PREFACE

This code constitutes a complete recodification of the ordinances of the city of a general and permanent nature.

Source materials used in the preparation of the Code were the 1959 Code, as supplemented through December 1, 1983, and ordinances subsequently adopted by the council. The source of each section is included in the history note appearing in parentheses at the end thereof. The absence of such a note indicates that the section is new and was adopted for the first time with the adoption of the Code. By use of the Comparative Tables appearing in the back of this volume, the reader can locate any section of the 1950 Code and the 1959 Code, as supplemented, and any subsequent ordinance included herein.

The chapters of the Code have been conveniently arranged in alphabetical order and the various sections within each chapter have been catchlined to facilitate usage. Footnotes which tie related sections of the Code together and which refer to relevant state laws have been included. A table listing the state law citations and setting forth their location within the Code is included at the back of this volume.

Numbering System

The numbering system used in this Code is the same system used in many state and municipal codes. Each section number consists of two component parts separated by a dash, the figure before the dash referring to the chapter number and the figure after the dash referring to the position of the section within the chapter. Thus, the first section of Chapter 3 is numbered 3-1 and the eighteenth section of Chapter 29 is 29-18. Under this system, each section is identified with its chapter and at the same time new sections or even whole chapters can be inserted in their proper place simply by using the decimal system for amendments. By way of illustration: If new material consisting of three sections that would logically come between Sections 3-21 and 3-22 is desired to be added, such new sections would be numbered 3-21.1, 3-21.2, 3-21.3 respectively. New chapters may be included in the same manner. If the new material is to be included between Chapters 10 and 11, it will be designated as Chapter 10.5. Care should be taken that the alphabetical arrangement of chapters is maintained when including new chapters. New articles and new divisions may be included in the same way or, in the case of articles, may be placed at the end of the chapter embracing the subject, and, in the case of divisions, may be placed at the end of the article embracing the subject, the next successive number being assigned to the article or division.

Indices

The indices have been prepared with the greatest of care. Each particular item has been placed under several headings, some of the headings being couched in lay phraseology, others in legal terminology, and still others in language generally used by municipal officials and employees. There are numerous cross references within each index which stand as guideposts to direct the user to the particular item in which he is interested.

Looseleaf Supplements

A special feature of this Code to which the attention of the user is especially directed is the looseleaf system of binding and supplemental servicing for the Code. With this system, the Code will be kept up-to-date periodically. Upon the final passage of amendatory ordinances, they will be properly edited and the appropriate page or pages affected will be reprinted. These new pages will be distributed to holders of copies of the Code, with instructions for the manner of inserting the new pages and deleting the obsolete pages. Each such amendment, when incorporated into this Code, may be cited as a part hereof.

The successful maintenance of this Code up-to-date at all times will depend largely upon the holder of the volume. As revised sheets are received, it will then become the responsibility of the holder to have the amendments inserted according to the attached instructions. It is strongly recommended by the publishers that all such amendments be inserted immediately upon receipt to avoid misplacing them and, in addition, that all deleted pages be saved and filed for historical reference purposes.

Acknowledgments

The publication of this Code was under direct supervision of Thomas B. Calhoun, Supervising Editor, of the Municipal Code Corporation, Tallahassee, Florida. Credit is gratefully given to the other members of the publisher's staff for their sincere interest and able assistance throughout the project.

The publishers are most grateful to Norma S. Rodriguez, City Clerk and Tom Finlay, Assistant City Attorney, for their cooperation and assistance during the progress of the work on this Code. It is hoped that their efforts and those of the publishers have resulted in a Code of Ordinances which will make the active law of the city readily accessible to all citizens and which will be a valuable tool in the day-to-day administration of its affairs.

MUNICIPAL CODE CORPORATION

Tallahassee, Florida

ORDINANCE No. 62369

An Ordinance Adopting A New Code of Civil and Criminal Ordinances of the City of San Antonio; Providing for the Printing Thereof, Authentication by the Mayor and Attestation by the City Clerk; Providing that Said Code May be Admitted in Evidence Without Necessity of Other Proof; Providing for Amendments to Said Code; Providing for a Fine or a Penalty Not to Exceed $1,000.00 for Violations of Certain Ordinances Pertaining to Fire Safety, Zoning, or Public Health and Sanitation, Including Dumping of Refuse, and a Fine or Penalty Not to Exceed $200.00 for Violation of Certain Other Ordinances; and Providing For The Effective Date of Said Code.

Whereas, Section 17 of the City Charter of the City of San Antonio provides that the City Council may adopt any code or codification of ordinances or parts thereof, and may amend and correct certain ordinances therein for the purpose of general distribution; and

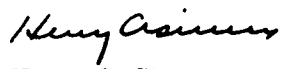
Whereas, Article 1176a of the Revised Civil Statutes of Texas gives any city the power to codify its civil and criminal ordinances and adopt a civil and criminal code of ordinances which when adopted shall have the force and effect of an ordinance regularly enacted with the usual prerequisite of law; and

Whereas, the City Council finds that it is desirable to recodify the ordinances of the City of a general and permanent nature; *Now Therefore:*

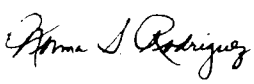
Be It Ordained by the City Council of the City of San Antonio:

Section 1. The "City Code of San Antonio, Texas" consisting of Chapters 1 through 35, inclusive, and 3,948 pages, dated 1986, is hereby adopted and enacted and shall hereafter constitute the revised code of civil and criminal ordinances of the City of San Antonio and shall be known as the "City Code of San Antonio, Texas." Three copies of said code of Ordinances of the City of San Antonio have been filed with the City Clerk for permanent record and inspection prior to adoption of said Code, and shall continue to be so filed. Said code is incorporated herein by reference as if fully set forth herein.

Section 2. (a) Four hundred (400) copies of such code duly authenticated and approved under the facsimile signature of the Mayor, and attested by the facsimile signature of the City Clerk, together with a facsimile reproduction of the seal of the City of San Antonio, shall be printed under the direction of the governing body by the Municipal Code Corporation, Tallahassee, Florida. The original signature of the Mayor, the City Clerk, from which the facsimile signatures shall be reproduced, are as follows:



Henry G. Cisneros
Mayor of the City of San Antonio, Texas



Norma S. Rodriguez
City Clerk of the City of San Antonio, Texas

The official seal of the City of San Antonio from which the facsimile seal shall be reproduced is impressed herewith:

(b) The authentication shall be in the following form:

"STATE OF Texas:
COUNTY OF BEXAR:

This Code of Civil and Criminal Ordinances has been duly adopted by the governing body of the City of San Antonio this the 20th day of February, 1986, in the manner required by law and is hereby authenticated as the Code of Civil and Criminal Ordinances of the City of San Antonio and becomes effective as provided in the adopting ordinance on the 3rd day of March, 1986.

Henry G. Cisneros
Mayor of the City of San Antonio, Texas

ATTEST: Norma S. Rodriguez
City Clerk of the
City of San Antonio, Texas

Section 3. The code adopted herein shall include such additions and amendments as are made by the City Council thereto and shall be admitted in evidence without further proof and shall have the full force and effect as further provided by Article 1176a of the Revised Civil Statutes of Texas.

Section 4. A copy of such Code shall be kept on file in the Office of the City Clerk preserved in looseleaf form, or in such other form as the City may consider most expedient. It shall be the express duty of the City Clerk to insert in their designated places all amendments or ordinances which indicate the intention of the City Council to make the same a part of such Code when the same have been printed or reprinted in page form, and to extract from such Code all provisions which may be from time to time repealed by the City Council. This copy of such Code shall be available for all persons desiring to examine the same and shall be considered the official Code of Ordinances of the City of San Antonio. However, the failure to include any ordinance or amendment or addition to the Code adopted herein in such official Code shall not otherwise affect the validity of said ordinance, amendment or addition,

and such ordinance, amendment or addition shall have the full force and effect as otherwise provided by law.

Section 5. It shall be unlawful for any person, firm or corporation in the City to change or amend by additions or deletions, any part or portion of such Code, or to insert or delete pages or portions thereof, or to alter or tamper with such Code in any manner whatsoever which will cause the law of the City of San Antonio to be misrepresented thereby. Any person, firm or corporation violating this section shall be punished as provided in Section 1-5 of the Code of Ordinances of the City of San Antonio adopted herein.

Section 6. This ordinance and the code adopted and enacted herein shall become effective on March 3, 1986.

PASSED AND APPROVED this 20th day of February, 1986.

Henry Cisneros

ATTEST: Norma S. Rodriguez

Checklist of Up-to-Date Pages

(This checklist will be updated with the printing of each Supplement)

From our experience in publishing Looseleaf Supplements on a page-for-page substitution basis, it has become evident that through usage and supplementation many pages can be inserted and removed in error.

The following listing is included in this Code as a ready guide for the user to determine whether the Code volume properly reflects the latest printing of each page.

In the first column all page numbers are listed in sequence. The second column reflects the latest printing of the pages as they should appear in an up-to-date volume. The letters "OC" indicate the pages have not been reprinted in the Supplement Service and appear as published for the original Code. When a page has been reprinted or printed in the Supplement Service, this column reflects the identification number or Supplement Number printed on the bottom of the page.

In addition to assisting existing holders of the Code, this list may be used in compiling an up-to-date copy from the original Code and subsequent Supplements.

SUPPLEMENT HISTORY TABLE

The table below allows users of this Code to quickly and accurately determine what ordinances have been considered for codification in each supplement. Ordinances that are of a general and permanent nature are codified in the Code and are considered "Included." Ordinances that are not of a general and permanent nature are not codified in the Code and are considered "Omitted."

By adding to this table with each supplement, users of this Code of Ordinances will be able to gain a more complete picture of the Code's historical evolution.

*__Editor's note—__The Charter included herein was adopted at an election held on October 2, 1951, to become effective on January 1, 1952. The editor has inserted footnotes or [ ] where explanatory material has been added. The catchlines of the articles and sections have in some instances been altered in minor respects so as to more clearly indicate the contents thereof. The original numbering system has been retained. Amendments to the Charter as originally enacted are indicated by the history note following the amended section. Minor nonsubstantive changes have been made in capitalization and style to conform the Charter to the Code format.

[This page intentionally left blank.]

ARTICLE I. INCORPORATION, FORM OF GOVERNMENT AND POWERS

Sec. 1. Incorporation.

The inhabitants of the City of San Antonio in Bexar County, Texas, residing within the corporate limits of the city, as now or later established in the manner provided by law or by this Charter, are by this Charter constituted and shall continue to be a municipal body politic and corporate under the name of the "CITY OF SAN ANTONIO," referred to as "the City," and by that name shall have perpetual succession and shall have and succeed to all the rights, property, real, personal and mixed, immunities, powers, privileges and franchises now held, possessed and enjoyed by the city or granted by this Charter, and shall be subject to all its present duties and liabilities, subject to the limitations prescribed in this Charter.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 2. Form of government.

The municipal government provided by this Charter shall be known as the "council-manager government." Pursuant to its provisions and subject only to the limitations imposed by the state constitution and by this Charter, all powers of the city shall be vested in an elective council, referred to as "the Council," which shall enact local legislation, adopt budgets, determine policies, and appoint the city manager, who shall execute the laws and administer the government of the city. All powers of the city shall be exercised in the manner prescribed by this Charter, or if the manner is not prescribed, then in such manner as may be prescribed by ordinance.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 3. Powers of city.

Par. 1. General powers. The city may sue and be sued, plead and be impleaded in all courts, have a corporate seal, contract and be contracted with, ordain and establish such acts and regulations and ordinances not inconsistent with the constitution and laws of this state and this Charter as shall be needed for the government, interest, welfare and good order of the city and the interest, welfare, health, morals, comfort, safety and convenience of its inhabitants; the city may purchase, take, hold, acquire and convey, lease, mortgage and dispose of any property whatever within the city limits. The city may acquire necessary property for sewer, sanitary, cemetery, waterworks, gas, electric light and power, and any other corporate purposes by purchase, condemnation or other means within or without the city limits, and may lease, convey and alienate the same. Except as prohibited by the constitution and laws of Texas or as restricted by this Charter, the city shall have all municipal powers, functions, rights, privileges and immunities of every name and nature whatsoever, now or later granted by the constitution and laws of Texas, including without limitation the powers conferred expressly and permissively by laws passed pursuant to the Texas Home Rule Amendment, as now or later amended, all of which are adopted through this Charter. The council has the power and is expressly authorized to adopt any rule or regulation deemed necessary, advisable, or convenient for the purpose of exercising any power expressly or permissively conferred by the provisions of legislation passed by the State Legislature.

Par. 2. Annexation. The city shall have the power, by ordinance, to fix and change the bounds and limits of the city and to provide for the extension of the bounds and limits and the annexation of additional territory lying adjacent to the city with or without the consent of the territory and the inhabitants of the annexed territory; provided, however, that such an ordinance, or any amendment of such an ordinance, shall be published one time, prior to passage, in some daily newspaper published in the city and such ordinance shall not be passed until at least thirty days have elapsed after publication. The city shall have power to annex additional territory, lying adjacent to the city, and the inhabitants of that territory, as may be authorized by, and in the manner and form prescribed by state law.

Par. 3. Cooperation with state and federal governments. The city may cooperate and contract

with the government of the State of Texas or any agency or political subdivision of the State, and with the government of the United States of America, or any agency or department of the government, to accomplish any lawful purpose for the interest, welfare, health, morals, comfort, safety and convenience of the city or its inhabitants.

Par. 4. Eminent domain. The city shall have the power of eminent domain where necessary or desirable to execute any power conferred upon it by this Charter, or by the constitution or laws of Texas and may condemn either private or public property whether in or out of the corporate limits of the city for such purposes, upon payment of fair compensation for the property taken. Such power may be exercised in any manner authorized by the constitution or laws of Texas, or as may be prescribed by ordinance. The city may condemn the fee or any lesser interest in the property taken and may condemn for any public purpose whether specifically stated in this Charter or not.

Par. 5. Urban redevelopment. The city may adopt, modify, and carry out plans for the clearance and redevelopment of slum districts or blighted areas within the city, as such districts or areas may be defined by ordinance as to character, nature, location and extent. For the accomplishment of these public purposes, which may be further defined by ordinance, the city may acquire by purchase or by condemnation all privately owned land, buildings and other property interests within such districts or areas. The city may establish, locate, relocate, build and improve any streets or other public open spaces provided for in any plan so adopted. Pending the final clearance and redevelopment of such district or area, the city may maintain, lease, or sell any buildings or other improvements thus acquired. The city may sell the land, or any part of the land in such districts or areas, which is designated for private or public buildings or for private open spaces upon such terms, covenants and conditions and subject to such restrictions, excluding rent control by the city, as to building uses and open spaces, as will substantially carry out the plans adopted by the city for the clearance and redevelopment of such districts or areas; provided, however, that land so disposed of shall contain a covenant which shall run with such land precluding its sale to or use by any public housing agency. Before any plan is finally adopted by the city, a public hearing shall be held by the council, and, thirty days prior to the hearing, notice of its time and place shall be published one time in a newspaper published in the city and shall be sent by mail to the record owners of the property interests included within the district or area covered by any plan.

Par. 6. Fiscal powers. The city shall have the power to:

(1) Assess, levy and collect taxes for general and special purposes on all lawful subjects of taxation in accordance with the laws of Texas and this Charter.

(2) Provide for the payment of the current expenses and of the debts of the city.

(3) Borrow money on the faith and credit of the city by the issue or sale of bonds, certificates, or notes of the city.

(4) Borrow money on the faith and credit of any improvement district established in the city by the council, and issue bonds for permanent public improvements in such districts.

(5) Levy and collect special assessments for local improvements.

(6) Levy an occupation tax on any person, corporation, partnership, engaged in any business, occupation or calling in accordance with the laws of Texas.

(7) Levy an annual tax and appropriate funds for the purpose of advertising the city to increase its growth, improve the city and benefit its inhabitants.

Par. 7. Street powers. The City of San Antonio shall have the power to lay out, establish, open, alter, widen, lower, extend, grade, abandon, discontinue, abolish, close, care for, pave, supervise, maintain, improve, and regulate the use of streets, alleys, sidewalks, parks, squares, public places and bridges; and require the removal

from streets, sidewalks, alleys and other public property or places all obstructions and encroachments of every nature or character.

Par. 8. Street improvements. The city shall have exclusive dominion, control, and jurisdiction in, upon, and over and under the public streets, avenues, alleys, highways, and public ways of the city, and may provide for the improvement thereof by paving, re-paving, raising, draining, or otherwise. The provisions, without limitations, of laws providing for assessments against abutting property for street improvements are expressly adopted. Such exclusive dominion, control, and jurisdiction in, upon, over and under the public streets, avenues, alleys, highways, and public ways, of the city shall also include, but not be limited to, the power to regulate, locate, remove, or prohibit the location of, all utility pipes, conduits, lines, poles, wires or other property of any public utility.

Par. 9. Zoning. To promote the health, safety, morals or general welfare of the city, the council may by ordinance regulate the location, height, bulk and size of buildings and other structures, the size of yards, courts and other open spaces, and the use of buildings, structures and land for trade, industry, business, residence or other purposes. Such ordinances may provide that the zoning board of adjustment may, in appropriate cases and subject to appropriate principles, standards, rules, conditions and safeguards set forth in the ordinance, make special exceptions to the terms of the zoning regulations in harmony with their general purpose and intent. Such ordinances may provide that the zoning board of adjustment may authorize variances from the strict application of the regulations in such cases and subject to such limitations as may be set forth in ordinance. All of the powers granted by state zoning enabling laws now existing or later enacted are adopted.

Par. 10. Sanitary sewer system. The city shall have the power to provide for a sanitary sewer system and to require property owners to connect their premises with such sewer system; to provide for fixing penalties for failure to make sanitary sewer connections; and shall further have the right to fix charges and compensation to be charged by the city for sewerage service and make rules and regulations for collection.

Par. 11. Garbage disposal. The city shall have the right by ordinance to adopt and prescribe rules and regulations for the handling, collection and disposition of all garbage, trash and rubbish within the city and to fix and collect charges for removal.

Par. 12. Public assistance. The city may appropriate its funds, in the exercise of a governmental function, for the assistance of needy persons to provide for them the basic necessities of life in accordance with categories of such persons as may be defined by ordinance.

Par. 13. Other powers. The city shall have power to:

(1) Provide for, acquire, construct, regulate, protect and maintain public buildings, works, improvements, parks, gardens, and recreational facilities of any nature.

(2) License and regulate persons, corporations, partnerships and associations engaged in any business, occupation or calling.

(3) License and regulate vehicles operated for hire and fix and regulate the rates to be charged therefor.

(4) License and regulate all places of public amusement.

(5) Define and prohibit the maintenance of any nuisance within the corporate limits of the city and within the territory outside of the corporate limits of the city which is within five thousand feet of the corporate limits and abate such nuisances by summary proceedings and provide for the punishment of those committing the nuisance.

(6) Define, prohibit, abate, suppress and prevent all things or any acts detrimental to the health, morals, comfort, safety, convenience and welfare of the inhabitants of the city.

(7) Regulate the construction, height of, and materials used in all buildings and

structures within the city, and provide for their inspection and make, prosecute, and enforce the governing regulations.

(8) Regulate the maintenance and use of all buildings and structures in the city.

(9) Fix standards of weights and measures and provide for their inspection.

(10) Regulate the filing of plats of any subdivision of property in or out of the city in accordance with the laws of Texas or as may be prescribed by ordinance; and to require that streets, sidewalks, curbs, street signs, utilities, and public open spaces of all subdivisions to be established be designed, constructed and installed in accordance with standards established by the city.

(11) Compel the laying and repair of sidewalks by property owners in front of or abutting their land in accordance with specifications prescribed by the city.

(12) Direct and control the laying of all tracks required for public transportation on any street, alley, public way or public place in the city.

(13) Regulate the sale of tickets or issuance of passes or other evidence of the right to travel on any public transportation system using the streets, alleys, public ways or public places of the city.

(14) Provide for a license fee on animals and regulate, restrain and prohibit the running at large or keeping of animals and fowls in the city.

(15) Provide for the regulation and inspection of all bakeries and dairies in the city, and of all bakeries and dairies located outside of the city from which products are sold in the city; and for the inspection of all cows from which milk is sold in the city; and prescribe fees to be charged in connection with such regulation and inspection, and prescribe standards for the quality of all bakery and dairy products sold in the city.

(16) Provide for the inspection of meat, fish, vegetables, fruit and every or any food or food product offered for sale in the city; and provide for inspection, before slaughter, of all animals to be offered for sale in the city.

(17) Provide for the erection and maintenance of market houses.

(18) Establish fire zones of various classifications.

(19) Adopt and enforce all necessary police, health and sanitary regulations.

(20) Adopt and enforce such regulations and penal ordinances as may be necessary for maintaining and promoting the peace, lives, health, security and property of the inhabitants, for promoting the good government and welfare of the city, and for the performance of all municipal functions.

(21) Provide suitable penalties for the violation of any regulations enacted by the city.

(22) Exercise jurisdiction over all property owned by the city whether within or without the corporate limits of the city.

(23) Acquire, own, operate and maintain any character of public utility, including, without limitation, water, gas, light, power, telephone, telegraph and transportation systems, by any lawful means.

Par. 14. Cumulative powers. The enumeration of particular powers and the specification of the manner of exercising those powers by this Charter shall never be deemed to be exclusive nor construed as a limitation upon the general powers granted or upon their exercise in any other lawful manner, and in addition to the powers enumerated or implied in this Charter, or appropriate to the exercise of such powers, it is intended that the city shall have and may exercise all powers it would be competent for this Charter specifically to enumerate.

(Ord. No. 85965, § 1 (Props. 1, 2), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

State law reference—Powers of home rule cities generally, Vernon's Ann. Civ. St. art. 1175.

Sec. 3a. Limitation on powers; streetcar or light rail.

No grant of permission to alter or damage any public way of the city for the laying of streetcar or light rail tracks shall ever be valid, and no funds shall be appropriated and no bonds or notes shall be issued or sold for the purpose of streetcar or light rail systems, unless first approved by a majority of the qualified electors of the city voting at an election containing a proposition specifically identified for and limited to such purpose.
(Ord. No. 2015-05-20-0423, § 3 (Prop. 1), 5-20-15; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

ARTICLE II. CITY COUNCIL

Sec. 4. Creation, composition and powers.

There is created as the governing body of the City a Council which shall consist of eleven (11) members, each of whom shall be elected to and occupy a place, such places being numbered consecutively beginning with Place 1 and ending with Place 11.

Each member of the Council shall be a citizen of Texas, a qualified elector and registered to vote in the City, shall have resided in the City at least one year prior to filing their application for election and must reside in the City during their term of office.

The Councilmembers shall be elected from districts which shall be drawn by ordinance and shall be as nearly equal in population as practicable.

The boundaries of the districts shall be reexamined and redetermined by ordinance, where appropriate following each succeeding Federal decennial census, or at other times where substantial variances in the number and makeup of the population of districts have occurred, taking into consideration annexations, disannexations, shifts in population, compactness, ethnic composition, and other criteria established by law. On any annexations, the City Council shall designate the annexed area to be a part of the districts to which it is contiguous.

Members of the Council for Place 1 through Place 10 shall be elected from such districts which shall be numbered accordingly and each such member shall be elected by a majority vote of the qualified electors voting in the election in the particular district. Each member from a district shall reside within its boundaries at least six (6) months prior to filing their application for election and continuing during their term of office, and failure to do so shall render that office vacant. Candidates for and the person elected as member of the council in the remaining place, Place 11, may reside anywhere in the City and shall be elected by a majority of all qualified electors voting in the City election, with the Council Member to serve as Mayor as provided in Section 9 of this Charter.

No member of the Council may hold any other public office or employment for which compensation is paid by the City or Bexar County, Texas. Subject to the provisions of this Charter, the Council shall have and exercise all powers now or later conferred on the City; shall succeed to all powers previously vested in any former governing body of the City; shall have the general care, management and control of the City, its property and finances, and shall enact, alter, modify or repeal all ordinances and resolutions not repugnant to this Charter and the Constitution and laws of Texas.
(Ord. No. 47586, § 1 (Prop. 1), 1-17-77; Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 5. Terms of office.

The terms of office of all members of the council elected at a regular municipal election shall be for four (4) years beginning on the first day of June next following their election.

If a member of the council shall file to become a candidate for nomination or election to any public office, other than that of member of the council, they shall vacate immediately their place on the council and the vacancy shall be filled in the same manner as any other vacancy.
(Ord. No. 44594, § 1 (Prop. 7), 11-07-74; Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 6. Compensation.

Each member of the council shall receive as compensation for their services as such member the sum of and limited to $70,200, and the Mayor shall receive the sum of and limited to $87,800 per annum with annual future adjustments to correlate to the United States Housing and Urban Development 4-member household median income for San Antonio. The Mayor or member of the City Council may decline any or all of the established compensation.

Temporary Provision: The mayor and members of the City Council elected at the 2025 general election are eligible to receive this compensation.
(Ord. No. 2015-05-20-0423, § 3 (Prop. 2), 5-20-15; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 7. Forfeiture of office.

Any member of the council who ceases to possess the required qualifications for office; or who is convicted, while in office, of a felony or misdemeanor involving moral turpitude shall forfeit their office, which shall be declared and enforced by a majority vote of the council.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 8. Vacancies.

Vacancies in the council, including the mayor, arising from any cause with 120 days or less remaining in the term shall be filled by majority vote of the remaining members for the unexpired term only and provided the successor shall possess all qualifications required for the office. Vacancies in the council, including the mayor, arising from any cause with more than 120 days remaining in the term shall be filled by special election and, where necessary, by a run-off election, in the same manner as provided for in this Charter for the regular election of a councilmember. Such special election shall be held on the next authorized uniform election date that occurs before the regular election and that allows enough time to hold the election in the manner required by law. The City Council may appoint a person to serve as a council member or mayor on a temporary basis during the period between the creation of the vacancy and the special election.
(Ord. No. 44594, § (Prop. 2), 11-07-74; Ord. No. 2012-05-17-0348, § 9, 5-17-12; Ord. No. 2015-05-20-0423, § 3 (Prop. 3), 5-20-15)

Editor's note—Prop. Two provided that §§ 8 and 9 would be effective after the general city election on the first Tuesday of April, 1975.

State law reference—Filling vacancies, V.A.T.S. Election Code, arts. 4.09, 4.10.

Sec. 9. Mayor and mayor pro tem.

Par. 1. The person elected to the last place on the council shall serve as and be the mayor during their term of office.

Par. 2. The mayor pro tem shall act as mayor during the absence or disability of the mayor. Should a vacancy occur in the office of the mayor, the mayor pro tem shall act as mayor until the mayor's position has been filled as provided in Section 8 above. While serving as mayor, the mayor pro tem shall receive the same compensation as the mayor.

Par. 3. The mayor, the mayor pro tem and any member of council may be paid expenses in connection with their official duties as may be provided by the council.
(Ord. No. 44594, § 1 (Prop. 2), 11-07-74; Ord. No. 2015-05-20-0423, § 3 (Prop. 2), 5-20-15; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Note—See editor's note to § 8.

Sec. 10. City clerk.

The council shall choose a city clerk, who shall keep the records of the council and of the city, and who shall perform such other duties as may be required by this charter or the council. All civil process to the city shall be served upon the city clerk. Other officers and employees in the office of the clerk shall be in the classified civil service of the city, and, shall be appointed and may be removed by the city manager.

Sec. 11. Meetings of the council.

All meetings of the council shall be held at such times as may be prescribed by ordinance or resolution; but not less than one regular meeting

shall be held each week, unless postponed for reasons to be spread on the minutes which shall be kept of all Council meetings. Special meetings of the Council shall be called by the City Clerk upon the written request of the Mayor, the City Manager or three members of the Council. All meetings of the Council and of any Council Committees shall be in compliance with the Texas Open Meetings Act as it may be amended from time to time.
(Ord. No. 85965, § 1 (Prop. 3), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

State law reference—Open meetings law, Vernon's Ann. Civ. St. art. 6252-17.

Sec. 12. Council rules.

The council shall determine its rules and order of business and keep minutes of its proceedings. It shall have power to compel the attendance of absent members, and, by a vote of not less than seven members, may expel a member from a council meeting for disorderly conduct or the violation of its rules.

Sec. 13. Quorum.

A majority of the members of the council shall constitute a quorum to do business, but a lesser number may adjourn from time to time and compel the attendance of absent members in the manner prescribed by ordinance. A vote regarding adjournment or the attendance of absent members may be adopted by a majority of the members present at a meeting; but in all other matters upon which the council may vote, a majority vote of all members of the council in office shall be necessary for adoption. In the event of the existence of six (6) or more vacancies, the remaining members shall constitute a quorum and may conduct all necessary business until such vacancies are filled. In all matters upon which the council votes, the individual votes shall be recorded by the clerk in the minutes of the council and shall be a public record.
(Ord. No. 47586, § 1 (Prop. 1), 1-17-77; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 14. Ordinances and resolutions—Introduction and passage.

Ordinances and resolutions shall be introduced in the council only in written or printed form. The enacting clause of all ordinances shall be "Be it ordained by the City Council of the City of San Antonio."

Sec. 15. Same—When to take effect; emergency measures.

Except as otherwise provided in this Charter or by ordinance or law, all ordinances and resolutions passed by the council shall take effect at the time indicated on the document, but not less than ten (10) days from the date of their final passage. The affirmative vote of at least eight (8) members of the council shall be required to pass any ordinance or resolution as an emergency measure. An emergency measure is an ordinance or resolution to provide for the preservation of the public peace, property, health, or safety, in which the emergency is set forth, and may be made effective immediately upon enactment. No measure making or amending a grant, renewal or extension of a franchise or other special privilege shall ever be passed as an emergency measure.
(Ord. No. 47586, § 1 (Prop. 1), 1-17-77; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 16. Same—Recording of ordinances, resolutions and minutes.

Each ordinance or resolution and the minutes of the council shall be recorded as soon as practicable by the city clerk, which shall be public records. Ordinances shall be authenticated by the signature of the mayor and the city clerk and shall be systematically recorded. It shall only be necessary to record the caption or title of ordinances of the council meetings.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 17. Same—Publication of ordinances.

Every ordinance imposing any penalty, fine or forfeiture for a violation of its provisions shall, after passage, be published for one time in a newspaper published in the city. Proof of such

publication by the printer or publisher of such newspaper made by affidavit before any officer authorized to administer oaths and filed with the city clerk shall be conclusive evidence of the legal publication and promulgation of such ordinance in all courts and elsewhere. Such publication may consist of the full text of the ordinance, or a substantive condensed statement of the nature and purpose of the ordinance and the penalty for violation. The penalty, fine or forfeiture shall apply five days after publication.

The council may adopt any code or codification of ordinances or parts of such a code or ordinances and may amend and correct such ordinances for the purpose of general distribution, and when so adopted and contained in printed form, publication of the code need not be made other than by publication of a summary of the ordinance or resolution adopting it, provided that one copy of such code or codification is filed for permanent record and inspection in the office of the city clerk prior to adoption.

Any administrative rules or regulations of any department of the city or of the state affecting the city, or any statute of Texas or any published code, specifications or requirements prepared by an official or unofficial organization for general circulation and use, may be made effective in the city by reference in an ordinance, provided two copies are filed for permanent record and inspection in the office of the city clerk prior to adoption. The city clerk is authorized to destroy one copy upon the adoption of a superseding rule, regulation, statute, published code, specification or requirement, which must be kept for permanent historical reference.
(Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

State law references—Publication of ordinances, Vernon's Ann. Civ. St. art. 1176b-1 et seq.; codification of ordinances, Vernon's Ann. Civ. St. art. 1176a.

Sec. 18. Same—Enactment of resolutions.

The council, or a majority of the council, may act by resolution in all cases except where an ordinance is by this Charter required; provided, that no contract on the part of the city shall be made or authorized, nor any money appropriated from the funds of the city nor any franchise or privilege for the use of any of the public streets or other public places of the city be granted or renewed, nor any lands of the city be conveyed, or leased, nor authority for such conveyance or lease given otherwise than by ordinance.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

ARTICLE III. MUNICIPAL ELECTIONS*

Sec. 19. Regular and special elections.

The City Clerk shall be responsible for administering all City elections in accordance with the State Election Code and other applicable state law, provided that the Council may, by ordinance, make rules and regulations not inconsistent with state law. Candidates filing for office must pay a $100.00 filing fee or provide a petition with signatures of registered voters as provided by State law.
(Ord. No. 85965, § 1 (Prop. 5), 5-5-97)

Sec. 20. Limitation on terms of office.

No person shall be eligible to hold a Council office for more than two full terms. Except as stated in the temporary provision of this section, no person shall be placed on the ballot for election to any term if service for the full term would constitute a violation of this provision. For the purpose of this section, the office of Mayor shall be considered a separate Council office from other Council places.

Temporary provision: This subsection provides for the transition from a limitation of four two-year terms to two four-year terms. Council members reelected in May 2025 after serving one to three two-year terms under previous provisions are not prohibited from running for a full four-year term; however, no Council member shall hold any Council office for more than eight

*__Editor's note—__Ordinance No. 85965, § 1 (Prop. 5), adopted May 5, 1997, deleted article III, §§ 19—25 and provided for the following provisions to read as herein set out. Formerly, such article pertained to similar provisions and derived from an election effective 1-1-52; Ord. No. 44391, § 1 (Prop. 4), 10-3-74; Ord. No. 73584, 5-6-91; Ord. No. 85965, § 1 (Prop. 1), 5-5-97.

(8) years. Council members who run for a four-year term under this temporary provision where the four-year term will have the council member surpass the eight (8) year limit will only serve the first two (2) of the four (4) years in office. A special election will be held to fill the remainder of the four-year term in the same manner as provided for in this Charter for vacancies. This provision shall expire after any May 2031 special election.

(Ord. No. 85965, § 1 (Prop. 5), 5-5-97; Ord. No. 2008-11-17-1010, §§ 4, 5 (Prop. 1), 11-17-08; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Editor's note—The effective date of the November 4, 2008 amendment to the City Charter shall be December 1, 2008. The amendment approved on November 4, 2008 is not applicable to any current or former mayors or members of City Council, whether appointed or elected.

Secs. 21—25. Reserved.

ARTICLE IV. RECALL, INITIATIVE AND REFERENDUM

Sec. 26. Recall provisions.

Any member of the council may be removed from office by recall. A petition stating the general grounds on which removal of a district council member is sought shall be signed by qualified electors equal in number to ten (10) percent of those electors qualified to vote in the district at the time of the last regular municipal election and shall be filed by any qualified elector of the district with the city clerk.

A petition stating the general grounds on which removal of the council member serving as mayor is sought shall be signed by qualified electors equal in number to ten (10) percent of those electors who were qualified to vote at the time of the last regular municipal election and shall be filed by any qualified elector of the city with the city clerk.

A separate petition shall be circulated with respect to each member of council whose removal is sought.

(Ord. No. 47586, § 1 (Prop. 1), 1-17-77; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 27. Signatures to petitions.

The signatures to recall petitions need not all be appended to one petition and may be duplicated and assembled, but to each separate paper there shall be attached an affidavit to the circulator and such paper shall be invalid without such affidavit. Each signer of any petition paper shall, after their signature, show the place of residence by street and number or other description sufficient to identify the voting precinct. An affidavit attached to each petition or duplicate shall be as follows:

State of Texas
County of Bexar

_____, being duly sworn, deposes and says that they personally circulated the foregoing paper, that all the signatures affixed to the paper were made in their presence, and that they believe them to be the genuine signatures of the persons whose names they purport to be.

Signed_____
(Signature of Circulator)

Subscribed and sworn to before me this _____ day of _____, _____.

_____
Notary Public

(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 28. Filing, examination, and certification of recall petitions.

All petition papers comprising a recall petition shall be assembled and filed with the city clerk as one instrument. Within twenty (20) days after filing, the city clerk shall determine whether each paper of the petition is properly attested and whether the petition is signed by a sufficient number of qualified electors. Upon completing their examination, the city clerk shall certify the result to the council. If they certify that the petition is insufficient, they shall set forth in their certificate the particulars in which it is defective; provided, however, that

except as to the particulars certified to be defective, the petition shall be deemed to be valid in all other respects.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 29. Amendment of petitions.

A recall petition may be amended at any time within twenty (20) days after certification of insufficiency by the city clerk, by filing a supplementary petition upon additional papers signed and filed as provided in case of an original petition. The city clerk shall, within ten (10) days after such supplement is filed, examine the supplementary petition and, if their certificate shall show the petition still to be insufficient, they shall file it in their office and notify the person filing and no further action shall be had on such insufficient petition. The finding of the insufficiency of a petition shall not prevent the filing of a new petition for the same purpose.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 30. Recall election ordered.

If a recall petition, or amended petition be certified by the city clerk to be sufficient, they shall at once submit it to the council and notify the member of council whose removal is sought of such action. After presentation to the council, the council shall order a recall election which shall be held on the next authorized uniform election date that occurs before the regular election and that allows enough time to hold the election in the manner required by law. Should the member of council whose removal is sought resign prior to the recall election, then the process for filling a vacancy set out in this Charter shall be followed.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 31. Ballots in recall election.

Ballots used in recall elections shall read as to each member of the council whose removal is sought as follows: "Shall (name of person) BE REMOVED FROM THE CITY COUNCIL BY RECALL?" Below such question there shall be printed the following as to each member:

"For the recall of (name of person)."
"Against the recall of (name of person)."

Sec. 32. Result of recall election.

If a majority of the votes cast be against recall of a member, they shall continue in office for the remainder of their term, but subject to recall as before. If a majority of such votes be for the recall of a member, they shall, regardless of any defect in the recall petition, be deemed removed from office and a successor shall be appointed or elected as required by this Charter.
(Ord. No. 2012-05-17-0348, § 9, 5-17-12; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 33. Limitations on recall petitions.

No recall petition shall be filed against a member of the council within three months after they take office nor, in respect to a member subjected to a recall election and not removed, until at least six months after such election.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 34. Power of initiative.

The electors shall have power to initiate any ordinance, except ordinances appropriating money, levying a tax, granting a franchise, or fixing public utility rates, and to adopt or reject the same at the polls; provided, however, that the foregoing limitations on initiated ordinances shall not apply to any ordinance initiated pursuant to the provisions of Article I, Section 3, Paragraph 12 of this Charter. Any initiated ordinance may be submitted to the council by a petition signed by qualified electors of the city equal in number to ten (10) percent of the electors qualified to vote at the time of the last regular municipal election. In addition to the ordinances excepted above, ordinances zoning or rezoning property shall not be subject to this power.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 35. Power of referendum.

The electors shall have power to approve or reject at the polls any ordinance passed by the council save one appropriating money, levying taxes, or fixing public utility rates, or any ordinance submitted by the council of its own initiative to a vote of the electors; provided, however, that the foregoing limitation on ordinances subject to a referendum shall not apply to any ordinances enacted pursuant to the provisions of Article I, Section 3, Paragraph 12 of this Charter. Ordinances submitted to the council by initiative petition and passed by the council shall be subject to the referendum in the same manner as other ordinances. Within forty (40) days after the enactment by the council of any ordinance which is subject to a referendum, a petition signed by qualified electors of the city equal in number to at least ten (10) percent of the electors qualified to vote at the last preceding regular municipal election may be filed with the city clerk requesting that any such ordinance be either repealed or submitted to a vote of the electors. In addition to the ordinances excepted above, ordinances zoning or rezoning property shall not be subject to this power.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 36. Form of petitions.

All petition papers circulated for the purpose of an initiative or referendum shall be uniform in size and style. Initiative petition papers shall contain the full text of the proposed ordinance. The signatures to initiative or referendum petitions need not all be appended to one paper, but to each separate paper there shall be attached a statement of the circulator that they personally circulated the foregoing paper, that all the signatures appended to the paper were made in their presence, and that they believe them to be the genuine signatures of the persons whose names they purport to be. Each signer of any such petition paper shall sign their name in ink and shall indicate after their name their place of residence by street and number, or other description sufficient to identify the voting precinct.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 37. Filing, examination and certification of petitions.

All petition papers comprising a petition shall be assembled and filed with the city clerk as one instrument. Within twenty (20) days after a petition is filed, the city clerk shall determine whether each paper of the petition has a proper statement of the circulator and whether the petition is signed by a sufficient number of qualified electors, and shall hold any petition paper entirely invalid which does not have the statement signed by the circulator attached. The city clerk shall certify the result of their examination to the council at its next regular meeting. If the city clerk shall certify that the petition is insufficient the city clerk shall set forth in their certificate the particulars in which it is defective and shall at once notify the person filing the petition of their findings.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 38. Amendment of petitions.

A petition may be amended at any time within twenty (20) days after the notification of insufficiency has been sent by the city clerk, by filing a supplementary petition upon additional papers signed and filed as provided in case of an original petition. The city clerk shall, within ten (10) days after such an amendment is filed, examine the amended petition and, if the petition be still insufficient, shall file their certificate to that effect in their office and notify the person filing of their findings and no further action shall be had on such petition. The finding of the insufficiency of a petition shall not prevent the filing of a new petition for the same purpose.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 39. Effect of certification on referendum petition.

When a referendum petition, or amended petition, has been certified as sufficient, the ordinance specified in the petition shall not go into effect, or further action under that ordinance shall be suspended if it is in effect, until and unless approved by the electors.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 40. Consideration by council.

Whenever the council receives a petition from the city clerk, it shall be immediately considered. A proposed initiative ordinance shall be read and provision shall be made for a public hearing. The council shall take final action on the ordinance not later than sixty (60) days after the date the ordinance was submitted to the council by the city clerk. A referred ordinance shall be reconsidered, and the council shall, within thirty days, vote upon the question, "Shall the ordinance be repealed?".
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 41. Submission to electors.

If the council fails to pass an ordinance proposed by initiative petition or passes it in a form different from that set forth in the petition, or if the council fails to repeal a referred ordinance, the proposed or referred ordinance shall be submitted to the electors on the next authorized uniform election date that allows enough time to hold the election in the manner required by law.
(Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 42. Form of ballot for initiated and referred ordinances.

Ordinances submitted to a vote of the electors in accordance with the initiative and referendum provisions of this Charter shall be submitted by ballot title which shall contain a clear, concise statement, without argument, of the substance of such ordinance. The ballot used shall have below the ballot title the following propositions, one above the other, in the order indicated: "FOR THE ORDINANCE" and "AGAINST THE ORDINANCE." Any number of ordinances may be voted on at the same election and may be submitted on the same ballot.

Sec. 43. Results of election.

If a majority of the electors voting on a proposed initiative ordinance shall vote in favor of the initiative ordinance, it shall upon canvass be an ordinance of the city. A referred ordinance which is not approved by a majority of the electors voting at the election shall be deemed repealed upon canvass. If conflicting ordinances are approved by the electors at the same election, the one receiving the greatest number of affirmative votes shall prevail to the extent of such conflict.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 44. Repealing ordinances; publication.

Initiative and referendum ordinances adopted or approved by the electors shall be published and may be amended or repealed by the council, as in the case of other ordinances; provided, however, that no ordinance adopted at the polls under the initiative or referendum shall be amended or repealed by the council within six months of adoption.

ARTICLE V. ADMINISTRATIVE SERVICE

Sec. 45. City manager—Selection, appointment and removal.

Par. 1. Selection. The council shall, by a supermajority vote (i.e., at least 67%) of its members, appoint a city manager who shall be chosen on the basis of their executive and administrative qualifications. They shall receive compensation as fixed by the council, and shall, during their tenure of office, reside within the city. No person ever elected to office as a member of the governing body of the city shall be eligible for appointment as city manager.

Par. 2. Appointment and removal. The city manager shall be appointed for an indefinite term. The city manager may be removed by resolution at the discretion of the council by a majority vote of its members. Upon passage of a resolution stating the intention to remove the city manager and the reasons therefor, a copy of which shall be immediately furnished them, the council may suspend them from duty, but their salary shall continue until their removal becomes effective. Within twenty days after the passage of such a resolution, the city manager may reply in writing to it, and may request a public hearing. If so requested the council shall fix a

time and place for a public hearing upon the question of removal, which shall be held not sooner than ten days nor more than twenty days after the receipt of such request. The final resolution removing the city manager shall not be adopted until such public hearing, if requested, has been held. The action of the council in removing the city manager shall be final. In case of the absence, disability or suspension of the city manager, the council may designate a qualified administrative officer of the city to perform the duties of the office. Pending the selection of any city manager following the adoption of this Charter, the council may appoint an acting city manager, who shall have all of the qualifications, powers and duties hereinbefore prescribed for the city manager, and who shall serve for a period not to exceed three months.
(Ord. No. 2018-11-15-0900, § 3, 11-15-18; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 46. Same—Powers and duties.

The city manager shall be responsible to the council for the proper administration of all affairs of the city and, subject to the civil service provisions of this Charter and except as otherwise provided herein, they shall have power and be required to:

(1) Enforce all laws and ordinances;

(2) Appoint and remove all officers and employees in the administrative service of the city; provided that they may authorize the head of a department or office to appoint or remove subordinates therein and provided, further, that they shall not appoint or remove officers and employees of:

(a) The board of trustees of the San Antonio public library;

(b) Any municipally-owned public utility, including electric, gas and water systems, while such utility is operating under the terms of any indenture, mortgage or deed of trust providing for employment by other authority.

(3) Exercise administrative supervision and control over all departments created by this Charter and hereafter created by the council;

(4) Keep the council fully advised as to the financial conditions and needs of the city; prepare and submit the budget annually to the city council and be responsible for its administration after its adoption; prepare and submit, as of the end of the fiscal year, complete report on the financial and administrative activities of the city for such year;

(5) Recommend to the council such actions as they may deem desirable;

(6) Prepare and submit to the council such reports as may be required of them;

(7) Attend all regular and special meetings of the council, and participate in the discussion of the council provided, however, that the City Manager shall have no vote;

(8) Act as the chief conservator of the peace within the city; and

(9) Perform such other duties as may be prescribed by this Charter or which may be required of him by ordinance or resolution of the council.

(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 47. Council members not to interfere in appointments or removals.

Members of the council shall not direct or request the city manager or any subordinate of the city manager to appoint to or remove from office or employment, or in any manner take part in the appointment or removal of officers or employees in the administrative service of the city, except for the purpose of inquiry. The council and its members shall deal with the administrative service solely through the city manager and neither the council nor any member of council shall give orders to any subordinates of the city manager, either publicly or privately. Any violation of these provisions by any member of the council shall constitute official misconduct,

and shall authorize the council by a vote of two-thirds of its entire membership to expel such offending member, if found guilty after a public hearing, and declare the office vacant and fill in accordance with the provisions of Section 8.
(Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 48. Investigations.

The council, the city manager, or any person or committee authorized by either or both of them, shall have power to inquire into the conduct of any department, agency or office of the city, and for that purpose shall have power to administer oaths. The council, on its own initiative, or upon request of the city manager, shall have power to subpoena witnesses, compel the production of books, papers and other evidence material to such inquiry.

The council shall provide by ordinance for penalties for contempt for refusal on the part of officers or employees of city departments, agencies, or offices, to obey such subpoenas, or to produce evidence.

Sec. 49. Boards, commissions, committees, and authorities.

Boards, commissions, committees, and authorities shall not be established to administer municipal functions of the City; provided, however, that this section shall not apply to: (1) the Board of Trustees of the San Antonio Public Library, (2) the Municipal Civil Service Commission, (3) the Planning Commission, (4) boards of examiners and/or appeals established by ordinance to administer the provisions of building, electrical and plumbing codes, and (5) boards, commissions and authorities established under the provisions of the laws of Texas. The Council by ordinance may create boards, commissions, or committees to assist in only an advisory capacity the City Council and heads of municipal departments in the performance of their duties. The members of any such advisory boards, commissions or committees shall be appointed by the Council by minute order and shall receive no compensation from the city.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 50. Administrative departments created, control.

There are created and placed under the control of the city manager the following administrative departments of the city government:

(1) Legal department

(2) Finance department

(3) Police department

(4) Fire department

(5) Public works or successor department

(6) Public health department

(7) Parks and recreation department

(8) Aviation department

In addition to the administrative departments created, the council shall have power by ordinance to establish, discontinue or redesignate other administrative departments or offices. The council may combine any two of the departments and/or administrative offices created by this Charter. No functions or duties assigned by this Charter to a particular department or office shall be abolished, except as otherwise provided by this Charter, but such functions or duties may be assigned by ordinance to other administrative departments or offices of the city; provided, however, that no changes shall be made by the council in the organization of the administrative service of the city until the recommendations of the city manager shall have been heard by the city council; and provided, further, that all administrative departments and offices of the city shall be under the direction and supervision of the city manager.
(Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15)

Sec. 51. Directors of departments.

At the head of each department there shall be a director who shall be appointed and who may

be removed by the city manager. The directors shall have supervision and control over their respective departments, subject to approval by the city manager, except as otherwise specifically provided by this Charter.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 52. Department divisions.

The work of each department shall be distributed among such divisions as may be established by ordinance; provided, however, that no division shall be established unless the city manager shall have been given an opportunity to have been heard; provided, further, that pending the passage of an ordinance or ordinances distributing the work of the departments under the supervision and control of the manager among specific divisions, the manager may establish temporary divisions.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 53. Appointment, qualifications, general duties of city attorney.

There shall be a department of law, the director of which shall be the City Attorney, whose appointment shall be recommended by the City Manager and confirmed by the majority of the Council, who is a practicing attorney in good standing with the State Bar of Texas, duly licensed, and has practiced law for at least five (5) years immediately preceding their appointment. The City Attorney shall serve as chief legal advisor to the Council, the City Manager and all city departments, offices and agencies, shall represent the city in all legal proceedings, draft, approve or file their written legal objections to every ordinance before it is acted upon by the Council, prepare or endorse their written approval or file their written legal objections to all documents, contracts and legal instruments in which the city may have an interest, and perform any other duties prescribed by this Charter or by ordinance. During their term of office, the City Attorney shall report to the City Manager and be a resident citizen within the City of San Antonio.
(Ord. No. 94956, 11-15-01; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Editor's note—Ord. No. 94956, adopted November 15, 2001, amended § 53 in its entirety to read as herein set out. Formerly, § 53 pertained to the city attorney as head of the legal department and derived from original codification.

Sec. 53a. Term, removal, absence or disability of city attorney.

The City Attorney shall not be appointed for a definite fixed time but shall be removable at the will and pleasure of the City Manager with the advice of the Council. If removed by the City Manager, the City Attorney may demand written charges and the right to be heard at a public meeting of the Council prior to the date on which their final removal shall take effect; but pending such hearing the City Manager may suspend the City Attorney from office. The action of the City Manager in suspending or removing the City Attorney shall be final. In case of the absence or disability of the City Attorney, the City Manager may recommend with the confirmation of City Council a qualified person to perform the duties of the office.
(Ord. No. 94956, 11-15-01; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 54. Assistants to have all powers and duties of city attorney.

All powers and duties imposed on the City Attorney may be exercised and performed by any Assistant City Attorney under their direction.
(Ord. No. 94956, 11-15-01; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Editor's note—Ord. No. 94956, adopted November 15, 2001, amended § 54 in its entirety to read as herein set out. Formerly, § 54 pertained to the powers and duties of the City Attorney and derived from original codification.

Sec. 55. Finance department—Director of finance; qualifications.

The director of the finance department shall be the head of such department and shall have knowledge of municipal accounting and taxation and shall have had experience in budgeting and financial control. The director and the chief

financial officer shall provide a bond with such surety and in such amount as the council may require. The city shall pay the premium on the surety bonds.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 56. Same—Powers and duties.

The finance department shall have the authority and be required to:

(1) Administer the financial affairs of the city in accordance with ordinances enacted by the council.

(2) Maintain accounting control over the finances of the city government and perform such other duties pertaining to the financial affairs of the city as the council may require.

(3) Collect, have custody of, and disburse all funds belonging to the city, subject to the provisions of this Charter and ordinances; have custody as fiduciary of all funds of the city; keep a record of investments; maintain a record of all bonds, certificates, or notes of city indebtedness, including bonds, certificates, or notes unissued or cancelled.

(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 57. Police department—Chief of police; appointment and removal.

The chief of police shall be the director of the police department.

Sec. 58. Same—Authority and duties of police officers.

City employees licensed as peace officers by the State of Texas shall have all the powers and authority given to them as peace officers under the laws of Texas, this Charter, and all other powers and authority that may lawfully be conferred on them by the council. Such police may exercise their powers and authority within the corporate limits of the city, and within the limits of any property owned, leased or otherwise subject to the control of the city, which lies outside the corporate limits of the city. It shall be the duty of each police officer to use their best endeavors to prevent the commission of offenses against the laws of the state and the ordinances and regulations of the city; to observe and enforce all such laws, ordinances and regulations; to detect and arrest offenders against the same; to preserve the good order of the city and to secure the inhabitants from violence, and the property from injury. Such police officers shall execute any criminal warrant or warrants of arrest, or any writ subpoenas, or other process that may be placed in their hands by the duly constituted authorities of the city. No police officer shall receive any fee or other compensation for any service rendered in the performance of their duty other than the salary paid them by the city.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 59. Chief of the fire department.

The chief of the fire department shall be the director of the fire department.

Sec. 60. Public works or successor department—Director; head of department.

The director of public works or successor department shall be the head of the department.
(Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15)

Editor's note—Ord. No. 2015-05-20-0423, § 3 (Prop. 4), adopted May 20, 2015, changed the title of section 60 from "Public works department—Director; head of department" to "Public works or successor department—Director; head of department."

Sec. 61. Same—Powers and duties.

The department of public works or successor department shall have charge of the planning, opening, construction, maintenance and repair of all streets, alleys, sidewalks, bridges, rivers, watercourses, creeks, ditches and public ways; of the storm sewers, repair of all public buildings and properties belonging to or used by the city; and of such other functions as may be prescribed by ordinance.
(Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15)

Sec. 62. Public health department—Director of public health; qualifications.

The director of the public health shall be the head of the department, who shall be trained in public health administration.
(Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15)

Sec. 63. Same—Powers and duties.

The public health department shall enforce the laws of the state and all ordinances and regulations relating to public health; it shall exercise such additional powers and perform such additional duties as may be prescribed by ordinance.

Sec. 64. Parks and recreation department—Director of parks and recreation; head of department.

The director of parks and recreation shall be the head of the department.

Sec. 65. Same—Powers and duties.

The parks and recreation department shall have charge of the management and maintenance of public parks, playgrounds, golf courses, swimming pools, and all other public recreational facilities and programs. The management, operation and maintenance of parks and playgrounds, and of all other public recreational facilities and programs shall be deemed to be done in the governmental capacity of the city. The parks and recreation department shall exercise such additional powers and perform such additional duties as may be prescribed by ordinance.

Sec. 66. Aviation department—Director of aviation; head of department.

The director of the aviation department shall be the head of the department.

Sec. 67. Same—Powers and duties.

The aviation department shall have charge of the management, operation, and maintenance of the municipal airports, and of all facilities, services and installations related or incidental to which are owned or operated by the city. It shall exercise such other powers and perform such additional duties as may be prescribed by ordinance.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 68. Departmental offices and employments.

The number of offices and employments in each municipal department and office shall be fixed by ordinance; provided, that before adoption of such ordinance, the city manager may make such recommendation to the council as might seem desirable by the City Manager.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

ARTICLE V.A. CITY INTERNAL AUDIT DEPARTMENT

Par. 1. Department of Internal Audit. There shall be an independent department of internal audit which is charged with conducting financial, fiscal compliance, and financial procedure audits of all city departments, offices, agencies, and programs.

Par. 2. City Internal Auditor-Appointment; qualifications; compensation. The department of internal audit shall be under the direction and control of the city internal auditor, who shall be appointed by the City Council. The city internal auditor must be a person knowledgeable in public financial and fiscal theory, municipal accounting and auditing; public administration and be a certified public accountant. The city internal auditor's compensation shall be fixed by the City Council.

Par. 3. Term, removal, absence or disability of City Internal Auditor. The city internal auditor shall not be appointed for a definite fixed time but shall be removable at the will and pleasure of the City Council by a vote of not less than a majority of the entire Council. The city internal auditor may demand written charges and the right to be heard at a public meeting of the City Council prior to the date on which the city internal auditor's final removal shall take effect, but pending such hearing the City Council may

suspend the city internal auditor from office. The action of the City Council in suspending or removing the city internal auditor shall be final. In case of the absence or disability of the city internal auditor, the City Council may designate some qualified person to perform the duties of the office.

Par. 4. Appointment and removal of assistant auditors. Assistant auditors shall serve at the will and pleasure of the City Internal Auditor. All other employees in the department of internal audit shall be in the classified civil service of the city and shall be appointed and may be removed by the City Internal Auditor. Any classified employee in the department of internal audit shall enjoy the same rights as other classified city employees, except that in the event of a suspension, reduction or removal of a classified employee in the department of internal audit, the classified employee shall enjoy the right to appeal to the Municipal Civil Service Commission whose decision shall be final.
(Ord. No. 94956, 11-15-01; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

ARTICLE VI. CIVIL SERVICE

Sec. 69. Establishment.

There shall be a classified civil service which shall include all appointive offices and employments in the administrative service and in other agencies and offices of the City, and all persons receiving compensation from the City for personal services, except the following:

(a) Members of the Council;

(b) Persons who are appointed or elected by the Council pursuant to this Charter;

(c) The City Manager, Deputy City Manager, the Assistant City Managers and Assistants to the City Manager, if any; and the secretary to the City Manager;

(d) The directors of departments;

(e) All assistant directors of departments;

(f) All executive secretaries;

(g) Architects, attorneys, assistant auditors, dentists, doctors, engineers, psychologists, and veterinarians employed by the city;

(h) Any other managerial or professional employees as designated by the City Manager and approved by the City Council;

(i) Part-time, temporary, and seasonal employees; and

(j) Persons, firms, corporations, associations, foundations, or other organizations whose services may be specifically engaged for professional, investigative, consultative, or other special services, and all employees or agents performing such services for such person, firm, corporation, association, foundation or of organization so specially engaged.

(Ord. No. 94956, 11-15-01; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 70. Municipal civil service commission.

Par. 1. There shall be a Municipal Civil Service Commission consisting of three members and three alternates available to serve in case of absence of regular members, who shall be appointed by the Council, which shall designate one of the three as chairman. Each member and alternate of the Commission shall be a qualified elector of the City, shall neither hold nor be a candidate for any other public office or position. Members of the Commission shall serve for terms of two years. Vacancies in an unexpired term shall be filled by the Council by appointment for the remainder of the term. A member or alternate of the Commission may be removed by Council only for cause and after being given a written statement of the charges against him and a public hearing on the issue, if they request. A certified copy of the charges and a transcript of record of such public hearing shall be filed with the City Clerk.

Par. 2. Members of the commission shall be paid compensation for their services as determined in advance by the council.

Par. 3. Two members of the commission shall constitute a quorum. The commission shall act by majority vote. The chairman shall have the same voting rights as any other member.

Par. 4. The commission shall have power and shall be required to:

(a) Hear appeals in case any employee or other person in the classified civil service is suspended, reduced, or removed, and shall report in writing to the city manager its findings and recommendations;

(b) Make any investigation which it may consider desirable or which it may be required by the council or city manager to make, concerning the administration of personnel in the municipal service, and to report to the council and city manager its findings, conclusions, and recommendations;

(c) Perform the services below with respect to the civil service rules;

(d) Perform such other duties with reference to personnel administration, not inconsistent with this Charter, as the council may require.

Par. 5. To administer the functions or authority of the commission, it shall have authority to issue subpoenas and subpoena duces tecum to witnesses where reasonably necessary to obtain pertinent evidence and any member of the commission shall have authority to administer oaths. (Ord. No. 94956, 11-15-01; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 71. Human resources director.

There shall be a director of Human Resources, who shall be appointed and who may be removed by the city manager, and who shall have had training and experience in personnel administration. The Human Resources Director shall have power and be required to:

(1) Perform such duties prescribed below and as may be prescribed by ordinance, the commission or the city manager, according to their respective jurisdictions under this Charter.

(2) Prepare and recommend to the city manager a classification plan and amendments for the classified service for presentation upon approval by the city manager to the council, and after adoption by the council, administer the plan approved. The plan shall include titles for each class of positions. Each class shall include all positions which are sufficiently similar with respect to duties, responsibilities, and authority so that the same title may be used to designate each position allocated to the class, the same requirement as to education, experience, intelligence, general and specialized knowledge, skill, physical condition and other qualifications may be demanded of incumbents for the performance of their duties, the same tests of fitness may be used, and the same schedule of pay can be applied under like working conditions. After adoption of the plan the director, with the approval of the city manager, shall adopt written specifications for each class and allocate positions to classes. The class titles shall be used in personnel, budget, and financial records and communications, and, if individual positions are designated in the appropriation ordinances, in designating such positions.

(3) Prepare and keep a record of the duties and responsibilities of each office and employment and establish and maintain a roster of all persons in the classified civil service showing as to each person:

(a) The class title of the position, the salary or pay, any changes in title, pay or status, and

(b) Such other data as is deemed desirable to maintain and improve personnel administration.

(4) Hold open competitive examinations for all appointments in the classified civil service to determine the qualifications of those seeking employment and promotions, and upon the basis of such tests establish employment lists of persons

eligible for appointment in the order of their achievement, which lists shall not be continued in effect for longer than one year following their establishment unless the director, with the approval of the commission, shall renew such lists for reasons presented in writing, but in no event shall such lists be continued in effect for more than eighteen months.

The character, content and manner of conducting tests shall be determined by the director, with the approval of the commission; however, upon the recommendation of the city manager, approved by the commission, such tests may be noncompetitive for positions which require exceptional qualifications of scientific, managerial, or professional character.

(5) Upon written notice that a position in the classified service is to be filled, certify, in the order of their achievement, the names of the three persons highest on the employment list for the class who are willing to accept appointment. If there is no list available, the director may authorize a provisional appointment to a permanent position to continue until a list can be established and certification made; provided, however, that no provisional appointment shall continue for more than sixty days and shall not be renewed. Temporary appointments may be authorized by the director to an extra position established by the council but shall not continue longer than thirty days and shall not be renewed.

(6) Establish for each class probationary periods of not less than three nor more than six months to enable the appointing officer to observe whether new officers and employees are able and willing to perform their duties in a satisfactory manner. Appointing officers must submit to the director reports at least once each month during the probationary period. No permanent appointment shall be made except on certificate of the personnel director, based upon monthly reports, that the office or employee has satisfactorily passed the probationary period.

(7) Prepare and recommend to the city manager at least sixty days before the beginning of each fiscal year for presentation upon approval by the city manager to the council, a pay plan, including a schedule of pay for each class of position with minimum and maximum rates and, where necessary, intermediate rates, and, following the adoption of the appropriation ordinance by the council, see that payments are made in accordance therewith.

(8) Certify to the department of finance, prior to payment, that the persons whose names appear on any payroll or pay voucher were on the roster of employees, were employed in accordance with the Charter and regulations established thereunder, performed the services indicated during the period covered, and that the pay rate has been established as provided herein. No payment shall be made without such certificate.

(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 72. Civil service rules.

The administration of the classified service of the city, including the employment or appointment of all persons in the classified civil service and their probation, and promotion, shall be prescribed, as far as practicable, by rules and regulations to be known as the civil service rules.

The director shall, within six months after this Charter takes effect, prepare such rules and recommend their adoption to the commission. After a public hearing thereon, the commission shall approve or reject the rules wholly or in part, or modify them, and approve them as modified. Rules, and any amendments thereto, which are approved by the commission or on which it takes no action within sixty days after they are recommended by the director, shall be given to the city manager for presentation to the council, together with whatever recommenda-

tions they may desire to make. Rules and amendments thereto shall become effective when approved by the council or on the tenth day after submission if, prior thereto, the council shall not have rejected them. Thereafter the board shall have power to amend, repeal, or add to the rules on the recommendation of the director, or on its own initiative, subject to the requirement of a public hearing and all the other subsequent steps of procedure required herein for adoption of the original rules. Copies of rules and amendments thereto shall be transmitted by the director to the council, the city manager and to the director of each department, and shall be made available to all officers and employees in the classified civil service of the city.

The rules shall include:

(1) A provision that employment, promotion, suspension, reduction or removal shall be upon the basis of education, experience, intelligence, general and specialized knowledge, ability and willingness to work as demonstrated by competitive tests and service ratings;

(2) A procedure by which any officer or employee without further competitive test may be transferred from a position in a given class to another position in the same class or to a position in a different class for which they are qualified and for which no higher maximum rate of pay has been established;

(3) A provision for fixing hours of work, checking attendance, payments for overtime, establishing training courses, determining the order of lay off when forces are reduced because of lack of work or funds, and handling annual, sick, and special leave of absence with or without pay or with reduced pay;

(4) A system of service ratings designed to reflect the merit of each person in the classified civil service;

(5) Such other provisions as may be required by the council.

(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 73. Appointments.

No person shall be appointed to the classified civil service except after certification by the personnel director or except upon authorization by him of a provisional or temporary appointment. No person shall be appointed to the classified civil service under any title not appropriate to the duties to be performed.

Sec. 74. Compensation.

The salary or compensation of persons in the classified civil service shall be established by ordinance, which shall provide minimum and maximum compensation for each class of service. All increases or decreases in compensation of any person within the limits provided for each class may be directed by the city manager or other appointing authority with the approval of the city manager.

Sec. 75. Information, reports, and access to premises and records.

Every officer and employee in the service of the city shall furnish the personnel director any information required in the administration of personnel and shall allow the municipal civil service commission and the director and members of their staff reasonable access to premises, buildings and records under their charge.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 76. Suspensions, reductions, and removals.

Any person in the classified civil service who has not completed the probationary period or who is serving under provisional or temporary appointment may be suspended, reduced in pay or class, or removed at any time by the city manager or other officer having power to appoint. Notice of such action shall be given to the personnel director.

Any person who has been appointed following certification from an employment list may be suspended, reduced in pay or class, or removed at any time during the probationary period by the city manager or other officers having power

to appoint by giving them a written notice of such action, together with a statement of the reasons.

Any person who has completed the probationary period may be suspended, reduced in pay or class, or removed by the city manager or officer having authority to appoint. A written notice of the suspension, reduction or removal, stating the reasons and when it is effective, shall be given to such person or sent by registered mail to their usual place of residence. Such person, within ten (10) city business days after the delivery or mailing of such notice, may appeal in writing to the commission for a hearing. The commission shall immediately fix a place and a time not later than ten (10) city business days after such appeal for holding a hearing, at which hearing the appellant shall have the right to appear and be heard in person or by counsel. The commission shall, at the request of the appellant or of the city manager or other officer ordering the suspension, reduction or removal, compel other persons to attend the hearing as witnesses. All testimony given shall be under oath. The members of the commission shall have the power to administer oaths and affirmations, and to compel the attendance of witnesses and other persons by subpoena and other processes provided by law, and to compel the production of all pertinent records. The commission may make any further investigation which it might deem proper. Within twenty-four (24) hours after the completion of the public hearing or such investigation, the commission shall report its findings and recommendations to the city manager. A copy of the written statement given the officer or employee, of the written reply, if any, and a copy of the findings and recommendations of the commission shall be filed as a public record in the office of the personnel director.
(Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 77. Reserved.

Editor's note—Ord. No. 2024-08-08-0550, § 1(Prop. B), adopted August 8, 2024 and from election of November 5, 2024, repealed § 77, which pertained to status of appointive officers and employees when this Charter became effective.

Sec. 78. Prohibitions.

(a) No person shall willfully or intentionally make any false statement, certificate, mark, rating or report in regard to any test, certification, or appointment held or made, or in any manner commit any fraud interfering with the performance of these provisions or the applicable rules and regulations.

(b) No person seeking appointment to or promotion in the classified civil service shall directly or indirectly give, render or pay any money, service or other valuable thing to any person on account of or in connection with any test, appointment or promotion.

(c) The City Leadership Team may not take an active part in another person's political campaign for City Council. City employees are prohibited from taking an active part in their own or any other person's campaign for elected position during working hours or while wearing a City uniform. The term "active part" means making political speeches, passing out cards, or other political literature, writing letters, signing petitions, actively and openly soliciting votes, and making public derogatory remarks about candidates for such elective positions. City employees are prohibited from contributing or using city resources, equipment, or money for election campaigning.

(d) City employees are not required to contribute to any political fund or render any political service to any person or party whatsoever; and no person shall be removed, reduced in classification or salary, or otherwise prejudiced by refusing to do so.
(Ord. No. 85965, § 1 (Prop. 4), 5-5-97; Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

ARTICLE VII. FINANCE AND BUDGET*

Sec. 79. Fiscal year.

The fiscal year of the City shall begin on the first day of October and end on the last day of September of each calendar year. The fiscal year shall constitute the budget year of the City government. The term "budget year" shall mean the fiscal year for which any particular budget is adopted and in which it is administered.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97)

Sec. 80. The budget.

The budget for the City government shall present a complete financial plan for the ensuing fiscal year. It shall set forth all proposed expenditures for the administration, operation and maintenance of all departments and agencies of the City government for which appropriations are required to be made or taxes levied by the City government; all expenditures for capital projects to be undertaken or executed during the fiscal year; a capital program of proposed capital projects for the five fiscal years next succeeding the budget year; all interest and debt redemption charges during the fiscal year; and the actual or estimated operating deficits from prior fiscal years. The budget shall also set forth the anticipated income and other means of financing the total proposed expenditures of the City government for the fiscal year.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 81. The budget document.

The budget document shall consist of three parts, as follows:

Part I shall contain: (1) a budget message prepared by the City Manager, which shall outline a fiscal policy for the City government, describing the important features of the budget with reference both to proposed expenditures and anticipated income, for the current year; (2) a general budget summary with support schedules, which shall exhibit the aggregate figures of the budget in such manner as to show a balanced relationship between the total proposed expenditures and the total anticipated income for the fiscal year covered by the budget, and which shall compare these figures with the corresponding figures of the last completed fiscal year and the year in progress;

Part II shall contain: (1) detailed estimates of all proposed expenditures, showing the corresponding expenditures for each item for the current fiscal year and the last preceding fiscal year with the explanations of increases or decreases recommended as compared with appropriations for the current fiscal year; (2) detailed estimates of anticipated revenues and other income; (3) delinquent taxes for current and preceding years, with estimated percentage collectible; (4) statements of the bonded debt and other indebtedness of the City government, showing the debt redemption and interest requirements, the debt authorized and unissued, the conditions of the sinking funds, if any, and the borrowing capacity of the City.

Part III shall contain a complete draft of the budget ordinance, including an appropriation ordinance and such other ordinances as may be required to finance the budget.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 82. The preparation and adoption of the budget.

Annually, the City Manager shall establish a budget calendar setting key dates for preparation and adoption of the consolidated annual budget. The departments and agencies of the City government shall transmit, in accordance with the calendar, estimates of their budgetary requirements to the Department responsible for preparing the budget, which shall prepare a budget for the City Manager in the form required by the Charter. The City Manager shall transmit the annual budget to the Council in accordance with the calendar. The Council shall arrange for and hold at least one public hearing on the

*__Editor's note—__Ordinance No. 85965, § 1 (Prop. 1), adopted May 5, 1997, amended article VII to read as herein set out. Formerly, such article, §§ 79—111 pertained to similar provisions and derived from an election effective January 1, 1952; Ord. No. 44594, § 1 (Props. 5, 6), 11-07-74; Ord. No. 47586, § 1 (Prop. 2), 1-17-77.

budget during the period of its consideration. Provided, however, that at least ten (10) days prior public notice shall be given of such public hearing; and provided, further, that at least ten (10) days prior to such public hearing, the City Manager shall cause one copy to be made available in the office of the City Clerk for inspection. The Council may revise, alter, increase, or decrease the items of the proposed budget prior to the adoption of the appropriation ordinance, provided that when it shall increase the total proposed expenditures, it shall also increase the total anticipated income so that the total means of financing the budget shall at least equal in amount the aggregate proposed expenditures. When the Council shall make such changes, it shall issue a statement setting forth clearly its action on the budget. Annually, the Council shall approve the budget plan and shall enact, not later than the twenty-seventh (27^{th}) day of September, the appropriation ordinance, and such other ordinances as may be required to make the budget effective. As soon as possible after the completion of the tax roll the Council shall pass the tax levy ordinance. A copy of the budget, as finally adopted, shall be filed with the City Clerk and the County Clerk of Bexar County. The final budget shall be made available for the use of all departments, offices and agencies of the City, and for the use of interested persons, agencies and civic organizations.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 83. Work program and allotments.

Immediately before the beginning of each fiscal year, the head of each department or agency of the City government, upon the direction of the City Manager, shall submit to the responsible Department a work program for the year, which shall include all appropriations for its operation and maintenance and for the acquisition of property, and show the requested allotments of the appropriations for such department or agency by months for the entire fiscal year. The City Manager, with the assistance of the appropriate Department, shall review the requested allotments in light of the work program of the department or agency concerned, and may, if the City Manager deems necessary, revise, alter, or change such allotments before authorizing. The aggregate of such allotment shall not exceed the total appropriation available to the department or agency for the fiscal year. The department responsible for preparing the budget shall authorize all expenditures for the departments and agencies to be made from the appropriations based on the approved allotments, and not otherwise. The approved allotments may be revised during the fiscal year by the City Manager, or upon application by the head of any department or agency as approved by the City Manager, but in no event shall the aggregate of departmental or agency allotments exceed the appropriation available to such departments or agencies for the fiscal year. If, at any time during the fiscal year, the City Manager shall ascertain that the available income, plus fund balances, for the year will be less than the total appropriations, the City Manager shall reconsider the work programs and allotments of the several departments and agencies and revise them so as to prevent the making of expenditures in excess of the income and fund balance.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 84. Transfer of appropriations.

Upon written recommendation of the City Manager, the City Council may at any time transfer any unencumbered appropriation balance or any portion within a department, office, or agency to another.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 85. Appropriation of excess revenue.

If at any time the total revenues collected by the City shall exceed the total estimated revenue, as set forth in the annual budget estimate, the City Manager shall make a recommendation to the City Council of the use of such funds, and the use of such funds are subject to appropriation by subsequent City Council ordinance.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 86. Money to be drawn from treasury in accordance with appropriations.

No money shall be drawn from the treasury of the City, nor shall any obligation for the expenditure of money be incurred, except in pursuance of the annual or interim fiscal period appropriation ordinance or such ordinance when changed as authorized by this Charter or by the general laws of Texas. At the close of each fiscal year any unencumbered balance of an appropriation shall revert to the fund from which appropriated and shall be subject to reappropriation as provided by this Charter; but appropriations may be made by the Council, to be paid out of the income of the current year, in furtherance of public improvements, capital or maintenance projects, which will not be completed within such year, and any such appropriation shall continue in force until the purpose for which it was made shall have been accomplished or abandoned.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15)

Sec. 87. City depositories.

All monies received by any person, department, or agency of the City for or in connection with the business of the City, and all funds of the City shall be deposited promptly in the City Depository, which shall be designated by the Council in accordance with such regulations and subject to such requirements as to security for deposits and interest as may be established by ordinance. All interest on monies belonging to the City shall accrue to the benefit of the City.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 88. Collection and deposit of revenues.

The Assessor and Collector of Taxes or other designated official(s) shall collect, issue receipts for, and deposit all ad valorem property taxes, all occupational taxes and all fees and dues as may be prescribed by ordinance.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97)

Sec. 89. Seizure and sale of personal property.

The Assessor and Collector of Taxes shall, by virtue of their tax rolls, have power and authority to seize and levy upon all personal property and sell it to satisfy all taxes, together with all penalty, interest, and costs due on the personal property by the delinquent taxpayer to the City. When the Assessor and Collector of Taxes seizes personal property for such purposes they shall keep the same at the expense of the owner until the sale is made, and shall give notice of the time and place of sale by posting a written notice.

A sale of personal property for delinquent taxes shall convey with it an absolute title, and the owner shall have no right to redeem the same.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 90. Tax lien.

On January 1 of each year, a tax lien attaches to all real, personal and mobile home property to secure the payment of all taxes, penalties and interest imposed for the year on the property, whether or not the taxes are imposed in the year the lien attaches.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97)

Sec. 91. The power of the city to assess, bill and collect ad valorem property taxes.

The City shall have power annually to assess, bill and collect ad valorem property taxes at the rate and in the total amount authorized by the Constitution of Texas and the general laws of this State. The authorized ad valorem property taxes shall be assessed annually and collected on the taxable value of all real, personal, and mobile home property having situs in the corporate limits of the City. There shall be a position in the Finance Department known as the Tax Assessor-Collector of Taxes. This position shall assess, bill, and collect ad valorem property taxes in accordance with the Constitution of Texas and the State Property Tax Code. The tax levied by any improvement district in the City shall not exceed twenty-five cents annually.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 92. Occupation taxes.

The Council shall have power annually to levy and collect occupation taxes, in accordance with the provisions of the laws of the State of Texas.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97)

Sec. 93. Method of levy, assessment, and collection of taxes.

All city taxes shall be levied, assessed, and collected in the same manner as may be provided by the laws of Texas for the levy, assessment and collections of state and county taxes, unless otherwise provided by this Charter, or by ordinance; provided, however, that no discounts may be granted for the advance payment of taxes. All powers conferred by the general laws of Texas as they now or later may exist for the assessment, levy and collection of taxes by county and city assessors and collectors are adopted and made applicable to the City and shall be in addition to and cumulative of the powers expressly granted in this Charter, including without limitation, those granted to county and city assessors and collectors of taxes, and to all other persons, bodies or agencies concerned with the assessment and collection of taxes.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 94. Tax rate.

The City Council shall adopt a tax rate for the current tax year on the same date the City's Annual Operating Budget is adopted and shall notify the Tax Assessor-Collector of the rate adopted. The tax rate shall consist of two components, each of which must be approved separately. The components are:

The rate that, if applied to the total taxable value, will be used to pay debt service for the fiscal year; and

The rate, that, if applied to the total taxable value, will impose the amount of taxes needed to fund maintenance and operation expenditures for the fiscal year.

The City may not impose property taxes in any year until the City Council has adopted a tax rate for that year, and the annual tax rate must be set by ordinance. The vote on the ordinance setting the tax rate must be separate from the vote adopting the budget.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15)

Sec. 95. Taxes when due.

All ad valorem property taxes are due on receipt of the tax bill and are delinquent if not paid before February l of the year following the year in which imposed. The Council shall have power, by ordinance, to provide for the payment of any taxes due, at the option of taxpayers as provided by state law.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 95A. Reserved.

Editor's note—Ord. No. 2015-05-20-0423, § 3 (Prop. 4), adopted May 20, 2015, repealed the former section 95A in its entirety, which pertained to change in tax and fiscal years, and derived from Ord. No. 85965, § 1 (Prop. 1), adopted May 5, 1997.

Sec. 96. Reserved.

Editor's note—Ord. No. 2024-08-08-0550, § 1(Prop. B), adopted August 8, 2024, from election of November 5, 2024, repealed § 96, which pertained to penalties and interest on delinquent taxes and derived from Ord. No. 85965, § 1(Prop. 1), 5-5-97.

Sec. 96A. Additional penalty for collection costs.

Taxes that remain delinquent on July 1 of the year in which they become delinquent incur an additional penalty to defray costs of collection. The amount of the penalty may not exceed the amount provided by state law.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15)

Sec. 96B. Delinquent tax attorney.

The City Council may contract with any competent attorney to represent the City to enforce the collection of its delinquent taxes.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97)

Sec. 97. Purchase procedure.

Paragraph 1. Contracts for the purchase of supplies, material, or equipment, or for contractual services shall be in writing and opportunity for competitive bidding shall be given before they are awarded as required by state law. The Council shall have the right to reject any and all bids.

Paragraph 2. Where the contract is for less than the amount required to be bid by state law and the item is one provided for in the budget, the Council by ordinance may authorize designated City officials to approve and execute the contract without Council approval, after public notice, competitive bids, requests for proposals, or other procedures and safeguards as may be required in such ordinance. This provision would apply to all city contracts.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97)

Sec. 98. Authority to issue bonds.

The City shall have power to borrow money on the credit of the City and to issue bonds for permanent public improvements or for any other public purpose not prohibited by the Texas Constitution or the general laws of the State of Texas to include affordable housing programs in scope and breadth as determined by ordinance of the City Council, and to fund or refund any bonded indebtedness; provided, however, that any proposition to borrow money and to issue bonds, except as otherwise authorized by the general laws of Texas, shall be first approved by a majority of the qualified electors of the City voting in an election held, as prescribed by ordinance, as nearly in accord with this Charter and the laws regulating City elections as may be practicable. The ordinance calling such election shall distinctly specify the purpose of the election; provided, however, that more than one subject or purpose may be included but each shall be separately stated. No election shall be required to authorize the refunding of bonds issued and outstanding. The total bonded debt of the City shall never exceed ten percent of the total assessed valuation of property shown by the last assessment roll, exclusive of any indebtedness secured in whole or in part by special assessments, exclusive of the bonded debt of any improvement district, and exclusive of any indebtedness secured by revenues, other than taxes, of the City or of any department or agency of the City.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2021-05-12-0327, § 3 (Prop. A), 5-12-21; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 99. Revenue bonds.

The City shall have power to issue its revenue bonds for the purposes and in the manner and form now or later authorized by any general law of Texas. The City shall also have power to issue its revenue bonds for the acquisition of any other utility or property for public use and to enlarge, improve, extend or equip the same, and to issue its revenue bonds for any other lawful public purpose, provided such bonds shall never be a debt of the City and shall be a charge upon and payable solely from the designated sources, properties or interest acquired and the income from those resources. The Council shall have authority to provide for the terms and forms of any purchase agreement, contract, mortgage, bond, or document desired or necessary for the issuance of revenue bonds and the acquisition and operation of any such property or interest.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 100. Issuance of bonds for improvement districts.

The City shall have power to borrow money on the credit of any improvement district of the City and issue bonds for permanent public improvements in such districts, and the Council may divide the City, or any portion into improvement districts; but every proposition to borrow money on the credit of any improvement district for permanent public improvements shall be first submitted to and approved by a majority of the qualified electors residing within such district, voting in an election held for such purpose and shall distinctly specify the purpose of the loan and the permanent public improvements to be constructed; provided, however, that several improvements of different character may be submitted at one election. All bonds shall specify

the purpose for which they were issued. All accrued interest to date of payment of the proceeds of sale shall be deposited in the City depository. The bonds may be negotiated in lots as the Council may decree. No debt shall be contracted for the payment of bonds that are issued until the bonds are sold; and no debt shall ever be created against any improvement district unless at the same time provision is made to assess and collect annually upon property in that district a sum sufficient to pay the debt service on the bonds and create a sinking fund as required by law. The tax, collected annually from the owners of property in an improvement district for payment of bonds shall be in addition to all other current taxes levied by the City, and the fund created shall be kept separate by the City depository from other funds, and not be diverted or used for any other purpose than to pay interest and principal on the bonds.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 101. Sale of bonds and certificates of obligation.

No bond or certificate issued by the City shall be sold until after the terms have been considered and the sale has been approved by City Council.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 102. Sinking fund.

It shall be the duty of the Council each year to levy a tax sufficient to pay the debt service on and provide the necessary sinking fund required by law on all bonds outstanding. The interest and sinking fund, and the funds later created for the retirement of bonds shall be deposited in separate accounts in the City depository and shall not be diverted to any other purpose or used for any purpose other than to pay interest and principal on those bonds.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 103. Sinking fund administration.

The sinking fund for the redemption of any loan or debt may be invested in any investment instruments as authorized by the laws of the State of Texas and any other applicable law, which may include United States interest bearing bonds or bonds of the State of Texas, or Bexar County, Texas, or in bonds of the City, or of any City improvement district and the interest of such bonds, shall be reinvested; and such investment instruments shall be sold when necessary to pay the interest or principal of the bonds issued under the provisions of this section. The sinking fund may be appropriated at any time to reduce the public debt by the purchase and cancellation of outstanding City bonds, or for the investment of the sinking fund.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 104. Disbursement of funds.

All checks, vouchers, warrants, wire transfers or ACH transactions for the withdrawal of money from the City depository shall be signed by the Director of Finance, or the Director's designee who is an authorized City signatory designated by Ordinance; provided, however, that checks, vouchers, warrants, wire transfers or ACH Transactions for the withdrawal of sinking funds shall require two signatures of authorized City signatories designated by Ordinance.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 105. Borrowing in anticipation of property taxes.

In any tax year, in anticipation of the collection of the ad valorem property tax for such year, whether levied or to be levied in such year, the Council may by resolution authorize the borrowing of money by the issuance of negotiable notes of the City each of which shall be designated "tax anticipation note for the _____" (stating the tax year). Such notes shall mature and be payable not later than the end of the tax year in which issued and may be secured by the pledge of the ad valorem property taxes for that year.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 106. Borrowing in anticipation of other revenues.

In any tax year, in anticipation of the collection or receipt of other revenues of that year, the Council may by resolution authorize the borrowing of money by the issuance of negotiable notes of the City, each of which shall be designated "special revenue note for the year _____" (stating the tax year). Such notes may be renewed from time to time, but all such notes, together with the renewals shall mature and be payable not later than the end of the tax year in which issued and may be secured by pledge of other revenues for that year.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 107. Independent audit.

As soon as practicable after the close of each fiscal year, an independent audit, in accordance with specifications defined by ordinance, shall be made of all accounts of the City government by an external Certified Public Accountant, selected by the Council, who shall have no personal interest directly or indirectly in the financial affairs of the City government, or of any of its officers. The results of this audit shall be published immediately upon its completion.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Secs. 108—111. Reserved.

ARTICLE VIII. MUNICIPAL COURT

Sec. 112. [Established.]

There are established Municipal courts of the City which shall be courts of record, presided over by judges appointed by the City Council for two-year terms. The Judge, at the time of their appointment, shall have resided in the city for the period of time required by state law for San Antonio municipal judges. The Municipal courts shall operate pursuant to applicable state law providing for San Antonio Municipal Courts of Record as they exist and as they may be amended from time to time.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Note—State law governing residency of San Antonio municipal court judges is Texas Gov't Code, Ch. 30, 30.00224. JUDGE. (c) In addition to satisfying the requirements of Section 30.00006(c), a municipal judge must have been a resident of the city for at least three years immediately preceding the judge's appointment.

Secs. 113—116. Reserved.

ARTICLE IX. PLANNING COMMISSION

Sec. 117. Organization.

There is established a planning commission which shall consist of nine members, who shall be appointed by the council as nearly as practicable from various areas of the city, for overlapping two year terms; provided, however, that, initially, five members of the commission shall be appointed for terms of two years and four members for terms of one year. The city manager, a member of the council designated by the council, the chairman of the zoning commission and the chairman of the zoning board of adjustment shall be ex officio members of the commission. The council may appoint other ex officio members. Appointive members of the commission, other than those serving in an ex officio capacity, may not hold any other public office for which compensation is paid by the State of Texas or any political subdivision of the State. A majority of appointive members, other than ex officio, shall constitute a quorum. The commission shall elect a chairman from its own membership, and shall meet not less than once each month. Members of the commission, other than those serving in an ex officio capacity, may be paid compensation not to exceed twenty dollars per meeting, and not exceeding $1,040 per annum, as may be determined by the council. Any vacancy occurring during the unexpired term of an appointive member shall be filled by the council for the remainder of the unexpired term.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 118. Duties and powers.

Par 1. The commission shall be responsible to and shall act as an advisory body to the council. The commission shall:

(1) Make, amend, extend and add to a master plan for the physical development of the city.

(2) Submit annually to the city manager, not less than ninety days prior to the beginning of the budget year, a list of recommended capital improvements to be constructed during the forthcoming five-year period.

(3) Submit annually its budget estimate to the finance department at the same time and in the same manner as is required of city departments and agencies.

(4) Keep a public record of its resolutions, findings, and determinations.

Par. 2. The commission shall have power to:

(1) Prepare, recommend, and administer rules and regulations pertaining to subdivisions and to platting in territory outside the city limits and within the extraterritorial jurisdiction.

(2) Within its budget appropriation, contract with city planners and other consultants for such services as it may require.

(3) Make reports and recommendations relating to the plan and development of the city to public officials and agencies, public utility companies, civic, educational, professional and other organizations, and citizens.

Par. 3. The commission shall perform such additional duties and exercise such additional powers as may be prescribed by ordinance.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97)

Sec. 119. Director.

There shall be a director of planning who shall be appointed and removed by the city manager and who shall receive such compensation as may be fixed by the council. The director shall be qualified in the field of city planning, be the regular technical adviser of the commission, may be designated as its executive secretary, and have such other authority and duties as the commission may establish.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 120. Employees.

The planning commission shall have additional employees as may be provided by ordinance. Such employees shall be in the classified civil service of the city and shall be appointed and may be removed by the city manager, or, with the approval of the city manager, by the director of planning.

Sec. 121. Master plan.

The master plan for the physical development of the city shall contain the commission's recommendations for the growth, development and beautification of city territory. The commission may adopt the master plan as a whole or in parts and may adopt any amendment. The adoption of the plan or of any such part or amendment shall be by resolution, but before the adoption of the plan or any such part or amendment, the commission shall hold at least one public hearing on the proposed action.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 122. Procedure.

Par. 1. Master plan. A copy of the master plan, or any part of the plan, shall be forwarded to the city manager who shall submit the plan or part to the council, together with their recommendations, if any. The council may adopt or reject the plan or part as submitted; provided, however, that if the council fails to act on the plan or part for sixty days following its submission by the city manager, it shall be deemed approved. If the plan or part is rejected by the council, the planning commission may modify the plan or part and again forward it to the city manager for submission to the council.

Par. 2. Rules and regulations. All rules and regulations adopted by the planning commission shall be forwarded to the city manager to submit

them to the council with their recommendations. The council may adopt or reject any such rules or regulations. If any rules or regulations should be rejected, the planning commission may modify them, and submit the modified rules and regulations or new rules and regulations to the city manager for submission, with their recommendations to the council.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 123. Legal effect of master plan.

Following the adoption of the master plan by the council, no subdivision, street, park, public way, ground or space, public building or structure or public utility whether publicly or privately owned, shall be constructed or authorized in the city, nor shall any real property be acquired by the city, until and unless the location and extent has been submitted to and approved by the commission; provided, that, in case of disapproval, the commission shall communicate its reasons to the council, which shall have the power to overrule such disapproval, and, upon such overruling, the council or the appropriate office, department or agency shall have power to proceed. The widening, narrowing, relocation, vacation or change in the use of any street, river, or watercourse, or other public way or ground or the sale of any public building or real property shall be subject to similar submission and approval, and failure to approve may be similarly overruled by the council. The failure of the commission to act within thirty days after the date of official submission to the commission shall be deemed approval, unless a longer period is granted by the council or the submitting official.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 123A. Annexed land submitted to planning commission.

No land shall be annexed into the City until and unless the location and extent has been submitted to the Planning Commission and the Commission made a recommendation to the City Council on the proposed annexation. In case of disapproval by the Commission, it shall communicate its reasons to the Council. The Council shall have the right to overrule such disapproval. Failure of the Commission to act within thirty days after the date of submission shall be deemed approved, unless a longer period be granted by the Council.
(Ord. No. 85965, § 1 (Prop. 2), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

ARTICLE X. PUBLIC LIBRARY

Sec. 124. Establishment and management of San Antonio Public Library.

There is established the San Antonio Public Library. Its personnel and properties of every description shall be managed by a board of trustees, which shall consist of not less than seven nor more than fifteen members who shall be electors of Bexar County, Texas and who shall be appointed by the council; provided, however, that the number of such members shall be odd numbered; and provided, further, that such members shall serve without compensation from the city. Appointments to the board shall be made for overlapping two year terms; provided, however, that, initially, a majority shall be appointed for terms of two years and the remainder for terms of one year.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 125. Officers and employees.

The board of trustees of the public library shall have authority to appoint and remove all officers and employees of the library, subject to the civil service provisions of this Charter. The employees shall be entitled to all rights and benefits under any provisions pertaining to employments of the city which are now or which may later be in the classified civil service of the city.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 126. Properties.

The board of trustees of the public library shall be exclusively responsible for the management, care, control and maintenance of its properties of every description.

Sec. 127. Finance.

The board of trustees of the public library shall annually submit a budget estimate to the department of finance at the same time and in the same manner as is required of city departments and agencies. The budget estimate shall be transmitted to the council in the same manner as the budget estimates of city departments and agencies. The council, in recognition of the public service rendered by the public library, shall give full consideration to its needs as stated in the budget estimate submitted by the board. Upon approval by the council, the budget for the public library shall be included in the municipal budget and shall be subject to the same fiscal controls which apply to city departments and agencies.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

ARTICLE XI. FRANCHISES

Sec. 128. Inalienability of public property.

The ownership, right of control and use of the streets, highways, alleys, parks, public places and all other real property of the city is declared to be inalienable by the city, except by ordinances passed by vote of a majority of the council as provided below; and no franchise or easement involving the right to use the same, either along, across, over or under the same, shall ever be valid, unless expressly granted and exercised in compliance with the terms of this Charter, and of the ordinances granting such use. No act or omission of the city, its council, officers or agents shall be construed to confer or extend by estoppel or indirection, any right, franchise or easement not expressly granted by ordinance.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 129. Franchise power of the city.

The city shall have the power, subject to the terms and provisions of this Charter, by ordinance to confer upon any person, firm or corporation the franchise or right to use the property of the city, as defined in the preceding section, for the purpose of furnishing to the public any general public service, including, without limitation, however, heat, light, power, telephone service, refrigeration, steam, and the carrying of passengers for hire whether over designated routes or not within the city or its suburbs over the streets, highways and property of the city, or for any other purpose, where a general service is to be furnished to the public for compensation or hire, to be paid to the franchise holder, where a right to, in part, appropriate or use the streets, highways or other property of the city is necessary or proper. The provisions with references to public utilities shall not apply to those owned by the city.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 130. Limitations on franchises.

No exclusive franchise or privilege shall ever be granted, nor a franchise nor a privilege to commence at any time after six months after the effective date of the enabling ordinance. No franchise or privilege shall be extended directly or indirectly beyond the term originally fixed by the ordinance granting the same.

An application for the renewal of a franchise or the granting of a new one may be considered and acted upon prior to the expiration date of the current franchise so that the new franchise may take effect upon the expiration date of the other; provided, however, that the procedure for the original granting of such franchise is followed in all particulars.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 131. Granting of franchises.

The city shall have the power by ordinance to grant any franchise or right mentioned in the preceding sections. Readings shall be at three separate regular meetings of the council, the last of which shall take place not less than thirty days from the first. After the passage of the ordinance on its first reading, it shall be published once in a newspaper of general circulation in the city, advising all persons that a public hearing will be held on this franchise on the date stated. No ordinance granting a franchise shall pass any reading except by a vote of the majority of the

council and such ordinance shall not take effect until sixty days after its adoption on its third and final reading; provided, however, the ordinance shall be subject to referendum as provided by this Charter or as may be provided by the general laws of Texas.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 132. Powers of city over franchise holders.

The city shall have the right and power, acting through the council, to determine, fix and regulate the charges, fares or rates of any person, firm or corporation enjoying or that may enjoy a franchise or exercise any other public privilege in the city and to prescribe the kind of service to be furnished by such person, firm or corporation, and the manner in which it shall be rendered, and from time to time to alter or change such rules, regulations and compensation. The city shall have the power and authority to require extensions, betterments and improvements of the service that may be rendered by the holder of a franchise and shall likewise have the power to prevent the making of unnecessary or unprofitable extensions.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 133. Annual reports and statements required of franchise holders.

Every person, firm or corporation holding a franchise or enjoying an easement of any sort through, under or from the city shall be required to prepare and file annually with the council, within sixty days after the close of a fiscal year, a true, full and correct statement based upon the condition at the close of such fiscal year and the transactions for the current year which shall exhibit:

(a) The amount of all stock issues of such corporation and its divisions.

(b) An itemized statement of indebtedness, its nature and division, whether floating or bonded, and the interest payable on each item.

(c) An itemized statement of income and the amounts derived from each source of income.

(d) An itemized and detailed statement of expenditures.

(e) An itemized statement of all property of every kind owned and used in rendering the public service, wherever situated and the location and fair market value of each item.

The annual statement shall be verified by oath of the person, a member of the firm or a duly authorized officer or agent of the corporation, and upon its filing shall become part of the permanent records of the city.

If any person, firm or corporation required to file such report shall fail to do so, such failure shall be ground for forfeiture of the franchise and it shall be the duty of the city attorney, after due notice to the grantee of such intention, to bring suit within a reasonable time in the district court to forfeit the franchise and associated rights granted. If the court finds that such person, firm or corporation has willfully failed to make such report, it shall render judgment in the case decreeing a forfeiture of the franchise and all rights accruing under the franchise.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 134. Conditions of franchises.

Each franchise granted by the council shall provide:

(1) For the compensation to be paid to the city for the use and occupancy of the public property, which the compensation may be a fixed fee, or may be measured by gross receipts, or some other method mutually agreeable to the parties. Such compensation may be changed from time to time by mutual consent.

(2) For the length of time that such franchise shall continue in effect; provided, however, that no franchise shall be granted for a period longer than twenty-five years.

(3) That no franchise shall be assigned without the written consent of the council, which consent shall be evidenced by a resolution or an ordinance.

(4) That the procedure to be followed in ordering the making of extensions, betterments or permanent improvements of the service by the city or considering applications by the grantee for permission to make extensions, enlargement or betterments, be prescribed.

(5) That no rate of return shall exceed a fair return upon the fair value of the property used in rendering the public service.

(6) Each franchise shall provide for a method of accounting applicable to the particular business conducted by the grantee.

(7) Adequate provision shall be made in each franchise for the maintenance of sufficient depreciation reserves so that the integrity of the property used and useful in rendering the public service may be maintained. Each franchise shall specify the purposes for which the depreciation reserves may be used. In determining the amount and character of reserves required it shall be proper to resort to current common practices applicable to the particular utility concerned.

(8) Each franchise shall provide for a recapture provision where the city shall have the right to cancel the franchise and purchase the property of the franchise holder at a price to be determined according to the formula or method agreed upon in the franchise when granted.

(9) That the grantee may be required, at grantee's expense, to conform its installations in the streets, alleys, and public ways to any changes of grade made by the city.

(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 135. Investigations and public hearings.

The council shall have full power to examine or cause to be examined at any time, and at all times the books, papers and records of franchise holders; to take testimony and compel the attendance of witnesses and the production of books, papers, and records and to examine witnesses under oath and under such rules and regulations as it may adopt and should any franchise holder refuse to permit the inspection of its books, papers or records by the council or by any one designated by it to make such inspection or fail to produce them when notified to do so by the council, or should any officer, agent or employee of such franchise holder refuse to give testimony before the council, the council shall have the power by ordinance, to declare the franchise or privilege enjoyed by such person, firm or corporation in default, and terminated.

The council shall have the power to call a public hearing, giving reasonable notice to the holder of a franchise, to determine whether or not an application to increase rates shall be granted or to determine whether or not the rates currently charged by any holder of a franchise for the service rendered are excessive. In that connection the council shall have full power to examine the books, papers and records of the franchise holder, and to compel the attendance of all witnesses deemed necessary for the ascertainment of the facts in connection with the inquiry. Failure to obey any subpoena to appear as a witness shall be punishable by the council for contempt by any appropriate proceedings permitted by law.

(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 136. Supervisor of public utilities.

There is created the position of supervisor of public utilities, who shall be nominated by the City Manager and confirmed by the Council. The Supervisor shall serve at the pleasure of the City Manager. The Supervisor shall have such assistants as may be determined by the council in cooperation with the City Manager.

The Supervisor shall monitor the financial condition of public utilities and for regulatory and policy issues impacting the City. In connection with any application for a change in rates, fares, or charges by a public utility or holder of a

franchise, the Supervisor shall assemble the facts which are essential to proper determination of cost of service and the fixing of reasonable rates. The Supervisor and assistants under the Supervisor's direction shall have power to make and shall conduct all inspections and examinations of public utility or franchise holder properties, accounts and records and may proceed with informal negotiations or with formal proceedings. The Supervisor may give such a rate hearing to any such person, firm, or corporation provided for in this provision and report the findings and recommendations to the Council for their adoption, revision, or rejection. The Supervisor, while sitting for the purpose of giving such hearing shall have all the powers conferred by this Charter upon the Council to inspect books and compel attendance of witnesses and may prescribe the penalties provided by this Charter for failure or refusal to attend and testify or produce such books.

Every public utility or franchise holder operating within the city shall furnish the Supervisor regular reports as to capital outlay, property retirements, operating revenues, operating expenses, taxes and other accounting matters according to the standard accounting classifications for each utility. In addition, the City may require reports regarding salaries, wages, employees, contracts, service performance and all other records of operation that pertain to proper rate adjustments on the basis of facts and regular administration.

The council may certify any hearing to the Supervisor whenever it deems it advantageous to have the supervisor sit and give such hearing instead of the council; provided, however, that the evidence at any hearing so held and the findings of the Supervisor shall be fully reported to the council for its adoption, amendment, revision or rejection.

The Supervisor shall perform such other duties and services affecting public utilities and franchises as are assigned or directed by the City Manager or council.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 137. Miscellaneous provisions.

The council shall have the right by resolution to grant a temporary use of a street, alley, public way or public property for a period not to exceed two years and by ordinance, in the nature of a franchise, for a period not to exceed twenty-five years, and charge compensation annually as may be proper. The grants contemplated by this section do not include utility franchises as that term is generally understood. In this connection the council shall have the right to grant to the owner of property abutting upon the streets, or other property of the city, the use of or to go under or over the same in any manner which may be necessary or proper to the better enjoyment of the abutting property by the owner; provided, however, that the use is not inconsistent with, or does not unreasonably impair the public use to which the street or other property may be dedicated.

The council shall fix the terms, conditions, and duration of any grant. The right is expressly reserved to the city, acting through the council to terminate a grant when deemed inconsistent with the public use of the property of the city, or when it may become a nuisance.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

ARTICLE XII. GENERAL PROVISIONS

Sec. 138. Oath of office.

Every person elected or appointed to office in the city, or to a city board or commission, shall, before entering upon the duties of their office, take and subscribe the official oath prescribed by the state constitution.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 139. Qualification of elective officers.

All elective officers of the city shall qualify within ten days after election and failure to do so, except in case of sickness, shall vacate the office, and an election shall be immediately called to fill the vacancy.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 140. Prohibitions on candidates for office or employment.

(a) It shall be unlawful for any candidate or any person who may become a candidate for any office or employment under the government of the City, directly or indirectly, to offer or promise to any person or persons any office or employment under the City government or any benefit to be derived from that office or employment in the event of the election or appointment of such candidate to any such office or employment; or to promise or agree to use their influence to obtain for any person any office or employment under the government of the City. Any violation of any of the provisions of this section shall be a misdemeanor and shall be grounds for removal from office or employment.

(b) No appointee of any City board or commission shall continue in such position after becoming a candidate for nomination or election to any City or Bexar County elected office.
(Ord. No. 85965, § 1 (Prop. 4), 5-5-97; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 141. Interest in city contracts prohibited.

No officer or employee of the city shall have a financial interest, direct or indirect, in any contract with the city, or shall be financially interested, directly or indirectly, in the sale to the city of any land, materials, supplies or service, except on behalf of the city as an officer or employee. Any willful violation of this section shall constitute malfeasance in office, and any officer or employee guilty of this offense shall forfeit their office or position. Any violation of this section, with the knowledge, expressed or implied, of the person or corporation contracting with the council shall render the contract involved voidable by the city manager or the council.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 142. Limitation on debts incurred.

Any debt contracted by any officer of the city, or by any person on account of the city, the payment of which has not been previously provided for by ordinance duly adopted by the council, shall be absolutely null and void and uncollectible at law or in equity, and it shall be the duty of the city attorney to plead this provision to defeat the collection or enforcement of any such claim or debt.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 143. Costs or fees of office.

No officer of the city shall ever be entitled to costs or fees of office except for the use of the city; and all penalties, forfeitures, fines, costs and fees of office that accrue shall be paid into the city depository, and no money shall be drawn from the depository except in the pursuance of a specific appropriation of the council; nor shall any appropriation for private or individual purposes be made, except as provided in Article I, Section 3, Paragraph 12 of this Charter.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 144. City records admissible as evidence.

Certified copies of the records, papers and books of city officers or employees shall be admissible in evidence when certified by the custodian of such papers, books and records and attested by them under their seal, if they have one; provided, that for issuing such certified copies the city shall receive such fees as may be provided by ordinance.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 145. City records open to public.

All records of the City shall be available to the public as provided by state law.
(Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15)

Sec. 146. Security or bond not required.

The city shall not be required to give any bond for security or costs or any other security in any suit or action brought by or against it, or in any proceeding to which it may be a party in any court in this state; and the city shall have all remedies of appeal provided by law to all courts

in this state without bond or security of any kind, but shall be liable in the same manner and to the same extent as if the bond, undertaking or security required in other cases had actually been executed and given.

Sec. 147. Execution and garnishment.

No execution shall be issued or levied by virtue of any judgment that may be recovered against the city, but the council shall provide for the payments of judgments in the next levying of taxes after the final recovery of any judgments from the city. All assets of the city, including lands, houses, moneys, debts due the city, personal and real property, and assets of every description belonging to the city, shall be exempt from execution and sale; but the city shall make provisions, by taxation or otherwise, for the payment of any and all indebtedness incurred by the city. No writ of garnishment shall issue against the city to subject or seize any debt to any person or corporation, or any claim or demand upon any fund in the hands of the city or any of its officers; nor shall the city or any of its officers or agents be required to answer any writ of garnishment.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 148. Assignments.

The city shall not recognize transfers or assignments of salaries or wages, nor shall any officer of the city receive or honor any drafts or order drawn by any person against their salary or wages, but the warrant or money shall in every instance be delivered or paid to the entitled person according to the city's accounts; nor shall any officer of the city issue any certificates of indebtedness. Nothing contained in this Charter shall prevent the holder of a warrant from transferring it. If the council declares by ordinance, a warrant for the total amount of any pay roll may be drawn in favor of the person paying the pay roll, and the warrant shall have the same legal standing and effect as any other warrant.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 149. Competency of inhabitants or taxpayers.

No person shall be disqualified as a judge, justice, or juror by reason of their being an inhabitant in the city or subject to taxation by the city in any action or proceeding in which the city may be a party at interest.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 150. Liability of and limitations on the city.

Before the city shall be liable for damages for the death or personal injuries of any person or for damage to or destruction of property of any kind, the person injured, if living, or their representatives, if dead, or the owner of the property injured or destroyed, shall give the city manager or the city clerk notice in writing of such death, injury or destruction within ninety days after the injury has been sustained, stating in such written notice when, where and how the death, injury or destruction occurred, and the apparent extent of any such injury, and the amount of damages sustained; provided, however, that in no event shall the city be liable in damages to any one on account of any defect in, obstruction, on or anything else in connection with any sidewalk in the city. And provided, further, that in order to hold the city liable in damages to any one on account of any injury caused by any defect in, obstruction on, or anything else in connection with any street, alley or plaza, bridge, river bank, water course, or any public way, it must be shown that the city manager, a member of the council, or some person having superintendence or control of the work for the city had actual knowledge or actual notice of such defect, obstruction or other thing for a sufficient length of time before such injury was received, to have remedied or guarded against such condition of the street, alley or plaza before the injury was received.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 151. Liability of officers and employees.

No officer or employee of the city shall be liable for damages for any act committed in the proper discharge of their duties.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 152. Reserved.

Editor's note—Ordinance No. 85965, § 1 (Prop. 1), adopted May 5, 1997, deleted § 152 in its entirety. Formerly, such section pertained to school district taxes and derived from an election effective January 1, 1952.

Sec. 153. Cemetery lots exempt from taxes, etc.

The cemetery lots which have been or may later be laid out and sold by the city for private places of burial, shall, with the appurtenances, forever be exempt from taxes, exceptions, attachments and forced sales.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 154. Appointments to boards, commissions and authorities.

The Mayor and City Council shall appoint all members of regulatory and zoning boards or commissions. No member of any such board or commission, may be compensated by the City at a rate in excess of twenty dollars per meeting, or more than $1,040 per annum.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97)

Sec. 155. Continuation.

All rights, actions, penalties, and forfeitures in suits or otherwise which have accrued prior to adoption of this Charter shall be vested in and possessed by the city and no suit pending shall be affected by the passage of this Charter, but shall be prosecuted or defended, as the case may be, by the city.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Secs. 156—158. Reserved.

Editor's note—Ordinance No. 85965, § 1 (Prop. 1), adopted May 5, 1997, deleted §§ 156—158, which no longer have any effect. Formerly, such sections pertained to effect of this charter on existing law, interim government, transitional provisions, special provision for appointments and derived from an election effective January 1, 1952.

Sec. 159. Reserved.

Editor's note—Ord. No. 2024-08-08-0550, § 1(Prop. B), adopted August 8, 2024 and election from November 5, 2024, repealed § 159, which pertained to loyalty oath.

Sec. 160. Officers to hold over until their successors are appointed and qualified.

Whenever under the provisions of this Charter any officer of the city, judge or member of any board or commission is appointed for a fixed term, such officer, judge or member shall continue to hold office until their successor is appointed and qualified.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 161. Public act, liberal construction.

This Charter shall be deemed a public act and may be read in evidence without pleading or proof, and judicial notice shall be taken in all courts and places. It is intended by this Charter to promote a more efficient and effective government for the city and to secure for the people improved representation in legislation, and greater economy and efficiency in administration. To that end, it is directed that all provisions of this Charter shall be liberally construed, and the council is vested with all legislative powers required to augment these provisions and to insure at all times the effective operation of this Charter.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 162. Renumbering and rearrangement of charter provisions.

The council shall have the power, by ordinance, to renumber and rearrange all articles, sections, paragraphs of this Charter or any amendments as it shall deem appropriate.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 163. Amendments.

This Charter may be amended at any time in accordance with the applicable provisions contained in statutes and as provided by the constitution of Texas.
(Ord. No. 85965, § 1 (Prop. 1), 5-5-97; Ord. No. 2015-05-20-0423, § 3 (Prop. 4), 5-20-15)

Sec. 164. Separability clause.

Should any article, section, part, paragraph, sentence, phrase, clause or word of this Charter, for any reason, be held illegal, inoperative or invalid, or if any exception to or limitation upon any general provision is held to be unconstitutional or invalid or ineffective, the remainder shall, nevertheless, stand effective and valid as if it had been enacted without the portion held to be unconstitutional or invalid or ineffective.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

ARTICLE XIII. ETHICS REVIEW BOARD

Sec. 165. Statement of principal.

(a) All City officials and employees are expected to uphold the highest standards of ethical conduct, ensuring that their actions do not lead to improper personal gain or an adverse effect on the city's interests. In support of this commitment, the City Council shall enact ordinances to enforce this principle, covering areas such as official actions where significant private interests are involved, the acceptance of gifts, confidentiality, and advocacy for private interests. The ordinances will also provide requirements regarding mandatory financial disclosures.

(b) Significant private interests include any financial or non-financial interests, relationships, or affiliations that could reasonably be expected to interfere with an official's or employee's ability to act in the best interests of the city or that could create a perceived conflict of interest or appearance of impropriety.
(Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 166. Organization.

(a) The City Council shall appoint an Ethics Review Board, to exercise the powers and duties established by this Charter. The Ethics Review Board shall consist of eleven members. The Mayor and each member of the City Council shall nominate one member of the Board. Each nominee shall be confirmed by a majority vote of the City Council. No member of the Board shall serve for more than three full terms. Members shall serve two-year terms coterminous with that of the City Council. Appointments made during an existing term shall be for the remainder of the unexpired term.

(b) Members of the Board shall have good moral character and shall be residents of the city. No person appointed to the Board may be: a salaried city official or employee; an elected public official; a candidate for elected public office; an officer of a political party; or a person required by ordinance to register as a lobbyist. A member of the Ethics Review Board may be removed from office for cause by a majority vote of the City Council after a public hearing at which the member is provided the opportunity to be heard. Grounds for removal are: a failure to satisfy or to continue to satisfy the qualifications set forth in this section; a substantial neglect of duty; gross misconduct in office; inability to discharge the powers or duties of office; a violation of any provision of the ethics ordinance; or a conviction of a felony or crime of moral turpitude.

(c) The City Council shall fill any vacancy on the Board by a person who will serve the remainder of the unexpired term. The nomination to fill a vacancy shall be made by the member of the City Council (or their successor) who had nominated the person whose successor is to be selected to fill the vacancy.

(d) The City Council shall appropriate sufficient funds to the Ethics Review Board to ensure it may exercise all it powers under this Charter, enable it to perform the duties assigned to it, and to provide annual training and education of city officials and employees, including candidates for public office, pertaining to the ethics ordinance.
(Ord. No. 99252, 5-27-04; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 167. Jurisdiction and powers.

(a) *Jurisdiction.* The Ethics Review Board shall have jurisdiction to investigate and make findings and conclusions concerning:

(1) An alleged violation of an ethics code enacted from time to time by ordinance;

(2) An alleged violation of regulations governing lobbying enacted from time to time by ordinance;

(3) An alleged violation of local campaign finance regulations enacted from time to time by ordinance; and

(4) An alleged violation of Section 141 of this Charter; provided, however, that the Ethics Review Board has no jurisdiction to find or conclude that a city officer or employee has forfeited their office or position.

(b) *Termination of city official's or employee's duties.* The termination of a city official's or employee's duties does not affect the jurisdiction of the Ethics Review Board with respect to alleged violations occurring prior to the termination of official duties.

(c) *Powers.* The Ethics Review Board has the power:

(1) To establish, amend, and rescind rules and procedures governing its own internal organization and operations, consistent with ordinances;

(2) To meet as often as necessary to fulfill its responsibilities;

(3) Designate panels with the power to render decisions on complaints or issue advisory opinions on behalf of the Board;

(4) To request from the City Manager the assignment of staff necessary to carry out its duties;

(5) To review, index, maintain on file, and dispose of sworn complaints;

(6) To make notifications, extend deadlines, and conduct investigations, both on referral or complaint;

(7) To compel the production of sworn testimony, witnesses and evidence;

(8) To recommend cases for prosecution by appropriate authorities and agencies;

(9) To enforce its decisions by assessing civil fines and other sanctions authorized by ordinance;

(10) To request the City Attorney to provide an independent counsel to advise and represent the Board, when appropriate or necessary to avoid a conflict of interest;

(11) To provide assistance in the training and education of city officials and employees with respect to their ethical responsibilities;

(12) To prepare an annual report and to recommend to the City Council needed or desirable changes in ordinances under its jurisdiction;

(13) To exercise such other powers and duties as may be established by ordinance; and

(14) To accept or decline consideration of any alleged violation that has been resolved, including by, but not limited to the City Manager, or by a governmental agency or board with jurisdiction over the matter.

(Ord. No. 99252, 5-27-04; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

Sec. 168. Appeal.

A decision of the Ethics Review Board is final unless the person aggrieved by the decision appeals to the State District Court in Bexar County no later than thirty days after the date the Board renders the decision. An appeal of a Board decision is initiated by filing a verified petition setting forth the specific points of error alleged. The District Court shall review an appeal under this section under the substantial evidence rule and shall base its decision on the court's review of the record of the hearing before the Board. The District Court will affirm the findings and decision of the Ethics Review Board and may not substitute its judgment for that of the board unless the Board's decision was arbitrary, capricious, unlawful, or not supported

by substantial evidence. If the decision of the Ethics Review Board is not supported by substantial evidence, the District Court may reverse or affirm the Board's decision in whole or in part, or may modify the Board's decision if substantial rights of the aggrieved person have been prejudiced. The procedures and remedies of the appeals will be governed by the rules and regulations promulgated by the ordinance. Costs of an appeal may not be assessed against the Board, individual board members, or the City of San Antonio.
(Ord. No. 99252, 5-27-04; Ord. No. 2024-08-08-0550, § 1, 8-8-24/Elec. 11-5-24)

ARTICLE XIV. BINDING ARBITRATION WITH THE INTERNATIONAL ASSOCIATION OF FIRE FIGHTERS LOCAL 624

Sec. 169. Impasse.

If the City and the International Association of Fire Fighters Local 624 have reached an impasse regarding the negotiation of a collective bargaining agreement as determined by the Association through written notice to the City:

(1) The Association, after written notice to the City containing specifications of the issues in dispute, may request arbitration and, in such event, the City and the Association shall submit all issues in dispute to arbitration within 45 days of the City's receipt of the Association's written arbitration request. The arbitration ruling shall be final, binding, and enforceable against both parties.

(2) Both parties shall select one arbitrator within 15 days of the Association's original request to arbitrate and provide written notification to the other party of the name and selected contact information for the selected arbitrator. The selected arbitrators shall attempt to select a third (neutral) arbitrator within 10 days of their selection in order to form a three-person Arbitration Board. If the arbitrators are unable to agree on a third arbitrator, either party may request the American Arbitration Association select the third arbitrator, according to its fair and regular procedures. The third arbitrator shall preside over the Board. Any decisions made by the Board at any stage of the arbitration process will be determined by simple majority vote of the selected arbitrators.

(3) Arbitration shall be conducted by the City and the Association pursuant to the procedures, time lines, duties, requirements and rights as set forth in the following provisions of Chapter 174 of the V.T.C.A., Local Government Code, §§ 174.155, 174.157—174.162, 174.164 and 174.253, or any successor to these statutory provisions.

(4) In making its decision, the Board may consider only the following: (a) compensation and conditions of employment that prevail in comparable public sector employment in other cities; (b) the rate of increase or decrease in the cost of living for the San Antonio area as determined by the Consumer Price Index; (c) any of the following conditions: (i) hazards of employment, (ii) physical qualifications, (iii) educational qualifications, (iv) mental qualifications, (v) job training, (vi) skills, and (vii) any other factors the Board determines to be relevant to the issues raised by the parties; and (d) revenues available to the City and the impact of any arbitration ruling on the taxpayers of the City.

(Ord. No. 2018-11-15-0900, § 3, 11-15-18)

PART II

CODE

Chapter 1

GENERAL PROVISIONS

Sec. 1-1. How Code designated and cited.

The ordinances embraced in this and the following chapters shall constitute and be designated "City Code of San Antonio, Texas" and may be so cited.
(Code 1959, § 1-1)

Charter reference—Authority to codify ordinances, § 17.

Sec. 1-2. Rules of construction.

In the construction of this Code, and of all ordinances, the following rules shall be observed, unless the context clearly indicates otherwise:

City. The words "the city" or "this city" shall be construed as if the words "of San Antonio" followed the word city.

City council. The words "city council" or "council" shall be construed to mean the city council of the City of San Antonio.

Computation of time. Except as otherwise provided in this Code, or in applicable statutes of the state, whenever a notice is required to be given or an act to be done a certain length of time before any proceedings shall be had, the day on which such notice is given or such act is done shall not be counted in computing the time, but the day on which such proceedings are to be had shall be counted, unless it is a Sunday or a legal holiday, in which event the period runs until the end of the next day which is neither a Sunday nor a legal holiday.

County. The words "the county" or "this county" shall mean and refer to Bexar County, Texas.

Gender. A word importing the masculine gender only shall extend and be applied to females and to firms, partnerships and corporations as well as to males.

Interpretation. In the interpretation and application of any provisions of this Code, it shall be the minimum requirements adopted for the promotion of the public health, safety, comfort, convenience and general welfare. Where any provision of the Code imposes greater restrictions upon the subject matter than the general provisions imposed by the Code, the provision imposing the greater restriction or regulation shall be deemed to be controlling.

Judge. The word "judge" or any like term, shall be construed to mean a judge (or acting judge) of the municipal court of the City of San Antonio.

Number. A word importing the singular number only may extend and be applied to several persons and things as well as to one (1) person and thing.

Oath. The word "oath" shall be construed to include an affirmation in all cases in which, by law, an affirmation may be substituted for an oath, and in such cases the words "swear" and "sworn" shall be equivalent to the words "affirm" and "affirmed."

Or, and. "Or" may be read "and," and "and" may be read "or" if the sense requires it.

Owner. The word "owner," applied to a building or land, shall include any part owner, joint owner, tenant in common, tenant in partnership, joint tenant, or tenant by the entirety, of the whole or of a part of such building or land.

Person. The word "person" shall extend and be applied to associations, clubs, societies, firms, partnerships and bodies politic and corporate as well as to individuals or groups of individuals.

Personal. property includes every species of property except real property.

Signing. The words "signature" or "subscription" shall include the mark of a person unable to write, witnessed by two (2) witnesses unless otherwise expressly provided.

State. The words "the state" or "this state" shall refer to the State of Texas.

Street. The word "street" shall be construed to embrace streets, avenues, boulevards, drives, roads, alleys, lanes, viaducts and all other public highways in the city.

Tense. Words used in the present or past tense include the future as well as the present or past.

Titles of officials, names of departments. Titles of officials or employees, such as "city manager" or "mayor," and names of departments, such as "police department" or "department of finance" shall be read as if the words "of San Antonio" followed them.

Writing. The words "write" and "written" shall include printing.
(Code 1959, § 1-2)

State law reference—Similar definitions, Vernon's Ann. Civ. St. arts. 10, 23, 5429b-2.

Sec. 1-3. Certain ordinances not affected by Code.

(a) Nothing in this Code or the ordinance adopting this Code shall affect any ordinance:

(1) Promising or guaranteeing the payment of money for the city, or authorizing the issuance of any bonds of the city or any evidence of the city's indebtedness, or any contract or obligations assumed by the city;

(2) Granting any right or franchise;

(3) Dedicating, naming, establishing, locating, relocating, opening, paving, widening, vacating, etc., any street or public way in the city;

(4) Making any appropriation;

(5) Levying or imposing taxes not contained in this Code;

(6) Establishing or prescribing grades in the city;

(7) Providing for local improvements and assessing taxes therefor;

(8) Dedicating or accepting any plat or subdivision in the city;

(9) Extending or contracting the boundaries of the city;

(10) Prescribing the number, classification, benefits or compensation of any city officers or employees, not inconsistent herewith;

(11) Dealing with zoning;

(12) Approving or prescribing rates for garbage collection service or for public utilities;

(13) Which is temporary although general in effect;

(14) Which is special although permanent in effect;

(15) The purpose of which has been accomplished;

(16) All ordinances in effect upon the effective date of this Code not inconsistent with any of the provisions of this Code which are omitted from this Code.

(b) All such ordinances enumerated in subsection (a) are hereby recognized as continuing in full force and effect to the same extent as if set out at length in this Code. Such ordinances are on file in the city secretary's office.

Sec. 1-4. Catchlines of sections.

The catchlines of the several sections of this Code printed in boldface type are intended as mere catchwords to indicate the contents of the section and shall not be deemed or taken to be titles of such sections, nor as any part of the section, nor, unless expressly so provided, shall they be so deemed when any of such sections, including the catchlines, are amended or reenacted.
(Code 1959, § 1-4)

Sec. 1-5. General penalty; continuing violations.

Except for chapters 5, 11, 12, 13, 15, 17, 19, article IV of chapter 26 and articles III and IV of

chapter 34 and the Unified Development Code [chapter 35], wherever in this Code or in any ordinance of the city an act is prohibited or is made or declared to be unlawful or an offense or a misdemeanor, or wherever in such Code or ordinance the doing of any act is required or the failure to do any act is declared to be unlawful, where no specific penalty is provided therefor, the violation of any such provision of this Code or any such ordinance shall be punished by a fine not exceeding five hundred dollars ($500.00); however, violations of traffic laws codified in chapter 19 of the City Code of San Antonio, Texas, shall be punished by a fine not exceeding five hundred dollars ($500.00). Unless otherwise specified therein, violations established by ordinance and made part of the City Code under chapters 5, 11, 12, 13, 15, 17, article IV of chapter 26 and articles III and IV of chapter 34 shall be punished by a fine not to exceed two thousand dollars ($2,000.00). Each day's violation of any ordinance or any provision of this City Code shall constitute a separate offense.
(Code 1959, § 1-5; Ord. No. 57452, § 2, 8-18-83; Ord. No. 66109, § 1, 11-19-87; Ord. No. 69740, §§ 1, 2, 6-29-89; Ord. No. 2009-09-17-0731I, § 2, 9-17-09; Ord. No. 2016-06-30-0518, § 2, 6-30-16)

Sec. 1-6. Nonpayment of fine.

In all cases where a fine is imposed by or in the municipal court, in default of immediate payment thereof, the defendant shall be imprisoned in jail, or required to work in the streets or other public works in the city, under the direction of the police, until the fine is paid, allowing fifteen dollars ($15.00) per day until the sum amounts to that of the fine; provided, the defendant may pay the pecuniary fine assessed against him at any time while he is serving at work or while he is serving his jail sentence, and in such instances he shall be entitled to a credit of fifteen dollars ($15.00) for each day or fraction of a day that he has served and shall only be required to pay the balance of the pecuniary fine assessed against him.
(Code 1950, § 1-6; Code 1959, § 1-6)

State law reference—Similar provisions, Vernon's Ann. C.C.P. art. 43.09.

Sec. 1-7. Excusing prisoner from labor upon certificate of director of public health.

Any prisoner wishing to be excused from labor under section 1-6 shall apply to the director of public health for an examination. The director of public health shall certify as to the fact and if he officially certifies that the prisoner is unable to work, then he shall be excused; provided, the certificate of the director of public health shall not release the prisoner from confinement for the time required to make the sum of the fine, unless the director of public health shall further certify that the imprisonment would cause great bodily injury to, or endanger the life of, the prisoner.
(Code 1950, § 1-8; Code 1959, § 1-8)

Sec. 1-8. Effect of repeal of ordinances.

The repeal of any prior ordinance of the city by any subsequent ordinance shall not operate to revive the provisions of any ordinance which may have been repealed by such prior ordinance, unless such revival shall be expressly provided for. Ordinances repealed remain in force for the trial and punishment of all past violations of them, and for the recovery of penalties and forfeitures already incurred, and for the preservation of all rights and remedies existing by them and so far as they apply, to any office, trust, proceeding, right, contract or event, already affected by them.
(Code 1959, § 1-10)

Sec. 1-9. Manner of repeal of ordinances.

No ordinance shall be repealed by any general terms, such as "coming in conflict with any subsequent ordinance," but in all cases the ordinance or section of an ordinance intended to be repealed shall be specifically mentioned and distinguished by the title and date of the same, when practicable, and the number of the section.
(Code 1950, § 1-11; Code 1959, § 1-11)

Sec. 1-10. Altering Code.

It shall be unlawful for any person in the city to change or amend by additions or deletions, any part or portion of this Code or to insert or delete pages, or portions thereof, or to alter or

tamper with such Code in any manner whatsoever except pursuant to ordinance or other official act of the city council, which will cause the law of the city to be misrepresented thereby. Any person violating this section shall be punished as provided in section 1-5.
(Code 1959, § 1-12)

Sec. 1-11. Amendments to Code; effect of new ordinances; amendatory language.

(a) All ordinances passed subsequent to this Code which amend, repeal or in any way affect this Code, may be numbered in accordance with the numbering system of this Code and printed for inclusion in this Code. In the case of repealed chapters, sections and subsections or any part thereof, by subsequent ordinances, such repealed portions may be excluded from the Code by omission from reprinted pages affected thereby. The subsequent ordinances as numbered and printed or omitted, in the case of repeal, shall be prima facie evidence of such subsequent ordinances until such time that this Code and subsequent ordinances numbered or omitted are re-adopted as a new code of ordinances by the city council.

(b) Amendments to any of the provisions of this Code may be made by amending such provisions by specific reference to the section number of this Code in the following language: "Section _____ (subsection _____ or paragraph _____) of the City Code of San Antonio, Texas, is hereby amended to read as follows: _____." The new provisions may then be set out in full as desired.

(c) If a new section not heretofore existing in the Code, is to be added, the following language may be used: "That the City Code of San Antonio, Texas, is hereby amended by adding a section, to be numbered _____, which such section reads as follows: _____." The new section may then be set out in full as desired.
(Code 1959, § 1-13)

Charter reference—Enactment of ordinances, § 14 et seq.

Sec. 1-12. Supplementation of Code—Generally.

(a) By contract or by city personnel, supplements to this Code shall be prepared and printed whenever authorized or directed by the city council. A supplement to the Code shall include all substantive permanent and general parts of ordinances adopted during the period covered by the supplement and all changes made thereby in the Code. The pages of a supplement shall be so numbered that they will fit properly into the Code and will, where necessary, replace pages which have become obsolete or partially obsolete, and the new pages shall be so prepared that, when they have been inserted, the Code will be current through the date of the adoption of the latest ordinance included in the supplement.

(b) In preparing a supplement to this Code, all portions of the Code which have been repealed shall be excluded from the Code by the omission thereof from reprinted pages.

(c) When preparing a supplement to this Code, the codifier (meaning the person, agency or organization authorized to prepare the supplement) may make formal, nonsubstantive changes in ordinances and parts of ordinances included in the supplement, insofar as it is necessary to do so to embody them into a unified code. For example, the codifier may:

(1) Organize the ordinance material into appropriate subdivisions;

(2) Provide appropriate catchlines, headings and titles for sections and other subdivisions of the Code printed in the supplement, and make changes in such catchlines, headings and titles;

(3) Assign appropriate numbers to sections and other subdivisions to be inserted in the Code and, where necessary to accommodate new material, change existing section or other subdivision numbers;

(4) Change the words "this ordinance" or words of the same meaning to "this chapter," "this article," "this division," etc., as the case may be, or to "sections _____ to _____" (inserting section numbers to indicate the sections of

the Code which embody the substantive sections of the ordinance incorporated into the Code); and

(5) Make other nonsubstantive changes necessary to preserve the original meaning of ordinance sections inserted into the Code; but in no case shall the codifier make any change in the meaning or effect of ordinance material included in the supplement or already embodied in the Code.

Sec. 1-13. Same—Exclusion of special or temporary ordinances.

Ordinances hereafter adopted which are not of a general or permanent nature shall be numbered consecutively, authenticated, published and recorded in the book of ordinances, but shall not be prepared for insertion in this Code, nor be deemed a part hereof.

Sec. 1-14. Violation; aiding or abetting.

It shall be unlawful for any person to cause, secure, aid or abet another person to commit an act prohibited by this Code or by any rule or regulations adopted hereunder. Further, it is unlawful for any person, having parental authority or control over a minor under the age of seventeen (17), to intentionally, knowingly, recklessly, or with criminal negligence fail to make reasonable effort to prevent the minor from committing an act prohibited by this Code or by any rule or regulation adopted hereunder.
(Code 1959, § 1-14; Ord. No. 81589, § 1, 2-2-95)

Sec. 1-15. Effective date of ordinances; no emergency clause necessary.

(a) All ordinances shall become effective upon the date stated in the ordinance; if no date is stated, then the ordinance shall become effective ten (10) days after its passage.

(b) No emergency clause shall be necessary to make an ordinance effective on the date it is passed and approved, if such ordinance is approved by the council by a vote of eight (8) members of the entire council; provided, any measure making or amending a grant, renewal or extension of a franchise or other special privilege shall not become effective until at least ten (10) day from its passage and approval.
(Ord. No. 17210, § 1, 2-21-52; Code 1959, § 1-15)

Sec. 1-16. Posting of bonds, type of security required.

(a) Every person required by ordinance or by this Code to post bond with the city clerk shall post such bond either in cash or by filing with the city clerk a bond executed by a surety company authorized to do business in the state.

(b) A certificate of deposit issued by a state or national bank located in Bexar County may be accepted in lieu of cash deposit or surety bond to guarantee performance by lessees and contractors under city leases and contracts, provided that such certificates shall not be accepted, where a different type of guarantee is required by statute, the city charter or by federal or state regulations. The certificate of deposit agreement between the city and the lessee or contractor, and accepted by the depository, shall be in form approved by the city attorney, substantially as shown in the form marked Exhibit A which is on file with the city clerk as a permanent record.
(Ord. No. 24227, § 1, 1-10-57; Code 1959, § 1-16; Ord. No. 37874, 9-11-69)

Sec. 1-17. Severability of parts of Code.

The sections, paragraphs, sentences, clauses and phrases of this Code are severable, and if any phrase, clause, sentence, paragraph or section of this Code shall be declared unconstitutional by the valid judgment or decree of any court of competent jurisdiction, such unconstitutionality shall not affect any of the remaining phrases, clauses, sentences, paragraphs and sections of this Code.
(Code 1959, § 1-3)

[This page intentionally left blank.]

ARTICLE I. IN GENERAL

Sec. 2-1. Fees for services provided to other governmental agencies.

(a) There are hereby established fees for services provided to other governmental agencies by the city. Services for which fees shall be charged include, but are not limited to, crime scene processing, firearm and toolmark investigation, photography, expert testimony, polygraph examination, questioned document examination, and serology.

(b) Fees for services are established in order to recover at least the actual cost of labor, fringes, and materials, and may include indirect costs such as overhead. The fees shall be established from time to time by the city council. Upon recommendation of the chief of police, or the fire chief, the city manager may adjust the established fees and charges in order to ensure that the city's actual and indirect costs for providing the services are recovered through the fees, provided, that any adjustment of the fees shall not be effective until thirty (30) days after the new fees are filed with the official and public files of the city clerk.

(c) The chief of police, and the fire chief or their designated representatives shall be responsible for billing and collecting the fees authorized by this section, and shall turn the receipts over to the city treasurer. Revenue from these fees and charges shall be deposited in the general fund.
(Code 1959, § 2-3; Ord. No. 54866, §§ 1—3, 2-4-82; Ord. No. 57565, § 1, 9-15-83; Ord. No. 78725, 9-15-93)

Sec. 2-2. Registration of vital statistics, fees for records.

(a) *Generally.* The registrar of vital statistics shall keep the records of his office in the public health building of the city. Any person(s) submitting a birth, death or fetal death certificate for filing shall submit two (2) copies of each certificate, one of which must be an original.

(b) *Fee for records other than death certificates.* Except in the case of certified copies of death certificates, the registrar shall issue to a properly qualified applicant a certified copy of any records within registrar's keeping upon payment of a fee prescribed in accordance with applicable state law.

(c) *Fees for death certificates.* The registrar shall issue to a properly qualified applicant a certified copy of any certificate of death within the registrar's keeping upon payment of a fee prescribed in accordance with applicable state law. Additional copies of the same death certificate may be provided to the applicant upon payment of a fee of four dollars ($4.00) for each additional copy issued, providing that application for the additional copy is made on the same date and on the same application as the first certificate.

(d) *Fees for vital records search.* The registrar may, upon request from a properly qualified applicant, search his/her vital records in response to requests for specific information. A search fee of eleven dollars ($11.00) will be charged for each vital record searched. Records search will be provided at no cost to departments of the city for official business purposes. Record search will be provided at no cost to departments of the county for official business purposes so long as the county maintains joint public health department with the city.

(e) *Certified copies used in claims re military service.* The registrar shall issue free of cost to any veteran, his widow, orphan, or other dependents, a certified copy of any record not otherwise prohibited by law when such record is to be used in the settlement of a claim against the government growing out of a military service.

(f) *Disposition of fees.* All fees collected by the registrar shall be delivered daily to the tax collector with such statement as may be required by the director of finance.

(g) When state birth and death records are not available locally, the vital statistics registrar may electronically access certified copies of birth and death records from the vital statistics registrar for the state and provide said documents for sale to qualified applicants upon receipt of the fees

established in subsections (b) and (c) and any additional fees or surcharges assessed by the state for access to said documents.

(h) *Certified mail fees.* A shipping and handling fee for standard certified mail with receipt requested is established at twelve dollars ($12.00) to recover the costs to mail vital records via certified mail.

(Code 1950, §§ 10-12, 10-13; Ord. No. 20850, § 1, 12-30-54; Ord. No. 24031, § 1, 11-28-56; Ord. No. 26973, § 1, 10-2-58; Code 1959, § 9-1; Ord. No. 27244, § 1, 1-15-59; Ord. No. 29784, § 1, 8-23-61; Ord. No. 40370, § 1, 2-10-72; Ord. No. 48805, § 1, 12-9-77; Ord. No. 51049, § 1, 7-26-79; Ord. No. 54529, § 1, 11-12-81; Ord. No. 65548, §§ 1—3, 8-20-87; Ord. No. 67911, § 1, 9-15-88; Ord. No. 70031, § 1, 8-17-89; Ord. No. 74294, § 1, 9-12-91; Ord. No. 98187, §§ 2, 3, 9-18-03; Ord. No. 99735, §§ 1, 2, 9-16-04; Ord. No. 101405, §§ 1, 2, 9-15-05; Ord. No. 2015-09-10-0758, § 2(Att. B), 9-10-15)

Editor's note—Ord. No. 2015-09-10-0758, § 2(Att. B), adopted September 10, 2015, did not specify manner of inclusion; hence, inclusion as subsection (h) is at the discretion of the editor.

Sec. 2-3. Commercial filming of city-owned facilities.

(a) *Fee charged; exception.* Fees will not be assessed for noncommercial filming activities designed solely to promote San Antonio as a tourist destination. Fee assessments and waivers for commercial, movie, or television filming will be a joint decision between the city's film office and the director of the managing city department.

(b) *Film liaison agency.* The city film office is designated as the city's film liaison agency. The city manager or his/her designated representative is authorized to establish guidelines to regulate the filming activity mentioned in subsection (a).

(Ord. No. 59644, § 4, 10-25-84; Ord. No. 2016-10-13-0802, § 2, 10-13-16)

Sec. 2-4. Fee charges for the office of the city clerk.

The following fee charges are established for the office of the city clerk:

(1) Sale of publications: Actual cost of publication. Actual costs include materials, delivery, postage, packaging, maintenance, preparation, storage, and related expenses.

(2) Document certification fee: Five dollars ($5.00).

(3) Document search: As permitted by the cost rules contained in the Texas Administrative Code, Section 70.3.

(4) Tape duplication fee: As permitted by the cost rules contained in the Texas Administrative Code, Section 70.3.

(5) City Code supplement service: One hundred dollars ($100.00).

(6) Boards and commissions book: Five dollars ($5.00).

(7) Candidate packet fee: Thirty dollars ($30.00).

(8) Postal and shipping charges. The city may add actual postal (thirteen dollars ($13.00) in FY 2020) or shipping expenses which are necessary to transmit produced information to a requesting party.

(9) Passport Photo Fee: Seventeen dollars ($17.00).

(10) Burial transit permit fee for the transportation of deceased: Twenty-five dollars ($25.00).

(11) Notary fee for the public and city employees: Ten dollars ($10.00).

(12) Fee for subpoena requesting verification of birth: Twenty-two dollars ($22.00).

(13) Fee for subpoena requesting verification of death: Twenty dollars ($20.00).

(14) Fee for time spent searching the system for a record when a record is not found: Ten dollars ($10.00) per record search.

(Ord. No. 63229, § 1, 7-16-86; Ord. No. 67913, § 1, 9-15-88; Ord. No. 70250, § 3, 9-14-89; Ord. No. 78721, § 3, 9-15-93; Ord. No. 81695, § 2, 2-23-95; Ord. No. 84246, § 1, 6-13-96; Ord. No. 89240, § 1, 2-11-99; Ord. No. 2009-09-17-0731B, § 3, 9-17-09; Ord. No. 2012-09-13-0699, § 2(Att. A), 9-13-12; Ord. No. 2019-09-12-0694A, § 1(Att.

B), 9-12-19; Ord. No. 2024-09-19-0705, § 2(Att. B), 9-19-24; Ord. No. 2025-09-18-0629, § 2(Att. B), 9-18-25)

Editor's note—Ord. No. 2009-09-17-0731B, § 3, adopted September 17, 2009, did not specify manner of inclusion; hence, inclusion as subsection 2-4(8) is at the discretion of the editor.

Sec. 2-5. Returned check fee.

A fee of thirty dollars ($30.00) shall be charged the maker of any check payable to the city that is returned unpaid by the maker's bank.
(Ord. No. 65687, 9-10-87; Ord. No. 90492, § 1, 9-16-99; Ord. No. 99733, § 1, 9-16-04)

Editor's note—Ord. No. 65687, adopted Sept. 10, 1987, did not specifically amend the Code and has been included herein at the discretion of the editor as § 2-5.

Sec. 2-6. Fee for standard size maps of city.

There is hereby established a fee for the sale of standard size maps of the city prepared by the mapping section of the public works department of five dollars ($5.00) per each blue line copy.
(Ord. No. 65692, § 3, 9-10-87; Ord. No. 67915, § 2, 9-15-88)

Editor's note—Ord. No. 65692, §§ 3, 4, adopted Sept. 10, 1987 did not specifically amend the Code and at the discretion of the editor said provisions have been included herein as §§ 2-6 and 2-7.

Sec. 2-6.1. Fee for videotape duplication of programs available from the public information office.

The public information office (PIO) is hereby authorized to charge a thirty dollar ($30.00) fee and require a replacement tape from any person requesting a videotape duplication of programs available from PIO.
(Ord. No. 70256, 9-14-89)

Editor's note—Ord. No. 70256, adopted Sept. 14, 1989, did not specifically amend the Code and at the discretion of the editor said provisions have been included herein as § 2-6.1.

Sec. 2-7. Sale of surplus city property.

Any surplus property sold by the city shall be in accordance with provisions of Vernon's Annotated Civil Statutes, Article 5421(c)-12, which provides that no city owned property shall be sold for less than fair market value.
(Ord. No. 65692, § 4, 9-10-87)

Note—See the editor's note to § 2-6.

Sec. 2-8. Reserved.

Editor's note—Ord. No. 2010-06-17-0531, § 3, adopted June 17, 2010, repealed the former section 2-8, which pertained to discrimination prohibited in awarding subcontracts funded by the city, and derived from Ord. No. 69403, §§ 1—5, adopted May 4, 1989.

Sec. 2-9. Reserved.

Editor's note—Ord. No. 2013-09-05-0577, § 5, adopted September 5, 2013, repealed the former section 2-9 in its entirety, which pertained to policy governing appointment of persons demonstrating bias on basis of race, religion, national origin, sex, age or handicap, and derived from Ord. No. 80613, adopted August 11, 1994.

For similar provisions, the user's attention is directed to section 2-552.

Sec. 2-10. Municipal court building security account established; imposition of security fee; use of fee.

(a) A municipal court building security account is hereby established within the general fund pursuant to Article 102.017 of the Texas Code of Criminal Procedure to account for the receipt and expenditure of the revenues raised by way of the fees established in section 2-10(b) hereof.

(b) City of San Antonio municipal court judges shall impose of a three dollar ($3.00) security fee as a cost of court on defendants convicted, as that term is defined in Article 102.017 of the Texas Code of Criminal Procedure, in a trial for a misdemeanor offense in municipal court.

(c) The revenue from the imposition of said fee shall be deposited in the municipal court building security account, and the monies in said account shall be expended only as permitted by the Code of Criminal Procedure or other applicable state law.

(d) This section shall take effect October 1, 1995.
(Ord. No. 82816, §§ 1—4, 9-14-95)

Editor's note—Ord. No. 82815, §§ 1—4, adopted Sept. 14, 1995, has been codified herein at the discretion of the editor as § 2-10.

Sec. 2-11. Library department fees.

(a) The City of San Antonio Central Library space rentals and associated fees are hereby authorized shown in the following tables I and II:

Table I

Space Rental	*Commercial*			*Non-Profit*		
	0 ≥ 3 hours	3 > 5 hours	5 ≥ 8 hours	0 ≥ 3 hours	3 > 5 hours	5 ≥ 8 hours
Auditorium	$700.00	$900.00	$1,250.00	$250.00	$350.00	$700.00
Foyer	150.00	250.00	400.00	75.00	125.00	250.00
Auditorium/Foyer Combo	775.00	950.00	1,450.00	275.00	425.00	750.00
Gallery	200.00	450.00	750.00	125.00	250.00	500.00

Table II

Associated Fees	
Support fees, if required	
Security	$27.00/hr
Maintenance	$32.00/hr
Event Coordinator	$50.00/hour

(b) A service fee is hereby authorized for custodial, security or professional assistance which is required or requested by a user of the facilities of the library department. This fee will not be less than ten dollars ($10.00) per hour, per person or more than thirty dollars ($30.00) per hour, per person required or requested.

(c) The library department is hereby authorized to charge a caterer's fee for events which take place in the San Antonio Central Library as follows: Food/service charges: Fifteen (15) percent, liquor charges: Twenty-five (25) percent.

(d) Rental fees for branch library spaces are hereby authorized as shown below:

Rental Fees For Branch Library Spaces	*COMMERCIAL*			*NON-PROFIT*		
	0—2 hours	*2—4 hours*	*4+ hours*	*0—2 hours*	*2—4 hours*	*4+ hours*
Landa Gardens (Grounds and Pavilion)	$300.00	$625.00	$1,000.00	$150.00	$400.00	$800.00

(1) The rental fee for all other branch meeting rooms shall be twenty dollars ($20.00) per hour for all users.

(e) Reserved.

(f) Library materials which are returned damaged are hereby authorized to be assessed a fee up to one hundred (100) percent of the value of the item.

Item type	*Fee per item*
Item for which list price is known	List price per item
Adult paperback books	$10.00 per item
Juvenile or young adult paperback books	$6.00 per item
Magazines or other items	$4.00 per item
Cases for videos, DVDs, music CDs, or audio books	$1.00 per item
Material kits	$100.00 per kit

(g) A fine will be assessed for uncatalogued items which are either lost or withdrawn because of damage as follows:

In lieu of payments, replacement items (in good condition) of the same type will be accepted; and no processing fee will be charged for uncatalogued items.

(h) A fine will be assessed for catalogued items which are either lost or withdrawn because of damage as follows:

Item Type	*Fee per item*
Item for which list price is known	List price per item
Lost/damaged audio book cassette/CD	$8.00 per item
Missing liner notes-DVDs, videos, or music CDs	$3.00 per item
Lost and damaged mobile device	$240.00 per item
Lost and damaged mobile device case	$22.00 per item
Lost and damaged mobile device accessories	$21.00 per item

There will be a five dollar ($5.00) per item processing fee, refundable if the lost item is returned, with receipt, within thirty (30) days of payment. The replacement cost of the lost item will be refunded if the item is returned with receipt at any time.

(i) The director of the library department is hereby authorized to set fines and fees for new categories of items acquired during the year in anticipation of such fines and fees being adopted by the city council of the city with the adoption of the annual budget.

(j) The San Antonio Public Library is hereby authorized to charge an out of service area borrower's card fee as follows:

$200.00 per year

$60.00 per three-month period

(k) The following fees will be charged in any of the facilities of the library department for use of public services on the multifunction devices:

(1) Twenty cents ($0.20) per page for black and white copies and prints produced on 8.5" × 11" paper, on 8.5" × 14" paper, and on 8.5" × 17" paper.

(2) One dollar ($1.00) per page for color copies and prints produced on 8.5" × 11" paper, and on 8.5" × 14" paper.

(3) Two dollars ($2.00) per page for color copies and prints produced on 11" × 17" paper.

(l) Reserved.

(m) Database searches which are done by staff members of the library department will be charged on a cost-recovery basis, after subtraction of any subsidy.

(n) The director of the library department is hereby authorized to set fees for the sale of promotional and novelty items sold by the library department.

(Ord. No. 82815, §§ 1, 2, 9-14-95; Ord. No. 84795, § 1, 9-19-96; Ord. No. 96405, § 1, 9-19-02; Ord. No. 96681, § 5, 11-7-02; Ord. No. 99737, §§ 1—4, 9-16-04; Ord. No. 101401, § 1, 9-15-05; Ord. No. 2006-09-07-1005, §§ 1, 3, 9-7-06; Ord. No. 2006-09-07-1006, § 1, 9-7-06; Ord. No. 2007-09-13-0973H, § 1, 9-13-07; Ord. No. 2008-09-11-0777D, §§ 1—9, 9-11-08; Ord. No. 2009-09-17-0731H, §§ 1, 2, 9-17-09; Ord. No. 2010-09-16-0791, § 1(Att. B), 9-16-10; Ord. No. 2013-09-12-0631, § 2(Att. G), 9-12-13; Ord. No. 2014-09-18-0694, § 2(Att. F), 9-18-14; Ord. No. 2015-09-10-0758, § 2(Att. G), 9-10-15; Ord. No. 2016-09-15-0697, § 2(Att. D), 9-15-16; Ord. No. 2019-09-12-0694A, § 1(Att. E), 9-12-19; Ord. No. 2021-09-16-0682, § 2(Att. C), 9-16-21; Ord. No. 2022-09-15-0678, § 2(Att. E), 9-15-22; Ord. No. 2023-09-14-0627, § 2(Att. A), 9-14-23; Ord. No. 2024-09-19-0705, § 2(Att. A), 9-19-24)

Editor's note—Ordinance No. 84795, § 1, adopted September 19, 1996 rescinded § 2-6.2 in order to consolidate all library fees in § 2-11.

Sec. 2-12. Convention center rental rates and policies.

The city council hereby approves the revised rates and policies of the convention facilities department for the use of convention facilities and equipment as set out in attachment I, which is on file in the office of the city clerk.

(Ord. No. 84800, § 1, 9-19-96)

Sec. 2-13. Fees for international services.

The following fees are established for the use of the international services provided to clients by the city's international affairs department: A

fee of fifty dollars ($50.00) per person for participating in seminars conducted by the international affairs department addressing business opportunities in Mexico; a fee of one thousand dollars ($1,000.00) per participant for participating in the San Antonio Export Leaders Program; a fee of two hundred dollars ($200.00) per project for consulting services; a fee of twenty-five dollars ($25.00) per day for Cas San Antonio office rental; a fee of fifty dollars ($50.00) per trade show; a mailing service fee of one dollar and fifty cents ($1.50) per envelope; and a fee of twenty-five dollars ($25.00) each company list production. A fee of three hundred dollars ($300.00) for city residents and four hundred dollars ($400.00) for non-residents per participant for participating in the trade missions program; and a fee of fifty dollars ($50.00) for city residents and sixty dollars ($60.00) for non-residents for each potential client list.

The city council hereby establishes a fee of two thousand five hundred dollars ($2,500.00) per event for the international affairs department to host and secure speakers for international trade lectures. Fees collected shall be deposited into the general fund.

The city council also establishes a fee of sixty dollars ($60.00) for each tie or scarf sold as official city merchandise associated with the international affairs department. Fees collected shall be deposited into the community and visitor facilities fund.

(Ord. No. 86617, § 1, 9-11-97; Ord. No. 90495, § 1, 9-16-99; Ord. No. 99736, §§ 1, 2, 9-16-04; Ord. No. 2006-09-07-1004, § 3, 9-7-06; Ord. No. 2008-09-11-0777K, §§ 1, 2, 9-11-08)

Editor's note—Ord. No. 2008-09-11-0777K, §§ 1, 2, adopted September 11, 2008, did not specify manner of inclusion; hence, inclusion in § 2-13 is at the discretion of the editor.

Sec. 2-14. Designation of the City Hall Complex.

(a) The city-owned building currently known as the Main Plaza Building is hereby renamed the Municipal Plaza Building.

(b) All adjacent property owned by the city and consisting of the properties on which are located the Plaza de Armas Building, the 1889 City Hall, and the City Hall Annex are hereby designated the City Hall Complex. Attached to Ordinance No. 80002 and incorporated herein by reference is a plat of these properties showing the boundaries of the Complex.

(c) For legal purposes all such properties shall also be collectively considered the San Antonio City Hall and any requirement that any act or matter be done or located at City Hall shall be deemed to meet the criteria if done or located within this complex.

(Ord. No. 80002, §§ 1—3, 4-14-94)

Sec. 2-15. International Center rental fees, audio-visual equipment rental fees and catering fees.

(a) *International Center rental fees.* The fees for hourly rate to use the conference center and the conference room in the International Center are listed below and are hereby adopted:

Area	*Hourly Rate*	*Daily Minimum*	*Daily Maximum*
Conference Center	$125.00	$250.00	$1,000.00
Conference Room	20.00	40.00	100.00

(b) *Audio-visual equipment rental.* The fees for rental of equipment to be used in conjunction with the rental of conference rooms in the International Center are listed below and are hereby adopted.

Wireless microphone, per event .	$ 60.00
Lectern/podium, per event	45.00
Standard microphone, per event.	20.00
Projection screen, per event	150.00

(c) *Catering fees.* A catering fee of ten (10) percent of the total food/services/alcohol invoiced to the facility user for the International Center Restaurant shall be charged. Said catering fees shall be in addition to any other applicable permit and license fees established in the Code.

(d) *Waiver of catering fees.* The director of asset management, as designee of the city manager, may administratively approve a waiver of catering fees associated with catered events

held at the International Center conference or meeting room when utilized by city departments for internal, official city business.
(Ord. No. 99749, § 2, 9-16-04)

Editor's note—Ord. No. 99749, § 2, adopted September 16, 2004, amended § 2-15 in its entirety to read as herein set out. Formerly, § 2-15 pertained to International Center audio-visual equipment rental, and derived from Ord. No. 96413, § 1, adopted September 19, 2002.

Sec. 2-16. Grant application and state enterprise zone processing fee.

(a) A fee of one thousand five-hundred dollars ($1,500.00) shall be charged to agencies seeking grant application assistance from the economic development department.

(b) A fee of five hundred dollars ($500.00) per packet shall be charged for the processing of state enterprise zone nomination packets by the economic development department.

(c) "Agency" is defined as a political subdivision of the state to include defense base authorities established under Texas Local Government Code 379B as amended.
(Ord. No. 99732, §§ 1, 2, 9-16-04)

Editor's note—Ord. No. 99732, §§ 1, 2, adopted September 16, 2004, enacted provisions intended for use as § 2-15. Inasmuch as there are already provisions so designated, and at the discretion of the editor, said provisions have been redesignated as § 2-16.

Sec. 2-17. Economic development grant application fee.

(a) An application fee of five thousand dollars ($5,000.00) to be charged by the economic development department for all grants authorized under Chapter 380 of the Texas Local Government Code is approved. Such fee shall be waived in instances when an applicant is also applying for a tax phase-in agreement.

(b) The following application fees are authorized to be applied by the Center City Development Office:

(1)	SAWS Fee Waiver Application Fee	$100.00
(2)	City of San Antonio Fee Waiver Program application fee	100.00
(3)	Inner City Incentive Fund (ICIF) loan/forgivable loan application fee: 0.1 percent of ICIF loan amount	
(4)	Center City Housing Incentive Policy (CCHIP) application fee:	
	Ten-year tax reimbursement grant	1,500.00
	Fifteen-year tax reimbursement grant	2,250.00
(5)	Center City Housing Incentive Policy (CCHIP) assignment fee: two thousand five hundred dollars ($2,500.00) per assignment plus one hundred dollars ($100.00) per housing unit and twenty-five cents ($0.25) per square foot of leasable commercial space. The per-unit fee shall be zero dollars ($0.00) for any housing units qualifying as affordable per the terms of the CCHIP policy. Projects in which at least half of the housing units qualify as affordable shall be exempt from the per-unit fee.	

(Ord. No. 2006-09-07-0999, § 1, 9-7-06; Ord. No. 2014-09-18-0694, § 2(Att. B), 9-18-14; Ord. No. 2019-09-12-0694A, § 1(Att. A), 9-12-19)

Editor's note—Ord. No. 2006-09-07-0999, § 2, adopted September 7, 2006, did not specify manner of inclusion; hence, inclusion as § 2-17 is at the discretion of the editor.

Sec. 2-18. Fee for outside governmental entities or agencies to use city contracts.

(a) There is hereby approved a fee of one hundred dollars ($100.00) per contract to be charged by the purchasing and contract services department to each outside governmental entity or agency that desires to use city contracts.

(b) Funds received pursuant to this ordinance shall be deposited in such fund numbers as designated by the budget ordinance approved by the city council.

(c) The financial allocations in this section are subject to approval by the director of finance of the city. The director may, subject to concurrence by the city manager or the city manager's desig

nee, correct allocations to specific cost centers and fund numbers as necessary to carry out the purpose of this section.

(Ord. No. 2008-09-11-0777L, §§ 1—3, 9-11-08)

Editor's note—Ord. No. 2008-09-0777L, §§ 1—3, adopted September 11, 2008, did not specify manner of inclusion; hence, inclusion as section 2-18 is at the discretion of the editor.

Sec. 2-19. Execution of contracts for the sale of surplus or salvage city personal property.

(a) Department directors, or their designees, are hereby authorized to execute contracts for amounts not to exceed fifty thousand dollars ($50,000.00) for the sale of surplus or salvage city personal property, so long as the sale complies with the procedures for disposition of surplus or salvage personal property established by the finance department or any successor department in the event of an organizational restructuring, and the resulting contract is approved as to form by the city attorney, or the city attorney's designee.

This section does not apply to the sale, or disposition of proceeds of a sale, of personal property governed by another city ordinance, state or federal law to the extent these regulations conflict with this section.

(b) Definitions.

Salvage, as used in this section, is defined as personal property which is used and well worn, but may still have some residual value.

Surplus, as used in this section, is defined as personal property which is in the same general condition as when purchased, but which is not needed by the city.

(c) The director of a department making the sale shall coordinate with the office of management and budget and the finance department to establish SAP Master Data, Cost Center, Fund Center, Internal Order and WBS Element that are required to account for the receipt of sales proceeds. Proceeds from a surplus or salvage property sale shall be deposited in the fund and the revenue account established for that purpose for the department making the sale.

(Ord. No. 2013-01-31-0080, §§ 1—3, 1-31-13)

Editor's note—Ord. No. 2013-01-31-0080, §§ 1—3, adopted January 31, 2013, did not specify manner of inclusion; hence, inclusion as section 2-19 is at the discretion of the editor.

ARTICLE II. CITY COUNCIL

DIVISION 1. GENERALLY

Sec. 2-20. Supplemental documentation for application for place on ballot.

(a) All applicants for a place on the ballot for an election of the city council, when submitting their application to the city clerk, shall also submit an original of least two (2) of the following documents showing a current address:

(1) Valid voter registration certificate;

(2) Current utility bill;

(3) Current bank statement;

(4) Government check;

(5) Original paycheck;

(6) Other current government-issued document with name and address.

(b) The city clerk shall mark on a form created by the city, the type of supplemental documentation provided by each applicant when submitting their application for a place on the ballot.

(c) The city clerk shall make a photocopy of the original documents provided, and return the originals to the applicant. All copies shall be filed with the application of the candidate.

(d) Each applicant must sign the form acknowledging the type of supplemental documentation that was provided, and that the documentation is now a public record, and subject to the Texas Public Information Act. If requested, copies of the documentation shall be provided by the city clerk, with redactions to all information other than the applicant's name and address.

(e) The city clerk shall publish the form with the application on the city clerk's election webpage. (Ord. No. 2017-11-30-0920, § 1, 11-30-17)

Sec. 2-21. Code of conduct.

(a) *Authority.* The city council values a democratic process that relies on public participation, listening to differing opinions and engaging in respectful debate. The Charter of the City of San Antonio provides city council with the ability to determine its rules and order of business, City Charter, article II, city council, section 12, council rules. The code of conduct outlines city council's values related to interactions and communication amongst themselves to include social media or other media communications and provides for enforcement and remedies for violations of those rules.

(b) *Councilmembers.* The City of San Antonio City Council is committed to fostering a safe and productive work environment, which includes treating others with respect, and agrees to abide by the following:

(1) Councilmembers will treat each other, city staff, local government corporation employees, and the public with respect, and shall refrain from derogatory or harassing remarks or images. Councilmembers should avoid discussion of personalities and profane language, and refrain from personal attacks, verbal abuse or language that explicitly or implicitly threatens physical harm toward another person.

(2) Councilmembers will not be required to subject themselves or their staff to derogatory or harassing behavior from members of the community.

(3) Councilmembers will abide by the expectations of conduct outlined in city administrative directives:

4.67 Equal Employment Opportunity/ Anti-Harassment.

4.62 ADA Title I Reasonable Accommodations.

4.80 Violence in the Workplace.

4.15 Workplace Milk Expression for Breastfeeding Employees.

4.68 Domestic Violence, Sexual Violence & Stalking.

1.75 Fraud, Waste and Abuse Policy.

7.11 Physical Security.

1.34 Records Management for Physical Electronic Management.

4.44 Nepotism.

(4) Councilmembers must disclose to the city manager an intimate, romantic, or dating relationship with a LGC employee that began either before the councilmember began their term or the LGC employee began their employment. With the exception of relationships that began prior to employment, councilmembers are prohibited from engaging in an intimate, romantic, or dating relationship with a local government corporation employee. Separately, if a councilmember is engaged in an intimate, romantic, or dating relationship with a city staff member, the relationship must be disclosed to the city manager by the councilmember.

(5) City council meetings use Robert's Rules of Order. The mayor or presiding officer of the meeting is permitted to make modifications as needed in furtherance of an effective and efficient meeting.

(6) Councilmembers shall not engage in any communications with outside parties during an Executive Session and shall not disclose to any third party the information shared or discussed during an executive session, in accordance with state law.

(7) Written city communications should not include any blind copies to other parties.

(8) Given their role under the city charter and consistent with prevailing governance practices, city council members are strongly encouraged not to sign nondisclosure agreements (NDAs) in their official capacity. The city attorney shall provide yearly guidance to the council on

the legal risks associated with NDAs. To minimize risks to the city, city council members who sign NDAs that pertain to city business should inform the city manager, the city attorney, and city council of the confidentiality obligations.

(9) Retaliation for accountability under this code of conduct shall be prohibited.

(c) *Complaints.*

(1) If the scope or nature of a violation may reasonably warrant an investigation or result in council action then a written compliant should be filed. A complaint about a councilmember and filed by a fellow councilmember, local government corporation employee or city staff shall be submitted in writing to the city manager with a copy to the city attorney. The complaint shall be dated and include:

a. The name and title of the individual(s) filing the complaint (referred to as the complainant(s));

b. The name and title of the individual(s) alleged to have violated the code of conduct;

c. The nature of the alleged violation of the code of conduct or of other law, rule, or regulation; and

d. The specific facts or circumstances that constitute a violation of the code of conduct or city administrative directives listed in subsection (a)(3) above, including the submission of any documentation that relates to the alleged violation. The complaint shall not contain innuendo, speculative assertions, or conclusory statements.

(2) Complaints shall be reviewed by the city attorney within ten (10) business days of receipt and city council will be advised of the complaint. If questions of fact and potential legal liability are to be determined, the city attorney may engage an investigator to conduct fact-finding and if necessary legal analysis.

(3) Upon the conclusion of any investigation, the city council will be briefed on the matter to determine what if any action is appropriate if a violation has occurred. The city councilmembers involved will recuse themselves from these council discussions whether those discussions occur in executive session or open session. The involved councilmember(s) may address city council during an open or closed meeting. The city attorney will advise the complainant and the accused whether any violation has been determined to have occurred.

(d) *Enforcement.*

(1) A vote of a majority of councilmembers, whose conduct is not at issue in the above referenced complaint, is required to determine the discipline, which may be one (1) or more of the following:

a. A written letter of reprimand;

b. Official censure; or

c. Call for Resignation.

(2) The Charter of the City of San Antonio provides city council with the power to, by a vote of not less than seven (7) members, expel a member from a council meeting for disorderly conduct or the violation of its rules. City Charter, article II, city council, section 12, council rules. The mayor or presiding officer of the meeting shall exercise control over the member(s) who disrupt the meeting in the following ascending order of action:

a. Call the member to order, advising that member of the infraction;

b. Advise the member that the infraction must cease immediately, or the member will be subject to vote to order the member to leave the meeting; and

c. Call a vote to order the member to leave the meeting by a vote of at least seven (7) members of the council.

(Ord. No. 2024-02-01-0087, § 1, 2-1-24; Ord. No. 2025-09-18-0639, § 1, 9-18-25)

Secs. 2-22—2-25. Reserved.

DIVISION 2. MEETINGS*

Sec. 2-26. Regular meetings.

The council shall hold its regular meetings in the council chamber in the Municipal Plaza Building within the City Hall Complex on Thursday of each week beginning at 9:00 a.m. The official posted agenda shall specify the subjects and the order of each meeting. If the council has not adjourned by 7:00 p.m., the presiding officer shall entertain a motion to continue the council meeting, postpone remaining items to the next council meeting date, or recess and reconvene the meeting at a specified time on the following day.
(Ord. No. 80172, § 1, 5-12-94; Ord. No. 101069, § 1, 6-23-05; Ord. No. 2006-03-30-0415, § 1, 3-30-06; Ord. No. 2011-01-20-0046, § 1, 1-20-11)

Sec. 2-27. Work sessions.

A work session shall be held on Wednesday of each week from 2:00 p.m. to 5:00 p.m. on the first floor of the Municipal Plaza Building unless canceled or called for a different date. The official posted agenda shall specify the subjects and the order of each meeting.
(Ord. No. 80172, § 1, 5-12-94; Ord. No. 101069, § 2, 6-23-05; Ord. No. 2011-01-20-0046, § 1, 1-20-11)

Editor's note—Ord. No. 2011-01-20-0046, § 1, adopted January 20, 2011, changed the title of section 2-27 from "Informal meetings" to "Work sessions." The historical notation has been preserved for reference purposes.

Sec. 2-28. Special meetings.

Special meetings of the council shall be called by the city clerk upon the written request of the mayor, the city manager or three (3) members of the council. In the event of a special called meeting, the city clerk shall notify each member of the council.
(Ord. No. 80172, § 1, 5-12-94)

*__Editor's note—__Ord. No. 80172, §§ 1, 2, amended Div. 2 in its entirety to read as herein set out. The former Div. 2, §§ 2-26, 2-27—35, pertained to similar subject matter and derived from Code 1950, § 2-15; Code 1959, §§ 1-17, 2-41; and Ord. No. 50064, §§ 1—3 adopted Nov. 9, 1978. At the discretion of the editor, the former § 2-26.1, pertaining to designation of the City Hall Complex, has been redesignated as § 2-14.

Sec. 2-29. Call to order.

The meetings of the council shall be called to order by the mayor, or in the absence of the mayor, by the mayor pro-tem; and in the absence of both the mayor and the mayor pro-tem, the meeting shall be called to order by the city clerk. In the absence of both the mayor and the mayor pro-tem, and with a quorum being present, the members present may elect one (1) of their members upon nominations for that purpose to serve as temporary presiding officer for the meeting.
(Ord. No. 80172, § 1, 5-12-94)

Sec. 2-30. Preservation of order.

The mayor shall preserve order and decorum, prevent personal references to council members or the impugning of other members' motives, and confine members' remarks to the question under discussion. No other member shall address the council from any other than his or her own seat nor until after being recognized by the chair.
(Ord. No. 80172, § 1, 5-12-94)

Sec. 2-31. Points of order.

The person presiding shall determine all points of order, subject to the right of any member to appeal to the entire council. If an appeal is taken, the question shall be "Shall the decision of the chair be sustained?"
(Ord. No. 80172, § 1, 5-12-94)

Sec. 2-32. Question to be stated.

The chair shall state all questions submitted for a vote and announce the result. A roll call vote shall be taken upon the request of any member.
(Ord. No. 80172, § 1, 5-12-94)

Sec. 2-33. Substitution for chair.

The chair may call on the mayor pro-tem, or if he or she is unavailable, then any other member to take his or her place in the chair, for a portion of the meeting, such substitution not to continue beyond adjournment.
(Ord. No. 80172, § 1, 5-12-94)

Sec. 2-34. Rules.

Robert's Rules of Order (latest revision) shall govern in all cases unless in conflict herewith. (Ord. No. 80172, § 1, 5-12-94)

Charter reference—Authority of council to fix time of meeting and determine rules of procedure, §§ 11, 12.

Sec. 2-35. Rules of courtesy for persons attending.

(a) *Addressing the city council.*

(1) *General rules.*

a. Those signed up to speak shall be called upon in the order that they have registered.

b. No personal attacks shall be allowed by any speaker.

c. The mayor or presiding officer may, at any time and at his/her discretion, increase or reduce the time a person has to address the city council. At any time during a presentation of the speaker, any councilmember may request the presiding officer to extend the time limit of the speaker.

d. A person signed up to speak has three (3) minutes to speak, with a nine-minute maximum time limit for any one (1) meeting.

e. Organizations have a total of nine (9) minutes to address the city council. Three (3) persons must register on behalf of an organization in order for the organization to be allotted nine (9) minutes to speak.

f. Persons registering on behalf of or standing with an organization may not be permitted an additional three (3) minutes to speak if the organization has already been allocated nine (9) minutes to address the city council.

g. Persons/organizations must sign in person by the specified deadline in order to be recognized to speak.

h. Persons registered to speak must be present in order to give their time to another registered speaker. No time may be given to a person not registered to speak.

i. In each instance in which a person or organization is provided an opportunity to address the city council, said person or organization may submit written testimony in support of or opposition to a particular agenda item or on a topic that could be discussed during "Citizens to be Heard" in lieu of presenting verbal testimony, provided that such written testimony is submitted by the deadlines and could otherwise be read into the record during the timeframes provided in this Code.

(2) *Regular meetings (Thursdays).* Any person wishing to address the council on one or more items on the agenda must sign the register provided by the city clerk no later than 9:00 a.m. of the day of the council meeting, indicating the item(s) the person wishes to address.

(3) *Work sessions (Wednesdays)—Citizens to be heard.* Following the work session, persons may address the city council on any topic related to city business. Any person wishing to do so must sign the register provided by the city clerk no later than 6:00 p.m. of the day of the work session, indicating the subject the person wishes to address. Online registration is available from 8:00 am to 6:00 pm on the day of the meeting.

(4) *[Ceremonial items.]* Ceremonial items will be presented at the time specified on the city council agenda.

(b) *Disturbances.* No person attending any council meeting shall delay, interrupt or disrupt the proceedings or refuse to obey the orders of the chair. Persons attending shall remain seated except the person at the floor microphone with permission of the chair.

(c) *General conduct.* Persons in attendance shall refrain from smoking or eating or drinking while in the council chamber, however, council members

and staff shall be allowed to drink beverages during council meetings. Persons in attendance shall not carry signs, placards or other items which block the view of those behind them.

(d) *Fire safety.* Citizens are welcome and invited to attend council meetings. However, the number admitted shall be limited to the fire safety capacity of the council chamber. Overflow crowds may follow the proceedings via television in adjacent facilities provided by the city.
(Ord. No. 80172, § 2, 5-12-94; Ord. No. 87687, § 1, 4-16-98; Ord. No. 93921, §§ 1, 2, 5-10-01; Ord. No. 97760, § 1, 6-12-03; Ord. No. 100280, § 1, 1-13-05; Ord. No. 101069, § 3, 6-23-05; Ord. No. 2008-08-21-0726, § 1, 8-21-08; Ord. No. 2011-01-20-0046, § 1, 1-20-11)

Sec. 2-36. Appointment of replacement council member in the event of a vacancy.

In the event of a city council member vacancy for any reason other than in the last place (mayor) which occurs more than sixty (60) days prior to the next regular city election date, city council shall follow these procedures. If the vacancy occurs sixty (60) or fewer days prior to the next regular election then the seat shall remain vacant until the next regular election.

(1) At the first scheduled city council meeting immediately following the occurrence of a council member's temporary absence due to military service or for vacancy for any reason, the city council shall accept the resignation or acknowledge the vacancy and initiate the process to fill the vacancy.

(2) The city clerk shall post notice on the city website no later than the end of the next business day and publish notice in the local newspaper as soon as possible inviting qualified residents of the district with the vacancy to submit applications, letters of interest, resumes and disclosure statements to the city clerk. The closing date for applicants to submit applications, letters of interest, resumes and disclosure statements will be ten (10) business days after publication.

(3) A council member who enters active duty in the armed forces of the United States as a result of being called to duty, drafted, or activated and for a period of longer than thirty (30) days may recommend to council the name of a person to temporarily fill the office. This person must also submit an application, a letter of interest, resume and disclosure statement to the city clerk within the ten (10) business days after publication as set out above and will be considered among the other applicants who submitted applications, letters of interest, resumes and disclosure statements.

