2. All fire hydrants required as prescribed by Appendix C shall be within 500 feet of a point on the building being protected and said distance is measured per the hose lay criteria in Section 507.5.1.2.

   Exception: Where the building is equipped throughout with an approved sprinkler system installed in accordance with Section 903.3.1.1, 903.3.1.2, or 903.3.1.3, the maximum distance from hydrants to a point on the building shall be increased to 750 feet as the hose lays. This increase shall not be applicable to Groups H and I Occupancies, buildings with occupancies having High-Piled Combustible Storage and high-rise buildings. This increase shall apply to all non-combustible Group S- 2 open parking garages meeting the requirements of the International Building Code Section 406.3, with or without a sprinkler system.

SECTION 507.5.1 WHERE REQUIRED is amended by adding SECTION 507.5.1.2 FIRE HYDRANT LOCATION AND SPACING to read as follows:

507.5.1.2 Fire hydrant location and spacing. Fire hydrants shall be located and spaced per the following criteria:

1. Hose lay is measured along public streets, fire lanes, and access roadways for Fire Department vehicles. This hose lay consists of 350 feet of supply line as deployed by truck, and 150 feet of hose deployed by hand. Unless otherwise increased in this Code, where the building is equipped throughout with an approved sprinkler system installed in accordance with Section 903.3.1.1, 903.3.1.2, or 903.3.1.3, the maximum distance from hydrants to a point on the building shall be increased to 750 feet as the hose lays with 550-foot hose lay by the truck and 200-foot hose lay by hand.

2. No fire flow credit is allowed for hydrants which are so obstructed as to make their use impractical, such as, but not limited to, hydrants across main line railroad tracks that are in heavy use or across limited access highway, expressways, primary thoroughfares, across streams, or walls. Hydrants requiring fire apparatus to drive against oncoming traffic to supply water for fire protection and not in the normal direction of travel on one-way streets or highway access roads shall be considered obstructed unless approved by the fire code official.

3. Hydrants required by this code along both public and private water mains shall be spaced no closer than 300 feet with spacing between hydrants not to exceed 600 feet. Additional non- required hydrants may be spaced no closer than 200 feet from required hydrants unless approved by the fire code official.

4. Fire hydrants shall be located along the public right-of-way or along the Fire Department access roadways, preferably at intersections or on islands separating parking areas which cannot be obstructed by parked vehicles. Hydrants in areas subject to physical damage shall be protected from collision. Fire hydrants across more than four lanes of traffic (including turning lanes) or across medians are not considered accessible.

5. Where existing or proposed fire line(s) and/or existing or proposed fire hydrant(s) are to be used to meet the requirements of this Code and are provided from an adjacent lot, said appurtenances shall be provided with a dedicated water ease-

ment. The easement is required to be recorded on the adjacent lot's plat that is proposing the shared access. The adjacent lot's plat is to clearly show the water easement graphically. Recordation by legal instrument alone is not approved by the Fire Marshal.

SECTION 507.5.3 PRIVATE FIRE SERVICE MAINS AND WATER TANKS is amended by adding SECTION 504.5.3.1 PRIVATE FIRE SERVICE MAIN to read as follows:

507.5.3.1 Private fire service main. Private fire mains as used in this Code are the pipe and its appurtenances on private property between San Antonio Water System, other public water system, or other sources of water and the base elbow of private fire hydrants or the rise for automatic sprinkler or standpipe systems. When connected to a public water system, the private fire main begins at a point designated by the public water utility. When connected to a gravity tank or pressure tank, the private fire main begins at the inlet side of the tank check valve.

SECTION 507.5.5 CLEAR SPACE AROUND HYDRANTS is amended to read as follows:

507.5.5 Clear space around hydrants. A 3-foot (914 mm) clear space shall be maintained around the circumference of fire hydrants, except as otherwise required or approved. The clear space around hydrant and the access to the hydrant shall be no more than eight percent (8%) slope.

SECTION 507.5 FIRE HYDRANT SYSTEMS is amended by adding SECTIONS 507.5.7 DESIGN CRITERIA FOR WATER MAINS and 507.5.8 FIRE HYDRANT INSTALLATION CRITERIA to read as follows:

507.5.7 Design criteria for water mains.

1. Where the fire service mains are used to supply required fire hydrants, the mains shall be sized to flow the required fire flow as determined by Section 507.3.

2. Where the fire service mains are used to supply required fire hydrants plus fire sprinkler and/or fire standpipe systems, the mains shall be sized to flow the larger of the fire hydrant flow demand as determined by Section 507.3, the fire sprinkler demand as determined by Section 903.3 or the fire standpipe demand as determined by Section 905.2.

3. The required number of fire hydrants for the fire flow determined by Section 507.3 shall be specified in Appendix C, Table C102.1.

4. When sizing the fire service main, the distribution of the fire flow among the required fire hydrants (as determined by item no. 1 or 2 above) shall be as determined by the Fire Marshal, but in most cases shall have no less than 1,000 GPM at the hydraulically remote fire hydrant with the remaining fire flow equally distributed among the remaining required fire hydrants.

5. Main Size:

5.1. Minimum diameter for public water mains shall be six inches in single-family residential areas and eight inches in all other areas. Larger mains may be required to accommodate fire flow requirements.

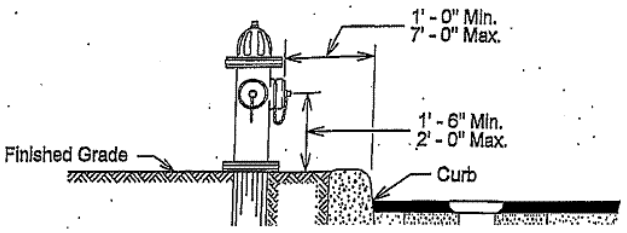
5.2. Private fire mains shall be hydraulically calculated.

6. Water pressure in private fire mains shall not be less than thirty-five pounds per square inch (35 psi) with no hydrants in use. When hydrants are in use supplying the required fire flow, water pressure in the main at the fire hydrant discharge level shall be not less than 25 pounds per square inch (25 psi) residual.

7. Except for specific requirements of this code, all hydrants and mains required for private protection shall be designed, constructed, and operated in conformance with the local water purveyor's criteria, specifications and regulations for public fire hydrants and mains on public streets and NFPA 24.

507.5.8 Fire hydrant installation criteria. Fire hydrants shall be installed per the following criteria:

1. Fire hydrants shall be a minimum of one foot and a maximum of seven feet from the gutter face of the curb which forms a public way or Fire Lane. Fire hydrants in parking lots adjacent to a Fire Lane or public way shall meet the same requirement for distance and be located on a curbed island or protected by bollards.
2. The steamer (pumper) connection shall be a minimum of one and one-half feet and a maximum of two feet above grade.
3. All private hydrants shall be painted red.
4. Fire hydrants shall be right turn only.
5. The steamer (pumper) connection shall face the street, fire access road or fire lane.
6. The steamer (pumper) connection shall have a nominal inside diameter of 4 inches.
7. Hydrants shall have two other hose connections with a nominal inside diameter of 2.5 inches in addition to the steamer (pumper) connection.
8. Hydrants, public or private, shall be located not less than 40 feet from the building to be protected.



SECTION 509.1 IDENTIFICATION is amended to read as follows:

509.1 Identification. Fire protection equipment shall be identified in an approved manner. Rooms containing controls for air-conditioning systems or fire protection systems shall be identified for the use of the fire department. Signs utilizing symbols shall have white reflective symbols on red background per guidelines found in NFPA 170. Signs shall be a minimum size of 4 inches by 6 inches, red background with white lettering with letters a minimum of .05-inch letter stroke. Approved signs required to identify fire protection equipment and equipment location shall be constructed of durable materials, permanently installed and readily visible. For exterior signs, heavy-gauge, sign-grade aluminum shall be used. Interior signs shall be constructed of rigid plastic, light-gauge aluminum or other approved, durable, water- resistant material.

SECTION 510.1 EMERGENCY RESPONDER COMMUNICATIONS ENHANCEMENT SYSTEMS IN NEW BUILDINGS is amended to read as follows and by adding SECTION 510.1.1 EXEMPTIONS and SECTION 510.1.2 FAILURE TO COMPLY to read as follows:

510.1 Emergency responder communications enhancement systems in new buildings. Approved in- building, emergency responder communications enhancement system (ERCES) for emergency responders shall be provided in all new buildings. .

Except as otherwise provided, no person shall erect, construct, modify or cause any building, structure or any part thereof, causing the failure to support adequate radio coverage for City of San Antonio public safety services to include, but not limited to, police, fire, and public works department. A certificate of occupancy may not be issued for any building or structure which fails to comply with this requirement.

510.1.1 Exemptions. This section shall not apply to any building less than 50,000 square feet or any building less than four stories with less than 50,000 square feet per floor.

510.1.2 Failure to comply. Failure to comply with this code shall be grounds for the Director of Development Services to revoke any previously issued Certificate of Occupancy for the building or structure. A written appeal may be taken to the Building-related and Fire Codes Appeals and Advisory Board regarding the revocation of the Certificate of Occupancy.

SECTION 510.2 EMERGENCY RESPONDER COMMUNICATIONS ENHANCEMENT SYSTEM IN EXISTING BUILDINGS is repealed and replaced by 510.2 NEEDS ASSESSMENT SURVEY and amended by adding 510.2.1 RETROACTIVE REQUIREMENTS to read as follows:

510.2 Needs assessment survey. A needs assessment survey to determine if the installation of an in-building two-way radio enhancement system for in-building emergency responder communications coverage shall be completed based on the criteria set forth in Section 510.1 through 510.5. The needs assessment survey shall not be completed without prior coordination and approval of the radio licensing authority and AHJ, shall be submitted in an acceptable format and shall comply with the following:

1. In addition to the requirements set forth in Section 510.1, a needs assessment survey shall always be conducted for any building with one or more basements or below-grade levels, to include any underground parking facilities and structures.

2. Surveys shall be conducted utilizing industry standard, calibrated test equipment to perform on-site spectrum analysis of radio signal levels. Documentation of equipment calibration shall be provided with the test report package. Each floor should be divided into 20 equal test grids.

3. Measurements should be taken at the center of each test grid or as close to the center as possible.

4. Critical areas must be designated on the floor plan and included in the survey are fire command centers, fire pump rooms, exit stairwells, exit passageways, elevator lobbies, standpipe cabinets, and sprinkler sectional valve locations.

5. For projects where the scope includes the building shell only all exterior finish materials (cladding, brickwork, veneer), all roofing materials, glazing, interior finish materials for the shell stage (drywall, wood paneling, flooring and custom finishes) shall be installed to include weather sealing of all glazing, prior to the site survey being conducted. Additionally, all exterior doors shall be closed.

6. For projects where the scope includes building shell and interior tenant finish out, all of the requirements for shell stage shall apply with the addition of all interior walls, doors and partitions being installed. Where such walls, doors and partitions include glazing, the installation of such glazing shall be complete to include any required sealing. Additionally, any doors specified with seals and / or sweeps shall have said seals and/or sweeps installed prior to the site survey being conducted.

7. For storage occupancy projects that require installation of rack systems for storage of materials and/or products, all survey requirements for shell and finish out stages shall apply and all rack storage equipment shall be installed prior to any survey being conducted.

8. An acceptable survey shall yield a minimum signal strength inbound and outbound of - 95dBm and Delivered Audio Quality (DAQ) of 3.0.

9. Survey results shall be submitted to the fire code official for review and approval.

10. A construction permit is required for all emergency responder communications enhancement system installation.

510.2.1 Retroactive requirements. In the event it is determined that installation of an Emergency Responder Communications Enhancement System (ERCES) is required, all existing buildings which meet the criteria set forth by the currently adopted code and local amendments will be granted a three (3) year period to provide an approved in-building, two-way emergency responder communication coverage as required in Chapter 11. The three (3) year period begins upon Owner or Occupant being notified of requirement.

SECTION 510.3.2 OPERATIONAL PERMIT is repealed.

SECTION 510.4.2.5 SYSTEM MONITORING is amended to read as follows:

510.4.2.5 System monitoring. The in-building, emergency responder communications enhancement system shall be monitored by a listed fire alarm control unit, or where approved by the fire code official, shall sound an audible signal at a constantly attended on-site location. Automatic supervisory signals shall include the following:

1. Loss of normal AC power supply.
2. System battery charger(s) failure.
3. Signal source malfunction.
4. Failure of active RF-emitting device(s).
5. Low-battery capacity at 70-percent of the 12-hour operating capacity has been depleted.
6. Failure of critical system components.
7. The communications link between the fire alarm system and the in-building emergency responder communications enhancement system.
8. Oscillation of active RF-emitting device(s).
9. For buildings equipped with a fire command center, the fire command center shall be equipped with a dedicated annunciator which provides the status of all RF-emitting devices, the location(s) of all active system components and provides visual and labeled indicators for all critical system components to include RF-emitting device(s).

SECTION 605.4 FUEL OIL STORAGE SYSTEMS is amended to read as follows:

605.4 Fuel oil storage systems. Fuel oil storage systems for building heating systems shall be installed and maintained in accordance with this code. Tanks and fuel-oil piping systems shall be installed in accordance with the International Mechanical Code. Above ground storage tanks and piping for generators shall comply with Chapter 57.

SECTION 606.2 WHERE REQUIRED is amended to add exception 5 to read as follows:

Exceptions:

5. At San Antonio Fire Department fire stations where a portable fire extinguisher is provided within 30 feet (9144 mm) of commercial cooking equipment.

SECTION 607 COMMERCIAL COOKING OIL STORAGE is repealed.

SECTION 901.4 FIRE PROTECTION AND LIFE SAFETY SYSTEMS is amended by adding SECTION 901.4.8 FIRE MAINS to read as follows:

901.4.8 Fire Mains. Fire service mains bedding, backfill/initial backfilling for concrete steel cylinder pipe (CSC), ductile iron pipe (DI), and polyvinyl chloride pipe (PVC) in all nominal diameters shall be composed of sand, well graded crushed stone or gravel conforming to the following requirements unless modified by the engineer:

MODIFIED GRADE 5	*PERCENT*
Retained on ½" sieve	0%
Retained on ⅜" sieve	0—5%
Retained on No. 4 sieve	20—80%
Retained on No. 10 sieve	75—100%
Retained on No. 20 sieve	98—100%

The backfill shall be installed prior to the inspection, with the joints left exposed.

SECTION 901.5 ADMINISTRATION OF INSTALLATION ACCEPTANCE TESTING is amended to read as follows:

901.5 Administration of Installation Acceptance Testing. Fire protection and life safety systems and appurtenances thereto shall be subject to acceptance tests as contained in the installation standards and as approved by the fire code official. The fire code official shall be notified before any required acceptance testing. A representative of the Fire Marshal shall witness all required acceptance tests for all these systems.

SECTIONS 901.6.2.1 HIGH-RISE BUILDINGS and 901.6.2.2 SMOKE CONTROL SYSTEMS are amended to read as follows:

901.6.2.1 High-rise buildings. For high-rise buildings, an integrated testing plan shall 4 be approved by the fire code official, with an integrated test performed prior to issuance of the certificate of occupancy and at intervals not exceeding 10 years, unless otherwise specified by an integrated system test plan approved by the fire code official. If an equipment failure is detected during integrated testing, a repeat of the integrated test shall not be required, except as necessary to verify operation of fire protection or life safety functions that are initiated by equipment that was repaired or replaced.

901.6.2.2 Smoke control systems. Where a fire alarm system is integrated with a smoke control system as outlined in Section 909, an integrated testing plan shall be approved by the fire code official with an integrated test performed prior to issuance of the certificate of occupancy and at intervals not exceeding 10 years, unless otherwise specified by an integrated system test plan approved by the fire code official. If an equipment failure is detected during integrated testing, a repeat of the integrated test shall not be required, except as necessary to verify operation of fire protection or life safety functions that are initiated by equipment that was repaired or replaced.

SECTION 901 GENERAL is amended by adding SECTION 901.6.4 MAINTENANCE AGREEMENT to read as follows:

901.6.4 Maintenance Agreement. A maintenance agreement, as defined by Section 202, with a licensed fire protection company shall be provided to the Fire Marshal for each fire protection system at all times. Proof of a maintenance agreement shall be provided during any system acceptance test. Agreements for testing and inspection only as defined by Section 202 shall not be credited with having met this requirement.

SECTION 901.7 SYSTEMS OUT OF SERVICE is amended to read as follows:

901.7 Systems out of service. Where a required fire protection system is out of service, the fire department and the fire code official shall be notified immediately and, where required by the fire code official, the building shall either be evacuated or an approved fire watch shall be provided for all occupants left unprotected by the shutdown until the fire protection system has been returned to service.

Exception: Facilities with an approved notification and impairment management program. The notification and impairment program for water-based fire protection systems shall comply with NFPA 25.

A fire watch will be performed at all times that a system is taken out of service. Except for emergencies, the fire code official shall be given 72 hours notice before a system is voluntarily taken out of service. When, at the discretion of the Fire Chief or his designee, there is a life safety issue, uniformed employees of the San Antonio Fire Department or other fire watch personnel as approved by the Fire Chief, or his designee shall perform a fire watch. Fire watch personnel shall be provided with at least one approved means for notification to the fire department dispatch and their sole duty shall be to perform constant patrols and watch for safety hazards and occurrences of fire. The cost of the fire watch shall be at the current overtime rate for fire inspections and shall be the sole responsibility of the

owner/contractor to pay. The fire watch fee shall be paid to the City of San Antonio before final approval is granted on system work.

SECTION 903.1 GENERAL is amended by adding SECTION 903.1.2 SAFETY FACTOR to read as follows:

903.1.2 Safety factor. Automatic sprinkler systems shall be designed with a minimum safety factor of 5 PSI or 10% of required pressure (whichever is greater) taken at the source for the hydraulically most demanding design area.

SECTION 903.2 WHERE REQUIRED is amended to read as follows:

903.2 Where required. Approved automatic sprinkler systems in new buildings and structures shall be provided in the locations described in Sections 903.2.1 through 903.2.13. Where existing open buildings and structures are modified such that, they are no longer open on at least three sides and open to a minimum of 50% of the perimeter of the area covered, automatic sprinkler systems shall be installed for these change-in occupancies in accordance with the applicable requirements in this section. In order to be considered "open" for the purpose of this requirement, an open side shall be at least 50% open with the open area uniformly distributed to prevent the accumulation of smoke and toxic gases.

Exception: Spaces or areas in telecommunications buildings used exclusively for telecommunications equipment, associated electrical power distribution equipment, batteries not required to have an automatic sprinkler system by Section 1207 for energy storage systems and standby engines, provided that those spaces or areas are equipped throughout with an automatic smoke detection system in accordance with Section 907.2 and are separated from the remainder of the building by not less than 1-hour fire barriers constructed in accordance with Section 707 of the International Building Code or not less than 2-hour horizontal assemblies constructed in accordance with Section 711 of the International Building Code, or both.

SECTION 903.2.1 GROUP A is amended to read as follows:

903.2.1 Group A. An automatic sprinkler system shall be provided throughout buildings and portions thereof used as Group A occupancies as provided in this section. For Group A- 1, A-2, A-3 and A-4 occupancies, the automatic sprinkler system shall be provided throughout the story where the fire area containing the Group A-1, A-2, A-3 or A-4 occupancy is located, and throughout all stories from the Group A occupancy to, and including, the levels of exit discharge serving the Group A occupancy. For Group A-5 occupancies, the automatic sprinkler system shall be provided in the spaces indicated in Section 903.2.1.5.

Exception: A one-story detached open pavilion consisting of only a roof and supporting columns that meets all of the following criteria shall not require fire sprinklers.

1. The detached open pavilion is a Group A2, Group A3 or Group A4 Occupancy.
2. The detached open pavilion shall be less than 12,000 ft^2 in area.
3. The detached open pavilion shall be separated from adjacent structures by minimum of 30 feet.
4. The detached open pavilion is open on at least three sides and open a minimum of 50% of the perimeter of the area covered. In order to be considered "open" for the purpose of this exception, an open side shall be at least 50% open with the open area uniformly distributed to prevent the accumulation of smoke and toxic gases.
5. The detached open pavilion shall have a minimum of 300% of the total number of required exits and a minimum of 300% of total exit minimum width or required capacity based upon the occupant load of the pavilion.

SECTION 903.2.1.3 GROUP A-3 is amended to read as follows:

903.2.1.3 Group A-3. An automatic sprinkler system shall be provided throughout stories containing Group A-3 occupancies and

throughout all stories from the Group A-3 occupancy to and including the levels of exit discharge serving that occupancy where one of the following conditions exists:

1. The fire area exceeds 12,000 square feet (1115 m^2).
2. The fire area has an occupant load of 300 or more.
3. The fire area is located on a floor other than a level of exit discharge serving such occupancies.
4. Any Group A-3 occupancy that serves alcohol shall comply with the fire sprinkler requirements for Group A-2 Occupancies in section 903.2.1.2.

SECTION 903.2.2.2 LABORATORIES INVOLVING RESEARCH AND DEVELOPMENT OR TESTING is amended to read as follows:

903.2.2.2 Laboratories involving research and development or testing. An automatic sprinkler system shall be installed throughout the fire areas utilized for the research and development or testing of lithium-ion or lithium metal batteries.

Exception: If the standard testing conducted within the fire areas utilized for the research and development or testing of lithium-ion or lithium metal batteries would adversely affect an automatic sprinkler system installation, the fire code official may accept alternative means of protection of the fire area and surrounding areas without the requirement of an automatic sprinkler system.

SECTION 903.2.6 GROUP I is amended to read as follows:

903.2.6 Group I. An automatic sprinkler system shall be provided throughout buildings with a Group I fire area.

Exceptions:

1. An automatic sprinkler system installed in accordance with Section 903.3.1.2 shall be permitted in Group I-1, Condition 1 facilities.
2. An automatic sprinkler system is not required where Group I-4 child day care facilities are at the level of exit discharge and where every room where care is provided has not fewer than one exterior exit door.
3. In buildings where Group I-4 day care is provided on levels other than the level of exit discharge, an automatic sprinkler system in accordance with Section 903.3.1.1 shall be installed on the entire floor where care is provided, all floors between the level of care and the level of exit discharge and all floors below the level of exit discharge other than areas classified as an open parking garage.

SECTION 903.2.8 GROUP R is amended to read as follows:

903.2.8 Group R. An automatic sprinkler system installed in accordance with Section 903.3 shall be provided throughout all buildings with a Group R fire area.

Exception: FOSTER CARE FAMILY HOME as defined in Section 202 General Definitions.

SECTION 903.2.11.1.1 OPENING DIMENSIONS AND ACCESS is repealed and replaced with SECTION 903.2.11.1.1 OPENING DIMENSIONS AND ACCESS to read as follows:

903.2.11.1.1 Opening dimensions and access. Openings shall have a minimum dimension of not less than 30 inches (762 mm). Such openings shall be accessible to the fire department from the exterior and shall not be obstructed in a manner that firefighting or rescue cannot be accomplished from the exterior. Openings shall have a finished sill height of no more than 44 inches above the finished floor level of the story which the opening is serving.

SECTION 903.2 WHERE REQUIRED is amended by adding SECTION 903.2.13 PORTE COCHERES to read as follows:

903.2.13 Porte-cocheres. All porte-cocheres shall be protected with fire sprinklers.

Exceptions: Porte-cocheres of non-combustible construction under 1,000 square feet.

SECTION 903.3.1.1.1 EXEMPT LOCATIONS is amended to read follows:

903.3.1.1.1 Exempt locations. Automatic sprinklers shall not be required in the following rooms or areas where such rooms or areas are protected with an approved automatic fire detection system in accordance with Section 907.2 that will respond to visible or invisible particles of combustion. Sprinklers shall not be omitted from a room merely because it is damp, of fire-resistance-rated construction or contains electrical equipment.

1. A room or space where sprinklers constitute a serious life or fire hazard because of the nature of the contents, when approved by the fire code official.
2. Generator and transformer rooms separated from the remainder of the building by walls and floor/ceiling or roof/ceiling assemblies having a fire-resistance rating of not less than 2 hours.
3. Rooms or areas that are of noncombustible construction with wholly noncombustible contents.
4. Fire service access elevator machine rooms and machinery spaces.
5. Machine rooms, machinery spaces, control rooms and control spaces associated with occupant evacuation elevators designed in accordance with Section 3008 of the International Building Code.
6. Equipment storage areas of fire stations where sprinklers are considered undesirable because of the nature of the contents, including firefighting apparatus and specialized equipment, when approved by the fire code official.

SECTION 903.3.1.2.3 ATTICS is amended to read as follows:

903.3.1.2.3 Attics. Attic protection shall be provided as follows:

1. Attics that are used or intended for living purposes or storage shall be protected by an automatic sprinkler system.
2. Where fuel-fired equipment is installed in an unsprinklered attic, not fewer than one quick- response intermediate temperature sprinkler shall be installed above the equipment.
3. Where located in a building of Type III, Type IV or Type V construction designed in accordance with Section 510.2 or 510.4 of the International Building Code, attics not required by Item 1 to have sprinklers shall comply with one of the following if the roof assembly is located more than 55 feet (16 764 mm) above the lowest level of fire department vehicle access needed to meet the provisions in Section 503:

3.1 Provide automatic sprinkler system protection.

3.2 Construct the attic using noncombustible materials.

3.3 Construct the attic using fire-retardant-treated wood complying with Section 2303.2 of the International Building Code.

The height of the roof assembly shall be determined by measuring the distance from the lowest required fire vehicle access road surface adjacent to the building to the eave of the highest pitched roof, the intersection of the highest roof to the exterior wall, or the top of the highest parapet, whichever yields the greatest distance. For the purpose of this measurement, required fire vehicle access roads shall include only those roads that are necessary for compliance with Section 503.

4. Group R-4, Condition 2 occupancy attics not required by Item 1 to have sprinklers shall comply with one of the following:

4.1 Provide automatic sprinkler system protection.

4.2 Provide a heat detection system throughout the attic that is arranged to activate the building fire alarm system.

4.3 Construct the attic using noncombustible materials.

4.4 Construct the attic using fire-retardant-treated wood complying with Section 2303.2 of the International Building Code.

SECTION 903 AUTOMATIC SPRINKLER SYSTEMS is amended to add SECTION 903.3.1.2.4. ELEVATOR MACHINE ROOM, to read as follows:

903.3.1.2.4 Elevator machine room. In all R occupancies or occupancies using a 13R system with elevator systems, the elevator machine room shall be sprinklered per NFPA 13 standards.

SECTION 903.4.1 ELECTRONIC SUPERVISION is amended to read as follows:

903.4.1 Electronic supervision. Valves controlling the water supply for automatic sprinkler systems, pumps, tanks, water levels and temperatures, critical air pressures and waterflow switches on all automatic sprinkler systems shall be electrically supervised by a listed fire alarm control unit.

