary, a schedule of fees and charges applicable to collection and disposal to such waste that are sufficient to allow the department to recover its costs in full. The schedule of fees and charges in effect at any time shall be placed on file in the office of the metropolitan clerk. (Ord. BL2010-718 § 1, 2010)

10.20.370 Collection of fees.

The director shall be authorized to promulgate reasonable rules and regulations governing the collection of fees specified in this chapter. The director shall also make reasonable rules and regulations as shall be necessary to carry out the inspection, supervision and enforcement of such fees. All funds collected under this chapter shall be placed in the solid waste fund. (Ord. BL2010-718 § 1, 2010)

10.20.380 Providers of solid waste disposal service—Fees—Other rules.

A. Any person providing temporary or permanent disposal of solid waste pursuant to this chapter shall accept waste from private, noncommercial, standard pickup trucks at a fee equal to the fee charged at convenience centers operated by the metropolitan government.

B. In addition to the fee permitted in subsection A of this section, any person providing temporary or permanent disposal of waste pursuant to this chapter may charge passenger cars or private, noncommercial standard pickup trucks the solid waste generator fee authorized in this chapter. Nothing in this section shall relieve such person of the obligation to remit the appropriate solid waste generator fee to the metropolitan government. (Ord. BL2025-819 § 7, 2025; Ord. BL2010-718 § 1, 2010)

10.20.390 Calculation of fees.

Wherever in this chapter fees are set on an alternative basis of weight or volume, the director shall, by regulation, establish which method shall be used for calculation thereof. Wherever in this chapter such fees are not set on an alternative basis of weight or volume, the director may, by regulation, establish an alternative calculation method based on one ton equaling four cubic yards. (Ord. BL2010-718 § 1, 2010)

10.20.395 Periodic reports.

A. Annual Report. Every person collecting, hauling, disposing of waste and recovered materials, and/or any person providing permanent or temporary disposal of waste, and/or any person processing waste covered by this article, shall provide the director an annual report stating the amount of tons of waste collected, hauled, disposed and/or processed by said person, as a condition of this permitted activity. The director may require said person to submit said report through a certified independent audit firm.

B. Quarterly Recycling Performance Report. Each quarter, the director shall submit a written performance report to the council regarding solid waste disposal, recycling, and compost performance. The quarterly written performance report shall address the following:

1. Operations, and cost monitoring and management metrics, including, at a minimum, the following data for the preceding quarter, stated in comparison to comparable data for the quarter prior to the immediately preceding quarter:

a. The number of active convenience center customers;

b. Total waste tonnage;

c. Total recycling tonnage;

d. Total cost per ton of trash collected; and

e. Total cost per ton of recycling collected.

2. Recycling. The report must also include information on recycling collected and processed:

a. The percentage of recycling collected that was rejected as contaminated;

b. The categories of recycled materials;

c. The quantity, in tons, of each category processed; and

d. The destination(s) of each category of recycle material - state and end product.

3. Compost. The report must also include the tonnage of compost collected through the current compost pilot program or any successor program under Metro's responsibility. (Amdt. 1 to Ord. BL2025-819 § 8, 2025; Ord. BL2025-819 § 8, 2025; Ord. BL2010-718 § 1, 2010)

Article IV. Waste Management Plan Report

10.20.400 Waste management plan report.

A. The department shall file with the metropolitan council an annual report detailing progress on the implementation of the waste management plan of the metropolitan government. The department shall compile such information not only from the metropolitan government departments and agencies, but also request and compile from state and federal agencies to the extent necessary and possible. All agencies and contractors of the metropolitan government shall provide all necessary information to the department to assist in the creation of the annual report on the waste management plan.

B. The annual report shall be annually provided to the metropolitan council. Notices of the availability of the report will be sent to members of the media and known local environmental groups. A copy of the report shall also be placed on file in the office of the metropolitan clerk.

C. The annual report shall follow the guidelines approved by the Tennessee Department of Environment and Conservation regarding Annual Progress Reports (T.C.A. 68-211-815(b). In addition to the information required by T.C.A. 68-211-815(b), the department shall provide the following additional information:

1. The percentage of households in the urban services district participating in curbside recycling annually.

2. The number and type of environmental violations resulting in enforcement actions taken by the department.

3. The number and type of contract violations by contractors providing trash or recycling collection for the metropolitan government.

4. The number and percent of employees who are minorities/women for each contractor of the metropolitan government involved in the plan.

5. The number and percent of minority/women owned business enterprises that have contractual relationships with the waste management plan. (Ord. BL2010-718 § 1, 2010)

Article V. Waste Management Development Review Fee*

10.20.500 Waste management development review fee.

The director shall have the authority to establish, and shall have the authority to revise as necessary, a schedule of fees and charges applicable to that department's review and processing of building permit applications, relating to waste management, to recover its costs in full for same. The schedule of fees and charges in effect at any time shall be placed on file in the office of the metropolitan clerk. As an initial example of this, starting on May 1, 2021, but subject to the authority of the director to adjust these fees to recover any increase in costs, in future, all persons applying for a commercial construction permit, residential multifamily construction permit, and demolition permit shall pay a development review fee based on the schedule below:

Total Project Valuation	Fee
$50,000.00—500,000.00	$35.00
$500,000.01—$3,000,000.00	$150.00
$3,000,000.01—$20,000,000.00	$400.00
$20,000,000.01 +	$1,000.00

For the purposes of this section, "commercial construction" and "demolition permit" shall have a meaning consistent with the use of those terms in Chapter 16.28 of this Code, and "residential multifamily" shall mean residential construction other than one-family and two-family residential construction and townhouses. The director shall determine the costs incurred by the department for reviewing and processing construction and demolition permit applications for permit types and project values not listed above. In no case shall these fees be subject to refund even if there is not a subsequent building permit issued. (Ord. BL2021-677 § 1, 2021)

---

*Editor's note—Prior to reenactment by Ord. BL2021-677, Ord. BL2013-591, § 4, passed Dec. 17, 2013, repealed § 10.20.500, which pertained to construction/demolition recycling facility and derived from Amdt. 1 to Ord. BL2010-718 § 2.

10.24.010 Definitions.

For the purpose of this chapter, the following terms, phrases, words and their derivations shall have the meaning given in this section. When not inconsistent with the context, words used in the present tense include the future, words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

"Aircraft" means any contrivance now known or hereafter invented, used or designated for navigation or for flight in the air. The word "aircraft" shall include helicopters and lighter-than-air dirigibles and balloons.

"Authorized private receptacle" means a litter storage and collection receptacle as required and authorized in Article III of Chapter 10.20 (refuse collection system ordinance).

"Commercial handbill" means any printed or written matter, any sample or device, dodger, circular, leaflet, pamphlet, paper, booklet, or any other printed or otherwise reproduced original or copies of any matter of literature:

1. Which advertises for sale any merchandise, product, commodity or thing;

2. Which directs attention to any business or mercantile or commercial establishment, or other activity, for the purpose of either directly or indirectly promoting the interest thereof by sales;

3. Which directs attention to or advertises any meeting, theatrical performance, exhibition, or event of any kind, for which an admission fee is charged for the purpose of private gain or profit;

4. Which, while containing reading matter other than advertising matter, is predominantly and essentially an advertisement, and is distributed or circulated for advertising purposes, or for the private benefit and gain of any person so engaged as advertiser or distributor.

"Garbage" means putrescible animal and vegetable wastes resulting from the handling, preparation, cooking and consumption of food.

"Litter" means "garbage," "refuse" and "rubbish" as defined in this section and all other waste material which, if thrown or deposited as herein prohibited, tends to create a danger to public health, safety and welfare. "Litter" also means unsolicited non-biodegradable promotional materials, including but not limited to, plastic cups, bottles, and other similar containers.

"Newspaper" means any newspaper of general circulation as defined by general law, any newspaper duly entered with the Post Office Department of the United States, in accordance with federal statute or regulation, and any newspaper filed and recorded with any recording officer as provided by general law; and, in addition thereto, shall mean and include any periodical or current magazine regularly published with not less than four issues per year, and sold or distributed to the public.

"Noncommercial handbill" means any printed or written matter, any sample, or device, dodger, circular, leaflet, pamphlet, newspaper, magazine, paper, booklet, or any other printed or otherwise reproduced original or copies of any matter of literature not included in the definitions of a commercial handbill or newspaper as set out in this section.

"Park" means a park, reservation, playground, beach, recreation center or any other public area in the area of

*__State law reference—__Litter Prevention and Control Law, T.C.A. § 4-7-301 et seq.

the metropolitan government, owned or used by the area of the metropolitan government and devoted to active or passive recreation.

"Person" means any person, firm, partnership, association, corporation, company or organization of any kind.

"Private premises" means any dwelling, house, building or other structure, designed or used either wholly or in part for private residential purposes, whether inhabited or temporarily or continuously uninhabited or vacant, and shall include any yard, grounds, walk, driveway, porch, steps, vestibule or mailbox belonging or appurtenant to such dwelling, house, building or other structure.

"Public place" means any and all streets, sidewalks, boulevards, alleys or other public ways and any and all public parks, squares, spaces, grounds, and buildings.

"Refuse" means all putrescible and nonputrescible solid wastes (except body wastes), including garbage, rubbish, ashes, street cleanings, dead animals, abandoned automobiles, and solid market and industrial wastes.

"Rubbish" means nonputrescible solid wastes consisting of both combustible and noncombustible wastes, such as paper, wrappings, cigarettes, cardboard, tin cans, yard clippings, leaves, wood, glass, bedding, crockery and similar materials.

"Vehicle" means every device in, upon, or by which any person or property is or may be transported or drawn upon a highway, including devices used exclusively upon stationary rails or tracks. (Ord. BL2024-509 § 1, 2024; Ord. BL2014-922 § 1, 2014; Ord. 90-1339 § 1 (36-1), 1990; prior code § 36-1-3)

10.24.020 Posting notices prohibited when.

No person shall post or affix any notice, poster or other paper or device, calculated to attract the attention of the public to any public lamppost, public utility pole or public shade tree, or upon any public structure or building, except as may be authorized or required by law. (Prior code § 36-1-17)

10.24.030 Handbills—Distribution in public places.

No person shall throw or deposit any commercial or noncommercial handbill in or upon any sidewalk, street or other public place within the area of metropolitan government. Nor shall any person hand out or distribute or sell any commercial handbill in any public place. Provided, however, that it is not unlawful on any sidewalk, street, or other public place within the area of metropolitan government for any person to hand out or distribute, without charge to the receiver thereof, any commercial or noncommercial handbill to any person willing to accept it. (Ord. 90-1339 § 1 (36-2), 1990; prior code § 36-1-12)

10.24.040 Handbills—Distribution on vehicles.

No person shall throw or deposit any commercial or noncommercial handbill in or upon any vehicle. Provided, however, that it is not unlawful in any public place for a person to hand out or distribute to the receiver thereof, a commercial or noncommercial handbill to any occupant of a vehicle who is willing to accept it. (Ord. 90-1339 § 1 (36-3), 1990; prior code § 36-1-13)

10.24.050 Litter on business premises—Responsibilities of owners.

No person owning or occupying a place of business shall sweep into or deposit in any gutter, street or other public place within the area of metropolitan government the accumulation of litter from any building or lot or from any public or private sidewalk or driveway. Persons owning or occupying places of business within the area of metropolitan government shall keep the sidewalk in front of their business premises free of litter. (Prior code § 36-1-7)

10.24.060 Litter on public places—Responsibilities of citizens.

No person shall sweep into or deposit in any gutter, street, or any other public place within the area of metropolitan government, the accumulation of litter from any building or lot or from any public or private sidewalk or driveway. Persons owning or occupying property shall keep the sidewalk in front of their premises free of litter. (Prior code § 36-1-6)

10.24.070 Litter on private property—Responsibilities of owners.

The owner or person in control of any private property shall at all times maintain the premises free of litter. Provided, however, that this section shall not prohibit the storage of litter in authorized private receptacles for collection. (Prior code § 36-1-19)

10.24.080 Litter on occupied private property.

A. No person shall throw or deposit litter on any occupied private property within the area of metropolitan government, whether owned by such person or not, except that the owner or person in control of private property may maintain authorized private receptacles for collection in such a manner that litter will be prevented from being carried or deposited by the elements upon any street, sidewalk or other public place or upon any private property.

B. No person shall throw or deposit non-biodegradable promotional materials on any residential property within the area of the metropolitan government without the permission of the property owner or lawful resident. (Ord. BL2014-922 § 2, 2014; prior code § 36-1-18)

10.24.090 Notice to remove litter—Failure to comply.

A. Notice to Remove Litter. The metropolitan director of health, or his duly authorized agent, is authorized and empowered to notify the owner of any open or vacant private property within the area of metropolitan government or the agent of such owner to properly dispose of litter located on such owner's property which is dangerous to public health, safety or welfare. Such notice shall be by registered mail, addressed to the owner at his last known address.

B. Action Upon Noncompliance. Upon the failure, neglect or refusal of any owner or agent so notified, to properly dispose of litter dangerous to the public health, safety or welfare within ten days after receipt of written notice provided for in subsection A of this section, or within fifteen days after the date of such notice the owner of the property shall be deemed in violation of this section and subject to fine as provided herein. (Prior code § 36-1-21)

10.24.100 Litter permitted in designated places only.

No person shall throw or deposit litter in or upon any street, sidewalk or other public place within the area of metropolitan government except in public receptacles, in authorized private receptacles for collection, or in official metropolitan landfills or dumps. (Prior code § 36-1-4)

10.24.110 Proper placement in receptacles required.

Persons placing litter in public receptacles or in authorized private receptacles shall do so in such a manner as to prevent it from being carried or deposited by the elements upon any street, sidewalk or other public place or upon private property. (Prior code § 36-1-5)

10.24.120 Litter in parks.

No person shall throw or deposit litter in any park within the area of metropolitan government except in public receptacles and in such a manner that the litter will be prevented from being carried or deposited by the elements upon any part of the park or upon any street or other public place. Where public receptacles are not provided, all such litter shall be carried away from the park by the person responsible for its presence and properly disposed of elsewhere as provided herein. (Prior code § 36-1-10)

10.24.130 Litter in bodies of water.

No person shall throw or deposit litter in any fountain, pond, lake, stream, bay or any other body of water in a park or elsewhere within the area of metropolitan government. (Prior code § 36-1-11)

10.24.140 Litter on vacant lots.

No person shall throw or deposit litter on any open or vacant private property within the area of metropolitan government whether owned by such person or not. (Prior code § 36-1-20)

10.24.150 Litter from vehicles—Liability of drivers.

A. No person, while a driver or passenger in a vehicle, shall throw or deposit litter upon any street or other public place within the area of metropolitan government, or upon private property. The driver of a vehicle from which litter is thrown shall be deemed prima facie liable for any litter thrown from the vehicle.

B. No person, while a driver or passenger in a vehicle, shall throw or deposit non-biodegradable promotional materials upon any street or other public place within the area of the metropolitan government, or upon private property. The driver of a vehicle from which such promotional materials is thrown shall be deemed prima facie liable for any such materials thrown from the vehicle. (Ord. BL2014-922 § 3, 2014; prior code § 36-1-8)

10.24.160 Litter from vehicle loads and tires.

No person shall drive or move any truck or other vehicle within the area of metropolitan government unless such vehicle is so constructed or loaded as to prevent any load, contents or litter from being blown or deposited upon any street, alley or other public place. Nor shall any person drive or move any vehicle or truck within the area of metropolitan government, the wheels or tires of which carry onto or deposit in any street, alley or other public place, mud, dirt, sticky substances, litter or foreign matter of any kind, sufficient in amount to create a danger to the public in this full utilization of such street, alley or other public place. (Prior code § 36-1-9)

10.24.170 Litter from aircraft.

No person in an aircraft shall throw out, drop or deposit within the area of metropolitan government any litter, handbill or any other object. (Prior code § 36-1-16)

10.24.180 Distribution restricted to daylight hours.

It shall be a violation of this chapter to distribute handbills on private property on any day (a) before sunrise or (b) after sunset or 7:00 p.m., whichever occurs later. (Ord. BL2024-509 § 2, 2024)

10.24.190 Penalty for violation.

Any person who violates any of the provisions of this chapter shall be subject to a penalty of fifty dollars per day per violation. Each violation of this section shall be deemed a separate offense. (Ord. BL2024-509 § 3, 2024)

Chapter 10.26

HIGH WEEDS AND DEBRIS

Sections:

10.26.010 High weeds and debris.

10.26.010 High weeds and debris.

A. All premises and exterior property shall be maintained free from weeds in excess of twelve inches so as not to endanger the health, safety, and welfare of the citizens of the metropolitan government. "Weeds" shall be defined as all grasses, annual plants, and vegetation that grow without reasonable intent or purpose to cultivate, harvest, or use for human consumption, or are not otherwise trimmed or controlled. "Weeds" does not include ornamental grasses, trees, trimmed shrubs, or cultivated flowers and gardens.

B. Natural landscaping may be allowed if an intentional design for vegetative growth is on file with and approved by both the metropolitan beautification commission horticulturalist and the Nashville Department of Transportation and Multimodal Infrastructure's chief traffic engineer or his/her designee, provided there is a minimum three foot setback from the front property line and from any adjacent residential property line, and subject to Section 13.12.190. All government-owned greenways, parks, recreation areas, and the facilities or grounds of any department of the metropolitan government shall be exempt from the provisions of this section.

C. No owner or occupant shall permit the accumulation of debris, trash, litter or garbage, or any combination of those elements on exterior property or premises; such condition is declared to be a public nuisance and a danger to the public health, safety, and welfare. (Amdt. 1 to Ord. BL2025-995 § 1, 2025; Ord. BL2025-995 § 1, 2025; Amdt. 1 to Ord. BL2014-819 § 1, 2014; Ord. BL2014-819 § 1, 2014; Ord. BL2005-505 § 1, 2005)

Chapter 10.28

CONTROL OF EXCESSIVE VEGETATION*

Sections:

10.28.010	**Excessive growth and accumulation prohibited.**
10.28.020	**Board of property standards and appeals.**
10.28.030	**Department of codes administration.**
10.28.040	**Application of this chapter.**
10.28.050	**Notice of violation.**
10.28.060	**Failure to comply—Remedy by the department of codes administration.**
10.28.070	**Appeals to the board of property standards and appeals.**
10.28.080	**Collection of costs.**
10.28.090	**Right to appeal.**

10.28.010 Excessive growth and accumulation prohibited.

A. No person shall create, maintain or permit to maintain the excessive growth of any vegetation, including trees, vines, grass, underbrush and/or the accumulation of debris, trash, litter or garbage, or any combination of those elements, so as to endanger the health, safety or welfare of the citizens of the metropolitan government or to encourage the infestation of rats or other harmful rodents or animals.

B. All premises and exterior property shall be maintained free from weeds in excess of twelve inches so as not to endanger the health, safety, and welfare of the citizens of the metropolitan government. Weeds shall be defined as all grasses, annual plants and vegetation, other than ornamental grasses, trees or shrubs; provided, however, this term shall not include cultivated flowers and gardens.

C. Subject to Section 13.12.190, natural landscaping may be allowed if an intentional design for vegetative growth is on file with and approved by both the metropolitan beautification commission horticulturist and the Nashville Department of Transportation and Multimodal Infrastructure's chief traffic engineer or his/her designee. (Amdt. 1 to Ord. BL2025-995 § 2, 2025; Ord. BL2025-995 § 2, 2025; Ord. BL2018-1256 § 1, 2018; Ord. BL2017-867 § 1, 2017)

10.28.020 Board of property standards and appeals.

The board of property standards and appeals is empowered to hear matters involving control of excessive vegetation as set out in this chapter. (Amdt. 1 to Ord. BL2017-867 § 1, 2017; Ord. BL2017-867 § 1, 2017)

10.28.030 Department of codes administration.

A. The department of codes administration is designated, pursuant to Tennessee Code Annotated § 6-54-113, as the appropriate entity to administer and enforce this chapter.

B. The department of codes administration may adopt rules and regulations necessary for the administration and enforcement of this chapter, making due provision for a hearing upon request of a person aggrieved by any determination made thereunder.

C. The department of codes administration is authorized to investigate any alleged violations of this chapter, and compose a report of any violation of this chapter to assist in remedying or seeking a remedy for violations of this chapter. The authority under this chapter may be exercised in lieu of or in addition to any other authority of the department of codes administration to enforce this or similar provisions. (Ord. BL2017-867 § 1, 2017)

10.28.040 Application of this chapter.

In accordance with Tennessee Code Annotated § 6-54-113, the provisions of this chapter shall apply to both occupied and unoccupied properties. (Ord. BL2017-867 § 1, 2017)

10.28.050 Notice of violation.

A. At any time the department of codes administration is alerted to or determines that the provisions of Section 10.28.010 are being violated or that the conditions prohibited therein exist, it shall, through its director or other representative, give notice to the owner of record to immediately remedy the violation.

B. The notice shall:

1. Be given by United States mail, addressed to the last known address of the owner of record. In accordance with Tennessee Code Annotated § 6-54-113, when an attempt at notification by United States mail fails or no valid last known address exists for the owner of record, the department of codes administration may publish the

*__Editor's note—__Prior to reenactment by Ord. BL2017-867, Ord. BL2016-124 § 1, passed March 1, 2016, repealed Ch. 10.28, §§ 10.28.010—10.28.090, which pertained to control of excessive vegetation and derived from prior Code §§ 36-1-23—36-1-29. See the Ordinance List and Disposition Table for complete derivation.

notice in a newspaper of general circulation in Davidson County for no less than two consecutive issues or personally deliver the notice to the owner of record. For purposes of this section, such publication shall constitute receipt of notice effective on the date of the second publication of the notice and personal delivery shall constitute receipt of notice immediately upon delivery.

2. Be written in plain language and include:

a. A brief statement of the law, including the consequences of failing to remedy the violation or condition,

b. The person, office, address and telephone number of the administrative official giving notice,

c. An estimate of the cost of remedying the violation based upon customary community standards,

d. A statement that the owner is entitled to a hearing and may appeal the decision to the property standards board and the means by which such an appeal must be initiated. (Ord. BL2017-867 § 1, 2017)

10.28.060 Failure to comply—Remedy by the department of codes administration.

A. After ten days from the date of the notice prescribed in Section 10.28.050, if the condition has not been remedied and no appeal initiated, the department of codes administration shall begin the process to immediately remedy and remove or cause to be remedied and removed the violations or conditions at a cost in accord with fair and reasonable community standards. Provided, however, if the owner of record of the property is a carrier engaged in the transportation of property or is a utility transmitting communications, electricity, gas, liquids, steam, sewerage or other materials, the ten-day period of the first sentence of this subsection shall be twenty days, excluding Saturdays, Sundays and legal holidays.

B. The department of codes administration is authorized to clear the lots found to be in violation of Section 10.28.010 and charge a reasonable fee therefor, or to refer any such lots to a private contractor or contractors, duly selected by the purchasing agent pursuant to Title 4 of the Metropolitan Code of Laws. The costs of utilizing such private contractor or contractors shall be reimbursed from a special revolving account established for this purpose. The funds recovered, pursuant to subsection C of this section, shall be deposited into such special revolving account, in addition to any funds appropriated to this special revolving account by the metropolitan council. The director of the department of codes administration is authorized to transfer necessary funds from his operating funds to the special revolving account established by this subsection.

C. Within sixty days of the date the violation is remedied and/or the condition is removed, the department of codes administration shall submit a statement of the cost to the metropolitan trustee. The department of codes administration is authorized to and shall record a lien against the property in the register's office of Davidson County on or before the date that the statement of costs is submitted to the metropolitan trustee. Any lien so recorded shall be released by payment thereof in full, or by operation of the laws of the State of Tennessee and/or the United States or by vote of the property standards board based upon a showing of substantial hardship and that release of the lien created under this section will not obstruct or materially impede the purposes of this chapter.

D. Any person failing to take the required remedial action under subsection A of this section shall be in violation of this chapter and shall be subject to a fine of up to fifty dollars, with each day constituting a separate violation. Provided, however, such fines may not exceed a total of two hundred fifty dollars on any one lot. Nothing in this subsection shall be construed to adversely affect the remedies stated elsewhere in this section; the remedy stated herein being cumulative in nature.

E. Nothing in this chapter shall prevent the department of codes administration from seeking a remedy for any violation of Section 10.28.010 in a court of competent jurisdiction. (Ord. BL2017-867 § 1, 2017)

10.28.070 Appeals to the board of property standards and appeals.

A. Any owner of record aggrieved by the determination of the department of codes administration made pursuant to Section 10.28.050(A) may appeal to the board of property standards and appeals within ten days of receipt of the notice; failure to appeal within the specified time period shall without exception constitute waiver of the right of appeal.

B. The board of property standards and appeals may adopt procedural rules for the conduct of hearings before it in accordance with Tennessee Code Annotated § 6-54-113.

C. If the board determines: (1) that the department of codes administration correctly found a violation, an order so finding shall be entered and a copy sent to the metropolitan trustee and the record owner; (2) that the department of codes administration incorrectly found a violation, an order so finding shall be entered and a copy sent to the record owner.

D. The board of property standards and appeals shall also have the authority to hear appeals from decisions of the urban forester regarding the designation and removal of hazard trees, tree permits relating to public trees, and permits for arborists. (Ord. BL2017-867 § 1, 2017)

10.28.080 Collection of costs.

The metropolitan trustee shall, upon receipt of a lien and a statement of costs, make an appropriate notation in the files and collect the costs in the same manner as the taxes are collected. (Ord. BL2017-867 § 1, 2017)

10.28.090 Right to appeal.

Any person aggrieved by an order or other action of the board of property standards and appeals may appeal to a court of competent jurisdiction as provided for under the laws of the State of Tennessee. (Ord. BL2017-867 § 1, 2017)

Chapter 10.30

SCRAP TIRES

Sections:

10.30.010	**Definitions.**
10.30.020	**Scrap tire management—General.**
10.30.030	**Accumulation.**
10.30.040	**Reporting.**
10.30.050	**Enforcement.**
10.30.060	**Violations and penalties.**
10.30.070	**Civil remedies and abatement of nuisance.**
10.30.080	**Severability.**

10.30.010 Definitions.

"Dump" means to throw, discard, place, deposit, discharge, bury, burn, or dispose of a substance.

"Person" means any individual, partnership, firm, company, corporation, association, joint stock company, or any other legal entity, or their legal representatives, agents or assigns.

"Retail tire dealer" means a person actively engaged in the business of selling new and/or used replacement tires.

"Scrap tire" means an unshredded tire that is no longer suitable for its original intended purpose because of wear, damage, or defect.

"Scrap tire generator" means any person who generates scrap tires. Generators may include, but are not limited to, retail tire dealers, retreaders, scrap tire processors, automobile dealers, private company vehicle maintenance shops, garages, and service stations. (Ord. BL2009-546 § 1, 2009)

10.30.020 Scrap tire management—General.

A. The owner or occupant of any premises shall be responsible for the sanitary handling and disposal of all scrap tires on the premises used or occupied by such person.

B. It shall be unlawful to cause or allow the dumping of scrap tires at any place within the area of the metropolitan government including, but not limited to:

1. In or on any public highway, road, street, alley, thoroughfare, or right-of-way including any portion of the right of way thereof;

2. On any public or private property within the area of the metropolitan government except at duly authorized waste convenience centers operated by the metropolitan department of public works that accept tires.

C. This ordinance shall not prohibit the disposal of shredded tires within the area of the metropolitan government in a manner consistent with Tennessee Code Annotated Section 68-211-867. (Ord. BL2009-546 § 1, 2009)

10.30.030 Accumulation.

A. It shall be unlawful for any person in a residential zoning district to accumulate more than five scrap tires on or around property, which they own or occupy.

B. A retail tire dealer may hold up to one hundred scrap tires per garage bay in storage, up to a maximum of five hundred scrap tires.

C. Scrap tires must be stored in covered or enclosed areas, or under an impermeable cover to prevent the accumulation of water. (Ord. BL2009-546 § 1, 2009)

10.30.040 Reporting.

Retail tire dealers shall keep records regarding the disposal of scrap tires generated at each of the retail tire dealer's business locations. This report shall include the name, address, telephone number and certificated motor carrier identification number of the waste tire transporter and the number of whole waste tires transported from the retail tire dealers business location(s) by the waste tire transporter(s). These records must be kept on site at each business location and made available for inspection by the metropolitan department of public works, the Metropolitan Nashville Police Department, the department of codes administration and/or the department of health within five days upon request. All records shall be retained for a period of not less than three years. (Ord. BL2009-546 § 1, 2009)

10.30.050 Enforcement.

A. The metropolitan department of public works, the Metropolitan Nashville Police Department, the department of codes administration and/or the department of health shall have the authority and responsibility for enforcing the provisions of this chapter.

B. Any agent of any of the departments authorized to enforce this chapter shall be empowered to enter any property, upon reasonable cause, at reasonable or necessary times in order to properly inspect for violations of this chapter, subject to the condition that to allow entry onto private property for inspection, the alleged violation of this chapter must be visible from a public road or right-of-way, or by a court order.

C. It is unlawful for any person, whether owner, occupant, or party in control of the building, structure, or premises, to refuse the entry of an enforcement agent or to interfere with the lawful enforcement of this chapter.

D. In the event any enforcement agent determines that there has been a violation of this chapter or has grounds to believe that a violation has occurred, a notice of violation shall be provided to the owner, occupant, or person or entity in control of the building, structure, or premises where the violation or alleged violation exists. Said notice of violation shall:

1. Be in writing;

2. Include a description of the building, structure or premises sufficient for identification;

3. Include a statement of the violation(s);

4. Include an order to correct allowing a reasonable time to bring the premises into compliance with this chapter;

5. Be personally delivered by the director or sent by certified or first-class mail addressed to the last known address; and

6. If notice sent by certified or first class mail is returned showing that the letter was not delivered, a copy thereof shall be posted in a conspicuous place in or about the building, structure, or premises affected by such notice. (Ord. BL2009-546 § 1, 2009)

10.30.060 Violations and penalties.

Any person(s), firm, or corporation found by a court of competent jurisdiction to be in violation of any portion of this chapter shall be subject to one or more of the following penalties:

A. A fine of fifty dollars per violation, with each unlawfully disposed scrap tire being considered a separate violation. Further, each day the violation continues shall constitute a separate offense; and/or

B. The court may order the publication of the names and photographs of persons found by a court of competent jurisdiction to be in violation of this chapter; and/or

C. The court may order the person to repair or restore property damaged, or pay damages resulting from such violations, or perform public service related to the repair or restoration of property damaged by the violation; and/or

D. In case of a tire dump, the property owner, contractor, developer, builder or other person responsible for the property shall cause the property to be cleaned and to come into full compliance with this chapter. The metropolitan government shall not be responsible for any costs of cleanup or remediation. (Ord. BL2009-546 § 1, 2009)

10.30.070 Civil remedies and abatement of nuisance.

In the event that any person violates any provision of this chapter, the metropolitan government may, in addition to other remedies, institute an action for injunction, declaratory relief, or other appropriate action or proceeding to prevent such unlawful acts or to correct or abate any such violation. In addition, the metropolitan government may immediately revoke or suspend any and all business, building, development or any and all other permits issued by the metropolitan government related to the property or properties involved with the violation until such time that compliance is met, or until the ruling of a court of competent jurisdiction is obtained, at which time respective permits shall be reissued. (Ord. BL2009-546 § 1, 2009)

10.30.080 Severability.

Should any sentence, section, subsection or provision of this chapter or application of a provision of this chapter be declared invalid or unconstitutional by any court of competent jurisdiction, such declaration shall not affect the validity of the chapter as a whole or any part thereof that is not specifically declared to be invalid or unconstitutional. (Ord. BL2009-546 § 1, 2009)

10.32.010 Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Business building" means any structure, whether public or private, that is adapted for occupancy for transaction of business, for rendering a professional service, for amusement, for the display, sale or storage of goods, wares or merchandise or for the performance of work or labor, including hotels, apartment buildings, tenement houses, roominghouses, office buildings, public buildings, stores, theaters, markets, restaurants, grain elevators, abattoirs, warehouses, workshops, factories and all outhouses, sheds, barns and other structures or premises used for business purposes.

"Chief medical director" means the chief administrative officer of the board of health or his designated representative. "Department of health" means the department of health of the metropolitan government. Such term shall include the board and all of its agents, employees and activities.

"Eradication" means the elimination or extermination of rodents or insects and other pests from any building, lot, premises or commercial vehicle through the use of traps, poisons, fumigation or any other method of extermination.

"Harborage" means any condition which provides shelter or protection for rodents or insects and other pests.

"Insects and other pests" means the members of class Insecta and such members of the phylum Arthropoda as spiders, mites, ticks, centipedes and wood lice.

"Occupant" means the person who has the use of or occupies any business building or a part or fraction thereof, whether the actual owner or tenant. In the case of vacant business buildings or any vacant portion of a business building, the owner, agent or other person having custody of the building shall have the responsibility of an occupant of a building.

"Owner" means the actual owner of the business building, whether individual, partnership or corporation, or the agent of the building or other person having custody of the building or to whom rent is paid.

"Ratproofing" means a form of construction to prevent the ingress of rats into business buildings from the exterior or from one business building or establishment to another. It consists of rendering all actual or potential openings in the exterior walls, ground or first floors, basements, roofs and foundations, that may be reached by rats from the ground by climbing or by burrowing, with material impervious to rat-gnawing. (Prior code §§ 20-1-1 (part), 20-1-166)

10.32.020 Ratproofed business buildings required.

All business buildings in the metropolitan government area shall be ratproofed, freed of rats and maintained in a ratproof and rat-free condition under the direction and supervision of the chief medical director. (Prior code § 20-1-167)

10.32.030 Buildings in which foodstuffs are stored.

It is unlawful for any person to occupy any building or structure wherein foodstuffs are to be stored, kept,

handled, sold, held or offered for sale without complying with the ratproof regulations prescribed in this chapter for existing buildings and structures. (Prior code § 20-1-174)

10.32.040 Inspection prior to issuance of license.

No license shall be issued by the metropolitan government for the operation of any new businesses listed in Section 10.32.030 or to operate any such business in a new location until the building where such business is to be located or operated has been inspected and found by the chief medical director or his authorized representative to comply with the provisions of this chapter. (Prior code § 20-1-175)

10.32.050 Inspection authority—Abatement notice.

A. The chief medical director or authorized personnel of the department of health are empowered to make such unannounced inspections of the interior and exterior of business buildings as, in their opinion, may be necessary to determine such compliance with this chapter.

B. When any evidence is found indicating the presence of rats or openings through which rats may enter business buildings, the chief medical director or authorized personnel of the department of health shall serve the owners or occupants with notice or orders to abate the conditions found. (Prior code § 20-1-171)

10.32.060 Ratproofing measures—Compliance required.

Upon receipt of written notice or order signed by the chief medical director, the owner of any business building specified therein shall take immediate measures for ratproofing the building. Unless such work and improvements have been completed by the owner in the time specified in the written notice, in no event to be less than fifteen days, or within the time to which a written extension may have been granted by the chief medical director, the owner shall be deemed guilty of a violation of this code. (Prior code § 20-1-168)

10.32.070 Rat eradication measures—Compliance required.

Whenever the chief medical director notifies the occupant of a business building that there is evidence of rat infestation of the building, the occupant shall immediately institute rat eradication measures, and shall continuously maintain such measures in a satisfactory manner until the premises are rat-free or the chief medical director advises that there is no evidence of rat infestation. Unless such measures are taken within seven days after receipt of notice, the occupant of the business building shall be guilty of a violation of this code. (Prior code § 20-1-169)

10.32.080 Eliminating rat harborage areas—Floor construction requirements.

Whenever conditions inside or outside business buildings provide extensive rat harborage, the chief medical director or authorized personnel of the department of health may require the owner to install suitable cement floors in basements, or to replace wooden first or ground floors, or require the owner or occupant to correct such rat harborage as maybe necessary in order to facilitate rat eradication in a reasonable time. (Prior code § 20-1-172)

10.32.090 Maintenance of ratproofed buildings.

The occupants of all ratproofed business buildings shall maintain the premises in a ratproof condition, and repair all breaks or leaks that may occur in the ratproofing, unless such breaks or leaks develop as the result of natural deterioration of the building. (Prior code § 20-1-170)

10.32.100 Removal of ratproofing prohibited.

It is unlawful for the occupant or owner or any contractor, public utility company, plumber or other person to remove the ratproofing from any business building for any purpose and fail to restore the same in a satisfactory condition or to make any new openings that are not closed or sealed against the entrance of rats. (Prior code § 20-1-173)

10.32.110 Storage of animal feed.

All food and feed kept for feeding chickens, cows, pigs, horses and other animals shall be kept and stored in rat-free and ratproof containers, compartments or rooms, unless kept in a ratproof building. (Prior code § 20-1-176)

10.32.120 Storage and disposal of garbage.

All garbage or refuse consisting of waste animal or vegetable matter upon which rats may feed and all small dead animals shall be placed and stored, until collected, in covered metal containers of a type prescribed by the department of public works. It is unlawful for any person to dump or place on any premises, land or waterway any dead animals or waste vegetable or animal matter of any kind. (Prior code § 20-1-177)

10.32.130 Accumulation of garbage.

It is unlawful for any person to place, leave, dump or permit to accumulate any garbage, rubbish or trash in any building or premises so that same shall or may afford food or harborage for rats. (Prior code § 20-1-178)

10.32.140 Accumulation of building materials.

It is unlawful for any person to permit to accumulate on any premises, improved or vacant, and on any open lot or alley, any lumber, boxes, barrels, bricks, stones or other similar materials that may be permitted to remain thereon, unless the same shall be evenly piled or stacked, so that these materials shall not afford harborage for rats. (Prior code § 20-1-179)

10.32.150 Quarantine of premises.

In order to minimize human infection by rats, the chief medical director is authorized to declare that any premises shall be quarantined until the owner, tenant or other person in control of the premises shall have fully complied with any action with reference to such premises required by the chief medical director to accomplish this purpose. (Prior code § 20-1-180)

10.32.160 Removing stagnant water.

A. The chief medical director may order the person in control of any marsh, inland swamp, sunken lot, property below grade, excavation or any other place where stagnant water may collect to fill in or drain the same and take other adequate measures to prevent the breeding or harborage of insects, rodents and other pests.

B. The chief medical director may order the person in ownership or control of any property or facility storing tires where stagnant water may collect to eliminate the collection of water in the tires and employ other adequate measures to prevent the breeding or harborage of insects, rodents and other pests. (Amdt. 1 with Ord. 2002-1122 § 1, 2002; Prior code § 20-1-181)

10.32.170 Responsibilities of owners—Failure to comply.

Orders of the chief medical director pursuant to this chapter shall be executed by the owner, tenant or person in control of the premises at his or their expense, or the metropolitan government may carry out such sanitary activities and charge the expense of same to the owner, at the option of the chief medical director; provided, that unless otherwise specified in this chapter, the owner, tenant or person in control of the premises shall, after the serving of the order upon him, be given five days within which to comply with the orders of the chief medical director, and in case, in the opinion of the chief medical director, five days is not sufficient, the chief medical director may extend the time not to exceed seven additional days. (Prior code § 20-1-182)

10.32.180 Government use of airborne pesticides—Public notification and protection.

In the event the department of health deems airborne pesticide spraying is necessary to manage and control mosquitoes or other pests, the department of health shall take the following actions to inform and protect the citizens of the metropolitan government prior to the use of such airborne pesticides:

A. Post clearly visible and legible signs informing neighborhood residents that the department of health will be spraying airborne pesticides not less than forty-eight hours prior to spraying pesticides in the area. The department of health shall use its best efforts to post the signs within one hundred feet of all entry intersections around the perimeter of the affected spray area and all major artery intersections within the affected spray area. Such signs shall include, but not be limited to:

1. Day of the week and time of spraying.

2. A contact number for the health department regarding the use of airborne pesticides.

3. A contact number to call to opt out of the pesticide spraying.

B. The department of health will notify citizens who own a landline phone within the affected area by automated phone message. Upon the written request by any resident within the area of the metropolitan government, the department of health shall provide such residents written notice by email informing them when the department of health will be spraying airborne pesticides in their neighborhood. Residents will receive notice not less than forty-eight hours prior to spraying pesticides in the area. The notice shall include, but not be limited to:

1. The date, time and location of spraying.

2. A contact number for the health department regarding the use of airborne pesticides.

3. The procedure residents can use to opt out of the pesticide spraying.

C. The following spraying exemptions shall be implemented by the department of health:

1. Residents who opt out of the spraying program will be granted a minimum buffer of one hundred fifty feet from the property line. This buffer may be removed if the director of health determines that a documented threat to public health exists in the area schedule to be sprayed. The department of health will use its best efforts to notify residents in advance if the buffer is removed.

2. Airborne pesticide spraying shall be postponed to another day if there is an air quality alert on the date of the scheduled spraying.

3. It shall be the policy of the department of health that spray truck drivers or other staff shall turn off the spray and verbally warn pedestrians or residents visible on streets or yards, and not resume spraying within approximately three hundred feet of such pedestrians or residents.

D. The department of health shall be relieved from any of the foregoing requirements of this section if the director of health determines that a documented threat to public health exists. (Ord. BL2007-1389 § 1, 2007)

Chapter 10.36

HOUSING SANITATION

Sections:

10.36.010	**Definitions.**
10.36.020	**Sanitation requirements—Abatement notice.**
10.36.030	**Vacation of buildings.**
10.36.040	**Deemed owners—Compliance required.**

10.36.010 Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Chief medical director" means the chief administrative officer of the board of health or his designated representative.

"Department of health" means the department of health of the metropolitan government. Such term shall include the board and all of its agents, employees and activities. (Prior code § 20-1-1 (part))

10.36.020 Sanitation requirements—Abatement notice.

Every dwelling and every part thereof shall be kept clean and free from any accumulation of dirt, filth, rubbish, garbage or similar matter, and shall be kept free from vermin or rodent infestation. All yards, lawns and courts shall be similarly kept clean and free from rodent infestation. It shall be the duty of each occupant of a dwelling unit to keep in a clean condition that portion of the property which he occupies or over which he has control. If the occupant shall fail to keep his portion of the property clean, the chief medical director may send a written notice to the occupant to abate such nuisance within the time specified in such notice; provided, that when, in the opinion of the chief medical director, such nuisance constitutes an actual menace to health, he shall proceed forthwith to cause such nuisance to be abated. Failure of the occupant to comply with such notice shall constitute a violation of this code. (Prior code § 20-1-141)

10.36.030 Vacation of buildings.

Whenever it is found by the chief medical director that the remedies available to the agency of the metropolitan government having primary responsibility in the field of housing are inadequate to protect an existing or threatened menace to the public health, and that a dwelling is unfit for human habitation or dangerous to life or health by reason of the existence on the premises of any condition likely to cause sickness or injury among the occupants of such dwelling, or for any other causes affecting the public health, the chief medical director may issue an order requiring such dwelling to be vacated. A copy of such order shall be posted on the front of the dwelling at least ten days before it shall be effective, unless the situation is of a character requiring immediate action, in which case the effective time of the order shall be such as, in the judgment of the chief medical director, is reasonable and proper. A copy of such order shall be sent to the owner of the property or his agent, if such names and addresses, on diligent search, can be ascertained. The dwelling so ordered to be vacated shall not again be occupied until a written statement has been secured from the chief medical director, showing the dwelling or its occupation has been made to comply with this or any other existing law. It shall be unlawful for any person to violate such order of the chief medical director. (Prior code § 20-1-142)

10.36.040 Deemed owners—Compliance required.

Whenever any person shall be in actual possession or have charge, care or control of any property within the metropolitan government area as executor, administrator, trustee, guardian or agent, such person shall be deemed and taken to be the owner of such property within the true intent and meaning of this chapter, and shall be bound to comply with the provisions of this chapter to the same extent as the owner, and notice to any such person of any order or decision of the chief medical director or the board of health shall be deemed to be a good and sufficient notice, as if such person were actually the owner of such property. (Prior code § 20-1-143)

10.40.150	**Communicable or contagious diseases.**
10.40.160	**Register of coaches and occupants.**

10.40.010 Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Chief medical director" means the chief administrative officer of the board of health or his designated representative.

"Department of health" means the department of health of the metropolitan government. Such term shall include the board and all of its agents, employees and activities.

"Dependent trailer coach" means a trailer coach which does not have a toilet and a bathtub or shower.

"Independent trailer coach" means a trailer coach that has a toilet and a bathtub or shower.

"Service building" means a building housing toilet facilities for men and women, with slop-water closet and laundry facilities and with separate bath or shower accommodations.

"Trailer coach" means any vehicle used or so constructed as to permit its being used as a conveyance upon the public streets or highways, duly licensable as such, and constructed in such a manner as will permit occupancy thereof as a dwelling or sleeping place for one or more persons; provided, that this definition shall not include transport trucks or vans equipped with sleeping space for a driver.

"Trailer coach space" means a plot of ground within a trailer court, designated for the accommodation of one trailer coach.

"Trailer court" means any plot of ground upon which two or more trailer coaches, occupied for dwelling or sleeping purposes, are located. (Prior code §§ 20-1-1 (part), 20-1-144)

10.40.020 Permits.

No place or site within the metropolitan government area shall be established or maintained by any person as a trailer court unless he holds a valid permit issued by the director of the department of codes administration and the chief medical director in the name of such person for the specific trailer court. The chief medical director is authorized to suspend or revoke permits in accordance with the provisions of this chapter and any rules or regulations adopted by the board of health. (Prior code § 20-1-145)

10.40.030 Inspection authority—Right of entry.

A. The chief medical director is authorized and directed to make inspections to determine the condition of trailer courts, in order that he may perform his duty of safeguarding the health and safety of occupants of trailer courts and of the general public.

B. The chief medical director shall have the power to enter at reasonable times upon any private or public property for the purpose of inspecting and investigating conditions, relating to the enforcement of this chapter or of regulations promulgated by the board of health. (Prior code § 20-1-146)

10.40.040 Location and planning.

Each trailer court shall be located on a well-drained site, shall be located so that its drainage will not endanger any water supply and shall be in conformity with the plan approved by the chief medical director. The chief medical director may promulgate regulations for trailer court locations and plan approval, which shall provide for adequate drainage, space, lighting, safety, service buildings and other facilities necessary to protect the public health and prevent nuisances. (Prior code § 20-1-147)

10.40.050 Service buildings.

A. Each trailer court that accepts a dependent trailer coach for parking shall be provided with one or more service buildings, adequately equipped with flush-type toilet fixtures. No service building shall contain less than

one toilet for women, one toilet for males, one lavatory and shower for each sex, one laundry tray and one slop-water closet. Dependent trailer coaches shall be parked not more than two hundred feet from the service building.

B. Service buildings shall:

1. Be located fifteen feet or more from any trailer-coach space;

2. Be of permanent construction and be adequately lighted;

3. Be of moisture-resistant material, to permit frequent washing and cleaning;

4. Have sufficient toilet and laundry facilities, according to requirements promulgated by the chief medical director, to serve adequately males and females;

5. Have adequate heating facilities to maintain a temperature of seventy degrees Fahrenheit during cold weather, and to supply a minimum of three gallons of hot water per hour, per coach space, during the time of peak demand;

6. Have all rooms well ventilated, with all openings effectively screened;

7. Have at least one slop-water closet, supplied with hot and cold water, in a separate room. (Prior code § 20-1-148)

10.40.060 Additions to trailers—Parking restrictions.

No permanent additions of any kind shall be built onto or become a part of any trailer coach. Skirting of coaches is permissible, but such skirting shall not permanently attach the coach to the ground, provide a harborage for rodents or create a fire hazard. The wheels of the coach shall not be removed, except temporarily when necessary for repairs. Jacks or stabilizers may be placed under the frame of the coach to prevent movement on the springs while the coach is parked and occupied. (Prior code § 20-1-157)

10.40.070 Water supply.

An accessible, adequate, safe and potable supply of water shall be provided in each trailer court, capable of furnishing a minimum of one hundred twenty-five gallons per day per trailer coach space. Where a public supply of water of such quality is available, connections shall be made thereto, and its supply shall be used exclusively. The development of an independent water supply to serve the trailer court shall be made only after express approval has been granted by the chief medical director. (Prior code § 20-1-149)

10.40.080 Sewage disposal.

Trailer courts shall be served by a public sewer system, if available, or by a private disposal system which has the approval of the chief medical director, if a public sewer system is not available. Each trailer coach space shall be provided with a satisfactory sewer connection. All sewage disposal apparatus, including appurtenances thereto, shall be provided, maintained and operated so as not to create a nuisance or health hazard. (Prior code § 20-1-151)

10.40.090 Plumbing.

All plumbing in the trailer court shall comply with all state and local plumbing laws and regulations. (Prior code § 20-1-150)

10.40.100 Electrical outlets and power lines.

An electrical outlet supplying at least one hundred ten volts shall be provided for each trailer coach space. The installation shall comply with all state and local electrical codes and ordinances. Such electrical outlet shall be weatherproof. No power line shall be permitted to lie on the ground or to be suspended less than eighteen feet above the ground. (Prior code § 20-1-154)

10.40.110 Liquefied petroleum gas.

Liquefied petroleum gas for cooking purposes shall not be used at individual trailer coach spaces unless the containers are properly connected by copper or other suitable metallic tubing. Liquefied petroleum gas cylinders shall be securely fastened in place, and adequately protected from the weather. No cylinder containing liquefied petroleum gas shall be located in a trailer coach, nor within five feet of a door thereof. (Prior code § 20-1-155)

10.40.120 Fire prevention.

The trailer court area shall be subject to rules and regulations of the fire prevention authorities having jurisdiction. (Prior code § 20-1-156)

10.40.130 Refuse storage, collection and disposal.

The storage, collection and disposal of refuse in a trailer court shall be managed so as to create no health hazards, rodent harborage, insect-breeding areas, accident hazards or air pollution. All refuse shall be stored in fly-tight, watertight, rodentproof containers, which shall be provided in sufficient number and capacity to prevent any refuse from overflowing. Satisfactory container racks or holders shall be provided, and shall be located not more than one hundred fifty feet from any trailer coach space. Garbage shall be collected and disposed of in an

approved manner at least twice per week. (Prior code § 20-1-152)

10.40.140 Insect and rodent control measures.

Insect and rodent control measures to safeguard public health, as established by the chief medical director, shall be applied in each trailer court. The trailer court shall be kept free of rubbish, and shall be maintained in a satisfactory condition at all times. All harborage places for rodents or hosts of insect vectors shall be eliminated. All breeding places for flies and mosquitoes shall be eliminated or effectively treated. (Prior code § 20-1-153)

10.40.150 Communicable or contagious diseases.

Every owner, operator, attendant or other person operating a trailer court shall notify the chief medical director immediately of any suspected communicable or contagious disease within the trailer court. In the case of diseases diagnosed by a healthcare provider as quarantinable, such owner, operator, attendant or other person operating the trailer court shall not permit the departure of a trailer coach or its occupants or the removal therefrom of clothing or other articles which have been exposed to infection, without approval of the chief medical director. (Ord. BL2023-2125 § 4, 2023; prior code § 20-1-158)

10.40.160 Register of coaches and occupants.

A. Every trailer court owner or operator shall maintain a register containing a record of all trailer coaches and the occupants using the trailer court. Such register shall be available to any authorized person inspecting the court, and shall be preserved for the period required by the chief medical director.

B. Such register shall contain:

1. The names and addresses of all trailer coach occupants stopping in the court;

2. The make, model and license number of each motor vehicle and trailer coach;

3. The state, territory or county issuing the trailer license;

4. The dates of arrival and departure of each trailer coach. (Prior code § 20-1-159)

10.44.010 Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Chief medical director" means the chief administrative officer of the board of health or his designated representative.

"Department of health" means the department of health of the metropolitan government. Such term shall include the board and all of its agents, employees and activities.

"Drinking water" means water provided or used for human consumption or for lavatory or culinary purposes.

"Food service establishment" means establishments for the preparation and serving of meals, lunches, short orders, sandwiches, frozen desserts or other edible products. The term includes but is not limited to restaurants, coffee shops, cafeterias, short order cafes, luncheonettes, taverns, lunchrooms, places manufacturing, wholesaling or retailing sandwiches or salads, soda fountains, institutions, both public and private, food carts, itinerant restaurants, industrial cafeterias, catering establishments, food vending machines and vehicles and operations connected therewith and similar facilities by whatever name called.

"Health authority" means the metropolitan board of health.

"Mass gathering" means any event likely to attract three thousand or more persons and to continue for twelve or more hours.

"Metropolitan board of health" means the metropolitan board of health as established in Article 10 of the Charter.

"Permit" means authorization granted to a person by the health authority to operate a mass gathering.

"Person" means the state or any agency or institution thereof, any municipality, political subdivision, public or private corporation, individual, partnership, association or other entity, and includes any officer or governing or managing body of any municipality, political subdivision or public or private corporation.

"Sewage" means human, domestic or animal wastes from residences, buildings, commercial and industrial establishments, institutions and other structures and shall include bath and toilet wastes, laundry wastes, kitchen wastes and other similar wastes together with water or other liquid wastes that may be present.

"Solid waste" means garbage, refuse and other discarded solid materials, including solid waste materials resulting from industrial, commercial and agricultural operations and from community activities.

"Toilet" means a structure used for the sanitary disposal or storage of human wastes without the aid of water carriage. Included with the scope of this definition are vault privies, chemical privies and portable privies, but pit privies are expressly excluded from this definition. (Prior code §§ 20-1-1 (part), 20-1-226)

10.44.020 Bond required.

The operator of a mass gathering shall provide a performance bond of fifty thousand dollars, and five thousand dollars additional for each five thousand persons or fraction thereof likely to attend to guarantee full compliance with the provisions of this chapter and other applicable laws and regulations. The bond shall also cover cleanup of the site and compliance with all provisions of public health laws and regulations. (Prior code § 20-1-227)

10.44.030 Permit required—Application.

A. No person shall hold or promote, by advertising or otherwise, a mass gathering unless a permit has been issued for the gathering by the health authority.

B. Application for a permit to promote or hold a mass gathering shall be made to the permit issuing official on a form and in a manner prescribed by the director of health by the person who will promote or hold the mass gathering. Application for a permit to promote or hold the mass gathering shall be made at least fifteen days before the first day of advertising and

at least forty-five days before the first day of the gathering. Water and sewage facilities shall be constructed and operational not later than forty-eight hours before the first day of the mass gathering. The application shall be accompanied by such plans, reports and specifications as the permit issuing official shall deem necessary. The plans, reports and specifications shall provide for adequate and satisfactory water supply and sewage facilities, adequate drainage, adequate toilet and lavatory facilities, adequate refuse storage and disposal facilities, adequate sleeping areas and facilities, wholesome food and sanitary food service, adequate medical facilities, insect and noxious weed control, adequate fire protection and such other matters as may be appropriate for security of life or health.

C. A separate permit shall be required for each mass gathering.

D. A permit may be revoked by the permit issuing official if he finds that the mass gathering for which the permit was issued is maintained, operated or occupied in violation of law, this chapter or the sanitary code of the health district in which the mass gathering is located. A permit may be revoked upon request of the permittee or upon abandonment of operation.

E. A permit issued for the operation of a mass gathering shall be posted or kept on file and made available by the operator on request. (Prior code § 20-1-228)

10.44.040 Space requirements.

An area of at least fifty square feet of usable land per person must be provided at the premises, exclusive of the area required for parking, traffic flows, sanitary facilities, food facilities, service buildings, stage, etc. (Prior code § 20-1-229)

10.44.050 Water supply and facilities.

A readily available potable water supply of adequate quantity to supply five gallons per person per day must be provided. One fountain or drinking water outlet shall be provided for each one hundred people and within five hundred feet of camping and congregating areas. Water shall be available to a medical complex. Water shall be available at first aid and emergency health care facilities. (Prior code § 20-1-230)

10.44.060 Sewage disposal and facilities.

Toilet facilities shall be provided at the rate of one toilet seat per one hundred people; provided, that daily maintenance and servicing is assured; if not proposed and provided for, then one toilet seat for each thirty-three people is required. One lavatory shall be provided for each one hundred people and provisions shall be made for wastewater disposal at these facilities. The toilet facility areas shall be fenced, lighted and adequately identified to allow for service vehicles to maintain daily. Final disposal of all liquid wastes shall be in an area approved by the health authority. Adequate maintenance personnel shall be provided to assure a supply of toilet paper is available at all toilet facilities at all times. (Prior code § 20-1-231)

10.44.070 Food service plans and establishments.

All food service plans and food service establishments shall be approved by the health authority. (Prior code § 20-1-233)

10.44.080 Refuse storage, collection and disposal.

Adequate storage facilities shall be provided to receive refuse of two pounds per person per day, the equivalent to one cubic yard per one hundred twenty-five people per day. Approved receptacles shall be strategically located. Final disposal of solid waste shall be in an established landfill site as approved by the health authority. No burning of refuse shall be permitted. The person to whom the permit is issued shall be responsible for seeing that the grounds are at all times kept clear of solid waste. (Prior code § 20-1-232)

10.44.090 Overnight camping.

Should overnight camping be allowed, minimum standards as provided for in the state Camp Sanitation Act shall be adhered to. It is strongly recommended that shower facilities be provided where overnight camping is permitted. (Prior code § 20-1-234)

10.44.100 Lighting for facility areas.

All water supply, sewage, refuse and food service facility areas shall be provided with sufficient light with a minimum of at least five footcandles. (Prior code § 20-1-236)

10.44.110 Reserved.

Editor's note—Ord. BL2019-1631, § 1, adopted August 20, 2019, repealed § 10.44.110, which pertained to noise level and derived from prior Code § 20-1-237. The user's attention is directed to Title 9, Noise and Amplified Sound.

10.44.120 Crowd control.

An acceptable plan shall be submitted giving details as to how the number of people admitted to the event will be controlled when reaching the maximum limit of the facilities provided. The number of people admitted to the area will be limited to that provided for by the

ratio of sanitary and emergency health care facilities. Security guards either regularly employed, duly sworn-in, off-duty police officers or private guards sufficient to provide adequate security for the maximum number of people to be assembled at the rate of at least one security guard for every seven hundred fifty people shall be provided. (Prior code § 20-1-235)

10.44.130 Regulatory personnel.

Provisions shall be made to provide the festival grounds with adequate number of public health officials to supervise the food service concessions and the water, sewage and refuse facilities. (Prior code § 20-1-238)

10.44.140 Medical care and facilities.

A. Physicians. The health department will approve physician services, provided the following conditions are met:

1. The sponsors or promoters must employ one physician for each ten thousand persons expected to attend (PEA). These physicians must agree to a schedule so that there will be the following ratios around the clock for each consecutive eight-hour period. The ratio of physicians per ten thousand per shift will be:

a. Eight a.m. to four p.m., 0.4 physician per ten thousand PEA;

b. Four p.m. to twelve midnight, 0.4 physician per ten thousand PEA;

c. Twelve midnight to eight a.m., 0.2 physician per ten thousand PEA.

2. Each physician employed must provide a notarized affidavit showing his name, current license to practice in the state and a schedule of the hours and dates the physician agrees to work during the outdoor festival, not to exceed forty hours per week.

3. There must be a minimum of one physician on duty at all times.

B. Nurses. The health department will approve nursing services, provided the following conditions are met:

1. The sponsors or promoters must employ two registered nurses (RN's), two licensed practical nurses (LPN's) and one ancillary medical person, e.g., nurses aides, persons with training as medical corpsmen or persons experienced as a hospital orderly, for each ten thousand persons expected to attend. The nursing personnel must agree to a schedule so that there will be the following numbers per ten thousand for each consecutive eight-hour period. The numbers of nursing staff per shift, per ten thousand will be:

a. Eight a.m. to four p.m., 0.8 RN's, 0.8 LPN's and 0.4 ancillary persons;

b. Four p.m. to twelve midnight, 0.8 RN's, 0.8 LPN's and 0.4 ancillary persons;

c. Twelve midnight to eight a.m., 0.4 RN's, 0.4 LPN's and 0.2 ancillary persons.

2. Each nurse employed must provide a notarized affidavit showing name, current license to practice in the state and a schedule of the hours and dates the nurse agrees to work during the duration of the outdoor gathering, not to exceed forty hours per week.

3. There must be at least one registered nurse, one licensed practical nurse and one ancillary medical person on duty at all times.

C. Emergency Transportation. There must be an arrangement for emergency evacuation of the sick and injured to licensed hospital facilities. This can be done by showing on-call availability of one ambulance for each ten thousand persons expected to attend or the on-call availability of a helicopter accommodating two litters for each one hundred twenty-five thousand persons expected to attend.

D. Facilities. There shall be facilities for healthcare providers to give out-patient care on the premises. The facility shall have chairs, examining tables with stirrups, locked cabinets for equipment and drugs. There will be an assortment of instruments for minor surgery and for examinations. Supplies such as sutures, novocaine, adrenalin and therapeutic injectibles will be available. There will be temporary holding facilities for the sick and injured for temporary treatment or while awaiting transport to a hospital. There will be one bed for each five thousand persons shielded with appropriate curtains for privacy. There shall be desks and chairs for staff and chairs for visitors. Toilet and lavatory facilities shall be immediately available.

E. Medical Supplies. The health authority shall have the authority to determine the quantitative and qualitative adequacy of medical supplies available.

F. Reimbursement of Expenses. The person to whom the permit is issued shall be obligated to reimburse the metropolitan government for any and all expense of medical treatment or hospital care arising out of or in connection with the mass gathering and for which compensation has not otherwise been provided. (Ord. BL2023-2125 § 5, 2023; prior code § 20-1-239)

10.44.150 Injunctive relief.

When it appears that the penalty provided in Section 1.01.030 is inadequate and insufficient to protect the public health, safety and welfare, the director of law is authorized to institute a civil proceeding in a court of competent jurisdiction to enjoin the violation or threat of violation of this chapter. (Ord. 95-1329 § 2 (part), 1995; prior code § 20-1-240)

10.48.010 Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Chief medical director" means the chief administrative officer of the board of health or his designated representative.

"Conventional pool" means a public pool used or designed to be used for bathing, swimming or diving (with or without diving boards, platforms or other apparatus).

"Department of health" means the department of health of the metropolitan government. Such term shall include the board and all of its agents, employees and activities.

"Hydrotherapy," "Whirlpool" or "Spa-Type Pool." These pools are not designed for swimming but for therapeutic use and for physiological and psychological relaxation. They are not drained, cleaned and refilled after each use and they may include, but are not limited to, high-velocity air or water circulation systems utilizing hot, cold or ambient temperature water. The water temperature of such pools shall not exceed one hundred five degrees Fahrenheit (forty degrees Centigrade). They have closed-cycle water systems with complete water recirculation, filtration and disinfection.

"Private pool" means a pool facility used only by an individual, family or living unit for members and their guest(s), and shall not serve any type of cooperative housing or joint tenancy of four or more living units. The design, construction and operation of such pools are not subject to these regulations.

"Public swimming pool" or "public pool" means a structure of concrete, masonry or other approved materials, used for bathing or swimming, or for instructional purposes in swimming, diving or other aquatic activities by humans, and filled with a filtered and disinfected water supply, together with buildings, appurtenances and equipment used in connection therewith. A public swimming pool or public pool means a conventional pool, spa-type pool, wading pool, special purpose pool or water recreation attraction, to which admission may be gained with or without payment of a fee and includes, but is not limited to, pools operated by camps, places of worship, cities, clubs, counties, health spas, institutions, parks, state agencies, schools, subdivisions, or the cooperative living-type projects of four or more living units, such as apartments, boardinghouses, condominiums, hotels, mobile home parks, motels, recreational vehicle parks and trailer parks. The inclusion in the definition of "public swimming pool" of those serving four or more living units where the living units are predominantly of individual or family ownership (such as in a fourplex or larger multiple housing unit or a condominium) is for the protection of health and safety of the pool patrons and shall not be construed to mean that such pools are open to use by the general public.

"Special purpose pool" means a public pool used exclusively for a particular purpose, with design and operational features that provides patron participation, which is different from that associated with conventional pools, spa-type pools, wading pools or water recreation attractions.

"Wading pool," or "child's pool" means a public pool used, or designed to be used, primarily by nonswimming children for wading purposes.

"Water recreation attraction" means a facility designed for recreation where participants routinely experience partial or whole body contact with the water such as, but not limited to, hydro slides, artificial waves, etc. (Ord. BL2017-654 § 8, 2017; Ord. 89-813 § 1, 1989; prior code §§ 20-1-1 (part), 20-1-183)

10.48.020 Applicability and purpose of chapter.

The provisions contained in this chapter apply to all public swimming pools, including all facilities incident thereto. The purpose of this chapter is to provide a guide for the design, construction, operation and maintenance of such pools so that health and safety hazards will be minimized. (Prior code § 20-1-184)

10.48.030 Adoption of rules and regulations—Compliance required.

Reasonable regulations shall be promulgated by the department of health covering design, construction and operation of public swimming pools. No permit to construct, alter or remodel or license to operate shall be granted unless the pool conforms with such regulations. (Prior code § 20-1-185)

10.48.040 Application for permit.

The application for permit to construct or remodel a public swimming pool shall be on such forms as may be prescribed by the department of health, together with any supporting data as may be required for the proper review of the plans. (Prior code § 20-1-186(b))

10.48.050 Plans and specifications.

A. No person shall begin construction of a public swimming pool or shall substantially alter or reconstruct any public swimming pool without first having submitted plans and specifications to the department of health for review and approval. All plans and specifications shall be submitted in triplicate. Approval by the department of health shall not be construed to indicate approval of the strength or safety of any equipment or to indicate compliance with any requirement of a building code adopted pursuant to Section 16.08.010 and Chapters 16.28 through 16.40 and 16.48 through 16.50 of this code, as the same may be amended. Neither shall such approval by the department of health relieve any person from the duty to comply fully and completely with any and all applicable provisions of this code, nor any other requirement imposed by ordinance, statute, rule or regulation of the Metropolitan Government of Nashville and Davidson County, the State of Tennessee and the United States Government.

B. The pool and facilities shall be built in accordance with the plans approved, unless approval of changes has been given in writing by the department of health. The owner or his agent shall notify the department of health at specific predetermined stages of construction and at the time of completion of the pool to permit adequate inspection of the pool and related equipment during and after construction. The pool shall not be placed in operation until such inspections show compliance with the requirements of this chapter pertaining to swimming pools.

C. The criteria to be followed by the department of health in the review and approval of plans shall be promulgated as rules and regulations as authorized by this chapter.

D. The plans shall be drawn to scale and accompanied by proper specifications so as to permit a comprehensive engineering review of the plans, including the piping and hydraulic details, and shall include:

1. Plan and sectional views with all necessary dimensions of both the pool and surrounding area;

2. A piping diagram showing all appurtenances, including treatment facilities in sufficient detail, as well as pertinent elevation data, to permit a hydraulic analysis of the system;

3. The specifications shall contain details on all treatment equipment, including catalog identification of pumps, chlorinators, chemical feeders, filters, strainers, interceptors and related equipment.

E. Any person submitting plans and specifications in accordance with the provisions of paragraph A shall pay an initial filing fee per the following schedule:

1. Plan for new construction $250.00
2. Revision of previously approved plan . . 100.00
3. Plans for modification to existing pools. 100.00

These filing fees shall not be refundable if the plans are not approved or if the application is withdrawn or if the pool is not built or modified, nor shall a prior fee be applied to any subsequent review. (Ord. 92-396 § 1, 1992; Ord. 89-813 § 2, 1989; prior code § 20-1-186(a), (c)—(e))

10.48.060 Permit required—Expiration and transferability.

No person shall operate or maintain a public swimming pool unless he has obtained a permit to operate such pool from the department of health. Such permits shall be valid for one year, unless otherwise revoked for cause. Only persons who comply with this chapter shall be entitled to receive and retain such permit. Such permits are not transferable. (Prior code § 20-1-187)

10.48.070 Inspection and licensing fees—Classification of pools.

A. All public swimming pools within Davidson County must apply for and receive an operating permit from the metropolitan health department (see Section 10.48.060). Each pool must be inspected by the metropolitan health department and be required to pay an inspection and licensing fee.

B. The annual rate of such fees shall be structured as follows:

Class 1. All public swimming pools at apartment complexes, motels, hotels, clubs, etc., private or public, which normally confine their pool activities to approximately four months annually, shall be classified in Class

1. Class 1 swimming pool permits shall be issued upon the inspection and approval by the metropolitan health department for an annual fee of one hundred dollars.

Class 2. All public swimming pools at apartment complexes, motels, hotels, clubs, etc., private or public, which normally confine their pool activities to approximately six months annually, shall be classified as Class 2. Class 2 swimming pool permits shall be issued upon the inspection and approval by the metropolitan health department for an annual fee of one hundred fifty dollars.

Class 3. All public swimming pools which would normally be utilized year-round shall be classified as Class 3 swimming pools. This will include swimming pools found at health clubs, spas, etc., and all other swimming pools which will require a number of inspections and are required to maintain sanitation year-round. Class 3 swimming pool permits shall be issued upon the inspection and approval by the metropolitan health department for an annual fee of three hundred dollars.

C. The classifications of swimming pools set out in subsection B of this section shall not include swimming pools owned by private individuals at their private residences, but shall include all swimming pools to be utilized by any portion of the public at any institution, private or public. (Ord. 92-396 § 2, 1992; Ord. 89-813 §§ 3—5, 1989; prior code § 20-1-187.1)

10.48.080 Health and safety requirements.

A. No person having a communicable disease shall be employed or work at a public swimming pool. All patrons or swimmers suspected of having an infectious disease shall be excluded.

B. Appropriate facilities shall be provided for the safety of bathers as may be required by the department of health. This shall include lifesaving equipment, safety devices, lifebuoys, lifehooks, first-aid kits, telephone, and adequate staff during the swimming period who are competent in lifesaving and artificial resuscitation. Competent lifeguards shall be on duty during all swimming periods when a use fee is charged.

C. Every swimming pool shall be under the supervision of a capable individual who shall assume the responsibility for compliance with all provisions of this chapter relating to pool operation and maintenance, and safety of bathers.

D. The pool area will be surrounded by a fence or other suitable barricade of sufficient height and construction to deter small children from wandering into the pool.

E. Instructions regarding emergency calls shall be prominently posted.

F. Not more than the maximum design bather load shall be permitted in the swimming pool at any one time. (Ord. 89-813 §§ 6—8, 1989; prior code § 20-1-189)

10.48.090 Pool maintenance—Operation of equipment.

The pumps, filters, disinfectant and chemical feeders and related appurtenances shall be kept in operation at all times the swimming pool is in use and for such additional periods as needed to keep the pool water clear and of satisfactory bacterial quality. (Prior code § 20-1-192)

10.48.100 Records.

The operator of each pool shall keep a daily record of information regarding operation including disinfectant residuals, Ph, maintenance, procedures, recirculation, together with other data as may be required on forms furnished by the department of health. These data shall be kept on file by the operator for not less than two years for review by the department of health or submitted periodically to the department of health, as may be required by the chief medical director. (Ord. 89-813 § 9, 1989; prior code § 20-1-191)

10.48.110 Inspection—Right of entry.

The department of health is authorized to conduct such inspections as it deems necessary to ensure compliance with all provisions of this chapter, and shall have right of entry at any reasonable hours to the swimming pool for this purpose. (Prior code § 20-1-190)

10.48.120 Revocation of permits—Reissuance.

A. The department of health may revoke any permit for failure to comply with the duly promulgated regulations referred to in this chapter or in cases where the permit has been obtained through nondisclosure, misrepresentation or misstatement of a material fact.

B. Before a permit is revoked, the person to whom the permit has been issued shall have notice in writing enumerating instances of failure to comply with the regulations. He shall be given an opportunity for appeal to the board of health, regarding the reasonableness of the revocation of permit.

C. 1. The department of health may order a suspension of a permit and may order the owner or operator of a public swimming pool to prohibit any person from using it if it finds:

a. A failure of the equipment, structure, area or enclosure of the public swimming pool which jeopardizes the health or safety of the persons using or operating it; or

b. That the public swimming pool lacks properly functioning equipment or proper material for recirculating, treating, or testing the water used for swimming or bathing; or

c. A lack of required supervisory personnel or required lifeguards; or

d. That the operator of the public swimming pool is not maintaining the required water quality; or

e. That the operator does not possess a valid operating permit.

2. If the department of health orders the closing of a public swimming pool, it shall issue a written order to the owner or operator, or their representative, stating with particularity the reason for the order of closure along with its finding that the condition giving rise to the order represents a serious threat to the public health and safety. The order must state that the public swimming pool is to be closed immediately and must specify the corrective action necessary for the reinstatement of the permit.

3. The order must be served upon the owner, operator, representative or a person in charge of the public swimming pool. The person on whom the order is served shall close the public swimming pool immediately and shall prohibit any person from using it.

4. After the specified corrective action has been taken, the owner or operator or his representative shall notify the department that the public swimming pool is ready for reinspection. If upon reinspection the corrective action is approved, the department shall order the reinstatement of the permit, at which time the public swimming pool may be opened for use. If upon reinspection the corrective action is not approved, the operating permit remains suspended and the public swimming pool must be kept closed and out of use until corrective action is approved.

5. If a person is served with an order suspending the permit, the permit may be revoked unless the operator:

a. Closes the public swimming pool immediately; and

b. Takes any corrective action required by the order within the time therein specified.

D. The permit shall be reissued upon proper application and upon presentation of evidence that the deficiencies causing revocation have been corrected. (Ord. 95-1433 § 1, 1995; prior code § 20-1-188)

Chapter 10.52

QUARRYING AND MINING OPERATIONS

Sections:

10.52.010	**Definitions.**
10.52.020	**Nuisance declared when.**
10.52.030	**Abatement notice—Compliance or appeal required.**
10.52.040	**Failure to comply—Liability of owner.**
10.52.050	**Regulations and procedures for hearings.**

10.52.010 Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Chief medical director" means the chief administrative officer of the board of health or his designated representative.

"Department of health" means the department of health of the metropolitan government. Such term shall include the board and all of its agents, employees and activities. (Prior code § 20-1-1 (part))

10.52.020 Nuisance declared when.

Holes, ponds, ditches and other depressions created by the mining, quarrying or digging operations by means of which rock, gravel, clay or other commercial products of the ground are obtained therefrom, which are left open and accessible to human beings who may receive injuries by reason thereof, are declared to be a nuisance. (Prior code § 20-1-214)

10.52.030 Abatement notice—Compliance or appeal required.

A. Whenever the chief medical director has knowledge of the existence of a nuisance, as defined in Section 10.52.020, he shall give ten days' written notice to the owner of the property on which such nuisance exists to eliminate the nuisance or to put a fence around the area to prevent people from being endangered by the hazards of such hole, pond, ditch or other depression. Such notice shall specify the manner in which the nuisance shall be abated.

B. Within the ten days specified in such notice, the property owner shall comply with the order and abate the nuisance, or file with the board of health an appeal from the order of the chief medical director, requesting a hearing by the board of health. The filing of such an appeal shall stay all further proceedings until the board of health, after a full hearing, has issued an order declaring that a nuisance exists on the property of the property owner and directing that such nuisance be abated. (Prior code § 20-1-215)

10.52.040 Failure to comply—Liability of owner.

If a property owner fails to appeal to the board of health within the ten-day period specified in Section 10.52.030, or if a property owner fails to comply with a final order of the board of health ordering such property owner to abate a nuisance, then the chief medical director, on behalf of the metropolitan government, or such other department or agency of the metropolitan government as shall be designated by the mayor, shall abate and remove the nuisance at the expense of the property owner, and the expense shall be secured by a lien upon the property for which the expenditure is made, which lien may be enforced by suit in the chancery court. (Prior code § 20-1-216)

10.52.050 Regulations and procedures for hearings.

The board of health is authorized to make such rules and regulations and to provide such procedures relating to the hearings provided for in this chapter with reference to the abatement of nuisances as it may deem necessary or proper. (Prior code § 20-1-217)

Chapter 10.56

AIR POLLUTION CONTROL

Sections:

10.56.010 Definitions.

Article I. Administration and Enforcement

10.56.020 Construction permits.
10.56.040 Operating permit.
10.56.050 Exemptions.
10.56.060 Transferability of permit.
10.56.070 Suspension or revocation of permit.
10.56.080 Permit and annual emission fees.
10.56.090 Board—Powers and duties.
10.56.100 Board—Consideration of facts and circumstances.
10.56.110 Rules and regulations—Hearings procedure.
10.56.120 Complaint notice—Hearings procedure.
10.56.130 Variances—Hearings procedure.
10.56.140 Emergency measures—Hearings procedure.
10.56.150 Nuisance declared—Injunctive relief.

Article II. Standards for Operation

10.56.160 Ambient air quality standards.
10.56.170 Emission of gases, vapors or objectionable odors.
10.56.180 Laundry operations—Dryer and vent pipe requirements.
10.56.190 Controlling wind-borne materials.
10.56.200 Sale, use or consumption of solid and liquid fuels.
10.56.210 Hazardous air pollutants.
10.56.220 Fuel-burning equipment.
10.56.230 Incinerators.
10.56.240 Internal combustion engines.
10.56.250 Open burning.
10.56.260 Process emissions.
10.56.270 Visible emissions.
10.56.280 Start-ups, shutdowns and malfunctions.
10.56.290 Measurement and reporting of emissions.
10.56.300 Testing procedures.

10.56.010 Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Act" means the Clean Air Act, as amended, 42 U.S.C. § 7401, et seq.

"Actual emissions" means the actual rate of emissions of a pollutant from an emissions unit as determined below:

1. Actual emissions shall equal the average rate, in tons per year, at which the facility actually emitted the pollutant during a two-year period which precedes the particular date and which is representative of normal operation. The director may use a different time period upon determining that it is more representative of normal operation. Actual emissions shall be calculated using the facility's actual operating hours, productions rates, and type of materials processed, stored or combusted during the selected time period;

2. The director may presume that the source-specific allowable emissions for the facility are equivalent to the actual emissions of the facility; or

3. For any facility which has not begun normal operations on the particular date, actual emission shall equal the potential to emit.

"Administrator" means the Administrator of the United States Environmental Protection Agency or his designee.

"Air pollutant" means any particulate matter or any gas or vapor or any combination thereof including any physical, chemical, biological, radioactive (including source material, special nuclear material and byproduct material) substance or matter which is emitted into or otherwise enters the ambient air.

"Air pollution" means the presence in the outdoor atmosphere of one or more air pollutants in such quantities, characteristics or duration as is or tends to be injurious to human health or welfare, or animal or plant life or health, or property, or would interfere with the enjoyment of life or property.

"ASME" means the American Society of Mechanical Engineers.

"ASTM" means the American Society for Testing and Materials.

"Board" means the metropolitan board of health.

"Breeching" means any conduit for the transport of products of combustion or processes to the atmosphere or to any intermediate device before being discharged into the atmosphere. Such term does not include the chimney or stack.

"Cleaning fires" means the act of removing ashes from the fuel bed or furnace.

"Continuous monitoring" means the sampling and analysis of air pollutants in a continuous or timed sequence, using techniques which will adequately measure actual emission levels or ambient concentrations on a continuous basis.

"Department" means the department of health of the metropolitan government, including the board, agents, employees and divisions.

"Director" means the chief administrative officer of the metropolitan board of health or his designated representative.

"Emission" means the act of releasing or discharging air pollutants into the ambient air from source.

"Existing source" means any equipment, machine, device, article, contrivance or installation which was in existence on the effective date of this chapter, except that any existing equipment, machine, device, article, contrivance or installation which is altered, replaced or rebuilt that increases the amount of air pollutants emitted by such source or which results in the emission of any air pollutant not previously emitted shall be reclassified as a new source.

"Fuel-burning equipment" means any furnace, boiler, apparatus, stack, and all appurtenances thereto, used in the process of burning fuel for the primary purpose of producing heat or power by indirect heat transfer.

"Fugitive dust" means any solid, airborne particulate matter emitted from any source other than through a stack.

"Hand-fired fuel-burning equipment" means fuel-burning equipment in which fresh fuel is manually introduced directly into the combustion chamber but not including fireplaces.

"Hazardous material" means any air pollutant which may cause, or contribute to, an increase in mortality or an increase in serious irreversible, or incapacitating reversible illness and has been so defined in the Federal Register.

"Incinerator" means any equipment, device or contrivance used for the destruction of refuse by burning, and all appurtenances thereto.

"Internal combustion engine" means any engine in which the combustion of gaseous, liquid or pulverized solid fuel takes place within one or more cylinders.

"Legally enforceable" means all limitations and conditions which are enforceable by the director and the administrator, which includes all provisions of this chapter, any provisions of the State Implementation Plan, and any permit requirements.

"Major modification" means any physical alteration of or change in the method of operation of a major stationary source that would result in a significant net emissions increase of any pollutant subject to regulations under the Clean Air Act. Any net emissions increase that is considered significant for volatile organic compounds shall be considered significant for ozone. A physical alteration of or change in the method of operation shall not include:

1. Routine maintenance, repair and replacement;

2. Use of an alternative fuel or raw material by reason of an order under Sections 2(a) and (b) of the Energy Supply and Environmental Coordination Act of 1974 (or any superseding legislation) or by reason of a natural gas curtailment plan pursuant to the Federal Power Act;

3. Use of an alternative fuel by reason of an order or rule under Section 125 of the Clean Air Act;

4. An increase in the hours of operation or in the production rate, unless such change is prohibited by an enforceable permit condition; or

5. Any changes in ownership at a stationary source.

"Major source" means any stationary source (or any group of stationary sources) that are located on one or more contiguous or adjacent properties, and are under common control of the same person (or persons under common control) belonging to a single major industrial grouping and that are described in Paragraph (1), (2) or (3) of this definition. For the purposes of defining "major source," a stationary source or group of stationary sources shall be considered part of a single industrial grouping if all of the pollutant-emitting activities at such source or group of sources on contiguous or adjacent properties belong to the same major group (i.e., all have the same two-digit code) as described in the Standard Industrial Classification Manual, 1987.

1. A major source under Section 112 of the Act, is defined as:

a. For pollutants other than radionuclides, any stationary source or group of stationary sources located within a contiguous area and under common control that emits or has the potential to emit, in the aggregate, 10 tons per year (tpy) or more of any hazardous air pollutants, or such lesser quantity as the Administrator may establish by rule,

b. For radionuclides, major sources shall have the meaning specified by the administrator by rule;

2. A major stationary source of air pollutants that directly emits, or has the potential to emit, 100 tpy or more of any air pollutant under the Clean Air Act (including any major source of fugitive emissions of any such pollutant). The fugitive emissions of a stationary source shall not be considered in determining whether it is a major source unless the source belongs to one of the following categories of stationary sources:

a. Coal cleaning plants (with thermal dryers),

b. Kraft pulp mills,

c. Portland cement plants,
d. Primary zinc smelters,
e. Iron and steel mills,
f. Primary aluminum ore reduction plants,
g. Primary copper smelters,
h. Municipal incinerators capable of charging more than 250 tons of refuse per day,
i. Hydrofluoric, sulfuric or nitric acid plants,
j. Petroleum refineries,
k. Lime plants,
l. Phosphate rock processing plants,
m. Coke oven batteries,
n. Sulfur recovery plants,
o. Carbon black plants (furnace process),
p. Primary lead smelters,
q. Fuel conversion plants,
r. Sintering plants,
s. Secondary metal production plants,
t. Chemical process plants,
u. Fossil-fuel boilers (or combination thereof) totaling more than 250 million British thermal units per hour heat input,
v. Petroleum storage and transfer units with a total storage capacity exceeding 300,000 barrels,
w. Taconite ore processing plants,
x. Glass fiber processing plants,
y. Charcoal production plants,
z. Fossil-fuel-fired steam electric plants of more than 250 million British thermal units per hour heat input, or
aa. All other stationary source categories regulated by a standard promulgated under Section 111 or 112 of the Act, but only with respect to those air pollutants that have been regulated for that category,

3. Any stationary source with the potential to emit 100 tons per year or more of volatile organic compounds or oxides of nitrogen.

"Malfunction" means any sudden and unavoidable failure of air pollution control equipment or process equipment, or the failure of a process to operate in a normal or usual manner; however, such failures that are caused entirely or in part by poor maintenance, careless operation, or any other preventable improper function or preventable equipment breakdown shall not be considered a malfunction.

"Mechanical fuel-burning equipment" means fuel-burning equipment incorporating means by which fuel is mechanically introduced into the combustion chamber.

"Minor stationary source" means any stationary source that is not a major stationary source and is required to obtain a construction permit, in accordance with the provisions of Sections 10.56.020 through 10.56.070.

"Mist" means a suspension of any finely divided liquid in any gas or atmosphere.

"Modification" means any physical change in, or change in the method of operation of, a stationary source which increases the amount of any air pollutant emitted by such source or which results in emissions of any air pollution previously not emitted.

"National Emission Standard for Hazardous Air Pollutant Sources (NESHAPS)" means any stationary source for which a national emission standard for hazardous air pollutants has been published in the Code of Federal Regulations.

"New Source Performance Standards (NSPS) Source" means any stationary source containing a facility for which the construction, modification or reconstruction commenced after the date the standard of performance for new stationary sources was published in the Code of Federal Regulations.

"Nonattainment area" means a geographical area which is shown by monitored data or which is calculated by air quality modeling (or other methods determined by the director to be reliable and which are approved by the Federal Environmental Protection Agency) to exceed any national ambient air quality standard for any air pollutant.

"Opacity" means the degree to which emissions reduce the transmission of light and obscure the view of an object in the background.

"Open burning" means any fire from which the products of combustion are emitted directly into the open air without passing through a stack or chimney.

"Particulate matter" means any airborne finely divided solid or liquid material with an aerodynamic diameter smaller than one hundred micrometers.

"Particulate matter emissions" means all finely divided solid or liquid materials, other than uncombined water, emitted to the ambient air as measured by applicable reference methods, or an equivalent or alternative method specified in Title 40, Code of Federal Regulations, Chapter 1, as the same may be amended or recodified.

"Permitted allowable emission" means the emission rate of a source calculated at full design capacity while operating eight thousand seven hundred sixty hours per year or an allowable emission rate specified in a legally enforceable construction or operating permit.

"Permit unit" means any article, machine or process equipment or other contrivance of which air pollutants emanate or are emitted. A permit unit is any singular continuous operation.

"Person" means any individual, natural person, trustee, court-appointed representative, syndicate, association, partnership, firm, club, company, corporation, municipal corporation, city, county, municipality, district or other

political subdivision, department, bureau, agency or instrumentality of federal, state or local government, or other entity recognized by law as the subject of rights and duties, and any officer, agent or employee thereof. The masculine, feminine, singular or plural is included in any circumstances.

"PM10" means particulate matter with an aerodynamic diameter less than or equal to a nominal ten micrometers as measured by a reference method based on Appendix J of Title 40, Code of Federal Regulations, Part 50, as the same may be amended or recodified, or by an equivalent method designated in accordance with Part 53 of Title 40, Code of Federal Regulations, as the same may be amended or recodified.

"PM10 emissions" means finely divided solid or liquid material, with an aerodynamic diameter less than or equal to a nominal ten micrometers emitted into the ambient air as measured by an applicable reference method.

"Potential emissions" means the maximum capacity of a stationary source to emit a pollutant under its physical and operational design. Any physical or operational limitation on the capacity of the source to emit a pollutant, including air pollutant control equipment and restrictions on hours of operation or on the type or amount of material combusted, stored or processed shall be treated as part of its design only if the limitation or the effect it would have on emissions is legally enforceable. Secondary emissions do not count in determining the potential to emit of a stationary source unless otherwise provided in the metropolitan health department, pollution control division's regulation No. 13, "Part 70—Operating Permit Program."

"Prevention of Significant Deterioration (PSD)" means the duty to preserve air quality in the manner prescribed in Part C, Sections 160, et seq., of the Clean Air Act of 1977, as codified in 41 USCA 7470 through 7479, as amended.

"Process equipment" means any equipment, device or contrivance for changing any materials whatsoever or for storage or handling of any materials, the use or existence of which may cause any discharge of air pollutants into the open air but not including that equipment specifically defined as "fuel-burning equipment" or "incinerator" in this section.

"Process weight" means the total weight of all materials introduced into any specific process that may cause any emission of particulate matter, but excluding liquid and gaseous fuels and combustion air.

"Refuse" means and is the inclusive term for solid waste products which are composed wholly or partly of such materials as garbage, sweepings, cleanings, trash, rubbish, litter, industrial solid waste or domestic solid waste, trees or shrub leaves, limbs, trunks, roots or droppings or trimmings, grass clippings, brick, plaster or other waste resulting from the demolition, alteration or construction of buildings or structures, accumulated waste material, cans, containers, tires, junk or other such substances which may become a nuisance.

"Regulated pollutant" means each of the following:

1. Nitrogen oxides or any volatile organic compound;

2. Any pollutant regulated under Section 111 or 112 of the Clean Air Act as amended;

3. Any pollutant for which a national primary ambient air quality standard has been promulgated; and,

4. Any Class I or Class II substance listed pursuant to Section 692 of the Clean Air Act as amended.

"Ringlemann Chart" means the chart published and described in the U. S. Bureau of Mines Information Circular 8333.

"Smoke" means small gasborne or airborne particles resulting from combustion operations and consisting of carbon and ash and other matter present in sufficient quantity to be observable.

"Source" means any property, real or personal, which emits or may emit any air pollutant.

"Stack" means any conduit, duct, vent, flue or opening of any kind whatsoever arranged to conduct any products to the atmosphere. Such term does not include breeching.

"Standard conditions" means a gas temperature of sixty-eight degrees Fahrenheit (twenty degrees centigrade), and a gas pressure of 29.92 inches mercury absolute.

"Stoker" means any mechanical device that feeds solid fuel uniformly onto a grate or hearth within a furnace.

"Total suspended particulate" means particulate matter as measured by the method described in Appendix B of Title 40, Code of Federal Regulations, Part 50, as the same may be amended or recodified.

"Uniform Administrative Procedures Act" means Tennessee Code Annotated, Title 4, Chapter 5 (T.C.A. § 4-5-101 et seq.). The term "agency" as used in the Uniform Administration Procedures Act shall also include the metropolitan board of health and the metropolitan health department.

"Volatile Organic Compounds (VOC)" means volatile organic compound as defined by Title 40, Code of Federal Regulation, Part 51, Subpart F. (Ord. 96-584 § 1, 1996; Ord. 95-84 § 1(a), (b), (c), 1995; Ord. 94-1161 § 1, 1994; Ord. 93-790 § 1, 1993; prior code § 4-1-1)

Article I. Administration and Enforcement

10.56.020 Construction permits.

A. 1. It is unlawful for any person to install, erect, construct, reconstruct, alter, or add to, or cause to be installed, erected, constructed, reconstructed, altered or added to, any fuel-burning equipment, incinerator, process equipment, control device, or any equipment pertaining thereto, or any stack or chimney connected therewith, or to make or cause to be made any alteration or repairs which increases the amount of any air contaminant emitted by such source or which results in the emission of any air contaminant not previously emitted until application for a construction permit has been filed with the metropolitan health department and plans and specifications applicable to the work have been submitted to the director and a construction permit issued by him for such construction, installations, alterations or repairs. Applications for a construction permit shall be filed in duplicate in the offices of the director on forms adopted by the director and supplied by the metropolitan health department along with a copy of plans and specifications. The director shall not grant a construction permit to any source which does not comply with the provisions of the New Source Review Regulations as adopted by the board. If the director determines, on the basis of information available to him, that such source does, or in all likelihood will, operate in violation of this chapter, or that the source will operate so as to prevent attainment or maintenance of any national ambient air quality standard, he shall either impose conditions on the face of the construction permit that in his opinion will promote compliance with this chapter, and/or attainment and maintenance of any national ambient air quality standard, or he shall deny the application for the construction permit. At the request of the director, the applicant shall provide information necessary for the director to make the determination of whether the source does, or in all likelihood will, operate in violation of this chapter, or whether the source will operate so as to prevent attainment or maintenance of any national ambient air quality standard. For a major source, such information required may include a source impact analysis and air quality analysis as set out in regulations adopted by the board. This section shall not apply to fuel-burning equipment used exclusively for heating less than three dwelling units, or to gas, or fuel oil equipment of five hundred thousand BTU input or less or to internal combustion engines.

2. In addition to any other remedies available on account of the issuance of an order prohibiting construction, installation, or establishment of any fuel-burning equipment, incinerator, process equipment, or control devices, and prior to invoking any such remedies, the person aggrieved thereby shall, upon request in accordance with the provisions of this chapter and the rules and regulations adopted by the board be entitled to a hearing. Such hearing shall be conducted pursuant to the contested cases provisions of the Uniform Administrative Procedures Act, Tennessee Code Annotated, Title 4, Chapter 5, Part 3 (T.C.A. § 4-5-301 et seq.).

3. The absence or failure to issue a rule, regulation or order pursuant to this section shall not relieve any person from compliance with any emission control requirements or with any other provision of law.

B. Maintenance or repairs or alterations which are minor in scope or do not change the capacity of any fuel-burning equipment, incinerator, process equipment and which do not involve any change in the method of combustion or materially affect the emission of smoke, dust, gases, fumes, or other air contaminants therefrom may be made without placing an application for construction permit with the metropolitan health department. Emergency repairs may be made prior to the applications in the event an emergency arises and serious consequences would result if the repair were to be deferred. When such repair is made in an emergency, the application as required by this section shall be filed in the office of the director within ten days after the start of such work.

C. The plans and specifications, submitted pursuant to this section, concerning any fuel-burning equipment, incinerator or process equipment shall show the type, form and dimensions of all equipment and appurtenances thereto and stacks and ducts, together with the description and dimensions of the building or part thereof in which such equipment is to be located, the amount of work or the amount of heating to be done by such equipment and all provisions for securing complete combustion of the fuel or refuse and for reducing or controlling emission of air contaminants. Such plans and specifications shall also show the character of the fuel or refuse to be burned or process material, the maximum quantity to be burned per hour, and the operation requirements of the equipment. The plans and specifications shall show that the room or premises in which fuel-burning equipment or incinerator is to be located is provided with adequate ventilation to provide sufficient air for the combustion process and for the safety of people.

D. The plans and specifications submitted pursuant to this section shall be prepared under the direction of, or approved by and bear the seal of, a professional engineer registered in this state or be a graduate of an accredited engineering school and experienced in his field of endeavor.

E. The requirement for filing plans and specifications involving the installation, erection, construction, reconstruction, alteration, or repair of or addition to, any fuel-burning equipment, incinerator, process equipment, or the building of pilot plants or processes to be used in or to become part of a secret process is suspended upon the filing with the metropolitan health department, in lieu of the filing of plans and specifications, of an affidavit of a responsible person to the effect that such equipment or process is to be so used. Such person may be required by the board to furnish bond or other proof of financial responsibility. The suspension of the filing of such plans and specifications shall in no way relieve the person or persons responsible for the secret process from complying with all other provisions of this chapter.

F. If the installation, erection, construction, reconstruction, alteration, addition or repair is not started within one year of the date of issuance of a construction permit or any extended period granted in writing by the director, the construction permit shall become void.

G. Any equipment covered by this section which is installed, erected, constructed, reconstructed or altered without making application for a construction permit to the department of health and receiving this permit as provided herein may be sealed by the director with the approval of the board, the seal to remain in effect until all provisions of this chapter have been complied with. This remedy is not deemed to be the exclusive remedy.

H. No new source shall be granted a construction permit unless the new source complies with the Metropolitan Zoning Code for the use of the property on which the new source is to be constructed. For purposes of legal nonconforming uses, in accordance with Tenn. Code Ann. § 13-7-208, this requirement shall not apply. The receipt of a construction permit from the metropolitan health department shall not be construed to indicate approval of the strength or safety of any equipment or to indicate compliance with the requirements of the Building Code of Metropolitan Nashville and Davidson County or any other ordinance thereof. Neither shall it relieve anyone from the responsibility to comply fully with the applicable provisions of this Code, nor any other requirement(s) imposed by statute, rule or regulation of the Metropolitan Government of Nashville and Davidson County, Tennessee, the State of Tennessee or the United States Government.

I. New and modified sources having obtained a valid construction permit in accordance with this section may operate under the construction permit for the period of time specified within the permit which shall not exceed one hundred eighty days provided that the director is notified of the date of start-up. Such notification must be submitted in writing within five working days of the date of start-up of the new or modified source.

J. Results of any compliance testing required as a condition of a construction permit must be conducted in accordance with Section 10.56.290, Measurement of Emissions, and Section 10.56.300, Testing Procedures, of this chapter and the test results submitted to the director within the time period specified on the permit. Failure to demonstrate compliance with the allowable emission standards or any other condition shown on the construction permit shall constitute sufficient grounds for the director to require changes in the installation before an operating permit can be granted. Responsibility for demonstrating proof of compliance including all expenses incurred in conducting the required compliance tests shall be borne by the owner or operator of the affected facility.

K. The director or his authorized representative shall have the right to enter the premises to observe any compliance tests and to inspect the installation and operation of any equipment for which a construction permit was issued.

L. Any application for a construction permit for a major source received by the director is subject to objection and comment by the Administrator under the provisions of 42 U.S.C. §7661 d., as amended. Therefore, no permit shall be final until the time for objection by the Administrator has expired.

M. Any failure to act or inaction by the director within eighteen months after receipt of a complete application for a construction permit may considered final action for the purpose of any appeal to the Davidson County Chancery Court under Tennessee Code Annotated §27-8-101, et seq., and Tennessee Code Annotated §27-9-101, et seq.

N. The director shall, on a monthly basis, notify the public, by advertisement in a newspaper or newspapers of general circulation within the metropolitan government area, of the applicants seeking to obtain a permit to construct or modify an air pollution source. This notice shall specify the location of the proposed source of modification, the type of source or modification, and shall provide the opportunity for public comments. The public shall have thirty days from the date of advertisement to submit written comments to the director. (Ord. BL2016-234 §§ 1, 2, 2016; Ord. 94-1161 § 2, 1994; Ord. 93-790 § 2, 1993; prior code § 4-1-16(a))

10.56.040 Operating permit.

A. After the construction permit has been issued and it is demonstrated to the satisfaction of the director that the fuel-burning equipment, incinerator, process

equipment, control device or any equipment pertaining thereto can be operated in compliance with this chapter, an application for an operating permit shall be filed in duplicate in the office of the director on forms adopted by the director and supplied by the metropolitan health department. If the director determines that the source does or will operate in violation of this chapter, or if the source will operate so as to prevent attainment or maintenance of any lawful national ambient air quality standard, he shall either impose conditions on the face of the operating permit that, in his opinion, will promote compliance with this chapter, or he shall deny the application for an operating permit. The operating permit shall be kept posted on or near the installation for which it was issued. The operating permit shall properly iden-

tify the equipment to which it pertains and shall specify the class of fuel and/or type of raw material used, for which the equipment and appurtenances have been designed or which has been successfully used in the operating test. The owner or his agent shall be responsible for notifying the director that equipment for which a construction permit has been issued, has been tested and is ready for permanent operation. With such notification, the owner shall submit to the director test and operation data, as required by the director, as evidence that the equipment will operate in compliance with all provisions of this chapter. The director, with the approval of the board, is authorized to seal the equipment in operation for which an operating permit has not been obtained, as required by this section.

B. The operating permit shall be issued for a one-year period or for such longer period as the director may designate but not to exceed five years. Applications for renewal of the operating permit shall be made in writing upon forms furnished by the metropolitan health department and shall be made not less than sixty days prior to expiration of the certificate for which renewal is sought except as otherwise provided in the metropolitan health department, pollution control division's regulation No. 13, "Part 70—Operating Permit Program." Disclosures of information, tests and other prerequisites to the issue of a construction permit, temporary operating permit, or operating permit may be required by the director prior to the renewal of an operating permit.

C. Any person operating a source constructed on or before the effective date of this chapter shall file an application for an operating permit. An application for an operating permit shall be filed in duplicate in the office of the director on forms furnished by the metropolitan health department.

D. In addition to the requirements of this section, the metropolitan board of health, by regulation duly adopted in accordance with Section 10.56.090 of this chapter, may specify additional permitting requirements.

E. Any application for an operating permit for a major source received by the director is subject to objection and comment by the administrator under the provisions of 42 U.S.C. §7661 d., as amended. Therefore no permit can be final until the statutory time for objection by the Administrator has expired.

F. Any major source may opt out of the provisions of the metropolitan health department, pollution control division's Regulation No. 13, "Part 70 Operating Permit Program," by limiting their potential to emit such that they are below the applicable threshold. In order to exercise this option, the following provisions must be met:

1. The source must agree in writing to be bound by a permit which specifies the more restrictive limit and to be subject to detailed monitoring, reporting and recordkeeping requirements that prove the source is in compliance with the applicable permit.

2. The permit limitations, controls, and other requirements imposed by the permits will be at least as stringent as any other applicable limitations and requirements contained in the State Implementation Plan enforceable under the State Implementation Plan.

3. The permit limitations, controls, and other requirements imposed by the permit shall be permanent, quantifiable, and enforceable. If the source decides to increase its potential to emit, the source must meet the requirements of Section 10.56.020.

4. A public notice and opportunity for public comments on any application seeking a permit with limited potential to emit shall be given in a newspaper or newspapers of general circulation within the metropolitan government area. The public shall have thirty days from the date of notice to submit written comments.

5. The director shall provide to the Administrator a copy of each draft and final permit. The draft permit must be submitted to the Administrator prior to the public notice as outlined in subsection (F)(4) of this section. The final permit shall be submitted to the Administrator within thirty days of issuance.

G. Any failure to act or any inaction by the director within eighteen months after receipt of a complete application for an operating permit may be considered final action for the purpose of any appeal to Davidson County Chancery Court under Tennessee Code Annotated § 27-9-101, et seq., or Tennessee Code Annotated § 4-5-322. (Ord. 95-84 § 2, 1995; Ord. 94-1161 § 3, 1994; Ord. 93-790 § 4, 1993; prior code § 4-1-16(c))

10.56.050 Exemptions.

A. The following sources are exempt from the provisions of this chapter unless otherwise specified by the director:

1. Fuel burning equipment used exclusively for heating less than three dwelling units;

2. Natural gas or fuel oil burning equipment of less than five hundred thousand Btu input per hour. This exemption shall not apply when the total capacity of such equipment operated by one person exceeds 2.0 million Btu input per hour;

3. Any process emission source emitting less than 0.1 pounds per hour of nonhazardous particulate matter;

4. Equipment used on farms for soil preparation, tending or harvesting of crops, or for preparation of feed to be used on the farm when prepared;

5. Residential barbecue pits and cookers;

6. Wood smoking operations used to cure tobacco in barns; and

7. Mobile sources, such as automobiles, trucks, busses, locomotives, airplanes and boats.

B. Notwithstanding the exemptions granted in Paragraph A of this section, no person shall discharge, from any source whatsoever, such quantities of air contaminants or other materials which cause or have a tendency to cause, injury, detriment, annoyance, or adverse effect to the public.

C. The sources listed below are exempt from the permitting requirements of Sections 10.56.020 and 10.56.040 of this chapter unless specifically required to do so by the director. However, the emissions from these sources shall comply with the remaining provisions of this chapter and with any applicable regulation adopted by the metropolitan board of health in accordance with the provisions of Section 10.56.090 of this chapter.

1. Fuel burning equipment that is fired with liquid petroleum gas, natural gas, or No. 2 fuel oil with a heat input of less than 10 million Btu per hour where the combined total heat input rate at the facility does not exceed 20 million Btu per hour. This exemption does not apply to gas-fired turbines;

2. Equipment used exclusively to store or hold dry natural gas or liquid petroleum gas;

3. Laboratory equipment used exclusively for chemical and physical analysis, including ventilating and exhaust systems for laboratory hoods used for air contaminants other than carcinogenic or radioactive air pollutants;

4. Brazing, soldering, or welding equipment, except those which emit lead or use lead compounds;

5. Repairs or maintenance of a source regulated by an emission standard provided that no structural changes are involved such as replacement or installation of any new process, fuel burning, incineration or air pollution control equipment;

6. Alkaline/phosphate washers and associated gas-fired burners, provided that no volatile organic compounds are present in the phosphatizing or wash solutions;

7. All gas or No. 2 fuel-oil-fired infrared, or electric ovens which have no emissions other than products of fuel combustion except for those regulated by Regulation No. 5, Standards of Performance for new Stationary Sources, or have a heat rate input of more than 10 million Btu per hour;

8. Surface coating operations which do not exceed a combined total usage of more than forty-five gallons per month of coatings, thinners and cleanup solvents at one location;

9. Any process emitting less than 0.1 pounds per hour of any nonhazardous air pollutant except for those regulated by Regulation No. 5, Standards of Performance for New Stationary Sources; and

10. Tank trucks and barges.

D. Notwithstanding any exemption granted in this section because of size or production rate, an exempted source must be listed in the application for a permit to be issued in accordance with Regulation No. 13, Part 70 Operating Permit Program.

E. The exemptions in this section shall not apply:

1. To any source regulated under Section 111 or 112 of the Act; or

2. To any of the following hazardous air pollutants:

2-Acetylaminofluorene
Acrolein
Acrylamide
Acrylic acid
Acrylonitrile
Arsenic compounds
Benzidine
Beryllium compounds
Bis (chloromethyl) ether
1, 3-Butadine
Cadmium compounds
Chlordane
2-Chloroacetophenone
Chromium compounds
Chloromethyl methyl ether
Coke oven emissions
Diazomethane
Dibenzofuran
1, 2-Dibromo-3-chloropropane
Dichloroethyl ether (Bis (2-Chloroethyl) ether)
Dimethylcarbamoyl chloride
1, 2-Diphenylhydrazine
Ethylen dibromide
Ethylenimine (Aziridine)
Ethylene oxide
Heptachlor
Hexachlorobenzene
Hexachlorocyclopentadiene
Hydrazine
Manganese compounds
Mercury compounds
Methylene Diphenyl diisocyanate (MDI)
Methyl hydrazine
Methyl isocyanate
Nickel compounds

N-Nitrosodimethylamine
N-Nitroso-n-methylurea
Parathion
Phosgene
Phosphine
Phosphorus
1, 2-proplenimine
2, 3, 7, 8-Tetrachlorodibenzo-p-dioxin
Toxophene (Chlorinated camphene)
Vinyl chloride

F. Notwithstanding any exemption in this Section, any application submitted in accordance with Section 10.56.020 and Section 10.56.040 of this chapter shall include all emission sources and quantify emissions if needed to determine major source status, to determine compliance with an applicable requirement, and/or the applicability of any applicable requirement such as NSPS, NESHAPS, or MACT standards, etc., or in calculation of permit fees in accordance with Section 10.56.080. (Ord. 95-84 § 3, 1995; Ord. 93-790 § 5, 1993)

10.56.060 Transferability of permit.

Any permit issued in accordance with the provisions of this chapter is not transferable from one person to another person nor from one facility to another facility without prior approval from the director. (Prior code § 4-1-16(d))

10.56.070 Suspension or revocation of permit.

The director may suspend or revoke either a construction or an operating permit if the permit holder fails to comply with the provisions, stipulations or compliance schedule provided in the permit. (Prior code § 4-1-16(e))

10.56.080 Permit and annual emission fees.

A. The metropolitan board of health by rule or regulation may prescribe and provide for the payment and collection of reasonable fees for the issuance of all permits as specified in Sections 10.56.020 through 10.56.070. The fee schedule shall be sufficient to cover all reasonable (direct and indirect) costs required to administer the permit program of this chapter. All fees collected by virtue of this chapter shall be deposited regularly with the metropolitan treasurer in a separate revenue account and shall be used to fund the operation of the air pollution division of the metropolitan health department.

B. Regulated pollutants for determining emission fees shall mean the annual permitted allowable emissions up to four thousand tons per regulated pollutant, as defined by subsection C of this section, of each of the following pollutants:

1. Volatile Organic Compounds;
2. Any pollutant regulated under Section 111 or 112 of the Clean Air Act as amended;
3. Any pollutant for which a national primary ambient air quality standard has been promulgated, except carbon monoxide; and
4. Nitrogen oxides.

C. Permitted allowable emissions for determining permit fees shall mean the emission rate of a source calculated at full design capacity operating eight thousand seven hundred sixty hours per year or an allowable emission rate specified in a legally enforceable permit condition.

D. Construction Permit.

1. Any person making application to the metropolitan health department for a construction permit in accordance with the provisions of Section 10.56.020 shall pay an initial filing fee of twenty-five dollars per ton for the potential emissions or the source's proposed permitted annual allowable emissions of each regulated pollutant or one hundred dollars, whichever is greater. This filing fee shall not be refunded if a permit is denied or if the application is withdrawn, nor shall it be applied to any subsequent application.
2. All fees shall be included with the permit application. Fees shall be paid by check made payable to the metropolitan department of health.
3. Any person constructing a source without a construction permit in addition to the above initial filing fee shall pay a penalty of fifty percent of the initial filing fee amount, plus interest on the fee amount computed in accordance with Section 6621(a)(2) of a the Internal Revenue Code of 1986.

E. Operating Permit and Annual Emission Fee.

1. Any person making application to the metropolitan health department for an operating permit in accordance with the provisions of Section 10.56.040 shall pay the applicable fee in accordance with the following schedule:

a. Asbestos demolition/renovation removal permits, one hundred dollars;

b. Air curtain destructor permits, one hundred dollars;

c. Any owner or operator of any other source required to have an operating permit in accordance with the provisions of Section 10.56.040 must pay an annual emission fee of twenty-five dollars per ton, as adjusted pursuant to the criteria set forth in subsection (E)(1)(e)

below of permitted allowable emissions of each regulated pollutant as defined in subsection B of this section, or one hundred dollars, whichever is greater;

d. The annual emission fee shall be calculated as the sum of permitted allowable emissions of all regulated pollutants, except for carbon monoxide, at a source;

e. The twenty-five dollars per ton per year used to calculate the annual emission fee shall be adjusted each year by the percentage, if any, by which the Consumer Price Index for the most recent calendar year ending before the beginning of such year exceeds the Consumer Price Index for calendar year 1989.

The Consumer Price Index for any calendar year is the average of the Consumer Price Index for all urban consumers published by the United States Department of Labor, as of the close of the twelve-month period ending on August 31st of each calendar year.

The revision of the Consumer Price Index which is most consistent with the Consumer Price Index for the calendar year 1989 shall be used;

f. The annual emission fee is due and payable to the metropolitan department of health in full by March 31st of the year following the year the emissions occurred. Any source failing to pay the annual emission fee by March 31st shall pay in addition a penalty of fifty percent of the annual emissions fee, plus interest on the fee amount as computed by the director in accordance with Section 6621(a)(2) of the Internal Revenue Code of 1986;

g. The appropriate annual emission fee for a new source that has not been in operation a full calendar year shall be determined by the following equation:

$$\frac{\text{Number of months in operation}}{12} \times \text{Annual emission fee based on permitted allowable emission} = \text{Emission fee}$$

h. A source owner or operator of the opinion that their annual emission fee is improper or incorrect may request a meeting with the director to discuss the annual emission fee assessment. This must be requested in writing at least thirty days prior to the due date of the annual emission fee. This meeting will be for the purpose of explaining to the source owner or operator the computation methods used to determine the annual emission fee and to provide the source an opportunity to explain why the assessment is incorrect. At this meeting, the source may restructure its fee liability through a reduction in permitted allowable emission rates.

Any owner or operator who disagrees with the calculation or the applicability of the fee may petition the board for a hearing.

F. Permit Modification. Any person making application to the metropolitan health department for the modification of a permit shall be subject to the fee outlined in subsection (D)(1) of this section. No fee is required for modification of a permit to correct clerical, typographical or calculation errors.

G. No permit will be issued or modified until the appropriate filing fee has been received by the department. (Ord. 96-584 § 2, 1996; Ord. 95-84 § 4(a), (b), 1995; Ord. 94-1162 § 1, 1994; Amdt. 1 to Ord. 93-790, 9/21/93; Ord. 93-790 § 6, 1993)

10.56.090 Board—Powers and duties.

A. 1. There is imposed upon the board in addition to those functions and duties set forth in Article 10, Chapter 1, of the Charter of the metropolitan government, the authority, power and duty to adopt, promulgate and enforce such rules and regulations to carry out the provisions of this chapter which the board deems necessary in order to achieve and maintain such levels of air quality as will protect human health and safety and to the greatest degree practical, prevent injury to plant life and property, foster the comfort and convenience of the inhabitants of the metropolitan government area and promote the economic and social development of the metropolitan government area; provided, that such rules and regulations shall not conflict with any laws of the state, the Charter of the metropolitan government or any ordinance of the metropolitan government, nor shall such rules and regulations exceed the limits of authority granted to the board in this chapter.

2. The director shall recommend to the board such rules and regulations as he considers necessary consistent with the general intent and purpose of this chapter to prevent, abate and control air pollution. Thereupon, the board shall fix and hold a public hearing, as provided herein, with respect to the rules or their amendments, and the board may approve or reject such recommended rules or amendments, in whole or in part, or it may modify and approve them as so modified. Thereafter, the board may amend or add to the rules and regulations, on recommendation of the director, or on its own initiative, but only after a public hearing on the proposed amendments.

3. Such rules and regulations or any amendments thereto shall be approved by the director of law as to legality, and the same shall then be filed with the secretary of the board and the metropolitan clerk. After such rules and regulations or any amendments thereto of the board have been so adopted in the manner herein provided, such rules and regulations shall have the force and effect of law.

B. In exercising its powers to prevent, abate and control air pollution, the board shall have the following powers and duties:

1. Develop and prepare a general comprehensive plan for the prevention, control and abatement of air pollution recognizing varying requirements for different areas of the metropolitan government;

2. Establish, modify or amend, after public hearing, a system of permits applicable to installation or modification of facilities capable of becoming a source of air pollution;

3. Establish, modify or amend, without hearing, rules and regulations with respect to procedural aspects of:

a. Hearings,

b. Filing of reports and orders,

c. Issuance of permits, and

d. All other matters not specifically requiring a hearing;

4. Require that any person whom the board has reason to believe is or may be about to be causing or contributing to air pollution to furnish the board pertinent information required by it in the discharge of its duties under this chapter; provided, that no such person shall be required to disclose any secret formulas, processes or methods used in any manufacturing operation carried on by him or under his direction;

5. Cause to be instituted in a court of competent jurisdiction, legal proceedings to compel compliance with any provision of this chapter or with any order or determination issued by the board;

6. Collect and disseminate information relative to air pollution, encourage voluntary cooperation of affected persons or groups in preserving and restoring a reasonable degree of air purity and advise, consult and cooperate with other agencies, persons or groups in matters pertaining to air pollution;

7. Prescribe and provide, at its discretion, for payment and collection of reasonable fees for the review of plans and specifications required to be submitted pursuant to this chapter. Such fees shall be deposited with the metropolitan treasurer and shall be used to supplement the budget of the metropolitan health department;

8. Adopt, promulgate and enforce such other rules and regulations which the board deems necessary to carry out the provisions of this chapter; provided, that nothing in this chapter shall be deemed to grant the board any jurisdiction or authority with respect to air pollution existing solely within commercial or industrial plants, works or shops or to affect the relationship between employers and employees with respect to or arising out of any condition of air pollution, so long as such internal pollution does not affect the ambient air outside the plant, works or shops.

C. In addition to any other power granted to it by this chapter, the board is granted the authority to assess a civil penalty in an amount not to exceed the sum of twenty-five thousand dollars per day for each day of violation against any person in violation of this chapter or of any regulation adopted pursuant to this section.

1. The assessment of a civil penalty shall be made by the director against any person determined to be in violation of this chapter or of any regulation adopted by the board pursuant to this section. Notice of such assessment shall be provided by certified mail, return receipt requested.

2. Any person against whom an assessment is made by the director may appeal to the board by filing a request with the director for review by the board. Request for review by the board must be made in writing and filed within thirty days of the receipt of the assessment and shall state with particularity the grounds for the appeal. Any such appeal shall stay the effect of the assessment.

3. Failure to appeal the assessment within thirty days shall be a waiver of the right to appeal and be deemed as consent to the assessment which shall become final upon approval by the board.

4. Any assessment of a civil penalty appealed to the board shall be heard pursuant to the provisions of the contested cases provisions of the Uniform Administrative Procedures Act, Tennessee Code Annotated, Title 4, Chapter 5, Part 3 (T.C.A. § 4-5-301 et seq.). The assessment of civil penalty shall be upheld unless the preponderance of the evidence shows that the assessment was unlawfully levied or unreasonably severe.

5. No assessment of civil penalty, whether brought to the board by appeal or for confirmation by the director, shall be final until such assessment is approved by the board at any regular meeting or duly called special meeting. The board may alter or modify the terms of any civil penalty, but any increase in the amount of civil penalty or which otherwise imposes a greater burden upon the person against whom the penalty is assessed shall not become final until such person receives written notice thereof and is provided the right to petition the board for modification of such assessment in the same manner as an appeal from assessment of civil penalty by the director.

6. The director may enter into consent decrees with any person in violation of this chapter or of any regulation adopted pursuant to this chapter, and, after approval by the board shall have the same effect and be enforceable in the same manner as a civil penalty.

7. The board may cause an action to be filed with the chancery court for Davidson County for judgment to enforce any final assessment of civil penalty or consent decree and for any execution of any judgment so obtained.

8. In assessing a civil penalty, the director and the board may consider all factors listed in Section 10.56.100, and may include any expenses and actual damages incurred by the metropolitan government in investigating, removing, correcting or cleanup of the effects of the violation, including loss or destruction of plant or animal life. (Ord. 94-1161 § 4, 1994; Ord. 89-814 § 1, 1989; prior code § 4-1-19)

10.56.100 Board—Consideration of facts and circumstances.

In the exercise of its powers to prevent, abate and control air pollution, the board shall give due consideration to such pertinent facts and circumstances, including, but not limited to:

A. The character and degree of injury to, or interference with, the protection of the health, general welfare and physical property of the residents of the metropolitan government area;

B. The social and economic value of the air pollutants source;

C. The degree of detrimental effect of the air pollutants upon the achievement of the national ambient air quality standard for such pollutant;

D. The technical practicability and economic reasonableness of reducing or eliminating the emission of such air pollutants;

E. The suitability or unsuitability of the air pollution source to the area in which it is located;

F. The economic benefit gained by the air pollutants source through any failure to comply with the provisions of this chapter and regulations adopted pursuant to this chapter. (Ord. 89-814 § 2, 1989; prior code § 4-1-20)

10.56.110 Rules and regulations—Hearings procedure.

A. No standard, rule or regulation shall be adopted by the board pursuant to Section 10.56.090, and no amendment, repeal or modification thereof, shall take effect except after a public hearing has been held regarding the matter in question. At the discretion of the board, the hearing may be conducted before the board or a hearing officer, as defined under the Uniform Administrative Procedures Act, Tennessee Code Annotated, Section 4-5-301, designated by the board for such purpose.

B. Hearings shall be conducted in the following manner:

1. A public notice of any and all public hearings pursuant to this chapter shall be given at least thirty days prior to the scheduled date of the hearing by public advertisement on three consecutive days in a newspaper or newspapers of general circulation within the metropolitan government area, giving the date, time, place and purpose of such hearing.

2. At such hearings, opportunity to be heard with respect to the subject thereof shall be given to any interested person. Any interested persons, whether or not heard, may submit, in writing, a statement of their views on the proposed rules and regulations prior to or within seven days subsequent to such hearings.

3. No rule or regulation of the board, or any amendment, repeal or modification thereof, shall be deemed adopted or in force and effect until it shall have been approved, in writing, by at least the majority of the members to which the board is entitled and the same shall have been approved by the director of law as to its legality and a certified copy thereof has been filed with the metropolitan clerk.

4. Any person heard or represented at such hearing or requesting notice shall be given, without charge, written notice of the action of the board with respect to the subject thereof. A reasonable record shall be made and maintained of any such public hearing and the testimony at such hearing may or may not be under oath, at the discretion of the board. Copies of the proceedings at the public hearing shall be made available only upon the payment of the fee therefor, which fee shall be set by the board of health. (Ord. 94-1161 § 5, 1994; prior code § 4-1-21)

10.56.120 Complaint notice—Hearings procedure.

A. In addition to the other remedies available, the director is authorized to file with the board a complaint of an alleged violation, and the board may cause to have issued and served upon the person complained against a formal notice of complaint, which shall specify the provision of this chapter of which such person is said to be in violation and a statement of the manner and extent to which, if applicable, such person is said to violate this chapter, and shall require the person complained against to answer the charges of such formal complaint at a hearing before the board.

B. Such hearing shall be conducted pursuant to the provisions of the contested cases provisions of the Uniform Administrative Procedures Act, Tennessee Code Annotated, Title 4, Chapter 5, Part 3 (T.C.A. § 4-5-301 et

seq.). (Ord. 94-1161 § 6, 1994; Ord. 93-790 § 9, 1993; prior code § 4-1-22)

10.56.130 Variances—Hearings procedure.

A. Any person seeking a variance from the provisions of this chapter or from the rules and regulations adopted by the board pursuant to this chapter shall do so by filing a petition for variance with the director. The director shall promptly investigate such petition and make recommendation to the board as to the disposition thereof.

B. The board may grant such variance if it finds that:

1. a. The emissions occurring, or proposed to occur, do not endanger or tend to endanger human health or safety, and

b. Compliance with the provisions of this chapter and the rules or regulations from which variance is sought would produce serious hardship without equal or greater benefits to the public;

2. The emissions occurring, or proposed to occur, do not have a serious adverse effect on the quality of the ambient air of Davidson County and of adjacent counties;

3. The owner or operator of the source agrees that upon the expiration of the order granting the variance that he/she will use any new means of emission limitation demonstrated to the satisfaction of the board to be the best available system of continuous emission reduction for the particular source or sources for which the variance is granted;

4. Such new means of emission limitation are not likely to be used unless a petition is granted under this subsection;

5. Such new means of emission limitation have a substantial likelihood of:

a. Achieving greater continuous emission reduction than the means of emission limitation which, but for such variance, would be required, or

b. Achieving an equivalent continuous reduction at lower cost in terms of energy, economic or nonair quality environmental impact;

6. Compliance with the source would be impracticable prior to or during the installation of such new means.

C. Upon receiving the recommendation of the director, the board shall grant a public hearing. Such public hearing shall be held not later than sixty days after receipt of a recommendation from the director.

D. Public hearings will be conducted in the following manner:

1. The petitioner and the public shall be given written notice at the earliest practicable time as to the time and place of such hearing.

2. At the discretion of the board, such hearing before a hearing officer may be conducted as defined by the Uniform Administrative Procedures Act, Tennessee Code Annotated, Section 4-5-301, and a complete record of the hearing shall be made for review by the board members.

3. All testimony shall be recorded and may or may not be under oath, at the discretion of the hearing officer. The transcript so recorded shall be made available to the petitioner or any party to the hearing upon the payment of the fee for transcribing such testimony.

4. The board in considering the granting of a variance shall give due consideration to the equities of the petitioner and others who may be affected by granting or denial of the petition.

5. The board may make the granting of a petition for variance contingent upon such other requirements or restrictions on the petitioner as the board may deem appropriate and reasonable, including, but not limited to, the requirement that a performance bond be posted by the petitioner.

6. Any variance granted shall be for a period not to exceed one year, except as hereinafter provided, but may be extended from time to time by the action of the board.

E. Subject to the conditions of subsections A and B of this section, the board may grant a variance on the grounds that there is no practicable means known or available for the adequate prevention, abatement or control of the air pollutant source involved, and, if granted, such variance may remain in effect only until the necessary means for prevention, abatement or control become known and available, and subject to the taking of any substitute or alternate measures that the board may prescribe.

F. If the variance is granted on the grounds that compliance with the particular requirement or requirements from which variance is sought will necessitate the taking of measures which, because of their extent or cost, must be spread over a considerable period of time, it shall be for a period not to exceed such reasonable time as, in the view of the board, is requisite for the taking of the necessary measures. A variance granted on the grounds specified herein shall contain a timetable for the taking of action in an expeditious manner and shall be contained on adherence to such timetable.

G. Upon failure of the board to issue a final order or determination within sixty days after the final argument in any such hearing or within sixty days following receipt of the recommendation of the director when no hearing is held, the petitioner shall be entitled to treat for all purposes such failure to act as a granting of the variance requested.

H. The burden of proof in such hearings shall be upon the petitioner.

I. Nothing in this section, and no variance or renewal thereof granted pursuant hereto, shall be construed to prevent or limit the application of the emergency provisions and procedures of this chapter to any person or his property. (Ord. 94-1161 § 7, 1994; prior code § 4-1-23)

10.56.140 Emergency measures—Hearings procedure.

A. Any other provisions of law to the contrary notwithstanding, if the director finds that a generalized condition of air pollution exists and that it creates an emergency requiring immediate action to protect human health or safety, the director shall order persons causing or contributing to the air pollution to reduce or discontinue immediately the emission of air contaminants.

B. Upon issuance of any such order, the director shall fix a place and time, not later than twenty-four hours thereafter, for a hearing to be held before the board. Such hearing shall be held in conformity with the provisions of Section 10.56.120, insofar as applicable. Not more than twenty-four hours after the commencement of such hearing, and without adjournment thereof, the board shall affirm, modify or set aside the order of the director.

C. In the absence of a generalized condition of air pollution of the type referred to in subsection A of this section, if the director finds that emissions from the operation of one or more air contaminant sources is causing or may tend to cause imminent danger to human health or safety, he may order the person responsible for the operation in question to reduce or discontinue operations immediately, without regard to the provisions of this chapter. In such event, the requirements for hearing affirmance, modification, or setting aside of orders set forth in subsection B of this section shall apply. (Prior code § 4-1-24)

10.56.150 Nuisance declared—Injunctive relief.

A. Any person violating the provisions of this chapter by exhausting into the atmosphere an air contaminant in excess of that permitted by this chapter is declared to be creating a nuisance.

B. The board may cause to be instituted a civil action in any court of competent jurisdiction of injunctive relief to prevent violation of any section of this chapter. (Prior code § 4-1-25)

Article II. Standards for Operation

10.56.160 Ambient air quality standards.

A. The primary ambient air quality standards define levels of air quality believed adequate with an appropriate margin of safety to protect the public health.

B. The secondary ambient air quality standards define levels of air quality believed adequate with an appropriate margin of safety to protect the public welfare from any known anticipated adverse effects of the pollutant.

C. The ambient air quality standards of Table 10.56.160 are applicable throughout Metropolitan Nashville and Davidson County. The ambient air quality standards of Table 10.56.160 shall not be construed or interpreted to allow any significant deterioration of the existing air quality in any area of Metropolitan Nashville and Davidson County. (Ord. 96-584 § 3, 1996; prior code § 4-1-18)

10.56.170 Emission of gases, vapors or objectionable odors.

No person shall cause, suffer, allow or permit any emission of gases, vapors or objectionable odors beyond the property line from any source whatsoever which causes injury, detriment, nuisance or annoyance to any considerable number of persons or to the public, or which causes or has a natural tendency to cause injury or damage to business or property. (Prior code § 4-1-10)

10.56.180 Laundry operations—Dryer and vent pipe requirements.

No person shall operate a laundry, dry cleaning plant or similar operation unless the following conditions are met:

A. All driers shall be equipped with lint filters which will substantially prevent the expulsion of materials harmful to the public.

B. Provision shall be made so that all vent pipes carrying solvent vapor are not directed toward any building openings within twenty feet. (Prior code § 4-1-12)

10.56.190 Controlling wind-borne materials.

A. No person shall cause, suffer, allow or permit the handling, transporting or disposition of any substance or material which is likely to be scattered by the wind, or is susceptible to being wind-borne, without taking adequate precautions or measures to minimize atmospheric pollution.

B. Vehicles carrying the material subject to becoming airborne operating on public streets, roads or highways shall cover their load with a tarpaulin, canvas or other means acceptable to the director.

C. No person shall maintain, cause, permit or allow to be maintained any premises, open area, right-of-way, storage pile of materials, any construction, alteration, demolition or wrecking operation, or any other enterprise which involves any material or substance likely to be scattered by the wind or susceptible to being wind-borne, without applying all such reasonable measures as may be necessary or required to prevent particulate matter from becoming airborne, including, but not limited to, paving, or frequent cleaning of roads, driveways and parking lots, application of dust-free surfaces, or the planting and maintenance of vegetative ground cover.

D. In addition, all parking areas containing spaces for ten or more motor vehicles shall be surfaced with asphalt, concrete, or other hard-surfaced dustless material. (Prior code § 4-1-11)

10.56.200 Sale, use or consumption of solid and liquid fuels.

A. 1. It is unlawful for any person to sell or burn, in any fuel-burning equipment, any solid or liquid fuel containing in excess of two percent sulfur by weight. If such fuel is not reasonably available, an application for exemption may be made to the board, and the board, after considering the factors set forth in this subsection, shall allow exemption from this provision when the applicant demonstrates that their activities do not result in the condition of air pollution as defined in Section 10.56.010.

2. In determining reasonable availability, the factors to be considered by the board shall include, among others: price, firmness of supply, extent of existing pollution and assurance of supply under adverse weather and natural disaster conditions.

3. The board, at its discretion, may review such exemptions from time to time and revise same when it finds such changes in circumstances which require additional action on the part of a fuel user to protect the air.

B. 1. Subsection A of this section shall not apply to any case in which by the use of a combination of gas, liquid or solid fuel it is demonstrated to the director that sulfur oxide emissions, caused by the combustion of any solid or liquid fuel, or any fuel-burning equipment or from any stack connected thereto, does not exceed the sulfur oxide emissions of burning two percent sulfur fuel.

2. Any person seeking to come within this subsection B of this section shall install and operate a continuous monitoring device, approved by the director, to monitor sulfur dioxide emissions, on the stack of any installation where the combination of fuels is being used to control sulfur oxide emissions. The sulfur dioxide emission record, along with the record of fuel consumption and a fuel analysis, shall be submitted to the director each month.

C. 1. Subsection A of this section shall not apply in any case in which, by the use of a cleaning process, it is demonstrated to the director that sulfur oxide emissions, caused by the combustion of any solid or liquid fuel, of any fuel-burning equipment or from any stack connected thereto, does not exceed the sulfur oxide emissions of burning two percent sulfur fuel.

2. Any person seeking to come within this subsection C of this section shall conduct, at the expense of the company or industries, a series of detailed stack analyses, the method of sampling must be approved by the director, within thirty days of the installation of this cleaning process, and the performance data must be submitted to the director for evaluation. The owner or operator shall install and operate a continuous monitoring device, approved by the director, to monitor sulfur dioxide emissions. The sulfur dioxide emission record shall be submitted to the director each month. Tests to determine compliance with this section shall be performed as provided in Section 10.56.300. (Prior code § 4-1-3)

Table 10.56.160					
	Primary Standard		Secondary Standard		
Pollutant	**Concentration**	**Averaging Intervals**	**Concentration**	**Averaging Intervals**	**Remark**
PM10	150 μ g/m^3	24-hr	150 μ g/m^3	42-hr	This standard is attained when the expected number of days per calendar year with a 24-hr average concentration above 150 μ g/m^3 as determined in accordance with Appendix K of Title 40, CFR Part 50, is less than or equal to one.
	50 μ g/m^3	AAM	50 μ g/m^3	AAM	This standard is attained when the expected annual arithmetic mean concentration, as determined in accordance with Appendix K of Title 40, CFR Part 50, is less than or equal to 50 μ g/m^3.
Sulfur dioxide	0.03 ppm	AAM	0.50 ppm	3-hr	Annual arithmetic mean not to be exceeded more than once a year.
	0.14 ppm	24-hr			
Carbon monoxide	35.0 ppm	1-hr	35.0 ppm	1-hr	Not to be exceeded more than once a year.
	9.0 ppm	8-hr	9.0 ppm	8-hr	Not to be exceeded more than once a year.
Ozone	0.12 ppm	1-hr	0.12 ppm	1-hr	This standard is attained when the expected number of days per calendar year with maximum hourly average concentrations above 0.12 ppm is equal to or less than one.
Nitrogen dioxide	100 μ g/m^3	AAM	100 μ g/m^3	AAM	Annual arithmetic mean.
Lead	1.5 μ g/m^3	QAM	1.5 μ g/m^3	QAM	Calendar quarter arithmetic mean.
Gaseous fluorides			1.5 ppb 2.0 ppb 3.5 ppb 4.5 ppb	30-day 7-day 24-hr 12-hr	Not to be exceeded more than once a year.

10.56.210 Hazardous air pollutants.

A. "Hazardous air pollutant" means any air pollutant listed by the Administrator of the EPA pursuant to Section 112 of the Act, 74 U.S.C. §7412.

B. Any owner or operator of a hazardous air pollutant source must comply with any applicable standard emission standards or any other applicable requirements established by the administrator of the EPA pursuant to Section 112 of the Act.

C. The owner or operator of a hazardous air pollutant source in existence on the effective date of designation of a hazardous air pollutant shall, within six months from the date, file with the director the necessary information to evaluate the compliance status of said source. (Ord. 93-790 § 7, 1993)

10.56.220 Fuel-burning equipment.

A. The emission of particulate matter resulting from the combustion of solid fuel from any installation of fuel-burning equipment or any stack connected thereto existing before the effective date of this chapter in quantities exceeding the values specified in Table I of this subsection is prohibited. The maximum allowable particulate emission limits as given in this section are based upon the total plant rate of heat input to one or more stacks. Where natural gas or liquefied petroleum gas is used as a fuel, the Btu heat input from these fuels shall not be included.

Table I

Total Heat Input in Million Btu/Hr.	Maximum Emission Rate in Pounds Per Million Btu Input
10 or less	0.60
20	0.50
50	0.39
100	0.33
500	0.22
1,000	0.18
5,000	0.12
10,000 or greater	0.10

Interpolation of the data in Table I shall be accomplished by the use of the equation: $E = 1.09(Q)^{-0.2594}$, where E = emissions in pounds per million Btu input, Q = total heat input in million Btu per hour.

B. The emission of particulate matter resulting from the combustion of solid fuel from any installation of fuel-burning equipment or any stack connected thereto beginning operation on or after the effective date of this chapter, in quantities exceeding the values specified in Table II of this subsection is prohibited.

Table II

Total Heat Input in Million Btu/Hr.	Maximum Emission Rate in Pounds Per Million Btu Input
10 or less	0.60
20	0.41
50	0.24
100	0.16
200	0.10
250 or greater	0.10

Interpolation of the data in Table II shall be accomplished by the use of the equation: $E = 2.16(Q)^{-0.5566}$, where E = emissions in pounds per million Btu input, Q = total heat input in million Btu per hour.

C. The emissions of particulate matter resulting from the combustion of distillate oil from any installation of fuel-burning equipment or any stack connected thereto shall not exceed 0.02 pounds per million Btu heat input.

D. The emissions of particulate matter resulting from the combustion of residual oil from any existing installation of fuel-burning equipment or any stack connected thereto shall not exceed 0.15 pounds per million Btu heat input. For any installation constructed after the effective date of this chapter, the emission of particulate matter resulting from the combustion of residual oil shall not exceed 0.15 pounds per million Btu heat input or the value specified in Table II, whichever is more restrictive.

E. Irrespective of the emission standards of this section, the metropolitan board of health, by regulation, may specify emission standards for all new, modified or existing fuel-burning equipment sources located within or impacting on a nonattainment area.

F. No new coal-burning equipment of less than one million Btu per hour input shall be installed, excluding all potbellied stoves.

G. The operation of hand-fired fuel-burning equipment is prohibited. This subsection shall not apply to fuel-burning equipment used exclusively for heating a dwelling of less than three dwelling units or the burning of wood as a fuel in residential fireplaces.

H. The burning of refuse in fuel-burning equipment is prohibited, except in equipment specifically designed to burn refuse.

I. Tests to determine compliance with this section shall be performed as provided for in Section 10.56.300. (Prior code § 4-1-7)

10.56.230 Incinerators.

A. No person shall burn any refuse in any incinerator except in an incinerator having a rated capacity of one hundred pounds per hour or greater, with adequate auxiliary heat or other approved means to prevent air pollution or an air pollution nuisance. This requirement of a capacity of one hundred pounds per hour shall not apply to incinerators designed for and used exclusively as pathological incinerators.

B. No person shall cause, suffer, allow or permit the emissions from any incinerator, having a charge rate of two thousand pounds per hour or less, particulate matter in quantities exceeding two-tenths grain per standard dry cubic foot of flue gases, adjusted to twelve percent carbon dioxide by volume excluding the contribution of auxiliary fuel.

C. No person shall cause, suffer, allow or permit the emissions from any incinerator, having a charge rate greater than two thousand pounds per hour, particulate matter in quantities exceeding eight one-hundredths grain per standard dry cubic foot of flue gases, adjusted to twelve percent carbon dioxide by volume excluding the contribution of auxiliary fuel.

D. Irrespective of the emission standards of this section, the metropolitan board of health, by regulation, may specify emission standards for any new, modified or existing incinerator located within or impacting on a nonattainment area.

E. Tests to determine compliance with this section shall be performed as provided in Section 10.56.300.

F. This section shall not apply to any incinerator covered by any regulation duly adopted by the board in accordance with Section 10.56.090. (Prior code § 4-1-6)

10.56.240 Internal combustion engines.

A. No person shall cause, suffer, allow or permit the emission of visible air contaminants, the shade or appearance of which is as dark or darker than No. 2 on the Ringlemann Smoke Chart of forty percent opacity.

B. It is unlawful for any pollution-control device required by the environmental protection agency, the air pollution control board of the state or the metropolitan health department for the control of air pollution from motor vehicles to be removed or attended in any way to make them partially or completely inoperable.

C. All buses and trucks registered in the metropolitan government area shall be equipped with smoke and odor elimination equipment within twelve months after which one or more such devices have been approved by the department or by the U. S. Environmental Protection Agency.

D. The board may, by rule or regulation, promulgate, require and enforce programs of inspection and maintenance for vehicles propelled by internal combustion engines; however, such rules or regulations shall only become effective upon the approval by resolution of the council of the Metropolitan Government of Nashville and Davidson County. The board may, at its discretion, prescribe reasonable fees for inspections and provide for the payment and collection of such fees. (Ord. 95-84 § 5, 1995; prior code § 4-1-8)

10.56.250 Open burning.

No person shall cause, suffer, allow or permit open burning, except as specifically permitted in this chapter:

A. Ceremonial or recreational fires of reasonable size and duration with a valid permit from the fire marshal; such fires may not contain material such as plastics, rubber or similar refuse;

B. Fires set for the training and instruction of public or private firefighting personnel when approval is received from the director;

C. Smokeless or safety flares;

D. Fires used for outdoor cooking where done with equipment or fireplace designed for such purposes and in a manner not offensive to persons in the vicinity thereof;

E. Fires used for disposing of materials grown on that tract of land, when done with an approved device, at sites approved by the director and the fire marshal, and with a valid permit from the director and the fire marshal;

F. Such other open burning as may be approved by the director and with a valid permit from the fire marshal where there is no other practical, safe and lawful method of disposal. (Amdt. 1 to Ord. BL2013-421 § 3, 2013; Ord. BL2013-421 §§ 1—4, 2013; prior code § 4-1-5)

10.56.260 Process emissions.

This section applies to any operation, process or activity except the burning of fuel for indirect heating in which the products of combustion do not come into direct contact with process materials and except the burning of refuse.

A. No person shall cause, permit, suffer or allow the emission of gas containing sulfur oxides in excess of five hundred ppm (volume). All sampling of exhaust gases to determine compliance with this section shall be performed as provided in Section 10.56.300. For the purposes of this section, all sulfur present in gaseous compounds and containing oxygen shall be deemed to be present as sulfur dioxide. Regardless of the emission standard listed in this subsection, new sources shall utilize the best available control technology as determined by the director.

B. Process weight per hour means the total weight of all materials introduced into any specific process that may cause any emission of particulate matter. Solid fuels charged are considered as part of the process weight, but liquid and gaseous fuels and combustion air are not. For a cyclical or batch operation, the process weight per hour is derived by dividing the total process weight by the number of hours in one complete operation from the beginning of any given process to the completion thereof, excluding any time during which the equipment is idle. For a continuous operation, the process weight per hour is derived by dividing the process weight for a typical period of time.

C. No person shall cause, suffer, allow or permit the emission of particulate matter in any one hour from any existing process source in excess of the amount shown in Table III of this subsection for the process weight allocated to such source.

Table III

ALLOWABLE RATE OF EMISSION BASED ON PROCESS WEIGHT RATE

Process Weight	Rate of Emission	
Lb/Hr	Tons/Hr	Lb/Hr
100	0.05	0.551
200	0.10	0.877
400	0.20	1.40
600	0.30	1.83
800	0.40	2.22
1,000	0.50	2.58
1,500	0.75	3.38
2,000	1.00	4.10
2,500	1.25	4.76
3,000	1.50	5.38
3,500	1.75	5.96
4,000	2.00	6.52
5,000	2.50	7.58
6,000	3.00	8.56
7,000	3.50	9.49
8,000	4.00	10.4
9,000	4.50	11.2
10,000	5.00	12.0
12,000	6.00	13.6
16,000	8.00	16.5
18,000	9.00	17.9
20,000	10.00	19.2
30,000	15.00	25.2
40,000	20.00	30.5
50,000	25.00	35.4
60,000	30.00	40.0
70,000	35.00	41.3
80,000	40.00	42.5
90,000	45.00	43.6
100,000	50.00	44.6

Process Weight Lb/Hr	Rate of Emission Tons/Hr	Lb/Hr
120,000	60.00	46.3
140,000	70.00	47.8
160,000	80.00	49.0
200,000	100.00	51.2
1,000,000	500.00	69.0
2,000,000	1,000.00	77.6
6,000,000	3,000.00	92.7

Interpolation of the data in Table III for process weight rates up to sixty thousand pounds per hour shall be accomplished by use of the equation: $E = 4.10\ P^{0.67}$ and interpolation and extrapolation of the data for process weight rates in excess of sixty thousand pounds per hour shall be accomplished by use of the equation: $E = 55.0\ P^{0.11}$—40, where E = rate of emission in pounds per hour and P = process weight rate in tons per hour.

D. No person shall cause, suffer, allow or permit the emission of particulate matter from any process source beginning operation on or after the effective date of this chapter in excess of the amount shown in Table IV of this subsection for the process weight allocated to such source.

Table IV

Process Weight Rate Lbs/Hr	Emission Rate Lbs/Hr
50	0.36
100	0.55
500	1.53
1,000	2.34
5,000	6.34
10,000	9.73
20,000	14.99
60,000	29.60
80,000	31.19
120,000	33.28
160,000	34.85
200,000	36.11
400,000	40.35
1,000,000	46.72

Interpolation of the data in Table IV for the process weight rates up to sixty thousand pounds per hour shall be accomplished by the use of the equation: $E = 3.59\ P^{0.62}$ $P \leq 30$ tons/hr, and interpretation and extrapolation of the data for process weight rates in excess of sixty thousand pounds per hour shall be accomplished by the use of the equation: $E = 17.31\ P^{0.16}$ $P > 30$ tons/hr, where E = emissions in pounds per hour and P = process weight rate in tons per hour.

E. Irrespective of the maximum allowable emission as determined by either the process weight tables of subsections C and D of this section, the maximum allowable concentration of particulate process emissions shall be 0.25 grams per dry cubic foot of exhaust gases corrected to standard conditions.

F. Regardless of the specific emission standards contained in this section, the metropolitan board of health may, by regulation, specify separate emission standards for all new, modified or existing sources located within or impacting upon a nonattainment area.

G. Subsections A through E shall not apply to any new or modified source, construction or modification which commenced after the date of publication in the Federal Register of Proposed Standards which will be applicable to such source.

H. No person shall construct an air contaminant source which may emit gaseous air contaminants unless he shall install and utilize equipment and technology which is deemed reasonable by the director. (Prior code § 4-1-9)

10.56.270 Visible emissions.

A. No person shall cause, suffer, allow or permit emission of smoke from any air contaminant source, the shade or appearance of which is as dark or darker than No. 1 of the Ringelmann Smoke Chart.

1. The provisions of this subsection shall not apply to smoke emitted during the cleaning of a fire, the building of a new fire, or the blowing of soot from boiler surfaces. Under these conditions, smoke not darker than No. 3 of the Ringelmann Smoke Chart may be emitted for a period or periods aggregating no more than five minutes in any sixty consecutive minutes or more than twenty minutes in any twenty-four-hour period.

2. The provisions of this subsection shall not apply to smoke resulting from any fire ignited for the purpose of training firemen or for research in fire protection or prevention, nor to uncontrollable emissions occasioned by breakdowns of fuel-burning equipment or other failure which is not reasonably preventable, or by the maintaining and repair of air pollution control equipment.

B. No person shall cause, suffer, allow or permit the discharge into the open air, from any single source of emission whatsoever, of any air contaminant of such opacity as to obscure an observer's view to a degree equal to or greater than does smoke described in subsection A of this section; provided, that this subsection shall not apply to vision opacity caused by uncombined water droplets.

C. This section shall not apply to visible emissions from fuel-burning equipment used exclusively for heating a dwelling of less than three dwelling units.

D. The provisions of this section shall not apply to any steam locomotive or steamboat used for recreational or historical purposes; provided, that such locomotive and steamboat shall operate without any unnecessary or intentional production of smoke. (Prior code § 4-1-2)

10.56.280 Start-ups, shutdowns and malfunctions.

A. Operators of sources must take all reasonable measures to keep emissions to a minimum during start-ups, shutdowns and malfunctions. These may include installation and use of alternate control systems, changes in operating methods or procedures, ceased operation until the process equipment and/or air pollution control equipment is repaired, maintenance of sufficient spare parts, use of overtime labor, use of outside consultants and contractors and other appropriate means. Failures that are caused entirely or in part by poor maintenance, careless operation, or other preventable upset condition or preventable equipment breakdown shall not be considered a malfunction and shall be considered a violation of the applicable emission standards.

B. When any fuel-burning equipment, incinerator, control equipment or process equipment breaks down in such a manner as to cause emissions of an air contaminant in violation of this chapter, the person responsible for such equipment shall immediately notify the director of such failure or breakdown and provide a statement, giving all pertinent information, including the estimated duration of the breakdown.

C. A signed and dated log of all malfunctions, all start-ups and all shutdowns must be maintained by the owner or operator at the source. This log must include at least the following information:

1. Stack or emission point involved;

2. Time malfunction, start-up or breakdown began;

3. Type of malfunction and/or reason for shutdown;

4. Time start-up or shutdown was completed, or time the air contaminant source returned to normal operation.

D. The owner or operator of all sources having a significant impact on air quality in a nonattainment area which reported a breakdown in any calendar quarter must submit a report to the director within thirty days after the end of each calendar quarter listing the times at which malfunctions, start-ups and shutdowns occurred resulting in the discharge of emissions greater than any applicable emission limitation during this time. This report must include the magnitude of the excess emissions expressed in pounds per hour and/or the units of the applicable emission limitation standards and the operating data and calculations used in determining the magnitude of the excess emission during the quarter. (Ord. 96-584 § 4, 1996; prior code § 4-1-13)

10.56.290 Measurement and reporting of emissions.

A. The director may require any person responsible for emission of air pollutants to make or have made at the owner's expense tests to determine the quantity and quality of the emission of air pollutants from any source. The director may specify testing methods to be used. The director may require that such tests be conducted in the presence of his representative. The director shall be given a copy of the test results in writing and signed by the person responsible for the tests. All tests and calculations shall be made under the direction of a professional engineer registered in the state or be a graduate of an accredited engineering school, and be experienced in his field of endeavor.

B. 1. At the completion of any new installation, or any significant alterations, the director may require the owner or person responsible to conduct such tests as are necessary to establish the amount of air pollutants emitted from such equipment or control apparatus. Such tests shall be made at the expense of the owner and shall be conducted in a manner approved by the director. The director may require that such tests be conducted in the presence of his representative.

2. In all new installations, there shall be provided sampling ports of a size, number and location as the director may require, safe access to each port, any other sampling and testing facilities as the director may require.

3. Any person proposing to conduct a test for the purpose of demonstrating compliance with an applicable emission standard shall notify the director of the intent to test not less than thirty days prior to the proposed test date. The notification shall contain at least the following:

a. A statement outlining the purpose of the proposed test;

b. A description of the source and emission point to be tested;

c. A detailed description of the test protocol; and

d. A timetable setting forth the dates on which the testing will be conducted and a date by which the test results will be submitted to the director.

C. The director may conduct tests of air pollutants from any source. Upon request of the director, the person responsible for the source to be tested shall provide, at no expense to the board, necessary holes in stacks or ducts and such other safe and proper sampling and testing facilities, including a suitable power source,

exclusive of instruments and sensing devices as may be necessary for proper determination of the level of air pollutants.

D. The owner or operator of any air pollution source permitted in accordance with the provisions of Section 10.56.020 and 10.56.040 must submit to the director, by March 31st of each year, the actual annual emissions of all regulated pollutants emitted by the source during the previous calendar year. This information shall be submitted in writing upon forms furnished by the metropolitan health department. The data must be certified by a company official that the information is accurate to the best of his knowledge.

E. The director, by permit condition, may require periodic or enhanced monitoring, recording, and reporting that he deems necessary for demonstrating compliance with the emission standards of this chapter.

1. Monitoring may include, but is not limited to: source testing; in-stack monitoring; process parameter monitoring of material feed rates; consumption or fuel consumption; chemical analysis of feed stocks, coatings, or solvents; ambient monitoring; visible emissions evaluations; control equipment performance parameters of pressure differentials, power consumption, air or liquid flow rates or amount of air contaminants collected for disposal; air contaminant leak detection tests from process or control equipment; and any other such monitoring that the director may prescribe.

a. The monitoring must be conducted in a manner approved by the director. This includes, but is not limited to: sampling methods, analytical methods, sensor locations and frequency of sampling.

b. The monitoring method must have at least a ninety-five percent operational availability rate to prove compliance directly or indirectly with the applicable requirements unless otherwise stipulated by the director in the permit. Missing data in excess of these levels shall be grounds for enforcement action.

2. Records and reports prescribed by the director shall be recorded, compiled and submitted in a form prescribed by the director. The director shall have the authority to inspect the records during reasonable hours at the place where such records are kept. The source owner or operator must provide copies of the records to the director upon request.

a. In the absence of a specific recordkeeping procedure, it is the responsibility of the owner or operator to keep the records in such a manner that compliance with the applicable requirements can be readily ascertained.

b. Records must be legible, quantifiable and supported by documentation to validate the entries.

3. Reporting shall be in the manner prescribed by the director in the permit or approved by him in the source's operating permit application.

4. All reports submitted to the director must be certified by a company official that the information is accurate to the best of his knowledge. (Ord. 94-1161 § 8, 1994; Ord. 93-790 § 8, 1993; prior code § 4-1-14)

10.56.300 Testing procedures.

A. In order to establish a standard procedure for coal and fuel oil analysis, the following procedures or any subsequent amendment or modification thereof shall be used:

1. The heat content of coal shall be determined according to ASTM method D-271-68 Laboratory Sampling and Analysis of Coal and Coke or ASTM method D-2015-66 Gross Calorific Value of Solid Fuel by the Adiabatic Bomb Calorimeter.

2. a. The method of determining the ash and sulfur content in coal shall be that described in ASTM D-271-68 Laboratory Sampling and Analysis of Coal and Coke or equivalent method approved by the board. All coal analyses and heat contents are to be made on a dry basis. Moisture content of coal is to be determined in all cases and results recorded to facilitate calculation of actual pollutants.

b. The method of determining the sulfur content of fuel oil shall be that described in ASTM-D-129-54 Standard Method of Test for Sulfur in Petroleum Products and Lubricants by the Bomb Method. The method for determining the heat content of fuel oil shall be that described in ASTM-D-240-64 Standard Method of Test for Heat of Combustion of Liquids by the Parr Bomb Calorimeter or other method giving comparable results.

3. The director is authorized to take any quantity of fuel which he deems necessary for the purpose of evaluation to determine compliance with this regulation. Where applicable, the following sampling methods will be used:

a. For coal: ASTM-D-492-48 (1958) Sampling Coal Classified According to Ash Content, ASTM-D-2013-68 Preparing Coal Sample for Analysis and ASTM-D-2234-68 Mechanical Sampling of Coal.

b. For oil: ASTM-D-270-65 Tentative Method of Sampling Petroleum Products.

B. Source testing conducted for the purpose of demonstrating compliance with emission standards of this chapter shall be by the applicable methods as outlined in Title 40, Code of Federal Regulations, Part 60, Appendix A, "Reference Methods," with the exception that for particulate matter, the analytical result shall include the particulate matter collected in the impinger train. For new stationary sources subject to the Federal New Source Performance Standards, the method for determining concentrations of particulate matter shall be in accordance with the method outlined in Title 40, Code of Federal Regulations, Part 60, Appendix A.

C. The procedure for sampling and analysis for ambient air concentrations shall be by the applicable method as outlined in Title 40, Code of Federal Regulations, Part 50, "National Primary and Secondary Ambient Air Quality Standards," as the same title and part may be amended or recodified. Any other method that is approved by the director may be used in accordance with good professional practice. The procedure for sampling and analyzing atmospheric fluorides shall conform with the method adopted by the American Society for Testing Materials (ASTM) in 1958 and bearing ASTM designation D-1606-58T.

D. When new analytical methods become available which are superior to the methods stipulated in this section, the board, upon the recommendation of the director, may approve the new methods as alternatives to those set forth in this section. (Ord. 94-1161 § 9, 1994; prior code § 4-1-15)

Chapter 10.57

RADON REGULATION IN METROPOLITAN GOVERNMENT BUILDINGS

Sections:

10.57.010	**Definitions.**
10.57.020	**Occupancy prohibited.**
10.57.030	**Surveys required.**
10.57.040	**Continued occupancy prohibited.**
10.57.050	**Exceptions.**
10.57.060	**Repealer.**
10.57.070	**Severability.**
10.57.080	**Effective date.**

10.57.010 Definitions.

The following words and phrases when used in this chapter shall, for the purpose of this chapter, have the meanings respectively ascribed to them in this section, except when the context otherwise requires:

"Approved occupancy plan." A plan devised under criteria developed by the department by regulation of the department, which regulation has been approved by resolution of the council, which minimizes exposure of radon gas to person occupying or using a building for more than four hours per day.

"Council." The metropolitan county council.

"Department." The metropolitan board of health.

"Public building." Any building owned or used for governmental purposes by the metropolitan government and/or its agencies, except those buildings of the Metropolitan Nashville Airport Authority, the Nashville Electric Service and the Metropolitan Development and Housing Authority.

"Reduction plan." A plan devised under criteria developed by the department by regulation of the department, while regulation has been approved by resolution of the council, which reduces exposure of radon gas to persons below the unacceptable levels of radon gas.

"Survey." The necessary scientific tests and/or studies.

"Unacceptable levels of radon gas." Levels exceeding 4.0 picocuries/liter (pCi/1) concentration of radon gas. (Ord. SO88-526 § 1, 1988)

10.57.020 Occupancy prohibited.

No public building, acquired, leased, or constructed after the effective date of this chapter, may be occupied by the metropolitan government which has unacceptable levels of radon gas. (Ord. SO88-526 § 2, 1988)

10.57.030 Surveys required.

The department shall undertake the necessary surveys of all public buildings to determine the concentration of radon gas present in each of such public buildings. All existing public buildings, as of the effective date of this chapter which have not been surveyed by the department within the past two years, shall be surveyed within one hundred eighty days of the effective date of the provision of this chapter. (Ord. SO88-526 § 3, 1988)

10.57.040 Continued occupancy prohibited.

No public building may continue to be occupied by the metropolitan government which is found to have unacceptable levels of radon gas, except pursuant to the provisions hereinafter provided. (Ord. SO88-526 § 4, 1988)

10.57.050 Exceptions.

Existing public buildings found to contain unacceptable levels of radon gas may be occupied only (a) after a reduction plan has been implemented which fail to abate unacceptable levels of radon gas and (b) an approved occupancy plan has been adopted by the department. (Ord. SO88-526 § 5, 1988)

10.57.060 Repealer.

All ordinances, or parts thereof, in conflict with the provisions of this chapter are, to the extent of such conflict, hereby repealed. (Ord. SO88-526 § 6, 1988)

10.57.070 Severability.

Should any court of competent jurisdiction declare any section, clause, or provision of this chapter to be unconstitutional, such decision shall affect only such section, clause or provision so declared unconstitutional, and shall not affect any other section, clause or provisions of this chapter, it being the express intent of the metropolitan county council of the Metropolitan Government of Nashville and Davidson County that the remainder of this chapter continue to full force and effect. (Ord. SO88-526 § 7, 1988)

10.57.080 Effective date.

The provisions of this chapter shall take effect July 1, 1990. (Ord. O89-834 § 1, 1989; Ord. SO88-526 § 1, 1988)

Chapter 10.60

BURGLAR AND FIRE ALARM SYSTEMS

10.60.010 Definitions.

For the purpose of this chapter, the following terms shall have the following meanings:

"Activate" means to "set off" an alarm system indicating in any manner an incidence of burglary, robbery, fire, etc.

"Alarm systems" means any mechanical or electrical/electronic or radio-controlled device which is designed to be used for the detection of any fire or unauthorized entry into a building, structure or facility, or for alerting others of fire or of the commission of an unlawful act within a building, structure or facility, or both, which emits a sound or transmits a signal or message when activated. Alarm systems include, but are not limited to, direct dial telephone devices, audible alarms, sprinkler-activated alarms and monitored alarms. Excluded from the definition of alarm systems are devices which are designed or used to register alarms that are audible or visible and emanate from any motor vehicle, auxiliary devices installed by telephone companies to protect telephone systems from damage or disruption of service, self-contained smoke detectors, and medical-alert alarms.

"Automatic dialing device" means an alarm system which automatically sends over regular telephone lines, by direct connection, or otherwise, a prerecorded voice message or coded signal indicating the existence of the emergency situation that the alarm system is designed to detect, but shall not include such telephone lines exclusively dedicated to an alarm central station which are permanently active and terminate within the communication center of the metropolitan fire and police departments.

"Commercial premises" means any structure or area which is not defined in this section as residential premises.

"False alarm" means the activation of an alarm system through mechanical failure, malfunction, improper installation, or the negligence or intentional misuse by the owner or lessee of an alarm system or his employees, servants or agents; or any other activation of the alarm system not caused by a fire or a forced entry or attempted forced entry or robbery or attempted robbery; such terminology does not include alarms caused by acts of nature such as hurricanes, tornadoes, other severe weather conditions, or alarms caused by telephone line trouble, or other alarms caused by utility company personnel. A maximum of three false burglar alarms, two false robber/panic alarms and two false fire alarms will be granted per alarm device within a fiscal permit year. All subsequent false activations will be considered chargeable violations.

"Fire officer" means the fire chief of the Metropolitan Nashville Fire Department or his designated representatives.

"Law enforcement officer" means the chief of police of the Metropolitan Nashville Police Department or his designated representatives.

"Person" means any natural person, firm, partnership, association, corporation, company or organization of any kind, to include a government or governmental subdivision or agency thereof, exclusive of the federal government.

"Residential premises" means any structure or combination of structures which serve as dwelling units including single-family as well as multifamily units. (Ord. BL2004-353 § 1, 2004; Ord. BL2004-258 § 1, 2004; Ord. 93-872 § 1, 1994; Ord. 91-1523 § 2, 1991)

10.60.020 Registration required—Permit fees.

A. Every person who shall own, operate or lease any alarm system, as defined in this chapter, within the Metropolitan Nashville and Davidson County, Tennessee area, whether existing or to be installed in the future, shall, prior to use of the alarm system, register for a permit with the Nashville Fire Department. The registration form shall require, but not be limited to, the following information:

1. The name of the alarm company;

2. Whether installed in a residential or commercial premises;

3. The name, address, email address, business and/or home telephone number of the owner or lessee of the alarm system;

4. The names, addresses and telephone numbers of at least two persons to be notified in the event of an alarm activation, including the name, address, and telephone number of at least one local person to be responsible for the alarm system.

B. Upon initial registration of an alarm system, the owner, operator or lessee of the alarm system shall submit a fee of twenty dollars to the Nashville Fire Department for obtaining a permit for each alarm device in the system if the system is maintained on residential premises, and fifty dollars for each alarm device if the system is maintained on commercial premises. Annual renewal fees of twenty dollars for residential users and fifty dollars for commercial users will apply. All renewal permit registration forms and fees are due annually on or before the end of the month in which the permit is issued. A late fee of five dollars shall be added to any renewal permit registration submitted after the due date. (Ord. BL2025-1003 §§ 1, 2, 2025; Amdt. 1 to Ord. BL2022-1165 § 1, 2022; Ord. BL2022-1165 § 1, 2022; Ord. BL2014-778 § 1, 2014; Ord. BL2007-1443 §§ 1, 2, 2007; Ord. BL2004-353 § 2, 2004; Ord. 93-872 § 2, 1994; Ord. 91-1523 § 3, 1991)

10.60.030 Exemptions from provisions.

The provisions of this chapter shall not be applicable to residential premises within the city limits of Goodlettsville. (Ord. 93-872 § 3, 1994; Ord. 91-1523 § 11, 1991)

10.60.040 Disposition of fees.

All fees collected pursuant to this chapter shall be paid to the metropolitan government general fund. (Ord. 91-1523 § 10, 1991)

10.60.050 Employee training—Address identification—Automatic alarm shutoff.

A. Each owner, operator or lessee shall be responsible for training employees, servants or agents in the proper operation of an alarm system.

B. Each owner, operator or lessee of an alarm system shall ensure that the correct address identification is visible from the street or roadway on which the premises are located.

C. Each owner, operator, or lessee shall: (1) keep the alarm permit at the alarm site; and (2) produce the permit for inspection at the request of an applicable metropolitan government employee.

D. Any audible alarm shall be equipped with an automatic shutoff to function within twenty minutes of the alarm sounding, excluding fire alarms. (Ord. BL2025-836 § 1, 2025; Ord. BL2023-1885 § 1, 2023; Ord. 93-872 § 4, 1994; Ord. 91-1523 § 4, 1991)

10.60.060 Automatic dialing devices.

A. It shall be a violation of this chapter for any automatic tape dialing device to call on the "911" emergency line. Such devices shall be restricted to dialing the nonemergency police communications phone numbers, and no dialer shall call any fire communications phone number.

B. Any automatic tape dialing device shall:

1. Have a clearly understandable recording;

2. Be capable of repeating itself a minimum of two times;

3. Be capable of automatically resetting itself so as to not continuously call police communications phone numbers.

C. Programmed messages on an automatic tape dialing device must include and are restricted to the following:

1. The owner's/resident's name, and the exact street number and name;

2. A statement that it is a burglar or robber/panic "ALARM ONLY." It shall not say burglary or robbery "in progress";

3. A statement of the hours the business is open if the device is used for both burglar and robber/panic alarms;

4. A statement that a third party has been notified, and the identity of that third party, if a third party is notified by the device. (Ord. 93-872 § 5, 1994; Ord. 91-1523 § 6, 1991)

10.60.070 False alarms—Required reports of corrective action and disconnection.

A. The only alarms the metropolitan police and fire departments will respond to are:

1. Burglary (residential and business);

2. Robbery (business only);

3. Fire (residential and business);

4. Medical (residential and business);

5. Panic (residential only).

B. Responsibility for a false alarm shall be borne by the owner, lessee, operator or user of the alarm system or his/her employee, servant or agent occupying and/or controlling the premises at the time of the occurrence of the false alarm.

C. A response to an alarm shall result when any fire or police department officer is dispatched to or otherwise learns of the activation of any alarm system. If the user

calls or the authorized agent calls the dispatcher back within five minutes of the original call, it will not be considered a false alarm, unless the responding metropolitan officer has already arrived before the call to cancel has been made. If a metropolitan officer has not arrived on the scene within thirty minutes of the original notification, it will not be a chargeable response.

D. After the allowable false alarms, as set out in the definition for false alarms in Section 10.60.010, each person who owns, operates, leases or controls any premises, commercial or residential, having an alarm system, shall be cited to metropolitan court for any response to a false alarm. No disconnection shall be ordered on any premises required by law to have an alarm system in operation. (Ord. BL2004-353 § 3, 2004; Ord. 91-1523 § 8, 1991)

10.60.080 Reserved.

Editor's note—Ord. BL2016-384 § 1, passed Oct. 4, 2016, repealed § 10.60.080, which pertained to revocation of permit—Appeals procedure and derived from Ord. 93-872 § 7, 1994; § 1 of Amdt. 1 to Ord. 93-872, 12/7/93; Ord. 94-1036 §§ 1 and 2, 1994; Ord. BL2004-353 § 4, 2004; Ord. BL2007-1443 § 3, 2007; Ord. BL2014-778 § 2, 2014.

10.60.090 Enforcement.

Metropolitan police and fire department officers are specifically authorized to enforce this chapter. Any metropolitan police or fire officer may lawfully issue a citation to an owner, lessee, operator or user of a functional alarm system who has not obtained the permit required by Section 10.60.020, or whose alarm system has given a false alarm in excess of the number allowed under the definition of false alarm in Section 10.60.010. (Ord. 91-1523 § 9, 1991)

10.60.100 Violation and penalty.

Unlawful acts designated—Penalty.

A. It is a violation of this chapter to have a functional alarm system without having obtained a permit as required by Section 10.60.020.

B. Having an alarm activated without a permit shall constitute a violation of this chapter.

C. It is a violation of this chapter to have more false alarms than are allowable within a fiscal permit year as set out in Section 10.60.010, subject to the provisions of Section 10.60.070(c).

D. Any person who owns, operates or leases an alarm system and who shall knowingly and purposefully fail to respond or have his designee respond to his premises within one hour after notification by fire or police personnel of alarm activation, whether false or not, shall be deemed to have violated this chapter.

E. It is a violation of this chapter for an alarm company or sprinkler company to make functional a newly installed alarm system if the owner, operator or lessee of the alarm system does not have a currently valid alarm permit, unless there is a life-threatening situation making immediate operation of the alarm system necessary. In such case, the permit shall be obtained the next business day.

F. It is a violation of this chapter for an alarm company to set off a false alarm while installing, repairing or doing maintenance work on an alarm system. If the fire or police department is notified to cancel the call within five minutes of the original call, it will not be considered a false alarm, unless the responding metropolitan officer arrives on the scene before the original call is canceled. If a metropolitan officer has not arrived on the scene within thirty minutes of the original notification, it will not be a chargeable response. The false alarm shall not be charged to the owner, operator or lessee.

G. Any noncompliance with the requirements of this chapter shall constitute a violation, and each incidence of noncompliance shall constitute a separate violation, punishable as provided in Metropolitan Code Section 1.01.030; provided, however, that fines for false alarms shall not exceed twenty-five dollars for each false alarm.

H. There shall be a fee of twelve dollars whenever a citation involving an alarm permit violation listed in subsection B of this section is nullified by the nullification office of the metropolitan traffic violation bureau or is dismissed by the general session court upon the correction of the violation. This fee may be waived by the general sessions judges after a determination of indigency. (Ord. BL2004-353 § 5, 2004; Ord. BL2004-258 § 2, 2004; Ord. BL2000-395 § 1, 2000; Ord. 95-1329 § 2 (part), 1995; § 2 to Amdt. 1 of Ord. 93-872, 12/7/93; Ord. 93-872 § 8, 1994; Ord. 92-470 § 1, 1992; Ord. 91-1523 § 5, 1991)

Chapter 10.64

FIRE PREVENTION CODE

Sections:

Article I. Code Adoption

10.64.010 Fire Prevention Code adopted.
10.64.011 Enforcement of county-wide emergency health orders.
10.64.012 Amendments to the Fire Prevention Code.
10.64.013 Issuance of permits.
10.64.014 Application.
10.64.015 Hazardous substances.
10.64.016 Penalty.
10.64.017 Open burning.
10.64.018 Fee schedule.
10.64.019 Failure to submit application within designated timeframe—Expedite fees.
10.64.020 Failure to obtain a permit—Fees tripled.
10.64.021 Transferability of permit.
10.64.022 Suspension or revocation of permit.
10.64.023 Failure of service providers to submit ITM reports within designated timeframe.

Article II. No-Smoking Regulations

10.64.024 Prohibited smoking areas—Exceptions.
10.64.030 No-smoking signs—Authorized when.
10.64.040 No-smoking signs—Display required when.

Article I. Code Adoption

10.64.010 Fire Prevention Code adopted.

The metropolitan government adopts the 2024 edition of the International Fire Code and the NFPA 101 Life Safety Code, as amended in this chapter, published by the International Code Council and National Fire Protection Association respectively, save and except those portions such as deleted, modified or amended below, to be applicable throughout the city. A copy of the International Fire Code, is attached to the ordinance codified in this section and hereof, the same as if copied verbatim herein. The International Fire Code, as amended shall be known as the Metropolitan Fire Prevention Code. The following annexes of the fire code adopted by this Section are hereby included as a part of the city's adopted fire code, save and except those portions which are deleted, modified or amended by section 10.64.012: Appendix B Fire-Flow Requirements for Buildings; Appendix C Fire Hydrant Locations and Distribution; Appendix D Fire Apparatus Access Roads; Appendix E Hazard Categories; Appendix F Hazard Ranking; Appendix H Hazardous Materials Management Plan (HMMP) and Hazardous Materials Inventory Statement (HMIS) Instructions; Appendix I Fire Protection Systems-Noncompliant Conditions; Appendix J Building Information Sign; Appendix L Requirements for Firefighter Air Replenishment Systems; Appendix N Indoor Trade Shows and Exhibitions; Appendix O Valet Trash and Recycling Collection in Group R-2 Occupancies. A copy of the NFPA 101 Life Safety Code is codified in this section, as amended, as if copied verbatim herein. (Ord. BL2025-1004 § 1, 2025; Ord. BL2022-1373 §§ 1, 2, 2022; Ord. BL2021-658 § 1, 2021; Ord. BL2015-1145 § 1, 2015; Amdt. 1 to Ord. BL2008-350, § 7, 2009; Ord. BL2008-350, § 1, 2009, eff. 10-30-2009; Ord. BL2007-1390 § 2, 2007; Ord. BL2002-1142 § 8, 2002; Ord. 98-1445 § 6, 1998)

10.64.011 Enforcement of county-wide emergency health orders.

Notwithstanding any other provision of this title, it is a condition of any permit or work authorization issued pursuant to the authority granted herein, including those issued prior to the effective date hereof, that the permittee and its employees abide by applicable laws, rules, regulations and orders, including without limitation those emergency orders issued by the chief medical director in connection with a declared state of emergency in all or part of Davidson County. Employees of a department that has authorized work or issued a permit pursuant to this title may order the cessation of work or specific activities, or the suspension of a permit, on any work site operating under such permit, for a violation of an emergency order.

Notice of the stop work order shall be in writing and shall be given to the owner of the property or to his agent or to the person in charge of the work or overseeing the operation. When, in the opinion of the director of the department that authorized work or issued a permit, or the director's agent, that an emergency exists, a written stop work order shall not be required, and in such instances, oral notice to the owner, his agent or the person in charge of the work shall have the same force and effect as a written order. Any violation of the stop work order shall be assessed as a civil penalty at the rate of fifty dollars per day. In addition, where a violation exists, the director of the department or the director's agent may request that utility service be curtailed until the violation is corrected or abated. Appeals from the

stop work order may be made to the relevant board or commission that oversees the authorization of the work or issuance of the permit. (Ord. BL2021-658 § 2, 2021; Ord. BL2020-421 § 1, 2020)

10.64.012 Amendments to the Fire Prevention Code.

The following amendments, deletions, or additions to the 2024 edition of the International Fire Code and the NFPA 101 Life Safety Code are adopted by reference, as fully as though copied into the Metropolitan Fire Prevention Code, and thereby made a part of the Metropolitan Fire Prevention Code.

Adding the following subsection:

101.2.1 Appendices. Provisions in the following Appendices are hereby adopted: B, C, D, E, F, H, I, J, L, N, O.

Adding the following subsection:

102.9.1 Life Safety Code. For any provisions in existing buildings not explicitly addressed in this code shall be addressed in NFPA 101.

Adding the following subsection:

104.2.3.8 Compliance with subsequent editions of this code and referenced publications. The fire code official is authorized to accept subsequent editions of this code and referenced publications as evidence of compliance with the specified edition.

Adding the following subsection:

105.3.9 Working without a permit. Operating or starting work without the applicable fire prevention permit is strictly prohibited. A penalty equal to 300 percent of the cost of the required permit and inspection fees shall be assessed for the work.

Subsection 105.5 is amended by deleting and substituting in lieu thereof:

105.5 Required operational permits. The fire code official is authorized to issue operational permits for the operations set forth in Sections 105.5.2 through 105.5.63.

Subsection 105.5.34 is amended by deleting and substituting in lieu thereof:

105.5.34 Mobile food preparation vehicles. An operational permit is required for mobile food preparation vehicles equipped with appliances that produce smoke or grease-laden vapors, or that utilize LP-gas.

Adding the following subsection:

105.5.58 Knox Box. An operational permit is required to verify that items required for access into a building or facility, as well as any required contact information, kept in a building or facility's Knox Box is in proper working order and accurate.

Adding the following subsection:

105.5.59 After hours inspection. An operational permit is required to schedule a fire/life safety inspection outside of the normal hours of operation for the AHJ.

Adding the following subsection:

105.5.60 After hours standby. An operational permit is required for NFD personnel to be present on standby when, in the opinion of the fire code official, potentially hazardous conditions or a reduction in a life safety feature exist due to the type of performance, display, exhibit, occupancy, contest, or activity; an impairment to a fire protection feature; or the number of persons present.

Adding the following subsection:

105.5.61 Daycare occupancy. An operational permit is required to operate a daycare facility within the jurisdiction.

Adding the following subsection:

105.5.62 Residential Board and Care operation. An operational permit is required to operate a state licensed residential board and care facility within the jurisdiction.

Adding the following subsection:

105.5.63 Fire/Life Safety Permit. An operational permit is required when a fire/life safety inspection is required for an occupant, building, property, facility, etc. that is not tied to a developmental permit from the NFD, Metro Codes, Metro Beer Board, etc. or an annual fire/life safety inspection within the jurisdiction.

Adding the following subsection:

106.2.5 Life Safety Report. A Life Safety Report, providing a description of the fire protection in the building, shall be prepared by a Registered Design Professional prior to submitting construction drawings for: high-rise buildings; covered mall buildings; buildings containing atriums; storage height over 40 feet; Group F and S occupancies 500,000 square feet and over; Group H occupancies; and any other structures as determined by the fire code or building official. This description shall include the basic concepts used for suppression, alarm, notification, egress, fire resistive assemblies, smoke control, and other related systems, as well as the coordination of those systems. Additional fire protection and/or life safety systems including hose connections may be required by the fire code official. Upon completion of the project, a copy of the approved documentation shall be maintained, including any changes and updates at the site.