(4) The city clerk shall review the applications, letters of interest, resumes and disclosure statements and confirm the eligibility of each applicant.

(5) At the next scheduled council "B" session, city council will review the applications, letters of interest, resumes and disclosure statements and select up to three (3) of the applicants to be interviewed at the next scheduled city council meeting.

(6) At the next scheduled council meeting and in open public meeting, city council will interview the selected applicants followed immediately by a vote to appoint the replacement ("the appointee"). In the event no candidate gets a majority vote, the city council will vote again on the two (2) candidates with the most votes.

(7) The appointee will be immediately sworn in to office and will serve until the expiration of the unexpired term, or in the event of a temporary vacancy due to military service, until the elected council member returns or the expiration of the elected council member's unexpired term, whichever is shorter.

(Ord. No. 2010-05-06-0375, § 1, 5-6-10)

Editor's note—Prior to the reenactment of section 2-36 by Ord. No. 2010-05-06-0375, Ord. No. 97760, § 1, adopted June 12, 2003, repealed § 2-36 in its entirety, which pertained to agenda requirements and derived from Ord. No. 80172, § 2, adopted May 12, 1994.

Secs. 2-37—2-40. Reserved.

ARTICLE III. CODE OF ETHICS*

DIVISION 1. DECLARATION OF POLICY

Sec. 2-41. Statement of purpose.

It is essential in a democratic system that the public has confidence in the integrity, independence, and impartiality of those who act on their behalf in government. Such confidence depends not only on the conduct of those who exercise official power, but on the availability of aid or redress to all persons on equal terms and on the accessibility and dissemination of information relating to the conduct of public affairs.

For the purpose of promoting confidence in the government of the city and enhancing the city's ability to function effectively, this code of ethics is adopted. The code of ethics establishes standards of conduct, disclosure requirements, and enforcement mechanisms relating to city officials and employees and others whose actions affect public faith in city government, such as former city officials and employees, candidates for public office, persons doing business with the city, lobbyists, and others who act on behalf of the city including temporary employees and unpaid volunteers. By prohibiting conduct incompatible with the city's best interests and minimizing the risk of any appearance of impropriety, this code of ethics furthers the legitimate interests of democracy.

Public service is a public trust. All city officials and employees are stewards of the public trust. They have a responsibility to the citizens of the city to enforce the city charter and the associated ordinances and codes. To ensure and enhance public confidence in city government, each city official and employee must not only adhere to the principles of ethical conduct set forth in this code and technical compliance therewith, but they must scrupulously avoid the appearance of impropriety at all times. This section shall not be used for the basis of an ethics complaint.

This ethics code, as well as the municipal campaign finance code, is cumulative of and supplemental to applicable state and federal laws and regulations. Compliance with the provisions of this code shall not excuse or relieve any person from any obligation imposed by state or federal law regarding ethics, financial reporting, lobbying activities, or any other issue addressed in the codes.

Even if a person subject to the codes is not prohibited from taking official action by either code, action may be prohibited by duly promulgated personnel rules, which may be more stringent.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, §1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-42. Definitions.

As used in this code of ethics, the following words and phrases have the meaning ascribed to them in this section, unless the context requires otherwise or more specific definitions set forth elsewhere in this code apply:

(a) *Acceptance.* A written or verbal indication that someone agrees; "Acceptance"

*__Editor's note—__**Ord. No. 2013-05-09-0317, § 2(Att. B), adopted May 9, 2013, amended article III in its entirety to read as herein set out. Formerly, article III, divisions 1—9, pertained to similar subject matter and derived from Ord. No. 2006-03-02-0268, § 1(Exh. A), adopted March 2, 2006; Ord. No. 2007-09-13-0973A, § 2, adopted September 13, 2007; Ord. No. 2009-06-25-0553, § 2(Att. B), adopted June 25, 2009, and Ord. No. 2009-09-17-0731B, § 1, adopted September 17, 2009.

Sections 3 and 5 of Ord. No. 2013-05-09-0317, adopted May 9, 2013, state the following: "Section 3. The amended provisions of the Ethics Code, in Section 2-84, and Section 2-94, providing for the creation of the Compliance Auditor and development of a comprehensive training program for City Officials and employees shall go into effect October 1, 2013, to correspond with the implementation of the City's FY 2014 budget.

Section 5. The remainder of this Ordinance and the amendments of the Ethics Code and Municipal Campaign Finance Code shall be effective ten days after passage. The changes in the City Code's ethics and campaign finance provisions reflected in this ordinance apply only to events taking place on or after the effective date of this ordinance. Any events occurring before the effective date of this ordinance are governed by the City Code provisions in effect on that date of that event. The prior versions of the Code are continued in effect for that purpose. The Office of the City Clerk is directed to publish notice of these amendments as required by law."

of an offer of subsequent employment or business opportunities includes legally binding contracts and all informal understandings that the parties expect to be carried out. An agreement, either by express act or by implication from conduct, to the terms of an offer so that a binding contract is formed.

(b) *Affiliated.* Entities are "affiliated" if one is the parent or subsidiary of the other or if they are subsidiaries of the same parent entities.

(c) *Affinity.* Relationship by "affinity" (by marriage) is defined in V.T.C.A., Government Code §§ 573.024 and 573.025.

(d) *Before the city.* Representation or appearance "before the city" means before the city council; before a board, commission, or other city entity; or before a city official or employee. Representation "before the city" does not include representation before a board where members of that board are not wholly appointed by the city council.

(e) *Benefit.* "Benefit" means anything reasonably regarded as pecuniary gain or pecuniary advantage, including a benefit to any other person in whose welfare the beneficiary has a direct and substantial interest.

(f) *Business days.* "Business days" means the days of the week, Monday through Friday, in which the administrative offices of the city are open for business.

(g) *Candidate.* "Candidate" means a person who knowingly and willingly takes affirmative action for the purpose of gaining nomination or election to public office or for the purpose of satisfying financial obligations incurred by the person in connection with the campaign for nomination or election. Examples of affirmative action include:

(1) The filing of a campaign treasurer appointment, except that the filing does not constitute candidacy or an announcement of candidacy for purposes of automatic resignation provisions of Article XVI, Section 65, or Article XI, Section 11, of the Texas Constitution;

(2) The filing of an application for a place on a ballot;

(3) The making of a public announcement of a definite intent to run for public office in a particular election, regardless of whether the specific office is mentioned in the announcement;

(4) Before a public announcement of intent, the making of a statement of definite intent to run for public office and the soliciting of support by letter or other mode of communication; and

(5) The soliciting or accepting of a campaign contribution or the making of a campaign expenditure.

(h) *City.* "City" means the City of San Antonio.

(i) *Code of Ethics.* "Code of Ethics," "Ethics Code," or "this code" means divisions 1 through 9 of this Article, its amendment(s) and/or enhanced definitions.

(j) *Complainant.* "Complainant" means an individual who has filed a sworn complaint with the city clerk as provided in section 2-83 (complaints).

(k) *Confidential government information.* "Confidential government information" includes all information held by the city that is not available to the public under the Texas Public Information Act and any information from a meeting closed to the public pursuant to the Texas Open Meetings Act, unless disclosure is permitted under the Open Meetings Act.

(l) *Consanguinity.* Relationship by "consanguinity" (by blood) is defined in V.T.C.A., Government Code §§ 573.022 and 573.023.

(m) *Discretionary contract.* "Discretionary contract" means any contract other than those which by law must be awarded on a

low or high qualified bid basis. Discretionary contracts do not include those contracts subject to V.T.C.A., Local Government Code § 252.022(a)(7) or those contracts not involving an exercise of judgment or choice.

(n) *Economic interest.* "Economic interest" includes, but is not limited to, legal or equitable property interests in land, chattels, and intangibles, and contractual rights having more than de minimis value. Service by a city official or employee as an officer, director, advisor, or otherwise active participant in an educational, religious, charitable, fraternal, or civic organization does not create for that city official or employee an economic interest in the property of the organization.

Ownership of an interest in a mutual or common investment fund that holds securities or other assets is not an economic interest in such securities or other assets unless the person in question participates in the management of the fund. Ownership of stock in a publicly traded corporation does not constitute ownership for purposes of this code if the employee or official owns less than ten (10) percent of the voting stock or shares of the entity and the value of the stock is less than fifteen thousand dollars ($15,000.00).

(o) *Employee.* Except as provided in section 2-52 (prohibited interests in contracts), subsection 2-58(c) (discretionary contracts), and division 7 (financial disclosure), the term "employee" or "city employee" is any person listed on the city payroll as an employee, whether part-time or full-time.

(p) *Entity.* "Entity" means a sole proprietorship, partnership, firm, corporation, holding company, joint-stock company, receivership, trust, unincorporated association, joint-venture, or any other entity recognized by law, including nonprofit entities.

(q) *Former city official or employee.* A "former city official" or "former city employee" is a person whose city duties have terminated.

(r) *Gift.* "Gift" means a voluntary transfer of property (including the payment of money) or the conferral of a benefit having pecuniary value (such as the rendition of services or the forbearance of collection on a debt), unless consideration of equal or greater value is received by the donor.

(s) *Indirect ownership.* A person "indirectly owns" an equity interest in an entity where the interest is held through a series of entities, some of which own interests in others.

(t) *Intentionally.* A person acts intentionally, or with intent, with respect to the nature of their conduct or to a result of their conduct when it is their conscious objective or desire to engage in the conduct or cause the result.

(u) *Knowingly.* A person acts knowingly, or with knowledge, with respect to the nature of their conduct or to circumstances surrounding their conduct when they are aware of the nature of their conduct or that the circumstances exist. A person acts knowingly, or with knowledge, with respect to a result of their conduct when they are aware that their conduct is reasonably certain to cause the result.

(v) *Official.* Except in division 5 (lobbyists), the term "official" or "city official" includes the following persons:

The mayor;

Members of the city council;

The city manager;

Deputy city manager;

Assistant city managers;

Assistants to the city manager;

City clerk;

Deputy city clerk;

Assistant city clerk;

Municipal court presiding judge;

Municipal court judges and magistrates;

Municipal court clerk;

Senior deputy court clerk;

Deputy court clerk;

Chief financial officer;

City attorney;

First assistant city attorney;

All department directors and assistant/deputy department directors;

Chief executive officer - Pre-K 4 SA;

Chief executive officer - Tricentennial;

Assistant to the director;

Internal auditor and all assistant internal auditors;

Information technology auditor;

Compliance auditor;

Assistant to city council;

Assistant to mayor;

Mayor chief of staff;

Fire chief;

Deputy fire chief;

District fire chief;

Police chief;

Deputy police chief;

Assistant police director;

Police captain;

Chief equity officer;

Grants administrator;

Senior executive secretary;

Executive secretary; and

Members of all boards, commissions (except the youth commission whose members are minors), committees, and other bodies created by the city council pursuant to federal or state law or city ordinance, including entities that may be advisory only in nature, who are appointed by the mayor, the city council, or who are designated in the by-laws or organization papers of the entity to serve on behalf of the city; and board members of any entity who are appointed by the mayor or city council to such board membership.

This list is updated annually by the human resources department. All updates are incorporated into this code without further action by the city council. The human resources staff shall provide the list annually to the city clerk. The city clerk shall promptly post it on the city's ethics webpage.

The term "official" has a different meaning in division 5 (lobbyists), which is defined in subsection 2-62(a) of that division. the term "officer" is defined in subsection 2-52(e)(2) (prohibited interests in contracts) and subsection 2-58(c)(2) (discretionary contracts) and is not synonymous with any use of the term "official" in this code.

(w) *Official action.* "Official action" includes:

(1) Any affirmative act (including the making of a recommendation) within the scope of, or in violation of, an official or employee's duties, and

(2) Any failure to act, if the official or employee is under a duty to act and knows that inaction is likely to affect substantially an economic interest of the official or employee or any person or entity listed in subsections 2-43(a)(2)—(9) (conflicts of interest).

(x) *Official Information.* "Official information" includes information gathered pursuant to the power or authority of city government.

(y) *Ownership.* Ownership of an interest in a mutual or common investment fund that holds securities or other assets does not constitute direct or indirect ownership of such securities or other assets unless the person in question participates in the management of the fund. Ownership of stock in a publicly traded corporation does not constitute ownership for purposes of this code if the employee or official

owns less than ten (10) percent of the voting stock or shares of the entity and the value of the stock is less than fifteen thousand dollars ($15,000.00).

(z) *Partner.* Someone who engages in an activity or undertaking with another; "partner" includes partners in general partnerships, limited partnerships, and joint ventures. One who shares or takes part with another especially in a venture with shared benefits and shared risks.

(aa) *Personally and substantially participated.* "Personally and substantially participated" means to have taken action as an official or employee through decision, approval, disapproval, recommendation, giving advice, investigation or similar action. The fact that the person had responsibility for a matter does not by itself establish that the person "personally and substantially participated" in the matter.

(bb) *Recklessly.* A person acts recklessly, or is reckless, with respect to circumstances surrounding their conduct or the result of their conduct when they are aware of but consciously disregards a substantial and unjustifiable risk that the circumstances exist or the result will occur. The risk must be of such a nature and degree that its disregard constitutes a gross deviation from the standard of care that an ordinary person would exercise under all the circumstances as viewed from the actor's standpoint.

(cc) *Representation.* "Representation" is a presentation of fact—either by words or by conduct—made to induce someone to act. "Representation" does not include appearance as a witness in litigation or other official proceedings.

(dd) *Respondent* means an individual identified in a sworn complaint to have allegedly violated the ethics code or the municipal campaign finance code of the city.

(ee) *Solicitation.* "Solicitation" of subsequent employment or business opportunities includes all forms of proposals and negotiations relating thereto.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

DIVISION 2. PRESENT CITY OFFICIALS AND EMPLOYEES

Sec. 2-43. Conflicts of interest.

(a) *Definitions.* For purposes of this rule:

(1) An *action* is likely to affect an economic interest if it is likely to have an effect on that interest that is distinguishable from its effect on members of the public in general or a substantial segment thereof; and

(2) The term *client* includes any business, financial or professional relationship to which a duty of care, confidence, trust or privilege applies.

(b) *General rule.* To avoid the appearance and risk of impropriety, a city official or employee shall not take any official action that they know is likely to affect the economic interests of:

(1) The official or employee;

(2) Their parent, child, spouse, or other family member within the second degree of consanguinity or affinity;

(3) Their outside client;

(4) A member of their household;

(5) The outside employer of the official or employee or of their parent, child (unless the child is a minor), spouse, or member of the household (unless member of household is a minor);

(6) An entity in which the official or employee knows that any of the persons listed in subsections (b)(1) or (b)(2) holds an economic interest as that term is defined in section 2-42;

(7) An entity which the official or employee knows is an affiliated or partner of an

entity in which any of the persons listed in subsections (b)(1) or (b)(2) holds an economic interest as defined in section 2-42;

(8) An entity for which the city official or employee serves as an officer or director or in any other policy making position unless they meet all of the following conditions:

a. The person, as a duty of office or job assignment, serves on such board as a representative of the city;

b. The person receives no remuneration, either directly or indirectly, for their service on such board; and

c. The primary nature of the business entity is either charitable, nonprofit, or governmental; or

(9) A person or entity with whom, within the past twelve (12) months:

a. The official or employee, or their spouse, directly or indirectly has:

1. Solicited an offer of employment for which the application is still pending;

2. Received an offer of employment which has not been rejected; or

3. Accepted an offer of employment; or

b. The official or employee, or their spouse, directly or indirectly engaged in negotiations pertaining to business opportunities, where such negotiations are pending or not terminated.

(c) *Benefits to previous employers.* A city official or employee may not, within twelve (12) months of beginning their employment or service with the city, participate in the making or awarding of a contract or any other matter benefiting a person or business entity that formerly employed the city official or employee during the previous twelve (12) months.

(d) *Recusal and disclosure.* A city official or employee whose conduct would otherwise violate subsection (b) or (c) must recuse themselves. From the time that the conflict is, or should have been recognized, they shall:

(1) Immediately refrain from further participation in the matter, including discussions with any persons likely to consider the matter; and

(2) Promptly file with the city clerk the appropriate form for disclosing the nature and extent of the prohibited conduct.

In addition:

(3) A supervised employee shall promptly bring the conflict to the attention of their supervisor who will then, if necessary, reassign responsibility for handling the matter to another person; and

(4) A member of a board shall promptly disclose the conflict to other members of the board and shall not be present during the board's discussion of, or voting on, the matter.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-44. Unfair advancement of private interests.

(a) *General rule.* A city official or employee may not use their official position to unfairly advance or impede private interests, or to grant or secure, or attempt to grant or secure, for any person (including themselves) any form of special consideration, treatment, exemption, or advantage beyond that which is lawfully available to other persons. A city official who represents to a person that they may provide an advantage to that person based on the official's position on a board or commission violates this rule.

(b) *Special rules.* The following special rules apply in addition to the general rule:

(1) *Acquisition of interest in impending matters.* A city official or employee shall not acquire an interest in, or be affected by, any contract, transaction, zoning decision, or other matter, if the official or

employee knows, or has reason to know, that the interest will be directly or indirectly affected by impending official action by the city.

(2) *Reciprocal favors.* A city official or employee may not enter into an agreement or understanding with any other person that official action by the official or employee will be rewarded or reciprocated by that person, directly or indirectly.

(3) *Appointment of relatives.* A city official or employee shall not appoint or employ or vote to appoint or employ any relative within the third degree of consanguinity or affinity or any member of their household to any office or position of employment within the city.

(4) *Supervision of relatives.* No official or employee shall be permitted to be in the line of supervision of a relative within the third degree of consanguinity or affinity or any member of their household. Department heads are responsible for enforcing this policy. If an employee, by reason of marriage, promotion, reorganization, or otherwise, is placed into the line of supervision of a relative, one of the employees will be reassigned or other appropriate arrangements will be made for supervision.

(c) *Recusal and disclosure.* A city official or employee whose conduct would otherwise violate this section shall adhere to the recusal and disclosure provisions provided in subsection 2-43(d) (conflicts of interest).

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-45. Gifts.

(a) *Definitions.*

(1) For purposes of this rule, a *person* is an "outside business associate" if both that person and the city official or employee own, with respect to the same entity:

a. Ten (10) percent or more of the voting stock or shares of the entity, or

b. Ten (10) percent or more of the fair market value of the entity.

(2) For purposes of this rule, a *"sponsor"* of an event is the person or persons primarily responsible for organizing the event or sponsoring a table or tables. A person who simply contributes money or buys tickets to an event is not considered a sponsor.

(3) A *"source"* is the individual or entity that funds an expenditure or series of expenditures. Expenditures made by multiple agents of the same source are deemed to be expenditures from a single source.

(4) An item of *"nominal value"* is an item with a fair market value of fifty dollars ($50.00) or less.

(b) *General rule.*

(1) A city official or employee shall not solicit, accept, or agree to accept any gift or benefit for themselves or their business:

a. That reasonably tends to influence or reward official conduct; or

b. That the official or employee knows or should know is being offered with the intent to influence or reward official conduct.

A city official or employee may accept a public award or reward for meritorious service of professional achievement, provided that the award or reward is reasonable in light of the occasion and it is not prohibited under V.T.C.A., Penal Code § 36.08.

(2) A city official or employee shall not solicit, accept, or agree to accept any gift or benefit, from:

a. Any individual or entity doing or seeking to do business with the city; or

b. Any registered lobbyist or public relations firm; or

c. Any person or entity seeking action or advocating on zoning or platting matters before a city body, save and except for:

1. Items received that are of nominal value; or

2. Meals or entertainment in an individual expense of fifty dollars ($50.00) or less at any occurrence, and no more than a cumulative value of five hundred dollars ($500.00) in a single calendar year from a single source.

Doing business with the city includes, but is not limited to, individuals and entities that are parties to a discretionary contract, individuals and entities that are subcontractors to a discretionary contract, and partners and/or parents and/or subsidiary business entities of any individuals and entities that are parties to a discretionary contract and individuals or entities that seek or have low-bid contracts with the city.

(3) As required under V.T.C.A., Penal Code § 36.07, a city official or employee shall not solicit, accept, or agree to accept an honorarium in consideration for services that they would not have been requested to provide but for their official position or duties.

(c) *Special applications.* Subsection (b)(2) does not include:

(1) A gift to a city official or employee relating to a special occasion, such as a wedding, anniversary, graduation, birth, illness, death, or holiday, provided that the value of the gift is fairly commensurate with the occasion and the relationship between the donor and recipient;

(2) Advancement for or reimbursement of reasonable expenses for travel in connection with official duties authorized in accordance with city policies; such payments must be disclosed in a travel report as required in section 2-76; payment for or reimbursement of expenses for travel in excess of authorized rates under city policy will be treated as a personal gift to the official or employee for any applicable reporting requirements under section 2-73, 2-74 or 2-78;

(3) A public award or reward for meritorious service or professional achievement, provided that the award or reward is reasonable in light of the occasion and it is not prohibited under V.T.C.A., Penal Code § 36.08;

(4) A loan from a lending institution made in its regular course of business on the same terms generally available to the public;

(5) A scholarship or fellowship awarded on the same terms and based on the same criteria that are applied to other applicants;

(6) Any solicitation for civic or charitable causes;

(7) Admission to an event in which the city official or employee is participating in connection with their spouse's position;

(8) Ceremonial and protocol gifts presented to city officials from a foreign government or international or multinational organization and accepted for the city;

(9) Admission to a widely attended event, such as a convention, conference, symposium, forum, panel discussion, dinner, viewing, reception or similar event, offered by the sponsor of the event, and unsolicited by the city official or employee, if attending or participating in an official capacity, including:

a. The official or employee participates in the event as a speaker or panel participant by presenting information related to matters before the city;

b. The official or employee performs a ceremonial function appropriate to that individual's position with the city; or

c. Attendance at the event is appropriate to the performance of the official duties or representative function of the official or employee;

(10) Admission to a charity event provided by the sponsor of the event, where the offer is unsolicited by the city official or employee;

(11) Admission to training or education program or other program, including meals and refreshments furnished to all attendees, if such training is related to the official or employee's official duties and the training is in the interest of the city.

(d) *Campaign contribution exception.* The general rule stated in subsection (b) does not apply to a campaign contribution made pursuant to the Texas Election Code.

(e) *Gifts to closely related persons.* A city official or employee shall take reasonable steps to persuade:

(1) A parent, spouse, child, or other relative within the second degree of consanguinity or affinity; or

(2) An outside business associate not to solicit, accept, or agree to accept any gift or benefit; or

(3) That reasonably tends to influence or reward the city official's or employee's official conduct; or

(4) That the official or employee knows or should know is being offered with the intent to influence or reward the city official's or employee's discharge of official duties.

If a city official or employee required to file a financial disclosure report under division 7 (financial disclosure) knows that a gift or benefit meeting the requirements of subsection (e)(3) or (e)(4) of this rule has been accepted and retained by a person identified in subsection (e)(1) or (e)(2) of this rule, the official or employee shall promptly file a report with the city clerk disclosing the donor, the value of the gift or benefit, the recipient, and the recipient's relationship to the official or employee filing the report.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-46. Confidential information.

(a) *Improper access.* A city official or employee shall not use their position to obtain official information about any person or entity for any purpose other than the performance of official duties.

(b) *Improper disclosure or use*. A city official or employee shall not intentionally, knowingly, or recklessly disclose any confidential information gained by reason of that official's or employee's position concerning the property, operations, policies or affairs of the city. This rule does not prohibit:

(1) Any disclosure that is no longer confidential by law; or

(2) The confidential reporting of illegal or unethical conduct to authorities designated by law.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-47. Representation of private interests.

(a) *Representation of private interests before the city by a member of the board.* A city official or employee who is a member of a board or other city body shall not represent any person, group, or entity:

(1) Before that board or body;

(2) Before city staff having responsibility for making recommendations to, or taking any action on behalf of, that board or body, unless the board or body is only advisory in nature; or

(3) Before a board or other city body which has appellate jurisdiction over the board

or body of which the city official or employee is a member, if any issue relates to the official's or employee's official duties.

(b) *Representation of private interests before the city by city officials and employees.*

(1) *General rule.* A city official or employee shall not represent for compensation any person, group, or entity, other than themselves, or their spouse or minor children, before the city. For purposes of this subsection, the term compensation means money or any other thing of value that is received, or is to be received, in return for or in connection with such representation.

(2) *Exception for board members.* The rule stated in subsection (b)(1) does not apply to a person who is classified as a city official only because they are an appointed member of a board or other city body.

(c) *Prestige of office and improper influence.* In connection with the representation of private interests before the city, a city official or employee shall not:

(1) Assert the prestige of the official's or employee's city position for the purpose of advancing private interests; or

(2) State or imply that they are able to influence city action on any basis other than the merits.

(d) *Representation in litigation adverse to the city.*

(1) *Officials and employees (other than board members).* A city official or employee, other than a person who is classified as an official only because they are an appointed member of a board or other city body, shall not represent any person, group, or entity, other than themselves, or their spouse or minor children, in any litigation to which the city is a party, if the interests of that person, group, or entity are adverse to the interests of the city.

(2) *Board members.* A person who is classified as a city official only because they are an appointed member of a board or other city body shall not represent any person, group, or entity, other than themselves, or their spouse or minor children, in any litigation to which the city is a party, if the interests of that person, group, or entity are adverse to interests of the city and the matter is substantially related to the official's duties to the city.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-48. Conflicting outside employment.

(a) *General rule.* A city official or employee shall not solicit, accept, or engage in concurrent outside employment which could reasonably be expected to impair independence of judgment in, or faithful performance of, official duties.

(b) *Special application.* The following special rule applies in addition to the general rule: A city official or employee shall not provide services to an outside employer related to the official's or employee's city duties.

(c) *Other rules.* The general rule stated above applies in addition to all other rules relating to outside employment of city officials and employees, including requirements for obtaining prior approval of outside employment as applicable.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

Sec. 2-49. Public property and resources.

A city official or employee shall not use, request, or permit the use of city facilities, personnel, equipment, or supplies or time while on city duty for private purposes (including political purposes), except:

(1) Pursuant to duly adopted city policies, or

(2) To the extent and according to the terms that those resources are lawfully available to the public.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

Sec. 2-50. Political activity.

Limitations on the political activities of city officials and employees are imposed by state law, the city charter, and city personnel rules and are

incorporated into this provision by reference. In addition, the following ethical restrictions apply:

(1) *Influencing subordinates.* A city official or employee shall not, directly or indirectly, induce or attempt to induce any city subordinate of the official or employee:

a. To participate in an election campaign, contribute to a candidate or political committee, or engage in any other political activity relating to a particular party, candidate, or issue, or

b. To refrain from engaging in any lawful political activity.

A general statement merely encouraging another person to vote does not violate this rule.

(2) *Paid campaigning.* A city official or employee shall not accept any thing of value, directly or indirectly, for political activity relating to an item pending on the ballot, if they participated in, or provided advice relating to, the exercise of discretionary authority by a city body that contributed to the development of the ballot item. Any thing of value does not include a meal or other item of nominal value the city official or employee receives in return for providing information on an item pending on the ballot.

(3) *Official vehicles.* A city official or employee shall not display or fail to remove campaign materials on any city vehicle under their control.

Limitations on the use of public property and resources for political purposes are imposed by section 2-49 (public property and resources).
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-51. Actions of others.

(a) *Violations by other persons.* A city official or employee shall not intentionally or knowingly assist or induce, or attempt to assist or induce, any person to violate any provision in this code of ethics.

(b) *Using others to engage in forbidden conduct.* A city official or employee shall not violate the provisions of this code of ethics through the acts of another.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

Sec. 2-52. Prohibited interests in contracts.

(a) *Definitions.* For purposes of enforcing section 141 of the city charter under the provisions of this section:

(1) A city *"employee"* is any employee of the city who is required to file a financial disclosure statement pursuant to subsection 2-73(a) (financial disclosure report).

(2) A city *"officer"* is:

a. The mayor or any council member;

b. A municipal court judge or magistrate; or

c. A member of any board or commission which is more than advisory in nature. The term does not include members of the board of another governmental entity even if some or all of these members are appointed by the city.

(b) *Charter provision.* The city charter in section 141 states, "no officer or employee of the city shall have a financial interest, direct or indirect, in any contract with the city, or shall be financially interested, directly or indirectly, in the sale to the city of any land, materials, supplies, or service, except on behalf of the city as an officer or employee. Any willful violation of this section shall constitute malfeasance in office, and any officer or employee guilty thereof shall thereby forfeit his office or position. Any violation of this section, with the knowledge, expressed or implied, of the person or corporation contracting with the council shall render the contract involved voidable by the city manager or the council."

(c) *Financial interest.* An officer or employee is presumed to have a prohibited "financial interest" in a contract with the city, or in the sale

to the city of land, materials, supplies, or service, if any of the following individuals or entities is a party to the contract or sale:

(1) The officer or employee;

(2) Their spouse, sibling, parent, child or other family member within the first degree of consanguinity or affinity;

(3) An entity in which the officer or employee, or their parent, child or spouse, directly or indirectly owns:

a. Ten (10) percent or more of the voting stock or shares of the entity, or

b. Ten (10) percent or more of the fair market value of the entity; or

(4) An entity of which any individual or entity listed in subsection (1), (2) or (3) is:

a. A subcontractor on a city contract;

b. A partner; or

c. A parent or subsidiary entity.

(d) The mayor and members of the city council may not have a "financial interest" in a contract with, or in the sale of any land, materials, supplies, or service to any entity to which they, either as individual city officers or as the city council, selects or nominates members of its governing body. This prohibition applies only to the individual member of the city council responsible for making the selection or nomination, if the selection or nomination does not require approval of the city council; or to each member of the city council, if the selection or nomination is made by an action of the city council.

(e) If an officer or employee has or may potentially have a presumed prohibited financial interest in a contract with the city, or in the sale to the city of land, materials, supplies or service under subsection (c), the officer or employee may apply to the ethics review board for a determination and decision on whether the officer or employee has an actual direct or indirect financial interest in that contract or transaction.

The ethics review board will make this assessment using a standard of "clear and convincing" evidence at a hearing. A request for such a determination cannot be made confidentially. The hearing must be posted seventy-two (72) hours in advance, clearly stating the officer or employee with the presumed prohibited financial interest, the contract or transaction at issue, and the individual or entity that is the party to the contract or transaction at issue.

(f) Any contract or transaction already in place at the time the individual becomes an officer or employee subject to the prohibitions in section 141 of the city charter may remain in place until the contract expires or the transaction is completed without creating a prohibited financial interest for the officer or employee.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-53. Employees of the City of San Antonio Council Aides Corporation.

(a) A member of the city council who, in the course of official duties, has direct supervisory authority over employees of the City of San Antonio Council Aides Corporation shall make reasonable efforts to ensure that the conduct of such employees is compatible with the obligations imposed on city officials and city employees by this code of ethics.

(b) Employees of the City of San Antonio Council Aides Corporation shall comply with all obligations imposed by this code of ethics on city employees, except for restrictions on political activity imposed on city employees by the city charter or the city's personnel rules under section 2-50 of this code. Employees of the City of San Antonio Council Aides Corporation, though, may not engage in political activity using city resources or during duty hours.

(c) All contracts for employees of the City of San Antonio Council Aides Corporation shall contain a provision requiring compliance with all requirements imposed by this code on city employees.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-54. Persons required to report; time to report; place to report.

(a) A city official, employee, or person subject to this ethics code who has knowledge or a reasonable belief of a violation including a self-violation, of any of the provisions of this ethics code shall report this violation as provided below within a reasonable time after the person has knowledge of a violation. A city official or employee shall not delegate to, or rely on, another person to make the report. Any city official, employee, or person subject to this ethics code who has knowledge or a reasonable belief that a violation including a self-violation, of the ethics code has been committed and intentionally fails to report such violation is subject to the penalties herein.

(b) A report made under this section shall be made to:

(1) The compliance auditor or their designee; or

(2) The ethics review board;

(c) A report shall state:

(1) The name of the city official or employee who believes that a violation of a provision of the ethics code has been or may have been committed;

(2) The identity of the person or persons who allegedly committed the violation;

(3) A statement of the facts on which the belief is made; and

(4) Any other pertinent information concerning the alleged violation.

(d) Notice of all reports shall be provided to the compliance auditor, ethics review board, and city attorney's office within two (2) business days of receipt.

(e) If the ethics review board determines a violation of the ethics code has occurred, the ethics review board may take appropriate action on the matter, including, but not limited to, recommending a waiver by the city council of the code provision(s) violated, or the filing of a complaint for a hearing by the ethics review board.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

DIVISION 3. FORMER CITY OFFICIALS AND EMPLOYEES

Sec. 2-55. Continuing confidentiality.

A former city official or employee shall not use or disclose confidential government information acquired during service as a city official or employee. This rule does not prohibit:

(a) Any disclosure that is no longer confidential by law; or

(b) The confidential reporting of illegal or unethical conduct to authorities designated by law.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

Sec. 2-56. Subsequent representation of private interests.

(a) *Representation of private interests before the city by a former board member.* A person who was a member of a board or other city body shall not represent any person, group, or entity for a period of two (2) years after the termination of their official duties:

(1) Before that board or body;

(2) Before city staff having responsibility for making recommendations to, or taking any action on behalf of, that board or body, unless the board or body is only advisory in nature; or

(3) Before a board or other city body which has appellate jurisdiction over the board or body of which the former city official or employee was a member, if any issue relates to their former duties.

(b) *Representation of private interests before the city by former city officials and employees.* A former city official or employee shall not represent for compensation any person, private group, or private entity, other than themselves, or their

spouse or minor children, before the city for a period of two (2) years after termination of their official duties. This subsection does not apply to a person who was classified as a city official only because they were an appointed member of a board or other city body. For purposes of this subsection, the term compensation means money or any other thing of value that is received, or is to be received, in return for or in connection with such representation.

(c) *Improper representation of influence.* In connection with the representation of private interests before the city, a former city official or employee shall not state or imply that they were able to influence city action on any basis other than the merits.

(d) *Representation in litigation adverse to the city.* A former city official or employee shall not, absent consent from the city, represent any person, group, or entity, other than themselves, or their spouse or minor children, in any litigation to which the city is a party, if the interests of that person, group, or entity are adverse to the interests of the city and the matter is one in which the former city official or employee personally and substantially participated prior to termination of their official duties.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-57. Prior participation in the negotiation, award or administration of contracts.

A former city official or employee shall not, within two (2) years of the termination of official duties for the city, perform work on a compensated basis relating to a discretionary city contract, if they personally and substantially participated in the negotiation, award or administration of the contract.

A former city official or employee, within two (2) years of termination of official duties, must disclose to the city clerk immediately upon knowing that they will perform work on a compensated basis relating to a discretionary city contract for which they did not personally and substantially participate in its negotiation, award or administration. This subsection does not apply to a person who was classified as a city official only because they were an appointed member of a board or other city body.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-58. Prohibited interest in discretionary contracts.

(a) *Definitions.* For purposes of this section:

(1) A *"former city employee"* is any person who, prior to termination of employee status, was required to file a financial disclosure statement pursuant to subsection 2-73(a) (financial disclosure report).

(2) A *"former city officer"* is any person who, immediately prior to termination of official duties, was:

a. The mayor or a member of city council;

b. A municipal court judge or magistrate; or

c. A member of any board or commission which is more than advisory in nature. The term does not include members of the board of another governmental entity even if some or all of these members are appointed by the city.

(3) The term "contract" means any discretionary contract other than a contract for the personal services of the former city official or employee.

(4) The term "service" means any services other than the personal services of the former official or employee.

(b) *Impermissible interest in discretionary contract or sale.* This subsection applies only to contracts or sales made on a discretionary basis, and does not apply to contracts or sales made on a competitive bid basis. Within one (1) year of the termination of official duties, a former city officer or employee shall neither have a financial interest, direct or indirect, in any discretionary contract with the city, nor have a financial interest, direct or indirect, in the sale to the city of any land, materials, supplies, or service at the

time the contract or sale is approved by city council. Any violation of this section, with the knowledge, expressed or implied, of the individual or entity contracting with the council shall render the contract involved voidable by the city manager or the council. A former city officer or employee has a prohibited "financial interest" in a discretionary contract with the city, or in the sale to the city of land, materials, supplies, or service, if any of the following individuals or entities is a party to the contract or sale:

(1) The former officer or employee;

(2) Their parent, child, or spouse;

(3) An entity in which the former officer or employee, or their parent, child or spouse, directly or indirectly owns:

a. Ten (10) percent or more of the voting stock or shares of the entity, or

b. Ten (10) percent or more of the fair market value of the entity; or

(4) An entity of which any individual or entity listed in subsection (1), (2) or (3) is:

a. A subcontractor on a city contract;

b. A partner; or

c. A parent or subsidiary entity.

(c) *Exception: Prior employment or status.* Notwithstanding subsection (a) and section 2-57 (Prior participation in negotiation, award or administration of contracts), a former city official or employee may upon leaving official duties return to employment or other status enjoyed immediately prior to commencing official city duties.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

DIVISION 4. PERSONS DOING BUSINESS WITH THE CITY

Sec. 2-59. Disclosure of parties, owners, and closely related persons.

(a) For the purpose of assisting the city in the enforcement of provisions contained in the city charter and this code of ethics, this section applies to an individual or entity seeking:

(1) A discretionary contract;

(2) A housing or retail development incentive from the city;

(3) To purchase, sell or lease real estate to or from the city or the city's Urban Renewal Agency dba Office of Urban Redevelopment San Antonio (OUR SA);

(4) A resolution of support or no objection from the city for a multi-family housing project seeking housing tax credits through the Texas Department of Housing and Community Affairs;

(5) The approval of the issuance of revenue bonds by or through the San Antonio Housing Trust Finance Corporation, the San Antonio Housing Trust Public Facility Corporation, or any other similarly-created city special purpose entity;

(6) City council appropriation of funds for an economic development incentive by or through a city created economic development corporation, public facility corporation or local government corporation; or

(7) A zoning change.

(b) An individual or entity seeking action on any matter listed above is required to disclose at the time the request, submission and/or proposal is made, but no later than seventy-two (72) hours prior to city council action on a form provided by the city:

(1) The identity of any individual who would be a party to the transaction;

(2) The identity of any entity that would be a party to the transaction and the name of:

a. Any individual or entity that would be a subcontractor to the transaction;

b. Any individual or entity that is known to be a partner or a parent entity of any individual or entity who would be a party to the transaction, or any subsidiary entity that is anticipated to be involved in the execution of the transaction; and

c. The board members, executive committee members, and officers of entities listed above; and

(3) The identity of any lobbyist, attorney or consultant employed for purposes relating to the transaction being sought by any individual or entity who would be a party to the transaction.

This form must be supplemented in the event there is any change in the information required of the individual or entity under this subsection before the transaction is the subject of council action, and no later than five (5) business days after any change about which information is required to be filed.

(c) *Disclosure of political contributions*. Any individual or entity seeking city council action on a matter listed in subsection (a) above must disclose on a form provided by the city, all political contributions within the past twenty-four (24) months made directly or indirectly to any current or former member of city council, any candidate for city council, or to any political action committee that contributes to city council elections, by any individual or entity whose identity must be disclosed under subsection (b).

Indirect contributions by an individual include, but are not limited to, contributions made by an individual's spouse, whether statutory or common-law. Indirect contributions by an entity include, but are not limited to, contributions made by the officers, owners of the entity seeking the contract, and attorneys, consultants or registered lobbyists of the entity hired or retained to assist an individual or entity in seeking a contract. Indirect contributions do not include contributions by owners of an entity who hold less than five (5) percent of the fair market value or voting stock of the entity.

Political contributions made in the preceding twenty-four (24) months to any individual who is a former councilmember must be disclosed, unless:

(1) The contributions were made in connection with a campaign or officeholder account not associated with a city office;

(2) The former officeholder has terminated the campaign treasurer appointment and filed the final campaign finance report with the city clerk at the time the contract was in the solicitation process or under consideration for approval by the city; and

(3) The former member is not or was not serving in a city office at the time the contract was in the solicitation process or under consideration for approval by the city.

(d) *Briefing papers and open records*. Briefing papers prepared for the city council concerning any of the matters listed in subsection (a) above shall reveal the information disclosed in compliance with subsections (b) and (c), and is an open record available to the public.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18, effective 1-1-19; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Editor's note—Ord. No. 2018-06-21-0491, § 1(Att. A), adopted June 21, 2018, amended § 2-59 and in so doing changed the title of said section from "Persons seeking discretionary contracts, housing and retail development incentives and the purchase, sale or lease of real estate" to "Disclosure of parties, owners, and closely related persons," as set out herein.

Sec. 2-60. Disclosure of association with city official or employee.

(a) *Definition*. For purposes of this rule, facts are "reasonably understood" to "raise a question" about the appropriateness of official action if a disinterested person would conclude that the facts, if true, require recusal or require careful consideration of whether recusal is required.

(b) *Disclosures during appearances.* A person appearing before a city board or other city body shall disclose to it any known facts which, reasonably understood, raise a question as to whether any member of the board or body would violate section 2-43 (conflicts of interest) by participating in official action relating to a matter pending before the board or body.

(c) *Disclosures in proposals.* Any individual or entity seeking a discretionary contract with the city shall disclose, on a form provided by the city, any known facts which, reasonably understood, raise a question as to whether any city official would violate section 2-43 (conflicts of interest) by participating in official action relating to the discretionary contract.

(d) *Disclosure of benefit.* If a person who requests official action on a matter knows that the requested action will confer an economic benefit on any city official or employee that is distinguishable from the effect that the action will have on members of the public in general or a substantial segment thereof, they shall disclose that fact in a signed writing to the city official, employee, or body that has been requested to act in the matter, unless the interest of the city official or employee in the matter is apparent. The disclosure shall also be made in a signed writing filed with the city clerk.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-61. Prohibited contacts during contract solicitation period.

A person or entity who seeks or applies for a city contract or any other person acting on behalf of such person or entity, is prohibited from contacting city officials and employees as defined in section 2-62 regarding such a contract after a request for proposal (RFP), request for qualification (RFQ) or other solicitation has been released. This no-contact provision shall conclude when the contract is posted as a city council "A Session" agenda item. If contact is required with city officials and employees, such contact will be done in accordance with procedures incorporated into the solicitation document. Violation of this provision by respondents or their agents may lead to disqualification of their offer from consideration.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18)

DIVISION 5. LOBBYISTS

Sec. 2-62. Definitions.

As used in division 5 (lobbyists), the following words and phrases have the meaning ascribed to them in this section, unless the context requires otherwise:

(a) *City official* means the mayor; members of the city council; municipal court judges and magistrates; the city manager; deputy city manager; city clerk; deputy city clerk; assistant city clerk; assistant city managers; assistants to the city manager; all department heads; assistant department heads; internal auditor and assistant internal auditors; compliance auditor; assistant to city council; assistants to city council, including contract personnel; assistant to mayor; assistants to the mayor, including contract personnel; executive secretaries; public utilities supervisor; members of bid committees; members of the historic and design review commission; zoning commission; and members of any board or commission that is more than advisory in nature.

(b) *Client* means any person on whose behalf lobbying is conducted. If a person engages in lobbying on that person's own behalf, whether directly or through the acts of others, the person is both a client and a lobbyist (as defined in subsection (h)). In the case of a coalition or association that employs or retains other persons to conduct lobbying activities, the client is the coalition or association and not its individual members.

(c) *Compensation* means money or any other thing of value that is received, or is to be received, in return for or in connection with lobbying services rendered, or to be rendered, including reimbursement of

expenses incurred in lobbying. "Compensation" for professional services that do not primarily require contact or advocacy with public officials does not constitute "compensation in connection with lobbying services" for purposes of this section, if contact with public officials is incidental to the primary purpose of the employment.

Compensation does not include a payment made to any individual regularly employed by a person if:

(1) The payment ordinarily would be made regardless of whether the individual engaged in lobbying activities; and

(2) Lobbying activities are not part of the individual's regular responsibilities to the person making the payment.

Compensation does not include the financial gain that a person may realize as a result of the determination of a municipal question, unless that gain is in the form of a contingent fee.

If a lobbyist engages in both lobbying activities and other activities on behalf of a person, compensation for lobbying includes all amounts received from that person, if, for the purpose of evading the obligations imposed under division 5 (lobbyists), the lobbyist has structured the receipt of compensation in a way that unreasonably minimizes the value of the lobbying activities.

Compensation which has not yet been received is considered to be received on the date that it is earned, if that date is ascertainable; otherwise, it is received on the date on which the contract or agreement for compensation is made, or on the date lobbying commences, whichever is first. Compensation does not include any amounts previously reported under section 2-66 (quarterly activity reports).

(d) *Expenditure* means a payment, distribution, loan, advance, reimbursement, deposit, or gift of money or anything of value, including a contract, promise, or agreement to make an expenditure, regardless of whether such contract, promise, or agreement is legally enforceable.

Expenditure does not include an amount paid to any individual regularly employed by a person if:

(1) The amounts paid to the individual are ordinarily paid regardless of whether the individual engages in lobbying activities; and

(2) Lobbying activities are not part of the individual's regular responsibilities to the person making the payment.

The date on which an expenditure is incurred is determined according to generally accepted accounting principles. The term "expenditure" does not include the cost of photocopying city documents, if those costs are the only expenditures made by the person in question on lobbying activities. The term "expenditure" also does not include the cost of photocopying documents, or creating other informational material by individuals who communicate with public officials to express personal opinions on behalf of themselves, their family or members of their household.

(e) *Gift* has the same meaning as in section 2-42 (definitions).

(f) *Immediate family* means a spouse and dependent children.

(g) *Knowingly* has the same meaning as in section 2-42 (definitions).

(h) *Lobbyist* means a person who engages in lobbying, whether directly or through the acts of another. If an agent or employee engages in lobbying for a principal or employer, both the agent and the principal, or the employee and the employer, are lobbyists.

(i) *Lobby* or *lobbying,* except as provided below, means any oral or written communication (including an electronic com-

munication) to a city official, made directly or indirectly by any person in an effort to influence or persuade an official to favor or oppose, recommend or not recommend, vote for or against, or take or refrain from taking action on any municipal question. The term lobby or lobbying does not include a communication:

(1) Merely requesting information or inquiring about the facts or status of any municipal question, matter, or procedure, and not attempting to influence a city official;

(2) Made by a public official or employee (including, but not limited to, an official or employee of the city) acting in their official capacity;

(3) Made by a representative of a media organization if the purpose of the communication is gathering and disseminating news and information to the public;

(4) Made in a speech, article, publication, or other material that is distributed and made available to the public, or through radio, television, cable television, or any other medium of mass communication;

(5) Made at a meeting open to the public under the Open Meetings Act;

(6) Made in the form of a written comment filed in the course of a public proceeding or any other communication that is made on the record in a public proceeding;

(7) Made in writing as a petition for official action and required to be a public record pursuant to established city procedures;

(8) Made in writing to provide information in response to an oral or written request by a city official for specific information;

(9) The content of which is compelled by law;

(10) Made in response to a public notice soliciting communications from the public and directed to the official specifically designated in the notice to receive such communications;

(11) Made on behalf of an individual with regard to that individual's employment or benefits;

(12) Made by a fact witness or expert witness at an official proceeding; or

(13) Made by a person solely on behalf of that individual, their spouse, or their minor children.

(j) *Lobbying firm* means:

(1) A self-employed lobbyist, or

(2) A person that has one or more employees who are lobbyists on behalf of a client or clients other than that person.

(k) *Municipal question* means a public policy issue of a discretionary nature pending or impending before city council or any board or commission, including, but not limited to, proposed action, or proposals for action, in the form of ordinances, resolutions, motions, recommendations, reports, regulations, policies, nominations, appointments, sanctions, and bids, including the adoption of specifications, awards, grants, or contracts.

The term "municipal question" does not include the day-to-day application, administration, or execution of existing city programs, policies, ordinances, resolutions, or practices, including matters that may be approved administratively without consideration by a board, a commission, or the city council. The term "municipal question" does include all discretionary matters before the board of adjustment, the planning commission and all advisory committees and subcommittees thereof.

(l) *Person* means an individual, corporation, association, firm, partnership, committee, club, organization, or a group of persons voluntarily acting in concert.

(m) *Registrant* means a person required to register under section 2-63 (persons required to register as lobbyists).

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-63. Persons required to register as lobbyists.

Except as provided by section 2-64 (exceptions), a person or entity who engages in lobbying must register with the city clerk if:

(1) With respect to any client, the person or entity engages in lobbying activities for compensation; or

(2) The person or entity expends monies for lobbying activities.

The terms "compensation" and "expenditure" are defined in section 2-62 (definitions).

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

Sec. 2-64. Exceptions.

The following persons and entities are not required to register under sections 2-63 and 2-65 (persons required to register as lobbyists and registration) or file an activity report under section 2-66 (quarterly activity reports):

(1) *Media outlets.* A person who owns, publishes or is employed by:

a. A newspaper;

b. Any other regularly published periodical;

c. A radio station;

d. A television station;

e. A wire service; or

f. Any other bona fide news medium that in the ordinary course of business disseminates news, opinions, or paid advertisements that directly or indirectly oppose or promote municipal questions or seek to influence official action relating thereto, if the person does not engage in other activities that require registration under division 5 (lobbyists). This subsection does not exempt the news media or a person whose relation to the news media is only incidental to a lobbying effort or if a position taken or advocated by a media outlet directly impacts, affects, or seeks to influence a municipal question in which the media outlet has a direct or indirect economic interest.

(2) *Mobilizing entity constituents and not-for-profit organizations.* A person whose only lobbying activity is to encourage or solicit the members, employees, or owners (including shareholders) of an entity by whom the person is compensated to communicate directly with one or more city officials to influence municipal questions. This exception is intended to apply to neighborhood associations and not-for-profit organizations.

(3) *Governmental entities.* Governmental entities and their officials and employees, provided the communications relate solely to subjects of governmental interest concerning the respective governmental bodies and the city.

(4) *Unknown municipal questions.* A person who neither knows nor has reason to know that a municipal question is pending at the time of contact with a city official. This subsection does not apply if the existence of a municipal question is discovered during on-going contacts with a city official and the person then engages in additional lobbying of the same official or other city officials with respect to that municipal question.

(5) *Dispute resolution.* An attorney or other person whose contact with a city official is made solely as part of resolving a dispute with the city, provided that the contact is solely with city officials who do not vote on or have final authority over any municipal question involved and so long as such an attorney complies with Rule 4.02 of the Texas Disciplinary Rules of Professional Conduct, as amended.

(6) *Compensation of registrant.* A client who would only be required to register under section 2-63 because of any expenditure to compensate a registrant, other than an employee, to lobby on a municipal question of interest to the client, provided that the compensated registrant files a registration statement or activity report for the period in question.

(7) *Agent or employee.* An agent or employee of a lobbying firm or other registrant that files a registration statement or activity report for the period in question fully disclosing all relevant information known to the agent or employee.

(8) *Individual.* An individual who engages in lobbying but who neither receives compensation nor expends monies for lobbying with respect to any client. The term "expends" does not include the cost of photocopying documents, or creating other informational material by individuals who communicate with public officials to express personal opinions on behalf of themselves, their family or members of their household.

(9) *Attorneys.* A licensed attorney who is performing an act that may be performed only by a licensed attorney.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

Sec. 2-65. Registration.

(a) *Separate registrations.* A person or entity required to register as a lobbyist under section 2-63 (persons required to register as lobbyists) must file a separate registration form for each client. A registrant who makes more than one lobbying contact for the same client shall file a single registration form covering all lobbying contacts for that client. Each registration form must be signed under oath. If the registrant is not an individual, an authorized officer or agent of the registrant shall sign the form.

(b) *Initial registration.* An initial registration form relating to a client must be filed by a person required to register under section 2-63 (persons required to register as lobbyists) within ninety (90) days after the start of lobbying activity for that client. However, in no event shall a registrant knowingly fail to register, or knowingly fail to disclose such registration to relevant city officials, prior to official city action relating to the subject matter of the lobbying activity.

(c) *Subsequent annual registration.* Except as provided in subsection (f) (termination of registration) subsequent registration forms must be filed annually in January for each client for whom a registrant previously filed, or was required to file, an initial registration form.

(d) *Consolidated registration for firms/organizations.* An individual, firm or organization that registers as a lobbyist and that employs agents or employees who engage in lobbying activity on behalf of the registrant's clients may include the agents or employees within the registrant's initial and annual registration, by identifying the agents or employees and disclosing lobbying activity as required under subsection (e) by each agent or employee.

(e) *Required disclosures.* Initial or subsequent registration shall be on a form prescribed by the city clerk and shall include, to the extent applicable:

(1) The full name, telephone number, permanent address, email address and nature of the business of:

a. The registrant;

b. The client;

c. List any other person, on whose behalf the registrant has been engaged by the client to lobby;

d. Any person, other than the client, who is known by the registrant to contribute financially to the compensation of the registrant, or which, in whole or in major part, plans, supervises, or controls the registrant's lobbying activities on behalf of the client;

e. Any lobbying firm for which the registrant is an agent or employee with respect to the client; and

f. Each employee or agent of the registrant who has acted or whom the registrant expects to act as a lobbyist on behalf of the client;

(2) A statement of all municipal questions on which the registrant or its agents or employees have lobbied for the client in the year preceding the filing of the registration or foreseeably will lobby;

(3) A list of any positions held by the registrant or its agents or employees as an official or employee of the city, as those terms are defined in section 2-42 (definitions) during the past two (2) years;

(4) If the registrant or an agent or employee is a former city official or employee, a statement that the registrant's lobbying activities have not violated and will not foreseeably violate subsections 2-56(a) or (b) or section 2-57 (former city officials and employees) of this ethics code.

(f) *Termination of registration.* A registrant shall file a notice of termination of registration with the city clerk if the registrant is no longer required to register by section 2-63 (persons required to register as lobbyists). A filing under this subsection does not relieve the registrant of reporting requirements imposed by section 2-66 (quarterly activity reports) for the reporting period in question.

(g) *Fee.* At the time of initial or subsequent annual registration with respect to a client, a registrant shall pay to the city, and the city clerk shall collect, a fee of five hundred dollars ($500.00) for the registrant and five hundred dollars ($500.00) for each agent or employee of the registrant that engages in lobbying activity on behalf of the registrant's clients. All lobbyist registration fees shall be deposited into a separate account within the general fund, which account shall be used to offset the costs of administering the city's lobbying ordinance and the costs of handling disclosure filings.

(h) *Ethics code briefing.* During the registration process, the compliance auditor shall offer a briefing to each new registrant on division 5 (lobbyists) of the ethics code and each shall be provided with information regarding the lobbyist provisions of the ethics code.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18)

Sec. 2-66. Quarterly activity reports.

(a) *Required disclosures.* Except as provided in section 2-64 (exceptions), each registrant shall file with the city clerk a separate report signed under oath concerning the registrant's lobbying activities for each client from whom, or with respect to whom, the registrant received compensation of, or expended, monies for lobbying during the prior calendar quarter.

A firm, entity, or individual that employs agents or employees who lobby on behalf of that organization's or employer's clients may file quarterly reports regarding lobbying activities on behalf of all the organization's or employer's clients, so long as all activities by agents and employees that must be disclosed pursuant to division 5 are reported on the consolidated quarterly report. When a registrant files a quarterly report disclosing the lobbying activities of its agents or employees, the registrant's agents and employees are not required to file separate quarterly reports.

The report for the preceding calendar quarter shall be filed between the first and fifteenth day of April, July, October, or January, or on the date registration on behalf of the client is required, whichever comes later. If the registrant is not an individual, an authorized officer or agent of the registrant shall sign the form. The report shall be on the form prescribed by the city clerk and shall include, with respect to the previous calendar quarter, to the extent applicable:

(1) The name of the registrant, the name of the client, and any changes or updates in the information provided in the most recent registration statement filed pursuant to section 2-65 (registration);

(2) A list of the specific issues upon which the registrant or its agents or employees engaged in lobbying activities, including, to the maximum extent practicable, a list

of specific legislative proposals and other proposed, pending, or completed official actions;

(3) A list of the city officials contacted by the registrant or its agents or employees on behalf of the client with regard to a municipal question;

(4) A list of the employees or agents of the registrant who acted as lobbyists on behalf of the client;

(5) In the case of a registrant engaged in lobbying activities on its own behalf, a good faith estimate of the total expenditures as defined in section 2-62 (definitions) that the registrant and its agents or employees incurred in connection with lobbying activities;

(6) Each gift, benefit, or expenditure greater than fifty dollars ($50.00) made to, conferred upon, or incurred on behalf of a city official or their immediate family by the registrant, or by anyone acting on behalf of the registrant, shall be itemized by date, city official, actual cost, and circumstances of the transaction;

(7) Each exchange of money, goods, services, or anything of value by the registrant, or by anyone acting on behalf of the registrant, with any entity in which the registrant knows or should know that a city official has an economic interest, or for which the city official serves as a director or officer, or in any other policy making position, if:

a. The total of such exchanges is one thousand dollars ($1,000.00) or more in a calendar quarter; and

b. The city official:

1. Has been lobbied by the registrant or its agents or employees during the calendar quarter; or

2. Serves on a board or other city body that has appellate jurisdiction over the subject matter of the lobbying.

Each exchange shall be itemized by date, entity and address, city official, amount, and nature of transaction. For purposes of this subsection, the term "exchange" does not include a routine purchase from a commercial establishment, if the city official in question is neither aware, nor likely to become aware, of the transaction; and

(8) The name and position of each city official or member of a city official's immediate family who is employed by the registrant.

(b) *Preservation of records.* Each registrant shall obtain and preserve all accounts, bills, receipts, books, papers and documents necessary to substantiate the activity reports required to be made pursuant to this section for five (5) years from the date of filing of the report containing such items. These records must be provided to the ethics review board upon request by the board.

(c) *No activity or changes*. No quarterly activity report is required if there is no activity during the preceding calendar quarter and there are no other changes to items required to be reported.

(d) *Estimates of income or expenses.* For purposes of subsections (a)(5), (a)(6), and (a)(7), required estimates of compensation or expenses shall be made to the nearest one hundred dollars ($100.00), for amounts totaling less than five thousand dollars ($5,000.00), and to the nearest one thousand dollars ($1,000.00), for amounts totaling more than five thousand dollars ($5,000.00).

(e) *Contingent fees.* A person shall disclose employment to lobby on a contingent fee basis as well as any arrangement to engage in lobbying activities on a contingent fee arrangement.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-67. Restricted activities.

(a) *False statements.* A person who lobbies or engages another person to lobby, or any other person acting on behalf of such persons, shall not

intentionally or knowingly make any false or misleading statement of fact to any city official, or, knowing a document to contain a false statement, cause a copy of such document to be received by a city official without notifying such official in writing of the truth.

(b) *Failure to correct erroneous statement*. A registrant who learns that a statement contained in a registration form or activity report filed by the registrant during the past two (2) years is false shall not fail to correct that statement by written notification to the city clerk within thirty (30) days of learning of the falsehood.

(c) *Personal obligation of city officials.* A person who lobbies or engages another person to lobby, or any other person acting on behalf of such person, shall not do any act, or refrain from doing any act, with the express purpose and intent of placing any city official under personal obligation to such lobbyist or person.

(d) *Improper influence.* A registrant shall not cause or influence the introduction of any ordinance, resolution, appeal, application, petition, nomination, or amendment thereto for the purpose of thereafter being employed as a lobbyist to secure its granting, denial, confirmation, rejection, passage, or defeat.

(e) *Use of false identification.* A person who lobbies or engages another person to lobby, or any other person acting on behalf of such person, shall not cause any communication to be sent to a city official in the name of any fictitious person or in the name of any real person, except with the consent of such real person.

(f) *Prohibited representations.* A person who lobbies or engages another person to lobby, or any other person acting on behalf of such person, shall not represent, either directly or indirectly, orally or in writing, that that person can control or obtain the vote or action of any city official.

(g) *Legislator's exclusion.* At any time within sixty (60) days of a date when the Texas Legislature is to be in session, or at any time the Texas Legislature is in session, or when the Texas Legislature sits as a Constitutional Convention, members of the Texas Legislature and their agents and employees are prohibited from lobbying as that term is defined in subsection 2-62(h) (lobbyists).

At any other time, the city strongly discourages members of the Texas Legislature and their spouses, agents and employees from lobbying before the city.

If a legislator, their spouse, agent, or employee does engage in lobbying activity during a time outside a regular session and outside the sixty (60) days before and after a regular session, and the Governor calls a special session for which the legislator had no notice at the time of the lobbying activity, this section is not violated.

(h) *Lobbying by councilmembers.* At any time within sixty (60) days of a date when the Texas Legislature is to be in session, or at any time the Texas Legislature is in session, or when the Texas Legislature sits as a Constitutional Convention, members of the city council of the city are prohibited from lobbying members of the Texas Legislature on behalf of the councilmember's private client(s) or employer. Councilmembers are not prohibited from meeting with members of the Texas Legislature on behalf of the city concerning legislation, administrative action, or any other action in their official city capacity. For the purposes of this subsection, lobbying means any oral or written communication (including an electronic communication) to a member of the legislative branch, made directly or indirectly, by a city councilmember in an effort to influence or persuade a member of the legislative branch to favor or oppose, recommend or not recommend, vote for or against, or take or refrain from taking action on any legislation or administrative action on behalf of the councilmember's private client(s) or employer.

At any other time, the city strongly discourages members of the city council and their spouses, agents and employees from lobbying before the Texas Legislature. This does not apply to lobbying on behalf of the city concerning legislation, administrative action, or any other action in their official city capacity.

If a councilmember, their spouse, agent, or employee does engage in lobbying activity during

a time outside a regular legislative session and outside the sixty (60) days before and after a regular session, and the Governor calls a special session of which the councilmember had no notice at the time of the lobbying activity, this section is not violated.

(i) *Limitations on gifts.* A person who lobbies or engages another person to lobby, or any other person acting on behalf of such persons, shall not give gifts to a city official or a city employee or their immediate family, save and except for:

(1) Items received that are of nominal value fifty dollars ($50.00) or less); or

(2) Meals in an individual expense of fifty dollars ($50.00) or less at any occurrence, and no more than a cumulative value of five hundred dollars ($500.00) in a single calendar year, from a single source, as permitted in section 2-45; or

(3) Other gifts permitted under section 2-45.

(j) *Prohibited lobbying.* A person who lobbies or engages another person to lobby, or any other person acting on behalf of such person, is prohibited from lobbying activities with city officials and employees regarding such contract after a request for proposal (RFP), a request for qualifications (RFQ) or other solicitation has been released. This no-contact provision shall conclude when the contract is posted as a city council agenda item. If contact is required with city officials and employees, such contact will be done in accordance with procedures incorporated into the solicitation document. Violation of this provision by respondents or their agent(s) may lead to disqualification of their offer from consideration.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-68. Identification of clients.

(a) *Appearances.* Each person who lobbies or engages another person to lobby appearing before the city council or an official body identified in the definition of "city official" in section 2-62 (definitions) shall orally identify themselves and the client(s) they represent upon beginning an address. Each person who lobbies or engages another person to lobby shall also disclose on appropriate sign-in sheets their identity, the identity of the client they represent, and whether they are registered as a lobbyist as required by section 2-63 (persons required to register as lobbyists).

(b) *Oral lobbying contacts.* Any person who makes an oral lobbying contact with an official shall, identify the client or clients on whose behalf the lobbying contact is made and identify themselves as a registered lobbyist.

(c) *Written lobbying contacts.* Any registrant who makes a written lobbying contact (including an electronic communication) with a city official shall identify the client(s) on whose behalf the lobbying contact is made and identify themselves as a registered lobbyist.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-69. Timeliness of filing registrations and reports.

A registration or report filed by first-class United States mail or by common or contract carrier is timely if:

(1) It is properly addressed with postage and handling charges prepaid; and

(2) It bears a post office cancellation mark or a receipt mark from a common or contract carrier indicating a time within the applicable filing period or before the applicable filing deadline, or if the person required to file furnishes satisfactory proof that it was deposited in the mail or with a common or contract carrier within that period or before that deadline.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

Sec. 2-70. Administration.

The city clerk shall:

(1) Provide guidance and assistance on the registration and reporting requirements for lobbyists and develop common standards, rules, and procedures for compliance with division 5 (lobbyists);

(2) Review for completeness and timeliness registrations and reports;

(3) Maintain filing, coding, and cross-indexing systems to carry out the purposes of division 5 (lobbyists), including:

a. A publicly available list of all registered lobbyists, lobbying firms, and their clients; and

b. Computerized systems designed to minimize the burden of filing and maximize public access to materials filed under division 5 (lobbyists);

(4) Make available for public inspection and copying at reasonable times the registrations and reports filed under division 5 (lobbyists); and

(5) Retain registrations and reports in accordance with the Local Government Records Act.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

Sec. 2-71. Constitutional rights.

Nothing in division 5 (lobbyists) shall be construed to prohibit or interfere with any person's rights guaranteed by the United States and Texas Constitutions.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

DIVISION 6. MEMBERS OF THE PUBLIC AND OTHERS*

Sec. 2-72. Forms of responsibility.

No person shall intentionally or knowingly induce, attempt to induce, conspire with, aid or assist, or attempt to aid or assist another person to engage in conduct violative of the obligations imposed by divisions 2 (present city officials and employees), 3 (former city officials and employees), 4 (persons doing business with the city), and 5 (lobbyists) of this ethics code.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

*__Note—__Division 6 applies to current and former city officials and employees, persons doing business with the city, and lobbyists, as well as to members of the public and any other person (including entities).

DIVISION 7. FINANCIAL DISCLOSURE

Sec. 2-73. Financial disclosure report.

(a) *Persons required to file disclosure form.*

(1) *City officials and designated city employees*. No later than thirty (30) days after accepting appointment or assuming the duties of office, and annually thereafter, the city officials defined in section 2-42 (definitions), police department captains, assistant chiefs, and deputy chiefs, all appointed deputy fire chiefs and appointed assistant fire chiefs, and any assistant fire chief who either works in any other division and is involved in having input to any contract, vehicle specification, or who is otherwise involved with the purchasing of any product, service, or land for the fire department, any fire inspector, plan reviewer or uniformed administrator of the fire prevention division, any uniformed personnel utilized in evaluating or purchasing equipment, vehicles or any other purchases who also have contact with contractor(s) who provide such equipment or vehicles, and any uniformed personnel utilized in providing input to any contract or composing specifications of equipment and vehicles, who also have contact with contractor(s) who provide such services, equipment or vehicles are required to file with the city clerk a complete sworn financial disclosure report.

(2) *Exception.* Candidates for city council and city officials required to file financial disclosure statements pursuant to V.T.C.A., Local Government Code ch. 145 shall file financial disclosure statements in compliance with the Local Government Code in place of filing statements required by this code of ethics. Such officials shall also complete an addendum to the statement disclosing information required by this code of ethics, but not required under the Local Government Code. The addendum shall be developed jointly by the compliance auditor and the city clerk. Deadlines for filing the financial

disclosure documents shall be governed by V.T.C.A., Local Government Code ch. 145.

(b) *Open records.* Financial disclosure reports are open records subject to the Texas Public Information Act, and shall be maintained in accordance with the Local Government Records Act.

(c) *Annual filing date.* Annual financial disclosure reports filed by city officials who are city employees and by city employees who are required to report must be received by the city clerk by midnight on the 31st day of January. Annual financial disclosure reports filed by city officials who are not city employees and who are required to report must be received by the city clerk by midnight on the 31st day of March. When the deadline falls on a Saturday or Sunday, or on an official city holiday as established by the city council, the deadline for receipt by the city clerk is extended to midnight of the next day which is not a Saturday or Sunday or official city holiday. The city clerk shall grant an extension of time in which to file a report upon written request submitted in advance of the deadline. The extension shall not exceed ten (10) business days.

Unforeseen circumstances. In the event of an unforeseen circumstance, including, but not limited to, military service or acute illness or leave without pay under the Family Medical Leave Act, the deadline for receipt by the city clerk is extended until such time as the city official or employee resumes their city duties.

(d) *Reporting periods.* Each initial or annual financial disclosure report filed by an individual designated in subsections 2-73(a)(1) and 2-73(a)(2) shall disclose information relating to the prior calendar year, as well as any material changes in that information which occurred between the end of the prior calendar year and the date of filing.

(e) *City clerk.* The city clerk shall:

(1) Prior to January 15 of each year, notify city officials who are city employees and employees specified in subsection (a)(1) of their obligation to file financial disclosure reports and provide forms to be completed; prior to February 15 of each year, notify city officials who are not city employees of their obligation to file financial disclosure reports and provide the forms to be completed; and shall notify city officials as defined by V.T.C.A., Local Government Code ch. 145 of their obligation to file financial disclosure reports and provide the forms to be completed in accordance with that chapter;

(2) Provide forms to all new city council appointees and those filing for elective office, and advise them of reporting requirements and deadlines in accordance with V.T.C.A., Local Government Code ch. 145;

(3) Provide guidance and assistance on the reporting requirements for persons required to file financial disclosure reports and develop common standards, rules, and procedures for compliance with division 7 (financial disclosure);

(4) Review reports for completeness and timeliness;

(5) Maintain filing, coding, and cross-indexing systems to carry out the purpose of division 7 (financial disclosure), including:

a. A publicly available list of all persons required to file; and

b. Computerized systems designed to minimize the burden of filing and maximize public access to materials filed under division 7 (financial disclosure);

(6) Make available for public inspection and copying at reasonable times the reports filed under division 7 (financial disclosure);

(7) Upon determining that a city official who is not a city employee who is required to file a financial disclosure report has failed to do so or has filed incomplete or unresponsive information, notify the individual by certified mail that failure to file or correct the filing within ten (10) business days after the original deadline

constitutes an automatic resignation. At the same time, the city clerk shall provide to the city council a list of the names of those who have not filed and to whom this notification is being sent. If a city official who is not a city employee fails to file a completed report within ten (10) business days from the original deadline, the position shall be considered vacant, and a new appointment shall be made by the city council; and

(8) Upon determining that the mayor, a member of city council, a candidate for city council, the city manager, or a municipal court judge or magistrate has failed to timely file a financial disclosure report, or has filed incomplete or unresponsive information, notify the individual by certified mail that failure to file or correct the filing within ten (10) business days after the original deadline will result in the matter being forwarded to the ethics review board. If the person in question fails to file a completed report within ten (10) business days of the original deadline, a report of non-compliance shall be forwarded to the ethics review board for appropriate action.

(9) Upon determining that a person other than as provided in subsection (7) or (8) above, has failed to timely file a financial disclosure report, or has filed incomplete or unresponsive information, notify the individual by certified mail that failure to file or correct the filing within ten (10) business days after the original deadline will result in the matter being forwarded to the city manager. If the person in question fails to file a completed report within ten (10) business days of the original deadline, a report of non-compliance shall be forwarded to the city manager for appropriate action.

The failure of the city clerk to provide any notification required by this section does not bar appropriate remedial action, but may be considered on the issue of culpability.

(f) *Exception.* A city official who is a member of a board or commission created pursuant to federal or state law may only be removed for failing to file a financial disclosure form if allowed under federal or state law.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-74. Contents of financial disclosure reports.

Each initial or annual financial disclosure report shall disclose, on a form provided by the city clerk, the following information:

(a) The reporting party's name;

(b) The reporting party's employer;

(c) The name of any entity (including self-employment in the form of a sole proprietorship under a personal or assumed name) in which the reporting party or their spouse holds an economic interest;

(d) The name of any entity which the reporting party knows is a partner, or a parent or subsidiary entity, of an entity owned by, operated by, or managed by the reporting party or their spouse;

(e) The name of any person or entity from whom the reporting party or their spouse, directly or indirectly:

(1) Has received and not rejected an unsolicited offer of subsequent employment; or

(2) Has accepted an offer of subsequent employment which is binding or expected by the parties to be carried out;

(f) The name of each nonprofit entity or other entity in which the reporting party serves as an officer or director, or in any other policy making position;

(g) The name of each entity which has sought city business, has a current city contract or anticipates seeking city business in

which the reporting party, the reporting party's parent, child or spouse is known to directly or indirectly own:

(1) Ten (10) percent or more of the voting stock or shares of the entity, or

(2) Ten (10) percent or more of the fair market value of the entity;

(h) The name of any entity of which the reporting party, or the reporting party's parent, child or spouse, or entity disclosed is known to be:

(1) A subcontractor on a city contract;

(2) A partner; or

(3) A parent or subsidiary entity.

(i) The name of each source of income, other than dividends or interest, amounting to more than five thousand dollars ($5,000.00) received during the reporting period by the reporting party or their spouse, unless that source has been disclosed under subsections (b) through (h);

(j) The identification by street address, or legal or lot-and-block description, of all real property located in the State of Texas in which the reporting party or their spouse has a leasehold interest, a contractual right to purchase, or an interest as: fee simple owner; beneficial owner; partnership owner; joint owner with an individual or corporation; or owner of more than twenty-five (25) percent of a corporation that has title to real property. There is no requirement to list any property:

(1) Used as a personal residence of a peace officer;

(2) Over which the reporting party has no decision power concerning acquisitions or sale; or

(3) Held through a real estate investment trust, mutual fund, or similar entity, unless the reporting party or their spouse participates in the management thereof;

(k) The name of persons or entities to whom the reporting party or spouse owes an unsecured debt of more than five thousand dollars ($5,000.00), except debts for:

(1) Money borrowed from a family member from their own resources; and

(2) Revolving charge accounts.

(l) The name of each person, business entity, or other organization from whom the reporting party, or their spouse, received a gift with an estimated fair market value in excess of one hundred dollars ($100.00) during the reporting period and the estimated fair market value of each gift. Excluded from this requirement are:

(1) Lawful campaign contributions which are reported as required by state statute or local ordinance;

(2) Gifts received from family members within the second degree of affinity or consanguinity;

(3) Gifts from an individual based on personal friendship who during the preceding three (3) calendar years: a) has not done or sought to do business with the city; b) has not sought city action on any issue before the city council or any city board or commission; c) is not associated with any business or entity that has done or sought to do business with the city; and d) is not associated with any business or entity that has sought city action on any issue before the city council or a city board or commission.

(4) Gifts received among and between fellow city employees and city officials;

(5) Admission to events in which the reporting party participated in connection with official duties;

(6) Payment of or reimbursement of travel and accommodations expenses accepted in connection with official

duties which have been reported under section 2-76 (travel reporting requirements); payment for or reimbursement of expenses for travel in excess of authorized rates under city policy are gifts subject to the reporting requirements under this section.

(m) The name of any person related as parent, child, or spouse to the reporting party and their employer; and

(n) The name of any member of the reporting party's household not disclosed in subsection (m) above.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-75. Short form annual report.

A person who is required to file an annual financial disclosure report may fulfill their filing obligations by submitting a short sworn statement on a form provided by the city clerk, if there have been few or no changes in the information disclosed by that person in a complete financial disclosure report filed within the past five (5) years. The short statement shall indicate the date of the person's most recently filed complete financial disclosure report and shall state that there have been no material changes in that information or shall list any material changes that have occurred.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-76. Travel reporting requirements.

(a) City-related travel. Any city official or employee who, in connection with their official duties, accepts a trip or excursion involving the gratuitous provision of transportation, accommodations, entertainment, meals, or refreshments paid for by a person or entity other than a public agency must file with the city clerk, within ten (10) business days of return from the travel, a disclosure statement identifying:

(1) The name of the sponsor;

(2) The places visited;

(3) The purpose and dates of the travel; and

(4) The amount of the expenses incurred.

(b) Acceptance of a trip or excursion by municipal court judges and magistrates, city manager, deputy city manager, city clerk, assistant city managers, assistants to the city manager, and all department heads, assistant department heads, and employees in positions listed on the executive pay plan (job class 1000 through 1999) must receive prior written approval of the city manager or mayor as appropriate. Other personnel must receive written approval by their department director. Boards and commissions members must receive approval by a vote of their board or commission.

(c) Non-city travel. Any city official or employee required to file a financial disclosure report (section 2-73), who accepts a trip or excursion involving the gratuitous provision of transportation, accommodations, entertainment, meals, or refreshments paid for by a person or entity other than a public agency must file with the city clerk, within ten (10) business days of return from the travel, a disclosure statement identifying:

(1) The name of the sponsor;

(2) The places visited;

(3) The purpose and dates of the travel; and

(4) The amount of the expenses incurred.

(d) The exceptions contained in subsection 2-74(l) apply to the reporting requirements of subsection (c), above.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-77. Items received on behalf of the city.

A city official or employee who accepts any item by way of gift valued over one hundred dollars ($100.00) or loan on behalf of the city

must promptly report that fact to the city manager, who shall have the item appropriately inventoried as city property.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

Sec. 2-78. Other persons required to report gifts.

In addition to the gift reporting requirements imposed by the financial disclosure rules stated in subsection 2-74(l) (contents of financial disclosure reports), other city employees specified on a list compiled annually by the human resources department (or its successor department) and submitted to the city clerk, and contract administrative assistants to members of city council are also required to file an annual report on or before the 31st day of January of each year showing the source of a gift received during the previous year with a value of over one hundred dollars ($100.00). Excluded from this requirement are:

(1) Lawful campaign contributions which are reported as required by state statute;

(2) Gifts received from family members within the second degree of affinity or consanguinity;

(3) Gifts from an individual based on personal friendship who during the preceding three (3) calendar years:

a. Has not done or sought to do business with the city;

b. Has not sought city action on any issue before the city council or any city board or commission;

c. Is not associated with any business or entity that has done or sought to do business with the city; and

d. Is not associated with any business or entity that has sought city action on any issue before the city council or a city board or commission.

(4) Gifts received among and between fellow city employees and city officials;

(5) Admission to events in which the reporting party participated in connection with official duties;

(6) Payment of or reimbursement of travel and accommodations expenses accepted in connection with official duties which have been reported under section 2-76 (travel reporting requirements); payment for or reimbursement of expenses for travel in excess of authorized rates under city policy are gifts subject to the reporting requirements under this section.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

Sec. 2-79. Violation of reporting requirements.

Failure to timely file a report required by this ethics code is a violation hereof, as is the knowingly filing of a report with incorrect, misleading, or incomplete information. If an individual inadvertently files an incorrect, misleading, or incomplete report, it is their responsibility to file an amended report as soon as possible, though no later than ten (10) business days after notification or learning of the error.

To file a late or amended report, the person shall use the required report form provided by the city clerk and mark in the appropriate box whether the report is late-filed or an amended report.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

DIVISION 8. ETHICS REVIEW BOARD

Sec. 2-80. Definitions.

As used in division 8 (ethics review board), the term "ethics laws" includes this code of ethics, codified as chapter 2, article III, divisions 1—7 of the city code, section 141 of the city charter, and V.T.C.A., Local Government Code ch. 171. The term "ethical violation" includes violations of any of those enactments. Other terms used in division 8 (ethics review board) are defined in section 2-42 (definitions).

The term "Municipal Campaign Finance Code" refers to the Code of Municipal Campaign Finance Regulations, codified as chapter 2, article VII of the city code.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

Sec. 2-81. Structure of the Ethics Review Board.

(a) In accordance with article XIII of the city charter, the independent ethics review board has the powers and duties specified in article XIII of the city charter, chapter 2, article III (ethics code), and chapter 2, article VII (municipal campaign finance code), and other powers and duties prescribed by ordinance.

(b) *Composition.* The ethics review board shall consist of eleven (11) members. The mayor and each member of the city council shall nominate one (1) member of the board. Each nominee must be confirmed by a majority of city council members.

(c) *Terms of office.* Initial board appointments shall be made so that terms are staggered, with six (6) members to serve an initial term of two (2) years and five (5) members to serve an initial term of three (3) years, determined after appointment by lottery. Subsequent appointments shall be for a term of two (2) years beginning on the day after the expiration of the preceding full term. No member of the board shall serve for more than three (3) full terms.

(d) *Qualifications.* Members of the board shall have good moral character and shall be residents of the city. No member of the board shall be:

(1) A salaried city official or employee;

(2) An elected public official;

(3) A candidate for elected public office;

(4) An officer of a political party;

(5) A campaign treasurer, campaign manager, officer or other policy or decision-maker for the campaign of any candidate for elected public office;

(6) A campaign treasurer, campaign manager, officer or other policy or decision-maker for any political action committee as defined in the Texas Election Code;

(7) A member of any city board or commission other than the ethics review board;

(8) A member of any city board or commission for which the position is appointed by city council; or

(9) A lobbyist required to register under division 5 (lobbyists).

Further, no member of the ethics review board shall have any convictions for a felony or a crime of moral turpitude or shall have been found in violation of any provision of the ethics code. The San Antonio Police Department will conduct a criminal background check through the NCIC system for each applicant to the board.

The city council shall support the inclusion of at least one (1) attorney and one (1) individual with expertise in finance or accounting within the membership of the ethics review board.

(e) *Removal.* Members of the ethics review board may be removed from office for cause by a majority of the city council only after a public hearing at which the member was provided with the opportunity to be heard. Grounds for removal include: failure to satisfy, or to continue to satisfy, the qualifications set forth in subsection (d); substantial neglect of duty; gross misconduct in office; inability to discharge the powers or duties of office; or violation of any provision in this code of ethics or a conviction of a felony or crime of moral turpitude.

(f) *Vacancies.* The city council shall fill any vacancy on the board by a person who will serve the remainder of the unexpired term. The nomination to fill a vacancy shall be made by the member of city council (or their successor) who had nominated the person whose successor is to be selected to fill the vacancy.

(g) *Recusal.* A member of the ethics review board shall recuse themselves from any case in which, because of familial relationship, employment, investments, or otherwise, their impartiality might reasonably be questioned. A board member may not participate in official action on any complaint:

(1) That the member initiated;

(2) That involves the member of city council who nominated him or her for a seat on the ethics review board; or

(3) During the pendency of an indictment or information charging the member with

any felony or misdemeanor offense, or after a finding of guilt of such an offense.

If the number of board members who are recused from a case is so large that an ethics review board cannot be convened to consider the complaint, the mayor shall nominate a sufficient number of ad hoc members so that the case can be heard. Ad hoc members of the ethics review board must be confirmed by a majority vote of the city council and serve only for the case in question.

(h) *Chair and vice-chair.* Each year, the board shall meet and elect a chair and a vice-chair from among its members, who will serve one-year terms and may be re-elected. The chair or a majority of the board may call a meeting of the board. The chair shall preside at meetings of the ethics review board and perform other administrative duties. The vice-chair shall assume the duties of the chair in the event of a vacancy in that position.

(i) *Panels.* Each year, at the time of the election of a chair and vice-chair, the chair will also make panel assignments. In the event of vacancies or absences, the chair may make reassignments as needed so that each panel has no fewer than three (3) members of the board.

(j) *Reimbursement.* The members of the ethics review board shall not be compensated but shall be reimbursed for reasonable expenses incurred in the performance of their official duties.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-82. Jurisdiction and powers.

(a) Jurisdiction. The ethics review board has jurisdiction to investigate and make findings and conclusions concerning:

(1) An alleged violation of the ethics code enacted from time to time by ordinance;

(2) An alleged violation of regulations governing lobbying enacted from time to time by ordinance;

(3) An alleged violation of local campaign finance regulations enacted from time to time by ordinance; and

(4) An alleged violation of section 141 of the city charter, provided, however, that the ethics review board has no jurisdiction to find or conclude that a city officer or employee has forfeited their office or position.

(b) The ethics review board shall not consider any alleged violation:

(1) That occurred more than two (2) years prior to the date of the filing of the complaint; or

(2) Of sections 2-306 and 2-307 of the municipal campaign finance code if the required statement or report was filed or amended within the ten (10) business-day period provided.

(c) The ethics review board has the discretion to accept or decline consideration of any alleged violation that has been resolved, including by, but not limited to the city manager, or by a governmental agency or board with jurisdiction over the matter.

(d) Termination of city official's or employee's duties. The termination of a city official's or employee's duties does not affect the jurisdiction of the ethics review board with respect to alleged violations occurring prior to the termination of official duties.

(e) Powers. The ethics review board has the power:

(1) To establish, amend, and rescind rules and procedures governing its own internal organization and operations, consistent with ordinances pertaining to the ethics code, including lobbying regulations, and the municipal campaign finance code;

(2) To meet as often as necessary to fulfill its responsibilities;

(3) To designate panels with the power to render decisions on complaints or issue advisory opinions on behalf of the board;

(4) To request from the city manager the assignment of staff necessary to carry out its duties;

(5) To review, index, maintain on file, and dispose of sworn complaints;

(6) To make notifications, extend deadlines, and conduct investigations, both on referral or complaint;

(7) To compel the production of sworn testimony, witnesses and evidence;

(8) To recommend cases for prosecution by appropriate authorities and agencies;

(9) To enforce its decisions by assessing civil fines and other sanctions authorized by ordinance;

(10) To request the city attorney to provide an independent counsel to advise and represent the board, when appropriate or necessary to avoid a conflict of interest;

(11) To provide assistance in the training and education of city officials and employees with respect to their ethical responsibilities;

(12) To prepare an annual report and to recommend to the city council needed or desirable changes in ordinances under its jurisdiction;

(13) To exercise such other powers and duties as may be established by ordinance.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-83. Complaints.

(a) Filing. Any person (including a member of the ethics review board or its staff, acting personally or on behalf of the board) who believes that there has been a violation of the ethics laws or the municipal campaign finance code may file a sworn complaint with the city clerk to allege such violations.

A complaint filed in good faith is qualifiedly privileged. A person who knowingly makes a false statement in a complaint, or in proceedings before the ethics review board, is subject to criminal prosecution for perjury (see subsection 2-87(g) (criminal prosecution)) or civil liability for the tort of abuse of process.

(b) Assistance. The city clerk shall provide information to persons who inquire about the process for filing a complaint.

(c) Form. A complaint filed under this section must be in writing and under oath and must set forth in simple, concise, and direct statements:

(1) The name of the complainant;

(2) The street or mailing address and the telephone number of the complainant;

(3) The name of each person complained about;

(4) The position or title of each person complained about;

(5) The nature of the alleged violation, including, if possible, the specific provision of the ethics code or municipal campaign finance code alleged to have been violated;

(6) A statement of the facts constituting the alleged violation and the dates on which or period of time in which the alleged violation occurred; and

(7) All documents or other material available to the complainant that are relevant to the allegation; a list of all documents or other material relevant to the allegation and available to the complainant but that are not in the possession of the complainant, including the location of the documents, if known; and a list of all documents or other material relevant to the allegation but unavailable to the complainant, including the location of the documents, if known.

The complaint must be accompanied by an affidavit stating that the information contained in the complaint is either true and correct or that the complainant has good reason to believe and does believe that the facts alleged constitute a violation of the ethics code or the municipal campaign finance code. If the complaint is based on information and belief, the complaint shall state the source and basis of the information and belief. The complainant shall swear to the facts

by oath before a notary public or other person authorized by law to administer oaths under penalty of perjury. A complaint that is not sworn as required shall not be forwarded by the city clerk to the compliance auditor as provided in subsection (d), but shall be returned to the complainant.

The complaint must state on its face an allegation that, if true, constitutes a violation of a law administered and enforced by the board.

(d) Review by the compliance auditor and notification to the ethics review board and respondents.

(1) A copy of a complaint shall be promptly forwarded by the city clerk to the chair and vice chair of ERB, compliance auditor and city attorney's office who shall each independently review the complaint for compliance with the filing requirements of subsection (c) within five (5) business days of receipt from the city clerk. The city clerk shall notify the respondent(s) of a complaint filed. this notification is for information purposes only and does not trigger subsection (e) until a decision has been made to accept the complaint and forward to the full ERB for consideration.

(2) If the complaint alleges a violation of section 2-306 or section 2-307 of the municipal campaign finance code, the complaint shall be forwarded by the city clerk to the respondent within five (5) business days of receipt by the compliance auditor. As set out in subsection 2-82(b)(2), the timely filing of the campaign bank account statement or the amended report, as verified by the city clerk, shall not be considered a violation. The city clerk shall notify the complainant of the filing of the statement or the amended report by first class mail.

(3) If the complaint alleges a violation of the ethics code, and substantially complies with the filing requirements, the complaint shall be forwarded by the city clerk to the members of the ethics review board and the respondents within ten (10) business days after receipt of the complaint from city clerk. If the complaint does not substantially comply with the filing requirements, the compliance auditor shall return the complaint to the complainant with a letter explaining the defects in the complaint.

(4) The city clerk shall notify the respondent(s) of the resolution of a complaint.

(e) The respondent(s) shall also be provided with a copy of the ethics code and shall be informed:

(1) That, within ten (10) business days of receipt of the complaint, they may file a sworn response with the city clerk;

(2) That failure to file a response does not preclude the ethics review board from adjudicating the complaint;

(3) That a copy of any response filed by the respondent(s) will be provided by the city clerk to the complainant, who may, within five (5) business days of receipt, respond by sworn writing filed with the city clerk, a copy of which shall be provided by the city clerk to the respondent(s);

(4) That the complainant(s) or respondent(s) may request a hearing; and;

(5) That city officials and employees have a duty to cooperate with the ethics review board.

Upon receipt, the city clerk shall forward the response to the compliance auditor, city attorney's office, and the ethics review board.

(f) Frivolous complaint.

(1) For purposes of this section, a "frivolous complaint" is a sworn complaint that is groundless and brought in bad faith or groundless and brought for the purpose of harassment.

(2) By a vote of at least two-thirds (⅔) of those present, the board may order a complainant to show cause why the board

should not determine that the complaint filed by the complainant against a respondent is a frivolous complaint.

(3) In deciding if a complaint is frivolous, the board will be guided by the Texas Rules of Civil Procedure, Rule 13, and interpretations of that rule, and may also consider:

a. The timing of the sworn complaint with respect to when the facts supporting the alleged violation became known or should have become known to the complainant, and with respect to the date of any pending election in which the respondent is a candidate or is involved with a candidacy, if any;

b. The nature and type of any publicity surrounding the filing of the sworn complaint, and the degree of participation by the complainant in publicizing the fact that a sworn complaint was filed with the board;

c. The existence and nature of any relationship between the respondent and the complainant before the complaint was filed;

d. If respondent is a candidate for election to office, the existence and nature of any relationship between the complainant and any candidate or group opposing the respondent;

e. Any evidence that the complainant knew or reasonably should have known that the allegations in the complaint were groundless; and

f. Any evidence of the complainant's motives in filing the complaint.

(4) Notice of an order to show cause shall be given to the complainant, with a copy to the respondent, and shall include:

a. An explanation of why the complaint against a respondent appears to be frivolous; and

b. The date, time, and place of the hearing to be held under this section.

(5) Before making a determination that a sworn complaint against a respondent is a frivolous complaint, the board shall hold a hearing at which the complainant may be heard; the complainant may be accompanied by counsel retained by the complainant.

(6) By a record vote of at least two-thirds (⅔) of those present after the hearing under subsection (5) of this section, the board may determine that a complainant filed a frivolous complaint against a respondent and may recommend sanctions against that complainant.

(g) Sanctions for filing frivolous complaints.

(1) Before imposing a sanction for filing a frivolous complaint, the board shall consider the following factors:

a. The seriousness of the violation, including the nature, circumstances, consequences, extent, and gravity of the violation;

b. The sanction necessary to deter future violations; and

c. Any other matters that justice may require.

(2) The Board may impose the following sanctions:

a. A civil penalty of not more than five hundred dollars ($500.00);

b. Imposition of attorneys' fees incurred by the respondent of the frivolous complaint;

c. Any other sanction permitted by law.

(3) The board may notify the appropriate regulatory or supervisory agency for their appropriate action. This may include a referral to a criminal investigation agency or prosecution entity for investigation of perjury.

(h) Confidentiality. Ex parte communications by members of the ethics review board are prohibited by subsection 2-85(e) (ex parte communications).

(1) The board and its staff shall not communicate any information about a pending sworn complaint, including whether or not a complaint has been filed, to any person other than the respondent, the complainant, and a witness or potential witness identified by the respondent, the complainant, or another witness or potential witness.

(2) Information otherwise confidential under this section may be disclosed by entering it into the record of a formal hearing or ethics review board proceeding.

(3) Requests for records pertaining to complaints shall be responded to in compliance with the Texas Public Information Act and the Texas Open Meetings Act.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-84. Compliance auditor and city attorney's office.

(a) Compliance auditor. The compliance auditor shall be selected by the ethics review board and appointed by the city internal auditor. The compliance auditor may be removed from office for cause by the city internal auditor only after consultation with the ethics review board.

(b) The compliance auditor shall perform the following duties:

(1) Receive complaints and responses filed with the city clerk as set forth in section 2-83;

(2) Investigate, marshal, and present to the ethics review board the evidence bearing upon a complaint;

(3) In consultation with city council, the city manager, the ethics review board, human resources department, and the city attorney's office, develop and implement a comprehensive training program for the officials and employees of the city on the provisions of this code of ethics, section 141 of the city charter, and V.T.C.A., Local Government Code ch. 171;

(4) Review complaints for sufficiency;

(5) Recommend acceptance or rejection of complaint made to the ethics review board;

(6) Request additional information from complainant as needed; and

(7) Support the reasonable requests of the ERB.

(c) City attorney's office. The city attorney's office shall perform the following duties:

(1) Act as legal counsel to the compliance auditor and the ethics review board;

(2) Upon request by the compliance auditor, review complaints for legal sufficiency; and

(3) Issue advisory opinions to city officials and employees about the requirements imposed by the ethics laws.

(d) Independent compliance auditor and independent counsel.

(1) An independent attorney, who does not otherwise represent the city, shall be appointed to serve as the independent compliance auditor and counsel when a complaint is filed relating to an alleged violation of the ethics laws by the mayor, a member of the city council, or a candidate for city council.

(2) When a complaint is filed relating to an alleged violation of the ethics laws by a city employee who is a department head or of higher rank, the compliance auditor may recommend the appointment of an independent compliance auditor to serve as compliance auditor for that matter. The city attorney may also recommend the appointment of an independent counsel for that matter.

(3) The city attorney or ethics review board may request the appointment of an independent counsel for a particular case.

(e) Exculpatory evidence. The compliance auditor shall disclose to the ethics review board and provide to the person charged with violating the ethics or municipal campaign finance laws evidence known to the compliance auditor tending to negate guilt or mitigate the seriousness of the offense.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18)

Sec. 2-85. Ethics panels and the ethics review board.

(a) Assignment to an ethics panel. The chairperson of the ethics review board may appoint a panel to conduct a preliminary review of an ethics complaint or request for advisory opinion. The panel may present its recommendations for consideration by the board in its entirety. The chair may also designate a panel with the power to render decisions on complaints or issue advisory opinions on behalf of the board. Panels appointed to dispose of complaints or issue advisory opinions must act in accordance with the Open Meetings Act.

(b) Review by ethics review board. The ethics review board will meet to review the complaint, responses, replies to responses and any other information it has requested be provided to assist in consideration of the complaint. The board shall consider whether the facts of the case establish a violation of any provision in the ethics laws, regardless of which provisions, if any, were identified in the complaint as having been allegedly violated. If the board finds that the complaint fails to allege a violation of the ethics code when assuming all facts set forth in the complaint to be true, the board may dismiss the complaint without further proceedings.

(c) Before the board may find that a violation of a particular rule, the respondent must be on notice that compliance with that rule is in issue and must have an opportunity to respond. Notice is conclusively established: if the complaint alleged that the rule was violated; or if the board or the city clerk provides the respondent with written notice of the alleged violation and a ten (10) business-day period within which to respond in writing to the charge.

(d) Scheduling of a hearing. Regardless of whether the complainant or the respondent requests a hearing, the ethics review board has discretion to decide whether to hold a hearing.

(e) Ex parte communications. It is a violation of this code:

(1) For the complainant, the respondent, or any person acting on their behalf to engage or attempt to engage, directly or indirectly, in ex parte communication about the subject matter of a complaint with a member of the ethics review board, or any known witness to the complaint; or

(2) For a member of the ethics review board to:

a. Knowingly entertain an ex parte communication prohibited by subsection (1) of this rule; or

b. Communicate directly or indirectly with any person, other than a member of the ethics review board, its staff, city attorney's office, or the compliance auditor, about any issue of fact or law relating to the complaint.

(f) Duty to cooperate. All city officials and employees shall cooperate with the ethics review board and shall supply requested testimony or evidence to assist it in carrying out its charge. Failure to abide by the obligations imposed by this subsection is a violation of this code of ethics.

(g) Extension of deadlines.

(1) A complainant or respondent who fails to meet a deadline to submit a filing with the ethics review board may file a request to accept the late filing. The complainant or respondent must include within the request a statement of good cause for the board to grant the request. The board may grant a request to accept a late filing for good cause. Any extension given to a respondent pursuant to their request shall extend the deadline for the board to issue a decision under section 2-87 by the amount of time granted.

(2) The board, under its own initiative or at the request of a respondent, may defer consideration of a complaint if the respondent is under investigation by any agency for the activity comprising the subject matter of the complaint, until such time as the investigation has concluded.

(h) Timeliness of notices or submissions. When the ethics code or municipal campaign finance code requires a notice or other document to be submitted or otherwise given to a person or to the ethics review board, the requirement is met in a timely fashion if the document is sent to the person or the board by first-class mail or certified mail addressed with postage or handling charges prepaid and it bears a post office cancellation mark indicating a date within the time required to provide notice or to submit a document, unless another method of submission is expressly required.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-86. Hearings.

At any hearing held by the ethics review board during the investigation or disposition of a complaint, the following rules apply:

(1) *General rules.* All witnesses must be sworn and all questioning of witnesses shall be conducted by the members of the ethics review board, city attorney's office, or the compliance auditor. The ethics review board may establish time limits and other rules relating to the participation of any person in the hearing. No person may be held to have violated the ethics laws or the municipal campaign finance code unless a majority of the ethics review board so finds by a preponderance of the evidence.

(2) *Evidence.* The ethics review board shall rely on evidence of which a reasonably prudent person commonly relies in the conduct of the person's affairs. The board shall further abide by the following:

a. The board shall hear evidence relevant to the allegations; and

b. The board shall not consider hearsay unless it finds the nature of the information is reliable and useful.

(3) *The person charged (respondent).* The person charged in the complaint has the right to attend the hearing, the right to make a statement, the right to present witnesses, and the right to be accompanied by legal counsel or another advisor. Only legal counsel to the person charged in the complaint may advise that person during the course of the hearing, but may not speak on their behalf, except with the permission of the board. The time permitted for presentation will be at the discretion of the board.

(4) *The complainant.* The complainant has the right to attend the hearing, the right to make a statement, and the right to be accompanied by legal counsel or another advisor. Only legal counsel to the complainant may advise the complainant during the course of the hearing, but may not speak on behalf of the complainant, except with the permission of the board. Witnesses may not be presented by the complainant, except with the permission of the board. The time permitted for presentation will be at the discretion of the board.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-87. Disposition.

(a) *Written opinion.* The board shall issue a decision within ninety (90) calendar days after the filing of a complaint. This deadline shall be extended by any amount of time granted to a respondent pursuant to a respondent's request for additional time to respond or to attend proceedings. The board shall state in a written opinion its findings of fact and conclusions of law. The written opinion shall either:

(1) Dismiss the complaint; or

(2) Upon finding that there has been a violation of the ethics laws or the municipal campaign finance code:

a. Impose sanctions in accordance with these regulations; or

b. Recommend criminal prosecution and/or civil remedies, in accordance with this rule; or

c. State why no remedial action is imposed or recommended.

If the board determines that a violation has occurred, the opinion shall identify in writing the particular rule or rules violated. If the complaint is dismissed, the grounds for the dismissal shall be set forth in the opinion. The failure of the board to comply within the above time limits may result in the charge being dismissed for want of prosecution. Prior to such dismissal, the complainant will be given notice and an opportunity to request continuance of the action.

(b) *Notification.* Copies of the opinion shall be forwarded to the complainant, the person charged in the complaint, the city attorney's office, compliance auditor, and any member of the ethics review board who did not participate in the disposition of the case. A copy of the opinion shall also be forwarded to the city clerk, who shall make it available as authorized by law.

(c) *Recommendations.* A recommendation for criminal prosecution shall be forwarded to the appropriate law enforcement agency.

(d) *Similar charges barred.* If the complaint is dismissed because the evidence failed to establish a violation of the ethics laws or the municipal campaign finance code, the ethics review board shall not entertain any other similar complaint based on substantially the same evidence.

(e) *Factors relevant to sanctions.*

(1) *General violations (non-reporting violations).* In deciding whether to recommend or impose, in the case of a violation of the ethics laws, criminal prosecution and/or civil remedies, the ethics review board shall take into account relevant considerations, including, but not limited to, the following:

a. The culpability of the person charged in the complaint;

b. The harm to public or private interests resulting from the violation;

c. The necessity of preserving public confidence in the conduct of local government;

d. Whether there is evidence of a pattern of disregard for ethical obligations; and

e. Whether remedial action has been taken that will mitigate the adverse effect of the violation.

To impose or recommend sanctions for a first violation of the ethics code or the municipal campaign finance code, other than a letter of notification, a letter of admonition or a referral to training, the board must find by a preponderance of the evidence that the person acted knowingly, unless otherwise provided by this code.

(2) *Reporting requirement violations.* To impose sanctions, other than a letter of notification, a letter of admonition or a referral to training, for untimely or incomplete submission of reports required by the ethics code or the municipal campaign finance code, the board must determine by a preponderance of the evidence that the person knowingly:

a. Failed to file the report on time; or

b. Failed to include in the report information that is required to be included; or

c. Submitted inaccurate or false information.

Failure to submit a required report or an amended report after receipt of notice of non-compliance by the city clerk, the compliance auditor, or the ethics review board may be considered evidence of a knowing failure to comply with reporting requirements.

Upon finding a second or subsequent untimely, incomplete or inaccurate submission of reports within a two-year period of time, the board may issue a

letter of reprimand regardless of whether the second or subsequent violation was made knowingly by the filer.

(f) *Civil sanctions for ethics code violations.* The following civil remedies may be recommended or imposed by the ethics review board which finds that the ethics laws have been violated:

(1) *Disciplinary action.* Civil service employees who violate this code of ethics may be disciplined in accordance with city personnel rules and procedures. Other city officials and employees who engage in conduct that violates this code may be notified, warned, reprimanded, suspended, or removed from office or employment by the appointing authority, or by a person or body authorized by law to impose such remedies. Disciplinary action under this section may be imposed in addition to any other penalty or remedy contained in this code of ethics or any other law. The ethics review board may refer a violation to the city manager or their designee for disciplinary action in accordance with any applicable municipal civil service rules;

(2) *Suit for damages or injunctive relief.* This code of ethics has been enacted not only to further the policy stated in section 2-41 (statement of purpose), but to protect the city and any other person from any losses or increased costs incurred by the city or other person as a result of the violation of these provisions. It is the intent of the city that this ethics code can and should be recognized by a court as a proper basis for a civil cause of action for damages or injunctive relief based upon a violation of its provisions, and that such forms of redress should be available in addition to any other penalty or remedy contained in this ethics code or the municipal campaign finance code or any other law. The ethics review board may refer a violation of the ethics code or the municipal campaign finance code to the city attorney's office for consideration of a suit by the city for damages or injunctive relief.

(3) *Disqualification from contracting or lobbying.*

a. If the ethics review board finds that any person (including business entities and non-profit entities) has intentionally or knowingly violated any provision of the ethics code, or has intentionally or knowingly assisted another person in violating any provision of the ethics code, or has violated a provision or assisted another in a violation that the person should have known was a violation of the ethics code, the ethics review board may recommend to the city council that the person be prohibited from entering into any contract with the city or prohibited from lobbying on behalf of clients before the city for a period not to exceed three (3) years.

An entity may also be disqualified from contracting based on the conduct of an employee or agent in violation of this code.

b. It is a violation of this code of ethics:

1. For a person debarred from entering into a contract with the city to enter, or attempt to enter, into a contract with the city during the period of disqualification from contracting; or

2. For a city official or employee to knowingly assist a violation of subsection b.1. of this rule.

c. Nothing in this section shall be construed to prohibit any person from receiving a service or benefit, or from using a facility, which is generally available to the public, according to the same terms.

(4) *Recommendation to void or ratify contract.* If the ethics review board finds that

there has been an intentional or knowing violation of any provision of the ethics code, or that a person has committed a violation that they should have known was a violation of the code that is related to the awarding of a contract, the ethics review board must vote on whether to recommend to the city council that the contract be ratified or voided. Such action shall not affect the imposition of any penalty or remedy contained in this code of ethics or any other law.

(5) *Civil fine.* The ethics review board may impose upon any person, whether or not an official or employee of the city, who violates any provision of this code of ethics a fine not exceeding five hundred dollars ($500.00). Each day after any filing deadline imposed by division 5 (lobbyists) and division 7 (financial disclosure) or the municipal campaign finance code for which any required statement has not been filed, or for which a statement on file is incorrect, misleading, or incomplete, constitutes a separate offense.

(6) *Letter of notification.* The ethics review board may issue a letter of notification to any person, whether or not an official or employee of the city, when the board finds that a violation of the code of ethics was clearly unintentional or inadvertent. The letter must advise the person to whom it is directed of any steps to be taken to avoid future violations.

(7) *Letter of admonition.* The ethics review board may issue to any person, whether or not an official or employee of the city, a letter of admonition when the board finds that the violation of the code of ethics was minor and/or may have been unintentional or inadvertent.

(8) *Letter of reprimand.* The ethics review board may issue to any person, whether or not an official or employee of the city, a letter of reprimand when the board finds that the person has intentionally or knowingly violated the code of ethics.

(9) *Referral to ethics training.* Upon finding of violation of the ethics code, the ethics review board may require a city official or employee to attend ethics code training.

(g) *Criminal prosecution.* The ethics review board may recommend to the appropriate law enforcement agency criminal prosecution under this section or V.T.C.A., Local Government Code ch. 171. Prosecution of any person by the city attorney for a violation of this ethics code shall not be undertaken until a complaint is disposed of in accordance with section 2-87. However, the absence of a recommendation to prosecute from an ethics review board to the city attorney shall not preclude the city attorney from exercising their prosecutorial discretion to prosecute a violation of this ethics code. Any person who files a false sworn statement under division 5 (lobbyists), division 7 (financial disclosure), or division 8 (ethics review board) or the municipal campaign finance code is subject to criminal prosecution for perjury under the laws of the state.

(h) *Reconsideration.* Within five (5) business days of receiving the final opinion of the ethics review board, the complainant or respondent may request the ethics review board to reconsider its decision. The request must be filed with the city clerk. Within ten (10) business days after filing with the city clerk, the originally assigned preliminary reviewing panel shall review the request for reconsideration. If the panel concludes reconsideration is warranted, it shall bring the request within another ten (10) business days to the full board for decision on whether to grant reconsideration. If the full board grants reconsideration, the board may then order further proceedings in accordance with the provisions of this code. If no panel was assigned to conduct a preliminary review, the chair shall review the request and may in their discretion decline the reconsideration or refer the matter to the full board for reconsideration within ten (10) business days of receiving the request.

(i) *Council action.* City council shall dispose of a recommendation from the ethics review board within ninety (90) calendar days of receiving such recommendation. The recommenda-

tion(s) of the ethics review board may be accepted, rejected, modified, or recommitted to that board for further action or clarification. Failure to take action within specified time limits may result in the charge being dismissed for want of prosecution. Prior to such dismissal, the complainant will be given notice and an opportunity to request continuance of the action.

(j) *Appeals.* A decision of the ethics review board is final unless the person aggrieved by the decision appeals to the State District Court in Bexar County no later than twenty (20) business days after the date the board renders the decision.

If the decision of the ethics review board is not supported by substantial evidence, the district court may reverse or affirm the board's decision in whole or in part, or may modify the board's decision if substantial rights of the aggrieved person have been prejudiced. Costs of an appeal may not be assessed against the board, individual board members, or the city.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-88. Petition for declaratory ruling and waiver.

(a) Any city official or employee against whom public allegations of ethics or campaign finance violations have been made in the media or elsewhere shall have the right to file a sworn statement with the city clerk affirming their innocence, and to request the ethics review board to investigate and make known its findings, and make any relevant recommendations concerning the issue.

(b) Any city official or employee or person subject to the ethics code or municipal campaign finance code who believes they have unknowingly committed an act in violation of a provision of this ethics code or the municipal campaign finance code may submit a sworn request for a waiver of the application of either code for that past act. The ethics review board shall investigate and make known its findings, and make any relevant recommendations to the city council concerning the issue. The city council may only act to waive the application of either code following receipt of the recommendation of the ethics review board.

(c) The ethics review board is authorized to impose the sanctions contained within this code when making their ruling.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Editor's note—Ord. No. 2018-06-21-0491, § 1(Att. A), adopted June 21, 2018, amended § 2-88, and in so doing changed the title of said section from "Petition for declaratory ruling" to "Petition for declaratory ruling and waiver," as set out herein.

Sec. 2-89. Advisory opinions.

(a) *Advisory opinions issued by the ethics review board.*

(1) *Ethics code inquiries by persons other than city officials and employees.*

a. By writing filed with the city clerk, any person other than a city official or employee may request an advisory opinion with respect to the interpretation of the ethics laws, but only with respect to whether proposed action by that person would violate the ethics laws. The city clerk shall promptly transmit all requests for advisory opinions to the compliance auditor and the chair of the ethics review board. City officials and employees may request advisory opinions from the city attorney pursuant to subsection (b).

b. Within thirty (30) days of receipt by the chair of the ethics review board of a request for an advisory opinion, the board, acting en banc or through a designated ethics panel, shall issue a written advisory opinion. During the preparation of the opinion, the board may consult with the compliance auditor, the city attorney's office, and other appropriate persons. An advisory opinion shall not reveal the name of the person who made the request, if that person requested anonymity, in which case the opinion

shall be written in the form of a response to an anonymous, hypothetical fact situation. A copy of the opinion shall be indexed and kept by the city clerk as part of its records for a period of not less than five (5) years. In addition, copies of the opinion shall be forwarded by the chair of the ethics review board, or the compliance auditor, to the person who requested the opinion, the members of the ethics review board, the city attorney's office, and to the city clerk. The city clerk shall make the opinion available as a public record in accordance with the Local Government Records Act, and promptly post the opinion for a period of no less than five (5) years on the Internet via the City of San Antonio homepage.

(2) *Opinions initiated by the board*. On its own initiative, the ethics review board, acting as the full board or through a designated ethics panel, may issue a written advisory opinion with respect to the interpretation of the ethics laws or the municipal campaign finance code as they apply to persons other than city officials and employees if a majority of the board determines that an opinion would be in the public interest or in the interest of such person or persons subject to the provisions of the ethics laws. Such an opinion may not include the name of any individual who may be affected by the opinion. A copy of any such opinion shall be indexed and kept by the city clerk as part of its records for a period of not less than five (5) years. In addition, copies of the opinion shall be forwarded by the chair of the ethics review board, or their designee, to the compliance auditor, the city attorney's office, and the city clerk. The city clerk shall make the opinion available as a public record in accordance with the Local Government Records Act, and promptly post the opinion for a period of no less than five (5) years on the Internet via the City of San Antonio homepage.

(3) *Reliance.* A person who reasonably and in good faith acts in accordance with an advisory opinion issued by the ethics review board may not be found to have violated the ethics laws by engaging in conduct approved in the advisory opinion, provided that:

a. They requested the issuance of the opinion;

b. The request for an opinion fairly and accurately disclosed all relevant facts; and

c. Less than five (5) years elapsed between the date the opinion was issued and the date of the conduct in question.

(b) *Ethics advisory opinions issued by the city attorney's office.*

(1) *Ethics inquiries by city officials and employees.*

a. By writing filed with the office of the city attorney, any city official or employee may request an advisory opinion with respect to whether proposed action by that person would violate the ethics laws.

b. Within twenty (20) business days of receipt of the request, the office of the city attorney shall issue a written advisory opinion. Opinions that address new issues and that are instructive on the application of the ethics laws shall be posted on the ethics webpage in a manner that does not reveal the identity of the individual requesting the opinion.

(2) *Reliance.* A person who reasonably and in good faith acts in accordance with a written advisory opinion issued by the city attorney's office may not be found to

have violated the ethics laws by engaging in conduct approved in the advisory opinion, provided that:

a. They requested the issuance of the opinion;

b. The request for an opinion fairly and accurately disclosed all relevant facts; and

c. Less than five (5) years elapsed between the date the opinion was issued and the date of the conduct in question.

(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. A), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-90. Annual report.

The ethics review board shall prepare and submit an annual report to the mayor and city council detailing the activities of the board during the prior year. The format for the report shall be designed to maximize public and private understanding of the board's operations, and shall include a summary of the content of ethics opinions issued by the board and a listing of current city lobbyists based on information gathered by the board from records on file with the city clerk. The city clerk shall post the report on the city's ethics webpage.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

Sec. 2-91. Public records and open meetings.

Meetings and other proceedings of the ethics review board will be conducted in compliance with the Texas Open Meetings Act. Requests for records will be handled in compliance with the Texas Public Information Act.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

DIVISION 9. ADMINISTRATIVE PROVISIONS

Sec. 2-92. Reserved.

Editor's note—Ord. No. 2024-05-02-0274, § 1(Att. A), adopted May 2, 2024, repealed § 2-92, which pertained to other obligations and derived from Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13.

Sec. 2-93. Compliance auditor review.

The compliance auditor shall conduct a compliance review of political contributions and financial disclosure documents filed under the provisions of this ethics code and the municipal campaign finance code, including identifying conflicts of interests, in connection with the city's solicitations for all high profile discretionary contracts, and shall conduct a random sampling for all other contracts. The compliance auditor shall report all findings to the city manager, city internal auditor, city council audit committee, the city attorney, and the ethics review board, for appropriate action.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

Sec. 2-94. Distribution and training.

(a) Within thirty (30) days after entering upon the duties of their position, every new official or employee shall be furnished with information about this code of ethics. The failure of any person to receive a copy of this code shall have no effect on that person's duty to comply with this code or on the enforcement of its provisions. Upon appointment to a board or commission, such official shall be provided with a copy of the ethics code. The code of ethics shall be posted on the city's webpage.

(b) The compliance auditor, in consultation with city council, the city manager, the ethics review board, human resources department and city attorney's office, shall develop and implement a comprehensive training program for the officials and employees of the city on the provisions of this code of ethics, section 141 of the city charter, and V.T.C.A., Local Government Code ch. 171. Such materials and programs shall be designed to maximize understanding of the obligations imposed by these ethics laws, as well as to prepare city officials and employees to ensure the good judgment necessary to accomplish the statement of purpose in section 2-41 above.

(c) The office of the city manager and department of human resources shall enact an administrative directive requiring that all departments provide their employees with training on the ethics code at least once every other calendar year. Training shall be provided to all city

departments by video or live presentation and will include educational materials. Additional presentations shall be offered to any department where necessary to accommodate large numbers of employees.

(d) The office of the city attorney shall notify the compliance auditor and department directors regarding any significant amendments to the ethics code within twenty (20) business days of adoption. Department directors shall disseminate the information to department employees.

(e) Information shall be provided to employees terminating city service regarding the restrictions on former city employees in division 3 of this code.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13; Ord. No. 2024-05-02-0274, § 1(Att. A), 5-2-24)

Sec. 2-95. Severability.

If any provision of this code is found by a court of competent jurisdiction to be invalid or unconstitutional, or if the application of this code to any person or circumstances is found to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the other provisions or applications of this code which can be given effect without the invalid or unconstitutional provision or application.
(Ord. No. 2013-05-09-0317, § 2(Att. B), 5-9-13)

ARTICLE IV. EMPLOYEE RELATIONS*

DIVISION 1. RESERVED†

Secs. 2-106—2-111. Reserved.

*__Editor's note—__Ord. No. 2013-09-05-0577, § 2, adopted September 5, 2013, changed the title of article IV from "Equal opportunity and employee relations" to "Employee relations."

†__Editor's note—__Ord. No. 2013-09-05-0577, § 2, adopted September 5, 2013, repealed the former divisions 1 and 2, §§ 2-106—2-111 and 2-121—2-125, which pertained to general equal opportunity employment provisions and the office of employee relations, respectively, and derived from the Code of 1959, §§ 2-18—2-24; Ord. No. 39891, §§ 1—7, adopted September 2, 1971; Ord. No. 41620, § 1, adopted December 21, 1972, and Ord. No. 43044, § 1, adopted November 21, 1973.

For current provisions pertaining to equal opportunity employment, the user's attention is directed to article X of this chapter. For current provisions pertaining to the office of employee relations, the user's attention is directed to division 3 of this article.

DIVISION 2. RESERVED‡

Secs. 2-112—2-120. Reserved.

‡__Editor's note—__See editor's note at division 1.

DIVISION 3. OFFICE OF EMPLOYEE RELATIONS, LABOR RELATIONS DIVISION**

Sec. 2-121. Created.

There is hereby created an office of employee relations consisting of two (2) divisions; the labor relations division and the equal employment opportunity division (EEO).
(Ord. No. 2013-09-05-0577, § 2, 9-5-13)

Sec. 2-122. Policy.

The city will maintain a policy which ensures city employees the right to present grievances concerning their wages, hours of work, or conditions of work, either individually or through a representative that does not claim the right to strike.
(Ord. No. 2013-09-05-0577, § 2, 9-5-13)

Sec. 2-123. Grievances.

Grievances concerning wages, hours of work or conditions of work and formal complaints of discrimination may be registered with the office of employee relations. Grievances concerning wages, hours and conditions of work are subject to discussion between the individual, or his representative, and city management represented by the labor relations division. Additionally, formal complaints of discrimination will be promptly investigated by the EEO division of

**__Editor's note—__Ord. No. 2013-09-05-0577, § 2, adopted September 5, 2013, amended division 3 in its entirety to read as herein set out. Formerly, division 3, § 2-136, pertained to affirmative action, and derived from Ord. No. 58032, adopted December 15, 1983, and Ord. No. 93104, § 1, adopted December 14, 2000.

Cross reference—Non-discrimination policies, § 2-550 et seq.

employee relations and the findings will be acted upon without undue delay. Employees or applicants registering formal complaints of discrimination will be free of reprisal, harassment, intimidation, or retaliation.
(Ord. No. 2013-09-05-0577, § 2, 9-5-13)

Sec. 2-124. Functions.

The office of employee relations, under the direction of the director of employee relations, will be established within the office of the city manager and will be responsible for the following functions:

(1) Labor relations division:

a. Discusses, arbitrates, or negotiates with employees, or their representative, on matters concerning wages, hours, and working conditions in such a manner that is not inconsistent with the public policy as established by statutes of the state;

b. Stays abreast of labor laws, court decisions and other developments in the field of public sector labor relations which may affect city personnel management, and advises city management in these matters;

c. Develops and maintains current labor market data. Conducts comparability surveys and studies in conjunction with the director of personnel determines parity and equity of jobs; develops productivity measures for judging organizational output and means of improving productivity and, such other information which assists city management in maintaining a fair and equitable posture with regard to employee wages, hours, and conditions of work;

d. Develops and maintains current a grievance review system consistent with the city Charter and in keeping with such understandings as may be arrived at with employees;

e. Assists city departments in developing contingency strike plans;

f. Monitors and assists in implementing such agreements as may result from conferring with employees on labor grievances;

g. May, at the direction of the city manager, represent the city position on labor matters to state or federal government officials;

(Ord. No. 2013-09-05-0577, § 2, 9-5-13)

Secs. 2-125—2-136. Reserved.

DIVISION 4. EMPLOYEE-MANAGEMENT COMMITTEE

Sec. 2-137. Consultation with city employees.

(a) City management will consult with employees and registered employee organizations on terms and conditions of employment through the employee-management committee established by this division in accordance with the process established by this division.

(b) This division does not apply to an employee whose terms and conditions of employment are governed by a collective bargaining agreement authorized by state law or to an employee organization authorized to engage in collective bargaining with the city on behalf of its members.

(c) Nothing in this division is intended nor shall it be construed to authorize collective bargaining, a collective bargaining agreement of any type or characterization, or to recognize a registered employee organization as a bargaining agent for any group of employees. The city is not obligated to implement any issue discussed during consultations and retains the right to unilaterally determine employment conditions for employees.

(d) In this division:

(1) *Consultation* means that the employees, representative(s) of registered employee organizations, and city management shall meet to discuss terms and conditions of

employment affecting employees. Although no party is required to agree to a proposal, it is expected that all participants will consult in good faith to reach consensus on issues and matters raised.

(2) *Employee* means an individual employed by the city, but does not include a confidential, or managerial employee or an employee described by subsection (b).

(3) *Confidential employee* means an employee:

a. Who has access to confidential or discretionary information regarding the formulation of city policy or procedures;

b. Whose functional responsibilities or knowledge concerning employee relations makes the employee's membership in an employee organization incompatible with that employee's duties; or

c. Who is the executive secretary of the chief administrator or executive officer of a department.

(4) *Managerial employee* means an employee who:

a. Is engaged predominantly in executive functions, or

b. Charged with the responsibility of directing the effectuation of management policies and practices.

(5) *Terms and conditions of employment* means wages, salaries, hours and other terms and conditions of employment with the city, including but not limited to:

a. Compensation and incentive plans;

b. Polices related to employee attendance, leave and hours of employment;

c. Recommendations concerning employee health insurance, life insurance and other employee benefits;

d. The grievance process (but not an individual or group grievance that is to be considered pursuant to that process);

e. Recommendations made to the legislature concerning the terms and conditions of covered employees;

f. Training, safety, and equipment; and

g. All other issues related to working conditions, wages, hours and conditions of employment.

(Ord. No. 99630, § 1, 8-26-04)

Sec. 2-138. Employee-management committee.

(a) The employee-management committee will consist of the following:

(1) One (1) representative from each registered employee organization;

(2) One (1) city employee member of each registered employee organization, as designated by the registered employee organization;

(3) One (1) representative from the city manager's office;

(4) One (1) representative from the human resources department (director of human resources or designee);

(5) Three (3) department directors (on a rotating basis); and

(6) One (1) employee from each of the EEO categories designated in subsection (c).

(b) For purposes of this division, a "registered employee organization" means an association or organization that includes among its members employees of the city and that exists for the purpose of dealing with an employer concerning terms and conditions of employment, and which meets all of the following eligibility criteria:

(1) Certified copies of the association or organization's charter, bylaws, and a listing of the name, address, and phone number of the business agent for the association and the officers of the associa-

tion, and any amendments thereto, have been provided to and are on file with the director of human resources; and

(2) The director of human resources has sufficient evidence that the association or organization represents, as members, either:

a. Five (5) percent of the total number of employees "eligible" or "targeted" for membership by the association or organization, if that population is less than one thousand (1,000) employees, or

b. Fifty (50) employees.

A signed form authorizing deduction and payment of dues to an association or organization from an employee's paycheck shall be considered proof of membership by that employee. The director of human resources shall audit the membership requirement established by this subsection (b)(2) on a semi-annual basis. An association or organization that does not meet this eligibility requirement shall be given a three-month notice and the opportunity to provide evidence of sufficient membership before losing eligibility to participate on the employee-management committee.

(3) Organizations not certified within thirty (30) days of the establishment of this ordinance may only petition for recognition and respective representation on the committee during the semi-annual certification/audit period mentioned in subsection (b)(2).

(4) Representatives seated in accordance with subsections (a)(1) and (a)(2) shall collectively cast a single vote.

(c) An election will be conducted bi-annually by the city clerk's office to determine the representation for each EEO category/unit listed below. "Representation" can be by either a registered employee organization or individual employee:

Office/clerical;

Para-professionals;

Protective services;

Professionals;

Service maintenance;

Skilled craft; and

Technician.

(1) To be placed on the ballot, a registered employee organization or an individual employee must submit a petition approved by the city clerk's office with signatures representing a minimum of ten (10) percent of employees in the respective EEO category. The signatures will be certified by the city clerk's office, with assistance provided by the human resources department.

(2) Eligible "candidates" will be placed on the ballot in random order as determined by drawing. The organization or individual that receives a plurality of the votes during the election shall be deemed the representative for the category.

(3) For individual employees, they shall select an alternate at least five business (5) days prior to the election. The individual's and alternate's names both shall appear on the ballot as a ticket.

(4) Registered employee organizations shall select the representatives in a manner of their choosing. The employees they select may change at any time at the organization's discretion.

(5) The winners of the election in each EEO category will serve for three (3) years, to coincide with the fiscal year, beginning with fiscal year 2006—2007.

(6) Due to the timing of the effective date of this division to the fiscal year, the first term will be guided by the timeline set forth in section 2-140.2.

(7) The city clerk shall have final determination authority on the hours, location and date of an election, and may cancel an election should any candidate run unopposed.

(d) Any employee on the committee must have completed his or her initial probationary period and must not have incurred any of the following disciplinary actions within the six (6) months prior to selection; suspension, disciplinary demotion, or termination. Any employee who resigns from the city or who receives a finalized disciplinary suspension, demotion or termination during his or her term will be removed from the committee and the alternate employee in that category will be selected to serve the remainder of that member's term.

(e) Each employee organization will designate one (1) covered employee from its membership. A committee member selected under this subsection serves at the pleasure of their respective organization(s). A change in a designated representative by an employee association/ organization shall be communicated in writing to the human resources department at least ten (10) days prior to the meeting.

(f) If for any reason any employee cannot or chooses not to serve the full term, the alternate employee will serve the remainder of that employee's term. That alternate shall then select a qualified alternate from the respective EEO category.

(g) All employee committee members will be paid for time spent at meetings, even if not assigned to 7:45 a.m.—4:30 p.m. shift.

(h) The city will allow up to twenty (20) hours of administrative leave per calendar quarter to be utilized by the individual employee (or employees, if more than one is designated in a calendar quarter by an association) assigned to an EEO representative slot on the employee-management committee. In no event will more than twenty (20) total hours be granted by an employee or a combination of employees assigned to an EEO category position within a calendar quarter. This leave is to be used for meeting preparation for employee-management committee meetings or subcommittee meetings of the employee-management committee.
(Ord. No. 99630, § 1, 8-26-04; Ord. No. 2006-06-29-0819, §§ 1—4, 6-29-06)

Sec. 2-139. Meetings of the employee-management committee.

(a) The employee-management committee shall be scheduled to meet at least once each quarter, or more frequently as determined by the city manager.

(b) An agenda will be distributed to all members at least five (5) business days prior to each meeting and include all topics of discussion. Topics must involve issues of a general nature or suggestions for improved or more effective operation on a citywide basis. The agenda for the following meeting will be discussed and voted on for approval at each meeting of the committee, with topics receiving a majority vote placed on the agenda for the next meeting.

(c) Meetings of the employee-management committee shall be audio taped. A copy of the audiotape of each meeting shall be retained by the director of human resources in accordance with applicable state law.

(d) Meetings will be of an informal nature. Minutes, including items discussed and solutions proposed, will be prepared by the human resources department and copies will be provided to all committee members at least five (5) business days prior to the next meeting. Minutes shall be approved by majority vote of the members in attendance at the meeting for which minutes are proposed, with such vote being documented by signatures of the members present and said document being attached to the approved minutes. The director of human resources shall retain a copy of the approved minutes in accordance with applicable law.

(e) The director of human resources shall report on the status of consultations through the employee-management committee during the annual budget presentation to the city council and to the appropriate city council committee as established by ordinance, as needed or desired by the committee or its chair.
(Ord. No. 99630, § 1, 8-26-04)

Sec. 2-140. Employee rights concerning employee organizations.

(a) An employee shall not be discriminated against for discussing or expressing his or her view regarding workplace issues, membership in and/or representation by an employee organization.

(b) City employees are free to communicate with one another and with representatives of employee organizations on pertinent issues and to receive and distribute literature regarding union issues during non-work periods and in non-work areas.
(Ord. No. 99630, § 1, 8-26-04)

Sec. 2-140.1. Review.

This division will be reviewed in its entirety by the city council six (6) months prior to the end of FY 2006 (March 2006) and thereafter every four (4) years.
(Ord. No. 99630, § 1, 8-26-04)

Sec. 2-140.2. Appendix A.

Petition filing deadline for EEO units: July 1st—September 30th

Collection of petitions shall be for a period of three (3) months, beginning on July 1st through the end of September, at which time petitions shall be submitted to the city clerk's office. A petition signature is invalid if the signer signed the petition earlier than the July 1st starting date or later than September 30.

Elections held not later than October 31st.

Elected EEO occupational representatives begin terms November 1st.

Term ends: September 30th.
(Ord. No. 99630, App. A, 8-26-04; Ord. No. 2006-06-29-0819, § 5, 6-29-06)

Editor's note—Ord. No. 99630, adopted August 26, 2004, enacted provisions intended for use as Appendix A. To preserve the style of the Code, and at the discretion of the editor, said provisions have been redesignated as § 2-140.2.

ARTICLE V. HISTORIC AND DESIGN REVIEW COMMISSION*

Sec. 2-141. Creation.

There is hereby created the historic and design review commission for the City of San Antonio, effective November 1, 1992.
(Ord. No. 76514, § 1, 9-17-92)

Sec. 2-142. Replacement of the three design review boards.

The board of review for historic district and landmarks, the River Walk advisory commission, and the fine arts commission are hereby dissolved as of October 31, 1992 and shall be replaced by the historic and design review commission ("commission"), effective November 1, 1992.
(Ord. No. 76514, § 2, 9-17-92)

Sec. 2-143. Duties, functions, and jurisdiction of said new commission.

(a) The commission shall serve as an advisory body to the directors of planning, parks and recreation, building inspections, and other appropriate heads of municipal departments, consistent with section 49 of the city charter and the city manager. A person dissatisfied with commission action shall have the right to appeal said action to the city council within the time frame consistent with existing ordinances.

(b) The commission shall have no authority to bind the City of San Antonio by contract or otherwise.

(c) Said commission shall have the following duties and functions:

(1) To assume the historic and design duties and functions of the following three (3) entities:

a. The board of review for historic districts and landmarks as stated in

*__Editor's note—__Ordinance No. 76514, adopted Sep. 17, 1992, did not specifically amend this Code; hence, codification of §§ 1—5 of said ordinance as §§ 2-141—2-145 herein was at the editor's discretion.

Cross reference—Board of review of historic districts and landmarks, § 35-3406(b).

division 10, Section 35-3406, part (b), of the unified development code.

b. The river walk advisory commission as stated in Ordinance No. 30238, passed and approved March 28, 1962, and as stated in the River Walk policy guidelines, adopted by Ordinance No. 69351. Management issues currently considered by the river walk advisory commission shall become a staff administrative review function.

c. The fine arts commission as stated in section 4, part I of Ordinance No. 33874, passed and approved November 18, 1965.

(2) To work with the city staff in the development of recommendations to the city council regarding consolidation of ordinances, bylaws, procedures, and policy and design manuals concerned with historic and design review responsibilities, specifically those concerned with the board of review for historic districts and landmarks, the River Walk advisory commission, and the fine arts commission. Recommendations shall be made to the city council through the city manager by November 1, 1993.

(d) Jurisdiction of the commission shall be in the same geographic areas as said three (3) entities and, specifically shall be over private properties with local, state, and national historic district or landmark designation, special districts such as the River Walk, and land belonging to the city, including, but not limited to, city structures, plazas, parks, appurtenances, public rights-of-way, and public art.
(Ord. No. 76514, § 3, 9-17-92)

Sec. 2-144. Commission composition and qualifications.

The commission shall be composed of 15 members. To enable the City of San Antonio to achieve compliance as a "certified local government" under the rules incorporating the provisions of the U.S. Historic Preservation Act of 1966, as amended, and title 13, Texas Administrative Code (TAC), Cultural Resources, part II, Texas Historical Commission, chapter 15, specifically 13 TAC § 15.6(f) (3) (C), all members shall have demonstrated "interest, competence, or knowledge in historic preservation." Composition shall be from three (3) categories of members from the following disciplines or backgrounds:

(1) One (1) representative shall be from each of the following seven (7) disciplines:
   a. Architecture (licensed in the State of Texas); History; Architectural History; Archaeology; and Planning, in order to achieve compliance with the U.S. Historic Preservation Act, as well as, applicable Texas law.
   b. Landscape Architecture (licensed in the State of Texas and Public Art, to provide design expertise related to the River Walk and public art.

(2) Four (4) individuals in a business/professional category which shall include disciplines and backgrounds in: Real Estate/Commercial Development; Economic Development; Law; Banking or Accounting.

(3) Four (4) individuals in a general category which shall include experience or background in: Urban Design; Graphic Arts or Neighborhood Representation; or who shall be a citizen-at-large.

The mayor and city council will each appoint one member of the fifteen (15) member commission, for a total of eleven (11). The remain four (4) members will be selected at-large by the mayor and city council to complete category representation.

Further, members of the commission shall represent the general ethnic and gender makeup of the community. The city council shall have the authority to remove any member for good cause.
(Ord. No. 76514, § 4, 9-17-92)

Sec. 2-145. Terms, meetings and quorum; rules of procedures; conflicts of interest; no compensation.

(a) Members of the commission shall serve two-year terms, which shall be staggered; however, of the initial appointments, eight (8) members shall hold a term of two (2) years and seven (7) members shall hold a term of one (1) year.

(b) The commission shall meet on a regular basis not less than once each month, and more frequently if necessary, at a regularly scheduled time with advance notice posted according to the Texas Open Meetings Act. Additional special meetings may be called by the chairman, or upon written request to the planning director signed by eight (8) members, or upon notice from the director of planning, or said director's representative, when a matter requires urgent consideration of the commission. All meetings of the commission shall be open to the public in accordance with the Texas Open Meetings Act.

(c) A quorum of the commission shall require eight (8) members present eight (8) affirmative votes for action.

(d) The commission shall elect its own officers and adopt its own rules of procedure.

(e) No member of the commission shall vote on any matter that materially affects the property, income, or business interest of that member or gives the appearance of a conflict of interest under applicable Texas law.

(f) Members shall serve without compensation.
(Ord. No. 76514, § 5, 9-17-92)

ARTICLE VI. RESERVED*

Secs. 2-218—2-299. Reserved.

*__Editor's note—__Ord. No. 2007-08-30-0913, § 1, adopted August 30, 2007, repealed article VI in its entirety, which pertained to naming of city facilities and streets, and derived from Ord. No. 88401, § 1, adopted September 3, 1998. Similar provisions are now located at chapter 6, article XVI, §§ 6-660—6-676.

ARTICLE VII. MUNICIPAL CAMPAIGN FINANCE CODE†

DIVISION 1. GENERAL

Sec. 2-300. Statement of policy.

It is essential in a democratic system that the public has confidence in the integrity, independence, and impartiality of those who are elected to act on their behalf in government. There is a public perception that a relationship exists between substantial contributions and access to elected officials. To diminish the perceived or actual connection between contributions and influence, the city adopts this Campaign Finance Code to promote public confidence and, it is hoped, a greater degree of citizen participation in the electoral process.
(Ord. No. 2013-05-09-0317, § 1(Att. A), 5-9-13)

Sec. 2-301. Definitions.

(a) Contribution cycles applicable to officeholders candidates and specific purpose political action committees (SPAC) formed for the purpose of supporting or opposing a candidate. The following constitute separate contribution cycles:

(1) The pre-election contribution cycle begins on July 1 of the calendar year before the

†__Editor's note—__Ord. No. 2013-05-09-0317, § 1(Att. A), adopted May 9, 2013, amended article VII in its entirety to read as herein set out. Formerly, article VII, divisions 1—9, pertained to campaign finance regulations and derived from Ord. No. 99538, § 1, adopted August 5, 2004; Ord. No. 100284, §§ 1—6, adopted January 13, 2005; Ord. No. 2006-03-02-0269, § 1(Exh. A), adopted March 2, 2006, and Ord. No. 2009-06-25-0553, § 1(Att. A), adopted June 25, 2009.

Section 5 of Ord. No. 2013-05-09-0317, adopted May 9, 2013, states the following: "Section 5. The remainder of this Ordinance and the amendments of the Ethics Code and Municipal Campaign Finance Code shall be effective ten days after passage. The changes in the City Code's ethics and campaign finance provisions reflected in this ordinance apply only to events taking place on or after the effective date of this ordinance. Any events occurring before the effective date of this ordinance are governed by the City Code provisions in effect on that date of that event. The prior versions of the Code are continued in effect for that purpose. The Office of the City Clerk is directed to publish notice of these amendments as required by law."

date of the general municipal election, and ends on the date of the general municipal election;

(2) The run-off election contribution cycle begins the day after the general municipal election, and ends on the date of the run-off election, for candidates involved in the run-off election;

(3) The post-election contribution cycle begins on the day after the general municipal election or the day after the run-off election, as applicable, through June 30 of the calendar year before the next general municipal election; and

(4) The special election contribution cycle resulting from a city council vacancy will begin on the day the city council acknowledges the vacancy and ends on the date of the special election. The special run-off contribution cycle begins the day after the special election and ends on the date of the special run-off election.

(b) Under Texas Election Code § 251.001, a "contribution" means a direct or indirect transfer of money, goods, or services, or any other thing of value and includes an agreement made or other obligation incurred, whether legally enforceable or not, to make a transfer. The term includes a loan or extension of credit, other than those expressly excluded by this subdivision, and a guarantee of a loan or extension of credit, including a loan described by this subdivision.

The term "contribution" does not include a loan made in the due course of business by a corporation that is legally engaged in the business of lending money and that has conducted the business continuously for more than one (1) year before the loan is made.

(c) A loan is deemed to be made in the ordinary due course of business if it:

(1) Bears the usual and customary interest rate of the lending institution for the category of loan involved;

(2) Is made on a basis that assures repayment;

(3) Is evidenced by a written instrument; and

(4) Is subject to a due date or amortization schedule.

(d) Terms not defined in this chapter but defined in the Texas Election Code shall have the meanings assigned to them in the Texas Election Code. Terms not defined in this chapter or the Texas Election Code, but defined in the ethics code shall have the meanings assigned to them in the ethics code.
(Ord. No. 2013-05-09-0317, § 1(Att. A), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. b), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. B), 5-2-24)

DIVISION 2. CONTRIBUTION LIMITS

Sec. 2-302. Limitation of political contributions to candidates or officeholders for mayor or council and specific-purpose political action committees.

(a) A candidate for district office on the city council or city council officeholder may not accept more than five hundred dollars ($500.00) in political contributions from any individual or single entity per contribution cycle.

(b) A candidate for mayor or mayoral officeholder may not accept more than one thousand dollars ($1,000.00) in political contributions from any individual or single entity per contribution cycle.

(c) A specific-purpose political action committee (SPAC) registered with the city and formed for the purpose of supporting or opposing a candidate for district office on the city council or city council officeholder may not accept more than five hundred dollars ($500.00) in political contributions from any individual or single entity per contribution cycle.

(d) A specific-purpose political action committee (SPAC) registered with the city and formed for the purpose of supporting or opposing a candidate for mayor or the mayoral officeholder for the city may not accept more than one

thousand dollars ($1,000.00) in political contributions from any individual or single entity per contribution cycle.

(e) Except as provided in section 2-304 of this chapter, the limits set out in subsections (a)—(d) of this section apply to contributions made in the form of loans, extensions of credit, and guarantees of loans or extensions of credit as described in subsection 2-301(b). Repayment of loans does reset the contribution limit.

(f) Political action committees, commercial entities, or campaign vendors cannot provide in-kind contributions with a commercial value to candidates or officeholders beyond the limits established in this section. Individuals may donate their time as campaign volunteers without limit. "In-kind" contribution means goods or services provided to or by a person at no charge or for less than their fair market value.

(g) An individual or entity cannot make a political contribution in cash exceeding fifty dollars ($50.00) to a candidate for mayor or city council, or to a municipal officeholder, or to a specific-purpose political action committee formed for the purpose of supporting or opposing a municipal candidate or officeholder, nor can any of these candidates, officeholders or specific-purpose political action committees accept political contributions in cash exceeding fifty dollars ($50.00), from a single donor during a reporting period as defined in Texas Election Code § 254.063. This restriction includes tickets to fund-raising events.

(h) A person may not knowingly make or authorize a political contribution or expenditure in the name of or on behalf of another, unless the person discloses in writing to the recipient the name and address of the person actually making the contribution in order for the recipient to make the proper disclosure.

(i) A minor may make a contribution only if done so knowingly and voluntarily with funds, goods or services owned or controlled exclusively by the minor and not with proceeds of a gift where the purpose was to provide funds to be contributed. The minor shall submit a form with the contribution acknowledging their minor status and that their contribution complies with this provision.

(j) A "coordinated campaign expenditure" shall be considered a contribution subject to the limits set forth within this section and subject to the disclosure requirements for campaign contributions made to a candidate for elected city office. As used in this subsection, the term "coordinated campaign expenditure" means a payment, other than a direct contribution, for an activity, service or product that contains express advocacy for the election or defeat of a clearly identified candidate(s) for city office and is made in cooperation, consultation, or concert, with or at the request or suggestion of, a candidate(s) for city office or a candidate's representative, agent or employee.

Coordinated campaign expenditures shall include, but not be limited to the following:

(1) Voter identification and/or get-out-the-vote activity on behalf of a specific candidate(s) for city office;

(2) A public communication that refers to a clearly identified candidate(s) for city office and that promotes or supports a candidate(s) for that office, or attacks or opposes a candidate(s) for that office, or is suggestive of no plausible meaning other than an exhortation to vote for or against a specific candidate(s).

The following is not considered a coordinated campaign expenditure:

(1) Direct monetary contributions made to an officeholder or candidate for city office;

(2) In-kind contributions made to an officerholder or candidate for city office;

(3) Payment by an individual or organization for the individual's or organization's overhead expenses including but not limited to rent, utilities, taxes, office supplies or salaries;

(4) Volunteer (unpaid) activity(ies) on the part of the individual or members of the organization.

(Ord. No. 2013-05-09-0317, § 1(Att. A), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. B), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. B), 5-2-24)

Sec. 2-303. Time limitation to accept contributions.

(a) An officeholder or candidate for mayor or city council or specific-purpose political action committee registered with the city and formed for the purpose of supporting or opposing a candidate for mayor or city council shall not accept nor deposit campaign contributions after midnight on the fourth calendar day before the general, run-off, or special municipal election date.

(b) Contributions received after the deadline set out in subsection (a) above or contributions not deposited by the deadline may be deposited during the subsequent contribution cycle. Such contributions will be subject to limitations for the contribution cycle during which they are deposited.

(Ord. No. 2013-05-09-0317, § 1(Att. A), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. B), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. B), 5-2-24)

Editor's note—Ord. No. 2018-06-21-0491, § 1(Att. B), adopted June 21, 2018, amended § 2-303 and in so doing changed the title of said section from "Time limitation to accept donations" to "Time limitation to accept contributions," as set out herein.

Sec. 2-304. Limits on repayment of loans or reimbursements from political contributions.

(a) *Loan limit for officerholders and candidates for city council.* An officerholder or candidate for city council shall not use political contributions in an aggregate amount of more than twenty-five thousand dollars ($25,000.00) during an election cycle to:

(1) Repay a loan to their campaign account that the officeholder or candidate has made from their personal assets;

(2) Reimburse campaign expenditures made from personal funds; or

(3) Repay a loan to the officeholder or candidate or to any authorized committee of the candidate from any other person, persons, entity or entities.

The limit established by this section applies to the cumulative total from one (1) or all combined loans.

(b) *Loan limit for officeholders or candidates for mayor.* An officerholder or candidate for mayor shall not use political contributions in an aggregate amount of more than fifty thousand dollars ($50,000.00) during an election cycle to:

(1) Repay a loan to their campaign account that the candidate has made from their personal assets;

(2) Reimburse campaign expenditures made from personal funds; or

(3) Repay a loan to the officeholder or candidate or to any authorized committee of the candidate from any other person, persons, entity or entities.

The limit established by this section applies to the cumulative total from one (1) or all combined loans.

(c) A candidate cannot accept a loan made in cash.

(Ord. No. 2013-05-09-0317, § 1(Att. A), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. B), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. B), 5-2-24)

DIVISION 3. POLITICAL CONTRIBUTION AND EXPENDITURE ACCOUNTS AND REPORTS

Sec. 2-305. Single account.

(a) A candidate for mayor or city council or officeholder or specific-purpose political action committee registered with the city and formed for the purpose of supporting or opposing a candidate for mayor or city council must deposit each and every political contribution into one (1) and only one (1) specified bank account. This single account must be used for all political contributions and expenditures pertaining to municipal office.

(b) Persons with established campaign accounts before the date this code goes into effect can transfer funds into the new single campaign account.

(c) At the time a candidate files the appointment of campaign treasurer pursuant to Texas Election Code § 252.001, the candidate shall declare the municipal office sought. If a candidate subsequently decides to seek a different office, the candidate shall file an amended appointment of campaign treasurer declaring the new office sought.

(d) If a candidate who has filed a campaign treasurer appointment decides to seek a different office that would require the appointment to be filed with another authority, a copy of the appointment certified by the authority with whom it was originally filed must be filed with the other authority in addition to the new campaign treasurer appointment, in accordance with the requirements of Texas Election Code § 252.010.

(e) If, after declaring a candidacy for any elected office, the candidate subsequently declares their candidacy for any elected municipal office, their may maintain the same campaign finance account. However, if the candidate seeks a municipal office which is subject to lower campaign contribution limits than the previously sought office, the candidate shall return all contributions in excess of the limits for the municipal office sought.

(1) The transferor candidate's available funds shall be viewed as those contributions most recently received that add up to the amount of cash on hand.

(2) Contributions transferred must be aggregated with any contributions made by the same donor to the candidate/officeholder receiving the transfer. Amounts that would cause a contributor to exceed his or her pre-election cycle contribution limit must be excluded from the transfer.

(Ord. No. 2013-05-09-0317, § 1(Att. A), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. B), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. B), 5-2-24)

Sec. 2-306. Reserved.

Editor's note—Ord. No. 2024-05-02-0274, § 1(Att. B), adopted May 5, 2024, repealed § 2-306, which pertained to campaign bank account statements and derived from Ord. No. 2013-05-09-0317, § 1(Att. A), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. B), 6-21-18.

Sec. 2-307. Electronic filing of campaign finance reports.

(a) Candidates for mayor or city council and officeholders will electronically file and update campaign finance reports required under the Texas Elections Code with the office of the city clerk. The city clerk shall notify candidates and officeholders of technical difficulties and permit paper filing, if necessary. No exemptions are required if the clerk has provided notice to candidates and officeholders of technical difficulties.

Campaign finance reports shall include the principal occupation/job title, and employer of the person giving the campaign contribution for contributions of one hundred dollars ($100.00) or more, in the aggregate per contribution cycle.

If this deadline falls on a weekend or a city holiday, the report will be due no later than 5:00 p.m. on the next business day.

(b) The city will provide access to computer equipment for candidates to file the electronic reports. A candidate, officeholder, or political action committee that is required to file electronic reports under this chapter may apply for an exemption if:

(1) The candidate, officeholder, or campaign treasurer of the committee files with the office of the city clerk an affidavit stating that the candidate, officeholder, or committee, an agent of the candidate, officeholder, or committee, or a person with whom the candidate, officeholder, or committee contracts does not use computer equipment to keep the current records of political contributions, political expenditures, or persons making political contributions to the candidate, officeholder, or committee; and

(2) The candidate, officeholder, or committee does not, in a calendar year, accept political contributions that in the aggregate exceed twenty thousand dollars ($20,000.00) or make political expenditures that in the aggregate exceed twenty thousand dollars ($20,000.00).

(c) The city will post the campaign finance reports through a designated elections website.

(d) Knowingly failing to timely file a report required by this section is a violation hereof, as is the knowingly filing of a report with incorrect, misleading, or incomplete information. If an individual inadvertently files an incorrect, misleading, or incomplete report, it is their responsibility to file an amended report as soon as possible, though no later than ten (10) business days after notification of or discovery of the error.

(e) An amended campaign finance report, properly filed with the city clerk, does not constitute a violation of this code.
(Ord. No. 2013-05-09-0317, § 1(Att. A), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. B), 6-21-18, effective 1-1-19; Ord. No. 2024-05-02-0274, § 1(Att. B), 5-2-24)

DIVISION 4. POLITICAL ACTION COMMITTEES

Sec. 2-308. Political action committees.

All political action committees (PACs) or groups spending money on municipal campaign activity or advertising associated with a city candidate or measure election, or specially designated city council agenda item shall also, in addition to compliance with reporting requirements under the Texas Election Code, submit campaign finance reports electronically with the city clerk in accordance with section 2-307. Deadlines and contents of reports for political action committees required by the Texas Election Code shall be set in accordance with the Texas Election Code.

Note: General political action committees (GPACs) are only required to submit campaign finance report electronically with the city clerk for activity related to money spent on municipal campaign activity or advertising associated with a city candidate or measure election, or specially designated city council agenda items.
(Ord. No. 2013-05-09-0317, § 1(Att. A), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. B), 6-21-18; Ord. No. 2024-05-02-0274, § 1(Att. B), 5-2-24)

DIVISION 5. CITY CONTRACTORS AND ZONING APPLICANTS

Sec. 2-309. Contribution prohibitions.

(a) When an individual or entity seeks to obtain a "high-profile" discretionary contract as designated by the city, the following individuals shall not make a political contribution to any councilmember or candidate or political action committee that supports or opposes a city councilmember or candidate beginning on the tenth business day after the request for proposal (RFP) or request for qualifications (RFQ) or other solicitation is released, or for a contract for which no competitive solicitation has been issued by the city from the time the city begins negotiations or discussions, through the 30th calendar day following the approval by city council:

(1) Any individual seeking a high-profile contract;

(2) Any owner, officer, officer of board, executive committee member, and general board member of an entity seeking a high-profile contract;

(3) The legal signatory of the high-profile contract;

(4) Any attorney, lobbyist or consultant hired or retained to assist the individual or entity in seeking a high-profile contract;

(5) Subcontractors hired or retained to provide services under the high-profile contract;

(6) Any first-degree member of the household of any person listed in (1), (2), (3) or (5) of this subsection; and

(7) Any corporate PAC established or formed by the entity seeking a high-profile contract.

(b) Any legal signatory for a proposed "high-profile" contract must be identified within the response to a solicitation if the identity of the signatory will be different from the individual submitting the response. Where no competitive solicitation is being issued by the city, the legal signatory must be identified in writing at the time negotiations are initiated.

(c) If any individual listed in subsection (a) has made a contribution in violation of this section, the city cannot award the contract to that person, or to the entity. City council may void any contract awarded in violation of this provision.

(d) When an individual or entity applies for a zoning change, the following shall not make a political contribution to any councilmember or candidate or political action committee that supports or opposes a city councilmember or candidate from the time the zoning application is submitted to the city until thirty (30) calendar days after final action on the application by the zoning commission or city council:

(1) Any individual applying for a zoning change;

(2) Any property owner, owner or officer of an entity applying for a zoning change; or

(3) The spouse of an individual listed in items (1) or (2) of this subsection.

(e) If any individual listed in subsection (d) of this section has made a contribution in violation of this section, the city cannot approve the requested change in the zoning district boundary. City council may void any zoning district boundary change awarded in violation of this provision.

(f) In the event that a candidate or officeholder unknowingly accepts a contribution in contravention of the provisions of this section, then it shall be the duty of the candidate or officeholder to return the contribution within five (5) business days after they have received notification from city staff that a contribution in violation of this section has been discovered. Candidates and councilmembers who return contributions within the five (5) business days cannot be held liable for violation of this section.

(Ord. No. 2013-05-09-0317, § 1(Att. A), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. B), 6-21-18, effective 1-1-19; Ord. No. 2024-05-02-0274, § 1(Att. B), 5-2-24)

DIVISION 6. ENFORCEMENT AUTHORITY AND SANCTIONS

Sec. 2-310. Ethics review board.

(a) Municipal campaign finance code enforcement authority. The Ethics Review Board, created pursuant to article XIII of the city charter, shall have authority to review reports required under this chapter and shall have the jurisdiction to investigate, make findings, issue rulings and assess sanctions concerning any alleged violation of this chapter, by any person subject to these provisions.

(b) Municipal campaign finance advisory opinions issued by the ethics review board.

(1) By writing filed with the city clerk, any officeholder or candidate for city council, mayor or officer of a political action committee registered with the city clerk may request an advisory opinion with respect to the interpretation of the municipal campaign finance code, but only with respect to whether proposed action by that person would violate these regulations. The city clerk shall promptly transmit all requests for advisory opinions to the compliance auditor and the chair of the ethics review board.

(2) Within fifteen (15) business days of receipt by the chair of the ethics review board of a request for an advisory opinion, the board, acting en banc or through a designated ethics panel, shall issue a written advisory opinion. During the preparation of the opinion, the board may consult with the compliance auditor and other appropriate persons. An advisory opinion shall not reveal the name of the person who made the request, if that person requested anonymity, in

which case the opinion shall be written in the form of a response to an anonymous, hypothetical fact situation.

(3) A copy of the opinion shall be indexed and kept by the city clerk. In addition, copies of the opinion shall be forwarded by the chair of the ethics review board, or the compliance auditor, to the person who requested the opinion, and to the members of the ethics review board. The city clerk shall make the opinion available as a public record in accordance with the Local Government Records Act, and promptly post the opinion on the city website.

(c) Civil sanctions for violations of the municipal campaign finance code. The following civil sanctions may be imposed by the ethics review board which finds by a preponderance of the evidence that the municipal campaign finance code has been violated:

(1) Letter of notification. The ethics review board may issue a letter of notification to any individual subject to the municipal campaign finance code where the board finds that the violation was clearly unintentional or inadvertent. The letter must advise the person to whom it is directed of any steps to be taken to avoid future violations;

(2) Letter of admonition. The ethics review board may issue a letter of admonition to any individual subject to the municipal campaign finance code where the board finds that the violation was minor and/or may have been unintentional or inadvertent;

(3) Letter of reprimand. The ethics review board may issue a letter of reprimand to any individual subject to the municipal campaign finance code where the board finds that the violation was made intentionally or knowingly;

(4) Referral to ethics training. Upon finding of violation of the municipal campaign finance code, the ethics review board may require any individual subject to the municipal campaign finance code to attend training on the code;

(5) A fine not exceeding five hundred dollars ($500.00) where the board finds that the violation was made intentionally or knowingly. Each day after any deadline for which any required statement has not been filed, or for which a statement on file is incorrect, misleading, or incomplete, constitutes a separate offense.

(d) The rules and procedures set out in chapter 2, article III of the city code (ethics code), sections 2-80 through 2-91 shall apply to the enforcement of this article (municipal campaign finance code), including:

(1) Procedures for filing and responding to complaints of violations of the municipal campaign finance code;

(2) Disposition of complaints;

(3) The imposition or recommendation of sanctions;

(4) Extension of deadlines; and

(5) The timeliness of filings.

(Ord. No. 2013-05-09-0317, § 1(Att. A), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. B), 6-21-18)

DIVISION 7. TERMINATION OF CAMPAIGN TREASURER APPOINTMENT

Sec. 2-311. Termination of campaign treasurer appointment by the city council.

(a) The city council may terminate the campaign treasurer appointment of an inactive candidate or an inactive political action committee.

(b) For purposes of subsection (a) of this section, a candidate becomes "inactive' if the candidate files a campaign treasurer appointment with the city clerk and more than one (1) year has lapsed since the candidate has filed any required campaign finance reports with the city clerk.

(c) For purposes of subsection (a) of this section, a political action committee becomes "inactive" if the political action committee files a campaign treasurer appointment with the city clerk and more than one year has lapsed since the campaign treasurer of the political action committee has filed any required campaign finance reports with the city clerk.
(Ord. No. 2013-05-09-0317, § 1(Att. A), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. B), 6-21-18)

Sec. 2-312. Notice of proposed termination of campaign treasurer appointment.

(a) Before the city council may consider termination of a campaign treasurer appointment under section 2-311 of the city code, the city clerk shall send written notice to the affected candidate or political action committee.

(b) The written notice must be given at least fourteen (14) business days before the date of the meeting at which the city council will consider the termination of a campaign treasurer appointment and must include:

(1) The date, time, and place of the city council meeting;

(2) A statement of the city council's intention to consider termination of the campaign treasurer;

(3) A reference to the particular sections of the statutes and rules that give the city council the authority to consider the termination of a campaign treasurer appointment; and

(4) The effect of termination of a campaign treasurer appointment.

(Ord. No. 2013-05-09-0317, § 1(Att. A), 5-9-13; Ord. No. 2018-06-21-0491, § 1(Att. B), 6-21-18)

DIVISION 8. ELECTION AND CAMPAIGN FINANCE REGULATIONS TRAINING

Sec. 2-313. Training.

The Compliance Auditor and city clerk shall provide training on the municipal campaign finance code, the municipal campaign finance electronic filing system and the city ethics code at least once six (6) months prior to each municipal election. The training shall be open to officeholders, candidates for office, their agents and interested members of the public.
(Ord. No. 2013-05-09-0317, § 1(Att. A), 5-9-13)

DIVISION 9. EFFECTIVE DATE

Sec. 2-314. Effective date.

(a) This article is effective August 15, 2004.

(b) This article applies to a political contribution accepted or political expenditure made on or after the effective date.

(c) A political contribution accepted or a political expenditure made before the effective date of this article is governed by law in effect on the date the contribution was accepted or the expenditure was made.

(d) A political contribution may not be accepted after the effective date of this article if the contribution from that donor, together with all contributions from that donor accepted before the effective date of this article, would exceed the maximum contribution established by section 2-302.

(e) A candidate or officeholder who has made a political expenditure from personal funds before the effective date of this article may reimburse their personal funds for that political expenditure from political contributions accepted before the effective date of this article.

(f) A candidate or officeholder who has made a political expenditure from personal funds before the effective date of this article may reimburse their personal funds for that political expenditure from political contributions accepted after the effective date of this article in amount that in the aggregate does not exceed the limit imposed by section 2-304 of this article.
(Ord. No. 2013-05-09-0317, § 1(Att. A), 5-9-13; Ord. No. 2024-05-02-0274, § 1(Att. B), 5-2-24)

Secs. 2-315—2-500. Reserved.

ARTICLE VIII. FEES

Sec. 2-501. Radio system fees.

The following fees [are imposed] for third party outside agencies. For purposes of this section, outside agencies shall be any entity using the public safety radio system other than the city or the County of Bexar.

(1) Autonomous public safety dispatch access for third party outside agencies as follows.

Monthly subscriber fee, per radio	$21.00
Monthly hardware recovery fee, per radio	$1.00

Explanation: Used by third party outside agencies, that maintain their own autonomous PSAP/Dispatch Center. Access to the Simulcast System provided. Access to level one (1) sites contingent on demonstrated and justifiable public safety requirement. Radio operating procedures must be approved by the JOC and conform to standards used by city and/or county primary user agencies.

(2) Autonomous local government dispatch access for third party outside agencies as follows:

Monthly subscriber fee, per radio	$21.00
Monthly hardware recovery fee, per radio	$1.00

Explanation: Used by third party outside agencies that desire to use the radio system to support internal, autonomous local government (public works, animal control, etc.) operations. Access to the Simulcast System provided. Access to level one (1) sites contingent on demonstrated and justifiable operational requirements and agency business plan. Radio operating procedures must be approved by the JOC and conform to standards used by city and/or county primary user agencies.

(3) Sponsored public safety dispatch access for third party outside agencies as follows:

Monthly subscriber fee, per radio	$21.00
Monthly hardware recovery fee, per radio	$1.00

Explanation: Used by third party outside agencies that do not have their own dispatch operations and rely on a sponsoring agency to provide dispatch services. Dispatch services may include operational dispatching of response units and/or requesting criminal justice information. Access to the simulcast system and level one (1) sites provided. Radio operating procedures conform to standards used by the sponsoring agency. Third party outside agencies use primary dispatch groups and do not normally have access to dedicated groups. One (1) dedicated group to support internal tactical/special operations may be requested. Interoperability hailing groups and common groups provided.

(Ord. No. 99748, § 2, 9-16-04; Ord. No. 2008-06-12-0533, § 2, 6-12-08; Ord. No. 2025-09-18-0629, § 2(Att. I), 9-18-25)

Sec. 2-502. PEG studio and equipment fees.

The following fees are in connection with the use of the City of San Antonio Public Education and Government Access Studios and equipment and only apply to: (a) PEG producers that would like advanced equipment training and workshops; (b) San Antonio residents, students and local organizations (commercial and nonprofit) that would like to use SA-CAN studios and equipment and do not want to air programs on the SA-CAN channels; (c) non-San Antonio residents, students and organizations (commercial and nonprofit) that would like to use SA-CAN studios and equipment and do not want to air programs on the SA-CAN channels.

(1) *Fees for training class rates per class.* Fees in connection with the use of the city public education and government access studios for training apply on a per

class basis, and include location shooting, lighting and audio; editing; and studio workshop and are as follows:

(Ord. No. 2015-09-10-0758, § 2(Att. I), 9-10-15; Ord. No. 2016-09-15-0697, § 2(Att. I), 9-15-16)

Editor's note—Prior to the reenactment of section 2-502 by Ord. No. 2015-09-10-0758, § 2(Att. I), adopted September 10, 2015, Ord. No. 2013-09-12-0631, § 2(Att. K), adopted September 12, 2013, repealed the former section 2-502, which pertained to automatic notification fees, and derived from Ord. No. 99748, § 3, adopted September 16, 2004, and Ord. No. 2010-09-16-0791, § 1(Att. G), adopted September 16, 2010.

Sec. 2-503. Reserved.

Editor's note—Ord. No. 2008-04-17-0318, § 2, adopted April 17, 2008, repealed § 2-503 in its entirety, which pertained to the internet convenience fee, and derived from Ord. No. 99748, § 5, adopted September 16, 2004.

Sec. 2-504. Fee for economic analysis review studies requested by outside agencies.

There is hereby approved a fee of one hundred dollars ($100.00) per hour to be charged by the economic development department for all economic analysis studies performed by city personnel for outside agencies.

(Ord. No. 2007-09-13-0973E, § 1, 9-13-07)

Editor's note—Ord. No. 2007-09-13-0973E, § 1, adopted September 13, 2007, did not specify manner of inclusion; hence, inclusion as § 2-504 is at the discretion of the editor.

Sec. 2-505. Conduit issuance due diligence fee.

The conduit issuance due diligence fee to be charged by and payable to the finance department in connection with city council consideration and approval of each conduit issuance transaction is hereby revised as follows:

(1) For a conduit issuance issued by a public facilities corporation, educational facilities corporation, or similar entity created by the City of San Antonio, the due diligence fee shall be two thousand five hundred dollars ($2,500.00) per transaction.

(2) For a conduit issuance issued by an issuer not created by the City of San Antonio, the due diligence fee shall be 0.1% with no maximum fee and a base fee of ten thouand dollars ($10,000.00).

(Ord. No. 2022-09-15-0678, § 2(Att. C), 9-15-22)

Editor's note—Ord. No. 2022-09-15-0678, § 2(Att. C), adopted Sept. 15, 2022, did not specifically amend the Code and at the discretion of the editor said provisions have been included herein as § 2-505.

Secs. 2-506—2-525. Reserved.

ARTICLE IX. BOARDS AND COMMISSIONS RULES*

Sec. 2-526. Application.

(a) All applications for district and at-large boards and commissions shall be submitted to the office of the city clerk.

(b) The city clerk will coordinate specific deadlines for submission of applications for at-large boards or commissions with the respective department. To be considered for appointment to at-large boards or commissions, the completed applications must be submitted by the advertised deadline.

(c) Applications for district boards and commissions may be submitted at any time to the office of the city clerk for consideration for appointment.

(d) Applications for all boards and commissions shall be valid for one (1) year after submission. A completed application must be on file in order for an individual to be considered for appointment to a board or commission.
(Ord. No. 100199, § 1, 12-17-04; Ord. No. 101119, § 1, 7-14-05; Ord. No. 2009-03-19-0205, § 1, 3-19-09; Ord. No. 2019-09-12-0717, § 1, 9-12-19)

*__Editor's note—__Section 1 of Ord. No. 2009-03-19-0205, adopted March 19, 2009, states: "The following shall govern the creation and operation of all boards and commissions created by ordinance or resolution passed by the City Council of the City of San Antonio. Unless specified otherwise in this Ordinance or by the City Council in an ordinance or resolution, these rules are intended to govern those boards and commissions created pursuant to the authority granted by state law, federal law, to the extent not in conflict with state or federal law; City appointees to boards and commissions jointly created with the County or any other governmental entity; boards and commissions with special membership requirements set out elsewhere in this Code, such as but not limited to the Electrical Board, the Mechanical Board of Appeals, and the Plumbing Appeals and Advisory Board; but are not intended to govern those boards and commissions created pursuant to the authority granted by the City Charter, Blue Ribbon Committees; Ad Hoc Committees or those boards or commissions whose members are comprised of City employees or to an individual City employee sitting on a board or commission as an ex officio member; or to Council Committees or Subcommittees."

Ord. No. 100199, § 1, adopted December 17, 2004, enacted provisions intended for use as article VIII, §§ 2-400—2-410. Inasmuch as there are already provisions so designated, and at the discretion of the editor, said provisions have been redesignated as article IX, §§ 2-526—2-536. Sections 2—7 of said ordinance were non-specific and have therefore been codified as §§ 2-537—2-542 at the discretion of the editor.

Sec. 2-527. District appointments.

(a) The city clerk will forward the applications to the respective city council member for his/her review.

(b) The office of the city clerk will initiate appointments, upon submission of a memorandum by a city council member, designating his/her respective appointees and requesting a waiver of a city-imposed qualification requirement, if applicable.

(c) The office of the city clerk will coordinate review of the applications with the pertinent city departments and the city attorney's office to ensure that the applicants meet the necessary qualifications for each respective board or commission, or if a waiver of a city-imposed qualification is necessary for the appointment. The office of the city clerk will notify the applicant in writing, or via email if an email address is provided, if he/she is not selected to serve on the board or commission for which he/she has applied.

(d) The provisions of this section also apply to mayoral appointments.
(Ord. No. 100199, § 1, 12-17-04; Ord. No. 101119, § 1, 7-14-05; Ord. No. 2009-03-19-0205, § 1, 3-19-09; Ord. No. 2019-09-12-0717, § 1, 9-12-19)

Sec. 2-528. At-large appointments.

(a) The office of the city clerk will coordinate review of the applications with the pertinent city departments and the city attorney's office to ensure that the applicants meet the necessary qualifications for each respective board or commission. The office of the city clerk will notify the applicant in writing, or via email if an email address is provided, if he/she is not qualified to serve on the board or commission for which he/she has applied.

(b) The office of the city clerk shall submit applications to the city council committee to which the board reports. The city council committee will review the applications to determine a proposed slate for council consideration, and may request to conduct interviews of applicants during a committee meeting.

(c) City council members may submit their nominations, in writing, to the office of the city clerk, in the form of a memorandum, for consideration by the respective city council committee as described in subsection (b).

(d) Official selection by the city council shall take place no sooner than one (1) week after the date of the council committee meeting, unless otherwise directed by the city council.

(e) If an interview is requested, nominees must appear in person for the interview. If an individual is ill, out of town, or cannot appear in person, a written statement must be submitted to the office of the city clerk prior to the date of the interview, in order to be considered for appointment. An individual will not be considered for appointment if he/she fails to appear in person for the interview or fails to submit a written statement.

(f) Subsection 2-529(a) does not apply to boards or commissions whose members are appointed at-large.

(Ord. No. 100199, § 1, 12-17-04; Ord. No. 101119, § 1, 7-14-05; Ord. No. 2007-02-15-0175, § 1, 2-15-07; Ord. No. 2009-03-19-0205, § 1, 3-19-09)

Sec. 2-529. Membership.

(a) Each board or commission shall consist of eleven (11) members (one (1) per council district and mayor). This subsection does not apply to section 2-528 and any board or commission in existence prior to December 27, 2004.

(b) In order to be qualified to serve, all applicants for boards and commissions must be residents of the city, and continue such residency during the term of their appointment, if appointed.

(c) When making appointments to boards and commissions, the city shall not discriminate on the basis of race, color, national origin, religion, sex, sexual orientation, gender identity, veteran status, age or disability.

(Ord. No. 100199, § 1, 12-17-04; Ord. No. 101119, § 1, 7-14-05; Ord. No. 2007-02-15-0175, § 1, 2-15-07; Ord. No. 2009-03-19-0205, § 1, 3-19-09; Ord. No. 2013-09-05-0577, § 6, 9-5-13)

[This page intentionally left blank.]

Sec. 2-530. Terms of office.

Length of term. Board or commission members are appointed for a term of office of two (2) years. The term of office for each board or commission member will run concurrently with the terms of office of the city council that appoints each member. Appointments made during an existing term are for the remainder of the unexpired term.
(Ord. No. 100199, § 1, 12-17-04; Ord. No. 101119, § 1, 7-14-05; Ord. No. 2009-03-19-0205, § 1, 3-19-09; Ord. No. 2019-09-12-0717, § 1, 9-12-19)

Sec. 2-531. Meeting procedures.

(a) Boards and commissions will conduct meetings in accordance with the latest edition of Robert's Rules of Order, or in accordance with meeting procedures adopted by the board or commission that ensure basic parliamentary procedures are followed.

(b) Board and commission meetings shall be conducted in accordance with the Texas Open Meetings Act. A majority of the number of seats on the board or commission shall constitute a quorum to convene a meeting; in all other matters upon which the board or commission may vote, a majority of the members in office shall be necessary for adoption. Non-voting members do not count when determining a quorum.

(c) The pertinent city department shall be responsible for posting the meeting notices seventy-two (72) hours prior to the meeting.

(d) Proxy votes are not allowed.

(e) The pertinent city department shall prepare and maintain minutes of the board or commission meetings. Such minutes shall be maintained in accordance with the city's records retention schedule. All records are subject to the Texas Public Information Act.
(Ord. No. 100199, § 1, 12-17-04; Ord. No. 101119, § 1, 7-14-05; Ord. No. 2009-03-19-0205, § 1, 3-19-09; Ord. No. 2019-09-12-0717, § 1, 9-12-19)

Sec. 2-532. Subcommittees.

(a) Boards and commissions may create subcommittees comprised of persons other than current members of the board or commission to address specific policy initiatives of the city, on an as-needed basis, to provide input and recommendations.

(b) The size of a subcommittee's membership may be equal to, but no larger than the size of the creating board or commission.

(c) The chair of a subcommittee shall be a member of the creating board or commission.

(d) Subcommittees shall be created for a specific purpose and shall operate for a specific time period. A subcommittee will automatically dissolve upon completion of its charge, or the time prescribed by the city council, without any further action by the city council.
(Ord. No. 100199, § 1, 12-17-04; Ord. No. 101119, § 1, 7-14-05; Ord. No. 2009-03-19-0205, § 1, 3-19-09)

Editor's note—Ord. No. 100199, § 1, adopted December 17, 2004, enacted provisions intended for use as subsections (a)—(c). To preserve the style of this Code, and at the discretion of the editor, said provisions have been redesignated as subsections (1)—(3).

Sec. 2-533. Attendance.

(a) If a board or commission member's attendance at regularly scheduled meetings falls below fifty (50) percent on an annual basis from the appointment date, or a member misses three (3) regularly scheduled consecutive meetings, the respective department liaison shall notify the office of the city clerk, who shall coordinate the attendance issue with the appointing council member's office, or the mayor, if an at-large appointee. The city clerk, upon approval by the appointing council member or mayor, as applicable, shall notify the member in writing that the member will be removed from the respective board or commission, without any further action by the city council.

(b) Such removal shall act as direction to the office of the city clerk to advertise for applications to the board or commission from which the member was removed, in the same manner as described in sections 2-527 and 2-528, as applicable. The new member shall serve out the remainder of the term of the removed member.