Exceptions:

1. Automatic sprinkler systems protecting one- and two-family dwellings.
2. Limited area sprinkler systems in accordance with Section 903.3.8, provided that backflow prevention device test valves located in limited area sprinkler system supply piping shall be locked in the open position unless supplying an occupancy required to be equipped with a fire alarm system, in which case the backflow preventer valves shall be electrically supervised by a tamper switch installed in accordance with NFPA 72 and separately annunciated.
3. Automatic sprinkler systems installed in accordance with NFPA 13R where a common supply main is used to supply both domestic water and the automatic sprinkler system, and a separate shutoff valve for the automatic sprinkler system is not provided.
4. Jockey pump control valves that are sealed or locked in the open position.
5. Control valves to commercial kitchen hoods, paint spray booths or dip tanks that are sealed or locked in the open position.
6. Valves controlling the fuel supply to fire pump engines that are sealed or locked in the open position.
7. Trim valves to pressure switches in dry, preaction and deluge sprinkler systems that are sealed or locked in the open position.
8. Underground key or hub gate valves in roadway boxes.
9. Valves located outside buildings or in a vault that are sealed or locked in the open position.

SECTION 903 AUTOMATIC SPRINKLER SYSTEMS is amended by adding SECTION 903.7 SEPARATION FROM NON- SPRINKLERED AREAS to read as follows:

903.7 Separation from non-sprinklered areas. Unless otherwise exempted by the International Building Code (IBC) or International Fire Code (IFC) or required to be of a higher fire resistive construction by the IBC or IFC, a minimum of one-hour fire barrier constructed in accordance with the International Building Code shall be between sprinklered and non-sprinklered areas within a building.

SECTION 904.2.2 COMMERCIAL HOOD AND DUCT SYSTEMS is amended by adding SECTION 904.2.2.1 PERMIT REQUIRED to read as follows:

904.2.2.1 Permit required. Prior to installation, a licensed contractor shall obtain a permit for automatic fixed pipe extinguishing system from the Fire Marshal's office. At the time a permit request is made, a diagram detailing exactly what will be installed at the "permit site" shall be submitted for Fire Department review and files. The diagram shall include:

1. Approximate length of pipe and elbows.
2. Distance of nozzles from grill area.
3. Exact size, type and number of nozzles.

4. Number and location of fusible links.
5. Size of cooking surface area, hood, and vent area.
6. Location of manual pull.
7. Location of automatic gas or electric shut-off, electric shut-off is to be a total shut-off.
8. The location of the automatic extinguishing system in the room and distance of exits must be shown.

The installation is not complete until all automatic electric or gas shutoffs are installed. Permittee is responsible for the total installation. The permittee shall call Fire Prevention for a final inspection after the system is completed. The fire inspector shall require an operations test of the system be performed on the final inspection. Agent discharge shall not be required if: (a) Installer certifies in writing that system has been designed and installed in accordance with manufacturers specifications, and (b) an air discharge test is performed.

SECTION 905.1 GENERAL is amended by adding SECTION 905.1.1 SAFETY FACTOR to read as follows:

905.1.1 Safety factor. All standpipe systems with the exception of manual standpipes shall be designed with a minimum safety factor of 5 PSI or 10% of required pressure (whichever is greater) taken at the source for the hydraulically most demanding system and/or outlet.

SECTION 905.2 INSTALLATION STANDARD is amended by adding SECTION 905.2.1 CLASS-I REDUCER to read as follows:

905.2.1 Class-I reducer. A 2.5-inch by 1.5-inch reducer shall be provided on Class-I standpipe connections with caps and chains.

SECTION 905.4 LOCATION OF CLASS I STANDPIPE HOSE CONNECTIONS is amended to read as follows:

905.4 Location of Class I standpipe hose connections. Class I standpipe hose connections shall be provided in all of the following locations:

1. In every required interior exit stairway or exterior exit stairway, a hose connection shall be provided for each story above and below grade plane. Hose connections shall be located at an intermediate landing between stories unless otherwise approved by the fire code official.
2. On each side of the wall adjacent to the exit opening of a horizontal exit.

   Exception: Where floor areas adjacent to a horizontal exit are reachable from an interior exit stairway or exterior exit stairway hose connection by a 30-foot (9144 mm) hose stream from a nozzle attached to 100 feet (30 480 mm) of hose, a hose connection shall not be required at the horizontal exit.
3. In every exit passageway, at the entrance from the exit passageway to other areas of a building.

   Exception: Where floor areas adjacent to an exit passageway are reachable from an interior exit stairway or exterior exit stairway hose connection by a 30-foot (9144 mm) hose stream from a nozzle attached to 100 feet (30 480 mm) of hose, a hose connection shall not be required at the entrance from the exit passageway to other areas of the building.
4. In covered mall buildings, adjacent to each exterior public entrance to the mall and adjacent to each entrance from an exit passageway or exit corridor to the mall. In open mall buildings, adjacent to each public entrance to the mall at the perimeter line and adjacent to each entrance from an exit passageway or exit corridor to the mall.
5. Where the roof has a slope less than 4 units vertical in 12 units horizontal (33.3-percent slope), a hose connection shall be located to serve the roof or at the highest landing of an interior exit stairway with access to the roof provided in accordance with Section 1011.12.
6. Where the most remote portion of a nonsprinklered floor or story is more than 150 feet (45 720 mm) from a hose

connection or the most remote portion of a sprinklered floor or story is more than 200 feet (60 960 mm) from a hose connection, the fire code official is authorized to require that additional hose connections be provided in approved locations.

SECTION 906.2 GENERAL REQUIREMENTS is amended by adding SECTION 906.2.2 TRAVEL DISTANCE to read as follows:

906.2.2 Travel distance. Travel distance is calculated from a point in the occupancy to the location of fire extinguisher located on the same floor level in accordance with the maximum distances listed in Table 906.3(1) or Table 906.3(2).

Travel distance is calculated per floor when determining travel distance to a fire extinguisher in multi- story buildings.

SECTION 906 PORTABLE FIRE EXTINGUISHERS is amended by adding SECTION 906.5.1 CONSPICUOUS LOCATIONS IN GROUP R OCCUPANCIES to read as follows:

906.5.1 Conspicuous locations in group R occupancies. In addition to other areas listed herein or in NFPA10, fire extinguishers in R occupancies may also be placed in any of the following locations to satisfy the requirements:

1. On a wall in the unit.
2. Inside a closet, cabinet or pantry.
3. Inside a mechanical closet; or
4. Inside a storage closet with no locking device on the door that would require a key or combination to open it.

If methods 2, 3, or 4 are utilized, the following must be done prior to or at the time of move-in:

1. A label or notice must be placed on the door to indicate there is a fire extinguisher inside the area; or
2. A notice disclosing the location of the fire extinguisher must be provided to the occupant.

SECTION 906 PORTABLE FIRE EXTINGUISHERS is amended by adding SECTION 906.11 INSPECTIONS OF NON-RECHARGEABLE FIRE EXTINGUISHERS IN GROUP R OCCUPANCIES to read as follows:

906.11 Inspections of non-rechargeable fire extinguishers in R occupancies. As an alternative to required fire extinguisher annual inspections conducted by licensed and certified personnel, the owner or management company, their employees or agents are authorized to inspect non-rechargeable fire extinguishers located in R occupancies on an annual basis to ensure that:

1. The extinguisher's service life is not beyond the manufacturer's recommended warranty date.
2. Pin has not been removed.
3. The indicator gauge is in the green or good position.
4. Installed in the proper location per section 906.5.
5. No obvious physical damage, corrosion, or nozzle blockage is present; and
6. The operating instructions are present and legible.

The owner or owner's agent shall repair or replace a fire extinguisher if any of the deficiencies noted in items 1-6 above are discovered on inspection.

While inspecting the non-rechargeable fire extinguishers, the inspection personnel shall cause the contents of the non-rechargeable fire extinguishers to be stirred by turning the fire extinguishers upside down at least two times.

In lieu of placing tags or labels on non-rechargeable fire extinguishers to verify inspection, a log or inspection sheet may be maintained indicating compliance with all the requirements above.

SECTION 907.1.2 FIRE ALARM SHOP DRAWINGS is repealed and replaced with SECTION 907.1.2 FIRE ALARM SHOP DRAWINGS to read as follows:

907.1.2 Fire alarm shop drawings. Shop drawings for fire alarm systems shall be submitted for review and approval prior to system installation, and shall include, but not be limited to, all of the following where applicable to the system being installed:

1. A floor plan that indicates the use of all rooms.
2. Locations of alarm-initiating devices.
3. Locations of alarm notification appliances, including candela ratings for visible alarm notification appliances and tap values for speakers when installed.
4. Design minimum audibility level for occupant notification.
5. Location of fire alarm control unit, transponders and notification power supplies.
6. Annunciators.
7. Power connections.
8. Battery calculations. Calculations shall be completed in accordance with NFPA 72, Sections 10.5.6.3.1 and 10.5.6.3.2.
9. Conductor type and sizes.
10. Voltage drop calculations. Calculations shall be completed using a maximum starting voltage of 20.4 volts for 24-volt systems and 10.2 volts for 12-volt systems.
11. Manufacturers' data sheets indicating model numbers and listing information for equipment, devices and materials.
12. Details of ceiling height and construction.
13. The interface of fire safety control functions.
14. Classification of the supervising station.
15. For in-building emergency voice alarm communication systems and mass notification systems, speaker circuit load calculations providing a total dB loss at the end of each speaker circuit.
16. Acoustically distinguishable space classifications and designations in accordance with NFPA 72, Chapter 18 indicated on the floor plans in each applicable area with a designation and classification legend provided in tabular form.
17. When utilizing acoustic modeling software to determine acoustically distinguishable spaces, include reports from the modeling software with the submittal package.
18. For aspirating smoke detection systems, full transport time calculations shall be provided with the submittal package.
19. For aspirating smoke detection systems, a dimensioned plan view and dimensioned isometric view of the protected area shall be provided with the submittal package.
20. For fire alarm control unit replacement projects, to include those with minor modifications to the existing system, that do not include the addition of initiating or signaling devices, with the exception of off premise communicators, a detailed fire alarm riser diagram that provides circuits and specific locations of all control equipment, annunciation equipment, power supplies, initiating and signaling devices shall be provided in the submittal package. Additionally, standby battery calculations for the new fire alarm control unit only, a scope of work narrative signed by the registered design professional in responsible charge or licensed planner, and a manufacturer's equipment data sheet for the new fire alarm control unit shall be provided in the submittal package. If a floor plan that reflects the configuration of the existing system is available, it shall be permitted to be submitted in lieu of the detailed riser diagram.

SECTION 907.1 GENERAL is amended by adding SECTION 907.1.4 TESTING OF FIRE ALARM SYSTEMS to read as follows:

907.1.4 Testing of Fire Alarm Systems. The following are required at the time of fire alarm acceptance testing unless approved by the Fire Marshal or his/her designee:

1. The written statement required by NFPA 72, Section 7.2.1.
2. A copy of the Record of Completion as required by NFPA 72, Section 7.2.1.
3. A copy of the Texas Department of Insurance Fire Alarm Installation Certificate.
4. Approved plans bearing the original stamp and signature of the fire alarm plan reviewer.
5. Original permit is on site.
6. Fire Review Activity form (plan review comments) if provided.
7. Proof of current licensing of the technician performing the tests.
8. Written approvals from the AHJ if partial installation inspections are requested by the contractor or technician.
9. Site specific software for software-based systems.
10. Written sequence of operation.
11. All testing equipment necessary to conduct the test (i.e., decibel meter, flashlight, intelligibility meter, etc.).

SECTION 907.2.1.2 EMERGENCY VOICE/ ALARM COMMUNICATION SYSTEM CAPTIONS is repealed.

SECTION 907.2.2.2 LABORATORIES INVOLVING RESEARCH AND DEVELOPMENT OR TESTING is amended to read as follows:

907.2.2.2 Laboratories involving research and development or testing. A fire alarm system activated by an air-sampling-type smoke detection system or a radiant-energy-sensing detection system shall be installed throughout the entire fire area utilized for the research and development or testing of lithium-ion or lithium metal batteries.

Exception: If the standard testing conducted within the fire areas utilized for the research and development or testing of lithium-ion or lithium metal batteries would adversely affect a fire alarm system installation and detection system, the fire code official may accept alternative means of detection and notification of the fire area and surrounding areas without the requirement of a fire alarm system, air-sampling-type smoke detection system, or radiant-energy-sensing detection system.

SECTION 907.2.3 GROUP E is amended to read as follows; all other code text remains as is:

907.2.3 Group E. A manual fire alarm system that initiates the occupant notification signal utilizing an emergency voice/alarm communication system meeting the requirements of Section 907.5.2.2 and installed in accordance with Section 907.6 shall be installed in all newly constructed Group E occupancy campus complexes. Where automatic sprinkler systems or smoke detectors are installed, such systems or detectors shall be connected to the building fire alarm system.

SECTION 907.2.7.1.1 OCCUPANT NOTIFICATION is repealed.

SECTION 907.2.8.2 AUTOMATIC SMOKE DETECTION SYSTEM is amended to read as follows:

907.2.8.2 Automatic smoke detection system. An automatic smoke detection system that activates the occupant notification system in accordance with Section 907.5 shall be installed throughout all interior corridors serving sleeping units. The automatic smoke detection system requirement is met only by the installation of smoke or beam detectors whenever possible. If environmental conditions do not allow the installation of smoke detectors, fire alarm heat detectors may be used on a limited basis when approved by the fire code official.

Exception: An automatic smoke detection system is not required in buildings that do not have interior corridors serving sleeping units and where each sleeping unit has a means of

egress door opening directly to an exit or to an exterior exit access that leads directly to an exit.

SECTION 907.2.13.1.2 DUCT SMOKE DETECTION is repealed and replaced with SECTION 907.2.13.1.2 DUCT SMOKE DETECTION to read as follows:

907.2.13.1.2 Duct smoke detection. Duct smoke detectors complying with Section 907.3.1 shall be located in accordance with the National Fire Protection Association standard NFPA 90A: Standard for the Installation of Air-Conditioning and Ventilating Systems or as follows:

1. In the main return air and exhaust air plenum of each air-conditioning system having a capacity greater than 2,000 cubic feet per minute (cfm) (0.94 m3/s). Such detectors shall be located in a serviceable area downstream of the last duct inlet.
2. At each connection to a vertical duct or riser serving two or more stories from a return air duct or plenum of an air-conditioning system. In Group R-1 and R-2 occupancies, a smoke detector is allowed to be used in each return air riser carrying not more than 5,000 cubic feet per minute (cfm) (2.4 m3/s) and serving not more than 10 air-inlet openings.

SECTION 907.2.13.2 FIRE DEPARTMENT COMMUNICATION SYSTEM is repealed.

SECTION 907 FIRE ALARM AND DETECTIONS SYSTEMS is amended by adding SECTION 907.2.24 FIRE ALARM SYSTEMS FOR PROPERTY PROTECTION to read as follows:

907.2.24 Fire alarm systems for property protection. Fire alarm systems dedicated solely to the protection of property are permitted to be installed in facilities where a fire alarm system is not required by other sections of this code, or the International Building Code provided the following conditions are met:

1. Any and all automatic detection is installed, located and maintained in accordance with the requirements of NFPA 72 and a documentation cabinet as required by NFPA 72 is provided and installed.
2. The installed system is monitored by a supervising station which provides remote, proprietary or central station service.
3. One manual means of activation is installed in an approved location.
4. Where the fire alarm system control unit is located in an area that is not readily accessible to response personnel, a remote fire alarm system annunciator panel is installed.

SECTION 907.3.1 DUCT SMOKE DETECTORS is repealed and replaced by SECTION 907.3.1 DUCT SMOKE DETECTORS to read as follows:

907.3.1 Duct smoke detectors. Smoke detectors installed in ducts shall be listed for the air velocity, temperature and humidity present in the duct. Duct smoke detectors shall be connected to the building's fire alarm control unit when a fire alarm system is required by Section 907.2. Activation of a duct smoke detector shall initiate a visible and audible supervisory signal at a constantly attended location and shall perform the intended fire safety function in accordance with this code, NFPA 90A: Standard for the Installation of Air-Conditioning and Ventilating Systems and the International Mechanical Code. In facilities that are required to be monitored by a supervising station, duct smoke detectors shall report only a supervisory signal and not as a fire alarm. They shall not be used as a substitute for required open area detection.

Exceptions:

1. In occupancies not required to be equipped with a fire alarm system, actuation of a smoke detector shall activate a visible and an audible signal in an approved location. Smoke detector trouble conditions shall activate a visible or audible signal in an approved location and shall be identified as air duct detector trouble.

2. For fire alarm systems which cannot be programmed for supervisory signals, duct detectors shall be allowed to activate the alarm signal.

SECTION 907 FIRE ALARM AND DETECTIONS SYSTEMS is amended by adding SECTION 907.3.5 FIRE ALARM SYSTEMS - EMERGENCY CONTROL to read as follows:

907.3.5 Fire alarm systems - Emergency Control. At a minimum, the following functions, where provided, shall be activated by the fire alarm system:

1. Elevator capture and control, in accordance with ASME/ANSI A17.1, Safety Code for Elevators and Escalators.
2. Release of automatic door closures and hold open devices.
3. Stairwell and/or elevator shaft pressurization.
4. Smoke management and/or smoke control systems.
5. Initiation of automatic fire extinguishing equipment.
6. Emergency lighting control.
7. Unlocking of doors.
8. Emergency shutoff of gas and fuel supplies that may be hazardous provided the continuation of service is not essential to the preservation of life.
9. Emergency shutoff of audio systems for sound reinforcement or entertainment (i.e. music systems, systems for announcement and broadcast which are separate from public address systems) provided that such systems are not used to issue emergency instructions.
10. Emergency shutoff of systems used for the creation of displays or special effects (i.e. lighting effects, laser light shows, projection equipment)

SECTION 907.4.2.1 LOCATION is amended to read as follows:

907.4.2.1 Location. Manual fire alarm boxes shall be located not more than 5 feet (1524 mm) from the entrance to each exit. In buildings not protected by an automatic sprinkler system in accordance with Section 903.3.1.1 or 903.3.1.2, additional manual fire alarm boxes shall be located so that the distance of travel to the nearest box does not exceed 200 feet (60 960 mm).

Exception: Where construction of the building prohibits the proper installation of a manual fire alarm box (e.g., glass walls, interior brick or rock walls), a manual fire alarm box shall be allowed to be located in the normal path of egress, where approved by the Fire Marshal or his/her designee.

SECTION 907.5.1.1 PRESIGNAL FEATURE is repealed and is replaced by SECTION 907.5.1.1 PRESIGNAL FEATURES AND POSITIVE ALARM SEQUENCES to read as follows:

907.5.1.1 Presignal features and positive alarm sequences. A presignal feature or Positive Alarm Sequence as defined in NFPA 72 shall not be installed unless approved by the fire code official and the fire department. Request to use a Presignal feature, or a Positive Alarm Sequence must be submitted in writing to the Fire Marshal and approval granted before installation. Where a Presignal feature or Positive Alarm Sequence is provided, a signal shall be annunciated at a constantly attended location approved by the fire code official, so that occupant notification can be activated in the event of fire or other emergency. When approved by the fire code official, the Presignal feature, or Positive Alarm Sequence shall be implemented in accordance with the requirements of NFPA 72.

SECTION 907.5.2.1 AUDIBLE ALARMS is amended by adding SECTIONS 907.5.2.1.4 TESTING OF AUDIBLE ALARMS IN OCCUPANCIES OTHER THAN GROUP R and 907.5.2.1.5 TESTING OF AUDIBLE ALARMS IN GROUP R OCCUPANCIES to read as follows:

907.5.2.1.4 Testing of audible alarms in occupancies other than Group R. Audibil-

ity levels for all occupancies other than Group R shall be in accordance with the public mode requirements of NFPA 72, and shall be tested utilizing the following criteria:

1. A sound pressure level meter, which has been calibrated within the last calendar year, and supplied by the fire alarm system installing contractor, shall be utilized to obtain readings. The sound pressure level meter will be held five feet above floor, pointed in the direction of the audible device.

2. All doors within the occupancy, including bathroom doors and balconies, shall be in the closed position.

3. Measurements shall be taken in the most remote areas of the occupancy first, including bathrooms and balconies.

4. Initial measurements to confirm the average ambient sound level in each area shall be taken.

5. The fire alarm system shall be activated and measurements in the tested areas shall be retaken and compared with the requirements.

907.5.2.1.5 Testing of audible alarms in Group R occupancies. Audibility levels for all Group R occupancies shall be in accordance with the requirements of Section 907.5.2.1.1, and shall be tested utilizing the following criteria:

1. A sound pressure level meter, which has been calibrated within the last calendar year, and supplied by the fire alarm system installing contractor, shall be utilized to obtain readings. The audiometer will be held five feet above floor, pointed in the direction of the audible device.

2. All doors within the occupancy, including the bathroom and balcony doors shall be in the closed position.

3. Ambient sound level shall be established with the television set at 50 percent of maximum volume, showers running, bathroom exhaust systems running, and air conditioning units running.

4. Levels shall be taken in the most remote area of the dwelling or sleeping unit first, including bathrooms and balconies.

5. Initial readings to confirm the ambient sound level in each area shall be taken.

6. The fire alarm system shall be activated and readings in the tested areas shall be retaken and compared with the requirements.

SECTION 907.5.2.2, EMERGENCY VOICE/ALARM COMMUNICATION SYSTEMS is amended to read as follows:

907.5.2.2 Emergency voice/alarm communication systems. Emergency voice/alarm communication systems required by this code shall be designed and installed in accordance with NFPA 72. The operation of any automatic fire detector, sprinkler waterflow device or manual fire alarm box shall automatically sound an alert tone followed by voice instructions giving approved information and directions for a general or staged evacuation in accordance with the building's fire safety and evacuation plans required by Section 404 of the International Fire Code. In high-rise buildings, the system shall operate on a minimum of the alarming floor, the floor above and the floor below. If the system is not reset after five minutes, the building shall sound the general evacuation signal and message in all zones unless an alternative Positive Alarm Sequence has been approved by the Fire Marshal. Speakers shall be provided throughout the building by paging zones. At a minimum, paging zones shall be provided as follows:

1. Elevator groups.

2. Interior exit stairways.

3. Each floor.

4. Areas of refuge as defined in Chapter 2.

Exception: In Group I-1 and I-2 occupancies, the alarm shall sound in a constantly attended area and a general occupant notification shall be broadcast over the overhead page.

SECTION 907.5.2.2.4 EMERGENCY VOICE/ ALARM COMMUNICATION CAPTIONS is repealed.

SECTION 907.5.2.3.1 PUBLIC USE AREAS AND COMMON USE AREAS is amended to read as follows:

907.5.2.3.1. Public use areas and common use areas. Visible alarm notification appliances shall be provided in public use areas and common use areas as defined in Chapter 2.

Exceptions:

1. Where employee work areas have audible alarm coverage, the notification appliance circuits serving the employee work areas shall be initially designed with not less than 20-percent spare capacity to account for the potential of adding visible notification appliances in the future to accommodate hearing- impaired employee(s). For the purpose of this code, cold storage areas (e.g., walk-in coolers and freezers), mechanical and/or electrical rooms, main distribution and intermediate distribution frame (MDF/ IDF) rooms are considered employee work areas.

2. Visible notification appliances are not required in storage rooms or closets with an area of less than one hundred (100) square feet (9.29 square meters), except for clean or soiled utility and clean or soiled linen rooms in Institutional Group I occupancies. NOTE: this exception does not apply to requirements set forth by entities other than the City of San Antonio (e.g., Texas Department of Licensing and Regulation enforcing the requirements of the Texas Accessibility Standards, Texas Department of State Health Services enforcing licensing of health care facilities in the State of Texas, or the Joint Commission, formerly the Joint Commission on Accreditation of Healthcare Organizations).

SECTION 907.5.2.3.3.1 WIRED EQUIPMENT is amended to read as follows:

907.5.2.3.3.1 Wired equipment. Where wired equipment is used to comply with the future capability required by Section 907.5.2.3.3, the system shall include one of the following capabilities:

1. The replacement of audible appliances with combination audible/visible appliances or additional visible notification appliances.

2. The future extension of the existing wiring from the unit smoke alarm locations to required locations for visible appliances.

3. For wired equipment, the fire alarm power supply and circuits shall have not less than 5-percent excess capacity to accommodate the future addition of visible alarm notification appliances, and a single access point to such circuits shall be available on every story. Such circuits shall not be required to be extended beyond a single access point on a story. The fire alarm system shop drawings required by Section 907.1.2 shall include the power supply and circuit documentation to accommodate the future addition of visible notification appliances.

4. Extension of the fire alarm wiring to all living areas, restrooms, and sleeping areas of all dwelling units. The wiring must terminate in an electrical box suitable for securely mounting an audible/visible appliance. The fire alarm system shop drawings required by Section 907.1.2 shall include the power supply and circuit documentation to accommodate the extension of the wiring.

5. Where 200 percent of the visual alarms required in Table 907.5.2.3.2 for Groups I-1 and R-1 occupancies are provided in selected dwelling units, the selection of the dwelling units to be so equipped shall be at the discretion of the facility owner.

Any dwelling units required to be equipped with audible/visual appliances to provide accessibility in accordance with Department of Housing and Urban Development rules, Americans with Disabilities Act Accessibility Guidelines or Texas Accessibility Standards are permitted to be included in the 200 percent total. The use of this exception requires the facility owner to sign and return the notarized SAFD Form 6007 (Letter of Understanding), which may be obtained from Development Services or the San Antonio Fire Department Office of the Fire Marshal.

SECTION 907.5.2.3 VISIBLE ALARMS is amended by adding SECTION 907.5.2.3.4 GROUP R-2 SLEEPING AREAS and SECTION 907.5.2.3.5 COMBINATION DEVICES to read as follows:

907.5.2.3.4 Group R-2 sleeping areas. Living rooms in Group R-2 Occupancies shall have audible notification appliances that meet the sleeping area audible requirements of NFPA 72, Chapter 18, Section 18.4.5, Subsection 18.4.5.1 When such units are required to be equipped with visible notification for the hearing impaired or when such units are designated as accessible in accordance with ICC/ANSI A117.1 combination audible and visible notification appliances that meet both the sleeping area audible requirements of NFPA 72, Chapter 18, Section 18.4.5 Subsection 18.4.5.1 and the effective intensity settings of NFPA 72, Chapter 18.5.5.1 shall be installed.

907.5.2.3.5 Combination devices. Combination 120 VAC single or multiple-station smoke detectors with an onboard visible notification appliance if utilized to meet the requirements of Section 907.2.11, will not be given credit for meeting the visible alarm notification requirements of Section 907.5.2.3.3 if these devices do not have the capability of supplying backup power for the visible notification appliance portion of the device. Should such devices be utilized to comply with Section 907.2.11, the visible appliance side of the device shall flash in synchronization with the notification appliances required in the unit.