Subsection 110.3 is amended by deleting and substituting in lieu thereof:

110.3 Recordkeeping. A record of periodic inspections, tests, servicing and other operations and maintenance shall be maintained on the premises or other approved location for not less than 3 years, or a different period of time where specified in this code or referenced standards. Records shall be made available for inspection by the fire code official, and a copy of the records shall be provided to the fire code official on request. The fire code official is authorized to prescribe the form and format of such recordkeeping. The fire code official is authorized to require that certain required records be filed with the fire code official, including via any third-party reporting partner.

Section 202 is amended by:

Adding the following to Section 202, immediately following the heading:

BED AND BREAKFAST HOMESTAY. Means a private home, inn, or other unique residential facility located in a structure of historical significance as defined in Tennessee Code Annotated Section 68-14-503(3) offering bed and breakfast accommodations and one (1) daily meal and having less than four (4) guest rooms furnished for pay, with guests staying not more than fourteen (14) days, and where the innkeeper resides on the premises or property, or immediately adjacent to it. Guest rooms shall be established and maintained distinct and separate from the innkeeper's quarters.

BREEZEWAY. A covered connector between two buildings or structures, open at each end but less than 50 percent open, located at, above, or below grade level, that may be used as a means of egress from a building or structure.

BOARD. Shall mean the Metropolitan Board of Fire and Building Code Appeals.

CROWD MANAGER. A person responsible for defining and implementing an establishments or events emergency action plan, ensuring employees understand their roles in crowd management and assisting in directing the crowd in an orderly manner for evacuation.

DRIVEWAY. A vehicular access roadway less than twenty-feet in width and serving no more than two single-family dwellings.

TEMPORARY. Shall mean not more than 90 calendar days.

SUBSTANTIALLY REMODELED OR REHABILITATED. Means any structural alteration or restoration of a building for which the cost, or value exceeds 50% of the current replacement cost of the particular building, or where 50% or more of the gross square footage has been structurally altered, such building shall conform to the requirements for new buildings.

Deleting the current definition of "Mobile Food Preparation Vehicles" found in Section 202 and substituting in lieu thereof:

MOBILE FOOD PREPARATION VEHICLES. A vehicle that is equipped with appliances that produce smoke or grease-laden vapors, or that utilize LP-gas or CNG systems, for the purpose of preparing and serving food to the public. Vehicles intended for private recreation are not considered mobile food preparation vehicles. Mobile food preparation vehicles shall be relocated from their operating position at least once every six (6) consecutive calendar days to allow for maintenance of equipment or appliances that produce smoke or grease-laden vapors. Mobile or temporary cooking can include self-propelled trucks and vehicles, trailered units, push carts, etc. or other structures for which a building permit has not been issued.

Subsection 307.1 is amended by deleting and substituting in lieu thereof:

307.1 General. Open burning, recreational fire, and portable outdoor fireplaces shall comply with section 10.64.017 of the Metropolitan Government of Nashville and Davidson County Code.

Deleting subsection 307.1.1 in its entirety.

Deleting subsection 307.2 in its entirety.

Deleting subsection 307.2.1 in its entirety.

Deleting subsection 307.3 in its entirety.

Deleting subsection 307.4 in its entirety.

Deleting subsection 307.4.1 in its entirety.

Deleting subsection 307.4.2 in its entirety.

Deleting subsection 307.4.3 in its entirety.

Deleting subsection 307.5 in its entirety.

Subsection 308.1.1 is amended by deleting and substituting in lieu thereof:

308.1.1 Where prohibited. The AHJ shall have the authority to prohibit any or all open flames, candles, and open, recreational, and cooking fires or other sources of ignition, or establish special regulations on the use of any form of fire or smoking material where circumstances make such conditions hazardous, such as taking or utilizing an open flame or light in a structure, vessel, boat or other place where highly flammable, combustible or explosive material is utilized or stored.

Adding the following subsection:

316.7 Building Information Sign. All buildings shall be equipped with the approved fire fighter safety building marking system sign, per Appendix J.

Adding the following subsection:

403.4.4 Emergency evacuation drill procedure. Emergency evacuation drills shall be conducted as follows:

1. Not less than one emergency evacuation drill shall be conducted every month the facility is in session, unless both of the following criteria are met:
    a. In climates where the weather is severe, the monthly emergency evacuation drills shall be permitted to be deferred.
    b. The required number of emergency evacuation drills shall be conducted, and not less than four shall be conducted before the drills are deferred.
2. All occupants of the building shall participate in the drill.
3. One additional emergency evacuation drill, other than for educational occupancies that are open on a year-round basis, shall be required within the first 30 days of operation.

Subsection 403.11.3 is amended by deleting and substituting in lieu thereof:

403.11.3 Crowd Managers. Where facilities or events involve a gathering of more than 250 people, crowd managers shall be provided in accordance with Sections 403.11.3.1 through 403.11.3.3.

Subsection 403.11.3.1 is amended by deleting and substituting in lieu thereof:

403.11.3.1 Number of crowd managers. Not fewer than one trained crowd manager or crowd manager supervisor for each 250 persons or portion thereof, shall be provided for the gathering.

Exceptions:

1. Outdoor events with fewer than 1,000 persons in attendance shall not require crowd managers.
2. Assembly occupancies used exclusively for religious worship with an occupant load not exceeding 1,000 shall not require crowd managers.
3. The number of crowd managers shall be reduced where, in the opinion of the fire code official, the fire protection provided by the facility and the nature of the event warrant a reduction.

Adding the following subsection:

501.5 Fire Apparatus Access Plan. A fire apparatus access plan shall be provided with construction documents for any new building, commercial or residential development, additions to an existing building, or when requested by the fire code official.

Subsection 503.1.1 is amended by deleting and substituting in lieu thereof:

503.1.1 Buildings and facilities. Approved fire apparatus access roads shall be provided for every facility, building or portion of a building hereafter constructed or moved into or within the jurisdiction. The fire apparatus access road shall comply with the requirements of this section and shall extend to within 150 feet (45,720 mm) of all portions of the facility and all portions of the exterior walls of the first story of the building as measured by an approved route around the exterior of the building or facility.

Exceptions:

1. The fire code official is authorized to increase the dimension to 250 feet (45,720 mm) where any of the following conditions occur:
    1.1. The building is equipped throughout with an approved automatic sprinkler system installed in accordance with Section 903.3.1.1, 903.3.1.2 or 903.3.1.3.
    1.2. Fire apparatus access roads cannot be installed because of location on property, topography, waterways, railways, nonnegotiable grades, or other similar conditions and an approved alternative means of fire protection is provided.
    1.3. There are not more than two Group R-3 or Group U occupancies.
    1.4. One- and two-family dwellings.
2. Where approved by the fire code official, fire apparatus access roads shall be permitted to be exempted or modified for solar photovoltaic power generation facilities.

Adding the following subsection:

503.1.4 Building courtyards. Buildings having an interior courtyard that do not meet the requirements of 503.1.1 for fire department access shall provide two points of access from the fire lane to the interior courtyard. Each of the two points of access shall be a minimum of 10 feet wide each having a minimum of a 2-hour fire rating in accordance with the IBC.

Adding the following subsection:

503.2.1.1 Single lane roads. The width in 503.2.1 shall be permitted to be reduced to 13 feet in cases of a single lane road. Single lane roads shall comply with all of the following:

1. The road shall be one-way, or, a one-way lane channel of a divided two-way road.
2. Shall not exceed 500 feet in length.
3. Shall not terminate in a dead-end.

4. Parking shall be prohibited along the single lane section.

5. Road width at curves shall be increased where necessary to accommodate swept path of all emergency vehicles.

6. The AHJ is authorized to require installation of additional fire protection equipment.

Subsection 503.2.3 is amended by deleting and substituting in lieu thereof:

503.2.3 Surface. Fire apparatus access roads shall be designed and maintained to support the imposed loads of fire apparatus and shall be surfaced with an approved material to provide all-weather driving capabilities.

Subsection 503.2.4 is amended by deleting and substituting in lieu thereof:

503.2.4 Turning radius. The required turning radius of fire apparatus access roads shall be a minimum of 25 feet inside and 50 feet outside.

Subsection 503.2.7 is amended by deleting and substituting in lieu thereof:

503.2.7 Grade. The grade of the fire apparatus access road shall not exceed 12% without written approval from the fire code official.

Subsection 503.2.8 is amended by deleting and substituting in lieu thereof:

503.2.8 Angles of approach and departure. The angles of approach and departure for fire apparatus access roads shall not exceed 1 ft drop in 20 ft (0.3 m drop in 6 m), or the design limitations of the fire apparatus utilized by the fire department and shall be subject to approval by the AHJ.

Subsection 503.2.8.1 is amended by deleting and substituting in lieu thereof:

503.2.8.1 Curbs. Where fire department access roads connect with roadways, at least one of the following shall be provided:

1. Curb cuts extending at least 2 ft (0.61 m) beyond each edge of the fire department access road.

Subsection 503.6 is amended by deleting and substituting in lieu thereof:

503.6 Security gates. The installation of security gates across a fire apparatus access road shall be approved by the fire code official. Where security gates are installed, they shall have an approved means of emergency operation. The security gates and the emergency operation shall be maintained operational at all times. Electric gate operators, where provided shall be listed in accordance with UL 325 and equipped with RF operated "Click-2-Enter" emergency operating system. Electric gate operators shall be designed, constructed and installed to comply with the requirements of ASTM F2200. Gates shall comply with the requirements of the Nashville Fire Department, Nashville Department of Transportation, and Tennessee Department of Transportation.

Adding the following subsection:

503.6.1 Permit required. A permit is required to install access control or security gates across a fire department access road.

Adding the following subsection:

503.6.2 Manual gates. Manual gates shall be equipped with a Knox key box or Knox padlock as approved by the AHJ.

Adding the following subsection:

503.6.3 Plans. Plans shall be submitted for review and approval prior to installation of access control or security gates across fire department access roads.

Adding the following subsection:

503.7 Outdoor assembly event fire department access roads.

Adding the following subsection:

503.7.1 Fire department access roads. Outdoor assembly events shall provide fire department access roads in accordance with Section 503.2.1.

Adding the following subsection:

503.7.1.1 Plans. Fire department access plan shall be submitted for review and approval by the fire code official.

Adding the following subsection:

503.7.2 Hostile vehicle mitigation. Hostile vehicle mitigation barriers required by law enforcement placed across fire lanes and emergency access paths shall require a minimum 14 ft wide access point between barriers.

Adding the following subsection:

503.7.3 Barriers. Any barrier or gate placed across a fire lane or emergency access path shall be approved by the fire code official.

Subsection 505.1 is amended by deleting and substituting in lieu thereof:

505.1 Address Identification. All buildings and structures within Metropolitan Nashville and Davidson County shall have approved address numbers posted in accordance with the following:

1. Address identification shall be legible and visible from the street or road fronting the property.

2. Characters shall contrast with their background.

3. Address numbers shall be Arabic numbers or alphabetical letters, and numbers shall not be spelled out.

4. Numbers posted on the outside of residences shall be a minimum of three (3) inches in height

with a minimum stroke width of 0.5 inches (12.7 mm). The numbers may be attached to the residence or the mailbox, if the mailbox is next to the street.

5. Numbers posted on the outside of nonresidential buildings shall be a minimum of six (6) inches in height with a minimum stroke width of 0.5 inches (12.7 mm). Numbers posted on interior doors or spaces (such as lease space in a mall) shall be a minimum of three (3) inches in height.

6. Numbers and/or letters posted on the outside of multifamily buildings shall be a minimum of six (6) inches in height with a minimum stroke width of 0.5 inches (12.7 mm). Identifying numbers or letters for individual dwelling units shall be a minimum of three (3) inches in height and posted on or at the doors of the individual dwelling units.

Subsection 506.1 is amended by deleting and substituting in lieu thereof:

506.1 Where required. Knox rapid entry key box(es) shall be installed at all commercial occupancies, tenant spaces, and other locations containing a fire or life safety system, fenced or gated access, hazardous materials, or as determined by the fire code official. Multiple key boxes may be required based on the size or layout of the building as determined by the fire code official.

Adding the following subsection:

507.3.1 Fire flow capacity. The aggregate fire flow capacity of all fire hydrants within 1000 ft of the building, when measured by an approved route of travel, shall not be less than the required fire flow.

Subsection 507.4 is amended by deleting and substituting in lieu thereof:

507.4 Water supply test. Water supply tests shall be witnessed by the fire code official or, where approved, documentation of the test shall be provided to the fire code official prior to final approval of the water supply system.

Subsection 507.5.1 is amended by deleting and substituting in lieu thereof:

507.5.1 Where required. Where a portion of the facility or building constructed or moved into or within the jurisdiction is more than 500 feet from a hydrant on a fire apparatus access road, as measured by an approved route around the exterior of the facility or building, on-site fire hydrants and mains shall be provided where required by the fire code official.

Exceptions:

1. For group R-3 and Group U occupancies, the distance requirement shall be 600 feet.

2. One- and two-family dwellings on lots 5 acres and larger.

Subsection 508.1.3 is amended by deleting and substituting in lieu thereof:

508.1.3 Size. The fire command center shall not be less than 200 square feet in area with a minimum dimension of 10 feet.

Subsection 510.1 is amended by deleting and substituting in lieu thereof:

510.1 Emergency responder communications enhancement systems in new buildings. Approved in-building emergency responder communications enhancement system (ERCES) for emergency responders shall be provided in all new buildings. In-building ERCES within the building shall be based on the existing coverage levels of the public safety communications systems utilized by the jurisdiction, measured at the exterior of the building. The ERCES, where required, shall be of a type determined by the fire code official and the frequency license holder(s). This section shall not require improvement of the existing public safety communications systems.

i. Exceptions:

1. Group R-3 occupancies, one- and two-family dwellings and townhomes.

2. Open parking garages with no below grade levels.

3. Buildings three stories or less, with a floor area not exceeding 12,000 square feet per floor with no below grade area(s).

4. Where it is determined by the fire code official that communications coverage is not needed.

5. In facilities where emergency responder communications coverage is required and such systems, components or equipment required could have a negative impact on normal operations of that facility, the fire code official shall have the authority to accept an automatically activated emergency responder communications coverage system.

Adding the following subsection:

510.2.1 Previously required two-way wired communications systems. Buildings shall comply with Section 510.1 should a previously required two-way wired fire department communication system be removed or become inoperative.

Adding the following subsection:

603.10 Electric vehicle charging stations. Electric vehicle charging stations shall be installed in accordance with NFPA 70 and this code.

Adding the following subsection:

603.10.1 Emergency shutoff. For fixed-in-place equipment supplying dc power to a vehicle, one or more clearly identified emergency shutoff devices or electrical disconnects shall be provided and meet all of the following:

1. Be installed in a readily accessible location in sight from the equipment.
2. Disconnect power to all electric vehicle power transfer system equipment on the premises.
3. Be marked "ELECTRIC VEHICLE EMERGENCY DISCONNECT".
4. Require manual intervention in order to reset from an emergency shutoff condition.
5. Disconnect all ungrounded conductors of the circuits simultaneously from the source of supply.
6. Shall be of a type approved by the AHJ.

Adding the following subsection:

604.6.2.5 Firefighter elevator key box. A Knox Firefighter Elevator key box shall be installed in the vicinity of the elevator or bank of elevators in a location that is visible and readily accessible to emergency responders.

Subsection 605.4.2.8 is amended by deleting and substituting in lieu thereof:

605.4.2.8 Tanks in basements. Tanks in basements shall be located not more than one story below the lowest level of fire apparatus access.

Subsection 606.3.3.3 is amended by deleting and substituting in lieu thereof:

606.3.3.3 Records. Records for inspections shall state the individual and company performing the inspection, a description of the inspection and when the inspection took place. Records for cleanings shall state the individual and company preforming the cleaning and when the cleaning took place. Such records shall be completed after each inspection or cleaning and maintained. A copy of the record shall also be filed with any third-party reporting partner.

Subsection 705.2.7 is amended by deleting and substituting in lieu thereof:

705.2.7 Periodic inspection and testing of rolling steel fire doors. Rolling steel fire doors shall be inspected and tested annually by a trained rolling steel fire door systems technician in accordance with the applicable provisions of NFPA 80. Records of inspections and testing shall be maintained. A copy of the record shall also be filed with any third-party reporting partner as required.

Adding the following subsection:

901.2.1 Plans required. Construction documents for the fire protection and life safety systems below shall be submitted for review and approval in accordance with department policies prior to system installation or modification:

1. Water based fire protection systems.
2. Clean agent and special hazard extinguishing systems.
3. Fire alarm systems.
4. Firefighter air replenishment systems.
5. Underground fire service mains.
6. Private fire hydrants.
7. Emergency responder communication enhancement systems.

Renumbering subsection "901.2.1 Statement of Compliance" to now be designated as "901.2.2 Statement of Compliance."

Subsection 901.6.3 is amended by deleting and substituting in lieu thereof:

901.6.3 Records. Installation, testing, and maintenance of fire protection and life safety systems shall be performed by properly licensed and qualified persons. Records of all system inspections, tests and maintenance shall be maintained in accordance with Section 110.3. A copy of the inspection, testing, and maintenance record shall be filed with any third-party reporting partners as required by the AHJ.

Adding the following subsection:

903.2.1.2.1 Existing Group A-2. The following existing Group A-2 occupancies shall be protected throughout by an approved, electrically supervised automatic sprinkler system in accordance with NFPA 13, when the occupant load exceeds 200:

1. Bars with live entertainment
2. Dance halls
3. Discotheques
4. Nightclubs
5. Assembly occupancies with festival seating

Regardless of occupant load, any of the occupancies listed above that have been cited for the following shall be subject to automatic fire sprinkler system requirements as ordered by the fire code official:

1. Overcrowding
2. Locked or blocked fire exits
3. Unpermitted pyrotechnic
4. The use of props or displays not meeting applicable flame spread requirements

For the purposes of this section, "live entertainment" shall include any live performance such as live music,

dancing, stage acts, disc jockey, or other entertainment that, in the opinion of the fire code official, could cause a distraction to the audience in the case of a fire or emergency in such a manner as to delay normal exiting from the facility. A mere occasional or infrequent live performance, scheduled or unscheduled, that is incidental or not part of the regular venue of the occupancy shall not be considered live entertainment. In all cases, the fire code official has the authority to determine the circumstances that constitute "live entertainment".

Subsection 903.2.2 is amended by deleting and substituting in lieu thereof:

903.2.2 Group B. An automatic sprinkler system shall be provided for Group B occupancies where one of the following conditions exist:

1. Building is three or more stories above grade.
2. The fire area exceeds 12,000 square feet.
3. The combined fire area exceeds 24,000 square feet.

Subsection 903.2.2.1 is amended by deleting and substituting in lieu thereof:

903.2.2.1 Ambulatory care facilities. An automatic sprinkler system shall be installed throughout the entire floor containing an ambulatory care facility where either of the following conditions exist at any time:

1. Four or more care recipients are incapable of self-preservation.
2. One or more care recipients that are incapable of self-preservation are located at other than the level of exit discharge serving such a facility.

In buildings where ambulatory care is provided on levels other than the level of exit discharge, an automatic sprinkler system shall be installed throughout the entire floor as well as all floors below where such care is provided, and all floors between the level of ambulatory care and the nearest level of exit discharge, the level of exit discharge, and all floors below the level of exit discharge.

Subsection 903.2.10 is amended by deleting and substituting in lieu thereof:

903.2.10 Group S-2 parking garages. An automatic sprinkler system shall be provided throughout buildings classified as parking garages.

Exception:

1. Enclosed parking garages beneath Group R-3 occupancies.

Subsection 903.3 is amended by deleting and substituting in lieu thereof:

903.3 Installation requirements. Automatic sprinkler systems shall be designed and installed in accordance with Section 903.3.1.1, unless otherwise permitted by Sections 903.3.1.2 and 903.3.1.3 and other chapters of this code, as applicable. All installations of automatic sprinkler systems and their water supplies shall be performed by a sprinkler contractor licensed by the State of Tennessee.

Adding the following subsection:

903.4.2.1 Systems not currently monitored. Systems not currently monitored by an approved supervising station or method shall comply with Section 903.4.2.

Subsection 905.3.1 is amended by deleting and substituting in lieu thereof:

905.3.1 Height. Class I standpipe systems shall be installed throughout buildings where any of the following conditions exist:

1. Four or more stories are above or below grade plane.
2. The floor level of the highest story is located more than 30 feet above the lowest level of fire department vehicle access.
3. The floor level of the lowest story is located more than 30 feet below the highest level of fire department vehicle access.

Exceptions: In determining the lowest level of fire department vehicle access, it shall not be required to consider either of the following:

1. Recessed loading docks.
2. Conditions where the topography makes access from the fire department vehicle to the building impractical or impossible.

Deleting subsection 905.5 in its entirety.

Deleting subsection 905.5.1 in its entirety.

Deleting subsection 905.5.2 in its entirety.

Deleting subsection 905.5.3 in its entirety.

Deleting subsection 905.6 in its entirety.

Deleting subsection 905.6.1 in its entirety.

Deleting subsection 905.6.2 in its entirety.

Subsection 907.1.2 is amended by deleting and substituting in lieu thereof:

907.1.2 Fire alarm shop drawings. Shop drawings for fire alarm systems shall be prepared in accordance with NFPA 72 and submitted for review and approval prior to system installation where:

1. A new system is to be installed.
2. Fifty percent of the system notification or initiating devices are replaced.
3. Twenty or more devices added or replaced on an existing system.
4. Fire alarm control panel is replaced.

Subsection 907.2.11.2 is amended by deleting and substituting in lieu thereof:

907.2.11.2 Groups R-2, R-3, R-4, and I-1. Single- or multiple-station smoke alarms shall be installed and maintained in Groups R-2, R-3, R-4, and I-1, regardless of occupant load in the following locations:

1. On the ceiling or wall outside of each separate sleeping area in the immediate vicinity of bedrooms.
2. In each room used for sleeping purposes.
3. In each story within a dwelling unit, including basements, garages and cellars but not including crawl spaces and uninhabitable attics. In dwellings or dwelling units with split levels and without an intervening door between the adjacent levels, a smoke alarm installed on the upper level shall suffice for the adjacent lower level provided that the lower level is less than one full story below the upper level.

Exception: Heat detectors may be substituted for smoke detectors installed in cellars and attached garages.

Adding the following subsection:

907.2.11.2.1 Additions, alterations or repairs to Group R. Where an addition, alteration or repair to an individual dwelling unit or guestroom in Group R requires a permit, smoke alarms shall be installed within that individual dwelling unit or guestroom in accordance with this section. Where one or more sleeping rooms are added or created in an existing Group R, smoke alarms shall be installed in accordance with this section.

Exception: Repairs to the exterior surface of occupancies in Group R are exempt from the requirements of this section.

Subsection 907.4.2.1 is amended by deleting and substituting in lieu thereof:

907.4.2.1 Location. Manual fire alarm boxes shall be located not more than 5 feet (1,524 mm) from the entrance to each exit. In buildings not protected by an automatic sprinkler system in accordance with Section 903.3.1.1 or 903.3.1.2, additional manual fire alarm boxes shall be located so that the distance of travel to the nearest box does not exceed 200 feet (60,960 mm). Manual fire alarm boxes shall be mounted on both sides of grouped openings over 40 feet (12.2 m) in width, and within 60 inches (1,525 mm) of each side of the opening.

Subsection 907.6.6 is amended by deleting and substituting in lieu thereof:

907.6.6 Monitoring. Fire alarm systems required by this chapter or by the International Building Code shall be monitored by an approved central station listed in accordance with the most recent edition of NFPA 72. Any local ordinances enforced by the authority having jurisdiction shall also apply.

Adding the following subsection:

913.4.2 Backflow prevention devices. Backflow prevention devices on automatic fire extinguishment systems shall be serviced by an approved sprinkler contractor licensed by the state of Tennessee.

Table 1004.5 is amended by deleting and substituting the row starting with "Standing space" only, in lieu thereof:

TABLE 1004.5 MAXIMUM FLOOR AREA ALLOWANCES PER OCCUPANT:

Assembly—Standing space = 7 net

Adding the following subsection:

1004.10 Building Evacuation

1004.10.1 Evacuation drills. Persons shall not fail to leave a building when notified to do so or when directed by the AHJ as a result of a known or perceived emergency.

1004.10.2 Overcrowding. Persons shall not fail to leave any overcrowded when ordered to do by the AHJ.

1004.10.3 Fire alarm notification. Persons shall not fail to leave a building when a fire alarm system is activated or when required by a fire drill, unless otherwise provided for in an approved building fire evacuation plan or during routine system testing or maintenance.

1004.10.4 Non-fire mass notification signal. For non-fire incidents, persons shall not fail to comply with actions required by an emergency action plan when a mass notification or other emergency notification signal is activated.

Subsection 1010.2.7 is amended by deleting and substituting in lieu thereof:

1010.2.7 Locking arrangements in educational occupancies. In Group E occupancies, Group B educational occupancies and Group I-4 occupancies, egress doors from classrooms, offices and other occupied rooms with locking arrangements designed to keep intruders from entering the room shall comply with all of the following conditions, or meet the requirements of NFPA 101 Section 15.2.2.2.4.1:

1. The door shall be capable of being unlocked from outside the room with a key or other approved means.
2. The door shall be openable from within the room in accordance with Section 1010.2.
3. Modifications shall not be made to listed panic hardware, fire door hardware or door closers.

4. Modifications to fire door assemblies shall be in accordance with NFPA 80.

Remote locking or unlocking of doors from an approved location shall be permitted in addition to the unlocking operation in Item 1.

Subsection 1015.4 is amended by deleting and substituting in lieu thereof:

1015.4 Opening limitations. Required guards shall not have openings that allow passage of a sphere 4 inches (102 mm) in diameter from the walking surface to the required guard height.

Exceptions:

1. From a height of 36 inches (914 mm) to 42 inches (1,067 mm), guards shall not have openings that allow passage of a sphere 4 3/8 inches (111 mm) in diameter.

2. The triangular openings at the open sides of a stair, formed by the riser, tread and bottom rail shall not allow passage of a sphere 6 inches (152 mm) in diameter.

3. At elevated walking surfaces for access to and use of electrical, mechanical or plumbing systems or equipment, guards shall not have openings that allow the passage of a sphere 21 inches (533 mm) in diameter.

4. In areas that are not open to the public within occupancies in Group I-3, F, H or S, and for alternating tread devices and ship's ladders, guards shall not have openings that allow the passage of a sphere 21 inches (533 mm) in diameter.

5. In assembly seating areas, guards required at the end of aisles in accordance with Section 1030.17.4 shall not have openings that allow passage of a sphere 4 inches (102 mm) in diameter up to a height of 26 inches (660 mm). From a height of 26 inches (660 mm) to 42 inches (1,067 mm) above the adjacent walking surfaces, guards shall not have openings that allow passage of a sphere 8 inches (203 mm) in diameter.

6. Within individual dwelling units and sleeping units in Group R-2 and R-3 occupancies, guards on the open sides of stairs shall not have openings that allow passage of a sphere 4 3/8 (111mm) inches in diameter.

7. From the walking surface to the first element, the guard shall not have openings that allow passage of a sphere 2 inches in diameter.

Subsection 1025.1 is amended by deleting and substituting in lieu thereof:

1025.1 General. Approved luminous egress path markings delineating the exit path shall be provided in high-rise buildings of Group A, B, E, I-1, M or R-1 occupancies in accordance with this section.

Exception: Luminous egress path markings shall not be required:

1. On the level of exit discharge in lobbies that serve as part of the exit path in accordance with Section 1028.2, Exception 1.

2. Luminous egress path markings shall not be required where illumination level under emergency power is provided in accordance with Section 1008.3.2 and the power supply to the means of egress illumination within the interior exit enclosures, interior exit ramps, and exit passageways is powered by all of the following:

a. Premises' electrical supply,

b. Generator electrical supply, and

c. Emergency storage battery units at each fixture to provide duration of not less than 90 minutes.

Subsection 1103.5.1 is amended by deleting and substituting in lieu thereof:

1103.5.1 Group A-2. Where a Group A-2 occupancy has an occupant load of 200 or more, the fire area containing the Group A-2 occupancy shall be equipped with an automatic sprinkler system in accordance with Section 903.3.1.1.

Subsection 1103.5.3 is amended by deleting and substituting in lieu thereof:

1103.5.3 Group I-2, Condition 2. In addition to the requirements of Section 1103.5.2, existing buildings of Group I-2, Condition 2 occupancy shall be equipped throughout with an approved automatic sprinkler system in accordance with Section 903.3.1.1. The automatic sprinkler system shall be installed by January 1st, 2027.

Adding the following subsection:

1103.11 Monitoring of fire alarm and sprinkler systems. Existing fire alarm and sprinkler systems not electrically monitored by a listed monitoring service shall comply with Section 903.4.2 and 907.6.6.

Deleting subsection 1104.16 in its entirety.

Subsection 2303.2 is amended by deleting and substituting in lieu thereof:

2303.2 Emergency disconnect switches. An approved emergency disconnect switch shall be provided at an approved location to stop the transfer of fuel to the fuel dispensers in the event of a fuel spill or other emergency. The emergency disconnect switch for

exterior fuel dispensers shall be provided with ready access and shall be located within 100 feet (30,480 mm) of, but not less than 20 feet (6,096 mm) from, the fuel dispensers. For interior fuel-dispensing operations, the emergency disconnect switch shall be provided with ready access and be installed at an approved location. Such devices shall be distinctly labeled as: "EMERGENCY FUEL SHUTOFF." Signs shall be provided in approved locations. All emergency disconnect switches shall comply with NFPA 30A.

Subsection 2305.2.1 is amended by deleting and substituting in lieu thereof:

2305.2.1 Inspections. Flammable and combustible liquid fuel-dispensing and containment equipment shall be periodically inspected where required by the fire code official in accordance with Section 6.3.6 of NFPA 30A to verify that the equipment is in proper working order and not subject to leakage. Records of inspections shall be maintained.

Adding the following subsection:

2408.5.1 Smoking. Smoking shall be prohibited in areas where organic peroxides are stored, mixed, or applied and NO SMOKING signs shall be prominently displayed in these areas.

Subsection 3307.1.2 is amended by deleting and substituting in lieu thereof:

3307.1.2 Stairways required. In all buildings over one story in height, at least one stairway shall be provided that is in usable condition at all times and that meets the requirements of Section 1011. This stairway shall be extended upward as each floor is installed in new construction and maintained for each floor still remaining during demolition. The stairway shall be lighted. During construction, the stairway shall be enclosed where the building exterior walls are in place. All exit stairs shall be provided with stair identification signs to include the floor level, stair designation, and exit path direction as required to provide for safer egress.

Adding the following subsection:

3408.3 Manual firefighting equipment. At a minimum, the following items shall be maintained on site and in working order:

1. One 2-A:10-B:C fire extinguisher
2. One 2.5 gal (10 L) water extinguisher
3. One 10 ft (3 m) long pike pole
4. One rigid rake
5. One round point shovel
6. One square point shovel
7. The AHJ shall be permitted to require additional tools and equipment for the fire control and the protection of life and property. This can include but is not limited to the availability of earth-moving equipment or other approved means of controlling a fire.

Subsection 3601.1 is amended by deleting and substituting in lieu thereof:

3601.1 Scope. Marina facilities shall be in accordance with this chapter and NFPA 303.

Subsection 4104.2 is amended by deleting and substituting in lieu thereof:

4104.2 Open-flame cooking devices. For other than one- and two-family dwellings, no hibachi, grill, or other similar devices used for cooking, heating, or any other purpose shall be used, kindled, or stored on any balcony, under any overhanging portion, or within 10 ft (3 m) of any structure.

Exception: Listed equipment permanently installed in accordance with its listing, applicable codes, and manufacturer's instructions shall be permitted.

Deleting subsection 4104.3 in its entirety.

Subsection 4106.2 is amended by deleting and substituting in lieu thereof:

4106.2 Permit required. Permits shall be required as set forth in Section 105.5.

Exception: Mobile food preparation vehicles with a valid permit issued by the Tennessee State Fire Marshal's Office.

Adding the following subsection:

4106.6 Location. Mobile food preparation vehicles shall not be operated within ten (10) feet of any building, means of egress, or other mobile food preparation vehicle.

Subsection 5704.2.9.6.1.3 is amended by deleting and substituting in lieu thereof:

5704.2.9.6.1.3 Location of tanks storing boilover liquids. Above-ground tanks for storage of liquids with boilover characteristics shall be located in accordance with Table 22.4.1.4.1 of NFPA 30.

Subsection 5704.2.9.6.1.5 is amended by deleting and substituting in lieu thereof:

5704.2.9.6.1.5 Location of tanks storing Class IIIB liquids. Above-ground tanks for the storage of Class IIIB liquids, excluding unstable liquids, shall be located in accordance with Table 22.4.1.5 of NFPA 30, except where located within a diked area or drainage path for a tank or tanks storing Class I or II liquids. Where a Class IIIB liquid storage tank is within the diked area or drainage path of a Class I or II liquid, distances required by Section 5704.2.9.6.1.1 shall apply.

Subsection 6201.1 is amended by deleting and substituting in lieu thereof:

6201.1 Scope. The storage and use of organic peroxides shall be in accordance with this chapter, Chapter 50,

and NFPA 400. Unclassified detonable organic peroxides that are capable of detonation in their normal shipping containers under conditions of fire exposure shall be stored in accordance with Chapter 56.

Subsection 6301.1 is amended by deleting and substituting in lieu thereof:

6301.1 Scope. The storage and use of oxidizing materials shall be in accordance with this chapter, Chapter 50, and NFPA 400. Oxidizing gases shall also comply with Chapter 53. Oxidizing cryogenic fluids shall also comply with Chapter 55.

Exceptions:

1. Display and storage in Group M and storage in Group S occupancies with Section 5003.11.
2. Bulk oxygen systems at industrial and institutional consumer sites shall be in accordance with NFPA 55.
3. Liquid oxygen stored or used in home health care in Group I-1, I-4 and R occupancies in accordance with Section 6306.

Subsection 6401.1 is amended by deleting and substituting in lieu thereof:

6401.1 Scope. The storage and use of pyrophoric materials shall be in accordance with this chapter and NFPA 400. Compressed gases shall also comply with Chapter 53.

Subsection 6601.1 is amended by deleting and substituting in lieu thereof:

6601.1 Scope. The storage and use of unstable (reactive) materials shall be in accordance with this chapter and NFPA 400. Compressed gases shall also comply with Chapter 53.

Subsection 6701.1 is amended by deleting and substituting in lieu thereof:

6701.1 Scope. The storage and use of water-reactive solids and liquids shall be in accordance with this chapter and NFPA 400.

i. Exceptions:

1. Display and storage in Group M and storage in Group S occupancies complying with Section 5003.11.
2. Detonable water-reactive solids and liquids shall be stored in accordance with Chapter 56.

Chapter 80 Referenced Standards is amended by deleting and substituting in lieu thereof the following specified entries:

NFPA

30A—24: Code for Motor Fuel Dispensing Facilities and Repair Garages

2301.4, 2301.5, 2301.6, 2303.2, 2305.2.1, 2306.6.3, 2310.1

101—24: Life Safety Code

102.9.1, 1010.2.7, 1030.6.2

400—22: Hazardous Materials Code

5601.1.5, 6201.1, 6301.1, Table 6303.1.4, 6304.1.2, Table 6304.1.5(1), Table 6304.1.5(2), 6401.1, 6601.1

Apply the following additions and amendments to Appendix D as follows:

Section D102.1 of Appendix D is amended by deleting and substituting in lieu thereof:

D102.1 Access and loading. Facilities, buildings or portions of buildings hereafter constructed shall be accessible to fire department apparatus by way of an approved fire apparatus access road with an asphalt, concrete or other approved driving surface capable of supporting the imposed load of fire apparatus weighing up to 87,000 pounds (39,463 kg).

Section D103.1 of Appendix D is amended by deleting and substituting in lieu thereof:

D103.1 Access road width with a hydrant. Where a fire hydrant is located on a fire apparatus access road, the minimum road width shall be 24 feet (7,316 mm), exclusive of shoulders (see Figure D103.1).

Section D103.2 of Appendix D is amended by deleting and substituting in lieu thereof:

D103.2 Grade. Fire apparatus access roads shall not exceed 12 percent in grade.

Exception: Grades steeper than 12 percent as approved by the fire code official.

Section D103.4 of Appendix D is amended by deleting and substituting in lieu thereof:

D103.4 Dead ends. Dead-end fire apparatus access roads in excess of 150 feet shall be provided with width and turnaround provisions in accordance with Table D103.4.

Exception: The fire code official is authorized to accept alternate dimensions where it is demonstrated that the departments largest apparatus can complete the turnaround with one backing maneuver.

Table D103.4 of Appendix D is amended by adjusting the width to be 24 feet for lengths 501 through 750.

Section D104.1 of Appendix D is amended by deleting and substituting in lieu thereof:

D104.1 Buildings exceeding three stories or 30 feet in height. Buildings or facilities exceeding 30 feet (9,144 mm) or three stories in height shall have not fewer than two means of fire apparatus access for each structure, with at least one fire department access road meeting the requirements of D105.

Section D104.2 of Appendix D is amended by deleting and substituting in lieu thereof:

D104.2 Buildings exceeding 62,000 square feet in area. Buildings or facilities having a gross building

area of more than 62,000 square feet (5,760 square meters) shall provide fire department access in accordance with at least one of the following:

1. Two separate and approved fire apparatus access roads

2. A divided entrance with a minimum of 24 feet per side connected to a minimum 30 feet wide fire apparatus access road of no greater than 500 feet in length.

Exception: Projects having a gross building area of up to 124,000 square feet that have a single approved access road where all buildings are equipped throughout with approved automatic sprinkler systems.

Appendix D is hereby amended by adding the following subsection:

D104.3.1 Remoteness feasibility. The fire code official is authorized to modify the requirements in D104.3 where topography, waterways, easements, or other property restrictions make compliance impractical or technically infeasible.

Section D105.1 of Appendix D is amended by deleting and substituting in lieu thereof:

D105.1 Where required. Where the vertical distance between the grade plane and the highest roof surface exceeds 30 feet (9,144 mm), approved aerial fire apparatus access roads shall be provided. For purposes of this section, the highest roof surface shall be determined by measurement to the eave of a pitched roof, the intersection of the roof to the exterior wall, or the top of parapet walls, whichever is greater.

Exceptions:

1. Where approved by the fire code official, buildings of Type IA, IB or IIA construction equipped throughout with an automatic sprinkler system installed in accordance with Section 903.1.1 and having firefighter access through an enclosed stairway with a Class I standpipe from the lowest level of fire department vehicle access to all roof surfaces.

2. For determining the need for aerial access, the height of one- and two-family dwellings and townhouses not exceeding three stories, shall be measured to the eave of a pitched roof, the intersection of the roof to the exterior wall, the top of parapet walls, or the highest window of the highest occupied story.

Section D105.2 of Appendix D is amended by deleting and substituting in lieu thereof:

D105.2 Width. Aerial fire apparatus access roads shall have a minimum unobstructed width of 24 feet (7,925 mm), exclusive of shoulders, in the immediate vicinity of the building or portion thereof.

Appendix D is hereby amended by adding the following subsection:

D106.3.1 Remoteness feasibility. The fire code official is authorized to modify the requirements in D104.3 where topography, waterways, easements or other property restrictions make compliance impractical or technically infeasible.

Section D107.1 of Appendix D is amended by deleting and substituting in lieu thereof:

D107.1 One- or two-family dwelling residential developments. Developments of one- or two-family dwellings where the number of dwelling units exceeds 50 shall be provided with two separate and approved fire apparatus access roads.

Exceptions:

1. Where there are between 50—99 dwelling units accessed from a single public or private fire apparatus access road and all dwelling units are equipped throughout with an approved automatic sprinkler system, access from two directions shall not be required.

2. The number of dwelling units accessed from a single fire apparatus access road shall not be increased unless fire apparatus access roads will connect with future development, as determined by the fire code official.

3. A divided entrance with a minimum of 24 feet per side connected to a minimum 30 feet wide fire apparatus access road of no greater than 500 feet in length, connecting to a looped access road providing access from two directions.

Appendix D is hereby amended by adding the following subsection:

D107.2.1 Remoteness feasibility. The fire code official is authorized to modify the requirements in D104.3 where topography, waterways, easements, or other property restrictions make compliance impractical or technically infeasible.

Apply the following additions and amendments to Appendix L as follows:

Section L101.1 of Appendix L is amended by deleting and substituting in lieu thereof:

L101.1 Scope. Firefighter air replenishment systems (FARS) shall be provided in accordance with this appendix and any related policy implemented by the AHJ.

Adding the following subsection:

7.3.1.2.1 At the discretion of the fire code official, limits or restrictions may be imposed on occupant load calculations when hazardous conditions or a reduction in life safety features exist, including but not limited to existing infrastructure, building construc-

tion, limited fire department access, clear egress limits to the public way, and natural or man-made egress restrictions. Any potential limits or restrictions on occupant load calculations may be imposed on a temporary or permanent basis, pending any required documentation has been received and reviewed by the authority having jurisdiction, and a determination can be made regarding the ability to mitigate the hazardous conditions or reduction in life safety features.

Subsection 7.7.1 is amended by deleting and substituting in lieu thereof:

7.7.1 Exit Termination—Exits shall terminate directly, at a public way or at an exterior exit discharge acceptable to the AHJ, unless otherwise provided in 7.7.1.2 through 7.7.1.4.

Subsection 13.3.5.1 is amended by deleting and substituting in lieu thereof:

13.3.5.1 Where the occupant load exceeds 200, the following assembly occupancies shall be protected throughout by an approved, electrically supervised automatic sprinkler system in accordance with 9.7.1.1(1) and 9.7.2:

1. Dance halls
2. Discotheques
3. Nightclubs
4. Assembly occupancies with festival seating

Clarify that Chapter 24, to the extent that it references one- and two-family dwellings, is hereby inapplicable to the scope of duties of the fire marshal's office. Therefore, Chapter 24, except where specifically referenced, is inapplicable.

(Ord. BL2025-1004 §§ 2—124, 2025; Ord. BL2022-1373 §§ 6, 7, 2022; Ord. BL2021-658 § 3, 2021; Ord. BL2015-1145 § 2, 2015; Ord. BL2008-350, § 2, 2009, eff. 10-30-2009; Ord. BL2007-1390 § 3, 2007; Ord. BL2002-1142 § 9, 2002)

10.64.013 Issuance of permits.

Before permits may be issued as required by this section and the codes, annexes and appendixes adopted by this section, the fire chief or a delegate shall inspect and approve the receptacles, processes, vehicles, buildings or storage places to be used for any such purposes. (Ord. BL2021-658 § 4, 2021)

10.64.014 Application.

The provisions of this section and the codes and appendixes adopted by this section shall apply equally to both public and private property, and to all structures and their occupancies, except as otherwise specified. The provisions of the fire code adopted by this section shall govern the manner in which:

A. The codes are applied to new commercial and service institutional construction and existing commercial and service institutional buildings.

B. Occupancies and types of construction are classified for the purpose of determining minimum code requirements.

C. The specific requirements of the codes may be modified to permit the use of alternate materials or methods of construction. (Ord. BL2021-658 § 5, 2021)

10.64.015 Hazardous substances.

A. Definitions. As used in this section, the following terms shall be defined as follows:

"Costs" mean those necessary and reasonable costs incurred by the city in connection with investigating, mitigating, minimizing, removing or abating discharges of hazardous substances, including, but not limited to, the following: actual labor costs of city personnel or its authorized agents; cost of equipment operation and rental; and cost of expendable items including, but not limited to, firefighting foam, chemical extinguishing agents, absorbent material, sand, recovery drums, acid suits, acid gloves, goggles and protective clothing.

"Discharge" means any intentional or unintentional action or omission resulting in the releasing, spilling, pumping, pouring, emitting, emptying or dumping of a hazardous substance upon public or private property located within the city limits.

"Hazardous substances" mean any substances or materials in a quantity or form, which, in the determination of the fire chief or his authorized designee, poses an unreasonable and imminent risk to the life, health, safety or welfare of persons or property within the city, and shall include, but not be limited to those hazardous substances listed in the N.F.P.A. Guide on Hazardous Materials or the E.P.A.'s list of extremely hazardous substances.

"Person" means one or more individuals, partnerships, corporations, joint ventures, associations or any other entities or any combination thereof.

B. Fire Department's Authority. The fire department is hereby authorized to take such steps as necessary to clean up, remove or abate the effects of any hazardous substances discharged upon or into public or private property or facilities located within the limits of the city.

C. Persons Responsible for Unauthorized Discharges to be Liable to the City Fire Department. Any person responsible for causing or allowing an unauthorized discharge of hazardous substances that requires emergency

action of the city's fire department or its authorized agents in order to protect the public health, safety or welfare shall be jointly and severally liable to the city for the costs incurred by the city in investigating, mitigating, minimizing, removing and abating any such discharge.

D. Fire Department to Keep Records of Cleanup Costs. When responding to the emergency caused by the unauthorized discharge of hazardous substances, the city's fire department shall keep a detailed record of the costs attributable thereto.

E. Unlawful Dischargers to Reimburse City for Cleanup Costs. Any person responsible for causing or allowing an unauthorized discharge of hazardous substances shall reimburse the city for the full amount of all costs, as defined herein, associated with investigating, mitigating, minimizing, removing and abating any such discharge within a period of thirty days after receipt of an itemized bill for such costs from the city.

F. Penalty for Late Payment of Cleanup Costs. Any person responsible for causing or allowing an unauthorized discharge of hazardous substances and who fails to promptly reimburse the city within the time set forth in subsection (E) of this section shall be subject to a penalty payment equal to five percent of the total amount of the bill for each month that the bill for such costs remains unpaid.

G. Remedies Supplemental to Other Remedies. The remedy provided for in this section shall be supplemental to and in addition to all other available remedies at law and equity. (Ord. BL2021-658 § 6, 2021; Ord. BL2015-1145 § 3, 2015; Ord. BL2009-509 § 1, 2009; Ord. No. BL2008-350, § 3, 2009, eff. 10-30-2009; Ord. BL2008-332 §§ 1—4, 2008; Ord. BL2007-1390 § 4, 2007; Ord. BL2002-1142 § 10, 2002)

10.64.016 Penalty.

Any person who shall violate any of the provisions of the codes and appendixes adopted by this Section; or shall fail to comply therewith; or shall violate or fail to comply with any order made thereunder; or shall build in violation of any details, statements, specifications or plans submitted or approved thereunder; or shall operate not in accordance with the provisions of any certificate, permit or approval issued thereunder, and from which no appeal has been taken; or who shall fail to comply with such an order as affirmed or modified by the fire chief or by a court of competent jurisdiction within the time fixed herein shall severally for each and every violation and noncompliance, respectively, be penalized by a civil penalty as provided for in Chapter 1.24 of the Metropolitan Code of Ordinances. The imposition of a penalty for any violation shall not excuse the violation nor shall the violation be permitted to continue. All such persons shall be required to correct or remedy such violations or defects within a reasonable time, and when not otherwise specified, the application of the above penalty shall not be held to prevent the enforced removal of prohibited conditions. (Ord. BL2021-658 § 7, 2021; Ord. BL2015-1145 § 4, 2015; Ord. BL2008-350, § 4, 2009, eff. 10-30-2009)

10.64.017 Open burning.

It is the intent and purpose of this section to protect the citizens of Nashville from injury arising from hazards and public nuisances and to reduce the accidental spread of fire for the benefit of the health, safety, general welfare and physical property of the people. The city shall seek the accomplishment of these objectives through the regulation of open burning as adopted and set forth herein.

A. Definitions. The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

"Air curtain destructor" or "air curtain incinerator" means a portable or stationery combustion device that directs a plane of high velocity forced draft air through a manifold head into a burn chamber with vertical walls in such a manner as to maintain a curtain of air over the surface of the burn chamber and a recirculating motion of air under the curtain.

"Cooking fire" means the noncommercial, residential burning of materials not exceeding 3 ft. (0.9 m) in diameter and 2 ft. (0.6 m) in height, other than rubbish in which the fuel burned is contained in an outdoor fireplace, a barbecue grill, or a barbecue pit for the purpose of preparing food.

"Fire marshal" means the duly appointed fire marshal or acting fire marshal of the city.

"Open burning" means the burning of any matter under such conditions that products of combustion are emitted directly into the open atmosphere without passing directly through a stack.

"Recreational fire" means the noncommercial burning of materials other than rubbish for pleasure, religious, ceremonial, cooking, or similar purposes in which the fuel burned is not contained in an incinerator, a barbecue grill, or a barbecue pit, and the total fuel area is not exceeding 3 ft. (0.9 m) in diameter and 2 ft. (0.6 m) in height.

B. The burning of tires and other rubber products, vinyl shingles and siding, other plastics, asphalt shingles and other asphalt roofing materials and/or asbestos containing materials is expressly prohibited, and such materials shall not be included in any open burning

conducted under the provisions of this section. Furthermore, burning for the purpose of disposing of construction or demolition waste or debris not otherwise described herein is expressly prohibited, and such waste or debris shall not be included in any open burning conducted under the provisions of this section.

C. No open burning shall be allowed except under the following conditions and their restrictions:

(1) Ceremonial or recreational fires.

(a) Any permit required by the fire marshal or director of public health shall be obtained prior to burning.

(b) Shall be of reasonable size and duration.

(c) Shall not be conducted within twenty-five feet of a structure or combustible material.

(d) Conditions that could cause a fire to spread within twenty-five feet of a structure shall be eliminated prior to ignition.

(e) No prohibited materials shall be burned for such fires.

(f) An approved water supply shall be present in the immediate vicinity of the burn site to be used for extinguishment as necessary.

(g) A minimum 2A-10BC fire extinguisher shall be present in the immediate vicinity of the burn site to be used for extinguishment as necessary.

(2) Outdoor fireplaces or outdoor noncommercial food preparation.

(a) Outdoor fireplaces or portable charcoal or gas barbecue grills shall be prohibited within fifteen feet of any structure in which more than two dwelling units are located or combustible material.

(b) No prohibited materials shall be burned for such fires.

(c) Shall be used in accordance with the manufacturer's instructions.

(3) Burning for the purpose of clearing vegetation from land for new development or a change in the use of the land shall be permitted only if:

(a) The burning will take place at least five hundred feet from any occupied building, roadway, walkway or any other location as may be specified by the fire marshal.

(b) The materials to be burned consist solely of vegetation grown on the property containing the burn site.

(c) The materials to be burned are placed in a pit and an air curtain destructor or air curtain incinerator is used.

(d) Priming materials used to facilitate such burning are limited to #1 or #2 grade fuel oils.

(e) The burning occurs between the hours of 7:00 a.m. and dark.

(f) All appropriate permits have been issued from the fire marshal and the metro public health director.

(4) Burning for the purpose of disposing of detached tree limbs and leaves shall be permitted only if:

(a) The burning will take place at least three hundred feet away from any adjacent lot or tract with a residential dwelling or other occupied structure.

(b) The materials to be burned consist solely of leaves and limbs gathered from the property containing the burn site.

(c) The materials to be burned are placed in a pit and an air curtain destructor or air curtain incinerator is used, if the fire marshal has instructed that an air curtain destructor or air curtain incinerator is to be used, based on the size and location of the burn and other relevant safety issues.

(d) Priming materials used to facilitate such burning are limited to #1 or #2 grade fuel oils.

(e) The burning occurs between the hours of 9:00 a.m. and 3:30 p.m.

(f) All appropriate permits have been issued from the fire marshal and the metro public health director, as required.

(5) Neither the exceptions allowed hereunder, nor the granting of a permit shall relieve any person of liability for injuries or damage caused by such open burning, nor shall an exception or permit relieve any person of the responsibility to obtain any other permit required by any other agency, or of complying with other applicable requirements, ordinances, statutes, or restrictions.

(6) In the event the fire marshal or the fire marshal's representative determines a fire to be a nuisance to adjacent property owners or occupants or to the public at large, the fire marshal or the fire marshal's representative shall order the fire to be extinguished immediately by any means or, if necessary, the fire department may extinguish the fire.

(7) The fire marshal or the fire marshal's representative along with the director of public health may order all open burning temporarily stopped at any time due to weather conditions or other environmental conditions which may cause open burning to pose a significant public health or safety risk. (Ord. BL2025-1004 § 125, 2025; Ord. BL2021-658 § 8, 2021; Ord. BL2015-1145 § 5, 2015; Ord. No. BL-2008-350, § 5, 2009, eff. 10-30-2009; Ord. BL2007-1390 § 5, 2007; Ord. BL2002-1142 § 11, 2002; Ord. 98-1445 §§ 7—21, 1998)

10.64.018 Fee schedule.

A. The fire marshal's office shall charge the following operational permit fees:

1. Aerosol products storage (by quantity): $119.00.

2. Air curtain—Open burning: $151.00.
3. Amusement buildings: $151.00.
4. Aviation facilities: $151.00.
5. Blasting—Explosives: $285.00.
6. Carnivals/Fairs: $151.00.
7. Cellulose nitrate film: $151.00.
8. Combustible dust-producing operations: $151.00.
9. Combustible fibers: $151.00.
10. Combustible storage, misc.: $151.00.
11. Compressed gases (normal temperature and pressure): $151.00.
12. Concession trailer/food truck (mobile food vendors): $151.00.
13. Cryogenic fluids: $151.00.
14. Cutting and welding: $151.00.
15. Dry cleaning: $151.00.
16. Exhibits and trade shows: $151.00.
17. Explosives: $166.00.
18. Fire alarm plan review per each 50 devices or fraction thereof: $58.00
19. Flammable and combustible liquids: $149.00.
20. Hazardous materials storage: $151.00.
21. Hazardous production materials (HPM): $151.00.
22. High-piled storage: $151.00.
23. Hot work operations: $151.00.
24. Industrial ovens: $151.00.
25. Knox Box annual permit: $58.00
26. Lumber yards and woodworking plants: $209.00.
27. Liquid- or gas-fueled vehicles or equipment in assembly buildings: $151.00.
28. LP gas: $149.00.
29. Magnesium: $151.00.
30. Miscellaneous combustible storage: $111.00.
31. Open burning: $222.00.
32. Open flames and candles: $151.00.
33. Organic coatings: $151.00.
34. Places of assembly: $224.00.
35. Places of assembly > 10,000 sf: $384.00.
36. Private fire hydrants: $117.00 (up to four hydrants).
37. Pyrotechnic fees: $290.00.
38. Pyroxylin plastics: $151.00.
39. Refrigeration equipment: $151.00.
40. Repair garages and motor fuel-dispensing facilities: $151.00.
41. Special event—After hours standby: $213.00.
42. Special event—Inspection after hours: $350.00.
43. Special event fire watch per hour—Owner provided: $88.00.
44. Spraying and dipping: $151.00.
45. Sprinkler plan review and permit per each 50 sprinkler heads: $191.00.
46. Temporary membrane structures and tents: $149.00.
47. Tire-rebuilding plants: $151.00.
48. Wood products: $151.00.
49. Reinspection fee: $59.00.

B. Future modifications to the fire marshal's office fee schedule shall be approved by a resolution adopted by the metropolitan council. (Res. RS2022-1648 § 1, 2022; Ord. BL2018-1187 § 1, 2018)

10.64.019 Failure to submit application within designated timeframe—Expedite fees.

A. All permit applications for fire department permits shall be submitted to the fire marshal's Office no less than ten business days prior to the commencement of any work, operation, or condition for which a fire department permit is required, or the date of expiration of a current fire department permit.

B. If an application for a fire department permit is submitted to the fire marshal's office between three and ten business days prior to the commencement of any work, operation, or condition for which a fire department permit is required, or the date of expiration of a current fire department permit, the application shall be subject to an expedite fee of one hundred seventy-five dollars.

C. If an application for a fire department permit is submitted to the fire marshal's office with less than three business days prior to the commencement of any work, operation, or condition for which a fire department permit is required, or the date of expiration of a current fire department permit, the application shall be subject to an expedite fee of one hundred seventy-five dollars or denial. (Ord. BL2025-1004 § 126, 2025)

10.64.020 Failure to obtain a permit—Fees tripled.

A. Where any type of work, operation, or condition for which a fire department permit is required and the permit is not issued prior to the commencement of the work, operation, or condition, the permit cost shall be not less than three hundred percent of the initial permit cost, in addition to any other penalty imposed for failure to obtain a required fire department permit. (Ord. BL2025-1004 § 127, 2025)

10.64.021 Transferability of permit.

A. Any permit issued in accordance with the provisions of this chapter is not transferable without prior approval from the authority having jurisdiction. (Ord. BL2025-1004 § 128, 2025)

10.64.022 Suspension or revocation of permit.

A. The fire code official is authorized to revoke an issued permit where it is found by inspection or otherwise that there has been a false statement or misrepresentation on which the permit or approval was based. (Ord. BL2025-1004 § 129, 2025)

10.64.023 Failure of service providers to submit ITM reports within designated timeframe.

A. All life safety/fire protection systems installed in Metro Nashville/Davidson County shall be inspected, tested, and maintained according to the referenced edition of the associated NFPA code or standard related to that system in the Metropolitan Fire Code.

B. All systems shall be inspected, tested, and maintained by a trained, qualified, and certified person(s) (hereafter referred to as "service provider").

C. The service provider that will inspect, test, or maintain these systems shall prepare a report (hereafter referred to as "ITM report") detailing their findings per the applicable NFPA codes or standards related to the system being serviced.

D. A copy of the ITM report shall be submitted to the fire marshal's office (FMO), via the 3rd party system utilized by the FMO, within five days from the date the inspection took place.

E. Any updates to deficient systems shall be notated within the third-party reporting system, within three business days.

F. Any service provider that fails to submit an ITM report to the FMO within the above timeframe shall be considered in violation of this code, and subject to a penalty from the FMO. (Ord. BL2025-1004 § 130, 2025)

Article II. No-Smoking Regulations

10.64.024 Prohibited smoking areas—Exceptions.

No person shall smoke or carry a lighted cigar, cigarette, pipe or match, or use any spark-producing, flame-producing or fire-producing device not specifically authorized for use in such place by the fire marshal in any of the following places:

A. Exception for Approved Areas. The prohibition shall not apply to smoking in restrooms, restaurants, executive offices or beauty parlors in retail stores when specifically approved by the fire marshal by written order to the person having control of the premises upon a finding that such use therein is not dangerous to life or property.

B. Elevators. Elevators, regardless of capacity, in any public place.

C. Public Theaters. During a performance in public theaters, motion picture houses or other auditoriums used for such purposes:

1. Exception for Approved Areas. The prohibition of this subsection shall not apply to smoking rooms and areas and restrooms when specifically approved by the fire marshal by written order to the person having control of the premises upon a finding that such use therein is not dangerous to life or property.

2. Exception for Performers. The prohibition of this subsection shall not be construed to prohibit smoking by performers upon the stage as part of any theatrical production.

D. Projection Booths. Any projection booth, enclosure or other room in a public place in which any motion pictures machine is operated.

E. Public Conveyances. Buses or other public conveyances, except taxicabs.

F. Dance Floors. Dance floor of any cabaret, restaurant, nightclub or other public place offering facilities for dining and dancing. (Ord. BL2025-1004 § 131, 2025; prior code § 17-1-1.2(a))

10.64.030 No-smoking signs—Authorized when.

The fire marshal shall have the authority to order "No Smoking" signs erected in any place of public assemblage where, in his opinion, smoking, or the carrying of a lighted cigar, cigarette, pipe or match, or any use of any spark-producing, flame-producing or fire-producing device not specifically authorized for use in such place would constitute a menace to life or property. (Prior code § 17-1-1.2(b))

10.64.040 No-smoking signs—Display required when.

Every person, or his agent, having control of premises upon which smoking or the carrying of lighted objects is prohibited by or under the authority of this article shall conspicuously display upon the premises a sign reading "No Smoking." (Prior code § 17-1-1.2(c))

10.68.010 Fireworks defined—Labeling required.

A. The term "fireworks" means and includes any combustible or explosive composition, or any substance or combination of substances, or article prepared for the purpose of producing a visible or an audible effect by combustion, explosion, deflagration or detonation, and shall include blank cartridges, toy pistols, toy cannons, toy canes or toy guns in which explosives are used, the type of unmanned balloons which require fire underneath to propel the same, firecrackers, torpedoes, skyrockets, Roman candles, Daygo bombs, sparklers, and other fireworks of like construction and any fireworks containing any explosive or flammable compound, or any tablets or other device containing any explosive substance, except that the term "fireworks" does not include model rockets and model rocket engines designed, sold and used for the purpose of propelling recoverable aero models and does not include toy pistols, toy canes, toy guns or other devices in which paper and/or plastic caps manufactured in accordance with the United States Department of Transportation regulations for packing and shipping of toy paper and/or plastic caps are used and toy paper and/or plastic caps manufactured as provided therein, the sale and use of which shall be permitted at all times. Further, the term 'fireworks' does not include canons or rifles used as part of an outdoor memorial service or commemoration, provided no projectile is expelled from such canon or rifle. The metropolitan police department must be notified at least twenty-four hours prior to discharging a rifle or canon exempted from the definition of 'fireworks' herein, and persons discharging such rifle or canon shall comply with all federal regulations for the storage and handling of black powder for domestic use.

B. Each package containing toy paper and/or plastic caps offered for retail sale shall be labeled to indicate the maximum explosive content per cap. (Ord. BL2011-939 § 1, 2011; prior code § 17-1-31)

10.68.020 Use restrictions—Permits granted when.

Except as hereinafter provided, no person, firm, partnership or corporation shall offer for sale, expose for sale, sell at retail, keep with intent to sell at retail, or use or explode any fireworks in Davidson County; provided, that the fire marshal of the Metropolitan Government of Nashville and Davidson County may adopt reasonable rules and regulations for the granting of permits for supervised displays of fireworks by fair associations, amusement parks, and other organizations or groups of individuals. Such permits may be granted upon application to the fire marshal and the filing of a bond by the applicant as provided hereinafter. Every such display shall be handled by a competent operator licensed or certified as to competency by the fire marshal and shall be of such composition and character, and so located, discharged or fired as in the opinion of the fire marshal shall not be hazardous to property or endanger any person or persons. After such privilege shall have been granted, sales, possession, use and distribution of fireworks for such display is lawful for that purpose only. No permit granted hereunder shall be transferable. (Prior code § 17-1-32)

10.68.030 Bond required.

The fire marshal shall require a bond from the licensee in a sum not less than one thousand dollars conditioned on compliance with the provisions of this chapter and the regulations of the fire marshal adopted herein, provided no municipality shall be required to file such bond. (Prior code § 17-1-33)

10.68.040 Financial responsibility required.

Before any permit for a pyrotechnic display shall be issued, the person, firm, partnership or corporation making application therefor shall furnish proof of financial responsibility to satisfy claims for damages to property or personal injuries arising out of any act or omission on the part of such person, firm, partnership, corporation or any agent or employee thereof, in such amount, character and form as the fire marshal determines to be necessary for the protection of the public. (Prior code § 17-1-34)

***State law reference—**Fireworks, T.C.A. § 68-104-101 et seq.

10.68.050 Appointment of attorney required for out-of-county residents.

No permit shall be issued under the provisions of this chapter to a person, firm, partnership or corporation not a resident of Davidson County for conduct of a pyrotechnic display until such person, firm or corporation shall have appointed in writing an attorney licensed to practice law in the State of Tennessee and residing therein to be his attorney upon whom all process in any civil action or proceeding against him may be served. (Prior code § 17-1-35)

10.68.060 Sales regulations.

Nothing in this chapter shall be construed to prohibit any resident, wholesaler, dealer or jobber to sell at wholesale such fireworks as are not herein prohibited or the sale of any kind of fireworks, provided the same are to be shipped directly out of the area of the Metropolitan Government of Nashville and Davidson County in accordance with the regulations of the U. S. Department of Transportation covering the transportation of explosives and other dangerous articles by motor, rail and water or the use of fireworks by railroads or other transportation agencies for signal purposes or illumination, or the sale or use of blank cartridges for theater, or for military organizations, or the use of fireworks for agricultural purposes under conditions approved by the fire marshal. (Prior code § 17-1-36)

10.68.070 Seizure authorized when.

The fire marshal shall seize, take, remove or cause to be removed at the expense of the owner all stocks of fireworks or combustibles offered or exposed for sale, stored or held in violation of this chapter. The fire marshal shall store and maintain seized fireworks and dispose of them as ordered by a court of competent jurisdiction. Seized fireworks shall in no event be returned to the person from whom seized until all appellate remedies are exhausted. The confiscation and forfeiture of fireworks being an action "in rem," the Metropolitan Government of Nashville and Davidson County shall have the right to appeal an order restoring the seized fireworks to the person from whom seized. (Prior code § 17-1-37)

10.68.080 Conflict of provisions.

This chapter shall take effect and repeal contrary provisions of the National Fire Protection Association Code, Sections 1-7.2 and 1-2.4.2. Any provision of any ordinance of the Metropolitan Government of Nashville and Davidson County inconsistent with any provision of this chapter is repealed. (Prior code § 17-1-39)

10.68.090 Violation and penalty.

Any person, firm, partnership or corporation violating the provisions of this chapter shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding fifty dollars. (Prior code § 17-1-38)

Chapter 10.70

REMOVAL OF DEAD ANIMALS

Sections:

10.70.010	**Removal from public right-of-way.**
10.70.020	**Removal from private property.**
10.70.030	**Delivery to board of health.**
10.70.040	**Joint authority.**

10.70.010 Removal from public right-of-way.

Upon receiving notice of a dead animal being located within the public right-of-way, the department shall as expeditiously as possible, remove said animal for disposal in accordance with the provisions of Section 10.70.030. (Ord. BL2000-500 § 1, 2000)

10.70.020 Removal from private property.

A. Upon receiving notice of a dead animal being located on private property, the department shall attempt to locate the owner of record of such private property. If the owner can be contacted, then the dead animal will be removed as expeditiously as possible by the department for disposal in accordance with the provisions of Section 10.70.030, provided that the authorization and release attached hereto is executed by the owner or his authorized representative.

B. If the owner refuses to execute said authorization and release, then it shall be the responsibility of the owner to remove the dead animal within forty-eight hours of notification from the department to do so; and to cause the animal's remains to be disposed of in an appropriate manner, all at the property owner's expense.

C. If the property owner has not been located and contacted within two business days of the metropolitan government's receipt of notice of the presence of the animal, the department of public works is authorized, subject to the written certification of the director of health pursuant to Section 2.36.020, to enter upon the property upon which the animal is located for the purpose of removing the animal for disposal in accordance with the provisions of Section 10.70.030 hereof. In the absence of such written certification, removal of the dead animal shall be the responsibility of the owner of the property pursuant to subsection B of this section.

D. The failure of a property owner, upon receipt of notice from the department to comply with the provisions of this ordinance either by promptly executing the authorization and release attached hereto, or, in the alternative, complying with the provisions of subsection B of this section, shall be punishable by a penalty not to exceed five hundred dollars, with each day of noncompliance constituting a separate violation. (Ord. BL2000-500 § 2, 2000)

10.70.030 Delivery to board of health.

Dead animals removed by the department of public works pursuant to this ordinance shall be delivered by the department to the board of health's animal control facility for incineration or disposal by other appropriate means. Disposal shall be the responsibility of the board of health. (Ord. BL2000-500 § 3, 2000)

10.70.040 Joint authority.

The director of public works and the director of health acting jointly shall have authority, subject to the approval of the mayor, to implement this chapter by appropriate regulations. (Ord. BL2000-500 § 4, 2000)

Chapter 10.72

HOSPITALS AND PHYSICIANS

Sections:

10.72.010 Police report required when.

10.72.010 Police report required when.

Every healthcare provider who shall render medical or surgical service or be called upon to render service or who attends or treats a case of bullet wound, gunshot wound, powder burn or any other injury arising from or caused by the discharge of a gun, pistol or other firearm or stab or cut, wound or any other traumatic injury inflicted by any other dangerous instrumentality, or, whenever such case is treated in a hospital, sanitarium or other institution, the manager, superintendent or other person in charge shall report such case at once to the chief of detectives at police headquarters, giving the name, address, description and any other information with regard to such person and occurrence. (Ord. BL2023-2125 § 6, 2023; prior code § 21-2-2)

Chapter 10.76

RESERVED*

*Editor's note—Ord. BL2012-261, § 12, adopted Oct. 16, 2012, repealed Ch. 10.76, §§ 10.76.010—10.76.200, which pertained to nursing, convalescent and old age homes and derived from prior Code §§ 28-2-1—28-2-20.

Chapter 10.80

FIRE PROTECTION AND FIREFIGHTING EQUIPMENT

Sections:

10.80.010 **Additional functions and services to include fire protection.**

10.80.020 **Damaging or removing firefighting equipment prohibited.**

10.80.010 Additional functions and services to include fire protection.

The additional functions of the metropolitan government to be performed, and the additional governmental services to be rendered within the urban services district, shall include additional fire protection. (Prior code § 16-2-2)

10.80.020 Damaging or removing firefighting equipment prohibited.

No person shall wilfully or carelessly break, injure, destroy or carry away any fire engine or any of the apparatus or implements belonging thereto, or commonly used by a fire company in preventing or extinguishing fires, or in saving property at the time of fire. Every person aiding or abetting in such offense shall be guilty of a like offense. (Prior code § 16-2-1)

Division III. Neighborhood Revitalization

Chapter 10.86

VACANT PROPERTY REVIEW COMMISSION

Sections:

10.86.010	**Findings and purpose.**
10.86.020	**Definitions.**
10.86.030	**Vacant property review commission.**
10.86.040	**Duties.**
10.86.050	**Eminent domain—Required findings.**
10.86.060	**Municipal officers and employees—Limited financial interests—Nondisclosure is misconduct.**

10.86.010 Findings and purpose.

The metropolitan council does declare that there exists in the area of the Metropolitan Government of Nashville and Davidson County blighted and deteriorated properties and that there is need within metropolitan government for the exercise of powers, functions and duties conferred by Tennessee Code Annotated 13-21-201 et seq. that deal with neighborhood revitalization. (Ord. BL2000-498 §1 (part), 2001; Ord. 97-780 § 1 (part), 1997)

10.86.020 Definitions.

All definition or terms, whenever used or referred to in this chapter shall have the meanings as defined in TCA 13-21-202 unless a different meaning clearly appears from the context. (Ord. 97-780 § 1 (part), 1997)

10.86.030 Vacant property review commission.

The board of commissioners of the metropolitan development and housing agency (MDHA) shall serve as the vacant property review commission and shall certify properties as blighted or deteriorated to the metropolitan council. (Ord. 97-780 § 1 (part), 1997)

10.86.040 Duties.

A. The vacant property review commission may certify to the metropolitan council properties as blighted or deteriorated after the commission has determined that:

1. The owner of the property or designated agent has been sent an order by the metropolitan codes department to eliminate the conditions that are in violation of metropolitan codes or ordinances;

2. The property is vacant;

3. The property is blighted or deteriorated;

4. The vacant property review commission has notified the property owner or designated agent that the property has been determined to be blighted or deteriorated and the time period for correction of such condition has expired and the property owner or agent has failed to comply with the notice; and

5. The metropolitan planning commission has determined that the reuse of the property for residential, commercial, industrial and related use is in keeping with the comprehensive plan.

B. The findings required by subsection A of this section shall be in writing and included in the report to the metropolitan council.

C. The vacant property review commission shall notify the owner of the property or a designated agent that a determination of blight or deterioration has been made and that failure to eliminate the conditions causing the blight shall render the property subject to condemnation by the municipality under this part. Notice shall be mailed to the owner or designated agent by certified mail, return receipt requested. However, if the address of the owner or designated agent is unknown and cannot be ascertained by the commission in the exercise of reasonable diligence, copies of the notice shall be posted in a conspicuous place on the property affected. The written notice sent to the owner or the owner's agent shall describe the conditions that render the property blighted and deteriorated, and shall demand abatement of the conditions within ninety days of the receipt of such notice.

D. An extension of the ninety-day time period may be granted by the vacant property review commission if the owner or designated agent demonstrates that such period is insufficient to correct the conditions cited in the notice. (Ord. BL2000-498 § 1 (part), 2001)

10.86.050 Eminent domain—Required findings.

The metropolitan council may, by resolution, institute eminent domain proceedings pursuant to Tennessee Code Annotated, Title 29, Chapters 16 and 17 (T.C.A. §§ 29-16-101 et seq. and 29-17-101 et seq.), or authorize MDHA to institute eminent domain proceedings pursuant to Tennessee Code Annotated, Title 29, Chapters 16 and 17 (T.C.A. §§ 29-16-101 et seq. and 29-17-101 et seq.), against any property which has been certified as blighted or deteriorated by vacant property review commission if it finds that:

A. Such property has deteriorated to such an extent as to constitute a serious and growing menace to the public health, safety and welfare;

B. Such property is likely to continue to deteriorate unless corrected;

C. The continued deterioration of such property may contribute to the blighting or deterioration of the area immediately surrounding the property; and

D. The owner of such property has failed to correct the deterioration of the property. (Ord. BL2000-498 § 1 (part), 2001)

10.86.060 Municipal officers and employees— Limited financial interests— Nondisclosure is misconduct.

No officer or employee of the metropolitan government, or of the vacant property review commission, who in the course of such officer's or employee's duties is required to participate in the determination of property blight or deterioration or of the issuance of notices on code violations which may lead to a determination of blight or deterioration, shall acquire any personal interest in any property declared to be blighted or deteriorated. If any such officer or employees owns or has financial interest, direct or indirect, in any property certified to be blighted or deteriorated, the officer or employee shall immediately disclose, in writing, such interest to the vacant property review commission and to the metropolitan council, and such disclosure shall be entered in the minutes of the commission and of the metropolitan council. No payment shall be made to any officer or employee for any property or interest therein acquired by the MDHA or the metropolitan government unless the amount of such payment is fixed by court order in eminent domain proceedings, or unless payment is unanimously approved by the legislative body. (Ord. 97-780 § 1 (part), 1997)

11.04.120	**Police radio—Permit required.**
11.04.130	**Police radio—Application—Annual fee.**
11.04.140	**Police radio permits—Not transferable.**
11.04.150	**Answering police radio calls prohibited.**

11.04.010 Aiding police officers.

It shall be the duty of all persons, when called upon by any police officer or any other member of the police department, to promptly aid and assist such officer or member in the discharge of his duties. (Prior code § 34-1-4)

11.04.020 Resisting or interfering with police.

It is unlawful for any person to resist any police officer, any member of the police department or any person duly empowered with police authority, while in the discharge or apparent discharge of his duty, or in any way to interfere with or hinder him in the discharge or apparent discharge of his duty. (Prior code § 34-1-1)

11.04.030 Attempting to escape pursuing officer.

No person shall wilfully fail or refuse to stop, or otherwise flee or attempt to elude a pursuing police officer after being given a lawful order to stop; provided, that the person has reason to believe that the pursuing individual is a police officer; provided, that the police officer's order to stop shall only be considered lawful if the police officer has probable cause to arrest the person, or reasonable suspicion to stop the person for investigation. (Prior code § 34-1-1.1)

11.04.040 Aiding escape of persons in custody.

It is unlawful for any person to offer or endeavor to assist any person in the custody of a police officer, a member of the police department or a person duly empowered with police authority to escape or to attempt to escape from such custody. (Prior code § 34-1-2)

11.04.050 Rescuing persons in custody.

It is unlawful for any person to rescue or to attempt to rescue any person in the custody of a police officer, a member of the police department or a person duly empowered with police authority. (Prior code § 34-1-3)

11.04.060 Impersonating a police officer.

A. It is unlawful for any person falsely to assume to be a police officer or, without authority or right, to assume to exercise police powers.

B. Any person, not an officer, wearing a uniform, badge or insignia similar to that worn by any metropolitan, city, county or state police, shall be prima facie guilty of a violation of this section. (Prior code § 29-1-31)

11.04.070 Interfering with alarm or communication systems.

It is unlawful to interfere with the alarm boxes of the police or fire departments, or with the telephones, telephone or telegraph wires or signal system or apparatus of either of such departments. (Prior code § 29-1-1)

11.04.080 Giving false information—False alarms.

A. It is unlawful for any person knowingly to make to the metropolitan police department any false, misleading or unfounded report, or knowingly to offer any false, misleading or unfounded information of any type whatsoever, for the purpose of interfering with the operation of the metropolitan police department or with the intention of misleading any police officer.

B. It is further unlawful for any person to knowingly activate any electronic device or burglar alarm which falsely indicates the commission of a felony. (Prior code § 29-1-21.1)

11.04.090 False 911 calls.

A. It is unlawful for any person to call the E-911 system of the metropolitan government indicating an emergency when the person knows or should have known there was not an emergency.

B. Any person convicted of violating this section shall be subject to the penalties of Section 1.01.030 of the metropolitan code. (Ord. 95-1329 § 2 (part), 1995; Ord. 89-1029 §§ 1, 2, 1989)

11.04.100 Imitating sirens prohibited.

It is unlawful for any person to use a gong, bell, siren or any other device making a noise similar to that used by the fire engines and police vehicles, which is intended as a warning to the public to give way to the passage of such fire engines or police vehicles in the performance of public duty. (Ord. 90-1339 § 1 (29-5), 1990; prior code § 29-1-23)

11.04.110 High frequency police radio receiving set—Defined.

A high frequency police radio receiving set shall be defined as any radio receiving set capable of receiving any message sent out by any police radio station. (Prior code § 34-2-1)

11.04.120 Police radio—Permit required.

It is unlawful for any person to equip or operate any motor vehicle with a high frequency police radio receiving set unless such motor vehicle is being used by the federal, state or metropolitan government or a peace officer, or unless a permit for the use of the same shall have been granted as provided by this chapter. (Ord. 90-1339 § 1 (34-1), 1990; prior code § 34-2-2)

11.04.130 Police radio—Application—Annual fee.

A. Any person desiring a permit from the mayor to operate a high frequency police radio receiving set in a motor vehicle shall file the application with the mayor in writing, stating the name of the applicant, the license number, engine number, model and make of the motor vehicle in which it is desired to install such set and shall furnish a photograph of the applicant and his fingerprints. The application shall also state the reason why it is desired to install such set.

B. If the mayor finds that the application shows a need for the set, that the set will be used for a lawful purpose and that the public interest will be served by a granting of the application, he shall issue a permit for installation and use of the set upon payment by the applicant for a license fee of one hundred dollars per year. An application shall be filed and a new permit shall be secured for each year a high frequency police radio receiving set is used. (Ord. 90-1339 § 1 (34-2), 1990; prior code § 34-2-3)

11.04.140 Police radio permits—Not transferable.

Any permit issued under the provisions of Section 11.04.130 shall not be transferable to any other person. A high frequency police radio receiving set authorized to be installed and used by any such permit shall not be placed in any motor vehicle other than the one described in the application for the permit without first obtaining a permit from the mayor for the removal of the set to the other motor vehicle. No fee shall be charged for such removal permit. In case of a change in license number of any motor vehicle in which a high frequency police radio receiving set has been permitted under this chapter, the owner of the vehicle shall notify the mayor of such change within five days after the change is made. (Prior code § 34-2-4)

11.04.150 Answering police radio calls prohibited.

It is unlawful for the operator of any motor vehicle, other than metropolitan government officers and police and fire department officers in the line of duty, to follow up and answer police radio calls or in any way interfere with police officers answering such radio police calls. (Prior code § 34-2-5)

Chapter 11.08

OFFENSES AGAINST THE PERSON

Sections:

11.08.010 Assault.

11.08.010 Assault.

A person commits assault who:

A. Intentionally, knowingly or recklessly causes bodily injury to another; or

B. Intentionally or knowingly causes another to reasonably fear imminent bodily injury; or

C. Intentionally or knowingly causes physical contact with another and knows the other will regard the contact as extremely offensive or provocative. (Ord. 90-1339 § 1 (29-1), 1990; prior code § 29-1-2)

Chapter 11.12

OFFENSES AGAINST PUBLIC PEACE

Sections:

11.12.010	**Disorderly conduct.**
11.12.020	**Assembling to commit unlawful acts.**
11.12.030	**False identification.**
11.12.040	**Disguises—Prohibited in public places—Exceptions.**
11.12.050	**Lewd or disruptive behavior on or around school grounds.**
11.12.060	**Disorderly house—Prostitution, gambling and rowdiness prohibited.**
11.12.070	**Excessive noise.**
11.12.080	**Discharging weapons.**
11.12.090	**Aggressive panhandling.**
11.12.100	**Definitions.**
11.12.110	**Prohibited conduct.**
11.12.120	**Penalty.**
11.12.130	**Severability.**

11.12.010 Disorderly conduct.

A. It is unlawful for any person within the area of the metropolitan government to violate any of the following subsections of this section:

1. Any person who shall act in a violent or tumultuous manner toward another whereby any person is placed in fear of safety of his life, limb or health; or

2. Any person who shall act in a violent or tumultuous manner toward another whereby the property of any person is placed in danger of being destroyed or damaged; or

3. Any person who shall disturb the peace of others by conduct or "fighting words" calculated to provoke violence or a violation of law;

4. Any person who shall cause, provoke or engage in any fight, brawl or riotous conduct so as to endanger the life, limb, health or property of another; or

5. Any person who shall frequent any public place with intent to obtain money from other persons by illegal and fraudulent schemes, tricks, artifices or devices; or

6. Any person who shall use "fighting words" directed towards any person who becomes outraged and thus creates a turmoil; or

7. Any person who shall, by acts of violence, interfere with another's pursuit of a lawful occupation; or

8. Any person who shall congregate with another or others in or on any public way so as to halt the flow of vehicular or pedestrian traffic and refuses to clear such public way when ordered by the city police or other lawful authority.

B. Any person who shall violate any subdivision of subsection A may be charged with the offense of "disorderly conduct," and on conviction thereof, may be found guilty of disorderly conduct. (Ord. 90-1339 § 1 (29-3), 1990; prior code § 29-1-15)

11.12.020 Assembling to commit unlawful acts.

It is unlawful for any two or more persons to assemble together in the area of the metropolitan government with an intent to do an unlawful act; or, being assembled, mutually to agree, or act in concert, to do an unlawful act with force or violence against the property of the metropolitan government, or the person or property of another, or against the peace and to the terror of others; or to make any move or preparation therefor; or, being present at such meeting or assembly, to fail to endeavor to prevent the commission of or perpetration of such unlawful act. (Prior code § 29-1-3)

11.12.030 False identification.

It is unlawful for any person in the area of the metropolitan government to offer, use or attempt to offer or use any means, manner, type or kind of paper, document, card, license or any other evidence of the identification of such person for the purpose of making sales or purchases of commodities, cashing checks, making other monetary transactions, to gain admission to any place or for any other purpose whatsoever, where such means, manner, type or kind of identification offered or used or which is attempted to be offered or used is false, fraudulent or incorrect in any manner or way or which misrepresents such person so offering or using the same or who attempts to offer or use the same, or which does not belong to such person, or which is altered, forged, defaced or changed in any respect, except such changes as are required or authorized by law. (Prior code § 29-1-22)

11.12.040 Disguises—Prohibited in public places—Exceptions.

A. For the purposes of this section, the following words and phrases shall have the meanings respectively ascribed to them by this subsection:

1. "Mask" means any mask, device or hood whereby any portion of the face is so hidden or covered as to conceal the identity of the wearer.

2. "Public place" means all walks, alleys, streets, boulevards, avenues, lanes, roads, highways or other ways or thoroughfares dedicated to public use or owned or maintained by public authority; all grounds and buildings owned, leased by, operated or maintained by public authority; all buildings owned, leased or operated for the use of organizations enjoying all tax-exempt privileges as a charitable use.

B. No person, while masked, shall be or appear on or in any public place in the metropolitan government area.

C. The following persons are exempted from the provisions of this section:

1. All children under the age of seventeen;

2. All workers while engaged in work wherein a covering is necessary for physical safety and protection against occupational hazards or because of the nature of the occupation or trade;

3. Persons while wearing traditional holiday costumes;

4. Persons while engaged in theatrical productions or masquerade balls;

5. Persons wearing gas masks in civil defense drills and exercises or emergencies;

6. Persons wearing a mask based on a sincerely held religious belief or practice;

7. Persons wearing a mask covering the nose and mouth that is intended for a legitimate medical purpose, including but not limited to, lowering the risk of transmission of respiratory illness pathogens. (Ord. BL2024-510 § 1, 2024; prior code § 29-1-38)

11.12.050 Lewd or disruptive behavior on or around school grounds.

It is unlawful for any person to loiter, idle, wander, stroll or play in, about or on any public, private or parochial school, college or seminary grounds or buildings, either on foot or in or on any vehicle, without having some lawful business therein or thereabout or in connection with such school or the employees thereof, or for any person to:

A. Annoy, disturb or otherwise prevent the orderly conduct of classes and activities of any such school; or

B. Annoy, disturb, assault or molest any student or employee of any such school, college or seminary while in any such school building or on any school grounds; or

C. Conduct himself in a lewd, wanton or lascivious manner in speech or behavior in or about any such school building or school grounds; or

D. Park or move a vehicle in the immediate vicinity of or on the grounds of any such school, college or seminary for the purpose of annoying or molesting the students or employees thereof, or in an effort to induce, entice or invite students into such vehicles for immoral purposes. (Prior code § 29-1-56)

11.12.060 Disorderly house—Prostitution, gambling and rowdiness prohibited.

A. No person who manages or controls any building, room or enclosure, either as its owner, lessee, agent or employee shall allow or permit prostitution, drunkenness, unlawful sale of alcoholic beverages, gambling, the sale, exhibition or possession of any obscene material or any obscene conduct or entertainment, quarrelling, fighting, rowdiness or loud noise sufficient to constitute a breach of the peace.

B. No person who manages or controls any building, room or enclosure, either as an owner, lessee, agent or employee shall knowingly rent, lease or make available for use, with or without compensation, any building, room or enclosure to any tenant or occupant who unlawfully manufactures, delivers, sells, stores, gives away or uses any regulated legend drug, narcotic, or other controlled substance as defined in Tennessee Code Annotated Section 39-17-402 and Tennessee Code Annotated Section 53-10-101.

1. A person who manages or controls any building, room or enclosure shall have knowingly rented, leased or made available for use, with or without compensation, such building, room or enclosure, to a tenant or occupant who unlawfully manufactures, delivers, sells, stores, gives away or uses a regulated legend drug, narcotic, or other controlled substance if, after receiving written notice from the metropolitan department of police that the occupant or tenant has been engaged in such illegal drug activity, he fails to evict the tenant or occupant from the building, room or enclosure.

2. Upon learning of suspected illegal drug activity involving a tenant or occupant of a building, room or enclosure, the metropolitan department of police shall determine whether such activity is in fact taking place. Once the metropolitan police department determines that a tenant or occupant is in fact manufacturing, delivering, selling, storing, giving away or using regulated legend drugs, narcotics, or other controlled substances and that enforcement of this subsection would not hinder further criminal prosecution, the metropolitan police department shall serve a written notice on the person(s) who manages or controls the property, informing him of the investigation and his responsibility to prohibit illegal drug activity on the property.

3. If requested, the metropolitan police department shall provide the person(s) managing or controlling the property with evidence that his tenant or occupant is illegally manufacturing, delivering, selling, storing, giving

away or using regulated legend drugs, narcotics, or other controlled substances before requiring him to evict the tenant or occupant.

4. The metropolitan police department shall serve the notice on the person who manages or controls the building, room or enclosure that one of his tenants or occupants is engaged in such illegal drug activity by a means of service authorized by Rule 4.04 of the Tennessee Rules of Civil Procedure for service of process.

5. No person shall be charged with a violation of this subsection if such person:

a. Instituted eviction proceedings within thirty days of the receipt of the notice of illegal activities of the tenant; and

b. Has completed the eviction proceedings within forty-five days of commencement of the proceedings; or

c. Cannot complete eviction proceedings within forty-five days by reason of a court-ordered delay in such proceedings. (Ord. BL2000-264 § 1, 2000; Amdt. 1 to Ord. 96-302, 5/21/96; Ord. 96-302 § 2, 1996; Ord. 90-1339 § 1 (29-4), 1990; prior code § 29-1-16)

11.12.070 Excessive noise.

Excessive noise is governed by the provisions of Chapter 9.20 of this Code. (Amdt. 1 to Ord. BL2019-1631 § 3, 2019; Ord. BL2019-1631 §§ 1, 3, 2019; Amdt. 1 to Ord. BL2019-1473 § 1, 2019; Ord. BL2019-1473 § 1, 2019; Ord. BL2013-604 § 1, 2014; Ord. BL2011-65 § 1, 2012; Ord. BL2009-587 § 2, 2010; Ord. BL2008-306 § 2, 2009; Amdt. 1 to Ord. BL2008-259 § 2, 2008; Ord. BL2008-259 §§ 1, 2, 2008; Amdt. 1 to Ord. BL2006-1138 § 1, 2006; Ord. BL2006-1138 § 1, 2006; Ord. 2002-1061 § 1, 2002; Ord. 2001-772 § 1, 2001; Amdts. 1, 2 to Ord. BL2000-378 §§ 1, 2, 2000; Amdt. 1 to Ord. 93-724, 8/3/93; Ord. 93-724 § 1, 1993; Ord. 88-508 § 1, 1988; prior code § 29-1-54)

11.12.080 Discharging weapons.

A. It is unlawful for any person to discharge or fire any firearm within the urban services district of the metropolitan government at any time, and within the general services district of the metropolitan government during the nighttime.

For the purposes of this section, the word "nighttime" means that period of time beginning thirty minutes after dusk and ending thirty minutes prior to sunrise.

B. It shall further be unlawful for any person to fire or discharge any air gun or air pistol, spring gun or spring pistol, or other device or firearm which is calculated or intended to propel or project a bullet, pellet, air or similar projectile, whether propelled by spring, compressed air or gases, explosive or other force-producing means, within the urban services district of the metropolitan government.

C. Notwithstanding any other provisions of this section, nothing in this section is intended to prohibit the discharge or firing of any firearms by anyone:

1. While in the lawful performance of duty as an officer of the law; or

2. Within a legally established shooting range or shooting gallery where precautions have been taken to insure the protection of human life and property; or

3. Lawfully engaged in hunting, as permitted by the state, upon any property located within the urban services district of the metropolitan government; or

4. Legally defending person or property. (Ord. 99-1775 § 1, 1999; Amdt. 1 to Ord. 96-295, 6/4/96; Ord. 96-295 § 1, 1996)

11.12.090 Aggressive panhandling.

A. Definitions.

1. "Panhandling" means any solicitation made in person upon any street, alley, sidewalk, public place or park requesting an immediate donation of money or other thing of value for oneself or another person or entity. The sale of an item for an amount far exceeding its value, under circumstances in which a reasonable person would understand that the purchase is, in substance, a donation, shall be considered panhandling for the purpose of this section. Panhandling shall not include the act of passively standing or sitting, performing music, or singing with a sign or other indication that a donation is being sought but without any vocal request other than a response to an inquiry by another person.

2. "Aggressive panhandling" means:

a. To approach or speak to a person in such a manner as would cause a reasonable person to believe that the person is being threatened with:

(1) Imminent bodily injury; or

(2) The commission of a criminal act upon the person or another person, or upon property in the person's immediate possession;

b. To persist in panhandling after the person solicited has given a negative response;

c. To block, either individually or as part of a group of persons, the passage of a solicited person;

d. To touch a solicited person without the person's consent;

e. To render any service to a motor vehicle, including but not limited to any cleaning, washing, protecting, guarding or repairing of said vehicle or any portion thereof, without the prior consent of the owner, operator or occupant of such vehicle, and thereafter asking, begging or soliciting alms or payment for the performance

of such service, regardless of whether such vehicle is stopped, standing or parked on a public street or upon other public or private property; or

f. To engage in conduct that would reasonably be construed as intended to intimidate, compel or force a solicited person to make a donation.

B. It shall be unlawful for any person to engage in an act of panhandling when either the panhandler or the person being solicited is located in, on, or at any of the following locations:

1. Any bus stop;

2. Any sidewalk cafe;

3. Any area within twenty-five feet (in any direction) of an automatic teller machine (ATM) or entrance to a bank;

4. Any daycare or community education facility, as defined by Section 17.04.060 of the Metropolitan Code;

5. Within ten feet of a point of entry to or exit from any building open to the public, including commercial establishments.

C. It shall be unlawful to engage in the act of panhandling on any day after sunset or before sunrise.

D. It shall be unlawful for any person to engage in an act of aggressive panhandling. (Amdt. 1 to Ord. BL2007-66 § 1, 2008; Ord. BL2007-66 § 1, 2008)

11.12.100 Definitions.

Whenever used in this section, the following words and phrases shall have the meanings indicated, unless the context or subject matter otherwise requires:

A. "Interfere with" shall mean to stop or to restrict a person's freedom of movement, or to stop, obstruct, or prevent, through deceptive means or otherwise.

B. "Person" shall mean an individual, corporation, non-for-profit organization, partnership, association, group, or any other entity.

C. "Premises of a public facility" shall include the driveway, entrance, entryway, or exit of the public facility, the building in which such facility is located, and any parking lot in which the facility has an ownership or leasehold interest.

D. "Public parking lot serving a public facility" shall mean any public parking lot that serves a public facility.

E. "Public facility" shall mean any building, structure, or place, or any portion thereof, owned and operated by a public entity. (Ord. BL2024-511 § 1, 2024)

11.12.110 Prohibited conduct.

It shall be unlawful for any person to do the following:

A. Knowingly physically obstruct or block another person from entering into or exiting from the premises of a public facility, or a public parking lot; or

B. By force or threat of force, or by physically obstructing or blocking, knowingly injure, or interfere with, or attempt to injure or interfere with, another person in order to discourage such person or any other person or persons from entering or exiting a public facility. (Ord. BL2024-511 § 1, 2024)

11.12.120 Penalty.

Any person violating any of these provisions shall be fined not less than fifty dollars. Each violation of this section shall be deemed a separate offense. (Ord. BL2024-511 § 1, 2024)

11.12.130 Severability.

The provisions of this chapter are hereby declared to be severable; and, if any of its sections, provisions, exceptions, sentences, clauses, phrases, or parts be unconstitutional or void, the remainder of this Act shall continue in full force and effect, it being the legislative intent, now hereby declared, that this Act would be passed, even if such unconstitutional or void matter had not been included therein. (Ord. BL2024-511 § 1, 2024)

Chapter 11.16

OFFENSES AGAINST PUBLIC DECENCY

Sections:

11.16.010	**Peeping or spying.**
11.16.020	**Indecent exposure.**
11.16.030	**Prostitution.**
11.16.040	**Lewd conduct in commercial establishments.**
11.16.050	**Controlled substances—Possession of paraphernalia prohibited—Exceptions.**
11.16.060	**Drug related activity—Termination of public housing tenancy.**
11.16.070	**Debtors' names—Use in public announcements prohibited.**
11.16.080	**Spitting in public conveyances.**

11.16.010 Peeping or spying.

It is unlawful for any person in the day or night to prowl or loiter about any dwelling or business house, outhouse or other building for the purpose of spying or peeping therein. (Prior code § 29-1-47)

11.16.020 Indecent exposure.

No person shall openly, lewdly and obscenely expose his person in any street or in view thereof, or in any other place of public resort. (Prior code § 29-1-33)

11.16.030 Prostitution.

A. For the purposes of this section, the following words and phrases shall mean:

1. "Prostitution" means the offering or receiving of the body for sexual intercourse or other sexual activity for hire.

2. "Sexual activity" means any sexual relations including homosexual relations.

B. It is unlawful for any person to:

1. Commit or offer or agree to commit an act of prostitution;

2. Secure or offer to secure another for the purpose of committing an act of prostitution;

3. Loiter in a public place for the purpose of being hired to engage in prostitution or any sexual activity;

4. Transport knowingly any person to any place for the purpose of committing an act of prostitution;

5. Receive or offer or agree to receive knowingly any person into any place or building for the purpose of performing an act of prostitution, or permit knowingly any person to remain in any place or building for any such purpose;

6. Direct or offer or agree to direct any person to any place or building for the purpose of committing an act of prostitution;

7. In any manner aid, abet, suffer, permit or participate in the doing of any of the acts prohibited by this section. (Amdt. 1 to Ord. 90-1230, 6/19/90; Ord. 90-1230 §§ 1, 2, 1990)

11.16.040 Lewd conduct in commercial establishments.

A. It is unlawful for any person in any commercial establishment knowingly to commit the following acts:

1. To expose to public view that portion of the breast which is defined to be the areola, the pubic hair, the cleft of the buttocks, or the genitals, when such exposure is patently offensive within contemporary community standards, has no serious scientific, literary, political or artistic merit, and such conduct appeals to the prurient interest of the average person; or

2. To perform acts of sexual intercourse, masturbation, sodomy, flagellation, or the fondling of the breasts, buttocks or genitals, when such acts are patently offensive within contemporary community standards, have no serious scientific, literary, political or artistic merit, and such conduct appeals to the prurient interest of the average person.

B. It is unlawful for the owner of a commercial establishment, or his agent or employee, knowingly to employ any person or to permit any person in any commercial establishment:

1. To expose to public view that portion of the breast which is defined to be the areola, the pubic hair, the cleft of the buttocks, or the genitals, when such exposure is patently offensive within contemporary community standards, has no serious scientific, literary, political or artistic merit, and such conduct is calculated to appeal to the prurient interest of the viewing audience; or

2. To perform acts of sexual intercourse, masturbation, sodomy, flagellation, or the fondling of the breasts, buttocks or genitals, when such acts are patently offensive within contemporary community standards, have no serious scientific, literary, political or artistic merit, and such conduct is calculated to appeal to the prurient interest of the viewing audience.

C. Definitions.

1. "Areola" means that portion of the breast to include the nipple and the red pigmented area surrounding it.

2. "Commercial establishment" means any club, theater, hotel, motel, tavern, restaurant, or other place where live entertainment is performed before paying customers.

3. "Patently offensive" means that which goes substantially beyond customary levels of explicitness in the portrayal of sexual conduct.

4. "Prurient interest" means a shameful or morbid interest in sex.

D. Nothing contained in this section shall be construed to apply to exhibition, presentation, or performance of any play, ballet, drama, tableau, production or motion picture in any theater, concert hall, museum of fine arts, school, institution of higher learning, or other similar establishment which is primarily devoted to such exhibitions, presentations, shows or performances as a form of expression of opinion, communication, speech, ideas, information, art or drama as differentiated from commercial business promotion or exploitation of the sexual nature of the human body for the purposes of advancing the economic welfare of a commercial enterprise. (Prior code § 29-1-34)

11.16.050 Controlled substances—Possession of paraphernalia prohibited—Exceptions.

A. It is unlawful for any person to, at any time, knowingly have or possess a hypodermic needle, syringe or any other instrument or implement adapted for the use of any controlled substance and having on it any quantity, including trace, of a controlled substance; provided, that the prohibitions contained in this section shall not apply to any possession authorized under Title 53 of the Tennessee Code Annotated, or to a practitioner or a person acting under his direction.

B. A "practitioner" means a physician, dentist, veterinarian, scientific investigator, or other person licensed, registered, or otherwise permitted to distribute, dispense, analyze, conduct research with respect to, or to administer a controlled substance in the course of professional practice or research in this state; or a pharmacy, hospital, or other institution licensed, registered, or otherwise permitted to distribute, dispense, conduct research with respect to, or administer a controlled substance in the course of professional practice or research in this state. (Prior code § 29-1-18)

11.16.060 Drug related activity—Termination of public housing tenancy.

A. For the purposes of this section the term "drug-related criminal activity" means the illegal manufacturing, sale, distribution, use or possession with intent to manufacture, sell, distribute or use of a controlled substance (as defined by the Tennessee Code Annotated).

B. It is unlawful for a public housing tenant or any member of the tenant's household or a guest or other person under the tenant's control to engage in any criminal activity including drug-related activity on or near public housing premises while the tenant is a tenant in public housing. Any such criminal activity shall be lawful cause for termination of tenancy by the metropolitan development and housing agency upon a determination of such activity by appropriate hearing which provides for due process. (Amdt. 2 to Ord. 90-1298, 10/2/90; Amdt. 1 to Ord. 90-1298, 8/7/90; Ord. 90-1298 § 1, 1990)

11.16.070 Debtors' names—Use in public announcements prohibited.

A. It is unlawful for any person to place on exhibit in a public place any advertisement or announcement offering to sell any claims, accounts or judgments against any person where the name of such person is there listed.

B. It is unlawful for the owner or occupant of any lot or building to permit his property to be placarded with any publicly exhibited sign or bulletin offering for sale any claim, account or judgment against any person where the name of such person is there listed. Each day such sign or notice is kept on exhibition shall constitute a separate offense. (Prior code § 29-1-14)

11.16.080 Spitting in public conveyances.

A. It is unlawful for any person to spit upon any part of a public conveyance.

B. [Reserved.] (Ord. BL2012-261 § 13, 2012; prior code § 29-1-57)

Chapter 11.20

FAIR EMPLOYMENT AND HOUSING PRACTICES

Sections:

11.20.010	**Purpose of chapter.**
11.20.020	**Definitions.**
11.20.030	**Discrimination prohibited—By employers.**
11.20.040	**Discrimination prohibited—By employment agencies.**
11.20.050	**Discrimination prohibited—By labor organizations.**
11.20.060	**Discrimination prohibited—Recruitment for training programs.**
11.20.070	**Discrimination prohibited—Employment advertisements.**
11.20.080	**Certain practices not considered discriminatory.**
11.20.090	**Seniority or merit privileges not considered discriminatory.**
11.20.100	**Human relations commission—Powers and duties.**
11.20.110	**Complaints—Filing—Investigation—Hearing.**
11.20.120	**Hearing—Issuance of citations and warrants.**
11.20.130	**Metropolitan government prohibited from discriminating.**

11.20.010 Purpose of chapter.

This chapter is enacted in order to secure for all individuals within the area of the metropolitan government freedom from discrimination because of race, color, religion, national origin, disability or sex in connection with employment and thereby protect their interest and personal dignity. (Amdt. 1 with Ord. 2003-1312 § 1, 2003; prior code § 14A-1-2)

11.20.020 Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Disability" means, with respect to a person: (a) A physical or mental impairment which substantially limits one or more of such person's major life activities; (b) A record of having such impairment; or (c) Being regarded as having an impairment. "Disability" does not include the current illegal use of, or the addiction to, a controlled substance, or the current abuse of alcohol.

"Employee" means an individual employed by an employer.

"Employer" means a person who has twelve or more employees in each of twenty or more calendar weeks in the current or preceding calendar year and an agent of such a person.

"Employment agency" means a person regularly undertaking, with or without compensation, to procure employees for an employer or to procure for employees opportunities to work for an employer, and includes an agent of such person.

"Labor organization" means a labor organization and an agent of such an organization, including an organization of any kind, an agency or employee representation committee, group, association or plan so engaged in which employees participate and which exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours or other terms or conditions of employment, and a conference, general committee, joint or system board or joint council so engaged which is subordinate as a national or international labor organization.

"Review panel" means a group of five members of the metropolitan human relations commission, to be appointed by the chairman of the commission. (Amdt. 1 with Ord. 2003-1312 §§ 1, 2, 2003; prior code § 14A-1-1)

11.20.030 Discrimination prohibited—By employers.

It is an unlawful practice for an employer:

A. To fail or refuse to hire, or to discharge, any individual, or otherwise to discriminate against an individual with respect to compensation, terms or conditions or privileges of employment, because of such individual's race, color, religion, national origin, disability or sex;

B. To limit, segregate or classify his employees in any way which would deprive or tend to deprive an individual of employment opportunities or otherwise adversely affect his status as an employee, because of such individual's race, color, religion, national origin or sex. (Amdt. 1 with Ord. 2003-1312 § 1, 2003; prior code § 14A-1-3)

11.20.040 Discrimination prohibited—By employment agencies.

It is an unlawful practice for an employment agency to fail or refuse to refer for employment, or otherwise to discriminate against, an individual because of his race, color, religion, national origin, disability or sex, or to classify or refer for employment an individual on the basis of his race, color, religion, national origin, disabil-

ity or sex. (Amdt. 1 with Ord. 2003-1312 § 1, 2003; prior code § 14A-1-4)

11.20.050 Discrimination prohibited—By labor organizations.

It is an unlawful practice for a labor organization:

A. To exclude or to expel from its membership, or otherwise to discriminate against, a member or applicant for membership because of his race, color, religion, national origin, disability or sex;

B. To limit, segregate or classify its membership, or classify or fail or refuse to refer for employment an individual, in any way which would deprive or tend to deprive an individual of employment opportunities or would limit such employment opportunities or otherwise adversely affect his status as an employee or as an applicant for employment, because of such individual's race, color, religion, national origin, disability or sex;

C. To cause or attempt to cause an employer to discriminate against an individual in violation of this section. (Amdt. 1 with Ord. 2003-1312 § 1, 2003; prior code § 14A-1-5)

11.20.060 Discrimination prohibited—Recruitment for training programs.

It is an unlawful practice for an employer, labor organization or joint labor-management committee controlling apprenticeship or other training or retraining, including on-the-job training programs, to discriminate against an individual because of his race, color, religion, national origin, disability or sex in recruitment, or admission to, or employment in, any program established to provide apprenticeship or other training. (Amdt. 1 with Ord. 2003-1312 § 1, 2003; prior code § 14A-1-6)

11.20.070 Discrimination prohibited—Employment advertisements.

It is an unlawful practice for an employer, labor organization or employment agency to print or publish or cause to be printed or published a notice or advertisement relating to employment by such an employer or membership in or any classification or referral for employment by the employment agency, indicating any preference, limitation, specification or discrimination, based on race, color, religion, national origin, disability or sex; except, that such a notice or advertisement may indicate a preference, limitation or specification based on religion, national origin, disability or sex when religion, national origin, disability or sex is a bona fide occupational qualification for employment. (Amdt. 1 with Ord. 2003-1312 § 1, 2003; prior code § 14A-1-7)

11.20.080 Certain practices not considered discriminatory.

Notwithstanding any other provisions of this chapter, it is not an unlawful practice for:

A. An employer to hire and employ employees, an employment agency to classify or refer for employment an individual, for a labor organization to classify its membership or to classify or refer for employment an individual, or for an employer, labor organization or joint labor-management committee controlling apprenticeship or other training or retraining programs to admit or employ an individual in any such program, on the basis of his religion, national origin or sex in those certain instances where religion or national origin is a bona fide occupational qualification reasonably necessary to the normal operation of that business or enterprise;

B. A religious corporation, association or society to employ an individual on the basis of his religion to perform work connected with the carrying on by such corporation, association or society of its religious activity;

C. A school, college, university or other educational institution to hire and employ employees of a particular religion if the school, college, university or other educational institution is in whole or substantial part, owned, supported, controlled or managed by a particular religion or by a particular religious corporation, association or society, or if the curriculum of the school, college, university or other educational institution is directed toward the propagation of a particular religion and the choice of employees is calculated by such organization to promote the religious principles for which it is established or maintained. (Prior code § 14A-1-8)

11.20.090 Seniority or merit privileges not considered discriminatory.

Notwithstanding any other provision of this chapter, it is not an unlawful practice for an employer to apply different standards of compensation, of different terms, conditions or privileges of employment pursuant to a bona fide seniority or merit system, or a system which measures earnings by quantity or quality of production or to employees who work in different locations; provided, that such differences shall not be the result of intentional discrimination because of race, color, religion, national origin, disability or sex. (Amdt. 1 with Ord. 2003-1312 § 1, 2003; prior code § 14A-1-9)

11.20.100 Human relations commission—Powers and duties.

In the enforcement of this chapter, the metropolitan human relations commission has the following powers and duties:

A. To meet and exercise its powers at any place within the metropolitan government area;

B. To have the services of attorneys, hearing examiners, clerks and other employees and agents who are metropolitan government employees, except in those cases in which the metropolitan government is a party, and in which case the human relations commission may seek the metropolitan council's approval to engage appropriate counsel;

C. After a complaint has been filed against an employer, to give written notice to the employer and other persons to appear as witnesses with pertinent records. Upon the failure to respond, the conciliation procedure herein may be continued, nevertheless, and, upon sufficient evidence and a finding of a violation of this chapter, the procedure described in Section 11.20.120 may be followed;

D. To file in a court of competent jurisdiction such cases as cannot be resolved by conference, conciliation or persuasion. (Prior code § 14A-1-10)

11.20.110 Complaints—Filing—Investigation—Hearing.

A. An individual claiming to be aggrieved by an unlawful practice or a member of the metropolitan human relations commission may file with the commission a written and sworn complaint stating that an unlawful practice has been committed, setting forth the facts upon which the complaint is based, and setting forth facts sufficient to enable the commission to identify the persons charged (hereinafter the "respondent"). The complaint must be filed within six months after the alleged unlawful practice occurs.

B. The commission shall make a prompt and full investigation of each complaint.

C. If it is determined that there is no probable cause to believe that the respondent has engaged in an unlawful practice, the commission shall issue an order dismissing the complaint.

D. If it is determined, after investigation, that there is probable cause to believe that the respondent has engaged in unlawful practice, the commission shall endeavor to eliminate the alleged unlawful practice by conference, conciliation and persuasion. The terms of a conciliation agreement reached with a respondent may require him to refrain from the commission of unlawful discriminatory practices in the future and make such further provisions as may be agreed upon between the commission or its staff and the respondent. Except for the terms of the conciliation agreement, neither the commission nor any officer, employee, agent or representative thereof shall make public, without the written consent of the complainant and the respondent, information concerning efforts in a particular case to eliminate an unlawful practice by conference, conciliation or persuasion, whether or not there is a determination of probable cause or a conciliation agreement.

E. In any case of failure to eliminate the alleged unlawful practice by means of conference, conciliation or persuasion, the commission shall direct the review panel to hold a private hearing to determine whether or not an unlawful practice has been committed. The review panel shall furnish to the respondent a statement of the charges made in the complaint and a notice of the time and the place of the hearing. The hearing shall be held not less than ten days after furnishing of the statement of charges. The respondent may file an answer, may appeal at the hearing in person or may be represented by an attorney, and shall have the right to examine or to cross-examine witnesses.

F. If the review panel determines that the respondent has not engaged in an unlawful practice, the panel shall report its findings to the metropolitan human relations commission, and the commission shall rule that the complaint is dismissed.

G. If the review panel determines that the respondent has engaged in an unlawful practice, the review panel shall report its findings to the metropolitan human relations commission and the commission, with a quorum present and by a majority vote of those present, may seek relief for the aggrieved person or persons under Section 11.20.120.

H. Testimony taken at the hearing shall be under oath and may be transcribed. The rules of evidence prevailing in courts shall be substantially observed. After the hearing, in its discretion, the commission, upon notice to all parties with the opportunity to be present, may take further evidence or hear argument. (Prior code § 14A-1-11)

11.20.120 Hearing—Issuance of citations and warrants.

A. In the event the respondent fails to make available to the metropolitan human relations commission or its staff or to the review panel, records, documents or testimony relevant to the complaint, and/or in the event the review panel and the metropolitan human relations commission cannot eliminate the alleged, unlawful practice by conference, conciliation and persuasion, the

commission shall cause to be issued a citation requiring the defendant to appear in the metropolitan court on a date set for a hearing.

B. The citation will be sent by certified mail to the principal place of business of the employer alleged to be violating any provision of this chapter, and such notice will be sufficient for the purposes hereof. The form of citation, with sufficient copies, shall be approved by the metropolitan legal department, and shall contain a warrant on one side of the citation form. If the defendant fails to appear on the date as cited, the metropolitan judge may sign and issue a warrant to be served upon the defendant, requiring him to appear before the judge of the metropolitan court for a hearing upon the warrant and for disposition thereof. (Prior code § 14A-1-12)

11.20.130 Metropolitan government prohibited from discriminating.

It is unlawful for the metropolitan government to fail or refuse to hire or promote, or to discharge any individual, because of such individual's race, religion, creed, gender, gender identity, sexual orientation, national origin, color, age, and/or disability. Nothing in this section shall be interpreted to give an employee a right to partner medical insurance or pension benefits. (Amdt. 1 to Ord. BL2009-502, § 1, 2009; Ord. BL2009-502 § 1, 2009)

Chapter 11.22

RESIDENTIAL LANDLORD AND TENANT REGULATIONS

Sections:

11.22.010	**Required notice for increases of residential rent.**
11.22.020	**Required notice for assignment of a residential lease.**
11.22.030	**Required notice for termination of non-renewal of a lease.**
11.22.035	**Required notice for termination of tenancy for purposes of eviction ("Norma Jean Upshaw Act").**
11.22.040	**Conflict with state law.**

11.22.010 Required notice for increases of residential rent.

In the absence of a written rental agreement that requires sixty days or more written notice of an increase in residential rent, a landlord must provide a minimum of ninety days' advance written notice of any increase in the amount of rent charged to a residential tenant.

Any proposed increase shall have no effect on any other term or condition of a written rental agreement. After proper notice has been given, any increase in rent may not become effective prior to the completion of the original lease term.

This provision shall not apply to any housing funded through any programs that are regulated by a division, department, agency, or branch of the federal, state, or metropolitan government.

This provision shall apply to all residential leases entered into on or after July 1, 2020. (Amdt. 1 to Ord. BL2020-149 § 1, 2020; Ord. BL2020-149 § 1, 2020)

11.22.020 Required notice for assignment of a residential lease.

A. If a landlord assigns its rights under a residential lease, the assignee shall within fourteen days after the assignment deliver written notice to the tenant stating: (1) the assignee's name; (2) the address, telephone number, and email address of the tenant's main point of contact, whether that be the assignee or the assignee's agent, if applicable; (3) the address to which any rent payments must be delivered; and (4) if applicable, notice to the best of the assignee's knowledge of any intended termination or non-renewal of the lease.

B. This section shall not apply when a written rental agreement addresses the notice required to be given to the tenant of an assignment of the lease by the landlord. This section will apply only to lease agreements entered into on or after April 1, 2021. (Amdt. 1 to Ord. BL2020-456 § 1, 2020; Ord. BL2020-456 § 1, 2020)

11.22.030 Required notice for termination of non-renewal of a lease.

A. In the absence of a written rental agreement that requires sixty days or more written notice of intent not to renew a lease, a landlord must provide to a tenant written notice of at least sixty days prior to the end of the lease of any intention not to renew the lease.

B. This section shall apply only to leases for a term of one year or greater. (Ord. BL2020-456 § 1, 2020)

11.22.035 Required notice for termination of tenancy for purposes of eviction ("Norma Jean Upshaw Act").

A. As used in this section:

a. "Facility" means a facility that:

i. Provides housing for older persons, as defined in 42 U.S.C. § 3607(b)(2)(C); and

ii. Receives federal financial assistance that subjects it to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. § 794);

b. "New property development" means:

i. Razing a facility to use the real property on which the facility is located for purposes other than to provide housing for older persons, as defined in 42 U.S.C. § 3607(b)(2)(C); or

ii. Renovating a facility in a manner that requires the tenants of the facility to vacate the facility in order to turn the facility into residential housing offered at a market rate; and

c. "Residential tenant" means a residential tenant who has a lease or other agreement to live in a facility and who is fifty-five years of age or older.

B. A landlord shall provide sixty days' notice of termination of tenancy for the purpose of eviction of a residential tenant of a facility if:

a. The tenant has paid the tenant's rent due and is not in arrears on rent payments; and

b. The termination and eviction are to allow for new property development.

C. This section does not abrogate a landlord's right to terminate a tenancy pursuant to other provisions in state law.

D. This section shall apply to agreements entered into, amended, or renewed on or after July 1, 2023. (Ord. BL2023-1886 § 1, 2023)

11.22.040 Conflict with state law.

To the extent any provision in this Title 11, Chapter 22 conflicts with a provision of state law, then state law shall prevail. (Ord. BL2020-456 § 1, 2020)

Chapter 11.24

OFFENSES AGAINST PROPERTY

Sections:

11.24.010 Certain state offenses declared municipal misdemeanors.
11.24.020 Library property—Unauthorized use—Defacement.
11.24.030 Defacing public or private property—Penalty.
11.24.040 Defacing buildings under construction.
11.24.050 Trespassing on enclosed property—Defacing enclosure.
11.24.060 Occupying premises without owner's permission—Defacing improvements.
11.24.070 Placing hazardous or offensive substances in public places.
11.24.080 Placing obstructions on public property for private benefit.
11.24.090 Reserved.
11.24.100 Exhausting steam into public sewer.
11.24.110 Prospecting on metropolitan government property.

11.24.010 Certain state offenses declared municipal misdemeanors.

A. The following state offenses are declared to be municipal misdemeanors, the definition of such offenses to be the same as those contained in the state statutes:

1. Worthless checks (Tennessee Code Annotated Section 39-14-121); and

2. Shoplifting or theft of goods held for sale, of value of five hundred dollars or less (Tennessee Code Annotated Section 39-14-103).

B. When any person is convicted of the commission of any of offenses listed in this section, he shall be punished as provided in Section 1.01.030, or, in the discretion of the metropolitan judge, may be bound over to the criminal court. (Ord. 95-1329 § 2 (part), 1995; Ord. 90-1339 § 1 (29-12), 1990; prior code § 29-1-58)

11.24.020 Library property—Unauthorized use—Defacement.

No person shall take from the public library any book or other periodical or paper, map or document belonging to such library, except in accordance with the rules and regulations thereof, or, having legally borrowed the same, fail to return the same in accordance with the regulations, or write upon or otherwise deface or injure in part or in whole any property belonging to such library. (Prior code § 29-1-35)

11.24.030 Defacing public or private property—Penalty.

A. It is unlawful for any person to:

1. Wilfully damage or deface personal or real property belonging to another person;

2. Damage or deface any public, real or personal property, including but not limited to traffic signs and signals and street markers.

B. In addition to the civil remedies available to persons or governments damaged in violation of this section, the metropolitan court is authorized to enforce this section by imposing a penalty, as provided in Section 1.01.030 and a fee or assessment not exceeding two hundred dollars.

C. The parents or legal guardians of children under the age of twenty-one shall be legally responsible for the conduct of children under their care and charge, and shall be obligated to pay any fine, fee or assessment imposed under this section. (Ord. 95-1329 § 2 (part), 1995; prior code § 29-1-51)

11.24.040 Defacing buildings under construction.

No person shall wantonly injure or deface any new build-in course of construction or any unoccupied building. (Prior code § 29-1-5)

11.24.050 Trespassing on enclosed property—Defacing enclosure.

A. "Enclosed real estate" means real estate that is actually enclosed by a wall or fence or otherwise surrounded by wire, rope or some obstruction however slight clearly evidencing an intent to keep off the same.

B. The owners of lots and parcels of enclosed real estate within the area of the metropolitan government may post the same against trespassers, by a sign or board with notice inscribed thereon to keep off the same, and it shall be unlawful for any person to go upon the real estate so posted without the permission of the owner of such premises.

C. It is unlawful for any person to cut or deface any wall or fence around the premises of any person. (Ord. 90-1339 § 1 (29-13), 1990; prior code § 29-1-63)

11.24.060 Occupying premises without owner's permission—Defacing improvements.

A. It is unlawful for any person to move into or occupy any house, room or apartment in the area of the metropolitan government without the consent of the owner or his authorized agent. Each day of such unlawful occupancy shall be regarded as a separate offense.

B. It is unlawful for any person to destroy, deface or injure any improvements on the property of any other person without the consent of the owner or his authorized agent. (Prior code § 29-1-64)

11.24.070 Placing hazardous or offensive substances in public places.

No person shall take, carry, expose or place in or upon any public place or public building any substance, animal or thing which is or is likely to become a public nuisance, or which shall imperil the life, health or safety of any person who is or may properly be in such public place or building, or which, through the giving off of odors or noises, shall be or become offensive or injuriously affect the comfort and service of persons using such public place or building. (Prior code § 29-1-53)

11.24.080 Placing obstructions on public property for private benefit.

It is unlawful to place or cause to be placed, in any manner, buildings, erections, depositories or other obstructions, with any sort of permanency, for private use, benefit or profit, upon any part or portion of the public grounds of the area of the metropolitan government without permission of the director of public property. (Prior code § 29-1-52)

11.24.090 Reserved.

Editor's note—Ord. BL2012-261, § 14, adopted Oct. 16, 2012, repealed § 11.24.090, which pertained to throwing stones and derived from prior Code § 29-1-61.

11.24.100 Exhausting steam into public sewer.

A. It is unlawful for any person using steam apparatus of any kind to exhaust steam into any sewer owned or controlled the metropolitan government.

B. It is declared to be a nuisance and prejudicial to public health to exhaust steam into any sewer, and any person who now has a steam connection exhausting into any sewer owned or controlled by the metropolitan government shall, within thirty days after written notice from the director of public works, sever and disconnect such connection.

C. On failure to do so, he shall be deemed guilty of a violation of this section. (Prior code § 29-1-59)

11.24.110 Prospecting on metropolitan government property.

A. Definitions. The following terms, when used in this section, shall have the meanings as ascribed herein:

"Artifacts" means all relics, specimens or objects of an historical, prehistorical, archaeological or anthropological nature which may be found above or below the surface of the earth, and which have scientific or historic value as objects of antiquity, as aboriginal relics, or as archaeological specimens.

"Historic site" means any location of historic or prehistoric human activity such as, but not restricted to, mounds, forts, earthworks, burial grounds, structures, villages, mines, caves, shipwrecks, and all locations which are or may be sources of paleontological remains.

"Prospect" means the use of a probe, metal detector, or any other device or tool to search, test, or excavate for artifacts or historic sites.

"Public property" means property that is owned or is under the control of the metropolitan government or any of its departments, agencies, boards, or commissions.

B. No individual shall be allowed to prospect on public property, including the public rights-of-way, without the express written permission of the metropolitan government department, agency, board, or commission having control over such public property. All artifacts found on public property shall immediately be turned over to the metropolitan historical commission.

C. Enforcement and penalties. Any person violating any of the provisions of this section shall be assessed a civil penalty in the amount of fifty dollars. Each incident or separate occurrence of an act that violates this section shall be deemed a separate offense. In addition to the penalties provided herein, persons that are not in conformity with these requirements shall be subject to appropriate injunctive relief by a court of competent jurisdiction. (Ord. BL2011-834 § 3, 2011)

Chapter 11.26

GRAFFITI

Sections:

11.26.010	**Definitions.**
11.26.020	**Graffiti prohibition.**
11.26.030	**Possession of graffiti implements by minors prohibited.**
11.26.040	**Possession of graffiti implements prohibited in designated public places.**
11.26.045	**Sale of graffiti implements to minors prohibited.**
11.26.050	**Parental civil liability.**
11.26.055	**Reward for information leading to arrest and conviction of violator.**
11.26.060	**Penalty.**
11.26.070	**Severability.**

11.26.010 Definitions.

For the purpose of the ordinance codified in this chapter, the words and phrases shall have the following meanings, unless otherwise clearly indicated by the context:

"Aerosol paint container" means any aerosol container which is adapted or made for the purpose of spraying paint or other substance capable of defacing property.

"Felt tip marker" means any indelible marker or similar implement with a tip which, at its broadest width, is greater than one-quarter of an inch, containing ink or other pigmented liquid which is not water soluble.

"Graffiti" means any inscription, word, figure, or design that is marked, etched, scratched, drawn, painted, pasted or otherwise affixed to or, on any surface, regardless of the nature of the material of that structural component, to the extent that same was not authorized in advance by the owners thereof.

"Graffiti implement" means an aerosol paint container, a felt tip marker, or a graffiti stick.

"Graffiti stick" means any device containing a solid form of paint, chalk, wax, epoxy, or other similar substance capable of being applied to a surface by pressure, and upon application, of leaving a mark at least one-quarter of an inch in width and not water-soluble. (Ord. BL2005-635 § 1, 2005; Ord. 94-1236 § 1, 1994)

11.26.020 Graffiti prohibition.

It shall be unlawful for any person to apply graffiti on any public or privately owned structures located on public or privately owned real property located within the area of the metropolitan government. (Ord. 94-1236 § 2, 1994)

11.26.030 Possession of graffiti implements by minors prohibited.

It shall be unlawful for any person under the age of eighteen years to have in his or her possession any graffiti implement while upon public property or upon private property without the consent of the owner of such private property whose consent is given in advance and whose consent shall be given as to the person's presence while in possession of a graffiti implement. The foregoing provision shall not apply to the possession of felt tip markers by minors attending, or traveling to or from a school at which the person is enrolled, if the person is participating in a class at said school which formally requires the possession of felt tip markers. The burden of proof in any prosecution for violation of this section shall be upon the minor student to establish the need to possess a felt tip marker. (Ord. 94-1236 § 3, 1994)

11.26.040 Possession of graffiti implements prohibited in designated public places.

It shall be unlawful for any person to have in his or her possession any graffiti implement while in or upon any public facility, park, playground, swimming pool, recreational facility, or other public building or within one hundred feet of an underpass, bridge abutment, storm drain, or similar types of infrastructure unless otherwise authorized by the metropolitan government. (Ord. 94-1236 § 4, 1994)

11.26.045 Sale of graffiti implements to minors prohibited.

No person or firm shall sell or cause to be sold to any person under the age of eighteen years, and no person under the age of eighteen years shall buy any graffiti implement as defined in Section 11.26.010. Evidence that a person, or his/her employee or agent demanded and was shown bona fide evidence of majority and acted upon such evidence in a transaction or sale shall be a defense to any violation of this section. For purposes of this section, "bona fide evidence of majority" means a document issued by a federal, state, county, or municipal government or agency thereof, including but not limited to, a motor vehicle operator's license, or registration certificate issued under the Federal Selective Service Act, a passport, or an identification card issued to a member of the armed forces which identifies an individual and provides proof of the age of such individual. (Ord. BL2004-259 § 1, 2005)

11.26.050 Parental civil liability.

Any parent or legal guardian who consents to, permits, or otherwise knowingly allows her or his child under the age of eighteen to possess a graffiti implement shall be personally liable for any and all costs to any person incurred in connection with the removal of graffiti caused by said child or by said graffiti implement. (Ord. 94-1236 § 5, 1994)

11.26.055 Reward for information leading to arrest and conviction of violator.

Any person who provides information that leads to the arrest and conviction of a person for violating the provisions of the Metropolitan Code concerning illegal dumping, littering or graffiti shall be paid a reward in an amount of not more than five hundred dollars. A committee composed of the chief of police, the director of finance and the district attorney general, or their designees, shall determine when and if such reward shall be made and further the amount of any such reward. In paying the award, the committee shall consider the amount collected from fines imposed for violations of these Metropolitan Code provisions. The police department shall establish and publicize a telephone reporting system with a dedicated telephone number that will permit anonymous telephone callers to report violations and enable such persons to claim the reward provided herein. (Ord. 96-526 §§ 1, 2, 1996; Ord. 95-1484 § 1, 1995)

11.26.060 Penalty.

All provisions of this chapter shall be governed by the penalties and procedures for general ordinance violations found in Section 1.01.030. (Ord. BL2010-793 § 7, 2010; Ord. 94-1236 § 6, 1994)

11.26.070 Severability.

Should any court of competent jurisdiction declare any section, clause, or provision of the ordinance codified in this chapter to be unconstitutional, such decision shall affect only such section, clause or provision so declared unconstitutional, and shall not affect any other section, clause, or provision of the ordinance. (Ord. 94-1236 § 7, 1994)

Chapter 11.28

OFFENSES BY OR AGAINST MINORS

Sections:

Article I. General Provisions

11.28.010 Minors contributing to the delinquency of others.
11.28.020 Adults contributing to the delinquency of minors.
11.28.030 Assault—Indecent exposure.
11.28.040 Improper advances—Offers to ride in vehicles.
11.28.050 Glue and related substances—Sale and use restrictions.
11.28.070 Abandoning refrigerators in accessible places.
11.28.080 Loitering during school hours.
11.28.120 Location of certain businesses restricted near places frequented by minors.
11.28.130 Admittance to certain movies not permitted—Penalty.
11.28.140 Indecent publications—Sale or exhibition in places frequented by minors.

Article II. Juvenile Curfew

11.28.200 Definitions.
11.28.210 Curfew for juveniles.
11.28.220 Defenses.
11.28.230 Parental responsibility.
11.28.240 Enforcement procedures.
11.28.250 Construction and severability.
11.28.260 Curfew—Continuing evaluation.
11.28.270 Curfew—Notice.

Article I. General Provisions

11.28.010 Minors contributing to the delinquency of others.

No child who has reached his fourteenth birthday shall contribute to or encourage any other child, who is at least two years his junior, whether by aiding or abetting or encouraging the younger child or by participating as a principal with the younger child, in running away from his parents, guardian or other custodian, or in loitering during school hours in violation of the Metropolitan Code, Section 11.28.080 or in committing any lewd or indecent act, or engaging in an act of sexual intercourse in a place of public resort. (Prior code § 29-1-41.4)

11.28.020 Adults contributing to the delinquency of minors.

No adult shall contribute to or encourage the delinquency or unruly behavior of a child, whether by aiding or abetting or encouraging the child in the commission of an act of delinquency or unruly behavior, or by participating as a principal with the child in an act of delinquency or unruly behavior, or by aiding the child in concealing an act of delinquency or unruly behavior following its commission. (Prior code § 29-1-40)

11.28.030 Assault—Indecent exposure.

A. It is unlawful for any person to assault any child under sixteen years of age; or to take indecent and improper liberties with the person of such child; or to entice, allure or persuade any such child into any room, office or any other place for the purpose of taking any immodest, immoral or indecent liberties with such child; or to take or attempt to take any such liberties with the person of such child at any place.

B. It is unlawful to be in the proximity of any child under sixteen years of age in a state of indecent exposure with intent to assault or ravish such child. (Prior code § 29-1-39)

11.28.040 Improper advances—Offers to ride in vehicles.

It is unlawful for any person with intent to make indecent, repulsive or improper advances or proposals to any child under eighteen years of age, to take such child for a ride in a vehicle or to otherwise accompany such child, or attempt to do any of the foregoing. Where any such person, not being related to or known to such child, takes such child for a ride or invites such child for a ride in a vehicle or attempts to accompany such child, there shall be a presumption of an intent to make indecent, repulsive or improper advances or proposals to such child. (Prior code § 29-1-39.1)

11.28.050 Glue and related substances—Sale and use restrictions.

A. Except as otherwise provided in this section, no person shall sell, deliver or give to any individual under the age of twenty-one years any glue or cement commonly known as model airplane glue, plastic cement, household cement, cement or any other similar substance, if such glue or cement contains one or more of the following solvents:

1. Toluol;
2. Hexane;
3. Trichlorethylene;
4. Acetone;

5. Teluene;
6. Ethyl acetate;
7. Methyl ethyl ketone;
8. Trichloroethane;
9. Isopropanol;
10. Methyl isobutyl ketone;
11. Methyl cellosolve acetate;
12. Cyclohexanone.

B. The provisions of subsection A of this section shall not apply where the glue or cement is sold, delivered or given simultaneously with and as part of a kit used for the construction of model airplanes, model boats, model automobiles, model trains or similar models.

C. It is unlawful for any person to be found in a public place under the influence of or in a state of intoxication as the result of inhaling any glue, cement or substance containing one or more of the solvents named in subsection A of this section.

D. 1. Any person other than a minor violating any of the provisions of this section shall be punished as provided in Section 1.01.030. Each act in violation of this section shall constitute a separate offense and shall be punishable as such hereunder.

2. Any minor violating any of the provisions of this section shall be dealt with in accordance with juvenile court law and procedure. (Ord. 95-1329 § 2 (part), 1995; prior code § 29-1-22.1)

11.28.070 Abandoning refrigerators in accessible places.

It is unlawful for any person to place, leave or permit to remain outside of any building or dwelling, or on or in unenclosed porches, areaways or other unenclosed portions of any building or dwelling, or in any accessible place to children, any abandoned, unattended or discarded icebox, refrigerator or any other container, under his control, which has a substantially airtight door or opening designed or intended to be fastened with a snap-lock or other mechanical device which when closed cannot readily be released for opening from the inside of such icebox, refrigerator or other container, unless such person shall first have removed such snap-lock or other mechanical device and the door or other opening which it is designed or intended to secure will open freely at all times, or unless such icebox, refrigerator or other container is firmly or securely nailed or welded shut. (Prior code § 29-1-29)

11.28.080 Loitering during school hours.

A. A child who has not reached his eighteenth birthday, and being subject to the state compulsory attendance law, Tennessee Code Annotated, Section 49-6-3001, shall not loiter, idle, wander or play in or upon the public streets, highways, alleys, parks, or other public places, buildings, businesses, places of amusement and entertainment, vacant lots or other unsupervised places during those hours he is required to be in school under the state compulsory school attendance law. Further, no child shall be taken into custody for violation of this section until an investigation with the proper school officials has been made to determine if the child is required to be in school. If a determination is made that the child is required to be in school, the child may be transported to either the Davidson County Juvenile Detention Center or to a Truancy Center established pursuant to T.C.A. § 49-6-3007(i).

B. A child who has not reached his eighteenth birthday, and being subject to the state compulsory attendance law, Tennessee Code Annotated, Section 49-6-3001, but who is suspended or expelled from school, or is otherwise not in compliance with the compulsory attendance law, shall not loiter, idle, wander or play in or upon the public streets, highways, alleys, parks, or other public places, buildings, businesses, places of amusement and entertainment, vacant lots or other unsupervised places during those hours the child is required to be in school under the state compulsory school attendance law if not for the suspension. Further, no child shall be taken into custody for violation of this section until an investigation with the proper school officials has been made to determine if the child is suspended or expelled and the termination of the suspension or expulsion period. For purposes of this section, "suspended" means a dismissal from attendance at school for any reason by a school official for a period of time not exceeding ten consecutive days; and "expelled" means a removal from attendance at school by a school official for more than ten consecutive days.

C. No parent, guardian or other adult person who has been delegated the care and custody of such child under the age of eighteen, shall knowingly permit such child to violate the provisions of this section. A parent, guardian or other adult person who has been delegated the care or custody of such child found to be in violation of this section shall be punished as provided in Section 1.01.030 of this code. (Ord. Bl2008-246 § 1, 2008; Ord. BL2005-531 § 1, 2005; Ord. 95-1329 § 2 (part), 1995; Ord. 92-413 §§ 1, 2, 1992; Ord. 90-1339 § 1 (part), 1990; prior code § 29-1-41.2)

11.28.120 Location of certain businesses restricted near places frequented by minors.

A. It is unlawful for any individual, firm, corporation, association, partnership, copartnership, or any other organization of any character whatsoever to exhibit,

within six hundred feet of any kindergarten, nursery schools, parks and playgrounds, dwelling for one or two families and places of worship, any motion picture or live performance, admission to which is denied by the exhibitor or prohibited by law to persons under eighteen years of age.

1. The violation of this subsection is declared to be a misdemeanor and any person, firm or corporation, upon being found guilty of such violation shall be fined fifty dollars for each offense.

2. Each separate exhibition of the same motion picture, or each separate occurrence of each live performance in violation of this subsection, shall constitute a separate offense.

3. There shall be excluded from this subsection any establishments under the provision of the beer and liquor ordinances.

B. It is unlawful for any individual, firm, corporation, association, partnership, copartnership, or any other organization of any character whatsoever which operates a business establishment within six hundred feet of any kindergarten, nursery schools, parks and playgrounds, dwelling for one or two families and places of worship to have on its premises coin-operated machines exhibiting still or moving pictures, or where any circular, poster, handbill, newspaper, magazine, picture, record or book is sold, offered for sale, distributed, exhibited or displayed if admission to such establishment, or the sale of any of the above items to persons under eighteen years of age is denied by the operator of the business establishment or prohibited by law.

1. The violation of this subsection of this section shall be declared a misdemeanor and any person, firm or corporation upon being found guilty of such violation shall be fined fifty dollars for each offense.

2. Every day any violation of this subsection of this section shall continue shall constitute a separate offense.

3. There shall be excluded from this subsection any establishments under the provisions of the beer and liquor ordinances.

C. In determining the distance between a kindergarten, nursery schools, parks and playgrounds, dwelling for one or two families and places of worship and a business establishment or place of exhibition for the purposes of this section, the distance shall be measured from the center of the entrance of the kindergarten, nursery schools, parks and playgrounds, dwelling for one or two families and places of worship nearest to the business establishment or place of exhibition in a straight line to the center of the entrance nearest to the kindergarten, nursery schools, parks and playgrounds, dwelling for one or two families and places of worship of such business establishment or place of exhibition. (Ord. BL2017-654 § 9, 2017; prior code § 29-1-41.3)

11.28.130 Admittance to certain movies not permitted—Penalty.

A. It is unlawful for any person to admit minors to any theater open to the general public for which an admission price is charged, to view a motion picture which carries a rating indicating that minors will not be admitted.

B. It is unlawful for any person to admit minors to any theater open to the general public for which an admission price is charged to view a motion picture which carries a rating indicating that minors will not be admitted unless accompanied by a parent or guardian when such minors are not accompanied by a parent or guardian.

C. Violation of this section shall, upon conviction, be punished as provided in Section 1.01.030 of this code. Each separate act of admitting a minor to a theater in violation of this section shall constitute a violation of this section. (Ord. 95-1329 § 2 (part), 1995; prior code § 29-1-41.1)

11.28.140 Indecent publications—Sale or exhibition in places frequented by minors.

A. Every person who shall wilfully engage in the business of selling, lending, giving away, showing, advertising for sale or distributing to any person under the age of eighteen years of age, or has in his possession with intent to engage in the said business or to otherwise offer for sale or commercial distribution to any individual under the age of eighteen years of age, or who shall display at newsstands or any other business establishments frequented by minors under the age of eighteen years of age, or where said minors are or may be invited as a part of the general public any motion picture, live show, or any still picture or photograph or any book, pocket book, pamphlet or magazine, the cover or content of which exploits, is devoted to, or is principally made up of descriptions or depictions of illicit sex or sexual immorality or which is lewd, lascivious or indecent, or which consists of pictures of nude or partially denuded figures posed or presented in a manner to provoke or arouse lust or passion or to exploit sex, lust or perversion for commercial gain or any article or instrument of indecent or immoral use shall, upon conviction, be punished by a fine of not more than five hundred dollars.

B. For the purposes of this section:

1. "Description or depictions of illicit sex or sexual immorality" means:

a. Human genitals in a state of sexual stimulation or arousal;

b. Acts of human masturbation, sexual intercourse or sodomy;

c. Fondling or other erotic touching of human genitals, pubic region, buttock or female breast.

2. "Nude or partially denuded figures" means:

a. Less than completely and opaquely covered:

i. Human genitals,

ii. Pubic regions,

iii. Buttock, and

iv. Female breast below a point immediately above the top of the areola;

b. Human male genitals in a discernibly turgid state, even if completely and opaquely covered.

3. "Knowingly" means having knowledge of the character and content of the publication or failure on notice to exercise reasonable inspection which would disclose the content and character of the same. (Ord. 95-1329 § 7, 1995; prior code § 29-1-41.5)

Article II. Juvenile Curfew

11.28.200 Definitions.

For the purposes of the article the following terms, phrases, words and their derivations shall have the meaning given herein. When not inconsistent with the context, words used in the present tense include the future, words in the plural number include the singular and words in the singular number include the plural. The word "shall" is always mandatory and not merely directory.

"Chief of police" means the chief of police of the metropolitan government.

"Emergency" means an unforeseen combination of circumstances or the resulting state that calls for immediate action. The term includes, but is not limited to, a fire, natural disaster, or automobile accident, or any situation requiring immediate action to prevent serious bodily injury or loss of life.

"Juvenile" or "minor" is any unemancipated person under the age of eighteen or, in equivalent phrasing often herein employed, any person seventeen or less years of age.

"Parent" is any person having legal or physical custody of a juvenile (i) as a natural or adoptive parent, (ii) as a legal guardian, or (iii) as a person to whom legal or physical custody has been given by court order.

"Public place" means any place to which the public or a substantial group of the public has access and includes, but is not limited to, streets, common areas of schools, shopping centers, parking lots, parks, playgrounds, transportation facilities, theaters, restaurants, shops, bowling alleys, taverns, cafes, arcades, and similar areas that are open to the use of the public.

"Private place" means any place which is privately owned and includes, but is not limited to, buildings, motels, apartment complexes, trailer parks, railroad property, private schools, real property, and other similar areas that are not open to the public.

"Street" is a type of public space, way or place, of whatever nature, open to the use of the public as a matter of right for purposes of vehicular travel or in the case of a sidewalk thereof for pedestrian travel. Street includes that legal right of way including but not limited to the cartway of traffic lanes, the curb, the sidewalks whether paved or unpaved, and any grass plots or other grounds found within the legal right of way of a street. (Ord. BL2011-869 § 1, 2011)

11.28.210 Curfew for juveniles.

It shall be unlawful for any person seventeen years of age or less [under eighteen] to be or remain in or upon a public place, or a private place without consent of the property owner, leasee or a person of apparent authority acting on behalf of the leasee or owner, in Davidson County during the period ending at 5:00 a.m. and beginning:

A. At 11:00 p.m. Sunday through Thursday and 12:00 midnight Friday and Saturday between September 1st and May 31st, and

B. At 12:00 midnight between June 1st and August 31st. (Ord. BL2011-869 § 1, 2011)

11.28.220 Defenses.

The following shall constitute defenses to violations charged under this article:

This article shall not apply:

A. When a juvenile is accompanied by a parent of the juvenile.

B. When a juvenile is accompanied by an adult authorized by a parent of the juvenile to take the parent's place in accompanying the juvenile for a designated period of time and purpose within a specified area.

C. When the juvenile is on an errand as directed by the parent until the hour of 12:30 a.m.

---

*__Editor's note—__Ord. BL2011-869, § 1, adopted May 17, 2011, repealed the former Art. II, §§ 11.28.200—11.28.280, and enacted a new Art. II as set out herein. The former Art. II pertained to similar subject matter and derived from Ord. BL99-1, § 1(part), adopted 1999; Resolution No. RS2005-689, § 1, adopted Feb. 15, 2005.

D. When a juvenile is exercising First Amendment rights protected by the United States Constitution, such as the free exercise of religion, freedom of speech, and the right of assembly. Such activity shall constitute an exception to this chapter when prior to such activity a written notice of the date, time, and place of the activity, signed by the juvenile and, if practicable, a parent of the juvenile, together with the name and address of the juvenile, has been received by the Chief of Police or a person designated by him to receive such information.

E. Until the hour of 12:30 a.m. if the juvenile is on the property of or the sidewalk directly adjacent to the place where such juvenile resides or a place immediately adjacent to the juveniles' residence if the owner of the adjacent property has given consent.

F. When a juvenile is attending, or traveling directly to or from home without detour or stop, from an official activity supervised by adults and sponsored by the Metropolitan Government, a religious or civic organization, or another similar adult supervised entity that takes responsibility for the juvenile.

G. In the case of reasonable necessity, but only after the juvenile's parent has communicated to law enforcement personnel the facts establishing the reasonable necessity, as well as the origin, destination and route of travel, the time of travel, and the place of the activity. Proof of the communication, including a notation of the time it was received by law enforcement, names and addresses of the parent and juvenile, and the police personnel notified, constitute evidence of qualification under this exception. This may be handled by telephone or other effective communication.

H. While the juvenile is engaged in legal employment and for the period from forty-five minutes before to forty-five minutes after work, while going directly between the juvenile's home and place of employment. The juvenile must be carrying written evidence of employment which is issued by the employer;

I. When the juvenile is engaged in normal interstate travel with parental consent. (Ord. BL2011-869 § 1, 2011)

11.28.230 Parental responsibility.

A. It shall be unlawful for a parent of a juvenile to permit, either knowingly or negligently, the juvenile to remain in or on any public place, or private place without consent of the property owner, in Davidson County under circumstances not constituting an exception listed in Section 11.28.220 herein. The term "knowingly" includes knowledge that a parent should reasonably be expected to have concerning the whereabouts of a juvenile in that parent's legal custody. This requirement is intended to hold a neglectful or careless parent up to a reasonable community standard of parental responsibility through an objective test. It shall, therefore, be no defense that a parent was completely indifferent to the activities or conduct or whereabouts of such juvenile.

B. If a juvenile satisfies an exception under Section 11.28.220, the juvenile's parent may not be prosecuted under this parental responsibility section. (Ord. BL2011-869 § 1, 2011)

11.28.240 Enforcement procedures.

A. When any juvenile is in violation of this article, the apprehending officer shall take action in one of the following ways:

1. In the case of a first violation and if in the opinion of the officer such action would be effective, take the juvenile to the juvenile's home and warn and counsel with the parent(s);

2. Issue a juvenile citation;

3. Bring the child into the custody of the juvenile court, which in addition to any other disposition provided by law, may assess a penalty; or

4. Issue a citation to the parent for violation of Section 11.28.230, Parental Responsibility.

B. The Juvenile Court may, as part of the disposition of the case, assess a penalty against the juvenile for each violation of this article. In addition to or in lieu of a penalty the Juvenile Court may require the juvenile to perform community service.

C. Pursuant to Chapter 191, Public Acts of 1995, the juvenile court may assess a penalty in an amount not to exceed fifty dollars against a parent violating the provisions of this article. Each violation of this article shall constitute a separate offense. (Ord. BL2011-869 § 1, 2011)

11.28.250 Construction and severability.

Severability is intended throughout and within the provisions of the article. If any provision, including any exception, part, phrase, or term, or the application thereof to any person or circumstances is held invalid, the application to other persons or circumstances shall not be affected thereby and the validity of the article or the other parts thereof shall not be affected thereby in any and all respects. (Ord. BL2011-869 § 1, 2011)

11.28.260 Curfew—Continuing evaluation.

The office of the mayor shall periodically review statistics related to the enforcement of this article, including, but not limited to, the manner in which violations are handled under the provisions of Section 11.28.240 above. The chief of police shall maintain such information in a manner in which it may be produced

within a reasonable time upon request. (Ord. BL2011-869 § 1, 2011)

11.28.270 Curfew—Notice.

Adequate notice of the existence of Sections 11.28.200 through 11.28.270 and of the curfew established by them shall be given periodically. (Ord. BL2011-869 § 1, 2011)

Chapter 11.32

MISCELLANEOUS OFFENSES

Sections:

11.32.010	**Nonsubscription newspapers—Discontinuance of delivery required when.**
11.32.020	**Wells, cisterns and shafts—Covering required.**
11.32.030	**Possession of marijuana in certain amounts.**

11.32.010 Nonsubscription newspapers—Discontinuance of delivery required when.

A. Any distributor of nonsubscription newspapers, handbills, or similar materials, regardless of content, that are periodically delivered by depositing the newspapers, handbills, or similar materials upon the property of another, within the area of the metropolitan government, and that are not delivered by the United States Postal Service, shall stop such delivery within ten days after receiving written notice, sent by U.S. Mail, from an occupant of the premises to which delivery is being made requesting that delivery be stopped. For the purposes of this section, periodic delivery shall mean delivery two or more times a month for two or more consecutive months.

B. Any person, partnership or corporation who is found to have violated this section shall be fined fifty dollars. Each delivery in violation of this section shall be considered a separate offense. (Amdt. 1 to Ord. 89-748, 5/16/89; Ord. 89-748 § 1, 1989; prior code § 29-1-68)

11.32.020 Wells, cisterns and shafts—Covering required.

A. The owners, lessees or occupants of real property or residences in the area of the metropolitan government, where there is a well, cistern or shaft located on such property or any portion thereof, shall keep the openings to such wells, cisterns or shafts securely covered so that no small child or person can fall into the opening thereof.

B. It is unlawful for any owner, lessee or occupant of such real property or residences where a well, cistern or shaft located thereon to fail to securely cover the opening to such well, cistern or shaft. (Prior code § 29-1-66)

11.32.030 Possession of marijuana in certain amounts.

A. It is an offense for a person to knowingly possess a small amount of marijuana not in excess of one-half ounce (14.175 grams).

B. A police officer shall have the authority to issue a civil citation to persons found in violation of this section. The amount of the civil penalty shall be fifty dollars for each violation. The court may, in its discretion, suspend the civil penalty imposed under this subsection if the person found liable agrees to and does in fact perform such community service as the court deems appropriate, up to ten hours. (Ord. BL2016-378 § 1, 2016)

11.36.120	**Disposition of confiscated weapons.**

11.36.010 Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Crime of violence" means and includes murder; manslaughter; rape; mayhem; kidnapping; burglary; housebreaking; assault with intent to kill, commit rape or rob; assault with a dangerous weapon; or assault with intent to commit any offense punishable by imprisonment.

"Firearm" means any weapon by whatever name known, which is designed to expel a projectile by the action of expanding gases.

"Fugitive from justice" means any person who has fled or is fleeing from any law enforcement officer to avoid prosecution or incarceration for a crime of violence or to avoid giving testimony in any criminal proceeding.

"Manufacturer" or "dealer" means any person engaged in the business of manufacturing, repairing or selling firearms at wholesale or retail, or of accepting or pledging firearms as security for loans.

"Pistol" means any firearm with a barrel less than twelve inches in length. (Ord. 90-1339 § 1 (41-1), 1990; prior code § 41-2-1)

11.36.020 Manufacturer's or dealer's license—Application—Fee—Revocation.

A. Application for a firearms manufacturer's or dealer's license shall be made to the metropolitan collections officer on forms prescribed and furnished by him. The application shall indicate the business name of the applicant, the business address, the name and home address of the proprietor or proprietors (if a partnership) or of the president and secretary (if a corporation) and such other pertinent information as may be required by the metropolitan collections officer. The application may be filed in person or by United States mail. It shall be accompanied by the license fee. The metropolitan collections officer, by and with the advice and consent of the chief of police, having assured himself that the applicant is of good repute shall, within ten days of the date of receipt of the application, issue the license required by this chapter. Such license shall be valid until revoked; except, that a new application shall be filed whenever there is a change in the business address or proprietorship of the licensee.

B. The license fee shall be five dollars.

C. Should the metropolitan collections officer determine that the applicant is not a suitable person to be licensed under the provisions of this chapter, the applicant shall be so notified in writing within ten days of the date of receipt of the application by the metropolitan collections officer, and the license shall be refused.

D. Any person aggrieved by the refusal of a license may appeal by certiorari to the circuit court. After examination of the evidence presented by the metropolitan collections officer and hearing the applicant, the court shall, in its discretion, direct that the license be issued or refused.

E. Whenever any licensee under this section is convicted of a violation of any of the provisions of this chapter, it shall be the duty of the clerk of the metropolitan court to notify the metropolitan collections officer within forty-eight hours after such conviction, and the metropolitan collections officer shall suspend or revoke such license; provided, that in the case of an appeal from such conviction, the metropolitan collections officer shall permit the licensee to continue business until notified by the clerk of the court of last appeal to the final disposition of the case.

F. Any license revoked for a violation of this chapter, as provided in subsection E of this section, shall not be renewed within five years of the date of revocation. (Prior code § 41-2-6)

11.36.030 Dealer's records.

A true record shall be made by each licensed manufacturer or dealer in firearms within the urban services district, on the form prescribed by the chief of police, of each firearm sold, pledged as security for a loan, transferred or otherwise disposed of at wholesale or retail. This record shall contain the date of sale or the dates of pledge and redemption for a loan, the caliber, make, model and manufacturer's number of the firearm and the name and address of the purchaser or person depositing the firearm as security for a loan. Such record shall be retained by the manufacturer or dealer for a period of not less than three years following the date of such sale. (Prior code § 41-2-7)

11.36.040 Pistol sales—Notice to police—Delivery requirements.

Each licensed manufacturer or dealer shall transmit to the chief of police, by United States mail, within twenty-four hours, a notification of all sales of pistols made at retail, giving the information required by Section 11.36.030. When delivered, all pistols shall be securely wrapped and shall be unloaded. (Prior code § 41-2-8)

11.36.050 False information—Dealer's license—Purchasing records.

A. No person shall, in applying for a license as a manufacturer or dealer, give false information or offer false evidence of his identity.

B. No person shall give false information concerning his name and address or offer false evidence of his identity when purchasing a firearm. (Prior code § 41-2-10)

11.36.060 Sale prohibited to certain persons.

It is unlawful for any person to sell, lease, lend or otherwise transfer a firearm within the urban services district to any person whom he knows or has reasonable cause to believe has been convicted of a crime of violence or who is a fugitive from justice or who is of unsound mind or who is a drug addict or an habitual drunkard. (Ord. 90-1339 § 1 (41-2), 1990; prior code § 41-2-2)

11.36.070 Possession prohibited by certain persons.

It is unlawful for any person who has been convicted of a crime of violence in any court of the United States, the several states, territories, possessions or the District of Columbia, or who is a fugitive from justice, or is of unsound mind or is a drug addict or an habitual drunkard, to possess a firearm within the urban services district. (Ord. 90-1339 § 1 (41-3), 1990; prior code § 41-2-3)

11.36.080 Sale to minors prohibited.

No person shall sell, lease or transfer a pistol, except when the relation of parent and child or guardian and ward exists, to any person under the age of twenty-one years. (Prior code § 41-2-9)

11.36.090 Removal or alteration of manufacturer's identification number.

It is unlawful for any person to obliterate, remove, change or alter the manufacturer's identification mark or number on any pistol. Whenever, in a trial for a violation of this section, the defendant is shown to have or have had possession of any such pistol, such fact shall be presumptive evidence that the defendant obliterated, removed, changed or altered the manufacturer's identification mark or number, unless the defendant can produce a bill of sale indicating that the pistol was legally purchased and that the manufacturer's identification mark or serial number was obliterated or defaced at the time of purchase. (Prior code § 41-2-5)

11.36.100 Stolen firearms.

It is unlawful within the urban services district for any person to receive, conceal, store, barter, sell, lease, lend or otherwise transfer, or to pledge or accept as security for a loan, any firearm, knowing or having reasonable cause to believe the same to have been stolen. (Prior code § 41-2-4)

11.36.110 Carrying certain weapons prohibited—Exceptions.

A. It is unlawful for any person within the urban services district, to carry, publicly or privately, any dirk, razor concealed about his person, sword cane, loaded cane, slung-shot or brass knucks, Spanish stiletto, belt or pocket pistol, revolver or any kind of pistol, except the army or navy pistol usually used in warfare, which shall be carried openly.

B. It shall be the duty of every police officer who sees any person with or knows of any person carrying the weapons named in this section to immediately arrest every such person.

C. The provisions of this section relating to carrying of deadly weapons do not extend to police or other officers or persons who are entitled by law to carry such deadly weapons, nor do they extend to the act of handling or moving such deadly weapons in any ordinary business way. (Prior code § 41-2-11)

11.36.120 Disposition of confiscated weapons.

All pistols, knives and other weapons, the carrying of which is unlawful, which may be found upon any persons

arrested by the police, shall be seized by the chief of police and shall be turned over to the clerk of the metropolitan court, and disposed of by order of the metropolitan judge as required by law, and shall in no case be returned to the individual from whom the same were taken, or to anyone claiming the same. (Prior code § 41-2-12)

12.04.005 Definitions and interpretation of language.

The following words and phrases, when used in this title shall, for the purpose of this title, have the meanings respectively ascribed to them in this chapter, except

when the context otherwise requires. (Prior code § 27-1-1 (part))

12.04.010 Alley.

"Alley" means a street or highway intended to provide access to the rear or side of lots or buildings in urban districts and not intended for the purpose of through vehicular traffic. (Prior code § 27-1-1 (part))

12.04.015 Arterial street.

"Arterial street" means a street designated as either an "arterial-boulevard" or an "arterial-parkway" on the Major and Collector Street Plan adopted by the Metropolitan Planning Commission. (Ord. BL2017-659 § 1, 2017; prior code § 27-1-1 (part))

12.04.020 Authorized emergency vehicle.

"Authorized emergency vehicle" means such fire department vehicles, police vehicles and ambulances as are publicly owned, and such other publicly or privately owned vehicles as are designated by the chief of police and/or traffic and parking commission. (Prior code § 27-1-1 (part))

12.04.025 Bicycle.

"Bicycle" means any vehicle upon which a person may ride which is propelled exclusively or in part by human power using pedals and having two or more wheels. (Ord. 99-1815 § 13, 1999)

12.04.030 Bus.

"Bus" means every motor vehicle designed for carrying more than ten passengers and used for the transportation of persons, and every motor vehicle, other than a taxicab, designed and used for the transportation of persons for compensation. (Prior code § 27-1-1 (part))

12.04.035 Business district.

"Business district", as defined in Tenn. Code Ann. § 55-8-101(9), means the territory contiguous to and including a highway when, within any six hundred feet along the highway, there are buildings in use for business or industrial purposes, including, but not limited to, hotels, banks, or office buildings, railroad stations and public buildings that occupy at least three hundred feet of frontage on one side or three hundred feet collectively on both sides of the highway. (Ord. BL2018-1203 § 3, 2018; prior Code § 27-1-1 (part))

12.04.040 Cancellation of driver's license.

"Cancellation of driver's license" means the annulment or termination by formal action of the Tennessee Department of Motor Vehicles of a person's driver's license because of some error or defect in the license or because the licensee is no longer entitled to such license, but the cancellation of a license is without prejudice, and application for a new license may be made at any time after such cancellation. (Prior code § 27-1-1 (part))

12.04.045 Controlled-access highway.

"Controlled-access highway" means every highway, street or roadway in respect to which owners or occupants of abutting lands, and other persons, have no legal right of access to or from the same except at such points only and in such manner as may be determined by the public authority having jurisdiction over such highway, street or roadway. (Prior code § 27-1-1 (part))

12.04.050 Crosswalk.

"Crosswalk" means:

A. That part of a roadway at an intersection included within the connections of the lateral lines of the sidewalks on opposite sides of the highway, measured from the curbs or, in the absence of curbs, from the edges of the traversable roadway;

B. Any portion of a roadway, at an intersection or elsewhere, distinctly indicated for pedestrian crossing by lines or other markings on the surface. (Prior code § 27-1-1 (part))

12.04.055 Curb.

"Curb" means the lateral boundary of that portion of the street designated for the use of vehicles, whether marked with a curbstone or not. (Prior code § 27-1-1 (part))

12.04.060 Dealer.

"Dealer" means every person in the business of buying, selling or exchanging vehicles. (Prior code § 27-1-1 (part))

12.04.065 Divided highway.

"Divided highway" means a highway divided into two or more roadways by leaving an intervening space or by a physical barrier, or by a clearly indicated dividing section so constructed as to impede vehicular traffic. (Prior code § 27-1-1 (part))

12.04.070 Driveaway-towaway operation.

"Driveaway-towaway operation" means any operation in which any motor vehicle, trailer or semi-trailer, singly or in combination, new or used, constitutes the commodity being transported, when one set or more of wheels of any such vehicle are on the roadway during the course of transportation, whether or not any such

vehicle furnishes the motive power. (Prior code § 27-1-1 (part))

12.04.075 Driver.

"Driver" means every person who drives or is in actual physical control of a vehicle. (Prior code § 27-1-1 (part))

12.04.080 Driver's license.

"Driver's license" means any license to operate a motor vehicle, issued under the laws of the State of Tennessee. (Prior code § 27-1-1 (part))

12.04.085 Essential parts.

"Essential parts" means all integral and body parts of vehicle of a type required to be registered hereunder, the removal, alteration or substitution of which would tend to conceal the identity of the vehicle or substantially alter its appearance, model, type or mode of operation. (Prior code § 27-1-1 (part))

12.04.090 Established place of business.

"Established place of business" means the place actually occupied either continuously or at regular periods by a dealer or manufacturer where his books and records are kept and a large share of his business is transacted. (Prior code § 27-1-1 (part))

12.04.095 Explosives.

"Explosives" means any chemical compound or mechanical mixture that is commonly used or intended for the purpose of producing an explosion and which contains any oxidizing and combustive units or other ingredients in such proportions, quantities or packing that an ignition by fire, by friction, by concussion, by percussion or by detonator of any part of the compound or mixture may cause such a sudden generation of highly heated gases that the resultant gaseous pressures are capable of producing destructive effects on contiguous objects or of destroying life or limb. (Prior code § 27-1-1 (part))

12.04.100 Farm tractor.

"Farm tractor" means every motor vehicle designed and used primarily as a farm implement, for drawing plows, mowing machines and other implements of husbandry. (Prior code § 27-1-1 (part))

12.04.105 Flammable liquid.

"Flammable liquid" means any liquid which has a flash point of seventy degrees Fahrenheit, or less as determined by a tagliabue or equivalent closed-cup test device. (Prior code § 27-1-1 (part))

12.04.110 Freight curb loading zone.

"Freight curb loading zone" means a space adjacent to a curb for the exclusive use of vehicles during the loading or unloading of freight. (Prior code § 27-1-1 (part))

12.04.115 Gross weight.

"Gross weight" means the weight of a vehicle without load, plus the weight of any load thereon. (Prior code § 27-1-1 (part))

12.04.120 Highway.

"Highway" means the entire width between the boundary lines of every way publicly maintained when any part thereof is open to the use of the public for purposes of vehicular travel. (Prior code § 27-1-1 (part))

12.04.125 House trailer.

"House trailer" means:

A. A trailer or semi-trailer which is designed, constructed and equipped as a dwelling place, living abode or sleeping place, either permanently or temporarily, and is equipped for use as a conveyance on streets and highways; or

B. A trailer or a semi-trailer whose chassis and exterior shell is designed and constructed for use as a house trailer, as defined in subsection A of this section, but which is used instead permanently or temporarily for the advertising, sales, display or promotion of merchandise or services, or for any other commercial purpose, except for the transportation of property for hire or the transportation of property for distribution by a private carrier. (Prior code § 27-1-1 (part))

12.04.130 Identifying number.

"Identifying number" means the numbers, and letters, if any, on a vehicle designated by the State of Tennessee for the purpose of identifying the vehicle. (Prior code § 27-1-1 (part))

12.04.135 Implement of husbandry.

"Implement of husbandry" means every vehicle designed or adapted and used exclusively for agricultural operations and only incidentally operated or moved upon the highways. (Prior code § 27-1-1 (part))

12.04.137 In-line skates.

"In-line skates" means manufactured or assembled devices consisting of a boot or upper portion attached to the foot, a frame holding two or more wheels aligned longitudinally. (Ord. 98-1352 § 3 (part), 1998)

12.04.140 Intersection.

"Intersection" means:

A. The area embraced within the prolongation or connection of the lateral curblines or, if none, then the lateral boundary lines of the roadways of two highways which join one another at, or approximately at, right angles, or the area within which vehicles traveling upon different highways joining at any other angle may come in conflict.

B. Where a highway includes two roadways thirty feet or more apart, then every crossing of each roadway of such divided highway by an intersecting highway shall be regarded as a separate intersection. In the event such intersecting highway also includes two roadways thirty feet or more apart, then every crossing of two roadways of such highways shall be regarded as a separate intersection.

C. The junction of an alley with a street or highway shall not constitute an intersection. (Prior code § 27-1-1 (part))

12.04.145 Laned roadway.

"Laned roadway" means a roadway which is divided into two or more clearly marked lanes for vehicular traffic. (Prior code § 27-1-1 (part))

12.04.150 License or license to operate a motor vehicle.

"License or license to operate a motor vehicle" means any driver's license or any other license or permit to operate a motor vehicle issued under, or granted by, the laws of this state including:

A. Any temporary license or instruction permit;

B. The privilege of any person to drive a motor vehicle whether or not such person holds a valid license;

C. Any nonresident's operating privilege as defined herein. (Prior code § 27-1-1 (part))

12.04.155 Lienholder.

"Lienholder" means a person holding a security interest in a vehicle. (Prior code § 27-1-1 (part))

12.04.160 Mail.

"Mail" means to deposit in the United States mail properly addressed and with postage prepaid. (Prior code § 27-1-1 (part))

12.04.165 Manufacturer.

"Manufacturer" means every person engaged in the business of constructing or assembling vehicles of a type required to be registered hereunder at an established place of business in this state. (Prior code § 27-1-1 (part))

12.04.170 Metal tire.

"Metal tire" means every tire, the surface of which in contact with the highway is wholly or partly of metal or other hard, nonresilient material. (Prior code § 27-1-1 (part))

12.04.175 Motorcycle.

"Motorcycle" means every motor vehicle having a seat or saddle for the use of the rider and designed to travel on not more than three wheels in contact with the ground, but excluding a tractor. (Prior code § 27-1-1 (part))

12.04.180 Motor-driven cycle.

"Motor-driven cycle" means every motorcycle, including every motor scooter, with a motor which produces not to exceed five brake horsepower, and every bicycle with motor attached. (Prior code § 27-1-1 (part))

12.04.185 Motor home.

"Motor home" means every motor vehicle designed, used or maintained primarily as a mobile dwelling, office or commercial space. (Prior code § 27-1-1 (part))

12.04.190 Motor vehicle.

"Motor vehicle" means every vehicle which is self-propelled, and every vehicle which is propelled by electric power obtained from overhead trolley wires, but not operated upon rails. (Prior code § 27-1-1 (part))

12.04.193 Motorized scooter.

"Motorized scooter" means a device with a front set and rear set of wheels with a footboard between, steered by a handlebar, and is propelled with aid of a motor or other non-manual propulsion device. (Ord. BL2018-1203 § 1, 2018)

12.04.194 Non-motorized scooter.

"Non-motorized scooter" means a device with a front set and rear set of wheels with a footboard between, steered by a handlebar, and is propelled without aid of a motor or other non-manual propulsion device. (Ord. BL2018-1203 § 2, 2018)

12.04.195 Nonresident.

"Nonresident" means every person who is not a resident of this state. (Prior code § 27-1-1 (part))

12.04.200 Nonresident's operating privilege.

"Nonresident's operating privilege" means the privilege conferred upon a nonresident by the laws of this state pertaining to the operation by such person of a motor

vehicle, or the use of a vehicle owned by such person, in this state. (Prior code § 27-1-1 (part))

12.04.205 Official time standard.

Whenever certain hours are named in this title, they shall mean standard time or daylight saving time, as may be in current use in Metropolitan Nashville, Davidson County, Tennessee. (Prior code § 27-1-1 (part))

12.04.210 Official traffic-control devices.

"Official traffic-control devices" means all signs, signals, markings and devices not inconsistent with this title placed or erected by authority of a public body or official having jurisdiction, for the purpose of regulating, warning or guiding traffic. (Prior code § 27-1-1 (part))

12.04.215 Owner.

"Owner" means a person, other than a lienholder, having the property in or title to a vehicle. The term includes a person entitled to the use and possession of a vehicle subject to a security interest in another person, but excludes a lessee under a lease not intended as security. (Prior code § 27-1-1 (part))

12.04.220 Park or parking.

"Park" or "parking" means the standing of a vehicle, whether occupied or not, otherwise than temporarily for the purpose of and while actually engaged in loading or unloading property or passengers. (Prior code § 27-1-1 (part))

12.04.225 Parking lot.

"Parking lot" means any lot or area which is used for the parking of vehicles for which a fee may or may not be charged and which is private or open to the use of the general public. (Prior code § 27-1-1 (part))

12.04.230 Parking meter.

"Parking meter" means any device by which the time which a vehicle may be parked at any point on the streets of the metropolitan government is measured and a charge made therefor; a parking meter may include a parking pay station, including one that services multiple parking spaces. (Ord. BL2021-646 § 3, 2021; prior code § 27-1-1 (part))

12.04.235 Parking meter space.

"Parking meter space" means any space adjacent to a parking meter, or on the same block as a parking meter that services multiple spaces, and which is duly designated for the parking of a single vehicle. (Ord. BL2021-646 § 4, 2021; prior code § 27-1-1 (part))

12.04.240 Passenger car.

"Passenger car" means every motor vehicle, except motorcycles and motor-driven cycles, designed for carrying ten passengers or less and used for the transportation of persons. (Prior code § 27-1-1 (part))

12.04.245 Passenger curb loading zone.

"Passenger curb loading zone" means a place adjacent to a curb reserved for the exclusive use of vehicles during the loading or unloading of passengers. (Prior code § 27-1-1 (part))

12.04.250 Pedestrian.

"Pedestrian" means any person afoot. (Prior code § 27-1-1 (part))

12.04.255 Person.

"Person" means every natural person, firm, copartnership, association or corporation. (Prior code § 27-1-1 (part))

12.04.260 Pneumatic tire.

"Pneumatic tire" means every tire in which compressed air is designed to support the load. (Prior code § 27-1-1 (part))

12.04.265 Pole trailer.

"Pole trailer" means every vehicle without motive power designed to be drawn by another vehicle and attached to the towing vehicle by means of a reach or pole, or by being boomed or otherwise secured to the towing vehicle, and ordinarily used for transporting long or irregular-shaped loads such as poles, pipes or structural members capable, generally, of sustaining themselves as beams between the supporting connections. (Prior code § 27-1-1 (part))

12.04.270 Police officer.

"Police officer" means every officer of the metropolitan police department or any officer authorized to direct or regulate traffic or to make arrests for violations of traffic regulations. (Prior code § 27-1-1 (part))

12.04.275 Private road or driveway.

"Private road or driveway" means every way or place in private ownership and used for vehicular travel by the owner and those having express or implied permission from the owner, but not by other persons. (Prior code § 27-1-1 (part))

12.04.280 Railroad sign or signal.

"Railroad sign or signal" means any sign, signal or device erected by authority of a public body or official

or by a railroad and intended to give notice of the presence of railroad tracks or the approach of a railroad train. (Prior code § 27-1-1 (part))

12.04.285 Railroad train.

"Railroad train" means a steam engine, electric or other motor, with or without cars coupled thereto, operated upon rails. (Prior code § 27-1-1 (part))

12.04.290 Reconstructed vehicle.

"Reconstructed vehicle" means every vehicle of a type required to be registered under this title materially altered from its original construction by the removal, addition or substitution of essential parts, new or used. (Prior code § 27-1-1 (part))

12.04.295 Registration.

"Registration" means the registration certificate or certificates and registration plates issued under the laws of the state pertaining to the registration of vehicles. (Prior code § 27-1-1 (part))

12.04.300 Residence district.

"Residence district" means the territory contiguous to and including a highway not comprising a business district when the property on such highway for a distance of three hundred feet or more is in the main improved with residences or residences and buildings in use for business. (Prior code § 27-1-1 (part))

12.04.305 Revocation of driver's license.

"Revocation of driver's license" means the termination by formal action of a person's license or privilege to operate a motor vehicle on the public highways, which termination shall not be subject to renewal or restoration except that an application for a new license may be presented and acted upon by the state after the expiration of the applicable period of time prescribed by the state. (Prior code § 27-1-1 (part))

12.04.310 Right-of-way.

"Right-of-way" means the right of one vehicle or pedestrian to proceed in a lawful manner in preference to another vehicle or pedestrian approaching under such circumstances of direction, speed and proximity as to give rise to danger of collision unless one grants precedence to the other. (Prior code § 27-1-1 (part))

12.04.315 Roadway.

"Roadway" means that portion of a highway improved, designed or ordinarily used for vehicular travel, exclusive of the berm or shoulder. In the event a highway includes two or more separate roadways, the term "roadway," as used in this title, shall refer to any such roadway separately but not to all such roadways collectively. (Prior code § 27-1-1 (part))

12.04.317 Roller skates.

"Roller skates" means manufactured or assembled devices consisting of a boot or upper portion attached to the foot and a frame holding two wheels near the toe and two wheels at the heel and braking device at the toe of at least one skate. (Ord. 98-1352 § 3 (part), 1998)

12.04.320 Safety zone.

"Safety zone" means the area or space officially set apart within a roadway for the exclusive use of pedestrians and which is protected or is so marked or indicated by adequate signs as to be plainly visible at all times while set apart as a safety zone. (Prior code § 27-1-1 (part))

12.04.325 School bus.

"School bus" means every motor vehicle that complies with the color and identification requirements set forth in the most recent edition of Minimum Standards for School Buses, and is used to transport children to or from school or in connection with school activities, but not including buses operated by common carriers in urban transportation of school children. (Prior code § 27-1-1 (part))

12.04.330 Semi-trailer.

"Semi-trailer" means every vehicle with or without motive power, other than a pole trailer, designed for carrying persons or property and for being drawn by a motor vehicle, and so constructed that some part of its weight and that of its load rests upon or is carried by another vehicle. (Prior code § 27-1-1 (part))

12.04.335 Sidewalk.

"Sidewalk" means that portion of a street between the curblines, or the lateral lines of a roadway, and the adjacent property lines, intended for use by pedestrians. (Prior code § 27-1-1 (part))

12.04.340 Solid rubber tire.

"Solid rubber tire" means every tire of rubber or other resilient material which does not depend upon compressed air for the support of the load. (Prior code § 27-1-1 (part))

12.04.345 Specially constructed vehicle.

"Specially constructed vehicle" means every vehicle of a type required to be registered under this title not originally constructed under a distinctive name, make, model or type by a generally recognized manufacturer

of vehicles and not materially altered from its original construction. (Prior code § 27-1-1 (part))

12.04.350 Special mobile equipment.

"Special mobile equipment" means every vehicle not designed or used primarily for the transportation of persons or property and only incidentally operated or moved over a highway, including but not limited to ditch-digging apparatus, well-boring apparatus and road construction and maintenance machinery such as asphalt spreaders, bituminous mixers, bucket loaders, tractors other than truck tractors, ditchers, levelling graders, finishing machines, motor graders, road rollers, scarifiers, earth moving carryalls and scrapers, power shovels and drag lines, and self-propelled cranes and earth moving equipment. The term does not include house trailers, dump trucks, truck-mounted transit mixers, cranes or shovels, or other vehicles designed for the transportation of persons or property to which machinery has been attached. (Prior code § 27-1-1 (part))

12.04.355 Stand or standing.

"Stand" or "standing" means the halting of a vehicle, whether occupied or not, otherwise than temporarily for the purpose of and while actually engaged in receiving and/or discharging passengers. (Prior code § 27-1-1 (part))

12.04.360 State.

"State" means the State of Tennessee. (Prior code § 27-1-1 (part))

12.04.365 Stop.

"Stop," when required, means complete cessation from movement. (Prior code § 27-1-1 (part))

12.04.370 Stop or stopping.

"Stop" or "stopping," when prohibited, means any halting, even momentarily, of a vehicle, whether occupied or not, except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic-control sign or signal. (Prior code § 27-1-1 (part))

12.04.375 Street.

"Street" means the entire width between boundary lines of every way publicly maintained when any part thereof is open to the use of the public for the purposes of vehicular travel. (Prior code § 27-1-1 (part))

12.04.380 Suspension of driver's license.

"Suspension of driver's license" means the temporary withdrawal by formal action of a person's license or privilege to operate a motor vehicle on the public highways, which temporary withdrawal shall be for a period specifically designated. (Prior code § 27-1-1 (part))

12.04.385 Through highway.

"Through highway" means every highway or portion thereof on which vehicular traffic is given preferential right-of-way, and at the entrances to which vehicular traffic from intersecting highways is required by law to yield the right-of-way to vehicles on such through highway in obedience to a stop sign, yield sign, or other official traffic-control device, when such signs or devices are erected as provided by resolution of traffic and parking commission. (Prior code § 27-1-1 (part))

12.04.390 Reserved.

Editor's note—Ord. BL2012-261, § 15, adopted Oct. 16, 2012, repealed § 12.04.390, which pertained to trackless trolley coach and derived from prior Code § 27-1-1 (part).