(c) A member who is removed from a board or commission for failure to meet the attendance requirement is ineligible to seek appointment to any board or commission for a period of one (1) calendar year from the date of the member's automatic removal.
(Ord. No. 100199, § 1, 12-17-04; Ord. No. 101119, § 1, 7-14-05; Ord. No. 2009-03-19-0205, § 1, 3-19-09; Ord. No. 2019-09-12-0717, § 1, 9-12-19)

Sec. 2-534. Financial disclosure report.

(a) All board and commission members shall be subject to the requirements set forth in the city's ethics code, as applicable to city officials.

(b) All board and commission members must file a financial disclosure report with the office of the city clerk upon appointment, and annually thereafter, throughout the member's term.

(c) Failure to file a financial disclosure report within the time required by the city's ethics code will be considered an automatic removal, without any further action by the city council.

(d) Such removal shall also act as direction to the office of the city clerk to advertise for applications to the board or commission from which the member was removed in the same manner as described in sections 2-527 and 2-528, as applicable. The new member shall serve out the remainder of the term of the removed member.

(e) A member who is automatically removed from a board or commission for failure to file a financial disclosure report is ineligible to serve on any other board or commission for a period of one (1) calendar year from the date of the member's automatic removal.
(Ord. No. 101119, § 1, 7-14-05; Ord. No. 2009-03-19-0205, § 1, 3-19-09)

Editor's note—Ord. No. 101119, § 1, adopted July 14, 2005, amended § 2-534 in its entirety to read as herein set out. Formerly, § 2-534 pertained to other requirements and derived from Ord. No. 100199, § 1, adopted December 17, 2004.

Sec. 2-535. Removal from office.

(a) All board and commission members serve at the pleasure of the city council and may be removed from office at the discretion of the city council without cause, such removal to be evidenced by the appointment of a new appointee.

(b) Requests for removal of a board or commission member must be initiated in writing by the city council member for whose district the member represents, and directed to the office of the city clerk, or by a city council consideration request if an at-large appointment. Such request may direct the office of the city clerk to advertise for applications to the board or commission from which the member was removed in the same manner as described in sections 2-527 and 2-528, as applicable. The request may also direct the office of the city clerk to place the name of a new appointee on the next available city council agenda for appointment. The new member shall serve out the remainder of the term of the removed member.
(Ord. No. 100199, § 1, 12-17-04; Ord. No. 101119, § 1, 7-14-05; Ord. No. 2009-03-19-0205, § 1, 3-19-09; Ord. No. 2019-09-12-0717, § 1, 9-12-19)

Sec. 2-536. Resignations.

(a) All resignations must be in writing, filed with the office of the city clerk, and state the specific date of resignation and the name of the board or commission from which the member is resigning.

(b) All resignations shall take effect upon receipt by the office of the city clerk and without any further action by the city council, shall constitute an automatic removal from the board or commission and act as direction to the office of the city clerk to advertise for applications to the board or commission from which the member resigned in the same manner as described in sections 2-527 and 2-528, as applicable. The new member shall serve out the remainder of the term of the resigned member.
(Ord. No. 100199, § 1, 12-17-04; Ord. No. 101119, § 1, 7-14-05; Ord. No. 2009-03-19-0205, § 1, 3-19-09)

Sec. 2-537. Template enabling ordinance.

All new boards and commissions shall be created using the template ordinance, attached to Ord. No. 100199 as exhibit I. Unless otherwise provided in said subsequent enabling ordinance,

the provisions provided for in article IX, shall govern the creation and operation of all boards and commissions.
(Ord. No. 100199, § 2, 12-17-04)

Editor's note—Exhibit I to Ord. No. 100199 may be found in the city clerk's office.

Sec. 2-538. Information on boards and commissions.

(a) In addition to any other applicable notification requirement, public notices will be provided for all board and commission vacancies. In addition, the office of the city clerk will issue media advisories, will post information on the city's website and the TVSA channel. Notices may also be posted at the Central library, at branch libraries, city parks and at city community centers.

(b) Informational material, which includes current data about all boards and commissions, will be available to prospective appointees, in the office of the city clerk.
(Ord. No. 100199, § 3, 12-17-04; Ord. No. 2009-03-19-0205, § 1, 3-19-09)

Sec. 2-539. New member orientation and swearing-in.

(a) A thorough orientation will be provided to all newly appointed board and commission members by the pertinent city department. Specific information on policies and procedures for the respective board or commission will be provided at that time. Board and commission members will sign a document to verify that they have attended the necessary orientation. The pertinent city department shall maintain records of these documents in accordance with the city's records retention schedule.

(b) Continuing education programs will be instituted by various city departments to provide up-to-date information on any legislation or other pertinent information that would affect the department's respective board or commission. Board and commission members must be kept abreast of all issues related to the board or commission and its responsibilities.

(c) Newly appointed members will be invited to a swearing-in ceremony to be scheduled by the office of the city clerk.

(d) The failure or refusal to attend the department orientation within the first year of service shall constitute an automatic removal without further action by the city council. The office of the city clerk shall notify the appointing council member and the board member of the removal. A replacement board member shall be appointed in the same manner as described in sections 2-527 and 2-528, as applicable.

(e) A member who is automatically removed from a board or commission for failure to attend the department orientation requirement is ineligible to seek appointment to any board or commission for a period of one (1) calendar year from the date of the member's automatic removal.
(Ord. No. 100199, § 4, 12-17-04; Ord. No. 2019-09-12-0717, § 1, 9-12-19)

Sec. 2-540. Municipal Leadership Institute.

(a) The Municipal Leadership Institute shall be utilized to provide an orientation to city government to all newly appointed board and commission members. A comprehensive overview will be provided on issues that include, but are not limited to, ethics, liability, fiscal responsibility, attendance requirements, removal, parliamentary procedures (Robert's Rules of Order), the Texas Open Meetings Act, the Texas Public Information Act, and general information about the city and the board and commission appointment process.

(b) All first-time newly-appointed board and commission members (district and at-large appointments), must attend a Municipal Leadership Institute Training before they can be considered for reappointment to any city board or commission.

(c) The failure or refusal to complete the Municipal Leadership Institute training within the first year of service shall constitute an automatic removal without further action by the city council. The office of the city clerk shall notify the appointing council member and the board member of the removal. A replacement board member shall be appointed in the same manner as described in sections 2-527 and 2-528, as applicable.

(d) A member who is automatically removed from a board or commission for failure to complete the Municipal Leadership Institute training requirement is ineligible to seek appointment to any board or commission for a period of one (1) calendar year from the date of the member's automatic removal.
(Ord. No. 100199, § 5, 12-17-04; Ord. No. 2009-03-19-0205, § 1, 3-19-09; Ord. No. 2019-09-12-0717, § 1, 9-12-19)

Sec. 2-541. City council ad hoc committee on boards and commissions.

(a) The office of the city clerk shall maintain a list of all city boards and commissions, divided into two (2) categories, "district boards and commissions" and "at-large boards and commissions." Periodically, the mayor shall appoint an ad hoc committee to review all city boards and commissions for sunset, consolidation, or other recommended change.

(b) This city council ad hoc committee on boards and commissions will be comprised of one (1) senior council member, who will serve as the chairperson, and two (2) other council members. Ad hoc committee will meet as needed, to review any board or commission concerns that need to be presented to the full city council.

(c) The city council, as evidenced by passage of an ordinance, may sunset inactive boards or commissions as recommended by the respective city council committee having oversight over the board or commission, and as deemed necessary by the ad hoc committee.
(Ord. No. 100199, § 6, 12-17-04; Ord. No. 2009-03-19-0205, § 1, 3-19-09; Ord. No. 2019-09-12-0717, § 1, 9-12-19)

Sec. 2-542. City council committee oversight.

(a) Each board and commission will report to a designated city council committee. This reporting relationship is determined by aligning boards and commissions with those city council committees that address similar subject matters.

(b) The office of the city clerk shall maintain a list of this reporting relationship, which will include the name of each city board and commission and its designated city council committee.

(c) The mayor may make any changes to the reporting relationships between the council committees and the boards and commissions.

(d) Written reports from each board or commission regarding its activities and recommendations must be provided to its respective city council committee on an annual basis and upon request.

(e) Each city council committee may recommend sunset, consolidation or other necessary action to the city council subcommittee on boards and commissions.
(Ord. No. 100199, § 7, 12-17-04; Ord. No. 2009-03-19-0205, § 1, 3-19-09; Ord. No. 2019-09-12-0717, § 1, 9-12-19)

ARTICLE X. NON-DISCRIMINATION POLICIES

DIVISION 1. GENERALLY

Sec. 2-550. Non-discrimination policy.

(a) It shall be the general policy of the city to prohibit discrimination on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, veteran status, age or disability, as set forth in the divisions following, unless exempted by state or federal law or as otherwise indicated.

(b) A religious corporation, association, society or educational institution or an educational organization operated, supervised or controlled in whole or in substantial part by a religious corporation, association or society does not violate the non-discrimination policy by limiting employment or giving a preference in employment to members of the same religion, as determined solely by the religious corporation, association, or institution.

(c) Nothing in this article shall be construed as supporting or advocating any particular lifestyle or religious view. To the contrary, it is the intention of this article that all persons be treated fairly and equally and it is the express intent of this article to guarantee to all of our citizens fair and equal treatment under the law.

(d) Nothing herein shall be construed as requiring any person or organization to support or advocate any particular lifestyle or religious view, or advance any particular message or idea.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-551. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning in divisions below:

Age means an individual at least forty (40) years of age.

Disability means a mental or physical impairment that substantially limits at least one major life activity, a record of the impairment, or being regarded as having the impairment. This term does not include the current, illegal use of or addiction to a controlled substance as defined under state and federal law.

Gender identity means a gender-related identity, appearance, expression or behavior of an individual, regardless of the individual's assigned sex at birth.

Religion means all aspects of religious observance and practice, as well as belief, unless an employer demonstrates that the employer is unable to reasonably accommodate an employee's or prospective employee's religious observance or practice without undue hardship on the conduct of the employer's business.

Sex includes both sex, the biological differences between men and women, and gender; and encompasses sexual orientation and gender identity.

Sexual orientation means an individual's real orientation or orientation perceived by another as heterosexual, homosexual, bisexual or asexual.

Veteran status means a person who served in the active military, naval, or air service, and who was discharged or released under conditions other than dishonorable, as specified in 38 U.S.C. 101(2). "Active service" includes full-time Federal service in the National Guard or a Reserve component.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-552. Appointed officials, boards and commissions.

(a) *Appointments to boards and commissions.* When making appointments to boards and commissions, the city shall not discriminate on the basis of race, color, national origin, religion, sex, sexual orientation, gender identity, veteran status, age or disability.

(b) *Discrimination by appointed officials—Malfeasance.*

(1) No appointed official or member of a board or commission shall engage in discrimination against any person, group of persons, or organization on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, veteran status, age or disability, while acting in their official capacity while in such public position.

(2) Violation of this standard shall be considered malfeasance in office, and the city council shall be authorized to take action as provided by law to remove the offending person from office.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-553. Reserved.

DIVISION 2. CITY OF SAN ANTONIO EQUAL EMPLOYMENT OPPORTUNITY

Sec. 2-554. Policy.

(a) The city will maintain a policy of equal employment opportunity. No city employee or applicant for employment with the city will be denied employment or promotion because of race, color, religion, disability, sex, sexual orientation, gender identity, veteran status, age or

national origin. Fair and impartial treatment will be extended to all city employees and applicants for employment with the city.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-555. Establishment of program.

There is hereby established a city equal employment opportunity program.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-556. Division of equal employment opportunity, created, duties.

(a) There is hereby created a division of equal employment opportunity which shall be directly responsible to the city manager or designee.

(b) The division will administer and monitor the established equal employment opportunity program in accordance with existing federal, state, and city laws.

(c) The division will initiate investigations into any alleged discriminatory practices within the city.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-557. Duties of division generally.

(a) The equal employment opportunity division will be responsible for the implementation of this program.

(b) The equal employment opportunity division will work closely with all city departments to provide city employees and applicants for employment with the city with an opportunity to express complaints of discrimination based on race, color, religion, disability, sex, sexual orientation, gender identity, veteran status, age or national origin.

(c) The equal employment opportunity division will also work with the city training officer to orientate city employees to the functions of the program. Counseling will be provided to all city employees and applicants for employment with the city.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-558. Complaints, procedure.

(a) City employees may register complaints of discrimination with the city equal employment division, and complaints will be given prompt consideration. An investigation to determine the cause for the complaint will be conducted and findings will be acted upon without undue delay.

(b) All complaints will be investigated by the equal employment opportunity division and findings submitted to the city manager or designee without undue delay. Findings also will be relayed to the complainant and other persons officially involved. If it is determined that a violation has been committed, the situation will be corrected without undue delay.

(c) Discrimination complaints will be submitted in writing to the equal employment opportunity division. The equal employment opportunity division will be available to assist in aiding city employees who may lack the skill to submit the written report.

(d) An interview with the equal employment opportunity division will be scheduled to verify the following:

When the alleged violation occurred.

Against whom the alleged discrimination was registered.

Location of the alleged offense.

Person allegedly discriminated against.

Nature of the alleged offense.

Names of all persons and witnesses involved.

Remedy sought by the complainant.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-559. Unwarranted complaints; procedure.

If the complaint is found to be unwarranted, the complainant will be notified of such. The city manager or designee may conduct further investigation, confirm or deny the original decision. If there are legal questions involved, the complaint will be sent to the city legal department for review.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Secs. 2-560—2-570. Reserved.

DIVISION 3. OFFICE OF EMPLOYEE RELATIONS, EQUAL EMPLOYMENT OPPORTUNITY DIVISION

Sec. 2-571. Policy.

The city will maintain a policy of equal employment opportunity. No city employee or applicant for employment with the city will be denied employment or promotion because of race, color, religion, disability, sex, sexual orientation, gender identity, veteran status, age or national origin. Fair and impartial treatment will be extended to all city employees and applicants for employment with the city.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-572. Functions.

The office of employee relations, under the direction of the city manager or designee will be responsible for the following functions:

(1) Equal employment opportunity division:

a. Implements and monitors an equal employment opportunity program in accordance with the guidelines established by federal legislation;

b. Works closely with city departments to ensure that city employees and applicants for employment with the city have an opportunity to express complaints of discrimination based on race, color, religion, disability, sex, sexual orientation, gender identity, veteran status, age or national origin. A complaint filed with the equal employment opportunity office will prompt immediate investigations with findings reported to the city manager's designee. Findings also will be relayed to the complainant and other persons officially involved. When it is determined that a violation has occurred, the corrective action will be taken without undue delay and will be monitored to ensure compliance;

c. Provides counseling as to fair employment practice provisions of law to city employees, applicants for employment with the city, and supervisors of all levels of management. Assists the city training officer, as required, to acquaint city employees with the equal employment opportunity program;

d. Insures that assistance is available to aid city employees who may lack the skill to submit a written complaint;

e. Is responsible to establish an interview technique and checklist to assure a thorough and complete investigation of all written complaints.

(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-573. Applicability of equal employment opportunity program.

The following provisions of this division are also applicable to the equal employment opportunity program:

(1) The director of the department in which the complaint arose will cooperate and require all city employees of the department to cooperate with the equal employment opportunity officer investigating the complaint. All city employees having any knowledge of the complaint shall furnish statements of testimony under oath without a pledge of confidence.

(2) If the complaint is found to be unwarranted, the complainant will be notified of such. The city manager's designee may conduct further investigation, and con-

[This page intentionally left blank.]

firm or deny the original decision. If there are legal questions involved, the complaint will be sent to the city's legal department for review.

(3) Equal employment opportunity division employees, complainants, equal employment opportunity counselors, individuals providing information regarding complaints, shall not be harassed, intimidated, reprised, or retaliated against in any way preceding, during or upon completion of any equal employment opportunity investigation.

(4) Nothing in this division will be construed to lessen a supervisor's obligation to supervise those under him/her nor will it be construed to permit an employee of the city to act in a disrespectful manner prejudicial to good order.

(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Secs. 2-574—2-590. Reserved.

DIVISION 4. AFFIRMATIVE ACTION

Sec. 2-591. Plan adopted.

A copy of the most recently adopted affirmative action plan is available in the office of the city clerk and is incorporated by reference as if set forth at length herein. This affirmative action plan supersedes all previous plans and modifications to such plans.

(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

DIVISION 5. PLACES OF PUBLIC ACCOMMODATION

Sec. 2-592. Discrimination prohibited; policy.

It shall be unlawful for any person, or any employee or agent thereof within the city, to discriminate against, withhold from or deny any person, because of race, color, religion, national origin, sex, sexual orientation, gender identity, veteran status, age or disability, any of the advantages, facilities or services offered to the general public by a place of public accommodation.

(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-593. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Hotel and *motel* shall include every establishment offering lodging to transient guests for compensation, but such terms shall not apply to any such establishment if the majority of occupants therein are permanent residents.

Place of public accommodation shall include every business within the city, whether wholesale or retail, which is open to the general public and offers, for compensation, any product, service or facility. The term place of public accommodation shall include, but not be limited to, all taverns, hotels, motels, apartment hotels, apartment houses with four (4) or more tenant units, restaurants or any place where food or beverages are sold, retail and wholesale establishments, hospitals, theaters, motion picture houses, museums, bowling alleys, golf courses and all public conveyances, as well as the stations or terminals thereof.

Restaurant shall include every cafe, cafeteria, coffee shop, sandwich shop, snack bar, supper club, soda fountain, soft drink or ice cream parlor, luncheonette, or other similar establishment, which offers food or beverages for purchase and consumption on the premises, but shall not include places at which intoxicating beverages are sold otherwise than as an accompaniment to meals.

Theater shall include every place, whether indoors or out-of-doors, at which any theatrical performance, moving picture show, musical concert or recital, dramatic reading or monologue, circus, carnival, or other like entertainment or amusement is offered for compensation.

(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-594. Exemptions.

This division shall not, however, apply to any hotel, motel, restaurant or theater operated by a

bona fide private club not conducted for the purpose of evading this division when the accommodations, advantages, facilities and services are restricted to the members of such club and their guests; nor to any bona fide social, fraternal, educational, civic, political or religious organization, when the profits of such accommodations, advantages, facilities and services, above reasonable and necessary expenses, are solely for the benefit or mission of such organization.

Nothing in division 5 will be construed as allowing any person to enter any sex-segregated space for any unlawful purpose.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-595. Effect on civil remedies now available.

This division shall neither add to nor detract from any civil remedies now available to persons subject to unlawful discrimination.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Secs. 2-596—2-620. Reserved.

DIVISION 6. DISCRIMINATORY HOUSING PRACTICES

Subdivision I. Declaration of Policy, Purpose and Authority

Sec. 2-621. Policy.

It is the policy of the city, through fair, orderly and lawful procedures, to promote the opportunity for each person to obtain housing without regard to race, color, religion, sex, sexual orientation, gender identity, veteran status, disability, familial status, national origin or age. This policy is grounded upon a recognition of the right of every person to have access to adequate housing of the person's own choice, and that the denial of this right because of race, color, religion, sex, sexual orientation, gender identity, veteran status, disability, familial status, national origin or age is detrimental to the health, safety, and welfare of the inhabitants of the city and constitutes an unjust deprivation of rights, which is within the power and proper responsibility of government to prevent.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-622. Purpose.

The purposes of this division are:

(1) To provide for fair housing practices in the city;

(2) To create a procedure for investigating and settling complaints of discriminatory housing practices; and

(3) To provide rights and remedies substantially equivalent to those granted under state and federal law.

(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-623. Authority.

This division is enacted pursuant to authority explicitly granted municipalities by the Texas Constitution Art. XI, Section 5; V.T.C.A., Local Government Code ch. 51, subch. E, ch. 54 and § 214.903; and V.T.C.A., Property Code ch. 301.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Subdivision II. Definitions

Sec. 2-624. Definitions.

The following definitions apply to words used in this division:

Accessible means that area of a housing accommodation that can be approached, entered and used by a person with a physical disability.

Accessible route means a continuous unobstructed path connecting accessible elements and spaces in a housing accommodation that can be negotiated by a person with a severe disability using a wheelchair and that is also safe for and usable by a person with other disabilities.

Aggrieved person includes any person who:

(1) Claims to have been injured by a discriminatory housing practice, or

(2) Believes that such person will be injured by a discriminatory housing practice that is about to occur.

Complainant means a person who lodges or files a written complaint with the fair housing office.

Conciliation means the attempted resolution of issues raised by a complainant or by the investigation of the complaint, through informal negotiations involving the aggrieved person, the respondent, and the fair housing office.

Conciliation agreement means a written agreement setting forth the resolution of the issues in conciliation.

Disability means:

(1) A physical or mental impairment that substantially limits one or more of the major life activities of such individual;

(2) A record of such an impairment; or

(3) Being regarded as having such an impairment.

This term does not include the current, illegal use of or addiction to a controlled substance as defined under state and federal law.

Discriminatory housing practice means an act prohibited by this division.

Dwelling means:

(1) Any building, structure, or part of a building or structure that is occupied as, or designed or intended for occupancy as, a residence by one or more families, and

(2) Any vacant land that is offered for sale or lease for the construction or location of a building, structure or part of a building or structure described in subsection (1) of this definition.

Fair housing office means the city office designated by the city manager to take complaints in violation of this division and to assist in conciliation.

Familial status means the status of a person resulting from being:

(1) Pregnant;

(2) Domiciled with an individual younger than eighteen (18) years of age in regard to whom the person:

a. Is the parent or legal guardian, or

b. Has the written permission of the parent or legal guardian for domicile with the individual; or

(3) In the process of securing legal custody of an individual who is younger than eighteen (18) years of age.

Family includes a single individual.

Major life activities mean functions such as, but not limited to, caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working.

Person means one or more individuals, corporations, partnerships, associations, labor organizations, legal representatives, mutual companies, joint-stock companies, trusts, unincorporated organizations, trustees, trustees in cases under Title 11 of the United States Code, receivers, and fiduciaries.

Residence does not include a hotel, motel, or similar public accommodation where occupancy is available exclusively on a temporary, day-to-day basis.

Respondent means:

(1) The person accused of a violation of this division in a complaint of a discriminatory housing practice, and

(2) Any person identified as an additional or substitute respondent.

To rent includes to lease, sublease, to let, or to otherwise grant for a consideration the right to occupy premises not owned by the occupant.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Subdivision III. Prohibitions Against Discrimination

Sec. 2-625. Sale or rental.

(a) A person may not refuse to sell or rent a dwelling to a person who has made a bona fide offer; refuse to negotiate for the sale or rental of a

dwelling; or otherwise make unavailable or deny a dwelling to any person because of race, color, religion, sex, sexual orientation, gender identity, veteran status, disability, familial status, national origin or age.

(b) A person may not discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling or in providing services or facilities in connection with the sale or rental, because of race, color, religion, sex, sexual orientation, gender identity, veteran status, disability, familial status, national origin or age.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-626. False representation; inspection.

A person may not represent to any person because of race, color, religion, sex, sexual orientation, gender identity, veteran status, disability, familial status, national origin or age that a dwelling is not available for inspection, sale, or rental when the dwelling is in fact so available.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-627. Entry into neighborhood.

A person may not, for profit, induce or attempt to induce a person to sell or rent a dwelling by representations regarding the entry or prospective entry into a neighborhood of a person of a particular race, color, religion, sex, sexual orientation, gender identity, veteran status, disability, familial status, national origin or age.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-628. Disability.

(a) A person may not discriminate in the sale or rental or otherwise make unavailable or deny a dwelling to a buyer or renter because of a disability of:

(1) That buyer or renter;

(2) A person residing in or intending to reside in that dwelling after it is sold, rented, or made available; or

(3) Any person associated with that buyer or renter.

(b) A person may not discriminate against any person in the terms, conditions, or privileges of sale or rental of a dwelling or in the provision of services or facilities in connection with the dwelling because of a disability of:

(1) That person;

(2) A person residing in or intending to reside in that dwelling after it is sold, rented, or made available; or

(3) Any person associated with that person.

(c) For purposes of this section only, discrimination includes:

(1) A refusal to permit, at the expense of the disabled person, reasonable modifications of existing premises occupied or to be occupied by such person if such modifications may be necessary to afford such person full enjoyment of the premises, except that, in the case of a rental, the landlord may where it is reasonable to do so condition permission for a modification on the renter agreeing to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted.

(2) A refusal to make reasonable accommodations in rules, policies, practices, or services, when the accommodations may be necessary to afford a disabled person equal opportunity to use and enjoy a dwelling, including public and common use areas.

(3) In connection with the design and construction of covered multifamily dwellings for first occupancy after March 13, 1991, a failure to design and construct those dwellings in a manner that:

a. The public use and common use portions of such dwellings are readily accessible to and usable by persons with disabilities;

b. All the doors designed to allow passage into and within all premises within such dwellings are sufficiently wide to allow passage by persons in wheelchairs; and

c. All premises within such dwellings contain the following features of adaptive design:

1. An accessible route into and through the dwelling;
2. Light switches, electrical outlets, thermostats, and other environmental controls in accessible locations;
3. Reinforcements in bathroom walls to allow later installation of grab bars; and
4. Usable kitchens and bathrooms such that an individual in a wheelchair can maneuver about the space.

(d) Compliance with the appropriate requirements of the American National Standard Institute for buildings and facilities providing accessibility and usability for persons with physical disabilities, commonly cited as "ANSI A 117.1," suffices to satisfy the requirements of subsection (c)(3)c. of this section.

(e) As used in this subsection, the term "covered multi-family dwellings" means:

(1) Buildings consisting of four (4) or more units if the buildings have one or more elevators, and

(2) Ground floor units in other buildings consisting of four (4) or more units.

(f) Nothing in this subsection requires that a dwelling be made available to an individual whose tenancy would constitute a direct threat to the health or safety of other individuals or whose tenancy would result in substantial physical damage to the property of others.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-629. Publication.

A person may not make, print, or publish or cause to be made, printed, or published any notice, statement, or advertisement with respect to the sale or rental of a dwelling that indicates any preference, limitation, or discrimination based on race, color, religion, sex, sexual orientation, gender identity, veteran status, disability, or familial status, national origin or age, or an intention to make such a preference, limitation, or discrimination.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-630. Residential real estate related transaction.

(a) A person whose business includes engaging in residential real estate related transactions may not discriminate against a person in making a real estate related transaction available or in the terms or conditions of a real estate related transaction because of race, color, religion, sex, sexual orientation, gender identity, veteran status, disability, familial status, national origin or age.

(b) In this section, "residential real estate related transaction" means:

(1) Making or purchasing loans or providing other financial assistance,

a. To purchase, construct, improve, repair, or maintain a dwelling, or

b. Secured by residential real estate; or

(2) Selling, brokering, or appraising residential real property.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-631. Brokerage services.

A person may not deny any person access to, or membership or participation in, a multiple-listing service, real estate brokers' organization or other service, organization, or facility relating to the business of selling or renting dwellings, or discriminate against a person in the terms or conditions of access, membership, or participation in such an organization, service, or facility because of race, color, religion, sex, sexual orientation, gender identity, veteran status, disability, familial status, national origin or age.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-632. Interference with exercise of rights unlawful.

It shall be unlawful to coerce, intimidate, threaten or interfere with any person in the exercise or enjoyment of, or on account of his/her

having exercised or enjoyed, or on account of his/her having aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by this division, including the giving of testimony or provision of information in aid of investigation or discovery under this division.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-633. Consideration of non-discriminatory factors.

Nothing in this division prohibits:

(1) Consideration of a person's conviction under federal law or the law of any state for the illegal manufacture or distribution of a controlled substance.

(2) A person engaged in the business of furnishing appraisals of real property from taking into consideration factors other than race, color, religion, sex, sexual orientation, gender identity, veteran status, disability, familial status, national origin or age.

(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Subdivision IV. Exemptions

Sec. 2-634. Sales and rentals exempted.

(a) Subject to subsection (b) of this section, sections 2-625 through 2-628 of this division do not apply to:

(1) The sale or rental of a single-family house sold or rented by an owner if:

a. The owner does not:

1. Own more than three (3) single-family houses at any one time, and

2. Own any interest in, nor is there owned or reserved on his behalf, under any express or voluntary agreement, title to or any right to any part of the proceeds from the sale or rental of more than three (3) single-family houses at any one time; and

b. The house is, or was sold or rented without:

1. The use of the sales or rental facilities or services of a real estate broker, agent, or salesman licensed under applicable state law or of an employee or agent of a licensed broker, agent, or salesman, or the facilities or services of the owner of a dwelling designed or intended for occupancy by five (5) or more families; and

2. The publication, posting, or mailing of a notice, statement or advertisement prohibited by section 2-629 of this division; or

(2) The sale or rental of rooms or units in a dwelling containing living quarters occupied or intended to be occupied by no more than four (4) families living independently of each other if the owner maintains and occupies one of the living quarters as the owner's residence.

(b) The exemption set forth in subsection (a)(1) of this section applies only to one sale or rental within a 24-month period if the owner did not reside in the house at the time of sale or rental or was not the most recent resident of the house prior to the sale or rental.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-635. Religious organizations and private clubs exempted.

(a) This division does not prohibit a religious organization, association, or society, or a nonprofit institution or organization operated, supervised, or controlled by or in conjunction with a religious organization, association, or society, from:

(1) Limiting the sale, rental, or occupy dwellings that it owns or operates for other than a commercial purpose to persons of the same religion, or

(2) Giving preference for such dwellings to persons of the same religion, unless membership in the religion is restricted because of race, color or national origin.

(b) This division does not prohibit a private club not in fact open to the public that, as an incident to its primary purpose, provides lodging that it owns or operates for other than a commercial purpose from limiting the rental or occupancy of that lodging to its members or from giving preference to its members.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-636. Housing for elderly exempted.

(a) The provisions of this division relating to familial status do not apply to housing for older persons.

(b) In this section "housing for older persons" means housing:

(1) That the Secretary of the United States Department of Housing and Urban Development determines is specifically designed and operated to assist elderly persons under a federal or state program;

(2) Intended for, and solely occupied by, persons sixty-two (62) years of age or older; or

(3) Intended and operated for occupancy by at least one person fifty-five (55) years of age or older per unit as determined by the Secretary of the United States Department of Housing and Urban Development. To the extent that such a determination falls within the jurisdiction of the United States Department of Housing and Urban Development, the following factors at minimum must be present for the dwelling(s) to qualify for the exemption:

a. The existence of significant facilities and services specifically designed to meet the physical or social needs of older persons, or if the provision of such facilities and services is not practicable, that such housing is necessary to provide important housing opportunities for older persons;

b. That at least eighty (80) percent of the units are occupied by at least one person fifty-five (55) years of age or older per unit; and

c. The publication of, and adherence to policies and procedures which demonstrate an intent by the owner or manager to provide housing for persons fifty-five (55) years of age or older.

(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-637. Appraisal exemption.

This division does not prohibit a person engaged in the business of furnishing appraisals of residential real property from taking into consideration factors other than race, color, religion, sex, sexual orientation, gender identity, veteran status, disability, familial status, national origin or age.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-638. Effect on other law.

This section and division do not affect a requirement of nondiscrimination in any other local, state or federal law.
(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Subdivision V. Enforcement

Sec. 2-639. Complaints.

The fair housing office shall upon receipt of a written complaint under oath, made by an aggrieved person charging a violation of any provision of the prohibitive sections of this division, make a prompt and full investigation of the complaint. If after such investigation, the fair housing office determines that a violation has occurred it shall attempt to eliminate the discriminatory housing practices by conciliation and persuasion. If the fair housing office fails in the conciliation proceedings, it shall forward all papers, including the written complaint, investigation, record of conciliation proceedings, factual findings and its recommendation to the city attorney and/or the U.S. Department of Housing and Urban Development for further prosecution. The complaint, investigation and conciliation proceedings shall be confidential records and proceedings of the fair housing office shall not be made public except upon the authority of the city council. The

city attorney shall review the proceedings and shall take appropriate legal action if it is deemed appropriate.

(1) In any proceeding brought pursuant to this section, the burden of proof shall be on the complainant;

(2) A complaint provided for in this division shall be filed within thirty (30) days after the alleged discriminatory housing practice occurred. Complaints shall state the facts upon which the allegations of a discriminatory housing practice are based. Complaints may be reasonably and fairly amended at any time. A respondent may file an answer to the complaint against him and with the leave of the fair housing office, which shall be granted whenever it would be reasonable and fair to do so, may amend his answer at any time. Both complaints and answers shall be signed.

(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

DIVISION 7. TITLE VI COMPLIANCE

Sec. 2-640. Policy.

It is the policy of the city, as a recipient of Federal financial assistance and under Title VI of the Civil Rights Act of 1964, and related statutes, to ensure that no person shall on the grounds of race, religion (where the primary objective of the financial assistance is to provide employment per 42 U.S.C. Section 2000d-3), color, national origin, sex, sexual orientation, gender identity, veteran status, age, or disability be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination or retaliation under any federally or non-federally funded city programs or activities administered by the city or its contractors.

(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

Sec. 2-641. Complaint procedures.

The complaint procedures for Title VI transportation related programs, projects or activities known as Methods of Administration (MOA) can be found on the city's website.

(Ord. No. 2013-09-05-0577, § 1, 9-5-13)

ARTICLE XI. VETERANS CONTRACTING PREFERENCE PROGRAM

Sec. 2-642. Declaration of policy.

(a) It is the policy of the city to grant a preference to veteran-owned small businesses in accordance with the program set forth below, unless doing so would be contrary to the best interests of the city.

(b) Nothing in this article prohibits the city from rejecting any and all bids or offers.

(c) Nothing in this article requires the city to conduct a competitive solicitation for a contract.

(Ord. No. 2013-12-05-0864, § 1, 12-5-13; Ord. No. 2014-11-13-0924, § 2, 11-13-14)

Sec. 2-643. Definitions.

The words and phrases defined in this section and used in this article have the following meanings:

Concession contracts mean the renting of city-owned space on a contractual basis for the purpose of making a profit by selling a commodity/service.

Joint venture means a collaboration of for-profit business entities, in response to a solicitation, which is manifested by a written agreement, between two (2) or more independently owned and controlled business firms to form a third business entity solely for purposes of undertaking distinct roles and responsibilities in the completion of a given contract. Under this business arrangement, each joint venture partner shares in the management of the joint venture and also shares in the profits or losses of the joint venture enterprise commensurately with its contribution to the venture.

Respondent means a person or business entity that submits a responsive bid or proposal for a discretionary contract.

Small business means a business that does not exceed the U.S. Small Business Administration's size standards for small business preference eligibility, which vary by work category, as set forth in 13 CFR, § 121.201, as amended.

Veteran, as defined in 38 CFR § 74.1, as amended, is a person who served on active duty with the U.S. Army, Air Force, Navy, Marine Corps or Coast Guard, for any length of time and at any place and who was discharged or released under conditions other than dishonorable. Reservists or members of the National Guard called to federal active duty or disabled from a disease or injury incurred or aggravated in line of duty or while in training status also qualify as a veteran.

Veteran-owned small business (VOSB), as specified in 38 CFR § 74.1, as amended, is a business that is not less than fifty-one (51) percent owned by one (1) or more veterans, or in the case of any publicly owned business, not less than fifty-one (51) percent of the stock of which is owned by one (1) or more veterans; the management and daily business operations of which are controlled by one (1) or more veterans and qualifies as "small" for federal business size standard purposes. When used in this article, the term "VOSB" includes service-disabled veteran-owned small business, as that term is specified in 38 CFR § 74.1, as amended.
(Ord. No. 2013-12-05-0864, § 1, 12-5-13; Ord. No. 2014-11-13-0924, § 2, 11-13-14)

Sec. 2-644. Applicability.

The provisions of this policy apply to procurements of discretionary expenditure and revenue contracts for goods, services, and concessions, where the selection criteria is not limited by state or federal law in a manner that prevents application of the preference provided in this article. This policy does not apply to any expenditure or revenue contract with a value that is less than the amount that is required to be bid pursuant to state law (V.T.C.A., Local Government Code ch. 252, and as amended), currently fifty thousand dollars ($50,000.00) or less.
(Ord. No. 2013-12-05-0864, § 1, 12-5-13; Ord. No. 2014-11-13-0924, § 2, 11-13-14)

Sec. 2-645. Preference provided.

(a) When conducting a competitive solicitation procedure for a contract to which this policy applies, five (5) percent of the evaluation points (five (5) points, based upon a 100-point scale), shall be awarded to a respondent that is a VOSB.

(b) If the respondent is a joint venture with a VOSB member who is performing a commercially useful function on the city contract for which the respondent is seeking the preference, the respondent shall be eligible for a percentage of the VOSB evaluation points referenced above, which shall be awarded in direct proportion to the ownership interests of the VOSB in the joint venture.
(Ord. No. 2013-12-05-0864, § 1, 12-5-13; Ord. No. 2014-11-13-0924, § 2, 11-13-14)

Sec. 2-646. Comparison of qualifications.

The preference established herein does not prohibit or limit the right of the city to compare the quality of services proposed, or qualifications, character, responsibility and fitness of all persons or entities submitting responses to solicitations. In addition, the preference established herein does not prohibit the city from giving any other preference permitted by law in addition to this preference.
(Ord. No. 2013-12-05-0864, § 1, 12-5-13; Ord. No. 2014-11-13-0924, § 2, 11-13-14)

Sec. 2-647. Responsibilities and enforcement.

(a) The finance department, purchasing division ("purchasing"), shall establish a methodology for certification as a VOSB. The city may rely on a party's inclusion in the database of VOSBs maintained by the U.S. Small Business Administration, or certification by another public or private entity that uses similar certification procedures.

(b) The purchasing division shall provide written guidance to departments upon implementation of this article, and shall work with the director of the city's economic development department to provide interpretive guidance and criteria related to joint ventures seeking preferences under this and other city programs to ensure uniform application that meets the intent of this article.

(c) The submission of documentation by a person or business entity that is required to establish status as a VOSB, or to demonstrate the existence of and participation in a joint venture, that is found to contain false information is grounds for debarment.

(d) Successor authority. The departmental roles and responsibilities established by this article are extended to any successor department or division that performs comparable duties, in the event of an organizational restructuring or the creation of new or changed departments or divisions, or as otherwise provided by the city manager.
(Ord. No. 2013-12-05-0864, § 1, 12-5-13; Ord. No. 2014-11-13-0924, § 2, 11-13-14)

Sec. 2-648—2-660. Reserved.

ARTICLE XII. LOCAL PREFERENCE PROGRAM*

Sec. 2-661. Declaration of policy.

(a) It is the policy of the City of San Antonio (the "city") to use its spending powers to promote fiscal responsibility and maximize the amount of resident tax dollars that remain in the local economy for the benefit of its citizens by utilizing all available legal opportunities to contract with city businesses.

(b) It is the policy of the city to place an affirmative duty on city departments to grant a preference to city businesses unless doing so would be contrary to the best interests of the city.

(c) It is the policy of the city to achieve the policy goal in subsection (a) above by utilizing all permissible tools.

(d) Nothing in the article prohibits the city from rejecting any and all bids.
(Ord. No. 2013-12-05-0865, § 2, 12-5-13; Ord. No. 2014-11-13-0923, § 2, 11-13-14)

*__Editor's note—__Ord. No. 2013-12-05-0865, § 2, adopted December 5, 2013, redesignated the former article X, §§ 2-543—2-550 as article XII, §§ 2-661—2-668. The former article X pertained to similar subject matter, and derived from Ord. No. 2013-03-21-0167, § 2, adopted March 21, 2013.

Sec. 2-662. Definitions.

The words and phrases defined in this section and used in this article have the following meanings:

Bid means a response to a procurement for goods or non-professional services awarded solely on the basis of price.

Bidder means a responsible person or business entity that submits a responsive bid.

Centralized vendor registry (CVR) means a mandatory electronic system wherein the city requires all prospective bidders, respondents and subcontractors that are ready, willing and able to sell goods or services to the city to register. The CVR system assigns a unique identifier to each registrant that is then required for the purpose of submitting solicitation responses and invoices, and for receiving payments from the city.

City business means a business with a principal place of business within the city limits.

Headquartered means the place where a business entity's officers direct, control and coordinate the entity's activities.

Joint venture means a collaboration of business entities, in response to a solicitation, which is manifested by a written agreement between two (2) or more independently owned/governed and controlled business firms to form a third business entity solely for purposes of undertaking distinct roles and responsibilities in the completion of a given contract. Under this business arrangement, each joint venture partner shares in the management of the joint venture and also shares in the profits or losses/surplus or deficits of the joint venture enterprise commensurately with its contribution to the venture.

Managing department means the department managing the procurement for a contract.

PDFD means the purchasing division of the city's finance department, or successor division or department with primary responsibility for procurement.

Principal place of business means a business headquartered for one (1) year or more or having

an established place of business for one (1) year or more in the incorporated limits of the city and from which at least one hundred (100) of its employees or at least twenty (20) percent of its total number of full-time, part-time and contract employees are regularly-based and from which a substantial role in the business's performance of a commercially useful function or a substantial part of its operations is conducted by those employees. A location utilized solely as a post office box, mail drop or telephone message center or any similar combination, with no other substantial work function, is not a principal place of business.
(Ord. No. 2013-12-05-0865, § 2, 12-5-13; Ord. No. 2014-11-13-0923, § 2, 11-13-14; Ord. No. 2022-12-15-0981, § 2, 12-15-22)

Sec. 2-663. Purchases of personal property.

(a) Contracts of fifty thousand dollars ($50,000.00) to under five hundred thousand dollars ($500,000.00). In purchasing any personal property that is not affixed to real property, if the city receives one (1) or more bids from a bidder that is a city business and whose bid is within five (5) percent of the lowest bid price received by the city from a bidder who is not a city business, the city shall enter into a contract that requires an expenditure of fifty thousand dollars ($50,000.00) to under five hundred thousand dollars ($500,000.00) with the bidder that is a city business.

(b) Contracts of five hundred thousand dollars ($500,000.00) or more. In purchasing any personal property that is not affixed to real property, if the city receives one (1) or more bids from a bidder that is a city business and whose bid is within three (3) percent of the lowest bid price received by the city from a bidder who is not a city business, the city shall enter into a contract that requires an expenditure of five hundred thousand dollars ($500,000.00) or more with the bidder that is a city business.

(c) When a bidder is a joint venture, each joint venture partner must meet the definition of a city business to be eligible for the preference described in this section.
(Ord. No. 2013-12-05-0865, § 2, 12-5-13; Ord. No. 2014-11-13-0923, § 2, 11-13-14; Ord. No. 2022-12-15-0981, § 2, 12-15-22)

Sec. 2-664. Purchases of non-professional services.

(a) Non-professional services contracts of fifty thousand dollars ($50,000.00) to under five hundred thousand dollars ($500,000.00). In procuring non-professional services, excluding construction services, if the city receives one (1) or more bids from a bidder that is a city business and whose bid is within five (5) percent of the lowest bid price received by the city from a bidder who is not a city business, the city shall enter into a contract that requires an expenditure of fifty thousand dollars ($50,000.00) to under five hundred thousand dollars ($500,000.00) with the bidder that is a city business.

(b) Construction services contracts of fifty thousand dollars ($50,000.00) to under one hundred thousand dollars ($100,000.00). In procuring non-professional construction services, if the city receives one (1) or more bids from a bidder that is a city business and whose bid is within five (5) percent of the lowest bid price received by the city from a bidder who is not a city business, the city shall enter into a contract that requires an expenditure of fifty thousand dollars ($50,000.00) to under one hundred thousand dollars ($100,000.00) with the bidder that is a city business.

(c) When a bidder is a joint venture, each joint venture partner must meet the definition of a city business to be eligible for the preferences described in this section.
(Ord. No. 2013-12-05-0865, § 2, 12-5-13; Ord. No. 2014-11-13-0923, § 2, 11-13-14; Ord. No. 2022-12-15-0981, § 2, 12-15-22)

Sec. 2-665. Purchases of professional services; revenue and concession contracts.

(a) In procuring professional services under the Professional Services Procurement Act, V.T.C.A., Government Code § 2254.004, the managing department may, when appropriate, award up to twenty (20) points to a respondent based upon knowledge of, and experience regarding, local conditions as part of the qualifications determination.

(b) In procuring other professional services not governed by statute, revenue and concession contracts, the managing department may, when appropriate, award ten (10) points to a respondent that is a city business headquartered within the incorporated limits of the city, or five (5) points to a respondent that is a city business not headquartered within the incorporated limits of the city.

(c) For respondents submitting responses as a joint venture to solicitations for professional services not governed by statute, revenue and concession contracts, the following is applicable:

(1) For joint ventures, ownership and location of the individual entities entering into the joint venture relationship may be considered in the award of points. To be considered for points, at least one of the entities must be a city business; and

(2) Allocation of points for joint ventures may be determined by the percentage of ownership by a city business(es). If the city business entity(ies) is (are) headquartered within the incorporated limits of the city for one year or more, the managing department may, when appropriate, allocate a percentage of ten (10) points based upon the percentage of city business ownership in the joint venture. If the city business entity(ies) is (are) not headquartered within the incorporated limits of the city for one year or more, the managing department may, when appropriate, allocate a percentage of five (5) points based on the percentage of city business ownership in the joint venture.

(Ord. No. 2013-12-05-0865, § 2, 12-5-13; Ord. No. 2014-11-13-0923, § 2, 11-13-14)

Sec. 2-666. Reserved.

Sec. 2-667. Responsibilities and enforcement.

(a) PDFD shall determine the feasibility of establishing functionality in the city's Centralized Vendor Registry (CVR) necessary for a bidder to establish that it has a principal place of business in the city.

(b) The director of the managing department shall maintain written records of all departmental actions under this program.

(c) The PDFD is directed to provide written guidance to departments upon implementation of this article and shall work with the director of the city's economic development department to provide interpretive guidance and criteria related to joint ventures seeking preferences under this and other city programs to ensure uniform application that meets the intent of this article.

(d) The submission of documentation by a business entity that is required to establish a principal place of business, or to demonstrate the existence of and participation in a joint venture, that is found to contain false information is grounds for debarment.

(e) The PDFD shall produce quarterly reports, summarizing the dollar amount of procurements awarded to city businesses under this program.

(f) Successor authority. The departmental roles and responsibilities established by this article are extended to any successor department or division that performs comparable duties, in the event of an organizational restructuring or the creation of new or changed departments or divisions, or as otherwise provided by the city manager.

(Ord. No. 2013-12-05-0865, § 2, 12-5-13; Ord. No. 2014-11-13-0923, § 2, 11-13-14)

Sec. 2-668. Exceptions.

(a) This program does not apply to any contract funded in whole or in part by the federal government or where the city acts as a conduit for federal money, unless otherwise allowed by applicable federal statutes or the federal grantor expressly mandates or encourages geographic preference.

(b) This program does not apply to contracts where the managing department or city council has determined that it would not be in the best interest of the city.

(c) In accordance with V.T.C.A., Local Government Code § 271.9051, this program does not apply to the purchase of telecommunications services or information services, as those terms are defined by 47 U.S.C.A. § 153.

(Ord. No. 2013-12-05-0865, § 2, 12-5-13; Ord. No. 2014-11-13-0923, § 2, 11-13-14; Ord. No. 2022-12-15-0981, § 2, 12-15-22)

ARTICLE I. IN GENERAL

Secs. 3-1—3-15. Reserved.

ARTICLE II. SAN ANTONIO INTERNATIONAL AIRPORT AND STINSON MUNICIPAL AIRPORT RULES AND REGULATIONS*

DIVISION 1. GENERAL PROVISIONS/PERSONAL CONDUCT

Sec. 3-16. Generally.

All users of, and persons on, the airport shall be governed by the provisions of this chapter and other rules promulgated by the aviation director in compliance with federal regulations. The provisions of this chapter may be changed or amended from time to time by the aviation director with approval from city council. The aviation director shall have authority to take such actions as may be necessary to safeguard persons and property at the airport, and to make and enforce such provisions, in addition to those provided herein, as shall be required in any emergency or abnormal condition or situation.

This chapter is not intended to amend, modify, or supersede any provisions of federal, state, or local law, or any specific contractual agreement of the city with which it may conflict; provided, however, that this chapter shall, insofar as possible, be interpreted such that a conflict shall not exist.

All users of and persons on the airport shall obey all rules and regulations relating to the use of facilities of the airport. These include all fire, safety, and health regulations. Each person shall obey the laws and regulations of the United States of America, the State of Texas, and Bexar County, and all applicable city ordinances as now exist or as hereafter shall exist.

Further, if any provision of this article is held to be invalid, the remainder of these rules and regulations shall remain in effect.
(Ord. No. 2015-04-09-0289, § 1(Att. I), 4-9-15)

Sec. 3-17. Definitions.

Air operations area (AOA): The AOA consists of all areas contained within the airport perimeter fence at San Antonio International Airport and Stinson Municipal Airport. At San Antonio International Airport, this area is subject to all the requirements set forth in the airport security program.

Aircraft: A device used or intended to be used for flight in the air.

Aircraft accident: An occurrence associated with an aircraft operation that takes place between the time any person boards the aircraft with the intention of flight and until such time as all such persons have disembarked, and in which any person suffers death or serious injury, or in which the aircraft receives substantial damage. All aspects of the exceptions to substantial damage (see "substantial damage") should be considered before making a final substantial damage determination that would classify the occurrence as an aircraft accident.

Aircraft engine: An engine used or intended to be used for propelling aircraft, including turbo superchargers, appurtenances, and accessories necessary for its functioning, but not including propellers.

Aircraft incident: An occurrence other than an aircraft accident associated with an aircraft operation that affects or could affect the safety of future operations.

Aircraft support vehicles (commonly referred to as *ground service equipment*): Vehicles that are routinely used on the AOA to support aircraft operations (e.g. aircraft pushback tractors, baggage/cargo tractors or trucks, air conditioning

*__Editor's note—__*Ord. No. 2015-04-09-0289, § 1(Att. I), adopted April 9, 2015, amended article II in its entirety to read as herein set out. Formerly, article II, divisions 1—10, pertained to similar subject matter, and derived from Ord. No. 2013-01-31-0073, § 1(Att. 1), adopted January 31, 2013; Ord. No. 2011-01-20-0048, § 1(Att. I), adopted January 20, 2011; Ord. No. 2011-09-15-0752, § 1(Att. C), adopted September 15, 2011, and Ord. No. 2012-09-13-0699, § 2(Att. C), adopted September 13, 2012.

Cross reference—Motor vehicles and traffic generally, § 19-1 et seq.

and aviation fuel trucks). These vehicles are typically owned by airlines, vendors or contractors and are not eligible for federal funding.

Airfield service vehicles: Vehicles that are routinely used in the AOA for airfield service, maintenance, or construction (e.g. snow blowers, snowplows, maintenance trucks, airport operations, security, safety, airport police, Aircraft Rescue and Firefighting (ARFF) and tractors).

Airport: Any facility or area of land or water intended to be used for the landing, maneuvering, and taking off of aircraft, and including all contiguous property thereto held or used for airport purposes, including all improvements and appurtenances thereon, regardless of the fact that they may be owned, controlled, leased, or occupied by persons or governmental agencies other than the city. Within these rules and regulations, unless otherwise specified, the term "airport" shall refer to both San Antonio International Airport and Stinson Municipal Airport.

Airport business: Any person or legal entity that operates a business or not-for-profit activity at the airport under a lease, concession agreement, operating agreement, permit, right-of-entry, contract, use and lease agreement, purchase order, license, or other legal authority, including subcontractors, sublessees, and vendors. Acts or omissions of an airport business's employees, officers, contractors, and other representatives are attributed to the airport business for purposes of application and enforcement of this chapter.

Aviation director: As used in this chapter, the aviation director of the city, referred to within these rules and regulations as "aviation director" or "director," and includes any subordinate specifically authorized to act on his/her behalf. The director shall be responsible for procedures and the safe and efficient operation, management, and maintenance of San Antonio International Airport, Stinson Municipal Airport, and all city-owned facilities and equipment in connection therewith, and for the enforcement of all ordinances, provisions, and rules governing airport operations.

Airport highways, streets, or roads: Any designated roadway and right-of-way established on airport property by the aviation director for use by motorized vehicles.

Airport identification media: Identification media issued by the badge and identification office of the airport security division which has been approved by the Transportation Security Administration for the San Antonio International Airport.

Airport police: The San Antonio Airport Police Division of the San Antonio Police Department or similar entity charged with policing duties at the airport.

Airport security program (ASP): A Transportation Security Administration (TSA) approved airport operator's manual that governs security-related activities, communications, and procedures.

Business day: Monday to Friday 8:00 am to 4:30 pm, not including holidays recognized by the city and weekends

City: The City of San Antonio, Texas.

City Council: The City Council of the city of San Antonio, Texas.

DHS: The United States Department of Homeland Security.

Driver: Any person responsible for the direct control of a vehicle of any type, while the vehicle is in operation.

Emergency vehicle: Vehicles of the police departments, fire departments, ambulances, airport operations and security vehicles, and/or vehicles conveying an airport official or airport employee in response to any emergency call.

Experimental flights: The operation of any aircraft holding an experimental airworthiness certificate issued by the Federal Aviation Administration (FAA) or the appropriate foreign government.

Federal Aviation Administration (FAA): The United States Department of Transportation's Federal Aviation Administration.

Foreign object debris (FOD): Any object located in an inappropriate location in the airport environment that is capable of causing injury to airport or airline personnel and/or damaging aircraft.

Geo-fence: A polygon whose points are geographic coordinates which define a virtual boundary around a geographic area on SAT property designated by SAT. There may be multiple geo-fences that are nested or geographically separate from the main fence surrounding the entire airport property.

Ground demonstrations: The operation or movement of any aircraft or aircraft engine for the purpose of displaying the operation of said aircraft or aircraft engine to persons not on board the aircraft. Such operations or movements do not include engine runups at approved locations and times as designated by the director.

Movement area: The runways, taxiways, and other areas of an airport that aircraft use for taxiing, takeoff, and landing, exclusive of loading ramps and parking areas, and that are under the control of an airport traffic control tower.

Night: The time between the end of evening civil twilight and the beginning of morning civil twilight, as published in the American Air Almanac, converted to local time.

Non-movement area: The taxiways, aprons, and other areas not under the control of an airport traffic control tower or at an airport without an operating airport traffic control tower. Non-movement areas are under the direct control of airport operations.

Obstruction: Any structure, growth, or other object, including a mobile object, that exceeds the height limitations established by federal regulations in the vicinity of the airport.

Person: Any individual, partnership, corporation or government entity.

Restricted area: Any area the director designates as restricted under certain circumstances from time to time, either in writing or by means of maps or barriers, and in which the general public is not allowed.

Safety area: A defined surface alongside of a runway, taxiway, or taxilane that has been prepared or is suitable for reducing the risk of damage to an aircraft in case of an unintentional departure from the paved surface.

San Antonio Airport System: San Antonio International Airport or Stinson Municipal Airport and the aviation department of the City of San Antonio.

Secured area: A portion of an airport, specified in the airport security program, in which certain security measures are specified by federal regulations. This area is where aircraft operators and airlines enplane and deplane passengers and sort and load baggage. This area includes ramps and aprons where commercial aircraft park.

Security identification display area (SIDA): A portion of an airport specified in the airport security program, in which security measures specified in 49 C.F.R. Part 1542 are carried out. This area at San Antonio International Airport includes the secured area and the AOA.

Sterile area: The area beyond the airport passenger security checkpoints that provides passengers access to board aircraft and to which access generally is regulated by the TSA, through the screening of persons and property.

Substantial damage: Damage or failure that adversely affects the structural strength, performance, or flight characteristics of the aircraft, and that would normally require major repair or replacement of the affected component. Engine failure or damage limited to an engine if only one (1) engine fails or is damaged, bent fairings or cowling, dented skin, small puncture holes in the skin or fabric, ground damage to rotor or propeller blades, or damage to landing gear, wheels, tires, flaps, engine accessories, brakes, or wing tips are not considered substantial damage for purposes of this chapter.

Surface area airspace: The airspace area within which the provisions of these rules and regulations govern, including areas inside and outside the corporate city limits as defined by city ordinances or by Federal Aviation Regulations (FARs), which is the airspace contained by the

lateral boundary of the federally designated class of airspace for an airport, beginning at the surface and extending upward.

Taxi hold lot: The primary queue lot for taxis awaiting dispatch to the terminal area.

Transportation network company ("TNC"): A firm, corporation or company that uses an internet enabled application or digital platform to send or transmit an electronic, radio or telephonic communication through the use of a portable or handheld device, monitor, smartphone or other electronic device to connect passengers with transportation network drivers for transportation network operations.

TNC operator: A person who receives connections to potential passengers and related services from TNC in exchange for payment of a fee to TNC; and uses a TNC vehicle to offer or provide a prearranged ride to passengers upon connection through the digital network controlled by TNC in return for compensation or payment of a fee. A person is acting as a TNC operator anytime the person is a TNC operator on a TNCs digital network, regardless of whether the person has a passenger in the vehicle.

*Transportation Security Administration (TSA):*The United States Department of Homeland Security's Transportation Security Administration.

Ultralight vehicle: An aeronautical vehicle operated for sport or recreational purposes that does not require FAA registration, an airworthiness certificate, nor pilot certification in accordance with Federal Aviation Regulations (FARs).

Vehicle: Any conveyance, except aircraft, used on the ground to transport persons, cargo, and/or equipment, or those conveyances required to perform maintenance, construction, services, and security duties (e.g., aircraft support vehicles, airfield support vehicles, vans, aviation fuel trucks, food service trucks, lavatory trucks, golf carts, and buses).
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-18. Boundaries.

The boundaries of the airport shall include all land owned, leased, or otherwise controlled by the city, whether inside or outside the city limits, for the express purpose of accommodating aviation-related operations, including but not limited to additional areas controlled by the city adjacent to such land at any and all airport facilities for the proper operation of or access to the airport. Such land areas shall be shown on the FAA-approved Airport Layout Plan (ALP) and incorporated herein by reference showing the boundaries of all such controlled areas. A copy of the FAA-approved ALP is on file at the office of the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-19. Damage to or destruction of airport property.

(a) No person shall destroy, or cause to be destroyed, injure, damage, deface, or disturb in any way any building, sign, equipment, marker, or other structure, tree, flower, lawn, or property of any nature located on the airport. Any person causing or responsible for such injury, destruction, damage, or disturbance, including damage caused by the improper operation of a vehicle or aircraft, shall report such damage to the airport police and, upon demand by the director, shall reimburse the city's aviation department for the full amount of the damage(s).

(b) Any SIDA badge holder observing or discovering damage to airport property shall report such damage to the communications center at 207-3433.

(c) The cost of repair or replacement necessitated by any such damage or destruction shall be ascertained by the director, who shall make demand upon said person, owner, or operator for payment thereof. The director may choose to forward information relating to the cost of the repairs or replacement to the risk management division of the city's finance department and request that the department endeavor to recover the costs associated with said repairs or replacement from the individual or entity responsible for the damage. In the event of the failure or refusal of said person, owner, or operator to pay

the amount of such claim for damage or destruction, a full report of the circumstances on which said claim is based, together with a copy of said claim, shall be forwarded to the city attorney, who shall, when directed by the city council, institute all necessary legal proceedings for collection of said claim.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-20. Health.

In an effort to minimize exposure in airport facilities to communicable diseases and to ensure that potential disease vectors from endemic areas that may be harboring in aircraft are not released into San Antonio, all aviation department personnel, airport tenants and their personnel are required to immediately report any known or suspected communicable disease or potential disease vector discovered at San Antonio International and Stinson Municipal Airports to the airport communications center.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-21. Right of inspection.

The city reserves the right to inspect all buildings, improvements, betterments, and equipment located on, or activities conducted at, the airport, including but not limited to fuel equipment, effluent and chemical discharges, and any other inspection necessary to comply with health, safety, and environmental regulations at the federal, state, or local level or to comply with grant assurances made by city to any governmental agency. Advance notice of inspection may be provided by the city as a courtesy, but is not required.

Nothing herein contained shall be construed to limit the use of any area or portion of any terminal space by authorized officers or employees of the airport, or by airport contractors, or to prevent law enforcement or any other public officer or employee from entering upon any part of the airport terminal when properly required to do so in the performance of his/her official duties.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-22. Commercial and non-commercial activities.

(a) *Commercial activities.*

(1) It shall be unlawful for any person or entity:

a. To engage in any commercial activity or services on the premises of the airport without first entering into an agreement with the city.

b. To engage in commercial activity not specifically authorized by an agreement with the city.

c. To post, distribute or display signs or advertisements pursuant to the conditions of a written agreement with the city.

(2) *Agreement* shall mean a written contract, authorized by city ordinance as applicable, executed by the parties, and enforceable by law between the city and a person or entity. Such agreement will recite the terms and conditions under which specified activities will be conducted at the airport and the rights and obligations of the respective parties.

(3) *Commercial activity* shall mean and include any and all activity conducted at or out of the airport by any person, in which any product, goods, services, or entertainment is offered, exchanged, or sold for monetary gain, an asset, or service, or the promise thereof.

(b) *Solicitation.*

(1) No person shall engage in any solicitation for any purpose or in any manner on airport property unless such solicitation is authorized pursuant to an agreement with the city.

(2) *Solicitation* or *soliciting* is defined as any request, direct or indirect, for money, credit, property, financial assistance, or other thing of value in pursuit of a commercial activity or for religious, political or charitable purposes. Solicitation, as defined herein, shall be deemed completed when communicated to any

person located upon the airport regardless of whether or not the person making such solicitation receives any contribution or makes any sale.

(c) *Non-commercial activity.*

(1) *Purpose.* The city supports our citizens' freedom to exercise their constitutional rights of free speech, as long as such activity does not interfere with the safe and efficient operation of San Antonio Airport System facilities (including San Antonio International Airport and Stinson Municipal Airport), or impede its passengers, tenants or members of the general public. Any person or organization desiring to use airport property for non-commercial purposes, to include exercising constitutional rights of free speech and freedom of religion, such as public demonstrations or the distribution of literature, shall be permitted to conduct such activities providing the activities meet the criteria indicated in subsection (c)(3), and:

a. Allow for the free, orderly, and efficient flow of pedestrian and vehicular traffic through the airport premises, do not result in impairing or interfering with operational functions; and

b. Protect all persons using the airport from harassment, intimidation, and being subjected to unreasonable contacts by any persons or organizations seeking to exercise rights of free speech.

(2) *General.* No person, group, association, organization, or entity shall engage in picketing, demonstrations, or marches, nor distribute literature of any nature whatsoever on the airport without first obtaining a permit from the director.

(3) *Permits.*

a. The director shall exercise no judgment regarding the purpose or content of the proposed activities, and shall exercise no discretion over the issuance of a registration permit hereunder, it being the intent of this division that the issuance of a permit by the director shall be a routine, clerical, and mandatory function. The director shall consider only factors effecting the safe and efficient operation of the airport. The content or viewpoint of the requestor's speech shall not be considered in any manner by the director.

b. A permit is required to engage in picketing, demonstrations, marches or distribute literature at the airport unless the director waives such requirement. An application showing the nature of the intended activities may be submitted to the director up to thirty (30) days in advance of such activities. Groups or individuals can request a permit and obtain information on the process by calling (210) 207-7242.

The written application shall contain:

1. The full name, residential mailing address, and telephone number of the individual or organization sponsoring, conducting, or promoting the proposed activities;

2. The full name, residential mailing address, and telephone number of the contact person in the organization who will have supervision of and responsibility for the proposed activities;

3. The dates and hours on and during which the activities are proposed to be carried out, and the expected duration of the proposed activities;

4. A description of the proposed activities, indicating the type of communication involved; and

5. The area (if any) of the airport where the applicant prefers to conduct the activity.

c. Timing. Permit(s) shall be requested no later than two (2) calendar days prior to the proposed activity unless the director waives such requirement. Permit will be issued promptly (normally within two (2) calendar days following receipt) by the director of a fully and accurately completed registration form. The director shall issue the person a permit approval letter that shall indicate the person/group's registration number and the date of expiration, and shall designate the area of the airport to which the person/group has been assigned and any other necessary restrictions. If unusual circumstances preclude two (2) day notice for permitting processing, the director may issue approval for public activities, pending submission of a permit request. While the request to the director may be in a form other than a written permit, the director shall, time permitting, provide notification of approval to the requestor through electronic mail, as a minimum, with notification to other aviation department staff. Notification shall include the authorized location for the proposed activities.

d. To enhance access to approved free speech areas by new individuals or groups, the director may implement rules and procedures regarding timing, duration, and/or location(s) of the event(s) in order to provide fair and equitable exposure for an activity, while protecting the safe and efficient operation of the airport.

e. Permit(s) are nontransferable.

f. Any person conducting any activities referred to in this division shall keep the permit approval letter on his or her person at all times while conducting any activities regulated hereunder and shall display the permit approval letter upon the request of any person.

(4) *Location of activities.* In order not to unduly interfere with the orderly flow of the general public, picketing, demonstrations, distribution of literature, marches, or other first amendment activities, the director will provide a prominent area(s) depending on the size of the protesting group that allows reasonable access to the intended audience, while not interfering with the safe and efficient operation of the airport applicant shall have the option of requesting spaces that are not pre-designated in their permit application. The director shall review those requests on a case-by-case basis and will make a decision based on balancing First Amendment rights with the safe and efficient operations of the airport.

a. The director may move the permitted activities from one area to another area when, in the judgment of the director, a move(s) is necessary for the safe and efficient operation of the transportation function of the airport.

b. Reserved.

(5) *Booths.* Booths are identified in subsection (c)(4), and are located inside the terminal building of San Antonio International Airport. One (1) booth will be provided by the city at no cost to the person or persons using the booth. In order not to interfere with the free flow of passenger traffic and efficient airport operations, users/groups must limit activities to the space four (4) feet behind the booth and not to exceed the width of the booth. User/groups may not conduct activities in front of the booth.

(6) *Placard, sign, circular or other written material.* Placard, sign, circular or other written material may be affixed to a booth or carried by participant(s), pursuant to the requirements in subsection

(c)(5), but only during such time as the associated person(s), group, association, or organization physically occupies such booth. The placard, sign, circular or other written material must be affixed only in such a manner as not to damage the booth in any manner and to be easily removable.

(7) *Number of persons.* When the number of persons/groups desiring to engage in picketing, demonstrations, marches, or distribution of literature at the airport exceeds the number specified for any one area as stated herein, the director may impose reasonable and equitable restrictions limiting the dates or hours of such activities in order to provide as fair and equitable as possible an opportunity for all persons to conduct such activities, while ensuring the safe and efficient operation of the transportation function of the airport. Every effort shall be made to identify a location for the proposed activity that allows the expression of speech, including reasonable access to the intended audience and does not interfere with the safe and efficient operation of the airport, its passengers, tenants or members of the general public.

(8) *Prohibited conduct.* The following conduct is prohibited:

a. Performing any ceremony, speech, song, carrying of any sign or placard, or other such activity which constitutes a danger to persons or property, or which hampers, delays or interferes with the authorized business of the airport including, but not limited to, the orderly formation and progression of waiting lines, pedestrian and/or vehicular travel, the issuance of tickets or boarding passes or equivalent documents for air or ground transportation, luggage or cargo movement or handling, the entry to and exit from vehicles, security procedures, government inspection procedures, cleaning, maintenance, repair and/or construction operations.

b. Carrying or displaying a sign or placard larger than twenty-four (24) inches by thirty-six (36) inches (24" × 36") in size.

c. Intentionally leaving unattended any brochure, flyer, or any other item intended for distribution.

d. Distributing any merchandise, including but not limited to jewelry, food stuffs, candles, flowers, badges and clothing.

e. Affixing any placard, sign, circular or other written material to the exterior or interior of any building or other appurtenance within the airport premises, including, but not limited to, any wall post, counter, billboard, or any other surface, with the exception of the city-provided booths in the areas indicated in subsection (c)(4) above.

f. Erecting any table, chair, mechanical device or other structure, with the exception of persons requiring the use of a wheelchair or other disadvantaged related device.

g. Using a stick or pole to support any hand carried sign.

h. Preventing or interfering with the conduct of business at the airport.

i. Soliciting as defined in subsection (b)(2) above.

j. Providing any service.

(9) *Indemnity.* All persons conducting noncommercial activities at the airport agree to indemnify the city, its agents, and employees from and against any and all claims and demands from third parties, whether just or unjust, for personal injuries (including death) and/or property damage (including theft or loss) caused by, or alleged to be caused by, the activities of such person on airport property.

(d) *Emergencies.* The director is empowered to wholly or partially restrict or suspend the activities authorized under permits issued pursuant to subsection (c)(3) above in the event of emergencies that disrupt the normal operations of the airport or threaten the security of the general public. Emergencies include, but are not limited to, unusual conditions due to adverse weather, emergency security measures, aircraft or traffic accidents, power failures, fires, or other emergency conditions or circumstances disrupting the normal operations of the airport.

(e) *Revocation of permit.* A permit granted pursuant to subsection (c)(3) above may be revoked by the director for any of the following reasons:

(1) Violation of any provision or restriction of the registration form;

(2) Any action by permittee that adversely affects the safety of the public;

(3) Discovery of fraud or misrepresentation in the permit application; or

(4) Violation of any of the terms and conditions of this chapter.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-03-01-0151, § 1(Att. B), 3-1-18)

Sec. 3-23. Improper conduct.

(a) No person shall engage in any improper conduct while on airport property. Improper conduct includes, without limitation, using profane or vulgar language; committing a felony or a misdemeanor; unlawfully possessing a firearm or other weapon; fighting, defecating, or urinating in public; gambling or participating in other games of chance where money is involved; failing to cooperate with any airport official in the performance of his or her official duties; willfully assaulting or committing battery upon any person; threatening the safety of any person; recklessly or intentionally destroying property owned by any person; or acting in a manner intended or that is reasonably likely to cause physical injury to any person.

(b) No person shall dispose of garbage, papers, refuse, or other material on the airport except in the receptacles provided for that purpose; nor shall any person expectorate on the floors, walls, or other surfaces of any airport; or use airport property other than in a clean and sanitary manner. Hazardous waste shall be disposed of by the generator in accordance with law, but shall not be placed in airport trash or garbage receptacles.

(c) No person shall touch or tamper with any trap or device used by the director's designee for wildlife mitigation/control.

(d) No person shall intentionally touch any person without his or her consent.

(e) No person shall coerce, obstruct, delay, or interfere with the free movement of any other person, or seeking to coerce or physically disturb any other person.

(f) No person shall impersonate or falsely indicate to the public in any way that he or she is a representative of the city, the airport, or any airline.

(g) No person shall misrepresent his or her identity or misrepresent the organization or purpose of the commercial or non-commercial activity in which the person is engaged.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-24. Drugs, alcohol, and intoxication.

No person shall consume any alcoholic beverage in the terminal except in places specifically designated for dispensing of and consuming alcoholic beverages or as otherwise provided herein.

No person under the influence of alcohol, narcotics, or other controlled substances shall operate a vehicle or aircraft on the airport.

No person in any public area of the terminal or in any restricted area, or in the area adjacent to the aircraft loading gates designated for use by passengers waiting to board an aircraft, shall be in possession of a bottle, can, or other receptacle containing an alcoholic beverage that has been opened, or with a broken seal, or the contents of which have been partially removed, unless the bottle, can, or other receptacle 1) has been purchased in accordance with the provisions of the Texas Alcoholic Beverage Code governing the off-premises consumption of alcohol from a vendor

located within the terminal area which vendor has been issued a valid permit or license issued by the Texas Alcoholic Beverage Commission, or 2) is enclosed in a suitcase or carrying case.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2022-06-16-0433, § 1(Att. A), 6-16-22)

Sec. 3-25. Refuse removal and containers.

(a) Refuse containers in public areas shall be covered. No vehicle or container used for hauling trash, dirt, or any other material shall be operated on the airport unless such vehicle or container is constructed and maintained so as to prevent the contents thereof from dropping, sifting, leaking, or otherwise escaping therefrom. Areas to be used for trash or garbage containers shall be designated by the director, and no other areas shall be so used. Such areas shall be kept clean and sanitary at all times.

(b) It shall be unlawful for any person to search through refuse or garbage material that has been disposed of or abandoned by someone other than themselves or their employees in search of items for private or business use.

(c) Any used cooking oil shall be transported in a sealed oil trolley specifically made for transporting oil. The container shall be sealed properly while the oil is transported and any spills or drips shall be cleaned up immediately. Oil should only be transported in the cargo elevators. Passenger elevators shall not be used for transporting oil.

(d) Any large surplus equipment, broken items or supplies used in a leased space should be disposed of properly. Items should be transported off the airport property by the lessee immediately and not allowed to sit on the loading dock or in hallways.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-26. Reflective safety vests.

All persons on the AOA at the San Antonio Airport System must wear a reflective safety vest at all times. This regulation does not apply to aircraft passengers traversing to or from an aircraft and transient pilots or staff pilots conducting duties associated with the inspection or operation of an aircraft in preparation for flight.

(1) All persons working on any airport highways, streets, or roads shall also be required to wear high visibility reflective safety vests, garments or clothing to comply with the U.S. Department of Transportation's Work Zone Safety and Mobility regulations.

(2) All required reflective safety vests, garments and clothing must, at a minimum, meet American National Standard Institute (ANSI) 107 standard, Class-2, Level-2 Performance Level and be worn properly, which means the outermost garment.

(3) Within the AOA, deviations to the ANSI requirements must be submitted to the aviation director in writing for approval.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-27. Foreign object debris (FOD).

(a) Each airport employee shall be responsible for the proper disposal of FOD on ramps, apron areas, and the AOA.

(b) It is the responsibility of each lessee or other occupant of ramp and apron areas to place suitable containers, as determined by the director, labeled "foreign object debris," at every gate, remote aircraft parking area, cargo, and maintenance facilities at locations determined by the director.

(c) All persons operating or conducting business on the AOA shall ensure that any owned/operated equipment that could be repositioned or moved by winds over thirty (30) miles per hour or other weather related forces shall be properly secured at all times to ensure that the equipment will not move from its parked position. The cost of any damage to airport or tenant property that is caused by unsecured equipment shall be the responsibility of the owner/operator of the unsecured equipment.

(d) Any airport business operating on the AOA shall be required to keep its leasehold clean and free of FOD at all times. The director shall

monitor all leaseholds within the AOA to ensure that they are properly clean and free of FOD. Any airport business whose leasehold the director deems to not be satisfactorily clean and free of FOD shall be notified in writing of the noncompliance and given ten (10) calendar days

[This page intentionally left blank.]

from the date the letter is sent to sufficiently clean their leasehold. If the airport business fails to clean their leasehold sufficiently, the director may have the leasehold cleaned and require the airport business to pay for the expenses related to the cleaning.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-28. Accidents/incidents—Duty to report.

All persons involved in or witnessing any accident, incident, or safety hazard involving persons, aircraft, or vehicles occurring on the airport shall call 207-3433 to report the accident, incident, or hazard and make a report to airport police as soon as possible, giving all pertinent information as requested by the officer in charge.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-29. Use of airport highways, streets, roads, or sidewalks.

No person shall occupy airport highways, streets, roads, or sidewalks in such a manner as to hinder or obstruct their proper operation or use by others. No person shall drive any vehicle across or upon any lawn or grass area, sidewalk, or curb except by permission of the airport police officer on duty or except as necessary to service or maintain airport facilities. No person shall travel on the airport other than on the highways, streets, roads, sidewalks or places provided for the use of that particular class of traffic. A person commits an offense if he or she knowingly obstructs the free passage of other persons along airport highways, streets, roads, sidewalks or into, out of, or within airport buildings.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-30. Improper sound devices.

(a) Sound trucks, sound amplifying devices, and amplified sound reproduction machines are prohibited on the airport. No person shall use or cause to be used the airport public address system for the solicitation of business. Only such public address systems as are commonly used to announce the arrival and departure of scheduled airline aircraft or other matters approved by the director shall be permitted on the airport.

(b) Excessive or prolonged use of horns, sirens, whistles, or other noise-generating devices is strictly prohibited; continued use of same shall be subject to a citation as provided in these rules and regulations. Aviation department or airport police personnel may use horns, sirens, whistles, or other noise-generating devices in conduct of their official duties.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-31. Animals.

(a) No person shall enter the terminal building of the airport with a dog or other animal except service animals, therapy animals or animals to be transported by air unless approved by the director. Non-service animals to be transported by air must be caged for travel and taken directly to the airline for loading onto the aircraft. Disembarking pets must remain caged and be taken directly to ground transportation or other means of departure from the terminal area. At no time shall non-service animals be removed from their transportation cage while in the terminal building except when using the designated pet relief area. Transportation cages shall not be discarded in the terminal or on any other airport property.

(b) Animals on airport property are to relieve themselves solely in designated pet relief areas as may be established or approved by the director from time to time.

(c) No person shall allow or transport any animal onto the AOA unless it is properly leashed or restricted by other means as deemed appropriate by the director to prevent the animal from interfering with airport operations.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-32. Regulation of advertising.

No person, organization, or entity shall post, distribute, display, carry, or erect any signs, billboards, art work, or any other device used for advertising, announcing, or notification without the express written approval of the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-33. Open flame and smoking/vaping/ e-cigarette restrictions.

(a) No person shall conduct any open flame operations in any hangar or elsewhere on the airport unless specifically authorized by the director in writing. Any open flame operations authorized by the director shall be conducted strictly in accordance with applicable fire and safety regulations. Authorization shall not be granted until such operation has been investigated and it has been determined that there is no fire hazard to airport property.

(b) Open flame welding within fifty (50) feet of aircraft fueling operations is prohibited. An operational fire extinguisher must be present at the site during welding operations.

(c) Smoking, vaping and the use of e-cigarettes is prohibited on the AOA, in any hangar, shop, service station area, fuel storage area, terminal, office, or in any building, room, or place on the airport where smoking is prohibited by law. The director is authorized to designate smoking and nonsmoking areas at San Antonio International Airport and Stinson Municipal Airport.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-34. Lost articles.

Any person finding lost articles in any airport common areas shall immediately deposit them with the airport police or the parking and ground transportation office. Articles unclaimed by their owners are subject to policies and procedures set forth by the city police department. Nothing herein shall be construed to deny the right of scheduled airlines or other airport tenants to maintain "lost and found" services for property of their passengers, invitees, or employees as permitted by law.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-35. Forgery and counterfeit.

No person shall make, possess, use, offer for sale, sell, barter, exchange, pass, or deliver any forged, counterfeit, or falsely altered pass, permit, identification badge, certificate, placard, sign, or other authorization purporting to be issued by or on behalf of the aviation department, nor shall any information electronically or magnetically encoded thereon be knowingly altered or erased.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-36. Elevators, moving stairways (escalators), and conveyor systems.

No person shall use an elevator, moving stairway (escalator), or conveyor system contrary to its intended use or any posted restriction(s). Moving stairways (escalators) shall not be used with wheeled carts, wheelchairs, wheeled vehicles, strollers, canes, walkers, unescorted children, or animals.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-37. False reports or threats.

No person shall make any threat involving aircraft or any facilities or operations at or on the airport or make any false report regarding the conduct of operations at or use of the airport.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-38. Sporting equipment and recreational activities on the AOA.

No person shall engage in recreational activities or sporting events in the AOA; provided, however, that the director may approve areas within the AOA for use as employee break areas.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-39. Prohibition against feeding and sheltering wild animals and birds.

No person shall be allowed to directly or indirectly feed or shelter any wild animals or birds on airport property except for animals that are being transported. Additionally, all persons on airport property shall properly dispose of all unused or abandoned food and food containers. Notwithstanding the foregoing, this section does not prohibit activities performed by the director's designee for wildlife control or mitigation.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-40. Appearance standards.

The director is authorized to issue regulations establishing dress, behavioral and service standards and grooming requirements for tenants, concessionaires and other entities operating at the San Antonio International Airport and interacting with the public to ensure a consistent professional standard of dress and conducts is presented to the traveling public at the San Antonio International Airport and Stinson Municipal Airport. All clothing and accessories shall be free of obscenities, rude messages, and political statements.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Secs. 3-41—3-45. Reserved

DIVISION 2. AIRCRAFT OPERATIONS

Sec. 3-46. Interference/tampering with aircraft.

(a) No person shall interfere or tamper with any aircraft, or put in motion the engine of such aircraft, or use any aircraft, aircraft part, instrument, or tool without permission of the owner.

(b) No person may release, throw, shoot, or propel any object in such a manner as to interfere with or endanger the safe operation of any aircraft taking off, landing, or operating on the airport or any vehicle operating on the airport.

(c) No person may use a laser or any other lighted device intentionally or unintentionally to interfere with the operation of an aircraft.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-47. Compliance with instructions issued by air traffic control and the director.

All aircraft in flight within the airport traffic area, surface area airspace, or in motion or parked on the runways, taxiways, aprons, hardstands, or ramps of the airport shall comply with written or oral instructions issued by airport traffic control tower personnel and the director.

All aircraft shall follow appropriate taxiway and runway guidance markings, lighting, and signage when operating on any portion of the airport.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-48. Dangerous or negligent operations.

The director may prohibit aircraft landing and taking off any time and under any circumstances when such operation is deemed likely to endanger persons or property, except for emergency landings. In addition, no aircraft shall be operated on the surface of any public landing area, public cargo ramp and apron area, or public aircraft parking and storage area:

(1) In a careless or negligent manner;

(2) In disregard of the rights and safety of others;

(3) Without due caution and circumspection;

(4) At a speed or in a manner that endangers persons or property;

(5) While the pilot, or other person aboard, controlling any part of the operation thereof, is under the influence of intoxicating liquor, any narcotic, or dangerous drug or controlled substance; or

(6) If such aircraft is so constructed, equipped, or loaded as to unreasonably endanger or be likely to unreasonably endanger persons or property.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-49. Aircraft and aircraft operator requirements.

(a) All aircraft operating at the airport shall display on board the aircraft a valid airworthiness certificate issued by the FAA or appropriate foreign government and display on the exterior of the aircraft a valid registration number issued by the FAA or appropriate foreign government. No aircraft, excluding skid-equipped helicopters, shall operate on the airport unless equipped with a tail wheel or nose wheel; and, in addition, the main gear wheels shall have operating brakes, unless, with the permission of the director, who,

before permission is given, shall investigate the circumstances under which time and place such aircraft is to be operated and determine that no danger exists to persons or property by reason of such operation. When any pilot of an aircraft that is not equipped with adequate brakes receives permission from the director to taxi such aircraft, such pilot shall not taxi such aircraft near buildings or parked aircraft unless an attendant is at the wing of the aircraft to assist the pilot. An aircraft with wings and tail higher than five (5) feet from the ground that does not have adequate brakes shall not be taxied on the airport, but shall be towed if it is necessary to move such aircraft.

(b) All aircraft operating at the airport are required to have all mandatory aircraft lighting systems, as required by the FAA, operational during times required by the FAA.

(c) All persons operating aircraft on the airport shall possess an appropriate license, issued by the FAA or appropriate foreign government.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-50. Proper operation of engines.

(a) Aircraft engines shall be runup only in places and times approved for such purposes by the director.

(b) At no time shall aircraft with engines running or engines being tested be left unattended.

(c) At no time shall engines be started, runup or operated when hangars, shops, offices, building, persons, equipment, passengers, or aircraft landing, parked, or taking off are in the propeller stream or jet engine exhaust.

(d) No person shall start or run any aircraft engine unless a competent person fully qualified as required by federal or state regulations is in the aircraft attending the engine controls. Chocks shall always be placed in front of the main landing gear wheels before starting the engine or engines unless the aircraft is equipped with adequate brakes.

(e) Any aircraft engines that are mounted to a free standing support stand instead of an aircraft and are operational must be properly secured prior to operation of the engine. If the support stand is on wheels, all the wheels of the support stand must be chocked in front of and behind each wheel.

(f) No aircraft engines may be run at a terminal gate unless a sufficient number of attendants are present and properly positioned to prevent any person, vehicle, or other apparatus from being damaged or injured by operation of the engines.

(g) Aircraft engine washing shall not be conducted unless approved through the director.

(h) At no times shall engines be run above idle for the purpose of performing maintenance procedures except in areas designated by the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-51. Ultralight vehicles and motorless aircraft.

The operation of pilotless, lighter-than-air motorless aircraft and/or ultralight vehicles, as defined by the FAA, shall not be permitted at the airport unless:

(1) The operator has prior authorization from the director, and

(2) The ultralight vehicle meets all other applicable requirements stated in these rules and regulations as well as all governing sections of the Federal Aviation Regulations pertaining to this classification of vehicle.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-52. Authorized aircraft parking areas.

(a) No person shall park an aircraft or leave an aircraft standing at any location on the airport other than those areas designated for the parking of aircraft. The parking of any aircraft outside of areas designated for aircraft parking is prohibited without permission from the director.

(b) All parked aircraft must have at least one (1) wheel chocked in the front and back of the wheel by wheel blocks or other approved devices except in cases where authorized by the director, proven procedures that are equally safe are employed. Parking procedures followed by the scheduled airlines are proven examples.

(c) Upon notification by the director, the operator of any aircraft parked or stored at any terminal shall move such aircraft from the place where it is parked or stored to a location designated by the director. If the operator refuses to comply with such direction, the director may remove or cause to be removed such aircraft to such designated place at the operator's expense, and without liability for damage that may result in the course of such moving.

(d) All aircraft parked on nonleased aircraft parking areas must have cones or another type of barricade approved by the director at the outer edge of the wingtips, nose, and tail of the aircraft unless an exemption from this requirement has been granted by the director.

(e) No person or entity shall reserve any non-leased aircraft parking position by any means without permission from the director. The parking, placement, or staging of any equipment, barricades, or objects of any type on a non-leased aircraft parking spot for more than five (5) minutes prior or after the aircraft's arrival or departure from the parking spot is prohibited without the permission of the director.

(f) Parking of aircraft such that any part extends beyond the leasehold is forbidden, and any damage to property caused by any part extending beyond the lease area will be the responsibility of the lease holder in violation.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-53. Repairs in designated areas only.

Repairs to an aircraft or any aeronautical equipment shall not be performed outside of a tenant's leasehold in any area of the airport other than in areas specifically designated for such purposes by the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-54. Experimental flights.

No experimental flights or ground demonstrations shall be conducted on the airport without the express approval of the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-55. Simulated forced landings.

Simulated forced landings are forbidden within the airport traffic area without approval of the airport traffic control tower.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-56. Altitude restrictions.

Except for public displays of aviation flight specifically authorized by the city council to be conducted under responsible auspices and control, violation of any of the following provisions is prohibited:

(1) No person shall operate an aircraft in a careless or reckless manner so as to endanger the life or property of others by buzzing, diving, or low-altitude flying.

(2) Helicopters or similar devices shall not operate in such proximity to parked aircraft so as to cause damage thereto.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-57. Radio communications requirements.

(a) All aircraft based at or using airport facilities must be equipped with a properly functioning two-way radio that, under normal conditions, is capable of communicating with the airport traffic control tower.

(b) Pilots of aircraft shall not land, taxi, or take off without clearance from the airport traffic control tower by radio or light signal during the hours of operation of the airport traffic control tower.

(c) Aircraft without fully operational radio equipment are prohibited from operating in the movement area at the airport unless approved by air traffic control. If the aircraft operation

will be conducted while the airport traffic control tower is not in operation, then permission from the air traffic control is not required.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-58. Taxiing.

(a) No person shall taxi an aircraft until ascertaining that there will be no danger of collision with any person or object in the immediate area by visual inspection of the area.

(b) Aircraft shall be taxied in accordance with all directions given by the airport traffic control tower.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-59. Airport operational restrictions.

The director may issue a notice to airmen (NOTAM) denying or restricting use of the airport, its runways, taxiway, taxilanes, aprons, and parking areas for aircraft operations. Additionally, NOTAMs may be issued to advise airmen of conditions that exist at the airport that may cause a hazard to taxiing aircraft but that do not deny use of the area. In the event that the director believes the conditions at the airport to be unsafe for aircraft operations, it shall be within the director's authority to issue a NOTAM closing the airport, or any portion of the airport, until the director determines conditions to be safe for aircraft operations.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-60. Power back from terminal gates prohibited.

The engines of turbojet aircraft may not be used to propel the aircraft backwards from a terminal gate unless permission has been obtained from airport operations and sufficient attendants are present to prevent injury or damage to any and all persons and equipment.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-61. Aircraft accidents or incidents.

The pilot or operator of any aircraft involved in an accident or incident on the airport causing personal injury or property damage must, in addition to all other reports required by other agencies, notify the aviation department of the incident or accident immediately, and upon request make a prompt and complete written statement concerning said accident or incident to the director. Any written statement requested by the director must be submitted to the director no more than forty-eight (48) hours after the time of the initial request. When a written report of an accident or incident is required by Federal Aviation Regulations, a copy of such report must also be submitted to the aviation department if requested by the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-62. Discharge of aircraft contents prohibited.

The discharge or release of any object from an aircraft while in flight or while operating on the ground is prohibited except when an emergency situation requires such discharge of contents for the protection of life and property.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-63. Removal of disabled aircraft.

Aircraft owners, operators, and tenants shall be responsible for the prompt removal of disabled aircraft and parts thereof, unless required or directed to delay such action by the director or an authorized federal agency.

When a disabled aircraft is blocking or delaying the use of any portion of the airport, the owner or operator of the aircraft shall make immediate arrangements to have such aircraft moved as soon as an authorized representative of the aviation department and appropriate governmental agencies have authorized such movement. In the event that the removal of the aircraft is not initiated as soon as possible, or is not progressing at a rate acceptable to the director, the director shall have right to initiate action to remove the aircraft at the expense and risk of the aircraft owner. The aircraft owner and operator shall hold the aviation department harmless and free of liability for any damage to the aircraft from the removal operation.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-64. Banner towing operations.

No aircraft may conduct banner towing operations at the airport without receiving permission from the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-65. Hand propping of aircraft.

Aircraft hand propping is not allowed unless no other means of starting an aircraft exists and all applicable Federal Aviation Regulations and guidance are followed. Pilots are solely responsible for liability resulting from hand propping of an aircraft.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-66. Prohibition on removal of liened aircraft.

No personnel shall move or remove any aircraft from the airport, or parts from such aircraft, when an official notice of lien has been posted upon such aircraft by the aviation department.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-67. General aviation aircraft parking at terminals.

No general aviation aircraft shall park at a terminal gate at San Antonio International Airport without the permission of the director. Such general aviation aircraft shall immediately disembark from the gate when requested by the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-68. Entry onto closed runways, taxiway, ramps, and aprons prohibited.

No aircraft shall be permitted to gain access to or operate on a closed runway, taxiway, ramp, or apron without the approval of the director.

No person shall move or remove any barricade or other object that has been placed to prevent access to a closed runway, taxiway, ramp, or apron without permission from the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-69. Trash disposal from aircraft.

(a) Airline and/or aircraft operators must promptly dispose of all aircraft trash in appropriate receptacles. In no event shall aircraft trash be deposited into foreign object debris (FOD) receptacles.

(b) All trash or refuse material brought into the airport from countries or provinces outside of the United States of America must be disposed of in adherence with all federal regulations.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-70. Terminal aircraft pushback operations.

All airline aircraft pushing back from a terminal gate must have a sufficient number of wingwalkers present and properly positioned to assist with the pushback operation in order to prevent injury or damage to any and all persons and equipment. Wingwalkers shall be in position for the duration of the pushback operation.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-71. Helicopter operations on airport property.

The director may require, at his discretion, helicopter operators who conduct regular operations on airport property to submit a written plan detailing how they will safely operate into and out of their proposed landing site on airport property. The director may choose to conduct a safety risk assessment (SRA), jointly lead by the aviation department and the helicopter operator, of the proposed landing site to determine if any safety issues exist. The findings of the SRA will then be submitted to the helicopter operator for consideration and, if required by the director, corrective action. The director may require that the hazards identified in the SRA be mitigated prior to allowing the helicopter operation to begin. The director may require the helicopter operator to establish a heliport in compliance with FAA Advisory Circular 150 150/5390-2 (current edition) Heliport Design if he deems necessary.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-72. Prohibition against positioning aircraft on or over the vehicle service road.

Aircraft shall not be positioned on or over any designated vehicle service road.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-73. Aircraft operations at the General Aviation Federal Inspection Station.

(a) Aircraft, equipment and personnel located at the General Aviation Customs ramp, serving the General Aviation Federal Inspection Station (GA FIS) located at 1775 Skyplace Blvd, must follow all procedures and guidelines established by Customs and Border Protection (CBP). Services may only be rendered to aircraft that have requested said services prior to arrival or departure from the GA FIS ramp.

(b) Entities wishing to conduct services on the GA FIS ramp must first receive a marshalling services permit issued by the San Antonio Airport System.

(c) Service provider (permittee) shall adhere to the permit's requirements.

(d) The director may terminate the marshalling agreement as stipulated in the permit.

(e) The following chart shows the fee for all non-commercial aircraft arriving at San Antonio International Airport from foreign origination for use of General Aviation Federal Inspection Station at the time of arrival:

Certificated Maximum Gross Landing Weight of Aircraft (pounds):	*Fee*
6,000—8,999 lbs.	$92.00
9,000—12,499 lbs.	$230.00
12,500—39,999 lbs.	$370.00
40,000—99,999 lbs.	$460.00
Above 100,000 lbs.	$700.00

(Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18; Ord. No. 2024-09-19-0705, § 2(Att. F), 9-19-24)

Sec. 3-74. Unmanned aircraft systems or drones.

Operators of all Unmanned Aircraft System (UAS) systems may not operate a UAS within the Class C or Class D Airspace, the airspace included at both airports in the San Antonio Airport System, unless the operator has prior authorization from the FAA Air Traffic Control Tower (210-805-5507). Operators of all UAS systems are required to contact the Airport Duty Manager (210-207-3433) and the FAA Air Traffic Control Tower prior to flight within three (3) miles of either airport in the San Antonio Airport System

Unauthorized UAS system operations will be investigated by the FAA with the assistance of local law enforcement as required.
(Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-75. General aviation aircraft landing fee.

The following charges shall be levied for landing fees for general aviation aircraft not based at San Antonio International Airport with a certificated weight of over six thousand (6,000) pounds of maximum landing weight:

Certificated Maximum Gross Landing Weight of Aircraft (pounds):	*Landing Fee per 1,000 pounds certified maximum gross landing weight*
6,000—19,999	$3.50/1,000 pounds
20,000—49,999	$4.50/1,000 pounds
Above 50,000	$5.50/1,000 pounds

General Aviation Aircraft under six thousand (6,000) pounds of maximum landed weight shall be levied a minimum landing fee charge in the amount of twenty dollars ($20.00).
(Ord. No. 2024-09-19-0705, § 3(Att. F), 9-19-24)

Sec. 3-76. Reserved.

DIVISION 3. VEHICLE OPERATORS

Sec. 3-77. Operation of vehicles in public areas.

Vehicles operating in public areas or on roads outside the AOA (including those crossing any public area or road outside the AOA) within the

airport's boundaries shall be operated in accordance with the following minimum requirements:

(1) All vehicles shall be operated in accordance with the applicable laws and regulations of the jurisdiction(s) in which the airport is located. The driver or operator shall also have a license(s), certification(s), permit(s), or endorsement(s), as required by such laws and regulations for type of vehicle being operated.

(2) All vehicles shall, at all times, comply with any lawful order, signal, or direction of any authorized representative of the airport police or aviation department staff member. Where vehicular traffic is controlled by traffic lights, signs, mechanical or electrical signals, or pavement markings, such lights, signs, signals, and markings shall be obeyed unless authorized by the airport police or directed otherwise by appropriately assigned personnel.

(3) No vehicle shall be operated in a manner that creates an unreasonable risk of harm to persons or property or if such vehicle is so constructed, equipped, or loaded as to create an unreasonable risk of harm to persons or property.

[This page intentionally left blank.]

(4) Pedestrians in marked crosswalks shall at all times have the right-of-way over vehicular traffic, and drivers of vehicles must yield the right-of-way.

(5) Vehicle parking.

a. No person shall park a vehicle for loading, unloading, or any other purpose on the airport other than in the areas specifically established for parking and in the manner prescribed by signs, lines, or other means.

b. No person shall abandon any vehicle on the airport.

c. No person shall park a vehicle on grass areas, or in a manner so as to obstruct roadways.

d. No person shall park a vehicle in any space marked for parking in such a manner as to occupy part of another marked space.

e. No person shall park or stop any vehicle in any reserved areas so marked, unless authorized to do so.

f. All employees of companies, organizations, or agencies having tenancy on the airport shall park private vehicles on leased premises only or in designated employee parking lots. Only those persons with authorization shall be permitted in the city-owned employee parking lot(s). The director shall establish and designate public and employee parking areas.

(6) All service vehicles, including but not limited to company utility trucks, government-owned vehicles, and delivery trucks, shall only park in designated areas as authorized by the director.

a. No persons shall clean or make any repairs to vehicles anywhere within the airport boundary other than in areas designated for such purposes or within their own leased areas, except minor emergency repairs necessary to remove such vehicles from the airport; nor shall any persons move, interfere, or tamper with any vehicle or put in motion the engine or take or use any vehicle part, instrument, or tool thereof without the permission of the owner or without satisfactory evidence of the right to do so presented in advance to the director.

b. Persons who do not have proper authorization to operate a vehicle on the AOA but require to do so must contact the aviation department for an escort.

(7) No stopping, standing or parking on certain streets.

a. When signs are erected on the curb on any roadway located on airport premises giving notice thereof, no person shall stop, stand or park a vehicles except while actively loading or unloading unless previously authorized by airport police.

b. This provision prohibiting the standing or parking of a vehicle shall apply at all times except when it is necessary to stop a vehicle to avoid conflict with other traffic or in compliance with the directions of a police officer or an official traffic-control device.

c. Provided, however, that subsections (a) above shall not apply to any emergency vehicle.

d. Violation of any of the provisions hereof shall be punished by a fine in an amount not to exceed five hundred dollars ($500.00) and the vehicle may be subject to towing.

e. Any city employee whose duty is to enforce the parking provisions contained in this chapter shall attach to any vehicle parked in violation thereof, a notice that such vehicle has been parked in violation of such provisions and summoning the viola-

tor to appear at the office of the clerk of the municipal court in regard to such violation.

f. When any vehicle is found parked in violation of any parking provisions contained in this chapter, such fact shall be prima facie evidence that the person in whose name it is registered is guilty of a violation of the parking provisions contained in this chapter.

g. If the violator fails to make payment, the clerk of the municipal court shall issue process for his or her appearance.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-78. Operations of vehicles within the AOA.

(a) It shall be unlawful for any person to operate any vehicle, other than an airplane or helicopter, upon the AOA, or restricted area, with the following exceptions:

(1) The driver has been approved by the director and authorized to access the area; and

(2) The operator has the required endorsements on his or her valid state driver's license; and

(3) The vehicle is operated by a driver who has completed the required airfield driver's class and has in his or her possession a valid airfield non-movement or movement license issued by airport operations; or

(4) Vehicle is under proper escort by an individual who meets the requirements stated in subsections (a)(1)—(3).

(b) A valid airfield driver's license and a valid state driver's license shall be on the driver's person at all times while operating any vehicle on the AOA. This license shall be shown to any airport operations, airport police, safety compliance, TSA, airport security or other authority upon request.

(c) Vehicles routinely operated within the AOA shall have the following identification lighting:

(1) Vehicles (airport operations, airport safety, FAA, airfield service, and aircraft support) routinely operating within the AOA movement areas shall have an illuminated yellow flashing light mounted on the uppermost part of the vehicle.

(2) Airport police and aircraft rescue and firefighting (ARFF) vehicles shall be illuminated according to the following:

a. *Movement areas.* Emergency warning lights shall be illuminated at all times.

b. *Non-movement areas.*

1. Flashers (hazard/emergency) and headlights shall be operated at all times.

2. Emergency warning lights shall be illuminated during emergency responses.

(3) City of San Antonio vehicles routinely operating within the movement and non-movement area shall have an operating yellow flashing light mounted on the uppermost part of the vehicle.

(d) The vehicle shall be insured with comprehensive automobile liability insurance in such amounts as required by the city's risk management division or must be escorted by airport police or airport operations.

(e) All vehicles shall comply with any lawful order, signal, or direction of any authorized representative of the airport police or aviation department staff member. Where vehicular traffic is controlled by traffic lights, signs, mechanical or electrical signals, or pavement markings, such lights, signs, signals, and markings shall be obeyed unless an authorized member of the airport police or aviation department staff directs otherwise.

(f) No vehicle shall be operated in a manner that creates an unreasonable risk of harm to persons or property, or while the driver is under the influence of any substance that impairs, impedes, or otherwise affects the ability of the

driver to safely operate the vehicle, or if such vehicle is so constructed, equipped, or loaded as to create an unreasonable risk of harm to persons or property.

(1) While driving on the AOA, speed shall not exceed fifteen (15) miles per hour on ramps, aprons, aircraft parking areas, and hangar areas except for emergency vehicles responding to an emergency.

(2) While driving on airport perimeter roads, speed shall not exceed thirty-five (35) miles per hour.

(3) Passengers enplaning or deplaning aircraft, and people moving aircraft shall at all times have right-of-way over vehicular traffic, and drivers of vehicles must yield the right-of-way.

(4) All vehicles shall pass to the rear of taxiing aircraft.

(5) All vehicles shall pass no closer than twenty (20) feet from any wing or tail section of a parked aircraft unless the vehicle is being used to service that aircraft.

(6) Vehicle operators who elect to drive under a passenger loading bridge do so at their own risk. No vehicle is to park in the designated (red hash marked) no parking area.

(7) No vehicle shall transverse onto any leased area unless the vehicle operator has received permission from the leaseholder. All city vehicles and personnel may transverse any leased area in the conduct of official duties without permission from the leaseholder.

(8) No vehicle may transverse any non-leased ramp, apron, or aircraft parking areas at San Antonio International Airport outside of the designated vehicle lanes unless required to do so by their duties and all regulations regarding vehicle operations on the AOA are followed at all times.

(g) Vehicles shall yield and give the right-of-way to all aircraft in motion or in the process of being pushed from a gate.

(h) Authorized aviation department and FAA employees with proper training and a driving practical exam, are allowed to obtain a "no restrictions" movement license. These license holders have the authorization to obtain clearance to enter any movement area surface. A "with restrictions" movement license may be obtained from airport operations for those who have a need to reposition aircraft outside their leasehold. These license holders have the authorization to obtain clearance to taxiways only, and are not authorized to enter or cross any runway, runway safety area or obstacle free zone without an escort provided by an authorized aviation department representative. All movement license holders are required to be in a properly equipped vehicle and obtain clearance from San Antonio - Ground Control on frequency 121.9 prior to proceeding into the movement area. Radio contact must be maintained continually while operating in the movement area. All movement area license holders must comply with the following:

(1) All vehicles operating in/traversing these areas shall have an operating two-way radio turned "on", be tuned to the ground control frequency, and be in continuous communication with the airport traffic control tower except when such vehicle is accompanied by and under the control of another vehicle with such communications capabilities.

(2) The installation of a two-way radio does not permit the operation of vehicles in any restricted area without prior permission from the director.

(3) All vehicle drivers shall follow all directions provided by the FAA air traffic controller.

a. Upon receiving clearance, the driver shall ensure by personal observation that no aircraft is approaching his/her position before crossing.

b. Vehicles that do not obtain proper clearance shall be reported to the director by the FAA air traffic control tower.

c. Vehicles may not park within the safety area or obstacle free zones of any runways or taxiways. All vehicles that require parking within the movement area, except for FAA vehicles, must receive permission from the director and from the local air traffic control facility.

(i) No person shall operate a vehicle in any hangar or grass area on the airport without exhausts protected by screens or baffles to prevent the escape of sparks or the propagation of flames.

(j) Airport businesses may only park vehicles in area(s) leased by said businesses and authorized for parking.

(k) Vehicle keys may not be left in fuel trucks or vehicles containing hazardous materials. Businesses operating vehicles must provide the aviation department with a 24-hour contact number and relocate any such vehicles within one (1) hour of receiving a request from the director for relocation.

(l) Seatbelts and other restraint systems in vehicles shall not be disabled or removed and shall be maintained in good working order. Drivers, operators, and passengers shall use installed seatbelts or restraint systems at all times, with no exception.

(m) No more than four (4) containers, luggage carts, pods, and the like shall be towed at any one (1) time, whether loaded or unloaded.

(n) While operating within the AOA from sunset to sunrise, or when visibility is limited, a vehicle's lights must be turned on and switched to low beam. All headlights, taillights, turn signal lights, and running or clearance lights on a vehicle shall be in proper working order.

(o) Any container, cart, or piece of equipment being towed at night that does not have operable lighting must have three-inch diameter reflectors or reflective tape measuring two (2) inches by six (6) inches (2" × 6") installed on both sides (front and rear) and on the rear (left and right) at the highest location.

(p) Bicycles are prohibited from being ridden or operated on the AOA except inside tenant leased areas. Airport police may operate bicycles on the AOA in conduct of official business.

(q) All vehicles operating outside of a tenant leased area at San Antonio International Airport must be marked with either the company name or a logo on two (2) sides of the vehicle that meet the requirements of the airport security program. Unmarked vehicles on the AOA may be temporarily identified by a numbered "top hat" with SAT logo, issued by aviation department personnel.

Top hats must be signed for on a daily basis. When a top hat is issued, an authorized vehicle that meets all the requirements for San Antonio International Airport must escort the vehicle.

(r) When entering or exiting the AOA from one of several vehicle gates, the vehicle operator or the escort is responsible to ensure that the gate has fully closed before leaving the gate area.

If the gate malfunctions, the driver is responsible for staying at the gate until airport police, airport operations, or airport security responds to secure the gate area. The driver should contact the airport communications center at 210-207-3433 to report the malfunction.

(s) It shall be a violation of these rules to allow the discharge of liquids such as fuels, oils, greases, lavatory fluids, or battery acid onto the airfield, apron, or remain overnight (RON) areas, even in tenant-controlled areas. Such fluids should be captured in a drip pan, and properly disposed of.

(t) Emergency conditions existing at any time on the airport will not mitigate or cancel these regulations.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Secs. 3-79—3-83. Reserved.

DIVISION 4. GROUND TRANSPORTATION—VEHICLES FOR HIRE

Sec. 3-84. Definitions.

The following definitions pertain only to the contents of this division:

Representative means an individual representing a company, corporation, cooperative, association, or organization authorized and permitted by the director to conduct vehicle for hire services.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-85. Scope and intent.

(a) The provisions of this division shall be followed by all persons, holders, companies, drivers, and representatives providing vehicle for hire services.

(b) The director is authorized to enforce all provisions of this chapter and city ordinances.

(c) All representatives, drivers, operators, holders, owners, and persons operating any vehicle for hire shall obey all lawful orders issued by the director whenever conducting operations or operating any vehicle for said purpose while on airport property.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-86. Rates and charges.

(a) The driver of each vehicle for hire, taxicab, limousine, shuttle bus, or motor coach carrying a passenger or passengers and/or luggage to or from the terminal buildings at San Antonio International Airport shall pay the established service fee(s) for each trip originating and/or departing from any terminal building of the airport to any point or destination, or shall have paid the applicable annual fee for such privileges, or shall have an established and current contract or permit in place. Such fee(s) shall be paid in the manner prescribed by the director with one (1) or more passengers and/or luggage. In the case of a taxicab, the total per trip fee may be added to the metered fare, where applicable. It shall be unlawful for a driver to depart from the designated passenger loading areas with a passenger or passengers and/or luggage without having properly paid the required service fee(s) in effect and as may be amended by order of the city council, or individual contract amendments from time to time. Ground transportation fees may be collected through the automatic vehicle identification (AVI) system or other means approved by the director.

(b) The established service fees shall remain in effect unless amended by city ordinance or contract changes as may be necessary from time to time.

(c) Operators of ground transportation vehicles for hire are prohibited from using the public parking structures unless approved to do so by the director. When applicable, all ground transportation fees shall be collected through the designated and usual form(s) prescribed by the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-87. Designated areas.

All ground transportation vehicles operating on airport property shall stop, stand, or park only in such a manner and in such areas as may be designated from time to time by the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-88. Taxicab/vehicle waiting space.

(a) The driver of a taxicab awaiting fares at the terminal building(s) shall stop, stand, or park in strict conformity to the lines delineating the designated waiting areas. Drivers shall not allow the doors of the vehicle to remain open nor shall they allow the doors to impede pedestrian traffic. In no case shall a taxicab wait for a fare by stopping, standing, or parking upon a street not designated as a taxicab staging or queuing area.

(b) The number of taxicabs waiting to pick up passengers at the terminal buildings shall be limited by the amount of available designated staging or queuing area as designated by the director. The allocation of space available for queuing/staging and loading of taxicabs shall be determined by the director; however, this allocated

space may be altered by the director from time to time based on the amount of available curb space or other requirements.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-89. Proper operation.

(a) Excessive or prolonged use of horns, sirens, whistles, or other noise-generating devices by operators, holders, owners, or drivers of any vehicle for hire is strictly prohibited; continued use of same shall be subject to citation as provided in these rules and regulations.

(b) Taxicabs shall queue in a first-in, first-out order and, if applicable, will be dispatched from the taxi hold lot to the terminal area in this same order. At the terminals, taxicabs will continue to queue in the same first-in, first-out order. To satisfy customer demand, a certain type of vehicle may be expedited through the queue (e.g., disabled-accessible van, or size and type of vehicle as requested).

(c) Taxicabs and limousines that are servicing pre-arranged pick-ups will only utilize areas designated for this activity as may be authorized by the director.

(d) Rental car, hotel/motel, off-airport, airport employee, charter and other use shuttle buses will utilize designated zones only. Designated zones for drop off and pick-up may vary and are subject to change at the discretion of the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-90. Aviation department personnel.

Aviation department personnel may be assigned to an area or areas designated by the director for the purpose of answering questions and providing information to patrons using ground transportation at the airport. No driver, company owner, manager, or representative shall interfere with the duties of aviation department personnel.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-91. Solicitation.

No discount tickets shall be issued, sold, or given to walk-up passengers for the purpose of reduced fares for any vehicle for hire while operating at the airport. No solicitation or dispensing of any product or coupon will be permitted in areas where ground transportation vehicles queue/stage, load, or greet customers.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-92. TNC airport operations.

All TNC operators in the San Antonio Airport System shall operate in accordance with and adhere to the following regulations in order to regulate the traffic flow and:

(1) TNC operators shall not operate on San Antonio Airport System property without the proper use of TNC's application. TNC operators may not pick-up passengers who are paying for services using any other method than TNC's application. No personal pick-ups or pre-arranged pick-ups for which the TNC operator receives compensation other than through TNC's digital network or application are allowed to operate on airport property.

(2) TNC operators shall adhere to Chapter 95 of the Texas Administrative Code.

(3) TNCs are encouraged to maintain and utilize a geo-fence technology to maintain airport originating trip data based on trips booked through the TNC digital network or application, which shall include trip originations in four-hour intervals. Trips shall mean any passenger pick-up, including but not limited to on and within the airport property as defined by the geo-fence(s) established by the airport system. Such data shall include when a passenger is picked up on airport property as part of a ride booked through the TNC application or digital network. TNCs shall share the trip data through geo-fence application while operating within the SAAS. TNCs shall be encouraged to provide the data in real time to the official web-hosted rideshare monitoring application of the city, a third-party application or digital platform using an HTTP/HTTPS POST message which contains a JSON data packet. Specific URL addresses, request and response

formats, TNC identification designations, usernames and passwords, geofence definitions and boundaries, and message fields and associated formats shall be provided to the TNC prior to implementation by aviation department.

(4) TNCs shall submit to the aviation department a separate monthly report (monthly report) for San Antonio International and Stinson Municipal Airports containing details of each individual pick-up and drop-off trip conducted within the SAAS boundaries including date, time and a vehicle identifier, the total number of originating trips for each day within the reporting period and a total of those originating trips for the month. TNC shall submit such monthly reports within fifteen (15) days after the close of each calendar month.

(5) TNCs shall pay the per trip fee set out in section 3-180 for each trip originating at either airport in the San Antonio Airport System on a monthly basis within thirty (30) days after the close of each calendar month. Any payments not paid when due shall be subject to a service charge of the lessor for the purpose of verifying that a TNC is accurately reporting and sharing trip data and verifying the per trip fee payments, the city shall have the right, no more than once every twelve (12) months, to visually inspect a sample of records that the TNC is required to maintain at a mutually agreeable location. The sample shall be chosen randomly by the city in a manner agreeable to both parties. Any record furnished to the city may exclude information that would identify specific drivers or riders. If such audit discloses that TNC's monthly reports were understated, TNC shall pay to the city within thirty (30) days of receiving notice, the additional originating trip fees due for the days audited together with interest at the lesser of eighteen (18) percent per annum or the maximum allowed by law, from the date(s) such amount was originally due.

(6) The aviation department reserves the right, at any time, to change, alter and expand the airport property, including the terminals, roadways and designated pick-up, drop-off and/or staging areas. The city reserves the right, at the director's sole discretion, to adopt rules and regulations related to security or other operational matters that may affect TNC's business.

(Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Secs. 3-93—3-96. Reserved.

DIVISION 5. ENVIRONMENTAL/NOISE ABATEMENT

Sec. 3-97. Environmental provisions.

No person or entity operating or conducting any activity or business upon the airport shall:

(1) Fail to comply with any applicable environmental laws or regulations, including but not limited to environmental laws or regulations regarding sustainability or the generation, storage, use, transportation, and disposal of solid wastes, hazardous materials, special wastes, fuel and fuel products or lubricants, or other contaminants, and regarding the release or threatened release of hazardous materials, special wastes, fuel and fuel products or lubricants, or other contaminants into the environment.

(2) Cause or permit to be released (whether by way of uncapping, pouring, spilling, spraying, spreading, attaching, or otherwise) into, onto, above, or under the airport (including the air thereabove, the ground, and groundwater thereunder and the sewer and drainage systems) any hazardous substances, solid wastes, special wastes, fuel and fuel products or lubricants, or other contaminants (as defined or established from time to time by applicable local, state, or federal law or regulation and including, among other things, hazardous waste and any other

substances that have been or may in the future be determined by applicable authorities to be toxic or hazardous) to the extent such hazardous substances exceed quantities or volumes permitted by applicable federal, state, or local law or regulation.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-98. Noise complaints.

(a) Noise complaints related to San Antonio International Airport aircraft and airport operations may be filed in person, by telephone, by email, or by filling out the online complaint form located on the aviation department's website, feedback link at http://www.sanantonio.gov/SAT/About/Feedback.aspx.

(b) In the complaint, the submitter shall provide:

(1) The date of the noise event;

(2) The hour or hours of the noise event;

(3) The complainant's first and last names;

(4) The address of the site at which the noise was perceived;

(5) At least one (1) contact telephone number;

(6) An email address (optional);

(7) A description of the event or complaint.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-99. Stormwater pollution prevention plan and other rules.

(a) All persons or entities operating or conducting any activity or business upon the airport shall comply with the Storm Water Pollution Prevention Plan (SWP3 or SWPPP) and any revisions thereto. A copy of the SWP3 is on file at the office of the director (and online with at the Environmental Stewardship site: https://www.sanantonio.gov/Aviation/Environmental-Stewardship/SPCC-Plans). A tenant may choose to operate under a separate (individual) storm water pollution prevention plan, but must coordinate its individual plan with the airport's SWP3.

(b) All persons or entities that use the airport facilities shall comply with these rules as promulgated by the director:

(1) Aircraft washing. No aircraft washing is to take place on San Antonio Airport System property. There are no wash racks available for washing commercial or private aircraft.

(2) Soil management plan. The San Antonio Airport System has established a soil management plan to establish practices for managing soil generated or handled by airport projects to ensure that excavated or imported soil that is suspected of being contaminated is separated from clean soil and managed in compliance with federal, state and local requirements.

a. As much as possible, soil characterization must be performed prior to soil importation or excavation.

b. Soil must not be imported or exported without an approved soil management plan authorization approved by the environmental stewardship division.

c. A soil screening plan must be prepared for all projects; the plan will guide the day to day operation of handling soil and soil stockpiles.

d. Uncontaminated soils may be stored on airport property at designated storage sites, and segregated by project. Impacted soils may be reused on airport property only. Contaminated soils must be disposed of at an ESD approved facility and may not be long-term stockpiled on airport property.

e. Quantities of excavated/imported soils and soil data must be documented by the project manager. Information includes the source for the soil, sampling record, analytical results, and disposal records.

f. In the event of an emergency, the appropriate notifications need to be made to the SAT communications center, operations, environmental stewardship, and the fire department.

g. A weekly status report will be prepared describing field activities, and summaries of weekly totals for excavated/imported soil. At project close out the project manager will make sure that all information and reports are up to date related to soil excavation/import.

(3) All parties must comply with the TCI "Soil Relocation and Communications Plan", as posted on the city's TCI website. https://www.sanantonio.gov/TCI/Projects/Soil-Relocation.

(4) Storm water laws and regulations for construction areas on the airport require the design and implementation of silt fences and erosion control techniques to minimize the impact of sediment run-off during storm events. Control measures will also include best management practices used to prevent or reduce the discharge of pollutants to waters off of airport property. Based on the Texas Commission on Environmental Quality (TCEQ) construction storm water permit requirements, construction contractors who have filed a notice of intent (NOI) are required to install and maintain all structural controls and best management plans, inventory of exposed materials, good housekeeping measures and spill prevention.

(5) Procedures for lease close out at tenant locations. At least one hundred twenty (120) days before the expiration of lease, the tenant will coordinate with the properties and environmental stewardship divisions of the San Antonio Airport System to conduct an environmental inspection or examination of the property and supply the data and the results of the inspection to the two (2) divisions of the airport system. If the results of the assessment indicate that property has been impacted by the release of hazardous substances or hazardous waste is detected, the tenant will clean up the contamination at its own expense, and in accordance with applicable federal, state, and local law.

Any written revisions or additions made to any of these rules by the director will be available at the office of the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-100. Tenant environmental liaison.

Each tenant and airport business user shall provide when requested a person or persons who will serve as environmental liaison to the director. The name, telephone number, and email address of the designated local and corporate environmental liaison(s) shall be submitted to the director whenever requested or when updated. The environmental liaison(s) should be knowledgeable about the business's environmental aspects and provide information to the director when requested. If the tenant or airport business changes its environmental liaison, it shall notify the director of said change.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-101. Spill or release notification and cleanup.

(a) All airport businesses must comply with all the U.S. Environmental Protection Agency (EPA) Spill Prevention Control and Countermeasures (SPCC) rules.

(b) Airport businesses must immediately report all fuel and motor oil spills and hazardous waste spills to the airport communications center (210-207-3433).

(c) Upon notification of a spill or release, the airport communications center will notify the environmental stewardship division and other emergency responders, as necessary and appropriate, to ensure that any imminent hazard is mitigated, ensure that the release is contained, and make necessary notifications to aviation department personnel in accordance with internal

operational procedures. However, it is the ultimate responsibility of the airport business to contain and clean up the spill or release.

(d) All external notifications to regulatory agencies shall be coordinated through the director via the airport communications center; however, all airport businesses are responsible for making all notifications required by federal, state, and local regulations for releases resulting from their operations. The director will assist in determining the appropriate notifications.

(e) In the event of a spill release exceeds the reportable quantity limits, the business must notify the Texas Commission on Environmental Quality (TCEQ) within twenty-four (24) hours of the spill or release. The environmental stewardship division will notify the San Antonio Water System (SAWS), and if required, the San Antonio River Authority.

(f) If a major spill or release occurs and the tenant or business fails to remediate the impacted area, the ESD will procure an environmental contractor to remedy the area(s) that have been impacted. The ESD will back-charge the tenant or business for all costs.

(g) No person shall allow any solid or liquid (including any new or waste restaurant fry oil) to be placed or poured into any interior floor drains, manholes, or other sewer connections, except those fluids approved by the SAWS, and with the concurrence of director. Chemicals must be stored in a manner to minimize the potential for spills to reach any drains. Bulk chemical storage drums must be placed within spill pallets to contain spills and releases. In addition, no person shall allow any solid or liquid to be discharged to any exterior drain, inlet, manhole, or other storm sewer connection without first obtaining approval from the director to do so. An industrial waste water permit is required by SAWS for discharges to the sanitary sewer system.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-102. Pavement deicing.

All pavement deicing chemicals used at the airport must comply with the following standards:

(1) Each airport tenant must obtain prior written approval from the director prior to the application of any pavement deicing product.

(2) Prohibited products. The use of urea-based deicing products is prohibited on both landside and
   a. Airside pavement surfaces at the airport.
   b. The use of deicing products containing formates (e.g., potassium formate and sodium formate) are prohibited on airside pavement surfaces. Note: potassium acetate is not potassium formate and is not part of this restriction.
   c. Because salts of chlorine sometimes affect runway concrete (PCC), products containing chloride, (sodium chloride, etc.) are strictly prohibited from use on the airside.
   d. Products prohibited by the FAA for deicing use shall not be used landside or airside at the airport.

(3) Approved products.
   a. *Airside.* The use of pavement deicers on the air operations area (AOA) must comply with the requirements specified in FAA Advisory Circular 150/5200-30B, as it may be amended from time to time. Currently, the only approved products for application on airside surfaces at the airport are potassium acetate and sodium acetate.
   b. *Landside.* The use of pavement deicers on landside pavement must comply with the requirements in FAA Advisory Circular 150/5200-30B, as may be amended from time to time. Currently the only FAA approved products for application on landside surfaces at the airport are chloride (sodium chloride, etc.) based products.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-103. Aircraft deicing.

(a) Aircraft deicing (the removal or prevention of snow and/or ice with chemical substances) shall only be accomplished after the director's written acceptance of the user's detailed deicing plan.

(b) Before granting written permission for aircraft deicing, the director will review the deicing plans, deicing manuals, and training materials; inspect any deicing equipment; and accept the containment and recovery plan that will be used by the lessee for aircraft deicing.

(c) Use of chemical substances for the purpose of removing snow and/or ice shall comply with all regulatory measures, as they may change from time to time.

(d) All deicing and anti-icing shall be performed in accordance with the airport's deicing program, which contains authorized deicing locations and procedures. The airport's deicing program is available from the operations division at (210) 413-4928 or the environmental stewardship division (210) 207-3862.

(e) Best management practices should be used to minimize the use of glycol through proper application techniques.

(f) To the extent possible, other deicing and anti-icing techniques should be used to minimize the use of glycol. These techniques are described in detail in FAA Advisory Circular 20-117 Hazards Following Ground Deicing and Ground Operations in Conditions Conducive to Aircraft Icing.

(g) For safety reasons, efforts must be made to collect overspray from ramp areas if feasible to keep ramp surfaces clean and to avoid deicing fluids from entering the storm drains. Designated deicing areas have been established at the west, south, and east ramps. Deicing at the gates is prohibited.

(h) Collected aircraft deicing and anti-icing fluids shall be disposed of or recycled in accordance with the Clean Water Act and U.S. Environmental Protection Agency Effluent Limitation Guidelines (ELGs), if any.

(i) Weekly, each aircraft owner who uses deicing fluids must report quantities and concentrations of deicer used (inclusive of quantities disposed of or recycled) to the environmental stewardship division designated representative if any aircraft deicing fluids are used during the week. The week shall run Sunday through Saturday. Reports are due on Tuesday for the prior week.

(j) As required by the TCEQ Texas Pollutant Discharge Elimination System Multi-Sector General Permit, deicing season is identified for SAT from October through March. Implementation of control measures, including best management practices, facility inspections and monitoring must be conducted with particular emphasis throughout the defined deicing season.

(k) Each aircraft owner who uses deicing fluids must track and record the use of aircraft deicing fluids for the deicing year (July 1st—June 30th), including inventories on hand at the start and end of the deicing year. If a deicing contractor is used, the owner of the aircraft is still responsible for filing the annual report. These data shall be reported annually for use in projecting future infrastructure and staffing needs, and may become a reporting requirement of the airport's industrial stormwater permit. The annual aircraft deicing fluid use and inventory report must be submitted to the director by the end of the deicing year (June 30th). The report must include total gallons (neat) of Type I and Type IV deicing fluid applied during the deicing year just completed, as well as Type I/IV inventories on hand at the start and end of the deicing year.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-104. Triturator rules.

Persons using the triturator shall conform to the following rules:

(1) Triturator users must sign a log verifying name, company, time of use, and name of user each time they use the triturator. Users must also note whether the doors were closed and the grate was clean when they arrived.

(2) Each company shall purchase and install spill response kits on each lavatory cart. Spills on the apron must be cleaned up using absorbents, not water. Absorbents may be disposed of in the lined trash can inside the triturator.

(3) Lavatory cart waste tanks shall be emptied as soon as possible, but no later than forty-eight (48) hours after receiving waste.

(4) Lavatory waste may only be discharged into the triturator unless another location is authorized by the director and the San Antonio Water System.

(5) Lavatory waste shall be discharged onto the triturator bars, not on top of the grate.

(6) The drain on the cart shall be capped before individuals leave the triturator building.

(7) After the waste is emptied, the grate and bars shall be hosed completely clean (no blue fluid staining, paper, or solids visible).

(8) Each lavatory service cart must have at least two (2) tools (tongs, forks, or brushes). Brushes, forks, or tongs shall be used to remove hard objects and to push paper products into the pit.

(9) Hard objects, such as cell phones, flashlights, aluminum cans, plastic cups, or clothing, shall not be allowed to enter the triturator. Instead, they shall be removed using tongs or other tools. Hard objects and other nonpaper debris (rubber gloves, paper towels, underclothing, kitty litter, chemical bottles, absorbents, etc.) shall be disposed of in trash cans with liners located inside the triturator.

(10) Lavatory carts shall be rinsed at the triturator or inside a building with a sanitary sewer drain, never on the apron or near storm grates.

(11) When filling the lavatory cart's fresh water tank, chemical disinfectants shall be used. The chemical disinfectants shall be added to the fresh water tank while the cart is inside the triturator building or inside a building with a sanitary sewer drain, and not near a storm water drain.

(12) Doors to the triturator shall be closed before and after use.

(13) Following these rules does not exempt any individual or entity from liability under the law.

(14) Employee airfield drivers' licenses can be revoked for rule violations and their employers may be penalized as well.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-105. Ground runup enclosure procedures.

Persons using the ground runup enclosure (GRE) shall conform to the following rules:

(1) Make a written request to airport operations to use the GRE in advance of the intended use. Approval of the written request to use the GRE must be received from airport operations prior to use of the GRE.

(2) The request must be clearly legible and provide the date, time requested, name of company, company phone and fax numbers, user's name and airport security badge number, tail number, aircraft type, requested location, purpose of use, time to be used, number of people to be in attendance, and whether vehicles will be present.

(3) Prior to using the GRE, inspect the blast walls and ground surface inside the runup enclosure for physical damage and FOD. If damage is noted, immediately notify airport operations by telephone followed up by a written notice of damage observed when returning to the user's base of operation.

(4) Inspect and remove all FOD within the GRE prior to and after engine runups.

(5) Maintain constant radio contact with the airport traffic control tower.

(6) "No Engine" markings indicate the closest point that an aircraft engine may be located in relation to any blast wall during the test.

(7) "No Tail" markings indicate the closest point that an aircraft tail may be located in relation to any blast wall during the test.

(8) Aircraft with a wingspan of one hundred seventeen (117) feet or more must be towed or pushed into the GRE.

(9) No fueling operations shall be performed inside the GRE.

(10) No aircraft washing shall be conducted inside the GRE.

(11) No prolonged maintenance, as determined by airport operations, shall be performed inside the GRE.

(12) The user shall be liable for any and all contact damage incurred to the GRE.

(13) Report any property damage, fuel spills, and injuries to persons to airport operations immediately.

(14) Follow all other conditions in the Aircraft Ground Runup Procedures Manual.

(15) Wind speed/direction must be in compliance with the Aircraft Ground Runup Procedures Manual while using the GRE.

(16) Prior to leaving the GRE, inspect the blast walls and ground surface inside the run-up enclosure for any physical damage and FOD. If damage is noted, immediately notify airport operations by telephone followed up by a written notice of damage observed when returning to the user's base of operation. If FOD is observed, remove it prior to leaving the GRE.

(17) Alternate ground runup site procedures. Taxiways N and Q near the approach end of runway 22 at San Antonio International Airport are designated as secondary locations to conduct aircraft engine ground runups. These locations will only be used when the GRE is in use, out of service, or at the discretion of airport operations. Authorization from airport operations must be obtained prior to conducting ground engine runups at the alternate locations. Airport operations may designate other alternate runup locations at San Antonio International Airport at their discretion. Engine runup locations outside of the GRE may only be utilized for engine runups between 6:00 a.m. and 11:00 p.m. CST. McDonald-Douglas MD-11 and DC-10 aircraft are prohibited from operating their tail mounted engine in the GRE between 11:00 p.m. and 6:00 a.m. CST.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Secs. 3-106—3-112. Reserved.

DIVISION 6. FIRE SAFETY

Sec. 3-113. Intent.

It is the intent of this division to prescribe regulations consistent with nationally recognized good practices for the safeguarding, to a reasonable degree, of life and property from the hazards of fire and explosion arising from the storage, handling, and use of hazardous substances, materials, and devices.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-114. Scope.

The provisions of this division shall apply to existing conditions as well as to conditions arising after the adoption hereof.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-115. Authority of fire personnel to exercise powers of police officers.

The aircraft rescue and firefighting (ARFF) coordinator and members of the ARFF Division shall have the powers of a police officer in performing their duties under this division.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-116. Right-of-entry.

Whenever necessary to make an inspection to enforce any of the provisions of this division, or whenever the ARFF coordinator or his/her authorized representative has reasonable cause to believe that there exists on any premises on the airport any condition that makes such building or premises unsafe, the ARFF coordinator or his/her authorized representative may enter such building or premises at all reasonable times to inspect the same; provided that, if such building or premises is occupied, he/she shall first present proper credentials and demand entry; and if such building or premises is unoccupied, he/she shall first make a reasonable effort to locate the lessee or other persons having charge of the building or premises and demand entry. If such entry is refused, the ARFF coordinator or his/her authorized representative shall have recourse to every remedy provided by law to secure entry.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-117. Hazardous materials handling guidelines.

(a) Procedures, precautions, preventive maintenance, and emergency notification criteria outlined and discussed in detail in the publications listed below, which are adopted herein by reference, shall be adhered to in all fueling and maintenance operations using hazardous fluids, including the storage of such fluids.

(b) All tenants, vendors, or individuals dispensing, placing, defueling, or otherwise handling fuel for aircraft or other flammables or hazardous materials on the airport shall do so at their own risk. They shall accept full responsibility for maintaining the proper standards of operation as described in this division 6, "Fire safety," and shall comply with the directives contained in the following list of publications listed in section 3-117 paragraph (c).

(c) Prior to beginning or continuing any of the above activities, all tenants or vendors involved shall submit a fueling plan for the approval of the director. The aviation department will enforce all or part of the following publications as they apply to protecting against fire and explosions in storing, dispensing, and otherwise handling fuel, lubricants, and oxygen on the airport. These standards shall cover facilities, procedures, and personnel training and shall address at least: grounding and bonding; public protection; control of access to storage areas; fire safety in fuel farms and storage areas; and fire safety in mobile fuelers, fueling pits, and fueling cabinets.

(1) *National Fire Protection Association (NFPA).*

a. *NFPA 407—Standard for Aircraft Fuel Servicing,* current edition.

1. Reference paragraph 4.3.22.2, 4.4.5.7, 4.5.9.3, and 4.6.9, are amended to read - with reference to signage.

A. Emergency Fuel Shutoff sign - shall be made of metal and must be 24" x 24" with red background with 5" white reflective letters "EMERGENCY FUEL SHUTOFF".

B. Push or Pull sign - shall be made of metal and must be 12" x 8" with red background with 4" white reflective letters "PUSH" or "PULL" as appropriate for said location.

C. Emergency Instructions sign - shall be made of metal and must be 24" x 24" Top portion should have a 6" high red background with 2" white reflective letters "EMERGENCY INSTRUCTIONS." The bottom por-

tion shall have a white background 1" red reflective letters "1. USE EMERGENCY FUEL SHUTOFF, 2. TO REPORT AN ACCIDENT CALL 207-3433, 3. (Address of site) e.g. (411 Sandau Rd, Gate 183)"

b. NFPA 410—*Standard on Aircraft Maintenance,* current edition.

(2) *American Petroleum Institute (API).*

a. API/IP RP 1540—*Design, Construction, Operation, and Maintenance of Aviation Fueling Facilities.*

b. API/IP STD 1542—*Identification Markings for Dedicated Aviation Fuel Manufacturing and Distribution Facilities, Airport Storage and Mobile Fuelling Equipment.*

c. *API/IP SPEC 1581—Specifications and Qualification Procedures for Aviation Jet Fuel Filter/Separators.*

(3) *Federal Aviation Administration.*

a. Advisory Circular (AC) 150/5230-4A or most current,—*Standards and Procedures for Fuel Storage, Handling, and Dispensing.*

b. AC 20-43C—*Aircraft Fuel Control* as amended.

(4) *National Air Transportation Association.*

Refueling and Quality Control Procedures for Airport Service and Support Operations.

(5) *International Fire Code,* as adopted by the city with amendments, current edition.

NOTE: The National Fire Protection Association (NFPA), American Petroleum Institute (API), International Fire Code (IFC) publications contain minimum standards which are used by the city of San Antonio aviation department which is the authority having jurisdiction (AHJ). The aviation department may impose more stringent standards.

(d) Copies of the above publications shall be kept on permanent file as public records in the office of the director. Revised information made public by the above organizations or such other applicable regulations as may be promulgated from time to time shall be incorporated into this division and shall be adhered to by all concerned.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-118. User of volatile liquids.

No person shall use flammable/combustible liquids in the cleaning of aircraft, aircraft engines, propellers, appliances, or for any other purpose, unless such operations are conducted in an approved open air location, or in a room specifically set aside and approved in accordance with the International Fire Code, as adopted by the city with amendments (current edition) for that purpose.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-119. Dispensing fuels.

(a) All aviation fuels will be dispensed on airport property by vendors holding a valid lease or agreement with the city that allows such operation except for an individual aircraft owner who transports and dispenses fuel into his/her own aircraft for his/her own private use, and who, by doing so, meets all requirements of the FAA, fire marshal and city codes, restrictions, and procedures. No company or individual may transport flammable liquids onto any aircraft area for the express purpose of sale on any portion of the property owned by the city without a valid agreement with the city.

(b) Each fueling agent who allows an aircraft owner or any other person not employed by the fueling agent to fuel an aircraft on the airport shall provide a list of all such persons to the aviation department. The fueling agent shall be responsible for providing at least on-the-job training in fire safety for each of these individuals. The fueling agent shall, once yearly, update this list and provide to the director certification that each person allowed to use the fuel facility has had the training described above.

(c) Refueling of an aircraft in a hangar is prohibited.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-120. Equipment maintenance.

Fueling pumps, meters, hoses, nozzles, fire extinguishers, and grounding and/or bonding devices shall be kept in proper working condition at all times, and shall be subject to inspection by airport representatives at any time. All aircraft fuel service trucks shall have an approved dust cap attached to each nozzle, or other type of configuration to ensure that no dust or debris is allowed to enter the nozzle end.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-121. Malfunction of refueling equipment.

(a) When malfunction of refueling equipment is detected, all refueling shall cease immediately and the fueling equipment is to be placed out of service until the malfunction is remedied. Tanks, pipes, hoses, valves and other fuel delivery equipment shall be maintained leak free at all times.

(b) Any malfunctions or irregularity detected on or within the aircraft being serviced shall be brought to the attention of the aircraft owner or operator immediately.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-122. Fuel spill.

(a) Crews engaged in the fueling and defueling of aircraft, the filling of dispensing equipment, or in any manner working with aviation fuels shall exercise extreme caution to prevent spills. When spills occur, servicing shall cease and spills shall be removed or absorbed with suitable material. Any spill occurring during the fueling process shall be the responsibility of the person or agent performing the fueling act to remediate. If the fuel spill occurs after the fueling agent has left the scene, the aircraft owner or the entity or individual charged with responsibility for the aircraft shall immediately begin clean up and call for the fueling agent to return to assist. A fuel spill occurring during some type of aircraft maintenance, when no fueling has occurred, shall be the sole responsibility of the aircraft owner or the entity or individual charged with responsibility for the aircraft to remediate. Proper notification as required in these rules shall be initiated at all times.

(b) The airport operations division shall be notified by the fueling agent of all fuel spills regardless of the size of the spill.

(c) The ARFF Division shall be notified if a spill is over ten (10) feet in any dimension or over fifty (50) square feet in area; continues to flow; is suspected of entering a storm drain, sewer, or waterway; or is otherwise a hazard to persons or property.

(d) Each fueling agent shall carry on each fuel vehicle at least two (2) bags of approved absorbent material and an approved device for damming or excluding fuel from entering a drain.

(e) No aircraft engine may be started when any volatile liquid is on the ground under such aircraft.

(f) No one is to walk or drive through any fuel spill.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-123. Positioning of fueling vehicles.

(a) During refueling or defueling, fuel-handling vehicles shall be placed so as to be readily removable in the event of fire and to permit direct driving away from the loading or fueling position. Not more than one (1) refueler shall be positioned to refuel each wing of an aircraft, and not more than two (2) refuelers shall be positioned to serve the same aircraft. When high-capacity aircraft are refueled, additional refuelers shall not be parked or positioned within one hundred (100) feet from the aircraft served and then only in areas approved by the director.

(b) Staging of fuel-handling equipment before and after fueling shall be in those areas authorized by the director.

(c) When not conducting refueling operations, aircraft fuel servicing tank vehicles shall be parked so that a minimum of ten (10) feet of clear space is maintained between them and other aircraft fuel servicing tank vehicles on both sides and on the front and rear for accessibility for fire control purposes. This includes vehicles waiting in line to be filled.

(d) Aircraft fuel servicing tank vehicles shall be parked a minimum of fifty (50) feet from any parked aircraft and building other than maintenance facilities and garages for fuel servicing tank vehicles.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-124. Airborne radar operation.

No airborne radar equipment shall be operated or ground tested in any area wherein the directional beam of high-intensity radar is within three hundred (300) feet or low-intensity radar (less than fifty (50) kilowatts output) is within one hundred (100) feet of another aircraft, an aircraft refueling truck, or aircraft fuel or flammable liquid storage facility.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-125. Fire extinguisher requirements.

(a) Aircraft fueling vehicle loading stations shall have no less than two (2) 20-B portable fire extinguishers located within seventy-five (75) feet of hose connections, pumps and separator tanks. Multipurpose (ABC) extinguishers will not be allowed in the area of any aircraft fueling operation.

(b) Aircraft fuel servicing tank vehicles shall be equipped with a minimum of two (2) listed portable fire extinguishers, each having a minimum rating of 20-B:C. A portable fire extinguisher shall be readily accessible from either side of the vehicle.

(c) Portable fire extinguishers at fuel dispensing stations shall be located such that pumps or dispensers are not more than seventy-five (75) feet from one such extinguisher. Fire extinguishers shall be provided as follows:

(1) Where the open-hose discharge capacity of the fueling system is not more than two hundred (200) gallons per minute, a minimum of two (2) listed portable fire extinguishers having a minimum rating of 20-B:C shall be provided.

(2) Where the open-hose discharge capacity of the fueling system is more than two hundred (200) gallons per minute, but not more than three hundred fifty (350) gallons per minute, a minimum of one (1) listed wheeled extinguisher having a minimum extinguishing rating of 80-B:C and a minimum agent capacity of one hundred twenty-five (125) pounds shall be provided.

(3) Where the open-hose discharge capacity of the fueling system is more than three hundred fifty (350) gallons per minute, a minimum of two (2) listed wheeled extinguishers having a minimum rating of 80-B:C each and a minimum capacity agent of one hundred twenty-five (125) pounds each shall be provided.

(d) At San Antonio International Airport, ramp operations shall have at least one (1) wheeled extinguisher with a minimum listed rating of 80-B provided at each gate or stand or at intervals of two hundred (200) feet along the length of aircraft ramps.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-126. Fuel handling vehicle marking.

(a) Each fuel handling vehicle shall have a sign on each side and the rear to identify the product. The sign shall have letters at least three (3) inches high and shall be of a color contrasting sharply with the sign background for visibility. The word "FLAMMABLE" and the name of the product carried, such as "JET A," "JET B," "GASOLINE," or "AVGAS," shall appear on the sign.

(b) In the cab of each fuel handling vehicle, the name of the product carried shall be prominently displayed in three-inch letters or larger.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-127. Storage of flammable substances.

(a) Gasoline, oil, waste fuel, and solvent drums or receptacles shall not be stored on apron and ramp areas in excess of amounts actually needed as current stock. Any material of this type that is kept on airport areas shall be kept enclosed and covered in a clearly marked and labeled housing of a design and type that meet requirements of the regulations included in division 6, "Fire safety," or other such regulations as may be promulgated from time to time. Each drum or container shall be labeled in letters at least three (3) inches high

with "No Smoking," "Flammable," and the tenant's name. Drums shall be stored on a spill pallet or by some other means, approved by the aviation department, of containing any potential spill of the largest amount anticipated. Enough absorbent material to remediate a spill of the largest amount of fuel on hand shall be kept readily accessible to any such flammable liquids storage area. No such flammable liquids storage area shall be inside any building unless in an approved explosion proof flammable liquids storage room or closet.

(b) No cylinders or flasks of compressed flammable gases shall be stored in hangars.

(c) No person shall store, handle, or transport Class A, Class B or Class C flammable and/or combustible material(s) upon the airport without prior approval from the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-128. No volatile solvents on floors.

Floors shall be kept clean and free from oil. The use of volatile flammable solvents for cleaning floors is prohibited.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-129. Disposal of volatile substances.

No fuels, oils, dopes, paints, solvents, or acids shall be disposed of or dumped in drains, on the ramp areas, catch basins or ditches, or elsewhere on the airport. When drip pans are used to contain leaks from aircraft engines, the contents must be disposed of in a manner so as not to contaminate these areas.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Secs. 3-130—3-135. Reserved.

DIVISION 7. COMMERCIAL ACTIVITY

Sec. 3-136. Approval of director prerequisite to business activity.

No person shall engage in any business or commercial activity of any nature whatsoever on the airport except with the prior written approval of the director, and under such terms and conditions as may be set forth in a permit issued by or a contract executed with the city, and in accordance with Division 10 of these rules and regulations.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-137. Commercial photography, film, and recordings.

No person, except representatives of the news media on duty or during official assignments, shall take still, motion, television, or sound pictures for commercial purposes on the airport without the express written consent of the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-138. Insurance requirements.

Anyone conducting a business or enterprise upon the airport must obtain insurance of such types and in such amounts as may be determined from time to time by the director. Insurance requirements may vary among different types of service providers and may be periodically adjusted to ensure that the city, airport passengers, and the interests of the public are adequately protected. Such insurance shall be issued by a company authorized to do business in the state and presented in a form and content acceptable to the director. Such insurance shall contain a statement naming the city as an additional insured. All such insurance policies shall provide for minimum of thirty (30) days' notice to the city prior to cancellation. The city shall have no duty to issue lease agreements or permits, or to pay or perform under contract until evidence of adequate insurance shall have been delivered to the city. All businesses shall be prohibited from commencing work until the proper notification of insurance has been delivered to the city.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-139. Rates for parking and storage of aircraft.

Rates for parking and storage of aircraft are based on the certificated maximum gross landing weight of aircraft. Rates may be periodically adjusted as allowed by city council. Charts of the

most current rates may be obtained upon request and are set forth in Division 10 of these rules and regulations.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-140. City gate policy.

The director is authorized to issue city gate permits to air transportation companies and ground handling companies for temporary access to airport terminal facilities to offload and board passengers at San Antonio International Airport. The permit and policy procedures for the use of city gates shall be as authorized by city council from time to time.

(1) City gate facilities shall include those facilities necessary for the servicing of passengers, such as gates, loading bridges, and holdrooms that are not leased to an airline on an exclusive or preferential basis.

(2) City gate fees shall be assessed in accordance with the rates and charges paid by signatory airlines under the effective airline-airport use and lease agreement. In the absence of an effective airline-airport use and lease agreement, the city gate fee shall be determined by the approved rates and charges ordinance.

(3) City gate fees shall be assessed on an hourly basis with half-hour increments after the initial hour. This fee will be assessed from the time the aircraft parks at the gate until the time the aircraft pushes back from the gate.

(4) A departure or offloading of passengers shall be a requirement for city gate fees to accrue. All overnight parking at city gate(s) shall be billed in accordance with the rates for parking and storage of aircraft under section 3-178. City gate fees may also be applicable based on usage of the city gate facilities.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-141. Express use of facilities.

(a) The security of all pedestrian and vehicular gates, building doors, access ramps, fences, walls, and other access points that lead from a tenant, lessee, or contractor area to or from the AOA or any other restricted area on the airport shall be the responsibility of the tenant, lessee, or contractor whose controlled area abuts the AOA.

(b) All leaseholds, improvements, and real and personal property on airport property are expressly for the conduct of the owner's or lessee's business and operations. No person other than employees or licensees of the owner or lessee shall make use of these facilities or loiter around such premises without specific permission of the owner or lessee.

(d) No tenant shall decorate any public view area to celebrate, commemorate or support any cause, event or holiday without a prior request to and written authorization from the director. Such request shall be made, at a minimum, 10 (ten) business days prior to the event and should include a detailed description of decorations and their placement.

(e) No tenant shall erect drawings, pictures or non-professional signs in the public view area without prior approval from the director.

(f) Tenant is permitted to hold fundraisers within its exclusive area as long as it is out of the public view. Fundraisers must be geared towards tenant's employees and should not include distribution of flyers or emails to other tenants/customers throughout the airport without approval from the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-142. Changes by tenant.

(a) No tenants or lessees will be permitted to effect structural changes, additions or decorative changes, including signs or displays of any type, or repairs to any city-owned buildings without prior written permission of the director. Additionally, no tenant or lessees shall be permitted to effect changes to any existing non-city owned facility located on airport property, construct a new facility on airport property, or complete surveying work on airport property without prior written permission from the director. The tenant or lessee shall furnish any and all documenta-

tion regarding the proposed changes or construction, in a quantity specified by the director, to the director for his or her review and approval.

(b) Airport security division must be notified prior to any changes to a tenant's legal name on lease agreements, including assignments and assumptions. Airport security division must also be notified prior to any alternations and activities by tenants that impact the layout or physical structure of the AOA, SIDA, secured area or sterile area. The aforementioned division will determine if TSA notification is required; if so, TSA requires forty-five (45) days of notice to any changes in the form of a change or condition, temporary or permanent amendment to the security plan of the San Antonio International Airport. No alterations or activities will be permitted until TSA written approval has been received.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-143. Integrity of leased premises.

All tenants or lessees shall observe the graphic boundaries associated with and assigned to each lease agreement as being absolute and shall not encroach on adjacent areas by locating vehicles, aircraft, or equipment on or in such a manner as to have any portion extending onto or over adjacent property.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-144. Utility payments.

Every tenant shall provide a meter for the purpose of accurately measuring gas, water, and electrical power used by the tenant, or shall pay a flat fee for these utilities as prescribed by the director, except as may be provided for in individual leases.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-145. Aircraft, vehicles, equipment or parts left on the airport.

(a) No tenant or lessee shall park or store a disabled or inoperable aircraft, vehicle, or piece of equipment in any area outside their leasehold without the approval of the director. Any disabled or inoperable vehicle or piece of equipment that is stored or parked within a tenant or lessee's leasehold for more than ninety (90) days may be deemed derelict and subject to removal at the owner's expense as described in section 3-145 paragraph (c).

(b) No person shall park or store any vehicle in an airport parking facility, in a parking facility under the control of an airport tenant of the city, or other area authorized for parking, that is unattended or inoperable for a period of sixty (60) days or more without a written permit from the aviation department or its authorized agent. Vehicles left unattended shall be presumed to have been abandoned and may be considered and treated as such.

(c) Upon notification and demand by the director, either orally or in writing, to the owner or operator of any derelict, disabled, inoperable, or abandoned vehicle, aircraft, or piece of equipment or parts of such left on the airport, it shall be the duty of the owner or operator to remove the same at his/her own expense. If, after such demand, the owner or operator fails or refuses to remove such property within a reasonable time as determined by the director under the circumstances and conditions created by the presence of such property, the director may cause the same to be impounded and/or stored. The cost of such removal, impound, storage, and any parking fees due at the time of removal shall be a charge against the owner or operator of such property; and upon the payment of the charge, the property shall be released and possession shall be restored to the owner or operator. If the owner cannot be determined, the city shall have the right to dispose of the property by sale or otherwise and to keep the proceeds therefrom.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-146. Construction or repair.

(a) Prior approval shall be obtained from the director before any survey, repair, or construction activity of any kind is commenced on any city-owned property at the airport. This shall include utility connections, paving, excavations, and removal of soil or fill material or other improvement to land on the airport.

(b) Prior to the commencement of any construction, an airspace study on FAA Form 7460-1 shall be completed except for construction within an existing structure.

(c) In the event construction equipment will be used which is higher than the structure being erected under a granted permit, the operator of the equipment must notify the aviation department, keep the equipment in a lowered position to the maximum extent possible, and install appropriate hazard marking and/or lighting on the top extremity of the equipment.

(d) All necessary city permits and licenses shall be obtained prior to performing any construction or repairs.

(e) Any repair or deficiency that is the responsibility of the aviation department to correct may be reported to the aviation department through the feedback page on the aviation department's website.

(f) In order to comply with TSA regulations, airport security must be notified prior to tenants initiating any alterations and activities that impact the layout or physical structure of the AOA, SIDA, secured area or sterile area. Airport security will determine if TSA notification is required; if so, TSA requires a 45-day notice in advance of any work commencing through a change of condition, temporary amendment or permanent amendment form. No alterations or activities will be permitted until airport security receives written approval from TSA.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-147. Nonconcessionaire rental car business permit.

(a) The director is authorized to grant nonexclusive user permits substantially in the same form as the San Antonio International Airport nonconcessionaire rental car business permit previously approved by ordinance. Said permit grants permission and access to the airport by nonconcessionaire rental car businesses using San Antonio International Airport or Stinson Municipal Airport in exchange for payment of a permit fee and the collection and remittance of customer facility charges.

(b) The permit authorizes nonconcessionaire rental car businesses to access and use the airport for loading and unloading of airport patrons at designated locations.

(c) The user fee, consistent with city ordinance, is based upon the benefits derived by nonconcessionaire rental car businesses by their use of San Antonio International Airport.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-148. Aircraft for hire.

Operators of aircraft used for hire or other commercial purposes are required to have appropriate insurance and permits, and shall pay such landing fees and/or fuel flowage as required by ordinance or contract. No person in any aircraft shall discharge or allow to be discharged from the aircraft any object within the city limits except when absolutely essential to the safety of the occupants of the aircraft.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-149. Mobile food vending permits.

Consistent with city ordinance, the director may issue mobile food vending permits to persons or businesses seeking to do business at the airport and who have obtained the required permits from all applicable regulatory entities. The director may impose other permit requirements to ensure the proper operation of airport facilities. The issued permit shall be posted in a conspicuous place in public view and in accordance with division 10 of these rules and regulations.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-150. Prohibition against the recording of aircraft registration information.

The recording of any aircraft registration information by persons or tenants other than those servicing or handling said aircraft is

expressly prohibited without the written permission of the aircraft owner, operator, or his/her designee.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-151. Rate-setting for leases.

(a) The initial rental rate for leases of city owned buildings and structures shall be established at ten (10) percent of the fair market value of the property in accordance with the procedures below.

(1) Fair market value shall be determined by appraisal of the fee simple interest in the subject property, according to its highest and best use. Ground and building appraised values shall be listed individually in the final appraisal.

(2) The appraisal must be performed by a real estate appraiser licensed in the state.

(3) The director shall select the appraiser (city's appraisal) and the cost shall be equally shared by the aviation department and lessee.

(b) Ground rental rates shall be assessed through a ground rental rate study which will be updated approximately every eighteen (18) months.

(c) To dispute city's appraisal, lessee must:

(1) Certify in writing to the director that it does not agree with city's appraisal within ten (10) business days of receiving written notification of city's appraisal and corresponding rental rates.

(2) Appoint a recognized, qualified and impartial MAI (member of the appraisal institute) or equivalent appraiser (hereinafter, "lessee's appraiser") with prior airport experience and causing the performance of an appraisal for the subject property to be completed within ninety (90) days of receiving notice of city's appraisal.

(3) The lessee shall bear the costs of the appraisal performed by lessee's appraiser and deliver a copy of said appraisal to the director, at no cost to the city.

(d) To arrive at a final appraisal after a dispute by the lessee in accordance with paragraph (b) of this section, the city and lessee shall jointly appoint a third appraiser to conduct an appraisal of the subject property.

(1) The third appraisal shall control the initial rate setting for the contemplated lease.

(2) The cost of the appraisal shall be borne fifty (50) percent by lessee and fifty (50) percent by city.

(e) All appraisals performed pursuant to this section shall be based on fee simple ownership.

(f) This section shall not apply to the lease of property located within the terminals, aprons, taxiways, or runways of San Antonio International Airport; to the ground rental rates for Stinson Municipal Airport unless otherwise approved by ordinance; or where leasing at market value rates is prohibited by FAA.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-152. Planting of vegetation.

No vegetation shall be planted on airport property unless approved by the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-153. Drop off/pick-up locations and parking

(a) The director reserves the right to designate locations for drop-off, pick-up, and parking of commercial vehicles as demanded by traffic needs, construction, or other safety concerns.

(b) Commercial vehicles dropping at the San Antonio International Airport terminal roadside may not stop in the outer two lanes to drop off passengers. They shall use the designated areas as determined by the director and/or wait until space is available on an inner curb.

(c) Commercial vehicles picking-up passengers must do so in the area(s) designated for the purpose either as marked or communicated by airport staff. Commercial vehicles must also pay applicable ground transportation fees per city ordinance.

(d) Commercial vehicles may not stop, stand, or park in any undesignated area on airport property including public facilities, roads, or curbsides on airport property such as the cell phone lot, any unused parking areas or cul-de-sacs, or bus cut-out areas.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Secs. 3-154—3-156. Reserved.

DIVISION 8. SECURITY

Sec. 3-157. Airport police and airport security.

(a) The airport police shall have full police powers and authority to enforce all laws, ordinances, orders, rules, and regulations at San Antonio International Airport and Stinson Municipal Airport.

(b) The airport security division will serve as the director's designee for all security related issues and shall have the authority to enforce the airport security program and rules and regulations that pertain to security at San Antonio International Airport and Stinson Municipal Airport.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-158. Authorized entry.

(a) At San Antonio International Airport, it shall be unlawful for any person to enter or be upon the air operations area (AOA), security identification display area (SIDA), utility rooms, and service areas or other restricted areas as defined above except:

(1) Persons assigned to duty therein;

(2) Persons authorized by the director;

(3) Persons displaying airport identification media approved by the director or his/her designee;

(4) Passengers under direct supervision of a person displaying approved airport identification media with escort privileges, entering the AOA for purpose of embarkation or debarkation;

(5) Persons accompanied by and/or under the direct supervision of a person displaying airport approved identification media with escort privileges; and

(6) Occupants of vehicles displaying approved airport identification media or under the direct supervision of a person displaying approved airport identification media with escort privileges that have been approved for entrance and operation on the AOA, provided said vehicles are displaying required identification as provided for hereinafter.

(b) At Stinson Municipal Airport it shall be unlawful for any person to enter or be upon the air traffic control tower, utility rooms, and service areas or other restricted areas except:

(1) Persons assigned to duty therein;

(2) Persons authorized by the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-159. Authorization for identification.

(a) The director, before granting authorization for entrance or operations within restricted areas previously defined, must determine from existing facts or from information provided by the applicant that the entrance and/or operations are necessary for the regular operations of the airport and that such authorization will not cause any security problem for the airport or for the lessees of airport property.

(b) The director shall have the right to require those seeking authorization for entrance or operations within restricted areas previously defined to provide information relative to the applicant's name and address, his/her employer and address, his/her proposed activities within the restricted area, and any other information necessary to establish the right of entry and fulfill the federally mandated requirements to receive an approved airport identification media as established in the airport security program. The director shall have the authority to limit the location, entrance, duration of time in the area, and the point of ingress and egress by any person or vehicle authorized to enter the restricted

areas. The director may terminate any authorization upon a change of conditions affecting airport security.

(c) Each person authorized to access the restricted area of the airport shall be issued airport identification media in accordance with the federally approved airport security program. The approved airport identification media is the property of the San Antonio Airport System and may be revoked, suspended or confiscated at any time by the director for security or safety infractions.

(d) Persons in possession of airport identification media shall immediately return such media to the appropriate airport representatives upon voluntary or involuntary termination of employment. Employers shall be responsible for the return of airport identification media and keys upon the termination of any employee in possession of such airport identification media. Rates for unreturned keys and identification media are in division 10.

(e) In the interest of the safety and security of the traveling public and employees working at the airport, the city reserves the right to be more stringent in the interpretation of the disqualifying offenses outlined in 49 C.F.R. Part 1542.209 regarding the authorization to be issued or maintain possession of approved airport identification media.

(f) The director reserves the right to consider any of the following dispositions appearing in an applicant's criminal history in determining whether or not to issue or renew airport identification media to an applicant: felony convictions, felony deferred adjudications, Class A misdemeanor convictions, Class A adjudications, or a pattern of criminal behavior determined, in the director's sole discretion, to pose a threat to persons or property. Airport identification media will not be issued to any applicant who has outstanding active arrest warrants. Proof of resolution of arrest warrants must be provided to the airport security division.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-160. Development and implementation of security plans.

(a) Each lessee of land and/or facilities at San Antonio International Airport having access to the AOA shall develop and implement security plans containing the following:

(1) A drawing of the lease area, showing the footprint of the facility to include any doors, gates, or fencing to be used as deterrents to prevent unauthorized AOA access;

(2) The location of each gate, opening, or other means of controlling access to the AOA;

(3) Surveillance, locking systems, or other methods of preventing unauthorized movement through the access points, both during and after normal working hours;

(4) Provision for escort or supervision on the AOA by a person displaying authorized identification, pursuant to division 8, item 3 [section 3-159] of this article. Such identification shall be approved by the director as established in the federally approved airport security program.

(b) Each plan shall be submitted to the director for review and approval no later than thirty (30) days after commencing a new operation on the airport. Plans shall be submitted to the director or his/her designee prior to proceeding with any changes or modifications by the lessees that result in modifications or changes in conditions affecting access to the AOA through or from the lease area. Security plans shall be kept on file in the office of the director.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-161. Aircraft security when necessary.

When, in the opinion of an aircraft owner, conditions become necessary to provide additional security at the location of the aircraft on the airport, the owner shall be responsible for obtaining, at no cost to the city, security guards or police officers, after permission to establish such security has been obtained from the director or his/her designee. Furthermore, the owner shall

be responsible for ensuring that security guards or police officers have, in their possession, aviation department approved identification media while working in the restricted area of the airport, or are with an airport approved escort. Security measures shall not be used as a means to hinder or delay removal of aircraft nor to interfere with government, FAA, or airport staff in the proper disposition of the aircraft.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-162. Authorized airport identification holders.

All persons authorized by the director to possess approved airport identification media shall:

(1) Properly display approved airport identification media when in the SIDA, Secured Area or Sterile Area.

(2) Properly control any person under their direct supervision who does not possess approved airport identification media when in the SIDA.

(3) Challenge persons in the SIDA not displaying approved airport identification media.

(4) Properly enter/exit and secure all access portals to the SIDA.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Secs. 3-163—3-166. Reserved.

DIVISION 9. ENFORCEMENT AND PENALTIES FOR NONCOMPLIANCE

Sec. 3-167. Purpose.

These rules and regulations have been adopted and approved by the city council and apply to the geographical properties known as San Antonio International Airport and Stinson Municipal Airport. The provisions in this article are designed to protect the public health, safety, interest, and general welfare at the airport, and to restrict or prevent any activity or action that would interfere with the orderly operations and efficient use of the airport by passengers, operators, tenants, and users.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-168. Compliance.

The director has the authority to enforce the provisions of this article. All persons on any part of the property comprising the airport shall be governed by these provisions and by other directives from the director relative to the use or occupation of property within the airport. This includes any permission granted directly or indirectly, expressly or by implication, to any entity or individual to enter upon or use the airport (including aircraft operators; vehicle operators; aircraft crewmembers and passengers; spectators and sightseers; occupants of private and commercial vehicles; officers, employees, customers, vendors, and suppliers of operators and lessees; and entities conducting business at the airport). All such permission granted is conditioned upon full and complete compliance with this chapter, and all applicable regulatory measures that may be promulgated by any governing body or agency having jurisdiction over the airport.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-169. Enforcement.

The director is empowered to enforce these rules and regulations through his/her designee. All persons on the airport grounds shall respond to directives issued by the director relative to the enforcement of these rules and regulations. Violations of rules and regulations may result in a written notice of correction (NOC) issued by aviation department staff, suspension and/or revocation of permit(s) to conduct activities at the airport, and/or being cited with a Class C misdemeanor which, upon conviction, shall be punishable as provided in section 1-5 of this Code, or successor provision. Additionally, the director may issue a cease and desist order or remove or evict from the airport grounds any person who knowingly, willfully, recklessly, or continuously violates any rule or regulation prescribed herein, or any rule or regulation in effect by the federal government or the state,

and may deny use of the airport and its facilities to any such person if it is determined that such denial is in the public interest.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-170. Appeal of a decision.

Any person or company that receives from aviation department personnel, a notice of correction, administrative fee, cease and desist notice, suspension of permit, eviction, removal, denial of access to airport property, or other administrative action because of violations of this article may appeal, in writing, the action to the director within ten (10) calendar days of the receipt of the initial notice. The director shall have ten (10) calendar days to respond to the appeal and determine whether any administrative action taken should be rescinded.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-171. Civil penalties charged to the airport.

Any monetary civil penalty or fee charged to the airport as the result of any action or inaction by any person or entity that violates a federal, state, or local law, or regulation shall, at the discretion of the director, be paid by the person or entity responsible for the violation.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Secs. 3-172—3-176. Reserved.

DIVISION 10. RATES AND FEES

Sec. 3-177. Establishment of rates and fees.

All fees contained in this division are subject to change upon the passage of an ordinance by the city council.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-178. Rates for parking and storage of aircraft.

The following charges shall be levied for the parking and storage of aircraft at the airport:

Certificated Maximum Gross Landing Weight of Aircraft (pounds):	*Per 24-hour period*
12,500 and under	$100.00
Above 12,500	$150.00

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2024-09-19-0705, § 4(Att. F), 9-19-24)

Sec. 3-179. Parking rates and charges.

The aviation department shall implement rates and charges for parking privileges at San Antonio International Airport, which shall remain in effect unless amended by order of the city council as may be necessary from time to time. The times and rates for the parking areas shall be published on the city's website. Such charges are inclusive of sales tax payable to the state and are as follows:

(1) Long-term parking area. The rates and times shall be established by the director and shall not exceed a maximum of sixteen dollars ($16.00) for each 24-hour period.

(2) Short-term parking area. The rates and times shall be established by the director and shall not exceed a maximum of twenty-nine dollars ($29.00) for each 24-hour period.

(3) Economy parking areas. The rates and times shall be established by the director and shall not exceed a maximum of ten dollars ($10.00) for each 24-hour period.

(4) Minimum charge for a lost ticket in airport parking area shall be the 24-hour rate per day for the applicable parking area.

(5) Grace period. The director is authorized to establish a grace period for any parking area at the San Antonio International Airport.

(6) Parking fees for non-passengers shall be set by the director:

a. Issuance of parking access card, tag or sticker (new or replacement): Fifteen dollars ($15.00).

b. Terminal building employees for tenant employees or city employees (per month): A fee not to exceed seventy-five dollars ($75.00).

c. Employees of passenger airlines serving the city but based elsewhere (per month) in employee parking lot: A fee not to exceed seventy-five dollars ($75.00).

d. Replacement of lost/damaged parking access cards: Twenty-five dollars ($25.00).

e. Reserved parking, eligibility, number of spaces and location to be determined by director (per month): A fee not to exceed seventy-five dollars ($75.00).

f. Late payment of employee parking fees: Five dollars ($5.00).

Employee monthly parking fees shall be payable on a monthly basis, in advance. Employee monthly parking fees shall not be pro-rated for any reason. Refunds for pre-paid months will only be given if the card is returned prior to the beginning of the month that was prepaid. Refunds will be for full months only. Fees for the issuance or replacement of parking access cards shall be paid at the time of issuance or replacement.

(7) Parking programs. The city manager is authorized to establish rates for pilot parking programs in public parking areas at San Antonio International Airport for passenger convenience. Upon completion of an initial 12-month pilot program, in order to implement the program on a permanent basis, city council must approve each such program and its associated rates and charges.

(8) Guaranteed parking program. A program offering a limited number of parking spaces in access-controlled parking areas within the airport parking areas.

Long-term parking area. Monthly rate: Two hundred forty dollars ($240.00).

Short-term parking area: Monthly rate: Three hundred sixty dollars ($360.00).

(9) The city manager is authorized to increase the maximum rate and adjust parking rates to optimize parking at San Antonio International Airport.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2015-06-18-0550, § 1, 6-18-15; Ord. No. 2015-10-15-0874, § 2(Att. I), 10-15-15; Ord. No. 2016-09-15-0697, § 2(Att. F), 9-15-16; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18; Ord. No. 2023-09-14-0627, § 2(Att. C), 9-14-23)

Sec. 3-180. Payment of ground transportation airport operating permits and per trip fees by class.

(a) The aviation department is authorized to implement a permit system and to collect ground transportation per trip fees from certain classes of commercial vehicles operating at San Antonio International Airport. All such vehicles shall remit to aviation department staff the required paperwork and shall establish a ground transportation escrow account to be used for the payment of the required per trip fees as established in subsection (c).

(1) Commercial vehicles.

a. Taxi.

b. Limousine.

c. Hotel/motel vehicle (any type or size used for transporting customers).

d. Charter service as defined in chapter 33 "Vehicle For Hire" of the City Code.

(b) The airport permit fees, to be paid annually, shall be as follows:

Vehicle Type	*Permit Fee*
Taxi	$150.00
Charter	$50.00

(c) The ground transportation fees, to be paid per trip, shall be as follows:

Vehicle Type	*Fee Per Trip*
Taxi	$1.25
Transportation network company (TNC)	$1.50
Limousine	$2.00
Charter	$3.00
Hotel/motel shuttle	$1.50

(1) The director is authorized to establish the fees at a rate that shall not exceed five dollars ($5.00) per trip for all vehicle types except TNCs.

(2) The director is authorized to change the fees for TNCs using the methodology approved under Chapter 95 of the Texas Administrative Code.

(d) Account reinstatement fee will be assessed when the credit card on file is declined or the account has a zero or negative balance. The director shall authorize the permit reinstatement fee up to fifteen dollars ($15.00) for taxis and thirty dollars ($30.00) for other higher-capacity commercial transportation vehicles.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2016-12-08-0969, § 1(Att. C), 12-8-16; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Editor's note—Ord. No. 2016-12-08-0969, § 1(Att. C), adopted December 8, 2016, changed the title of section 3-180 from "Payment of ground transportation fees by class" to "Payment of ground transportation airport operating permits and per trip fees by class." The historical notation has been preserved for reference purposes.

Sec. 3-181. Airfield driving courses, aircraft escort, and other fees.

The following fees shall be charged:

(1) Airfield driver training of non-city employees:

a. AOA driving course—Movement areas, per person: $25.00.

b. AOA driving course—Non-movement areas, per person: $20.00.

(2) Airfield driver's license replacement: $10.00.

(3) Aircraft escorting: $25.00.

(4) Expired airfield driver's license penalty fee: $20.00.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-182. Fuel flowage fee.

Commercial fueling and self-fueling activities, not to include scheduled commercial airlines, shall incur a fee to be paid to the aviation department based on gallons of fuel delivered in the form of a fuel flowage fee in an amount set by ordinance. Such fees shall be added to the price of the fuel sold or delivered to the customer, itemized separately on the fuel invoice provided to the customer, and collected from the fuel customer at the time of the fuel sale or delivery.

All commercial fueling and self-fueling entities shall prepare and provide monthly reports that reconcile fee assessments and collections with fuel purchases or receipts, sales, and deliveries.

The fuel flowage fee at San Antonio International Airport is $0.075 per gallon.

The fuel flowage fee at Stinson Municipal Airport is $0.075 per gallon.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-183. Security access and control charges.

(a) The aviation department shall implement the charges airport identification media at San Antonio International Airport set forth below. These rates shall remain in effect unless amended by action of the city council as may be necessary from time to time. The following charges are inclusive of sales tax payable to the state:

(1) FBI fingerprint-based criminal history records check: $27.00.

Administrative fee payable to the aviation department: $38.00.

(2) Airport identification media (initial and renewals): $35.00.

(3) Air operations area parking permit: $5.00.

(4) Unaccountable airport identification (ID) media (lost, stolen or non-returned): $150.00.

Employers will be assessed and are responsible for paying the above fee for any unaccountable airport identification media for which they are designated sponsor in the system. In the event that an airport identification media, which has been previously reported as unaccountable, is returned to the airport badging office within thirty (30) days after such airport identification media was

deemed unaccountable. The city shall refund the employer one hundred dollars ($100.00) if the employer has paid the one hundred fifty dollar ($150.00) fee. Employers are encouraged to return the airport identification media even after the thirty (30) days.

[This page intentionally left blank.]

(5) Badge and ID missed appointment fee: $25.00

The following constitutes a missed appointment:

a. Arriving fifteen (15) minutes after scheduled appointment.

b. Failure to arrive at the scheduled date or time of appointment.

c. Failure to present all required documents for scheduled appointments. A list of required documents can be found on the airport security's website (http://www.sanantonio.gov/Aviation/Security/Badge-and-ID#156781624-get-a-badge).

Applicants or authorized signatories must notify the badge and ID office at satbadgeoffice@sanantonio.gov of cancellations twenty-four (24) hours prior to the date and time of the scheduled appointment.

(6) Airport identification media reactivation fee after security violation:

First offense: $25.00

Second offense: $50.00

Third offense: $75.00

Fourth offense—Airport identification media issuance/reactivation will be denied.

(7) The aviation director shall set a fee for non-returned or damaged fees. Non-returned/damaged key: Employers shall pay the following amount for each key that is not returned or damaged to the airport security office.

Standard key: $25.00

Electronic key: $75.00

(8) Progressive security enforcement fee: Ten dollars ($10.00) × frequency × severity factor as described in section 3-184.

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-184. Progressive security enforcement fee.

The progressive security enforcement fee shall be determined by multiplying the frequency and severity of the security violation, by a ten-dollar ($10.00) baseline charge (i.e., fee = $10.00 × frequency × severity factor). The severity factor is determined by the location and the type of the offense. San Antonio International Airport has three (3) designated restricted areas: the sterile area (inside the terminals but beyond the TSA security checkpoint), the secured area (outside the terminals near the commercial aircraft), and the security identification display area (SIDA, the entire AOA). The types of security violations are grouped into five (5) major categories: vehicular violations, access point violations, security rule violations, breaches of the restricted area, and unsecured sharp objects. The table below indicates the severity factor by location to be applied in the formula.

SEVERITY FACTOR BY LOCATION

Restricted Areas	*Vehicular Violation*	*Access Point Violation*	*Security Rules Violation*	*Breach of Restricted Area*	*Unsecured Sharp Objects*
Sterile Area	0	2	3	5	5

Restricted Areas	*Vehicular Violation*	*Access Point Violation*	*Security Rules Violation*	*Breach of Restricted Area*	*Unsecured Sharp Objects*
Secured Area	2	2	4	5	0
SIDA	1	2	4	5	0

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-185. Operation and maintenance fees on certain airport facilities.