SECTION 907.6.3 INITIATING DEVICE IDENTIFICATION is amended to read as follows; all other code text remains as is:

907.6.3 Initiating device identification. The fire alarm system shall identify the specific initiating device address, location, device type, floor level where applicable and status including indication of normal, alarm, trouble and supervisory status, to the fire alarm panel, annunciator panel and to the supervising station, as appropriate.

SECTION 907 FIRE ALARM AND DETECTION SYSTEMS is amended by adding SECTION 907.11 ALARM SIGNAL SILENCING SWITCH to read as follows:

907.11 Alarm signal silencing switch. A switch for silencing the alarm signal sounding appliances shall be permitted only if it is key operated, located within a locked cabinet, or requires special knowledge. Such a switch shall be permitted only if visible zone alarm indication or equivalent has been provided by approved annunciation, printout, or other approved means, and subsequent alarms on other initiating devices circuits will cause the audible alarm signaling appliances to resound. A switch that is left in the "silence" position when there is no alarm shall operate trouble signals until the switch is restored to normal.

SECTION 908.3 FIRE ALARM SYSTEM INTERFACE is amended to read as follows:

908.3 Fire alarm system interface. Where an emergency alarm system is provided, it shall be interfaced with the building's fire alarm system, and the signal produced at the fire alarm control unit shall be a supervisory signal.

SECTION 912.2.1 VISIBLE LOCATION is amended to read as follows:

912.2.1 Visible location. Fire department connections shall be located on the street side of buildings or facing approved fire apparatus access roads, fully visible and recognizable from the street, fire apparatus access road or nearest point of fire department vehicle access or as otherwise approved by the fire code official. The fire department connection shall

be identified by a sign installed above the connection with the letters "FDC" not less than 6 inches high and mounted no lower than 7 feet from grade to the bottom edge of the sign unless approved by the fire code official.

SECTION 912.2.2 EXISTING BUILDINGS is amended to read as follows:

912.2.1 Existing buildings. On existing buildings, wherever the fire department connection is not visible to approaching fire apparatus, the fire department connection shall be indicated by an approved sign mounted on the street front or on the side of the building. Such sign shall have the letters "FDC" not less than 6 inches (152 mm) high, words in letters not less than 2 inches (51 mm) high or an arrow to indicate the location and mounted no lower than 7 feet from grade to the bottom edge of the sign. Such signs shall be subject to the approval of the fire code official.

SECTION 912.4.1 LOCKING FIRE DEPARTMENT CONNECTION CAPS is repealed and replaced with SECTION 912.4.1 LOCKING FIRE DEPARTMENT CONNECTION CAPS to read as follows:

912.4.1 Locking fire department connection caps. FDC shall have locking caps in the following areas/occupancies: The area described in section 11-37 of these amendments, Group A, E, I occupancies, High-Rise buildings, and any other location a fire code official determines that a locking cap would be necessary and/or beneficial for firefighting needs.

SECTION 912 FIRE DEPARTMENT CONNECTIONS is amended by adding SECTION 912.8 LOCATION AND TYPE and TABLE 912.8 to read as follows:

912.8 Location and type. Sprinkler system and standpipe fire department hose connections shall be as follows:

1. Within forty (40) feet of a public street, approved fire lane, or access roadway.
2. Within 250 feet of an approved fire hydrant measured per hose lay criteria in Section 507.5.1.2, except for R-2 Apartments in which the fire department connection shall be within 500 feet of an approved fire hydrant measured per hose lay criteria in Section 507.5.1.2.
3. Minimum of two feet above finished grade and a maximum of four feet above finished grade for standard inlets and minimum of 30 inches at lowest point above finished grade and maximum of four feet above finished grade for the five inch "Storz" inlet.
4. Freestanding FDCs shall be installed a minimum of one foot, and a maximum of seven feet, from the gutter face of the curb.
5. The Fire Code Official shall approve the location of freestanding fire department connections. Freestanding FDCs must be physically protected against impact per the requirements of Section 312 or other approved means.
6. Where provided, the five inch "Storz" inlet shall be installed at a 30-degree angle pointing down.
7. Fire department connections for H occupancies shall be freestanding, remote and located as determined by the fire code official.
8. Fire department connections for systems protecting fuel storage tanks shall be freestanding, remote and located as determined by the fire code official; and
9. See Table 912.8 - FDCs Required, by System Type

Table 912.8 - FDCs Required, by System Type

Sprinkler Systems Wet/Dry	Either a 5-inch Storz inlet or (2) 2 ½-inch inlets		Buildings or multiple attached buildings that exceed 900 feet (274.3 m) perimeter distance shall have at least two (2) remotely located fire department connections (FDCs) physically separated to the furthest extent possible
Standpipes Auto Wet/Dry Semi-Auto Dry		Either a 5-inch Storz or (2) 2 ½ - inch inlets	
Standpipes: Manual Wet Manual Dry			A 5-inch Storz inlet for the first 1000 gallons system demand and an additional 2 ½ - inch inlet for every 250-gallon demand or portion thereof
Standpipes: All High-Rise Buildings			Two Fire Dept. Connections (FDCs) shall be provided for each zone, located either on opposite corners of the building where fire department apparatus access is provided, or where not possible, physically separated to the greatest extent possible. In accordance with NFPA 14.7.12.2.2

There shall be no more than one Storz connection in any configuration *One (1) 2.5-inch inlet is required for all systems designed per NFPA 13R. If the system demand is greater than 250 GPM, two (2) 2.5-inch inlets are required to be installed. No FDC is required for projects designed per NFPA 13D.

SECTION 915.1 GENERAL is amended to read as follows:

915.4 General. Carbon monoxide (CO) detection shall be installed in new buildings in accordance with Section 915.1.1. Carbon monoxide detection shall be installed in existing buildings in accordance with Section 1103.9.

SECTION 915.4.4 INTERCONNECTION is amended to read as follows:

915.4.4 Interconnection. Where more than one carbon monoxide alarm is required to be installed, carbon monoxide alarms shall be interconnected in such a manner that the actuation of one alarm will activate all of the alarms throughout the dwelling unit or sleeping unit. Physical interconnection of carbon monoxide alarms shall not be required where listed wireless alarms are installed and all alarms sound upon activation of one alarm.

SECTION 1003 GENERAL MEANS OF EGRESS is amended by adding SECTION 1003.8 SPECIAL PROVISIONS to read as follows:

1003.8 Special provisions. Rooms in E occupancies used for kindergarten or daycare, children five or under, classified as an E occupancy shall not be located above or below the first story.

Exceptions:

1. Basements or stories having floor levels located within four feet, measured vertically, from adjacent ground level at the level of exit discharge, provided the basement or story has exterior exit doors at that level.
2. In buildings equipped with an automatic sprinkler system throughout, rooms used for kindergarten or for daycare purposes may be located on the second story, provided there are at least two exterior exit doors for the exclusive use of such occupancies.

SECTION[BE]1004.5 AREAS WITHOUT FIXED SEATING is amended to read as follows:

1004.5 Areas without fixed seating. The number of occupants shall be computed at the rate of one occupant per unit of area as prescribed in Table 1004.5. For areas without fixed seating, the occupant load shall not be less than that number determined by dividing the floor area under consideration by the occupant load factor assigned to the function of the space as set forth in Table 1004.5. Where an intended function is not listed in Table 1004.5, the Building Official shall establish a function based on a listed function that most nearly resembles the intended function. When the calculated number is not a whole number, it is required to round up to the next whole number for determination of the occupant load of a space.

Exception: Where approved by the Building Official, the actual number of occupants for whom each occupied space, floor or building is designed, although less than those determined by calculation, shall be permitted to be used in the determination of the design occupant load.

SECTION [B]1008.3 ILLUMINATION REQUIRED BY AN EMERGENCY ELECTRICAL SYSTEM is amended by adding SECTION 1008.3.3 ILLUMINATION IN GROUP E to read as follows:

1008.3.3 Illumination in Group E. Group E occupancies shall have emergency lighting in interior stairs, corridors, windowless areas with student occupancy, shops, and laboratories.

SECTION 1009, ACCESSIBLE MEANS OF EGRESS is repealed and replaced with a new SECTION 1009 to read as follows:

1009 ACCESSIBLE MEANS OF EGRESS. All buildings or portions of buildings must comply with the accessibility standards adopted by the State. Projects shall be submitted to the Texas Department of Licensing and Regulation for review, inspection and approval in accordance with state law.

SECTION 1025 LUMINOUS EGRESS PATH MARKINGS is amended by adding an additional exception to read as follows:

[BE] 1025.1 General. Approved luminous egress path markings delineating the exit path shall be provided in high-rise buildings of Group A, B, E, I-1, M or R-1 occupancies in accordance with this section.

Exceptions:

1. Luminous egress path markings shall not be required on the level of exit discharge in lobbies that serve as part of the exit path in accordance with Section 1028.2, Exception 1.
2. Luminous egress path markings shall not be required where integral battery backup lighting is installed within an interior exit stairway and is capable of indicating a failure and relaying that notification to a supervised system.

SECTIONS 1103.4.2 THREE TO FIVE STORIES, 1103.4.4 ATRIUMS AND COVERED MALLS, 1103.4.5 ESCALATORS IN GROUP B AND M OCCUPANCIES, AND 1103.4.6 ESCALATORS CONNECTING FOUR OR FEWER STORIES are repealed.

SECTION 1103.5.1 GROUP A-2 is amended to read as follows:

1103.5.1 Group A-2. Where alcoholic beverages are consumed in a Group A-2 occupancy identified as a Night Club as defined by this code and having an occupant load of 300 or more, the fire area containing the Group A-2 occupancy shall be equipped with an automatic sprinkler system in accordance with Section 903.3.1.1. Occupancies shall have 5 years from October 1, 2018, to comply with the fire sprinkler installation requirements.

SECTION 1103.7.5.1 Group R-1 HOTEL AND MOTEL MANUAL FIRE ALARM SYSTEM is repealed and replaced with 1103.7.5.1 GROUP R-1 HOTEL AND MOTEL MANUAL FIRE ALARM SYSTEM to read as follows:

1103.7.5.1 Group R-1 hotel and motel manual fire alarm system. A manual fire alarm system that activates the occupant

notification system in accordance with Section 907.5 shall be installed in existing Group R-1 hotels and motels more than three stories or with more than 20 sleeping units.

Exceptions:

1. Buildings less than two stories in height where all sleeping units, attics and crawl spaces are separated by a 1-hour fire-resistance-rated construction and each sleeping unit has direct access to a public way, egress court or yard.
2. Manual fire alarm boxes are not required throughout the building where the following conditions are met:

2.1 The building is equipped throughout with an automatic sprinkler system installed in accordance with Section 903.3.1.1 or 903.3.1.2.

2.2 The notification appliances will activate upon sprinkler water flow.

2.3 Not less than one manual fire alarm box installed at an approved location.

SECTION 1103.7.6 GROUP R-2 is repealed and replaced with 1103.7.6 GROUR R-2 to read as follows:

1103.7.6 Group R-2. A manual fire alarm system that activates the occupant notification system in accordance with Section 907.5 shall be installed in existing Group R-2 occupancies if the dwelling units or sleeping units are served by an interior corridor and the building is either more than three stories in height or contains more than 16 dwelling or sleeping units. Group R-2 occupancies shall have until October 1, 2023, to comply with the manual fire alarm system retrofit requirements.

Exceptions:

1. Where each living unit is separated from other contiguous living units by fire barriers having a fire-resistance rating of not less than .75 hour, and where each living unit has either:

1.1. Its own independent exit or its own independent stairway or ramp discharging at grade;

1.2. Its own independent exit directly to the exterior of the building that is connected to an exterior balcony with a stairway or ramp discharging at grade; or

1.3. Its own independent egress directly to the exterior of the building at grade.

2. A separate fire alarm system is not required in buildings that are equipped throughout with an approved supervised automatic sprinkler system installed in accordance with Section 903.3.1.1 or 903.3.1.2.

3. Where the interior corridor serves less than 5 units in a building that is two stories or less and is equipped with sealed battery or electric smoke alarms installed on the ceiling at the highest point of the interior corridor, interconnected with smoke alarm (s) located somewhere in the sleeping or dwelling units served by the corridor, and the corridor shall be equipped with emergency lighting. Occupancies utilizing this exception must register with the San Antonio Fire Department Office of the Fire Marshal for an inspection when installation is complete.

SECTION 1103.8 SINGLE AND MULTIPLE-STATIONSMOKE ALARMS is amended to read as follows:

1103.8 Single- and multiple-station smoke alarms. Single-and multiple-station smoke alarms shall be installed in existing Group I-1 and R occupancies in accordance with Sections 1103.8.1 through 1103.8.3.

Exception: All R3 occupancies not used for commercial purposes, including duplexes and houses for rent.

SECTION 1103.8.1 WHERE REQUIRED is repealed and replaced with SECTION 1103.8.1 WHERE REQUIRED to read as follows:

1103.8.1 Where required. Existing Group I-1 and R occupancies shall be provided with single-station smoke alarms in accordance with Section 907.2.11, except as provided in Section 1103.8.2 and 1103.8.3.

Exception: Where smoke detectors connected to a fire alarm system have been installed as a substitute for smoke alarms if installed in all sleeping areas as prescribed in 907.2.11.

SECTION 1103.8.2 INTERCONNECTION is repealed and replaced with SECTION 1103.8.2 INTERCONNECTION to read as follows:

1103.8.2 Interconnection. Where more than one smoke alarm is required to be installed within an individual dwelling or sleeping unit, the smoke alarms shall be interconnected in such a manner that the activation of one alarm will activate all of the alarms in the individual unit. The alarm shall be clearly audible in all bedrooms over background noise levels with all intervening doors closed.

Exceptions:

1. Interconnection is not required in buildings that are not undergoing alterations.
2. Smoke alarms in existing areas are not required to be interconnected where alterations do not result in the removal of interior wall or ceiling finishes exposes the structure.

SECTION 1103.8.3 POWER SOURCE is amended to read as follows:

1103.8.3 Power source. Single-station smoke alarms shall receive their primary power from the building wiring provided that such wiring is served from a commercial source and shall be equipped with a battery backup. Smoke alarms with integral strobes that are not equipped with battery backup shall be connected to an emergency electrical system. Smoke alarms shall emit a signal when the batteries are low. Wiring shall be permanent and without a disconnecting switch other than as required for overcurrent protection.

Exceptions:

1. Smoke alarms are permitted to be solely battery operated in existing buildings where construction is not taking place.
2. Smoke alarms are permitted to be solely battery operated in buildings that are not served from a commercial power source.
3. Smoke alarms are permitted to be solely battery operated in existing areas of buildings undergoing alterations or repairs that do not result in the removal of interior walls or ceiling finishes exposing the structure, unless there is an attic, crawl space or basement available that could provide access for building wiring without the removal of interior finishes.
4. In all R-2 occupancies, smoke alarms are permitted to be solely battery operated if added to comply with Section 1103.8.
5. In all R-2 occupancies, smoke alarms are permitted to be operated solely from the building wiring if installed prior to October 1, 2018.

SECTION 1103.9 CARBON MONOXIDE DETECTION is amended by adding SECTION 1103.9.1 CARBON MONOXIDE ALARMS IN EXISTING R—2 OCCUPANCIES to read as follows:

1103.9.1 Carbon monoxide alarms in existing R-2 occupancies. Carbon monoxide alarms shall be installed in all existing Group R-2 dwelling units and sleeping units where any of the following conditions apply:

1. If the code that was in effect at the time of construction required carbon monoxide detectors to be provided.
2. Dwelling units and sleeping units located in buildings that contain fuel-burning appliances servicing multiple dwelling units or sleeping units.

   Dwelling units and sleeping units shall have one year from October 1, 2018 to comply with the Carbon Monoxide Alarms retrofit requirements.

Installation:

If the code that was in effect at the time of construction required carbon monoxide alarms to be provided, they shall be installed in accordance with that code.

If the code that was in effect at the time of construction did not require carbon monoxide alarms to be provided, carbon monoxide alarms are permitted to be solely battery operated or plugged into an existing electrical plug. Carbon

monoxide alarms are permitted to be solely battery operated in dwelling units that are not served from a commercial power source. Carbon monoxide alarms are permitted to be a combination of smoke and carbon monoxide alarms.

Exceptions:

1. A carbon monoxide detection system in accordance with Section 915.5 shall be an acceptable alternative to carbon monoxide alarms.
2. Carbon monoxide detection shall not be required in individual dwelling units or sleeping units where an electric or sealed battery carbon monoxide alarm is provided in the room(s) containing the fuel-burning appliance serving multiple dwelling units or sleeping units and the unit(s) immediately adjacent to the room containing the fuel-burning appliance serving multiple dwelling units or sleeping units.

SECTION 1104.1 GENERAL is repealed and replaced with SECTION 1104.1 GENERAL to read as follows:

1104.1 General. Means of egress in existing buildings shall comply with the minimum egress requirements when specified in Table 1103.1 as further enumerated in Sections 1104.2 through 1104.25, or the building code that applied at the time of construction, if in the opinion of the fire code official, they do not constitute a distinct hazard to life. Existing buildings that were not required to comply with a building code at the time of construction shall comply with the minimum egress requirements when specified in Table 1103.1 as further enumerated in Sections 1104.2 through 1104.25 and, in addition, shall have a life safety evaluation prepared, consistent with the requirements of Section 403.2.10 and 403.2.11. The life safety evaluation shall identify any changes to the means of egress that are necessary to provide safe egress to occupants and shall be subject to review and approval by the fire code official. The building shall be modified to comply with the recommendations as set forth in the approved evaluation.

SECTION 1104.5 ILLUMINATION EMERGENCY POWER, SUBSECTION 7 is amended to read as follows; all other code text remains as is:

7. Groups R-1 and in R-2 in interior stairs and corridors only.

Exception: Where each dwelling unit or sleeping unit has direct access to the outside of the building at grade.

SECTION [BE] 1104.16.2 OPENING PROTECTIVES is repealed.

SECTION [BE] 1104.16 FIRE ESCAPE STAIRWAYS is amended by adding SECTION 1104.16.7 EXTERIOR FIRE ESCAPES to read as follows:

1104.16.7 Exterior Fire Escapes. Any existing exterior fire escape which is deemed to be an adequate fire escape under the laws of the State or under the provisions of the City fire prevention regulations shall be deemed an adequate means of egress for emergency use as required by this chapter and the number of existing exterior fire escapes shall be provided to comply with the fire escape law of the State and the City fire prevention regulations.

TABLE 1104.18 COMMON PATH, DEAD-END AND TRAVEL DISTANCE LIMITS (by occupancy) is amended by altering the number of "Dead-End Limit" Sprinklered (feet) chart for the following occupancy groups listed:

For SI: 1 foot= 304.8 mm, 1 square foot = 0.0929 m^2
a. See Section 1030.9.5 for dead-end aisles in Group A occupancies.
b. This dimension is for the total travel distance, assuming incremental portions have fully utilized their allowable maximums. For travel distance within the room, and from the room exit access door to the exit, see the appropriate occupancy chapter.
c. See Section 412 of the International Building Code for special requirements on spacing of doors in aircraft hangars.
d. Separation of exit access doors within a care recipient sleeping room, or any suite that includes care recipient sleeping rooms, shall comply with Section 1105.5.6.
e. In smoke compartments containing care recipient sleeping rooms and treatment rooms, dead-end corridors shall comply with Section 1105.6.5.
f. In Group I-1, Condition 2, care recipient sleeping rooms or any suite that includes care recipient sleeping rooms shall comply with Section 1105.7.
g. Where a tenant space in Group B, S and U occupancies has an occupant load of not more than 30, the length of a common path of egress travel shall be not more than 100 feet.
h. Where the building, or portion of the building, is limited to one story and the height from the finished floor to the bottom of the ceiling or roof slab or deck is 24 feet or more, the exit access travel distance is increased to 400 feet.
i. For covered and open malls, the exit access travel distance is increased to 400 feet.
j. Buildings equipped with an approved automatic sprinkler system in accordance with Section 903.3.1.1.
k. Buildings equipped with an approved automatic sprinkler system in accordance with Section 903.3.1.2.
l. Group H occupancies equipped with an approved automatic sprinkler system in accordance with Section 903.2.5.

SECTION 1104.22 EXTERIOR STAIRWAY PROTECTION is repealed.

SECTION 1104.25 EGRESS PATH MARKINGS is repealed.

SECTION 1107.1 LITHIUM-ION TECHNOLOGY ENERGY STORAGE SYSTEMS is amended to read as follows:

1107.1 Lithium-ion technology energy storage systems. Beginning January 1, 2026, the owner of an energy storage system (ESS) utilizing lithium-ion battery technology having capacities exceeding the values in Table 1207.1.3 and permitted prior to October 1, 2018 shall provide the fire code official a failure modes and effects analysis (FMEA) or other approved hazard mitigation analysis in accordance with Section 104.2.2 for review and approval.

Exception: Detached one-and two-family dwellings and townhouses.

SECTION 1203.1 GENERAL is amended by adding SECTIONS 1203.1.10 NATURAL GAS GENERATORS and 1203.1.11 DIESEL FUELED GENERATORS FUEL TANK VENTING to read as follows:

1203.1.10 Natural gas generators. Natural gas generators shall be allowed to be used as

an emergency or standby power source for emergency life safety equipment only when all of the following conditions are met:

1. The natural gas line supplying the generator must have a separate shutoff that is not affected by turning off the supply line to the building.
2. The shutoff for the natural gas line supplying the generator must have a sign at the shutoff that reads: "EMERGENCY GENERATOR GAS LINE, SHUT DOWN THIS LINE ONLY FOR EMERGENCIES INVOLVING EMERGENCY GENERATOR"
3. The generator must be a minimum of 10 feet from any building opening.
4. The installation of all natural gas generators shall be required to meet the provisions of the currently adopted International Plumbing Code and National Electrical Code.

1203.1.11 Diesel fueled generator fuel tank venting. Fuel tanks associated with diesel fueled generators shall be vented in accordance with Section 5704.2.7.3.3.

SECTION 1204.10 FIRE EXTINGUISHER is amended to read as follows:

1204.10 Fire extinguisher. A listed portable fire extinguisher complying with Section 906 with a minimum rating of 3-A:40-B:C shall be provided not more than 30 feet from the portable generator.

SECTION 2301 GENERAL is amended by adding SECTIONS 2301.7 PORTABLE SERVICE STATIONS and 2301.8 FLAME DETECTION SYSTEMS to read as follows:

2301.7 Portable service stations.

1. No person shall own, operate or maintain a tank used for the storage of flammable liquids maintained on skids or a similar type stand which is designed or intended to be used for dispensing flammable liquids into the fuel tanks of motor vehicles owned by the public.
2. The foregoing provisions of this article are intended to prohibit the use of so-called portable service station or similar units constructed to dispense flammable liquids to the motoring public and designed so that the unit can be easily picked up and moved.

2301.8 Flame detection systems. Fuel dispensing areas inside and outside of buildings that fuel vehicles fueled by gases including, but not limited to LPG, LNG, CNG, or Hydrogen shall provide a flame detection system that complies with approved standards. The flame detection system shall be designed to detect flame of gaseous fuels that are being dispensed.

SECTION 2303.2 EMERGENCY DISCONNECT SWITCHES is repealed and replaced with SECTION 2303.2 EMERGENCY DISCONNECT SWITCHES to read as follows:

2303.2 Emergency disconnect switches. An approved, clearly identified and readily accessible emergency disconnect switch shall be provided at an approved location to stop the transfer of fuel to the fuel dispensers in the event of a fuel spill or other emergency. An emergency disconnect switch for exterior fuel dispensers shall be located within 100 feet (30 480 mm) of, but not less than 20 feet (6096 mm) from, the fuel dispensers. For interior fuel-dispensing operations, the emergency disconnect switch shall be installed at an approved location. Such devices shall be distinctly labeled as: EMERGENCY FUEL SHUTOFF. Signs shall be provided in approved locations and be a minimum of 7 inches high and 10 inches wide.

SECTION 2303.2 EMERGENCY DISCONNECT SWITCHES is amended by adding SECTION 2303.2.2 ADDITIONAL EMERGENCY DISCONNECT SWITCHES FOR ATTENDED SELF-SERVICE to read as follows:

2303.2.2 Additional emergency disconnect for attended self-service. Attended facilities shall have an additional emergency disconnect switch located inside the building for attendant use at a location approved by the fire code official.

SECTION 2306.2.1.1 INVENTORY CONTROL FOR UNDERGROUND TANKS is repealed and replaced with SECTION 2306.2.1.1 INVENTORY CONTROL FOR UNDERGROUND TANKS to read as follows:

2306.2.1.1 Inventory control for underground tanks.

Accurate daily (normal working days only) inventory records shall be maintained and reconciled on all Class I, II or III-A liquid storage tanks for indication of possible leakage from tanks or piping. The records shall be made available for inspection by the Fire Marshal, and shall include, as a minimum, records showing by product: daily reconciliation between sales, use, receipts, and inventory on hand. If there is more than one system consisting of a tank(s), serving pump(s), or dispenser(s) for any product, the reconciliation shall be made separately for each tank system.

1. Daily inventory shall be maintained for each tank system at each location by the operator. The inventory records shall be kept for the past 12 months at the premises.

2. Inventory shall be based on the actual daily measurement and recording daily recording of actual sales, or by readout from an automated gauging system. The inventory records shall include a daily compilation of gain or loss. The mere recording of pump meter reading and product delivery receipts shall not constitute adequate inventory records.

3. The operator of the location shall be held responsible for notifying the owner or person(s) in control of the facility to take action to correct any abnormal loss or gain not explainable by spillage, temperature variations or both causes.

4. The Fire Marshal may require the operator of an underground tank storage system to test the system for tightness, at the operator's expense, when accurate daily inventory records have not been maintained as required or when in his judgment conditions indicate possible leakage of product from the location of such tanks.

5. The Fire Marshal may require copies of Class I, II and III-A liquid storage tank inventories, deliveries or receipt of product sales and dip gauge stick readings or other control measures in addition to copies of any tank tightness or line leakage test results from the station operator, agent, or terminal management.

6. When a service station tank is found to be leaking, its contents shall be removed immediately. If any investigations or tests indicate the source of such loss, the owner shall take immediate action to correct the system failure and remove dangerous spillage from the environment.

7. The Fire Marshal may order the closure of a Service Station by barricading if necessary and the emptying of contents from storage tanks should the operator of a service station be unwilling to cooperate with the Fire Department during the search for the source of such leakage or should the Fire Marshal determine that a hazardous condition exists that merits such action.

SECTION 2306.2.3 ABOVE-GROUND TANKS LOCATED OUTDOORS, ABOVE GRADE is amended by adding SECTIONS 2306.2.3.1 INSPECTIONS, 2306.2.3.2 REQUIRED ACCESS, and 2306.2.3.3 FIRE HYDRANT ACCESS to read as follows:

2306.2.3.1 Inspections. An inspection of the installation shall be conducted prior to loading the tank with fuel. For those installations approved by the Fire Chief or his designee to dispense class 1 liquids, the initial loading of fuel shall be witnessed by the fire inspector.