12.04.395 Tractor.

"Tractor" means any self-propelled vehicle designed or used as a traveling power plant or for drawing other vehicles, but having no provision for carrying loads independently. (Prior code § 27-1-1 (part))

12.04.400 Traffic.

"Traffic" means pedestrians, ridden or herded animals, vehicles and other conveyances, either singly or together, while using any street for purposes of travel. (Prior code § 27-1-1 (part))

12.04.405 Traffic-control signal.

"Traffic-control signal" means any device, whether manually, electrically or mechanically operated, by which traffic is alternately directed to stop and permitted to proceed. (Prior code § 27-1-1 (part))

12.04.410 Trailer.

"Trailer" means every vehicle, with or without motive power, other than a pole trailer, designed for carrying persons or property and for being drawn by a motor vehicle, and so constructed that no part of its weight rests upon the towing vehicle. (Prior code § 27-1-1 (part))

12.04.415 Truck.

"Truck" means every motor vehicle designed, used or maintained primarily for the transportation of property. (Prior code § 27-1-1 (part))

12.04.420 Truck-camper.

"Truck-camper" means any structure designed, used or maintained primarily to be loaded on or affixed to a motor vehicle to provide a mobile dwelling, sleeping place, office or commercial space. (Prior code § 27-1-1 (part))

12.04.425 Truck tractor.

"Truck tractor" means every motor vehicle designed and used primarily for drawing other vehicles and not so constructed as to carry a load other than a part of the weight of the vehicle and load so drawn. (Prior code § 27-1-1 (part))

12.04.430 Urban district.

"Urban district" means the territory contiguous to and including any street which is built up with structures devoted to business, industry or dwelling houses situated at intervals of less than one hundred feet for a distance of a quarter of a mile or more. (Prior code § 27-1-1 (part))

12.04.435 Vehicle.

"Vehicle" means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices used exclusively upon stationary rails or tracks. (Prior code § 27-1-1 (part))

Chapter 12.08

GENERAL REGULATIONS, ADMINISTRATION AND ENFORCEMENT

Sections:

12.08.010 Compliance with Title 12 provisions.
12.08.020 Applicability of provisions—To highways.
12.08.030 Applicability of provisions—To other areas.
12.08.040 Emergency and experimental regulations authorized when.
12.08.050 Traffic direction and enforcement authority of police and fire department officials.
12.08.060 Obedience to enforcement officers.
12.08.070 Compliance by public employees required.
12.08.080 State registration plates—Required—Mounting and maintenance.
12.08.090 State registration plates—Unlawful use.
12.08.100 Driver's or chauffeur's license—Required.
12.08.110 Driver's or chauffeur's license—Unlawful uses designated.
12.08.120 Defensive driving course required for persons operating certain government vehicles.
12.08.130 Animal riding and persons propelling pushcarts.
12.08.140 Authorized emergency vehicles.
12.08.150 Impoundment of vehicles.
12.08.160 State offenses declared municipal misdemeanors.
12.08.170 Violation of regulations adopted by traffic and parking commission—Penalty.
12.08.180 Citations for violations.
12.08.190 Warrant for violations when person cited signs waiver of warrant on citation.
12.08.200 Service of process for actions involving nonpayment of certain traffic tickets or citations.
12.08.210 Abandoned vehicles.
12.08.220 Appeals.
12.08.230 Powers supplemental.

12.08.010 Compliance with Title 12 provisions.

It is unlawful for any person to do any act forbidden, or fail to perform any act required, in this title. (Prior code § 27-1-2)

12.08.020 Applicability of provisions—To highways.

The provisions of this title shall apply upon highways and elsewhere throughout the metropolitan area. (Prior code § 27-1-19)

12.08.030 Applicability of provisions—To other areas.

The provisions of these regulations relating to the operation of vehicles apply to every street, alley, sidewalk, driveway, parking area, park area and every other way within the corporate limits of this metropolitan government including, without in any way restricting the generality of the foregoing, any of said areas which are or may be privately owned and to which the public is invited or the use of which is or may be afforded to the public by acquiescence and without invitation. (Prior code § 27-1-20)

12.08.040 Emergency and experimental regulations authorized when.

A. The department of public works, by and with the approval of the chief of police, is empowered to make regulations necessary to make effective the provisions of this title and to make temporary or experimental regulations to cover emergencies or special conditions. No experimental regulations shall remain in effect for more than ninety days. Emergency temporary regulations shall have the same force and effect as regulations passed by the traffic and parking commission at its first meeting after the emergency regulation is put in effect.

B. The department of public works may test traffic-control devices under actual conditions of traffic. (Ord. 93-575 § 3, 1993; prior code § 27-1-3)

12.08.050 Traffic direction and enforcement authority of police and fire department officials.

A. It shall be the duty of the officers of the police department, or such officers as are assigned by the chief of police, to enforce all traffic laws and regulations of the metropolitan government and all state laws applicable to traffic in the metropolitan government area.

B. Officers of the police department, or such officers as are assigned by the chief of police, are authorized to direct all traffic by voice, hand or signal, in conform-

ance with traffic laws and regulations; provided that, in the event of a fire or other emergency, or to expedite traffic or to safeguard pedestrians, officers of the police department may direct traffic as conditions may require, notwithstanding the provisions of the traffic laws or regulations.

C. Officers of the fire department, when at the scene of a fire, may direct or assist the police in directing traffic thereat or in the immediate vicinity. (Prior code § 27-1-4)

12.08.060 Obedience to enforcement officers.

No person shall wilfully fail or refuse to comply with any lawful order or direction of any police officer or fireman invested by law with authority to direct, control or regulate traffic. (Prior code § 27-1-5)

12.08.070 Compliance by public employees required.

The provisions of this title shall apply to the driver of any vehicle owned by or used in the service of the United States Government, this state or any county, city or other governmental entity, and any of the provisions of this title, except as otherwise permitted in this title or by state statute. (Prior code § 27-1-7)

12.08.080 State registration plates—Required—Mounting and maintenance.

A. Except as otherwise provided in the Tennessee Code Annotated, no person shall operate any vehicle within the metropolitan government area unless such vehicle shall have affixed thereto current registration plates issued for the operation of the vehicle. Registration plates issued for passenger motor vehicles shall be attached one on the front and one on the rear. The registration plate issued for a truck shall be attached to the rear of the vehicle. The registration plate issued for a truck tractor shall be attached to the front of the vehicle. The registration plate issued for a motorcycle, trailer, semi-trailer or dealer's plate shall be attached to the rear of the vehicle.

B. Every registration plate shall at all times be securely fastened in a horizontal position to the vehicle for which it is issued, so as to prevent the plate from swinging and in a place and position to be clearly visible, and shall be maintained free from foreign materials and in a condition to be clearly legible.

C. Every certificate of registration shall at all times be carried in the vehicle to which it refers or shall be carried by the person driving or in control of such vehicle. The owner of the vehicle may, in order to ensure its safekeeping, provide a duplicate or facsimile of the certificate of registration to be kept in the vehicle.

The requirement that a certificate of registration be carried in the vehicle to which it refers, or by the person driving the same, shall not apply when such certificate of registration is used for the purpose of making application for renewal of registration or upon a transfer of the vehicle.

D. No person may drive a vehicle when that vehicle has an expired registration.

E. Section 12.84.010 sets out the penalty for violation of this section. (§ 4 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; § 2 (part) of Amdt. 1 to Ord. 90-1255, 6/19/90; Ord. 90-1255 § 4 (10), 1990; prior code § 27-1-10)

12.08.090 State registration plates—Unlawful use.

A. It is unlawful for any person to use or affix to any vehicle a registration plate other than the one issued for that vehicle.

B. Section 12.84.010 sets out the penalty for violation of this section. (§ 4 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; § 2 (part) of Amdt. 1 to Ord. 90-1255, 6/19/90; Ord. 90-1255 § 4 (11), 1990; prior code § 27-1-11)

12.08.100 Driver's or chauffeur's license—Required.

No person, except those exempted by Tennessee Code Annotated, shall drive any motor vehicle upon any street, alley or thoroughfare within the jurisdiction of the metropolitan government unless such person has a valid license as an operator or chauffeur as provided for in such state law. No person shall operate a motor vehicle as a chauffeur unless he holds a valid chauffeur's license. Every holder of a valid operator or chauffeur license shall have his license in his immediate possession at all times when operating a motor vehicle. In addition, whenever a holder of a valid operator or chauffeur license changes his address, he must notify the Tennessee Department of Motor Vehicles of such change of address within ten days of the change of address. (Ord. 93-727 § 1, 1993; prior code § 27-1-13)

12.08.110 Driver's or chauffeur's license—Unlawful uses designated.

It is unlawful for any person to:

A. Display or cause or permit to be displayed or have in his possession any fictitious or fraudulently altered operator's or chauffeur's license;

B. Lend his operator's or chauffeur's license to any other person, or knowingly permit the use thereof by another;

C. Display or represent as one's own any operator's or chauffeur's license not issued to him;

D. Permit any unlawful use of an operator's or chauffeur's license issued to him;

E. Do any act prohibited or fail to perform any act required by Tennessee Code Annotated. (Prior code § 27-1-14)

12.08.120 Defensive driving course required for persons operating certain government vehicles.

From and after July 1, 1974, no person shall operate a vehicle owned by the metropolitan government, or a vehicle the operation of which is reimbursable by the metropolitan government unless and until such person has completed the defensive driving course of the National Safety Council, or any equivalent program, and is in possession of proof of such completion. (Ord. 92-239 § 1, 1992; prior code § 27-1-8.1)

12.08.130 Animal riding and persons propelling pushcarts.

Every person propelling any pushcart or riding an animal upon a roadway and every person driving any animal-drawn vehicle shall be subject to the provisions of this title applicable to the driver of any vehicle, except those provisions of this title which by their very nature can have no application. (Prior code § 27-1-6)

12.08.140 Authorized emergency vehicles.

A. The driver of an authorized emergency vehicle, when responding to an emergency call, or when in the pursuit of an actual or suspected violator of the law, or when responding to, but not upon returning from a fire alarm, may exercise the privileges set forth in this section, but subject to the conditions herein stated.

B. The driver of an authorized emergency vehicle may:

1. Park or stand, irrespective of the provisions of this title;

2. Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation;

3. Exceed the maximum speed limits so long as he does not endanger life or property;

4. Disregard regulations governing direction of movement or turning in specified directions.

C. The exemptions herein granted to an authorized emergency vehicle shall apply only when such vehicle is making use of audible and visual signals meeting the requirements of the applicable laws of this state, except that an authorized emergency vehicle operated as a police vehicle may be equipped with or display a red light only in combination with a blue light visible from in front of the vehicle.

D. The foregoing provisions shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons, nor shall such provisions protect the driver from the consequences of his reckless disregard for the safety of others. (Ord. 94-1180 § 1, 1994; prior code § 27-1-12)

12.08.150 Impoundment of vehicles.

A. As used in this title, the following definitions shall apply:

1. "Immobilization" or "Immobilize" means the attachment of any device to a vehicle that prevents the vehicle from being legally driven.

2. "Impoundment" means removing a vehicle from a street, alley, highway or thoroughfare to the nearest garage or other place of safety, or a garage designated or maintained by the police department or otherwise maintained by the metropolitan government.

B. Members of the metropolitan police department or the parking enforcement patrol or its contractor shall have authority to impound or immobilize any vehicle under the circumstances hereinafter enumerated:

1. When a vehicle is parked, stopped or standing upon any alley, street, highway or thoroughfare within the area of the metropolitan government in violation of any traffic or parking related regulation or ordinance of the metropolitan government, other than a violation of chapter 12.44 of the metropolitan code pertaining to metered parking (unless done in accordance with the specific provisions of subsection B.2. of this section pertaining to multiple parking violations);

2. When a vehicle is parked, stopped or standing upon any alley, street, highway or thoroughfare within the area of the metropolitan government in violation of any regulation or ordinance of the metropolitan government and the vehicle has three or more unpaid parking citations and/or a civil warrant has been issued for the collection of unpaid parking citations;

3. When a vehicle is so parked, stopped or standing upon any alley, street, highway or thoroughfare of the metropolitan government so as to obstruct the orderly flow of traffic thereon;

4. When a vehicle is left parked on any alley, street, highway or thoroughfare within the metropolitan government area for a period of forty-eight hours without current registration;

5. When a vehicle upon any alley, street, highway or thoroughfare in the metropolitan government area is so disabled as to constitute an obstruction to traffic and the person in charge of the vehicle does not provide for its custody and removal;

6. When the driver or operator of such vehicle has been arrested for driving under the influence of intoxicating liquor in violation of the Tennessee Code Annotated.

C. Whenever it becomes necessary to make an arrest of the operator or driver of any vehicle, the officer making the arrest shall allow the person arrested to remove his vehicle to the nearest legal parking location or to turn over the custody of his vehicle to another person present and not placed under arrest, and capable of providing for the custody and removal of the vehicle.

D. Whenever an officer of the metropolitan police department or the parking enforcement patrol or its contractor (with authorization from the parking enforcement patrol) removes a vehicle from any alley, street, highway or thoroughfare, as authorized in this section, the officer or contractor shall obtain from the wrecker or tow-in service employee a receipt in triplicate, one copy of which shall be retained by the wrecker or tow-in service employee, describing the vehicle, the reasons for its removal, the place where the vehicle is to be stored, and all items of a personal nature found in the vehicle and not attached to or a part of the vehicle. Such officer or contractor shall give or cause to be given to the owner of such vehicle the duplicate copy of such receipt described in the preceding sentences as notice to such owner of the fact of removal. The original of such receipt described above shall be retained by the police department, or parking enforcement patrol, (as applicable) as a permanent record. If the parking enforcement patrol's contractor arranges for the removal of the vehicle, the contractor shall turn over the duplicate copy of this receipt to the parking enforcement patrol staff at the Department of Public Works for retention.

E. The owner or authorized driver or operator of the impounded vehicle may submit an application to the police department, parking enforcement patrol or its contractor (as applicable) to take possession of the same and remove such vehicle from the place to which it has been removed or stored by paying the costs of removing the vehicle from such street or alley and all charges which may have accrued for the storage of the vehicle. The contents and format of such form application shall be approved metropolitan chief of police and the department of law. Notwithstanding the foregoing, if the metropolitan general sessions court or other court of competent jurisdiction, after hearing the facts and circumstances, determines that the impoundment was not lawfully authorized, the towing and storage fees shall be refunded to the person paying such fees.

F. The owner or authorized driver or operator of any immobilized vehicle under the provisions of this section may take possession of the vehicle upon paying a twenty-five dollar immobilization removal fee to the metropolitan traffic violations bureau or its contractor; provided, that if the metropolitan general sessions court or other court of competent jurisdiction, after hearing the facts and circumstances, determines that the placement of the immobilization device was not lawfully authorized, the immobilization removal fee shall be refunded to the person paying such fee. (Ord. BL2021-646 § 5, 2021; Amdt. 1 to Ord. BL2009-419 § 1, 2009; Ord. BL2009-419 § 1, 2009; Ord. 93-620 § 1, 1994; Ord. 90-1339 § 1 (27-1), 1990; prior code § 27-1-15)

12.08.160 State offenses declared municipal misdemeanors.

The state offenses cited under Tennessee Code Annotated, and which are not specifically made a violation of this Code or any other ordinance of the metropolitan government, are hereby declared to be municipal misdemeanors, the definition of such offenses to be the same as those contained in the state statutes; provided, that this section shall not apply to any offenses which are made exclusively a violation of state law. (Prior code § 27-1-8)

12.08.170 Violation of regulations adopted by traffic and parking commission—Penalty.

A. Each violation of a traffic regulation adopted by the metropolitan traffic and parking commission and filed with the metropolitan clerk shall constitute a separate offense, punishable by a fine of not less than one dollar nor more than fifty dollars.

B. All violations of subsections A. and B. of Section 12.44.040, as they pertain to parking meters, shall be punishable according to the provisions of Section 1.01.030. All violations of subsection C. of Section 12.44.040, as it pertains to overtime parking at parking meters, shall be punishable according to the provisions of Section 1.01.030.

C. Unless otherwise specified, all other parking violations shall be punishable according to the provisions of Section 1.01.030. (Ord. BL2019-1 § 2, 2019; Ord. BL2010-793 § 8, 2010; Ord. 93-584 § 7(B), 1993; Ord. 93-562 § 12(B), 1993; Ord. 92-209 §§ 1, 2, 1992; prior code § 27-1-18)

12.08.180 Citations for violations.

A. It is declared to be the intention of the metropolitan council that in the issuance of any traffic citation or any complaint or warrant for the violation of any section of this title or other metropolitan government ordinance, it shall be sufficient to cite the number of the section of this title or the ordinance number and the section violated, together with a brief statement of cause of action sufficient to place the defendant on notice of the charge he is called upon to defend against.

B. No traffic complaint or warrant shall be declared void by reason of the fact that the incorrect ordinance or section number was cited, so long as the complaint or warrant states a cause of action sufficient to place the defendant on notice of the charge he is called upon to defend against. (Prior code § 27-1-16)

12.08.190 Warrants for violations when person cited signs waiver of warrant on citation.

When any person is charged with a traffic violation in the metropolitan government area and a traffic citation is issued to such person on such violation, it shall be the duty of the metropolitan court in which such case is set for trial to try the same without the issuance or service of a warrant upon such defendant, provided the defendant has signed a waiver on such citation agreeing to come to court and waiving the issuance and service of a warrant upon him. (Prior code § 27-1-17)

12.08.200 Service of process for actions involving nonpayment of certain traffic tickets or citations.

Service of process through the use of registered or certified mail, addressee only, return receipt requested, is permitted in lieu of personal service of process in all actions of debt involving nonpayment of any ticket or citation issued for any nonmoving traffic violation. (Ord. 92-372 § 1, 1992)

12.08.210 Abandoned vehicles.

A. No person shall permit an abandoned vehicle to remain on any alley, street, highway or thoroughfare within the area of the metropolitan government.

B. "Abandoned motor vehicle," for the purposes of this chapter, means a motor vehicle that is over four years old including any contents of that vehicle, that is left unattended on public property for more than ten days, or a motor vehicle that is in an obvious state of disrepair and is left unattended on public property for more than three days.

C. "Obvious state of disrepair" means a motor vehicle exhibiting one or more of the following characteristics: inoperable under its own power, without one or more wheels or inflated tires, burned throughout, or with more than one broken window.

D. "Motor vehicle" means any self-propelled, wheeled conveyance that does not run on rails.

E. "Demolisher" means any person whose business is to convert a motor vehicle into processed scrap or scrap metal, or otherwise to wreck or dismantle motor vehicles.

F. "Public property," for the purposes of this section, shall include but not be limited to, any alley, street, highway or thoroughfare within the area of the metropolitan government.

G. The department of codes administration is authorized to investigate any alleged violations of this section and to enforce the provisions of this section.

H. When, after investigation, the department of codes administration determines that a motor vehicle may constitute an abandoned motor vehicle, the department shall attach a notice to the vehicle. The notice shall state the date and time that it was attached, the name and department of the person attaching the notice, and the location of the vehicle. The notice shall further state that the metropolitan government has determined that the vehicle may constitute an abandoned vehicle, and shall set forth the date by which the owner must remove the vehicle including any contents from public property. It shall further state that if the vehicle is not removed, it will be taken into custody and demolished unless the owner files an appeal with the director of the department of codes administration within ten days of the removal date.

I. The department of codes administration may authorize other departments or boards of the metropolitan government to attach the notice described in subsection H of this section. If the notice described in subsection H of this section is attached to the vehicle by a department or board other than the department of codes administration, the department of codes administration shall be immediately informed that the notice has been attached.

J. If a vehicle to which a notice is attached pursuant to subsection H of this section is not removed by the removal date specified in such notice, an inspector from the department of codes administration may apply to the director of codes administration or his designee for authority to sell, give away, or dispose of the vehicle including any contents to a demolisher. The application shall set out the name of the applicant, the year, make, model and serial number of the motor vehicle, if ascertainable, together with any other identifying features, and shall contain a concise statement of the facts

surrounding the abandonment. The application shall contain an affidavit by the inspector, stating that the facts alleged therein are true, and that no material fact has been withheld. If the director of the department of codes administration or his designee finds that the application is executed in proper form and establishes that the motor vehicle including any contents has been abandoned on public property, the director shall have the authority to allow for disposal of the vehicle including any contents to a demolisher after compliance with the notification procedures set forth in subsection K of this section.

K. If a vehicle, including any contents, to which a notice is attached pursuant to subsection H of this section is not removed by the removal date specified in such notice, the department of codes administration shall provide written notice to the owner of the vehicle and to all lienholders of record that the vehicle has been found to be abandoned. This notice shall be sent by registered or certified mail, return receipt requested, to the last known address of the owner of record and to all lienholders of record. The notice shall be written in plain language and shall contain the year, make, model and vehicle identification number of the motor vehicle, if ascertainable, the location of the motor vehicle, and a statement advising the owner that he or she has ten days to appeal the determination by the department of codes administration that the vehicle is abandoned or to remove the vehicle including any contents from the property, or the department of codes administration shall take the abandoned vehicle into custody to be sold or demolished. The notice shall further inform the owner and any lienholders that pursuant to the provisions of Tennessee Code Annotated Section 55-16-108, the vehicle may be disposed of to a demolisher immediately after it is taken into custody, but in the event the vehicle is not disposed of immediately, the owner or lienholder has the right to reclaim the motor vehicle after it is taken into custody but before it is sold or demolished, upon payment of all towing, preservation, storage or any other charges resulting from placing the vehicle in custody. The notice shall state that failure of the owner or lienholders to exercise their right to reclaim the vehicle including any contents shall be deemed a waiver by the owner and all lienholders of all right, title and interest in the vehicle and any contents and consent to the demolition of the vehicle or its sale at a public auction. If the owner or lienholder cannot be located through the exercise of due diligence, notice by publication shall be given pursuant to Tennessee Code Annotated Section 55-16-105(c).

L. If the owner or lienholder of an abandoned motor vehicle fails to appeal the determination that the vehicle is abandoned or fails to remove the motor vehicle within the time allowed for an appeal, the department of codes administration is authorized to take the vehicle including any contents into custody or to employ a private contractor to remove the vehicle including any contents from public property. The department is authorized to sell the vehicle at public auction or, by certificate of authority, as provided in Tennessee Code Annotated Section 55-16-108, to dispose of the motor vehicle including any contents to any demolisher for demolition, wrecking or dismantling or as otherwise provided by law. If an appeal is made pursuant to Section 12.08.220, the motor vehicle shall not be taken into custody or demolished until such time as the director of codes administration affirms the determination that the motor vehicle is abandoned.

M. Sale of the vehicle at public auction shall follow the procedures set forth in Tennessee Code Annotated Sections 55-16-106 through 107. (Ord. 2002-1128 § 1, 2002; Ord. 2002-1071 § 1, 2002; Ord. 93-620 § 2 (part), 1994)

12.08.220 Appeals.

A. Any owner or lienholder of a motor vehicle aggrieved by the determination that a vehicle is an abandoned motor vehicle may appeal to the director of codes administration or his designee within ten days of receipt of the notice provided for in Section 12.08.210(K). Failure to appeal within the specified time period shall without exception constitute a waiver of the right of appeal, and consent to the demolition of the vehicle or its sale at a public auction.

B. After a hearing, the director of codes administration shall enter an order and send a copy to the owner and lienholder, stating whether the vehicle was properly determined to be abandoned. If such order states that the vehicle is abandoned, the owner and/or lienholder will be informed of the date that the vehicle will be taken into custody if not removed. (Ord. 93-620 § 2 (part), 1994)

12.08.230 Powers supplemental.

The powers and duties conferred by Sections 12.08.210 and 12.08.220 shall be in addition and supplemental to and not in substitution of the powers and duties conferred by any other law. (Ord. 93-620 § 2 (part), 1994)

Chapter 12.12

TRAFFIC-CONTROL DEVICES

Sections:

12.12.010 Installation—Chief traffic engineer authority.
12.12.020 Turning markers—Placement authority and driver obedience.
12.12.030 Restricted turn signs—Placement authority and driver obedience.
12.12.040 Manual and specifications for traffic-control devices.
12.12.050 Obedience to traffic-control devices.
12.12.060 Devices required for enforcement of provisions.
12.12.070 Placement of devices—Presumption of legality.
12.12.080 Continuation of existing traffic-control devices.
12.12.090 Signal legend—Colors and other indications.
12.12.100 Flashing control signals.
12.12.110 Traffic lanes.
12.12.120 Lane direction control signals.
12.12.130 Crosswalks and safety zones.
12.12.140 Pedestrian control signals.
12.12.150 Play streets—Establishment authority.
12.12.160 Play streets—Driving limitations.
12.12.170 Unauthorized signs, signals or markings.
12.12.180 Interfering with or removing official traffic-control devices.
12.12.190 Traffic calming projects.

12.12.010 Installation—Chief traffic engineer authority.

The department of public works shall place and maintain traffic-control signs, signals and devices when and as required under the traffic regulations of the metropolitan government to make effective the provisions of such regulations, and may place and maintain such additional traffic-control devices as he may deem necessary to regulate traffic under the traffic regulations of the metropolitan government or under state law, or to guide or warn traffic. (Ord. 93-575 § 4(a), 1993; prior code § 27-1-50)

12.12.020 Turning markers—Placement authority and driver obedience.

A. The department of public works is authorized to place markers, buttons or signs within or adjacent to intersections, indicating the course to be traveled by vehicles turning at such intersections, and such course to be traveled as so indicated may conform to or be other than as prescribed by law or ordinances.

B. When authorized markers, buttons or other indications are placed within an intersection indicating the course to be traveled by vehicles turning thereat, no driver of a vehicle shall disobey the direction of such indications.

C. Section 12.84.020 sets out the penalty for violation of subsection B of this section. (Ord. 93-575 § 4(b), 1993; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (48), 1990; prior code § 27-1-114)

12.12.030 Restricted turn signs—Placement authority and driver obedience.

A. The department of public works is authorized to determine those intersections at which drivers of vehicles shall not make a right or left turn or U-turn, and shall place proper signs at such intersections. The making of such turns may be prohibited between certain hours of any day and permitted at other hours, in which event the same shall be plainly indicated on the signs, or they may be removed when such turns are permitted.

B. Whenever authorized signs are erected indicating that no right or left or U-turn is permitted, no driver of a vehicle shall disobey the directions of any such signs, as set out in Schedule III.*

C. Section 12.84.020 sets out the penalty for violation of subsection B of this section. (Ord. 93-575 § 4(c), 1993; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (49), 1990; prior code § 27-1-115)

* **Editor's note—**Schedule III is on file for public inspection at the offices of the metropolitan traffic and parking commission.

12.12.040 Manual and specifications for traffic-control devices.

All traffic-control signs, signals and devices shall conform to the latest edition of the Manual on Uniform Traffic Control Devices for Streets and Highways, published by the United States Department of Transportation Federal Highway Administration. All signs and signals required hereunder for a particular purpose shall, so far as practicable, be uniform as to type and location throughout the metropolitan government area. All traffic-control devices so erected and not inconsistent with the

provisions of this title shall be official traffic-control devices. (Prior code § 27-1-51)

12.12.050 Obedience to traffic-control devices.

A. The driver of any vehicle shall obey the instructions of any official traffic-control device applicable thereto, placed in accordance with the provisions of this title, unless otherwise directed by a traffic or police officer, subject to the exceptions granted the driver of an authorized emergency vehicle in this title.

B. Section 12.84.020 sets out the penalty for violation of subsection A of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (6), 1990; prior code § 27-1-52)

12.12.060 Devices required for enforcement of provisions.

A. No provision of this title for which official traffic-control devices are required shall be enforced against any alleged violators if at the time and place of the alleged violation an official device is not in proper position and sufficiently legible to be seen by an ordinarily observant person.

B. Whenever traffic-control devices are not in place, the intersection right-of-way in Section 12.16.150 shall be observed. (Prior code § 27-1-53)

12.12.070 Placement of devices—Presumption of legality.

A. Whenever official traffic-control devices are placed in position approximately conforming to the requirements of this title, such devices shall be presumed to have been so placed by the official act or direction of lawful authority, unless the contrary shall be established by competent evidence.

B. Any official traffic-control device placed pursuant to the provisions of this regulation and purporting to conform to the lawful requirements pertaining to such devices shall be presumed to comply with the requirements of this title unless the contrary shall be established by competent evidence. (Prior code § 27-1-54)

12.12.080 Continuation of existing traffic-control devices.

All official traffic-control signals, signs and markings which have heretofore been placed and are now in place on the streets of the metropolitan government, unless in conflict with the provisions of this title, are continued in full force and effect until removed, altered, changed or otherwise replaced. (Prior code § 27-1-59)

12.12.090 Signal legend—Colors and other indications.

Whenever traffic is controlled by traffic-control signals as set out in Schedule I,* exhibiting different colored lights or a colored lighted arrow, successively, and at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word legend, and such lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

A. Green Indication.

1. Vehicular traffic facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersections, or an adjacent crosswalk, at the time such signal is exhibited.

2. Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk, and to other traffic lawfully using the intersection.

3. Unless otherwise directed by a pedestrian control signal, as provided in Section 12.12.140, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

B. Steady Yellow Indication.

1. Vehicular traffic facing a steady yellow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection.

2. Pedestrians facing a steady yellow signal, unless otherwise directed by a pedestrian control signal as provided in Section 12.12.140, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown, and no pedestrian shall then start to cross the roadway.

C. Steady Red Indication.

1. Vehicular traffic facing a steady red signal alone shall stop at a clearly marked stop line but, if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection, and shall remain standing until an indication to proceed is shown, except as provided in subsection (C)(2) below.

2. Vehicular traffic facing a steady red signal may make a right turn at an intersection after coming to a full and complete stop and yielding the right-of-way to pedestrians and cross traffic lawfully using the intersection, and such right turn shall not endanger any other traffic lawfully using the intersection. A right turn on a red signal shall be allowed at any intersection unless marked by a sign which states "no turn on red."

3. Unless otherwise directed by a pedestrian control signal, as provided in Section 12.12.140, pedestrians facing a steady red signal alone shall not enter the roadway.

D. Traffic, except pedestrians, facing a steady red arrow indication, may not enter the intersection to make the movement indicated by such arrow and, unless entering the intersection to make such other movement as is permitted by other indications shown at the same time, shall stop at a clearly marked stop line but, if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until an indication to make the movement indicated by such arrow is shown.

E. Unless otherwise directed by a pedestrian signal, pedestrians facing a steady red arrow signal indication shall not enter the roadway.

F. Section 12.84.030 sets out the penalty for violation of subsections (A)(1), (A)(2), (C)(1), (C)(2) and (D) of this section. (Ord. 98-1447 § 2, 1999; Ord. 90-1339 § 1 (27-3), 1990; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (9), 1990; prior code § 27-1-60)

* **Editor's note—**Schedule I is on file for public inspection at the offices of the metropolitan traffic and parking commission.

12.12.100 Flashing control signals.

A. Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal, it shall require obedience by vehicular traffic as follows:

1. Flashing Red (Stop Signal). When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop at a clearly marked stop line but, if none, before entering the crosswalk on the near side of the intersection or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway, before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

2. Flashing Yellow (Caution Signal). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

B. This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules as set forth in Section 12.76.090 of this title.

C. Section 12.84.020 sets out the penalty for violation of subsections (A)(1) and (A)(2) of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (10), 1990; prior code § 27-1-62)

12.12.110 Traffic lanes.

A. The department of public works is authorized to mark traffic lanes upon the roadway of any street or highway where a regular alignment of traffic is necessary.

B. A vehicle shall be driven as nearly as practical entirely within a single lane, and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

C. Upon a roadway which is divided into three lanes for two-way movement of traffic, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway ahead is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn, or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted and/or signalized to give notice of such allocation.

D. Official signs may be erected directing slow-moving traffic to use a designated lane or allocating specified lanes to traffic moving in the same direction, and drivers of such vehicles shall obey the directions of every such sign.

E. Section 12.84.030 sets out the penalty for violation of subsections B, C and D of this section. (Ord. 98-1447 § 3, 1999; Ord. 93-575 § 4(d), 1993; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (8), 1990; prior code § 27-1-58)

12.12.120 Lane direction control signals.

A. When lane direction control signals are placed over the individual lanes of a street or highway, vehicular traffic may travel in any lane over which a green signal is shown, but shall not enter or travel in any lane over which a red signal is shown.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (11), 1990; prior code § 27-1-63)

12.12.130 Crosswalks and safety zones.

The department of public works is authorized:

A. To designate and maintain, by appropriate devices, marks or lines upon the surfaces of the roadway, crosswalks at intersections where, in his opinion, there is particular danger to pedestrians crossing the roadway, and at such other places as he may deem necessary;

B. To establish safety zones of such kind and character and at such places as he may deem necessary for the protection of pedestrians. (Ord. 93-575 § 4(e), 1993; prior code § 27-1-57)

12.12.140 Pedestrian control signals.

Whenever special pedestrian control signals exhibiting the words "Walk" or "Don't Walk" or "Wait" are in place, such signals shall indicate as follows:

A. "Walk." Pedestrians facing such signals may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the drivers of all vehicles.

B. A pedestrian facing a flashing "Don't Walk" signal shall not start to cross the street, but any pedestrian who has partly completed his crossing during steady walk signal shall proceed to a sidewalk, or safety island.

C. "Don't Walk." No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially complete his crossing on the "Walk" signal shall proceed to a sidewalk or safety island while the "Don't Walk" signal is showing.

D. A pedestrian facing a flashing "Walk" signal will cross street in a manner to avoid vehicular conflict.

E. Diagonal Crossing. Where all pedestrian control signals show "Walk" simultaneously, diagonal crossing of the intersection by pedestrians is permissible. (Prior code § 27-1-61)

12.12.150 Play streets—Establishment authority.

The department of public works shall have authority to declare any street or part thereof as a play street, and to place appropriate signs or devices in the roadway indicating and helping to protect the area. (Ord. 93-575 § 4(f), 1993; prior code § 27-1-55)

12.12.160 Play streets—Driving limitations.

A. Whenever authorized signs are erected indicating any street or part thereof as a play street, no person shall drive a vehicle upon any such street or portion thereof except drivers of vehicles having business or whose residences are within such closed area, and then any said driver shall exercise the greatest care in driving upon any such street or portion thereof.

B. Section 12.84.020 sets out the penalty for violation of subsection A of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (7), 1990; prior code § 27-1-56)

12.12.170 Unauthorized signs, signals or markings.

A. No person shall place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking or device which purports to be or is an imitation of, or attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal, and no person shall place, maintain or display any unauthorized sign, signal, marking or device over a highway.

B. No person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising.

C. This section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.

D. Every such prohibited sign, signal or marking is declared to be a public nuisance and the traffic and parking commission is empowered to remove the same or cause it to be removed without notice.

E. Provided, however, neighborhood watch signs may be erected adjacent to streets and highways and/or be placed on existing traffic sign poles, except those for stop signs and yield signs, provided they do not interfere with or block the view of any traffic-control device, any provision in this section or the metropolitan code to the contrary notwithstanding.

F. Any person violating any of these provisions shall be fined not less than fifty dollars. Each violation of this section shall be deemed a separate offense. (Ord. BL2024-512 §§ 1, 2, 2024; Amdt. 1 to Ord. 92-190, 4/21/92; Ord. 92-190 § 1, 1992; prior code § 27-1-64)

12.12.180 Interfering with or removing official traffic-control devices.

It is unlawful for any person to attempt or in fact alter, deface, injure, knock down or remove any official traffic-control device, or any railroad sign or signal, or any inscription, shield or insignia thereon or any part thereof. (Prior code § 27-1-65)

12.12.190 Traffic calming projects.

A. The Nashville Department of Transportation and Multimodal Infrastructure (NDOT) shall maintain a program for traffic calming that meets the following criteria:

1. The program shall focus on traffic calming projects that lower vehicle speed and improve street safety for all users.

2. NDOT shall coordinate with other departments including the planning department, fire department, the police department, metropolitan Nashville public schools, and the department of parks and recreation.

3. The program allows for neighborhood organizations to submit applications to identify, prioritize, and help mitigate the undesirable effects of traffic in residential neighborhoods.

4. NDOT shall select areas for traffic calming projects based on applications submitted pursuant to the traffic calming program at least once per year and/or as funding allows.

5. Applications shall be evaluated by NDOT using criteria established by NDOT and published on the metropolitan government website.

6. NDOT shall maintain a record of all applications for traffic calming projects and the neighborhoods selected for traffic calming projects. This record must be made available to the public on the metropolitan government website.

B. NDOT may authorize private construction or funding of a traffic calming project by private organizations or entities, which may include but are not limited to neighborhood organizations, homeowner associations, merchant associations, and educational or cultural institutions, provided that:

1. The private organization or entity secures private funding for the proposed traffic calming project. This private funding must comprise the entire project cost, including engineering studies, design, permitting and construction/installation. Installation must conform to NDOT standard details and minimum specifications along with the criteria laid out in this section.

2. The private organization or entity must notify NDOT in writing of its intent to fund or install a traffic calming project. This letter of intent must include contact information, the street(s) in question, and the limits of installation.

3. Upon receiving the letter of intent, NDOT engineers will conduct initial assessments to ensure traffic calming program standards, as set by the department, are met. If the traffic calming proposal is found ineligible, NDOT will provide written notification of this determination and its reasons.

4. Provided that the traffic calming program standards are met, the applicant will be required to produce the following documents prior to permitting:

a. A location map that clearly shows the neighborhood and street(s) proposed for traffic calming infrastructure.

b. A design plan set stamped by a registered engineer conforming to NDOT traffic calming infrastructure requirements.

c. A preliminary support petition containing at least ten signatures from property owners within the project scope that support installation of the traffic calming infrastructure. The petition must include a final signature block for the council member to sign in support of traffic infrastructure. The applicant must use a petition template provided by NDOT.

d. A list of all names and addresses of property owners within the project scope and evidence that these individuals and/or entities have been contacted and provided copies of the traffic calming design plans.

e. A list of materials, specifications, manufacturer, manufacturer recommendations for installation, and their respective quantities. All materials used must meet NDOT's minimum specifications and/or correspond to an item number included in a current metro contract.

5. Upon approval of all required documentation, NDOT may administer a neighborhood ballot process according to the traffic calming program standards established by the department.

6. Once documents have been approved by NDOT engineers and the ballot process, if applicable, is successful, the applicant may apply for a right-of-way permit to install the traffic calming infrastructure.

7. NDOT will assume maintenance and replacement responsibilities once the traffic calming infrastructure has passed inspection.

8. This Subsection B shall apply only to private construction of traffic calming infrastructure initiated by private organizations or entities and shall not apply to private funding of traffic calming through any other means, including as part of on-site or off-site traffic calming improvements required or recommended by NDOT.

C. NDOT may authorize the private construction or funding of a traffic calming project by other means provided that:

1. One or more of the following has occurred:

a. NDOT requires on-site or off-site traffic calming improvement(s) on adjacent streets or on existing or new street connections as part of permitting for a project that is being reviewed under existing entitlements;

b. A traffic impact study recommends the on-site or off-site traffic calming improvement(s) as part of a rezoning or lot subdivision for residential developments pursuant to Section 17.20.140;

c. NDOT recommends to the planning commission or planning department conditions for traffic calming improvement(s) within projects or on existing or new street connections for lot subdivisions that do not require a traffic impact study pursuant to Section 17.20.140; or

d. NDOT recommends that the planning commission and/or the metropolitan council condition the provision of on-site or off-site traffic calming improvement(s) as part of a zone change or PUD revision approval.

2. Upon notification of one of the events listed in Subsection C.1, NDOT engineers will conduct initial assessments to ensure that traffic calming program standards as set by the department are met. If the traffic calming proposal is found ineligible, NDOT will provide written notification of this determination and its reasons.

3. Provided that the traffic calming program standards are met, the applicant will be required to produce the following documents prior to permitting:

a. A location map that clearly shows the neighborhood and street(s) proposed for traffic calming infrastructure.

b. A design plan set stamped by a registered engineer conforming to NDOT traffic calming infrastructure requirements.

c. A list of materials, specifications, manufacturer, manufacturer recommendations for installation, and their respective quantities. Materials must meet NDOT's minimum specifications and/or correspond to an item number included in a current metro contract.

4. Once the proposed project has been approved by NDOT engineers, the applicant may apply for a right-of-way permit to install the traffic calming infrastructure.

5. NDOT will assume maintenance and replacement responsibilities once the traffic calming infrastructure has passed inspection.

D. By August 1 of each year, NDOT shall submit a report to the metropolitan council of the applications received for the traffic calming program, the ranking of each application, and the metrics used to determine the ranking of the applications. This report should also include the status of projects currently in process and completed projects, the date of application for these projects, the date of completion, total cost, and any other projects implemented pursuant to subsections B and C above. (Ord. BL2022-1572 § 1, 2023; Amdt. 1 with Ord. BL2004-374 § 1, 2004)

Chapter 12.16

RULES OF THE ROAD

Sections:

12.16.010	**Driving on right side of roadway required—Exceptions.**
12.16.020	**Overtaking a vehicle on the left.**
12.16.030	**Passing vehicles proceeding in opposite directions—Narrow roadways.**
12.16.040	**Passing on right permitted when.**
12.16.050	**Overtaking on the left.**
12.16.060	**Driving on left side of roadway prohibited—Exceptions.**
12.16.070	**Driving on divided highways.**
12.16.080	**Controlled-access roadways—Entrance and exit restrictions.**
12.16.090	**Controlled-access roadways—Use restrictions and traffic-control devices.**
12.16.100	**No-passing zones.**
12.16.110	**Turning movements and required turning signals.**
12.16.120	**Turn signal procedures.**
12.16.130	**Hand and arm signals.**
12.16.140	**Position of vehicles when turning at intersections.**
12.16.150	**Yield right-of-way—Vehicles at intersections.**
12.16.160	**Yield right-of-way—Vehicles turning to the left.**
12.16.170	**Turning to go in opposite direction.**
12.16.180	**School buses—Overtaking and passing restrictions.**
12.16.190	**Starting parked vehicles.**
12.16.200	**Following too closely.**
12.16.210	**Cutting through private property prohibited.**
12.16.220	**Driving on streets under construction prohibited.**
12.16.230	**Driving through safety zones prohibited.**

12.16.010 Driving on right side of roadway required—Exceptions.

A. Upon all roadways of sufficient width, a vehicle shall be driven upon the right half of the roadway except as follows:

1. When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

2. When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person doing so shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;

3. Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon; or

4. Upon a roadway restricted to one-way traffic.

B. Upon all roadways, any vehicle proceeding at less than the normal speed of traffic at the time and place under the conditions then existing shall be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction, or when preparing for a left turn at an intersection, or into a private road or driveway.

C. Section 12.84.020 sets out the penalty for violation this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (30), 1990; prior code § 27-1-95)

12.16.020 Overtaking a vehicle on the left.

A. The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions and special rules hereinafter stated:

1. The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle;

2. Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal, and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

B. Section 12.84.020 sets out the penalty for violation of this section.

C. The driver of a vehicle overtaking a bicycle proceeding in the same direction shall pass to the left thereof at a safe distance, but not less than three feet clearance, and shall maintain clearance until safely past the overtaken bicycle. (Ord. 99-1815 § 14, 1999; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (33), 1990; prior code § 27-1-98)

12.16.030 Passing vehicles proceeding in opposite directions—Narrow roadways.

A. Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one line of traffic in each direction, each driver shall give to the other at least one- half of the main traveled portion of the roadway as nearly as possible.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (32), 1990; prior code § 27-1-97)

12.16.040 Passing on right permitted when.

A. The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

1. When the vehicle overtaken is making or about to make a left turn;

2. Upon a roadway with unobstructed pavement of sufficient width for two or more lines of vehicles moving lawfully in the direction being travelled by the overtaking vehicle.

B. The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. Such movement shall not be made by driving off the roadway.

C. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (34), 1990; prior code § 27-1-99)

12.16.050 Overtaking on the left.

A. No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless authorized by provisions of this chapter and unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event, the overtaking vehicle must return to an authorized lane of travel as soon as practicable and in the event the passing movement involves the use of a lane authorized for vehicles approaching from the opposite direction, before coming within one hundred feet of any approaching vehicle.

B. Section 12.84.020 sets out the penalty for violation of this section. (Ord. 90-1339 § 1 (27-4), 1990; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (35), 1990; prior code § 27-1-100)

12.16.060 Driving on left side of roadway prohibited—Exceptions.

A. No vehicle shall be driven on the left side of the roadway under the following conditions:

1. When approaching or upon the crest of a grade or curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

2. When approaching within one hundred feet of or traversing any intersection or railroad grade crossing;

3. When the view is obstructed upon approaching within one hundred feet of any bridge, viaduct or tunnel.

B. The foregoing limitations shall not apply upon a one-way roadway, nor under the conditions described in subsection (A)(2) of Section 12.16.040, nor to the driver of a vehicle turning left into or from an alley, private road or driveway.

C. Section 12.84.020 sets out the penalty for violation of subsection A of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (36), 1990; prior code § 27-1-101)

12.16.070 Driving on divided highways.

A. Whenever any highway has been divided into two or more roadways by leaving an intervening space or by a physical barrier or clearly indicated dividing section so constructed as to impede vehicular traffic, every vehicle shall be driven only upon the right-hand roadway unless directed or permitted to use another roadway by official traffic-control devices or police officers. No vehicle shall be driven over, across or within any such dividing space, barrier or section, except through an opening in such physical barrier or dividing section or space, or at a cross-over or intersection as established, unless specifically prohibited by traffic and parking commission.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (39), 1990; prior code § 27-1-104)

12.16.080 Controlled-access roadways—Entrance and exit restrictions.

A. No person shall drive a vehicle onto or from any controlled-access roadway except at such entrances and exits as are established by public authority.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (23), 1990; prior code § 27-1-88)

12.16.090 Controlled-access roadways—Use restrictions and traffic-control devices.

A. The traffic and parking commission, by resolution, may regulate or prohibit the use of any controlled-access roadway or highway within Metropolitan Nashville-Davidson County, by any class or kind of traffic which is found to be incompatible with the normal and safe movement of traffic.

B. The traffic and parking commission adopting any such prohibition shall erect and maintain official traffic-control devices on the controlled-access highway on which such prohibitions are applicable, and when in place no person shall disobey the restrictions stated on such devices.

C. Section 12.84.020 sets out the penalty for violation of subsection B of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (24), 1990; prior code § 27-1-89)

12.16.100 No-passing zones.

A. The department of public works is authorized to determine those portions of any highway under their respective jurisdictions where overtaking and passing or driving on the left side of the roadway would be especially hazardous and may by appropriate signs or marking on the roadway indicate the beginning and end of such zones, and when such signs or markings are in place and clearly visible to an ordinarily observant person every driver of a vehicle shall obey the directions thereof.

B. This section does not apply under the conditions described in subsection (A)(2) of Section 12.16.040, nor to the driver of a vehicle turning left into or from an alley, private road or driveway.

C. Section 12.84.020 sets out the penalty for violation of subsection A of this section. (Ord. 93-575 § 4(g), 1993; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (37), 1990; prior code § 27-1-102)

12.16.110 Turning movements and required turning signals.

A. No person shall turn a vehicle at an intersection unless the vehicle is in proper position upon the roadway as required by Section 12.16.140, or turn a vehicle to enter a private road or driveway, or otherwise turn a vehicle from a direct course, or move right or left upon a roadway unless and until such movement can be made with reasonable safety. No person shall so turn any vehicle without giving an appropriate signal in the manner hereinafter provided. When turning a vehicle at an intersection or to enter a private road or driveway, a person shall yield the right-of-way to bicycles traveling lawfully within a bicycle lane, shoulder, sidewalk or on the roadway.

B. A signal of intention to turn right or left when required shall be given continuously during not less than the last fifty feet traveled by the vehicle before turning.

C. No person shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear when there is opportunity to give such signal.

D. The signals provided for in subsection B of Section 12.16.120 shall be used to indicate an intention to turn, change lanes or start from a parked position, and shall not be flashed on one side only on a parked or disabled vehicle, or flashed as a courtesy or "do pass" signal to operators of other vehicles approaching from the rear.

E. Section 12.84.020 sets out the penalty for violation of subsections A through D of this section. (Ord. 99-1815 § 15, 1999; Ord. 90-1339 § 1 (27-5), (27-6), 1990; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (41), 1990; prior code § 27-1-106)

12.16.120 Turn signal procedures.

A. Any stop or turn signal, when required in this title, shall be given either by means of the hand and arm or by signal lamps, except as otherwise provided in subsection B of this section.

B. Any motor vehicle in use on a highway shall be equipped with and required signal shall be given by signal lamps when the distance from the center of the top of the steering post to the left outside limit of the body, cab or load of such motor vehicle exceeds twenty-four inches, or when the distance from the center of the top of the steering post to the rear limit of the body or load thereof exceeds fourteen feet. The latter measurement shall apply to any single vehicle, also to any combination of vehicles.

C. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (42), 1990; prior code § 27-1-107)

12.16.130 Hand and arm signals.

A. All signals required in this title given by hand and arm shall be given from the left side of the vehicle in the following manner, and such signals shall indicate as follows:

1. Left Turn. Hand and arm extended horizontally;
2. Right Turn. Hand and arm extended upward;
3. Stop or Decrease Speed. Hand and arm extended downward.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (43), 1990; prior code § 27-1-108)

12.16.140 Position of vehicles when turning at intersections.

A. The driver of a vehicle intending to turn at an intersection shall do so as follows:

1. Right Turns. Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.

2. Left Turns. The driver of a vehicle intending to turn left at any intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle and, after entering the intersection, the left turn shall be made so as to leave the intersection in a lane lawfully available to traffic moving in such direction upon the roadway being entered. Whenever practicable, the left turn shall be made in that portion of the intersection to the left of the center of the intersection.

3. Traffic-Control Devices. The traffic and parking commission may cause official traffic-control devices to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection, and when such devices are so placed no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by such devices.

B. Section 12.84.020 sets out the penalty for violation of subsections A through C of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (46), 1990; prior code § 27-1-111)

12.16.150 Yield right-of-way—Vehicles at intersections.

A. When two vehicles approach or enter an intersection from different highways at approximately the same time, the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.

B. The right-of-way rule declared in subsection A of this section is modified by the control of a police officer or traffic-control devices and as otherwise stated in this title.

C. Section 12.84.020 sets out the penalty for violation of subsection A of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (44), 1990; prior code § 27-1-109)

12.16.160 Yield right-of-way—Vehicles turning to the left.

A. The driver of a vehicle intending to turn to the left within an intersection, or into an alley, private road or driveway, shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (45), 1990; prior code § 27-1-110)

12.16.170 Turning to go in opposite direction.

A. The driver of any vehicle shall not turn such vehicle so as to proceed in the opposite direction unless such movement can be made in safety and without interfering with other traffic.

B. No vehicle shall be turned so as to proceed in the opposite direction upon any curve, or upon the approach to or near the crest of a grade, where such vehicle cannot be seen by the driver of any other vehicle approaching from either direction within five hundred feet.

C. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (50), 1990; prior code § 27-1-116)

12.16.180 School buses—Overtaking and passing restrictions.

A. The driver of a vehicle meeting or overtaking from either direction any school bus stopped on the highway shall stop before reaching such school bus when there is in operation on said school bus the flashing red lights specified in Tennessee Statute Annotated and said driver shall not proceed until such school bus resumes motion or he is signaled by the school bus driver to proceed or the flashing red lights are no longer actuated.

B. Every school bus shall be equipped with red visual signals meeting the requirements of Tennessee Statute Annotated of subsection A of this section, which may be actuated by the driver of said school bus whenever but only whenever such vehicle is stopped on the highway for the purpose of receiving or discharging school children. A school bus driver shall not actuate said special visual signals:

1. In business districts and on urban arterial streets designated by the traffic and parking commission;

2. At intersections or other places where traffic is controlled by traffic-control signals or police officers; or

3. In designated school-bus loading areas where the bus is entirely off the roadway.

C. Every school bus shall bear upon the front and rear thereof plainly visible signs containing the words "SCHOOL BUS" in letters not less than eight inches in height. When a school bus is being operated upon a highway for purposes other than the actual transportation of children either to or from school all markings thereon indicating "school bus" shall be covered or concealed.

D. Violation—Penalty.

1. For any person or persons electing to plead guilty and pay a fine for the violation of this section or subsection prior to the court date, the fine for the conviction of a first violation of this section within a twelve-month period shall be fifty dollars, and the fine for the conviction of a second violation within twelve months shall be fifty dollars.

2. The fine for a conviction of a third violation within twelve months shall be set by the court in accordance with Section 1.01.030. The court may use the aforementioned schedule as a guide in setting fines in accordance with Section 1.01.030 for any person or persons who appear in court to contest any violation of this section or subsection. (Ord. 95-1329 § 2 (part), 1995; § 3 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 3 (part), 1990; prior code § 27-1-112)

12.16.190 Starting parked vehicles.

A. No person shall start a vehicle which is stopped, standing or parked unless and until such movement can be made with reasonable safety.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (40), 1990; prior code § 27-1-105)

12.16.200 Following too closely.

A. The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

B. The driver of any motor vehicle drawing another vehicle, when traveling upon a roadway outside of a business or residence district and which is following another motor truck or motor vehicle drawing another vehicle shall, whenever conditions permit, leave sufficient space so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing any like vehicle or other vehicle.

C. Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade, whether or not towing other vehicles, shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy such space without danger. This provision shall not apply to funeral processions.

D. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (38), 1990; prior code § 27-1-103)

12.16.210 Cutting through private property prohibited.

A. The driver or operator of any vehicle shall not drive upon or through any private property or upon or though any driveway not a part of the street or roadway for the purpose of avoiding obedience to any traffic regulation or ordinance of the metropolitan government.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (52), 1990; prior code § 27-1-118)

12.16.220 Driving on streets under construction prohibited.

A. It is unlawful for any person or any event thereof, to drive or cause to be driven, any vehicle upon, over or across any freshly oiled street or pavement in the city which is in the process of construction or is being repaired, and which has not been opened to the use of the public, except an authorized emergency vehicle while engaged in emergency duty, nor shall drive such vehicle upon any street or highway which is officially closed to traffic and which is plainly indicated as such by officially erected signs, barricades or other traffic-control devices.

B. Section 12.84.020 sets out the penalty for violation of subsection A of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (28), 1990; prior code § 27-1-93)

12.16.230 Driving through safety zones prohibited.

A. No vehicle shall at any time be driven through or within a safety zone.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (47), 1990; prior code § 27-1-113)

Chapter 12.20

SPEED RESTRICTIONS

Sections:

12.20.010	**Basic rule—Reasonable speed under the conditions.**
12.20.020	**Maximum speed limits.**
12.20.030	**Special speed zones.**
12.20.040	**Speed limitations for certain vehicles and conditions.**
12.20.050	**Minimum speed regulation.**
12.20.060	**Alleys.**
12.20.070	**School zone restrictions.**
12.20.080	**Construction and demolition site restrictions.**

12.20.010 Basic rule—Reasonable speed under the conditions.

A. No person shall drive a vehicle at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. Consistent with the foregoing, every person shall drive at a safe and appropriate speed when approaching and crossing an intersection or railroad grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, and when special hazards exist with respect to pedestrians or other traffic or by reason of weather or highway conditions in compliance with Sections 12.20.030 and 12.20.040 of this title.

B. Section 12.84.030 sets out the penalty for violation of subsection A of this section. (Ord. 98-1447 § 4, 1999; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (1), 1990; prior code § 27-1-30)

12.20.020 Maximum speed limits.

In the absence of a posted speed limit sign duly authorized by the traffic and parking commission, and except as provided by Sections 12.20.030, 12.20.040 and 12.20.070, or any other section of this title, no person shall exceed the maximum lawful speed stated hereunder, provided that this section shall not apply to the Interstate Highway System, which is regulated under Tennessee Code Annotated, Section 55-8-152:

A. Twenty-five miles per hour within the Urban Services District and General Services District urban and suburban neighborhood local street network;

B. Fifty-five miles per hour in other locations;

C. Section 12.84.030 sets out the penalty for violation of subsections A, B, and C of this section. (Ord. BL2023-1887 §§ 3, 4, 2023; Amdt. B to Ord. BL2021-594 § 3, 2021; Ord. BL2021-594 § 3, 2021; Ord. 98-1447 § 5, 1999; Ord. 90-1339, § 1 (27-2), 1990; prior code § 27-1-31)

12.20.030 Special speed zones.

A. Whenever the traffic and parking commission shall determine upon the basis of an engineering and traffic investigation that any maximum speed hereinbefore set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of the metropolitan highway system, the commission may determine and declare a reasonable and safe maximum or minimum limit thereat, which shall be effective when appropriate signs giving notice thereof are erected. Such a maximum or minimum speed limit may be declared to be effective at all times or at such times as are indicated upon the said signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds. It is unlawful for any person to drive a vehicle at a speed in excess of any speed so declared in this regulation when signs are in place giving notice thereof as set out in Schedule II.*

B. Section 12.84.030 sets out the penalty for violation of subsection A of this section. (Ord. 96-245 § 1, 1996; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (3), 1990; prior code § 27-1-32)

* **Editor's note—**Schedule II is on file for public inspection at the offices of the metropolitan traffic and parking commission.

12.20.040 Speed limitations for certain vehicles and conditions.

A. No person shall drive any vehicle equipped with solid rubber tires at a speed greater than a maximum of ten miles per hour.

B. The traffic and parking commission or public works department may conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it shall thereupon find that such structure cannot with safety to itself withstand vehicles traveling at the speed otherwise permissible under this title, the commission shall determine and declare the maximum speed of vehicles which such structure can safely withstand, and shall cause or permit suitable signs stating such maximum speed to be erected and maintained before each end of such structure.

C. Section 12.84.020 sets out the penalty for violation of subsection A of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (4), 1990; prior code § 27-1-33)

12.20.050 Minimum speed regulation.

Whenever the traffic and parking commission shall determine on the basis of an engineering and traffic investigation that slow speeds on any highway or part of a highway impede the normal and reasonable movement of traffic, the commission may determine and declare a minimum speed limit below which no person shall drive a vehicle except when necessary for safe operation or in compliance with law, and that limit shall be effective when posted upon appropriate fixed or variable signs. (Prior code § 27-1-36)

12.20.060 Alleys.

A. The maximum speed limit in alleys shall be ten miles per hour.

B. Section 12.84.020 sets out the penalty for violation of subsection A of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (5), 1990; prior code § 27-1-34)

12.20.070 School zone restrictions.

A. No driver of a vehicle shall, upon approaching any school zone while children are going to or from school, drive through such zone in excess of fifteen miles per hour. When a school patrol is on duty at any crosswalk approach to a school for the purpose of protecting school pedestrians, and shall give a clearly recognizable signal to approaching traffic, all such approaching traffic shall come to a full stop before entering the crosswalk and shall proceed only when all school pedestrians in the street have safely reached the sidewalk.

B. Section 12.84.030 sets out the penalty for violation of subsection A of this section. (Ord. 98-1447 § 6, 1999; Ord. 95-1329 § 2 (part), 1995; § 2 of Amdt. 2 to Ord. 90-1255, 7/17/90; § 1 of Amdt. 1 to Ord. 90-1255, 6/19/90; Ord. 90-1255 § 2, 1990; prior code § 27-1-35)

12.20.080 Construction and demolition site restrictions.

A. In any construction or demolition site which constitutes a major project as defined under Section 16.28.235.A. of the Metropolitan Code of Laws, and which is located within one hundred linear feet of a public road or street, no driver of a vehicle shall drive through such site in excess of fifteen miles per hour.

B. Section 12.84.030 sets out the penalty for violation of subsection A. of this section. (Ord. BL2016-223 § 1, 2016)

Chapter 12.24

THROUGH STREETS AND STOP INTERSECTIONS

Sections:

12.24.010	**Through streets—Schedule V.**
12.24.020	**Sign requirements.**
12.24.030	**Other intersections where stopping or yielding is required.**
12.24.040	**Procedures for vehicles entering stop or yield intersections.**
12.24.050	**Vehicles emerging from alley, driveway or building.**
12.24.060	**Obstructing intersections—Entry restrictions.**

12.24.010 Through streets—Schedule V.

Those streets and parts of streets described in Schedule V* are hereby expressly declared to be through streets. (Prior code § 27-1-180)

*** Editor's note—**Schedule V is on file for public inspection at the offices of the metropolitan traffic and parking commission.

12.24.020 Sign requirements.

Whenever any regulation or ordinance designates and describes a through street, it shall be the duty of the department of public works to place and maintain a stop sign or, on the basis of an engineering and traffic investigation at any intersection, a yield sign, on each street intersecting such through street, unless traffic at any such intersection is controlled at all times by traffic-control signals; provided, that at the intersection of two such through streets or at the intersection of a through street and a heavy traffic street not so designated, stop signs shall be erected at the approaches of either of such streets as may be determined by the department of public works upon the basis of an engineering and traffic study. (Ord. 93-575 § 4(h), 1993; prior code § 27-1-181)

12.24.030 Other intersections where stopping or yielding is required.

The department of public works is authorized to determine and designate intersections as set out in Schedule VI* where particular hazard exists upon other than through streets and to determine:

A. Whether vehicles shall stop at one or more entrances to any such intersection, in which event he shall cause to be erected a stop sign at every such place where a stop is required; or

B. Whether vehicles shall yield the right-of-way to vehicles on a different street at such intersection as prescribed in Section 12.24.010, in which event he shall cause to be erected a yield sign at every place where obedience thereto is required. (Ord. 93-575 § 4(i), 1993; prior code § 27-1-182)

*** Editor's note—**Schedule VI is on file for public inspection at the offices of the metropolitan traffic and parking commission.

12.24.040 Procedures for vehicles entering stop or yield intersections.

A. Preferential right-of-way at an intersection may be indicated by stop signs or yield signs as authorized in Section 12.24.020 of this chapter.

B. Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop at a clearly marked stop line but, if none, before entering the crosswalk on the near side of the intersection or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection. After having stopped, the driver shall yield the right-of-way to any vehicle which has entered the intersection from another highway or which is approaching so closely on the such highway as to constitute an immediate hazard during the time when such driver is moving across or within the intersection.

C. The driver of a vehicle approaching a yield sign shall, in obedience to such sign, slow down to a speed reasonable for the existing conditions and, if required for safety to stop, shall stop at a clearly marked stop line but, if none, before entering the crosswalk on the near side of the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway. After slowing or stopping, the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another highway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection. Provided, however, that if such a driver is involved in a collision with a vehicle in the intersection, after driving past a yield sign, such collision shall be deemed prima facie evidence of his failure to yield right-of-way.

D. Section 12.84.030 sets out the penalty for violation of subsections B and C of this section. (Ord. 98-1447 § 7, 1999; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (59), 1990; prior code § 27-1-183)

12.24.050 Vehicles emerging from alley, driveway or building.

A. The driver of a vehicle emerging from an alley, driveway or building shall stop such vehicle immediately prior to driving onto a sidewalk area extending across

any alleyway or driveway, and shall yield the right-of-way to any pedestrian as may be necessary to avoid collision, and upon entering the roadway, shall yield the right-of-way to all vehicles approaching on such roadway.

B. Section 12.84.020 sets out the penalty for violation of subsection A of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (60), 1990; prior code § 27-1-184)

12.24.060 Obstructing intersections—Entry restrictions.

A. No driver shall enter an intersection or a marked crosswalk, or drive onto any railroad grade crossing, unless there is sufficient space on the other side of the intersection, crosswalk or railroad grade crossing to accommodate the vehicle he is operating without obstructing the passage of other vehicles, pedestrians, or railroad trains.

B. Section 12.84.020 sets out the penalty for violation of subsection A of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (61), 1990; prior code § 27-1-185)

Chapter 12.28

ONE-WAY STREETS AND ALLEYS

Sections:

12.28.010	**One-way streets and alleys—Schedule IV.**
12.28.020	**Signs to regulate direction of traffic.**
12.28.030	**Changes of traffic direction at certain locations or during certain hours—Left-turn lanes.**

12.28.010 One-way streets and alleys—Schedule IV.

Upon those streets and parts of streets and in those alleys described in Schedule IV,* vehicular traffic shall move only in the indicated direction. (Prior code § 27-1-230)

* **Editor's note—**Schedule IV is on file for public inspection at the offices of the metropolitan traffic and parking commission.

12.28.020 Signs to regulate direction of traffic.

Whenever any regulation of the traffic and parking commission designates any one-way street or alley, the department of public works shall place and maintain signs giving notice thereof, and no such regulation shall be effective unless such signs are in place. Signs indicating the direction of lawful traffic movement shall be placed at every intersection where movement of traffic in the opposite direction is prohibited. (Ord. 93-575 § 4(j), 1993; prior code § 27-1-231)

12.28.030 Changes of traffic direction at certain locations or during certain hours—Left-turn lanes.

A. The department of public works is authorized to determine and designate streets, parts of streets or specified lanes thereon upon which vehicular traffic shall proceed in one direction during one period and the opposite direction during another period of the day and shall place and maintain appropriate markings, signs, barriers or other devices to give notice thereof. The department of public works may erect signs temporarily designating lanes to be used by traffic moving in a particular direction, regardless of the centerline of the roadway.

B. The department of public works is authorized to determine and designate upon a two-way roadway an additional lane in the center of the street for vehicles turning left, from both directions. Where such additional lanes have been provided by official traffic-control signs and markings, no vehicle shall turn left from any other lane. A vehicle shall not be driven in this lane for the purpose of overtaking or passing another vehicle proceeding in the same direction, and at no time farther than the next intersection.

C. It is unlawful for any person to operate any vehicle in violation of such markings, signs, barriers or other devices so placed in accordance with this section.

D. Section 12.84.020 sets out the penalty for violation of subsection C of this section. (Ord. 93-575 § 4(k), 1993; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (65), 1990; prior code § 27-1-232)

Chapter 12.32

EQUIPMENT

Sections:

12.32.010	**Horns and warning devices.**
12.32.020	**Brake equipment.**
12.32.030	**Lighted lamps and illuminating devices required when.**
12.32.040	**Projecting loads—Lamps or flags required when.**
12.32.050	**Reserved.**
12.32.060	**Mud flaps for heavy vehicles.**
12.32.070	**Red lights—Unauthorized use prohibited.**
12.32.080	**Blue lights—Unauthorized use prohibited.**
12.32.090	**Equipment and other nonmoving violations—Nullification procedures.**

12.32.010 Horns and warning devices.

A. Every motor vehicle, when operated upon a highway, shall be equipped with a horn in good working order and capable of emitting sound audible under normal conditions from a distance of not less than two hundred feet, but no horn or other warning device shall emit an unreasonably loud or harsh sound or a whistle. The driver of a motor vehicle shall, when reasonably necessary to insure safe operation, give audible warning with his horn, but shall not otherwise use such horn when upon a highway.

B. No vehicle shall be equipped with nor shall any person use upon a vehicle any siren, whistle or bell, except as otherwise permitted in this section.

C. It is permissible but not required that any commercial vehicle be equipped with a theft alarm signal device which is so arranged that it cannot be used by the driver as an ordinary warning signal.

D. Every authorized emergency vehicle shall be equipped with a siren, whistle or bell, capable of emitting sound audible under normal conditions from a distance of not less than five hundred feet, and of a type approved by the traffic and parking commission and/or the Tennessee Statute Annotated, but such siren shall not be used except when such vehicle is operated in response to an emergency call or in the immediate pursuit of an actual or suspected violator of the law, in which said latter events the driver of such vehicle shall sound the siren, whistle or bell, when reasonably necessary to warn pedestrians and other drivers of the approach thereof.

E. Section 12.84.010 sets out the penalty for violation of this section. (§ 4 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; § 2 (part) of Amdt. 1 to Ord. 90-1255, 6/19/90; Ord. 90-1255 § 4 (3), 1990; prior code § 27-1-280)

12.32.020 Brake equipment.

A. It is unlawful for any person to operate a motor vehicle upon the streets, roads or thoroughfares within the metropolitan government area unless such vehicle shall be equipped with brakes maintained in good working order and adequate to control the movement of and to stop and hold such vehicle. With respect to the brake equipment required and the performance ability of such brakes, the compliance with Tennessee Code Annotated shall be in compliance with this section.

B. Section 12.84.010 sets out the penalty for violation of this section. (§ 4 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; § 2 (part) of Amdt. 1 to Ord. 90-1255, 6/19/90; Ord. 90-1255 § 4 (8), 1990; prior code § 27-1-286)

12.32.030 Lighted lamps and illuminating devices required when.

A. Every vehicle upon a highway within this metropolitan government at any time from a half-hour after sunset to a half-hour before sunrise, and at any other time when, due to insufficient light or unfavorable atmospheric conditions, persons and vehicles on the highways are not clearly discernible at a distance of one thousand feet ahead, shall display lighted lamps and illuminating devices as hereinafter respectively required for different classes of vehicles, subject to exceptions with respect to parked vehicles; and further, that stop lights, turn signals and other signalling devices shall be lighted as prescribed by Tennessee Statute Annotated for the use of such devices.

B. Section 12.84.010 sets out the penalty for violation of this section. (§ 4 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; § 2 (part) of Amdt. 1 to Ord. 90-1255, 6/19/90; Ord. 90-1255 § 4 (5), 1990; prior code § 27-1-282)

12.32.040 Projecting loads—Lamps or flags required when.

A. Whenever the load upon any vehicle extends to the rear four feet or more beyond the bed or body of such vehicle, there shall be displayed at the extreme rear end of the load, at the times specified in Section 12.32.030, two red lamps visible from a distance of at least five hundred feet to the rear, two red reflectors visible at night from all distances within six hundred feet to one hundred feet to the rear when directly in front of lawful

lower beams of headlamps, and located so as to indicate maximum width, and on each side one red lamp visible from a distance of at least five hundred feet to the side and located so as to indicate maximum overhang. There shall be displayed at all other times on any vehicle having a load which extends beyond its sides or more than four feet beyond its rear, red flags, not less than twelve inches square, marking the extremities of such load, at each point where a lamp would otherwise be required by this section or any other regulations set out in Tennessee State Code Annotated.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (76), 1990; prior code § 27-1-285)

12.32.050 Reserved.

Editor's note—Ord. BL2019-1631, § 1, adopted August 20, 2019, repealed § 12.32.050, which pertained to mufflers—Prevention of noise, fumes and smoke and derived from § 4 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; § 2 (part) of Amdt. 1 to Ord. 90-1255, 6/19/90; Ord. 90-1255 § 4 (4), 1990; prior code § 27-1-281. The user's attention is directed to Title 9, Noise and Amplified Sound.

12.32.060 Mud flaps for heavy vehicles.

A. For purposes of this section, the term "heavy vehicle" shall be defined as a vehicle the rear axle of which contains four or more wheels.

B. All heavy vehicles using the public thoroughfares of the metropolitan government shall possess mud flaps or contrivances similar in purpose thereto, for the purpose of preventing the backward propulsion of loose matter by the rear tires of such vehicles.

C. Section 12.84.010 sets out the penalty for violation of this section. (§ 4 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; § 2 (part) of Amdt. 1 to Ord. 90-1255, 6/19/90; Ord. 90-1255 § 4 (9), 1990; prior code § 27-1-287)

12.32.070 Red lights—Unauthorized use prohibited.

A. No vehicle, except emergency vehicles of fire and ambulances, or emergency repair vehicles, including hazardous materials response vehicles, shall be equipped with any light that displays a red light to the front of such vehicle.

B. Section 12.84.010 sets out the penalty for violation of this section. (Ord. 99-1777 § 2, 1999; § 4 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; § 2 (part) of Amdt. 1 to Ord. 90-1255, 6/19/90; Ord. 90-1255 § 4 (6), 1990; prior code § 27-1-283)

12.32.080 Blue lights—Unauthorized use prohibited.

A. No vehicle, except vehicles of the metropolitan police department or highway patrol vehicles, shall be equipped with any light that displays a blue light to the front of such vehicle.

B. Section 12.84.010 sets out the penalty for violation of this section. (§ 4 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; § 2 (part) of Amdt. 1 to 90-1255, 6/19/90; Ord. 90-1255 § 4 (7), 1990; prior code § 27-1-284)

12.32.090 Equipment and other nonmoving violations—Nullification procedures.

A. The circuit court clerk is authorized to establish a nullification program in the traffic violations bureau for eligible equipment and non-moving violations. Violators can appear at the traffic violations bureau and present proof that the defect has been corrected within forty-five days from the date of the violation. There shall be a fee of twelve dollars whenever a non-moving traffic violation is nullified by the traffic violations bureau or is dismissed by the general sessions court after correction of the violation. This fee may be waived by the general sessions court judges in cases of financial hardship.

B. Violations of T.C.A. 55-12-139 (Financial Responsibility Law) charged as a metropolitan violations pursuant to Section 12.08.160 will be dismissed as follows:

1. On or before the court date, the person so charged may submit evidence of financial responsibility at the time of the violation. If it is the person's first violation of this section and the court is satisfied that the financial responsibility was in effect at the time of the violation, the charge of failure to provide evidence of financial responsibility shall be dismissed.

2. Upon the person's second or subsequent violation of this section, if the court is satisfied that the financial responsibility was in effect at the time of the violation, the charge of failure to provide evidence of financial responsibility may be dismissed. Any charge that is dismissed pursuant to this subsection B. shall be dismissed without costs to the defendant and no litigation tax shall be due or collected, notwithstanding any law to the contrary.

(3) A person who did not have financial responsibility that was in effect at the time of being charged with a violation of T.C.A. 55-12-139 as a metropolitan violation pursuant to Section 12.08.160 shall not have that person's violation dismissed. (Ord. BL2010-793 § 9, 2010; Ord. 93-729 § 1, 1993; Ord. 88-623 § 1, 1989; prior code § 27-1-288)

Chapter 12.36

SIZE, WEIGHT AND LOAD RESTRICTIONS

Sections:

12.36.010	**Application of chapter provisions—Exceptions.**
12.36.020	**Width of vehicles.**
12.36.030	**Loads projecting from passenger vehicles.**
12.36.040	**Height and length of vehicles and loads.**
12.36.050	**Special load limits—Pole trailers and structural materials.**
12.36.060	**Spilling or dropping of loads—Preventive measures required.**
12.36.070	**Gross weight per axle of vehicles and loads.**
12.36.080	**Permits for excess size and weight.**
12.36.090	**Restricted use of highways authorized when.**
12.36.100	**Heavily traveled streets—Nonmotorized and other vehicle restrictions.**
12.36.110	**Load restrictions.**
12.36.120	**Liability for damage to highways or structures.**

12.36.010 Application of chapter provisions—Exceptions.

A. It is a misdemeanor for any person to drive or move, or for the owner to cause or knowingly permit to be driven or moved on any highway any vehicle or vehicles of a size or weight exceeding the limitations stated in Tennessee State Statute Annotated.

B. The provisions of this title governing size, weight and load shall not apply to fire apparatus, road machinery, or to implements of husbandry, including farm tractors, temporarily moved upon a highway, or to a vehicle operated under the terms of a special permit issued as herein provided.

C. Section 12.84.020 sets out the penalty for violation of subsection A of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (66), 1990; prior code § 27-1-260)

12.36.020 Width of vehicles.

A. The total outside width of any vehicle or the load thereon shall not exceed eight feet, except as otherwise provided in this section.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (67), 1990; prior code § 27-1-261)

12.36.030 Loads projecting from passenger vehicles.

A. No passenger-type vehicle shall be operated on any highway with any load carried thereon extending beyond the left side of such vehicle nor extending more than six inches beyond the right side thereof.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (68), 1990; prior code § 27-1-262)

12.36.040 Height and length of vehicles and loads.

A. No vehicle, including any load thereon, shall exceed a height of thirteen feet six inches.

B. No vehicle, including any load thereon and bumpers, shall exceed a length of forty feet extreme overall dimensions. This limit shall not apply to air-conditioning or refrigeration equipment mounted on the front of a trailer or semi-trailer.

C. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (69), 1990; prior code § 27-1-263)

12.36.050 Special load limits—Pole trailers and structural materials.

A. Subject to the foregoing provisions of this chapter limiting the length of vehicles and loads, the load upon any vehicle operated alone or the load upon the front vehicle of a combination of vehicles shall not extend more than three feet beyond the foremost part of the vehicle, and the load upon any vehicle operated alone or the load upon the rear vehicle of a combination of vehicles shall not extend more than six feet beyond the rear of the bed or body of such vehicle.

B. The limitations as to length of vehicles and loads heretofore stated in Section 12.36.040 and subsection A of this section shall not apply to any load upon a pole trailer when transporting poles or pipes or structural material which cannot be dismembered, provided that no pole or pipe or other material exceeding eighty feet in length shall be so transported unless a permit has first been obtained as authorized in Section 12.36.080.

C. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (70), 1990; prior code § 27-1-264)

12.36.060 Spilling or dropping of loads—Preventive measures required.

A. No vehicle shall be driven or moved on any highway unless such vehicle is so constructed or loaded as to prevent any of its load from dropping, sifting or leaking, or otherwise escaping therefrom; provided, that this section shall not prohibit the necessary spreading of any substance in highway maintenance or construction operations.

B. No person shall operate on any highway any vehicle with any load unless such load and any covering thereon is securely fastened so as to prevent the covering or load from becoming loose, detached or in any manner a hazard to other users of the highway.

C. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (71), 1990; prior code § 27-1-265)

12.36.070 Gross weight per axle of vehicles and loads.

A. Subject to the limit upon the weight imposed upon the highway through any one axle as set forth in the Tennessee State Statute Annotated, the total gross weight with load imposed upon the highway by any one group of two or more consecutive axles of a vehicle or combination of vehicles shall not exceed the gross weight given for the respective distance between the first and last axle of the group of axles, measured longitudinally to the nearest foot as set forth in Tennessee State Statute Annotated.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (72), 1990; prior code § 27-1-266)

12.36.080 Permits for excess size and weight.

A. The department of public works will issue a special permit in writing at the direction of the traffic and parking commission authorizing the applicant to operate or move a vehicle or combination of vehicles of a size and weight of vehicle or load exceeding the maximum specified in this title or otherwise not in conformity with the provisions of this regulation upon any highway under the jurisdiction of the traffic and parking commission.

B. The application for any such permit shall specifically describe in writing the vehicle or vehicles and load to be operated or moved and the particular highways for which the permit to operate is requested.

C. The department of public works shall issue or withhold such permit at its discretion, or to establish seasonal or other time limitations within which the vehicles described may be operated on the highways indicated, or otherwise to limit or prescribe conditions of operation of such vehicle or vehicles, when necessary to protect the safety of highway users, or to protect the efficient movement of traffic from unreasonable interference, or to protect the highways from undue damage to the road foundations, surfaces or structures.

D. Every such permit shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of the traffic and parking commission, and no person shall violate any of the terms or conditions of such special permit.

E. Section 12.84.020 sets out the penalty for violation of subsection D of this section. (Ord. 93-575 § 4(l), 1993; p§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (73), 1990; prior code § 27-1-269)

12.36.090 Restricted use of highways authorized when.

A. The traffic and parking commission may by resolution prohibit the operation of vehicles upon any such highway or impose restrictions as to the gross weight of vehicles to be operated upon any such highway.

B. The traffic and parking commission shall cause to be erected and maintained signs designating the provisions of the resolution at each end of that portion of the highway affected thereby, and the resolution shall not be effective unless and until such signs are erected and maintained.

C. The traffic and parking commission may also, by resolution, prohibit the operation of trucks or other commercial vehicles, or may impose limitations as to the weight or size thereof, on certain highways designated by appropriate signs placed on such highways. (Prior code § 27-1-267)

12.36.100 Heavily traveled streets—Nonmotorized and other vehicle restrictions.

A. The department of public works is authorized to determine and designate those heavily traveled streets upon which shall be prohibited the use of the roadway by motor-driven cycles, bicycles, horse-drawn vehicles or other nonmotorized traffic, and shall erect appropriate signs giving notice thereof.

B. When signs are so erected giving notice thereof, no person shall disobey the restrictions stated on such signs.

C. Section 12.84.020 sets out the penalty for violation of subsection B of this section. (Ord. 93-575 § 4(m), 1993; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1(75), 1990; prior code § 27-1-271)

12.36.110 Load restrictions.

A. When signs are erected giving notice thereof, no person shall operate any vehicle with a gross weight in excess of the amounts specified at any time upon any of the streets or parts of streets described in Schedule IX* attached to and made a part of this regulation, except that such vehicles may be operated thereon to actively deliver or pick up materials or merchandise and then only by entering such street at the intersection nearest the destination of the vehicle and proceeding thereon no farther than the nearest intersection thereafter.

B. When signs are erected giving notice thereof, no person shall stand or park a vehicle with a gross weight in excess of the amounts specified at any time upon any of the streets or parts of streets described in Schedule IX* attached to and made a part of this regulation, except that such vehicles may stand or be parked thereon to actively deliver or pick up materials or merchandise and then only by entering such street at the intersection nearest the destination of the vehicle and proceeding thereon no farther than the nearest intersection thereafter.

C. No person shall operate any vehicle with a gross weight in excess of five thousand pounds at any time on the 1900 block of Hutton Drive or on Woodycrest Avenue between its intersection with Hutton Drive and Interstate Drive, except that such vehicles may be operated thereon for the purpose of delivering and picking up materials and merchandise to residences on said streets. Further, no person shall operate any vehicle with a gross weight in excess of thirty-one thousand five hundred pounds at any time on McCrory Lane, on Poplar Creek Road, or on Old Harding Pike between U.S. Highway 70 South and Highway 100, except that such vehicles may be operated thereon as follows:

1. For the delivery and pickup of materials and merchandise at residences located on or within three miles of one of the routes named herein, provided they make no more than eighteen such trips per week to any individual residence;

2. For the delivery and pickup of materials and merchandise at businesses located on or within one mile of one of the routes named herein, provided the property on which the business operates is zoned for commercial use;

3. For the delivery of building materials for buildings under construction for which a building permit has been obtained;

4. For the delivery and pickup of materials for properties under development for which a grading permit has been obtained, provided the property is being developed for residential or commercial use and the grading permit has not been issued for the purposes of filling the property as a result of a prior mineral extraction operation as defined in Section 17.04.060 of the Metropolitan Code or for any other grading activity on agriculturally-zoned property not associated with a residential or commercial development; and

5. When traffic is routed onto one or more of these routes by government officials as a result of an emergency.

Notwithstanding any other provision of this title to the contrary, the department of public works shall have the authority to issue citations for violations of this subsection C.

D. Section 12.84.020 sets out the penalty for violation of this section. (Ord. BL2020-492 § 1, 2021; Ord. BL2010-748 § 1, 2010; Amdt. 1 to Ord. 94-1174, 11/15/94; Ord. 94-1174 § 1, 1994; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1(74), 1990; prior code § 27-1-270)

* **Editor's note—**Schedule IX is on file for public inspection at the offices of the metropolitan traffic and parking commission.

12.36.120 Liability for damage to highways or structures.

A. Any person driving any vehicle, object or contrivance upon any highway or highway structure shall be liable for all damage which the highway or highway structure may sustain as a result of any illegal operation, driving or moving of such vehicle, object or contrivance, or as a result of operating, driving or moving any vehicle, object or contrivance weighing in excess of the maximum weight in this regulation but authorized by a special permit issued as provided in this chapter.

B. Whenever such driver is not the owner of such vehicle, object or contrivance, but is so operating, driving or moving the same with the express or implied permission of the owner, then said owner and driver shall be jointly and severally liable for any such damage.

C. Such damage may be recovered in a civil action brought by Metropolitan Nashville-Davidson County. (Prior code § 27-1-268)

Chapter 12.40

PARKING*

Sections:

12.40.010 Application of chapter provisions.
12.40.020 Sign requirements and use of curb/street painting.
12.40.030 Method of parking.
12.40.040 Stopping, standing or parking—Prohibited locations.
12.40.050 One-way roadways—Standing and parking restrictions.
12.40.060 Alley parking.
12.40.070 Parking on narrow streets.
12.40.080 Parking not to obstruct traffic.
12.40.090 Handicapped parking spaces.
12.40.095 Residential on-street handicapped parking space.
12.40.100 Parking near schools.
12.40.110 Stopping, standing or parking near hazardous or congested places.
12.40.120 Parking with left side of vehicle to curb.
12.40.130 Blocking driveways or garages.
12.40.140 Parking—Use of streets by parking lot attendants prohibited.
12.40.150 Parking for sale or repair purposes unlawful.
12.40.170 Trucks—parking restrictions and maneuvering for parking.
12.40.180 Large vehicle parking in the public right-of-way prohibited.
12.40.190 Reserved.
12.40.200 Unattended motor vehicles—Required procedures.
12.40.210 Illegal parking—Owner prima facie responsibility.
12.40.220 Removal of vehicles authorized when.
12.40.230 Chapter provisions not exclusive.

12.40.010 Application of chapter provisions.

The provisions of this chapter prohibiting the standing or parking of a vehicle shall apply at all times, or at the times herein specified, or as indicated on official signs except when it is necessary to stop a vehicle to avoid conflict with other traffic, or in compliance with the directions of a police officer or traffic-control device. (Prior code § 27-1-158)

12.40.020 Sign requirements and use of curb/street painting.

Whenever by this or any other regulation of the traffic and parking commission, any parking time is imposed or parking is prohibited on designated streets, it shall be the duty of the department of public works to erect appropriate signs or to paint the curbs and/or street surface giving notice thereof. No such regulations shall be effective unless such signs are erected and in place, or the curbs and/or street surface have been painted, at the time of any alleged offense. (Ord. BL2012-111, § 1, 2012; Ord. 93-575 § 4(n), 1993; prior code § 27-1-160)

12.40.030 Method of parking.

No person shall stand or park a vehicle in a roadway other than parallel with the edge of the roadway, headed in the direction of traffic, and with the curbside wheels of the vehicle within eighteen inches of the edge of the roadway, except as provided in the following subsections:

A. Upon those streets which have been officially marked or signed for angle parking, vehicles shall be parked at the angle to the curb indicated by such marks or signs, and no vehicle shall occupy more than one parking stall or position when plainly marked;

B. Angle parking shall be permitted in suburban business districts within the jurisdiction of metropolitan government where ramps have been constructed in front of or adjacent to store buildings under plans and specifications approved by the traffic and parking commission, but in no case shall any vehicle project into the street from the normal curbline produced. Angle parking is permitted in the location described and designated in Schedule VII. (Ord. 90-1339 § 1 (27-7), 1990; prior code § 27-1-144)

12.40.040 Stopping, standing or parking—Prohibited locations.

A. Except when necessary to avoid conflict with other traffic, or in compliance with regulation of the directions of a police officer or official traffic-control device, no person shall:

1. Stop, stand or park a vehicle:

a. On the roadway side of any vehicle stopped or parked at the edge or curb of a street,

***Editor's note—**Schedule VII, referred to in Sections 12.40.030, 12.40.040, 12.40.170, 12.40.220 and 12.40.230 of this chapter, is on file for public inspection at the offices of the metropolitan traffic and parking commission.

b. On a sidewalk; however, a bicycle may be parked on a sidewalk unless otherwise posted if it does not impede the normal and reasonable movement of pedestrians or other traffic. Any vehicle in violation of this provision shall be towed and the owner or operator shall be responsible for the payment of the towing charges,

c. Upon any median, buffer strip, planting strip or landscape strip located between a sidewalk and roadway,

d. Within an intersection,

e. On a crosswalk,

f. Between a safety zone and the adjacent curb, or within thirty feet of points on the curb immediately opposite the ends of a safety zone, unless a different length is indicated by signs or markings,

g. Alongside or opposite any street excavation or obstruction, when stopping, standing or parking would obstruct traffic,

h. Upon any bridge or other elevated structure upon a highway or within a highway tunnel,

i. On any railroad tracks,

j. At any place where official signs prohibit stopping, standing or parking;

2. Stand or park a vehicle, whether occupied or not, except momentarily to pick up or discharge a passenger or passengers:

a. In front of a public or private driveway,

b. Within fifteen feet of a fire hydrant,

c. Within thirty feet of a crosswalk at an intersection,

d. Within thirty feet upon the approach to any flashing signal, stop sign, yield sign or traffic-control signal located at the side of a roadway,

e. Within twenty-five feet of the driveway to fire station and on the side of a street opposite the entrance to any fire station within seventy-five feet of such entrance, when properly signposted,

f. At any place where official signs prohibit standing,

g. On any controlled-access highway,

h. In the area between roadways of a divided highway, including crossovers,

i. In front of any postal mail drop or box,

j. In any area designated "Residential Permit Parking Only" except for allowable time limit parking provided for vehicles without a residential parking permit;

3. Park a vehicle, whether occupied or not, except temporarily, for the purpose of and while actually engaged in loading or unloading merchandise or passengers:

a. Within fifty feet of the nearest rail of a railroad crossing,

b. At any place where official signs prohibit parking.

B. No person shall move a vehicle not lawfully under his control into any such prohibited area or away from a curb such a distance as is unlawful, as set out in Schedule VII.

C. The owner of any personal property or motor vehicle found in violation of subsection A.1.e. of this section shall be subject to a fine in the amount of fifty dollars, which shall be assessed by the issuance of a parking citation.

D. The parking of abandoned motor vehicles shall be controlled pursuant to Sections 12.08.210 through 12.08.220.

E. Notwithstanding the general signage requirements of section 12.40.020 of this chapter to the contrary, no person shall stop, stand or park a motor vehicle within any bicycle lane unless the metropolitan traffic and parking commission has determined that parking within the bicycle lane in specific locations is appropriate during certain hours and signs have been erected in the designated area(s) to that effect. The owner of any motor vehicle found in violation of this subsection shall be subject to a fine in the amount of fifty dollars, which shall be assessed by the issuance of a parking citation.

F. In parking lots with designated spaces for ten or more vehicles, no vehicle shall be parked in a space designated for charging any electric vehicle by any sign or pavement marking using the term "electric vehicle charging," or otherwise reasonably indicating designation for electric vehicle charging, unless the vehicle is a plug-in electric vehicle. The owner of any motor vehicle found in violation of this subsection shall be subject to a fine in the amount of fifty dollars, which shall be assessed by the issuance of a parking citation. In spaces designated for charging an electric vehicle on property owned by the Metropolitan Government of Nashville and Davidson County, such spaces shall be marked with official signs or pavement markings to prohibit parking of any vehicle other than plug-in electric vehicles. On or before January 1, 2018, any space designated for charging electric vehicles in parking lots with designated spaces for ten or more vehicles must be marked by a sign, pavement marking or other indication that parking of non-electric vehicles in such space is prohibited. As used in this section, "plug-in electric vehicle" shall mean any motor vehicle that draws electricity from a battery that is capable of being charged from an external source.

(Ord. BL2017-561 § 1, 2017; Amdt. 1 to Ord. BL2016-496 § 1, 2017; Ord. BL2016-496 § 1, 2017; Ord. BL2010-793 § 10, 2010; Ord. BL2008-307 § 1, 2008;

Ord. 99-1590 § 10, 1999; Ord. 93-620 § 3, 1994; Ord. 93-562 § 13, 1993; Ord. 89-986 § 1, 1989; prior code § 27-1-145)

12.40.050 One-way roadways—Standing and parking restrictions.

In the event a highway includes two or more separate roadways and traffic is restricted to one direction upon any such roadway, no person shall stand or park a vehicle upon the left-hand side of such one-way roadway unless signs are erected to permit such standing or parking. The department of public works is authorized to determine when standing or parking may be permitted upon the left-hand side of any such one-way roadway, and to erect signs giving notice thereof. (Ord. 93-575 § 4(o), 1993; prior code § 27-1-157)

12.40.060 Alley parking.

No person shall park within an alley except for the expeditious loading or unloading of materials. (Prior code § 27-1-147)

12.40.070 Parking on narrow streets.

A. The department of public works is authorized to erect signs indicating no parking upon any street when the width of the roadway does not exceed twenty feet, or upon one side of a street as indicated by such signs when the width of the roadway does not exceed thirty feet. Notwithstanding the foregoing provision to the contrary, parking shall be allowed on both sides of the following streets, in either direction on the street:

1. Berry Street.
2. Birdsall Street.
3. Bryan Street.
4. Clarke Street.
5. Cleves Street.
6. Debow Street.
7. Dodson Street.
8. Elliston Street.
9. Jones Street.
10. Lawrence Street.
11. Overton Street.

B. When official signs prohibiting parking are erected upon narrow streets as authorized herein, no person shall park a vehicle upon any such street in violation of any such sign. (Amdt. 1 to Ord. BL2009-601 § 1; Ord. BL2009-601 § 1, 2010; Ord. 93-575 § 4(p), 1993; prior code § 27-1-156)

12.40.080 Parking not to obstruct traffic.

No person shall park any vehicle upon a street in such a manner or under such conditions as to leave available less than twelve feet of the width of the roadway for free movement of vehicular traffic. (Prior code § 27-1-146)

12.40.090 Handicapped parking spaces.

A. Definitions. For the purposes of this section:

1. "Handicapped" means those people who are mobility-limited, unable to move about freely without restrictions.

2. "Properly identified parking space" means a parking space with a sign carrying the handicapped designation visible to a motorist driving a motor vehicle.

3. "Properly identified vehicle" means a vehicle bearing any of the following: a handicapped symbol or special state-issued limited-use permit prominently displayed on the windshield, or a license plate issued to disabled veterans or handicapped persons.

B. Unlawful Activities—Removal of Vehicles. The parking, stopping or standing of any personal property, including motor vehicles not properly identified as being used by a handicapped person, or any other means of obstructing handicapped parking spaces on private and public property shall be prohibited at all times pursuant to the inherent and statutory powers of the Metropolitan Government of Nashville and Davidson County to preserve the health, welfare and safety of its citizens. Any vehicle or other personal property found to be parked or standing in a handicapped parking space not identified as being used by a handicapped person shall, with the consent of the owner, lessee or other person in possession or control of the real estate where such a handicapped parking space has been established, be towed away or removed upon the request of any law enforcement officer after the vehicle has been cited by metropolitan police and adequate time has been given the owner to remove the vehicle. The owner of such personal property shall be responsible for all tow-in charges and resulting storage charges, if any. The sign designating a handicapped parking place shall be permanently placed at least five feet above grade. If the sign is not permanently displayed, no citation shall be issued for violation thereof.

C. The owner of any personal property or motor vehicle found in violation of this section shall be subject to a fine in the amount of fifty dollars, which shall be assessed by the issuance of a parking citation.

D. Signs. All signs posted after January 1, 1989, on public or private properties to designate handicapped parking shall contain the words "Unauthorized parking is punishable by a fine up to $100.00."

E. Enforcement. The provisions of Tennessee Code Annotated Section 55-21-108 shall be enforced within the area of the metropolitan government, whether viola-

tions occur on public or private property. (Ord. BL2010-793 § 11, 2010; Ord. 95-1360 § 1, 1995; Amdt. 1 to Ord. 89-1069, 2/6/90; Ord. 89-1069 § 2, 1990; prior code § 27-1-157.5)

12.40.095 Residential on-street handicapped parking space.

A. Individuals may contact the department of public works to request that a residential on-street handicapped parking space be placed in front of their residence at no cost to the resident. The department shall evaluate each request to determine if a residential on-street handicapped parking space is appropriate. Factors to be considered in determining whether placement of a residential on-street handicapped parking space is appropriate include:

1. The availability of off street parking, including a driveway, parking lot, or garage

2. Whether the person requesting the space possesses a properly identified vehicle

3. Whether the residence where the space is requested contains an accessibility ramp or other similar accommodation

4. Whether the individual is eligible for paratransit services offered by the metro government

5. Any other factor which, upon inspection of the residential property, is deemed appropriate by the department

B. Residential on-street handicapped parking spaces are not reserved for the resident or individual who requested the space and may be used by other properly identified vehicles. (Ord. BL2016-497 § 1, 2017)

12.40.100 Parking near schools.

A. The department of public works is authorized to erect signs indicating no parking upon either or both sides of any street adjacent to any school property when such parking would, in his opinion, interfere with traffic or create a hazardous situation.

B. When official signs are erected indicating no parking upon either side of a street adjacent to any school property as authorized herein, no person shall park a vehicle in any such designated place. (Ord. 93-575 § 4(q), 1993; prior code § 27-1-155)

12.40.110 Stopping, standing or parking near hazardous or congested places.

A. The department of public works is authorized to determine and designate by proper signs places, not exceeding one hundred feet in length, in which the stopping, standing or parking of vehicles would create an especially hazardous condition or would cause unusual delay to traffic.

B. When official signs are erected at hazardous or congested places as authorized herein, no person shall stop, stand or park a vehicle in any such designated place. (Ord. 93-575 § 4(r), 1993; prior code § 27-1-150)

12.40.120 Parking with left side of vehicle to curb.

No vehicle shall stop, stand or park with its left side to the curb, except on one-way streets. (Prior code § 27-1-151)

12.40.130 Blocking driveways or garages.

No person shall stop, stand or park any vehicle in such a manner as to block or impede ingress or egress from any public or private driveway or garage. (Prior code § 27-1-152)

12.40.140 Parking—Use of streets by parking lot attendants prohibited.

It is unlawful for any person who owns, operates, manages or works at a parking lot or garage to park, cause or authorize to be parked on any street or alley within the jurisdiction of the metropolitan government any automobile or other motor vehicle for which a parking or storage fee is charged. (Prior code § 27-1-142)

12.40.150 Parking for sale or repair purposes unlawful.

A. No person shall park a vehicle upon the roadway for the purpose of:

1. Displaying such a vehicle for sale;

2. Washing, greasing or repairing such vehicle, except repairs necessitated by an emergency.

B. No person shall park a vehicle upon residential property abutting or adjacent to an arterial street, as specified in the Major and Collector Street Plan, for the purpose of displaying such a vehicle for sale. (Ord. BL2016-417 § 1, 2016; prior code § 27-1-148)

12.40.170 Trucks—Parking restrictions and maneuvering for parking.

A. No operator of any truck or tractor-semi-trailer shall maneuver into or across traffic lanes or interfere with or obstruct the movement of traffic in such lanes in order to park such vehicles on any of the streets designated in Schedule VII of the regulations of the traffic and parking commission during the hours indicated in such schedule.

B. No operator shall stand any vehicle or motor vehicle for any purpose whatsoever so that any portion of such vehicle shall extend a greater distance from the

nearest curb of such street or roadway than would a similar vehicle lawfully parked at the same location during the hours indicated and on the streets designated in such Schedule VII. (Prior code § 27-1-141)

12.40.180 Large vehicle parking in the public right-of-way prohibited.

A. Definitions.

For purposes of this section, "large vehicle" means any commercial, oversized, or heavy-duty vehicle classified by the United States Department of Transportation (USDOT) vehicle classification system as Class 4 or higher. The term also includes, but is not limited to: box trucks, semi-trailers, tractors, dump trucks, tank trucks, mobile vending units, and any attached or detached trailer that is classified as a USDOT Class 3 trailer or higher.

For purposes of this section, "public right-of-way" means all streets, roads, highways, avenues, boulevards, alleys, bridges, tunnels, or other public ways dedicated to public use and maintained for general public travel within the area of the metropolitan government.

B. Parking Large Vehicles in the Public Right-of-Way Prohibited.

1. The parking, stopping, or standing of any large vehicle in the public right-of-way is strictly prohibited unless otherwise authorized by a valid permit issued by the Nashville Department of Transportation and Multimodal Infrastructure (NDOT).

2. Overnight parking by large vehicles in the public right-of-way is prohibited.

3. Large vehicles may stand temporarily in the public right-of-way during daylight hours only while actively providing a service to a neighboring business or residence. A minimum twelve-foot-wide travel lane must remain open for vehicular traffic in each direction if pavement markings are present (e.g., double yellow line, center line), which requires a twenty-four-foot total clear width; or, a minimum twelve-foot total clear width must remain open on the roadway if no pavement markings are present. All vehicles must be removed within thirty minutes of service completion. Regulatory signs shall take precedence over pavement markings.

C. Loading and Unloading Restrictions for Large Vehicles. Loading and unloading operations by large vehicles shall primarily take place only in designated loading zones, alleys, or loading docks. Stopping a large vehicle in an active vehicular traffic lane in the public right-of-way is strictly prohibited unless absolutely necessary to complete the service, and is subject to the following safety and operational limitations:

1. The stop must not exceed thirty minutes and must be conducted expeditiously.

2. A minimum twelve-foot-wide travel lane must remain open for vehicular traffic in each direction if pavement markings are present (e.g., double yellow line, center line), which requires a twenty-four-foot total clear width; or, a minimum twelve-foot total clear width must remain open on the roadway if no pavement markings are present. Regulatory signs shall take precedence over pavement markings.

3. The large vehicle must be visibly engaged in the immediate loading or unloading process (e.g., lift gate open, doors open, and staff must be visibly handling cargo); and

4. The operator of the large vehicle must activate warning flashers and immediately deploy visibly placed traffic cones or warning triangles behind the vehicle to alert approaching traffic.

D. Enforcement and Penalties. Both the Nashville Department of Transportation and Multimodal Infrastructure (NDOT) and the Metropolitan Nashville Police Department (MNPD) are fully authorized to enforce this section. Violators are subject to penalties including immediate orders to move the large vehicle, fines, and towing at the owner's expense. Any violation that constitutes an immediate public safety hazard or impedes emergency access will result in immediate ticketing and towing. (Ord. BL2025-956 § 1, 2025; Amdt. 1 to Ord. BL2009-491 § 1, 2009; Ord. BL2009-491 § 1, 2009; prior code § 27-1-153)

12.40.190 Reserved.

Editor's note—Ord. BL2025-956 § 2, passed Dec. 4, 2025, repealed § 12.40.190, which pertained to night parking restrictions—Tank trucks, school buses and certain other vehicles and derived from Ord. BL2021-867 § 1, 2021; Ord. BL2020-493 § 1, 2021; prior code § 27-1-154.

12.40.200 Unattended motor vehicles—Required procedures.

A. No person driving or in charge of a motor vehicle shall permit it to stand unattended without first stopping the engine, locking the ignition, removing the key from the ignition, effectively setting the brake thereon and, when standing upon any grade, turning the front wheel to the curb or side of the highway.

B. Notwithstanding the provisions of subsection A. of this section to the contrary, it shall be lawful to start a vehicle and leave it running if the vehicle is parked on private residential property, the doors of the vehicle remain locked, the vehicle cannot be driven without a key in the ignition switch, and there is no key in the ignition switch while the vehicle is unattended. (Amdt. 1 to Ord. BL2010-612 § 1, 2010; Ord. BL2010-612 § 1, 2010)

12.40.210 Illegal parking—Owner prima facie responsibility.

In any prosecution charging a violation of any law or regulation governing the standing or parking of a vehicle, proof that the particular vehicle described in the citation or warrant was parked in violation of any such law or regulation, together with proof that the defendant named in the citation or warrant was, at the time of such parking, the registered owner of such vehicle, shall constitute in evidence a prima facie presumption that the registered owner of such vehicle is responsible for such violation, whether such violation is committed by the registered owner's bailee, lessee or customer. (Prior code § 27-1-143)

12.40.220 Removal of vehicles authorized when.

Whenever any police officer finds a vehicle in violation of any of the parking regulations set out in Schedule VII, such officer is authorized to move such vehicle, or require the driver or other person in charge of the vehicle, if present, to move the same to a position off the roadway. (Prior code § 27-1-161)

12.40.230 Chapter provisions not exclusive.

The provisions of this chapter imposing a time limit on parking shall not relieve any person from the duty to observe other and more restrictive provisions prohibiting or limiting the stopping, standing or parking of vehicles in specified places or at specified times, as shown in Schedule VII. (Prior code § 27-1-159)

12.41.010 Definitions.

As used in this chapter:

"Commission" means the metropolitan traffic and parking commission or its designee.

"Department" means the metropolitan department of public works, or its designee. The designee of the department of public works may be its contractor, provided the initial term of such contract does not exceed sixty months.

"Director" means the director of the metropolitan department of public works.

"License" means the license issued by the department of public works allowing a person to engaged in the business of valet parking within the area of the metropolitan government.

"Permit" or "valet parking permit" means the permit issued by the department of public works allowing a valet parking operator to conduct a valet service at a specific location or locations.

"Valet parking," "valet parking operation," "valet operation" or "valet service" means the process by which patron's vehicles are removed from designated spaces on the public street to private parking areas for storage and subsequent retrieval upon patron's demand.

"Valet parking operator," "valet operator," or "operator" means the person, business or entity engaged in valet parking. (Ord. BL2021-646 § 6, 2021; Amdt. 1 to Ord. BL2011-916 § 1, 2011; Ord. BL2011-916 § 1, 2011)

12.41.020 License required—Issuance—Conditions.

A. Effective from and after September 1, 2011, no person shall engage in the business of valet parking within the area of the metropolitan government without first obtaining and keeping in force a license from the commission as a valet operator, provided that no such license shall be required for persons conducting or offering valet parking services solely on private property without involving the use of any public right-of-way.

B. Any person desiring to engage in the business of providing valet services within the area of the metropolitan government shall make application to the department, which application shall be upon forms to be provided by the department. The completed application must contain all the information required by such form and must be verified under oath.

C. The application form to be adopted by the commission and provided by the department shall require such information as the commission determines to be necessary and proper, including, but not limited to, the following information:

1. The full name and address of the person, firm or corporation desiring to obtain a license.

2. The names and addresses of at least two references as to the applicant's financial responsibility;

3. That the applicant is ready, willing and able to comply with all the rules and regulations of the department, and the laws of the metropolitan government, the State of Tennessee, and the United States, including applicable workers' compensation, minimum wage, and labor laws.

4. That the applicant will provide the department with the names and home addresses of all employees to be used or employed by the applicant in the business of providing valet services. The applicant shall provide an update upon each renewal of his license;

5. That the applicant will take out and maintain in full force and effect such policies of insurance as are herein required;

6. That the applicant has a defined claims handling process in place to address citizen complaints and claims; and

---

***Editor's note—**Ord. BL2011-916, § 1, approved July 21, 2011, repealed the former Ch. 12.41, §§ 12.41.010—12.41.070, and enacted a new Ch. 12.41 as set out herein. The former Ch. 12.41 pertained to similar subject matter and derived from Ord. 96-529 § 1 (part), adopted 1997; Ord. BL2010-793 § 12, adopted 2010.

7. Proof of a valid business tax licensed issued by the Davidson County Clerk.

D. If the commission finds upon examination that the applicant is capable, willing and qualified to provide valet services and can conform to the laws of the metropolitan government, the State of Tennessee, the United States and the rules and regulations of the commission, then the department shall grant and issue to such applicant a valet operator license; otherwise, the application shall be denied.

E. Such license shall state the name and address of the licensee, the date of issuance, and such other information as the commission determines to be necessary and proper.

F. A valet operator license issued by the department pursuant to this section shall be valid for a period of one year at an annual fee of one hundred dollars. Such license shall not be sold, assigned, or otherwise transferred without approval of the commission, and shall expire immediately upon the licensee terminating the valet service or upon revocation by the commission. Renewal shall be on an annual basis and shall be granted after confirmation of the extension of all applicable permit requirements established in this chapter and the payment of applicable fees. (Amdt. 1 to Ord. BL2011-916 § 1, 2011; Ord. BL2011-916 § 1, 2011)

12.41.030 Valet location permit required.

In addition to the licensing requirements of Section 12.41.020 of this chapter, the department shall issue parking permits to valet parking operators to conduct their operations on public streets as a commercial enterprise or in furtherance of a commercial enterprise. A separate permit is required for each location where valet parking services are provided. Permits will be issued only for locations where valet parking would not be detrimental to the public safety, health and welfare of the inhabitants of Nashville and Davidson County and only after approval of the commission. (Ord. BL2011-916 § 1, 2011)

12.41.040 Conditions of valet parking permits.

A. Hold Harmless. Each valet parking operator applying for a permit for use of public property shall execute an agreement approved by the metropolitan department of law providing for the valet operator to indemnify, hold harmless, and defend the metropolitan government, its officers, agents and employees against, and assume all liability for, any and all claims, suits, actions, damages, liabilities, expenditures, or causes of actions of any kind arising from its use of the public streets for the purposes authorized in this section and resulting or accruing from any alleged negligence, act, omission or error of the valet parking operation, its agents or employees and/or arising from the failure of the valet parking operation, its agents or employees, to comply with each and every requirement of this section or with any other ordinance of the metropolitan government applicable to the valet parking operation resulting in or relating to bodily injury, loss of life or limb or damage to property sustained by any person, firm, corporation, or other business entity. The valet parking operator shall agree to save the metropolitan government, its officers, agents and employees harmless from and against all judgments, orders, decrees, attorneys' fees, costs, expenses and liabilities incurred in and about any such claim, investigation or defense thereof, which may be entered, incurred or assessed as a result of the foregoing. The valet parking operator shall defend, at its sole cost and expense, any legal action, claim or proceeding instituted by any person against the metropolitan government, its officers, agents and employees as a result of any claim, suit or cause of action accruing from activities authorized by this chapter for injuries to body, limb or property as set forth in this subsection.

B. Term. The term of each permit shall be for one year. Renewal shall be on an annual basis and may be granted after confirmation of the extension of all applicable permit requirements established in this chapter and the payment of applicable fees.

C. Cancellation. A valet parking permit may be canceled by the commission under the following circumstances:

1. The commission determines that parking spaces permitted for valet parking are no longer being used for the purpose of valet parking or are otherwise abandoned. Valet parking spaces are considered abandoned if they are not utilized for valet parking for a continuous period of thirty days;

2. The commission determines that the valet operation is creating a hazardous traffic condition and/or serious disruption of traffic flow or is otherwise inimical to the public health, safety and welfare;

3. Parking is no longer permitted in the area where valet service is provided;

4. The valet parking operator four times fails to comply with the rules and regulations established by the commission and/or the provisions of this chapter or otherwise creates a situation that is inimical to the public health, safety and welfare.

D. Cancellation pursuant to subparagraph C.4. of this section shall preclude the valet parking operator, a general partner, or immediate family member of the operator from being issued a valet parking permit for any location for a period of one year if the operator whose license has been canceled has any participation in

the operation, management and/or maintenance of the valet parking operation(s) for which the permit application is being made.

E. When a permit is canceled by the commission pursuant to subsection C. of this section the commission shall immediately provide the permit holder written notice by certified mail of the cancellation and the reasons for the cancellation. (Ord. BL2021-646 § 7, 2021; Ord. BL2011-916 § 1, 2011)

12.41.050 Insurance requirements.

No license to operate a valet service shall be issued, become effective or continue unless there is in full force and effect a liability insurance policy covering the valet parking operator with not less than a one million dollar single limit. Such liability insurance policy shall be with an insurance company authorized to do business in Tennessee and approved by the department of law. The liability insurance policies required in this section shall name the metropolitan government as an additional insured. (Ord. BL2011-916 § 1, 2011)

12.41.060 Hearing before suspension, revocation or probation and after refusal to renew license or permit.

A. No action to suspend, revoke or place on probation any license or permit provided for in this chapter shall be taken by the commission until the licensee or permittee has been furnished a written statement of the charges and a notice of the time and place of the hearing to be held thereon. The furnishing of such notice and the reasons for the commission's proposed action shall be given to such licensee or permittee at least fifteen days prior to the date of the hearing. If at such hearing, the commission finds the charges against the licensee or permittee to be true, it may suspend, revoke or place on probation the license or permit previously issued by it.

B. Upon the failure to renew any license or permit, the commission shall so notify the licensee or permittee, giving the licensee or permittee the reasons for its failure to renew the license or permit. The licensee or permittee may by a simple written request addressed to the commission, request a hearing by the commission as to the reasons for the commission's failure to renew the license or permit. The commission shall then grant the licensee or permittee a hearing and shall fix the time and place for such hearing within thirty days and shall promptly notify the licensee or permittee of the time and place. It shall be incumbent upon the commission at the hearing to substantiate the reasons for its failure to renew the license or permit.

C. At any hearing provided for in this chapter, the licensee or permittee shall have the right to be represented by an attorney of his choice, to present evidence, and to have witnesses testify under oath on his behalf. At such hearing, the strict rules of evidence shall not apply. (Ord. BL2011-916 § 1, 2011)

12.41.070 Employees—Background checks.

A. The valet parking operator shall require all employees who operate motor vehicles to have in their possession at the time of such operation a valid Tennessee drivers license.

B. For purposes of this ordinance, all persons performing valet parking services for the valet parking operator shall be considered employees, and not independent contractors of the valet parking operator.

C. At the time an application for a license is made, the applicant shall certify that all employees of the valet parking operator are eligible to serve as an employee of an operator. No person shall be eligible to serve as a valet parking operator or an employee of an operator if he/she has been:

1. Convicted, pled guilty, placed on diversion, probation or parole, or pleaded nolo contendere within the past five years for violation of any of the following criminal offenses under the laws of Tennessee, any other state or of the United States: homicide, rape, aggravated assault or battery, kidnapping, robbery, burglary, child molestation, any sex-related offense, leaving the scene of an accident, criminal solicitation, or criminal attempt to commit any of the above, perjury or false swearing in making any statement under oath in connection with the application for a driver's permit, or the felony possession, sale or distribution of narcotic drugs or controlled substances; or

2. Convicted of two or more felony offenses within the past ten years. (Amdt. 1 to Ord. BL2011-916 § 1, 2011; Ord. BL2011-916 § 1, 2011)

12.41.080 Valet parking operations and fees.

A. The commission shall allow valet parking operators to utilize designated on-street parking spaces for customers dropping off or retrieving a vehicle from valet employees. Valet parking operations are permitted between 11:00 a.m. and 2:00 p.m. and between 6:00 p.m. and 6:00 a.m. only; provided however, hotels shall be permitted twenty-four-hour valet parking. Valet parking may be allowed for additional hours upon a showing that additional hours would not impede the flow of traffic or otherwise be detrimental to the public health, safety and welfare, subject to rules and regulations as adopted by the commission, which rules and regulations shall provide for special occasion or special event valet parking.

B. The commission shall provide to the valet operator two parking spaces for a valet operation. The spaces shall be located in front of the establishment being serviced. Additional spaces may be provided at the discretion of the traffic and parking commission. Valet parking operators may be required to share parking spaces provided the commission determines that such an arrangement is necessary for the public health, safety and welfare.

C. Valet parking permit applicants shall be charged an application fee plus additional fees for use of the public right-of-way, as set by the traffic and parking commission, as approved by the finance director. All fees shall be paid in advance.

D. All permit fees will be deposited into the general fund of the metropolitan government.

E. The granting of a valet parking permit in no way provides a vested right or property interest in any parking space, and valet parking spaces may be removed at any time and/or valet parking privileges revoked in the interest of the public health, welfare and safety. Valet parking permits and privileges may not be transferred.

F. The permit holders are responsible for reimbursing the metropolitan government for the cost of installing any signs, notices or warnings deemed necessary for the establishment of valet parking operations. Permit holders will be billed for any required installation by the department. (Ord. BL2024-291 § 1, 2024; Ord. BL2011-916 § 1, 2011)

12.41.090 Designation of space for service.

A. Valet spaces shall be designated by the commission. The designation shall be by clearly marked signs indicating the time of valet parking and marked as a "Tow-Away zone."

B. Valet service shall be operated entirely within the confines of the spaces provided for valet use. There shall be no storage of vehicles in the area used for ingress and egress of passengers in the valet area. A vehicle will be considered stored if it remains in the valet area for more than ten minutes whether occupied or not. Valet service on public property shall not be provided in any location other than in the area designated. (Ord. BL2011-916 § 1, 2011)

12.41.100 Enforcement.

A. Violators shall be fined fifty dollars for failure to comply with the provisions of this chapter or a failure to operate a valet service in the manner prescribed by this chapter. Further, each day the violation continues shall constitute a separate offense. All fines paid pursuant to this section will be deposited into the general fund of the metropolitan government.

B. Valet parking operators shall pay all fines and fees, including towing charges, arising in connection with a patron's vehicle which is in the possession of the valet parking operator at the time such fine, fee or charge is incurred. This does not preclude the valet parking operator from also being cited for violations of this chapter which resulted in the imposition of the fines and fees. (Ord. BL2011-916 § 1, 2011)

12.41.110 Rules and regulations.

The commission shall have the authority to adopt and implement rules and regulations, not inconsistent with the chapter, which will effectuate the purposes of this chapter and secure compliance with its provisions to protect the health and safety of the inhabitants within the area of the metropolitan government. (Ord. BL2011-916 § 1, 2011)

12.42.190 Penalties.

Article I. Residential Permit Parking Program

12.42.010 Definitions

As used in this article, the following words, terms and phrases shall have the meaning ascribed to them in this section, except when the context clearly indicates a different meaning:

"Chief Traffic Engineer" means the chief traffic engineer or his/her designee. The designee of the chief traffic engineer may be a contractor, provided the initial term of such contract does not exceed sixty months.

"Motor vehicles" means an automobile, truck, motorcycle or other motor-driven form of transportation.

"Person" means a natural person.

"Primarily residential" means fifty percent of the ground level space is residential.

"Residential area" means a contiguous or nearly contiguous area containing public streets and highways or parts thereof where residents dwell.

"Resident motor vehicle" means a Davidson County registered motor vehicle owned or leased by a resident of the residential permit parking area.

"Residential permit parking areas (RPP)" means a residential area designated as herein provided where resident motor vehicles displaying a valid permit as described herein shall be exempt from parking time restrictions established pursuant to this article. (Ord. BL2021-646 § 8, 2021; Ord. 99-1590 § 1, 1999; Ord. 93-562 § 1, 1993)

12.42.020 Residential permit parking areas authorized.

The chief traffic engineer is authorized to restrict by order, subject to approval by the traffic and parking commission as hereinafter provided, parking on public streets in a residential area to vehicles bearing a valid parking permit issued pursuant to this article. This authority shall be in addition to, and may be exercised in conjunction with, any other authority the chief traffic engineer may have to regulate the times and conditions of parking. (Ord. 99-1590 § 2, 1999; Ord. 93-562 § 2, 1993)

12.42.030 Residential permit parking areas—Eligibility requirements.

In determining whether an area identified as eligible for residential permit parking shall be designated as a residential permit parking area, the chief traffic engineer shall take into consideration the following factors:

A. The extent of the desire and need of the residents for residential permit parking and their willingness to bear the administrative costs in connection therewith;

B. Proximity of the neighborhood to major "parking attractors" including employments centers, retail stores, restaurants, universities, hospitals, and tourist attractions;

C. Scarcity of convenient off-street parking for residents;

D. The extent to which motor vehicles registered to persons residing in the residential area cannot be accommodated by the number of available off-street parking spaces;

E. Substantial use of neighborhood curb space by commuters and other nonresidents for parking;

F. Traffic, noise and safety problems caused by vehicles cruising for parking. (Ord. 99-1590 § 3, 1999; Ord. 93-562 § 3, 1993)

12.42.040 Procedures to be used in designation or withdrawing designations of residential permit parking areas.

A. A petition, requesting permit parking (RPP) area, shall be submitted to the councilmember representing the council district in which the RPP area is located. The petition must be signed by seventy-five percent of the residents within the geographic limits as stated in the petition.

NOTE: A resident is any person living in the proposed permit parking area with a valid Tennessee driver's license showing an address within the proposed RPP area, who owns or leases a motor vehicle, or drives an assigned business vehicle. All motor vehicles must have current Tennessee registration showing the proper address. Residents who are legally handicapped and persons over sixty years old who do not drive may also sign a petition. Proof of residency will be required for these persons.

1. The petition shall include the following information:

a. Each petitioner's name (signature and printed), Tennessee driver's license number, and vehicle license number. Legally handicapped and those over sixty years of age who do not drive should include proof of residency.

b. The time of day that resident permits will be required. Example: seven a.m. to five p.m., twenty-four hours, etc.

c. Clear description of the geographic limits of the area(s) requested.

d. If desired, a maximum time limit that nonpermit holders (visitors, family members, etc.) could legally park. Example: two hours, four hours, etc.

B. The councilmember shall then submit the petition to the chief traffic engineer with a written request for an assessment or study by staff to determine whether the geographic area within the boundaries set forth in the area from which residents have signed the petition and surroundings and other conditions affecting parking within those same boundaries meet the factors outlined in Section 12.42.030. After the assessment from staff has been completed, the councilmember shall conduct a community meeting for the proposed RPP area prior to submitting a recommendation to the Traffic and Parking Commission regarding whether the item should be placed on an agenda for an upcoming Traffic and Parking Commission public hearing.

C. The chief traffic engineer shall recommend, by report to the traffic and parking commission, whether to designate the area under consideration as a RPP area, specifying the time or limitations recommended and proposed fees, or whether to remove the designation in the case of an established RPP area. The traffic and parking commission shall approve or disapprove the recommendation of the chief traffic engineer.

D. All RPP areas approved by the traffic and parking commission shall become part of Schedule VII of the Traffic and Parking Code of the traffic and parking commission of the Metropolitan Government of Nashville and Davidson County. (Amdt. 1 to Ord. BL2018-1329 § 1, 2018; Ord. BL2018-1329 § 1, 2018; Amdt. 1 with Ord. 99-1590 § 4, 1999; Ord. 93-562 § 4, 1993)

12.42.050 Implementation.

A. Once a residential permit parking area has been approved by the traffic and parking commission, the chief traffic engineer or his designee shall install parking signs on the streets designated as a residential permit parking area. The signs shall indicate the times under which parking shall be by permit only.

B. A permit shall be issued for a designated residential permit parking area upon application and payment of the applicable fee by a person eligible for such permit. Only persons who own or operate one or more motor vehicles and reside on property immediately adjacent to a street, avenue, or other location selected for implementation within the resident permit parking area shall be eligible to apply for a residential parking permit. Residents who own or reside on property immediately adjacent to a street, avenue, or other location selected for implementation within the residential permit parking area but do not own or operate a motor vehicle may nevertheless purchase from Public Works residential permit parking visitor's permits.

C. The application for a permit shall contain the name of the owner or operator of the motor vehicle; residential address; the make, model, color, registration and license plate numbers of the motor vehicle; and the

number of the drivers' license of the applicant. The motor vehicle registration and the driver's license of the applicant must be presented at the time of making said application in order to verify the contents thereof. The owner or operator of any motor vehicle applying for a residential parking permit shall have a valid Tennessee motor vehicle license plate; provided, if said applicant is enrolled as full-time student in a college or university within the area of the metropolitan government, then said applicant shall have a valid motor vehicle license plate issued by any state and proof of enrollment at such college or university. The motor vehicle registration must show the applicant's present address; provided, if the applicant is a full-time student, then said applicant must provide satisfactory proof or residence in the RPP area.

D. The permit shall be renewed annually upon such conditions and procedures and the chief traffic engineer shall specify. The permit shall display the motor vehicle license plate number. (Ord. BL2018-1329 § 2, 2018; Ord. 99-1590 § 5, 1999; Ord. 93-562 § 5, 1993)

12.42.060 Residential parking permit.

A. The holder of a residential parking permit shall be permitted to stand or park a motor vehicle for which a permit has been issued, in the residential permit parking area designated on the permit without being subject to the limitations imposed on vehicles lacking the permit, provided however, that parking is permitted. While a motor vehicle for which a residential parking permit has been issued is so parked, such permit shall be displayed on the extreme left hand corner of the dashboard (driver's side) so as to be clearly visible and able to be easily read through the windshield of the vehicle.

B. A residential parking permit shall not authorize the holder thereof to stand or park a motor vehicle in such places or during such times as the stopping, standing, or parking of motor vehicles is prohibited or set aside for specified types of vehicles, and shall not exempt the holder from the observance of any traffic regulation other than the parking limit.

C. A residential parking permit shall not guarantee or reserve to the holder thereof an on-street parking space within the designated residential permit parking area. (Ord. 99-1590 § 6, 1999; Ord. 93-562 § 6, 1993)

12.42.070 Exemption from residential permit parking area.

A. Service vehicles parking in residential parking areas while making service calls to residential dwellings within the area shall be exempt from the posted time limits. Such service vehicles shall display in the windshield on the driver's side of the vehicle a work slip showing the name and address of the residence being serviced.

B. Notwithstanding the provisions of subsection 12.44.085.E.6.f, free-floating car sharing vehicles displaying a free-floating car sharing permit in a clearly visible location on the vehicle determined by the department of public works shall be exempt from being subject to the limitations imposed on vehicles lacking a residential parking permit, provided however, that parking is permitted. (Ord. BL2015-1146 § 2, 2015; Ord. 99-1590 § 7, 1999; Ord. 93-562 § 8, 1993)

12.42.080 Residential parking permit fee.

The traffic and parking commission is authorized to establish by order an annual residential permit parking fee for each residential parking area to cover the administrative costs for the residential parking permit issued pursuant to this article. The permit fee must be approved by ordinance duly adopted by the metropolitan county council. An annual fee of ten dollars is approved. Upon presentation of adequate proof, persons sixty-five years of age or older who otherwise qualify for the permit shall be exempt from paying the permit fee. (Ord. 99-1590 § 8, 1999; Amdt. 1 to Ord. 93-562, 3/16/93; Ord. 93-562 § 9, 1993)

12.42.090 Residential permit parking visitor's permit.

In a residential permit parking area where parking spaces for visitors are not set aside on-street, residents of dwelling units located immediately adjacent to a street, avenue, or other location selected for implementation within the residential permit parking area shall be eligible to purchase two visitor's permits per residential address that will be valid for a calendar year. The application for the annual visitor permits shall identify the resident's name, address, and unit number, if applicable, and shall be assigned a unique identification number. Annual visitor passes shall not be transferable. Annual visitor permits that are lost or stolen shall be reported immediately to the department of public works and replacement annual visitor permit(s) shall be issued. The first lost or stolen visitor permit shall be replaced at no cost. Subsequent lost or stolen permits within the same calendar year shall be replaced at the cost of five dollars or the current cost of a visitor permit pass, whichever is greater.

In addition to two annual visitor permits, residents within the residential permit parking area may also purchase up to three short-term visitor parking passes which shall be valid for fourteen days and shall be renewable but not transferrable The application shall

identify the guest, the address that the guest will be visiting, as well as the guest's vehicle's make, model, and license plate number. The application shall also show the name and address of the host and shall be signed by the host. Permits for visitors shall be issued upon application unless the chief traffic engineer determines that adequate space is not available within that area. No permit holder shall be issued more than three visitors permits at any given time. (Ord. BL2018-1329 § 3, 2018; Ord. 99-1590 § 9, 1999; Ord. 93-562 § 10, 1993)

12.42.100 Misrepresentation by applicant for permit—Illegal use of permits.

A. It shall constitute a violation of this article for any individuals to falsely represent themselves as eligible for a residential parking permit or to furnish any false information in an application to the chief traffic engineer in order to obtain a residential parking permit.

B. No person other than the permittee named thereon shall use a residential parking permit or display it on a vehicle operated or parked, and any such use or display by a person other than the permittee shall constitute a violation of this section by the permittee shall constitute a violation of this section by the permittee and by the person who so used or displayed such parking permit. (Ord. BL2018-1329 § 1, 2018; Ord. 93-562 § 11, 1993)

12.42.110 Penalties.

(A) The chief traffic engineer is authorized to revoke the residential parking permit of any permittee found to be in violation of the provisions of this article and upon written notification thereof the permittee shall surrender such permit to the traffic and parking commission.

(B) Any violation of a provision of this article shall be punishable by a fine of not more than fifty dollars. (Ord. BL2010-793 § 13, 2010; Ord. 93-562 § 12(A), 1993)

12.42.115 University area residential lots eligible for individual residential permit parking.

A. For purposes of this section, a university or college is defined as any scholastic institution in which a student is, at a minimum eligible to receive a bachelor degree in science or art after completion of a multi-year curriculum.

B. For purposes of this section, "university area residential lot" means any lot within the area of the metropolitan government that has an erected and occupied single-family residence that is within six hundred feet of a public or private university or college.

C. Notwithstanding any other provision contained in this article to the contrary, a university area residential lot shall be eligible for. individual residential permit parking as set forth in this Article. The area to be eligible for residential parking shall be reduced to not less than 250 feet of frontage.

D. Except as otherwise provided in this section, all other requirements and provisions of this article shall apply to university area residential lots seeking residential permit parking. (Amdt. 1 with Ord. BL2003-1387 § 1, 2003)

Article II. Downtown Area Residential Permit Parking Program

12.42.120 Definitions.

As used in this article, the following words, terms and phrases shall have the meaning ascribed to them in this section, except when the context clearly indicates a different meaning:

"Downtown area" means that area of the metropolitan government as described by boundaries as provided in Section 10.20.390.

"Motor vehicles" means an automobile, truck, motorcycle or other motor-driven form of transportation.

"Person" means a natural person.

"Resident motor vehicle" means a Davidson County registered motor vehicle owned or leased by a resident of the residential permit parking area. (Ord. 93-584 § 1, 1993)

12.42.130 Downtown area permit parking authorized.

The traffic and parking commission is authorized to provide for the parking on public streets in the downtown area for motor vehicles bearing a valid parking permit issued pursuant to this article without payment of the required parking meter charges. This authority shall be in addition to, and may be exercised in conjunction with, any other authority the chief traffic and parking engineer or the traffic and parking commission may have to regulate the times and conditions of parking. (Ord. 93-584 § 2, 1993)

12.42.140 Implementation.

A. A permit shall be issued for the downtown area residential permit parking upon application and payment of the applicable fee by a person eligible for such permit. A person is eligible to apply for the downtown area residential parking permit if he owns or operates a

motor vehicle and resides on property located in the downtown area. Proof of residency in the downtown area must be presented at the time application is made.

B. The application for a permit shall contain the name of the owner or operator of the motor vehicle; residential address; the make, model, color, registration and license plate numbers of the motor vehicle; and the number of the driver's license of the applicant. The motor vehicle registration and the driver's license of the applicant must be presented at the time of making said application in order to verify the contents thereof. The owner or operator of any motor vehicle applying for a downtown area residential parking permit shall have a valid Tennessee motor vehicle license plate; provided, if said applicant is enrolled as full-time student in college or university within the area of the metropolitan government, then said applicant shall have a valid motor vehicle license plate issued by any state and proof of enrollment at such college or university. The motor vehicle registration must show the applicant's present address; provided, if the applicant is a full-time student, then said applicant must provide satisfactory proof of residence in the downtown area.

C. The permit shall be renewed annually upon such conditions and procedures as the traffic and parking commission shall specify. The permit shall display the motor vehicle license plate number. (Ord. 93-584 § 3 (part), 1993)

12.42.150 Downtown area residential parking permit.

A. The holder of a downtown area residential parking permit shall be permitted to stand or park a motor vehicle for which a permit has been issued, in the downtown area at legally permissible parking spaces, including those which have parking meters without being subject to payment of the required parking meter charges between the hours of six p.m. and nine a.m., Monday through Friday and all day Saturday and Sunday. While a motor vehicle for which a residential parking permit has been issued is so parked, such permit shall be displayed on the extreme left hand corner of the dashboard (driver's side) so as to be clearly visible and able to be easily read through the windshield of the vehicle.

B. A downtown area residential parking permit shall not authorize the holder thereof to stand or park a motor vehicle in such places or during such times as the stopping, standing, or parking of motor vehicles is prohibited or set aside for specified types of vehicles, and shall not exempt the holder from the observance of any traffic regulation other than the parking meter payments or time limits.

C. A downtown area residential parking permit shall not guarantee or reserve to the holder thereof an on-street parking space within the downtown area. (Ord. 93-584 § 3 (part), 1993)

12.42.160 Downtown area residential parking permit fee.

The traffic and parking commission is authorized to establish by order an annual downtown area residential permit parking fee to cover the administrative costs for the downtown area residential parking permit issued pursuant to this article. The permit fee must be approved by ordinance duly adopted by the metropolitan county council. An annual fee of twenty-five dollars approved. Upon presentation of adequate proof, persons sixty-five years of age or older who otherwise qualify for the permit shall be exempt from paying the permit fee. (Ord. 93-584 § 4, 1993)

12.42.170 Visitor's permit.

The holder of a downtown area residential parking permit may apply for a visitor's permit which shall be valid for three days and shall be renewable but not transferable. The application shall identify the guest, his address, and the vehicle's make, model, and license number. The application shall also show the permit number and the address of the host, and shall be signed by the permit holder host. Permits for visitors shall be issued upon application unless the chief traffic engineer determines that adequate space is not available within the downtown area. No permit holder shall be issued more than three visitors permits at any given time. (Ord. 93-584 § 5, 1993)

12.42.180 Misrepresentation by applicant for permit—Illegal use of permits.

A. It shall constitute a violation of this article for any person to falsely represent himself as eligible for a downtown area residential parking permit or to furnish any false information in an application to the chief traffic engineer in order to obtain a downtown area residential parking permit.

B. No person other than the permittee named thereon shall use a downtown area residential parking permit or display it on a vehicle operated or parked, and any such use or display by a person other than the permittee shall constitute a violation of this section by the permittee and by the person who so used or displayed such parking permit. (Ord. 93-584 § 6, 1993)

12.42.190 Penalties.

A. The chief traffic engineer is authorized to revoke the downtown area residential parking permit of any permittee found to be in violation of the provisions of this article and upon written notification thereof the permittee shall surrender such permit to the traffic and parking commission.

B. Any violation of a provision of this article shall be punishable by a fine of not more than fifty dollars. (Ord. BL2010-793 § 14, 2010; Ord. 93-584 § 7(A), 1993)

Chapter 12.44

PARKING METER ZONES

Sections:

12.44.010	**Parking meter zones—Establishment authority.**

12.44.075	**Free metered parking for clean technology vehicles.**
12.44.080	**Reserved.**
12.44.085	**Annually-paid metered parking for car-sharing organization vehicles.**

12.44.010 Parking meter zones—Establishment authority.

A. Parking meter zones are established upon those streets or parts described in Schedule VIII*.

B. The department of public works is authorized, subject to the approval of the traffic and parking commission by amendment of Schedule VIII,* to establish parking meter zones at other locations upon these streets or parts of streets where it is determined upon the basis of an engineering and traffic investigation that the installation of parking meters shall be necessary to aid in the regulation, control and inspection of the parking of vehicles. (Ord. BL2021-646 § 9, 2021; Amdt. 1 with Ord. 2002-1246 § 1, 2003; Ord. 93-575 § 4(s), 1993; prior code § 27-1-172)

* **Editor's note—**Schedule VIII is on file for public inspection at the offices of the metropolitan traffic and parking commission.

12.44.015 Use of contractors.

No contract providing for contractor enforcement of any of the provisions of this chapter shall have an initial term exceeding sixty months in duration. Any renewal or extension of the contract must be approved by an ordinance enacted by the metropolitan council. (Ord. BL2021-646 § 10, 2021)

12.44.020 Meter design and installation specifications.

A. 1. The department of public works, or its contractor, shall cause parking meters to be installed in the parking meter zones established as provided in this chapter upon the curb adjacent to, or located on the same block with, the designated parking space(s). Each meter shall be capable of being operated upon the receipt of payment for the full period of time for which parking is lawfully permitted in any such parking meter zone.

2. Alternatively, where so authorized by the traffic and parking commission, the department of public works or its contractor may charge for parking in an on-street parking space within the parking meter zone without a parking meter being installed and without using a parking meter, but by setting up a system where payments for parking in such spaces may be made by customers via a web-based application. Signs or paint markings shall be used to identify a particular space consistent with the information provided via the web-based application, and a receipt for payment for the parking shall be conveyed to the customer, electronically or by other means, so as to enable the customer to prove that he or she paid to park in that particular space.

B. Upon the expiration of the time period for which the customer paid to park, the customer shall be given adequate notice of the expiration of that period, by one or more of the following methods.

1. If there is a parking meter installed adjacent to the designated parking space, that parking meter shall be so designed, constructed, installed and set that, upon the expiration of the time period for which the customer had paid to park, it will indicate by an appropriate signal that the lawful parking meter period has expired, and during such period of time and prior to the expiration thereof, will indicate the interval of time remaining. If a parking meter on a block services multiple parking spaces, that parking meter shall be capable of displaying the status of each parking space serviced (i.e., whether it is expired, or if not, how much time remains of the period for which payment was made).

2. Spaces that are part of the parking meter zone but which do not have parking meters installed, and where payment for parking in those spaces is instead made via a web-based application described in subsection A.2. of this section, the customer shall be given adequate notice of the expiration of the period for which he or she has paid to park, by text message or by another means of

communication to which the customer has consented. (Ord. BL2021-646 § 11, 2021; Ord. 93-575 § 4(t), 1993; prior code § 27-1-173)

12.44.030 Method of parking in metered spaces.

No person shall park a vehicle in any designated parking meter space during the restricted and/or regulated time applicable to the parking meter zone in which such meter is located so that any part of such vehicle occupies more than one such space or protrudes beyond the markings designated by such space, except that a vehicle which is of a size too large to be parked within a single designated parking meter zone shall be permitted to occupy two adjoining parking meter spaces when coins shall have been deposited in the parking meter for each space so occupied as is required in this section for the parking of other vehicles in such space. (Prior code § 27-1-174)

12.44.040 Payment for parking—Time limits for use.

A. If any one of the following applies, no person shall park a vehicle in any parking space upon a street within a parking meter zone during the restricted and regulated time applicable to the parking meter zone in which such parking space is located, unless the applicable parking rate has been paid for the period of time for which said vehicle is parked in such parking space.

1. The parking space is located alongside of and next to a parking meter.

2. The parking space is located on a block where a parking meter servicing multiple parking spaces is installed and the parking space where the vehicle is parked has signs or markings indicating that payment is required to be made for parking in that space.

3. The parking space is a part of the parking meter zone whereby payment for parking in that space is made via a web-based application, such as is described in Section 12.44.020A.2., and the parking space where the vehicle is parked has signs or markings indicating that payment is required to be made for parking in that space.

B. If any one of the following applies, no person shall permit a vehicle within his or her control to be parked in any such parking space during the restricted and regulated time applicable to the parking meter zone in which such parking space is located, unless the applicable parking rate has been paid for the period of time for which said vehicle is parked in such parking space.

1. The parking space is located alongside of and next to a parking meter.

2. The parking space is located on a block where a parking meter servicing multiple parking spaces is installed and the parking space where the vehicle is parked has signs or markings indicating that payment is required to be made for parking in that space.

3. The parking space is a part of the parking meter zone whereby payment for parking in that space is instead made via a web-based application described in Section 12.44.020A.2., and the parking space where the vehicle is parked has signs or markings indicating that payment is required to be made for parking in that space.

C. No person shall park a vehicle in any such parking space for a consecutive period of time longer than that limited period of time for which parking is lawfully permitted in the parking meter zone in which such parking space is located, regardless of the amount of the payment made. If any vehicle shall remain parked in any such parking space beyond the parking time limit fixed for such parking space the customer shall be given adequate notice of the expiration of that period by one or more of the methods indicated in subsections C.1-C.2., below. The fact that notice has been given through one of the methods indicated below, shall be prima facie evidence that such vehicle has been parked overtime and beyond the period of legal parking time in any such part of a street where any such parking space is located, and shall be a violation of this section. Each period of overtime parking beyond the duration of that limited period of time, for which parking is lawfully permitted in the parking meter zone, in which such parking space is located, shall be considered a separate offense.

1. If there is a parking meter installed adjacent to the designated parking space, that parking meter shall be so designed, constructed, installed and set that, upon the expiration of the limited period of time for which parking is lawfully permitted in the parking meter zone in which such meter is located, it will display a sign or signal showing illegal parking. If a parking meter on a block services multiple parking spaces, that parking meter shall be capable of displaying the status of each parking space serviced (i.e., whether it constitutes illegal parking beyond the time limit fixed for such parking space).

2. In the case of spaces that are part of part of the parking meter zone but which do not have parking meters installed, and where payment for parking in those spaces is instead made via a web-based application described in Section 12.44.020A.2., the customer shall be given adequate notice by text message, or by another means of communication, to which the customer has consented, that the limited period of time for which parking is lawfully permitted in the parking meter zone,

in which such meter is located, has expired, and that continued parking in that space beyond that period constitutes illegal parking.

3. The provisions of this section shall not relieve any person from the duty to observe other and more restrictive provisions of this title and the State Vehicular Code prohibiting or limiting the stopping, standing or parking of vehicles in specified places or at specified times. (Ord. BL2021-646 § 12, 2021; prior code § 27-1-175)

12.44.050 Use of slugs or substitute coins unlawful.

No person shall deposit or attempt to deposit in any parking meter any slug, button or any other device or substance as substitutes for coins of United States currency. (Prior code § 27-1-176)

12.44.060 Tampering with or destroying meters unlawful.

No person shall deface, injure, tamper with, open or wilfully break, destroy or impair the usefulness of any parking meter or other related equipment. (Ord. BL2021-646 § 13, 2021; prior code § 27-1-177)

12.44.070 Disabled driver parking in parking meter zones—Notice.

The department of public works shall either post appropriate signage within parking meter zones or include a statement on each parking meter informing drivers that, pursuant to T.C.A. § 55-21-105, no parking meter fee is required for vehicles with a valid disabled driver license plate or placard. The foregoing does not entitle a vehicle with a valid disabled driver license plate or placard to park for a consecutive period of time exceeding any parking time limit applicable to the parking meter zone in question, without that violation being subject to penalty, in the form of the application of the fine for parking for a consecutive period of time, longer than that limited period of time, for which parking is lawfully permitted in the parking meter zone, in which such parking space is located. (Ord. BL2021-646 § 14, 2021; Ord. BL2010-650 § 1, 2010)

12.44.075 Free metered parking for clean technology vehicles.

A. For purposes of this ordinance, "clean technology vehicle" means a vehicle rated by the U.S. Environmental Protection Agency with a minimum Environmental Performance Score for both Greenhouse Gas and Air Pollution of 7, and a total combined score of 16 or higher. A vehicle's Environmental Performance Score can be determined by inputting the vehicle's information into the Green Vehicle Guide located at http://www.epa.gov/greenvehicles.

B. Notwithstanding the provisions of Section 12.44.040, no parking payment shall be required for a clean technology vehicle parked in a parking metered space located within the boundaries of the Downtown Central Business Improvement District, as designated by Section 2.177.010 of the Metropolitan Code, for a duration not to exceed the posted time limit on the meter if the vehicle is displaying a valid sticker issued by the Davidson County Clerk designating the vehicle as a clean technology vehicle. The county clerk shall determine the proper place on the vehicle to which the sticker is to be affixed so as to maximize visibility for the benefit of the parking patrol officers.

C. The Davidson County Clerk shall have the authority and responsibility for issuing clean technology vehicle stickers for qualifying motor vehicles. The clean technology vehicle stickers shall only be available for private passenger vehicles. Each sticker shall be valid for a period of one year and shall be issued at the time the motor vehicle is registered. The county clerk shall be entitled to collect an annual fee of ten dollars from the applicant for each clean technology vehicle sticker issued. All fees collected for the clean technology vehicle stickers shall be deposited in the general fund of the general services district to assist in offsetting the administrative costs incurred by the county clerk for issuance of the stickers and enforcement of the ordinance by the department of public works.

D. Every motor vehicle owner seeking to obtain a clean technology vehicle sticker shall complete a form supplied by the county clerk including the vehicle's year, make, model, and engine size, and whether the vehicle has a standard or automatic transmission. The county clerk's office shall determine eligibility for designation as a clean technology vehicle by inputting the vehicle's information into the Green Vehicle Guide located at http://www.epa.gov/greenvehicles.

E. The provisions of this section pertaining to the issuance of parking stickers for clean technology vehicles shall become effective July 1, 2011, and shall expire and be null and void on June 30, 2013, unless extended by resolution of the council of the Metropolitan Government of Nashville and Davidson County. This provision, commonly known as a "sunset provision," is included to ensure that the effectiveness and necessity of this section is reviewed by the metropolitan council after its adoption. In determining whether the provisions of this section should be extended, the council shall consider the following information: (1) the number of vehicles eligible for a clean technology vehicle sticker at the time

this section is enacted; (2) the number of clean technology vehicle stickers issued in fiscal years 2012 and 2013; (3) the measurable impact on air quality resulting from any increase in the number of clean technology vehicles within the area of the Metropolitan Government; and (4) the cost of enforcement and administration of this section. (Ord. BL2010-734 § 1, 2010)

Editor's note—Ord. BL2010-734, § 1, passed Dec. 21, 2010, set out provisions intended for use as § 12.44.070. At the editor's discretion, to prevent duplication of section numbers, these provisions have been included as § 12.44.075.

12.44.080 Reserved.

Editor's note—Ord. BL2021-646, § 15, passed April 20, 2021, repealed § 12.44.080, which pertained to free metered parking for vehicle owners that purchase carbon offsets and derived from Ord. BL2010-825 § 1, adopted 2011; Amdt. 1 to Ord. BL2010-825 § 1, adopted 2011.

12.44.085 Annually-paid metered parking for car-sharing organization vehicles.

A. For purposes of this section,

1. "Free-floating car sharing" means a system in which a fleet of vehicles is made available for use by members of a free-floating car sharing organization whereby: a) persons or entities that become members are permitted to use free-floating car sharing vehicles from the fleet on a limited, fee-per-use basis; b) free-floating car sharing vehicles may be parked in any on-street legal, available parking within the free-floating zone pursuant to meeting the standards and restrictions set forth in this section; and c) a separate written agreement is not required each time a member reserves or uses a vehicle from the fleet.

2. "Free-floating zone" or "FFZ" means a geographic area with a delineated boundary in which a free-floating car sharing vehicle may be parked in a legal, on-street space, to be approved by the traffic and parking commission.

3. "Free-floating car sharing permit" means a permit issued by the metropolitan department of public works to vehicles in a free-floating car sharing fleet that allows each free-floating car sharing vehicle to utilize the parking privileges authorized through the free-floating car sharing program as described below in subsections B and C.

B. Notwithstanding the provisions of Section 12.44.040, no contemporaneous parking payment shall be required for a vehicle with a free-floating car-sharing permit parked in a metered parking space located within the free-floating zone.

C. The department of public works shall have the authority and responsibility for issuing to car-sharing organizations free-floating car sharing permits for their vehicles permitted as such. The free-floating car sharing permits shall only be available for passenger cars. Each permit shall be valid for a period of one year and the stickers shall be issued at the time the permit is issued. The department of public works shall be entitled to collect an annual fee from the applicant for each free-floating car sharing permit issued, to include an application fee for the administrative review and processing of the application and a permit fee calculated in a manner designed to compensate for the lost meter revenue, in an amount to be set by the traffic and parking commission, to be adjusted annually based on actual meter use in paid parking areas per subsection E.8., below. The portion of the permit fee for the free-floating car sharing permits that is designed to offset the administrative costs of processing the application shall be deposited in the general fund of the general services district to assist in offsetting the costs incurred by the department of public works for issuance of the permits. The portion of the permit fee for the free-floating car sharing permits that is designed to compensate for the lost meter revenue shall be deposited in the separate account earmarked for traffic and parking improvements consistent with the requirements of Charter Section 11.907.

D. Any applicant seeking a free-floating car sharing permit shall complete an application form and agreement in forms approved by the director of the department of public works, or his or her designee. The applicant car-sharing organization shall include a listing of the year, make, model, tag number and VIN number of each vehicle included in the organization's permit, as well as providing other information deemed necessary and appropriate by the department and shall update this list with the department within ten days of any change thereto. The department of public works shall determine eligibility for a permit as a car-sharing organization. Any denial of a permit by the department may be appealed to the traffic and parking commission.

E. Free-floating car sharing parking.

1. In order to qualify for the free-floating car sharing program as set forth in this section, all of the following standards must be met:

a. Permittee must obtain a free-floating car sharing permit for each free-floating car sharing vehicle by paying the free-floating car sharing permit fee to the department of public works;

b. Free-floating car sharing vehicles must be parked in the free-floating zone at the conclusion of each use as stated in the permit;

c. Each free-floating car sharing vehicle permitted by the department of public works shall display a permit and contact information, in a manner determined by the department of public works;

d. Each free-floating car sharing vehicle must be registered with the metropolitan department of public works free-floating car sharing program;

e. Free-floating car sharing permits are not transferable between vehicles and are void if transferred between vehicles;

f. Permittee shall comply with the terms of the free-floating car sharing permit;

g. Permittee shall move each free-floating car sharing vehicle within thirty-six hours of its being parked in any on-street parking space within the FFZ;

h. Permittee shall utilize on-street parking within the metropolitan government's rights-of-way in compliance with all applicable federal, state and metropolitan laws and regulations;

i. Permittee must demonstrate that the free-floating car sharing vehicles have the technical capacity to accurately track each permitted vehicle's actual meter use in paid parking areas, such as GPS or other technology, and provide regular reports to the department of public works to verify such use, which permittees shall certify under oath are correct; a false certification shall be cause for a revocation of all of the permittee's vehicle permits;

j. Permittee must make all records supporting the tracking of vehicles and any other relevant information relating to the reporting requirement described in section i., above, available for inspection by public works staff upon demand;

k. Permittee must execute an indemnification of the metropolitan government in a form approved by the department of law and submit it with its annual permit application; and,

l. A permittee must provide proof of insurance on an annual basis with the application in an amount and with policy terms satisfactory to the metropolitan director of insurance. The permittee must give the metropolitan director of insurance thirty days notice in advance of any change to or termination of permittee's insurance coverage.

m. A toll-free phone number staffed 24/7 that a holder of a residential parking permit can call to request that a free-floating car-sharing vehicle parked in a residential parking permit area be moved, or that any person can call to report that a free-floating car-sharing vehicle has been parked in any location or parked legally in any location for longer than thirty-six hours, shall be prominently displayed on each free-floating car-sharing vehicle at all times. Upon receipt of a call to this hotline, the permitted free-floating car-sharing vehicle service shall move its referenced free-floating car-sharing vehicle, if parked as described above, within three hours of receipt of the call.

2. Violations of any of the standards listed above in subsection E.1. shall constitute a basis for a suspension or revocation of the permittee's free-floating car sharing permits by the traffic and parking commission following notice to the permittee and a hearing before the commission.

3. The department of public works may issue up to the maximum number of allowed free-floating car share permits annually. The maximum number of free-floating car sharing permits allowed shall be established by the traffic and parking commission based on an analysis of available on-street parking spaces within the free floating car sharing area, and existing and anticipated future usage thereof. The traffic and parking commission may seek advice from the planning department as to anticipated future use of on-street parking.

4. Non-payment of outstanding meter usage fees by permittee pursuant to subsections C., above, and E.8., below, serves as a basis for the department of public works to deny renewal of annual permits and issuance of additional permits to the same permittee.

5. During all hours when it is otherwise lawful to park in specified parking spaces within the free-floating zone, free-floating car sharing vehicles that comply with this section may park for up to thirty-six hours in parking spaces regulated by a parking payment device without displaying a payment receipt or feeding the meter and without regard to posted time limits and in any other parking space in the public right-of-way not otherwise restricted for exclusive use.

6. Free-floating car sharing vehicles shall be prohibited from parking in the following zones or areas: a) zones designated as bus zones; b) loading and unloading zones; c) safety zones and fire lanes; d) taxicab stands; e) tow-away zones; f) exclusive permit-only parking areas; g) valet parking permitted locations; h) horse-drawn carriage stands; i) the footprint of any area subject to a special event permit; j) traffic restricted lanes; k) musicians' loading only areas; l) spaces designated as police parking only; m) reserved parking (bagged meters); n) food truck zones; and o) any other area where on-street parking is restricted by law.

7. Free-floating car-sharing vehicles shall be prohibited from parking in a parking space reserved for a person with a disability, unless the member of the free-floating car sharing organization utilizing the free-floating car sharing vehicle meets the criteria for special parking privileges under T.C.A. Section 55-21-101 et seq. and the disabled parking placard is obtained and

displayed as described in T.C.A. 55-21-103 for the duration of the time the free-floating car sharing vehicle is parked within the parking space reserved for a person with a disability.

8. Permittee must provide a report to the department of public works at an address specified in the free-floating car sharing permit that provides data showing actual paid parking meter use for each free-floating car share vehicle for the preceding year. The report shall be submitted not later than January 31 of each year. In the event a free-floating car sharing operator's total actual meter use in paid parking areas during the prior permit term exceeds the total paid for the prior permit period as provided in subsection C. of this section, above, the free-floating car sharing permittee shall reimburse metro for the difference no later than February 28 of each year. If the parking charges are found to be less during the prior permit term, the traffic and parking commission will issue the Permittee a credit for the following year by reducing the annual permit fee. Rates shall be adjusted higher or lower by the traffic and parking commission every year going forward based on the previous year's data.

9. The traffic and parking commission is further empowered to adopt regulations governing the provision of free floating car sharing services and interpreting the provisions of this section to the extent not inconsistent with this section. Violations of any such regulations adopted by the traffic and parking commission shall be enforceable in the same manner provided for in subsection E.2. above. (Ord. BL2015-1146 § 1, 2015)

Chapter 12.48

LOADING AND UNLOADING

Sections:

12.48.010	**Curb loading zones—Designation authority.**
12.48.020	**Curb loading zones—permit requirements.**
12.48.025	**Curb loading zone management program.**
12.48.030	**Standing in passenger curb loading zones.**
12.48.040	**Freight loading zones—Locations restrictions.**
12.48.050	**Freight loading zones—Use restrictions.**
12.48.060	**Public carrier stops and stands.**
12.48.070	**Bus and taxicab stands—Use conditions.**
12.48.080	**Bus and taxicab stands—Unlawful uses.**
12.48.090	**Bus benches and shelters—Transit Authority rights and powers.**

12.48.010 Curb loading zones—Designation authority.

The traffic and parking commission may establish passenger and freight loading zones and maintain signs indicating the same and stating the hours during which the provisions of this section are applicable at whatever locations it may determine to be appropriate, as set out in Schedule X.* (Prior code § 27-1-162)

* **Editor's note—**Schedule X is on file for public inspection at the offices of the metropolitan traffic and parking commission.

12.48.020 Curb loading zones—Permit requirements.

A. 1. The traffic and parking commission shall not designate or sign any curb loading zone upon special request of any person unless such person makes application therefor in writing on a form supplied by the commission. The commission, upon granting a permit and erecting such signs, shall collect from the applicant and deposit in the general fund a service fee in an amount to be set by the metropolitan traffic and parking commission.

2. Such fee is to cover the cost of establishing such loading zone and the erection of appropriate signs or standards indicating the same, and shall include maintenance for such signs for a period of one year from date of erection.

B. The establishment of a loading zone as the result of such special request, and upon the payment of such fees by the applicant, shall in no manner entitle the applicant to any rights in such loading zone superior to the use of the general public. As an exception to the preceding, however, the traffic and parking commission may, in regulations it adopts as part of its curb loading zone management program, under the authority delegated to it by Section 12.48.025, allow certain curb loading zone spaces to be designated for the exclusive use of some users, upon certain conditions being met, such as the payment of additional fees by those users.

C. All permits issued for such loading zones shall expire one year from date of erection of the signs. The commission shall not maintain any such sign after one year from the date of erection unless the owner, agent or lessee shall pay to the commission a fee of thirty dollars for each automobile space in advance annually for the maintenance of such signs. The commission shall remove such signs when the payment of yearly maintenance fee shall be thirty days in arrears. The commission may also remove any such sign whenever public convenience or necessity warrants the same after fifteen days' notice of such intended removal is given such owner, agent or lessee.

D. The fees required herein shall not apply to the erection of signs in front of or adjacent to any governmental building or in front of any theater, public or parochial school, place of worship, or any organization chartered by the state as a charitable institution.

E. A permit for a loading zone may be revoked at any time by the commission in case of misuse, or in case the commission finds that such zone is no longer necessary.

F. A permit for a loading zone is nontransferable. (Ord. BL2020-380 § 1, 2020; Ord. BL2017-654 § 10, 2017; Ord. 91-1624 § 1, 1991; prior code § 27-1-166)

12.48.025 Curb loading zone management program.

The traffic and parking commission shall establish a curb loading zone management program ("program"). The purpose of the program is to increase availability and efficiency of curb loading zones and reduce double parking by loading vehicles. The curb loading zone management program may include continuing to treat some curb loading zones as they always have been treated while identifying some specially designated curb loading zones to be subjected to special curb management regulations enacted pursuant to this section, for example allowing those specially designated curb loading zones to be limited to the exclusive use of some users, upon certain conditions being met, such as the

payment of additional fees by those users. The director of public works shall submit rules for this program to the traffic and parking commission for approval. The program rules may include:

(1) Establishing loading zone usage permits and fees;

(2) Determining minimum curb loading zone space requirements;

(3) Providing for enhanced enforcement, which may include the following:

(A) Dedicated enforcement personnel;

(B) Improved signage; and

(C) Automated enforcement;

(4) Determining eligibility for use of curb loading zones or specially designated curb loading zones;

(5) Providing for methods of payments of required fees; and

(6) Establishing requirements for monitoring loading zone performance and for adjusting usage rates, loading zone space requirements, and enforcement to improve performance. (Ord. BL2020-380 § 2, 2020)

12.48.030 Standing in passenger curb loading zones.

No person shall stop, stand or park a vehicle for any purpose or period of time other than for the expeditious loading or unloading of passengers in any place marked as a passenger curb loading zone during hours when the regulations applicable to such curb loading zone are effective, and then only for a period not to exceed an amount of time determined by the director of the department of transportation and multimodal infrastructure (NDOT), or his/her designee, to be appropriate based on the director's, or his/her designee's, professional traffic engineering judgment and investigation. Any time limits for passenger curb loading zones that are set by the NDOT director, or his/her designee, shall be clearly marked and posted on signs located within said zones. (Ord. BL2024-513 § 1, 2024; prior code § 27-1-163)

12.48.040 Freight loading zones—Location restrictions.

A. Freight loading zones will be established only where:

1. The applicant has no available off-street loading and unloading facilities or such facilities as are available are grossly inadequate;

2. Such loading is necessary to the conduct of the business of the applicant;

3. Such loading zone is in the interest of public convenience, welfare and safety;

4. The type of loading and unloading involves freight or merchandise too heavy or bulky to be conveniently carried by hand;

5. Existing street loading space is too inconvenient or far away for practical and efficient loading or unloading.

B. In no event shall more than one-half of the total curb length in any one block be reserved for loading purposes. (Prior code § 27-1-164)

12.48.050 Freight loading zones—Use restrictions.

No person shall stop, stand or park a vehicle for any purpose or length of time other than for expeditious unloading and delivery or pickup and loading of freight and merchandise marked as a freight loading zone during the hours when the provisions applicable to freight loading zones are in effect. The director of the department of transportation and multimodal infrastructure (NDOT), or his/her designee, may set time limits for loading and unloading in a freight loading zone, based upon professional traffic engineering judgment and investigation. Any time limits for freight loading zones that are set by the NDOT director, or his/her designee, shall be clearly marked and posted on signs located within said zones. (Ord. BL2024-513 § 2, 2024; prior code § 27-1-165)

12.48.060 Public carrier stops and stands.

The traffic and parking commission shall establish bus stops and bus stands for common carrier motor vehicles on such public streets, in such places and in such numbers as they shall determine to be of the greatest benefit and convenience to the public, and every such bus stop, bus stand, or other stand shall be designated by appropriate signs. (Prior code § 27-1-171)

12.48.070 Bus and taxicab stands—Use conditions.

A. The operator of a bus shall not stand or park such vehicle upon any street at any place other than a bus stand.

B. The operator of a bus shall not stop such vehicle upon any street at any place for the purpose of loading or unloading passengers or their baggage other than at a bus stop, bus stand or passenger loading zone so designated, except in case of an emergency.

C. The operator of a bus shall enter a bus stop, bus stand or passenger loading zone on a public street in such manner that the bus, when stopped to load or unload passengers or baggage, shall be in a position with the right front wheel of such vehicle not further than

eighteen inches from the curb and the bus approximately parallel to the curb so as not to unduly impede the movement of other vehicular traffic.

D. The operator of a taxicab shall not stand or park such a vehicle upon any street at any place other than in a taxicab stand. This provision shall not prevent the operator of a taxicab from temporarily stopping in accordance with other stopping, standing or parking regulations at any place for the purpose of and while actually engaged in the expeditious loading or unloading of passengers. (Prior code § 27-1-169)

12.48.080 Bus and taxicab stands—Unlawful uses.

No person shall stop, stand or park a vehicle other than a bus in a bus stop or other than a taxicab in a taxicab stand when any such stop or stand has been officially designated and appropriately signed; except, that the driver of a passenger vehicle may temporarily stop therein while actually engaged in the loading and unloading of passengers when such stopping does not interfere with any bus or taxicab waiting to enter or about to enter such zone. (Prior code § 27-1-170)

12.48.090 Bus benches and shelters—Transit Authority rights and powers.

A. The Metropolitan Transit Authority, an agency of the Metropolitan Government of Nashville and Davidson County created by the Metropolitan Charter, Appendix Four, is given the sole power to place bus benches and bus shelters on the public rights-of-way within the area of the metropolitan government, subject to the approval of the department of planning, and the department of public works. There shall be no advertisement on any of these benches in any residential zoning district.

B. It is unlawful for any other person, corporation, partnership or entity to place or maintain bus benches and/or bus shelters on the public rights-of-way within the area of the metropolitan government.

C. The metropolitan transit authority is hereby given authority to remove any and all bus benches and/or bus shelters placed on the public rights-of-way within the area of the metropolitan government in violation of this section.

D. Any person, corporation, partnership or entity who violates this section shall be punishable as provided in Section 1.01.030 of the Metropolitan Code of Laws. (Ord. 95-1329 § 2 (part), 1995; Ord. 93-575 § 5, 1993; prior code § 27-1-171.1)

Chapter 12.52

PEDESTRIANS

Sections:

12.52.010	**Pedestrians to obey traffic regulations and traffic-control devices.**
12.52.020	**Pedestrian right-of-way in crosswalks—Driver responsibilities.**
12.52.030	**Use of right half of crosswalk.**
12.52.040	**Crossing where crosswalks not marked.**
12.52.050	**Right-of-way on sidewalks.**
12.52.060	**Pedestrians using white canes or sticks.**
12.52.070	**Blind pedestrians.**
12.52.080	**Pedestrians on highways and roadways.**
12.52.090	**Pedestrians to yield to authorized emergency vehicles.**
12.52.100	**Obedience to railroad signals.**
12.52.110	**Crossing in front of vehicles stopped to discharge passengers.**
12.52.120	**Driver responsibilities.**
12.52.130	**Soliciting rides or business prohibited.**
12.52.140	**Pedestrians under the influence of alcohol or drugs.**
12.52.150	**Use of motorized wheelchairs.**

12.52.010 Pedestrians to obey traffic regulations and traffic-control devices.

A. A pedestrian shall obey the instructions of any official traffic-control device specifically applicable to him, unless otherwise directed by a police officer.

B. Pedestrians shall be subject to traffic and pedestrian control signals as provided in Section 12.12.090.

C. At all other places, pedestrians shall be accorded the privileges and shall be subject to the restrictions stated in this title. (Prior code § 27-1-120)

12.52.020 Pedestrian right-of-way in crosswalks—Driver responsibilities.

A. When traffic-control signals are not in place or not in operation, the driver of a vehicle shall yield the right-of-way, slowing down or stopping if need be to so yield, to a pedestrian crossing the roadway within a crosswalk when the pedestrian crossing is upon the half of the roadway upon which the vehicle is traveling, or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger.

B. No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield.

C. Subsection A of this section shall not apply under the conditions stated in subsection B of Section 12.12.090.

D. Whenever any vehicle is stopped at a marked crosswalk or at any unmarked crosswalk at an intersection to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle. (Prior code § 27-1-121)

12.52.030 Use of right half of crosswalk.

Pedestrians shall move, whenever practicable, upon the right half of crosswalks. (Prior code § 27-1-124)

12.52.040 Crossing where crosswalks not marked.

A. Every pedestrian crossing a roadway at any point other than within a marked crosswalk or within an unmarked crosswalk at an intersection shall yield the right-of-way to all vehicles upon the roadway.

B. Any pedestrian crossing a roadway at a point where a pedestrian tunnel or overhead pedestrian crossing has been provided shall yield the right-of-way to all vehicles upon the roadway.

C. Between adjacent intersections at which traffic-control signals are in operation, pedestrians shall not cross at any place except in a marked crosswalk.

D. No pedestrian shall cross a roadway intersection diagonally unless authorized by official traffic-control devices and, when authorized to cross diagonally, pedestrians shall cross only in accordance with the official traffic-control devices pertaining to such crossing movements. (Prior code § 27-1-122)

12.52.050 Right-of-way on sidewalks.

A. The driver of a vehicle shall yield the right-of-way to any pedestrian on a sidewalk.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (56), 1990; prior code § 27-1-129)

12.52.060 Pedestrians using white canes or sticks.

A. It is unlawful for any person except persons wholly or partially blind to carry or use on the public streets of the metropolitan government any canes or walking sticks which are white in color with a red end.

B. It is the duty of all drivers of motor vehicles, when approaching a person carrying a cane or walking stick white in color with a red end, to immediately come to a full stop and yield the right-of-way to said person.

C. Section 12.84.020 sets out the penalty for violation of subsection B of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (58), 1990; prior code § 27-1-131.1)

12.52.070 Blind pedestrians.

A. The driver of a vehicle shall yield the right-of-way to any blind pedestrian carrying a clearly visible white cane or accompanied by a guide dog.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (57), 1990; prior code § 27-1-131)

12.52.080 Pedestrians on highways and roadways.

A. Where a sidewalk is provided and its use is practicable, it is unlawful for any pedestrian to walk along and upon an adjacent roadway.

B. Where a sidewalk is not available, any pedestrian walking along and upon a highway shall walk only on a shoulder, as far as practicable from the edge of the roadway.

C. Where neither a sidewalk nor a shoulder is available, any pedestrian walking along and upon a highway shall have the right-of-way and shall walk as near as practicable to an outside edge of the roadway and, if on a two-way roadway, shall walk only on the left side of the roadway.

D. Where neither a sidewalk nor a shoulder is available, any pedestrian walking on the left side of a two-way public roadway in a residential area shall have the right to the use of a three foot section of the street measured from the edge of the street and shall have the right-of-way thereon.

E. Vehicle drivers, when overtaking and passing in either direction a pedestrian complying with subsection D, shall leave a distance of at least three feet from the pedestrian. Under these conditions, the vehicle driver shall also slow to a reasonable speed and drive with reasonable and due care to ensure the safety of all road users.

F. Except as otherwise provided in this title, any pedestrian upon a roadway shall yield the right-of-way to all vehicles upon the roadway.

G. Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than twenty-five dollars nor more than fifty dollars. Each violation of this section shall be deemed a separate offense. (Ord. BL2017-740 § 1, 2017; prior code § 27-1-125)

12.52.090 Pedestrians to yield to authorized emergency vehicles.

A. Upon the immediate approach of an authorized emergency vehicle making use of an audible signal and/or visual signals or of a police vehicle properly and lawfully making use of an audible signal only, every pedestrian shall yield the right-of-way to the authorized emergency vehicle.

B. This section shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons using the highway, nor from the duty to exercise due care to avoid colliding with any pedestrian. (Prior code § 27-1-130)

12.52.100 Obedience to railroad signals.

No pedestrian shall pass through, around, over or under any crossing gate or barrier at a railroad crossing while such gate or barrier is closed or is being opened or closed. (Prior code § 27-1-128)

12.52.110 Crossing in front of vehicles stopped to discharge passengers.

No person shall cross any street within ten feet of the front of any vehicle which has stopped momentarily to load or discharge passengers, except in compliance with the direction of a police officer or a traffic signal. (Prior code § 27-1-127)

12.52.120 Driver responsibilities.

A. Notwithstanding other provisions of this title, every driver of a vehicle shall exercise due care to avoid colliding with any pedestrian upon any roadway and shall give warning by sounding the horn when necessary and shall exercise proper precaution upon observing any child or any obviously confused or incapacitated person upon a roadway.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (55), 1990; prior code § 27-1-123)

12.52.130 Soliciting rides or business prohibited.

A. No person shall stand in a roadway for the purpose of soliciting a ride.

B. No person shall stand on a highway, roadway, or public street or alley for the purpose of soliciting employment, business or contributions from the occupant of any vehicle.

C. No person shall stand on or in proximity to a street or highway for the purpose of soliciting the watching or guarding of any vehicle while parked or about to be parked on a street or highway. (Prior code § 27-1-126)

12.52.140 Pedestrians under the influence of alcohol or drugs.

It is unlawful for a pedestrian who is under the influence of alcohol or any drug to a degree which renders himself a hazard to walk or be upon a highway except on a sidewalk. (Prior code § 27-1-132)

12.52.150 Use of motorized wheelchairs.

Persons with a mobility impairment operating a motorized wheelchair or similar vehicle not exceeding one thousand pounds gross weight are subject to all regulations, and privileges, provided by this chapter to any other pedestrian. (Ord. BL2007-1308 § 1, 2007)

Chapter 12.54

HORSE-DRAWN CARRIAGES

Sections:

12.54.010 Definitions.

Article I. Certificate of Public Convenience and Necessity—Horse-Drawn Carriage Service

12.54.020 Required and term.
12.54.030 Application information and fees.
12.54.040 Issuance and denial.
12.54.050 Limitations and amendments.
12.54.060 Change of ownership or address.
12.54.070 Disciplinary action.
12.54.080 Operation of horse-drawn carriage after suspension.
12.54.090 Appeals.
12.54.100 Insurance required.
12.54.110 Records and reports.

Article II. Driver's Permit

12.54.120 Permit required—Violations and term.
12.54.130 Application—Information and fees required.
12.54.140 Criminal background investigation.
12.54.141 Application approval or disapproval.
12.54.142 Issuance—Contents.
12.54.143 New application after denial.
12.54.144 Expiration—Issuance and replacement fee.
12.54.145 Suspension, revocation, and appeal.
12.54.146 Revocation of a valid driver's license.
12.54.150 Fees.
12.54.160 Reserved.
12.54.170 Issuance—Permit to be posted.
12.54.175 Hospitality training program—Participation required.
12.54.180 Reserved.
12.54.190 Unpermitted drivers.
12.54.200 Conduct of drivers.
12.54.210 Alcohol in horse-drawn carriage.
12.54.220 Return of passengers' property.
12.54.230 Rates of fare.

Article III. Horses, Carriages and Equipment

12.54.240 Requirements for horses in service.
12.54.250 Examination of horses.
12.54.260 Carriage and equipment.
12.54.270 Animal working conditions.

Article IV. General Regulations

12.54.280 Fees.
12.54.290 Non-transferability.
12.54.300 Accidents.
12.54.310 Approved routes and zones.
12.54.320 Hours of operation.
12.54.330 Enforcement by police department.
12.54.340 Penalties.
12.54.350 Complaint procedure.

12.54.010 Definitions.

"Carriage permit" means a permit issued by the commission for an animal-drawn carriage to transport persons.

"Certificate holder" means a person, company, corporation or association which has applied for, and been granted, a certificate of public necessity and convenience.

"Certificate of public convenience and necessity" (as it relates to this chapter) means a license granted, upon application and approval, by the transportation licensing commission for the sole purpose of authorizing the certificate holder to provide transportation through an animal-drawn carriage and may hold one or more permits as defined under this section.

"Commission" (unless otherwise described) means the metropolitan transportation licensing commission as established by the metropolitan code.

"Commission director" means the director/executive secretary of the transportation licensing commission, as employed by the metropolitan department of public works on behalf of the commission.

"Commission inspector" means an employee of the metropolitan department of public works engaged by that department on behalf of the metropolitan transportation licensing commission, authorized and trained to inspect horses and horse-drawn carriages, and/or taxicabs, wreckers, limousines, sedans and other passenger vehicles for hire.

"Driver permit" means a permit issued by the commission to drive and operate a horse-drawn carriage.

"Metro" means the Metropolitan Government of Nashville and Davidson County.

"MTLC staff" means the employees assigned to assist and support the metropolitan transportation licensing commission.

"Permittee" means a holder of any permit issued under this chapter.

"Traffic and parking commission" means the metropolitan traffic and parking commission as established by the Metropolitan Charter and Code of Laws. (Ord. BL2019-1657 § 1, 2019; Ord. BL2012-281 § 3, 2012; Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

Article I. Certificate of Public Convenience and Necessity—Horse-drawn Carriage Service

12.54.020 Required and term.

No horse-drawn carriage shall be used or operated on a for hire basis by any person in the territorial jurisdiction of the metropolitan government without an owner or operator having first obtained a certificate of public convenience and necessity. Each certificate shall be valid for one year and shall be subject to renewal pursuant to the provisions set forth in this article. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.030 Application information and fees.

A. Upon application (on a form devised by the commission director) and the payment of a fee of five hundred dollars, a person may be issued an annual certificate to operate a horse-drawn carriage business subject to the approval of the commission.

B. All applications for a certificate of public convenience and necessity shall set forth:

1. Name, home address, telephone number, date of birth, and social security number of the applicant(s);

2. Business name (D/B/A), business address and telephone number if different from above;

3. A list of current drivers employed by the business, with each driver's permit number indicated;

4. The form of business of the applicant, i.e. corporation, partnership, sole proprietor. If the business is a corporation or any other form of association, a copy of the documents establishing the business and the name, address, and citizenship of each person with a direct interest in the business;

5. A description of any past business experience of the applicant, particularly in providing horse-drawn carriage services. Identification and description of any revocation or suspension of operating authority imposed by any government against any license or permit held by the applicant before the date of filing the application and any litigation related to the operation of the business and accidents involving injury to persons or animals;

6. The number and description of carriages the applicant proposes to use in the operation of the service, including any identifying characteristics such as color, style and other markings;

7. The number of horses the applicant proposes to use in the operation of the service along with a description and four separate and unobstructed color photographs of each animal (front, each side and rear), and a statement (not more than thirty days old) by a veterinarian certified by the State of Tennessee documenting that the horse has been examined and is approved as serviceable for its use in a carriage rental business and that there has been formulated and implemented a health maintenance plan for each horse. The commission director or the MTLC staff may require completion of any necessary forms to implement this part;

8. A description of the proposed service, including routes, rates or fares to be charged, and schedules, where applicable;

9. Documentary evidence from an authorized insurance company indicating a minimum of one million dollars liability insurance held by the applicant as required by this chapter;

10. The financial ability and responsibility of the applicant as reflected by a certified financial statement or, if an association, a full and complete statement of the amounts to be contributed monthly or annually by each member, insurance coverage to be provided, and other pertinent facts which may be required by the commission, the commission may by rule designate a specific financial statement to be submitted;

11. Whether the applicant has been convicted, pled guilty, placed on diversion, probation or parole, or pled nolo contendere within a period of five years prior to the date of application for violation of any of the following criminal offenses under any local, state or federal law: homicide, rape, aggravated assault or battery, domestic abuse or assault, kidnapping, robbery, burglary, child molestation, any sex-related offense, leaving the scene of an accident, criminal solicitation, or any offense related to cruelty to animals or criminal attempt to commit any of above, perjury or false swearing in making any statement under oath in connection with the application for a certificate, or the felony possession, sale or distribution of narcotic drugs or controlled substances. If, at the time of application, the applicant is charged with any such offenses, consideration of the application shall be deferred until entry of a plea, conviction, acquittal, dismissal, or other final disposition of the charges. The MTLC staff shall check the National Sex Offender Database to verify whether the

applicant is listed on the database. Any applicant listed on the database shall be disqualified for eligibility to hold a certificate.