An operation and maintenance fee, not to exceed twenty-five (25) percent of the monthly rental rate, shall be assessed on all leases at the Air Cargo Building West at San Antonio International Airport and non-concessionaire leases at the Stinson Municipal Airport Terminal Building. The director may periodically review and modify these fees as needed.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-186. Fuel storage and dispensing equipment.

Fuel storage tanks, vehicles and equipment used for the storage and/or dispensing of fuel shall be subject to ARFF inspection prior to being placed into service on airport property and thereafter as required by FAA regulations. The following fees are established in connection with such inspections:

(1) Initial inspection or inspection to maintain valid inspection decal: $0.00

(2) Reinspection after initial failed inspection: $25.00

(3) Fine for operating without a valid inspection decal: $500.00

(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-187. Commercial permit fee.

The director may issue permits to persons or businesses who seek to conduct commercial activities at the airport and do not have a contract with the city. Permits shall be for terms of one (1) year. The permit fee shall equal five (5) percent of all gross sales generated by the permittee's business activities at the airport, payable monthly. Proof of insurance and payment security satisfactory to the city must be provided before a permit is granted. The director may impose other permit requirements to ensure the proper operation of airport facilities and proper reporting of revenue. This section is not meant for businesses engaged in the following activities: transportation of passengers, automobile rental, catering and food preparation, and construction services.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-188. Administrative review fee.

(a) In the event of an airport tenant subleasing a portion of the premise where the city is the landlord and the city must review the sublease agreement, a processing fee will be assessed and shall not be more than one thousand five hundred dollars ($1,500.00). The processing fee is a one-time fee due at the initial review and calculated on five (5) percent of the following the rents charged on a monthly basis as stated in the sublease and over the term of the sublease (not to exceed twelve (12) consecutive months for subleases lasting longer than one (1) year).

(b) Airport tenants who request the transfer of a lease agreement to a prospective or existing tenant through an assignment and assumption agreement must pay the administrative review fee of one thousand five hundred dollars ($1,500.00) upon seeking the approval of the aviation director. The fee is nonrefundable regardless of the outcome of the director's decision or the assignment and assumption.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-189. Off-airport parking permit.

The director may issue off-airport parking permits to persons or businesses who seek to

provide car storage services to airport patrons. Permits shall be for a term not to exceed five (5) years. The permit fee shall equal ten (10) percent, or such other fee established by ordinance, of all gross sales generated by the permittee's business activities at the airport and/or with airport patrons, payable monthly. Proof of insurance and payment security satisfactory to the city must be provided before a permit is granted. The director may impose other permit requirements to ensure the proper operation of airport facilities and proper reporting of revenue.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-190. Mobile food truck fee.

The aviation director shall set the rate for a mobile food truck fee in an assigned or unassigned area not to exceed four hundred fifty dollars ($450.00).
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-191. Offsite airport catering fee.

Offsite airport catering fee: Eight (8) percent of gross revenue.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15)

Sec. 3-192. Non-concessionaire rental car business permit fee.

Non-concessionaire rental car business permit fee: Shall not be higher than the percentage fee for concessionaire rental car businesses operating at the San Antonio International Airport.
(Ord. No. 2015-04-09-0289, 1(Att. I), 4-9-15; Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Sec. 3-193. Event rentals.

(a) Aviation director shall have the authority to rent existing conference space to tenants or outside organizations for meetings and special events in the airport system that do not have a previously-approved facility policy. A special event may include the use of space and table(s) and chairs in the baggage claim areas of either or both terminal buildings for an organization to use as an event check-in. Displays for such event check-ins shall require prior approval from the aviation director or designee before posting.

(b) The rates and fees associated with the rental shall be set by the city manager or designee, delegated to no lower a position than aviation director, and are not exceed a maximum rate of three hundred dollars ($300.00) for an eight-hour rental during the business hours of 7:45 a.m. until 4:30 p.m. Monday through Friday excluding city holidays.

(c) Aviation director may approve events for the conference space during non-business hours at a rate the city manager or designee, delegated to no lower a position than aviation director, shall set not to exceed six hundred dollars ($600.00).

(d) The entity renting the space will be responsible for set-up and clean-up of the event or may be charged with a cleanup fee of up to one hundred dollars ($100.00) depending upon the size of the facility and scope of the required clean-up.

(e) The entity renting the space shall pay the airport the offsite catering fee.
(Ord. No. 2018-04-12-0266, § 1(Att. 1), 4-12-18)

Secs. 3-194—3-219. Reserved.

ARTICLE III. HELIPORTS, HELISTOPS*

DIVISION 1. GENERALLY

Sec. 3-220. Definitions.

Approach-departure path shall mean a path for flight in a plane leading outward and upward from the end of the take-off and landing area, under which adequate areas should be located to permit a safe landing in the event of a malfunction.

***Editor's note—**Ord. No. 63553, adopted Aug. 28, 1986, amended Art. III in its entirety to read as herein set out in Div 1, §§ 3-220—3-223, and Div. 2, §§ 3-231—3-237. Prior to said amendment, former Art. III pertained to similar subject matter and was composed of Div. 1, §§ 3-220—3-223, and Div. 2, §§ 3-231—3-236, which derived from Code 1959, §§ 4-26, 4-28—4-35; and Ord. No. 32373, §§ 1—10, adopted June 11, 1964. Subsequently, Ord. No. 62553 was substantially amended by Ord. No. 84181, adopted May 30, 1996.

Essential service heliport or helistop shall mean a heliport or helistop providing helicopter services to specific elements of the community such as trauma centers, hospitals and law enforcement agencies.

Heliports shall comply with all federal, state and local rules and regulations, including the Uniform Building Code. *Heliport* shall mean that area used by helicopters or other steep gradient aircraft for take-offs and landings. Such area may include passenger, cargo, maintenance and overhaul facilities, plus fueling service, storage space, tie-down area, hangars and other accessory buildings and open spaces.

Heliport / helistop approach / departure surface shall mean an imaginary sloping trapezoidal plane beginning at the end of the HMA to splay outward and upward. The trapezoid's inner width is that of the HMA. Its outer width, at a horizontal distance of four thousand (4,000) feet is five hundred (500) feet. The slope of the trapezoid is 8:1 (horizontal to vertical). A heliport/helistop must have at least one, but may have several, approach/departure surfaces.

Heliport / helistop maneuver area (HMA) shall mean a cleared and graded area used for necessary in-ground-effect flight of helicopters accelerating for takeoff or decelerating for landing. A HMA is required for each intended approach or departure path.

Heliport / helistop primary surface shall mean a level plane at the elevation of the heliport/helistop which is identical in size and shape to the HMA.

Heliport / helistop transitional surface shall mean a surface sloping upward at a 2:1 (horizontal to vertical) beginning at the edge of the heliport/helistop primary surface and/or heliport/helistop approach/departure surface terminating at a fixed distance from the centerline of the heliport/helistop primary surface or heliport/helistop approach/departure surface.

Helistops shall comply with all federal, state, and local rules and regulations, including the Uniform Building Code. *Helistop* shall mean that area used by helicopters or other steep gradient aircraft far the purpose of takeoffs and landings, such area to be used for the pick-up or discharge of passengers and cargo, but not to include maintenance, overhaul, or fueling services and facilities.

Hover point shall mean a point within the HMA at which the helicopter hovers before accelerating into forward flight on departure and at which it comes to a hover after decelerating on arrival. An HMA may have one or more hover points depending upon its size and the direction of approach and/or departure paths thereto.

Noise sensitive uses shall mean residences, schools, hospitals, churches and other religious institutions, libraries, museums, concert halls, band shells, auditoriums, research facilities, and other land uses which require a quiet environment to function effectively.

Obstacle shall mean any fixed or mobile object which is located on an area intended for the surface movement of helicopters, or extends above a defined surface intended to protect helicopters in flight, or interferes with the sitting or operation of navigational aids, or affects the establishment of instrument procedures.

Peripheral areas shall mean an obstruction free area encompassing all sides of the actual touchdown and operation areas.

Public service heliport or helistop shall mean a heliport or helistop, that provides helicopter services to the public and is open to anyone who can operate within the constraints of the facility. Public service heliports or helistops do not require users to obtain prior approval of the heliport or helistop owner or operator for permission to land. Public ownership is not a prerequisite for the public service designation.

Restricted service heliport or helistop shall mean a heliport or helistop, not generally open to the public without prior approval of the heliport or helistop owner or operator, that provides helicopter services to a particular user or group of users including but not limited to, corporate headquarters, industrial facilities, business or commercial activities, and hotels.

Taxiways and taxi routes shall mean areas over which helicopters may ground taxi or hover taxi between hover points and parking positions on the apron or ramp. Paved taxiways, if provided, are twenty (20) feet wide centered in a taxi route. Taxi routes, including hover taxi routes, are 1.67 times the rotor diameter of the largest helicopter expected to use the heliport.
(Ord. No. 63553, 8-28-86; Ord. No. 84181, 5-30-96)

Sec. 3-221. Classification.

Helicopters are classified according to maximum gross weight as follows:

(1) Class I, up to six thousand (6,000) pounds;

(2) Class II, six thousand (6,000) to twelve thousand five hundred (12,500) pounds;

(3) Class III, greater than twelve thousand five hundred pounds (12,500)

(Ord. No. 63553, 8-28-86; Ord. No. 84181, 5-30-96)

Sec. 3-222. Establishment of facilities; application; FAA evaluation; building permit, certificate of occupancy.

(a) Application for establishing a heliport or helistop will be made to the director of building inspections.

(b) The application shall contain:

(1) Heliport or helistop location map depicting the physical location of the facility.

(2) Heliport or helistop layout sketch plan, properly dimensioned, depicting the physical facilities proposed including the property boundaries of the facility (if a ground level facility), the hover point, HMA, helicopter parking area, surface access, automobile parking, safety fencing, and adjacent land uses.

(3) Heliport or helistop approach and clear zone layout plan prepared in accordance with Federal Aviation Regulation (FAR) Part 77, "Objects Affecting Navigable Airspace," depicting approach and departure paths, clear zones, and obstructions in the vicinity of the facility.

(4) FAA Form 7480-1, "Notice of Landing Area Proposal."

(5) A written statement describing the type of facilities proposed (public service, essential service, restricted service), the anticipated number of daily helicopter operations, hours of operation, the class of helicopters anticipated to use the facility, expected noise levels at the facility property line resulting from helicopter operations, and the types and quantities of safety and fire fighting equipment to be installed or maintained at the facility.

(6) Other plans, data, and information as may be required to perform an adequate

evaluation of the proposed facility, to include input from the San Antonio Police Department.

(c) Upon receipt of the application, the director of building inspections shall forward copies of all materials submitted to the Federal Aviation Administration and the aviation director.

The FAA shall evaluate the impact of the proposed heliport or helistop on the safe and efficient use of the nation's navigable airspace and the safety of persons and property on the ground, and will notify the director of building inspections of its determination, i.e., no objections to the proposal, no objection provided certain conditions are met, or objectionable with reason therefore.

The aviation director shall evaluate the facility plans submitted and shall notify the director of building inspections as to whether or not the plans meet the technical specifications of the City of San Antonio.

After completion of the FAA and aviation director evaluation, a building permit must be obtained from the building inspections department for the construction of the facility. When all requirements have been met, the building inspections department will issue a certificate of occupancy that will enable flight operations to commence.

(d) When a heliport or helistop does not meet the standards set forth by this article, upon routine inspection and with coordination of the aviation director, fire chief, and building inspections, the director of building inspections may declare the facility unsafe and revoke the certificate of occupancy.
(Ord. No. 63553, 8-28-86; Ord. No. 84181, 5-30-96)

Sec. 3-223. Operational requirements.

(a) The city council may, after public hearing and proper notice to all parties affected and after recommendation by the city zoning commission containing such requirements and specifications as are necessary to protect adjoining property, authorize the location, construction, maintenance, and use of heliports and helistops by approving a specific use authorization in accordance with chapter 35, article III of the City Code, but no specific use authorization shall be granted unless it specifically finds that:

(1) The use being granted by the specific use authorization will be in harmony with the spirit and purpose of this ordinance.

(2) The public welfare and convenience will be substantially served.

(3) The neighboring property will not be substantially injured by such proposed use.

(4) The use being granted by the specific use authorization will not alter the essential character of the district and location of the property for which the use is sought.

(b) A specific use authorization for a heliport or a helistop shall only be permitted in those districts as authorized in chapter 35, table 311-2.

(c) No heliport or helistop shall be located within five hundred (500) feet of any existing residential use or other noise sensitive uses or any property zoned residential. In granting a specific use authorization for a heliport or helistop, city council may authorize the distance requirement to be reduced when the location will serve an essential service heliport or helistop, but in no circumstance shall the distance be within two hundred fifty (250) feet of any existing residential use or other noise sensitive uses or any property zoned residential.

(d) In approving a specific use authorization for a heliport or helistop, the city council may impose such requirements and safeguards as it may deem necessary to protect the public interest and welfare.

(e) The approval of a specific use authorization for a heliport or helistop shall not waive the requirements of chapter 3, article III.

(f) No helicopter or steep gradient aircraft, except air ambulance helicopters and public safety helicopters, shall land any place within the city limits not designated as a heliport or helistop without first securing from the aviation director a permit for the landing and operation of a helicopter to and from a temporary landing site. The permit will approve, in the case of casual and

infrequent landings or special flights, landings where the area is prepared in a manner to prevent unauthorized access to the landing area by persons unconnected with the operations. Proper dust control must be provided when the area is near a residential development. Prior written permission by the owner of the property is also a necessity before using the land for such purposes. The aviation director may issue a permit for the landing and takeoff of helicopters at temporary locations for up to ten (10) helicopter operations per day or as promulgated by Federal Aviation Regulation Part 157, provided that no permit issued by the aviation director shall exceed a period of ten (10) days. It shall be the responsibility of the pilot/operator/user to adhere to all FAA, state or city rules, regulations, codes and safety criteria while operating under this permit. The San Antonio Police Department will be notified of all infrequent landings or special flights. In the event more than ten (10) operations per day are required, all provisions pertaining to the building of a heliport or helistop as stated in this article must be followed.

Absent exigent circumstances, a written request for permission for a helicopter to land or takeoff from a temporary landing site should be submitted to the aviation director a minimum of seventy-two (72) hours prior to the time of intended operation. The request must contain the following specific information:

(1) Exact location of the proposed landing site with map.

(2) Date or dates and hours of operation.

(3) Type of helicopter or helicopters to be used; aircraft registration number; company name.

(4) Reason for request.

(5) Affirmation that all safety precautions required by the FAA and City of San Antonio will be enforced at the landing site.

(6) Affirmation that the land owner has given written permission to utilize the property for such activities.

(7) Confirmation, if required by Federal Aviation Regulations, that notification to the Federal Aviation Administration (Airport Traffic Control Tower and Flight Standards District Office) was accomplished.

(8) Name of person and job title making the request.

(g) No unauthorized persons will be allowed within the peripheral area during time of take-off and landing.

(h) All pilots of helicopters making use of the heliports and helistops within the city limits must comply with FAA regulations.
(Ord. No. 63553, 8-28-86; Ord. No. 84181, 5-30-96; Ord. No. 2010-10-21-0914, § 2, 10-21-10)

Secs. 3-224—3-230. Reserved

DIVISION 2. LANDING FACILITIES

Sec. 3-231. Landing facilities—Design criteria.

(a) *[General criteria.]* The size requirements and overall design criteria of heliport and helistop facilities will vary dependent upon the proposed use and the size of the largest helicopter anticipated to use the facility. Therefore, the design criteria set forth in Federal Aviation Administration Advisory Circular No. 150/5390-2A "Heliport Design," or subsequent revisions to this advisory circular shall be utilized when preparing the plans and specifications for a proposed heliport or helistop.

(b) *Special design criteria elevated facilities (roof-top)*

(1) Where facilities are built on elevated structures the strength of the contact surface should be great enough to withstand at least three-quarters gross weight of the helicopter on one (1) square foot of that surface. The structural requirement above shall be certified by a licensed engineer prior to issuance of certificate of occupancy. All structures shall meet the requirements of the Uniform Building Code.

(2) Two (2) or more exits or fire escapes, or both, as specified by the city's Building Code, as amended, shall be provided from

any elevated facilities (roof-top). They shall be located as required by the Uniform Building Code.

(Ord. No. 63553, 8-28-86; Ord. No. 84181, 5-30-96)

Sec. 3-232. Fencing of landing facilities.

(a) *Ground level.* There shall be a fence of nonclimable material surrounding the landing area with a minimum height of thirty-six (36) inches to prevent entrance of unauthorized persons. For every twelve-inch increase in the height of the fence above the minimum thirty-six (36) inches, there shall be a corresponding ten-foot increase in each direction of the landing area. Appropriate warning signs shall be posted in addition to the above fencing requirements.

(b) *Elevated.* Rooftop facilities shall be provided with fencing, constructed of nonclimable material, of at least thirty-six (36) inches in height which shall separate all public areas including the public entrance to the roof from the landing area. Separation of the public areas from the landing area on rooftop facilities elevated three (3) feet or more above roof level may be provided by peripheral fencing constructed of a nonclimable material and supported by posts at least three (3) feet in length radiating from the periphery of the elevated platform. The posts should be set five (5) feet apart at an angle of sixty (60) degrees outward from a line perpendicular to the surface of the elevated platform. A guardrail or a fence of thirty-six (36) inches constructed of nonclimable material shall be provided at the edge of the rooftop if no protecting parapet exists.

(c) Signs separating public and landing areas. Fencing separating public area from landing area shall bear signs reading:

"Danger — Heliport Keep Out" or "Danger — Helistop — Keep Out."

(Ord. No. 63553, 8-28-86; Ord. No. 84181, 5-30-96)

Sec. 3-233. Approach-departure paths.

(a) *Visual approach heliport or helistop.* The approach departure path surfaces should be in line with prevailing winds. In accordance with Federal Aviation Regulations (FAR) Part 77, they shall be clear of obstructions at a slope of eight-to-one (8:1) projecting outward and upward from the ends of each heliport/helistop maneuver area (HMA) for a horizontal distance of four thousand (4,000) feet. The widths of the surfaces shall be the width of the HMA splaying outward at a rate of twenty (20) units along the flight path to one (1) unit perpendicular to the flight path. In the event that obstructions necessitate curved paths, such paths should clear the obstruction by at least five hundred (500) feet horizontal distance.

(b) *Precision approach heliport or helistop.* The approach departure path surfaces should be in line with prevailing winds. They shall be clear of obstructions at a slope of twenty-to-one (20:1) projecting outward and upward from the ends of each heliport/helistop HMA for a horizontal distance of one (1) nautical mile (6,076′). The widths of the surfaces shall be the width of the HMA splaying outward at a rate of twenty (20) units along the flight path to one (1) unit perpendicular to the flight path.

(Ord. No. 63553, 8-28-86; Ord. No. 84181, 5-30-96)

Sec. 3-234. Markings for public and private facilities.

(a) All public facilities shall bear the standard FAA day marker.

(b) Private facilities may be unmarked, marked with the FAA symbol or marked with a diameter spot or circle of three (3) feet. If night operations are to be conducted, such facilities must be lighted in accordance with approved FAA practice. Markings with reflective paint or tape are acceptable where no immediate adjacent obstructions exist.

(c) Each rooftop facility shall have painted thereon, in figures not less than two (2) feet in height, the maximum gross weight of the helicopter which the roof is stressed to support.

Sec. 3-235. Equipment.

(a) Each heliport and helistop shall be provided with at least two (2) portable fire extinguishers located remotely from each other providing

the following total minimum amount of dry chemical based on the classifications set forth in this article:

(1) Class I, sixty (60) pounds;

(2) Class II, one hundred (100) pounds;

(3) Class III, one hundred fifty (150) pounds.

(b) Elevated heliports and elevated helistops shall, in addition to the dry chemical type fire extinguishers, be provided with a wet standpipe system, equipped with two (2) 2½-inch national standard thread fire hose connections, with lengths of approved 2½-inch fire hose capable of reaching the outer edges of the roof area on which the facility is located. The riser piping system provided in the wet standpipe system shall be 2½-inch or larger piping, and equipped with a 2½-inch national standard thread Siamese fire department connection at street level. The fire hoses shall also be equipped with approved fog-spray type nozzles which shall produce variable dispersing patterns. Either a nonpay telephone shall be provided, or a fire alarm box installed or some other approved method of communication shall be set up to provide a method of fire alarm.

(c) Lighting and/or high visibility reflective markings shall be provided for any restrictive operations during hours of darkness or low visibility.

(d) Rooftop helistops shall have some provision for runoff removal of gasoline and similar type spillage. Such facilities shall not drain into the sewer system.
(Ord. No. 63553, 8-28-86; Ord. No. 84181, 5-30-96)

Secs. 3-236. Reserved.

Editor's note—Ord. No. 84181, adopted May 30, 1996, deleted former § 3-236, relative to noise standards, which derived from Ord. No. 63553 adopted Aug. 28, 1986.

Sec. 3-237. Violations and penalties.

It shall be unlawful for any person to intentionally violate any of the provisions of this article, and any person so doing shall be guilty of a Class C misdemeanor and, upon conviction, shall be punished as provided in section 1-5.
(Ord. No. 63553, 8-28-86; Ord. No. 84181, 5-30-96)

__State law reference—__Similar definition, V.T.C.A., Alcoholic Beverage Code, § 1.04.

ARTICLE I. IN GENERAL

Sec. 4-1. Definitions in this chapter.

In this chapter:

Alcoholic beverage means alcohol and any beverage containing more than one-half of one (1) percent of alcohol by volume which is capable of use for beverage purposes, either alone or when diluted.

Central business district means, as related to a homeless shelter or substance abuse center, a compact and contiguous geographical area in the city used for commercial purposes that has historically been the primary location in the city where business has been transacted.

Haven for Hope campus means the homeless shelter property, the boundaries of which are set out on the map attached to Ordinance No. 2010-04-15-0328 as attachment I.

Homeless shelter means a supervised publicly or privately operated shelter or other facility that is designed to provide temporary living accommodations to individuals who lack a fixed regular and adequate residence.

Hospital means an institution providing health services, primarily for in-patients, and medical or surgical care of the sick or injured, including as an integral part of the institution, such related facilities as laboratories, out-patient departments, training facilities, central service facilities and staff offices.

School means any public or private institution of learning (kindergarten, elementary school, middle school, junior high school, high school, college or university), not operated for profit, with an accreditation recognized by the commissioner of education.

Substance abuse treatment center means a public or private hospital or facility, licensed or operated by the state for the treatment of chemical dependency or a controlled substance or alcohol.
(Ord. No. 19660, § 2, 10-8-53; Code 1959, §§ 5-2, 5-5; Ord. No. 68849, § 1, 2-16-89; Ord. No. 2010-04-15-0328, § 1, 4-15-10)

Sec. 4-2. Alcoholic beverage code adopted.

There is hereby adopted the V.T.C.A. Alcoholic Beverage Code, which code is made a part of this article by reference for all purposes as though fully set out herein.
(Code 1959, § 5-6; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-3. No vested right conferred; conflict with law not authorized.

The sale of alcoholic beverages is a privilege and this chapter is not intended to give any person a vested right to engage in such business nor is such chapter intended to be in conflict in any manner with the provisions of the Texas Alcoholic Beverage Code.
(Ord. No. 19660, § 3, 10-8-53; Code 1959, § 5-3; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-4. Consumption of alcoholic beverages in the central business district.

(a) In this section, the following words and terms shall have the meanings ascribed in this subsection:

(1) *Central business district* means the area depicted as the central business district of the city on the map attached to the ordinance from which this section derives, which is to be submitted for approval to the Texas Alcoholic Beverage Commission, and upon said approval, true copies of which map, resolution and order shall be placed on file in the office of the city clerk and which describe the area as follows:

Beginning at South San Marcos Street at its intersection with West Commerce Street, south to its intersection with Matamoros Street, east to its intersection with the Union Pacific Railway, south to South Alamo Street, north to its intersection with East Durango Boulevard, east to South Cherry Street, north to its intersection with East Commerce Street, east to its intersection with North Mesquite Street, north to its intersection with Burleson Street, west to its intersection with Austin Street, north to its intersec-

tion with Casa Blanca Street, west to Newell Avenue, southwest to East Elmira Street, west to the intersection of West Elmira and the westbound service road of Interstate Highway 10, underneath Interstate Highway 10, then westbound from the intersection of the Interstate Highway 10 eastbound service road and Perez Street to its intersection with North Frio Street, south to its intersection with West Martin Street, west to its intersection with North San Marcos Street, south to its intersection with West Commerce Street.

(2) *Licensed premises* means the premises of any place for which a Texas Alcoholic Beverage Commission permit or license has been issued that allows on-premises consumption of alcoholic beverages.

(3) *Open container* means an alcoholic beverage container that is no longer sealed.

(b) A person commits an offense if the person:

(1) Is within the central business district, as defined by subsection (a)(1), and

(2) Possesses an open container or engages in the public consumption of any alcoholic beverage.

(c) It is a defense to prosecution under this section that the alleged offense took place in a motor vehicle, in a building not owned or controlled by the city, in a residential structure or on a licensed premise that is situated in the central business district.

(d) Except as set out herein, this section does not prohibit or otherwise control the manufacture, sale, distribution, transportation or possession of alcoholic beverages.

(e) The city manager is authorized to erect and post signs in and around the central business district area forewarning persons that possession of an open container or the public consumption of alcoholic beverages in the central business district is prohibited.

(f) An offense under this section may be subject to prosecution for a class C misdemeanor and a fine not to exceed five hundred dollars ($500.00). (Ord. No. 2010-04-15-0327, §§ 1, 2, 4-15-10)

Editor's note—Ord. No. 2010-04-15-0327, §§ 1, 2, adopted April 15, 2010, repealed and reenacted section 4-4 in its entirety to read as herein set out. Formerly, section 4-4 pertained to consumption on public streets or public property prohibited, and derived from Ord. No. 59119, §§ 1—6, adopted August 2, 1984, and Ord. No. 68849, § 1, adopted February 16, 1989.

Secs. 4-4.1, 4-4.2. Reserved.

Editor's note—Ord. No. 2010-04-15-0327, § 1, adopted April 15, 2010, repealed the former sections 4-4.1 and 4-4.2 in their entirety, which pertained to the possession, consumption or distribution upon Plaza Guadalupe restricted, and consumption in the Cattleman Square area, respectively, and derived from Ord. No. 61103, §§ 1, 2, adopted July 25, 1985; Ord. No. 68849, § 1, adopted February 16, 1989, and Ord. No. 83942, §§ 1—8, adopted April 11, 1996.

Sec. 4-4.3 Consumption of alcoholic beverages on or near public streets in the King William area of the central business district.

(a) A person commits an offense if the person:

(1) Is on a public street or on public property within twelve (12) feet of a public street in the King William area of the central business district, as defined by subsection (b), and

(2) Possesses a container for an alcoholic beverage that is not sealed (an "open container") or consumes an alcoholic beverage.

(b) For purposes of this section, the "King William area" of the central business district is defined as follows: beginning at the intersection of East Durango Boulevard and the east bank of the San Antonio River; thence, south and east following the east bank of the San Antonio River to its intersection with the Southern Pacific Railway railroad right-of-way; thence, east along the Southern Pacific Railway railroad right-of-way to its intersection with South Presa Street; thence, north on South Presa Street to its intersection with East Durango Boulevard; thence, west along East Durango Boulevard to its intersection with the east bank of the San Antonio River, the place of beginning; save and except any of the land included within the boundaries of the King William Park.

(c) This section does not prohibit or otherwise control the manufacture, sale, distribution, transportation or possession of alcoholic beverages.

(d) The city manager is authorized to erect and post signs in and around the King William area forewarning persons that possession of an open container or the consumption of alcoholic beverages on a public street or on public property within twelve (12) feet of a public street is prohibited.

(e) An offense under this section is a Class C misdemeanor.
(Ord. No. 99381, § 1, 6-25-04)

Sec. 4-4.4. Public possession of an open container or consumption of alcoholic beverages within one thousand (1,000) feet of the Haven for Hope campus.

(a) A person commits an offense if the person:

(1) Is on a public street, public alley, or public sidewalk within one thousand (1,000) feet of the property line of the Haven for Hope campus, and

(2) Possesses a container for an alcoholic beverage that is no longer sealed, ("open container") or consumes an alcoholic beverage.

(b) Each offense under this section may be subject to prosecution for a class C misdemeanor and a fine not to exceed five hundred dollars ($500.00).
(Ord. No. 2010-04-15-0328, § 2, 4-15-10)

Sec. 4-5. Waiver of consumption prohibitions on public property.

(a) Except for such city properties where deed restrictions prohibit alcohol, the provisions of any ordinance making it illegal to have alcoholic beverages on public property may be waived by the city manager or his designated representative, upon petition from any group, and the city manager or his designated representative may issue a special waiver to allow alcoholic beverages if, after review, he determines that the following conditions and circumstances exist:

(1) The alcohol use will be in connection with a planned and scheduled event anticipated to involve fifty (50) or more people;

(2) Appropriate security is provided by the permittee to ensure that laws governing legal age for drinking and public intoxication will not be violated and that public property at the site of the event is safeguarded;

(3) A deposit in an amount established by rules and regulations for the applicable public property is posted.

(b) Any such waiver which has been issued must be available at the site of the event and must be produced for inspection upon request by any law enforcement official.

(c) The city manager or his designated representative shall develop rules and regulations for conducting of such event within the framework of the policy stated in this section and shall ensure that waiver applicants are fully cognizant of same at the time a permit is issued.

(d) Applicants who have been denied a waiver by the city manager or his designated representative may appeal to city council providing such appeal is made no later than ten (10) days preceding the date of the scheduled event.
(Ord. No. 59172, §§ 1—4, 8-9-84; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-6. Distances from church, school or hospital.

(a) *Exceptions to minimum distance requirement.* No alcoholic beverages shall be sold for consumption on or off the premises where sold, when such premises are located within three hundred (300) feet of any church, school or hospital, the measurements to be made in the manner prescribed by V.T.C.A., Alcoholic Beverage Code, 109.33(b), provided this section shall not apply:

(1) Where the premises for which application is made was being used for the sale of alcoholic beverages for off premises consumption at the time the school, church or hospital was established and such use has been continuous to the date of application; or

(2) Where the premises for which application is made was being used for the sale of beer or wine for on-premises consumption at the time the school, church or hospital was established and such use has been continuous to the date of application; and

(3) Where the premises is a church or hospital and the applicant for a beer or wine license is the church or hospital on said premises, or where the applicant has the approval of the church or hospital in writing.

(b) *Method of measurement.* As to any dealer who held a license or permit before September 1, 1983, in a location where a regulation under this section was in effect on that date, for purposes of subsection (a), the measurement of the distance between the place of business or the dealer and the school shall be along the property lines or the street fronts and from front door to front door, and in a direct line across intersections. This subsection applies only as long as the place of business is continuously in operation from that date, whether or not under the same license or permit.

(c) *Variance.* City council may authorize the sale of alcoholic beverages at a location within three hundred (300) feet of a public school, as that distance is determined by the manner of measurement prescribed by V.T.C.A. Alcoholic Beverage Code § 109.33(b), and in effect at the time that such authorization is sought provided that city council makes findings as follows:

(1) The sale of alcoholic beverages had been permitted within the last two (2) years at the location in question;

(2) The discontinuance of the sale of alcoholic beverages was not a result of a violation of law;

(3) A variance is necessary because the manner of measurement, as currently prescribed in V.T.C.A. § 109.33(b), has changed and as a result thereof, the premises in question has been determined to be within three hundred feet (300) feet of a public school; and

(4) The proposed sale of alcoholic beverages would be for on premise consumption and constitute no more than thirty (30) percent of the establishment's annual gross revenues.

(d) *Variance procedure.*

(1) The applicant shall submit to the city clerk a completed variance request form, certified documentation from the Texas Alcoholic Beverage Commission (establishing that an alcoholic beverage license had been issued for the location where the variance is sought and that the date of expiration of the license was less than two

years before the date of the variance request), and the variance application fee of one hundred dollars ($100.00);

(2) The city clerk shall set the variance for hearing on the first available city council agenda after the passage of thirty (30) days from the date the request is received;

(3) The city clerk shall forward copies of the variance application and supporting documentation to the director of building inspections who shall make a recommendation to city council regarding the variance request;

(4) Not later than ten (10) days prior to the date of the hearing, the director of building inspections may send written notice of the variance request to the affected public school;

(5) If at the conclusion of the public hearing the city council makes affirmative findings, as provided in subsection (c), a variance may be granted; provided that city council may, with the consent of the applicant, place additional conditions on the variance, where such conditions are in the public interest; and

(6) If the council approves the variance request, the applicant shall on an annual basis submit to the department of building inspections the necessary documentation to verify that no more than thirty (30) percent of the establishment's annual gross revenues are generated by the sale of alcoholic beverages.

(e) *Variance violation.*

(1) It shall be a violation of the variance granted by city council to sell alcoholic beverages for off premise consumption; for on premise consumption of alcoholic beverages that exceed more than thirty (30) percent of the annual gross revenues of the establishment, or to violate any other condition imposed by city council.

(2) The director of building inspections may request the city attorney to seek any and all remedies available at law and or equity to assure the conditions imposed on the granting of the variance are enforced, including the discontinuance of the sale of alcoholic beverages.

(Code 1950, §§ 30-7, 30-19; Ord. No. 23434, § 1 8-16-56; Ord. No. 24181, § 1, 1-3-57; Ord. No. 25667, § 1, 10-17-57; Ord. No. 26485, § 1, 6-12-58; Code 1959, §§ 5-11, 5-23; Ord. No. 33167, § 1, 3-25-65; Ord. No. 44246, § 1, 8-22-74; Ord. No. 68849, § 1, 2-16-89; Ord. No. 88724, § 1, 10-22-98)

State law reference—Authority for above restrictions, V.T.C.A., Alcoholic Beverage Code, § 109.33.

Sec. 4-7. Certificate authorizing continued sales.

The director of building inspections is hereby directed to issue proper certificates to authorize the continued sale of alcoholic beverages on those premises which were lawfully devoted to such use prior to the zoning ordinance affecting such location or the annexation of the affected location.
(Ord. No. 19660, § 4, 10-8-53; Code 1959, § 5-4; Ord. No. 52775, § 2, 9-11-80; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-8. Collection of fees, receipts.

It shall be the duty of the City of San Antonio Tax Assessor and Collector to process payments of the alcoholic beverage fees specified in accordance with this article and to issue receipts therefor, which shall be valid concurrently with the permit or license issued by the state.
(Code 1950, § 30-3; Code 1959, § 5-9; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-9. Enforcement duty.

Violation of any provision of this chapter of the City Code shall be prosecuted in municipal court by appropriate city official designated by the city manager.
(Ord. No. 68849, § 1, 2-16-89)

Secs. 4-10—4-20. Reserved.

ARTICLE II. OFF-PREMISES CONSUMPTION GENERALLY

DIVISION 1. GENERALLY

Secs. 4-21—4-30. Reserved.

DIVISION 2. FEE RECEIPTS

Sec. 4-31. Definitions.

The definitions contained in V.T.C.A., Alcoholic Beverage Code, Sections 1.04, 1.49 and 101.44 are hereby adopted as the definitions of terms used in this article. The term "beer establishment" as used in this article shall mean any place where beer is sold for on-premises consumption or sold for off-premises consumption.
(Code 1950, §§ 30-1, 30-11; Ord. No. 23434, § 1, 8-16-56; Code 1959, § 5-13; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-32. City fees levy.

(a) The city does hereby levy a city alcoholic beverage fee equal to one-half (½) of the state fee, as provided by V.T.C.A. Alcoholic Beverage Code, Section 61.36 against every permittee who is domiciled within the corporate limits of the city and who holds a permit from the state alcoholic beverage commission for the purchase, transportation, importation, sale or manufacture of alcoholic beverages or other permits in regard thereto; except as to agent's industrial carrier's, private carrier's, local cartage and storage permits, and as to such wine and beer retailer's permits as shall be issued to operators of dining cars, buffet or club cars and class "B" winery permits and temporary licenses.

(b) Any permittee or licensee who engages in the sale of any alcoholic beverage without having first paid the fee levied by the city shall be guilty of a class "C" misdemeanor, and punishable by a fine of not more than five hundred dollars ($500.00).
(Code 1950, § 30-2; Code 1959, § 5-6; Ord. No. 57530, § 1, 9-1-83; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-33. Beverage fee due date; fees for portion of year; separate fee for each outlet.

All fees levied by this article, except wine and beer retailer's permits issued to railway dining cars, buffet or club cars, shall be due and payable in advance for one (1) year from the date of the issuance of the permit or license issued by the state alcoholic beverage commission, unless such fee is collected for only a portion of the year. In such event, the fee required shall cover the period of time from the date of such permit to midnight of the last day of August succeeding and only the proportionate part of the fee levied for such permit shall be collected. The fractional part of any month remaining shall be counted as one (1) month in calculating the fee which shall be due. A separate fee shall be paid for each sales location in this city.
(Code 1950, § 30-5; Code 1959, § 5-7; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-34. Refund of fees.

No refund of the fee shall be made for any reason, except when the permittee is prevented from continuing in business by reason of the result of a local option election, or a rejection of an application for a permit by the state alcoholic beverage commission or its administrator.
(Code 1950, § 30-6; Code 1959, § 5-8; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-35. Display of city alcoholic beverage fee receipt.

The City of San Antonio alcoholic beverage fee receipt shall be displayed in a conspicuous place at all times on the licensed premises. Failure to so display said receipt shall constitute of Class "C" misdemeanor punishable by a fine of not more than five hundred dollars ($500.00).
(Code 1950, § 30-4; Code 1959, § 5-10; Ord. No. 68849, § 1, 2-16-89)

Secs. 4-36—4-45. Reserved.

ARTICLE III. MIXED BEVERAGES

Sec. 4-46. Permit fees.

(a) Annual fees in the amount of one-half (½) of the state annual fees are hereby levied on the

holders of mixed beverage permits, mixed beverage late hours permits, caterer's permits, mixed beverage cartage permits, mini-bar permits and limousine alcoholic beverage permit under the Texas Alcoholic Beverage Code. The fees will be collected for the following periods.

(1) A mixed beverage permit fee shall be collected for each year such permit is in effect after the third year of the existence of the original state permit.

(2) A mixed beverage late hours permit and caterer's permit fee shall be collected for each year such a permit is in effect after the third year of the existence of the original mixed beverage state permit.

(3) A fee for mini-bar permits, mixed beverage cartage permits, and limousine alcoholic beverage permits are due beginning with the first year the permit is in effect.

(b) Any permittee or licensee who engages in the sale of any alcoholic beverage without having first paid the fees levied by the city shall be guilty of a class "C" misdemeanor, and punishable by a fine of not more than five hundred dollars ($500.00).
(Code 1959, § 5-4.1; Ord. No. 43558, §§ 1, 2, 3-21-74; Ord. No. 57530, § 1, 9-1-83; Ord. No. 68849, § 1, 2-16-89; Ord. No. 76467, § 1, 9-10-92)

Sec. 4-47. Display of fee receipts; penalty for failure to display.

The City of San Antonio fee receipt shall be displayed in a conspicuous place at all times on the licensed premises. Failure of the state permittee to so display said city receipt shall constitute a class "C" misdemeanor, punishable by a fine of not more than five hundred dollars ($500.00).
(Ord. No. 68849, § 1, 2-16-89)

Secs. 4-48—4-60. Reserved.

ARTICLE IV. BEER AND WINE ON-PREMISES

DIVISION 1. GENERALLY

Sec. 4-61. Authority.

This article is passed pursuant to and is referable to V.T.C.A. Alcoholic Beverage Code, Sections 1.01 through 73.11, and is an exercise of the power granted to incorporated cities by V.T.C.A., Alcoholic Beverage Code, Section 109.32 to distinguish between retailers selling beer for consumption on the premises where sold and those retailers, manufacturers or distributors selling beer not for consumption on the premises where sold, and to provide for separate and distinct regulations.
(Code 1950, § 30-10; Ord. No. 23434, § 1, 8-16-56; Code 1959, § 5-12; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-62. Building requirements.

No person shall sell beer or wine at or on any premises within the city for consumption on the premises where sold unless the building housing such business conforms to the following:

(1) Complies with the building code of the city adopted by section 6-36;

(2) Complies with the fire prevention code adopted by section 11-31;

(3) Complies with the electrical code of the city adopted by section 10-91;

(4) Complies with the plumbing code of the city as contained in Chapter 24;

(5) Complies with the mechanical code of the city adopted by section 6-66;

(6) Is connected to the city sanitary sewer systems, if there is a public sanitary sewer line within two hundred (200) feet;

(7) Has adequate flush-toilet facilities and lavatory facilities with hot and cold running water from a mixing type faucet, with separate facilities for men and women, in the building where beer is consumed. Outside toilet or lavatory facilities will not constitute compliance with this section; and

(8) Has sufficient lighting to provide illumination equal to at least 0.25 footcandle in all areas of the premises where beer is consumed. Food service sanitation regulations concerning minimum lighting equipment must be obeyed, also.

(Code 1950, § 30-20; Ord. No. 23434, § 1, 8-16-56; Ord. No. 24164, § 1, 12-27-56; Code 1959, § 5-24; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-63. Special regulations for persons serving beer.

The following regulations shall govern the operation of a beer establishment:

(1) No person, other than the permittee or licensee, shall serve food, beer or other drink to any customer or patron unless the person so serving is legally employed by the permittee or licensee of the beer establishment.

(2) No employee serving beer to any patron or customer shall receive as compensation, any part of the price paid by the patron or customer for such beer, nor shall the employee compensation be dependent on the amount of beer sold or served.

(3) No person serving beer shall collect from any customer or patron, as the price of beer, more than the price paid to the bartender or cashier.

(Code 1950, § 30-21; Ord. No. 23434, § 1, 8-16-56; Ord. No. 24191, § 1, 1-3-57; Code 1959, § 5-25; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-64. Violations by persons serving beer.

Any licensee or permittee who violates any provisions of this article, or who allows on premises covered by his license or permit, any person to do the things prohibited by section 4-63 shall be guilty of a misdemeanor. Any person who does any of the things prohibited by section 4-63 shall be guilty of a misdemeanor. Any person who does any of the things prohibited by section 4-63 shall be guilty of a class "C" misdemeanor and punishable by a fine of not more than five hundred dollars ($500.00).

(Code 1950, Ch. 30, Art. 2; Ord. No. 23434, § 1, 8-16-56; Code 1959, § 5-26; Ord. No. 68849, § 1, 2-16-89)

Secs. 4-65—4-75. Reserved.

DIVISION 2. CITY ALCOHOLIC BEVERAGE FEE RECEIPTS*

Sec. 4-76. Required.

It shall be unlawful for any person to manufacture or to brew any beer or wine for the purpose of sale, or to sell or distribute beer or wine within the city, without having first paid the fee as required by this article.

(Code 1950, § 30-12; Ord. No. 23434, § 1, 8-16-56; Code 1959, § 5-14; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-77. Fee.

By virtue of the authority granted by the Texas Liquor Control Act, the city does hereby levy a fee equal to one-half (½) of the state fee imposed by V.T.C.A. Alcoholic Beverage Code, Title 3, upon all persons carrying on the activities described in such title within the city.

(Code 1950, § 30-13; Ord. No. 23434, § 1, 8-16-56; Code 1959, § 5-15; Ord. No. 57530, § 1, 9-1-83; Ord. No. 68849, § 12-16-89)

Sec. 4-78. Collection and verification of fees, receipts.

(a) Fee receipts issued under the terms of this article by the city tax assessor and collector shall run gently with the license or permit issued by the state alcoholic beverage commission, and it shall be the duty of the tax assessor and collector to accept and process payment of the fees specified in this article.

(b) The special tax investigators of the city tax office are authorized to and shall have the responsibility to inspect any location holding or required

*Editor's note—Ord. No. 68849, § 1, adopted Feb. 16, 1989, amended Ch. 4 in its entirety to read as herein set out. In order to reflect the legislative history of provisions currently contained in Div. 2, §§ 4-76—4-84, the history notation associated with the provisions of former Div. 2, §§ 4-76—4-88, relative to licenses and permits for beer and wine manufacture, sale and distribution, has been retained and attached to similar provisions enacted by said Ord. No. 68849. The provisions of former §§ 4-83, 4-85, 4-87 and 4-88 were not addressed by new Div. 2 provisions and these derived from Code 1950, §§ 30-14, 30-16, 30-18; Ord. No. 23434, § 1, 8-16-56; Ord. No. 26686, §§ 1, 2, 9-4-58; Code 1959, §§ 5-18, 5-20, 5-22, 5-22.1; Ord. No. 27998, §§ 1, 2, 10-8-59; Ord. No. 57567, § 3, 9-15-83; Ord. No. 65684, § 6, 9-10-87)

to hold an alcoholic beverage permit or license under the Texas Alcoholic Beverage Code. The investigators are responsible for verifying the payment of city fees and the proper and conspicuous display of such fee receipts at the premises of the holder of such permit or license. Investigators shall issue warning violation notices in those cases where the proper fees have not been paid to the city and/or in those cases where the fee receipt is not properly displayed or cannot be located. Where compliance is not voluntary, the police department shall be notified to issue a class "C" misdemeanor citation. Continued or uncorrected violations shall be processed by the chief of police as stated in section 4-84, "Periodic police investigators," in this article.
(Code 1950, § 30-16.1; Ord. No. 23954, § 1, 11-15-56; Ord. No. 27998, §§ 1, 2, 10-8-59; Code 1959, § 5-16; Ord. No. 68849, § 1, 2-16-89; Ord. No. 76467, § 1, 9-10-92)

Sec. 4-79. Display of fee receipt; penalty for failure to display.

The City of San Antonio tax fee receipt issued under this division shall be displayed at all times in a conspicuous place on the licensed premises. Failure to so display the city fee receipt shall constitute a class "C" misdemeanor, punishable by a fine of not more than five hundred dollars ($500.00).
(Code 1950, § 30-16.1; Ord. No. 23954, § 1, 11-15-56; Ord. No. 27998, §§ 1, 2, 10-8-59; Code 1959, § 5-16; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-80. Separate fee receipts for each business; nontransferable.

A separate city alcoholic beverage fee receipt shall be required for each place of business. Fee receipts issued under this article shall not be transferred.
(Code 1950, § 30-16.1; Ord. No. 23954, § 1, 11-15-56; Ord. No. 27998, §§ 1, 2, 10-8-59; Code 1959, § 5-16; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-81. City protest of permit/license.

The chief of police or his designated representative may protest the issuance or renewal of a state permit or license in compliance with Texas Alcoholic Beverage Commission Code Sections 11.41 and 61.32(c). Evidence supporting the protest will be presented by the chief of police, with the assistance of the city attorney if necessary.
(Code 1950, § 30-16.2; Ord. No. 26131, § 1, 2-27-58; Code 1959, § 5-17; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-82. Investigations, examinations of application.

(a) *Notification.* The director of building inspections shall immediately notify the chief of police, the fire marshal and the director of public health of receipt of the application for a certificate of occupancy for a location at which the applicant intends to sell beer on premises.

(b) *Determining zoning district inspection of premises.* The director of building inspections shall determine the zoning district in which the proposed business is to be located and the location of the nearest church, school, or hospital, and shall inspect the building in which the proposed business will be housed to determine if the structure meets all the requirements of the building code electrical code and plumbing code and mechanical code of the city.

(c) *Examination for fire hazards, unsafe places.* The fire marshal shall examine the premises concerned at the address for which the permit or license is sought, and determine whether the applicant has available an adequate building which does not constitute a fire hazard or unsafe place.

(d) *Investigating sanitary condition.* The director of public health shall investigate the sanitary condition of the premises and building in which the proposed business is to be located and determine whether it complies with the regulations governing sanitary conditions in food establishments, and with the provisions of this article concerning toilet facilities.

(e) *Written reports, forwarding application.* The fire chief and health director, upon completing his investigation, shall forward a copy of a written report of his findings to the director of building inspections.
(Code 1950, § 30-15; Ord. No. 23434, § 1, 8-16-56; Code 1959, § 5-19; Ord. No. 27998, §§ 1, 2, 10-8-59; Ord. No. 52775, § 2, 9-11-80; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-83. Periodic inspection of premises, inspections revealing causes for certificate of occupancy or cancellation.

(a) *Inspections.* It shall be the duty of the director of building inspections, the fire marshal and the director of public health to cause an inspection to be made periodically of all premises of permittees and licensees selling beer and wine for consumption on the premises where sold.

(b) *Certificate of occupancy cancellation.* In the event that a City Code violation is discovered during a periodic reinspection by the director of building inspections, the director of public health and the fire marshal, the permittee/licensee shall have a period of one hundred twenty (120) days from the date the director of inspections mails to him a notice of the work, alterations and repairs required, within which to do the things necessary to have the building conform to the requirements of the building code adopted by section 6-36 and the mechanical code adopted by City Code section 6-66 and of Chapters 4, 10, 11 and 13 of the Code. The certificate of occupancy shall be subject to cancellation if the required work, alterations and repairs are not accomplished within such one hundred twenty-day period. Such cancellation shall be effected by written notice mailed by the director of building inspections to the licensee at the premises described in the license. The director of building inspections shall notify the state alcoholic beverage commission of such cancellation.
(Code 1950, §§ 30-16.1, 30-17; Ord. No. 23439, § 8-16-56; Ord. No. 23954, § 1, 11-15-56; Ord. No. 27998, §§ 1, 2, 10-8-59; Code 1959, §§ 5-16, 5-21; Ord. No. 55811, § 30, 9-16-82; Ord. No. 57567, § 2, 9-15-83; Ord. No. 61329, 8-29-85; Ord. No. 65684, § 5, 9-10-87; Ord. No. 68849, § 1, 2-16-89)

Sec. 4-84. Periodic police investigations.

It shall be the duty of the chief of police to investigate each location, which is licensed for consumption on premises periodically. If such investigation reveals that probable cause for the state's suspension or cancellation of a permit or license exists, the investigating official shall inform the Texas Alcoholic Beverage Commission immediately of such fact and furnish supporting evidence. If from such evidence it appears that cause for a suspension or cancellation exists under the provisions of the Texas Alcoholic Beverage Code, the chief of police, with any assistance needed from the city attorney, shall petition the state alcoholic beverage commission to cancel or suspend such permit or license and shall pursue such petition diligently.
(Code 1950, § 30-17; Ord. No. 23439, § 1, 8-16-56; Code 1959, § 5-21; Ord. No. 55811, § 30, 9-16-82; Ord. No. 57567, § 2, 9-15-83; Ord. No. 61329, 8-29-85; Ord. No. 65684, § 5, 9-10-87; Ord. No. 68849, § 1, 2-16-89)

Article V. Animal Microchipping, Permits, and Licenses

Sec. 5-100. Microchipping required.
Sec. 5-101. Maintaining current microchip registration.
Sec. 5-102. Wearing tags, exception.
Sec. 5-103. Nontransferability.
Sec. 5-104. Review upon frequent violations.
Sec. 5-105. Litter permit; sterilization required for violation.
Sec. 5-106. Seller's permit; sterilization required for violation.
Sec. 5-107. Animal limits; excess animal permit.
Sec. 5-108. Permit required for circuses, rodeos, animal exhibits, animal shows, petting zoos and recreational animal rides; special exceptions for institutions and special attractions.
Sec. 5-109. Pet shop license.
Sec. 5-110. Grooming shop license.
Sec. 5-111. Commercial boarding facility license.
Sec. 5-112. Animal rescue organization license.
Sec. 5-113. Livestock permits.
Sec. 5-114. Cat colony permit and registration.
Sec. 5-115. Permit or license fees.
Sec. 5-116. Revocation.
Sec. 5-117. Impoundment of animals due to non-compliance.
Secs. 5-118—5-124. Reserved.

Article VI. Rabies Control

Sec. 5-125. Required vaccination.
Sec. 5-126. Reporting, bites, scratches; zoonotic diseases.
Sec. 5-127. Confinement of biting, scratching animals; sterilization required for biting animals.
Sec. 5-128. Concealment, sale of biting animal prohibited.
Sec. 5-129. Confinement of animals infected with or exposed to rabies.
Sec. 5-130. Confinement at owner's expense; payment.
Sec. 5-131. Release of animal subject to certification by veterinarian.
Sec. 5-132. Euthanization of rabid animals, wild biting animals.
Sec. 5-133. Impoundment of animals unclaimed after quarantine.
Sec. 5-134. Notification of authorities upon knowledge of rabid animal.
Sec. 5-135. Final disposition of rabid, nonrabid animals.
Sec. 5-136. Health emergencies.
Sec. 5-137. Joint animal vaccination drives.

Secs. 5-138—5-149. Reserved.

Article VII. Animal Nuisances; Impoundment

Sec. 5-150. Animal nuisances; sterilization required for dogs free of restraint.
Sec. 5-151. Outdoor cats.
Sec. 5-152. Misdemeanor violations by animal owners; presumptions.
Sec. 5-153. Impounding animals creating animal nuisance.
Sec. 5-154. Impounding abandoned or unrestrained animals.
Sec. 5-155. Impounding procedures.
Sec. 5-156. Return of captured animal to owner.
Sec. 5-157. Notifying owner of impounded animal.
Sec. 5-158. Minimum time animals impounded; euthanasia authorized.
Sec. 5-159. Unclaimed animals.
Sec. 5-160. Charges for reclaiming, adopting impounded animals; liability of claimant.
Sec. 5-161. Liability of owners of impounded animals.
Sec. 5-162. Abatement of animal nuisance complaint and citation; summary statement.
Sec. 5-163. Enforcement; interference with animal care officer, police.
Sec. 5-164. Mandatory sterilization requirements.

[This page intentionally left blank.]

ARTICLE I. IN GENERAL

Sec. 5-1. Definitions.

The following definitions shall apply in the interpretation and enforcement of this chapter:

Abandoned animal shall mean an animal abandoned while in the person's custody without making reasonable arrangements for assumption of custody by another person.

Animal shall mean any living vertebrate or invertebrate, domestic or wild, not including man.

Animal care officer shall mean a person designated by the state, or the city, who is qualified to perform such duties under the laws of this state and the ordinances of the city.

Animal care services facility shall mean a facility operated by the city for the impoundment, care, disposition and/or adoption of animals.

Animal nuisance shall mean a public nuisance created within the city in violation of article VII.

Animal permit hearing officer means the individual designated by the director to conduct administrative hearings to review the denial and revocation of excess animal permits authorized by this chapter provided that such person shall not have participated in any investigation of facts regarding the denial or revocation or be in the chain of command of any such person.

Animal rescue organization means any not-for-profit organization that has tax-exempt status under Section 501(c)(3) of the United States Internal Revenue Code, which rescues and places animals into permanent homes. Animal rescue organization does not include an entity that breeds animals, or an entity that in exchange for payment or compensation obtains any dog or cat from a person who either breeds dogs or cats or facilitates the sale of dogs or cats that were obtained from a person who breeds dogs or cats.

Bridle shall mean a leather device designed to fit over the head and beak of a cock to prevent the cock from injuring another cock.

Cat colony means a colony of free-roaming (homeless, stray, wild or untamed) cats that has been registered with the department and is maintained by a colony caretaker (who provides food, water and shelter) using trap, neuter and return methodology.

Choker collar shall mean a length of chain or nylon cord or rope with rings at either end such that the collar can be formed into a loop around the animal's neck that slips (adjusts) tighter when pulled and slips looser when tension is released.

City shall mean the City of San Antonio, Texas.

Cock shall mean the male of any type of domestic fowl.

Cockfight shall mean a contest wherein fowl are set against one another with the intention that they engage in combat.

Commercial boarding facility shall mean any place other than a veterinary hospital where the property owner, tenant, or occupant keeps or allows others to keep or board any cats, dogs or equines for a fee, donation or non-monetary reward.

Competition animal shall mean a cat or dog that is of a breed recognized by and registered with an approved breed registry approved by the department and shows or competes in animal shows or other competition events sponsored by an approved breed registry.

Confined shall mean a situation by which an animal is effectively prevented from being free to roam or run at large at will.

Coop and run shall mean a fully enclosed and predator-resistant cage or a pen used to confine fowl within a designated location. The coop and run shall have roosts approximately eighteen to twenty-four (18—24) inches from the ground with at least eight (8) inches of roost space per bird.

Department shall mean the city's animal care services department.

Director shall mean the director of the city's animal care services department or his/her designee.

Dog shall mean any member of Canis familiaris or any combination of Canis familiaris and other canine species including both genders.

Domestic animal shall mean any animal which is not prohibited, and commonly kept as pets at the owner's residence, including but not limited to domestic cats and dogs, domestic ferrets, rabbits, and domestic fowl.

Domestic cat shall mean any member of Felis domesticus.

Domestic dog shall mean a member of Canis familiaris which is not a hybrid of Canis familiaris and another canine species.

Domestic fowl shall mean birds of a breed developed or kept for the purpose of meat production, egg laying or purely for ornament or show, including but not limited to ducks, geese, chickens, turkeys, partridges, parakeets and pigeons.

Dubbing shall mean the procedure of removing the comb, wattle, and sometimes earlobes of a game fowl.

Enclosure shall mean a structure to prevent an animal from being able to run at large. For purposes of dangerous dogs, enclosure shall mean a house or a building, or in the case of a fence or a structure/pen, the fence or structure/pen must also have minimum dimensions of five (5) feet by ten (10) feet. The fence or structure/pen must form an enclosure suitable to prevent entry of young children and must be locked and secured such that an animal cannot climb, dig, jump or otherwise escape of its own volition. The enclosure shall be securely locked at all times. The structure/pen must have secure sides to prevent the dangerous animal from escaping from the enclosure. The structure/pen shall provide protection from the elements for the dangerous animal. Notwithstanding the fence height restrictions of section 6-2, the animal care officer shall have the right to require that the fence be higher than six (6) feet or require a secure top and/or bottom be added to the structure/pen if the need is demonstrated. These additional requirements shall be based upon the type of animal to be kept in this enclosure and its anticipated ability to escape.

Gaff shall mean an artificial steel spur designed to attach to the leg of a cock to replace or supplement the cock's natural spur.

Game fowl shall mean a bird of any of various strains of domestic feral fowls developed chiefly for the intent of fighting or used in the act of cockfighting.

Grooming shop shall mean a commercial establishment (structure or vehicle) where animals are bathed, clipped, plucked or otherwise groomed.

Housing space shall mean the amount of confined space a pet has regular access to throughout the day to walk, run, play, eat and rest. This can include inside the home, if it is regularly accessible to the pet, and within an exterior fenced area within the owner's property. It shall not include any space where the animal can get on or off the property by its own free will.

Impound shall mean the placing of an animal in the city's animal care services facility, or, the taking into custody of an animal for purposes of transportation to the city's animal care services facility.

Keeper means any person, firm, corporation, organization or department holding, caring for, having an interest in, or having control or custody of an animal. If the keeper of an animal is a minor, the parent or guardian of that minor shall be responsible for compliance with animal care related ordinances.

Livestock shall mean any equine, hog, sheep, goat, llama, or any bovine species.

Nondomestic animal shall mean and includes all animals other than domestic cats and dogs, domestic ferrets, livestock, rabbits and domestic fowl.

Offer for sale shall mean to proffer, display, or advertise for the sale, adoption, or other commercial transfer of an animal.

Owner of an animal shall mean any person owning or having care, custody, possession or control of an animal. Persons caring for an animal at the specific request of an owner are

not included in the definition of owner, but are required to keep the animal in compliance with this Code.

Performing animal exhibition shall mean any spectacle, display, act or event, other than circuses and rodeos, in which performing animals are used.

Pet shall mean any animal kept for pleasure or enjoyment, rather than utility or commercial purposes.

Pet shop shall mean a business establishment, whether licensed or not by the department, where animals including dogs, cats, fish, birds, reptiles, or rodents are sold, offered for sale, bartered, traded, given away, or otherwise transferred.

Poisonous shall mean causing or capable of causing death or illness if taken into the body.

Puppy shall mean any member of Canis familiaris and other canine species including both genders four (4) months of age or under.

Prohibited animals shall mean:

(1) Any ape or other non-human primate;

(2) Any member of the genus Canis including wolf, hybrid wolf, coyote, jackal or fox, and similar species except Canis familiaris;

(3) Any member of the genus Felis including leopard, lion, panther, tiger, lynx, bobcat, cheetah, ocelot, margay, jaguarundi, and any similar species except Felis domesticus;

(4) Mustelids; other than the domestic ferret (Mustela putorius furo);

(5) Skunk;

(6) Any venomous or poisonous reptile or venomous species except bees;

(7) Crocodile, alligator, caiman or related species;

(8) Swine;

(9) Ostrich or any other Ratites;

(10) Bear; and

(11) All other mammals that live in a natural state of undomesticated freedom including the opossum, raccoon, armadillo and squirrel.

Quarantine shall mean the detention or isolation of an animal suspected of carrying an infectious or contagious disease.

Rabies vaccination shall mean a protective inoculation by a licensed veterinarian with a rabies vaccine recognized and approved by the United States Department of Agriculture given in an amount sufficient to provide an immunity that satisfies the requirement of state law.

Registered microchip shall mean an identification chip implanted under the skin of an animal for the purpose of identifying its owner or keeper which has been registered with a microchip registration company with current ownership information to include the current owner's or keeper's name, address, and telephone number (if available), and the description of the animal.

Responsible person shall mean a person to whose commands an animal in question is obedient, and who is capable of controlling the animal if the animal should fail to obey such commands.

Restraint shall mean a situation whereby an animal is secured by a tether, a leash or a lead, or is confined within the real property of its owner.

Roosts shall mean bars where domestic fowl perch at night inside a coop and run.

Rooster shall mean the male of any type of domestic fowl.

Run at large shall mean to be free of restraint while outside the boundaries of the real property of the owner.

Seller (of animals) shall mean a person that transfers ownership of animals, in exchange for money, services, or goods. For the purposes of a seller's permit, seller shall not include an operator, manager, or employee of a business entity that sells animals commercially, except for a person that is selling animals out of said his or her primary residence.

Selling (of animals) shall mean the permanent change of ownership resulting from the exchange of money, services or goods.

Severe injury means any physical injury that results in death, broken bones or disfiguring lacerations requiring multiple sutures or cosmetic surgery.

Shelter shall mean a clean and sturdy structure with a roof and three (3) sides and a fourth side allowing access that is protected from the elements and a floor that is elevated enough to keep the shelter dry. A shelter shall provide protection from rain, hail, sleet, snow, and subfreezing temperatures and must be large enough to allow the dog or animal to stand erect, sit, turn around and lie down in a normal manner.

Slasher shall mean a steel weapon resembling a curved knife blade designed to attach to the foot of a cock.

Spur shall mean a sharp horn-like protrusion that can grow on the legs of fowl.

Stray animal shall mean any animal not under restraint.

Temporary owner shall mean an individual who finds a stray animal, has the animal for fewer than thirty (30) days and attempts to find the true owner of the animal.

Trap, neuter and return (TNR) program shall mean a nonlethal, humane alternative to deal with the stray cats which are captured, altered and returned back to their location in order to encourage the stabilization of the free-roaming cat population in the city.

Trapped animal shall mean an animal caught or taken in, as if in a trap or snare by skill, craft or trickery.

Unprovoked animal attack means an offensive attack by an animal that excludes circumstances in which immediately prior to the attack, and while properly confined and restrained:

(1) The animal was taunted, teased or abused or otherwise assaulted by a person(s) or another animal- this includes being hit, kicked or struck, pulled, pinched, stepped on, squeezed, or bit by a person or other animal with any object or body part.

(2) While properly restrained, the animal was defending or protecting a person(s) or property from a person(s) or another animal trespassing or committing a crime on the premises or property occupied by the owner.

(3) The animal was protecting itself or its offspring.

Unrestrained shall mean a situation where an animal is found to be without physical restraint provided in the form of a barrier such as a fence, tether or leash providing positive control of the animal and inhibiting the animal from getting off the occupant's property or away from physical control by the owner/keeper.

Vaccination certificate shall mean a document showing on its face that the animal described thereon has received a current inoculation of rabies vaccine in an amount sufficient to produce an immunity that satisfies the requirement of state law, inscribed with the date of the inoculation, the duration of immunity approved for that vaccine, the name and address of the animal's owner, all other information required by state law and signed by a licensed veterinarian.

Venomous shall mean capable of injecting venom by means of a bite or sting.

Veterinarian shall mean a person licensed to practice veterinary medicine in the state.

Veterinary hospital shall mean any establishment maintained and operated by a licensed veterinarian for surgery, diagnosis of and treatment of diseases and injuries of animals.

Wild animal shall mean any nonhuman primate, raccoon, skunk, fox, wolf, leopard, panther, tiger, lion, lynx, bobcat, or other warm-blooded animals, or any poisonous or dangerous snake which can be found in the wild state.

Zoological park shall mean any facility, other than a pet shop or commercial boarding facility,

displaying or exhibiting one (1) or more species of non-domesticated animals operated by a person or government agency.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2011-10-20-0863, § 2, 10-20-11; Ord. No. 2015-04-30-0354, § 2, 4-30-15; Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-2. Animal care services facility; erection, maintenance, care of animals; euthanasia service.

(a) There shall be erected and maintained, under the supervision of the director, a suitable building and kennels, to be known as the animal care services facility, for the confinement of all animals seized, impounded or surrendered pursuant to the provisions of this chapter. The animal care services facility shall be kept in a sanitary condition, and all animals taken up and impounded therein shall be properly fed and provided water. All animals shall be treated in a humane manner while under the custody of the department. The department or its designee shall be considered the designated caretaker of all impounded animals immediately upon intake at the facility.

(b) Upon payment of the applicable fee, if any, the animal care services facility may euthanize dogs, cats, and other small animals upon the signed request of an animal owner who resides within the city and residents of unincorporated Bexar County as long as the city and county maintain a joint animal control program through contractual agreement.

(c) The sale of live animals from the animal care services facility for research and pound seizures is prohibited.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2013-09-05-0601, § 2, 9-5-13; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-3. Prohibiting sale of baby chicks, ducklings or other fowl and rabbits.

(a) It shall be unlawful for any person to sell or offer for sale, trade, barter, lease, rent or give away any baby chicks, ducklings, other fowl less than three (3) weeks old, or rabbits less than eight (8) weeks old on the condition that some other item is purchased, traded, bartered, leased, or rented; except that this chapter shall not be construed as to prohibit the sale or display of such baby chicks, ducklings, or other fowl in proper breeder facilities or hatcheries or to prohibit the sale or display of such baby chicks, ducklings, or other fowl in stores engaged in the business of selling the same to be raised for commercial purposes.

(b) It shall be unlawful to color, dye, stain, or otherwise change the natural color of any baby chicks, ducklings, or other fowl or rabbits or to possess for the purpose of sale any baby chicks, ducklings, or other fowl or rabbits which have been so colored.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-4. Cruelty to animals.

(a) Cruelty to non-livestock and livestock animals, excluding uncaptured wild living creatures, is a violation of the Texas Penal Code and depending on the circumstances, is a class A misdemeanor, state jail felony, or a felony of the third degree.

(b) Cockfighting is a violation of the Texas Penal Code and depending on the circumstances is a state jail felony, class A or class B misdemeanor.

(c) It shall be a violation of this Code for a person to intentionally, knowingly or recklessly beat, cruelly treat, overload or otherwise abuse any uncaptured wild living creature anywhere in the city. A violation of this subsection is punishable as described in section 5-21.

(d) Animal care officials shall liberally utilize the authority granted by V.T.C.A., Health and Safety Code § 821.022 to seize and impound any animal that has been or is being cruelly treated. If the investigating animal care officer or cruelty investigator has reason to believe that an animal has been or is being cruelly treated, pending a hearing before any justice of the peace of Bexar County, Texas or any municipal court judge on the issues of cruelty and disposition of the

animal, the seizure of the subject animal prior to receiving a warrant is hereby authorized if such a delay endangers the life of the animal, or if it would unreasonably prolong the suffering of the animal needing immediate attention.

(e) It shall be a violation for any person to engage in dubbing.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-5. Killing animals in a public place.

It shall be unlawful for any person to wound or kill any cattle, horse, sheep, swine or goats of any description, whether wild or domestic, in any public place within the city.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-6. Standard of care.

An owner, keeper or temporary owner of an animal is required to provide his or her animals with humane care and treatment as follows:

(1) Access to an adequate supply of fresh air;

(2) Species-specific food;

(3) Fresh water;

(4) Exercise;

(5) Shelter, as defined by this Code;

(6) Access to adequate natural or artificial shade from direct sunlight at all times that is large enough to contain all outdoor pets at one time and is separate from any shade created from the designated shelter; and

(7) Veterinary care when needed to prevent suffering.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2018-08-02-0551, § 1, 8-2-18; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-7. Ear cropping, tail docking, and dewclaw removal.

It shall be unlawful for the owner of an animal, or a person charged with custody or care of an animal, to surgically alter an animal, including, but not limited to ear cropping, tail docking, and dewclaw removal, except when done by a licensed veterinarian.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-8. Reporting motor vehicle animal strikes.

Any person who, as the operator of a motor vehicle, strikes a domestic animal, livestock, or any wild animal over five (5) pounds in weight, shall at once report the accident to the city customer services/311 department.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-9. Flooring standards for animal housing.

It shall be unlawful to house any animal on a surface that permits the feet or any portion of the foot to pass through any opening. The floor must be constructed in a manner that protects the animal's feet and legs from injury.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-10. Prohibiting giving away animals as prizes or inducements.

It shall be unlawful for any person to give away, or offer to give away, any live animal as a prize for, or as an inducement to enter, any contest, game or other competition, or as an inducement to enter a place of amusement; or offer such animal as an incentive to enter into any business agreement whereby the offer was for the purpose of attracting trade.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-11. Prohibiting selling animals on roadside, garage sales, flea markets and festivals.

(a) It shall be unlawful for any person to sell, trade, barter, lease, rent, or give away, any animal on any roadside, public right-of-way, commercial parking lot, garage sale, flea market, festival, park, community center or outdoor public place.

(b) It shall be unlawful for any manager, operator or property owner to allow the conduct described in subsection (a).

(c) This section shall not apply to any tax-exempt non-profit organization founded for the purpose of providing humane sanctuary or shelter for abandoned or unwanted animals that have an active animal rescue organization license issued by the department.

(d) Any animal being sold, traded, bartered, leased, rented, or being given away on any roadside, public right-of-way, commercial parking lot, garage sale, flea market, festival, park, community center or outdoor public place shall be subject to seizure and impoundment at the discretion of the investigating animal care officer. Upon impoundment, a notice of violation will be provided to the animal owner. Animals impounded under this section may be reclaimed by the owner within five (5) days excluding the day of impoundment and any days the animal care services facility is not opened. Animals not reclaimed within this period shall thereafter become the property of the city and be subject to adoption, rescue, foster or humanely euthanized at the discretion of the department. Applicable impoundment fees for each animal reclaimed shall be paid.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-12. Exposing animals to poisonous substances.

(a) No person shall expose any known poisonous substance, whether mixed with food or not, so that the same may be attractive to any warm-blooded animal or human; except that it shall not be unlawful for a person to expose, on his or her own property or with permission of the property owner, commercially available rat poison or other pesticides appropriately placed in accordance with the labeling directions.

(b) It shall be sufficient to constitute a violation under this section that the poisonous substance was attractively exposed by such person in such a manner that the same may have been eaten, or was in fact eaten, by any warm blooded animal or human; no intent or further culpable mental state shall be required to prove a prima facie violation.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-13. Traps with holding mechanisms prohibited; exceptions.

(a) No person shall set up or allow to be set up on his or her property steel jaw traps, spring traps with teeth or perforated edges on the holding mechanism, snares, or any type of trap with a holding mechanism designed in such a fashion as to reasonably ensure the cutting, slicing, tearing or otherwise traumatizing of the entrapped prey, for the purpose of ensnaring domestic or wild animals within the city limits, unless the use of such traps is specifically deemed necessary by the director of health in or for the control of communicable disease. This section is not to be construed to include those traps designed to kill common rodents, i.e., rats, mice, gophers and groundhogs; except that the owner is responsible for taking care that any of the above said "rodent" traps are not placed or used on or about his or her property in such a manner as to reasonably ensure the trapping of any other domesticated or wild animal, or of a human.

(b) It shall be a prima facie violation of this section that the traps proscribed in this section were, in fact, set up by the person in question, or were allowed to be set up by the person in question; no intent or further culpable mental state shall be required to prove such a prima facie violation.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-14. Animal traps without holding mechanism.

A person may set up on his or her own property humane traps used to capture dogs, cats, and other small animals alive which must be sheltered and shall be checked at least once every two (2) hours or every eight (8) hours if left overnight by the individual setting the trap. Humane care shall be provided for any trapped animals including the provision of food, water, and protection from extremes of the environment including heat, cold, and precipitation. Trapped dogs or cats bearing identification shall be turned over to the department or the animal's owner.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-15. Safety of animals in motor vehicles.

(a) No person shall transport or carry on any public roadway any animal in a motor vehicle unless the animal is safely enclosed within the vehicle; and if traveling in an unenclosed vehicle (including, but not limited to convertibles, pick-up trucks, jeeps, and flatbed trucks), the animal shall be confined by a vented container or cage, rope or other device cross-tied to prevent the animal from falling or jumping from the motor vehicle or from strangling on a single leash.

(b) No person shall leave any animal in any standing or parked vehicle in such a way as to endanger the animal's health or safety. Any animal care officer or police officer is authorized to use reasonable force, including the breaking of a side window, to remove an animal from a vehicle whenever it appears the animal's health or safety is endangered, and said neglected or endangered animal shall be impounded.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-16. Pet shop requirements.

(a) No person shall operate a pet shop within the city without first obtaining a license from the department.

(b) It shall be unlawful for a pet shop owner, operator, manager, or employee to sell, trade, transfer, barter, give away, maintain, or act as a dealer or agent between a buyer and seller of any prohibited animal as defined by this chapter.

(c) A pet shop shall not sell, lease, offer for sale, trade, give away or otherwise transfer a cat or dog, unless the cat or dog was obtained from a city or county animal shelter, an animal control agency, or an animal rescue organization licensed by the department.

(d) All pet shops and stores selling animals shall:

(1) Take care to house animals in a sanitary manner;

(2) Provide appropriate medical services, care, and housing according to individual species' needs;

(3) Keep sick, diseased, and injured animals isolated and checked by a veterinarian on the day of discovery for veterinary care;

(4) Provide each animal sufficient space to stand, stretch, and turn without touching any of the four (4) sides or top of their primary enclosure. Group housing of compatible animals is allowed if the space prevents crowding and allows for easy removal of animal waste, and the unhampered movement and comfort of each animal. Take cats and dogs out of their primary enclosures at least twice during each twenty-four-hour period for exercise unless the primary enclosure is of sufficient size to conduct an exercise regimen needed by the animal for good health;

(5) Maintain clean animal enclosures and remove debris and fecal matter at least once every twenty-four (24) hours. Sanitizing of cat and dog enclosures shall be done once every day by washing the surfaces with water and either soap or detergent, or by the use of a pressure water system or steam cleaner all of which shall be followed by the application of a safe and effective disinfectant. The exercise and run areas having pea gravel or other non-permanent surface materials shall be thoroughly cleaned at least every twenty-four (24) hours and more frequently if necessary by removal of soiled materials and application of suitable disinfectants followed by the replacement of clean surface materials when necessary;

(6) Check and treat all cats and dogs for internal and external parasites, unless documentation is provided indicating the animal has had a veterinary exam within the past thirty (30) days and is free of internal and external parasites;

(7) Immunize all cats and dogs offered for sale, trade or other compensation or for free giveaway (except an animal taken to the department) against common disease

in accordance with standard veterinary practices; in the case of dogs, against canine distemper, adeno-virus para influenza, parvovirus, corona virus, and leptospirosis, and in the case of cats, against feline rhinotracheitis, and panleukopenia;

(8) Ensure that all cats and dogs that are being offered for sale, trade or other compensation or for free giveaway are:

a. Sterilized by a licensed veterinarian;

b. Implanted with a registered microchip.

(9) Not offer any kitten or puppy under the age of eight (8) weeks for sale, trade or other compensation or for free giveaway; and,

(10) Post on the enclosure for each cat or dog offered for sale the name, address, and contact information of the city or county animal shelter, animal control agency or animal rescue organization from which the dog or cat was obtained.

(e) The pet shop permit holder shall furnish a purchaser a written statement at the time of sale which shall include:

(1) Date of sale;

(2) Name, address and telephone number of purchaser and permit holder;

(3) Permit number of permit holder;

(4) Breed, description, approximate age and sex of cat, dog, or other animal sold (small mammals, parrot-type birds, and fish not included);

(5) Medication and vaccination and immunization information, including dates administered;

(6) Internal parasite medication(s) and date(s) administered;

(7) A guarantee of good health for a period of not less than two (2) weeks with recommendation to have the animal examined by a licensed veterinarian. The permit holder shall retain a copy of the written statement for twelve (12) months from date of sale. All purchasers of cats, dogs, and ferrets shall also be furnished with information as to the requirements of ownership of these animals within the city including requirements for rabies vaccination, litter permits, and microchipping; and

(8) In the case of the sale of a cat or dog: the name, address, and contact information of the city or county animal shelter, animal control agency or animal rescue organization from which the pet shop obtained the cat or dog.

(f) Records shall be maintained in good auditable condition, and surrendered to the department upon request and without reservation or purpose of evasion. Failure to produce a copy of such records upon demand by the department shall be cause for the revocation of an existing license and the refusal to issue a new license for a period of two (2) years.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2015-04-30-0354, § 2, 4-30-15; Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-17. Commercial boarding facility.

(a) No person shall operate a commercial boarding facility within the city without first obtaining a license from the department.

(b) The exterior of a commercial boarding facility area shall be completely fenced or otherwise enclosed to prevent animals from leaving the premises.

(c) Runs shall be constructed to effectively enclose the animals housed therein. Construction shall permit ready observation and handling of the animals and promote ease of cleaning. Runs and exercise areas having gravel or other non-permanent surface materials shall be sanitized a minimum of once in each twenty-four-hour period and more frequently as may be necessary by removal of soiled materials and application of suitable disinfectants and replacement with clean surface materials.

(d) All primary enclosures shall be structurally sound and maintained in good repair to protect the animals from injury, to contain them, and exclude other animals. They shall be constructed and maintained to enable the animals contained therein to remain dry and clean and to permit regular and effective cleaning. Heating and cooling shall be provided as required, according to the physical need of the animals, with sufficient light to allow observation of animals and sanitation conditions.

(e) Group housing is permitted for animals that are compatible. Adequate space shall be permitted to allow freedom of movement and comfort.

(f) All animals that are known to be exposed to or show symptoms of having infectious or contagious diseases shall not be transferred to any person other than the owner of the animal or a licensed veterinarian.

(g) A commercial boarding facility shall not accept a dog for boarding without first obtaining a copy of the dog's immunization record or veterinarian receipt showing that the animal has a current rabies vaccination certificate and been vaccinated against canine distemper, hepatitis, para influenza, and canine parvovirus in accordance with standard veterinary practices. A commercial boarding facility shall not accept a cat for boarding without first obtaining a copy of the cat's immunization record or veterinarian receipt showing that the cat has a current rabies certificate and been vaccinated against feline panleukopenia, viral rhinotracheitis, and calici virus in accordance with standard veterinary practices. Puppies and kittens less than four (4) months of age are exempt from the rabies vaccination requirement. A commercial boarding facility shall not accept an equine for boarding without first obtaining a copy of that equine's immunization record or veterinarian receipt showing that the equine has a current rabies certificate and current Coggins test certificate. The animal care services facility and commercial boarding facility possessing federal certification of nonprofit status (IRS 501(c)(3)) are exempt from this requirement.

(h) It is the responsibility of the permittees, except for those exempted from the payment of commercial boarding facility fees, to be able to prove at any time that all cats, dogs and equines on the premises which are over four (4) months of age are currently vaccinated against rabies.

(i) All animals shall be supplied with sufficient species specific food during each twenty-four-hour period and more often if the physiological needs of the animal require it. Each animal shall have access to fresh potable water at all times.

(j) Precautions shall be taken to ensure that animals are not teased, annoyed, or made to suffer by any persons or means.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-18. Animal waste; sanitation standards.

(a) All animals shall be kept in a sanitary manner. Animal owners shall collect and dispose of animal waste by flushing it down a commode, by burial at least six (6) inches below the surface of the ground, or by placing it in a disposable container, sealing the container, and disposing of it as household garbage. Livestock standings shall be constructed of concrete, compacted caliche or other equally impervious material that can be easily cleaned where bovines, equines, swine, goats or sheep are kept; or any other livestock when kept for commercial purposes. Such standings shall be located under the roofed areas and shall be the size of the roofed areas. All manure and other animal wastes from livestock shall be removed from pens, corrals or standings at least once each day. This material shall be deposited in a manure storage bin of concrete or metal construction and shall be provided with a fly-tight lid. Such manure and other animal wastes shall be removed from this bin at least once each week to a disposal site approved by the department.

(b) No animal owner shall allow the accumulation of animal waste on any premises in a quantity sufficient to create an odor offensive to a person of normal sensibilities standing on any

adjacent property not owned or controlled by the subject animal's owner, or which creates a condition conducive to the breeding of flies or other pests. It shall be unlawful to permit or allow fly breeding on premises on which livestock are kept, and permitting or allowing such shall authorize the denial, suspension or revocation of a permit by the department. Livestock owners shall have and maintain a fly control program.

(c) The accumulation of animal waste on any premises so as to create a stench or harborage for flies or other pests is hereby declared to be a public nuisance. Upon delivery of a written "Notice to Clean" by the department of health, animal care services or development services or their representatives, an animal owner or any adult occupant of the premises identified in said notice shall abate the therein described public nuisance on the premises within twenty-four (24) hours. Delivery shall be accomplished either by hand to the animal owner or keeper or any adult occupant of the residence, or by posting in a conspicuous place on the main entrance fence gate of the premises or main entrance door of the structure on the premises, or by certified mail, return receipt requested.

(d) The director of health, the director of animal care services and the director of development services or their designees are separately authorized and empowered to enforce the provisions of this section, and may summarily abate and remove any immediate public health and safety hazard due to the presence of animals by declaring the conditions to be an immediate public health hazard and public nuisance, and shall execute an administrative order that the premises be cleaned to city health code standards by the city or its contractor within twenty-four (24) hours. All three (3) said directors are each individually authorized to petition a justice or municipal court for a court order for the seizure of a particularly described animal or all animals kept on the subject premises to be impounded and cared for as abused or neglected animals pending a hearing before the court in accordance with V.T.C.A., Health and Safety Code § 821.022. (Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-19. Leash and pooper scooper required.

An animal owner or keeper shall not walk an animal without a leash restraint, and shall not guide or take animals onto the yards or driveways of property not owned, leased or occupied by the animal owner for the purpose of allowing the animal to defecate, but shall keep the animal in the public right-of-way, and shall carry a container and implement for the sanitary removal of the animal's fecal matter from the public sidewalk and public right-of-way adjacent to any property with a structure or other improvements thereon. (Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-20. Fastening animals.

(a) No animal shall be hitched, tied or fastened by any tying device (to include a pulley system) and must wear a properly fitted collar or harness made of leather or nylon, not of the choker type. The collar or harness must have been specifically designed to be used for the animal being tethered. The tying device (to include pulley systems) shall be attached to the animal's collar or harness and shall be at least ten (10) feet in length and must have a swivel device on the anchor and collar end to prevent tangling. The tying device (to include a pulley system) must provide at least one hundred fifty (150) square feet of unobstructed space.

(b) An owner may not tether an unattended animal outside by use of a restraint that is composed primarily of a chain, has weights attached or is not attached to a properly fitted collar or harness.

(c) No person shall tether their dog using a collar exceeding one and one-half (1½) inches wide for any dog weighing less than sixty (60) pounds. Dogs weighing sixty (60) pounds or more shall not be tethered using a collar exceeding two (2) inches in width. The collar must be adjusted to provide at least the circumstance of the animal's neck plus one (1) inch.

(d) An animal that is tethered must have access to adequate shelter, clean water, dry ground and shade from direct sunlight at all times.

(e) A person shall not tether an animal with a tying device that weighs more than one-tenth (1/10) of the animal's body weight.

(f) No person shall tether a puppy, sick or injured animal or a female dog while the dog is in estrus.

(g) In accordance with the Texas Health and Safety Code, an owner may not leave a dog outside and unattended by use of a restraint that unreasonably limits the dog's movement in the case of extreme weather conditions, including conditions in which the actual or effective outdoor temperature is below thirty-two (32) degrees Fahrenheit; a heat advisory has been issued by a local or state authority or jurisdiction; or a hurricane, tropical storm, or tornado warning has been issued for the jurisdiction by the National Weather Service.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-21. Unlawful acts; criminal penalties; civil remedies.

(a) Unless otherwise specifically provided for in this chapter, if it is found that a person intentionally, knowingly or recklessly violated any provision of this chapter, then upon conviction a person shall be fined an amount not less than one hundred dollars ($100.00) and not more than two thousand dollars ($2,000.00) except that, in the event a person has once previously been convicted under this chapter, the person shall be fined an amount not less than five hundred dollars ($500.00) and shall be fined not less than seven hundred and fifty dollars ($750.00) for a third conviction and for each conviction thereafter.

(b) If it is found that a person intentionally, knowingly or recklessly violated sections 5-4, 5-5, 5-7, 5-8, 5-11, 5-16, 5-23, 5-77, and 5-106, then upon conviction a person shall be punished by a minimum fine of five hundred dollars ($500.00) and a maximum fine of two thousand dollars ($2,000.00) for a first offense, a minimum fine of one thousand dollars ($1,000.00) and a maximum fine of two thousand dollars ($2,000.00) for a second offense, and a fine of two thousand dollars ($2,000.00) for a third and subsequent offense.

(c) If it is found that a person intentionally, knowingly or recklessly violated subsection 5-150(3), then upon conviction a person shall be punished by a fine of not less than one thousand dollars ($1,000.00) for a first offense, a fine of not less than one thousand five hundred dollars ($1,500.00) for a second offense, and a fine of not less than two thousand dollars ($2,000.00) for a third and subsequent offense.

(d) Nothing in this section shall limit any and all other criminal, civil or administrative remedies available to the city in seeking to enforce the provisions of this chapter. Each day's violation thereof shall constitute a separate offense.

(e) Where it is deemed necessary by the city manager and the director, the city attorney's office is hereby empowered to secure injunctive relief to enforce the provisions of this chapter. This shall be in addition to, and not in lieu of, the criminal penalties provided for in this chapter.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2013-11-21-0803, § 2, 11-21-13; Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20; Ord. No. 2024-12-05-0950, § 2, 12-5-24; Ord. No. 2025-09-11-0621, § 2, 9-11-25)

Sec. 5-22. Rental fee authorized for the animal care services facility annex facility.

The department is authorized to charge a rental fee for the rental of a training room at the animal care services facility annex facility. The director may without council action enter into agreements pertaining to the rental of the annex facility for educational, training or community purposes.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-23. Abandonment.

(a) Abandonment of non-livestock and livestock animals, excluding uncaptured wild living creatures, is a violation of the Texas Penal Code

and depending on the circumstances, is a class A misdemeanor, state jail felony, or a felony of the third degree.

(b) It shall be a violation of this code for a person to intentionally, knowingly or recklessly abandon or release any animal anywhere in the city that has been trapped and within a person's control and possession except if a person is trapping and releasing animals as authorized by any sections of this chapter or by state law. A violation of this subsection is punishable as described in section 5-21.
(Ord. No. 2025-09-11-0621, § 2, 9-11-25)

Sec. 5-24. Reserved.

ARTICLE II. ANIMAL CARE SERVICES ADVISORY BOARD

Sec. 5-25. Creation; composition; term of service.

(a) There is hereby created the animal care services advisory board, which shall consist of fourteen (14) members. Eleven (11) of the members of this board shall be appointed by the city council, one (1) from each city council district and one (1) by the mayor. Each of these appointees shall serve on said board for a term of two (2) years in accordance with the city's boards and commissions rules codified in chapter 2, article IX of this Code. The health department director, the animal care services department director and the city manager or designees shall be ex-officio non-voting members of the board.

[This page intentionally left blank.]

(b) The animal care services advisory board shall include among its membership at least one (1) licensed veterinarian; one (1) city official; one (1) person whose duties include the daily operation of an animal shelter; and one (1) representative from an animal welfare organization.

(c) The animal care services advisory board shall meet at least three (3) times a year.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-26. Duties and powers.

(a) The animal care services advisory board shall visit the animal care services facility of the city at times selected by the board, and shall inspect all phases of the operation at the facility. To this end, board members shall have access, for observation purposes only, to all areas of the animal care services facility.

(b) The board shall submit quarterly reports to the city council, through the city manager, concerning the operation of the animal care services facility and the animal care services program, together with its recommendations and/or advice concerning same.

(c) The board shall further advise the city council, through the city manager, on any aspect of animal care services which in the board's opinion merits the attention of the city.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Secs. 5-27—5-49. Reserved.

ARTICLE III. LIVESTOCK

Sec. 5-50. Swine.

It shall be unlawful to keep or maintain swine within the city other than for the purposes and at the locations indicated below:

(1) Exhibition at stock shows, fairs, circuses and zoological institutions;

(2) When located at and on the property of any vocational school, with facilities properly constructed as determined by the department;

(3) Slaughtering establishments;

(4) When offered for sale at stock yards or auction barns adjacent thereto;

(5) When kept at the home of an FFA (Future Farmers of America) member under the supervision of a high school vocational agricultural teacher or of a 4-H member under the supervision of the county agricultural agent, subject to the following conditions:

a. Each enrollee shall obtain a permit from the department before commencing a project. The form of application for permits shall be prescribed by the department. No fees shall be charged for such permits;

b. The property upon which the FFA or 4-H enrollee resides and maintains the swine must be a minimum of one (1) acre in area with a maximum of five (5) swine;

c. The minimum pen size shall be six hundred twenty-five (625) square feet per hog over fifty (50) pounds, and the pen must be covered with a roof having a minimum of one hundred (100) square feet per hog with a minimum pen width of fifteen (15) feet;

d. All swine must be grain fed;

e. Swine must be on a self-waterer or similar equipment approved by the department. There shall be a slab or other solid type construction under the tank covering the area of four (4) feet in each direction;

f. Hog wallows are prohibited;

g. The open and adjacent areas must be kept clean;

h. Enrollees must be under close supervision of a vocational agricultural teacher or the county agricultural agent. If an enrollee does not conform to city regulations, such advisor will report the viola-

tion to the department and maintaining swine at the location shall be terminated immediately;

i. The pen shall be a minimum of one hundred fifty (150) feet from any dwelling or business building owned or occupied by any person other than the owner of the swine or person keeping and maintaining same; and

j. Enrollees must be certified by letters to the department by the county agricultural agent for 4-H members and by the high school principal for FFA members giving the names of the vocational agriculture teachers or advisors supervising the enrollees and their projects, and such other information as the department may require. Such officials shall notify the department of the termination of an enrollee's projects.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-51. Removal of animal wastes at stock shows; parking of stock trucks.

(a) Manure and other animal wastes from animals held at stock shows, fairs, circuses and carnivals, shall be removed daily to a place approved by the department.

(b) Stock trucks and stock cars which have been used for the transportation of livestock, if parked in any area within the city other than the stockyards, shall have all animal waste removed and the vehicle thoroughly cleaned. Such cleaning shall be accomplished at a place designated by the department.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-52. Keeping of bovines, equines, sheep, and goats.

(a) Regulation of horse drawn carriages shall be governed by the provisions of chapter 33.

(b) An owner of livestock shall provide a minimum of five hundred (500) square feet of pen of which one hundred (100) square feet is under roof must be provided for each head of bovines or equines and, for each head of sheep or goat, shall provide a minimum of two hundred (200) square feet of pen of which forty (40) square feet is under roof.

(c) Any boarding stable or riding stable or academy must contain at least four hundred (400) square feet of space, of which one hundred (100) square feet is under roof, for each of such animals kept or maintained on the premises. The other provisions of this section shall not apply if the premises are zoned for operation of a riding stable or academy.

(d) The keeping of more than the maximum number of livestock permitted under this chapter is hereby declared to be an animal nuisance, and may be abated after notice has been provided to the owner and an opportunity to voluntarily come into compliance has been given by the director. Upon delivery of a written "Notice to Remove Livestock" by the department, an animal owner or any adult occupant of the premises identified in said notice shall abate the therein described animal nuisance on the premises within ten (10) days from the date of notice. Delivery shall be accomplished either by hand to the animal owner or keeper or any adult occupant of the residence, or by posting in a conspicuous place on the main entrance fence gate of the premises or main entrance door of the structure on the premises, or by certified mail, return receipt requested. After proper notice, the animal nuisance may be abated by the director by seizing and impounding any unlawfully kept number of livestock and, after an administrative hearing, either euthanizing them or releasing them to any person or organization approved by the director, offering to lawfully keep and care for them.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Secs. 5-53—5-74. Reserved.

ARTICLE IV. DANGEROUS AND AGGRESSIVE DOGS*

Sec. 5-75. Dangerous dogs.

Dangerous dogs shall be defined in accordance with V.T.C.A., Health and Safety Code ch. 822, § 822.041, as referenced below and shall be determined and regulated in accordance with said chapter.

Dangerous dog means a dog that:

(1) Makes an unprovoked attack on a person that causes bodily injury and occurs in a place other than an enclosure in which the dog was being kept and that was reasonably certain to prevent the dog from leaving the enclosure on its own; or

(2) Commits unprovoked acts in a place other than an enclosure in which the dog was being kept and that was reasonably certain to prevent the dog from leaving the enclosure on its own and those acts cause a person to reasonably believe that the dog will attack and cause bodily injury to that person.

(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-76. Investigation, seizure and confinement of alleged dangerous dog and determination of a dangerous dog.

(a) Upon receipt of a sworn affidavit of complaint, signed by one (1) or more individuals before an individual authorized by law to make sworn statements, the department shall investigate the complaint. The complaint shall contain a description of the incident involving an alleged dangerous dog, as defined above, the date and location of the incident, the name of the owner of the dog, the address of the owner, and a description of the dog(s) involved in the incident. Said investigation may include discussing the incident with the owner/keeper of the dog. The owner/keeper of the dog shall have the right to provide an affidavit or statement concerning his or her own dog.

(b) After receiving a sworn affidavit of complaint and upon making a decision that seizure is a reasonable precaution to ensure the health and safety of people nearby, the director may order the immediate seizure and impound of the dog. An administrative search warrant shall be obtained from any municipal court magistrate to enter onto private property to search for a dog which is allegedly dangerous or has been previously determined to be dangerous, if permission to enter the subject premises is denied by a person in lawful possession. If the dog cannot be safely approached, a tranquilizer projector may be used by department personnel. The cost of securing said dog(s) shall be borne by the owner. If a dog is determined to be dangerous, it will remain in confinement as directed by the director. A dog that has been determined to be dangerous cannot be released back to the owner until the owner is able to demonstrate the ability to comply with all the requirements for dangerous dogs as outlined in section 5-77.

(c) An animal care officer may impound an alleged dangerous dog if the officer has cause to believe that a dog is dangerous as defined above.

(d) The department shall determine whether a dog is dangerous. Within five (5) working days after the dog is deemed dangerous, the department will notify the owner of the dog, of the dangerous dog determination and appeal rights as set out in section 5-79 by written notice. The notice shall include the reason for the allegation, and all requirements for owners of a dog determined to be dangerous as set out in section 5-77.

(Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-77. Requirements of dangerous dog owners.

(a) An owner of a dog determined to be dangerous, shall comply with all of the following ten (10) requirements before the subject dog can be released to the owner by the department. The

*__Editor's note—__Ord. No. 2017-10-05-0755, § 1, 10-5-2017, amended article IV in its entirety to read as herein set out. Formerly, article IV pertained to similar subject matter, and derived from Ord. No. 2010-06-17-0555, § 1, adopted June 17, 2010; Ord. No. 2011-10-20-0863, § 2, adopted October 20, 2011, and Ord. No. 2015-04-30-0354, § 2, adopted April 30, 2015.

department must, however, release the dog to the owner if a state licensed veterinarian with a facility located within the city verifies, upon being contacted by a city veterinarian or department, that the owner has arranged for the required surgery of the dangerous dog to comply with this article, and if necessary, a city veterinarian has implanted the required registered microchip in the dog, has inspected the residence where the dog is to be kept, and is satisfied that the following requirements which could have already been complied with have been complied with by the owner:

(1) The dog must be registered with the department and shall annually obtain a dangerous dog permit;

(2) The dangerous dog shall at all times wear a collar approved by the department visible at fifty (50) feet so that the dog can be identified as a dangerous dog. The department is authorized to charge the dog owner a fee to cover the cost of this collar;

(3) The dangerous dog must be kept in an enclosure as defined in section 5-1 of this chapter;

(4) The owner must present to the department a certificate of public liability insurance in the amount of one hundred thousand dollars ($100,000.00) to cover any injuries caused by the dangerous dog. The insurance shall be kept in effect continuously and shall not be cancelled unless the dog is no longer kept by the insured owner;

(5) The dangerous dog, when taken outside the enclosure, shall be kept secured by a sturdy leash of a maximum four (4) feet in length and maintained muzzled in a manner that will not cause injury to the dog nor interfere with its vision or respiration. The department is authorized to charge the dog owner a fee to cover the cost of this leash;

(6) The owner shall post no less than two (2) signs on his or her premises warning that there is a dangerous dog on the property. This sign shall be visible and capable of being read from the public street or highway. In addition, the department shall issue a uniform dangerous dog symbol or decal, understandable by small children which shall be made available at cost to the public. Such symbol or decal must be displayed on or about the sign;

(7) If the dog does not have a registered microchip, the owner shall authorize the department to implant a registered microchip beneath the skin of the dangerous dog for positive identification of the animal;

(8) At the owner's expense, the dangerous dog must be spayed or neutered either by the department or, at the discretion of the department, by a veterinarian approved by the department prior to being released back to its owner;

(9) At the owner's expense, the owner must complete a class on responsible pet ownership conducted by an organization approved by the department within two (2) months after the determination; and

(10) The owner must allow an annual inspection of the residence where the dog is kept in order for the department to verify continued compliance with all requirements of this section. More frequent inspections may be conducted in response to specific complaints regarding noncompliance with this section.

(b) If the owner of a dog determined to be dangerous is unable or unwilling to comply with the ownership requirements listed above within thirty (30) days of the determination hearing, the dog must be euthanized by an animal shelter, animal care agency, licensed veterinarian or the department.

(Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-78. Hearing to determine compliance with dangerous dog requirements.

(a) V.T.C.A., Health and Safety Code § 822.0423 provides that a municipal court may conduct a hearing to determine whether the owner of a dangerous dog has complied with the requirements for the owner of a dangerous dog.

(b) Upon an application from any person, the municipal court shall conduct a hearing to determine compliance with dangerous dog requirements.

(c) A municipal court judge shall conduct a hearing to determine whether the preponderance of the evidence supports the allegation that the owner has failed to comply with dangerous dog requirements.

(d) The municipal court judge shall be the finder of fact.

(e) At the conclusion of the hearing, if the municipal court judge finds that the owner has failed to comply with the dangerous dog requirements, the judge shall order the seizure of the dog in accordance with V.T.C.A., Health and Safety Code § 822.042.

(f) An owner or the person who filed the application for the hearing may appeal the decision of the municipal court in the manner provided for the appeal of cases from municipal court.

(g) The municipal court judge may compel the attendance of the applicant, any known witnesses, the dog owner against whom the application was filed, and the director or his or her representative who investigated. Any interested party, including the city attorney or an assistant city attorney, may present evidence at the hearing.
(Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-79. Appeal of dangerous dog determination.

Appeal of a dangerous dog determination shall be in accordance with V.T.C.A., Health and Safety Code § 822.0421.
(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-80. Notification of change of status; disposition of dangerous dog.

The owner/keeper of a dangerous dog shall notify the department within twenty-four (24) hours if their dangerous dog is loose, unconfined, has attacked another animal, has attacked a person, or has died. A dog determined to be dangerous under this chapter shall not be offered for adoption, rescue or sale or be given away. If the owner wishes to dispose of the dangerous dog, the owner shall return the dog to the department.
(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-81. Dangerous dog violations.

(a) A person commits an offense under state law, pursuant to the Texas Health and Safety Code, if the person is the owner of a dangerous dog and the dog makes an unprovoked attack on another person outside the dog's enclosure and causes bodily injury to the other person.

(b) It shall be a violation of this chapter for an owner or keeper to intentionally, knowingly, or recklessly fail to prevent a dangerous dog, from killing or wounding, or assisting in the killing or wounding of any domestic animal belonging to or in the possession of another person, or for an owner or keeper to fail to prevent a dangerous dog from attacking, assaulting, biting or otherwise injuring any person or assisting in the attack, assault, biting, or other injury of any person whether out of or within the enclosure of the owner or keeper, and whether or not such dangerous dog was on a leash or securely muzzled or whether or not the dangerous dog escaped without the knowledge or consent of the owner or keeper. If a person is found guilty of an offense under this section, the court may order the dangerous dog destroyed in an expeditious and humane manner.

(c) It shall be a violation of this chapter for the owner or keeper of a dangerous dog to:

(1) Fail to comply with any of the requirements of section 5-77 as required;

(2) Fail to notify the department of a change of status as set out in section 5-80; or

(3) Fail to keep the dog confined at no cost to the city during the hearing process.

(d) The provisions under this section shall not apply to any law enforcement agency where a dog is being used for law enforcement.

(e) A rebuttable presumption shall exist that the owner or keeper knowingly allowed a dangerous dog to be kept in inadequate confinement in any criminal complaint filed under subsection (b).
(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-82. Aggressive dogs; levels defined.

Classification of a dog as aggressive shall be based upon specific behaviors exhibited by the dog. For purposes of this chapter, behaviors establishing various levels of aggressive dogs are the following:

(1) Level 1 behavior is established if:

a. A dog while in the enclosure in which the animal was being kept acts to cause a person to reasonably believe that the animal will engage in an unprovoked attack and cause bodily injury to that person; or

b. An unrestrained dog is found to menace, chase, display threatening or unprovoked aggressive behavior or otherwise threaten or endanger the safety of a domestic animal.

(2) Level 2 behavior is established if a dog, while unrestrained, causes physical injury to any domestic animal or livestock.

(3) Level 3 behavior is established if:

a. A dog, while unrestrained, kills or causes the death of any domestic animal or livestock, or

b. A dog classified as a level 2 aggressive dog that repeats the behavior in subsection (2) after the owner or keeper receives notice of the level 2 classification.

(4) Notwithstanding subsections (1), (2), and (3), the director shall have discretionary authority to refrain from classifying a dog as aggressive, even if the dog has engaged in the behaviors specified in subsections (1), (2), and (3), if the director determines that the behavior was the result of the victim abusing or tormenting the dog or was directed towards a trespasser or other similar mitigating or extenuating circumstances.
(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-83. Investigation, seizure, confinement, and designation of aggressive dogs.

(a) The department shall have authority to determine whether any dog has engaged in the behaviors specified in section 5-82. This determination may be based upon an investigation that includes observation of and testimony about the dog's behavior, including the dog's upbringing and the owner's or keeper's control of the dog, and other relevant evidence as determined by the department. These observations and testimony can be provided by animal care officers or by other witnesses who personally observed the behavior. The witness(es) shall sign an affidavit attesting to the observed behavior and agree to provide testimony regarding the dog's behavior if necessary.

(b) After receiving a sworn affidavit of complaint and upon making a decision that seizure is a reasonable precaution to ensure the health and safety of people nearby, the department may order the immediate seizure and impound of the dog. An administrative search warrant shall be obtained from any municipal court magistrate to enter onto private property to search for a dog which is allegedly aggressive or has been previously determined to be aggressive, if permission to enter the subject premises is denied by a person in lawful possession. If the dog cannot be safely approached, a tranquilizer projector may be used by department personnel. The cost of securing said dog(s) shall be borne by the owner. If a dog is determined to be aggressive, it will remain in confinement as directed by the department. A dog that has been determined to be aggressive may not be released back to the owner until the owner is able to demonstrate the ability to comply with all the requirements for aggressive dogs as outlined in section 5-85.

(c) The director shall have the discretion to increase or decrease a classified dog's restrictions based upon relevant circumstances.

(d) The department shall give the dog's owner or keeper written notice of the dog's specified behavior, of the dog's classification as aggressive, and of the restrictions applicable to that dog by reason of its classification.

(e) Upon receipt of notice of the dog's classification as a level 1, 2, or 3 aggressive dog pursuant to subsection (c), the owner or keeper shall comply with the restrictions specified in the notice unless reversed on appeal. Upon final determination and after appeals are exhausted, the owner will have thirty (30) days to sterilize the animal. Failure to comply with the specified restrictions shall be a violation of this chapter for which a fine can be imposed. Additionally, the department shall have authority to impound the dog pending completion of all appeals.

(f) If the department's decision finds that a dog has engaged in aggressive behavior, the dog may be impounded pending the completion of any appeals.

(g) Any dog classified as a level 3, that is found to have repeated level 3 behavior as defined under this code, shall be impounded if not already impounded. The dog shall not be released to the owner or be made available for adoption until either potential recipient of the dog has established arrangements for accommodating the animal consistent with all the security and safety requirements ordered by the department.
(Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-84. Appeal of aggressive dog determination to municipal court.

(a) An owner may appeal an aggressive dog determination within fifteen (15) days after receiving notice of the determination by:

(1) Filing a written notice of appeal of the department's aggressive dog determination to municipal court;

(2) Attaching a copy of the determination from the department; and

(3) Serving a copy of the notice of appeal to the department by certified mail.

(b) A municipal court judge shall conduct a hearing to determine whether the preponderance of the evidence supports the aggressive dog determination.

(c) The municipal court judge shall be the finder of fact. As such, the municipal court judge may compel the attendance of the complainant, any known witnesses, the dog owner against whom the complaint was filed, and department staff who investigated. Failure of the owner of the animal to appear at the hearing shall result in a final classification with no further appeal. The owner may be represented by counsel.

(d) At the conclusion of the hearing, the municipal court may affirm or reverse the aggressive dog determination.

(e) The result of the administrative appeal hearing is final.
(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-85. Regulation of aggressive dogs.

In addition to the other requirements of this chapter, the owner or keeper of an aggressive dog shall comply with the following conditions:

(1) Dogs classified as level 1 or 2 shall be restrained, so as not to be at large, by a physical device or structure in a manner that prevents the dog from reaching any public sidewalk or adjoining property and must be located so as not to interfere with the public's legal access to the owner's or keeper's premises whenever that dog is outside the owner's or keeper's home and not on a leash. In addition, the director may require the owner or keeper to obtain and maintain proof of public liability insurance in the amount of one hundred thousand dollars ($100,000.00).

(2) Dogs classified as level 3 shall be confined, so as not to be at large, by a physical device or structure in a manner that prevents the dog from reaching any public sidewalk or adjoining property and must be located so as not to interfere with the public's legal access to the owner's or keeper's premises whenever that dog is outside. The owner or keeper shall restrict

the dog to the owner's or keeper's property unless the dog is restrained by an adequate leash under the control of a capable person and muzzled in a manner that will not cause injury to the dog nor interfere with its vision or respiration. The owner or keeper of a level 3 aggressive dog shall post no less than two (2) warning signs on the property where the dog is being kept and shall not permit the warnings signs to be removed. In addition, the director may require the owner or keeper to obtain and maintain proof of public liability insurance in the amount of one hundred thousand dollars ($100,000.00).

(3) To ensure correct identification, all dogs that have been classified as aggressive shall be microchipped and photographed, and may be fitted with a special tag or collar determined by the department at the owner's expense.

(4) The animal must have a registered microchip and obtain an annual aggressive dog permit from the department.

(5) The owner or keeper of a level 3 aggressive dog shall not permit the warning sign to be removed from the secure enclosure. The owner or keeper of any aggressive dog shall not permit the special tag or collar to be removed from the dog. The owner or keeper of an aggressive dog shall not permit the dog to be moved to a new address or change owners or keepers without providing the director with ten (10) days' prior written notification.

(6) At the owner's expense, the aggressive dog must be spayed or neutered either by the department or, at the discretion of the department, by a veterinarian approved by the department prior to being released back to its owner.

(7) At the owner's expense, the owner must complete a class on responsible pet ownership conducted by an organization approved by the department within two (2) months after the dog has been classified as aggressive. If the department takes ownership of the animal, then the director may waive this requirement for any subsequent owner of the animal.

(Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-86. Declassification of aggressive dogs.

Declassification will be automatic pursuant to this section.

(1) The following conditions must be met:

a. Level 1 or level 2 dogs have been classified for one (1) year without further incident, and two (2) years for level 3 dogs; and

b. There have been no violations of the specified regulations.

(2) When the owner or keeper of an aggressive dog meets all of the conditions in this chapter, the restrictions for level 1 and level 2 classified dogs may be removed. Restrictions for level 3 may be removed, with the exception of the secure enclosure.

(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-87. Payment for cost of confinement.

(a) The owner of a dog impounded by the department must pay the costs of care of the dog while it is in the custody of the department prior to the release of the dog to the owner. Reasonable expenses for this care include, but are not limited to the cost of housing, feeding, emergency veterinary medical care, immunizations and routine veterinary medical care for the dog.

(b) If a dog is held in impoundment by the department for more than twenty (20) days, the owner of the dog must pay the actual costs accrued for the first twenty (20) days of impoundment, and every twenty (20) days thereafter until the matter for holding the dog has been finalized. The department will mail a notice and statement of costs to the owner of the dog at the address on file with the department. All costs must be paid within a maximum of three (3) business days following the receipt of the notice and statement. If the costs have not been paid within the allotted three (3) business days, this

will be considered a voluntary relinquishment of the dog by the owner and the dog shall immediately become the property of the city.

(c) Costs must be paid to the department in cash or certified funds only. The costs shall be deposited into the city's general trust fund, in a subaccount specific for each case.
(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Secs. 5-88—5-99. Reserved.

ARTICLE V. ANIMAL MICROCHIPPING, PERMITS, AND LICENSES*

Sec. 5-100. Microchipping required.

(a) The owner or keeper of any equine, dog or cat must have the animal implanted with a registered microchip before the animal attains four (4) months of age. An equine, dog or cat is exempt from this requirement if the equine, dog or cat is determined to be medically unsuitable for microchipping by a licensed veterinarian in writing. If the animal is determined to be medically unsuitable for microchipping, the owner shall have the animal permanently marked with an identifying tattoo by a licensed veterinarian. Proof of medical unsuitability for microchipping along with the identifying tattoo number and owner's or keeper's name, address and telephone number must be provided to the department within thirty (30) days of tattooing. If there is a change in contact information, the owner or keeper of a tattooed animal shall update contact information with the department within thirty (30) days of the date of the change in contact information. If there is a change in ownership of a tattooed animal the initial owner or keeper shall be responsible for notifying the department of the change within thirty (30) days of the date of change in ownership. The new owner or keeper shall be responsible for providing the department with the new owner's or keeper's name, address and telephone number within thirty (30) days after the change in ownership.

(b) It is a defense to prosecution under this section that:

(1) The equine, dog or cat owner is a nonresident of this city and is keeping the subject animal in the city for fewer than sixty (60) days;

(2) The animal owner has been a resident of this city for fewer than thirty (30) days; or

(3) The animal had been abandoned or lost and the temporary owner has had the equine, dog or cat for fewer than thirty (30) days.

(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-101. Maintaining current microchip registration.

(a) The owner or keeper of a dog, cat or equine shall maintain current registration with a microchip registration company.

(b) If there is a change in contact information of an owner or keeper of a registered microchipped equine, dog or cat, the owner or keeper shall update contact information, including new address or telephone number, with the microchip registration company within thirty (30) days of the date of the change in contact information.

(c) If there is a change in ownership of a registered equine, dog or cat, the initial owner or keeper shall be responsible for ensuring that the microchip is no longer registered in the initial owner's or keeper's name within thirty (30) days of the date of change in ownership. The new owner or keeper shall be responsible for re-registering the microchip to include any new address and telephone number and have the registration information transferred to the new owner's or keeper's name within thirty (30) days after the change in ownership.
(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-102. Wearing tags, exception.

(a) Dogs must wear a tag at all times while outdoors; except that dogs which are kept for show or exhibition purposes are not required to wear such a tag as long as the dogs are otherwise

*__Editor's note—__Ord. No. 2020-10-29-0772, § 1, adopted Oct. 29, 2020, amended art. V and in so doing changed the title of said article from animal microchipping and permits to read as set out herein.

under restraint. The tag shall include either the dog's microchip number, or the current address or telephone number of the dog owner.

(b) Cats and equines shall not be required to wear a tag with the registered microchip number on a collar.
(Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-103. Nontransferability.

No person may use a registered microchip number for any animal other than the one for which it was issued.
(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-104. Review upon frequent violations.

The department shall review any and all animal registrations for any animal owners against whom four (4) or more convictions have been obtained within a period of one (1) year under the provisions of this chapter and shall notify the subject animal owner of said convictions and possible seizure and impoundment if, after the director conducts an administrative hearing, and determines that the public health and safety are at risk while the animal owner or any member of this household has possession or control of the subject animals. Certified mail notice of the time and place of said hearing shall be mailed to the last known address of the animal owner at least ten (10) days prior to said hearing.
(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-105. Litter permit; sterilization required for violation.

Any person whose female dog or cat has a litter must obtain a litter permit prior to the litter's birth. One (1) litter permit shall be required for each whelping female dog or cat. No female dog or cat shall whelp more than one (1) litter over a twelve (12) month period of time.

(1) If an owner violates this section, the owner shall be required to sterilize the whelping dog or cat and each litter member within sixty (60) days of receiving a citation for violation of this section. It shall be the owner's responsibility to provide to the department proof of sterilization of the whelping dog or cat and each litter member prior to the required deadline. The department has the authority to extend or exempt this requirement if proof of need (such as medical necessity) is provided.

(2) An owner in violation of this section shall not dispose of or divest ownership of the whelping mother or any member of the litter until the sterilization requirement is met and the department has received proof of sterilization.

(3) This section does not apply to caretakers of feral cat colonies or animal rescue organizations with an active animal rescue organization license issued by the department.

(Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-106. Seller's permit; sterilization required for violation.

(a) Any person who sells or offers for sale one (1) or more animals must obtain a seller's permit.

(1) Each seller's permit shall be valid for one (1) animal or one (1) litter.

(2) The seller's permit number shall be prominently displayed in all advertisements, notices, or displays for sale of the animals.

(3) Each permit applicant shall be required to have taken in the prior two (2) years a department approved responsible pet ownership course prior to the approval of a seller's permit.

(4) A seller's permit holder shall provide a purchaser a written statement which shall include a guarantee of good health for a period of not less than two (2) weeks with a recommendation to have the animal examined by a licensed veterinarian.

(5) A person who obtains a pet shop license or animal rescue organization license

issued by the department shall not be required to obtain a seller's permit under this section.

(6) A person who obtains a litter permit is still required to obtain a sellers permit if the person intends to sell the litter. If a litter permit and seller permit are requested simultaneously, the seller's permit fee may be waived.

(7) If a person fails to obtain a permit after notice, then the department shall be authorized to impound the animals.

(8) If an animal seller violates this section, the seller shall be required to sterilize all dogs and cats present at the location of the sale within sixty (60) days of receiving a citation for violation of this section.

(Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-107. Animal limits; excess animal permit.

(a) A maximum number of eight (8) cats or five (5) dogs, or an aggregate number of eight (8) is permitted at a residence. In order to have more dogs and/or cats than this chapter allows at a residence, an owner must apply for an excess animal permit which shall be valid for one (1) year.

The criteria used to evaluate the granting of a dog or cat permit are as follows:

(1) All dogs and cats for which a permit is required must be sterilized, unless the dog(s) or cat(s) qualifies for a certified medical exception by a licensed veterinarian or is under four (4) months old.

(2) All dogs and cats must be currently vaccinated for rabies.

(3) All dogs and cats must have a registered microchip.

(4) The dogs and/or cats must not be housed exclusively outside and no more than five (5) dogs may be housed outside between the hours of 10:00 p.m. and 6:00 a.m.

(5) The primary form of restraint for any dog shall not be tethering.

(6) Each dog must have access to its own shelter when housed outside.

(7) There must be a minimum of four hundred fifty (450) square feet of unobstructed housing space available per animal. The department shall have the discretion to increase the minimum square feet required when the requesting permit is for larger dogs.

(8) All dogs and cats must have a photograph of each animal attached to an animal profile sheet that will be kept on record as verification of the animals allowed in the permit. Rescuers with an animal rescue organization license shall be exempt from the photograph and profile sheet requirement for those animals that are temporarily being housed at the location for less than four (4) months.

(9) If the owner of the dogs and/or cats is not the owner of the property, the permission of the property owner must be obtained before a permit application will be processed.

(10) A check will be made to determine if there are any previous valid complaints. A previous valid complaint can be grounds for the denial of a permit request.

(11) The requestor must have adequate property or facilities to ensure the dogs and/or cats do not disturb any neighbors. The facilities shall be subject to inspection by the department.

(12) An animal rescue organization and designee(s) of an animal rescue organization with an active animal rescue organization license issued by the department, that are temporarily housing pets (less than four (4) months) with the intent to re-home the pets elsewhere, may exceed the maximum number of pets as long as the animal rescue organization and its designee(s) follow requirements for those with an excess animal permit.

(b) A maximum number of eight (8) domestic fowl is allowed at a residence of which only one (1) may be a rooster.

(1) An owner must comply with the following with regard to domestic fowl:

a. The owner must have adequate facilities to house the domestic fowl and ensure adequate sanitation.

All domestic fowl must be kept in a coop and run that is at least twenty-four (24) square feet in size, or has at least six (6) square feet of space per fowl, whichever is larger.

b. The domestic fowl must be kept housed or confined in a manner that does not allow them to create a nuisance.

c. Sanitation must be addressed in a manner that prevents the attraction of pests.

(2) If an owner desires to exceed the maximum number of domestic fowl specified in subsection (b), an owner must make an application for an excess animal permit with the department which shall be valid for one (1) year. The criteria for evaluating the application for an excess animal permit shall be those listed in subsection (b). In addition, all domestic fowl must be kept in a coop and run not less than fifty (50) feet from any business or dwelling occupied by any person other than the owner. The facilities shall be subject to inspection by the department. An owner with between twenty-six (26) and fifty (50) domestic fowl must keep the animals in a coop and run not less than seventy-five (75) feet from any business or dwelling occupied by any person other than the owner. An owner with fifty-one (51) or more domestic fowl must keep the animals in a coop and run not less than one hundred (100) feet away from any business or dwelling occupied by a person other than the owner and have a business license that demonstrates a need to house over fifty (50) domestic fowl. The facilities shall be subject to inspection by the department.

a. The maximum number of roosters allowed for excess animal permits shall be one (1) rooster for every ten (10) authorized domestic fowl.

b. Up to eight (8) fowl may be allowed to temporarily roam outside the coop and run at a time, but within an enclosed area within the boundaries of the real property of the owner between the hours of 6:00 a.m. and 10:00 p.m.

(c) The total number of livestock allowed at a residence is two (2) animals from the following classes of livestock: Equines; bovines; sheep; goats; and llamas.

(1) All livestock must be enclosed in a pen the nearest point being at least one hundred (100) feet from any dwelling or business building owned or occupied by any person other than the owner. For the purpose of this section, a pen shall mean a fully enclosed space that is adequately sturdy to prevent the livestock from being unrestrained. An owner must comply with the following with regard to livestock:

a. The owner must have adequate facilities to house the livestock and ensure adequate sanitation.

b. The livestock must be kept housed or confined in a manner that does not allow them to create a nuisance.

c. Sanitation must be addressed in a manner that prevents the attraction of pests.

d. Livestock permits are required for every livestock animal.

(2) If an owner desires to exceed the maximum number and type of livestock specified in this section, an owner must make an application for an excess animal permit with the department which shall be valid for one (1) year. The criteria for evaluating the application for an excess

animal permit shall be those listed in subsection (c) and section 5-52 of this chapter.

(d) The total number of rabbits allowed at a residence is ten (10). An owner must comply with the following with regard to rabbits:

(1) The owner must have adequate facilities to house the rabbits and ensure adequate sanitation.

(2) The rabbits must be kept housed or confined in a manner that does not allow them to create a nuisance.

(3) Sanitation must be addressed in a manner that prevents the attraction of pests.

(4) If an animal owner desires to exceed the maximum number of rabbits specified above (ten (10) rabbits), an owner must make an application for an excess animal permit with the department which shall be valid for one (1) year. The criteria for evaluating the application for an excess animal permit shall be those listed in subsection (d). The facilities shall be subject to inspection by the department. The maximum amount of rabbits allowed with an excess animal permit is twenty-five (25).

(e) Any owner, caretaker, or other person who keeps any non-venomous snake over three (3) feet and/or fifteen (15) pounds, in addition to complying with all federal and state laws, regulations, and permit regulations affecting such snake, shall:

(1) Keep the snake at all times in a cage or enclosure of such size and construction and in a manner as to preclude the possibility of escape. Such enclosure shall be of such size as to permit the snake reasonable freedom of movement;

(2) Keep the snake in such a manner so as not to threaten or annoy any person of normal sensitivity; and

(3) Prevent unauthorized access to the snake through adequate safeguards.

(f) The following shall apply for all excess animal permits:

(1) Once a permit is granted, the permittee must obey all rules pertaining to animal ownership within the city and the state. Any valid violation under this chapter, including exceeding the number of animals allowed on the original permit is grounds for revocation of the permit by the department.

(2) If a permit is revoked, the permittee upon notification by the department, will have thirty (30) days to come into compliance with existing numbers limits.

(3) An owner who is denied a permit or whose permit is revoked has the right to appeal the denial or revocation by submitting written notice to the director within fifteen (15) working days of the denial or revocation. Upon the timely receipt of such written notice, the department shall schedule an animal permit hearing. The owner shall be notified of said hearing by certified mail, return receipt requested. If the hearing is not conducted within fifteen (15) working days of the date the notice of appeal is received, the department shall issue the requested permit or reinstate the revoked permit. Failure of the owner of the animal to appear at the permit hearing shall result in a final denial or revocation with no further appeal. The owner may be represented by counsel.

(4) The animal permit hearing officer shall determine whether, by a preponderance of the evidence, a permit should not be denied or revoked based upon evidence, affidavits, and testimony presented at the time of the hearing by the owner, witnesses to any incident which may be germane to such a determination, department personnel, police or any other person possessing information pertinent to such determination. The owner may cross examine witnesses. A record of the hearing shall be kept. The animal permit hearing officer shall issue written factual

findings and a determination as to whether the permit denial or revocation should be reversed within five (5) working days after the animal permit hearing. The owner shall be notified of the animal permit hearing officer's findings and determination by certified mail, return receipt requested.

(5) If the animal permit hearing officer does not reverse the permit denial or revocation, the owner has the right to appeal the determination to municipal court by submitting written notice to the department within five (5) working days of receiving the animal permit hearing officer's determination. Failure to appeal within the time allotted shall result in the animal permit hearing officer's determination as final.

(6) A municipal court judge shall sit as the administrative appeal hearing officer. The administrative appeal hearing officer shall apply a pure substantial evidence review of the animal permit determination. The administrative appeal hearing officer shall consider only the factual record made at the animal permit hearing and decide if the determination of the animal permit hearing officer is reasonably supported by substantial evidence. In addition, the administrative appeal hearing officer is permitted to consider whether the animal permit hearing satisfied the requirements of due process. The administrative appeal hearing officer shall prepare a written memorandum of findings and declare the animal permit hearing officer's determination either affirmed or reversed.

(7) The result of the administrative appeal hearing is final.

(Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-108. Permit required for circuses, rodeos, animal exhibits, animal shows, petting zoos and recreational animal rides; special exceptions for institutions and special attractions.

(a) Any operator of a circus, rodeo, animal exhibit, or entertainment show, or other persons desiring to bring any non-aquatic mammal into the city to use in a circus, rodeo, animal exhibit or animal show other than a dog show or a cat show where the animals will not be directly accessible to the public, shall first submit a written request to the department for a permit and pay a permit application fee to cover the cost of inspecting the facility where the animal(s) will be kept during the event, which may be for any number of consecutive days. The permit application shall be submitted at least twenty (20) days prior to the event, and shall contain information as to the kind and number of animals involved, records showing animals are up to date on required vaccinations and are considered by a certified veterinarian as healthy, how they will be housed safely and not physically accessible to the public, required state or federal licensing documentation, the reason for bringing the animal(s) to the city, the name and address of the person or business that will keep, feed, and confine the animal(s) during their stay in the city and any other information requested by the department. The director has the authority to determine the requirements necessary with regard to risk to public safety or the safety of the animals for each event. If the intent of the operator is to allow a member of the general public direct contact with any of the animals, the operator must submit a written request to the department for a temporary petting zoo permit in addition to the exhibit permit as outlined in subsection (a). The temporary petting zoo permit shall be valid for the duration of the event outlined in the application.

(b) No person shall operate a petting zoo or recreational animal ride where an animal is allowed to be in contact with the public (which include, but are not limited to, horses, ponies, donkeys, camels, elephants or cows) within the city without first obtaining a petting zoo permit which shall be valid for one (1) year. An operator of a petting zoo or recreational animal ride shall first submit a written request to the department for a petting zoo permit and pay a permit application fee to cover the cost of inspecting the facility where the animal(s) are kept and shall contain information as to the kind and number of animals involved, and the name and address of the person or business that will keep, feed, and

confine the animal(s). Animals used within the city for petting zoos or recreational animal rides must be provided with all the necessities of life including air, food, water, veterinary care, exercise, and protection from the sun and other elements of nature.

(c) A permit shall not be required for any animal so long as it is owned by a governmentally owned and operated facility, publicly operated facility, a public zoological park, or bona fide medical institution or research institution.

(d) A prohibited animal brought into the city for entertainment purposes which is not approved by the department, upon the order of the department, will be immediately removed from the city. If not so removed expeditiously, an animal care officer shall seize such animal if he has reason to believe the animal is not being properly fed, housed, or cared for, or is not being safely and securely confined for public safety. Failure to comply with the removal order shall constitute a misdemeanor offense.

(e) Animals used within the city for entertainment purposes such as rodeos and circuses must be provided with all the necessities of life including air, food, water, veterinary care, exercise, and protection from the sun and other elements of nature. A licensed veterinarian must be in attendance at all such functions. Once determined to be injured or ill by a licensed veterinarian, an animal may be returned to use only after certification as healthy by a licensed veterinarian.

(f) Nothing in this section shall authorize the department to issue a permit to a person to sell, trade, barter, lease, rent, or give away any animal on any roadside, public right-of-way, commercial parking lot, or at any garage sale, flea market or festival.
(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-109. Pet shop license.

No person shall operate any pet shop as defined in this chapter, without first obtaining a license from the department who shall take into consideration the type of building construction, the regulatory compliance history of the permittee as it relates to sanitation, health, welfare of the animals, birds or reptiles housed, and related zoning requirements. The department shall inspect and evaluate the qualifications of applicants.

(1) Applications for an original or renewal pet shop license shall be submitted to the department and shall be approved or denied by the department. The department shall investigate the applicant's qualifications for a license. A conviction for the violation of any provision of this chapter may constitute cause for denial or revocation of a license.

(2) Failure to apply for a license prior to the opening of such a commercial animal facility, or within thirty (30) days after the renewal date, shall constitute a misdemeanor offense.

(3) Each pet shop license shall be valid for one (1) year.
(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-110. Grooming shop license.

(a) No person shall operate any grooming shop, as defined in this chapter, without first obtaining a license from the department who shall take into consideration the type of building construction, the regulatory compliance history of the permittee as it relates to sanitation, health, welfare of the animals, and related zoning requirements. The department shall inspect and evaluate the qualifications of applicants.

(1) Applications for an original or renewal grooming shop license shall be submitted to the department and shall be approved or denied by the department. The department shall investigate the applicant's qualifications for a license. A conviction for the violation of any provision of this chapter may constitute cause for denial or revocation.

(2) Failure to apply for a license prior to the opening of such a commercial animal facility, or within thirty (30) days after the renewal date, shall constitute a misdemeanor offense.

(3) Each grooming shop license shall be valid for one (1) year.

(b) A permit holder has the right to request that any dog or cat accepted for grooming be vaccinated against common diseases, and require proof of such vaccinations be furnished to the shop operator.
(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-111. Commercial boarding facility license.

No person shall operate a commercial boarding facility without first obtaining a license from the department which shall be valid for one (1) year. Such license shall be issued after inspection and approval of the facilities, taking into consideration the type of construction as it relates to sanitation, the health and welfare of the cats, dogs and equines, and related zoning regulations.

(1) Application for licenses under this section shall be made to the department on the form furnished by the department and approved by the director. The department shall conduct the investigation necessary to determine the applicant's qualifications for a license.

(2) Failure to apply for a license prior to the opening of a commercial boarding facility, or within thirty (30) days after the renewal date is a misdemeanor offense.

(3) The director, after an administrative hearing, shall make a determination of whether the commercial boarding facility conditions and the applicant's animal care practices meet the standards of this chapter, whether the facilities are adequate, and whether the applicant is otherwise willing and capable of complying with city ordinances. If the application is for renewal of an existing license, and the applicant has not complied with the rules and regulations established in this chapter, said director shall issue a "letter of denial of renewal and order of termination of operations" of the subject commercial boarding facility upon the expiration of the current license period. Any unlicensed commercial boarding facility is hereby declared a public nuisance, and shall be summarily abated by seizure and impoundment of all cats and dogs exceeding the legal number that may be kept by a resident.

(4) Each commercial boarding facility license application submitted to the department shall be accompanied by an application fee.

(5) Corporations with Internal Revenue Service Code Section 501(c)(3) status as a non-profit organization established for the purpose of protecting and caring for stray and unwanted animals with an active animal rescue organization license issued by the department are exempt from requiring a commercial boarding facility license.
(Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-112. Animal rescue organization license.

No person shall operate an animal rescue organization as defined in this chapter within the city, without first obtaining a license from the department. For the purposes of this section, operating an animal rescue organization includes to house in an enclosure or exchange ownership of an animal(s) to or from said organization. The director shall take into consideration the housing conditions, the history of the animal rescue organization as it relates to sanitation, health, welfare of the animals, birds or reptiles housed, and related zoning requirements. The director may require an inspection and evaluation as part of the approval process or upon the receipt of a complaint after approval.

(1) Applications for an original or renewal of an animal rescue organization license shall be submitted to the department and shall be approved or denied by the department. The department shall investigate the applicant's qualifications for a license, and report findings to the director. A conviction for the violation of

any provision of this chapter may constitute cause for denial or revocation of a license.

(2) Failure to apply for a license, or within thirty (30) days after the renewal date, shall constitute a misdemeanor offense.

(3) Each animal rescue organization license issued by the department shall be valid for two (2) years.

(4) Organizations with an animal rescue organization license issued by the department shall be exempt from being required to have a seller's permit or pet shop license.

(5) The following outlines the appeal process for denial or revocation of an animal rescue organization license:

a. A person, group or organization that is denied a license or whose license is revoked has the right to appeal the denial or revocation by submitting written notice to the director within ten (10) working days of the denial or revocation. Upon the timely receipt of such written notice, the department shall schedule an animal permit hearing. The person, group or organization shall be notified of said hearing by certified mail, return receipt requested. Failure by the person, group or organization to appear at the hearing shall result in a final denial or revocation with no further appeal. The person, group or organization may be represented by counsel.

b. The director shall determine whether, by a preponderance of the evidence, an animal rescue organization license should not be denied or revoked based upon evidence, affidavits, and testimony presented at the time of the hearing by any person possessing information pertinent to such determination. The person may cross examine witnesses. A record of the hearing shall be kept. The director shall issue written factual findings and a determination as to whether the license denial or revocation should be reversed within five (5) working days after the animal permit hearing. The person shall be notified of the director's findings and determination by certified mail, return receipt requested. The result of the appeal is final.

(Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-113. Livestock permits.

(a) It shall be unlawful for any person to keep livestock in the city without first applying in writing and obtaining a permit from the department, such permit to be valid only for the location for which it was issued.

(b) A person who keeps livestock as defined in this chapter shall pay a permit fee per year for each animal.

(c) All fees payable under this chapter, for whatever purpose required, shall be paid to the city.

(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-114. Cat colony permit and registration.

(a) Each cat colony will be registered by the caretakers with the department which will serve as a clearinghouse for information on current caretakers, education for new caretakers, and assistance for persons found in violation of this section. Cat colonies with eight (8) or fewer cats are not required to be registered as a cat colony.

(b) Any feral cat picked up by the department which has an appropriate ear tip will be returned to that colony unless veterinary care is required or the criteria listed in subsection (d) apply.

(c) Caretakers of feral cat colonies shall obtain a cat colony permit which shall be valid for one (1) year, and implement proper management and sterilization practices as required by the department. Any person or caretaker determined to be in violation of proper management and sterilization practices required by the department shall

be issued a written warning and be allowed a period of time to come into compliance, or provide satisfactory evidence of working to achieve compliance. That period of time shall not exceed ninety (90) days from issuance of the initial warning notice. Failure to comply shall result in a violation of this chapter, which may result in the issuance of a citation.

(d) The department has the right to immediately seize and remove all, or parts of any colony for the following reasons:

(1) Public health and public safety concerns including rabies, other epizootic and certain zoonoses identified by the department of health; or

(2) Animals creating a public nuisance as defined in section 5-150.

(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-115. Permit or license fees.

(a) A permit or license shall be issued after payment of the applicable fee, if any. The director is authorized to reduce or waive any fee provided for in this chapter.

(b) Failure to pay for and be in receipt of final approved permits or license within thirty (30) days of issuance of a temporary permit or license shall require re-inspection of facilities at the applicant's expense and shall constitute a misdemeanor offense.

(Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-116. Revocation.

All permits or licenses issued under this chapter may be revoked by the director for violation by the holder thereof of any of the provisions of this chapter. Revocation of the permit or license is accomplished by mailing to the holder of such permit or license a written notice by certified mail stating the permit or license is revoked. Revocation of the permit may also be accomplished by personally delivering to the holder thereof a written notice stating the permit or license is revoked.

(Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-117. Impoundment of animals due to non-compliance.

If an owner of animals intentionally, knowingly, or recklessly engages in non-compliance or refusal to comply with permit ordinance requirements, the department may seek to impound and take ownership of any available animals if the city follows the process outlined below.

The department shall send certified letter of notice to the animal owner indicating the department's decision to seize the animal(s) if compliance is not achieved within ten (10) days of receipt of the letter.

(1) The letter shall include the history of past violations, compliance requirements and instructions regarding the appeal process and deadlines.

(2) The owner must come into compliance or request an appeal hearing to municipal court and provide notice in writing to the animal care services department within the deadline outlined in the letter.

(3) The following outlines the appeal/hearing process:

a. The owner must submit in writing a request for an appeal hearing to the department within ten (10) days following receipt of the notification letter.

Upon receipt of the appeal request, no animal may be impounded until after the requested hearing is complete, or an additional court order is received.

b. A requested hearing will be scheduled no earlier than the 11th day after the date of the service of notice at a date and time determined by the court.

c. The municipal court shall issue an order of resolution following the conclusion of the hearing.

(4) If the department determines that the owner did not achieve compliance, if the owner did not request a hearing/appeal within the required period of time, or if

the determination of the appeal hearing finds non-compliance, the department is authorized to immediately remove the subject animal(s) via court order.

a. The department shall take ownership of the animal immediately upon removal from the property; and

b. Upon taking ownership, the department has the authority to immediately dispose of the animal(s) as determined by the department.

(Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Secs. 5-118—5-124. Reserved.

ARTICLE VI. RABIES CONTROL*

Sec. 5-125. Required vaccination.

An owner of a dog, cat or domestic ferret must have the animal vaccinated against rabies in a manner that satisfies the requirements of state law.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-126. Reporting, bites, scratches; zoonotic diseases.

(a) Any person having knowledge that an animal has bitten or scratched a person, within the city shall immediately report the basis for such knowledge to the city customer services/311 department or the director of the animal care services department.

(b) Any veterinarian or other person having knowledge of an animal diagnosed as having any reportable zoonotic disease shall report the basis for such knowledge to the city customer services/311 department or to the director of the city's animal care services department within five (5) days.

(c) The owner or keeper of an animal that is known to have or believed to have a zoonotic disease or to have bitten or scratched a person shall:

(1) Immediately, give his or her name and address, information that may help locate the animal, including the animal's registered microchip information, and date of last rabies vaccination, to the person bitten or scratched or if such person is under the age of eighteen (18) years to his or her parent or guardian;

(2) Within twenty-four (24) hours of the incident report to the director, the basis for such knowledge or belief, his or her name and address, the name and address of the person bitten or scratched, information that may help locate the animal, including the animal's registered microchip information; and allow the director to inspect or examine such animal for the purpose of determining whether such animal has symptoms of rabies; and,

(3) Immediately upon request by the director submit the reported animal to an care services officer for quarantine for the purposes of determining whether such animal has rabies.

(d) The director or any appointed animal care officer shall impound any animal for rabies observation in accordance with V.T.C.A., Health and Safety Code Chapter 826. Upon the sworn affidavit of any person with knowledge that an animal has bitten or scratched a person within the city, the director, who is the local rabies control authority, may request an administrative search warrant to quarantine the animal for rabies observation. An administrative search warrant may be issued to the director, or code enforcement official of the city, for the purposes of allowing the inspection of specified premises in order to quarantine the reported animal for rabies observation for a period as prescribed in section 5-127 of this chapter.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2015-04-30-0354, § 2, 4-30-15; Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-127. Confinement of biting, scratching animals; sterilization required for biting animals.

(a) The owner of any animal within the city which has bitten or scratched a person so as to have caused an abrasion of the skin shall, on

*__State law reference—__Rabies Control Act, Texas Health and Safety Code, ch. 826.

demand of the director or any animal care officer, immediately surrender such animal to the animal care services facility, or other approved rabies quarantine facility for observation for a period lasting not more than ten (10) days after the date of the incident, subject to the provisions of subsection (b).

(b) The owner of any animal that has bitten or scratched any person shall be allowed to assume personal responsibility for confining the animal for the observation period of ten (10) days, only under the following circumstances:

(1) Secure facilities must be available at the home of the animal's owner, and must be approved by the director;

(2) The animal was currently vaccinated against rabies when the exposure incident occurred;

(3) The animal was not in violation of any laws or ordinances at the time of the bite; and

(4) The director, city veterinarian or a licensed veterinarian must observe the animal at least on the first and last days of the quarantine period. If the animal becomes ill during the observation period, the director must be notified by the person having possession of the animal. At the end of the observation period, the release from quarantine must be accomplished in writing by the veterinarian who will attest to the health of the animal.

(c) If an animal is believed to have rabies or has been bitten by an animal suspected of having rabies, such animal shall be quarantined for observation by a veterinarian for the appropriate period as required by state law.

(d) Violation of the observation confinement of the biting animal as provided in subsection (b) shall be just cause for seizure and confinement of the animal in the animal care services facility of the city.

(e) All wild animals involved in exposure incidents including biting, scratching or any other direct exposure by physical contact will be humanely euthanized in such a manner that the brain is not mutilated. The brain shall be submitted to a Texas Department of State Health Services certified laboratory for rabies diagnosis.

(f) Any dog or cat that bites a person or domestic animal without provocation or a dog that bites a person or domestic animal while the dog was found free of restraint shall be required to be sterilized within thirty (30) days following the quarantine period. For pets impounded at the animal care services facility, the director may require the sterilization surgery to be completed by the department at the owner's expense prior to its release back to the owner.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-128. Concealment, sale of biting animal prohibited.

It shall be unlawful for any owner within the city to conceal, sell, give away or otherwise dispose of an animal that has bitten or scratched another animal or a human, or to otherwise permit the animal to be taken beyond the limits of the city after having knowledge of the animal's having bitten or having so injured another animal or a person as to cause an abrasion of the animal's or person's skin, until such animal is released by the director.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-129. Confinement of animals infected with or exposed to rabies.

The owner of any animal infected with rabies, or who reasonably suspects his or her animal of having such an infection, shall notify the police department or the animal care services facility of the fact that the animal has been infected with or exposed to rabies. The director is empowered to have such animal removed from the owner's premises to the animal care services facility, or at the request of the owner, such animal may be placed in a veterinary hospital, and shall be placed under observation for the appropriate period as required by state law. Whether confined in the animal care services facility or a veterinary hospital, the owner shall bear the expense of the confinement.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-130. Confinement at owner's expense; payment.

Any animal surrendered to the animal care services facility for the purpose of observation as provided in this chapter shall be kept at the facility and shall be fed and cared for at the expense of the owner. Such fees are to be paid to the city before the animal can be reclaimed from the animal care services facility at the end of the authorized quarantine and observation period.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-131. Release of animal subject to certification by veterinarian.

No animal shall be released from the observation period provided for in this article unless a licensed veterinarian certifies in writing to the director that such animal is not showing symptoms of rabies. Exemption from placing such animal in the animal care services facility or in a veterinary hospital as provided in subsection 5-127(b) shall not exempt such owner from securing a proper release, as provided above.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-132. Euthanization of rabid animals, wild biting animals.

When in the opinion of the director the animal has exhibited signs of incipient rabies, the animal will be immediately euthanized and the brain submitted to a Texas Department of State Health Services certified laboratory approved by the director for diagnosis. In the case of biting wild animals, euthanasia shall be performed immediately and the brain submitted for rabies diagnosis.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-133. Impoundment of animals unclaimed after quarantine.

Any animal quarantined at the city's animal care services facility not reclaimed by its owner within twenty-four (24) hours of the expiration of the quarantine or observation period provided in this chapter shall become the property of the city and may be offered for adoption or humanely euthanized at the discretion of the director.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-134. Notification of authorities upon knowledge of rabid animal.

Any person having knowledge of any animal being infected with rabies or reasonably suspecting such infection shall immediately notify the animal care services facility or the police department of such fact or suspicion giving the name of the owner, possessor, keeper or harborer of such animal, if the same be known, together with a description of such animal and where such animal may be found.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-135. Final disposition of rabid, non-rabid animals.

Where an animal has been bitten by another animal, and the biting animal described in this section is determined not to have rabies, then both animals will be released from observation. If the biting animal is determined to be rabid, and the animal victim is possessed of a current vaccination certificate, then the owner of the animal victim will have the option of immediately having the animal victim humanely euthanized, or, in the alternative, revaccinated and quarantined for a period of ninety (90) days. However, if the animal victim is not possessed of a current vaccination certificate, then the owner of said animal victim will have the option of immediately having said animal victim humanely euthanized, or, in the alternative, vaccinated and quarantined for a period of one hundred and eighty (180) days.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-136. Health emergencies.

Upon a finding by the director of health that a health emergency exists due to the imminent threat of rabies or other disease communicable by animals, he shall have the authority to order that all unrestrained animals be impounded and destroyed immediately; except that, no emergency order shall continue for a period longer than seven (7) days without the consent of the city council.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-137. Joint animal vaccination drives.

The director is hereby authorized to conduct periodic rabies vaccination drives in cooperation with the Veterinary Medical Association of Bexar County for the public health benefit of the community.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Secs. 5-138—5-149. Reserved.

ARTICLE VII. ANIMAL NUISANCES; IMPOUNDMENT

Sec. 5-150. Animal nuisances; sterilization required for dogs free of restraint.

The owner or keeper of any animal in the city is responsible for the behavior and conduct of that animal at all times including the creation of a public nuisance. Violations of the following acts or omissions are public nuisances:

(1) The owner or keeper shall keep the animal (except cats) restrained at all times and insure that the animal (except cats) does not roam or run unrestrained. Dogs found to be free of restraint shall be subject to mandatory sterilization. The department shall either sterilize the dog prior to reclamation by the owner or shall require the owner to sterilize the dog within thirty (30) days of notification of the violation at the owner's expense;

(2) The owner or keeper shall not allow animals being held on their property to create a noise disturbance in such a manner, to annoy, distress or disturb within the vicinity of hearing thereof. For the purpose of this chapter, an animal noise nuisance shall be defined as a minimum of two (2) separate recorded noise events over a period of twenty-four (24) hours where the animal can be heard continuously for a twenty (20) minute period of time one hundred (100) yards away, or behind the wall of a livable structure;

(3) The owner or keeper shall prevent his or her animal from biting or injuring without provocation, any animal or person;

(4) The owner or keeper shall prevent his or her animal from damaging or destroying public property or property other than its owner's private property;

(5) The owner or keeper shall not keep more than the number of animals allowed under this chapter;

(6) An owner or keeper creates an animal nuisance by the keeping, frequent feeding or harboring of any venomous or inherently dangerous or prohibited animal;

(7) The owner or keeper of an outdoor cat or keeper of a cat colony shall take all steps necessary to prevent a wildlife or pest feeding nuisance. The owner or keeper of an outdoor cat or caretaker of a cat colony shall be responsible for the having outdoor cat(s) under his or her care, possession, control or custody:

a. Fed species-specific food in a feeding dish that is non-disposable and facilitates the removal of uneaten food;

b. Not provided food that is left outside in a "free feed" environment;

c. Not fed in excess.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20; Ord. No. 2024-12-05-0950, § 1, 12-5-24)

Sec. 5-151. Outdoor cats.

All outdoor cats must be spayed or neutered.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-152. Misdemeanor violations by animal owners; presumptions.

(a) An animal owner commits a misdemeanor offense if by act, omission or possession he creates an animal nuisance.

(b) The following presumptions are hereby declared applicable in the prosecution of an offense pursuant to subsection (a):

(1) The fact that an animal in question has bitten or injured another animal or human being during the previous eighteen (18) months shall give rise to the presumption that the animal bites or injures other animals or human beings without provocation;

(2) The fact that an animal in question has damaged or destroyed public or private property during the last twelve (12) months shall give rise to the presumption that the animal has a propensity to destroy property.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-153. Impounding animals creating animal nuisance.

Animal care officers or other law enforcement officers shall have the power to impound animals which create an animal nuisance for the purpose of abating the nuisance as follows:

(1) On public property, in all cases;

(2) On private property, if:

a. The consent of the resident or property owner is obtained;

b. The officer reasonably believes there is immediate and imminent danger or peril to the public if the animal in question is not impounded; or

c. Authorized by appropriate courts of law.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-154. Impounding abandoned or unrestrained animals.

(a) The department may order the seizure and impoundment of any abandoned animal as defined in this chapter. Disposition of said seized and impounded abandoned animals shall be in accordance with sections 5-157, 5-158, and 5-159. Any trap, neuter and return (TNR) program that has been registered with the department shall not constitute a violation of this section.

(b) Animal care officers or other law enforcement officers shall have the power to impound unrestrained animals for the purpose of abating the nuisance as follows:

(1) On public property, in all cases;

(2) On private property, if the consent of the resident or property owner is obtained;

(3) On private property, in all cases except fenced rear yards of residences, if the officer reasonably believes that the animal will run at large if not impounded.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-155. Impounding procedures.

Animal care officers or other law enforcement officers authorized pursuant to sections 5-153 or 5-154 to abate a nuisance, shall, prior to impounding an animal, leave notice at the residence of the premises where the unrestrained animal was found stating the kind and type of animal seized, the place where the animal is to be impounded, the hours when it may be reclaimed by the owner and the length of time it is to be held; provided the animal care officers or other law enforcement officers shall:

(1) Release the animal to the owner, if the animal was found unrestrained on the owner's premises and the owner agrees to restrain the animal in the future, or

(2) Release the animal to the owner if the animal was found unrestrained outside the owner's premises, but the owner readily presents himself/herself and agrees to restrain the animal in the future.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-156. Return of captured animal to owner.

(a) In addition to the issuance of a citation, the animal care officer may return an animal found at large to the known owner.

(b) The owner may redeem an impounded animal during normal business hours by paying the impoundment fee, sterilization fees if any, boarding fees, and the pre-release rabies vaccination fee if required by law for the subject species and proof of valid current vaccination cannot be produced.

(c) Upon impound of an intact dog or cat found at large, the department may, at the discretion of the director or their designee, conditionally release the dog or cat with the requirement that the owner sterilize the dog or cat within thirty (30) days from the date of the conditional release. The following shall be exempt from this requirement: A dog or cat that qualifies for a certified medical exception from a city veterinarian, or a dog or cat that is an exhibition or competition animal, or a dog that is a police or military service dog. Owners of exhibition or competition animals and police or military service dogs shall provide proof to the department. The owner shall provide proof of sterilization of the dog or cat to the department within thirty (30) days from the date of the conditional release.

(d) It shall be unlawful for anyone to whom an animal has been conditionally released under this section to fail to have the animal sterilized and provide proof of sterilization to the department within thirty (30) days from the date of the conditional release.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2013-11-21-0802, § 2, 11-21-13; Ord. No. 2015-04-30-0354, § 2, 4-30-15; Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2024-12-05-0950, § 2, 12-5-24)

Sec. 5-157. Notifying owner of impounded animal.

If the owner of an impounded animal can be identified, the animal care officer shall upon impoundment notify the owner at the address stated on records of the department, if any, or the address as determined by a scanned registered microchip.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2015-04-30-0354, § 2, 4-30-15)

Sec. 5-158. Minimum time animals impounded; euthanasia authorized.

(a) Impounded animals shall be kept for a minimum of three (3) days, excluding the day the animal is impounded and any days the animal care services facility is not opened, and thereafter shall be subject to humane euthanization at the discretion of the department. Notwithstanding the above, animals may be adopted, rescued or fostered after being held for two (2) days excluding the day the animal is impounded and any days the animal care services facility is not opened.

(b) Animals may be adopted, rescued, fostered, or humanely euthanized prior to the time periods referenced above in the following circumstances:

(1) The owner of the animal releases ownership of the animal to the city.

(2) If a licensed veterinarian or designee determines an impounded animal is suffering from disease or injury such that the animal is in pain or is beyond reasonable medical help, the animal may be euthanized immediately.

(3) Due to their immature immune system, any abandoned animal under four (4) months of age shall become the property of the city upon delivery to the animal care services facility, for disposition at the discretion of the department.

(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2013-12-19-0922, § 2, 12-19-13; Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-159. Unclaimed animals.

(a) Any animal not claimed by its owner after being held for two (2) days excluding the day the animal is impounded and any days the animal care services facility is not opened shall become the property of the city. The selection of an animal for adoption or rescue during the reclamation period or thereafter shall not confer any ownership right or right of possession to the animal.

(b) The department may sell unclaimed livestock found running free of restraint by public auction to the highest bidder for cash after notice of the auction is posted on a public bulletin board where other public notices are posted for the city.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2013-12-19-0922, § 2, 12-19-13; Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-160. Charges for reclaiming, adopting impounded animals; liability of claimant.

(a) Any animal owner reclaiming an impounded animal shall, before the animal will be released to its owner, pay any and all fees associated with impoundment, boarding vaccinations, microchipping, sterilization and species specific testing as required by the department. The director is authorized to reduce or waive any such required fees.

(b) No animal shall be released from the animal care services facility without the owner presenting proof that the animal has had a rabies vaccination in compliance with the requirements of state law. An owner of any dog or cat who cannot provide proof of said rabies vaccination shall be subject to a fee for rabies vaccination of each dog or cat. An owner of any domestic ferret who cannot provide proof of said rabies vaccination shall be subject to a fee for rabies vaccination of each domestic ferret.

(c) Any citizen reclaiming or adopting any animal under the provisions of this section shall be liable for any applicable fees.

(d) All animals adopted from the animal care services facility shall be spayed or neutered within thirty (30) days unless this procedure has already been accomplished. Persons adopting animals from the animal care services facility shall pay the applicable fees for adopting a dog or cat. As an incentive for the adoption of animals, the director is authorized to advertise and reduce or waive adoption fees. A deposit may be collected for each pet adopted that has not yet been spayed or neutered. This deposit may be returned upon application and presentment of a valid spay/neuter certificate.

(e) The city animal care services facility is authorized to accept animals for humane disposition from individuals who reside in the city or in other municipalities or in unincorporated areas of Bexar County. The city animal care services facility is authorized to accept animals for humane disposition from Bexar County for animals in the unincorporated areas of Bexar County as long as the city and county maintain a joint animal control program by contractual agreement. The city animal care service facility is authorized to accept animals for humane disposition from other municipalities in Bexar County as long as the city and the other municipality in Bexar County maintain a joint animal control program by contractual agreement. An animal service fee shall be charged per animal.

(f) The department shall refund fees paid by persons who adopted an animal that dies within two (2) weeks of adoption due to apparent congenital illness or communicable disease that could have been contracted by the animal prior to adoption. Adoption fees shall be refunded as long as the terms of the adoption contract were followed.

(g) At the time animals are reclaimed from the animal care services facility, if necessary, they will be implanted with a registered microchip so the animal, if ever lost or stolen, can be returned to its owner.

(h) If an animal that is impounded is sterilized, currently vaccinated for rabies and has a registered microchip, the department will not charge an impound fee for the first impound only. The animal must be reclaimed within the time limits in section 5-158. The initial impound will count as a first impound in assessing fees for any future impounds.

(i) The first impound free policy applies toward each residence.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2015-04-30-0354, § 2, 4-30-15; Ord. No. 2017-10-05-0755, § 1, 10-5-17; Ord. No. 2020-10-29-0772, § 1, 10-29-20; Ord. No. 2024-12-05-0950, § 2, 12-5-24)

Sec. 5-161. Liability of owners of impounded animals.

(a) The owner of an animal impounded remains subject to prosecution for violation of this chapter regardless of reclamation or non-reclamation.

(b) The owner of an impounded animal remains liable for the fees incident to impoundment, regardless of reclamation of the animal or non-reclamation.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2020-10-29-0772, § 1, 10-29-20)

Sec. 5-162. Abatement of animal nuisance complaint and citation; summary statement.

(a) Any person may, upon presentation of a duly executed affidavit stating the existence of an animal nuisance, as defined in this chapter, and identifying the name and address of the owner or owners of such animal may request the city prosecutor to file a complaint in municipal court against the owner or owners of such animal under the provisions of this chapter. The filing of a complaint by the person will result in the issuance of a court summons to the owner or owners of the animal in question.

(b) Animal care officers and other law enforcement officers may issue the owner or owners of animals creating an animal nuisance, as defined in this chapter, a citation to appear in municipal court to answer the offense charged.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10)

Sec. 5-163. Enforcement; interference with animal care officer, police.

(a) The provisions of this chapter shall be enforced by the department and the police department. It shall be a violation of this chapter for any person to interfere with an animal care officer or a police officer in the performance of his duties.

(b) It shall be unlawful for a person to make a false complaint or report of an alleged violation under this chapter.
(Ord. No. 2010-06-17-0555, § 1, 6-17-10; Ord. No. 2017-10-05-0755, § 1, 10-5-17)

Sec. 5-164. Mandatory sterilization requirements.

(a) If an animal is identified by the department as requiring sterilization in accordance with this chapter, the department will issue the owner a notice of compliance notifying the owner of the sterilization requirement and allow the animal's owner thirty (30) days to provide proof of sterilization to the department.

(b) Owners may receive a temporary extension of time to sterilize their dog or cat if a veterinarian provides documentation showing that an extension is needed for the health and safety of the animal.

(c) The following shall be exempt from the sterilization requirement:

(1) A dog or cat that qualifies for a certified medical exception from a veterinarian; or

(2) A dog or cat that has not received more than two (2) violations over the prior year and is an exhibition or show animal or service animal.

(d) It shall be unlawful for anyone to fail to have the animal sterilized and provide proof of sterilization to the department within thirty (30) days from the date of the notice to comply being issued.

(e) If an owner of animals intentionally, knowingly, or recklessly engages in non-compliance or refusal to comply with any spay/neuter ordinance requirements outlined in this chapter, the department may seek to impound and take ownership of any available pets after following the process outlined in section 5-117.

Sec. 6-71. Monitoring, inspection and condition standard.

---

*__Editor's note—__Ordinance No. 84792, § 1, adopted September 19, 1996, consolidated all building inspection fees into one master fee schedule rather than having the construction related fees referenced throughout various section of the City Code. This is set out in § 6-3. Chapters and sections throughout the Code have been cross referenced to § 6-3 in order to clearly express that § 6-3 contains the most recent fees.

__Cross references—__Building-related codes, § 10-1 et seq.; flood plains, generally, § 35-4301 et seq.

__State law references—__General authority to regulate buildings, Vernon's Ann. Civ. St. art. 1175(25), (26), (34); police power, Vernon's Ann. Civ. St. art. 1011.

Sec. 6-674. Commencement of the process for changing the name of a street and/or adding the designation of a memorial name.
Sec. 6-675. Administrative review.
Sec. 6-676. Public hearing process for renaming.
Sec. 6-677. Required fees.
Sec. 6-678. Implementation.
Sec. 6-679. Notice of name change.

ARTICLE I. IN GENERAL

Sec. 6-1. Construction on city property.

(a) It shall be unlawful for any person to erect, place upon, or maintain, without the consent of the city council by ordinance, any building, structure, fence or other obstruction, or part of same, upon any real estate belonging to or controlled by the city.

(b) No use of public real estate of the city shall be made for private purposes, except by contract with or permission given by ordinance of the city council.

(c) Any person violating the terms of this section shall be guilty of a misdemeanor, and upon conviction shall be fined as provided in section 1-5 of this Code. Each day such building, structure, fence or other obstruction, or part thereof, shall be maintained or permitted to remain, or such use is made, after ten (10) days' notice to remove or desist from such use, by the police department, shall constitute a separate offense.
(Ord. No. 18784, §§ 1—3, 2-12-53; Code 1959, § 10-9)

Sec. 6-2. Fences.

(a) *Height.* No fence over six (6) feet high shall be built in the city unless all owners of property abutting the parcel where the fence is to be constructed have been contacted by the development services department, and have expressed no opposition to the proposed fence, or permission has been granted by ordinance adopted by the city council. Provided, that no fence in excess of twelve (12) feet in height shall be allowed under any conditions. This section shall not apply to any fence specifically required or allowed to be higher by some other section of the code.

(b) *Barbed wire.* It shall be unlawful for any person to erect or cause to be erected on any street or property within the city, any fence composed either wholly or in part of barbed wire, unless the use of such barbed wire is restricted to the placing of not more than three (3) strands thereof at the top of any fence over six (6) feet in height, provided such strand or strands slant away from the street or adjoining property and toward the property such fence may bound. Should the uppermost strand of barbed wire be not more than eighteen (18) inches higher than the top of the fence, and not over ten (10) feet from ground level, the strands of barbed wire shall not be considered in determining fence height restrictions.

(c) *Variances.* A fence in excess of those height restrictions found in chapter 35 article IV may not be built in any required building setback area in any zones except as allowed in chapter 35 article IV, unless a variance has been obtained from the board of adjustment; however, such a fence may be constructed elsewhere on a parcel upon compliance with this section.
(Code 1950, §§ 41-6, 41-7; Code 1959, §§ 10-10, 10-11; Ord. No. 39910, § 1, 9-9-71; Ord. No. 48944, 1-12-78; Ord. No. 49134, § 1, 3-9-78; Ord. No. 55125, 3-25-82; Ord. No. 92557, § 1, 9-21-00; Ord. No. 2008-01-10-0017, § 3, 1-10-08)

Cross reference—Retaining walls, § 6-181 et seq.

Sec. 6-3. Reserved.

Editor's note—Ord. No. 2008-09-11-0777G, § 2, adopted September 11, 2008, repealed § 6-3 in its entirety, which pertained to the fee schedule. See the Code Comparative Table for a complete derivation.

Sec. 6-4. Technological improvement fee.

An amount of three (3) percent of the fee assessed for any building, electrical, mechanical, plumbing, sidewalk, trench, sign, medical gas, gas, sewer or electrical maintenance permit required by this Code shall be required to be paid, in addition to the permit fee, at the time of application for any of the aforementioned permits.
(Ord. No. 88492, § 1, 9-17-98)

Sec. 6-5. Administrative fee for processing permits.

(a) Should an applicant for a mechanical, electrical, and plumbing permit request processing by city staff in lieu of on-line processing, an administrative fee in the amount of ten dollars ($10.00) shall be charged for such service.

(b) Should an applicant request city staff to schedule an inspection in lieu of on-line inspection processing, an administrative fee in the amount of three dollars ($3.00) per inspection request shall be charged for such service.

(c) Reserved.

(d) Should the applicant request to deposit money into their escrow account using a credit card, a processing fee of three (3) percent of the credit card transaction will apply.

(e) Should the applicant request to close their escrow account, an administrative fee in the amount of fifty dollars ($50.00) shall be charged for such service.
(Ord. No. 99731, § 6, 9-16-04; Ord. No. 2007-09-13-0973L, § 2, 9-13-07; Ord. No. 2008-09-11-0777G, § 3, 9-11-08; Ord. No. 2016-09-15-0697, § 2(Att. G), 9-15-16)

Secs. 6-6—6-15. Reserved.

ARTICLE II. DEPARTMENT OF DEVELOPMENT SERVICES*

Sec. 6-16. Created.

A department of development services is hereby created.
(Ord. No. 23216, § 1, 7-12-56; Code 1959, § 10-1; Ord. No. 41955, § 1, 3-15-73; Ord. No. 46468, § 1, 3-25-76; Ord. No. 52775, § 2, 9-11-80; Ord. No. 2008-01-10-0017, § 3, 1-10-08)

Sec. 6-17. Director and assistant director.

The department of development services shall be administered by a director known as the director of development services, and may be assisted by an assistant director known as the assistant director of development services.
(Code 1959, § 10-2; Ord. No. 2008-01-10-0017, § 3, 1-10-08)

*__Editor's note—__Ord. No. 2008-01-10-0017, § 3, adopted January 10, 2008, changed the title of article II from "Department of building inspections" to "Department of development services."

Sec. 6-18. Divisions.

The department of development services shall consist of the following divisions:

(1) Development services.

(2) Electrical inspections.

(3) Plumbing inspections.

(4) Heating and air conditioning inspections.

(5) Sidewalk and trench inspections.

(6) House numbering and permits.

(7) Minimum housing.

(8) Administration.
(Code 1959, § 10-2; Ord. No. 2008-01-10-0017, § 3, 1-10-08)

Sec. 6-19. Duties.

The department of development services shall in addition to all other duties and functions imposed by any ordinances, furnish administrative assistance to the board of adjustment in the performance of its duties under article IV of chapter 35 of this Code. Additionally, administrative assistance shall be furnished to the board of review for historic districts and landmarks in the performance of its duties under article VIII of chapter 35 of this Code.
(Code 1959, § 10-2; Ord. No. 2008-01-10-0017, § 3, 1-10-08)

Sec. 6-20. Fees for incorrect address or name on permits.

Whenever an incorrect address or incorrect business or assumed name (d.b.a.) is given to any permit writer working for the divisions enumerated in section 6-18, an address correction fee in the amount of twenty-five dollars ($25.00) shall be charged to the party giving such incorrect information.
(Ord. No. 23216, § 2, 7-12-56; Ord. No. 25282, § 1, 7-11-57; Code 1959, § 10-2; Ord. No. 41955, § 2, 3-15-73; Ord. No. 46468, § 2, 3-25-76; Ord. No. 52775, § 2, 9-11-80; Ord. No. 55811, § 29, 9-16-82; Ord. No. 61329, 8-29-85; Ord. No. 76463, § 8, 9-10-92)

Sec. 6-21. Training programs.

(a) The San Antonio Building Codes Academy (SABCA) is hereby established for the purpose of providing training courses relating to continuing education for technical codes and international code council certifications.

(b) Training courses sponsored by SABCA relating to technical code continuing education and certifications shall adhere to and be consistent with applicable state statutory authorities and administrative codes.

(c) For licensed plumbers, training courses must follow Texas Occupations Code, Chapter 1301, Plumbers.

(d) For licensed electricians, training courses must follow Texas Occupations Code, Chapter 1305, Electricians and 16 TAC ch. 73, electricians.

(e) For air conditioning and refrigeration contractors, training courses must follow Texas Occupations Code, Chapter 1302, Air Conditioning and Refrigeration Contractors and 16 TAC ch. 75, air conditioning and refrigeration contractors.
(Ord. No. 2008-01-10-2007, § 2, 1-10-07)

Sec. 6-22. San Antonio Building Codes Academy refund fee.

San Antonio Building Codes Academy refund fee: Fifty dollars ($50.00) (if canceled within one week of the event).
(Ord. No. 2010-09-16-0791, § 1(Att. G), 9-16-10)

Secs. 6-23—6-35. Reserved.

ARTICLE III. ABSENTEE PROPERTY OWNER REGISTRATION*

Sec. 6-36. Definitions.

The following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Absentee property owner means the owner, as subsequently defined, who has legal possession of property within the city limits of the City of San Antonio and resides outside of Bexar County, Texas. Post office boxes will not be accepted as proof of residency within Bexar County, Texas.

Department means the development services department.

Director means the director of the development services department and the director's authorized representatives.

Dwelling unit means one or more habitable rooms, including an efficiency unit, which is intended to be occupied by one or more persons for living, sleeping, cooking, eating and sanitation purposes.

Efficiency unit means a dwelling unit with one habitable room that contains facilities used for combined sleeping, living, cooking, eating and sanitation purposes.

Existing building means a building constructed in compliance with all codes at the time of construction, or one for which a legal building permit has been issued prior to the effective date of this article.

One-family dwelling means a dwelling designed exclusively for residential occupancy by not more than one family, including a community-based residential home as defined by the Community Homes for Disabled Persons Location Act, V.T.C.A., Human Resources Code § 123.001. One-family dwelling shall not include a two-family dwelling as defined by this section or a multi-family dwelling.

Owner means any person with legal possession of a one-family or two-family dwelling, according to the deed records in the county clerk's office of the county in which the complex is situated, or the duly authorized agent of the person with legal possession of a one-family or two-family dwelling, according to the deed records in the county clerk's office of the county in which the complex is situated.

*__Editor's note—__Prior to the reenactment of article III by Ord. No. 2013-09-19-0651, § 1, adopted September 19, 2013, Ord. No. 2011-12-01-0984, § 1, adopted December 1, 2011, repealed the former article III, §§ 6-36—6-41 in its entirety, which pertained to the building code. See the Code Comparative Table for a complete derivation.

Note—This article shall be effective on January 1, 2014.

Person means any individual, partnership, firm, company, corporation, association, joint stock company, trust, estate, or any other legal entity; or their legal representatives, agents, or assigns.

Two-family dwelling means a dwelling designed exclusively for residential occupancy by two (2) families, including a community-based residential home as defined by the Community Homes for Disabled Persons Location Act, V.T.C.A., Human Resources Code § 123.001. Two-family dwelling shall not include a one-family dwelling as defined by this section or a multi-family dwelling.
(Ord. No. 2013-09-19-0651, § 1, 9-19-13)

Sec. 6-37. Applicability and administration.

(a) This article shall apply to all one-family dwellings and two-family dwellings, as defined herein, which are now in existence or which may hereafter be constructed or converted from other uses and which are owned by an absentee property owner, as defined herein.

(b) This article is activated by the issuance of two (2) or more code violations within a 12-month period. Properties without code violations or with only one code violation per 12-month period are not affected by this article.

(c) The department director is authorized to administer and enforce the provisions of this article.

(d) This article shall not apply to any federal, state, or local governmental entities.
(Ord. No. 2013-09-19-0651, § 1, 9-19-13)

Sec. 6-38. Registration required.

(a) Upon the issuance of two (2) or more code violations within a 12-month period of time absentee property owners shall register with the department and provide the following information:

(1) The address and legal description of the property;

(2) The current name, physical address, mailing address, telephone number, and email information for any owner(s) with an ownership interest in the property.

(3) The contact information for a local manager of the properties and/or improvements located on said property, as applicable.

(b) Continued registration of the property by the absentee property owner is required for a period of two (2) years after the latest code violation.

(c) Absentee property owners whose property does not have a code violation may voluntarily register their properties at any time but are not required to do so.
(Ord. No. 2013-09-19-0651, § 1, 9-19-13)

Sec. 6-39. Registration fees.

Absentee property owners shall tender an annual registration fee of five hundred dollars ($500.00) upon registering their property with the department. Subsequent annual registration fees shall be due and postmarked no later than January 31st of each year.
(Ord. No. 2013-09-19-0651, § 1, 9-19-13; Ord. No. 2025-09-18-0629, § 2(Att. C), 9-18-25)

Sec. 6-40. Property manager or agent.

Absentee property owners must designate a local manager, who resides in Bexar County, for said properties and include the relevant contact information for the designated manager upon registering the property with the department. Property managers shall act as agents for the absentee property owner for purposes of accepting legal service, however the absentee property owner remains personally liable in criminal prosecutions for code violations.
(Ord. No. 2013-09-19-0651, § 1, 9-19-13)

Sec. 6-41. Jurisdiction, enforcement and penalties.

(a) Failure to register with the department after written notice to the absentee property owner, as is hereinafter specified, is a violation of this article. The absentee property owner shall

have forty-five (45) days in which to register from the date that written notice is issued to the property owner. Written notice shall be issued to the absentee property owner by means of personal service, or by first class mail to their last known address according to Bexar County Appraisal District records and posting on the property.

(b) Absentee property owners shall provide written notice to the department, including a copy of the deed, of a change in:

(1) Ownership of the property;

[This page intentionally left blank.]

(2) A change of contact information for either the owner or the designated manager.

Written notice must be provided to the department no later than thirty (30) days after said changes have occurred.

(c) Violation of this article is a Class C misdemeanor.

(1) This is a strict liability offense in which no mental state is required.

(2) The fine for this offense may not exceed five hundred dollars ($500.00).

(d) Administrative, civil, and criminal enforcement are alternative remedies which may be sought independently of each other. Criminal prosecution may occur regardless of pursuit of civil or administrative remedies and vice versa.
(Ord. No. 2013-09-19-0651, § 1, 9-19-13)

Secs. 6-42—6-50. Reserved.

ARTICLE IV. MINIMUM PROPERTY MAINTENANCE CODE*

Sec. 6-51. Adoption of the San Antonio Property Maintenance Code.

The San Antonio Property Maintenance Code is hereby adopted as the minimum housing code for the City of San Antonio. From the date on which the Ordinance shall take effect, the provisions thereof are controlling within the limits of the City of San Antonio, Texas.
(Ord. No. 2011-05-05-0354, § 2, 5-5-11; Ord. No. 2015-01-29-0065, § 1, 1-29-15)

Sec. 6-52. San Antonio Property Maintenance Code.

CHAPTER 1
SCOPE AND ADMINISTRATION

SECTION 101 - SCOPE AND GENERAL REQUIREMENTS

101.1 Title.

These regulations shall be known as the San Antonio Property Maintenance Code, hereinafter referred to as "this code."

101.2 Scope.

The provisions of this code shall apply to all existing residential and nonresidential structures and all existing premises and constitute minimum requirements and standards for premises and structures, equipment and facilities for light, ventilation, space, heating, sanitation, protection from the elements, life safety, safety from fire and other hazards, and for safe and sanitary maintenance; the responsibility of owners, an owner's authorized agent, operators; the occupancy of existing structures and premises, and for administration, enforcement and penalties.

101.3 Intent.

This code shall be construed to secure its expressed intent, which is to ensure public health, safety, and welfare insofar as they are affected by the continued occupancy and maintenance of structures and premises. Existing structures and premises that do not comply with these provisions shall be altered or repaired within a reasonable time to provide a minimum level of health and safety as required herein.

101.4 Severability.

If a section, subsection, sentence, clause, or phrase of this code is, for any reason, held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this code.