2306.2.3.2 Required access. Fire apparatus access roads shall be provided for every aboveground storage tank. The aboveground storage tank shall not be more than 150 feet from fire apparatus access roads as measured by an approved route.

2306.2.3.3 Fire hydrant access. A minimum of one fire hydrant shall be provided for every aboveground storage tank. The aboveground storage tank shall not be located more than 500 feet from a fire hydrant as measured by an approved route. The distance may be extended to 850 feet for tanks constructed to the design criteria of UL 2085. A minimum of two fire hydrants meeting the distance requirements per Table C102.1 shall be required for storage tank farms exceeding an aggregate capacity of 48,000 gallons of Class I, II, and IIIA liquid fuels. Fire flow requirements for storage tank farms and refineries shall be determined by a licensed Fire Protection Engineer and shall have a minimum flow of 2000 gallons per minute.

SECTION 2307 LIQUIFIED PETROLEUM GAS MOTOR FUEL DISPENSING FACILITIES is repealed.

SECTION 2311.8.9 GAS DETECTION SYSTEM is amended to read as follows:

2311.8.9 Gas detection system. Repair garages used for repair of vehicles fueled by gases, including, but not limited to, hydrogen, CNG, and LNG, shall be provided with a gas detection system that complies with Section 916. The gas detection system shall be designed to detect leakage of gaseous fuel. Where lubrication or chassis service pits are provided in garages used for repairing LNG-fueled vehicles, gas sensors shall be provided in such pits.

SECTION 2809 EXTERIOR STORAGE OF FINISHED LUMBER AND SOLID BIOFUEL PRODUCTS is amended by adding SECTION 2809.6 LUMBER STORAGE OTHER THAN COMMERCIAL LUMBER DEALERS to read as follows:

2809.6 Lumber storage other than commercial lumber dealers. It shall be unlawful for any person within the City limits to place, pile, or cause to be placed or piled, any lumber or timber to a greater height than six feet at the topmost portion from ground level. Storage of lumber in such instances must allow at least an 18-inch space from ground level to bottom of the lumber pile. Such pile must be at least three feet from any adjoining property line and total pile area shall not exceed 100 square feet. Any lumber stored or kept upon, or in, any premises in the City must be piled in a neat and orderly manner free from rubbish or other waste materials. Nothing in this section shall apply to storage of lumber by commercial lumber dealers.

SECTION 3103.2 APPROVAL REQUIRED is repealed and replaced with SECTION 3103.2 APPROVAL REQUIRED and 3103.2.1 PERMITS is added to read as follows:

3103.2 Approval required. Tents and membrane structures used for assembly purposes having an occupant load over 50, and all other occupancies having an area in excess of 1,200 square feet shall not be erected, operated or maintained for any purpose without first obtaining a permit and approval from the fire code official.

3103.2.1 Permits. Permit to operate a tent or air supported structure shall consist of a Certificate of Occupancy issued by Development Services.

SECTION 3301 GENERAL is amended by adding SECTION 3301.3 ADDRESS NUMBERS to read as follows:

3301.3 Address numbers. Buildings under construction shall place address numbers and/or building numbers in a position that is plainly legible and visible from the street or road fronting the property with minimum six-inch numbers.

SECTION 3306.5 AUTOMATIC SPRINKLER SYSTEM is amended by adding SECTION 3306.5.2 FURNITURE, FIXTURES, AND EQUIPMENT to read as follows:

3306.5.2 Furniture, fixtures, and equipment. In buildings where an automatic sprinkler system is required, furniture, fixtures and equipment shall not be stored in the building until the system has been tested and approved by the fire code official and monitoring of system is active.

Exception: As approved by the fire code official.

CHAPTER 37 COMBUSTIBLE FIBERS is amended by adding Section 3706 CONSTRUCTION AND PROTECTION REQUIREMENTS to read as follows:

Section 3706 Construction and protection requirements.

1. Handling and storage of large quantities of wastepaper, rags, or other combustible materials shall not be allowed in a building of any type in excess of 1,500 square feet area unless the building is protected with an approved automatic sprinkler system.

2. Handling and storage building for wastepaper, rags or other combustible materials shall not exceed one story in height unless of Type I construction and fully protected with approved automatic sprinkler system.

3. No loose wastepaper, rags, trash or rubbish of any kind, or similar combustible materials shall be allowed on the premises on the outside of any building.

4. Bales, wastepaper, rags, and other combustibles in baled lots shall be stored in buildings. Said buildings shall be required to have aisles when 25,000 cubic feet or more of such materials are stored. Baled materials, if stored outside of buildings, shall not be stored within 25 feet of any building. EXCEPTION: Baled materials may be stored within 25 feet of a building's outside wall when a wall sprinkler curtain is provided on the building.

SECTION 4104.2 OPEN-FLAME COOKING DEVICES is amended to read as follows:

4104.2 Open-flame cooking devices. Charcoal burners and other open-flame cooking devices shall not be operated on combustible balconies or within 10 feet (3048 mm) of a combustible surface.

Exceptions:

1. One-and two-family dwellings.

2. Group R occupancies in compliance with the provisions, and meeting exceptions, of Section 308.4.2.

SECTION 4106 MOBILE FOOD PREPARATION VEHICLES is amended to read as follows:

SECTION 4106 MOBILE FOOD ESTABLISHMENTS

4106.1 General. Mobile food establishments that are equipped with appliances that produce smoke or grease-laden vapors for the purpose of preparing, cooking or serving food shall comply with NFPA 96 and this section. Indoor use of mobile food preparation vehicles is prohibited unless approved by the fire code official.

4106.2 Permit required. It shall be unlawful to operate mobile food establishments without a permit as required by Section 105.5.32. Annual mobile food establishment permits must be displayed in a visible location in or on the mobile food establishment.

4106.2.1 Site placement. Mobile food establishments left on site for more than 24 hours at carnivals, fairs, festivals, or other public events will be subject to Food Booth permit requirements, inspections, and fees as set forth in Section Chapter 11, Section 11-16 of the City Code and Section 105.5.34 of this code in addition to any fees associated with the annual mobile food establishment permits.

4106.3 Exhaust hood. All Mobile Food Establishments permitted after January 1, 2019, which utilize cooking equipment that produces grease-laden vapors shall be provided with a kitchen exhaust hood constructed in accordance with Section 606.

4106.4 Maintenance. Maintenance of systems on mobile food establishments shall be in accordance with Sections 4106.4.1 through 4106.4.3.

4106.4.1 Exhaust system. The exhaust system, including hood, grease-removal devices, fans, ducts and other appurtenances, shall be inspected and cleaned in accordance with NFPA 96.

4106.4.2 Fire protection systems and devices. Fire protection systems and devices shall be maintained in accordance with 901.6.

4106.4.3 Fuel gas systems. Fuel gas systems shall be maintained in accordance with Sections 4106.4.3.1 through 4106.4.3.4.

4106.4.3.1 LP-gas systems. LP-gas containers installed on the vehicle and fuel gas piping systems shall be inspected annually by an approved inspection agency, person or special expert who is qualified to ensure that system components are free from damage, suitable for the intended service and not subject to leaking.

4106.4.3.2 CNG systems. CNG containers and fuel gas piping systems shall be inspected annually by an approved inspection agency, person or special expert who is qualified to ensure that system components are free from damage, suitable for the intended service and not subject to leaking.

4106.4.3.3 Annual leakage test. All fuel gas piping systems and appliances shall be checked annually for leakage at the operating pressure of the system using a manometer or pressure gauge. Where leakage is indicated, the gas supply shall be turned off until repairs have been made and the system no longer leaks.

4106.5 Manual system operation for the automatic fire extinguishing system(s). A manual actuation device shall be provided for the automatic fire extinguishing system(s) provided for the cooking appliance(s). The manual actuation device shall be unobstructed and in view from the means of egress, located at or near a means of egress from the cooking area, and at a location acceptable to the fire code official. The manual actuation device shall be installed not more than 48 inches (1200 mm) nor less than 42 inches (1067 mm) above the walking surface of the means of egress and shall clearly identify the hazard protected. The manual actuation shall require a maximum force of 40 pounds (178 N) and a maximum movement of 14 inches (356 mm) to actuate the fire suppression system.

4106.6 Fire protection. Fire protection shall be provided in accordance with Sections 4106.6.1 through 4106.6.4

4106.6.1 Fire protection for cooking equipment. Cooking equipment shall be protected by automatic fire extinguishing systems in accordance with Section 904.13 when Section 4106.3 applies.

4106.6.2 Fire extinguisher. Portable fire extinguishers shall be provided in accordance with Section 906.4 and shall have a minimum of one (2A:10BC) portable fire extinguisher mounted in a conspicuous place within the kitchen area.

4106.6.3 Additional extinguishers. In addition to any other required fire extinguisher, a class K portable fire extinguisher shall be provided as follows:

1. For deep fryers with up to four fryers having a maximum cooking medium capacity of 80 pounds each.
2. For every additional group of four fryers having a maximum cooking capacity of 80 pounds each.
3. For individual fryers exceeding 6 square feet in surface area, class K extinguishers shall be installed in accordance with the extinguishers manufacturers' recommendations.
4. Solid fuel cooking appliances with fireboxes 5 cubic feet or less in volume shall have a minimum 2.5 gallon or two 1.5 gallon Class K wet-chemical portable fire extinguishers.

4106.6.4 Generators. Mobile food vendors with portable generators shall have a (3A:40BC) portable fire extinguisher in addition to the other fire extinguishers.

4106.7 Appliance connection to fuel supply piping. Gas cooking appliances shall be secured in place and connected to fuel-supply piping in accordance with the manufacturer's installation instructions.

4106.8 Baffles and Closures.

4106.8.1 Baffles. All deep-fat fryers shall have a steel baffle between the fryer and surface flames of an adjacent appliance or shall maintain a 16-inch separation distance. The baffle, if installed, shall be eight inches in height.

4106.8.2 Lids. A positive closing lid shall be required on the fryer with latching mechanisms that secure it in the open and closed positions. Exception: fryers installed under a fixed pipe extinguishing system.

4106.9 Emergency egress. Emergency egress shall comply with Section 4106.9.1 through Section 4106.9.2.2.

4106.9.1 Aisles. Mobile food establishments shall have a clear, unobstructed height over the aisle-way portion of the unit of at least 74 inches from floor to ceiling, and a minimum of 30 inches of unobstructed horizontal aisle space.

4106.9.2 Additional exit. Should travel distance from any portion of the interior exceed 10 feet, the mobile food establishments shall have a minimum of two exits located remote from each other and so arranged as to provide a means of unobstructed travel to the outside of the vehicle.

4106.9.2.1 Exit location. A secondary means of egress shall be located remote of the main exit door, with an unobstructed minimum passage of 24" X 24 " to the outside. The bottom of this secondary means of egress shall not be more than four feet above the vehicle floor or a readily accessible horizontal surface capable of supporting a weight of 300 pounds minimum opening to the outside.

4106.9.2.2 Latching. The latch mechanism of any exit facility shall be operable by hand and shall not require the use of a key or special knowledge for operation from the inside. The secondary exit shall be labeled with the word "EXIT" with two-inch minimum letters on contrasting background.

4106.10 LP-gas systems. Where LP-gas systems provide fuel for cooking appliances, such systems shall comply with Chapter 61 and Sections 4106.10.1 through 4106.10.8.

4106.10.1 Maximum aggregate volume. The maximum aggregate capacity of LP-gas containers transported on the vehicle and used to fuel cooking appliances only shall not exceed 200 pounds (91 kg) propane capacity.

4106.10.2 Protection of container. LP-gas containers installed on the vehicle shall be securely mounted and restrained to prevent movement. LP-gas containers shall be located and secured on the exterior of the mobile food establishment, open to atmosphere or if containers are kept in compartment, said compartment must be separate from the interior food preparation area. Access must be from the exterior of the unit and compartment floor and exterior door must be vented to the atmosphere.

4106.10.3 LP-gas container construction. LP-gas containers shall be manufactured in compliance with the requirements of NFPA 58.

4106.10.4 Protection of system piping. LP-gas system piping, including valves and fittings, shall be adequately protected to prevent tampering, impact damage, and damage from vibration.

4106.10.5 LP-gas alarms. A listed LP-gas alarm shall be installed within the vehicle in the vicinity of LP-gas system components, in accordance with the manufacturer's instructions.

4106.10.6 No smoking sign. All mobile units with propane shall post a "NO SMOKING" sign next to or directly above the propane bottle and visible to the public. Such sign shall be posted with a minimum of four-inch lettering.

4106.10.7 Listed hoses. Any hose used to pipe LP-gas to a device shall be listed by UL, FM, or other approved agency and listed specifically for LP Gas service. All couplings, fittings, and any other devices shall meet the requirements for LP Gas Service as outlined in the International Fuel Gas Code, NFPA 58 and 54, or be deemed unapproved and removed from service.

4106.10.8 LPG tank location. LPG tanks shall be located outside the mobile food establishment a minimum of five feet from the primary means of egress.

4106.11 CNG systems. Where CNG systems provide fuel for cooking appliances, such systems shall comply Sections 4106.11.1 through 4106.11.4.

4106.11.1 CNG containers supplying only cooking fuel. CNG containers installed solely to provide fuel for cooking purposes shall be in accordance with Sections 4106.11.1.1 through 4106.11.1.3.

4106.11.1.1 Maximum aggregate volume. The maximum aggregate capacity of CNG containers transported on the vehicle shall not exceed 1,300 pounds (590 kg) water capacity.

4106.11.1.2 Protection of container. CNG containers shall be securely mounted and restrained to prevent movement. Containers shall not be installed in locations subject to a direct vehicle impact.

4106.11.1.3 CNG container construction. CNG containers shall be an NGV-2 cylinder.

4106.11.2 CNG containers supplying transportation and cooking fuel. Where CNG containers and systems are used to supply fuel for cooking purposes in addition to being used for transportation fuel, the installation shall be in accordance with NFPA 52.

4106.11.3 Protection of system piping. CNG system piping, including valves and fittings, shall be adequately protected to prevent tampering, impact damage, and damage from vibration.

4106.11.4 Methane alarms. A listed methane alarm shall be installed within the vehicle in accordance with the manufacturer's instructions.

CHAPTER 42 AUTOMOBILE WRECKING YARDS is added to read as follows:

CHAPTER 42 AUTOMOBILE WRECKING YARDS

4201 Automobile dismantling and storage. Nothing but automobile dismantling shall be carried on in any automobile wrecking yard or establishment, and if repairs are made to any automobile or other self-propelled vehicle, such repairs shall be made in a building meeting all the requirements of a public automobile garage or automobile repair shop and in keeping with the regulations for such occupancy.

All gasoline shall be drained from the gasoline reservoirs of all automobiles or other self-propelled vehicles stored or kept on the premises, unless such automobiles or vehicles are in such state of repair as to enable them to be removed from the premises under their own power.

CHAPTER 43 PROTECTION OF OUTDOOR STORAGE is added to read as follows:

CHAPTER 43 PROTECTION OF OUTDOOR STORAGE

4301 General.

4301.1 The hazards of exposure to outdoor storage from ignition sources and exposing fires and the infinite variety of conditions under which such exposures can occur render impossible the formulation of any single table, formula, or set of rules that can cover all conditions adequately.

4301.2 In general, the provision of automatic fire protection is impractical for outdoor storage. As a result, the following is required:

1. Control of potential ignition sources such as from exposing buildings, transformers, yard equipment, refuse burners, overhead power lines, and vandals.
2. Elimination of adverse factors such as trash accumulations, weeds, and brush.
3. Provision of favorable physical conditions such as limited pile sizes, low storage heights, wide aisles, and possible use of fire-retardant covers (e.g., tarpaulins).

4. Rapid and effective application of manual fire-fighting efforts by the provision of fire alarms, strategically located hydrants, and adequate hose houses or hose reels.

4301.3 Outdoor storage is acceptable for materials as follows:

1. Of low fire hazard, not requiring protection even if located indoors.
2. Of sufficiently low value that a potential loss would not justify the utilization of building space.
3. Of such severe fire hazard that indoor protection is impractical when balanced against potential loss of large volume and bulk, making it impractical to construct and protect a building to house the storage.

4301.4 Where materials that normally would be stored in buildings are stored outdoors in temporary emergencies, special precautions shall be taken for their safeguard and that they be moved to a storage warehouse as soon as possible.

4302 Responsibilities of Management

4302.1 It is the responsibility of management to properly consider the hazards of the various materials handled. Protection requirements and storage arrangements vary with the combustibility of the materials. The care, cleanliness, and maintenance exercised by management determine to a large extent the relative fire safety in the storage area.

4303 Site.

4303.1 In selecting a site for outdoor storage, the following requirements shall be followed:

1. Adequate public water system with hydrants suitably located for protection of the storage.
2. Adequate all-weather roads for fire department apparatus response.
3. Sufficient clear space from buildings or from other combustible storage that constitutes an exposure hazard.
4. Absence of flood hazards.
5. Adequate clearance space between storage piles and any highways, bridges, railroads, and woodlands.
6. Topography as level as possible to provide storage stability.
7. Adequate clearance between the storage of combustible materials and pipelines, pipe bridges, cable trays and electrical transmission lines.

4303.2 The entire site shall be surrounded by a fence or other suitable means to prevent unauthorized access. An adequate number of gates shall be provided in the surrounding fence or other barriers to permit ready access of fire apparatus.

4304 Material Piling.

4304.1 Materials shall be stored in unit piles as low in height and small in area as is consistent with good practice for the materials stored. The maximum height shall be determined by the stability of pile, effective reach of hose streams, combustibility of the commodity, and ease of pile breakdown under fire or mop-up conditions. Under no circumstances shall the pile size dimensions exceed 50 feet by 150 feet by 20 feet high unless the specific commodities maximum dimensions are listed elsewhere in the code.

4304.2 Aisles shall be maintained between individual piles, between piles and buildings, and between piles and the boundary line of the storage site. Sufficient driveways having the width of at least 20 ft shall be provided to allow the travel of fire equipment to all portions of the storage area. Aisles shall be at least twice the pile height to reduce the spread of fire from pile to pile and to allow ready access for firefighting, emergency removal of material, or salvage purposes.

4304.3 As the commodity class increases in combustibility or where storage could be ignited easily from radiation, wider aisles shall be provided. Smaller unit piles could be an alternative to wider aisles if yard space is limited.

4304.4 Boundary posts with signs designating piling limits shall be provided to indicate yard area, roadway, and aisle limits.

4305 Buildings and Other Structures.

4305.1 Yard storage, particularly storage of commodities in the higher heat release category, shall have as much separation as is practical from important buildings and structures, but not less than that offered by NFPA 80A, Recommended Practice for Protection of Buildings from Exterior Fire Exposures.

4305.2 As guidance in using NFPA 80A to establish clear spaces, the following classification of severity with commodity classes of this standard shall be used on the basis of 100 percent openings representing yard storage:

1. Light severity—Commodity Class I.
2. Moderate severity—Commodity Class II.
3. Interpolate between moderate and severe severity for Commodity Class III.
4. Severe severity—Commodity Class IV and Class A plastics.

The guidelines of Section 4205.2 apply to the equivalent commodity classes of this standard. The severity of the exposing building or structure also shall be a consideration where establishing a clear space.

4306 Yard Maintenance and Operations

4306.1 The entire storage site shall be kept free from accumulation of unnecessary combustible materials. Vegetation shall be kept to a maximum of four inches high. Procedures shall be provided for weed control and the periodic cleanup of the yard area.

4306.2 No heating equipment shall be located or used within the storage area. Salamanders, braziers, portable heaters, and other open fires shall not be used.

4306.3 Smoking shall be prohibited, except in locations prominently designated as smoking areas. "No Smoking" signs shall be posted in prohibited areas.

4306.4 Welding and cutting operations shall be prohibited in the storage area.

4306.5 Tarpaulins used for protection of storage against the weather shall be of fire-retardant fabric.

4306.6 Motorized vehicles using gasoline, diesel fuel, or liquefied petroleum gas as fuel shall be garaged in a separate, detached building.

4307 Fire Protection

4307.1 Fire extinguishers of an appropriate type shall be placed at well-marked strategic points throughout the storage area so that one or more portable fire extinguisher units can quickly be made available for use at any point. Where the climate is such that there is a danger of freezing, suitable extinguishers for freezing temperatures shall be used.

SECTION 5003.4 SAFETY DATA SHEETS is amended to add SECTION 5003.4.1 SAFETY DATA SHEET SUBMITTAL to read as follows:

5003.4.1 Safety data sheet submittal. The Fire Marshal may require that information on the nature of any and all potentially hazardous material be submitted to the Fire Department on the Standard Material Safety Data Sheet provided by the U.S. Department of Labor Occupational Safety and Health Administration.

SECTION 5004.2.2.5 MONITORING is amended to read as follows:

5004.2.2.5 Monitoring. An approved monitoring method shall be provided to detect hazardous materials in the secondary containment system. The monitoring method is allowed to be visual inspection of the primary or secondary containment, or other approved means. Where secondary containment is subject to the intrusion of water, a monitoring method for detecting water shall be provided. Where monitoring devices are provided, they shall be connected to approved visual or audible alarms. Such systems shall be inspected and tested by the owner or occupant annually and properly maintained in an operative condition at all times. Records of inspections, tests and repairs shall be maintained and readily available to the fire code official upon request.

SECTION 5601.1.3 FIREWORKS is amended by adding SECTIONS 5601.1.3.1 UNLAWFUL POSSESSION OF FIREWORKS, 5601.1.3.2 INSTIGATING OR AIDING A MINOR TO VIOLATE THE ORDINANCE PROHIBITING

FIREWORKS, and 5601.1.3.3 SUMMONS TO BE ISSUED FOR VIOLATION OF FIREWORKS ORDINANCE to read as follows:

5601.1.3.1 Unlawful possession of fireworks. It shall be unlawful for any person to have, keep, store, sell, offer for sale, give away, use, transport or manufacture fireworks or pyrotechnics of all kinds in any quantity, within the corporate limits of the City without a permit.

5601.1.3.2 Instigating or aiding a minor to violate the ordinance prohibiting fireworks. No person shall furnish money or a thing of value to a minor for the purchase of fireworks or encourage, act in conjunction with or in any manner instigate or aid a minor in the act of having, keeping, storing, selling, offering for sale, giving away, using, transporting, or manufacturing fireworks within the corporate limits of the City. Such actions shall constitute Class C misdemeanors and be punished by a fine not to exceed $2,000.00.

5601.1.3.3 Summons to be issued for violation of fireworks ordinance. A summons or notice to appear in answer to a charge of illegal possession or use of fireworks in violation of this section specifying the location of such violation, the date and time of such violation, and the name and address of the offender, may be issued by any Police Officer, Arson Investigator, Fire Inspector or by any Firefighter who has been assigned to citation duties by the Fire Chief.

SECTION 5601.2 PERMIT REQUIRED is amended by adding SECTIONS 5601.2.5 CONGESTED AREAS through 5601.2.13 APPEALS TO THE BOARD OF APPEALS CONCERNING EXPLOSIVES PERMITS to read as follows:

5601.2.5 Congested areas. When explosives or explosive ingredients are stored, handled, used or transported or processed in congested mercantile, industrial, commercial or other heavily populated areas, the explosive permit must be countersigned by the Fire Chief and the Chief of Police or by a person authorized to act for each. No explosive permit for use in these areas shall be valid unless it bears the signature of each of the above-named officials.

5601.2.6 Prohibited explosives. It shall be unlawful for any person to have, keep, store, sell, offer for sale, give away, use, transport or manufacture any of the explosives listed in Section 5601.3 any quantity, within the corporate limits of the City, or to store, sell, use or offer for sale such explosives within 5000 feet beyond the City limits unless authorized by the Fire Marshal.

5601.2.7 Applicant qualifications. Only those persons who have proven to the Fire Marshal by examination or actual test or by check references of three persons not related to the applicant, or by all those means, that they are qualified to manufacture, store, handle, use, transport, or possess explosives and ingredients and who have proved to the satisfaction of the Fire Marshal that they have read, or have had read to them, and understood the provisions of this section shall be given an explosives permit. Applicants who fail the written examination may repeat the exam after 30 days. Those failing the test the second time may retake the test for the third time after 90 days. Persons failing the test three times will not be permitted to repeat test for one year from date of last test taken.

5601.2.8 Inspection required. Upon receipt of an application for a permit, special permit or certificate of fitness as required by this chapter, the Fire Marshal shall make or cause to be made an investigation to determine if all conditions of this article applying to the permit specified are fulfilled, and if the Fire Marshal shall find that the things required to be set forth and are true and that the requirements of this article are fulfilled, the permit or certificate herein mentioned shall be issued.

5601.2.9 Purpose specified. Explosive permit shall specify the purpose for which the explosives or other ingredients are to be manufactured, stored, handled, transported or possessed, and the maximum amount that will be allowed.

5601.2.10 Application for permit.

1. All applications for permits shall be in writing or submitted through the customer portal system. Government departments, firms, corporations, partnerships, contractors, or other legal entity may obtain explosive permits through a person authorized to act for or assumed legal responsibility for them.
2. The Fire Marshal shall not issue an explosive permit if he receives a written objection from the City Manager, Chief of Police or from persons authorized to act for them.
3. The Arson Division shall do a computer investigation check based on the information on the application.
4. Every person applying for a permit must be able to read and write the English language.
5. The Fire Marshal or his designate may request written comments on each permit application from the various affected City of San Antonio utilities or franchise holders. When, in the opinion of the Fire Marshal, such utility or franchise holder has a valid objection to the issuance of a permit, no permit shall be approved until such objection has been resolved to the satisfaction of the Fire Marshal or his designate.
6. When, in the opinion of the Fire Marshal or his designate, there is a substantial danger to life, health, or property in the immediate area exposed to the blasting for which a permit is being requested, said permit may be denied.

5601.2.11 Permit limitations.

1. Explosives Handling Permits may be issued for a period, not to exceed one year from date of issuance, deemed advisable by the Fire Marshal.
2. No employee of a government department, firm, partnership or individual shall be issued an explosives handler permit unless his employer first obtains an explosives site permit.
3. An employee's explosive permit shall become void if his employer's explosive permit is revoked or expires without being renewed.
4. Permits shall be unassignable and nontransferable, and no person shall operate under, or have the benefit of, another person's permit.
5. The Fire Marshal shall revoke an explosive permit for violation of any of the provisions of this chapter. The offender shall have the right to appeal the Fire Marshal's revocation decision.
6. The death of any permittee, shall, ipso facto, immediately render the permit void, and the personal representative or heirs of the decedent must apply for a permit to cover remaining explosives or ingredients or uncompleted operations requiring a permit. If a permittee is discharged from his employment, his permit shall become immediately void and shall be delivered to his employer, who must deface it by writing across the face thereof the word "Void", together with a notation of the date and reason for the voidance, and thereafter mail or deliver it to the Fire Marshal, and the employer must at once take possession and charge of any explosives or ingredients for which the permittee was accountable. In the event of the dissolution or transfer of the business of any permittee, the successor in interest of the permittee shall immediately apply for a permit to cover any explosives, ingredients or operations relating to same.
7. In the event of the bankruptcy of a permittee, the trustee or receiver of his bankrupt estate shall immediately apply for a permit to cover any remaining explosives, ingredients, or operations relating thereto. The permit shall not pass with any forced sale or other forced transfer of explosives, ingredients, or operations covered by it, and the transferee must immediately apply for a permit to cover same.