12. Documentary evidence of payment of ad valorem taxes owed on the real and personal property to be used in connection with the operation of the proposed service if the business establishment is located in the metropolitan government area;

13. Any additional information, including business references, strategic plans and similar information, as the applicant desires to include to aid in the determination of whether the requested operating authority should be granted;

14. Any additional information the commission director or the MTLC staff considers necessary to assist or promote the implementation or enforcement of this chapter or the protection of the public safety. (Ord. BL2019-1657 §§ 2—5, 2019; Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.040 Issuance and denial.

A. Upon receipt of an application for a certificate, the commission shall issue such certificate valid for one year if it finds that the applicant meets all requirements of this article.

B. In determining whether or not a certificate of public convenience and necessity should be issued, the commission shall give weight and due regard, among other things, to:

1. The number of horse drawn carriages already in operation; whether existing service is adequate to meet the public need; the character, experience, financial condition and responsibility of the applicant, and such criteria as may be adopted by the commission in its rules.

C. If the commission finds that a certificate should be issued to an applicant for the operation of a horse-drawn carriage, the applicant will be issued a permit for each carriage.

D. The owner, operator, or custodian of a horse engaged in a horse-drawn carriage service shall have a valid certificate available for immediate inspection by the commission director or a designee, commission inspector, a police officer, or an animal control officer at all times when a horse is on any street or public byway.

E. If the commission director determines that the requirements of this chapter have not been met, and/or that an applicant should be denied operating authority, he or she shall notify the applicant in writing that the application is denied and include in the notice the reason for denial and a statement informing the applicant of the right of appeal to the commission.

F. The commission may determine by rule the date upon which permits will expire. (Ord. BL2019-1657 § 6, 2019; Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.050 Limitations and amendments.

A. A certificate must state on its face that it is for the exclusive purpose of operating a for-hire horse-drawn carriage service within the metropolitan government area. It may also contain other conditions and limitations deemed necessary by the commission, including, but not limited to:

1. Number and description of vehicles authorized;

2. Number and description of horses to be used;

3. Number of passengers that may be safely transported in each vehicle, based on the size of the vehicle and the type of horse pulling the vehicle;

4. Places for loading or unloading passengers;

5. Hours of operation and/or schedules and routes to be followed;

6. Operating procedures;

7. The use of special safety equipment;

8. The use of special sanitary devices and special care procedures;

9. Special conditions or limitations.

B. A certificate holder commits an offense if he or she fails to comply with the conditions or limitations placed on the operating authority under which he or she is operating the horse-drawn carriage.

C. Approval of temporary changes in authorized zones and hours of operation of a horse-drawn carriage must be requested from the traffic and parking commission or its designee at least five business days before being implemented. (Ord. BL2019-1657 §§ 7—9, 2019; Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.060 Change of ownership or address.

A. If a certificate holder changes address or telephone number of the service, the certificate holder shall immediately notify the commission director. Failure to do so may result in disciplinary action.

B. If there is a change of ownership or title to any carriage for the operation of which a certificate has been issued under this article, the certificate holder shall have the right to substitute within thirty days after sale, destruction or elimination of the carriage, another carriage of the same or similar type and construction and receive a new carriage identification sticker if the permittee complies with all other requirements of this article, subject to inspection.

C. Change of ownership shall automatically revoke such certificate and the certificate shall be destroyed or returned to the commission.

D. Before any changes of licensed carriages, including additional carriages, horses or drivers or new ownership or address, shall be approved, the certificate holder shall file an amended certificate of insurance with the commission director indicating that the coverage required by this section is in force. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.070 Disciplinary action.

A. The commission or the commission director may place on probation, suspend, fine or revoke a certificate if it is determined that the certificate holder, certificate holder's employee, or any driver operating on behalf of the certificate holder, has:

1. Made a false statement in the application;

2. Made a false statement under oath during a disciplinary hearing before the transportation licensing commission;

3. Failed to comply with provisions of this chapter;

4. Operated a service not authorized by the certificate;

5. Failed to comply with the conditions and limitations of the certificate;

6. Been convicted of a violation of local, state, or federal law, that indicates a lack of fitness of the permittee to perform a passenger transportation service;

7. Been convicted of any felony offense while holding the permit;

8. Failed to qualify for a certificate under any section of this chapter;

9. Operated without appropriate permits and licenses issued by any other governmental entity;

10. Engaged in conduct detrimental to the public safety;

11. Been convicted of any offense involving driving while intoxicated; or

12. Engaged in conduct unbecoming of a holder of a certificate of convenience and necessity.

13. If the certificate holder, certificate holder's employee, or any driver operating on behalf of the certificate holder commits an act in violation of the Criminal Code or Metropolitan Code of Laws and the commission director determines that certificate holder or his/her company poses a threat to public safety or animal welfare, the commission director may enact an emergency suspension of the certificate to remain in effect until the certificate holder has the opportunity to be heard by the commission at the next available commission meeting, but in no circumstance later than sixty days from the date of the emergency suspension.

B. Any certificate holder convicted of a violation of this chapter or any other local, state or federal law concerning the treatment of animals shall be denied a certificate under this chapter, or such conviction shall form the basis for the suspension or revocation of any certificate granted under this chapter.

C. The commission director shall notify the certificate holder in writing with a notice of the proposed action to be taken and the general basis for the proposed action along with the date, location and time of a "show-cause hearing" to take place before either the commission director or the commission. The certificate holder shall have an opportunity to be heard by the commission director or the commission before the imposition of any probation, suspension or revocation. (Ord. BL2019-1657 §§ 10, 11, 2019; Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.080 Operation of horse-drawn carriage after suspension.

A. After receipt of notice of suspension, revocation, or denial of certificate renewal, the certificate holder shall, on the date specified in the notice, discontinue driving a horse-drawn carriage for hire inside the metropolitan government area and shall surrender the written certificate to the commission director.

B. If the certificate holder appeals the suspension or revocation under this section, the certificate holder may continue to operate the horse-drawn carriage pending the appeal unless:

1. The certificate of the certificate holder is suspended pursuant to subsection regarding felony arrest or violation of DUI laws;

2. The commission director determines that continued operation by the certificate holder would impose an immediate threat to public safety. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.090 Appeals.

A. Any person whose application for a certificate or renewal of a certificate is denied by the commission director may file a written appeal with the commission within ten days. If an appeal is not made to the commission within ten days of the commission director's decision, the director's decision shall be final. A letter addressed to the commission and delivered to the commission office stating that an appeal from the decision of the commission director is desired shall perfect such appeal. The commission, as soon as possible after receiving such notice of appeal, shall notify the applicant or certificate holder of the date and time of the hearing. The hearing shall be at least five days after the mailing of such notice. After the hearing of the appeal, the commission shall sustain, modify or reverse the findings of the commission director, and shall notify the commis-

sion director and the applicant or certificate holder of its findings. The findings of the commission shall be final, subject to any applicable legal processes.

B. An applicant or association who has been denied a certificate or license by the commission director, and such denial has been upheld by the commission or not appealed to them, shall not be allowed to make another application for one year from the date of the denial. (Ord. BL2019-1657 § 12, 2019; Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.100 Insurance required.

A. Before any certificate shall be issued by the commission director, or before the renewal of such certificate shall be granted, the applicant or association shall be required to file an insurance policy and/or certificate of insurance with the commission director evidencing insurance coverage as required in this section.

B. Insurance coverage as provided in subsection (A) of this section means a policy of public liability insurance issued by an insurance company qualified to do business in the state and naming the metropolitan government as an additional insured. Any policy of public liability insurance issued in compliance with this article shall be for a term of not less than one year, and for any horse-drawn carriage insured there under shall afford protection to any third party sustaining injury or damage as a result of the negligent operation of any horse-drawn carriage, with the minimum amount of insurance to be one million dollars, known as combined single limit insurance coverage. Such policy shall expressly provide that it may not be canceled, except after thirty days written notice to the commission director.

C. Such certificate will certify that the policy provides for a minimum of one million dollars per carriage for liability imposed by law for damages on account of bodily injuries, death or personal damages, other than injuries, death or property damages of the company or driver, in any one accident resulting from the ownership, maintenance or use of such carriage. The certificate of insurance shall also list the serial number or identification number of each carriage that is insured.

D. The operation of any horse-drawn carriage within metro without having in force the public liability insurance policy as outlined in this section is hereby declared to be a violation of this article, subjecting the owner and/or certificate holder to all applicable penalties provided in this article and this chapter.

E. Any changes must be reported to the commission immediately. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.110 Records and reports.

A. Each certificate holder shall maintain at a single location business records of its horse-drawn carriage business. The records must be maintained in a manner approved by the commission director and contain the following information:

1. An identification of the carriage used for each trip;

2. The number of trips made by each carriage on a daily basis;

3. An identification of the horse used for each trip and a statement of the periods of work and rest for each horse; and

4. Any other information the commission director determines necessary for monitoring the activities, operations, service, and safety record of the licensee.

B. A certificate holder shall make its records available for inspection by the commission director, commission inspector or designated officials. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

Article II. Driver's Permit

12.54.120 Permit required—Violations and term.

A. No person shall drive or otherwise operate a carriage engaged in the for-hire horse-drawn carriage service unless he or she has a driver's permit. To qualify for a permit, an applicant must comply with all of the requirements and stipulations of this chapter and any rules and regulations adopted by the commission.

B. A person commits an offense if he or she operates a horse-drawn carriage for-hire in the metropolitan government without a driver's permit issued by the commission.

C. A business commits an offense if it employs or otherwise allows a person to operate a horse-drawn carriage owned, controlled, or operated by the permittee unless the person has a driver's permit issued by the commission.

D. Each permit shall be valid for one year and shall be subject to renewal pursuant to the provisions set forth in this article. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.130 Application—Information and fees required.

A. An application for a horse-drawn carriage driver permit shall be filed with the commission and shall comply with regulations set forth by the commission or the commission director.

B. Such application shall be certified under oath and shall at a minimum contain the following information:

1. The name, residential address, telephone number and date of birth of the applicant. No applicant under twenty-one years of age will be accepted.

2. The type(s) of vehicle(s) which the applicant will drive under the certificate.

3. Any other request for information the commission director considers necessary or relevant.

C. The applicant shall provide copies of the following documents in order to submit his application:

1. A valid Tennessee driver license that complies with all applicable requirements of state law as further specified in rules to be adopted by the commission.

2. A Social Security card or birth certificate.

3. If a resident alien, a current work permit or other valid United States Immigration and Customs Enforcement document.

4. On forms provided by the commission director, the applicant will provide a statement under penalty of perjury of their physical and mental fitness to act as a for-hire driver as well as provide such other information as may be reasonably required by regulation promulgated by the commission pursuant to this chapter.

5. Certification that the driver has completed the certificate holder's mandatory driver training program approved by the commission director.

D. Each application shall be accompanied by an official driver record issued by the Tennessee Department of Safety, no more than thirty days previous to the date of application. All applicants are required to meet the following standards:

1. No convictions in the last five years for any of the following offenses involving bodily injury or death and no convictions in the last three years for any of the following offenses not involving injury or death:

- Driving under the influence of an alcoholic beverage or drug;
- Reckless driving.

2. For an initial permit, no more than three moving violations within the last three years and no more than two moving violations in the last year.

3. For a renewal permit, no more than four moving violations within the last three years and no more than two moving violations in the last year.

E. The commission or commission director may place on probation, suspend, fine or revoke a driver's permit if it is determined that the permitee made a false statement on his/her application. (Ord. BL2019-1657 § 13, 2019; Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.140 Criminal background investigation.

A. Upon receiving an application for a driver's permit from an applicant, the applicant must undergo an identification and background check as required by state law as more specifically provided by rules or regulations adopted by the commission. Upon receipt of the background check report, the commission director shall determine whether the applicant's background check disqualifies him or her from eligibility for a driver's permit.

B. Additionally, certificate holder shall check the National Sex Offender Database to verify whether the applicant is listed on the database, and shall certify under oath to the commission that it has conducted this check and verified that the applicant does not appear on the database. Any applicant listed on the database shall be disqualified for eligibility for a driver's permit.

C. Any applicant shall, in addition to any disqualifications listed elsewhere in this chapter, be disqualified if the applicant:

1. Has been convicted, pleaded guilty, nolo contendere or conditionally plead guilty pursuant to T.C.A. § 40-35-313 within a period of three years prior to the date of application for violation of any of the following criminal offenses under the laws of Tennessee, any other state, or the United States of America:

- Homicide,
- Rape,
- Aggravated assault,
- Kidnapping,
- Robbery,
- Burglary,
- Child sexual abuse,
- Any sex-related offense,
- Criminal solicitation, or criminal attempt to commit any of the above,
- The felony possession, sale or distribution of narcotic drugs or controlled substances.

2. If, at the time of the application, an otherwise qualified applicant has been convicted of any of the above listed offenses, the commission director shall take the application before the commission for approval.

3. If, at the time of application, the applicant is charged with any offenses in 1. above, consideration of the application shall be deferred until entry of a plea, conviction, acquittal, dismissal, or other final disposition of the charges.

4. Has been convicted for a period of two years prior to the date of application of the violation of two or more sections of this Code or other ordinances governing the operation of vehicles for hire.

5. Has failed to disclose any criminal conviction, except traffic citations, on the application for a permit. (Ord. BL2019-1657 § 14, 2019; Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.141 Application approval or disapproval.

Upon disapproval of a driver permit application by the commission director, applicants may file an appeal with the commission within thirty days of denial and request an appearance before the commission. The appeal shall be heard by the commission at the next available commission meeting with the appellant appearing in-person for consideration of the application. (Ord. BL2019-1657 § 15, 2019)

12.54.142 Issuance—Contents.

Upon approval of an application for a driver's permit, the certificate holder shall certify under oath to the commission director that the application is complete and accurate prior to issuing a permit to the applicant, in a form approved by the commission director. (Ord. BL2019-1657 § 16, 2019)

12.54.143 New application after denial.

Upon denial of an application for a driver's permit, no new application shall be considered for a period of three months. (Ord. BL2019-1657 § 17, 2019)

12.54.144 Expiration—Issuance and replacement fee.

A. Each driver's permit shall be issued for a period of one year. All permits issued under the provisions of this chapter shall expire March 1st of the year following the date on which the permit was issued. All certificates may be renewed by the MTLC director for each successive year. A renewal fee for each approved certificate and other licensing fees shall be charged at the annual renewal of the certificate.

B. A permit may be issued to qualified applicants for driver permits upon the payment of an amount to be established by the commission to cover the costs of investigation and of a random sampling of the permit applications by the commission director. A fee in an amount to be established by the commission shall be charged for all replacement driver permits. Every driver shall at all times conspicuously display a permit on the clothing of the driver's upper body. A driver shall allow a customer, MTLC staff or a police officer to examine the permit upon request. (Ord. BL2019-1657 § 18, 2019)

12.54.145 Suspension, revocation, and appeal.

A. The commission or the commission director is authorized to suspend, fine, revoke, otherwise restrict, or not renew any driver's permit issued under this article for failing or refusing to comply with the provisions of this chapter or the commission rules and regulations. Upon suspension, revocation, or other restriction of any driver's permit by the commission director, appeals can be made to the commission by filing a written request within thirty days of the action being appealed.

B. If the driver commits an act in violation of the Criminal Code or the Metropolitan Code of Laws and the commission director determines that driver poses a threat to public safety or animal welfare, the commission director may enact an emergency suspension of the driver's permit to remain in effect until the driver has the opportunity to be heard by the commission at the next available commission meeting, but in no circumstance later than sixty days from the date of the emergency suspension.

C. A driver whose permit is revoked by the commission or commission director may not reapply for ninety days from the date of revocation and will be treated as a new applicant. (Ord. BL2019-1657 § 19, 2019)

12.54.146 Revocation of a valid driver's license.

A driver's permit issued under this chapter shall be coterminous with the permittee's valid Tennessee driver's license. Any time that a permittee's driver's license is suspended, revoked, or cancelled, the permittee shall immediately self-report said action to the commission and the driver's permit shall likewise be immediately suspended, revoked, or cancelled. The driver's permit shall immediately be surrendered to the commission until such time as their driver's license is reinstated. (Ord. BL2019-1657 § 20, 2019)

12.54.150 Fees.

A. To obtain an annual horse-drawn carriage driver's permit, or renewal of the permit, a person must file with the commission director a completed written application on a form provided for the purpose and a nonrefundable application fee and a fee for a police records search. The commission is authorized to establish the fees necessary to fulfill this part. The commission director shall require each application to state such information considered necessary to determine whether an applicant is qualified.

B. All licenses shall expire annually on March 1, unless otherwise revoked, canceled or suspended.

C. The commission director may renew permits for each successive year before March 1 of each year. A renewal fee shall be charged for each permit issued. A fee shall also be charged for all replacement or temporary horse-drawn carriage driver permits. Such fees shall be in addition to the cost of any investigation, and the commission shall have the authority to set the fees by rule. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.160 Reserved.

Editor's note—Ord. BL2019-1657, § 21, adopted July 2, 2019, repealed § 12.54.160, which pertained to investigation of applicant and derived from Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002.

12.54.170 Issuance—Permit to be posted.

A. Upon approval of an application for a horse-drawn carriage driver's permit, the commission director shall issue a permit to the applicant, which shall bear the name, address, age, weight and other information deemed appropriate.

B. Every driver shall at all times conspicuously display a permit either on the clothing of the driver's upper body or upon the carriage. A driver shall allow the commission director, commission inspector, animal control officer or a police officer to examine the license upon request. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.175 Hospitality training program—Participation required.

A. Beginning July 1, 2019, every newly licensed horse-drawn carriage driver shall have attended an approved hospitality program prior to receiving a driver's permit.

B. Beginning July 1, 2019, every previously licensed horse-drawn carriage driver shall attend an approved hospitality training course or refresher course prior to applying for or renewal of a driver's permit each year. This course shall include updated information on any new MTLC regulations and safety requirements. (Ord. BL2019-1490 § 4, 2019)

12.54.180 Reserved.

Editor's note—Ord. BL2019-1657, § 22, adopted July 2, 2019, repealed § 12.54.180, which pertained to denial, suspension, revocation and appeal and derived from Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002.

12.54.190 Unpermitted drivers.

A. If any person is found operating any horse-drawn carriage for-hire within the metropolitan government area without a valid horse-drawn carriage driver's permit on behalf of any holder of a certificate of necessity and public convenience, the commission director may immediately take action to suspend or revoke the certificate of necessity and public convenience held by the operator of the horse-drawn carriage service.

B. A person whose horse-drawn carriage driver's permit is suspended shall not drive a horse-drawn carriage for-hire within the metropolitan government area during the period of suspension. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.200 Conduct of drivers.

A. A driver shall at all times:

1. Act in a reasonable, prudent, and courteous manner;
2. Not permit a person, other than an employee or the owner of the horse drawn carriage service to operate the carriage under the driver's control;
3. Not permit a person on the back of a carriage horse when the horse is under the driver's control;
4. Not leave a horse untethered or unattended except when confined to a stable or other enclosure;
5. Not permit a horse to drop excrement from its diaper;
6. Keep all carriage stands clean and free of animal excrement;
7. Not permit the seating capacity rated for his or her carriage to be exceeded;
8. Operate the horse drawn carriage in approved areas;
9. Not operate a carriage while under the influence of alcohol or drugs;
10. Comply with all traffic laws and regulations of the metropolitan government and state. Non-compliance shall be determined by the issuance of a citation from the Metropolitan Police Department or any law enforcement body of the state.
11. Not permit a passenger to stand or ride on any part of the carriage other than the designated seating area while the carriage is in motion and advise the passengers that they must be seated except when loading or unloading;
12. Load and unload passengers solely at designated carriage stands;
13. Not permit the speed at which any horse drawn carriage is driven to exceed a trot; and,
14. Be responsible for the proper and humane care and treatment of each animal under their direct care and control.

B. To protect the health and safety of the animal and the public, upon a finding that an animal is sick, injured, lame, malnourished, or in any other condition that renders it unfit for drawing a carriage, a commission

inspector, animal control officer or police officer may issue an order that a horse is deemed unfit for work and order it removed from the vehicle and the city streets.

C. Reserved. (Ord. BL2019-1657 § 23, 2019; Ord. BL2013-551 § 1, 2013; Ord. BL2010-793 § 15, 2010; Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.210 Alcohol in horse-drawn carriage.

A. A certificate holder or driver commits an offense if he or she provides an alcoholic beverage to a passenger for a fee or as part of the passenger transport service.

B. A certificate holder or carriage driver commits an offense if he or she provides or stocks any alcoholic beverage in the horse-drawn carriage.

C. Reserved. (Amdt. 1 to Ord. BL2021-911 § 5, 2021; Ord. BL2021-911 § 5, 2021; Amdt. 1 to Ord. BL2017-645 § 1, 2017; Ord. BL2017-645 § 1, 2017; Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.220 Return of passengers' property

A driver of a horse-drawn carriage shall immediately attempt to return to a passenger any property left by the passenger in the carriage. If unable to locate the passenger, the driver shall notify the certificate holder of the service, who shall notify the commission director within twenty-four hours of a description of the property and the location where the property is being stored. For property found on weekends and public holidays, the certificate holder shall notify the commission director during the next regular business day. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.230 Rates of fare.

A. Each carriage company shall be required to file with the commission a list of their basic rates thirty days prior to any change. The rate charged by each carriage shall be the same as that on file with the commission and shall be posted conspicuously within the carriage.

B. The use of any type of meter or measuring device to calculate rates of fare for a horse-drawn carriage is prohibited.

C. Passengers shall be informed of the rate prior to embarking. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

Article III. Horses, Carriages and Equipment

12.54.240 Requirements for horses in service.

A. Before any horse may be used in a horse-drawn carriage business, the permittee must furnish the MTLC staff with:

1. A state certificate of veterinarian inspection identifying the horse by description and with front, rear, right and left photographs and showing that the horse has been examined at least once within the preceding six months by a veterinarian licensed by the state;

2. Proof that the animal has had tetanus, rabies, Influenza, Rhinopneumonitis, West Nile Virus, Potomac Horse Fever and Eastern-Western encephalitis vaccinations;

3. A negative Coggins test result; and

4. Close-up photographs or drawings showing identifying markings of the horse.

5. Any documents the commission director deems necessary.

B. A permittee with an animal used in a horse drawn carriage must adhere to the following regulations and conditions:

1. Be appropriately shod and trimmed, and shall utilize rubber-coated pads or boots or open steel barium tip shoes, or other shoes approved by a veterinarian or by commission rule. If a horse loses a shoe while working, an "easy" type boot may be used to finish the scheduled workday;

2. Be inspected and maintained by a farrier at least every eight weeks, or as necessary. Records must be kept by the owner in the carriage of the dates and the name of the farrier who shod the animal. Such records are subject to inspection by the commission director and MTLC staff;

3. Not have any open or bleeding wound, oozing sore, or cut below skin level;

4. Not have evidence of lameness;

5. Have all harnesses properly fitted and in good repair with no deficiencies that create a safety hazard;

6. Be properly cleaned with no offensive odors or caked dirt or mud;

7. Wear a special sanitary device properly fitted for containing animal excrement;

8. Flies and other insects must be controlled through general sanitation and other necessary means;

9. Animals shall not pull more than three times their current weight in load, where the load weight totals all equipment, carriage driver, passengers and other carriage contents;

10. Animals weighing at least one thousand, four hundred pounds can pull six passengers. For this section, a passenger is defined as an adult weighing more than one hundred pounds;

11. Not have obvious signs of emaciation, malnutrition, or exhaustion and meets standards established through the Tennessee livestock welfare laws;

12. All harnesses, bridles and bits and any other equipment shall be properly fitted and kept in good repair. Blankets, bridles and bits shall not be used on another animal unless it is first disinfected. Harnesses and bridles shall be kept well-oiled and cleaned and in good repair;

13. Carriages must be kept properly lubricated, and wheels must spin freely and straight;

14. Animals requiring veterinary care shall not be moved, ridden or driven, except for the purpose of humane keeping, pasturing or obtaining medical care;

15. "Free choice" access to water, salt and hay or other forage suitable for equine consumption shall be available to all horses in the stabling and/or assembly/transfer sites or during rest periods;

16. Carriages shall not be pulled by stallions or pregnant mares, nor shall stallions or pregnant mares be brought into any of the stables, assembly/transfer sites or assembly/holding sites;

17. Other equids including mules and donkeys used to pull carriages must meet the same requirements as described for horses;

18. Provisions shall be made to catch or immediately pick up any manure deposited by the carriage horses away from the stable or assembly/transfer sites. The manure shall be returned to the stable or transfer sites for appropriate disposal;

19. Animals shall wear properly attached and fitted blinders while pulling carriages;

20. Owner and handlers shall take immediate measures to prevent or address shivering, overheating and any other emergency medical condition affecting the animal's health;

21. It is the responsibility of owners, drivers, and riders to protect the animal and, when under their control, to ensure that the animal is not left to roam freely and possibly cause harm to the public or itself;

22. Owners shall not allow the animal to be worked on a public highway, path or street during adverse weather or other conditions that are a threat to the health or safety of the horse and public; and,

23. No horses shall be permitted to pull a carriage with a loose shoe.

C. The commission director, commission inspector, police officer or animal control officer may require the certificate holder or driver of a horse-drawn carriage to remove from service any horse that appears to be ill, overtired, undernourished, overloaded, injured, or lame or whose health or life in the opinion of a veterinarian or qualified equine animal control officer, is in imminent danger. To reinstate a horse removed from service, the horse must be re-examined and a new state certificate of veterinarian inspection issued for the horse by a veterinarian licensed by the state and specializing in equine medicine, which certificate must be submitted to the commission director.

D. A person commits an offense by harassing or startling, or attempting to harass or startle, any horse while the horse is pulling a carriage or at rest or otherwise treats a horse inhumanely while it is working in a horse-drawn carriage. Violation of this section shall constitute a misdemeanor.

E. A certificate holder and driver shall use a trailer to transport a horse to a job location in the metropolitan government area that is more than three miles from the location where the horse is stabled.

F. For purposes of this section, a horse is considered to be working any time it is being used for-hire on a public street or sidewalk, or other public right-of-way, during any hour of operation of the horse-drawn carriage service that is authorized by and on file with the commission director.

G. The metro animal control may order quarantine on the entire premises where the animals are being stabled or any part thereof or on any particular animal for any of the following reasons:

1. Excessive parasitism, diagnosed by a veterinarian, which would cause the animal to be unfit to be ridden or driven;

2. General malnutrition, as diagnosed by a veterinarian; or

3. Presence of suspicion of contagious or transmittable disease, as diagnosed by a veterinarian.

H. Owners and operators of horse-drawn carriages shall not permit unsanitary conditions to be present on any city route, animal rest area or any area where the animals are kept. All such areas shall be kept clean and free of conditions that might harbor, or be conducive to the breeding of insects or rodents.

I. No animal shall be made to perform by means of any prod, stick, electrical shock, physical force, or by causing pain or discomfort. Any whip or riding crop must be used so as not to cause injury to the animal whether in or out of service. A whip or riding crop may be displayed on the carriage provided it is not used on any horse.

J. The certificate holder shall notify the commission director of any carriage horse that dies within twenty-four hours, or if on the weekend or a legal holiday, during the next business day. The commission director may request that a board certified veterinary pathologist shall perform a necropsy at the expense of the certificate holder. A record of the death and/or necropsy finding shall be filed with the commission director.

K. When weather conditions are adverse or inclement which could harm either horses or passengers, carriages shall not be operated. The commission, by rule, may adopt specific guidelines for the operation of carriages in inclement weather conditions. (Ord. BL2019-1657 §§ 24—27, 2019; Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.250 Examination of horses.

A. The commission director may, at any time, request the metro animal control agency or its designee, to examine any carriage horse. The cost of examination of a horse shall be the responsibility of the certificate holder.

B. Each horse shall be thoroughly examined within thirty days prior to use and shall have:

1. A certificate of well-being issued by a veterinarian and kept, at all times, with the horse and available for inspection by the commission director, commission inspector, police officer or animal control officer. A copy of such certificate shall be on file with the commission director;

2. A certificate of well-being identifying the horse by breed, color, sex, and markings and showing the state and type of carriage the horse can be expected to draw safely, without causing injury to the horse.

The certificate of well-being shall be valid for a period not to exceed six months.

C. No stallions, unmanageable or unruly horses or pregnant mares shall be licensed or used at any time.

D. A license that has been issued for a mare that becomes pregnant during the license period shall be returned to the commission director by the business until such time as the mare has foaled and is recertified by a veterinarian.

E. After the initial issuance of the certificate of well-being is issued:

1. The horse must be examined at least once every six months by a veterinarian licensed by the state who specializes in equine medicine and receive a state certificate of veterinarian inspection, which must be submitted to the commission director;

2. The permittee shall keep written medical records for each horse and the records must be available for inspection at reasonable times upon request by the commission director.

F. The examination shall encompass that which is consistent with maintaining the health and well-being of the animal as determined by the usual and customary recommended treatment of animals working under such conditions by the veterinarian association. Such examinations should include, but not be limited to, leg and hoof exams, dental exams, eyes, internal parasites, lab reports, and cardiovascular health. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.260 Carriage and equipment.

A. An owner, operator, or custodian of a horse engaged in the horse-drawn carriage shall ensure and certify that the equipment used in the operation of the horse-drawn carriage meets the following standards of this section:

1. Provide that the carriage used is in good operating condition, the axles are well-greased, and that all operating mechanisms are in good working order;

2. Provide that the carriage is equipped with hydraulic brakes in good working condition;

3. Provide that the saddle, harness, shoes, bridle, and any other equipment for the horse fits properly, is in good working condition, and shall not cause injury or pain to the horse;

4. Not use twisted wire, spurs, bucking straps, flank straps, or similar devices. All bits and other equipment must be humane which are not injurious to the horse;

5. Daily inspect all horses and all equipment at the time of departure from and return to the stable; and

6. Provide that all horses are equipped with a diaper that is constructed of a sturdy material and is properly fitted to the horse to ensure comfort.

B. No carriage engaged in the horse-drawn carriage business shall be driven or operated on a public street or byway of the city unless the owner or operator of the carriage has obtained a valid identification card issued by the commission director pursuant to a procedure and fees established by this chapter.

C. A carriage used in the horse-drawn carriage service shall:

1. Have a valid permit conspicuously displayed on the carriage at all times;

2. Be equipped with a slow-moving vehicle emblem attached to the rear of the carriage;

3. Be maintained in a safe and sanitary condition;

4. Not drive or transport more than nine passengers at one time with a maximum of seven adults, excluding the driver or operator of the carriage for each horse; or ten passengers at one time, including the driver or operator for each mule;

5. Display the name and telephone number of the horse-drawn carriage with letters not to exceed three inches nor less that one inch in height on the carriage exterior. These signs must be displayed at all times that the carriage is operating for business unless the carriage is being used for a special event, such as a wedding or funeral;

6. Must be equipped with a chemical to be poured over horse urine by drivers so as to break down and eliminate accumulated agents and odors;

7. Sufficient reflective material must be placed along the shafts of the carriage, or other parts thereof, which normally parallel the body, head or legs of the horse pulling such carriage;

8. An optional rear view mirror on each side of the carriage, if requested by the commission director;

9. Be equipped with lights which comply with applicable state law;

10. A fully charged backup battery must be readily available and a carriage cannot operate without proper lights;

11. Two suitable cardholders shall be conspicuously affixed to the carriage visible to passengers. One cardholder shall hold the identification card of the carriage driver and one shall hold the identification card of the horse that is in use at the time, as well as the certificate of well being for such horse;

12. A first aid kit;

13. Consecutive daily records in a bound volume, in ink, must be kept of the movements of each horse-drawn carriage and horse by the licensee, as follows:

a. Permit number,

b. Time of departure from and arrival at stable,

c. Driver's name and permit number,

d. Driver's permit expiration date, and

e. The horse's name and identification number.

This information must be available for inspection. Only the daily logs must be available on each carriage;

14. In addition, the following information is required for each specific trip:

a. Carriage identification number,

b. Number of passengers,

c. Time of departure of trip, and

d. Time of return of trip.

D. If, upon any inspection, a carriage is found to be unsafe, unclean or unsightly, the commission director, MTLC staff, metro animal control staff or police officer, may direct that the carriage be taken out of service until such condition is corrected. Such carriage shall be re-inspected and approved by the commission director, MTLC staff or designee before returning to service, at which time a new permit shall be issued and a service fee (established by rule) shall be collected.

E. The commission may, by rule, establish additional inspection requirements for a carriage and other equipment used in the horse-drawn carriage service. (Ord. BL2019-1657 § 28, 2019; Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.270 Animal working conditions.

A. No animal shall be worked under any of the following conditions, and any owner allowed to let the conditions exist will be found in violation of this article:

1. The animal is pulling more people than permitted under Section 12.54.260 of this chapter;

2. The animal works more than eight hours in any twenty-four-hour period without ten minutes of rest for each fifty minutes of work and with a minimum of twelve consecutive hours of rest;

3. The animal pulling a carriage is moved at a speed faster than a trot;

4. The animal is worked with equipment causing an impairment of vision other than normal blinders;

5. The animal is subject to any condition or treatment that will impair the good health and physical condition of the animal;

6. Water must be available before and after each shift. In addition, water shall be offered when appropriate and will not be injurious to the horse;

7. Make sure horses are given proper amounts of water before and after working, and have additional water available if needed;

8. Not work longer than eight hours within a twenty-four-hour period with a minimum of twelve consecutive hours of rest;

9. Horses shall not be worked for commercial purposes in extreme temperatures or in adverse weather. When the weather is determined to be adverse, all horses must immediately cease working, be offered shade or shelter when available, be rested and cooled off, and then walked to their stable. All horses so ordered to return to their stable must be unbridled and remain at the stable for at least one hour and until the temperature returns to the appropriate levels;

10. Be provided with daily food and water, free from contamination. Such food shall be wholesome, palatable, and of sufficient quantity and nutritive value to meet the normal daily requirements for the condition and size of the animal;

11. Shall not be overridden or driven to overheating or exhaustion. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

Article IV. General Regulations

12.54.280 Fees.

A. The annual fees for a horse-drawn carriage license issued by the commission shall be set by the commission by rule as necessary to cover all expenses related to the administration of this chapter.

B. All fees shall be made payable to metro through the commission. All certificates shall expire annually on March 1 of each year and must be renewed by the commission director to remain in force. No prorating of the fee shall be permitted.

C. If a certificate is amended to increase the number or vehicles or horses used, the commission director shall collect a fee as a result of the amendment in addition to appropriate permit fees.

D. A fee for a temporary amendment to the certificate authorizing supplemental vehicles during peak demand periods is authorized for each vehicle or horse.

E. If a license or an identification card is lost or destroyed, the commission director shall issue the permittee a duplicate permit upon payment to metro of a duplicate permit fee.

F. No refund of a fee required by this section may be made. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.290 Non-transferability.

A certificate of public convenience and necessity, horse-drawn carriage permit, carriage driver's license, or an identification card is assigned to one person or company, and is not transferable. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.300 Accidents.

A. The driver of a horse carriage shall report any accident involving such carriage to the police department. The company shall notify the commission director of such accident by nine a.m. on the next business day.

B. No horse or carriage involved in an accident where structural damage to the carriage or injury to the horse has occurred, shall be operated again until the carriage has been inspected by the commission director or a police officer and the horse has been certified for service by a veterinarian. The company shall present written notice of certification to the commission director. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.310 Approved routes and zones.

A. A certificate holder shall operate horse-drawn carriages only upon streets within zones or upon routes developed through consultation with the metropolitan traffic and parking commission staff.

B. Horse-drawn carriages operating for-hire are barred from using streets which:

1. Have a speed limit exceeding thirty-five m.p.h., unless prior approval is obtained from the traffic and parking commission staff;

2. Are designated as major arterial streets by the metropolitan planning commission, except during the hours of six p.m. to six a.m. and on Saturday, Sunday and holidays, as determined in consultation with the traffic and parking commission staff. Exceptions may be made only with the express consent of the traffic and parking commission staff.

C. The authorized zones, routes, and tether locations shall be subject to amendment as needed through consultation with the metro traffic and parking commission staff to ensure safe and efficient movement of traffic.

D. Upon approval of the traffic and parking commission staff, advance charter tours may deviate from the route or zone, provided the company operates on streets approved for routes or zones.

E. A company shall receive prior approval of the traffic and parking commission director to deviate from approved routes, zones, or destinations, which require the use or crossing of streets designated as arterial streets by the metropolitan planning commission.

F. In the event of a funeral, a company may notify the traffic and parking commission director twenty-four hours in advance of its intention to use a non-authorized route or zone. (Ord. BL2013-551 § 2, 2013; Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.320 Hours of operation.

A. Carriage shall operate only after six p.m. and must leave the streets by six a.m., Monday through Friday, unless the metropolitan traffic and parking commission grants the carriage specific permission to operate during other hours. Carriages may operate during any hours on weekends and on holidays.

B. Should the commission director determine that special circumstances exist which would jeopardize the safety of the animal, such as bad weather or other environmental problems, the commission director may order a temporary suspension of the operation of all horse-drawn vehicles until such time as the special circumstances abate.

C. Carriages lights must be lit from dusk until dawn or when inclement weather dictates. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.330 Enforcement by police department.

Officers of the police department shall assist in the enforcement of this chapter. A police officer observing a violation of this chapter, or the regulations established by the director, shall take necessary action to insure effective regulation of horse-drawn carriage. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.340 Penalties.

A. All provisions of this chapter shall be governed by the penalties found in Metropolitan Code of Laws, Section 1.01.030

B. Notwithstanding any provision contained herein, the commission shall have the authority to enforce the provisions of this chapter. (Amdt. 1 and 2 with Ord. 2002-1075 § 1 (part), 2002)

12.54.350 Complaint procedure.

On forms provided by the commission director, any complainant who alleges that a certificate holder, driver's permit holder, or employee of the certificate holder has violated provisions of this chapter shall provide a statement under penalty of perjury detailing the alleged violation. The violation date must have occurred no more than thirty days prior to the filing of the complaint form to be actionable. Upon receipt of a valid complaint, the commission director may:

1. Conduct a hearing at a location to be determined by the commission director and adjudicate the complaint by determining if a violation of this chapter has occurred.

a. Upon finding that a violation has occurred, the commission director may impose appropriate punishment, if any, for the violation pursuant to the authority found in Sections 12.54.070 and 12.54.145.

b. Prior to the hearing, the certificate holder or driver's permit holder or employee of the certificate holder that is the subject of the complaint shall be notified in writing of the nature of the complaint and the date, location and time of the hearing.

c. Should the certificate or permit be suspended, revoked, or otherwise restricted, appeals can be made to the commission by filing a written request within thirty days of the action being appealed. An appeal processing fee of twenty dollars must be enclosed with the written request.

d. During the appeal of the commission director's decision to suspend, revoke, or otherwise restrict a certificate or permit issued pursuant to this chapter before the commission, the commission may consider the commission director's adjudication when hearing the appeal. The commission shall sustain, modify or reverse the findings of the commission director. The findings of the commission shall be final, subject to any applicable legal process.

2. In his/her discretion, have the commission adjudicate the complaint by placing the complaint on the agenda for the next available commission meeting.

3. It shall be a violation of this chapter to make a false statement under oath during a disciplinary hearing before the transportation licensing commission. If the commission finds that any certificate holder or driver permittee has violated this section, the commission may place the certificate holder or driver permittee on probation, suspend, fine or revoke a certificate. (Ord. BL2019-1657 § 29, 2019)

12.56.010 Title for citation.

The ordinance codified in this chapter shall be known and may be cited as the "Parade Ordinance of the Metropolitan Government." (Ord. 89-796 § 1, 1989)

12.56.020 Definitions.

As used in this chapter, the following terms shall mean:

"Chief of police" means the chief of police of the Metropolitan Government of Nashville and Davidson County, or his/her designee.

"Metro" means the Metropolitan Government of Nashville and Davidson County.

"Parade" means any march or procession of any kind, in or upon any street, sidewalk, alley or other public place, held for the purpose of expressing First Amendment freedoms in the Metropolitan Government of Nashville and Davidson County, Tennessee.

"Parade permit" means a permit as required by this chapter.

"Person" means any person, firm, partnership, association, corporation, company or organization of any kind.

"Recreational purpose" means any march or procession of any kind, in or upon any street, sidewalk, alley or other public place in the Metropolitan Government of Nashville and Davidson County, Tennessee, including but not limited to footraces, walk-a-thons and fundraising events, wherein the purpose of such march or procession is unrelated to the expression of First Amendment freedoms. (Ord. 89-796 § 2, 1989)

12.56.030 Permit—Required when—Application.

No person shall parade, unless a parade permit has been obtained from the chief of police, or his/her designee, upon application filed with the chief of police not less than six days before the date on which it is proposed to conduct the parade. Any request for a permit to parade in or upon a park shall be approved by the director of parks and recreation, in accordance with Section 13.24.150. ((Part) of Amdt. 1 to Ord. 89-796, 6/6/89; Ord. 89-796 § 3 (part), 1989)

12.56.040 Exceptions from chapter applicability.

This chapter shall not apply to:

A. Funeral processions;

B. Picketing, marches or processions of any kind which will be conducted entirely upon the sidewalk. If more than twenty people will be involved, the organizer shall write the chief of police four days prior to the planned date of the picketing, march or procession, setting out the date and time, route, number of participants expected, and purpose;

C. Any parade or similar activity to be conducted on property subject to the jurisdiction of the board of parks and recreation. ((Part) of Amdt. 1 to Ord. 89-796, 6/6/89; Ord. 89-796 § 3 (part), 1989)

12.56.050 Permit—Application filing procedures—Police chief authority.

A. The chief of police is authorized to establish a procedure for filing an application for a parade permit, the specified times, if any, when a parade may be held in the interest of public safety, and any other provisions necessary to the implementation of this chapter.

B. The chief of police shall have the authority to reasonably modify the route, time and place of a parade to facilitate crowd control in the interest of relieving congestion and promoting public safety, provided that

the applicant's right to free speech is not denied. (Ord. 89-796 § 5, 1989)

12.56.060 Permit—Issuance conditions.

The chief of police shall issue a permit, except where the time, place and manner are not in conformity with the rules set out below, or except where the permit would conflict as to time or place with a permit previously issued:

A. The time, route and size of the parade shall not substantially disrupt the safe use and orderly movement of other traffic contiguous to its route. The applicant shall submit a copy of the parade application to the public events committee;

B. The conduct of the parade shall not require the diversion of so great a number of police officers to properly police the line of movement and the areas contiguous thereto as to prevent normal police protection to Metro;

C. When held for a recreational purpose, the parade shall be supervised by security personnel, the employment of which shall be at the sole expense of the applicant. The chief of police, or his/her designee, shall reasonably determine the number of security personnel needed for the safe conduct of the parade, and shall inform the applicant four days before the event so that the applicant can provide appropriate evidence that proper security personnel have been retained prior to the issuance of the permit;

D. The applicant has provided for the services of the number of parade monitors as set forth in established department regulations, to insure that the parade will be conducted in conformity with the parade permit;

E. The parade shall not interrupt normal ambulance service to portions of Metro other than that to be occupied by the proposed line of march and areas contiguous thereto;

F. The concentration of persons, animals and vehicles at assembly points of the parade shall not unduly interfere with proper fire and police protection of, or ambulance service to, areas contiguous to such assembly areas;

G. The conduct of such parade will not interfere with the movement of firefighting equipment en route to a fire;

H. The parade is not to be held for the sole purpose of advertising any product, goods or event, and is not designed to be held purely for private profit; however, nothing contained herein will prohibit the advertising of any product, goods or event identifying organizations or sponsors furnishing or sponsoring floats or transportation for the parade;

I. The applicant has satisfied all of the financial requirements of Sections 12.56.120 through 12.56.140, if applicable. (Ord. 89-796 § 4, 1989)

12.56.070 Financial responsibility restrictions—Insurance required when—Recreational parades.

A. The applicant for a parade permit for a recreational purpose, and any other persons, organizations, firms or corporations on whose behalf the application is made, by filing the application, do represent, stipulate, contract and agree that they will jointly and severally indemnify and hold Metro harmless against liability for any and all claims for damage to property, injury to or the death of persons arising out of or resulting from the issuance of the permit, or the conduct of the parade or its participants.

B. In addition to the requirements of subsection A of this section, in the event a parade is held for a recreational purpose, and is comprised of pedestrians and vehicles or animals, no permit shall be issued unless the applicant shall obtain a comprehensive general liability insurance policy. If motor vehicles are involved, an automobile liability policy, issued by an insurance company authorized to do business in the state with a Best Key Rating of A/VII or better, with coverage that includes the assembly area, the parade route, the disbanding area of the parade, and any other area used by the participants of the parade. Metro shall be named as an additional insured on the policy. Up to one million dollars of single-limit general liability and automobile liability insurance covering both bodily injury and property damage may be required for issuance of a parade permit. The provisions of this subsection shall not apply to parades held for a recreational purpose composed entirely of pedestrians.

C. At the time of the application for a parade permit for a recreational use, satisfactory proof that the insurance required by subsection B has been obtained shall be presented to the chief of police. The requirement for satisfactory proof may be complied with either by depositing the insurance policy itself with the chief of police, or by furnishing a certificate of insurance meeting the following specifications to the chief of police:

1. The insurance policies issued shall be listed, and for each policy the type of insurance, policy number, expiration date and limits of liability shall be shown;

2. The certificate shall designate Metro as certificate holder and as an additional insured, and shall contain a statement to the effect that the policies listed are in force, and that in the event of cancellation or any

material change in a policy affecting the certificate holder at least ten days' prior written notice shall be given to the certificate holder;

3. Below the schedule of insurance in force, the certificate shall include a statement substantially as follows:

> The comprehensive general liability policy listed above includes coverage of designated premises and coverage for contractual liability in compliance with the provisions of Section _____ of the Metro Code of Laws, for a parade to be held on _____, 19____.

4. The certificate of insurance shall be signed by an authorized agent of the issuing company or companies. (Ord. 89-796 § 9, 1989)

12.56.080 Permit—Notice of rejection.

The chief of police shall act upon the application for a parade permit within three days after the filing thereof. If the chief of police or his/her designee disapproves the application, he shall provide written notice of his action, stating the reasons for his denial of the permit. The chief of police shall make the written statement available to the applicant within three days from the date the application was filed. It shall be the responsibility of the applicant to obtain from the chief of police or his/her designee, the written statement denying the application. The chief of police shall inform the applicant of the duty to obtain the written denial at the time the application is submitted. (Ord. 89-796 § 6, 1989)

12.56.090 Method for computing of time.

In computing any period of time set out in this chapter, the date of the action after which the designated period of time begins to run is not be to be included. The last day of the period so computed is to be included. All Saturdays, Sundays and holidays are not to be counted in the time period. (Ord. 89-796 § 7, 1989)

12.56.100 Permittee's duty to comply with directions and conditions.

A permittee under this chapter shall comply with all permit directions and conditions, and with all applicable laws and ordinances. The parade chairman or other person heading or leading such activity shall carry the parade permit upon his person during the conduct of the parade. (Ord. 89-796 § 8, 1989)

12.56.110 Permit—Revocation conditions.

The chief of police or his/her designee shall have the authority to revoke at any time prior to the parade a permit issued under this chapter upon determination that the applicant materially misrepresented facts or information in the application and/or failed to meet the standards for issuance as herein set forth. (Ord. 89-796 § 11, 1989)

12.56.120 Interfering with or obstructing parades.

No person shall unreasonably hamper, obstruct or impede, or interfere with any parade or parade assembly, or with any person, vehicle or animal participating or used in a parade. (Ord. 89-796 § 10 (1), 1989)

12.56.130 Driving through parades.

No driver of any vehicle shall drive between the vehicles or persons comprising a parade when such vehicles or persons are in motion and are conspicuously designated as a parade. (Ord. 89-796 § 10 (2), 1989)

12.56.140 Parking on parade route.

The chief of police or his/her designee shall have the authority, when reasonably necessary, to prohibit or restrict the parking of vehicles along a highway or part thereof constituting a part of the route of a parade. The director of the traffic and parking commission and/or the director of public works, upon request of the chief of police, shall post signs to such effect, and it is unlawful for any person to park or leave unattended any vehicle in violation thereof. No person shall be liable for parking on a street that has not been timely posted to prevent parked vehicles from interfering with the parade. (Ord. 89-796 § 10 (3), 1989)

12.56.150 Injunctive relief.

Nothing in this chapter providing for the regulation or license of parades, or penalties set forth for violation of this chapter, shall waive the right or otherwise preclude Metro, or any of its residents, from seeking or obtaining injunctive relief in a court of general jurisdiction for the purpose of prohibiting or regulating any proposed parade, or a parade for which a permit has been issued. (Ord. 89-796 § 13, 1989)

12.56.160 Unlawful activities designated—Penalty.

A. It is unlawful for any person to stage, present or conduct, or attempt to stage, present or conduct a parade without first having obtained a permit therefor as provided in this chapter, or who shall otherwise violate any of the provisions of this chapter.

B. It is unlawful for any person to participate in a parade on Metro streets for which a permit has not been granted.

C. It is unlawful for any person to fail to comply with all directions and conditions of the parade permit.

D. Any person violating the provisions of any section of this chapter shall, upon conviction, be fined not more than fifty dollars for each violation. (Ord. 89-796 § 12, 1989)

12.56.170 Assistance of mayor's office of film and special events; fees.

The mayor's office of film and special events shall assist the chief of police in facilitating the processing of applications for and in the issuance of the parade permits provided for in this chapter. In connection therewith, with regard to parades being held for a recreational purpose, an administrative fee of one hundred dollars shall be paid by the applicant for the cost of facilitating the application for an event being held within the right-of-way permit high impact area (as defined in Metropolitan Code Section 13.20.030.D.1.), in the form of checks or money orders payable to the mayor's office of film and special events. For events being held outside of the right-of-way permit high impact area, the administrative fee for the cost of facilitating the application shall be fifty dollars, in the form of checks or money orders payable to the mayor's office of film and special events. (Res. RS2016-391 § 4, 2016; Amdt. 1 to Ord. BL2016-235 § 7, 2016; Ord. BL2016-235 § 7, 2016)

Chapter 12.58

SCOOTERS, ROLLER SKATES AND IN-LINE SKATES

Sections:

12.58.005	**Applicability.**
12.58.010	**Streets or designated path—Uses permitted.**
12.58.020	**Sidewalks—Uses permitted—Manner of operation.**
12.58.030	**Skating single file.**
12.58.040	**Reckless or destructive operation.**
12.58.050	**Speed restrictions.**
12.58.060	**Required equipment.**
12.58.070	**Yield to right-of-way required when.**
12.58.080	**Clinging to vehicles.**
12.58.090	**Parent and guardian responsibility concerning violation.**

12.58.005 Applicability.

This section is intended to apply to scooters, roller skates and in-line skates that are not governed by Chapter 12.62, Shared Urban Mobility Devices. (Ord. BL2018-1203 § 4, 2018)

12.58.010 Streets or designated path—Uses permitted.

A person may not operate scooters, in-line skates or roller skates on public roadways, except as otherwise provided herein or as otherwise permitted, and subject to the following provisions and all other applicable provisions in this chapter:

Whenever a designated bicycle path has been provided adjacent to a roadway or as a part of a roadway, operators of scooters, in-line skates or roller skates shall use such path or designated area and shall not use the roadway. (Ord. BL2001-696 § 1 (part), 2001; Ord. 98-1352 § 6 (part), 1998)

12.58.020 Sidewalks—Uses permitted—Manner of operation.

A. Except where erected signs prohibit or other provisions of the code prohibit such activity, non-motorized scooters, in-line skates, or roller skates may be operated on sidewalks, except within a Central Business Improvement District.

B. Motorized scooters may be operated upon sidewalks, except upon sidewalks within a business district. Whenever operating a motorized scooter upon a sidewalk, the operator shall yield to any pedestrian and shall give a signal audible to such pedestrian before overtaking or passing him or her. (Ord. BL2018-1203 § 5, 2018; Ord. BL2001-696 § 1 (part), 2001; Ord. 98-1352 § 6 (part), 1998)

12.58.030 Skating single file.

Persons operating scooters, in-line skates or roller skates shall operate such scooters and skates in a single file. (Ord. BL2001-696 § 1 (part), 2001; Ord. 98-1352 § 6 (part), 1998)

12.58.040 Reckless or destructive operation.

A. No person shall operate scooters, in-line skates or roller skates upon a roadway area, sidewalk or other public property with disregard for the safety of persons or the destruction of property.

B. No person shall operate scooters, roller skates or in-line skates in a manner that is reasonably likely to damage or deface any public or private property, whether real or personal. (Ord. BL2001-696 § 1 (part), 2001; Ord. 98-1352 § 6 (part), 1998)

12.58.050 Speed restrictions.

No persons shall operate scooters, in-line skates or roller skates at a speed greater than the posted speed limit or at a speed that is faster than is reasonable and prudent under the conditions then existing. (Ord. BL2001-696 § 1 (part), 2001; Ord. 98-1352 § 6 (part), 1998)

12.58.060 Required equipment.

Whenever an operator of a scooter, in-line skates, or roller skates utilizes the sidewalk or permitted public roadway areas at nighttime, the operator shall be equipped with either (1) a lamp which shall emit a white light visible from a distance of at least five hundred feet to the front, and with a red reflector of a type which shall be visible from all distances from fifty feet to three hundred feet to the rear when directly in front of lawful upper beams of head lamps on a motor vehicle; or (2) a lamp emitting a red light visible from the distance of five hundred feet to the rear together with clearly visible reflectorized clothing. (Ord. BL2018-1203 § 6, 2018; Ord. BL2001-696 § 1 (part), 2001; Ord. 98-1352 § 6 (part), 1998)

12.58.070 Yield to right-of-way required when.

The operator of a scooter, in-line skates or roller skates emerging from an alley, driveway or building shall, upon approaching a sidewalk or the sidewalk area extending across any alleyway, yield the right-of-way to

all pedestrians approaching on such roadway. (Ord. BL2001-696 § 1 (part), 2001; Ord. 98-1352 § 6 (part), 1998)

12.58.080 Clinging to vehicles.

A person operating a scooter, in-line skates or roller skates shall not attach the same or himself to any moving vehicle upon the roadway. (Ord. BL2001-696 § 1 (part), 2001; Ord. 98-1352 § 6 (part), 1998)

12.58.090 Parent and guardian responsibility concerning violation.

The parent or any child and the guardian of any ward shall not authorize or knowingly permit any such child or ward to violate any of the provisions of this chapter. (Ord. 98-1352 § 6 (part), 1998)

Chapter 12.60

BICYCLES

Sections:

12.60.010	**Compliance with Title 12 provisions.**
12.60.020	**Application of Title 12 provisions.**
12.60.030	**Traffic laws applicable—Exceptions.**
12.60.040	**Obedience to traffic-control devices.**
12.60.050	**Method of riding.**
12.60.060	**Riding on right side of roadway—Passing vehicles.**
12.60.070	**Operating more than two abreast.**
12.60.080	**Number of persons on a bicycle.**
12.60.100	**Riding on sidewalks.**
12.60.110	**Speed restrictions.**
12.60.120	**Lamps and other required equipment.**
12.60.130	**Yield right-of-way required when.**
12.60.135	**Bicycle lanes.**
12.60.140	**Parking of bicycles.**
12.60.150	**Carrying articles.**
12.60.160	**Clinging to vehicles.**
12.60.165	**Youth helmets.**
12.60.170	**Parent and guardian responsibility concerning violations.**

12.60.010 Compliance with Title 12 provisions.

It is unlawful for any person to do any act prohibited or fail to perform any act required by Title 12 of this code. (Prior code § 27-1-240)

12.60.020 Application of Title 12 provisions.

The provisions of Title 12 shall apply whenever a bicycle is operated upon any street or highway or upon any path set aside for the exclusive use of bicycles, subject to those exceptions stated herein. (Prior code § 27-1-242)

12.60.030 Traffic laws applicable—Exceptions.

Every person operating a bicycle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle by the laws of this state declaring rules of the road applicable to vehicles, or by the traffic ordinances of the metropolitan government applicable to the driver of a vehicle, except as to special regulations in this title and except as to those provisions of law and ordinances which by their nature can have no application. (Amdt. 1 with Ord. 99-1815 § 1, 1999; prior code § 27-1-243)

12.60.040 Obedience to traffic-control devices.

A. Any person operating a bicycle shall obey the instructions of official traffic signals, signs and other control devices applicable to vehicles, unless otherwise directed by a police officer, except that where a traffic signal is activated only by motor vehicles, a bicyclist who is faced with a red traffic signal may, after waiting a reasonable time to determine the signal will not change to green, proceed after yielding the right-of-way to all traffic lawfully proceeding through the intersection.

B. Whenever authorized signs are erected indicating that no right or left turn is permitted, no person operating a bicycle shall disobey the direction of any such sign, except where such person dismounts from the bicycle to make any such turn, in which event such person shall then obey the regulations applicable to pedestrians. (Ord. 99-1815 § 2, 1999; prior code § 27-1-244)

12.60.050 Method of riding.

A person operating a bicycle shall not ride other than astride a permanent and regular seat attached thereto. (Ord. 99-1815 § 3, 1999; prior code § 27-1-245)

12.60.060 Riding on right side of roadway—Passing vehicles.

Any person operating a bicycle upon a roadway at less than the normal speed of traffic at the time and place and under the conditions then existing shall ride in the same direction as other vehicular traffic as close as practicable to the right-hand curb or edge of the roadway except under any of the following situations:

A. When overtaking and passing another vehicle proceeding in the same direction;

B. When preparing for a left turn at an intersection or onto a private road or driveway;

C. When reasonably necessary to avoid conditions, including but not limited to fixed or moving objects, parked or moving vehicles, pedestrians, animals, surface hazards, or substandard-width lanes that make it unsafe to continue along the right-hand curb or edge. For purposes of this section, a "substandard-width lane" means a lane too narrow for a bicycle and another vehicle to travel safely within the lane;

D. When riding on a shoulder if such operation does not violate any section of this title for passing or direction of travel;

E. When proceeding straight ahead on a multiple lane roadway with a "right turn only" lane; or

F. When riding within a bicycle lane. (Ord. 99-1815 § 4, 1999; prior code § 27-1-247)

12.60.070 Operating more than two abreast.

Persons operating bicycles upon a roadway shall not ride more than two abreast. Persons operating two abreast shall not impede the normal and reasonable movement of traffic and, on a laned roadway, shall ride within a single lane. (Ord. 99-1815 § 5, 1999; prior code § 27-1-248)

12.60.080 Number of persons on a bicycle.

No bicycle shall be used to carry more persons at one time than the number for which it is designed and equipped. (Prior code § 27-1-246)

12.60.100 Riding on sidewalks.

A. No person shall operate a bicycle upon a sidewalk within a business district.

B. Whenever any person is operating a bicycle upon a sidewalk, such person shall yield the right-of-way to any pedestrian and shall give an audible signal before overtaking and passing such pedestrian.

C. Persons operating bicycles across a roadway or driveway and along a crosswalk from a sidewalk or path have all the duties applicable to pedestrians under the same circumstances. Such persons similarly have the rights of pedestrians, but only if the bicyclist was entitled to use the sidewalk or path, and the approach and entry into the roadway or driveway are made at a speed no greater than an ordinary walk so that other drivers may anticipate the necessity to yield when required. (Ord. 99-1815 § 7, 1999; prior code § 27-1-255)

12.60.110 Speed restrictions.

No person shall operate a bicycle at a speed greater than the posted speed limit or at a speed which is greater than is reasonable and prudent under the conditions then existing. (Ord. 99-1815 § 8, 1999; prior code § 27-1-250)

12.60.120 Lamps and other required equipment.

A. Every bicycle, when in use at nighttime, shall be equipped with a lamp on the front which shall emit a white light visible from a distance of at least five hundred feet to the front, and with a red reflector on the rear of a type which shall be visible from all distances from fifty feet to three hundred feet to the rear when directly in front of lawful upper beams of headlamps on a motor vehicle. A lamp emitting a red light visible from the distance of five hundred feet to the rear shall be used in addition to the red reflector.

B. Every bicycle shall be equipped with a brake or brakes which will enable its driver to stop the bicycle within twenty-five feet from a speed of ten miles per hour on dry, level, clean pavement. (Ord. 99-1815 § 9, 1999; prior code § 27-1-256)

12.60.130 Yield right-of-way required when.

The operator of a bicycle emerging from an alley, driveway or building shall, upon approaching a sidewalk or the sidewalk area extending across any alleyway, yield the right-of-way to all pedestrians approaching on such sidewalk or sidewalk area, and upon entering the roadway shall yield the right-of-way to all vehicles approaching on such roadway. (Prior code § 27-1-252)

12.60.135 Bicycle lanes.

A. Every person operating a motor vehicle shall yield the right-of-way to a person operating a bicycle within a bicycle lane. A person operating a motor vehicle may cross a bicycle lane when making a turn or when entering or leaving the roadway, but a bicycle lane shall not be used as turning lane or passing lane.

B. Motor vehicles should not be parked, stopped or left standing in bicycle lanes unless the metropolitan traffic and parking commission has determined that parking within the bicycle lane in specific locations is appropriate during certain hours and signs have been erected in the designated area(s) to that effect.

C. A person operating a bicycle within a bicycle lane shall give an audible signal when passing another person operating a bicycle proceeding in the same direction and shall further pass on the left.

D. A person operating a bicycle entering a bicycle lane shall yield the right of way to all bicycles in the bicycle lane. A person operating a bicycle leaving a bicycle lane shall yield the right of way to all vehicles and pedestrians. No person operating a bicycle lane shall leave it until the movement can be made with reasonable safety and, if any vehicle would be affected by the movement, by giving an appropriate signal before the movement is made.

E. A person operating a bicycle within a bicycle lane shall travel in the same direction as motor vehicles traveling in the adjacent traffic lane. (Ord. BL2008-307 § 2, 2008; Ord. 99-1815 § 10, 1999)

12.60.140 Parking of bicycles.

A. A person may park a bicycle on a sidewalk unless prohibited or restricted by an official traffic control device.

B. A bicycle parked on a sidewalk shall not impede the normal and reasonable movement of pedestrian or other traffic.

C. A bicycle may be parked on a roadway at any angle to the curb or edge of the roadway at any location where parking is allowed.

D. A bicycle may be parked on a roadway abreast another bicycle near the side of the roadway at any location where parking is allowed.

E. A person shall not park a bicycle on a roadway in such a manner as to obstruct the movement of a legally parked motor vehicle.

F. Any person may park near and secure a bicycle to any publicly owned pole or post if no bicycle rack is available, for a period of not more than twelve hours, unless an official control device or any applicable law or ordinance prohibits the parking or securing of bicycles at that location. (Ord. 99-1815 § 11, 1999)

12.60.150 Carrying articles.

No person operating a bicycle shall carry any package, bundle or article which prevents the rider from keeping at least one hand upon the handlebars. (Prior code § 27-1-254)

12.60.160 Clinging to vehicles.

A. A person riding upon any bicycle shall not attach the same or himself to any moving vehicle upon a roadway.

B. The provisions of this section shall not be construed to prohibit the attachment of a bicycle trailer or bicycle semitrailer to a bicycle, if such trailer or semitrailer is designed specifically for such purpose. (Prior code § 27-1-251)

12.60.165 Youth helmets.

No person who is under sixteen years of age shall operate a bicycle, or ride as a passenger on a bicycle or a bicycle trailer, on a public roadway, bikeway, sidewalk or bike path unless wearing a protective helmet designed for public safety which meets or exceeds the standards set by the American Standards Institute (ANSI), the American Society for Testing and Materials (ASTM) or the Snell Foundation. While not mandatory, bicycle operators who are sixteen years of age or older are encouraged to wear helmets. (Ord. 99-1815 § 12, 1999)

12.60.170 Parent and guardian responsibility concerning violations.

The parent of any child and the guardian of any ward shall not authorize or knowingly permit any such child or ward to violate any of the provisions of this chapter. (Prior code § 27-1-241)

Chapter 12.61

PERSONAL DELIVERY DEVICES

Sections:

12.61.010	**Personal delivery devices defined.**
12.61.020	**Personal delivery devices prohibited.**

12.61.010 Personal delivery devices defined.

For purposes of this chapter, the term "personal delivery device" means a device that:

A. Is solely powered by an electric motor;

B. Is operated primarily on sidewalks and crosswalks;

C. Is intended primarily for the transport of property on public rights-of-way; and

D. Is capable of navigating with or without the active control or monitoring of a natural person. (Ord. BL2020-333 § 1, 2020)

12.61.020 Personal delivery devices prohibited.

Personal delivery devices shall be prohibited within the metropolitan government public rights-of-way. The initial expiration date of this prohibition shall be December 31, 2020; provided however that the expiration date shall be automatically extended until April 30, 2021, unless the metropolitan council shall terminate this prohibition by a resolution receiving twenty-one affirmative votes before the initial expiration date. The prohibition shall not be extended past April 30, 2021, except by the metropolitan council by resolution. (Amdt. 1 to Ord. BL2020-333 § 1, 2020; Ord. BL2020-333 § 1, 2020)

Chapter 12.62

SHARED URBAN MOBILITY DEVICES*

Sections:

12.62.010 Definitions.
12.62.020 Termination of SUMD permits.

12.62.010 Definitions.

The following words and phrases shall have the meanings set forth below, unless the context clearly requires otherwise:

"Business District", as defined in Tenn. Code Ann. § 55-8-101(9), means the territory contiguous to and including a highway when, within any six hundred feet along the highway, there are buildings in use for business or industrial purposes, including, but not limited to, hotels, banks, or office buildings, railroad stations and public buildings that occupy at least three hundred feet of frontage on one side or three hundred feet collectively on both sides of the highway.

"Lock-to Shared Urban Mobility Device (SUMD) system" means a system which provides SUMDs for short-term rentals for point-to-point trips which must be locked or secured to a stationary object. A SUMD that is not lock-to would be dockless.

"Operator" means a corporation, firm, joint venture, limited liability company, partnership, person, or other organized entity that operates a SUMD system, whether for profit or not for profit.

"Powered" means electric or motorized; in the case of a UMD, it also means any other technology that allows the UMD to be self-propelled.

"Shared Urban Mobility Device (SUMD) system" or "system" means a system which provides urban mobility devices for short-term rentals for point-to-point trips. Such a system can be a Lock-to SUMD System or a dockless SUMD system.

"Urban Mobility Device (UMD)" means bicycles, tricycles, scooters, hoverboards, skateboards, pedal cars, and other similar devices, whether they are powered or nonpowered. A UMD does not include devices used as assistive mobility devices by persons with disabilities.

"User" means a person who rents and uses a UMD from an operator. (Amdt. A to Ord. BL2018-1202 § 1, 2018; Ord. BL2018-1202 § 1, 2018)

---

*__Editor's note—__Ord. BL2019-1658 § 1, adopted July 16, 2019, repealed §§ 12.62.020—12.62.120, which pertained to shared urban mobility devices and derived from Amdt. C to Ord. BL2018-1202 § 1, 2018; Amdt. B to Ord. BL2018-1202 § 1, 2018; Amdt. A to Ord. BL2018-1202 § 1, 2018; Ord. BL2018-1202 § 1, 2018; Amdt. 2 to Ord. BL2018-1441 §§ 1, 2, 4—7, 11, 12, 2019; Amdt. 1 to Ord. BL2018-1441 § 6, 2019; Ord. BL2018-1441 §§ 1—8, 11, 12, 2019.

12.62.020 Termination of SUMD permits.

A. In the interest of public safety and to protect public welfare, upon the effective date of this section, recognized SUMD permits shall consist solely of the temporary permits authorized under Substitute Ordinance No. BL2019-1658 — allowing a fleet size of fifty percent of that which was authorized by predecessor permits on July 1, 2019. All temporary permits shall terminate automatically upon the issuance of new permits by the MTLC to operate SUMDs as result of a Request for Proposal (RFP) process, as set forth below.

B. There shall be no additional SUMD permits or fleet expansions issued by the MTLC unless and until an RFP process, as set forth below, has occurred. Any future SUMD operator permit must be issued pursuant to the RFP process.

C. The MTLC is directed to conduct an RFP process as described herein. This process shall be completed, not including protests and procurement appeals if any, within one hundred twenty days from the effective date of this ordinance and new permits issued as soon as practicable thereafter. The RFP shall select operators to operate a fleet of SUMDs. The MTLC shall initially allow each selected operator a maximum of five hundred units in its fleet. Future post-RFP increases in a specific operator's SUMD fleet size shall be determined by the MTLC, based upon reasonable and objective criteria to be developed by the MTLC, including but not limited to, an operator's ability and willingness to achieve the goals of this chapter. In addition to any evaluation criteria developed by the MTLC, the RFP process will be required to thoroughly evaluate potential operators in the following areas:

1. The potential operator's commitment to regularly participate in shared micromobility operational stakeholder meetings focusing upon operational matters encompassing a wider and more diverse group than the operators, such as outreach and educational groups;

2. The potential operator's commitment to address the safety and security concerns expressed by the public regarding past, current, and future SUMD services, including specific commitments to and experiences with local governments to achieve safe, effective operations;

3. The potential operator's commitment and ability to effectively partner with the metropolitan government on an ongoing basis for purposes of addressing the continuing needs, concerns, and objectives of the metropolitan government in regulating SUMDs, including matters of equity including geographic coverage, affordability, technology, and abilities;

4. The potential operator's commitment to ensuring rider compliance with state and local laws, including, but not limited to DUI laws and minimum rider age requirements;

5. The potential operator's commitment to promoting proper and safe use of SUMDs, including use of helmets and/or other equipment and the provision of safety education;

6. The potential operator's use of staffing, technology, and other means to restrict or prohibit use of SUMDs in restricted areas, including but not limited to, sidewalks.

7. The sufficiency of the potential operator's staffing to adequately and timely address (a) improper parking of SUMDs on public rights-of-way, public sidewalks, and private property; (b) uprighting overturned SUMDs during recognized hours of operation; and (c) rebalancing or reallocating SUMDs evenly throughout the city during recognized hours of operation; (d) potential violations of the Americans with Disabilities Act (ADA) or other improper interference with access to public thoroughfares;

8. The response time required by the potential operator to address issues with SUMDs;

9. The potential operator's plans to coordinate and cooperate with the metropolitan government regarding special events;

10. The potential operator's approach to collaborating with the metropolitan government in developing shared expectations and approaches for safety-related management matters such as inclement weather, impaired drivers, equipment, public education, etc.;

11. The potential operator's willingness and ability to conform to adaptive regulations that address changing technologies, evolving markets, as well as risk impacts that vary based upon location, time of day, and other variables;

12. The potential operator's willingness and ability to perform within a regulatory "pilots" environment in which potential solutions are tested under varied circumstances in order to determine best practices and approaches;

13. The potential operator's willingness and ability to work within outcome-based regulations, including performance-based criteria, in lieu of fixed regulations;

14. The potential operator's willingness and ability to comply with risk-weighted regulations, adjusted to address measured safety risks faced by members of the public and/or SUMD riders under particular circumstances;

15. The potential operator's willingness and ability to provide pricing and availability options to riders based upon equity and lower incomes;

16. The potential operator's proposals for addressing sustainability and environmental concerns; and

17. The potential operator's ability to provide the metropolitan government with anonymized and aggregated location data sharing and open data information regarding SUMD locations, ridership, aggregated (five trip minimum) SUMD traffic patterns, and other data

D. The MTLC is directed to enact regulations it deems necessary for the safe and efficient operation of a SUMD fleet to govern (i) the interim period of reduced SUMD fleet operation in Nashville and Davidson County, as well as (ii) the period after an operator has been selected pursuant to the RFP process outlined above. In addition to such regulations, the MTLC shall be authorized to establish additional fees it determines as reasonable and necessary to carry out and enforce this ordinance. The MTLC shall be further authorized to establish and impose a limit upon the number of permitted operators, to the extent allowed by law, provided such limitation is deemed to be within the public interest. The regulations previously adopted by the MTLC on August 7, 2019, and amendments thereto, pursuant to the authority given to the MTLC in Substitute Ordinance No. BL2019-1658 to enact regulations, are acknowledged to be consistent with the above and shall remain in force until and unless the MTLC amends them. Notwithstanding the above or any conflicting provision in the Metropolitan Code, the MTLC shall not amend the regulations without providing a draft of each proposed regulation to all operators and the public two weeks prior to the MTLC's consideration of the amendment. The MTLC is directed to establish publicly available privacy principles and a summary of its implemented data security measures under those principles to ensure the protection of all data collection as a result of the RFP and through the SUMD program.

E. All temporary permits authorized pursuant to Section 12.62.020.A of this Chapter shall remain subject to indemnification agreements previously executed by or on behalf of SUMD operators indemnifying and holding harmless the Metropolitan Government of Nashville and Davidson County. Additionally, all temporary permit holders shall include in agreements with its users a term that its users must agree to as a prerequisite to the use of the SUMD: that the user fully releases and waives all liability of the metropolitan government for any injury or harm the user experiences arising from the user's use of the certificate holder's SUMD. (Amdt. 2 to Ord. BL2019-109 § 2, 2020; Amdt. 1 to Ord. BL2019-109 § 2, 2020; Ord. BL2019-109 § 2, 2020; Amdt. 1 to Ord. BL2019-1658 § 2, 2019; Ord. BL2019-1658 § 2, 2019)

Chapter 12.64

MOTORCYCLES

Sections:

12.64.010	**Applicability of traffic regulations.**
12.64.020	**Manner of riding—Restrictions.**
12.64.030	**Footrest and handlebar requirements.**
12.64.040	**Equipment required for motorcycle riders.**
12.64.050	**Operating procedures on laned roadways.**
12.64.060	**Clinging to other vehicles.**

12.64.010 Applicability of traffic regulations.

Every person operating a motorcycle shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of any other vehicle under this title, except as to special regulations in this chapter and except as to those provisions of this title which by their nature can have no application. (Prior code § 27-1-80)

12.64.020 Manner of riding—Restrictions.

A. A person operating a motorcycle shall ride only upon the permanent and regular seat attached thereto, and such operator shall not carry any other person nor shall any other person ride on a motorcycle unless such motorcycle is designed to carry more than one person, in which event a passenger may ride upon the permanent and regular seat if designed for two persons, or upon another seat firmly attached to the motorcycle at the rear or side of the operator.

B. A person shall ride upon a motorcycle only while sitting astride the seat, facing forward, with one leg on each side of the motorcycle.

C. No person shall operate a motorcycle while carrying any package, bundle or other article which prevents him from keeping both hands on the handlebars.

D. No operator shall carry any person, nor shall any person ride, in a position that will interfere with the operation or control of the motorcycle or the view of the operator.

E. Section 12.84.020 sets out the penalty for violations of subsections A through D of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (20), 1990; prior code § 27-1-81)

12.64.030 Footrest and handlebar requirements.

A. Any motorcycle carrying a passenger, other than in a sidecar or enclosed cab, shall be equipped with footrests for such passenger.

B. No person shall operate any motorcycle with handlebars more than fifteen inches in height above that portion of the seat occupied by the operator.

C. Section 12.84.010 sets out the penalty for violation of this section. (§ 4 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; § 2 (part) of Amdt. 1 to Ord. 90-1255, 6/19/90; Ord. 90-1255 § 4 (1), 1990; prior code § 27-1-84)

12.64.040 Equipment required for motorcycle riders.

A. No person shall operate or ride upon a motorcycle unless he is wearing protective headgear which complies with standards established by the Tennessee State Statute Annotated.

B. No person shall operate a motorcycle unless he is wearing an eye protective device of a type approved by the Tennessee State Statute Annotated, except when the motorcycle is equipped with a windscreen.

C. This section shall not apply to persons riding within an enclosed cab.

D. Section 12.84.010 sets out the penalty for violation of this section. (§ 4 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; § 2 (part) of Amdt. 1 to Ord. 90-1255, 6/19/90; Ord. 90-1255 § 4 (2), 1990; prior code § 27-1-85)

12.64.050 Operating procedures on laned roadways.

A. All motorcycles are entitled to full use of a lane, and no motor vehicle shall be driven in such a manner as to deprive any motorcycle of the full use of a lane. This subsection shall not apply to motorcycles operated two abreast in a single lane.

B. The operator of a motorcycle shall not overtake and pass in the same lane occupied by the vehicle being overtaken.

C. No person shall operate a motorcycle between lanes of traffic, or between adjacent lines or rows of vehicles.

D. Motorcycles shall not be operated more than two abreast in a single lane.

E. Subsections B and C of this section shall not apply to police officers in the performance of their official duties.

F. Section 12.84.020 sets out the penalty for violation of subsections A through D of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (21), 1990; prior code § 27-1-82)

12.64.060 Clinging to other vehicles.

A. No person riding upon a motorcycle shall attach himself or the motorcycle to any other vehicle on a roadway.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (22), 1990; prior code § 27-1-83)

Chapter 12.68

MISCELLANEOUS DRIVING RULES

Sections:

12.68.010 **Drivers in processions.**
12.68.020 **Funeral procession identification.**
12.68.030 **Driving through funeral processions.**
12.68.040 **Following fire apparatus.**
12.68.050 **Driving over fire hose.**
12.68.060 **Causing unnecessary traffic congestion—Regulations in shopping center parking lots.**
12.68.070 **Opening doors into traffic.**
12.68.080 **Backing of vehicles—Restrictions.**
12.68.090 **Coasters, roller skates and other toy vehicles.**
12.68.100 **Golf cart requirements.**
12.68.110 **Towing of vehicles.**
12.68.120 **Detour signs—Driver obedience required.**
12.68.130 **Driving on sidewalks.**
12.68.140 **Riding on portions of vehicle not intended for passengers.**
12.68.150 **Putting glass, nails or other injurious material on highway—Clearing accident wreckage.**
12.68.160 **Boarding or alighting from moving vehicles.**
12.68.170 **Careless driving.**
12.68.180 **Reckless driving.**
12.68.190 **Driving under the influence of intoxicating liquor or drugs.**
12.68.200 **Attempting to elude police officers.**
12.68.210 **Use of mobile telephones while operating a school bus or other vehicle transporting children.**
12.68.220 **Regulating the transportation of liquefied petroleum gas.**

12.68.010 Drivers in processions.

A. Each driver in a funeral or other procession shall drive as near to the right-hand side of the roadway as practicable and safe, and shall follow the vehicle ahead as close as is practicable and safe.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (16), 1990; prior code § 27-1-76)

12.68.020 Funeral procession identification.

A. A funeral composed of a procession of vehicles shall be identified as such by the display upon the outside of each vehicle of a pennant or other identifying insignia, or by such other method as may be determined and designated by the traffic and parking commission.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (15), 1990; prior code § 27-1-75)

12.68.030 Driving through funeral processions.

A. No driver of a vehicle shall drive between the vehicles comprising a funeral or other authorized procession while they are in motion and when such vehicles are properly designated as required in this chapter.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (17), 1990; prior code § 27-1-77)

12.68.040 Following fire apparatus.

A. The driver of any vehicle other than one on official business shall not follow any fire apparatus traveling in response to a fire alarm closer than five hundred feet, or drive into and park such vehicle within the block where fire apparatus has stopped in answer to a fire alarm.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (13), 1990; prior code § 27-1-73)

12.68.050 Driving over fire hose.

A. No vehicle shall be driven over any unprotected hose of a fire department when laid down on any street, private road or driveway to be used at any fire or alarm of fire, without the consent of the fire department official in command.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (14), 1990; prior code § 27-1-74)

12.68.060 Causing unnecessary traffic congestion—Regulations in shopping center parking lots.

A. It is unlawful for any person to cause unnecessary traffic congestion by driving aimlessly through the parking lots of shopping centers or other retail stores, or

not-for-profit religious or educational institutions within the area of metropolitan government when a sign has been posted prohibiting such activity.

B. It shall be the duty of the owner of the property on which the signs are posted to request in writing that the metropolitan police department enforce this section on their property. The owner of the property may also post speed limit signs and other traffic-control devices regulating the use of the premises, which regulations may be enforced by the metropolitan government. The responsibility and cost for erection of all such signs shall be borne by the property owner, and all signs shall be subject to the approval of the traffic and parking commission and shall conform to standard uniform traffic sign regulations customarily used by the metropolitan government. (Ord. 90-1214 § 1, 1990; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (54), 1990; prior code § 27-1-119.1)

12.68.070 Opening doors into traffic.

A. No person shall open the door of a motor vehicle on the side available to moving traffic, unless and until it is reasonably safe to do so, and can be done without interfering with the movement of other traffic, nor shall any person leave a door open on the side of a vehicle available to moving traffic for a period of time longer than necessary to load or unload passengers.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (26), 1990; prior code § 27-1-91)

12.68.080 Backing of vehicles—Restrictions.

A. The driver of a vehicle shall not back the same unless such movement can be made with safety and without interfering with other traffic, and shall not back into a street intersection, or around a street corner, and in no event shall the distance of the backing movement exceed fifty feet, and shall in every case yield the right-of-way to moving traffic and pedestrians.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (18), 1990; prior code § 27-1-78)

12.68.090 Coasters, roller skates and other toy vehicles.

A. No person upon roller skates, coasters or sleds, or riding in or by means of any coaster, toy vehicle or similar device, shall go upon any roadway, except while crossing a street on a crosswalk, and when so crossing such person shall be granted all of the rights and shall be subject to all of the duties applicable to pedestrians, except as otherwise permitted in this title.

B. Section 12.84.020 sets out the penalty for violation of this section. (Ord. 98-1352 § 2, 1998; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (51), 1990; prior code § 27-1-117)

12.68.100 Golf cart requirements.

Every golf cart, regardless of the number of wheels, shall comply with equipment requirements applicable to motorcycles under this title, except those requirements solely applicable to motor-driven cycles. (Prior code § 27-1-86)

12.68.110 Towing of vehicles.

A. It is unlawful to tow any motor vehicle upon any street or highway if the drawbar or connection exceeds eight feet from one vehicle to the other. Any vehicle being towed upon any street during a period between one-half hour after sunset and one-half hour before sunrise shall maintain lights on both sides and the rear thereof, visible to the rear and on both sides for a distance of not less than two hundred feet.

B. It is unlawful to tow any vehicle without red stop lights meeting the requirements of Tennessee State Statute Annotated.

C. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (31), 1990; prior code § 27-1-96)

12.68.120 Detour signs—Driver obedience required.

A. It is unlawful to tear down or deface any detour sign or to break down or drive around any barricade erected for the purpose of closing any section of a street to traffic during construction, repair, or for any purpose incident to the needs of public safety or convenience, or to drive over such section of the street until again thrown open to public traffic; however, such restriction shall not apply to the persons in charge of such construction or repair or project for public safety or convenience.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (29), 1990; prior code § 27-1-94)

12.68.130 Driving on sidewalks.

A. No person shall drive any vehicle upon a sidewalk or sidewalk area except upon a permanent or duly authorized temporary driveway.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (19), 1990; prior code § 27-1-79)

12.68.140 Riding on portions of vehicle not intended for passengers.

A. No person shall ride on any portion of a vehicle not designed or intended for the use of passengers. This section shall not apply to an employee engaged in the necessary discharge of a duty or to persons riding within truck bodies in space intended for merchandise.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (27), 1990; prior code § 27-1-92)

12.68.150 Putting glass, nails or other injurious materials on highway—Clearing accident wreckage.

A. No person shall throw or deposit upon any highway any glass bottle, glass, nails, tacks, wire, cans, or any other substance likely to injure any person, animal or vehicle upon such highway.

B. Any person who drops, or permits to be dropped or thrown upon any highway any destructive or injurious material shall immediately remove the same or cause it to be removed.

C. Any person removing a wrecked or damaged vehicle from a highway shall remove any glass or other injurious substance dropped upon the highway from such vehicle.

D. Section 12.84.020 sets out the penalty for violations of subsections A through C of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (53), 1990; prior code § 27-1-119)

12.68.160 Boarding or alighting from moving vehicles.

A. No person shall board or alight from any vehicle while such vehicle is in motion.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (25), 1990; prior code § 27-1-90)

12.68.170 Careless driving.

A. Every person operating a vehicle upon the streets within the metropolitan government, or upon any private road or driveway or parking area, shall drive the same in a careful and prudent manner, having regard for the width, grade, curves, corners, traffic and use of these streets and private areas, and all other attendant circumstances, so as not to endanger the life, limb or property of any person. Failure to drive in such manner shall constitute careless driving and a violation of this chapter.

B. Section 12.84.030 sets out the penalty for violation of subsection A of this section. (Ord. 98-1447 § 8, 1999; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (12), 1990; prior code § 27-1-71)

12.68.180 Reckless driving.

A. It is unlawful for any person to drive any vehicle upon the streets of the metropolitan government or upon any private road or driveway or parking area in a wilful and wanton disregard for the safety of persons or property. Any person who drives any vehicle at a speed of fifteen or more miles per hour than the posted speed limit upon any streets of metropolitan government or upon any private road or driveway or parking area in any residence district shall be presumed to be driving in a wilful and wanton disregard for the safety of persons or property and the burden of proof shall be upon the driver to establish that they were not driving with such disregard.

B. Deleted. (Amended during 10/99 supplement; Ord. 98-1497 § 1, 1999; Ord. 95-1329 § 2 (part), 1995; Ord. 94-1237 § 1, 1994; § 3 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 3 (part), 1990; prior code § 27-1-70)

12.68.190 Driving under the influence of intoxicating liquor or drugs.

See state statute. (Prior code § 27-1-72)

12.68.200 Attempting to elude police officers.

Any driver of a motor vehicle who wilfully fails or refuses to bring his vehicle to a stop, or who otherwise flees or attempts to elude a pursuing police vehicle, when given visual or audible signal to bring the vehicle to a stop, shall be guilty of a misdemeanor. The signal given by the police officer may be by hand, voice, emergency light or siren. (Prior code § 27-1-87)

12.68.210 Use of mobile telephones while operating a school bus or other vehicle transporting children.

No person shall use a mobile telephone while operating a moving school bus or other bus or van transporting children with a seating capacity of fifteen or more persons, except in the case of an emergency. For purposes of this section, an "emergency" shall mean that the operator of the bus or van needs to communicate with another to report that the vehicle is disabled, that medical attention or assistance is required for a passenger on the bus or van, that police intervention is

necessary for the personal safety of a passenger or to otherwise ensure the safety of the passengers, or to report the presence of a disabled vehicle or an accident in the roadway. The foregoing provisions of this section shall not apply to a private individual transporting his/her family. (Ord. BL2004-177 § 1, 2004)

12.68.220 Regulating the transportation of liquefied petroleum gas.

A. It is unlawful for any person to transport in the area of the metropolitan government any containers or cylinders of liquefied petroleum gas in excess of twenty pounds capacity, unless the cylinders or containers are securely fastened and equipped with appropriate valve guards or caps. Furthermore, no containers of liquefied petroleum gas shall be transported in any vehicle, whether private or for hire, while in use with heating equipment. This does not preclude carrying of containers for the use of liquefied petroleum gas as a motor fuel in conjunction with the operation of a vehicle of any type.

B. A violation of subsection A of this section shall be punished as provided in Section 12.84.030 of the Metropolitan Code of Laws. (Ord. BL2021-678 § 1, 2021)

Chapter 12.69

CRUISING ON PUBLIC STREETS

Sections:

12.69.010	**Purpose.**
12.69.020	**Definitions.**
12.69.030	**Cruising prohibited.**
12.69.040	**Notice.**
12.69.050	**Enforcement.**
12.69.060	**Exceptions.**
12.69.070	**Penalties.**
12.69.080	**Severability.**

12.69.010 Purpose.

The purpose of this chapter is to reduce traffic congestion and excessive noise and pollution; to ensure passage for emergency vehicles during hours when congestion occurs in certain areas ("no cruising zones"); and, to increase access by members of the general public to such areas, which access is currently restricted due to unnecessary traffic congestion arising from cruising. (Ord. BL 2002-1127 § 1 (part), 2002)

12.69.020 Definitions.

For the purpose of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Congested traffic" means traffic on any public street which is delayed to the point that motor vehicles back up in any direction for more than one block restricting vehicular movement on any public streets, where the delay in forward movement is due to the position of other motor vehicles; or motor vehicles cannot readily move forward on portions of the public street between intersections with other public streets because the average traffic speed has dropped to less than five miles per hour, where the delay in forward movement is due to the position of other motor vehicles.

"Designated street" means any public street or roadway designated a "no cruising area" pursuant to this chapter. Any street or roadway so designated shall be clearly marked with signs advising the public that the street or roadway is subject to such regulation.

"Cruising" means the unnecessary repetitive driving of a motor vehicle on a designated street or roadway past the same traffic control point two or more times in any three hour period during the restricted hours, upon a designated street with posted signs informing the public that the street is subject to regulation under this ordinance and that said regulation is in effect.

"Traffic control point" means a clearly identified reference point on a designated street, as determined and marked by an official traffic control device posted at the direction of the metropolitan traffic and parking commission.

"Restricted hours" means the days and times that cruising is prohibited, specifically between the hours of 9:00 p.m. until 3:00 a.m. each day of the week.

"Restricted area" means those streets or roadways designated by the traffic and parking commission as a "no cruising area" and that are within that area of the metropolitan government bounded on the north by Charlotte Avenue, on the south by Franklin Street, on the west by Eighth Avenue, and on the east by the Cumberland River. (Ord. BL 2002-1127 § 1 (part), 2002)

12.69.030 Cruising prohibited.

No person shall engage in unnecessary repetitive driving, also known as "cruising" as defined herein, while operating a motor vehicle, and no owner of a motor vehicle shall permit another to engage in cruising while operating a motor vehicle under his or her care, custody and control, after notice as described in Section 12.69.040. (Ord. BL 2002-1127 § 1 (part), 2002)

12.69.040 Notice.

Upon observation that a motor vehicle has been operated on a designated and posted street or roadway past the same traffic control point two or more times during the restricted hours, the vehicle shall be stopped after the second or subsequent observation for the purpose of giving notice to the operator and to each passenger in the vehicle. The notice, which may be verbal or in writing, shall inform the operator and passengers that this chapter is in effect, and that subsequent operation of the vehicle past any traffic control point during the restricted hours after the initial observation of the vehicle shall constitute a violation of this chapter. The notice shall include a brief and general description of the designated streets or the area containing the designated streets and a description of the penalty which may be imposed upon conviction. (Ord. BL 2002-1127 § 1 (part), 2002)

12.69.050 Enforcement.

The operation of a motor vehicle past the same traffic control point where a posted official traffic control device prohibits cruising, after issuance of the notice described herein, constitutes a violation of Section 12.69.030. A uniform traffic citation for violation of Section 12.69.030, shall be issued to the actual operator of the motor vehicle at the time the offense occurs. It shall be immaterial whether the operator at the time the offense occurs actually operated the motor vehicle each

time it passed the traffic control point. (Ord. BL 2002-1127 § 1 (part), 2002)

12.69.060 Exceptions.

This chapter shall not apply to:

A. An official public safety or emergency vehicle;

B. A licensed public transportation vehicle;

C. A vehicle being used for business purposes;

D. Any special event as declared by the mayor's office of film and special events;

E. Residents living within the designated "no cruising area". (Ord. BL 2002-1127 § 1 (part), 2002)

12.69.070 Penalties.

Any person violating the provisions of this chapter shall be subject to a fine of fifty dollars per citation issued. (Ord. BL 2002-1127 § 1 (part), 2002)

12.69.080 Severability.

Should any portion of this chapter be declared to be invalid by any court of competent jurisdiction, such provision shall be severed and shall not affect the validity of the remaining provisions. (Ord. BL 2002-1127 § 1 (part), 2002)

Chapter 12.72

TOW-IN LOTS

Sections:

12.72.010 **Establishments and use—Police department jurisdiction.**

12.72.020 **Rules and regulations for operation and collection of storage charges.**

12.72.030 **Procedures for hauling vehicles to the lot—Reimbursement of costs.**

12.72.040 **Charges for towing and storage.**

12.72.050 **Property lease authorization.**

12.72.060 **Payment of monthly rental.**

12.72.070 **Accounting for funds and property received.**

12.72.080 **Stolen motor vehicles—Storage, notice and removal requirements.**

12.72.010 Establishment and use—Police department jurisdiction.

There is established, under the jurisdiction of the police department, a tow-in lot, which is herein defined as a place where motor vehicles which are required to be removed from the streets and other public places of the metropolitan government area because of violations of traffic laws and regulations, penal ordinances of the metropolitan government and laws of the state and the United States, and which come into police custody by reason of such vehicles being stolen, abandoned or an obstruction to traffic, or of which the police department has acquired custody for the protection of motor vehicles and their safekeeping. (Prior code § 27-1-220)

12.72.020 Rules and regulations for operation and collection of storage charges.

The chief of police shall establish, by rules and regulations, the procedures for the operation of the tow-in lot and fix the methods of collecting storage charges. The chief of police shall also establish the rates of administrative fees related to operation of the tow-in lot, as approved by the finance director. The rates of administrative fees set by the chief of police shall be published for public viewing at the tow-in lot and a copy filed with the metropolitan clerk. Amendments to the rates shall similarly be published and filed. Such rates shall be no higher than necessary to cover the metropolitan government's costs of operating the tow-in-lot on an annual basis. (Amdt. 1 to Ord. BL2024-230 § 1, 2024; Ord. BL2024-230 § 1, 2024; prior code § 27-1-221)

12.72.030 Procedures for hauling vehicles to the lot—Reimbursement of costs.

The chief of police is authorized to establish or to approve the regulations and procedures by which motor vehicles shall be towed to the tow-in lot, and to arrange for the payment of the cost of towing vehicles to the lot in those instances where the towing or hauling to the lot is done on the direction of the police department or any of its police officers acting according to the rules and regulations of the police department. The chief of police shall establish rules and regulations relating to the reimbursement of the department of police by the owners of the motor vehicles affected for the amount expended in tow-in charges for hauling such vehicles to the lot. (Prior code § 27-1-222)

12.72.040 Charges for towing and storage.

Charges for towing and storage of vehicles shall be made in accordance with Section 6.80.550 of the Metropolitan Code. (Ord. BL2006-1094 § 3, 2006 ; prior code § 27-1-226)

12.72.050 Property lease authorization.

The mayor is authorized to execute the necessary documents to lease property for use as a police tow-in lot. (Prior code § 27-1-223)

12.72.060 Payment of monthly rental.

The monthly rental to be paid shall, for the tow-in lot, be expended from the police department's operating budget. (Prior code § 27-1-224)

12.72.070 Accounting for funds and property received.

The director of finance shall establish, by appropriate accounting procedures, a revolving account for the police tow-in, so that full accountability will be made of all property and money received and expended by the police department in connection with the operation of the police tow-in lot. The director of finance shall approve all rules and regulations of the police department relating to accounting procedures with reference to the operation of the police tow-in lot. (Prior code § 27-1-225)

12.72.080 Stolen motor vehicles—Storage, notice and removal requirements.

A. The chief of police, or his designated representative, shall notify all owners of stolen motor vehicles, upon receipt of such vehicles at the metropolitan tow-in

lot. Owners of stolen vehicles shall reclaim their vehicles within twenty-four hours of being notified by the police department, and shall not be charged a storage fee.

B. If the owner fails to reclaim his vehicle and remove same from the tow-in lot within twenty-four hours after being notified, the owner shall be charged the regular storage fee from the time and date of receipt of the automobile at the tow-in lot.

C. The provisions of this section shall apply only to those owners of stolen motor vehicles who have reported their automobile stolen to the metropolitan police department prior to recovery of their motor vehicle by the police department. (Prior code § 27-1-227)

12.76.080	**Gates or flagmen required at crossings when.**
12.76.090	**Vehicles to obey signals indicating approach of trains.**
12.76.100	**Grade crossings where all vehicles must stop.**
12.76.110	**Vehicles which must stop at all grade crossings.**
12.76.120	**Liability limitations concerning signal lights and appurtenances.**
12.76.130	**Bridges and other structures over public ways.**
12.76.140	**Tunnels near or under streets.**
12.76.150	**Loitering around railroad depot, tracks or yard prohibited.**
12.76.160	**Children loitering near railroad tracks—Parent or guardian responsibility.**
12.76.170	**Children loitering near railroad tracks—Arrest authorized when.**

12.76.010 Survey and classification of railroad grade crossings—Rules and regulations for use.

A. The traffic and parking commission is authorized to survey all railroad grade crossings with public traffic ways within the boundaries of Metropolitan Nashville and Davidson County, Metro Government, for the purpose of classifying these crossings according to their needs for corrective treatment to reduce and/or prevent vehicle-railroad train accidents.

1. The commission shall consider, among other factors, the accident frequency at the crossing, vehicle and train traffic volumes at the crossing, and sight distance for both the railroad train and vehicle approach to the crossing.

2. The manner in which these factors are established and considered shall be at the discretion of the traffic and parking commission.

B. The commission shall classify all railroad crossings with vehicle traffic ways under the following categories:

1. Requires crossing gate and light and audible signal within six months after reporting date;

2. Requires light and audible signals within six months after reporting date;

3. Requires light and sound signal within twelve months after reporting date;

4. Requires light and sound signals within eighteen months from reporting date;

5. Requires immediate removal of hedges, shrubbery and other sight distance obstructions;

6. Requires immediate application of railroad crossing signs or flagmen;

7. Requires no corrective treatment within eighteen months of reporting date.

C. The commission shall annually file a report with the director of public works and the railroads owning the tracks at each crossing the name, location and classification of each crossing, along with corrective measures; specifications and locations of signals and/or other corrective measures will be included.

1. Nothing herein shall be deemed to preclude the reporting of partial lists.

D. The railroads owning tracks at each railroad grade crossing with vehicle traffic way shall be responsible for the costs of implementation and material acquisition of the corrective measures, including gates, signals, etc., designated by the traffic and parking commission.

E. The traffic and parking commission shall be responsible for the supervision and approval of the installation of all signals and gates.

F. The traffic and parking commission shall notify the railroad of condition changes requiring revisions in the safety devices, including gates and/or signals. The railroads will be given three months, upon notice, to make changes.

G. Specifications for all crossing vehicle traffic-control devices, such as signs, signals, gates, etc., shall be approved by the commission.

H. Should any railroad responsible for the corrective treatment provided herein fail to provide, install and maintain designated control or warning devices, the traffic and parking commission shall close the railroad tracks to trains at the crossing. Should this crossing be ordered opened by the Interstate Commerce Commission or a court of competent jurisdiction, the traffic and parking commission shall provide emergency controls, by flagmen or otherwise, for which the railroad will be

charged one hundred dollars per day as a reasonable cost for providing such emergency warning or control. If more than one railroad owns tracks at the crossing, the assessment will be prorated according to number of tracks owned.

I. In the event corrective measures (signals, gates, shrubbery, etc.) are not completed as required, the traffic and parking commission will contract for and provide required corrective measures. The cost, as determined by the metropolitan government bidding procedures, shall be fully borne by the railroads owning tracks at the grade crossing, and shall constitute a debt to the metropolitan government; prorate responsibility for the cost shall be as set forth in subsection H of this section.

J. In addition to the actions provided in subsections H and I of this section, each railroad shall in no wise affect the liability of the railroad under this regulation.

K. No train of railroad cars, or individual car, shall remain in such a position as to block automobile traffic for more than five minutes. There shall be a minimum period of twenty-five minutes between each such blockage of automobile traffic.

L. It shall not be necessary that the individual operator of a train be served with a warrant. The owner of the railroad or lead engine shall be considered prima facie to be in control of the engine and cars linked thereto.

M. Any ordinance of regulation of the Metropolitan Code in conflict with any provision herein is declared void to the extent it conflicts.

N. Should any provision or section of this regulation be declared unconstitutional or otherwise void, the remaining regulations and provisions or sections shall remain in effect. (Prior code § 27-1-40)

12.76.020 Speeds for railroad trains.

A. Definitions.

1. The United States Federal Railroad Administration has established a railroad track classification system which governs the permissible speeds of railroad trains, as follows:

Track Classification	Maximum Speed for Freight Trains	Maximum Speed for Passenger Trains
Class 1 track	10 m.p.h.	15 m.p.h.
Class 2 track	25 m.p.h.	30 m.p.h.
Class 3 track	40 m.p.h.	60 m.p.h.
Class 4 track	60 m.p.h.	80 m.p.h.

2. "Main line trackage" means all trackage maintained at Class 4 standards or above, serving as main arteries in Metropolitan Nashville to and from Memphis, Chicago, Atlanta, Louisville and Birmingham.

3. "Inner city," for the purpose of this section, means that portion of main line trackage located between the west edge of the Clifton Pike grade crossing on the west and the east edge of the Fourth Avenue South grade crossing on the east, and between the east side of the Cumberland River drawbridge on the north and the south edge of the Berry Road grade crossing on the south.

B. Maximum Speeds. Except where otherwise required pursuant to subsection D of this section, the maximum speed of train engines or individual cars shall be as follows:

1. Within the inner city upon main line trackage and upon all yard and industrial trackage, twenty-five miles per hour;

2. Upon the Memphis main line trackage:

a. From the Cheatham/Davidson County line to the west edge of the Sawyer Brown Road overpass, forty-five miles per hour,

b. From the west edge of the Sawyer Brown Road overpass to the inner city, forty miles per hour;

3. Upon the Evansville and Louisville main line trackage:

a. From the Sumner/Davidson County line to the north edge of the Nesbitt Lane grade crossing, forty-five miles per hour,

b. From the north edge of the Nesbitt Lane grade crossing to the inner city, forty miles per hour;

4. Upon the Atlanta main line trackage:

a. From the Rutherford/Davidson County line to the south edge of the Antioch Pike grade crossing, forty-five miles per hour,

b. From the south edge of the Antioch Pike grade crossing to the inner city, forty miles per hour;

5. Upon the Lebanon Branch, beginning at the south edge of the Berry Road grade crossing and traveling north and east to the Wilson/Davidson County line, and upon the Birmingham main line (Class 3 trackage), from the south edge of the Berry Road grade crossing to the Davidson/Williamson County line on the south, thirty-five miles per hour;

6. Upon all other trackage, twenty-five miles per hour.

C. Reclassification. Should any main line trackage within the corporate limit of Metropolitan Davidson County, outside of the inner city area, be given a Federal Railroad Administration classification for speed below any maximum speed limit allowed herein, the railroad owning such trackage shall notify the traffic and parking commission of such reclassification within thirty days of the reclassification; however, short-term repair reclassifications are exempt from these provisions.

D. Declaration of Speed by Traffic and Parking Commission. Whenever the traffic and parking commission shall determine upon the basis of an engineering and traffic investigation that any maximum speed hereinbefore set forth is greater than is reasonable or safe under the conditions found to exist at any grade crossing within the boundaries of Nashville and Davidson County, the commission may determine and declare a reasonable and safe maximum or minimum limit thereof, which speed limit shall be effective upon notice to the affected railroad by registered mail, return receipt requested, to the highest ranking operating officer in Davidson County. Any railroad so affected may request reconsideration by the commission to be made within forty-five days, and the effect of the declared speed limit shall be stayed pending such reconsideration.

E. Violations. It is unlawful for any engine or individual cars to operate upon a grade crossing at a speed in excess of that declared by the commission. (Prior code § 27-1-41)

12.76.030 Flashing signals—Required at grade crossings—Specifications.

There shall be erected at all grade crossings on main lines of railroads over which road trains are operated, except as expressly excepted by ordinance, flashing lights showing a red light and the word "Stop" when a train, engine or cars are approaching. These lights shall be erected on each side of the railroad crossings, and on the right of a person approaching the crossing. The lights shall be affixed to a metal post, at the top of which shall be a warning gong. The gong shall be approximately ten feet above the sidewalk level and the lights shall be approximately eight and one-half feet above the sidewalk level. (Prior code § 35-1-6)

12.76.040 Flashing signals—Location.

The lighting fixtures at each of the grade crossings shall be located not farther than fifteen feet away from the nearest railroad track. However, if, in the opinion of the director of public works and the chief engineer of the railroad affected, a different location or different specifications would more effectively serve the crossing which is to be protected, they shall certify in writing the agreed location and the agreed specifications, and it shall be lawful to erect the lights as designated in the certificate, a copy of which shall be filed with the metropolitan clerk. (Prior code § 35-1-7)

12.76.050 Flashing signals—Operation.

The red lights on flashing warning signals shall flash and the gongs ring continuously for a sufficient time prior to the approach of trains, engines and cars on the railroad tracks to sufficiently warn vehicular and pedestrian traffic on the streets until the trains, engines or cars have entirely occupied the street crossing. (Prior code § 35-1-8)

12.76.060 Flashing signals—Installation and maintenance.

The erection and maintenance of flashing lights and appurtenances shall be without expense to the metropolitan government and under the supervision of the director of public works. (Prior code § 35-1-9)

12.76.070 Flashing signals—Right to withdraw permission for operation.

The metropolitan government reserves the right to withdraw the permission for the operation and maintenance of the flashing lights and signals at any time that the welfare of the metropolitan government may require such action. (Prior code § 35-1-10)

12.76.080 Gates or flagmen required at crossings when.

None of the crossing gates or crossing flagmen now in service shall be withdrawn from any crossings until the flashing lights and signals herein required are installed and in proper working order. (Prior code § 35-1-11)

12.76.090 Vehicles to obey signals indicating approach of trains.

A. Whenever any person driving a vehicle approaches a railroad grade crossing under any of the circumstances stated in this section, the driver of such vehicle shall stop within fifty feet but not less than fifteen feet from the nearest rail of such railroad, and shall not proceed until he can do so safely. The foregoing requirements shall apply when:

1. A clearly visible electric or mechanical device gives warning of the immediate approach of a railroad train;

2. A crossing gate is lowered, or when a human flagman gives or continues to give a signal of the approach or passage of a railroad train;

3. A railroad train approaching within approximately one thousand five hundred feet of the highway crossing emits a signal audible from such distance, and such railroad train, by reason of its speed or nearness to such crossing, is an immediate hazard;

4. An approaching railroad train is plainly visible and is in hazardous proximity to such crossing.

B. No person shall drive any vehicle through, around or under any crossing gate or barrier at a railroad crossing while such gate or barrier is closed or is being opened or closed.

C. Section 12.84.020 sets out the penalty for violation of subsections A and B of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (62), 1990; prior code § 27-1-186)

12.76.100 Grade crossings where all vehicles must stop.

A. The traffic and parking commission will designate particularly dangerous highway grade crossings of railroads, and will cause to be erected stop signs thereat. When such stop signs are erected, the driver of any vehicle shall stop within fifty feet but not less than fifteen feet from the nearest rail of such railroad, and shall proceed only upon exercising due care.

B. Section 12.84.020 sets out the penalty for violation of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (63), 1990; prior code § 27-1-187)

12.76.110 Vehicles which must stop at all grade crossings.

A. The driver of any motor vehicle carrying passengers for hire, or of any school bus carrying any school child, or of any vehicle carrying explosive substances or flammable liquids as a cargo or part of a cargo, before crossing at grade any track or tracks of a railroad, shall stop such vehicle within fifty feet but not less than fifteen feet from the nearest rail of such railroad, and while so stopped shall listen and look in both directions along such track for any approaching train, and for signals indicating the approach of a train, except as hereinafter provided, and shall not proceed until he can do so safely. After stopping as required herein and upon proceeding when it is safe to do so, the driver of any such vehicle shall cross only in such gear of the vehicle that there will be no necessity for changing gears while traversing such crossing and the driver shall not shift gears while crossing the track or tracks.

B. No stop need be made at any such crossing where a police officer or a traffic-control signal directs traffic to proceed.

C. This section shall not apply at street railway grade crossings within a business or residence district.

D. Section 12.84.020 sets out the penalty for violation of subsection A of this section. (§ 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (64), 1990; prior code § 27-1-188)

12.76.120 Liability limitations concerning signal lights and appurtenances.

The railroads shall save the metropolitan government harmless from all claims, suits and actions, or other costs, judgments or loss incident to, growing out of or in any wise connected with the erection, maintenance and operation of the signal lights and appurtenances herein required. (Prior code § 35-1-12)

12.76.130 Bridges and other structures over public ways.

All railroad companies whose roads cross any street or alley by trestle or overhead structure shall put a safe and sufficient bridge over such street or alley, which bridge shall be erected in accordance with reasonable plans and specifications approved by the director of public works; provided, that this section shall not apply to existing structures. (Prior code § 35-1-2)

12.76.140 Tunnels near or under streets.

A. Where the tunnel on the line of any railroad within the metropolitan government area begins or ends at or near the line of any street or alley, it shall be the duty of the railroad company to extend the tunnel to a proper distance beyond the line of the street or alley, and also to keep securely barricaded a space of at least ten feet high above the entrance of the tunnel, and otherwise, if necessary, make provision by the adoption of reasonably prudent precautions for the safety of users of the highway who are exposed to danger when at or near the entrance of any tunnel.

B. When the tunnel runs under any street or alley, it shall be the duty of the railroad company to build the walls firmly and substantially, and to cover over compactly the top of the tunnel so as to prevent the issuance of smoke or cinders through any crevice in the framework or walls, and also to sufficiently barricade in both sides of any embankment connecting with other streets or roads, made necessary in consequence of the situation of the tunnel, and put barricades along the top of the tunnel at all points where the same is dangerously elevated above the level of the adjoining ground. (Prior code § 35-1-1)

12.76.150 Loitering around railroad depot, tracks or yard prohibited.

It is unlawful for any person, without the consent of the owner or other person in charge thereof, to go upon, over, across or through, or to loiter in or around, or otherwise trespass upon any railroad depot, station, switchyard, track or right-of-way or other place where dangerous machinery is usually in operation. This shall not apply to any railroad track at public street crossings, nor to any railroad track on any public street. (Prior code § 35-1-5)

12.76.160 Children loitering near railroad tracks—Parent or guardian responsibility.

It is unlawful for children, without a protector or guardian, to loiter in or about railroad depots, tracks, etc., and it shall be the duty of all parents or guardians of minor children, who have not arrived at the years of discretion, to prevent such children or wards from loitering in or about any railroad depot, etc. (Prior code § 35-1-3)

12.76.170 Children loitering near railroad tracks—Arrest authorized when.

It shall be the duty of all police officers of the metropolitan government, and police and watchmen employed by any of the railroad companies in the metropolitan government area, or any other officers who may be clothed by the metropolitan government with police powers, to immediately arrest and take into custody any child or children found loitering around, in or about any railroad depot, track, etc. (Prior code § 35-1-4)

Chapter 12.80

FERRIES

Sections:

12.80.010	**User fees for metropolitan government ferries.**
12.80.020	**Regulations filed with department of public works.**

12.80.010 User fees for metropolitan government ferries.

A. A user fee of one dollar per vehicle shall be imposed and collected by the metropolitan government for each trip on any ferry owned and/or operated by the metropolitan government; provided, however, that the said ferry shall operate only nine hours per day, Wednesday through Sunday of each week.

B. Provided further, that the department of public works shall report to the council the results of the operation of the Cleece's Ferry with the imposition of such fee with limited hours after three complete months of operation. (Amdt. 2 to Ord. 90-1106, 3/20/90; Amdt. 1 to Ord. 90-1106, 3/20/90; Ord. 90-1106 § 1, 1990)

12.80.020 Regulations filed with department of public works.

The metropolitan clerk is directed to send a copy of the ordinance codified in this chapter to the department of public works. (Ord. 90-1106 § 2, 1990)

Chapter 12.84

VIOLATIONS—FINE SCHEDULES

Sections:

12.84.010	**Violation—Penalties.**
12.84.020	**Violation—Penalties.**
12.84.030	**Violation—Penalties.**

12.84.010 Violation—Penalties.

(A) The following non-moving traffic violations are punishable according to the provisions of Section 1.01.030:

1. Section 12.08.080, State registration plates—Required—Mounting and maintenance;
2. Section 12.08.090, State registration plates—Unlawful use;
3. Section 12.32.010, (A) through (D), Horns and warning devices;
4. Section 12.32.020, Brake equipment;
5. Section 12.32.030, Lighted lamps and illuminating devices required when;
6. Section 12.32.050, Mufflers—Prevention of noise, fumes and smoke;
7. Section 12.32.060, Mud flaps for heavy vehicles;
8. Section 12.32.070, Red lights—Unauthorized use prohibited;
9. Section 12.32.080, Blue lights—Unauthorized use prohibited;
10. Section 12.64.030(A) and (B), Footrest and handlebar requirements;
11. Section 12.64.040, Equipment required for motorcycle riders. (Ord. BL2010-793 § 16, 2010; Ord. 95-1329 § 2 (part), 1995; § 4 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; § 2 (part), of Amdt. 1 to Ord. 90-1255, 6/19/90; Ord. 90-1255 § 4 (part), 1990)

12.84.020 Violation—Penalties.

(A) The following moving traffic violations are punishable according to the provisions of Section 1.01.030:

1. 12.12.020(B), Turning markers—Placement authority and driver obedience;
2. 12.12.030(B), Restricted turn signs—Placement authority and driver obedience;
3. 12.12.050, Obedience to traffic-control devices;
4. 12.12.100(A)(1), (A)(2), Flashing control signals;
5. 12.12.120, Lane direction control signals;
6. 12.12.160, Play streets—Driving limitations;
7. 12.16.010(A) and (B), Driving on right side of roadway required—Exceptions;
8. 12.16.020(A) and (B), Overtaking a vehicle on the left;
9. 12.16.030, Passing vehicles proceeding in opposite directions—Narrow roadways;
10. 12.16.040(A) and (B), Passing on right permitted when;
11. 12.16.050, Overtaking on the left;
12. 12.16.060(A), Driving on left side of roadway prohibited—Exceptions;
13. 12.16.070, Driving on divided highways;
14. 12.16.080, Controlled-access roadways—Entrance and exit restrictions;
15. 12.16.090(B), Controlled-access roadways—Use restrictions and traffic-control devices;
16. 12.16.100(A), No-passing zones;
17. 12.16.110(A) through (D), Turning movements and required turning signals;
18. 12.16.120(A) and (B), Turn signal procedures;
19. 12.16.130, Hand and arm signals;
20. 12.16.140(A) through (C), Position of vehicles when turning at intersections;
21. 12.16.150(A), Yield right-of-way—Vehicles at intersections;
22. 12.16.160, Yield right-of-way—Vehicles turning to the left;
23. 12.16.170(A) and (B), Turning to go in opposite direction;
24. 12.16.190, Starting parked vehicles;
25. 12.16.200(A) through (C), Following too closely;
26. 12.16.210, Cutting through private property prohibited;
27. 12.16.220, Driving on streets under construction prohibited;
28. 12.16.230, Driving through safety zones prohibited;
29. 12.20.040(A), Speed limitations for certain vehicles and conditions;
30. 12.20.060, Alleys;
31. 12.24.050, Vehicles emerging from alley, driveway or building;
32. 12.24.060, Obstructing intersections—Entry restrictions;
33. 12.28.030(C), Changes of traffic direction at certain locations or during certain hours—Left-turn lanes;
34. 12.36.010(A), Application of chapter provisions—Exceptions;
35. 12.36.020, Width of vehicles;
36. 12.36.030, Loads projecting from passenger vehicles;
37. 12.32.040, Projecting loads—Lamps or flags required when;
38. 12.36.040(A) and (B), Height and length of vehicles and loads;

39. 12.36.050(A) and (B), Special load limits—Pole trailers and structural materials;

40. 12.36.060(A) and (B), Spilling or dropping of loads—Preventive measures required;

41. 12.36.070, Gross weight per axle of vehicles and loads;

42. 12.36.080(D), Permits for excess size and weight;

43. 12.36.100(B), Heavily traveled streets—Non-motorized and other vehicle restrictions;

44. 12.36.110, Load restrictions;

45. 12.52.050, Right-of-way on sidewalks;

46. 12.52.060(B), Pedestrians using white canes or sticks;

47. 12.52.070, Blind pedestrians;

48. 12.52.120, Driver responsibilities;

49. 12.64.020(A) through (D), Manner of riding—Restrictions;

50. 12.64.050(A) through (D), Operating procedures on laned roadways;

51. 12.64.060, Clinging to other vehicles;

52. 12.68.010, Drivers in processions;

53. 12.68.020, Funeral procession identification;

54. 12.68.040, Following fire apparatus;

55. 12.68.050, Driving over fire hose;

56. 12.68.060, Causing unnecessary traffic congestion—Regulations in shopping center parking lots;

57. 12.68.070, Opening doors into traffic;

58. 12.68.080, Backing of vehicles—Restrictions;

59. 12.68.090, Coasters, roller skates and other toy vehicles;

60. 12.68.120, Detour signs—Driver obedience required;

61. 12.68.140, Riding on portions of vehicle not intended for passengers;

62. 12.68.160, Boarding or alighting from moving vehicles;

63. 12.76.090(A) and (B), Vehicles to obey signals indicating approach of trains;

64. 12.76.100, Grade crossings where all vehicles must stop;

65. 12.76.110(A), Vehicles which must stop at all grade crossings.

66. 12.62.040(O) and (P), Operating a powered SUMD by a person who is less than eighteen years old.

(Ord. BL2018-1441 § 13, 2019; Ord. BL2010-793 § 17, 2010; Ord. BL2010-748 § 2, 2010; Ord. 98-1447 § 9, 1999; Ord. 95-1329 §§ 2 (part), 8 (part), 1995; § 1 (part) of Amdt. 2 to Ord. 90-1255, 7/17/90; Ord. 90-1255 § 1 (part), 1990)

12.84.030 Violation—Penalties.

(A) The following moving traffic violations are punishable according to the provisions of Section 1.01.030:

1. 12.12.090, Signal legend—Colors and other indications;

2. 12.12.110, Traffic lanes;

3. 12.20.010, Reasonable speed under the conditions;

4. 12.20.020, Maximum speed limits;

5. 12.20.030, Special speed zones;

6. 12.20.070, School zone restrictions;

7. 12.20.080, Construction and demolition site restrictions;

8. 12.24.040, Procedures for vehicles entering stop or yield intersections;

9. 12.68.030, Driving through funeral procession;

10. 12.68.110(A) and (B), Towing of vehicles;

11. 12.68.130, Driving on sidewalks;

12. 12.68.150(A) through (C), Putting glass, nails or other injurious materials on highway—Clearing accident wreckage;

13. 12.68.170, Careless driving;

14. 12.68.180, Reckless driving;

15. 12.68.200, Attempting to elude police officers.

(Ord. BL2016-223 § 2, 2016; Ord. BL2010-793 § 18, 2010; Ord. 98-1447 § 10, 1999; Amdt. 1 to Ord. 96-245, 4/16/96; Ord. 96-245 § 2, 1996; Ord. 95-1329 § 8 (part), 1995)

GENERAL PROVISIONS

Sections:

13.02.010 **Fees, in-lieu contributions and other assessments, estimates or payments.**

13.02.010 Fees, in-lieu contributions and other assessments, estimates or payments.

Fees, in-lieu contributions and other assessments, estimates or payments required by this title or by the metropolitan government in furtherance of this title for single or multi-phase developments shall be determined by the fee or rate at the time of assessment or payment, whichever is later. The Metropolitan Government of Nashville and Davidson County may update fees and rates over time to reflect current standards and/or changes in market rates. (Ord. BL2014-947 § 1, 2014)

13.04.010 Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Board" means the board of adjustment established by this chapter.

"Building" means any building, structure or improvement of any kind or part thereof which, through erection, construction, reconstruction, addition or alteration in any manner, becomes a part of the realty.

"Officially mapped street" means any street which has been made a part of the official street map according to the provisions of this chapter.

"Official street map" means the official street map of the Metropolitan Government of Nashville and Davidson County, Tennessee.

"Street" means any public way or part thereof, including but not limited to a boulevard, avenue, highway, road, lane or alley. (Prior code § 38-1-18)

13.04.020 Adoption.

The streets described on a map entitled "The Official Street Map of The Metropolitan Government of Nashville and Davidson County, Tennessee," which map is hereby made a part of this chapter, are hereby adopted and approved as the official street map for the metropolitan government. (Prior code § 38-1-19)

13.04.030 Recordation.

The metropolitan clerk shall have the adopted official street map recorded in the office of the Davidson County Register. (Prior code § 38-1-20)

13.04.040 Amendments—Approval required—Traffic study.

A. Amendments of the official street map shall be made in the manner required for original adoption. Any proposed addition, change or modification of the official street map which has not been certified by the planning commission shall be submitted to the planning commission for its approval before any decision by the metropolitan council on the addition, change or modification. The planning commission shall have thirty days after the submission to them within which to send its report to the metropolitan council, unless such time is extended by the metropolitan council. In the event of the planning commission's disapproval, the addition, change or modification shall require the favorable vote of a majority of the entire membership of the metropolitan council before the addition, change or modification becomes a part of the official street map.

B. The chief traffic engineer shall file with the metropolitan council a traffic study on each proposed addition, change or modification of the official map, which study shall include but not be limited to the amount and direction of traffic involved, the impact on traffic flow, and the manner in which such traffic and traffic flow shall be rerouted or accommodated if such amendment is adopted. The foregoing to the contrary notwithstanding, in the event the chief traffic engineer determines that less than one thousand vehicles per day will be affected, the study shall not be required. (Prior code § 38-1-30)

13.04.050 Additions—Prerequisites.

A. Where the street being designated as an "officially mapped street" is designated by the state or federal government as a state or federal highway, that street shall not be placed on the official street map until the appropriate federal or state agency has certified in writing to the metropolitan council that sufficient funds are available to the metropolitan government for the acquisition of the right-of-way for the proposed street and agreeing to the procedures for the acquisition of such right-of-way as outlined in Section 13.04.100.

B. Before submission of the official street map or an amendment thereto, the director of finance shall certify in writing to the metropolitan planning commission whether

or not sufficient funds are available or whether or not a sufficient revenue authorization has been made to cover the anticipated cost of acquiring the right-of-way for the proposed street.

C. Neither the official street map nor any amendment thereto shall be certified to the metropolitan council by the planning commission unless the director of finance certifies that sufficient funds are available or that a sufficient revenue authorization has been made to cover the anticipated cost of acquiring the right-of-way for the proposed street. (Prior code § 38-1-21)

13.04.060 Property identification required for adoption or amendment.

The official street map adopted in this chapter or any amendment hereafter adopted shall be sufficiently definite so as to identify the property that may be taken. (Prior code § 38-1-22)

13.04.070 Adoption of map does not establish street.

The making or certifying of a map by the planning commission or the adoption or amendment of the official street map by the metropolitan council shall not constitute the opening or establishment of any street or the taking or acceptance of any land for street purposes by the metropolitan government. (Prior code § 38-1-23)

13.04.080 Building between mapped street lines prohibited.

In order to preserve the integrity of the official street map and subject to the provisions of Sections 13.04.090 and 13.04.100, no building shall be constructed on any land located on or between the mapped lines of any street as shown on the official street map. The director of the department of codes administration or his duly authorized agent shall not issue any building permit in violation of this section. (Prior code § 38-1-24)

13.04.090 Board of adjustment.

A. There is created a board of adjustment composed of five members, who shall be residents of the metropolitan government area and who shall hold no other public office, either elective or appointive, and who shall serve without compensation. The members of the board shall be appointed by the mayor, with the approval of the metropolitan council. The members of the board of adjustment shall be appointed for terms of five years; except, that the term of those first appointed shall be as follows: One member shall be appointed for a term of one year, one member for a term of two years, one member for a term of three years, one member for a term of four years and one member for a term of five years. When a position on the board becomes vacant, leaving an unexpired term, that vacancy shall be filled in the same manner as in the case of the original appointments. The person appointed to fill the vacancy shall then serve the remainder of the unexpired term. After a public hearing and upon written charges, the mayor and the metropolitan council may remove any member of the board for just cause.

B. When not inconsistent with this chapter, the board shall adopt rules for its organization and procedure, the selection of its officers and the keeping of a public record. Before adoption, all rules shall be submitted to the director of the legal department of the metropolitan government for his approval as to legality. After the rules have been approved by the director of law and adopted by the board, the board shall immediately cause the rules to be filed with the metropolitan clerk.

C. The board shall provide for the establishment of regular meetings to be held at least once a month, unless there is no business pending before the board, and for the calling of special meetings.

D. The metropolitan planning commission, under the direction of its executive director, shall provide the staff necessary to serve the board in the conduct of its business. The cost of this staff and other necessary services shall be included in the operating budget of the metropolitan planning commission. (Prior code § 38-1-25)

13.04.100 Building restrictions—Relief from hardship procedure.

A. The owner of any land located in whole or in part within the boundary of an officially mapped street, claiming a hardship by reason of the provisions of this chapter, may apply to the board of adjustment requesting relief from the hardship.

1. Where the relief requested involves the issuance of a building permit, the application to the board shall be in writing and shall contain the following:

a. A clear statement of the hardship and the relief requested;

b. A site plan showing the size and location of the property and the improvements proposed;

c. The estimated cost of the improvements proposed.

2. In all other cases, the application shall comply with only paragraph (a) above.

B. Before taking any action on an application, the board shall hold a public hearing, fifteen days prior notice of the time and place of which shall be given to the

applicant by certified mail at an address specified in the application and to other interested persons by one publication in one newspaper of general circulation at least fifteen days prior to this hearing. Notice of the public hearing shall be given by mail to the mayor, the director of public works, the director of public property, the director of finance, the chairman of the public works committee of the metropolitan council and the councilman of the councilmanic district within which the property upon which the application is made is located. The state highway commissioner shall be notified by mail of those matters involving state or federal highways.

C. At the hearing, the board of adjustment shall provide for the taking of evidence either in oral or written form. The board may consider facts not presented by the parties, but when these facts are considered, they must be clearly identified as such, and the party adversely affected shall be given an adequate notice and opportunity to rebut those facts.

D. The board of adjustment shall render its decision within thirty days from the date of the hearing unless an extension of time is agreed to by the applicant. In its decision, the board shall state the facts upon which the decision is based, and, at the time the decision is rendered, the decision shall be entered on and made a part of the board's public record.

E. A majority of the authorized membership of the board of adjustment shall constitute a quorum and the concurrence of a majority of the authorized members shall be required before any action can be taken by the board. In addition to the five permanent members of the board, the mayor, with the approval of the metropolitan council, may appoint one alternate member who shall serve as a regular member only when it is impossible to obtain a quorum without the presence of the alternate member.

F. In making its decision, the board shall either grant relief, modify the application and grant relief for the modified application or deny relief.

G. Before any relief can be granted, the board of adjustment must find the following: That the applicant's property, in its existing condition, will not yield a reasonable return on its value to the owner or that the applicant has a specific and unique hardship which does not generally prevail throughout the surrounding area, or both.

H. In addition to the above, the board must also find that the granting of the relief would not materially increase the cost to the public of opening or improving the mapped street involved.

I. As a condition to the granting of relief, the board may modify the application, except for applications to purchase. The modifications imposed shall result in a minimum easing of the requirements of this chapter, and yield to the owner a fair and reasonable return on the value of his property. In either granting relief or modifying the application, the board shall endeavor at all times to preserve the integrity of the official street map.

J. In the event the decision of the board of adjustment is adverse to the owner of the property in denying a building permit or favorable to the owner on his application to purchase, the owner may, within thirty days after the decision of the board, notify in writing, the director of public works and the director of public property that he desires to sell his property. Notification in writing of the board's action shall be given the state highway commissioner in the event the property is mapped within state or federal highways. Upon the receipt of the written notification, the appropriate governmental official shall immediately endeavor to complete the acquisition proceedings of the subject properties involved in the application. In the event the governmental authorities are unsuccessful in acquiring the property by negotiation, evidence of which shall be by registered letter from the owner to such appropriate governmental authority stating that such owner will not undertake further negotiations, then such governmental authority shall initiate condemnation proceedings within ninety days from the receipt of such registered letter. (Prior code § 38-1-26)

13.04.110 Building permit—Issuance when—Expiration.

If the relief granted by the board of adjustment allows the department of codes administration to issue a building permit, a notification of such action shall be transmitted to the department of codes administration and the permit shall immediately be issued. However, unless the applicant proceeds to obtain a permit from the department of codes administration within thirty days from the date of the decision of the board, and begins construction within twelve months from the date of the issuance of the permit, the applicant shall not be entitled to proceed under the permit without filing a new application with the board as hereinafter provided. (Prior code § 38-1-27)

13.04.120 Judicial review of decisions of board of adjustment.

Judicial review of any decision of the board of adjustment shall be available under the provisions of Section 27-9-101 et seq. of the Tennessee Code Annotated. (Ord. 90-1339 § 1 (38-1), 1990; prior code § 38-1-28)

13.04.130 Zoning regulations not affected.

This chapter is intended to be subject to and does not, in any way, repeal, modify or amend any of the zoning laws now in effect within the metropolitan government area. (Prior code § 38-1-31)

13.04.140 Liberal construction.

It is the intention of the metropolitan council that this chapter be remedial, and, therefore, should be liberally construed. (Prior code § 38-1-32)

13.04.150 Violations.

No owner, lessee, tenant or the agent of any owner, lessee, tenant or any other person in control of any land located on or between the map lines of any street as shown on the official street map herein adopted, or as subsequently amended, shall erect or construct or cause to have constructed or erected, upon his land, any building in violation of any provision of this chapter. Each day during which the violation continues shall be deemed a separate offense. The director of law, in the name of the metropolitan government, or the state commissioner of highways, on behalf of the state, in matters involving state and federal highways, or any aggrieved, affected or interested person in his own name, may seek injunctive or other appropriate relief to end the violation. Under no circumstances, however, shall compensation by purchase or by the exercise of eminent domain be made for any buildings built in violation of this chapter. (Prior code § 38-1-29)

13.08.090	**Gravel runoff.**
13.08.100	**Truck vending permit program established.**

13.08.010 Official street and alley acceptance and maintenance record—Adoption.

A. There is created and established an official street and alley acceptance and maintenance record for the metropolitan government, which record is composed of a series of maps showing thereon, by words, lines or symbols, the dedicated streets and alleys which are accepted and maintained or abandoned for public maintenance by the metropolitan government. The official street and alley acceptance record herein established may be amended from time to time by ordinance of the metropolitan council setting out additions, deletions or any other amendments to such record.

B. The official street and alley acceptance and maintenance record shall be maintained in the office of the department of public works. The director of public works is authorized to note thereon any amendatory ordinance enacted by the metropolitan council.

C. Any person, other than an official or employee of the metropolitan government acting in their official capacity, making an application or request for an amendment to the official street and alley acceptance and maintenance record shall, in addition to filing the appropriate application or request with the department of public works, pay to the metropolitan government a fee to cover the cost of processing such application or request as established by the metropolitan council. (Ord. BL2014-996 §§ 2—5, 2015; Ord. 93-505 § 1, 1993; prior code § 38-1-1)

13.08.015 Street name changes—Procedure.

The following procedures and requirements shall apply to all street name changes proposed after the effective date of the ordinance codified in this section:

A. Before voting on an ordinance proposing a street name change, the metropolitan council shall forward the ordinance to the metropolitan planning commission and the emergency communications district board for its consideration. If the ordinance proposes to change a street name to that of a particular individual, the ordinance must be accompanied by a biographical sketch of that individual.

B. Upon being filed with the metropolitan clerk, an ordinance proposing a street name change shall also be forwarded to the metropolitan historical commission for review as to whether there is any historical significance associated with the existing street name. The historical commission shall provide a written report to the metropolitan council prior to the consideration of the ordinance on second reading stating the historical significance, if any, associated with the street name. No action shall be taken by the council on second reading until the report from the historical commission has been submitted to the council or sixty days has passed from the date the ordinance was forwarded by the metropolitan clerk to the historical commission.

C. Within ten days of receipt of the proposed ordinance, the planning commission shall notify all property owners on the street of the proposed name change, and shall indicate a period of time during which property owners may provide written comments in support of or in opposition to the proposed name change.

D. After consideration of the petition, the planning commission and emergency communications district board will provide the council with a recommendation

approving or disapproving the proposed change, and shall also forward all property owners' responses to the council for its consideration. No action shall be taken by the council on second reading until the report from the planning commission and emergency communications district board has been submitted to the council or sixty days has passed from the date the ordinance was forwarded by the metropolitan clerk to the planning commission and the emergency communications district board.

E. In considering a petition for a proposed street name change, the council shall take into consideration the recommendation of the planning commission and emergency communications district board. Further, the council shall only approve street name changes which meet the following requirements:

1. [Reserved];

2. No street shall be named for a living person;

3. Name changes must extend the entire length of a street;

4. There shall be no name changes for the purpose of promoting a private business. (Ord. BL2020-302 § 1, 2020; Ord. BL2019-110 § 1, 2020; Ord. BL2012-262 § 1, 2012; Ord. BL2010-789 § 1, 2010; Ord. BL2007-1309 § 1, 2007; Amdt. 2 to Ord. 93-638, 5/18/93; Amdt. 1 to Ord. 93-638, 5/18/93; Ord. 93-638 § 2, 1993)

13.08.020 Naming of private streets and roads.

A. The metropolitan county council deems that it may be necessary to name private streets and roads in order to provide better public services, particularly emergency services, to the residents of the Metropolitan Nashville area.

B. The term "private streets and roads" is defined as including any street, road or lane which has not been accepted by the metropolitan government for maintenance, whether or not it is within a public right-of-way, but shall exclude private driveways. Private roads may be named by the metropolitan county council and marked as such by the metropolitan government.

C. Any such naming shall be referred to the metropolitan planning commission for review and recommendation. (Prior code § 38-1-3)

13.08.025 Honorary street signs.

A. The council may, by ordinance, authorize and direct the department of public works to install honorary street signs beneath the official street name sign or on a separate post for any street identified on the official street and alley acceptance and maintenance map.

B. Such honorary street signs shall be brown in color with white lettering.

C. No honorary street sign shall be installed honoring a living person.

D. Honorary street names shall not be identified on any official maps prepared and maintained by the metropolitan government.

E. The department of public works shall absorb the costs for making and installing the signs for up to five honorary street names in each calendar year. A member of council shall not sponsor more than one ordinance in each calendar year naming an honorary street for which the costs of the signs are to be borne by the department of public works. The costs of making and installing signs for the sixth and subsequent honorary streets in each calendar year shall be privately funded. The department of public works shall determine the costs associated with making, installing, and maintaining such honorary street signs to be funded privately, and is authorized to accept the private funds to cover the costs prior to making and installing the signs.

F. Only two honorary street signs shall be installed per honorary street name; one at the beginning of the street and one at the end of the street. (Ord. BL2019-5 § 1, 2019; Amdt. 1 to Ord. BL2012-262 § 2, 2012; Ord. BL2012-262 § 2, 2012)

13.08.030 Private installations in, on, over or under public way—Regulations.

A. No person, firm or entity shall construct, install, operate and/or maintain an encroachment in, on, over, or under any street, road, alley, sidewalk or other public way except when permitted by the metropolitan government. Unless specifically permitted under other sections of this code, the metropolitan county council may by ordinance grant encroachments, permits or privileges to construct, install, operate and/or maintain an encroachment in, on, over, or under any street, road, alley, sidewalk or other public way.

B. Any person, firm or entity requesting an encroachment, permit or privilege as provided herein shall pay to the metropolitan government a fee in the amount of one hundred dollars upon making such request.

C. The manner of constructing, installing, operating and maintaining such encroachment shall be subject to the requirements, direction, and approval of the director of public works and further the person, firm, or entity requesting such encroachment, permit, or privilege shall provide a liability insurance policy in such amount as directed by the metropolitan attorney and in the form as approved by the metropolitan attorney, to save the metropolitan government harmless from all claims for damages that may result to person or property by reason of construction, operation, or maintenance of such installation of any encroachment. Provided, however,

that (i) a homeowner association legally constituted under Tennessee Law or (ii) a non-profit community organization exempt from taxation under section 501(3)(c) of the Internal Revenue Code may, without providing such insurance, install or construct an encroaching beautification project or sign if the director of public works has approved and determined in writing that installation of such project or sign is in the public interest and poses no risk of harm to the public. (Ord. BL2021-793 § 1, 2021; Ord. 2002-983 § 1, 2002; prior code § 38-1-2)

13.08.040 Offering merchandise for sale on or near public property prohibited—Exceptions.

A. No person shall stop, stand or park any wagon, pushcart, platform, table, automobile, truck or other vehicle, or erect any temporary stands, signs or otherwise, upon or within any public property or public right-of-way of the metropolitan government for the purpose of selling or offering for sale any goods, food, wares, merchandise, or products of any kind, nor shall any person sell or offer for sale, upon or within any public property or public right-of-way of the metropolitan government, any goods, food, wares, merchandise, or products of any kind, including the display or exhibition of animals for payment or gratuity. The prohibitions contained in this subsection shall not affect or apply to any agreement with, or the written approval of, the respective department, board, agency, officer, or other person having control or custody of that particular property.

B. 1. It is unlawful for any person to obstruct any public right-of-way, including alleys, roadways, sidewalks and streets as defined by Sections 12.04.010, 12.04.315, 12.04.335, and 12.04.375 of the Metropolitan Code, except as authorized by law. This subsection shall not apply to:

a. Any street vendor operating with a proper license and permit issued by the Davidson County Clerk or Public Works (also known as the Nashville Department of Transportation and Multi-modal Infrastructure, or "NDOT") under subsections (B)(3) and (4) of this section that satisfies this section and is vending in an approved location and not interfering with the movement of vehicular or pedestrian traffic or creating an unsafe condition;

b. Vendors exclusively engaged in the sale of newspapers, magazines, periodicals or other such written items provided that the requirements for clearance at intersections set forth at Section 13.12.190 are satisfied and who do not utilize a cart, wagon, or any other stationary or mobile device or vehicle to sell such written materials and not interfering with the movement of vehicular or pedestrian traffic or creating an unsafe condition;

c. Solicitation of donations by a nonprofit organization or the sale of merchandise by a nonprofit organization which constitutes, carries or makes a religious, political, educational, philosophical or ideological message or statement related to the purpose of the nonprofit organization provided that the non-profit identifies itself and is able upon request to provide documentary proof of its non-profit status, the requirements for clearance at intersections set forth at Section 13.12.190 are satisfied and the nonprofit does not utilize a cart, wagon, or any other mobile device or vehicle to sell such materials and is not interfering with the movement of vehicular or pedestrian traffic or creating an unsafe condition;

These exceptions shall operate to create a privilege and not a franchise or license. In the event the exceptions stated in this subsection are repealed or otherwise revoked, the provisions of this section shall then apply and any wagons, pushcarts, stands, signs, displays and any news and literature distribution racks no longer excepted shall be removed at the owner's expense.

2. Definitions. Within the meaning of this section, these terms shall be construed as follows:

a. "Commission" means the metropolitan traffic and parking commission.

b. "To obstruct" means to so occupy the public rights-of-way that the free use and enjoyment thereof by the public is in any way interrupted or interfered with, or such that the free ingress and egress to or from any building fronting on any public thoroughfare is impaired, or such that any unsafe condition results.

c. "Public right-of-way" means all areas legally open to public use and used and/or intended for vehicular or pedestrian traffic, including public streets, alleys, sidewalks, and roadways, but excluding any other public property of the metropolitan government.

d. "Public property" means all property, real and personal, belonging to the metropolitan government, excluding that which is used and/or intended for use by vehicular or pedestrian traffic and defined herein as a public right-of-way.

e. "Street vendor" or "vendor" means any individual, including an employee or agent of a group of individuals, partnership, or corporation, who sells, or offers to sell services, food, beverages, goods, or merchandise on any public way whether such activity involves the sale of such items from the vendor's person or by use of a stand.

f. "License" or "permit" means the form issued by the Davidson County Clerk or NDOT evidencing that the vendor is allowed to sell or offer to sell goods and services on the public right-of-way.

g. "Stand" means any table, tarp, display, bench, booth, rack (including one suspended from the vendor's person), handcart, pushcart, wagon or any other fixture or device which is not required to be licensed and registered by the Tennessee Department of Motor Vehicles, and is used for the display, storage, or transportation of food, beverages, goods, or merchandise on any public right-of-way.

h. "Special event" means any occasion officially recognized by the metropolitan government including, but not limited to, fairs, shows, exhibitions, municipality-wide celebrations, festivals, and other similar events, within a specifically defined area of the municipality for a specified period of time.

i. "Business" or "property owner" means any individual, including an employee or agent of a group of individuals, partnership, or corporation who is a tenant in or who owns property abutting the public right-of-way.

j. "Pedestrian" means a person who is walking or otherwise traveling on the public right-of-way.

k. "Sign" or "sandwich board" means any portable sign used to convey information of a commercial nature.

l. "Street performance" means any theatrical, musical, visual, or other presentation for entertainment purposes on the public right-of-way. "Street performer" means any person or group of persons who conducts a street performance.

m. "Distance." All measured distances and distance requirements addressed in this regulation shall be distances measured in a straight line from the nearest edge of the vendor's stand or sign to the nearest edge of the object from which the sign or stand is to be distant.

3. It is unlawful for vendors of goods or services not meeting the exception in subsection (B)(1)(b)—(c) of this section to sell, display, or offer for sale any food, beverage, goods, or merchandise on a public right-of-way before acquiring a street vendor's permit from the county clerk or NDOT. Those who engage in such conduct without having and displaying a valid permit (or while their permit is suspended, revoked, or expired) may be prosecuted for a violation of Tenn. Code Ann. Section 39-17-307 and/or Tenn. Code Ann. Section 62-30-101 et seq. To acquire a permit, a vendor shall submit an application to the county clerk or NDOT and provide all information, on a form supplied by the county clerk or NDOT, necessary to determine whether a particular permit may be issued.

a. The application shall include the vendor's full name, home address, permanent business address (if any), telephone number, email address, driver's license number, a current full-face photograph of vendor, a current full-face photograph of each of vendor's employees, proof of identity for each vendor and/or employee and proof that any other required permits or authorizations have been obtained. The county clerk or NDOT may require additional information to confirm the eligibility of the applicant for the permit.

b. The application shall also state a brief description of the nature and character of the food, beverages, goods, or services to be sold and shall be accompanied by a photograph of the vendor's fully assembled stand(s).

c. If the vendor is employed by or is an agent of another, the application shall state the name and business address of the principal or hiring person, firm, association, organization, company, or corporation.

d. Vendors with multiple stands, displays, carts, wagons, or any other means by which to offer goods or services to the public must procure a permit for each space occupied.

e. Health permit. Any vendor engaged in the sale of food, beverages or substances must, in addition to the above requirements, comply with the following:

i. Vendors of food, beverages and substances (if applicable) shall be required to obtain and maintain a health permit from the metropolitan public health department ("health department") in addition to the general vending permit. Upon application for the general vending permit, vendors of food and beverages shall have their applications forwarded to the health department for approval and shall submit their equipment for inspection.

ii. Upon approval by the health department (if applicable), the food, beverage, or substance vendor shall be subject to inspection by the health department officials as provided for by law at periodic intervals.

f. Insurance.

The application must include a provision indemnifying and holding harmless the metropolitan government from any and all claims arising out of the vendor's operation. Applicants must provide, as part of the application, a copy of a certificate of liability insurance with a minimum coverage of one million dollars covering the annual permitting period. If the vendor does not maintain this insurance coverage throughout the permit period, the permit shall be automatically revoked upon the termination of such insurance

policy. The policy must name the metropolitan government as additionally insured. The certificate must accompany the application.

g. Any intentional misrepresentation on the application by a vendor shall constitute grounds for denial, probation, suspension, or revocation of a permit. The applicant will not be allowed to reapply for an application for a twelve-month period.

4. Fee.

a. At the time of application, a vendor shall pay an annual permit fee as established by the commission. This fee will authorize the location of one stand. If a vendor wishes to have more than one stand, they must pay an annual permit fee for each stand. There will be an additional fee for each vendor identification badge (or "I.D."). This shall not include any other applicable fees.

5. Application Processing.

a. Upon receipt of an application, the county clerk or NDOT shall:

i. Ensure the application is complete. Incomplete applications shall be denied and returned to the applicant.

ii. Ensure that all fees have been properly paid and that the appropriate certificate of insurance has been provided. Applications for which all applicable fees have not been paid or which do not contain the appropriate certificate of insurance shall be denied.

iii. Determine whether the applicant has been found to be non-compliant with a provision of this section during the six month period preceding the application. If the applicant has been found to have committed one or more violations of this section during the preceding six-months, the application shall be denied, whether the application is for a new permit or a renewal.

iv. Ensure that vendors offering foods, beverages, or substances have obtained all necessary licenses, permits, and/or inspections in accordance with subsection (B)(3)(e) of this section. If the required permits, licenses and/or inspections have not been obtained, the application shall be denied.

v. Take reasonable steps to verify the truthfulness of the information provided on the application. Applications found to contain false information shall be denied.

b. If the application meets the requirements specified in subsection (B)(5)(a) of this section, the county clerk or NDOT shall issue the permit and I.D. badges for the permittee and any employees identified in the application. A permit holder may apply for additional I.D. badges if needed. The I.D. badge shall include a current full-face photograph of the employee, employee name and the permit number.

c. The county clerk or NDOT will notify the vendor of the decision to issue or deny the permit and, if denied, the reason for denial. The county clerk or NDOT will provide the notification as soon as is practicable, but in no case shall notification occur later than thirty days after the filing of a properly completed application. With regard to renewal applications, an oral notification of the denial by the county clerk's office shall suffice for this purpose. The county clerk shall also notify staff of the traffic and parking commission of all such denials. A subsequent written notification shall be sent by traffic and parking commission staff to advise the applicant of their right to appeal pursuant to the terms of subsection C.3.a., below.

d. Granted permits shall be valid for one year after issuance (so long as all requirements are met, and no disciplinary action is taken) and shall be renewable upon expiration in each subsequent year so long as the vendor remains in good standing and has been found to have committed no more than three violations of this section in the previous twelve-month period. In the event that a vendor is denied a permit, either upon application or at renewal, the vendor shall have an opportunity to appeal the denial as described in subsection C.4. of this section.

6. Restrictions.

a. The granting of a permit confers a privilege, not a franchise or license. A permit does not guarantee a particular space or that any space will be available.

b. The sale of goods or services by street vendors is limited to the DTC and CF zoned districts. Provided, however, that no such sales may occur in the area (i) between Union Street and Korean Veterans Boulevard, spanning from the Cumberland River to 8th Avenue, or (ii) Symphony Place between Third Avenue South and Fourth Avenue South, or (iii) the John Seigenthaler Pedestrian Street Bridge. Additionally, vending is not allowed to occur on the portion of the street designed for vehicular traffic, excluding those permitted for a special event. These "No Vending" areas may be created or enlarged by the commission upon reasonable public notice and specific notice to current permit holders. Notwithstanding the above and to the extent consistent with public safety, the traffic and parking commission has the authority to establish a pilot vending program within any area previously described in section B.6.b., above as "No Vending" or otherwise.

c. Nothing herein shall exempt any vendor from the provisions of Section 12.52.130 regarding sales to persons in vehicles from a street or sidewalk.

d. Each street vendor must prominently display the permit, in addition to any business tax license the vendor may be required to possess, and if applicable, the health permit must also be prominently displayed. I.D. badges issued by the county clerk or NDOT are to be in the possession of vendors and their employees at all times and are not transferable. Vending operations in violation

of this provision shall be removed upon order of the metropolitan police department or NDOT until the deficiency is corrected.

e. Vending at, abutting or in front of the Nashville Convention Center, the Municipal Auditorium, the Nashville Arena or any other facility identified in Chapter 6.32 of the Metropolitan Code shall be in compliance with the more particular regulations set forth in Chapter 6.32.

f. Street vendors operating on the public right-of-way agree to indemnify and hold harmless the metropolitan government from any cause of action arising from the vendor's operation.

g. No vendor or owner of any wheeled and mobile vehicles, temporary stands, signs or displays or racks shall be entitled to compensation by virtue of being required to move to protect the public safety, allow access to utilities, or allow the free flow of pedestrian traffic, regardless of the length of time incurred thereby.

h. Permits are nontransferable.

i. The traffic and parking commission shall have the authority to publish and enforce such other regulations related to vending, street performers and other temporary sidewalk encroachments as shall be necessary to effectuate this section and to ensure the free flow of pedestrian and vehicular traffic and to ensure the safety of the public, including designating appropriate clearances around other features of the public right-of-way, such as intersections, disabled parking spaces, fire hydrants, parking meters, loading zones, bus stops, building entrances and the like. In so doing, the commission may adopt a map or maps showing locations where vending is prohibited and/or where it is permitted.

j. Vending permits issued under this section shall be suspended during any special event as defined in subsection (B)(2)(h) of this section for which the metropolitan government has given its official written permission to close or otherwise alter the normal, everyday use of any public roadway, street or sidewalk, and vending shall be prohibited during the limited period of time specified for the special event and within the area covered by the special event permit except by those vending with the express written permission of the event permit holder.

k. A vendor shall promptly comply with an order of an officer of the metropolitan police department, the Nashville Fire Department, or employee of NDOT to temporarily move to another location when necessary to accommodate unusually heavy pedestrian or vehicular traffic, any obstructions in the public space, an accident, fire or other emergency situations, a parade, demonstration or other such event or occurrence at or near such location.

C. Probation, Suspension, Revocation or Denial of Permits.

1. Any permit issued under this section may be placed on probation, suspended, or revoked by the commission, or its staff, for any of the following reasons:

a. Fraud or misrepresentation in the application for the permit; or,

b. Fraud or misrepresentation while conducting the business of vending; or,

c. Conducting business contrary to the conditions of the permit and/or these regulations; or,

d. Conducting business in such a manner as to create a public nuisance or to constitute a danger to the public health, safety, or welfare; or,

e. Cancellation of health department authorization for food or beverage vendors, as applicable.

2. The commission, or its staff, shall consider the following factors in determining whether a permit should be placed on probation, suspended, or revoked:

a. The number of citations for violation of this section previously received by the vendor; and

b. The number of previous probations, suspensions, and/or revocations imposed upon the vendor; and

c. The number of occasions for which the vendor's permit was subject to probation, suspension, or revocation but no action was taken; and

d. The seriousness of the violation or misrepresentation and the danger to the health and/or safety of the public presented by the vendor's misrepresentation, noncompliance and/or misconduct; and

e. Whether or not the condition subjecting the vendor to probation, suspension or revocation is of a nature that has been or can be corrected.

3. Written Notice of Probation, Suspension, Revocation or Denial:

a. Upon probation, suspension, revocation, or denial of the issuance of a permit, the commission, or its staff, shall deliver written notice to the permit holder or applicant stating the action taken and the reasons supporting such action, and the right to reconsideration of that decision as set forth below.

b. The written notice shall be delivered to the permit holder's or applicant's place of business, as described on the application, or last known address. Placement of such notice in the U.S. mail shall constitute delivery.

c. A permit which has been placed on probation shall remain on probation until such time as the condition causing the probation has been corrected to the satisfaction of the commission, or for a period of time determined by the commission.

d. A permit which has been suspended shall remain suspended until such time as the condition causing the suspension has been corrected to the satisfaction of the commission.

e. A permit which has been revoked shall remain revoked for one year following the date of revocation. No vendor whose permit has been suspended or revoked may apply for a new permit during the period of suspension or revocation.

4. Any permit holder or applicant whose permit is placed on probation, suspended, or revoked, or whose application for a permit is denied may within fifteen days of the date of that action notify the commission that the permit holder or applicant desires reconsideration of that decision. A hearing of the request shall be scheduled for the next regular meeting of the commission. The probation, suspension, or revocation shall remain in effect pending the hearing. At the hearing, the permit holder or applicant will be afforded an opportunity to be heard and to present facts and witnesses on his or her own behalf. The permit holder or applicant shall not be entitled to an adversarial hearing or to examine any witness except those the permit holder may present on his or her own behalf.

D. Renewals. Permits may be renewed, provided an application for renewal of the permit and the required fee are received by the county clerk or NDOT no later than the date of expiration of the existing permit and provided that the vendor has no more than three violations of this regulation within any twelve-month period. A vendor whose permit has been revoked may submit an application upon the expiration of the revocation. Applications received after that date shall be processed as new applications. The commission or its staff shall review each renewal application to ensure that the vendor is in full compliance with the provisions of this regulation. If the commission determines that the vendor has complied with the above requirements, the commission will renew the permit for one year.

E. Penalties.

1. Any person who offers merchandise for sale in violation of this regulation or who violates any other provision of this regulation shall be penalized as is provided for in Section 1.01.030 of this Code, or, to the extent permitted by law, a fine of up to $50.00. These penalties may be assessed by the commission and will be deposited into the general fund of the metropolitan government. Commission and/or Nashville Department of Transportation staff are authorized to issue citations for these violations, and charged with doing so, as well as peace officers.

2. The permit of any person who offers merchandise for sale in violation of the regulation or who violates any other provision of this regulation may be placed on probation or suspended. The permit of any person who seriously endangers the health and/or safety of the public by misrepresentation or violation of this regulation, or who is convicted of three or more violations of this regulation during any twelve-month period, shall be revoked. (Ord. BL2024-514 §§ 1—3, 2024; Amdt. 1 to Ord. BL2023-70 § 1, 2023; Ord. BL2023-70 § 1, 2023; Ord. BL2023-1647 § 2, 2023; Ord. BL2018-1295 § 1, 2018; Amdt. 1 to Ord. BL2012-334 §§ 1, 2, 2013; Ord. BL2012-334 § 1, 2013; Ord. BL2009-587 § 3, 2010; Ord. BL2003-38 § 1, 2004; Ord. 99-1575 § 1, 1999; Amdts. 1 and 2 with Ord. 98-1191, § 1 1998)

13.08.050 Obstructing visibility at intersections, driveways, or rights-of-way.

No person shall place or cause to be placed or maintained, either temporarily or permanently, any sign, card, poster, pennant, banner, bush, tree, hedge, or other obstruction:

A. On private property within twenty-five feet of any street intersection so as to interfere with traffic visibility at the intersection.

B. On private property in such a manner as to interfere with traffic visibility of any driver using an authorized driveway or alley.

C. Within the right-of-way of any street within the area of the metropolitan government. This restriction shall not apply to any bush, tree, hedge, or other landscaping amenity placed or maintained by any department of the metropolitan government or by any organization permitted under Section 13.08.030 hereof. (Ord. BL2024-292 § 1, 2024; prior code § 38-1-4)

13.08.060 Street cleaning—Restricted hours of operation—Exceptions.

A. No person shall operate any mechanical device to clean or sweep streets or other paved areas within three hundred feet of any building or structure used for residential purposes between the hours of eleven p.m. and seven a.m.

B. Provided however, the prohibition of such activity shall not be applicable:

1. To the DTC and CF zone districts of metropolitan government; and

2. When specifically permitted by the director of the department of public works. (Ord. BL2009-587 § 3, 2010; prior code § 38-1-4.2)

13.08.070 Transport of hazardous materials on public streets prohibited—Penalty.

A. For the purpose of this section, the following terms shall be defined as follows:

"Hazardous materials" means any radioactive material in a solid or liquid state which, if exposed, would endanger the health or safety of humans or animals. Radioactive material used for medical purposes shall not be included in this definition. Further, radioactive materials used in industrial instrumentations in quantities as defined as Type A in Title 49 CFR, Paragraph 173.389, are not included in the definition of hazardous materials. Further, radioactive materials used for educational or scientific research in an amount not to exceed one hundred curies shall not be included in this definition.

"Public street or roads" means any dedicated and accepted street, alley or thoroughfare, both improved and unimproved, exclusive of state and federal highways.

"Vehicle" means any truck, automobile, motorcycle or trailer used to transport hazardous materials.

B. It is unlawful for any vehicle transporting hazardous materials to drive upon any street, alley or thoroughfare within the area of metropolitan government.

C. Violation of this section shall be punishable by a fine of fifty dollars. (Prior code § 38-1-4.1)

13.08.080 Deployment of surveillance or electronic data gathering devices onto public rights-of-way requires metropolitan council approval.

A. For the purposes of this section, the following terms shall be defined as follows:

(1) "Public right-of-way" shall mean any street, avenue, boulevard, highway, sidewalk, alley or public outdoor space which is within the Metropolitan Government of Nashville and Davidson County besides highways that comprise the Dwight D. Eisenhower National System of Interstate and Defense Highways.

(2) "Surveillance technology" shall mean any electronic surveillance device, hardware, or software that is capable of collecting, capturing, recording, retaining, processing, intercepting, analyzing, monitoring, or sharing audio, visual, digital, location, thermal, biometric, or similar information or communications specifically associated with, or capable of being associated with, any specific individual or group; or any system, device, or vehicle that is equipped with an electronic surveillance device, hardware, or software.

(a) "Surveillance technology" includes, but is not limited to: (i) international mobile subscriber identity (IMSI) catchers and other cell site simulators; (ii) automatic license plate readers; (iii) closed-circuit television cameras; (iv) biometric surveillance technology, including facial, voice, iris, and gait-recognition software and databases; (v) mobile DNA capture technology; (vi) x-ray vans; (vii) video and audio monitoring and/or recording technology, such as surveillance cameras and wide-angle cameras; (viii) surveillance enabled or capable lightbulbs or light fixtures; (ix) tools, including software and hardware, used to gain unauthorized access to a computer, computer service, or computer network; (x) social media monitoring software; (xi) through-the-wall radar or similar imaging technology; (xii) passive scanners of radio networks; (xiii) long-range Bluetooth and other wireless-scanning devices; and (xiv) radio-frequency I.D. (RFID) scanners. The enumeration of surveillance technology examples in this subsection shall not be interpreted as an endorsement or approval of their use.

(b) "Surveillance technology" does not include the following devices or hardware, unless they have been equipped with, or are modified to become or include, a surveillance technology as defined in Section 13.08.080(A)(2)(a): (i) routine office hardware, such as televisions, computers and printers, that is in widespread public use and will not be used for any surveillance or law enforcement functions; (ii) Parking Ticket Devices (PTDs); (iii) manually operated non-wearable handheld digital cameras, audio recorders, and video recorders that are not designed to be used surreptitiously and whose functionality is limited to manually capturing and manually downloading video and/or audio recordings; (iv) surveillance devices that cannot record or transmit audio or video or be remotely accessed, such as image stabilizing binoculars or night vision goggles; (v) manually operated technological devices used primarily for internal communications among metropolitan government entities and are not designed to surreptitiously collect surveillance data, such as radios and email systems; (vi) wayfinding technological devices which enable the user to determine global positioning, location within a built environment, or orientation; and (vii) metropolitan government wireless local area networking and metropolitan government databases that do not contain any data or other information collected, captured, recorded, retained, processed, intercepted, or analyzed by surveillance technology.

(c) "Surveillance technology" does not include technology or equipment that collects data in anonymized form or that immediately deletes or destroys non-anonymized collected data.

(3) "Install" or "Installing" shall mean attaching to an existing building, pole, overpass, roadway, sidewalk, natural area, or other structure in a manner that facilitates

the permanent or semi-permanent presence of the applicable device. "Install" or "Installing" shall not mean operating a mobile or portable device intended to be present for a time of limited and discernable length.

(4) "Personally identifiable information" or "PII" shall mean any representation of information that permits the identity of an individual to whom the information applies to be reasonably inferred by either direct or indirect means. Further, PII is defined as information: (i) that directly identifies an individual (e.g., name, address, social security number or other identifying number or code, telephone number, email address, etc.) or (ii) by which any governmental department or agency intends to identify specific individuals in conjunction with other data elements, i.e., indirect identification. (These data elements may include a combination of gender, race, birth date, and other descriptors). Additionally, information permitting the physical or online contacting of a specific individual is the same as personally identifiable information. This definition includes information that is maintained in either paper, electronic or other media.

(5) "Allowed PII" shall mean the image of a license plate, the time and location stamp of an image of a license plate, and the make, model, and color of the vehicle associated with an image of a license plate.

(6) "Common area" means any shared space within a building, property, development, or other outdoor space that is accessible or is reasonably intended to be accessible to the general public or a defined group of individuals, whether on a permanent or occasional basis.

(7) "Community safety camera network" shall mean the collection of cameras providing access to live or recorded views that have been integrated within the Metro Nashville Police Department's video management system.

(8) "Community safety center" ("CSC") shall mean the physical location, located within a Metro Nashville Police Department-operated building or remote command center, where community safety camera network cameras are accessed.

(9) "Donor camera" shall mean any camera owned and maintained by a private entity where the private entity voluntarily elects to participate in the community safety camera network by providing access to common area-facing camera feeds.

(10) "Public safety camera" means a camera owned, installed, and maintained by a governmental entity, including the metropolitan government and any department or agency thereof, which is accessible by the Metropolitan Nashville Police Department ("MNPD").

(11) "Public health and safety emergency" means any event or situation that poses a significant threat to the safety and well-being of the general public that would typically require a response by Metro emergency services.

(12) "Residential use" means any parcel that includes a single-family, two-family, or multi-family residence.

B. "License plate scanner" shall mean one or more fixed high-speed cameras combined with computer algorithms to convert images of license plates into computer-readable data.

C. Beginning July 1, 2017, approval by the metropolitan council, by a resolution adopted after a public hearing, shall be required prior to any of the following actions by the Metropolitan Government of Nashville or Davidson County, the departments, boards or commissions thereof, or any individual or entity acting upon its behalf:

(1) Installing surveillance technology onto or within the public right-of-way, unless:

(a) the same type of surveillance technology is already in use by the entity; and

(b) the number of new devices does not represent more than a fifty percent increase in the total number of devices of the same type already in use by the department, board, or commission seeking installation, as compared to the number of devices in use at the time of this ordinance's implementation or at the time of the last such approval by the metropolitan council, whichever is more recent.

(2) Entering into an agreement with a private entity to acquire, share or otherwise use surveillance technology or the information it provides if such agreement includes exchange of any monetary or any other form of consideration from any source, including the assessment of any additional fees, interest, or surcharges on unpaid fines or debts absent approval by the metropolitan council;

(3) Accepting state or federal funds or in-kind or other donations for surveillance technology;

(4) Acquiring new surveillance technology, including but not limited to procuring such technology without the exchange of monies or consideration;

(5) Entering into an intergovernmental agreement regarding the installation of surveillance technology or use of the information it provides within the Dwight D. Eisenhower National System of Interstate and Defense Highways; or

(6) Acquiring or entering into an agreement to acquire surveillance footage or data captured by technology owned by a person or business without the direct consent of that person or business absent a judicial warrant or order to the contrary.

D. The approval by the metropolitan council for any action set forth in subsection 13.08.080(C) above shall be granted only upon the determination that the benefits to the citizens and residents of Nashville and Davidson County outweigh the costs; that the proposal will safeguard civil liberties and civil rights; and that, in the judgment of the metropolitan council, no alternative with a lesser economic cost or impact upon civil rights or civil liberties would be as effective.

E. This section shall not apply to acquisition or use of surveillance technology by or on behalf of law enforcement that is used on a temporary basis for the purpose of a criminal investigation supported by reasonable suspicion, or pursuant to a lawfully issued search warrant, or under exigent circumstances as defined in case law.

F. This section shall not apply to surveillance technology installed for the purpose of securing a building or facility from unlawful entry or unauthorized access.

G. Except as provided in subsection I. of this section, any department of the metropolitan government, either directly or through contractors acting at the department's direction, wishing to acquire or enter into an agreement to acquire license plate scanner (LPR) technology and/or install or operate them onto or within the public rights-of-way, shall comply with the following requirements and restrictions:

1. A usage and privacy policy shall be implemented in order to ensure that the collection, use, maintenance, sharing, and dissemination of LPR information is consistent with respect for individuals' privacy and civil liberties. The usage and privacy policy shall be posted on the department's website, and shall include the following:

(a) i. The authorized purposes for using the LPR system and collecting LPR information, which shall be limited to the following:

(1) investigating and prosecuting felony offenses and criminal offenses associated with violent crimes including gun violence, homicide, and assault; and reckless driving including illegal drag racing activity at speeds in excess of seventy miles per hour;

(2) identification and recovery of stolen vehicles and stolen license plates;

(3) detecting civil traffic or parking offenses;

(4) operating a smart parking or curb management program; and

(5) assisting in missing persons cases including Amber and Silver Alerts.

ii. The use of an LPR system and collection of LPR information is not authorized and shall not be used for any purpose other than those listed in this section. This prohibition includes, but is not limited to the use of LPR for the following:

(1) the general surveillance of any individual;

(2) the identification of a vehicle for the purposes of repossession of the vehicle;

(3) the determination of whether a vehicle's license plate is expired;

(4) the determination of whether a motorist has a valid driver's license; or

(5) the determination of whether a motorist is insured.

(6) to assist any federal official in the identification, apprehension, detention, or removal of any person in connection with the immigration laws of the United States, except to the extent the use of the LPR system or LPR information is sought to verify or report the immigration status of any person.

(7) the enforcement of any law prohibiting, limiting, or criminalizing reproductive healthcare, including an abortion, or prohibiting, limiting, or criminalizing interstate travel for the purpose of obtaining reproductive healthcare, including an abortion.

iii. An LPR system authorized under this section shall not be capable of facial recognition.

iv. Law Enforcement Agencies, the Parking Enforcement Patrol, NDOT, and their contractors must have reasonable suspicion that a felony offense, or a traffic or parking offenses, has occurred before examining collected license plate reader data that was collected more than one hour prior to the examination. Further, Law Enforcement Officers shall not examine license plate reader data that was collected more than one hour prior to the examination in order to generate reasonable suspicion.

v. Whenever a license plate reader alerts on a plate, law enforcement, before taking any action, must confirm visually that a plate matches the number and state identified in the alert, that the alert is still active by calling dispatch, whether the alert pertains to the registrant of the car and not the car itself, and that the license plate is on the list for one of the authorized purposes listed in this section. Once confirmed, a query shall be initiated in the National Crime Information Center (NCIC) database by authorized individuals.

(b) A description of the employees or contractors who are authorized to use or access the LPR system or to collect LPR information.

(c) A description of the steps taken to restrict the information obtained through the LPR system to that which is strictly necessary to implement the purposes in

subsection G.1(a) of this section and limited to the contents of only the license plate and, to the extent possible, excluding identifying information of the driver and passengers.

(d) A description of how the LPR system will be monitored to ensure the security of the information obtained.

(e) The purposes of, process for, and restrictions on the sharing of LPR information to other persons, which must be in accordance with the purposes identified in subsection G.1(a) of this section.

(f) A description of the measures used to ensure the accuracy of LPR information and to correct data errors.

(g) The length of time LPR information will be retained, limited to the terms outlined in subsection G.4 of this section.

2. The installation and maintenance of LPR hardware and software, as well as LPR data access, retention, and security, shall be managed by an LPR custodian ("custodian") designated by the department using the LPR system, who will assign personnel under their command to administer the day to day operation of the LPR system as defined below. The custodian's name shall be provided on the department's website. The custodian shall be the administrator of the LPR system and shall be responsible for developing guidelines and procedures regarding the department's use of its LPR system, including, but not limited to:

(a) Establishing and maintaining reasonable security procedures and practices, including operational, administrative, technical, and physical safeguards, to protect LPR information from unauthorized access, destruction, use, modification, or disclosure;

(b) Maintaining a list of the name and job title of all users who are authorized to use or access the department's LPR system;

(c) Developing training requirements for and ensuring training of authorized users on the operations of, and usage and privacy policy for the department's LPR system;

(d) Developing procedures and a regular timetable for conducting audits of LPR system usage, including audits of user searches;

(e) Developing procedures for, and ensuring the proper retention and destruction of, the agency's LPR data;

(f) Ensuring that this policy and its related procedures are posted conspicuously on the department's public website; and

(g) Managing the relationship with the LPR provider, which shall include ensuring that:

i. The provider meets all contractual obligations;

ii. The system is maintained as per Service Level Agreements;

iii. Log retention is adequate; and

iv. Data ownership is clearly understood.

3. Access and use of the department's LPR system is strictly restricted to the authorized users, as outlined below:

(a) Authorized users must receive appropriate supervisory approval, as determined by the custodian, prior to receiving LPR system access.

(b) Access shall only be approved for designated personnel whose roles require them to use the LPR system, and LPR system access shall be further limited to those tasks within the employee's job responsibilities. Access shall be limited to no more than ten authorized users per department.

(c) Personnel authorized to use the department's LPR system as defined in subsection G.3.(b) of this section shall be specifically trained in the system and the usage and privacy policy prior to receiving account access. This training shall include, but not be limited to:

i. Applicable local, state, and federal laws;

ii. Applicable policies, including the usage and privacy policy;

iii. Functionality of the equipment;

iv. Authorized and prohibited uses;

v. Accessing data;

vi. Safeguarding password information and data;

vii. Data sharing policies and procedures; and

viii. Reporting breaches, errors, and other issues.

(d) Authorized user accounts which are inactive for a period of nine months will be disabled automatically. Authorized users with disabled accounts must be retrained in the LPR system, usage, and privacy policies prior to having their accounts reinstated.

(e) Users found to have used the LPR system without authorization, with improper credentials, or in a manner not authorized by these policies shall have their access immediately revoked and may face disciplinary action in accordance with applicable civil service policies, up to and including termination.

(f) To the extent consistent with state or federal law, to ensure compliance with the provisions of this section or to investigate complaints of misuse of an LPR or LPRs, the district attorney general, or a designee, or the public defender, or a designee, or the executive director of the community oversight board, or a designee, may examine and audit any LPR, any file used to store LPR data, and any records pertaining to the use of LPRs. If the district attorney general, the public defender, or the executive director of the community oversight board believes that an LPR or LPRs have been used in violation of this section, any of them may send a letter to

the metro council requesting suspension of the use of an LPR or LPRs for the purposes of investigation, to prevent ongoing violations, or to deter future violations. The metro council may grant such a request by resolution. Nothing in this section shall be construed as limiting the authority of the district attorney general to prosecute any crime involving LPR. This includes, but is not limited to, tampering with evidence, which is a class C felony punishable under Tennessee law with a term of imprisonment of three to fifteen years and a fine not to exceed ten thousand dollars.

4. (a) LPR data, including but not limited to license plate number, vehicle description, location and date/time stamp shall not be retained for more than ten days, unless it is evidence in a criminal offense or civil traffic or parking offense, subject to a properly issued warrant, subpoena, public records request or court order, or where the department has been instructed to preserve such data by the metropolitan department of law in relation to pending litigation or anticipated litigation.

(b) Any data unrelated to an ongoing investigation, or pending or anticipated litigation shall be automatically deleted after ten days.

(c) Users who wish to preserve LPR data for longer than ten days shall make a written request to their supervisor including the investigation number and purpose for preservation and, upon approval, such LPR data will be preserved along with a note in the record stating the reason for preservation and related investigation number.

(d) LPR data retained by the metropolitan government shall not include any personally identifiable information, except for Allowed PII.

(e) To the extent permitted by state law, the metropolitan government shall not sell LPR data for any purpose and shall not share any LPR data, except as provided in subsection G.6.

5. The LPR custodian shall perform an audit of the LPR system and its access history on a regular basis, not less than one time per year. The department shall maintain an audit trail of access to the system for a period of not less than three years, which will include the following:

(a) The date and time the information is accessed.

(b) The license plate number or other data elements used to query the LPR system, if such data elements are not deleted per subsection G.4 of this section. Data exempt from deletion under subsection G.4., such as data that will be used as evidence in a felony offense or traffic or parking offense, must be preserved for the audit trail pursuant to this subsection.

(c) The username of the person who accessed the information.

(d) The purpose for accessing the information.

(e) To the extent consistent with state or federal law, access to review the Metropolitan Nashville Police Department audit trail including any audit work papers shall be provided to the district attorney, public defender, and the executive director of the community oversight board, or their respective designees.

6. To the extent consistent with state or federal law, the department's stored LPR data may only be shared with other law enforcement agencies using the following procedures:

(a) The agency making the request for the LPR data shall submit in writing:

i. The name of the agency;

ii. The name and title of the person requesting the information;

iii. The intended purpose of obtaining the information; and

iv. An agreement to adhere to the applicable provisions of this usage and privacy policy.

(b) The request shall be reviewed and approved by the custodian before the requested access is granted.

(c) If the requested search generates results, the custodian or his or her designee must verify that the results are relevant to the request made prior to sharing the LPR data.

(d) The department shall not share any data with any agency that uses that data in a manner broader than allowed by this subsection G.6. Data may only be shared for the purposes outlined in subsection G.1(a).

(e) Records of all approved requests, including a record of which account was used to provide the search results, must be maintained for a period not less than three years.

7. To protect against racial and ethnic bias in the use of LPRs, any time a motor vehicle is stopped based on data analysis performed by an LPR:

(a) The law enforcement officer who effectuated the stop shall record and provide to their precinct for record keeping and reporting purposes:

i. The date, time, and precise location of the stop;

ii. Any investigative or enforcement actions that were taken subsequent to the stop, including without limitation: an arrest; a search of a vehicle, driver, or passenger; the issuance of a new ticket, fine, or fee; or the enforcement of an existing ticket, fine, or fee;

iii. The self identified race(s) and ethnicities of the driver of the stopped motor vehicle, if voluntarily provided by the driver following the law enforcement officer's request.

(b) The race and ethnicity identification categories provided to the driver for selection by the law enforcement officer shall be the same as those under present use by the United States Office of Management and Budget (OMB).

(c) No later than March 1 of each year, the Metropolitan Nashville Police Department (MNPD) shall report to the metropolitan council, and shall make publicly available upon the MNPD website, all of the data collected pursuant to this subsection Section G.7(a), by precinct, from the previous calendar year. The reported data shall include no other personally identifiable information.

(d) In addition to the reporting requirement in Subsection G.7(c), during the six month pilot program referenced in subsection G.14, the MNPD shall report to the metropolitan council the information required by this subsection G.7(d) every two months. If a resolution is approved to fully implement the MNPD's use of LPR technology, the MNPD shall report such information to the metropolitan council every three months. Each report submitted by the MNPD shall contain the following information, compiled since the end date of its most recent report:

i. The number of LPRs in use.

ii. The number of matches made by the LPR, including number of matches read correctly and any misread.

iii. The number of matches that identified vehicles and individuals sought by law enforcement and that resulted in stops of vehicles or individuals.

iv. The number of matches that resulted in searches of vehicles and individuals, releases, arrests, or other outcomes.

v. Other information requested by the metropolitan council by resolution.