SECTION 102 - APPLICABILITY

102.1 General.

Where there is a conflict between a general requirement and a specific requirement, the specific requirement shall govern. Where differences occur between provisions of this code and the referenced standards, the provisions of this code shall apply. Where, in a specific case, different sections of this code specify different requirements, the most restrictive shall govern.

102.2 Maintenance.

*__Editor's note—__Ord. No. 2011-05-05-0354, § 2, adopted May 5, 2011 and effective January 1, 2012, repealed and reenacted article IV in its entirety to read as herein set out. Formerly, article IV, § 6-51 pertained to the housing code, and derived from the Code of 1959, § 19A-1; Ord. No. 64489, § 3, adopted February 5, 1987; Ord. No. 93004, § 3, adopted November 30, 2000; and Ord. No. 93955, §§ 4, 5, adopted May 17, 2001.

Equipment, systems, devices, and safeguards required by this code or a previous regulation or code under which the structure or premises was constructed, altered, or repaired shall be maintained in good working order. No owner, an owner's authorized agent, operator or occupant shall cause any service, facility, equipment, or utility which is required under this section to be removed from or shut off from or discontinued for any occupied dwelling, except for such temporary interruption as necessary while repairs or alterations are in progress. The requirements of this code are not intended to provide the basis for removal or abrogation of fire protection and safety systems and devices in existing structures. Except as otherwise specified herein the owner or the owner's authorized agent shall be responsible for the maintenance of buildings, structures, and premises.

102.3 Application of other codes.

Repairs, additions or alterations to a structure or changes of occupancy, shall be done in accordance with the provisions of all codes adopted by the City.

102.4 Existing remedies.

The provisions in this code shall not be construed to abolish or impair existing remedies of the City or its officers or agencies relating to the removal or demolition of any structure which is dangerous, unsafe, or unsanitary. However, demolition and removal shall be regarded as a remedy of last resort.

102.5 Workmanship.

Repairs, maintenance work, alterations or installations which are caused directly or indirectly by the enforcement of this code shall be executed and installed in a workmanlike manner and installed in accordance with the manufacturer's installation instructions unless specified otherwise in state statutes and regulations.

102.6 Structural analysis.

Where structural analysis is used to assess a potentially unsafe structural condition, the analysis shall be permitted to use nominal strengths, nominal loads, load effects, required strengths and limit states in accordance with the requirements under which the structure was constructed or in accordance with any subsequent requirement.

102.7 Historic structures.

The provisions of this code may not be mandatory for existing structures designated as historic when such structures are judged by the code official to be safe and in the public interest of health, safety, and welfare.

102.8 Referenced codes and standards.

The codes and standards referenced in this code shall be those that are listed in Chapter 8 as adopted by the City and are considered part of the requirements of this code to the prescribed extent of each such reference. Where differences occur between provisions of this code and the referenced standards, the provisions of this code shall apply.

> **Exception:** Where enforcement of a code provision would violate the conditions of the listing of the equipment or appliance, the conditions of the listing shall apply.

102.9 Requirements not covered by code.

Requirements necessary for the strength, stability or proper operation of an existing fixture, structure, or equipment, or for the public safety, health, and general welfare, not specifically covered by this code, shall be determined by the code official in consultation with directors from appropriate City of San Antonio departments where needed.

102.10 Application of references.

References to chapter or section numbers, or to provisions not specifically identified by number, shall be construed to refer to such chapter, section, or provision of this code.

102.11 Other laws.

The provisions of this code shall not be deemed to nullify any provisions of local, state, or federal law including, but not limited to, the City's Absentee Property Owner's Registration requirements in San Antonio City Code Chapter 6 and the Vacant Property Owner Registration Program requirements in San Antonio City Code Chapter 12.

SECTION 103 - DEVELOPMENT SERVICES DEPARTMENT

103.1 Enforcement agency.

The Development Services Department shall be the enforcement agency for this code, and the Director thereof shall be known as the code official. The function of the agency shall be the implementation, administration, and enforcement of the provisions of this code.

103.2 Appointment.

The code official shall be appointed by the City Manager.

103.3 Designees.

The code official shall have the authority to delegate powers under this code. Such designees shall have the powers as delegated by the code official.

103.4 Liability.

The code official or employee charged with the enforcement of this code, while acting for the jurisdiction in good faith and without malice in the discharge of duties required by this code or other pertinent law or ordinance, shall not thereby be rendered personally liable, either civilly or criminally, and is hereby relieved from personal liability for any damage accruing to persons or property as a result of any act or by reason of an act or omission in the discharge of official duties. Any suit or criminal complaint instituted against any officer or employee because of an act performed by that officer or employee in the lawful discharge of duties and under the provisions of this code shall be defended by the legal representative of the jurisdiction until the final termination of the proceedings. The code official or any subordinate shall not be liable for costs in an action, suit or proceeding that is instituted in pursuance of the provisions of this code.

103.4.1 Legal defense.

Any suit or criminal complaint instituted against any officer or employee because of an act performed by that officer or employee in the lawful discharge of duties and under the provisions of this code or other laws or ordinances implemented through the enforcement of this code shall be defended by the legal representative of the jurisdiction until the final termination of the proceedings. The code official or any subordinate shall not be liable for costs in an action, suit or proceeding that is instituted in pursuance of the provisions of this code.

SECTION 104 - DUTIES AND POWERS OF THE CODE OFFICIAL

104.1 General.

The code official is hereby authorized and directed to enforce the provisions of this code. The code official shall have the authority to render interpretations of this code and to adopt policies and procedures in order to clarify the application of its provisions. Such interpretations, policies and procedures shall be in compliance with the intent and purpose of this code and shall be published.

Such policies and procedures shall not have the effect of waiving requirements specifically provided for in this code.

104.2 Inspections.

The code official shall make all of the required inspections or shall accept reports of inspections by approved agencies or individuals. All reports of such inspections shall be in writing and be certified by a responsible officer of such approved agency or by the responsible individual. The code official is authorized to engage such expert opinion as deemed necessary to report upon unusual technical issues that arise, subject to the approval of the appointing authority.

104.3 Right of entry.

The code official is authorized to enter the structure or premises at reasonable times to inspect subject to legal restrictions.

104.4 Identification.

The code official or employee charged with the enforcement of this code shall carry City issued identification when inspecting structures or premises in the performance of duties under this code. The code official shall make efforts to

notify available on-site management and impacted occupants of their presence and exhibit proper identification.

104.5 Notices and orders.

The code official shall issue all necessary notices or orders to ensure compliance with this code in accordance with Section 106.

104.6 Official records.

The code official shall keep official records of all business and activities of the department specified in the provisions of this code. Such records shall be retained in the official records for the period required for retention of public records.

SECTION 105 - APPROVAL

105.1 Modifications.

Whenever there are practical difficulties involved in carrying out the provisions of this code, the code official shall have the authority to grant modifications for individual cases upon application of the owner or owner's authorized agent, provided the code official shall first find that special individual reason makes the strict letter of this code impractical and the modification is in compliance with the intent and purpose of this code and that such modification does not lessen health, life and fire safety requirements. The order granting modifications shall be published.

105.2 Alternative materials, methods of construction and equipment.

The provisions of this code are not intended to prevent the installation of any material or to prohibit any design or method of construction not specifically prescribed by this code, provided that any such alternative has been approved. An alternative material design or method of construction shall be approved where the code official finds that the proposed design is satisfactory and complies with the intent of the provisions of this code, and that the material, method, or work offered is, for the purpose intended, at least not less than the equivalent of that prescribed in this code in quality, strength, effectiveness, fire resistance, durability, and safety. Where the alternative material, design or method of construction is not approved, the code official shall respond in writing, stating the reasons why the alternative was not approved. This section shall not supersede any historic or Neighborhood Conservation District (NCD) requirement.

105.3 Required testing.

Whenever there is insufficient evidence of compliance with the provisions of this code, or evidence that a material or method does not conform to the requirements of this code, or in order to substantiate claims for alternative materials or method the code official shall have the authority to require reasonable tests to be made as evidence of compliance at no expense to the jurisdiction.

105.3.1 Test methods.

Test methods shall be as specified in this code or by other recognized test standards. In the absence of recognized and accepted test methods, the code official shall be permitted to approve appropriate testing procedures performed by an approved agency.

105.3.2. Tests reports.

Reports of tests shall be retained by the code official for the period required for retention of public records.

105.4 Used material and equipment.

The use of used materials which meet the requirements of this code for new materials is permitted. Materials, equipment, and devices shall not be reused unless such elements are in good repair or have been reconditioned and tested when necessary and placed in good and proper working condition.

105.5 Approved materials and equipment.

Materials, equipment, and devices approved by the code official shall be constructed and installed in accordance with such approval.

105.6 Research reports.

Supporting data, where necessary to assist in the approval of materials or assemblies not specifically provided for in this code, shall consist of valid research reports from approved sources.

SECTION 106 - VIOLATIONS

106.1 Unlawful acts.

It shall be unlawful for a person, firm or corporation to be in conflict with or in violation of any of the provisions of this code.

106.2 Notice of violation.

The code official shall serve a notice of violation or order in accordance with Section 107.

106.3 Prosecution of violation.

Failure to comply with a notice of violation served in accordance with section 107 may result in criminal or civil penalty.

106.4 Violation penalties.

Any owner, tenant, person, firm, corporation or agent or employee thereof who violates any of the provisions of this San Antonio Property Maintenance Code and who fails to comply with the terms of the Notice of Violation in accordance with Section 106.2 within the time specified or any extensions of time granted by the code official, shall be fined upon conviction an amount not less than one hundred dollars ($100.00) and not more than two thousand dollars ($2,000.00) provided, however, in the event a defendant has once previously been convicted of the same offense, the defendant shall be fined an amount not less than two hundred dollars ($200.00) and shall be fined an amount not less than three hundred dollars ($300.00) for a third conviction of the same offense and for each conviction thereafter. Each day a violation is permitted to exist shall constitute a separate offense. Nothing in this section shall limit the remedies available to the City in seeking to enforce the provisions of this code.

106.5 Abatement of violation.

The imposition of the penalties herein prescribed shall not preclude the City Attorney from instituting appropriate action to restrain, correct or abate a violation, or to prevent illegal occupancy of a building, structure, or premises, or to stop an illegal act, conduct, business or utilization of the building, structure, or premises.

106.6 Personal liability of non-owners.

An individual who is an employee of either the owner, management company, or of the tenant of real property for which a notice of violation of this code is issued, or of a company that manages the property on behalf of the property owner, is not personally liable for civil or criminal penalties resulting from the violation if, not later than the tenth business day after the date the notice of violation is issued, the individual provides the property owner's name, current street address, and telephone number to the enforcement officer or the official's superior.

SECTION 107 - NOTICES AND ORDERS

107.1 Notice to person responsible.

Whenever the code official has determined that there has been a violation of this code or has grounds to believe that a violation has occurred, notice shall be given in the manner prescribed in sections 107.2 and 107.3 to the person responsible for the violation as specified in this code.

When a notice is provided under this section, the code official may inform the owner that if the owner commits another violation of the same subsection of this code on or before the first anniversary of the date of the notice, the City, without further notice, may proceed with the prosecution of said violation.

107.2 Form.

Such notice prescribed in Section 107.1 shall be in accordance with all of the following:

1. Be in writing with a statement in English and Spanish offering translation services and possible assistance options by the City.
2. Include a description of the real property sufficient for identification, including the affected dwelling unit and/or building, if applicable. This does not require a legal description.
3. Include a statement of the violation or violations and why the notice is being issued, including the applicable Code section(s) and a detailed description of the violation.

4. Include a correction order allowing a reasonable amount of time to make the repairs and improvements required to bring the premises into compliance with the provisions of this code.
5. Inform the property owner or owner's authorized agent of the right to appeal to the BSB with contact information for the BSB liaison. Upon request by appellant or authorized representatives, the BSB liaison shall provide written information as to appeal procedures.

107.3 Method of service.

Such notice shall be deemed to be properly delivered if a copy thereof is:

1. Delivered personally; or
2. Sent by certified mail, postage pre-paid, return receipt requested to the owner of record at the address as it appears on the Bexar County Appraisal District records; and if the notice is returned showing that the letter was not delivered, a copy thereof shall be posted in a conspicuous place in or about the structure affected by such notice; or
3. Sent by first class mail to the owner of record at the address as it appears on the Bexar County Appraisal District records and posting a notice in a conspicuous place in or about the structure affected by such notice.

107.4 Unauthorized tampering.

Signs, tags, or seals posted or affixed by the code official shall not be mutilated, destroyed, or tampered with, or removed without authorization from the code official.

107.5 Penalties.

Penalties for noncompliance with orders and notices shall be as set forth in Section 106.4.

107.6 Transfer of ownership.

It shall be unlawful for the owner of any dwelling unit or structure who has received a compliance order or upon whom a notice of violation has been served to sell, transfer, mortgage, lease or otherwise dispose of such dwelling unit or structure to another until the provisions of the compliance order or notice of violation have been complied with, or until such owner shall first furnish the grantee, transferee, mortgagee or lessee a true copy of any compliance order or notice of violation issued by the code official and shall furnish to the code official a signed and notarized statement from the grantee, transferee, mortgagee or lessee, acknowledging the receipt of such compliance order or notice of violation and fully accepting the responsibility without condition for making the corrections or repairs required by such compliance order or notice of violation.

SECTION 108 - UNFIT STRUCTURES AND UNSAFE EQUIPMENT

108.1 Unsafe conditions.

When equipment is found by the code official to be unsafe, or when a structure is found unfit for human occupancy or is found to be an unlawful structure, the structure and/or the equipment shall be deemed to be threats to the public health, safety, or welfare.

108.1.1 Unsafe structures.

Refer to San Antonio City Code, Chapter 6 - Buildings, Article VIII. Building Standards Board.

108.1.2 Unsafe equipment.

Unsafe equipment includes any boiler, heating equipment, elevator, moving stairway, electrical wiring or device, flammable liquid containers or other equipment on the premises or within the structure which is in such disrepair or condition that such equipment is a hazard to life, health, property, or safety of the public or occupants of the premises or structure.

108.1.3 Structure unfit for human occupancy.

A structure is unfit for human occupancy whenever the code official finds that such structure is unlawful, unsanitary, vermin or rat infested, contains filth and contamination, or lacks ventilation, illumination, sanitary or heating facilities or other essential equipment required by this

code, or because the location of the structure constitutes a hazard to the occupants of the structure to the public or to first responders.

108.1.4 Unlawful structure.

An unlawful structure is one found in whole or in part to be occupied by more persons than permitted under this code, or was erected, altered, or occupied contrary to law. This also includes those structures that were built without the required permits as outlined in San Antonio City Code Chapters 10 and 11.

108.1.5 Dangerous structure or premises.

Refer to San Antonio City Code, Chapter 6 - Buildings, Article VIII. Building Standards Board.

108.2 Closing of vacant structures.

Refer to San Antonio City Code, Chapter 6 - Buildings, Article VIII. Building Standards Board.

108.2.1 Authority to disconnect service utilities.

The code official shall have the authority to authorize disconnection of utility service to the building, structure or system regulated by this code and the referenced codes and standards set forth in Section 102.7 in case of emergency where necessary to eliminate an immediate hazard to life or property or when such utility connection has been made without approval. The code official shall notify the serving utility and, whenever possible, the owner or owner's authorized agent and occupant of the building, structure, or service system of the decision to disconnect prior to taking such action. If not notified prior to disconnection the owner, owner's authorized agent or occupant of the building structure or service system shall be notified in writing as soon as practical thereafter. If the notice is returned showing that the letter was not delivered, a copy thereof shall be posted in a conspicuous place in or about the structure affected by such notice.

The code official will notify any occupant(s) and the appropriate City department overseeing assistance programs at least three (3) days prior to taking such action on all lawfully occupied residential structures whenever feasible.

108.3 Vacate Notice and Right to Appeal.

Whenever the code official has determined a structure or equipment to be a threat to the public health, safety, or welfare under the provisions of this section, notice shall be posted in a conspicuous place in or about the structure affected by such notice and served on the owner or owner's authorized agent or occupant in accordance with Section 107.3. If the notice pertains to equipment, it shall also be placed on the equipment. The vacate notice shall follow the form prescribed in Section 107.2 with the exception of 107.2(4) and shall highlight the right to appeal to the BSB with contact information for the BSB liaison. Upon request by appellant or authorized representative, the BSB liaison shall provide written information as to the appeal procedures.

108.4 Prohibited occupancy.

Any occupied structure determined by the code official to be a threat or hazard to the public health, safety or welfare shall be vacated as notified by the code official. Failure to vacate as directed by the code official is a violation of this code. The code official shall advise the City department overseeing assistance programs immediately prior to or in conjunction with service of notice to lawfully occupied residential structures.

108.5 Abatement methods.

The owner, operator or occupant of a building, premises or equipment deemed to be a threat to the public health, safety, or welfare by the code official shall abate or cause to be abated or corrected such conditions either by repair, rehabilitation, demolition or by approved corrective action.

SECTION 109 - EMERGENCY MEASURES

109.1 Imminent danger.

When, in the opinion of the code official, there is imminent danger or when there is actual or potential danger to the building occupants because of explosives, explosive fumes or vapors or the presence of toxic fumes, gases or materials, or operation of defective or dangerous equipment,

or when the structure is found unfit for human occupancy by the code official as described in section 108.1.3 Structure unfit for human occupancy, the code official is hereby authorized and empowered to order and require the occupants to vacate the premises forthwith. The code official shall cause to be posted at each entrance to such structure a notice reading as follows: "This Structure is Unsafe and Its Occupancy Has Been Prohibited by the Code Official." It shall be unlawful for any person to enter such structure except for the purpose of securing the structure, making the required repairs, or removing the hazardous condition.

SECTION 110 - DEMOLITION

Refer to San Antonio City Code, Chapter 6 - Buildings, Article VIII. Building Standards Board.

SECTION 111 - MEANS OF APPEAL

The appellate process shall follow San Antonio City Code, Chapter 6 - Buildings, Article VIII. Building Standards Board.

SECTION 112 - STOP WORK ORDER

112.1 Authority.

Where the code official finds any work regulated by this code being performed in a manner contrary to the provisions of this code or in an unsafe manner, the code official is authorized to issue a stop work order.

112.2 Issuance.

The stop work order shall be in writing and shall be given to the owner of the property, to the owner's authorized agent, or to the person performing the work. Upon issuance of a stop work order, the cited work shall immediately cease. The stop work order shall state the reason for the order and the conditions under which the cited work is authorized to resume.

112.3 Emergencies.

Where an emergency exists, the code official shall not be required to give a written notice prior to stopping the work.

SECTION 113 - FEES

113.1 Fees.

The fees for activities and services performed by the department in carrying out its responsibilities under this code shall be as established by the applicable governing authority.

113.2 Refunds.

The code official is authorized to establish a refund policy.

CHAPTER 2
DEFINITIONS

SECTION 201 - GENERAL

201.1 Scope.

Unless otherwise expressly stated, the following terms shall, for the purposes of this code, have the meanings shown in this chapter.

201.2 Interchangeability.

Words stated in the present tense include the future; words stated in the masculine gender include the feminine and neuter; the singular number includes the plural and the plural, the singular.

201.3 Terms defined in other codes.

Where terms are not defined in this code and are defined in the codes in Chapter 8 of the San Antonio Property Maintenance Code, such terms shall have the meanings ascribed to them as stated in those codes.

201.4 Terms not defined.

Where terms are not defined through the methods authorized by this section, such terms shall have ordinarily accepted meanings such as the context implies.

201.5 Parts.

Whenever the words "dwelling unit," "dwelling," "premises," "building," "rooming house," "rooming unit," "housekeeping unit," or "story" are stated in this code, they shall be construed as though they were followed by the words "or any part thereof."

SECTION 202 - GENERAL DEFINITIONS

ANCHORED. Secured in a manner that provides positive connection.

ABSENTEE PROPERTY OWNER. The owner, as subsequently defined, who has legal possession of property within the city limits of the City of San Antonio and resides outside of Bexar County, Texas. Post office boxes will not be accepted as proof of residency within Bexar County, Texas. (See City Code Section 6-36 thru 6-50 for additional information regarding Absentee Property Owner registration.)

ACCUMULATION. A mass or quantity of something that has gradually gathered or been acquired.

APPROVED. Acceptable to the code official.

APPROVED AGENCY. An established and recognized organization that is regularly engaged in conducting tests, furnishing inspection services or furnishing product evaluation or certification where such organization has been approved by the code official.

BANDIT SIGN. Any sign posted on a utility pole, street sign or other street furniture or a sign posted in violation of this chapter in the public right-of-way having six (6) square feet or less of advertising area and made of vinyl, paper, cloth or fabric, polyboard, coroplast, corrugated plastic, poster board, plastic core, cardboard or plywood including signs with wood or wire framing, posts or stakes. No sign owned or placed by the city, the state, or a public utility shall be considered a bandit sign.

BASEMENT. That portion of a building which is partly or completely below grade.

BATHROOM. A room containing plumbing fixtures including a bathtub or shower.

BEDROOM. Any room or space used or intended to be used for sleeping purposes in either a dwelling or sleeping unit.

CITY. The City of San Antonio.

CODE OFFICIAL. The Director of Development Services or designee who is charged with the administration and enforcement of this code.

COST OF SUCH ABATEMENT OR EMERGENCY REPAIRS. The cost shall include the actual costs of the abatement or repair of the structure. Costs shall include, but not be limited to, expenses incurred or necessitated related to abatement or emergency repairs, such as asbestos survey and abatement if necessary; costs of inspectors, testing agencies or experts retained relative to the emergency repairs; costs of testing; surveys for other materials that are controlled or regulated from being dumped in a landfill; title searches; mailing(s); postings; recording; and attorney fees expended for recovering of the cost of abatement or emergency repairs.

DETACHED. When a structural element is physically disconnected from another and that connection is necessary to provide a positive connection.

DETERIORATION. To weaken, disintegrate, corrode, rust, or decay and lose effectiveness.

DWELLING UNIT. A single unit providing complete, independent living facilities for one or more persons, including permanent provisions for living, sleeping, eating, cooking and sanitation.

EASEMENT. That portion of land or property reserved for present or future use by a person or agency other than the legal fee owner(s) of the property. The easement shall be permitted to be for use under, on or above a said lot or lots.

EMERGENCY ESCAPE AND RESCUE OPENING. An operable exterior window, door or other similar device that provides for a means of escape and access for rescue in the event of an emergency.

EQUIPMENT SUPPORT. Those structural members or assemblies of members or manufactured elements, including braces, frames, lugs, snuggers, hangers or saddles, that transmit gravity load, lateral load and operating load between the equipment and the structure.

EXTERIOR PROPERTY. The open space on the premises and on adjoining property under the control of owners or operators of such premises.

FENCE. A tangible enclosure or barrier, but not including hedges, shrubs, trees, or other natural growth, erected for the purpose of providing a

boundary, separation of areas, means of protection, to prevent uncontrolled access, for decorative purposes, or concealment. This does not include an upright structure of building material forming an inner partition or exterior surface of a building or structure or any wall used in whole or in part to resist the lateral displacement of any material, and such wall is regulated by the International Building Code, as amended by the City.

FOUNDATION WALL. A structural component of a building such as vertical stone, concrete or masonry that supports the weight of the structure and its contents, and provides protection from moisture, movement and extreme temperatures.

GARBAGE. The animal or vegetable waste resulting from the handling, preparation, cooking and consumption of food.

GUARD. A building component or a system of building components located at or near the open sides of elevated walking surfaces that minimizes the possibility of a fall from the walking surface to a lower level.

HABITABLE SPACE. Space in a structure for living, sleeping, eating, or cooking. Bathrooms, toilet rooms, closets, halls, storage or utility spaces, and similar areas are not considered habitable spaces.

HAZARDOUS VEGETATION. Dead and dying trees, tree limbs or other natural growth which, by reason of rotting, deterioration, physical damage or storm damage constitutes a hazard to persons or structures within the vicinity thereof.

HISTORIC BUILDING. Any building or structure that is one or more of the following:

1. Listed or certified as eligible for listing, by the State Historic Preservation Officer or the Keeper of the National Register of Historic Places, in the National Register of Historic Places.
2. Designated as historic under an applicable state or local law.
3. Certified as a contributing resource within a National Register or state or locally designated historic district.

HOUSEKEEPING UNIT. A room or group of rooms forming a single habitable space equipped and intended to be used for living, sleeping, cooking, and eating which does not contain, within such a unit, a toilet, lavatory and bathtub or shower.

IMMINENT DANGER. A condition which could cause a reasonable likelihood of serious or life-threatening injury or death at any time.

INFESTATION. The presence, within or contiguous to, a structure or premises of insects, rats, vermin, or other pests.

UNSANITARY. A condition that is dirty and unhealthy so as to cause disease or harm people's health.

LABELED. Equipment, materials, or products to which have been affixed a label, seal, symbol or other identifying mark of a nationally recognized testing laboratory, approved agency or other organization concerned with product evaluation that maintains periodic inspection of the production of the above labeled items and whose labeling indicates either that the equipment, material, or product meets identified standards or has been tested and found suitable for a specified purpose.

LAVATORY. A fixed washbowl with running water and drainpipe customarily used to wash hands.

LAWFULLY. In accordance with the code requirements at the time of construction or installation.

LET FOR OCCUPANCY OR LET. To permit, provide or offer possession or occupancy of a dwelling, dwelling unit, rooming unit, building, premise, or structure by a person who is or is not the legal owner of record thereof, pursuant to a written or unwritten lease, agreement or license, or pursuant to a recorded or unrecorded agreement of contract for the sale of land.

LOT. Shall also include for purposes of this code, in addition to the land within its boundaries, all land adjacent to and extending beyond the property line to the curb line of adjacent streets, and where no curb exists, to the existing street

surface. The word lot shall also include all land lying between the property line of any lot and the center of adjacent alleys.

NEGLECT. The lack of proper maintenance for a building or structure.

OCCUPANCY. The purpose for which a building or portion thereof is utilized or occupied.

OCCUPANT. Any individual living or sleeping in a building or having possession of a space within a building.

OPENABLE AREA. That part of a window, skylight or door which is available for unobstructed ventilation and which opens directly to the outdoors.

OPERATOR. Any person who has charge, care or control of a structure or premises which is let or offered for occupancy.

OUTSIDE PLACEMENT. Any item, which is not customarily used or stored outside or not made of a material that is resistant to damage or deterioration from exposure to the outside environment, for a period in excess of twenty-four (24) hours. Said items include, but are not limited to, auto parts, appliances not in service, metal or wood products or parts not converted to a final use, beverage, food or other containers not stored within a closed household recycling bin or refuse container, plumbing fixtures commonly used indoors or that have been converted to another use. This includes placement in a structure that is open or not completely enclosed, including any porch cover or carport or upon any open porch or under any tarp.

This does not include lawn care tools or recreational equipment incidental to the use of the property. Building material stored outdoors on any site for construction or demolition of a structure on the premises shall be used or incorporated into the proposed structure or removed from the premises within sixty (60) days from the date of arrival on the premises or upon the expiration of any associated building permit, whichever comes later.

OWNER. Any person, agent, operator, firm or corporation having a legal or equitable interest in the property; or recorded in the official records of the state, county or municipality as holding title to the property or otherwise having control of the property including the guardian of the estate of any such person, and the executor or administrator of the estate of such person if ordered to take possession of real property by a court.

PERSON. An individual, corporation, partnership or any other group acting as a unit.

PEST ELIMINATION. The control and elimination of insects, rodents or other pests by eliminating their harborage places; by removing or making inaccessible materials that serve as their food or water; by other approved pest elimination methods.

POWER SAFETY COVER. A pool cover that is placed over the water area and is opened and closed with a motorized mechanism activated by a control switch.

PLUMBING APPURTENANCE. A manufactured device, prefabricated assembly or an on the job assembly of component parts that is an adjunct to the basic piping system and plumbing fixtures. An appurtenance demands no additional water supply and does not add any discharge load to a fixture or the drainage supply.

PREMISES. A lot, plot or parcel of land, easement or public way, including any structures thereon.

PRIVATE SWIMMING POOL. Any swimming pool which is closed to the general public and not defined as a semi-public pool.

PUBLIC WAY. Any street alley or similar parcel of land that is open to the outside air; leads to a street essentially unobstructed from the ground to the sky, which has been deeded, dedicated or otherwise permanently appropriated to the public for public use and has a clear width and height of not less than 10 feet (3084mm).

PUBLIC SWIMMING POOL. Any swimming pool which is open to the general public for a fee or otherwise.

PUBLISHED. Posted on the department website and kept in City files for a period of time.

REASONABLE TIME. The code official shall grant a minimum of 10 days to cure any notice of violation unless a stricter requirement exists in either City ordinance or State law. The code official may extend the timeframe for compliance based on the severity and nature of the condition and the reasonable availability of materials and labor and of utilities and other relevant circumstances.

ROOMING HOUSE. A building arranged or occupied for lodging, with or without meals, for compensation and not occupied as a one- or two-family dwelling.

ROOMING UNIT. Any room or group of rooms forming a single habitable unit occupied or intended to be occupied for sleeping or living, but not for cooking purposes.

RUBBISH. Combustible and noncombustible waste materials, except garbage; the term shall include the residue from the burning of wood, coal, coke and other combustible materials, paper, rags, cartons, boxes, wood, excelsior, rubber, leather, tree branches, yard trimmings, tin cans, metals, mineral matter, glass, crockery and dust and other similar materials.

SAFETY COVER. A structure, fabric or assembly, along with attendant appurtenances and anchoring mechanisms, that is temporarily placed or installed over an entire pool, spa or hot tub and secured in place after all bathers are absent from the water.

SEMI-PUBLIC SWIMMING POOL. (1) Any privately owned swimming pool or spa which is open to the general public for a fee; or (2) Any swimming pool or wading pool, spa, or sauna, serving a private club, motel, hotel, apartment building, school, childcare facility, recreational or physical fitness facility, institution, homeowner's association, or other similar activity or structure, the use of which is limited to members, residents, students or clients and their guests.

SLEEPING UNIT. A room or space in which people sleep, which can also include permanent provisions for living, eating and either sanitation or kitchen facilities, but not both. Such rooms and spaces that are also part of a dwelling unit are not sleeping unit s (i.e., hotel guest rooms, dormitory, and boarding houses).

STRUCTURAL MEMBERS. The components of a building that provides support and bear the primary loads and primary components of a structure.

STRUCTURE. That which is built or constructed.

SURFACE HAZARD. Holes, excavations, breaks, projections, obstructions and other hazardous conditions on paths, walkways, driveways, parking lots, parking areas and other parts of the premises which are accessible to any person entering thereon.

SWIMMING POOL. Any structure intended for swimming or recreational bathing that contains water over 24 inches (610 mm) deep. This includes in-ground, above-ground and on-ground swimming pool, hot tubs, and spas.

SWIMMING POOL - INDOOR. A swimming pool which is totally contained within another structure and surrounded on all four sides by the walls of the enclosing second structure.

SWIMMING POOL - OUTDOOR. A swimming pool which is not an indoor swimming pool.

TENANT. A person, corporation, partnership or group, whether or not the legal owner of record, occupying a building or portion thereof as a unit.

TOILET ROOM. A room containing a water closet (toilet) or urinal but not a bathtub or shower.

VENTILATION. The natural or mechanical process of supplying conditioned or unconditioned air to, or removing such air from, any space.

WORKMANLIKE. Executed in a skilled manner; e.g., generally plumb, level, square, in line, undamaged and without marring adjacent work.

YARD. An open space on the same lot with a structure.

CHAPTER 3
GENERAL REQUIREMENTS

SECTION 301 - GENERAL

301.1 Scope.

The provisions of this chapter shall govern the minimum conditions and the responsibilities of persons for maintenance of structures, equipment, and exterior property.

Occupied and partially occupied structures are to be maintained consistent with the requirements of the property maintenance code.

301.2 Responsibility.

The owner of the premises shall maintain the structure(s) and exterior property in compliance with these requirements, and the code under which the building was constructed, except as otherwise provided for in this code or in State or Federal Law. The owner or owner's agent shall be responsible to ensure that any repairs, additions or alterations to the building or portion thereof are performed or constructed in accordance with the International Building Code, International Residential Code or International Existing Building Code. A person shall not occupy as owner - occupant or permit another person to occupy premises which do not comply with the requirements of this chapter. Occupants of a dwelling unit, rooming unit or housekeeping unit are responsible for keeping that part of the dwelling unit, rooming unit, housekeeping unit or premises which they occupy and control in a clean, sanitary, and safe condition.

301.3 Vacant structures and land.

Refer to San Antonio City Code, Chapter 12, Article I for Vacant Structures which are located within the boundary of or within a one half-mile perimeter of the Central Business District, historic districts, neighborhood conservation districts, and city-initiated tax increment reinvestment zones (TIRZ); as well as all vacant historic landmarks and vacant structures with a one half-mile perimeter of all active military bases and defense base authorities.

Refer to San Antonio City Code, Chapter 6, Article VIII - Building Standards Board for all other vacant building standards.

Refer to Building Standards Board and Chapter 14 - Solid Waste, Article V Lot Clearance for vacant lots.

301.3.1 Boarding Standards.

Refer to APPENDIX C - BOARDING STANDARD; SECTION GENERAL; SECTION MATERIALS; and SECTION INSTALLATION.

SECTION 302 - EXTERIOR PROPERTY AREAS

302.1 Exterior maintenance.

All exterior property and premises shall be maintained in a clean, safe, and sanitary condition and free of outside placement, hazardous vegetation, or surface hazards. The occupant shall keep that part of the exterior property which such occupant occupies or controls in a clean and sanitary condition.

302.2 Grading and drainage.

All premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon.

Exception: Approved detention areas, retention areas, filtration areas and reservoirs.

302.3 Sidewalks.

All sidewalks, walkways, stairs, driveways, retaining walls, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions. Damage due to work by public utilities shall be repaired by the specific public utility according to the same standards required as the property owner.

302.4 Weeds.

All improved premises and exterior property shall be maintained free from weeds or plant growth in excess of twelve (12) inches in height. All noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants, and vegetation, other than trees or shrubs provided; however, this term shall not include 1) cultivated flowers and gardens, (2) native grasses,

perennials and annual plants installed as part of a landscaping design, or 3) natural or manmade "rough" areas as part of golf course in current operation.

302.5 Rodent harborage.

All structures and exterior property shall be kept free from rodent harborage and infestation. Where rodents are found, they shall be promptly exterminated by approved processes which will not be injurious to human health. After extermination, proper precautions shall be taken to eliminate rodent harborage and prevent re-infestation.

302.6 Exhaust vents.

Pipes, ducts, conductors, fans, or blowers shall not discharge gases, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly upon abutting or adjacent public or private property or that of another tenant and shall discharge a minimum four (4) feet from adjacent property lines or exhaust to the roof.

Exception: Pipes, ducts, conductors, fans, or blowers installed lawfully.

302.7 Accessory structures.

All accessory structures, including detached garages, shall be maintained structurally sound and in good repair.

302.7.1 Fences.

All fences, facing the street frontage of the premises or adjacent to a public way, and those fences that are required by other federal, state, or local ordinance, shall be maintained structurally sound and in good repair. Any of the following conditions shall be corrected:

1. Any fence, or any portion thereof, out of vertical alignment by more than fifteen (15) degrees.
2. Rotted, fire damaged or broken wooden support posts or cross members shall be repaired or replaced.
3. Broken, fire damaged or missing wooden slats shall be repaired or replaced.
4. Broken or severely bent metal posts or torn, cut or ripped metal fencing materials shall be repaired or replaced.
5. Any fence, or any portion thereof, having loose bricks, stones, rocks, mortar, masonry, or similar materials shall be repaired or replaced.

The above requirements shall not prohibit a fence, or any portion thereof, from being removed if the remaining portions are safe and in good condition and the erection and maintenance of a fence is not otherwise required by law.

302.8 Motor vehicles.

Refer to San Antonio City Code, Chapter 19 - Motor Vehicles and Traffic, Article X - Junked Vehicles.

302.9 Defacement of property.

Refer to San Antonio City Code Chapter 21, Article X, Graffiti.

SECTION 303 - SWIMMING POOLS, SPAS AND HOT TUBS

303.1 Swimming pools.

Swimming pools, spas and hot tubs shall be maintained in a clean and sanitary condition, and in good repair.

303.2 Enclosures.

The provisions of this section apply to existing private outdoor swimming pools, hot tubs and spas built prior to January 1, 2010. The provisions of this section do not apply to public or semi- public swimming pools, hot tubs, and spas.

All private swimming pools, hot tubs and spas containing water more than 24 inches (610 mm) in depth shall be completely surrounded by a fence or barrier at least 48 inches (1219 mm) in height above the finished ground level measured on the side of the barrier away from the pool. Gates and doors in such barriers shall be lockable or self-closing and self-latching. Where the self-latching device is less than 54 inches (1372 mm) above the bottom of the gate, the release mechanism shall be located on the pool side of the gate. Self-closing and self-latching gates shall be maintained such that the gate will positively close and latch when released from an open position of 6 inches (152 mm) from the gatepost. Privacy fences can serve as the

enclosure. Where a wall of dwelling unit serves as part of the enclosure doors must be lockable. No existing pool enclosure shall be removed, replaced, or changed in a manner that reduces its effectiveness as a safety barrier.

Where an above-ground pool structure is used as a barrier or where the barrier is mounted on top of the pool structure, and the means of access is a ladder or steps, the ladder or steps shall be capable of being secured, locked, or removed to prevent access; or the ladder or steps shall be surrounded by an enclosure as described in this section.

Exceptions:

1. Spas or hot tubs equipped with a lockable safety cover that complies with ASTM F1346.
2. Private swimming pools equipped with a power safety cover that complies with ASTM F1346 and is in working condition using the control switch.

All swimming pools, hot tubs and spas built after January 1, 2010 must comply with the requirements of Section 3109 of the 2015 International Building Code, as adopted by the City.

SECTION 304 - EXTERIOR STRUCTURE

304.1 General.

The exterior of all occupied or partially occupied structures shall be maintained in good repair, structurally sound and sanitary so as not to pose a threat to the public health, safety, or welfare.

Refer to San Antonio City Code, Chapter 12 Vacant Property Owner Registration for additional exterior maintenance requirements for certain vacant properties.

304.1.1 Unsafe conditions.

Refer to San Antonio City Code, Chapter 6 - Buildings, Article VIII. Building Standards Board.

304.2 Protective treatment.

All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, and decks shall be maintained in good condition. Exterior wood surfaces, other than decay resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. All siding and masonry joints, as well as those between the building envelope and the perimeter of windows, doors, and skylights, shall be maintained weather resistant and watertight. All metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion, and all surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement.

304.3 Premises identification.

The property shall have address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of 4 inches (102 mm) high with a minimum stroke width of 0.5 inch (12.7 mm).

All multiunit buildings shall have signage that identifies all units contained within the building. The signage should be placed in a position to be plainly legible and visible from the driveway fronting the building. The signage shall have a contrasting background with a minimum of 4 inches (102mm) high lettering with a minimum stroke width of 0.5 inch (12.7 mm).

Effective January 1, 2016, in addition to premises identification in the front of the property as described above, residential properties using an alleyway longer than ten (10) lots in length to access a rear garage, carport or driveway will also require premises identification in the rear of the property along the alley.

304.4 Structural members.

All structural members shall be maintained free from deterioration and shall be capable of safely supporting the imposed dead and live loads.

304.5 Foundation walls.

All foundation walls shall be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.

304.6 Exterior walls.

All exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained weatherproof and properly surface-coated where required to prevent deterioration.

304.7 Roof and drainage.

The roof and flashing shall be sound, tight, and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions.

304.8 Decorative features.

All cornices, belt courses, corbels, terra cotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.

304.9 Overhang extensions.

All overhang extensions including, but not limited to canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. When required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar surface treatment.

304.10 Stairways, decks, porches, and balconies.

Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.

304.11 Chimneys and towers.

All chimneys, cooling towers, smokestacks, and similar appurtenances shall be maintained structurally safe and sound, and in good repair. All exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather coating materials, such as paint or similar surface treatment.

304.12 Handrails and guards.

Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.

304.13 Window, skylight, and door frames.

Every window, skylight, door, and frame shall be kept in sound condition, good repair, and weather tight.

304.13.1 Glazing.

All glazing materials shall be maintained in sound condition and good repair.

304.13.2 Openable windows.

Every window, other than a fixed window, shall be easily openable and capable of being held in position by window hardware.

304.14 Insect screens.

Every door, window and other outside opening required for ventilation of habitable spaces, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of not less than 16 mesh per inch (16 mesh per 25 mm), and every screen door used for insect control shall have a self-closing device in good working condition.

Exceptions:

(1) Screens shall not be required where other approved means, such as air curtains or insect repellent fans, are employed.

(2) Habitable spaces served by air conditioning unless the air conditioning has not been functioning for more than seven (7) consecutive days.

(3) Doors are not required to be screened if there is an additional ventilation source in the room.

304.15 Doors.

All exterior doors, door assemblies and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3.

304.16 Basement hatchways.

Every basement hatchway shall be maintained to prevent the entrance of rodents, rain, and surface drainage water.

304.17 Guards for basement windows.

Every basement window that is openable shall be supplied with rodent shields, storm windows or other approved protection against the entry of rodents.

304.18 Building security.

304.18.1 Occupied and partially occupied structures.

Doors, attic access, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.

The owners of residential rental units shall be deemed to have met this requirement by installing devices that are required under the TEXAS PROPERTY CODE- TITLE 8 LANDLORD AND TENANT - CHAPTER 92. RESIDENTIAL TENANCIES- SUBCHAPTER D. SECURITY DEVICES.

Exception: Locking devices for Attic access are not required in single family dwellings.

304.18.2 All structures within the Central Business District, historic districts, vacant designated historic landmarks, and half-mile perimeters around active military bases.

Additional securing standards are required for vacant structures which are located within the boundary of or within a one half-mile perimeter of the Central Business District, historic districts, neighborhood conservation districts, and city-initiated tax increment investment zones (TIRZ) as well as all vacant historic landmarks and vacant structures within a one half-mile perimeter of all active military bases and defense base authorities. Refer to San Antonio City Code Chapter 12, Article I - Vacant Buildings.

1. *Securing Windows.* Window openings may not be secured by plywood or by other temporary securing methods unless the product and securing method is approved by the Code Official. Windows are to be maintained within window openings and secured with normal locking mechanisms and are to be maintained consistent with the requirements of this code.
2. *Securing doors.* Door openings may not be secured by plywood or by other temporary securing methods unless the product and securing method is approved by the Code Official. Doors are to be maintained within openings and secured with normal locking mechanisms and are to be maintained consistent with the requirements of this code.

Note: Temporary plywood may be used to secure windows and doors for a maximum of 14 days. Refer to San Antonio City Code, Chapter 6, Article VIII for all other vacant building standards.

SECTION 305 - INTERIOR STRUCTURE

305.1 General.

The interior of a structure and equipment therein shall be maintained in good repair, structurally sound and in a sanitary condition. Occupants shall keep that part of the structure which they occupy or control in a clean and sanitary condition. Every owner of a structure containing a rooming house, housekeeping units, a hotel, a dormitory, two or more dwelling units or two or more nonresidential occupancies, shall maintain, in a clean and sanitary condition, the shared or public areas of the structure and exterior property.

305.1.1 Unsafe conditions.

Refer to San Antonio City Code, Chapter 6 - Buildings, Article VIII. Building Standards Board.

305.2 Structural members.

All structural members shall be maintained structurally sound and be capable of supporting the imposed loads.

305.3 Interior surfaces.

All interior surfaces, including windows and doors, shall be maintained in good repair, clean and sanitary condition. Loose plaster, decayed wood and other defective surface conditions shall be corrected.

305.4 Stairs and walking surfaces.

Every stair, ramp, landing, balcony, porch, deck, or other walking surface shall be maintained in sound condition and good repair.

305.5 Handrails and guards.

Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.

305.6 Interior doors.

Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.

SECTION 306 - COMPONENT SERVICE-ABILITY

Refer to San Antonio City Code, Chapter 6 - Buildings, Article VIII. Building Standards Board.

SECTION 307 - HANDRAILS AND GUARD RAILS

307.1 General.

Every exterior and interior flight of stairs having more than four risers shall have a handrail on one side of the stair and every open portion of a stair, landing, balcony, porch, deck, ramp, or other walking surface which is more than 30 inches (762 mm) above the floor or grade below shall have guards. Handrails shall not be less than 30 inches (762 mm) high or more than 42 inches (l067 mm) high measured vertically above the nosing of the tread or above the finished floor of the landing or walking surfaces. Guards shall not be less than 30 inches (762 mm) high above the floor of the landing, balcony, porch, deck, or ramp or other walking surface.

Exception: Guards shall not be required where exempted by the adopted building code. Guards in commercial buildings and R-2 Occupancy shall be governed by the International Fire Code, as amended by the City. In larger stairways, handrails may be located in the center of the stairway.

SECTION 308 - RUBBISH AND GARBAGE

308.1 Accumulation of rubbish or garbage.

All exterior property and premises, and the interior of every structure, shall be free from any accumulation of rubbish or garbage.

308.2 Disposal of rubbish.

Every occupant of a structure shall dispose of all rubbish in a clean and sanitary manner by placing such rubbish in approved containers.

308.2.1 Rubbish storage facilities.

The owner of every occupied premise shall supply approved covered containers for rubbish, and the owner of the premise shall be responsible for the removal of rubbish.

Exception: Unless provided otherwise by contract or by City.

308.2.2 Refrigerators.

Refrigerators and similar equipment not in operation shall not be discarded, abandoned, or stored on the exterior of the premises without first removing or securing the doors.

308.3 Disposal of garbage.

Every occupant of a structure shall dispose of garbage in a clean and sanitary manner by placing such garbage in an approved garbage disposal facility or approved garbage containers.

SECTION 309 - PEST ELIMINATION

309.1 Infestation.

All structures shall be kept free from insect and rodent infestation. All structures in which insects or rodents are found shall be promptly exterminated by approved processes that will not be injurious to human health. After extermination, proper precautions shall be taken to prevent reinfestation.

309.2 Extermination Prior to Occupancy.

Where infestation exists, the owner of any structure shall be responsible for extermination within the structure prior to renting or leasing the structure.

309.3 Single occupant.

The occupant of a one-family dwelling or of a single-tenant nonresidential structure shall be responsible for extermination on the premises.

309.4 Multiple occupancy.

The owner of a structure containing two or more dwelling units, a multiple occupancy, a rooming house, or a nonresidential structure shall be responsible for extermination in the public or shared areas of the structure and exterior property. If infestation is caused by failure of an occupant to prevent such infestation in the area occupied, the occupant and owner shall be responsible for extermination.

309.5 Occupant.

The occupant of any structure shall be responsible for the continued rodent and pest-free condition of the structure.

Exception: Where the infestations are caused by defects in the structure, the owner shall be responsible for extermination.

CHAPTER 4
LIGHT, VENTILATION AND OCCUPANCY LIMITATIONS

SECTION 401 - GENERAL

401.1 Scope.

The provisions of this chapter shall govern the minimum conditions and standards for light, ventilation, and space for occupying a structure.

401.2 Responsibility.

The owner of the structure shall provide and maintain light, ventilation and space conditions in compliance with these requirements. A person shall not occupy as owner - occupant, or permit another person to occupy, any premises that do not comply with the requirements of this chapter.

401.3 Alternative devices.

In lieu of the means for natural light and ventilation herein prescribed, artificial light or mechanical ventilation complying with the referenced standards in Chapter 8 shall be permitted.

SECTION 402 - LIGHT

402.1 Habitable spaces.

Every habitable space shall have at least one window of approved size facing directly to the outdoors or to a court. The minimum total glazed area for every habitable space shall be 8 percent of the floor area of such room. Wherever walls or other portions of a structure face a window of any room and such obstructions are located less than 3 feet (914 mm) from the window and extend to a level above that of the ceiling of the room, such window shall not be deemed to face directly to the outdoors nor to a court and shall not be included as contributing to the required minimum total window area for the room.

Exceptions:

1. Where natural light for rooms or spaces without exterior glazing areas is provided through an adjoining room, the unobstructed opening to the adjoining room shall be at least 8 percent of the floor area of the interior room or space, but not less than 25 square feet (2.33 m2). The exterior glazing area shall be based on the total floor area being served.
2. Where installed or constructed lawfully.

402.2 Common halls and stairways.

Every common hall and stairway in residential occupancies, other than in one- and two-family dwellings shall be lighted at all times with at least a 60-watt standard incandescent light bulb for each 200 square feet (19 m2) of floor area or equivalent illumination, provided that the spacing between lights shall not be greater than 30 feet (9144 mm). In other than residential occupancies, means of egress, including exterior means of egress, stairways shall be illuminated in accordance with Chapter 11 of the International Fire Code, as amended by the City.

Exceptions:

1. Unless installed or constructed lawfully.

402.3 Other spaces.

All other spaces shall be provided with natural or artificial light sufficient to permit the maintenance of sanitary conditions, and the safe occupancy of the space and utilization of the appliances, equipment, and fixtures.

SECTION 403 - VENTILATION

403.1 Habitable spaces.

Every habitable space shall have at least one openable window. The total openable area of the window in every room shall be equal to at least 45 percent of the minimum glazed area required in Section 402.1.

Exceptions:

1. Where rooms and spaces without openings to the outdoors are ventilated through an adjoining room, the unobstructed opening to the adjoining room shall be at least 8 percent of the floor area of the interior room or space, but not less than 25 square feet (2.33 m2). The ventilation openings to the outdoors shall be based on a total floor area being ventilated.

2. Unless installed or constructed lawfully.

403.2 Bathrooms and toilet rooms.

Every bathroom and toilet room shall comply with the ventilation requirements for habitable spaces as required by Section 403.1, except that a window shall not be required in such spaces equipped with a mechanical ventilation system. Air exhausted by a mechanical ventilation system from a bathroom or toilet room shall discharge to the outdoors and shall not be re-circulated.

Exception: Re-circulating mechanical ventilation system allowed where installed or constructed lawfully.

403.3 Cooking facilities.

Unless approved through the certificate of occupancy, cooking shall not be permitted in any rooming unit or dormitory unit, and a cooking facility or appliance shall not be permitted to be present in the rooming unit or dormitory unit.

Exceptions:

1. Where specifically approved in writing by the code official.

2. Devices such as coffee pots and microwave ovens shall not be considered cooking appliances.

403.4 Process ventilation.

Where injurious, toxic, irritating, or noxious fumes, gases, dusts, or mists are generated, a local exhaust ventilation system shall be provided to remove the contaminating agent at the source. Air shall be exhausted to the exterior and not be recirculated to any space.

Exception: Re-circulating vent hoods are allowed in residential occupancies where installed lawfully.

403.5 Clothes dryer exhaust.

Clothes dryer exhaust systems shall be independent of all other systems and shall be exhausted outside the structure in accordance with the manufacturer's instructions.

Exception: Listed and labeled condensing (ductless) clothes dryers.

SECTION 404 - OCCUPANCY LIMITATIONS

404.1 Privacy.

Dwelling units, hotel units, housekeeping units, rooming units and dormitory units shall be arranged to provide privacy and be separate from other adjoining spaces.

404.2 Minimum room widths.

A habitable room, other than a kitchen shall not be less than 7 feet (2134 mm) in any plan dimension. Kitchens shall have a clear passageway of not less than 3 feet (914 mm) between counter fronts and appliances or counter fronts and walls.

Exception: Where constructed lawfully.

404.3 Minimum ceiling heights.

Habitable spaces, hallways, corridors, laundry areas, bathrooms, toilet rooms and habitable basement areas shall have a clear ceiling height of not less than 7 feet (2134 mm).

Exceptions:

1. In one- and two-family dwellings, beams or girders spaced not less than 4 feet (1219 mm) on center and projecting not more than 6 inches (152 mm) below the required ceiling height.
2. Basement rooms in one- and two-family dwellings occupied exclusively for laundry, study, or recreation purposes, having a ceiling height of not less than 6 feet 8 inches (2033 mm) with not less than 6 feet 4 inches (1932 mm) of clear height under beams, girders, ducts, and similar obstructions.
3. In one- and two-family dwellings, rooms occupied exclusively for bathrooms, toilet rooms and laundry rooms having a minimum ceiling height of 6 feet 8 inches (2033 mm).
4. Rooms occupied exclusively for sleeping, study or similar purposes and having a sloped ceiling over all or part of the room, with a clear ceiling height of at least 7 feet (2134mm) over not less than one-third of the required minimum floor area. In calculating the floor area of such rooms, only those portions of the floor area with a clear ceiling height of 5 feet (1524 mm) or more shall be included.
5. Unless installed or constructed lawfully.

404.4 Habitable room and bedroom requirements.

Every habitable room and bedroom shall comply with the requirements of Sections 404.4.1 through 404.4.5.

404.4.1 Room area.

Every living room shall contain not less than 120 square feet (11.2 m2) and every bedroom shall contain not less than 70 square feet (6.5 m2) and every bedroom occupied by more than one person shall contain not less than 50 square feet (4.6 m2) of floor area for each occupant thereof.

Exception: Unless constructed lawfully.

404.4.2 Access from bedrooms.

Bedrooms shall not constitute the only means of access to other bedrooms or habitable spaces and shall not serve as the only means of egress from other habitable spaces.

Exception:

1. Units that contain fewer than two bedrooms.
2. Unless lawful at the time of construction or renovation.

404.4.3 Toilet accessibility.

Every bedroom shall have access to at least one Toilet and one lavatory without passing through another bedroom. Every bedroom in a dwelling unit shall have access to at least one Toilet and lavatory located in the same story as the bedroom or an adjacent story.

Exception: Unless constructed lawfully.

404.4.4 Prohibited occupancy.

Kitchens and non-habitable spaces shall not be used for sleeping purposes.

404.4.5 Other requirements.

Bedrooms shall comply with the applicable provisions of this code including, but not limited to, the light, ventilation, room area, ceiling height and room width requirements of this chapter; the plumbing facilities and water-heating facilities requirements of Chapter 5; the heating facilities and electrical receptacle requirements of Chapter 6; and the smoke detector and emergency escape requirements of Chapter 7.

404.5 Overcrowding.

The number of persons occupying a dwelling unit shall not create conditions that, in the opinion of the code official, endanger the life, health, safety or welfare of the occupants. The code official is authorized to utilize nationally recognized standards and applicable federal, state, and local laws to determine overcrowding conditions.

404.6 Efficiency unit.

Nothing in this section shall prohibit an efficiency living unit, from meeting the following requirements:

1. A unit occupied by not more than one occupant shall have a minimum clear floor area of 120 square feet (11.2 m2). A unit occupied by not more than two occupants shall have a clear floor area of not less than 190 square feet (17.7 m2). A unit occupied by three occupants shall have a clear floor area of not less than 260 square feet (24.2 m2). These required areas shall be exclusive of the areas required by Items 2 and 3.

   Exception: Where constructed lawfully.

2. A unit occupied by not more than one occupant shall have a minimum clear floor area of 120 square feet (11.2 m2). The unit shall be provided with a kitchen sink, cooking appliance and refrigeration facilities, each having a clear working space of not less than 30 inches (762 mm) in front. Light and ventilation conforming to this code shall be provided.

3. The unit shall be provided with a separate bathroom containing a toilet, lavatory and bathtub or shower.

4. The maximum number of occupants shall be three.

404.7 Food preparation.

All spaces to be occupied for food preparation purposes shall contain suitable space and equipment to store, prepare and serve foods in a sanitary manner. There shall be adequate facilities and services for the sanitary disposal of food wasteland refuse, including facilities for temporary storage.

CHAPTER 5
PLUMBING FACILITIES AND FIXTURE REQUIREMENTS

SECTION 501 - GENERAL

501.1 Scope.

The provisions or this chapter shall govern the minimum plumbing systems, facilities, and plumbing fixtures to be provided.

501.2 Responsibility.

The owner of the structure shall provide and maintain such plumbing facilities and plumbing fixtures in compliance with these requirements. A person shall not occupy as owner - occupant or permit another person to occupy any structure or premises which does not comply with the requirements of this chapter.

SECTION 502 - REQUIRED FACILITIES

502.1 Dwelling units.

Every dwelling unit shall contain its own bathtub or shower, lavatory, toilet, and kitchen sink which shall be maintained in a sanitary, safe working condition. The lavatory shall be placed in the same room as the toilet or located in close proximity to the door leading directly into the room in which such toilet is located. A kitchen sink shall not be used as a substitute for the required lavatory.

502.2 Rooming houses.

At least one toilet, lavatory and bathtub or shower shall be supplied for each four rooming units.

502.3 Hotels.

Where private toilets, lavatories and baths are not provided, one toilet, one lavatory and one bathtub or shower having access from a public hallway shall be provided for each ten occupants.

502.4 Employees' facilities.

A minimum of one toilet, one lavatory and one drinking facility shall be available to employees.

502.4.1 Drinking facilities.

Drinking facilities shall be a drinking fountain, water cooler, bottled water cooler or disposable cups next to a sink or water dispenser. Drinking facilities shall not be located in toilet rooms or bathrooms.

502.5 Public toilet facilities.

Public toilet facilities shall be maintained in a safe sanitary and working condition in accordance with the International Plumbing Code, as amended by the City.

SECTION 503 - TOILET ROOMS

503.1 Privacy.

Toilet rooms and bathrooms shall provide privacy and shall not constitute the only passageway to a hall or other space, or to the exterior. A door and interior locking device shall be provided for all common or shared bathrooms and toilet rooms in a multiple dwelling.

Exception: Except where provided otherwise in state rules and regulations.

503.2 Location.

Toilet rooms and bathrooms serving hotel units, rooming units or dormitory units or housekeeping units, shall have access by traversing not more than one flight of stairs and shall have access from a common hall or passageway.

503.3 Location of employee toilet facilities.

Employees shall have access to toilet facilities near the employees' working areas. The required toilet facilities shall be located not more than one story above or below the employees' working area and the path of travel to such facilities shall not exceed a distance of 500 feet (152 m). Employee facilities shall either be separate facilities or combined employee and public facilities.

Exception:

1. No toilet facility is required at offsite work areas.
2. In multi-unit residential properties, a toilet facility is not required if there is no onsite management office located on the property.
3. In multi-unit residential properties, where there is an onsite management office, there is no maximum travel distance to a toilet facility.
4. Facilities that are required for employees in storage structures or kiosks, which are located in adjacent structures under the same ownership, lease, or control, shall not exceed a travel distance of 500 feet (152 m) from the employees' regular working area to the facilities.

503.4 Floor surface.

In other than dwelling units, every toilet room floor shall be maintained to be a smooth, hard, nonabsorbent surface to permit such floor to be easily kept in a clean and sanitary condition.

SECTION 504 - PLUMBING SYSTEMS AND FIXTURES

504.1 General.

All plumbing fixtures shall be properly installed and maintained in working order, and shall be kept free from obstructions, leaks and defects and be capable of performing the function for which such plumbing fixtures are designed. All plumbing fixtures shall be maintained in a safe, sanitary, and functional condition.

504.2 Fixture clearances.

Plumbing fixtures shall have adequate clearances for usage and cleaning.

504.3 Plumbing system hazards.

Where it is found that a plumbing system in a structure constitutes a hazard to the occupants or the structure by reason of inadequate service, inadequate venting, cross connection, back siphonage, improper installation, deterioration, or damage or for similar reasons, the code official shall require the defects to be corrected to eliminate the hazard.

SECTION 505 - WATER SYSTEM

505.1 General.

505.1.1 Every sink, lavatory, bathtub, or shower, drinking fountain, Toilet or other plumbing fixture shall be properly connected to either a public water system or to an approved private water system.

505.1.2 All kitchen sinks, lavatories, laundry facilities, bathtubs and showers shall be sup-

plied with hot or tempered and cold running water in accordance with the International Plumbing Code.

Exceptions:

1. Non-residential facilities not open to the general public;
2. Parks, golf courses, and recreation facilities;
3. Non-residential facilities constructed lawfully without hot water; and
4. Outdoor kitchen sinks that are not the only sink for the dwelling unit.

This provision does not include food service areas and areas regulated by San Antonio City Code Ch. 13.

505.2 Contamination.

The water supply shall be maintained free from contamination, and all water inlets for plumbing fixtures shall be located above the flood-level rim of the fixture. Shampoo basin faucets, janitor sink faucets and other hose bibs or faucets to which hoses are attached and left in place, shall be protected by an approved atmospheric-type vacuum breaker or an approved permanently attached hose connection vacuum breaker.

505.3 Supply.

The water supply system shall be installed and maintained to provide a supply of water to plumbing fixtures, devices, and appurtenances in sufficient volume and at pressures adequate to enable the fixtures to function properly, safely, and free from defects and leaks.

505.4 Water heating facilities.

Water heating facilities shall be properly installed, maintained and capable of providing an adequate amount of water to be drawn at every required sink, lavatory, bathtub, shower, and laundry facility at a temperature of not less than 110°F (43°C). A gas-burning water heater shall not be located in any bathroom, toilet room, bedroom or other occupied room normally kept closed, unless adequate combustion air is provided. An approved combination temperature and pressure- relief valve and relief valve discharge pipe shall be properly installed and maintained on water heaters.

SECTION 506 - SANITARY DRAINAGE SYSTEM

506.1 General.

All plumbing fixtures shall be properly connected to either a public sewer system or to an approved private sewage disposal system.

506.2 Maintenance.

Every plumbing stack, vent, waste, and sewer line shall function properly and be kept free from obstructions, leaks, and defects.

SECTION 507 - STORM DRAINAGE

507.1 General.

Drainage of roofs and paved areas, yards and courts, and other open areas on the premises shall not be discharged in a manner that creates a public nuisance.

CHAPTER 6
MECHANICAL AND ELECTRICAL REQUIREMENTS

SECTION 601 - GENERAL

601.1 Scope.

The provisions or this chapter shall govern the minimum mechanical and electrical facilities and equipment to be provided.

601.2 Responsibility.

The owner of the structure shall provide and maintain mechanical and electrical facilities and equipment in compliance with these requirements. A person shall not occupy as owner - occupant or permit another person to occupy any premises which does not comply with the requirements of this chapter.

SECTION 602 - HEATING FACILITIES

602.1 Facilities required.

Heating facilities shall be provided in structures and shall be capable of maintaining room temperature of 60°F (16°C) in all habitable rooms, bathrooms, and toilet rooms.

602.2 Heat supply.

Every owner and operator of any building who rents, leases, or lets one or more dwelling units or sleeping units on terms, either expressed or implied, to furnish heat to the occupant s thereof shall supply heat during the period from November 1 to March 31 to maintain a temperature of not less than 60°F (16°C) in all habitable rooms, bathrooms, and toilet rooms.

Exception: When the outdoor temperature is below the winter outdoor design temperature for the locality, maintenance of the minimum room temperature shall not be required provided that the heating system is operating at its full design capacity. The winter outdoor design temperature for the locality shall be as indicated in Appendix D of the International Plumbing Code as amended by the City.

602.3 Room temperature measurement.

The required room temperatures shall be measured 3 feet (914 mm) above the floor near the center of the room and 2 feet (610 mm) inward from the center of each exterior wall.

SECTION 603 - MECHANICAL EQUIPMENT

603.1 Mechanical appliances.

All mechanical equipment, appliances, fireplaces, solid fuel-burning appliances, cooking appliances and water heating appliances shall be properly installed and maintained in a safe working condition and shall be capable of performing the intended function.

603.2 Removal of combustion products.

All fuel-burning equipment and appliances shall be connected to an approved chimney or vent.

Exception: Fuel-burning equipment and appliances which are labeled for unvented operation.

603.3 Clearances.

All required clearances to combustible materials shall be maintained.

603.4 Safety controls.

All safety controls for fuel-burning equipment shall be maintained in effective operation.

603.5 Combustion air.

A supply of air for complete combustion of the fuel and for ventilation of the space containing the fuel-burning equipment shall be provided for the fuel-burning equipment.

Exception: A supply of air for complete combustion of the fuel and for ventilation must be maintained as it was lawfully installed.

603.6 Energy conservation devices.

Devices intended to reduce fuel consumption by attachment to a fuel-burning appliance, to the fuel supply line thereto, or to the vent outlet or vent piping there from, shall not be installed unless labeled for such purpose and the installation is specifically approved.

SECTION 604 - ELECTRICAL FACILITIES

604.1 Facilities required.

Every occupied building shall be provided with an electrical system in compliance with the requirements of this section and Section 605.

604.2 Service.

The size and usage of appliances and equipment shall serve as a basis for determining the need for additional facilities in accordance with NFPA 70. Dwelling units shall be served by a three-wire, 120/240-volt, single-phase electrical service having a rating of not less than 60 amperes.

Exception: Electric service may be maintained if installed lawfully.

604.3 Electrical system hazards.

Where it is found that the electrical system in a structure constitutes a hazard to the occupants, first responders, or the structure by reason of inadequate service, improper fusing, insufficient receptacle and lighting outlets, improper wiring or installation, deterioration, or damage, or for

similar reasons, the code official shall require the defects to be corrected to eliminate the hazard.

SECTION 605 - ELECTRICAL EQUIPMENT

605.1 Installation.

All electrical equipment, wiring and appliances shall be properly installed and maintained in a safe and approved manner.

605.2 Luminaires.

Every public hall, interior stairway, toilet room, kitchen, bathroom, laundry room, boiler room and furnace room shall contain at least one electric operational luminaire.

Furnace room does not include a furnace closet.

SECTION 606 - DUCT SYSTEMS

606.1 General.

Duct systems shall be maintained free of obstructions and shall be capable of performing the required function.

CHAPTER 7
FIRE SAFETY REQUIREMENTS

SECTION 701 - GENERAL

701.1 Scope.

The provisions of this chapter shall govern the minimum conditions and standards for fire safety relating to structures and exterior premises, including fire safety facilities and equipment to be provided.

701.2 Responsibility.

The owner of the premises shall provide and maintain such fire safety facilities and equipment in compliance with these requirements. A person shall not occupy as owner - occupant or permit another person to occupy any premises that do not comply with the requirements of this chapter.

SECTION 702 - MEANS OF EGRESS

702.1 General.

A safe, continuous, and unobstructed path of travel shall be provided from any point in a building or structure to the public way. Means of egress shall comply with the code under which the building was constructed.

702.2 Aisles.

The required width of aisles in accordance with the code under which the building was constructed shall be unobstructed.

702.3 Locked doors.

All means of egress doors shall be readily openable from the side from which egress is to be made without the need for keys, special knowledge, or effort, except where the door hardware conforms to that permitted by the International Building Code, International Residential Code, or the required security devices enumerated in the Texas Property Code.

Exception: Double cylinder locking devices are allowed in single family and two-family dwellings where not used as group homes, daycare, foster care homes, childcare, assisted living or where prohibited by law.

702.4 Emergency escape openings.

Required emergency and escape and rescue openings shall be maintained in accordance with the code in effect at the time of construction, and both of the following:

1. Required emergency escape and rescue openings shall be operational from the inside of the room without the use of keys or tools.
2. Bars, grilles, grates, or similar devices are permitted to be placed over emergency escape and rescue openings provided that the minimum net clear opening size complies with the code that was in effect at the time of construction and such the unit is equipped with smoke alarms installed in accordance with Section 907.2.10 of the International Building Code. Such devices shall be releasable or removable from the inside without the use of a key, tool, or force greater than that which is required for normal operation of the escape and rescue opening.

SECTION 703 - FIRE PROTECTION SYSTEMS

703.1 General.

All systems, devices, and equipment to detect a fire, actuate an alarm, or suppress or control a fire or any combination thereof shall be maintained in an operable condition in accordance with the International Fire Code.

The duties of landlords to inspect and repair smoke alarms in residential dwelling units leased to others are governed by the TEXAS PROPERTY CODE- CHAPTER 92- SUBCHAPTER F. SMOKE DETECTORS.

703.2 Smoke Alarms.

In Group R1, R2, R3 occupancy used for commercial purposes and R, smoke alarms shall be installed in accordance with the International Fire Code, as amended by the City.

R-3 residential occupancies used for commercial purposes include:

1. Adult care facilities that provide accommodations for five or fewer persons of any age for less than 24 hours.
2. Child care facilities that provide accommodations for five or fewer persons of any age for less than 24 hours.
3. Congregate living facilities with 16 or fewer persons.

In R-3 Occupancies (1 and 2 family dwellings) not used for commercial purposes:

1. Smoke alarms shall be placed in accordance with the requirement adopted by the City at the time of construction; or
2. If not required at the time of construction, smoke alarms shall be placed on the ceiling or wall outside of each separate sleeping area in the immediate vicinity of bedrooms.

703.3 Power source.

In Group R occupancies and in dwellings not regulated as Group R occupancies, single-station smoke alarms shall receive their primary power from the building wiring provided that such wiring is served from a commercial source and shall be equipped with a battery backup. Smoke alarms shall emit a signal when the batteries are low. Wiring shall be permanent and without a disconnecting switch other than as required for overcurrent protection.

Exceptions:

1. Smoke alarms are permitted to be solely battery operated in existing buildings where no construction is taking place.
2. Smoke alarms are permitted to be solely battery operated in buildings that are not served from a commercial power source.
3. Smoke alarms are permitted to be solely battery operated in existing areas of buildings undergoing alterations or repairs that do not result in the removal of interior walls or ceiling finishes exposing the structure, unless there is an attic, crawl space or basement available which could provide access for building wiring without the removal of interior finishes.
4. Smoke alarms are permitted to be solely battery operated if added to comply with this section.
5. Smoke alarms are permitted to be operated solely from the building wiring if installed prior to the adoption date of this code.

703.4 Interconnection.

Where more than one smoke alarm is required to be installed within an individual dwelling unit in Group R-2, R-3, R-4 and in dwellings not regulated as Group R occupancies, the smoke alarms shall be interconnected in such a manner that the activation of one alarm will activate all of the alarms in the individual unit. The alarm shall be clearly audible in all bedrooms over background noise levels with all intervening doors closed.

Exceptions:

1. Interconnection is not required in buildings which are not undergoing alterations.

2. Smoke alarms in existing areas are not required to be interconnected where alterations or repairs do not result in the removal of interior wall or ceiling finishes exposing the structure.

703.5 Additional Requirements in Leased Tenancies contained within R-2 and R-3 occupancies not used for commercial purposes (including duplexes and houses for rent).

The following requirements apply:

1. The landlord shall determine that the smoke alarm is in good working order at the beginning of the tenant's possession by testing the smoke alarm with smoke, by operating the testing button on the smoke alarm, or by following other recommended test procedures of the manufacturer for the particular model.
2. A tenant shall not remove a battery from a smoke alarm without immediately replacing it with a working battery or knowingly disconnect or intentionally damage a smoke alarm, causing it to malfunction.
3. The duties of landlords to inspect and repair smoke alarms in residential dwelling unit s that are leased to others are governed by the TEXAS PROPERTY CODE CHAPTER 92- SUBCHAPTER F. SMOKE DETECTORS.

ADDITIONAL ATTACHMENTS TO SAPMC:

APPENDIX A - PROPERTY MAINTENANCE CHECKLIST

APPENDIX B - OTHER

APPENDIX C - BOARDING STANDARDS

The below appendices are incorporated by reference within this Ordinance and attached.

Attachment I

APPENDIX A: PROPERTY MAINTENANCE CHECKLIST

The following checklist is meant to be used as a guide for common property maintenance items. It is not meant to include all code requirements. Some exceptions may be applicable.

EXTERIOR

SIDEWALKS AND DRIVEWAY (SAPMC 302.3)

- Proper state of repair
- Free from hazardous conditions

FOUNDATION

- Maintain plumb and free from cracks to prevent entry of rodents and other pests (SAPMC 304.5)

- Maintained free from deterioration; capable of safely supporting the imposed dead and live loads; structurally sound (SAPMC 304.4)

EXTERIOR WALLS

- Free from holes, breaks and loose or rotting materials (SAPMC 304.6)
- Maintain weatherproof and properly surface coated, no deterioration (SAPMC 304.6)
- House numbers at least 4" high of contrasting color, visible from the roadway (SAPMC 304.3)
- Properties abutting alleyways longer than ten (10) lots in length to access a rear garage, carport or driveway will also require house numbers at least 4" high of contrasting color, visible from the center of the alley. (SAPMC 304.3)

ROOF AND DRAINAGE

- Structurally sound, tight, and not have defects that admit rain, leak free; flashing in good condition (SAPMC 304.7)
- Prevent dampness or deterioration in the walls or interior portion of the structure (SAPMC 304.7)
- Gutters and downspouts; good repair and free from obstructions (SAPMC 304.7)
- Soffit and fascia in good repair (SAPMC 304.9)
- Chimney; structurally safe and sound; good repair (SAPMC 304.11)

STAIRS/PORCHES AND BALCONIES

- Structurally sound; good repair with proper anchorage (SAPMC 304.10)
- Capable of supporting the imposed loads (SAPMC 304.10)

HANDRAILS/GUARD

- Firmly fastened; capable of supporting load; good condition (SAPMC 304.12)
- More than four risers require handrail; walking surface more than 30" require guardrail (SAPMC 307.1)

DOORS/LOCKS

- Maintained in good condition (SAPMC 304.15)
- Locks on exterior door; means of egress; readily openable without key or special knowledge (SAPMC 702.3)

WINDOWS

- Sound condition; good repair and weather tight (SAPMC 304.13)
- Glazing material; maintained in sound condition and good repair (SAPMC 304.13.1)
- Easy openable (SAPMC 304.13.2)
- Insect screens; ventilation; tightly fitting; good working condition (SAPMC 304.14)

INTERIOR

FLOORS/INTERIOR WALLS/CEILINGS

- Clean and in good repair; no holes (SAPMC 305.3)
- Sound condition (SAPMC 305.3)

FIRE PROTECTION

MEANS OF EGRESS

- Required escape/ opening without the use of keys or tools (SAPMC 702.4)

SMOKE ALARMS

- Operable condition (SAPMC 703.1)
- Installed in accordance with the International Fire Code (SAPMC 703.2)
- Primary power from the structure wiring with battery backup; working batteries and functional connections. (SAPMC 703.3)
- Solely battery operated in existing structures where no construction is taking place (SAPMC 703.3)
- Interconnected; not required in existing structures not undergoing alterations (SAPMC 703.4)
- Good working order (SAPMC 703.5)

PLUMBING/MECHANICAL/ELECTRICAL

PLUMBING

- Sanitary and safe working condition (SAPMC 502.1)
- Free from obstructions, leaks, and defects (SAPMC 504.1)
- Connected to public water system or approved private water system (SAPMC 505.1)
- Provide supply of water to plumbing fixtures (SAPMC 505.3)
- Provide adequate amount of water at temperature not less than 110 F (SAPMC 505.4)

MECHANICAL

- Permanent heating facility must be properly installed/maintained (SAPMC 601.2)
- Heating facility capable of maintaining dwelling at 60 degrees (SAPMC 602.1)
- Fuel burning appliances/equipment must be maintained in safe working condition (SAPMC 603.1)

ELECTRICAL

- Adequate service and properly installed service panel (SAPMC 604.2)
- Free from electrical hazards; improper fusing; insufficient receptacle; improper wiring (SAPMC 604.3)

ACCESSORY STRUCTURES

GARAGES

- In good repair and structurally sound (SAPMC 302.7)

FENCES

- Structurally sound and good repair (SAPMC 302.7.1)
- Meets zoning code location requirements (UDC Article V, Ch. 35-514)

EXTERIOR MAINTENANCE

- Clean, safe, sanitary condition and free of outside placement, hazardous vegetation, and surface hazards (SAPMC 302.1)
- No vegetation in excess of 12" (SAPMC 302.4)
- Free of accumulation of rubbish or garbage (SAPMC 308.1)

PEST ELIMINATION

- Free of rodent harborage and infestation (SAPMC 302.5)

Disclaimer:

Attachment II

APPENDIX B: OTHER

Code Enforcement Officers are responsible for enforcing the City's health and safety codes. However, we frequently receive requests for service from the public for issues that are not addressed by any City ordinance or addressed by other City Departments. Some examples are:

- **Mold** is not regulated by any City or Texas law. Frequently, mold is caused by a plumbing leak, leaking air conditioning ducts or a defective roof. In these cases, the best way to address this problem is to find and repair the source of moisture. Eliminating the source of water will prevent the further spread of mold. Once the necessary repairs are made the mold can usually be cleaned using household cleaners marketed for this purpose. Be sure and follow all the safety precautions on the label of the product you are using. For more information regarding mold assessors and remediators, please visit the Texas Department of Licensing and Regulations (TDRL) website at https://www.tdlr.texas.gov/mld/mld.htm
- **Blowing leaves** onto a city street is a frequent complaint and the City discourages this practice. This issue is referenced in Chapter 34 of the City code. Enforcement authority is granted to the CEO/President of the San Antonio Water System (SAWS) and/or their designated qualified SAWS

personnel. For more information, please contact the San Antonio Water System complaint hotline at (210) 233-2290.

- **Noise** nuisances are regulated by the San Antonio Police Department. You can report noise issues to SAPD through the non-emergency number, 210-207-7273.
- **Graffiti** abatement staff partners with several City, State and private agencies to get rid of this unsightly problem. A comprehensive list of these entities and contact information can be found on our Graffiti Abatement Program webpage found at http://www.sanantonio.gov/CES/Graffiti/Abatement.
- **Deed restrictions** are enforced by the mandatory homeowner association. These restrictions usually exceed City code requirements. The City cannot legally enforce the restrictions since they are private, contractual agreements between the subdivision developer, the buyer, and any subsequent owners of real estate. Not all properties have a mandatory homeowner association that actively regulates deed restrictions. In this case, there is usually an applicable City code that can address health, safety, and public nuisance violations.

Attachment III

APPENDIX C: BOARDING STANDARD

GENERAL

Scope.

Windows and doors shall be boarded in an approved manner to prevent entry by unauthorized persons and shall be painted to correspond to the color of the existing structure, white or gray.

MATERIALS

Boarding sheet material.

Boarding sheet material shall be minimum 1/2-inch-thick (12.7 mm) wood structural panels complying with the International Building Code.

Boarding framing material.

Boarding framing material shall be minimum nominal 2-inch by 4-inch (51 mm by 102 mm) solid sawn lumber complying with the International Building Code.

Boarding fasteners.

Boarding fasteners shall be minimum 3/8-inch-diameter (9.5 mm) carriage bolts of such a length as required to penetrate the assembly and as required to adequately attach the washers and nuts. Washers and nuts shall comply with the International Building Code.

INSTALLATION

Boarding sheet material.

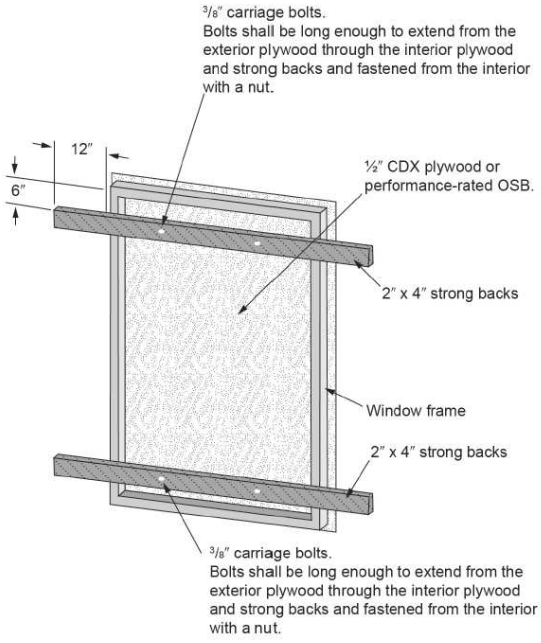
The boarding sheet material shall be cut to fit the door or window opening neatly or shall be cut to provide an equal overlap at the perimeter of the door or window.

Windows.

The window shall be opened to allow the carriage bolt to pass through or the window sash shall be removed and stored. The 2-inch by 4-inch (51 mm by 102 mm) strong back framing material shall be cut minimum 2 inches (51 mm) wider than the window opening and shall be placed on the inside of the window opening 6 inches (152 mm) minimum above the bottom and below the top of the window opening. The framing and boarding shall be predrilled. The assembly shall be aligned and the bolts, washers and nuts shall be installed and secured.

Doors.

Doors shall be secured by the same method as for windows or door openings. One door to the structure shall be available for authorized entry and shall be secured and locked in an approved manner.



(Ord. No. 2015-01-29-0065, § 2, 1-29-15; Ord. No. 2018-06-21-0492, § 1, 6-21-18; Ord. No. 2022-11-10-0874, § 1, 11-10-22; Ord. No. 2025-01-30-0076, § 1, 1-30-25, eff. 5-1-25)

Editor's note—Ord. No. 2022-11-10-0874, § 1, adopted Nov. 10, 2022, amended § 6-52, and in so doing changed the title of said section from amendment to the San Antonio Property Maintenance Code to read as set out herein.

Sec. 6-53. Fee schedule.

San Antonio Property Maintenance Code (paper copy): $16.98

(Ord. No. 2011-05-05-0354, § 2, 5-5-11; Ord. No. 2015-01-29-0065, § 2, 1-29-15)

Editor's note—Inasmuch as Ord. No. 2015-01-29-0065, § 2, adopted January 29, 2015, enacted provisions as § 6-52, and at the discretion of the editor the provisions of the former 6-52 have been redesignated as § 6-53. The historical notation has been preserved for reference purposes.

Sec. 6-54. Notice required to code official (detention facility).

Pursuant to authority granted to the code official in article IV, section 102.9 (Requirements not covered by code) and under the city charter, the code official, through the development services department, shall be notified by (1) the owner, (2) owner's representative, or (3) any contractor at least thirty (30) days prior to commencing any work to renovate, construct, or operate detention facilities within the City of San Antonio city limits. Detention facilities under this section shall have the same definition as under chapter 35 (Unified Development Code).

(Ord. No. 2026-04-16-0257, § 3, 4-16-26)

Secs. 6-55—6-65. Reserved.

ARTICLE V. APARTMENT INSPECTION PROGRAM

Sec. 6-66. Purpose; applicability; definitions.

(a) *Purpose:* The purpose and intent of this ordinance is to establish a program for addressing multifamily apartment complexes, with five (5) or more units; and for addressing the property owners who are not maintaining their property to minimum Code standards, and who have allowed their property to develop health, life, welfare and safety problems.

(b) *Applicability:* The provisions of this ordinance shall apply to all multifamily apartment complexes with five (5) or more dwelling units within the city limits.

(c) *Definitions:* The following words, terms and phrases, when used in this ordinance shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning.

(1) *Apartment complex* means a multifamily complex with five (5) or more dwelling units, as currently defined in the Building Code as Group R-2.

a. This definition includes mixed use apartment complexes, in which multifamily units are blended with commercial properties.

(2) *Code official* refers to the director and his designees.

(3) *Director* shall refer to the director of development services department for the City of San Antonio, Bexar County, Texas; and/or his assigns.

(4) *Dwelling unit* means a single unit providing complete, independent living facilities for one (1) or more persons, including permanent provisions for living, sleeping, eating, cooking and sanitation.

(5) *Notice of violation* means that to avoid program points, the owner will have ten (10) calendar days to cure the violation(s); the ten (10) days being calculated from the date the notice is mailed, or personally delivered, to the owner or their registered agent or property manager.

(6) *Owner* means any person, agent, operator, firm or corporation having a legal or equitable interest in the property; or recorded in the official records of the state, county or municipality as holding title to the property or otherwise having control of the property including the guardian of the estate of any such person, and the executor or administrator of the estate of such person if ordered to take possession of real property by a court.

(7) *Program participant* means a property owner, property manager, and/or agent of an apartment complex with five (5) or more dwelling units who receives three (3) or more program points (discussed below) within six (6) months.

(8) *Program points* means an uncorrected violation which, after notice and the owner's failure to cure in a reasonable time, will individually constitute points that will go towards enrollment in this Program. Violations which originate under the following sections of the Code, as well as other Code sections internally referenced in individual sections are solely to be considered. Violations under these provisions, and other referenced sections, are categorized as conditions which are detrimental to the resident's health, life, safety and welfare.

(i) SAPMC 302.5 Rodent harborage; 303.2 Enclosures; 304.1 General; 304.1.1 Unsafe conditions; 304.4 Structural members; 304.5 Foundation walls; 304.6 Exterior walls; 304.7 Roof and drainage; 304.10 Stairways, decks, porches and balconies; 304.11 Chimneys and towers; 304.12 Handrails and guards; 304.13 Window, skylight and door frames; 304.13.1 Glazing; 304.13.2 Openable windows; 304.15 Doors; 304.18.1 Occupied and partially occupied structures; 305.1 General; 305.1.1 Unsafe conditions; 305.2 Structural members; 305.3 Interior surfaces; 305.4 Stairs and walking surfaces; 305.5 Handrails and guards; 307.1 General; 308.2.1 Rubbish storage facilities; 308.2.2 Refrigerators; 309.1 Infestation; 309.2 Extermination Prior to Occupancy; 309.4 Multiple occupancy; 403.1 Habitable spaces; 403.2 Bathrooms and toilet rooms; 403.4 Process ventilation; 403.5 Clothes dryer exhaust; 502.1 Dwelling units; 504.1 General; 504.2 Fixture clearances; 504.3 Plumbing system hazards; 505.1 Water System,; 505.2 Contamination; 505.3 Supply; 505.4 Water heating facilities; 506.1 General; 506.2 Maintenance; 602.1 Facilities required; 602.2 Heat supply; 602.3 Room temperature measurement; 603.1 Mechanical appliances; 603.2 Removal of combustion products; 603.3 Clearances; 603.4 Safety controls; 603.5 Combustion air; 603.6 Energy conservation devices; 604.1 Facilities required; 604.2 Service; 604.3 Electrical system hazards; 605.1 Installation; 605.2 Luminaires; 606.1 General; 702.1 General; 702.2 Aisles; 702.3 Locked doors; 702.4 Emergency escape openings; 703.1 General; 703.2 Smoke Alarms; 703.3 Power source; 703.4 Interconnection; 703.5 Additional Requirements in Leased Tenancies contained within R-2.

(ii) 505.1 Water System shall include water disconnections for nonpayment as a violation from which a program point or points may be issued.

(9) *Reasonable time to cure* means the time that it takes to reasonably fix a violation. It is a rebuttable presumption that ten (10) days is sufficient.

(10) *Structure* means that which is built or constructed.

(Ord. No. 2023-03-23-0166, § 1, 3-23-23; Ord. No. 2025-05-08-0345, § 1(Exh. A),5-8-25)

Sec. 6-67. Program point citations.

(a) *Notice of violations.*

(1) Notifications of a possible program point violation, prior to citation shall state:

a. The identity of the affected dwelling unit, if applicable;

b. The identity of the affected building, if applicable;

c. The applicable Code sections;

d. A description of the violation;

e. A statement explaining that a failure to timely cure the violation may result in the property being enrolled in the apartment inspection program.

(2) Such notice shall be deemed to be properly delivered if a copy is:

a. Delivered personally to the owner or their registered agent or property manager; or

b. Sent by first class mail, to the owner of record at his address as it appears on the Bexar County Appraisal District records, and posting a notice in a conspicuous place in or about the structure affected by such notice.

(3) Designation of a courtesy email address. A property owner may designate an operable and functioning email address as their desired means of notice and communication. The City may use this email address as a courtesy, in addition to other means of communicating with the property owner.

a. Use of email is an additional but not supplemental form of communication, and does not replace proper service as defined above.

(4) Notice shall be given each time a program point violation is noted. The second paragraph of SAPMC 107.1 "Notice to person responsible" shall not apply in this ordinance.

(b) *Failure to cure within a reasonable time:*

(1) If the property owner fails to cure the violations within a reasonable time, as defined herein, then upon further inspection demonstrating the continuing existence of said violations, those will individually count towards program points.

(c) *Reasonable time to cure:*

(1) In determining whether a period of time is a reasonable time to repair or remedy a condition, there is a rebuttable presumption that ten (10) days is a reasonable time. To rebut that presumption several factors may be considered, including but not limited to the following:

a. The date on which the owner received the notice;

b. The severity, scope, and nature of the condition;

c. The reasonable availability of materials and labor and of utilities from a utility company.

(2) Any requests for more time from the owner must be in writing to the director before the termination of the ten (10) days period to cure the violation. Written requests may made in several ways, it may be delivered in person, sent by mail, or transmitted by email. The requests for more time must include:

a. A plan to repair the violation(s); and

b. Any plan to mitigate the effects of the violation on the tenants; and

c. An estimate of the amount of time required to cure the violation.

(3) The director shall have the discretion to extend the time to cure the violation for so long as the director shall deem necessary and reasonable, and the director will notify the owner of their decision.

(d) *Program points applied.*

(1) If a property owner fails to cure the problem within a reasonable time, the code official shall issue a citation or ticket for the violation.

(2) The issuance of a citation or ticket for a listed violation will generate, administratively, a program point.

(3) The program point will not be applied against the owner or the property until:

a. The administrative appeal period of ten (10) days expires if the owner fails to appeal, or

[This page intentionally left blank.]

b. If there is an appeal, then only after the code official has made a finding against the owner and the property (see subsection (e) following).

(e) *Appeal of program points.*

(1) The property owner may administratively appeal a program point to the code official within ten (10) calendar days of issuance of the citation. The appeal of program points is separate and apart from the citation; and decisions in the administrative appeal shall not affect the criminal and civil processes in Municipal court. The appeal of program points shall be as follows:

a. The appeal must be in writing;

b. The appeal must state why the owner did not cure the violation within the reasonable time to cure—whether within the ten (10) days or for a longer period of time, if granted;

c. The appeal must include sufficient proof of any claims challenging the citation.

(2) The burden of proof in the appeal of program points applied, is upon the owner.

a. The standard of proof is clear and convincing.

b. The code official may consider any number of mitigating circumstances which may have impeded an owner in curing the violation within a reasonable time, including but not limited to:

1. Obstruction by tenant;

2. Lack of notice;

3. Act of God;

4. Supply or labor shortages constituting an impossibility;

5. Action or inaction of tenant which impedes repair.

(3) The appeal and decision by the code official must be made before the case appears in court.

(4) If the code official finds in favor of the owner, than the case will be withdrawn from consideration by the court.

(5) If the code official finds against the owner, then the case will proceed and be adjudicated by the court.

(6) An adjudication by the court in favor of the owner, not guilty or not liable, shall have the effect of removing the applicable program point and upon notice of the same the code official shall remove the program point.

(Ord. No. 2023-03-23-0166, § 1, 3-23-23)

Sec. 6-68. Registration.

(a) *Registration of an apartment complex.*

(1) Upon receiving three (3) or more program points (see definitions) within a contiguous six-month time period, a property shall be enrolled in the apartment inspection program.

(2) An apartment complex may also be ordered enrolled by the BSB, separately.

(3) Once enrolled, the apartment complex shall be in the program for a minimum of six (6) months.

(4) The owner shall register with the city not later than ten (10) calendar days after notice is sent from the director.

(b) *Information for registration.* Owners who register or who have been found by the code official to have ownership of a property eligible for the apartment inspection program shall be required to furnish all information requested on the registration forms.

(c) *Costs of the program.* Owners shall be assessed a fee from the city upon entry to the apartment inspection program.

(1) Payment of the assessed fee must be made within thirty (30) days of becoming registered in the apartment inspection program, or the property owner shall be in violation of the ordinance thereof and be made civilly and criminally liable for the infractions thereof.

(Ord. No. 2023-03-23-0166, § 1, 3-23-23)

Sec. 6-69. Notification to register.

(a) A notice of the requirement to register in the apartment inspection program will be sent to be property owner. To avoid penalties, the owner will have ten (10) calendar days to register the structure: the ten (10) days being calculated from the date the notice is mailed, or personally delivered, to the owner or their registered agent or property manager.

(1) Such notice shall be deemed to be properly delivered if a copy is:

a. Delivered personally the owner or their registered agent or property manager; or

b. Sent by first class mail, to the owner of record at his address as it appears on the Bexar County Appraisal District records, and posting a notice in a conspicuous place in or about the structure affected by such notice.

(Ord. No. 2023-03-23-0166, § 1, 3-23-23)

Sec. 6-70. Agent—property manager required.

(a) *Property manager.* Any owner, or other person in control of an apartment complex in this program shall be required to designate a property manager who shall be physically present at the apartment complex during scheduled inspections. The property manager shall have charge, care and control of the apartment complex, and shall provide access to the apartment complex for inspection upon request by the code official within a reasonable length of time, no more than fifteen (15) calendar days from receipt of said request.

(b) *Emergency contact information.* An owner, or other person in control of an apartment complex in this program shall provide the code official with the name, street address, and telephone number of a person or persons who can be contacted twenty four (24) hours a day, seven (7) days a week, in the event of an emergency condition. An emergency condition includes any fire, natural disaster, collapse hazard, burst pipe, serious police incident, or other condition that requires an immediate response to prevent harm to property or the public.

(Ord. No. 2023-03-23-0166, § 1, 3-23-23)

Sec. 6-71. Monitoring, inspection and condition standard.

(a) The code official may inspect apartment complexes entered into this program on at least a monthly basis.

(1) Inspections of this sort shall encompass the entire premise of the apartment complex, including but not limited to appurtenances, side structures, and infrastructure; as well up to five (5) percent of the all dwelling units, and a minimum of two (2) units.

(2) This shall not restrict the code official from entering the structure or premises in other circumstances, as deemed necessary by the code official.

(b) The owner shall not prohibit, bar or obstruct entry by the code official upon the premises, or any structure therein, of an apartment complex entered into this program.

(c) Upon the request of the code official, an owner shall provide access to habited dwelling units in order to permit a complete inspection.

(1) Requests to inspect habited dwelling units shall be made by the code official within a reasonable period of time, no less than ten (10) calendar days in advance of inspection.

(d) Property manager shall be present during scheduled inspections.

(Ord. No. 2023-03-23-0166, § 1, 3-23-23)

Sec. 6-72. Graduation from the apartment inspection program.

(a) To be removed from the apartment inspection program, the apartment complex must have completely fixed all the original violations and have received no more than two (2) program points for six (6) contiguous months.

(b) Failure to cure the violations, original and subsequent, in a reasonable time will result in the apartment complex remaining in the program until such time as all cited violations are cured.

(c) If within four (4) years from the date of graduation, an apartment complex or owner who had previously successfully graduated from this program is re-enrolled in the program due to further citations, their term will be in the program for a minimum of no less than one (1) year.
(Ord. No. 2023-03-23-0166, § 1, 3-23-23)

Sec. 6-73. Violation and penalties.

(a) If an apartment complex or owner reoffends and is placed back into the program within four (4) years from the date of the completion of their last enrollment, then the minimum time that they are in the program doubles to one (1) year.

(b) The city reserves the right to enforce this ordinance by all means available, whether civil, criminal, or administratively.

(c) A violation of this article is deemed to be a class C misdemeanor, with a penalty range of a fine up to five hundred dollars ($500.00).
(Ord. No. 2023-03-23-0166, § 1, 3-23-23)

ARTICLE VIII. BUILDING STANDARDS BOARD‡

DIVISION 1. GENERALLY

Sec. 6-155.1. Building standards board [standards board] established and authority.

(a) The building standards board (BSB) is hereby established, and shall consist of fourteen (14) members. Membership of the BSB shall consist of the following:

(1) Two (2) architects, one of which shall have demonstrated experience addressing adaptive reuse of existing and historic buildings;

(2) Two (2) engineers, one of which shall have demonstrated experience addressing adaptive reuse of existing and historic buildings;

(3) Two (2) general contractors, one of which shall have demonstrated experience addressing adaptive reuse of existing and historic buildings;

(4) Two (2) social workers;

(5) Two (2) health care professionals;

(6) Two (2) retired persons over the age of sixty-four (64);

†__Editor's note—__Ord. No. 2011-12-01-0984, § 1, adopted December 1, 2011, repealed the former article VII, §§ 6-131—6-140 in its entirety, which pertained to the relocation of buildings and derived from the Code of 1959, §§ 10-71—10-78; Ord. No. 34159, §§ 1, 2, adopted March 10, 1966; Ord. No. 34429, §§ 1, 2, adopted June 9, 1966, and Ord. No. 2008-01-10-0017, § 3, adopted January 10, 2008.

For current provisions pertaining to similar subject matter, the user's attention is directed to chapter 10, building-related codes.

‡__Editor's note—__Ord. No. 2011-05-05-0354, § 3, adopted May 5, 2011 and effective January 1, 2012, changed the title of article VIII from "Dangerous buildings and distressed properties" to "Building standards board."

(7) Two (2) veterans of the United States Military; or

(8) A professional property manager who may be substituted for one general contractor and/or one social worker, for a maximum total of two (2) possible substitutions.

Appointments shall be governed by chapter 2, article IX entitled "Boards and commission rules."

(b) A panel of the BSB shall consist of seven (7) members.

(c) All cases to be heard by the BSB may be heard by a panel of the BSB.

(d) The BSB shall adopt rules of procedure in accordance with the Texas Local Government Code. City Code chapter 2, article IX entitled "Boards and commissions rules" shall apply to the BSB to the extent that it does not conflict with this article and state law. The BSB shall render all decisions and findings in writing to the citizen with copies to the Code Official.

(e) Authority of the BSB is described below in divisions 2 "Dangerous buildings procedures" and 3, "Quasi-judicial enforcement of the San Antonio Property Maintenance Code."

(f) A quorum of the BSB shall be required to call a hearing or meeting to order. For cases to be heard by the full membership of the Board and advisory meetings, a quorum shall require a majority of the Board's membership. For cases to be heard by a panel of the Board, a quorum shall require a majority of the panel's membership. Lacking a quorum, the BSB or a panel of the BSB may not take any action.

(g) A majority vote of the members voting on a matter is necessary for the BSB to take any action.

(h) Under guidance of and subject to applicable statutes and laws, the BSB shall devise its administrative procedures, review and adjust such procedures annually, and make available to any interested person, a copy of such procedures.
(Ord. No. 2011-05-05-0354, § 3, 5-5-11; Ord. No. 2011-12-15-1048, § 1, 12-15-11; Ord. No. 2013-04-18-0273, § 1, 4-18-13; Ord. No. 2015-10-29-0921, § 1, 10-29-15)

Sec. 6-155.2. Building standards board administration.

(a) Chairman and Vice Chairman. The Chairman and Vice Chairman of the full Board shall serve as the Chair of each panel.

(b) Each panel of the BSB shall select one of its members to serve as Vice-Chairman of the panel.

(c) Disqualification of member. A member shall not hear a case in which that member has a personal, professional or financial interest. Where charges are initiated against a member of the BSB, such member shall not sit as a member of the BSB during the hearing of the case. The BSB shall abide by the City Ethics Code.

(d) Secretary. The Code Official shall designate a qualified clerk from the Department to serve as Secretary to the BSB. The Secretary shall file the minutes and any records of all BSB proceedings in the office of the BSB as public records. The minutes must show the vote of each member on each question or the fact that a member is absent or fails to vote.

(e) Meetings and open hearing. Meetings of the panels shall be held at predetermined times. All hearings before any panel of the BSB shall be open to the public. The appellant, the appellant's representative, the Code Official and any person whose interests are affected shall be given an opportunity to be heard. Each Chairman may administer oaths and compel witness attendance.

(f) Postponed hearing. If there is no quorum, either the citizen or the citizen's representative, and the Code Official or designee shall have the right to request a postponement of the hearing.

(g) Terms. Appointment shall be for terms of two (2) years. A member may serve no more than two (2) consecutive two-year terms for a total of four (4) years.
(Ord. No. 2011-05-05-0354, § 3, 5-5-11; Ord. No. 2013-04-18-0273, § 1, 4-18-13)

Sec. 6-155.3. Subcommittees.

(a) *Subcommittees.* BSB may form subcommittees to advise it on specific matters. Prior to conducting public hearings on any of the nation-

ally recognized property maintenance related codes, the San Antonio Property Maintenance Code, and any associated amendments thereto, or chapter 6, article VIII, building standards board, the BSB shall form code review subcommittees and shall select a chairman for such subcommittees. The purpose of code review subcommittees is to review the newly published codes and to receive public comments on these codes and their associated amendments. The building official will provide appropriate staff support to all such subcommittees. The chairman of each code review subcommittee shall report his subcommittee recommendations to the BSB during the subsequent public hearings conducted by the board on these codes.

(1) *Subcommittee membership.* Subcommittee membership shall consist of board members and may also consist of individuals who are not appointed by the mayor and city council, "non-board members" and who are required to reside in the city. A subcommittee is required to have at least four (4) board members. Subcommittees shall have not more than six (6) board members. Any board member may sit on a subcommittee as an ex-officio member but shall not be counted as part of the quorum or be authorized to vote. The number of non-board members to the subcommittee shall be limited to the lesser of four (4) or one less than the number of board members appointed to the sub-committee. The non-board members shall be appointed by either the full board or the subcommittee on which they will serve. Non-board members shall reside in the city unless the residence requirement is waived by the BSB through the approved selection process.

(2) *Non-board member selection.* Selection of candidates to serve as a non-board member to a subcommittee will be completed as per the subcommittee selection bylaws adopted by the board.

(3) *Subcommittee quorum and voting.* A majority of the combined board members and the non-board members shall constitute a quorum. A majority of subcommittee members shall be required to approve any item before the subcommittee.

(Ord. No. 2024-08-08-0544, § 2(Att. B), 8-8-24)

Sec. 6-155.4. Administrative liability.

No officer, attorney, agent, or employee of the city shall render himself or herself personally liable for any damage that may accrue to persons or property as a result of any act required or permitted and performed in good faith in the discharge of his or her duties under this article so long as such officer, agent, or employee is acting within the scope of his or her official capacity. Any suit brought against any attorney, officer, agent, or employee of the city acting within his or her official capacity and scope, as a result of any act required or permitted and performed in good faith in the discharge of duties under this article shall be defended by the city attorney until the final determination of the proceedings therein.

(Ord. No. 2011-05-05-0354, § 3, 5-5-11; Ord. No. 2024-08-08-0544, § 2(Att. B), 8-8-24)

Sec. 6-155.5. Severance.

Should any section, clause, sentence, or provision of this article be held illegal, invalid, or unenforceable in whole or part by a final judgment of a court of competent jurisdiction, such judgment shall not affect or invalidate the remaining provisions of this article which shall be treated as having been duly legislated without inclusion of such illegal, invalid, or unenforceable section, clause, sentence, or provision.

(Ord. No. 2011-05-05-0354, § 3, 5-5-11; Ord. No. 2024-08-08-0544, § 2(Att. B), 8-8-24)

Sec. 6-156. Definitions.

BSB: Building standards board is constituted as prescribed by the Texas Local Government Code. Authority of the BSB is described in division 2 and division 3.

Business days: Work days excluding weekends, and city, state and federal holidays.

Code official: The director of code enforcement services or his designee who is charged with the administration and enforcement of this chapter.

Dangerous building: Any building or structure which has any or all of the conditions or defects hereinafter described shall be deemed to be a dangerous building and a hazard to the public health, safety, and welfare, provided that such conditions or defects of dilapidation, substandardness, or unfitness for human habitation, pose a threat or potential threat to life, health, property, or human safety.

(1) Whenever any door, aisle, passageway, stairway or other means of exit is not of sufficient width or size or is not so arranged as to provide safe and adequate means of exit in case of fire or panic.

(2) Whenever the walking surface of any aisle, passageway, stairway, or other means of exit is so warped, worn, loose, torn, or otherwise unsafe as to not provide safe and adequate means of exit in case of fire or panic.

(3) Whenever the stress in any materials, member or portion thereof, due to all dead and live loads, is more than one and one-half (1½) times the working stress or stresses allowed in the Building Code for new buildings of similar structure, purpose, or location.

(4) Whenever any portion thereof has been damaged by fire, earthquake, wind, flood, or by any other cause, to such an extent that the structural strength or stability thereof is materially less than it was before such catastrophe and is less than the minimum requirements of the Building Code for new buildings of similar structure, purpose, or location.

(5) Whenever any portion, member, or appurtenance thereof is likely to fail, or to become detached or dislodged, or to collapse and thereby injure persons or damage property.

(6) Whenever any portion of a building, any member, appurtenance, or ornamentation on the exterior thereof is not of sufficient strength or stability, or is not so anchored, attached or fastened in place so as to be capable of resisting a wind pressure of one-half (½) of that specified in the Building Code for new buildings of similar structure, purpose, or location without exceeding the working stresses permitted in the Building Code for such buildings.

(7) Whenever the building or structure, or any portion thereof, because of: (i) dilapidation, deterioration, or decay; (ii) faulty construction; (iii) the removal, movement, or instability of any portion of the ground necessary to support such building; (iv) the deterioration, decay, or inadequacy of its foundation; or (v) any other cause, is likely to partially or completely collapse.

(8) Whenever, for any reason, the building or structure, or any portion thereof, is manifestly unsafe for the purpose for which it is being used.

(9) Whenever the exterior walls or other vertical structural members list, lean, or buckle to such an extent that a plumb line passing through the center of gravity does not fail inside the middle one-third (⅓) of the base.

(10) Whenever the building or structure, exclusive of the foundation, shows thirty-three (33) percent or more damage or deterioration of its supporting member or members, or fifty (50) percent damage or deterioration of its nonsupporting members, or fifty (50) percent damage or deterioration of enclosing or outside walls or coverings.

(11) Whenever the building or structure has been so damaged by fire, wind, earthquake or flood, or has become so dilapidated or deteriorated or neglected as to become a harbor for vagrants or criminals.

(12) Whenever any building or structure has been constructed, exists, or is maintained in violation of the city's minimum housing standards or technical building codes,

to the extent violation poses a threat or potential threat to life, health, safety, or property.

(13) Whenever a building or structure is used for dwelling purposes, because of inadequate maintenance, dilapidation, decay, damage, faulty construction, arrangement, inadequate light, air, or sanitation facilities, is determined by the health director to be unsanitary, unfit for human habitation, or in such a condition that is likely to cause sickness or disease.

(14) Whenever any building or structure, because of obsolescence, dilapidated condition, deterioration, damage, inadequate exits, lack of sufficient fire-resistive construction, faulty electric wiring, gas connections, or heating apparatus, or other mechanical, structural, or social cause, is determined by the fire chief to be a fire hazard.

(15) Whenever any building or structure is in such a condition as to constitute a public nuisance known to the common law or in equity jurisprudence.

(16) Whenever any portion of a building or structure remains for any period of time on a site after the demolition or destruction of the building or structure, unless such structure has been approved for partial demolition by the BSB or the department of development services in its permitting process.

(17) Whenever any building or structure, regardless of its structural condition, is unoccupied by its owners, lessees, or other invitees and is unsecured from unauthorized entry to the extent that it could be entered or used by vagrants or other uninvited persons as a place of harborage or could be entered by children.

(18) Whenever any building or structure is secured by a means inadequate to prevent unauthorized entry or use in the manner described in condition subsection (17) above.

Distressed property: A property or premises on which there is located a building or structure believed, by an appropriate city official, to suffer from one or more of the conditions or defects described in this section and to be deserving of consideration by the BSB.

(Ord. No. 85915, § 2, 4-17-97; Ord. No. 96273, § 1, 8-29-02; Ord. No. 2011-05-05-0354, §§ 3, 5, 5-5-11)

Sec. 6-157. Declaration of nuisance.

Any building or structure which has any or all of the conditions or defects described above in section 6-156, where such condition or conditions pose a threat or potential threat to life, health, property, or human safety, is hereby declared to be a public nuisance, is prohibited as unlawful, and shall be abated according to provisions of this article VIII.

It is an offense for an owner or occupant or other person having control of the building or structure to fail to abate such public nuisance.

Therefore failure to abate such condition may also be prosecuted as a criminal misdemeanor offense. It is a further offense and unlawful for any person to cause, permit, or allow a dangerous building after the thirtieth (30th) day after the date on which the building standards board finds a condition of nuisance and orders abatement, or after such extended date as may be lawfully permitted by the building standards board.

(Ord. No. 85915, § 2, 4-17-97; Ord. No. 2011-05-05-0354, § 5, 5-5-11)

DIVISION 2. DANGEROUS BUILDINGS PROCEDURES

Sec. 6-158. Dangerous buildings or structures cases.

(a) *Authority.*

(1) The building standards board is hereby authorized to hear and decide cases relating to dangerous buildings or structures.

(2) Any panel of the BSB may hear and decide a dangerous buildings or structures case.

(3) A majority of the members of the panel must hear a dangerous buildings or structures case.

(b) *Historic structures.*

(1) Concurrent with preparation of a dangerous building or structure case for referral to the BSB, and before a hearing, the development services director or designee shall advise in writing the city's historic preservation officer of the location of the subject building or structure and the nature of the violation. Such advisement shall commence the timeframe for status determination, in lieu of an application for demolition. Within thirty (30) days of receipt of the information, the city historic preservation officer shall advise the BSB in writing whether or not the building or structure is a landmark or is in an historic district, and if neither a landmark nor in an historic district, whether or not the building or structure has historical, cultural, architectural, or archaeological significance (structure having significance).

(2) If the building or structure is a landmark, in an historic district, listed or eligible for listing in the National Register of Historical Places, or possesses historical, cultural, architectural, or archaeological significance, BSB shall ensure that an order, finding, or other action taken complies with the requirements set out in the Uniform Development Code § 35-617. Provided, however, within sixty (60) days from the date of receipt of the information from the development services director or designee, the historic preservation officer must have obtained the historic and design review commission concurrence that a building r structure having significance should be designated a landmark. Further, the structure having significance must be so designated by city council one hundred eighty (180) days after the date of receipt of the information from the development services director or designee. If any one of the deadlines set out above is not met, the BSB may presume the building or structure does not have historical, cultural, architectural or archaeological significance.

(3) In instances in which a dangerous building or structure is designated a historic landmark or located within an historic district and has not received a recommendation of demolition from the historic design and review commission, the case shall be heard by the full membership of the BSB. All quorum requirements shall be met.

(c) The BSB shall act as authorized under all applicable statutes and laws.

(d) BSB duties shall include review of the procedures for each case brought before the board to confirm notice requirements have been satisfied; conduct a public hearing as required by this article to determine whether a building is a public nuisance, and issue abatement orders. In hearing cases pertaining to distressed buildings and structures, the BSB shall regard potential for curing title and to advise, when appropriate, property owners of programs which may be available to assist in preserving buildings as affordable housing.

(e) In addition to the city's authority under the V.T.C.A., Local Government Code § 214.001(m)(n) to perform public nuisance abatement of dangerous buildings or structures and secure its costs with a lien, whenever remediation is not accomplished within the allotted time, the city shall further exercise its authority, under V.T.C.A., Local Government Code § 214.0015, additional authority, to allow the BSB to elect to have the city perform limited repairs, as described below. Assessment for repairs, notice, and recovery of the assessment shall be performed by the city in the same manner as required for the fixing, filing, and foreclosure of liens arising from city services rendered to remediate other premises violations.

(f) A building may be repaired by the city under this section, only to the extent necessary to bring the building into compliance with

minimum standards, and only if the building is a non-homestead residential building with ten (10) or fewer dwelling units.

(g) The lien, however, may be imposed against any non-homestead real property to secure payment of qualified repair, removal, or demolition expenses.

(Ord. No. 2008-10-02-0869, § 1, 10-2-08; Ord. No. 2011-05-05-0354, § 3, 5-5-11; Ord. No. 2011-09-29-0788, § 1, 9-29-11; Ord. No. 2015-10-29-0921, § 1, 10-29-15)

Editor's note—Ord. No. 2011-05-05-0354, § 3, adopted May 5, 2011 and effective January 1, 2012, changed the title of section 6-158 from "Dangerous structure determination board established; composition; public hearing authority; duties; quorum" to "Dangerous buildings or structures cases." The historical notation has been preserved for reference purposes.

Sec. 6-159. Standards for repair, vacation, or demolition; BSB review of demolition settlement.

The following standards shall guide the code compliance director in his discretion in ordering a hearing to repair, vacate, secure, and/or demolish a dangerous building and these standards shall be observed and applied by the hearing officers who comprise the building standards board.

(1) The director of development services, at his/her discretion, may allow additional time to develop a rehabilitation plan for occupied homesteads under special circumstances faced by the owner including, but not limited to, mental and/or physical hardships; age; income; length of occupancy; and veteran status.

(2) If the alleged dangerous building can be feasibly repaired or the condition remedied so that it will no longer exist in violation of the terms of this article, it shall first be ordered remedied or repaired by the hearing officers. Demolition shall be regarded as a remedy of last resort.

(3) If the building is in such condition as to make it dangerous to the health or safety of its occupants, it shall be ordered by the hearing officers to be vacated.

(4) In any case where a dangerous building is fifty (50) percent or more damaged or decayed or deteriorated in its structure, or fifty (50) percent or more diminished in its value due to damage, decay, or deterioration, a presumption shall arise that the building cannot be repaired. Such presumption may be appropriately rebutted by the weight of the evidence.

(5) Principals of sound engineering practices shall be respected.

(6) In all cases of settlement in which a responsible party enters into a voluntary demolition agreement to accept city serviced demolition, all settlement agreements shall be reviewed by the BSB prior to execution by a duly authorized city official possessing settlement authority.

(Ord. No. 85915, § 2, 4-17-97; Ord. No. 2011-05-05-0354, § 5, 5-5-11; Ord. No. 2015-10-29-0921, § 1, 10-29-15)

Editor's note—Ord. No. 2011-05-05-0354, § 5, adopted May 5, 2011 and effective January 1, 2012, changed the title of section 6-159 from "Standards for repair, vacation, or demolition; DSDB review of demolition settlement" to "Standards for repair, vacation, or demolition; BSB review of demolition settlement." The historical notation has been preserved for reference purposes.

Sec. 6-160. Additional state authority.

Under authority of V.T.C.A., Local Government Code § 214.001, subch. A. Dangerous Structures, upon hearing, a building or structure shall be ordered demolished, vacated, secured, or repaired, and/or its occupants relocated if found to be:

(1) Dilapidated, substandard, or unfit for human habitation and a hazard to the public health, safety, and welfare; or

(2) Regardless of its structural condition, but having been subject to repeated criminal enforcement efforts, unoccupied by its owners, lessees, or other invitees, the building is unsecured from unauthorized entry to the extent that it could be entered or used by vagrants or other uninvited persons as a place of harborage or could be entered or used by children.

(Ord. No. 85915, § 2, 4-17-97)

Sec. 6-161. Inspection of buildings, schools, churches, etc.

The director of code compliance or development services may inspect or cause to be inspected periodically, all public buildings, schools, halls, churches, theaters, hotels, tenements, commercial buildings, manufacturing buildings, or loft buildings, flea markets, and tents for the purpose of determining whether any conditions exist which render any such place a dangerous building or structure within this article. The director may also inspect buildings under the following conditions:

(1) Any premises, building, wall, or structure about which complaints are filed by any persons alleging that any premises or a building, wall, or structure is or may be existing in violation of this article;

(2) Any premises, building, wall, or structure, as provided for in this article, alleged by the health, fire, or police departments of this city to be in violation of the terms of this article. Good faith shall be sufficient to support the director's inspection effort.

(3) Any premises, building, wall, or structure which the director in good faith has reason to believe may be in violation of this article.

(Ord. No. 85915, § 2, 4-17-97; Ord. No. 96273, § 1, 8-29-02)

Sec. 6-162. Notice of hearing.

(a) When the director of code compliance has probable cause to believe a building or structure to be dangerous, the code compliance director shall order a public hearing before the BSB and make a diligent effort to discover and notify in writing the owner and each lienholder or mortgagee, before the public hearing. The director must make a reasonable search of the instruments on file in the office of the county clerk to find the owner. Reliance on the real property lien and tax records of Bexar County, Texas, shall be sufficient to identify mortgagees and lienholders.

(b) The pre-hearing notice to the owner shall be:

(1) Personally to the owner in writing; or

(2) By letter addressed to the owner at the owner's post office address;

(3) If personal service cannot be obtained or the owner's post office address is unknown:

a. By publication at least twice within ten (10) consecutive days; and

b. By posting the notice on or near the front door of each building on the property to which the violation relates.

(c) The pre-hearing notice to lienholders/mortgagees shall be directed to them at addresses provided by the real property tax records of Bexar County, Texas, and deposit of the notice with the United States Postal Service, first class, shall be deemed sufficient for delivery.

(d) The notice shall state:

(1) The observations of the code compliance director:

- Identifying conditions enumerated above in section 6-156 of alleged dilapidation, substandard conditions, unfitness for human habitation, and hazard to the public health, safety, and welfare; or
- In the alternative, regardless of structural condition, a building or structure is unoccupied by its owners, lessees, or other invitees and unsecured to the extent it could be, or has been, entered by vagrants or other uninvited persons as a place of harborage or could be entered or used by children, and that the building has been subject to repeated criminal enforcement efforts; and

(2) Identification of the building and the property upon which the building is located. (This identification is not required to be a legal description.); and

(3) A statement that the owner, lienholder, or mortgagee shall be required at the hearing to present proof of the scope of

any work that may be required to comply with this article and the time it will reasonably take to perform the work; and

(4) A statement that the lienholder/mortgagee, as well as the owner, is entitled to attend the hearing and shall be afforded opportunity to comment.

(e) If the city files a notice in the official public records of real property for Bexar County, Texas, pertaining to the hearing, as set forth above, the notice shall bind all subsequent holders of interest in the property, according to state law.

(f) The city is not required to furnish any further notice to a mortgagee or lienholder, other than a copy of the building standards board's order, when the city has followed the notice requirements set forth here.

(g) The order, in regard to mortgagees and lienholders, shall notify them, as set forth below at section 6-162, of the owner's obligations and shall allow an additional reasonable time for the mortgagee/lienholder to perform the order if the owner fails to do so.
(Ord. No. 85915, § 2, 4-17-97; Ord. No. 2011-05-05-0354, § 5, 5-5-11)

Sec. 6-163. Notice of building standards board—Findings and order; statutory limits on demolition time.

(a) After the hearing, the BSB shall promptly notify by certified mail, return receipt requested, the owner and any mortgagee or lienholders, of the board's order, setting forth a description of the building or structure found unsafe, a statement of the particulars which made the building or structure a dangerous building, a reasonable time for the building to be vacated, secured, repaired, removed, or demolished, and the occupants relocated, if any, and an order requiring the same to be put in such condition as to comply with the terms of this article within such length of time, not exceeding thirty (30) days as is reasonable.

Within ten (10) days after the date the order is issued, the city shall also file a copy of the order in the city clerk's office and publish once in a newspaper of general circulation within the city a notice of:

(1) Street address or legal description of the property;

(2) Date of the hearing;

(3) Brief statement of results of the hearing; and

(4) Instructions stating where a complete copy of the order may be obtained.

(b) As prescribed by V.T.C.A., Local Government Code § 214.001(h), in conducting a hearing authorized under this article and upon a finding that the building is dangerous, the BSB shall require the owner, lienholder, or mortgagee of the building to within thirty (30) days:

(1) Secure the building from unauthorized entry; and/or

(2) Repair, remove, or demolish the building, unless the owner or lienholder establishes at the hearing that the work cannot reasonably be performed within thirty (30) days.

(c) If the BSB allows the owner, lienholder, or mortgagee more than thirty (30) days to repair, remove, or demolish the building, the BSB shall establish specific time schedules for the commencement and performance of the work and shall require the owner, lienholder, or mortgagee to secure the property in a reasonable manner from unauthorized entry while the work is being performed, as determined by the BSB. V.T.C.A., Local Government Code § 214.001(l).

(d) The BSB may not allow the owner, lienholder, or mortgagee more than ninety (90) days to repair, remove, or demolish the building or fully perform all work required to comply with the order unless the owner, lienholder, or mortgagee:

(1) Submits a detailed plan and time schedule for the work at the hearing; and

(2) Establishes at the hearing that the work cannot reasonably be completed within

ninety (90) days because of the scope and complexity of the work. V.T.C.A., Local Government Code § 214.001(i).

(e) If the BSB allows the owner, lienholder, or mortgagee more than ninety (90) days to complete any part of the work required to repair, remove, or demolish the building, the BSB shall require the owner, lienholder, or mortgagee to regularly submit progress reports to the BSB to demonstrate that the owner, lienholder, or mortgagee has complied with the time schedules established for commencement and performance of the work. The order may require that the owner, lienholder, or mortgagee appear before the BSB or the director of code compliance to demonstrate compliance with the time schedules. V.T.C.A., Local Government Code § 214.004(k).

(Ord. No. 85915, § 2, 4-17-97; Ord. No. 2011-05-05-0354, § 5, 5-5-11)

Editor's note—Ord. No. 2011-05-05-0354, § 5, adopted May 5, 2011 and effective January 1, 2012, changed the title of section 6-163 from "Notice of dangerous structures determination board—Findings and order; statutory limits on demolition time" to "Notice of building standards board—Findings and order; statutory limits on demolition time." The historical notation has been preserved for reference purposes.

Sec. 6-164. Burden of proof.

In any public hearing before the BSB to determine whether a building is in violation of the conditions set forth in this article, which may result in a finding of public nuisance and an abatement order, the owner, mortgagee, or lienholder has the burden of proof to demonstrate the scope of any work that may be required to abate the nuisance and the time it will take to reasonably perform the work. This burden is imposed under authority of V.T.C.A., Local Government Code § 214.001(l).

(Ord. No. 85915, § 2, 4-17-97; Ord. No. 2011-05-05-0354, § 5, 5-5-11)

Sec. 6-165. Responsible party's failure to abate; costs.

(a) If the building or structure, subject of the BSB order, is not vacated, secured, repaired, removed, or demolished, or the occupants are not relocated within the allotted time, the city may vacate, secure, remove, or demolish the building or relocate the occupants at its own expense.

(b) If the city incurs expenses under subsection (a) above, the city may assess its costs and secure same by a lien.

(c) In the event of city serviced demolition, following review and approval by the BSB, to abate the public nuisance, the owner shall be charged and billed for the expense of demolition of the structure or building, to prepare the premises for demolition, collapse the structure, remove and dispose of all debris to a legal disposal facility, plus any handling, transportation and disposal fees incurred, including any and all costs necessary to address special or hazardous wastes, and an administrative cost of two hundred fifty dollars ($250.00) and cause the expense hereof to be assessed on the real estate, lot or lots upon which such expense is incurred.

(d) Any case referred to the BSB for consideration shall also have attached as costs all expenses incurred by the city to research ownership and mortgagee/lienholder interests, as such research is required by state law to fix enforceable orders and liens.

(Ord. No. 85915, § 2, 4-17-97; Ord. No. 2011-05-05-0354, § 5, 5-5-11; Ord. No. 2025-09-18-0629, § 2(Att. C), 9-18-25)

Sec. 6-166. Hearing proceedings.

(a) The code compliance director or his/her designee shall prepare a notice to the owner, mortgagee, or lienholder, if any, having an interest in such alleged dangerous building notifying such persons that a hearing on the matter will be heard by the building standards board at a certain time on a certain day, not less than five (5) days and not more than sixty (60) days after receipt thereof, at a city facility appropriate to public hearings.

(b) The notice shall be served by verified personal delivery to such persons or by U.S. mail, certified return receipt requested. Where any such person is a corporation, service upon an officer thereof or designated agent shall be deemed sufficient. Where such entity's or person's principal place of business is located outside of the county, service upon the person in charge of the local office shall be deemed sufficient. Such notice shall be published one time in the city's

official publication in the event any person having an interest in such premises, or their heirs, cannot be located after reasonable efforts.

(c) The code compliance director or his/her designee shall present at such hearing facts bearing on the condition of the premises, and reports may be made by personnel of the departments of fire, development services, planning, other city departments, or other appropriate agencies.

(d) Any person having an interest in the property or who may be affected by conditions of the property shall be allowed to present evidence at such hearing, in person or by attorney, regarding condition of the premises and to hear the reports of any city personnel or of any other persons who may be present. The city shall have only those obligations to notify persons or entities as prescribed by statute.

(e) The BSB may require the posting of a performance bond not to exceed ten thousand dollars ($10,000.00) to ensure performance of any formal agreement that may be reached between the city and a person having an interest in the property to accomplish the remediation contract.

(f) The remedy of this section shall be available to the city in addition to any penal or other civil remedy which the city, state or other person may have to remedy public nuisance conditions.
(Ord. No. 85915, § 2, 4-17-97; Ord. No. 96273, § 1, 8-29-02; Ord. No. 2011-05-05-0354, § 5, 5-5-11)

Sec. 6-167. Expedited cases before the BSB.

In cases where the code compliance director determines that there is sufficient danger to the life, safety, or property of any person unless a dangerous building or structure, as defined in this article, is immediately repaired or demolished, or in cases where a dangerous building or structure, as defined in this article, is located within one thousand (1,000) feet of a public or private elementary school, middle school, high school, or a state recognized day care center, the code compliance director shall commence procedures to expedite vacation and/or repair or demolition of such dangerous building or structure. All such expedited cases shall include immediate written notice to the historical preservation officer, which expedition may include a request for a temporary restraining order (TRO). The director may, at his/her option, cause immediate remediation by requesting the city attorney to file in the district court a request for a TRO authorizing emergency abatement. In a request for a TRO, made pursuant to this section, the city attorney may seek any and all relief necessary to abate the emergency except demolition of the structure. Demolition may be sought pursuant to this section, at the request and concurrence of the director of code compliance and the historical preservation officer, by action for injunctive relief if such action is deemed necessary by the city attorney. (The above notwithstanding, the city attorney may seek any and all remedies available at law or equity as necessary for abatement under section 6-175.)

In cases of buildings or structures governed by section 35-617 of the Unified Development Code, Public Safety Hazards and Emergency Securing Measures, pertaining to landmarks and structures located within an historical district, the code compliance director shall expeditiously secure the structure in question to the extent practicable with resources available to the director. The director shall thereafter inform the historic preservation officer of these steps and shall provide copies of such information on securing to members of the historic and design review commission and the BSB.
(Ord. No. 85915, § 2, 4-17-97; Ord. No. 96273, § 1, 8-29-02; Ord. No. 2011-05-05-0354, § 5, 5-5-11)

Editor's note—Ord. No. 2011-05-05-0354, § 5, adopted May 5, 2011 and effective January 1, 2012, changed the title of section 6-167 from "Expedited cases before the DSDB" to "Expedited cases before the BSB." The historical notation has been preserved for reference purposes.

Sec. 6-168. Placarding.

(a) In emergency cases the director of code compliance shall cause to be posted at each entrance to such dangerous building a notice to read: DO NOT ENTER. THIS STRUCTURE TO BE DEMOLISHED BY THE DEPARTMENT OF CODE COMPLIANCE, CITY OF SAN ANTONIO.

Such notice shall remain posted until the required demolition is completed. Such notice shall not be removed without written permission of the code compliance director, and no unauthorized person shall enter the building for any purpose. It shall be unlawful for any person who enters such premises to remove the posted notice without written permission from the code compliance director.

(b) Buildings or structures subject to BSB hearings shall be appropriately placarded at discretion of the code compliance director with warning of dangers for which the director has probable cause for concern.
(Ord. No. 85915, § 2, 4-17-97; Ord. No. 2011-05-05-0354, § 5, 5-5-11)

Sec. 6-169. Reserved.

Editor's note—Ord. No. 2011-05-05-0354, § 3, adopted May 5, 2011 and effective January 1, 2012, repealed the former section 6-169 in its entirety, which pertained to administrative liability and derived from Ord. No. 85915, § 2, adopted April 17, 1997.

Sec. 6-170. Reports of suspected dangerous buildings.

The heads of the fire, police, and other city departments shall make prompt reports in writing to the code compliance director of all buildings or structures which are, or may be suspected to be dangerous buildings or structures within the terms of this article.
(Ord. No. 85915, § 2, 4-17-97)

Sec. 6-171. Disconnecting public utilities.

The code compliance director may request that public utilities be disconnected in order that demolition or other nuisance abatement actions may be accomplished without delay in those cases where the structure is open, vacant, dilapidated, or subject to any of the conditions defining public nuisance in this article.
(Ord. No. 85915, § 2, 4-17-97)

Sec. 6-172. State authority for summarily securing unoccupied buildings.

(a) *Purpose; no emergency required.* An owner or person in control of an unoccupied building shall ensure that the building is in such condition that an unauthorized person cannot enter into it through missing or unlocked doors or windows, or through other openings into the building. The city may secure unoccupied, unsecured structures after the owner(s) fail to do so after reasonable notice, or, in the base of an unsecured, unoccupied building located within one thousand (1,000) feet or a public or private elementary school, middle school, or high school, or a state recognized day care center, at the discretion of the code compliance director, the city may secure without prior notice, as prescribed by V.T.C.A., Local Government Code § 214.0011. Subsequent notice of discretionary, summary abatement shall be provided as set forth in subsection (k)(2) below. A lien may be filed on non-homestead residential structures to assure recovery of the cost of securing.

(b) *Definition.* An unsecured, unoccupied building is hereby defined to be any structure that currently has no legitimate occupant or tenant, or is occupied by persons who have no right to possession, and which has missing or unlocked doors or windows, or other unsecured openings into the building through which an unauthorized person, including a child, could enter. Any unoccupied, unsecured building is hereby declared to be a danger to the public health and safety and a public nuisance.

(c) *Notice.* Whenever it is found that an unoccupied building is in such condition that an unauthorized person or child could enter it through missing or unlocked doors or windows or other openings, the director of development services or the fire marshal shall cause a written "Notice To Secure" to be given to the owner of the property or to any person having control over the property. Such notice shall inform the addressee that the building is a public nuisance, and must be secured in compliance with this section within ten (10) days of the receipt of the notice, or that the city has already secured the structure. The notice shall be served to the addressee by first class mail or by personal delivery, and by posting the notice on or near the front door of the building by a code compliance investigator, fireman, peace officer, or other persons authorized by the director of development services. When

the city has already secured the structure, notice shall be given no later than the eleventh day after the date the structure is secured.

(d) *Appeal.* Any property owner who believes that the development services department or the fire marshal has erroneously identified his or her structure as an unsecured, unoccupied structure, shall have the opportunity to appear before a hearing of the board charged with declaring public nuisances, in person or by attorney, to present any relevant facts as to the condition of the premises upon submitting a written request for such hearing within thirty (30) days after the structure is secured. A hearing shall be held within twenty (20) days after the date a request is filed. Details concerning the right to appeal shall appear on the notice to secure or notice of accomplished securing. The board may require the posting of a performance bond not to exceed one thousand dollars ($1,000.00) to ensure performance of any agreement that may be reached with the owner of the property in question and which results in the postponement of a pending civil order to secure and/or clean.

(e) *Offense.* It is unlawful for any building owner or person having control of any premises to cause, permit, or allow a public nuisance as defined in this article or to fail to timely comply with a notice to secure ordered by the director of development services or fire chief, given pursuant to this section. Violation shall be punishable by a fine of not less than fifty dollars ($50.00) nor more than two thousand dollars ($2,000.00). Each day's failure to comply after the expiration of the notice period shall constitute a separate offense.

(f) *City may secure structures.* If the owner fails to comply with the notice to secure, the director of development services or fire marshal may order the boarding up of all openings to the building so as to prevent entry, or the securing of the structure in any other reasonable fashion.

(g) *Method of securing.* The securing of windows, doors, or any other opening allowing access to an unsecured, unoccupied structure shall be done with such materials and technique to effectively bar entrance to the structure. Such materials include, but are not limited to, plywood, lumber, steel, replacement glass, nails, screws, and bolts. The use of cardboard, tar paper, window and door screens, or any other material that will not effectively prevent entrance shall not be sufficient to meet the requirements of this section. Upon receipt of a notice to secure, each and every accessible means of entry must be secured.

(h) *Method of cleaning.* The cleaning of an unoccupied building shall include maintenance of said structure and its lot free and clear of garbage, trash, debris, rubbish, waste, wood and metal scrap, inoperative or abandoned appliances and furniture. All weed and grass cuttings shall be removed from the premise in accordance with the provisions of chapter 14 of the City Code.

(i) *Collections and liens.* If the city secures a structure pursuant to authority granted by the Texas Local Government Code and in accordance with this article VIII, the city shall proceed to secure payment for said actual costs of securing the property plus an administrative fee of two hundred fifty dollars ($250.00) by the following:

(1) *Residential property of ten (10) dwelling units or less:* If after thirty (30) days from billing for the securing of a structure, payment in full has not been made, the city may proceed to collect the amount due including the costs of securing, plus all associated costs and fees by filing a lien to be recorded in the real estate records of Bexar County, Texas, pursuant to authority granted by law.

(2) *All other structures:* If after thirty (30) days from billing for the securing of a structure, payment in full has not been made, the city shall bring suit in a court of competent jurisdiction to collect the amount due including the cost of securing plus all associated costs and fees. The city attorney is hereby further authorized to make use of whatever legal or equitable remedies are available to collect said monies due, including filing and foreclosure of liens as appropriate.

(j) *Fee and cost payable date.* The cost of securing, plus the attendant administrative cost of one hundred fifty dollars ($150.00), shall attach and become an account receivable on the date completion of the boarding-up, fencing, or other method of securing any structure.

(k) *Other remedies available.* The remedies provided in this section shall be available in addition to others provided by law or equity. The issuance of a notice to secure or imposition of a fine pursuant to another section of this code shall not be required as a prerequisite to the initiation of abatement action, nor shall the issuance of a notice to secure or imposition of a fine under this section preclude any other or additional abatement remedies.

(l) *Danger posed by unsecured structure:*

(1) Where the director of development services finds that an unsecured building, regardless of the date of its construction, poses such a danger to public, health, safety, and welfare that in the director judgment summary abatement is necessary, or where an unsecured building is located within one thousand (1,000) feet of a public or private grammar school, middle school, or high school, or a state recognized day care center, he/she shall cause the structure to be secured and cleaned.

(2) Notice to the owner(s) shall be provided before the eleventh (11th) day, after the structure is secured, by personal service, or notice by first class U.S. Mail at the owner's post office address. If personal service cannot be obtained and the owner's post office address is unknown, notice may be performed by either publishing the notice twice within a ten-day period in a newspaper of general circulation in the county in which the building is located, or posting the notice on or near the front door of the building. The notice shall contain the information required by applicable state law, and as such law may from time to time be amended, at least: (i) a description of the building and the property on which it is located (need not be legal description); (ii) description of the violation; (iii) statement of owner's need to secure or that city has secured, as the case may be; and (iv) explanation of owner's right to request a hearing on the matter, if within thirty (30) days of securing, owner files written request for hearing. The BSB must hear the matter within twenty (20) days after the date request is filed.

(3) It shall be unlawful for any person to enter such premises or remove the posted notice without written permission from the director of development services.

(4) The city's costs may be recovered and a lien filed in the same manner as to secure city expenses incurred to remediate other premises violations.

(Ord. No. 85915, § 2, 4-17-97; Ord. No. 94581, § 4, 9-20-01; Ord. No. 96273, § 1, 8-29-02; Ord. No. 2009-09-17-0731G, § 1, 9-17-09; Ord. No. 2011-05-05-0354, § 5, 5-5-11; Ord. No. 2011-09-29-0788, § 1, 9-29-11; Ord. No. 2012-11-08-0878, § 1, 11-8-12; Ord. No. 2025-09-18-0629, § 2(Att. C), 9-18-25)

Sec. 6-173. Enforcement; appeal to district court under substantial evidence rule; lien priority.

(a) Any owner, lienholder, or mortgagee of record, aggrieved by an order of the BSB under this article VIII may file in district court a verified petition setting forth that the decision is illegal, in whole or part, and specifying the grounds of the illegality. The petition must be filed within thirty (30) calendar days after the respective dates a copy of the final decision of the BSB is mailed to them by first class mail, certified return receipt requested, or such decision shall become final as to each of them upon expiration of each such 30-calendar-day period.

(b) In any judicial contest challenging the city's rights under this ordinance, the city shall pursue recovery of its attorney's fees as allowed by the Texas Local Government Code.

(c) An aggrieved party's appeal from an order of the BSB, when made to the district court, shall be limited, according to law, to a hearing under the substantial evidence rule, where under the

court may reverse or affirm, in whole or part, the BSB's decision. Accordingly, costs may not be allowed against the city.

(d) The lien securing payment of civil penalties or the costs of repairs, removal, or demolition, as the case may be, is inferior only to any previously and duly recorded bona fide mortgage liens, as prescribed by state law. The city's lien is superior to all other previously recorded judgment liens, and shall accrue interest at the rate of ten (10) percent a year, or as allowed by law, from the date of assessment until paid in full.
(Ord. No. 85915, § 2, 4-17-97; Ord. No. 2011-05-05-0354, § 5, 5-5-11)

Sec. 6-174. Other remedies; Chapters 54 and 214, Texas Local Government Code.

Nothing is this article shall preclude the city's pursuit of any and all other remedies allowed under the civil and criminal statutes, and in equity, to address conditions which are treated in this article, under the theory of public nuisance and abatement of dangerous structures or buildings. Neither shall the city be required, nor prohibited, to issue criminal citations before, after, or during any proceeding prescribed in this article.

Specifically, in addition to provisions of this article and remedies afforded under V.T.C.A., Local Government Code ch. 214, Municipal Regulation of Structures, the city further asserts full authority to exercise its right to remedy under all provisions of the Texas Local Government Code, including, but not limited to, ch. 54, subch. B, Municipal Health and Safety Ordinances, in prosecution of civil suits for enforcement, injunctive relief, and civil penalties to remedy conditions of public concern described in this article.
(Ord. No. 85915, § 2, 4-17-97)

Sec. 6-175. Emergency demolitions.

(a) Emergency arising from sudden acts or occurrences.

(1) Where it appears to the fire chief or director of development services or their designees, that due to structural defects or conditions arising from, but not limited to, fire, accident, water damage, vandalism, or other sudden act or occurrence thereby threatening the structural integrity of a building, there is clear and imminent danger to the life, safety or property of any person unless the building is immediately demolished, either of these officials shall declare its immediate vacation and demolition. The concurrence of the director of development services shall be required prior to execution of the demolition order. Such concurrence shall include a determination that under the circumstances no other abatement procedure is reasonably available except demolition.

(2) Notice that the structure has been determined to be a clear and imminent danger to life and safety shall be issued:

a. By placard affixed to the property or by stake driven into the ground. It shall be unlawful for any person to remove the posted notice without written permission of the director and no unauthorized person shall enter the building for any purpose; and

b. By notification to the city manager or designee and office of historic preservation ("OHP").

(b) Emergency arising from long-term deterioration.

(1) Where it appears to the fire chief or director of development services, or their designees, that structural defects or conditions arising from long-term deterioration threaten the structural integrity of a building such that there is clear and imminent danger to the life, safety or property of any person unless the building is immediately demolished, either of these officials shall declare its immediate vacation and demolition. The concurrence of the director of development services shall be required prior to the execution of the demolition order. Such concurrence shall include a determina-

tion that under the circumstances no other abatement procedure is reasonably available except demolition. Upon a determination that an emergency demolition is warranted, the following actions shall be taken:

(2) Notice that the structure has been determined to be a clear and imminent danger to life and safety shall be issued:

a. By placard affixed to the property or by stake driven into the ground. It shall be unlawful for any person to remove the posted notice without written permission of the director of development services and no unauthorized person shall enter the building for any purpose;

b. Via hand-delivery to the owner(s) of record per Bexar County Appraisal District records only if the owner resides within the Bexar County jurisdictional limits;

c. By email to the council district in which the subject structure is located; and

d. By email to the city manager or designee and office of historic preservation.

(3) If the subject structure is designated a historic landmark, located in a historic district, or determined by OHP to have historical, cultural, architectural, or archaeological significance, the OHP shall take the following actions no later than seventy-two (72) hours after notice is issued:

a. Determine, in conjunction with the property owner and any relevant city officials or commissions, including but not limited to the historic and design review commission or its committees, the feasibility of securing the structure and its stabilization;

b. Notify the San Antonio Conservation Society; and

c. Notify the registered neighborhood association in which the subject structure is located.

(4) Within seventy-two (72) hours of notice, a plan of action to stabilize the structure must be presented to the director of development services. Said plan of action shall be developed by a structural engineer registered in the state.

a. If the plan is approved by the director of development services, said plan must be implemented within twenty-four (24) hours of approval.

b. If the plan is determined infeasible by the director of development services, the required affidavits shall be executed for commencement of the emergency demolition.

(5) If stabilization of the structure is begun within twenty-four (24) hours of approval, the structure shall be scheduled for the next available hearing before the board charged with declaring public nuisances for presentation of a scope of work with dates certain for completion of rehabilitation.

(c) The emergency demolition shall be executed not later than ninety-six (96) hours after the last required written concurrence is made.

(d) After execution of the emergency demolition, the officials responsible shall:

(1) File copies of the affidavits among the official records of the dangerous premises unit property case file;

(2) Provide notice to the owner and lienholders/mortgagees of record and OHP; and

(3) Advise the board at its next regularly scheduled hearing.

(e) The historical designation, location or significance of a building or structure shall not prohibit, prevent, or stay an emergency demolition of a dangerous building or structure determined to be a clear and imminent danger to the life, safety or property of any person. Demolition shall be the remedy of last resort and if the structure can be vacated and secured and feasibly

repaired or the condition remedied so that the structure shall no longer be an imminent danger it shall first be ordered.

(f) The city, as a home-rule city, adopts the foregoing emergency abatement action pursuant to V.T.C.A., Local Government Code ch. 214.002, and the powers of self-rule granted by the voters under the City Charter as authorized by the Constitution of the state.
(Ord. No. 2008-10-02-0869, § 1, 10-2-08; Ord. No. 2011-05-05-0354, § 5, 5-5-11; Ord. No. 2011-09-29-0788, § 1, 9-29-11)

Secs. 6-176, 6-177. Reserved.

Editor's note—Ord. No. 2011-05-05-0354, § 3, adopted May 5, 2011 and effective January 1, 2012, repealed the former section 6-176 in its entirety, which pertained to severance and derived from Ord. No. 85915, § 2, adopted April 17, 1997.

DIVISION 3. QUASI-JUDICIAL ENFORCEMENT OF THE SAN ANTONIO PROPERTY MAINTENANCE CODE

Sec. 6-177.1. Statutory authority.

The building standards board (BSB) derives its authority to hear and decide San Antonio Property Maintenance Code cases from V.T.C.A., Local Government Code ch. 54, subch. C (Quasi-judicial enforcement of health and safety ordinances).
(Ord. No. 2011-05-05-0354, § 3, 5-5-11)

Sec. 6-177.2. San Antonio Property Maintenance Code cases.

(a) The building standards board (BSB) is hereby authorized to hear and decide cases relating to alleged violations of the San Antonio Property Maintenance Code (SAPMC).

(b) Any panel of the BSB may hear and decide a SAPMC case.

(c) A majority of the members of the panel must hear a case.

(d) The BSB shall have no authority to waive SAPMC requirements.
(Ord. No. 2011-05-05-0354, § 3, 5-5-11)

Sec. 6-177.3. Advisory authority.

(a) The full membership of the BSB may meet to review and consider amendments to the San Antonio Property Maintenance Code and shall make recommendations to the code official for adoption thereof.

(b) A panel of the BSB does not have advisory authority.

(c) The BSB has no other advisory authority.
(Ord. No. 2011-05-05-0354, § 3, 5-5-11)

Sec. 6-178. Initiation of cases under the SAPMC.

(a) Either the code official, a property owner, registered agent, lienholder, or a person in receipt of a notice of violation of the San Antonio Property Maintenance Code may initiate a case to be brought before the BSB.

(b) Whenever the code official has inspected or caused to be inspected any building, structure, or property and has found that the building, structure, or property is in violation of the San Antonio Property Maintenance Code the code official may initiate a case to be brought before the BSB if a property owner, registered agent, lienholder, or a person in receipt of a notice of violation fails to comply with the terms of the notice within ten (10) business days after service of notice as provided by the SAPMC.

(c) A property owner, registered agent, lienholder, or a person in receipt of a notice of violation of the San Antonio Property Maintenance Code shall have a right to appeal a notice of violation based on the claim that:

(1) The true intent of this code or the rules adopted thereunder have been incorrectly interpreted; and/or

(2) There is a special individual reason that makes the strict letter of this code impractical and the alternative proposal is in compliance with the intent and purpose of the SAPMC and that the alternative proposal does not lessen health, life and fire safety requirements or that the provisions of this code do not fully apply.

(d) The appeal must be filed not later than ten (10) business days after the service of notice as provided by the SAPMC. A request for additional time to comply with the notice due to financial inability or other extenuating circumstance is not a proper basis for appeal, but can be presented to the BSB upon hearing. An appeal must contain a brief statement identifying the notice or action being appealed, describing the relief being sought, and concluding with a statement as to whether the order should be reversed, modified or otherwise set aside. Filing a timely appeal stays further city action under the notice being appealed unless, in the opinion of the code official, a delay would present an immediate danger or unreasonable risk to any person or property.

(e) This division does not affect the ability of the city to proceed under the jurisdiction of the municipal court or to seek other available civil remedies.
(Ord. No. 2011-05-05-0354, § 3, 5-5-11)

Sec. 6-179. Notice procedures.

(a) Notice of a San Antonio Property Maintenance Code (SAPMC) case hearing must be given in accordance with V.T.C.A., Local Government Code § 54.035.

(b) Notice of a SAPMC case hearing before the BSB must be given:

(1) To the person who files a timely written appeal of a notice of violation of the SAPMC;

(2) By personal delivery, by certified mail with return receipt requested, or by delivery by the United States Postal Service using signature confirmation service, to the record owners of the affected property, and each holder of a recorded lien against the affected property, as shown by the records in the office of the county clerk of the county in which the affected property is located if the address of the lien holder can be ascertained from the deed of trust establishing the lien or other applicable instruments on file in the office of the county clerk; and

(3) To all unknown owners, by posting a copy of the notice on the front door of each improvement situated on the affected property or as close to the front door as practicable.

(c) The notice of the hearing must be posted and either personally delivered or mailed on or before the tenth (10th) day before the date of the hearing before the BSB panel and must state the date, time, and place of the hearing. In addition, the notice must be published in a news paper of general circulation in the municipality on one occasion on or before the tenth (10th) day before the date fixed for the hearing.

(d) The BSB may file a notice of a hearing before the BSB panel in the Bexar County official public records of real property.
(Ord. No. 2011-05-05-0354, § 3, 5-5-11)

Sec. 6-180. Reserved.

Sec. 6-180.1. Hearing procedures.

(a) The code official or his designee shall present at a SAPMC hearing facts bearing on the alleged violation of the San Antonio Property Maintenance Code. Personnel from other city departments or governmental agencies may also present facts before the BSB.

(b) Any person owning a legal interest in the property or who may be affected by the condition of the property in question shall be allowed to present evidence at the hearing, in person or by designated representative, regarding the alleged violation of the San Antonio Property Maintenance Code.

(c) BSB members may question any witness testifying before the board.

(d) The BSB shall not be bound by the strict rules of evidence, and may exclude irrelevant, immaterial, incompetent, or unduly repetitious testimony or evidence, or any evidence that does not comply with these rules.

(e) A majority vote of the members voting on a matter is necessary for the BSB to take any action.

(f) At the conclusion of the hearing, the BSB shall determine whether the person is in violation of the SAPMC. Upon a finding that a violation exists, the BSB is authorized to:

(1) Order the repair, within a fixed period, of buildings found to be in violation of the San Antonio Property Maintenance Code;

(2) Declare a building in violation of the San Antonio Property Maintenance Code to be substandard;

(3) Order action to be taken as necessary to remedy or alleviate a violation of the San Antonio Property Maintenance Code relating to a building and property;

(4) Order or direct any peace officer of the state, including a sheriff or constable or the city chief of police, to enforce and carry out the lawful orders or directives of the BSB;

(5) Determine the amount and duration of the civil penalty.

(g) If the BSB issues any order or assesses a civil penalty, the person in receipt of a notice of violation is liable for the violation of the SAPMC and shall be responsible for compliance with the BSB order and payment of the civil penalty subject to the requirements of V.T.C.A., Local Government Code § 250.003 and their right to appeal to District Court.

(h) Except for good cause, failure to appear at a SAPMC case hearing for which proper notice has been given shall result in a finding that the person is in violation of the SAPMC subject to the requirements of V.T.C.A., Local Government Code § 250.003 and their right to appeal to District Court.
(Ord. No. 2011-05-05-0354, § 3, 5-5-11)

Sec. 6-180.2. Judicial review of SAPMC cases.

(a) Any owner, lienholder, or mortgagee of record jointly or severally aggrieved by the decision of the BSB hearing may appeal to District Court in the manner provided in V.T.C.A., Local Government Code § 54.039.

(b) If no appeals are taken from the decision of the BSB panel within the required period, the decision of the BSB is, in all things, final and binding.
(Ord. No. 2011-05-05-0354, § 3, 5-5-11)

Sec. 6-180.3. Failure to comply with a BSB order; penalties.

(a) *Criminal offense and penalty.* A person commits an offense if the person fails to comply with a final order issued by the BSB relating to a violation of the SAPMC. Each day that a person fails to comply with a final order is a separate occurrence. The maximum penalty shall be five hundred dollars ($500.00) per offense, per occurrence. Proof of a culpable mental state is not required for conviction of an offense under this chapter.

(b) *Civil offense and penalty.* A person must comply with a final order issued by the BSB relating to a violation of the SAPMC. A person who fails to comply with a final order commits a civil offense punishable by a maximum fine of one thousand dollars ($1,000.00) a day for each day of noncompliance with the order as provided by V.T.C.A., Local Government Code ch. 54. Criminal conviction under subsection (a) does not preclude assessment or enforcement of applicable civil penalty for violation of a BSB order.
(Ord. No. 2011-05-05-0354, § 3, 5-5-11)

ARTICLE IX. RETAINING WALLS*

Sec. 6-181. Purpose.

The regulations established in this article have been made in accordance with a comprehensive plan for the protection of the life, safety and property of members of the public. They have been designed to regulate the location, construction, maintenance, repair and demolition of retaining walls and the use of ground which depends upon a retaining wall for

*__Cross reference—__Fences, § 6-2.

lateral support when such retaining walls are locates so as to possibly endanger the life, safety or property of the public.
(Code 1959, § 10-91)

Sec. 6-182. Definitions.

For the purpose of this article, the following terms, phrases, words, and their derivations shall have the following meaning:

Abutting land shall mean any land which lies touching a public highway or other public place.

Director of public works shall mean the person who is performing the duties of the director of public works of the city including the duties of city engineer. The term shall include his authorized representative when not inconsistent with the context.

Impact load shall mean extra load caused by extra weight being moved unto the surface.

Premises subject to this article shall mean all premises:

(1) Which are located upon abutting land whereby filling the level of the abutting land has been or will be raised above the level of the adjoining public street or other public place, or

(2) Which are located upon lands which the members of the public are invited to enter upon or to place their personal property upon, and which has land depending upon a retaining wall for its support in order to keep the life, person or property of the public from being endangered.

Retaining wall shall mean any wall used in whole or in part to resist the lateral displacement of any material.

Supported land shall mean any land depending upon a retaining wall in whole or in part for lateral support.

Surcharge load shall mean extra load above the safe load.
(Code 1959, § 10-92)

Sec. 6-183. Construction on city property; consent required; use for private purposes prohibited.

(a) It shall be unlawful for any person to erect, place upon, or maintain for private purposes any retaining wall or part of same upon any real estate owned or controlled by the city, except by contract with or permission given by ordinance of the city council.

(b) If any person has constructed or hereafter shall construct a retaining wall which is situated in whole or in part upon real estate owned or controlled by the city, nothing contained in this article is to be construed to grant to or to recognize in anyone any right, permit, franchise or easement to use any public real estate of the city for private purposes.
(Code 1959, §§ 10-94, 10-95)

Sec. 6-184. Filling abutting land, spilling of soil.

The abutting land owner as well as any person using the abutting land shall in any case where, by filling, the level of the abutting land has been raised above the level of the adjoining public street or other public place, keep soil used in so raising the level of the abutting land off the adjoining public street or other public place. The soil may be kept off the adjoining public street or other public place by a retaining wall built and maintained on the abutting land or by sloping the abutting land so as to accomplish the same purpose.
(Code 1959, § 10-96)

Sec. 6-185. Removal of walls.

The abutting land owner as well as any person using the abutting land shall in any case where the owner and/or user desires to remove a retaining wall in whole or in part on the abutting land, which has been used to keep soil off the public street or other public place, immediately slope the

abutting land in such a manner as to keep the soil from the abutting land off the public street or other public place.
(Code 1959, § 10-96)

Sec. 6-186. Repairs to existing walls.

The abutting land owner as well as any person using the abutting land shall when making repairs to an existing retaining wall, make structurally sound repairs as needed and make the repairs in accordance with plans and specifications prepared by a registered professional engineer; the plans and specifications shall have been approved by the director of public works before a building permit will be issued on abutting land.
(Code 1959, § 10-96)

Sec. 6-187. Overloads.

It shall be unlawful for the owner and/or user of any supported land which the members of the public are invited to enter upon or to place their personal property upon, to use or permit the use of the supported land in any manner which shall cause a surcharge load to be placed thereon. Impact load, if any, shall be considered in determining whether a surcharge load is being placed upon the supported land.
(Code 1959, §§ 10-96, 10-97)

Sec. 6-188. Design, construction and maintenance of retaining walls.

(a) All retaining walls subject to the provisions of this article shall be designed, constructed and maintained to resist the maximum lateral pressure of the retained material, in accordance with accepted engineering practice, when the supported land is being subject to the maximum load which can be put upon it during its present or intended use, whichever is the greater.

(b) A new retaining wall, shall be erected with a structurally sound wall in accordance with plans and specifications prepared by a registered professional engineer; the plans and specifications shall have been approved by the director of public works before a building permit will be issued on abutting land.
(Code 1959, §§ 10-96, 10-98)

Sec. 6-189. Inspections.

(a) The director of public works shall inspect or cause to be inspected periodically all retaining walls on land abutting a public highway, street, road, sidewalk or other public place if said retaining walls are located so as to create a possible dangerous and unsafe condition imperiling life, safety, or property of anyone using the public highway, street, road, sidewalk or other public place.

(b) The director of public works shall inspect or cause to be inspected any retaining wall or premises subject to this article about which complaints are filed by any person to the effect that said premises or retaining wall is or may be existing in violation of this article.

(c) The director of public works shall also inspect or cause to be inspected any retaining wall or premises subject to this article which he has reason to believe may be in violation of this article.
(Code 1959, § 10-102)

Sec. 6-190. Notice of dangerous premises.

(a) The director of public works shall notify in writing the owner, occupant, lessee, mortgagee, agent and all other persons known by him to have an interest in said premises at last known address as shown by the records of the assessor-collector of taxes of the city, of any premises found by him to be dangerous premises within the standards set forth in section 6-192 of this article, that:

(1) The owner must repair or replace with a structurally sound wall, or demolish the retaining wall in accordance with the terms of the notice and this article;

(2) The owner, occupant or lessee must remove immediately sufficient of the load on the supported land to prevent the retaining wall from imperiling the life, safety or property of any member of the public; and when necessary erect a permanent barricade to prevent the retaining wall from being overloaded;

(3) The mortgagee, agent, or other persons having an interest in the premises may at

his own risk repair or replace with a structurally sound retaining wall, or demolish the retaining wall or have such work or act done in accordance with the terms of the notice and this article; provided, that any person notified under this subsection to repair or replace with a structurally sound wall, or demolish the wall, or to vacate sufficient of the load on the supported ground of the retaining wall to relieve any overload upon the retaining wall shall be given any reasonable time, not exceeding thirty (30) days, as may be necessary to do or have done, the work or act required by the notice provided for herewith.

(b) The director of public works shall set forth in the notice provided for in subsection (a) a description of the premises deemed unsafe, a statement of the particulars which make the premises a dangerous premises and an order requiring the same to be put in such condition as to comply with the terms of this article within such length of time, not exceeding thirty (30) days as is reasonable.
(Code 1959, § 10-102)

Sec. 6-191. Compliance with notices.

(a) If the owner, occupant, mortgagee, or lessee fails to comply with the notices Provided in section 6-190 within the time given in the notice, the director of public works shall report the condition to the city attorney giving him a full report including a copy of the notice described in said section 6-190.

(b) The city attorney shall then take appropriate action to secure compliance with the order of the director of public works and to abate the nuisances involved.
(Code 1959, § 10-102)

Sec. 6-192. Definition of dangerous premises.

All premises subject to this article which have one (1) or more of the following defects or conditions shall be deemed a dangerous premises:

(1) Any retaining wall which lists, leans, or buckles to such an extent that a plumb line passing through the center of gravity falls outside the middle third of its base or foundation, and which may reasonably be expected to fall, in whole or in part, and injure members or property of any member of the public.

(2) Any retaining wall which has become damaged or deteriorated to the extent that it may reasonably be expected to fall, in whole or in part, and injure members or property of any member of the public.

(3) Any retaining wall which was built or repaired in a manner which furnishes insufficient lateral support for the load placed thereon by any purpose for which it is used.

(4) Any retaining wall which for any reason not heretofore mentioned is unsafe or dangerous to the life, safety or property of any member of the public.

(5) Any property in which the supported land is subject to surcharge and/or impact load or loads in excess of the safe load of the retaining wall involved which upon collapse of the wall in whole or in part, would endanger the life, safety or property of any member of the public.

(6) Any property on which there is an earth bank which upon collapse, in whole or in part, would endanger the life, safety, or property of any member of the public.
(Code 1959, § 10-99)

Sec. 6-193. Dangerous premises declared nuisance.

All dangerous premises within the terms of section 6-192 of this article are declared to be public nuisances, and shall be abated as provided herein.
(Code 1959, § 10-100)

Sec. 6-194. Standards for repair, vacation or demolition.

The following standards shall be followed in substance by the director of public works in ordering repair, vacation, and/or demolition:

(1) If the retaining wall can be feasibly repaired or the condition remedied so that it

will no longer exist in violation of the terms of this article, it shall be ordered remedied or repaired.

(2) If the retaining wall is in such condition as to make the use of the supported land dangerous to the life or safety of any member or property of the public, the supported land shall be ordered vacated back to a point where its use does not constitute a threat to the life, health or property of any member of the public.

(3) If the retaining wall was originally constructed or has been repaired in such a manner as to constitute a threat to the life, safety or property of any member of the public, it shall be ordered remedied or repaired, if economically feasible, otherwise it shall be ordered demolished.

(Code 1959, § 10-101)

Sec. 6-195. Expenses of construction, repair or demolition.

The entire expenses of the construction, repair or demolition of any retaining wall located on premises subject to this article shall be borne by the owner of the premises. The city is under no obligation to pay any part of the costs of the construction, maintenance or demolition of such retaining wall.

(Code 1959, § 10-104)

Sec. 6-196. Violations, penalty.

(a) It shall be unlawful for any owner, occupant, lessee, agent or any other person to erect, construct, enlarge, alter, repair, move, improve, remove, demolish, or use a retaining wall contrary to or in violation of any of the provisions of this article.

(b) Any person violating any of the provisions of this article shall be deemed guilty of a misdemeanor, and each such person shall be deemed guilty of a separate offense for each day or portion thereof during which any violation of any of the provisions of this code is committed, continued or permitted, and each violation shall be punishable in accordance with section 1-5.

(Code 1959, § 10-103)

Secs. 6-197—6-210. Reserved.

ARTICLE X. RESERVED*

Secs. 6-211—6-289. Reserved.

ARTICLE XI. ASBESTOS HEALTH PROTECTION SURVEY

Sec. 6-290. Definitions.

The following words, terms and phrases, are defined for purposes of this article as follows:

Asbestos survey shall mean an inspection of a building or facility to determine the location, quantity, and condition of asbestos containing material (ACM) therein by taking samples for analysis or by visual inspection.

Commercial building shall mean all buildings, including, but not limited to, institutional, public, and industrial structures which are not otherwise defined herein as residential buildings; however, the term specifically excludes:

(a) An industrial facility to which access is limited principally to employees of the facility because of processes or functions that are hazardous to human safety or health;

(b) A state or federal building or installation (civilian or military);

(c) A private residence;

(d) An apartment building or residential complex with no more than four (4) dwelling units;

(e) A manufacturing facility or building that is limited to workers and invited guests under controlled conditions; or

(f) A building, facility, or any portion thereof which has been determined to be struc-

*__Editor's note—__Ord. No. 2011-05-05-0354, § 1, adopted May 5, 2011 and effective January 1, 2012, repealed the former article X, divisions 1—3 in its entirety, which pertained to commercial and industrial buildings and derived from the Code of 1959, §§ 10A-1—10A-9, 10A-16—10A-29, 10A-36—10A-48, 10A-56—10A-64, and Ord. No. 2008-01-10-0017, § 3, adopted January 10, 2008.

turally unsound and in danger of imminent collapse by a professional engineer, registered architect, or a city, county, or state government official.

[Clarification comment (this comment does not have force of law): The above definition for commercial building meets the state's criteria for a "public building." By way of example, and not limitation, the structures regulated by this article as commercial buildings include any institutional, i.e., school, religious gathering place, industrial, or commercial trading place, including prisons and similar buildings.]

Demolition shall mean operations in which load-bearing structural members of a building are wrecked or removed.

Multiunit residential complex shall mean an apartment, condominium, hotel/motel or other complex or facility used, intended, or capable of

being used for domestic occupation; including temporary or transient lodging, which complex possesses five (5) or more units.

Person shall mean any individual, partnership, company, association, trust, foundation, governmental subdivision or agency, or any other entity recognized by law whether operated for profit or not for profit.

Renovation shall mean additions to or alterations beneath the interior surfaces of a commercial building or multiunit residential complex for purposes of repair or restoration by removal, repairing, and/or rebuilding, or other activity intended to or likely to disturb or dislodge asbestos present in a structure.

Residential building shall mean a single family dwelling, or a residential complex or apartment complex with four (4) or less units used or capable of being used for human habitation, all being categories of structures excluded from provisions of this article.
(Ord. No. 89710, § 1, 5-6-99)

Sec. 6-291. Applicability.

Prior to the issuance of a permit to any person for the renovation or demolition of any commercial building or multiunit residential complex within the city limits of the City of San Antonio, an asbestos survey shall be conducted of the areas to be renovated or demolished.
(Ord. No. 89710, § 1, 5-6-99)

Sec. 6-292. Application to otherwise exempt residential structure.

An asbestos survey shall not be required prior to the issuance of a permit for the renovation or demolition of an otherwise exempt residential building, as defined within this article, unless the renovation or demolition involves two (2) or more contiguous residential building sites which are part of a commercial or public project such as an urban renewal project, a highway construction project, a project to develop a shopping center or mall, the construction of an industrial facility or other large private development.
(Ord. No. 89710, § 1, 5-6-99)

Sec. 6-293. Transfer of property to and from city; contractual discretion.

The city's duly authorized representative, within the affected department, shall ensure performance of an asbestos survey on both residential buildings and commercial buildings, as defined within this article, in either of the following events: (1) prior to the sale or lease of any such building owned by the city to any person, and (2) prior to the sale or lease of any building by any person to the city. The city's management designee has recognized authority to exercise negotiation discretion to determine whether the city or the other party to the agreement shall bear asbestos survey expense. Nothing in this article shall be construed to diminish staff negotiation discretion for the city's benefit. This section expresses a voluntary commitment by the city to asbestos management and is not subject to criminal enforcement.
(Ord. No. 89710, § 1, 5-6-99)

Sec. 6-294. Previous survey; imminent danger.

An asbestos survey shall not be required under section 6-291, 6-292, or 6-293 if the commercial or residential building to be demolished, renovated, sold, or leased has been previously surveyed and satisfactory evidence of such survey is provided to the building official or the city management person designated to negotiate on behalf of the city, as the appropriate case may be. Additionally, an asbestos survey shall not be required if the building is determined to be in imminent danger of collapse or structurally unsafe to enter as prescribed by the city's dangerous structures and distressed properties ordinance, article VII, chapter 6 of this Code of Ordinances, or under the city's summary abatement authority. Unless an exigency is present, requirements of this article shall not be waived.

[Explanatory Note: The city's dangerous buildings and distressed properties ordinance, codified at chapter 6, article VIII, sections 6-156, et seq., also explains demolition procedures for dangerous structures when imminent danger is not present.]
(Ord. No. 89710, § 1, 5-6-99)

Sec. 6-295. Licensed surveyor.

Any asbestos survey required herein shall be conducted by an individual licensed by the state to perform an asbestos survey. The responsibility for accomplishment of the asbestos survey shall be upon the person seeking a permit and upon the owner of the property when the permit seeker is an agent or contractor. The cost of the asbestos survey under section 6-293 shall be borne by the seller or lessor, as may be contractually agreed.
(Ord. No. 89710, § 1, 5-6-99)

Sec. 6-296. Criminal offense; public nuisance; penalties.

No permit for demolition or renovation shall be issued without an asbestos survey as required herein as pertains to commercial and public buildings meeting the applicable definition requirements of this article. It shall be unlawful for any person to commence, conduct, or continue demolition or renovation operations without a permit as required under sections 6-291 and 6-292. Violators shall be deemed to have committed a Class C Misdemeanor criminal offense, and shall be subject to a fine of no less than one hundred dollars ($100.00) nor more than one thousand dollars ($1,000.00) for each violation. Each day a violation continues shall be deemed a separate offense. Commission of renovation or demolition in violation of this article, without benefit of an asbestos survey, is hereby declared to be commission of a public nuisance, deemed to pose a threat to the public health, safety, and welfare, and is prohibited as unlawful. It is also an offense for an owner, occupant, or other person having control of a building or structure to fail to cease or fail to cause to cease acts of demolition or renovation occurring, or threatening to occur, in violation of this article. The city reserves to itself all remedies, at law and in equity, which may be cumulative to the criminal law, to treat violations of this article; the city shall be neither required to issue nor prohibited from issuing criminal citations before, during, or after any civil proceeding to enforce this article.
(Ord. No. 89710, § 1, 5-6-99)

Sec. 6-297. Administrative penalty and referral to state department of health.

Violation of this article shall not be remediated or cured solely by imposition of an administrative fee, for late permit application, upon the person who failed to secure an asbestos survey. Any violation or apparent violation of this article shall be noticed to the Texas Department of Health.
(Ord. No. 89710, § 1, 5-6-99)

Secs. 6-298—6-315. Reserved.

ARTICLE XII. UNIVERSAL DESIGN AND CONSTRUCTION REQUIREMENTS FOR NEW SINGLE FAMILY HOMES, DUPLEXES AND TRIPLEXES BUILT WITH FUNDS ADMINISTERED BY THE CITY OF SAN ANTONIO*

Sec. 6-316. Universal design and construction requirements.

If a person receives financial assistance from city, state, or federal funds administered by the city for the construction of new single family homes, duplexes, or triplexes, that person shall construct the units in accordance with all other city codes and the following requirements.

(1) At least one entrance shall have a 36-inch door and be on an accessible route. (An accessible route is a continuous, unobstructed path at least thirty-six (36) inches wide connecting all interior and exterior elements and spaces of a house and site including corridors, parking, curb ramps, crosswalks and sidewalks and served by a no-step, flat entrance with a beveled threshold of one-half-inch or less).

(2) All interior door openings shall provide an unobstructed path no less than that provided by a 32-inches wide door, except for a door opening that provides access to a closet of fewer than fifteen (15) square feet in area.

(3) Each hallway shall have a width of at least thirty-six (36) inches and shall be level or with ramped or beveled changes at each door threshold.

---

*__Editor's note—__Ord. No. 95641, § 1, adopted April 18, 2002, enacted provisions intended for use as art. XII, §§ 6-300—6-303. To preserve the style of this Code, and at the discretion of the editor, said provisions have been redesignated as art. XII, §§ 6-316—6-319.

(4) All bathrooms shall have the walls reinforced around the toilet for potential installation of grab bars. Walls around the shower and tub shall be reinforced for potential installation of grab bars or a pre-manufactured tub and shower surround may be used which includes grab bar(s) certified to meet the ADA requirement to bear a 250-pound load. Wall reinforcements shall comply with the standards set forth in requirement 6, Reinforced Walls For Grab Bars of the Fair Housing Act Design and Construction Guidelines; Federal Register/Volume 56 No.44/Wednesday, March 6,1991/Rules and Regulations, a copy of which is available for inspection at the office of the City Clerk.

(5) Each electrical panel, light switch or thermostat shall be mounted no higher than forty-eight (48) inches above the floor. Each electrical plug or other receptacle shall be at least fifteen (15) inches from the floor.

(6) An electrical panel located outside the dwelling unit must be between eighteen (18) inches and forty-two (42) inches above the finished grade and served by an accessible route.

(7) All hardware installed to open/close doors and operate plumbing fixtures shall be lever handles.

(Ord. No. 95641, § 1, 4-18-02)

Sec. 6-317. Applicability.

(a) This article applies to the construction of all new single family homes, duplexes or triplexes, for which an application for financial assistance from the city or its agents is received and for which a building permit will be issued under the city building code after the effective date of the ordinance from which this article derives.

(b) City financial assistance covered by this article includes but is not limited to:

(1) Contractual agreements involving a city-funded program or fund, including the San Antonio Housing Trust Foundation, Inc. or similar programs;

(2) Real estate purchase, lease, fee waiver, tax phase in, tax abatement;

(3) Donation of land by the city or its agents;

(4) Disbursement of federal, state, or city construction funds, for example but not limited to, U.S. Department of Housing and Urban Development funds such as Community Development Block Grant Program (CDBG) funds, Housing Investments Partnership Act (HOME Program) funds, and Housing Opportunities for Persons With Aids Program funds, and funds disbursed under the Federal Emergency Management Act; or

(5) Tax Increment Financing in a Tax Increment Reinvestment Zone established in accordance with the Tax Increment Financing Act.

(Ord. No. 95641, § 1, 4-18-02; Ord. No. 96621, § 11, 10-24-02)

Sec. 6-318. Waiver of exterior accessibility requirements.

(a) The director of development services or his designee may only grant modifications or an exemption to the requirements of this article regarding full compliance with exterior path of travel on an individual case-by-case basis. The criteria for granting a modification or exemption are as follows:

(1) The lot rises or falls so steeply from the street that a maximum 1:12 slope cannot be achieved without extensive grading; and

(2) No vehicular access to the back of the house will be available by means of an alley.

(b) Appeals of orders, decisions or determinations made by the director of development services may be made to the building and fire code board of appeals.

(Ord. No. 95641, § 1, 4-18-02)

Sec. 6-319. Implementation.

(a) A copy of the ordinance from which this article derives and attachments shall be included in city contracts funding the new construction of

single family homes, duplexes and triplexes entered into by the city or its agents, for example but not limited to, the San Antonio Housing Trust Fund, the department of housing and community development and the community initiatives department.

(b) Architects and builders shall:

(1) Clearly stamp or print "Universal Design" on plans submitted in accordance with this article;

(2) Clearly identify design elements complying with section 6-315 and attached to city funding contracts; and

(3) Certify that the plans comply with the requirements of this article.

(c) Plan checking, construction inspections and enforcement shall be accomplished by the development services department in accordance with existing procedures.

Secs. 6-658, 6-659. Reserved.

ARTICLE XVI. NAMING OF CITY FACILITIES AND STREETS**

DIVISION 1. GENERALLY

Sec. 6-660. Definitions.

The following definitions shall apply within this article:

Committee shall mean a body existing to perform the functions of this article consisting of, unless otherwise decided and appointed by the city council, a community representative from each district in which the facility is located who would otherwise be noticed under this article to be appointed by the councilmember for that district and all heads of departments to which the facility belongs.