8. Any permit that becomes void during the period for which it was issued shall be returned within ten days to the Fire Marshal and it shall be accompanied with all Photostat copies that have been made.
9. The Fire Marshal shall be notified of the loss or destruction of any valid permit.

5601.2.12 Blasting site permits.

1. Blasting permits shall be issued by the Fire Marshal and shall set forth the name of the contractor or other responsible party applying, the name of the property owner upon whose property the blasting is to be done and the location of the property. Such permit shall be valid and operative for a period not to exceed 90 days from date issued, except for quarry operation permits, which shall be issued for a period not to exceed one year.
2. The Fire Marshal shall not issue a permit to exceed 10,000 pounds of explosive materials for construction blasting, 500 electric or non-electric blasting caps for use per day at a permitted site, or 50 pounds of black powder of any kind.
3. The Fire Marshal may limit the quantity of explosives or blasting agents to be permitted at any location.
4. The Fire Marshal may defer the issuance of an explosives permit in order to make any such investigation as he deems necessary.

5601.2.13 Appeals to the board of appeals concerning explosives permits. Any person who has been refused issuance of an explosive permit or who has had his explosive permit revoked may appeal such action by notifying the Chairman of the Building-Related and Fire Codes Appeals and Advisory Board in writing within 21 days after he has received notice of such refusal or revocation.

SECTION 5607.1 GENERAL is amended by adding SECTION 5607.1.1 CONDITIONS OF APPROVAL to read as follows:

5607.1.1 Conditions of approval. The Fire Marshal shall set other conditions to the approval of a permit application that are necessary, in his opinion, to adequately protect the public health and safety. These conditions may include, but are not limited to, reduced allowable particle velocities, additional monitoring, increased insurance protection, hours of operation, type and amount of explosives used and engineered blasting plans.

SECTION 5607.4 RESTRICTED HOURS is repealed and replaced with SECTION 5607.4 RESTRICTED HOURS to read as follows:

5607.4 Restricted hours. Except by written approval by the Fire Marshal, no blasting operations shall be conducted on Saturdays, Sundays or legal holidays or between the hours of 5:00 p.m. and 8:00 a.m.

SECTION 5607.13 FIRING CONTROL is amended by adding SECTION 5607.13.1 NOTIFICATION TO THE FIRE DEPARTMENT PRIOR TO BLASTING to read as follows:

5607.13.1 Notification to the fire department prior to blasting. The permit holder of the construction blast site shall call the SAFD dispatch center prior to the blast to notify them that a controlled construction blast will occur. The permit holder shall notify the Fire Department with the time and location of the blast.

SECTION 5607.14 POST-BLAST PROCEDURES is amended by adding SECTION 5607.14.1 REMOVAL OF EQUIPMENT to read as follows:

5607.14.1 Removal of equipment. All exposed blasting cap lead wires in the ground from previous shots shall be removed at the end of the workday.

SECTION 5607 BLASTING is amended by adding SECTION 5607.16 PARTICLE VELOCITY PERMITTED and SECTION 5607.17 BLAST MONITOR REQUIRED to read as follows:

5607.16 Particle velocity permitted. Peak particle velocity, airblast and flyrock requirements shall comply with NFPA 495 Chapter 11 and this code. A particle velocity of 1.7 inches per second will be the maximum velocity allowed by permit. One and seven-tenths (1.7) inches per second particle velocity or

above will require the immediate suspension of blasting and corrective procedures implemented to reduce the excess velocity. The Fire Marshal may reduce this limit to adequately protect the public safety.

5607.17 Blast monitor required. A blast monitor, such as a seismic blast-recording machine, is required in connection with all permits issued inside the City limits of San Antonio unless specifically exempted by the Fire Marshal. Recordings shall comply with Bureau of Mines Standards for safety and property protection. Seismic readings for each blast shall be submitted to the Fire Marshal's office after each blast for record keeping as appropriate.

SECTION 5608.1 GENERAL is amended by adding SECTIONS 5608.1.1 PUBLIC DISPLAYS - DUTIES OF THE OPERATOR through 5608.1.5 FIRE INSPECTORS TO BE PRESENT to read as follows:

5608.1.1 Public displays - duties of the operator. The operator of a public fireworks display shall comply with the following:

1. The minimum radius of the secured area surrounding a fireworks display (the minimum safe distance between the mortar site and spectators) shall be 70 feet per shell inch of the largest shell to be fired. Spectators shall be restrained using a barrier approved by the Fire Marshal. Security officers shall be provided and assigned as approved by the Fire Marshal.

2. Fire projectiles:

2.1. So that the range of aerial display shall be not more than 200 feet and the fireworks shall be discharged vertically from steel or other approved tubes; or

2.2. So that they will impact in a body of water.

3. Maintain an unobstructed spatial separation of:

3.1. 600 feet between the ignition point and a school.

3.2. 200 feet between the ignition point and a highway, railroad, or building other than a school; and

3.3. 50 feet between the ignition point and an overhead obstruction.

4. Discontinue the display if the wind carries fireworks debris to adjoining property; and

5. Immediately after display:

5.1. Search the display site for unfired fireworks or fireworks debris; and

5.2. Safely dispose of any unfired fireworks or fireworks debris in the prescribed by the Fire Marshal.

5608.1.2 Fireworks permits. Possession and use of fireworks and pyrotechnics shall be allowed in connection with a firework display in celebration of a recognized holiday under the following conditions:

1. The site of the display has been previously approved by the Fire Marshal.

2. The display is in conjunction with a special event or occasion as approved by the fire code official or is within 10 days of a federal, state or city holiday, and is in connection with a public holiday celebration.

3. The display is to be held under the supervision of the Fire Marshal or his representative. In addition to other violations contained in this chapter, it shall be unlawful for any person conducting such a display or storing or moving explosives preparatory to such an event, to fail to adhere to all specifications and directions of the Fire Department representative supervising such event.

5608.1.3 Materials not to be stored in city. The material to be used for a public display authorized by this division shall not be stored within the City limits but shall be brought in on the day of the public display and then shall be taken immediately to the place of display for further handling and storage.

5608.1.4 Limitation on time and number of displays. No display authorized by this division shall be commenced prior to the hour of 1:00 P.M. nor later than 10:00 P.M. Sundays through Thursdays and no later than 11:00 P.M. on Fridays and Saturdays.; however, fireworks display may be commenced between the hours of 10:00 P.M. on December 31 of any year and between the hours of midnight and 1:00 A.M. on January 1 of any year if such displays comply with all other requirements of this code. Any display authorized by this division shall be completed within one hour after the time the display is commenced, and no permit shall authorize more than two displays in each 24 hours.

5608.1.5 Fire inspectors to be present. For each public display of fireworks under this division, not less than two Fire Prevention officers of the city shall be in attendance during the display. If more than two fire inspectors are required or the inspector's work takes longer than two hours, the additional expense shall be borne by the applicant for the permit at the rate per man-hour as provided for in Section 11-16(k) of the City Code. The Fire Chief may require standby firefighting unit at the expense of the applicant.

SECTION 5608.2.2 USE OF PYROTECHNICS BEFORE A PROXIMATE AUDIENCE is amended by adding SECTION 5608.2.2.1 INSIDE USE OF PYROTECHNICS to read as follows:

5608.2.2.1 Inside use of pyrotechnics. The use of pyrotechnics inside of a building shall be unlawful unless authorized and approved in writing by the Fire Marshal prior to the issuance of a permit. The Fire Marshal may require the owner or person in possession or control of the building or premises to provide without charge to the department a technical opinion and report stating whether harmful smoke would be produced and pose a health hazard to the public. The opinion and report shall be prepared by a qualified engineer, specialist, laboratory, or fire safety specialty organization acceptable to the Fire Marshal and the owner. A permit for the use of pyrotechnics shall be issued when approved by the Fire Marshal. Application for a permit shall be made in writing 10 days prior to the use of pyrotechnics.

SECTION 5608.2 PERMIT APPLICATION is amended by adding SECTIONS 5608.2.3 PROCEDURE FOR APPLYING; PERMIT FOR FIREWORKS DISPLAY through 5608.2.8 DUTIES OF PERMITTEE to read as follows:

5608.2.3 Procedure for applying; Permit for Fireworks Display. A permit applicant shall, at least 10 days before using fireworks, file with the Fire Marshal a completed permit application showing the:

1. Pyrotechnics:
   a. Business address.
   b. Proof of legal competency; and
   c. Record of previous experience with fireworks.
2. Address of the proposed display.
3. Amount, type, and class of fireworks to be used.
4. Address of the company supplying the fireworks.
5. Date of proposed display.
6. Starting and ending times of the proposed display; and
7. Diagram of the proposed display grounds, detailing:
   a. Firing points
   b. Location of buildings and highways on or adjoining the grounds.
   c. Spectator restraining lines; and
   d. Overhead obstructions.
8. Completed permit application to the Fire Marshal including the surety bond or insurance coverage required by State Law.

The Fire Marshal shall, within five days from date of the completion of the requirements in Subsection (l) of this section, approve or refuse to approve the permit. If the Fire Marshal refuses to approve issuance, he shall immediately send to

the applicant by certified mail, return receipt requested, a written statement explaining the basis of the refusal.

The permittee shall notify in writing, at least 48 hours prior to consideration by the Fire Marshal, all residents within 1000 feet of a proposed fireworks site.

5608.2.4 Refusal to issue. The Fire Marshal may refuse to approve issuance of a permit if the applicant:

1. Intentionally makes a false statement as to a material matter in the permit application.
2. Is a fugitive from justice.
3. Is under a felony indictment.
4. Has been finally convicted of a felony offense within that five-year period immediately preceding the filing of the application.
5. Has been finally convicted of a misdemeanor violation of an explosives law or regulation within the two-year period immediately preceding filing of the application.
6. Held a permit issued under this article, which permit was revoked within that one-year period immediately preceding the filing of the application.
7. Has been adjudicated a mental defective; is an unlawful user of, or addicted to, a controlled substance or dangerous drug, or suffers from any other handicap, infirmity, defect, or condition which might reasonably diminish his competency to safely conduct the proposed activity or would create an unreasonable risk of injury to life or property in the performance of the proposed activity.

5608.2.5 Revocation of permit. The Fire Marshal shall revoke a permit if the permittee:

1. Intentionally makes a false statement as to a material matter in the permit application.
2. Knowingly allows another to use his permit.
3. Violates a term or condition of the permit.
4. Fails within the applicable time period to comply with an order or notice on him under this article; or
5. Fails to discharge a duty imposed on him by this Section.

The Fire Marshal shall, within five days from the date of revocation, send to the permittee by certified mail, return receipt requested, a written statement explaining the basis of the revocation.

5608.2.6 Appeal of permit refusal or revocation. If the Fire Marshal refuses to issue a permit under this section, that action is final unless the applicant or permittee, within 21 days after receiving a written notice of the action, files a written appeal with the Building Related Fire Codes Appeals and Advisory Board.

5608.2.7 Bond. The permittee shall furnish a bond or certificate of insurance in the minimum amount of one million dollars. The Fire Marshal may increase the amount of the required bond or insurance when he deems it advisable.

5608.2.8 Duties of permittee. A permittee shall:

1. Upon request, make his permit available for inspection to a member of the Fire Department, Police Officer, or any other authorized person.
2. Notify the Fire Marshal of the loss or destruction of an unexpired permit, notice to be given immediately upon discovery of the loss or destruction.
3. Secure a replacement permit for that lost or destroyed.
4. Comply immediately with the Fire Marshal's order to dispose of fireworks which become hazardous during the performance of this permitted activity; and
5. Return his permit to the Fire Marshal immediately upon its expiration, together

with a statement detailing the cause of expiration and the disposition of unused fireworks.

SECTION 5701.4 PERMITS is amended by adding SECTION 5701.4.1 PERMIT REQUIRED PRIOR TO INSTALLATION to read as follows:

5701.4.1 Permit required prior to installation. A tank installation permit from the Fire Department is required prior to beginning installation. Application for permit shall be accompanied by construction documents, in accordance with Section 106, for installation over the Edward's Aquifer and shall be reviewed by the Aquifer Study Division of the San Antonio Water System prior to submittal to the Fire Department for a permit.

SECTION 5703.6 PIPING SYSTEMS is amended by adding SECTION 5703.6.12 PRESSURIZED PIPING to read as follows:

5703.6.12 Pressurized piping. Where a pressurized (remote pumped) piping system is connected to a tank, the piping system shall have an approved leak detection device installed in the system to monitor for leaks in the piping.

SECTION 5704.2.11.4.2 LEAK DETECTION is amended to read as follows:

5704.2.11.4.2 Leak detection. Underground storage tank systems shall be provided with an approved method of leak detection from any component of the system that is designed and installed in accordance with NFPA 30. The following are approved methods of leak detection:

1. Manual tank gauging (for tanks less than 1,000 gallons).
2. Automatic tank gauging and inventory control.
3. Vapor monitoring.
4. Groundwater monitoring.
5. Interstitial monitoring of double-wall systems.
6. Monitoring of systems with secondary containment barriers.
7. Statistical Inventory Reconciliation (SIR) - (for tanks and lines).

NOTE: Documentation of performance claims for the SIR method must show the system's ability to detect releases of 0.1 GPH with 95% or more probability of detection and five percent or less probability of false alarm.

SECTION 5704.2.12.2 TESTING OF UNDERGROUND TANKS is amended to read as follows:

5704.2.12.2 Testing of underground tanks. Before being covered or placed in use, tanks and piping connected to underground tanks shall be tested for tightness in the presence of the fire code official. Piping shall be tested in accordance with Section 5703.6.3. The system shall not be covered until it has been approved. Each tank shall be tested for tightness hydrostatically or pneumatically at not less than three pounds per square inch or not more than five pounds per square inch for 60 minutes. Pneumatic testing shall not be used on a tank containing flammable or combustible liquids or vapors.

SECTION 5704.2.12.2 TESTING OF UNDERGROUND TANKS is amended by adding SECTIONS 5704.2.12.2.1 EXISTING TANKS AND PIPING and 5704.2.12.2.2 ALTERNATE TEST METHOD to read as follows:

5704.2.12.2.1 Existing tanks and piping. Existing underground storage tanks and piping shall be tested for leakage every five years at the owner's or operator's expense or when the Fire Marshal has reasonable cause to believe a leak exists. A log or record shall be kept, and the log shall be made available for inspection by the Fire Marshal when requested. Notice of test shall be provided in writing to the Fire Marshal by the owner or operator.

5704.2.12.2.2 Alternate test method. The Fire Marshal may require that the standpipe method of testing for tank leaks be utilized if, in the Fire Marshal's opinion, the air pressured tests would be unlikely to detect a leak, cause damage to tank or cause expulsion of contained liquids.

SECTION 5706.2.4 PERMANENT AND TEMPORARY TANKS is amended to read as follows:

5706.2.4 Permanent and temporary tanks. The capacity of permanent above-ground tanks containing Class I or II liquids shall not exceed 1,100 gallons (4164 L). The capacity of temporary above-ground tanks containing Class I or II liquids shall not exceed 2,000 gallons (7 570 L). Tanks shall be of the single-compartment design.

CHAPTER 80, REFERENCED STANDARDS, is amended by adding the following referenced standard:

NFPA 90A-24 Standard for the Installation of Air-Conditioning and Ventilating Systems

APPENDIX B, SECTION B102.1 DEFINITIONS is amended to read as follows:

FIRE FLOW. The flow rate of a water supply, measured at 25 pounds per square inch (psi)(172 kPa) residual pressure, that is available for firefighting.

APPENDIX B, SECTION B104.2 AREA SEPARATION IS AMENDED to read as follows:

B104.2 Area separation. Portions of buildings that are separated by fire walls without openings, constructed in accordance with the International Building Code, are allowed to be considered as separate fire-flow calculation areas.

Exception: Where building additions are protected with an approved automatic sprinkler system and separated from the existing building by an approved fire barrier with minimum fire resistance ratings and protected openings as per the International Building Code, fire areas may be considered as separate.

APPENDIX B, SECTION B105 FIRE-FLOW REQUIREMENTS FOR BUILDINGS is repealed and replaced with SECTION B105 FIRE-FLOW REQUIREMENTS FOR BUILDINGS to read as follows:

B105.1 One- and two-family dwellings. The minimum fire-flow and flow duration requirements for one- and two-family dwellings having a fire-flow calculation area that does not exceed 3,600 square ft (344.5 m 2) shall be 1,000 gallons per minute (3785.4 L/min) for 1 hour. Fire-flow and flow duration for dwellings having a fire-flow calculation area in excess of 3,600 square feet (344.5 m2) shall not be less than that specified in Table B105.1.

Exception: A reduction in required fire-flow of 50 percent, as approved, is allowed when the building is equipped with an approved automatic sprinkler system.

B105.2 Buildings other than one-and -two family dwellings. The minimum fire-flow and flow duration for buildings other than one- and two-family dwellings shall be as specified in Table B105.1.

Exceptions:

1. Buildings equipped throughout with an approved automatic sprinkler system in accordance with Sections 903.3.1.1, 903.3.1.2, or 903.3.1.3 shall qualify for a reduction in the required fire flow according to Table B105.2 below. Note also the minimum and maximum fire flows listed in the table for the fully sprinklered occupancies listed.
2. Non-fire sprinklered, non-combustible open parking garages meeting the requirements of the International Building Code Section 406.3 shall have a maximum required fire flow of 2,200 GPM.

Footnotes:

1. As determined by Fire Marshal on a case-by-case basis.
2. These occupancies that are constructed of Type VB construction shall not be granted a reduction in the required fire flow due to the installation of a fire sprinkler system.
3. Approved sprinkler demand (ASD) is the sprinkler demand as defined in NFPA or other nationally recognized standards and includes the hose stream demand. When multiple sprinkler systems are in one building, the approved sprinkler demand shall be the greatest sprinkler demand (including hose stream demand).
4. Occupancies containing High Piled Combustible Storage as defined in Chapter 32 shall be evaluated using the criteria for S-1 occupancies.
5. Mixed-use occupancies shall be evaluated for the most restrictive occupancy present in the building.

B105.3 FIRE-FLOW REQUIREMENTS FOR HYDRANTS PROTECTING CERTAIN ABOVE GROUND FLAMMABLE AND COMBUSTIBLE LIQUID STORAGE TANKS.

The minimum required fire flow for above ground storage tanks used for the storage of Class I, II, and IIIA liquid fuels in excess of 12,000 gallons, storage tank farms with an aggregate capacity of 48,000 gallons or greater,

or for refineries shall be a minimum 2,000 gallons per minute unless approved by the fire code official.

APPENDIX C, FIRE HYDRANT LOCATIONS AND DISTRIBUTION is hereby amended by amending TABLE C102.1 REQUIRED NUMBER AND SPACING OF FIRE HYDRANTS to read as follows:

a. One hydrant for each 1, 000 gallons per minute or fraction thereof.

APPENDIX D FIRE APPARATUS ACCESS ROADS

APPENDIX D SECTION D103.5 FIRE APPARATUS ACCESS ROAD GATES is amended to read as follows:

D103.5 Fire apparatus access road gates. Gates securing the fire apparatus access roads shall comply with all of the following criteria:

1. Where a single gate is provided, the gate width shall be not less than 20 feet (6096 mm). Where a fire apparatus road consists of a divided roadway, the gate width shall be not less than 14 feet 4267 mm).
2. Gates shall be of the swinging or sliding type.
3. Construction of gates shall be of materials that allow manual operation by one person.
4. Gate components shall be maintained in an operative condition at all times and replaced or repaired when defective.
5. Electric gates shall be equipped with a means of opening the gate by fire department personnel for emergency access. Emergency opening devices shall be approved by the fire code official.
6. Methods of locking shall be submitted for approval by the fire code official.
7. Electric gate operators, where provided, shall be listed in accordance with UL 325.
8. Gates intended for automatic operation shall be designed, constructed and installed to comply with the requirements of ASTM F2200.

APPENDIX D SECTIONS D103.6.1 ROADS 20 TO 26 FEET IN WIDTH and D103.6. 2 ROADS MORE THAN 26 FEET IN WIDTH are repealed and replaced with SECTIONS D103.6.1 ROADS 20 TO 26 FEET IN WIDTH and D103.6.2 ROADS MORE THAN 26 FEET IN WIDTH to read as follows:

D103.6.1 Roads 20 to 26 feet in width. Fire lane signs in accordance with Section 503.3 of this code shall be posted on both sides of fire apparatus access roads that are 20 to 26 feet wide (6096 to 7925 mm).

D103.6.2 Roads more than 26 feet in width. Fire lane signs in accordance with Section 503.3 of this code shall be posted on one side of fire apparatus access roads more than 26 feet wide (7925 mm) and less than 32 feet wide (9754 mm).

APPENDIX D SECTION D104.1 BUILDINGS EXCEEDING THREE STORIES OR 30 FEET IN HEIGHT is repealed.

APPENDIX D SECTION D105.1 WHERE REQUIRED is amended to read as follows:

D105.1 Where required. Where the vertical distance between the grade plane and the highest roof surface exceeds 30 feet (9144 mm), approved aerial fire apparatus access roads shall be provided. For the purposes of this section, the highest roof surface shall be

determined by measurement to the eave of a pitched roof, the intersection of the roof to the exterior wall, or the top of parapet walls, whichever is greater.

Exceptions:

1. In other than Group R only buildings, aerial fire apparatus access roads per this section are not required where all of the following conditions are met:
   a. the building is equipped throughout with an approved automatic sprinkler system in accordance with Section 903.3.1.1, and
   b. roof access from an enclosed stairwell is provided for buildings 2 or more stories in height. Stairwell must be contiguous from the lowest level of fire department vehicle access to the roof and designed in accordance with the International Building Code, and
   c. any required fire apparatus access roads and fire lanes are designed with a minimum 25-foot width and provided throughout the platted property.
2. In Group R only buildings, aerial fire apparatus access roads per this section are not required where all of the following conditions are met:
   a. the building is no more than four stories in height, and
   b. the building is protected by an approved automatic sprinkler system in accordance with Section 903.3.1, and
   c. the building meets the allowable area provisions of Chapter 5 of the International Building Code without the use of the area increase factor due to sprinkler protection. (Note: Refer to IBC Equation 5-1.)

APPENDIX D SECTION D105.2 WIDTH is amended to read as follows:

D105.2 Width. Aerial fire apparatus access roads shall have a minimum unobstructed width of 26 feet (7925 mm), exclusive of shoulders, in the immediate vicinity of the building or portion thereof.

Exception: An aerial apparatus access lane may be less than 26ft wide where a minimum 25ft wide fire lane or fire apparatus access road is provided throughout the platted property.

APPENDIX D SECTION D105.3 PROXIMITY TO BUILDING is amended to read as follows:

D105.3 Proximity to building. At least one of the required access routes meeting this condition shall be located within a minimum of 15 feet (4572 mm) and a maximum of 39 feet from the building. The road shall be positioned parallel to the side(s) where the aerial access equipment will have maximum use and access by the fire department. The side of the building on which the aerial fire apparatus access road is positioned shall be approved by the fire code official. The length of the aerial apparatus road shall total at least one of the following:

1. The entire length of one side of the building provided the length is a minimum of 50 feet, or
2. 25% of the entire building perimeter.

APPENDIX D FIRE APPARATUS ACCESS ROADS is hereby amended by adding SECTION D106.4 SEPARATE ACCESS ROADS to read as follows:

D106.4 Separate access roads. The requirement for two separate and approved fire apparatus access roads are met with the following conditions:

1. A minimum of two separate entrances into the complex are made from the street or public way.
2. The distance between the two entrances are equal to not less than one half the length of the maximum overall diagonal dimension of the property or area to be

served, measured in a straight line between accesses, as per IFC, section D104.3.

Exception: Where it is physically impossible to be one-half the diagonal dimension apart, the access road will be approved if the following conditions are met:

a. The two separate fire apparatus access road must be separated as far as physically and practically possible.

b. The two separate entrances must be a minimum of 150 feet apart measured in a straight line between accesses.

3. The two separate entrances are allowed to share a common path of travel on the complex site so long as blockage in any one area of this path does not block access from both the primary and secondary access simultaneously. Each of the two separate fire apparatus roads shall meet the requirements of the IFC Section 503, Fire Apparatus Access Roads.

APPENDIX D SECTION D107.1 ONE- OR TWO-FAMILY RESIDENTIAL DEVELOPMENTS is amended to read as follows:

D107.1 One or two-family dwelling residential developments. Developments of one- or two- family dwellings where the number of dwelling units exceeds 30 shall be provided with two separate and approved fire apparatus access roads.

Exceptions:

1. Where there are more than 30 dwelling units accessed from a single public or private fire apparatus access road and all dwelling units are equipped throughout with an approved automatic sprinkler system in accordance with Section 903.3.1.1, 903.3.1.2 or 903.3.1.3, access from two directions shall not be required.

2. The number of dwelling units accessed from a single fire apparatus access road shall not be increased unless fire apparatus access roads will connect with future development, as determined by the fire code official.

3. Developments of more than 30 dwelling units but less than 126 dwelling units shall not require a separate and remote fire apparatus access road where:

   a. a divided entrance with a minimum of 24 feet per side is provided, and

   b. the divided entrance is connected to a minimum 30 foot wide, with no parking on either side, fire apparatus access road of no greater than 450 feet in length, and

   c. is connected to a looped street configuration as approved by the fire code official.

4. Developments of more than 30 dwelling units but less than 126 dwelling units having a secondary, all weather, gated access, that is utilized by emergency vehicles only meeting the remoteness requirements in Section D107.2 are considered in compliance with this section.

APPENDIX L, SECTION L101, GENERAL is repealed and replaced with SECTION L101, GENERAL to read as follows:

Section L101 GENERAL

L101.1 Installation. Where installed, Firefighter air replenishment systems (FARS) shall comply with this appendix.

L101.1.1 Supply Riser. Each stairwell shall have a supply riser. SCBA fill panels shall be located on odd numbered floors commencing at the first level in the primary stairwell and on even numbered floors commencing at level 2 in the remaining stairwells. Fill panels in buildings over 500,000 square feet in floor area shall be located adjacent to each standpipe connection.

APPENDIX L, SECTION L104.14.1, LOCATION is repealed and replaced with SECTION L104.14.1, LOCATION to read as follows:

L104.14.1 Location. The external mobile air connection shall be located with approved

separation from the fire department connection (FDC) to allow functionality of both devices by first responders; shall be visible from and within 50 feet of a fire apparatus access road along an unobstructed path; and shall be located in a secured cabinet with an approved sign.