8. Failure of an employee to comply with this subsection G shall be grounds for disciplinary action in accordance with applicable civil service policies, up to and including termination.

9. LPR data shall only be disclosed in accordance with state and federal law.

10. LPR data obtained from a privately owned or operated LPR system may be used for the purposes authorized in subsection G.1., provided the data is voluntarily provided by the owners or operators of said LPR systems. The custodian shall develop policies and procedures for requesting, protecting, and retaining this data that are consistent with the intent of subsections G.2., G.3., and G.4.

11. Any device or service necessary to effectuate the provisions of this subsection G shall be procured pursuant to the provisions of Title 4 of the Metropolitan Code of Laws, the Procurement Code. During the six month pilot program referenced in subsection G.14, the metropolitan government shall not accept a donation of any LPR, LPR device, or LPR service or any donation of funds for the purchase of any LPR, LPR device, or LPR service from any private source. This shall not limit the metropolitan government's ability to accept a grant from a governmental entity. After the conclusion of the pilot program period, and upon the full implementation of the use of LPR, a donation of any LPR, LPR device, or LPR service or any donation of funds for the purchase of any LPR, LPR device, or LPR service shall be subject to the approval of the metropolitan council by resolution, regardless of the value of the donation.

12. An LPR technology deployment policy shall be developed and implemented by the MNPD to help prevent misuse of LPR technology to track and unfairly target vulnerable communities. Placement of fixed LPR technology in the public right-of-way shall be limited to major and collector streets as defined in the Nashville Next Major and Collector Street Plan, and the location of LPR devices shall be distributed equitably across the north, south, east, and west quadrants of the county. Signage shall be placed by any fixed LPR technology to give notice to the public of the use of such technology at a given location. The signage shall be clearly visible and legible to the motoring public and shall state "License Plate Reader Technology In Use". Fixed LPR technology and related notice signage shall be removed from the public right-of-way at the conclusion of a six-month pilot program referenced in subsection G.14. Subject to the requirements in subsection C and subsection G, fixed LPR technology may be installed in the public right-of-way. Within fifteen days following the termination of a vendor contract or agreement to lease, license, maintain, monitor, or otherwise contract for the right to use, service, or locate LPR technology in the right-of-way, the department shall cause all fixed LPR technology subject to such contracts to be removed, along with related notice signage, from the public right-of-way.

13. A data verification policy shall be developed and implemented by MNPD to help prevent erroneous and potentially dangerous stops based upon incorrect or outdated information. The policy shall require independent verification of the information yielded from a hot list and real time updating of hot list data, as well as a comparison of the accuracy of the hot list data with the accuracy of the LPR images. Hot lists shall be transferred daily and be capable of updating by an operator/officer in the field. The LPR system, both for fixed and mobile LPR units, shall function in such a manner so as to notify an officer when a license plate on the hot list is observed in real time. Historical LPR data shall be

searched to determine the date and time a license plate number contained on a hot list passed a certain camera. For purposes of this subsection G., "hot list" means the list of license plate numbers law enforcement agencies have identified as being relevant for the investigation and/or prosecution of a criminal offense. Notwithstanding anything to the contrary in this Section, the metropolitan government shall not in any way use, upload, or refer to a hot list that is related to federal immigration enforcement including without limitation any hot list provided or generated by the U.S. Immigration and Customs Enforcement or any hot list that includes data provided or generated by the U.S. Immigration and Customs Enforcement.

14. Prior to the full implementation of a department's LPR system, there shall be a six month pilot program beginning the first day that the LPR system is operational and in use by the department to determine whether the continued use of LPR technology is appropriate. At least two weeks prior to the conclusion of the pilot program period, the department shall submit a report to the council on the efficacy of the program, compliance with the provisions of this section, and any policies implemented in order to carry out the use of the LPR system. This report shall be posted on the department's website. At the end of the six month pilot program, the use of LPR technology by a department shall cease unless the metropolitan council approves the full implementation of the department's use of LPR technology upon adoption of a resolution.

H. Notwithstanding the foregoing, the provisions of this section shall not apply to the Nashville Electric Service, the Metropolitan Nashville Airport Authority, the Metropolitan Development and Housing Agency, and the Metropolitan Transit Authority. Notwithstanding the foregoing, the provisions of this section shall also not apply to the operation of a license plate scanner installed onto or within the public right-of-way that meets each of the following conditions:

a. The license plate scanner is used solely and exclusively for determining whether a vehicle is violating parking restrictions; and

b. A specific vehicle's license plate number shall be deleted within thirty minutes of its exit from a monitored parking space, unless that vehicle is suspected of violating parking restrictions for which enforcement action would be appropriate.

I. In addition to the provisions of subsection G. of this section, license plate scanner technology shall be allowed if all of the follow requirements are met:

a. The license plate scanner is used solely and exclusively in conjunction with a vehicle emissions sensor as part of an emissions inspection program authorized under local, state or federal law;

b. The data from the license plate scanner and vehicle emissions sensor is used solely and exclusively for purposes of determining compliance with vehicle emissions standards;

c. A determination by the vehicle emissions sensor that a vehicle identified by the license plate scanner is not in compliance with applicable emissions standards shall not lead to any penalty or punitive action against the registered vehicle owner;

d. No fewer than two such license plate scanners shall be in operation within Davidson County at any given time; and

e. Data that can be used to pair a specific vehicle's license plate number, VIN, or other unique identifier with a specific geographic location shall not be recorded.

J. The Metropolitan Department of Information Technology Services and/or the Nashville Department of Transportation and Multimodal Infrastructure may use technology/equipment for the sole and exclusive purpose of monitoring and managing traffic for non-law enforcement purposes. Such technology shall:

1. not save or store data that can be associated with any specific individual or group;

2. not include video that can be paused, rewound, or otherwise viewed in any manner other than real-time;

3. not be monitored by, used by, or acquired by law enforcement personnel for law enforcement purposes, including but not limited to the purposes listed in subsection (E), except for real-time emergency response to support public safety; and

4. be reviewed by the Metropolitan Department of Information Technology Services for data and network security concerns prior to implementation.

K. MNPD may enter into an agreement to participate in a community safety camera network that includes donor cameras, subject to all applicable ordinances. Such participation shall comply with the following additional requirements and restrictions:

1. Community Safety Camera Network Locations and Access

a. Public safety cameras shall not be installed in a location where there is a reasonable expectation of privacy. A map showing the locations of public safety cameras owned and operated by MNPD shall be posted on the MNPD website.

b. MNPD shall not have access to a donor camera which:

i. Views an area where there is a reasonable expectation of privacy;

ii. Focuses on an area not owned by the operator of the donor camera;

iii. Views an area other than a common area;

iv. Is installed upon the property of a residential use and views an area which includes the front door of a residence or the entryway thereto;

v. Is installed upon the property of a multifamily residential use and focuses on an area other than a parking lot, parking garage or other outdoor common area.

c. MNPD shall access a donor camera only:

i. In a manner accordant with the parameters set by the private entity who owns the donor camera; and

ii. Only for the purpose of responding to a public health and safety emergency or conducting an audit of the community safety camera network or a component thereof.

d. Cameras shall only be accessed from within the CSC.

e. MNPD shall not have access to live video from a donor camera if located upon the property of a solely residential use.

2. System Restrictions

a. MNPD shall not record the feed of any camera not owned and operated by MNPD. All non-evidentiary video footage shall be the property of the camera's owner.

b. The community safety camera network shall not be used to identify individuals, or the characteristics thereof, through the use of facial recognition technology. The community safety camera network shall not be used to identify individuals, or the characteristics thereof, through the use of artificial intelligence or machine learning-based solutions, excluding the use of such technologies to make an image more interpretable. The community safety camera network shall not utilize artificial intelligence, machine learning-based solutions, or any other artificial mechanism to capture conversations through automated lip reading.

c. The community safety camera network shall not be used to target, harass, and/or intimidate individuals or groups based solely on actual or perceived characteristics, included but not limited to race, color, religion, sex, age, national origin or ancestry, gender identity, sexual orientation, or disability.

d. In accordance with MNPD policy provisions regarding the duty to intervene, MNPD employees are required to intervene and stop any MNPD employee from committing an unlawful or improper act as it relates to this subsection K and report such violations.

e. In accordance with MNPD policy provisions regarding the duty to intervene, where video collected from the community safety camera network captures any MNPD employee utilizing excessive or unlawful force, such video shall be immediately preserved and provided to the MNPD office of professional accountability and the district attorney general.

f. MNPD shall not share video from donor cameras with any individual, group, or entity for a purpose not outlined in subsection K.1(c).

3. Policies Required

a. MNPD shall develop and publish on its website a policy addressing authorized access to and use of the community safety camera network which includes:

i. Criteria for designating personnel who may access the community safety camera network.

ii. Training standards for such personnel. Those standards shall, at a minimum, include applicable laws, policies, procedures, authorized and prohibited uses, and duty to intervene.

iii. Procedures for disciplinary action for failure to adhere to the policy.

b. MNPD shall develop and publish on its website a policy for retention of videos obtained through the community safety camera network which includes:

i. Acknowledgment that MNPD shall not set retention policies for donor camera video saved on systems belonging to private entities.

ii. Reiteration of existing MNPD policies for retention of video from cameras owned and operated by MNPD.

iii. Acknowledgment that video that has evidentiary value shall be collected in accordance with established MNPD procedures and legal requirements.

c. MNPD shall post a log of all changes to these policies which includes a clear indication of what language was added, removed, or replaced as well as the date of the change.

4. System Audits and Reporting

a. Each officer responsible for accessing donor cameras shall be required to document in writing:

i. The date, time, and circumstance of each instance of accessing a donor camera; and

ii. A narrative detailing the purpose for accessing the donor camera.

b. The commander of the CSC shall perform an audit of the community safety camera network on a regular basis, not less than one time per quarter. The department shall maintain an audit trail of access to donor cameras for a period of not less than three years, which will include the following:

i. The date and time that a donor camera is accessed.

ii. The username of the person who accessed the donor camera.

iii. The purpose for accessing the donor camera.

iv. The outcome of the incident which caused the accessing of a donor camera.

c. No later than September 1 of each year, MNPD shall report to the metropolitan council, and shall publish on the MNPD website, the following data from the previous fiscal year:

i. The number of donor cameras registered as part of the camera safety network.

ii. The number of incidents in which one or more donor cameras were accessed.

iii. Outcomes of incidents which caused the accessing of donor cameras.

d. Any violation of this ordinance or material violations of the community safety camera network access or use policies shall be reported to the mayor and metropolitan council within seven days of discovery.

e. The metropolitan government may, upon the authorization of the mayor or the metropolitan council, hire an independent firm to conduct an audit of the records created and kept under this section.

5. Contract Requirements

a. Any contract to effectuate the provisions of this subsection K shall be procured pursuant to the provisions of Title 4 of the Metropolitan Code of Laws, the Procurement Code.

b. Any such contract shall include a termination clause which immediately terminates the contract upon written notice after a finding by MNPD or metropolitan department of law, or a vote of the metropolitan council, that one or more of the following occurred:

i. A change in applicable law, including but not limited to federal or state statute, regulation, ordinance, executive order, or directive, that would permit the use of the community safety camera network in a manner not specifically authorized in the agreement approved by the metropolitan council and applicable ordinances and policies.

ii. The use of the community safety camera network in a manner that the culpable individual knew or should have known was not specifically authorized by the metropolitan council under the contract and applicable ordinances and policies in place on the date of execution.

6. A public hearing shall be required to be held at a metropolitan council meeting prior to passage of an ordinance amending this subsection K. (Amdts. A—D to Ord. BL2025-690 § 2, 2025; Ord. BL2025-690 §§ 1, 2, 2025; Ord. BL2023-71 § 1, 2023; Ord. BL2022-1470 § 1, 2022; Ord. BL2022-1385 § 1, 2022; Amdt. 1 to Ord. BL2022-1115 § 1, 2022; Ord. BL2022-1115 §§ 1, 2, 2022; Ord. BL2022-1116 §§ 1, 2, 2022; Ord. BL2022-1114 §§ 1, 2, 2022; Amdt. C to Ord. BL2021-961 § 1, 2022; Amdt. B to Ord. BL2021-961 § 1, 2022; Amdt. A to Ord. BL2021-961 § 1, 2022; Ord. BL2021-961 §§ 1, 2, 2022; Ord. BL2021-679 §§ 1, 2, 2021; Ord. BL2021-646 § 17, 2021; Ord. BL2020-457 § 1, 2020; Amdt. 2 to Ord. BL2017-646 § 1, 2017; Amdt. 1 to Ord. BL2017-646 § 1, 2017; Ord. BL2017-646 § 1, 2017)

13.08.090 Gravel runoff.

No gravel placed on private property, including as surfacing material for a driveway, shall be allowed to wash or encroach into the public rights-of-way. (Ord. BL2020-188 § 2, 2020)

13.08.100 Truck vending permit program established.

A. Notwithstanding all other provisions within the Metropolitan Code to the contrary, the Metropolitan Department of Transportation and Multimodal Infrastructure ("NDOT") is hereby authorized to administer and enforce a truck vending permit program to allow vendors to operate, park, and sell food, beverages, and other merchandise, from trucks or other motor vehicles, within the metropolitan government's public rights-of-way ("truck vending permit program").

B. Notwithstanding all other provisions within the Metropolitan Code to the contrary, the traffic and parking commission is hereby authorized to establish rules and regulations to govern the truck vending permit program.

C. Any party vending from a motor vehicle within the metropolitan government's public rights-of-way, who does not have in place a current truck vending permit from NDOT, shall be deemed to have committed a violation of the Metropolitan Code and shall be subject to all applicable penalties provided for violations of the Metropolitan Code.

D. This subsection shall not apply to truck vendors who operate outside of the public right-of-way. (Ord. BL2024-391 § 1, 2024)

Chapter 13.10

ACCEPTANCE OF PRIVATE ROADS

Sections:

13.10.010	**Criteria for accepting private roads.**
13.10.020	**Appropriation of public funds prior to road acceptance.**
13.10.030	**Findings by the metropolitan council prior to road acceptance.**

13.10.010 Criteria for accepting private roads.

From the effective date of the ordinance codified in this chapter, privately owned roads may be accepted by ordinance only if the director of the department of public works certifies that such roads satisfy the following criteria:

A. An adequate right-of-way, minimum width of fifteen meters (fifty feet), is properly dedicated and recorded by plat to the metropolitan government, free of all encumbrances;

B. A level roadway pavement course, constructed of at least one hundred fifty mm (six inches) of compacted, stone base and seven meters (twenty-two feet) in width, must be in place and in good condition;

C. Adequate drainage facilities in place to maintain safe vehicular travel conditions;

D. As-built plans certified as to location by a registered land surveyor and as to design and construction by a professional engineer must be submitted and approved by the department of public works prior to acceptance of the road;

E. The road must be a minimum of one hundred eighty-two meters (six hundred feet) in length;

F. The road must serve a minimum of six, and a maximum of twenty residences; and all such residences must be single-family homes or duplexes;

G. The road must meet design standards for "local rural roads" specified in the edition of the "Policy on Geometric Design of Highways and Streets" of the American Association of State Highway and Transportation Officials current as of the date of acceptance of the road by the metropolitan government;

H. The road must have one, and only one, terminus on an existing public road as of the date of acceptance;

I. The road must be in existence and its location must be on file in the office of the director of public works as of the effective date of the ordinance codified in this chapter;

J. Development of property adjacent to roads accepted pursuant to this section beyond the limits specified in subsection F of this section without the approval of the director of the department of public works is prohibited. Approval shall be contingent upon a finding by the director that such further development is consistent with the health, safety and welfare of the citizens of Davidson County and consistent with acceptable engineering standards of practice;

K. No public or private road may be connected to a road accepted pursuant to this chapter without the approval of the director of the department of public works. Approval shall be contingent upon a finding by the director that such connection is consistent with the health, safety and welfare of the citizens of Davidson County and consistent with acceptable engineering standards of practice. (Ord. 98-1120 § 1 (part), 1998)

13.10.020 Appropriation of public funds prior to road acceptance.

No private road may be accepted as a public road by the metropolitan government until funds adequate for its maintenance, and for placement of appropriate signage, shall have been appropriated. (Ord. 98-1120 § 1 (part), 1998)

13.10.030 Findings by the metropolitan council prior to road acceptance.

Satisfaction of the criteria herein established shall not create a right to have a private road accepted as a public road by the metropolitan government. Acceptance shall require an affirmative finding by the metropolitan council that (1) it is in the best interest of the metropolitan government to accept the road and (2) that the requirements of Section 13.10.010(A) through (K) of this chapter have been satisfied. The criteria set forth in Section 13.10.010 do not constitute a design standard for new roads and do not replace existing department of public works road standards. (Ord. 98-1120 § 1 (part), 1998)

Chapter 13.12

DRIVEWAYS

Sections:

13.12.010 Driveway defined.
13.12.020 Construction—Regulations.
13.12.030 Review of driveway application—Duty of chief engineer.
13.12.040 Duty of property owner.
13.12.050 Construction—Authorization required.
13.12.060 Authorization—Application.
13.12.070 Authorization—Expiration.
13.12.080 Applications—Appeals.
13.12.090 Construction costs—Owner responsibility.
13.12.100 Location.
13.12.110 Dimension and location requirements.
13.12.120 Sight distance requirements.
13.12.130 Connection with through lane—Curve radius.
13.12.140 Parking lot size—Requirements.
13.12.150 Lot requirements for off-street loading docks.
13.12.160 Deviations.
13.12.170 Abandoned driveways.
13.12.180 Nonconforming driveways—Notice to remove—Failure to comply.
13.12.190 Sight obstruction prohibited when—Notice to remove—Failure to comply.
13.12.200 Driveway aprons required.

13.12.010 Driveway defined.

The term "driveway," as used in this chapter, means any portion of the normal sidewalk area, including grass plot, curb, gutter and sidewalks, of the streets, roadways and alleys of the metropolitan government intended for use by vehicles as a means of ingress and egress between public right-of-way and abutting property. (Prior code § 27-1-190)

13.12.020 Construction—Regulations.

Construction of all driveways shall be as required by current regulation, specifications and drawings of the division of engineering, department of public works, and to the lines and grades furnished by the engineering division. Any work performed prior to furnishing of lines and grades or not meeting specifications and regulations shall be removed or reworked by and at the expense of the person responsible for the work. (Prior code § 27-1-204)

13.12.030 Review of driveway application—Duty of chief engineer.

It shall be the duty of the department of public works to give due consideration to the convenience, safety and requisite movement of pedestrian and vehicular traffic on the streets and alleys when reviewing a driveway application. (Ord. 93-575 § 4(u), 1993; prior code § 27-1-192)

13.12.040 Duty of property owner.

It shall be the duty of all persons owning property abutting on the streets in the metropolitan government area who make provision for vehicular access to and from streets and alleys and private properties, to give due consideration to the convenience, safety and requisite movement of pedestrian and vehicular traffic on the streets and alleys. (Prior code § 27-1-191)

13.12.050 Construction—Authorization required.

Authorization for driveway construction shall be secured from the traffic and parking commission and the department of public works prior to the beginning of construction, such as the cutting of any grass plot, gutter or sidewalk, for the purpose of construction of any driveway. (Prior code § 27-1-194)

13.12.060 Authorization—Application.

A. Applications for authorization of construction, reconstruction or major repair of driveways shall be made on forms prescribed by the traffic and parking commission and the department of public works. Applications shall be signed by the property owner or lessee and contractor, if any, and shall be accompanied by a clear drawing or blueprints, in triplicate, showing the exact location and dimensions of the driveway with reference to the property to be served, and a brief explanation of proposed usage of property and shall include property lines, rights-of-way, nearest intersecting streets and alleys, distance from right-of-way lines to gasoline pumps, structures or other improvements on the property, proposed treatment of public right-of-way adjacent to the driveway, utility poles, fire hydrants, traffic-control devices, parking meters and bus stops near the proposed driveway.

B. Applications for driveways shall be filed at the department of public works simultaneously with filing of application for building permits for all properties where new buildings or reconstruction of existing build-

ings or other improvements are contemplated. (Prior code § 27-1-195)

13.12.070 Authorization—Expiration.

Driveway authorizations are valid for a period of one year from date of approval. Actual construction must begin before expiration of approval. No notice of expiration will be issued, and authorizations will automatically terminate unless renewal is authorized in writing by the traffic and parking commission and the department of public works. (Prior code § 27-1-196)

13.12.080 Applications—Appeals.

A. All appeals for driveway applications will be made to the traffic and parking commission.

B. Appeals will be made only after driveway application has been denied by the department of public works. (Ord. 93-575 § 4(v), 1993; prior code § 27-1-193)

13.12.090 Construction costs—Owner responsibility.

All costs of driveway construction or major driveway repair shall be borne by the owner or lessee of the property to be served. (Prior code § 27-1-197)

13.12.100 Location.

Driveways shall be so located that vehicles entering or leaving the establishment will not interfere with the free movement of traffic or create a hazard on the highway. Where feasible, they shall be located where there are no sharp curves and steep grades and where sight distance is adequate for safe traffic operation. Driveways should not be located within intersections, rotaries and interchanges or on highways, immediately approaching them. They shall be so located that they will not interfere with the placement of signs, signals or other devices that affect traffic operation. (Prior code § 27-1-200)

13.12.110 Dimension and location requirements.

A. Driveways for single-family residential use, as designated in the zoning ordinances, shall be not less than twelve feet nor more than twenty-two feet in width.

B. Driveways for other than single-family residential use as designated in the zoning ordinances, shall be not less than fifteen feet nor more than thirty-five feet in width. The total width of driveways shall not exceed forty per cent of the property length in which the driveways shall be located.

C. The width of driveways shall be measured parallel to the street at the property line. The minimum permissible distance between driveways shall be twenty-five feet.

D. Driveways on corner lots shall be constructed at least fifteen feet from the intersection of the property lines, or the property lines extended, at the block corner.

E. Driveways shall not encroach on any part of the curb return at street corners.

F. Driveways shall not be located nearer than four feet to the side property line, at the curbline.

G. A buffer strip, not less than four feet in width, shall be provided on private property parallel to and adjoining the public right-of-way to prevent encroachment upon such right-of-way by parked vehicles. Such buffer strip shall extend along the property frontage for the full extent of the property area to be utilized for parking. Such buffer strip shall include a physical barrier not less than eight inches or more than thirty-six inches in height located adjacent to the parking area.

H. Private sidewalks along the face of the buildings are desirable and will require additional setback of a distance equivalent to the width of sidewalk.

I. Driveways shall be constructed to clear utility poles, light standards, drainage structures, signs, traffic-control device, fire hydrants and other similar installations, or such facilities shall be relocated at the expense of the property owner or lessee in conjunction with the owners or operating authorities of the facilities affected. (Prior code § 27-1-198)

13.12.120 Sight distance requirements.

A. Where feasible within the frontage limits, any driveway shall be located so as to afford maximum sight distance along the highway.

B. Where a driveway is provided to a commercial establishment, the buffer area and adjacent border area shall be reasonably cleared so that either the establishment itself or an appropriate sign located outside the right-of-way can be seen at a sufficient distance to enable proper maneuvers on the part of the drivers desiring to enter the establishment.

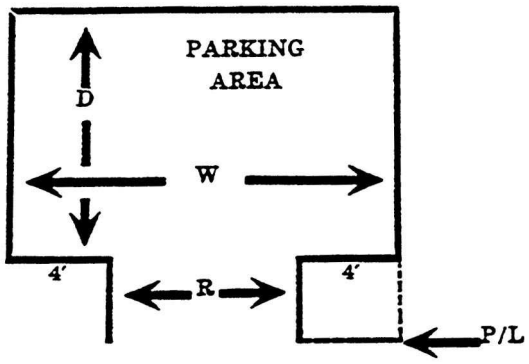
C. The profile of the driveway and the grading of the buffer area shall be such that a driver of a vehicle that is standing on the driveway may see a sufficient distance in both directions to enable him to enter the highway without creating a traffic hazard. (Prior code § 27-1-199)

13.12.130 Connection with through lane—Curve radius.

Where space permits, the radius of curve connecting the edge of through traffic lane and edge of driveway

shall be the maximum radius to permit turns by the largest vehicle to be expected with some frequency and not to exceed twenty feet maximum radius of curvature. For narrow border conditions, the combination driveway width and edge radius of smaller dimension should be adequate to this end. The radii for driveways on streets on which there are outer parallel parking lanes shall be based on turns from the edge of through lane. (Prior code § 27-1-201)

13.12.140 Parking lot size—Requirements.



D = Depth of parking area

W = Width of parking area

R = Width of driveway

B = Four-foot wide buffer zone

P/L = Property line

A. For head-in parking, the minimum depth (D) shall be forty-five feet and the minimum width (W) shall be fifty feet.

B. For parking stalls arranged parallel to the street right-of-way:

1. If W is forty feet to forty-eight feet, then D must be the number of car spaces multiplied by nine feet, plus ten feet.

2. If W is forty-eight feet to sixty-seven feet, then D must be the number of car space times nine feet.

3. If W is sixty-seven feet to one hundred fifteen feet, then D must be the number of car spaces multiplied by four and one-half feet.

4. If W is one hundred fifteen feet to one hundred thirty-four feet, then D must be the number of car spaces times three feet.

5. If W is one hundred thirty-four feet to one hundred seventy-three feet, then D must be the number of car spaces multiplied by two and one-quarter feet.

C. For head-in parking at a sixty degree angle to the building line, the minimum width (W) shall be seventy-five feet and the minimum depth (D) shall be forty feet. (Prior code § 27-1-202)

13.12.150 Lot requirements for off-street loading docks.

A. Maneuvering area shall be provided entirely on private property for all vehicles using loading docks or doors.

B. The loading dock or door shall be set back far enough from the right-of-way so that no portion of the right-of-way is occupied by trucks or other vehicles while loading or unloading.

C. The minimum setback for a loading dock or door shall be forty-five feet from the right-of-way. Where tractor-trailer units will be using the facility, the minimum setback shall be sixty-five feet.

D. For any proposed parking pattern which provides for parking headed into the side property lines at any angle other than ninety degrees, driveways will be approved, subject to all other conditions of this chapter, only if proper one-way operation of the parking area is provided. (Prior code § 27-1-203)

13.12.160 Deviations.

The traffic and parking commission and the department of public works may grant permission for deviations from the requirements specified in this chapter, provided one or more of the following conditions exists:

A. Unusual physical conditions requiring special construction;

B. Impossibility of improvement of the property with normal driveway location, where granting deviation requested will not be contrary to public safety, convenience and welfare;

C. Where granting of the deviation requested will not adversely affect present or future rights or development of adjacent property. (Prior code § 27-1-205)

13.12.170 Abandoned driveways.

Any driveway abandoned for vehicular use due to changes in property development or use shall be removed and the site reformed to conformity with adjacent existing conditions. (Prior code § 27-1-206)

13.12.180 Nonconforming driveways—Notice to remove—Failure to comply.

A. Any person violating any of the provisions contained in this chapter shall be notified that the offending driveway construction, reconstruction or repairs shall be removed. Notification shall be made by the traffic and parking commission in writing to the property

owner or lessee and contractor, if any, to the effect that the offending work must be removed within ten days from the date of notification, and the driveway replaced to conform to the provisions contained in this chapter.

B. In the event of failure to comply with notification, the metropolitan government will make the necessary driveway corrections and assess the costs against the property abutting driveway. (Prior code § 27-1-207)

13.12.190 Sight obstruction prohibited when—Notice to remove—Failure to comply.

A. It is unlawful for any person to place or cause to be placed or maintained, either temporarily or permanently, any sign, card, poster, pennant, banner, bush, tree, hedge or other obstruction:

1. On private property within twenty-five feet of any street intersection so as to interfere with traffic visibility at the intersection and at no time higher than thirty inches above the crown of the adjacent roadway;

2. On private property in such a manner as to interfere with traffic visibility of any driver using an authorized driveway, alley or roadway;

3. Within the right-of-way of any street within the area of the metropolitan government;

B. Any person violating any of the provisions of this section shall be notified by the traffic and parking commission that the offending sight restriction shall be removed within fifteen days after notification;

C. If the sight restriction is not removed within fifteen days after notification, the traffic and parking commission shall remove said sight restriction, either with metro forces or by normal metro contract procedures, and the expense incurred by metropolitan government in removing the restrictions shall be a debt owed to metropolitan government by the owner of the property in violation and shall be recoverable in an action brought by the metropolitan government. (Ord. 92-398 § 1, 1992; prior code § 27-1-208)

13.12.200 Driveway aprons required.

All driveways constructed or modified to the point of requiring a new driveway authorization application after July 1, 2020 shall have an apron to be paved with a hard surface from the edge of street pavement or the back edge of the sidewalk, if present, to the edge of the right-of-way or ten feet, whichever is greater. If the distance from the edge of street pavement or back edge of the sidewalk, if present, to the edge of the right-of-way exceeds ten feet, the chief engineer shall have the authority to permit an alternate design. The design and construction of this required apron shall not impede any drainage way. (Ord. BL2020-188 § 1, 2020)

Chapter 13.16

ENCROACHMENTS

Sections:

13.16.010	**Encroachment without permit prohibited—Penalty for violation.**
13.16.020	**Application fee.**
13.16.030	**Permits or privileges granted by council resolution—Fee.**

13.16.010 Encroachment without permit prohibited—Penalty for violation.

No person may construct, maintain and/or operate any aerial cable, canopy, sign or other encroachment over and/or across any sidewalk or public right-of-way without first obtaining a permit from the metropolitan government. Any person convicted of a violation of this section by constructing, maintaining or operating such encroachments within the previous six months of making an application for a permit for such an encroachment shall not be granted a permit by metropolitan government. (Amdt. 1 to Ord. BL2000-444 § 1, 2000; Ord. 99-1295 § 1, 1999)

13.16.020 Application fee.

Any person making application for a license agreement or permit shall, in addition to filing the appropriate application as required by the department of public works, pay to the metropolitan government a fee of fifty dollars to cover the cost of processing such application and issuing of such license or permit. (Ord. 90-1295 § 2, 1990)

13.16.030 Permits or privileges granted by council resolution—Fee.

A. The metropolitan county council may, by resolution adopted by twenty-one affirmative votes, grant encroachments, permits or privileges to construct, maintain and/or operate aerial cables, canopies, etc., over and/or across sidewalks and public rights-of-way.

B. Any person, firm or entity requesting an encroachment, permit or privilege as provided herein shall pay to the metropolitan government a fee in the amount of one hundred dollars upon making such request.

C. Any person, firm or entity requesting construction of any building or for the alteration of any building where such building is to be changed and such change will affect the exterior wall, bays, balconies or other appendages or projections encroaching on, over or under any street, alley or public lane shall comply with the Metropolitan Building and Fire Codes. Depending upon the type of encroachments, permits are required and issued by the codes administration for such construction. This permit is in addition to any application or permit fees required by the department of public works. (Ord. 95-1487 § 88, 1995; Ord. 91-1652 § 1, 1991; Ord. 87-1890 § 1, 1987)

Chapter 13.18

MANAGEMENT OF PUBLIC RIGHTS-OF-WAY FOR MAKE READY WORK

Sections:

13.18.010 Definitions.
13.18.020 Make ready process.

13.18.010 Definitions.

As used in this chapter, the following terms shall have the meanings ascribed to them in this section:

"As-built report" means a report indicating any changes to an attachment caused by make ready, including a unique field label identifier, the pole number if available, and the address or coordinates of the attachment.

"Attacher" means any person, corporation, or other entity or its agents or contractors seeking to fasten or affix any attachment in the public rights-of-way.

"Attachment" means communications equipment, antenna, line, or facility of any kind fastened or affixed to a utility pole or similar structure, or its guys and anchors used to support communications attachments.

"Attachment application" means the application made by an attacher to an owner for consent to attach such attacher's attachments to the owner's utility pole or similar structure, or its guys and anchors used to support communications attachments.

"Complex make ready" means make ready that will cause or would reasonably be expected to cause a customer outage.

"Make ready" means the transfer, relocation, rearrangement, or alteration of a pre-existing third party user's communications equipment, antenna, line or facility of any kind necessary to provide space for attacher to install an attachment.

"Owner" means a person, corporation, or other entity owning a utility pole or similar structure in the public rights-of-way on which facilities for the transmission of electricity or communications are or may be located.

"Preapproved contractor" means a contractor approved by the owner to perform make ready.

"Pre-existing third party user" means the owner of any pre-existing attachment located in the public rights-of-way. (Amdt. 1 to Ord. BL2016-343 § 1, 2016; Ord. BL2016-343 § 1, 2016)

13.18.020 Make ready process.

A. Upon approval of an attachment application by an owner, pre-existing third party users shall allow an attacher, using preapproved contractors and at the attacher's expense, to perform make ready by transferring, relocating, rearranging, or altering the attachments of any pre-existing third party user to the extent necessary or appropriate to accommodate the attacher's attachment; provided, however:

1. The attacher will not perform complex make ready without first providing thirty days' prior written notice, which includes electronic communication, to the applicable pre-existing third party user so that a field meeting can be scheduled within that time frame with technicians from the pre-existing third party and the attacher. The technicians will decide what steps need to be taken to complete the complex make ready;

2. Nothing in this chapter authorizes an attacher to perform any act requiring an electric supply outage; and

3. Nothing in this chapter authorizes an attacher to perform any act with respect to attachments located above the communication worker safety zone, as such term is defined in the then-current National Electrical Safety Code, or any electric supply facilities wherever located.

4. The attacher will not perform make ready without first providing fifteen days' prior written notice, which includes electronic communication, to the applicable pre-existing third party user.

B. In the event a pre-existing third party user fails to transfer, relocate, rearrange or alter any of its attachments within thirty days of giving the written notice required in Section 13.18.020(A)(1), the attacher, using pre-approved contractors, may undertake complex make ready with respect to such attachments by transferring, relocating, rearranging, or altering the attachments at the attacher's expense; provided, however, that the pre-existing third party user will have sixty days from the date of notice to perform complex make ready if the technicians mutually agree to such extension in the field meeting required in Section 13.18.020(A)(1).

C. The attacher will place its attachment where instructed by the owner.

D. At its own expense, attacher shall ensure that any make ready attachments that are transferred, relocated, rearranged or altered are done in accordance with all applicable federal, state and local laws and regulations; and all applicable engineering and safety standards.

E. An attacher that exercises the right to transfer, relocate, rearrange or alter a pre-existing third party user's facilities pursuant to this chapter shall obtain and maintain, at its sole cost and expense, and file with the metropolitan clerk, a corporate surety bond with a surety company authorized to do business in the State of Tennessee and found acceptable by the metropolitan attorney, in the amount of one million dollars, both to safeguard the public right-of-way and to guarantee the timely performance of make ready construction and

implementation of the telecommunications system. Additionally, such attachers, to the extent permitted by applicable law, shall indemnify, defend and hold harmless the owner of the affected utility pole or similar structure from and against any action, suit, or proceeding by an affected pre-existing third party user arising from such transfer, relocation, rearrangement or alteration.

F. If a transfer, relocation, rearrangement, or alteration results in an attachment of a pre-existing third party user failing to conform with the applicable owner's clearance, separation, the standards in Section 13.18.020(D), or other standards applicable to utility poles or structures of the type in question, the pre-existing third party user or owner shall notify the attacher in writing, which includes electronic communication, within the sixty day inspection window without waiving any rights. In the written notice, the pre-existing third party user will elect to either (i) perform the correction itself and bill the attacher for the actual, reasonable, and documented expenses of the correction incurred by the pre-existing third party user, or (ii) instruct the attacher to perform the correction at the attacher's expense using a pre-approved contractor. Any post-inspection corrections performed by the attacher must be completed within thirty days of written notice to the attacher from the pre-existing third party user or owner. Within thirty days of the attacher's completion of any post-inspection corrections that resulted in the transfer, relocation, rearrangement, or alteration of an attachment of a pre-existing third party user, the attacher shall send written notice, which includes electronic communication, of the transfer, relocation, rearrangement, or alteration and as-built reports to the applicable pre-existing third party user and, if requested, the owner.

G. To the extent permitted by applicable law, an attacher that exercises the right to transfer, relocate, rearrange or alter a pre-existing third party user's facilities pursuant to this chapter shall indemnify, defend and hold harmless the owner of the affected utility pole or similar structure from and against any action, suit, or proceeding by an affected pre-existing third party user arising from such transfer, relocation, rearrangement or alteration.

H. In the event of a dispute arising out of this chapter, the parties may exercise any of their legal rights, including the ability to negotiate a resolution in good faith. (Amdt. 3 to Ord. BL2016-343 § 1, 2016; Amdt. 1 to Ord. BL2016-343 § 1, 2016; Ord. BL2016-343 § 1, 2016)

13.20.150	**Regulations.**
13.20.160	**Policy compliance and exceptions.**

13.20.010 Definitions.

As used in this chapter:

"Director" means the director of the metropolitan government department of public works or his designee.

"Excavation" means the digging of any ditch, drain, trench, hole, or similar activity; whether permanent or temporary.

"Obstruction" means any structure, embankment, device, item or thing placed or existing within the right-of-way of the metropolitan government which hinders, impedes or affects the flow of traffic, whether such obstruction is permanent or temporary.

"Person" means any and all persons, natural or artificial, including but not limited to any individual, firm, association, partnership or corporation. (Ord. 97-785 § 1 (part), 1997)

13.20.020 Permission and notice required.

A. No person shall dig or cause to be dug any excavation nor cause any obstruction to be constructed or placed in, on, over or under any street, road, alley, sidewalk or other public way, nor shall any person close or occupy any portion of the public right-of-way by means of or in connection with any excavation or obstruction within the jurisdiction of the metropolitan government without having first applied for and obtained from the director a permit to do so.

B. 1. No excavation may be undertaken in any street, road, alley or right-of-way or of any utility or temporary construction easement of the metropolitan government or other government entity by any department of the metropolitan government or any other entity unless notice as required herein has been given to the following: occupant of the property abutting a street, road, alley, or right-of-way in which work is to be performed; the fee owner and occupant of the property burdened by the easement in which work is to be performed; all occupants within the block where such work is to be performed; and the district member(s) of council representing the area of such excavation.

a. For the purposes of this subsection, adequate notice shall be written notice providing the following information: (1) the purpose of the excavation; (2) a description of the excavation work; (3) the expected beginning date and completion date of the excavation work; (4) the name, address, and telephone number of a contact person available to provide information regarding the project and to receive complaints from the public; and (5) such other information as may be required by the director. Such notice shall be given to the persons provided above at least forty-eight hours prior to the beginning of any such construction work. The person holding the excavation permit shall deliver to the director a signed statement containing the list of persons notified or the addresses of the occupants notified and what manner of notification was used prior to commencement of work.

2. In the event such construction work is for emergency repairs to a utility or other public works, the notice required herein shall be waived, provided, that notice shall be given as soon as practicable to the owner setting forth both the work being undertaken and the purposes for such emergency repairs.

C. At the end of each quarter, the department of public works shall submit to the metropolitan council a report that includes the following information for any portion of the public right-of-way that is closed or occupied for a period in excess of six months:

1. The date the permit was issued.

2. The date the permit was renewed, if applicable.

3. The location of the closed or occupied right-of-way.

4. The council district in which the closed or occupied right-of-way is located.

5. The original expiration date of the permit and the original planned date to re-open the right-of-way.

6. The revised expiration date of the permit and the revised planned date to reopen the right-of-way, if applicable. (Ord. BL2022-1530 § 1, 2022; Amdt. 1 to Ord. BL2017-801 § 1, 2017; Ord. BL2017-801 § 1, 2017; Ord. BL2013-380 § 1, 2013; Ord. BL2000-443 § 1, 2000; Ord. 97-785 § 1 (part), 1997; Amdt. 1 with Ord. 93-815 § 1, 1993)

13.20.030 Permit.

A. No permits affecting multimodal pathway travel within the public way or public right-of-way shall be issued for any construction activities or special events for a period of seven days or more. Otherwise, permits shall be issued by the director to any person qualified under Section 13.20.050 of the metropolitan code, meeting all other requirements of this chapter, and upon receipt of the appropriate permit fee.

B. In connection with the issuance of a permit under this chapter, the director shall have the authority to close temporarily or to authorize temporary closure of any street, road, alley, sidewalk, or any other public way or part thereof when, in the director's opinion, the closing is necessary. No public way shall be closed for any purpose without first obtaining a permit from the director.

C. In connection with the issuance of a permit under this chapter, the director may install, or may require installation and maintenance of, traffic-control devices. Such devices and their placement shall meet the requirements of the latest edition of the Manual for Uniform Traffic Control Devices (MUTCD). The director shall adopt rules and standards with regard to this requirement, particularly as to safe accommodation for cyclists and pedestrians, including accessibility for disabled persons, and make compliance therewith a condition upon the issuance of a permit under this chapter.

D. Excavation Permits.

1. Each separate excavation shall require a permit. Excavated areas of up to five square meters (six square yards) of surface area shall constitute an excavation. Trench excavations running parallel to traffic shall require a permit for each fifty linear feet. The fee for excavation permits shall be fifty-five dollars each, except within the right-of-way permit high impact area, where the fee shall be one hundred dollars for each permit (up to fifty linear feet). Any excavation permit requested and issued involving roadway pavement on any roadway that has been newly constructed or resurfaced within the past five years in addition to the other fees provided in this section shall require the payment of a pavement assessment fee. The pavement assessment fee shall be equal to five hundred dollars plus twenty percent of the cost to restore the excavation per existing pavement restoration specifications of the department of public works. The cost shall be based on the average cost of similar work performed by metro in the previous year and shall be updated annually by the director of public works. Each year on or about January 1st, the director of public works shall publish the pavement assessment fee. For the purposes of this section, the phrase "right-of-way permit high impact area" shall mean the area bounded as follows: Beginning at the intersection of I-65 North and Briley Parkway, thence; in an easterly and then in a southerly direction along Briley Parkway, to I-40 east of Nashville. Thence; continuing with Briley Parkway in a southerly then westerly direction, to I-24 south of Nashville. Thence; along Thompson Lane in a westerly direction, to I-65 south of Nashville. Thence; along Woodmont Boulevard in a westerly direction, to Harding Pike (HWY 70 S). Thence; along White Bridge Road in a northerly direction, to I-40 west of Nashville. Thence; along Briley Parkway in a northerly and then easterly direction to the point of beginning at I-65 north of Nashville.

2. All excavation restoration will be the responsibility of the permittee and shall conform to the specifications of the department of public works; and shall be subject to the approval of the director of public works.

E. Obstruction Permits.

1. Permits shall be issued for temporary obstructions only. Permanent obstructions are prohibited. Except as hereinafter provided, the fee for an obstruction permit shall be fifty-five dollars per day per location.

2. The fee to place a trailer or dumpster in the public right-of-way shall be set by the department of public works, as derived from the actual internal operating costs of administering related services, as determined by the department.

F. Permit Fees for Parking Meter Occupancy. When an excavation or obstruction prevents the use of parking spaces regulated by meter, a parking meter occupancy fee shall be paid by the permittee in accordance with rates established by the traffic and parking commission.

G. Right-of-Way Temporary Closure Permits and Fees. In addition to any other fees required by this chapter, permits requiring the temporary closure of the metropolitan government's rights-of-way shall be subject to fees set by the department of public works, as derived from the actual internal operating costs of administering related services, as determined by the department based upon the scale and duration of the closure.

H. Waiver. Fees may be waived by the director for the following:

1. Metro departments performing roadway or roadway feature related maintenance, repair or construction;

2. Activities of federal, state or local governments;

3. When the director finds that it is necessary to close the public way for the immediate protection of public safety. (Amdt. 1 to Ord. BL2022-1530 §§ 3, 4, 2022; Ord. BL2022-1530 §§ 2—4, 2022; Res. RS2016-391 §§ 1, 2, 2016; Ord. BL2016-240 § 1, 2016; Ord. BL2016-235 §§ 1—3, 2016; Ord. BL2004-260 §§ 1—8, 2004; Ord. 97-785 § 1 (part), 1997)

13.20.040 Penalty for violation.

In addition to any other penalty imposed or failure to obtain a permit required under this chapter, if commenced before a permit is issued, the permit fees or any permit subsequently issued for that activity shall be tripled. (Ord. 97-785 § 1 (part), 1997)

13.20.045 [Enforcement of county-wide emergency health orders.]

Notwithstanding any other provision of this title, it is a condition of any permit or work authorization issued pursuant to the authority granted herein, including those issued prior to the effective date hereof, that the permittee and its employees abide by applicable laws, rules, regulations and orders, including without limitation those emergency orders issued by the chief medical director in connection with a declared state of emergency in all or part of Davidson County. Employees of a department that has authorized work or issued a permit pursuant to this title may order the cessation of work or specific activities, or the suspension of a permit, on any work site operating under such permit, for a violation of an emergency order.

Notice of the stop work order shall be in writing and shall be given to the owner of the property or to his agent or to the person in charge of the work or overseeing the operation. When, in the opinion of the director of the department that authorized work or issued a permit, or the director's agent, that an emergency exists, a written stop work order shall not be required, and in such instances, oral notice to the owner, his agent or the person in charge of the work shall have the same force and effect as a written order. Any violation of the stop work order shall be assessed as a civil penalty at the rate of fifty dollars per day. In addition, where a violation exists, the director of the department or the director's agent may request that utility service be curtailed until the violation is corrected or abated. Appeals from the stop work order may be made to the relevant board or commission that oversees the authorization of the work or issuance of the permit. (Ord. BL2020-421 § 1, 2020)

13.20.050 Permit—Bond and insurance required.

A. No excavation or obstruction permit shall be issued to any person until such person shall first have posted a payment and performance bond satisfactory to the director. The amount of the bond shall be equal to the estimated cost of the work, but shall not be less than forty thousand dollars.

B. It shall be the responsibility of the permittee to furnish to the department of codes administration a permit bond in the amount of forty thousand dollars, conditioned to conform to the requirements of this chapter and all applicable laws, ordinances, rules and regulations of the metropolitan government relating to installations for which a permit is required, or for work performed by the principal for which a permit should have been obtained; and to indemnify the metropolitan government and property owners against any and all loss by reason of the failure of such contractor to comply with such laws, ordinances, rules and regulations. Such bond shall be continuous and may not be canceled without at least ten days' prior notice, in writing, to the director of codes administration. The liability of the surety shall continue to attach to work performed pursuant to any permit issued prior to the termination date of the bond even if the noncomplying act should occur after the termination date of the bond. The liability of the surety for any and all claims, suits or action under this bond shall not exceed the bond penalty of forty thousand dollars. The bond shall be issued by a U.S. Treasury-listed corporate surety or a Tennessee domestic insurance company on forms provided by the department of codes administration.

C. It shall be the responsibility of the permittee to furnish a current certificate of public liability insurance issued by a Tennessee-licensed company which provides a minimum of one million dollars per occurrence, except

municipalities and other political subdivisions of the State of Tennessee shall have furnished certificate of liability insurance in the amount equal to or greater than minimum limits of liability insurance required for governmental entities in the Tennessee Governmental Tort Liability Act. Tennessee Code Annotated Section 29-20-403. The certificate of insurance shall name the metropolitan government as an additional insured and may not be canceled without at least thirty days' prior notice, in writing, to the director. (Ord. 97-785 § 1 (part), 1997)

13.20.060 Hours of work—Regulations.

Every person holding a valid permit from the director of public works to perform an excavation or to otherwise cause any obstruction in, on or under any street, road, alley, sidewalk or other public way within the jurisdiction of the metropolitan government shall perform the work or activity permitted only within the hours stipulated on such permit. Work not completed during any stipulated period of hours shall be bridged, backfilled or otherwise rendered usable for pedestrian or vehicular traffic, as specified by the director of public works, until the next period of hours during which work is permitted. Each violation of the permitted hours of work shall constitute a violation of this section. Any person found guilty of two or more offenses shall be disqualified for obtaining further permits for a period not to exceed six months. (Ord. 97-785 § 1 (part), 1997)

13.20.070 Utility manholes—Testing for flammable or toxic gases required.

No person engaged in working in and around any utility manhole shall enter any such utility manhole until testing by instrument or other acceptable method has been performed to determine whether or not such manhole is free from toxic or flammable gases and liquids. When tests indicate the presence of toxic or flammable gases or liquids, the manhole shall be properly ventilated prior to the entering of the manhole by any person. Tests shall be repeated at such intervals as are necessary to make certain that toxic or flammable gases or liquids do not recur in hazardous quantities. (Ord. 97-785 § 1 (part), 1997)

13.20.080 Utility manholes—Two work people required at all times.

No work shall be performed in or about any utility manhole in or adjoining any highway, street, alley, sidewalk or any public place, with less than two persons present at all times. (Ord. 97-785 § 1 (part), 1997)

13.20.090 Barricades required when.

Any person who shall dig or cause to be dug any excavation or cause obstruction to be placed in, on, under, across or adjoining any street, alley, road, sidewalk or other public way or shall perform work in and around any utility manhole in or adjoining any public way within the jurisdiction of the metropolitan government shall have the same guarded at all times with a substantial barricade complying with the requirements of MUTCD and approved by the director, sufficient and suitable to warn persons traveling on or using such street, road, alley, sidewalk or other public way of the presence of such excavation or utility manhole and against danger therefrom. (Ord. 97-785 § 1 (part), 1997)

13.20.095 Commencement date and completion date signs required.

Any person, including any department, agency or contractor of the metropolitan government, or any public utility, that shall dig or cause to be dug any excavation, or cause any obstruction to be placed in, on, under, across or adjoining any street, road, or other public way in connection with any non-emergent excavation, construction, or paving project that is estimated to last seven or more days in duration shall — at least seven full calendar days in advance of such activity — display a sign visible to the motoring public indicating the expected commencement date and completion date for the project, as well as the name, address, and telephone number of a contact person available to provide information regarding the project and to address inquiries from the public. Such signs shall be in a format, quantity, location, and size as specified by the director. (Ord. BL2022-1530 § 5, 2022; Amdt. 1 with Ord. BL2004-235 § 1, 2004)

13.20.100 Unguarded excavations prohibited.

It is declared to be a nuisance and unlawful for any person to make any excavation or to establish any opening adjacent to any sidewalk or public right-of-way within the jurisdiction of the metropolitan government without the erection of barricades or other proper precautions to prevent danger to persons or vehicles passing along such sidewalk or public right-of-way. Each day that such excavation or opening shall remain without barricade or other proper precaution shall constitute a separate offense. (Ord. 97-785 § 1 (part), 1997)

13.20.110 Night work—Warning lights required.

A. Any person who shall dig or cause to be dug any excavation or cause any obstruction to be constructed in, on, under, across or adjoining any street, road, alley,

sidewalk or other public way or shall perform work in and around any utility manhole in or adjoining any public way within the jurisdiction of the metropolitan government shall, in addition to the barricades required by Section 13.20.090, post or otherwise place red or amber lights at the ends and sides of each excavation, utility manhole or other obstruction during the entire night, and if such excavation or other obstruction shall extend more than fifty feet along such street, road, alley, sidewalk or other public way, then additional red or amber lights shall be placed each twenty-five feet or fraction thereof. Where excavations or obstructions shall extend across any street, road, alley, sidewalk or other public way, red or amber lights shall be placed at six-foot intervals along such excavation or other obstructions.

B. All such lights shall be of a type approved by the director of public works and shall be secured in such manner as not to be displaced by winds or storms. (Ord. 97-785 § 1 (part), 1997)

13.20.120 Interfering with warning lights prohibited.

No person shall break, molest, put out, remove or in any manner interfere with any warning lights required by this chapter. In addition to any criminal penalty that may be applicable, any violation of this provision shall be assessed as a civil penalty at the rate of fifty dollars per day. (Ord. BL2022-1530 § 6, 2022; Ord. 97-785 § 1 (part), 1997)

13.20.130 Refilling excavation sites.

Every person who shall dig or cause to be dug any excavation in, on, under or across any street, road, alley, sidewalk or other public way within the jurisdiction of the metropolitan government shall carefully refill all such excavations by placing and firmly compacting with crushed stone in paved areas and roadway shoulders pending replacement of pavements or other improvements; and shall fill with selected earth materials in unpaved or otherwise unimproved areas. The director may in his discretion require the use of concrete or flowable fill in lieu of crushed stone backfill. (Ord. 97-785 § 1 (part), 1997)

13.20.140 Replacement of sidewalks, pavements and other special structures required—Specifications.

A. Every person excavating in, on, under or across any street, road, alley, sidewalk or other public way within the jurisdiction of the metropolitan government shall replace all curbs, gutters, sidewalks or other special structures disturbed, displaced or removed, at the expense of the person making the excavation and in accordance with the standard requirements and specifications of the department of public works. (No additional permit fee shall be required for such replacement, other than as specified in Section 13.20.030.)

B. Pavements, other than curbs, gutters and sidewalks, removed or damaged as a result of excavating in, on, under or across any street, road, alley or other public way within the jurisdiction of the metropolitan government shall be replaced by and at the expense of the person making such excavation. The pavement replacement shall be performed by a reputable paving contractor within thirty days of backfilling the excavation; or within such shorter or longer time as the director may require. All pavement replacement under this subsection shall be made in accordance with the requirements of Section 02522 of the department of public works specification documents, shall provide an even grade and level surfacing to facilitate transit, and shall only be performed during the presence of inspection personnel of the department of public works. (Ord. BL2022-1530 § 7, 2022; Ord. 97-785 § 1 (part), 1997)

13.20.150 Regulations.

The director shall have authority, with the approval of the mayor, to implement this chapter by appropriate rules and regulations. (Ord. 97-785 § 1 (part), 1997)

13.20.160 Policy compliance and exceptions.

A. Any person seeking to dig, or cause to be dug any excavation, or to cause any obstruction in, on, over or under any street, road, alley, sidewalk, or other public way, or to close or occupy any portion of the public right-of-way by means of or in connection with any non-emergent excavation or obstruction within the jurisdiction of the metropolitan government, prior to engaging in such activities, shall satisfy the following provisions:

1. If the digging, excavation, or obstruction causes a closure of a public way less than seven days, the applicant will be required to provide an ADA compliant alternative pathway that will accommodate the safe passage of pedestrians, cyclists, and disabled persons for the duration of the closure. The alternative pathway shall be signed and marked in accordance with MUTCD, and shall, whenever feasible, be located on a public thoroughfare of equal or lesser traffic volume and intensity than the obstructed pathway with an equal level of protection provided for the user. Prior to the issuance of a permit, the applicant must provide a traffic control plan demonstrating these accommodations.

2. If the excavation or obstruction is estimated to cause a closure of a public way of seven days or more, the applicant must:

a) submit an application for an exception to the metropolitan government department of public works.

b) submit a construction package to the metropolitan government department of public works for review. This construction package shall include a traffic control plan signed by a professional engineer licensed in the State of Tennessee.

3. Closures in excess of ninety days are prohibited unless specifically approved by the director. Fees for inspection services for special events and parades shall be charged based on time required at the rate set for inspector services provided per hour, as determined by the department of public works, as derived from the actual internal operating costs of administering such services. The amount of any permit bond, and the amount of any certificate of public liability insurance, as required under Section 13.20.050, may be increased by the director, commensurate with the duration of the excavation or obstruction.

4. The applicant must have obtained all other approvals and permits for said construction, excavation, or special event activities as required by the metropolitan code of laws.

5. The applicant must demonstrate that the overriding public interest (as opposed to the private interest of the applicant or the owner of the property upon which said construction or special event activities shall occur) will be significantly promoted by permitting the applicant to engage in activities in excess of that permitted under Chapter 13.20.

B. Notice of an application for an exception shall be given by the director of the metropolitan government department of public works to persons who may be adversely affected by the granting of the exception and to the district councilmember. Any person who claims to be adversely affected by such an exception, if allowed, may file a written statement with the director. Such statement shall contain sufficient factual information to support the claim.

C. Exceptions shall be granted by notice to the applicant containing any necessary conditions, including a time limit on the permitted activity. The exception shall not become effective until all conditions are agreed to by the applicant. Non-compliance with any condition of the exception shall terminate it and subject the person holding it to the requirements of Chapter 13.20. (Amdt. 1 to Ord. BL2022-1530 § 8, 2022; Ord. BL2022-1530 § 8, 2022)

Chapter 13.21

NASHVILLE DEPARTMENT OF TRANSPORTATION PARTICIPATION AGREEMENTS

Sections:

13.21.010 Definitions.
13.21.020 Participation agreements with developers.

13.21.010 Definitions.

The following definitions shall apply to this chapter:

"Developer" means any person or legal entity which undertakes development of real estate.

"Participation agreement" means an agreement whereby a developer agrees to undertake or fund, in whole or in part, the installation, operation, or maintenance of infrastructure projects and structures within the public right-of-way. (Amdt. 1 to Ord. BL2023-137 § 1, 2024)

13.21.020 Participation agreements with developers.

Participation agreements between the Nashville Department of Transportation and Multimodal Infrastructure and developers may be approved by the metropolitan council by resolution. (Amdt. 1 to Ord. BL2023-137 § 1, 2024; Ord. BL2023-137 § 1, 2024)

Chapter 13.24

PARKS, RECREATIONAL FACILITIES AND CEMETERIES

Sections:

Article I. General Regulations and Administration

13.24.010 Definitions.
13.24.020 Scope.
13.24.030 Construction.
13.24.040 Donations—Authority of board to accept—Exception.

Article II. Cemeteries

13.24.050 Operation and maintenance—Responsibilities of the board and the metropolitan historical commission.
13.24.060 Ownership of burial plots—Authority of board—Appeal.

Article III. Regulated Activities

13.24.070 Permits—Conditions—Revocation.
13.24.080 Hours.
13.24.090 Alcoholic beverages.
13.24.100 Bathing and swimming.
13.24.110 Boating.
13.24.120 Animals—Protection requirements.
13.24.130 Animals—Running at large.
13.24.140 Construction work.
13.24.150 Exhibitions and contests.
13.24.160 Fires and lighted cigarettes.
13.24.170 Fishing.
13.24.180 Games.
13.24.190 Horses and beasts of burden.
13.24.200 Meetings, assemblies and ceremonies.
13.24.210 Peddling.
13.24.220 Picnics.
13.24.230 Skating and sledding.
13.24.240 Model airplanes, boats and autos.

Article IV. Vehicles and Traffic

13.24.250 Compliance with police and park directions required.
13.24.260 Compliance with state and metropolitan traffic laws required.
13.24.270 Reckless driving prohibited.
13.24.280 Speed limits.
13.24.290 Restrictions on certain vehicles.
13.24.300 Areas of vehicle operation restricted.
13.24.310 Parking.
13.24.320 Operation off of paved roadway prohibited—Stalled vehicles.
13.24.330 Obstructing traffic prohibited.
13.24.340 Driving instruction prohibited.
13.24.350 Hitchhiking prohibited.
13.24.360 Soliciting passengers prohibited—Exceptions.
13.24.370 Towing and projecting articles prohibited—Exceptions.
13.24.380 Repair work on vehicles prohibited.

Article V. Unlawful Activities

13.24.390 Advertising and sponsorship on park property.
13.24.400 Aviation.
13.24.410 Camping.
13.24.420 Commercial fishing.
13.24.430 Disorderly conduct.
13.24.440 Explosives, fireworks and firearms.
13.24.450 Gambling.
13.24.460 Polluting.
13.24.470 Hunting and trapping wildlife—Carrying firearms.
13.24.480 Plant life—Disturbing, removing or destroying.
13.24.490 Property—Removing or destroying.

Article I. General Regulations and Administration

13.24.010 Definitions.

Unless otherwise expressly stated, whenever used in this chapter, the following terms shall respectively mean and include each of the meanings set forth:

"Bathing area" means any area maintained for the use of bathers, including the water area and lands under water adjacent thereto under the jurisdiction of the board.

"Bicycle path" means any path, road or trail maintained for persons riding on bicycles.

"Board" means the metropolitan board of parks and recreation as provided in Article 11, Chapter 10 of the Charter of the metropolitan government.

"Bridle path" means any path or road maintained for persons riding an horseback.

"Foot path or trail" means any path or trail maintained for pedestrians.

"Omnibus" means any vehicle held and used for transportation of passengers for hire.

"Owner" means any person owning, operating or having the use or control of a vehicle, animal or other property under a lease or otherwise.

"Park." Unless specifically limited, "park" means and shall be deemed to include all parks, parkways, playgrounds, athletic fields, tennis courts, golf courses, swimming pools, beaches and other recreation areas, museums, zoological and botanical gardens, places, squares, circles, spurs, open places, boulevards, roads, waters and lands under water, and also entrances and approaches thereto, docks and piers, channels and bridges, in, leading to or connecting such park or parts thereof under the supervision and control of the board and such other rights and appurtenances as the board shall utilize, whether the same is now or shall hereafter be owned or acquired by the metropolitan government in fee or otherwise, including all land under and space above the surface of the ground. Included in such term shall be the following areas or properties owned or controlled by the U.S. Army Corps of Engineers:

1. Anderson Road Launching Ramp Area;
2. Anderson Road Picnic Area;
3. Cook Launching Ramp Area;
4. Cook Picnic Area;
5. Dam Site (including Overlook Tailwater Access Areas and Visitor Center Area);
6. Elm Hill Launching Ramp Area;
7. Elm Hill Picnic Area;
8. Four Corners Picnic Area;
9. Four Corners Launching Ramp Area;
10. Left Bank Tail Water Area (including the Nature Trail), Left Bank Dam Site (lock side), and Old Hickory Beach;
11. Seven Points Launching Ramp Area;
12. Seven Points Picnic Area;
13. Smith Springs Launching Ramp Area; and
14. Smith Springs Picnic Area.

"Permit" means any written authorization issued by or under the authority of the board for a specified park privilege permitting the performance of a specified act in the park.

"Playground area" means any area maintained or designated as a playground, including all territory under the supervision and control of the board adjacent to and within twelve feet thereof.

"Police officer" means any member of the police department of the metropolitan government and any other metropolitan employee who is a special policeman appointed and sworn by the chief of police and assigned to the board.

"Rules and regulations" means any rule or regulation of the board established pursuant to Section 11.1002, subsection 2, of the Charter of the metropolitan government, and duly filed with the metropolitan clerk.

"Safety zone" any space within any park so designated by appropriate signs.

"Unnecessary stopping" means bringing a vehicle to a complete stop on a parkway, or a road in a park other than a parking space, or other than in conformity with traffic regulations, or other than because of any emergency. (Ord. 90-1190 § 1, 1990; Ord. 89-959 § 1, 1990; prior code § 30A-1-1)

13.24.020 Scope.

This chapter affecting parks shall be effective throughout the general services district of the metropolitan government area within and upon all areas under the supervision and control of the board, as defined in Article 11, Chapter 10 of the Charter of the metropolitan government, and shall regulate the use thereof by all persons. (Prior code § 30A-1-2(b))

13.24.030 Construction.

In the interpretation of this chapter affecting parks, its provisions shall be construed as follows:

A. Any requirement or provisions of these rules and regulations relating to any act shall respectively extend to and include the causing, procuring, aiding or abetting, directly or indirectly, of such act, or the permitting or the allowing of any minor in the custody of any persons, doing any act prohibited by any provision thereof.

B. No provision hereof shall make unlawful any act necessarily performed by any officer or employee of the department of parks and recreation in line of duty or work as such, or by any person or his agents or employees, in the proper and necessary execution of the terms of any agreement with the board.

C. Any act otherwise prohibited by this chapter, provided it is not otherwise prohibited by law, shall be lawful if performed under, by virtue of and strictly in compliance with the provisions of a permit and to the extent authorized thereby.

D. This chapter is in addition to and supplements all municipal, state and federal laws and ordinances.

E. Where any park area is designated by the board so as to prohibit or permit certain activities, such designation shall be posted conspicuously. (Prior code § 30A-1-2(a))

13.24.040 Donations—Authority of board to accept—Exception.

A. The board of parks and recreation is authorized to accept or refuse gifts, donations, bequest or grants from any source, for any purpose related to the powers and duties of the board.

B. The provisions of subsection A of this section shall not apply to any gift, donation or bequest of land, such gift, donation or bequest being specifically governed by Section 11.1002 (5) (C) of the Metropolitan Charter. (Prior code § 30A-1-2.2)

Article II. Cemeteries

13.24.050 Operation and Maintenance—-Responsibilities of the board and the metropolitan historical commission.

The metropolitan board of parks and recreation shall have the responsibility of maintaining all cemeteries owned by the metropolitan government. The metropolitan historical commission shall have the responsibility of operating all cemeteries owned by the metropolitan government. The historical commission is authorized to promulgate rules and regulations concerning the operation of said cemeteries. The historical commission shall also have the responsibility of approving, prior to installation, any new markers, stones, or any other similar type structures to be placed in said cemeteries. Such approval shall be based on the appropriateness of the structure in keeping with the historic nature of the cemetery. (Ord. BL2003-96 § 1, 2004)

13.24.060 Ownership of burial plots—Authority of board—Appeal.

A. The metropolitan board of parks and recreation shall issue certificates to persons owning or claiming ownership of cemetery lots. The burden of establishing ownership to burial plots shall be on the person claiming ownership. The certificates shall authorize the burial of a named person or persons to the city cemetery and shall be issued to the person or persons only after the person applying for permission to be buried has established ownership or chain of title to the burial plot.

B. The metropolitan board of parks and recreation or its designee shall have final authority to determine ownership of burial plots. Any person aggrieved by the decision of the board shall have the right to appeal that decision to the Circuit and Chancery Courts of Davidson County. (Prior code § 30A-1-2.1(b), (c))

Article III. Regulated Activities

13.24.070 Permits—Conditions—Revocation.

A. A permit to do any act shall authorize the same only insofar as it may be performed in strict accordance with the written terms and conditions thereof. Any violation of any law, ordinance, provision of this code or rule or regulation of the board or of any other metropolitan department by the holder or the agents or employees of the holder of any permit of any term or condition thereof shall constitute grounds for revocation by the board or by its authorized representative, whose action therein shall be final.

B. In case of revocation of any permit, all money paid for or on account thereof shall, at the opinion of the board, be forfeited to and be retained by the metropolitan government; and the holder of such permit, together with his agents and employees who violated such terms and conditions, shall be jointly and severally liable to the metropolitan government for all damages and loss suffered by it in excess of any money so forfeited and retained; but neither such forfeiture and retention by the metropolitan government of the whole or any part of such money nor the recovery or collection of such damages or both shall in any manner relieve such person from liability to punishment for any violation of any law, ordinance, provision of this code or rule or regulation of the board or of any other metropolitan department. In any case where a permit issued by the board is to be exercised on park property, occupied by a museum, zoological or botanical society, the same will require approval of such society. (Prior code § 30A-1-13)

13.24.080 Hours.

No person shall, under any circumstances, enter for the purpose of remaining therein or remain in any park between the hours of eleven p.m. and one-half hour before sunrise without general or special permission from the board. (Prior code § 30A-1-28)

13.24.090 Alcoholic beverages.

A. It is unlawful for any person to possess or have under his control any beer, ale or other alcoholic beverages in any park or recreation area under the supervision or control of the board, except under such circumstances, in such places and at such times as the board may, by their rules and regulations, determine; provided, that in no case may a person possess or have under his control beer, ale or other alcoholic beverages in any playground area, swimming pool, recreation center building or comfort station, except as provided in subsection B of this section. Proof of possession of beer, ale or other alcoholic beverages in a park or recreation area under the supervi-

sion and control of the board shall be prima facie evidence of a violation of this section, and it shall be incumbent upon a person charged to prove by certified copies of the rules and regulations of the board that an exception has been granted.

B. Notwithstanding any other provisions of this code, ordinances of the metropolitan government, sections of this chapter or private acts, there is permitted the sale and consumption of beer, ale, and other alcoholic beverages in parks or recreation areas under the supervision and control of the board, subject to the following restrictions:

1. Beer may be sold and consumed only at municipally owned golf courses.

2. All provisions of metropolitan council ordinances and this code pertaining to the sale of beer at retail shall apply to the sale of beer at municipal golf courses; except, that no beer shall be sold after eight p.m. or before eight a.m. weekdays.

3. Beer and alcoholic beverages may be sold for consumption on premises of any property leased from the board of parks and recreation for use by a professional athletic team. Provided, however, alcoholic beverages may be sold for consumption only in the stadium club or restaurant or in enclosed suites and only when the facilities are being utilized for professional baseball activities. The beer permit shall be valid only when the facilities are being utilized for professional athletic team activities. All distance requirements set forth in Chapter 7.08 of the Metropolitan Code must be met by the applicant prior to issuance of the beer license.

4. Beer, ale, and other alcoholic beverages may be sold and consumed at special events in parks and recreation areas that are under the supervision and control of the Metropolitan Board of Parks and Recreation, subject to the board's approval and appropriate state or local permits. (Ord. BL2015-1102 §§ 1—3, 2015; Ord. BL2000-263 § 1, 2000; Ord. 98-1430 § 1, 1998; Ord. 97-772 § 1, 1997; Ord. 94-960 § 1, 1994; Ord. 90-1339 § 1 (30A-1), 1990; prior code § 30A-1-29)

13.24.100 Bathing and swimming.

No person shall bathe, wade or swim in any waters under the supervision and control of the board except at such times and in such places as the board may designate or maintain as bathing areas. No person shall bathe, wade or swim, or appear in any such area unless covered with a bathing suit which must be kept in place at all times, and appropriate public park attire must be worn outside of such areas. No person shall dress or undress in any park except in such bathhouses as may be designated or maintained for that purpose. (Ord. BL2012-261 § 16, 2012; prior code § 30A-1-22)

13.24.110 Boating.

A. No boat or vessel shall be laid up, stored, repaired or placed for any other purpose on park land except by permits.

B. No person shall operate a boat propelled by sail or steam, naphtha, gasoline, electric or other motor or engine, or row or paddle a row boat, canoe or raft in, on or upon any waters under the supervision and control of the board unless able to control or handle the same with safety to himself or other occupants thereof, or otherwise than in a careful or prudent manner and at a rate of speed so as not to disturb the reasonable comfort or endanger the property of another or the life and limb of any person, or in such manner as to annoy or endanger occupants of other boats. No person shall stand up in or rock any row boat or canoe.

C. No boat of any class shall land upon the shores of any park except at such locations as may be designated or maintained as landing places, except in an emergency.

D. Boating of any kind in a bathing area is forbidden.

E. All rules and regulations which have been proclaimed and adopted by the state game and fish commission as to the operation of vessels on portions of Old Hickory Lake are adopted in this section as if they were set out in the entirety.

F. The metropolitan board of parks and recreation is authorized to adopt rules and regulations concerning the use of Riverfront Park for the docking and anchoring of boats. These rules and regulations may include a rate schedule which allows for the charging of a reasonable fee for such use of the park facility, as well as a reasonable fee for the permitting of all boats docking or anchoring at Riverfront Park. The rules and regulations adopted by the board of parks and recreation may further include a procedure for their proper enforcement, provided such rules and regulations shall not be effective unless approved by the adoption of a resolution of the metropolitan county council.

1. No person shall operate a boat at Riverfront Park in violation of the rules and regulations established by the board of parks and recreation. Persons operating boats contrary to such rules and regulations shall be charged with a violation of the applicable rule.

2. Each violation of the rules and regulations concerning the docking or anchoring of boats at Riverfront Park, adopted by the board of parks and recreation and filed with the metropolitan clerk, shall constitute a separate offense. Each day any violation occurs shall also be considered as a separate offense. Each offense shall be punishable pursuant to the provisions of Section 1.01.030 of the Metropolitan Code of Laws. (Ord. 1329 § 2 (part), 1995; Amdt. 2 to Ord. 91-1560, 5/21/91; Amdt. 1 to Ord. 91-1560, 4/16/91; Ord. 91-1560 § 1, 1991; prior code § 30A-1-20)

13.24.120 Animals—Protection requirements.

A. No person shall, within any park, molest, kill, wound, trap, hunt, take, chase, shoot or throw missiles at, remove or have in his possession, any feral animal, reptile, bird, bird's nest or squirrel's nest, or remove the young of any such animal or the eggs or young of any such reptile or bird, or knowingly buy, receive, have in his possession, sell or give away any such animal, reptile, bird or egg so killed or taken.

B. No person shall feed animals in any zoo area, except unconfined squirrels, sparrows, pigeons and ducks. No person shall throw anything whatever into any animal cage or enclosure, or tease, annoy, frighten, molest or injure in any manner any animal or bird, whether confined or otherwise. (Prior code § 30A-1-18)

13.24.130 Animals—Running at large.

A. 1. No person owning or being custodian or having control of any animal shall cause or permit such animal to go at large in the park. A dog may be brought into a park; provided, that such dog shall be continuously restrained by a leash not exceeding six feet in length; except, that no dog or other animal shall be permitted in buildings or in zoos, playgrounds, bathing and other areas designated by signs as prohibited areas. In areas clearly identified by signage approved by the Board of Parks and Recreation as leash-free areas, dogs are allowed off-leash and will not be considered at large if under the control of the owner or custodian.

2. Prior to constructing a dog park or designating an off-leash area on park property, the board of parks and recreation shall notify the district councilmember for the district where the dog park and/or off-leash area is to be located. The district councilmember shall have ten days in which to provide written comments to the board regarding possible community issues or concerns associated with the location of the proposed dog park and/or off-leash area.

B. Any animal found at large may be seized and impounded or disposed of pursuant to the laws or ordinances of the state and the metropolitan government in relation to the disposal of stray animals on the highways or other public places.

C. No person having the care or charge of any dog or other animal shall permit such animal to enter or drink the water of any drinking fountain, lake or pond in any park except at places designated or maintained therefor. (Amdt. 1 to Ord. BL2013-389 § 1, 2013; Ord. BL2013-389 § 1, 2013; prior code § 30A-1-26)

13.24.140 Construction work.

A. No person or agency shall perform construction work or any kind of work incidental thereto in any park without a permit or under a contract with the board.

B. No person shall erect or maintain projections on, over or under any park without first obtaining a permit therefor from the board, and upon such terms and conditions, and without making such compensation to the metropolitan government as the board may determine. (Prior code § 30A-1-30)

13.24.150 Exhibitions and contests.

A. No person shall erect any structure, stand or platform, exhibit any dramatic performance or the performance, in whole or in part, of any interlude, tragedy, comedy, opera, ballet, play, farce, minstrelsy, dancing, entertainment, motion picture, public fair, circus, juggling, rope-walking or any other acrobatics or show of any kind or nature, or parade, drill or maneuver of any kind, or run or race any horse or other animal or being in or on a vehicle, race with another vehicle or horse whether such race is founded on any stake, bet or otherwise, or hold any athletic contest, in any park except in accordance with the rules and regulations of the board.

B. The board shall adopt, promulgate and enforce such rules and regulations consistent with the proper use and protection of the park property under its supervision and control. (Prior code § 30A-1-14)

13.24.160 Fires and lighted cigarettes.

A. No person shall kindle, build, maintain or use a fire except in fireplaces provided or in self-supporting barbecue grills or stoves in designated picnic areas or under special permit. Any fire shall be continuously under the care and direction of a competent person over twenty-one years of age from the time it is kindled until it is extinguished, and no fire shall be built within ten feet of any tree or building, or beneath the branches of any trees or in any underbrush.

B. No person shall throw away or discard any lighted match, cigar or cigarettes in any park or park-street. Cigars, cigarettes and matches shall be extinguished and deposited in a suitable container provided for the reception thereof. (Prior code § 30A-1-19)

13.24.170 Fishing.

Fishing is prohibited in any waters under the supervision and control of the board, except in such areas as are designated or maintained as fishing areas. No person shall have in his possession or take or attempt to take any fish in any such waters except in such designated areas, or at any time throw missiles at any fish, or place in such waters any piscivorous fish, poison or other substance injurious to fish. (Prior code § 30A-1-21)

13.24.180 Games.

No person shall in any park throw, cast, catch, kick or strike any baseball, golf ball, tennis ball, football, basketball, bowling ball, croquet ball, bean bag or other object, nor shall any person engage in any sport, game or competition, in places specifically prohibited. (Prior code § 30A-1-25)

13.24.190 Horses and beasts of burden.

No person shall use, lead, ride or drive a horse or other beast of burden in any park, except on designated bridle paths or along routes customarily used for access to and from bridle paths, unless otherwise authorized by the board. Driving or riding on a bridle path in a reckless manner is prohibited. Horses shall be well broken and constantly held in such control that they may easily or quickly be turned or stopped. No person shall permit any horse owned by him, or in his care or custody, to be unbridled or left unattended in any unclosed space, without being securely fastened. (Prior code § 30A-1-27)

13.24.200 Meetings, assemblies and ceremonies.

A. No person shall erect any structure, stand or platform, hold any meeting, perform any ceremony, make a speech, address or oration, or exhibit or distribute any sign, placard, notice, declaration or appeal of any kind or description, in any park except by permit issued by the board.

B. Upon application, such permit will be issued unless:

1. The use for which the permit is sought is of a private or commercial nature; or

2. The location selected is not suitable because the area is specially landscaped and planted with botanical, flower, shrub or tree exhibits; or

3. The location selected is not suitable because it is one of the specialized park use areas such as zoos, skating rinks, swimming pools, recreational, etc.; or

4. The date and time requested has previously been allocated by permit, or would obstruct and interfere substantially with park use and enjoyment by the public.

C. Whenever a permit is denied by reason of paragraphs (2), (3) or (4) of subsection B above, alternative suitable locations and dates shall be offered to the applicant. (Prior code § 30A-1-15)

13.24.210 Peddling.

No person shall, in any park or to any person in any park, exhibit, sell or offer for sale, hire, lease or let out any object or merchandise, or anything whatsoever, whether corporeal or incorporeal, tickets for entertainments or other affairs of any description included, except under a permit issued by the board. For advertising, commercial or publicity purposes, no person shall take moving pictures or photographs within the limits of any park, or buy or sell or publish the negatives thereof or the prints therefrom or exhibit such negatives or prints in public, or use pictures or photographs of any park or park structure, or perform any personal service for hire in any park, except under a permit or otherwise than in accordance with the terms of such permit. Possession of objects or merchandise in quantities, packages or containers customarily associated with peddling shall be deemed to be prima facie evidence of exhibiting or offering for sale. (Prior code § 30A-1-17)

13.24.220 Picnics.

The board is authorized to adopt, promulgate and enforce rules and regulations governing picnics or outings consistent with the proper use and protection of park property. Such authority shall include but not be limited to regulating the time, place and manner where picnics or outings may be held and may include the issuance of permits therefor. (Prior code § 30A-1-16)

13.24.230 Skating and sledding.

A. No person shall use roller skates or in-line skates in any park except at such times and upon such places as may be designated or maintained therefor, or skate, sled, walk or go upon any ice, or snowshoe or ski or tow persons on skis, sleds or skates, except at such times and upon such places as may be designated or maintained therefor.

B. No person shall, in any park, coast with handsleds, bobs, carts or other vehicles, on wheels or runners, except at such times and upon such places as may be designated or maintained therefor.

C. The operators of roller skates and in-line skates are further subject to the provisions of Metropolitan Code of Laws Chapter 12.58. (Ord. 98-1352 §§ 4, 5, 1998; prior code § 30A-1-23)

13.24.240 Model airplanes, boats and autos.

No person shall in any park engage in toy aviation, model boating or model automobiling, except at places designated or maintained therefor. (Prior code § 30A-1-24)

Article IV. Vehicles and Traffic

13.24.250 Compliance with police and park directions required.

All persons shall at all times heed and comply with traffic directions of the police officers indicated by gesture or otherwise in using parks, and shall further comply with directions on traffic signs along the routes in the parks. Directions on such traffic signs may be disregarded only on an order of a police officer. In parking spaces, all persons shall comply with the directions of a park employee. (Prior code § 30A-1-31)

13.24.260 Compliance with state and metropolitan traffic laws required.

No person shall operate a motor vehicle within any park area in violation of the laws of the state or the metropolitan government. Persons operating motor vehicles contrary to such laws shall be charged with violating the applicable statute of the state provision of this code. (Prior code § 30A-1-44)

13.24.270 Reckless driving prohibited.

No person shall, in any park, operate or drive or propel, and no owner thereof shall cause or permit to be operated, driven or propelled, any vehicle recklessly or negligently or at a speed or in such a manner as to endanger or injure persons or property. (Prior code § 30A-1-36)

13.24.280 Speed limits.

A. No person shall drive a vehicle on a street within any park at a speed greater than is reasonable and prudent under the conditions then existing. Where no special hazard exists, the maximum speed limit in all parks shall be twenty miles per hour, unless otherwise posted.

B. When official signs are posted indicating the speed limit in certain areas, it shall be unlawful for any person to drive or operate a vehicle in such area in excess of the legal speed limit as posted. (Prior code § 30A-1-32)

13.24.290 Restrictions on certain vehicles.

A. Commercial Vehicles. Vehicles constructed or adapted for or engaged in the carrying of merchandise, including samples of merchandise, trucks and trailers are prohibited from using any park except where necessary to make deliveries in such park. Whenever service roads adjoin the main roadway to a park, such vehicles shall use the service roads set apart for such use. In all cases, such vehicles shall enter such parks from the nearest street intersection or entrance, in the direction of traffic, and leave by the nearest intersecting street or exit in the direction of traffic.

B. Vehicles With Signs. Vehicles having any name, insignia or sign painted or displayed thereon for businesses or advertising purposes are prohibited in parks, except as provided in subsection A of this section. For purposes of identification, name and address only of the owner of the vehicles on the sides thereof in letters not more than two inches in height shall not be construed as being displayed for business or advertising purposes.

C. Vehicles Carrying Garbage. No garbage, ashes, manure or other offensive material shall be carried through any park. When such refuse is to be removed from premises fronting on any park, the vehicle collecting the same shall leave the park as soon as the collection has been accomplished, and by the shortest available route.

D. Omnibuses. No person shall drive or operate within any park any omnibus adapted for more than seven passengers, except under a permit. Omnibuses known as outing buses will be permitted to operate between the shortest possible routes from outside a park to deliver to or pick up its passengers from a picnic, bathing or other recreation area only if a permit to enter the park has been issued to the person sponsoring the outing, picnic, etc. Buses shall proceed over the route and to the parking space designated in the permit. Parking in the designated parking space will be limited to the time prescribed in the permit.

E. Hearses. No hearse or other vehicles carrying or used for carrying the body of a dead person shall enter or be allowed in any park, except by permit or in case of emergency. (Prior code § 30A-1-33)

13.24.300 Areas of vehicle operation restricted.

No person shall, in any park, drive or operate a vehicle within or upon a safety zone, walk, bridle path or any part of any park designated or customarily used for such purposes. No person shall ride a bicycle, velocipede or scooter in any park, except in places designated for such riding, but persons may push such machines in single file to and from such places, except on beaches. (Prior code § 30A-1-37)

13.24.310 Parking.

No person, in stopping or parking a vehicle in any park area, shall:

A. Disobey a lawful and reasonable order of a police officer or any park employee in the discharge of their duties or disobey or disregard the notices, prohibitions, instructions or directions on any park sign or parking meter, including rules and regulations of museums or zoological or botanical gardens posted on the grounds or buildings of such institutions.

B. No person shall, between eleven p.m. and one-half hour before sunrise, stop or park a vehicle in a park, except at places designated or maintained therefor. (Prior code § 30A-1-40)

13.24.320 Operation off of paved roadway prohibited—Stalled vehicles.

A. No vehicle shall be operated or driven off the improved or paved roadways of any park or parkway unless so directed by a police officer or park employee.

B. All stalled or disabled vehicles shall be removed from paved roadways in parks so as to prevent obstruction of traffic. If not so removed by the owners or operators, then such vehicles may be removed to the metropolitan government towing lot at the expense of the owners.

C. No disabled vehicle shall be permitted to remain in a park for a longer period than twenty-four hours. (Prior code § 30A-1-42)

13.24.330 Obstructing traffic prohibited.

No person shall cause or permit any vehicle to obstruct traffic in any park, or to stop such vehicle except at those places specifically designated or maintained for the purpose of stopping or parking, except in cases of emergency. (Prior code § 30A-1-39)

13.24.340 Driving instruction prohibited.

Instructions in operating automobiles or motorcycles is prohibited in parks at all times. Persons who may not lawfully operate a vehicle within the state or the metropolitan government area shall not drive or operate a vehicle within any park. (Prior code § 30A-1-38)

13.24.350 Hitchhiking prohibited.

No person shall, in any park or park street, attempt to stop or stop, by any visible or audible sign or signal, any vehicle for the purpose of soliciting a ride, except in case of emergency. (Prior code § 30A-1-35)

13.24.360 Soliciting passengers prohibited—Exceptions.

No person shall solicit passengers for any automobile, coach, taxi, omnibus or other vehicle in any park, except in such areas as may be designated therefor, and only to the extent specifically designated. All chauffeurs, drivers and attendants of such vehicles shall remain in close proximity to their vehicles while the same are unloading, awaiting or loading passengers. In no case shall cruising or soliciting of passengers in a park be permitted. (Prior code § 30A-1-34)

13.24.370 Towing and projecting articles prohibited—Exceptions.

A. No person shall cause or permit a vehicle to be towed by another vehicle in any park; except, that in case of a breakdown, a disabled vehicle may be towed to the nearest exit. Licensed towing operators may enter such park in response to a call from an owner or operator of a disabled vehicle. In all cases, such towing operators shall enter such park from the nearest street intersection or entrance, in the direction of traffic, and leave by the nearest intersecting street or exit in the direction of the traffic.

B. No person shall operate or drive in any park a vehicle containing any person or object projecting or hanging outside or on the top thereof; except, that outdoor sports and recreation equipment, including, but not limited to, skis, ski poles, fishing rods, beach chairs, beach umbrellas, tent poles, toboggans and sleds, may be carried on the rear of such vehicle or on a rack designed for that purpose and attached to the top thereof; provided, that in all cases, fastenings shall be secure and substantial and such equipment so carried shall in no case project more than twelve inches above the top or to the rear of such vehicle. (Prior code § 30A-1-41)

13.24.380 Repair work on vehicles prohibited.

No person shall, in any park, grease, lubricate or make repairs to any vehicle, except those of a minor nature, and then only in cases of emergency. (Prior code § 30A-1-43)

Article V. Unlawful Activities

13.24.390 Advertising and sponsorship on park property.

A. Except as provided in subsection B. of this section, no person shall distribute, display, transport, carry or construct any flag, banner, sign, emblem, model, device, pictorial representation or other matter within any park for advertising purposes. Nor, for the same purpose, shall any person display, by means of aircraft, kite,

balloon, aerial bomb or any other device, any flag, banner, sign or any other matter above the surface of any park for advertising purposes within the park. No person shall operate any musical instrument or drum or cause any noise to be made within any park for advertising purposes or for the purpose of attracting attention to any exhibition, performance, show or other spectacle. Nothing herein shall be construed as to prohibit any gathering or function of a political or of a religious nature.

B. The board is authorized to adopt rules and regulations to provide for sponsorships of park programs, events, projects, facilities, and sites. Such rules and regulations shall include, but not be limited to: the types of facilities, projects, events, and programs that may be sponsored; the size, number, and placement of sponsor signs; the use of logos; and the types of industries and products that are not eligible for sponsorship. The board shall have the authority to enter into sponsorship agreements with a total value not to exceed twenty-five thousand dollars. All sponsorship agreements with a total value in excess of twenty-five thousand dollars must be approved by a resolution adopted by the metropolitan council. (Ord. BL2013-543 § 1, 2013; prior code § 30A-1-6)

13.24.400 Aviation.

No person shall voluntarily bring, land or cause to descend or alight within or upon any park, any airplane, flying machine, balloon, parachute, or other apparatus for aviation. "Voluntarily," in this connection shall mean anything other than a forced landing. Any landing other than one caused by mechanical or structural failure of the aircraft or any of its parts shall be deemed to have been made voluntarily, and this shall include landings caused by error or oversight, negligence or failure to comply with FAA regulations or rulings. This section is to be construed in pari materia with Section 13.24.240 of this code. This section shall not apply to parachuting activities in conjunction with the Tennessee Women's Suffrage Centennial Celebration in Centennial Park. (Ord. BL2020-225 § 1, 2020; prior code § 30A-1-10)

13.24.410 Camping.

No person shall tent or camp or erect or maintain a tent, shelter or camp in any park, except in those areas specifically designated by the board for such purpose. (Prior code § 30A-1-11)

13.24.420 Commercial fishing.

No person shall take or attempt to take for commercial purposes any eels, fish or other forms of marine life in any park by using hand or power operated equipment, including but not limited to trawls, nets, dredges or eel combs. No person shall have in his possession in any park any hand or power operated equipment designed for or customarily used for the taking, for commercial purposes, of any form of marine life, nor, shall any person have in his possession in any park eels, fish or other form of marine life in quantities more than sufficient for personal use of the possessor, or which would violate limits set by the state game and fish commission. (Prior code § 30A-1-12)

13.24.430 Disorderly conduct.

No person shall, in any park:

A. Disobey the lawful and reasonable order of a police officer or park employee in the discharge of his duties or disobey or disregard the notices, prohibitions, instructions or directions on any park sign or parking meter, including rules and regulations of museums or zoological or botanical gardens posted on the grounds or buildings of such institutions;

B. Use threatening, abusive or insulting language;

C. Do any obscene or indecent act;

D. Throw, cast or propel stones or other missiles;

E. Solicit alms, subscriptions or contributions for any purpose;

F. Interfere with, encumber, obstruct or render dangerous any part of a park;

G. Climb or lie upon any wall, fence, shelter, seat, statue, monument or other structure;

H. Do any act tending to or amounting to a breach of peace;

I. Enter or leave any park facility except at established entrance ways or exits, or at established times;

J. Use or gain admittance to or attempt to use or gain admittance to the facilities in any park for the use of which a charge is made without paying the charge or price fixed by the board;

K. Engage in, instigate, or encourage a contention or fight, whether or not a ring or prize fight;

L. Do, aid, abet or assist in doing any act injurious to any person, animal or property within any park not specifically prohibited in this chapter;

M. Act as crier or advertiser, through the media of voice, public address system or other mechanical device, in any park or in the vicinity of the same. (Prior code § 30A-1-7)

13.24.440 Explosives, fireworks and firearms.

A. No person shall bring into or have in his possession in any park any firearms, slingshots, firecrackers, torpedoes, fireworks or other missile propelling instruments or explosives, including any substance, compound, mixture or article having properties of such a character that alone or in combination or contiguity with other

substances, mixtures, compounds or articles may propel missiles or may decompose suddenly and generate sufficient heat, sound, gas or pressure or any or all of these to produce rapid flames, combustion or noxious or dangerous odors or sounds such as to annoy any other person or to injure any person or property.

B. The prohibition against firearms in subsection A. of this section shall operate as a prohibition against the possession of a handgun by a person authorized to carry a handgun pursuant to Tennessee Code Annotated § 39-17-1351 within any park owned or operated by the metropolitan government. (Ord. BL2009-489 § 2, 2009; Prior code § 30A-1-9)

13.24.450 Gambling.

No person shall play any games of chance, sell fortunes or futures, participate in the conduct of a lottery or use any slot machine, gaming table or instrument or bring into any park or have in his possession while there any implements or devices commonly used, or intended to be used, for gambling purposes. (Prior code § 30A-1-8)

13.24.460 Polluting.

A. Littering. No person shall take into, carry through, leave in or throw, cast, lay, drop or discharge into or on any park any rubbish of any sort, including but not limited to ashes, dross, cinders, shells, fruits, fruit skins, vegetable foodstuff, paper, pasteboard, dirt, sand, oil, grease, clay, loam, stone or building rubbish, hay, straw, oats, sawdust, shavings or manufacturing trade or household waste, vehicles or parts thereof as junk, old iron or other metal or objects made therefrom, or sick, diseased or dead animals, organic refuse or other offensive matter, including swill, brine, urine, offal, fecal matter, garbage or rubbish. The placing, except in receptacles provided for refuse, or using for any other purpose than reading, of newspapers or other papers in a park is prohibited. No person shall throw, cast, lay or deposit any bottle or piece of crockery, or any glass or glassware or any part thereof, or metallic or other substance with sharp edges or projections, in any park. No person shall place household refuse and garbage in receptacles which are provided solely for newspapers and litter resulting from normal park use.

B. Spitting. No person shall in any park or park street, spit upon any walk, crossing, safety zone, structure, bridge, platform, stairway or floor of any building or structure.

C. Polluting Waters. No person shall throw, cast, lay, drop or discharge into or leave in the waters used for bathing or waters in any park or in any storm sewer or drain flowing into such waters any substance, matter or thing, liquid or solid, which may or shall result in the pollution of such waters.

D. Discharging into Sewers. No person shall discharge, directly or indirectly, into any opening or into any gutter leading into any sewer, receiving basin or drain, in or leading into any park, any gas or vapor or any substance which may form a deposit tending to choke the same, or any volatile liquid which will emit an inflammable vapor, or any steam or hot water above one hundred degrees Fahrenheit. (Prior code § 30A-1-5)

13.24.470 Hunting and trapping wildlife—Carrying firearms.

A. It is unlawful for any person to hunt or trap any of the game or fowl within any parks located within the area of the metropolitan government, which are under the jurisdiction and control of the board of park commissioners.

B. It is unlawful for any person, other than an official park policeman on duty or other law enforcing officer, to carry or discharge a firearm of any description or any BB gun or air rifle within any of the parks of the metropolitan park system, which are under the jurisdiction of the board of park commissioners. (Prior code § 29-1-46)

13.24.480 Plant life—Disturbing, removing or destroying.

A. No person shall in any park destroy, cut, break, deface, mutilate, injure, disturb, sever from the ground or remove any growing thing, including but not limited to any plant, flower, flower bed, shrub, tree, growth or any branch, stem, fruit or leaf thereof; or bring into or have in his possession in any park any tool or instrument intended to be used for the cutting thereof, or any garden or agricultural implements or tools which could be used for the removal thereof; or pile or maintain any material or debris of any kind against or upon the same; or attach any rope, cable or other contrivance thereto; or set fire to any trees, shrubs, plants, flowers, grass, plant growth or living timber; or suffer any fire upon land to extend into park lands; or hitch any horse or other animal to or leave the same standing enough to injure any tree, shrub, lawn or grass plot; or go upon any prohibited lawn, grass plot or planted area, except at such times and in such manner as the board may designate.

B. No person shall bring into or have in his possession in any park any tree, shrub or other plant or any branch, stem, flower or leaf thereof.

C. No person shall attach any posters or directional signs to trees. (Prior code § 30A-1-4)

13.24.490 Property—Removing or destroying.

No person shall injure, deface, displace, remove, fill in, raise, destroy or tamper with any drive, path, walk, bridge or approach thereto; take up, remove or carry away any asphalt, curb, flagstone, rock, stone, gravel, sand, clay or earth; make any excavation of any kind, name or nature; harvest, cut, injure or remove any ice; injure, mutilate, deface, displace, remove or destroy any wall, fence, shelter, seat, statue, monument or other structure, building, post, railing, bench, seat, platform, stand, tree guard, telephone, telegraph, pipe or main for conducting gas, water or wires or any hydrant, sewer, drain, pipe, main, receiving basin, covering, manhole or vent forming a part thereof, or any appurtenance or appendage conforming therewith, or any other property or equipment, real or personal, owned by the metropolitan government or under the supervision or control of the board or appertaining to the creation, government, use or maintenance of any park; or injure, deface, displace, remove or destroy any sign, notice, inscription, post or monument erected or marked for any purpose, or any milestone, danger sign or signal, guide sign or post, or any signaling device, sanctioned, installed or placed by the board, by the police department or traffic and parking commission of the metropolitan government within any park for the purpose of directing, restricting or regulating traffic, establishing zones or giving information or directions to the public; or interfere with any lamp, lamppost, gas or electric light apparatus or light, or extinguish the light therein, or attach string, adjust or suspend any wires or similar objects on or over any part of any park. (Prior code § 30A-1-3)

Chapter 13.26

NAMING OF PUBLIC BUILDINGS

Sections:

13.26.010	**Ordinance required to name public buildings.**
13.26.020	**Other requirements.**

13.26.010 Ordinance required to name public buildings.

No building or structure of the metropolitan government may be named except pursuant to an ordinance duly adopted by the metropolitan county council. (Ord. 94-1052 § 1, 1994)

13.26.020 Other requirements.

A. Any ordinance filed with the council seeking to name a public building or structure after a person or company shall have attached biographical information of the person to be so honored and if a company, information relating to its history and contribution to the metropolitan government. Any ordinance filed seeking to name a building or structure under the operation or control of a board or commission of the metropolitan government shall have a recommendation of such board or commission prior to its adoption on second reading by the council.

B. Upon the filing of any ordinance seeking to rename, demolish, or sell a public building previously named after a person, if the name designation provided under subsection A. will not be preserved, such ordinance must be forwarded to the metropolitan historical commission for review as to the historical significance of the person for which the building was named. The historical commission shall provide a written report to the metropolitan council prior to the consideration of the ordinance on second reading including biographical information of the person for which the building was named and their contribution to the metropolitan government, as well as whether the person honored should be recognized by the metropolitan government in another way such as by placing a historical marker after the building named for them is renamed, demolished, or sold. No action shall be taken by the council on second reading until the report from the historical commission has been submitted to the council or sixty days has passed from the date the ordinance was forwarded by the metropolitan clerk to the historical commission. (Amdt. 1 to Ord. BL2021-783 § 1, 2021; Ord. BL2021-783 § 1, 2021; Ord. 94-1052 § 2, 1994)

Chapter 13.27

DYNAMIC SYMBOL OF ACCESS

Sections:

13.27.010	**Dynamic symbol of access required.**
13.27.020	**Effective date.**

13.27.010 Dynamic symbol of access required.

A. The director of the department of general services shall promulgate the necessary rules for the purpose of designating the symbol of access to be used for buildings owned or operated by the metropolitan government on signage indicating access and parking for persons with disabilities.

B. The director of the department of public works shall promulgate the necessary rules for the purpose of designating the symbol of access to be used within public rights-of-way maintained by the metropolitan government on signage indicating access and parking for persons with disabilities.

C. The symbol must depict a logo with a dynamic character leaning forward with a sense of movement, be readily identifiable, and be simply designed with no secondary meaning. The symbol must signify equivalent facilitation and accessibility as the previously used international symbol of access. The symbol must be depicted in substantially the following form:

D. The symbol must be accompanied by the adjective "Accessible," when appropriate for the signage, and must be used to designate every point of access for persons with disabilities for all metropolitan government buildings, structures, or real property constructed or purchased on or after July 1, 2020. For existing metropolitan government buildings, structures, real property, and rights-of-way, signage indicating access for persons with disabilities must conform to the requirements of this section when:

1. The signage is replaced or repaired;

2. When the area of an existing metropolitan government building, structure, or real property containing signage is renovated; or

3. When new parking areas are designated on metropolitan government property or within the public right-of-way. (Ord. BL2020-116 § 1, 2020)

13.27.020 Effective date.

The provisions of this chapter shall take effect July 1, 2020. (Ord. BL2020-116 § 1, 2020)

Division II. Urban Services District Regulations

Chapter 13.28

HOUSE NUMBERING SYSTEM

Sections:

13.28.010	**West of Cumberland River.**
13.28.020	**East of Cumberland River.**
13.28.030	**Allotment of numbers—Display required when.**
13.28.040	**Removing or changing numbers prohibited.**

13.28.010 West of Cumberland River.

The following system for the numbering of houses and lots in the urban services district west of the Cumberland River is adopted:

A. Broadway, beginning at the west bank of the river, continuing west at West End Avenue to the boundary of the urban services district, shall be the dividing line north and south. The Cumberland River shall be the dividing line east and west.

B. Even numbers shall be placed on the north and east sides of streets and odd numbers on the south and west sides of streets on the west side of Cumberland River. (Prior code § 38-2-23)

13.28.020 East of Cumberland River.

The following system for the numbering of houses and lots in the urban services district east of the Cumberland River is hereby adopted:

A. Main Street from Cumberland River to Tenth Street, East Lindsley Street from Tenth Street to Eleventh Street, at the intersection of Woodland Street and Woodland Street from Eleventh Street to the boundary of the urban services district shall be the dividing line north and south.

B. Even numbers shall be placed on the south and west sides of streets and odd numbers on the north and east sides of streets. (Prior code § 38-2-24)

13.28.030 Allotment of numbers—Display required when.

A. The director of public works is authorized and empowered to allot house numbers for all houses abutting on streets in the urban services district, and the owners of such houses shall provide themselves with numbers allotted to them and with number plates of the general design and pattern approved by the director of public works and shall cause the same to be placed upon their houses whenever such houses are unnumbered or are numbered incorrectly.

B. The director of public works shall require street numbers to be displayed on all commercial businesses in Metropolitan Nashville, Davidson County. The size and design of the street numbers shall be approved by the director of public works, who is empowered to establish rules and regulations regarding the disposition of street numbers to ensure that the street number is visible from the street. (Prior code § 38-2-25)

13.28.040 Removing or changing numbers prohibited.

It is unlawful to take down, deface, destroy, injure or change any of the numbers placed on buildings under the provisions of this chapter, or to use or permit to be kept upon any building any different number than is authorized by the director of public works. (Prior code § 38-2-26)

Chapter 13.32

STREET AND SIDEWALK REGULATIONS

Sections:

13.32.010	**New streets—Designation and naming.**
13.32.020	**Ditch digging—Permit required.**
13.32.030	**Repair and maintenance—Owner responsibility—Hold harmless agreement.**
13.32.040	**Snow and ice removal—Owner responsibility.**
13.32.050	**Private snow plow service permits.**
13.32.060	**Reserved.**
13.32.070	**Reserved.**
13.32.080	**Encroachments prohibited—Notice to abate.**
13.32.100	**Removal of obstructions—Offender's responsibility.**
13.32.105	**Impoundment and disposal.**
13.32.110	**Public nuisances prohibited.**
13.32.120	**Barbed wire fences prohibited—Exceptions.**
13.32.130	**Reserved.**
13.32.140	**Dumping fires or burning cinders prohibited.**
13.32.150	**Burning leaves or trash prohibited.**
13.32.160	**Curb service of food or merchandise—Regulations.**
13.32.165	**Sidewalk cafe dining facilities.**
13.32.166	**Parklet and streatery.**
13.32.170	**Gratings or cellar doors opening onto sidewalks—Restrictions.**
13.32.190	**Depositing wood, coal or lumber on sidewalks.**
13.32.200	**Throwing articles from houses into street.**
13.32.210	**Injuring trees prohibited.**
13.32.220	**Washing vehicles on streets prohibited.**

13.32.010 New streets—Designation and naming.

A. All streets running north and south that may be opened or that may be brought into the urban services district shall be numbered consecutively, commencing with the number following that number which has already been given the last street that has been thus numbered. Of these streets herein referred to, those on the west side of the river shall be called "avenues," and those on the east side of the river shall be called "streets." Such streets and avenues shall be called "North" or "South," according as they are north or south of Main Street on the east side of the river, and according as they are north or south of Broadway and West End.

B. Such streets and avenues shall be marked by erecting posts and signs with the names thereof upon them, of some durable material or enameled steel, and shall be painted a durable color. It shall be unlawful for any person to deface such signs or posts in any particular. (Prior code § 38-2-19)

13.32.020 Ditch digging—Permit required.

No person shall make, dig or throw up any ditch, drain, trench, gutter, gully or canal in, through or across any of the streets, lanes or alleys of the urban services district without first obtaining a permit for such purpose from the director of public works, specifying the time when and place where the same is to be done. (Prior code § 38-2-22)

13.32.030 Repair and maintenance—Owner responsibility—Hold harmless agreement.

A. It shall be the duty of both the owner and the person in possession of any property that adjoins a street, alley or sidewalk in the urban services district to keep and maintain that portion thereof which immediately adjoins and lies along the margin of such street, alley or sidewalk free from dangerous holes, declivities, excavations, obstructions and other defects that constitute a hazard to persons lawfully and properly using the street, alley or sidewalk. Such owner and such person in possession of such property shall erect such fences, rails or barriers along such street, alley or sidewalk as may be necessary to prevent such excavations, holes, declivities, obstructions and other defects from constituting a hazard to persons lawfully and properly using the street, alley or sidewalk. Such owner and such person in possession of such property shall also upon notice from the director of public works, place and securely fasten red warning lights at and along such street, alley or sidewalk; and keep the same burning during the entire night, and shall keep such lights burning each night until such dangerous condition has ceased to exist.

B. The owner and person in possession of such property adjoining a street, alley or sidewalk shall indemnify and hold harmless the metropolitan government from any and all damages, losses, claims, charges,

costs, suits, and actions of every nature and description that may be brought against the metropolitan government as a result of any injury or damage to persons or property sustained by reason of the violation of or failure to comply with this section or any part thereof, and such owner or person in possession of such property shall be liable over to the metropolitan government. The metropolitan government may recover from such owner or person in possession the full amount of its loss and damage, including all court costs, irrespective of whether there was a joint liability and a joint judgment against the metropolitan government and such owner or person in possession of such property. (Prior code § 38-2-7)

13.32.040 Snow and ice removal—Owner responsibility.

It shall be the duty of every owner or proprietor of any dwelling house, business house or other house abutting on any public street, square or avenue within the fire district to remove or cause to be removed from the sidewalk immediately in front of his premises all snow and ice which may each day accumulate thereon. (Prior code § 38-2-9)

13.32.050 Private snow plow service permits.

A. [Definitions.] As used in this chapter, the following definitions apply:

"Director" means the director of the metropolitan government department of public works or his designee.

"Homeowners association" means a formal legal entity comprised of property owners within a single subdivision, development or common area with the legal authority to enforce codes, covenants and restrictions addressing common property restrictions, building, maintenance and safety issues on behalf of and upon its members.

"Neighborhood association" means a voluntary organization comprised of residents, property owners and/or business owners organized to improve and maintain the quality of life within a neighborhood through organized activities, communications, and advocacy on behalf of its residents or property owners.

"Obstruction" means any structure, embankment, device, item or thing placed or existing within the right-of-way of the metropolitan government which hinders, impedes or affects the flow of traffic, whether such obstruction is permanent or temporary.

"Person" means any and all persons, natural or artificial, including but not limited to any individual, firm, association, partnership or corporation.

"Private snow plow service" means the scraping, removal or displacement of snow and/or ice from any street, road, alley, sidewalk or other public way by automated means by any person other than the Metropolitan Government of Nashville and Davidson County.

B. Permit Required. No person shall provide private snow plow service or otherwise remove snow and/or ice by automated means from any street, road, alley, sidewalk or other public way, nor shall any person close or occupy any portion of the public right-of-way by means of or in connection with any snow plow services or obstruction within the jurisdiction of the metropolitan government without having first applied for and obtained from the director a permit to do so.

C. Permit Requirements—Approval, Bond, and Insurance.

1. A permit authorizing private snow plow service may be issued only upon submission by the applicant of prior written approval from at least one of the following:

a. The homeowners' association representing the location where private snow plow services are sought;

b. The neighborhood association representing the location where private snow plow services are sought;

c. The district member(s) of the metropolitan council representing the area where private snow plow services are sought; or

d. At least eighty percent of the occupant(s) of the properties abutting the street, road, alley, sidewalk or other public way in which snow plow services are sought.

For the purposes of this subsection, the written approval shall include the following information: (1) the name, address, telephone number and email address of the approving party; (2) the date upon which approval was granted; (3) the name, address, telephone number and email address of a contact person representing the applicant; (4) the signature of the applicant or applicant's representative; (5) the signature(s) of the approving party; and (5) such other information as may be required by the director.

2. No private snow plow service permit shall be issued to any person until such person shall first have posted a payment and performance bond satisfactory to the director. The amount of the bond shall be forty thousand dollars, unless otherwise established by the director.

3. It shall be the responsibility of the applicant to furnish to the department of codes administration a permit bond in the amount of forty thousand dollars, conditioned to conform to the requirements of this chapter and all applicable laws, ordinances, rules and regulations of the metropolitan government relating to the work for which a permit is required, or for work performed by the principal for which a permit should have been obtained; and to indemnify the metropolitan

government and property owners against any and all loss by reason of the failure of such person to comply with such laws, ordinances, rules and regulations. Such bond shall be continuous and may not be canceled without at least ten days' prior notice, in writing, to the director of codes administration. The liability of the surety shall continue to attach to work performed pursuant to any permit issued prior to the termination date of the bond even if the non-complying act should occur after the termination date of the bond. The liability of the surety for any and all claims, suits or action under this bond shall not exceed the bond penalty of forty thousand dollars. The bond shall be issued by a U.S. Treasury-listed corporate surety or a Tennessee domestic insurance company on forms provided by the department of codes administration.

4. It shall be the responsibility of the applicant to furnish a current certificate of public liability insurance issued by a Tennessee-licensed company which provides a minimum of one million dollars per occurrence. The certificate of insurance shall name the metropolitan government as an additional insured and may not be canceled without at least thirty days' prior notice, in writing, to the director.

D. Permit Issuance, Cost and Duration.

1. Permits shall be issued by the director to any person qualified under Section 13.32.050C. of the Metropolitan Code, meeting all other requirements of this chapter, and upon receipt of the appropriate permit fee.

2. The fee for private snow plow service permits shall be fifty-five dollars each. Upon issuance, each permit shall remain valid and effective for a period of three years.

E. Services Provided are Solely at the Expense of the Requesting Party. All private snow plow services authorized under this section shall be provided solely at the expense of the requesting party. In no event shall the Metropolitan Government of Nashville and Davidson County be held responsible for the costs or expenses associated with the provision of private snow plow services.

F. Compliance with Traffic and Safety Laws and Regulations. All private snow plow services provided by a permitee will be the responsibility of the permittee. The snow plow service activities shall be in accord with, and shall strictly comply with, the Metropolitan Code of Laws, all state and federal traffic and safety laws and regulations, and the specifications of the department of public works. All snow plow service activities shall be subject to the approval of the director of public works.

G. Repair or Replacement of Sidewalks, Pavements and Other Special Structures Required—Specifications.

1. Every person providing private snow plow services on any street, road, alley, sidewalk or other public way within the jurisdiction of the metropolitan government shall repair and/or replace all curbs, gutters, sidewalks, or other special structures that are disturbed, displaced or removed in the course of providing such services, solely at the expense of the person providing private snow plow services and in accordance with the standard requirements and specifications of the department of public works. (No additional permit fee shall be required for such replacement.)

2. Pavements or other street surfacing—other than curbs, gutters and sidewalks—removed or damaged as a result of private snow plow services on any street, road, alley or other public way within the jurisdiction of the metropolitan government shall be replaced by and at the expense of the person providing such services. The pavement replacement shall be performed by a reputable paving contractor within thirty days of the removal or damage, or within such shorter or longer time as the director may require. All pavement replacement under this subsection shall be made in accordance with the requirements and specifications of the department of public works and shall only be performed during the presence of inspection personnel of the department of public works.

H. Public Way Closure and Traffic-Control Devices. In connection with the issuance of a permit under this chapter, the director shall have the authority to close temporarily or to authorize temporary closure of any street, road, alley, sidewalk, or any other public way or part thereof when, in the director's opinion, the closing is necessary. No public way shall be closed for any purpose without first obtaining a permit from the director.

In connection with the issuance of a permit under this chapter, the director may install, or may require installation and maintenance of, traffic-control devices. Such devices and their placement shall meet the requirements of the latest edition of the Manual for Uniform Traffic Control Devices (MUTCD).

I. Penalty for Violation. In addition to any other penalty imposed for failure to obtain a permit required under this chapter, if commenced before a permit is issued, the permit fees or any permit subsequently issued for that activity shall be tripled.

J. Regulations. The director shall have authority, with the approval of the mayor, to implement this chapter by appropriate rules and regulations. (Amdt. 1 to Ord. BL2016-206 § 1, 2016; Ord. BL2016-206 § 1, 2016)

Editor's note—Prior to reenactment by Ord. BL2016-206, Ord. BL2012-261, § 17, adopted Oct. 16, 2012, repealed § 13.32.050, which pertained to flagpole socket regulations—Contract authorization—Approved locations and derived from prior Code § 38-2-16.

13.32.060 Reserved.

Editor's note—Ord. BL2012-261, § 17, adopted Oct. 16, 2012, repealed § 13.32.060, which pertained to flagpole socket contract—Cancellation and derived from prior Code § 38-2-17.

13.32.070 Reserved.

Editor's note—Ord. BL2012-261, § 17, adopted Oct. 16, 2012, repealed § 13.32.070, which pertained to use of flags, poles and fixtures—Requirements and derived from prior Code § 38-2-18.

13.32.080 Encroachments prohibited—Notice to abate.

It is unlawful for any person who owns, or, as agent of an owner, is in control of any property in the urban services district, to have, maintain or hereafter cause to be erected, within or upon any street, alley, highway or wharf or any part thereof, any house, fence, wall or building. Any person who has innocently erected such an encroachment shall be entitled to receive written notice of such encroachment from the director of public works and shall be given ten days from the receipt of such notice in which to remove such encroachment. (Prior code § 38-2-4)

13.32.100 Removal of obstructions—Offender's responsibility.

A. No person or other entity shall permit any rocks, wood, lumber, abandoned property or other obstruction whatsoever, other than a legally parked motor vehicle, to remain on the public square or any street, public right-of-way, sidewalk, or alley. Officers of the metropolitan police department, Nashville Fire Department, and Nashville Department of Transportation and Multimodal Infrastructure (NDOT) shall cause the prompt removal of such material or obstruction, whether by the person or entity responsible for the obstruction or otherwise.

B. In addition to any penalty imposed for the violation of this section, the person or entity offending shall be liable to pay the reasonable expense of removing and disposing of such material or obstruction, together with all costs of storage and administrative costs.

C. For purposes of this section, abandoned property shall mean personal property, other than a motor vehicle, that is not the property of the metropolitan government, that is not the subject of an encroachment permit or other lawful metro permit, that does not consist of utility infrastructure and that is placed in a public place or public right-of-way:

i. For at least forty-eight continuous hours,

ii. In a manner that interferes with vehicular or pedestrian traffic or otherwise creates a reasonable safety concern, or

iii. The owner of the property is arrested for violation of Tenn. Code Ann. Sections 39-17-307 or 62-30-101 et seq., or any other applicable criminal law. (Ord. BL2023-1647 § 3, 2023; prior code § 38-2-6)

13.32.105 Impoundment and disposal.

A. Property removed from the public right-of-way or other publicly owned location pursuant to Section 13.32.100 shall be taken to a place of impoundment designated by the chief of police or director of NDOT. The director of NDOT shall have authority to make regulations to address the procedure for property removal, forfeiture, sale, and redemption.

B. If present at the time of the removal, the owner of property to be removed from the public right-of-way shall be given a receipt, which shall include the following information:

i. A complete list of the removed items;

ii. A complete list of the items disposed of at the time of the removal;

iii. The impoundment location, including operating hours; and

iv. The name, title and contact information of the official authorizing the removal and impoundment.

If not present at the time of the removal, reasonable efforts shall be made to notify the owner of any removed property and provide the owner with a receipt as described hereinabove. In no event shall perishable items be impounded; any such perishable items shall be immediately disposed of for health reasons at the time of impoundment. The metropolitan government shall retain a copy of all receipts and notices provided to owners whose property has been removed, destroyed, or impounded.

C. The metropolitan government shall have no liability to the owner of the property for the disposal of or damage resulting from the removal or storage of the removed property. An owner seeking to recover removed property shall pay the metropolitan government's reasonable costs incurred in removal and storage at the time of recovery. Removed property remaining unclaimed after ten business days shall be deemed forfeited and may be disposed of by sale or otherwise. (Ord. BL2023-1647 § 2, 2023)

13.32.110 Public nuisances prohibited.

No person shall take, carry, expose or place in or upon any street, alley or sidewalk any substance, animal or thing which is or is likely to become a public nuisance, or which shall imperil the life, health or safety of any person who is or may properly be in or on such street, alley or sidewalk or which, through the giving off of odors or noises, shall be or become offensive, or injuriously affect the comfort and safety of persons using such street, alley or sidewalk. (Prior code § 38-2-21)

13.32.120 Barbed wire fences prohibited—Exceptions.

A. It is unlawful for any person to erect a fence along any sidewalk in the urban services district with barbed wire or razor wire, or a fence of any kind on which barbed wire or razor wire is used; provided, that this section shall not be construed to prevent anyone from stretching a single strand of barbed wire on the top of any fence over seven feet high to prevent anyone from climbing over the same.

B. All fences described in subsection A are also declared to be nuisances and dangerous to the public, and it shall be the duty of the owner of such fence to remove the same within five days after due notice from the director of public works. (Ord. BL2004-427 § 1, 2004; prior code § 38-2-15)

13.32.130 Reserved.

Editor's note—Ord. BL2012-261, § 18, adopted Oct. 16, 2012, repealed § 13.32.130, which pertained to dragging timber prohibited and derived from prior Code § 38-2-13.

13.32.140 Dumping fires or burning cinders prohibited.

It is unlawful to place, make or dump any fire or burning cinders upon any street, alley, public way or square, the surface paving of which may be injured, damaged or deteriorated by reason thereof, except for the purpose of preparing, removing, reconstructing or repairing such paving. (Prior code § 38-2-12)

13.32.150 Burning leaves or trash prohibited.

It is unlawful to burn any leaves, trash, refuse matter or other inflammable material on any sidewalk or pavement or in any street within the urban services district. (Prior code § 38-2-11)

13.32.160 Curb service of food or merchandise—Regulations.

The following rules and regulations with reference to the serving of food or drinks and the sale of other merchandise to passengers in vehicles in or near streets shall be enforced by all police officers and it shall be unlawful for any storekeeper, merchant or purveyor of food, drinks, service or merchandise to violate any of the following regulations:

A. Automobiles shall not encroach on spaces set aside for pedestrian traffic and shall not park so as to interfere with the use of sidewalks or pedestrian traffic.

B. All vehicles, the occupants of which desire service at the curb, shall be parked parallel with the curb, facing the direction of traffic on the side of the street on which the store is located.

C. Parking shall be permitted only within the property lines of the store at which service is sought, where space is available.

D. Loud or continuous blowing of horns is prohibited.

E. Containers, bottles, straws, tissue napkins or trash shall not be thrown into the street or gutter.

F. Driveways across sidewalks into drive-in stations on private property are permitted, subject to the approval of plans by the director of public works. (Prior code § 38-2-20)

13.32.165 Sidewalk cafe dining facilities.

A. Sidewalk cafe dining facilities are authorized to be located within the public right-of-way, not including parking, unloading/loading, and travel lanes, subject to the rules and regulations of subsection D. Revisions to said regulations shall require the approval of the director of the Nashville Department of Transportation and Multimodal Infrastructure ("NDOT") and the approval of the metropolitan council by ordinance.

B. Any person who maintains and/or operates any sidewalk cafe dining facility within any public right-of-way without first obtaining a permit from the metropolitan government shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not to exceed the amount specified at Section 1.01.030 of the Metropolitan Code, and each day that such violation continues to occur shall be deemed a separate offense.

C. Any person making application for a permit to operate a sidewalk cafe dining facility shall, in addition to filing the appropriate application as required by NDOT, pay to the metropolitan government a nonrefundable fee of one hundred dollars to cover the cost of processing such application and an annual fee per square foot for right-of-way use at a rate determined by NDOT. If a renewal of the permit is desired, an application for renewal must be made at least thirty days prior to the expiration of the existing permit and must be accompanied by the nonrefundable fee of one hundred dollar as well as the annual fee per square foot for right-of-way use.

D. Rules and Regulations.

1. Operation of sidewalk cafe dining facilities shall require a permit from NDOT. Such permits shall be available throughout the jurisdiction of Metropolitan Nashville and Davidson County. For the purposes of this section, a "sidewalk cafe dining facility" means an area adjacent to a street level restaurant or equivalent eating or dining establishment, located within the public right-of-way, not including parking, unloading/loading, and travel lanes, and used for dining, drinking and related activities. A sidewalk cafe dining facility may provide waiter or waitress services or may be self-service. Compliance with sidewalk cafe dining guidelines may be required as part of the permit process.

2. All permits issued pursuant to this section shall be for a period of one year, renewable annually, and must be posted on the premises. If an applicant is not the owner of the property abutting the requested right-of-way, such application must have written approval by the owner of said property. Both the applicant and the owner of the abutting property, if different from the applicant, are responsible for any damage to the public right-of-way arising out of operation of the sidewalk cafe dining facility, and must immediately restore the right-of-way upon request to the specifications of the director of NDOT.

3. Each application must be accompanied by a plan showing all proposed activities to be conducted upon the public right-of-way not including the parking, unloading/loading or travel lane, etc. and all items proposed to be placed upon said right-of-way. A description of the area proposed to be encumbered must accompany each application. No stakes, rods, support poles or holes for whatever purpose are allowed to be drilled in the public right-of-way. No permanent fixtures are permitted in the public right-of-way. No outside sandwich board signs are permitted in the right of way. The right-of-way used for sidewalk cafe must be maintained in a safe manner and disability accessible and free of pedestrian hazards.

4. The plan so presented at the time application is sought must include every activity proposed to be conducted upon the public right-of-way. For example, if food service is planned for the sidewalk area, the application must so state. If any entertainment or music is contemplated, the application must disclose this in detail. Anything not specifically included in an application will be considered to be excluded.

5. A minimum of five feet of sidewalk must be left clear for pedestrian traffic (measured from the edge of the encroachment to the curb or to any other obstruction, such as parking meters, signposts, etc.) and placement must not obstruct ingress or egress from vehicles parked at the curb. In cases where the sidewalk does not allow for five feet of sidewalk clearance, the applicant must demonstrate via a diagram that a minimum of four feet of sidewalk clearance will be maintained.

6. The area surrounding the sidewalk cafe dining location must be kept completely free of debris, trash or litter of any type. Such cleanup and maintenance shall be the joint responsibility of the applicant and the property owner, if different from the applicant.

7. Sidewalk cafe dining facilities must not obstruct any doorway and must have thirty-six inches minimum access opening from the edge of the encroachment.

8. The applicant shall hold harmless and indemnify the metropolitan government from any and all liability resulting from personal injury or property damage resulting in any way from the operation of sidewalk cafe facilities, including court costs and attorneys' fees. Proof of insurance in an amount of not less than one million dollars in a form acceptable to the metropolitan government from a company licensed to do business in the State of Tennessee must be furnished with the application.

9. The sale and consumption of beer and other alcoholic beverages at sidewalk cafe locations is permitted if the requirements of all pertinent laws, rules and regulations for the sale and consumption of beer and/or alcoholic beverages have been met prior to the filing of any application sought pursuant to these regulations. If beer and other alcoholic beverages are served at the sidewalk cafe, the applicant must provide proof of liquor liability insurance in an amount of not less than one million dollars in a form acceptable to the metropolitan government from a company licensed to do business in the State of Tennessee must be furnished with the application.

10. Food preparation on the public right-of-way is prohibited.

11. Any permit issued pursuant to this section may be immediately canceled or suspended by the director of NDOT for any reason and at any time. The metropolitan government shall have the right, at any time and for any reason, with or without notice, to remove from the public right-of-way any and all items placed thereon pursuant to any permit issued under this section, and to dispose of same in any manner without liability to the permit holder or to any other party; provided, however, that the director of NDOT shall use best efforts to provide at least twenty-four hours' notice to any permit holder whose operations will be affected by the provisions of this section.

12. All permits issued pursuant to this section shall be kept and displayed in a conspicuous manner that is visible to the public in the sidewalk face dining facility for which it is issued, such as displayed in an outward

facing window. (Ord. BL2025-957 §§ 1, 2, 2025; Amdt. 1 to Ord. BL2022-1405 § 1, 2022; Ord. BL2022-1405 § 1, 2022; Ord. BL2020-403 § 1, 2020; Ord. BL2020-403 § 1, 2020; Ord. 93-593, 1993)

13.32.166 Parklet and streatery.

A. Definitions:

1. "Parklet" means a small public gathering space, occupying up to two parking stalls or a loading zone, as applicable, on the public street, and treated in all respects as a public sidewalk, but the facilities of which are privately owned and maintained.

2. "Streatery" means up to two parking stalls or a loading zone, as applicable, used either as an extension of, or a stand-alone sidewalk cafe, connected visually to, and for use by patrons of, a nearby restaurant or bar and service at which is subject to all terms and conditions of the nearby restaurant or bar's food service permits and alcohol licenses.

B. Parklet/streatery facilities are authorized to be located within the area of the public right-of-way (ROW) occupied by parking spaces, and unloading/loading zones, subject to Metro Code Title 12 and related regulations. Revisions in said regulations shall require the approval of the director of the Nashville Department of Transportation and Multimodal Infrastructure ("NDOT") and the approval of the metropolitan council by resolution.

C. Any person who maintains and/or operates any parklets or streatery facility withing the public right-of-way without obtaining a permit from the metropolitan government shall be deemed guilty of a misdemeanor and upon conviction thereof shall be subjected to a fine not to exceed the amount specified in Section 1.01.030 of the Metropolitan Code, and each day that such violation continues to occur shall be deemed a separate offense.

D. Any person making application for a permit to operate a parklet/streatery facility, which are available with one-year terms, shall, in addition to filing the appropriate application as required by NDOT, pay to the metropolitan government a nonrefundable fee of one hundred fifty dollars to cover the cost of processing such application. With regard to a streatery, the permittee shall also pay an additional annual fee per based on the lost revenue from the metered parking spaces occupied by the streatery, or a lower rate, per non-metered parking space occupied thereby, as determined by NDOT. If a renewal of the permit is desired, an application for renewal must be made at least thirty days prior to the expiration of the existing permit and must be accompanied by the non-refundable fee of one hundred fifty dollars as well as, if applicable, the annual fee per metered and non-metered spaces occupied by the right-of-way use.

E. Rules and Regulations.

1. Site Plan. All applicants shall provide a plan with their application form that clearly includes and indicates all the following information:

a. The footprint of the proposed parklet/streatery, including sufficient detailed information to illustrate the design elements on either end of the proposed parklet/streatery.

b. All property lines, right-of-way lines, sidewalk width, parklet/streatery length and width, existing parking stalls, and all surface obstructions within fifteen feet of the occupied area (e.g., fire hydrants, streetlights, parking meters, street trees, utility access covers).

c. The number(s) on all parking meters that are to be removed must also be included in all drawings. These numbers are generally posted on the meter.

d. Provide as much detail as possible to aid in metro's review of the application.

2. Parklet/Streatery Programming. Indicate what type of elements the applicant is proposing on the parklet/streatery (e.g., tables and chairs, benches, landscaping, bike parking, etc.) and provide a maintenance plan for the parklet/streatery. This should include information such as whether the elements will be removed from the public right of way each day, seasonal management, and management during inclement weather.

3. Support. A letter from fronting property owners is required. Each applicant must adequately and robustly involve the surrounding community in the development of the proposal by involving neighbors and tenants of the subject property, and any existing merchant or neighborhood groups. The applicant must provide reliable and verifiable documentation of this support in the form of letters, petitions, emails, etc.

4. Indemnity and Hold Harmless Statement. Each applicant shall provide a signed agreement to defend, indemnify, save, and hold harmless the city and all its officer, agents, or employees from any liability for damages resulting from any and all operations under the permit in a form approved by the metropolitan attorney. Proof of insurance, in an amount of not less than one million dollars, in a form acceptable to the metropolitan government, from a company licensed to do business in the State of Tennessee, must be furnished with the application.

5. Departmental Review. An interdepartmental committee (planning, department of transportation and multimodal infrastructure (NDOT), beer board, water, police,

fire) will review applications, on a first-come-first-served basis, to ensure that the concept application meets program criteria.

6. Compliance with Laws and Insurance. The sale and consumption of beer and other alcoholic beverages at streatery facilities is permitted if the requirements of all pertinent laws, rules and regulations for the sale and consumption of beer and/or alcoholic beverages have been met prior to the filing of any application sought pursuant to these regulations. If beer and other alcoholic beverages are served at the streatery, the applicant must provide proof of liquor liability insurance in an amount of not less than one million dollars, in a form acceptable to the metropolitan government, from a company licensed to do business in the state of Tennessee. Furthermore, in the case of a streatery, where the applicant is a restaurant or bar who intends to serve food in the streatery area, all state and local health laws and regulations for food service shall be applicable to the area of the streatery, too.

7. Permit Application. For those applicants with an accepted conceptual application; the next step is to submit a construction permit application and fully detailed site plan, including but not limited to items such as cross sections, elevations, structural details, safety treatments, existing utilities, and maintenance of traffic plans. Metro staff will work with the applicant in a collaborative fashion during this period to ensure that the parklet/streatery design is appropriate and that the final drawings produced meet requirements.

8. Construction Permit Approval. Within five business days from submittal of a final plan, if it is determined by the NDOT that the application satisfies all policy requirements and the applicant has paid all necessary fees, NDOT will grant final approval and issue a permit, taking into consideration the recommendation of the interdepartmental committee.

9. Construct Parklet/Streatery. Upon permit issuance and as a condition of permit approval, applicants are required to meet with NDOT no less than ten days before beginning any site work. Installation of the parklet must be completed within two weeks of permit issuance.

10. Other Permits. In conjunction with the parklet/streatery right-of-way permit, the applicant is required to obtain any other applicable permits that may be required by other agencies.

11. Parklet/Streatery Removal.

a. The permittee, at the permittee's sole cost, shall be responsible for removal of the parklet/streatery and restoring the right of way to its original condition upon the occurrence of one or more of the following events:

i. The cessation of use,

ii. Failure to comply with permit conditions or other legal requirements, or

iii. The parklet/streatery poses a dangerous condition or threat to life or property.

b. Metro may remove the parklet for any of the following reasons:

i. Failure to maintain the parklet,

ii. Violation of policies and regulations adopted for this program by NDOT,

iii. Violation of the permit,

iv. Modifications not previously approved by metro,

v. When the parklet/streatery encroachment causes a dangerous condition or threat of danger to life or property as determined by the director of NDOT. This includes but is not limited to, where:

(A) The parklet/streatery is encroaching into a travel lane or bike lane;

(B) The parklet/streatery has lost structural integrity;

(C) A gap develops between the parklet/streatery and sidewalk; or

(D) The parklet/streatery creates visibility issues.

vi. As a condition of permit issuance, the parklet/streatery permittee shall agree in writing, in a form approved by the metropolitan department of law, to authorize metro to remove the parklet/streatery at the permittee's sole cost in the event that any of the occurrence of any of the circumstances for removal herein.

vii. If any of the above violations occur, the applicant will be sent notice of the violations and, except in the case of dangerous or threatening conditions, will be given a maximum of five working days to remedy the condition or remove the parklet/streatery. If the permittee fails to timely or adequately maintain or repair the encroachment or remove the encroachment within the five working days, the permit will be terminated. Once the permit is terminated, the parklet/streatery must be removed at the sole cost of the permittee within three calendar days. When the encroachment causes a dangerous condition or threat of danger to life or property, the permit will be terminated without the five day notice and removed immediately at permittee's cost.

c. Metro, at its sole discretion, may remove the parklet/streatery and restore the public right-of-way to its previous condition upon a finding that it is in the public interest for metro to fund or partially fund removal of the parklet/streatery.

12. Transfer of Permits. If the permittee sells its business interests, one of the following must be done:

a. Removal of the parklet/streatery; or

b. Upon the approval of metro, a new permit in the purchaser's name may be issued. The new permittee must comply with all other requirements for the issuance of a permit.

13. Program Changes. Metro reserves the right to amend the parklet/streatery program and all terms contained within it up until the point that a final permit is issued. Applicants may withdraw their application if they do not agree with any of the policy changes. (Ord. BL2023-1689 § 1, 2023)

13.32.170 Gratings or cellar doors opening onto sidewalks—Restrictions.

A. It is unlawful to open any grating or cellar door in any sidewalk within the urban services district, unless the grating or door is opened by a person standing on the sidewalk. Such grating or door shall be allowed to remain open only so long as may be absolutely necessary, and while open shall be carefully secured by a railing or barricade.

B. No owner or occupant of a house in the urban services district shall suffer or permit his cellar door on the Public Square or on any street, lane or alley to be or remain open, except when in actual use, or shall have it so insecure as to render walking thereupon or thereover unsafe or dangerous. (Prior code § 38-2-8)

13.32.190 Depositing wood, coal or lumber on sidewalks.

It is unlawful for any person to throw or permit to be thrown, and there to remain for more than one hour, any wood, coal or any kind of lumber on any sidewalk or that part of the street, lane or alley appropriated for sidewalks, except so far as is absolutely unavoidable in cases of building. (Prior code § 38-2-10)

13.32.200 Throwing articles from houses into street.

It is unlawful for any person to throw or cause to be thrown any article of any description out of any house or part of house into any of the streets, lanes or alleys in the urban services district or any part of the public square. (Prior code § 38-2-3)

13.32.210 Injuring trees prohibited.

No person shall wilfully break, pull down, hurt or destroy any tree which is now or may hereafter be planted within the urban services district; provided, that nothing in this section shall be so construed as to prevent the metropolitan government from removing any tree which it may deem so situated as to obstruct any street or sidewalk, or to prevent any proprietor of a lot from cutting down any tree on or in front of his lot. (Prior code § 38-2-1)

13.32.220 Washing vehicles on streets prohibited.

The washing of vehicles on the streets of the urban services district is prohibited and declared to be a nuisance. (Prior code § 38-2-14)

Chapter 13.36

RESERVED*

*Editor's note—Ord. BL2012-261, § 19, adopted Oct. 16, 2012, repealed Ch. 13.36, §§ 13.36.010—13.36.130, which pertained to curb markets and derived from prior Code §§ 25-2-1—25-2-13.

Chapter 13.40

PARKING LOTS, DECKS AND GARAGES

Sections:

13.40.010	**Definitions.**
13.40.020	**Provisions supplemental to building code.**
13.40.030	**Safeguard requirements.**
13.40.040	**Operations—Restrictions.**
13.40.050	**Compliance required—Variances.**
13.40.060	**Enforcement—Appeals.**
13.40.070	**Disabled driver parking in lots owned by the metropolitan government.**

13.40.010 Definitions.

For the purposes of this subchapter, the following words and phrases shall have the meanings respectively ascribed to them by this section:

"Basement and underground garages" mean and include garages located below grade and used solely for parking purposes. Motor vehicles may be parked by a garage attendant or by the driver. A basement garage has occupancies above it. An underground garage has no occupancy, other than a garage, above it.

"Car," "Truck" and "Vehicle." Such terms are interchangeable, and each includes the other.

"Existing" means in operation as of the effective date of this chapter.

"Parked vehicle" means any vehicle which has been assigned to a specific space in the parking pattern of a particular parking lot, parking deck or garage, and does not apply to a vehicle temporarily stopped on a ramp, aisle way, or in an entrance or exit.

"Parking garages" means garages having exterior enclosing walls, used for the parking of motor vehicles. Parking garages may involve the use of conventional type elevator, attendant operated, mechanical control push button elevators or ramps.

"Parking lots" means lots used for the temporary storage of passenger cars or trucks and having no building other than a waiting room and office space for the attendants at the lot.

"Proposed or new" means any parking facility established after the effective date of this chapter.

"Public parking decks" means open-air parking garages or structures having not less than fifty percent of two sides of the structure open at each story and limited in use only to the temporary parking of motor vehicles.

"Ramps" means passageways used in garages and parking decks to travel from one parking level to another. The term "ramp" does not include the entrances and exits of parking lots, parking decks or garages, and does not include aisle ways provided in a parking pattern for ingress and egress to specific parking spaces. (Prior code § 30-2-1)

13.40.020 Provisions supplemental to building code.

This chapter is intended to be supplemental to, and not in conflict with, the building code. (Prior code § 30-2-6)

13.40.030 Safeguard requirements.

A. All new and existing parking garages, public parking decks and open-air parking lots shall provide adequate safeguards to prevent automobiles, trucks or vehicles of any type from striking, pushing against, scraping, hitting or touching in any manner, the walls of adjoining buildings and to prevent automobiles, trucks or vehicles of any type from projecting out beyond the property line of the parking lot, garage or parking deck in question onto a public right-of-way, sidewalk or onto private property.

B. Such safeguards, unless otherwise adequately provided for, shall consist of a continuous wheel guard not less than six inches in height above the floor, with clear passage of forty-four inches between the wheel guard and the edge of the structure or property line. Along the outside boundary line of the structure or lot, at any point where vehicles are not parked parallel to the boundary, there shall be erected and maintained an adequate barrier capable of stopping, without damage to the exterior walls or to adjoining buildings, a vehicle weighing five thousand pounds and traveling at a speed of ten miles per hour. This barrier may be in the form of reinforced concrete spandrels or walls built contiguous with the slabs and columns or may be an adequate metal, or equal, guard rails or rails securely anchored to the ground, floors or columns. (Prior code § 30-2-2)

13.40.040 Operations—Restrictions.

The operation of public parking lots, parking garages, public parking decks, basement and underground garages shall be restricted as follows:

A. Wherever practicable, ramps shall be erected parallel to streets and street walls.

B. Vehicles shall not be backed across sidewalks unless a watchman is posted on the sidewalk at that time.

C. Vehicles shall not be parked on ramps if the ramp grades are greater than one to ten.

D. Cars shall not be operated in excess of ten miles per hour in parking facilities.

E. When parking spaces are arranged so that vehicles are backed into or parked in spaces at right angles to sidewalks or paths of pedestrian travel, adequate barriers to deflect exhaust fumes shall be erected and maintained.

F. Any other item which, in the opinion of the director of the department of codes administration, is reasonably necessary for the safe operation of any parking facility.

G. All parking lots and parking garages open to the public for which a parking fee is charged shall display a sign at the entrance of the parking lot or garage or at each automatic pre-payment station indicating the fee to be charged, as well as the amount of any fines or penalties that may be charged. The sign indicating the fee, fine and/or penalty to be charged shall be of adequate size and design to be clearly visible and legible to the motoring public. (Amdt. 1 to Ord. BL2017-741 § 1, 2017; Ord. BL2017-741 § 1, 2017; Ord. BL2013-390 § 1, 2013; Ord. BL2004-170 § 1, 2004; prior code § 30-2-3)

13.40.050 Compliance required—Variances.

A. No parking facilities, parking lots, parking garages, public parking decks, basement or underground garages, shall be operated in violation of this chapter. No parking facilities shall be licensed to operate unless the same have been first inspected and approved by the director of the department of codes administration or his authorized representative.

B. Where, by reason of exceptional narrowness, shallowness or shape of a specific piece of property, or by reason of exceptional topographical conditions or other extraordinary or exceptional situations or conditions of a piece of property, the application of this chapter and the regulations contained herein would result in a peculiar and exceptional practical difficulty to or exceptional or undue hardship upon the use of such property as a public parking lot, public parking deck or parking garage, or where the proposed use of such property is temporary in nature pending other development or use of such property by its owner and the strict application of this chapter would prevent the use of such property for parking facilities on a temporary basis by reason of the expense involved, the board of building code appeals shall have the power in a specific case to vary from strict application so as to relieve such difficulties or hardships, provided such relief may be granted without substantial detriment to the comfort, safety, convenience and general welfare of the citizens and purpose of this chapter. (Prior code § 30-2-4)

13.40.060 Enforcement—Appeals.

The director of the department of codes administration shall enforce the provisions of this chapter. No license shall be issued or renewed for the operation of any parking facility until the same has been approved as complying with the requirements of this chapter. Any person dissatisfied with any ruling of the director in the enforcement of this chapter may appeal therefrom to the board of building code appeals and have a hearing de novo on the matter in issue. (Prior code § 30-2-5)

13.40.070 Disabled driver parking in lots owned by the metropolitan government.

The department of public works shall post signs at the entrances to all parking garages owned by the metropolitan government informing drivers that, pursuant to T.C.A. § 55-21-105, no parking fee is charged for vehicles with a valid disabled driver license plate or placard. (Ord. BL2010-650 § 2, 2010)

The former Ch. 15.04 pertained to similar subject matter and derived from prior Code § 40-1-5(a), (b) (c); Ord. 97-729 § 2, 1997; Ord. BL2006-1239 § 1, 2006.

15.04.010 In general.

A. For purposes of this chapter, the following phrases and words shall have the meanings assigned below, except in the instances where the context clearly indicates a different meaning.

B. Terms not otherwise defined in this chapter, if questioned, shall be as adopted in the latest edition of the "Standard Methods for the Examinations of Water and Wastewater," published by the American Public Health Association, the American Water Works Association, and the Water Pollution Control Federation. (Ord. BL2010-678 § 1, 2010)

15.04.020 Abbreviations.

The following abbreviations shall have the following meanings:

"BOD_5"	Biochemical oxygen demand
"BMP"	Best management practices
"BMR"	Baseline monitoring report
"CFR"	Code of Federal Regulations
"CIU"	Categorical industrial user
"COD"	Chemical oxygen demand
"EPA"	U.S. Environmental Protection Agency
"FOG"	Fats, oils and grease
"FSE"	Food Service Establishment
"GMP"	Good management practices
"gpd"	Gallons per day
"IU"	Industrial user
"l"	Liter
"MBAS"	Methylene-blue-active substances
"mg"	Milligram
"mg/l"	Milligrams per liter
"NPDES"	National Pollutant Discharge Elimination System
"NSCIU"	Non-significant categorical industrial user
"POTW"	Publicly owned treatment works
"RCRA"	Resource Conservation and Recovery Act
"SIC"	Standard industrial classification
"SIU"	Significant industrial user
"SNC"	Significant noncompliance
"SWDA"	Solid Waste Disposal Act, 42 U.S.C. 6901 et seq.
"TSS"	Total suspended solids
"U.S.C."	United States Code

(Ord. BL2010-678 § 1, 2010)

15.04.030 Act or the Act.

"Act" or "the Act" means the Federal Water Pollution Control Act, also known as the Clean Water Act, as amended, 33 U.S.C. 1251 et seq. (Ord. BL2010-678 § 1, 2010)

15.04.035 Antifreeze.

"Antifreeze" means antifreeze and antifreeze mixtures which contain glycolic compounds that are typically toxic and may have excessively high BOD_5 and metals. (Ord. BL2010-678 § 1, 2010)

15.04.040 Approval authority.

"Approval authority" means the Tennessee Division of Water Pollution Control Director or his/her Representative(s). (Ord. BL2010-678 § 1, 2010)

15.04.050 Authority.

"Authority" or "hearing authority" means wastewater hearing authority. (Ord. BL2010-678 § 1, 2010)

15.04.060 Authorized representative of industrial user.

An authorized representative of an industrial user may be:

A. The president, secretary, treasurer, or a vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation, if the industrial user is a corporation;

B. A general partner or proprietor if the industrial user is a partnership or proprietorship, respectively;

C. If the industrial user is a federal, state, or local governmental facility: a director or highest official appointed or designated to oversee the operation and performance of the activities of the governmental facility, or their designee;

D. Or the individuals described in A. through C., above, may designate a duly authorized representative if the authorization is in writing, the authorization specifies the individual or position responsible for the overall operation of the facility from which the discharge originates or having overall responsibility for environmental matters for the company, and the written authorization is submitted to Metro Department of Water and Sewerage Services. (Ord. BL2010-678 § 1, 2010)

15.04.065 Best management practices or BMPs.

Best management practices or BMPs means schedules of activities, prohibitions of practices, maintenance procedures, and other management practices to implement the prohibitions listed in 15.60.080 or Tennessee Rule 1200-4-14-.05(1)(a) and (2). BMPs include treatment requirements, operating procedures, and practices to control plant site runoff, spillage or leaks, sludge or waste disposal, or drainage from raw materials storage. Also, BMPs include alternative means (i.e. management plans) of complying with, or in place of certain established categorical pretreatment standards and effluent limits. (Ord. BL2010-678 § 1, 2010)

15.04.070 Building sewer.

"Building sewer" means a sewer conveying wastewater from the premises of a user to a community sewer. (Ord. BL2010-678 § 1, 2010)

15.04.080 Categorical pretreatment standards.

"Categorical pretreatment standards" means any regulation containing pollutant discharge limits promulgated by EPA in accordance with sections 307(b) and (c) of the Act (33 U.S.C. section 1317) that apply to a specific category of users that appear in 40 CFR Chapter I, Subchapter N, Parts 405-471. (Ord. BL2010-678 § 1, 2010)

15.04.085 Categorical industrial user.

"Categorical industrial user" means an industrial user subject to a categorical pretreatment standard or categorical standard. (Ord. BL2010-678 § 1, 2010)

15.04.090 Community sewer.

"Community sewer" means any sewer containing wastewater from more than one premise. (Ord. BL2010-678 § 1, 2010)

15.04.100 Compatible pollutant.

"Compatible pollutant" means biochemical oxygen demand, chemical oxygen demand, suspended solids, ammonia, pH and fecal coliform bacteria, oil and grease; plus any additional pollutants identified in the publicly owned treatment work's NPDES permit, for which the publicly owned treatment works is designed to treat such pollutants and in fact does remove such pollutants to a substantial degree. (Ord. BL2010-678 § 1, 2010)

15.04.110 Control authority.

The term "control authority" shall refer to the Director of the Metropolitan Department of Water and Sewerage Services, or their authorized representative. (Ord. BL2010-678 § 1, 2010)

15.04.115 Daily maximum.

"Daily maximum" means the arithmetic average of all effluent samples for a pollutant (except pH) collected during a calendar day. (Ord. BL2010-678 § 1, 2010)

15.04.120 Direct discharge.

"Direct discharge" means the discharge of treated or untreated wastewater directly to the waters of the state of Tennessee. (Ord. BL2010-678 § 1, 2010)

15.04.130 Director.

"Director" means the Director of the Metropolitan Department of Water and Sewerage Services or the person designated by the director to supervise the operation at the POTW, and who is charged with certain duties and responsibilities by this title. (Ord. BL2010-678 § 1, 2010)

15.04.140 Domestic sewage.

"Domestic sewage" means wastewater or sewage having the same general characteristics as that originating in places used exclusively as a single-family residence. Strength of the compatible pollutants in domestic sewage shall not exceed the following:

BOD_5	300 mg/l
COD	500 mg/l
Suspended solids	325 mg/l
Ammonia nitrogen	30 mg/l
pH	6.0—9.0 S.U.
Oil and grease	50 mg/l

(Ord. BL2010-678 § 1, 2010)

15.04.150 Environmental Protection Agency.

"Environmental Protection Agency" or "EPA" means the Environmental Protection Agency, an agency of the United States, or where appropriate the term may also be used as a designation for the administrator or other duly authorized official of such agency. (Ord. BL2010-678 § 1, 2010)

15.04.155 Existing source.

"Existing source" means any source of discharge that is not a "new source". (Ord. BL2010-678 § 1, 2010)

15.04.158 Food service establishment.

"Food service establishment" means an establishment engaged in production/clean-up of non-residential food and/or drink. Any building, vehicle, place, or structure, or any room or division in a building, vehicle, place, or structure where food is prepared, served, or sold for immediate consumption on or in the vicinity of the premises; called for or taken out by customers; or prepared prior to being delivered to another location for consumption. (Ord. BL2010-678 § 1, 2010)

15.04.160 Grab sample.

"Grab sample" means a sample which is taken from a waste stream without regard to the flow in the waste stream and over a period of time not to exceed 15 minutes. (Ord. BL2010-678 § 1, 2010)

15.04.170 Holding tank waste.

"Holding tank waste" means any waste from holding tanks such as vessels, chemical toilets, campers, trailers, septic tanks and vacuum-pump tank trucks. (Ord. BL2010-678 § 1, 2010)

15.04.180 Incompatible pollutant.

"Incompatible pollutant" means all pollutants other than compatible pollutants as defined in Section 15.04.100 of this chapter. (Ord. BL2010-678 § 1, 2010)

15.04.190 Indirect discharge.

"Indirect discharge" means the discharge or the introduction of nondomestic pollutants from any source regulated under Section 307(b) or (c) of the Act (33 U.S.C. 1317), into the POTW (including holding tank waste discharged into the system) for treatment before direct discharge to the waters of the state. (Ord. BL2010-678 § 1, 2010)

15.04.200 Industrial user.

"Industrial user" means a source of indirect discharge which does not constitute a "discharge of pollutants" under regulations issued pursuant to Section 402 of the Act. This term shall also include all dischargers of wastes having characteristics other than those of "domestic sewage" as defined in Section 15.04.140. (Ord. BL2010-678 § 1, 2010)

15.04.210 Interference.

"Interference" means a discharge that, alone or in conjunction with a discharge or discharges from other sources, inhibits or disrupts the POTW, its treatment processes or operations, or its sludge processes, use or disposal; or exceeds the design capacity of the treatment works or collection system; or contributes to a violation of any requirement of Metro's NPDES permit. The term includes prevention of sewage sludge use or disposal by the POTW in accordance with Section 405 of the Act (33 U.S.C. 1345) or any criteria, guidelines or regulations developed pursuant to the Solid Waste Disposal Act (SWDA), the Clean Air Act, the Toxic Substances Control Act, or more stringent state criteria (including those contained in any state sludge management plan prepared pursuant to Title IV of SWDA) applicable to the method of disposal or use employed by the POTW. (Ord. BL2010-678 § 1, 2010)

15.04.215 Instantaneous limit.

"Instantaneous limit" means the maximum concentration of a pollutant allowed to be discharged at any time, determined from the analysis of any grab or composited sample collected, independent of the industrial flow rate and the duration of the sampling event. (Ord. BL2010-678 § 1, 2010)

15.04.217 Local limit.

"Local limit" refers to specific discharge limits developed and enforced by Metro upon industrial and commercial facilities to implement the general and specific discharge prohibitions listed in Tennessee Rule 1200-4-14-.05(1)(a) and (2). (Ord. BL2010-678 § 1, 2010)

15.04.220 Mass emission rate.

"Mass emission rate" means the weight of material discharged to the community sewer system during a given time interval. Unless otherwise specified, the mass emission rate shall mean pounds per day of the particular constituent or combination of constituents. (Ord. BL2010-678 § 1, 2010)

15.04.230 Maximum concentration.

"Maximum concentration" means the maximum amount of a specified pollutant in a volume of water or wastewater. (Ord. BL2010-678 § 1, 2010)

15.04.235 Medical waste.

"Medical waste" means Isolation wastes, infectious agents, human blood and blood products, pathological wastes, sharps, body parts, contaminated beading, surgical wastes, potentially contaminated laboratory wastes, and dialysis wastes. (Ord. BL2010-678 § 1, 2010)

15.04.240 Metro.

"Metro" means the Metropolitan Government of Nashville and Davidson County, Tennessee. (Ord. BL2010-678 § 1, 2010)

15.04.245 Monthly average.

"Monthly average" means the sum of all "daily discharges" measured during a calendar month divided by the number of "daily discharges" measured during that month. (Ord. BL2010-678 § 1, 2010)

15.04.248 Multi-dwelling unit.

A multi-dwelling unit is a commercial or residential building with multiple offices or apartments. (Ord. BL2010-678 § 1, 2010)

15.04.249 Municipal user.

A municipal user is a municipality, city, utility district, town or county which provides wastewater services through a contract with the Metropolitan Department of Water and Sewerage Services. (Ord. BL2010-678 § 1, 2010)

15.04.250 National Pollution Discharge Elimination System permit.

"National Pollution Discharge Elimination System or NPDES permit" means a permit issued to a POTW pursuant to Section 402 of the Act (33 U.S.C. 1342). (Ord. BL2010-678 § 1, 2010)

15.04.260 National pretreatment standards.

"National pretreatment standards" or "pretreatment standard" means any regulation containing pollutant discharge limits promulgated by the EPA in accordance with Section 307(b) and (c) of the Act (33 U.S.C. 1347) which applies to industrial users (Prior code § 40-1-5 (a)(23)) as well as any applicable local limits as defined in 15.04.217. (Ord. BL2010-678 § 1, 2010)

15.04.270 New source.

"New source" means:

A. Any building, structure, facility, or installation from which there is (or may be) a discharge of pollutants, the construction of which commenced after the publication of proposed pretreatment standards under Section 307(c) of the Act that will be applicable to such source if such Standards are thereafter promulgated in accordance with that section, provided that:

1. The building, structure, facility, or installation is constructed at a site at which no other source is located; or

2. The building, structure, facility, or installation totally replaces the process or production equipment that causes the discharge of pollutants at an Existing Source; or

3. The production or wastewater generating processes of the building, structure, facility, or installation are substantially independent of an existing source at the same site. In determining whether these are substantially independent, factors such as the extent to which the new facility is integrated with the existing plant, and the extent to which the new facility is engaged in the same general type of activity as the existing source, should be considered.

B. Construction on a site at which an existing source is located results in a modification rather than a new source if the construction does not create a new building, structure, facility or installation meeting the criteria of Section (1)(b) or (c) above but otherwise alters, replaces, or adds to existing process or production equipment.

C. Construction of a new source as defined under this paragraph has commenced if the owner or operator has:

1. Begun, or caused to begin, as part of a continuous onsite construction program: (i) any placement, assembly, or installation of facilities or equipment; or (ii) significant site preparation work including clearing, excavation, or removal of existing buildings, structures, or facilities which is necessary for the placement, assembly, or installation of new source facilities or equipment; or

2. Entered into a binding contractual obligation for the purchase of facilities or equipment which are intended to be used in its operation within a reasonable time. Options to purchase or contracts which can be terminated or modified without substantial loss, and contracts for feasibility, engineering, and design studies do not constitute a contractual obligation under this paragraph. (Ord. BL2010-678 § 1, 2010)

15.04.275 Non-contact cooling water.

"Non-contact cooling water" means water used for cooling that does not come into direct contact with any raw material, intermediate product, waste product, or finished product. (Ord. BL2010-678 § 1, 2010)

15.04.278 Pass through.

"Pass through" means a discharge which exits the POTW into waters of the United States in quantities or concentrations which, alone or in conjunction with a discharge or discharges from other sources, is a cause of a violation of any requirement of Metro's NPDES permit, including an increase in the magnitude or duration of a violation. (Ord. BL2010-678 § 1, 2010)

15.04.280 Person.

"Person" means any and all persons, including individuals, partnerships, co-partnerships, firms, companies, public or private corporations, associations, public or private institutions, state and federal agencies, municipals or political subdivisions, or officers thereof, departments, agencies, or instrumentalities, joint stock companies, trust estates, governmental entity or any other legal entity, or their legal representatives, agents or assigns, organized or existing under the laws of this or any state or country. (Ord. BL2010-678 § 1, 2010)

15.04.285 pH.

"pH" means a measure of the acidity or alkalinity of a solution, expressed in standard units. (Ord. BL2010-678 § 1, 2010)

15.04.286 Pharmaceuticals.

"Pharmaceuticals" means a substance used in the treatment of disease: Drug, medicament, medication, medicine. Pharmaceuticals are drugs or medicine that is prepared or dispensed in pharmacies and used in medical treatment. (Ord. BL2010-678 § 1, 2010)

15.04.288 Pollutant.

"Pollutant" means dredged spoil, solid waste, incinerator residue, filter backwash, sewage, garbage, sewage sludge, munitions, medical wastes, chemical wastes, biological materials, radioactive materials, heat, wrecked or discarded equipment, rock, sand, cellar dirt, oils, greases, municipal, agricultural and industrial wastes, and certain characteristics of wastewater (e.g. pH, tem-

perature, TSS, turbidity, color, BOD, COD, toxicity, or odor). (Ord. BL2010-678 § 1, 2010)

15.04.290 Pollution.

"Pollution" means the man-made or man-induced alteration of the chemical, physical, biological and radiological integrity of water. (Ord. BL2010-678 § 1, 2010)

15.04.300 Premises.

"Premises" means a parcel of real estate or portion thereof, including any improvements thereon, which is determined by the director to be a single user for purposes of receiving, using and paying for services. (Ord. BL2010-678 § 1, 2010)

15.04.310 Pretreatment.

"Pretreatment" means the reduction of the amount of pollutants, the elimination of pollutants, or the alteration of the nature of pollutant properties in wastewater to a less harmful state prior to or in lieu of discharging or otherwise introducing such pollutants into a POTW. The reduction or alteration can be obtained by physical, chemical or biological processes, process changes or by other means, except as prohibited by 40 CFR Section 403.6(d). (Ord. BL2010-678 § 1, 2010)

15.04.320 Pretreatment requirements.

"Pretreatment requirements" means any substantive or procedural requirement related to pretreatment imposed on an industrial user, other than a pretreatment standard. (Ord. BL2010-678 § 1, 2010)

15.04.325 Pretreatment standards or standards.

"Pretreatment standards" shall mean prohibited discharge standards, categorical pretreatment standards, and local limits. (Ord. BL2010-678 § 1, 2010)

15.04.330 Publicly owned treatment works.

"Publicly owned treatment works" or "POTW" means a treatment works as defined by Section 212 of the Act (33 U.S.C. 1292) which is owned by Metro. This definition includes any sewers, devices, or systems used in the collection, storage, treatment, recycling, and reclamation of sewage or industrial wastes of a liquid nature and any conveyances, which convey wastewater to a treatment plant. The term also means the metropolitan government of Nashville and Davidson County, a municipality, as defined in Section 502(4) of the Act (33 U.S.C. 1362) which has jurisdiction over the indirect discharges to and the discharges from such a treatment works. (Ord. BL2010-678 § 1, 2010)

15.04.340 Reclaimed water.

"Reclaimed water" means water which, as a result of treatment of waste, is suitable for direct beneficial uses or a controlled use that would not occur otherwise. (Ord. BL2010-678 § 1, 2010)

15.04.345 Septic tank waste.

"Septic tank waste" means any domestic sewage from holding tanks such as vessels, chemical toilets, campers, trailers, and septic tanks. Septic tank waste does not include commercial food service establishment fats, oils and grease waste. (Ord. BL2010-678 § 1, 2010)

15.04.348 Significant industrial user.

Except as provided in paragraphs C. and D. of this section, a "significant industrial user" is:

A. An industrial user subject to categorical pretreatment standards; or

B. An industrial user that:

1. Discharges an average of twenty-five thousand (25,000) gpd or more of process wastewater to the POTW (excluding sanitary, noncontact cooling and boiler blowdown wastewater); or

2. Contributes a process wastestream which makes up five (5) percent or more of the average dry weather hydraulic or organic capacity of the POTW treatment plant; or

3. Is designated as such by Metro on the basis that it has a reasonable potential for adversely affecting the POTW's operation or for violating any pretreatment standard or requirement

C. Metro may determine that an industrial user subject to categorical pretreatment standards is a nonsignificant categorical industrial user rather than a significant industrial user on a finding that the industrial user never discharges more than 100 gpd of total categorical wastewater (excluding sanitary, non-contact cooling and boiler blowdown wastewater, unless specifically included in the pretreatment standard) and the following conditions are met:

1. The industrial user, prior to Metro's finding, has consistently complied with all applicable categorical pretreatment standards and requirements;

2. The industrial user annually submits the certification statement required in Section 15.60.258 (B) {see Tennessee Rule 1200-4-14-.12(17)}, together with any additional information necessary to support the certification statement; and

3. The industrial user never discharges any untreated concentrated wastewater.

D. Upon a finding that a user meeting the criteria in subsection B. of this part has no reasonable potential for adversely affecting the POTW's operation or for violating

any pretreatment standard or requirement, Metro may at any time, but at least once every twelve (12) months, on its own initiative or in response to a petition received from an industrial user, and in accordance with procedures in Tennessee Rule 1200-4-14-.08(6)(f), determine that such user should not be considered a significant industrial user. (Ord. BL2010-678 § 1, 2010)

15.04.349 Significant noncompliance.

The director shall publish annually, in a newspaper of general circulation that provides meaningful public notice within the jurisdictions served by Metro Water Services, a list of the users which, at any time during the previous twelve (12) months, were in significant noncompliance with applicable pretreatment standards and requirements. The term significant noncompliance shall be applicable to all significant industrial users (or any other industrial user that violates paragraphs C., D. or H. of this section) and shall mean:

A. Chronic violations of wastewater discharge limits, defined here as those in which sixty-six percent (66%) or more of all the measurements taken for the same pollutant parameter taken during a six-month period exceed (by any magnitude) a numeric pretreatment standard or requirement, including instantaneous limits as defined in Metro Code of Laws Title §15.60.070;

B. Technical review criteria (TRC) violations, defined here as those in which thirty-three percent (33%) or more of wastewater measurements taken for each pollutant parameter during a six-month period equals or exceeds the product of the numeric pretreatment standard or requirement including instantaneous limits, as defined by Metro Code of Laws Title §15.60.070 multiplied by the applicable criteria (1.4 for BOD, TSS, fats, oils and grease, and 1.2 for all other pollutants except pH);

C. Any other violation of a pretreatment standard or requirement as defined by Metro Code of Laws Title § 15.60.070 (daily maximum, long-term average, instantaneous limit, or narrative standard) that the director determines has caused, alone or in combination with other discharges, interference or pass through, including endangering the health of POTW personnel or the general public;

D. Any discharge of a pollutant that has caused imminent endangerment to the public or to the environment, or has resulted in the director's exercise of its emergency authority to halt or prevent such a discharge;

E. Failure to meet, within ninety (90) days of the scheduled date, a compliance schedule milestone contained in an individual wastewater discharge permit or a general permit or enforcement order for starting construction, completing construction, or attaining final compliance;

F. Failure to provide within thirty (30) days after the due date, any required reports, including baseline monitoring reports, reports on compliance with categorical pretreatment standard deadlines, periodic self-monitoring reports, and reports on compliance with compliance schedules;

G. Failure to accurately report noncompliance; or

H. Any other violation(s), which may include a violation of best management practices, which the director determines will adversely affect the operation or implementation of the local pretreatment program. (Ord. BL2010-678 § 1, 2010)

15.04.350 Slug load or slug discharge.

"Slug load" or "slug discharge" means any discharge at a flow rate or concentration, which could cause a violation of the prohibited discharge standards of this ordinance. A slug discharge is any discharge of nonroutine, episodic nature, including but not limited to an accidental spill or non-customary batch discharge, which has a reasonable potential to cause interference or pass through, or in any other way violate the POTW's regulations, local limits, or permit conditions. (Ord. BL2010-678 § 1, 2010)

15.04.355 Standard industrial classification.

"Standard industrial classification" means a classification pursuant to the Standard Industrial Classification Manual issued by the executive office of the president, office of management and budget, 1972. (Ord. BL2010-678 § 1, 2010)

15.04.360 Stormwater.

"Stormwater" means any flow occurring during or following any form of natural precipitation, and resulting from such precipitation, including snowmelt. (Ord. BL2010-678 § 1, 2010)

15.04.370 Toxic pollutant.

"Toxic pollutant" means any pollutant or combination of pollutants listed as toxic in regulations promulgated by the administrator of the Environmental Protection Agency under the provisions of 33 U.S.C. 1317. (Ord. BL2010-678 § 1, 2010)

15.04.380 Treatment works.

"Treatment works" means any devices and systems used in the storage, treatment, recycling and reclamation of domestic sewage or industrial wastes of a liquid nature including interceptor sewers, outfall sewers, sewage collection systems, pumping, power and other equipment and appurtenances; extensions, improvements, remodeling, additions and alterations thereof; elements essential

to provide a reliable recycled supply such as standby treatment units and clear well facilities; and any works including land that will be an integral part of the treatment process or is used for ultimate disposal of residues resulting from such treatment; and including combined storm water and sanitary sewer systems. (Ord. BL2010-678 § 1, 2010)

15.04.385 Twenty-four-hour, flow proportional composite sample.

"Twenty-four-hour, flow proportional composite sample" means a sample consisting of several effluent portions collected during a twenty-four-hour period in which the portions of sample are proportionate to the flow and combined to form a representative sample. (Ord. BL2010-678 § 1, 2010)

15.04.390 Unpolluted water.

"Unpolluted water" means water to which no constituent has been added, either intentionally or accidentally, which would render such water unacceptable to the state of Tennessee or the Environmental Protection Agency having jurisdiction thereof for disposal to storm or natural drainage, or directly to surface waters. (Ord. BL2010-678 § 1, 2010)

15.04.400 User.

"User" means any person, firm, corporation or governmental entity that discharges, causes or permits the discharge of wastewater into a community sewer. (Ord. BL2010-678 § 1, 2010)

15.04.410 Waste.

"Waste" means and includes sewage and any and all other waste substances, liquid, solid, gaseous or radioactive, associated with human habitation, or of human or animal origin, or from any producing, manufacturing or processing operation of whatever nature, including such waste placed within containers of whatever nature prior to, and for purposes of, disposal. (Ord. BL2010-678 § 1, 2010)

15.04.420 Wastewater.

"Wastewater" means liquid and water-carried wastes and sewage from residential dwellings, commercial buildings, industrial and manufacturing facilities, and institutions, whether treated or untreated, which are contributed to the POTW. (Ord. BL2010-678 § 1, 2010)

15.04.430 Wastewater constituents and characteristics.

"Wastewater constituents and characteristics" means the individual chemical, physical, bacteriological and radiological parameters, including volume and flow rate and such other parameters that serve to define, classify or measure the contents, quality, quantity and strength of wastewater. (Ord. BL2010-678 § 1, 2010)

15.04.440 Waters of the State of Tennessee.

"Waters of the State of Tennessee" means any water, surface or underground, within the boundaries of the state. (Ord. BL2010-678 § 1, 2010)

Chapter 15.08

ADMINISTRATIVE PLANS

Sections:

15.08.010	**Master water plan—Adopted—Implementation—Revisions.**
15.08.020	**Wastewater facilities plan—Adopted—Implemented—Revisions.**

15.08.010 Master water plan—Adopted—Implementation—Revisions.

A. The Metropolitan Government of Nashville and Davidson County adopts the metropolitan master water plan, copies of which are on file in the office of the director of the department of water and sewerage services, the metropolitan clerk, and the metropolitan planning commission.

B. The metropolitan master water plan will be implemented by the metropolitan government whenever it proposes to construct water facilities within the area of the metropolitan government.

C. Future amendments or revisions to the metropolitan master water plan which occur may be by resolution of the metropolitan council. (Prior code § 40-1-4.1)

15.08.020 Wastewater facilities plan—Adopted—Implemented—Revisions.

A. The metropolitan government adopts the Metropolitan 201 Wastewater Facilities Plan, copies of which are on file in the office of the director of the department of water and sewerage services, the metropolitan clerk, and the metropolitan planning commission.

B. The Metropolitan 201 Wastewater Facilities Plan will be implemented by the metropolitan government whenever it proposes to construct wastewater facilities within the area of the metropolitan government.

C. Future amendments or revisions to the Metropolitan 201 Wastewater Facilities Plan which occur may be by resolution of the metropolitan council. (Prior code § 40-1-4.2)

Chapter 15.12

WATER AND SEWER SERVICE SYSTEM

Sections:

15.12.010 Regulations—Authority of director.
15.12.020 Service contract—Prerequisites.
15.12.030 Pre-existing special contracts not affected by this title.
15.12.040 Connection to water main or sewer—Permit required.
15.12.050 Use of water—Permit required.
15.12.055 Council approval of fees and charges required.
15.12.060 Reconnection—Permit required.
15.12.070 Cross-connections prohibited—Contamination prevention requirements.
15.12.080 Construction and improvement of service lines—Approval required—Appeal.
15.12.085 Responsibility for work performed in public right-of-way or other easement.
15.12.090 Disposition of entire gross revenue—Funds established.
15.12.100 Disposition of miscellaneous revenue—Funds established.
15.12.110 Public fire protection.
15.12.120 Reservoirs—Not open to public.
15.12.130 Discontinuance of service on order of owner—Exception.
15.12.140 Repairs and extensions—Authority to shut off water.
15.12.150 Use of fire hydrants—Permission required.
15.12.160 Use of special hydrant wrenches.
15.12.170 Persons owing for past services not eligible for water services.
15.12.180 Consumers furnishing water to other persons prohibited.
15.12.190 Damage resulting from pressure changes—Customer's responsibility.
15.12.200 Interference with department property prohibited—Unauthorized connections—Blocking fire hydrants.
15.12.210 Duty of police department to report violations.
15.12.220 Right of entry when.
15.12.230 Violations—Discontinuance of service.
15.12.240 Violations—Penalties—Revocation of permits.

15.12.010 Regulations—Authority of director.

The director shall have the right to make any special decision as to the regulations of the department if, in his judgment, he deems that it is for the best interests of the department that he make such decision. (Prior code § 40-1-13)

15.12.020 Service contract—Prerequisites.

A. After the service line has been approved by the department and such approval has been certified to the division of billing and collection of the department, the prospective customer shall be eligible to receive water service under such standard terms as the department shall develop. A complete statement of the standard terms of service and any subsequent amendments thereto shall be signed by the director and filed with the metropolitan clerk and a copy furnished to any customer upon request. A copy of the standard terms of service then in effect shall be mailed with the customer's first bill for service. A customer's request for water or sewerage service or use of water or sewerage services furnished by the department shall constitute that customer's acceptance of a contract for service upon and agreement to be bound by the standard terms of service, including future amendments, all provisions of this title, and the existing and future rules and regulations of the department.

B. The prospective customer shall, to the best of his knowledge, furnish such information as the department may reasonably request at the time water or sewerage service is initiated. (Ord. BL2005-867 §§ 1, 2, 2005; prior code § 40-1-7)

15.12.030 Pre-existing special contracts not affected by this title.

No special water contracts which have been ratified by the metropolitan council or the city council of the former City of Nashville as separate agreements shall be affected or modified by the provisions of this title. (Prior code § 40-1-8)

15.12.040 Connection to water main or sewer—Permit required.

It is unlawful for any person to make any tap or connection with any water main or sanitary sewer, or

with any pipes connected with any water main or sanitary sewer, or with the waterworks plant or the wastewater treatment plant belonging to the metropolitan government, without first obtaining a written permit from the department. Developers and/or property owners will be responsible for completing the cut and cap process for all unneeded water and sewer connections in the right of way or easement including residential, irrigation and commercial services at the time the property is redeveloped. The director of MWS, or his designee, will review and inspect the field capping process to ensure compliance with this provision. (Ord. BL2015-1213 § 1, 2015; prior code § 40-1-9)

15.12.050 Use of water—Permit required.

It is unlawful for any person to use water from any pipe connected with any water main or the waterworks plant of the metropolitan government or to discharge sewage or sewage waste into any pipe connected with the sanitary sewerage system of the metropolitan government without first obtaining a written permit from the department. (Prior code § 40-1-11)

15.12.055 Council approval of fees and charges required.

No fee or charge shall be imposed, whether by agreement of the customer or otherwise, for the connection to any water main or sanitary sewer in Davidson County, including, but not limited to, tap fees, capacity charges or basin charges, unless the metropolitan council, by ordinance, has authorized the department of water and sewerage services to impose such a fee or charge for new connections. (Ord. BL2006-1124 § 1, 2006)

15.12.060 Reconnection—Permit required.

A. It is unlawful for any person, without first obtaining a permit from the department, to turn on water or to make any connection with the pipes or other fixtures of the water and sewerage system after the same have been shut off, stopped or discontinued by the department.

B. Where the water has been turned off by the department for nonpayment of a bill, then, if upon proper investigation the water shall have been found to have been turned on without the consent of the department, this shall be deemed prima facie evidence that the occupant of the premises served is guilty of turning on the water in violation of this section. (Prior code § 40-1-10)

15.12.070 Cross-connections prohibited—Contamination prevention requirements.

A. A cross connection is any connection between the water supply system ("system") of the metropolitan government and any other water supply system or any connection between the system and any other system or device that could cause a backflow, backsiphonage or provide an entry point of any material, fluid or otherwise, into the system.

B. In the interest of protecting the public drinking water supply from contamination resulting from cross connections, the department of water and sewerage services ("department") is authorized to develop and administer a cross connection control plan ("plan") in accordance with standards established under the Federal Safe Drinking Water Act of 1974 and statutes and rules of the State of Tennessee governing public water systems. A copy of the plan shall be placed on file with the metropolitan clerk, and may be modified from time to time by the department as necessary.

C. To the extent the plan calls for the department to test private equipment and devices, the reasonable costs of such tests shall be the responsibility of the owner of such equipment and devices. The department shall bill and collect such costs in the same manner as other charges for water and sewerage services.

D. It is unlawful for any person to cause a cross connection to be made or to allow one to exist for any purpose without the express written consent of the department.

E. The department will approve requests for cross connections only where such requests are consistent with the criteria established in the plan.

F. The department shall, after reasonable efforts to notify the owner or other responsible entity, physically disconnect the water service line serving any property having or maintaining an unapproved cross connection. Service shall be restored only after the cross connection has been eliminated or an approved and functioning backflow prevention device is installed in accordance with the plan. (Ord. BL2005-844 § 1, 2006; prior code § 40-1-12)

15.12.080 Construction and improvement of service lines—Approval required—Appeal.

Any utility district created pursuant to the Utility District Law of 1937 (T.C.A. § 7-82-101 et seq.), which boundaries of such utility district lie wholly or partially within the area of Davidson County, shall, insofar as the construction, reconstruction, extending, replacing and

bettering of the water or sewer line of such district be governed and controlled by Section 11.505 of the metropolitan Charter. Any person, agency or corporation aggrieved by the decision of the metropolitan planning commission with respect to its exercise of powers pursuant to this section may appeal by certiorari to a court of competent jurisdiction; however, the judgment and findings of the commission on all questions of fact that may be involved in any appeal, cause, hearing or proceeding under this section shall be final and subject to review only for illegality or want of jurisdiction. (Prior code § 40-1-27.1)

15.12.085 Responsibility for work performed in public right-of-way or other easement.

In the event that the department undertakes work on a water line, sewer line, or other infrastructure owned by the metropolitan government and located within the public right-of-way or other public or utility easement, the department shall upon the completion of such work restore the approximate surface grade of any excavated area. The department shall not be responsible for the repair of any privately-owned material or infrastructure also located in the public right-of-way or other public or utility easement and damaged in the course of such work despite the exercise of reasonable care. (Ord. BL2012-333 § 1, 2013)

15.12.090 Disposition of entire gross revenue—Funds established.

The entire gross revenues, as defined in Chapter 15.04, derived from the operation of the water and sewerage system, shall be deposited in a special fund in a bank or trust company or banks or trust companies in the state which are eligible under the state laws to receive deposits of state and municipal funds, which fund is established and designated as the "water and sewerage system revenue fund" (hereinafter referred to as "revenue fund"), from which payments and deposits shall be made in the following manner and order of priority:

A. Revenue shall be first used for the payment of all current operating expenses of the water and sewerage system.

B. From the money remaining in the revenue fund, there shall next be made the deposits to the water and sewer revenue bond sinking fund (hereinafter referred to as "sinking fund"), as stipulated in the Bond Resolution No. 66-29 and all amendments thereto, for the purpose of paying the interest and principal on the water and sewer revenue bonds.

C. The remaining money in the revenue fund shall next be used to make the deposits to the reserve account in the sinking fund as stipulated in Bond Resolution No. 66-29 and all amendments thereto.