Facility shall mean anything that is built, constructed, installed, grown, or established to serve or facilitate some city purpose or function. This shall include but is not limited to public recreational and sports buildings and areas, community centers, fire and police stations, office buildings, theaters, parks, hiking or nature trails,

‡__Editor's note—__Ord. No. 2011-12-01-0984, § 1, adopted December 1, 2011, repealed the former article XV, §§ 6-658 and 6-657 in its entirety, which pertained to the International Energy Conservation Code, and derived from Ord. No. 2007-01-11-0069, §§ 1, 2, adopted January 11, 2007; Ord. No. 2009-03-12-0179, § 3, adopted September 21, 2006, and Ord. No. 2009-05-21-0427, § 1, adopted May 21, 2009.

For current provisions pertaining to similar subject matter, the user's attention is directed to chapter 10, building-related codes.

**__Editor's note—__Ord. No. 2011-03-31-0239, § 1, adopted March 31, 2011, amended article XVI in its entirety to read as herein set out. Formerly, article XVI, division 1—3, pertained to similar subject matter, and derived from Ord. No. 2007-08-30-0913, § 2, adopted August 30, 2007, and Ord. No. 2007-12-13-1327, § 4, adopted December 13, 2007.

refuges, convention centers, bridges, fountains, gardens, or gazebos. Facility shall not include a street.

Property owner shall mean the person shown on the Bexar County Appraisal District's real property ad valorem tax rolls as the responsible party for payment of property taxes.

Significant reason shall mean a thoughtful, important, notable, or meaningful explanation or justification for an action.

Street shall mean any public roadway within the city limits.

UDC shall refer to chapter 35 of the City Code.
(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

Sec. 6-661. Exclusions.

This article shall not apply to the naming of library facilities in accordance with the City's Charter. A library facility shall be named in accordance with the process established by the city's public library system's board of trustees.
(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

Sec. 6-662. Choices of names.

(a) In all cases, the name choice should reflect and be appropriate to the type of facility, the facility's location, and the character and history of the particular community in which it exists.

(b) If the name is to honor a living person, caution should be exercised to ensure that the person is of such a character that the name shall still hold honor upon that person's death.

(c) Although the choices for a name are unlimited, names generally should be chosen to reflect:

(1) The location or geographical area or feature;

(2) Memorials to national or state leaders or public figures;

(3) Memorials to San Antonio or local leaders or persons;

(4) Mascots or characters of local folklore and fiction;

(5) Events or affairs of historic significance (battles, treaties, disasters);

(6) Ideals or goals (unity, harmony, patriotism);

(7) Significant causes (independence, suffrage, equality);

(8) Facilitators or benefactors of the property or facility;

(9) Traditional names for that type of facility (numbers for fire stations, locations for police stations).

(d) Any change of a facility's existing name should be done only for a significant reason which includes honoring a person, place, institution, entity or event.
(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

[The next page is 493]

[This page intentionally left blank.]

DIVISION 2. CHOOSING INITIAL FACILITY NAMES

Sec. 6-663. Commencement of process for naming of facility and specific areas; suggestion of initial name.

(a) The process to choose the initial name of any facility shall begin before the facility's completion upon presentment of a letter suggesting such to the city clerk.

(b) Specific rooms, areas, or other parts of a facility may be named individually before or after the completion of a facility.

(c) The name(s) shall be suggested to the committee by:

(1) City staff;

(2) The councilmember in whose district it is located; and/or

(3) A community representative.

(d) A facility naming fee shall not be required upon presentment of a letter to the city clerk. Estimated sign costs shall be collected prior to committee consideration.

(e) Signage shall complement the architecture and design of the building.

(f) The suggested name(s) shall be given to the city clerk who shall then deliver it to all appropriate councilmember and department head committee members.
(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

Sec. 6-664. Committee procedure for selecting facility name; submission of name to city council.

(a) Once the city clerk has forwarded the initial name submission, the committee shall designate the date for its public hearing to consider the suggested facility name within thirty (30) days of its receipt. The committee may consider the naming of multiple facilities, rooms or parts of facilities within its member's jurisdiction during one (1) meeting.

(b) Upon designating the date for public hearing, the committee shall immediately cause notice to be served:

(1) By mail to all residents or businesses within a 200-foot radius of the facility to be named, and

(2) By public service announcements, press releases, and other appropriate community bulletins to the entire city.

(c) The date the committee shall meet to consider the suggested facility name shall not be more than ninety (90) days from the date of receipt of the suggested name nor be less than forty-five (45) days from the date the notice is mailed.

Example: The committee receives a facility name request on day one (1) but does not choose a hearing date until day thirty (30). This hearing date may not be later than day ninety (90) as calculated from the date of receipt. Further, the committee may not set the hearing date until day seventy-five (75) if it is assumed that the notice is mailed on day thirty (30) because the hearing date cannot be less than forty-five (45) days from the date the notice is mailed.

(d) The committee shall meet on the designated date to consider the submitted name(s). This meeting shall be open to the public and time shall be allowed for public comment. The committee shall either approve the submitted name and forward to city council or reject the submitted name.

(e) Within ten (10) working days, the committee shall forward in writing both the submitted name and its rationale for approving it to city council. No name shall be forwarded unaccompanied by the committee's rationale.
(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

Sec. 6-665. Contents of notice.

(a) Notices for facility choice of name shall contain:

(1) A statement explaining the process to name a facility, room, or part of a facility; and,

(2) The submitted name(s); and,

(3) A description of what is to be named and its general location; and,

(4) Any submitted reason for the name(s), if applicable; and,

(5) The date, time, and place of the meeting to consider the suggested name(s); and,

(6) A statement that the meeting shall be open to the public and shall provide time for public comment; and,

(7) Information directing that any written response in favor of or against a submitted name may be sent to a named point of contact at a corresponding mailing address up until and including the scheduled committee hearing date. For calculation purposes of the two-thirds (2/3) responses in subsection 6-666(b), only those responses postmarked on or prior to the hearing date shall be considered.

(b) If the naming of more than one (1) facility, room, or part of a facility is to be considered at one (1) meeting, the information required by subsection (a) above, for each individual facility, room or part of a facility to be considered at that meeting may be included in one (1) notice.

(c) It shall be the responsibility of the department(s) to which the facility belongs to ensure proper delivery and content of all notices under this article.
(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

Sec. 6-666. City council action.

(a) The name chosen and submitted by the committee shall be considered by the city council as soon as practical. The city council shall adopt or reject the name. Should the city council adopt the name, the committee's written rationale shall be kept for historical reference.

(b) If two-thirds (2/3) of the responses to the committee's written notice of a suggested name are against the suggested name, eight (8) votes of the city council members shall be required in order to adopt the suggested name.
(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

DIVISION 3. CHANGING THE NAME OF A FACILITY

Sec. 6-667. Commencement of process for renaming a facility and specific areas; suggestion of new name.

(a) A request to change the name of a facility shall be filed with the office of the city clerk who shall follow procedures as directed by division 2 of this article.

(b) Specific rooms, areas, or other parts of a facility may be renamed individually.

(c) Once filed and complete, the city clerk shall deliver it to all appropriate council members and department-head committee members.

(d) The request to change the name of a facility shall be complete upon submitting:

(1) The current official facility name; and,

(2) The proposed new facility name; and,

(3) The name, address, and telephone number of each person, group, agency, or entity requesting the facility name change; and,

(4) The names, addresses, and telephone numbers of all of the property owners, residents, businesses, and tenants located within two hundred (200) feet of the facility in favor of the name change.

(5) Fees. Fees shall consist of:

a. Request fee.

b. Estimated facility sign replacement cost.

c. The projected notification fee(s).

(e) The requesting party, other than the city, shall pay the required fees.
(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

Sec. 6-668. Committee procedure for approving name change; submission of name to city council; bypassing committee review.

(a) Under no circumstances shall a facility name change request bypass the committee.

(b) Committee review and recommendation.

(1) Time limitations shall not exceed ninety (90) days total from the time the application is complete to submitting a name to the city council. For computation purposes, the 90-day period begins when the application is complete. The department has fifteen (15) days to forward the completed application to the committee.

(2) Once the public hearing date has been chosen, the department shall immediately cause notice to be served:

a. By mail to all residents or businesses within a 200-foot radius of the facility to be named, and

b. By public service announcements, press releases, and other appropriate community bulletins to the entire city.

(3) A period of at least fifteen (15) days shall be required in order to give the department sufficient time to provide notice.

(4) The committee shall meet on the designated date to consider the submitted name(s). This meeting shall be open to the public and time shall be allowed for public comment. The committee shall either approve the submitted name and forward to city council or reject the submitted name. Should the committee reject the submitted name, estimated sign costs shall be reimbursed.

(5) Within thirty (30) days of concluding that the name should be changed, the committee shall submit in writing both the submitted name and its rationale for the choice to city council. No name shall be submitted unaccompanied by the committee's rationale.

(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

Sec. 6-669. Contents of notice.

Notices for renaming facilities shall contain the following:

(1) A statement explaining the process to rename a facility, room, or part of a facility; and,

(2) The submitted name(s); and,

(3) A description of what is to be renamed and its general location; and,

(4) Any submitted reason for the name(s), if applicable; and,

(5) The date, time, and place of the meeting to consider the submitted name(s); and,

(6) A statement that the meeting shall be open to the public and shall provide time for public comment.

Information directing that any written response in favor of or against a submitted name change may be sent to a named point of contact at a corresponding mailing address up until and including the scheduled committee hearing date. For calculation purposes of the two-thirds (⅔) responses in subsection 6-666(b), only those responses postmarked on or prior to the hearing date shall be considered.

a. If the renaming of more than one (1) facility, room, or part of a facility is to be considered at one (1) meeting, the information required by subsection (a) above, for each individual facility, room or part of a facility to be considered at that meeting may be included in one (1) notice.

b. It will be the responsibility of the department(s) to which the facility belongs to notify the property owners, residents, tenants and businesses located within two hundred (200) feet of the facility. There shall be a notification period of thirty (30) days before the name change is sent to city council. This will afford the recipient the opportunity to notify the department(s) of their support of, or opposition to, the facility name change. The department shall not issue an owner/resident/business notification unless the applicant has paid all required fees.

(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

Sec. 6-670. Required fees for renaming facilities.

An applicant, other than the city, shall pay for facility renaming signage. Signage shall complement the architecture and design of the building. All required fees are to be paid to the department at the time of application; otherwise, the application will be considered incomplete and rejected.
(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

Sec. 6-671. City council action.

Prior committee review and submittal:

(1) The committee shall forward the submitted name to the city council as soon as practical, but in no case more than thirty (30) days after consideration. Subject to subsection 6-671(2) below, the city council shall adopt or reject the name. Should the city council adopt the name, the committee's written rationale shall be kept for historical reference. Should the city council reject the submitted name, the process is over.

(2) If two-thirds (⅔) of the responses to the committee's written notice of a suggested name are against changing the existing name, nine (9) votes of the city council members shall be required in order to adopt the suggested name.

(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

DIVISION 4. NAMING OF CITY STREETS

Sec. 6-672. Choices of names.

(a) In all cases, the name choice should reflect and be appropriate to the street's location and the character and history of the particular community in which it exists.

(b) If the name is to honor a living person, caution should be exercised to ensure that the person is of such a character that the name shall still hold honor upon that person's death.

(c) Although the choices for a name are unlimited, names generally should be chosen to reflect:

(1) The location or geographical area or feature;

(2) Memorials to national or state leaders or public figures;

(3) Memorials to San Antonio or local leaders or public figures;

(4) Mascots or characters of local folklore and fiction;

(5) Events or affairs of historic significance (battles, treaties, disasters);

(6) Ideals or goals (unity, harmony, patriotism);

(7) Significant causes (independence, suffrage, equality);

(8) Facilitators or benefactors of the property.

(d) Change of a street's existing name should be done only for a significant reason. A significant reason for a street name change includes the following:

(1) To establish continuity of a street name.

(2) To eliminate duplication of name spelling or phonetics.

(3) To correct a misspelling.

(4) To enhance ease of location.

(5) For consistency with the street numbering system designation, including compass direction.

(6) To provide a necessary roadway designation, including: "street," "road," "lane," "circle," "drive," or "boulevard".

(7) To honor a person, place, institution, group, entity, or event.

(8) To enhance a neighborhood through the association of a street name with its location, area characteristics, and history.

(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

DIVISION 5. CHOOSING INITIAL STREET NAMES

Sec. 6-673. Commencement of process for naming a new street.

(a) In no circumstances shall a street have or be given a name that is not in accordance with article V of the UDC.

(b) New streets shall have the name chosen by their developer, pursuant to article V of the UDC.
(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

DIVISION 6. CHANGING THE NAME OF STREET

Sec. 6-674. Commencement of the process for changing the name of a street and/or adding the designation of a memorial name.

(a) An application to change the name of a street or adding a memorial name designation shall only be filed with the development services department by:

(1) A member of the city council;

(2) The director of development services, if it is determined that the street name change is in the best interest of the health, safety, welfare, and public convenience and safety of the citizens of San Antonio;

(3) One of the following located on the subject street:

a. A group;

b. An agency;

c. A business;

d. An owner of property; or

(4) An officer or authorized representative of a governmental subdivision, agency, or department.

(b) The official application shall be on a form prescribed by the development services department. A complete application shall consist of:

(1) The official application form, and

(2) Required fees (see section 6-677).

(c) In addition to the official application, the following shall be submitted:

(1) The name and address of all owners of property affected by the name change. The applicant shall submit this information for the purposes of official notification. The development services department shall verify the list of owners of property. An incorrect notification list shall cease the case until such time that a correct list is submitted by the applicant.

(2) A copy of the complete application shall also be submitted to the Office of Historic Preservation so that a review as provided in subsection 6-675(c) may commence.

(d) There shall be an application completeness review that shall take no longer than ten (10) business days.

(e) From the date of the respective city council action, a segment of street that city council has approved for change of name or addition of memorial designation may not be altered for a period of five (5) years.
(Ord. No. 2011-03-31-0239, § 1, 3-31-11; Ord. No. 2011-12-15-1049, § 1, 12-15-11; Ord. No. 2017-05-04-0296, § 1, 5-4-17)

Sec. 6-675. Administrative review.

(a) The development services department shall distribute copies of the application for review and comment to:

(1) Every city department.

(2) The United States Postal Service.

(3) Bexar County.

(4) Bexar Metro 9-1-1 Network.

(5) Applicable School District(s).

(6) City Public Service Energy.

(7) San Antonio Water System.

(8) BexarMet Water System.

(9) Texas Department of Transportation.

(10) Any other department or entity the director may determine is appropriate.

(b) The agencies listed in subsection (a) shall have a review and comment period consisting of no more than ten (10) days. The ten-day review and comment period shall begin the next business day following the completion of the application completeness review. All agency comments shall be addressed by the applicant before placement on any commission agenda. If no comment

is received by a reviewing agency by the tenth (10th) day, the application shall be presumed acceptable by that agency.

(c) During the administrative review of the application, the office of historic preservation shall make a determination whether the current street name affected by the application meets any of the following criteria:

(1) Names a street within a historic district, whether that be local or the National Register;

(2) Names a street wholly within, or a street with a portion within, the original thirty-six (36) square mile boundary of San Antonio;

(3) Is the name of a primary arterial as shown on the Major Thoroughfare Plan of the city.

Should any of these criteria be found, consideration by the historic and design review commission shall be required before the case can be scheduled for consideration by the planning commission, and any recommendation from those considering bodies shall be forwarded to the city council for their review.

(d) Staff shall schedule the item for consideration on the next available agenda of the planning commission or historic and design review commission, if applicable, following the completion of the administrative review period.
(Ord. No. 2011-03-31-0239, § 1, 3-31-11; Ord. No. 2011-12-15-1049, § 1, 12-15-11)

Sec. 6-676. Public hearing process for renaming.

(a) The renaming of streets, including the designation of a memorial name, requires a recommendation from city staff, the planning commission at a public hearing, the historic and design review commission if determined under subsection 6-675(c), and final consideration by city council at a public hearing.

(b) Not less than ten (10) days before the first public hearing, the development services department shall:

(1) Mail notice of the public hearing(s) to all owners of real property along the subject street segment as listed in the Bexar County Appraisal District, and registered neighborhood associations within which the subject street segment is located.

Notices of public hearing(s) for renaming streets shall contain the following:

a. An explanation of the request; and,

b. The submitted street name(s); and,

c. The general location of the street to be renamed; and,

d. The justification for the renaming submittal; and,

e. The date, time, and place of the public hearing(s) to consider the new street name(s); and,

f. A statement that the meeting(s) shall be open to the public in accordance with the Texas Open Meetings Act and shall provide time for public comment; and,

g. Information directing that any written response in favor of or against a submitted name change may be sent to the development services department.

(2) Post notice on the development services department's internet website and leave posted throughout the entire public process.

(c) At the public hearings, the planning commission shall consider the request and make a recommendation on the suggested name(s).

(d) The planning commission's recommendations and rationales for the recommendations shall be forwarded to the city council for final consideration in accordance with the city council agenda item scheduling procedures.

(e) Notification of the city council public hearing shall be as prescribed in section 6-676. Should the city council approve the new name(s),

the written rationale of the planning commission shall be kept by the city clerk for historical reference.
(Ord. No. 2011-03-31-0239, § 1, 3-31-11; Ord. No. 2011-12-15-1049, § 1, 12-15-11)

Sec. 6-677. Required fees.

All required fees shall be paid to the development services department at the time of application.

(1) Application processing fee of one thousand dollars ($1,000.00).

(2) Estimated costs associated with notice requirements in section 6-676.

(3) The cost of manufacturing and replacing street signs. The cost of replacing street signs is subject to change at any time. This includes, but is not limited to, any and all signs maintained by the Texas Department of Transportation (TxDOT); estimated costs related to new street sign manufacturing and installation; and projected notification costs. The applicant will be responsible for paying any applicable TxDOT fees. If an application for a street name change is denied by city council, the new street sign manufacture and installation fee shall be refunded to the applicant pursuant to the development services department's refund policy.

(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

Sec. 6-678. Implementation.

The development services department shall administratively implement a street name change approved by the city council and the public works department shall install the new street signs.
(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

Sec. 6-679. Notice of name change.

The development services department shall provide a copy of each recorded street name change ordinance to:

(1) Every reviewing party listed in subsection 6-675(a).

(2) The Bexar County Appraisal District.

(Ord. No. 2011-03-31-0239, § 1, 3-31-11)

Chapter 7

CEMETERIES

Art. I. In General, §§ 7-1—7-25
Art. II. Historic City Cemeteries, §§ 7-26—7-32

ARTICLE I. IN GENERAL

Sec. 7-1. Burials in cemeteries only.

No human remains shall be buried anywhere within the city except in cemeteries now actually laid out for, and legally dedicated to such purposes and, with the consent of the city council evidenced by resolution, in land adjacent to an existing cemetery which has been or may be acquired by such cemetery and dedicated to cemetery purposes in accordance with state law.
(Code 1959, § 9-3)

Sec. 7-2. Depth of graves.

The bodies of all persons shall be interred in a grave not less than five (5) feet deep.
(Code 1950, § 10-6; Code 1959, § 9-4)

Sec. 7-3. Disinterments.

(a) The director of public health shall cause any human remains interred in any place within the city limits, other than as provided in section 7-1, to be at once disinterred, removed and reinterred as is provided in the case of pauper dead; the cost of which shall be a charge against the person violating this section and shall be collected as are other claims due the city.

(b) Disinterment of concrete vaults will be made only by special contract between the vault manufacturer and the city. Cemetery employees will open the grave but will not remove the vault therefrom.

(c) Disinterment for an inquest by court order will be made by the coroner or his lawful agent. Cemetery employees will not participate in any way. No liability for damage to casket or outer container will be assumed by the city in connection with disinterment or removal.

(d) The coroner or his lawful agent will furnish the city with proper permits and legal instruments regarding disinterments.
(Code 1950, § 10-3; Ord. No. 24901, § 1, 4-18-57; Code 1959, § 9-3; Ord. No. 39758, § 12, 7-29-71)

Sec. 7-4. Permits before disinterment.

No body shall be disinterred without a permit from the director of public health; provided, no permit of any nature is required for transfer of a body from one grave to another in the same cemetery.
(Code 1950, § 10-7; Code 1959, § 9-5)

State law reference—Cemeteries, Vernon's Ann. Civ. St. art. 912-1 et seq.

Sec. 7-5. Disposition of amputated human limbs.

Every physician, surgeon or other person whomsoever shall amputate any portion of the human body shall immediately bury or cause to be cremated, under the direction of the cemetery operation supervisor, such amputated portion, and within twelve (12) hours make report in writing to the director of public health, showing the exact disposition of the amputated portion of the human body and where buried or cremated.
(Code 1950, § 10-4; Code 1959, § 9-6)

Sec. 7-6. Removal of bodies from scene of death; consent of family or authorities.

(a) The body of any person who shall die within the city, or who shall die while in transit within the city, shall be immediately removed from the scene of death to the Robert B. Green Memorial Hospital, upon the order of the medical examiner, sheriff or deputy sheriff, constable or regular deputy constable, or a regular policeman of the city, except as otherwise directed by a member of the immediate family of the deceased person.

(b) It shall be unlawful for any person to remove a body from any location within the city, without consent of the immediate family or proper legal authorities, to any place other than the Robert B. Green Memorial Hospital.
(Code 1950, §§ 10-43, 10-46; Code 1959, §§ 9-7, 9-8)

Sec. 7-7. Examination, identification of persons dying under suspicious circumstances, notice to next of kin.

The body of any person who died under suspicious circumstances shall be received by Robert B.

Green Memorial Hospital and shall immediately be examined and a proper test of death shall be made, and the body shall be held for identification. The police department shall promptly notify the next of kin or other members of the family and give all possible aid and assistance to other authorities in contacting the next of kind or other members of the family of the deceased.
(Code 1950, § 10-44; Code 1959, § 9-9)

Sec. 7-8. Release of bodies of deceased persons.

The Robert B. Green Memorial Hospital shall release the body of a deceased person only upon written instructions of the next of kin or an authorized member of the family of the deceased to whatever funeral home directed after the release by the coroner in charge, if any, or if there is no coroner, by proper legal authorities, viz: the chief of police, or captain of police in charge, or lieutenant in charge of homicide, according to the manner provided by the hospital for disposition of such body, and the hospital shall keep a permanent record of all such cases.
(Code 1950, § 10-45; Code 1959, § 9-10)

Sec. 7-9. Use of undue influence to obtain release of body in morgue.

It shall be unlawful for any person to unlawfully solicit, persuade or use any undue influence or attempt to solicit, persuade or use any undue influence to obtain the release of any body held in the city-county morgue.
(Code 1950, § 10-47; Code 1959, § 9-11)

Sec. 7-10. Violation of sections 7-6 through 7-9.

Any person who violates any of the terms, conditions or regulations contained in sections 7-6 through 7-9 shall be guilty of a misdemeanor and, upon conviction, shall be fined as provided in section 1-5 of this Code. If the person so found guilty shall be a funeral home or funeral establishment or any licensed funeral director or embalmer under the laws of the state, the court shall certify the findings thereof to the state board of morticians.
(Code 1950, § 10-48; Code 1959, § 9-12)

Secs. 7-11—7-25. Reserved.

ARTICLE II. HISTORIC CITY CEMETERIES*

Sec. 7-26. Definitions.

Historic city cemeteries shall mean the following cemeteries owned by the city: City Cemetery #1, City Cemetery #2, City Cemetery #3, City Cemetery #4, City Cemetery #5, City Cemetery # 6, Knights of Pythias, Independent Order of Odd Fellows, and Dignowity. In addition, the following cemeteries under the possession and control of the city are considered historic city cemeteries: St. Elmo Lodge, Beacon Light Masonic, United Brothers of Friendship, Grand United Order of Odd Fellows, and San Antonio Lodge #1, as well as any other cemeteries which come into the possession and control of the city through a lack of maintenance on the part of the cemetery owners, the department of parks and recreation shall maintain an official list of historic eastside cemeteries.
(Ord. No. 2010-10-21-0910, § 2(Att. II), 10-21-10)

*__Editor's note—__Ord. No. 2010-10-21-0910, § 2(Att. II), adopted October 21, 2010, amended article II in its entirety to read as herein set out. Formerly, article II, divisions 1 and 2, pertained to San Jose Burial Park and city cemeteries, and derived from the Code of 1950, Ch. 10, §§ 10-20—10-30, 10-32, 10-34, 10-36—10-38, 10-40—10-42; Ord. No. 25690, §§ 3—9, 12—16, adopted October 24, 1957; the Code of 1959, §§ 9-3, 9-14—9-35; Ord. No. 31883, § 1, adopted November 14, 1963; Ord. No. 39758, §§ 1—8, 10, 11, adopted July 29, 1971; Ord. No. 45565, § 2, adopted August 7, 1975; Ord. No. 45566, § 2, adopted August 7, 1975; Ord. No. 48314, § 2, adopted July 28, 1977; Ord. No. 49446, § 1, adopted June 8, 1978; Ord. No. 49626, § 6, adopted July 27, 1978; Ord. No. 49671, § 1, adopted August 10, 1978; Ord. No. 52521, § 6, adopted July 24, 1980; Ord. No. 54281, § 7, adopted September 17, 1981; Ord. No. 55813, § 9, adopted September 16, 1982; Ord. No. 61335, §§ 11—13, adopted August 29, 1985; Ord. No. 63234, § 19, adopted July 16, 1976; Ord. No. 64612, § 1, adopted February 26, 1987; Ord. No. 67912, §§ 8, 9, adopted September 15, 1988; Ord. No. 74299, §§ 2—5, adopted September 12, 1991; Ord. No. 82818, § 1, adopted September 14, 1995; Ord. No. 86489, §§ 1—3, adopted August 28, 1997; Ord. No. 86609, §§ 19—21, 23—25, 27, adopted September 11, 1997; Ord. No. 92517, §§ 1—3, adopted September 14, 2000; Ord. No. 99739, §§ 1, 2, adopted September 16, 2004; Ord. No. 99752, § 1, adopted September 16, 2004; Ord. No. 101398, §§ 1, 2, adopted September 15, 2005; Ord. No. 2007-09-13-0973Q, § 1, adopted September 13, 2007.

Sec. 7-27. Oversight.

The department of parks and recreation provides oversight for the maintenance and operation of the historic city cemeteries and has the right to adopt rules, regulations and restrictions from time to time as necessary.
(Ord. No. 2010-10-21-0910, § 2(Att. II), 10-21-10)

Sec. 7-28. Hours.

The historic city cemeteries are open daily from dawn to dusk.
(Ord. No. 2010-10-21-0910, § 2(Att. II), 10-21-10)

Sec. 7-29. Burials.

No family plots or individual grave sites will be sold by the city.

An owner of a family plot or individual grave may request from the city permission to bury human remains in the historic city cemeteries. The owner must provide documentation to the city, in a form and content acceptable to city, evidencing ownership and the consent of all persons with an ownership right, to the requested burial. In the event the documentation supports a claim of ownership but initial digging reveals that the gravesite already contains human remains, the claim shall be denied and the owner shall not be allowed to bury the human remains.

The owner is responsible for providing information to the city regarding the deceased; including but not limited to, name, date of birth, date of death, planned date of burial, name of funeral home, a copy of the report of death certificate, and other burial information requested by the city.

The owner is responsible for contracting for the burial of the deceased with one or more entities that hold all required licensed and/or certifications. The owner is also responsible for contracting for all other desired services, including tents, chairs, monuments and foundations. Burials may occur any time the cemetery is open. The owner is responsible for all costs associated with the burial.
(Ord. No. 2010-10-21-0910, § 2(Att. II), 10-21-10)

Sec. 7-30. Disinterments.

Disinterments must be made at such time and in the manner directed by the city, work is to be performed by an entity that holds all required licenses and/or certifications, and in compliance with all applicable laws, ordinances and requirements of the state, county and city.
(Ord. No. 2010-10-21-0910, § 2(Att. II), 10-21-10)

Sec. 7-31. Cemetery maintenance.

The city shall be responsible for mowing, trimming, tree maintenance at its discretion and other routine maintenance at the historic city cemeteries. This includes, but is not limited to, tree or shrub removal or pruning. Grave owners, heirs, or family members shall also have the right to provide maintenance services at their property, if they elect to do so; however, this excludes the planting of any trees or shrubs.

Decorations are permitted but the city at its discretion shall have the right to remove any floral or plant materials that are dead or wilted.

The director of the department of parks and recreation shall have full authority to adopt any other rules and regulations necessary for the proper functioning of the historic city cemeteries.
(Ord. No. 2010-10-21-0910, § 2(Att. II), 10-21-10)

Sec. 7-32. Burial records.

The city is responsible for maintaining burial records in its possession and will provide information regarding the location of graves based on those records.
(Ord. No. 2010-10-21-0910, § 2(Att. II), 10-21-10)

[The next page is 581]

Chapter 8

CIVIL EMERGENCIES AND EMERGENCY MANAGEMENT*

Art. I. In General, §§ 8-1—8-30
Art. II. Emergency Management, §§ 8-31—8-40

Sec. 8-1. Definitions.

The following definitions shall apply in the interpretation and enforcement of this article:

Civil emergency is hereby defined to be:

(1) A riot or unlawful assembly characterized by the use of actual force or violence or any threat to use force if accompanied by immediate power to execute by three (3) or more persons acting together without authority of law.

(2) Any natural disaster or manmade calamity including flood, conflagration, cyclone, tornado, earthquake or explosion within the corporate limits of the city resulting in the death or injury of persons or the destruction of property to such an extent that extraordinary measures must be taken to protect the public health, safety and welfare.

Curfew shall mean a prohibition against any person or persons walking, running, loitering, standing or motoring upon any alley, street, highway, public property or vacant premises within the corporate limits of the city, excepting persons officially designated to duty with reference to such civil emergency.
(Code 1959, § 2-11; Ord. No. 36235, § 1, 2-15-68)

Sec. 8-2. Penalty for violation of article.

Any person violating the provisions of this article or executive order issued pursuant thereto shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished in accordance with section 1-5.
(Code 1959, § 2-12; Ord. No. 36235, § 8, 2-15-68)

Sec. 8-3. Proclamation by city manager.

(a) *Authority of city manager.* When in the judgment of the city manager a civil emergency as defined in this article is deemed to exist, the manager forthwith shall attempt to contact all members of the city council for an immediate emergency meeting. If it is not possible for city council to meet in an immediate emergency meeting, the manager may proclaim the existence of a civil emergency. Such proclamation by the manager is hereby determined to be a call for an emergency meeting of the city council. The emergency meeting shall be held as soon as the council members can assemble at city hall.

(b) *Filing of proclamation.* Any proclamation and order of the city manager issued hereunder shall be filed as a public record in the office of the city clerk.
(Code 1959, § 2-13; Ord. No. 36235, §§ 2, 6, 2-15-68)

Sec. 8-4. Curfew powers.

After proclamation of a civil emergency by the city manager, he may order a general curfew applicable to such geographical areas of the city or to the city as a whole, as he deems advisable, and applicable during such hours of the day or night as he deems necessary in the interest of the public safety and welfare.
(Code 1959, § 2-14; Ord. No. 36235, § 3, 2-15-68)

Sec. 8-5. Emergency powers.

After proclamation of a civil emergency, the city manager of the city may also in the interest of public safety and welfare make any or all of the following orders:

(1) Order the closing of all retail liquor stores;

(2) Order the closing of all beer taverns;

(3) Order the closing of all private clubs or portions thereof wherein the consumption of intoxicating liquor and/or beer is permitted;

*State law reference—Texas Disaster Relief Act, Vernon's Ann. Civ. St. art. 6889—7, § 8.

(4) Order the discontinuance of the sale of beer;

(5) Order the discontinuance of selling, distributing or giving away gasoline or other liquid flammable or combustible products in any container other than a gasoline tank properly affixed to a motor vehicle;

(6) Order the closing of gasoline stations and other establishments, the chief activity of which is the sale, distribution or dispensing of liquid flammable or combustible products;

(7) Order the discontinuance of selling, distributing, dispensing or giving away of any firearms or ammunition of any character whatsoever;

(8) Order the closing of any or all establishments or portions thereof, the chief activity of which is the sale, distribution, dispensing or giving away of firearms and/or ammunition;

(9) Issue such other orders as are imminently necessary for the protection of life and property.

(Code 1959, § 2-15; Ord. No. 36235, § 4, 2-15-68)

Sec. 8-6. Reserved.

Editor's note—The provisions of former § 8-6, which pertained to the duration of emergency and action by city council, have been deleted at the discretion of the city as being superseded by the provisions of Ord. No. 67229, adopted June 2, 1988 (codified in this chapter as Art. II, §§ 8-31—8-40). Former § 8-6 derived from Code 1959, § 2-16 and Ord. No. 36235, § 5, adopted Feb. 15, 1968.

Sec. 8-7. Seeking assistance from state military forces.

In any instance of civil emergency within the city as described in section 8-1 resulting in violence to person or property by a body of men acting together by force, which required the exercise of superior force to suppress same and it is impracticable to furnish information to the governor of the state in time to secure military aid by his order, the mayor of the city is hereby authorized to call in writing for aid upon the commanding officer of the state military forces stationed within the city or adjacent thereto, and the mayor shall at once notify the governor of his action.
(Code 1959, § 2-17; Ord. No. 36235, § 7, 2-15-68)

Secs. 8-8—8-30. Reserved.

ARTICLE II. EMERGENCY MANAGEMENT*

Sec. 8-31. Organization.

(a) There is hereby created the position of Office of Emergency Management Director of the City of San Antonio, which shall be held by the mayor in accordance with state law.

(b) An emergency management coordinator may serve under the direction of the director.

(c) The director shall be responsible for a program of comprehensive emergency management within the city and for carrying out the duties and responsibilities set forth in this article. The director may delegate authority for execution of these duties to the coordinator, but ultimate responsibility for such execution shall remain with the director.

(d) The operational emergency management organization of the City of San Antonio shall consist of the officers and employees of the city so designated by the director in the emergency management plans, as well as organized volunteer groups. The functions and duties of this organization shall be distributed among such officers and employees in accordance with the terms of the emergency management plan.
(Ord. No. 67229, § 1, 6-2-88)

Sec. 8-32. Emergency management director; powers and duties.

The duties and responsibilities of the emergency management director shall include the following:

(a) Conduct an on-going survey of actual or potential hazards which threaten life and property within the city and an on-going

*Editor's note—Ord. No. 67229, §§ 1—10, adopted June 2, 1988, did not specifically amend this Code; hence, codification of said provisions herein as Art. II, §§ 8-31—8-40 was at the discretion of the editor.

program of identifying and requiring or recommending the implementation of measures to prevent the occurrence or reduce the impact of such hazards if a disaster was to occur.

(b) Supervision of the development and approval of an emergency management plan for the City of San Antonio, and authority to recommend for adoption by the city council mutual aid agreements deemed necessary for the implementation of such plan.

(c) Authority to declare a local state of disaster. The declaration of a local state of disaster may not be continued, nor may it be extended, for a period in excess of seven (7) days except by or with the consent of the city council. Any order or proclamation declaring, continuing, or terminating a local state of disaster shall be given prompt and general publicity and shall be filed promptly with the city clerk.

(d) Issuance of necessary proclamations, regulations, or directives necessary for carrying out the purposes of this article. Proclamations, regulations, and directives shall be disseminated promptly by means calculated to bring their content to the attention of the general public and, unless circumstances attendant on the disaster prevent or impede such action, promptly filed with the city clerk.

(e) Direction and control of the operations of the City of San Antonio emergency management organization as well as the training of the emergency management personnel.

(f) Determination of all questions of authority and responsibility that may arise within the emergency management organization of the city.

(g) Maintenance of liaison with other municipal, county, district, state, regional, or federal emergency management organizations.

(h) Marshalling of necessary personnel, equipment, or supplies from any department of the city to aid in implementation of the provisions of the emergency management plan.

(i) Supervision over drafting and execution of mutual aid agreements, in cooperation with representatives of the state and of other political subdivisions of the state, and drafting and execution, if deemed desirable, of an agreement with the county and other municipalities within the county, for the county-wide coordination of emergency management efforts.

(j) Supervision and final authorization for the procurement of necessary supplies and equipment, including acceptance of private contributions which may be offered for the purpose of improving emergency management within the city.

(k) Authorizing agreements, after approval by the city attorney, for use of private property for public shelter and other purposes.

(l) Survey the availability of existing personnel, equipment, supplies, and services which could be used during a disaster provided for herein.

(m) Other requirements as specified in the Texas Disaster Act of 1975 (Chapter 418 Government Code, Vernon's Texas Civil Statutes).

(Ord. No. 67229, § 2, 6-2-88)

Sec. 8-33. Emergency management plan.

A comprehensive emergency management plan shall be developed and maintained in a current state. The plan shall set forth the form of the organization, tasks, duties, and powers, and designation of officers and employees to carry out the provisions of the plan. As provided by state law, the plan shall follow the standards and criteria established by the State Division of Emergency Management for the State of Texas. Insofar as possible, the form of organization, titles, and terminology shall conform to the recommendations of the State Division of Emergency Management. It shall be the duty of all departments and agencies to perform the functions assigned by the plan and to maintain their portion of the plan in a

current state of readiness at all times. The emergency management plan is attached hereto and incorporated herein and shall have the effect of law during the time of a disaster. Mutual aid agreement forms, also attached hereto and incorporated herein, are approved for execution in accordance with the emergency plan.
(Ord. No. 67229, § 3, 6-2-88)

Editor's note—The emergency management plan referred to in § 8-33 above has not been set out at length herein but is on file and available for inspection in the offices of the city.

Sec. 8-34. Interjurisdictional program.

The mayor is hereby authorized to join with the county judge of Bexar County and the mayors of the other cities in said county in the formation of an emergency management council for the County of Bexar and shall have the authority to cooperate in the preparation of a joint emergency management plan and in the appointment of a joint emergency management coordinator, as well as all powers necessary to participate in a countywide program of emergency management insofar as said program may affect the City of San Antonio.
(Ord. No. 67229, § 4, 6-2-88)

Sec. 8-35. Override of existing regulations.

At all times when orders, rules, and regulations made and promulgated pursuant to this article shall be in effect, they shall supersede and override all existing ordinances, orders, rules, and regulations insofar as the latter may be inconsistent therewith.
(Ord. No. 67229, § 5, 6-2-88)

Sec. 8-36. Liability.

This article is an exercise by the city of its governmental functions for the protection of the public peace, health, safety and welfare. The City of San Antonio, its employees and agents, shall not be liable for any damages sustained by persons as the result of implementation of the emergency plan authorized herein except as required by law.
(Ord. No. 67229, § 6, 6-2-88)

Sec. 8-37. Commitment of funds.

No person shall have the right to expend any public funds of the city in carrying out any emergency management activity authorized by this article without prior approval by the city council, nor shall any person have any right to bind the city by contract, agreement, or otherwise without prior and specific approval of the city council unless during a declared disaster. During a declared disaster, the director may expend and/or commit public funds of the city and execute mutual aid agreements when deemed prudent and necessary for the protection of health, life, or property.
(Ord. No. 67229, § 7, 6-2-88)

Sec. 8-38. Offenses; penalties.

(a) It shall be unlawful for any person to knowingly obstruct, hinder, or delay any member of the emergency management organization in the enforcement of any rule or regulation issued pursuant to this article, or to knowingly do any act forbidden by any rule or regulation issued pursuant to the authority contained in this article.

(b) It shall be unlawful for any person to knowingly wear, carry, or display any emblem, insignia, or any other means of identification as a member of the emergency management organization of the City of San Antonio unless authority to do so has been granted to such person by the proper officials.

(c) It shall be unlawful for any unauthorized person to knowingly operate or cause to be operated a siren or other device so as to simulate a warning signal or the termination of a warning signal.

(d) Each violation of the provisions of this article shall be punishable by a fine not to exceed one thousand dollars ($1,000.00).
(Ord. No. 67229, § 8, 6-2-88)

Sec. 8-39. Severability.

If any portion of this article shall, for any reason, be declared invalid such invalidity shall not

affect the remaining provisions hereof.
(Ord. No. 67229, § 9, 6-2-88)

Sec. 8-40. Limitations.

This article shall not be construed so as to conflict with any state or federal statute or with any military or naval order, rule, or regulation.
(Ord. No. 67229, § 10, 6-2-88)

Chapter 10

BUILDING-RELATED CODES OF THE CITY OF SAN ANTONIO*

Article I. Administration and General

Sec. 10-1. Title of chapter; designation of building official.
Sec. 10-2. Purpose and scope of chapter; referenced codes.
Sec. 10-3. Applicability.
Sec. 10-4. Development services department.
Sec. 10-5. Duties and powers of building official.
Sec. 10-6. Permits.
Sec. 10-7. Floor and roof design loads.
Sec. 10-8. Submittal documents.
Sec. 10-9. Temporary structures, equipment and systems.
Sec. 10-10. Fees.
Sec. 10-11. Inspections and testing.
Sec. 10-12. Certificate of occupancy.
Sec. 10-13. Service utilities.
Sec. 10-14. Building-related and fire codes appeals and advisory board.
Sec. 10-15. Violations.
Sec. 10-16. Stop work order.
Sec. 10-17. Unsafe structures and equipment.
Sec. 10-18. Notice required to building official (detention facility).
Secs. 10-19—10-24. Reserved.

Article II. Definitions

Sec. 10-25. Non-referenced definitions.
Secs. 10-26—10-28. Reserved.

Article III. Building Code

Sec. 10-29. Adoption of International Building Code (2024).
Sec. 10-30. Amendments to the adopted chapters of the International Building Code (2024).
Sec. 10-31. Fee schedule.
Sec. 10-32. New commercial fee schedule.
Secs. 10-33—10-35. Reserved.

Article IV. Residential Code for One- and Two-Family Dwellings

Sec. 10-36. Adoption of International Residential Code (2024).
Sec. 10-37. Amendments to the adopted chapters and appendices J and K of the International Residential Code (IRC) (2024).
Sec. 10-38. Fee schedule.
Sec. 10-39. New residential construction fee schedule.
Secs. 10-40—10-45. Reserved.

Article V. Existing Building Code

Sec. 10-46. Adoption of International Existing Building Code (2024).

***Editor's note—**Ord. No. 2025-01-30-0075, § 1(Att. 1), adopted January 30, 2025, repealed the former Ch. 10, §§ 10-1—10-17, 10-25, 10-29—10-32, 10-36—10-39, 10-46—10-48, 10-51—10-54, 10-61—10-63, 10-71, 10-72, 10-81—10-83, 10-91, 10-92, 10-96, 10-97, 10-101, 10-111—10-120, 10-130, and enacted a new Ch. 10 as set out herein. The former Ch. 10 pertained to similar subject matter and derived from Ord. No. 2022-11-10-0875, § 1(Att. A), 11-10-22; Ord. No. 2024-08-08-0544, § 1(Att. A), 8-8-24.

Sec. 10-47. Amendments to the adopted chapters of the International Existing Building Code (2024).
Sec. 10-48. Fee schedule.
Secs. 10-49, 10-50. Reserved.

Article VI. Electrical Code

Sec. 10-51. Adoption of National Electrical Code (2023).
Sec. 10-52. Amendments to the adopted chapters of the National Electrical Code (2023).
Sec. 10-53. Electrical provisions.
Sec. 10-54. Fee schedule.
Secs. 10-55—10-60. Reserved.

Article VII. Mechanical Code

Sec. 10-61. Adoption of International Mechanical Code (2024).
Sec. 10-62. Amendments to the adopted chapters of the International Mechanical Code (2024).
Sec. 10-63. Fee schedule.
Secs. 10-64—10-70. Reserved.

Article VIII. Gas Code

Sec. 10-71. Adoption of International Fuel Gas Code (2024).
Sec. 10-72. Amendments to the adopted chapters and appendices of the International Fuel Gas Code (2024).
Secs. 10-73—10-80. Reserved.

Article IX. Plumbing Code

Sec. 10-81. Adoption of International Plumbing Code (2024).
Sec. 10-82. Amendments to the adopted chapters and appendices of the International Plumbing Code (2024).
Sec. 10-83. Fee schedule.
Secs. 10-84—10-90. Reserved.

Article X. Energy Conservation Code

Sec. 10-91. Adoption of International Energy Conservation Code (2021).
Sec. 10-92. Amendments to the adopted chapters of the International Energy Conservation Code (2021).
Secs. 10-93—10-95. Reserved.

Article XI. Swimming Pool and Spa Code

Sec. 10-96. Adoption of International Swimming Pool and Spa Code 2024.
Sec. 10-97. Amendments to the adopted chapters of the International Swimming Pool and Spa Code 2024.
Secs. 10-98—10-100. Reserved.

Article XII. Fire Prevention

Sec. 10-101. Fire prevention.
Secs. 10-102—10-110. Reserved.

Article XIII. Licensing and Registration

Sec. 10-111. Billboard operator license.
Sec. 10-112. Commercial sign operator license.
Sec. 10-113. City electrical contractors and electrical sign contractors, installers, maintenance electricians; licenses and registrations.
Sec. 10-114. City mechanical licenses.
Sec. 10-115. Residential building and home improvement contractor registrations.
Sec. 10-116. City registration, and insurance required.
Sec. 10-117. Irrigation systems and irrigators.
Sec. 10-118. State licensed responsible master plumber registration.
Sec. 10-119. Demolition contractor registration.
Sec. 10-120. Registered house mover.
Secs. 10-121—10-129. Reserved.

Article XIV. Signs and Billboards

Sec. 10-130. Signs and billboards.

[This page intentionally left blank.]

ARTICLE I. ADMINISTRATION AND GENERAL

Sec. 10-1. Title of chapter; designation of building official.

(a) This chapter is the building-related codes. Unless otherwise indicated by its use and context, the term "this chapter" refers to this chapter 10 including all provisions incorporated by reference in this chapter.

(b) The building official shall be known as the director of development services, and such term shall include his authorized representatives. Further, whenever the term or title "administrative authority," "code official," "authority having jurisdiction," "responsible official," "building official," "director" or other similar designation is used in any of the codes adopted by this chapter, it shall be construed as the director of development services, or his designee and authorized representatives.
(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-2. Purpose and scope of chapter; referenced codes.

(a) *Purpose.* This chapter shall be construed to secure its expressed intent, which is to provide minimum requirements to safeguard the public safety, health and general welfare, insofar as they are affected by building construction, through structural strength, adequate means of egress facilities, stability, sanitary equipment, light and ventilation, energy conservation, fire safety, and in general to promote safety to life and property from fire and other hazards incident to the construction, design, erection, installation, alteration, addition, removal, demolition, replacement, repair, location, relocation, moving, quality of materials or use and occupancy, maintenance and operation of building, structures or premises, and to provide safety to fire fighters and emergency responders during emergency operations.

(b) The purpose of this chapter is not to create or otherwise establish or designate any particular class or group of persons who will or should be especially protected or benefited by the terms of this chapter.

(c) *Scope.* Article I of this chapter provides the administrative procedures to be followed by all persons engaged in the construction, design, erection, installation, alteration, addition, removal, demolition, replacement, location, relocation, land disturbance, moving, quality of materials, or use and occupancy, maintenance and operation of buildings, structures, or premises, as regulated by this chapter. All references to any provisions in the administrative chapters of the referenced model codes are construed to be a reference to the provisions of article I unless otherwise noted.

(d) *Referenced codes.* The other codes and standards listed in subsections (1) through (10) and referenced elsewhere in this chapter are considered part of the requirements of this chapter to the prescribed extent of each such reference. See article II through article XIII of this chapter.

(1) *Building.* The provisions of the International Building Code, as amended in article III, apply to the construction, design, erection, installation, alteration, addition, removal, demolition, replacement, repair, location, relocation, land disturbance, moving, quality of materials, or use and occupancy of every building or structure or any appurtenances connected or attached to such buildings or structures.

Exceptions:

a. Detached one- and two-family dwellings and multiple single-family dwellings (townhouses) not more than three (3) stories above grade plane in height with a separate means of egress and their accessory structures not more than three (3) stories above grade plane in height shall comply with this Code or the International Residential Code, as amended in article IV of this chapter.

b. Existing buildings and structures undergoing repair, alteration, change of occupancy, addition and/or relocation of existing buildings shall be permitted to comply with the

International Existing Building Code, as amended in article V of this chapter.

(2) *Electrical.* The provisions of the National Electrical Code, as amended in article VI of this chapter, shall apply to the installation of electrical systems, including alterations, repairs, replacement, equipment, appliances, fixtures, fittings, and appurtenances thereto.

(3) *Mechanical.* The provisions of the International Mechanical Code, as amended in article VII of this chapter, shall apply to the installation, alterations, repairs, and replacement of mechanical systems, including equipment, appliances, fixtures, fittings and/or appurtenances, including ventilating, heating, cooling, air conditioning and refrigeration systems, incinerators, and other energy-related systems.

(4) *Gas.* The provisions of the International Fuel Gas Code, as amended in article VIII of this chapter, shall apply to the installation of fuel gas piping from point of delivery, fuel gas appliances, gaseous hydrogen systems and related accessories as covered in this Code. These requirements apply to fuel gas piping systems extending from the point of delivery to the inlet connections of appliances and the installation and operation of gas appliances and related accessories. Piping system requirements shall include design, materials, components, fabrication, assembly, installation, testing, inspection and operation and maintenance.

(5) *Plumbing.* The provisions of the International Plumbing Code, as amended in article IX of this chapter, shall apply to the installation, alteration, repair, relocation, addition to use or maintenance and replacement of plumbing systems, including equipment, appliances, fixtures and fittings and appurtenances. The code shall also regulate nonflammable medical gas, inhalation anesthetic, vacuum piping, nonmedical oxygen systems and sanitary and condensate vacuum collection systems.

(6) *Energy.* The provisions of the International Energy Conservation Code, as amended in article X of this chapter, shall apply to all matters governing the design and construction of buildings for energy efficiency.

(7) *Property Maintenance.* The provisions of the San Antonio Property Maintenance Code shall apply to existing structures and premises; equipment and facilities; light, ventilation, space heating, sanitation, life, and fire safety hazards; responsibilities of owners, operators and occupants, and occupancy of existing premises and structures.

(8) *Fire prevention.* The provisions of the International Fire Code, as amended in City Code chapter 11, shall apply to matters affecting or relating to structures, processes and premises from the hazard of fire and explosion arising from the storage, handling or use of structures, materials or devices; from conditions hazardous to life, property or public welfare in the occupancy of structures or premises; and from the construction, extension, repair, alteration or removal of fire suppression, automatic sprinkler systems and alarm systems or fire hazards in the structure or on the premises from occupancy or operation.

(9) *Existing buildings.* The provisions of the International Existing Building Code, as amended in article V of this chapter, shall apply to matters governing the repair, alteration, change of occupancy, addition to and relocation of existing buildings.

(10) *Swimming pool and spa.* The provisions of the International Swimming Pool and Spa Code, as amended in article XI of this chapter shall apply to matters governing the construction, alteration, move-

ment, renovation, replacement, repair and maintenance of aquatic recreation facilities, pools, and spas.

(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-3. Applicability.

(a) *General.* When there is a conflict between a general requirement and a specific requirement, the specific requirement shall be applicable. Where, in any specific case, different sections of this chapter specify different materials, methods of construction or other requirements, the most restrictive shall govern.

(b) *Other laws.* The provisions of this chapter do not nullify any provisions of local, state, or federal law.

(c) *Application of references.* References to article or section numbers, or to provisions not specifically identified by number, shall be construed to refer to such article or section or provision of this chapter.

(d) *Referenced codes and standards.* The codes and standards referenced in this chapter shall be considered part of the requirements of this chapter to the prescribed extent of each such reference. Where differences occur between provisions of this chapter and referenced codes and standards, the provisions of this chapter shall apply.

Exception: Where enforcement of the code provisions would violate the conditions of the listing of the equipment or appliance, the conditions of the listing and manufacturer's instructions shall apply.

(e) *Partial invalidity.* In the event that any part or provision of this chapter is held to be illegal or void, this shall not have the effect of making void or illegal any of the other parts or provisions.

(f) *Existing structures.* The legal occupancy of any structure existing on the date of adoption of this chapter shall be permitted to continue without change, except as specifically covered in this chapter, the San Antonio Property Maintenance Code, or the International Fire Code, as amended.

(1) *Buildings not previously occupied.* A building or portion of a building that has not been previously occupied or used for its intended purpose in accordance with the laws in existence at the time of its completion shall comply with the provisions of the International Building Code, as amended, or International Residential Code, as applicable, for new construction or with any current permit for such occupancy.

(2) *Building previously occupied.* The legal occupancy of any building existing on the date of adoption of this chapter shall be permitted to continue without change, except as otherwise specifically provided in this chapter, the International Fire code, or the San Antonio Property Maintenance Code, or as deemed necessary by the Building Official for the general safety and welfare of the occupants and the public.

(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-4. Development services department.

(a) *Enforcement agency.* The development services department shall be the enforcement agency for the building-related codes, and the director thereof shall be known as the building official and as the code official.

(b) *Appointment.* The building official shall be appointed by the city manager or the city manager's designee.

(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-5. Duties and powers of building official.

(a) *General.* The building official is authorized and directed to enforce the provisions of this chapter. The building official has the authority to render interpretations of this chapter and to adopt policies and procedures in order to clarify the application of its provisions. Such interpretations, policies and procedures shall be in accordance with the intent and purpose of this chapter. Such policies and procedures shall not have the effect of waiving requirements specifically provided for in this chapter. The building

official shall have the power to suspend or revoke city issued certificates of license and registration for cause.

(b) *Application and permits.* The building official shall receive applications, review construction documents and issue permits for the erection, repair, alteration, addition, demolition, change of occupancy and relocation of buildings and structures, inspect the premises for which such permits have been issued and enforce compliance with the provisions of this chapter.

(c) *Preliminary meeting under article V.* When utilizing the International Existing Building Code, as amended in article V, and when requested by the permit applicant or the building official, the building official shall meet with the permit applicant prior to the application for a construction permit to discuss plans for the proposed work or change of occupancy in order to establish the specific applicability of the provisions of this chapter.

Exception: Repairs and Level 1 alterations.

Building evaluation. The building official is authorized to require an existing building to be investigated and evaluated by a registered design professional based on the circumstances agreed upon at the preliminary meeting. The design professional shall notify the building official if any potential nonconformance with the provisions of this chapter is identified.

(c) *Notices and orders.* The building official shall issue all necessary notices or orders to ensure compliance with the provisions with this chapter.

(d) *Inspections.* The building official shall make all of the required inspections or may accept reports of inspection by approved agencies or individuals. Reports of such inspections shall be in writing and certified by a responsible officer of such approved agency or by the responsible individual. The building official is authorized to engage such expert opinion as deemed necessary to report upon unusual technical issues that arise, subject to the approval of the appointing authority.

(e) *Identification.* The building official shall carry proper identification when inspecting structures or premises in the performance of duties under this chapter.

(f) *Impersonation prohibited.* A person shall not impersonate the building official or designees through the use of a uniform, identification card, badge, or any other means. Any such impersonation shall be deemed a violation of this Code.

(g) *Right of entry.* Where it is necessary to make an inspection to enforce the provisions of this chapter, or where the building official has reasonable cause to believe that there exists in a structure or upon a premises a condition which is contrary to or in violation of this chapter which makes the structure or premises unsafe, dangerous or hazardous, the building official is authorized to enter the structure or premises at reasonable times to inspect or perform the duties imposed by this chapter, provided that if such structure or premises is occupied that credentials be presented to the occupant and entry requested. If such structure or premises is unoccupied, the building official shall first make a reasonable effort to locate the owner or other person having charge or control of the structure or premises and request entry. If entry is refused, the building official has recourse to the remedies provided by law to secure entry.

(h) *Notice of defects.* The building official shall examine, or cause to be examined, every building or structure or portion thereof reported as dangerous or damaged. If such is found to be unsafe as defined in this section, the building official shall give to the owner of such building or structure written notice stating the defects thereof. This notice shall require the owner or person in charge of the building, structure, or premise, within forty-eight (48) hours to commence either the required repairs or improvements or demolition and removal of the building or structure or portions thereof. All such work shall be completed within thirty (30) days from the date of notice unless otherwise stipulated by the building official. Service of notice shall be by certified mail made upon the owner or his agent. The designated period within which said owner or agent is

required to comply with the order of the building official shall begin as of the date he received such notice.

(i) *Department records.* The building official shall keep official records of applications received, permits and certificates issued, fees collected, reports of inspections, and notices and orders issued. Such records are retained in the official records for the period required for retention of public records.

(j) *Liability.* The building official, members and alternate members of the building-related and fire codes board of appeals, or employees charged with enforcement of this chapter, while acting for the city in good faith and without malice in the discharge of the duties required by this chapter or other pertinent law or ordinance, are not civilly or criminally rendered liable personally and are relieved from personal liability for any damage accruing to persons or property as a result of any act, or by reason of an act or omission in the discharge of official duties. Any suit or criminal complaint instituted against an officer or employee because of an act performed by that officer or employee in the lawful discharge of duties and under the provisions of this chapter shall be defended by legal representative of the city until the final termination of the proceedings. The building official or any subordinate shall not be liable for cost in any action, suit or proceeding that is instituted in pursuance of the provisions of this chapter.

(k) *Approved materials and equipment.* Materials, equipment, and devices approved by the building official shall be constructed and installed in accordance with such approval.

(1) *Appliance and fixture listing.* Appliances and fixtures shall be tested and listed in published reports by approved agencies and shall be installed in accordance with all instructions included as part of such listing.

(2) *Used materials and equipment.* The use of used materials which meet the requirements of this chapter for new materials is permitted. Used equipment and devices shall not be reused unless approved by the building official.

(l) *Modifications.* Whenever there are practical difficulties involved in carrying out the provisions of this chapter, the building official has the authority to grant modifications for individual cases, upon application of the owner or owner's authorized representative, providing the building official first finds that special individual reason makes the strict letter of this chapter impractical, and the modification is in compliance with the intent and purpose of this chapter, and that such modification does not lessen health, accessibility, life and fire safety, or structural requirements. The details of action granting modifications shall be recorded and entered in the files of the development services department.

(m) *Alternative materials, design and methods of construction and equipment.* The provisions of this chapter are not intended to prevent the installation of any material or to prohibit any design or method of construction not specifically prescribed by this chapter, provided that any such alternative has been approved. An alternative material, design or method of construction shall be approved where the building official finds that the proposed design is satisfactory and complies with the intent of the provisions of this chapter, and that the material, method or work offered is, for the purpose intended, at least the equivalent of that prescribed in this chapter in qualify, strength, effectiveness, fire resistance, durability, and safety. Where the alternative material, design or method of construction is not approved, the building official shall respond in writing, stating the reasons why the alternative was not approved.

(1) *Research reports.* Supporting data, where necessary to assist in the approval of materials or assemblies not specifically provided for in this chapter, shall consist of valid research reports from approved sources.

(2) *Tests.* Whenever there is insufficient evidence of compliance with the provisions of this chapter, or evidence that a material or method does not conform to the requirements of this chapter, or in order to substantiate claims for alternative materials or methods, the building

official has the authority to require tests as evidence of compliance to be made at no expense to the city. Test methods shall be as specified in this chapter or by other recognized test standards. In the absence of recognized and accepted test methods, the building official shall approve the testing procedures. Testing shall be performed by an approved agency. Reports of such tests shall be retained by the building official for the period required for retention of public records.

(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-6. Permits.

(a) *Required.* Any owner or authorized agent who intends to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building or structure, to include a sign or billboard, or to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, mechanical or plumbing system, the installation of which is regulated by this chapter, who performs site work or causes any such work to be done, shall first make application to the building official and obtain the required permit. See chapter 28 of the City Code for additional permit requirements for signs and billboards.

(b) *Annual permit.* In lieu of an individual permit for each alteration to an already approved electrical, gas, mechanical or plumbing installation, the building official is authorized to issue an annual permit upon application therefor to any person, firm or corporation regularly employing one or more qualified tradespersons in the building, structure or on the premises owned or operated by the applicant for the permit. The person to whom an annual permit is issued shall keep a detailed record of alterations made under such annual permit. The building official shall have access to such records at all times, or such records shall be filed with the building official as designated.

(c) *Annual electrical maintenance permit.* An annual electrical maintenance permit is issued by the city to allow a property owner, property lessee or management company to employ persons qualified by this Code to maintain and make minor repairs to existing electrical systems on a property that is registered with the department. An electrical maintenance permit is not required when the property owner, property lessee or management company is registered with the city as an electrical contractor or employs a master electrician of record, registered with the city as an electrical contractor, who oversees and is responsible for the electrical maintenance.

(1) *Registration of persons qualified to perform work.* All persons performing electrical work under this section shall be licensed or registered as required by the city or state. All electrical work performed under this permit must be performed by master electricians, journeyman electricians, maintenance electricians, or electrical maintenance technicians. Initial applicants for maintenance technicians will have to complete eight (8) hours of training approved by the code official.

(2) *Limitations of work.* Work that may be performed under this permit by an electrical maintenance technician shall be limited to the maintenance of, repair or replacement of devices or lighting fixtures, having the same characteristics as the existing devices or fixtures, in or on existing outlets and shall include, but not be limited to the following:

a. 120-volt receptacles of all types.

b. 240-volt 3-wire and 4-wire dryer and range receptacles. Replacement of these receptacles shall be limited to like configuration and amperage receptacles.

c. Replacement of overcurrent devices and safety switches of only the same voltage, current, ampere interrupting capacity (AIC) including:

1. One or two pole circuit breakers not exceeding 60-amps at 240-volts.

2. One or two pole safety switches (fused or non-fused) not to exceed 60-amps at 240-volts.

3. Fuses not to exceed 60-amps at 240-volts.

d. Photocells and time clocks not to exceed 277-volts nominal.

e. Range hoods, disposals, and dishwasher motors.

f. Interior, exterior lighting and switches not to exceed 277-volts nominal.

g. Ceiling fans on approved boxes with proper bracing.

h. Pool lights and outlets provided they are protected with GFCI and are replaced with same.

i. Doorbell transformers and wiring to other low voltage devices with 120-volt connections.

j. Bathroom-type exhaust vents.

k. Electric gate repair.

Electrical maintenance work does not include the installation of any new electrical appurtenances, apparatus, equipment, machinery, or controls beyond the scope of any existing electrical installation.

(3) *Record keeping.* The applicant for an electrical maintenance permit must:

a. Maintain a copy of the permit at either the site where the work is being conducted or applicant's place of business if within the city.

b. Maintain a copy of the registration card for the certified personnel either at the location where the work is performed or the applicant's place of business if within the city.

c. Maintain a record of all work performed by registered personnel for a minimum of twelve (12) months.

(d) *Annual mechanical maintenance permit and annual plumbing maintenance permit for Residential Group R-2 apartment houses.* An annual mechanical maintenance permit and an annual plumbing maintenance permit, or the combination of both as one (1) annual mechanical/plumbing maintenance permit, are required for all apartment houses containing more than four (4) dwelling units where the occupants are primarily permanent in nature. In this section the term "permanent in nature" means having dwelling units where the original lease term is greater than two (2) months.

Exception: No permit is required for apartment houses that have self-contained, ductless air conditioning products that have a cooling capacity of three (3) tons or less or for individual apartment houses containing less than five (5) dwelling units each.

(1) *Scope.*

a. *Mechanical.* The annual mechanical maintenance permit replaces the necessity of obtaining individual permits for work performed on environmental air conditioning system, a process cooling or heating system, a commercial refrigeration system or commercial refrigeration equipment. The permit does not cover nor is a permit required for the installation, repair, or removal of the following:

1. Vent hood used in residential kitchens.

2. Portable or self-contained ductless air conditioning product that has a cooling capacity of three (3) tons or less.

3. Portable or self-contained heating product that does not require the forced movement of air outside the heating unit.

4. Environmental air conditioning equipment that is intended for temporary use and is not fixed in place.

5. Residential refrigerator, freezer, or ice machine.

b. *Plumbing.* The annual plumbing maintenance permit replaces the necessity of obtaining individual permits for work performed by an owner or maintenance technician or

maintenance engineer employed by the owner who performs plumbing maintenance work incidental to and in connections with other duties.

(2) *Permit holder.* An annual mechanical maintenance permit for mechanical maintenance work and an annual plumbing maintenance permit for plumbing maintenance work will only be issued to the building owner/manager or their authorized agent. For properties that contain less than twenty (20) dwelling units, the permits holder may obtain one (1) annual mechanical maintenance permit and one (1) annual plumbing maintenance permit covering multiple locations. For properties that contain twenty (20) or more dwelling units, the permit holder shall obtain one (1) annual mechanical maintenance and one (1) annual plumbing maintenance permit for the dwelling units contained within the property.

(3) *Annual mechanical maintenance permit and annual plumbing maintenance permit fees.* These fees shall be as follows:

Annual mechanical maintenance permit fee for single location	$50.00 per permit plus $0.21 per residential apartment unit
Annual mechanical maintenance permit fee for multiple locations	$50.00 per permit plus $2.00 per residential apartment unit
Annual plumbing maintenance permit fee for single location	$50.00 per permit plus $0.21 per residential apartment unit
Annual plumbing maintenance permit fee for multiple locations	$50.00 per permit plus $2.00 per residential apartment unit
Note: Owners of apartment houses have the option of taking out a combined annual mechanical/plumbing maintenance permit. These fees shall be as follows:	
Annual mechanical/ plumbing maintenance permit fee for single location	$100.00 per permit plus $0.42 per residential apartment unit
Annual mechanical/ plumbing maintenance permit fee for multiple locations	$100.00 per permit plus $4.00 per residential apartment unit

(4) *Record keeping.* Records of all work performed under the annual mechanical maintenance permit and annual plumbing maintenance permit shall be maintained by the permits holder for no less than twelve (12) months after performing such work and shall be made available for the building official's review upon request.

(5) *Periodic inspections.* Work performed under both the annual mechanical maintenance permit and the annual plumbing maintenance permit is subject to the building official's periodic inspections. No notice will be required by the building official to make periodic inspections of equipment located on the exterior of apartment houses. For periodic inspections of equipment located on the interior of apartment houses or their rooftops, coordination shall take place with the permits holder with a minimum five-day notice prior to the inspections. A date and time for the inspections shall be established by the building official. Maintenance records for both interior work and exterior work shall be made available during all interior inspections.

(6) *Limits of work performed under annual mechanical maintenance permit and annual plumbing maintenance permit.* Work performed under these permits shall be limited as follows:

a. *Mechanical:*

1. All work required for the continued normal performance of an existing environmental air conditioning system, a process cooling or heating system, a commercial refrigeration system or a commercial refrigeration system. Work does not include the following:

a. Total replacement of a system as defined by the

Texas Administrative Code as the simultaneous replacement of the condensing unit, the evaporator coil, the furnace, if applicable, and the air handling unit, or replacement of a package system.

b. Installation or repair of a boiler or pressure vessel that must be installed in accordance with rules adopted by the commission under V.T.C.A., Health and Safety Code Ch. 755.

2. Diagnosing and repairing problems associated with air conditioning, commercial refrigeration, or process cooling or heating equipment, and remedying or attempting to remedy these problems.

b. *Plumbing.* Repair, maintenance and replacement of existing potable water piping, existing sanitary waste and vent piping, existing plumbing fixtures and existing electric water heaters.

(7) *Work not covered by the annual mechanical or plumbing maintenance permit.* The following work is not covered by these permits unless it is performed by either a licensed contractor or a state licensed professional engineer:

a. *Mechanical:*

1. Total replacement of a system as defined by the Texas Administrative Code as the simultaneous replacement of the condensing unit, the evaporator coil, the furnace, if applicable, and the air handling unit, or replacement of a package system.

2. Replacement of any condensing unit that is more than one-half-ton larger than the current size.

3. Replacement of any furnace that is more than thirty-five thousand (35,000) BTU's larger than the current size.

4. Replacement of any evaporator coil that is more than one-half-ton larger than the current size.

5. Extension of any duct work more than one foot.

6. Relocating any equipment to a new location more than five (5) feet from the original location.

b. *Plumbing:*

1. Cutting into fuel gas plumbing systems.

2. Installation of gas fueled water heaters.

(8) *Who may perform work.* The following may perform maintenance work under these permits:

a. Licensed air conditioning contractors for the mechanical maintenance permit.

b. A person licensed as an engineer under V.T.C.A., Occupations Code Ch. 1001 and who engages in air conditioning and refrigeration contracting work and/or plumbing work in connection with the business in which the person is employed but does not engage in that work for the public.

c. A person who performs air conditioning and refrigeration maintenance work and/or plumbing maintenance work if the person:

1. Is a maintenance technician or maintenance engineer and is a regular employee of the build-

ing owner/manager of the property where the work is being performed;

2. Performs the work in connection with the business in which the person is employed; and

3. The person's employer does not engage in air conditioning and refrigeration contracting for the public and/or plumbing contracting work for the public.

(e) *Work exempt from permit.* Exemptions from permit requirements of this chapter shall not be deemed to grant authorization for any work to be done in any manner in violation of the provisions of this chapter or any other laws or ordinances of the city or state. Permits shall not be required for the following:

(1) *Building:*

a. One-story detached accessory structures used as tool and storage sheds, playhouses, and similar uses, provided the floor area does not exceed three hundred (300) square feet (27.9 m^2).

b. Minor repairs to fences not over six (6) feet (1829 mm) high. Replacement of up to twenty-five (25) percent of the overall contiguous length of a fence shall constitute minor repair.

c. Oil derricks.

d. Retaining walls that are not over four (4) feet (1219 mm) in height measured from the grade level at the front of the wall to the top of the wall, unless supporting a surcharge or impounding Class I, II or IIIA liquids.

e. Water tanks supported directly on grade if the capacity does not exceed five thousand (5,000) gallons (18,925 L) and the ratio of height to diameter or width does not exceed 2:1.

f. Sidewalks and driveways not more than thirty (30) inches (762 mm) above adjacent grade, and not over any basement or story below and are not part of an accessible route.

g. Painting, papering, tiling, carpeting, cabinets, counter tops, and similar finish work.

h. Temporary motion picture, television and theater stage sets and scenery.

i. Prefabricated swimming pools accessory to a Group R-3 occupancy that are less than twenty-four (24) inches (610 mm) deep and do not exceed five thousand (5,000) gallons (18,925 L) and are installed entirely above ground.

j. Shade cloth structures constructed for nursery or agricultural purposes, not including service systems.

k. Swings and other playground equipment accessory to detached one- and two-family dwellings.

l. Window awnings in Group R-3 and U occupancies, supported by an exterior wall that do not project more than fifty-four (54) inches (1,372 mm) from the exterior wall and do not require additional support.

m. Nonfixed and movable fixtures, cases, racks, counters, and partitions not over five (5) feet nine (9) inches (1,753 mm) in height.

n. Uncovered patios not more than thirty (30) inches (762 mm) above grade or not over any basement or story below.

o. Uncovered decks accessory to one- and two-family dwellings not exceeding three hundred (300) square feet in area, that are not more than thirty (30) inches above grade at any point, are not attached to a dwelling and do not serve a required exit door.

(2) *Electrical:*

a. Minor repairs or maintenance work when performed by a licensed electrical contractor, the replacement of lamps or the connection of approved portable electrical equipment to approved permanently installed receptacles.

b. Replacement of a refrigeration or HVAC system motor, solenoid valves or controls associated with the motor when performed by a licensed mechanical contractor.

c. The installation of that portion of wiring and equipment for telephone, voice, data, cable TV, broadband and other types of communication systems that operate at fifty (50) volts nominal or less. Such systems shall be grounded according to the applicable provisions of Article 250 and Chapter 8 of the NEC.

d. The installation of wiring and equipment by or for the city for the purpose of generating, transmitting, and delivering service to its customers.

e. Radio and television transmitting stations: The provisions of this chapter shall not apply to electrical equipment used for radio and television transmissions but do apply to equipment and wiring for a power supply and the installations of towers and antennas.

f. Temporary testing systems: A permit shall not be required for the installation for any temporary system required for the testing or servicing of electrical equipment or apparatus.

(3) *Gas:*

a. Replacement of any minor part that does not alter approval of equipment or make such equipment unsafe.

b. Portable LP-gas appliances and equipment of all types that is not connected to a fixed fuel piping system.

c. Installation of farm appliances and equipment such as brooders, dehydrators, dryers, and irrigation equipment.

d. Raw material (feedstock) applications except for piping to special atmosphere generators.

e. Oxygen-fuel gas cutting and welding systems.

f. Industrial gas applications using gases such as acetylene and acetylene compounds, hydrogen, ammonia, carbon monoxide, oxygen, and nitrogen.

g. Petroleum refineries, pipeline compressor or pumping stations, loading terminals, compounding plants, refinery tank farms and natural gas processing plants.

h. Integrated chemical plants or portions of such plants where flammable or combustible liquids or gases are produced by, or used in, chemical reactions.

i. LP-gas installations at utility gas plants.

j. Liquefied natural gas (LNG) installations.

k. Fuel gas piping in power and atomic energy plants.

l. Proprietary items of equipment, apparatus, or instruments such as gas-generating sets, compressors, and calorimeters.

m. LP-gas equipment for vaporization, gas mixing and gas manufacturing.

n. Temporary LP-gas piping for buildings under construction or renovation that is not to become part of the permanent piping system.

o. Installation of LP-gas systems for railroad switch heating.

p. Installation of hydrogen gas, LP-gas and compressed natural gas (CNG) systems on vehicles.

q. Except as provided in Section 401.1.1 of the IFGC as amended, gas piping, meters, gas pressure regulators and other appurtenances used by the serving gas supplier in the distribution of gas, other than undiluted LP-gas.

r. Piping systems for mixtures of gas and air within flammable range with an operating pressure greater than ten (10) psig (69 kPa gauge).

s. Portable fuel cell appliances that are neither connected to a fixed piping system nor interconnected to a power grid.

(4) *Mechanical:*

a. Portable heating appliance.

b. Portable ventilation appliances and equipment.

c. Portable cooling units.

d. Steam, hot water, or chilled water piping within any heating or cooling equipment or appliances regulated by this Code.

e. The replacement of any minor part that does not alter approval of equipment or an appliance or make such equipment or appliance unsafe.

f. Portable evaporative coolers.

g. Self-contained refrigeration systems that contain ten (10) pounds (4.5 kg) or less of refrigerant, or that are actuated by motors of one horsepower (0.75 kW) or less.

h. Portable fuel cell appliances that are not connected to a fixed piping system and are not interconnected to a power grid.

(5) *Plumbing:*

a. The stopping of leaks in drains, water, soil, waste, or vent pipe, provided, however, that if any concealed trap, drain pipe, water, soil, waste or vent pipe becomes defective and it becomes necessary to remove and replace the same with new material, such work shall be considered as new work and a permit shall be obtained and inspection made as provided in this chapter.

b. The clearing of stoppages or the repairing of leaks in pipes, valves or fixtures and the removal and reinstallation of water closets, provided such repairs do not involve or require the replacement or rearrangement of valves, pipes, or fixtures.

(f) *Emergency repairs.* Where equipment replacements and repairs must be performed in an emergency situation, the permit application shall be submitted within the next business day to the building official.

(g) *Repairs.* Application or notice to the building official is not required for ordinary repairs to structures, replacement of lamps or the connection of approved portable electrical equipment to approved permanently installed receptacles. Such repairs shall not include the cutting away of any wall, partition or portion thereof, the removal or cutting of any structural beam or load-bearing support, or the removal or change of any required means of egress, or rearrangement of parts of a structure affecting the egress requirements; nor shall ordinary repairs include addition to, alteration of, replacement or relocation of any standpipe, water supply, sewer, drainage, drain leader, gas, soil, waste, vent or similar piping, electric wiring or mechanical or other work affecting public health or general safety. When making repairs, defective material or parts shall be replaced or repaired in such a manner so as to preserve the original approval or listing.

(h) *Public service agencies.* A permit shall not be required for the installation, alteration or repair of generation, transmission, distribution or metering or other related equipment that is under the ownership and control of public service agencies by established right.

(i) *Application for permit.* To obtain a permit, the applicant shall first file an application in writing on a form furnished by the Development Services Department for that purpose. Such application shall:

(1) Identify and describe the work to be covered by the permit for which application is made.

(2) Describe the land on which the proposed work is to be done, by legal description, street address or similar description that will readily identify and definitely locate the proposed building or work.

(3) Indicate the use and occupancy for which the proposed work is intended.

(4) Be accompanied by construction documents and other information as required in section 10-8 of this chapter.

(5) State the valuation of the proposed work. Valuation shall include the cost of labor, materials, and profit.

(6) Be signed by the applicant, or the applicant's authorized agent.

(7) Give such other data and information as required by the building official.

(j) *Authorization to obtain plumbing permits.* The following lists those individuals, contractors and companies that are authorized to obtain plumbing permits:

(1) Any duly licensed (RMP) Responsible Master plumber registered with a company.

(2) Any homeowner performing plumbing work on a homestead wherein he/she resides. The installation must be made by the homeowner without the assistance of any person or persons.

(3) (TCEQ) 30 TAC 344 Licensed irrigators, who have a state irrigators license, for the installation of backflow devices for irrigation systems.

(4) Water softener companies that hold a Class III Texas Commission of Environmental Quality (TCEQ) license for the installation or change out of water softeners and associated equipment.

(5) Licensed fire line contractors for backflow devices on fire lines.

(6) Plumbing work performed by anyone who is regularly employed or acting as a maintenance man or maintenance engineer, incidental to and in connection with the business in which he is employed or engaged, and who does not engage in plumbing work for the general public. See state licensing law for definition of maintenance person or maintenance engineer.

Exceptions:

a. Any person who is employed by the railroad for plumbing work done upon the premises or equipment of the railroad, and who does not engage in plumbing work for the general public.

b. Any person engaged by any public service company for plumbing work in connection with laying, maintaining and the operation of its service mains or lines and the installation, alteration, adjustment, repair, removal, or renovation of all types of appurtenances, equipment and appliances directly related to public service companies, properties and/or jurisdiction.

(7) Gas work performed by a certified LP gas installer licensed under V.T.C.A., Natural Resources Code chapter 113.

(8) (OSSF) On-Site Sewage Facility companies that hold an (OSSF Installer I or Installer II) Texas Commission of Environmental Quality (TCEQ) license for installation of (OSSF) On-Site Sewage Facilities and associated equipment, to secure a Sewer Permit to install the Sewer line from the building drain to the OSSF tank.

(k) *Insurance.* Before any person shall engage in plumbing work within the city, such person shall provide a certificate of insurance issued by

an insurance company authorized and admitted to do business in the state for commercial general liability insurance and products completed operations coverage for master plumber for claims for property damage or bodily injury, regardless of whether the claim arises from a negligence claim or on a contract claim, and shall be in a coverage amount of not less than three hundred thousand dollars ($300,000.00) for all claims arising in any one-year period. Further, any persons engaged in plumbing work shall indemnify and hold harmless the city from any and all damages, claims, liens, or losses, including, but not limited to personal injury or death and property damage, arising from any acts or omission of any character whatsoever caused by such person, his agents, or employees, engaged in plumbing work.

(l) *Action on application.* The building official shall examine or cause to be examined application for permits and amendments thereto within a reasonable time after filing. Such applications may be reviewed by other departments of the city to verify compliance with any applicable laws and ordinances under their jurisdiction. If the application or the construction documents do not conform to the requirements of the pertinent laws, the building official shall reject such application in writing, stating the reasons for the rejection. If the building official is satisfied that the proposed work conforms to the requirements of this chapter and applicable laws and ordinances, and that fees specified in ordinances adopted by the city have been paid, the building official shall issue a permit for the work as soon as practicable. No building permit shall be issued where there is not a supply of approved water for domestic or fire protection use, and adequate to the purposes for which the property is intended to be used, and where there is not an all-weather road surface adequate to withstand the weight of a fire truck.

(m) *Time limitation of application.* An application for a permit for any proposed work shall be deemed to have been abandoned one hundred eighty (180) days after the date of filing, unless such application has been pursued in good faith or a permit has been issued, except that the building official is authorized to grant one (1) or more extensions of time for additional periods not exceeding ninety (90) days each. The extension shall be requested in writing and justifiable cause demonstrated.

(n) *Validity of permit.* The issuance or granting of a permit shall not be construed to be a permit for, or an approval of, any violation of any of the provisions of this chapter or of any other ordinance of the city. Permits presuming to give authority to violate or cancel the provisions of this chapter or other ordinances of the city shall not be valid. The issuance of a permit based on construction documents and other data shall not prevent the building official from requiring the correction of errors in the construction documents and other data. The building official is also authorized to prevent occupancy or use of a structure where in violation of this chapter or of any other ordinances of the city.

(o) *Expiration.* Every permit issued shall become invalid unless the work on the site authorized by such permit is commenced within one hundred eighty (180) days after its issuance, or if the work authorized on the site by such permit is suspended or abandoned for a period of one hundred eighty (180) days after the time the work is commenced. The building official is authorized to grant, in writing, one or more extensions of time, for periods not more than one hundred eighty (180) days each. The extension shall be requested in writing and justifiable cause demonstrated.

(p) *Construction noise.* All noise produced by the erection, including construction, excavation, demolition, alteration, or repair work, or the permitting or causing thereof, of any building or other structure, shall meet the requirements of section 21-52(a)(6) of the City Code. Observed violations will result in criminal and/or civil citations per section 21-58(b), suspension and revocation of the permit as follows:

- First violation will result in a citation.
- Second violation will result in a citation, and the building official may suspend the permit for ten (10) days. A compliance agreement shall be signed by contractor and property owner outlining that they will not violate this section again for this project.

The signed agreement shall be provided to the building official no later than three (3) business days of the second violation.

- Third violation will result in a citation, and the building official may revoke the permit.

Per section 21-52(a)(6)(b), the building official can issue waivers to perform work during hours not approved per section 21-52(a)(6)(a).

(q) *Suspension or revocation.* The building official is authorized to suspend or revoke a permit issued under the provisions of this chapter whenever the permit is issued in error or on the basis of incorrect, inaccurate, or incomplete information, or in violation of any ordinance or regulation or any of the provisions of this chapter.

(r) *Placement of permit.* The building permit or copy shall be kept on the site of the work until the completion of the project.

(s) *Demolition permit.* See section 10-119 of this chapter.

(t) *House moving permit.* See section 10-120 of this chapter.
(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-7. Floor and roof design loads.

(a) *Live loads posted.* Where the live loads for which each floor or portion thereof of a commercial or industrial building is or has been designed to exceed fifty (50) psf (2.40 kN/m^2), such design live loads shall be conspicuously posted by the owner in that part of each story in which they apply, using durable signs. It shall be unlawful to remove or deface such notices.

(b) *Issuance of certificate of occupancy.* A certificate of occupancy required by section 10-12 shall not be issued until the floor load signs, required by section 10-7, have been installed.

(c) *Restrictions on loading.* It shall be unlawful to place, or cause or permit to be placed, on any floor or roof of a building, structure, or portion thereof, a load greater than is permitted by this chapter.
(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-8. Submittal documents.

(a) *General.* Submittal documents consisting of construction documents, statement of special inspections, geotechnical report and other data as required by the development services department's application procedures shall be submitted electronically with each permit application. The construction documents shall be prepared by a registered design professional where required by this Code, the state, or any of its regulatory agencies. Where special conditions exist, the building official is authorized to require additional construction documents to be prepared by a registered design professional. Buildings, additions, and major renovations for the following occupancies shall also require a design professional to prepare the construction documents:

(1) All Group A (Assembly) occupancies.

(2) All Group E (Educational) occupancies.

(3) All Group I (Institutional) occupancies.

(4) Buildings and structures three (3) stories or more high.

(5) Buildings and structures five thousand (5,000) square feet or more in area.

(6) Electrical plans and specifications prepared by engineer. Installation or alteration of any equipment on the customer side of the CPS Energy point of delivery (service point) rated over six hundred (600) amps at two hundred fifty (250) volts or less and rated at over four hundred (400) amps at greater than two hundred fifty (250) volts, any system above six hundred (600) volts or when required by the Texas Engineering Practice Act shall have the electrical plans sealed by a professional engineer, licensed or registered with the state.

Exception: The building official is authorized to waive the submission of construction documents and other data not required to be prepared by a registered design professional if it is found that the nature of the work applied for is such that review of construction documents is not necessary to obtain compliance with this Code.

(b) *Construction documents.* Construction documents shall be in accordance with items (1) through (6).

(1) *Information on construction documents.* Construction documents shall be dimensioned and drawn to scale. Electronic media documents are permitted to be submitted where approved by the building official. Construction documents shall be of sufficient clarity to indicate the location, nature and extent of the work proposed and show in detail that it will conform to the provisions of this chapter and relevant laws, ordinances, rules, and regulations, as determined by the building official.

(2) *Fire protection system shop drawings.* Shop drawings for the fire protection system(s) shall be submitted to indicate conformance to this Code and the construction documents shall be approved prior to the start of system installation. Shop drawings shall contain all information as required by the referenced installation standards in chapter 9 of the IBC, as amended. Refer also to chapter 11 of this Code for additional requirements regarding fire protection system submittal documents and procedures.

(3) *Means of egress.* The construction documents shall show in sufficient detail the location, construction, size, and character of all portions of the means of egress including the path of the exit discharge to the public way in compliance with the provisions of this chapter. In other than occupancies of Groups R-2, R-3, and I-1, the construction documents shall designate the number of occupants to be accommodated on every floor, and in all rooms and spaces.

(4) *Exterior wall envelope.* Construction documents for all buildings shall describe the exterior wall envelope in sufficient detail to determine compliance with this chapter. The construction documents shall provide details of the exterior wall envelope as required, including flashing, intersections with dissimilar materials, corners, end details, control joints, intersections at roof, eaves, or parapets, means of drainage, water-resistive barrier, and details around openings.

The construction documents shall include manufacturer's installation instructions that provide supporting documentation that the proposed penetration and opening details described in the construction documents maintain the weather resistance of the exterior wall envelope. The supporting documentation shall fully describe the exterior wall system, which was tested, where applicable, as well as the test procedure used.

(5) *Exterior balconies and elevated walking surfaces.* Where balconies or other elevated walking surfaces have weather-exposed surfaces, and the structural framing is protected by an impervious moisture barrier, the construction documents shall include details for all elements of the impervious moisture barrier system. The construction documents shall include manufacturer's installation instructions.

(6) *Site plan.* The construction documents submitted with the application for permit shall be accompanied by a site plan showing to scale the size and location of new construction and existing structures on the site, distances from lot lines, the established street grades, and the proposed finished grades and, if applicable, flood hazard areas, floodways, and design flood elevations and it shall be drawn in accordance with an accurate boundary line survey. In the case of demolition, the site plan shall show construction to be demolished and the location and size of existing structures and construction that are to remain on the site or plot. The building official is authorized to waive or modify the requirement for a site plan when the application for permit is for alteration or repair or when otherwise warranted.

a. *Design flood elevations.* Where design flood elevations are not specified,

they shall be established in accordance with Appendix F, Floodplains - Areas of Special Flood, of the Unified Development Code.

(7) *Energy compliance.* Energy submittal documents shall include but not be limited to:

a. Energy compliance path.

b. Insulation materials and their R-values.

c. Fenestration U-factors and solar heat gain coefficients (SHGCs).

d. Area-weighted U-factor and solar heat gain coefficient (SHGC) calculations.

e. Mechanical system design criteria.

f. Mechanical and service water-heating systems and equipment types, sizes, and efficiencies.

g. Economizer description.

h. Equipment and system controls.

i. Fan motor horsepower (hp) and controls.

j. Duct sealing, duct and pipe insulation and location.

k. Lighting fixture schedule with wattage and control narrative.

l. Location of daylight zones on floor plans.

m. Air barrier and air sealing details, including location of the air barrier.

n. Depiction of the building thermal envelope

o. Photovoltaic systems and electric vehicle capabilities

p. Commissioning plan shall be developed by a registered design professional or approved agency and shall include the following items:

1. A narrative description of the activities that will be accomplished during each phase of commissioning, including the personnel intended to accomplish each of the activities.

2. A listing of the specific equipment, appliances or systems to be tested and a description of the tests to be performed.

3. Functions to be tested including, but not limited to, calibrations and economizer controls.

4. Conditions under which the test will be performed. Testing shall affirm winter and summer design conditions and full outside air conditions.

5. Measurable criteria for performance.

(c) *Examination of documents.* The building official shall examine or cause to be examined the accompanying submittal documents and shall ascertain by such examinations whether the construction indicated and described is in accordance with the requirements of this chapter and other pertinent laws or ordinances.

(1) *Approval of construction documents.* When the building official issues a permit, the construction documents shall be approved, in writing or by City of San Antonio watermark. The reviewed construction documents shall be retained by the building official. The applicant shall keep a copy of the reviewed and watermarked construction documents at the work site, and open to inspection by the building official or his duly authorized representative.

(2) *Previous approvals.* This chapter shall not require changes to the construction documents, construction, or designated occupancy of a structure for which a lawful permit has been issued or otherwise lawfully authorized, and the construction of which has been pursued in good faith within one hundred eighty (180) days after the effective date of this chapter and not abandoned.

(3) *Phased approval.* The building official is authorized to issue a permit for the construction of foundations or any other part of a building or structure before the construction documents for the whole building or structure have been submitted, provided adequate information, and detailed statements have been filed complying with pertinence requirements of this chapter. The holder of such permit for the foundation or other parts of a building or structure shall proceed at the owner's own risk with the building operation and without assurance that a permit for the entire structure will be granted.

(4) *Design professional in responsible charge.*

a. *General.* When documents are required to be prepared by a registered design professional, the owner or the owner's authorized agent shall engage and designate on the building permit application a registered design professional to act as the registered design professional in responsible charge. If the circumstances require, the owner or the owner's authorized agent shall designate a substitute registered design professional who shall perform the duties required of the original registered design professional in responsible charge. The building official shall be notified in writing by the owner or the owner's authorized agent if the registered design professional in responsible charge is changed or is unable to continue to perform the duties.

The registered design professional in responsible charge shall be responsible for reviewing and coordinating submittal documents prepared by others, including phased and deferred submittal items, for compatibility with the design of the building.

b. *Deferred submittals.* For the purposes of this section, deferred submittals are defined as those portions of the design that are not submitted at the time of application and are to be submitted to the building official within a specified period.

Deferral of any submittal items shall have the prior approval of the building official. The registered design professional in responsible charge shall list the deferred submittals on the construction documents for review by the building official.

Documents for deferred submittal items shall be submitted to the registered design professional in responsible charge who shall review them and forward them to the building official with a notation indicating that the deferred submittal documents have been reviewed and found to be in general conformance to the design of the building. The deferred submittal items shall not be installed until the deferred submittal documents have been approved by the building official.

(d) *Amended construction documents.* Work shall be installed in accordance with the approved construction documents, and any changes made during construction that are not in compliance with the approved construction documents shall be resubmitted for approval as an amended set of construction documents.

(e) *Retention of construction documents.* Approved construction documents shall be retained by the building official for a period of not less than one hundred eighty (180) days from the date of completion of the permitted work, or as required by state or local laws.

(f) *Changes to standard tower release agreement.* Changes to the individual control such as tenant and premise description found in the standard tower release agreement, attached to Ordinance Number 83931 as Exhibit II, do not require city council approval, provided there are no substantial changes to the standard tower lease agreement. All other substantial changes

to such agreement shall require city council approval subject to approval of the office of the city attorney.
(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-9. Temporary structures, equipment and systems.

(a) *General.* The building official is authorized to issue a permit for temporary structures, equipment or systems. Such permits shall be limited as to time of service but shall not be permitted for more than one hundred eighty (180) days. The building official is authorized to grant extensions for demonstrated cause. Structures designed to comply with IBC Section 3103.6 shall not be in service for a period of more than one (1) year unless an extension of time is granted. Chapter 11 of this Code contains additional requirements for temporary structures and uses.

(b) *Conformance.* Temporary structures and uses shall conform to the structural strength, fire safety, means of egress, accessibility, light, ventilation, and sanitary requirements of this chapter as necessary to ensure public health, safety, and general welfare.

(c) *Temporary service utilities.* The building official is authorized to give permission to temporarily supply service utilities. The part covered by the temporary certificate shall comply with the requirements specified for temporary lighting, heat, or power in article VI of this chapter.

(d) *Termination of approval.* The building official is authorized to terminate such permit for a temporary structure, equipment or system and to order the same to be discontinued.
(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-10. Fees.

(a) *Payment of fees.* A permit shall not be valid until the fees prescribed by the fee schedule adopted by the city have been paid, nor shall an amendment to a permit be released until the additional fee, if any, has been paid.

(b) *Schedule of permit fees.* A fee for each permit shall be paid as required, in accordance with the fee schedule adopted by the city, for buildings, structures, electrical, gas, mechanical, and plumbing systems or alterations requiring a permit.

(c) *Building-related permit valuations.* The applicant for a permit shall provide an estimated value of the work which the permit is being issued at time of application. Such estimated valuations shall include the total value of work, including materials, labor, and profit for which a permit is being issued. Where, in the opinion of the building official, the valuation is underestimated on the application, the permit shall be denied, unless the applicant can show detailed estimates acceptable to the building official. The building official shall have the authority to adjust the final valuation for permit fees.

(d) *Work commencing before permit issuance.* Any person who commences work on a building, structure, electrical, gas, mechanical or plumbing system before obtaining the necessary permits shall be subject to double permit fees for the specified area. The payment of such double fee shall not relieve any person from fully complying with the requirements of this Code in the execution of the work nor from any other penalties prescribed in this Code.

(e) *Structures being moved; inspection of buildings or structures that are located outside city limits.* An inspection to determine compliance with city requirements shall be made of a building or structure on which an application to move same into the city is pending before the zoning board of adjustment. A fee shall be charged in accordance with the fee schedule adopted by the city.

(f) *Re-inspection fees.* The re-inspection fee charged shall be in accordance with the fee schedule adopted by the city. In instances where re-inspection fees have been assessed, all fees shall be paid before release of utilities.

(g) *Refunds.* The building official is authorized to establish a refund policy.
(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-11. Inspections and testing.

(a) *General.* Construction or work for which a permit is required is subject to inspection by the building official and such construction work shall remain accessible and exposed for inspection purposes until approved. Approval following an inspection is not an approval of a violation of the provisions of this chapter or of other ordinances of the city. Inspections presuming to give authority to violate or cancel the provisions of this chapter or of other ordinances of the jurisdiction are not valid. It is the duty of the permit applicant to cause the work to remain accessible and exposed for inspection purposes. Neither the building official nor the city are liable for expense entailed in the removal or replacement of any material required to allow inspection.

(b) *Preliminary inspection.* Before issuing a permit, the building official is authorized to examine or cause to be examined building, structures, and sites for which an application has been filed.

(c) *Required inspections and tests.* The building official, upon notification, shall make the inspections and tests set forth in paragraphs (1) through (15).

(1) *Footing and foundation inspection.* Footing and foundation inspections shall be made after excavations for footings are complete and any required reinforcing steel is in place. For concrete foundations, any required forms shall be in place prior to the inspection. Materials for the foundation shall be on the job, except where concrete is ready mix in accordance with ASTM C 94, the concrete need not be on the job.

(2) *Underground.* Underground inspections shall be made after trenches or ditches are excavated and bedded, raceways and cable or conductors installed, and before backfill is put in place. Where excavated soil contains rocks, broken concrete, frozen chunk, and other rubble that would damage or break the raceway, cable or conductors, or where corrosive action will occur, protection shall be provided in the form of granular or selected material, approved running boards, sleeves or other approved means.

(3) *Concrete slab and under-floor inspections.* Concrete slab and under-floor inspections shall be made after in-slab or under-floor reinforcing steel and building service equipment, conduit, piping accessories and other ancillary equipment items are in place, but before any concrete is placed or floor sheathing installed, including the subfloor.

(4) *Lowest floor elevation.* In flood hazard areas, upon placement of the lowest floor, including the basement, and prior to further vertical construction, the elevations certification required in Section 1612 of the IBC or Section R322 of the IRC as amended, shall be submitted to the building official.

(5) *Plumbing, mechanical, gas and electrical systems inspections and tests.* Concealment or rough-in inspections of plumbing, mechanical, gas and electrical systems shall be made prior to covering or concealment, before fixtures or appliances are set or installed, and prior to framing inspection.

Exception: For one- and two-family dwellings, back-filling of ground-source heat pump loop systems tested in accordance with Section M2105.28 of the 2024 IRC, as amended, prior to inspection shall be permitted.

(6) *Duct test for one- and two-family dwellings and townhomes.* All ducts for one- and two-family dwellings as well as townhomes, in unconditioned spaces, shall be duct tested prior to covering or concealment to disclose leaks and defects. Tests shall be made by an independent certified RESNET energy rater or an alternative approved by the building official using objective, verifiable testing criteria and results provided to the building official. Apparatus, material, and labor required for testing a mechanical system shall be furnished by the independent

certified RESNET energy rater or building official approved alternate. Where any work or installation does not pass an initial test or inspection, the necessary corrections shall be made to achieve compliance with this chapter. The work or installation shall then be re-submitted to the building official for inspection and testing. See also Section R403.3 of the 2021 IECC, as amended.

(7) *Frame inspection.*

a. *Building*—Framing Beam and Soffit inspections shall be made after all exterior beams and fire blocking at soffits (if required) is installed.

b. *Building*—Frame Tie Down/Wind Bracing shall be made after all elements of the wind bracing design have been fully installed.

c. *Building*—Framing inspections shall be made after the roof deck or sheathing, all framing, fire blocking, fire block seal at penetrations of the top and bottom plate, and bracing are in place and pipes, chimneys, and vents to be concealed are complete and the rough electrical, plumbing, heating wires, pipes and ducts are approved.

(8) *Types IV-A, IV-B and IV-C connection protection inspection.* In buildings of Types IV-A, IV-B and IV-C construction, where connection fire-resistance ratings are provided by wood cover calculated to meet the requirements of IBC Section 2304.10.1, inspection of the wood cover shall be made after the cover is installed, but before any other coverings or finishes are installed.

(9) *Lath and gypsum board inspection.* Lath and gypsum board inspections shall be made after the lathing and gypsum board, interior and exterior, is in place, but before any plastering is applied or any gypsum board joints and fasteners are taped and finished.

Exception: Gypsum board that is not part of a fire-resistance-rated assembly or a shear assembly.

(10) *Waterproofing.* Where balconies or other elevated walking surfaces have weather-exposed surfaces, and the structural framing is protected by an impervious moisture barrier, all elements of the impervious moisture barrier system shall not be concealed until inspected and approved.

Exception: Where special inspections are provided in accordance with Section 1705.1.1, Item 3.

(11) *Fire- and smoke-resistant penetrations.* Protection of joints and penetrations in fire-resistance-rated assemblies, smoke barriers and smoke partitions shall not be concealed from view until inspected and approved.

(12) *Energy efficiency inspections.* Inspections shall be made to determine compliance with Chapter 4(RE) of the 2021 IECC for detached one- and two-family dwellings and multiple single-family dwellings (townhomes) as well as Group R-2, R-3 and R-4 buildings three (3) stories or less in height above grade plane, and Chapter 4(CE) of the 2021 IECC for all other occupancies, as amended, and shall include, but not be limited to, inspections for: Envelope insulation R- and U-values, fenestration U-value, duct system R-value, and HVAC and water-heating equipment efficiency. Functional performance testing reports shall be submitted for equipment, controls, and economizers prior to certificate of occupancy issuance. A preliminary report of commissioning and test procedures and results shall be completed and certified by the registered design professional or approved agency and provided to the building owner or owner's authorized agent. For detached one and two-family dwellings and multiple single-family dwellings (townhomes) as well as Group R-2, R-3 and R-4 buildings three stories or less in height above grade plane, an independent certified RESNET energy rater or an alternative approved by the building official using objective, verifiable testing criteria, shall test and inspect the air barrier as per

Section R402.4 Air leakage, of the 2021 IECC. The results must be submitted on a form approved by the building official. The form shall show that construction is in compliance with the 2021 IECC.

(13) *Other inspections.* In addition to the inspections specified above, the building official is authorized to make or require other inspections of any construction work to ascertain compliance with the provisions of this chapter and other laws that are enforced by the development services department.

a. *Prefabricated construction assembly with electrical work.*

1. *Evaluation report.* Prior to the approval of a prefabricated construction assembly having concealed electrical work and the issuance of an electrical permit, the building official requires the submittal of an evaluation report on each prefabricated construction assembly, indicating the complete details of the electrical system, including a description of the system and its components, the basis upon which the system is being evaluated, test results and similar information, and other data as necessary for the building official to determine conformance to this chapter.

2. *Evaluation service.* The building official shall designate the evaluation service of an approved agency as the evaluation agency and review such agency's evaluation report for adequacy and conformance to this chapter.

3. *Follow-up inspection.* Except where ready access is provided to the electrical systems, service equipment and accessories for complete inspection at the site without disassembly or dismantling, the building official is authorized to conduct the in-plant inspections as frequently as necessary to ensure conformance to the approved evaluation report or shall designate an independent, approved inspection agency to conduct such inspections. The inspection agency shall furnish the building official with the follow-up inspection manual and a report of inspections upon request, and the electrical system shall have an identifying label permanently affixed to the system indicating that factory inspections have been performed.

4. *Test and inspection records.* Required test and inspection records shall be available to the building official at all times during the fabrication of the electrical system and the erection of the building, or such records as the building official designates shall be filed.

(14) *Special inspections.* For special inspections, see Section 1704 of the IBC, as amended.

(15) *Final inspection.* The final inspections shall be made after work required by building-related permits is completed. Failure to request a final inspection within thirty (30) days after the completion of a permit's work is a violation of this chapter.

(d) *Inspection agencies.* The building official is authorized to accept reports of approved inspection agencies, provided such agencies satisfy the requirements as to qualifications and reliability.

(e) *Inspection requests.* It shall be the duty of the holder of the building-related permit or their duly authorized agent to notify the building official when work is ready for inspection. It

shall be the duty of the permit holder to provide access to and means for inspections of such work that are required by this chapter.

(f) *Approval required.* Work shall not be done beyond the point indicated in each successive inspection without first obtaining the approval of the building official. The building official, upon notification, shall make the requested inspections and shall either indicate the portion of the construction that is satisfactory as completed, or notify the permit holder or his or her agent wherein the same fails to comply with this chapter. Any portions that do not comply shall be corrected and such portion shall not be covered or concealed until authorized by the building official.

(g) *Reinspection and retesting.* Where any work or installation does not pass an initial test or inspection, the necessary corrections shall be made so as to achieve compliance with this chapter. The work or installation shall then be resubmitted to the building official for inspection and testing. To receive a reinspection or retest, the applicant shall make a request to the building official and pay the reinspection fee in accordance with the fee schedule prior to the inspection or test.
(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-12. Certificate of occupancy.

(a) *Use and occupancy.* No building or structure shall be used or occupied in whole or part, and no change in the existing use or occupancy classification of a building or structure or portion thereof shall be made, until the building official has issued a certificate of occupancy therefor as provided herein. Issuance of a certificate of occupancy shall not be construed as an approval if a violation of the provisions of this chapter or of other ordinances of the city.

Exception: Certificates of occupancy are not required for work exempt from permits under subsection 10-6(d).

(b) *Certificate issued.* After the building official inspects the building or structure and finds no violations of the provisions of this chapter or other laws that are enforced by the department, the building official shall issue a certificate of occupancy that contains the following:

(1) The building permit number.

(2) The address of the structure.

(3) The name and address of the owner or the owner's authorized agent.

(4) A description of that portion of the structure for which the certificate is issued.

(5) A statement that the described portion of the structure has been inspected for compliance with the requirements of this chapter for the occupancy and division of occupancy and the use for which the proposed occupancy is classified.

(6) The name of the building official.

(7) The edition of the IBC or IRC under which the permit was issued.

(8) The use and occupancy, in accordance with the provisions of Chapter 3 of the IBC.

(9) The type of construction as defined in Chapter 6 of the IBC.

(10) The design occupant load.

(11) Where an automatic sprinkler system is provided, whether the sprinkler system is required.

(12) Any special stipulations and conditions of the building permit.

(c) *Temporary occupancy.* The building official is authorized to issue a temporary certificate of occupancy before the completion of the entire work covered by the permit, provided that such portion or portions shall be occupied safely. The building official shall set a time period during which the temporary certificate of occupancy is valid.

(d) *Revocation.* The building official is authorized to suspend or revoke a certificate of occupancy or completion issued under the provisions of this chapter wherever the certificate is issued in error, or on the basis of incorrect information supplied, or where it is determined

that the building or structure or portion thereof is in violation of any ordinance or regulation or any of the provisions of this chapter.
(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-13. Service utilities.

(a) *Connection of service utilities.* No person shall make connections from a utility, source of energy, fuel, power, water system or sewer system to any building or system that is regulated by this chapter for which a permit is required, until released by the building official.

(b) *Temporary connection.* The building official shall have the authority to authorize the temporary connection of the building or system to the utility, source of energy, fuel, power, water system or sewer system for the purpose of testing plumbing systems or for use under a temporary approval.

(c) *Authority to disconnect service utilities.* The building official has the authority to authorize disconnection of utility service to the building, structure or system regulated by the referenced codes and standards of subsection 10-2(c) of this chapter to eliminate a risk to life or property or when such utility connection has been made without the required authorization. The building official shall notify the serving utility, and wherever possible the owner or the owner's authorized agent and occupant of the building, structure, or service system of the decision to disconnect prior to taking such action. If not notified prior to disconnecting, the owner, owner's authorized agent, or occupant of the building, structure or service system shall be notified in writing, as soon as practical thereafter.

(d) *Connection after order to disconnect.* A person shall not make utility service or energy source connections to systems regulated by this Code which have been disconnected or ordered to be disconnected by the code official or the use of which has been ordered to be discontinued by the code official until the code official authorizes the reconnection and use of such systems.

(e) *Changing location of electric meters.* If alterations of the building, dwelling, structure, or wiring require changes in the location or size of the electric meter/service equipment, a licensed electrical contractor with the city shall acquire a permit for the work to be performed and coordinate the disconnecting and reconnecting of service with the utility.

(f) *Emergencies.* Where life or property may be in danger, a licensed electrical contractor with the city may disconnect the electric service to the building, dwelling or structure and shall immediately notify the utility.

(g) *Utility company rules.* The latest edition of the CPS Energy publication, "Electrical Service Standards," as approved by the building official and adopted by city council, is hereby incorporated, and made a part of this chapter for all electric services and meter installations. All other wiring, either public or private, shall conform to this chapter.
(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-14. Building-related and fire codes appeals and advisory board.

(a) *General.* A building-related and fire codes appeals, and advisory board also known as the appeals and advisory board is created. The board shall hear and decide appeals of orders, decisions or determinations made by the building official or the fire chief relative to the application and interpretations of chapter 10, chapter 11, and specific articles in chapter 28 of the City Code, and in order to provide advice to the building official or fire chief on code-related matters.

(1) Members of the appeals and advisory board shall be appointed by the mayor and city council and shall hold office at its pleasure.

(2) Applications for appeal for any order, decision or determination made by the building official or the fire chief shall be filed on a form obtained from the building official within twenty-one (21) calendar days after the notice was served.

(3) A filing fee must accompany each application for appeal to the appeals and advisory board, as set forth in the fee schedule adopted by the city.

(4) The appeals and advisory board shall meet quarterly on general and codes-related matters and shall meet within fourteen (14) calendar days after either the building official or the fire chief receives an application appealing an associated order, decision, or determination relative to the application and interpretation of chapter 10, chapter 11 and specific articles in chapter 28.

(5) When requested by the building official or fire chief, the appeals and advisory board shall conduct public hearings on nationally recognized building-related codes, following publication, and shall make recommendations to the building official or fire chief for adoption or local amendment.

(b) *Application for appeal.* An application for appeal shall be based on a claim that:

(1) The true intent of chapters 10, 11 and specific articles in chapter 28 or the rules legally adopted thereunder have been incorrectly interpreted;

(2) The provisions of this chapter do not fully apply; or

(3) An equally good or better form of construction is proposed.

(c) *Limitation on authority.*

(1) The appeals and advisory board shall have no authority to waive requirements of chapters 10, 11 or 28.

(2) The appeals and advisory board shall review building-related and fire codes issues when requested to do so by the building official or fire chief and shall provide a recommendation to the building official or fire chief.

(3) The appeals and advisory board may also review and make recommendations to the building official or fire chief on any building-related or fire code issue, as requested by a citizen or board member when the request for board review is approved by both the building official and appeals and advisory board chairman.

(4) Appeals, as defined in subsection 10-14(a), do not require approval by either the building official or chairman of the appeals and advisory board in order to be heard.

(5) All meetings of the board must comply with the provisions of the Texas Open Meetings Act. Through board action, technical issue items may be added for discussion to any future board meeting agenda. Administrative and non-technical agenda items may only be added to the agenda and discussed when approved by the building official.

(6) Technical committees shall be established by the board to assist the building official and fire chief in determining recommendations for the adoption of the model codes listed in subsections 10-2(1)—(6) of this chapter and the model code listed in chapter 11 and any associated local amendments to these codes.

(7) The responsibilities of the appeals and advisory board shall be limited to those specifically contained in this chapter.

(d) *Qualifications.* The board of appeals shall consist of seventeen (17) members and seventeen (17) alternates who are qualified by experience and training to act on matters pertaining to building-related and fire codes and may not be employees of the city. Board of appeals members and alternate members shall reside in the city unless the residence requirement is waived by city council. New applicant and non-holdover existing member nominations to the board shall be made in writing to the secretary of the board of appeals by industry associations that are affiliated with nationally recognized organizations and include language nominating an individual for any membership within a given category. Industry associations may still request a preference for primary or secondary membership in its nomination letter. City council shall appoint board members accommodating this preference with an overall priority given existing board vacancies. Upon city council appointment,

the board is: (1) authorized to administratively switch primary and alternate membership designations within the same category; and also (2) to fill vacant primary member positions with alternate members within the same category. Exercise of board authority shall only be done where necessary for efficient administration of board function, with the approval of the individual impacted member, and with a majority vote of the board in favor of the action. Any action taken by the board under this section shall have no impact on the time a member shall serve on this board. Membership of the appeals and advisory board, including alternates, is by category and as follows:

(1) One (1) member and one (1) alternate shall be a structural engineer licensed or registered by the state as a professional engineer.

(2) One (1) member and one (1) alternate shall be a fire protection engineer licensed or registered by the state as a professional engineer.

(3) One (1) member and one (1) alternate shall be an electrical engineer licensed or registered by the state as a professional engineer.

(4) One (1) member and one (1) alternate shall be a plumbing engineer, or a mechanical engineer licensed or registered by the state as a professional engineer.

(5) One (1) member and one (1) alternate shall be an architect licensed by the state.

(6) Two (2) members and two (2) alternates shall be building contractors registered by the city.

(7) Two (2) members and two (2) alternates shall be licensed by the state as a master electrician. Of these, one (1) member and one (1) alternate represent organized labor, and one (1) member and one (1) alternate represent open shop.

(8) Two (2) members and two (2) alternates shall be licensed by the state as an air conditioning and refrigeration contractor. Of these, one (1) member and one (1) alternate shall represent organized labor and one (1) member, and one (1) alternate shall represent open shop.

(9) Two (2) members and two (2) alternates shall be licensed by the state as a master plumber. Of these, one (1) member and one (1) alternate represent organized labor and one (1) member and one (1) alternate represent open shop.

(10) One member and one alternate shall be a commercial building contractor.

(11) One (1) member and one (1) alternate shall be a commercial building owner, manager, or their representative.

(12) One (1) member and one (1) alternate shall be a residential group R-2 multi-family building owner, manager, or their representative.

(13) One (1) member and one (1) alternate: Licensed by either the city or the state as a master sign electrician.

The fire chief or designee shall be an ex-officio member. The building official or designee shall also be an ex-officio member and shall act as secretary to the appeals and advisory board. The building official or fire chief or their respective designees shall not have a vote on any matter before the appeals and advisory board.

The appeals and advisory board shall be subject to chapter 2, article IX entitled "Boards and Commissions," to the extent not in conflict with these provisions. Members shall be limited to three (3) consecutive two-year terms. Board membership shall continue in a holdover capacity until a replacement is appointed. The appeals and advisory board shall elect a chairman and vice-chairman annually, shall adopt rules of procedure for conducting its business and shall render all decisions and findings in writing to the appellant with copies to the building official or fire chief. All vacancies are filled for the unexpired portion of the term only.

(e) *Quorum and majority vote.*

(1) An appointed alternate member shall not serve on the appeals and advisory board,

or any board committee, when the appointed member for whom they are an alternate is present.

(2) Nine (9) appointed members or their appointed member alternates, constitutes a quorum of the appeals and advisory board.

(3) Voting shall only be conducted by appointed members or their appointed alternates, should the member not be present. No proxy votes shall be allowed.

(4) A majority vote of those members present, including alternate members representing absent members, shall be necessary for approval of any decision of the appeals and advisory board, and each member or alternate member, should the member be absent, shall have one vote including the chairman.

(5) The appeals and advisory board shall take no action on an appeal unless one (1) appointed member that is a subject matter expert is present for each major part of the appeal. For example: If an appeal has two (2) major parts, structural and plumbing, the structural engineer member and at least one (1) of the two (2) master plumber members must be present in order for the appeals and advisory board to take action on the appeal. Failure of the appeals and advisory board to have these subject matter experts present does not result in the approval of the applicant's appeal.

(f) *Sub-committees.* The appeals and advisory board may form sub-committees to advise it on specific matters. Prior to conducting public hearings on any of the nationally recognized building-related codes or the City of San Antonio Signs Code, and any associated amendments thereto, the appeals and advisory board shall form code review sub-committees and shall select a chairman for such sub-committee. The purpose of code review sub-committees is to review the newly published codes and to receive public comments on these codes and their associated amendments. The building official will provide appropriate staff support to all such sub-committees. The chairman of each code review sub-committee shall report his sub-committee recommendations to the appeals and advisory board during the subsequent public hearings conducted by the board on these codes.

(1) *Sub-committee membership.* Sub-committee membership shall consist of board members or their designated alternates, should the member not be present, and may also consist individuals who are not appointed by the mayor and city council, "non-board member," and who are required to reside in the city. A sub-committee is required to have at least four (4) board members or their designated alternates. Both the primary board member and alternate board member for any category may serve on a sub-committee, but only one (1) category member, primary or alternate, may serve as a voting member on the sub-committee. Sub-committees shall have not more than seven (7) board members and seven (7) designated alternates. Any board member may sit on a sub-committee as an ex-officio member but shall not be counted as part of the quorum or be authorized to vote. The number of non-board members shall be limited to the lesser of four (4) or one (1) less than the number of board members appointed to the sub-committee. The non-board members shall be appointed by either the full board or the sub-committee on which they will serve. Non-board members shall reside in the city unless the residence requirement is waived by the full board through the approved selection process.

(2) *Non-board member selection.* Selection of candidates to serve as a non-board member to a sub-committee will be completed as per the sub-committee selection bylaws adopted by the board.

(3) *Sub-committee quorum and voting.* A majority of the combined board members or their designated alternates, should the member not be present, of the sub-committee and the non-board members shall constitute a quorum. A majority of

sub-committee members shall be required to approve any item before the sub-committee.

(g) *Procedure.* The meeting of the board of appeals shall be conducted in conformity with parliamentary rules (Robert's Rules of Order), or other rules established by the appeals and advisory board, unless otherwise specified in chapters 10, chapter 11, and specific articles in chapter 28. The procedures shall not require compliance with strict rules of evidence but, shall mandate that only relevant information be received.

(h) *Open hearing and meeting.* All hearings and meetings of the appeals and advisory board shall be open to the public, and subject to the Texas Public Meetings Act. The appellant, the appellant's representative, the building official, fire chief and any other person whose interests are affected shall be given equal opportunity to be heard.

(i) *Appeals and advisory board decision on appeals.* A concurring vote of the majority of appointed members present once a quorum is established is required in order for the appeals and advisory board to modify or reverse the decision of the building official or fire chief.

(1) *Resolution.* The decision of the appeals and advisory board shall be by resolution. Certified copies, signed by the chairman of the appeals and advisory board, shall be furnished to the appellant and to the building official and fire chief.

(2) *Administration.* The building official and fire chief shall take immediate action in accordance with the decision of the appeals and advisory board.

(j) *Board of appeals action.* Any action taken by the building-related and fire codes board of appeals is final.
(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-15. Violations.

(a) *Unlawful acts.* It shall be unlawful for any person, firm, or corporation to erect, construct, alter, extend, repair, move, remove, demolish, or occupy any building, structure or equipment regulated by this chapter, or cause same to be done, in conflict with or in violation of any of the provisions of this chapter.

(b) *Notice of violation.* The building official is authorized to serve a notice of violation or order on the person responsible for the erection, construction, alteration, extension, repair, moving, removal, demolition or occupancy of a building or structure in violation of the provisions of this chapter, or in violation of a permit or certificate issued under the provisions of this chapter. Such order shall direct the discontinuance of the illegal action or condition and the abatement of the violation.

(c) *Prosecution of violation.* If the notice of violation is not complied with promptly, the building official is authorized to request legal counsel of the city to institute the appropriate proceeding at law or in equity to restrain, correct or abate such violation, or to require the removal or termination of the unlawful occupancy of the building or structure in violation of such provisions of this chapter or of the order or direction made pursuant thereto.

(d) *Violation penalties.* Any person who violates a provision of this Code or fails to comply with any of the requirements thereof or who erects, constructs, alters, or repairs a building or structure in violation of the approved construction documents or directive of the building official, or of a permit or certificate issued under the provisions of this chapter, shall be subject to penalties prescribed by law.

(e) *Misdemeanor.* Any person violating any of the provisions of this Code or other ordinances which are enforced by the building official shall be deemed guilty of a misdemeanor. Each such person shall be deemed guilty of a separate offense for each day or portion thereof during which any violation of any of the provisions of this Code is committed, continued, or permitted. Each violation may be punishable by a fine not to exceed five hundred dollars ($500.00).
(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-16. Stop work order.

(a) *Authority.* Whenever the building official finds any work regulated by this chapter being performed in a manner either contrary to the

provisions of this chapter or dangerous or unsafe, the building official is authorized to issue a stop work order.

(b) *Issuance.* The stop work order shall be in writing and shall be given to the owner of the property involved, or to the owner's agent, or to the person doing the work. Upon issuance of a stop work order, the cited work shall immediately cease. The stop work order shall state the reason for the order, and the conditions under which the cited work will be permitted to resume.

(c) *Emergencies.* Where an emergency exists, the building official shall not be required to give written notice prior to stopping work.

(d) *Unlawful continuance.* Any person who shall continue any work having been served with a stop work order, except such work as that person is directed to perform to remove the violation or unsafe condition, shall be subject to penalties as prescribed by law.
(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-17. Unsafe structures and equipment.

(a) *Unsafe conditions.* Structures or existing equipment that are or hereafter become unsafe, insanitary, or deficient because of inadequate means of egress facilities, inadequate light, and ventilation, or which constitute a fire hazard, or are otherwise dangerous to human life or the public welfare, or that involve illegal or improper occupancy or inadequate maintenance, shall be deemed an unsafe condition. Unsafe structures shall be taken down and removed or made safe, as the building official deems necessary and as provided for in this section. A vacant structure that is not secured against unauthorized entry shall be deemed unsafe.

(b) *Record.* The building official shall cause a report to be filed on an unsafe condition. The report shall state the occupancy of the structure and the nature of the unsafe condition.

(c) *Notice.* If an unsafe condition is found, the building official shall serve on the owner, agent, or person in control of the structure, a written notice that describes the condition deemed unsafe and specifies the required repairs or improvements to be made to abate the unsafe condition, or that requires the unsafe structure to be demolished within a stipulated time. Such notice shall require the person thus notified to declare immediately to the building official acceptance or rejection of the terms of the order.

(d) *Method of service.* Such notice shall be deemed properly served if a copy thereof is: (a) delivered to the owner personally; (b) sent by certified or registered mail addressed to the owner at the last known address as referenced in the deed records with the return receipt requested; or (c) delivered in any other manner as prescribed by local law. If the certified or registered letter is returned showing the letter was not delivered, a copy thereof shall be posted in a conspicuous place in or about the structure affected by such notice. Service of such notice in the foregoing manner upon the owner's agent or upon the person responsible for the structure shall constitute service of notice upon the owner.

(e) *Restoration or abatement.* Where the structure or equipment determined to be unsafe by the building official is permitted to be restored to a safe condition, the owner, the owner's authorized agent, operator or occupant of a structure, premises or equipment deemed unsafe by the building official shall abate or cause to be abated or corrected such unsafe conditions either by repair, rehabilitation, demolition, or other approved corrective action. To the extent that repairs, alterations, or additions are made, or a change of occupancy occurs during the restoration of the structure, such repairs, alterations, additions or change of occupancy shall comply with subsection 10-2(c) of this chapter.
(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-18. Notice required to building official (detention facility).

Pursuant to authority granted to the building official in article I, section 10-5 (Duties and powers of building official) and under the city charter, the building official, through the development services department, shall be notified by (1) the owner, (2) owner's representative, or (3) any contractor at least thirty (30) days prior to commencing any work to renovate, construct, or

operate detention facilities within the City of San Antonio city limits. Detention facilities under this section shall have the same definition as under chapter 35 (Unified Development Code). (Ord. No. 2026-04-16-0257, § 4, 4-16-26)

Secs. 10-19—10-24. Reserved.

ARTICLE II. DEFINITIONS

Sec. 10-25. Non-referenced definitions.

The following definitions are in addition to or supersede those listed in the referenced model codes of this chapter:

AHJ. Authority having jurisdiction.

Air conditioning and refrigeration contracting. Performing or offering to perform the design, installation, construction, repair, maintenance, service, or modification of equipment or a product in an environmental air conditioning system, a commercial refrigeration system, or a process cooling or heating system for the general public.

Air conditioning and refrigeration maintenance work. All work, including repair work, required for the continued normal performance of an existing environmental air conditioning system, a process cooling or heating system, a commercial refrigeration system, or commercial refrigeration equipment. The term does not include:

- The total replacement of a system; or
- The installation or repair of a boiler or pressure vessel that must be installed in accordance with rules adopted by the commission under V.T.C.A., Health and Safety Code ch. 755.

Approved. Approved by the building official or other authority having jurisdiction.

Approved agency. An established and recognized organization this is regularly engaged in conducting tests, furnishing product evaluation or certification or inspection services when such organization has been approved by the building official.

AWG. American Wire Gauge.

Billboard operator. An individual licensed by the city as a billboard operator who engages in the business of erecting, painting, servicing, or maintaining billboards or any other off-premises advertising in accordance with this chapter and chapter 28 of this Code.

Board of appeals. The building-related and fire codes appeals and advisory board of the city.

Building official. The director of the development services department or a duly authorized representative who may act on his behalf charged with the administration and enforcement of this chapter. For the purpose of this chapter, the building official shall also be known as the code official and AHJ.

Building owner / manager. A person or company that is in the business of managing properties and is responsible for the upkeep and maintenance of such properties.

Certificate of occupancy or C of O. A document issued by the building official after he inspects the building or structure and finds no violations of the provisions of this chapter or other laws that are enforced by the department.

Chapter. Chapter 10 of the City Code of San Antonio, Texas, also known as the building-related codes of the city, and any subsequent enactments, amendments and/or reenactment of chapter 10 of the City Code.

City. The City of San Antonio, Texas.

Commercial sign operator. An individual licensed by the city as a commercial sign operator who engages in the business of erecting, painting, servicing, or maintaining commercial signs in accordance with this chapter and chapter 28 of the City Code.

CPS Energy. City Public Service Energy.

Deck. An outdoor platform extending horizontally from the rear or side yard of the structure, attached to a building or self-supported.

Demolition. Has the meanings assigned in appendix A of chapter 35 of the City Code.

Demolition contractor. An individual or company or partnership doing the work of demolition for payment.

Department. Development services department of the city.

Distributed generation (DG). Includes, but is not limited to, electrical power derived from wind, water, sunlight, mechanical equipment, batteries, or fuel cells. DG includes all sources of electrical energy that are derived from equipment and/or systems other than the CPS Energy system that may include, wholly or in part, generation, transmission, and distribution of electrical energy.

1. All DG systems that are interactive with the electrical grid of CPS Energy shall be

[This page intentionally left blank.]

approved by the city and CPS Energy prior to the issuance of an electrical permit.

2. Stand-alone DG systems that are not connected to the electrical grid of CPS Energy require electrical permits when any portion, segment or component of the DG system operates at or is rated for operation above 50-volts (AC or DC) or above one thousand two hundred (1,200) watts.

3. Interactive DG systems shall be installed per CPS Energy regulations.

4. All DG systems shall meet the requirements of the US Environmental Protection Agency (EPA).

5. All DG systems shall meet the requirements of TCEQ.

Drain cleaner. An individual who has completed at least four thousand (4,000) hours working under the supervision of a responsible master plumber as a drain cleaner-restricted registrant, who has fulfilled the requirements of and is registered with the state plumbing licensing board, and who installs cleanouts and removes and resets p-traps to eliminate obstructions in building drains and sewers under the supervision of a responsible master plumber.

Drain cleaner—Restricted registrant. An individual who has worked as a plumber's apprentice under the supervision of a responsible master plumber, who has fulfilled the requirements of and is registered with the state plumbing licensing board, and who clears obstructions in sewer and drain lines through any code-approved existing opening under the supervision of a responsible master plumber.

DWV. Drain, waste, and vent.

Electrical apprentice. An individual, licensed by the state as an apprentice who works under the on-site direct supervision of a master electrician, a journeyman electrician, or a residential wireman, on behalf of an electrical contractor, or employing governmental entity who performs "electrical work" as defined in this chapter.

Electrical contracting. The business of designing, installing, erecting, repairing, or altering electrical wires or conductors to be used for light, heat, power, or signaling purposes. The term includes the installation or repair of ducts, raceways, or conduits for the reception or protection of wires or conductors and the installation or repair of any electrical machinery, apparatus, or system used for electrical light, heat, power, or signaling.

Electrical contractor. A person or entity engaged in electrical contracting.

Electrical maintenance technician. An individual registered with the city as an electrical maintenance technician, on behalf of a building owner or management group who performs limited "electrical maintenance work" as defined in this chapter.

Electrical maintenance work. The replacement or repair of existing electrical appurtenances, apparatus, equipment, machinery, or controls used in connection with the use of electrical energy in, on, outside, or attached to a building, dwelling, structure, property, or premises.

Electrical sign apprentice. An individual, licensed by the state as an electrical sign apprentice who works under the on-site direct supervision of a master electrician, master sign electrician, journeyman electrician, electrical sign journeyman electrician, or electrical sign technician, on behalf of an electrical sign contractor who performs "electrical sign work" as defined in this chapter.

Electrical sign contracting. The business of designing, manufacturing, installing, connecting, reconnecting, or servicing an electric sign, cold cathode, neon gas tubing, or outline gas tubing, or altering electric sign wiring or conductors either inside or outside of a building.

Electrical sign contractor. A person or entity engaged in electrical sign contracting.

Electrical sign technician. An individual registered with the city as a sign technician who works under the general supervision of a master

electrician or master sign electrician on behalf of an electrical sign contractor who performs "electrical sign work" as defined in this chapter.

Electrical sign work. All work and material used in manufacturing, installing, or contracting to install, erecting, hanging, connecting, reconnecting, servicing, or maintaining any electric or neon sign or electric neon tubing for any purpose, whether inside or outside of any building or structure or on any part of the public right-of-way subject to this chapter.

Electrical system. All material, fixtures, devices, and appliances for the purpose of conducting or utilizing electrical energy.

Electrical trade. Installing, contracting to install, maintaining, repairing, connecting, reconnecting, or servicing of any wiring, fixtures, or equipment used for conducting of electricity for which a permit is required by this chapter.

Electrical wiring. Any of the methods and materials described in the National Electrical Code as adopted by the city, except as may be amended by this chapter.

Electrical work. Labor or material used in installing, maintaining, modifying, or extending an electrical wiring system and the appurtenances, apparatus, or equipment used in connection with the use of electrical energy in, on, outside, or attached to a building, residence, structure, property, or premises. The term includes service entrance conductors as defined by the National Electrical Code as adopted by the city.

Electro-mechanical integrity. The condition of an electrical product, electrical system, or electrical equipment installed in accordance with its intended purpose and according to standards at least as strict as the standards provided by the National Electrical Code, the manufacturer's specifications, any listing or labeling on a product, and all other applicable codes or ordinances.

Electric utility company. The electric utility company is CPS Energy, governed by the CPS Energy board of trustees, an appointed board.

Fire chief. The chief officer of the San Antonio Fire Department or a duly authorized representative.

Firm. A business entity including, without limitation, a sole proprietorship, corporation, partnership, or any other entity that is legally recognized in Texas.

Foster care family home. A single independent residential occupancy that is the primary residence of the caregiver and licensed by the state to provide 24-hour care for six (6) or fewer children (including those related to the caregiver) up to the age of eighteen (18) years.

General contractor. A person actively engaged in and is completely responsible for the construction of commercial or industrial structures within the geographical areas to which this chapter applies.

Government agency. An executive, legislative, or judicial agency, department, board, commission, authority, institution, or instrumentality of the federal government, a state, county, municipality, or other political subdivision of the state.

Grease trap interceptor. A plumbing appurtenance installed in a sanitary drainage system to intercept nonpetroleum fats, oils, and greases (FOG) from a wastewater discharge and is identified by retention time, baffle(s), a minimum of two (2) compartments, a minimum total volume of five hundred (500) gallons, and gravity separation. Gravity grease interceptors are generally installed outside. See definition of gravity grease interceptors in section 10-82 of this chapter.

Home improvement contractor. A person or entity engaged in the business of making home improvements or who undertakes, offers to undertake, or agrees to perform any home improvement, whether or not such person is registered pursuant to this chapter. Registrations of a Home Improvement Contractor shall be made per section 10-115. Home improvement means the repair, replacement, remodeling, alteration, conversion, or modernization to any existing building, or any portion of an existing building, not owned by a government agency, which is used or designed to be used as a private residence or dwelling place for not more than two (2) families, and shall include, but not by way of limitation, the construction, replacement or

improvement of driveways, swimming pools, roofs, fences, other similar improvements, and home remodels that include the addition or elimination of any door, window or wall where the work area is equal to or less than fifty (50) percent of the building area. "Home improvement" shall not include:

(1) The construction of a new private residence or dwelling place for not more than two (2) families, and the initial construction of improvements or additions to the same lot or lots provided the addition or improvement is commenced within one (1) year from the date of completion of construction of the new residence or dwelling place; nor

(2) Any renovations or alterations that exceed fifty (50) percent of existing building total area.

IBC. International Building Code, 2024 edition, as amended by the city.

IEBC. International Existing Building Code, 2024 edition, as amended by the city.

IECC. International Energy Conservation Code, 2021 edition, as amended by the city.

IFC. International Fire Code, 2024 edition, as amended by the city.

IFGC. International Fuel Gas Code, 2024 edition, as amended by the city.

IMC. International Mechanical Code, 2024 edition, as amended by the city.

IPC. International Plumbing Code, 2024 edition, as amended by the city.

IRC. International Residential Code, 2024 edition, as amended by the city.

Irrigation installation. Fabrication of an irrigation system using components that include piping, fittings, valves, sprinkler heads and pumps; replacement, repair, alteration, or maintenance of a lawn sprinkler system component; or lawn sprinkler system site preparation including digging, trenching, vibratory flow operation, and final grading.

Irrigation contractor. A person licensed under V.T.C.A., Water Code Ch. 37 and V.T.C.A., Occupations Code Ch. 1903.

Irrigation system. An assembly of component parts permanently installed for the controlled distribution and conservation of water to irrigate landscape vegetation, reduce dust, or control erosion. The term does not include a system used on or by an agricultural operation as defined by V.T.C.A., Agriculture Code § 251.002.

ISPSC. International Swimming Pool and Spa Code, 2024 edition, as amended by the city.

Journeyman electrician. An individual, licensed by the state as a journeyman electrician, who works under the general supervision of a master electrician, on behalf of an electrical contractor or employing governmental entity who performs "electrical work" as defined in this chapter.

Journeyman plumber. An individual, licensed by the state as a journeyman plumber who has met the qualifications for registration as a plumber's apprentice or for licensure as a tradesman plumber-limited licensee, who has completed at least eight thousand (8,000) hours working under the actual installation, alteration, repair, service, and renovating of plumbing, and who has successfully fulfilled the examinations and requirements of the State Plumbing Licensing Board.

Journeyman sign electrician. An individual, licensed by the state as a journeyman sign electrician, who works under the general supervision of a master electrician or a master sign electrician on behalf of an electrical sign contractor who performs "electrical sign work" as defined in this chapter.

Licensed backflow assembly tester. An individual licensed by TCEQ as a backflow assembly tester.

LP gas installers. A person is not required to be licensed under this chapter to perform LPG system installation if the person performs LPG system installation as an LP gas installer licensed under V.T.C.A., Natural Resource Code Ch. 113, Subch. D.

Maintenance electrician. An individual licensed as a maintenance electrician who works under

the general supervision of a master electrician on behalf of an electrical contractor or employing government entity and who performs limited "electrical maintenance work" as defined in this chapter.

Master electrician. An individual licensed by the state as a master electrician who, on behalf of an electrical contractor, electrical sign contractor, or employing governmental entity, performs "electrical work" as defined by this chapter.

Master plumber. An individual licensed in the state as a master plumber who is skilled in the design, planning, superintending, and the practical installation, repair, and service of plumbing; who is knowledgeable about the codes, ordinances, or rules and regulations governing those matters; who alone, or through an individual or individuals under his supervision, performs plumbing work; and who has successfully fulfilled the examinations and requirements of the State Plumbing License Board.

Master sign electrician. An individual licensed by the state as a master sign electrician who, on behalf of an electrical sign contractor, performs "electrical sign work" as defined in this chapter.

Mechanical master. Any person licensed as a mechanical master in compliance with the prerequisites of this chapter who holds himself out to the public as being qualified to do the kind of mechanical work or to contract for the doing of the kind of mechanical work by himself or by the employment of mechanical technicians or mechanical apprentices which his license authorizes him to do.

Mechanical technician. Any person licensed as a mechanical technician, in compliance with the requirements of this chapter, who works for and under the general supervision and direction of a mechanical master, who does mechanical work contracted for by mechanical master, and who does not hold himself out to the public as being qualified to contract for the doing of mechanical work.

Medical gas piping endorsement. A document entitling the holder of a master or journeyman plumbing license to install piping used solely to transport gases used for medical purposes including but not limited to oxygen, nitrous oxide, medical air, nitrogen, and medical vacuum. Also, a document entitling the holder of a plumbing inspector license to inspect medical gas and vacuum system installations.

Multipurpose residential fire protection sprinkler specialist endorsement. A document entitling the holder of a master or journeyman plumber license to install a multipurpose residential fire protection sprinkler system in a one- or two-family dwelling. Also, a document entitling the holder of a plumbing inspector license to inspect a multipurpose residential fire protection sprinkler system.

Moral turpitude. Conduct that is contrary to justice, honesty, or good morals.

NEC. National Electrical Code, NFPA 70, 2020 edition, as amended by article VI of this chapter.

NFPA 70. National Electrical Code, NFPA 70, 2020 edition, as amended by article VI of this chapter.

Occupancy. The purpose for which a building, or part thereof, is utilized or occupied.

Occupant. Any person, agent, firm, or corporation that occupies a building or part thereof as an owner or a tenant.

Onsite. Onsite is defined as follows:

(1) *Work for multifamily dwellings (more than two (2) dwelling units); commercial; and industrial structures or facilities, onsite* shall mean "at the premises or structure where the work is being performed."

(2) *Work for one- and two-family dwellings: Onsite* shall mean "within an unimpeded path of not more than five hundred (500) feet in the same subdivision where the work is being performed."

Open wiring. The types of interior wiring described in the NEC, Articles 334, 338 and 340.

Owner. Has the meaning provided in chapter 1, section 1-2, rules of construction of the City Code and also includes any homeowner, property owner, person authorized to procure services of a

contractor, or any other person who orders, contracts for, or purchases the residential building construction services of a contractor, or the person entitled to the performance of the work of a contractor.

Patio (uncovered). An outdoor space for dining or recreation that adjoins a residence and includes a hard walking surface.

Pipe welder. A person who specializes in the welding of pipes and holds a valid certificate of competency from a recognized testing laboratory based on the requirements of the ASME Boiler and Pressure Vessels Code, Section IX.

Plumber's apprentice. An individual other than a master plumber, journeyman plumber, or tradesman plumber-limited licensee who, as the person's principal occupation, is engaged in learning and assisting in the installation of plumbing, is registered by the state plumbing licensing board, and works under the general supervision of a licensed responsible master plumber and the direct supervision of a licensed plumber. Direct supervision is defined as onsite supervisor.

Plumbing work. Any labor or material used in installing, maintaining, or modifying a plumbing system and the appurtenances, apparatus, or equipment used in connection with the use of plumbing in, on, outside, or attached to a building, residence, structure, property, or premises.

Porch. An outdoor space for dining or recreation that adjoins a residence and includes a hard walking surface with a solid roof to provide protection against the elements.

Porte cochere. A roofed structure that is open on at least three (3) sides and extends from the building entrance over an adjacent driveway and shelters vehicle ingress and egress.

Reclaimed water. Water from sources such as rainwater harvesting, A/C condensate collection, carwashes, ponds, lakes, rivers, or other sources as approved by the building official.

Recycled water. Water that, as a result of a tertiary treatment of domestic wastewater by a public agency, is suitable for a direct beneficial use or a controlled use that would not otherwise occur. The level of treatment and quality of the reclaimed/recycled water shall be approved by TCEQ.

Residential utilities installer (plumbing). An individual who has completed at least two thousand (2,000) hours working under the supervision of a responsible master plumber and a registered plumber's apprentice, who has fulfilled the requirements of and is registered by the State Plumbing License Board, and who constructs and installs yard water service piping for one- and two-family dwellings and building sewers.

Residential appliance. A unit of electrical equipment designed and installed in a dwelling by direct connection to an existing electrical circuit to perform a specific function.

Residential appliance installer. A person, other than a licensed electrician, who is licensed to perform electrical appliance installation.

Residential appliance installation contractor. A business entity, other than an electrical contractor or electrical sign contractor, engaged in residential appliance installation contracting.

Residential building contractor. A person, company, association, agency, or other entity registered with the city and certified, as required by section 10-116 of this chapter, to engage in the business of constructing, structurally altering or enlarging any one- or two-family detached dwelling or townhouse including detached accessory buildings in excess of three hundred (300) square feet in area thereto as regulated by the International Residential Code.

Registered contractor. A residential building contractor, as defined in this chapter, registered with the city to do residential building contracting.

Residential wireman. An individual, licensed by the state as a residential wireman, who may only perform electrical installations in single-family and multifamily dwellings not exceeding four (4) stories and who works under the general supervision of a master electrician, on behalf of an electrical contractor or employing governmental entity who performs "electrical work" as defined in this chapter.

Responsible master plumber. A person licensed as a master plumber who allows his master plumber license to be used by only one plumbing company for the purposes of offering and performing plumbing work under the person's master plumber license; is authorized to obtain permits for plumbing work; assumes responsibility for plumbing work under the person's license; and has submitted a certificate of insurance as required by Section 1301.3576 of the Plumbing License Law and Section 367.3 of the State Plumbing License Board Rules.

RP device. See definition of reduced pressure principle backflow preventer.

SAWS. San Antonio Water System (https://www.saws.org/).

Site work. Site work includes any of the following:

- The changing of grade on a site by more than twelve (12) inches (305 mm) vertical from the existing contours through cut or fill operations.
- The removal of trees or the process of grubbing.
- The construction of a commercial driveway and/or surface parking lot.
- The trenching of a site in order to install underground utilities.

Special inspector. See definition in section 10-30 of this chapter.

State. Texas.

Subcontractor. One who performs services under contract to a contractor.

TCEQ. Texas Commission on Environmental Quality (http://www.tceq.state.tx.us/).

TDLR. Texas Department of Licensing and Regulation (http://www.license.state.tx.us/).

TOPS permit. An electrical permit designed to allow the use of an existing or new electrical distribution and/or service prior to obtaining a certificate of occupancy. Connection to a service also requires the approval of CPS Energy.

Tradesman plumber—Limited license. An individual, who has completed at least four thousand (4,000) hours working under the direct supervision of a journeyman or master plumber as a registered plumber's apprentice, who has passed the required examination and fulfilled the other requirements of the state plumbing license board, who constructs and installs plumbing for one- and two-family dwellings under the supervision of the responsible master plumber, and who has not met or attempted to meet the qualifications for a journeyman plumber license.

Working days. Days exclusive of federal, state, or local holidays and weekends unless otherwise stated.
(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Secs. 10-26—10-28. Reserved.

ARTICLE III. BUILDING CODE

Sec. 10-29. Adoption of International Building Code (2024).

The 2024 edition of the International Building Code, promulgated by the International Code Council, Chapters 2 through 35, and Appendices H and P is hereby adopted and incorporated in this article by reference as if fully set forth, except as it is amended by the following provisions of section 10-30. Provisions of this article are in addition to the provisions of the International Building Code. The following provisions coinciding with the provisions of the International Building Code supersede, repeal, or delete, when indicated, the corresponding provisions of the International Building Code.

All references within the model codes to any building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code shall be construed to be a reference to the respective building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code specifically adopted by reference in articles II through XIV of this chapter.
(Ord. No. 2025-01-30-0075, § 1(Att. A), 1-30-25)

Sec. 10-30. Amendments to the adopted chapters of the International Building Code (2024).

Additions to the International Building Code are shown as underlined text. Deletions to the *International Building Code* are shown as bracketed [~~strikethroughs~~].

Chapter 2, DEFINITIONS, is amended for ADOBE CONSTRUCTION, AMBULATORY CARE FACILITY, FIRE AREA and SPECIAL INSPECTOR to read as follows:

[BS] ADOBE ~~CONSTRUCTION~~ MASONRY. A type of earthen [~~C~~]construction in which the [~~exterior load-bearing and nonload-bearing walls and partitions are of~~] unfired clay based masonry units are formed without compression. [~~, and floors, roofs and interior framing are wholly or partly of wood or~~] May contain sand, aggregates, organic or inorganic binders, stabilizers, and other *approved* materials.

[BG] AMBULATORY CARE FACILITY. Buildings or portions thereof used to provide medical, surgical, psychiatric, nursing, dialysis, or similar care on a less than 24-hour basis to persons who are rendered incapable of self-preservation by the services provided or staff has accepted responsibility for care recipients already incapable.

[B] FIRE AREA. The aggregate floor area enclosed and bounded by *fire walls, fire barriers, exterior walls*, or *horizontal assemblies* of a building. Areas of the building not provided with surrounding walls shall be included in the fire area if such areas are included within the horizontal projection of the roof or floor next above.

Exception: Outdoor covered areas shall not be considered fire areas, nor shall they be considered as part of the fire area of a connected building where all of the following conditions are met:

1. The outdoor covered area is a Group A2 Occupancy less than 1,000 ft^2 or is a Group A3 Occupancy. If multiple Group A2 Occupancy outdoor covered areas are proposed, then the aggregate area of all of these areas shall be less than 1,000 ft^2 or separated by a minimum of 20 feet from each other.
2. The outdoor covered area is open on at least three sides and open a minimum of 50% of the perimeter of the area covered. In order to be considered "open" for the purpose of this exception, an open side shall be at least 50% open with the open area uniformly distributed to prevent the accumulation of smoke and toxic gases.
3. The outdoor covered area shall have adequate independent means of egress such that the occupants of the outdoor covered area are not required to egress through a connected or adjacent building.

[BS] SPECIAL INSPECTOR. A qualified person employed or retained by an approved agency who shall prove to the satisfaction of the registered design professional in responsible charge and [~~approved by~~] the *building official* that he/she [~~as having~~] has the competence necessary to inspect a particular type of construction requiring special inspection.

Chapter 2, DEFINITIONS, is amended to add COMPRESSED EARTH BLOCK, EARTHEN CONSTRUCTION and RAMMED EARTH to read as follows:

COMPRESSED EARTH BLOCK or CEB: A type of *earthen construction* in which the *masonry units* are individually formed by means of mechanical compression. May contain stabilizers or other approved materials.

EARTHEN CONSTRUCTION. A type of *masonry* construction in which the *load-bearing* and/or *non-load bearing* walls are composed primarily of a matrix of inorganic soil materials such as clay, sand and silt that have been mechanically formed and have not been burned or fired in a kiln.

Stabilized. *Earthen construction* to which complimentary stabilizers such as lime or Portland cement are added to the soil matrix to limit water absorption, increase structural stability, and increase durability.

Unstabilized. Earthen construction that does not meet the definition of "Stabilized."

RAMMED EARTH. A type of earthen construction in which monolithic wall panels are formed by mechanically compressing successive lifts of the soil matrix within a temporary formwork. May contain stabilizers or other approved materials.

SECTION 304, BUSINESS GROUP B, is amended by adding Fire Stations in the group as follows with remaining text to remain as written:

304.1 Business Group B. Business Group B occupancy includes, among others, the use of a building or structure, or a portion thereof, for office, professional or service-type transactions, including storage of records and accounts. Business occupancies shall include, but not be limited to, the following:

Fire stations (including the dormitory, apparatus bays, living and offices areas) if installed with an automatic smoke detection system in accordance with 907.2.9.3 and smoke alarms installed in accordance with 907.2.11.2 through 907.2.11.4.

Section 310.4, Residential Group R-3, is amended by removing Emergency services living quarters and adding Foster Care Family Homes to the group as follows with remaining text to remain as written:

310.4 Residential Group R-3. Residential Group R-3 occupancies where the occupants are primarily permanent in nature and not classified as Group R-1, R-2, R-4 or I, including:

Foster Family Home - A childcare facility certified or licensed by the Texas Department of Human services which provides care twenty-four (24) hours a day for not more than six (6) children.

Section [F] 501.2, Address identification, is amended to read as follows:

[F] 502.1 Address identification. All existing commercial and industrial buildings issued certificates of occupancy after September 10, 2006, and all new [~~New and existing~~] buildings shall be provided with approved address identification [~~numbers or letters~~]. The address identification shall be legible and placed in a position that is visible from the street or road fronting the property. Address identification characters shall contrast with their background. Address numbers shall be Arabic numbers or alphabetical letters. Numbers shall not be spelled out. Each character shall be a minimum of six inches [~~4 inches (102 mm)~~] high with a minimum stroke width of ½ inch (12.7 mm). For buildings with individual suites, the suite numbers shall be a minimum of four inches high with a minimum stroke width of ½ inch (12.7 mm). Where required by the fire code official, address identification shall be provided in additional approved locations to facilitate emergency response. Where access is by means of a private road and the building address cannot be viewed from the public way, a monument, pole, or other approved sign or means shall be used to identify the structure. Address numbers shall be maintained.

Section 503.1.4, Occupiable roofs, is amended to read as follows with all other text to remain as is:

503.1.4 Occupiable roofs. A roof level or portion thereof shall not be used as an occupiable roof unless the occupancy of the roof is an occupancy that is permitted by Table 504.4 for the story immediately below the roof. The area of the occupiable roofs shall not be included in the building area as regulated by Section 506. An occupiable roof shall not be included in the building height or number of stories as regulated by Section 504, provided that the penthouses and other enclosed rooftop structures comply with Section 1511. Rooftop canopies complying with Section 3105 and enclosed rooftop structures shall not exceed 1/3 of the occupied rooftop area. Enclosed rooftop structures shall not contain habitable spaces.

Section 503.1, General, is amended by adding Section 503.1.5, Outdoor Covered Areas for Group A2 Occupancies, as follows:

503.1.5 Outdoor Covered Areas for Group A2 Occupancies. Where an outdoor covered patio meets ALL of the conditions listed, the

covered patio is NOT required to be included in the calculated "building area" of the structure nor does it require any "types of construction separation" or "occupancy separation" to meet the City's Building Code.

1. The outdoor covered area is a Group A2 Occupancy less than 1,000 SF. If multiple covered areas are proposed, then the aggregate area of all of these areas shall be less than 1,000 SF or each additional area shall be separated by a minimum of 20 feet from each other.
2. The outdoor covered area is open on at least three sides and open a minimum of 50 percent of the perimeter of the area covered. In order to be considered "open" for the purpose of the exception, an open side shall be at least 50 percent open with the open area uniformly distributed to prevent the accumulation of smoke and toxic gases.
3. The outdoor covered area shall have adequate independent means of egress such that the occupants of the outdoor covered area are not required to egress through a connected or adjacent building.
4. Outdoor covered areas shall not be built within 10 feet of a property line (real or imaginary).
5. Outdoor covered areas of wood construction shall be built with fire retardant treated wood as per IBC Section 2303.2 or protected with a fire-resistance rated material approved by the city.
6. The calculated occupant load of the outdoor covered area(s) shall contribute to the occupant load of the existing building for calculation of a total occupant load and for determination of the number of required plumbing fixtures per Section 403 of the IPC.

Section 706.1.1, Party Walls, Exception 2 is deleted as follows, all other Code text remains as is:

[~~2. Party walls and fire walls are not required on lot lines dividing a building for ownership purposes where the aggregate height and area of the portions of the building located on both sides of the lot line do not exceed the maximum height and area requirements of this code. For the building official's review and approval, the official shall be provided with copies of dedicated access easements and contractual agreements that permit the owners of portions of the building located on either side of the lot line access to the other side for purposes of maintaining fire and life safety systems necessary for the operation of the building.~~]

Table 705.9, Maximum area of exterior wall openings based on fire separation distance and degree of opening protection, footnote 'j' is revised as follows with remaining text to remain as written:

j. The area of openings in a building containing only a Group U occupancy shade structure, private garage or carport with a fire separation distance of 5 feet or greater shall not be limited.

Section 901.5, Acceptance tests, is amended as follows:

901.5 Acceptance tests. Fire protection systems shall be tested in accordance with the requirements of this code and the International Fire Code. Where required, the tests shall be conducted in the presence of the Building Official [~~building official~~]. Tests required by this code, the International Fire Code and the standards listed in this code shall be conducted at the expense of the owner or the owner's authorized agent. It shall be unlawful to occupy portions of a structure until the required fire protection systems within that portion of the structure have been tested and approved. A representative of the Fire Marshal shall witness all required acceptance tests for all these systems.

Section [F] 901.6.2.1, High-rise buildings, is amended as follows:

[F] 901.6.2.1 High-rise buildings. For high-rise buildings, an integrated testing plan shall be [~~comply with NFPA 4~~] approved by the fire code official, with an integrated test performed prior to issuance of the certificate of occupancy

and at intervals not exceeding 10 years, unless otherwise specified by an integrated system test plan [~~prepared in accordance with NFPA~~ 4] approved by the fire code official. If an equipment failure is detected during integrated testing, a repeat of the integrated test shall not be required, except as necessary to verify operation of fire protection or life safety functions that are initiated by equipment that was repaired or replaced.

Section [F] 901.6.2.2, Smoke control systems, is amended as follows:

[F] 901.6.2.2 Smoke control systems. Where a fire alarm system is integrated with a smoke control system as outlined in Section 909, an integrated testing plan shall be approved by the fire code official [~~comply with NFPA~~ 4], with an integrated test performed prior to issuance of the certificate of occupancy and at intervals not exceeding 10 years, unless otherwise specified by an integrated system test plan [~~prepared in accordance with NFPA~~ 4] approved by the fire code official. If an equipment failure is detected during integrated testing, a repeat of the integrated test shall not be required, except as necessary to verify operation of fire protection or life safety functions that are initiated by equipment that was repaired or replaced.

SECTION 901, GENERAL, is amended by adding Section 901.8, Permits, to read as follows:

901.8 Permits. Permits for fire protection systems shall be required as set forth in the *International Fire Code*, as amended.

Section [F]903.1, General, is amended by adding Section [F]903.1.2, Safety Factor, to read as follows:

[F] 903.1.2 Safety factor. Automatic sprinkler systems shall be designed with a minimum safety factor of 5 PSI or 10% of required pressure (whichever is greater) taken at the source for the hydraulically most demanding design area.

Section [F] 903.2, Where required, is amended to read as follows with the Exception remaining as written:

[F] 903.2. Where required. Approved automatic sprinkler systems in new buildings and structures shall be provided in the locations described in Sections 903.2.1 through 903.2.12. Where existing open buildings and structures are modified such that, they are no longer open on at least three sides and open a minimum of 50% of the perimeter of the area covered, fire sprinklers systems shall be installed for these change in occupancies in accordance with the applicable requirements in this section. In order to be considered "open" for the purpose of this requirement, an open side shall be at least 50% open with the open area uniformly distributed to prevent the accumulation of smoke and toxic gases.

Section [F] 903.2.1, Group A, is amended to read as follows:

[F] 903.2.1 Group A. An automatic sprinkler system shall be provided throughout buildings and portions thereof used as Group A occupancies as provided in this section. For Group A-1, A-2, A-3 and A-4 occupancies, the automatic sprinkler system shall be provided throughout the story where the fire area containing the Group A-1, A-2, A-3 or A-4 occupancy is located, and throughout all stories from the Group A occupancy to, and including, the levels of exit discharge serving the Group A occupancy. For Group A-5 occupancies, the automatic sprinkler system shall be provided in the spaces indicated in Section [F] 903.2.1.5.

Exception: A one-story detached open pavilion consisting of only a roof and supporting columns that meets all of the following criteria shall not require fire sprinklers.

1. The detached open pavilion is a Group A2, Group A3 or Group A4 Occupancy.
2. The detached open pavilion is less than 12,000 ft^2 in area.
3. The detached open pavilion is separated from adjacent structures by minimum of 30 feet.
4. The detached open pavilion is open on at least three sides and open a minimum of 50% of the perimeter of the area covered. In order to be considered "open" for the purpose of this exception, an open side

shall be at least 50% open with the open area uniformly distributed to prevent the accumulation of smoke and toxic gases.

5. The detached open pavilion has a minimum of 300% of the total number of required exits and a minimum of 300% of total exit minimum width or required capacity based upon the occupant load of the pavilion.

Section 903.2.1.3, Group A-3, is amended by adding the following item to the list of conditions:

[F] 903.2.1.3 Group A-3. An automatic sprinkler system shall be provided throughout stories containing Group A-3 occupancies and throughout all stories from the Group A-3 occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 12,000 square feet (1115 m^2).
2. The fire area has an occupant load of 300 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.
4. Any Group A-3 occupancy that serves alcohol shall comply with the fire sprinkler requirements for Group A-2 occupancies in Section 903.2.1.2.

Section [F] 903.2.6, Group I, is hereby amended by amending exception 2 as follows:

[F] 903.2.6 Group I. An Automatic sprinkler system shall be provided throughout buildings with a Group I fire area.

Exceptions:

1. An automatic sprinkler system installed in accordance with Section 903.3.1.2 shall be permitted in Group I-1, Condition 1 facilities.
2. An automatic sprinkler system is not required where Group I-4 child day care facilities are at the level of exit discharge and where every room where care is provided has not fewer than one exterior exit door.
3. In buildings where Group 1-4 daycare is provided on levels other than the level of exit discharge, an automatic sprinkler system in accordance with Section 903.3.1.1 shall be installed on the entire floor where care is provided, all floors between the level of care and the level of exit discharge, and all floors below the level of exit discharge other than areas classified as an open parking garage.

Section [F] 903.2.8, Group R, is amended by adding the following exception:

[F] 903.2.8 Group R. An *automatic sprinkler system* installed in accordance with Section 903.3 shall be provided throughout all buildings with a Group R *fire area*.

Exception: Foster care family homes as defined in Section 10-25.

Section [F] 903.2.11.1.1, Opening dimensions and access, is amended by adding the following sentence to the end of that section to read as follows:

[F] 903.2.11.1.1 Opening dimensions and access. Openings shall have a minimum dimension of not less than 30 inches (762 mm). Access to such openings shall be provided for the fire department from the exterior and shall not be obstructed in a manner such that firefighting or rescue cannot be accomplished from the exterior. Openings shall have a finished sill height which is no more than 44 inches (1117 mm) above the finished floor level of the story which the opening is serving.

Section [F] 903.2, Where required, is amended by adding Section [F] 903.2.13, Porte-cocheres, to read as follows:

[F] 903.2.13 Porte-cocheres. All porte-cocheres shall be protected with fire sprinklers.

Exception: Porte-cocheres of non-combustible construction under 1,000 square feet.

Section [F] 903.3.1.1.1, Exempt locations, is amended by adding item 6 as follows:

[F] 903.3.1.1.1 Exempt locations. Automatic sprinklers shall not be required in the following rooms or areas where such rooms or areas are protected with an *approved* automatic fire detection system in accordance with Section 907.2 that will respond to visible or invisible particles of combustion. Sprinklers shall not be omitted from any room merely because it is damp, of fire-resistance-rated construction or contains electrical equipment.

6. Equipment storage areas of fire stations where sprinklers are considered undesirable because of the nature of the contents, including firefighting apparatus and specialized equipment, when approved by the fire code official.

Section [F] 903.3.1.2, NFPA 13R sprinkler systems, is amended by amending [F] 903.3.1.2.3, Attics, and by adding Section [F] 903.3.1.2.4, Elevator machine room, to read as follows:

[F] 903.3.1.2.3 Attics. Attic protection shall be provided as follows:

1. Attics that are used or intended for living purposes or storage shall be protected by an *automatic sprinkler system*.

2. Where fuel-fired equipment is installed in an unsprinklered attic, not fewer than one quick-response intermediate temperature sprinkler shall be installed above the equipment.

3. Where located in a building of Type III, Type IV or Type V construction designed in accordance with Section 510.2 or 510.4, attics not required by Item 1 to have sprinklers shall comply with one of the following if the roof assembly is located more than 55 feet (16 764 mm) above the lowest level of required fire department vehicle access needed to meet the provisions in Section 503 of the International Fire Code.

3.1 Provide *automatic sprinkler system* protection.

3.2 Construct the attic using noncombustible materials.

3.3 Construct the attic using fire-retardant-treated wood complying with Section 2303.2.

[~~3.4 Fill the attic with noncombustible insulation.~~]

The height of the roof assembly shall be determined by measuring the distance from the lowest required fire vehicle access road surface adjacent to the building to the eave of the highest pitched roof, the intersection of the highest roof to the exterior wall, or the top of the highest parapet, whichever yields the greatest distance. For the purpose of this measurement, required fire vehicle access roads shall include only those roads that are necessary for compliance with Section 503 of the *International Fire Code*.

4. Group R-4, Condition 2 occupancy attics not required by Item 1 to have sprinklers shall comply with one of the following:

4.1 Provide *automatic sprinkler system* protection.

4.2 Provide a heat detection system throughout the attic that is arranged to activate the building fire alarm system.

4.3 Construct the attic using noncombustible materials.

4.4 Construct the attic using fire-retardant-treated wood complying with Section 2303.2.

[~~4.5 Fill the attic with noncombustible insulation.~~]

[F] 903.3.1.2.4 Elevator machine room. In all R occupancies or occupancies using an NFPA 13R system with elevator systems, the elevator machine room shall be sprinklered per NFPA 13.

SECTION 903, AUTOMATIC SPRINKLER SYSTEMS, is amended by amending [F] 903.4.1,

Electronic supervision, to add Exception 9, and adding Section [F] 903.6, Separation from non-sprinklered areas, to read as follows:

[F] 903.4.1 Electronic Supervision. Valves controlling the water supply for *automatic sprinkler* systems, pumps, tanks, water levels and temperatures, critical air pressures and waterflow switches on all automatic sprinkler systems shall be electrically supervised by a listed *fire alarm control unit*.

Exceptions:

9. Valves located outside buildings or in a vault that are sealed or locked in the open position.

[F] 903.6 Separation from non-sprinklered areas. Unless otherwise exempted by this code or the 2024 *International Fire Code* (IFC) or required to be of a higher fire resistive construction by this code or the IFC, a minimum one-hour fire barrier constructed in accordance with Chapter 7 shall be between sprinklered and non-sprinklered areas within a building.

Section [F] 904.2.2, Commercial hood and duct systems, is amended by adding Section [F] 904.2.2.1, Permit required, as follows:

[F] 904.2.2.1 Permit required. Prior to installation, a licensed contractor shall obtain a permit for automatic fixed pipe extinguishing system from the Fire Marshal's office. At the time a permit request is made, a diagram detailing exactly what will be installed at the "permit site" shall be submitted for Fire Department review and files. The diagram shall include:

1. Approximate length of pipe and elbows
2. Distance of nozzles from grill area
3. Exact size, type, and number of nozzles
4. Number and location of fusible links
5. Size of cooking surface area, hood, and vent area
6. Location of manual pull
7. Location of automatic gas or electric shut-off, electric shut-off is to be a total shut-off
8. The location of the automatic extinguishing system in the room and distance of exits must be shown

The installation is not complete until all automatic electric or gas shut offs are installed. Permitee is responsible for the total installation. Permitee shall call Fire Prevention for a final inspection after the system is completed. The fire inspector shall require an operations test of the system be performed on the final inspection. Agent discharge shall not be required if: (a) Installer certifies in writing that system has been designed and installed in accordance with manufacturers specifications, and (b) an air discharge test is performed.

Section [F] 905.1, General, is amended by adding Section [F] 905.1.1, Safety factor, as follows:

[F] 905.1.1 Safety factor. All standpipe systems with the exception of manual standpipes shall be designed with a minimum safety factor of 5 PSI or 10% of required pressure (whichever is greater) taken at the source for the hydraulically most demanding system and/or outlet.

Section [F] 905.2, Installation standard, is amended by adding Section [F] 905.2.1, Class-I reducers, as follows:

[F] 905.2.1 Class-I reducers. A 2.5 inch by 1.5-inch reducer shall be provided on Class-I standpipe connections with caps and chains.

Section [F] 905.4, Location of Class I standpipe hose connections, is amended as follows with all other code text to remain as written:

[F] 905.4 Location of Class I standpipe hose connections. Class I standpipe hose connections shall be provided in all of the following locations:

1. In every required *interior exit stairway* or *exterior exit stairway*, a hose connection shall be provided for each story above and below *grade plane*. Hose connections shall be located at [~~the main~~] an

intermediate [~~floor~~] landing between stories unless otherwise *approved* by the fire code official.

[~~Exception: A single hose connection shall be permitted to be installed in the open corridor or open breezeway between open stairs that are not greater than 75 feet (22 860 mm) apart.~~]

SECTION [F] 906.2, General requirements, is amended by adding Section [F] 906.2.1, Travel distance, as follows:

[F] 906.2.1 Travel distance. Travel distance is calculated from a point in the occupancy to the location of fire extinguisher located on the same floor level in accordance with the maximum distances listed in [F] Table 906.3(1) or [F] Table 906.3(2). Travel distance is calculated per floor when determining travel distance to a fire extinguisher in multi-story buildings.

Section [F] 906, PORTABLE FIRE EXTINGUISHERS, is amended by adding Section [F]906.5.1, Conspicuous locations in Group R occupancies, and Section [F] 906.11, Inspections of non-rechargeable fire extinguishers in R occupancies as follows:

[F] 906.5.1 Conspicuous locations in Group R occupancies. In addition to other areas listed herein or in NFPA 10, fire extinguishers in R occupancies may also be placed in any of the following location to satisfy the requirements:

1. On a wall in the unit;
2. Inside a closet, cabinet or pantry as long as the door has a label indicating that there is a fire extinguisher inside;
3. Inside a mechanical closet as long as the door has a label indicating that there is a fire extinguisher insider; or
4. Inside storage closets as long as the door has a label indicating that there is a fire extinguisher insider and there is no locking device on the door that requires a key or combination to open it.

If methods 2, 3, or 4 are utilized, the following must be done at the time of each new move-in: (i) A label or notice indicating that there is a fire extinguisher inside the area must be placed on the door; or (ii) a notice of the location of the fire extinguisher must be given to the resident.

[F] 906.11 Inspections of non-rechargeable fire extinguishers in R occupancies. As an alternative to required fire extinguisher annual inspections conducted by licensed and certified personnel, the owner or management company, their employees or agents are authorized to inspect non-rechargeable fire extinguishers located in R occupancies on an annual basis to ensure that:

1. The extinguisher's service life is not beyond the manufacturer's recommended warranty date;
2. Pin has not been removed;
3. The indicator gauge is in the green or good position;
4. Installed in the proper location per section 906.5;
5. No obvious physical damage, corrosion, or nozzle blockage is present; and
6. The operating instructions are present and legible.

The owner or owner's agent shall repair or replace a fire extinguisher if any of the deficiencies noted in items 1-6 above are discovered on inspection.

While inspecting the non-rechargeable fire extinguishers, the inspection personnel shall cause the contents of the non-rechargeable fire extinguishers to be stirred by turning the fire extinguishers upside down at least two times.

In lieu of placing tags or labels on non-rechargeable fire extinguishers to verify inspection, a log or inspection sheet may be maintained indicating compliance with all the requirements above.

SECTION 907, FIRE ALARM AND DETECTION SYSTEMS, is amended by repealing Section [F] 907.1.2, Fire alarm shop drawings, and

replacing with [F] 907.1.2, Fire alarm shop drawings, and adding Section [F] 907.1.4, Testing of Fire Alarm Systems, as follows:

[F] 907.1.2 Fire alarm shop drawings. Shop drawings for fire alarm systems shall be submitted for review and approval prior to system installation, and shall include, but not be limited to, all of the following where applicable to the system being installed:

1. A floor plan that indicates the use of all rooms.
2. Locations of alarm-initiating devices.
3. Locations of alarm notification appliances, including candela ratings for visible alarm notification appliances and tap values for speakers when installed.
4. Design minimum audibility level for occupant notification.
5. Location of fire alarm control unit, transponders, and notification power supplies.
6. Annunciators.
7. Power connection.
8. Battery calculations. Calculations shall be completed in accordance with NFPA 72, Section 10.5.6.3.1 and 10.5.6.3.2
9. Conductor type and sizes.
10. Voltage drop calculations. Calculations shall be completed using a maximum starting voltage of 20.4 volts for 24-volt systems and 10.2 volts for 12-volt systems.
11. Manufacturers' data sheets indicating model numbers and listing information for equipment, devices, and materials.
12. Details of ceiling height and construction.
13. The interface of fire safety control functions.
14. Classification of the supervising station.
15. For in-building emergency voice alarm communication systems and mass notification systems, speaker circuit load calculations providing a total dB loss at the end of each speaker circuit.
16. Acoustically distinguishable space classifications and designations in accordance with NFPA 72, 2019 Edition Chapter 8, indicated on the floor plans in each applicable area with a designation and classification legend provided in tabular form.
17. When utilizing acoustic modeling software to determine acoustically distinguishable spaces, include reports from the modeling software with the submittal package.
18. For aspirating smoke detection systems, full transport time calculations shall be provided with the submittal package.
19. For aspirating smoke detection systems, a dimensioned plan view and dimensioned isometric view of the protected area shall be provided with the submittal package.
20. For fire alarm control unit replacement projects, to include those with minor modifications to the existing system, that do not include the addition of initiating or signaling devices, with the exception of off premise communicators, a detailed fire alarm riser diagram that provides circuits and specific locations of all control equipment, annunciation equipment, power supplies, initiating and signaling devices shall be provided in the submittal package. Additionally, standby battery calculations for the new fire alarm control unit only, a scope of work narrative signed by the registered design professional in responsible charge or licensed planner, and a manufacturer's equipment data sheet for the new fire alarm control unit shall be provided in the submittal package. If a floor plan that reflects the configuration of the existing system is available, it shall be permitted to be submitted in lieu of the detailed riser diagram.

[F] 907.1.4 Testing of fire alarm systems. The following are required at the time of fire alarm acceptance testing unless approved by the Fire Marshal or his/her designee:

1. The written statement required by NFPA 72, Section 7.2.1
2. A copy of the Record of Completion as required by NFPA 72, Section 7.2.1
3. A copy of the Texas Department of Insurance Fire Alarm Installation Certificate
4. Approved plans bearing the original stamp and signature of the fire alarm plan reviewer
5. Original permit is on site.
6. Fire Review Activity form (plan review comments) if provided.
7. Proof of current licensing of the technician performing the tests.
8. Written approvals from the AHJ if partial installation inspections are requested by the contractor or technician.
9. Site specific software for software-based systems.
10. Written sequence of operation.
11. All testing equipment necessary to conduct the test (i.e., decibel meter, flashlight, intelligibility meter, etc.)

Section [F] 907.2.1.2, Emergency voice/alarm communication captions, is repealed in its entirety.

Section [F] 907.2.3, Group E, is amended to read as follows with remaining text to remain as written:

[F] 907.2.3 Group E. A manual fire alarm system that initiates the occupant notification signal utilizing an emergency voice/alarm communication system meeting the requirements of Section 907.5.2.2 and installed in accordance with Section 907.6 shall be installed in all newly constructed Group E [~~occupancies~~] occupancy campus complexes. Where automatic sprinkler systems or smoke detectors are installed, such systems or detectors shall be connected to the building fire alarm system.

Section [F] 907.2.7.1.1, Occupant notification, is repealed in its entirety.

Section [F] 907.2.8.2, Automatic smoke detection system, is hereby amended to read as follows:

[F] 907.2.8.2 Automatic smoke detection system. An automatic smoke detection system that activates the occupant notification system in accordance with Section 907.5 shall be installed throughout all interior corridors serving sleeping units. The automatic smoke detection system requirement is met only by the installation of smoke or beam detectors whenever possible. If environmental conditions do not allow the installation of smoke detectors, fire alarm heat detectors may be used on a limited basis when approved by the fire code official.

Exception: An automatic smoke detection system is not required in buildings that do not have interior corridors serving sleeping units and where each sleeping unit has a means of egress door opening directly to an exit or to an exterior exit access that leads directly to an exit.

Section [F] 907.2.13.1.2, Duct smoke detection, is amended to read as follows:

[F] 907.2.13.1.2 Duct smoke detection. Duct smoke detectors complying with Section 907.3.1 shall be located in accordance with the NFPA 90A: Standard for the Installation of Air-Conditioning and Ventilating Systems or as follows:

1. In the main return air and exhaust air plenum of each air-conditioning system having a capacity greater than 2,000 cubic feet per minute (cfm) (0.94 m^3/s). Such detectors shall be located in a serviceable area downstream of the last duct inlet.
2. At each connection to a vertical duct or riser serving two or more stories from a return air duct or plenum of an air-conditioning system. In Group R-1 and R-2 occupancies, a smoke detector is allowed to be used in each return air

riser carrying not more than 5,000 cfm (2.4 m^3/s) and serving not more than 10 air-inlet openings.

Section [F] 907.2.13.2, Fire department communication system, is repealed in its entirety.

Section [F] 907.2, Where required - new buildings and structures, is amended by adding Section [F] 907.2.24, Fire alarm systems for property protection, to read as follows:

[F] 907.2.24 Fire alarm systems for property protection. Fire alarm systems dedicated solely to the protection of property are permitted to be installed in facilities where a fire alarm system is not required by other sections of this code, or the International Building Code provided the following conditions are met:

1. Any and all automatic detection is installed, located, and maintained in accordance with the requirements of NFPA 72 and a documentation cabinet as required by NFPA 72 is provided and installed.
2. The installed system is monitored by a supervising station which provides remote, proprietary, or central station service.
3. One manual means of activation is installed in an *approved* location.
4. Where the fire alarm system control unit is located in an area that is not readily accessible to response personnel, a remote fire alarm system annunciator panel is installed.