APPENDIX M HIGH-RISE BUILDINGS - RETROACTIVE AUTOMATIC SPRINKLER REQUIREMENT is repealed and replaced with APPENDIX M HIGH-RISE BUILDINGS - AUTOMATIC SPRINKLER RETROFIT REQUIREMENT to read as follows:

APPENDIX M HIGH-RISE BUILDINGS—AUTOMATIC SPRINKLER RETROFIT REQUIREMENT

M101.1 Scope. An automatic sprinkler system shall be installed in all existing high-rise buildings in accordance with the requirements and compliance schedule of this appendix.

M102.1 Definition. High-rise building is defined in Chapter 2 of the International Fire Code.

SECTION M103 WHERE REQUIRED

M103.1 High-rise buildings. An automatic sprinkler system installed in accordance with Section 903.3.1.1 of the adopted International Fire Code shall be provided throughout existing high-rise buildings.

Exceptions:

1. Airport Control Towers
2. Open Parking Structures
3. Group U occupancies
4. Occupancies in Group F-2
5. Buildings with an occupancy in Assembly Group A-5
6. Individually owned dwelling units in high-rise buildings

SECTION M104 COMPLIANCE

M104.1 Letter of intent. By January 1, 2017, owners of existing high-rise buildings must have submitted to the fire code official a letter expressing the owner's intent to comply with this section.

M104.2 Compliance schedule. Building owners shall file a compliance schedule with the fire code official not later than October 1, 2021. The compliance schedule shall not exceed twelve (12) years for an automatic sprinkler system retrofit and shall comply with the following schedule for installation.

1. Not later than October 1, 2024, the building owner shall install a water supply for the automatic sprinkler system on all floors of the high-rise building in accordance with the adopted standards of the International Fire Code.

2. Not later than October 1, 2027, the building owner shall install an automatic sprinkler system in accordance with the adopted standards of the International Fire Code on 50% of the floors of the building.

3. Not later than October 1, 2030, the building owner shall install an automatic sprinkler system in accordance with the adopted standards of the International Fire Code on all floors of the building.

M104.3 Alternate Compliance Schedule for Multi-Building Owners. Owners of multiple high-rise buildings are considered to have met the requirements of Appendix M if a fire sprinkler system has been installed on all floors of:

1. at least 33 percent of the owner's high-rise buildings not later October 1, 2024;

2. at least 66 percent of the owner's high-rise buildings not later than October 1, 2027; and

3. all of the owner's high-rise buildings not later than October 1, 2030.

M104.4 Compliance with state law. Owners of applicable residential high-rise buildings must comply with Health and Safety Code,

Chapter 766, Subchapter B. Fire Protection Sprinkler Systems in Certain Residential High-Rise Buildings in Certain Counties.

(Ord. No. 2018-06-21-0494, § 3, 6-21-18; Ord. No. 2022-11-10-0875, Att. C, 11-10-22; Ord. No. 2025-01-30-0075, § 4(Att. B), 1-30-25)

Secs. 11-41—11-55. Reserved.

ARTICLE IV. FIREWORKS

Sec. 11-56. Use, shoot, discharge, etc., prohibited.

It shall be unlawful for any person to in any manner use, shoot, discharge, explode, ignite, or display any fireworks within the city, except as provided for in this section.

(Code 1959, § 26-15; Ord. No. 65619, § 1, 9-3-87; Ord. No. 79918, § 2, 3-31-94)

Sec. 11-57. Display permits.

(a) Any citizen of the city may give a public fireworks display, provided he secures a permit therefor from the Fire Marshal or his/her designee, as provided in this section. Application therefor shall be addressed to the Fire Marshal, shall state the name and residence of the applicant, the time and place of the proposed exhibition, a description of the kind, character and quantity of the fireworks intended to be displayed, and shall be accompanied by a cashier's or certified check for the amount of the fireworks permit fee.

(b) The Fire Marshal or his/her designee shall grant or reject such application as he sees fit in the reasonable exercise of his discretion. If same is rejected, the check for the amount of the fireworks permit fee shall be returned to the applicant; if it is granted, such check shall be retained as a fee for the permit.

(c) Fire inspectors to be present. For each public display of fireworks under this section, not less than two (2) fire prevention inspectors of the city shall be in attendance during the event. If more than two (2) fire inspectors are required or the inspectors work longer than two (2) hours, the additional expense shall be borne by the applicant for the permit at the rate per man-hour as provided for in section 11-16(k) of the City Code.

(d) No such permit shall be granted to any applicant more than twice during any calendar year, and any fireworks display thereunder shall be concluded not later than 10:00 p.m. on the date specified under the penalty as provided in section 1-5 of this Code. The display time may be extended past 10:00 p.m. as authorized by the on site inspector and the Fire Marshal or his/her designee.

(e) Reserved.

(f) As used in this section the term "fireworks" shall be given its usual and ordinary meaning, and shall include but not be limited to the following: firecrackers, Roman candles, sparklers, torpedoes, bombs, skyrockets, buzz bombs, atomic wings, aerial flash salutes, and trail blazers.

(Code 1950, § 41-10; Ord. No. 18384, § 1, 10-2-52; Ord. No. 53446, 2-26-81; Ord. No. 65619, § 1, 9-3-87; Ord. No. 70251, §§ 8, 9, 9-14-89; Ord. No. 71014, § 2, 2-1-90; Ord. No. 79918, § 2, 3-31-94; Ord. No. 2010-09-16-0791, § 1(Att. A), 9-16-10; Ord. No. 2011-11-03-0907, § 2, 11-3-11)

Sec. 11-58. Amusement parks utilizing permanent facilities for repeated public fireworks displays.

(a) *Authorization.* Notwithstanding the requirements of Chapter 33 of the the current International Fire Code adopted by the city or any superseding chapter and code as amended by sections 11-56, 11-57 and 11-40 of the City Code, an operator of an amusement park utilizing a permanent facility for repeated public fireworks displays may give nightly fireworks displays at such an amusement park provided he complies with the requirements of this section. As used herein, the term "nightly" shall mean one or more nights during the period covered by the permit. The applicant for a permit under this section may be the owner or operator (whether an individual, partnership or corporation) of the amusement park or any subsidiary or affiliate company.

(b) *Applicability.* This section shall apply only if the display facility is constructed for the purpose of multiple or repeat fireworks displays from the same location and the facility is permanent in nature or as approved by the Fire Marshal; however, the use of a floating barge on a lake or other body of water wholly located within the park shall be permitted and shall be considered a permanent display facility. Such a permanent display facility must be located on the grounds of a privately owned, commercially operated park open to the general public which contains various exhibits and devices for entertainment and/or educational purposes and which commercially operated park will operate at least five (5) days per week for at least two (2) months out of each calendar year or as approved by the Fire Marshal.

(c) *Annual display permits.* Prior to any display of fireworks at such amusement park, the operator must obtain either a single show permit from the city under section 11-57 or an annual display permit from the city under this section 11-58. An annual display permit will authorize the permittee to give nightly fireworks displays at the permittee's amusement park for a period of up to one year from the effective date of issuance. An annual display permit is neither transferable nor assignable.

(d) *Application for annual display permit.* The initial application shall be addressed to the Fire Marshal who shall, within seven (7) days after receipt of the application, endorse his written recommendation for approval thereon unless there exists some ground for disapproval under this section. The Fire Marshal shall pass upon such application within three (3) weeks of receipt and shall approve the same unless grounds for disapproval under subsection (f) exist. The application shall be accompanied by a cashier's or certified check for the amount as provided for in subsection 11-16(a)(17) of this Code, depending on whether the applicant requests permission for pyrotechnics display only, or fireworks and pyrotechnics displays. The permit shall be issued by the Fire Prevention Office upon approval of the application by the Fire Marshal. If the application is not approved by the Fire Marshal, the applicant may petition the Building and Fire Codes Board of Appeals or any superseding board to pass upon such application and the Building and Fire Codes Board of Appeals or any superseding board may grant or reject the same within its discretion. A certified copy of the Building and Fire Codes Board of Appeals or any superseding board action shall permit the Fire Prevention Office to issue the permit, which shall indicate on its face the effective period of the permit. Annual renewal permits may be approved by the Fire Marshal.

(e) *Application; contents.* The application for an annual permit shall be made in writing and submitted to the Fire Marshal at least thirty (30) days before the first use of fireworks under the permit. The application shall contain all the information required immediately below, and, in addition, required information found in Chapter 33 of the the current International Fire Code adopted by the city or any superseding chapter and code as amended by section 11-40 of the City Code:

(1) Name and permanent business address of applicant with designation of persons responsible for supervision of such displays;

(2) Diagram of display facility demonstrating its permanence and location at amusement park as contemplated by paragraph (a) of this section;

(3) Copy of applicant's state board of insurance license to conduct repeated fireworks displays;

(4) Copies of all participating pyrotechnicians' state operators license;

(5) Starting and ending times for each proposed display;

(6) Diagram of fire prevention and protection systems and description of fire safety procedures to be used to demonstrate compliance with paragraphs (n) and (o) of this section; and

(7) A surety bond or certificate of insurance coverage in an amount deemed adequate by the Fire Marshal for payment of all damages which may be caused either to a person or persons or to property by reason

of the permitted storage and arising from acts of the permittee, his agents and employees or subcontractors, provided, however, the amount of such bond or insurance shall not be required to exceed one million dollars ($1,000,000.00) per occurrence.

(f) *Grounds for disapproval.* The Fire Marshal may disapprove any application on the following grounds:

(1) Any of the grounds specified in Chapter 33 of the current International Fire Code adopted by the city or any superseding chapter and code as amended by section 11-40 of the City Code;

(2) Incompleteness of the application; or

(3) Failure of the applicant to meet the requirements of an amusement park with a permanent display facility as stated in paragraph (a) of this section.

If the Fire Marshal does not approve the issuance of the permit, the Fire Marshal shall within ten (10) days of the filing of the application for the permit, send to the applicant by certified mail, return receipt requested, a detailed explanation of the basis for refusal.

(g) *Special provisions.* The Fire Marshal may prescribe reasonable special provisions attached to the permit intended to minimize nuisance, prevent fires and explosions, and to protect property and public safety. The Fire Marshal may prescribe additional fire protection safeguards or safety reviews after the issuance of the annual permit should current weather, environmental, or site conditions warrant.

(h) *Grounds for revocation.* The Fire Marshal may revoke an annual permit on any of the following grounds:

(1) Any of the grounds specified in Chapter 33 of the current International Fire Code adopted by the city or any superseding chapter and code as amended by section 11-40 of the City Code;

(2) Failure of the permittee to meet the definition for a permanent facility at an amusement park under paragraph (a) of this section;

(3) Failure of the permittee to comply with special provisions prescribed according to paragraph (g) of this section;

(4) Failure of the permittee or operator to discharge a duty imposed on him by paragraphs (k) and (l) of this section;

(5) Failure of the permittee or operator to comply with the fire prevention and protection provisions of paragraph (n) or the fire prevention and safety program provisions of paragraph (o) of this section;

(6) Failure of the permittee or operator to construct and maintain the display facility in accordance with paragraph (m) of this section; or

(7) Changing weather, environmental, or wildfire concerns may create hazardous conditions where a pre-approved site may need to be re-evaluated. The Fire Marshal, or his/her designee, shall notify permit holders within seventy-two (72) hours of the next scheduled display that a site safety evaluation based on the changing conditions is required. The Fire Marshal may revoke the permit if additional approved fire prevention safeguards addressing the conditions are not provided.

(i) *Revocation; notice.* The Fire Marshal shall, within five (5) days from the date of revocation, send to the permittee by certified mail, return receipt requested, a written statement explaining the basis of the revocation.

Exception: Revocation under subsection (h)(7).

(j) *Appeal from refusal to issue annual permit or from decision to revoke.* If the Fire Marshal refuses to approve the application for a permit under this section, or the Fire Marshal makes a decision to revoke a permit issued under this section, that action is final unless the applicant or permittee, within ten (10) days after receiving a written notice from the Fire Marshal of the

action, files a written appeal with the Building and Fire Codes Board of Appeals or any superseding board for review and decision by the Building and Fire Codes Board of Appeals or any superseding board. The Building and Fire Codes Board of Appeals or any superseding board shall hear the appeal within twenty (20) days of the filing of the appeal with the Building and Fire Codes Board of Appeals or any superseding board.

(k) *Duties of the permittee.* A permittee shall:

(1) Upon request, make his permit available for inspection to a member of the fire department, police officer or other authorized person;

(2) Notify the Fire Marshal of the loss or destruction of an unexpired permit or license, notice to be given immediately upon discovery of the loss or destruction;

(3) Secure a replacement permit for that lost or destroyed;

(4) Comply immediately with the Fire Marshal's order to dispose of fireworks which become hazardous during the performance of a permitted activity;

(5) Return to the Fire Marshal any permit or license of the city upon its expiration and, if no superseding permit has been issued or the permit renewed, a detailed statement on the disposition of unused fireworks in the possession of the permittee upon expiration of the permit;

(6) Comply with special provisions prescribed according to paragraph (g) of this section;

(7) Construct and maintain an adequate fire prevention and protection system according to paragraph (n) of this section; and

(8) Operate an adequate fire prevention and safety program according to paragraph (o) of this section.

(l) *Duties of the operator.* The operator of a public fireworks display pursuant to this section shall:

(1) Restrain spectators by natural or man-made barriers at least two hundred (200) feet from the launch site;

(2) Fire projectiles:

a. The range of aerial display shall be not more than eight hundred (800) feet vertically and the fireworks shall be discharged vertically from steel, fiber or plastic tubes; or

b. So that the debris will fall in a body of water;

(3) Maintain an unobstructed spatial separation of:

a. Six hundred (600) feet between the ignition point and a school; and

b. Two hundred (200) feet between the ignition point and a highway, railroad or building open to the public other than a school;

(4) Discontinue the display if the wind carries dangerous fireworks debris (i.e. live shells or flaming debris) to adjoining property or if there are steady winds of twenty-five (25) mph or more at the time of the display;

a. Search the display area for unfired fireworks or fireworks debris; and

b. Safely dispose of unfired fireworks or firework debris in a manner approved by the Fire Marshal;

1. Conduct all display operations under the supervision of a properly licensed State of Texas licensed pyrotechnician; and

2. Comply with all permit special provisions as prescribed by the Fire Marshal pursuant to subsection (g) of this section.

(m) *Permanent display facility; construction requirements.* The permanent display facility shall be designed to assure continuous compliance with Chapter 33 of the current International Fire Code adopted by the city or any superseding chapter and code as amended. In addition, the Fire Marshal may prescribe reasonable requirements for construction of such facilities for the purposes of minimizing nuisance, preventing fires and explosions, and protecting property and public safety.

(n) *Fire prevention and protection system.* All permanent display facilities under this section shall construct and maintain an adequate fire prevention and protection system which shall include the following:

(1) Notwithstanding the requirements of Chapter 33 of the current International Fire Code adopted by the city or any superseding chapter and code as amended, for each public display, the operator shall have at least one trained and experienced in-house safety officer or in-house firefighter in attendance;

(2) For each public display, an operable privately owned fire truck approved by the Fire Marshal shall be maintained on the premises of the park or the park shall at its expense have arranged for such a vehicle to be provided by the city or other fire department approved by the Fire Marshal;

(3) During any display, air pressurized water hand held extinguishers or other approved portable extinguishers will be available for immediate use; and

(4) Any other reasonable fire prevention and protection systems prescribed by the Fire Marshal.

(o) *Fire prevention and safety program.* All permanent display facilities under this section shall develop and utilize the following program for fire prevention, fire protection and safety:

(1) An annual training program for in-house firefighters, including fire drills at the permanent display facility. Written guidelines for this training program shall be submitted to the Fire Marshal for his approval; and

(2) An annual staff training program for all staff handling the fireworks which provides for procedures to be followed for safety and evacuation in the event of a fire or explosion. Written guidelines for this training program shall be submitted to the Fire Marshal for his approval.

(p) *Limitation on time and number of displays.* No displays authorized by this section 11-58 shall be commenced prior to the hour of 9:00 a.m. or later than 11:00 p.m.; provided however, fireworks displays may be commenced after 11:00 p.m. on December 31st of any year, but before 1:00 a.m. on the following January 1st if such displays comply with all other requirements of the code. Any display authorized under this section shall be completed within one hour after the time the display is commenced. Display time limits on the day of the display may be extended with the approval of the on-site fire inspector and the Fire Marshal.

The use of Class C special effects pyrotechnics such as smoke effects, flash effects, etc. in shows shall not be subject to any time or number of display restrictions.

(q) *Class C special effects pyrotechnics.* Class C special effects pyrotechnics such as smoke effects, flash effects, etc. may be used by the holder of an annual display permit under this section 11-58 in shows without meeting the requirements of a display under this section 11-58 or section 11-57; provided, (i) the use of all such Class C devices complying with all applicable federal rules, laws and regulations for the use and storage of such Class C fireworks and (ii) the application of the Class C fireworks in the show has been approved by the Fire Marshal prior to the firework's first use in each new show. Approval of an application in one show shall constitute continuing approval of the same application in repeat performances of the same show.
(Ord. No. 66645, Att. A, 2-25-88; Ord. No. 75274, § 1, 2-20-92; Ord. No. 79918, § 2, 3-31-94; Ord. No. 99734, §§ 4, 5, 9-16-04; Ord. No. 99482, § 2, 7-22-04; Ord. No. 2011-11-03-0907, § 3, 11-3-11; Ord. No. 2025-01-30-0075, § 3, 1-30-25)

Sec. 11-59. Storage of fireworks.

(a) *Authorization.* Notwithstanding the requirements of Chapter 33 of the current International Fire Code adopted by the city or any superseding chapter and code as amended and subject to the requirements of state law, an operator of an amusement park utilizing permanent facilities for repeated public fireworks

displays and holding a valid annual display permit pursuant to section 11-58 may store fireworks on the amusement park property provided he obtains an annual storage permit from the Fire Marshal and provided that the requirements of this section are met. Annual storage permits issued pursuant to this section are neither transferable nor assignable. The applicant for a permit under this section may be the owner or operator (whether an individual, partnership or corporation) of the amusement park or any subsidiary or affiliated company.

(b) *Application for storage permit.* The application shall be addressed to the Fire Marshal, who shall, within seven (7) days after receipt of the application, endorse his/her written recommendation for approval thereon unless there exists some ground for disapproval under this section. The Fire Marshal shall pass upon such application within three (3) weeks of its receipt and shall approve the same unless grounds for disapproval exist under subsection (d) hereof. The application shall be accompanied by a cashier's or certified check for the amount as provided for in subsection 11-16(a)(18) of the City Code. The permit shall be issued by the Fire Prevention Office upon approval of the application by the Fire Marshal. If the application is not approved, the application may be presented to the Building and Fire Codes Board of Appeals or any superseding board which may then pass upon such application and may grant or reject same within its discretion. A certified copy of the Building and Fire Codes Board of Appeals or any superseding board action of approval shall be all that is required for the Fire Prevention Office to issue the permit.

(c) *Application; contents.* The application for an annual storage permit shall be addressed to the city council and shall contain the following information:

(1) Name and permanent business address of the applicant with designation of persons responsible for supervision of such storage;

(2) A surety bond or certificate of insurance coverage in an amount deemed adequate by the Fire Marshal for payment of all damages which may be caused either to a person or persons or to property by reason of the permitted storage and arising from acts of the permittee, his agents and employees or subcontractors, provided, however, the amount of such bond or insurance shall not be required to exceed one million dollars ($1,000,000.00) per occurrence;

(3) Maximum amount of each general type or class of fireworks to be stored at the park at any one time;

(4) Name and address of the company(s) supplying the fireworks;

(5) Detailed diagram of the proposed storage facility which demonstrates compliance with the construction requirements of paragraph (h) of this section; and

(6) Detailed operating procedures of the proposed storage facility which demonstrates compliance with paragraphs (i) and (k) of this section.

(d) *Grounds for disapproval.* The Fire Marshal may disapprove any application on the following grounds:

(1) Incompleteness of the application;

(2) Failure of the applicant to hold a valid annual display permit under section 11-58;

(3) Applicant has intentionally made false statements as to a material matter in the permit application;

(4) Applicant is under indictment for a felony or has been finally convicted of a felony offense within the five-year period immediately preceding the date of filing the application;

(5) Applicant was finally convicted of a misdemeanor violation of an explosives law within the two-year period immediately preceding the filing of the application;

(6) Applicant has held a permit under section 11-57 or 11-58 or this section and

such permit was revoked within the one year period immediately preceding the filing of the application; or

(7) The applicant has been adjudicated a mental defective; is an unlawful user of or addicted to a controlled substance or dangerous drug; or suffers from any other handicap, infirmity, defect, or condition which might reasonably diminish his competency to safely conduct the proposed activity and/or would create an unreasonable risk of injury to life or property in the performance of the proposed activity.

(e) *Special provisions.* The Fire Marshal may prescribe reasonable special provisions attached to the permit intended to minimize nuisance, prevent fires and explosions, and to protect property and public safety.

(f) *Grounds for revocation.* The Fire Marshal may revoke an annual permit on any of the following grounds:

(1) If the permittee intentionally makes a false statement as to a material matter in the permit application;

(2) If the permittee knowingly allows another to use his permit;

(3) If the permittee fails to comply with any special provisions of the permit;

(4) If the permittee fails, within the applicable time period, to comply with an order of the Fire Marshal pursuant to this section; or

(5) If the permittee fails to comply with any of the requirements of paragraphs (i), (j), (k), or (l) of this section.

(g) *Revocation; notice.* The Fire Marshal shall, within five (5) days from the date of revocation, send to the permittee by certified mail, return receipt requested, a written statement explaining the basis of the revocation and the effective date which shall allow permittee a reasonable period of time to remove the fireworks from the storage facility.

(h) *Appeal from refusal to issue permit; from decision to revoke.* If the Fire Marshal refuses to approve the issuance of a permit issued under this section, that action is final unless the applicant or permittee, within ten (10) days after receiving a written notice from the Fire Marshal of the action, files a written appeal with the clerk of the city for review and determination by the Building and Fire Codes Board of Appeals or any superseding board shall hear the appeal within twenty (20) days of the filing of the appeal.

(i) *Storage construction requirements.* All fireworks other than those to be used in a display to occur within twelve (12) hours must be stored in magazines meeting the construction requirements of this paragraph. Each such magazine shall be constructed and maintained to be:

(1) Bullet resistant;

(2) Non-combustible or flame retardant;

(3) Moisture resistant adequate to prevent dampening of fireworks or explosive ingredients;

(4) Adequately ventilated to prevent dampening or heating of fireworks or explosive ingredients with ventilation covered by a screen of a size of mesh adequate to prevent entry of sparks and rodents;

(5) The owner or operator shall construct and maintain magazines using one of the following assemblies:

a. Masonry units at least eight (8) inches thick, with all hollow spaces filled with concrete, well-tamped sand, or equivalent material;

b. Reinforced concrete of at least six (6) inches thick;

c. Two (2) layered fourteen (14) gauge steel, with layers separated by at least six (6) inches of concrete, well-tamped sand, or equivalent material;

d. One layered six (6) gauge steel, lined on the interior with wood at least four (4) inches thick;

e. Two (2) layered six (6) gauge steel, with layers separated by a one-half (½) inch air space and lined on the interior with wood at least two (2) inches thick or two (2) layered wood with layers at least two (2) inches thick, and separated by four (4) inches of concrete, well-tamped sand, or equivalent material;

f. A portable indoor magazine which meets the requirements of all applicable federal rules and regulations for the storage of fireworks used in conjunction with permanent magazines.

(6) Floors of all non-portable magazines shall be securely anchored in place and shall be capable of withstanding the loads imposed;

(7) The magazine shall contain one or more doors, each of which is bullet resistant, weather resistant, fire resistant and of strength equal to the magazines' assembly described in subsection (i)(5) and secured with hinges and hasps attached to the door and magazine by means of welding, riveting, or bolting with fastening nuts on the inside of the magazine and equipped with a substantial and adequate means of locking as approved by the Fire Marshal. Locking devices shall be provided with protectors to minimize the possibility of tampering;

(8) The magazine interior shall, to the extent reasonably possible, have a smooth finish with all nails, screws, bolts, and nuts countersunk or blinded;

(9) Heating and lighting sources, if any, within the magazine shall be limited to those artificial sources having an operating temperature less than the ignition temperature of the material stored; and

(10) Unobstructed spacing separation between magazines and occupied buildings, passenger railways, public highways, and other magazines, as required by the Fire Marshal, shall be maintained.

(j) *Maintenance and safety.* The operator shall comply with the following safety procedures intended to minimize fires and explosions:

(1) The magazine shall be maintained clean, dry, and free of grit, paper, empty packages, rubbish, and other combustible materials;

(2) Magazines shall be limited to the storage of fireworks and detonating materials only. Detonating materials must be stored in separate magazines. No metal tools shall be stored inside the same magazine as any fireworks or detonating materials;

(3) The land surrounding magazines shall be kept clear of brush, dried grass, leaves, trash and debris for a distance of at least fifty (50) feet;

(4) Smoking, matches, open flames, spark producing devices and firearms shall be prohibited inside or within fifty (50) feet of the magazines. Combustible material shall not be stored within fifty (50) feet of magazines;

(5) A written record of all fireworks received and stored shall be maintained at the site and such records shall be made available to the Fire Marshal upon request;

(6) When any fireworks have deteriorated to an extent that they are in an unstable or dangerous condition, then the operator shall immediately notify the Fire Marshal of this fact. When ordered to do so by the Fire Marshal, the operator shall destroy such fireworks or explosive ingredients in a manner approved by the Fire Marshal;

(7) Empty containers of fireworks shall not be used for any purpose. The operator shall destroy all empty containers of fireworks in a safe manner as prescribed by the Fire Marshal;

(8) The operator shall comply with any other reasonable special provisions prescribed by the Fire Marshal intended to prevent fires and explosions.

(k) *Magazines; security.* The operator shall comply with the following security procedures:

(1) Magazines shall be kept locked at all times except during inspection, loading and unloading of fireworks;

(2) Magazines shall be in the custody of competent persons at all times, each of which must be at least twenty-one (21) years of age. Each such custodian shall be responsible for compliance with all safety and security requirements. No person may entrust the custody of the magazines to a person whom he knows or has reason to believe is legally incompetent;

(3) The magazine shall be located in restricted areas which are not readily open to the general public visiting the park;

(4) The doors of magazines shall display conspicuous warning signs as designed in conformity with Fire Marshal specifications. Such warning signs shall also be posted at least twenty-five (25) feet, but not more than two hundred (200) feet, from the magazine along its vehicular and pedestrian approaches;

(5) No non-essential or unauthorized personnel shall enter the magazine. Magazines shall be situated such that access by the general public or other non-essential or unauthorized personnel is precluded by natural or man-made barriers, such as walls, pits, fencing, or bodies of water;

(6) The operator shall immediately notify the Fire Marshal and the police department of any suspected theft of fireworks; and

(7) The operator shall comply with any other reasonable special provisions prescribed by the Fire Marshal intended to ensure adequate security for stored fireworks.