D. The remaining money in the revenue fund shall next be utilized to make the deposits to the extension and replacement fund as specified in Bond Resolution No. 66-29 and all amendments thereto.

E. The remaining money in the revenue fund shall next be used to make the deposits to the water and sewerage subordinate revenue bond sinking fund (hereinafter referred to as "subordinate sinking fund") required by Section 3.03(E) of Bond Resolution No. 66-29 and all amendments and supplements thereto.

F. The remaining money in the revenue fund shall next be used to make the deposits to the reserve account in the subordinate sinking fund as specified in Section 3.03(F) of Bond Resolution No. 66-29 and all amendments and supplements thereto.

G. From the money remaining in the revenue fund, after all required payments have been made under subsections A through F above, the metropolitan government shall next, on the first day of each month in each year, apportion and set apart out of the revenue fund and deposit in the urban services district debt service fund of the metropolitan government an amount equal to one-twelfth of the amount equal to the sum of the debt service requirements in the next succeeding year on all outstanding general obligation bonds heretofore issued by or assumed by the metropolitan government for water and sewer purposes.

H. From the money remaining in the revenue fund, after all required payments have been made under subsections A through G above, the metropolitan government shall next, on the first day of each month in each year, apportion and set apart out of the revenue fund and deposit in a fund known as the revolving fund created pursuant to the Charter of the metropolitan government, under Article 8, Chapter 5, thereof, such amount as shall be needed to make the aggregate amount then on deposit in such fund equal to two hundred thousand dollars. The money on deposit in such fund shall be used only for the purposes provided for in Article 8, Chapter 5, of the metropolitan Charter.

I. From the money remaining in the revenue fund, after all required payments have been made under subsections A through H above, the metropolitan government shall next, on the first day of each month in each year, apportion and set apart out of the revenue fund and deposit in such extension and replacement fund an amount which, together with the amount deposited in the revolving fund on such date, shall be equal to one-twelfth of ten percent of the gross revenues, as defined in Chapter 15.04, which were derived from the operation of the water and sewer system during the preceding fiscal year, until such extension and replacement fund shall have on deposit therein such amounts as may be recommended by the consulting engineers from time to time.

J. If, on any annual, semiannual, monthly or other payment date, the revenues are insufficient to deposit the required amounts in any of the funds provided for above, the deficiency shall be made up in the subsequent payments into such funds in addition to the payments which would otherwise be required to be made into such funds on the subsequent payment dates; provided, that any deficiencies in the respective sinking funds or reserve funds shall be made up before any further payment is

made into the extension and replacement fund, the urban services district debt service fund or the revolving fund.

K. Thereafter, the metropolitan government shall next, on the first day of each month in each year, after all required payments have been made under subsections A through J above, including any deficiencies for prior payments and deposits and after reserving in the revenue fund an amount for working capital for the payment of operating expenses, as determined by the consulting engineers, deposit the balance of any revenues remaining on deposit in the revenue fund in a fund to be known as the surplus revenue reserve fund, which fund is established.

1. Until the construction programs authorized in Section E of Volume I and Section E of Volume II of the water and sewerage rate study, as defined in Chapter 15.04, have been substantially completed or until April 15, 1981, whichever date is the earliest, the money on deposit in such surplus revenue reserve fund shall be used only to supply any deficiencies in the money in the revenue fund for required payments or deposits under subsections A through J above.

2. After the construction of the programs authorized in Section E of Volume I and Section E of Volume II of the water and sewerage rate study, or after April 15, 1981, whichever date is the earliest, the money on deposit in the surplus revenue reserve fund may further be used for the following additional purposes:

a. For the payment of the cost of the construction of additions, extensions and improvements to the water and sewer system, as recommended and approved by the consulting engineers.

b. For the purchase of outstanding water and sewer revenue bonds, including any pari passu additional bonds issued pursuant to Bond Resolution No. 66-29 of the last five maturities then outstanding at a price not greater than the redemption price of such outstanding water and sewer revenue bonds, such bonds issued pursuant to Bond Resolution No. 66-29 and any pari passu additional bonds issued, on the next ensuing redemption date or for the prior redemption of such outstanding water and sewer revenue bonds, such bonds issued pursuant to Bond Resolution No. 66-29 and any pari passu additional bonds issued in the manner provided in the proceedings which authorized their issuance.

c. After the final payment and retirement of all of the outstanding water and sewer revenue bonds, including any pari passu additional bonds issued pursuant to Bond Resolution No. 66-29, and any subordinate bonds payable from the revenues of the water and sewer system, any revenues remaining in the surplus revenue reserve fund may be used by the metropolitan government in any lawful manner. (Prior code § 40-1-6)

15.12.100 Disposition of miscellaneous revenue—Funds established.

A. The proceeds of any fees or charges made and collected for connections to the water and sewerage system shall be deposited directly in the water and sewerage development fund, which is established. There shall also be placed in the water and sewerage development fund, as they are received, all contributions in aid of construction paid by individuals or corporations under contractual agreements. The water and sewerage development fund shall be maintained in two separate accounts which shall be designated as the "water development account" and the "sewerage development account;" and tapping fees and contributions in aid of construction derived from water system operations or development shall be accounted for in the water development account and similar receipts derived from the operation or development of the sewerage system shall be accounted for in the sewerage development account.

1. The money in the water development account shall be used only for paying the cost of extensions, additions and capital improvements to, or purchasing and installing new equipment for, the water system of the metropolitan government and for making such reimbursements of excess contributions in aid of construction and of receipt from tapping fees as shall be required by contracts relating to the extension or development of the water system.

2. The money in the sewerage development account shall be used only for paying the cost of extensions, additions and capital improvements to, or purchasing and installing new equipment for, the sewerage system of the metropolitan government and for making such reimbursements of excess contributions in aid of construction and of tapping fee receipts as may be required by contracts relating to the extension or development of the sewerage system.

3. Upon the recommendation of the director and with his consent, the mayor may authorize money not needed for the purposes of one of such accounts to be used for the purposes of the other account.

4. The fund balances and the obligations of the Nashville suburban area fund and of the water main fund shall be transferred to the water development account of the water and sewerage development fund herein created, and the Nashville suburban area fund and the water main fund shall be abolished and all transactions which formerly have been accounted for through the Nashville suburban area fund and the water main fund shall be accounted for and flow through the water development account of the water and sewerage development fund.

B. The income from the investment of funds of the department of water and sewerage services, the disposition of which has not been specifically provided for by water and sewer revenue bond resolutions of the metropolitan government, shall be used to discharge the obligations of the metropolitan government to the department of water and sewerage for services not otherwise provided for, and the balance of such investment income shall be deposited in the surplus revenue reserve fund. (Prior code § 40-1-6.1)

15.12.110 Public fire protection.

The department shall furnish public fire protection to the metropolitan government and shall install and maintain the public fire hydrants. (Prior code § 40-1-20)

15.12.120 Reservoirs—Not open to public.

No person shall visit the reservoirs of the metropolitan government water supply without permission of the director. (Prior code § 40-1-23)

15.12.130 Discontinuance of service on order of owner—Exception.

If ordered by the owner of the premises or his authorized agent, in writing, the department shall shut off the water at the location designated; except, that no service will be discontinued for the sole purpose of eviction. (Prior code § 40-1-15)

15.12.140 Repairs and extensions—Authority to shut off water.

It shall be expressly agreed and understood that the department reserves the right at any time to shut off the water for the purpose of extending, replacing, repairing or cleaning mains and appurtenances, and the department shall not be liable for any damage arising therefrom. No claim shall be made against the department by reason of the breaking of any service pipe or connection. (Prior code § 40-1-16)

15.12.150 Use of fire hydrants—Permission required.

It is unlawful for any person, except an employee of the metropolitan government, to use a fire hydrant for any purpose whatsoever without the permission of the department through the director. The director may require written permission by the chief of the fire department before giving his permission, and the use of a hydrant by a metropolitan government employee must be in the performance of a duty approved by the director. (Prior code § 40-1-21)

15.12.160 Use of special hydrant wrenches.

It is unlawful for any person to use any type of wrench other than a special hydrant wrench in operating a fire hydrant. (Prior code § 40-1-22)

15.12.170 Persons owing for past services not eligible for water services.

No person or his authorized agent shall be furnished water or sewerage services at any location by the department unless such person or his authorized agent shall have paid to the department all outstanding indebtedness due the department for water consumed or sewerage services used by him previously at any other location. (Prior code § 40-1-19)

15.12.180 Consumers furnishing water to other persons prohibited.

No consumer or customer, except with the written consent of the department previously obtained, shall be allowed to furnish water to other persons or property or allow such other persons to take it themselves. Any violation of this section shall be cause for the supply to be shut off and the water rate or water and sewerage rate already paid to be forfeited. (Prior code § 40-1-18)

15.12.190 Damage resulting from pressure changes—Customer's responsibility.

Under no conditions shall the department be responsible for any damage caused to equipment within the consumer's or customer's premises by raising or lowering the pressure in the mains of the department's distribution system. It shall be incumbent upon the consumer or customer to install in his service line between the metropolitan government's main and the inside of his premises such pressure-regulating devices as may be necessary to prohibit excessive pressure from being transmitted from the metropolitan government's main to the inside of his premises. (Prior code § 40-1-17)

15.12.200 Interference with department property prohibited—Unauthorized connections—Blocking fire hydrants.

It is unlawful for any person, except an authorized employee or agent of the department, to tap, open, remove or in any way disturb or injure any of the water pipes, mains, meter cocks, meters, fireplugs or water connections, whether private or public, or other department property, or to take therefrom or waste the water thereof, or to knowingly permit any such unlawful tapping or connection to be made on his premises or on any premises in his control, or to use water from such an unauthorized connection, or in any way to prevent free

access to fire hydrants, especially the apparatus of the fire department, or stopcocks, or to deface or injure in any manner any of the houses, walls, machinery or fixtures connected with or appertaining to the water or sewerage system, or to throw or deposit any sticks, mud, rubbish or other matter in the reservoirs, basins or any storage tanks connected to the water and sewerage system. (Prior code § 40-1-14)

15.12.210 Duty of police department to report violations.

It shall be the duty of the police department to give vigilant aid to the department of water and sewerage services in the enforcement of all ordinances, rules and regulations relating to the department, and, to this end, shall report all violations thereof which come to their knowledge to the department. (Prior code § 40-1-24)

15.12.220 Right of entry when.

Properly authorized employees of the department shall have complete access to all parts of the premises of any consumer or customer at reasonable hours, for the purpose of checking the consumer's plumbing system or any other factors affecting the consumption of water or the use of sewerage services. (Prior code § 40-1-25)

15.12.230 Violations—Discontinuance of service.

Failure upon the consumer's part to comply with any of the regulations and rules of the department shall give the department the right to discontinue service, and such service shall not be re-established until the consumer has complied with all of the rules and regulations of the department pertaining to the supplying of water to the consumer. (Prior code § 40-1-26)

15.12.240 Violations—Penalties—Revocation of permits.

A. Whenever in this title, or in any rule, regulation or order promulgated by any officer or agency of the metropolitan government under authority duly vested in the officer or agency by this title, or if any act is prohibited or is made or declared to be unlawful or an offense or a misdemeanor, or the doing of any act is required, or the failure to do any act is declared to be unlawful or an offense or a misdemeanor, where no specific penalty is provided therefor in this title, the violation of any such provision of this title or such rule, regulation or order, shall be punishable by fine in an amount not to exceed five hundred dollars. Each and every day such violation exists shall be deemed a separate offense.

B. In addition to any fine imposed for a violation of this title, permits granted under the provisions of this title may be revoked by the director. No new permits shall be issued to a person guilty of violating any of the provisions of this title until the work done in violation of this title shall have been corrected to the satisfaction of the director.

C. Any fine imposed for a violation of Chapters 15.04 through 15.60 shall be deposited into the revenue fund account of the department of water and sewerage services. (Amdt. 1 with Ord. 98-1048 § 1, 1998; Ord. 95-1329 § 9, 1995)

Chapter 15.16

WATER MAINS, SERVICE CONNECTIONS AND METERS

Sections:

Article I. General Regulations

15.16.010 Installation—Compliance with regulations.
15.16.020 Installation—Permit required.
15.16.030 Permits restricted to licensed plumbers when.
15.16.040 Gate valves—Regulations.

Article II. Water Mains

15.16.050 Size restrictions.
15.16.060 Pipe specifications.
15.16.070 Length restrictions.
15.16.080 Cover requirements.
15.16.090 Private mains—Installation supervised by inspector.
15.16.100 Private mains—Location—Compliance with department requirements.
15.16.110 Valves—Regulations.
15.16.120 Operation of valves—Permission required.

Article III. Service Connections, Pipes and Lines

15.16.130 Connections—By department—Permission required when.
15.16.140 Service line installations—Permitting.
15.16.150 Taps, connections and service pipes—Size restrictions.
15.16.160 Service pipes—Ditch regulations.
15.16.170 Reserved.
15.16.180 Reconnection to newly laid mains.
15.16.190 Proper connections required for water service.
15.16.200 Maintenance of service connection—Owner's and department's responsibility.
15.16.210 Continuance of service—Proper maintenance of service pipes required.
15.16.220 Failure to make timely repairs—Discontinuance of service.
15.16.230 Regulation and enforcement—Authority of director.
15.16.240 Service pipe specifications.
15.16.250 Meter specifications.
15.16.280 Curb cocks and corporation cocks restrictions.
15.16.290 Inspection required before tapping main.
15.16.300 Sprinkler connections—Valve at curb required.
15.16.310 More than one supply pipe prohibited—Exception.
15.16.320 Inspection of pipe work required.
15.16.330 Use of one ditch for sewer and water service pipes prohibited.
15.16.340 Backfilling ditches—Requirements.
15.16.350 Equipment that takes abnormal drafts from service supply line prohibited.
15.16.360 Equipment which increases pressure prohibited—Exception.

Article IV. Water Meters

15.16.370 Required.
15.16.380 Size restrictions.
15.16.390 Furnished by department—Exceptions.
15.16.400 Installation and repair.
15.16.410 Meter repairs—Owners billed when.
15.16.420 Improper meter size—Authority of director to require change.
15.16.430 Separate meters required for each premises.
15.16.440 Accessibility.
15.16.450 Meter boxes—Specifications.
15.16.460 Meter setting—Prohibited fittings.
15.16.470 Exposure of meters to cold or contamination prohibited.
15.16.480 Repair of meter—Owner's responsibility when.
15.16.490 Interference with meters prohibited.
15.16.500 Preventing employees from reading or inspecting meters prohibited.

Article I. General Regulations

15.16.010 Installation—Compliance with regulations.

All work done in connection with the installation of water mains, service pipes, meters, meter boxes and

renewal or repair of the same shall be done in the manner and in accordance with the provisions of this title. (Prior code § 40-1-28)

15.16.020 Installation—Permit required.

A permit shall be obtained from the department for the installation of all new mains, service pipes or meters or for the repair or renewal of such before the work is started. Lot numbers and name of subdivision or house number and street shall be furnished for each permit. (Prior code § 40-1-29)

15.16.030 Permits restricted to licensed plumbers when.

Permits to lay water mains, install house services, set meters, build meter boxes, etc., and to repair and renew the same shall be granted only to regular licensed plumbers who have given bond as required by the laws of the metropolitan government. (Prior code § 40-1-30)

15.16.040 Gate valves—Regulations.

A. All gate valves shall open to the right (clockwise) and shall have a two-inch square nut on top of the stem, with the exception of valves two inches and under in size, which shall have wheel control. All gate valves shall be of a kind and make specified by the department.

B. All gate valves set inside meter boxes, either ahead or after the meter, shall open to the left (counterclockwise). All such valves shall have wheel control and shall be of a kind and make specified by the department. (Prior code § 40-1-31)

Article II. Water Mains

15.16.050 Size restrictions.

No water main less than two inches in diameter may be run in any street, county road or state highway unless, in the judgment of the director, he may deem a smaller size main permissible. If a water main less than two inches is permitted, it shall supply one house only and shall be known as a long service pipe. (Prior code § 40-1-69)

15.16.060 Pipe specifications.

All water mains three inches in diameter and larger shall be of cast iron of the bell and spigot type, unless otherwise specified. Mains under three inches in diameter may be of galvanized iron pipe. (Prior code § 40-1-70)

15.16.070 Length restrictions.

The following lengths shall be the maximum permissible lengths of water mains of certain sizes:

A. Four-inch pipe shall not exceed five thousand feet, including all laterals.

B. Three-inch pipe shall not exceed two thousand five hundred feet, including all laterals.

C. Two-inch pipe shall not exceed one thousand feet, including all laterals. (Prior code § 40-1-72)

15.16.080 Cover requirements.

All water mains shall have thirty inches of cover below the finished grade of street, unless otherwise specified by the director or an authorized assistant. (Prior code § 40-1-71)

15.16.090 Private mains—Installation supervised by inspector.

All work performed in the installation of private water mains shall be done in the presence of an authorized inspector of the department. Such inspector shall be appointed by the director and shall be paid by the owner of the pipe line at the prevailing rate of pay per day or fraction thereof. (Prior code § 40-1-73)

15.16.100 Private mains—Location—Compliance with department requirements.

The department shall have the right to locate mains, to designate the location of valves and to specify the kind and make of all water main equipment that may be installed in a private water main. The director shall have the right to refuse to furnish or to discontinue the furnishing of water through any main that does not comply with the requirements of the department. (Prior code § 40-1-74)

15.16.110 Valves—Regulations.

Valves and shutoffs shall be placed on all water lines at points designated by the department, and valve boxes shall be placed over all shutoffs. All valves, shutoff cocks and valve boxes, etc., shall be of a style and make specified by the department. (Prior code § 40-1-75)

15.16.120 Operation of valves—Permission required.

No valve shall be operated except by department employees, unless permission to do so is obtained from the department. (Prior code § 40-1-76)

Article III. Service Connections, Pipes and Lines

15.16.130 Connections—By department—Permission required when.

All connections to water mains shall be made by the department unless permission is granted by the department in conjunction with contracts for lay-and-deed projects or department's capital projects. All connections are to be made in accordance with the current construction specifications of the department. (Ord. BL2006-1239 § 2, 2006; prior code § 40-1-52)

15.16.140 Service line installations—Permitting.

Guidelines for requesting water and/or sewer service shall be made available for review in the department's permits and engineering offices. (Ord. BL2006-1239 § 3, 2006; prior code § 40-1-37)

15.16.150 Taps, connections and service pipes—Size restrictions.

No tap or connection less than three-quarters of an inch shall be permitted to any main which is a part of the distribution system of the department, and the service pipe from main to meter shall not be less than three-quarters of an inch in diameter. (Prior code § 40-1-38)

15.16.160 Service pipes—Ditch regulations.

Service lines must be constructed in accordance with the department's current construction specifications and details. Guidelines for constructing water and/or sewer service lines are shall be made available for review in the department's permits office and engineering offices. (Ord. BL2006-1239 § 4, 2006; prior code § 40-1-39)

15.16.170 Reserved.

Editor's note—Ord. BL2006-1239, § 5, adopted Dec. 5, 2006, repealed § 15.16.170, which pertained to service connections across private property and derived from prior Code § 40-1-54.1. The user's attention is directed to § 15.40.120.

15.16.180 Reconnection to newly laid mains.

When existing public water mains are replaced or rehabilitated by the department, the department shall also reconnect and/or may replace any existing service line at the main and up to including the meter box. (Ord. BL2006-1239 § 6, 2006; prior code § 40-1-32)

15.16.190 Proper connections required for water service.

Any property that discharges sewage to the public sewage system must also have a potable water connection to the public water supply unless otherwise approved by the director. (Ord. BL2006-1239 § 7, 2006; prior code § 40-1-33)

15.16.200 Maintenance of service connection—Owner's and department's responsibility.

A. This section shall apply to meters with a direct service line from the main used for the purpose of measuring flow of water intended for human consumption (domestic meters) and irrigation service but not meters used for fire suppression, cooling towers, deduction or any other purposes. The department will own and maintain the portion of the water service line within the domestic or irrigation meter box as well as the meter, meter box and any fittings within the meter boxes. The portion of the water service line from the public main to the domestic/irrigation meter box shall be owned and maintained by the department where such meter is located within or at the public right-of-way. If the meter is located in any other location outside the public right-of-way, the department will only own and maintain the portion of water service line inside the right-of-way with the remainder of service line owned and maintained by the property owner.

B. The property owner will own, maintain and operate the portion of water service from the meter box to the structure served. The property owner also will own, maintain and operate all required backflow prevention and pressure reducing devices on the customer side of the meter.

C. In accordance with the purchasing code and regulations, the director shall have discretion to solicit and, on behalf of the metropolitan government, enter into a contract with one or more qualified service providers to offer private service line insurance to customers of the department. Any such contract shall require that the costs of private service line insurance shall be borne by customers who elect to purchase the insurance and not by the department. No customer shall be required to purchase service line insurance as a condition to receiving water or sewer service. (Ord. BL2015-1213 § 2, 2015; Amdt. 1 to Ord. BL2012-333 § 2, 2013; Ord. BL2012-333 §§ 2, 3, 2013; Ord. BL2006-1239 § 8, 2006; prior code § 40-1-34)

15.16.210 Continuance of service—Proper maintenance of service pipes required.

After the initial service shall have been established, all future supplying of water or sewerage services or future renewals of service shall be contingent upon the

owner's maintaining his service lines at his own expense in a condition that is in compliance with the regulations and rules of the department. Failure to comply with this requirement shall result in the disconnection of water service. (Ord. BL2006-1239 § 9, 2006; prior code § 40-1-35)

15.16.220 Failure to make timely repairs—Discontinuance of service.

Should a consumer or customer fail to repair his service line within the prescribed time when notified by the department that repairs are needed, the department may shut off the water and recover any related expense incurred. Service will not be reinstated until such time as corrective action has been taken to the satisfaction of the department and all related expenses have been paid. (Ord. BL2006-1239 § 10, 2006; prior code § 40-1-36)

15.16.230 Regulation and enforcement—Authority of director.

The director is authorized and directed to promulgate and enforce such rules and regulations as he may deem necessary for the enforcement of this chapter and for the safe, economical and efficient management, control and protection of the government's public water system. (Ord. BL2006-1239 § 11, 2006; prior code § 40-1-51)

15.16.240 Service pipe specifications.

A. All water service pipes three inches in diameter and under shall be copper from the main to the water meter. For pipes less than two inches in diameter, the copper pipe must be Type K, and for pipes between two inches and three inches in diameter the copper must be Type L.

B. All service pipes larger than three inches in diameter must be ductile iron material with a minimum rating of Class 52 in accordance with the American Waterworks Association specifications.

C. All copper pipe used in the installation of service pipes shall be of Type K copper and of the following dimensions:

Inside diameter	Outside diameter
1-inch	1.125-inch
¾-inch	.875-inch

(Ord. BL2002-1167 §§ 1—5, 2002; prior code § 40-1-43)

15.16.250 Meter specifications.

Meters installed in service lines shall be of a kind and make as may be specified by the department and all other equipment and materials used in the installation of a service line shall be those approved by the department. (Prior code § 40-1-47)

15.16.280 Curb cocks and corporation cocks restrictions.

Only those curb cocks and corporation cocks specified and handled by the department shall be used by the plumber in the installation of service pipes. (Prior code § 40-1-46)

15.16.290 Inspection required before tapping main.

Approved pipe for connection to the public water system shall be on the job site ready for inspection before any tap to the main shall be made by the department. This shall apply to run-to-curb connections and connections on which no meter is set at the time service is run from the main to within the curb line. (Ord. BL2002-1167 § 8, 2002; prior code § 40-1-49)

15.16.300 Sprinkler connections—Valve at curb required.

Sprinkler connections shall have a valve located in the sidewalk at the curb, regardless of whether such connection to the main is made with a tapping sleeve and valve or tee. This valve shall be of the same type and make as used by the department in the distribution system. (Prior code § 40-1-50)

15.16.310 More than one supply pipe prohibited—Exception.

In metering water consumers and customers, no premises shall be permitted to have more than one supply pipe, except with and by the consent of the director. Where any premises is found to have more than one supply pipe, except where the consent of the director has been obtained, the owner, legal agent or lessee of the premises shall be required to connect the water supply pipes so as to necessitate the use of but one meter, or the owner, lessee or agent shall, without expense to the metropolitan government, supply meters for each additional pipe exceeding one. Upon failure of the owner, lessee or agent to comply with these provisions, the director shall sever, without further notice, all water supply pipes entering the premises in excess of the one metered. (Prior code § 40-1-48)

15.16.320 Inspection of pipe work required.

All pipe work shall be inspected by an authorized inspector of the department, and no work may be taken to be completed until passed on by the inspector. If the inspector shall fail to approve the work, he shall notify the plumber, setting forth the changes to be made. The

plumber shall be given three days to make his work satisfactory, and if he does not make the same satisfactory, the department may refuse to issue any permits to the plumber until the rejected work has been made satisfactory to the department. (Prior code § 40-1-42)

15.16.330 Use of one ditch for sewer and water service pipes prohibited.

The ditch excavated for water service pipes shall be used for water service pipe only. No sewer shall be installed in the same ditch with water service pipes. Sewerage service and water service pipes shall be kept at least three feet apart. (Prior code § 40-1-40)

15.16.340 Backfilling ditches—Requirements.

In backfilling the service pipe ditch, a tamper shall be used, and all dirt replaced in the trench shall be thoroughly tamped so as to leave the street in first-class condition. (Prior code § 40-1-41)

15.16.350 Equipment that takes abnormal drafts from service supply line prohibited.

The owner of any premises or the consumer or customer occupying same shall not install any apparatus or any equipment directly to the service supply line from the metropolitan government's main which might take an abnormal draft therefrom. The existence of such apparatus or piece of equipment shall be sufficient reason for the department to discontinue service to the premises in question upon failure of the consumer, customer, owner or occupant to discontinue the use of such apparatus or equipment after five days' written notice has been given by the department. (Prior code § 40-1-53)

15.16.360 Equipment which increases pressure prohibited—Exception.

No apparatus or equipment shall be directly connected to the service supply line from the metropolitan government's main which might raise the pressure on the metropolitan government's main unless the owner of the premises provides the proper means of preventing such pressure from being transmitted to the metropolitan government's main. The department shall in no manner be liable for any excess pressure on its mains, whether such pressure is caused by privately owned equipment or otherwise. (Prior code § 40-1-54)

Article IV. Water Meters

15.16.370 Required.

All water service connections, unless otherwise specified in this title, shall be metered with a meter of such size and make as may be approved by the director. Unless otherwise approved in writing by the director for good cause shown, every meter and the portion of every service line connecting such meter to a public main shall be located within the public right-of-way or in a dedicated easement. For meters and connecting service line segments located other than in the public right-of-way or dedicated easement, every customer served by such meter shall, as a condition of receiving service, be deemed to have (i) granted to the department and its employees and contractors the right at all reasonable times to access, read, repair, maintain, and replace the meter and connecting service line and any associated fixtures or fittings for which the department is responsible; and (ii) waived any claim against the metropolitan government for damages relating to the exercise of such right using reasonable care. (Ord. BL2022-1580 § 1, 2023; prior code § 40-1-55)

15.16.380 Size restrictions.

No single meter shall be permitted larger than two inches in size, unless, in the judgment of the director, a larger single meter is justified. Larger connections shall be made in batteries of two-inch, three-inch or four-inch meters as may be required by the department. The director may require a battery of one-inch meters on a two-inch service. When setting a battery of meters, a gate valve shall be installed on each side of each meter within the meter box. (Prior code § 40-1-62)

15.16.390 Furnished by department—Exceptions.

Meters one inch or less in size shall be furnished by the department for installation on residential domestic service connections of consumers or customers. All meters above one inch in size shall be furnished by the consumer or customer. (Ord. BL2015-1057 § 1, 2015; prior code § 40-1-56)

15.16.400 Installation and repair.

The installation, except on new service installations, repair and disconnection of all water meters shall be performed by employees of the department only. All meters above one inch in size shall be maintained by the department at the expense of the consumers or customers. The department shall have the right at any time to remove and repair a defective meter. (Prior code § 40-1-57)

15.16.410 Meter repairs—Owners billed when.

A. When any water meter larger than one inch in size is repaired by the department for any person, the cost of such repairs shall be billed by the billing and assessment division of the department and entered as a charge against such person in the same manner as assessments for water are entered. All money derived from such meter repairs shall be placed to the credit of the general ledger account of the department's miscellaneous refunds. The department shall have authority to expend, out of such miscellaneous refunds, upon properly executed vouchers, such sums as may be deemed necessary in the operation, maintenance and expansion of the department.

B. The cost of labor and materials in connection with such repairs shall be billed with the next regular billing for water consumed and shall become due and payable at the same time the bill for water is due. Failure to pay such cost of meter repairs within thirty days shall give the department the right to discontinue service to the location supplied by the meter which was repaired. (Prior code § 40-1-58)

15.16.420 Improper meter size—Authority of director to require change.

Whenever, in the judgment of the department, a meter or connection is found to be too large to register accurately the amount of water consumed, or is too small to withstand the demand made upon the meter, the director may require, upon service of a ten-day notice, that the owner or agent reduce or enlarge the size of the meter or connection or both, and upon failure of the owner, agent, consumer or customer to comply with these requirements, the water may be turned off and shall not be turned on until full compliance has been made with all regulations and rules of the department pertaining to the supplying of water to consumers. (Prior code § 40-1-63)

15.16.430 Separate meters required for each premises.

A. Every consumer and every customer shall have a separate meter for his premises. No pipes shall cross from one lot or yard to another.

B. All single residences or residences in one enclosure and not classed as tenement property shall be required to have a separate and distinct connection to the metropolitan government's main. Wherever there shall be found more than one house supplied from one pipe without the permission of the director, the department shall have the water turned off immediately, and the same shall not be turned back on until separate connections have been made. Under no circumstances shall there be more than one service connection made to any one house or premises without the permission of the director. (Prior code § 40-1-64)

15.16.440 Accessibility.

Water meters shall at all times be easily accessible so that they may be examined and read by employees of the department. (Prior code § 40-1-65)

15.16.450 Meter boxes—Specifications.

Meter boxes shall be built of whole brick and shall have concrete bottoms. The mortar used shall be one part cement and two parts sand. The dimensions of the box shall conform to the standard frame and plate, drawings of which are on file in the office of the director. The plate and frame shall be cemented on top of box. The depth from the top of the box to the top of the service pipe shall be two feet, and the top of the box shall be level with the ground or sidewalk. The box shall be plumb, straight and square with the street. (Prior code § 40-1-60)

15.16.460 Meter setting—Prohibited fittings.

In setting the meter, a brick shall be placed crosswise on the bottom of box for the meter to rest on. The regulation curb cock shall be placed in front of the meter, and no ells, tees or other fittings shall be used between the curb cock and the meter other than necessary bushings to connect the meter to the curb cock and to connect the outlet side of the meter to the part of the service continuing on into the premises. (Prior code § 40-1-61)

15.16.470 Exposure of meters to cold or contamination prohibited.

Meters must not be exposed to danger from freezing or contamination. It is unlawful to cover or obstruct any water meter either permanently or temporarily. (Prior code § 40-1-66)

15.16.480 Repair of meter—Owner's responsibility when.

If meters are damaged by freezing, hot water, etc., either by carelessness or neglect of the owner or occupant of the premises or their agents, the owners or occupants shall pay for the repairs of such damages, but the cost of ordinary maintenance of meters one inch in size and smaller shall be borne by the department. Such damage shall be billed to the consumer or customer with his regular water bill and shall be due and payable at the same time as the water bill. Failure to pay for such repairs shall be deemed good and sufficient reason for

the department to discontinue service and not restore the same until the consumer or customer has complied with all the regulations and rules of the department pertaining to the supplying of water to consumers. (Prior code § 40-1-59)

15.16.490 Interference with meters prohibited.

It is unlawful for any person, except a duly authorized employee of the department, to interfere with any meter used for the measurement of water. (Prior code § 40-1-67)

15.16.500 Preventing employees from reading or inspecting meters prohibited.

It is unlawful for any person to hinder or prevent a regularly authorized employee of the department from inspecting or reading a meter for the measurement of water furnished by the department. (Prior code § 40-1-68)

Chapter 15.20

WATER MAIN TAPPING FEES AND CHARGES

Sections:

15.20.010	**Applicability of chapter.**
15.20.020	**Extensions—Property of metropolitan government.**
15.20.030	**Tapping fees—Schedule.**
15.20.040	**Tapping fees—Applicable when.**
15.20.045	**[Water system capacity charge.]**
15.20.050	**Payment—Installment plan—Delinquent accounts.**
15.20.060	**Unpaid fees—Lien on property.**
15.20.070	**Frontage defined.**
15.20.080	**Intermediate mains—Financed by developer—Reimbursement.**
15.20.090	**Oversize mains.**
15.20.100	**Reimbursements.**
15.20.110	**Plan and permit review—Schedule of charges.**

15.20.010 Applicability of chapter.

The provisions of this chapter shall apply to all customers desiring or required to connect to the water mains of the distribution system of the department. (Prior code § 40-1-91)

15.20.020 Extensions—Property of metropolitan government.

All water main extensions shall be installed in accordance with the regulations of the department, and shall become a part of the metropolitan water distribution system and the property of the metropolitan government. (Prior code § 40-1-100)

15.20.030 Tapping fees—Schedule.

A. Except as herein provided, all persons desiring or required to connect to the water distribution system shall pay for the privilege of tapping or connecting to the water main a tapping fee for each connection as follows:

Tap size (inches)	Fee ($)
⅝	500.00
¾	525.00
1	550.00
2	1,300.00
3	2,000.00
4	3,200.00
6	5,500.00
8	8,500.00
10	11,000.00
12	11,000.00

B. Those persons who have legally obligated themselves to make a connection to the water or sewerage system of the metropolitan government within sixty days prior to April 18, 1973, shall be charged the tapping fee as provided in the original Ordinance No. 65-412. Proof of such legal obligation to make such connection shall be made to the satisfaction of the director of water and sewerage services and the director of law, and shall include sworn affidavits by the person for whom said connection was obligated to be made and by the contractor who contracted to make such connection. (Ord. BL2019-45 § 1, 2019; Ord. BL2007-1457 § 5, 2007; prior code § 40-1-92)

15.20.040 Tapping fees—Applicable when.

Customers desiring to renew water service utilizing an existing water tap, or utilizing a new service line which will replace an existing service line and is no larger than that service line which it will replace shall not be required to pay the tapping fees established in this chapter. Customers desiring to renew a water service line and to increase the size of the tap to the main shall pay a tapping fee based upon the difference between the tapping fee for the size of the existing tap and the tapping fee for the size of the proposed tap to the main. (Prior code § 40-1-99)

15.20.045 [Water system capacity charge.]

A. Notwithstanding any other provision of the Metropolitan Code of Laws to the contrary, there is established a capacity charge of one thousand three hundred seventy-five dollars per unit of flow on all new connections to the public water supply system. This capacity charge shall be distinguished from and collected in addition to applicable tap fees. An increase in water use of ten percent or more through an existing connection, as compared to average flow measured during the previous three years, shall be considered a new connection for purposes of this section.

B. For purposes of this section, "unit of flow" shall mean three hundred fifty gallons per day expected average usage.

C. Except in cases covered by Section 15.20.050 of the Metropolitan Code of Laws, all charges established under this section shall be due and payable prior to the issuance of a permit for service connection to the public

water supply system. (Ord. BL2019-45 § 2, 2019; Ord. BL2009-407 § 1, 2009; Ord. BL2008-215 §§ 1, 2, 2008; Ord. BL2007-1457 § 7, 2007; Amdt. 2 to Ord. BL2006-1095 § 2, 2006; Ord. BL2006-1095 § 2, 2006)

15.20.050 Payment—Installment plan—Delinquent accounts.

A. The director of the department of water and sewerage services and director of finance are authorized to establish a system of partial payments for tapping and capacity charges created by this chapter for customers using connections to the public water system no larger than one and one-half inches and with expected usage averaging five thousand gallons per day or less. Eligible customers shall be allowed to make payment in thirty-six equal monthly installments, without interest, from the date of connection. Upon request, the director shall review the account of each eligible customer on or about the first anniversary of the establishment of the account to determine the customer's actual capacity requirement. In the event that the actual capacity requirement differs by ten percent or more from the capacity estimate used at establishment of the account to determine the capacity charge created by this chapter, the director shall refund to or collect from the customer, as appropriate, the difference between the capacity charge previously paid by the customer and the capacity charge calculated on the customer's actual capacity requirement. The director further shall amend the terms of any payment plan contemplated in this section as necessary to cause the total capacity charge paid by an eligible customer to be based on the customer's actual capacity requirement. A copy of this section of the Metropolitan Code shall be made available to any customer entering into a payment plan hereunder. This section shall not apply to single-family residential developments or to combined single-family and commercial developments.

B. The director of the department of water and sewerage services is authorized to discontinue water service to any parcel of property when any installment payment due under this chapter shall become delinquent. (Ord. BL2009-407 § 2, 2009; Ord. BL2008-215 §§ 3, 4, 2008; prior code § 40-1-93)

15.20.060 Unpaid fees—Lien on property.

Tapping and capacity fees specified in this chapter shall constitute a lien against the property served, which lien shall run with the property. The Metropolitan Government may enforce the lien against the property involved as prescribed by law. (Ord. BL2008-215 § 5, 2008; prior code § 40-1-94)

15.20.070 Frontage defined.

"Frontage" shall be defined as that boundary of a parcel of land abutting on an accessible water main, or in the event the main is both accessible to the front and side of land, the property owner may elect to tap either main at a fee determined by the feet of frontage of the lot to be supplied, or the lesser dimension of such lot. The front of a parcel of land shall normally be determined as that boundary towards which the front or main entrance of building thereupon faces. (Prior code § 40-1-95)

15.20.080 Intermediate mains—Financed by developer—Reimbursement.

When property is isolated or remotely located from the nearest accessible water main, the director may require the developer or applicant for a main to finance also the necessary run of intermediate or connecting main; however, the person financing such a section of main shall be reimbursed annually at the end of the fiscal year from proceeds from the sale of tapping privileges by the department in accordance with the schedule of fees established herein to subsequent subscribers on such connecting main until such developer or applicant has been reimbursed the actual established cost of such connecting main, or for a period of fifteen years, whichever occurs sooner. (Prior code § 40-1-96)

15.20.090 Oversize mains.

A. The foregoing provisions are based on a six-inch water main, which size main is generally accepted as the minimum size required to supply fire hydrants under requirements for proper fire protection; however, in the case of subdivisions which may be located in a relatively isolated section, or of large industrial plants or similar types of water users, it may become necessary to install or extend mains larger than six inches in size to take care of the water needs for such a particular user.

B. Therefore, in view of this, the director is authorized to negotiate and enter into an equitable agreement with such prospective customer and subsequent customers of this classification, taking into consideration the volume of water to be used and the revenue to be derived from the sale of water to such user, all to be done in conformity with the intent of this chapter; that is, that the customer be required to bear equitably the expense of the water distribution facilities necessary to supply his property. (Prior code § 40-1-97)

15.20.100 Reimbursements.

A. Any reimbursements which may be due under the provisions of Sections 15.20.080 and 15.20.090 shall be made annually at the end of the fiscal year. Such reimbursements are authorized to be made from the water and sewerage development fund.

B. Refunds to the original owners of water mains acquired by the former city which owners have retained original tap sales rights when the mains were acquired by the former city shall be reimbursed from the water and sewerage development fund in accordance with their agreement with the former city and the applicable ordinances and resolutions of the former city. (Prior code § 40-1-98)

15.20.110 Plan and permit review—Schedule of charges.

The department shall develop and implement a schedule of charges to recover the actual costs of services provided in determining water and sewer service availability, reviewing permit applications, reviewing plans submitted by private entities, or similar services for proposed new connections to the public water or sewer systems intended to serve any use other than one single family residence. The schedule of charges shall reflect the Department's actual costs incurred in providing such services. A copy of the schedule of charges shall be filed with the metropolitan clerk, furnished to each member of the metropolitan council and made available on request to any citizen of Davidson County. The department shall bill and collect in accordance with the schedule of charges, which may be amended from time to time to reflect changes in the department's actual costs of providing the services contemplated herein. (Ord. BL2019-45 § 3, 2019; Ord. BL2007-1457 § 6, 2007)

Chapter 15.24

SPRINKLER SYSTEMS FOR FIRE PROTECTION

Sections:

15.24.010 Private fire protection—Authority of department.
15.24.020 Automatic sprinkler systems—Connections to water supply.
15.24.030 Size of connections—Discretion of director.
15.24.040 Meters—Required when.
15.24.050 Unmetered connections—Permit required.
15.24.060 Unmetered connections—Bond required—Sworn statement of water use.
15.24.070 Unmetered connections—Failure to file bond or statement—Discontinuance of service.
15.24.080 Unmetered connections—Inspections.
15.24.090 Bond requirements.
15.24.100 Application—Approval by board of underwriters.
15.24.110 Application—Drawings of fire protection system.
15.24.120 Gate or control valves required.
15.24.130 Breaking of drain valve seals prohibited—Exception.
15.24.140 Compliance with department requirements.
15.24.150 Readiness to serve charge.

15.24.010 Private fire protection—Authority of department.

The department shall have authority to render a special service to private property for private fire protection purposes. (Prior code § 40-1-77)

15.24.020 Automatic sprinkler systems—Connections to water supply.

All persons who may desire to install automatic sprinkler systems for fire protection and to put in connections to the water mains of the metropolitan government for supplying water for fire protection through such automatic sprinkler systems shall be permitted to have such connections. All persons who have, at any time heretofore, installed automatic sprinkler systems for fire protection and have put in connections to the water mains of the metropolitan government for supplying water for fire protection through such automatic sprinkler systems shall be permitted to maintain such connections, subject to the provisions of this chapter. (Prior code § 40-1-78)

15.24.030 Size of connections—Discretion of director.

Connections shall not be larger than six inches in diameter of connecting pipe; provided, that buildings of small size or having a ground floor area of four thousand square feet or less may, at the discretion of the director, be limited to a connection of four inches in diameter; provided further, that exceptionally large buildings, situated in isolated locations, may have connections as large as eight inches in diameter, at the discretion of the director. (Prior code § 40-1-79)

15.24.040 Meters—Required when.

A meter of the same size as the tap shall be installed in all cases where the connection made is used or is to be used for any purpose whatsoever, except for testing and except for extinguishment of fires; provided, however, that tanks connected to the automatic sprinkler system may be filled through the connection if and when the tank-filling pipe or bypass is provided with a meter approved by the director. Meters to measure water for tank-filling purposes shall be of the same size as the filling pipe or bypass; provided, that in large plants having complicated yard main system with private fire hydrants, meters may be required, at the discretion of the director; provided further, that in automatic sprinkler equipments not supplied with an alarm attachment, located in the base of each sprinkler riser, designed to ring a fire alarm gong inside or outside of the premises, a meter of the same size as the connection may be required, at the discretion of the director. (Prior code § 40-1-80)

15.24.050 Unmetered connections—Permit required.

No unmetered connection for an automatic sprinkler system shall be made with any mains of the metropolitan government until a permit shall have been obtained from the department. Any such connection shall be made only by persons authorized by law and under the supervision of the director. (Prior code § 40-1-81)

15.24.060 Unmetered connections—Bond required—Sworn statement of water use.

Any person granted a permit to make an unmetered connection for an automatic sprinkler system shall, with the filing of the bond required by this division and each renewal thereof, file a written statement, signed and

sworn to, that the water supply has not been, and will not be, used for any other purpose than fire protection, and that there has not been, and will not be, made any attachment to any of the pipes connected with the automatic sprinkler system by which water could be diverted therefrom. Such written, signed and sworn statement shall also give the number of sprinkler heads on the entire system, and shall describe leaks, if any have occurred, and the length of time before the same were repaired. (Prior code § 40-1-82)

15.24.070 Unmetered connections—Failure to file bond or statement—Discontinuance of service.

On failure to execute any renewal bond or to file with any renewal bond the written, signed and sworn statement required by Section 15.24.060, the department shall have the right to cause the connection to the automatic sprinkler system to be shut off at once. (Prior code § 40-1-83)

15.24.080 Unmetered connections—Inspections.

A. The director shall have authority to make, or cause to be made, frequent inspections of all unmetered connections supplying water to automatic sprinkler systems and of all piping connected therewith. The director shall have the right to go upon the premises wherever and whenever any unmetered connections shall have been made, for the purpose of such inspection, and any employee of the metropolitan government working under his direction shall have such right.

B. It is unlawful for any property holder or owner or occupant of premises where any such unmetered connections shall have been made to refuse to permit such inspection by the director or his agent or to obstruct the director or his agent in the making of such inspection. (Prior code § 40-1-84)

15.24.090 Bond requirements.

All persons desiring to install automatic sprinkler systems for fire protection and to put in unmetered connections to the water mains of the metropolitan government for supplying water for fire protection through such automatic sprinkler systems shall, before making such connections, make application for a permit to the department and file with the department a bond, with some bonding or surety company authorized to transact business in the state as surety thereon, or a personal bond with two or more solvent sureties, to the metropolitan government, in the sum of one thousand dollars, to be approved by the metropolitan attorney, and conditioned to pay any fines that may be imposed for failure to comply with, or for violation of, any of the provisions of this chapter, and to pay for any water lost by leakage and any water consumed for any purpose other than fire protection. Such bond shall be for two years and shall be renewed for a like period at each expiration. The bond may at any time, at the discretion of the director, be declared forfeited for any wilful or intentional diversion of water to any purpose other than fire protection. (Prior code § 40-1-87)

15.24.100 Application—Approval by board of underwriters.

The application to the department for private fire protection shall be upon a form to be furnished by the director of the department and shall be countersigned by an authorized officer or agent of the board of underwriters that this size connection is required. (Prior code § 40-1-88)

15.24.110 Application—Drawings of fire protection system.

The applicant for private fire protection service shall furnish the department with the application for such service, a complete and correct drawing, or set of drawings, showing the location of the premises to be supplied, together with the location of all valves, pipes, hydrants, tanks, sprinkler heads and other appurtenances on the premises to be supplied. Such plans shall remain the property of the department. The applicant shall also furnish the department with drawings showing revisions to piping or appurtenances whenever same are made. (Prior code § 40-1-89)

15.24.120 Gate or control valves required.

In all connections to automatic sprinkler systems for fire protection, there shall be installed such gate or control valves as may be specified by the director. (Prior code § 40-1-86)

15.24.130 Breaking of drain valve seals prohibited—Exception.

A. All drain valves located below the alarm attachment shall be sealed shut. Except in emergency cases, seals shall not be broken without permission of the department. If seals are broken in an emergency and whenever the seal on any valve or drain has been broken, the owner shall notify the department at once so that they may be resealed.

B. Frequent breaking of seals without permission shall be cause for the director to require the immediate installation of a meter approved by him. (Prior code § 40-1-85)

15.24.140 Compliance with department requirements.

All fire service connections shall be installed in accordance with the requirements of the department. (Prior code § 40-1-90)

15.24.150 Readiness to serve charge.

Notwithstanding any other provision of the Metropolitan Code of Laws, the department shall bill and collect from any customer with a private fire protection service connection a monthly readiness-to-serve charge. The charge shall reflect the department's actual costs incurred in providing such service. A written statement of the charge as determined by the department shall be filed with the metropolitan clerk, furnished to each member of the metropolitan council and made available on request to any citizen of Davidson County. The charge may be increased or decreased from time to time upon written notice to the metropolitan clerk and each member of the metropolitan council to reflect changes in the department's actual costs of providing the service contemplated herein. (Ord. BL2007-1457 § 4, 2007)

Chapter 15.28

WATER USE RESTRICTIONS

Sections:

15.28.010	**Authority of director to impose prohibition.**
15.28.020	**Wasting water—Unlawful acts.**
15.28.040	**Wasting water—Order to abate.**
15.28.050	**Failure to comply—Disconnection of service.**

15.28.010 Authority of director to impose prohibition.

Whenever the condition of the water supply system shall, in the opinion of the director, render it prudent and necessary for the public safety and welfare, to prohibit the use of water for the purposes of sprinkling with hose and wagons or use for elevators, the director may make an order of prohibition, publishing the same in one or more of the daily papers, and it is unlawful to use water for the purpose specified above until such order of prohibition is rescinded. (Prior code § 40-1-173)

15.28.020 Wasting water—Unlawful acts.

It is unlawful for any person to wilfully and maliciously open a faucet, break pipes or otherwise waste water furnished by the department. (Prior code § 40-1-169)

15.28.040 Wasting water—Order to abate.

Irrespective of whether or not a consumer or customer is willing to pay for all of the water and sewerage services registered by the meter to his service line, he may be required by the department to discontinue any useless waste of water that is caused by permitting faucets to run continuously or failure to properly maintain the plumbing within his premises.

The foregoing to the contrary notwithstanding, a person in a residential dwelling shall not be prohibited from permitting water to drip continuously from any hydrant, water cock or other fixture during freezing weather in order to prevent the freezing or bursting of a water pipe or other fixture. (Ord. 95-1513 § 2, 1995; prior code § 40-1-171)

15.28.050 Failure to comply—Disconnection of service.

Failure to comply with the provisions of this chapter in regard to eliminating waste may be considered by the department as a breach of contract on the consumer's part, and the department shall have the right to discontinue service to the location covered by the contract within five days after written or printed notice has been left with the occupant of the location. In case of a large and unusual waste of water due to a large leak or other cause on any part of the consumer's service connection and plumbing within the premises, the department shall have the right to cut the water off immediately and shall not reestablish service until the owner or consumer has complied with all the regulations and rules of the department governing the supplying of water to consumers. (Prior code § 40-1-172)

Chapter 15.32

WATER RATES AND CHARGES

Sections:

15.32.010 **Classes of customers designated.**
15.32.020 **Monthly meter rates.**
15.32.030 **Metered sprinkler system—Minimum annual charge.**
15.32.040 **[Reserved.]**
15.32.050 **Miscellaneous water uses—Rates.**
15.32.060 **Miscellaneous water uses—Water supply—Conditions of use.**
15.32.070 **Tenement property—Classification.**
15.32.080 **Tenement property—Rate assessment—Billing.**
15.32.100 **Tenement property—Service connections.**
15.32.110 **Apartment complexes—Separate connections permitted when.**
15.32.120 **Reserved.**
15.32.130 **Reserved.**
15.32.140 **Reserved.**
15.32.150 **Free water—Modification of rates.**
15.32.160 **Unmetered automatic sprinkler systems—Monthly service charge.**
15.32.170 **Private fire hydrants.**
15.32.180 **Water for construction purposes—Paid for by owner.**
15.32.190 **Computation of net and gross billing.**
15.32.200 **Using water without paying—Unlawful.**
15.32.210 **Reports of water division.**

15.32.010 Classes of customers designated.

There shall be two classes of customers for water service. There shall be a residential class, comprising properties with one or two housing units receiving domestic water service through one meter. All other water customers shall be classified as non-residential. (Ord. BL2019-45 § 4, 2019; Amdts. 1, 2 to Ord. BL2005-922 § 1, 2006; Ord. BL2005-922 § 1, 2006; Ord. 90-1385 § 6 (part), 1990; prior code § 40-1-137)

15.32.020 Monthly meter rates.

A. For the years beginning January 1, 2020 through January 1, 2024, every customer receiving water service from the department shall pay a fixed monthly service charge based on meter size as provided in Table 15.32.020(a) and a monthly water usage charge as provided in Table 15.32.020(b).

Table 15.32.020(a) — Meter Charge

Meter Size (inches)	*Monthly Service Charge ($)*				
	Year 2020	*Year 2021*	*Year 2022*	*Year 2023*	*Year 2024*
⅝	5.09	5.30	5.45	5.62	5.79
¾	12.12	12.61	12.98	13.37	13.78
1	15.28	15.89	16.36	16.86	17.36
1.5	26.85	27.92	28.76	29.62	30.51
2	37.91	39.42	40.61	41.82	43.08
3	60.58	63.01	64.90	66.84	68.85

8 and 10	223.72	232.67	239.65	246.84	254.24

Table 15.32.020(b) — Water Usage Charge

Residential Usage (ccf):

	Charge Per CCF ($)				
	Year 2020	*Year 2021*	*Year 2022*	*Year 2023*	*Year 2024*
0—2	—	—	—	—	—
2—6	3.50	3.64	3.75	3.86	3.98
6—10	4.20	4.37	4.50	4.64	4.78
More than 10	5.25	5.46	5.63	5.80	5.97

Non-Residential Usage (ccf):

	Charge Per CCF ($)				
	Year 2020	*Year 2021*	*Year 2022*	*Year 2023*	*Year 2024*
0—2	—	—	—	—	—
More than 2	2.75	2.86	2.95	3.04	3.13

B. The rates provided in Table 15.32.020(a) and 15.32.020(b) shall be adjusted on January 1, 2025 and on January 1 of each succeeding year by the greater of (a) a percentage equal to the percentage change in the CPI Urban Index (CPI-U) over the preceding year and (b) 2%, unless the change in the CPI-U is negative, in which case there shall be no change for that calendar year. Notice of the annual adjustments to begin on January 1, 2025, shall be provided to each member of the metropolitan council, published on the metropolitan government's website and made available to the public in the metropolitan clerk's office at least thirty days before an adjustment goes into effect. Not later than the seventh anniversary of the effective date of this ordinance,

and at least every seven years thereafter, the department shall engage a qualified consultant to perform a rate study and analysis to confirm the department's costs in providing services and determine whether the rates then in effect are fair and reasonable. A copy of such studies shall be provided to each member of the metropolitan council, published on the metropolitan government's website and made available to the public in the metropolitan clerk's office. (Amdt. A to Ord. BL2019-45 § 5, 2019; Ord. BL2019-45 § 5, 2019; Ord. BL2009-407 § 3, 2009; Ord. 99-1502 § 1, 1999)

15.32.030 Metered sprinkler system—Minimum annual charge.

A minimum charge of one hundred sixty-three dollars and fifty cents effective January 1, 1991, one hundred seventy-three dollars and thirty-two cents effective January 1, 1992 and one hundred eighty-three dollars and seventy-one cents effective January 1, 1993, per year shall be made for each metered fire and sprinkler system. (Ord. 90-1385 § 5, 1990; prior code § 40-1-145)

15.32.040 [Reserved.]

15.32.050 Miscellaneous water uses—Rates.

Whenever possible, the miscellaneous water users, who obtain water from fire hydrants, will use meters with approved back-flow devices. They will be billed for the metered flow plus the cost, including overhead, to install and remove the meter. Approved unmetered service will be billed at the estimated volume. Unapproved usage will be prosecuted under applicable local and state laws. (Ord. 92-469 § 3, 1992)

15.32.060 Miscellaneous water uses—Water supply—Conditions of use.

The furnishing of water covered by miscellaneous rates may be from any source within the distribution system that may be approved by the director, and any special conditions not covered by the regulations may be provided for by the director for each particular case. Any charges incidental to supplying water under such conditions may be arrived at by metering the supply and applying the regular meter rates, or the quantity of consumption may be estimated as equitably as possible and billed at the regular meter rates in case there is no other coverage by the miscellaneous rate schedule. Other charges incidental to furnishing water under such special conditions shall be billed to the consumer in addition to the charge for water at actual cost to the department. (Prior code § 40-1-140)

15.32.070 Tenement property—Classification.

A. Tenement property shall be classified as any dwelling, store or place of business fronting on a street or alley and which is located upon an unsubdivided or continuous plot of ground, or a group of such dwellings, stores or places of business fronting on a street or alley which are located upon an unsubdivided or continuous plot of ground, in which are located two or more tenants supplied with water from a single meter; provided, that the following shall not be classified as tenement property:

1. Large office buildings or similar establishments;

2. Hotels or private homes in which the owner or lessee resides and rents out housekeeping apartments, not to exceed two apartments, exclusive of the owner or lessee's living quarters.

B. In the event there should be any controversy as to definition of the words "tenement property" and "tenant," the proper officials of the department, together with the metropolitan attorney, shall have the right to define the proper application of the terms in each case. (Prior code § 40-1-146)

15.32.080 Tenement property—Rate assessment—Billing.

Where water is supplied to tenement property by the department, an established minimum rate shall be assessed for each tenant thereon, and the total amount thereof shall be charged to the owner or his authorized agent. (Prior code § 40-1-147)

15.32.100 Tenement property—Service connections.

Tenement property may be supplied by one meter and one service connection, but the director shall have the right at his discretion to permit a dwelling, store or place of business to be supplied with a separate meter without a separate service line, or he may require with each separate meter a separate service connection from the metropolitan government's main; provided, that the occupancy of such a dwelling, store or place of business shall be dependent upon the use of water and that the occupants of such premises do not have ready or reasonable access to another water supply in the event it should become necessary for the department to discontinue service to such premises for the nonpayment of a bill. (Prior code § 40-1-149)

15.32.110 Apartment complexes—Separate connections permitted when.

Any owner of an apartment complex of fifteen units or less, which are contained in one structure or series of structures, shall be allowed to install separate waterlines

and water meters at the owner's expense to each individual unit. Further, said owner shall post a bond with the department in the amount of one year's estimated revenue from said waterline for each waterline and meter installed. Said bond shall be held by the department and shall be used to pay any deficiencies for revenues due and payable to the water and sewer department from said waterlines. (Prior code § 40-1-149.1)

15.32.120 Reserved.

Editor's note—Ord. BL2012-333, § 4, adopted Feb. 5, 2013, repealed § 15.32.120, which pertained to discount for charitable organizations and derived from prior Code § 40-1-151.

15.32.130 Reserved.

Editor's note—Ord. BL2012-333, § 4, adopted Feb. 5, 2013, repealed § 15.32.130, which pertained to discount for charitable organizations—Determined and derived from prior Code § 40-1-152.

15.32.140 Reserved.

Editor's note—Ord. BL2012-333, § 4, adopted Feb. 5, 2013, repealed § 15.32.140, which pertained to certain charitable organizations not eligible for discount and derived from prior Code § 40-1-153.

15.32.150 Free water—Modification of rates.

A. Except as otherwise provided in this title, the department shall furnish free water for public uses such as water for fighting fires, sprinkling and flushing streets and sewers. All agencies of the metropolitan government using such free water shall use every means to conserve its use, shall not in any manner abuse or misuse the equipment of the department and shall cooperate with the department in maintaining equipment used by other departments on obtaining free water in a first class working condition.

B. No free water may be furnished by the department except as may be provided by this chapter, and no modification of the water rates set out in this chapter may be made except for water consumed by other departments, boards or agencies of the metropolitan government, and such modifications shall be made only by the metropolitan council. (Prior code § 40-1-154)

15.32.160 Unmetered automatic sprinkler systems—Monthly service charge.

A. In all cases where unmetered connections to the water system of the metropolitan government for supplying water to automatic sprinkler systems for fire protection are permitted, a monthly service charge of $0.055 per head shall be made provided the minimum monthly charge shall not be less than fifteen dollars and thirty-one cents. If the charges are not paid within fifteen days after the bill is rendered, the department shall shut off the connection to the automatic sprinkler system after notifying proper authorities in the metropolitan fire department.

B. Sprinkler billing would be included with the monthly charge for water and sewer services and begin with the August 1995 bill. (Ord. 94-1239 § 1, 1994)

15.32.170 Private fire hydrants.

Every person, other than the metropolitan government, who now has or may hereafter erect fire hydrants within the limits of any street, alley, highway or other thoroughfare connected with the water system of the metropolitan government for the protection of his property against fire shall pay in advance an annual service charge of forty-eight dollars per hydrant. This service charge shall not apply to fire hydrants erected on private property and constituting an integral part of an automatic sprinkler system. (Prior code § 40-1-143)

15.32.180 Water for construction purposes—Paid for by owner.

All water used for building or repair purposes shall be paid for by the owner, agent, contractor or occupant of the premises where the work is to be done at the rates established by this chapter. As a condition precedent to the furnishing of water for such purposes, the party liable shall procure from the department an assessment of the amount due for the entire work and pay the same to the department. No person shall use the metropolitan government water for building or repair work without having paid the tax as above specified. (Prior code § 40-1-141)

15.32.190 Computation of net and gross billing.

All bills shall be rendered with the net and gross amount, which shall be determined by the following procedure:

A. All bills shall be figured at the established rate, as set out in this chapter, which shall be the net billing.

B. An additional amount equal to the greater of two dollars and fifty cents or five percent of the total current net billing shall be added to the net billing, the total of which shall be the gross billing; provided, that the gross bill will be due if the net bill is not paid within twenty days of billing. The gross bill will be combined with any arrears to determine the total amount due.

C. That if a residential customer has completed an application for their primary residence and their account is not in arrears, then with proper proof that they receive social security benefits, monthly income payments from state, federal or local government (which payments are not in the form of compensation or wages), service

pension benefits or retirement benefits, their account shall not be charged an additional five percent of the total current net billing. Participation in this program will not prevent a customer from receiving delinquent notices starting forty-five days after bill date.

D. Budget Billing. Within six months after the completion and installation of the department's new customer information system, the department shall create and implement a budget payment plan ("budget billing") for residential customers. Residential customers with at least twelve months of billing history will be eligible for budget billing. Budget billing amounts will be based on the prior twelve months history, with the average amount being due each month. At the end of twelve months, a true up will occur, and the amount due each month will be reassessed based on actual consumption. (Ord. BL2009-407 § 4, 2009; Ord. BL2007-1457 § 3, 2007; Ord. 99-1531 § 1, 1999; Amdt. 1 to Ord. 94-924, 4/5/94; Ord. 94-924 § 1, 1994; prior code § 40-1-138)

15.32.200 Using water without paying—Unlawful.

It is unlawful for any person to use the water from the metropolitan government mains without paying the charges established by this code or other ordinances therefor. (Prior code § 40-1-155)

15.32.210 Reports of water division.

A. The director of the department of water and sewerage services shall maintain financial policies, submit an annual written report to the metropolitan council regarding the financial performance of water division, and shall personally appear annually during the regularly scheduled budget hearing. Such report shall contain, at a minimum:

1. The audited financial statements, including net position, capital assets, outstanding bonds payable and other financial information.

2. The annual budget review, including the adequacy of budgeted revenues to cover projected expenses and debt requirements.

3. Financial policies and the department's performance against policy targets.

4. Any other information deemed relevant by the director or upon request of the transportation and infrastructure or budget and finance committees of the metropolitan council. (Ord. BL2023-1871 § 1, 2023; Ord. BL2019-46 § 1, 2019)

Chapter 15.34

RESIDENTIAL SANITARY SEWERAGE PUMPING SYSTEMS

Sections:

15.34.010	**Definitions.**
15.34.020	**Applicability.**
15.34.030	**Fees and charges.**
15.34.040	**Installation.**
15.34.050	**Ownership/maintenance responsibilities.**
15.34.060	**Disconnection.**
15.34.070	**Systems installed prior to adoption of the policy.**
15.34.080	**Agreement.**

15.34.010 Definitions.

"Collector force main" means a pipe which transports wastewater by means of internal pressure and is therefore not dependent upon gravity.

"Department" means the water services department of the Metropolitan Government of Nashville and Davidson County.

"Department installation" means a residential sanitary sewer pump installed by the department.

"Developer installation" means a residential sanitary sewer pump installed by developers with the approval of the department.

"Homeowner installation" means a residential sanitary sewer pump installed by a property owner, including those residential sanitary sewer pumps installed prior to the enactment of the ordinance codified in this chapter.

"Gravity sewer line" means a pipe that transports wastewater by means of natural gravity.

"Residential sanitary sewer pump" (RSSP) means an in-ground wastewater pumping system that serves as an alternative to either standard gravity service or septic tank/overflow service. This pump may discharge to either a gravity sewer line or to a collector force main. (Ord. 98-1427 § 1 (part), 1998)

15.34.020 Applicability.

The department shall determine, consistent with all applicable regulations, the methods by which single-family residential properties are provided with sanitary sewer service. (Ord. 98-1427 § 1 (part), 1998)

15.34.030 Fees and charges.

A. Sewer Service Charge. Properties having direct access to either a gravity sewer line or to a collector force main will be billed for sewerage service, in accordance with the Metropolitan Code of Laws Section 15.40.060, whether or not a connection is made. Therefore, properties having previously been granted an exemption from this charge solely on the basis of not having gravity access will become subject to the charge once access is provided. Exemptions from sewer service charges previously granted for any other reason will not be affected by this provision.

B. Connection Fee (Tap Fee). All connections of a RSSP to the public sewer system will require the payment of the department's standard residential connection fee (tap fee) before service will be provided, unless an agreement entered into between the department and the developer/homeowner expressly exempts the payment of such a fee.

C. Maintenance Fee. Developer installation of a RSSP will require the payment of a one-time nonrefundable maintenance fee per residential connection as set by the wastewater hearing authority. The initial fee will remain two thousand five hundred dollars until revised by the wastewater hearing authority. This fee will not be required for department installations nor for homeowner installations, except as provided in Section 15.34.050C. (Amdt. 1 to Ord. BL2016-331 § 1, 2016; Ord. BL2016-331 § 1, 2016; Ord. 98-1427 § 1 (part), 1998)

15.34.040 Installation.

A. The department will fund the installation cost for a department-installed RSSP, except for the electrical service and disconnect box which must be provided by the property owner at an exterior location of the department's choosing.

B. For homeowner and developer installations, the installation cost for a (RSSP) will be totally funded by the respective homeowner/developer. All installations must be in compliance with the department's specifications including an appropriately designed odor control system at the point of discharge of the collector force main. The system must be designed by a licensed engineer and approved by the department including any perpetual easement, permanent structure, power and telemetry.

C. As determined by the director or his designee, the installer of a RSSP system will be required to install resistant pipe materials or liners and apply manhole sealers, upstream and downstream from the discharge point, to protect the public sanitary sewer system from corrosive gases that may be generated by the (RSSP) system. The installer shall also install an appropriately sized odor control system based on site conditions as determined by the director or his designee at the point of discharge to the gravity sewer system at the installer's expense. The system must be designed by a licensed engineer and approved by the department including a

perpetual easement, permanent structure, power and telemetry. (Ord. BL2016-331 §§ 2, 3, 2016; Ord. 98-1427 § 1 (part), 1998)

15.34.050 Ownership/maintenance responsibilities.

A. A department-installed RSSP will remain the property of metro and will require the property owner to grant sufficient access easements to metro for maintenance by the department.

B. A developer-installed RSSP will be maintained by the department upon compliance with the following criteria:

1. The developer must deed the RSSP system to metro;

2. The developer must dedicate a sufficient access easement to metro for maintenance; and

3. The developer must pay the one-time, nonrefundable maintenance fee.

C. A homeowner-installed RSSP will normally be solely owned and maintained by the homeowner. However, if requested by a homeowner, the department may, at its discretion, elect to maintain such systems upon compliance with the following criteria:

1. The homeowner must deed the RSSP system to metro;

2. The homeowner must dedicate a sufficient access easement to metro for maintenance;

3. The homeowner must pay the one-time, nonrefundable maintenance fee;

4. For RSSP's installed prior to the effective date of the ordinance codified in this chapter, the RSSP must be brought into compliance with all applicable code, regulations or specifications of the department; and

5. If required by the department, the homeowner must participate in the expense of necessary off-site sewer construction.

D. For those systems maintained by the department, maintenance will include the entire RSSP system, including the service line connection to the public sewer system and the electrical wiring up to the disconnect box. However, the cost of repair or maintenance performed by the department will be billed to the property owner when the department determines such repair or maintenance is due to damage to the system caused by the property owner. The property owner will be responsible for the electric power costs in operating these systems.

E. The department will not be responsible for damage to or the replacement of any structures or landscaping which might prevent or impede reasonable access to the system for repair or maintenance. (Ord. 98-1427 § 1 (part), 1998)

15.34.060 Disconnection.

The property owner may be required to disconnect from this RSSP system and connect to the gravity sewer within sixty days of notification that gravity sewerage service has been made available to the property. For any RSSP that it owns, the department will then at its expense remove the system and will void/vacate any associated easements. (Ord. 98-1427 § 1 (part), 1998)

15.34.070 Systems installed prior to adoption of the policy.

RSSP systems installed prior to adoption of this policy will be maintained and operated in accordance with the Metropolitan Code of Laws. (Ord. 98-1427 § 1 (part), 1998)

15.34.080 Agreement.

The owner of property served by a RSSP system shall execute an agreement with the department referencing the responsibilities of the respective parties as contained in this chapter. Further, this agreement will become a covenant running with the land until such time that the RSSP system is removed. (Ord. 98-1427 § 1 (part), 1998)

Chapter 15.36

SEWER MAIN TAPPING FEES AND CHARGES

Sections:

15.36.010	**Applicability of chapter.**

15.36.110	**Oversized sewers.**
15.36.120	**Extensions—Property of metropolitan government.**
15.36.130	**Participation with development.**

15.36.010 Applicability of chapter.

The provisions of this chapter shall apply to all customers desiring or required to connect to the sewers of the public sanitary sewerage system of the metropolitan government. (Prior code § 40-1-101)

15.36.020 Connection fee.

A. All persons desiring or required to connect to the public sanitary sewerage system shall pay for the privilege of connecting to the sewer main a connection fee for each connection as follows:

Tap Size (inches)	Fee ($)
4 or 6	360.00
8	370.00
10	380.00
12	390.00
15	400.00

B. All fees collected shall be held and expended only for the development of the public sanitary sewerage system in accordance with the capital improvements budget and may be invested to further such purpose. (Ord. BL2019-45 § 6, 2019; Ord. BL2007-1457 § 9, 2007; prior code § 40-1-102)

15.36.030 Letters of availability.

A. The director is authorized to issue letters of availability to any person seeking to determine whether sewage capacity is available for any parcel of property. If the director determines that sewerage improvements are necessary before sewage capacity will be available for any parcel of property, the director is authorized to issue a letter of availability conditioned upon the person requesting the letter complying with all the conditions contained therein. All requests for letters of availability must contain adequate information on the proposed use of the parcel of property to permit the director to estimate the sewage flow from the property, and the letter of availability shall identify the maximum sewage flow for the parcel of property. The director may issue more than one letter of availability for any parcel of property.

B. The letter of availability shall constitute a commitment that the amount of flow identified therein shall be available for the parcel of property identified therein subject to any conditions contained therein for the time period stated therein.

C. Letters of availability may be renewed prior to their expiration by submitting a request for renewal to the director.

D. Any person requesting a letter of availability from the director shall pay a nonrefundable review fee at the time the request for the letter of availability is submitted to the director.

E. Whenever the director finds that the actual peak sewage flows as determined by the director plus any previously committed sewage flows do not exceed seventy percent of the capacity of the sewerage system, from the point of connection of a parcel of property to the point of discharge from a wastewater treatment plant, or that the ultimate development of the drainage basin in which a parcel of property is located will not exceed the capacity of the above described sewerage system, the director may issue a letter of availability or renew a previously issued letter of availability, which will be effective for one year from the date of issuance or renewal, without collecting prior to the issuance of the letter of availability any portion of the capacity charge imposed by Section 15.36.040.

F. Whenever the director finds that the actual peak sewage flow, as determined by the director plus, any previously committed sewage flows, equals or exceeds seventy percent of the capacity of the sewage system from the point of connection of a parcel of property to the point of discharge from a wastewater treatment plant, the director may issue a letter of availability or renew a previously issued letter of availability which

will be effective from the date of issuance or renewal for the period set forth below only upon the receipt of the percentage of the capacity charge imposed by Section 15.36.040 as set forth below:

Period of Commitment	Percentage of Capacity Charge
One year	30%
Two years	55%
Three years	100%

G. Provided, however, no commitment for more than fifty percent of the remaining available capacity of the sewerage system as described in subsections E and F for any period of time shall be made by the director unless one hundred percent of the capacity charge imposed by Section 15.36.040 is paid prior to the issuance of a letter of availability.

H. Any capacity charge paid pursuant to subsection G is applicable only to the parcel(s) of property identified in the letter of availability. Any capacity charge paid by the owner of a parcel of property may be transferred with the property whenever the property is sold to a new owner. No refund of any capacity charge collected pursuant to subsection G shall be permitted unless the connection of the parcel of property pursuant to a unexpired letter of availability or renewal thereof is not permitted because of any restriction on sewer connections subsequently imposed upon the department of water and sewer service. Any capacity charge paid by the person pursuant to the preceding subsections shall be applied toward the total capacity charge imposed pursuant to Section 15.36.040 if the person paying said capacity charge or his/her successor in interest obtains a permit to connect the parcel(s) of property identified in the letter of availability to the sewerage system prior to the expiration of the letter of availability or any renewal thereof. (Ord. BL2019-45 § 7, 2019; Ord. 90-1383 § 1, 1990; prior code § 40-1-102.2)

15.36.040 Capacity charge.

A. Notwithstanding any other provision of the Metropolitan Code of Laws to the contrary, there is established a capacity charge of two thousand three hundred dollars per unit of flow on all new connections to the public sewer system. An increase in sewer use of ten percent or more through an existing connection, as compared to average flow during the previous three years, shall be considered a new connection for purposes of this section. This capacity charge shall be distinguished from and collected in addition to applicable tap fees.

B. Trunk sewer construction or expansion funding by the metropolitan government shall be only upon the basis of availability of funds. If developers fund construction or expansion of trunk sewers, the metropolitan government shall collect the charges created herein in accordance with subsection F, below. Nothing in this subsection shall be construed to create any obligation on the metropolitan government to fund in whole or in part the construction or expansion of trunk sewers.

C. The charges established herein shall be placed in the extension and replacement fund of the metropolitan department of water and sewerage services.

D. "Unit of flow," as used in this section, is defined as three hundred fifty gallons per day expected average usage, and "existing sewer" shall mean the extension of a public sewer is not required to serve the property.

E. The passage of this section shall not void any existing contractual commitments for sewer capacity made by the metropolitan government, department of water and sewerage services, on its obligations assumed by the acquisition of other utility districts. In those instances where the department of water and sewerage services has notified developers of available capacity, such notice shall serve as a commitment of the stated capacity during the term specified in such notice, if any, or, if no term is specified, for one year after the adoption of this section. A "master plan development area" shall be defined as an area on which a plan has received preliminary approval by the planning commission for overall orderly development although the actual development of such area is to be conducted in stages. The sewer assessment fee for a master plan development area shall be exempted for the approved number of units for a period of two years from the date of passage of this section, provided that an overall plan for providing sewer service has been accepted by the department of water and sewerage service as the basis for approval of construction plans for sanitary sewers to serve the master plan development area. The passage of this section shall supersede and void, after two years, future application of the funding arrangement previously established for the Larchwood Drainage Basin by Ordinance No. 081-724, said ordinance being repealed effective two years after passage of this section. After two years, charges in Larchwood will be collected pursuant to the terms of this section. All existing contracts shall be honored relating to Larchwood.

F. Except in cases covered by Section 15.36.070 of the Metropolitan Code of Laws, all charges established under this section shall be due and payable prior to the issuance of a permit for service connection to the public sewer. If a developer prepays any part or all of the fee charge, such payment may be indicated with the filing of

the property subdivision plat or other duly recorded instrument. This contribution may be in the form of cash payments or equivalent construction cost. In the event a developer contributes, in equivalent construction cost, an amount greater than the charge established by this section, such developers shall be reimbursed for such contribution to that extent when the department collects other applicable fees from properties served by that project. Any such reimbursement shall be made only after the metropolitan government has been reimbursed the entirety of its cost. The department of water and sewerage services shall keep permanent records for each project and all contractual obligations shall be sworn to and executed by the participating party. The director of the department of water and sewerage services is authorized to enter into said agreements in behalf of the metropolitan government. (Ord. BL2019-45 § 8, 2019; Ord. BL2009-407 § 5, 2009; Ord. BL2008-215 §§ 6, 7, 2008; Ord. BL2007-1457 § 8, 2007; Ord. BL2006-1095 § 3, 2006; prior code § 40-1-102.1)

15.36.050 Exemptions.

The following lots shall be exempt from payment of the tapping or connecting fees established by this chapter:

A. Lots connected to the public sanitary sewer system as of the effective date of this chapter. This exemption shall not apply to additional residences or buildings erected on property served by the public sanitary sewer system when a new connection is required. However, nothing herein shall be construed to require connection fees where the structures to be served, having a private sanitary waste disposal system, existed prior to the construction of a public sanitary sewer accessible to the property to which the structure is a part and which was funded before the effective date of Ordinance 82-1034 (October 5, 1982). The fees described herein shall be applicable to vacant lots and to all lots served by sanitary sewers funded and constructed after the effective date of Ordinance 82-1034;

B. Lots granted sewer taps as partial consideration of the conveyance of sewer easements in projects funded prior to the effective date of Ordinance 82-1034 to the full extent of the agreement. This exemption shall not apply to additional residences or buildings erected on property served by the public sanitary sewer system except as stated in such agreements;

C. Vacant lots previously connected to the sanitary sewer system for which service has been discontinued where service is reconnected with the property being used for the same or similar purpose and the service line is equal to or smaller than the prior connection;

D. Those lots located in subdivisions or developments in which sanitary sewers have been constructed at the expense of a subdivider or developer under an agreement with the metropolitan government whereby the privilege of tapping or connecting has been or may be at the time the permit is taken assigned to such property by the subdivider or developer until the subdivider or developer's equity has been recouped. Nothing herein shall be construed to void or otherwise change existing contracts or agreements between the metropolitan government and subdividers or developers. (Amdt. 1 to Ord. BL2015-1213 § 3, 2015; Ord. BL2015-1213 § 3, 2015; prior code § 40-1-109)

15.36.060 Fees for multiple connections.

Fees for each connection to the public sanitary sewer where more than one connection to the sanitary sewer is required or made shall be calculated in accordance with the schedule of fees established in Section 15.36.020; provided, that only one additional charge for frontage in excess of fifty feet shall be made. (Prior code § 40-1-103)

15.36.070 Payment—Installment plans.

The director of the department of water and sewerage services and director of finance are authorized to establish a system of partial payments for tapping and capacity charges created by this chapter for customers using four-inch, six-inch and eight-inch sanitary sewer connections with expected sewer effluent averaging five thousand gallons per day or less. Eligible customers shall be allowed to make payment in thirty-six equal monthly installments, without interest, from the date of connection. Upon request, the director shall review the account of each eligible customer on or about the first anniversary of the establishment of the account to determine the customer's actual capacity requirement. In the event that the actual capacity requirement differs by ten percent or more from the capacity estimate used at establishment of the account to determine the capacity charge created by this chapter, the director shall refund to or collect from the customer, as appropriate, the difference between the capacity charge previously paid by the customer and the capacity charge calculated on the customer's actual capacity requirement. The director further shall amend the terms of any payment plan contemplated in this section as necessary to cause the total capacity charge paid by an eligible customer to be based on the customer's actual capacity requirement. A copy of this section of the Metropolitan Code shall be made available to any customer entering into a payment plan hereunder. This section shall not apply to single-family residential developments or to combined single-

family and commercial developments. (Ord. BL2009-407 § 6, 2009; Ord. BL2008-215 § 8, 2008; prior code § 40-1-104)

15.36.080 Unpaid fees—Lien on property.

Tapping and capacity fees specified in this chapter shall constitute a lien against the property served, which lien shall run with the property. The Metropolitan Government may enforce the lien against the property involved as prescribed by law. (Ord. BL2008-215 § 9, 2008; prior code § 40-1-105)

15.36.090 Frontage defined.

"Frontage" shall be defined as that boundary of a parcel of land abutting on an accessible sewer. In the event that more than one boundary of the parcel of land abuts on an accessible sewer, the property owner may elect to tap either sewer at a fee determined by the feet of frontage of the lot to be supplied, or the lesser abutting dimension of such lot. (Prior code § 40-1-106)

15.36.100 Intermediate connections—Financed by developer—Reimbursement.

When property is isolated or remotely located from the nearest accessible sewer, the director may require the developer or applicant for sewerage service to finance the necessary run of intermediate or connecting sewer; however, the person financing such a section of sewer shall be reimbursed annually from proceeds from the sale of tapping privileges by the department in accordance with the schedule of fees established in this chapter to subsequent subscribers on such connecting sewer until such developer or applicant has been reimbursed the actual established cost of such connecting sewer, or for a period of fifteen years, whichever should occur sooner. (Prior code § 40-1-107)

15.36.110 Oversized sewers.

The foregoing provisions are based on an eight-inch sewer, which size is generally accepted as the minimum size required to supply sewerage service. However, in the case of subdivisions which may be located in a relatively isolated section or of large industrial plants or other similar types of applicants, it may become necessary to install, or extend sewers larger than eight inches in size to take care of the needs for such a particular user or future upland users. Therefore, the director is authorized to negotiate and enter into an equitable agreement with such prospective customer and subsequent customers of this classification. (Prior code § 40-1-108)

15.36.120 Extensions—Property of metropolitan government.

When it becomes necessary to construct a system of sewer mains in a subdivision or on private property for the purpose of serving multiple structures or a single structure, the sewer main or mains shall be installed by the developer or owner in accordance with the regulations of the department, and shall become a part of the public sanitary sewerage system. (Prior code § 40-1-110)

15.36.130 Participation with development.

The metropolitan council may approve participation agreements for lay and deed infrastructure projects, participation agreements for funding to utilize toward future systemwide upgrades and maintenance agreements for funding towards the future increase in cost for the operation and maintenance costs of infrastructure between the metropolitan department of water and sewerage services and developers by resolution. (Ord. BL2022-1214 § 1, 2022)

Chapter 15.40

SEWER SYSTEM USE REGULATIONS

Sections:

15.40.010	**Compliance with plumbing code required.**
15.40.020	**Regulation and enforcement—Authority of director.**
15.40.030	**Reserved.**
15.40.040	**Connection required.**
15.40.050	**Maintenance of service connection—Owner's and department's responsibility.**
15.40.060	**Reserved.**
15.40.070	**Unserved parcels.**
15.40.080	**Discharge of garbage prohibited.**
15.40.090	**Stormwater—Runoff to sanitary sewers prohibited.**
15.40.100	**Stormwater—Prevention of runoff to separate sewers.**
15.40.110	**Stormwater—Discharge to combined sewers or natural watercourses.**
15.40.120	**Service connections across private property.**

15.40.010 Compliance with plumbing code required.

All connections to the public sanitary sewerage system shall be in full accord with the plumbing code or other applicable provisions of this chapter or other ordinances of the metropolitan government. (Prior code § 40-1-179)

15.40.020 Regulation and enforcement—Authority of director.

The director is authorized and directed to promulgate and enforce such rules and regulations as he may deem necessary for the enforcement of this chapter and for the safe, economical and efficient management, control and protection of the government's public sanitary sewerage system. The director of the metropolitan public health department may require connection to the public sewerage system in accordance with this chapter when public health concerns are identified. (Amdt. 1 to Ord. BL2006-1239 § 12, 2006; Ord. BL2006-1239 § 12, 2006; Ord. BL2005-769 § 1, 2005; prior code § 40-1-174)

15.40.030 Reserved.

Editor's note—Ord. BL2006-1239, § 13, adopted Dec. 5, 2006, repealed § 15.40.030, which pertained to connection required—Existing buildings and derived from prior Code § 40-1-175.

15.40.040 Connection required.

Any persons owning improved parcels contiguous to public rights-of-way and/or public utility easements containing public sanitary sewers shall make connection to the public infrastructure in accordance with the department's current specifications and sewer acceptability policy. This must be accomplished within sixty days of being notified by the department to do so unless otherwise notified by the director. Any required fees and service charges will be billed on the next billing cycle. This schedule may be shortened if an existing condition is a threat to public health and safety. (Ord. BL2006-1239 § 14, 2006; prior code § 40-1-176)

15.40.050 Maintenance of service connection—Owner's and department's responsibility.

A. The owner will own and maintain his sewer service line from the public sewer main to the structure served.

B. If the owner experiences sewer service interruption as a result of a sewer service line failure and has demonstrated a good faith effort to remedy the problem, the department shall make any necessary repair on the portion of sewer service line inside the public right-of-way or easement from the main to the boundary of right-of-way or easement. Provided, however, that before the department will make such repairs, the owner must provide an excavated clear and open access to the sewer service line at the right-of-way or easement boundary. Residential customers will not be billed for any repair performed by the department under this section. Commercial customers shall pay all costs of repair incurred by the department under this section and such costs shall be billed on the customer's next bill. (Ord. BL2006-1239 § 15, 2006; prior code § 40-1-177)

15.40.060 Reserved.

Editor's note—Ord. BL2006-1239, § 16, adopted Dec. 5, 2006, repealed § 15.40.060, which pertained to notice to connect—Accrual of charges upon expiration of notice and derived from prior Code § 40-1-178.

15.40.070 Unserved parcels.

Improved parcels outside the service area of the department are required to the rules and regulations of the metropolitan department of health pertaining to the disposal of sewage. (Ord. BL2006-1239 § 17, 2006; prior code § 40-1-180)

15.40.080 Discharge of garbage prohibited.

All discharge to the public sanitary sewer system shall be in accordance with the rules and regulations of the

department. (Ord. BL2006-1239 § 18, 2006; prior code § 40-1-181)

15.40.090 Stormwater—Runoff to sanitary sewers prohibited.

The discharge of stormwater runoff to separate sanitary sewers is prohibited. (Prior code § 40-1-182)

15.40.100 Stormwater—Prevention of runoff to separate sewers.

All persons connecting to the public sanitary sewerage system shall provide adequate means for excluding stormwater runoff in the event connection is made to separate sanitary sewers. (Prior code § 40-1-183)

15.40.110 Stormwater—Discharge to combined sewers or natural watercourses.

Discharge of stormwater runoff shall be in compliance with the department's current version of its Stormwater Management Manual, which shall be made available for review in the department's stormwater office. (Ord. BL2006-1239 § 19, 2006; prior code § 40-1-184)

15.40.120 Service connections across private property.

All sewer connections and extended service lines must either be through the public right-of-way to the property served or through metro government controlled utility easements to the property served. (Ord. BL2006-1239 § 5, 2006)

Chapter 15.44

SEWER RATES AND CHARGES

Sections:

15.44.010 **Classes of customers designated.**
15.44.020 **Monthly rates.**
15.44.030 **Other water supplies—Approved meters required.**
15.44.040 **Computation of net and gross billing.**
15.44.050 **Waters diverted from public sewerage system—Measurement—Reduction in charges.**
15.44.060 **Vacant property readiness to serve charge.**
15.44.070 **Reports of sewerage division.**

15.44.010 Classes of customers designated.

There shall be two classes of customers for sewer service. There shall be a residential class, comprising properties with one or two housing units receiving domestic water service through one meter. All other sewer customers shall be classified as non-residential. (Ord. BL2019-45 § 9, 2019; Ord. 90-1385 § 6 (part), 1990; prior code § 40-1-158)

15.44.020 Monthly rates.

A. For the years beginning January 1, 2020 through January 1, 2024, every customer receiving sewer service from the department shall pay a fixed monthly service charge based on water meter size as provided in Table 15.44.020(a) and a monthly sewer usage charge as provided in Table 15.44.020(b).

Table 15.44.020(a) — Sewer Service Charge

Water Meter Size (inches)	*Monthly Service Charge ($)*				
	Year 2020	*Year 2021*	*Year 2022*	*Year 2023*	*Year 2024*
⅝	8.14	8.46	8.72	8.98	9.25
¾	36.00	37.44	38.56	39.72	40.91
1	46.58	48.44	49.90	51.39	52.94
1.5	90.67	94.30	97.13	100.04	103.04
2	127.38	132.48	136.45	140.55	144.76
3	158.59	164.93	169.88	174.98	180.22
4	449.98	467.97	482.01	496.47	511.37
6	536.44	557.89	574.63	591.87	609.63
8 and 10	686.89	714.36	735.79	757.87	780.60

Table 15.44.020(b) — Sewer Usage Charge

Residential Usage (ccf):

	Charge Per CCF ($)				
	Year 2020	*Year 2021*	*Year 2022*	*Year 2023*	*Year 2024*
0—2	—	—	—	—	—
More than 2	5.85	6.08	6.26	6.45	6.64

Non-Residential Usage (ccf):

	Charge Per CCF ($)				
	Year 2020	*Year 2021*	*Year 2022*	*Year 2023*	*Year 2024*
0—2	—	—	—	—	—
More than 2	5.85	6.08	6.26	6.45	6.64

B. The rates provided in Table 15.44.020(a) and 15.44.020(b) shall be adjusted on January 1, 2025 and on January 1 of each succeeding year by the greater of (a) a percentage equal to the percentage change in the CPI Urban Index (CPI-U) over the preceding year and (b) 2%, unless the change in the CPI-U is negative, in which case there shall be no change. Notice of annual adjustments to begin on January 1, 2025, shall be provided to each member of the metropolitan council, published on the metropolitan government's website and made available to the public in the metropolitan clerk's office at least thirty days before an adjustment goes into effect. Not later than the seventh anniversary of the effective date of this ordinance, and at least every seven years thereafter, the department shall engage a qualified consultant to perform a rate study and analysis to confirm the department's costs in providing service and determine whether the rates then in effect are fair and reasonable. A copy of such studies shall be provided to each member of the metropolitan council, published on the metropolitan government's website and made available to the public in the metropolitan clerk's office. (Amdt. A to Ord. BL2019-45 § 10, 2019; Ord. BL2019-45 § 10, 2019; Ord. BL2009-407 § 7, 2009; Ord. 99-1502 § 2, 1999)

15.44.030 Other water supplies—Approved meters required.

In the event that any person discharging sanitary sewage, industrial waste, water or other liquids into the public sanitary sewerage system, either directly or indirectly, obtains part or all of the water used by him from a water supply other than that of the department, he shall register such supply with the department; and if the water from such supply is not measured by a water meter or is measured by a water meter not acceptable to

the department, then the user of such water supply, at his own expense, shall install and maintain water meters satisfactory to the department on all such supplies, and shall pay for the privilege of using the public sanitary sewerage system a charge based upon the schedule of rates for sewerage service set out in Section 15.44.020. (Prior code § 40-1-157)

15.44.040 Computation of net and gross billing.

All bills shall be rendered with the net and gross amount, which shall be determined by the following procedure:

A. All bills shall be figured at the established rates as set out in this chapter, which shall be the net billing.

B. An additional five percent of the total current net billing shall be added to the net billing, the total of which shall be the gross billing; provided, that the gross bill will be due if the net bill is not paid within twenty days of billing. The gross bill will be combined with any arrears to determine the total amount due.

C. That if a residential customer has completed an application for their primary residence and their account is not in arrears, then with proper proof that they receive social security benefits, monthly income payments from state, federal or local government (which payments are not in the form of compensation or wages), service pension benefits or retirement benefits, their net and gross bill will be computed as follows: The meter will be read during the regular billing cycle and the five percent gross will be computed consistent with Section B of this section. However, the gross amount will not be due until after the seventh day of the month following the billing date. Participation in this program will not prevent a customer from receiving late charges, delinquent notices or prevent disconnections for nonpayment. (Ord. BL2012-333 § 5, 2013; Amdt. 1 to Ord. 94-924, 4/5/94; Ord. 94-924 § 1, 1994; prior code § 40-1-159)

15.44.050 Waters diverted from public sewerage system—Measurement—Reduction in charges.

A. In the event that it is established to the satisfaction of the department that all or a portion of the water consumed does not and cannot enter the public sanitary sewerage system, then such water not reaching the system shall be excluded from the computation of the charge for sewerage service. In such event, the department may require or shall permit the installation of additional meters at the customer's or interested party's expense in such a manner as to measure either the quantity of water actually excluded from the public sanitary sewerage system or the actual quantity of water discharged thereto. Meters shall be of a type suitable for the service which they are to perform, shall meet with the approval of the department, and shall be installed and maintained in a manner satisfactory to the department. In the event that it is desired to meter the water excluded or diverted from the public sanitary sewerage system, then all outlets for such water shall be consolidated and measured by one single meter. In the event that it is desired to meter the actual flow to the sewer, the meter shall be installed in a suitable manner. All such meters or measuring devices shall be under the control of the department, and may be tested, inspected or repaired by the department whenever the department deems it necessary. All repairs thereto shall be made at the expense of the person owning the meter.

B. In the event that the department finds it is not practical to measure either the actual sewage and industrial waste flow or the flow of diverted water for commercial and industrial customers, it may, at its discretion, approve some other manner of computing or estimating the amount of water diverted from or discharged to the public sanitary sewerage system. Effective July 1, 2007, the department shall implement a method for computing or estimating the amount of water diverted from the public sanitary sewerage system by residential customers based upon an average of the customer's monthly usage during the months of January, February and March. Such residential customers shall not be billed for sewerage service for the estimated amount of water diverted from the sanitary sewerage system. Notwithstanding the provisions of subsection A. of this section to the contrary, no residential customer shall be required to install an additional meter or meters for the purpose of determining the amount of water diverted from the public sanitary sewerage system in order to be eligible for a billing adjustment pursuant to this subsection.

C. Also, in the event that the department finds it is not practical to make an actual measurement of the waste discharge from the premises of the customer into the public sanitary sewerage system, the department may, at its discretion, accept as the volume of waste discharged from the premises as shown by water meters of the department or water meters approved by the department through which meter water is sold or used by the customer.

D. Customers, other than those residential customers eligible for a billing adjustment pursuant to subsection B. of this section, requesting consideration for a reduction in sewerage service charges because of water excluded from the public sanitary sewerage system shall make written application to the department for such consideration, giving their name, address, account number

and supporting data fully describing all sources of water, as well as the disposition of water alleged not to be entering the public sanitary sewerage system. The application shall be accompanied by a sketch to approximate scale showing the plan of the property, water distribution system, sewer layout, existing meters and proposed meters and the scheme proposed for determining the quantity of water entering the public sanitary sewerage system.

E. Reserved. (Ord. BL2021-794 § 1, 2021; Amdt. 1 to Ord. BL2012-218 § 1, 2012; Ord. BL2012-218 § 1, 2012; Ord. BL2006-1186 § 1, 2006; prior code § 40-1-160)

15.44.060 Vacant property readiness to serve charge.

The department shall bill and collect from the owner of any vacant lot not covered by an existing water and sewer account with the department and having access to the public sanitary sewer a monthly readiness-to-serve charge of ten dollars. (Ord. BL2007-1457 § 2, 2007)

15.44.070 Reports of sewerage division.

A. The director of the department of water and sewerage services shall maintain financial policies, submit an annual written report to the metropolitan council regarding the financial performance of the sewerage division, and shall personally appear annually during the regularly scheduled budget hearing. Such report shall contain, at a minimum:

1. The audited financial statements, including net position, capital assets, outstanding bonds payable and other financial information.

2. The annual budget review, including the adequacy of budgeted revenues to cover projected expenses and debt requirements.

3. Financial policies and the department's performance against policy targets.

4. Any other information deemed relevant by the director or upon request of the transportation and infrastructure or budget and finance committees of the metropolitan council. (Ord. BL2023-1871 § 2, 2023; Ord. BL2019-46 § 2, 2019)

Chapter 15.48

WATER AND SEWER SERVICE BILLING PROCEDURES

Sections:

15.48.010 Applicability of rates and charges.
15.48.020 Meter reading and billing procedure.
15.48.030 Deposits—Service initiation fees.
15.48.035 [Surcharge.]
15.48.040 Government housing projects.
15.48.050 Establishment of billing districts—Authority of department.
15.48.060 Combined bills rendered to all consumers.
15.48.070 Billing period.
15.48.080 Bills mailed to property served—Exception.
15.48.090 Inoperative meters—Estimation of water usage.
15.48.100 Meter readings recorded on bill.
15.48.110 Collection—Mailing of bills.
15.48.120 Payment—Pay stations.
15.48.130 Temporary service—Minimum charge.
15.48.140 Adjustments—Exception to procedures.
15.48.150 Successive adjustments when.
15.48.160 Adjustments—Preparation of ledgers.
15.48.170 Adjustments—Due to incorrect meters.
15.48.180 Adjustments—Concealed leaks and vandalism.
15.48.190 Adjustments—Errors in meter readings.
15.48.200 Estimating bill—Defective meters.
15.48.210 Payment due—Net and gross bills.
15.48.220 Payment—Time extensions—Restoration of service.
15.48.230 Delinquent bills—Discontinuance of service—Service charges.
15.48.240 Restoration of service following payment of account.
15.48.250 Unauthorized reconnection—Disconnection of supply pipes.
15.48.260 Payment—Returned check charge.
15.48.270 Reinstatement charge following temporary disconnection.
15.48.280 Reserved.
15.48.290 New account connection—Same day service charge.
15.48.300 New water meter installation inspection charge.

15.48.010 Applicability of rates and charges.

The department shall charge for all water provided by the department and consumed by each consumer and customer and shall charge for the sewerage services provided by the department and made available to each customer. The charges for water and sewerage services shall be made according to meter measurement of water consumed or otherwise as provided by this chapter and at the rates established by Chapters 15.32 and 15.44. (Prior code § 40-1-111)

15.48.020 Meter reading and billing procedure.

A. After a customer has requested water or sewerage service and complied with the applicable provisions of this title, the standard terms of service contemplated by Metropolitan Code of Laws Section 15.12.020, and the rules and regulations of the department, the water shall then be turned on and the meter shall be read.

B. This procedure of reading and billing shall continue until the consumer or customer shall direct that service be discontinued at the specified location or until the department shall discontinue service on account of the failure of the consumer or customer to comply with the regulations of the department, the standard terms of service, or the provisions of this title.

C. Any consumer who shall move into any premises without first notifying the division of billing and collection of the department, requesting that the meter supplying the premises be read shall be held responsible for all charges for water and sewerage services measured by water passing through the meter since the last previous reading, unless the same has been paid for by the former tenant. (Ord. BL2005-867 §§ 3, 4, 2005; Ord. 94-1242 § 1, 1994; prior code § 40-1-112)

15.48.030 Deposits—Service initiation fees.

A. Any nonresidential consumer or customer who secures water and/or sewerage services from the department shall pay a deposit, post a bond, secure a certificate of deposit, present a letter of credit or other legal instrument to insure payment of the account based upon

charges for two months' estimated usage. However, the director of the department may require any amount of deposit, bond or letter of credit higher than a two-month estimate where it is deemed necessary from past experience to insure the metropolitan government against loss of revenues.

B. Residential customers currently with deposits who have paid ten of the last twelve consecutive monthly billings from the department prior to the gross bill date, in accordance with Section 15.32.190, shall have their deposit credited to their account. The credit will be applied to customer's accounts at a time determined by the director of the department of water and sewerage services. Upon termination of an account where the deposit has not been credited to the account, the deposit shall be applied toward the payment of any outstanding indebtedness to the department and any remaining part of such deposit shall be refunded.

C. Residential customers establishing accounts and transfers of residential accounts after the adoption of the ordinance codified in this section shall be required to pay a nonrefundable service fee of twenty-five dollars. The director, or his representative, may still require a deposit be placed with the department if the payment history of any customer justifies that a deposit is needed to prevent potential revenue losses at any time. (Ord. 93-822 § 1, 1993)

15.48.035 [Surcharge.]

A ten percent surcharge shall be added to both the water and the sewer portion of each customer's bill each month, with amounts collected from such surcharge authorized for use in funding water and sewer, capital improvements, and debt obligations related to improvements, alterations, and extensions of the water and sewerage systems. (Ord. BL2019-45 § 11, 2019)

15.48.040 Government housing projects.

For the purpose of supplying water and sewerage services to a federal, state, county or municipal housing project, the director is authorized to specify as many meters and service connections as he may deem necessary to properly supply and measure the consumption of water by such projects, and the department is authorized to pool the individual readings of the service meters into a lump-sum reading for each project separately. The lump-sum reading shall be used as a basis for arriving at the rate upon which the combined water and sewerage bill shall be calculated for each project separately. (Prior code § 40-1-135)

15.48.050 Establishment of billing districts—Authority of department.

For the purpose of systematically and efficiently reading meters and billing accounts, the proper officials of the department may establish or divide the territory supplied by water into such reading or billing districts as they may deem necessary, and the department is authorized to extend, readjust or modify the boundary limits of any zone when, within the discretion of the proper officials thereof, it is deemed necessary to so do. (Prior code § 40-1-116)

15.48.060 Combined bills rendered to all consumers.

There shall be rendered to all consumers and customers, subject to the rates and charges established in Chapters 15.32 and 15.44, a periodic combined water and sewerage services bill. All charges shall be itemized on the combined bill. The combined bill shall be rendered to all consumers or customers, regardless of whether such consumer or customer is utilizing, or has the benefit of, any one or the other or both of the services, the rates for which are provided for in Chapters 15.32 and 15.44. The total amount of the combined water and sewerage services bill shall be paid when due, and failure to make payment of the entire combined bill shall cause the bill to become delinquent as to all charges. (Prior code § 40-1-114)

15.48.070 Billing period.

Whenever, in the judgment of the department, it is deemed advisable, accounts may be billed monthly or bimonthly, and accounts may be transferred from a monthly basis to a bimonthly basis or vice versa at the election of the director. (Ord. 94-1242 § 2, 1994)

15.48.080 Bills mailed to property served—Exception.

Unless a request of a special mailing address is signed and placed on file in the office of the division of billing and collection of the department, all bills and charges shall be addressed to the property supplied. Failure to receive a water bill or a water and sewerage bill shall not entitle the owner, consumer or customer to be relieved of the payment of the gross amount. (Prior code § 40-1-119)

15.48.090 Inoperative meters—Estimation of water usage.

All water bills and combined water and sewerage service bills, other than flat rate assessments for unmetered water, shall be rendered by the department in

accordance with monthly, bimonthly or quarterly meter readings except under the following circumstances and conditions:

A. Where meters have been found not registering flow or become inoperable during any one billing period, the properly authorized officials of the department shall have the right to render to the consumer or customer an estimated bill based upon the water consumption and/or sewerage flow for service charged to the account during the same billing period one year previous, provided the conditions of consumption and service use are the same for both periods. If the consumption and/or sewer flow are not a normal amount, the consumption and/or sewer flow for the average of the three previous months of normal usage will be used.

B. Each estimated bill shall contain a notation on the bill explaining that the bill has been estimated in accordance with this section, and if the consumer or customer is dissatisfied with such an estimation, it shall be incumbent upon consumer or customer to prove to the department, by affidavit, that the use of water, during the period for which the bill was estimated, was different than the corresponding usage during the same billing period one year previous or previous three-month average of normal usage. Upon the presentation of such satisfactory proof, the director of the department may authorize the bill be adjusted based upon any basis that they may deem equitable and just to the consumer or customer and to the department jointly.

C. Estimated meter readings may be rendered when the director determines it is necessary to estimate the meter readings to render a monthly or bimonthly bill. (Ord. BL2006-1095 § 4, 2006; Ord. 99-1498 §§ 1, 2, 1999; Ord. 94-1242 § 3, 1994)

15.48.100 Meter readings recorded on bill.

In the case of meter assessments, there shall be given the readings of the meter of each consumer or customer showing the quantity of water used and the charge therefor and for sewerage services; provided, that if it should be impossible to give meter readings, a notation shall be made on the bill as provided for in Section 15.48.090. (Prior code § 40-1-120)

15.48.110 Collection—Mailing of bills.

After the meters have been read for a particular zone or district and the bills have been calculated from the readings and the amounts have been charged to the proper accounts, the director shall then proceed to collect, or cause to be collected, these accounts. There shall be mailed or delivered to the address of each consumer and customer appearing on the ledgers, taking street by street, a bill for the water and sewerage services provided the consumer or customer, and the bill shall show on its face in bold type that if the amount of the bill is not paid within fifteen days from the date of the bill, the water will be turned off. (Prior code § 40-1-118)

15.48.120 Payment—Pay stations.

All bills or money due the department shall be payable to the department at the office of the division of billing and collection and other established pay stations. The director shall have the authority to enter into agreements with local businesses to act as pay stations for the department; provided, however, that such local businesses have first been approved by the metropolitan council by resolution. (§ 1 of Amdt. 1 to Ord. 88-613, 1/17/89; Ord. 88-613 § 1, 1990; prior code § 40-1-115)

15.48.130 Temporary service—Minimum charge.

Where water is furnished temporarily for only a portion of the billing period, no charge less than the minimum bill for that period shall be made. (Prior code § 40-1-134)

15.48.140 Adjustments—Exception to procedures.

In the event it should not be reasonable to apply any of the procedures for adjusting bills specified elsewhere in this title, the proper officials of the department shall arrive at an estimated normal bill in a manner most equitable to the consumer or customer and the department. (Prior code § 40-1-126)

15.48.150 Successive adjustments when.

Two successive adjustments may be given only in the event that a leak in question may be reflected in the consumption of a preceding or succeeding month. (Ord. 94-1241 § 3, 1994; prior code § 40-1-127)

15.48.160 Adjustments—Preparation of ledgers.

Water accounts and sewerage accounts may be adjusted by the department or changed in accordance with the rules and regulations contained in this article before or after the water and sewerage ledgers or accounts receivable have been prepared; provided, that such adjustments or changes shall be made with a correction voucher signed by the proper official or officials of the department. (Prior code § 40-1-128)

15.48.170 Adjustments—Due to incorrect meters.

A. At the written request of an owner, consumer or customer, the department shall test the meter supplying the premises, and the result of the test shall be reported to the owner or consumer in each case.

B. If the testing of the meter on a flow equal to one-eighth of the diameter of the service line shows that it fails to register correctly within two percent, the charge to the consumer or customer shall be adjusted according to the variation of registration from one hundred percent, but such adjustments shall apply to the current period, only, unless it is apparent to the department that the consumption of a previous period has also been affected by the same cause.

C. In the event a consumer or customer has paid an amount greater than the actual water and/or sewer usage due to an incorrect meter, the department shall reimburse the consumer or customer upon request rather than applying a credit to the consumer or customer's account. (Ord. BL2007-1435 § 1, 2007; prior code § 40-1-124)

15.48.180 Adjustments—Concealed leaks and vandalism.

A. Where concealed leaks have been discovered and repaired and an affidavit, on a form approved by the department, stating the leaks were concealed and that the leaks could not have been detected by the consumer or customer by employing reasonable care and supervision of their plumbing and that the leaks were of such a size as to cause the consumption as shown on the bill in question and that the plumbing system is now free from leaks, the consumer or customer shall either (1) be given a credit on the water portion of fifty percent of the excess caused by such leakage above the average monthly bill for the previous year, or (2) if the consumer or customer has already paid a higher bill due to a concealed leak, be reimbursed in an amount equal to fifty percent of the excess caused by such leakage above the average monthly bill for the previous year, provided the conditions of consumption and service used are the same for both periods of consumption, but in no case shall the adjusted bill for single-family residential dwellings be more than twice the average monthly bill.

The consumer or customer shall either (1) be given a credit on the sewer portion of the bill of fifty percent of the excess caused by such leakage above the average monthly bill for the previous year, or (2) if the consumer or customer has already paid a higher bill due to a concealed leak, be reimbursed in an amount equal to fifty percent of the excess caused by such leakage above the average monthly bill for the previous year, provided the conditions of consumption and service used are the same for both periods of consumption if the leaking water returned to the sanitary sewer. The consumer or customer shall be given a full credit on the sewer portion based upon the monthly average for the previous year, the conditions of consumption and service being the same for both periods of consumption if the leaking water did not return to the sanitary sewer. In no case shall the adjusted bill for single-family residential dwellings be more than twice the average monthly bill. Under no circumstances will a leak adjustment be given more than twice during a calendar year unless approved by the director or proper officials of the department.

Customers requesting an adjustment to their bill for excessive water and/or sewerage usage caused by the act of vandalism shall provide in writing all facts known regarding the act. It shall be within the discretion of officials of the department to decide the amount of the adjustment if warranted.

B. It shall be within the discretion of the department to decide what constitutes a concealed leak; provided, that in no case where there is water-cooled refrigerating equipment or other equipment, which, by its characteristics, is liable at any time to waste or use abnormal quantities of water, shall adjustments reducing water bills or combined water and sewerage bills be made.

C. No consumer using metered water shall be entitled to any reduction when he has been notified by an employee of the department of the existence of a leak within his plumbing and fails to take steps to have the same repaired immediately. (Amdt. 1 to Ord. BL2007-1435 § 2, 2007; Ord. BL2007-1435 § 2, 2007; Ord. 94-1241 §§ 1, 2, 1994; prior code § 40-1-125)

15.48.190 Adjustments—Errors in meter readings.

The department shall have the right to readjust or correct bills where errors in meter readings have been established, and such correction shall be made upon the basis of the correctly established reading as it should have been had not the error been made. (Prior code § 40-1-122)

15.48.200 Estimating bill—Defective meters.

Where meters are found to be leaking against the consumer or customer, so as definitely to affect the consumption of water, they shall be considered defective, and the procedure in determining the bill to be rendered the consumer shall be the same as if the meter had been found dead or inoperative. (Prior code § 40-1-123)

15.48.210 Payment due—Net and gross bills.

The net billing of all accounts, both quarterly and monthly, shall be paid within twenty days after the billing date. After twenty days have expired, the gross bill shall then be due and payable. No discount shall thereafter be given under this chapter except as allowed in the judgment of the director or his designee upon a showing of good cause for the delay in payment. (Ord. BL2012-333 § 6, 2013; prior code § 40-1-129)

15.48.220 Payment—Time extensions—Restoration of service.

A. Any extension of time of payment of any net or gross bill shall be granted only by the proper officials of the department upon the presentation of satisfactory and sufficient reason by the consumer.

B. Any customer whose water service is disconnected for failing to pay for water or sewer service rendered by the department or failing to follow the requirements of this chapter or the department's rules and regulations must pay a reconnection charge in the amount of sixty dollars. No water service disconnected under this section shall be reconnected until the responsible customer has paid the full amount owed the department, including the reconnection charge. (Ord. BL2019-45 § 12, 2019; Ord. BL2012-333 § 7, 2013; Ord. 93-567 § 1 (part), 1993; prior code § 40-1-130)

15.48.230 Delinquent bills—Discontinuance of service—Service charges.

The water service of any customer who, despite proper notice, has failed to pay for water or sewer service when and as required under this chapter or the department's rules and regulations may be disconnected by the department. Such customer shall become liable to pay the reconnection charge specified in section 15.48.220(B) at the time when an employee of the department is dispatched for the purpose of disconnecting the customer's service, regardless of whether the disconnection is accomplished. (Ord. BL2012-333 § 8, 2013; Ord. 93-567 § 1 (part), 1993; prior code § 40-1-131)

15.48.240 Restoration of service following payment of account.

Whenever any delinquent consumer or customer, whose supply of water has been turned off, pays the sum due into the department, the department, without delay, shall have the supply turned on; provided, that the consumer or customer shall have complied with all rules and regulations of the department pertaining to the supplying of water to consumers or water and sewerage service to customers. (Prior code § 40-1-132)

15.48.250 Unauthorized reconnection—Disconnection of supply pipes.

When the water supplied to any person, whether metered or unmetered, has been cut off for nonpayment of the water bill or of the combined water and sewerage bill, and is afterwards found turned on, without the knowledge or consent of the department, the supply pipe to such premises shall be disconnected at the main, and water shall not again be turned on until the entire amount due for water or sewerage, or both, by the party liable, has been paid, together with the costs of closing and opening the pipes at the main, which charge for costs shall not exceed actual costs incurred by the department, pursuant to Section 2.40.110, provided, however, in the event said costs exceed the amount. (Amdt. 1 to Ord. 94-1243, 2/7/95; Ord. 94-1243 § 1, 1995; prior code § 40-1-133)

15.48.260 Payment—Returned check charge.

A handling charge of thirty dollars shall be assessed against the maker or drawer of any check that is dishonored by the financial institution on which the check is drawn. (Ord. BL2012-333 § 9, 2013; Ord. 93-583 § 2, 1993; Ord. 93-513 § 2, 1993)

15.48.270 Reinstatement charge following temporary disconnection.

The charge for reconnecting water service that has been disconnected at the request of the customer shall be thirty-five dollars if service is reconnected on the same day as requested and twenty-five dollars if reconnected on any subsequent day. (Ord. BL2012-333 § 10, 2013; Ord. 93-972 § 2, 1993)

15.48.280 Reserved.

Editor's note—Ord. BL2012-333, § 11, adopted Feb. 5, 2013, repealed § 15.48.280, which pertained to reconnection charges and derived from Ord. BL2007-1457 § 10, adopted 2007.

15.48.290 New account connection—Same day service charge.

In the event a customer establishes a new account for water service, the department shall bill and collect a charge of thirty-five dollars from such customer if connection is requested and accomplished on the same day the customer becomes eligible for service. (Ord. BL2007-1457 § 11, 2007)

15.48.300 New water meter installation inspection charge.

The department shall develop a schedule of charges for services performed in connection with inspection, maintenance and repair of meters. The schedule of charges shall not exceed the department's actual costs incurred in providing such services. The department shall bill and collect in accordance with the schedule of charges, which may be amended from time to time to reflect changes in the department's actual costs of providing the services contemplated herein. A copy of the schedule of charges, and any change thereto, shall be filed with the metropolitan clerk, furnished to each member of the metropolitan council and made available upon request to any citizen of Davidson County. Charges under this subsection may be waived pursuant to a written departmental policy encouraging water conservation, environmental stewardship and other practices that benefit the metropolitan government. (Ord. BL2022-1374 § 1, 2022; Ord. BL2019-45 § 13, 2019; Ord. BL2007-1457 § 12, 2007)

Chapter 15.52

WATER AND SEWER SYSTEM EXTENSIONS

Sections:

15.52.010	**Applications—Approval—Timely reports to council.**
15.52.020	**Extensions in new subdivisions—Approval required.**
15.52.030	**Installation—Compliance with all regulations.**
15.52.040	**Eligibility for use—Conveyance to metropolitan government.**
15.52.050	**Council approval of extensions, additions, improvements, or works.**

15.52.010 Applications—Approval—Timely reports to council.

A. Applications for water main extensions or sewer extensions to the water and sewerage system of the metropolitan government shall be made on a standard form of application prescribed by the director. The director of the department of water and sewerage services shall be empowered to authorize extensions to the water and sewerage system, provided the following conditions are met:

1. That said extension is in conformance with the master plan for the respective system as promulgated by the director and approved by the council;

2. That the plans and specifications for such extension shall be in full conformance with the current standards of the metropolitan department of water and sewerage services as determined by the director, and shall bear the approval of all required local, state, and federal reviewing agencies;

3. That the necessary rights-of-way and easements for the extensions shall be in hand and in such form as required by the director;

4. That all construction work shall be subject to the inspection of the department of water and sewerage services or his authorized agent, and that the facility will not be accepted for operation and maintenance until it is fully complete and in full conformance with the department's standards;

5. That the entire cost of the construction and inspection shall be borne by the developer and that no metropolitan government funds will be utilized for the construction of said extension.

B. Further, the director of the department of water and sewerage services shall make timely reports to the council of all such extensions so approved within thirty days of such approval, and submit to the council on an annual basis for the acceptance by the council all extensions so constructed.

C. Notwithstanding the provisions of subsection A. of this section to the contrary, in the interest of public health and safety, the department of water and sewerage services shall have the authority to construct extensions to the water system to serve existing private residential properties constructed prior to the year 2006 that are currently being served by well water upon obtaining the necessary rights-of-way and permanent and temporary easements for the extensions, provided that the existing water infrastructure in the area is sufficient so that the new water main can be connected to other water mains that are already in place with high water turnover. The department of water and sewerage services is further authorized to negotiate and enter into financing agreements with the new customers being served by the extension to the water system whereby new customers will pay a surcharge that will reimburse the capital expense incurred by the department in extending the water lines. Such form agreements shall be subject to approval of the metropolitan council by a resolution receiving twenty-one affirmative votes. (Ord. BL2014-995 § 1, 2015; prior code § 40-1-192)

15.52.020 Extensions in new subdivisions—Approval required.

A. No application for water main or sewer extensions to the water and sewerage system of the metropolitan government in a new subdivision shall be accepted by the director unless the subdivision in which the extension is to be made has prior preliminary approval of the metropolitan planning commission.

B. On approval of the water main for sewer extension by the metropolitan planning commission, the director of water and sewer services shall thereafter issue the necessary permits for the extension of the water or sewer lines. If, in the opinion of the director, the approval by the planning commission contravenes with departmental master plan, rules or regulations, he shall forthwith submit the proposed extension to the metropolitan council by ordinance for approval or rejection. (Prior code § 40-1-193)

15.52.030 Installation—Compliance with all regulations.

All component parts of a water supply or sewerage and sewage treatment system shall be installed in accordance with all ordinances, rules and regulations pertaining to its consumers and customers. (Prior code § 40-1-194)

15.52.040 Eligibility for use—Conveyance to metropolitan government.

A. All component parts of a water supply or sewerage and sewage treatment system, together with the land and easements upon or on which it is located and which are necessary to the operation and maintenance of water supply or sewerage and sewage treatment system extensions, and all appurtenances belonging thereto which are installed by other than the metropolitan government shall be conveyed to the metropolitan government and shall become the property of the metropolitan government or shall be determined to be ready for use by the department of water and sewerage services before they become eligible for use.

B. The department of water and sewerage services is authorized to accept the conveyance of water and sewage lines from developers of private properties prior to the completion of casting adjustments of manholes and valve covers as required by this section upon payment by the developers of the estimated costs of such adjustments as established by the department.

C. The department shall develop a schedule of charges for services performed in connection with private sewer extensions. The schedule of charges shall not exceed the department's actual costs incurred in providing such services. The department shall bill and collect in accordance with the schedule of charges, which may be amended from time to time to reflect changes in the department's actual costs of providing the services contemplated herein. A copy of the schedule of charges, and any change thereto, shall be filed with the metropolitan clerk, furnished to each member of the metropolitan council and made available upon request to any citizen of Davidson County. Charges under this subsection may be waived pursuant to a written departmental policy encouraging water conservation, environmental stewardship and other practices that benefit the metropolitan government. (Ord. BL2019-45 § 14, 2019; Ord. 89-1020 §§ 1, 2, 1989; prior code § 40-1-195)

15.52.050 Council approval of extensions, additions, improvements, or works.

Notwithstanding other provisions of this title, approvals required from the metropolitan council for water and sewer system extensions, additions, improvements, or other works may be granted by resolution, as authorized under Tennessee Code Annotated, section 7-35-406(a)(2). (Ord. BL2024-345 § 1, 2024)

Chapter 15.56

AIR CONDITIONING AND REFRIGERATION

Sections:

15.56.010	**Effect on other building regulations.**
15.56.020	**Installation—Permit required—Exceptions.**
15.56.030	**Application for permit.**
15.56.040	**Installation—Regulations.**
15.56.050	**Use of public waters restricted—Conservation regulations.**
15.56.060	**Violation—Discontinuance of water.**

15.56.010 Effect on other building regulations.

This chapter is not to be construed as relieving any permittee under this chapter from complying with metropolitan government building laws and from obtaining proper permits required under such building laws. (Prior code § 40-1-163)

15.56.020 Installation—Permit required—Exceptions.

No person shall install, remodel or add to any air conditioning or refrigerating system which uses water from the metropolitan government water supply without first having procured a written permit therefor from the department; provided, that this section shall not apply to systems with a total rated capacity of less than two tons per twenty-four hours. (Prior code § 40-1-164)

15.56.030 Application for permit.

Application for a permit required by Section 15.56.020 shall be made to the director and shall provide such information concerning the proposed equipment and the installation thereof as may be required by the director. (Prior code § 40-1-165)

15.56.040 Installation—Regulations.

A. On air conditioning or refrigeration installations which operate with the use of water directly from the public supply, every direct connection shall be equipped with a suitable brass body, brass-fitted check valve installed in the branch supply line to each unit.

B. Discharge connections for the disposal of wastewater shall be in strict accordance with applicable rules and regulations of state and local health and regulatory bodies.

C. Cooling waters which are to be used for other purposes shall be provided with free, above the rim, discharge before entering other equipment; otherwise, permission shall be obtained in writing from the director, approving the proposed connection and use.

D. On installations other than those described above, there shall be a physical break between the public supply piping and the piping of the installation, arranged so as to make impossible back siphonage to the public supply system. (Prior code § 40-1-167)

15.56.050 Use of public waters restricted—Conservation regulations.

A. No water from the public supply shall be used by any air conditioning or refrigeration system having a total rated capacity of two tons per twenty-four hours and above unless such air conditioning or refrigerating system is equipped with evaporative condensers, cooling towers, spray ponds or other approved water cooling equipment. This equipment shall be of sufficient capacity to insure that the maximum requirements for makeup water when operating under full loading at maximum summer temperatures will not exceed 0.2 gallons per minute per ton of capacity; provided, that systems with a total rated capacity of less than two tons per twenty-four hours may use water from the public supply if equipped with an automatic valve on each unit which will stop the flow of water when the unit is shut down and throttle the flow of water down to the momentary requirements of the system.

B. Water regulating devices which will minimize the waste of water shall be installed on all manufacturing processes which require the use of water from the public supply.

C. In the event any person maintains such air conditioning or refrigerating equipment described in this section which is supplied with water from a source other than the public supply, but who has a service connection to the metropolitan government's sewerage system into which excessive use of water by such air conditioning or refrigerating equipment would discharge, then, such person shall be subject to all regulations prescribed in this section for the conservation of water the same as if they were obtaining water from the public supply. (Prior code § 40-1-166)

15.56.060 Violation—Discontinuance of water.

In addition to any other penalty imposed for any violation of this chapter, the director shall have the right to discontinue metropolitan government water service to any premises upon which there is found to exist a violation of any provision of this chapter which might affect adversely the public health. (Prior code § 40-1-168)

Chapter 15.60

INDUSTRIAL WASTE DISCHARGES

Sections:

15.60.010 Purpose of chapter.

Article I. Discharges To Publicly Owned Treatment Works

15.60.020 Purpose of article—Specifications subject to review.
15.60.030 Construction of pretreatment plants—Plans—Permits.
15.60.040 Construction and maintenance of pretreatment facilities.
15.60.045 Additional pretreatment measures.
15.60.050 Compliance with National Pretreatment Standards required.
15.60.055 State pretreatment standards.
15.60.060 Wastewater evaluation criteria.
15.60.070 Wastewater pollutants—Maximum concentrations.
15.60.080 Prohibited pollutants.
15.60.081 Prohibition of by-pass.
15.60.082 Hazardous waste discharge.
15.60.090 Treatment plant influent pollutants—Maximum concentrations.
15.60.095 Dilution.
15.60.100 Unpolluted storm water prohibited—Exceptions.
15.60.110 Unpolluted water prohibited—Exceptions.
15.60.120 Waste from garbage grinders prohibited—Exceptions.
15.60.125 Food service establishments—Control of fats, oils and grease (FOG) discharges.
15.60.126 Multi-dwelling units/apartments—Control of fats, oils and grease (FOG) discharges.
15.60.130 Liquid waste transport trucks—Permit requirements.
15.60.140 Holding tank and hauled waste—Permit required.
15.60.150 Radioactive waste prohibited—Exceptions.
15.60.160 Direct discharge into manhole—Permit required.
15.60.170 Accidental discharge—Safeguards—Special permit conditions for past offenders.
15.60.175 Prevention of accidental and/or slug discharges.
15.60.180 Temporary exceptions—Procedure.
15.60.190 Dangerous discharge—Emergency procedures.

Article II. Discharge Permits

15.60.200 Applicability of article.
15.60.210 Application—Requirements.
15.60.220 Application—Report requirements.
15.60.230 Incomplete applications—Notice to correct—Denial.
15.60.240 Application—Recommendation of special conditions.
15.60.250 Special permit conditions—Notice to applicant—Procedure to file objections.
15.60.252 Individual wastewater discharge permits.
15.60.255 Wastewater discharge permits: General permits.
15.60.258 Application signatories and certifications.
15.60.260 Unresolved disputes—Hearing.
15.60.270 Compliance schedule and reports—Requirements.
15.60.275 Notification requirements.
15.60.280 Records of monitoring activities required—Contents.
15.60.285 Monitoring procedures.
15.60.288 Repeat sampling and reporting/notice of violation.
15.60.290 Records of monitoring activities—Retention for four years—Subject to inspection.
15.60.300 Term—Renewal—Modifications.
15.60.310 Transfer—Approval required.
15.60.320 Revocation.
15.60.325 Regulation of waste from other jurisdictions.

Article III. Administration And Enforcement

15.60.330 Director—Authority and responsibilities.
15.60.340 Monitoring and inspections.
15.60.350 Wastewater hearing authority.
15.60.360 Adjudicatory hearing procedures.
15.60.370 Violation—Public nuisance.
15.60.380 Violation—Notice.
15.60.385 Significant noncompliance.

15.60.390 Enforcement response manual.
15.60.400 Show-cause hearing before Metro wastewater hearing authority.
15.60.410 Injunctive relief.
15.60.420 Assessment of damage to user.
15.60.430 Applicability of state and federal regulations.
15.60.440 Emergency termination of service.
15.60.450 Punitive action—Confirmation of authority required—Exceptions.
15.60.460 Violation—Penalty.
15.60.465 Right of entry.
Article IV. Charges
15.60.470 Grease collection device inspection charge.
15.60.480 Plan and permit review—Schedule of charges.

15.60.010 Purpose of chapter.

A. The purpose of this chapter is to set uniform requirements for users of the Metropolitan Government of Nashville and Davidson County's (Metro) wastewater collection system and treatment works to enable Metro to comply with the provisions of the Clean Water Act and other applicable federal laws and regulations, Tennessee's Water Quality Control Act and other applicable state laws and regulations, and to provide for the public health and welfare by regulating the quality of wastewater discharged into Metro's wastewater collection system and treatment works.

B. This chapter provides a means for determining wastewater volumes, constituents and characteristics, the setting of charges and fees, and the issuance of permits to certain users. This chapter establishes effluent limitations and other discharge criteria and provides that certain users shall pretreat waste to prevent the introduction of pollutants into the publicly owned treatment works, including the collection and transmission system (hereinafter referred to as POTW), which may interfere with the operation of the POTW or contaminate the sewage sludge; and to prevent the introduction of pollutants into the POTW which may pass through the treatment works into the receiving waters or the atmosphere, or otherwise be incompatible with the treatment works; to protect both POTW personnel who may be affected by wastewater and sludge in the course of their employment and the general public; to enable Metro to comply with its National Pollutant Discharge Elimination System permit conditions, sludge use and disposal requirements, and any other federal or state laws to which the publicly owned treatment works is subject; and to improve opportunities to recycle and reclaim wastewaters and sludge resulting from wastewater treatment. This chapter provides measures for the enforcement of its provisions and abatement of violations thereof. This chapter establishes a wastewater hearing authority and establishes its duties and establishes the duties of the director of the department of water and sewerage services to ensure that the provisions of this chapter are administered fairly and equitably to all users. Metro reserves the right to establish, by ordinance or in individual wastewater discharge permits, or in general permits, more stringent standards or requirements on discharges to the POTW consistent with the purpose of this ordinance. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-185)

Article I. Discharges to Publicly Owned Treatment Works

15.60.020 Purpose of article—Specifications subject to review.

This article establishes limitations and prohibitions on the quantity and quality of wastewater which may be lawfully discharged into the publicly owned treatment works. Pretreatment of some wastewater discharge will be required to achieve the goals established by this chapter and the Clean Water Act. The specified limitation set forth in Section 15.60.070, the Operational Division Policy No. 2008-01 for local limits and wastewater treatment plant protection criteria, and other prohibitions and limitations of this chapter, are subject to change to enable Metro to provide efficient wastewater treatment to protect the public health and the environment, and to enable Metro to meet requirements contained in its NPDES permit. The wastewater hearing authority shall review such limitations from time to time to ensure that they are sufficient to protect the operation of the treatment works, that they are sufficient to enable the treatment works to comply with NPDES permit, that they are sufficient to provide for a cost-effective means of operating the treatment works, and that they are sufficient to protect the public health and the environment. The authority shall recommend changes or modifications to the director as necessary. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-186(a))

15.60.030 Construction of pretreatment plants—Plans—Permits.

Plans, specifications and operating procedures for such wastewater pretreatment facilities shall be prepared by a registered engineer and shall be submitted to the director for review in accordance with accepted engineer-

ing practices. The director shall review such plans within forty-five days and shall recommend to the user any appropriate changes. Prior to beginning construction of the pretreatment facility, the user shall submit a set of construction plans and specifications to be maintained by the director. Prior to beginning construction, the user shall also secure such building, plumbing or other permits that may be required by this Code. The user shall construct the pretreatment facility within the time provided in the user's wastewater discharge permit. Following completion of construction, the user shall provide the director with as-built drawings to be maintained by the director. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-186(o))

15.60.040 Construction and maintenance of pretreatment facilities.

Users of the POTW shall design, construct, operate and maintain wastewater pretreatment facilities whenever necessary to reduce or modify the user's wastewater constituency to achieve compliance with the limitations in wastewater strength or prohibition set forth in Sections 15.60.060, 15.60.070 and 15.60.080 to meet applicable National Pretreatment Standards, or to meet any other wastewater conditions or limitations contained in the user's wastewater discharge permit. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-186(n)).

15.60.045 Additional pretreatment measures.

A. Whenever deemed necessary, Metro may require users to restrict their discharge during peak flow periods, designate that certain wastewater be discharged only into specific sewers, relocate and/or consolidate points of discharge, separate sewage wastestreams from industrial wastestreams, and such other conditions as may be necessary to protect the POTW and determine the user's compliance with the requirements of this ordinance.

B. Metro may require any person discharging into the POTW to install and maintain, on their property and at their expense, a suitable storage and flow-control facility to ensure equalization of flow. An individual wastewater discharge permit, or a general permit, may be issued solely for flow equalization. (Ord. BL2010-678 § 2, 2010)

15.60.050 Compliance with National Pretreatment Standards required.

Certain industrial users are now or hereafter shall become subject to National Pretreatment Standards promulgated by the Environmental Protection Agency specifying quantities or concentrations of pollutants or pollutant properties which may be discharged into the POTW. All industrial users subject to a National Pretreatment Standard shall comply with all requirements of such Standard and shall also comply with any additional or more stringent limitations contained in the general pretreatment regulations (40 CFR Part 403), the pretreatment standards found at 40 CFR Chapter I, Subchapter N, Parts 405-471, in this chapter, or in their permit. Compliance with National Pretreatment Standards for existing sources subject to such Standards or for existing sources which hereafter become subject to such standards shall be within three years following promulgation of the standards unless a shorter compliance time is specified in the standard. Compliance with National Pretreatment Standards for new sources shall be required upon promulgation of the standard. Except where expressly authorized by an applicable National Pretreatment Standard, no industrial user shall increase the use of process water or in any way attempt to dilute a discharge as a partial or complete substitution for adequate treatment to achieve compliance with such standard. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-186(d))

15.60.055 State pretreatment standards.

Industrial users must comply with state pretreatment requirements (Tennessee Rule 1200-4-14). (Ord. BL2010-678 § 2, 2010)

15.60.060 Wastewater evaluation criteria.

A. The wastewater of every industrial user shall be evaluated upon the following criteria:

1. Wastewater containing any element or compound which is not adequately removed by the treatment works which is known to be an environmental hazard;

2. Wastewater causing a discoloration or any other condition in the quality of Metro's treatment works effluent such that receiving water quality requirements established by law cannot be met;

3. Wastewater causing conditions at or near Metro's treatment works which violate any statute, rule or regulation of any public agency of this state or the United States;

4. Wastewater containing any element or compound known to act as a lacrimator, known to cause nausea, or known to cause odors constituting a public nuisance;

5. Wastewater causing interference with the effluent or any other product of the treatment process, residues, sludge or scum causing them to be unsuitable for reclamation and reuse or causing interference with the reclamation process;

6. Wastewater having constituents and concentrations in excess of those listed in Section 15.60.070 or cause a violation of the limits in Section 15.60.090.

B. The director shall recommend and the wastewater hearing authority shall approve reasonable limitations or prohibitions in the wastewater discharge permit of any industrial user that discharges wastewater violating any of the above criteria as shall be reasonable to achieve the purpose and policies of this chapter. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-186(c))

15.60.070 Wastewater pollutants—Maximum concentrations.

No person or user shall discharge wastewater in excess of the pollutant concentrations identified in the Operational Division Policy No. 2008-01 for Local Limits (TABLE A), unless:

A. An exception has been granted the user under the provisions of Section 15.60.180; or

B. The wastewater discharge permit of the user provides, as a special permit condition, a higher interim concentration level in conjunction with a requirement that the user construct a pretreatment facility or institute changes in operation and maintenance procedures to reduce the concentration of pollutants to levels not exceeding the standards set forth in the table within a fixed period of time.

Local Limits: Metro is authorized to establish Local Limits pursuant to Tennessee Rule 1200-4-14-.05(3).

Metro may develop best management practices (BMPs) by ordinance or in individual wastewater discharge permits, or general permits, to implement Local Limits and the requirements of Section 15.60.070. (Ord. BL2010-678 § 2, 2010)

15.60.080 Prohibited pollutants.

A. No person shall introduce into the publicly owned treatment works any of the following pollutants which, acting either alone or in conjunction with other substances present in the POTW, interfere with the operation of the POTW as follows:

1. Pollutants that create a fire or explosion hazard in the POTW, including, but not limited to, wastestreams with a closed cup flashpoint of less than 140 degrees Fahrenheit or 60 degrees Centigrade using the test methods specified in 40 CFR 261.21;

2. Pollutants which cause corrosive structural damage to the POTW, but in no case discharges with a pH lower than 5.0 or higher than 10.0;

3. Solid or viscous pollutants in amounts which cause obstruction to the flow of the sewers, or other interference with the operation of or which cause injury to the POTW, including waxy or other materials which tend to coat and clog a sewer line or other appurtenances thereto;

4. Any pollutant, including oxygen-demanding pollutants (BOD, etc.), released in a discharge of such volume or strength as to cause interference in the POTW;

5. Heat in amounts which will inhibit biological activity in the POTW resulting in interference, but in no case heat such quantities that the temperature of the influent at the treatment works exceeds 40 degrees Centigrade (104 degrees Fahrenheit). Unless a higher temperature is allowed in the user's wastewater discharge permit, no user shall discharge into any sewer line or other appurtenance of the POTW wastewater with a temperature exceeding 65.5 degrees Centigrade (150 degrees Fahrenheit);

6. Petroleum oil, non-biodegradable cutting oil or products of mineral oil origin in amounts that will cause interference or pass through;

7. Pollutants which result in the presence of toxic gases, vapors, or fumes within the POTW in a quantity that may cause acute worker health and safety problems;

8. Any trucked or hauled pollutants except at discharge points designated by the POTW;

9. Noxious or malodorous liquids, gases, solids, or other wastewater which, either singly or by interaction with other wastes, are sufficient to create a public nuisance or a hazard to life, or to prevent entry into the sewers for maintenance or repair;

10. Wastewater which imparts color which cannot be removed by the treatment process, such as, but not limited to, dye wastes and vegetable tanning solutions, which consequently imparts color to the treatment plant's effluent, thereby violating Metro's NPDES permits;

11. Wastewater containing any radioactive wastes or isotopes except in compliance with applicable state or federal regulations;

12. Stormwater, surface water, ground water, artesian well water, roof runoff, subsurface drainage, swimming pool drainage, condensate, deionized water, noncontact cooling water, and unpolluted wastewater, unless specifically authorized by Metro;

13. Sludges, screenings, or other residues from the pretreatment of industrial wastes;

14. Wastewater causing, alone or in conjunction with other sources, the treatment plant's effluent to fail toxicity test;

15. Detergents, surface-active agents, or other substances which that might cause excessive foaming in the POTW;

16. Unused or out-dated pharmaceuticals;

17. Antifreeze or antifreeze mixtures;

Pollutants, substances, or wastewater prohibited by this section shall not be processed or stored in such a manner that they could be discharged to the POTW.

B. The foresaid pollutants represent a general description of harmful or dangerous conditions and are in addition to such specific pollutants as may be identified and added from time to time to Sections 15.60.070 and 15.60.090 or the industrial user's permit. (Prior code § 40-1-186(b))

C. General prohibitions. No user shall introduce or cause to be introduced into the POTW any pollutant or wastewater which causes pass through or interference. These general prohibitions apply to all users of the POTW whether or not they are subject to categorical pretreatment standards or any other national, state, or local pretreatment standards or requirements. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-186(b))

15.60.081 Prohibition of by-pass.

Bypass means the intentional diversion of wastestreams from any portion of an industrial user's treatment facility. Bypass is prohibited, and the department of water services may take enforcement action against an industrial user for a bypass, unless;

A. Bypass was unavoidable to prevent loss of life, personal injury, or severe property damage;

B. There were no feasible alternatives to the bypass, such as the use of auxiliary treatment facilities, retention of untreated wastes, or maintenance during normal periods of equipment downtime. This condition is not satisfied if adequate back-up equipment should have been installed in the exercise of reasonable engineering judgment to prevent a bypass which occurred during normal periods of equipment downtime of preventative maintenance; and

C. The industrial user submitted notices as required. If an industrial user knows in advance of the need for a bypass, it shall submit prior notice to the department, if possible at least ten days before the date of the bypass. An industrial user shall submit oral notice of an unanticipated bypass that exceeds applicable pretreatment standards to the department within 24 hours from the time the industrial user becomes aware of the bypass. A written submission shall also be provided within 5 days of the time the industrial user becomes aware of the bypass. The written submission shall contain a description of the bypass and its cause; the duration of the bypass, including exact dates and times, and, if the bypass has not been corrected, the anticipated time it is expected to continue; and steps taken or planned to reduce, eliminate, and prevent reoccurrence of the bypass. The department may waive the written report on a case-by-case basis if the oral report has been received within 24 hours. (Ord. BL2010-678 § 2, 2010)

15.60.082 Hazardous waste discharge.

The industrial user shall notify the department of water services, the EPA regional waste management division director, and state hazardous waste authorities in writing of any discharge into the POTW of a substance, which, if otherwise disposed of, would be a hazardous waste under 40 CFR part 261. Such notification must include the name of the hazardous waste as set forth in 40 CFR part 261, the EPA hazardous waste number, and type of discharge. Additional notification requirements may apply as required by 40 CFR 403.12 (p). (Ord. BL2010-678 § 2, 2010)

15.60.090 Treatment plant influent pollutants—Maximum concentrations.

No person or user shall discharge wastewater that will cause the influent concentration at any Metro Wastewater Treatment Plant to exceed the pollutant levels identified in Operational Division Policy No. 2008-01 for Wastewater Treatment Plant Protection Criteria - Treatment Plant Influent - Maximum Concentrations (TABLE B). The director shall monitor the treatment works influent for each pollutant identified in the Operational Division Policy No. 2008-01 (TABLE B). In the event that the influent at the treatment works reaches or exceeds the levels established by said table, the director shall initiate technical studies to determine the cause of the influent violation and shall initiate such remedial measures as are necessary, including but not limited to the establishment of new or revised pretreatment levels for these parameters. The director may also change any of these criteria in the event the POTW effluent standards are changed or in the event changes are deemed advisable for effective operation of the POTW. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-186(m))

15.60.095 Dilution.

No user shall ever increase the use of process water, or in any way attempt to dilute a discharge, as a partial or complete substitute for adequate treatment to achieve compliance with a discharge limitation unless expressly authorized by an applicable pretreatment standard or requirement. Metro may impose mass limitations on users who are using dilution to meet applicable pretreatment standards or requirements, or in other cases when the imposition of mass limitations is appropriate. (Ord. BL2010-678 § 2, 2010)

15.60.100 Unpolluted storm water prohibited—Exceptions.

Stormwater, groundwater, rainwater, street drainage, rooftop drainage, basement drainage, subsurface drainage, or yard drainage, if unpolluted, shall not be dis-

charged through direct or indirect connections to a community sewer unless a storm sewer or other reasonable alternative for removal of such drainage does not exist, and then only when such discharge is permitted by the user's wastewater discharge permit and the appropriate fee is paid for the volume thereof. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-186(e))

15.60.110 Unpolluted water prohibited—Exceptions.

Unpolluted water, including but not limited to cooling water or process water, shall not be discharged through direct or indirect connections to a community sewer except on the same conditions as provided in Section 15.60.100. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-186(f))

15.60.120 Waste from garbage grinders prohibited—Exceptions.

A. Waste from garbage grinders shall not be discharged into a community sewer except where generated in preparation of food consumed on the premises, and then only where applicable fees, therefore are paid. Such grinders must shred the waste to a degree that all particles will be carried freely under normal flow conditions prevailing in the community sewers. Garbage grinders shall not be used for the grinding of plastic, paper products, inert materials or garden refuse.

B. This section shall not apply to domestic residences. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-186(h))

15.60.125 Food service establishments—Control of fats, oils and grease (FOG) discharges.

All food service establishments are required to comply with Operational Division Policy No. 2004-01: Metro Water Services Fats, Oils and Grease Management Policy. (Ord. BL2010-678 § 2, 2010)

15.60.126 Multi-dwelling units/apartments—Control of fats, oils and grease (FOG) discharges.

Any multi-dwelling unit, or apartment building or complex shall be subject to enforcement action for discharging FOG that contributes to a sanitary sewer overflow event, or obstruction to the sewer system. (Ord. BL2010-678 § 2, 2010)

15.60.130 Liquid waste transport trucks—Permit requirements.

A. No person owning vacuum or cesspool pump trucks or other liquid waste transport trucks shall discharge directly or indirectly such sewage into the POTW unless such person shall first have applied for and received a truck discharge operation permit from the director or his designated representative. All applicants for a truck discharge operation permit shall complete such forms as required by the director, pay appropriate fees, and shall agree in writing to abide by the provisions of this chapter and any special conditions or regulations established by the director.

B. The owners of such vehicles shall affix and display the permit number on the side of each vehicle used for such purposes.

C. Such permits shall be valid for a period of one year from the date of issuance; provided that, such permit shall be subject to revocation by the director for violation of any provision of this chapter or reasonable regulation established by the director.

D. Such permits shall be limited to the discharge of domestic sewage waste containing no industrial waste.

E. The director shall designate the locations and times where such trucks may be discharged and may refuse to accept any truckload of waste in his absolute discretion where it appears that the waste could interfere with the effective operation of the treatment works or any sewer line or appurtenance thereto.

F. The owner of a truck discharge operation permit shall provide manifest to the POTW that states the source of the domestic waste they wish to discharge, the volume of wastewater from each source, and whether any industrial waste is included in the wastewater.

G. The owner of the truck discharge operation permit shall purchase a bond sufficient to cover his potential liability for violating his permit. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-186(j))

15.60.140 Holding tank and hauled waste—Permit required.

No person shall discharge any other holding tank waste into the POTW unless he shall have applied for and have been issued a permit by the director. Unless otherwise allowed under the terms and conditions of the permit, a separate permit must be secured for each separate discharge. The permit shall state the specific location of discharge, the time of day the discharge is to occur and the volume of the discharge, and shall limit the wastewater constituents and characteristics of the discharge. Such user shall pay any applicable charges or fees therefore and shall comply with the conditions of the

permit issued by the director. Provided, however, no permit will be required to discharge domestic waste from a recreational vehicle holding tank provided such discharge is made into an approved facility designed to receive such waste. (Ord. BL2010-678 § 2, 2010; prior code § 40-1-186(k))

15.60.150 Radioactive waste prohibited—Exceptions.

No person shall discharge or permit to be discharged any radioactive waste into a community sewer except:

A. When the person is authorized to use radioactive materials by the Tennessee Department of Public Health or the Nuclear Regulatory Commission;

B. When the waste is discharged in strict conformity with applicable laws and regulations of the aforementioned agencies, or any other agency having jurisdiction; and

C. When a copy of permits received from said regulatory agencies have been filed with the director. (Ord. BL2010-678 § 2, 2010; prior code § 40-1-186(g))

15.60.160 Direct discharge into manhole—Permit required.

No person shall discharge any substance directly into a manhole or other opening in a community sewer other than through an approved building sewer unless he shall have been issued a temporary permit by the director. The director shall incorporate in such temporary permits such conditions as he deems reasonably necessary to ensure compliance with the provisions of this chapter, and the user shall be required to pay applicable charges and fees, therefore. (Ord. BL2010-678 § 2, 2010; prior code § 40-1-186(i))

15.60.170 Accidental discharge—Safeguards—Special permit conditions for past offenders.

A. All industrial users shall provide such facilities and institute such procedures as are reasonably necessary to prevent or minimize the potential for accidental discharge into the POTW of waste regulated by this chapter from liquid or raw material storage areas, from truck and rail car loading and unloading areas, from in-plant transfer or processing and materials handling area, and from diked areas or holding ponds of any waste regulated by this chapter.

B. The wastewater discharge permit of any user who has a history of significant leaks, spills or other accidental discharge of waste regulated by this chapter shall be subject, on a case-by-case basis, to a special permit condition or requirement for the construction of facilities or establishment of procedures which will prevent or minimize the potential for such accidental discharge. Plans, specifications and operating procedures for such special conditions shall be developed by the user and submitted to the director for review under the provisions of Section 15.60.030. (Ord. BL2010-678 § 2, 2010; prior code § 40-1-186(p))

15.60.175 Prevention of accidental and/or slug discharges.

For the purposes of this subsection, a slug discharge is any discharge of a non-routine, episodic nature, including but not limited to an accidental spill or a non-customary batch discharge. All industrial users shall provide such facilities and institute such procedures as are reasonably necessary to prevent or minimize the potential for accidental discharge into the POTW of waste regulated by this permit from liquid or raw material storage areas, from truck and rail car loading and unloading areas, from in-plant transfer or processing and materials handling areas, from diked areas or holding ponds. The permittee shall notify the POTW immediately by telephone of any slug loadings, spills, bypasses, upsets, etc., and a follow up written notification within five days, as prescribed in 40 CFR 403.8(f)(2)(vi).

*Significant industrial users are required to notify Metro immediately of any changes at its facility affecting the potential for a slug discharge. Metro must evaluate all SIUs for the need for a slug control plan or other actions. Any new SIUs shall be evaluated for the need of a slug control plan within twelve (12) months of being permitted by the department. Existing SIUs may be required to review and resubmit a revision of the slug control plan at the request of the department. Should the department decide that a slug control plan is needed by the industrial user, the plan shall contain, at a minimum, the following elements;

A. Description of discharge practices, including non-routine batch discharges;

B. Description of stored chemicals;

C. Procedures for immediately notifying the POTW of slug discharges, including any discharge that would violate a prohibition under 40 CFR 403.5(b), with procedures for follow-up written notification within five days;

D. If deemed necessary by the director, procedures to prevent adverse impact from accidental spills, including inspection and maintenance of storage areas, handling and transfer of materials, loading and unloading operations, control of plant site run-off, worker training, building of containment structures or equipment, measures for containing toxic organic pollutants (including

solvents), and/or measures and equipment for emergency response. (Ord. BL2023-78 § 1, 2023; Ord. BL2010-678 § 2, 2010)

15.60.180 Temporary exceptions—Procedure.

A. Purpose. This section provides a method for industrial users subject to the limitation on wastewater strength parameters listed in Article II of this chapter to apply for and receive a temporary exception to the discharge level for one or more parameters.

B. Time of application. Applicants for a temporary exception shall apply for same at the time they are required to apply for a wastewater discharge permit or a renewal thereof; however, the director shall allow applications at any time unless the applicant shall have submitted the same or substantially similar application within the preceding year and the same shall have been denied by the authority.

C. Written applications. All applications for an exception shall be in writing and shall contain sufficient information for evaluation of each of the factors to be considered by the authority pursuant to subsection E. of this section.

D. Review by director. All applications for an exception shall be reviewed by the director. If the application does not contain sufficient information for complete evaluation, the director shall notify the applicant of the deficiencies and request additional information. The applicant shall have thirty days following notification by the director to correct such deficiencies. This thirty-day period may be extended by the authority upon application and for just cause shown. Upon receipt of a complete application, the director shall evaluate same within thirty days and shall submit his recommendations to the authority at its next regularly scheduled meeting.

E. Review by authority. The authority shall review and evaluate all applications for an exception and shall take into account the following factors:

1. The authority shall consider whether or not the applicant is subject to a National Pretreatment Standard containing discharge limitations more stringent than those in Article II and grant an exception only if such exception may be granted within limitations of applicable federal regulations.

2. The authority shall consider whether or not the exception would apply to discharge of a substance classified as a toxic substance under regulations promulgated by the Environmental Protection Agency under the provisions of Section 307(a) of the Act (33 U.S.C. 1317), and then grant an exception only if such exception may be granted with the limitations of applicable federal regulations.

3. The authority shall consider whether or not the granting of an exception would create conditions that would reduce the effectiveness of the treatment works, taking into consideration the concentration of said pollutant in the treatment works' influent and the design capability of the treatment works.

4. The authority shall consider whether or not the granting of an exception might cause the treatment works to violate the limitations in its NPDES permit, taking into consideration the concentration of the pollutant in the treatment works' influent and the demonstrated ability of the treatment works to consistently remove such pollutant.

5. The authority shall consider whether or not the granting of an exception would cause elements or compounds to be present in the sludge of the treatment works which would prevent sludge use or disposal by Metro or which would cause Metro to violate any regulation promulgated by EPA under the provisions of Section 405 of the Act (33 U.S.C. 1345).

6. The authority may consider the cost of pretreatment or other types of control techniques which would be necessary for the user to achieve effluent reduction, but prohibitive cost alone shall not be the basis for granting an exception.

7. The authority may consider the age of equipment and industrial facilities involved to the extent that such factors affect the quality or quantity of wastewater discharge.

8. The authority may consider the process employed by the user and process changes available which would affect the quality or quantity of wastewater discharge.

9. The authority may consider the engineering aspects of various types of pretreatment or other control techniques available to the user to improve the quality or quantity of wastewater discharge.

10. The authority may consider an application for an exception based upon the fact that water conservation measures instituted by the user or proposed by the user result in a higher concentration of particular pollutants in the wastewater discharge of the user without increasing the amount of mass of pollutants discharged. To be eligible for an exception under this paragraph, the application must show that except for water conservation measures, the applicant's discharge has been or would be in compliance with the limitations on wastewater strength set forth in Article II; however, no such exception shall be granted if the increased concentration of pollutants in the applicant's wastewater would have a significant adverse impact upon the operation of the POTW.

F. Good management practices required. The authority shall not grant an exception unless the applicant shall demonstrate to the authority that he is utilizing "good management practices" (GMP) to prevent or reduce his contribution of pollutants to the POTW. GMP's include but are not limited to preventative operating and main-

tenance procedures, schedule of activities, process changes, prohibiting of activities, and other management practices to reduce the quality or quantity of effluent discharged and to control plant site runoff, spillage, leaks and drainage from raw material storage.

G. Exception may be granted following review. The authority shall review the application for an exception at the first regularly scheduled meeting following recommendation of the director. It may grant the application for exception with such conditions or limitations as may have been recommended by the director without a hearing provided no person, including the applicant, shall object thereto, and provided further that the authority finds that the granting of the exception with such conditions as have been recommended by the director will be in compliance with the provisions of this chapter.

H. Hearing. In the event that the applicant objects to the recommendations of the director concerning conditions to be imposed upon the applicant, the authority desires a hearing to further investigate the matter, or any interested party granted permission by the authority to intervene objects to the granting of the exception, the authority shall schedule a hearing within ninety days following presentation of the matter by the director to resolve such matters. At such hearing, the applicant, the director and any intervening party shall have the right to present relevant proof by oral or documentary evidence. The procedure set forth in Section 15.60.360 shall be applicable to such a hearing. The applicant shall bear the burden of proof in such hearing.

I. Additional cost and expense.

1. The director may require any person discharging substances in strengths greater than those permitted by this chapter to pay any additional costs or expense incurred by Metro for transmission and treatment of such substances.

2. The treatment system shall be reviewed at the end of each fiscal year and appropriate surcharge rates applied to the wastewater billing.

3. Such charge for the Biochemical Oxygen Demand$_5$ (BOD_5), ammonia, suspended solids, and oil and grease will be computed using the following formula:

Surcharge ($)/P = 8.34 × (F) × (TC) × (Pa-Pm)
Surcharge ($) total = Surcharges of BOD_5 + ammonia + suspended solids and grease.

P—Parameter: BOD_5 or ammonia or suspended solids or grease.

F—Flow in millions of gallons per day.

TC—Treatment costs for servicing POTW per pound of parameter.

Pa—Parameter, actual.

Pm—Parameter, maximum.

4. Charges for other pollutants will be computed on a case-by-case basis. (Ord. BL2010-678 § 2, 2010; Ord. 2001-778 § 1, 2001; Prior code § 40-1-187, Part II (a)—(i))

15.60.190 Dangerous discharge—Emergency procedures.

A. Telephone notification. Any person causing or suffering any discharge, whether accidental or not, which presents or may present an imminent or substantial endangerment to the health and welfare of persons or to the environment, or which is likely to cause interference with the POTW, shall notify the director or his designee immediately, within one hour of becoming aware of the discharge, by telephone.

B. Written report. Within five days following such occurrence, the user shall provide the director with a detailed written report describing the cause of the dangerous discharge and measures to be taken by the user to prevent similar future occurrences. Such notification shall not relieve the user of any expense, loss, damage or other liability which may be incurred as a result of damage to the POTW, fish kills, or any other damage to person or property; nor shall such notification relieve the user of any fines, civil penalties or other liability which may be imposed by this chapter or other applicable law.

C. Notice to employees. A notice shall be permanently posted on the user's bulletin board or other prominent place advising employees whom to call in the event of a dangerous discharge. Employers shall ensure that all employees who may cause or suffer such dangerous discharge to occur are advised of the emergency notification procedure. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-188, Part II (a)—(c))

Article II. Discharge Permits

15.60.200 Applicability of article.

The provisions of this chapter are applicable to all industrial users of the POTW. Any permits issued hereunder to industrial users who are subject to or who become subject to a "National Pretreatment Standard" as that term is defined in 40 CFR Section 403.3(i) shall be conditioned upon the industrial user's also complying with all applicable substantive and procedural requirements promulgated by the Environmental Protection Agency or the state in regard to such National Pretreatment Standards. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-187, Part I (a))

15.60.210 Application—Requirements.

All industrial users of the POTW prior to discharging nondomestic waste into the POTW shall apply for and

obtain a wastewater discharge permit in the manner hereinafter set forth. All original applications shall be accompanied by a report containing the information specified in Section 15.60.220. All original applications shall also include a site plan, floor plan, mechanical and plumbing plans with sufficient detail to show all sewers and appurtenances in the user's premises by size, location and elevation; and the user shall submit to the director revised plans whenever alterations or additions to the user's premises affect said plans. Any currently connected user discharging waste other than domestic waste who has not heretofore filed such a report shall file the same with the director prior to twelve months from adoption of this chapter (October 7, 1980). All correspondence to Metro required by this chapter shall be addressed to the Environmental Compliance Section, Metro Department of Water and Sewerage Services, 1600 Second Avenue North, Nashville, TN 37208. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-187, Part I (b))

15.60.220 Application—Report requirements.

A. The report required by Section 15.60.210 above or other provisions of this title for all Industrial users shall contain in units and terms appropriate for evaluation the information listed in paragraphs (1) through (5) of subsection B below. Industrial users subject to National Pretreatment Standards shall submit to the director a report which contains the information listed in subsection B below within one hundred eighty days after the promulgation by the Environmental Protection Agency of a National Pretreatment Standard under Section 307(b) or (c)) of the Act or prior to twelve months from adoption of this title where such National Pretreatment Standards have been promulgated prior to the effective date of this title; provided that industrial users subject to the requirements of 40 CFR Section 403.12 may file with the director a copy of a report submitted to the "control authority," as defined in said section, in lieu of the report herein provided. Industrial users who are unable to achieve a discharge limit set forth in Article I of this chapter without improved operation and maintenance procedures of pretreatment shall submit a report which contains the information listed in subsection B. of this section.

B. As specified hereinabove, the report shall contain all or applicable portions of the following:

1. The name and address of the industrial user;

2. The location of such industrial user;

3. Description of operations: (a) A brief description of the nature, average rate of production (including each product produced by type, amount, processes, and rate of production), and standard industrial classifications of the operation(s) carried out by such user. This description should include a schematic process diagram, which indicates points of discharge to the POTW from the regulated processes, (b) Types of wastes generated, and a list of all raw materials and chemicals used or stored at the facility which are, or could accidentally or intentionally be, discharged to the POTW; (c) Number and type of employees, hours of operation, and proposed or actual hours of operation; (d) Type and amount of raw materials processed (average and maximum per day); (e) Site plans, floor plans, mechanical and plumbing plans, and details to show all sewers, floor drains, and appurtenances by size, location, and elevation, and all points of discharge.

4. The average and maximum flow of the discharge from such industrial user to the POTW, in gallons per day;

5. The nature and concentration of pollutants in the discharge from each regulated process from such industrial user and identification of any applicable pretreatment standards and requirements. The concentration shall be reported as a maximum or average level as provided for in the applicable pretreatment standard; if an equivalent concentration limit has been calculated in accordance with any pretreatment standard, this adjusted concentration limit shall also be submitted to the director for approval;

6. A statement, reviewed by an authorized representative of the industrial user (as defined in Section 15.04.060) and certified by a qualified professional, who shall be approved in writing by Metro, indicating whether pretreatment standards are being met on a consistent basis and, if not, whether additional operation and maintenance procedures or additional pretreatment is required for the industrial user to meet the pretreatment standards and requirements; and

7. If additional pretreatment or operation and maintenance procedure will be required to meet the pretreatment standards, then the report shall contain the shortest schedule by which the industrial user will provide such additional pretreatment. The completion date in this schedule for pollutants assigned National Pretreatment Standards shall not be later than the completion date established for the applicable National Pretreatment Standard.

8. The location for monitoring all wastes covered by the permit.

9. Measurement of pollutants: (a) The categorical pretreatment standards applicable to each regulated process and any new categorically regulated processes for existing sources. (b) The results of sampling and analysis identifying the nature and concentration, and/or mass, where required by the Standard or by Metro, of regulated pollutants in the discharge from each regulated process.

(c) Instantaneous, daily maximum and long-term average concentrations, or mass, where required, shall be reported. (d) The sample shall be representative of daily operations and shall be analyzed in accordance with procedures set out in Section 15.60.285 of this ordinance. Where the Standard requires compliance with a BMP or pollution prevention alternative, the user shall submit documentation as required by Metro or the applicable Standards to determine compliance with the Standard.

10. Any other information as may be deemed necessary by Metro to evaluate the permit application.

C. For purposes of this section, when the context so indicates, the phrase "pretreatment standard" shall include either a National Pretreatment Standard or a pretreatment standard imposed as a result of the user's discharging any incompatible pollutant regulated by Article I of this chapter. For purpose of this section, the term "pollutant" shall include any pollutant identified in a National Pretreatment Standard or any incompatible pollutant identified in Article I of this chapter. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-187, Part I (c)).

15.60.230 Incomplete applications—Notice to correct—Denial.

The director will act only on applications that are accompanied by a report which contains all the information required in Section 15.60.220. Persons who have filed incomplete applications will be notified by the director that the application is deficient and the nature of such deficiency and will be given thirty days to correct the deficiency. If the deficiency is not corrected within thirty days or within such extended period as allowed by the director, the director shall submit the application for a permit to the authority with a recommendation that it be denied and notify the applicant in writing of such action. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-187, Part I (d))

15.60.240 Application—Recommendation of special conditions.

Upon receipt of complete applications, the director shall review and evaluate the applications and shall propose such special permit conditions as he deems advisable. All wastewater discharge permits shall be expressly subject to all the provisions of this title and all other applicable ordinances, laws and regulations. The director may also propose that the wastewater discharge permit be subject to one or more special conditions in regard to any of the following:

A. Pretreatment requirements;

B. The average and maximum wastewater constituents and characteristics;

C. Limits on rate and time of discharge or requirements for flow regulations and equalization;

D. Requirements for installation of inspection and sampling facilities;

E. Specifications for monitoring programs which may include sampling locations, frequency and method of sampling, number, types and standards for tests and reporting schedule;

F. Requirements for submission of technical reports or discharge reports;

G. Requirements for maintaining records relating to wastewater discharge;

H. Mean and maximum mass emission rates, or other appropriate limits when incompatible pollutants (as set forth in Article I of this chapter) are proposed or present in the user's wastewater discharge;

I. Other conditions as deemed appropriate by the director to ensure compliance with this title or other applicable ordinance, law or regulation;

J. A reasonable compliance schedule, not to extend beyond July 1, 1983, or such earlier date as may be required by other applicable law or regulation, whichever is sooner, to ensure the industrial user's compliance with pretreatment requirements or improved methods of operation and maintenance;

K. Requirements for the installation of facilities to prevent and control accidental discharge or "spills" at the user's premises;

L. The unit charge or schedule of charges and fees for the wastewater to be discharged to a community sewer. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-187, Part I (e))

15.60.250 Special permit conditions—Notice to applicant—Procedure to file objections.

A. Upon completion of his evaluation, the director shall notify the applicant of any special permit conditions which he proposed be included in the wastewater discharge permit.

B. The applicant shall have forty-five days from and after the date of the director's recommendations for special permit conditions to review same and file written objections with the director in regard to any special permit conditions recommended by the director. The director or his representative may but shall not be required to schedule a meeting with the applicant's authorized representative within fifteen days following receipt of the applicant's objections and attempt to resolve disputed issues concerning special permit conditions.

C. If the applicant files no objection to special permit conditions proposed by the director, or a subsequent agreement is reached concerning same, the director shall issue a wastewater discharge permit to the applicant with such special conditions incorporated therein. Otherwise, the director shall submit the disputed matters to the authority for resolution as hereinafter provided. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-187, Part I (f)).

15.60.252 Individual wastewater discharge permits.

An individual wastewater discharge permit shall include such conditions as are deemed reasonably necessary by director to prevent pass through or interference, protect the quality of the water body receiving the treatment plant's effluent, protect worker health and safety, facilitate sludge management and disposal, and protect against damage to the POTW.

A. Individual wastewater discharge permits must contain:

1. A statement that indicates the wastewater discharge permit's issuance date, expiration date and effective date. No permit is to exceed a five (5) year duration;

2. A statement that the wastewater discharge permit is nontransferable without prior notification to Metro, and provisions for furnishing the new owner or operator with a copy of the existing wastewater discharge permit;

3. Effluent limits, including best management practices, based on applicable pretreatment standards, local limits, state or local law;

4. Self monitoring, sampling, reporting, notification, and record-keeping requirements. These requirements shall include an identification of pollutants (or best management practice) to be monitored, sampling location, sampling frequency, and sample type based on federal, state, and local law;

5. A statement of applicable civil and criminal penalties for violation of pretreatment standards and requirements, and any applicable compliance schedule. Such schedule may not extend the time for compliance beyond that required by applicable federal, state, or local law.

6. Requirements to control Slug Discharge, if determined by the director to be necessary. (Ord. BL2010-678 § 2, 2010)

15.60.255 Wastewater discharge permits: General permits.

A. At the discretion of the director, general permits may be used to control SIU discharges to the POTW if the following conditions are met. All facilities to be covered by a general permit must:

1. Involve the same or substantially similar types of operations;

2. Discharge the same types of wastes;

3. Require the same effluent limitations;

4. Require the same or similar monitoring; and

5. In the opinion of the director are more appropriately controlled under a general permit than under individual wastewater discharge permits.

a. To be covered by the general permit, the SIU must file a written request for coverage that identifies its contact information, production processes, the types of wastes generated, the location for monitoring all wastes covered by the general permit, and any other information the POTW deems appropriate.

b. The director will retain a copy of the general permit, documentation to support the POTW's determination that a specific SIU meets the criteria in Section 15.60.255 and applicable State regulations, and a copy of the user's written request for coverage for three (3) years after the expiration of the general permit.

c. General permits will contain the same required information as listed in Section 15.60.252.

Metro may not control an SIU through a general permit where the facility is subject to production-based categorical pretreatment standards or categorical pretreatment standards expressed as mass of pollutant discharged per day or for IUs whose limits are based on the combined wastestream formula or net/gross calculations as per 40 CFR 403. (Ord. BL2010-678 § 2, 2010)

15.60.258 Application signatories and certifications.

A. All wastewater discharge permit applications, user reports and certification statements must be signed by an authorized representative of the user and contain the following certification statement:

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

B. Annual certification for non-significant categorical industrial users—A facility determined to be a non-significant categorical industrial user by the director must annually submit the following certification statement signed by an authorized representative of the user.

Based on my inquiry of the person or persons directly responsible for managing compliance with the Categorical Pretreatment Standards under 40 CFR _____, I certify that, to the best of my knowledge and belief that during the period from _____, _____ to _____, _____ [months, days, year]:

(a) The facility described as _____ [facility name] met the definition of a Non-Significant Categorical industrial user.

(b) The facility complied with all applicable pretreatment standards and requirements during this reporting period; and

(c) the facility never discharged more than 100 gallons of total categorical wastewater on any given day during this reporting period.

(d) This compliance certification is based on the following information.

C. If the designation of an authorized representative is no longer accurate because a different individual or position has responsibility for the overall operation of the facility or overall responsibility for environmental matters for the company, a new written authorization satisfying the requirements of this Section must be submitted to Metro prior to or together with any reports to be signed by an authorized representative. (Ord. BL2010-678 § 2, 2010)

15.60.260 Unresolved disputes—Hearing.

A. In the event the director cannot issue a wastewater discharge permit pursuant to Section 15.60.250, the director shall submit to the authority his proposed permit conditions and the applicant's written objections thereto at the next regularly scheduled meeting of the authority.

B. The authority shall schedule a hearing within ninety days following the meeting referred to in subsection A. unless such time be extended for just cause shown to resolve any disputed matters relevant to such permit.

C. The director shall notify the applicant of the date, time, place and purpose of the hearing scheduled by the authority. The applicant shall have the right to participate in such hearing and present any relevant evidence to the authority concerning proposed special permit conditions or other matters being considered by the authority.

D. Following such hearing or such additional hearings as shall be deemed necessary and advisable by the authority, the authority shall establish such special permit conditions as it deems advisable to ensure the applicant's compliance with this title or other applicable law or regulation and direct the director to issue a wastewater discharge permit to the applicant accordingly. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-187, Part I (g))

15.60.270 Compliance schedule and reports—Requirements.

SIU Compliance Monitoring Reports: All significant industrial users must, at a frequency determined by Metro submit no less than twice per year, on dates specified, reports indicating the nature, concentration of pollutants in the discharge which are limited by pretreatment standards and the measured or estimated average and maximum daily flows for the reporting period. In cases where the pretreatment standard requires compliance with a best management practice (BMP) or pollution prevention alternative, the user must submit documentation required by Metro or the pretreatment standard necessary to determine the compliance status of the user. All periodic compliance reports must be signed and certified in accordance with Section 15.60.258.

The following conditions shall apply to the schedule required by Section 15.60.220, 15.60.240 or 15.60.260 of this section:

A. The schedule shall contain increments of progress in the form of dates for the commencement and completion of major events leading to the construction and operation of additional pretreatment requirements for the industrial user to meet the applicable pretreatment standards and pretreatment requirements (e.g., hiring an engineer, completing preliminary plans, completing final plans, executing contract for major components, commencing construction, completing construction, etc.).

B. No increment referred to in subsection A. shall exceed nine months.

C. Not later than fourteen days following each date in the schedule and the final date for compliance, the industrial user shall submit a progress report to the control authority and the director, including, as a minimum, whether or not it complied with the increment of progress to be met on such date and, if not, the date on which it expects to comply with this increment of progress, the reason for the delay, and steps being taken by the industrial user to return the construction to the schedule established. In no event shall more than nine months elapse between such progress reports to the control authority and the director.

D. Within ninety days, or the date for final compliance given in the industrial user's permit, any industrial user subject to pretreatment standards and requirements shall submit to the control authority and the director a report indicating the nature and concentration of all pollutants in the discharge from the regulated process which are limited by pretreatment standards and requirements and the average and maximum daily flow for these process units in the industrial user which are limited by such pretreatment standards or requirements. The report

shall state whether the applicable pretreatment standards or requirements are being met on a consistent basis and, if not, what additional operation and maintenance procedure or pretreatment is necessary to bring the industrial user into compliance with the applicable pretreatment standards or requirements. This statement shall be signed by an authorized representative of the industrial user, as defined in Section 15.04.060, and certified to by a qualified professional.

E. Any industrial user subject to a pretreatment standard, after the compliance date of such pretreatment standard, or, in the case of a new source, after commencement of the discharge into the POTW, or subject to a final compliance date in his permit, shall submit to the control authority and the director during the months of June and December, unless required more frequently in the pretreatment standard or by the control authority and the director, a report indicating the nature and concentration of pollutants in the effluent which are limited by such pretreatment standards. In addition, this report shall include a record of all daily flows which during the reporting period exceeded the average daily flow reported in Section 15.60.220 (B)(4). At the discretion of the control authority or the director, as applicable, and in consideration of such factors as local high or low flow rates, holidays, budget cycles, etc., the control authority or the director, as applicable, may agree to alter the months during which the above reports are to be submitted.

F. The control authority or the director, as applicable, may impose mass limitations on industrial users which are using dilution to meet applicable pretreatment standards or requirements or in other cases where the imposition of mass limitations are appropriate. In such cases, the report required by subsection (E) above shall indicate the mass of pollutants regulated by pretreatment standards in the effluent of the industrial user.

G. The industrial user shall notify the POTW immediately by telephone of any slug loading (within one hour), as defined by Sections 15.60.020 through 15.60.170 of this chapter, by the industrial user.

H. The reports required in this section shall contain the results of sampling and analysis of the discharge, including the flow and the nature and concentration, or production and mass limits where requested by the control authority or the director, as applicable, of pollutants contained therein which are limited by the applicable pretreatment standards. The frequency of monitoring shall be prescribed in the applicable pretreatment standard. All analyses shall be performed in accordance with procedures established by the Environmental Protection Agency under the provisions of Section 304(h) of the Act (33 U.S.C. 1314(h)) and contained in 40 CFR part 136 and amendments thereto or with any other test procedures approved by the Environmental Protection Agency or the director. Sampling shall be performed in accordance with the techniques approved by the Environmental Protection Agency, or the director, and only by persons or companies approved by the director.

I. Any industrial user required by this section to submit a similar report to the control authority under the provisions of 40 CFR Section 403.12 may submit to the director a copy of said report in lieu of a separate report to the director provided that all information required by this title is included in the report to the control authority. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-187, Part I (h))

15.60.275 Notification requirements.

A. The permittee shall notify the environmental compliance section on any of the following changes to the system no later than 180 days prior to change of discharge;

1. New introduction into the POTW of pollutants from any source which would be a new source, if such source were discharging pollutants.

2. New introduction of pollutants into such works from a source which would be subject to the Sewer Use Ordinance if it were discharging such pollutants

3. A substantial change in the volume or character of pollutants being discharged into such works at the time the permit is issued.

B. This notice will include information on the quality and quantity of the wastewater introduced by the new source into the publicly owned treatment works, and on any anticipated impact on the effluent discharged from such works. (Ord. BL2010-678 § 2, 2010)

15.60.280 Records of monitoring activities required—Contents.

Any industrial user subject to the reporting requirements established in this article shall maintain records of all information resulting from any monitoring activities required by this article. Such records shall include for all samples:

A. The date, exact place, method and time of sampling and the names of the persons taking the samples;

B. The dates analyses were performed;

C. Who performed the analyses;

D. The analytical techniques/methods used; and

E. The results of such analyses. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-187, Part I (i))

15.60.285 Monitoring procedures.

All wastewater samples must be representative of the user's discharge. Wastewater monitoring and flow mea-

surement facilities shall be properly operated, kept clean, and maintained in good working order at all times. The failure of a user to keep its monitoring facility in good working order shall not be grounds for the user to claim that sample results are unrepresentative of its discharge. If a user subject to the reporting requirement in this section monitors any regulated pollutant at the appropriate sampling location more frequently than required by Metro, using the procedures prescribed in Section 15.60.285, the results of this monitoring shall be included in the report submitted to Metro. Where the categorical pretreatment standard, local limit, or permit requires compliance with a BMP or pollution prevention alternative, the user shall submit documentation as required by Metro or the applicable standards to determine compliance with the standard.

A. Sample collection and analyses. Samples and measurements taken in compliance with the monitoring requirements of this permit shall be representative of the volume and nature of the monitored discharge during a normal production day and shall be taken as follows:

1. Be performed on composite and grab samples representative of the total wastewater flow discharged to the Metropolitan Government Sewerage System with the maximum time interval between samples no longer than sixty (60) minutes.

2. Be conducted in accordance with the U.S. Environmental Protection Agency protocol. The results must be reported to the lowest detectable limit of the methodology. Samples are to be analyzed by a laboratory, certified by Metro Water Services for the required parameters.

3. Provide the flow rate for which the results are indicative to the nearest 100 gallons per day.

4. Except as indicated in subsection 15.60.285 A.5. or if designated different in the user's permit, the user must collect wastewater samples using 24-hour flow-proportional composite sampling techniques, unless time-proportional composite sampling or grab sampling is authorized by Metro. Where time-proportional composite sampling or grab sampling is authorized by Metro, the samples must be representative of the discharge. Using protocols (including appropriate preservation) specified in 40 CFR Part 136 and appropriate EPA guidance, multiple grab samples collected during a 24-hour period may be composited prior to the analysis as follows: for cyanide, total phenols, and sulfides the samples may be composited in the laboratory or in the field; for volatile organics and oil and grease, the samples may be composited in the laboratory. Composite samples for other parameters unaffected by the compositing procedures as documented in approved EPA methodologies may be authorized by Metro as appropriate. In addition, grab samples may be required to show compliance with instantaneous limits.

5. Samples for oil and grease, temperature, pH, cyanide, total phenols, sulfides, and volatile organic compounds must be obtained using grab collection techniques.

6. For sampling required in support of baseline monitoring and 90-day compliance reports [40 CFR 403.12(g)(4) and Tennessee Rule 1200-4-14-.12(2) and (4)], a minimum of four (4) grab samples must be used for pH, cyanide, total phenols, oil and grease, sulfide and volatile organic compounds for facilities for which historical sampling data do not exist; for facilities for which historical sampling data are available, Metro may authorize a lower minimum. For the reports required by 15.60.270 [40 CFR 403.12(g)(4) and Tennessee Rule 1200-4-14-.12(5) and (8)], the industrial user is required to collect the number of grab samples necessary to assess and assure compliance with applicable pretreatment standards and requirements.

B. Sample location. All approved sampling shall be collected from the sample collection point as designated in the industrial/municipal user's permit as issued by Metro Water Services.

C. Test procedures.

1. Test procedures for the analysis of pollutants shall conform to regulations published pursuant to Section 304 (h) of the Clean Water Act of 1977, under which such procedures may be required.