Section [F] 907.3.1, Duct smoke detectors, is amended to read as follows:

[F] 907.3.1 Duct smoke detectors. Smoke detectors installed in ducts shall be *listed* for the air velocity, temperature, and humidity present in the duct. Duct smoke detectors shall be connected to the building's fire alarm control unit where a fire alarm system is required by Section 907.2. Activation of a duct smoke detector shall initiate a visible and audible supervisory signal at a *constantly attended location* and shall perform the intended fire safety function in accordance with this code, NFPA 90A: Standard for the Installation of Air-Conditioning and Ventilating Systems and the *International Mechanical Code*. In facilities that are required to be monitored by a supervising station, duct smoke detectors shall report only as a supervisory signal and not as a fire alarm. They shall not be used as a substitute for required open area detection.

Exceptions:

[~~1. The supervisory signal at a constantly attended location is not required where duct smoke detectors activate the building's alarm notification appliances.~~]

1. [~~2.~~] In occupancies not required to be equipped with a fire alarm system, actuation of a smoke detector shall activate a visible and an audible signal in an *approved* location. Smoke detector trouble conditions shall activate a visible or audible signal in an *approved* location and shall be identified as air duct detector trouble.
2. For fire alarm systems which cannot be programmed for supervisory signals, duct detectors shall be allowed to activate the alarm signal.

Section [F] 907.3., Fire safety functions, is amended by adding Section [F] 907.3.5, Fire alarm systems - emergency control, as follows:

[F] 907.3.5 Fire alarm systems - emergency control. At a minimum, the following functions, where provided, shall be activated by the fire alarm system:

1. Elevator capture and control in accordance with ASME/ANSI A17.1-2019, Safety Code for Elevators and Escalators.
2. Release of automatic door closures and hold open devices.
3. Stairwell and/or elevator shaft pressurization.
4. Smoke management and/or smoke control systems.
5. Initiation of automatic fire extinguishing equipment.

6. Emergency lighting control.
7. Unlocking of doors.
8. Emergency shutoff of gas and fuel supplies that may be hazardous provided the continuation of service is not essential to the preservation of life.
9. Emergency shutoff of audio systems for sound reinforcement or entertainment (i.e., music systems, systems for announcement and broadcast which are separate from public address systems) provided that such systems are not used to issue emergency instructions.
10. Emergency shutoff of systems used for the creation of displays or special effects (i.e. lighting effects, laser light shows, projection equipment).

Section [F] 907.4.2.1, Location, is amended to add the Exception to read as follows:

[F] 907.4.2.1 Location. Manual fire alarm boxes shall be located not more than 5 feet (1524 mm) from the entrance to each *exit*. In buildings not protected by an automatic *sprinkler system* in accordance with Section 903.3.1.1 or 903.3.1.2, additional manual fire alarm boxes shall be located so that the distance of travel to the nearest box does not exceed 200 feet (60 960 mm).

Exception: Where construction of the building prohibits the proper installation of a pull station (e.g., glass walls, interior brick, or rock walls), a pull station shall be allowed to be located in the normal path of egress, where approved by the Fire Marshal or his/her designee.

Section [F] 907.5.1.1, Presignal feature, is amended to read as follows:

[F] 907.5.1 Presignal feature and positive alarm sequences. A presignal feature or Positive Alarm Sequence as defined in NFPA 72 shall be provided only where *approved* and the fire department. Request to use a presignal feature or a Positive Alarm Sequence must be submitted in writing to the Fire Marshal and approval granted before installation. The presignal or Positive Alarm Sequence shall be annunciated at an approved, *constantly attended location*, having the capability to activate the occupant notification system in the event of fire or other emergency. When approved by the fire code official, the presignal feature or Positive Alarm Sequence shall be implemented in accordance with the requirements of NFPA 72.

Section [F] 907.5.2.1, Audible alarms, is amended by adding Section [F] 907.5.2.1.4, Testing of audible alarms in occupancies other than Group R, and Section [F] 907.5.2.1.5, Testing of audible alarms in Group R occupancies, as follows:

[F]907.5.2.1.4 Testing of audible alarms in occupancies other than Group R. Audibility levels for all occupancies other than Group R shall be in accordance with the public mode requirements of NFPA 72 and shall be tested utilizing the following criteria:

1. A sound pressure level meter, which has been calibrated within the last calendar year, and supplied by the fire alarm system installing contractor, shall be utilized to obtain readings. The sound pressure level meter will be held five feet above floor, pointed in the direction of the audible device.
2. All doors within the occupancy, including the bathroom and balcony doors shall be in the closed position.
3. Measurements shall be taken in the most remote areas of the occupancy first, including bathrooms and balconies.
4. Initial measurements to confirm the average ambient sound level in each area shall be taken.
5. The fire alarm system shall be activated and measurements in the tested areas shall be retaken and compared with the requirements.

[F] 907.5.2.1.5 Testing of audible alarms in Group R occupancies. Audibility levels for all Group R occupancies shall be in

accordance with the requirements of Section [F] 907.5.2.1.1, and shall be tested utilizing the following criteria:

1. A sound pressure level meter, which has been calibrated within the last calendar year, and supplied by the fire alarm system installing contractor, shall be utilized to obtain readings. The sound pressure level meter will be held five feet above floor, pointed in the direction of the audible device.
2. All doors within the occupancy, including the bathroom and balcony doors shall be in the closed position.
3. Ambient sound level shall be established with the television set at 50% of maximum volume, showers running, bathroom exhaust systems running, and air conditioning units running.
4. Levels shall be taken in the most remote area of the dwelling or sleeping unit first, including bathrooms and balconies.
5. Initial readings to confirm the ambient sound level in each area shall be taken.
6. The fire alarm system shall be activated and readings in the tested areas shall be retaken and compared with the requirements.

Section [F] 907.5.2.2, Emergency voice/alarm communication systems, is amended to read as follows:

[F] 907.5.2.2 Emergency voice/alarm communication systems. Emergency voice/alarm communication systems required by this code shall be designed and installed in accordance with NFPA 72. The operation of any automatic fire detector, sprinkler waterflow device or manual fire alarm box shall automatically sound an alert tone followed by voice instructions giving *approved* information and directions for a general or staged evacuation in accordance with the building's fire safety and evacuation plans required by Section 404 of the *International Fire Code*. In high-rise buildings, the system shall operate on at least the alarming floor, the floor above and the floor below. If the system is not reset after five minutes, the building shall sound the general evacuation signal and message in all zones unless an alternative Positive Alarm Sequence has been approved by the Fire Marshal. Speakers shall be provided throughout the building by paging zones. At a minimum, paging zones shall be provided as follows:

1. Elevator groups.
2. *Interior exit stairways*.
3. Each floor.
4. *Areas of refuge* as defined in Chapter 2.

Exception: In Group I-1 and I-2 occupancies, the alarm shall sound in a constantly attended area and a general occupant notification shall be broadcast over the overhead page.

Section [F] 907.5.2.2.4, Emergency voice/alarm communication captions, is repealed in its entirety.

Section [F] 907.5.2.3.1, Public use areas and common use areas, is amended to read as follows:

[F] 907.5.2.3.1. Public use areas and common use areas. Visible alarm notification appliances shall be provided in public use areas and common use areas as defined in Chapter 2.

Exceptions:

1. Where employee work areas have audible alarm coverage, the notification appliance circuits serving the employee work areas shall be initially designed with not less than 20-percent spare capacity to account for the potential of adding visible notification appliances in the future to accommodate hearing-impaired employee(s). For the purpose of this code, cold storage areas (e.g., walk-in coolers and freezers), mechanical and/or electrical rooms, main distribution, and intermediate distribution frame (MDF/IDF) rooms are considered employee work areas.
2. Visible notification appliances are not required in storage rooms or closets with an area of less than one hundred (100)

square feet (9.29 square meters), except for clean or soiled utility and clean or soiled linen rooms in Institutional Group I occupancies. NOTE: this exception does not apply to requirements set forth by entities other than the City of San Antonio (e.g., Texas Department of Licensing and Regulation enforcing the requirements of the Texas Accessibility Standards, Texas Department of State Health Services enforcing licensing of health care facilities in the State of Texas, or the Joint Commission, formerly the Joint Commission on Accreditation of Healthcare Organizations).

Section [F] 907.5.2.3.3.1, Wired equipment, is amended by adding items 4 and 5 and all other text to remain as written:

[F] 907.5.2.3.3.1 Wired equipment. Where wired equipment is used to comply with the future capability required by Section 907.5.2.3.3, the system shall include one of the following capabilities:

4. Extension of the fire alarm wiring to all living areas, restrooms, and sleeping areas of all dwelling units. The wiring must terminate in an electrical box suitable for securely mounting an audible/visible appliance. The fire alarm system shop drawings required by Section 907.1.2 shall include the power supply and circuit documentation to accommodate the extension of the wiring.

5. Where 200 percent of the visual alarms required in Table 907.5.2.3.2 for Groups I-1 and R-1 occupancies are provided in selected dwelling units, the selection of the dwelling units to be so equipped shall be at the discretion of the facility owner. Any dwelling units required to be equipped with audible/visual appliances to provide accessibility in accordance with Department of Housing and Urban Development rules, Americans with Disabilities Act Accessibility Guidelines or Texas Accessibility Standards are permitted to be included in the 200 percent total. The use of this exception requires the facility owner to sign and return the notarized SAFD Form 6007 (Letter of Understanding), which may be obtained from the San Antonio Fire Department Fire Prevention Division or the Development Services Department.

Section [F] 907.5.2.3, Visible alarms, is amended by adding a Subsection [F] 907.5.2.3.4, Group R-2 sleeping areas, and Section [F] 907.5.2.3.5, Combination devices, to read as follows:

[F] 907.5.2.3.4 Group R-2 sleeping areas. Living rooms in Group R-2 occupancies shall have audible notification appliances that meet the sleeping area audible requirements of NFPA 72, Chapter 18, Section 18.4.5, Subsection 18.4.5.1. When such units are required to be equipped with visible notification for the hearing impaired or when such units are designated as accessible in accordance with ICC/ANSI A117.1, combination audible and visible notification appliances that meet both the sleeping area audible requirements of NFPA 72, Chapter 18, Section 18.4.5, Subsection 18.4.5.1 and the effective intensity settings of NFPA 72, Chapter 18.5.5.7.2 shall be installed.

[F] 907.5.2.3.5 Combination devices. Combination 120 VAC single or multiple-station smoke detectors with an onboard visible notification appliance if utilized to meet the requirements of Section 907.2.11, will not be given credit for meeting the visible alarm notification requirements of Section 907.5.2.3.3 if these devices do not have the capability of supplying backup power for the visible notification appliance portion of the device. Should such devices be utilized to comply with Section 907.2.11, the visible appliance side of the device shall flash in synchronization with the notification appliances required in the unit.

Section [F] 907.6.3, Initiating device identification, is amended to read as follows with exceptions to remain as written:

[F] 907.6.3 Initiating device identification. The fire alarm system shall identify the specific initiating device address, location, device type, floor level where applicable and status including indication of normal, alarm,

trouble, and supervisory status, to the fire alarm panel, annunciator panel and to the supervising station as appropriate.

SECTION 907, FIRE ALARM AND DETECTION SYSTEMS, is amended by adding Section [F] 907.9, Alarm signal silencing switch, to read as follows:

[F] 907.9 Alarm signal silencing switch. A switch for silencing the alarm signal sounding appliances shall be permitted only if it is key operated, located within a locked cabinet or requires special knowledge. Such a switch shall be permitted only if visible zone alarm indication or equivalent has been provided by approved annunciation, printout, or other approved means, and subsequent alarms on other initiating devices circuits will cause the audible alarm signaling appliances to resound. A switch that is left in the "silence" position when there is no alarm shall operate trouble signals until the switch is restored to normal.

Section [F] 908.3, Fire alarm system interface, is hereby amended to read as follows:

[F] 908.3 Fire alarm system interface. Where an emergency alarm system is [~~interfaced~~] provided, it shall be interfaced with the [~~a~~] building's fire alarm system, and the signal produced at the fire alarm control unit shall be a supervisory signal.

Section [F] 912.2.1, Visible location, is amended by adding the following sentence to the end of that section to read as follows:

[F] 912.2.1 Visible location. Fire department connections shall be located on the street side of buildings or facing approved fire apparatus access roads, fully visible and recognizable from the street, fire apparatus access road or nearest point of fire department vehicle access or as otherwise *approved* by the *fire code official*. The fire department connection shall be identified by a sign installed above the connection with the letters "FDC" not less than 6 inches high and mounted no lower than 7 feet from grade to the bottom edge of the sign unless approved by the *fire code official*.

Section [F] 912.2.2, Existing buildings, is amended to read as follows:

[F] 912.2.2 Existing buildings. On existing buildings, wherever the fire department connection is not visible to approaching fire apparatus, the fire department connection shall be indicated by an *approved* sign mounted on the street front or on the side of the building. Such sign shall have the letters "FDC" not less than 6 inches (152 mm) high and words in letters not less than 2 inches (51 mm) high or an arrow to indicate the location. [~~Such~~] Signs shall be mounted no lower than 7 feet from grade to the bottom edge of the sign and are subject to the approval of the *fire code official*.

Section [F] 912.4.1, Locking fire department connection caps, is amended to read as follows:

[F] 912.4.1 Locking fire department connection caps. Fire department connection(s) shall have locking caps in the following areas/occupancies: the area described in Section 11-37 of the city's fire code; Group A, E, I occupancies; high-rise buildings; any other location that the fire code official determines that a locking cap would be necessary and/or beneficial for firefighting needs. [~~The fire code official is authorized to require locking caps on fire department connections for water-based fire protection systems where the responding fire department carries appropriate key wrenches for removal.~~]

SECTION [F] 912, FIRE DEPARTMENT CONNECTIONS, is amended by adding Section [F] 912.7, Location and type, as follows:

[F] 912.7 Location and type. Sprinkler system and standpipe fire department hose connections shall be as follows:

1. Within 40 feet of a public street, approved fire lane, or access roadway.

2. Within 250 feet of an approved fire hydrant measured per hose lay criteria in Chapter 11 of the City Code, Section 11-40, Section 507.5.1.2, except for R-2 apartments in which the fire department connection shall be within 500 feet of an

approved fire hydrant measured per hose lay criteria in Chapter 11 of the City Code, Section 11-40, Section 507.5.1.2.

3. Minimum of two feet above finished grade and a maximum of four feet above finished grade for standard inlets and minimum of 30 inches at lowest point above finished grade and maximum of four feet above finished grade for the five inch "Storz" inlet.
4. Freestanding FDCs shall be installed a minimum of one foot and a maximum of seven feet from the gutter face of the curb.
5. The Fire Code Official shall approve the location of freestanding fire department connections. Freestanding FDCs must be physically protected against impact per the requirements of Section 312 or other approved means.
6. Where provided, the five inch "Storz" inlet shall be installed at a 30-degree angle pointing down.
7. Fire department connections for H occupancies shall be freestanding, remote and located as determined by the fire code official.
8. Fire department connections for systems protecting fuel storage tanks shall be freestanding, remote and located as determined by the fire code official.
9. See Table 912.7

Table 912.7
FDC Connections required by System Type

Sprinkler Systems Wet Dry	Either a 5 Inch Storz inlet or (2) 2 ½ Inch inlets		
Standpipes: Automatic Wet Automatic Dry Semiautomatic Dry		Either a 5 Inch Storz inlet or (2) 2 ½ Inch inlets	
Standpipes: Manual Wet Manual Dry			A 5 Inch Storz inlet for the first 1000 gallons system demand and an additional 2 ½ inlet for every 250-gallon demand or portion thereof
Standpipes: All Highrise			Two fire department connections shall be provided for each zone, located either on opposite corners of the building where fire department apparatus access is provided or, where not possible, physically separated to the greatest extent possible for the following: 1. High-rise buildings 2. Buildings or multiple attached buildings exceeding 900 ft (274.3 m) perimeter distance Per 2019 NFPA 14 7.12.2.2

There shall be no more than one Storz connection in any configuration.

*One (1) 2.5-inch inlet is required for all systems designed per NFPA 13R. If the system demand is

greater than 250 GPM, two (2) 2.5-inch inlets are required to be installed. No FDC is required for projects designed per NFPA 13D.

Section 1003, GENERAL MEANS OF EGRESS, is amended by adding the Section [F] 1003.8, Special provisions, as follows:

[F] 1003.8 Special provisions. Rooms in E occupancies used for kindergarten or daycare classified as an E occupancy shall not be located above or below the first story.

Exceptions:

1. Basements or stories having floor levels located within four feet, measured vertically, from adjacent ground level at the level of exit discharge, provided the basement or story has exterior exit doors at that level.
2. In buildings equipped with an automatic sprinkler system throughout, rooms used for kindergarten or for daycare purposes may be located on the second story, provided there are at least two exterior exit doors for the exclusive use of such occupancies.

Section 1004.5, Areas without fixed seating, is amended by adding a sentence to the end of the main body of the section to read as follows:

1004.5 Areas without fixed seating. The number of occupants shall be computed at the rate of one occupant per unit of area as prescribed in Table 1004.5. For areas without *fixed seating*, the occupant load shall not be less than that number determined by dividing the floor area under consideration by the *occupant load* factor assigned to the function of the space as set forth in Table 1004.5. Where an intended function is not listed in Table 1004.5, the *Building Official* [~~building official~~] shall establish a function based on a listed function that most nearly resembles the intended function. When the calculated number is not a whole number, it is required to round up to the next whole number for determination of the occupant load of a space.

Exception: Where approved by the *Building Official*, [~~building official~~] the actual number of occupants for whom each occupied space, floor or building is designed, although less than those determined by calculation, shall be permitted to be used in the determination of the design *occupant load*.

Section 1008.2.1, Illumination level under normal power, is amended to read as follows with remaining text to remain as written:

1008.2.1 Illumination level under normal power. The means of egress illumination level shall be not less than 1 footcandle (11 lux) at the walking surface. Along *exit access stairways*, exit stairways and at their required landings, the illumination level shall not be less than an average of 10 footcandles (108 lux) at the walking surface when the stairway is in use.

Section 1008.3, Emergency power for illumination, is amended by adding Section 1008.3.6, Illumination in Group E occupancies, to read as follows:

1008.3.6 Illumination in Group E occupancies. Group E occupancies shall have emergency lighting in interior stairs, corridors, windowless areas with student occupancy, shops, and laboratories.

SECTION 1009, ACCESSIBLE MEANS OF EGRESS, is repealed and replaced with a new SECTION 1009 to read as follows:

SECTION 1009
ACCESSIBLE MEANS OF EGRESS

All buildings or portions of buildings must comply with the accessibility standards adopted by the State. Projects shall be submitted to the Texas Department of Licensing and Regulation for review, inspection, and approval in accordance with state law.

SECTION 1025.1, LUMINOUS EGRESS PATH MARKINGS, is amended by adding Exception #2, to read as follows:

Exception 2. Luminous egress path markings shall not be required where integral battery backup lighting is installed within an interior

exit stairway and is capable of indicating a failure and relaying that notification to a supervised system.

SECTION 1027, EXTERIOR EXIT STAIRWAYS AND RAMPS, is amended by adding Section 1027.7, Exterior fire escape, to read as follows:

1027.7 Exterior fire escape. Any existing fire escape which is deemed to be an adequate fire escape under the laws of the state or under the provisions of the city fire prevention regulations shall be deemed an adequate means of egress for emergency use, as required by this chapter, and the number of existing exterior fire escapes shall be provided to comply with the fire escape law of the state and the city fire prevention regulations.

CHAPTER 11, ACCESSIBILITY, is repealed and replaced with a new CHAPTER 11 to read as follows:

CHAPTER 11
ACCESSIBILITY

All buildings or portions of buildings must comply with the accessibility standards adopted by the state. Projects shall be submitted to the Texas Department of Licensing and Regulation for review, inspection, and approval in accordance with state law.

Section 1207, ENHANCED CLASSROOM ACOUSTICS, is deleted in its entirety.

Section 1210, TOILET AND BATHROOM REQUIREMENTS, is amended to add Sections 1210.4 through 1210.4.2, Baby Changing Stations, to read as follows:

1210.4 Baby changing stations. Each publicly available and accessible restroom serving Group A and Group M occupancy type areas, hospitals, and city owned buildings shall be equipped with a minimum of one (1) safe, sanitary, and convenient baby changing station under the following circumstances:

1. New building: all new buildings providing areas with the occupancy types specified, hospitals, and city owned buildings
2. Existing building: all existing buildings providing areas with the occupancy types specified, hospitals, and all city owned buildings; and any of the following changes are made:
   a. A new restroom is built
   b. The square footage of an existing restroom is increased by fifty (50) square feet or more
   c. The number of fixtures of an existing restroom is increased

Exception: The requirement to provide baby changing stations does not apply to a restroom that contains clear and visible signage indicating where an alternative restroom and/or a designated area approved by the "building official" with a baby changing station is located within the same building and on the same floor. The alternative restroom must be one (1) that is available to individuals of the gender of the original restroom.

1210.4.1 Definition. Baby changing station means a baby changing station, deck, table, or similar amenity that is intended for use by the public for the purpose of changing diapers on children weighing up to fifty (50) pounds.

1210.4.2 Appeals. Appeals to this requirement can be submitted to the building-related and fire codes appeals and advisory board in accordance with section 10-14 of this chapter.

Section 1502.4, Gutters, is amended by adding Section 1502.4.1, Zero lot line development, and Section 1502.4.2, Projections, to read as follows:

1502.4.1 Zero lot line development. On zero lot line development where roof projections are allowed by deed covenant or ingress/egress easements and the roof slopes towards the adjoining property, adequate gutters and downspouts shall be provided to direct roof water away from adjacent property. Roof projections shall not extend beyond a point one third the width of the easement or a maximum of 24 inches (610 mm). If there is no slope towards zero lot line, gutters are not necessary.

1502.4.2 Projections. Any Group R or Group U occupancy with roof edges less than three

feet (914 mm) to any property line shall be provided with gutters and downspouts to direct roof water away from adjacent property.

Section 1604.5.2, Photovoltaic (PV) panel systems, is amended by striking item number 6, with other text to remain as follows:

1604.5.2 Photovoltaic (PV) panel systems. Photovoltaic (PV) panel systems and *elevated PV support structures* shall be assigned a *risk category* as follows:

1. *Ground-mounted PV panel systems* serving only Group R-3 buildings shall be assigned to *Risk Category I*.
2. *Ground-mounted PV panel systems* other than those described in Items 1 and 5 shall be assigned to *Risk Category II*.
3. *Elevated PV support structures* other than those described in Items 4, 5 and 6 shall be assigned to *Risk Category II*.
4. *Rooftop-mounted PV panel systems* and *elevated PV support structures* installed on top of *buildings* shall be assigned to the same *risk category* as the risk category of the *building* on which they are mounted.
5. *PV panel systems* and *elevated PV support structures* paired with energy storage systems (ESS) and serving as a dedicated, stand-alone source of backup power for *Risk Category IV buildings* shall be assigned to *Risk Category IV*.
6. ~~*Elevated PV support structures* where the usable space underneath is used for parking of emergency vehicles shall be assigned to *Risk Category IV*.~~

Section 1704.2, Special inspections, and tests, is amended to read as follows:

1704.2 Special inspections and tests. Where application is made to the *Building Official* [~~*building official*~~] for construction as specified in Section 10-6 [~~Section 105~~], the owner or the registered design professional in responsible charge acting as the owner's authorized agent [~~, other than the contractor,~~] shall employ one or more *approved agencies* to provide *special inspections* and tests during construction on the types of work specified in Section 1705 and identify the *approved agencies* to the *Building Official*. [~~building official.~~] The *special inspector* shall not be employed by the contractor. These *special inspections* and tests are in addition to the inspections by the *Building Official* [~~*building official*~~] that are identified in Section 10-11 of this chapter. [~~110.~~]

Exceptions:

1. *Special inspections* and tests are not required for construction of a minor nature or as warranted by conditions in the jurisdiction as *approved* by the *Building Official* [~~*building official*~~]
2. Unless otherwise required by the *Building Official* [~~*building official*~~], *special inspections* and tests are not required for Group U occupancies that are accessory to a residential occupancy including, but not limited to, those listed in Section 312.1.
3. *Special inspections* and tests are not required for portions of structures designed and constructed in accordance with the cold-formed steel light-frame construction provisions of Section 2211.1.2 or the conventional light-frame construction provisions of Section 2308.
4. The contractor is permitted to employ the *approved agencies* where the contractor is also the owner.

Section 1704.2.1, Special inspector qualifications, is amended to read as follows:

1704.2.1 Special inspector qualifications. Prior to the start of the construction and upon request, the *approved agencies* shall provide written documentation to the *Building Official* [~~*building official*~~] demonstrating the competence and relevant experience or training of the *special inspectors* who will perform the special inspections and tests during construction. Experience or training shall be considered relevant where the documented experience or training is related in complexity to the same type of *special inspection* or testing activities for projects of similar complex-

ity and material qualities. These qualifications are in addition to qualifications specified in other section of this code.

The *registered design professional in responsible charge* and engineers of record involved in the design of the project are permitted to act as the *approved agency* and their personnel are permitted to act as the special inspectors for the work designed by them, provided they qualify as special inspectors.

Section 1704.2.4, Report requirement, is amended to read as follows:

1704.2.4 Report requirement. *Approved agencies* shall keep records of special inspections and tests. The *approved agency* shall submit reports of *special inspections* and tests to the *Building Official* upon request, [~~*building official*~~] and to the *registered design professional in responsible charge*. Individual inspection reports [~~Reports~~] shall indicate that work inspected or tested was or was not completed in conformance to *approved construction documents*. Discrepancies shall be brought to the immediate attention of the contractor for correction. If they are not corrected, the discrepancies shall be brought to the attention of the *Building Official* [~~*building official*~~] and to the *registered design professional in responsible charge* prior to completion of that phase of the work. A final report written by the *registered design professional in responsible charge* documenting all of the required *special inspections* and tests, the special inspectors, and the corrective action taken for [~~and correction of~~] any discrepancies noted in the inspections and [~~or~~] tests, shall be submitted [~~at a point in time agreed upon prior to the start of work~~] by the owner or the owner's authorized agent to [~~the *building official*.~~] the *Building Official* prior to the *Building Official* issuing the certificate of occupancy or temporary certificate of occupancy.

Section 1704.2.5.1, Fabricator approval, is amended to read as follows:

1704.2.5.1 Fabricator approval. *Special inspections* during fabrication required by Section 1704 are not required where the work is done on the premises of a fabricator that is enrolled in a nationally accepted inspections program acceptable to the *registered design professional in responsible charge*. [~~approved to perform such work without special inspection. Approval shall be based upon review of the fabricator's written fabrication procedures and quality control manuals that provide a basis for control of materials and workmanship, with periodic auditing of fabrication and quality control practices by an approved agency or the building official.~~] At completion of fabrication, the acceptable [~~approved~~] fabricator shall submit a *certificate of compliance* to the owner and the *registered design professional in responsible charge*. [~~or the owner's authorized agent for submittal to the Building Official as specified in Section 1704.5 stating that the work was performed in accordance with the approved construction documents.~~] The *certificate of compliance* shall state that the work was performed in accordance with the *approved construction documents*. The certificate of compliance shall also be made available to the *Building Official* upon request.

SECTION 2109, EMPIRICAL DESIGN OF ADOBE MASONRY, is amended to read as follows; All other code text remains as is:

SECTION 2109
EMPIRICAL DESIGN OF [~~ADOBE MASONRY~~] EARTHEN WALL SYSTEMS

2109.1 General. Empirically designed [~~adobe masonry~~] earthen wall systems shall conform to the requirements of Appendix A of TMS 402, except where otherwise noted in this section.

2109.1.1 Limitations. The use of empirical design of earthen wall systems [~~adobe masonry~~] shall be limited as noted below [~~in Section A.1.2 of TMS 402~~]. In buildings that exceed one or more of the limitations below [~~of Section A.1.2 of TMS 402~~], [~~masonry~~] earthen wall systems shall be designed in accordance with the engineered design provisions of Section 2101.2 [~~or the foundation wall provisions of Section 1807.1.5~~].

[~~Section A.1.2.2. of TMS 402 shall be modified as follows:~~

~~**A.1.2.2** Wind. Empirical requirements shall not apply to the design or construction of masonry for buildings, parts of buildings, or other structures to be located in areas where V_{asd} as determined in accordance with Section 1609.3.1 of the *International Building Code* exceeds 110 mph.~~]

2109.1.1.1 Gravity Loads. The resultant of gravity loads shall be placed within the center third of the wall thickness and within the central area bounded by lines at one-third of each cross-sectional dimension of foundation piers.

2109.1.1.2 Seismic. Empirically designed earthen wall systems are not permitted for buildings, parts of buildings or other structures in Seismic Design Categories B, C, D, E or F as defined in ASCE 7.

2109.1.1.3 Wind. Empirically designed earthen wall systems are not permitted for buildings, parts of buildings or other structures where the basic wind speed exceeds 115 mph (51 mps).

2109.1.1.4 Risk category. Empirically designed earthen wall systems are not permitted for buildings, parts of buildings or other structures in Risk Category IV as defined in ASCE 7.

2109.1.1.5 Other horizontal loads. Empirical requirements shall not apply to earthen wall systems resisting horizontal loads other than permitted wind or seismic loads.

2109.1.1.6 Support. Empirical requirements shall not apply to earthen wall systems vertically supported on wood construction.

2109.1.1.7 Below grade. *Earthen construction* shall not be permitted for use in foundations, footings, retaining walls or in any building element at or below grade.

2109.1.1.8 Height and area. Empirically designed *earthen construction* shall be limited to buildings or parts of buildings with a braced wall height not exceeding 9 feet (2.74 m) and an enclosed area less than or equal to 1600 square feet (150 m^2).

Exception: For buildings of empirically designed *earthen construction* when designed by a registered design professional, wall height limitation shall be increased to a maximum of 35 feet (10.6 m) as measured from the average specified finish grade adjacent to the wall and area limitations shall not apply.

2109.2 [~~Adobe~~] Earthen construction. [~~Adobe~~] Earthen construction shall comply with this section and shall be subject to the requirements of this code for Type V construction, Appendix A of TMS 402 and this section.

2109.2.1 Unstabilized [~~adobe~~] earthen construction. Unstabilized [~~adobe~~] earthen construction shall comply with Sections 2109.2.1.1 through 2109.2.1.5[4].

2109.2.1.1 Characteristic [~~C~~]compressive strength, f'_e. [~~Adobe~~] Earthen construction units shall have an average characteristic compressive strength as required by design but not less than 150 psi (1034 kPa). [~~of 300 psi (2068 kPa) when tested in accordance with ASTM C67.~~] Five samples shall be tested in accordance with ASTM C67 and characteristic compressive strength for each unit shall be determined by multiplying the result by the correction multiplier provided in Table 2109.2.1.1. [~~and individual unit are not~~] No individual unit is permitted to have a characteristic compressive strength of less than 125 psi (862 kPa). [~~250 psi (1724) kPa~~)].

TABLE 2109.2.1.1
PRISM STRENGTH CORRECTION FOR CHARACTERISTIC COMPRESSIVE STRENGTH, f'_e

Test Unit Height to Least Width Ratio H/W	ASTM C67 Correction Multiplier
<=0.5	0.50
0.70	0.60
1	0.70
1.5	0.75
2	0.77

Test Unit Height to Least Width Ratio H/W	ASTM C67 Correction Multiplier
3	0.95
4	1.00

2109.2.1.2 Modulus of rupture. [~~Adobe~~] Earthen construction units shall have an average modulus of rupture of not less than 50 psi (345 kPa) when tested in accordance with the following procedure. Five samples shall be tested, and individual units shall not have a modulus of rupture of less than 35 psi (241 kPa).

[~~**2109.2.1.3 Moisture content requirements.** Adobe units shall have a moisture content not exceeding 4 percent by weight.~~]

[~~**2109.2.1.4 Shrinkage cracks.** Adobe units shall not contain more than three shrinkage cracks and any single shrinkage crack shall not exceed 3 inches (76 mm) in length or ⅛ inch (3.2 mm) in width.~~]

2109.2.1.3 Condition of units. Adobe masonry and compressed earth block units used in load-bearing construction shall be whole and sound and not more than 10% of the bearing surface shall be missing or chipped. The basic unit competence of any questionable units shall be assessed by the ability to be dropped to a hard level surface from a height of not less than 24 in (609 mm) without fracture or delamination.

2109.2.1.4 Organic matter. Organic matter present in soils used for earthen construction shall be limited to not more than 5% as measured by AASHTO T267 Loss-on-Ignition Test.

Exception: Limits on organic matter content shall not apply to adobe masonry units.

2109.2.1.5 Soil acidity (pH). Prior to use in earthen construction, native soil acidity shall not be less than pH 7.0 as measured by ASTM D4972. Soil pH less than 7.0 shall be treated by thorough mixing with lime to raise pH to an acceptable level prior to use.

2109.2.2 Stabilized [~~adobe~~] earthen construction. Stabilized earthen construction [~~adobe~~] shall additionally comply with [~~Section 2109.2.1 for unstabilized adobe in addition to~~] Section[s] 2109.2.2.1 [~~and 2109.2.2.2~~].

2109.2.2.1 Soil requirements. Soil used for stabilized earthen construction [~~adobe units~~] shall be volumetrically stable and chemically compatible with the stabilizing material.

[~~**2109.2.2.2 Absorption requirements.** A 4-inch (102 mm) cube, cut from a stabilized adobe unit dried to a constant weight in a ventilated oven at 212°F to 239°F (100°C to 115°C), shall not absorb more than 2½ percent moisture by weight when placed on a constantly water-saturated, porous surface for seven days. Not fewer than five specimens shall be tested, and each specimen shall be cut from a separate unit.~~]

2109.2.3 Allowable stress. For empirically designed earthen construction, [~~T~~]the allowable compressive stress on gross cross-sectional area of a unit or sample [~~adobe~~] shall not exceed 30 psi (207 kPa).

Table 2109.2.3.1, ALLOWABLE SHEAR ON BOLTS IN ADOBE MASONRY, is amended to reflect changes to the title. Unaltered sections of the Table remain in full force:

TABLE 2109.2.3.1
ALLOWABLE SHEAR ON BOLTS IN [~~ADOBE~~] EARTHEN CONSTRUCTION MASONRY

2109.2.4 Detailed requirements. [~~Adobe~~] Earthen construction shall comply with Sections 2109.2.4.2[~~1~~] through 2109.2.4.9.

[~~**2109.2.4.1 Number of stories.** Adobe construction shall be limited to buildings not exceeding one *story*, except that two-*story* construction is allowed where designed by a *registered design professional*.~~]

2109.2.4.2 Mortar. Mortar for adobe masonry and compressed earth blocks [~~construction~~] shall comply with Sections 2109.2.4.2.1 and 2109.2.4.2.2.

2109.2.4.2.1 General. Mortar for use in earthen construction [~~adobe units~~] shall be [~~in accordance with Section 2103.2.1 or be~~]

composed of [~~adobe~~] soil of [~~the same~~] like composition and stabilization as the [~~adobe brick~~] earthen construction units. [~~Unstabilized adobe soil mortar is permitted in conjunction with unstabilized adobe brick units.~~]

2109.2.4.2.2 Mortar joints. Adobe masonry and compressed earth block units shall be laid with full head and bed joints and in full running bond of minimum ¼ unit overlap.

2109.2.4.3 Parapet walls. Parapet walls shall be constructed of stabilized earthen construction materials only. Parapet walls shall include flashing as described in Section 1404.4. [~~constructed of adobe units shall be waterproofed.~~]

2109.2.4.4 Wall thickness. For empirically designed earthen construction, [T]the minimum thickness of *exterior walls* in one-story buildings shall be 10 inches (254 mm). The walls shall be laterally supported at intervals not exceeding 24 feet (7315 mm). The minimum thickness of interior *load-bearing walls* shall be 8 inches (203 mm). The unsupported height of any wall of earthen construction [~~constructed of adobe units~~] shall not exceed 10 times the thickness of such wall.

2109.2.4.5 Foundations. Foundations for earthen [~~adobe~~] construction shall be in accordance with Section 2109.2.4.5.1 through [~~and~~] 2109.2.4.5.[~~2~~]5.

2109.2.4.5.1 Foundation support. Load bearing and nonload-bearing [~~W~~]walls [~~and partitions~~] constructed of [~~adobe units~~] earthen construction shall be supported by continuous footings and foundations. Width of foundation walls shall not be less than the width of earthen construction walls which they support. [~~foundations or footings that extend not less than 6 inches (152 mm) above adjacent ground surfaces and are constructed of solid masonry (excluding adobe) or concrete. Footings and foundations shall comply with Chapter 18.~~]

2109.2.4.5.2 Lower course requirements. [~~Stabilized adobe units shall be used in adobe walls for the first 4 inches (102 mm) above the finished first-floor elevation.~~] The lowest course of any wall of unstabilized adobe masonry units shall be stabilized.

2109.2.4.5.3 Height above grade. Foundation walls for earthen construction shall extend not less than 6 inches (152 mm) above adjacent finish grade.

2109.2.4.5.4 Damp-proofing. The lowest course of earthen construction shall be protected with a continuous damp-proofing barrier applied directly to the full width of the bearing surface of foundation walls. Maximum permeance of damp-proofing barrier shall be IBC Class I or II with a perm moisture rating of not more than 0.5 perm.

Exception: Damp-proofing may be held back a maximum of ¾ inches (20mm) at interior surfaces of walls not exposed to weather.

2109.2.4.5.5 Site Drainage. Grade surfaces adjacent to earthen wall systems shall be designed to provide adequate flow of water away from the foundation.

2109.2.4.6 Isolated piers or columns. [~~Adobe units~~] Earthen construction shall not be used for isolated piers or columns in a load-bearing capacity. Walls with a length less than the greater of three (3) times the wall thickness or [~~less than~~] 24 inches (610 mm) [~~in length~~] shall be considered to be isolated piers or columns.

2109.2.4.7 Tie beams. Exterior walls and interior *load-bearing walls* constructed of [~~adobe units~~] earthen construction shall have a continuous tie beam at the level of the floor or roof bearing and meeting the following requirements.

2109.2.4.8 Exterior finish. Exterior finishes applied to [~~adobe masonry~~] earthen walls shall be of any type permitted by this section or Chapter 14, except were stated otherwise in this section.

2109.2.4.8.1 Where required. Unstabilized [~~adobe masonry~~] earthen walls shall receive a weather protective exterior finish in accordance with Section 2109.2.4.8.

2109.2.4.8.2 Vapor permeance. Plaster and finish assemblies shall have a vapor permeance of not less than 5 perms.

Exception: Insulation products applied to the exterior of stabilized [~~adobe masonry~~] earthen walls in Climate Zones 2B, 3B, 4B and 5B shall not have a vapor permeance requirement.

2109.2.4.8.3 Plaster thickness and coats. Plaster applied to [~~adobe masonry~~] earthen walls shall be not less than 7/8 inch (22 mm) and not greater than 2 inches (51 mm) thick. Plaster shall be applied in not less than two coats.

2109.2.4.8.4 Plaster application. Where plaster is applied directly to [~~adobe masonry~~] earthen walls, no intermediate membrane shall be used.

2109.2.4.8.5 Lath for plaster. Lath shall be provided for all plasters, except where not required elsewhere in Section 2109.2.4.8. Where lathing is used as the method of plaster attachment, lathing shall be of galvanized stucco netting with galvanized [~~F~~]fasteners that shall be corrosion resistant and spaced at a maximum of 16 inches (406 mm) on center with a minimum 1 ½-inch (38 mm) penetration into the [~~adobe~~] earthen wall. [~~Metal lath shall comply with ASTM C1063, as modified by this section, and shall be corrosion resistant. Plastic lath shall comply with ASTM C1788, as modified by this section.~~] Wood substrates shall be protected with No. 15 asphalt felt, an approved wood preservative or other protective coating prior to lath application.

2109.2.4.8.9.5 Conditions where lathing is not required. For unstabilized [~~adobe~~] earthen walls finished with unstabilized clay plaster, lathing shall not be required.

Section 2403.5, Louvered windows or jalousies is amended to remove wired glass:

2403.5 Louvered windows or jalousies. Float, wired and patterned glass in louvered windows and jalousies shall ne not thinner than nominal 3/16 inch (4.8 mm) and not longer that 48 inches (1219 mm). Exposed glass edges shall be smooth.

~~Wired glass with wire exposed on longitudinal edges shall not be used in louvered windows or jalousies.~~

Where other glass types are used, the design shall be submitted to the building official for approval.

Section 2404.3, Wired, patterned and sandblasted glass, is amended to repeal Section 2404.3.1, Vertical wired glass, in its entirety.

Section 2406, Safety Glazing, is amended to prohibit the use of wired glass in Section 2406.4:

2406.4 Hazardous locations. The locations specified in Sections 2406.1 through 2406.4.7 shall be considered to be specific hazardous locations requiring safety glazing materials. Wired glass shall be prohibited for applications specified in Sections 2406.1 through 2406.4.7.

Section 2407, Glass in handrails and guards, is amended to prohibit the use of wired glass in Section 2407.1 with following text to remain:

2407.1 Materials. Glass used in handrail or guard shall be laminated glass constructed of fully tempered or heat-strengthened glass and shall comply with Category II of SPSC 16 CFR Part 1201 or Class A of ANSI Z97.1. Glazing in a handrail or a guard shall be of approved safety glazing material that conforms to the provisions of Section 2406.1.1. For all glazing types, the minimum nominal thickness shall be ¼ inch (6.4 mm). Wired glass shall be prohibited in handrails and guards.

Section 2408, Glazing in athletic facilities, is amended to prohibit the use of wired glass:

2408.1 General. Glazing in athletic facilities and similar uses subject to impact loads, which forms whole or partial wall sections or which is used as a door or part of a door, shall comply with this section. Wired glass shall be prohibited.

Section 2902.2, Separate facilities, Exception 6 is amended as follows, all other code text remains as is:

Exceptions:

6. Separate facilities shall not be required where rooms having both water closets

and lavatory fixtures are designed for use by both sexes and privacy for water closets [~~in accordance with Section 405.3.4 of the International Plumbing Code. Urinals shall be located in an area visually separated from the remainder of the facility or each urinal that is provided shall be located in a stall~~] with walls and a door enclosing the fixtures.

Section 3114.3, Intermodal shipping containers, is repealed in its entirety.

Section 3306.7, Covered walkways, is amended by adding an exception "B" to read as follows:

3306.7 Covered walkways. Covered walkways shall have a clear height of not less than 8 feet (2438 mm) as measured from the floor surface to the canopy overhead. Adequate lighting shall be provided at all times. Covered walkways shall be designed to support all imposed loads. The design live load shall be not less than 150 psf (7.2 kN/m^2) for the entire structure.

Exception A: Roofs and supporting structures of covered walkways for new, light-frame construction not exceeding two stories above grade plane are permitted to be designed for a live load of 75 psf (3.6 kN/m^2) or the loads imposed on them, whichever is greater. In lieu of such designs, the roof and supporting structure of a covered walkway are permitted to be constructed as follows:

1. Footings shall be continuous 2-inch by 6-inch (51 mm by 152 mm) members.
2. Posts not less than 4 inches by 6 inches (102 mm by 152 mm) shall be provided on both sides of the roof and spaced not more than 12 feet (3658 mm) on center.
3. Stringers not less than 4 inches by 12 inches (102 mm by 305 mm) shall be placed on edge upon the posts.
4. Joists resting on the stringers shall be not less than 2 inches by 8 inches (51 mm by 203 mm) and shall be spaced not more than 2 feet (610 mm) on center.
5. The deck shall be planks not less than 2 inches (51 mm) thick or wood structural panels with an exterior exposure durability classification of at least 23/32 inch (18.3 mm) thick nailed to the joists.
6. Each post shall be knee braced to joists and stringers by members not less than 2 inches by 4 inches (51 mm by 102 mm); 4 feet (1219 mm) in length.
7. A curb that is not less than 2 inches by 4 inches (51 mm by 102 mm) shall be set on edge along the outside edge of the deck.

Exception B: Pedestrian canopies for construction or demolition of buildings not exceeding 36 feet (10.97 m) in height or three stories, whichever is less, may be constructed of metal scaffolds of two-inch (51 mm) tubing adequately braced by 1.25-inch (32 mm) tubing. The passageway shall not be less than 39 inches (991 mm) in width at any point with a head room of not less than eight feet (2.44 m). The scaffold ends shall be braced by approved diagonal cross bracing maintaining a maximum of eight feet (2.44 m) between ends. A solid, tightly sheathed cover between scaffold and job site to be not less than 0.5 inch (12.7 mm) ply board with railing when required by this section. The roof shall be tightly sheathed with a minimum of two-inch (51 mm) nominal wood planking.

APPENDIX H, SIGNS, is amended as follows:

SECTION H101, GENERAL, SECTION H102, DEFINITIONS, SECTION H103, LOCATION, SECTION H104, IDENTIFICATION, SECTION H113, MARQUEE SIGNS, and SECTION H114, PORTABLE SIGNS, are repealed. See Chapter 28, San Antonio Code, for additional requirements.

Section H105.2, Permits, drawings and specifications, is amended to read as follows:

H105.2 Permits, drawings and specifications. Where a permit is required, as provided in Article I of this chapter [~~Chapter 1~~], submittal documents consisting of construction documents, engineering calculations and other data shall be submitted in two or more sets with each permit application. [~~shall be required.~~] These documents shall show the dimensions, material and required details of

construction, including loads, stresses, and anchors. The submittal documents shall also be accompanied by the written consent of the owner or lessee of the premises upon which the sign is to be erected. The construction documents and engineering calculations shall be prepared by a Texas registered professional engineer and shall be signed and sealed.

Exception. Construction documents identified above will not be required to be stamped and sealed by a Texas registered professional engineer for the following conditions unless otherwise required by the *Building Official* because of unusual design or site conditions:

1. Pole signs that are 12 feet (3.66 m) or less in height.
2. Monument signs that are eight feet (2.44 m) or less in height.
3. Wall signs that weigh 600 lbs. (272 kg) or less.
4. Channel letters that weigh 7.5 psf (359.1 N/m2) or less.

Section H107, COMBUSTIBLE MATERIALS, is amended by repealing Sections H107.1.2, Electric sign faces, and H107.1.3, Area limitation.

Section H109, GROUND SIGNS, is amended by repealing Section H109.1, Height restrictions, and Section H109.2, Required clearance.

Section H110, ROOF SIGNS, is amended by repealing Section H110.3, Height of solid signs, Section H110.4, Height of open signs, and Section H110.5, Height of closed signs.

Section H112, PROJECTING SIGNS, is amended by repealing Section H112.4, Height limitation.

APPENDIX P, SLEEPING LOFTS, is adopted in its entirety.
(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-31. Fee schedule.

Development services establishes minimum values for the cost of commercial construction based upon the costs per square foot as published and updated by the International Code Council and used with the Army Corp of Engineers' modifier for the city. This value is established at the time the building plans are submitted. Additional valuation checks may be performed by the plans examiners during their review of the plans.

Commercial Plan Review Fees	
Valuation $0.00—$1,000.00	$100.00
Valuation $1,001.00—$200,000.00	$100.00+$1.60/$1,000.00, or fraction thereof, over $1,000.00
Valuation $200,001.00—$1,000,000.00	$418.40+$1.50/$1,000, or fraction thereof, over $200,000.00
Valuation $1,000,001.00—$5,000,000.00	$1,618.40+$0.75/$1,000.00, or fraction thereof, over $1,000,000.00
Valuation $5,000,001.00+	$4,618.40+$0.50/$1,000.00, or fraction thereof, over $5,000,000.00
School District Plan Reviews:	
School districts with school district projects valued at over five hundred thousand dollars ($500,000.00) shall be entitled to a twenty-five (25) percent waiver of plan review and permit fees, but in no case shall said school district pay less than a minimum fee of eight hundred sixty-eight dollars and forty cents ($868.40) for plan review, one thousand four hundred ten dollars ($1,410.00) for building permit, and one hundred thirty-six dollars and seventy cents ($136.70) for the related surcharges.	
Landscape Plan Review	
Base fee Plus 11% of the Building Plan Review Fee	$27.50
Commercial Irrigation Plan Review	$100.00

Commercial Swimming Pool Plan Review Fee	(based upon valuation)
Pool Commercial Landscape Plan Review	
Base fee Plus 11% of the Building Plan Review Fee	$27.50
Commercial Permit Fees	
Valuation: $0—$1,000	$100.00
Valuation: $1,001—$25,000	$100.00+$7.28/$1,000, or fraction thereof, over $1,000.00
Valuation: $25,001—$75,000	$274.87+$5.72/$1,000, or fraction thereof, over $25,000
Valuation: 75,000	$560.00+$2.00/$1,000, or fraction thereof, over $75,000
School District Plan Reviews:	
School districts with school district projects valued at over five hundred thousand dollars ($500,000.00) shall be entitled to a twenty-five (25) percent waiver of plan review and permit fees, but in no case shall said school district pay less than a minimum fee of eight hundred sixty-eight dollars and forty cents ($868.40) for plan review, one thousand four hundred ten dollars ($1,410.00) for building permit, and one hundred thirty-six dollars and seventy cents ($136.70) for the related surcharges.	
Commercial Conditional Permit Fees (plus the Building Permit Fee)	$200.00
Commercial Fence (plus Plan Review Fee)	Based Upon Building Valuation
Commercial Re-Roof (plus Plan Review Fee when applicable)	Based Upon Building Valuation
Document Management Fee	Walk Through Plans - $10.00; School Districts - Interior Finishout - $10.00; Retaining Walls - $10.00; Demolition - $10.00; 10 Day Plans - $25.00; Site Plans - $30.00; 20 Day Plans - $50.00; 35 Day Plans - $150.00/Roll; School Districts - New - $150/Roll
Special Services Fees—Building Plan Review and Inspection	
Additional Plan Review (i.e., revised)—Per Reviewer (All Disciplines) per Hour (1 hour minimum)	$100.00
Administrative Exception/ Variance Request	$350.00
Commercial Project Modification Request Fee per Modification Request	$350.00
After-hour Inspection Fee (per hour with 1 hour minimum)	$100.00
After-hours Commercial Plan Review—Per Reviewer (All Disciplines) per Hour (1 hour minimum)	$100.00
Commercial Plan Retrieval Fee per Plan	$100.00
Commercial Walk-Through Fee for Plans over 500 Square Feet (per plan)	$100.00
Inspection for which no fee is specifically indicated (per hour with 1 hour minimum)	$100.00
Inspection Schedule Fee (Free on-line)	$3.00
Plan Review by Appointment Processing Fee (per appointment)	$200.00

Plus Additional Plan Review Fee per Reviewer per hour (1 hour minimum)	$100.00
Preliminary Plan Review	
Fee per Reviewer per hour and per discipline (1 hour minimum per discipline)	$100.00
Plus Additional Plan Review Fee per Reviewer per hour and per discipline (1 hour minimum per discipline)	$100.00
Re-inspection Fee	$51.50
Median and turn lane review (outside of plat) per hour	$100.00
Permit extension fee: 50% of permit (plus cost of permit)	
Building-related and Fire Codes Appeals and Advisory Board Fees	
Building-related and Fire Codes Appeal Fee	$155.00
Certificate of Occupancy	
Commercial Certificate of Occupancy	$200.00
Temporary Commercial Certificate of Occupancy	$500.00
Temporary Commercial Certificate of Occupancy Extension	$100.00
Expired Certificate of Occupancy Fine (basic fee plus C of O fee)	$500.00
Fine for New Commercial Construction Occupancy without C of O	$500.00
Fine for Existing Commercial Construction Occupancy without C of O (plus C of O Fee)	$200.00
Miscellaneous	
Certificate of Occupancy Tent Fee	$100.00
Certificate of Occupancy Mall Cart	$100.00
Certificate of Occupancy—Name Change	$50.00
Certificate of Occupancy—Address Correction	$50.00
Duplicate Copy of Certificate of Occupancy (plus tax)	$5.00
Re-inspection Fee	$51.50
Miscellaneous Building Development Fees	
Permit Processing Fee	$10.00
Building Permit ready/status letter	$50.00
Link child-parent permits, per commercial permit	$10.00
Permit Refund Fee	$50.00
Permit Amendment Fee	$10.00
Duplicate copy of City issued registration card	$5.00
Contractor number research fee	$10.00
Occupant load adjustment fee per hour	100.00
Building/Suite assignment fee:	
Building numbers (per address)	$100.00
Suite numbers (per assigned suite number)	$20.00
Permit Reprint Fee (subject to sales tax)	$5.00
Name, Address or DBA Change on Permit	$50.00
Notary Public	$6.00
Open Permit Review Fee	$3.00/Permit

Rental of Facility Fees: $125/hour (daily min. fee of $250; Max. fee of $1,000); Security Personnel: $15/hour/staff (with 1-hour minimum); DSD Staff: $30/hour/staff (with 1-hour min.); Custodian Service: $15/hour (with 2-hour min.)

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-32. New commercial fee schedule.

Beginning with the launch of BuildSA in the winter of 2020, a flat fee based on occupancy group and square feet for commercial trade permit fees will be assessed. Below are the fees for Occupancy Groups A (Assembly), B (Business), E (Educational), F (Factory and Industrial), H (High Hazard), I (Institutional), M (Mercantile), and U (Utility and Miscellaneous). Projects with an S (Storage) occupancy group will be calculated at fifty (50) percent of fees noted below (with a minimum fee of one hundred dollars ($100.00)).

New Commercial Construction—Complex Plans			
Occupancy Groups: A, B, E, F, H, I, M, S, U			
Range (sq. ft.)	*Mechanical*	*Electrical*	*Plumbing*
≤1,000 sq. ft.	$100.00	$100.00	$100.00
per additional 1,000 over 1,000	$5.00	$5.00	$5.00
≤ 5,000 sq. ft.	$120.00	$120.00	$120.00
per additional 1,000 over 5,000	$15.00	$15.00	$15.00
≤ 10,000 sq. ft.	$195.00	$195.00	$195.00
per additional 1,000 over 10,000	$20.00	$20.00	$30.00
≤ 25,000 sq. ft.	$495.00	$495.00	$645.00
per additional 1,000 over 25,000	$30.00	$30.00	$35.00
≥ 50,000 sq. ft.	$1,245.00	$1,245.00	$1,520.00
per additional 5,000 over 50,000	$35.00	$35.00	$35.00

As noted in above table, there is an additional charge beyond the flat fee when the size of a project is greater than the base size. For example, an Occupancy B project size area equal to 1,901 square feet:

- 1,000 sq. ft. base fee = $100.00.
- Each additional 1,000 square feet or increment thereof over 1,000 square feet will assess an additional charge of $5.00.
- Total Fee= $100 + [$5.00 x (1,901-1,000)/1,000] = $104.51.

Rather than paying a fee of $100.00, the final fee is $104.51 for a project that is 1.901 square feet in size.
(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Secs. 10-33—10-35. Reserved.

ARTICLE IV. RESIDENTIAL CODE FOR ONE- AND TWO-FAMILY DWELLINGS

Sec. 10-36. Adoption of *International Residential Code* (2024).

The 2024 edition of the *International Residential Code* for *One-and-Two-family Dwellings*, promulgated by the International Code Council, Chapters 2 through 10, 12 through 23, Section P2904, Chapter 44 and Appendices BB, BG and BO are adopted and incorporated in this article by reference as if fully set forth, except as it is amended by the following provisions of section 10-37. Provisions of this article are in addition to the provisions of the *International Residential Code*. The following provisions coinciding with the provisions of the *International*

Residential Code supersede, repeal, or delete, when indicated, the corresponding provisions of the *International Residential Code*.

All references within the model codes to any building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code shall be construed to be a reference to the respective building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code specifically adopted by reference in articles II through XIV of this chapter.
(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-37. Amendments to the adopted chapters and Appendices J and K of the *International Residential Code* (IRC) (2024).

Additions to the *International Residential Code* (IRC) are shown as underlined text. Deletions of the IRC are shown as bracketed [~~strikethroughs~~].

TABLE R301.2 is amended to read as follows:

TABLE R301.2
CLIMATIC AND GEOGRAPHIC DESIGN CRITERIA

GROUND SNOW LOAD°	WIND DESIGN		SEISMIC DESIGN CATEGORY[f]	SUBJECT TO DAMAGE FROM		
	Speed[d] (mph)	Topographic effects[k]		Weathering[a]	Frostline depth[b]	Termite[c]
6	108	NO	A	Negligible	0	Moderate To Heavy

WINTER DESIGN TEMP[e]	ICE BARRIER UNDERLAYMENT REQUIRED[h]	FLOOD HAZARDS[g]	AIR FREEZING INDEX[i]	MEAN ANNUAL TEMP[j]
30°	NO	Appendix F, UDC	16	68.7°

Section R304.1.2, Ground contact is amended to read as follows:

R304.1.2 Ground contact. All wood in contact with the ground, embedded in concrete in direct contact with the ground or embedded in concrete exposed to the weather that supports permanent structures intended for human occupancy shall be *approved* pressure-preservative-treated wood suitable for ground contact use, except that untreated wood used entirely below groundwater level or continuously submerged in fresh water shall not be required to be pressure-preservative treated. Creosote-treated railroad ties will not be approved for use in retaining wall construction unless the wall is exempt from the requirement for a permit under Section 10-6(e)(1)(d) of this chapter and the wall is located greater than 4 feet (1.22 m) from the public right-of-way.

SECTION R306, FLOOD-RESISTANT CONSTRUCTION, is hereby repealed and replaced with the City's flood plain ordinance found in Appendix F, Floodplain Areas of Special Flood Hazard, of the Unified Development Code (UDC).

Section R309.2, One- and two-family dwellings automatic fire sprinkler systems, and Section R309.2.1, Design and installation, are deleted and replaced with the following:

R309.2 One- and two-family dwellings automatic fire sprinkler systems. Where automatic residential fire sprinkler systems are installed, they shall be designed and installed in accordance with Section P2904 or NFPA 13D.

[~~R309.2 One and two-family dwellings automatic fire systems. An automatic sprinkler system shall be installed in one-and two-family dwellings.~~

~~Exception: An automatic sprinkler system shall not be required for additions or alterations to existing buildings that are not already provided with a sprinkler system.~~

~~R309.2.1 Design and installation. Automatic sprinkler systems shall be designed and installed in accordance with Section P2904 or NFPA 13D.~~]

Section R311.2.2, Alterations, repairs, and additions, is amended to read as follows:

R311.2.2 Alterations, repairs and additions. Where *alterations, repairs* or *additions* requiring a building permit occur [~~,~~] inside of existing dwellings that have attached garages or inside of existing dwellings within which fuel-fired appliances exist, or where one or more sleeping rooms are added or created in existing dwellings, the individual *dwelling unit* shall be equipped with carbon monoxide alarms located as required for new *dwellings*.

Exceptions:

1. Work involving the exterior surfaces of *dwellings*, such as the replacement of roofing or siding, or the addition or replacement of windows or doors, or the addition of a porch or deck.
2. Installation, alteration, or repairs of plumbing systems.
3. Installation, alteration or repairs of mechanical systems that are not fuel fired.

Section R318.7, Stairways, is amended as follows:

R318.7 Stairways. Where required by this code or provided, stairways shall comply with this section.

Exceptions:

1. Stairways not within or not serving a building, porch or deck.
2. Stairways leading to nonhabitable attics.
3. Stairways leading to crawl spaces.

Section R318.8, Ramps, is amended as follows:

R318.8 Ramps. Where required by this code or provided, ramps shall comply with this section.

Exception: Ramps not within or not serving a building, porch, or deck.

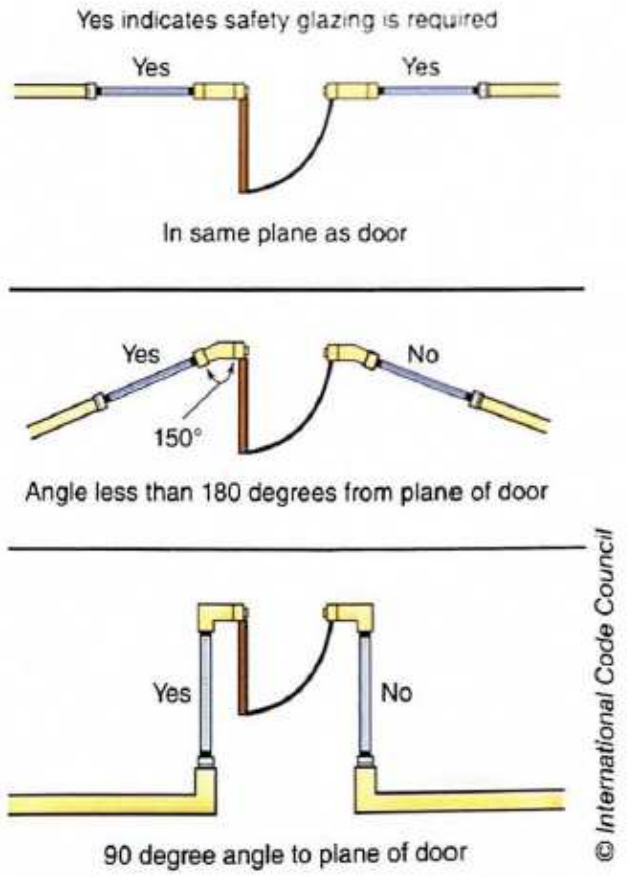
Section R324.4.2, Glazing adjacent to doors, is amended to read as follows:

R324.4.2 Glazing adjacent to doors. Glazing in an individual fixed or operable panel adjacent to a door shall be considered to be a hazardous location where the bottom exposed edge of the glazing is less than 60 inches (1524 mm) above the floor or walking surface and it meets either of the following conditions:

1. Where the glazing is within 24 inches (610 mm) of either side of the door in the plane of the door in a closed position.
2. Where the glazing is on a wall less than 180 degrees (3.14 rad) from the plane of the door in a closed position and within 24 inches (610 mm) of the hinge side of an in-swinging door.

Exceptions:

1. Decorative glazing.
2. Where there is an intervening wall or other permanent barrier between the door and the glazing.
3. Where access through the door is to a closet or storage area. [~~3 feet (914 mm) or less in depth. Glazing in this application shall comply with section R324.4.3~~]
4. Glazing that is adjacent to the fixed panel of patio doors.



Glazing Adjacent to Doors

Section R403.1.6, Foundation anchorage, is amended in the first paragraph only to read as follows:

R403.1.6 Foundation anchorage. Wood sill plates and wood walls that are part of the braced wall provisions of this code and supported directly on continuous foundations shall be anchored to the foundation in accordance with this section.

Section R408, UNDER-FLOOR SPACE, is amended by adding Section R408.9, Foundation Repair, to read as follows:

R408.9 Foundation Repair. A foundation repair permit and assumption of Engineer of Record letter and any construction documents must be submitted at time of application. The engineer shall inspect foundation repairs and submit a letter for the repairs. Any skirting removed, repaired, or replaced along with ventilation, sub-floor access and drainage will require a final inspection by the building official or an engineer's letter for those repairs.

Section R903.4, Roof drainage, is amended by adding Sections R903.4.2, Zero lot line development, and R903.4.3, Gutters and downspouts, to read as follows:

R903.4.2 Zero lot line development. On zero lot line development where roof projections are allowed by deed covenant or ingress/egress easements, adequate gutters and downspouts shall be provided to direct roof water away from adjacent property. Roof projec-

tions shall not extend beyond a point one third the width of the easement or a maximum of 24 inches (610 mm).

R903.4.3 Gutters and downspouts. Any Group R or Group U occupancy with roof edges less than three feet (914 mm) to any property line shall be provided with gutters and downspouts to direct roof water away from adjacent property.

Section M1305.1.2, Appliances in attics, is amended by adding Section M1305.1.2.2, Access for cooling or heating appliance, to read as follows:

M1305.1.2.2 Access for cooling or heating appliance. For one- and two-family residential occupancies and townhomes with newly installed cooling or heating appliances in the attic space, a permanent ladder, fold-away ladder, or a direct access door opening from the house on the same floor level shall be installed.

Section M1411.5, Signs and identification, is amended as follows:

M1411.5 Signs and identification. Each refrigeration system using Group A2L refrigerant shall have the following information legibly and permanently indicated on a markable label provided by the equipment manufacturer.

[~~1. Contact information of the responsible company that installed the refrigeration system.~~]

[~~2.~~]1. The system refrigerant charge and the refrigerant number.

Section M1411.9.1, Auxiliary and secondary drain systems, is amended as follows:

M1411.9.1 Auxiliary and secondary drain systems. In addition to the requirements of Section M1411.9, a secondary drain or auxiliary drain pan shall be required for each cooling or evaporator coil where damage to any building components will occur as a result of overflow from the equipment drain pan or stoppage in the condensate drain piping. Such piping shall maintain a minimum horizontal slope in the direction of discharge of not less than 1/8 unit vertical in 12 units horizontal (1-percent slope). Drain piping shall be not less than 3/4-inch (19 mm) nominal pipe size. One of the following methods shall be used:

1. An auxiliary drain pan with a separate drain shall be installed under the coils on which condensation will occur. The auxiliary pan drain shall discharge to a conspicuous point of disposal [~~to alert occupants~~] for an interior installation or to a clearly visible location near an egress door for an exterior installation in the event of a stoppage of the primary drain. The pan shall have a minimum depth of 1.5 inches (38 mm), shall be not less than 3 inches (76 mm) larger than the unit or the coil dimensions in width and length and shall be constructed of corrosion-resistant material. Galvanized sheet steel pans shall have a minimum thickness of not less than 0.0236-inch (0.6010 mm) (No. 24 Gage). Nonmetallic pans shall have a minimum thickness of not less than 0.0625 inch (1.6 mm).

2. A separate overflow drain line shall be connected to the drain pan installed with the equipment. This overflow drain shall discharge to a conspicuous point of disposal [~~to alert occupants~~] for an interior installation or to a clearly visible location near an egress door for an exterior installation in the event of a stoppage of the primary drain. The overflow drain line shall connect to the drain pan at a higher level than the primary drain connection.

3. An auxiliary drain pan without a separate drain line shall be installed under the coils on which condensation will occur. This pan shall be equipped with a water level detection device conforming to UL 508 that will shut off the equipment served prior to overflow of the pan. The pan shall be equipped with a fitting to allow for drainage. The auxiliary drain pan shall be constructed in accordance with Item 1 of this section.

4. A water-level detection device conforming to UL 508 shall be installed that will

shut off the equipment served in the event that the primary drain is blocked. The device shall be installed in the primary drain line, the overflow drain line or the equipment-supplied drain pan, located at a point higher than the primary drain line connection and below the overflow rim of such pan.

Section M1411.9.2, Drain pipe materials and sizes, is amended as follows:

M1411.9.2 Drain pipe materials and sizes. Components of the condensate disposal system shall be ABS, cast iron, copper, cross-linked polyethylene, CPVC, galvanized steel, PE-RT, polyethylene, polypropylene or PVC pipe or tubing. Components shall be selected for the pressure and temperature rating of the installation. Joints and connections shall be made in accordance with the materials specified in Article IX of this chapter [~~applicable provisions of Chapter 30~~]. Condensate waste and drain line size shall be not less than ¾-inch (19 mm) nominal diameter from the drain pan connection to the place of condensate disposal. Where the drain pipes from more than one unit are manifolded together for condensate drainage, the pipe or tubing shall be sized in accordance with an *approved* method. Primary drain lines located in unconditioned spaces, except for crawl spaces, shall be insulated with foam plastic rubber-based insulation or other approved material with a minimum thickness of ⅜ inch.

Section M1411.15, Locking access port caps, is amended to read as follows:

M1411.15 Locking Access port caps. Refrigerant circuit access ports ~~located outdoors~~ shall be fitted with ~~locking-type tamper-resistant~~ caps ~~or shall be otherwise secured to prevent unauthorized access~~.

Section M1502.6, Makeup air, is deleted in its entirety.

Section M2002.4.1, Requirements for discharge pipe, is amended to read as follows:

M2002.4.1 Requirements for discharge piping.

The discharge piping serving a pressure relief valve, temperature relief valve or combination valve shall:

1. Not be directly connected to the drainage system.
2. Discharge through an air [~~break~~] gap located in the same room as the boiler.
3. Not be smaller than the diameter of the outlet of the valve served and shall discharge full size to the air [~~break~~] gap.
4. Serve a single relief device and shall not connect to piping serving any other relief device or equipment.
5. Discharge to [~~the floor, to the pan serving the boiler or storage tank, to~~] a waste receptor or to the outdoors. Discharge to the floor of a garage or basement will only be allowed if approved by the *code official*. Terminate to the exterior a minimum of six inches (152 mm) and a maximum of 12 inches (304 mm) above the finish grade.
6. Discharge in a manner that does not cause personal injury or structural damage.
7. Discharge to a termination point that is accessible [~~readily observable by the building occupants~~].
8. Not be trapped.
9. Be installed to flow by gravity.
10. Terminate not more than 6 inches (152 mm) above the floor or waste receptor flood level rim.
11. Not have a threaded connection at the end of the piping.
12. Not have valves or tee fittings.
13. Be constructed of those materials indicated in Section P2906.5 or materials tested, rated and *approved* for such use in accordance with ASME A112.4.1.
14. Union or flex connector on temperature pressure relief valve shall be placed within six inches (1522 mm) of the valve for removal and replacement.

Section M2005.2, Prohibited locations, is amended as follows:

M2005.2 Prohibited locations. Fuel-fired water heaters shall not be installed in a room used as a storage closet. Water heaters located in a bedroom or bathroom shall be installed in a sealed enclosure so that *combustion air* will not be taken from the living space. Installation of direct-vent water heaters within an enclosure is not required. Storage type water heaters shall not be installed in an attic unless accessible from a door opening from the house on the same floor level. Water heaters installed in a garage having an ignition source shall be elevated such that the source of ignition is not less than 18 inches (457 mm) above the garage floor, unless the ignition source is listed as flammable vapor ignition resistant. An electric water heater is the only type of water heater that may be installed under a stairway or landing.

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-38. Fee schedule.

Residential plan review fees and residential permit fees apply to all separate additions, renovations, and installations to existing residential homes. See section 10-39 for fees for new residential construction.

Building	
Residential Plan Review Fees. See section 10-39 for new residential construction plan review fees.	
Valuation: $0—$24,000	$100.00
Valuation: $24,001—$200,000	$100.00 plus $1.38/1,000, or fraction thereof, over $24,000
Valuation $200,001—$1,000,000	$342.88+$0.72/$1,000, or fraction thereof, over $200,000
Valuation $1,000,001+	$918.88+$0.17/$1,000, or fraction thereof, over $1,000,000
Construction for new homes valued under $100,000 will receive a 25% discount applied to the building plan review fees.	
Mobile home Installation	$50.00
Landscape Plan Review	
Base Fee	$27.50
Plus percent of the Building Plan Review Fee	11%
Residential Swimming Pool Plan Review Fee	Based upon valuation
Residential Plan Retrieval Fee	$100.00
Residential Permit Fees	
Residential Building Permit Fees. See section 10-39 for new residential construction building permit fees.	
Valuation: $0—$1,000	$100.00
Valuation: $1,001—$25,000	$100.00+$7.28/$1,000, or fraction thereof, over $1,000
Valuation: $25,001—$75,000	$274.87+$5.72/$1,000, or fraction thereof, over $25,000
Valuation $75,000	$560.00+$1.25/$1,000, or fraction thereof, over $75,000
*Homes valued under $100,000 will receive a 25% discount applied to the building permit fees.	
Residential Fence Permit	$25.00
Residential Swimming Pool Permit Fee	Based upon valuation with $30,000/minimum value
Residential Re-roof Permit	$25.00
Special Services Fees—Building Plan Review and Inspection	

Additional Plan Review (i.e., revised)—Per Reviewer per Hour (1 hour minimum)	$100.00
Administrative Exception/Variance Request	$350.00
After-hours Plan Review—Residential—Building, Tree Preservation, Drainage (Per hour with 1.25 hour minimum)	$100.00
Inspection for which no fee is specifically indicated (per hour with 1 hour minimum)	$100.00
After-hour Inspection Review—per Reviewer per Hour (1 hour minimum)	$100.00
Link child-parent permits	$5.00/residential permit
Inspection Schedule Fee (free on-line)	$3.00
Re-inspection Fee	$51.50
Residential Building Plan Application Administrative Processing Fee (free on-line)	$10.00
Permit extension fee	50% of permit
Building-related and Fire Codes Appeals and Advisory Board Fees	
Building-related and Fire Codes Appeal Fee	$155.00
Certificate of Occupancy	
Residential	
Temporary Residential Certificate of Occupancy	$150.00
Temporary Residential Certificate of Occupancy Extension	$75.00
Residential Construction Moving in without Certificate of Occupancy	$300.00
Registration Fees	
Homebuilders—Registration/2-year registration and renewal	$170.00
Home Improvement Contractor—Registration/2-year registration and renewal	$150.00
Home Improvement Contractor—Appeal	$155.00
Home Improvement Contractor—Duplicate Registration Card (plus tax)	$5.00
House Mover Contractor Registration	
House Mover—Registration/2-year registration and renewal	$120.00
Duplicate Registration Card (plus tax)	$5.00
Moving Buildings	
Moving buildings or structures	$100.00
Building Plan Review and Permit Fees	
Building plan review and building permit fees are based upon the project's square footage. For fee calculation purposes, building square footage shall be the total area of all floors under roof and enclosed within the outer surface of the outside enclosing walls or columns. The fees for each separate building shall be separately calculated.	
Residential Construction	
Miscellaneous Building Development Fees	
Permit Refund Fee	$50.00
Permit Reprint Fee (subject to sales tax)	$5.00
Permit Refund Fee	$50.00

Permit Amendment Fee	$10.00
Name, Address or DBA Change on Permit	$50.00
Notary Public	$3.00

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-39. New residential construction fee schedule.

This fee schedule applies to new residential home construction. See section 10-38 for fees for separate additions, renovations, and installations to existing residential homes.

Fee Schedule for New Residential Construction										
	Basic Permit Fees							*Optional Permit Fees*

	*Optional Fees **For projects over ninety thousand (90,000) square feet, the fees are determined by combining smaller increments to equal the square footage.									

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Secs. 10-40—10-45. Reserved.

ARTICLE V. EXISTING BUILDING CODE

Sec. 10-46. Adoption of *International Existing Building Code* (2024).

The 2024 edition of the International Existing Building Code, promulgated by the International Code Council, Section 101 and 102 of Chapter 1, and Chapters 2 through 16, is adopted and incorporated in this article by reference as if fully set forth, except as it is amended by the following provisions of section 10-47. Provisions of this article are in addition to the provisions of the International Existing Building Code. The following provisions coinciding with the provisions of the International Existing Building Code supersede, repeal, or delete, when indicated, the corresponding provisions of the International Existing Building Code.

All references within the model codes to any building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code shall be construed to be a reference to the respective building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code specifically adopted by reference in articles II through XIV of this chapter.
(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-47. Amendments to the adopted chapters of the *International Existing Building Code* (2024).

Additions to the *International Existing Building Code* (IEBC) are shown as underlined text. Deletions of the IEBC are shown as bracketed [~~strikethroughs~~].

Section 101.1, Title, is amended as follows:

> **101.1 Title.** These regulations shall be known as the Existing Building Code of San Antonio, Texas, [NAME OF JURISDICTION] herein referred to as "this code."

Section [A] 101.4.2, Buildings previously occupied, is amended by amending the reference to the International Property Maintenance Code to read as follows:

> **[A] 101.4.2 Buildings previously occupied.** The legal occupancy of any building existing on the date of adoption of this code shall be permitted to continue without change, except as is specifically covered in this code, the

International Fire Code, or the San Antonio [~~International~~] Property Maintenance Code, or as is deemed necessary by the code official for the general safety and welfare of the occupants and the public.

Section 202, GENERAL DEFINITIONS, is amended by amending the definition for Change of Occupancy to read as follows:

CHANGE OF OCCUPANCY. Any of the following shall be considered as a change of occupancy where the current *International Building Code* requires a greater degree of safety, accessibility, structural strength, fire protection, means of egress, ventilation or sanitation than is existing in the current building or structure:

1. Any change in the occupancy classification of a building or structure.
2. A change in the purpose of, or a change in the level of activity within, a building or structure.
3. A change in use.

Existing open buildings and structures that are modified such that they are no longer open on at least three sides and open a minimum of 50% of the perimeter of the area covered are also considered a change of occupancy and fire sprinklers systems shall be installed for these change in occupancies in accordance with the applicable requirements of the *International Building Code* and *International Fire Code*. In order to be considered "open" for the purpose of this requirement, an open side shall be at least 50% open with the open area uniformly distributed to prevent the accumulation of smoke and toxic gases.

SECTION 306, ACCESSIBILITY FOR EXISTING BUILDINGS, is repealed in its entirety.

Section 502.6, Enhanced classroom acoustics, is deleted.

Section 503.18, Enhanced classroom acoustics, is deleted.

Section 503.20, Two-way communications systems, is deleted.

Section 506.5, Structural, is amended as follows, all other Code text remains as is:

506.5 Structural. [~~Any building undergoing a change of occupancy shall satisfy the requirements of this section.~~] The code official shall be authorized to require the compliance with this section.

Section 506.6, Enhanced classroom acoustics, is deleted.

Section 903.4, Enhanced classroom acoustics, is deleted.

Section 1011.2.1, Automatic sprinkler system, is amended as follows:

1011.2.1 Automatic sprinkler system. The installation of an automatic sprinkler system shall be required where there is a change of occupancy classification and Chapter 9 of the current *International Building Code* requires an automatic sprinkler system based on the new occupancy or where there is a change of occupancy within the space where there is a different fire protection system threshold requirement in Chapter 9 of the current *International Building Code* than exists in the current building or space. ~~The installation of the automatic sprinkler system shall be required within the area of the change of occupancy and areas of the building not separated horizontally and vertically from the change of occupancy by a nonrated permanent partition and horizontal assemblies, fire partition, smoke partition, smoke barrier, fire barrier or fire wall.~~

~~Exceptions:~~

~~1. An automatic sprinkler system shall not be required in a one- or two-family dwelling constructed in accordance with the International Residential Code.~~

~~2. Automatic sprinkler system shall not be required in a townhouse constructed in accordance with the International Residential Code.~~

~~3. The townhouse shall be separated from adjoining units in accordance with Section R302.2 of the *International Residential Code*.~~

Section 1011.4, Enhanced classroom acoustics, is deleted.

Section 1101.6, Enhanced classroom acoustics, is deleted.

Section 1102.2, Area limitations, is amended by adding Section 1102.2.1, Fire wall alternative, as follows:

1102.2.1 Fire wall alternative. In other than Groups H, F-1 and S-1, fire barriers and floor and roof assemblies constructed in accordance with Sections 707 and 711, respectively, of the *International Building Code* shall be permitted to be used in lieu of fire walls to separate the existing building from an addition for the purpose of complying with the area limitations required for the new occupancy where all of the following conditions are met:

1. The buildings (existing building and addition) are protected throughout with an automatic sprinkler system in accordance with Section 903.3.1.1 of the *International Fire Code*.
2. The maximum allowable area between fire barriers, horizontal assemblies, or any combination thereof shall not exceed the maximum allowable area determined in accordance with Chapter 5 of the *International Building Code* without an increase allowed for an automatic sprinkler system in accordance with Section 506 of the *International Building Code*.
3. The fire-resistance rating of the fire barriers and horizontal assemblies shall not be less than that specified for fire walls in Table 706.4 of the International Building Code.

Exception: Where horizontal assemblies are used to limit the maximum allowable area, the required fire resistance rating of the horizontal assemblies shall be permitted to be reduced by 1 hour provided the height and number of stories increases allowed for an automatic sprinkler system by Section 504 of the *International Building Code* are not used for the buildings.

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-48. Fee schedule.

See the fee schedule for the *International Building Code* above.

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Secs. 10-49, 10-50. Reserved.

ARTICLE VI. ELECTRICAL CODE

Sec. 10-51. Adoption of National Electrical Code (2023).

The 2023 edition of the National Electrical Code, promulgated as a standard by the National Fire Protection Association, is adopted and incorporated in this article by reference as if fully set forth, except as it is amended by the following provisions of section 10-52. Provisions of this article are in addition to the provisions of the National Electrical Code. The following provisions coinciding with the provisions of the National Electrical Code supersede, repeal, or delete, when indicated, the corresponding provisions of the National Electrical Code.

All references within the model codes to any building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code shall be construed to be a reference to the respective building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code specifically adopted by reference in articles II through XIV of this chapter.

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-52. Amendments to the adopted chapters of the National Electrical Code (2023).

Additions to the National Electrical Code (NEC) are shown as underlined text. Deletions of the NEC are shown as bracketed [strikethroughs].

Article 100, Definitions, is amended for Dwelling Unit to read as follows:

Dwelling Unit. A single unit, providing complete and independent living facilities for one or more persons, including permanent

provisions for living, sleeping, cooking and sanitation to include free-standing habitable structures at dwellings.

Article 200.6, Means of Identifying Grounded Conductors, paragraphs (A), (A)(1), (A)(2), A (3) and paragraphs (B), (B)(1), (B)(2), (B)(3) and (B)(4) are amended as follows, with all other Code text remaining as is:

200.6. Means of Identifying Grounded Conductors.

(A) Sizes 10 [6] AWG or Smaller. The insulation of grounded conductors of 10 [6] AWG or smaller shall be identified by one of the following means:

(A) (1)A continuous white outer finish shall be used on all systems with a voltage of less than 150 Volts between the grounded and ungrounded conductors.

(A) (2)A continuous gray outer finish shall be used on all systems with a voltage of 150 Volts or higher between the grounded and ungrounded conductors.

[~~(A) (3) [Three continuous white or gray stripes along the conductor's entire length on other than green insulation.~~]

(B) Sizes 8 [4] AWG or Larger. An insulated grounded conductor 8 [4] AWG or larger shall be identified by one of the following means:

(B) (1) A continuous white outer finish shall be used on all systems with a voltage of less than 150 Volts between the grounded and ungrounded conductors.

(B) (2) A continuous gray outer finish shall be used on all systems with a voltage of 150 Volts or higher between the grounded and ungrounded conductors.

[~~(B) (3) Three continuous white or gray stripes along the conductor's entire length on other than green insulation.~~]

(B) (3) [~~(4)~~] At the time of installation, be identified by a distinctive white or gray marking tape at its terminations. The [~~This~~] marking tape shall encircle the conductor insulation a minimum of two inches in length.

Article 200.7, Use of Insulation of a White or Gray Color or with Three Continuous White or Gray Stripes, is amended just on the title as follows; all other Code text remains as is:

200.7 Use of Insulation of a White or Gray Color or with Three Continuous White or Gray Stripes on Cables Listed in Article 334.

Article 210.5, Identification for Branch Circuits, paragraphs (C)(1)(a), (C)(2), (C)(2)(a) and (C)(2)(b) are amended as follows, all other Code text remains as is:

210.5 Identification for Branch Circuits.

(C) Identification of Ungrounded Conductors. Ungrounded conductors shall be identified in accordance with 210.5(C)(1) or (2), as applicable.

(1) **Branch Circuits Supplied from More Than One Nominal Voltage System.** Where the premises wiring system has branch circuits supplied from more than one nominal voltage system, each ungrounded conductor of a branch circuit shall be identified by phase or line and by nominal voltage system at all termination, connection, and splice points in accordance with 210.5(C)(1)(a) and (C)(1)(b). Different systems within the same premises that have the same nominal voltage shall be permitted to use the same identification.

(a) *Means of Identification.* Conductors 10 AWG and smaller shall have factory colored insulation. Conductors 8 AWG and larger may have factory colored insulation or black insulation with a marking tape that encircles the insulation a minimum of two inches in length. Color of insulation or marking tape shall comply with the following table: [~~The means of identification shall be~~

~~permitted to be by separate color coding, marking tape, tagging, or other approved means.~~]

Exception: Where #10 or smaller NM cable where the white or gray "grounded" conductor is used as a phase conductor, it shall be permitted to be field-marked with the required phase conductor color, throughout the entire visible length in disconnects, junction boxes, panels, and termination points. No white or gray insulation color shall be visible.

UNGROUNDED CONDUCTOR IDENTIFICATION COLORS FOR ELECTRICAL SYSTEMS			
208Y/120 Volts	**120/240 Volts**	**480Y/277 Volts**	**120/240 Volts**
A - Black	*A - Black*	*A - Purple*	*A - Black*
B - Red	B - Orange (high leg)	B - Brown	B - Red
C - Blue	C - Blue	C - Yellow	

Informational Note 1: Conductors used for switch legs shall be the same color as the branch circuit conductors.

Informational Note 2: Conductors used for travelers may be of the same color as its associated switch leg or may be any of the above colors not used on the project. The colors designated for the grounded conductor, grounding conductors or for identification of the high leg may not be used for travelers.

Informational Note 3: In existing installations where modifications to the electrical system are required, and there is an established system of colors for ungrounded conductors, the existing color-coding system may continue to be used.

(2) **Branch Circuits Supplied from Direct-Current Systems.** Where a branch circuit is supplied from a dc system operating at more than 60 volts, each ungrounded conductor of 8 [4] AWG or larger shall be identified by polarity at all termination, connection, and splice points by marking tape, tagging, or other approved means; each ungrounded conductor of 10 [6] AWG or smaller shall be identified by polarity at all termination, connection, and splice points in compliance with 210.5(C)(2)(a) and (b). The identification methods utilized for conductors originating within each branch-circuit panelboard or similar branch-circuit distribution equipment shall be documented in a manner that is readily available or shall be permanently posted at each branch-circuit panelboard or similar branch-circuit distribution equipment.

(a) *Positive Polarity, Sizes 10 ~~[6]~~ AWG or Smaller.* Where the positive polarity of a dc system does not serve as the connection point for the grounded conductor, each positive ungrounded conductor shall be identified by one of the following means:

* * * * *

(b) *Negative Polarity, Sizes 10 ~~[6]~~ AWG or Smaller.* Where the negative polarity of a dc system does not serve as the connection point for the grounded conductor, each negative ungrounded conductor shall be identified by one of the following means:

Article 210.8, Ground-Fault Circuit-Interrupter Protection for Personnel, paragraph (B)Other Than Dwelling Units, is amended to add Number 16, all other code text remains as is:

(B) Other Than Dwelling Units. All 125-volt through 250-volt receptacles supplied by single-phase branch circuits rated 150 volts or less to ground, 50 amperes or less, and all receptacles supplied by three-phase branch circuits rated 150 volts or less to ground, 100 amperes or less, installed in the following locations shall be provided with GFCI protection.

(16) Aircraft hangar

Article 210.23, Permissible Loads, Multiple-Outlet Branch Circuits, paragraph (A) 10-Ampere Branch Circuits, is deleted as follows, all other code text remains as is:

[~~**(A) 10-Ampere Branch Circuits.** A 10-ampere branch circuit shall comply with the requirements of 210.23(A)(1) and (A)(2).~~

~~**(1) Load Permitted for 10-Ampere Branch Circuits.** A 10-ampere branch circuit shall be permitted to supply one or more of the following:~~

~~(1) Lighting outlets~~

~~(2) Dwelling unit exhaust fans on bathroom or laundry room lighting circuits~~

~~(3) A gas fireplace unit supplied by an individual branch circuit~~

~~(2) **Loads Not Permitted for 10-Ampere Branch Circuits.** A 10-ampere branch circuit shall not supply any of the following:~~

~~(1) Receptacle outlets~~

~~(2) Fixed appliances, except as permitted for individual branch circuits~~

~~(3) Garage door openers~~

~~(4) Laundry equipment]~~

Article 210.52, Dwelling Unit Receptacle Outlets, paragraph (B)(1) and (C)(2) are amended as follows, all other code text remains as is:

(B) Small Appliances.

(1) **Receptacle Outlets Served.** In the kitchen, pantry, breakfast room, dining room, or similar area of a dwelling unit, the two or more 20-ampere small-appliance branch circuits required by 210.11(C)(1) shall serve all wall and floor receptacle outlets covered by 210.52(A), and all countertop outlets covered by 210.52(C) [~~, and receptacle outlets for refrigeration equipment~~]. Receptacle outlets for refrigeration equipment shall not be connected to the small- appliance branch circuits.

(C) Countertops and Work Surfaces.

(2) **Island and Peninsular Countertops and Work Surfaces.** Receptacle outlets, if installed to serve an island or peninsula countertop or work surface, shall be installed in accordance with 210.52(C)(3). [~~If a receptacle outlet is not provided to serve an island or peninsular countertop or work surface, provisions shall be provided at the island or peninsula for future addition of a receptacle outlet to serve the island or peninsular countertop or work surface.~~]

Article 210.70, Lighting Outlets Required, is amended to include 210.70(D); all other code text remains as is:

210.70 Lighting Outlets Required. Lighting outlets shall be installed where specified in 210.70(A), (B), [~~and~~] (C), and D. The switch or wall-mounted control device shall not rely exclusively on a battery unless a means is provided for automatically energizing the lighting outlets upon battery failure.

(D) **Open Lamps.** Lighting outlets required by 210.70(A)(3) and 210.70(C) with open lamps shall be guarded where installed less than seven feet above the working surface measured directly below the lamp or where exposed to physical damage.

Article 215.12, Identification for Feeders, paragraphs (C)(1)(a), (C)(2), (C)(2)(a) and (C)(2)(b) are amended to read as follows:

215.12 Identification for Feeders.

(C) **Identification of Ungrounded Conductors.** Ungrounded conductors shall be identified in accordance with 215.12(C)(1) or (C)(2), as applicable.

(1) **Feeders Supplied from More Than One Nominal Voltage System.** Where the premises wiring system has feeders supplied from more than one nominal voltage system, each ungrounded conductor of a feeder shall be identified by phase or line and system at all termination, connection, and splice points in compliance with 215.12(C)(1)(a) and (C)(1)(b).

(a). *Means of Identification.* Feeders shall be color coded in accordance with Article 210.5(C)(1)(a). [~~The means of identification shall be permitted to be by separate color coding, marking tape, tagging, or other approved means.~~]

(2) **Feeders Supplied from Direct-Current Systems.** Where a feeder is supplied from a dc system operating at more than 60 volts, each ungrounded conductor of 8 [4] AWG or larger shall be identified by polarity at all termination, connection, and splice points by marking tape, tagging, or other approved means; each ungrounded conductor 10 [6] AWG or smaller shall be identified by polarity at all termination, connection, and splice points in compliance with 215.12(C)(2)(a) and (C)(2)(b). The identification methods utilized for conductors originating within each feeder panelboard or similar feeder distribution equipment shall be documented in a manner that is readily available or shall be permanently posted at each feeder panelboard or similar feeder distribution equipment.

(a). *Positive Polarity, sizes 10 [6] AWG or Smaller.* Where the positive polarity of a dc system does not serve as the connection for the grounded conductor, each positive ungrounded conductor shall be identified by one of the following means:

* * * * *

(b). *Negative Polarity, sizes 10 [6] AWG or Smaller.* Where the negative polarity of a dc system does not serve as the connection for the grounded conductor, each negative ungrounded conductor shall be identified by one of the following means:

* * * * *

Article 220.41, Dwelling Units, Minimum Unit Load, is amended as follows, all other code text remains as is:

220.41 Dwelling Units, Minimum Unit Load. In one-family, two-family, and multifamily dwellings, the minimum unit load shall be not less than 33 volt-amperes/m^2 (3 volt-amperes /ft^2). Unit loads include the following lighting and receptacle outlets, and no additional load calculations shall be required.

(1) All general-use receptacle outlets of 20-ampere rating or less, including receptacles connected to the circuits specified in 210.11(C)(3) and (C)(4)

(2) The receptacle outlets specified in 210.52(E) and (G)

(3) The lighting outlets specified in 210.70

The minimum lighting load shall be determined using the minimum unit load and the floor area as determined in 220.5(C) for dwelling occupancies. Motors rated less than 1/8 hp and connected to a lighting circuit shall be considered part of the minimum lighting load. A maximum load of 1440 VA, consisting of receptacles at 180 VA each plus luminaires at their maximum allowed lamp wattage shall be permitted on a 15 A branch circuit and a maximum load of 1920 VA, consisting of receptacles at 180 VA each plus luminaires at their maximum allowed lamp wattage shall be permitted on a 20 A branch circuit. When using the optional VA method in lieu of the total number of outlets described in the previous sentence, the VA load shall be computed in accordance 210.20(A) - receptacles at 100% plus luminaires at 125%.

Article 225.30(B), Common Supply Equipment, is repealed in its entirety.

Article 230.2, Number of Services, paragraph (F) and (G) are added as follows, all other code text remains as is:

230.2 Number of Services. A building or other structure served shall be supplied by only one service unless permitted in 230.2(A) through (G) [(D)]. For the purpose of 230.40, Exception No. 2 only, underground sets of conductors, 1/0 AWG and larger, running to the same location and connected together at their supply end but not connected together at their load end shall be considered to be supplying one service.

(F) **Color Coding.** Service entrance conductors shall be color coded in accordance with Article 210.5(C)(1)(a).

(G) **Fire Barrier Separation.** A minimum two-hour fire barrier is required to separate the areas served by each service. The fire barrier shall be constructed per the International Building Code. Electrical wiring in buildings with multiple services shall not cross the fire barrier.

Exception No. 1: A fire barrier is not required where an additional service is permitted by CPS Energy to supply legally required fire pumps.

Exception No. 2. A fire barrier is not required where separate services are permitted in accordance with Article 206.1 of the CPS Energy Standards and all service disconnecting means can be grouped together in a manner approved by CPS Energy. In no case shall grouped service disconnects exceed six handles.

Article 230.30, Installation, paragraph (B) is amended as follows, all other code text remains as is:

230.30 Installation.

(B) **Wiring Methods.** Underground service conductors shall be installed in accordance with the applicable requirements of this Code covering the type of wiring method used and shall be limited to the following methods as modified below:

(1) RMC conduit

(2) IMC conduit

(3) Type NUCC conduit - encased in controlled low strength material (CLSM)

(4) HDPE conduit - encased in controlled low strength material (CLSM)

(5) PVC conduit - encased in controlled low strength material (CLSM)

(6) RTRC conduit - encased in controlled low strength material (CLSM)

(7) Type IGS cable

(8) Type USE conductors or cables

(9) Type MV or Type MC cable identified for direct burial applications

(10) Type MI cable, where suitably protected against physical damage and corrosive conditions.

(11) Type TC-ER cable where identified for service entrance use and direct burial applications.

Where encasement is required above, it shall be a minimum 75 mm (3 in.) thick controlled low strength material envelope for new construction and additions.

Article 230.82, Equipment Connected to the Supply Side of Service Disconnect, is amended as follows, all other code text remains as is:

230.82 Equipment Connected to the Supply Side of Service Disconnect. Only the following equipment shall be permitted to be connected to the supply side of the service disconnecting means:

(5) Conductors used to supply energy management systems, circuits for standby power systems, fire pump equipment, and fire and sprinkler alarms, if provided with service equipment and install in accordance with requirements for service-entrance conductors. Such connections shall not be made within service equipment enclosures.

(6) Solar photovoltaic systems, fuel cell systems, wind electric systems, energy storage systems, or interconnected electric power production sources, if provided with a disconnecting means listed as suitable for use as service equipment, and overcurrent protection as specified in Part VII of Article 230. Such connections shall not be made within service equipment enclosures.

Article 240.4, Protection of Conductors, paragraph (B) is amended as follows, all other code text remains as is:

240.4 Protection of Conductors

(B) **Overcurrent Devices Rated 800 Amperes or Less.**

* * * * *

[~~If the overcurrent protection device is an adjustable trip device installed in accordance with 240.4(B)(1), (B)(2), and (B)(3), it shall be permitted to be set to a value that does not exceed the next higher standard value above the ampacity of the conductors being protected as shown in Table 240.6(A) where restricted access in accordance with 240.6(C) is provided.~~]

Article 240.24, Location in or on Premises, paragraph (D) is amended as follows, all other code text remains as is:

240.24 Location in or on Premises.

(D) **Not in Vicinity of Easily Ignitable Material.** Newly installed [O]overcurrent protection devices shall not be located in the vicinity of easily ignitable material, such as in clothes closets, storage rooms, janitor rooms, and similar. Replacements per the International Existing Building Code are permitted in existing location.

Article 250.52, Grounding Electrodes, paragraphs (A)(3)(1) and (A)(5)(2) are amended as follows, all other code text remains as is:

250.52 Grounding Electrodes.

(A) **Electrodes Permitted for Grounding.**

(3) **Concrete-Encased Electrode.** A concrete-encased electrode shall consist of at least 6.0 m (20 ft) of either of the following:

(1) One or more bare or zinc galvanized or other electrically conductive coated rebar of not less than 13 mm (1/2 in.) in diameter, installed in one continuous 6.0 m (20 ft) length, or if in multiple pieces, the rebar shall be connected together by steel tie wires, exothermic welding, welding, or other effective means to create a 6.0 (20 ft) or greater length

Informational Note to (A)(3)(1): A piece of reinforcing steel conforming to (1) above which has additional length, without splice, extended up past the sole plate of the structure to which the grounding electrode may be connected to and extended to the service equipment is acceptable. The portion of the reinforcing steel extending above the sole plate shall be painted green and the paint removed from the bar where the connection is made to the grounding electrode conductor.

(5) **Rod and Pipe Electrodes.** Rod and pipe electrodes shall not be less than 2.44 m (8 ft) in length and shall consist of the following materials.

(2) Rod-type grounding electrodes of stainless steel and copper or zinc coated steel shall be at least 15.87 mm (⅝ in.) in diameter [~~, unless listed~~].

Article 250.118, Types of Equipment Grounding Conductors, paragraph (A) is amended as follows, all other code text remains as is:

250.118 Types of Equipment Grounding Conductors.

(A) **Permitted.** As a minimum, the equipment grounding conductor shall consist of a conductor as described in item (1) as follows and may be supplemented by any of the other means described in items (2) through (14) as follows: [~~Each equipment grounding conductor run with or enclosing the circuit conductors shall be one or more or a combination of the following:~~]

Article 250.119, Identification of Wire-Type Equipment Grounding Conductors, paragraphs (B), (B)(1) and its Exception and (B)(2)c are amended as follows, all other code text remains as is:

250.119 Identification of Wire-Type Equipment Grounding Conductors.

(B) **Conductors 8[4] AWG and Larger.** Equipment grounding conductors 8 [4] AWG and larger shall comply with the following:

(1) At the time of installation, if the insulation does not comply with

250.119(A), it shall be permanently identified as an equipment grounding conductor at each end and at every point where the conductor is accessible.

Exception: *Conductors 8 [4] AWG and larger shall not be required to be marked in conduit bodies that contain no splices or unused hubs.*

(2) Identification shall encircle the conductor and shall be accomplished by one of the following:

c. Marking the insulation or covering with green tape, a minimum of two inches in length, or green adhesive labels at the termination

Article 250.120, Equipment Grounding Conductor Installation, is amended as follows:

250.120 Equipment Grounding Conductor Installation. An equipment grounding conductor shall be installed in accordance with 250.120 (A), (B), and (C). In one- and two-family dwellings, replacement of a panel will require that the feeder include separate grounded and grounding conductors, unless the 2-wire system is still in place throughout the dwelling(s) or if 3 wire receptacles have been installed in compliance with 250.130C or 406.4D(2)(b) or (c).

Article 314.19, Boxes Enclosing Flush Devices or Flush Equipment, is amended as follows:

314.19 Boxes Enclosing Flush Devices or Flush Equipment. Boxes used to enclose flush devices or flush equipment shall be of such design that the devices or equipment will be completely enclosed on the back and sides, and substantial support for the devices or equipment will be provided. Screws for supporting the box shall not also be used to attach a device or equipment. Boxes for flush devices or equipment shall have a minimum volume of 221 cm^3 (13.5 $in.^3$).

ARTICLE 330.6, Listing Requirements, is amended as follows:

330.6 Listings Requirements. Type MC cable shall be listed. Fittings used for connecting type MC cable to boxes, cabinets, or other equipment shall be listed and identified for such use. Additionally, all fittings shall be equipped with an anti-shorting bushing.

Article 330.112, Insulation, is amended as follows with all other code provisions (A & B) remaining as is:

330.112 Insulation. Insulated conductors shall comply with 330.112(A) or (B) and shall be color coded per the requirements of this chapter.

Article 330.116, Sheath, is amended as follows:

330.116 Sheath. Metallic covering shall be one of the following types: smooth metallic sheath, corrugated metallic sheath, or interlocking metal tape armor. The metallic sheath shall be continuous and close fitting. A nonmagnetic sheath or armor shall be used on single conductor Type MC. Supplemental protection of an outer covering of corrosion-resistant material shall be permitted and shall be required where such protection is needed. The sheath shall not be used as a current-carrying conductor. The cutting of the interlocking metal tape armor shall be performed with an approved rotary cutting tool designed for cutting MC cable.

Article 406.12, Tamper-Resistant Receptacles, is amended to include 406.12 (11) and (12); all other code text remains as is:

(11) Public areas of assembly occupancies where children might be present

(12) All areas accessible to patients

Article 408.30, General, is amended as follows:

408.30 General. All panelboards shall have a rating not less than the minimum feeder capacity required for the load calculated in accordance with Part III, IV, or V of Article 220, as applicable. Panelboards containing the 120 Volt branch circuits serving the interior of one- and two-family dwelling units shall be located in the interior of the structure in a readily accessible location.

Article 410.36, Means of Support, (B) Suspended Ceilings is amended as follows; All other code text remains as is:

410.36 Means of Support.

(B) **Suspended Ceilings.** Framing members of suspended ceilings systems used to support luminaires shall be securely fastened to each other and shall be securely attached to the building structure at appropriate intervals. Luminaires shall be securely fastened to the ceiling framing member by mechanical means such as bolts, screws, or rivets. Listed clips identified for use with the type of ceiling framing members(s) and luminaire(s) shall also be permitted. Two independent support wires per luminaire on opposing corners shall be permitted when installed in accordance with 300.11(B).

Article 440.8, Single Machine and Location, is amended as follows:

440.8 Single Machine and Location. An air-conditioning or refrigerating system shall be considered to be a single machine under the provisions of 430.87, Exception No. 1, and 430.112, Exception. The motors shall be permitted to be located remotely from each other. Air-conditioning and refrigeration equipment shall not be installed within a zone measured 900 mm (3 ft) horizontally and 2.5 m (8 ft) vertically from the top of a bathtub rim or shower stall threshold unless fully concealed above the ceiling. The zone shall be all-encompassing and include the space directly over the tub or shower stall.

Article 445.18, Disconnecting Means, (A) Disconnecting Means is amended as follows; All other code text remains as is:

(A) **445.18 Disconnecting Means.** Generators other than cord-and-plug-connected portable generators shall have one or more disconnecting means. Each disconnecting means shall simultaneously open all associated ungrounded conductors. Each disconnecting means shall be lockable open in accordance with 110.25.

[~~The disconnecting means shall be permitted to be located within the generator behind a hinged cover, door, or enclosure panel. Where the generator disconnecting means is located within the generator, a field applied label meeting the requirements of 110.21(B) shall be provided indicating the location of the generator disconnecting means.~~]

Article 517.6, Patient Care-Related Electrical Equipment, is amended as follows:

517.6 Patient Care-Related Electrical Equipment. The reconditioning requirements of this Code shall not apply to patient care-related electrical equipment.

Exception: Temporary equipment.

Article 517.10, Applicability, (B) Not Covered is amended as follows; All other code text remains as is:

517.10 Applicability.

(B) Not Covered. Part II shall not apply to the following:

(3) Areas used exclusively for any of the following purposes:

a. Intramuscular injections (immunizations)

b. Psychiatry and psychotherapy

c. Alternative medicine

[~~d. Optometry~~]

d [e]. Pharmacy services not contiguous to health care facilities

Article 525.20, Wiring Methods, (B) Single-Conductor is amended as follows; All other code text remains as is:

525.20 Wiring Methods.

(B) **Flexible Cords and Single-Conductor Cables.** Flexible cords shall be permitted only in sizes 12 AWG or larger and shall contain a separate grounding conductor. A maximum of one 25-foot (7.65 m) extension cord may be connected to each individual receptacle provided as part of the manufacturers listed generator. Single-conductor cable shall be permitted only in sizes 2 AWG or larger.

Article 604.10, Uses Permitted, Exception No. 1, is amended as follows, All other code text remains as is:

604.10 Uses Permitted.

Exception No. 1: *In concealed spaces, one end of tapped cable shall be permitted to extend into hollow walls* <u>*of manufactured wall systems, with removable panels for access to the wiring system,*</u> *for direct termination at switch and outlet points.*

Article 680.23, Underwater Luminaires, (A)General (4) is amended as follows; All other code text remains as is:

680.23 Underwater Luminaires.

(A) **General.**

(4) **Voltage Limitation.** No luminaires shall be installed for operation on supply circuits over 150 volts between conductors <u>and the limits are 15 volts ac or 30 volts dc at the luminaire</u>.

Article 701.4, Capacity and Rating, paragraph (D)(2) is amended as follows, All other code text remains as is:

701.4 Capacity and Rating.

(D) **Parallel Operation.** Parallel operation shall comply with Part I or Part II of Article 705 where the legally required source capacity required to supply the legally required load is maintained at all times. Parallel operation of the legally required source(s) shall consist of the sources specified in 701.4 (D)(1) and (D)(2).

(2) **Alternate Source.** Legally required standby sources shall be permitted to operate in parallel where the necessary equipment to establish and maintain a synchronous condition is provided. <u>For paralleling electric generators or auxiliary power supplies, including emergency electric generators or auxiliary power supplies, the transfer scheme shall parallel no more than one (1) second with CPS Energy's distribution system during the transfer of the load from emergency/standby power to normal power. Such distributed generation systems shall be approved by CPS Energy's Distributed Generation section.</u>

Article 705.50, System Operation, is amended to read as follows:

705.50 System Operation. Interconnected microgrid systems shall be capable of operating in interactive mode with a primary source of power, or electric utility, or other electric power production and distribution network. Microgrid systems shall be permitted to disconnect from other sources and operate in island mode <u>only during the loss of utility power to act as a backup power source.</u>

Article 706.7, Commissioning and Maintenance, (A) Commissioning is amended as follows; All other code text remans as is:

(A) **Commissioning.** ESSs shall be commissioned upon installation. <u>Commissioning for one-and-two family dwellings shall be conducted by CPS Energy.</u> [~~This shall not apply to one-and-two family dwellings.~~]

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-53. Electrical provisions.

(a) *General.* The provisions of this section shall apply to the design, construction, installation, use and maintenance of electrical systems and equipment. Where differences occur between provisions of this Code and referenced codes or standards, the provisions of this Code shall apply.

(b) *Equipment and door labeling.* The disconnecting means for each service, feeder or branch circuit originating in a switchboard or panelboard shall be legibly and durably marked to indicate its purpose unless such purpose is clearly evident to the code official. Doors into electrical panel rooms shall be marked with a plainly visible and legible sign stating ELECTRICAL ROOM or similar approved wording.

(c) *TOPS (Temporary on Permanent Set) permit.* The section outlines the requirements for obtaining a permit to allow the connection of

the new or existing electrical service to CPS Energy prior to having all final inspections completed on a project. The issuance of a TOPS permit and the subsequent connection to the utility company service does not allow an owner or the occupants to occupy the building or structure until a C of O has been issued. The above permit does not waive any of the applicable provisions of articles IV and VIII.

(1) *Section 10-1302.3.1 Permit Application.* A licensed electrical contractor registered with the city must make the application for the TOPS permit. The electrical contractor must also request that the TOPS permit be attached to the main building permit in the city's computer system. The TOPS permit is required in addition to the main electrical permit for the project.

(2) The following are the general conditions for obtaining a TOPS permit for new construction and may be modified by the code official to suit project specific conditions:

a. The electrical service must be complete along with all grounding requirements, and the electrical conductors originating from the service equipment must be terminated in an approved electrical manner.

b. The building permit on residential construction shall have an approved foundation and complete frame inspection. The building permit on commercial construction shall have a complete foundation and at minimum a partial frame inspection.

c. On residential construction all trade permits must have approved rough-ins and a complete plumbing top out. On commercial construction all trade permits must have a minimum of a partial rough in including a partial plumbing top out.

d. The plumbing sewer permit shall have an approved final inspection on both commercial and residential.

(3) *Existing construction.* The following are the general conditions for obtaining a TOPS permit for existing construction and may be modified by the code official to suit project specific conditions:

a. The electrical service must be in good condition and comply with the city electrical code including all grounding requirements.

b. The electrical loads originating from the existing service equipment, that will not be utilized for construction power, must be disconnected, and safeguarded from accidental contact with an energized electric bus bar.

c. Temporary GFCI protected outlets must be provided at the service equipment location to be used during construction related activities.

d. All necessary and or required trade permits must be obtained prior to giving a final approval to CPS to energize the service equipment.

(e) *Electrical inspections supervisor.* The electrical inspections supervisor of the development services department shall also serve as the master of record for electrical work performed by city electricians.

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-54. Fee schedule.

Electrical License and Registration Fees	
Master	
Renewal—City license (two-year renewal)	$300.00
DBA change on master electrical license	$20.00
Journeyman—Renewal of city license (two-year renewal)	$200.00

Maintenance technician—Annual (may only perform work not requiring a permit)	$35.00
Electrical Inspection Fee	
Electrical inspection permit fee (basic fee). See section 10-39 for new residential construction electrical inspection fee.	$50.00
Service rating:	
0—200 amps	$3.25
201—600 amps	$6.50
601—1,000 amps	$8.65
1,001—2,500 amps	$10.80
Over 2,500 amps	$12.50
Temporary meter loop (TML). See section 10-39 for new temporary meter loop fee.	$2.15
Temporary on permanent sets (TOPS). See section 10-39 for temporary on permanent sets fee.	$2.15
Work with CPS	$2.15
Gear items	
Switchboards up to four handles	$10.25
Switchboards each additional handle	$1.60
Panelboards/loadcenters	$4.85
Xmfr 1—50 kva	$4.30
Xmfr over 50 kva	$9.70
Safety switch or circuit breaker 30 amps and over	$1.10
Miscellaneous items	
Underground work per 100 linear ft	$1.60
Outside overhead work per 100 linear ft	$1.60
Foundation/concrete encased electrode	$1.60
Controls/low voltage systems over 50 volts	$1.60
Commercial/industrial repair	$9.75
Light fixtures	
HID fixtures	$1.60
Ceiling fans	$1.60
Fluorescent fixtures/ballast retrofits	$0.16
Sign circuit	$1.10
General purpose outlets/devices/equipment less than one hp	$0.16
Dedicated equipment/appliance outlets 20 amps and over	$1.50
Motors	
1—7.5 hp	$2.15
7.5—25 hp	$3.25
25—50 hp	$8.10
Over 50 hp	$10.80
UPS/generator/distributed generation/storage batteries	
1—5 kw	$1.60
5—50 kw	$3.25
51—300 kw	$4.85
Over 301 kw	$6.50

Temporary wiring	
Power/lights (per every ten outlets)	$3.25
Festival booths	$5.00
Carnival rides	$5.00
Special occupancies	
Class 1, 2, or 3, of article 500 (per each circuit)	$1.00
Medical equipment (MRI, X-ray, scanners, etc.) each circuit	$1.00
Miscellaneous electrical permits Reconnect	
Reconnect inspection	$50.00
30-day (cleaning)	$2.15
180-day (leasing)	$12.89
Maintenance permit fee (electric only)	
Basic permit fee	$50.00
Plus per residential apartment unit	$0.21
Plus per 10,000 sq. ft. of commercial space	$7.00
Building-related and Fire Codes Appeals and Advisory Board Fees	
Building-related and Fire Codes Appeal Fee	$155.00
Special Services for Electrical	
After-hour inspection fee (per hour with one-hour minimum)	$100.00
Electrical plan review only (without building plan number)—(per hour with one-hour minimum)	$100.00
Inspection for which no fee is specifically indicated (per hour with one-hour minimum)	$100.00
Inspection schedule fee (free on-line)	$3.00
Permit processing fee	$10.00
Permit extension fee	50% of permit (plus cost of permit)
Re-inspection fee	$51.50
Permit refund fee	$50.00
Open permit review fee	$3.00/permit
Permit amendment fee	$10.00
Link child permit to parent permit fee	$5.00
Contractor number research fee	$10.00
Duplicate copy of city issued electrical license	$10.00
Rental of facility fees: $125.00/hour (daily min. fee of $250.00; max. fee of $1,000.00); security personnel—$15.00/hour/staff (with one-hour minimum); DSD staff—$30.00/hour/staff (with one-hour min.); custodian service—$15.00/hour (with two-hour min.)	

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Secs. 10-55—10-60. Reserved.

ARTICLE VII. MECHANICAL CODE

Sec. 10-61. Adoption of *International Mechanical Code* (2024).

The 2024 edition of the *International Mechanical Code*, promulgated by the International Code Council, Chapters 2 through 15 is adopted and incorporated in this article by reference as if fully set forth, except as it is amended by the following provisions of section 10-62. Provisions of this article are in addition to the provisions of the *International Mechanical Code*. The following provisions coinciding with the provisions of the *International Mechanical Code* supersede,

repeal, or delete, when indicated, the corresponding provisions of the *International Mechanical Code*.

All references within the model codes to any building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code shall be construed to be a reference to the respective building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code specifically adopted by reference in articles II through XIV of this chapter.
(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-62. Amendments to the adopted chapters of the *International Mechanical Code* (2024).

Additions to the *International Mechanical Code* (IMC) are shown as underlined text. Deletions of the IMC are shown as bracketed [~~strikethroughs~~].

Section 202, GENERAL DEFINITIONS, is amended by adding the following definition:

> **NFPA 70.** The National Electrical Code, as amended by Article VI of this Code.

Section 301.10, Electrical, is amended as follows:

> **301.10 Electrical.** Electrical wiring, controls and connections to equipment and appliances regulated by this code shall be in accordance with NFPA 70. All wiring, including control wiring, exposed to weather shall be installed in a raceway approved for the environment.

Section 304, INSTALLATION, is amended by adding Section 304.13 Installation at gas valve, as follows:

> **304.13 Installation at gas valve.** Minimum Schedule 40 metallic pipe shall be installed at the gas valve and extended a minimum of two inches outside the gas furnace and gas rooftop unit's casing and may be connected to an approved listed flexible gas connector.

Section 306.3, Appliances in attics, is amended by adding 306.3.2 Access for cooling or heating appliance, as follows:

> **306.3.2 Access for cooling or heating appliance.** For one-and two-family residential occupancies and townhomes with newly installed cooling or heating appliances in the attic space, a permanent ladder, fold-away ladder, or direct access door opening from the house on the same floor level shall be installed.

Section 307.2.1, Condensate disposal, is deleted and replaced with the following text:

> **307.2.1 Condensate disposal.** Condensate disposal shall be in accordance with Chapter 34, Section 34-274 of the City Code of San Antonio. [~~Condensate from all cooling coils and evaporators shall be conveyed from the drain pan outlet to an approved place of disposal. Such piping shall maintain a minimum horizontal slope in the direction of discharge of not less than one-eighth unit vertical in 12 units horizontal (1-percent slope). Condensate shall not discharge into a street, alley or other areas so as to cause a nuisance.~~]

Section 307.2.1.1, Condensate discharge, is amended as follows:

> **307.2.1.1 Condensate discharge.** Condensate drains shall not directly connect to any plumbing drain, waste, or vent pipe. Condensate drains shall not discharge into a plumbing fixture other than a floor sink, floor drain, trench drain, mop sink, hub drain, standpipe, utility sink or laundry sink. Condensate drain connections to a lavatory wye branch tailpiece or to a bathtub overflow pipe shall not be considered as discharging to a plumbing fixture. Except where [~~discharging to grade outdoors~~] installed per Chapter 34, Section 34-274 of the City Code of San Antonio, the point of discharge of condensate drains shall be located within the same occupancy, tenant space or dwelling unit as the source of the condensate.

Section 30fv 07.2.2, Drain pipe materials and sizes, is amended as follows; All other code text remains as is:

> **307.2.2 Drain pipe materials and sizes.** Components of the condensate disposal system shall be ABS, cast iron, copper, and copper alloy, CPVC, cross-linked polyethylene, galvanized steel, PE-RT, polyethylene, polypropylene, PVC or PVDF pipe or tubing. Components shall be selected for the pressure

and temperature rating of the installation. Joints and connections shall be made in accordance with the applicable provisions of Chapter 7 of the *International Plumbing Code* relative to the material type. Condensate waste and drain line size shall be not less than ¾-inch pipe size and shall not decrease in size from the drain pan connection to the place of condensate disposal. Where the drain pipes from more than one unit are manifolded together for condensate drainage, the pipe or tubing shall be sized in accordance with Table 307.2.2. Primary drain lines located in any unconditioned space, except for crawl spaces, shall be insulated with foam plastic rubber-based insulation or approved material with a minimum thickness of ⅜ inch.

Section 307.2.4.1, Ductless mini-split system traps, is amended as follows:

307.2.4.1 Ductless mini-split system traps. Ductless mini-split equipment that produces condensate shall be [~~provided with an in-line check valve located in the drain line, or a trap~~] in accordance with their manufacturers' recommendations.

Section 504.4.1, Termination location, is amended as follows:

504.4.1 Termination location. Exhaust duct terminations shall be in accordance with the dryer manufacturer's installation instructions. Where the manufacturer's instructions do not specify a termination location, the exhaust duct shall terminate not less than 3 feet (914 mm) in any direction from openings into buildings, including openings in ventilated soffits or any mechanical equipment.

Section 606.2, Where required, is amended as follows; All other code text remains as is:

606.2 Where required. Smoke detectors shall be installed where indicated in Section 606.2.1 through 606.2.3 or in accordance with NFPA 90A "Standard for the Installation of Air Conditioning and Ventilating Systems."

Section 1006.6, Safety and relief valve discharge, is amended to read as follows:

1006.6 Safety and relief valve discharge. Safety and relief valve discharge pipes shall be of rigid pipe that is approved for the temperature of the system. High-pressure-steam safety valves shall be vented to the outside of the structure. The discharge piping serving pressure relief valves, temperature relief valves and combinations of such valves shall:

1. Not be directly connected to the drainage system.
2. Discharge through an air [~~break~~] gap located in the same room as the appliance.
3. Not be smaller than the diameter of the outlet of the valve served and shall discharge full size to the air [~~break~~] gap.
4. Serve a single relief device and shall not connect to piping serving any other relief device or equipment.
5. Discharge to [~~the floor, to the pan serving the boiler or storage tank, to~~] a waste receptor or to the outdoors. Discharge to the floor of a garage or basement will only be allowed if approved by the code official. Terminate to the exterior a minimum of six inches (152 mm) and a maximum of 12 inches (304 mm) above the finish grade.
6. Discharge in a manner that does not cause personal injury or structural damage.
7. Discharge to a termination point that is accessible [~~readily visible and observable by the building occupants~~]. If the discharge termination point is not readily visible and observable, a leak detection monitoring device with alarm notification (and not automatic shut-off) is required.
8. Not be trapped.
9. To be installed to flow by gravity.
10. Terminate not more than 6 inches (152 mm) above the floor or flood level rim of the waste receptor.
11. Not have a threaded connection at the end of the piping.

12. Not have valves or tee fittings.

13. Utilize piping material complying with Section 1202

14. Union or flex connector on temperature pressure relief valve shall be placed within six inches (1522 mm) of the valve for removal and replacement.

Section 1101.7, Changing refrigerant, is amended to read as follows; All other code text remains as is:

1101.7 Changing refrigerant. Changes of refrigerant in an existing system to a refrigerant with a different refrigerant designation or containing more than 220 pounds (99.8 kg) of Group A1 shall be allowed only where in accordance with the following:

Section 1101.9, Locking access port caps, is amended to read as follows:

1101.9 ~~Locking~~ Access port caps. Refrigerant circuit access ports ~~located outdoors~~ shall be fitted with ~~locking-type tamper-resistant~~ caps ~~or shall be otherwise secured to prevent unauthorized access~~.

~~This section shall not apply to refrigerant circuit access ports on equipment installed in controlled areas such as on roofs with locked access hatches or doors.~~

Section 1102.3, Access port protection, is repealed in its entirety.

Section 1109.2.5, Refrigerant pipe shafts, is amended to read as follows:

1109.2.5 Refrigerant pipe shafts. Refrigerant piping that penetrates two or more floor/ceiling assemblies shall be enclosed in a fire-resistance-rated shaft enclosure. The fire-resistance-rated shaft enclosure shall comply with Section 713 of the International Building Code.

Exceptions:

1. Refrigeration systems using R-718 refrigerant (water).
2. Piping in a single direct refrigeration system [~~using Group A1 refrigerant~~] where the refrigerant quantity does not exceed the limits of Table 1103.1 for the smallest occupied space through which the piping passes.
3. Piping located on the exterior of the *building* where vented to the outdoors.

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-63. Fee schedule.

Heating and Air Conditioning (Mechanical)	
Heating and Air Conditioning (Mechanical) License Fees	
Master Renewal—City License per year	$150.00
Technician (journeyman) (may only perform work not requiring a permit)—Renewal	$35.00
Heating and Air Conditioning (Mechanical) Inspection Fees	
Basic Heating and Air Conditioning (Mechanical) Permit (basic fee). See section 10-39 for new residential construction basic heating and air conditioning permit fee.	$50.00
Residential (new systems) (includes inspection fee)	$77.00
Each Additional System (includes inspection fee)	$55.00
Roof-Top Unit (gas or electric)	$15.85
Gas furnace; gas wall furnace; gas unit heater; gas radiant heater; gas boiler (steam); gas floor furnace; commercial gas dryer; gas boiler (hot water); gas duct heater (per each item)	$9.60

Condensing unit; condensing unit/heat pump; indoor condensing unit; cooling coil; commercial exhaust fan; condenser (no compressor); commercial electric dryer; fan coil unit; fan powered box; type II range hood (steam); chiller; absorption unit; reach-in cooler; wall mounted unit; make-up air; heat pump; refrigeration unit; air handler; mini splits; electric furnace; electric unit heater; electric radiant heater; ventilation fan; variable air volume unit; type I range hood (grease); fume hood; cooling tower; walk-in cooler; icemaker (split system); evaporative cooler (refrigeration equipment); hot water coil; remote condensing unit; condenser (refrigeration equipment); ventilating fan (not on other permitted installation); hood served by mechanical exhaust (including ducts and makeup air systems); condensing unit (mobile homes and manufactured housing); any regulated device for which no specific fee is listed; replacement of any device which originally required a permit (per each item)	$6.25
Curtain Fire Damper; Smoke Damper; Duct Outlet; Ceiling Fire Damper; Smoke/Fire Damper (per each item)	$2.00
Building-related and Fire Codes Appeals and Advisory Board Fees	
Building-related and Fire Codes Appeal Fee	$155.00
Special Heating and Air Conditioning (Mechanical) Fees	
After-hour Inspection Fee (per hour with 1 hour minimum)	$100.00
Inspection for which no fee is specifically indicated (per hour with 1 hour minimum)	$100.00
Permit Processing Fee	$10.00
Inspection Schedule Fee (Free on-line)	$3.00
Mechanical Plan Review—This fee is charged to review plans without a building permit (per hour with a 1 hour minimum)	$100.00
Permit Extension Fee	50% of permit (plus cost of permit)
Re-inspection Fee	$51.50
Open Permit Review Fee	$3.00/Permit
Annual Continuing Education for City Licenses Holder	$150.00
Permit Refund Fee	$50.00
Permit Amendment Fee	$10.00
Rental of Facility Fees: $125/hour (daily min. fee of $250; Max fee of $1,000); Security Personnel: $15/hour/staff (with 1 hour minimum); DSD Staff: $30/hour/staff (with 1 hour min.); Custodian Service: $15/hour (with 2-hour min.)	

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Secs. 10-64—10-70. Reserved.

ARTICLE VIII. GAS CODE

Sec. 10-71. Adoption of *International Fuel Gas Code* (2024).

The 2024 edition of the *International Fuel Gas Code*, Chapters 2 through 8 and Appendices A through C, promulgated by the International Code Council, is adopted, and incorporated in this article by reference as if fully set forth, except as it is amended by the following provisions of section 10-72. Provisions of this article are in addition to the provisions of the *International Fuel Gas Code*. The following provisions coinciding with the provisions of the *International Fuel Gas Code* supersede, repeal, or delete, when indicated, the corresponding provisions of the *International Fuel Gas Code*.

All references within the model codes to any building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code shall be construed to be a reference to the respective building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code specifically adopted by reference in articles II through XIV of this chapter.
(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-72. Amendments to the adopted chapters and appendices of the *International Fuel Gas Code* (2024).

Additions to the International Fuel Gas Code (IFGC) are shown as underlined text. Deletions of the IFGC are shown as bracketed [strike-throughs].

Section 202, GENERAL DEFINITIONS, is amended by adding the following definition:

NFPA 70. The National Electrical Code, as amended by Article VI of this Code.

Section 301 (IFGC), GENERAL, is amended by adding Section 301.16, Separation from electrical lines in a ditch, to read as follows:

301.16 Separation from electrical lines in a ditch. When outside the footprint of the building, no plumbing, gas, sewer, or water piping shall be installed in the same ditch with electric lines unless a separation of 36 inches (914 mm) horizontally is maintained for commercial installations. A separation of 12 inches (305 mm) horizontally is required for residential installations.

Section 401.5, Identification, is amended to include a second paragraph to read as follows:

401.5 Identification. For other than steel pipe and CSST, exposed piping shall be identified by a yellow label marked "Gas" in black letters. The marking shall be spaced at intervals not exceeding 5 feet (1524 mm). The marking shall not be required on pipe located in the same room as the *appliance* served. CSST shall be identified as required by ANSI LC 1/CSA 6.26.

All medium pressure gas piping systems shall identify its operating gas pressure with an approved metallic tag and the following wording shall be stamped into the tag at the meter:

WARNING
1-5 psi gas pressure
Do Not Remove

Section 403.3.2, Steel, is amended as follows:

403.3.2 Steel. Steel, stainless steel and wrought-iron pipe shall be not lighter than Schedule 40 [~~10~~] and shall comply with the dimensional standards of ASME B36.10M and one of the following standards:

1. ASTM A53/A53M.
2. ASTM A106.
3. ASTM A312.

Section 403.9, Metallic piping joints and fittings, is amended by adding section 403.9.6, Welded pipe, as follows:

403.9.6. Welded pipe. All welded joints in piping system shall be welded by a certified pipe welder as defined in Article II of this chapter.

Section 404.2, CSST, is amended by adding sections 404.2.1, Meter loop, and 404.2.2, Exterior walls; as follows:

404.2.1 Meter loop. CSST is prohibited in the meter loop.

404.2.2 Exterior walls. CSST is prohibited in exterior walls.

Section 404.6, Underground penetrations prohibited, is amended by adding the following exception:

404.6 Underground penetrations prohibited. Gas piping shall not penetrate building foundation walls at any point below grade. Gas piping shall enter and exit the building at a point above grade and the annular space between the pipe and the wall shall be sealed.

Exception: Gas piping may penetrate a slab-on-grade foundation, above or below grade, where the installation complies with Section 404.14.

Section 406.4.1, Test pressure, is deleted and replaced with the following text:

406.4.1 Test pressure. The rough-in piping inspection shall include testing by closing all openings and subjecting the pipes to an air pressure that will support a column of mercury 15 inches (381 mm) in height or a 10-psi air test. For gas systems with pressures in excess of 14 inches of water column, the test pressure shall not be less than 1.5 times the operating pressure for the system and shall hold this pressure for a minimum of 30 minutes.

The final inspection shall include a column of mercury six inches (152 mm) in height or of a five-psi air test with appliance shut-off valves attached thereto. For gas systems with pressures in excess of 14 inches of water column, the test pressure shall not be less than 1.5 times the operating pressure for the system and shall hold this pressure for a minimum of 30 minutes.

Section 406.4.2, Test duration, is amended as follows:

406.4.2 Test duration. Test duration shall be held for a length of time satisfactory to the code official, but in no case for less than 15 minutes. For welded piping, and for piping carrying gas at a pressure in excess of 14 inches of water column pressure (3.48 kPa), the test duration shall be held for a length of time satisfactory to the code official, but in no case for less than 30 minutes. [~~not less than ½ hour for each 500 cubic feet (14 m^3) of pipe volume or fraction thereof. When testing a system having a volume less than 10 cubic feet (0.28 m^3) or a system in a single-family dwelling, the test duration shall be not less than 10 minutes.~~] The duration of the test shall not be required to exceed 24 hours.

Section 406.4, Test pressure measurement, is amended by adding section 406.4.3, Test gauges, as follows:

406.4.3 Test gauges. Test gauges shall be a grade 1A or better as per ANSI/ASME B40.100-2005.

Section 409.5, Appliance shutoff valve, is amended as follows and by adding the following exception:

409.5 Appliance shutoff valve. Each appliance shall be provided with a shutoff valve in accordance with Section 409.5.1[,] or 409.5.2. [~~or 409.5.3.~~]

Exception: An outdoor appliance shall have a shutoff valve at the piping connection to the gas piping system.

Section 409.5.3, Located at manifold, is repealed in its entirety.
(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Secs. 10-73—10-80. Reserved.

ARTICLE IX. PLUMBING CODE

Sec. 10-81. Adoption of *International Plumbing Code* (2024).

The 2024 edition of the *International Plumbing Code*, Chapters 2 through 15 and Appendices B through E, promulgated by the International Code Council, is adopted, and incorporated in this article by reference as if fully set forth, except as it is amended by the following provisions of section 10-82. Provisions of this article are in addition to the provisions of the International Plumbing Code. The following provisions coinciding with the provisions of the

International Plumbing Code supersede, repeal, or delete, when indicated, the corresponding provisions of the *International Plumbing Code*.

All references within the model codes to any building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code shall be construed to be a reference to the respective building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code specifically adopted by reference in articles II through XIV of this chapter.
(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-82. Amendments to the adopted chapters and appendices of the *International Plumbing Code* (2024).

Additions to the *International Plumbing Code* (IPC) are shown as underlined text. Deletions of the IPC are shown as bracketed [~~strikethroughs~~].

Section 202, GENERAL DEFINITIONS, GREASE INTERCEPTOR, Gravity is amended as follows:

> **Gravity.** Plumbing appurtenances of not less than 500 gallons (1893 L) capacity that are installed in the sanitary drainage system to intercept free-floating fats, oils, and grease from wastewater discharge. Separation is accomplished by gravity during a retention time of not less than 30 minutes. The appurtenance shall be a double compartment, first compartment 60% and the second compartment 40% with a minimum 20" manhole access to each compartment unless otherwise approved by the code official.

Section 202, GENERAL DEFINITIONS, is amended by adding the following definitions:

> **NFPA 70.** The National Electrical Code, as amended by Article VI of this Code.

Section 301, GENERAL, is amended by adding Section 301.8, Accessible openings, Section 301.9, Separation from electrical lines in a ditch, and Section 301.10, Support, as follows:

> **301.8 Accessible openings.** When accessible openings are required by this Code, they shall be a minimum of 12 inches x 12 inches (305 mm x 305 mm) in dimension unless otherwise approved by the code official.
>
> **301.9 Separation from electrical lines in a ditch.** When outside the footprint of the building, no plumbing, gas, sewer, or water piping shall be installed in the same ditch with electric lines unless a separation of 36 inches (914 mm) horizontally is maintained for commercial installations. A separation of 12 inches (305 mm) horizontally is required for residential installations.
>
> **301.10 Support.** Exterior appliances or equipment supported from the ground shall rest on level concrete or other approved base extending not less than three (3) inches (76 mm) above the adjoining ground level.

Section 305.4.1, Sewer depth, is amended as follows:

> **305.4.1 Sewer depth.** Building sewers [~~that connect to private sewage disposal systems~~] shall be installed not less than 12 [~~NUMBER~~] inches (304 mm) below finished grade. [~~at the point of septic tank connection.~~] [~~Building sewers shall be installed not less than [Number] inches (mm) below grade.~~]

Section 312.1.1, Test gauges, is amended as follows:

> 312.1.1 Test Gauges. Gauges used for testing shall be [~~as follows:~~] grade 1A or better as per ANSI/ASME B40.100-2005.
>
> 1. Tests requiring a pressure of 10 pounds per square inch (psi) (69 kPa) or less shall utilize a testing gauge having increments of 0.10 psi (0.69 kPa) or less.
> 2. Tests requiring a pressure of greater than 10 psi (69 kPa) but less than or equal to 100 psi (689 kPa) shall utilize a testing gauge having increments of 1 psi (6.9 kPa) or less.
> 3. Tests requiring a pressure of greater than 100 psi (689 kPa) shall utilize a testing gauge having increments of 2 psi (14 kPa) or less.

Section 312.2, Drainage and vent water test, is amended as follows:

312.2 Drainage and vent water test. Prior to any concealment, a [A] water test and subsequent inspection shall be applied to the drainage system either in its entirety or in sections. If applied to the entire system, all openings in the piping shall be tightly closed, except the highest opening, and the system shall be filled with water to the point of overflow. If the system is tested in sections, each opening shall be tightly plugged except the highest opening of the section under test, and each section shall be filled with water, but sections shall not be tested with less than a 3.5-foot (1067 mm) [10-foot (3048 mm)] head of water. In testing successive sections, not less than the upper 10 feet (3048 mm) of the next preceding section shall be tested so that no joint or pipe in the building, except the uppermost 10 feet (3048 mm) of the system, shall have been submitted to a test of less than a 3.5-foot (1067 mm) [10-foot (3048 mm)] head of water. This pressure shall be held for not less than 15 minutes. The system shall then be tight at all points. The first-floor underground drain, waste, and vent piping (Rough-In) systems shall be retested to at least slab height and inspected after all backfill is in place and foundation steel installed but prior to placement of concrete.. The system shall be tested to the overflow level of the Tub, or the next reasonable point on the system as approved by the code official.

Section 312.7, Gravity sewer test, is deleted in its entirety.

[312.7 Gravity sewer test. Gravity sewer tests shall consist of plugging the end of the building sewer at the point of connection with the public sewer, filling the building sewer with water, testing with not less than a 10-foot (3048 mm) head of water and maintaining such pressure for 15 minutes.]

Section 312.8, Forced sewer test, is deleted in its entirety.

[312.8 Forced sewer test. Forced sewer tests shall consist of plugging the end of the building sewer at the point of connection with the public sewer and applying a pressure of 5 psi (34.5 kPa) greater than the pump rating and maintaining such pressure for 15 minutes.]

Section [M] 314.2.1, Condensate disposal, is amended with the following text:

[M] 314.2.1 Condensate disposal. Condensate disposal shall be in accordance with Chapter 34, Section 34-274 of the City Code of San Antonio for newly constructed commercial buildings. Existing commercial buildings shall be permitted to follow Chapter 34, Section 34-274 of the City Code of San Antonio for condensate disposal. Primary drain lines located in any unconditioned space, except for crawl spaces, shall be insulated with foam plastic rubber-based insulation or approved material with a minimum thickness of 3/8 inch. Condensate from all cooling coils and evaporators shall be conveyed from the drain pan outlet to an approved place of disposal. Such piping shall maintain a horizontal slope in the direction of discharge of not less than one-eighth unit vertical in 12 units horizontal (1-percent slope). Condensate shall not discharge into a street, alley, or other areas so as to cause a nuisance.

Section [M] 314.2.1.1, Condensate discharge, is amended as follows:

[M] 314.2.1.1 Condensate discharge. Condensate drains shall not directly connect to any plumbing drain, waste, or vent pipe. Condensate drains shall not discharge into a plumbing fixture other than a floor sink, floor drain, trench drain, mop sink, hub drain, standpipe, utility sink or laundry sink. Condensate drain connections to a lavatory wye branch tailpiece or to a bathtub overflow pipe shall not be considered as discharging to a plumbing fixture. Except where [discharging to grade outdoors] installed per Chapter 34, Section 34-274 of the City Code of San Antonio, the point of discharge of condensate drains shall be located within the same occupancy, tenant space or dwelling unit as the source of the condensate.

Section [M] 314.2.4.1, Ductless mini-split system traps, is amended as follows:

[M] 314.2.4.1 Ductless mini-split system traps. Ductless mini-split equipment that produces condensation shall be in accordance with their manufacturers' recommendations. [~~provided with an in-line check valve located in the drain line, or a trap.~~]

Section 401.3, Water conservation, is deleted and replaced with the following text:

401.3 Water conservation. The maximum discharge flow rates for plumbing fixture fittings shall be in accordance with applicable standards referenced in Chapter 15 and listed in Table 604.4, but in no case shall they exceed the maximum requirements of the Texas Commission of Environmental Quality (TCEQ), Chapter 372, titled "Environmental Performance Standards for Plumbing Fixtures" and/or the requirements set forth by these amendments.

Table 403.1, MINIMUM NUMBER OF REQUIRED PLUMBING FIXTURES, note e is deleted in its entirety and replaced with the following text and shall apply to all Classifications in the Table:

e. Service sinks are not required for an occupant load of 15 or fewer or as otherwise approved by the code official.

Section 403.2, Separate facilities, Exception 6 is amended as follows, all other code text remains as is:

Exceptions:

6. Separate toilet facilities shall not be required where rooms having both water closets and lavatory fixtures are designed for use by all persons regardless of sex and privacy is provided for water closets and urinals [~~in accordance with Section 405.3.4. and for urinals in accordance with Section 405.3.5~~] with walls and a door enclosing the fixtures.

Section 404, ACCESSIBLE PLUMBING FACILITIES, is deleted. Refer to TDLR Architectural Barriers Texas Accessibility Standards (TAS) Chapter 6.

Section 405.3.1, Water closets, urinals, lavatories, and bidets, is amended as follows:

405.3.1 Water closets, urinals, lavatories, and bidets. A water closet, urinal, lavatory, or bidet shall not be set closer than 15 inches (381 mm) from its center to any side wall, partition, vanity, or other obstruction. Where partitions or other obstructions do not separate adjacent water closets, urinals, or bidets, the fixtures shall not be set closer than 30 inches (762 mm) center to center between adjacent fixtures or adjacent water closets, urinals, or bidets. There shall be not less than a 21-inch (533 mm) clearance in front of a water closet, urinal, lavatory or bidet to any wall, fixture, or door. Water closet compartments shall be not less than 30 inches (762 mm) in width and not less than 60 inches (1524 mm) in depth for floor-mounted water closets and not less than 30 inches (762 mm) in width and 56 inches (1422 mm) in depth for wall-hung water closets.

Section 410.2, Small occupancies, is amended as follows:

410.2 Small Occupancies. Drinking fountains shall not be required for an occupant load of 30 [~~15~~] or fewer.

Section 410.4, S+ubstitution, is amended as follows:

410.4 Substitution. Where [~~restaurants provide~~] drinking water is provided in a container free of charge, drinking fountains shall not be required [~~in those restaurants. In other occupancies, where [three or more] drinking fountains are required, water dispensers, shall be permitted to be substituted for not more than 50 percent of the required number of drinking fountains.~~]

Section 424.1, Approval, is amended by adding Section 424.1.1, Non-water using urinals, as follows:

424.1.1 Non-Water using urinals. Non-water urinals shall conform to ASME A112.19.2/

CSA B 45.1, ASME 112.19.19 or CSA B45.5/ IAPMO Z124. Non-water urinals shall provide a trap seal that complies with the International Plumbing Code. Non-water urinals shall permit the uninhibited flow of waste through the urinal to the sanitary drainage system. Non-water urinal installations shall be designed to have an active plumbing fixture drain discharge ahead of the urinal drain by means of a vertical wet vent above the urinal drain tee. Refer to section 912.1.1 Vertical Wet Vent Permitted in the International Plumbing Code. (Texas House Bill 2667 (Legislative Session 81 (R))). In addition, the installation of an appropriately sized water distribution and fixture supply piping must be installed in the wall at a location immediately adjacent to the non-water urinal so that a water supplied urinal may be placed at a future date.

Section 502.3, Water heaters installed in attics, is amended as follows:

502.3 Water heaters installed in attics. Storage type water heaters shall not be installed in an attic unless accessible from a door opening on the same floor level in one-and two-family residential occupancies and town-homes. Attics containing a water heater shall be provided with an opening and unobstructed passageway large enough to allow removal of the water heater. The passageway shall not be less than 30 inches (762 mm) in height and 22 inches (559 mm) in width and not more than 20 feet (6096 mm) in length when measured along the centerline of the passageway from the opening to the water heater. The passageway shall have continuous solid flooring not less than 24 inches (610 mm) in width. A level service space not less than 30 inches (762 mm) in length and 30 inches (762 mm) in width shall be present at the front or service side of the water heater. The clear access opening dimensions shall be not less than 20 inches by 30 inches (508 mm by 762 mm) where such dimensions are large enough to allow removal of the water heater.

Section 502, INSTALLATION, is amended by adding Section 502.6, Water heaters installed under stairways and landings, as follows:

502.6 Water heaters installed under stairways and landings. An electric water heater is the only type of water heater that may be installed under a stairway or landing.

Section 502, INSTALLATION, is amended by adding Section 502.7, Water heaters installed in garages, as follows:

502.7 Electric water heaters installed in garages. Electric water heaters shall be elevated not less than 18 inches (457 mm) above the garage floor.

Section 504.6, Requirements for discharge piping, is amended as follows:

504.6 Requirements for discharge piping. The discharge piping serving a pressure relief valve, temperature relief valve or combination thereof shall:

1. Not be directly connected to the drainage system.
2. Discharge through an air gap located in the same room as the water heater.
3. Not be smaller than the diameter of the outlet of the valve served and shall discharge full size to the air gap.
4. Serve a single relief device and shall not connect to piping serving any other relief device or equipment.
5. Discharge to [~~the floor, to the pan serving the water heater or storage tank, to~~] a waste receptor or to the outdoors. Discharge to the floor of a garage or basement will only be allowed if approved by the *code official*. Terminate to the exterior a minimum of six inches (152 mm) and a maximum of 12 inches (304 mm) above the finish grade.
6. Discharge in a manner that does not cause personal injury or structural damage.
7. Discharge to a termination point that is accessible [~~readily observable by the building occupants~~].
8. Not be trapped.
9. Be installed so as to flow by gravity.
10. Terminate not more than 6 inches (152 mm) above and not less than two times

the discharge pipe diameter above the floor or *flood level rim* of the waste receptor.

11. Not have a threaded connection at the end of such piping.

12. Not have valves or tee fittings.

13. Be constructed of those materials listed in Section 605.4 or materials listed, rated, and *approved* for such use in accordance with ASME A112.4.1.

14. Be one nominal size larger than the size of the relief valve outlet, where the relief valve discharge piping is installed with insert fittings. The outlet end of such tubing shall be fastened in place.

15. Union or flex connector on temperature pressure relief valve shall be placed within six inches (152.4 mm) of the valve for removal and replacement.

Section 604.4, Maximum flow and water consumption, Exceptions, is amended as follows:

604.4 Maximum flow and water consumption. The maximum water consumption flow rates and quantities for all plumbing fixtures and fixture fittings shall be in accordance with Table 604.4.

Exceptions:

[~~1. Blowout design water closets having a maximum water consumption of 3 ½ gallons (13 L) per flushing cycle.~~]

1. [~~2.~~] Vegetable sprays.

2. [~~3.~~] Clinical sinks having a maximum water consumption of 4 ½ gallons (17 L) per flushing cycle.

3. [~~4.~~] Service sinks.

4. [~~5.~~] Emergency showers.

Table 604.4, MAXIMUM FLOW RATES AND CONSUMPTION FOR PLUMBING FIXTURES AND FIXTURE FITTINGS, is amended as follows:

TABLE 604.4
MAXIMUM FLOW RATES AND CONSUMPTION FOR PLUMBING FIXTURES[d] AND FIXTURE FITTINGS

PLUMBING FIXTURE OR FIXTURE FITTING	MAXIMUM FLOW RATE OR QUANTITY[b]
Lavatory, private	1.5 [~~2.2~~] gpm at 60 psi
Lavatory, public (metering)	0.25 gallon per metering cycle
Lavatory, public (other than metering)	0.5 gpm at 60 psi
Shower head[a,c]	2.0 gpm at 80 psi
Sink faucet	2.2 gpm at 60 psi
Urinal	0.5 [~~1.0~~] gallon per flushing cycle
Water closet	1.28 [~~1.6~~] gallons per flushing cycle

For SI: 1 gallon = 3.785 L, 1 gallon per minute = 3.785 L/m.

1 pound per square inch = 6.895 kPa.

a. A hand-held shower spray is a shower head. All associated heads shall be appropriate for the flow rate.

b. Consumption tolerances shall be determined from referenced standards.

c. Shower heads shall comply with all requirements for high-efficiency showerheads in ASME A112.18.1-2020/CSA B125.1

d. Where the Environmental Protection Agency has accepted that specific plumbing fixtures, by make and model, meet or exceed WaterSense standards, such fixtures installed will be from the most current listing available at the time of installation.

Section 604.9, Water hammer, is amended as follows:

604.9 Water hammer. The flow velocity of the water distribution system shall be controlled to reduce the possibility of water hammer. A water-hammer arrestor shall be installed where quick-closing valves are utilized. Water-

hammer arrestors shall be installed in accordance with the manufacturer's instructions. Water-hammer arrestors shall conform to ASSE 1010. Water-hammer arrestors shall be installed to protect all washing machines, kitchen sinks, dishwashers, tubs, and shower locations from water hammer. A separate tub and shower set back-to-back may be served by a single set of water-hammer arrestors, provided that the continuation of the water line from one fixture (where the arrestors are located) to the other fixture does not exceed 8 linear feet as measured along the pipe.

Table 605.3, WATER SERVICE PIPE, is amended to reflect changes. Unaltered sections of the Table remain in full force:

TABLE 605.3
WATER SERVICE PIPE

MATERIAL	STANDARD
Polyvinyl chloride (PVC) plastic pipe	ASTM D1785; ASTM D2241; ASTM D2672; CSA B137.3 AWWA C900-07

Section 605.3, Water service pipe, is amended to add section 605.3.2, Lead Testing, to read as follows:

605.3.2 Lead Testing. Upon exposure of the waterline/service line from the meter to the home for repair, replacement or inspection, a plumber, or their employee or agent, performing such work shall perform a test on their exposed pipe material and any exposed connectors or solder for the presence of lead, if not already performed. A lead swab test performed on a clean pipe surface area, connector or solder is acceptable to meet the above requirement and shall not require the removal of any section of the pipe. The San Antonio Water System (SAWS) shall provide guidance on acceptable testing methods consistent with TCEQ or EPA guidelines. Photographs of any area of the pipe, connector or solder that is tested as well as the completed swab test must be taken and shall be submitted to SAWS along with information identifying the property and testing location within ten (10) business days of receiving test results. Testing is not required on pipe material that is part of infrastructure, developments or construction that occurred after 2014.

Section 605.23.2, Plastic pipe or tubing to other piping material, is amended as follows:

605.23.2 Plastic pipe or tubing to other piping material. Joints between different types of plastic pipe or between plastic pipe and other piping material shall be made with approved adapters or transition fittings. Schedule 40 plastic socket molded (female adapter) fittings are prohibited when connecting to pipe threads.

Section 606.2, Location of shutoff valves, is amended as follows:

606.2 Location of shutoff valves. Shutoff valves shall be installed in the following locations:

1. On the fixture supply at [to] each plumbing fixture other than bathtubs and showers in one-and two-family residential *occupancies*, and other than in individual dwelling or sleeping units that are provided with unit shutoff valves in hotels, motels, boarding houses, and similar *occupancies*.

[~~2. On the water supply pipe to each sill cock.~~]

2. [~~3.~~] On the water supply pipe to each appliance or mechanical equipment.

Section 607.3, Thermal expansion control, is amended as follows:

607.3 Thermal expansion control. Where a storage water heater is supplied with cold water that passes through an on-site check valve, pressure reducing valve or backflow preventer, a thermal expansion control device shall be connected to the water heater cold water supply pipe at a point that is downstream of all check valves, pressure reducing valves and backflow preventers. Thermal expansion tanks shall be sized in accordance with the tank manufacturer's instructions and shall be sized such that the pressure in the water distribution system shall not exceed that required by Section 604.8. Thermal expansion

control is limited to the use of expansion tanks (per water conservation requirements of 1998, Ordinance 89128).

Table 608.1, APPLICATION OF BACKFLOW PREVENTERS, is amended to reflect changes. Unaltered sections of the Table remain in full force:

TABLE 608.1 APPLICATION OF BACKFLOW PREVENTERS

DEVICE	DEGREE OF HAZARD[a]	APPLICATION[b]	APPLICABLE STANDARDS
Backflow preventer for carbonated beverage machines	Low hazard	Backpressure or backsiphonage Sizes ¼" - ½"	ASSE ~~[1022]~~ 1015

Section 608.14, Backflow protection, is amended to add section 608.14.10, More than one assembly, as follows:

608.14.10 More than one assembly. Where more than one (1) backflow preventer is installed on a single premise, and the backflow preventers are installed in one location, each separate backflow preventer shall be permanently marked in an approved manner to identify the location of the system that the backflow preventer serves.

Section 608.15, Location of backflow preventers, is amended by adding Section 608.15.3, Access, and Section 608.15.4, Identification, as follows:

608.15.3 Access. All backflow preventers shall be readily accessible.

608.15.4 Identification. All backflow preventers that have been insulated per 608.15.2, resulting in the preventer's identification plate being covered, shall have a weatherproof tag permanently affixed to the outside of the insulation that identifies the make, model, and serial number of the backflow preventer.

Section 608.17.1.1, Carbonated beverage dispensers, is amended as follows:

608.17.1.1 Carbonated beverage dispensers. The water supply connection to each carbonated beverage dispenser shall be protected against backflow by a backflow preventer conforming to ASSE 1015 [~~1022~~] or by an air gap. The portion of the backflow preventer device downstream from the second check valve of the device and the piping downstream therefrom shall not be affected by carbon dioxide gas.

Section 608.17.2, Connections to boilers, is amended as follows:

608.17.2 Connections to non-potable boilers. The potable supply to the boiler shall be equipped with a backflow preventer with an intermediate atmospheric vent complying with ASSE 1013. [~~1012, ASSE 1081 or CSA B64.3.~~] Where conditioning chemicals are introduced into the system, the potable water connection shall be protected by an air gap or a reduced pressure principle backflow preventer, complying with ASSE 1013, CSA B64.4 or AWWA C511.

Section 608.17.5, Connections to lawn irrigation systems, is amended as follows:

608.17.5 Connections to lawn irrigation systems. The potable water supply to lawn irrigation systems shall be protected against backflow by [~~an atmospheric vacuum breaker,~~] a pressure vacuum breaker assembly, a double-check valve assembly or a reduced pressure principle backflow prevention assembly. [~~Valves shall not be installed downstream from an atmospheric vacuum breaker.~~] Where chemicals are introduced into the system or there is an on-site sewage facility (OSSF) system, the potable water supply shall be protected against backflow by a reduced pressure principle backflow prevention assembly. The irrigation system

shall be designed and installed in accordance with City Ordinance #100322 and #2008-08-07-0653.

Section 702.3, Building sewer pipe, is amended as follows:

702.3 Building sewer pipe. Though not required, building sewer pipes three inch and four inches are recommended to be a minimum of Schedule 40 PVC or SDR26. Though not required, sewer lines six inch and larger are recommended to be a minimum of SDR 35 PVC. Cast-iron and Stainless steel 316L may also be used for all sizes. Polyethylene (PE) plastic pipe (SDR-PR) ASTM F 714 may be used for replacement of underground sewers by pipe-bursting methods in Section 717. *Building sewer* pipe shall conform to one of the standards listed in Table 702.3.

Section 705.1, General, is amended by adding section 705.1.1, Joint couplings, as follows:

705.1.1 Joint Couplings. All underground or under slab mechanical joint coupling installations shall be shielded and Wide-Bodied.

Section 708.1.8, Manholes, is amended as follows:

708.1.8 Manholes. Manholes and manhole covers shall be of an approved type. Manhole located inside of a building shall have gas-tight covers that require tools for removal. Manhole covers shall be identified as "SEWER" and shall not indicate a utility company thereon.

Section 708.1, Cleanouts required, is amended by adding section 708.1.13, Individual fixture, as follows:

708.1.13 Individual fixture. All washing machines and kitchen sinks shall have an accessible clean out.

Section 717.4, Permitting, is repealed in its entirety.

Section 717.8, Post-installation recorded video camera survey, is amended as follows.

717.8 Post-installation recorded video camera survey. The completed, relined piping system shall be inspected internally by a recorded video camera survey after the system has been flushed and flow-tested with water. The video survey shall be reviewed by a licensed engineer [~~submitted to the code official~~] prior to finalization of the permit. The video survey shall be reviewed and evaluated to provide verification that no defects exist. Any defects identified shall be repaired and replaced in accordance with this code.

Section 717.9, Certification, is amended as follows.

717.9 Certification. A certification shall be provided in writing to the code official, from a licensed engineer [~~the permit holder~~], that the relining materials have been installed in accordance with the manufacturer's installation instructions, the applicable standards and this code.

Section 802.4, Waste Receptors, is amended by adding an exception as follows:

802.4 Waste Receptors. For other than hub drains that receive only clear-water waste and standpipes, a removable strainer or basket shall cover the outlet of waste receptors. Waste receptors shall not be installed in concealed spaces. Waste receptors shall not be installed in plenums, crawl spaces, attics, interstitial spaces above ceilings and below floors. Ready access shall be provided to waste receptors.

Exception: Waste receptors may be installed in a plenum. The trap shall be deep seal type and shall be protected by one of the methods in sections 1002.4.1.1 thru 1002.4.1.5.

Section 903.1.1, Roof extension unprotected, is amended as follows:

903.1.1 Roof extension unprotected. Open vent pipes that extend through a roof shall be terminated [~~not less than~~] at least 6 [~~NUMBER~~] inches (152 mm) above the roof.

Section 905.4, Vertical rise of vent, is amended as follows:

905.4 Vertical rise of vent. Every dry vent shall rise vertically to a point not less than 6 inches (152 mm) above the flood level rim of the highest trap or trapped fixture being vented. When structural conditions require

horizontal vents to be installed below the flood level rim of the fixture they serve, they shall have a cleanout installed on the riser in an accessible location.

Exception: Vents for interceptors located outdoors.

Section 915.2.3, Connection, is amended as follows:

915.2.3 Connection. The combination waste and vent system shall have a minimum of two vents, one at the start of the system and one at the end of the system before the last fixture [~~be provided with a dry vent connected at any point within the system or the system shall connect to a horizontal drain that serves vented fixtures located on the same floor~~]. *Combination waste and vent systems* connecting to *building drains* receiving only the discharge from a one or more stacks shall be provided with a dry vent. The vent connection to the combination waste and vent pipe shall extend vertically to a point not less than 6 inches (152 mm) above the flood level rim of the highest fixture being vented before offsetting horizontally. The horizontal length of a combination waste and vent system shall be unlimited.

Section 917.1, Single-stack vent system permitted, is amended by adding section 917.1.1, Engineering certification, as follows:

917.1.1 Engineering certification. Single stack vent systems are considered to be an alternative engineering design system and shall be installed in strict accordance with the engineered design. Upon completion of this alternative design system, the design engineer shall submit a letter of the inspection of the systems compliance with the alternative design. The compliance letter shall be signed, sealed, and dated, by the design engineer. Signage shall be permanently placed on site identifying the plumbing system as an alternative engineering design Single Stack Vent System and any alterations to the system shall be reviewed by an engineer.

Section 1003.2, Approval, is amended as follows:

1003.2 Approval. The size, type and location of each interceptor shall be designed and installed in accordance with the manufacturer's instructions and the requirements of this section based on the anticipated conditions of use. Wastes that do not require treatment or separation shall not be discharged into any interceptor or separator. All interceptors shall be stamped or labeled by the manufacturer with an indication of its size in gallons or its full discharge rate in gallons per minute (gpm). The full discharge rate to such an interceptor shall be determined at full flow. Each interceptor shall be rated equal to or greater than the incoming flow.

Section 1003.3.2, Food waste disposers restriction, is amended as follows:

1003.3.2 Food waste disposers restriction. [~~A food waste disposer shall not discharge to a grease interceptor.~~] Where food waste disposers connect to grease interceptors, a solids interceptor shall separate the discharge before connecting to the grease interceptor. Solids interceptors and grease interceptors shall be sized and rated for the discharge of the food waste disposer. Emulsifiers, chemicals, enzymes, and bacteria shall not discharge into the food waste disposers.

SECTION 1004, MATERIALS, JOINTS, AND CONNECTIONS, is amended by adding Section 1004.2, Sample well, as follows:

1004.2 Sample well. An effluent sampling well for all interceptors shall be required. For new construction, the sample well shall have a riser a minimum of 6 inches (153 mm) in diameter and shall be installed after the confluence of all wasted streams from the facility and prior to discharging into the *sanitary sewer* collection system. The well shall be perpendicular to the effluent lateral to allow observation of the flow stream and provide for sampling of wastewater. For remodeling of an existing structure requiring installation of an interceptor, the option to use an existing 4-inch (102 mm) diameter sample well may be permitted in lieu of a 6-inch (153 mm) sample well.

SECTION 1202, MEDICAL GASES, is amended by adding Section 1202.2, Medical gases not regulated by NFPA 99, as follows:

1202.2 Medical gases not regulated by NFPA 99. Where medical gases are installed in other than human medical care facilities such as, but not limited to, veterinary clinics, educational, instructional, and training facilities, etc, the installation shall comply with the minimum standards of the International Plumbing Code such as, but not limited to, the piping materials, support, testing, etc. The piping systems shall be appropriately labeled with the contents every 20 feet.

Section 1301.9.4, Makeup water, is amended as follows:

1301.9.4 Makeup water. Where an uninterrupted supply is required for the intended application, potable or reclaimed water shall be provided as a source of makeup water for the storage tank. The makeup water supply shall be protected against backflow in accordance with Section 608. A *full-open valve* located on the makeup water supply line to the storage tank shall be provided. Inlets to the storage tank shall be controlled by fill valves or other automatic supply valves installed to prevent the tank from overflowing and to prevent the water level from dropping below a predetermined point. Where makeup water is provided, the water level shall not be permitted to drop below the source water inlet or the intake of any attached pump. Where non-potable systems are supplied with makeup water form a potable source, the potable makeup shall be protected by both an air gap and a RP backflow device in accordance with Section 608.

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-83. Fee schedule.

Plumbing, Gas, Sewer	
Plumbing License and Registration Fees	
Annual Irrigation Contractor Registration Fee	$85.00
Plumbing, Gas, Sewer Permit Fees	
Plumbing Inspection (Basic Fee)	$50.00
Fixture; Roof Drain; Reverse Osmosis, Fire Sprinkler Head (per unit)	$7.00
Grease Trap; Oil Separator; Sand Trap; Lint Trap; Neutralization Tank (or tank receiving discharge of liquid waste from fixtures); Drain, Appurtenance; Appliance	
0—500 gallons	$12.00
>500 gallons	$17.00
Water Heater, Vent (gas/electric)	$8.00
Back-flow Prevention Device	
1/4" - ¾"	$15.00
1"	$20.00
1 ¼"	$45.00
1 ½"	$55.00
2"+	$75.00
Water Softener	$17.00
Underground Waterline	
0—100 ft	$10.00
101—250 ft	$15.00
251—500 ft	$25.00
501—1,000 ft	$45.00
1,001—2,000 ft	$75.00
2,001—3,000 ft	$100.00
Over 3,001 ft (plus additional $25 for each 200 ft or part thereof over 3,001 ft)	$125.00
Irrigation System Inspection Fee	$50.00
Residential Landscape Irrigation System Permit Fee	$50.00
Commercial Landscape Irrigation System Permit Fee	$100.00
Gas Inspection (basic fee)	$50.00
1—5 openings (fee for each of the first five opening)	$10.00
5 openings (fee for each opening over five)	$3.00

Plumbing, Gas, Sewer	
Gas Test; Extension (with 1 opening); Replace Gas Line; Split Meter; Move Meter; Butane Conversion (each)	$8.00
Sewer Inspection (Basic Fee)	$50.00
0—60 ft.	$10.00
61—150 ft	$20.00
151—300 ft	$35.00
301—500 ft.	$50.00
501—750 ft.	$70.00
751—1,000 ft.	$110.00
>1,000 ft. (plus $20.00 for each 150 ft or part thereof over 1,000 ft)	$125.00
Reclaim Water Line Openings Inspection	$50.00
1—4 openings (flat fee)	$40.00
>4 openings (fee for each opening over 4)	$5.00
Medical Gas Inspection (basic fee) (oxygen - O_2; nitrous oxide - N_2O; medical compress air - MedAir Nitrogen - N_2; vacuum - Vac; carbon dioxide - CO_2; helium - He)	$50.00
1—5 openings (flat fee)	$13.00
5 openings (fee for each opening over 5)	$3.00
Building-related and Fire Codes Appeals and Advisory Board Fees	
Building-related and Fire Codes Appeal Fee	$155.00
Special Services for Plumbing	
After-hour Inspection Fee (per hour with 1 hour minimum)	$100.00
Inspection for which no fee is specifically indicated (per hour with 1 hour minimum)	$100.00
Permit Refund Fee	$50.00
Permit Amendment Fee	$10.00
Inspection Schedule Fee (free on-line)	$3.00
Re-inspection Fee	$51.50
Permit Processing fee	$10.00
Completion permit fee	50% of permit (plus cost of permit)
Plumbing Plan Review only (without building plan number)—Per hour/1 hour minimum	$100.00
Open Permit Review Fee	$3.00/Permit
Rental of Facility Fees: $125/hour (daily min. fee of $250; Max fee of $1,000); Security Personnel: $15/hour/staff (with 1 hour minimum); DSD Staff: $30/hour/staff (with 1 hour min.); Custodian Service: $15/hour (with 2-hour min.)	

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Secs. 10-84—10-90. Reserved.

ARTICLE X. ENERGY CONSERVATION CODE

The city council approves and adopts the recommendations of the mayor's sustainable task force:

The city supports the adoption and implementation of energy provisions that result in energy savings of 15% or greater than the currently adopted code in 2008 (IECC 2000 with 2001 supplement and ASHRAE 90.1 1999), the goal of 30% energy savings in 2012 over the currently adopted code in 2008 (IECC 2000 with 2001 supplement and ASHRAE 90.1 1999), the goal of net-zero carbon by 2030 with the intent to provide flexibility to permit the use of innovative approaches and techniques to achieve the effective use of energy and to reduce greenhouse gas and ozone precursor emissions in the city and which is not intended to abridge safety, health, or environmental requirements contained in other applicable codes or ordinances.

The city approves the goals of the following recommendations of the sustainable building task force:

(1) That the development services department, office of public utilities within finance, and the office of sustainability coordinate with CPS Energy and San Antonio Water System (SAWS) to evaluate a new construction residential and commercial financial incentive program to include the provision of specific rebates or other incentives, with an ultimate goal of achieving net zero carbon by 2030 and be designed to reward improved performance in a scaled fashion, within the current limitations of all applicable laws and regulations.

(2) That CPS Energy and SAWS provide existing rebate and incentive information to the city to coordinate and promote incentives to provide one-stop information.

(3) That the office of sustainability provide information on sustainable building practices and incentives to encourage residential and commercial developers to exceed minimum code requirements and serve as a clearinghouse for green building information from a wide and ever-increasing variety of sources.

(4) That the city office of sustainability coordinate education awareness with other agencies or organizations that include workshops, trainings, and seminars which will provide sustainable building practices for residential and commercial buildings that exceed minimum code requirements.

(5) That the city office of sustainability promote an annual San Antonio Green Leadership awards program to recognize all new residential and commercial builders, architects, and others that significantly exceed the minimum code and to post those names on the city's website and through additional public media outlets.

(6) That CPS Energy and SAWS evaluate incentives and rebates to support energy and water conservation for programs that exceeds code and include such programs in a unified city-wide promotion.

(7) That energy incentives be provided to achieve thirty (30) percent or greater savings above the currently adopted energy code.

(8) That the Building-Related and Fire Codes Appeals and Advisory Board (BRFCAAB) review the city's current energy code as needed but not less often than every three years and recommend changes to make periodic progress toward the goal of net-zero carbon by 2030.

(9) That the city office of sustainability would monitor the implementation of the recommendations of the mayor's task force on sustainable buildings, review COSA sustainability energy policies and goals, and measure periodic progress toward the goal of net-zero carbon by 2030.

(10) That the city office of sustainability would recommend the establishment or modification of interim goals to attain agreed long-term goals and make recommendations to city management, city council, and the BRFCAAB as needed but not less often than every three (3) years. Interim and long-term goals would be evaluated and recommended for amendment as required on the basis of sustainable environmental and community benefits, return on investment and practical impact on the regulated community.

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-91. Adoption of *International Energy Conservation Code* (2021).

The 2021 edition of the *International Energy Conservation Code*, promulgated by the International Code Council, Chapters 2[CE] through 5[CE], Chapters 2[RE] through 5[RE] and both the commercial and residential Chapters 6 (referenced standards), is adopted and incorporated in this article by reference as if fully set forth, except as it is amended by the

following provisions of section 10-92. Provisions of this article are in addition to the provisions of the *International Energy Conservation Code*. The following provisions coinciding with the provisions of the *International Energy Conservation Code* supersede, repeal, or delete, when indicated, the corresponding provisions of the *International Energy Conservation Code*.

All references within the model codes to any building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code shall be construed to be a reference to the respective building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code specifically adopted by reference in articles II through XIV of this chapter.
(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-92. Amendments to the adopted chapters of the *International Energy Conservation Code* (2021).

Additions to the *International Energy Conservation Code* (IECC) are shown as underlined text. Deletions of the IECC are shown as bracketed [~~strikethroughs~~].

Section C402.3, Roof solar reflectance and thermal emittance, is amended to read as follows (exceptions are unchanged):

C402.3 Roof solar reflectance and thermal emittance. Low-sloped roofs, with a slope less than or equal to 2 units vertical per 12 units horizontal, directly above cooled conditioned spaces in *Climate Zones 0 through 3* shall comply with one or more of the options in Table C402.3. Roof surfaces with a slope greater than 2 units vertical per 12 units horizontal, directly above cooled conditioned spaces shall have a minimum reflectance of 0.35 or a minimum Solar Reflective Index of 29.

Section C402.4.2, Minimum skylight fenestration area, Exception is amended by adding a sixth exception as follows. All other language in Section C402.4.2 remains:

Exception: Skylights above *daylight zones* of enclosed spaces are not required in:

1. Buildings in *Climate Zones 6* through 8.
2. Spaces where the designed *general lighting power* densities are less than 0.5 W/ft^2 (5.4 W/m^2).
3. Areas where it is documented that existing structures or natural objects block direct beam sunlight on not less than half of the roof over the enclosed area for more than 1,500 daytime hours per year between 8 a.m. and 4 p.m.
4. Spaces where the *daylight zone* under rooftop monitors is greater than 50 percent of the enclosed space floor area.
5. Spaces where the total area minus the area of sidelit *daylight zones* is less than 2,500 square feet (232 m^2), and where the lighting is controlled in accordance with Section C405.2.3.
6. Spaces designed as storm shelters complying with ICC 500.
7. In warehouses protected by Early Suppression Fast Response (ESFR) fire sprinklers where vertical wall fenestration is provided with a minimum areas equal to that determined by Section C402.4.2.

Section C404.6.1, Circulation systems, is amended to read as follows:

C404.6.1 Circulation systems. Heated-water circulation systems shall be provided with a circulation pump. The system return pipe shall be a dedicated return pipe or a cold-water supply pipe. Gravity and thermosyphon circulation systems shall be prohibited. Controls for circulating hot water system pumps shall automatically turn off the pump when the water in circulation loop is at the desired temperature and when there is not a demand for hot water. The controls shall limit the temperature of the water entering the cold-water piping to not greater than 104°F (40°C) and shall comply with one of the following:

1. Controls for circulating hot water system pumps shall start the pump based on the identification of a demand for hot water within the occupancy. The controls shall automatically turn off the pump when

the water in the circulation loop is at the desired temperature and when there is not a demand for hot water.

2. Controls for circulating hot water system pumps shall include a timer clock switch operating pumps based on time of day/night. Controls shall also include a return water temperature sensor switch to pause the re-circulating pump whenever the return water is hot.

Section C405.6, Dwelling electrical meter, is modified to read as follows:

C405.6 Dwelling electrical meter. Each dwelling unit located in a Group R-2 multi-family building shall have a separate electrical meter.

Section C405.12, Energy monitoring, is modified to read as follows with remaining text to remain as written:

C405.12 Energy monitoring. New buildings with a gross conditioned floor area of [~~25,000~~] 100,000 square feet or larger shall be equipped to measure, monitor, record and report energy consumption data in compliance with Sections C405.12.1 through C405.12.5

Exception: R-2 occupancies and individual tenant spaces in other occupancies are not required to comply with this section provided that the space has its own utility services ad meters and has less than [~~5,000~~] 10,000 square feet of conditioned floor area.

SECTION C409, ELECTRIC VEHICLE (EV) CAPABLE, and Section C409.1, Electric vehicle power supply, and Section C409.2, Number of parking spaces, are added as follows:

SECTION C409
ELECTRIC VEHICLE (EV) CAPABLE

This section applies to all buildings not included in SECTION R410.

C409.1 Electric vehicle power supply. The main electrical service panel shall have the capacity to support the required number of spaces detailed in C409.2. The property owner will designate which branch panel(s) will be utilized for future EV charging. The designated branch panel(s) shall reserve the space and capacity to support one future 40-ampere breaker for every 2 spaces required. The designated breaker spaces may be located in multiple branch panels as long as the total number space and capacity is met. The reserved space(s) in the designated branch panel(s) shall be labeled "For Future EV". The Director may increase the number of spaces per 40-ampere breaker or lower the breaker's ampere size as smart charging technology is developed.

C409.2 Number of parking spaces. The reserved capacity shall be capable to support 5% of the total required parking spaces.

Section C501.5, Historic buildings, is amended to read as follows:

C501.5 Historic buildings. Provisions of this code relating to the construction, *repair, alteration*, restoration, and movement of structures, and *change of occupancy* shall not be mandatory for *historic buildings*. [~~provided a report has been submitted to the code official and signed by a registered design professional or a representative of the State Historic Preservation Office or the historic preservation authority having jurisdiction, demonstrating that compliance with that provision would threaten, degrade, or destroy the historic form, fabric, or function of the building.~~]

Section C503.2.1, Roof replacement, is amended to read as follows:

C503.2.1 Roof replacement. *Roof replacements* shall comply with Section C402.1.3, C402.1.4, C402.1.5 or C407 where the existing roof assembly is part of the *building thermal envelope* and contains insulation entirely above the roof deck. In no case shall the *R*-value of the roof insulation re reduced or the *U*-Factor of the roof assembly be increased as part of the *roof replacement*. New skylights are not required to be provided as part of a roof replacement where the existing building did not have skylights. Where new skylights are

installed at the option of the owner as part of the roof replacement, they shall meet Section C503.2.3.

Table R402.1.3, INSULATION MINIMUM R-VALUES AND FENESTRATION REQUIREMENTS BY COMPONENT, is amended as follows with all other text in the table to remain as is:

Climate Zone	*Fenestration U-Factor*	*Skylight U-Factor*	*Glazed Fenestration SHGC*	*Ceiling R-Value*	*Wood Frame Wall R-Value*	*Mass Wall R-Value*	*Floor R-Value*	*Basement Wall R-Value*	*Slab R-Value & Depth*	*Crawl Space Wall R-Value*
2	0.40	0.65	0.25	[~~49~~] 38	13 or 0&10ci	4/6	13	0	0	0

Section R402.4.1.1, Installation, is amended to read as follows:

R402.4.1.1 Installation. The components of the *building thermal envelope* as listed in Table R402.4.1.1 shall be installed in accordance with the manufacturer's instructions and the criteria indicated in Table R402.4.1.1, as applicable to the method of construction. [~~Where required by the code official, an~~] An approved third party shall inspect all components and verify compliance. Insulation letters shall not be submitted to the *Building Official* prior to the inspection being performed and shall be submitted on a form approved by the *Building Official*.