(l) The operator shall allow entry for inspection by the Fire Marshal or his designees at reasonable times to ensure compliance with this section.

ARTICLE V. EMERGENCY MEDICAL SERVICES*

Sec. 11-71. EMS incident report search fee.

A EMS incident report search fee of four dollars ($4.00) for on-site searches and ten dollars ($10.00) for off-site searches shall be charged for each emergency medical services incident report provided to a requester.

(Ord. No. 82813, § 2, 9-14-95)

Sec. 11-72. EMS stand-by fee.

(a) An EMS stand-by fee to provide emergency medical services to outside agencies shall be assessed at a rate of one hundred dollars ($100.00) per hour. The fee shall cover the rental of a fully equipped reserve ambulance on a stand-by basis and the necessary staffing. Services shall be for a minimum of two (2) hours, with additional hours or fraction thereof, to be paid at the full rate of two hundred dollars ($200.00). Staffing shall be from the EMS division and shall be paid by the San Antonio Fire Department at the same overtime rate the city pays paramedics.

(b) In the event a unit coordinates a service, such as material or transportation, all charges for services shall be made under the same fee structure as for a regular call.

(Ord. No. 86608, § 25, 9-11-97)

Sec. 11-73. Bicycle paramedic stand-by fee.

(a) A bicycle paramedic stand-by fee for emergency medical services requested for special event activities shall be assessed at a rate of one hundred ten dollars ($110.00) per hour. The fee shall cover the cost of staffing the event with two (2) paramedics on bicycles. Service shall be for a minimum of two (2) hours, with additional hours or fractions thereof, to be paid at the full rate of one hundred ten dollars ($110.00). Requests for service will be coordinated through the EMS administrative office.

(14) *Secured* means that all accessible means of ingress and egress to the vacant structure, including but not limited to all exterior doorways and windows are locked so as to prevent unauthorized entry by vagrants and criminals.

a. *Temporarily secured* means that all accessible means of ingress and egress to the vacant structure, including but not limited to all exterior doorways and windows are covered with plywood which has been nailed or bolted in place so as to prevent unauthorized entry by vagrants and criminals.

(15) *Structure* means that which is built or constructed.

(16) *Vacant structure* means that all lawful activity has ceased, or reasonably appears to have ceased for thirty (30) days.

a. *Lawful activity* is that the current use of the structure is also that which the structure was built for or intended to be used for.

(Ord. No. 2014-06-19-0461, § 1, 6-19-14; Ord. No. 2016-09-15-0699, § 1, 9-15-16; Ord. No. 2023-09-21-0672, § 1, 9-21-23)

Sec. 12-2. Applicability and administration.

(a) This article shall apply to all vacant structures, as defined herein, which are now in existence or which may hereafter be constructed or converted from other uses and which are located within the boundary of or within a one-half-mile perimeter of the Central Business District, all historic districts, neighborhood conservation districts, city initiated TIRZ, as well as all vacant historic landmarks and vacant structures within a one-half-mile perimeter of all active military bases and defense base authorities, and all vacant structures located within one thousand (1,000) feet of a public or private school or a child-care facility that is open and in operation.

(b) The director is authorized to administer and enforce the provisions of this article.

(c) The director shall have the authority to render interpretations of this title and to adopt policies and procedures in order to clarify the application of its provisions. The director, at his sole discretion, may also enter into an agreement with a registered property owner to obtain compliance with this article by a date certain.

(Ord. No. 2014-06-19-0461, § 1, 6-19-14; Ord. No. 2016-09-15-0699, § 1, 9-15-16; Ord. No. 2023-09-21-0672, § 1, 9-21-23)

Sec. 12-3. Registration required.

(a) The vacant structure property owner shall have ninety (90) days in which to register from the date that written notice is issued to the property owner. Written notice shall be issued to the vacant structure property owner by means of personal service, or by first class mail to their

last known address according to Bexar County Appraisal District records, and by posting on the property. The Director may consider evidence provided that the property is listed for sale or lease for fair market value and for a reasonable length of time for purposes of extending the length of time before the property must be registered.

(b) Upon the issuance of notice to register vacant structure, property owners shall register with the Department and provide the following information:

(1) The address and legal description of the property;

(2) The current name, physical address, mailing address, telephone number, and email information for any owner(s) with an ownership interest in the property. Corporations or corporate entities shall submit the same information pertaining to their registered agent.

(3) The contact information for a local manager of the properties and/or improvements located on said property, as applicable.

(4) Proof of liability insurance, no less than one hundred thousand dollars ($100,000.00), for the property and/or a surety bond for the value of structure if insurance cannot be obtained. Said value shall be the appraised value as determined by the Bexar County Appraisal District. This subsection is not applicable to single family residential structures.

(5) Complete the comprehensive plan of action form, provided by the department, detailing a timeline for correcting violations, rehabilitation, maintenance while vacant, and future use of the structure. The plan of action must be updated every six (6) months.

(6) A complete floor plan of the property for use by first responders in the event of a fire or other catastrophic event.

(7) Criminal trespass affidavits shall be filed with the San Antonio Police Department by the property owner and said property owner shall post "No Trespass" placards on the premises. Additional employment of security services for the property for a specified number of hours every day, may be required by the director on the basis of the property's history of code and/or criminal violations.

(8) Vacant structure property owners shall provide written notice to the director, including a copy of the deed, of a change in:

a. Ownership of the property;

b. Contact information for either the owner or the designated manager.

Written notice must be provided to the department no later than 30 days after said changes have occurred.

(c) Continued annual registration of the property by the vacant structure property owner is required until said structure is deemed occupied and in compliance with all relevant code requirements by the director.
(Ord. No. 2014-06-19-0461, § 1, 6-19-14)

Sec. 12-4. Registration fees.

(a) Vacant structure property owners shall tender an annual registration fee of four hundred dollars ($400.00) for single-family residential structures or nine hundred dollars ($900.00) for all other structures, with an annual inspection fee of one cent ($0.01) per square foot, as determined by Bexar County Appraisal District, with a fifty-dollar ($50.00) minimum charge. The registration fee shall be pro-rated for the first time a property is registered with the city. Subsequent annual registration fees shall be due and postmarked no later than January 31st of each year.

(b) If the registration paperwork is submitted in its entirety within forty-five (45) days of the date the written notice was mailed, then the property owner may be entitled to a one hundred dollar ($100.00) discount. However, failure to submit the registration paperwork in its entirety

within the ninety (90) day time period may result in an additional one hundred fifty dollar ($150.00) fee.
(Ord. No. 2014-06-19-0461, § 1, 6-19-14; Ord. No. 2016-06-16-0466, § 1, 6-16-16; Ord. No. 2025-09-18-0629, § 2(Att. E), 9-18-25)

Sec. 12-5. Property manager or agent.

(a) Vacant structure property owners must designate a local manager for said properties and include the relevant contact information for the designated manager upon registering the property with the department. Property managers shall act as agents for the property owner for purposes of accepting legal service, however the vacant property owner remains personally liable in criminal prosecutions for code violations.

(b) The property manager or agent must be available at the number listed at all times in the event of an emergency or catastrophe. For all vacant properties except for single-family residential structures: the name and telephone number of the property manager or agent must be posted at the front of the building, in large, legible print.
(Ord. No. 2014-06-19-0461, § 1, 6-19-14)

Sec. 12-6. Standard of care for vacant property.

(a) The standard of care, subject to approval by the director, shall include, but is not limited to:

(1) *Protective treatment:* All exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks and fences, shall be maintained in good condition, weather tight and in such condition so as to prevent the entry of rodents and other pests. All exposed wood or metal surfaces subject to rust or corrosion, other than decay resistant woods or surfaces designed for stabilization by oxidation shall be protected from the elements and against decay or rust by periodic application of weather coating materials such as paint or similar surface treatment. All surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. All siding, cladding and masonry joints, as well as those between the building envelope and the perimeter of windows, doors and skylights, shall be maintained weather resistant and water tight.

(2) *Premises identification:* The property shall have address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be a minimum of four inches (102mm) high with a minimum stroke width of one-half inch (12.7mm). All buildings shall display a vacant building identification placard as required by the director.

(3) *Structure:* All structural members and foundation shall be maintained free from deterioration, and shall be capable of safely supporting the imposed loads.

(4) *Exterior walls:* All exterior walls shall be kept in good condition and shall be free from holes, breaks, and loose or rotting materials. Exterior walls shall be maintained weatherproof and properly surface coated where necessary to prevent deterioration.

(5) *Roof and drainage:* The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent accumulation, dampness or deterioration. Roof drains, gutters and downspouts shall be maintained in good repair, free from obstructions and operational.

(6) *Decorative features:* All cornices, belt courses, corbels, applications, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.

(7) *Overhang extensions and awnings:* All overhang extensions including, but not

limited to canopies, marquees, signs, awnings, and fire escapes shall be maintained in good repair and be properly anchored and supported as to be kept in a sound and safe condition.

(8) *Stairways, decks, porches and balconies:* Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.

(9) *Chimneys and towers:* All chimneys, cooling towers, smoke stacks and similar appurtenances shall be maintained structurally safe and sound, and in good repair.

(10) *Handrails and guards:* Every exterior handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.

(11) *Window, skylight and door:* Every window, storefront, skylight and exterior door part, including but not limited to the frame, the trim, window screens and hardware shall be kept in sound condition and good repair. All broken or missing windows shall be replaced with glass and secured in a manner so as to prevent unauthorized entry. All broken or missing doors shall be replaced with new doors which shall be secured to prevent unauthorized entry. All glass shall be maintained in sound condition and good repair. All exterior doors, door assemblies and hardware shall be maintained in good

[This page intentionally left blank.]

condition and secured. Locks at all exterior doors, exterior attic access, windows, or exterior hatchways shall tightly secure the opening. Windows and doors shall not be secured by plywood or other similar means mounted on the exterior except as a temporary securing measure, and the same shall be removed within a period of time designated by the director.

(12) *Basement hatchways and windows:* Every basement hatchway shall be maintained to prevent the entrance of rodents, rain and surface drainage water. Every basement window that is openable shall be supplied with rodent shields, storm windows or other approved protection against entry of rodents.

(b) All repairs shall be subject to approval by the director. All required permits and final inspections prior to and/or following repairs shall be in accordance with applicable laws and rules. Historic properties and properties within designated historic districts are additionally subject to all applicable rules and regulations as codified in chapter 35 of the Code.

(c) Failure to maintain the vacant property to the standard of care specified by the department is a violation of this article.
(Ord. No. 2014-06-19-0461, § 1, 6-19-14)

Sec. 12-7. Fee waivers.

All fee waivers must be applied for, using the forms provided, on an annual basis, and are subject to approval by the director. A fee waiver is only valid for twelve (12) months.

(1) Property which has been devastated by a catastrophe such as fire or flood: The owner has thirty (30) days to register from the date of the disaster but may be exempt from the fees. This exemption is for the duration of one (1) year from the date of the catastrophe; thereafter all applicable fees are due.

(2) A property owner who is indigent must register and is otherwise subject to this article but may be exempt from the fees.

(3) Representatives of a property owner who is deceased or is no longer legally competent must register the property and are otherwise subject to this article but may be exempt from the registration fees.

(4) Where the owner of the property has obtained a building permit and is progressing in an expedient manner to prepare the premises for occupancy, the owner must register the property and is otherwise subject to this article but may be exempt from the registration fees.

(5) Where the property owner of a property that is not a single-family residence has maintained the property to the standard of care required under this article, as well as all other applicable ordinances and laws, the owner must register the property but may be exempt from the registration fees.
(Ord. No. 2014-06-19-0461, § 1, 6-19-14; Ord. No. 2016-06-16-0466, § 1, 6-16-16)

Sec. 12-8. Exemptions.

Single-family residential structures which meet the standard of care as stated in section 12-6 are exempt from this article.
(Ord. No. 2014-06-19-0461, § 1, 6-19-14)

Sec. 12-9. Jurisdiction, enforcement and penalties.

(a) Written notice of violation will precede the issuance of a criminal citation, in which the vacant property owner will be given a reasonable length of time, as determined by the director, to remedy the violation. Written notice shall be issued to the vacant structure property owner by means of personal service, or by first class mail to their last known address according to Bexar County Appraisal District records, and by posting on the property.

(b) Failure to register with the department after written notice to the vacant structure property owner, as is hereinafter specified, is a violation of this article.

(c) Violation of this chapter is a Class C misdemeanor.

(1) This is a strict liability offense in which no mental state is required.

(2) The fine for this offense may not exceed five hundred dollars ($500.00).

(d) Administrative, civil, and criminal enforcement are alternative remedies which may be sought independently of each other. Criminal prosecution may occur regardless of pursuit of civil or administrative remedies and vice versa.
(Ord. No. 2014-06-19-0461, § 1, 6-19-14)

Secs. 12-10—12-19. Reserved.

ARTICLE II. DECONSTRUCTION

Sec. 12-20. Purpose and scope.

(a) *Purpose.* This article shall be construed to secure its expressed intent, which is to provide demolition and deconstruction requirements to safeguard the public safety, health, and general welfare associated with building removal, including the reduction of airborne toxic pollutants, carbon emissions, water consumption, and the dumping of refuse and demolition waste. In addition, this article seeks to increase the availability of high-quality and reclaimed building materials for local re-use; improve equity of access to building materials for use in affordable housing preservation and production; encourage neighborhood continuity; retain historic building materials in the communities from which they originated; develop and sustain a local workforce in construction, heritage trades, and deconstruction; and achieve citywide sustainability goals and mitigation strategies outlined in the city's adopted Climate Action and Adaptation Plan (CAAP), including the development of a local circular economy. The purpose of this article is not to create or to establish a standard for a building product, material or aesthetic method in construction, renovation, maintenance, or other alteration of a residential or commercial building.

(b) *Scope.* This article provides the procedures to be followed by all persons engaged in the removal of residential and accessory structures within the territorial limits of the City of San Antonio, Texas that meet the criteria for deconstruction established herein.
(Ord. No. 2022-09-08-0668, § 1, 9-8-22)

Sec. 12-21. Definitions.

The following definitions shall apply in the interpretation and enforcement of this article.

Accessory structure means a building, structure, or use on the same lot with, and of a nature customarily incidental and subordinate to, the principal building or use. Examples include garages carriage houses, accessory dwelling units, or tool sheds.

Certified deconstruction contractor means any person doing work within the building trades or construction professions that has successfully completed a deconstruction certification program as administered through the City of San Antonio Office of Historic Preservation.

City means the City of San Antonio, Texas.

Deconstruction means the systematic dismantling of a structure, typically in the opposite order it was constructed, from roof to foundation, in order to maximize the salvage of materials for re-use, in preference over salvaging materials for recycling, energy recovery, or sending the materials to the landfill.

Demolition means the complete or partial removal of a structure from a site.

Director means the director of the office of historic preservation for the City of San Antonio, Bexar County, Texas, and his/her designee.

Multi-unit structure means a residential structure with two (2) or more residential attached dwelling units including, but not limited to, duplexes, apartments, townhomes, and condominiums.

Period of deconstruction means the period beginning on the date the city issues a demolition permit with deconstruction requirements and ending on the date the city approves the

post-deconstruction form, which shall be a maximum of sixty (60) calendar days or as specifically provided in the permit requirements of the subject application, whichever period is greater.

Post-deconstruction form means an inventory of actual materials salvaged for re-use or donation, as well as materials discarded or landfilled, to be completed and submitted after deconstruction is fully complete to initiate permit closure by the director.

Pre-deconstruction form or *salvage plan* means an inventory of materials to be salvaged for re-use or donation as part of an application to deconstruct.

Recycling means the processing of waste materials into new products or material feedstock for products. Materials that can be recycled include, but are not limited to, concrete, metal piping, and asphalt roofing shingles.

Re-use means the utilization of a product or material that was previously installed for the same or similar function to extend its life cycle. Materials salvageable for re-use include, but are not limited to, cabinets, doors, hardware, fixtures, flooring, siding, and framing lumber.

Single-family structure means a dwelling unit for one (1) family.

Structure means a walled or roofed building that was constructed to provide occupied or unoccupied shelter or enclosure.
(Ord. No. 2022-09-08-0668, § 1, 9-8-22)

Sec. 12-22. Applicability and administration.

This article applies to any request for demolition of residential and accessory structures within the territorial limits of the City of San Antonio that meets the criteria for deconstruction as established in this article.

(1) *Criteria.* Any application for demolition of a structure that is determined by the director to meet the criteria for deconstruction shall consider the construction date and original use of the structure. The director, at his or her discretion, may refer the applicability of criteria to a property to the historic and design review commission (HDRC) for a recommendation before a determination is made.

a. *Construction date.* The construction date of a structure shall be informed by available primary sources including, but not limited to Sanborn Maps, deed records, appraisal district data, and/or other applicable research methods.

b. *Original use.* The original use of the property shall be determined by the director after a visual assessment of construction type and reference to the 1968 city plan. The current zoning or use of the property does not determine whether the requirements of this section apply.

(2) *Phasing.* This article shall take effect in phases as set forth below.

a. Phase i shall take effect on October 1, 2022. Deconstruction requirements shall apply to demolition permit applications for city-executed demolitions for:

1. Residential single-family structures, multi-unit structures with four (4) units or less, and accessory structures that were constructed on or before December 31, 1920, regardless of zoning overlay; and

2. Residential single-family structures, multi-unit structures with four (4) units or less, and accessory structures that were constructed on or before December 31, 1945, and that have either: been locally designated as historic and carry a historic zoning overlay (H, HL, HS, or HE); or, are located within a Neighborhood Conservation District (NCD) and carry a NCD zoning overlay.

b. Phase II shall take effect on January 1, 2023. Deconstruction requirements shall apply to demolition permit applications for:

1. Residential single-family structures, multi-unit structures four (4) units or less, and accessory structures that were constructed on or before December 31, 1920, regardless of zoning overlay; and

2. Residential single-family structures, multi-unit structures four (4) units or less, and accessory structures that were constructed on or before December 31, 1945, and that have either: been locally designated as historic and carry a historic zoning overlay (H, HL, HS, or HE); or, are located within a Neighborhood Conservation District (NCD) and carry a NCD zoning overlay.

c. Phase III shall take effect on January 1, 2025. Deconstruction requirements shall apply to demolition permit applications for:

1. Residential single-family structures, multi-unit structures eight (8) units or less, and accessory structures that were constructed on or before December 31, 1945, regardless of zoning overlay; and

2. Residential single-family structures, multi-unit structures eight (8) units or less, and accessory structures that were constructed on or before December 31, 1960, and that have either: been locally designated as historic and carry a historic zoning overlay (H, HL, HS, or HE); or, that are located within a neighborhood conservation district (NCD) and carry a NCD zoning overlay.

(3) The director is authorized to administer and enforce the provisions of this article and adopt rules, procedures, and forms to implement the provisions of this article.

(4) The director may temporarily suspend or modify the requirements of this article based on a determination that such requirements are temporarily infeasible due to economic or technical circumstances. The director shall temporarily suspend the requirements of this article if, at any time, there are less than three (3) certified deconstruction contractors registered with the city.

(Ord. No. 2022-09-08-0668, § 1, 9-8-22)

Sec. 12-23. Demolition permit and deconstruction requirements.

(a) *Permit required.* No person shall demolish a residential or accessory structure that is eligible for deconstruction under this article without first obtaining a demolition permit from the city.

(1) *Pre-application conference.* An applicant requesting to demolish a structure that meets the criteria for deconstruction, may meet with the office of historic preservation to discuss the procedures and requirements pursuant to this Code. The required forms may be obtained from the office of historic preservation prior to or at the time of application.

(2) *Applications.* All applications for demolition of a residential structure shall be referred to the office of historic preservation for a determination of applicability for deconstruction. The director shall determine, in writing, the construction date, original use, and applicability for deconstruction. If the provisions of this article apply, the city shall notify the applicant of the director's decision and of the deconstruction requirements of the demolition permit within ten (10) business days after an application for demolition permit is filed with the city's

development services department. The director, at his or her discretion, may refer the applicability of criteria to a property to the historic and design review commission (HDRC) for a recommendation before a determination is made. An appeal of the director's decision may be made as set forth in section 12-25 of this article.

(3) *Issuance of a permit.* A demolition permit for deconstruction shall only be issued to a certified deconstruction contractor who shall be responsible for the deconstruction activities of the subject application throughout the period of deconstruction.

(b) *Deconstruction requirements.* Upon issuance of a permit, a certified deconstruction contractor shall adhere to the applicable deconstruction requirements and submit to the office of historic preservation the following forms and documentation for review and approval before the post-work evaluation is performed.

(1) *Pre-deconstruction form.* The certified deconstruction contractor of a structure subject to deconstruction under this article shall complete and submit a pre-deconstruction form to the office of historic preservation.

(2) *Post-deconstruction form.* The certified deconstruction contractor of a structure subject to deconstruction under this article shall complete and submit a post-deconstruction form to the office of historic preservation within ten (10) calendar days after completion of the deconstruction work.

(3) *Documentation.* The certified deconstruction contractor of a structure subject to deconstruction under this article shall submit documentation identifying the destination for all materials removed to the office of historic preservation no more than ten (10) calendar days after completion of the deconstruction work as part of a complete post-deconstruction form. The office of historic preservation shall review and approve the documentation before conducting the post-work evaluation. The certified deconstruction contractor shall be responsible for providing the office of historic preservation office copies of documentation requirements as provided by staff:

a. Photographs of deconstruction in progress, to be taken weekly at a minimum;

b. Itemized receipt of materials and quantities donated to a nonprofit or community organization;

c. Itemized receipt of materials and quantities sold;

d. Itemized list and photographs of salvaged material that will be re-used on site or at another site;

e. Transaction receipt or weight tickets for the disposal of hazardous material abated during the course of deconstruction; and

f. Transaction receipts or weight tickets for all materials taken to a transfer facility, material recovery facility, and/or landfill.

(4) *Site posting.* The office of historic preservation shall provide the certified deconstruction contractor a sign(s) when the deconstruction permit is issued. The certified deconstruction contractor shall post the sign(s) on site before the first day of deconstruction activity and it shall remain on site until the deconstruction is complete. The sign(s) shall indicate that the structure is being deconstructed and must provide city contact information for questions or concerns.

a. The sign(s) must remain in place throughout the period of deconstruction;

b. The sign(s) must be placed on each street frontage of the site; and

c. The sign(s) must be posted within five (5) feet of a street lot line and must remain visible to pedestrians and motorists. Signs are not required

along street frontages that are not improved or not named, and/or do not allow motor vehicle access.

(5) *Building removal.* Building removal shall be performed by a certified deconstruction contractor as follows:

a. Building removal shall be completed within the period of deconstruction;

b. Materials shall be removed by hand to the fullest extent possible while maintaining original sizes and dimensions;

c. Nails, screws, or items used to secure materials in place shall be removed and prepared for re-use where feasible; and

d. Removal and disposal of hazardous materials shall be in accordance with this article, and any other local, state, or federal laws, rules, or regulations.

(6) *Salvageable materials.* The property owner may re-use, sell, or donate salvage materials from a deconstruction site before the materials leave the site, provided that the distribution of the materials meets the documentation requirements under section 12-23(b) of this article. The rules and procedures outlined in chapter 16, article XIII—Garage sales do not apply to active deconstruction sites.

(7) *Site storage.* Materials shall be stored and covered to protect them from exposure to rain and permeable ground contact during the period of deconstruction. Materials from the deconstructed building may only be safely stored on site during the period of deconstruction, provided that they are safely stacked and secured. The property owner shall remove all materials not sold, donated, or re-used from the deconstruction site by the deconstruction completion date and within the period of deconstruction.

(8) *Deconstruction review.* Before post-deconstruction review is approved by the director, the certified deconstruction contractor of a structure shall submit a post-deconstruction form and all required documentation to the office of historic preservation.

(c) *Site inspections.* Upon the written consent of the property owner of the subject application, the director is authorized to conduct site inspections throughout the period of deconstruction to assure compliance with this article.

(d) *Compliance.* Any demolition work that exceeds or violates the provisions of this article shall be subject to penalties set forth in section 12-26 of this article. Compliance with the provisions of this article does not exempt the demolition of buildings or structures from any other requirement.

(1) Certified deconstruction contractors shall follow all deconstruction, building related and licensing requirements, regulations, and laws.

(2) Failure to complete deconstruction, remove materials, and obtain approval of the post-deconstruction form within the period of deconstruction shall result in the city completing the abatement of the property at cost of the property owner.

(e) *Suspension or revocation of deconstruction certification.* In the event a certified deconstruction contractor fails or refuses to comply with requirements of this article, performs demolition work that exceeds or violates the deconstruction requirements of the demolition permit issued, or does not complete the deconstruction activities and documentation of a permit issued under this article, then the director may suspend or revoke the deconstruction certification of such contractor, cancel all unexecuted permits issued to such contractor, and stop all work being done by such contractor, and withhold approval of further permits for deconstruction work until any or all incomplete or defective work of such contractor is fully completed by such contractor. Suspension or revocation of deconstruction contractor certification is accomplished by mailing to the holder of such certification a written notice by certified mail stating the permit or certification is suspended or revoked or by personally delivering to the holder thereof a written notice stating

the permit or certification is suspended or revoked. An appeal of the director's decision may be made as set forth in section 12-25 of this article.
(Ord. No. 2022-09-08-0668, § 1, 9-8-22)

Sec. 12-24. Exemptions.

(a) *Exemptions.* Building conditions, damage, catastrophic events, or other factors may limit suitability for deconstruction and the amount of material that can be reasonably or safely salvaged. The following are exempt from the requirements of this article:

(1) A structure is unsuitable for deconstruction because:

a. The structure has been determined to be a clear and imminent danger to life, safety, or property under San Antonio City Code Chapter 6, Section 6-175, emergency demolitions; or

b. A large majority of material in the structure is not suitable for re-use as determined by the director upon review of a request from exemption from the certified deconstruction contractor assigned to the project.

(b) *Determination of an exemption.* The director will decide exemptions based on evidence submitted as well as by an inspection of the conditions of the property to confirm unsuitability. Upon determining that the request for an exemption contains all the required information, the office of historic preservation will contact the applicant within five (5) business days to request a site visit on a mutually agreed upon date and time. Within five (5) business days of the site visit, the director will either approve, deny, in whole or in part, or request additional information. Receipt of requested additional information will be reviewed and a determination will be made within five (5) days of receipt. The director, at his or her discretion, may refer the criteria for exemption to the historic and design review commission (HDRC) for a recommendation before a determination is made. The director's decision may be appealed in accordance with section 12-25 of this article.
(Ord. No. 2022-09-08-0668, § 1, 9-8-22)

Sec. 12-25. Appeals.

(a) *Notice of appeal.* An appeal of the director's decision may be made by the property owner of the subject application. The property owner shall file a notice of appeal with the office of historic preservation within ten (10) business days after the issuance of the director's decision. Upon receipt of a notice of appeal, the director shall transmit to the board of adjustment for the City of San Antonio all original documents and materials, or true copies thereof, constituting the record upon which the decision appealed from was based.