2. Unless otherwise noted in the permit, all pollutant analyses, including sampling techniques, to be submitted as part of a wastewater discharge permit application or report shall be performed in accordance with the techniques prescribed in 40 CFR Part 136 and amendments thereto, unless otherwise specified in an applicable categorical pretreatment standard. If 40 CFR Part 136 does not contain sampling or analytical techniques for the pollutant in question, or where the EPA determines that the Part 136 sampling and analytical techniques are inappropriate for the pollutant in question, sampling and analyses shall be performed by using validated analytical methods or any other applicable sampling and analytical procedures, including procedures suggested by Metro or other parties approved by EPA. (Ord. BL2010-678 § 2, 2010)

15.60.288 Repeat sampling and reporting/notice of violation.

If sampling performed by a user indicates a violation, the user must notify Metro within twenty-four (24) hours of becoming aware of the violation. The user shall also repeat the sampling and analysis and submit the results of

the repeat analysis to Metro within thirty (30) days after becoming aware of the violation. Resampling by the industrial user is not required if Metro performs sampling at the user's facility at least once a month, or if Metro performs sampling at the user's facility between the time when the initial sampling was conducted and the time when the user or Metro receives the results of this sampling, or if Metro has performed the sampling and analysis in lieu of the industrial user. If Metro performed the sampling and analysis in lieu of the industrial user, Metro will perform the repeat sampling and analysis unless it notifies the user of the violation and requires the user to perform the repeat sampling and analysis. (Ord. BL2010-678 § 2, 2010)

15.60.290 Records of monitoring activities—Retention for four years—Subject to inspection.

Users subject to the reporting requirements of this ordinance shall retain, and make available for inspection and copying, all records of information obtained pursuant to any monitoring activities required by this ordinance, any additional records of information obtained pursuant to monitoring activities undertaken by the user independent of such requirements, and documentation associated with Best Management Practices. Records shall include the date, exact place, method, and time of sampling, and the name of the person(s) taking the samples; the dates analyses were performed; who performed the analyses; the analytical techniques or methods used; and the results of such analyses. Any user subject to the reporting requirement established in this article shall be required to retain for a minimum of four years any records of monitoring activities and results (whether or not such monitoring activities are required by this article) and shall make such records available for inspection and copying by the director, the Director of the Tennessee Department of Environment and Conservation, Tennessee Department of Public Health, or the Environmental Protection Agency. This period of retention shall be extended during the course of any unresolved litigation regarding the industrial user or when requested by the director, the Director of the Tennessee Department of Environment and Conservation, Tennessee Department of Public Health, or the Environmental Protection Agency. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-187, Part I (j))

15.60.300 Term—Renewal—Modifications.

A. Wastewater discharge permits shall be issued for a period of three years. Original permits may be issued for a period between two and three years for the administrative convenience of the director so as to stagger the renewal dates of the permits. Permits issued to users granted an exception pursuant to Section 15.60.180, shall be issued for a period of one year.

B. Notwithstanding the foregoing, users becoming subject to a National Pretreatment Standard shall apply for new permits on the effective date of such National Pretreatment Standards. The director shall notify in writing any user whom he has cause to believe is subject to a National Pretreatment Standard of the promulgation of such federal regulations, but any failure of the director in this regard shall not relieve the user of the duty of complying with such National Pretreatment Standards.

C. A user must apply in writing for a renewal permit within the period of time not more than ninety days and not less than thirty days prior to expiration of the current permit.

D. Limitations or conditions of a permit are subject to modification or change due to, but not limited to, changes in applicable water quality standards, changes in Metro's NPDES permit, changes in Sections 15.60.070 and 15.60.090, the need to incorporate any new or revised federal, state, or local pretreatment requirement, changes in the user's operations and processes, violation of any terms or conditions of the user's permit, changes in the POTW that requires either a temporary or permanent reduction or elimination of the authorized discharge, to correct typographical or other errors in the user's permit, misrepresentations or failure to fully disclose relevant facts in the wastewater discharge permit application or in any required reporting, changes in other applicable law or regulation, or for other just cause; and users shall be notified of any proposed changes in their permit by the director at least thirty days prior to the effective date of the change. Any change or new condition in a permit shall include a provision for a reasonable time schedule for compliance. The user may appeal the decision of the director in regard to any changed permit conditions as otherwise provided in this chapter. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-187, Part I (k))

15.60.310 Transfer—Approval required.

Wastewater discharge permits are issued to a specific user for a specific operation. A wastewater discharge permit shall not be reassigned or transferred or sold to a new owner, new user or for different premises unless approved by the director. (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-187, Part I (l))

15.60.320 Revocation.

Any permit issued under the provisions of this article is subject to be modified, suspended or revoked in whole or in part during its term for cause, including but not limited to the following:

A. Violation of any terms or conditions of the wastewater discharge permit or other applicable law or regulation;

B. Obtaining of a permit by misrepresentation or failure to disclose fully all relevant facts; or

C. A change in any condition that requires either a temporary or permanent reduction or elimination of the permitted discharge.

D. Falsifying self-monitoring reports and certification statements;

E. Tampering with monitoring equipment;

F. Refusing to allow Metro timely access to the facility premises and records;

G. Failure to meet effluent limitations;

H. Failure to pay fines;

I. Failure to pay sewer charges;

J. Failure to meet compliance schedules;

K. Failure to complete a wastewater survey or the wastewater discharge permit application;

L. Failure to provide advance notice of the transfer of business ownership of a permitted facility (Ord. BL2010-678 § 2, 2010; Prior code § 40-1-187, Part I (m))

15.60.325 Regulation of waste from other jurisdictions.

A. If another municipality, or user located within another municipality, contributes wastewater to the POTW, Metro shall enter into an intermunicipal agreement with the contributing municipality.

B. Prior to entering into an agreement required by paragraph A, above, Metro shall request the following information from the contributing municipality:

1. A description of the quality and volume of wastewater discharged to the POTW by the contributing municipality;

2. An inventory of all users located within the contributing municipality that are discharging to the POTW; and

3. Such other information as Metro may deem necessary.

C. An intermunicipal agreement, as required by paragraph A., above, shall contain the following conditions:

1. A requirement for the contributing municipality to adopt a sewer use ordinance which is at least as stringent as this ordinance and Local Limits, including required Baseline Monitoring Reports (BMRs) which are at least as stringent as those set out in this ordinance. The requirement shall specify that such ordinance and limits must be revised as necessary to reflect changes made to Metro's ordinance or local limits;

2. A requirement for the contributing municipality to submit a revised user inventory on at least an annual basis;

3. A provision specifying which pretreatment implementation activities, including individual wastewater discharge permit, or general permit, issuance, inspection and sampling, and enforcement, will be conducted by the contributing municipality; which of these activities will be conducted by Metro and which of these activities will be conducted jointly by the contributing municipality and Metro;

4. A requirement for the contributing municipality to provide Metro with access to all information that the contributing municipality obtains as part of its pretreatment activities;

5. Limits on the nature, quality, and volume of the contributing municipality's wastewater at the point where it discharges to the POTW;

6. Requirements for monitoring the contributing municipality's discharge;

7. A provision ensuring Metro access to the facilities of users located within the contributing municipality's jurisdictional boundaries for the purpose of inspection, sampling, and any other duties deemed necessary by Metro; and

8. A provision specifying remedies available for breach of the terms of the intermunicipal agreement. (Ord. BL2010-678 § 2, 2010)

Article III. Administration and Enforcement

15.60.330 Director—Authority and responsibilities.

A. Responsibilities and assignment. The director and his staff shall be responsible for the administration of all sections of this title. Administratively, he shall be assigned to the department of water and sewerage services.

B. Authority. The director shall have the authority to enforce all sections of this title. He shall be responsible and have the authority to operate the various treatment works. He shall be responsible for the preparation of operating budgets and recommendations concerning activities within his responsibility and authority.

C. Records. The director shall keep in his office a complete record of all applications required under this title, including a record of all wastewater discharge permits. He shall also maintain the minutes and other records of the wastewater hearing authority.

D. Wastewater hearing authority. The director shall attend all meetings of the wastewater hearing authority, or whenever it is necessary for him to be absent he shall send a designated representative and shall make such reports to and assist such authority in the administration of this title.

E. The director shall notify industrial users identified in 40 CFR Section 403.8(f)(2) and (i) of any applicable pretreatment standards or other applicable requirements promulgated by the Environmental Protection Agency under the provisions of Section 204(b) of the Act (33 U.S.C. 1284), Section 405 of the Act (33 U.S.C. 1345), or under the provisions of Section 3001 (42 U.S.C. 6921), 3004 (42 U.S.C. 6924) or 4004 (42 U.S.C. 6944) of the Solid Waste Disposal Act. Failure of the director to so notify industrial users shall not relieve such users from the responsibility of complying with such requirements.

F. The director shall comply with all applicable public participation requirements of Section 101(e) of the Act (33 U.S.C. 125 1(e)) and 40 CFR Part 105 in the enforcement of National Pretreatment Standards. The director shall at least annually provide public notification, in the largest daily newspaper published in Nashville of industrial users during the previous twelve months which at least once were not in compliance with the applicable pretreatment standards or other pretreatment requirements. The notification shall summarize enforcement actions taken by the control authorities during the same twelve months. An industrial user shall be deemed to be in compliance with applicable pretreatment standards or other pretreatment requirements if he has completed applicable increments of progress under the provisions of any compliance schedule in the user's wastewater discharge permit or if the user has been granted an exception under the provisions of Section 15.60.180. (Ord. BL2010-678 § 2, 2010; Prior code § 40-189)

15.60.340 Monitoring and inspections.

A. Whenever required to carry out the objective of this title, including but not limited to developing or assisting in the development of any effluent limitation, or other limitation, prohibition or effluent standard, pretreatment standard, standard of performance, or permit condition under this title; determining whether any person is in violation of any such effluent limitation, or other limitation, prohibition or effluent standard, pretreatment standard, standard of performance, or permit condition; or any requirement established under this chapter:

1. The director shall require any industrial user to:

a. Establish and maintain such records;

b. Make such reports;

c. Install, use and maintain such monitoring equipment or methods including, where appropriate, biological monitoring methods;

d. Sample such effluents, in accordance with such methods, at such locations, at such intervals and in such manner as the director shall prescribe;

e. Provide such other information as he may reasonably require; and

2. The director or his authorized representative, upon presentation of his credentials, shall have a right of entry to, upon or through any premises in which an effluent source is located or in which any records required to be maintained under subsection 1. of this section are located. Metro shall have the right to enter the premises of any user to determine whether the user is complying with all requirements of this ordinance and any individual wastewater discharge permit or general permit or order issued hereunder. Users shall allow Metro ready access to all parts of the premises for the purposes of inspection, sampling, records examination and copying, and the performance of any additional duties.

a. Where a user has security measures in force which require proper identification and clearance before entry into its premises, the user shall make necessary arrangements with its security guards so that, upon presentation of suitable identification, Metro shall be permitted to enter without delay for the purposes of performing specific responsibilities.

b. Metro shall have the right to set up on the user's property, or require installation of, such devices as are necessary to conduct sampling and/or metering of the user's operations.

c. Metro may require the user to install monitoring equipment as necessary. The facility's sampling and monitoring equipment shall be maintained at all times in a safe and proper operating condition by the user at its own expense. All devices used to measure wastewater flow and quality shall be calibrated to ensure their accuracy.

d. Any temporary or permanent obstruction to safe and easy access to the facility to be inspected and/or sampled shall be promptly removed by the user at the written or verbal request of Metro and shall not be replaced. The costs of clearing such access shall be borne by the user.

e. Unreasonable delays in allowing Metro access to the user's premises shall be a violation of this ordinance; and

f. May at reasonable times have access to and copy any records, inspect any monitoring equipment or method required under subsection 1. and sample any effluents which the owner or operator of such source is required to sample under subsection 1.

B. Any records, reports or information obtained under this section:

1. Shall, in the case of effluent data, be related to any applicable effluent limitations, toxic, pretreatment or permit condition; and

2. Shall be available to the public; except that upon a showing satisfactory to the director by any person that records, reports or information, or particular part thereof (other than effluent data), to which the director has access under this section, if made public would divulge methods or processes entitled to protection as trade secrets of such person, the director shall consider such record, report or information, or particular portion thereof, confidential in accordance with the purposes of this title, except that such record, report or information may be disclosed to officers, employees or authorized representatives of the State of Tennessee or the United States concerned with carrying out the provisions of the Clean Water Act or when relevant in any proceeding under this title or other applicable laws.

C. Specific requirements under the provisions of subsection A.1. of this section shall be established by the director, or the authority as applicable, for each industrial user; and such requirements shall be included as a condition of the user's wastewater discharge permit. The nature or degree of any requirement under this provision shall depend upon the nature of the user's discharge, the impact of the discharge on the POTW, the volume of water discharged, and the technical feasibility of and economic reasonableness of any such requirement imposed. The user shall be required to design any necessary facility and to submit detailed design plans and operating procedures to the director for review in accordance with accepted engineering practices. The director shall review such plans within forty-five days and shall recommend to the user any change he deems appropriate.

D. Upon approval of plans as specified in subsection C., the user shall secure building, electrical, plumbing or other permits as may be required by this code and proceed to construct any necessary facility and establish such operating procedures as are required within the time provided in the user's wastewater discharge permit.

E. In the event any user denies the director or his authorized representative of the right of entry to or upon the user's premises for purposes of inspection, sampling effluents, inspecting and copying records, or performing such other duties as shall be imposed upon him by this section, the director shall seek a warrant or use such other legal procedures as shall be advisable and reasonably necessary to discharge his duties under this section.

(Ord. BL2010-678 § 2, 2010; prior code § 40-188, Part I (a)—(e))

15.60.350 Wastewater hearing authority.

A. There is established an authority of seven members to be known as the wastewater hearing authority.

B. The hearing authority shall be composed of the following members, to be appointed by the mayor and confirmed by the metropolitan council for a term of two years: one representative of major industry, one representative of a tributary utility district or city inside or outside Davidson County, one private citizen, two representatives of the technical/science or financial field, one representative of the manufacturing/industrial field, and one representative of the food service field.

C. Provisions.

1. Members may be removed from the hearing authority by the mayor, with councilmanic approval, for continued absence from meetings, or other just cause.

2. Members shall comply with Chapter 11, Sections 11.101 through 11.108, inclusive, of the Charter of the metropolitan government.

D. Powers and duties. In addition to any other duty or responsibility otherwise conferred upon the hearing authority by this title, the hearing authority shall have the duty and power as follows:

1. To recommend to the metropolitan council that it amend or modify the provisions of this title;

2. To establish, modify or amend procedural rules governing hearings, orders, issuance of permits, and all other matters not specifically requiring a hearing. Any rules so adopted shall be filed with the metropolitan clerk;

3. To grant exceptions pursuant to the provisions of Section 15.60.180, and to determine such issues of law and fact as are necessary to perform this duty;

4. To hold hearings upon appeals from orders or actions of the director as may be provided under any provision of this title;

5. To hold hearings relating to the suspension, revocation or modification of a wastewater discharge permit as it is provided in this chapter and issue appropriate orders relating thereto;

6. To hold such other hearings relating to any aspect or matter in the administration of this title and to make such determinations and issue such orders as may be necessary to effectuate the purposes of this title;

7. To request assistance from any officer, agent or employee of the metropolitan government to obtain such information or other assistance as the hearing authority might need;

8. The hearing authority, acting through its chairman, shall have the power to issue subpoenas requiring attendance and testimony of witnesses and the production of documentary evidence relevant to any matter properly heard by the hearing authority;

9. The chairman, vice-chairman or chairman pro tem shall be authorized to administer oaths to those persons giving testimony before the hearing authority;

10. The hearing authority shall hold quarterly meetings and such special meetings as the board may find necessary;

11. A majority of the members to which the hearing authority is entitled shall constitute a quorum, but a lesser number may adjourn the meeting from day to day;

12. In addition to any other power granted to it by this title, the hearing authority is granted the authority to assess a civil penalty in an amount not to exceed the sum of ten thousand dollars per day for each day of violation against any person in violation of this chapter.

a. The assessment of a civil penalty shall be made by the director against any person determined to be in violation of this chapter. Notice of such assessment shall be provided by certified mail, return receipt requested,

b. Any person against whom an assessment is made by the director may appeal to the hearing authority by filing a request with the director for review by the hearing authority. Request for review by the hearing authority must be made in writing and filed within thirty days of the receipt of the assessment and shall state with particularity the grounds for the appeal. Any such appeal shall stay the effect of the assessment,

c. Failure to appeal the assessment within thirty days shall be a waiver of the right to appeal and be deemed as consent to the assessment which shall become final upon approval by the hearing authority,

d. The assessment of a civil penalty shall be upheld unless the preponderance of the evidence shows that the assessment was unlawfully levied or unreasonably severe,

e. No assessment of a civil penalty, whether brought to the hearing authority by appeal or for confirmation by the director, shall be final until such assessment is approved by the hearing authority at any regular meeting or duly called special meeting. The hearing authority may alter or modify the terms of any civil penalty but any increase in the amount of civil penalty or which otherwise imposes a greater burden upon the person against whom the penalty is assessed shall not become final until such person receives written notice thereof and is provided the right to petition the hearing authority for modification of such assessment in the same manner as an appeal from assessment of a civil penalty by the director,

f. The director may enter into consent decrees with any person in violation of this chapter and, after approval by the hearing authority, the same shall have the effect and be enforceable in the same manner as a civil penalty,

g. In assessing a civil penalty, the director and the hearing authority may consider all factors listed in Tennessee Code Annotated Section 69-3-125 and may include any expenses and actual damages incurred by the metropolitan government in investigating, removing, correcting or cleaning up the violation. (Amdt. 1 to Ord. BL2025-811, 2025; Ord. BL2025-811 §§ 24, 26, 2025; Ord. BL2010-678 § 2, 2010; Ord. 97-729 § 3 (part), 1997).

15.60.360 Adjudicatory hearing procedures.

A. The hearing authority shall schedule an adjudicatory hearing to resolve disputed questions of fact and law whenever provided by any provision of this title.

B. At any such hearing, all testimony presented shall be under oath or upon solemn affirmation in lieu of oath. The hearing authority shall make a record of such hearing, but the same need not be a verbatim record. Any party coming before the authority shall have the right to have such hearing recorded, but in such event the record need not be transcribed unless any party seeks judicial review of the order or action of the hearing authority by common law writ of certiorari; and in such event the party seeking such judicial review shall pay for the transcription and provide the hearing authority with the original of the transcript so that it may be certified to the court.

C. The chairman may issue subpoenas requiring attendance and testimony of witnesses or the production of evidence, or both. A request for issuance of a subpoena shall be made by lodging with the chairman at least ten days prior to the scheduled hearing date a written request for a subpoena setting forth the name and address of the party to be subpoenaed, and identifying any evidence to be produced. Upon endorsement of a subpoena by the chairman, the same shall be delivered to the sheriff's office for service by any authorized officer of the metropolitan government. If the witness does not reside in the metropolitan area, the chairman shall issue a written request that the witness attend the hearing.

D. Upon agreement of all parties, the testimony of any person may be taken by deposition or written interrogatories. Unless otherwise agreed, the deposition shall be taken in a manner consistent with Rules 26 through 33 of the Tennessee Rules of Civil Procedure, with the chairman to rule on such matters as would require a ruling by the court under such rules.

E. The party at such hearing bearing the affirmative burden of proof shall first call his witnesses, to be followed by witnesses called by other parties, to be followed by any witnesses which the authority may desire to call. Rebuttal witnesses shall be called in the same order. The chairman shall rule on any evidentiary questions arising during such hearing and shall make such other rulings as shall be necessary or advisable to facilitate an orderly hearing subject to approval of the hearing authority. The hearing authority, the director, or

his representative, and all parties shall have the right to examine any witness. When sitting without an administrative law judge, the hearing authority shall not be bound by or limited to rules of evidence applicable to legal proceedings or the Uniform Administrative Procedures Act.

F. Any person aggrieved by any order or determination of the director may appeal such order or determination for review by the hearing authority. A written notice of appeal shall be filed with the director, and the notice shall set forth with particularity the action or inaction of the director complained of and the relief being sought by the person filing the appeal. A special meeting of the hearing authority may be called by the chairman upon the filing of such appeal, and the hearing authority may in its discretion suspend the operation of the order or determination of the director appealed from until such time as the authority has acted upon the appeal. However, actions and determinations of the director under the provisions of Sections 15.60.410 through 15.60.440 shall not be subject to review under this section.

G. Within ten days of filing of an appeal, any party may request that an administrative law judge be appointed to conduct the hearing together with the hearing authority pursuant to Tennessee Code Annotated Section 7-7-105. Any hearing conducted by an administrative law judge shall be heard pursuant to the contested case provisions of the Uniform Administrative Procedures Act, Tennessee Code Annotated Section 4-5-301, et seq.

H. The vice-chairman or the chairman pro tem shall possess all the authority delegated to the chairman by this section when acting in his absence or in his stead.

I. Any person aggrieved by any final order of the hearing authority hereunder may seek judicial review by common law writ of certiorari. (Ord. BL2010-678 § 2, 2010; Ord. 97-729 § 3 (part), 1997)

15.60.370 Violation—Public nuisance.

Discharge of wastewater in any manner in violation of this chapter or of any condition of a wastewater discharge permit is declared a public nuisance and shall be corrected or abated as provided in this chapter. (Ord. BL2010-678 § 2, 2010; Ord. 97-729 § 3 (part), 1997)

15.60.380 Violation—Notice.

Whenever the director determines or has reasonable cause to believe that a discharge of wastewater has occurred in violation of the provisions of this title, the user's wastewater discharge permit, or any other applicable law or regulation, he shall notify the user of such violation. Failure of the director to provide notice to the user shall not in any way relieve the user from any consequences of a wrongful or illegal discharge. (Ord. BL2010-678 § 2, 2010; Ord. 97-729 § 3 (part), 1997)

15.60.385 Significant noncompliance.

The director shall publish annually, in a newspaper of general circulation that provides meaningful public notice within the jurisdictions served by Metro Water Services, a list of the users which, at any time during the previous twelve (12) months, were in significant noncompliance with applicable pretreatment standards and requirements. The term significant noncompliance shall be applicable to all significant industrial users (or any other industrial user that violates paragraphs C., D. or H. of this section) and shall mean:

A. Chronic violations of wastewater discharge limits, defined here as those in which sixty-six percent (66%) or more of all the measurements taken for the same pollutant parameter taken during a six-month period exceed (by any magnitude) a numeric pretreatment standard or requirement, including instantaneous limits as defined in Metro Code of Laws Title §15.60.070;

B. Technical review criteria (TRC) violations, defined here as those in which thirty-three percent (33%) or more of wastewater measurements taken for each pollutant parameter during a six-month period equals or exceeds the product of the numeric pretreatment standard or requirement including instantaneous limits, as defined by Metro Code of Laws Title § 15.60.070 multiplied by the applicable criteria (1.4 for BOD, TSS, fats, oils and grease, and 1.2 for all other pollutants except pH);

C. Any other violation of a pretreatment standard or requirement as defined by Metro Code of Laws Title § 15.60.070 (Daily Maximum, long-term average, Instantaneous Limit, or narrative standard) that the director determines has caused, alone or in combination with other discharges. Interference or pass through, including endangering the health of POTW personnel or the general public;

D. Any discharge of a pollutant that has caused imminent endangerment to the public or to the environment, or has resulted in the director's exercise of its emergency authority to halt or prevent such a discharge;

E. Failure to meet, within ninety (90) days of the scheduled date, a compliance schedule milestone contained in an individual wastewater discharge permit, or a general permit, or enforcement order for starting construction, completing construction, or attaining final compliance;

F. Failure to provide within thirty (30) days after the due date, any required reports, including baseline monitoring reports, reports on compliance with categori-

cal pretreatment standard deadlines, periodic self-monitoring reports, and reports on compliance with compliance schedules;

G. Failure to accurately report noncompliance; or any other violation(s), which may include a violation of Best Management Practices, which the director determines will adversely affect the operation or implementation of the local pretreatment program. (Ord. BL2010-678 § 2, 2010)

15.60.390 Enforcement response manual.

The director shall promulgate an enforcement response manual that establishes the procedures to be followed by the department as it enforces the provisions of this chapter. Upon approval by the hearing authority, the enforcement response manual shall be filed with the metropolitan clerk. (Ord. BL2010-678 § 2, 2010; Ord. 97-729 § 3 (part), 1997)

15.60.400 Show-cause hearing before Metro wastewater hearing authority.

The director may issue a show-cause notice to any permit holder directing that he appear before the hearing authority at a specified date and time to show cause why the permit holder's wastewater discharge permit should not be modified, suspended or revoked for causing or suffering violation of this title, or other applicable law or regulation, or conditions in the wastewater discharge permit of the user. If the director seeks to modify the wastewater discharge permit to establish wastewater strength limitations or other control techniques to prevent future violations, he shall notify the permit holder of the general nature of the recommendations he shall make to the hearing authority. If the director seeks to suspend or revoke the wastewater discharge permit, he shall notify the permit holder of the nature of the violation for which revocation or suspension is sought with sufficient specificity as to the character of the violation and the dates at which such violation occurred to enable the permit holder to prepare his defense. Such notice shall be mailed to the permit holder by certified mail, return receipt requested, or shall be personally delivered to the permit holder at least twenty days prior to the scheduled hearing date. (Ord. BL2010-678 § 2, 2010; Ord. 97-729 § 3 (part), 1997)

15.60.410 Injunctive relief.

The director may in the name of the metropolitan government file in any court of competent jurisdiction a suit seeking the issuance of an injunction, damages or other appropriate relief to enforce the provisions of this title or other applicable law or regulation. Suit may be brought to recover any and all damages suffered by the metropolitan government as a result of any action or inaction of any person who causes or suffers damage to occur to the POTW or for any other expense, loss or damage of any kind or nature suffered by the metropolitan government. (Ord. BL2010-678 § 2, 2010; Ord. 97-729 § 3 (part), 1997)

15.60.420 Assessment of damage to user.

When a discharge of waste causes an obstruction, damage or any other impairment to the facilities, or any expense of whatever character or nature to the metropolitan government, the director shall assess the expenses incurred by the metropolitan government to clear the obstruction, repair damage to the facility, and any other expenses or damages incurred by the metropolitan government. The director shall file a claim with the user or any other person causing or suffering such damages to occur, seeking reimbursement for any and all expenses or damages suffered by the metropolitan government. If the claim is ignored or denied, the director shall notify the metropolitan attorney to take such measures as shall be appropriate to recover for any expenses or other damages suffered by the metropolitan government. (Ord. BL2010-678 § 2, 2010; Ord. 97-729 § 3 (part), 1997)

15.60.430 Applicability of state and federal regulations.

In addition to other remedies for enforcement provided in this article, the director may petition the state or the Environmental Protection Agency, as appropriate, to exercise such methods or remedies as shall be available to such government entities to seek criminal or civil penalties, injunctive relief, or such other remedies as may be provided by applicable federal or state laws to ensure compliance by users of applicable pretreatment standards, to prevent the introduction of toxic pollutants or other regulated pollutants into the POTW, or to prevent such other water pollution as may be regulated by state or federal law. (Ord. BL2010-678 § 2, 2010; Ord. 97-729 § 3 (part), 1997)

15.60.440 Emergency termination of service.

In the event of an actual or threatened discharge to the POTW of any pollutant which in the opinion of the director presents or may present an imminent and substantial endangerment to the health or welfare of persons or the environment, or cause interference with the POTW, the director, or in his absence the person then in charge of the treatment works, shall immediately notify the Emergency Response Office of the nature of the emergency. The director shall also attempt to notify the industrial user or other person causing the emergency and request their assistance in abating same. Following

consultation with the aforementioned officials of the metropolitan government, or in their absence such elected officials of the metropolitan government as may be available, the director shall temporarily terminate the service of such user or users as are necessary to abate the condition when such action appears reasonably necessary. Such service shall be restored by the director as soon as the emergency situation has been abated or corrected. (Ord. BL2010-678 § 2, 2010; Ord. 97-729 § 3 (part), 1997)

15.60.450 Punitive action—Confirmation of authority required—Exceptions.

The director shall report to the hearing authority his intent to institute any action under the provisions of Sections 15.60.410 and 15.60.430 and seek the advice of the authority in regard thereto, unless he shall determine that immediate action is advisable. (Ord. BL2010-678 § 2, 2010; Ord. 97-729 § 3 (part), 1997)

15.60.460 Violation—Penalty.

Any person who violates any provision of this chapter including but not limited to the following violations:

A. Violates an effluent standard or limitation;

B. Violates the terms or conditions of a wastewater discharge permit;

C. Fails to complete a filing or reporting requirement;

D. Fails to perform or properly report any required monitoring;

E. Violates a final order or determination of the hearing authority or the director; or

F. Fails to pay any established sewer service charge or industrial cost recovery charge;

shall be assessed a civil penalty in an amount not to exceed the sum of ten thousand dollars per day for each day of violation. (Ord. BL2010-678 § 2, 2010; Ord. 97-729 § 3 (part), 1997)

15.60.465 Right of entry.

Under 40 CFR 403.8(A)(6)(v), pretreatment shall have the right to carry out all inspections, surveillance and monitoring procedures necessary to determine, independent of information supplied by industrial users, compliance or noncompliance with applicable pretreatment standards and requirements by industrial users. Representatives of the POTW shall be authorized to enter any premises of any industrial user in which a discharge source or treatment system is located or in which records are required to be kept under Section 403.12(o) to assure compliance with pretreatment standards. Such authority shall be at least as extensive as the authority provided under Section 308 of the Act;

Pretreatment requirements which will be enforced through the remedies set forth in paragraph 40 CFR 403.8(f)(1)(vi)(A) of this section, will include but not be limited to, the duty to allow or carry out inspections, entry, or monitoring activities; any rules, regulations, or orders issued by the POTW; any requirements set forth in control mechanisms issued by the POTW; or any reporting requirements imposed by the POTW or these regulations in this part. The POTW shall have authority and procedures (after informal notice to the discharger) immediately and effectively to halt or prevent any discharge of pollutants to the POTW which reasonably appears to present an imminent endangerment to the health or welfare of persons. The POTW shall also have authority and procedures (which shall include notice to the affected industrial users and an opportunity to respond) to halt or prevent any discharge to the POTW which presents or may present an endangerment to the environment or which threatens to interfere with the operation of the POTW. (Ord. BL2010-678 § 2, 2010)

Article IV. Charges

15.60.470 Grease collection device inspection charge.

The department shall bill and collect a charge of one hundred twenty dollars from the customer for performing an annual inspection of each grease collection device maintained by a food service establishment that is a customer of the department. For purposes of this subsection, a food service establishment is any place of business that prepares, cooks, heats or reheats food for sale to retail or wholesale customers on or off the business premises. (Ord. BL2007-1457 § 13, 2007)

15.60.480 Plan and permit review—Schedule of charges.

Notwithstanding any other provision of the Metropolitan Code of Laws, the department shall develop a schedule of charges for services provided in reviewing and administering permit applications for businesses covered by this chapter. The schedule of charges shall reflect the department's actual costs incurred in providing such services. A copy of the schedule of charges shall be filed with the metropolitan clerk, furnished to each member of the metropolitan council and made available on request to any citizen of Davidson County. The department shall bill and collect in accordance with the schedule of charges, which may be amended from time to time to reflect changes in the department's actual costs of providing the services contemplated herein. (Ord. BL2007-1457 § 14, 2007)

Chapter 15.64

STORMWATER MANAGEMENT

Sections:

15.64.010 Definitions.
15.64.015 Stormwater division.
15.64.020 Director of the department of water and sewerage services—Authority.

15.64.090 Stormwater management commission—Voting regulations.
15.64.100 Appeal and variance request procedure.
15.64.105 Public notice requirements.
15.64.110 Issuance of building and occupancy permits—Approval by director of the department of water and sewerage services.
15.64.120 Construction that may increase degree of flooding prohibited.
15.64.130 Review of building permits—Drainage control referrals—Exemptions.
15.64.131 Infill development—Applicability and requirements.
15.64.140 Property developments—Drainage and erosion control plans required when.
15.64.150 Application of Tennessee Water Quality Control Act and Federal Water Pollution Control Act.
15.64.160 Applicability of floodplain regulations.
15.64.170 Development within floodways—Restrictions.
15.64.175 Residential development along the Cumberland River.
15.64.180 Alterations of floodplains and drainage channels—Requirements.
15.64.190 Responsibility for off-site drainage improvements.
15.64.195 Reserved.
15.64.200 Floodproofing measures.
15.64.205 Non-stormwater discharges.
15.64.210 Liability limitation.
15.64.215 Stormwater plan and permit review charge.
15.64.220 Violations—Penalties.
15.64.225 [Enforcement of county-wide emergency health orders.]
15.64.230 Notification to property owners upon amendments to flood maps.

15.64.010 Definitions.

As used in this chapter, the following words and terms shall have the meanings ascribed herein:

"Base flood" means the flood having a one percent chance of being equaled or exceeded in any given year. This is the regulatory standard also referred to as the "100-year flood."

"Base flood elevation" means the computed elevation to which floodwater is anticipated to rise during the base flood. Base flood elevations (BFEs) are shown on Flood Insurance Rate Maps (FIRMs) and on the flood profiles.

"Channel" means a natural or artificial watercourse of perceptible extent, with definite bed and banks to confine and conduct continuously or periodically flowing water. Channel flow thus is that water which is flowing within the limits of the defined channel.

"Community waters" means any and all rivers, streams, creeks, branches, lakes, reservoirs, ponds, springs, wetlands, and other bodies of surface or subsurface water, natural or artificial, lying within or forming a part of the boundaries of the Metropolitan Government of Nashville and Davidson County.

"Contaminant" means any physical, chemical, biological or radiological substance or matter.

"Department" means the Metropolitan Government of Nashville and Davidson County's Department of Water and Sewerage Services.

"Director" means the Director of the Metropolitan Government of Nashville and Davidson County's Department of Water and Sewerage Services, or his designee.

"Discharge" means any substance disposed, deposited, spilled, poured, injected, seeped, dumped, leaked, or placed by any means, intentionally or unintentionally, into community waters, the waters of the state, or any area draining directly or indirectly into the municipal stormwater system of the metropolitan government.

"Drainage basin" means a part of the surface of the earth that is occupied by and provides surface water runoff into a drainage system which consists of a surface stream or a body of impounded surface water together with all tributary surface streams and bodies of impounded surface water.

"Erosion" means the disintegration or wearing away of the earth's surface by the action of wind and water.

"Flood" means water from a river, stream, watercourse, lake or other body of standing water that temporarily overflows and inundates adjacent lands and which may affect other lands and activities through increased surface water levels, and/or increased ground water level.

"Floodplain" means the relatively flat or lowland area adjoining a river, stream, watercourse, lake, or other body of standing water which has been or may be covered temporarily by flood water. For administrative purposes, the "floodplain" is defined as the 100-year floodplain, which is the area predicted to be inundated by the base flood.

"Floodproofing" means a combination of structural provisions, changes, or adjustments to properties and structures subject to flooding primarily for the reduction or elimination of flood damages to properties, water and sanitary facilities, structures, and contents of buildings in a flood hazard area.

"Flood protection elevation" means at least four feet above the base flood elevation for residential construction and at least one foot above the base flood elevation for non-residential construction.

"Floodway" means that portion of the stream channel and adjacent floodplain required for the passage or conveyance of a 100-year flood discharge. The floodway boundaries are placed to limit encroachment in the floodplain so that a 100-year flood discharge can be conveyed through the floodplain without increasing the water surface elevation by more than a foot at any point and without producing hazardous velocities or conditions. This is the area of significant depths and velocities, and due consideration should be given to effects of fill, loss of cross-sectional flow area, and resulting increased water surface elevations.

"Floodway fringe" means that portion of the floodplain lying outside the floodway. This is the area of the floodplain that may be developed or encroached upon as long as the water surface elevation of the 100-year flood is not increased.

"Green infrastructure" means an approach to wet weather management that is cost-effective, sustainable, and environmentally friendly, which incorporates management approaches and technologies that infiltrate, evapotranspire, capture and reuse stormwater to maintain or restore natural hydrologies. Green infrastructure practices include, but are not limited to open space, rain gardens, porous pavements, green roofs, infiltration planters, trees and tree boxes, swales, and curb extensions.

"Green street" means a public right-of-way that utilizes green infrastructure to manage wet weather flows and enhance water quality.

"Human occupancy" means any portion of any enclosed structure wherein humans principally live or sleep, such as mobile homes, permanent residential activities, semi-transient residential activities, health care community facilities, nursing home community facilities, orphanages, family care facilities, group care facilities, or transient habitation.

"Impervious area" means the portion of a parcel of property that is covered by any material, including without limitation roofs, streets, sidewalks and parking lots paved with asphalt, concrete, compacted sand, compacted gravel or clay, that substantially reduces or prevents the infiltration of storm water. Impervious area shall not include natural undisturbed surface rock.

"Infill (regulated residential)" means the creation of eight hundred to fifteen thousand square feet of additional net impervious area (IA) for a residential dwelling(s) and any associated improvements on the property through new development, redevelopment, or rehabilitation in existing neighborhoods.

"Lot" means a tract, plot or portion of a subdivision parcel of land intended as a unit for the purpose, whether immediate or future, for transfer of ownership or for building development.

"Metropolitan government" means the Metropolitan Government of Nashville and Davidson County.

"Municipal separate storm sewer system of the metropolitan government" means a conveyance, or system of conveyances (including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels, and storm drains) designed or used for collecting or conveying stormwater; provided, however, that sanitary and combined sewers are not included in the definition of the municipal separate storm sewer system.

"Non-stormwater discharge" means any discharge to the municipal separate storm sewer system except as permitted by subsection 15.64.205(C) of this section.

"One-hundred-year flood" is one that has an average frequency of occurrence of once in one hundred years, determined from an analysis of floods on a particular watercourse and other watercourses in the same general region. Statistically, it has a one percent chance of occurring in any given year.

"Public system" shall mean and include storm water and flood control devices, structures, conveyances, facilities or systems, including natural watercourses, streams, creeks and rivers used wholly or partly to convey or control storm water or flood water within the jurisdictional boundaries of the metropolitan government. The public system shall include, without limitation, natural conveyances (a) for which the metropolitan government has assumed maintenance responsibility; (b) to which the metropolitan government has made improvements; (c) which have or may pose a threat to public property because of flooding; or (d) for which the metropolitan government is accountable under federal or state regulations governing protection of water quality.

"Qualified control structure" shall mean a device, structure, or practice meeting design standards and approved by the department that substantially limits the discharge and / or discharge rate of storm water from a parcel of property into or through any public system or that substantially improves the purity of storm water so discharged.

"Stormwater" shall mean stormwater run-off, snow melt run-off, surface run-off, street wash waters related to street cleaning and maintenance, infiltration other than infiltration contaminated by seepage from sanitary sewers or other discharges and drainage.

"Structure" means anything constructed or erected, the use of which requires a more or less permanent location on or in the ground. Such construction includes but is not limited to objects such as buildings, towers, smokestacks, overhead transmission lines, carports and walls. Structure shall not include fences.

"Structure, permanent" means a structure which is built of such materials and in such a way that it would commonly be expected to last and remain useful for a substantial period of time.

"Structure, temporary" means a structure which is built of such materials and in such a way that it would commonly be expected to have a relatively short useful life, or is built for a purpose that would commonly be expected to be relatively short-term.

"User" shall mean the owner of record of a non-exempt residential or non-residential property or the person or entity in possession if other than the owner.

"Watercourse" means a channel, natural depression, slough, gulch, stream, creek, pond, reservoir, or lake in which storm runoff and flood water flows either regularly or infrequently. This includes major drainageways for carrying urban storm runoff.

"Waters of the state" means any and all water, public or private, on or beneath the surface of the ground, which are contained within, flow through or border upon Tennessee or any portion thereof except those bodies of water confined to and retained within the limits of private property in single ownership which do not combine to effect a junction with natural surface or underground waters. (Amdt. 1 to Ord. BL2025-897 § 2, 2025; Ord. BL2025-897 §§ 1, 2, 2025; Ord. BL2016-513 § 1, 2017; Ord. BL2014-910 § 1, 2014; Ord. BL2011-940 § 2, 2011; Ord. BL2009-407 § 10, 2009; Ord. BL2008-345 § 1, 2009; Ord. BL2007-1440 § 1, 2007; prior code § 40-1-226)

15.64.015 Stormwater division.

There is hereby created a stormwater division within the metropolitan department of water and sewerage services ("MWS"), which in coordination with the department of public works, the metropolitan finance director, the metropolitan department of codes administration and the metropolitan planning commission, shall have the responsibility for compliance with the Clean Water Act of 1977, as amended and the National Pollution Discharge Elimination System permit (NPDES) and applicable regulations for stormwater discharges; developing stormwater management plans; identifying capital requirements and developing necessary financing for maintenance and rehabilitation of existing and new stormwater facilities; collecting fees and charges for the division; educating the public on the importance of stormwater management and pollution control; developing written regulations and technical guidelines as may be necessary to enforce the terms of this chapter; and other related duties as required by the director ("director") of MWS.

MWS shall be responsible for plan approval and construction inspection of both private stormwater facilities and public stormwater facilities. Additionally, MWS may accept the responsibility for the operation and maintenance of private stormwater facilities only pursuant to criteria defined and adopted by the stormwater management commission and upon a written agreement approved by the metropolitan council. (Ord. BL2023-1888 § 1, 2023; Ord. BL2016-513 § 2, 2017; Ord. BL2009-407 § 11, 2009; Ord. BL2007-1440 § 2, 2007)

15.64.020 Director of the department of water and sewerage services—Authority.

A. The director of the department of water and sewerage services, with the approval of the mayor, shall establish written regulations and technical guidelines as

may be necessary to enforce the terms of this chapter. These regulations shall be filed in the metropolitan clerk's office.

B. Reserved.

C. The director of the department of water and sewerage services shall have the authority to inspect private drainage systems within the county, and to order such corrective actions to said private drainage systems as are necessary to maintain properly the major and minor drainage systems within the county. (Ord. BL2016-513 § 3, 2017; Ord. BL2009-407 § 12, 2009; prior code § 40-1-227)

15.64.030 Reserved.

Editor's note—Ord. BL2016-513, § 4, passed April 4, 2017, repealed § 15.64.030, which pertained to director of codes administration—Authority and derived from prior code § 40-1-228.

15.64.031 Reserved.

Editor's note—Ord. BL2009-407, § 13, passed March 17, 2009, repealed § 15.64.031, which pertained to funding and derived from Ord. BL2007-1440 § 3, 2007.

15.64.032 Stormwater fees.

A. Storm Water Utility and User Fee Established. There is established a storm water utility and a system of storm water user fees for each parcel of property in Davidson County. The fees shall be used by the metropolitan government, acting through the department, exclusively for operation and management of the storm water utility and such storm water and flood control purposes as authorized in Tenn. Code Ann. § 68-221-1101, et seq. The fees shall be owed jointly and severally by the property owner of record and the person or entity in possession of such property in the amounts shown in Table 15.64.032. For each property having multiple dwelling or commercial units and more than one water meter, the director shall fairly allocate the storm water user fees owed among users based on their actual or estimated proportionate contribution to the storm water discharged by that property.

*B. Exemptions. The following properties shall be exempt from payment of the fees created by this section:

1. Owners and/or operators of agricultural land (see T.C.A. § 1-3-105(2)(A)(i) and T.C.A. § 68-221-1102(1)), in the municipality, upon which the owner or operator conducts activities that enable the owner or operator to satisfy the requirements of a qualified farmer or nurseryman (as defined by T.C.A. § 67-6-207(e)). The specific criteria for exemption of agricultural properties applies to parcels which are actively engaged in the commercial production of agricultural commodities (defined by T.C.A. § 67-6-301(c)(2)).

2. Properties from which no storm water is discharged into or through the public system.

3. Properties having no impervious area.

4. Properties wholly within the corporate boundaries of Belle Meade, Berry Hill, Forest Hills, Goodlettsville, and Oak Hill. Provided, however, that each such city may, upon approval of its legislative body, enter into the contract attached as Exhibit A to this ordinance, such that all property within its boundaries will participate in the metropolitan government's storm water utility and system of storm water user fees in the same manner as the remainder of the area within the General Services District. Such contract between any of the above cities and the metropolitan government shall be filed with the metropolitan clerk upon being executed.

C. Adjustments.

1. Properties on which a properly functioning qualified control structure has been installed shall be entitled to a downward adjustment in the fees established by this section in proportion to the improvement achieved by the qualified control structure in the purity of storm water discharged to the public system or the reduction achieved by the qualified control structure in rate or quantity of storm water discharged to the public system or both.

2. A downward adjustment of not more than fifty percent in the fees established by this section shall be available to any entity exempt from taxation under state or federal law that provides to its students or members a regular and continuing program of education approved by the director and concentrating on stewardship of water resources and minimization of demand on the public system.

3. The director shall develop regulations governing the fair and reasonable application of adjustments for properties entitled to one or more adjustment under the terms of this subsection. Prior to the adoption of such regulations governing adjustments in the fees, the regulations shall be published and public comment thereon received and considered. Further, such regulations shall be approved by the stormwater management commission before becoming effective.

D. Application. Adjustments created under this subsection shall be granted by the director upon written application by the user of any qualifying property and submission of such supporting documentation as the director may reasonably require. The director may, upon not less than thirty written days' notice, revoke a previously granted adjustment or cease to recognize an exemption upon his determination that the affected parcel of property does not qualify for the adjustment or exemption.

E. Appeals.

1. Appeals relating to exemptions shall be taken to the stormwater management commission within sixty days after the department issues a bill for storm water fees indicating that an applicable exemption has not been recognized.

2. An appeal from any decision made by the director under this section, including a decision relating to an adjustment or allocation among users of a single property, shall be taken to the stormwater management commission within sixty days after issuance of the decision.

3. Users shall be entitled to appeal the department's calculation regarding the amount of the user's impervious area to the stormwater management commission. In the event the stormwater management commission approves a reduction in the amount of billable impervious area, such user's storm water fee shall be adjusted accordingly on a prospective basis. Users shall not be entitled to a refund or credit of storm water fees paid prior to said appeal.

F. Collection. The director shall bill the fees established by this section to users who are retail customers of the department on their regular monthly water or sewer bills. The fees shall be shown as a separately identified line item. The director shall directly and at least semi-annually bill the fees created by this section to users not receiving water or sewer service from the department or shall contract for the inclusion of such fees on bills issued to the customers of other utilities operating in Davidson County, such contracts to be approved by resolution of the metropolitan council.

G. Remedies. In addition to any other remedy available to the metropolitan government under law or contract, the department shall discontinue water service to the property of any user who fails to pay the fees established by this section in accordance with the procedures regularly used by the department when customers fail to pay bills for water or sewer service. Fees established under this section shall constitute a lien against the property served, which lien shall run with the land. The metropolitan government may enforce the lien as prescribed by law.

H. Regulations. The director shall promulgate regulations to facilitate administration of this section. Prior to adoption, such regulations shall be published and public comment thereon received and considered. The regulations further shall be approved by the stormwater management commission before becoming effective. Any material change in the regulations shall be made in accordance with the same process.

I. Review of impervious area. The department shall review all user properties at least every five years to ensure such users are being billed for the correct amount of impervious area. Upon completion of the periodic review, if a user's amount of impervious area has changed, the department shall adjust such user's storm water fee accordingly to reflect the updated amount of impervious area.

Table 15.64.032
GRADUATED STORM WATER USER FEE SCHEDULE

All with less than 400 square feet of Impervious Area $0.00 Monthly Fee

Residential Properties	**Impervious Surface Area (Square Feet)**	**Monthly Fee**
Tier 1	400—2,000	$1.50
Tier 2	2,001—6,000	$6.00
Tier 3	more than 6,000	$11.00
Condominium (per unit)		$3.00
Non-Residential Properties	**Impervious Surface Area (Square Feet)**	**Monthly Fee**
Tier 1	400—6,000	$10.00
Tier 2	6001—12,800	$30.00
Tier 3	12,801—25,600	$70.00
Tier 4	25,601—51,200	$150.00
Tier 5	51,201—300,000	$300.00
Tier 6	300,001—1,000,000	$650.00
Tier 7	more than 1,000,000	$1,300.00
Condominium (per unit)		$10.00

(Ord. BL2023-1888 §§ 2—6, 2023; Ord. BL2017-908 § 1, 2017; Ord. BL2017-588 § 1, 2017; Ord. BL2016-513 §§ 5—10, 2017; Ord. BL2009-407 §§ 8, 9, 2009; Amdt. 1 to Ord. BL2007-1440 § 4, 2007; Ord. BL2007-1440 § 4, 2007)

Editor's note—Exhibit A to Ord. BL2009-407 is not set out herein, but is on file and available for inspection in the metropolitan clerk's office.

State Law Reference—The Tennessee legislature, in Public Chapter 1143, provided a new standard related to agricultural exemptions for the stormwater fee. Refer to T.C.A. 68-221-107, based on Public Chapter 1143.

15.64.033 Reserved.

Editor's note—Ord. BL2009-407, § 13, passed March 17, 2009, repealed § 15.64.033, which pertained to collection of fees and derived from Ord. BL2007-1440 § 5, 2007.

15.64.034 Reports of stormwater division.

The director of MWS shall submit an annual written report to the metro council, and shall personally appear annually before a joint meeting of the council public

works and budget and finance committees on the stormwater management program. Such report shall contain, at a minimum:

1. A list of properties that are exempt from the stormwater fees or have been granted adjustments under Section 15.64.032. The report shall identify each property by street address and owner name, and shall state the adjustment amount granted or the basis for considering the property exempt.

2. A list of all stormwater projects completed within the previous year for each council district broken down by priority category.

3. The status of the stormwater management program in metro.

4. The fee structure imposed to fund the implementation of the stormwater program and the adequacy of funds to implement the program.

5. Any long-range plans which have been developed to implement the provisions of this chapter.

6. The status of any projects to control stormwater run-off.

7. Any other information deemed relevant by the director or upon request of the public works or budget and finance committees of the metropolitan council. (Ord. BL2016-513 § 11, 2017; Ord. BL2007-1440 § 6, 2007)

15.64.035 Reserved.

Editor's note—Ord. BL2025-824, § 1, adopted June 3, 2025, repealed § 15.64.035, which pertained to stormwater capacity fee and derived from Ord. BL2023-1690 § 1, 2023; Amdts. 1 and 2 to Ord. BL2023-1690 § 1, 2023; Ord. BL2024-153 §§ 1, 2, 2024.

15.64.040 Stormwater management commission—Created.

A. There is created a metropolitan stormwater management commission which shall consist of seven members who must be residents of Metropolitan Nashville and Davidson County.

B. The membership of the commission shall be as follows:

1. Four members who shall be registered professional engineers in the State of Tennessee with expertise in civil engineering, hydraulics, hydrology, and/or environmental sciences. At least one such member shall be a civil or environmental engineer, preferably from the non-profit or academic sector.

2. Three members as follows: One licensed landscape architect or urban forester elected from nominations submitted by the Tennessee Chapter of the American Society of Landscape Architects and Tennessee Forestry Association; one licensed or retired attorney whose practice focuses on or has had significant practice experience in water, stormwater, or environmental law elected from a nomination submitted by the mayor's office; and one member serving as representative of a local environmental organization, elected from nominations submitted by the Metropolitan Department of Water and Sewerage Services

C. The four members who are registered professional engineers shall be appointed by the mayor and confirmed by a majority vote of the whole metropolitan council. The three members nominated in the manner listed in subsection B.2 above shall be elected by a majority vote of the whole membership of the metropolitan council.

D. All members shall have been residents of the metropolitan government area for not less than one year and shall continue to be so eligible as long as they shall serve.

E. Appointed members of the commission shall serve a term of four years. The terms of office of the first appointed members shall be staggered, two for a term of two years, two for a term of three years, and two for a term of four years. (Amdt. 1 to Ord. BL2025-771 § 1, 2025; Ord. BL2025-771 § 1, 2025; Ord. BL2023-1888 §§ 7, 8, 2023; Ord. BL2022-1528 § 11, 2023; Ord. BL2012-127 § 1, 2012; Ord. 89-1017 § 1, 1990; prior code § 40-1-229(a))

Editor's note—Ord. No. BL2012-127, § 4, states that all current members shall remain in office and all current alternate members shall be converted to full members.

15.64.050 Stormwater management commission—Organization.

Within ten days after its appointment, the stormwater management commission shall organize itself by election of one of its members as chairman and another as vice-chairman, who shall serve for a period of one year or until their successor shall have been chosen. The director of the department of water and sewerage services shall appoint the secretary to the commission who shall be the custodian of the minutes and records of the proceeding of the commission. The director of law shall appoint a legal advisor to the commission. (Ord. BL2025-771 § 2, 2025; Ord. BL2023-1888 §§ 9, 10, 2023; Ord. BL2012-127 § 2, 2012; Ord. BL2007-1440 § 7, 2007; prior code § 40-1-229(b))

15.64.060 Stormwater management commission—Compensation.

All appointed members of the commission shall serve without compensation and may be removed from membership on the commission by the mayor for continued absence from meetings of the commission, physical

disability, or other just cause. (Ord. BL2025-771 § 3, 2025; Ord. BL2023-1888 § 11, 2023; prior code § 40-1-229(c))

15.64.070 Stormwater management commission—Replacement of members.

Replacement of any appointed member of the commission resigning or dismissed from the commission shall be appointed in the same manner as prescribed for regular appointees. Any member appointed as a replacement shall serve only for the remainder of the term of the replaced member, unless subsequently reappointed for an additional term. (Ord. BL2025-771 § 4, 2025; Ord. BL2023-1888 § 12, 2023; Ord. BL2022-1528 § 12, 2023; prior code § 40-1-229(d))

15.64.080 Stormwater management commission—Regulations—Meetings—Duties.

The stormwater management commission shall adopt such rules and regulations as it may deem necessary to conduct its business. The commission, in open meeting, shall hear all appeals, variance requests, and other relevant issues under the provisions of this chapter. The commission shall meet at regular monthly intervals with the day and time to be determined by the chairman. In the event no appeals have been filed and there is no business pending, the chairman may cancel the meeting ten days before its scheduled date. (Ord. BL2025-771 § 5, 2025; Ord. BL2023-1888 §§ 13, 14, 2023; Ord. BL2016-513 § 12, 2017; prior code § 40-1-229(e))

15.64.090 Stormwater management commission—Voting regulations.

Four members of the stormwater management commission shall constitute a quorum. A majority vote of members present shall be required for actions by the commission. In the event that a quorum is not present, an application shall be readvertised for the next regular meeting. No member of the commission shall act in any case in which he has a personal interest. (Ord. BL2025-771 § 6, 2025; Ord. BL2023-1888 §§ 15, 16, 2023; Ord. BL2012-127 § 3, 2012; prior code § 40-1-229(f))

15.64.100 Appeal and variance request procedure.

A. 1. Whenever the director of the department of water and sewerage services shall uphold enforcement taken by the department for violations of this chapter or the regulations established in the Metropolitan Government of Nashville and Davidson County Stormwater Management Manual, Volume 1 - Regulations, the owner or authorized agent may appeal the decision of the director to the stormwater management commission. All appeals must be filed within thirty days after an adverse decision by the director of the department of water and sewerage. A filing fee in the amount established pursuant to Section 15.64.215 shall be charged to each applicant payable to metro water services.

2. Whenever the director of the department of water and sewerage services shall reject or refuse to approve a plan for noncompliance with this chapter or the regulations established in the Metropolitan Government of Nashville and Davidson County Stormwater Management Manual, Volume 1 - Regulations, the owner or authorized agent may appeal the decision of the director to the stormwater management commission. All appeals must be filed within thirty days after an adverse decision by the director of the department of water and sewerage services. A filing fee in the amount established pursuant to Section 15.64.215 shall be charged to each applicant payable to metro water services.

3. An applicant may request a variance from the regulations established in the Metropolitan Government of Nashville and Davidson County Stormwater Management Manual, Volume 1 - Regulations, by submitting a completed application to appear before the commission. A filing fee in the amount established pursuant to Section 15.64.215 shall be charged to each applicant payable to metro water services.

B. Any action taken by the commission shall be by motion which shall state the reasons therefore with particularity. All the decisions of the commission shall be by resolution, must be in writing, and must indicate the vote of each member of the commission upon the decision, and shall specify in what manner such variation or modifications shall be made, the conditions upon which they are to be made, and the reasons therefore.

C. Unless otherwise stated, every decision of the commission shall be final; subject however, to such remedy as any aggrieved party or the metropolitan government may have at law or in equity. Every decision shall be promptly entered into the minutes of the meeting of the commission by the secretary and filed with metro water services. The records of the commission shall be open to public inspection, and a copy of each decision shall be sent by mail or otherwise to each appellant.

D. The commission shall, in every case, render a decision without unreasonable or unnecessary delay. (Ord. BL2025-771 § 7, 2025; Ord. BL2023-1888 §§ 17, 18, 2023; Ord. BL2016-513 § 13, 2017; Ord. BL2007-1440 § 8, 2007; Ord. BL2001-642 § 1, 2001; prior code § 40-1-229(g))

15.64.105 Public notice requirements.

A. No action shall be taken by the stormwater management commission on any variance requests unless, at least ten days prior to consideration of the variance by the commission, the applicant for the variance provides written notice by U.S. Mail of the date, time, and place of the commission meeting to all property owners within one thousand feet of the subject property. The applicant shall be responsible for the costs associated with the preparation and mailing of such written notices.

B. In addition to the written notice required in subsection A. of this section, public notice signs shall be posted in accordance with the following provisions on any property subject to stormwater management commission consideration of a variance:

1. Public notice signs shall be installed by the applicant seeking the variance.

2. Public notice signs shall be installed on the property that is the subject of the variance no less than ten days prior to the meeting at which the stormwater management commission is to consider the variance.

3. One sign shall be posted along each three hundred feet of public street frontage. Whenever practical, signs shall be located within ten feet of a public street right-of-way and positioned in a manner to best inform the motoring public without creating a safety hazard.

4. All public notice signs shall be of adequate size and design to be clearly visible and legible to the motoring public. At a minimum, a public notice sign shall specify the time, date, and location of the scheduled public stormwater management commission meeting, the general nature of the variance request, and a phone number for additional information. (Ord. BL2025-771 § 8, 2025; Ord. BL2023-1888 §§ 19—22, 2023; Amdt. 1 to Ord. BL2020-424 § 1, 2020; Ord. BL2020-424 § 1, 2020)

15.64.110 Issuance of building and occupancy permits—Approval by director of the department of water and sewerage services.

A. Prior to the issuance of a use and occupancy permit for any structure within a development, unless exempted by Section 15.64.130, in which the drainage system is to be dedicated to the metropolitan government, the drainage system shall be inspected and accepted by director of the department of water and sewerage services personnel.

B. Prior to the issuance of a use and occupancy permit for any structure in a development, unless exempted by Section 15.64.130, where the drainage system is to remain private, a registered engineer shall submit to the director of the department of water and sewerage services a certificate that the drainage system is complete and functional in accordance with the plans approved by the director of the department of water and sewerage services.

C. No building permit, except for structures exempted in Section 15.64.130, shall be issued until grading, drainage and erosion control plans are approved by the director of the department of water and sewerage services or his designee, and the grading permit is issued.

D. Grading permits for certain projects, as described herein, shall be valid only for a period of eighteen months from the date of issuance. This limitation shall apply to project sites meeting each of the following criteria:

i. No contemporary building permit or use and occupancy permit has been issued or requested for the project site property;

ii. The project site is located upon a local street, minor local street, or arterial or collector street consisting of two lanes or less, according to the Major and Collector Street Plan;

iii. The project site is on a lot adjacent to a residential zone district or a district permitting residential use; and

iv. The project site is not owned by the Metropolitan Government of Nashville and Davidson County, the Metropolitan Nashville Airport Authority, the Nashville Electric Service, the Metropolitan Transit Authority, or the Metropolitan Development and Housing Authority.

Upon expiration of grading permits for properties meeting the criteria set forth in this subsection, such permits may be renewed only upon the adoption of a resolution, after a public hearing, by the metropolitan council receiving twenty-one affirmative votes to approve the permit renewal. Subject to the approval of the department of water and sewerage services, permits approved for renewal may be re-issued for an additional eighteen months without an additional application and review process.

As a condition of the issuance of grading permits subject to this section, the expiration or non-renewal thereof shall require the previously permitted operator to satisfy any closure requirements deemed necessary by the department of water and sewerage services for purposes of ensuring site stabilization and site stormwater management functionality, including installation of stormwater infrastructure and/or stormwater control measures, within a reasonable period of time.

E. Any nonpermitted drainage system or construction or fill located within a floodplain, shall upon written notice from the director of the department of water and sewerage services, be removed at the property owner's expense.

F. Metro water services may withhold approvals and grading permit issuance from any person, partnership, limited partnership, joint venture, corporation or any other type of business entity or related entity who has another grading permit project or building permit that is currently in violation of stormwater regulations. For purposes of this section, partnerships, limited partnerships, joint ventures, corporations or other type of business entities owned or operated by common person(s) or having common person(s) involved in the day-to-day operation of the business will be viewed as a related entity unless a significant change of control can be evidenced. (Amdt. 1 to Ord. BL2019-1475 § 1, 2019; Ord. BL2019-1475 § 1, 2019; Ord. BL2016-513 §§ 14, 15, 2017; Ord. BL2007-1440 § 9, 2007; prior code § 40-1-232)

15.64.120 Construction that may increase degree of flooding prohibited.

All construction, whether by private or public action, shall be performed in such a manner as to:

A. have no material increase in the degree of flooding in its vicinity or in other areas whether by flow restrictions, increased runoff or by diminishing retention capacity;

B. have no adverse impact for site design including, but not limited to, no rise in the 100-year base flood elevations on any project or development located in a documented floodplain as a result of development;

C. meet such other requirements as may be determined by the department of water and sewerage services.

The department of water and sewerage services shall promulgate regulations consistent with this section. (Subst. Ord. BL2010-794 § 1, 2010; prior code § 40-1-230(a))

15.64.130 Review of building permits—Drainage control referrals—Exemptions.

The department of water and sewerage services shall have authority to review all building permit applications which shall be referred to it by the department of codes administration or by officials of the satellite cities within the general services district to determine whether there is a need for plans for drainage, grading and/or erosion control. In making permit referrals to the department of water and sewerage services, the department of codes administration shall exempt permits for the following:

A. Individual residential dwellings in any given area that do not alter a drainage channel, do not alter the natural ground elevation or vegetation by an amount greater than specified in the technical guidelines to be issued by the metropolitan department of water and sewerage services, or do not meet the definition of regulated residential infill;

B. Commercial or industrial development that:

1. Disturbs less than ten thousand square feet,

2. Does not alter a drainage channel, and

3. Does not alter the natural ground elevation by more than five feet.

C. The exemptions listed in subsections A and B shall not be construed as exempting these activities from on-site drainage improvements that may be required in accordance with adopted building and construction codes, nor from compliance with Sections 15.64.150 through 15.64.180 and Sections 15.64.200 and 15.64.210. (Ord. BL2025-897 § 3, 2025; Ord. BL2016-513 § 16, 2017; Ord. BL2014-910 § 2, 2014; Ord. BL2007-1440 § 10, 2007; prior code § 40-1-230(b))

15.64.131 Infill development—Applicability and requirements.

A. No project shall add impervious area without meeting the requirements of this section, unless otherwise specifically exempt from regulation pursuant to this section.

B. There shall be three tiers of infill development for projects that are subject to infill regulation by this section:

1. Tier I - Projects creating between eight hundred and two thousand five hundred square feet of net additional IA and with the total lot IA exceeding 30.0% must treat, by means of capture of the first inch of rainfall runoff, an IA equal to the net increase of IA.

2. Tier II - Projects creating between two thousand five hundred and eight thousand square feet of net additional IA, without regard to total lot IA percent must treat, by means of capture of the first inch of rainfall runoff, an IA equal to the net increase of IA.

3. Tier III - Projects creating between eight thousand and fifteen thousand square feet of net added IA, without regard to total lot IA percent, must treat, by means of capture of the first inch of rainfall runoff an IA equal to the net increase of IA. Additionally, the project design must insure there is not an increase in the 10-year storm peak flow from the site, and be certified by a professional engineer.

C. Construction projects that meet the definition of regulated residential infill shall include provisions for the management of the first inch of rainfall runoff from an impervious area equal to the net added impervious area; and shall not be exempt from the provisions of Section 15.64.120 concerning prohibition of increase in the degree of flooding.

D. Prior to the net addition of at least eight hundred square feet of impervious area or issuance of a building permit, a sufficient development plan prepared and stamped by a licensed land surveyor or professional engineer and supporting information required by the latest version of the regulated residential infill guidance document shall be submitted to and approved by the metropolitan department of water and sewerage services.

E. The net added impervious area shall be calculated by subtracting the IA present in the aerial photography data obtained by metro in March 2014 from the proposed post-development IA and maintaining the original property boundary as the regulated project boundary, regardless of subdivision, re-plat, horizontal property regime, or any other modification of property boundaries by deed or plat.

F. The owner/developer of a project meeting the definition of regulated residential infill shall endeavor to treat the first inch of rainfall runoff from net added impervious area using methods from the regulated residential infill guidance document. If this treatment proves impractical, analysis of the downstream management system to identify adequate drainage per the regulated residential infill guidance document or improving downstream drainage to mitigate a known flooding problem with assistance from a professional engineer may be considered for all or part of the one inch treatment requirement.

G. The metropolitan department of water and sewerage services shall have the authority to offer additional runoff volume reduction measures and incentives. Refer to the latest version of the regulated residential infill guidance document for details.

H. Notwithstanding other provisions of this section to the contrary, excluded from infill regulation are projects that:

1. Add less than eight hundred square feet of net new IA,

2. Add more than fifteen thousand square feet of net new IA,

3. Are on lots larger than forty thousand square feet, or

4. Are on lots with a grading permit previously filed with the metropolitan department of water and sewerage services, as long as the post-construction IA conforms to the original grading plan.

I. Projects on lots larger than forty thousand square feet may seek infill classification on a case-by-case basis. (Ord. BL2025-897 § 4, 2025; Ord. BL2014-910 § 3, 2014)

15.64.140 Property developments—Drainage and erosion control plans required when.

A. Persons responsible for property developments shall be required to submit detailed grading and drainage plans, with supporting calculations prepared by a registered engineer, to the department of water and sewerage services for review and approval prior to initiation of work. Where applicable, an erosion control plan prepared by a design professional or soil scientist shall be included in order to prevent sedimentation from reducing the flow carrying capacity of the downstream drainage system.

B. For purposes of this section, property developments shall include the grading, excavation, clearance or other alteration of the landscape for other than agricultural purposes, whether or not a building application has been filed, and whether or not subdivision of the land or construction on the land is contemplated in the near future.

C. Review of a grading and drainage plan.

1. Initiation of a review. Review of a grading and drainage plan by the department may be initiated by the district council member by submitting a written request to the director of water and sewerage services.

2. Notice of review. Within five business days of the initiation of a review, the department of water and sewerage services shall send written notice of the review to the zoning administrator, the owner(s) of the property for which the review has been requested, and the district council member. The department of water and sewerage services shall provide the grading and drainage plan and any other documentation relevant to the review along with the written notice.

3. Procedure. Within thirty days from the initiation of a review, department director or designee shall inspect the site and determine whether grading activity, including excavation, clearance, fill, or other alteration of the landscape, on the site is in compliance with the requirements of the applicable grading and drainage plan and state and local grading regulations.

4. Applicability. This subsection C shall apply to projects when the following factors apply:

a. The grading and drainage plan has been approved and active for more than sixty days;

b. Fill, not authorized by law, from off-site activity has been brought to and stored on the site; and

c. No building permit or use and occupancy permit has been issued by the department of codes administration for the site.

5. Determination of compliance.

a. If the department director or designee determines that the grading activity is not in compliance with the approved grading and drainage plan or this subsection, the department director or designee shall revoke the grading and drainage plan.

b. If the department director or designee determines that the grading activity is in compliance with the approved grading and drainage plan and this subsection, the review is concluded and the grading activity may commence or continue in accordance with the issued grading and drainage plan.

6. Review of building permit for site. The department of water and sewerage services shall not review any building permit application referred pursuant to Section 15.64.130 for a site for which a review pursuant to this subsection has been initiated until the site has been determined to be in compliance in accordance with this subsection.

7. No part of this subsection shall be construed as permitting landfills as defined and regulated by federal or state law. (Amdt. 2 to Ord. BL2024-426 § 1, 2024; Amdt. 1 to Ord. BL2024-426 § 1, 2024; Ord. BL2024-426 § 1, 2024; Ord. BL2019-1475 § 2, 2019; Ord. BL2017-908 § 2, 2017; Ord. BL2016-513 §§ 17, 18, 2017; prior code § 40-1-230(c))

15.64.150 Application of Tennessee Water Quality Control Act and Federal Water Pollution Control Act.

Approval by the metropolitan government does not relieve the developer of obtaining any permits required by the Tennessee Water Quality Control Act and Federal Water Pollution Control Act. (Ord. BL2016-513 § 19, 2017; prior code § 40-1-231(f))

15.64.160 Applicability of floodplain regulations.

Uses permitted within the floodplain shall be in accordance with Article V of Chapter 17.36 of this code. The regulations and controls set forth in this chapter shall be applied within the areas designated on the zoning map or on special overlays thereto which are made a part of this chapter, and may be viewed upon request at the office of the metropolitan clerk. However, nothing contained herein shall prohibit the application of the regulations in Article V of Chapter 17.36 to lands which can be demonstrated by competent engineering survey, using the adopted profiles from which the flood protection elevation is derived, to lie within any floodplain, and conversely, any lands which can be demonstrated by competent engineering to lie beyond the floodplain shall not be subject to the regulations in Article V of Chapter 17.36. Any lands within the areas designated as floodplains on the zoning map or special overlays thereto shall be subject to the regulations and controls pertaining to floodplains as set forth in this chapter. (Ord. BL2016-513 §§ 20, 21, 2017; Subst. Ord. BL2010-794 § 2, 2010; prior code § 40-1-231(a))

15.64.170 Development within floodways—Restrictions.

A. No new structure shall be constructed within the floodway. Notwithstanding the foregoing, a structure located in the floodway as of the effective date of this ordinance may be maintained and may be repaired in the event of a casualty loss not exceeding fifty percent of appraised value of improvements on the property, provided that no such existing structure located in the floodway shall be enlarged or expanded beyond its existing height or building footprint.

B. Notwithstanding the provisions of subsection A. to the contrary, the stormwater division may allow the construction of the following types of structures within the floodway, consistent with the provisions of the stormwater management manual, provided that the structure is designed and engineered, in such a manner so as to have no adverse impact:

a. Grade-level surface parking areas, paths and hiking trails.

b. Temporary structures, defined in Section 15.64.010 as "structure, temporary", that are one hundred square feet in size or less and are not used as a dwelling unit for humans.

c. Water-related features such as bridges, wharfs, docks, and boat ramps.

d. Public infrastructure installed by or for the benefit of the metropolitan government.

e. Rebuilding of an existing residential structure in the floodway that has sustained cumulative casualty loss in excess of fifty percent, provided the rebuilt structure is within the same building footprint as the damaged or destroyed structure and is elevated in accordance with the requirements of the Metro Stormwater Manual.

f. Athletic fields:

i. Athletic fields and existing pervious outdoor recreational training facilities used for public or private recreational purposes, including facilities associated with such recreational areas such as dugouts, bleachers, concession stands, storage buildings, pavilions or other roof systems without walls, and other similar structures or facilities.

ii. For the purposes of this section, "athletic field" means pervious, natural land used for recreational purposes by members of the general public on public

land or at educational facilities, such as soccer fields, football fields, golf courses, driving ranges, or baseball diamonds. "Athletic field" does not mean an athletic facility composed of impervious material, such as tennis courts, basketball courts, or fields with artificial or synthetic grass.

iii. "Athletic field" shall also include existing, privately owned, outdoor commercial facilities located on public or privately owned land, provided that:

1. The athletic field and appurtenances thereto existed prior to April 1, 2025,

2. Any such structure complies with Metro Stormwater Management Manual requirements for flood elevation, and

3. Any modifications to or reconfiguration of any such structure shall not increase the total impervious surface area beyond the total impervious surface area pre-existing within the floodway as of April 1, 2025.

g. Modification or enlargement of an existing building or other structure located partially or entirely within the floodway of the Cumberland River, so long as such building or structure was in active commercial or industrial use as of July 1, 2012. No such modification or enlargement shall be permitted within the floodway of any Cumberland River tributary or undertaken without the approval of the stormwater management commission. (Ord. BL2025-907 § 1, 2025; Ord. BL2024-294 § 1, 2024; Ord. BL2023-1888 § 23, 2023; Amdt. 1 to Ord. BL2018-1407 § 1, 2019; Ord. BL2018-1407 § 1, 2019; Ord. BL2012-257 § 1, 2012; Amdt. 1 to Ord. BL2011-3 § 2, 2011; Ord. BL2011-3 §§ 1, 2, 2011; Ord. BL2011-940 § 1, 2011; Subst. Ord. BL2010-794 § 4, 2010; prior code § 40-1-231(d))

15.64.175 Residential development along the Cumberland River.

A. Along the Cumberland River, there shall be preserved a fifty foot buffer as measured from the floodway. No new residential structure may be built within this floodway buffer.

B. Building within the Cumberland River floodway buffer may continue to the extent permitted in Section 15.64.170. (Ord. BL2018-1157 § 1, 2018)

15.64.180 Alterations of floodplains and drainage channels—Requirements.

No alterations of floodplain land and drainage channels may be made without the written approval of the director of the department of water and sewerage services. All applicable requirements of this title and, in addition, the following conditions must be met before such approval may be granted:

A. The placement or construction of a levee, earth fill, building or other structure which alters the floodplain area shall only be permitted based on a plan prepared by a registered and licensed professional engineer of Tennessee, showing existing and proposed elevations, existing and proposed drainage channels, and existing and proposed structures, and the plan shall be approved by the director of the department of water and sewerage services of the metropolitan government certifying that the alteration and construction as proposed would not increase the degree of flooding in other areas, and that any structures proposed to be constructed in the floodplain shall meet the following special conditions.

1. The minimum floor elevation of that portion of any structure intended for human occupancy shall be at least equal to or higher than four feet above the base flood elevation. Those portions of such structures not intended for human occupancy shall be at least equal to or higher than one foot above the base flood elevation. All other related facilities thereto such as electrical equipment, water service, and sanitary sewer connections shall be at least equal to or higher than one foot above the base flood elevation.

2. The minimum floor elevation of any structure not intended for human occupancy, as defined, shall be at least equal to or higher than one foot above the base flood elevation. Floodproofing of these structures will only be authorized by the director of the department of water and sewerage services as specific individual exceptions to minimum floor elevation requirements where it can be shown that the proposed floodproofing is acceptable from an engineering standpoint.

B. The proposed excavation, filling or change of alignment of any existing channel under the jurisdiction of the U.S. Corps of Engineers shall be approved by the corps of engineers.

C. The plan is approved by the metropolitan planning commission taking into account the above conditions as well as any other pertinent factors. Any duly approved alteration of the floodplain will be so noted on the official zoning map as a matter of information. This notation will be made upon certification by the director of the department of water and sewerage services to the planning commission that such alteration has been completed in accordance with the approved plan. (Ord. BL2016-513 §§ 22, 23, 2017; Ord. BL2007-1440 § 11, 2007; prior code § 40-1-231(b))

15.64.190 Responsibility for off-site drainage improvements.

The construction and financing of any required off-site drainage improvement necessitated by private development within the watershed shall be the responsibility of the developer. (Prior code § 40-1-234)

15.64.195 Reserved.

Editor's note—Ord. BL2016-513, § 24, passed April 4, 2017, repealed § 15.64.195, which pertained to stormwater master planning district and derived from Ord. BL2009-461 § 1, 2009; Ord. BL2008-345 § 2, 2009.

15.64.200 Floodproofing measures.

Floodproofing measures such as the following shall be designed consistent with the flood protection elevation for the particular area, and flood velocities, forces and other factors associated with the flood protection elevation. The director of the department of water and sewerage services shall require that the applicant submit a plan or document certified by a registered professional engineer or architect that the floodproofing measures are consistent with the flood protection elevation for the particular area:

A. Anchorage to resist flotation and lateral movement;

B. Installation of watertight doors, bulkheads and shutters;

C. Reinforcement of walls to resist water pressures;

D. Use of paints, membranes or mortars to reduce seepage of water through walls;

E. Addition of mass or weight to structures to resist flotation;

F. Installation of pumps to lower water levels in structures;

G. Construction of water supply and waste treatment systems to prevent the entrance of floodwaters;

H. Pumping facilities for subsurface drainage systems for buildings to relieve external foundation wall and basement floor pressures;

I. Construction to resist rupture or collapse, caused by water pressure or flotation debris. (Ord. BL2007-1440 § 12, 2007; prior code § 40-1-231(c))

15.64.205 Non-stormwater discharges.

A. Except as hereinafter provided, all non-stormwater discharges into community waters, into the waters of the state, or into the municipal separate storm sewer system of the metropolitan government are prohibited and are declared to be unlawful.

B. Unless the director has identified them as a source of contaminants to community waters, the waters of the state, or the municipal separate storm sewer system of the metropolitan government, the following discharges are permitted:

1. Stormwater as defined in TCA Section 68-221-1102(5);
2. Water line flushing;
3. Landscape irrigation;
4. Diverted stream flows;
5. Rising groundwaters;
6. Uncontaminated groundwater infiltration (as defined at 40 CFR 35.2005(20)) to separate storm sewers;
7. Uncontaminated pumped groundwater;
8. Discharges from potable water sources;
9. Foundation drains;
10. Air conditioning condensate;
11. Irrigation water;
12. Springs;
13. Water from crawl space pumps;
14. Footing drains;
15. Lawn watering;
16. Individual residential car washing;
17. Flows from riparian habitats and wetlands;
18. Dechlorinated swimming pool discharges;
19. Street wash waters resulting from normal street cleaning operations;
20. Discharges or flows from emergency fire fighting activities.

C. The director of MWS, with the approval of the mayor, shall have authority to implement this chapter by appropriate regulation. The director of MWS shall enforce the provisions of this chapter, and he or his duly authorized representative may enter, upon presentation of proper identification to the owner, occupant, or person in control thereof, any building, structure or premises within the area of jurisdiction of the metropolitan government to perform any duty imposed upon him by this chapter or by the regulations and technical guidelines promulgated by the department pursuant to this chapter. Such entry for the purpose of making any inspection required in this chapter shall be made during reasonable hours, so as to cause the least inconvenience to the occupants thereof, unless emergency circumstances exist. It is unlawful for any person, whether owner, occupant, or party in control of the building, structure, or premises, to refuse the entry of the director or any of the director's duly authorized representatives or to interfere in any manner in the performance of the duties imposed upon the director by this chapter or by the regulations and technical guidelines promulgated by the department pursuant to this chapter.

D. Discharges with valid and effective NPDES permits issued by the State of Tennessee that meet the pollutant parameters specified within each permit are not prohibited by this section.

E. The provisions of this section, including subsection C of this section, shall not apply to sanitary or combined sewers, which are governed by Chapter 15.40 of the Metropolitan Code of Laws. (Ord. BL2016-513 §§ 25—28, 2017; Ord. BL2007-1440 § 13, 2007; Ord. BL2001-642 § 2, 2001; Ord. 97-1016 §§ 1—7, 1998)

15.64.210 Liability limitation.

The degree of flood protection intended to be provided by this chapter is considered reasonable for regulatory purposes, and is based on engineering and scientific methods of study. Larger floods may occur on occasions, or the flood height may be increased by manmade or natural causes, such as bridge openings restricted by debris. This chapter does not imply that areas outside floodplain zoning district boundaries or land uses permitted within such district will always be totally free from flooding or flood damages. Nor shall this chapter create a liability on the part of, or a cause of action against the metropolitan government or any officer or employee thereof for any flood damages that may result from implementation of this chapter. (Prior code § 40-1-231(e))

15.64.215 Stormwater plan and permit review charge.

Notwithstanding any other provision of the Metropolitan Code of Laws, the department shall develop a schedule of charges for services provided in reviewing permit applications, processing appeal and variance requests to the stormwater management commission, or reviewing plans submitted by private entities for proposed projects that must comply with the metropolitan government's stormwater management regulations. The schedule of charges shall not exceed the department's actual costs incurred in providing such services. A copy of the schedule of charges shall be filed with the metropolitan clerk, furnished to each member of the metropolitan council and made available on request to any citizen of Davidson County. The department shall bill and collect in accordance with the schedule of charges, which may be amended from time to time to reflect changes in the department's actual costs of providing the services contemplated herein. Fees may be waived by the department to incentivize certain practices. (Ord. BL2023-1888 § 24, 2023; Ord. BL2016-513 § 29, 2017; Ord. BL2007-1457 § 15, 2007)

15.64.220 Violations—Penalties.

A. Any violation of this chapter shall be punishable by an administrative penalty in an amount authorized by Tennessee Code Annotated, Section 68-221-1106. For purposes of assessing administrative penalties under this chapter, each day of violation shall constitute a separate violation. Any assessment of an administrative penalty shall be in writing and shall be served on the violator in any manner authorized by law.

B. In assessing an administrative penalty, the following factors may be considered:

1. The harm done to the public health or the environment;

2. Whether the administrative penalty imposed will be substantial economic deterrent to the illegal activity;

3. The economic benefit gained by the violator;

4. The amount of effort put forth by the violator to remedy this violation;

5. Any unusual or extraordinary enforcement costs incurred by the municipality;

6. The amount of administrative penalty established by ordinance or resolution for specific categories of violations; and

7. Any equities of the situation which outweigh the benefit of imposing any administrative penalty or damage assessment.

C. The department may also assess damages proximately caused by the violator to the municipality which may include any reasonable expenses incurred in investigating and/or enforcing violations of this part, or any other actual damages caused by the violation.

D. In addition to all other remedies provided by law, the metropolitan government shall have the right to injunctive relief for any violation of this chapter. (Ord. BL2016-513 §§ 30, 31, 2017; Ord. BL2010-639 § 1, 2010; Ord. BL2001-642 § 3, 2001; Ord. 95-1329 § 11, 1995)

15.64.225 [Enforcement of county-wide emergency health orders.]

Notwithstanding any other provision of this title, it is a condition of any permit or work authorization issued pursuant to the authority granted herein, including those issued prior to the effective date hereof, that the permittee and its employees abide by applicable laws, rules, regulations and orders, including without limitation those emergency orders issued by the chief medical director in connection with a declared state of emergency in all or part of Davidson County. Employees of a department that has authorized work or issued a permit pursuant to this title may order the cessation of work or

specific activities, or the suspension of a permit, on any work site operating under such permit, for a violation of an emergency order.

Notice of the stop work order shall be in writing and shall be given to the owner of the property or to his agent or to the person in charge of the work or overseeing the operation. When, in the opinion of the director of the department that authorized work or issued a permit, or the director's agent, that an emergency exists, a written stop work order shall not be required, and in such instances, oral notice to the owner, his agent or the person in charge of the work shall have the same force and effect as a written order. Any violation of the stop work order shall be assessed as a civil penalty at the rate of fifty dollars per day. In addition, where a violation exists, the director of the department or the director's agent may request that utility service be curtailed until the violation is corrected or abated. Appeals from the stop work order may be made to the relevant board or commission that oversees the authorization of the work or issuance of the permit. (Ord. BL2020-421 § 1, 2020)

15.64.230 Notification to property owners upon amendments to flood maps.

Within thirty days after the publication of new flood maps for Davidson County prepared by the federal government are received by metro, the metropolitan planning department will attempt to provide written notice to every property owner, to the address on record at the property assessor's office at the time of the mailing, whose property is included within the 100-year floodplain or floodway for the first time. These mailings are intended to be informational only, sent for the convenience of the owners, and the metropolitan government will not be liable for failing to notify a property owner or if the information in the notice is incorrect or incomplete. (Amdt. 1 to Ord. BL2011-903 § 1, 2011; Ord. BL2011-903 § 1, 2011)

Division II. Private Facilities

Chapter 15.68

PRIVATE FIRE HYDRANTS

Sections:

15.68.010	**Applicability.**
15.68.020	**Installation.**
15.68.030	**Maintenance requirements.**
15.68.040	**Separate violations—Penalty.**

15.68.010 Applicability.

The standards for the installation and maintenance of water hydrants for fire protection and service provided for by this chapter shall be applicable to all such hydrants located and constructed on private streets, in residential housing developments (including planned unit developments), and in all areas of metropolitan government where private water hydrants for fire service are installed; provided however, industrial facilities that have private water supply and firefighting capabilities shall be exempt from the provisions of Section 15.68.030 provided such facilities provide their own inspections services as approved by the chief of the metropolitan fire department. (Ord. 92-215 § 1, 1992; prior code § 17-1-51)

15.68.020 Installation.

A. All water hydrants shall use a minimum of a six-inch water main.

B. No building or structure, or any part thereof, shall be more than five hundred feet from a hydrant, as measured by normal means of vehicular transit, via approved hard surface road, unless a waiver or alternative proposal is approved by the Metropolitan Fire Marshal pursuant to a review process to be developed by the Metropolitan Fire Marshal. The provisions of this subsection shall not apply to a single-family residential structure constructed on a lot of five acres or more in size.

C. All hydrants shall be installed in a manner providing a radius of ten feet that is unobstructed either mechanically or visually.

D. All hydrants shall be painted with aluminum paint with the dome color coded as indicated as follows, so as to indicate the gallons per minute flow (GPM):

Color	GPM
Orange	1,000 or more
Green	500—1,000
Black	500 or less

E. All hydrants shall be installed in accordance with an approved plan, by an authorized and property licensed contractor using materials and methods required by applicable codes and ordinances.

F. A metal tag shall be permanently attached by bolt or other approved method to each hydrant and contain the stamped message: "FOR OFFICIAL USE ONLY. UNAUTHORIZED USE PROHIBITED BY LAW." Tags shall be attached in a manner as not to obstruct the operation of hydrant. (Ord. BL2008-170 § 1, 2008; Ord. BL2007-47 § 1, 2007; Ord. 95-1541 §§ 1, 2, 1995; prior code § 17-1-52)

15.68.030 Maintenance requirements.

A. All private water hydrants for fire protection in Davidson County, encompassed by Section 15.68.010, shall be inspected by a qualified service provider licensed in the state of Tennessee (hereafter "licensed service provider") appointed by the party responsible for the private water hydrants. The responsible party shall be required to ensure that the private water hydrants are inspected and tested annually, or as required by the adopted fire code. A licensed service provider shall be required to perform the annual inspection and testing of private water hydrants, including any servicing as required. Private water hydrant inspection, testing, and servicing reports must be submitted by the licensed service provider to the Nashville Fire Department - Fire Marshal's Office through the established reporting process.

B. The responsible party for a private water hydrant shall be responsible for contracting a licensed service professional to obtain an annual Private Fire Hydrant - Servicing and Testing operational permit from the Nashville Fire Department - Fire Marshal's Office.

C. The responsible party shall perform general preventative maintenance of their water hydrants at six-month intervals to ensure proper operation of hydrants during emergency situations.

D. The responsible party shall, at least monthly, cause visual inspections of all their water hydrants and water sources therefor.

E. All deficiencies specified in any report from the licensed service professional shall be completed or repaired by a licensed professional at the expense of the responsible party and notification submitted by the licensed service provider to the Nashville Fire Department - Fire Marshal's Office through the established reporting process.

F. No person other than an authorized official of the metropolitan government or an authorized person performing maintenance or repair activities required by this chapter shall open, operate, flow, test, maintain or repair a hydrant.

G. The Nashville Fire Department and the department of water and sewerage services shall have the authority to issue and promulgate rules and regulation as required for the implementation of the provisions of this chapter. (Ord. BL2022-1345 § 1, 2022; Ord. BL2005-912 § 1, 2006; Ord. 95-1541 §§ 3, 4, 1995; Ord. 90-1248 § 1, 1990; prior code § 17-1-53)

15.68.040 Separate violations—Penalty.

Each day of a violation of this chapter shall be a separate offense and shall be subject to a fine not to exceed five hundred dollars for each offense. (Ord. 95-1541 § 5, 1995; prior code § 17-1-54)

Chapter 15.72

PRIVATE SEWAGE DISPOSAL SYSTEMS

Sections:

15.72.010	**Health regulations—Adopted by reference.**
15.72.020	**Private connections permitted when.**
15.72.030	**Temporary facilities for construction workers.**
15.72.040	**Septic tanks—Testing by department of health.**
15.72.050	**Privies permitted when.**
15.72.060	**Runoff of contents unlawful when.**
15.72.070	**Discharge of waste into any body of water—Permit required.**

15.72.010 Health regulations—Adopted by reference.

Rules and regulations of the commissioner of the Tennessee Department of Public Health, which became effective July 10, 1974, are adopted and incorporated into this chapter as regulations governing private sewage disposal systems of the metropolitan government by reference, as fully as though copied into this chapter. Where a provision of this chapter is found to be in conflict with a provision found in the rules and regulations of the metropolitan board of health, the provisions as promulgated by the commissioner of the Tennessee Department of Public Health as found in this chapter shall prevail. (Prior code § 20-1-160.1)

15.72.020 Private connections permitted when.

A. Sewage from any building or premises shall be discharged directly into the municipal sewage disposal system or into a facility connected with such municipal system, but if there is no public sewer or other part of the municipal sewage disposal system to which connection can be made from the building or premises concerned or if it is impracticable to discharge sewage from such building or premises into the municipal system, a private sewage disposal system may be used.

B. In the event any building or premises fails to connect with an available public sewer and the malfunctioning or inadequacy of the private sewage disposal system serving such building or premises gives rise to an unsanitary condition, threatening or causing a nuisance, the chief medical director or authorized personnel of the department of health shall serve written notice upon the owner, occupant or agent of the owner, of the building or premises, requiring a connection to the public sewer within a specified period of time, which shall reasonably take into consideration the circumstances of such owner, occupant or agent, but which shall primarily reflect the public health exigencies involved. Such connection shall be at the expense of the owner, occupant or agent.

C. In the event that the connection is not made within the time specified by the chief medical director or authorized personnel of the department of health, the building or premises may not be occupied pending such connection, and the owner, occupant or agent shall be guilty of a violation of this code. (Prior code § 20-1-160)

15.72.030 Temporary facilities for construction workers.

Temporary sanitary facilities constructed according to regulations of the department of health shall be provided for workers engaged in the construction of commercial, industrial or public works projects. (Prior code § 20-1-165)

15.72.040 Septic tanks—Testing by department of health.

Authorized personnel of the department of health shall have the right to enter upon any premises upon which is located septic tanks or drainage or disposal fields, and they shall be empowered to examine and inspect all such septic tanks and drainage and disposal fields, and to test such facilities by putting dye into the plumbing fixtures which they serve. Whenever such septic tanks, drainage or disposal fields are found to be in an unsanitary condition and to constitute a public health nuisance, the same shall be condemned upon action by the chief medical director, and the owner, occupant or agent shall put such premises in a sanitary condition and abate such nuisance within the time stated upon the written notice served upon him by the chief medical director or his authorized representative. (Prior code § 20-1-161)

15.72.050 Privies permitted when.

A. Privies shall not be used in the urban services district unless the chief medical director, in writing, authorizes the construction and temporary use of a privy for a stated period. Elsewhere, privies shall only be constructed according to the regulations of the department of health.

B. No privy shall be maintained or used so as to create a nuisance or health hazard. The storage pit of any privy shall be covered and protected so as not to be exposed to the outer air. It is unlawful to pollute a well or water supply system or to discharge sewage on surface of

ground level. The privy shall be protected against rodents, insects and other pests. When a privy is no longer in use, it shall be thoroughly cleansed, so that it will not cause a nuisance or health hazard, and it shall be filled in so as to prevent accidents. (Prior code § 20-1-162)

15.72.060 Runoff of contents unlawful when.

It is unlawful for any person to draw off or allow to run on any ground, street or alley in the metropolitan government area the contents or any part thereof of any vault, privy, cesspool or place where animals or fowl are kept. Any person so offending or failing to comply with this section after seventy-two hours' notice from the department of health to abate the same shall be deemed guilty of a violation of this code. (Prior code § 20-1-163)

15.72.070 Discharge of waste into any body of water—Permit required.

A. It is unlawful for any person to dispose of human waste, household waste, business waste or industrial waste, or to pipe or transmit sewage or effluent from any septic tank or other sewer system of any type into any stream, river, lake, pond, marsh, watercourse, waterway, well, cave, sinkhole, open ditch, spring, irrigation or drainage system, or any body or accumulation of water, surface or underground, natural or artificial, public or private, without having first obtained a permit issued by the metropolitan board of health. The board of health is authorized to promulgate such rules and regulations pertaining to the issuance of such permit as it deems necessary to insure that the health of the residents of the metropolitan government is protected.

B. Any person violating any of the provisions of this section shall, upon a judgment of guilty thereof, be penalized not less than nor more than one hundred dollars for each offense. Each day that such condition shall exist shall constitute a separate offense. (Prior code § 20-1-164)

16.04.210 Signs.
16.04.220 Street numbers—Display required when.
16.04.230 Trailers and mobile homes.
16.04.240 Reserved.

Article I. General Requirements

16.04.010 Intent—Remedial.

Chapters 16.04 and 16.28 through 16.56 are declared to be remedial, and shall be construed to secure the beneficial interests and purposes thereof, which are public safety, health and general welfare, through structural strength, stability, sanitation, adequate light and ventilation and safety to life and property from fire and other hazards incident to the construction, alteration, repair, removal, demolition, use and occupancy of buildings, structures or premises. (Prior code § 11-1-1)

16.04.020 Scope.

A. The provisions of Chapters 16.04 and 16.28 through 16.56 shall apply to the construction, alteration, repair, maintenance, moving, removal and demolition, and to the location, use and occupancy, of every building or structure or part thereof, and to any appurtenances or equipment connected or attached thereto, and to the installation of any heating, air-conditioning or ventilating system or unit, the construction and erection of any fence, sign, billboard, swimming pool or similar structure for which a permit is required, within the area of jurisdiction of the metropolitan government; except that the provisions of Chapters 16.04 and 16.28 through 16.56 shall not apply to the erection, construction, repair, alteration or maintenance of any farm accessory buildings or structures where such buildings or structures are located within a zoned agricultural or unclassified rural district and are constructed on farmsteads in excess of five acres or more.

B. No provision of Chapters 16.04 and 16.28 through 16.56 shall be held to deprive any federal or state agency, or any municipal authority having jurisdiction, of any power or authority, which it had on October 22, 1964, or of any remedy then existing for the enforcement of its orders, nor shall it deprive any individual or corporation of its legal rights as provided by law. (Prior code § 11-1-2)

16.04.030 Maintenance of buildings required—Owner's responsibility.

All buildings and structures, both existing and new, and all devices, equipment and safeguards required by Chapters 16.04 and 16.28 through 16.56 in a building when it is erected, altered or repaired, shall be maintained in good working order by the owner or his designated agent. (Prior code § 11-1-3)

16.04.040 Right of entry.

The director of codes administration shall enforce the provisions of Chapters 16.04 and 16.28 through 16.56, and he or his duly authorized representative may enter, with the consent of the owner or occupant or with a valid search warrant, and upon presentation of proper identification, any building, structure or premises within the area or jurisdiction of the metropolitan government to perform any duty or responsibility imposed upon him by such chapters. (Prior code § 11-1-4)

16.04.050 Additional requirements—Authority of director.

Any requirements necessary for the strength or stability of an existing or proposed building or structure or for the safety of the occupants thereof, not specifically covered by Chapters 16.04 and 16.28 through 16.56, shall be determined by the director of codes administration, subject to appeal to the board of building code appeals. (Prior code § 11-1-9)

16.04.060 Alternate materials and methods—Authorization by director.

A. The provisions of this code are not intended to prevent the use of any material, method of construction or means of providing life safety not specifically prescribed by this code, provided any such alternate has been approved and its use authorized by the director. The director may approve any such alternate, provided he finds that the proposed design is satisfactory and complies with the intent of this code, which is to provide an acceptable level of life safety for the general public.

B. The director may require sufficient evidence or proof be submitted to substantiate any claim that may be made regarding its use. If, in the opinion of the director, the evidence or proof is not sufficient to justify approval, the applicant may refer the entire matter to the board of building code appeals as stipulated elsewhere in this title. (Prior code § 11-1-10)

16.04.070 Issuance of permits and notices.

A. The director of codes administration shall issue or cause to be issued, all permits and notices required by Chapters 16.04 and 16.28 through 16.56 and shall keep or cause to be kept a record of all such permits and notices and all other business transactions of the department of codes administration. Such records of the department shall be open to public inspection during the regular business hours of the department.

B. The director of codes administration, or the director's designee, shall cause to be maintained and published online, on the official website for the Metropolitan Government of Nashville and Davidson County, an on-going compilation from which can be identified: (i) the number and type of demolition permits that were issued for residential property during the preceding calendar quarter ("housing"); and (ii) the number and type of residential building permits that were issued for residential property during the preceding calendar quarter ("housing units"); and, (iii) the number and type of residential occupancy permits (Certificates of Occupancy) that were issued for residential property during the preceding calendar quarter ("housing units") by the Metropolitan Government of Nashville and Davidson County. For multi-family zoning districts, this data shall include the number of units demolished or constructed. Data shall be entered not later than forty-five days after the issuance of each permit. (Ord. BL2024-182 § 1, 2024; Amdt. 1 to Ord. BL2018-1204 § 1, 2018; Ord. BL2018-1204 § 1, 2018; prior Code § 11-1-12)

16.04.080 Collections—Records.

The director of codes administration shall keep a permanent and accurate accounting of all permit fees and other money collected, the names of all persons upon whose account the same was paid and the date and amount thereof. (Prior code § 11-1-13)

16.04.090 Registration and bond required when.

A. It shall be the duty of every person who shall make contracts for the construction, erection, alteration, repair, removal or demolition of any building or structure or part thereof; or repair or replacement of any damage to a building or structure caused by insects or natural disasters; or to erect or construct any sign, billboard or similar structure, or to construct any public or private swimming pool; or to do or perform any work for which a permit is required (and every such person, making such contracts or subletting the same or any part thereof) to register with the department of codes administration and to post a permit bond in the amount set forth herein.

B. 1. For building permits under twenty-five thousand dollars, the bond amount shall be ten thousand dollars.

2. For all building permits of twenty-five thousand dollars and larger, the bond amount shall be forty thousand dollars.

C. The bond required by this section shall be a permit bond conditioned to conform to the requirements of this chapter and all applicable laws, ordinances, rules, and regulations of the metropolitan government relating to work which is performed by the principal pursuant to a permit issued under this bond, or for work performed by the principal for which a permit should have been obtained prior to commencement of such activity; and to

indemnify the metropolitan government and property owners against any and all loss suffered by them by reason of the failure of such contractor to comply with such laws, ordinances, rules and regulations. Such bond shall be continuous and may not be canceled without at least ten days' prior notice, in writing, to the director of codes administration. The liability of the surety shall continue to attach to work performed pursuant to any permit issued prior to the termination date of the bond even if the noncomplying act should occur after the termination date of the bond. The liability of the surety for any and all claims, suits or action under this bond shall not exceed the bond penalty. Regardless of the number of years this bond may remain in force, the liability of the surety shall not be cumulative and the aggregate liability of the surety for any and all claims, suits or actions under this bond shall not exceed the face amount. The bond shall be issued by a U.S. Treasury-listed corporate surety or a Tennessee domestic insurance company on forms provided by the department of codes administration.

D. It shall be the duty of every person, firm or corporation desiring to register with the department of codes administration under this section to secure the required contractor's privilege license for Davidson County.

E. Moving of Building or Structures. It shall be the duty of every person desiring to move any building or structure where such necessitates the transportation of such building or structure in public rights-of-way or on public streets, to register with the department of codes administration and to post good and sufficient bond in the amount of forty thousand dollars as required by Section 16.04.090(C); except that persons moving temporary construction office sheds, mobile or modular homes, house trailers, and storage buildings ten feet or less in width are not required to post bond.

F. It shall be the duty of every person desiring to move any building or structure where such necessitates the transportation of such building or structure in public rights-of-way or on public streets to furnish to the department of codes administration a certificate of general liability insurance issued by a Tennessee-licensed company which provides a minimum of three hundred thousand dollars per occurrence with combined single limit bodily injury and property damage coverage. The certificate of insurance may not be canceled without at least thirty days' prior notice, in writing, to the director of codes administration.

G. Bonds required by Sections 6.20.150, 6.52.140, 6.52.220, 13.20.030, 16.04.090 and 16.16.780 presently on file with the department of codes administration or the metropolitan clerk's office shall remain in effect until the 1995 anniversary date of the bond. Contractors with multiple trades may provide one forty-thousand dollar bond to meet the requirements of the above code sections. The new bond form will be required on the first 1995 renewal date. (Ord. 94-1226 § 5, 1994)

16.04.100 Certificate of occupancy—Issuance of electrical releases and temporary certificates.

A. To secure compliance with Chapters 16.04 and 16.28 through 16.56, the metropolitan government shall not provide nor permit another to provide utility services (such as water, sewer, electrical, or gas), either public or private, to any building or structure found to be in noncompliance of Chapters 16.04 and 16.28 through 16.56, until such building or structure has been brought into compliance, inspected and a final certificate of occupancy issued. This requirement shall not preclude the temporary use of utility services as may be necessary during construction, repair or rehabilitation of a structure. Provided, however, the director may authorize the issuance of an electrical release to the utility to connect electrical service in accordance with Section 16.36.030 for portions of a building safe for occupancy.

B. 1. It is further expressly provided that in the case of one-family and two-family dwellings and apartment/condominium complexes not exceeding three stories, a full electrical release shall, without exception, be issued after the frame inspection has been made and approved subject to completion of the following items:

a. Electrical service must be completed and properly grounded;

b. All exposed electrical wires are made safe (disconnected or installed in an approved junction box).

2. This request for full electrical release may be made on an oral or written basis by the electrical contractor, and the release shall be issued not more than two working days after the release unless an inspection of the intended premises reflects a noncompliance with paragraphs 1 and 2 of subsection B.

C. It is further expressly provided that in the case of one-family and two-family dwellings and apartment/condominium complexes not exceeding three stories, a temporary certificate of occupancy shall without exception be issued after the following conditions have been met:

1. The plumbing has been connected with the water system and sewer line or waste disposal system;

2. Safe conditions exist with regard to such items as smoke detectors are installed and operable; exits are complete; fire stopping is in place and ditches are covered.

D. Any such temporary certificate shall be valid for sixty days after the date of issue unless extended by the director. The director shall not unreasonably withhold any extensions unless for good cause. Should the building permittee obtaining a temporary certificate fail to secure a final certificate of occupancy within the time allowed, the director, in addition to other remedies available, and for good cause, may cause the utilities to be disconnected upon notice to the supplier to discontinue to furnish said service for this reason. The director shall not utilize his remedy to cause utilities to be disconnected unless ten days' written notice is given to the applicant. In case a contractor secures the temporary certificate, it shall be his responsibility to notify the purchaser or tenant of this condition of occupancy. (Prior code § 11-1-14)

16.04.110 Noncompliance—Stop work order.

A. Upon notice from the director of codes administration that work on any building or structure is being done contrary to the provisions of Chapters 16.04 and 16.28 through 16.56, or in a dangerous or unsafe manner; or upon notice that operation of any building or structure is being conducted contrary to the provisions of Section 17.16.250.E; such work or operation shall be immediately stopped. Such notice shall be in writing and shall be given to the owner of the property or to his agent or to the person doing the work or overseeing the operation, and shall state the conditions under which work or operation may be resumed. When an emergency exists, no written notice shall be required to be given by the director.

B. Such notice as required may be in the form of a placard posted by the inspector conspicuously on the building in which the work or operation is in progress. Removal of such notice or placard without the express consent of the director of codes administration or his designated agent, is a violation of this code. (Amdt. 1 to Ord. BL2017-626 § 1, 2017; Ord. BL2017-626 § 1, 2017; Ord. BL2016-257 § 1, 2016; prior code § 11-1-7)

16.04.120 Revocation of permits when.

The director of codes administration may revoke a permit or approval, issued under the provisions of Chapters 16.04 and 16.28 through 16.56, in case there has been any false statement or misrepresentation as to a material fact in the application or plans on which such permit or approval was based, or when it is determined that a permit has been issued in error. (Prior code § 11-1-8)

16.04.130 Construction standards.

A. During all phases of construction and specifically upon the final inspection, all construction performed under the jurisdiction of Chapters 16.04 and 16.28 through 16.56 shall be completed to conform to first class, conventional construction standards with respect to appearance and function. Materials incorporated into construction shall conform to the material standards specified in Chapters 16.04 and 16.28 through 16.56 and shall be fabricated and installed by craftsmen proficient in such construction.

B. General criteria which shall be required are as follows:

1. Floors shall be level, stable and tight and porch floors designed and constructed to drain away from walls;

2. Walls shall be plumb, square, tight and free from surface defects and undulations;

3. Trim shall be firmly attached, mitered at joints and free from surface defects and undulations;

4. Wall openings shall be tight, plumb, square and readily operable;

5. Ceiling shall be tightly attached, level and free from surface defects and undulations;

6. Roofs shall be tight and impervious to moisture;

7. Concrete floors and slabs shall have a steel trowel finish reasonably free of cracks and depressions. Slabs on earth shall be placed over a well-tamped subgrade and at least four inches of well-tamped, crushed stone, gravel or stone of three-quarter inch to one and one-half inch in size. (Prior code § 11-1-17.2)

16.04.140 Proof of compliance—Test reports.

The director of codes administration may require tests or test reports as proof of compliance with Chapters 16.04 and 16.28 through 16.56. Tests, if required, shall be made at the expense of the owner or agent, by an approved testing laboratory or agency. Copies of such test reports and the results of all such tests shall be kept on file in the office of the director of codes administration. (Prior code § 11-1-11)

16.04.150 Work on Sunday—Special permit required.

No contractor, builder, workman, laborer, or person other than a homeowner/resident working on his or her own residence shall do or perform any work or labor on any building or structure or part thereof or perform any work pursuant to a grading permit issued pursuant to Chapter 15.64 between the hours of twelve midnight Saturday night and twelve midnight Sunday night, except by special permission of the director of codes administration. Special permits may be issued only in

cases of emergency and shall be valid only for the date stamped thereon and shall be posted in a conspicuous place on the premises during the performance of such emergency work. The director shall notify the department of metropolitan police of all emergency permits issued. (Ord. BL2020-236 § 1, 2020; Ord. BL2012-261 § 20, 2012; prior code § 11-1-16)

16.04.160 Interference with director prohibited.

It is unlawful for any person, whether owner or occupant, to refuse to permit the entry of the director of codes administration or any of his duly authorized representatives or to interfere in any manner in the performance of the duties imposed upon the director. (Prior code § 11-1-5)

16.04.170 Conflicts with other ordinances.

A. In any case where a provision of Chapters 16.04 or 16.28 through 16.56 is found to be in conflict with a provision of any zoning, housing, fire, safety or health ordinance or code of the metropolitan government the provision which establishes the higher standard for the promotion and protection of the health and safety of the public shall prevail.

B. Where a provision of Chapters 16.04 or 16.28 through 16.56 is found to be in conflict with a provision of any other ordinance or code of the metropolitan government which establishes a lower standard for the promotion and protection of the health and safety of the public, the provision of Chapters 16.04 or 16.28 through 16.56 shall be deemed to prevail, and such other ordinances or codes are declared to be repealed to the extent that they may be found in conflict with such chapters. (Prior code § 11-1-17)

16.04.172 Violations—Penalties—Revocation of permits.

A. Whenever in this title, or in any rule, regulation or order promulgated by any officer or agency of the metropolitan government under authority duly vested in the officer or agency by this title, or if any act is prohibited or is made or declared to be unlawful or an offense or a misdemeanor, or the doing of any act is required, or the failure to do any act is declared to be unlawful or an offense or a misdemeanor, where no specific penalty is provided therefor in this title, the violation of any such provision of this title or such rule, regulation or order, shall be punishable by fine in an amount not to exceed five hundred dollars. Each and every day such violation exists shall be deemed a separate offense. Penalties imposed on owners of property, where the principal use of the property is for an owner-occupied residential dwelling with an appraised value of not more than thirty thousand dollars, may not exceed one hundred fifty dollars.

B. In addition to any fine imposed for a violation of this title or any, rule, regulation, or order issued under authority granted under this title, the director may revoke permits issued to and refuse to issue new permits to not only the person or entity in violation but also any related person or entity, including any related person, partnership, limited partnership, joint venture, corporation, or any other type of business entity. An entity is deemed related when it is owned, controlled, or operated by common persons, unless credible evidence is presented that reasonably shows that the entity is no longer owned, controlled, or operated by such persons. Persons are deemed related when they are employed by or otherwise acting as an agent for a person or entity in violation. No revoked permits or new permits shall be released or issued to a person or entity in violation or to any related person or entity until all work performed in violation of this title is corrected to the director's satisfaction. (Ord. BL2025-1070 § 1, 2025; Ord. 95-1329 § 12, 1995)

16.04.175 [Enforcement of county-wide emergency health orders.]

Notwithstanding any other provision of this title, it is a condition of any permit or work authorization issued pursuant to the authority granted herein, including those issued prior to the effective date hereof, that the permittee and its employees abide by applicable laws, rules, regulations and orders, including without limitation those emergency orders issued by the chief medical director in connection with a declared state of emergency in all or part of Davidson County. Employees of a department that has authorized work or issued a permit pursuant to this title may order the cessation of work or specific activities, or the suspension of a permit, on any work site operating under such permit, for a violation of an emergency order.

Notice of the stop work order shall be in writing and shall be given to the owner of the property or to his agent or to the person in charge of the work or overseeing the operation. When, in the opinion of the director of the department that authorized work or issued a permit, or the director's agent, that an emergency exists, a written stop work order shall not be required, and in such instances, oral notice to the owner, his agent or the person in charge of the work shall have the same force and effect as a written order. Any violation of the stop work order shall be assessed as a civil penalty at the rate of fifty dollars per day. In addition, where a violation exists, the director of the department or the director's agent may request that utility service be curtailed until

the violation is corrected or abated. Appeals from the stop work order may be made to the relevant board or commission that oversees the authorization of the work or issuance of the permit. (Ord. BL2020-421 § 1, 2020)

Editor's note—Ord. BL2020-421 § 1, passed Sept. 15, 2020, set out provisions intended for use as § 16.04.180. At the editor's discretion, to prevent duplication of section numbers, these provisions have been included as § 16.04.175.

16.04.177 [Annual adjustment of fees.]

The rates set forth in Chapters 16.12, 16.16, 16.20, and 16.28 shall be adjusted on July 1, 2022, and on July 1 of each succeeding year by the greater of (a) a percentage equal to the percentage change in the CPI Urban Index (CPI-U) over the preceding year and (b) three percent, unless the change in the CPI-U is negative, in which case there shall be no change for that fiscal year. Notice of the annual adjustments to begin on July 1, 2022, shall be provided to each member of the metropolitan council and published on the metropolitan government's website at least thirty days before an adjustment goes into effect. Not later than the third anniversary of the effective date of this ordinance, and at least every three years thereafter, the department shall engage a qualified consultant to perform a rate study and analysis to confirm the department's costs in providing services and determine whether the rates then in effect are fair and reasonable. (Ord. BL2022-1215 § 1, 2022)

Article II. Fire Zone Map

16.04.180 Adopted by reference.

The fire district map of the Metropolitan Government of Nashville/Davidson County, a copy of which is on file with the metropolitan clerk, is adopted by reference, as fully as though copied in this chapter, as the official fire district map of the metropolitan government. Such map, together with the boundaries set forth therein designating the fire district, is expressly made a part of this code. The district shall apply to all construction therein. (Ord. 98-1445 § 75, 1998)

Article III. Specific Structures and Uses

16.04.190 Demolition—Removal of debris required.

Every person moving, repairing or demolishing a building or structure and removing debris therefrom shall cause all such debris to be thoroughly dampened with water or covered to prevent the spread of such debris or dust to adjacent properties or streets. In the case of demolition, it shall be the responsibility of the person demolishing a building or structure to remove from the premises all debris resulting from such demolition and to fill any below-grade area to grade level. The director may, at his discretion, allow suitable protective fencing around the below-grade area in lieu of the full requirement. (Prior code § 11-1-17.3)

16.04.200 Reserved.

Editor's note—Ord. BL2025-1048 § 1, passed Oct. 21, 2025, repealed § 16.04.200, which pertained to fences and derived from Ord. BL2021-680 § 1, 2021; Amdt. 1 to Ord. BL2019-30 § 1, 2020; Ord. BL2019-30 § 1, 2020; Amdt. 1 to Ord. BL2017-688 § 1, 2017; Ord. BL2017-688 § 1, 2017; Amdt. 1 to Ord. BL2005-668, 2005; Ord. BL2005-668 § 1, 2005; prior code § 11-1-17.4. The user's attention is directed to § 16.24.330.

16.04.210 Signs.

A. Signs erected, constructed, located, placed or otherwise displayed within the area of jurisdiction of the metropolitan government require a permit under the provisions of this code and the Zoning Ordinance.

B. Any sign which has become dilapidated, unsafe, structurally unsound, hazardous, severely weathered, etc., are declared to be in violation of this code. Any such sign shall be removed or repaired upon notice from the director. Included in the above shall be any sign advertising a business, use or commodity available on the premises which has relocated, discontinued operation or become unavailable on said premises.

C. Before issuing a permit for a sign as required herein, the applicant must:

1. Have received a state permit for a sign where a state permit is required;

2. Submit a schematic drawing by the applicant showing the proximity of the proposed sign to other signs, and a certified stamped engineer's drawing assuring the stability of a sign in conformance with standard building codes.

D. The codes department shall notify the property owner, advertiser, and advertising sign company of any illegal signs which are not in compliance with the Zoning Ordinance. The notification shall be sent by certified letter stating the property owner, advertiser, or advertising sign company has ten days within which to conform the sign to all applicable Metro regulations. The codes department shall not be required to send a certified letter to the advertiser unless the advertiser is the owner or lessee of the sign. (Prior code § 11-1-17.6)

16.04.220 Street numbers—Display required when.

All residences, buildings, structures and other facilities having mail and delivery services have their street

numbers displayed conspicuously for view from the public streets. It shall be sufficient to have the street numbers on the mailbox for said structures if the mailbox is adjacent to the right-of-way. (Prior code § 11-1-17.7)

16.04.230 Trailers and mobile homes.

Every trailer, mobile home, modular building or other structure located on property under the jurisdiction of this code and with a duly issued building permit and zoning permit, shall be securely and completely underpinned and skirted with an approved material which is impervious to the weather and rodents. (Prior code § 11-1-17.5)

16.04.240 Reserved.

Editor's note—Ord. BL2024-346 § 1, adopted July 16, 2024, repealed § 16.04.240, which pertained to single-family home entrances and derived from Amdt. 1 to Ord. BL2004-345, 2005; Ord. BL2004-345 § 1, 2005.

Chapter 16.08

BUILDING CODES

Sections:

16.08.010	**Adoption by reference.**
16.08.012	**Amendments to the 2024 International Building Code.**
16.08.014	**Amendments to the 2024 International Residential Code for One- and Two-Family Dwellings.**
16.08.016	**Amendments to the International Energy Conservation Code.**

16.08.010 Adoption by reference.

The following sections and appendices are adopted and incorporated into this chapter as the technical section of the building code of the metropolitan government, by reference, as fully as though copied into this code, except as have been or may be hereafter amended herein:

A. 2024 Edition of the International Building Code, including Appendices C & D of the International Building Code, as published by the International Code Council.

B. 2017 Edition of the International ICC/ANSI A117.1 Accessible and Usable Buildings and Facilities.

C. 2024 International Residential Code for One- and Two-Family Dwellings published by the International Code Council, as amended in this chapter, and Appendices BA, BD, BE, BF, and CD of the International Residential Code for One- and Two-Family Dwellings.

D. 2024 Edition of the International Energy Conservation Code published by the International Code Council, as amended in this chapter. (Ord. BL2025-898 § 1, 2025; Amdt. 1 to Ord. BL2020-458 § 1, 2020; Ord. BL2020-458 § 1, 2020; Ord. BL2015-1145 § 6, 2015; Ord. BL2007-1390 §§ 6, 8, 2007; Ord. BL2007-1373 § 1, 2007; Ord. BL2005-796 § 3, 2005; Ord. BL2002-1142 §§ 12, 13, 2002; Ord. BL2001-703 § 1, 2001; Ord. 98-1445 §§ 22, 23, 1998; Ord. 96-562 §§ 1, 2, 1996; Ord. 95-1487 §§ 1, 2, 3, 1995; Ord. 93-843 § 1, 1994; Ord. 92-118 §§ 1, 2, 1992; Ord. 89-1003 § 1, 1989; prior code § 11-1-29)

16.08.012 Amendments to the 2024 International Building Code.

The following amendments, deletions or additions to the 2024 Edition of the International Building Code are adopted by reference as fully as though copied into said Building Code and thereby made a part of the Building Code.

A. Section 101.1 of the 2024 Edition of the International Building Code is hereby amended by deleting Section 101.1 and substituting the following:

These regulations shall be known as the Building Code of Metropolitan Nashville and Davidson County, hereinafter referred to as "this code."

B. The 2024 Edition of the International Building Code is hereby amended by deleting Sections 102 through 116.5 in their entirety.

C. Section 201 of the 2024 Edition of the International Building Code is hereby amended by adding the following new Section 201.5 to Section 201:

201.5 Interchangeability with The International Codes. The International Property Maintenance Code shall be construed to mean the Property Standards Code of the Metropolitan Government. The International Private Sewage Disposal Code shall be construed to mean the Subsurface Sewage Disposal Systems Code of the Metropolitan Government. The ICC Electrical Code shall be construed to mean the National Electrical Code.

D. Section 202 of the 2024 Edition of the International Building Code is hereby amended by adding the following new definitions:

BED AND BREAKFAST HOMESTAY — means a private home, inn, or other unique residential facility located in a structure of historical significance as defined in Tennessee Code Annotated Section 68-14-503(3) offering bed and breakfast accommodations and one (1) daily meal and having less than four (4) guest rooms furnished for pay, with guests staying not more than fourteen (14) days, and where the innkeeper resides on the premises or property, or immediately adjacent to it. Guest rooms shall be established and maintained distinct and separate from the innkeeper's quarters.

BREEZEWAY — a covered connector between two buildings or structures, open at each end but less than 50 percent open, located at, above, or below grade level, that may be used as a means of egress from a building or structure.

BOARD — shall mean the Metropolitan Board of Fire and Building Code Appeals.

BUILDING OFFICIAL — shall mean the Director of the Metropolitan Department of Codes Administration, his deputy or duly authorized representative.

CODE OFFICIAL - shall mean the Director of the Metropolitan Department of Codes Administration, his deputy or duly authorized representative.

DIRECTOR — shall mean the Director of the Metropolitan Department of Codes Administration, his deputy or duly authorized representative.

NORMAL MAINTENANCE REPAIRS — shall be defined as repairs to an existing building or structure, including but not limited to exterior and interior painting, papering, glazing of windows and doors, floor finishing, minor repairs to chimneys, stairs, porches, underpinning, and repairs to an existing roof not to exceed 33 percent of the roof area.

TEMPORARY — shall mean not more than 90 calendar days.

E. Section 310.4, R-3 of the 2024 Edition of the International Building Code is hereby amended by adding the following to Section 310.4:

Bed and breakfast homestays are classified as R3.

F. Section 423 Storm Shelters of the 2024 Edition of the International Building Code is hereby amended by deleting Section 423 in its entirety.

G. Section 502.1 of the 2024 Edition of the International Building Code is hereby amended by deleting Section 502.1 and substituting the following:

502.1. Premises Identification. All buildings and structures within Metropolitan Nashville and Davidson County shall have approved address numbers posted in accordance with the following:

1. Residences are to have their numbers at least three (3) inches in size, on a contrasting background, and in a position to be plainly visible and legible from the street or road fronting the property. The numbers may be attached to the residence or the mailbox, if the mailbox is next to the street.

2. Numbers posted on the outside of nonresidential buildings must be six inches, or larger, on a contrasting background, and in a position to be plainly visible and legible from the street or road fronting the premises. Numbers posted on interior doors or spaces (such as a lease space in a mall) must be at least three inches in size.

3. Multifamily buildings shall have their numbers displayed to be plainly visible and legible, on a contrasting background, and a minimum size of six inches in height. Identifying numbers, at least three inches in height, shall also be posted on or at the doors of individual dwelling units.

H. Sections 907.2.11.2 through 907.2.11.4 of the 2024 Edition of the International Building Code are hereby amended by deleting Sections 907.2.11.2 through 907.2.11.4 and substituting the following:

907.2.11.2 Groups R-2, R-3, R-4 and I-1. Single-or multiple-station smoke alarms shall be installed and maintained in Groups R-2, R-3, R-4 and I-1, regardless of occupant load in the following locations:

1. On the ceiling or wall outside of each separate sleeping area in the immediate vicinity of bedrooms.

2. In each room used for sleeping purposes.

3. In each story within a dwelling unit, including basements, garages and cellars but not including crawl spaces and uninhabitable attics. In dwellings or dwelling units with split levels and without an intervening door between the adjacent levels, a smoke alarm installed on the upper level shall suffice for the adjacent lower level provided that the lower level is less than one full story below the upper level.

Exception: Heat detectors may be substituted for smoke detectors installed in cellars and attached garages.

907.2.11.2.1 Additions, alterations or repairs to Group R. Where an addition, alteration or repair to an individual dwelling unit or guestroom in Group R requires a permit, smoke alarms shall be installed within that individual dwelling unit or guestroom in accordance with this section. Where one or more sleeping rooms are added or created in an existing Group R, smoke alarms shall be installed in accordance with this section.

Exception: Repairs to the exterior surfaces of occupancies in Group R are exempt from the requirements of this section.

I. Section 1006.3.4 of the 2024 Edition of the International Building Code is hereby amended by deleting Section 1006.3.4 Single Exits in its entirety and substituting the following:

1006.3.4 Single Exits. A single exit or access to a single exit shall be permitted from any story or occupied roof where one of the following conditions exists:

1. The occupant load, number of dwelling units and exit access travel distance within the portion of the building served by the single exit do not exceed the values in Table 1006.3.4(1) or 1006.3.4(2).

2. Rooms, areas and spaces complying with Section 1006.2.1 with exits that discharge directly to the exterior at the level of exit discharge, are permitted to have one exit or access to a single exit.

3. Parking garages where vehicles are mechanically parked shall be permitted to have one exit or access to a single exit.

4. Group R-3 and R-4 occupancies shall be permitted to have one exit or access to a single exit.

5. Individual single-story or multistory dwelling units shall be permitted to have a single exit

or access to a single exit from the dwelling unit provided that both of the following criteria are met:

1. The dwelling unit complies with Section 1006.2.1 as a space with one means of egress.

2. Either the exit from the dwelling unit discharges directly to the exterior at the level of exit discharge, or the exit access outside the dwelling unit's entrance door provides access to not less than two approved independent exits.

6. Not more than six stories of Group R-2 occupancy are permitted to be served by an interior or exterior single exit under the following conditions:

1. The building has not more than six stories above grade plane.

2. There shall be no more than four dwelling units on any floor.

3. The building does not contain a boarding house.

4. The building shall also be equipped throughout with an automatic sprinkler system in accordance with Section 903.3.1.1. NFPA 13 sprinklers shall be used in all habitable spaces in each dwelling unit.

5. There shall be no more than one single exit stairway condition on the same parcel. Single exit stair buildings will be restricted to any location within the UZO district.

6. An exterior stairway or interior exit stairway shall be provided with a minimum 2-hour rated fire separation. The interior exit stairway, including any related exit passageway, shall be pressurized in accordance with Section 909.20.6.

7. A 1-hour rated corridor shall separate each dwelling unit entry/exit door from the door to an interior exit stairway, including any related exit passageway, on each floor. Dwelling unit doors shall be 45-minute fire-resistance rated doors. Dwelling Unit Doors shall not open directly into an interior exit stairway. Dwelling unit doors are permitted to open directly into an exterior stairway.

8. There shall be no more than 20 feet (6096 mm) of travel the exit stairway from the entry/exit door of any dwelling unit.

9. Travel distance measured in accordance with Section 1017 shall not exceed 125 feet.

10. Other occupancies are permitted in the same building provided they comply with all the requirements of this code. Other occupancies shall not communicate with the Group R occupancy portion of the building or with the single-exit stairway.

Exception: Parking garages and occupied roofs accessory to the Group R occupancy are permitted to communicate with the exit stairway. Each of these components will be considered one of the levels in the building.

11. The exit serving the Group R occupancy shall not discharge through any other occupancy, including an accessory parking garage.

12. There shall be no openings within 10 feet (3048 mm) of unprotected openings into the stairway other than required exit doors having a one-hour fire-resistance rating.

13. The stairway shall be a minimum of 54" clear for egress and ingress.

The area under the lowest stair flight shall be permanently enclosed without any allowable storage under the stair.

J. Section 1015.4 of the 2024 Edition of the International Building Code is hereby amended by adding the following exception number 7.

7. From the walking surface to the first element, the guard shall not have openings that allow the passage of a sphere 2 inches in diameter.

K. The 2024 Edition of the International Building Code is hereby amended by deleting Section 1612-Flood Loads.

L. Section 2902.3.4 of the 2024 Edition of the International Building Code is hereby amended by adding the following to the end of Section 2902.3.4.

Restaurants other than food tenants in the food court shall have the required facilities installed within their tenant space.

M. Section 3103 of the 2024 Edition of the International Building Code is hereby amended by deleting Section 3103 and substituting the following:

3103 TEMPORARY STRUCTURES

3103.1 General. The provisions of this section shall apply to structures erected for a period of 90 days or less. Tents and other membrane structures erected for a period of 90 days or less shall comply with the

Metropolitan Fire Code. Structures erected for a longer period of time shall comply with applicable sections of this code.

Exception: Provisions of the Metropolitan Fire Code shall apply to tents and membrane structures erected for a period of 90 days or less.

3103.1.1 Permit required. Temporary structures that cover an area in excess of 120 square feet (11.16 m2), including connecting areas or spaces with a common means of egress or entrance which are used or intended to be used for the gathering together of ten or more persons, shall not be erected, operated or maintained for any purpose without obtaining a permit from the building official.

N. Section 3202.3.1 of the 2024 Edition of the International Building Code is hereby amended by deleting Section 3202.3.1 and substituting the following:

3202.3.1 Awnings, canopies, marquees and signs. Awnings, canopies, marquees and signs shall be constructed so as to support applicable loads as specified in Chapter 16. Awnings, canopies, marquees and signs with less than 15 feet (4572 mm) clearance above the sidewalk shall not extend into or occupy more than two- thirds the width of the sidewalk measured from the building.

3202.3.1.1 Support. Fixed awnings, marquees, signs or canopies shall be entirely supported from the building.

O. Section 3202.4 of the 2024 Edition of the International Building Code is hereby amended by deleting Section 3202.4 and substituting the following:

3202.4 Temporary encroachments. Where allowed by the local authority having jurisdiction, vestibules and storm enclosures shall not be erected for a period of time exceeding 90 days in any one year and shall not encroach more than 3 feet (914 mm) nor more than one-fourth of the width of the sidewalk beyond the street lot line. Temporary entrance awnings shall be erected with a minimum clearance of 8 feet (2438 mm) to the lowest portion of the hood or awning where supported on removable steel or other approved noncombustible support from the building.

P. Section D101.2 of the 2024 Edition of the International Building Code is hereby amended by deleting Section D101.2 and substituting the following:

D101.2 The Fire District shall include such territory or portion thereof as established by the official Fire Zone Map of the Metropolitan Government of Nashville and Davidson County, Tennessee. (Ord. BL2025-898 § 1, 2025; Ord. BL2024-304 § 1, 2024; Ord. BL2024-182 § 2, 2024; Amdt. 1 to Ord. BL2023-1994 § 1, 2023; Ord. BL2023-1994 § 1, 2023; Ord. BL2020-458 § 1, 2020; Ord. BL2019-95 § 1, 2020; Amdt. 2 to Ord. BL2016-238 § 3, 2016; Ord. BL2016-238 §§ 3, 4, 2016; Ord. BL2015-1145 § 7, 2015; Amdt. 1 to Ord. BL2010-622 § 1; Ord. BL2010-622 § 1, 2010; Ord. BL2007-1390 § 7, 2007; Ord. BL2002-1142 § 14, 2002; Ord. BL2001-703 § 10, 2001; Ord. 98-1445 §§ 24—44, 1998; Ord. 96-562 §§ 3—8, 1996; Ord. 95-1542 § 2, 1995; Ord. 95-1487 §§ 4—19, 1995; Ord. 94-1113 §§ 3 and 4, 1994; Ord. 92-118 § 3, 1992)

16.08.014 Amendments to the 2024 International Residential Code for One- and Two-Family Dwellings.

The following amendments, deletions, or additions to the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings are adopted by reference, as fully as though copied into such Dwelling Code, and thereby made a part of the Dwelling Code.

A. Section R101.1 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section R101.1 and substituting the following:

R101.1 Title. These provisions shall be known as the Residential Code for One- and Two-Family Dwellings of Metro Nashville, Tennessee, and shall be cited as such and will be referred to herein as "this code".

B. Sections R102.1 through R106.5 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings are hereby amended by deleting Sections R102.1 through R106.5 in their entirety.

C. Section R107.1 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting R107.1 Section and substituting the following:

R107.1 General. The building official is authorized to issue a permit for temporary structures and temporary uses. Such permits shall be limited as to time of service but shall not be permitted for more than 90 days. The building official is authorized to grant extensions for demonstrated cause.

D. Sections R108.1 through R114.4 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Sections R108.1 through 114.4 in their entirety.

E. Section R202 of the 2024 Edition of the International Residential Code for One-and Two-Family Dwellings is hereby amended by adding the following new definitions to Section R202.

BED AND BREAKFAST HOMESTAY—means a private home, inn or other unique residential facility located in a structure of historical significance as

defined in Tennessee Code Annotated Section 68-14-503(3) offering bed and breakfast accommodations and one (1) daily meal and having less than four (4) guest rooms furnished for pay, with guest staying not more than fourteen (14) days, and where the innkeeper resides on the premises or property, or immediately adjacent to it. Guest rooms shall be established and maintained distinct and separate from the innkeeper's quarters.

BOARD—shall mean the Metropolitan Board of Fire and Building Code Appeals.

BUILDING OFFICIAL—shall mean the Director of the Metropolitan Department of Codes Administration.

DIRECTOR—shall mean the Director of the Metropolitan Department of Codes Administration, his deputy or duly authorized representative.

NORMAL MAINTENANCE REPAIRS—shall be defined as repairs to an existing building or structure, including but not limited to exterior and interior painting, papering, glazing of windows and doors, floor finishing, minor repairs to chimneys, stairs, porches, underpinning, and repairs to an existing roof.

TEMPORARY—shall mean not more than 90 calendar days.

F. Table R301.2 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Table R301.2 and substituting the following:

Ground Snow Load (lbs.)		10
Wind Design	Speed (mph)	115
	Topographic effects	No
	Special Wind Region	No
Windborne Debris Zone		No
Seismic Design Category		C
Subject to Damage From:	Weathering	Severe
	Frost line depth (inches)	12"
	Termite	Heavy
Winter Design Temp (Degrees)		14° F
Ice Barrier Underlayment Required		No
Flood Hazards		In accordance with adopted Storm Water ordinance
Air Freezing Index		366
Mean Annual Temp		59° F
Manual J Design Criteria Elevation (feet)		640
Latitude (Degrees North)		35
Winter Heating		14
Summer Cooling		94
Altitude Correction Factor		*
Indoor Design Temperature		70
Design Temperature Cooling		75
Heating Temperature Difference		*
Cooling Temperature Difference		*
Wind Velocity Cooling		*
Coincident Wet Bulb		74
Daily Range		M
Winter Humidity		*
Summer Humidity		*

*This value to be determined using Manual J Design criteria.

G. Section R302.13 of the 2024 Edition of the International Residential Code for One- and two-Family Dwellings is hereby amended by deleting Section R302.13 and substituting the following:

R302.13 Fire protection of floors. Floor assemblies, not required elsewhere in this code to be fire-resistance rated, shall be provided with a 1/2-inch (12.7 mm) gypsum wallboard membrane, 5/8-inch (16 mm) wood structural panel membrane, or equivalent on the underside of the floor framing member. Penetrations or openings for ducts, vents, electrical outlets, lighting, devices, luminaires, wires, speakers, drainage, piping and similar openings or penetrations shall be permitted.

Exceptions:

1. Floor assemblies located directly over a space protected by an automatic sprinkler system in accordance with Section P2904, NFPA13D, or another approved equivalent sprinkler system.

2. Floor assemblies located directly over a crawl space not intended for storage.

3. Portions of floor assemblies can be unprotected when complying with the following:

3.1. The aggregate area of the unprotected portions shall not exceed 80 square feet per story.

3.2. Fire blocking in accordance with Section R302.11.1 shall be installed along the perimeter of the unprotected portion to separate the unprotected portion from the remainder of the floor assembly.

4. Wood floor assemblies using dimension lumber or structural composite lumber equal to or greater than 2-inch by 10-inch (50.8 mm by 254 mm) nominal dimension, or other approved floor assemblies demonstrating equivalent fire performance.

H. Sections 306.1 through 306.3.10 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Sections R306.1 through R306.3.10 in their entirety.

I. Section R308 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section R308 and substituting the following:

R308 Address Identification. All buildings and structures within Metropolitan Nashville and Davidson County shall have approved address numbers posted in accordance with following: Residences are to have their numbers at least three (3) inches in size, on a contrasting background, and in a position to be plainly visible and legible from the street or road fronting the property. The numbers may be attached to the residence or the mailbox, if the mailbox is next to the street.

J. Section R309.1 of the 2024 Edition of the International Residential Code for One-and Two-Family Dwellings is hereby amended by creating a new Section R309.1:

R309.1 Townhouse automatic fire sprinkler systems. A townhouse shall be considered a separate building with independent exterior walls and shall be separated by a two-hour fire-resistance-rated wall assembly. A townhouse shall be built according to local and statewide adopted building codes; provided, however, a fire sprinkler system shall not be required for a townhouse. For the purposes of this Code, "townhouse" means a single family dwelling unit constructed in a group of three (3) or more attached units that extends from foundation to roof, not more than three (3) stories in height, with a separate means of egress, and an open space or public way on at least two (2) sides.

K. Section R309.2 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section R309.2 in its entirety.

L. Section 310.2.2 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by adding the following new exception:

Exception 3. The interconnection and hardwiring of smoke alarms in existing areas shall not be required where the alterations or repairs do not result in the removal of interior walls or ceiling finishes exposing the structure.

M. Chapter 3 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by adding the following new section R333 HOUSE MOVING:

SECTION R333.1

Any person desiring to move any house, building, or structure shall comply with all of the provisions set forth in Section 16.28.175 of the Metropolitan Code and other provisions of this Code.

N. Section R403.1 of the 2024 Edition of the International Residential Code for One- and two-Family Dwellings is hereby amended by deleting Section R403.1 and substituting the following:

R403.1 General. All exterior walls shall be supported on continuous solid or fully grouted masonry or concrete footings, wood foundations, or other approved structural systems which shall be of sufficient design to accommodate all loads according to Section R301 and to transmit the resulting loads to the soil within the limitations as determined from the character of the soil. Footings shall be supported on undisturbed natural soils or engineered fill. All concrete footing shall have minimum bottom reinforcement. Minimum reinforcement shall be 2-#4's continuous and shall be located a minimum of 3 inches clear from the bottom and side of the footing. Concrete footings shall be designed and constructed in accordance with the provisions of Section R403 or in accordance with ACI 332.

O. Chapter 11 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by:

1. Deleting Table N1102.1.2 Maximum Assembly U-Factors and Fenestration Requirements, and Table 1102.1.3 Insulation Minimum R-values and Fenestration Requirements by Component in their entirety and replacing them with Table N1102.1 Insulation and Fenestration Requirements by Component and Table N1102.1.2 Equivalent U-Factors from the 2009 International Residential Code.

2. Deleting Section N1102.5.1.2 Air Leakage Testing in its entirety and replacing it with Section 1102.4.2.1 Testing Option and Section N1102.4.2.2 Visual Inspection from the 2009 International Residential Code.

P. Section N1103.5.2 Hot Water Pipe Insulation is hereby deleted in its entirety and substituting the following:

Section N1103.5.2 Hot Water Pipe Insulation. Insulation for service hot water piping shall comply with Table N1103.5.2 and shall be applied to the following:

1. Piping ¾ inch and larger in nominal diameter, unless located in a conditioned space.
2. Piping located outside the conditioned space.
3. Piping from the water heater to a distribution manifold.
4. Piping under a floor slab, unless sleeved with a minimum of one pipe size larger than the pipe being served.
5. Buried piping, unless sleeved with a minimum of one pipe size larger than the pipe being served.

6. Supply and return piping in circulating hot water systems.

Exception: Cold water returns in demand recirculation water systems. (Ord. BL2025-898 § 1, 2025; Ord. BL2024-182 § 3, 2024; Ord. BL2023-2009 § 1, 2023; Ord. BL2020-458 § 1, 2020; Ord. BL2015-1145 § 8, 2015; Ord. BL2010-613 § 1, 2010; Ord. BL2007-1373 § 2, 2007; Ord. BL2001-703 § 2, 2001; Ord. 98-1445 §§ 45—47, 1998; Ord. 96-562 §§ 9—25, 1996; Ord. 95-1542 § 3, 1995; Ord. 95-1487 §§ 20—27, 1995; Ord. 92-118 § 4, 1992)

16.08.016 Amendments to the International Energy Conservation Code.

The following amendments, deletions or additions to the 2024 Edition of the International Energy Conservation Code are adopted by reference as fully as though copied into said Dwelling Code and thereby made a part of the Dwelling Code.

A. Section 101.1 of the 2024 Edition of the International Energy Conservation Code is hereby amended by deleting Section 101.1 and adding a new Section 101.1.

101.1 Title. This code shall be known as the International Energy Conservation such. It is referred to herein as "this code."

B. The 2024 Edition of the International Energy Conservation Code is hereby amended so that it meets and does not exceed the 2018 International Energy Conservation Code standards as adopted by the State of Tennessee, per Tenn. Comp. R. & Regs. 0780-02-23-.02(1)(b). (Ord. BL2025-898 § 1, 2025; Ord. BL2023-2009 § 2, 2023; Ord. BL2020-458 § 1, 2020; Ord. BL2015-1145 § 9, 2015; Ord. BL2007-1390 § 9, 2007; Ord. BL2002-1142 § 15, 2002; Ord. 96-562 §§ 26, 27, 1996; Ord. 95-1487 § 28, 1995)

Chapter 16.12

PLUMBING CODE

Sections:

Article I. General Regulations

16.12.010 Purpose—Remedial.
16.12.020 Scope.
16.12.030 Proper maintenance—Owner responsibility.
16.12.040 Enforcement—Promulgation of regulations.
16.12.050 Additional requirements—Authority of director.
16.12.060 Conflicts with other ordinances.
16.12.070 Inspection records—Open to public.
16.12.080 Right of entry.
16.12.090 Noncompliance—Stop work orders.
16.12.100 Unsafe installations—Abatement.
16.12.110 Revocation of permits—Fees not refunded.

Article II. Plumbing Code

16.12.120 Adoption by reference.
16.12.130 Amendments to the International Plumbing Code.
16.12.140 Amendments to the Plumbing Sections of the 2024 International Residential Code for One- and Two-Family Dwellings.

Article III. (Reserved)

Article IV. Plumbing Permits

16.12.150 Required—Exceptions.
16.12.160 Application.
16.12.170 Qualifications.
16.12.180 Plans and specifications—Requirements.
16.12.190 Applications—Timely action upon.
16.12.200 Applications—Examination by director.
16.12.210 Reviewed plans—Labeled—Copy at jobsite.
16.12.220 Fee schedule—Plumbing permits and fixture classifications.
16.12.230 Failure to obtain permit—Fees tripled—Exception.
16.12.240 Fees—Refunds.
16.12.250 Issuance.
16.12.260 Permit denied.
16.12.270 Interpretation—Limit of authority.
16.12.280 Nontransferability.
16.12.290 Expiration—Extensions.
16.12.295 Change in contractor—Reissuance of permit—Fees.

Article V. Inspections

16.12.300 Required when.
16.12.310 Inspection test—Permittee's responsibility.
16.12.320 Notice to director that work is ready for inspection.
16.12.330 Materials and labor for tests.
16.12.340 Testing of plumbing and drainage systems required.
16.12.350 Testing—Procedure for water test.
16.12.360 Testing—Procedure for air test.
16.12.370 Testing—Final test—Additional tests.
16.12.380 Testing of existing plumbing.
16.12.390 Testing of interior leaders and downspouts.
16.12.400 Testing water supply systems.
16.12.410 Notice of rejection.
16.12.420 Reinspection required—Fee.
16.12.430 Notice of approval—When—Posted.
16.12.440 Certificate of approval—Issuance.
16.12.450 Covering work prior to approval prohibited.

Article I. General Regulations

16.12.010 Purpose—Remedial.

This chapter is declared to be remedial and shall be construed to secure the beneficial interests and purposes thereof, which are health, sanitation, general public safety and welfare, by regulation of all plumbing, plumbing installations, plumbing systems and plumbing system alterations, repairs and maintenance. (Prior code § 33-1-1)

16.12.020 Scope.

The provisions of this chapter shall apply to every plumbing installation and plumbing system, both new and existing, including, but not limited to, all alterations,

repairs, replacement and maintenance and to all plumbing devices, equipment, appliances, fixtures, fittings and appurtenances within the metropolitan government area.

Nothing in this chapter shall be construed to prohibit, and no permits shall be required for, normal maintenance and repairs to an existing plumbing system. (Ord. 90-1253 § 7, 1990; prior code § 33-1-2)

16.12.030 Proper maintenance—Owner responsibility.

A. All plumbing, plumbing installations and plumbing systems both new and existing, and all parts thereof and appurtenances thereto, shall be installed and maintained, as required by this chapter, in a safe and sanitary condition.

B. All devices, equipment and safeguards required by this chapter shall be installed and properly maintained in a safe and sanitary manner and in good working order.

C. The owner or his designated agent shall be held responsible for the proper maintenance of all plumbing, installations and plumbing systems. (Prior code § 33-1-3)

16.12.040 Enforcement—Promulgation of regulations.

A. The director of codes administration shall have the power and his duty shall be to enforce, in the manner herein provided, all laws, ordinances, rules and regulations relating to plumbing, plumbing installations and plumbing systems as set forth in this chapter and any amendments thereto, and to promulgate such rules and regulations as may be deemed necessary for the effective enforcement of this chapter.

B. Such rules and regulations as may be promulgated by the director pursuant to this section shall be approved by the board of plumbing examiners and appeals, shall be approved by the department of law as to form and legality and shall become effective upon written approval of the mayor. (Prior code § 33-1-5)

16.12.050 Additional requirements—Authority of director.

Any requirement deemed necessary for the safety, strength or stability of an existing or proposed plumbing installation or plumbing system or for the health, safety or welfare of the occupants of any building or structure, not specifically covered by the provisions of this chapter, shall be determined by the director of codes administration, subject to an appeal to the board of plumbing examiners and appeals. (Prior code § 33-1-12)

16.12.060 Conflicts with other ordinances.

A. In any case where a provision of this chapter is found to be in conflict with a provision of any zoning, housing, building, fire, safety or health ordinance or code of the metropolitan government, existing on January 1, 1966, the provision which establishes the higher standard for the promotion and protection of the health and safety of the public shall prevail.

B. Where a provision of this chapter is found to be in conflict with a provision of any other ordinance or code of the metropolitan government, existing on January 1, 1966, which establishes a lower standard for the promotion and protection of the health and safety of the public, the provisions of this chapter shall be deemed to prevail, and such other ordinances and codes are declared to be repealed to the extent that they may be found in conflict with the plumbing code. (Prior code § 33-1-14)

16.12.070 Inspection records—Open to public.

The director of codes administration shall keep or cause to be kept a record of the business activities of the plumbing inspection section. Such records shall be open for public inspection during the normal office hours of the department of codes administration. (Prior code § 33-1-6)

16.12.080 Right of entry.

The director of codes administration shall enforce the provisions of this chapter, and he or his duly authorized representative may enter, with the consent of the owner or occupant or with a valid search warrant, and upon presentation of proper identification, any building, structure or premises within the metropolitan government area to perform any duty or responsibility imposed upon him by this chapter. (Prior code § 33-1-7)

16.12.090 Noncompliance—Stop work orders.

A. When it is found that any plumbing installation is being made or that any plumbing devices, equipment or fixtures required by this chapter are being installed contrary to the provisions of this chapter, or that such plumbing installations, devices, equipment or fixtures installed are dangerous or unsafe, the director of codes administration shall issue or cause to be issued a stop work order.

B. Such stop work order shall be in writing and shall be served upon the owner of such property, his duly authorized agent or the person responsible for such work. A copy of the stop work order shall be posted in a conspicuous place upon the premises and it shall be unlawful for any person to remove such order or to

perform any work on the plumbing installation, device, equipment or fixtures so long as the stop work order shall remain in effect.

C. The stop work order shall set forth the reasons why such work is being stopped, the provisions of this chapter being violated and the conditions under which the order may be removed and the work resumed.

D. When, in the opinion of the director, an emergency exists, a written stop work order shall not be required, and in such instances, oral notice to the owner, his agent or the person in charge of the work, by the director or his duly authorized representatives, shall have the same force and effect as a written order. (Prior code § 33-1-9)

16.12.100 Unsafe installations—Abatement.

All plumbing, plumbing installations or plumbing systems which are unsafe or unsanitary, or which are dangerous to human life, or which, in relation to existing or contemplated use, constitute a hazard to the health, safety or general welfare of the community, by reason of improper installation, inadequate maintenance or abandonment, are declared to be illegal and shall be abated by repair, replacement or removal. (Prior code § 33-1-11)

16.12.110 Revocation of permits—Fees not refunded.

The director of codes administration may revoke a plumbing permit or approval issued under the provisions of this chapter in the event there has been any false statement or wilful misrepresentations on which the permit or approval was based. In all such instances, where a permit has been revoked, the permit fee shall not be refunded nor applied to any subsequent application for a permit. (Prior code § 33-1-10)

Article II. Plumbing Code

16.12.120 Adoption by reference.

The following sections and appendices are adopted and incorporated into this chapter as the technical section of plumbing code of the metropolitan government, by reference, as fully as though copied into this code, except as have been or may be hereafter amended herein.

A. 2024 Edition of the International Plumbing Code published by the International Code Council, as amended in this chapter, and Appendices B, C, D, E, and F of the 2024 Edition of the International Plumbing Code.

B. The following sections of the Subsurface Sewage Disposal system laws and regulations as published by the Tennessee Department of Environment and Conservation, Ground Water Protection division, as amended October 1993, are adopted and incorporated into this chapter as the Plumbing Code of the Metropolitan Government, by reference, as fully as though copied in this chapter, except as such sections and appendices have been or may be hereafter revised or amended by the Metropolitan Council: Section 201.1 through Chapter 14 and Appendices A and B. See Chapter 15.72 of the Metropolitan of the Metropolitan Code of Laws for additional requirements. (Ord. BL2025-898 § 2, 2025; Ord. BL2020-458 § 2, 2020; Ord. BL2015-1145 § 11, 2015; Ord. BL2007-1390 § 13, 2007; Ord. BL2007-1373 § 5, 2007; Ord. BL2002-1142 § 16, 2002; Ord. BL2001-703 § 6, 2001; Ord. 96-562 § 34, 1996; Ord. 95-1487 § 29, 1995)

16.12.130 Amendments to the International Plumbing Code.

The following amendments, deletions, or additions to the 2024 Edition of the International Plumbing Code are adopted by reference, as fully as though copied into such Plumbing Code, and thereby made a part of the Plumbing Code.

A. Section 101.1 of the 2024 Edition of the International Plumbing Code is hereby amended by deleting Section 101.1 and substituting the following:

> 101.1 Title. These regulations shall be known as the Plumbing Code of Metro Nashville and Davidson County hereinafter referred to as "this code".

B. Sections 101.2 through 115.4 of the 2024 Edition of the International Plumbing Code are hereby amended by deleting Sections 101.2 through 115.4 in their entirety.

C. Section 201 of the 2024 Edition of the International Plumbing Code is amended by adding a new Section 201.5 and substituting the following:

> 201.5 Interchangeability with the International Codes. The International Building Code shall be construed to mean the 2024 International Building Code. The International Property Maintenance Code shall be construed to mean the Property Code of the Metropolitan Government. The International Mechanical Code shall be construed to mean the 2024 International Mechanical Code. The International Fuel Gas Code shall be construed to mean the 2024 International Fuel Gas Code. The International Plumbing Code shall be construed to mean the 2024 International Plumbing Code. The International Private Sewage Disposal Code shall be construed to mean the Subsurface Sewage Disposal Systems Code. The ICC Electrical Code shall be construed to mean the 2023 National Electrical Code.

D. Section 202 of the 2024 Edition of the International Plumbing Code is hereby amended by adding the definition of "Plumbing Official" as follows:

PLUMBING OFFICIAL — shall mean the Director of the Metropolitan Department of Codes Administration, his deputy or duly authorized representative.

E. Section 202 of the 2024 Edition of the International Plumbing Code is hereby amended by deleting the definition of "Code Official" and substituting the following:

CODE OFFICIAL — shall mean the Director of the Metropolitan Department of Codes Administration, his deputy or duly authorized representative.

F. Sections 305.4 and 305.4.1 of the 2018 International Plumbing Code are hereby amended by deleting Sections 305.4 and 305.4.1 and substituting the following:

305.4. Freezing. Plumbing fixtures, water, soil and waste pipes shall not be installed outside of a building, in attics or crawl spaces, concealed in outside walls, or in any other place subjected to freezing temperature unless adequate provision is made to protect such pipes from freezing by insulation or heat or both. Exterior water supply system piping shall be installed not less than eighteen (18) inches below grade.

305.4.1 Sewer depth. Building sewers that connect to private sewage disposal systems shall be a minimum of twelve (12) inches below finished grade at the point of septic connection. Building sewers shall be a minimum of twelve (12) inches below grade.

Exceptions: variations to sewer connection depth shall be allowed only in the event of the city sewer connection point being less than the above stated depth, or being at a depth that prevents for proper fall from the business or residence to the connection point. In these instances, PVC shall have a pipe stiffness of 300 PSI or greater to prevent deflection failure from external live load.

G. Section 312.3 of the 2024 International Plumbing Code is hereby amended by deleting Section 312.3 and substituting the following:

312.3 Drainage and vent air test. Plastic piping shall not be tested using air. An air test shall be made by forcing air into the system until there is a uniform gauge pressure of 5 psi (34.5 kPa) or sufficient to balance a 10-inch (254 mm) column of mercury. This pressure shall be held for a test period of not less than 15 minutes. Any adjustments to the test pressure required because of changes in ambient temperatures or the seating of gaskets shall be made prior to the beginning of the test period.

Exception: Air testing on plastic pipe shall be permissible when water is not readily available or when the temperature is forecast to be below 32 degrees. Test pressure shall be between 3 and 5 PSI pursuant to the manufacturers rating.

H. Section 410.4 of the 2024 Edition of the International Plumbing Code is hereby amended by deleting Section 410.4 and substituting the following:

410.4 Where businesses provide drinking water in a container free of charge, an ADA accessible bottle filling station with disposable cups, or an ADA accessible water dispenser with disposable cups, drinking fountains shall not be required in those businesses. In other occupancies where three or more drinking fountains are required, water dispensers shall be permitted to replace not more than 50 percent of the required number of drinking fountains.

I. 503.1 of the 2024 Edition of the International Plumbing Code is hereby amended by deleting Section 503.1 and substituting the following:

503.1 Cold water line valve. The cold water branch line from the main water supply line to each hot water storage tank or water heater shall be provided with a valve, located within 3 feet of the equipment and serving only the hot water storage tank or water heater. The valve shall not interfere or cause a disruption of the cold water supply to the remainder of the cold water system. The valve shall be provided with access on the same floor level as the water heater served.

J. Section 604.9 of the 2024 Edition of the International Plumbing Code is hereby amended by deleting Section 604.9 and substituting the following:

604.9 Water hammer. The flow velocity of the water distribution system shall be controlled to reduce the possibility of water hammer. A water-hammer arrestor shall be installed where quick-closing valves are utilized. Water hammer-arrestors shall be installed as per the plan design but at a minimum at all washing machines, dishwashers, standalone ice makers, and solenoid valves or as part of the engineered plan design. Water-hammer arrestors shall be installed in accordance with the manufacturer's instructions. Water-hammer arrestors shall conform to ASSE 1010.

K. Section 607.2 of the 2024 Edition of the International Plumbing Code is hereby amended by deleting Section 607.2 and substituting the following:

607.2 Hot or tempered water supply to fixtures. The developed length of hot or tempered water piping, from the source of hot water to the fixtures that require hot or tempered water, shall not exceed 100 feet. This distance can be measured in straight line of

site from the source to the fixture. Recirculating system piping and heat-traced piping shall be considered to be sources of hot or tempered water.

L. Section 903.1.1 of the 2024 Edition of the International Plumbing Code is hereby amended by deleting Section 903.1.1 and substituting the following:

903.1 Stack required. Open vent pipes that extend through a roof shall be terminated not less than 12 inches (304.8mm) above the roof.

M. The 2024 Edition of the International Pluming code is hereby amended by deleting Appendix A in its entirety.

N. The 2024 Edition of the International Plumbing Code is hereby amended by deleting Appendix F in its entirety and replacing Appendix F as follows:

APPENDIX F REGULATIONS GOVERNING PRIVATE SEWAGE DISPOSAL SYSTEMS

The following regulations shall apply to the manufacture, sale, installation, repair, alteration, extension and relocation of all private sewage disposal systems under the jurisdiction of the Metropolitan Government of Nashville and Davidson County.

F101. APPROVED AND LIMITATIONS.

F101.1 ALLOWABLE USE. Septic tanks and soil absorption systems and other similar facilities may be constructed where no public sewerage system is available or is likely to become available within a reasonable time.

F101.2 PUBLIC SEWER CONNECTION. Private domestic sewage treatment and disposal systems shall be discontinued and adequately abandoned when public sewers become available to the building served.

F101.3 PERMISSION TO CONSTRUCT. No plumbing permit shall be issued for the installation of any septic tank or disposal field or for any individual or private sewage disposal system until satisfactory evidence of approval of such system, by the Metropolitan Department of Health, has been submitted to the Department of Codes Administration. On approved and recorded subdivisions, such notification consists of a letter to Codes Administration from the Health Department which covers each subdivided lot.

F101.4 PLANS AND SPECIFICATIONS.

F101.4.1 All manufacturers or distributors of mechanical sewage disposal units, filters, precast septic tanks or any other method of sewage disposal must submit detailed plans and specifications to the Director of Health of the Metropolitan Health Department, and receive approval prior to the manufacture and sale or installation of the product with the Metropolitan area of Nashville and Davidson County.

F101.4.2 Commercial and public buildings, such as but not limited to theaters, food dispensers, assembly halls, schools, churches, apartment buildings, motels, factories, mobile home parks, camp grounds and parks proposed to be constructed in an unsewered area, must submit detailed plans and specifications for the proposed sewage disposal system to the Sanitary Engineering Division of the Metropolitan Health Department for approval prior to any construction.

F101.4.3 The plans and specifications shall be submitted in triplicate and shall include the following:

F101.4.3.1 Detailed plan of the proposed septic tank or treatment tank and effluent disposal system showing building location, and with the distance labeled from building served to system, from system to well, lot line, lake, stream or other watercourse.

F101.4.3.2 The ground slope should be indicated and information submitted relative to the expected use and occupancy of the building to be served.

F101.4.3.3 Provide soil borings and percolation test data.

F101.4.3.4 There shall be maintained at the project site one set of plans bearing the Health Department's stamp of approval.

O. The 2024 Edition of the International Plumbing Code is hereby amended by adding Appendix G as follows:

Appendix G Governing Connections to Public Utilities

The Plumbing Code of Metro Nashville and Davidson County shall enforce all regulations required by State and Federal Law issued by Metro Water Services. Please refer to Water Development Services page on the Metropolitan Government website for the most up to date requirements. (Ord. BL2025-898 § 2, 2025; Ord. BL2020-458 § 2, 2020; Ord. BL2019-95 § 2, 2020; Ord. BL2015-1145 § 11, 2015; Ord. BL2007-1390 § 14, 2007; Ord. BL2002-1142 § 17, 2002; Ord. 98-1445 §§ 48—50, 1998; Ord. 96-562 § 35, 1996; Ord. 95-1487 §§ 30—51, 1995; Ord. 92-118 §§ 6—8, 1992; Ord. 89-1001 § 1 (part), 1989; Ord. 89-828 §§ 1, 2, 1989; prior code § 33-1-28 (a) (part))

16.12.140 Amendments to the Plumbing Sections of the 2024 International Residential Code for One- and Two-Family Dwellings.

The following amendments, deletions or additions to the 2024 Edition of the International Residential Code

for One- and Two-Family Dwellings are hereby adopted by reference as fully as though copied into said dwelling code and thereby made a part of the dwelling code.

A. Section P2603.5 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section P2603.5 and substituting the following:

P2603.5 Freezing. Water, soil or waste pipe shall not be installed or permitted outside of a building, or concealed in exterior walls, in attics spaces or crawl spaces, building overhangs above the adjacent grade, or in any other place subjected to freezing temperature unless adequate provision is made to protect it from freezing by insulation or heat or both. Water service pipe shall not be installed less than 18 in. below finished grade measured from the top of the pipe.

B. Section P2603.5.1 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section P2603.5.1 and substituting the following:

P2603.5.1 Sewer Depth. Building sewers that connect to private sewage disposal systems shall be a minimum of 12 inches below finished grade at the point of septic tank connection. Building sewers shall be a minimum of 12 inches below grade.

Exceptions: variations to sewer connection depth shall be allowed only in the event of the city sewer connection point being less than the above stated depth, or being at a depth that prevents for proper fall from the business or residence to the connection point. In these instances, PVC shall have a pipe stiffness of 300 PSI or greater to prevent deflection failure from external live load.

C. Section P2903.3 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by adding the following new Section P2903.3.

P2903.3 Minimum pressure. Minimum positive pressure or twenty (20) psi is required at the building entrance for either public or private water services. The pressure shall be increased by means of an elevated water tank, a hydropnuematic pressure booster system or a water pressure booster pump. No person shall install or maintain a water service connection to any dwelling where a booster pump has been installed unless such booster pump is equipped with a low pressure cut-off mechanism designed to cut off the booster pump when the pressure on the suction side of the pump drops to twenty (20) psi gage.

D. Section P2903.10.1 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section P2903.10.1 and substituting the following:

P2903.10.1 Service Valve. A main shut-off valve on the water service line shall be installed for each dwelling unit within a building and shall be accessible in the living portion of the dwelling unit or an attached garage. Additionally, the water service shall be valved at the curb or property line in accordance with local requirements. (Ord. BL2025-898 § 2, 2025; Ord. BL2020-458 § 2, 2020; Ord. BL2015-1145 § 12, 2015; Ord. BL2007-1373 § 6, 2007; Ord. BL2001-703 § 7, 2001; Ord. 96-562 §§ 36—67, 1996)

Article III. (Reserved)

Article IV. Plumbing Permits

16.12.150 Required—Exceptions.

A. A plumbing permit shall be obtained from the department of codes administration prior to the installation of any plumbing, plumbing system or part thereof, including the installation or repair of a new or existing private sewage disposal system, and prior to the connection of any such plumbing installation or plumbing system to any sewer, sanitary or storm drain, septic drain, or sewage disposal system, public or private, and prior to the installation of any plumbing device, equipment, appliance or fixture in any existing or proposed plumbing installation or system, regardless of whether any such plumbing installation is made within the county or outside the limits thereof.

B. A permit shall not be required for any storm drainage system except where the same connects to a public storm sewer or combination sewer, or is inside or under a building. (Prior code § 33-1-29)

16.12.160 Application.

Application for a plumbing permit shall be made in writing on forms provided by the director of codes administration. Each applicant entitled to receive a plumbing permit shall submit such information as may be deemed necessary to assure that the plumbing installation or plumbing system for which a permit is requested, when installed, shall comply with the requirements and provisions of this chapter. (Prior code § 33-1-32)

16.12.170 Qualifications.

No permit for the installation of any plumbing, plumbing system, or part thereof, or the connection of any such plumbing installation or plumbing system to any sewer, septic tank or sewerage disposal system,

public or private, or the installation or repair of any plumbing device, equipment, appliance, or fixture required or governed by this chapter shall be issued to any person unless such person has been duly registered by the department of codes administration as a metropolitan plumbing contractor; except, that a person holding a current and valid certificate of registration as a metropolitan master plumber or a property owner shall be authorized to obtain permits to do plumbing work or to make plumbing installations as follows:

A. A person holding a certificate as a metropolitan master plumber shall be authorized to obtain permits to do plumbing work in connection with buildings and properties owned and operated by the organization or institution named as employer in his application for examination and certification.

B. The director of codes administration or his duly authorized representative shall be authorized to issue a "homeowner permit" to any resident homeowner desiring to make plumbing improvements and/or additions to his/her residence with the following condition: The improvement and/or additions must be performed by the resident homeowner and must satisfy the chief plumbing inspector that he/she is qualified to install such plumbing work. (Ord. 89-1028 § 2, 1989; prior code § 33-1-30)

16.12.180 Plans and specifications—Requirements.

A. When, in the opinion of the director of codes administration, detailed plans and specifications are necessary to define the nature and character of the work to be performed and to identify the type, grade, and size of the materials, devices, equipment, and fixtures to be installed, the applicant for a plumbing permit shall furnish such plans and specifications with the application for a plumbing permit. Such plans shall be drawn to scale and all plans and specifications shall be in duplicate.

B. All information submitted with the application for a plumbing permit and in the plans and specifications shall be specific, and this chapter shall not be cited as whole or in part, nor shall the term "legal" or "equivalent" be used as a substitute for the specific information required. (Prior code § 33-1-33)

16.12.190 Applications—Timely action upon.

The director of codes administration shall act upon, or cause to be acted upon, an application for a plumbing permit, with plans and specifications as filed therewith or as such may be amended, without unreasonable or unnecessary delay. (Prior code § 33-1-34)

16.12.200 Applications—Examination by director.

The director of codes administration shall examine, or cause to be examined, each application for a plumbing permit and the plans and specifications submitted therewith, and shall determine by such examination whether the plumbing installation, plumbing system, device, equipment, fixtures, etc., as indicated and described, are in accordance with the provisions and requirements of this chapter and other pertinent laws and ordinances. (Prior code § 33-1-35)

16.12.210 Reviewed plans—Labeled—Copy at jobsite.

Each set of reviewed plans and specifications shall be properly marked "Reviewed," with one set being returned to the applicant with the permit, and one set to be retained as a record in the office of the director of codes administration. A copy of the reviewed plans and specifications shall be kept on the job at all times during the progress of the work. (Ord. 95-1487 § 86 (part), 1995; prior code § 33-1-36)

16.12.220 Fee schedule—Plumbing permits and fixture classifications.

A. No plumbing permit shall be held valid until the fees prescribed in this section shall have been paid, nor shall an amendment or change to an existing permit be approved until such additional fees as may be due shall have been paid.

B. Permit fees for the installation of plumbing systems, devices, equipment and fixtures, including but not limited to the installation of fixtures, sewer connections, septic tanks, hot water heaters, repairs and alterations to existing plumbing installations and systems, shall be as follows:

Minimum fee (each permit)	$75.00
*Plumbing fixtures (each fixture)	$11.00
Each additional building drain	$32.00
Sewer connection	$80.00
Water service connection.	$80.00
Septic tank and disposal field	$80.00
Hot water heater.	$43.00
Re-inspection fee (each)	$50.00

*Each fixture outlet shall be counted as one fixture in figuring the total permit fee, whether or not the fixture is actually set at the time the plumbing system is installed.

C. The classifications listed below, among others, shall each be counted as one fixture:

Area drains;

Backflow preventers;

Baptisteries;
Bathtubs (with or without overhead shower);
Boiler blow-off tanks;
Combination sink and tray;
Commercial icemakers.
Dental lavatory;
Dental unit or cuspidor;
Diluting tanks and interceptors;
Dishwasher (fixed unit);
Disposal units (commercial);
Drinking fountains;
Floor drains;
Grease traps and interceptors;
Kitchen sinks;
Lavatory;
Pools, fountains and aquaria;
Roof drains;
Shower drains;
Slop sinks
Solar panels when connected to plumbing system;
Sump pumps;
Swimming pools;
Urinals;
Washers (clothes, domestic, fixed drains);
Washers (commercial, fixed drains);
Water closets;
Water tanks.

D. Workforce housing fee adjustments.

1. In order to facilitate the provision of workforce housing within the area of the metropolitan government, the permit fees provided in subsection B. of this section shall be reduced by twenty-five percent for new home construction, or the rehabilitation of existing dilapidated and vacant homes, to be used for workforce housing.

2. For purposes of this subsection, "workforce housing" means housing that meets one of the following two criteria:

a. Housing to be sold at a price at or below two and one-half times ninety-five percent of the median family income currently listed for Davidson County as established by the U.S. Department of Housing and Urban Development; or

b. Housing to be rented for at least five years at an annual rental amount that is at or below thirty percent of seventy percent of the median family income currently listed for Davidson County as established by the U.S. Department of Housing and Urban Development.

3. The director shall have the authority to promulgate rules and regulations to implement the provisions of this subsection, provided such rules and regulations are not inconsistent with the express provisions of this subsection. Applicants obtaining the twenty-five percent reduction in permit fees for workforce housing shall provide the director with a sworn affidavit that the residences constructed will satisfy the criteria set forth above and shall file a deed restriction with the Davidson County Register of Deeds requiring that the property remain a workforce housing unit for at least five years. In the event the property does not remain a workforce housing unit for at least five years, the permit holder shall pay to the Metropolitan Government the amount of the permit fee reduction provided above plus interest at the rate of ten percent per annum. (Ord. BL2022-1215 § 2, 2022; Subst. Ord. BL2010-788 § 1, 2010; Ord. BL2010-642 § 5, 2010; Ord. BL2004-175 § 1, 2004; Ord. 92-118 § 10, 1992; Ord. 89-1001 § 3, 1989; Ord. 89-820 §§ 1, 2, 1989; prior code § 33-1-37)

16.12.230 Failure to obtain permit—Fees tripled—Exception.

In addition to any other penalty imposed for failure to obtain a permit, when work on any plumbing, plumbing installation or plumbing system requiring a permit is commenced prior to the issuance of the required permit, the permit fee for such work shall be tripled; provided, that the triple fee penalty shall not be applied when, in the opinion of the director of codes administration, an emergency exists. (Ord. 91-1529 § 2, 1991; prior code § 33-1-38)

16.12.240 Fees—Refunds.

A. Application for a refund of fees paid for any unused permit issued under the provisions of this chapter shall be made on forms provided by the director of codes administration.

B. Refunds shall only be made for that portion of a fee exceeding seventy-five dollars. In no case shall any fee be refunded on any unused permit over six months old or when any inspection has been made, regardless of the fees paid. (Ord. BL2025-1101 § 1, 2025; Ord. BL2010-642 § 6, 2010; Ord. 91-1529 § 3, 1991; prior code § 33-1-39)

16.12.250 Issuance.

Upon approval of the application for a plumbing permit and the plans and specifications submitted therewith, the director of codes administration shall issue or cause to be issued a permit therefor to the applicant. (Prior code § 33-1-40)

16.12.260 Permit denied.

In such instances where it has been determined that the application for a plumbing permit or the plans and specifications filed therewith do not conform to the requirements of this chapter or other pertinent laws and ordinances, a plumbing permit shall be refused. The

plans and specifications shall he returned to the applicant with a statement setting forth the reasons for such refusal. (Prior code § 33-1-41)

16.12.270 Interpretation—Limit of authority.

A. The issuance of a plumbing permit shall be construed as the authority to proceed only with the work specified and approved, and shall not in any manner be construed as the authority to violate, cancel, alter, change or set aside any of the provisions of this chapter, nor to do or perform any work or make any installation not specifically covered by the approved plans and specifications upon which the permit was issued. The issuance of a plumbing permit shall not prevent nor prohibit the director of codes administration from thereafter requiring the correction of errors or omissions in the plans and specifications or in the plumbing installation or of violations of this chapter.

B. The plumbing contractor shall be responsible for notifying the plumbing inspector of any change in plans. (Prior code § 33-1-42)

16.12.280 Nontransferability.

Permits issued under this chapter are not transferable from one contractor, one job, site or location to another, and any refunds shall be made in accordance with Section 16.12.240. This provision shall not prohibit the correction or change of addresses, location or contractor made through error on the application. (Ord. 98-1445 § 76, 1998)

16.12.290 Expiration—Extensions.

Any plumbing permit issued shall become invalid unless the work authorized by such permit shall have been commenced within six months after the date of issuance, or if the work so authorized is suspended or abandoned for a period of one year after the time the work is commenced. The director of codes administration may, for justifiable cause, grant one or more extensions of time for periods not exceeding ninety days each. (Prior code § 33-1-43)

16.12.295 Change in contractor—Reissuance of permit—Fees.

When a change in a contractor occurs before a job is completed, the contractor who obtains the permits shall notify the codes department in writing. A new permit shall be taken out for the unfinished construction. If the permit fee for the original construction was not refunded, the contractor that completes the construction shall pay a fee based on the administrative costs to process the permit that shall be no less than the minimum permit fee. If the permit fee for the original construction has been refunded, the contractor that completes the construction shall pay a full permit fee based upon the construction. (Ord. BL2025-1101 § 2, 2025; Ord. 98-1445 § 77, 1998)

Article V. Inspections

16.12.300 Required when.

All new plumbing installations and plumbing systems and such portions of an existing plumbing system as may be affected by new plumbing installation or changes, for which a permit is required, shall be inspected to assure compliance with the requirements of this chapter and to assure that the installation and construction of the plumbing system is in accordance with the approved plans and specifications. (Prior code § 33-1-44)

16.12.310 Inspection test—Permittee's responsibility.

It shall be the responsibility of the person to whom a plumbing permit has been issued to assure that the plumbing installation made will stand the test prescribed before making a request of the department of codes administration for test and inspection. (Prior code § 33-1-46)

16.12.320 Notice to director that work is ready for inspection.

It shall be the duty of the person to whom a plumbing permit is issued to give reasonable advance notice to the department of codes administration when the plumbing work for which a permit has been issued is ready for test and inspection. (Prior code § 33-1-45)

16.12.330 Materials and labor for tests.

The equipment, material, power and labor required for all plumbing inspections and tests shall be furnished by the permittee. (Prior code § 33-1-48)

16.12.340 Testing of plumbing and drainage systems required.

All piping of the plumbing system shall be tested with either water or air. After the plumbing fixtures have been set and their traps filled with water, the entire drainage system shall be submitted to a final test. The director of codes administration may require the removal of any cleanouts to ascertain that the pressure has reached all parts of the system. (Prior code § 33-1-49)

16.12.350 Testing—Procedure for water test.

A. The water test shall be applied to the drainage system in its entirety or in sections. If the test is applied to the entire system, all openings in the piping shall be

tightly closed, except the highest opening and the system filled with water to the point of overflow. If the system is tested in sections, each opening shall be tightly plugged, except the highest openings in the section under test, and each section shall be filled with water. No section shall be tested with less than a ten-foot head of water.

B. In testing successive sections, the upper ten feet of the next preceding section shall be tested so that no joint or pipe in the system (except the uppermost ten feet of the system) shall have been subjected to a test of less than a ten foot head of water.

C. The water shall be kept in the system or that portion of the system under test for fifteen minutes prior to inspection.

D. For successful passage of this test, the system shall be tight at all joints. (Prior code § 33-1-50)

16.12.360 Testing—Procedure for air test.

A. When an air test is used, the test shall be made by attaching an air compressor or testing apparatus to any suitable opening after closing all other inlets and outlets to the system. Air is then forced into the system until there is a uniform gauge pressure of five pounds per square inch or sufficient pressure to balance a column of mercury ten inches in height.

B. To satisfactorily complete this test, the pressure shall be maintained for a period of fifteen minutes without the introduction of additional air. (Prior code § 33-1-51)

16.12.370 Testing—Final test—Additional tests.

A. The final test of the completed drainage and vent system shall be visual and performed in such a manner as to assure that the entire plumbing system meets the requirements of this chapter for such installation. When, in the opinion of the director of codes administration, acceptable performance of the plumbing installation or plumbing system is questionable, he may require such system to be subjected to a smoke or peppermint test.

B. When the smoke test is used, it shall be made by filling all traps with water and then introducing into the entire system a pungent, thick smoke produced by one or more smoke machines. When smoke appears at the stack openings they shall be closed and a pressure equivalent to a one-inch water column shall be built up and maintained for fifteen minutes before inspection.

C. When the peppermint test is used, two ounces of oil of peppermint shall be introduced for each line or stack.

D. For successful passage of this test, the system shall be tight at all joints. (Prior code § 33-1-52)

16.12.380 Testing of existing plumbing.

When there is reason to believe that the drainage system of any building has become defective, it shall be subjected to an inspection and test prior to approval for further use. (Prior code § 33-1-56)

16.12.390 Testing of interior leaders and downspouts.

Leaders or downspouts and branches within the building shall be tested by water or air as set forth in Sections 16.12.350 and 16.12.360, respectively. (Prior code § 33-1-54)

16.12.400 Testing water supply systems.

Upon completion of a section or of the entire water supply system, it shall be tested and proved tight under a water pressure not less than twenty-five pounds above the working pressure under which it is to be used. The water used for tests shall be obtained from a potable source of supply. (Prior code § 33-1-53)

16.12.410 Notice of rejection.

A. In the event of failure of a plumbing installation or plumbing system to pass the required tests and inspection, notice of such failure shall be given the permittee and a plumbing-rejected notice shall be placed in a conspicuous place within the building, pending a reinspection and testing.

B. It is unlawful for any person to remove a plumbing-rejected notice prior to satisfactory completion of the reinspection testing. (Prior code § 33-1-58)

16.12.420 Reinspection required—Fee.

When the plumbing installation does not pass the required inspections, the permittee shall be required to make the necessary changes and corrections and to submit the plumbing installation to reinspection within ten working days after rejection. In all instances where reinspections are deemed necessary, an additional fee of ten dollars shall be paid for each reinspection required. (Prior code § 33-1-47)

16.12.430 Notice of approval—When—Posted.

Upon satisfactory completion of the roughing-in inspection and testing of a plumbing installation or plumbing system, notice of approval of such installation shall be posted in a conspicuous place within the building. Such notice shall be dated and properly signed by the person making the inspection. (Prior code § 33-1-57)

16.12.440 Certificate of approval—Issuance.

Upon satisfactory completion and final test of the plumbing system, a certificate of approval may be issued by the director of codes administration, upon the request of the permittee or owner. (Prior code § 33-1-59)

16.12.450 Covering work prior to approval prohibited.

A. No plumbing, plumbing installation, plumbing system or part thereof shall be covered until it has been inspected, tested and approved, as required by this chapter.