Section R402.4.1.2, Testing, is amended by amending the first paragraph to read as follows. All other language in Section R402.4.1.2 remains:

R402.4.1.2 Testing. The *building* or dwelling unit shall be tested for air leakage. The maximum air leakage rate for any *building or dwelling unit* under any compliance path shall not exceed 5.0 air changes per hour or 0.28 cubic feet per minute (CFM) per square foot [$0.0079 m^3/(s \times m^2)$] of dwelling unit enclosure area. Testing shall be conducted in accordance with ANSI/RESNET/ICC 380, ASTM E 779 or ASTM E 1827 and reported at a pressure of 0.2-inch w.g. (50 Pascals). [~~Where required by the code official, testing~~] Testing shall be conducted by an *approved* third party. A written report of the results of the test shall be signed by the party conducting the test and provided to the *Building Official* [~~code official~~]. Testing shall be performed at any time after creation of all penetrations of the *building thermal envelope* have been sealed.

Section R402.4.6, Electrical and communication outlet boxes (air-sealed boxes), is amended as follows.

R402.4.6 Electrical and communication outlet boxes (air-sealed boxes). Electrical and communication outlet boxes installed in the building thermal envelope shall be sealed to limit air leakage between conditioned and unconditioned spaces [~~. Electrical and communication~~] or outlet boxes shall be tested in accordance with NEMA OS 4, *Requirements for Air-Sealed Boxes for Electrical and Communication Applications* and shall have an air leakage rate of not greater than 2.0 cubic feet per minute (0.944 L/s) at a pressure differential of 1.57 psf (75 Pa). Electrical and communication outlet boxes shall be marked "NEMA OS 4" or "OS 4" in accordance with NEMA OS 4. Electrical and communication outlet boxes shall be installed per the manufacturer's instructions and with any supplied components required to achieve compliance with NEMA OS 4.

Section R402.6, Radiant Barrier, is added to read as follows:

R402.6 Radiant Barrier. In new dwellings, a roof radiant barrier with an emittance of 0.10 or less as tested in accordance with ASTM C-1371 or ASTM E-408 is required above conditioned spaces. The radiant barrier shall be installed according to the manufacturer's instructions.

Exceptions:

1. Roofs covered with materials that have a solar reflectance of 0.4 or greater.
2. Residential buildings with sealed attics such as foam type insulation or similar.
3. Residential buildings with all mechanical equipment and all ductwork located wholly within the conditioned space.

R403.3.1, Ducts located outside conditioned space, is amended by adding an exception as follows.

R403.3.1 Ducts located outside conditioned space. Supply and return ducts located outside conditioned space shall be insulated to an R-value of not less than R-8 for ducts 3 inches (76 mm) in diameter and larger and not less than R-6 for ducts smaller than 3 inches (76 mm) in diameter. Ducts buried beneath a building shall be insulated as required per this section or have an equivalent thermal distribution efficiency. Underground ducts utilizing the thermal distribution efficiency method shall be listed and labeled to indicate the R-value equivalency.

Exception:

1. Supply and return ducts in attics shall be insulated to an R-value of not less than R-6 for ducts 3 inches (76 mm) in diameter and larger, where the efficiency of the installed cooling equipment is higher than the minimum required by federal law for climate zone 2.

Section R403.5.1.1, Circulation systems, is amended to read as follows:

R403.5.1.1 Circulation systems. Heated water circulation systems shall be provided with a circulation pump. The system return pipe shall be a dedicated return pipe or a cold-water supply pipe. Gravity and thermosyphon circulation systems shall be prohibited. Controls for circulating hot water system pumps shall automatically turn off the pump when the water in the circulation loop is at the desired temperature and when there is no demand for hot water. The controls shall limit the temperature of the water entering the cold-water piping to not greater than 104°F (40°C) and shall comply with one of the following:

1. Controls for circulating hot water system pumps shall start the pump based on the identification of a demand for hot water within the occupancy. The controls shall automatically turn off the pump when the water in the circulation loop is at the desired temperature and when there is no demand for hot water.
2. Controls for circulating hot water system pumps shall include a timer clock switch operating pumps based on time of day/night. Controls shall also include a return water temperature sensor switch to pause the re-circulating pump whenever the return water is hot.

Section R403.6.3, Testing, is repealed in its entirety.

Section R404, ELECTRICAL POWER AND LIGHTING SYSTEMS, is repealed in its entirety.

Table R406.5, Maximum energy Rating Index, is amended as follows:

TABLE R406.5
MAXIMUM ENERGY RATING INDEX

CLIMATE ZONE	ENERGY RATING INDEX
0-1	52
2	59 [~~52~~]
3	51
4	54
5	55
6	54
7	53
8	53

SECTION R409, PHOTOVOLTAIC (PV) CAPABLE, and Section R409.1, Electrical service reserved space, are added as follows:

SECTION R409
PHOTOVOLTAIC (PV) CAPABLE

This section applies to detached one- and two-family dwellings and townhouses three stories or less in height above grade plane.

R409.1 Electrical service reserve space. The main electrical service panel shall have a reserved space to allow installation of a dual pole circuit breaker for future solar electric installation and shall be labeled "For Future Solar Electric." The reserved space shall be positioned at the opposite (load) end from the input feeder location or main circuit location.

SECTION R410, ELECTRIC VEHICLE (EV) READY, and Section R410.1, Electric vehicle ready, are added as follows:

SECTION R410
ELECTRIC VEHICLE (EV) READY

This section applies to detached one- and two-family dwellings and townhouses three stories or less in height above grade plane.

R410.1 Electric vehicle ready. One- and two- family dwellings, townhouses three stories or less with a garage shall have a dedicated 40amp/240volt single receptacle for EV use.

Exception: Properties without a garage.

Section R501.6, Historic buildings, is amended to read as follows:

R501.6 Historic buildings. Provisions of this code relating to the construction, *repair, alteration*, restoration, and movement of structures, and change of occupancy shall not be mandatory for *historic buildings*. [~~provided that a report has been submitted to the code official and signed by the owner, a registered design professional, or a representative of the State Historic Preservation Office or the historic preservation authority having jurisdiction, demonstrating that compliance with that provision would threaten, degrade, or destroy the historic form, fabric, or function of the building.~~]

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Secs. 10-93—10-95. Reserved.

ARTICLE XI. SWIMMING POOL AND SPA CODE

Sec. 10-96. Adoption of *International Swimming Pool and Spa Code* 2024.

The 2024 edition of the *International Swimming Pool and Spa Code*, promulgated by the International Code Council, hereby adopted, and incorporated in this article by reference as if fully set forth, except as it is amended by the following provisions of section 10-97. Provisions of this article are in addition to the provisions of the *International Pool and Spa Code*. The following provisions coinciding with the provisions of the *International Pool and Spa Code* supersede, repeal, or delete, when indicated, the corresponding provisions of the *International Pool and Spa Code*.

All references within the model code to any building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building, or swimming pool code shall be construed to be a reference to the respective building, electrical, fuel gas, mechanical, plumbing, energy conservation, existing building or swimming pool code specifically adopted by reference in articles II through XIV of this chapter.

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-97. Amendments to the adopted chapters of the *International Swimming Pool and Spa Code* 2024.

Additions to the *International Swimming Pool and Spa Code* (ISPSC) are shown as underlined text. Deletions to the ISPSC are shown as bracketed [~~strikethroughs~~].

Section 102.9, Other laws, is amended to read as follows:

102.9 Other laws. The provisions of this code shall not be deemed to nullify any provisions of local, state, or federal law, nor shall any conflicts with state law this code supersede any state law, to include but not limited to;

1. Texas Department of State Health Services (TDSHS); Standards for Public Pools and Spas; 2865. 181 through § 2865.20811, (TDSHS rules do not apply to pools located on one- and two-family dwellings or townhouses lots).
2. Texas Department of Licensing and Regulation (TDLR); 2012 Texas Accessibility Standards (TAS), TAS provide the scoping and technical requirements

for accessibility for Swimming Pool, wading pools and spas and shall comply with 2012 TAS, Section 242. TAS rules do not apply to pools serving one- and two-family dwellings or townhouses).

3. City of San Antonio City Code Section 34-273(11), *Pool construction requirements on or after May 1, 2013*.

4. Texas Health and Safety Code; Title 9. Safety, Subtitle A. Public Safety, Chapter 757. Pool Yard Enclosures.

Exception: Elements regulated under Texas Department of Licensing and Regulation TDLR) and built-in accordance with TDLR approved plans, including any variances or waivers granted by the TDLR, shall be deemed to be in compliance with the requirements of this Chapter.

PART 2- ADMINISTRATION AND ENFORCEMENT, including Sections 103, 104, 105, 106 107, 108, 109, 110, 111, 112, 113, and 114, is deleted in its entirety.

Section 202 Definitions is amended by adding the definition for the San Antonio Metropolitan Health District.

SAN ANTONIO METROPOLITAN HEALTH DISTRICT regulates the operation of public pools. Routine inspections on pools and spas open to the public are conducted to document compliance with the standards set forth in State Law.

Section 302.4, Concealed piping inspection, is amended as follows:

302.4 Concealed piping inspection. Piping, including process piping, that is installed in trenches, shall be [~~inspected~~] tested at 25 psi for 15 min prior to backfilling.

SECTION 305, BARRIER REQUIREMENTS, is amended by amending 305.1, General, and 305.1.1, Construction fencing required and 305.2, Outdoor swimming pools and spas, to read as follows:

Section 305.1 General. The provisions of this section shall apply to the design of barriers for restricting entry into areas having pools and spas. In one -and two-family dwellings and townhouses, where spas or hot tubs are equipped with a lockable safety cover complying with ASTM F1346 and swimming pools are equipped with a powered safety cover that complies with ASTM F1346, the areas where those spas, hot tubs or pools are located shall not be required to comply with Sections 305.2 through 305.7.

305.1.1 Construction fencing required. The construction sites for in-ground swimming pools and spas shall be provided with construction fencing to surround the site from the time that any excavation occurs up to the time that the permanent barrier is completed. The [fencing] barrier shall be not less than [4] 3 feet ([~~1219~~] 914 mm) in height.

305.2 Outdoor swimming pools and spas. Outdoor pools and spas and indoor swimming pools shall be surrounded by a barrier that complies with Sections 305.2.1 through 305.7 and in accordance with the Texas Administrative Code, Texas Health, and Safety Code 757 for public pools.

Section 305.2.8, Chain link dimensions, is amended by adding Section 305.2.8.1, Chain link fencing prohibited, as follows:

Section 305.2.8.1 Chain link fencing prohibited. Chain link fencing is not permitted as a barrier in public pools built after January 1, 1994.

Section 305.4, Structure wall as a barrier, is amended as follows with all other code text to remain as written:

Section 305.4 Structure wall as a barrier. Where a wall [~~of a dwelling or structure~~] of a one- and two-family dwelling or townhouse or its accessory structure serves as part of the barrier and where doors, gates or windows provide direct access to the pool or spa through that wall, one of the following shall be required:

The wall of a building with windows in accordance with 2024 International Building Code, Section 1031 in Group R2 occupancies shall not be used as part of pool enclosure.

Other windows that are part of a pool yard enclosure shall be permanently closed and unable to be opened for public pools.

* * * * *

Section 305.6, Natural barriers, is amended by amending the title as follows with all other code text to remain as written:

Section 305.6 Natural barriers used in a one- and two-family dwelling or townhouse.

Section 306.2 Slip resistant, is amended as follows:

Section 306.2 Slip resistant. For other than residential pools and spas, [D]decks, ramps, coping, and similar step surfaces shall be slip resistant and cleanable. For residential pools and spas, decks, ramps and similar step surfaces shall be slip resistant and cleanable. [~~Where surfaces are evaluated for slip resistance, such surfaces shall have, when tested wet, a minimum pendulum slip rating classification of P4 if tested in accordance with SA AS4586 or a minimum Dynamic Coefficient of Friction (DCOF) of 0.42 if tested in accordance with ANSI A326. The design professional shall determine the appropriate classification and level of slip resistance necessary based on surface type, placement environment, and pedestrian traffic.~~] Special features in or on decks such as markers, brand insignias, and similar materials shall be slip resistant.

Section 307.1.5, Accessibility, is amended to add the Exception to read as follows:

Section 307.1.5 Accessibility. An accessible route to public pools and spas shall be provided in accordance with the International Building Code. Accessibility within public pools and spas shall be provided as required by the accessible recreational facilities provisions of the International Building Code. Pool and spa lifts providing an accessible means of entry into the water shall be listed and labeled in accordance with UL 60335-2-1000 and be installed in accordance with ICC A117.1 and NFPA 70.

Exception: Components of projects regulated by and registered with Architectural Barriers Division of Texas Department of Licensing and Regulation shall be deemed to be in compliance with the requirements of this chapter.

Section 311.1, General, is amended by adding the following:

Section 311.1 General. Suction entrapment avoidance for pools and spas shall be provided in accordance with APSP 7 (ANSI/PHTA/ICC7) or for public swimming pools in accordance with State of Texas Rules for Public Swimming Pools and Spas, Title 25 TAC Chapter 265 Subchapter L, Rule §265.190.

Section 321.1, Backwash water or draining water, is amended as follows:

Section 321.1 Backwash water or draining water. For public pools, backwash water [~~and draining water~~] shall be discharged to the sanitary [~~or storm~~] sewer, or into an *approved* disposal system on the premise, or shall be disposed of by other means approved by the state or local authority. Direct connections shall not be made between the end of the backwash line and the disposal system. Drains shall discharge through an air gap.

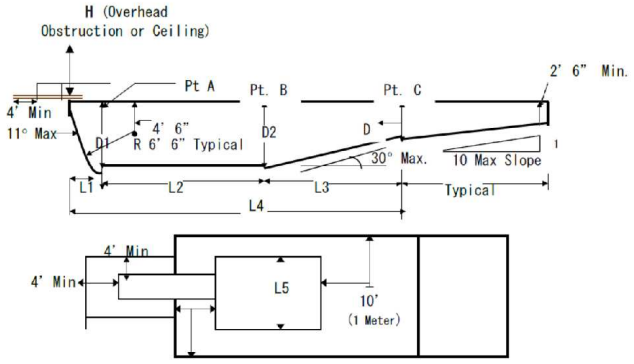
Section 402.12, Water envelopes, is amended to delete Table 402.12 and Figure 402.12, add Figure 25 TAC 265.186(e)(6) and to read as follows:

Section 402.12 Water envelopes. The minimum diving water envelopes shall be in accordance with [~~Table 402.12~~] Texas Department of State Health Services, Administrative Code Title 25, Chapter 265, Section186 (e) and Figure: 25 TAC 256.186 (e) (6).

Add Figure 25 TAC 265.186(e)(6):

ADD: Figure 25 TAC § 265.186(e)(6):

Maximum Diving Board Height Over Water	**¾ Meter**	**1 Meter**	**3 Meters**
Max. Diving Board Length	12 ft.	16 ft.	16 ft.
Minimum Diving Board Overhang	2 ft. 6 in.	5 ft.	5 ft.
D1 Minimum	8 ft. 6 in.	11 ft. 2 in.	12 ft. 2 in.
D2 Minimum	9 ft.	10 ft. 10 in.	11 ft. 10 in.
D3 Minimum	4 ft.	6 ft.	6 ft.
L1 Minimum	4 ft.	5 ft.	5 ft.
L2 Minimum	12 ft.	16 ft. 5 in.	19 ft. 9 in.
L3 Minimum	14 ft. 10 in.	13 ft. 2 in.	13 ft. 11 in.
L4 Minimum	30 ft. 10 in.	34 ft. 7 in.	38 ft. 8 in.
L5 Minimum	8 ft.	10 ft.	13 ft.
H Minimum	16 ft.	16 ft.	16 ft.
From Plummet to Pool Wall at Side	9 ft.	10 ft.	11 ft. 6 in.
From Plummet to Adjacent Plummet	10 ft.	10 ft.	10 ft.



Section 402.13, Ladders for diving equipment, is amended to remove the Exception as follows:

402.13 Ladders for diving equipment. Ladders shall be provided with two grab rails or two handrails. There shall be a uniform distance between ladder treads, with a 7-inch (178 mm) minimum distance and 12-inch (305 mm) maximum distance. Supports, platforms, steps, and ladders for diving equipment shall be designed to carry the anticipated loads. Steps and ladders shall be of corrosion-resistant material, easily cleanable and with slip-resistant tread.

~~Exception: The distance between treads for the top and bottom riser can vary but shall be not less than 7 inches (178 mm) and not greater than 12 inches (305 MM).~~

Section 411.2.1, Tread dimensions and area, is amended as follows:

Section 411.2.1 Tread dimensions and area. Treads shall have a minimum unobstructed horizontal depth (i.e., horizontal run) of 12 inches and a minimum width of 20 inches. [~~not be less than 24 inches (607mm) at the leading edge. Treads shall have an unobstructed surface area of not less than 240~~

~~square inches (154838mm2) and an unobstructed horizontal depth of not less than10 inches (254 mm) at the center line.~~]

Section 411.2.2, Risers, is amended as follows:

Section 411.2.2 Risers. Risers for steps shall have a maximum uniform height of 10 inches, with the bottom riser height allowed to taper to zero. [~~except for the bottom riser, shall have a uniform height of not greater than 12 inches (305 mm) measured at the center line. The bottom riser height is allowed to vary to the floor.~~]

Section 411.5.1, Swimouts, is amended by adding the following text to item 4 as follows:

Section 411.5.1 Swimouts. Swimouts, located in either the deep or shallow area of a pool, shall comply with all of the following:

4. The leading edge shall be visibly set apart and provided with a horizontal solid or broken stripe at least 1 inch wide on the top surface along the front leading edge of each step. This stripe shall be plainly visible to persons on the pool deck. The stripe shall be a contrasting color to the background on which it is applied, and the color shall be permanent in nature and shall be a slip-resistant surface.

Section 411.5.2, Underwater seats, and benches, is amended by adding the following text to item 5 as follows:

Section 411.5.2 Underwater seats and benches. Underwater seats and benches, whether used alone or in conjunction with pool stairs, shall comply with all of the following:

5. The leading edge shall be visibly set apart and provided with a horizontal solid or broken stripe at least 1 inch wide on the top surface along the front leading edge of each step. This stripe shall be plainly visible to persons on the pool deck. The stripe shall be a contrasting color to the background on which it is applied, and the color shall be permanent in nature and shall be a slip-resistant surface.

Section 412, Signage, is to be repealed in its entirety and replaced with Texas Department of State Health Services (TDSHS); Standards for Public Pools and Spas, 265. 181 through § 265.211 requirements for signage.

SECTION 603, MARKINGS, AND INDICATORS, is amended by repealing Section 603.2, Class D-2 pools, and replacing with 603.2, Class A and B pools, as follows:

Section 603.2 Class A and B pools. Class A and B pools over 5 feet deep: the transition point of the pool from the shallow area to the deep area of the pool shall be visually set apart with a 4-inch minimum width row of floor tile, a painted line, or similar means using a color contrasting with the bottom; and a rope and float line shall be provided between 1 foot and 2 feet on the shallow side of the 5-foot depth along and parallel to this depth from one side of the pool to the other side. The floats shall be spaced at not greater than 7-foot intervals; and the floats shall be secured so they will not slide or bunch up. The stretched float line shall be of sufficient size and strength to offer a good handhold and support loads normally imposed by users. If the owner or operator of the pool knows or should have known in the exercise of ordinary care that a rope or float is missing, broken, or defective, the problem shall be promptly remedied.

Section 609.9, Infant care, is amended to read as follows:

609.9 Infant Care. Baby-changing tables shall be provided in toilet facilities [~~having two or more water closets~~].

Section 610.5.1, Uniform height of 9 inches, is amended to read as follows:

Section 610.5.1 Uniform height of [9]10 inches. Except for the bottom riser, risers at the centerline shall have a maximum uniform height of [~~9~~] 10 inches ([~~229~~] 254 mm). The bottom riser height shall be permitted to vary from the other risers.

Section 804.1, General, is amended as follows:

Section 804.1 General. The minimum diving water envelopes shall be in accordance with Table 804.1 and Figure 804.1, or the manufacturer's specifications, whichever is greater. Negative construction tolerances shall not be applied to the dimensions of the minimum diving water envelopes given in Table 804.1.

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Secs. 10-98—10-100. Reserved.

ARTICLE XII. FIRE PREVENTION

Sec. 10-101. Fire prevention.

See Chapter 11 of this Code.

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Secs. 10-102—10-110. Reserved.

ARTICLE XIII. LICENSING AND REGISTRATION

Sec. 10-111. Billboard operator license.

(a) *License required.* All persons engaging in the business of erecting, painting, servicing or maintaining billboards or any other off-premises advertising sign shall, for the purposes of this chapter, be considered billboard operators and must be licensed to do business per sections 10-111 and 10-116. A license holder supplying his license for a firm or corporation doing business under this chapter shall not supply his license to a second firm or corporation. Any permit issued to the license holder shall be for work being done by the license holder and his firm or corporation. The licensing requirement shall not be applicable to employees or subcontractors performing work under the supervision of the licensed billboard operator.

(b) *Examination required, application.* Before a billboard operator license may be issued, each person seeking such a license shall take an examination and file an application for the examination with the building official.

(c) *Qualifications.* Prior to taking the examination required by this chapter, each applicant shall demonstrate to the building official an ability to read and write English and show proof of at least four (4) years practical experience at the trade working under a billboard operator. The applicant shall also submit to the building official an affidavit, duly sworn, setting forth his experience. Proof of the applicant's experience shall be included with the affidavit.

(d) *Examination fee; test score; issuance of license.* Examinations are administered by an approved third party, and the associated examination fees are paid directly to the approved third party by the applicant. After the building official has approved the application, the applicant has passed the required examination, and the applicant has paid the license fee in accordance with the city approved fee schedule, the building official shall issue the applicant a billboard operator license.

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-112. Commercial sign operator license.

(a) *License required.* Any person engaged in the business of erecting, painting, maintaining, or servicing commercial signs must be licensed as a commercial sign operator by the city per sections 10-112 and 10-116.

(b) *Examination required, application.* Before a billboard operator's license may be issued, each person seeking such a license shall take an examination and file an application for the examination with the building official.

(c) *Qualifications.* Prior to taking the examination required by this chapter, each applicant shall demonstrate to the building official an ability to read and write English, and show proof of at least two (2) years of experience in commercial sign installation working under a licensed commercial sign operator, or a licensed commercial sign operator from another city provided that the licensing qualifications and examinations are similar in design and quality to that of the city as determined by the building official, or can show proof of at least four (4) years of experience in commercial sign installation,

provided the verification of experience shall be provided to the building official in a manner established by written policy. The applicant shall also submit to the building official an affidavit, duly sworn, setting forth his experience. Proof of the applicant's experience shall be included with the affidavit.

(d) *Examination fee; test score; issuance of license.* Examinations are administered by an approved third party, and the associated examination fees are paid directly to the approved third party by the applicant. After the building official has approved the application, the applicant has passed the 2018 International Building-Related Codes required examination, and the applicant has paid the license fee in accordance with the city approved fee schedule, the building official shall issue the applicant a commercial sign operator license.
(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-113. City electrical contractors and electrical sign contractors, installers, maintenance electricians; licenses and registrations.

(a) *Effect of state licensing.* Upon the state's enforcement of House Bill 1487, passed by the 78th session of the Texas Legislature that established the state licensing of electricians, the city no longer licenses electricians through testing administered by the city.

Exception: The building official will continue to renew those electrical licenses issued prior to the state's electrical license program. All provisions and regulations of this chapter shall apply to licenses issued by the city and/or the state.

(b) *State licensed electrical contractors and electrical sign contractors, registration.* State licensed electrical contractors and electrical sign contractors shall register with the city before performing any electrical work or electrical sign work regulated by this chapter, chapter 10-116 and/or chapter 28, Signs, and billboards.

(c) *General liability and completed operation insurance.*

(1) A licensed contractor shall furnish the name of the insurance carrier, policy number, name, address, and telephone number of the insurance agent with whom the contractor is insured to the building official or to any customer who requests it. An electrical contractor, electrical sign contractor, or the holder of an annual electrical maintenance permit must continuously maintain on file with the building official in a form of a certificate addressed to the city showing the above referenced persons carrying the following types and amounts of insurance:

a. The insurance must be at least three hundred thusand dollars ($300,000.00) per occurrence (combines for property damage and bodily injury).

1. Be at least six hundred thousand dollars ($600,000.00) aggregate (total amount the policy will pay for property damage and bodily injury coverage); and

2. Be at least three hundred thousand dollars ($300,000.00) aggregate for products and completed operations.

b. The holder of any contractor's license is responsible for providing evidence of a new or renewal policy of any required insurance coverage upon termination or renewal of any policy.

c. Any insurance certificate required by this Code must be written through a company licensed to issue the insurance in the state and the insurance may be approved by office of the city attorney.

(d) *City classifications of licenses and registrations.* The following are the classifications of city licenses and registrations regulated by this Code:

(1) *Licenses:*

a. Electrical contractor.

b. Electrical sign contractor.

c. Master electrician.

d. Master sign electrician.

e. Journeyman electrician.

(2) *Registrations:*

a. Electrical maintenance technician.

(e) *City licenses, registration cards and certificates.*

(1) A registration card, bearing the building official's signature, shall be issued to each person receiving a city registration or license.

(2) Each such registration card shall expire at midnight of the renewal date. A new card shall be issued provided that the registration or license holder has complied with the regulations of this Code pertaining to renewals.

(3) Each registration certificate or card, when issued to an electrical contractor, electrical sign contractor shall be issued to a person and registered in the name of the firm by which the person is employed. The firm shall be known as the holder of such registration certificate or card and shall notify the code official if the licensee is no longer in its employment. No further permits will be issued to the firm based upon the previous license holder's name who is no longer employed by the firm.

(4) It shall be a violation of this Code for any person to alter or amend in any manner, lend, rent, or transfer a registration certificate or card, and for any person to make use of any such rights for which the person is not registered or licensed.

(5) Each electrical contractor, electrical sign contractor, or residential appliance installation contractor shall display the registration certificate in a conspicuous place in the firm's place of business. Each holder of a registration card shall carry the registration card on his person at all times while performing electrical work, electrical sign work or residential appliance installation covered by this Code and shall present it to the building official upon demand.

(f) *License expiration, renewal, and continuing education.* A license may be renewed at any time within thirty (30) days before the expiration date, unless such license has been revoked or canceled by the building official. Applicants shall show proof of having satisfactorily completed an accredited four-hour code study course, approved by the building official, for each year of renewal within the twenty-four (24) months immediately preceding such renewal. All electrical and sign licenses shall expire at midnight on the anniversary date of their issuance and shall be subject to renewal for a two-year period of time.

(g) *License prerequisite to issuance of permit.* A permit for electrical work or electrical sign work shall not be issued to any person unless such person is the holder of a license to perform the class of work described in such permit as provided in this chapter. An annual electrical maintenance permit required by this chapter shall not be issued unless the owner of the property provides evidence that the maintenance work will be performed by individuals qualified in accordance with subsection 10-6(c) of this chapter.

(h) *Electrical contractors, electrical sign contractors; responsibilities.*

(1) Every electrical or electrical sign contractor, before engaging in electrical or electrical sign work, must procure a master electrician or master electrician sign license for the conduct of such work. Electrical work is regulated by this Code. Electrical sign work is regulated by chapter 28, Signs, and billboards.

a. Electrical contractor work shall not include the manufacture of any sign regulated by this Code or chapter 28.

b. Electrical sign contractor work shall not include the extensions of, or additions to, an existing branch circuit.

(2) A licensed contractor shall display its name and license number on both sides of each vehicle owned or operated by the business and used in the conduct of his

work. Lettering shall be of a contrasting color and at least two (2) inches in height.

a. An electrical contractor's license number shall be preceded by the letters "EM" or "TECL" depending on whether the business is operating under a local license or state license.

b. An electrical sign contractor's license number shall be preceded by the letters "SM" "TSCL" for city licenses or state licenses respectively.

(3) All of a contractor's non-exempt work shall be performed by licensed or registered individuals. A contractor is responsible for compliance with applicable codes for all such work performed on its behalf.

(4) The licensed contractor's name, address, phone number, and license number shall appear on all proposals, invoices, and written contracts proposed by the contractor. The following information: "Regulated by The Texas Department of Licensing and Regulation, P.O. Box 12157, Austin, Texas 78711, 1-800-803-9202, 512-463-6599; website: www.tdlr.texas.gov shall be listed on all proposals, invoices, and written contracts.

(5) A licensed contractor shall maintain employee records and records of all work performed on its behalf for a period of four (4) years after completion of the work and shall make those records available to the code official at the contractor's place of business during normal business hours for inspection and copying.

(6) A licensed contractor and its designated master electrician are responsible for supervision of all licensees or registered persons performing work on behalf of the contractor to assure compliance with applicable statutes and rules and, in particular, standards of conduct set out in these rules.

(i) *Master electrician and master sign electrician.*

(1) *Responsibility.* The master electrician of record shall be liable and responsible for the layout and technical supervision of any work that requires the securing of a permit under the master's license. Failure of the master to properly provide for the supervision and control of work being performed on behalf of the business may cause the work being performed under permit to be discontinued by the building official.

(2) *Limitation on multiple business affiliations.* Any master electrician or master sign electrician affiliated with a business as herein provided shall not engage in the operation of a second electrical or electrical sign business, under the provisions of this Code, unless it is under the same name and insurance of the first business. Any permit issued to a business must be for work being done by that business. Any master electrician or master sign electrician obtaining permits for any person, business or entity will be notified to appear before the building official for consideration of a complaint.

(j) *Supervision of licensees.*

(1) *Journeyman electrician and journeyman sign electrician.* A journeyman electrician shall perform electrical or electrical sign work under the general supervision of a master electrician or master sign electrician on behalf of an electrical or electrical sign contractor.

(2) *Residential wireman.* A residential wireman shall perform electrical work only as defined by section 10-25 under the general supervision of a master electrician.

(3) *Electrical apprentice.* Electrical apprentices shall be supervised by a licensed individual other than an electrical apprentice. Continuous supervision of an electrical apprentice is not required; however, the supervising licensee must

by onsite and is responsible for supervising, reviewing and inspecting all work performed by the electrical apprentices to ensure compliance with any applicable codes and standards. The maximum number of apprentices that may be supervised by an individual master electrician, journeyman electrician or journeyman sign electrician on an individual job site is eight (8). The maximum number of apprentices performing work defined in section 10-25 that may be supervised by an individual Residential Wireman on an individual job site is four (4).

(k) *Electrical maintenance technician; performance of work.* A maintenance electrician may perform all of the work under the annual electrical maintenance permit permitted by subsection 10-6(c). A registered electrical maintenance technician may perform all of the work permitted by subsection 10-6(c) but may not perform work involving voltages or amperages that exceed the limits described in subsections 10-6(c)(2) a.—f.
(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-114. City mechanical licenses.

(a) *Licensing and registration.* Along with section 10-116, any person performing any form of mechanical work in the city shall have in his possession a valid and authenticated mechanical license issued by the building official or a valid mechanical license issued by the state, except as otherwise provided under subsection 10-114(g) or as exempted under federal or state law. The city no longer licenses mechanical contractors through testing administered by the city.

Exception: The building official will continue to renew those mechanical licenses based on completing continued education program.

(b) *General liability insurance.*

(1) A city mechanical licensed contractor shall furnish the name of the insurance carrier, policy number, name, address, and telephone number of the insurance agent with whom the contractor is insured to the building official and to any customer who requests it.

(2) City licensed mechanical contractors must continuously maintain on file with the building official in a form of a certificate addressed to the city showing the above referenced persons carrying the following types and amounts of insurance.

a. The insurance must be at least three hundred thousand dollars ($300,000.00) per occurrence (combined for property damage and bodily injury);

b. Be at least six hundred thousand dollars ($600,000.00) aggregate (total amount the policy will pay for property damage and bodily injury coverage); and

c. Be at least three hundred thousand dollars ($300,000.00) aggregate for products and completed operations.

(3) The holder of any city contractor's license is responsible for providing evidence of a new or renewal policy of any required insurance coverage upon termination or renewal of any policy.

(4) Any insurance certificate required by this Code must be written through a company licensed to issue the insurance in the state and the insurance may be approved by office of the city attorney.

(5) Insurance amount requirements for State issued Air Conditioning and Refrigeration Licenses class A or B of any endorsement shall be regulated by the Texas Department of Licensing and Regulation (TDLR) section 75.40 of the Administrative Rules

(c) *City classifications of licenses and registrations.* The following are the classifications of city licenses and registrations regulated by this Code. Any person whose license was destroyed or lost may obtain a duplicate license upon payment of the fee set forth in the fee schedule adopted by the city.

(1) *Licenses:*

a. Master mechanical contractor license.

b. Journeymen mechanical license.

(d) *City license cards.*

(1) A registration card, bearing the building official's signature, shall be issued to each person receiving a city registration or license.

(2) All city licenses shall expire on December 31 of each year. Licenses shall be renewed prior to the expiration date. Each person holding a valid mechanical license shall renew same in sufficient time to have the license renewal form returned to the development services department with the appropriate renewal fee prior to license expiration date. Any person who does not renew his license prior to expiration date has the right to appeal to the building-related and fire codes appeals and advisory board.

(3) Each card, when issued to a mechanical contractor, shall be issued to a person, and registered in the name of the firm by which the person is employed. The firm shall be known as the holder of such registration certificate or card and shall notify the code official if the licensee is no longer in its employment. No further permits will be issued to the firm based upon the previous license holder's name who is no longer employed by the firm.

(4) It shall be a violation of this Code for any person to alter or amend in any manner, lend, rent, or transfer a registration certificate or card, and for any person to make use of any such rights for which the person is not registered or licensed.

(5) Each holder of a city issued card shall carry the registration card on his person at all times while performing mechanical work covered by this Code and shall present it to the building official upon demand.

(e) *Continuing education requirements for mechanical contractors, license expiration, and renewal.* A license may be renewed at any time within thirty (30) days before the expiration date, unless such license has been revoked or canceled by the building official. Applicants shall show proof of having satisfactorily completed the required continuing education as follows:

(1) Mechanical contractors licensed by the state must maintain the required amount of continuing education mandated by state law in order to perform work in the city.

(2) Mechanical contractors licensed by the city will be required to attend eight (8) hours of continuing education annually.

a. This training is mandatory for maintenance of city license.

b. Training curriculum will be established by the building official, will be in accordance with state law and will be reviewed by the board annually.

c. Annual training will be conducted by the development services department.

d. A licensee may not receive continuing education credit for attending the same course more than once.

e. A fee, established by ordinance in the development services department fee schedule, shall be paid by the licensee for each course.

(f) *Certain acts prohibited.* In addition to other provisions of this Code, it shall be unlawful for any person to do any of the following acts:

(1) To display, cause or permit to be displayed or to have in one's possession any instrument purporting to be licensed for the doing of any mechanical work, knowing such instrument to be fictitious or to have canceled, revoked suspended or altered;

(2) To lend or knowingly permit the use of any license for the doing of any mechanical work to any person not entitled thereto, under the provisions of this chapter;

(3) To display or represent as one's own a license for the doing of any mechanical work when such license has not been lawfully issued to the person so displaying the same;

(4) To fail or refuse to surrender to the building official on demand any license for the doing of any mechanical work, which has been suspended, canceled or revoked as provided for in this chapter;

(5) To apply for or have in one's possession more than one (1) current license of the same type provided for in this chapter;

(6) To use a false or fictitious name or give a false or fictitious address in any application for any license provided for in this chapter, or any renewal or duplicate thereof, or knowingly make a false statement or knowingly conceal a material fact or otherwise commit fraud in making any such application;

(7) To employ as a master or technician in mechanical work any person not licensed as provided in this chapter;

(8) To perform any character of mechanical work for which a license is required by this chapter while such license is suspended, canceled or revoked.

(g) *Master mechanical contractor limitations on multiple business affiliations.* Any master mechanical contractor affiliated with a business as herein provided shall not engage in the operation of a second mechanical contracting business, under the provisions of this Code, unless it is under the same name and insurance of the first business. Any permit issued to a business must be for work being done by that business. Any master mechanical contractor obtaining permits for any person, business or entity will be notified to appear before the building official for consideration of a complaint.

(h) *Journeymen mechanical; performance of work; supervision and ratio.* A mechanical journeymen shall perform mechanical work under the general supervision of a master mechanical contractor. A journeymen shall directly supervise the work of a mechanical apprentice provided that a ratio of eight (8) apprentices to one (1) journeyman is not exceeded.

(i) *Development services inspection supervisor.* The mechanical inspections supervisor of the development services department shall also serve as the master of record for mechanical work performed by city employed mechanical workers. (Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-115. Residential building and home improvement contractor registrations.

(a) *Registration.* Any person performing any form of residential construction or home improvement work in the city shall be working under a contractor registered per sections 10-115 and 10-116 with a valid and authenticated home builder registration card issued by the building official in their possession.

Exceptions:

(1) Any person who will own a detached single-family dwelling for a period of twelve (12) months after completion of the building permit and final inspection for the single-family dwelling or accessory building thereto.

(2) Building trade subcontractors who are performing work for the residential building contractor are not required to be registered under this section (e.g., framing subcontractor, flooring subcontractor, drywall subcontractor, painting subcontractor, etc.).

(3) Any person who will repair, replace, or modify non-structural building components to an existing residential detached accessory structure not exceeding three hundred (300) square feet.

(b) *General liability and insurance.*

(1) A registered contractor shall furnish and present the name of the insurance carrier, policy number, name, address, and telephone number of the insurance agent with whom the contractor is insured to the building official or to any customer upon request.

(2) City registered homebuilder contractors must maintain insurance of the following types and amounts:

a. The insurance must be at least five hundred thousand dollars

($500,000.00) per occurrence (combined for property damage and bodily injury);

b. Be at least one million dollars ($1,000,000.00) aggregate (total amount the policy will pay for property damage and bodily injury coverage);

c. Be at least five hundred thousand ($500,000.00) aggregate for products and completed operations; and

d. The City of San Antonio must be listed as certificate holder on the certificate of liability insurance.

(3) City registered home improvement contractors must maintain insurance of the following types and amounts:

a. The insurance must be at least three hundred thousand dollars ($300,000.00) per occurrence (combined for property damage and bodily injury);

b. Be at least six hundred thousand dollars ($600,000.00) aggregate (total amount the policy will pay for property damage and bodily injury coverage);

c. Be at least three hundred thousand dollars ($300,000.00) aggregate for products and completed operations; and

d. The City of San Antonio must be listed as certificate holder on the certificate of liability insurance.

(4) The holder of any city contractor's registration is responsible for providing evidence of a new or renewal policy of any required insurance coverage upon termination or renewal of any policy.

(5) Any insurance certificate required by this Code must be written through a company licensed to issue the insurance in the state and the insurance may be approved by office of the city attorney.

(c) *Responsibilities.* A registered residential building contractor shall be responsible for exercising such supervision and control of his operations as is necessary to secure full compliance with the provisions of the adopted International Residential Code (IRC) and other applicable laws of the city, state, and United States.

(d) *Penalties.* A violation of this section shall constitute a Class C misdemeanor offense with a fine not to exceed five hundred dollars ($500.00) per violation. Each day or portion thereof out of compliance with the registration requirements set above shall constitute a separate offense.

(e) *Application procedures; requirements.*

(1) An applicant for an original registration or renewal must submit an application to the building official on a form established by the department. Each applicant must fully disclose in the application whether the applicant has:

a. Entered a plea of guilty or nolo contendre (no contest) to:

1. Any felony charge, or

2. A misdemeanor involving moral turpitude.

b. Been convicted of:

1. A felony, or

2. A misdemeanor involving moral turpitude and the time for appeal has elapsed or the conviction has been affirmed on appeal.

c. Entered a plea of guilty or nolo contendre (no contest) or been convicted of:

1. Any felony, or

2. Misdemeanor arising out of a violation of the building code or local amendments thereto in the state whether or not said violation involves moral turpitude.

d. Lost or is suspended from residential building contractor privileges in any jurisdiction in the state. A failure to

disclose under subsection 10-115(e)(1) shall be sufficient grounds to deny the application.

(2) The building official shall have the right to investigate and examine the qualifications and fitness of an applicant.

a. Upon receipt of an application, the building official shall conduct a criminal background check on the applicant or any person responsible for the application. The applicant will submit to the building official an officially sealed criminal history record information maintained by the department of Federal Bureau of Investigation or other methods as approved by building official.

b. For home builder registrations only, one agent affiliated with the contractor must obtain a Residential ICC Certification or other certifications and/or credentials approved by the building official; or the company has a minimum of five (5) years of continued registration with no violations per section 10-115(j), suspensions, or revocation. A new or renewed registration issued before January 1, 2024, that does not meet either of these requirements will be under probation. The probation will be lifted once requirements are met or the registration canceled on January 1, 2024.

(3) A person may not be issued a registration unless the person:

a. Is at least eighteen (18) years of age; and

b. Is a United States citizen or a lawfully admitted alien; and

c. The building official is satisfied with the person's honesty, integrity, and trustworthiness based on information supplied and discovered in connection with the application.

Commentary: Full disclosure includes an interest in, or ownership of any entity engaged in the residential building contractor business that has lost or been suspended from residential building constructor privileges.

(f) *Duties and powers of building official.*

(1) There is hereby vested in the building official the duty of examining the applications for contractor registrations, including the issuance, reissuance, renewal, suspension, or cancellation of such registration.

(2) The building official shall establish procedures consistent with this Code for the issuance of registrations for residential contractors.

(3) The building official shall have the duty to keep all registration application records. The building official shall further have the power and duty to adopt, amend, or repeal rules and regulations consistent with the provisions of this section as may be necessary for the proper administration and enforcement hereof.

(g) *Appealing a denial of registration.*

(1) If either an original or renewal registration is denied, the building official shall furnish the applicant a written statement setting forth the grounds for the refusal within ten (10) working days. Such statement shall be by certified mail, return receipt requested, to the mailing address provided in the application unless the applicant is present to receive and acknowledge in writing receipt of such letter. The applicant or their representative shall then have fifteen (15) working days from receipt of notice to appeal the building official's decision in accordance with section 10-14 of this chapter.

(2) Nothing in this section shall be interpreted as to deny a subsequent application at the expiration of one (1) year from denial of initial registration.

(h) *Fees; registration period.* The application fee for contractor registration shall be as set forth in this section.

(1) A home builder registration fee of one hundred seventy dollars ($170.00) is

required and said registration shall be valid for a period of two (2) years. The registration holder shall be required to re-register every two-year period of time and pay a fee of one hundred seventy dollars ($170.00) for each two-year period of time to maintain registration.

(2) A home improvement registration fee of one hundred fifty dollars ($150.00) is required and said registration shall be valid for a period of two (2) years. The registration holder shall be required to re-register every two-year period of time and pay a fee of one hundred fifty dollars ($150.00) for each two-year period of time to maintain registration.

(i) *Contractor limitations on multiple business affiliations.* Any contractor affiliated with a business as herein provided shall not engage in the operation of a second contracting business, under the provisions of this Code, unless it is under the same name and insurance of the first business. Any permit issued to a business must be for work being done by that business. Any contractor obtaining permits for any person, business or entity will be notified to appear before the building official for consideration of a complaint.
(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-116. City registration, and insurance required

(a) *Application procedures; requirements.*

(1) An applicant for an original registration or renewal must submit an application to the building official on a form established by the department.

(2) The building official shall have the right to investigate and examine the qualifications and fitness of an applicant.

(b) *City registration cards.*

(1) A registration card, bearing the building official's signature, shall be issued to each person receiving a city registration.

(2) Registrations shall be renewed prior to the expiration date. Each person holding a valid registration shall renew same in sufficient time to have the renewal form returned to the development services department with the appropriate renewal fee prior the expiration date. All city registrations shall expire two (2) years after issuance. Registrations shall be renewed prior to expiration date. Each person holding a valid registration shall renew same in sufficient time to have the renewal form and insurance information returned to the department with the appropriate renewal fee prior to registration expiration date.

(3) Each registration card, when issued to a contractor, shall be issued to a person, and registered in the name of the firm by which the person is employed. The firm shall be known as the holder of such registration and shall notify the code official if the registration holder is no longer in its employment. No further permits will be issued to the firm based upon the previous registration holder's name who is no longer employed by the firm.

(4) It shall be a violation of this Code for any person to alter or amend in any manner, lend, rent, or transfer a registration card, and for any person to make use of any such rights for which the person is not registered.

(5) Each holder of a city issued registration card shall carry the registration card on his person at all times while performing construction work covered by this Code and shall present it to the building official upon demand.

(c) *Registrations or city licenses not transferable.* No registration, or city license shall be transferred, and no holder of any registration shall allow his name or registration to be used by any other person, either for the purpose of performing construction work or obtaining a permit under the penalty of forfeiture of registration and payment of fines

(d) *Continuation of the business upon death, disability, or termination of the business's master.* Upon the death, disability or termination of a registered contractor, such business will be allowed to complete existing work for which permits had been obtained prior to the severance of such registered holder provided insurance is posted, if applicable, and sufficient evidence is submitted to and approved by the building official as to the ability of the business to complete the work in accordance with the requirements of this chapter. Monthly approval may be granted by the building official for a period not to exceed six (6) months. On or before the expiration of such period the business shall associate a registered contractor of the appropriate classification or cease operations.

(e) *Qualifications of contractors.* It shall be a violation of this chapter for a person who does not hold a license to engage in electrical, mechanical, plumbing, home builder, home improvement, demolition, house mover, billboard operator, commercial sign operator and/or electrical sign construction for which a permit is required, or to undertake to execute such construction or to cause the undertaking of such construction.

(f) *Documentation.* The building official shall adopt rules regarding the form of documentation that will be accepted as proof of compliance with any experience, verification of registration status, or other pertinent information the building official feels is relevant for inclusion.

(g) *Record of issuance.* The building official shall maintain a record that is available to the general public of all registrations issued pursuant to this chapter.

(h) *Misrepresentation.* It shall be a violation of this chapter for any person to represent themselves with any class of license or registration set forth in this Code or to use the words "electrical contractor," "master electrician," "master sign electrician," "electrician," "mechanical contractor," "master mechanical contractor," "master HVAC contractor," "master plumber," "responsible master plumber," "building contractor," "homebuilder," homebuilder contractor, "home improvement contractor" or words of similar import or meaning on signs, business cards, stationery, or by any other manner whatsoever, unless such person is properly registered/licensed within the meaning of the word used as provided in this chapter.

(i) *Change of name.* Upon payment of the fee set by ordinance, posting of any necessary bonds and compliance with any other requirements of this chapter, the holder of a valid license may apply to the building official for a change on the name of a registration or license.

(j) *Communication, ready access, and vehicle identification.*

(1) *Means of communication.* Every registered contractor must maintain a bona fide company address and telephone number to enable the building official to contact the contractor in case of a job discrepancy. Any person holding a registration and doing work in the city shall report to the building official any change of address and telephone number in order to allow the building official to maintain accurate registration records. Acceptable means for receiving communications include, but are not limited to, a person available at the place of business, an answering machine, voice mail, a pager, or a cellular telephone.

(2) *Registered contractor present for business.* The registered contractors are responsible for the general on the job or off the job oversight, direction and management of work and individuals performing work related to the registration type to fulfill the contractors responsibility to the client or employer. Registered contractors shall be present during construction related to that type of registration. "Present" shall mean: On site, in the office, or available to be reached during the times of 7:45 a.m. and 4:30 p.m. Central Standard time. Upon request of the building official, registered contractors shall make themselves available to meet on the job site.

(3) *Vehicle identification.* Any contractor engaged in erecting, installing, servicing,

or maintaining a billboard or any person engaged in mechanical, electrical, plumbing or building construction shall ensure that all vehicles required to be on the job are identified with the contractor/company name, city registration number or state license number if applicable. For contractors operating with local license numbers, the number should be prefixed with "EM", "SM" or "HM" and those operating with state licenses shall have the TECL, TSCL or shall have the appropriately identified with the prefixes designated by the state (TDLR). Lettering on the vehicle shall be at least two (2) inches high and shall be in full view and legible at all times.

(k) *Cancellation and suspension of city licenses and registration; appeals.* Any license or registration granted under this chapter may be canceled, revoked, or suspended by the building official if the holder of such license or registration violates provisions of this chapter or any ordinance of the city relating to electrical work.

(1) A contractor's certificate of registration or city license may be cancelled or suspended by the building official after a hearing before the building official if the registered contractor is convicted of any penal offense arising out of or related to the performance of a registered contract or the registered contractor suffers a judgment against them in a civil action predicated upon fraud in connection with the performance of a registered contract.

(2) The building official may also administratively cancel or suspend a certificate of registration or city license after a hearing before the building official for any one or more of the following reasons:

a. Conviction or entering a plea of guilty or nolo contendre (no contest) by the registered person or entity of:

i. A felony, or

ii. Misdemeanor involving moral turpitude.

b. Conviction or entering a plea of guilty or nolo contendre (no contest) in connection with a violation of any adopted technical construction code or amendments thereto in the state;

c. Making any false statement as to a material matter in an application for registration, renewal or hearing in connection with same;

d. Three (3) separate violations of this chapter, provided the violations occur within the previous twelve-month period;

e. Upon judicial determination of an abandonment or willful failure to perform any billboard operator, commercial sign operator, mechanical, electrical, plumbing or building contract or project in or undertaken by a registered contractor, or willful deviation from or disregard of plans or specifications in any material respect;

f. Upon judicial determination that the contractor knowingly made substantial misrepresentation on the part of the registered contractor in the procurement of a contract;

g. Upon judicial determination of fraud on the part of the registered contractor in the execution of or in the material alteration of any registered contract or mortgage promissory note or other document relating to the contract;

h. Upon judicial determination that the registered contractor knowingly prepared or accepted any mortgage, promissory note or other evidence of indebtedness pertaining to a billboard, commercial sign, mechanical, electrical, plumbing, or building transaction with knowledge that it recited a greater monetary obligation than the agreed consideration for the construction work;

i. With knowledge, the billboard, commercial sign, mechanical, electrical,

plumbing, or building contractor directly or indirectly published any advertisement relating to electrical construction which contains assertions, representations or statements which are false, deceptive or misleading;

j. Failure of the registered contractor to notify the building official of any change in the ownership, management, or business name;

k. Conducting a billboard, commercial sign, mechanical, electrical, plumbing, or building contractor business in any name other than the one registered;

l. Obtaining a billboard, commercial sign, mechanical, electrical, plumbing, or building permit for an unregistered contractor or for one whose registration has been suspended, cancelled or denied.

(3) The building official may take any of the following actions against the holder of the city license or certificate of registration:

a. No suspension.

b. Suspension for thirty (30) days.

c. Suspension for sixty (60) days.

d. Suspension for ninety (90) days.

e. Suspension for one hundred eighty (180) days.

f. Cancellation.

(4) The building official shall send the registered contractor a written notice of any administrative action to be taken against the registered contractor by certified mail, return receipt requested, at the last known mailing address. The notification shall give not less than ten (10) working days' notice of the hearing. The building official is authorized to conduct hearings for the purpose of making findings of fact to assist him in making his decision.

(5) A written decision to cancel or suspend a certificate of registration or city license shall be required and list the reasons for the building official's decision. This written decision shall be forwarded to the registered contractor by certified mail, return receipt requested to the registered contractor's last known address. This mailing may be waived provided that the registered contractor signs and acknowledges receipt of the written decision from the building official. The registered contractor shall then have twenty-one (21) days from receipt of this notice to appeal the building official's decision to the building-related and fire codes board of appeals. The decision of the building official shall be final after expiration of this time.

(6) *Board appellate process.*

a. A registered or city licensed contractor shall have the right to appeal the building official's decision in accordance with section 10-14 of this chapter.

b. A perfected appeal tolls the building official's decision to suspend or cancel the registration until the board renders its decision.

c. Neither the board nor the building official shall have any authority to suspend a registration for longer than one hundred eighty (180) days.

d. A cancellation shall prevent the registered contractor from pulling new permits for a period of at least one (1) year. For purposes of this section, a cancellation of a registration does not alleviate the registered contractor from performing current obligations or absolve them from liability under a contract. If approved by the building official, the registered contractor may perform currently permitted obligations while cancelled, the contractor shall not be subject to penalty for being unregistered. All other code provi-

sions are applicable. Upon the expiration of a one-year period, a contractor may apply for a new certificate of registration. No provision of this section shall be interpreted to mean that a new certificate of registration will be issued after a prior certificate of registration has been cancelled. A denied applicant for a new certificate of registration is required to wait one year before applying again. There shall be no limit on the number of times a denied applicant may reapply.

e. A suspension shall prevent the registered contractor from pulling new permits in the city for the suspension time period. A suspension of registration does not alleviate the registered contractor from performing currently permitted obligations under the registered contract. If approved by the building official, the contractor shall not be subject to penalty for operating while suspended when performing currently permitted obligations. However, all other code provisions apply. The board's decision to affirm or affirm as modified a suspension of a registration means that the suspension time begins the following working day.

(l) *Violations under this section.* The following list shall constitute a non-exclusive list of violations under this section. It is unlawful for any registered contractor to:

(1) Display or cause a permit to be displayed or to have in one's possession any instrument purporting to be a registration, city license, or state registration for doing any construction work, knowing it to be fictitious or to have been canceled, suspended or altered;

(2) Lend or permit the use of any registration for doing any construction work to any person not entitled to it;

(3) Allow any person to display or to represent as one's own city registration, city license or state license for any construction work when the registration, city license or state license has not been lawfully issued to the person displaying it;

(4) To fail or refuse to surrender to the building official on demand any registration or city license for the doing of any mechanical, electrical, plumbing or building work, which has been suspended, canceled or revoked as provided for in this chapter;

(5) To apply for or have in one's possession more than one current registration or city license of the same type provided for in this chapter;

(6) Use a false or fictitious name or address in any application for any registration or permit provided for in this chapter or any renewal or make a false statement or conceal a material fact or otherwise commit fraud in making any application;

(7) Perform any contractor work for which a registration, city license or state license is required without having the registration, city license or state license or while the registration, city license or state license is suspended, expired or canceled;

(8) Perform any work for which a permit is required without having the permit or after the permit has been canceled;

(9) Fail or refuse to make the necessary repair or changes for code violations as provided in a written notice issued by the building official. A reasonable amount of time shall be granted in the written notice taking into consideration the work to be completed and the circumstances. A separate violation is deemed to be committed each day after the expiration of the time for correction provided in the notice until the work is corrected;

(10) Permit any construction work covered by this section to be performed by any person not properly registered, while in control of premises covered by this section;

(11) Remove, break, change, destroy, tear, mutilate, cover or otherwise deface or injure any official notice or seal posted by the building official;

(12) Place or leave the property in such condition that it injures or endangers persons or property authorized to be on the construction site.

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-117. Irrigation systems and irrigators.

(a) *License required.* An irrigation contractor is required to hold a license issued under V.T.C.A., Water Code Ch. 37 and V.T.C.A., Occupations Code § 1903.251.

(b) *Registration.*

(1) All irrigation contractors, prior to doing any irrigation system installation in the territorial limits or extraterritorial jurisdiction (ETJ) of the city shall be required to be registered with the development services department of the city per sections 10-116 and 10-117.

(2) An irrigation contractor's registration must be submitted on forms available from the development services department and shall include the following information:

a. The irrigation contractor's full name;

b. The irrigation contractor's license number;

c. The irrigation contractor's business name;

d. The irrigation contractor's business address;

e. The irrigation contractor's business telephone number; and

f. The irrigation contractor's telefax number.

(3) The irrigation contractor shall provide a certificate of insurance by an insurance company authorized in the state certifying that the irrigation contractor is insured to the limit of at least:

a. Three hundred thousand dollars ($300,000.00) public liability per occurrence; and

b. Three hundred thousand dollars ($300,000.00) property liability per occurrence and product/completed operations. In lieu of insurance, the irrigation contractor may provide a bond in the amount of ten thousand dollars ($10,000.00) conditioned that the irrigation contractor shall faithfully observe all applicable laws.

(4) The irrigation contractor shall renew registration annually upon submission of the registration form and payment of the fee.

(5) A licensed plumber may be issued an irrigation permit.

(c) *Permits and inspections.* All irrigation contractors, prior to doing any irrigation system installation in the territorial limits or extraterritorial jurisdiction (ETJ) of the city shall apply and be issued permits from the development services department on forms provided by said department. The irrigation system shall be installed in accordance with the following:

(1) City Code of San Antonio, Texas;

(2) Local Government Code;

(3) Texas Water Code;

(4) Texas Occupations Code; and

(5) Texas Commission on Environmental Quality (TCEQ).

The irrigation system shall be inspected prior to covering the sprinkler heads as requested by the installer. Any defects in the installation determined during the inspection shall be corrected before the inspection is considered approved. If the irrigation system is being constructed as part of the building permit, a certificate of occupancy shall not be issued until all inspections have been approved.

(d) *Minimum standards and specifications.* V.T.C.A., Occupations Code § 1903.053 entitled "Standards" and the rules adopted by the Texas Commission on Environmental Quality (TCEQ) Page 1 Chapter 344 - Landscape Irrigation Rule Project No. 2007-027-344-CE are hereby incorporated by reference as minimum standards and specifications for the design, installation, and the operation of irrigation systems.

(e) *Violations and enforcement.*

(1) It shall be a violation to install an irrigation system in the city without first obtaining an irrigation system permit from the development services department. Any violation of this article shall be a Class C misdemeanor punishable by a fine not to exceed five hundred dollars ($500.00) per violation. Each day or portion thereof during which a violation of any of the provisions of this article is committed shall constitute a separate offense. A fine or criminal penalty prescribed by this section does not apply to a violation in the ETJ.

(2) *Civil enforcement.*

a. The city may seek civil enforcement against such violators in the corporate limits of the city and in the ETJ. Enforcement in the ETJ is authorized pursuant to and under the authority granted by V.T.C.A., Local Government Code §§ 212.001 et seq.

b. Any person who commits a violation under this article shall be subject to a civil penalty of up to one thousand dollars ($1,000.00) per violation per day.

(f) *Fee schedule.* Irrigation related fees shall be as set forth in the city fee schedule.
(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-118. State licensed responsible master plumber registration.

(a) *License.* Before any person shall engage in the business of plumbing within the city, said person shall have a current responsible master plumber's license obtained from the state board of plumbing examiners and the required insurance. The state license shall be registered with the city by submitting the appropriate registration as required by the city and sections 10-116 and 10-118.

(b) *Insurance required.* Per state law, a political subdivision that requires a responsible master plumber or an agent of a responsible master plumber to obtain a permit before performing plumbing in the political subdivision shall verify through the board's internet website, or by contacting the board by telephone, that the responsible master plumber has on file with the board a certificate of insurance.

(c) *Enforcement.* Each locally designated plumbing inspector shall enforce the state board licensing law and board rules and municipal ordinances and should file complaints with the board and with local prosecutors. (V.T.C.A., Occupations Code Ch. 1301, 22 Texas Administrative Code Chapters 361, 363, 365, and 367.)

(d) *Requirements for plumbing companies and responsible mater plumbers.* Every responsible master plumber doing plumbing work in the city shall abide by the state board licensing law and board rules and municipal ordinances. (V.T.C.A. Occupations Code, Ch. 1301, 22 Texas Administrative Code Chapters 361, 365, and 367.)
(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-119. Demolition contractor registration.

(a) *Registration.* It shall be unlawful for any person to maintain, own or operate a demolition contracting business, unless a registration issued by the building official is first obtained as provided herein per sections 10-116 and 10-119.

Exceptions:

(1) A person who demolishes fences six (6) feet or less in height, playground equipment, above ground swimming pools, sidewalks or driveways, decks, oil derricks, shade cloth structures, or mechanical equipment, residential or commercial

sheds less than three hundred (300) square feet and similar accessory structures.

(2) A property owner may demolish single story residential structures if the demolition is to be performed by the property owner with proof of ownership.

(b) *Demolition registration, insurance required, and bond.*

(1) *Registration.* It shall be a violation of this chapter for a person who does not hold a current city registration to engage in the demolition work for which a permit is required, or to undertake to execute such work or to cause the undertaking of such work.

(2) *Misrepresentation.* It shall be a violation of this chapter for any person to represent themselves with any registration set forth in this Code or to use the words "demolition contractor," or words of similar import or meaning on signs, business cards, stationery, or by any other manner whatsoever, unless such person is properly registered within the meaning of the word used as provided in this chapter.

(3) *General liability and insurance.*

a. A registered demolition contractor shall furnish and present the name of the insurance carrier, policy number, name, address, and telephone number of the insurance agent with whom the contractor is insured to the building official or to any customer upon request.

b. City registered demolition contractors must maintain insurance of the following types and amounts:

1. Automobile liability insurance with limits of personal injury one hundred thousand dollars ($100,000.00) each person, three hundred thousand dollars ($300,000.00) each accident, property damage fifty thousand dollars ($50,000.00) each accident.

2. Public liability (bodily injury) insurance with limits not less than three hundred thousand dollars ($300,000.00) for each occurrence.

3. Public liability (property damage) insurance with limits of not less than one hundred thousand dollars ($100,000.00) for each accident and two hundred thousand dollars ($200,000.00) in the aggregate.

c. The policy shall:

1. Include the hazards of explosion and collapse coverage.

2. Provide that the same shall not be cancelled until a ten-day or non-renewal has been served upon the city development services department.

3. The City of San Antonio must be listed as certificate holder on the certificate of liability insurance.

4. Applicant shall file with the building official certificates of insurance executed by the insurance carrier issuing said policies certifying that said insurance is in full force and effect and that the demolition operations are covered by such policies.

(4) *Indemnity bond.* Before such permit shall be issued, the person, firm, association or corporation applying therefore shall execute and deliver to the city, to be kept on file in the city clerk's office, a good and sufficient bond of indemnity, issued by a surety company licensed to do business in the state, in the sum of five thousand dollars ($5,000.00) to be approved by the city attorney and conditioned that the person, firm, association or corporation making such application shall promptly pay in and unto the city any and all costs, damages and expenses which said city may incur or suffer, including, but not

limited to, damages to streets, sidewalks, utilities, or other public places by reason of carelessness or negligence in the performance of such demolition, or by reason of any defects caused from or arising from careless, negligent or imperfect demolition procedures, or any and all acts and omissions of said applicant, his agents, servants, or subcontractors.

(c) *Responsibilities.* A registered demolition contractor shall be responsible for exercising such supervision and control of his operations as is necessary to secure full compliance with the provisions of the adopted city requirements and all other applicable laws of the city, state and United States.

(d) *Penalties.* It shall be unlawful for any person to demolish any building or structure in the city or cause the same to be done, contrary to or in violation of any of the provisions of this Code or any currently adopted building code. Any person, firm or corporation violating any of these provisions shall be deemed guilty of a separate offense for each day or portion thereof during which any violation is committed, continued, or permitted, and each separate violation shall be punishable by a fine not to exceed five hundred dollars ($500.00).

(e) *Application procedures; requirements.*

(1) An applicant for an original registration or renewal must submit an application to the building official on a form established by the department.

(2) The building official shall have the right to investigate and examine the qualifications and fitness of an applicant.

(3) A person may not be issued a registration unless the person:

a. Is at least eighteen (18) years of age; and

b. Is a United States citizen or a lawfully admitted alien.

(f) *Duties and powers of building official.*

(1) There is hereby vested in the building official the duty of examining the applications for contractor registrations, including the issuance, reissuance, renewal, suspension, or cancellation of such registration.

(2) The building official shall establish procedures consistent with this Code for the issuance of registration for demolition contractors.

(3) The building official shall have the duty to keep all registration application records. The building official shall further have the power and duty to adopt, amend, or repeal rules and regulations consistent with the provisions of this section as may be necessary for the proper administration and enforcement hereof.

(g) *Appealing a denial of registration.*

(1) *Appeal to board.* If either an original or renewal registration is denied, the building official shall furnish the applicant a written statement setting forth the grounds for the refusal within ten (10) working days. Such statement shall be by certified mail, return receipt requested, to the mailing address provided in the application unless the applicant is present to receive and acknowledge in writing receipt of such letter. The applicant or their representative shall then have fifteen (15) working days from receipt of notice to appeal the building official's decision in accordance with section 10-14 of this chapter.

(2) Nothing in this section shall be interpreted as to deny a subsequent application at the expiration of one (1) year from denial of initial registration.

(h) *Fees and registration period.* The application fee for contractor registration shall be as set forth in this section.

(1) An initial registration fee of eighty five dollars ($85.00) is required and said registration shall be valid for a period of two (2) years. The registration holder shall be required to re-register every two-year period of time and pay a fee of

thirty-five dollars ($35.00) for each two-year period of time to maintain registration.

(i) *Demolition permit; in general.*

(1) No person, firm, association, or corporation shall demolish any building or structure in the city, or cause the same to be done, without first obtaining a demolition permit for each such building or structure authorized by the city.

(2) Every demolition permit shall be valid during the time outlined in the permit. If demolition is not complete, the director of development services may extend the permit upon request of the applicant.

(j) *Application requirements.*

(1) Applications for demolition permits shall require the following information:

a. Name and address of demolition contractor.

b. Name and address of building and property owners including a notarized letter authorizing demolition of building or structure.

c. Except for single-family residence and other single-story buildings where it is not possible for debris to fall on public walkways or thoroughfares, the building official shall require an engineering report, prepared by a qualified registered professional engineer, of the building or structure to be demolished so as to determine the condition of the framing, floors and walls copy of which is to be filed with the building official.

d. The demolition contractor shall be required to prepare a complete plan and schedule for demolition to be filed with the building official. Should the plan and schedule be changed at any time, the changes must be approved by the building official and a copy of such changes must be filed with the building official.

e. The location site of the disposal of debris and the proposed route to be used to disposal site.

f. Applicant shall submit the current demolition registration number and bond materials of the demolition contractor who has been hired to perform the work. All demolition contractors, as defined in this chapter, shall be registered and bonded. Any substitution of contractor listed in the application shall be reported to the building official with appropriate registration and bonding materials. A failure to notify the building official shall result in administrative and/or criminal and/or civil penalties. It shall be an affirmative defense to prosecution that substitute contractor was registered and bonded at the time.

g. Supplemental materials as prescribed by the building official.

(k) *Miscellaneous provisions.*

(1) No structural or load-supporting members, which would affect the stability of the structure, shall be cut, or removed from any story until all construction materials above such a story have been completely demolished and removed.

(2) No material shall be dropped to any point outside the exterior walls of the structure except in enclosed chutes.

(3) In masonry construction, the demolition of exterior walls and floor construction shall be removed and dropped into the storage space before commencing the removal of exterior walls and floor in the story below.

(4) In buildings with a structural steel frame member type construction, the steel framing may be left in place during the demolition of masonry. Where this is done, all steel beams girders and similar

structural supports shall be cleared of all loose material as the masonry demolition progresses downward.

(5) No wall, chimney or other structural part shall be left at the end of each shift in such condition that it may collapse due to wind, vibration, or any other cause.

(6) Upon the completion of demolition operations, the site shall be completely cleared of rubbish, brush, weeds, and other debris. The site must be left free of ponds and underground tanks shall be removed. Basement slabs shall be broken up to allow drainage and septic tanks, wells, cesspools, and cisterns shall be broken open and filled in.

(7) Security service during non-working hours shall be provided by the contractor.

(8) Where shown to be necessary in the plan for demolition, the city shall coordinate and approve the blocking of walkways, thoroughfares, and alleys to protect the public.

(9) The city council may issue a permit for selective use of explosives for demolition purposes if the contractor has complied with all of the conditions of this chapter and if the plan for selective demolition by the use of explosives is conducted in accordance with §§ 1926.900—1926.914 inclusive of Subpart "U" of the Rules and Regulations of the Occupational Safety and Health Administration of the Department of Labor, 29 CFR, part 1926, subpart U.

(l) *Demolition fee schedule.*

Demolition Registration Fees	
Demolition Contractor	
Initial—City Registration/2-year registration	$85.00
Renewal—City Registration/2-year renewal	$35.00
Duplicate—City Registration Card (plus tax)	$5.00
Demolition Permit Fees	
Residential	$75.00
Commercial	
Single-story	$100.00
2—3 stories	$200.00
>3 stories	$650.00

(Ord. No. 2025-01-30-0075, § 1(Att. 1), 1-30-25)

Sec. 10-120. Registered house mover.

(a) *Registration.* It shall be unlawful for any person to maintain, own or operate a house moving contracting business, unless a registration issued by the building official is first obtained as provided herein sections 10-116 and 10-120.

(b) *House mover registration, insurance, security, and bond required.*

(1) *Compliance with section.* No person except a licensed house mover, shall move any building or structure over, across or along any street, public way, or public place within the city except as specifically provided in this article.

Exception: Nothing contained in this article shall require a license or bond for the movement of oversized equipment, or buildings or structures of a temporary nature, when such equipment, building, or structures are within the legal road limit as required by the state statutes; nor shall bond and license be required of one passing through the city enroute between two (2) other incorporated cities, except those cities in the county.

(2) *General liability and insurance.*

a. A registered house moving contractor shall furnish and present the name of the insurance carrier, policy number, name, address, and telephone number of the insurance agent with whom the contractor is insured to the building official or to any customer upon request.

b. City registered house moving contractors must maintain insurance of the following types and amounts:

1. Ten thousand dollars ($10,000.00) for each person

for bodily injury, twenty thousand dollars ($20,000.00) for bodily injury liability for each accident, and five thousand dollars ($5,000.00) for property damage liability for each accident.

2. Comprehensive general liability specifically including coverages for hazards of explosion and collapse in the amount of three hundred thousand dollars. ($300,000.00).

c. The policy shall:

1. Provide that the same shall not be cancelled until a ten-day or non-renewal has been served upon the city.

2. The City of San Antonio must be listed as certificate holder on the certificate of liability insurance.

3. Applicant shall file with the building official certificates of insurance executed by the insurance carrier issuing said policies certifying that said insurance is in full force and effect and that the moving operations are covered by such policies.

(3) *Bond.* Before a house mover's license is issued, the applicant shall file with the building official a surety bond in the amount of two thousand dollars ($2,000.00), saving and protecting the city harmless from any and all damages and to pay for any and all damages to public property, that may arise from the use of any of the streets, alleys, boulevards, or other public places in the moving of any building or structure. Such bond shall contain a provision for a ten-day written notice to the city of cancellation by the surety.

(c) *Responsibilities.* A registered house moving contractor shall be responsible for exercising such supervision and control of his operations as is necessary to secure full compliance with the provisions of the adopted city requirements and all other applicable laws of the city, state, and United States.

(d) *Penalties.* It shall be unlawful for any person to move any building or structure in the city or cause the same to be done, contrary to or in violation of any of the provisions of this Code or any currently adopted city or state laws. Any person, firm or corporation violating any of these provisions shall be deemed guilty of a separate offense for each day or portion thereof during which any violation is committed, continued, or permitted, and each separate violation shall be punishable by a fine not to exceed five hundred dollars ($500.00).

(e) *Application procedures; requirements.*

(1) An applicant for an original registration or renewal must submit an application to the building official on a form established by the department.

(2) The building official shall have the right to investigate and examine the qualifications and fitness of an applicant.

(3) A person may not be issued a registration unless the person:

a. Is at least eighteen (18) years of age; and

b. Is a United citizen or a lawfully admitted alien.

(f) *Duties and powers of building official.*

(1) There is hereby vested in the building official the duty of examining the applications for contractor registrations, including the issuance, reissuance, renewal, suspension, or cancellation of such registration.

(2) The building official shall establish procedures consistent with this Code for the issuance of registration for demolition contractors.

(3) The building official shall have the duty to keep all registration application records. The building official shall further have the power and duty to adopt, amend, or

repeal rules and regulations consistent with the provisions of this section as may be necessary for the proper administration and enforcement hereof.

(g) *Appealing a denial of registration.*

(1) *Appeal to board.* If either an original or renewal registration is denied, the building official shall furnish the applicant a written statement setting forth the grounds for the refusal within ten (10) working days. Such statement shall be by certified mail, return receipt requested, to the mailing address provided in the application unless the applicant is present to receive and acknowledge in writing receipt of such letter. The applicant or their representative shall then have fifteen (15) working days from receipt of notice to appeal the building official's decision in accordance with section 10-14 of this chapter.

(2) Nothing in this section shall be interpreted as to deny a subsequent application at the expiration of one (1) year from denial of initial registration.

(h) *Fees and registration period.* The application fee for contractor registration shall be as set forth in this section.

(1) An initial registration fee of one hundred and twenty dollars ($120.00) is required and said registration shall be valid for a period of two (2) years. The registration holder shall be required to re-register every two-year period of time and pay a fee of one hundred and twenty dollars ($120.00) for each two-year period of time to maintain registration.

(2) The moving of any building or structure over, across or along any street, public way, or public place within will commence only after a permit has been issued by the building official. Permit fees are outlined in fee schedule section 10-31.

(i) *House moving permit; general.*

(1) No person, firm, association or corporation shall move building or structure in the city, or cause the same to be done, without first obtaining a permit for each such building or structure authorized by the city.

(2) Every house moving permit shall be valid during the time outlined in the permit. The director of development services may extend the permit upon request of the applicant.

(3) No person shall move any building or structure over, across, or along any street, public way, or public place within the city until a permit for such work has been issued as provided in this section.

(4) A registered house mover shall in each case before moving or preparing to move any building or structure, apply to the director of development services by written application for a permit to do so, in which application the building or structure to be moved shall be described with the extreme dimensions of its width, length and height, present location, the place to which it is proposed to be moved, and the location, on the lot at the destination.

(5) Before application for permit is made, the house mover shall notify the public utilities, railroads, and other persons whose facilities are involved in such movement.

(6) Before application for permit is made, the house mover shall notify the police department, fire department and public works department, and shall obtain proper clearance from each of these departments in writing. This clearance shall specify the day of the week, hour of the day, the moving is to take place. The route to be taken shall be at the discretion of the police department and public works department.

(7) *Warning devices.* If it becomes temporarily necessary to leave the building on public property, there shall be placed around the building or structure, and all equipment, red lanterns, flares, or other warning devices. No building or structure

under any condition shall be allowed to remain in or on the streets, public ways, or public places for more than twenty-four (24) hours except weekends. Any building or structure which occupies or moves along or across any portion of public property after sundown shall have sufficient lights and flares continually burning for the protection of the public.

(8) *Escort.* No person shall move a building or structure across or along any street, public way or public place within the city unless accompanied or escorted by at least one (1) police officer that has been retained by the person for such service.

ARTICLE I. IN GENERAL

Sec. 11-1. Unlawful acts; penalties; remedies.

(a) It shall be unlawful to do any act prohibited hereby and it shall be unlawful to fail to do or perform any act required hereby.

(b) Any person, firm, corporation or agent or employee thereof, upon conviction of a violation of any of the provisions of this chapter shall be guilty of a Class C misdemeanor, and fined an amount not less than one hundred dollars ($100.00) and not more than two thousand dollars ($2,000.00) provided, however, in the event a defendant has once previously been convicted under this chapter, the defendant shall be fined an amount no less than two hundred dollars ($200.00) and shall be fined no less than three hundred dollars ($300.00) for a third conviction and for each conviction thereafter. Each day a violation is permitted to exist shall constitute a separate offense.

(c) Nothing in this section shall limit the remedies available to the city in seeking to enforce the provisions of this chapter.
(Ord. No. 64489, 5, 2-5-87; Ord. No. 79918, § 2, 3-31-94)

Sec. 11-2. Notice required to fire department (detention facility).

Pursuant to authority granted to the fire chief in chapter 11 of the city code and under the city charter, the fire chief, through the development services department or other member of the fire department, as authorized by the fire chief and city manager, shall be notified by (1) the owner, (2) owner's representative, or (3) any contractor at least thirty (30) days prior to commencing any work to renovate, construct, or operate detention facilities within the City of San Antonio city limits. Detention facilities under this section shall have the same definition as under chapter 35 (Unified Development Code).
(Ord. No. 2026-04-16-0257, § 5, 4-16-26)

Secs. 11-3—11-15. Reserved.

ARTICLE II. FIRE DEPARTMENT*

Sec. 11-16. Fees for certain permits and services.

(a) The following fees are hereby established for obtaining certain permits from the fire prevention division of the fire department.

(1)	Blaster permit:		
	a.	Initial	$220.00
	b.	Renewal	150.00
(2)	Explosive handler's permit, per year		100.00
(3)	Quarry blasting permit, per year		500.00
(4)	Explosive storage permit, per year		200.00
(5)	Duplicate permits		25.00
(6)	Burning permits, per seven (7) days		225.00
(7)	LPG/CNG/LNG tanks:		
	First tank on permit		200.00
	Each additional tank		100.00
(8)	Aboveground temporary flammable liquid storage tank permits:		
	a.	Thirty (30) days	100.00
	b.	One hundred eighty (180) days	100.00
	c.	One (1) year	200.00
(9)	Hazardous chemical tank, per ninety (90) days		100.00
(10)	Fixed pipe automatic extinguishing systems in hoods and ducts, per system		150.00
(11)	Explosive site permit:		
	a.	Utilities, per ninety (90) days	200.00
	b.	Excavation, per thirty (30) days	200.00

*__Charter reference—__Creation of fire department, § 50, chief of the fire department, § 59.

c. Swimming pools and septics, per thirty (30) days 150.00

(12) a. Sprinkler system permit. A sprinkler system permit fee shall be assessed for reviewing plans, inspecting, and hydrostatic testing of sprinkler systems. The fee will be assessed according to the following schedule: one hundred and fifty dollars ($150.00) for any system with one (1) to twenty (20) heads; two hundred dollars ($200.00) for any system with twenty-one (21) to two hundred (200) heads; two hundred dollars ($200.00) for the first two hundred (200) heads plus seventy-five cents ($0.75) for each additional head with a maximum fee of two thousand dollars ($2,000.00) per floor. In addition, if the sprinkler system is located on more than one (1) floor, the fee will also include a charge of fifty dollars ($50.00) for each additional floor. (Basements or underground levels are considered floors for purposes of this fee.)

b. Major sprinkler system work permit. A major sprinkler system work permit fee of one hundred dollars ($100.00) shall be assessed for major sprinkler system related work not involving sprinkler head modifications. The Fire Chief or his designee shall make the final determination of whether a system modification constitutes major sprinkler system related work; however, the following modifications shall always constitute major work: installation of a fire pump, underground fire main, riser, supply main, cross main or any other change that could significantly affect the hydraulic characteristics of the system.

c. Sprinkler system remodel permit. If a modification of an existing sprinkler system is planned in a building (or an area of a building), a sprinkler system remodel permit fee shall be required prior to start of construction and a fee assessed according to the following schedule: one hundred-fifty dollars ($150.00) for one (1) to twenty (20) head modifications; two hundred dollars ($200.00) for twenty-one (21) to two hundred (200) head modifications; two hundred dollars ($200.00) for the first two hundred (200) heads plus seventy-five cents ($0.75) per head for each additional head modification with a maximum fee of two thousand dollars ($2,000.00) per floor. If the modification of the sprinkler system is located on more than one (1) floor, the fee will also include a charge of fifty dollars ($50.00) for each additional floor. (Basements or underground levels are considered floors for purposes of this fee.)

d. Underground fire line. A fee of two hundred dollars ($200.00) shall be assessed for testing and approving an installed underground fire line.

e. Standpipes. A fee of two hundred dollars ($200.00) for the first standpipe and one hundred and twenty-five dollars ($125.00) thereafter shall be assessed for testing and approving installed standpipes.

f. Hydrants. A fee of two hundred dollars ($200.00) for the first hydrant and one hundred and twenty-five dollars ($125.00) thereafter shall be assessed for testing and approving installed hydrants.

g. Fast track sprinkler system permit (45-day expiration with no renewal unless approved by the fire marshal or his/her designee): One hundred dollars ($100.00).

h. Visual inspections. A fee of one hundred twenty five dollars ($125.00) shall be assessed for visual inspec-

tions of underground fire lines or sprinkler systems and components not in conjunction with a hydrostatic test.

(13) a. Fire alarm system permit. A fee shall be assessed for reviewing plans, inspecting and testing of fire alarm systems. The fee shall be assessed based on the following schedule: One hundred and fifty dollars ($150.00) for any system with one (1) to twenty (20) initiating or signaling devices; two hundred dollars ($200.00) for any system with twenty-one (21) to two hundred (200) devices; two hundred dollars ($200.00) for the first two hundred (200) devices plus seventy-five cents ($0.75) for each additional device with a maximum fee of two thousand dollars ($2,000.00) per

[This page intentionally left blank.]

floor. In addition, if the fire alarm is located on more than one (1) floor, the fee will also include a charge of fifty dollars ($50.00) for each additional floor. (Basements or underground levels are considered floors for purposes of this fee.)

The permit fee for major fire alarm system work not involving modification of initiating and/or signaling devices is one hundred fifty dollars ($150.00). The fire marshal or their designee shall make the final determination of whether a system modification constitutes major fire alarm system related work; however, the following modifications shall always constitute major work: installations of a fire alarm panel, or any other significant modification of the system.

b. Fire alarm remodel permit. If a modification of an existing fire alarm system is planned in a building (or area of a building), then a fire alarm system remodel permit shall be required prior to start of construction and a fee assessed according to the following schedule: One hundred and fifty dollars ($150.00) for one (1) to twenty (20) device modifications; two hundred dollars ($200.00) for any system with twenty-one (21) to two hundred (200) device modifications; two hundred dollars ($200.00) for the first two hundred (200) devices plus seventy-five cents ($0.75) for each additional device modification with a maximum fee of two thousand dollars ($2,000.00) per floor. If the modification of the fire alarm system is located on more than one (1) floor, the fee will also include a charge of fifty dollars ($50.00) for each additional floor. (Basements or underground levels are considered floors for purposes of this fee.)

c. Fire alarm panel replacement permit. The initial permit fee shall be one hundred fifty dollars ($150.00) and include up to twenty (20) devices. Two hundred dollars ($200.00) shall be charged for an initial permit and include between twenty-one and two hundred (21—200) devices. Two hundred dollars ($200.00) shall be charged for an initial permit plus seventy-five cents ($0.75) per device exceeding two hundred (200) up to a maximum of two thousand dollars ($2,000.00) per floor. An additional fee of fifty dollars ($50.00) per floor for each floor (beyond the floor of work) affected by the panel replacement is required.

d. Fire alarm fast track permit. A fee of one hundred dollars ($100.00) is required to begin work prior to plan review. The permit shall have a 45-day expiration, with no renewal, unless approved by the fire marshal or his/her designee.

(14) Float and food booth permit:

a. Per day, if prepaid: Thirty-five dollars ($35.00), plus the technology fee provided for in section 21-161 of this Code.

b. Per day, if collected on site: Forty-five dollars ($45.00), which includes the technology fee provided for in section 21-161 of this Code.

(15) Bonfire permit, per event: Two hundred sixty-four dollars and fifty cents ($264.50), plus the fire watch fees provided for in subsection 11-16(k)(2) of this Code.

(16) Fireworks:

a. Fireworks (large or 1.3G) display permit. Per event: Two hundred sixty-four dollars and fifty cents ($264.50), plus the fire watch fees provided for in subsection 11-16(k)(2) of this Code.

b. Pyrotechnics (small, 1.4G or pyrotechnics special effects) display permit.

1. Per day: One hundred fifty dollars ($150.00), plus the fire

watch fees provided for in subsection 11-16(k)(2) of this Code.

2. Maximum, per event: Four hundred fifty dollars ($450.00), plus the fire watch fees provided for in subsection 11-16(k)(2) of this Code.

c. Flame effect (proximate audience) display permit.

1. Per day: One hundred fifty dollars ($150.00), plus the fire watch fees provided for in subsection 11-16(k)(2) of this Code.

2. Maximum, per event: Four hundred fifty dollars ($450.00), plus the fire watch fees provided for in subsection 11-16(k)(2) of this Code.

(17) Amusement parks:

a. Annual fireworks/ pyrotechnics display . . 484.00

b. Pyrotechnics display . . 242.00

(18) Amusement park fireworks annual storage permit 121.00

(19) Waste oil and class III B combustible liquid tank permit 150.00

A permit fee of one hundred and fifty dollars ($150.00) for each waste oil and class IIIB combustible liquid tank is hereby established for the review of plans and inspection of the installation of the waste oil or class IIIB combustible liquid tank.

(20) Special event inspection fee:

For plan review and inspections involving floor plans greater than five thousand (5,000) square feet but less than or equal to fifteen thousand (15,000) square feet 275.00

For plan review and inspections involving floor plans exceeding fifteen thousand (15,000) square feet. 425.00

(21) Annual night club operational permit fee. An annual fee for a night club operational permit is hereby established according to the following schedule: one hundred seventy five dollars ($175.00) for night clubs with an occupant load of less than three hundred (300), and two hundred seventy five dollars ($275.00) for night clubs with an occupant load of three hundred (300) or more.

(22) Permit extension fee. A permit extension fee of one half of the amount of the original permit fee is required for the extension of a valid construction-related permit (sprinkler, fire alarm, fixed extinguishing systems, etc.) for a period of no more than one hundred eighty (180) days.

(23) Mobile food establishment annual inspection fee. Three hundred dollars ($300.00).

(b) The fee for tracing flammable liquid leaks to the source by the fire prevention division of the fire department is hereby established at two hundred dollars ($200.00).

(c) (1) A reinspection fee of one hundred fifty dollars ($150.00) shall be assessed for each inspection or reinspection, to include Failed and Phased Pass inspections, when work for which an inspection or reinspection is requested is not approved. A reinspection fee may also be assessed when the permit is not properly posted on the work site, when the approved plans are not readily available to the inspector, when access is not provided on the date for which inspection is requested or for noncompliance with approved plans, requiring reinspection and approval of the fire official. All reinspection fees shall be paid before final release of public utilities and issuance of the certificate of occupancy.

(2) Minor re-inspection fee 35.00

(3) General inspection fee 75.00

(d) A fee of two hundred dollars ($200.00) for test and thirty dollars ($30.00) per subsequent test shall be assessed for testing required smoke control systems.

(e) Preliminary review of plans. The following fee schedule is hereby established for preliminary review of plans by the fire department: A minimum fee of seventy five dollars ($75.00) per hour, one hour minimum) for the review of plans prior to submission for approval shall be assessed for the first hour the fire department is involved in the review to be paid prior to the review; For each additional hour or portion thereof, there shall be an additional minimum charge of seventy five dollars ($75.00). Incurred fees not prepaid must be paid prior to issuance of the building permit.

(f) A fee of two hundred fifty dollars ($250.00) per system for plan review, testing, and approving an installed gaseous suppression system, such as halon, and carbon dioxide.

(g) Fees for state required annual inspections:

(1) a. State required annual inspections of any child daycare facility licensed to serve twelve (12) children or less that requires certification or approval by the fire marshal's office shall be assessed a fee of fifty dollars ($50.00) which shall be remitted at the fire marshal's office prior to the required inspection.

b. State required annual inspections of foster homes, half-way houses, group care homes or similar short-term placement occupancies that require certification or approval by the fire marshal's office shall be assessed a fee of one hundred dollars ($100.00) which shall be remitted at the fire marshal's office prior to the required inspection.

c. State required annual inspections of any child daycare facility licensed to serve more than twelve (12) children that requires certification or approval by the fire marshal's office shall be assessed a fee of one hundred dollars ($100.00), which shall be remitted to the fire marshal's office prior to the required inspection.

d. State required annual inspections of adult daycare facility or other similar occupancy that requires certification or approval by the fire marshal's office shall be assessed a fee of one hundred dollars ($100.00), which shall be remitted to the fire marshal's office prior to the required inspection.

(2) a. State required annual inspection of hospitals or other similar occupancies that require certification or approval by the fire marshal's office shall be assessed a fee based on the number of beds in the facility. The inspection fee will consist of a charge of three dollars ($3.00) per bed with a minimum fee of two hundred dollars ($200.00) and a maximum fee of one thousand five hundred dollars ($1,500.00).

b. State required annual inspection of nursing homes or other similar occupancies that require certification or approval by the fire marshal's office shall be assessed a fee based on the number of beds in the facility. The inspection fee will consist of a charge of three dollars ($3.00) per bed with a minimum fee of two hundred dollars ($200.00) and a maximum fee of one thousand five hundred dollars ($1,500.00).

(3) State or private/public required annual inspections of laboratories, clinics and bonded warehouses or other similar occupancies that require certification or approval by the fire marshal's office shall be assessed a fee which shall be remitted at the fire marshal's office prior to the required inspection as follows:

Laboratories, clinics, rehabilitation facilities. $150.00

Bonded warehouses or other similar occupancies	150.00

(h) Aboveground storage tank fee. A permit fee of three hundred thirty dollars ($330.00) for each aboveground storage tank regardless of capacity is hereby established and shall be assessed for the construction of any permanent aboveground storage tank used for the storage of flammable liquids, combustible liquids, or hazardous materials, and shall be paid prior to commencement of any construction. Plans must be submitted for approval prior to the issuance of a permit.

(i) Underground storage tank fee. A permit fee of three hundred thirty dollars ($330.00) per underground storage tank shall be assessed for the inspection of the installation, interior lining, filling with inert material or removal of any underground storage tank used for the storage of flammable liquids, combustible liquids or hazardous materials. A permit shall be obtained prior to commencement of any activity stated above.

(j) (1) Retest fee. If a retest of a fire protection system or portion thereof is necessary due to failure of a previous test, a retest fee of one hundred fifty dollars ($150.00) per retest shall be paid at the fire marshal's office prior to retesting.

(2) Rescheduling fee. If a test or a retest of any fire protection system is canceled within twenty-four (24) hours of the scheduled test, a rescheduling fee of one hundred fifty dollars ($150.00) shall be paid prior to rescheduling of the required test.

(k) (1) If special circumstances warrant, the chief may allow an inspector to conduct an inspection or test after normal working hours when a request is made by a contractor or owner's representative. The cost for each service is eighty dollars ($80.00) per man-hour with a minimum of two (2) hours. Payment shall be remitted at the fire marshal's office prior to the inspection.

(2) If special circumstances warrant, the use of a fire watch, the cost for each fire department employee engaged in the fire watch is eighty dollars ($80.00) per man-hour with a minimum of two (2) hours. Included as part of the eighty dollar ($80.00) fee is a fire watch administrative fee of two dollars and fifty cents ($2.50) per man-hour to cover the cost of administering the fire watch service.

(l) Reserved.

(m) A fee of six hundred forty-five dollars ($645.00) shall be assessed to any individual that a fire unit of the City of San Antonio Fire Department rescues or attempts to rescue at a low-water crossing.

(n) The fee for routine fire reports, fire reports without case number, fire records searches, plans, codes, or references shall be that authorized by V.T.C.A., Government Code, ch. 552.

(o) An environmental research fee of fifty dollars ($50.00) per address request shall be assessed. This environmental research fee shall apply for record searches relating to hazardous incidents and hazardous materials storage at a specific location where fire department staff must conduct research to find the requested information.

(p) A filing fee of one hundred fifty-five dollars ($155.00) is required to be submitted in order to file an appeal with the building-related and fire codes appeals and advisory board. A filing fee of one hundred fifty-five dollars ($155.00) is required to be submitted in order to file an appeal of the decision of the building-related and fire codes appeals and advisory board with city council.

(q) High-rise building annual inspection fee. A fee of six hundred fifty dollars ($650.00) is required for an annual inspection of a high-rise building ten (10) floors in height and under. A fee of eight hundred fifty dollars ($850.00) is required for an annual inspection of a high-rise building eleven (11) floors or more in height.

(r) Fuel dispenser installation fee. A fee of one hundred dollars ($100.00) for each installation of a fuel dispenser is hereby established for the inspection and testing of said dispenser.

(s) A permit fee of one hundred dollars ($100.00) for each site of a fuel line not part of an underground storage tank is hereby established for the inspection and testing of said fuel line.

(t) A permit fee of two hundred fifty seven dollars and fifty cents ($257.50) for each spray paint booth is here established for the review of plans and the inspection of the installation of each spray paint booth.

(u) A fee of twenty-five dollars ($25.00) per request shall be assessed for changing the address on hazardous material permits, inspection reports, and other records.

(v) Reserved.

(w) A fee of five hundred fifty-five dollars ($555.00) per hour per apparatus per incident, plus any applicable fire department personnel overtime costs, is hereby established for recovery of costs associated with commercial trench/confined space rescue incidents. The hourly rate shall be prorated in 15-minute increments at the beginning of each increment. All expendable commodities used at the scene will be billed at cost to the person, corporation, or entity which required the trench/confined space rescue.

Editor's note—Ord. No. 2009-10-01-0776 shall be effective January 1, 2010.

Sec. 11-17. Fee for firefighting unit on stand-by basis.

The following fee is established for the engagement of a fully equipped reserve firefighting unit by outside agencies on a stand-by basis as follows:

(1) A fee of two hundred fifty ($250.00) per hour, or fraction thereof, per vehicle shall be charged to outside agencies required by or requesting the city to furnish a fully equipped reserve firefighting unit for standby fire protection within the city. Services shall be for a minimum of two (2) hours, with additional hours, or fractions thereof, to be paid at the full rate of two hundred fifty dollars ($250.00); and

(2) The following rules will apply when the city makes such services available:

a. The fee will cover all costs associated with the rental and staffing of the firefighting vehicle.

b. Personnel operating the fire vehicle shall be employees of the San Antonio Fire Department.

(Ord. No. 74295, § 1, 9-12-91; Ord. No. 79918, § 2, 3-31-94)

Note—See the editor's note to § 11-16.

Sec. 11-18. Fee for videotape of arson evidence record.

The fee for a videotape copy of an arson evidence record is seventy-five dollars ($75.00).
(Ord. No. 84793, § 5, 9-19-96)

Sec. 11-19. Fee for duplicating dispatch tapes.

The fee for duplicating dispatch recordings of the emergency medical services division of the fire department shall be that amount authorized to be charged by the provisions of V.T.C.A., Government Code, ch. 552.
(Ord. No. 90501, § 1, 9-16-99; Ord. No. 2010-09-16-0791, § 1(Att. A), 9-16-10)

Sec. 11-20. Fees for use of San Antonio Fire Department Training Academy by outside agencies.

The fee schedules set out below for use of the San Antonio Fire Department Training Academy by outside agencies are hereby established.

Classroom and Drill Field use only	
SAFD Instructors (if required, i.e., weekends or after hours)	$65.00 per hour, per instructor
Classroom Fee (with no equipment use)	$10.00 per hour
Drill Field	$10.00 per hour
Classroom Fee (with AV equipment use)	$15.00 per hour
Live Fire Training	
Instructors (5 students per instructor, minimum 2 SAFD instructors)	$65.00 per hour per instructor
Natural Gas Burn	$100.00 per day
Class A Burn	$75.00 per day
Student Fee	$10.00 per student (10 students minimum)
Classroom Fee (if used)	$10.00 per hour
Stand Alone Specialty Classes	
Specialized Classes (such as ropes, extrication, wildland firefighting)	$50.00 per class per student
CPAT Testing	
CPAT Certification, when done concurrent with SAFD CPAT	$25.00 per person
Out of Cycle CPAT	$400.00 per hour (4 hours minimum)

(Ord. No. 2008-09-11-0777B, § 3, 9-11-08)

Sec. 11-21. Annual private ambulance company franchise fee.

Annual private ambulance company franchise fee to operate within the city limits of San Antonio: Five thousand dollars ($5,000.00).
(Ord. No. 2015-09-10-0758, § 2(Att. D), 9-10-15)

Sec. 11-22. After-hour fire plan review fee.

After-hour fire plan review fee: One hundred dollars ($100.00) per hour, with a one-hour minimum.
(Ord. No. 2015-09-10-0758, § 2(Att. K), 9-10-15)

Sec. 11-23. Watercraft rescue fee.

(a) A watercraft rescue fee of seven hundred fifty dollars ($750.00) shall be assessed for the rescue of a distressed watercraft (one suffering from mechanical issues, for example).

(b) A watercraft rescue fee of one thousand two hundred dollars ($1,200.00) shall be assessed for the rescue of an overturned watercraft.
(Ord. No. 2016-09-15-0697, § 2(Att. B), 9-15-16)

Sec. 11-24. Fire systems plan review fee.

Fire systems plan review fee: One hundred dollars ($100.00) per permit.

Note: Fees collected under this section shall be deposited within the applicable development services department fund.
(Ord. No. 2016-09-15-0697, § 2(Att. B), 9-15-16)

Editor's note—Ord. No. 2016-09-15-0697, § 2(Att. B), adopted September 15, 2016, enacted provisions intended for use as section 11-22. Inasmuch as there are already provisions so designated, and at the discretion of the editor, said provisions have been redesignated as section 11-24.

Secs. 11-25—11-30. Reserved.

ARTICLE III. FIRE PREVENTION CODE*

Sec. 11-31. Reserved.

*__Editor's note—__Ord. No. 79918, § 2, adopted March 31, 1994, amended the provisions of Art. III, §§ 11-31—11-40, in their entirety to read as herein set out. The provisions of former Art. III pertained to the fire prevention code and have been amended by said Ord. No. 79918 to reflect the adoption of the 1991 Edition of the Uniform Fire Code. Former history notation has been retained where appropriate for reference purposes.

Sec. 11-32. Adoption of the International Fire Code.

The 2024 edition of the International Fire Code, including Appendices B, C, D, F, I, L and M developed by the International Code Council is hereby adopted by the City of San Antonio, Texas, as the fire code for the city from the effective date hereof and shall govern all activities specified therein for the purpose of prescribing regulations governing conditions hazardous to life and property from fire and explosion. The 2024 edition of the International Fire Code as adopted is incorporated by reference in this article.

(Code 1959, § 15-1; Ord. No. 55205, § 2, 4-15-82; Ord. No. 65619, § 1, 9-3-87; Ord. No. 79918, § 2, 3-31-94; Ord. No. 85342, § 1, 12-19-96; Ord. No. 89129, § 3, 1-21-99; Ord. No. 99482, § 1, 7-22-04; Ord. No. 2007-04-05-0360, § 2, 4-5-07; Ord. No. 2009-10-01-0776, § 2, 10-1-09; Ord. No. 2011-12-01-0985, § 3, 12-1-11; Ord. No. 2015-01-29-0067, § 3, 1-29-15; Ord. No. 2015-11-12-0946, § 2, 11-12-15; Ord. No. 2018-06-21-0494, § 2, 6-21-18; Ord. No. 2022-11-10-0875, § 4, 11-10-22; Ord. No. 2025-01-30-0075, § 2, 1-30-25)

Editor's note—Ord. No. 2009-10-01-0776 shall be effective January 1, 2010.

Sec. 11-33. Definitions.

(a) Whenever the word "jurisdiction" is used in the International Fire Code, it shall be held to mean the City of San Antonio, Texas.

(b) Whenever the words "Chief of the Bureau of Fire Prevention" are used in the International Fire Code it shall be held to mean "The Fire Chief."

(Code 1959, § 15-3; Ord. No. 55205, § 2, 4-15-82; Ord. No. 65619, § 1, 9-3-87; Ord. No. 79918, § 2, 3-31-94; Ord. No. 99482, § 2, 7-22-04; Ord. No. 2007-04-05-0360, § 3, 4-5-07)

Sec. 11-34. Enforcement.

The International Fire Code shall be enforced by the fire prevention division and other members of the fire department duly authorized by the fire chief.

(Code 1959, § 15-2; Ord. No. 55205, § 2, 4-15-82; Ord. No. 65619, § 1, 9-3-87; Ord. No. 79918, § 2, 3-31-94; Ord. No. 99482, § 2, 7-22-04; Ord. No. 2007-04-05-0360, § 4, 4-5-07)

Sec. 11-35. Storage of flammable or combustible liquids in outside above-ground tanks prohibited.

Storage of flammable or combustible liquids in aboveground tanks is prohibited unless authorized by the fire chief or his designee.

(Code 1959, § 15-4; Ord. No. 55205, § 2, 4-15-82; Ord. No. 65619, § 1, 9-3-87; Ord. No. 79918, § 2, 3-31-94; Ord. No. 2007-04-05-0360, § 5, 4-5-07)

Sec. 11-36. Establishments of limits in which gasoline service stations are to be restricted.

It shall be unlawful for any person to establish, construct, operate or maintain a gasoline service station, for the storage, sale and delivery of gasoline, oil or other auto supplies within the following described limits:

> Beginning at the south curbline of Dolorosa Street, where it crosses San Pedro Creek and with the meanders of the creek south two hundred (200) feet; thence east with a line parallel to and two hundred (200) feet from the south curb of Dolorosa Street across South Flores and Dwyer Avenue to the San Antonio River; thence east with the meanders of the river to the Market Street bridge and south curb line of Market Street to and across South Alamo Street to the point of intersection with the southeast curb line of South Alamo Street; thence north across Market Street and along the east curb line of South Alamo to the point of intersection with the south curb line of East Commerce Street; thence east on the south curb line of East Commerce Street to a point opposite the east curb line of Bonham Street; thence north across East Commerce Street and along the east curb line of Bonham Street, across Blum and Crockett Streets, to the southeast curb line of Bonham Street; thence northeast, along the southeast curb line of Bonham Street to the point of intersection of the curb line of Bonham Street and the center line of East Houston Street; thence west along the center line of East Houston Street to the point of intersection with the east line of Avenue E, thence north along the east line of Avenue E to the point of intersection with the north line of East Travis Street, thence west

along the north curb line of East Travis Street; across the San Antonio River to the east curb line of Soledad Street and to Travis Street; thence along the north curb line of Travis Street across Main Avenue to the west curb line of North Flores Street; thence south along the west curb line of North Flores Street to a point two hundred feet north from the north curb line of West Houston Street; thence west along a line parallel to and two hundred (200) feet from the north curb line of West Houston Street to the west side of Cameron Street; thence south with the west curb line of Cameron Street across West Houston to West Commerce Street; thence west with the north curb line of West Commerce Street to the San Pedro Creek; thence south with the meanders of San Pedro Creek to the place of beginning.

(Code 1959, §§ 13-4, 15-5; Ord. No. 55205, § 2, 4-15-82; Ord. No. 65619, § 1, 9-3-87; Ord. No. 79918, § 2, 3-31-94; Ord. No. 2007-04-05-0360, § 6, 4-5-07)

Sec. 11-37. Establishment of limits in which bulk storage of liquefied petroleum gas is to be restricted.

(a) The limits which bulk storage of liquefied petroleum gas are restricted, are hereby established as the area bounded by the inner curb lines of the following streets and interstate highways:

Beginning at the intersection of I.H. 35 and I.H. 10; thence east along I.H. 35 to its intersection with I.H. 37; thence south along I.H. 37 to its intersection with West Drexel Street; thence west along West Drexel Street to its intersection with Lone Star Blvd.; thence west along Lone Star Blvd. to its intersection with South Flores Street; thence north along South Flores Street to its intersection with West Cevallos Street; thence west along West Cevallos Street to its intersection with I.H. 35 to its intersection with I.H. 10 to the point of termination.

(b) Vehicles for hauling or transporting liquefied petroleum gases shall not be driven in this area or other areas designated by the fire marshal.

(Code 1959, § 15-6; Ord. No. 55205, § 2, 4-15-82; Ord. No. 65619, § 1, 9-3-87; Ord. No. 79918, § 2, 3-31-94; Ord. No. 2007-04-05-0360, § 7, 4-5-07)

Sec. 11-38. Establishment of limits of districts in which storage of explosives and blasting agents is prohibited.

The limits referred to in Section 5601 of the International Fire Code, in which storage of explosives and blasting agents is prohibited, are hereby established at five thousand (5,000) feet beyond the corporate limits of the city.

(Code 1959, § 15-7; Ord. No. 55205, § 2, 4-15-82; Ord. No. 65619, § 1, 9-3-87; Ord. No. 79918, § 2, 3-31-94; Ord. No. 99482, § 2, 7-22-04; Ord. No. 2007-04-05-0360, § 8, 4-5-07; Ord. No. 2011-12-01-0985, § 3, 12-1-11)

Sec. 11-39. Reporting violations.

It shall be the duty of all members of the fire department to immediately report any violation of this code to the fire chief.

(Code 1959, § 15-2; Ord. No. 55205, § 2, 4-15-82; Ord. No. 65619, § 1, 9-3-87; Ord. No. 79918, § 2, 3-31-94; Ord. No. 2007-04-05-0360, § 9, 4-5-07)

Sec. 11-40. Amendments made to the 2024 International Fire Code.

SECTION [A]101.3 PURPOSE is amended by adding SECTION [A]101.3.1 FIRE CHIEF AUTHORIZATION to read as follows:

[A] 101.3.1 Fire Chief Authorization. The Fire Chief is authorized to make and enforce such rules and regulations for the prevention and control of fires and fire hazards as may be necessary from time to time to carry out the intent of this Code. Three certified copies of such rules and regulations shall be filed with the City Clerk of the City of San Antonio and shall be in effect immediately thereafter and additional copies shall be kept in the office of the Fire Department for distribution to the public.

SECTION [A] 104 DUTIES AND POWERS OF THE FIRE CODE OFFICIAL is amended by adding SECTION 104.1.1 AUTHORITY OF THE FIRE CHIEF AND THE FIRE DEPARTMENT

and SECTION 104.1.2 ADDITIONAL DUTIES AND POLICE POWERS OF FIRE DEPARTMENT MEMBERS to read as follows:

104.1.1 Authority of the fire chief and the fire department. The Fire Chief is duly authorized to act by any means he deems necessary to protect life and property from fire hazards. The Fire Chief may delegate his power to any other member of the Fire Department.

104.1.2 Additional duties and police powers of fire department members. In addition to the duties required or prescribed for members of the Fire Department in connection with the regular functions of such department, when so required by order of the City Manager in case of riots, floods, or other public emergencies or catastrophes or public danger of any sort, and all fires by order of the Fire Chief, Deputy Chief, Assistant Chief, District Chief, or any Captain or Lieutenant of the Fire Department, each and all members of the Fire Department shall be and become vested with full Police powers and shall perform all duties required for the protection of persons or property or the preservation of public safety, peace and order.

SECTION [A] 104.4 RIGHT OF ENTRY is amended to read as follows:

[A] 104.4 Right of entry. Where it is necessary to make an inspection to enforce the provisions of this code, or where the fire code official has reasonable cause to believe that there exists in a structure or on any premises a condition that is contrary to or in violation of this code that makes the structure or premises unsafe, dangerous or hazardous, the fire code official is authorized to enter the structure or premises at all reasonable times to inspect or to perform the duties imposed on the fire code official by this code. If such structure or premises is occupied, the fire code official shall present credentials to the occupant and request entry. If such structure or premises is unoccupied, the fire code official shall first make a reasonable effort to locate the owner, the owner's authorized agent or other person having charge or control of the structure or premises and request entry. If entry is refused, the fire code official shall have recourse to every remedy provided by law to secure entry.

No owner or occupant or any other person having charge, care or control of any building or premises shall fail or neglect, after proper demand is made as herein provided, to properly permit entry therein by the Chief or his authorized representative for the purpose of inspection or examination under such exigent circumstances affecting the safety of persons and/or property, or to take such prudent action to extinguish a fire or abate a fire hazard.

SECTION [A]104.4 RIGHT OF ENTRY is amended by adding SECTION [A]104.4.2 PHOTOGRAPHIC DOCUMENTATION to read as follows:

[A] 104.4.2 Photographic documentation. Members of the Fire Department making such examinations or inspections shall have the right, with proper credentials, and be authorized to take a reasonable number of photographs or videotapes for evidence and for records for use by the Fire Department to study hazards and scientific control for fire safety.

SECTION [A] 104.5 IDENTIFICATION is amended by adding SECTION [A] 104.5.1 IMPERSONATION to read as follows:

[A] 104.5.1 Impersonation. A person shall not impersonate the fire code official or his designee through the use of a uniform, identification card, badge, or any other means. Any such impersonation shall be deemed a violation of this Code.

SECTION [A]105.2 APPLICATION is amended by adding SECTION [A] 105.2.5 INVESTIGATION FEE/WORKING WITHOUT A PERMIT to read as follows:

[A] 105.2.5 Investigation fee/working without a permit. Work requiring a permit shall not commence until said permit is posted in a conspicuous place on the job site and approved plans are available at this location. Where work is commenced prior to obtaining said permit, the fees provided for in Section 11-16 of the City Code may be doubled, but the

payment of such double fee shall not relieve any person from fully complying with the requirements of Chapter 11 as amended by this ordinance in the execution of the work nor of any other penalties prescribed herein.

SECTION 105.5 REQUIRED OPERATIONAL PERMITS is amended to read as follows:

105.5 Required operational permits. The fire code official is authorized to issue operational permits for the operations set forth in Sections 105.5.1 through 105.5.58. Required permits and associated fees are listed in Chapter 11, Section 11-16, in Chapter 16 entitled Licenses and Business Regulations, Article I, In General, Sec. 16-3 for hazardous materials, and in other associated chapters of this code. Materials stored, used, dispensed, or handled in amounts exceeding the amounts listed in TABLE 105.5.9 PERMIT AMOUNTS FOR COMPRESSED GASES, TABLE 105.5.11 PERMIT AMOUNTS FOR CRYOGENIC FLUIDS, and TABLE 105.5.22 PERMIT AMOUNTS FOR HAZARDOUS MATERIALS are subject to the provisions of this section.

SECTIONS 105.5.1 ADDITIVE MANUFACTURING THROUGH 105.5.8 COMBUSTIBLE FIBERS, 105.5.10 COVERED AND OPEN MALL BUILDINGS, 105.5.12 CUTTING AND WELDING THROUGH 105.5.15 EXHIBITS AND TRADE SHOWS, 105.5.17 FIRE HYDRANTS AND VALVES, 105.5.19 FLOORING FINISHING THROUGH 105.5.21 FUMIGATION AND INSECTICIDAL FOGGING, 105.5.24 HIGH-PILED STORAGE THROUGH 105.5.28 LIQUID- OR GAS-FUELED VEHICLES OR EQUIPMENT IN ASSEMBLY BUILDINGS, 105.5.30 LP-GAS THROUGH 105.5.33 MISCELLANEOUS COMBUSTIBLE STORAGE, 105.5.35 MOTOR FUEL DISPENSING FACILITIES, 105.5.39 ORGANIC COATINGS THROUGH 105.5.42 PLANT EXTRACTION SYSTEMS, 105.5.45 PYROXYLIN PLASTICS THROUGH 105.5.48 ROOFTOP HELIPORTS, AND 105.5.50 STORAGE OF SCRAP TIRES AND TIRE BYPRODUCTS THROUGH 105.5.54 WOOD PRODUCTS are repealed.

TABLE 105.5.9 PERMIT AMOUNTS FOR COMPRESSED GASES is amended by deleting:

"Type of Gas"

SECTIONS 105.5.18 FLAMMABLE AND COMBUSTIBLE LIQUIDS and 105.5.22 HAZARDOUS MATERIALS are amended to read as follows:

105.5.18 Flammable and combustible liquids. An operational permit is required:

1. To use or operate a pipeline for the transportation within facilities of flammable or combustible liquids. This requirement shall not apply to the off-site transportation in pipelines regulated by the Department of Transportation (DOT) nor does it apply to piping systems.

2. To store, handle or use Class I liquids in excess of 5 gallons (19 L) in a building or in excess of 10 gallons (37.9 L) outside of a building, except that a permit is not required for the following:

2.1. The storage or use of Class I liquids in the fuel tank of a motor vehicle, aircraft, motorboat, mobile power plant or mobile heating plant, unless such storage, in the opinion of the fire code official, would cause an unsafe condition.

2.2. The storage or use of paints, oils, varnishes or similar flammable mixtures where such liquids are stored for maintenance, painting or similar purposes for a period of not more than 30 days.

3. To store, handle or use Class II or Class IIIA liquids in excess of 25 gallons (95 L) in a building or in excess of 60 gallons (227 L) outside a building, except for fuel oil used in connection with oil-burning equipment.

4. To store, handle or use Class IIIB liquids in tanks or portable tanks for fueling motor vehicles at motor fuel-dispensing facilities or where connected to fuel-burning equipment. Exception: Fuel oil and used motor oil used for space heating or water heating.

5. To remove Class I or II liquids from an underground storage tank used for fueling motor vehicles by any means other than the approved, stationary on-site pumps normally used for dispensing purposes.

6. To operate tank vehicles, equipment, tanks, plants, terminals, wells, fuel-dispensing stations, refineries, distilleries and similar facilities where flammable and combustible liquids are produced, processed, transported, stored, dispensed or used.

7. To place temporarily out of service (for more than 90 days) an underground, protected above-ground or above-ground flammable or combustible liquid tank.

8. To change the type of contents stored in a flammable or combustible liquid tank to a material that poses a greater hazard than that for which the tank was designed and constructed.

9. To manufacture, process, blend or refine flammable or combustible liquids.

105.5.22 Hazardous materials. An operational permit is required to store, transport on site, dispense, use, or handle hazardous materials in excess of the amounts listed in Table 105.5.22. Permit fees are listed in Chapter 16 entitled Licenses and Business Regulations, Article I, In General, Sec. 16-3 for hazardous materials.

SECTION 105.5.34 MOBILE FOOD PREPARATION VEHICLES is hereby repealed and replaced with SECTION 105.5.34 MOBILE FOOD ESTABLISHMENTS to read as follows:

105.5.34 Mobile food establishments. An operational permit is required for the operation and maintenance of a mobile food establishment. Small, lightweight vendor push carts, as determined by the fire code official, are not covered under this section. For permit to operate a Mobile Food Establishment, see Section 319, Permit fee information in Chapter 11, Section 11-16 of the City Code.

SECTION 105.5.49 SPRAYING OR DIPPING is amended to read as follows:

105.5.49 Spraying or dipping. An operational permit is required to conduct a spraying or dipping operation utilizing flammable or combustible liquids, or the application of combustible powders regulated by Chapter 24. All spray booths (to include permanent, temporary, and mobile spraying and dipping operations) require an operational permit and approval by the fire code official.

SECTION 105.5 REQUIRED OPERATIONAL PERMITS is amended by adding SECTIONS 105.5.58 IN- BUILDING TWO-WAY RADIO ENHANCEMENT SYSTEM, 105.5.59 FOOD BOOTHS, 105.5.60 PORTABLE OUTDOOR GAS-FIRED HEATING APPLIANCES and 105.5.61 PARADE FLOATS to read as follows:

105.5.58 In-building two-way radio enhancement system. An operational permit is required for the operation of any In-Building Two-Way Radio Enhancement System.

105.5.59 Food booths. An operational permit is required for the operation of a food booth. For permit to operate a food booth, see Section 323. Permit fee information can be found in Chapter 11, Section 11-16 of the City Code.

105.5.60 Portable outdoor gas-fired heating appliances. An operational permit is required for the operation and maintenance of a portable outdoor gas-fired heating appliance. For permit to use portable outdoor gas-fired heating appliances, see Section 324.

105.5.61 Parade floats. An operational permit is required to operate a Parade Float. For permit to operate a Parade Float see Section 324. Permit fee information can be found in Chapter 11, Section 11- 16 of the City Code.

SECTION [A]105.6 REQUIRED CONSTRUCTION PERMITS is amended to read as follows:

Section [A] 105.6 Required construction permits. The fire code official is authorized to issue construction permits for work as set forth in Section 105.6.1 through 105.6.25.

Required permits and associated fees can be found in Chapter 11, Section 11-16 of the City Code.

SECTIONS [A]105.6.6 ENERGY STORAGE SYSTEMS, [A]105.6.10 FUEL CELL POWER SYSTEMS THROUGH [A]105.6.11 GAS DETECTION SYSTEMS, [A]105.6.14 HIGH-PILED COMBUSTIBLE STORAGE THROUGH [A]105.6.18 PLANT EXTRACTION SYSTEMS and [A]105.6.21 SOLAR PHOTOVOLTAIC POWER SYSTEM are repealed.

SECTION [A] 105.6.8 FIRE PUMPS AND RELATED EQUIPMENT is amended to read as follows:

[A] 105.6.8 Fire pumps and related equipment. A construction permit is required for installation of or modification to fire pumps and related fuel tanks, jockey pumps, controllers, and generators. Maintenance performed in accordance with this code is not considered to be a modification and does not require a construction permit. A fuel storage tank permit is required for the installation of a diesel pump fuel tank 60 gallons or larger.

SECTION 105 PERMITS is amended by adding SECTION [A] 105.6.13.1 CONSTRUCTION DOCUMENTS to read as follows:

[A] 105.6.13.1 Construction documents. The construction documents for the following tanks shall be prepared by a professional engineer licensed by the State of Texas:

1. Above ground storage tanks (AST) of 1320 gallons or larger used to store flammable liquids. (Class 1A, 1B, 1C)
2. All underground tanks used for the storage and dispensing of flammable or combustible liquids.

SECTION [A]106 CONSTRUCTION DOCUMENTS is amended by adding SECTION [A] 106.2.1.1 OCCUPANCY CLASSIFICATION LETTER to read as follows:

[A] 106.2.1.1 Occupancy classification letter. Two copies of a completed "Occupancy Classification Letter" (a.k.a. "Commodities Letter") or other approved Fire Protection report shall be submitted to the City for buildings or portions thereof that are to be used for any of the following purposes:

1. Warehousing or storage.
2. Retail including rack display of products.
3. Hazardous material storage and/or use.
4. Manufacturing.

The Occupancy Classification Letter is required to be submitted:

1. with the building permit submittal documents when seeking a building permit,
2. to the SAFD Fire Inspector during a Certificate of Occupancy inspection, or
3. at any other time when required by the fire code official.

The Occupancy Classification Letter is to be prepared by the owner and/or tenant of the building/space in question or a registered design professional. It is to be signed, dated and on company letterhead. If the Occupancy Classification Letter is prepared by a registered design professional representing the owner and/or tenant of the building/space in question, the letter is to be countersigned by the owner and/or tenant. The Occupancy Classification Letter is to be kept on site at all times. Prior to a change in 1) the type or amount of hazardous material(s) used or stored, 2) the type or amount of storage or storage height or method, or 3) the manufacturing process, a revised Occupancy Classification Letter is to be submitted to the Fire Chief or his designee for review.

SECTION 112 MEANS OF APPEALS is repealed and replaced with SECTION 112 BUILDING-RELATED AND FIRE CODES APPEALS AND ADVISORY BOARD to read as follows:

SECTION 112
BUILDING-RELATED AND FIRE CODES APPEALS AND ADVISORY BOARD

All Chapter 11 appeals and advisory opinions shall be directed to and addressed by the Building-Related and Fire Code Appeals and

Advisory Board, as codified in Chapter 10, Section 10-14 of the City Code of San Antonio, Texas.

SECTION [A] 113 VIOLATIONS is amended by adding SECTION [A] 113.1.1 WORK STARTED WITHOUT A PERMIT to read as follows:

[A] 113.1.1 Work started without a permit. No work shall be started on any Fire Protection System at a new construction site or an existing structure, other than maintenance work, without a permit being issued, without a FAST-TRACK permit being issued, or without approval from the Fire Marshal. Both the individual contractor and the site general contractor may be held liable for such actions.

SECTION [A] 113.4 VIOLATION PENALTIES is amended to read as follows:

[A] 113.4 Violation penalties. Persons who shall violate a provision of this code or shall fail to comply with any of the requirements thereof or who shall erect, install, alter, repair or do work in violation of the approved construction documents or directive of the fire code official, or of a permit or certificate under provisions of this code shall be guilty of a Class C Misdemeanor as defined by the Municipal Code of the City of San Antonio. Each day that a violation continues after due notice has been served shall be deemed a separate offense.

SECTION [A] 115 UNSAFE STRUCTURES OR EQUIPMENT is amended by adding [A]115.2.1 REMOVAL OF OCCUPANTS to read as follows:

[A] 115.2.1 Removal of occupants. A member of the Fire Department is authorized to require the removal of occupants at a location when actual occupancy exceeds the permitted or posted occupant load. A person commits an offense if he refuses to obey an order to vacate.

SECTION 202, GENERAL DEFINITIONS remains unchanged, except for the following amendments adding, deleting and modifying definitions as follows:

ADMINISTRATOR is the City Manager for the City of San Antonio, Texas.

AUTHORIZED EMERGENCY VEHICLE shall have the meaning set out in the Texas Transportation Code § 541.201.

DESIGNATED PREMISES shall mean property being used for a purpose allowed as a permitted use in an Apartment District, Office District, Local Retail District, Business District, Commercial District, Manufacturing District, Multiple Family Residence District, Mobile Home District, Townhouse Residence District, Industry District, or Planned Unit Development District as those terms are used in Chapter 35 of the City Code of San Antonio, Texas, whether or not the premises are so zoned, or a public or private school, or a church, or a facility owned or operated by the City or Bexar County or by a city-owned utility, where off-street parking is provided on the premises for occupants thereof and others.

FESTIVAL SEATING shall mean a form of audience/spectator accommodation in which no seating, other than a floor or ground surface, is provided for the audience/spectators gathered to observe a performance.

[BF] FIRE AREA. The aggregate floor area enclosed and bounded by fire walls, fire barriers, exterior walls or horizontal assemblies of a building. Areas of the building not provided with surrounding walls shall be included in the fire area if such areas are included within the horizontal projection of the roof or floor next above.

Exception: Outdoor covered areas shall not be considered fire areas, nor shall they be considered as part of the fire area of a connected building where all of the following conditions are met:

1. The outdoor covered area is a Group A2 Occupancy less than 1,000 ft^2 or is a Group A3 Occupancy. If multiple Group A2 Occupancy outdoor covered areas are proposed, then the aggregate area of all of these areas shall be less than 1,000 ft^2 or separated by a minimum of 20 feet from each other.
2. The outdoor covered area is open on at least three sides and open a minimum of

50 percent of the perimeter of the area covered. In order to be considered "open" for the purpose of this exception, an open side shall be at least 50 percent open with the open area uniformly distributed to prevent the accumulation of smoke and toxic gases.

3. The outdoor covered area shall have adequate independent means of egress such that the occupants of the outdoor covered area are not required to egress through a connected or adjacent building.

FIRE LANE shall mean any area appurtenant to entrances or exits of a building deemed necessary by the Fire Chief or his designee to remain free and clear of parked vehicles for access to such building in case of fire or other emergency and designated by him as such, and may include sidewalks, driveways, portions of parking lots, or any other area adjacent to or near building entrances or exits, or any fire hydrant.

FIRE MARSHAL shall mean the fire code official responsible for investigations of fires, inspection of facilities, and code enforcement.

FIRE WATCH. A temporary measure intended to ensure continuous and systematic surveillance of a building or portion thereof by one or more qualified individuals for the purposes of identifying and controlling hazards, detecting early signs of unwanted fire, raising an alarm of fire and notifying the fire department. Qualified individuals are defined as State Certified Fire Inspectors assigned to the Fire Prevention Division of the City of San Antonio, or, if approved by the Fire Marshal, Texas Certified Firefighters, Peace Officers, individuals employed by a private security firm, or other designated individuals whose sole duty when assigned a fire watch is to perform constant patrols of the premises and keep watch for signs of unwanted fire. A written log must be maintained, and personnel must have at least one approved means of notifying the fire department of fire or other emergencies.

FOSTER CARE FAMILY HOME shall mean a single independent residential occupancy that is the primary residence of the caregiver and licensed by the state to provide twenty-four (24) hour care for six or fewer children (including those related to the caregiver) up to the age of eighteen (18) years.

HIGHWINDS shall mean sustained wind velocity of 15 mph or gusts of 25 mph.

MAINTENANCE AGREEMENT shall mean a contractual agreement between a building owner and a licensed or registered firm to perform general maintenance work to life safety or fire protection or detection systems including, but not limited to, upgrades to an existing system that do not include modification to the existing system configuration and repair of fault conditions. Such an agreement may include provisions for testing and inspection in accordance with appropriate standards.

MOBILE FOOD ESTABLISHMENT shall mean a mobile food operation using any heat producing equipment to cook, fry, or warm products for consumption from a motorized vehicle, towable trailer, or watercraft.

MONITORING AGREEMENT shall mean a contractual agreement between a building owner and a licensed or registered firm to provide monitoring service when required. Such service shall include either remote or central service.

NIGHT CLUB shall mean a tavern (as defined by the Unified Development Code, City of San Antonio, Texas) with more than 2,000 square feet of building area excluding kitchen, restrooms and storage areas. A nightclub use may include, in addition to the provision of alcohol for on premise consumption, a dance hall or dance floor, food services, and/or live entertainment (as defined by the Unified Development Code, City of San Antonio, Texas) as an accessory use when conducted less than 3 days per week. Taverns with less than 2,000 square feet of building area excluding kitchen, restrooms, and storage areas will be considered a nightclub for the purposes of this code if, in addition to the provision of serving alcohol for on premise consumption, the establishment provides all of the following:

1. Live entertainment (as defined by the Unified Development Code, City of San Antonio, Texas) or pre-recorded music, and

2. A dance floor and
3. Hours of operation that extend past 10:00 pm.

Exceptions: Restaurants with a tavern as an accessory use, or establishments with 501 (c)(3) non-profit, tax exempt status.

PARK shall mean the standing of a vehicle, whether occupied or not, upon a street otherwise than temporarily for the purpose of, and while actively engaged in, receiving or discharging passengers or loading or unloading merchandise or in obedience to traffic regulations, signs, or signals or an involuntary stopping of a vehicle by reason of a cause beyond the control of the operator of the vehicle.

PORTE COCHERE shall mean a roofed structure that is open on at least three sides and extends from the building entrance over an adjacent driveway and shelters vehicle ingress and egress.

SPECIAL EVENT shall mean an indoor or outdoor event that, in the opinion of the Fire Code Official or their designee, meets any of the following criteria:

1. Constitutes a use or occupant load ordinarily not permitted by the face of the Certificate of Occupancy.
2. Requires the means of egress to be altered from a configuration that was previously approved by the Building Code Official, Fire Code Official, or their designee (e.g., installation of booths, curtains, partitions, tables/chairs, etc. or the locking of select doors to limit access to portions of a building or area).
3. Poses a condition that compromises any life safety systems that were previously approved by the Building Code Official, Fire Code Official, or their designee (e.g., reduced lighting, increased sound levels, installation of alternate interior finishes, etc.).
4. Poses a condition that reduces the effectiveness of public safety services of any kind (e.g., Conditions that result in reduced access to fire hydrants, sprinkler riser/pump rooms, Fire Department Connections, etc.)."

NOTE: Special Events required to submit plans for each event (review and inspection) in accordance with Section 11-16 Special Event Inspection may submit standard configuration plan packages to the San Antonio Fire Department Fire Prevention Division for review and inspection on an annual basis. Any deviation from the standard configuration as described in the above criteria will require new plans to be submitted for review each time the approved standard configuration is altered. Approved standard configurations for Special Events are required to be reviewed and inspected for code compliance once per year.

SPECIAL HAZARD SYSTEM shall include any one of the following:

1. Carbon Dioxide Extinguishing Systems complying with Section 904.8 and NFPA Standard 12
2. Halon 1301 Systems complying with Section 904.9 and NFPA Standard 12A
3. Explosion Prevention Systems complying with Section 911.3 and NFPA Standard 69
4. Clean Agent Fire Extinguishing Systems complying with 904.10 and NFPA Standard 2001
5. Fixed Aerosol Fire Extinguishing Systems complying with Section 904.12 and NFPA Standard 2010

TESTING AND INSPECTION AGREEMENT shall mean a contractual agreement between a building owner and a licensed or registered firm to perform testing and inspection work only for life safety or fire protection and detection equipment in accordance with appropriate standards.

SECTION 203 OCCUPANCY CLASSIFICATION AND USE is amended by adding definitions to read as follows:

[BG] 203.9.3 Residential Group R-3. Residential Group R-3 occupancies where the

occupants are primarily permanent in nature and not classified as Group R-1, R-2, R-4 or I, including:

Foster Care Family Homes

SECTION 304 COMBUSTIBLE WASTE MATERIAL is amended by adding SECTION 304.2.1 DANGEROUS STORING OF COMBUSTIBLES to read as follows:

304.2.1 Dangerous storing of combustibles. It shall be unlawful and a nuisance for any person to have or keep or store, within the city, any quantity of tar, pitch, resin, petroleum or its products, or other combustible materials or substances in such manner that such materials or substances shall be in danger of taking and communicating fire.

SECTION 305 IGNITION SOURCES is amended by adding SECTION 305.6 IGNITED MATERIALS IN STREETS PROHIBITED to read as follows:

305.6 Ignited materials in streets prohibited. No person may place or possess burning materials on a street, alley, or public easement if that conduct creates a disturbance or causes a fire hazard.

SECTION 307.1 GENERAL is amended by adding SECTION 307.1.2 CARRYING BURNING MATERIALS to read as follows:

307.1.2 Carrying burning materials. No person in the city shall carry or cause to be carried, in any street or other thoroughfare, any burning coal or firebrands, unless the same is shut up in a covered vessel.

SECTION 307.2 PERMIT REQUIRED is amended by adding SECTION 307.2.2 BURNING RUBBISH, BRUSH AND OTHER COMBUSTIBLE MATTER to read as follows:

307.2.2 Burning rubbish, brush and other combustible matter.

1. Unlawful to burn trash without permit. It shall be unlawful for any person to burn or cause to be burned, any trash, brush, tree limbs, grass, trees, leaves, paper, boards, planks, shavings, or any other combustible materials whatsoever within the corporate limits of the City, without first having a permit as required by subsection (2) of this section, unless the same is burned in an incinerator or container which has been approved in writing by the Fire Chief or his designee, and said incinerator or container when used for burning shall be located in such a way that no smoke shall go into surrounding buildings, nor shall the operation of said incinerator or container create a fire hazard to the surrounding property.
2. Application for a permit. Any person desiring to burn any trash or other combustible material within the City shall make application to the Fire Chief or his designee for a permit to burn said materials. The application for a permit shall contain the following information:
   a. The name, address and telephone number of the person making application for permit.
   b. The type of material and the quantity to be burned.
   c. The location in the City at which the material is to be burned and the legal description of the property together with the name and owner of the property.
   d. The date on which the material is to be burned and the time at which the burning will commence and the estimated time necessary to complete the burning.
   e. A statement by the person making the application that he assumes all liability and responsibility for all damages to all persons and property by reason of the fire, and that he will take all necessary precautions to ensure that no damages result from the fire.
   f. A statement by the person making the application for a permit that he will burn the materials only on the date and at the time designated in the permit issued by the Fire Chief or his designee, and in accordance

with any special instruction set forth in the permit issued by the Fire Chief's Office.

3. Permit issued after investigation. When an application to burn any trash or other combustible materials is made to the Fire Chief, and such burning is not a violation of air pollution standards, he shall conduct an inspection of the premises on which the material is to be burned and the surrounding property to determine if the burning, as requested by the applicant would be a fire hazard and dangerous to the adjoining or nearby property. If the Fire Chief, or his designee, finds from his inspection of the property that the burning would not be a fire hazard or danger to adjoining or nearby property, or violation of air pollution standards, he shall cause to be issued a permit which shall contain the following information and conditions:
   a. The name, address, and telephone number of the person to which the permit is issued.
   b. The location, address, and telephone number of the person for which the material is to be burned.
   c. The date and time at which the material is to be burned.
   d. A statement that the applicant assumes all liability and responsibility for all damages to all persons and property by reason of the fire.
   e. That the fire will not be left unguarded at any time during the burning and that an adult person shall be in attendance at all times.
   f. Any condition which the Fire Chief or his designee find from the surrounding circumstances to be necessary to prevent the fire from being a fire hazard and a danger to adjoining or nearby property.
4. When not to issue a permit. No permit shall be issued for the burning of any materials at any time except during the day between one hour after sunrise and one hour before sunset, except for ceremonial bonfires, when:
   a. The site of the bonfire has been approved by the Fire Chief or his designee; and
   b. The bonfire is held under the supervision of Fire Department personnel. Failure of any person or persons at such a bonfire to adhere to fire safety instructions and requirements of the Fire Department representative assigned to supervise same shall constitute a violation of this chapter. No permit shall be issued if the burning would be contrary to the provisions of this section, nor shall such permit be issued if the Fire Chief, or his designee, shall have reason to believe that weather conditions, type or location of the materials to be burned, or the use of property within the area affected would cause the burning to be a hazard or otherwise violate the provisions of this section.

SECTION 308.1 GENERAL is amended by adding SECTION 308.1.11 PROJECTION OF IGNITED MATERIALS to read as follows:

308.1.11 Projection of ignited materials. No person shall drop or throw ignited material from a structure or vehicle.

SECTION 308 OPEN FLAMES is amended by adding SECTION 308.3.3 CHAFING FUEL DEVICES and SECTION 308.4.2 FIRE HAZARD PROHIBITED to read as follows:

308.3.3 Chafing fuel devices. Single-well cooking equipment using combustible oils or solids (chafing fuels) shall meet the following criteria:

1. They shall be used in commercially available devices intended for use with chafing fuels.
2. They shall be secured to the device to prevent tipping and unintentional movement.

3. They shall have lids available for immediate use.
4. They shall be used for warming only and not cooking.
5. They shall be limited to two square feet (0.2 m^2) of warming surface.
6. They shall be placed on noncombustible surface materials.
7. They shall be separated from each other by a horizontal distance of not less than 24 in. (610 mm).
8. They shall be kept at a horizontal distance of not less than 24 in. (610 mm) from any combustible material.
9. A portable extinguisher with a minimum of a 2-A:10-B:C rating shall be provided within 30 ft of each chafing fuel device, or an approved automatic extinguishing system shall be provided.

308.4.2 Fire hazard prohibited. in Group R, Division 1 & 2 occupancies, a person shall not construct, erect, install, maintain or use any incinerator, barbecue pit or grill, or fuel fired lanterns, heaters, or torches or so burn any combustible material as to constitute or occasion a fire hazard by the use or burning thereof or as to endanger the life or property of any person thereof.

The use or burning of any such devices under the following conditions shall constitute a fire hazard and is strictly prohibited:

1. Within 10 linear feet of any combustible surface, including but not limited to decks, porches, balconies, walls, or verandas.
2. Beneath any balcony, porch, roof overhang, deck, or veranda.

Exceptions:

1. Fuel burning devices supplied by the building's source of fuel with additional safeguards as approved by the fire code official.
2. Outdoor kitchens connected as part of the R-1 or R-2 common recreation area with additional safeguards as approved by the fire code official.
3. One- and two-family dwellings, except where use or burning is within 5 feet of adjacent structure or neighboring property.

SECTION 314.4 VEHICLES is amended to read as follows:

314.4 Vehicles. Liquid-fueled or gaseous-fueled vehicles, aircraft, boats, or other motorcraft shall not be located indoors except as follows:

1. The engine starting system is made inoperable or ignition batteries are disconnected except where the fire code official requires that the batteries remain connected to maintain safety features.
2. Fuel in fuel tanks does not exceed any of the following:

2.1. Class I, II and III liquid fuel does not exceed one-quarter tank or 5 gallons (19 L), whichever is less or for large diesel vehicles, minimum amount required to position vehicle.

2.2. LP gas does not exceed one-quarter tank or 6.6 gallons (25 L), whichever is less.

2.3. CNG does not exceed one-quarter tank or 630 cubic feet (17.8 m3), whichever is less.

2.4. Hydrogen does not exceed one-quarter tank or 2,000 cubic feet (57 m3), whichever is less.

Exception: Increase in fuel quantity may be authorized with additional safeguards or as approved by the fire code official.

3. Fuel tanks and fill openings are closed and sealed to prevent tampering.
4. Vehicles, aircraft, boats or other motorcraft equipment are not fueled or defueled within the building.

SECTION 315.3.1 CEILING CLEARANCE is amended to read as follows:

315.3.1 Ceiling clearance. Storage shall be maintained 2 feet (610 mm) or more below the ceiling in nonsprinklered areas of buildings or

not less than 18 inches (457 mm) below the level of the sprinkler deflectors in sprinklered areas of buildings.

Exceptions:

1. The 2-foot (610 mm) ceiling clearance is not required for storage along walls in nonsprinklered areas of buildings.
2. The 18-inch (457 mm) ceiling clearance is not required for storage along walls in areas of buildings equipped with an automatic sprinkler system in accordance with 903.3.1.1, 903.3.1.2 or 903.3.1.3

SECTION 315.3.3 EQUIPMENT ROOMS is amended to read as follows:

315.3.3 Equipment rooms. Combustible material shall not be stored in boiler rooms, mechanical rooms, elevator machine rooms, electrical equipment rooms or in fire command centers as specified in Section 508.1.5, nor within 10 feet of any furnace or boiler room door.

CHAPTER 3 GENERAL REQUIREMENTS is amended by adding SECTION 323 FOOD BOOTHS to read as follows:

SECTION 323 FOOD BOOTHS

323.1 Permits. For permit to operate a food booth, see Section 105.5.59. It shall be unlawful to operate a food booth without a permit.

323.2 Fire Extinguishers. A minimum of one 2A:10BC fire extinguisher shall be required for all food booths. Booths containing deep fat fryers shall have a class K portable fire extinguisher for up to four fryers having a maximum cooking medium capacity of 80 pounds each. For every additional group of four fryers having a maximum cooking capacity of 80 pounds each, an additional class K extinguisher will be required. For individual fryers exceeding 6 square feet in surface area, class K extinguishers will be installed in accordance with manufacturers' recommendations. All fire extinguishers shall have a current annual inspection sticker (within a year) issued by a licensed extinguisher company or provide proof that the extinguisher is new (store receipt).

323.3 Location. Food booths utilized for cooking shall have a minimum of 10 feet clearance on two sides. Booths shall not be placed in fire lanes unless otherwise approved by the fire code official. Booths shall not be placed within 10 feet of amusement rides or devices.

323.4 Cooking equipment location. Barbeque pits shall not be located within 10 feet of combustible materials. Barbeque pits shall not be located under the food booth canopy.

323.5 Acceptable cooking sources. The following are the only approved cooking sources for food booths:

1. Wood or charcoal
2. Propane
3. Natural Gas
4. Electricity

323.6 Generators. Fuel tanks shall be of adequate capacity to permit uninterrupted operation during normal operating hours. Generators shall be isolated from contact with the public. Storage of gasoline is not allowed in or near generators or food booths.

323.7 Decorations. All decorative material shall be at least six feet away from any open flame, cooking element, or heat source or be flame resistant.

323.8 Escape route. All concession stands shall have a minimum of a three ft. aisle for emergency escape.

323.9 Propane. All equipment used in conjunction with propane tanks must be UL Listed for the purposes in which they will be used. Tanks shall be secured to prevent falling. Tanks shall only be white or aluminum in color. Only one spare tank will be allowed in a food booth. Emptied propane tanks are to be removed from the site immediately after use. Regulators shall be attached to the tanks as close as possible. Leaks can be detected using a soap and water solution. Tank shutoff valves and/or additional shutoff valves shall be accessible and away from the cooking appliance(s). Propane tanks shall not be within five feet of

an ignition source. Propane tanks shall not be located within 10 feet of a building door or window.

323.10 Area. A food booth shall consist of an area 10 feet by 10 feet. Extended food booths that exceed 10 feet by 10 feet space and used for cooking will be charged additional fees. These fees will be charged in one hundred square foot increments and any portion thereof.

CHAPTER 3 GENERAL REQUIREMENTS is amended by adding SECTION 324 PORTABLE OUTDOOR GAS-FIRED HEATING APPLIANCES to read as follows:

SECTION 324 PORTABLE OUTDOOR GAS-FIRED HEATING APPLIANCES

324.1 General Requirements.

1. It shall be unlawful to operate portable outdoor gas-fired heating appliances without a permit as required by Section 105.5.60.
2. Portable outdoor gas-fired heating appliances must comply with Section 605.5 of this code.
3. One 2A:10BC fire extinguisher installed in accordance with NFPA 10 and Section 906 of this code must be provided for every 3000 square feet of area where portable outdoor gas-fired heating appliances are used. The maximum travel distance to a fire extinguisher is not to exceed 75 feet.

CHAPTER 3 GENERAL REQUIREMENTS is amended by adding SECTION 324 PARADE FLOATS to read as follows:

SECTION 325 PARADE FLOATS

325.1 Permits. For a permit to operate a Parade Float, see Section 105.5.61. It shall be unlawful to operate a Parade Float without a permit.

325.2 Decorative materials. Decorative material on parade floats shall be noncombustible or flame retardant.

325.3 Fire protection. Motorized parade floats and towing apparatus shall be provided with a minimum 2A:10BC-rated portable fire extinguisher readily accessible to the operator.

325.4 Exhaust pipes. Motorized float exhaust pipes must be extended past the exterior of the float and be clear of all decorative material.

325.5 Escape hatch. Motorized floats shall be equipped with a quick escape hatch from interior driver compartments.

SECTION 403.2 GROUP A OCCUPANCIES is amended by adding SECTION 403.2.5 EXHIBITION HALLS - GENERAL to read as follows:

403.2.5 Exhibit halls - general. The operator of premises used as a place of exhibition shall:

1. Notify each lessee of the Fire Code requirements at the time the lease is made.
2. Where required by the Fire Chief or his designee, submit to the Fire Chief or his designee, 15 days before public operation, a detailed explanation of the nature of the operation and two copies of accurately scaled floor plans which show:
   a. The exhibit layout.
   b. Aisles.
   c. Exits.
   d. Exhibits.
   e. Show decorator's booth.
   f. Location and nature of fire extinguishing equipment; and
   g. Dates when open to the public or trade.
3. Construct, operate, and maintain the exhibition in a manner satisfying this code and the approved plans.
4. Employ one or more certified fire inspector(s) of the SAFD as required and approved by the Fire Marshal, to be on duty at such place whenever, in the opinion of the Fire Marshal, it is essential for public safety.

5. A floor plan of display area must be submitted to the Fire Marshal at least 15 days prior to the event for approval.

SECTION 403.2 GROUP A OCCUPANCIES is amended by adding SECTIONS 403.2.6 SITTING OR STANDING IN AISLES PROHIBITED, 403.2.7 AUTOMOTIVE VEHICLESAND EQUIPMENT IN EXHIBIT HALLS, SECTION 403.2.8 COOKING AND FOOD-WARMING DEVICES IN EXHIBIT BOOTHS, SECTION 403.2.9 WAITING SPACES, SECTION 403.2.10 LIFE SAFETY EVALUATION, SECTION 403.2.11 EVALUATION CONTENT, SECTION 403.2.12 OUTDOOR FACILITIES, SECTION 403.2.13 GENERAL REQUIREMENTS FOR ACCESS AND EGRESS ROUTES WITHIN ASSEMBLY AREAS, SECTION 403.2.14 FLAME-RETARDANT REQUIREMENT, SECTION 403.2.15 EXHIBITS, and SECTION 403.2.16 OPEN FLAME DEVICES to read as follows:

403.2.6 Sitting or standing in aisles prohibited. The operator of premises used as a place of assembly shall prevent the sitting or standing in aisles, passageways, or stairways while the premises are occupied.

403.2.7 Automotive vehicles and equipment in exhibit halls. The operator of and exhibitors at premises used as a place of exhibition may display automotive vehicles and equipment inside a structure if:

1. The amount of fuel in the vehicle or equipment fuel tanks is limited to the greater of:
   a. The minimum amount adequate for vehicle positioning; or
   b. One quarter tank or five gallons, whichever is less.

   Exception: Increase in fuel quantity is authorized with additional safeguards as approved by the fire code official.
2. Vehicle or equipment tanks are effectively locked or adequately sealed.
3. Vehicle or equipment battery cables are disconnected from the ignition systems.
4. Vehicle or equipment ignition keys are possessed at all times by a responsible person at the display location.
5. Vehicle operation is limited to brief parade type displays as specifically approved by the Fire Marshal.
6. Show vehicles with LPG tanks shall not be permitted inside the exhibit halls.

403.2.8 Cooking and food-warming devices in exhibit booths.

1. Gas-fired devices shall comply with the following:
   a. Natural gas-fired devices shall be in accordance with NFPA 54, National Fuel Gas Code, or NFPA 58, Liquefied Petroleum Gas Code.
   b. The use of LP-Gas cylinders shall be prohibited.
   c. Nonrefillable LP-Gas cylinders shall be approved for use where permitted by the authority having jurisdiction.
2. The devices shall be isolated from the public by not less than 48 in. (1220 mm) or by a barrier between the devices and the public.
3. Single-well cooking equipment using combustible oils or solids shall meet the following criteria:
   a. They shall have lids available for immediate use.
   b. They shall be limited to two ft^2 (0.2 m^2) of cooking surface.
   c. They shall be placed on noncombustible surface materials.
   d. They shall be separated from each other by a horizontal distance of not less than 24 in. (610 mm).
   e. They shall be kept at a horizontal distance of not less than 24 in. (610 mm) from any combustible material.

4. A portable fire extinguisher shall be provided within the booth for each device or an approved automatic extinguishing system shall be provided.

403.2.9 Waiting spaces. In theaters and other assembly occupancies where persons are admitted to the building at times when seats are not available or when the permitted occupant load has been reached and persons are allowed to wait in a lobby or similar space until seats or space is available, the following requirements shall apply:

1. Such use of a lobby or similar space shall not encroach upon the required clear width of exits.
2. The waiting spaces shall be restricted to areas other than the required means of egress.
3. Exits for waiting spaces shall be in addition to the exits specified for the main auditorium area.

403.2.10 Life safety evaluation. Where the occupant load of an assembly occupancy exceeds 6000, a life safety evaluation shall be performed. Where a life safety evaluation is required by other provisions of the Code, it shall comply with the following:

1. The life safety evaluation shall be performed by persons acceptable to the authority having jurisdiction.
2. The life safety evaluation shall include a written assessment of safety measures for conditions listed in Section 403.2.11.
3. The life safety evaluation shall be approved annually by the authority having jurisdiction and shall be updated for special or unusual conditions.

403.2.11. Evaluation content. Life safety evaluations shall include an assessment of the following conditions and the related appropriate safety measures:

1. Nature of the events and the participants and attendees.
2. Access and egress movement, including crowd density problems.
3. Medical emergencies.
4. Fire hazards.
5. Permanent and temporary structural systems.
6. Severe weather conditions.
7. Earthquakes.
8. Civil or other disturbances.
9. Hazardous materials incidents within and near the facility.
10. Relationships among facility management, event participants, emergency response agencies, and others having a role in the events accommodated in the facility.

403.2.12 Outdoor facilities. In outdoor facilities, where approved by the authority having jurisdiction, the number of occupants who are each provided with not less than 15 square feet (1.4 m2) of lawn surface shall be permitted to be excluded from the maximum occupant load of 6000 in determining the need for a life safety evaluation.

403.2.13 General requirements for access and egress routes within assembly areas. General requirements shall comply with 403.2.13.1 and 403.2.13.2.

403.2.13.1 Festival seating. Festival seating shall be prohibited within a building, unless otherwise permitted by the following:

1. Festival seating shall be permitted in assembly occupancies having occupant loads of 250 or less.
2. Festival seating shall be permitted in assembly occupancies where occupant loads exceed 250, provided that an approved life safety evaluation has been performed.

403.2.13.2 Access and egress routes. Access and egress routes shall be maintained so that crowd management, security, and emergency medical personnel are able to reach any individual at any time, without undue hindrance.

403.2.14 Flame-retardant requirement. Scenery and prop material construction shall comply with 403.2.14.1 through 403.2.14.3.

403.2.14.1 Combustible scenery. Combustible scenery of cloth, film, vegetation (dry), and similar materials shall meet the requirements of NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films.

403.2.14.2 Foamed plastics. Foamed plastics shall be permitted to be used only by specific approval of the authority having jurisdiction.

403.2.14.3 Scenery and props. Scenery and stage properties on thrust stages shall be of noncombustible materials, limited-combustible materials, or fire-retardant-treated wood.

403.2.15 Exhibits. Exhibits shall comply with 403.2.15.1 through 403.2.16.

403.1.15.1 Travel distance. The travel distance within the exhibit booth or exhibit enclosure to an exit access aisle shall not exceed 50 ft (15 m).

403.2.15.2 Multilevel exhibits. The upper deck of multilevel exhibits exceeding 300 ft^2 (28 m^2) shall have not less than two remote means of egress.

403.2.15.3 Construction. Exhibit booths shall be constructed of the following:

1. Noncombustible or limited-combustible materials.
2. Wood exceeding ¼ in. (6.3 mm) nominal thickness.
3. Wood that is pressure-treated, fire-retardant wood meeting the requirements of NFPA 703, Standard for Fire Retardant-Treated Wood and Fire-Retardant Coatings for Building Materials.
4. Flame-retardant materials complying with NFPA 701, Standard Methods of Fire Tests for Flame Propagation of Textiles and Films.
5. Foamed plastics and materials containing foamed plastics having a heat release rate for any single fuel package that does not exceed 100 kW, where tested in accordance with UL 1975, Standard for Fire Tests for Foamed Plastics Used for Decorative Purposes.
6. Cardboard, honeycombed paper, and other combustible materials having a heat release rate for any single fuel package that does not exceed 150 kW, where tested in accordance with UL 1975, Standard for Fire Tests for Foamed Plastics Used for Decorative Purposes.

403.2.15.4 Curtains, drapes, and decorations. Curtains, drapes, and decorations shall comply with section 807.1.

403.2.15.5 Decorative material. Acoustical and decorative material including, but not limited to, cotton, hay, paper, straw, moss, split bamboo, and wood chips shall be flame-retardant treated to the satisfaction of the authority having jurisdiction and conforming to flame-proofing requirements of the NFPA.

403.2.15.5.1 Treatment. Materials that cannot be treated for flame retardancy shall not be used.

403.2.15.5.2 Foam products. Foamed plastics, and materials containing foamed plastics and used as decorative objects such as, but not limited to, mannequins, murals, and signs, shall have a heat release rate for any single fuel package that does not exceed 150 kW where tested in accordance with UL 1975, Standard for Fire Tests for Foamed Plastics Used for Decorative Purposes.

403.2.15.5.3 Aggregate area as approved. Where the aggregate area of acoustical and decorative materials is less than 10 percent of the individual floor or wall area, such materials shall be permitted to be used subject to the approval of the authority having jurisdiction.

403.2.16 Open flame devices. Open flame devices within exhibit booths shall comply with Section 4104.2.

SECTION 405.3 FREQUENCY is amended by adding SECTION 405.3.1 CONDUCTING FIRE

DRILLS IN E OCCUPANCIES and 405.3.2 FIRE DRILLS FOR E OCCUPANCIES to read as follows:

405.3.1 Conducting fire drills in E occupancies. The operator of premises housing an E Occupancy shall conduct fire drills:

1. Without warning.
2. In a manner requiring:
   a. all students to immediately leave the structure upon hearing the fire drill signal.
   b. a roll call by classes outside the structure; and
   c. doors to be closed as each area is evacuated.
3. In a manner simulating fire conditions.
4. In a manner prohibiting students from running or playing.
5. If approved, in a manner permitting security persons to remain inside the structure during drills, which include:
   a. Complete checks of each section of the structure.
   b. The use of varying evacuation routes.
   c. Occasional simulation of blocked exits.
   d. Provisions for calling the fire department; and
   e. The use of varying drill times.
6. During weather which does not pose a health threat to students.
7. As an exercise in discipline and procedure, rather than speed; and
8. By pulling a manual pull station.

405.3.2 Fire drills for E occupancies. FIRE CHIEF'S POWER TO ORDER FIRE DRILL. The Fire Chief may require a fire drill at any E Occupancy at any time.

SECTIONS 407.5 HAZARDOUS MATERIALS INVENTORY STATEMENT and 407.6 HAZARDOUS MATERIALS MANAGEMENT PLAN are repealed and replaced by S E C T IONS 407.5 HAZARDOUS MATERIALS INVENTORY STATEMENT and 407.6 HAZARDOUS MATERIALS MANAGEMENT PLAN to read as follows:

407.5 Hazardous materials inventory statement. Where required by the fire code official, each application for a permit shall include a Hazardous Materials Inventory Statement (HMIS). The HMIS shall comply with NFPA 1 annex D.

407.6 Hazardous materials management plan. Where required by the fire code official, each application for a permit shall include a Hazardous Materials Management Plan (HMMP). The HMMP shall comply with NFPA 1 annex D. The fire code official is authorized to accept a similar plan required by other regulations.

SECTION 501.3 CONSTRUCTION DOCUMENTS is amended by adding SECTION 501.3.2 SITE PLAN to read as follows:

501.3.2 Site plan. A digital copy of the Fire Protection Site Plan (labeled as such) shall be submitted with the construction documents at the time of application for a building permit. Plans must be reviewed and approved by the Fire Marshal and/or fire plan review staff prior to issuance of a building permit. The approved Fire Protection Site Plan will be retained by the City of San Antonio. The Fire Protection Site Plan shall show and include, but not be limited to, the following:

1. Compass reading.
2. Property and/or lot lines.
3. Street frontages.
4. Location of all buildings (existing and proposed).
5. Fire apparatus access roads (i.e., fire lanes, aerial apparatus access roads) to buildings. Fire lanes shall be highlighted and shall include dimensions (width, turning radii, clearance to overhead obstructions, etc.). The plans shall also show dimensions and calculations for evaluation of compliance with Section D105.3.
6. Fences, gates, walls, streams and other obstructions to firefighter access.

7. Location of all fire hydrants (existing and proposed). This shall include the direction and the distance to all hydrants not shown on the site plan, but within one thousand feet of the building to be protected.
8. Size (diameter and length) and locations of all fire main piping (proposed and existing). The pressure class and type of new pipe to be installed shall be identified.
9. The location, type, and size of backflow prevention devices, where installed.
10. Number of lanes, including turning lanes, of all adjacent streets and the location of medians as applicable.
11. Location of all automatic sprinkler and standpipe risers.
12. Location of fire department connection(s).
13. Size, type, and location of valves including post indicator valve (if they are located in a pit), control room automatic sprinkler system shut-off, etc.
14. Other water supplies.
15. Where required, type of protection from collision that may cause physical damage to fire protection equipment.

SECTIONS 503.1.1 BUILDINGS AND FACILITIES is amended to read as follows:

503.1.1 Buildings and facilities. Approved fire apparatus access roads shall be provided for every facility, building or portion of a building hereafter constructed or moved into or within the jurisdiction. The fire apparatus access road shall comply with the requirements of this section and shall extend to within 150 feet (45 720 mm) of all portions of the facility and all portions of the exterior walls of the first story of the building as measured by an approved route around the exterior of the building or facility. In sprinklered Group R-2 apartment houses, the distance may be measured through open breezeways having a minimum clear width of six feet.

Exceptions:

1. The fire code official is authorized to increase the dimension of 150 feet (45 720 mm) where any of the following conditions occur:

1.1 The building is equipped throughout with an approved automatic sprinkler system installed in accordance with Section 903.3.1.1, 903.3.1.2 or 903.3.1.3. The dimension shall be increased from 150 feet to 200 feet. This increase shall not be applicable to Groups H and I Occupancies, buildings with occupancies having High-Piled Combustible Storage and high-rise buildings.

1.2 Fire apparatus access roads cannot be installed because of location on property, topography, waterways, nonnegotiable grades or other similar conditions, and an approved alternative means of fire protection is provided.

1.3 There are not more than two Group R-3 or Group U occupancies.

1.4 The building is a non-combustible Group S-2 open parking garage meeting the requirements of the International Building Code Section 406.3, with or without a sprinkler system. The increase shall be allowed to be up to 200 feet.

2. Where approved by the fire code official, fire apparatus access roads shall be permitted to be exempted or modified for solar photovoltaic power generation facilities.

SECTIONS 503.1.1 BUILDINGS AND FACILITIES is amended by adding SECTION 503.1.1.1 ACCESS FROM ADJACENT LOT to read as follows:

503.1.1.1 Access from adjacent lot. Where fire apparatus access roads for a building or buildings are provided from an adjacent lot, a fire lane easement or ingress/egress easement is required to be recorded on the adjacent lot's plat that is providing the common access. The adjacent lot's plat is to clearly show the easement graphically.

Exception: In lieu of the graphical easement, a note may be placed on the plat that, at a minimum, states the following: "Ingress and egress shall be provided between all adjacent lots for adequate fire department vehicle access per the City of San Antonio Fire Code. The cross access shall not be blocked, nor may this note be taken off the plat without written permission from the City of San Antonio Director of Development Services and the San Antonio Fire Department Fire Marshal."

SECTION 503.2.1 DIMENSIONS is amended by adding SECTIONS 503.2.1.1 DIVIDED ENTRANCE TO PROPERTY and 503.2.1.2 MOUNTABLE CURBS to read as follows:

503.2.1.1 Divided entrance to property. When guard houses, security stations, median, landscape islands or other similar use obstructions are so located as to create a one-way and partially obstruct the entrance(s) to a property or fire lane(s) in any location, such one way(s) shall be a minimum of fourteen feet clear on each side of the obstruction. This minimum requirement is only applicable at the point(s) of obstruction and is not permitted along required aerial apparatus access roads, fire apparatus access roads adjacent to fire hydrants or fire department connections, or at any location where a fire apparatus vehicle is expected to be positioned for the duration of the fire event. Turning radii shall be permitted in accordance with Section 503.2.4.

503.2.1.2 Mountable curbs. Mountable curbs are permitted when approved by the Fire Marshal.

SECTION 503.2.3 SURFACE is amended to read as follows:

503.2.3 Surface. Fire apparatus access roads shall be designed and maintained to support the imposed loads of fire apparatus and shall be surfaced so as to provide all-weather driving capabilities.

Drivable grass surfaces, or other alternative drivable surfaces, are permitted when approved by the Fire Marshal or his designee and in accordance with all of the following conditions:

1. Sealed documents indicating compliance with the provisions of 503.2.3 shall be submitted by a registered design professional for review.
2. The drivable grass surface, or alternative drivable surface, shall not be used as the primary access to the site.
3. The surface shall be capable of supporting the imposed load of fire apparatus weighing at least 85,000 pounds.
4. Blue traffic reflectors shall be provided on each side of the surface every 20 feet to clearly mark its boundaries. Vegetation on and surrounding the surface shall be maintained such that said reflectors are visible at all times.
5. Sod is not permitted to be placed over the drivable base.
6. If the surface proposed is to be used as the aerial apparatus access road for the facility, concrete curbing, or other approved edging, shall be installed along both sides of the portion to be used as such for enhanced lateral stability.
7. If sand or other free-flowing fill is used as a main structural component for the surface, concrete curbing or other approved edging shall be installed along both sides of the surface for material containment.
8. The surface shall be maintained in proper working order at all times when utilized as a required fire lane. Should the surface become damaged or fall into disrepair, the Fire Marshal or his designee shall be authorized to require the repair and re-certification of said surface.

SECTION 503.2.4 TURNING RADIUS is amended to read as follows:

503.2.4 Turning radius. The required turning radius of a fire apparatus access road shall be determined by the fire code official.

The turning radii of a fire apparatus access roadway shall require a minimum of 50 feet outside radius and a minimum of 25 feet clear distance to the inside radius on all turns in excess of 30 degrees.

SECTION 503.2.5 DEAD ENDS is amended to read as follows:

503.2.5 Dead ends. Dead-end fire apparatus access roads in excess of 150 feet (45 720 mm) in length shall be provided with an approved area for turning around fire apparatus. Turn arounds approved by the Fire Marshal or as permitted by Appendix D are acceptable.

Exception: Where the building is equipped throughout with an approved sprinkler system in accordance with Section 903.3.1.1, 903.3.1.2, or 903.3.1.3, the maximum length of dead-end fire apparatus access roads shall be increased to 200 feet. This increase shall not be applicable to Groups H and I Occupancies, buildings with occupancies having High-Piled Combustible Storage, and high-rise buildings. This increase shall apply to all non-combustible Group S-2 open parking garages meeting the requirements of the International Building Code Section 406.3, with or without an approved automatic fire sprinkler system.

SECTION 503.2.7 GRADE is repealed and replaced with SECTION 503.2.7 GRADE to read as follows:

503.2.7 Grade. The gradient for a fire apparatus access road shall not exceed 12%.

SECTION 503.3 MARKING is repealed and replaced by SECTION 503.3 MARKING to read as follows:

503.3 Marking. Upon the designation of a fire lane pursuant to this ordinance, the Fire Marshal shall give notice of such designation to the owner of such designated premise, directing the owner to cause signs to be posted at the expense of the owner at designated locations stating: "Fire Lane - No Parking at any Time City Ord. 54547." Such signs shall be of standard size and color, of standard lettering and mounting, conforming to specifications established by the Director of Public Works. In addition to the signs, the owners of such designated premises at their option, or, if so directed by the Fire Marshal, shall paint all fire lane curbs red with white- stenciled letters stating, "Fire Lane, No Parking". Lettering for the curbs shall use 4-inch lettering with a distance of not more than 40 feet between wording. It shall be unlawful to park any vehicle other than an authorized emergency vehicle in a designated fire lane when such signs are in place, or such red curbing exists. In areas where the fire lane may not be clearly defined, the Fire Marshal may require a 4-inch red stripe be painted that defines the boundaries of the fire lane.

SECTION 503.4.1 TRAFFIC CALMING DEVICES is repealed.

SECTION 503.6 SECURITY GATES is amended to read as follows and by adding 503.6.1 DIRECTION OF SWING to read as follows:

503.6 Security gates. The installation of security gates across a fire apparatus access road shall be approved by the fire marshal. Where security gates are installed, they shall have an approved means of emergency operation to include a fire department specific key switch, lock, or box. Upon loss of power to electric gate operators, a secondary power source or clearly marked and identified manual release shall be provided. The security gates and the emergency operation shall be maintained operational at all times. Electric gate operators, where provided, shall be listed in accordance with UL 325. Gates intended for automatic operation shall be designed, constructed and installed to comply with the requirements of ASTM F2200.

503.6.1 Direction of swing. Security gates installed across a Fire Apparatus Access Road shall swing in the direction of travel towards the building or open horizontally to avoid backing up of Fire Apparatus and to allow for an expedited response.

SECTION 503 FIRE APPARATUS ACCESS ROADS is amended by adding SECTIONS 503.7 FIRE MARSHAL AUTHORITY TO DESIGNATE FIRE LANES, 503.8 SUMMONS TO BE ISSUED FOR PARKING VIOLATION, 503.9 REMOVAL OF VEHICLE BY PROPERTY OWNER, 503.10

REMOVAL OF VEHICLE BY FIRE CHIEF, and 503.11 ABANDONMENT OF FIRE LANE to read as follows:

503.7 Fire marshal authority to designate fire lanes. The Fire Marshal is hereby authorized to designate fire lanes on designated premises where such areas must be free of parked vehicles and other obstructions to provide ready access to buildings therein, in case of fire or other emergencies. The Fire Marshal's designation of such fire lanes does not obviate the owner of such property of their responsibility to maintain the area. Further, owners of the private property or their designated representative may request that additional fire lanes be designated by the Fire Marshal.

503.8 Summons to be issued for parking violation. A summons or notice to appear in answer to a charge of parking in violation of this section specifying the location of the fire lane in which such violation occurred and the date and time of such violation, may be issued by any police officer or any member of the Arson Investigating unit or inspectors in the Fire Prevention Bureau of the Fire Department.

503.9 Removal of vehicle by property owner. Except an authorized emergency vehicle, the owner of private property, or their agent, may have any motor vehicle that is parked in a legally designated fire lane removed and stored at either their own expense or that of the vehicle operator.

The owner of the premises, or their agent, who has a vehicle removed and stored, is not liable for damages incurred as a result of removal or storage, if the vehicle is removed by a vehicle wrecker service insured against liability for property damage incurred in towing vehicles and is stored by a storage company insured against liability for property damage incurred in the storage of vehicles.

503.10 Removal of vehicle by fire chief. Any vehicle parked in any designated fire lane may be removed at the vehicle owners' expense upon the authorization of the Fire Chief under the following conditions:

1. When the vehicle violates City Ordinance 54547 (Fire Lanes) by parking in a fire lane, or
2. When a vehicle blocks the ingress/egress of a business, theater, night club, apartment complex, gymnasium or a place of assembly, or
3. When a vehicle's presence threatens the life safety of the public by impeding the ability of the fire apparatus and emergency medical equipment to respond to an emergency.

The Fire Chief shall cause such vehicle to be removed by the towing service operating under a contract with the city and shall further cause such vehicle to be impounded in one of the Police Department Vehicle Storage sections.

503.11 Abandonment of fire lane. No owner, manager or person in charge of any premises served by a required fire lane shall abandon or close any such fire lane without the written permission from the Fire Marshal.

SECTION 504.1 REQUIRED ACCESS is amended by adding SECTION 504.1.1 FIREFIGHTER PERSONNEL ACCESS to read as follows:

504.1.1 Firefighter personnel access. A minimum width of five (5) feet of clear space shall be provided to allow for firefighter personnel to access the building from all sides of the exterior.

SECTION 505.1 ADDRESS IDENTIFICATION is repealed and replaced with SECTION 505.1 ADDRESS IDENTIFICATION to read as follows:

505.1 Address identification. New and existing buildings shall have approved address numbers, building numbers or approved building identification. The address identification shall be legible and placed in a position that is visible from the street or road fronting the property. Address identification characters shall contrast with their background. Address

numbers shall be Arabic numbers or alphabetical letters. Numbers shall not be spelled out. Address characters shall be a minimum of 6 inches (102 mm) high with a minimum stroke width of 0.5 inch (12.7 mm). For buildings with individual suites, the suite numbers shall be a minimum of 4 inches high with a minimum stroke width of 0.5 inches. Where required by the fire code official, address identification shall be provided in additional approved locations to facilitate emergency response. Where access is by means of a private road and the building cannot be viewed from the public way, a monument, pole or other sign or means shall be used to identify the structure. Address numbers shall be maintained.

SECTION 505 PREMISES IDENTIFICATION is amended to add sections 505.3 MULTI- BUILDING COMPLEXES, 505.3.1 MULTI-ADDRESS COMPLEXES, 505.4 MALL LEASE SPACES, and 505.5 TENANT IDENTIFICATION to read as follows:

505.3 Multi-building complexes. Office, industrial and apartment complexes shall be identified by name and number on a site map at the main entry roadway to identify the location of each building in the complex.

505.3.1 Multi-address complexes. Office and industrial complexes with multiple addresses contained within shall post all addresses so that they are visible from roadway.

505.4 Mall lease spaces. Each mall lease space shall be identified by a uniform size number at a uniform easily visible location in proximity to exterior and mall entrance doors.

505.5 Tenant identification. Each occupied tenant space provided with a secondary exit to the exterior or exit corridor shall be provided with tenant identification by business name and address. Letters and numbers shall be posted on the corridor side of the door, be plainly legible and shall contrast with their background.

Exception: Tenant identification is not required for anchor stores.

SECTION 506 KEY BOXES is amended to add SECTIONS 506.2.1 KEY BOX ACCESS AND REMOVAL OF KEYS and 506.3 KEY BOX LOCATION AND CONTENTS to read as follows:

506.2.1 Key box access and removal of keys. The Fire Department shall have the only key to the key box. Removal of any key by other than the authorized Fire Department personnel shall be a violation of this Code.

506.3 Key box location and contents. Required key boxes shall be located as follows and as approved by the Fire Marshal:

1. Within 12 feet of the emergency elevators and visible from the entrance to the emergency elevator; or
2. Between 5 and 7 feet to the side of the main entrance level to the building and between 5 to 7 feet from the grade where practical, or as approved by the Fire Marshal.

The key box shall contain designated keys essential to emergency operations including, but not limited to, the following:

1. Elevator keys capable of accessing all floors in the building.
2. Stairway keys.
3. Fire control station keys.
4. Alarm System keys.

SECTION 507.3 FIRE FLOW is amended to read as follows and by adding SECTION 507.3.1 FIREFLOW FOR RURAL ISOLATED AREAS to read as follows:

507.3 Fire flow. Fire Flow requirements for buildings or portions of buildings and facilities shall be as per Appendix B of the International Fire Code or other approved method as determined by the Fire Marshal. When utilizing Table C105.1 to determine number and distribution of fire hydrants, and the flow requirement falls between the values on the table, the flow requirement shall be rounded up to meet the higher value.

507.3.1 Fire flow for rural isolated areas. The fire flow requirements for rural, isolated structures may be determined as follows. The

Fire Marshal may modify the fire flow requirements for small, isolated buildings or light hazard occupancies (as defined in NFPA 13, referenced in Chapter 80) under the following conditions:

1. The building is fully protected with an approved automatic fire sprinkler system installed in accordance with Section 903.3.1.1 or 903.3.1.2.
2. The automatic sprinkler system demand, including hose stream demand is provided.
3. The building is located in a subdivision area considered by the Code Official to be in a rural setting.
4. Provision of a fully compliant water supply is a severe economic burden.
5. A minimum of 60-foot yard is provided between the buildings and property lines (dedicated right-of-way may be used to obtain clear distance); and
6. When the Fire Code required fire flow is available at the property line, the owner shall connect to the water supply system and provide on-site fire hydrants and water supply as is otherwise required by the Code.

SECTION 507.4 WATER SUPPLY TEST is repealed and replaced with SECTION 507.4 WATER SUPPLY TEST to read as follows:

507.4 Water supply test. Adequacy of the water supply shall be determined by an approved flow test that is conducted on the fire hydrants nearest the project site unless otherwise approved by the Code Official. The flow test shall be as follows:

1. The flow test shall have been conducted no more than 12 months prior to the date of construction document submittal to the City of San Antonio.
2. The flow test shall be conducted in accordance with NFPA 291, Recommended Practice for Fire Flow Testing and Marking of Hydrants and any other applicable local, state, or national standards and/or requirements.
3. The flow test results shall be submitted with the construction documents in accordance with the COSA standard fire flow test format.
4. If the water supply piping is not yet constructed, hydraulic calculations for the proposed piping design shall be submitted. The calculations shall be based on the flow test conducted on the fire hydrants nearest the project site and shall verify that the piping design provides the minimum require fire flow at no less than 25 psi residual. Upon completion of construction and prior to final certificate of occupancy, a flow test shall be conducted to verify the results of the calculations.

SECTION 507.5.1 WHERE REQUIRED is repealed and replaced with SECTION 507.5.1 WHERE REQUIRED to read as follows:

507.5.1 Where required. Public and/or private fire hydrants are required to be installed where one or more of the following conditions exist:

1. Existing fire hydrants do not meet the required fire hydrant location and spacing criteria defined in Section 507.5.1.1, 507.5.1.2, or Appendix C.
2. The complexity of the project justifies their installation as determined by the Fire Marshal.

SECTION 507.5.1.1 HYDRANT FOR STANDPIPE SYSTEMS is repealed and replaced with SECTION 507.5.1.1 FIRE HYDRANT LOCATION AND SPACING FOR NON-SINGLE-FAMILY DEVELOPMENTS to read as follows:

507.5.1.1 Fire hydrant location and spacing for non-single-family developments. Sufficient fire hydrants shall be considered to be provided for a building when:

1. Not more than 500 feet of hose will be required to reach from a fire hydrant to all exterior portions of the first floor of the structures in question; and

   Exception: Where the building is equipped throughout with an approved sprinkler system installed in accordance

with Section 903.3.1.1, 903.3.1.2, or 903.3.1.3, the maximum distance from hydrants to all exterior portions of the building shall be increased to 750 feet as the hose lays. This increase shall not be applicable to Groups H and I Occupancies, buildings with occupancies having High-Piled Combustible Storage and high-rise buildings. This increase shall apply to all non- combustible Group S-2 open parking garages meeting the requirements of the International Building Code, Section 406.3, with or without a sprinkler system.