B. When any plumbing, plumbing installation, plumbing system or part thereof has been covered prior to being inspected and tested, the director of codes administration shall require the same to be uncovered, in order that the necessary test may be performed. (Prior code § 33-1-55)

Chapter 16.16

GAS/MECHANICAL REGULATIONS

Sections:

Article I. General Regulations

16.16.010 Intent—Remedial.
16.16.020 Scope.
16.16.030 Proper maintenance required—Owner's responsibility.
16.16.040 Alteration or repair to existing system—Compliance required—Exception.
16.16.050 Change in occupancy classification—Conformance required.
16.16.060 Variances for existing buildings—Authority of director.
16.16.070 Homeowner permits—Regulations.
16.16.080 Enforcement—Authority of director—Approval of promulgated regulations required.
16.16.090 Inspection records—Open to public.
16.16.100 Right of entry.
16.16.110 Stop work orders—Service—Content—Emergency procedure.
16.16.120 Stop work order—Appeal.
16.16.130 Revocation of permit—Fees not refunded.
16.16.140 Hazardous installations—Abatement.
16.16.150 Additional requirements—determined by director.
16.16.160 Conflicts with other ordinances.
16.16.170 Alternate methods or materials—Approval required.

Article II. Gas and Mechanical Codes

16.16.180 Adopted by reference.
16.16.190 Certain supplemental codes and standards adopted by reference.
16.16.230 Amendments to gas/mechanical sections of the 2024 International Residential Code for One- and Two-Family Dwellings.
16.16.240 Local amendments to International Fuel Gas Code.
16.16.250 Liquefied Petroleum Gases Code—Local amendments.
16.16.260 International Mechanical Code—Local amendments modified.
16.16.270 Equipment, appliances and/or HVAC&R units.
16.16.280 Electrical connections.
16.16.290 Plumbing connections.
16.16.300 Gas connections—Adequate air supply required.
16.16.310 Gas connections—Authority.
16.16.320 Fuel gas installations and operating pressures.
16.16.330 Work not requiring contractor's license—Permit required.

Article III. Permits

16.16.340 Required when—Exceptions.
16.16.350 Registration as metropolitan master contractor required—Exception.
16.16.360 Application—Signature of certificate holder.
16.16.370 Plans and specifications—Requirements.
16.16.380 Examination of applications.
16.16.390 Plans and specifications—Reviewed—Copy at jobsite.
16.16.400 Fee schedule—Gas/mechanical permits and classification of appliances.
16.16.410 Failure to obtain permit—Fees tripled.
16.16.420 Issuance.
16.16.430 Permit denied—Written statement.
16.16.440 Interpretation—Limited authority.
16.16.450 Expiration—Extension.
16.16.460 Nontransferability—Refunds.
16.16.470 Change in contractor—Reissuance of permit—Fees.
16.16.480 Fees—Refunds.

Article IV. Inspections

16.16.490 Required when.
16.16.500 Alteration of existing system.
16.16.510 Inspection test—Permittee's responsibility.

16.16.520 Successive inspections—Conducted when.
16.16.530 Notice to director that work is ready for inspection.
16.16.540 Retesting and reinspection—Fee.
16.16.550 Notice of approval when.
16.16.560 Notice of rejection.
16.16.570 Certificate of approval.
16.16.580 Temporary certificate of approval.

Article V. Certification of Contractors

16.16.590 Classifications of certificates—Enumerated.
16.16.600 Classifications—Defined.
16.16.610 Examination, certification and registration required.
16.16.620 Application—Duty of contractor—Prerequisites.
16.16.630 Limited certificate.
16.16.640 Examination—Notice of.
16.16.650 Examination—Content.
16.16.660 Examination—Failure to appear.
16.16.670 Reexamination.
16.16.680 Issuance—Requirements.
16.16.690 Fees.
16.16.700 Annual renewal—Penalty for failure to renew.
16.16.710 Duties of certificate holders.
16.16.720 Revocation of certificate—Grounds—Notice—Recertification.
16.16.730 Inactivation of certificate upon holder's request.

Article VI. Contractor Requirements

16.16.740 Metropolitan master mechanical contractor defined.
16.16.750 Metropolitan HVAC&R contractor defined.
16.16.760 Metropolitan gas and appliance contractor defined.
16.16.770 Issuance of certificates to existing contractors without examination—Requirements.
16.16.780 Registration, bonding and insurance—Requirements.
16.16.790 Duties of gas/mechanical contractors.
16.16.800 Registration—Certification required.
16.16.810 Revocation of registration—Grounds—Notice—Reinstatement.
16.16.820 Contractor's eligibility for permits—Employment of certificate holder required.
16.16.830 Stop work order—Issued for work authorized under certificate holder required.
16.16.840 Display of license and advertising.
16.16.850 Vehicle identification requirements.
16.16.860 Advertisements must include certificate numbers and classification.

Article I. General Regulations

16.16.010 Intent—Remedial.

This chapter is declared to be remedial and shall be construed to secure the beneficial interests and purposes thereof, which are health, sanitation, general public safety and welfare, by regulation of all heating, ventilating, air conditioning, refrigeration, and gas installations, systems, alterations, repairs, and maintenance. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-1)

16.16.020 Scope.

A. The provisions of this Code shall apply to the installation of consumer's gas piping, gas appliances, and related accessories as covered in this Code. These requirements apply to gas piping systems extending from the point of delivery to the inlet connections of appliances, and the installation and replacement of residential and commercial gas appliances and related accessories.

B. The provisions of this Code shall also apply to the installation of mechanical systems, including alterations, repairs, replacement, equipment, appliances, fixtures, fittings and/or appurtenances, including ventilating, heating, cooling, air conditioning and refrigeration systems, incinerators, radon gas reduction systems, and other energy-related systems.

C. Nothing in this chapter shall be construed to prohibit, and no permits shall be required for, normal maintenance and repairs to an existing gas and/or mechanical system.

D. Nothing in this chapter shall apply to gas piping, meters, gas pressure regulators, and other appurtenances used by the serving gas supplier in distribution of gas, other than undiluted LP gas. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-2)

16.16.030 Proper maintenance required—Owner's responsibility.

A. All mechanical, heating, ventilating, air conditioning and refrigeration, both new and existing, and all parts thereof and appurtenances thereto, shall be installed and maintained as required by this chapter, in a safe and clean condition.

B. All devices, equipment and safeguards required by this chapter shall be installed and properly maintained in a safe and clean manner and in good working order. The owner, or his designated agent, shall be held responsible for the proper maintenance of all gas/mechanical installations and gas/mechanical systems. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-3)

16.16.040 Alteration or repair to existing system—Compliance required—Exception.

Alterations, repairs or replacement work may be made to any existing gas system or mechanical systems without requiring the system to comply with all the requirements of this Code provided that the alteration, repair or replacement work conforms to the requirements of this code for new construction. The gas/mechanical official shall determine the extent to which the existing system shall be made to conform to the requirements of this code for new construction. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-4)

16.16.050 Change in occupancy classification—Conformance required.

If the occupancy classification of an existing tenant space or building is changed, the gas/mechanical system shall be made to conform to the latest adopted gas/mechanical code. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-5)

16.16.060 Variances for existing buildings—Authority of director.

A. To promote conservation and rehabilitation of existing buildings, alterations, repairs, or change of occupancy and use may be made to existing buildings where such rehabilitation is made to conform to the intent of this Code as established by the director. The director may exercise discretionary authority, subject to appeal, to vary or modify in whole or in part the application of any provision of this Code where compliance with such provision would create practical difficulty or undue hardship.

B. Such variance or modification shall be consistent with the intent of this Code, which is to achieve acceptable levels of safety for the general public. The director shall require documented justification for any request for such variance or modification from any code provision to be prepared in written form, supported by technical or other data deemed necessary and that such proposal become a part of the permanent records of the department of codes administration. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-6)

16.16.070 Homeowner permits—Regulations.

Nothing in this chapter shall prevent a resident homeowner from installing or maintaining a mechanical system within his/her own property boundaries, provided such work is done by himself/herself. Such privilege does not convey the right to violate any of the provisions of this chapter, nor is it to be construed as exempting any such homeowner from obtaining a permit and paying the required fees therefor.

The director of codes administration or his duly authorized representative shall be authorized to issue "homeowner permits" to property owners desiring to make mechanical repairs and/or additions to their property or improvements thereto. Homeowner permits shall be issued only if the applicant meets the following conditions:

1. The mechanical repairs and/or additions shall be made to the applicants principle dwelling. This may also include one side or a duplex dwelling unit.

2. For construction of a new single-family dwelling, the homeowner may obtain one gas/mechanical permit every two years for a new mechanical installation.

3. The repairs, additions and/or new dwelling shall be of such nature that a person of average intelligence could make the repairs and/or additions without the assistance of a gas/mechanical contractor.

4. The department of codes administration may void a homeowner's permit if it is determined that the installation is beyond the capabilities of the homeowner and the work being done does not comply with this chapter.

5. The homeowner must do the work himself without the help of a gas/mechanical contractor or certificate holder.

6. Gas piping and gas connections to an appliance or equipment shall be only installed by a licensed master mechanical, HVAC&R or gas and appliance contractor. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-7)

16.16.080 Enforcement—Authority of director—Approval of promulgated regulations required.

A. The director of codes administration shall have the power and his duty shall be to enforce, in the manner herein provided, all laws, ordinances, rules and regula-

tions relating to gas and mechanical, gas and mechanical installations and gas and mechanical systems as set forth in this chapter and any amendments thereto, and to promulgate such rules and regulations as may be deemed necessary for the effective enforcement of this chapter.

B. Such rules and regulations as may be promulgated by the director pursuant to this section shall be approved by the board of gas/mechanical examiners and appeals, shall be approved by the department of law as to form and legality and shall become effective upon written approval of the mayor. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-8)

16.16.090 Inspection records—Open to public.

The director of codes administration shall keep or cause to be kept a record of the business activities of the gas/mechanical inspection section. Such records shall be open for public inspection during the normal office hours of the department of codes administration. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-9)

16.16.100 Right of entry.

The director of codes administration shall enforce the provisions of this chapter, and he or his duly authorized representative may enter, with the consent of the owner or occupant or with a valid search warrant, and upon presentation of proper identification, any building, structure or premises within the metropolitan government area to perform any duty or responsibility imposed upon him by this chapter. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-10)

16.16.110 Stop work orders—Service—Content—Emergency procedure.

A. When it is found that any gas/mechanical installation is being made or that any gas/mechanical devices, equipment or fixtures required by this chapter are being installed contrary to the provisions of this chapter, or that such gas/mechanical installations, devices, equipment or fixtures installed are dangerous or unsafe, the director of codes administration shall issue or cause to be issued a stop work order.

B. Such stop work order shall be in writing and shall be served upon the owner of such property, his duly authorized agent or the person responsible for such work. A copy of the stop work order shall be posted in a conspicuous place upon the premises and it is unlawful for any person to remove such order or to perform any work on the gas or mechanical installation, device, equipment or fixtures so long as the stop work order shall remain in effect.

C. The stop work order shall set forth the reasons why such work is being stopped, the provisions of this chapter being violated and the conditions under which the order may be removed and the work resumed.

D. When, in the opinion of the director of codes administration, an emergency exists, a written stop work order shall not be required, and in such instances, oral notice to the owner, his agent or the person in charge of the work, by the director of codes administration or his duly authorized representatives, shall have the same force and effect as a written order. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-11)

16.16.120 Stop work order—Appeal.

Upon written notice of an appeal to the board of gas/mechanical examiners and appeals, involving a work stoppage under the circumstances as set forth in Section 16.16.110, the board may meet in special session and shall take such action as may be deemed necessary to assure that the intent and purpose of this chapter are complied with. In each such instance, the action of the board shall be final, subject to such relief as the aggrieved party may have at law or in equity. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-11.1)

16.16.130 Revocation of permit—Fees not refunded.

The director of codes administration may revoke a gas/mechanical permit or approval issued under the provisions of this chapter in the event there has been any false statement or wilful misrepresentations on which the permit or approval was based. In all such instances, where a permit has been revoked, the permit fee shall not be refunded nor applied to any subsequent application for a permit. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-12)

16.16.140 Hazardous installations—Abatement.

All gas/mechanical installations or gas/mechanical systems which are unsafe, or which are dangerous to human life, or which, in relation to existing or contemplated use, constitute a hazard to the health, safety or general welfare of the community, by the reason of improper installation, inadequate maintenance or abandonment, are declared to be illegal and shall be abated by repair, replacement or removal. Any person making unsafe, hazardous, etc. installation shall be brought before the board for possible disciplinary action. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-13)

16.16.150 Additional requirements—Determined by director.

Any requirement deemed necessary for the safety, strength or stability of an existing or proposed gas/mechanical installation or gas/mechanical system or for the health, safety or welfare of the occupants of any building or structure, not specifically covered by the provisions of this chapter, shall be determined by the director of codes administration, subject to an appeal to the board of gas/mechanical examiners and appeals. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-14)

16.16.160 Conflicts with other ordinances.

A. In any case where a provision of this chapter is found to be in conflict with a provision of any zoning, housing, building, fire, safety, plumbing or health ordinance or code of the metropolitan government, existing on January 1, 1966, the provision which establishes the higher standard for the promotion and protection of the health and safety of the public shall prevail.

B. Where a provision of this chapter is found to be in conflict with a provision of any other ordinance or code of the metropolitan government, existing on January 1, 1966, which establishes a lower standard for the promotion and protection of the health and safety of the public, the provisions of this chapter shall be deemed to prevail, and such other ordinances and codes are declared to be repealed to the extent that they may be found in conflict with the gas/mechanical code. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-15)

16.16.170 Alternate methods or materials—Approval required.

The provisions of this code are not intended to prevent the use of any material or method of construction not specifically prescribed by this code, provided any such alternate has been approved by the gas/mechanical official. The gas/mechanical official may approve any such alternate, provided he finds that the alternate for the purpose intended is at least the equivalent of that prescribed in this code in quality, strength, effectiveness, fire resistance, durability, and safety. The gas/mechanical official shall require that sufficient evidence or proof be submitted to substantiate any claim made regarding the alternate. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-16)

Article II. Gas and Mechanical Codes

16.16.180 Adoption by reference.

The following sections and appendices are adopted and incorporated into this chapter as the technical section of the building code of the metropolitan government, by reference, as fully as though copied into this code, except as have been or may be hereafter amended herein:

A. 2024 Edition of the International Fuel Gas Code, Appendices A, B, C, & D.

B. 2024 Edition of the International Mechanical Code, Appendix A. (Ord. BL2025-898 § 3, 2025; Ord. BL2020-458 § 3, 2020; Ord. BL2015-1145 § 13, 2015; Ord. 90-1253 § 1 (part), 1990; prior code §§ 19-1-40, 19-1-40.1)

16.16.190 Certain supplemental codes and standards adopted by reference.

The following sections and appendices are adopted and incorporated into this chapter as the technical section of the building code of the metropolitan government, by reference, as fully as though copied into this code, except as have been or may be hereafter amended herein:

A. The 2024 Edition of the Storage and Handling of Liquefied Petroleum Gases (NFPA 58), Sections 1-1 through 9-5.6 and Chapter 12, inclusive with Appendixes A, B, C, D, E, F, G, H and I. (Ord. BL2025-898 § 3, 2025; Ord. BL2020-458 § 3, 2020; Ord. BL2015-1145 § 14, 2015; Ord. BL2007-1373 § 3, 2007; Ord. BL2007-1390 § 10, 2007; Ord. BL2002-1142 § 18, 2002; Ord. BL2001 § 3, 2001; Ord. 98-1445 § 51, 1998; Ord. 96-562 § 28, 1996; Ord. 95-1487 §§ 52, 53, 1995; Ord. 92-118 §§ 11, 12, 1992; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-40.2—19-1-40.6)

16.16.230 Amendments to gas/mechanical sections of the 2024 International Residential Code for One- and Two-Family Dwellings.

The following amendments, deletions or additions to the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings are hereby adopted by reference as fully as though copied into said Dwelling Code and thereby made a part of the Dwelling Code.

A. Chapter 12 of the 2024 Edition of the International Residential code for One- and Two-Family Dwellings is hereby amended by adding the following new Section M1203:

SECTION M1203 AUTHORITY TO DISCONNECT UTILITIES IN EMERGENCIES

M1203 Authority. The building official shall have the authority to order disconnected a fuel supply or appliance that does not conform to this code; the building official shall also have the authority to order disconnected a gas utility service, or energy supplies

to a building, structure, premises or equipment in case of emergency when necessary to eliminate an immediate hazard to life or property. A notice shall be attached to the energy supply or appliances stating the reason for disconnection. Such notices shall not be removed, nor shall the system or appliance be reconnected until authorized by the building official.

B. Section M1601.1.1 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by adding the following new Section M1601.1.1(9):

M1601.1.1(9) All ductwork installed in non-conditioned and not completely conditioned areas such as, but not limited to, crawl, attic and floor/ceiling assemblies shall be insulated.

C. Section M1601.3 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by adding the following new Section M1601.3(1):

M1601.3(1) Duct Coverings and linings, including adhesives where used, shall have a flame spread index not higher than 25, and a smoke-developed index of not over 50 when tested in accordance with ASTM E84 or UL 723, using the specimen preparation and mounting procedures of ASTM E2231. The spray application of polyurethane foam to exterior ducts to insulate or seal the duct is prohibited.

D. Section M1601.4.1: Exception 1 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings are hereby amended by deleting Section M1601.4.1: Exception 1, and replacing with the following:

Exception 1. Using the specimen preparation and mounting procedures of ASTM E2231. The spray application of polyurethane foam to exterior ducts to insulate or seal the duct is prohibited.

E. Chapter 19 of the 2024 Edition of the International Residential code for One- and Two-Family Dwellings is hereby amended by adding the following new Section M1901.3:

M1901.3 Prohibited Location. Cooking appliances designed, tested, listed, or labeled for use in commercial occupancies shall not be installed within dwelling units or within any area where domestic cooking operations occur.

F. Section G2407.6.2 and Figure G2407.6.2 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings are hereby amended by deleting Sections G2407.6.2 and Figure G2407.6.2.

G. Section G2415.6 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by adding a new Section G2415.6.1:

G2415.6.1 Buried building piping. Piping shall not be installed in such a way as to be in contact with the ground or fill under a building or building floor slab. When the administrative authority determines that it is not practical to avoid the installation of building piping that is buried or laid under a floor slab, the gas piping shall be encased in wrought iron, plastic schedule 40 pipe or steel pipe. The casing shall extend into a normally usable and accessible portion of the building. At the point where the casing terminates in the building, the space between the casing and the gas piping shall be tightly and permanently sealed with materials such as commercial casing seals, plastic, foams, cement, tars or asphalt materials. The casing shall extend at least 4 inches (102 mm) outside the building and be vented and installed in a way as to prohibit the entrance of water. The entire installation shall be such that the gas piping can be readily replaced without damage to the building.

H. Section G2417.1.1 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section G2417.1.1 and substituting the following:

G2417.1.1 Inspections. On completion of the installation, alteration, repair or replacement of gas piping, and prior to the use thereof, the building official shall be notified that the gas piping is ready for inspection.

G2417.1.1.1 Accessibility for inspection. Excavations required for the installation of underground piping shall be kept open until such time as the piping has been inspected and approved. If piping is covered or concealed before approval, it shall be exposed on the direction of the building official.

G2417.1.1.2 Required inspections. The building Official shall make the following inspections and shall either approve that portion of the work as completed or shall notify the permit holder wherein the same fails to comply with this code.

G2417.1.1.3 Rough fuel-gas piping inspection. This inspection shall be made after gas piping authorized by the permit has been installed and before such piping has been covered or concealed or a fixture or appliance has been attached thereto. This inspection shall include a determination that the gas piping size, material and installation meet the requirements of this chapter. It shall also include an air pressure test, at which time the gas piping shall stand a pressure of not less than 10 pounds per square inch gauge (68.9 kPa gauge) and shall hold this pressure for a length of

time of not less than twenty (20) minutes, with no perceptible drop in pressure. The test shall be made using air pressure only and be verified in writing by the gas/mechanical contractor on forms authorized by the Department of Codes Administration witnessed and signed. Retest or additional certification, in special situations may be required by the Director of Codes Administration or by his/her duly authorized representative. Necessary apparatus for conducting test shall be furnished by the permit holder.

G2417.1.1.4 Final inspection. This inspection shall be made after piping authorized by the permit has been installed and after all portions thereof which are to be covered or concealed are so concealed and after all fixtures, appliances and shutoff valves have been attached thereto.

G2417.1.1.5 Other inspections. In cases where the work authorized by the permit consists of a minor installation of additional piping to piping already connected to a gas meter, the foregoing inspection may be waived at the discretion of the building official. The building official shall make such inspections as deemed advisable in order to assure that the work has been performed in accordance with the intent of this code.

I. Section G2417.4.1 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section G2417.4.1 and substituting the following:

G2417.4.1 Air Pressure Test. This inspection shall include an air pressure test, at which time the gas piping shall stand a pressure of not less than ten (10) pounds, per square inch gauge pressure and shall hold this pressure for a length of time of not less than twenty (20) minutes, with no perceptible drop in pressure. The test shall be made using air pressure only and verified in writing by the gas/mechanical contractor on forms authorized by the Department of Codes Administration witnessed and signed. Retest or additional certification, in special situations may be required by the Director of Codes Administration or by his/her duly authorized representative. The necessary apparatus for conducting the test shall be furnished by the permit holder.

J. Section G2417.4.2 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section G2417.4.2 and substituting the following:

G2416.4.2 Air Pressure Test 2 psi and greater. Gas piping 2 psi or higher pressure must stand a pressure of a least 20 psi, but never less than ten (10) times the maximum pressure to which the piping will be subjected in operation, for a period of not less than twenty (20) minutes without showing any drop in pressure.

K. Section G2427.4.1 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section G2427.4.1 and substituting the following:

G2427.4.1 Plastic Piping. Where plastic piping is used to vent an appliance, the material shall be listed and labeled in accordance with UL 1738.

L. Section G2427.4.1.1 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section G2427.4.1.1 and substituting the following:

G2427.4.1.1 Plastic Vent Joints. Plastic pipe venting materials listed and labeled in accordance with UL 1738 shall be installed in accordance with the vent manufacturer's instructions. Where primer is required, it shall be of contrasting color. (Ord. BL2025-898 § 3, 2025; Ord. BL2020-458 § 3, 2020; Ord. BL2015-1145 § 15, 2015; Ord. BL2010-679 § 1, 2010; Ord. BL2007-1373 § 4, 2007; Ord. BL 2001-703 § 4, 2001; Ord. 98-1445 §§ 52—57, 1998; Ord. 96-562 §§ 29—33, 1996; Ord. 95-1487 §§ 54—58, 1995; Ord. 92-118 § 14, 1992; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-41.2)

16.16.240 Local amendments to International Fuel Gas Code.

The following amendments, deletions, or additions to the 2024 Edition of the International Fuel Gas Code are adopted by reference, as fully as though copied into such Gas Code, and thereby made a part of the Gas Code.

A. Section 101.1 of the 2024 Edition of the International Fuel Gas Code is hereby amended by deleting Section 101.1 in its entirety.

B. Section 201 of the 2024 Edition of the International Fuel Gas Code is hereby amended by adding a new section 201.5 and substituting the following:

201.5 Interchangeability with the International Codes. The International Building Code shall be construed to mean the 2024 International Building Code. The International Property Maintenance Code shall be construed to mean the Property Internationals Code of the Metropolitan Government. The International Mechanical Code shall be construed to mean the 2024 International Mechanical Code. The International Fuel Gas Code shall be construed to mean the 2024 International Gas Code. The International Plumbing Code shall be construed to mean the 2024 International Plumbing Code. The International Private Sewage Disposal Code shall be construed to mean the

Subsurface Sewage Disposal Systems Code. The ICC Electrical Code shall be construed to mean the 2023 National Electrical Code.

C. Section 202 of the 2024 Edition of the International Fuel Gas Code is hereby amended by adding the following new definitions as follows:

ADMINISTRATIVE AUTHORITY — shall mean the Director of the Metropolitan Department of Codes Administration, his deputy or duly authorized representative.

D. Section 202 of the 2024 Edition of the International Fuel Gas Code is hereby amended by deleting the definition of "Code Official" and substituting the following:

CODE OFFICIAL — shall mean the Director of the Metropolitan Department of Codes Administration, his deputy or duly authorized representative.

E. Section 304.6.2 and Figure 304.6.2 of the 2024 Edition of the International Fuel Gas Code is hereby amended by deleting the section and figure in their entirety.

F. Section 402.7(1) of the 2024 Edition of the International Fuel Gas Code is hereby amended by deleting Section 402.7(1) and substituting the following:

1. The piping system may be threaded. Piping system over 5 psi shall be welded.

G. Section 404.4 of the 2024 Edition of the International Gas Code is hereby amended by deleting Section 404.4 and substituting the following:

404.4. Piping in solid partitions and walls. This provision shall not apply to tubing which pierces walls, floors, or partitions. Tubing shall not be run horizontally inside hollow walls or partitions unless protected along its full concealed length against physical damage. Tubing may be run vertically inside hollow walls or partitions without protection along its entire concealed length provided and the tubing is not rigidly secured.

H. Section 404 of the 2024 Edition of the International Fuel Gas Code is hereby amended by adding a new section 404.11.2(4) as follows:

404.11.2(4) Cathodic protection shall be required on metallic gas piping installed underground. The following chart may be used to determine requirement for anodes as to size and number required:

Coated Pipe				
Anode Weight	Anode Spacing In Feet			
	¾"	1"	2"	3"
1#	809'	643'	352'	238'
5#	1079'	857'	470'	317'
17#	1798'	1428'	783'	528'

Exception: Coated and wrapped metallic gas piping run underground that does not exceed thirty (30) feet in length shall not require additional cathodic protection.

I. Section 404.12 of the 2024 Edition of the International Fuel Gas Code is hereby amended by deleting Section 404.12 and substituting the following:

404.12 Minimum burial depth and clearances. Underground piping systems shall be installed a minimum depth of 18 inches (458 mm) below grade, except as provided for in 404.12.1.

J. Section 404.12 of the 2018 Edition of the International Fuel Gas Code is hereby amended by adding a new Sections 404.12.2, 404.12.3, 404.12.4 and 404.12.5 as follows:

404.12.2. Clearances. No gas piping shall be placed underground closer than eight (8) inches from a water pipe, sewer line, or any other utility service line. Underground gas piping shall be installed with enough clearance from any other underground structure to avoid contact therewith, to allow proper maintenance, and to protect against damage that might result from proximity to other structures. In addition, underground plastic piping shall be installed with sufficient clearance, or shall be insulated, from a source of heat so as to prevent the heat from impairing the serviceability of the pipe.

404.12.3. Protection against damage. Where soil conditions are unstable and settling of piping or foundation walls or heavy vehicular traffic may occur, adequate measures shall be provided to prevent excessive stressing of the piping. Piping shall be buried a sufficient depth or covered in a manner so as to protect the piping from physical damage.

404.12.4. Cover Requirements. Underground piping systems shall be installed with at least eighteen (18) inches of cover. The cover may be reduced to twelve (12) inches if external damage to the pipe is not likely to result. If minimum of twelve (12) inches of cover cannot be maintained, the pipe shall be installed in conduit or bridged (shielded).

404.12.5. Separate Ditch for Gas Piping. The laying or installing of gas piping in the same ditch with water, sewer, drainage pipe or any other utility service line is prohibited except when approved by the administrative authority.

K. Section 404.13 of the 2024 Edition of the International Fuel Gas Code is hereby amended by deleting Section 404.13 and substituting the following:

404.13 Trenches. The trench shall be graded so that the pipe has a firm, substantially continuous bearing on the bottom of the trench. Where flooding of the

trench is done to consolidate the backfill, care shall be exercised to see that the pipe is not floated from its firm bearing on the trench bottom.

L. Section 404.17.1 of the 2024 Edition of the International Fuel Gas Code is hereby amended by adding Section 404.17.1 Exception 4.

4. Plastic piping shall not be used for consumer's gas piping when operating pressures are in excess of 2 psi, unless approved by the Director of Codes Administration or his duly authorized representative.

M. Section 406.2 of the 2024 Edition of the International Fuel Gas Code is hereby amended by deleting Section 406.2 and substituting the following:

406.2 Test medium. The test medium shall be air, nitrogen, or carbon dioxide or an inert gas. Oxygen shall not be used. Fuel gas may be used in piping systems operating at pressures of one half (½) pound per square inch or less.

N. Section 406.4 of the 2024 Edition of the International Fuel Gas Code is hereby amended by deleting Sections 406.4.1 and 406.4.2 and substituting the following:

406.4.1. Method of Testing. Low pressure (not in excess of 0.5 psi) gas piping shall withstand a pressure of at least 10.0 psi for a period of not less than twenty (20) minutes without showing any drop in pressure. For 2 psi or higher-pressure piping must stand a pressure of at least 20 psi, but never less than ten (10) times the maximum pressure to which the piping will be subjected in operation, for a period of not less than twenty (20) minutes without showing any drop in pressure. An overnight test of larger piping systems may be required. The test shall be verified in writing on forms authorized by the Department of Codes Administration witnessed and signed. Retest or additional certification, in special situations, may be required by the Director of Codes Administration or by his/her duly authorized representative. Necessary apparatus for conducting the test shall be furnished by the permit holder.

O. Section 410.1 of the 2024 Edition of the International Fuel Gas Code is hereby amended by adding Section 410.1 and 410.1.2. as follows:

410.1.1. Shutoff value. An accessible gas shutoff valve shall be provided upstream of each gas pressure regulator. Where two gas pressure regulators are installed in series in a single gas line, a manual valve is not required at the second regulator.

410.1.2 Venting of Pressure Regulators. A vent line(s) from a gas appliance pressure regulator and a bleed line(s) from a diaphragm type valve shall not be connected to a common manifold terminating in a combustion chamber. Vent lines shall not terminate in positive pressure type combustion chambers.

P. Chapter 4 of the 2024 Edition of the International Fuel Gas Code is hereby amended by adding a new Section 417 as follows:

Section 417

2# PSI Piping System.

417.1 General. 2 psi gas piping systems designed in accordance with this section and other requirements of this code are intended for use where the building service regulator has been set to deliver gas at 2 psi. Piping systems shall be designed to allow a maximum pressure drop of one and one-half (1½) psi between the meter and the regulator that reduces the pressure to seven (7) inch w.c. Piping systems shall be further designed to allow up to one (1) inch w.c. pressure drop between the above first cut regulator and the appliance or the appliance regulator if used.

417.2 Gas Piping Materials. All piping shall be metallic material only, and comply with 403. Piping installed for 2 psi pressure shall be (1) type L copper tubing, (2) refrigeration service tubing having a wall thickness of not less than .030", (3) corrugated stainless steel conduit, (4) iron pipe. All piping and tubing shall be sized so as to not exceed the capacities shown on tables 1003A, 1003B, or 1003C. Iron pipe already in service may be retained. Aluminum tubing will not be installed or used for this service. All horizontal tubing shall be supported at approximately four (4) foot intervals.

417.3 Marking. All piping in the 2 psi portion of the system shall be marked at the beginning, all ends with a metal tag stating "2 psi." All such tubing or piping must also be marked at intervals not to exceed six (6) feet with approved means of identification designating 2 psi gas pressure.

417.4 Piping in Partitions. When copper tubing is installed in a hollow partition in a new piping installation, a metallic sleeve, or equivalent means, shall be used to protect the tubing where it passes through a wood plate or other structural member of the wall. The sleeve, if used, shall extend at least four (4) inches on either side of the structural member in the partition. Iron pipe may be used for the sleeve. The ends must be reamed to avoid sharp edges which may come in contact with copper tubing. Tubing in the partition shall have some slack. Concealed tubing joints are prohibited.

417.5 General Piping. All fuel lines from the meter shall pass through the foundation with iron pipe, then a pipe to flare adapter may be installed for the copper tubing. In such case that the piping system cannot

pass through the foundation, iron pipe will run from the meter to the outside wall of structure and attach with suitable pipe straps then adapt to copper tubing. Installation procedures must guard against dirt, tubing cutting chips, or other material entering the fuel line. Blow out lines before connecting and testing.

417.6 Joints and Fittings, Tubing. All joints and fittings in 2 psi tubing shall be made with International SAE heavy duty short shoulder flare fittings having a forty-five (45) degree flare. All joints and fittings in 2 psi corrugated stainless steel conduit shall be made with approved fitting design for that system. Brazed or silver soldered joints made with an alloy having a melting temperature in excess of 1000 degrees Fahrenheit are permitted. Soft solder joints are not permitted. All joints in existing copper tubing must be inspected and tested before being used for 2 psi service. All soft solder joints will be replaced with a flare fitting or with a silver solder joint. All bends should be smooth without any binds in tubing. Bending springs or tubing benders should be used.

417.7 MP Regulators. MP pressure regulators installed in the 2 psi portions of the piping shall comply with the following provisions:

417.7.1 The MP regulator shall comply with Sections 402.1 and 402.13 and shall be stated by its manufacturer as being suitable for the inlet and outlet gas pressures for which it is to be used.

417.7.2. The MP regulator shall maintain a reduced outlet pressure under lock-up (no flow) conditions and shall be so installed on the piping system that they cannot be concealed by building construction.

417.7.3. The capacity of the MP regulator, determined by published ratings of its manufacturer, shall be adequate to supply the appliances served by it.

417.7.4. The MP pressure regulator shall be accessible for servicing and may be located either indoors or outdoors. When located indoors, the regulator shall be vented to outdoors or equipped with a vent limiting device, in either case complying with Section 410.3.

417.7.5. The service regulator shall be set to deliver 2 psi, with flow of 30 CFH, after which the adjusting cap shall be sealed with a copper wire and lead seal. The regulator will be marked with a red cap and a metal tag stating 2 psi attached. The gas meter will be installed with a Red index indicating 2 psi system.

417.8 The regulator which reduces the pressure from 2 psi to seven (7) inch w.c. shall be located as close as practical to the appliance which it serves. This regulator must be installed where it cannot be concealed by building construction. The 2 psi to seven (7) inch w.c. regulator must be vented to the outside atmosphere or must be equipped with a vent limiter device. When installed for one appliance only, the preferred location of the regulator and its shut off cock is above the floor level and immediately adjacent to the appliance it serves.

417.9 Appliance regulators, when used, may be installed on or adjacent to the appliance manifold. Appliance regulators are not required on manually operated room heaters, ranges or similar appliances not equipped with a pilot. A pipe nipple at least six (6) inches long, or equivalent tubing, must be installed between the 2 psi to seven (7) inch w.c. regulator and the appliance regulator. Existing appliance regulator shall be retained on any appliance, unless defective.

417.10 Manual Shutoff Valve. Where there is more than one MP regulator in the complete piping system served by one meter, a listed shutoff valve shall be installed immediately ahead of each MP regulator. A listed shutoff valve shall be installed ahead of each 2 psi to seven (7) inch w.c. regulator. Individual runs of tubing may be made to each appliance from a manifold. The cocks may be at the manifold, but they must be easily accessible and identified as to the appliance served.

Q. Section 502 of the 2024 Edition of the International Fuel Gas Code is hereby amended by adding a new Section 502.8 as follows:

502.8 Marking.

502.8.1 In those localities where solid and liquid fuels are used extensively, gas vents shall be plainly and permanently identified by a label attached to the wall or ceiling at a point where the vent connector enters the gas vent.

502.8.2 The label shall read: This gas vent is for appliances which burn gas. Do not connect to solid or liquid fuel-burning appliances or incinerators.

502.8.3 The authority having jurisdiction shall determine whether its area constitutes such a locality.

R. Section 503.1 of the 2024 Edition of the International Fuel Gas Code is hereby amended by adding a new Sections 503.1.1 and 503.1.2 as follows:

503.1.1 Equipment Not required to be Vented.

a. Listed ranges.

b. Built-in domestic cooking units listed and marked for optional venting.

c. Listed hot plates and listed laundry stoves.

d. Listed Infrared Radiant heaters (see Section 516.1.1).

e. A single listed booster type (automatic instantaneous) water heater, when designed and used solely for the sanitizing rinse requirements of a National Sanitation Foundation Class 1, 2, or 3 dishwashing machine, provided

that the input is limited to 50,000 Btu per hour, the storage capacity is limited to 12.5 gallons, and the heater is installed, with the draft hood in place and unaltered, in a commercial kitchen having a mechanical exhaust system. When installed in this manner, the draft hood outlet shall not be less than thirty-six (36) inches vertically and six (6) inches horizontally from any surface other than the heater.

f. Listed refrigerators.

g. Counter appliances.

h. Room heaters listed for unvented use shall not be installed in bathrooms or bedrooms and in institutions such as homes for the aged, sanitariums, convalescent homes, orphanages, etc.

i. Direct gas-fired make-up air heaters.

j. Other equipment listed for unvented use and not provided with flue collars.

k. Specialized equipment of limited input such as laboratory burners or gas lights.

503.1.2. When any or all of this equipment is installed so the aggregate input rating exceeds 20 Btu per hour per cubic foot of room or space in which it is installed, one or more shall be provided with venting systems or other approved means for removing the vent gases to the outside atmosphere so the aggregate input rating of the remaining unvented equipment does not exceed the 20 Btu per hour per cubic foot figure. When the room or space in which the equipment is installed is directly connected to another room or space by a doorway, archway, or other opening of comparable size which cannot be closed, the volume of such adjacent room or space may be included in the calculations.

S. Section 503.4.1 of the 2024 Edition of the International Fuel Gas Code is hereby amended by deleting Section 503.4.1 and substituting the following:

503.4.1 Plastic Piping. Where plastic piping is used to vent an appliance, the material shall be listed and labeled in accordance with UL 1738.

T. Section 503.4.1.1 of the 2024 Edition of the International Fuel Gas Code is hereby amended by deleting Section 503.4.1.1 and substituting the following:

503.4.1.1 Plastic Vent Joints. Plastic pipe venting materials listed and labeled in accordance with UL 1738 shall be installed in accordance with the vent manufacturer's instructions. Where primer is required, it shall be of contrasting color.

U. Section 602 of the 2024 Edition of the International Fuel Gas Code is hereby amended by adding the following new Section 602.4:

602.4 Installations requirements. A decorative appliance for installation in a vented fireplace shall be installed only in a vented fireplace having a working chimney flue and constructed of noncombustible materials. These appliances shall not be thermostatically controlled.

602.4.1. A listed decorative appliance for installation in a vented fireplace shall be installed in accordance with its listing and the manufacturer's instructions.

602.4.2. An unlisted decorative appliance for installation in a vented fireplace shall be installed in a fireplace having a permanent free opening, based on appliance input rating and chimney height, equal to or greater than that specified in Table 634.1

V. Section 624.1.1 of the 2024 Edition of the International Fuel Gas Code is hereby amended by deleting Section 624.1.1 substituting the following and adding Sections 624.1.2 and 624.1.3:

624.1.1 Installation requirement. Water heaters other than the direct vent type shall be located as close as practicable to the chimney or gas vent. They should be so located as to provide short runs of water piping to the water heaters.

624.1.2 All gas water heaters installed in attics, on combustible floors or in remote locations shall rest in pans of minimum 0.0276-inch (24 ga.) galvanized sheet steel or equivalent with minimum depth of two (2) inches and shall have a minimum clearance from the water heater of two (2) inches on all sides: the pan shall be a sufficient size to receive all drippings or condensation from such water heaters. All drain pans shall have a minimum one (1) inch drain. No plastic pans will be permitted (See Section 504.7 of the International Plumbing Code for other safety pan requirements).

Exception: Water heaters shall not be located in unheated and un-insulated spaces except in unheated basements and garages. (Ord. BL2025-898 § 3, 2025; Ord. BL2020-458 § 3, 2020; Ord. BL2015-1145 § 16, 2015; Ord. BL2007-1390 § 11, 2007; Ord. BL2002-1142 § 20, 2002; Ord. 98-1445 §§ 58—68, 1998; Ord. 95-1487 §§ 59—83, 1995; Ord. 92-118 §§ 15,16, 1992; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-41.3)

16.16.250 Liquefied Petroleum Gases Code—Local amendments.

Reserved. (Ord. BL2025-898 § 3, 2025; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-41.4)

16.16.260 International Mechanical Code—Local amendments modified.

The following amendments, deletions, or additions to the 2024 Edition of the International Mechanical Code are adopted by reference, as fully as though copied into such Mechanical Code, and thereby made a part of the Mechanical Code.

A. Section 101.1 of the 2024 Edition of the International Mechanical Code is hereby amended by deleting Section 101.1 in its entirety.

B. Section 103.1 through 115.4 of the 2024 Edition of the International Mechanical Code is hereby amended by deleting Section 103.1 through 115.4 in its entirety.

C. Section 201 of the 2024 Edition of the International Mechanical Code is amended by adding a new section 201.5 and substituting the following:

201.5 Interchangeability with the International Codes. The International Building Code shall be construed to mean the 2024 International Building Code. The International Property Maintenance Code shall be construed to mean the Property Code of the Metropolitan Government. The International Mechanical Code shall be construed to mean the 2024 International Mechanical Code. The International Fuel Gas Code shall be construed to mean the 2024 International Fuel Gas Code. The International Plumbing Code shall be construed to mean the 2024 International Plumbing Code. The International Private Sewage Disposal Code shall be construed to mean the Subsurface Sewage Disposal Systems Code. The ICC Electrical Code shall be construed to mean the 2023 National Electrical Code.

D. Section 202 of the 2024 Edition of the International Mechanical Code is hereby amended by adding the following new definition of as follows:

ADMINISTRATIVE AUTHORITY — shall mean the Director of the Metropolitan Department of Codes Administration, his deputy or duly authorized representative.

E. Section 202 of the 2024 Edition of the International Mechanical Code is hereby amended by deleting the definition of "Code Official" and substituting the following:

CODE OFFICIAL — shall mean the Director of the Metropolitan Department of Codes Administration, his deputy or duly authorized representative.

F. Section 601 of the 2024 International Mechanical Code is hereby amended by adding a new Section 601.6 as follows:

601.6 Insulation required. All ductwork installed in non-conditioned and not completely conditioned areas such as crawl, attic and the floor/ceiling assembly shall be insulated. (Ord. BL2025-898 § 3, 2025; Ord. BL2024-495 § 1, 2024; Ord. BL2020-458 § 3, 2020; Ord. BL2015-1145 § 17, 2015; Ord. BL2010-679 § 2, 2010; Ord. BL2007-1390 § 12, 2007; Ord. BL2002-1142 § 21, 2002; Ord. 98-1445 §§ 69—73, 1998; Ord. 95-1487 § 84, 1995; Ord. 92-118 §§ 17, 1992; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-41.5)

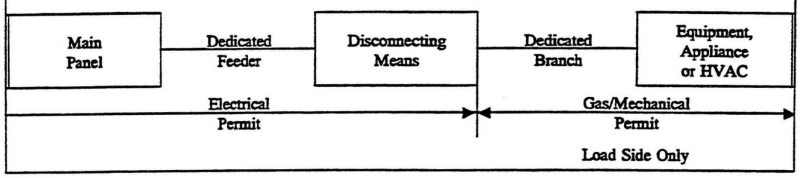
16.16.270 Equipment, appliances and/or HVAC&R units.

Reserved. (Ord. BL2025-898 § 3, 2025; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-42)

16.16.280 Electrical connections.

All equipment, appliances and/or HVAC&R units must be installed and wired in accordance with the applicable chapter of the National Electrical Code. The master mechanical, HVAC&R or gas and appliance contractor shall be permitted to install equipment and connect the electrical wiring from the last disconnecting means provided by a licensed metropolitan electrical or equipment installer contractor that is dedicated for the purpose of supplying the electrical source to the said equipment. (Ord. BL2025-898 § 3, 2025; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-42.1)

Table 16.16.280
ELECTRICAL CONNECTIONS



16.16.290 Plumbing connections.

The certificate holder shall be permitted to connect HVAC&R, mechanical equipment or appliances to the water supply provided by a metropolitan plumbing contractor and to connect condensate drain piping to properly trapped plumbing drainage system in accordance with the Standard Plumbing Code. (Ord. BL2025-898 § 3, 2025; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-42.2)

16.16.300 Gas connections—Adequate air supply required.

Any person, certificate holder, firm or corporation shall not connect a fuel line to any gas utilization equipment that does not have an adequate supply of air for ventilation and combustion as required by the metropolitan gas/mechanical code. (Ord. BL2025-898 § 3, 2025; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-43)

16.16.310 Gas connections—By whom.

Under no circumstance shall anyone not employed by the gas utility be permitted to open or make connections to a gas main, service pipe or service extension, or set or remove the meter, or do any work on any part of the gas supply system including the meter (except that gas may be turned off at the meter in case of leak, fire, or hazardous conditions). Where the meter has been turned off, the gas utility shall be notified and, after repairs have been made and approved, the meter shall be turned on and service restored by an employee of the gas utility. (Ord. BL2025-898 § 3, 2025; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-44)

16.16.320 Fuel gas installations and operating pressures.

A. Fuel gas installations shall include, natural gas, manufactured gas, liquified petroleum gas-air mixtures and mixtures of those gases, plus gas-air mixtures within the flammable limit of a mixture being a commercially distributed product.

B. For other than undiluted LP gas systems, installations shall be from the point of delivery (outlet of the service meter assembly) to the connections of each gas utilization device.

C. For undiluted LP gas systems, installations shall be from the point of delivery (outlet of the first stage regulator).

D. Gas-air mixtures piping systems within the flammable range shall be limited to a maximum operating pressure of 10 psi without permission of the director of codes administration or his duly authorized representatives.

E. Natural gas piping systems shall be limited to seven inches of water column. Systems of two pounds or greater for new installations, shall require written approval from the local gas utility company.

F. LP (vapor) piping systems shall be limited to fifteen inches of water column without prior approval of liquified petroleum supplier. (Ord. BL2025-898 § 3, 2025; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-45, 19-1-45.1—19-1-45.5)

16.16.330 Work not requiring contractor's license—Permit required.

A metropolitan plumbing contractor may install gas piping and hot water heaters only without a gas/mechanical contractor's license but are required to obtain a gas/mechanical permit for such installation. Any other appliance connected to the gas piping would require the installation to be performed by a metropolitan master mechanical, HVAC&R or gas and appliance contractor. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-46)

Article III. Permits

16.16.340 Required when—Exceptions.

A. A gas/mechanical permit shall be obtained from the department of codes administration prior to the installation of consumer's gas piping, gas appliances and related accessories, mechanical systems, including alterations, replacement, equipment, appliances, fixtures, fittings and/or appurtenances, including ventilating, heating, cooling, air conditioning and refrigeration systems, incinerators, radon gas reduction systems and any other energy-related systems.

B. A permit shall be required for replacement but not repair of any gas or mechanical appliance. All work must be performed by a metropolitan gas/mechanical contractor or a homeowner as per Section 16.16.070.

C. In one- and two-family dwellings, a gas/mechanical permit shall not be required for bathroom exhaust fans, dryer vents, and recirculating kitchen exhaust systems or replacement of nonducted nonvented appliances or hot water heaters and dryers less than seventy-five thousand Btuh (input).

D. Gas/mechanical permits shall not be required for:

1. Any portable heating appliance;
2. Any portable ventilating equipment;
3. Any portable cooling unit;
4. Any steam, hot or chilled water piping within any heating or cooling equipment regulated by this code;
5. Any portable evaporative cooler;

6. Any self-contained refrigeration system containing ten pounds or less of refrigerant and actuated by motor or compressor of less than one horsepower.

E. Exceptions: Window units or through-the-wall heating and/or cooling units in residential buildings with five or more units or in commercial buildings where these units are the primary source of heating and/or cooling require a permit. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-55)

16.16.350 Registration as metropolitan master contractor required—Exception.

A. A permit to install, enlarge, alter, move, improve, convert or replace any gas system or mechanical system, or cause the same to be done shall not be issued to any person, firm or corporation unless such person, firm or corporation has been duly registered by the department of codes administration as a metropolitan master mechanical, HVAC&R or gas and appliance contractor except as provided below:

B. The director of codes administration or his duly authorized representative shall be authorized to issue "homeowner permits" to property owners desiring to make mechanical repairs and/or additions to their property or improvements thereto. Homeowner permits shall be issued only if the applicant meets the conditions of Section 16.16.070. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-56)

16.16.360 Application—Signature of certificate holder.

Application for a gas/mechanical permit shall be made in writing on forms provided by the director of codes administration. Each applicant entitled to receive a gas/mechanical permit shall submit such information as required on the permit application forms. The certificate holder shall sign all and only applications for the metropolitan gas/mechanical contractor with whom his/her certificate is registered. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-57)

16.16.370 Plans and specifications—Requirements.

A. Detailed plans and specifications shall be provided to define the nature and character of the work to be performed and to identify the type, grade and size of the materials, devices, equipment, and fixtures to be installed. The applicant for a gas/mechanical permit shall furnish such plans and specifications with the application for such permit. Such plans shall be drawn to scale and all plans and specifications shall be triplicate.

B. No plans shall be required for one- and two-family dwellings.

C. Plans shall indicate how required fire-resistive integrity will be maintained where a penetration of a wall, floor or partition will be made fire-resistive for gas/mechanical conduits, ducts, pipes and systems.

D. All drawings, specifications and accompanying data shall bear the name and address of the designer. When required by state law, such designer of the gas/mechanical plans shall be an architect or engineer legally registered under the laws of the state and shall affix his or her official seal to said drawings, specifications and accompanying data. (Ord. 90-1253 § 1 (part), 1990; prior code §§ 19-1-58, 19-1-58.1)

16.16.380 Examination of applications.

The director of codes administration shall examine or cause to be examined each application for a gas/mechanical permit and the plans and specifications submitted therewith and shall determine by such examination whether the gas or mechanical installation, gas or mechanical system, device, equipment, fixtures, etc., as indicated and described, are in accordance with the provisions and requirements of this chapter and other pertinent laws and ordinances. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-59)

16.16.390 Plans and specifications—Reviewed—Copy at jobsite.

Each set of plans and specifications shall be properly marked "Reviewed," with one set being returned to the applicant with the permit and one set to be retained as a record in the offices of the department of codes administration. A copy of the reviewed plans and specifications shall be kept at the job site at all times during the progress of work. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-60)

16.16.400 Fee schedule—Gas/mechanical permits and classification of appliances.

A. No gas/mechanical permit shall be held valid until the fees prescribed in this section shall have been paid, nor shall an amendment or change to an existing permit be approved until such additional fees as may be due shall have been paid.

B. Permit fees for the installation of gas/mechanical systems, devices, equipment and fixtures, including but not limited to the installation of fixtures, repairs and alterations to existing gas/mechanical installations and systems, shall be as follows:

1. Fee schedule.

Minimum fee (each permit). . . .	$75.00
*Gas and/or mechanical appliance (each in excess of first appli-	

ance), residential	$11.00
*Gas and/or mechanical appliance (each in excess of first appliance), commercial	$16.00
Gas meter connection.	$11.00
Hot water heater	$21.00
Fuel Piping (under ground fuel lines)	$50.00
Re-inspection fee (each)	$50.00

*Each appliance outlet shall be counted as one appliance in figuring the total permit fee, whether or not the appliance is actually installed at the time the gas/mechanical system is installed.

2. In addition, fees for heating, ventilating, ductwork (installation without heating/cooling equipment), air-conditioning and refrigeration systems or alterations or replacement and/or additions shall also be based upon total Btuh and/or kilowatts input of all appliances at the rate of thirty-two dollars per one hundred thousand Btuh or fraction thereof.

C. The classifications listed below shall each be counted as one fixture, equipment or appliance:

Air-conditioning unit;
Air handling unit;
Alt. fuel system;
Boiler;
Broiler;
Collector, dust etc.;
Condensing unit or condenser;
Cooling tower;
Conversion burner;
Dryer;
Duct heater;
Duct system;
Exhaust fan, hood;
Factory built fireplace or insert;
Fire or smoke damper;
Fryer;
Furnace;
Gas logs unit;
Gas piping;
Grill or griddle;
Heat exchanger;
Humidifier or dehumidifier;
Incinerator;
Infrared heater;
Make up air unit;
Oven;
Package unit;
Pool or sauna heater;
Power venter;
Radon removal system;
Range or cook top unit;
Recirculating fan unit;
Refrigeration unit;
Rooftop unit;
Room heater;
Stationary gas engines, turbines;
Stove, solid fuel or laundry;
Tank, oil or LP;
Unit heater;
Water heater or circulation tank.

D. Workforce housing fee adjustments.

1. In order to facilitate the provision of workforce housing within the area of the metropolitan government, the permit fees provided in subsection B. of this section shall be reduced by twenty-five percent for new home construction, or the rehabilitation of existing dilapidated and vacant homes, to be used for workforce housing.

2. For purposes of this subsection, "workforce housing" means housing that meets one of the following two criteria:

a. Housing to be sold at a price at or below two and one-half times ninety-five percent of the median family income currently listed for Davidson County as established by the U.S. Department of Housing and Urban Development; or

b. Housing to be rented for at least five years at an annual rental amount that is at or below thirty percent of seventy percent of the median family income currently listed for Davidson County as established by the U.S. Department of Housing and Urban Development.

3. The director shall have the authority to promulgate rules and regulations to implement the provisions of this subsection, provided such rules and regulations are not inconsistent with the express provisions of this subsection. Applicants obtaining the twenty-five percent reduction in permit fees for workforce housing shall provide the director with a sworn affidavit that the residences constructed will satisfy the criteria set forth above and shall file a deed restriction with the Davidson County Register of Deeds requiring that the property remain a workforce housing unit for at least five years. In the event the property does not remain a workforce housing unit for at least five years, the permit holder shall pay to the Metropolitan Government the amount of the permit fee reduction provided above plus interest at the rate of ten percent per annum. (Ord. BL2022-1215 § 3, 2022; Ord. BL2010-788 § 1, 2010; Ord. BL2010-642 § 7, 2010; Ord. BL2004-175 § 2, 2004; Ord. 92-118 §§ 18, 19, 1992; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-61)

16.16.410 Failure to obtain permit—Fees tripled.

In addition to any other penalty imposed for failure to obtain a permit, when work on any gas, gas/mechanical installation or gas/mechanical system requiring a permit is commenced prior to the issuance of the required permit, the permit fee for such work shall be tripled; provided, that the triple fee penalty shall not be applied when, in the opinion of the director of codes administration, an emergency existed. (Ord. 91-1527 § 2, 1991; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-62)

16.16.420 Issuance.

Upon approval of the application for a gas/mechanical permit and the plans and specifications submitted therewith, the director of codes administration shall issue or cause to be issued a permit therefor to the applicant. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-63)

16.16.430 Refusal—Written statement.

In such instances where it has been determined that the application for a gas/mechanical permit shall be refused, the plans and specifications shall be returned to the applicant with a statement setting forth the reasons for such refusal. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-64)

16.16.440 Authority of permit.

A. The issuance of a mechanical permit shall be construed as the authority to proceed only with the work specified and reviewed as shown by plans and specifications, and shall not in any manner be construed as the authority to violate, cancel, alter, change or set aside any of the provisions of this chapter, nor to do or perform any work or make any installation not specifically covered by the approved plans and specifications upon which the permit was issued.

B. The issuance of a gas/mechanical permit shall not prevent nor prohibit the director of codes administration from thereafter requiring the correction of errors or omissions in the plans and specifications or in the gas/mechanical installation or of violations of this chapter.

C. The gas/mechanical contractor shall be responsible for notifying the gas/mechanical inspector of any change in plans. The inspector may require the change in plans to be submitted for review as per Section 16.16.380. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-65)

16.16.450 Expiration—Extension.

Any gas/mechanical permit issued shall become invalid unless the work authorized by such permit shall have been commenced within six months after the date of issuance, or if the work so authorized is suspended or abandoned for a period of one year after the time the work is commenced. In no case shall a permit be valid for more than two years after its issuance; provided that for cause, if the work authorized by it is sufficiently under way and is diligently pursued, the director of codes administration may, for justifiable cause, grant one or more extensions of time for periods not exceeding ninety days each. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-66)

16.16.460 Nontransferability—Refunds.

Permits issued under this chapter are not transferable from one contractor, one job, site or location to another, and any refunds shall be made in accordance with Section 16.16.480. This provision shall not prohibit the correction or change of addresses, location or contractor made through error on the application. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-67)

16.16.470 Change in contractor—Reissuance of permit—Fees.

When a change in a contractor occurs before a job is completed, the gas/mechanical contractor who obtains the permits, shall notify the gas/mechanical official in writing. A new permit shall be taken out for the unfinished construction. If the permit fee for the original construction was not refunded, the gas/mechanical contractor that completes the construction shall pay a fee based the administrative costs to process the permit that shall be no less than the minimum permit fee. If the permit fee for the original construction has been refunded, the gas/mechanical contractor that completes the construction shall pay a full permit fee based upon the construction. (Ord. BL2025-1101 § 3, 2025; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-67.1)

16.16.480 Fees—Refunds.

A. Application for a refund of fees paid for any unused permit issued under the provisions of this chapter shall be made on forms provided by the director of codes administration.

B. Refunds shall only be made for that portion of a fee exceeding seventy-five dollars. In no case shall any fee be refunded on any unused permit over six months old or when any inspection has been made, regardless of the fees paid. (Ord. BL2025-1101 § 4, 2025; Ord. BL 2010-642 § 8, 2010; Ord. 91-1527 § 3, 1991; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-68)

Article IV. Inspections

16.16.490 Required when.

All new gas/mechanical installations and gas/mechanical systems and such portions of an existing gas/mechanical system as may be affected by new gas/mechanical installations or changes, for which a permit is required, shall be inspected to assure compli-

ance with the requirements of this chapter and to assure that the installation and construction of the gas/mechanical system is in accordance with the reviewed plans and specifications. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-74)

16.16.500 Alteration of existing system.

Before issuing a permit the gas/mechanical official may examine or cause to be examined any gas system or mechanical system for which an application has been received for a permit to enlarge, alter, repair, move, replace or change a gas or mechanical system. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-73)

16.16.510 Inspection test—Permittee's responsibility.

It shall be the responsibility of the person to whom a gas/mechanical permit has been issued to assure that the gas or mechanical installation made will stand the test prescribed before making a request of the department of codes administration for test and inspection. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-77)

16.16.520 Time schedule.

Upon notification from the certificate holder or gas/mechanical contractor, codes administration gas/mechanical inspectors shall make the following inspections of gas/mechanical systems:

A. Rough Piping Inspection. The rough piping inspection is to be made after trenches or ditches are excavated and all new fuel piping authorized by the permit has been installed, and before any such piping has been backfilled or covered or concealed or any fixtures or gas appliances have been connected.

B. Final Piping Inspection. The final piping inspection is to be made after all gas piping authorized by the permit has been installed and after all portions have been concealed and before any fixtures or gas appliances have been connected. This inspection shall include a pressure test.

C. Rough-In Inspection. The rough-in inspection is to be made after the roof, framing, draftstopping, fireblocking and bracing are in place, all ducting and other concealed components are complete and in place and prior to the installation of wall or ceiling membranes.

D. Final Inspection. The final inspection is to be made after building is complete, the gas/mechanical systems are in place and properly connected, and the structure is ready for occupancy. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-75)

16.16.530 Notice to director that work is ready for inspection.

It shall be the duty of the person to whom a gas/mechanical permit is issued to give reasonable advance notice to the department of codes administration when the gas or mechanical work for which a permit has been issued is ready for test and inspection. Inspection is to be performed without unreasonable or unnecessary delay of request. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-76)

16.16.540 Retesting and reinspection—Fee.

When the gas or mechanical installation does not pass the required inspections, the permittee shall be required to make the necessary changes and corrections and to submit the gas or mechanical installation to reinspection within ten working days after rejection. In all instances where reinspections are deemed necessary, an additional fee of twenty-five dollars shall be paid for each reinspection required. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-78)

16.16.550 Notice of approval.

Upon satisfactory completion of the rough-in inspection and testing of a gas/mechanical installation, notice of approval of such installation shall be posted within the building. Such notice shall be dated and properly signed by the person making the inspection. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-79)

16.16.560 Notice of rejection.

A. In the event of failure of a gas/mechanical installation to pass the required tests and inspection, notice of such failure shall be given the permittee and contractor and a gas/mechanical rejected notice shall be placed within the building, pending a reinspection and testing.

B. It is unlawful for any person to remove a gas/mechanical rejected notice prior to satisfactory completion of the reinspection testing.

C. When an inspection is rejected, codes administration will do two things:

1. Place rejected notice at jobsite;

2. Give notice to permittee. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-80)

16.16.570 Certificate of approval.

A. Upon satisfactory completion and final test of gas/mechanical system, notice of approval of such installation shall be posted within the building. Such notice shall be dated and properly signed by the person making the inspection.

B. After passing inspection, a certificate of approval may be issued by the director of codes administration, upon the request of the permittee or owner. The local gas utility shall be notified of system completion. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-81)

16.16.580 Temporary certificate of approval.

A temporary certificate of approval may be issued for a portion or portions of a gas/mechanical system which may safely be operated prior to final completion of the gas/mechanical system. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-82)

Article V. Certification of Contractors

16.16.590 Classifications of certificates—Enumerated.

For the purposes of this chapter, every person engaged in or desiring to engage in the business of gas or mechanical or in the performance of any gas or mechanical work or the making of any gas/mechanical installation for which a permit is required, within the metropolitan government area shall be registered and certified by the board of gas/mechanical examiners and appeals in one of the following classifications:

A. Metropolitan master mechanical certificate;

B. Metropolitan HVAC&R certificate;

C. Metropolitan gas and appliance certificate. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-90)

16.16.600 Classifications—Defined.

For the purpose of this chapter, the classifications of gas/mechanical certificate holders shall be defined as follows:

A. "Metropolitan master mechanical certificate holder" means an individual who has successfully completed the required metropolitan master mechanical certificate examination and holds a current and valid master mechanical certificate duly issued by the metropolitan board of gas/mechanical examiners and appeals.

B. "Metropolitan HVAC&R certificate holder" means an individual who has successfully completed the required HVAC&R certificate examination and holds a current and valid metropolitan HVAC&R certificate duly issued by the metropolitan board of gas/mechanical examiners and appeals.

C. "Metropolitan gas and appliance certificate holder" means an individual who has successfully completed the required gas and appliance certificate examination and holds a current and valid metropolitan gas and appliance certificate duly issued by the metropolitan board of gas/mechanical examiners and appeals. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-91)

16.16.610 Examination, certification and registration required.

It is unlawful for any person to engage in the business of gas/mechanical contracting without first having been examined and certified. An application shall not be accepted by the board within twelve months after any notification of the board of a person, firm or corporation engaging in the business of gas/mechanical or performing any gas or mechanical work or making any gas or mechanical installation without having been first examined, certified and registered as such by the board of gas/mechanical examiners and appeals. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-92)

16.16.620 Application—Duty of contractor—Prerequisites.

A. It shall be the duty of every person engaged in or desiring to engage in the business of gas/mechanical to do or perform any gas or mechanical work or to make any gas or mechanical installation as a master mechanical certificate holder, HVAC&R certificate holder, or gas and appliance certificate holder to make application to the board of gas/mechanical examiners and appeals for an examination and issuance of a certificate of registration. Application for an examination and certificate of registration shall be made on forms provided by the director of codes administration and shall be accompanied by the required examination fee.

B. In addition to the foregoing requirements, each applicant for examination for a gas/mechanical certificate must furnish evidence that he/she had experience in gas/mechanical trades. A degree in mechanical engineering may be accepted in lieu of the experience requirement.

C. In the case of an application for examination for a master mechanical certificate an applicant must have six years experience; for HVAC&R certificate, an applicant must have four years experience. In the case of an application for examination for a gas and appliance certificate, an applicant must have three years experience.

D. Each applicant shall be available full time at least three and one half days per week during normal business hours at the gas/mechanical contractor's place of business located in Davidson County to supervise all work done under the certificate and meet with code officials during normal business hours. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-93)

16.16.630 Limited certificate.

Reserved. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-93.1)

16.16.640 Examination—Notice of.

Each applicant for examination and certification as a certificate holder shall be notified, in writing, by the secretary of the board of gas/mechanical examiners and appeals as to the time and place of such examinations, not less than seven days prior to the date scheduled for such examination. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-94)

16.16.650 Examination—Content.

An examination of each applicant for a master mechanical certificate, HVAC&R certificate or gas and appliance certificate shall be conducted by the board of gas/mechanical examiners and appeals at a time and place determined by such board. The examination shall be written and shall, in each instance, be of such nature as to satisfy the board as to the applicant's proficiency in the art of gas and mechanical installations and his knowledge of the provisions and material requirements of this chapter and any subsequent amendments made thereto, as such are related to the applicant's request for certification. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-95)

16.16.660 Examination—Failure to appear.

The failure of an applicant to appear before the board of gas/mechanical examiners and appeals for examination, at the time and place scheduled for such examination, shall not be construed as denying any applicant the right to request a rescheduling of such examination at a later date; except, that no application for examination and certification shall be held pending by the board, except for just cause, for more than ninety days following receipt of such application. In the event an applicant, after due notice, shall fail to appear before the board for examination, during such ninety day period, above, the application shall be rejected, the applicant shall be notified of the action taken by the board and the examination fee shall be forfeited. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-96)

16.16.670 Reexamination.

Any applicant for examination and certification as a certificate holder who shall fail to pass the examination as required by the board of gas/mechanical examiners and appeals may apply for reexamination within thirty days following the date of such examination. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-97)

16.16.680 Issuance—Requirements.

The board of gas/mechanical examiners and appeals shall issue a certificate in each of the following classifications when the applicant has fulfilled the following requirements:

A. A metropolitan master mechanical certificate shall be issued to every applicant who makes proper application for such certificate, successfully completes the required master mechanical certificate examination and pays the required master mechanical certificate certification fee.

B. A metropolitan HVAC&R certificate shall be issued to every applicant who makes proper application for such certificate, successfully completes the required HVAC&R certificate examination and pays the required HVAC&R certificate certification fee.

C. A metropolitan gas and appliance certificate shall be issued to every applicant who makes proper application for such certificate, successfully completes the required gas and appliance certificate examination and pays the required gas and appliance certificate certification fee. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-98)

16.16.690 Fees.

A. The fees for examination and certification of a master mechanical certificate, HVAC&R certificate, and gas and appliance certificate shall be as follows:

Classifications	Examination Fee	Original Certificate Fee	Renewal Certificate Fee
Master mechanical certificate	$50.00	$100.00	$100.00
HVAC&R certificate	50.00	75.00	75.00
Gas and appliance certificate	50.00	75.00	75.00

B. Renewal certificates for each classification shall be issued free of charge to any certificate holder over sixty-five (65) years of age. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-99)

16.16.700 Annual renewal—Penalty for failure to renew.

Each certificate issued by the board of gas/mechanical examiners and appeals shall expire on the first day of October following issuance and shall become invalid unless renewed. Such certificate shall be renewed annually and recorded in the offices of the department of codes administration, on or before the last day of September of each year. Such records shall be open to public inspection during the normal working hours of the department. There shall be, in addition to the

renewal fee set out above, a penalty of ten dollars per month for certificate holder for each month in arrears past the expiration date of said certificate, up to a maximum of twelve months. Thereafter, on the first day of the second year past expiration, the certificate shall be considered invalid and the holder shall then be considered a new applicant under Section 16.16.620. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-100)

16.16.710 Duties of certificate holders.

A. It shall be the duty of the certificate holder to assure that the gas/mechanical work for which he/she is responsible is installed in accordance with all requirements of the metropolitan gas/mechanical code in addition, the certificate holder must comply with all applicable state laws.

B. The certificate holder shall be responsible for all work for which a permit was obtained under his/her certificate and to request and secure all inspections.

C. No gas/mechanical work shall be begun until a permit has been obtained by the certificate holder.

D. It shall be the responsibility of the certificate holder and the gas/mechanical contractor to immediately notify the board in writing if his employment is terminated for any reason or he is unable to perform his duties.

E. The certificate holder shall promptly notify the gas/mechanical contractor of any deficiencies in the work as identified to him/her in writing by a metropolitan gas/mechanical inspector. It shall be the responsibility of the certificate holder to promptly correct such deficiencies in the work. A certificate holder shall not furnish permits for gas/mechanical work to any person, firm or corporation other than the registered gas/mechanical contractor with whom his/her certificate is registered.

F. Failure to comply with any of the duties listed above shall constitute grounds for suspension or revocation of the certificate holder certificate. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-101)

16.16.720 Revocation of certificate—Grounds—Notice—Recertification.

A. The board of gas/mechanical examiners and appeals shall revoke or suspend a certificate issued to any certificate holder upon positive proof that such person:

1. Knowingly violated the provisions of this chapter or the rules and regulations of the board;

2. Practiced fraud or deception in making application for or obtaining such certificate;

3. Is incompetent to perform a service to the public as a certificate holder;

4. Permitted his/her certificate to be used, directly or indirectly, by another to obtain or perform work or services;

5. Worked as a certificate holder for more than one gas/mechanical contractor;

6. Worked as a certificate holder, and pulled permits for his/her own use without the knowledge or consent of the gas/mechanical contractor with whom his/her certificate is registered;

7. Is guilty of such other unprofessional or dishonorable conduct of such nature as to deceive or defraud the public.

B. No action of the board to suspend or revoke a certificate shall become final until the alleged offender has been given an opportunity to appear before the board to show cause as to why such action should not be taken.

C. Notice, in writing, of the proposed action of the board to revoke or suspend a certificate shall be given to the holder of such certificate, stating the specific charges upon which such action is based. The notice shall stipulate that a hearing will be scheduled at a time and place set by the board for the aggrieved party to show cause why such action should not be made final. Such hearing shall not be held less than forty-eight hours following notice to the aggrieved party. Failure to appear before the board to answer the specific charges set forth in the notice shall be deemed just cause for final revocation or suspension of a certificate.

D. In the event a certificate is revoked by the board, an application for reexamination of such certificate shall not be accepted by the board within one year after the date of such revocation. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-102)

16.16.730 Inactivation of certificate upon holder's request.

Any person holding a master mechanical, HVAC&R or gas and appliance certificate may, upon his/her written request, inactivate his/her certificate and, during such period of inactivation, shall pay no renewal fees. Upon presentation of his/her affidavit that he/she intends to become active, after a waiting period of ninety days his/her certificate shall be reactivated upon payment of the current fees. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-103)

Article VI. Contractor Requirements

16.16.740 Metropolitan master mechanical contractor defined.

For the purposes of this chapter, a metropolitan master mechanical contractor who installs, repairs, services or alters any HVAC&R or gas appliances or

HVAC&R or gas systems or refrigeration, incineration and other energy consuming systems with associated ductwork and piping unlimited in capacity and size as permitted by the metropolitan gas/mechanical code shall be defined as one of the following:

A. An individual holding a current and valid metropolitan master mechanical certificate duly issued by the board of gas/mechanical examiners and appeals, who holds a current and valid contractors' license issued by the Tennessee State Board for Licensing Contractors when required, who has been duly registered as a metropolitan master mechanical contractor by the department of codes administration and has secured the required contractors' privilege license from the proper licensing authority of the metropolitan government and also has provided proper bond and certificate of insurance;

B. A person, firm, association or corporation established to do business as a metropolitan master mechanical contractor, employing the full-time services of an individual holding a current and valid master mechanical certificate duly issued by the board of gas/mechanical examiners and appeals, who holds a current and valid contractors' license issued by the Tennessee State Board for Licensing Contractors when required, who has been duly registered as a metropolitan master mechanical contractor by the department of codes administration and has secured the required contractors' privilege license from the proper licensing authority of the metropolitan government and has provided proper bond and certificate of insurance. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-108)

16.16.750 Metropolitan HVAC&R contractor defined.

For the purposes of this chapter, a metropolitan HVAC&R contractor who installs, repairs, services or alters HVAC&R appliances including gas appliances and equipment, ductwork and piping required to make a complete and operating system shall be limited to installations not to exceed the following rated (input) thirty tons, or one and one-half million Btuh, or gas piping systems not to exceed five psi pressure for the total system, shall be defined as one of the following:

A. An individual holding a current and valid metropolitan HVAC&R certificate duly issued by the board of gas/mechanical examiners and appeals, who holds a current and valid contractors' license issued by the Tennessee State Board for Licensing Contractors when required, who has been duly registered as a metropolitan HVAC&R contractor by the department of codes administration and has secured the required contractors' privilege license from the proper licensing authority of the metropolitan government and has provided proper bond and certificate of insurance;

B. A person, firm, association or corporation established to do business as a metropolitan HVAC&R contractor, employing the full-time services of an individual holding a current and valid HVAC&R certificate duly issued by the board of gas/mechanical examiners and appeals, who holds a current and valid contractors' license issued by the Tennessee State Board for Licensing Contractors when required, who has been duly registered as a metropolitan HVAC&R contractor by the department of codes administration and has secured the required contractors' privilege license from the proper licensing authority of the metropolitan government and has provided proper bond and certificate of insurance. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-109)

16.16.760 Metropolitan gas and appliance contractor defined.

A. For the purposes of this chapter, a metropolitan gas and appliance contractor who installs, repairs, services or alters gas, fuel, oil and solid fuel appliances, water heaters, unvented heaters and unit heaters including equipment and piping required to make a complete and operating system of natural gas of two psi and under to serve equipment installed; contractors who provide complete propane systems two psi and under including storage tanks may provide piping systems of up to ten psi external of the building, maximum input rating of gas appliances not to exceed seven hundred and fifty thousand Btu.

B. Exception: A public utility licensed as a gas and appliance contractor shall be allowed to install and service appliances and equipment as required by the Public Service Commission.

C. A metropolitan gas and appliance contractor shall be defined as one of the following:

1. An individual holding a current and valid metropolitan gas and appliance certificate duly issued by the board of gas/mechanical examiners and appeals, who holds a current and valid contractor's license issued by the Tennessee State Board for Licensing Contractors when required, who has been duly registered as a metropolitan gas and appliance contractor by the department of codes administration and has secured the required contractor's privilege license from the proper licensing authority of the metropolitan government and has provided proper bond and certificate of insurance;

2. A person, firm, association or corporation established to do business as a metropolitan gas and appliance contractor, employing the full-time services of an individual holding a current and valid gas and

appliance certificate duly issued by the board of gas/mechanical examiners and appeals, who holds a current and valid contractor's license issued by the Tennessee State Board for Licensing Contractors when required, who has been duly registered as a metropolitan gas and appliance contractor by the department of codes administration and has secured the required contractor's privilege license from the proper licensing authority of the metropolitan government and has provided proper bond and certificate of insurance. (Ord. 92-118 § 20, 1992; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-110)

16.16.770 Issuance of certificates to existing contractors without examination—Requirements.

A. Within one hundred and twenty days after the effective date of the bill codified in this chapter, any person, partnership, firm or corporation desiring to do mechanical or gas work covered by this chapter that has held a valid Davidson County or an adjoining county business license for at least three years from the effective date of the bill codified in this chapter, for the purpose of engaging in mechanical or gas contracting, shall make application to the metropolitan board of gas/mechanical examiners and appeals for registration, in the appropriate classification as described in this code. Said applicant must show proof to the board, that a minimum of five systems have been installed or serviced within Davidson County in the last thirty-six months from the date of application, for the classification that the applicant is applying for, upon approval by the board. The board shall authorize the issuance of said certificate without examination upon the payment of the original certificate fee, providing proper bond and certificate of insurance. Said certificate holder's certificate to expire on September 30th of the following year (but not to exceed 15 months).

B. If the applicant is an individual, the board shall authorize the issuance of the certificate in the name of the individual. If the applicant is a partnership, firm or corporation, the board shall authorize the issuance of the certificate to the member of said partnership, firm or corporation most actively engaged in the actual gas/mechanical contracting phase of the business. Only one gas/mechanical certificate may be issued under the provisions of this section, for the benefit of any said partnership, firm, or corporation. Upon proper application, said person shall be registered as a master mechanical, HVAC&R or gas and appliance certificate holder as provided in this code. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-116)

16.16.780 Registration, bonding and insurance—Requirements.

A. It shall be the duty of every person desiring to engage in the business of gas/mechanical as a metropolitan gas/mechanical contractor to register, post bond and submit certificate of insurance, as required, with the department of codes administration.

B. Each party to a joint venture shall be duly registered as a master mechanical, HVAC&R or gas and appliance contractor in accordance with this section. Each party shall be registered as the same contractor type. In addition, each party to a joint venture shall sign all applications for gas/mechanical permits.

C. It shall be the responsibility of the master mechanical contractor, HVAC&R contractor, or gas and appliance contractor to furnish to the department of codes administration a permit bond in the amount of forty thousand dollars, conditioned to conform to the requirements of this chapter and all applicable laws, ordinances, rules, and regulations of the metropolitan government relating to work which is performed by the principal pursuant to a permit issued under this bond, or for work performed by the principal for which a permit should have been obtained prior to the commencement of such activity; and to indemnify the metropolitan government and property owners against any and all loss suffered by them by reason of the failure of such contractor to comply with such laws, ordinances, rules and regulations. Such bond shall be continuous and may not be canceled without at least ten days' prior notice, in writing, to the director of codes administration. The liability of the surety shall continue to attach to work performed pursuant to any permit issued prior to the termination date of the bond even if the noncomplying act should occur after the termination date of the bond. The liability of the surety for any and all claims, suits or action under this bond shall not exceed the bond penalty of forty thousand dollars. Regardless of the number of years this bond may remain in force, the liability of the surety shall not be cumulative and the aggregate liability of the surety for any and all claims, suits or actions under this bond shall not exceed forty thousand dollars. The bond shall be issued by a U.S. Treasury-listed corporate surety or a Tennessee domestic insurance company on forms provided by the department of codes administration.

D. It shall be the responsibility of the master mechanical contractor, HVAC&R contractor or gas and appliance contractor to furnish to the department of codes administration a certificate of general liability insurance issued by a Tennessee-licensed company which provides a minimum of three hundred thousand dollars

per occurrence combined single limits for bodily injury and property damage coverage. The certification of insurance must be submitted from a Tennessee-licensed company prior to renewal of the metropolitan contractor's certificate holder annual renewal. The insurance may not be canceled without at least thirty days' prior notice, in writing to the director of codes administration. (Ord. 94-1226 § 4, 1994; Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-117)

16.16.790 Duties of gas/mechanical contractors.

A. Every person holding a gas/mechanical contractor's registration shall conform strictly to the metropolitan gas/mechanical code, and applicable state laws such as the State Contractors and/or Home Improvement Laws.

B. No gas/mechanical work shall be begun until a permit has been obtained by the certificate holder unless an emergency condition exists, in which case a permit must be obtained the next working day.

C. Before any person, firm or corporation shall engage in the business of gas/mechanical contracting as herein defined, he shall comply with all other applicable Metro ordinances.

D. The gas/mechanical contractor shall register and shall notify in writing the following with the metropolitan department of codes administration or changes to the following:

1. Name of the business, business street address and zip code, local telephone or toll free number, and individual's name as required above;

2. Name of the certificate holder, business street address and zip code, and local telephone number where the certificate holder may be contacted during normal working hours.

E. It shall be the responsibility of the gas/mechanical contractor to immediately notify the board in writing of the death, termination of employment, or extended sickness of the certificate holder.

F. In the event of death, termination of employment, extended sickness, or revocation of the certificate of the certificate holder, the gas/mechanical contractor shall secure the services of another certificate holder. The gas/mechanical contractor's registration shall be suspended until a new certificate holder is employed, subject to an appeal before the board.

G. A registered gas/mechanical contractor shall not furnish permits for gas/mechanical work to any person, firm or corporation other than his own. All work done under any permit shall be performed under the supervision of the certificate holder who obtained the permit. Work cannot be subcontracted under any conditions to other than a master mechanical, HVAC&R or gas and appliance contractor who shall obtain his/her own permits.

H. Failure to comply with any of the duties listed above shall constitute grounds for suspension or revocation of the gas/mechanical contractor's registration. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-118)

16.16.800 Certification required for registration as contractor.

A. No person engaged in or desiring to engage in the business of gas/mechanical as a metropolitan gas/mechanical contractor shall be registered as such by the department of codes administration unless such person holds a current and valid certificate duly issued by the board of gas/mechanical examiners and appeals.

B. No person, firm, association or corporation, other than an individual holding a current and valid certificate, as set forth above, engaged in or desiring to engage in the business of gas/mechanical as a metropolitan gas/mechanical contractor, shall be registered as such by the department of codes administration unless such person, firm, association or corporation employs the services of an individual holding a current and valid certificate duly issued by the board of gas/mechanical examiners and appeals. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-120)

16.16.810 Revocation of registration—Grounds—Notice—Reinstatement.

A. The board of gas/mechanical examiners and appeals shall revoke or suspend a registration of any contractor upon positive proof that such person, firm or corporation:

1. Knowingly violated the provisions of this chapter or the rules and regulations of the board;

2. Practiced fraud or deception in making application for or obtaining such registration;

3. Is incompetent to perform a service to the public as a registered contractor;

4. Permit his registration to be used, directly or indirectly, by another person, firm or corporation to obtain or perform work or services;

5. Obtain permits for another person, firm or corporation to perform gas/mechanical work;

6. Worked as a gas/mechanical contractor prior to registration with the board after the grandfathering of existing contractors time period has expired;

7. Is guilty of such other unprofessional or dishonorable conduct of such nature as to deceive or defraud the public.

B. No action of the board to suspend or revoke a certificate of registration shall become final until the alleged offender has been given an opportunity to appear before the board to show cause as to why such action should not be taken.

C. Notice, in writing, of the proposed action of the board to revoke or suspend a certificate of registration shall be given to the holder of such certificate, stating the specific charges upon which such action is based. The notice shall stipulate that a hearing will be scheduled at a time and place set by the board for the aggrieved party to show cause why such action should not be made final. Such hearing shall not be held less than forty-eight hours following notice to the aggrieved party. Failure to appear before the board to answer the specific charges set forth in the notice shall be deemed just cause for final revocation or suspension of registration.

D. In the event registration is revoked by the board, an application for reinstatement of such registration shall not be accepted by the board within one year after the date of such revocation. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-119)

16.16.820 Contractor's eligibility for permits—Employment of certificate holder required.

A. In the event a metropolitan gas/mechanical contractor, as defined in Sections 16.16.740 through 16.16.760, should for any reason dispense with or otherwise fail to retain the services of a metropolitan certificate holder, then such metropolitan gas/mechanical contractor shall no longer be eligible to obtain gas/mechanical permits until such time as such gas/mechanical contractor shall employ the services of a certified certificate holder to supervise its work.

B. In all such instances, it shall be the duty of such metropolitan contractor to immediately notify the director of codes administration, in writing, of any change in the status or relationship of any certificate holder employed. It shall be the duty also of each metropolitan certificate holder employed by a metropolitan gas/mechanical contractor to immediately notify the director of codes administration, in writing, of any change in employment or in his relationship with a metropolitan gas/mechanical contractor. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-121)

16.16.830 Stop work order—Issued for work authorized under certificate holder no longer employed.

In the event a metropolitan gas/mechanical contractor, as defined in Sections 16.16.740 through 16.16.760, shall cease to employ the services of a metropolitan certificate holder, the contractor shall notify the director of codes administration within forty-eight hours. Such gas/mechanical contractor shall no longer be entitled to secure permits. The director of codes administration may issue a stop work order for any work authorized and not completed under any permit issued to such contractor, if in the director's opinion conditions so require it, subject to an appeal by such contractor to the board of gas/mechanical examiners and appeals. Such notice shall be in writing and shall be delivered to such gas/mechanical contractor by registered mail or served personally on such contractor. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-122)

16.16.840 Display of license and advertising.

For display of license and advertising see Sections 16.16.850 and 16.16.860. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-130)

16.16.850 Vehicle identification requirements.

A. All trucks and similar vehicles used by contractors or their employees shall have conspicuously painted on the body of both sides of said vehicles, in any color in contrast to the color of the vehicle's body, one of two methods of identification stated below:

1. The full name of the firm to which it belongs, in lettering at least two inches high or;

2. The wording "Licensed Master Mechanical Contractor," "Licensed HVAC&R Contractor," or "Licensed Gas and Appliance Contractor," in lettering at least two inches high on the top line; the wording "No." in lettering at least two inches high and "[insert assigned number]" in lettering at least two inches high, on the second line; and the wording "Metro Nashville" in lettering at least one and one-half inches high on the third line.

B. In the event a contractor obtains a vehicle for temporary use, he will be permitted to identify said vehicle by placing on it in a clearly visible position on both sides, a temporary sign or letters to conform to the same requirements as the permanent lettering described in this section. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-130.1)

16.16.860 Advertisements must include certificate numbers and classification.

Any advertisement by a contractor, including but not limited to yellow pages and newspaper advertisement, shall include the certificate number of the certificate holder and classification. (Ord. 90-1253 § 1 (part), 1990; prior code § 19-1-130.2)

Chapter 16.20

ELECTRICAL CODE

Sections:

Article I. General Regulations

16.20.010 Purpose of provisions.
16.20.020 Scope.
16.20.030 Proper maintenance required—Owner's responsibility.
16.20.040 Installations—By homeowner.
16.20.050 Installations—Restrictions.
16.20.060 Rules and regulations—Enforcement authority.
16.20.070 Additional requirements—Authority of director.
16.20.080 Inspection records—Open to public.
16.20.090 Stop-work orders—Issuance—Exception.
16.20.100 Revocation of permits or approval.
16.20.110 Hazardous installations—Abatement—Condemnation—Discontinuance of service.
16.20.120 Interference with director prohibited.
16.20.130 Failure to comply with chapter unlawful.

Article II. Electrical Code

16.20.140 National Electrical Code—Adopted by reference.
16.20.150 Amendments to the National Electrical Code.
16.20.154 Amendments to the electrical sections of the International Residential Code for One- and Two-Family Dwellings.

Article III. Electrical Permits

16.20.160 Required when.
16.20.170 Exemptions.
16.20.180 Application.
16.20.190 Registration requirements—Exceptions.
16.20.195 Display of license and advertising.
16.20.200 Homeowner permits—Prerequisites.
16.20.210 Plans and specifications.
16.20.215 Plans prepared by others.
16.20.220 Applications—Examination by director.
16.20.230 Applications—Timely action required.
16.20.240 Reviewed plans—Procedures—Copy at jobsite.
16.20.250 Fee schedule—Electrical permits.
16.20.260 Fees—Refunds.
16.20.270 Inspection required.
16.20.280 Additions to unlawful installations.
16.20.290 Additions to existing installations—Prerequisites.
16.20.300 Issuance.
16.20.310 Permit denial conditions.
16.20.320 Interpretation—Limited authority.
16.20.330 Expiration—Extension.
16.20.340 Nontransferability.
16.20.345 Change in contractor—Reissuance of permit—Fees.

Article IV. Inspections

16.20.350 Required when.
16.20.360 Temporary use of power pending inspection.
16.20.370 Notice when work ready for inspection.
16.20.380 Inspection test—Permittee's responsibility.
16.20.390 Material and labor for tests—Permittee's responsibility.
16.20.400 Notice of approval—When—Posted.
16.20.410 Reinspections.
16.20.420 Notice of rejection.
16.20.430 Testing of existing defective systems.
16.20.440 Certificate of approval—Issuance—Report of defective work.
16.20.450 Covering work prior to test prohibited.

Article I. General Regulations

16.20.010 Purpose of provisions.

This chapter is declared to be remedial and shall be construed to secure the beneficial interest and purposes thereof, which are health, general public safety and welfare, by regulation of all electrical installations and electrical systems and all electrical system alterations,

repairs, and maintenance. (Prior code § 14-1-1)

16.20.020 Scope.

The provisions of this chapter shall apply to every electrical installation and electrical system, both new and existing, including, but not limited to, all alterations, repairs, replacement and maintenance, and to all electrical devices, equipment, appliances, fixtures and appurtenances within the metropolitan government area when such are installed, or connected to, or designed, or intended to be connected to any public or private electrical supply system; provided, that this chapter shall not be construed to apply to operations of the metropolitan government acting by and through the electric power board of the metropolitan government; provided further, that existing electrical installations which substantially comply with an electrical code in effect at the time those installations were installed and which are still in substantial compliance therewith shall not be required to be replaced by the enactment of this chapter, unless such electrical installations are hazardous to the surrounding properties or to the occupants of the building containing such electrical installations. (Prior code § 14-1-2)

16.20.030 Proper maintenance required—Owner's responsibility.

A. All electrical installations and electrical systems, both new and existing, and all parts thereof and appurtenances thereto, shall be installed and maintained as required by this chapter, in a safe and satisfactory condition.

B. All devices, equipment and safeguards required by this chapter shall be installed and properly maintained in a safe and satisfactory manner and in good working order. The owner or his designated agent shall be held responsible for the proper maintenance of all electrical installations and electrical systems. (Prior code § 14-1-3)

16.20.040 Installations—By homeowner.

Nothing in this chapter shall prevent any resident homeowner from installing or maintaining an electrical system within his own property boundaries, provided such electrical work is done by himself. Such privilege does not convey the right to violate any of the provisions of this chapter, nor is it to be construed as exempting any such homeowner from obtaining a permit and paying the required fees therefor.

The director of codes administration or his duly authorized representative shall be authorized to issue "homeowner permits" to property owners desiring to make electrical repairs and/or additions to their property or improvements thereto. Homeowner permits shall be issued only if the applicant meets the following conditions:

1. The electrical repairs and/or additions shall be made to the owner applicant's principle dwelling.

2. The homeowner may only obtain one electrical permit within a twelve-month period.

3. The repairs, additions and/or new dwelling shall be of such nature that a person of average intelligence could make the repairs and/or additions without the assistance of an electrical contractor.

4. The department of codes administration may void a homeowner's permit if it is determined that the installation is beyond the capabilities of the homeowner and the work being done does not comply with this chapter.

5. The homeowner must do the work himself without the help of an electrical contractor or certificate holder.

6. The homeowner may be required to provide proof of residency and ownership.

7. Homeowner electrical permits shall not be issued for commercial purposes. (Ord. BL2020-458 § 4, 2020; prior code § 14-1-4)

16.20.050 Installations—Restrictions.

Wires, other than wires incased in rigid iron conduit or steel tubing, shall not be installed in new buildings or structures until such buildings or structures are under roof and wires are not likely to suffer mechanical injury or to be exposed to the weather. (Prior code § 14-1-10)

16.20.060 Rules and regulations—Enforcement authority.

A. The director of codes administration shall have the power and his duty shall be to enforce, in the manner provided in this chapter, all laws, ordinances, rules and regulations relating to electrical installations and electrical systems as set forth in this chapter and any amendments thereto, and to promulgate such rules and regulations as may be deemed necessary for the effective enforcement of this chapter.

B. Such rules and regulations as may be promulgated by the director of codes administration shall be approved by the metropolitan board of electrical examiners and appeals, shall be approved by the metropolitan department of law as to form and legality and shall become effective upon written approval of the mayor. (Prior code § 14-1-5)

16.20.070 Additional requirements—Authority of director.

Any requirement deemed necessary for the safety, strength or stability of an existing or proposed electrical

installation or electrical system or for the safety or welfare of the occupants of any building or structure, not specifically covered by the provisions of this chapter, shall be determined by the director of codes administration, subject to an appeal to the metropolitan board of electrical examiners and appeals. (Prior code § 14-1-11)

16.20.080 Inspection records—Open to public.

The director of codes administration shall keep or cause to be kept a record of the business activities of the electrical inspection section. Such records shall be open for public inspection during the normal office hours of the department of codes administration. (Prior code § 14-1-6)

16.20.090 Stop-work orders—Issuance—Exception.

A. When it is found by the director of codes administration or his duly authorized representative that any electrical installation is being made or that any electrical devices, equipment or fixtures required by this chapter are being installed without a duly issued permit, the director shall issue or cause to be issued a stop-work order.

B. When the director finds that an emergency exists, a written stop-work order shall not be required; and in such instances, oral notice to the owner, his agent or the person in charge of the work, by the director or his duly authorized representative, shall have the same force and effect as a written order. The stop-work order shall remain in effect until a permit has been duly issued. (Prior code § 14-1-7)

16.20.100 Revocation of permits or approval.

The director of codes administration may revoke an electrical permit or approval issued under the provisions of this chapter in the event there has been any false statement or wilful misrepresentations on which the permit or approval was based. In all such instances, where a permit has been revoked, the permit fee shall neither be refunded nor applied to any subsequent application for a permit. (Prior code § 14-1-8)

16.20.110 Hazardous installations—Abatement—Condemnation—Discontinuance of service.

A. Abatement. All electrical installations or electrical systems which are unsafe, which are dangerous to human life or which, in relation to existing or contemplated use, constitute a hazard to the safety or general welfare of the community, by reason of improper installation, inadequate maintenance, obsolescence or abandonment are declared to be illegal, and shall be abated by repair, replacement or removal.

B. Condemnation. All electrical installations and electrical systems and all devices, equipment, appliances, fixtures and appurtenances used for electrical purposes, which at any time become defective so as to be likely to cause fires or accidents and endanger lives or property, shall be condemned. When the director of codes administration or his duly authorized representative finds that it is necessary to condemn any electrical installation or equipment, notice shall be given the owner or user of such to have the same repaired and put in safe condition or removed from the premises. Upon failure to comply with such notice, the electrical inspector is authorized and directed to disconnect such wiring or equipment from the source of electrical energy or cause the same to be done.

C. Notice to Discontinue Service. Upon condemnation of any defective electrical installation or equipment, the director of codes administration or his duly authorized representative shall give notice to the public utility or person furnishing electric current to such defective installation or equipment to cease to supply current to the same until a written release is issued by the department of codes administration allowing current to be supplied or restored.

D. Failure to Discontinue Service. It is unlawful for a public utility or any other person to furnish or connect electric current to any electrical installation or system or to any electrical device, equipment, appliance, fixture or appurtenance which has been condemned and disconnected or in any manner rendered inoperative by an electrical inspector, or to use such wiring or equipment as a part of any electrical system until the same has been repaired, inspected and released by the electrical inspector. (Prior code § 14-1-9)

16.20.120 Interference with director prohibited.

It is unlawful for any person to interfere with the director of codes administration or his authorized representative in the discharge of any of the duties imposed upon him, expressly or impliedly, by this chapter. (Prior code § 14-1-13)

16.20.130 Failure to comply with chapter unlawful.

It is unlawful for any person to violate any provision of this chapter or fail to comply therewith or with any provisions thereof, or to violate a detailed statement or plans submitted and approved thereunder. (Prior code § 14-1-14)

Article II. Electrical Code

16.20.140 National Electrical Code—Adopted by reference.

The 2023 Edition of the National Electrical Code, Article 90 through Chapter 9 inclusive are adopted and incorporated into this chapter as the technical section of the electrical code of the metropolitan government, by reference, as fully as though copied into this chapter.

The 2024 Edition of the International Residential Code for One- and Two-Family Dwellings, Chapter 35 thru Chapter 41 inclusive are adopted and incorporated into this chapter as the technical section of the electrical code of the metropolitan government, by reference, as fully as though copied into this chapter. (Ord. BL2025-898 § 4, 2025; Ord. BL2020-458 § 4, 2020; Ord. BL2011-953 § 1, 2011; Ord. BL2009-435 § 1, 2009; Ord. BL2007-1373 § 7, 2007; Ord. BL2005-796 § 1, 2005; Ord. BL2000-243 § 1, 2000; Ord. 96-562 § 69, 1996; Ord. 96-321 § 1, 1996)

16.20.150 Amendments to the National Electrical Code.

A. Article 100 of the 2023 Edition of the National Electrical Code is amended by deleting the definition of Authority Having Jurisdiction and substituting the following:

Authority Having Jurisdiction - The Director of the Metropolitan Department of Codes Administration or his designee.

B. Article 110.12 of the 2023 Edition of the National Electrical Code is amended by adding the following:

For residential and commercial buildings, electrical power shall be supplied to the building in order for inspector to perform final inspection.

C. Article 110.14(D) of the 2023 Edition of the National Electrical Code is amended by deleting Article 110.14(D) and substituting with the following:

Terminal Torque Confirmation

Where tightening torque is indicated as a numeric value on equipment or in installation instructions provided by the manufacture, a calibrated torque tool shall be used to achieve the indicated torque value, unless the equipment manufacture has provided installation instructions for an alternative method of achieving the required torque. It shall be the responsibility of the installer to ensure all terminations have been properly torqued. For service conductor and feeder terminations, upon torque confirmation and prior to inspection, the installer shall mark across the terminal, lug or screw with a permeant mark to verify proper torque has been applied.

D. Article 210 of the 2023 Edition of the National Electrical Code is amended by adding the following:

Wiring in Barns, Outbuilding & Haymows

All lighting fixtures in barns and other outbuildings shall be of the non-conductor type directly fastened to the outlet box.

Drop lights shall not be installed in barns or other buildings, unless specifically approved for the purpose used.

All convenience receptacles in outbuildings shall be at least three (3) feet above floor level. Wiring in hay mows shall be installed in conduit or otherwise protected against mechanical injury.

E. Article 210.12(A), 210.12(B), 210.12(C), 210.12(D), and 210.12(E) of the 2023 Edition of the National Electrical Code is amended by adding the following exceptions:

Arc Fault Circuit Interrupters - Where Optional

Exception 1: Arc Fault Circuit Interrupters (AFCIs) shall be optional for laundry areas and unfinished basements, which are portions or areas of the basement not intended as habitable rooms and limited to storage, work or similar area, and for branch circuits dedicated to supplying refrigeration equipment. [st]

Exception 2: Arc Fault Circuit Interrupter (AFCI) breakers shall be optional where existing service equipment or load centers are directly replaced.

Exception 3: Arc Fault Circuit Interrupter (AFCI) breakers shall be optional where existing service equipment or load centers are relocated, provided the extension of existing conductors is not more than 6 feet and does not include any additional outlets or devices.

F. Article 210.52(A)(2) of the 2023 Edition of the National Electrical Code is amended by adding the following exception:

Wall Space

Any wall space that is 2 feet (610 mm) or more in width, (including space measured around corners), and that is unbroken at the floor line by doorways, fireplaces, and similar openings.

Exception: Receptacles shall not be required in the wall space behind doors which may be opened fully against a wall surface. Wall measurement shall begin at the edge of the door when fully opened.

G. Article 210.52(C)(2)(3) of the 2023 National Electrical Code is hereby amended by deleting Section Article 210.52(C)(2)(3) and substituting the following:

Countertop and Peninsular Receptacles. The installation of receptacles for island counter spaces and peninsular counter spaces below the countertop shall be optional.

H. Article 210.52 of the 2023 Edition of the National Electrical Code is amended by adding the following new Article 210.52(J):

210.52 Smoke Detectors

New construction

Dwelling Units and Sleeping Rooms: Approved single-station or multiple-station smoke detectors shall be installed in accordance with NFPA 72, Chapter 2, within every dwelling and every dwelling unit within an apartment house, condominium or townhouse, and every guest or sleeping room in a motel, hotel, dormitory, and sleeping rooms in residential care/assisted living occupancies. Where more than one detector is required to be installed within an individual dwelling unit, the detectors shall be interconnected, either by hardwire or listed wireless detectors, in such a manner that the actuation of one alarm will actuate all the alarms in the individual unit.

Locations Within Structures: In dwelling, dwelling units, dormitories, and sleeping rooms in residential care/assisted living occupancies smoke detectors shall be installed in each sleeping room, outside of each separate sleeping area in the immediate vicinity of the bedrooms, on each additional story of the dwelling, in basements, cellars and attached garages but not including crawl spaces and uninhabitable attics. Smoke alarms shall be installed not less than 3 feet horizontally from the door or opening of a bathroom that contains a bathtub or shower unless this would prevent placement of a smoke alarm required by this section.

Additional Split-Level Requirements: Within every dwelling and every dwelling unit within an apartment house, condominium or townhouse, and every guest or sleeping room in a motel, hotel, dormitory, and sleeping rooms in residential care/assisted living occupancies, with split levels, a smoke detector needs to be installed only on the upper level, provided the lower level is less than one full story below the upper level, except that if there is a door between levels, then a detector is required on each level. All detectors shall be interconnected such that actuation of one alarm will actuate all the alarms in the individual unit and shall provide an alarm, which will be audible in all sleeping areas.

Installation Near Cooking Appliances: Smoke alarms shall not be installed in the following locations unless this would prevent placement of a smoke alarm in a location required by Section 314.3.

(1) Ionization smoke alarms shall not be installed less than 20 feet horizontally from a permanently installed cooking appliance.

(2) Ionization smoke alarms with an alarm-silencing switch shall not be installed less than 10 feet horizontally from a permanently installed cooking appliance.

(3) Photoelectric smoke alarms shall not be installed less than 6 feet horizontally from a permanently installed cooking equipment.

Power source: Each smoke alarm shall receive their primary power from the building wiring when such wiring is served from a commercial source, and when primary power is interrupted, shall receive power from a battery. Wiring shall be permanent and without a disconnecting switch other than those required for overcurrent protection.

Exception 1: Smoke alarms shall be permitted to be battery operated when installed in buildings without commercial power.

Exception 2: Smoke alarms installed during alterations, repairs and additions shall be permitted to be battery powered.

Alterations, Repairs, Additions and Reconnections to Existing Electrical Services

Alterations, Repairs, Additions and Reconnections to Existing Electrical Services: When interior alterations, repairs, additions requiring a permit occur, or when electrical reconnections to an existing service requiring a permit occur, or when one or more sleeping rooms are added or created, or where interior service equipment is replaced or upgraded under non-emergency conditions in existing dwellings, the individual dwelling unit shall be equipped with interconnected smoke alarms located as required for new dwellings. For the purpose of this section, the smoke alarms shall be permitted to be wirelessly interconnected and shall be permitted to be battery powered.

Exception 1: Work involving the exterior surfaces of dwellings, such as the replacement of roofing or siding, or the addition or replacement of windows or doors, or the addition of a porch or deck, are exempt from the requirements of this section.

Exception 2: Installation, alteration or repairs of plumbing or mechanical systems are exempt from the requirements of this section.

Exception 3: Work involving service entrance repairs made under emergency conditions are exempt from the requirements of this section.

Alterations, repairs and additions shall be defined as the following:

Alteration — Any construction, retrofit or renovation to an existing structure other than repair or addition that requires a permit. Also, a change in the building, electrical, gas, mechanical or plumbing system that

involves an extension, addition or change to the arraignment, type or purpose of the original installation that requires a permit.

Repair — The reconstruction, replacement or renewal of any part of an existing building for the purpose of its maintenance or to correct damage.

Addition — An extension or increase in floor area, number of stories or height of a building or structure.

I. Article 210.70(C) of the 2023 Edition of the National Electrical Code is hereby amended by adding the following:

Light fixtures in crawl spaces shall have guarded covers.

J. Article 220.55 of the 2023 Edition of the National Electrical Code is hereby amended by deleting Article 220.55 and substituting the following:

220.55 Branch Circuit Load for Ranges and Cooking Appliances. Where installed as separate units, ovens and cooktop units shall be served by individual circuits

K. Article 230.1 of the 2023 Edition of the National Electrical Code is amended by adding the following:

Meter Location.

The power supplier will determine the physical location of the meter base. For multi-occupancy structures, metering equipment shall be identified to indicate the occupancy serviced.

L. Article 230.43 of the 2023 Edition of the National Electrical Code is amended by adding the following:

Service entrance conductors shall be installed in conduit where such conductors serve a structure with exterior walls of brick, stone, masonry, metal or metal-clad.

M. Article 230.70(A)(1) of the 2023 Edition of the National Electrical Code is amended by deleting 230.70(A)(1) and inserting the following:

(1) Readily Accessible Location. The main service disconnecting means shall not be located more than five (5) feet from the point where the service conductors leave the load side of a meter base and enter a building or other structure.

N. Article 240.8 of the 2023 Edition of the National Electrical Code is amended by adding the following:

Overcurrent Protection Handle Ties. Circuit breakers used as overcurrent protection for circuits serving devices not requiring a grounded (neutral) conductor, such as a 240V water heater, shall be multipole breakers. Single pole breakers with tie handles shall not be approved for this purpose.

O. Article 250.50 of the 2023 Edition of the National Electrical Code is amended by deleting Article 250.50 and substituting the following:

Grounding Electrode System

All grounding electrodes as described in 250.52(A)(1) through (A)(6) that are present at each building or structure served shall be bonded together to form the grounding electrode system. Where none of these grounding electrodes exist, one or more of the grounding electrodes specified in 250.52(A)(4) through (A)(8) shall be installed and used. A minimum of one concrete encased electrode shall be in place and visible upon a service entrance inspection. The grounding electrode conductor or bonding jumper point of connection to the rebar shall be installed in an accessible interior location that is not subject to corrosion of the rebar.

Exception: Concrete-encased electrodes of existing buildings or structures shall not be required to be part of the grounding electrode system where the steel reinforcing bars or rods are not accessible for use without disturbing the concrete.

P. Article 300.21 of the 2023 Edition of the National Electrical Code is amended by deleting Article 300.21 and substituting the following:

300.21 Penetrations of Fire Rated Assemblies

Through Voids. Electrical installation in hollow spaces, vertical shafts, and ventilation or air-handling ducts shall be made so that the possible spread of fire or products of combustion will not be substantially increased.

Through Materials. Electrical penetration through fire-resistance-rated walls, partitions, floors or ceiling shall be protected by approved methods to maintain the fire-resistance rating of the element penetrated.

Openings for Outlet Boxes. Openings in fire-resistance-rated walls or floor/ceiling assemblies for metallic electrical outlet boxes not exceeding 16 square inches are permitted provided the area of such openings does not aggregate more than 100 square inches for any 100 square feet of fire resistant wall area or floor/ceiling area or shaft enclosure wall area. Outlet boxes on opposite sides of a fire resistance-rated wall or shaft enclosure shall be separated by a horizontal distance of not less than 24 inches (610 mm).

Exception: Openings for electrical outlet boxes of any material are permitted provided such boxes are listed for use in fire resistant assemblies and are installed in accordance with their listing.

Apparatus Exceeding 16 Square Inches. When walls, floors, ceilings and partitions are required to have a minimum 1-hour or greater fire resistance rating, service equipment, panels, panel boards, cabinets, switchboards and lighting fixtures that exceeds 16 square inches shall be so installed such that the required fire resistance will not be reduced.

Exception: Fixtures, which are listed for such installation, are permitted.

Q. Article 334.15(C) of the 2023 Edition of the National Electrical Code is amended by adding the following exception:

NM Cable Thru Bored Holes. Exception: Nonmetallic-Sheathed Cable shall not be required to be run through bored holes in unfinished basements and crawl spaces with less than four feet (4') and six inches (6") of clearance.

R. Article 625.43 of the 2023 Edition of the National Electrical Code is amended by deleting Article 625.43 as written and substituting the following:

625.43 Disconnecting Means. EVSE and WPTE shall be provided with one or more disconnecting means in accordance with 625.43(A) and 625.43(8).

625.43(A) Equipment Disconnects. For fixed-in-place EVSE and WPTE rated more than 60 amperes or more than 150 volts to ground, the disconnecting means shall be provided and installed in a readily accessible location. If the disconnecting means is installed remote from the equipment, a plaque shall be installed on the equipment denoting the location of the disconnecting means. The disconnecting means shall be lockable open in accordance with 110.25. For portable and fastened-in-place equipment, the cord-and-plug-connection shall be permitted to serve as the disconnecting means.

625.43(8) Emergency Shutoff. For fixed-in-place eguipment supplying de power to the vehicle. one or more clearly identified emergency shutoff devices or electrical disconnects shall be provided and shall meet all of the following:

(1) Be installed in a readily accessible location in sight from the equipment

(2) Disconnect power to all electric vehicle power transfer system equipment on the premises

(3) Be marked "ELECTRIC VEHICLE EMERGENCY DISCONNECT"

(4) Require manual intervention in order to reset from an emergency shutoff condition

(5) Disconnect all ungrounded conductors of the circuits simultaneously from the source of supply

The disconnecting: means required in accordance with 625.43(A) shall be permitted to serve as the emergency disconnect if it complies with all the requirements of 625.43(B)

Exception: Emergency disconnects. other than that required in accordance with 230.85. shall not be required for EVSE and WPTE installed at one- and two-family dwelling units.

S. Article 680.14 of the 2023 Edition of the National Electrical Code is amended by adding the following exception:

Swimming Pools. Exception: Conductors serving swimming pools which originate at a dwelling unit service equipment or sub-panel located on the interior of the dwelling unit may be installed utilizing the appropriate wiring methods contained in Chapter 3 of the 2023 Edition of the National Electrical Code. The wiring method shall comply with Article 680, 2023 Edition of the National Electrical Code regarding that portion of the installation on the exterior of the dwelling unit.

T. Article 700.5(A) of the 2023 Edition of the National Electrical Code is amended by adding the following:

Installations Served by Multiple Sources. Transfer equipment associated with installations served by alternate sources of supply shall be equipped with the necessary equipment to prevent backfeed of power onto the power supplier's system when the power supplier's local system is not energized by its own source of power. Protective equipment and installation of equipment to prevent backfeed shall be approved by the power supplier.

U. Article 410.10 of the 2023 Edition of the National Electrical Code is amended by adding the following Section G:

Parking Lots - Open parking lots shall use luminaires with a "U" BUG rating (Backlight Uplighting Glare) of 0 without external shields. Luminaires shall have a Correlated Color Temperature (CCT) of 3000 Kelvin or below. Principal walkways and parking shall have a maintained minimum illuminance of 0.2 foot-candles at grade. The average light level is not to exceed the average lighting levels set forth in the table below, as related to the Transect Category for the site as designated in the Community Plans of NashvilleNext. Spill light at the property line shall not exceed 0.5 foot-candles measured at 3' above grade. Exception may be given for calculation points on the drive between the parking lot and roadway only. Luminaires shall be controlled by occupancy sensor or timers after business hours or between the hours of 12:00 a.m. to 6:00 a.m., at a minimum. Occupancy sensors or timers may turn lights off or dim by at least 30% during periods of no occupancy. Prior to installation, a photometric plan shall be reviewed by a certifying engineer with calculation points on a 10' × 10' grid.

Transect Category	Average Lighting Level
T1 Natural, T2 Rural	0.8 foot-candles at grade
T-3 Suburban	1.25 foot-candles at grade
T4 Urban, T-5 Center, T-6 Downtown	1.5 foot-candles at grade

V. Exterior lighting design for buildings shall be consistent with the requirements of Section 17.28.100. (Ord. BL2025-898 § 4, 2025; Amdts. 1, 2 to Ord. BL2020-535 § 1, 2021; Ord. BL2020-535 § 1, 2021; Ord. BL2020-458 § 4, 2020; Ord. BL2011-953 § 2, 2011; Ord. BL2009-435 § 2, 2009; Ord. BL2007-1373 § 9, 2007; Amdt. 1 to Ord. BL2005-796, 2005; Ord. BL2005-796 § 2, 2005; Ord. BL2002-1142 § 22, 2002; Ord. BL2001-703 § 11, 2001; Ord. BL2000-343 § 2, 2000; Ord. 98-1445 § 74, 1998; Ord. 96-321 §§ 8—13, 1996; Ord. 93-570 §§ 2—7, 1993; Ord. 92-118 § 13 (part), 1992; Ord. 90-1253 § 1 (part), 1990; Ord. 89-1002 § 2, 1989; prior code §§ 14-1-29.2, 19-1-41.1.2 (part))

16.20.154 Amendments to the electrical sections of the International Residential Code for One- and Two-Family Dwellings.

The following amendments, deletions or additions to the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings are hereby adopted by reference as fully as though copied into said dwelling code and thereby made a part of the one- and two-dwelling code.

Chapter 2 of the 2024 International Residential Code for One- and Two-Family Dwellings is amended by deleting the definition of Authority Having Jurisdiction and substituting the following:

Authority Having Jurisdiction - The Director of the Metropolitan Department of Codes Administration. [art. 100]

A. Section R314 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section R314 and substituting the following:

R314 Smoke Detectors

New Construction

Dwelling Units and Sleeping Rooms: Approved single-station or multiple-station smoke detectors shall be installed in accordance with NFPA 72, Chapter 2, within every dwelling and every dwelling unit within an apartment house, condominium or townhouse, and every guest or sleeping room in a motel, hotel, dormitory, and sleeping rooms in residential care/assisted living occupancies. Where more than one detector is required to be installed within an individual dwelling unit, the detectors shall be interconnected, either by hardwire or listed wireless detectors, in such a manner that the actuation of one alarm will actuate all the alarms in the individual unit.

Locations Within Structures: In dwelling, dwelling units, dormitories, and sleeping rooms in residential care/assisted living occupancies smoke detectors shall be installed in each sleeping room, outside of each separate sleeping area in the immediate vicinity of the bedrooms, on each additional story of the dwelling, basements, cellars and attached garages but not including crawl spaces and uninhabitable attics. Smoke alarms shall be installed not less than 3 feet horizontally from the door or opening of a bathroom that contains a bathtub or shower unless this would prevent placement of a smoke alarm required by this section.

Installation Near Cooking Appliances: Smoke alarms shall not be installed in the following locations unless this would prevent placement of a smoke alarm in a location required by Section 314.3.

(1) Ionization smoke alarms shall not be installed less than 20 feet horizontally from a permanently installed cooking appliance.

(2) Ionization smoke alarms with an alarm-silencing switch shall not be installed less than 10 feet horizontally from a permanently installed cooking appliance.

(3) Photoelectric smoke alarms shall not be installed less than 6 feet horizontally from a permanently installed cooking equipment.

Additional Split-Level Requirements: Within every dwelling and every dwelling unit within an apartment house, condominium or townhouse, and every guest or sleeping room in a motel, hotel, dormitory, and sleeping rooms in residential care/assisted living occupancies, with split levels, a smoke detector needs to be installed only on the upper level, provided the lower level is less than one full story below the upper level, except that if there is a door between levels, then a detector is required on each level. All detectors shall be interconnected such that actuation of one alarm will actuate all the alarms in the individual unit and shall provide an alarm, which will be audible in all sleeping areas.

Power source: Smoke alarms shall receive their primary power from the building wiring when such wiring is served from a commercial source, and when primary power is interrupted, shall receive power

from a battery. Wiring shall be permanent and without a disconnecting switch other than those required for overcurrent protection.

Exception 1: Smoke alarms shall be permitted to be battery operated when installed in buildings without commercial power.

Exception 2: Smoke alarms installed during alterations, repairs and additions shall be permitted to be battery powered.

Alterations, Repairs, Additions and Reconnection of Existing Services

Alterations, Repairs, Additions and Reconnection of Existing Services: When interior alterations, repairs, additions requiring a permit occur, or when electrical reconnections to an existing service requiring a permit occur, or when one or more sleeping rooms are added or created, or where interior service equipment is replaced or upgraded under non-emergency conditions in existing dwellings, the individual dwelling unit shall be equipped with interconnected smoke alarms located as required for new dwellings. For the purpose of this section, the smoke alarms shall be permitted to be wirelessly interconnected and shall be permitted to battery powered.

Exception 1: Work involving the exterior surfaces of dwellings, such as the replacement of roofing or siding, or the addition or replacement of windows or doors, or the addition of a porch or deck, are exempt from the requirements of this section.

Exception 2: Installation, alteration or repairs of plumbing or mechanical systems are exempt from the requirements of this section.

Exception 3: Work involving service entrance repairs made under emergency conditions are exempt from the requirements of this section.

Alterations, repairs and additions shall be defined as the following:

Alteration — Any construction, retrofit or renovation to an existing structure other than repair or addition that requires a permit. Also, a change in the building, electrical, gas, mechanical or plumbing system that involves an extension, addition or change to the arraignment, type or purpose of the original installation that requires a permit.

Repair — The reconstruction, replacement or renewal of any part of an existing building for the purpose of its maintenance or to correct damage.

Addition — An extension or increase in floor area, number of stories or height of a building or structure.

B. Chapter 34 of the 2024 International Residential Code for One- and Two-Family Dwellings is amended by adding the following:

For residential and commercial buildings, electrical power shall be supplied to the building in order for the inspector to perform final inspection.

Sections E3402.2 and E3402.3 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings are hereby amended by adding the following Sections E3402.2 and E3402.3:

Penetrations of Fire-Resistance-Rated Assemblies. Through penetrations of fire-resistance-rated wall or floor assemblies shall comply with Sections E3402.2 or E3402.3 Exception: Where the penetrating items are steel, ferrous or copper pipes or steel conduits, the annular space shall be permitted to be protected as follows:

In concrete or masonry wall or floor assemblies where the penetrating item is a maximum 6 inches (152 mm) nominal diameter and the opening is a maximum 144 square inches (92,900 mm 1.2), concrete, grout or mortar shall be permitted where installed to the full thickness of the wall or floor assembly or the thickness required to maintain the fire-resistance rating.

The material used to fill the annular space shall prevent the passage of flame and hot gases sufficient to ignite cotton waste when subjected to ASTM E 119 time temperature fire conditions under a minimum positive pressure differential of 0.01 inch of water (3 Pa) at the location of the penetration for the time period equivalent to the fire-resistance rating of the construction penetrated. 2.

E3402.2 Fire-resistance-rated-rated assembly. Penetrations shall be installed as tested in the approved fire-resistance-rated assembly.

E3402.3 Penetration firestop and draftstops. Penetrations shall be protected by an approved penetration firestop system installed as tested in accordance with ASTM E 814, with a minimum positive pressure differential of 0.01 inch of water (Pa) and shall have a F rating of not less than the required fire-resistance rating of the wall or floor/ceiling assembly penetrated.

E3402.3 Membrane penetrations. Membrane penetrations shall comply with Section 300.21.1. Where walls are required to have a minimum 1 hour fire-resistance rating, recessed light fixtures shall be so installed such that the required fire resistance will not be reduced.

Exceptions: Steel electrical boxes that do not exceed 16 square inches (0.0103 m 1.2) in area provided the total area of such openings does not exceed 100 square inches (0.0645 m 2) for any 100 square feet

(9.29 m 2) of fire resistant wall area. Outlet boxes on opposite sides of the wall shall be separated as follows:

By a horizontal distance of not less than 24 inches, or 1.1.

By a horizontal distance of not less than the depth of the wall cavity when the wall cavity is filled with cellulose loose-fill or mineral fiber insulation, or 1.2.

By molded fire blocking, or 1.3.

By other listed materials and methods. 1.4.

Two-hour fire-resistance-rated nonmetallic electrical outlet boxes shall be installed in accordance with their listing. 2.

C. Section E3406.12 of the 2024 International Residential Code for One- and Two-Family Dwellings is amended by deleting Section E3406.12 and substituting with the following:

Terminal Torque Confirmation. Where tightening torque is indicated as a numeric value on equipment or in installation instructions provided by the manufacture, a calibrated torque tool shall be used to achieve the indicated torque value, unless the equipment manufacture has provided installation instructions for an alternative method of achieving the required torque. It shall be the responsibility of the installer to ensure all terminations have been properly torqued. For service conductor and feeder terminations, upon torque confirmation and prior to inspection, the installer shall mark across the terminal, lug or screw with a permeant mark to verify proper torque has been applied.

D. Chapter 36 of the 2024 International Residential Code for One- and Two-Family Dwellings is amended by adding the following:

Meter Location. (1) The power supplier will determine the physical location of the meter base. (2) For multi-occupancy structures, metering equipment shall be identified to indicate the occupancy serviced.

E. Section E3601.6.2 of the 2024 International Residential Code for One- and Two-Family Dwellings is amended by adding the following:

Readily Accessible Location. The main service disconnecting means shall not be located more than five (5) feet from the point where the service conductors leave the load side of a meter base and enter a building or other structure.

F. Section E3601.7 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section E3601.7 and substituting the following:

Maximum number of disconnects. The service disconnecting means shall consist of not more than six switches or six circuit breakers mounted in a single enclosure or in a group of separate enclosures of more than 225 amps. Service equipment shall have only one (1) main means of disconnecting services of 225 amps or less.

G. Section E3608.1 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section E3608.1 and substituting the following:

Grounding Electrodes. All grounding electrodes specified in E3608.1.1 through E3608.1.6 that are present at each building or structure served shall be bonded together to form the grounding electrode system. Where none of these grounding electrodes are present, one or more of the grounding electrodes specified in E3608.1.3 through E3608.1.6 shall be installed and used. A minimum of one concrete encased electrode shall be in place and visible upon a service entrance inspection. The grounding electrode conductor or bonding jumper point of connection to the rebar shall be installed in an accessible interior location that is not subject to corrosion of the rebar.

Exception: Concrete-encased electrodes of existing buildings or structures shall not be required to be part of the grounding electrode system where the steel reinforcing bars or rods are not accessible for use without disturbing the concrete.

H. Section E3702.9 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section E3702.9 and substituting the following:

Branch Circuit Load for Ranges and Cooking Appliances. Where installed as separate units, ovens and cooktop units shall be served by individual circuits.

I. Section E3705.5 of the 2024 International Residential Code for One- and Two-Family Dwellings is amended by adding the following:

Overcurrent Protection Handle Ties. Circuit breakers used as overcurrent protection for circuits serving devices not requiring a grounded (neutral) conductor, such as a 240V water heater, shall be multipole breakers. Single pole breakers with tie handles shall not be approved for this purpose.

J. Section E3801.2 of the 2024 International Residential Code for One- and Two-Family Dwellings is amended by adding the following:

Service Entrance Conductors. Service entrance conductors shall be installed in conduit where such conductors serve a structure with exterior walls of brick, stone, masonry, metal or metal-clad.

K. Section E3802.4 of the 2024 International Residential Code for One- and Two-Family Dwellings is amended by adding the following exception:

NM Cable Thru Bored Holes. Exception: Nonmetallic-Sheathed Cable shall not be required to be run through bored holes in unfinished basements and crawl spaces with less than four feet (4') and six inches (6") of clearance.

L. Section E3901.2.2(1) of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is amended by adding the following exception:

Wall Space. Any wall space that is 2 feet (610 mm) or more in width, (including space measured around corners), and that is unbroken at the floor line by doorways, fireplaces, and similar openings.

Exception: Receptacles shall not be required in the wall space behind doors which may be opened fully against a wall surface. Wall measurement shall begin at the edge of the door when fully opened.

M. Section E3901.4.2 and E3901.4.3 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by deleting Section E3901.4.2 and E3901.4.3 and substituting the following:

Countertop and Peninsular Receptacles. The installation of receptacles for island counter spaces and peninsular counter spaces below the countertop shall be optional.

N. Section E3902.16 of the 2024 International Residential Code for One- and Two-Family Dwellings is amended by adding the following exceptions:

Arc Fault Circuit Interrupters - Where Optional

Exception 1: Arc Fault Circuit Interrupters (AFCIs) shall be optional for bathrooms, laundry areas, garages, unfinished basements, which are portions or areas of the basement not intended as habitable rooms and limited to storage, work or similar area, and for branch circuits dedicated to supplying refrigeration equipment. [st]

Exception 2: Arc Fault Circuit Interrupter (AFCI) breakers shall be optional where existing service equipment or load centers are directly replaced.

Exception 3: Arc Fault Circuit Interrupter (AFCI) breakers shall be optional where existing service equipment or load centers are relocated, provided the extension of existing conductors is not more than 6 feet and does not include any additional outlets or devices. [210.12]

O. Section E3903.4 of the 2024 Edition of the International Residential Code for One- and Two-Family Dwellings is hereby amended by adding the following:

Storage or Equipment Spaces. Light fixtures in crawl spaces shall have guarded covers.

P. Chapter 40 of the 2024 International Residential Code for One- and Two-Family Dwellings is amended by adding the following:

Wiring in Barns, Outbuilding & Haymows

(1) All lighting fixtures in barns and other outbuildings shall be of the non-conductor type directly fastened to the outlet box

(2) Drop lights shall not be installed in barns or other buildings, unless specifically approved for the purpose used.

(3) All convenience receptacles in outbuildings shall be at least three (3) feet above floor level. Wiring in hay mows shall be installed in conduit or otherwise protected against mechanical injury.

Q. Section E4202.1 of the 2024 International Residential Code for One- and Two-Family Dwellings is amended by adding the following exception:

Swimming Pools. Exception: Conductors serving swimming pools which originate at a dwelling unit service equipment or sub-panel located on the interior of the dwelling unit may be installed utilizing the appropriate wiring methods contained in Chapter 3 of the 2023 edition of the National Electrical Code. The wiring method shall comply with Article 680, 2023 edition of the National Electrical Code regarding that portion of the installation on the exterior of the dwelling unit. (Ord. BL2025-898 § 4, 2025; Ord. BL2020-458 § 4, 2020; Ord. BL2007-1373 § 8, 2007; Ord. BL2001-703 § 9, 2001; Ord. BL2000-343 § 3, 2000; Ord. 96-562 §§ 70—84, 1996)

Article III. Electrical Permits

16.20.160 Required when.

A. It shall be the duty of every person legally entitled to apply for and receive an electrical permit, to make application for and to obtain the required electrical permit from the department of codes administration prior to the installation of any electrical system or part thereof and prior to the connection of any such electrical installation or electrical system to any public or private source of supply, and prior to the installation of any electrical device, equipment, appliance, or fixture, in any existing or proposed new electrical installation or system.

B. Nothing in this chapter shall be construed to prohibit, and no permits shall be required for, normal maintenance and minor repairs to an existing electrical system which does not involve the installation of new conductors. (Ord. 91-1558 § 5, 1991; prior code § 14-1-30)

16.20.170 Exemptions.

A. No electrical permit shall be required for electrical work performed for the state, the metropolitan government, or any city within the metropolitan government area when such electrical work is performed entirely within the right-of-way of a state highway or other public thoroughfare and the work is performed by a qualified maintenance electrician.

B. No electrical permit shall be required for low-voltage wiring in existing one- or two-family dwellings when the work consists of ten or fewer active or current utilization devices being installed except in dwellings that are not required to have fire separations of two hours or more.

C. No electrical permit shall be required for low-voltage wiring installed by a regulated communications utility company where the work performed by the utility is subject to jurisdiction and inspection by any federal or state agency. However, the department of traffic and parking is authorized under this section to obtain permits for traffic signal equipment installed in accordance with Section 16.20.170(A).

D. A "regulated communications utility company" means a communications utility company subject to the jurisdiction, regulation, and inspection of federal or state agencies, specifically including, but not limited to, the Tennessee Public Service Commission.

E. No electrical permit shall be required to maintain or repair low-voltage wiring. (Ord. 93-570 § 8, 1993; Ord. 91-1558 § 6, 1991; prior code § 14-1-31)

16.20.180 Application.

Application for an electrical permit shall be made in writing on forms provided by the director of codes administration. Each applicant entitled to receive an electrical permit shall be required to submit such information as may be deemed necessary to assure that the electrical installation or electrical system for which a permit is requested, when installed, shall comply with the requirements and provisions of this chapter. (Prior code § 14-1-34)

16.20.190 Registration requirements—Exceptions.

No permit for the installation of any electrical system, or part thereof, or the connection of any such electrical installation or electrical system to any public or private source of supply or the installation or repair of any electrical device, equipment, appliance or fixture required or governed by this chapter shall be issued to any person unless such person has been duly registered by the department of codes administration as a metropolitan electrical contractor. A maintenance electrician shall not be authorized to obtain electrical permits.

Exceptions:

1. A homeowner meeting the requirements of [Section] 16.20.040.

2. Any person properly registered as an equipment installer under the provisions of shall be issued permits under this chapter to provide electrical branch circuits from an existing adequate electrical service to fixed, portable or stationary appliances sold and installed by such equipment installer.

3. Any person properly registered as a low-voltage contractor under the provisions of Article VI shall be issued permits under this chapter to provide one hundred thirty volt or less electrical branch circuits from an existing adequate electrical service to equipment sold and installed by a low-voltage contractor; provided, that such contractor shall register as a low-voltage installer in accordance with provisions of Article VI. (Ord. BL2020-458 § 4, 2020; Ord. 91-1558 § 7, 1991; Ord. 90-1253 § 6, 1990; prior code § 14-1-32)

16.20.195 Display of license and advertising.

[A.] Vehicle Display. All trucks and similar vehicles used by contractors or their employees shall have conspicuously painted on the body of both sides of said vehicles, in any color in contrast to the color of the vehicle's body, one of two methods of identification stated below:

1. The full name of the firm to which it belongs, in lettering at least two inches high or;

2. The wording "Electrical Contractor," "Licensed Electrical Contractor, "or "Licensed Gas and Appliance Contractor," in lettering at least two inches high on the top line; the wording "No." in lettering at least two inches high and "[insert assigned number]" in lettering at least two inches high, on the second line; and the wording "Metro Nashville" in lettering at least one and one-half inches high on the third line.

In the event a contractor obtains a vehicle for temporary use it shall be permissible to identify said the vehicle by placing upon both sides a temporary sign or letters to conform to the same requirements as the permanent lettering described in this section.

[B.] Advertisements. Advertisements must include certificate numbers and classification. Any advertisement by a contractor, including but not limited to yellow

pages and newspaper advertisement, shall include the certificate number of the certificate holder and classification. (Ord. BL2020-458 § 4, 2020)

16.20.200 Homeowner permits—Prerequisites.

As a prerequisite to issuance of an electrical permit to an owner, the resident homeowner shall submit satisfactory evidence to the board of electrical examiners and appeals, either by written or oral examination, as to his knowledge and ability to make such installations. The type of work the resident homeowner is engaged in or has been engaged in that is related to electrical systems should be used as a guide as to the resident homeowner's ability and knowledge and ability to make such installations. The resident homeowner shall have the right of appeal. (Prior code § 14-1-33)

16.20.210 Plans and specifications.

A. When it is found by the director of codes administration that detailed plans and specifications are necessary to define the nature and character of the work to be performed and to identify the type, grade and size of the materials, devices, equipment and fixtures to be installed, the applicant shall furnish such plans and specifications with the application for an electrical permit. Such plans shall be drawn to scale, and all plans and specifications shall be in duplicate.

B. All information submitted with the application for a permit and in the plans and specifications shall be specific; and this chapter shall not be cited as a whole or in part, nor shall the term "legal" or "equivalent" be used as a substitute for the specific information required. (Prior code § 14-1-35)

16.20.215 Plans prepared by others.

Failure on the part of third parties to correct known defects in plans or specifications prepared by others shall not relieve the electrical contractor, master electrician, equipment contractor, electrical equipment installer, low-voltage contractor, or low-voltage wiring installer of responsibility for reporting such known defects to the metropolitan electrical inspector. (Ord. 91-1558 § 8, 1991; prior code § 14-1-35.1)

16.20.220 Applications—Examination by director.

The director of codes administration shall examine or cause to be examined each application for a permit and the plans and specifications submitted therewith and shall determine by such examination whether the electrical installation, electrical system, device, equipment, fixtures, etc., as indicated and described, are in accordance with the provisions and requirements of this chapter and other pertinent laws and ordinances. (Prior code § 14-1-36)

16.20.230 Applications—Timely action required.

The director of codes administration shall act upon or cause to be acted upon an application for a permit with plans and specifications as filed therewith, or as such may be amended, without unreasonable or unnecessary delay. (Prior code § 14-1-37)

16.20.240 Reviewed plans—Procedure—Copy at jobsite.

Each set of the reviewed plans and specifications shall be properly marked "Reviewed," with one set being returned to the applicant with the permit and one set being retained as a record in the office of the director of codes administration. A copy of the reviewed plans and specifications shall be kept on the job at all times during the progress of the work. (Ord. 95-1487 § 86 (part), 1995; prior code § 14-1-38)

16.20.250 Fee schedule—Electrical permits.

A. No electrical permit shall be held valid until the fees prescribed in this section shall have been paid, nor shall an amendment or change to an existing permit be approved until such additional fees, as may be due, shall have been paid.

B. In addition to any other penalty imposed for failure to obtain a permit where electrical work of any type, for which a permit is required, is commenced before a permit is issued, the permit fees shall be tripled.

C. Permit fees for the installation of any electrical system or part thereof, including but not limited to the installation of both new electrical systems and additions, alterations and repairs to existing electrical systems, the installation of electrical fixtures, equipment and devices and appurtenances thereto, shall be as follows:

1. Lighting circuits or any circuit where outlets are intended to be installed for low-voltage devices or lamp-holding devices and receptacles for the attachment of small, portable electrical devices and appliances; 130 volts or less:

a. For the installation of 10 or fewer such outlets	$6.00
b. For additional outlets over 10, each	$1.00
2. Motors and generators:	
One horsepower or less each	$2.00
Two to 10 horsepower, each	$8.00
Over 10 horsepower, each	$14.00
Motor-generator sets	$20.00
3. Electric ranges:	
Residential, each	$20.00

Commercial, each	$25.00
4. Water heaters:	
Residential, each	$15.00
Commercial, each	$20.00
5. Electric heat and electrically heated appliances other than ranges and water heaters:	
One to five kw, each	$8.00
Five to 10 kw, each	$14.00
Over 10 kw, each	$20.00
6. Electric dryers:	
Residential, each	$10.00
Commercial, each	$14.00
7. Electric signs (excluding service), each	$20.00
8. Service, new installation, increasing size, or relocation, per meter	$12.00
9. Installation of any wiring, device, apparatus, appliance or equipment not specifically covered herein, such as but not limited to disconnects, 220 volt receptacles, each	$9.00
10. Distribution, lighting or switch panels:	
200 amperes or less, each	$10.00
201 to 400 amperes, each	$20.00
401 to 800 amperes, each	$30.00
801 to 1600 amperes, each	$50.00
1601 to 3000 amperes, each	$75.00
3001 to 6000 amperes, each	$145.00
Each additional 100 amperes or fraction thereof	$3.00
11. Minimum fee (each permit) (Including permit for the installation of any electrical system or part thereof, including but not limited to the installation of both new electrical systems and additions, alterations and repairs to existing electrical systems, the installation of electrical fixtures, equipment and devices and appurtenances thereto, temporary services, etc.)	$75.00
12. Re-inspection fee (each)	$50.00
13. Service releases:	
Residential, one-family or two-family, except condominium units, each service riser	$75.00
Residential, more than two-family, and condominium units, each service riser	$75.00
Commercial or industrial, each service riser	$102.00
14. Emergency re-connection of service, each	$102.00

D. Workforce housing fee adjustments.

1. In order to facilitate the provision of workforce housing within the area of the metropolitan government, the permit fees provided in subsection B. of this section shall be reduced by twenty-five percent for new home construction, or the rehabilitation of existing dilapidated and vacant homes, to be used for workforce housing.

2. For purposes of this subsection, "workforce housing" means housing that meets one of the following two criteria:

a. Housing to be sold at a price at or below two and one-half times ninety-five percent of the median family income currently listed for Davidson County as established by the U.S. Department of Housing and Urban Development; or

b. Housing to be rented for at least five years at an annual rental amount that is at or below thirty percent of seventy percent of the median family income currently listed for Davidson County as established by the U.S. Department of Housing and Urban Development.

3. The director shall have the authority to promulgate rules and regulations to implement the provisions of this subsection, provided such rules and regulations are not inconsistent with the express provisions of this subsection. Applicants obtaining the twenty-five percent reduction in permit fees for workforce housing shall provide the director with a sworn affidavit that the residences constructed will satisfy the criteria set forth above and shall file a deed restriction with the Davidson County Register of Deeds requiring that the property remain a workforce housing unit for at least five years. In the event the property does not remain a workforce housing unit for at least five years, the permit holder shall pay to the Metropolitan Government the amount of the permit fee reduction provided above plus interest at the rate of ten percent per annum. (Ord. BL2022-1215 § 4, 2022; Ord. BL2010-788 § 1, 2010; Ord. BL2010-642 § 9, 2010; Ord. BL2004-175 § 3, 2004; Ord. 91-1583 § 1, 1991; Ord. 91-1558 §§ 9, 10, 1991; Ord. 91-1526 § 2, 1991; Ord. 89-821 §§ 1—3, 1989; prior code § 14-1-39)

16.20.260 Fees—Refunds.

A. Application for a refund of fees paid for any unused electrical permit issued under the provisions of this chapter shall be made on forms provided by the director of codes administration.

B. Refunds shall only be made for that portion of a fee exceeding seventy-five dollars. In no case shall any fee be refunded on any unused permit over six months

old or when any inspection has been made, regardless of the fees paid. (Ord. BL2025-1101 § 5, 2025; Ord. BL2010-642 § 10, 2010; Ord. 91-1526 § 3, 1991; prior code § 14-1-40)

16.20.270 Inspection required.

An electrical permit, as may be required for an addition, alteration or repair to an existing substandard building or structure, shall not be issued until such time as an inspection of the property has been made, under the provisions of Chapters 2.80, 2.88, 16.04, 16.08 and 16.24 through 16.56, to determine the feasibility of rehabilitation of such building or structure. (Prior code § 14-1-41)

16.20.280 Additions to unlawful installations.

No electrical permit shall be issued to make additions to unlawful electrical installations or to installations in need of repairs. (Prior code § 14-1-42)

16.20.290 Additions to existing installations—Prerequisites.

No permit shall be issued to install additional wires, machinery, apparatus, devices, equipment or materials to existing installations until sufficient information has been furnished the director of codes administration that the installation is of ample size and capacity to safely carry the existing and added loads. If the installation is of ample size to safely carry the intended load, the department of codes administration may issue a permit; otherwise, the installation shall be made safe and the capacity increased before additional work is installed. (Prior code § 14-1-43)

16.20.300 Issuance.

Upon approval of the application for an electrical permit and the plans and specifications submitted therewith, the director of codes administration shall issue or cause to be issued a permit therefor to the applicant. (Prior code § 14-1-44)

16.20.310 Permit denial conditions.

In such instances where it has been determined that the application for a permit or the plans and specifications filed therewith do not conform to the requirements of this chapter or other pertinent laws and ordinances, an electrical permit shall be refused. The plans and specifications shall be returned to the applicant with a statement setting forth the reasons for such refusal. (Prior code § 14-1-45)

16.20.320 Interpretation—Limited authority.

A. The issuance of an electrical permit shall be construed as the authority to proceed only with the work specified and approved and shall not in any manner be construed as the authority to violate, cancel, alter, change or set aside any of the provisions of this chapter, nor to do or perform any work or make any installation not specifically covered by the approved plans and specifications upon which the permit was issued.

B. The issuance of a permit shall not prevent nor prohibit the director of codes administration from thereafter requiring the correction of errors or omissions in the plans and specifications or in the electrical installation or of violations of this chapter. (Prior code § 14-1-46)

16.20.330 Expiration—Extension.

A. Any electrical permit issued shall become invalid unless the work authorized by such permit shall have been commenced within six months after date of issuance or if the work so authorized is suspended or abandoned for a period of one year after the time the work is commenced.

B. The director of codes administration may, for justifiable cause, grant one or more extensions of time for periods not exceeding ninety days each. (Prior code § 14-1-47)

16.20.340 Nontransferability.

Permits issued under this chapter are not transferable from one contractor, one job, site or location to another, and any refunds shall be made in accordance with Section 16.20.260. This provision shall not prohibit the correction or change of addresses, location or contractor made through error on the application. (Ord. 98-1445 § 78, 1998)

16.20.345 Change in contractor—Reissuance of permit—Fees.

When a change in a contractor occurs before a job is completed, the contractor who obtains the permits shall notify the codes department in writing. A new permit shall be taken out for the unfinished construction. If the permit fee for the original construction was not refunded, the contractor that completes the construction shall pay a fee based on the administrative costs to process the permit that shall be no less than the minimum permit fee. If the permit fee for the original construction has been refunded, the contractor that completes the construction shall pay a full permit fee based upon the construction. (Ord. BL2025-1101 § 6, 2025; Ord. 98-1445 § 79, 1998)

Article IV. Inspections

16.20.350 Required when.

A. All new electrical installations and electrical systems and such portions of an existing electrical system as may be affected by new electrical installations or changes, for which a permit is required, shall be inspected to assure compliance with the requirements of this chapter and to assure that the installation and construction of the electrical system is in accordance with the approved plans and specifications.

B. No person shall furnish or connect electric current to the wires of any building or structure, either on the inside or outside of such building or structure, or to any machinery, appliance, device, equipment, fixture or material for which a permit is required until such have been inspected and approved. (Prior code § 14-1-49)

16.20.360 Temporary use of power pending inspection.

If the director of codes administration or his designated agent is unable to make proper inspection within twenty-four hours after a request for such inspection, or where it is impracticable to complete the work without the use of current, the director may issue a release allowing the current to be supplied temporarily, pending further inspection. Unless all work is completed in strict conformity with this chapter, the director shall cause the current to be disconnected from the source of electrical energy. (Prior code § 14-1-50)

16.20.370 Notice when work ready for inspection.

It shall be the duty of the person to whom an electrical permit is issued to give reasonable advance notice to the department of codes administration when the electrical work for which a permit has been issued is ready for test and inspection. (Prior code § 14-1-51)

16.20.380 Inspection test—Permittee's responsibility.

It shall be the responsibility of the person to whom an electrical permit has been issued to assure that the electrical installation made will stand the test prescribed before making a request of the department of codes administration for test and inspection. (Prior code § 14-1-52)

16.20.390 Material and labor for tests—Permittee's responsibility.

The equipment, material, power and labor required for all electrical inspections and tests shall be furnished by the permittee. (Prior code § 14-1-54)

16.20.400 Notice of approval—When—Posted.

Upon satisfactory completion of the roughing-in inspection and testing of an electrical installation or electrical system, notice of approval of such installation shall be posted in a conspicuous place within the building. Such notice shall be dated and properly signed by the person making the inspection. (Prior code § 14-1-55)

16.20.410 Reinspections.

When the director of codes administration finds that the electrical installation does not pass the required inspection tests, the permittee shall be required to make the necessary changes and corrections and to submit the electrical installation to reinspection and testing. In all such instances where reinspections are deemed necessary, an additional fee of forty-five dollars shall be paid for each reinspection required. (Ord. BL2020-458 § 4, 2020; Ord. 91-1526 § 4, 1991; prior code § 14-1-53)

16.20.420 Notice of rejection.

A. In the event of failure of an electrical installation or electrical system to pass the required tests and inspection, written notice of such failure shall be given the permittee and an electrical-wiring-rejected notice shall be placed in a conspicuous place within the building pending a reinspection and testing, as provided in Section 16.20.410.

B. It is unlawful for any person to remove the electrical-wiring-rejected notice prior to completion of the reinspection testing and approval. (Prior code § 14-1-56)

16.20.430 Testing of existing defective systems.

When there is reason to believe that the electrical system of any building has become defective, it shall be subjected to an inspection and test prior to approval for further use. (Prior code § 14-1-59)

16.20.440 Certificate of approval—Issuance—Report of defective work.

A. Upon satisfactory completion and final inspection of the electrical system, a certificate of approval shall be issued by the director of codes administration, upon request of the permittee or owner.

B. The issuance of a certificate of approval of any wiring shall not relieve the electrical contractor, master electrician, equipment contractor, electrical equipment installer, low-voltage contractor, or low-voltage wiring installer of responsibility for any defective work which may have escaped the notice of the metropolitan electri-

cal inspector. (Ord. 91-1558 § 11, 1991; prior code § 14-1-57)

16.20.450 Covering work prior to test prohibited.

A. No electrical installation, electrical system or part thereof shall be covered until it has been inspected, tested and approved as required by this chapter.

B. When any electrical installation, electrical system or part thereof has been covered prior to being inspected and tested, the director of codes administration shall require the same to be uncovered, in order that the necessary tests may be performed. (Prior code § 14-1-58)

Chapter 16.24

PROPERTY STANDARDS

Sections:

Article I. General Provisions

16.24.010 Title.
16.24.020 Intent—Remedial.
16.24.030 Definitions.
16.24.040 Scope.
16.24.050 Conflicts with other ordinances.
16.24.060 Unlawful acts.
16.24.070 Enforcement—Additional rules and regulations.
16.24.080 Reserved.
16.24.090 Severability.

Article II. Inspections

16.24.100 Authority to inspect buildings, structures, and premises.
16.24.110 Right of entry for inspections.
16.24.120 Inspection of dilapidated dwellings, buildings, and structures.
16.24.130 Certificate of occupancy required.
16.24.140 Issuance of temporary certificates of occupancy.
16.24.150 Inspection fees.

Article III. Enforcement

16.24.160 Existing remedies.
16.24.170 Notice of violation.
16.24.180 Prosecution of violation.
16.24.185 Codes offender school.
16.24.190 Prosecution of repeat violation.
16.24.200 Violation—Penalties.
16.24.210 Historic buildings.
16.24.220 Workmanship.
16.24.230 Alternative materials, methods, and equipment.

Article IV. Emergency Circumstances

16.24.240 Emergency measures—Imminent danger.
16.24.250 Temporary safeguards.
16.24.260 Emergency repairs.
16.24.270 Costs of temporary safeguards or emergency repairs.
16.24.280 Hearing.
16.24.290 Closing streets.

Article V. Minimum Standards for Buildings, Structures, and Premises

16.24.300 Scope.
16.24.310 Responsibility.
16.24.320 Vacant buildings and structures.
16.24.330 Exterior property areas.
16.24.340 Exteriors of buildings and structures.
16.24.350 Interiors of buildings and structures.
16.24.360 Rubbish and garbage.
16.24.370 Extermination.
16.24.380 Light.
16.24.390 Ventilation.
16.24.400 Occupancy limitations.
16.24.410 Plumbing fixtures and fixture requirements.
16.24.420 Toilet rooms.
16.24.430 Plumbing systems and fixtures—General.
16.24.440 Water system.
16.24.450 Sanitary drainage system.
16.24.460 Reserved.
16.24.470 Heating facilities.
16.24.480 Mechanical equipment.
16.24.490 Electrical facilities.
16.24.500 Electrical equipment.
16.24.510 Elevators, escalators and dumbwaiters.
16.24.520 Duct systems—General.
16.24.530 Fire safety requirements—Means of egress.
16.24.540 Fire resistance ratings.
16.24.550 Fire protection systems.

Article VI. Dwellings and Structures Unfit for Human Habitation, Occupation, or Use

16.24.560 Findings, appointment, and purpose.
16.24.570 Determination of unfitness for habitation, occupation or use.
16.24.580 Complaint procedures—Hearing.
16.24.590 Order to repair, vacate or demolish required when.
16.24.600 Complaint and order—Service.
16.24.610 Appeal.
16.24.620 Warning placards.
16.24.630 Removal or demolition of buildings—Notice to vacate.
16.24.640 Demolition of building—Disposal of debris.

16.24.650 Costs of repair or demolition—Lien on property.
16.24.660 Failure to comply—Penalty.

Article I. General Provisions

16.24.010 Title.

These regulations shall be known as the property standards code of the metropolitan government, hereinafter referred to as "this chapter." (Ord. BL2001-585 § 1 (part), 2001)

16.24.020 Intent—Remedial.

This chapter is declared to be remedial, and shall be construed to secure the beneficial interests and purposes thereof, which are public health, safety, and welfare, through establishing and requiring minimum standards for the development, construction, use, occupancy, and maintenance of all buildings, structures and premises located within the area of jurisdiction of the Metropolitan Government of Nashville and Davidson County and establishing procedures for the repair, alteration, improvement, removal, and or demolition of dilapidated dwellings and structures located within the area of jurisdiction of the Metropolitan Government of Nashville and Davidson County. (Ord. BL2001-585 § 1 (part), 2001)

16.24.030 Definitions.

A. Scope. Unless otherwise expressly stated, the following terms shall, for the purposes of this chapter, have the meanings respectively ascribed to them by this chapter.

B. Interchangeability. Words stated in the present tense include the future; words stated in the masculine gender include the feminine and neuter; the singular number includes the plural and the plural the singular.

C. Terms Defined in Other Codes. Where terms are not defined in this chapter and are defined in the metropolitan building code, fire code, zoning code, plumbing code, gas/mechanical code, ANSI A117.1 Handicap Code, energy code or the electrical code, such terms shall have the meanings ascribed to them as in those codes.

D. Terms Not Defined. Where terms are not defined through the methods authorized by this section, such terms shall have ordinarily accepted meanings such as the context implies.

E. Parts. Whenever the words "building," "dwelling unit," "dwelling," "premises," "structure," "rooming house," "rooming unit," or "story" are stated in this chapter, they shall be construed as though they were followed by the words "or part thereof."

F. Terms.

"Accessory building" or "Accessory structure" means a detached building or structure customarily incidental and subordinate to the principal building or structure located on the same lot.

"Accessory use" means a use of a building, structure, or premises, or part thereof, that is customarily incidental and subordinate to the principal use of the building, structure or premises and that occurs on the same lot as the principal use.

"And/or" in a choice of two code provisions, means that use of both or either provisions will satisfy the requirement of this chapter.

"Approved" means approved by the director.

"Basement" means that portion of a building or structure that is partly or completely below grade.

"Bathroom" means a room containing plumbing fixtures including a bathtub and or shower.

"Bedroom" means any room or space used or intended to be used for sleeping purposes.

"Board" or "board of appeals" means the metropolitan board of property standards and appeals.

"Building" means any structure that encloses a space used for sheltering any occupancy. Each part of a building separated from other parts by a firewall shall be construed as a separate building. The term, building, shall be construed as if followed by the words "or part thereof."

"Building code" means the building code adopted by the Metropolitan Government of Nashville and Davidson County.

"Condemn" means to adjudge unfit for habitation, occupation, or use.

"Dilapidated building" or "dilapidated structure" means all buildings and or structures which, by reason of inadequate maintenance, dilapidation, abandonment, inadequate exits, unsanitary conditions, and or conditions that constitute a fire hazard, are unsafe and or are otherwise dangerous to human life and/or are unfit for human habitation, occupation, or use. This definition shall include all buildings and structures as may legally come within the scope of the definition of "building" and "structure" as set forth in this section.

"Director" means the director of the department of codes administration, or such other officers and employees of the department of codes administration as may be charged with the administration of this chapter, or the director's duly authorized representative.

"Dwelling" means any building or structure, or part thereof, used and occupied for human occupation or use or intended to be so used, and includes any outhouses and appurtenances belonging thereto or usually enjoyed therewith.

"Dwelling unit" means a single unit providing complete independent living facilities for one or more persons, including permanent provisions for living, sleeping, eating, cooking, and sanitation. A dwelling unit shall be construed to include any accessory structure belonging thereto or usually enjoyed therewith.

"Electrical code" means the electrical code adopted by the metropolitan government.

"Energy code" means the energy code adopted by the metropolitan government.

"Enforcement officer" means the director of the department of codes administration and such other officers, employees, and other duly authorized representatives of the director as may be charged with the administration and enforcement of this chapter.

"Exterior property" means the open space on the premises and on adjoining property under the control of the owner, occupant, or operator of such premises.

"Extermination" means the control and elimination of insects, rats, and or other pests by: Eliminating their harborage places, removing or making inaccessible materials that serve as their food, poison spraying, fumigating, and or trapping; or, by any other approved control or elimination method.

"Family" means for purposes of this chapter:

1. An individual; or

2. Two or more persons related by blood, marriage or law; or

3. A group of two or more unrelated persons living together in a dwelling unit, not to exceed four persons in a dwelling unit with three or fewer bedrooms, and not to exceed five persons in a dwelling unit with four or more bedrooms. Such group may include a combination of related and unrelated persons.

"Fire code" means the fire prevention code and or life safety code as adopted by the metropolitan government.

"Fire wall" means a four-hour fire resistive wall, having protective openings, which restricts the spread of fire and extends continuously from the foundation to or through the roof, with sufficient structural stability under fire conditions to allow collapse of construction on either side without collapse of the wall.

"Garbage" means the animal or vegetable waste resulting from the handling, preparation, cooking, and consumption of food.

"Guard" means a building component or a system of building components located at or near the open sides of elevated walking surfaces that minimizes the possibility of a fall from the walking surface to a lower level.

"Habitable space" means space in a structure for living, sleeping, eating, or cooking. Bathrooms, toilet rooms, closets, halls, storage spaces, utility spaces and similar areas are not considered habitable spaces.

"Imminent danger" means a condition that could cause serious or life-threatening injury or death, or significant property damage at any time.

"Infestation" means the presence, within or contiguous to, a structure or premises of insects, rats, vermin or other pests.

"Labeled" means devices, equipment, appliances, or materials to which has been affixed a label, seal, symbol, or other identifying mark of a nationally recognized testing laboratory, inspection agency, or other organization concerned with product evaluation that maintains periodic inspection of the production of the above-labeled items and by whose label the manufacturer attests to compliance with applicable nationally recognized standards.

"Let for occupancy" or "let" means to permit, provide, or offer possession or occupancy of a dwelling, dwelling unit, rooming unit, building, structure, or premise by a person or entity who is or is not the legal owner of record thereof, pursuant to a written or unwritten lease, agreement, or license, or pursuant to a recorded or unrecorded agreement of contract for the sale of land.

"Occupancy" means the purpose for which a building or portion thereof is utilized or occupied.

"Occupant" means any individual living, sleeping, having possession of a space within, or operating in or on a building, structure, or premises.

"Openable area" means that part of a window, skylight or door which is available for unobstructed ventilation, egress or rescue and which opens from the inside to a full clear opening, without the use of a key or tool, directly to the outdoors.

"Operator" means any person who has charge, care, or control of a structure, building, or premises that is let or offered for occupancy.

"Owner" means any person, agent, operator, firm or corporation having a legal or equitable interest in the property; or recorded in the official records of the state, county or municipality as holding title to the property; or otherwise having control of the property, including the guardian of the estate of any such person, and the executor or administrator of the estate of such person if ordered to take possession of real property by a court, and including every mortgagee of record.

"Parties in interest" means all individuals, associations, corporations, and others who have interests of record in a building, structure, or premises, and any who are in possession thereof.

"Place of public accommodation" means any building or structure in which goods are sold or supplied, or in which services are performed, or in which the trade of the general public is solicited.

"Plumbing" means all of the following supplied facilities and equipment: Gas pipes, gas-burning equipment, water pipes, garbage disposal units, waste pipes, water closets, sinks, installed dishwashers, lavatories, bathtubs, shower baths, installed clothes-washing machines, catch basins, drains, vents and any other similar supplied fixtures, together with all connections to water, sewer or gas lines.

"Plumbing code" means the plumbing code adopted by the metropolitan government.

"Premises" means a lot, plot or parcel of land including any building or structure thereon. Such term shall be construed as if followed by the words "or part thereof."

"Privacy" when used in this chapter, means an area or room which may be closed-off from other rooms with a solid door with a locking device thereon.

"Public authority" means any officer in charge of any department or branch of the metropolitan government or the state, relating to health, fire, building regulations or other activities concerning housing, buildings, structures or premises in the area under the jurisdiction of the metropolitan government.

"Roominghouse" means a building arranged or occupied for lodging, with or without meals, for compensation and not occupied as a one- or two-family dwelling.

"Rooming unit" means any room or group of rooms forming a single habitable unit occupied or intended to be occupied for sleeping or living, but not for cooking purposes.

"Rubbish" means combustible and noncombustible waste materials, except garbage; the term shall include, but not be limited to, the residue from the burning of wood, coal, coke and other combustible materials, paper, rags, cartons, boxes, wood, excelsior, rubber, leather, tree branches, yard trimmings, tin cans, metals, mineral matter, glass, crockery and dust and other similar materials.

"Structure" means any dwelling or place of public accommodation or vacant building or structure suitable as a dwelling or place of public accommodation. Also, that which is built or constructed, or part thereof.

"Substandard building" or "substandard structure" means a building, structure and/or premises that is used or designed or intended to be used as a habitable space, which does not meet the basic minimum requirements of this chapter for such use or occupancy, or for which a valid certificate of occupancy has not been issued.

"Supplied" means paid for, furnished or provided by or under the control of the owner or operator or the owner's or operator's agents or representatives.

"Tenant" means a person, corporation, partnership or group, whether or not the legal owner of record, occupying a building or portion thereof as a unit.

"Toilet room" means a room containing a water closet or urinal but not a bathtub or shower.

"Ventilation" means the natural or mechanical process of supplying conditioned or unconditioned air to, or removing such air from, any space.

"Workmanlike" means executed in a skilled manner; e.g., generally plumb, level, square, in line, undamaged and without marring adjacent work.

"Yard" means an open space on the same lot with a structure.

"Zoning code" means the zoning code adopted by the Metropolitan Government of Nashville and Davidson County. (Amdt. C to Ord. BL2022-1471 § 1, 2023; Amdt. B to Ord. BL2022-1471 § 1, 2023; Amdt. A to Ord. BL2022-1471 § 1, 2023; Ord. BL2022-1471 § 1, 2023; Ord. BL2001-585 § 1 (part), 2001)

16.24.040 Scope.

The provisions of this chapter shall apply uniformly to the use, occupancy, maintenance, repair, alteration, and improvement of all existing residential and nonresidential buildings, structures, and premises located within the area of jurisdiction of the metropolitan government. (Ord. BL2001-585 § 1 (part), 2001)

16.24.050 Conflicts with other ordinances.

In any case where a provision of this chapter is found to be in conflict with a provision of any building, fire, safety, or health ordinance or code of the metropolitan government, the provision that establishes the higher standard for the promotion and protection of the public health, safety, and welfare shall prevail. (Ord. BL2001-585 § 1 (part), 2001)

16.24.060 Unlawful acts.

It shall be unlawful for a person, partnership, firm, corporation, or other entity to be in conflict with or in violation of any provision of this chapter. (Ord. BL2025-1070 § 2, 2025; Ord. BL2001-585 § 1 (part), 2001)

16.24.070 Enforcement—Additional rules and regulations.

The director of the department of codes administration ("the director"), such other officers and employees of the department of codes administration ("the department") as may be charged with the administration of this chapter, and any duly authorized representative of the director are designated and appointed to exercise the powers prescribed by this chapter, except those powers that are given to the metropolitan board of property

standards and appeals as set forth herein below. The director, in addition to such other powers as the director may be given, is authorized to adopt and publish rules and regulations, not inconsistent with this chapter, which will conveniently effectuate its purposes and secure compliance with its provisions. Such rules and regulations as are from time to time published shall become effective when approved by the mayor. (Ord. BL2001-585 § 1 (part), 2001)

16.24.080 Reserved.

16.24.090 Severability.

If a section, subsection, sentence, clause, or phrase of this chapter is, for any reason, held to be unconstitutional or unenforceable, such decision shall not affect the validity of the remaining portions of this chapter. (Ord. BL2001-585 § 1 (part), 2001)

Article II. Inspections

16.24.100 Authority to inspect buildings, structures, and premises.

A. The director is authorized to make inspections to determine the condition of all existing buildings, structures, and premises located within the area of jurisdiction of the metropolitan government in order that the director may perform the director's duty of safeguarding the health, safety, and welfare of the occupants of such buildings, structures, and premises and the general public.

B. All buildings, structures, and premises intended for human habitation, occupation, or use shall be inspected for compliance with this chapter. Such inspections, other than those identified in subsection C of this section, shall be made according to a planned, systematic property standards code compliance program when so adopted by resolution of the metropolitan council.

C. Inspections shall be made: Upon a complaint being filed with the department, except that in the case of a dwelling or structure alleged to be unfit for human occupation or use, the complaint of five citizens or the MDHA is required, or any other public authority; may be made upon a request for special inspection; and, may be made upon a visual observation of a possible violation of this chapter by anyone authorized to enforce this chapter. (Ord. BL2001-585 § 1 (part), 2001)

16.24.110 Right of entry for inspections.

A. The director shall enforce the provisions of this chapter and may enter, upon presentation of proper identification to the owner, occupant, or person in control thereof, any building, structure, or premises within the area of jurisdiction of the metropolitan government to perform any duty imposed upon him by this chapter, except in cases of vacant structures, where emergency circumstances do not exist. Such entry for the purpose of making any inspection required in this chapter shall be made during reasonable hours, so as to cause the least inconvenience to the occupants thereof, unless emergency circumstances exist.

B. It is unlawful for any person, whether owner, occupant, or party in control of the building, structure, or premises, to refuse the entry of the director or any of the director's duly authorized representatives or to interfere in any manner in the performance of the duties imposed upon the director by this chapter. (Ord. BL2001-585 § 1 (part), 2001)

16.24.120 Inspection of dilapidated dwellings, buildings, and structures.

No building, plumbing, electrical, gas, mechanical, or other permit shall be issued to allow for the repair, alteration, or improvement of an existing dilapidated dwelling, building, or structure until an inspection has been made to determine the feasibility of rehabilitating such dwelling, building, or structure. (Ord. BL2001-585 § 1 (part), 2001)

16.24.130 Certificate of occupancy required.

It is unlawful to acquire utility services (electric, water, gas, or sewer), either public or private, to serve any vacant dilapidated or substandard building or structure, or part thereof, or any existing dilapidated or substandard building or structure, or part thereof, becoming vacant, until such time as the building or structure has been brought into compliance with this chapter and a valid certificate of occupancy, as required by Chapter 16.36 of this code, has been issued. The director is authorized to approve the acquisition and provision of temporary utility services for a building or structure, or part thereof, for which a valid building permit has issued. The duration of the provision of the temporary utility services should coincide with the expiration date of the underlying building permit. The permittee shall be responsible for acquiring permanent utility services in conjunction with a valid permanent use and occupancy permit. (Ord. BL2001-585 § 1 (part), 2001)

16.24.140 Issuance of temporary certificates of occupancy.

No person shall occupy, let, or offer to let to another for occupancy or use, any building, structure, or premises, or part thereof, which does not comply with the provisions of this chapter and for which a certificate of occupancy, as required by Chapter 16.36 of this code,

has not been issued. The director may issue a temporary certificate of occupancy for a specified period of time, when in the director's opinion a part, or parts, of a building, structure, or premises may be safely occupied prior to final completion. (Ord. BL2001-585 § 1 (part), 2001)

16.24.150 Inspection fees.

A. The director may adopt a fee schedule, subject to approval by resolution of the metropolitan council, in order to carry out the intent of this section. Fees not collected for such inspections shall become a lien against the real property as provided by law. The director is authorized to waive the fee for any person certified as indigent and for an inspection resulting from a complaint when such inspection reveals no violation or cause of action.

B. Whenever a request is made for an inspection of a residential building, structure, or premises to determine whether it complies with this chapter for any Federal Housing Administration or Veterans' Administration Loan Commitment, or any other request of a similar nature involving preparation of a special report, an initial filing fee in the amount of one hundred dollars shall be paid to the department of codes administration at the time the request is made. If the building, structure, or premises fails to pass the first inspection, an additional fee of twenty-five dollars will be required for each succeeding inspection. The above fees apply to residential buildings, structures, or premises containing one or two dwelling units, only. An additional fee of ten dollars per dwelling unit shall be paid for the initial inspection of such residential buildings, structures, or premises exceeding two units. An additional fee of five dollars per dwelling unit shall be paid for each succeeding inspection of such residential buildings, structures or premises exceeding two units. When a fee has been paid pursuant to this subsection, it shall not be refundable for any reason whatever. The fee shall be for the purpose of defraying the costs of making an inspection, preparing a report, administrative costs, and any related costs. (Ord. BL2001-585 § 1 (part), 2001)

Article III. Enforcement

16.24.160 Existing remedies.

The provisions in this chapter shall not be construed to abolish or impair existing and future remedies of the jurisdiction, its officers, or agencies relating to the removal or demolition of any building or structure that is dangerous, unsafe, and or unsanitary. (Ord. BL2001-585 § 1 (part), 2001)

16.24.170 Notice of violation.

A. The director or duly authorized representative shall serve notice of violation of this chapter, except when a dwelling or structure has been determined to be unfit for occupation or use, when there is a repeat violation, or when emergency circumstances exist.

B. Whenever the director determines that there has been a violation of this chapter or has grounds to believe that a violation has occurred, a notice of violation shall be provided to the owner, occupant, or person or entity in control of the building, structure, or premises where the violation or alleged violation exists. Should the director determine that cumulative violations exist so as to render a dwelling or structure, as defined at Tennessee Code Annotated Title 13, Chapter 21 (T.C.A. § 13-21-101 et seq.), unfit for human habitation, occupation, or use, notice and enforcement of this chapter shall be as prescribed in Article VI of this chapter. Otherwise notice shall:

1. Be in writing;
2. Include a description of the building, structure or premises sufficient for identification;
3. Include a statement of the violation(s);
4. Include an order to correct allowing a reasonable time to make the repairs and/or improvements required to bring the building, structure, or premises into compliance with this chapter;
5. Be personally delivered by the director or sent by certified or first-class mail addressed to the last known address; and
6. If notice sent by certified or first class mail is returned showing that the letter was not delivered, a copy thereof shall be posted in a conspicuous place in or about the building, structure, or premises affected by such notice. (Ord. BL2001-585 § 1 (part), 2001)

16.24.180 Prosecution of violation.

If the notice of violation is not complied with, the director or duly authorized official shall institute the appropriate proceeding at law or in equity to restrain, correct, or abate such violation, or to require the removal or termination of the unlawful occupancy of the building, structure, or premises in violation of the provisions of this chapter. Any person or entity failing to comply with a notice of violation served in accordance with this chapter shall be deemed guilty of a misdemeanor and the violation shall be deemed a strict liability offense. (Ord. BL2001-585 § 1 (part), 2001)

16.24.185 Codes offender school.

A. There shall be established, under the supervision of the department of codes administration, a codes offender school for the purpose of providing education

about the property standards provisions in the metropolitan code to persons found by a court of competent jurisdiction to be in violation of any provision of this chapter.

B. The court shall have the discretion to order any person found to be in violation of any provision of this chapter to attend such codes offender school in addition to, or in lieu of, any fine, fee or other punishment prescribed by this title.

C. The department of codes administration shall maintain records showing the names of attendees, dates of attendance, and whether such attendees satisfactorily completed the course.

D. The cost of attending such codes offender school shall be at the sole expense of the person ordered by the court to attend. The department of codes administration is authorized to charge a fee of up to ninety dollars for attending the codes offender school. All fees collected for the codes offender school shall be deposited in the general fund of the general services district to assist in covering the expenditures for instructor salaries, equipment and materials.

E. The department of codes administration shall have the authority to select a nonprofit organization(s) to operate the codes offender school subject to approval of such organization(s) by a resolution adopted by the metropolitan council receiving twenty-one affirmative votes. (Ord. BL2015-1129 § 1, 2015)

16.24.190 Prosecution of repeat violation.

Whenever the director determines that there has been a repeat violation of the same regulation, or any other regulation, within this chapter or has grounds to believe that such a repeat violation has occurred, the director shall forego the issuance of a notice of violation and immediately institute the appropriate proceeding at law or in equity to restrain, enjoin, correct or abate such violation, or to require the removal or termination of the unlawful occupancy of the building, structure or premises in violation of this chapter. (Ord. BL2017-868 § 1, 2017; Ord. BL2006-1067 § 1, 2006; Ord. BL2001-585 § 1 (part), 2001)

16.24.200 Violation—Penalties.

Any person or entity that shall violate a provision of this chapter, or fail to comply with any of the requirements thereof, shall be prosecuted within the limits provided by state and or local law. Each day that a violation continues shall be deemed a separate offense. (Ord. BL2001-585 § 1 (part), 2001)

16.24.210 Historic buildings.

The provisions of this chapter shall not be mandatory for existing buildings or structures designated by the state or the metropolitan government as historic buildings or structures when such buildings or structures are judged by the director to be safe and when application of lesser or varying standards is deemed to further the interests of the public, health, safety, and welfare. (Ord. BL2001-585 § 1 (part), 2001)

16.24.220 Workmanship.

Repairs, alterations, improvements, installations, and maintenance work caused directly or indirectly by the enforcement of this chapter shall be executed in a workmanlike manner. Installations caused directly or indirectly by the enforcement of this chapter shall be made in accordance with the manufacturer's instructions, if any. (Ord. BL2001-585 § 1 (part), 2001)

16.24.230 Alternative materials, methods, and equipment.

This chapter is not intended to prevent the installation of any material or to prohibit any method of construction not specifically prescribed by this chapter, provided that the director has approved any such alternative. The use of any alternative material or an alternative method of construction shall be approved where the director finds that the proposed design is satisfactory and complies with the intent of the provisions of this chapter, and that the material, method of construction, or work offered is, for the purpose intended, at least the equivalent of that prescribed in this chapter in quality, strength, effectiveness, fire resistance, durability and safety. (Ord. BL2001-585 § 1 (part), 2001)

Article IV. Emergency Circumstances

16.24.240 Emergency measures—Imminent danger.

When, in the opinion of the director, there is imminent danger of failure or collapse of any building or structure, or part thereof, which endangers life, or when any building or structure or part of any building or structure has failed or collapsed so as to be an imminent threat to the public health, safety, or welfare, and or life is endangered by the occupation or use of any building or structure, or when there is actual or potential danger to any building's or structure's occupants, or when there is actual or potential danger to persons, buildings, or structures in close proximity of any building or structure, resulting from the instability of any building or structure, or the presence of explosives, explosive fumes or vapors, toxic fumes, toxic gases or materials, or defective or dangerous equipment that is operating, the director is hereby authorized and empowered to order and require the occupants to vacate the building, structure, or premises

forthwith, to order and require temporary safeguards be expeditiously employed, to order and require emergency repairs, and or to cause such building or structure to be demolished pursuant to Section 16.52.080 of this code. In addition, the director may cause to be to be posted at each entrance to such building, structure, or premises a notice reading as follows: "This Building Is Unfit for Human Habitation, Occupation or Use. The Use or Occupancy of This Building is Unlawful and Prohibited by Order of the Director of the Department of Codes Administration." It shall be unlawful for any person to enter such building or structure except for the purpose of securing the structure, making required repairs, removing the hazardous condition, or demolishing the same. (Ord. BL2001-585 § 1 (part), 2001)

16.24.250 Temporary safeguards.

Notwithstanding other provisions of this chapter, whenever, in the opinion of the director, there is imminent danger due to an unsafe condition, the director may order that necessary safeguards be instituted, including the boarding-up of openings, and may cause such other action to be taken as the director deems necessary to meet such emergency and render such building or structure temporarily safe, whether or not the legal procedures herein described have been instituted. The order requiring temporary safeguards shall notify the recipient of the right to appeal the decision of the director within twenty days after completing the required temporary safeguards. For the purposes of this article, the director shall employ the necessary labor and materials to perform the required work as expeditiously as possible. (Ord. BL2001-585 § 1 (part), 2001)

16.24.260 Emergency repairs.

Notwithstanding other provisions of this chapter, whenever, in the opinion of the director, there is imminent danger due to an unsafe condition, the director may order that emergency repairs be made and may cause such other action to be taken as the director deems necessary to meet such emergency and render such building or structure temporarily safe, whether or not the legal procedures herein described have been instituted. The order requiring emergency repairs shall notify the recipient of the right to appeal the decision of the director within twenty days after the completing of the required emergency repairs. For the purposes of this article, the director shall employ the necessary labor and materials to perform the required work as expeditiously as possible. (Ord. BL2001-585 § 1 (part), 2001)

16.24.270 Costs of temporary safeguards or emergency repairs.

The metropolitan government shall initiate appropriate action against the owner of the unsafe building, structure, or premises for the recovery of such costs as it incurred in rendering an unsafe structure, building, or premises safe by undertaking temporary safeguards and or emergency repairs. (Ord. BL2001-585 § 1 (part), 2001)

16.24.280 Hearing.

Any person ordered to take emergency measures shall comply with such order forthwith. Any affected person shall thereafter, upon petition directed to the metropolitan board of property standards and appeals, be afforded a hearing. The affected person shall have twenty days from the date of the completing of the emergency measures to file a petition for appeal to the board of property standards and appeals. Otherwise, the procedure and hearing shall be as hereinafter described in this chapter. (Ord. BL2001-585 § 1 (part), 2001)

16.24.290 Closing streets.

When necessary for public safety, the director shall order the appropriate authority to close, sidewalks, streets, public ways, or places adjacent to unsafe buildings, structures, and/or premises. (Ord. BL2001-585 § 1 (part), 2001)

Article V. Minimum Standards for Buildings, Structures, and Premises

16.24.300 Scope.

The provisions of this article shall govern the minimum standards, conditions and responsibilities of persons or entities that own, occupy, operate or otherwise control any residential or nonresidential building, structure, or premises, under the jurisdiction of Metropolitan Nashville and Davidson County, including the maintenance of equipment, exterior property, and the exteriors and interiors of buildings and structures. (Ord. BL2001-585 § 1 (part), 2001)

16.24.310 Responsibility.

The owner of the premises shall fully maintain the buildings, structures and premises in compliance with these requirements, except as otherwise provided for in this chapter. An owner shall not occupy or permit another person to occupy a building, structure, or premises which is not in a safe, clean, and sanitary condition and or which does not comply with the requirements of this chapter. Any occupant of a building, structure, or premises, or part thereof, and any person or entity that operates in,

on, or otherwise controls any building, structure, premises, or part thereof, is responsible for keeping that part of the building, structure, or premises, which they occupy, operate in or on, or otherwise control, in a safe, clean, and sanitary condition in compliance with this chapter. (Ord. BL2001-585 § 1 (part), 2001)

16.24.320 Vacant buildings and structures.

All vacant buildings, structures, and the premises thereof, shall be maintained in a safe, clean, and sanitary condition as provided herein so as not to cause blight and or otherwise adversely affect the public health, safety, or welfare. (Ord. BL2001-585 § 1 (part), 2001)

16.24.330 Exterior property areas.

A. Sanitation. All exterior property and premises shall be maintained in a safe, clean, and sanitary condition. The occupant of a building, structure, or premises, or part thereof, shall keep that part of the exterior property and premises that such occupant occupies or controls in a safe, clean, and sanitary condition.

B. Open Storage. Except as otherwise provided for in the zoning code, it is unlawful for the owner, occupant, or person or entity in control of a building, structure or premises to utilize the premises of such property for the open storage of any: Inoperable, unlicensed, or unregistered motor vehicle; appliance; building material, including glass, brick, stone, block, wood, metal; rubbish; tires; automotive parts; or debris, including but not limited to weeds, dead trees, trash, rubbish, garbage, etc., or similar items. It shall be the duty and responsibility of every such owner or occupant to keep the premises in a safe, clean, and sanitary condition and to remove from the premises all such stored items upon notice from the director.

C. All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any building or structure located thereon.

Exception: Approved retention or detention areas or reservoirs.

D. Sidewalks and Driveways. All sidewalks, walkways, stairs, driveways, parking spaces, and similar areas shall be kept in a proper state of repair, shall be maintained free from hazardous conditions, and shall be kept in a safe, clean, and sanitary condition.