(b) *Appeal hearing.* The board of adjustment (BOA) shall decide the appeal within sixty (60) days after receipt of a notice of appeal. The property owner may appear at the appeal hearing in person or by agent or attorney. The BOA shall consider the same criteria as the director. The BOA may reverse or affirm, in whole or in part, or modify the director's decision by the concurring vote of seventy-five (75) percent of the members.

(c) *Building standards board.* Notwithstanding any other language in this section, demolition orders issued by the building standards board (BSB) requiring compliance with this article shall follow appeal procedures in accordance with chapter 6, article VIII, section 6-173 of the City Code.
(Ord. No. 2022-09-08-0668, § 1, 9-8-22)

Sec. 12-26. Violations, penalties, and enforcement.

(a) *Violations.* It shall be unlawful for a person to fail to adhere to any provision of this article. Each violation of a particular section of this article shall constitute a separate offense, and each day an offense continues shall be considered a new violation for purposes of enforcing this article.

(b) *Penalties.*

(1) *Criminal.* A conviction for violation of any provision of this article shall constitute a Class C misdemeanor. A person convicted of a violation shall be fined an amount not to exceed five

hundred dollars ($500.00) per violation. A culpable mental state is not required to prove an offense under this article.

(2) *Civil.* A person found liable for violation of any provision of this article shall be subject to a civil penalty in an amount not to exceed one thousand dollars ($1,000.00) per violation.

(3) *Administrative.* The director, at his or her discretion, is authorized to take any and all appropriate administrative actions against violators of this chapter and upon a finding thereof, including but not limited to recommendations that registrations to conduct business within the city be revoked for a set length of time, revocations of certificates of deconstruction, and denial or revocation of present and future permits for a set length of time. Appeals of any administrative action taken will follow the process set forth in their respective chapters.

(c) Nothing in this article shall limit the remedies available to the city as provided by law in seeking to enforce this Deconstruction Code. The director shall have authority to designate trained personnel to issue notices of violation and to make accompanying affidavits to enforce this Code for the benefit of the public health, safety, and welfare.

ARTICLE I. IN GENERAL

Sec. 13-1. Legislative authority.

The provisions of this chapter are adopted in the exercise of the powers granted to this city by law including, but not limited to, provisions of state law and Article I of the City Charter.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-2. Food establishment rules.

(a) The following are hereby adopted by this chapter:

The Texas Food Establishment Rules, 25 TAC §§ 228.1—228.246, effective date August 8, 2021.

(b) The following sections of the Texas Food Establishment Rules are not adopted by this chapter:

25 TAC §§ 228.2(2), 228.2(12), 228.2(14)(c)(i—vi), 228.2(26).

(c) To the extent that these Code provisions are more strict than the Food Establishment Rules from the Code of Federal Regulations, and the Texas Food Establishment Rules, this Code shall control.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08; Ord. No. 2014-08-07-0539, § 2, 8-7-14; Ord. No. 2016-03-03-0163, §§ 1, 2, 3-3-16; Ord. No. 2021-11-18-0875, § 1, 11-18-21)

Sec. 13-3. Definitions.

The following words, terms and phrases, when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Adulterated shall mean the condition of a food:

(1) If it bears or contains any poisonous or deleterious substance in a quantity which may render it injurious to health;

(2) If it bears or contains any added poisonous or deleterious substance for which no safe tolerance has been established;

(3) If it consists in whole or in part of any filthy, putrid or decomposed substance, or if it is otherwise unfit for human consumption;

(4) If it has been processed, prepared, packed or held under unsanitary conditions, whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health;

(5) If it is in whole or in part the product of a diseased animal, or an animal which had died otherwise than by slaughter; or

(6) If its container is composed in whole or in part of any poisonous or deleterious substance which may render the contents injurious to health.

Current permit is one which is current, valid, unsuspended and unrevoked.

Department shall mean the health department of the city also known as the San Antonio Metropolitan Health District.

Director shall mean the director of the health department of the city or their authorized designee.

Downtown business district shall have the same meaning as set out in the Unified Development Code of the city.

Event sponsor/coordinator shall mean the organizer, sponsor or coordinator for a special event with two (2) or more temporary food establishments. The event sponsor/coordinator shall be responsible for submission of all applications and fees to the department on behalf of event participants, and shall have oversight of event participants.

Farmers market shall mean a location certified by the Texas Department of Agriculture or the Texas Certified Farmer's Market Association used primarily for the distribution and sale of raw agricultural products grown by farmers or for the distribution and sale of custom processed agricultural products made by agricultural producers from their agricultural products which are sold directly to consumers and such products meet all applicable federal, state, and local health laws regulating their manufacture and sale.

Farmers market/flea market/trade show food establishment shall mean a food establishment which is operated only at a farmers market and/or a flea market and/or a trade show and where only a sample of the food or foods is provided to the consumer.

Flea market shall mean a location either indoors or outdoors with or without structures in compliance with all building, zoning and other requirements of the city where persons including farmers sell a variety of goods which may include whole uncut fresh fruits and vegetables and prepackaged food products directly to consumers.

Food establishment shall mean an operation that stores, prepares, packages, serves, vends food directly to the customer, or otherwise provides food for human consumption:

(1) Such as a restaurant; retail food store; satellite or catered feeding location; catering operation if the operation provides food directly to a consumer or to a conveyance used to transport people; market; vending machine location; self-service food market, conveyance used to transport people; institution; or food bank; and

(2) Relinquishes possession of food to a consumer directly, or indirectly through a delivery service such as home delivery of grocery orders or restaurant takeout orders, or delivery service that is provided by common carriers.

Food establishment includes:

(1) An element of the operation such as a transportation vehicle or a central preparation facility that supplies a vending location or satellite feeding location unless the vending or feeding location is permitted by the regulatory authority; and

(2) An operation that is conducted, in a mobile, stationary, temporary, or permanent facility or location and where consumption is on or off the premises; regardless if there is a charge for the food.

For the limited purpose of permits, food establishment shall not include:

(1) A food establishment, mobile food establishment or temporary food establishment that offers only whole, uncut fresh fruits or vegetables;

(2) A bed and breakfast limited;

(3) Charitable feeding;

(4) A cottage food production operation;

(5) A food establishment that offers only prepackaged foods that are not TCS foods; or

(6) A school cafeteria that is operated by an independent school district or non-profit contractor.

Food vendor shall mean any person, group of persons, firm or corporation who individually or by or through an agent or employer, offers for sale, sells, attempts to sell, exposes for sale or gives away any food intended for human consumption from any vehicle or by a person afoot.

Inspector shall mean an authorized representative of the director.

Jurisdictional limits of this city includes all of the area within the corporate limits of the city but exclusive of that part of such territory which lies within the corporate limits of another city, town or village.

Liquid waste shall mean fluid, resulting from wastes produced from food vending operations, composed of solids, whether dissolved or in suspension; liquids, whether in solution, in emulsion or in separate phases; and gases. The term shall also include melted ice.

Mobile food court shall mean property where multiple mobile food establishments are allowed to operate pursuant to rules set out in this chapter and consistent with chapter 35 of the City Code.

Processing shall mean any operation or combination of operations whereby dead animals, dead fowl, fish, inedible offal, meat scraps, bones, suet, feathers, unrendered animal fat, waste cooking greases, and similar animal matter is prepared for disposal at a rendering establishment, stored, or is treated for commercial use or disposition other than as food for human consumption.

Processing area shall mean any area in which processing is conducted.

Produce shall mean any whole uncut raw fruit, raw vegetable, raw nuts in the shell, raw herbs used in food, and raw spices.

Rendering business shall mean the collection or rendering, or boiling, or refining, or storing pending further processing or disposal at a rendering establishment of dead animals, dead fowls, fish, inedible offal, meat scraps, bones, suet, feathers, unrendered animal fat, waste cooking greases, and similar animal matter, or the transportation of such matter to and disposal at a rendering establishment, either as a separate business or in connection with any other established business.

Rendering establishment shall mean any establishment, plant, or premises at or within which dead animals, dead fowls, fish, inedible offal, meat scraps, bones, suet, feathers, unrendered animal fat, waste cooking greases, and similar animal matter is rendered, boiled, processed, or otherwise prepared to obtain a product for commercial use or disposition other than as food for human consumption.

Sample shall mean a food product promotion where only a bite-sized portion of food is offered free of charge to demonstrate its characteristics and shall not consist of a whole meal, an individual portion, or a whole sandwich.

School food establishment shall mean a food establishment operated by a person who contracts with a school to provide food services on a for profit basis where food is prepared and intended for service primarily to students attending schools, including kindergarten, preschool and elementary schools, junior high schools, high schools, colleges and universities. A school food establishment is a food establishment and may include concession stands located on the school premises or other school-sponsored venues.

Servicing area shall mean an operating base location to which a mobile food establishment or transportation vehicle returns regularly for such things as discharging liquid or solid wastes and refilling water tanks. No food preparation, service or utensil/warewashing is conducted at a servicing area.

Simple snow cone or *simple raspa* shall mean a food item consisting of crushed ice which was purchased pre-crushed from a licensed processor that is covered or mixed with syrup which was prepackaged from an approved source.

Special event shall mean an event that is sponsored or recognized or organized by an organization such as a neighborhood association, religious group, cultural group, political party, church, school, sports team, fraternal organization, non-profit group/organization, city, county, state, or federal government or an organized

mass gathering of people such as a concert, sporting event, trade show, flea market, farmers market, carnival, circus, or other similar type of show or celebration, or a celebration or gathering which may be based around a specific calendar date which is recognized by the federal, state, county or city government as a holiday or celebratory day or by an abovementioned group or organization, or an event approved by the director.

Sticker shall mean a decal issued by the director that is numbered and has the month and year of the expiration date of the permit which shall be displayed on the mobile food establishment.

Temporary food establishment shall mean a food establishment that operates for a period of no more than fourteen (14) consecutive days in conjunction with a single special event or celebration.

Terminal market area shall mean the area within the boundaries of S. Laredo on the north, Elmendorf on the west, Ceralvo on the south and Navidad on the east.

Time and temperature control for safety food (TCS food) shall mean a food requiring time and temperature control for safety to limit pathogen growth or toxin production. The term includes a food that must be held under proper temperature controls, such as refrigeration, to prevent the growth of bacteria that may cause human illness. A TCS food may include a food containing protein and moisture and that is neutral or slightly acidic, such as meat, poultry, fish, and shellfish products; pasteurized and unpasteurized milk and dairy products; raw seed sprouts; baked goods that require refrigeration, including cream or custard pies or cakes; and ice products. The term does not include a food using TCS food as ingredients if the final food product does not require time or temperature control for safety to limit pathogen growth or toxin production.

Trade show shall mean an exhibition organized so that individuals and companies in a specific industry can showcase and demonstrate their latest products and/or services.

Vegetable and fruit vendor shall mean any food vendor dispensing farm fresh produce from a mobile food establishment.

Vehicle shall mean every device in, upon, or by which any food is or may be transported, pushed or drawn.

Vend shall mean the act of dispensing food by a person from a mobile food establishment or afoot within or without a building and shall include for the purpose of this article the act of offering to give away and to give away any substances intended for use as food.

No. 2025-09-18-0629, § 2(Att. D), 9-18-25)

Sec. 13-4. Enforcement, authority to enter premises.

(a) The provisions of this chapter shall be enforced by the director and his designated agents.

(b) The director and each inspector of the city acting under his authority or the authority of the city council, is, for the purpose of protecting the public health and enforcing this chapter, hereby authorized and directed, at any or all reasonable times when inspection may be deemed proper, to enter any premises, room, apartment, or place in the city, or if no objection be made, without the city, wherein any food establishment is operated or carried on, or where any food products are kept, produced, prepared or handled, and also any room, place, premises, vehicle or appurtenances, used in connection with such business or operation, and to make a complete inspection of each such room, place, premises or vehicles, and all machinery, equipment, furniture, utensils and other things found therein; and also to make a thorough inspection and examination of all foodstuffs and other things therein found, which are used or kept for the purposes of such business, which are reasonably within the purpose

and intent of this chapter. All such inspectors are also authorized and directed to stop and inspect within the city, or by permission without the city, any wagon or vehicle which appears to be used for the purpose of transporting or delivering any such food products. Such director and inspector shall also be authorized to require, and the persons in charge of any such place or vehicle shall furnish to the director or inspector, such reasonable and proper samples as he may demand for making any tests of such food products.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-5. Duty of inspectors.

Every person appointed, or acting by or under the authority of the city who is charged with the duty of inspecting food establishments, or food products, or any operations in connection therewith, shall perform all such duties under the direction of the director, and shall make all such inspections, examinations and reports, and in such manner and form as may be required and directed by the director.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-6. Cooperation by owners, managers and employees with inspectors.

Every person who owns, manages or conducts any food establishment, and each agent, or employee of such person, shall answer truly such questions and render such information and assistance and give such written statements or certificates, as may be asked or required by the director or any such inspector for the purpose of facilitating any inspection or examination under the provisions of this chapter, and shall also upon request of such officer exhibit to such officer and permit him to examine upon request, any license, permit or certificate, relating to such food establishment and also any bill or delivery ticket evidencing the purchase or delivery of any food product and showing the name of the person from whom such food product was had or purchased.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-7. Interference with inspectors.

No person shall interfere with or refuse to permit the director or any such inspector to make any inspection or refuse to furnish the information authorized under section 13-5; and if any person shall refuse permission or bar or obstruct any inspection, then any permit issued by the city for such food establishment shall become subject to revocation and shall become null and void on written order of the director.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-8. Condemnation of food products.

(a) Samples of food, drink and other substances shall be taken and examined by the director as often as he deems necessary for the detection of unwholesome and deleterious qualities. The director may condemn and forbid the sale of or cause to be removed or destroyed, any food or drink which is unwholesome or deleterious according to the procedure outlined in this section.

(b) When such unwholesome or deleterious food comes to the attention of the director he shall promptly condemn the same and the owner, manager or other person in charge of the same shall thereupon immediately and in the presence of the director destroy such food by opening the containers, if it is in containers, and immediately denature and render the food inedible as may be approved by the director; however, if such owner, manager or other person shall notify the director of his desire to appeal, such owner, manager or other person shall immediately transport such foodstuff to such place as the director may designate or approve and shall there store such food. The director shall promptly, either by request or his own volition, make further inspection and examination of such food. If such inspection and examination shows that the food should not be condemned, then the owner thereof may remove the same again to his place of business for sale or otherwise as he may desire.

(c) Any food or drink which appears to the regulatory authority to be unwholesome, or of possible deleterious quality, or any piece of equipment capable of contaminating food or drink products shall be retained by attaching thereto a "San Antonio Retained" tag. Food and equip-

ment so retained may not be removed, disturbed or used without the permission of the regulatory authority. Anyone, except the regulatory authority, removing a "San Antonio Retained" tag when attached to any food or equipment shall be in violation of this chapter and subject to all penalties provided for herein.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-9. Appeals from condemnation of food products.

In case such owner, manager or other person in charge of such condemned foodstuff, shall desire to appeal from the judgment of any such officer, the owner, manager or other person shall immediately transport such foodstuffs to such place as the officer may designate or approve, and shall there store such foodstuff, and the director shall promptly, on the written request of the owner or on his own motion, make a further inspection and examination of the foodstuffs, and the judgment of the director shall be final and conclusive; and if such judgment be that the foodstuff shall be condemned, then the foodstuff shall be immediately destroyed or stored as provided in section 13-8, or in such manner as the director may direct; but if such judgment be that the foodstuff should not be condemned then the owner thereof may remove it again to his place of business.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-10. Destruction of condemned food products.

Unless the owner, manager or other person shall notify the director of his desire to appeal the condemnation of foodstuff pursuant to section 13-8 and shall immediately comply with the requirements of section 13-8, such destruction of condemned meat, fish, or other foodstuff, may be affected by slashing or otherwise separating the substance of same, after which same shall be immediately denatured and rendered inedible as may be approved by the director.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-11. Penalty for violation.

Any person who violates a provision of this chapter shall upon conviction in the municipal court of the city be subject to a fine not to exceed two thousand dollars ($2,000.00) for each offense if the court finds that the offense was committed intentionally, knowingly or recklessly, and each day shall constitute a separate offense.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-12. Injunctive relief.

In the addition to and cumulative of all other penalties, the director shall have the right to seek injunctive relief for any or all violations of this chapter.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-13. Charitable feeding.

(a) No permit is required and no regulations apply to charitable feeding of four (4) individuals or fewer.

(b) Except as set out in subsection (d), no permit is required for giving away whole, uncut fresh fruits or vegetables or pre-packaged, non TCS foods such as canned goods, granola bars, bottled water, non-refrigerated fruit drinks, bagged potato chips, popcorn, pre-packaged snack cakes and candy bars.

(c) If there is any handling of TCS foods, any person engaged in charitable feeding activities to five (5) or more individuals in one instance shall comply with the following:

(1) Either a certified food handler or certified food manager must be present when food is prepared, or onsite while food is distributed if food will be prepared onsite. Food handler and food manager certification shall be in accordance with the requirements set out in state law; and

(2) The department shall be notified within twenty-four (24) hours after charitable feeding activities with the name of the person or organization providing the charitable feeding activities, and the location and date and time of feeding.

(d) Charitable feeding of five (5) or more individuals in one instance within the following designated parks may be conducted only by following the standard reservation process including the payment of all required reservation fees:

River Walk, Travis Park, Main Plaza, Alamo Plaza, Milam Park, Madison Square Park and Hemisfair Park.

(e) Any person engaged in charitable feeding activities shall remove all undistributed food from the feeding site upon conclusion of the charitable feeding activities and dispose of all trash, debris, and waste water generated during feeding.

(f) The department shall post minimum safety requirements for safe food handling and preparation on the department's website as guidance for any charitable feeding activity. The director may condemn and forbid the distribution, or cause to be removed or destroyed, any food or drink which is unwholesome or deleterious according to the procedure outlined in this chapter.

(g) Charitable feeding activities may not be conducted on streets where a traffic hazard is created or in violation of other rules and regulations regarding public streets and the use of right-of-way.

(h) This section does not apply to a special event as set out within subsection 13-27(f).
(Ord. No. 2015-12-17-1066, § 2, 12-17-15; Ord. No. 2019-09-12-0694A, § 1(Att. H), 9-12-19; Ord. No. 2025-09-18-0629, § 2(Att. D), 9-18-25)

Secs. 13-14—13-20. Reserved.

ARTICLE II. PERMITS GENERALLY

Sec. 13-21. Required for food establishments in the city.

(a) It shall be unlawful for any person to operate a food establishment or rendering business in the city who does not possess a valid unsuspended or unrevoked permit from the department. No person/owner/operator shall, within the city, manufacture, sell, or offer or expose for sale, or have in possession with intent to sell, any food product without the proper permits. A person operating a temporary food establishment shall also be required to secure a permit before they shall be allowed to operate.

(b) Charitable feeding activities are not considered a food establishment and do not require a permit under this chapter, except as otherwise set out in subsection 13-13(d) and provided that charitable feeding of five (5) or more individuals in one instance be conducted in accordance with section 13-13.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08; Ord. No. 2015-12-17-1066, § 2, 12-17-15)

Sec. 13-22. Filing application.

Every person desiring a permit to establish, maintain, or operate a food establishment within the city shall make a written application stating the name and residence of the applicant if an individual, all the members of the firm if an association or partnership, the name or residence of the applicant, its officers and directors if a corporation, and the location and description of the premises where such food establishment is to be conducted, and file such application with the department.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08; Ord. No. 2025-09-18-0629, § 2(Att. D), 9-18-25)

Sec. 13-23. Investigation of application.

It shall be the duty of the director upon the filing of such application to make or cause to be made an investigation of the premises and equipment and appliances to be used in connection therewith for the purpose of determining the fitness and suitability of such premises for a food establishment from a sanitary standpoint, and when such inspection shall have been completed, the director shall file with the department his recommendation for or against issuance of a permit.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-24. Issuance of permit.

(a) If the director is satisfied that the premises, equipment and appliances where a food establishment is to be located, are proper and suitable from a sanitary standpoint, and meet all the requirements of the laws of the state or of the ordinances of the city relating to the conduct and operation of the business named in such application, he shall issue or cause to be issued a permit

in accordance with such application, upon receipt of the permit fee provided by section 13-27. Permit fees are non-refundable.

(b) No permit or license for the use, construction, reconstruction or repair of any building or structure used or to be used as a part of a rendering business shall be issued by any department of the city until the plan therefore shall show adequate means for carrying out the provisions of this chapter and until such plan shall have been approved by the director.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08; Ord. No. 2025-09-18-0629, § 2(Att. D), 9-18-25)

Sec. 13-25. Form, expiration.

Permits for the operation of food establishments shall be issued under the corporate seal of the city, signed by the director, and shall authorize the person therein named to establish, maintain and operate a food establishment at the place designated in such permit. Such permit shall be required on an annual basis with October 1st being the first day of each permit year and shall be renewed in each successive year thereafter. The department may prorate the initial permit fee based on the date of initial issuance.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08; Ord. No. 2025-09-18-0629, § 2(Att. D), 9-18-25)

Sec. 13-26. Display.

Every person authorized to operate a food establishment in accordance with the provisions of this chapter shall post such permit and the latest city health inspection report, or cause them to be posted, in a conspicuous place within the premises where such food establishment is authorized to be established, maintained or operated. A food establishment may also choose to voluntarily display a grade placard distributed by the Department consistent with the score received for that inspection period. A food establishment shall not display a grade placard not provided by the department or a grade placard inconsistent with the food establishment's inspection score.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08; Ord. No. 2016-03-03-0163, §§ 1, 2, 3-3-16)

Sec. 13-27. Fees enumerated.

(a) A person who operates a food establishment shall obtain a permit and pay a permit fee for each establishment. The fees are based on gross annual volume of food sales as follows:

(1) For an establishment with gross annual volume of sales of $0—$49,999.00, the fee is $310.00

(2) For an establishment with gross annual volume of sales of $50,000.00—$149,999.00, the fee is $618.00

(3) For an establishment with gross annual volume of sales of $150,000.00 or more, the fee is $928.00

(b) A school food establishment permit fee is two hundred forty dollars ($240.00).

(c) A fee of two hundred forty dollars ($240.00) will be charged for a school cafeteria that is either operated by an independent school district or a non-profit contractor and that requires two (2) inspections per school year.

(d) A fee of one hundred fifty dollars ($150.00) will be charged for a pre-permitting inspection of existing food establishment facilities when there is a change of ownership requiring a new permit without requiring issuance of a new certificate of occupancy.

(e) A fee of one hundred fifty dollars ($150.00) in addition to the appropriate permit fee listed above in section (a) will be charged for inspection and permit of a food establishment that has been operating without a permit.

(f) Temporary food establishments shall secure a permit more than three (3) days before beginning operation and shall pay a fee of fifty-two dollars ($52.00) per stand, per event. Each event is considered a separate permit period. The fee shall be paid prior to commencing operations. Permit fees are non-refundable. However, the date of the event may be rescheduled or the event may be canceled and rescheduled if the applicant makes a request to reschedule by contacting the department's duty supervisor at

least two (2) business days prior to the event. A temporary food establishment that will be operating at multiple events may secure a permit for a period of two (2) years and shall pay a fee of two hundred dollars ($200.00) per food booth. The permit shall be secured more than three (3) days before beginning operation at the first event.

(g) A special event (except farmers markets) that has two (2) or more temporary food establishments or booths shall have an event sponsor/coordinator. It shall be the responsibility of the event sponsor/coordinator to collect the temporary food establishment permit fees from the participants so that all fees may be paid to the department with a single payment. These fees shall be paid at least three (3) days in advance of the event as directed in this section.

(h) Temporary food establishments located at a farmers market may operate for up to a year with an annual permit fee of one hundred dollars ($100.00).

(i) A temporary food establishment may operate for a maximum of fourteen (14) consecutive days after which all operations must cease unless granted an exemption by the director or a permit is obtained under subsection (h).

(j) An annual fee of seventy-five dollars ($75.00) shall be charged for a farmers market/flea market/trade show food establishment permit. Persons not requiring an annual permit may opt to obtain a temporary food establishment permit for special events.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08; Ord. No. 2010-02-04-0096, § 2, 2-4-10; Ord. No. 2012-05-17-0355, § 2, 5-17-12; Ord. No. 2013-04-11-0258, § 2, 4-11-13; Ord. No. 2019-09-12-0694A, § 1(Att. H), 9-12-19; Ord. No. 2025-09-18-0629, § 2(Att. D), 9-18-25)

Sec. 13-28. Reserved.

Editor's note—Ord. No. 2025-09-18-0629, § 2(Att. D), adopted Sept. 18, 2025, repealed § 13-28, which pertained to the effect of additional employees on fees and derived from Ord. No. 2008-05-15-0402, § 1(Att. I), adopted May 15, 2008; Ord. No. 2010-02-04-0096, § 3, adopted February 4, 2010; Ord. No. 2012-05-17-0355, § 2, adopted May 17, 2012.

Sec. 13-29. Disposition of permit fees.

All fees payable under this chapter for whatever purpose required shall be deposited in the general fund of the city.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-30. Transferability.

Permits, as required by section 13-21, shall not be transferable from either one food establishment to another food establishment at a different location or from one person to another person who may subsequently own a certain food establishment.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08; Ord. No. 2016-03-03-0163, §§ 1, 2, 3-3-16)

Sec. 13-31. Revocation and reinstatement of permits.

(a) Permits issued under this chapter may be suspended or revoked by the director upon violation by the owner or operator of any of the terms of this chapter and upon written notice from the director or his representative. When such permit is suspended or revoked the operation of the establishment shall cease as stipulated in the written notice of suspension or revocation.

(b) Whenever a permit to operate an establishment is suspended or revoked, the owner or operator of said establishment may request a hearing with the director provided that the request is in writing and it is filed with the director within ten (10) working days of the suspension or revocation. If no request for hearing is filed within the ten-day period, the suspension or revocation of the permit to operate becomes final. If a request for hearing is filed within the ten-day period, the director shall hold the hearing and render a decision in writing to the owner or operator of the establishment within ten (10) working days of receipt of the request. The decision of the director is final.

(c) A suspended permit may be reinstated provided a written application for reinstatement is submitted to the director and provided that

the violated provisions of this chapter have been corrected. The director or his representative shall make a reinspection and thereafter as many reinspections as may be necessary to assure that the applicant has complied with the requirements of this chapter. If the director finds that compliance has been accomplished, the permit shall be reinstated. The fee for reinstatement of a permit under this chapter shall be one hundred dollars ($100.00).

(d) Whenever a revocation of a permit has become final the holder of such revoked permit may make written application for a new permit to operate provided the director is satisfied that the provisions of this chapter have been met and any additional provisions, with regard to training, that the director deems necessary, are met. The new permit shall be processed and the fee paid as provided in this chapter for new permits.

(e) Any establishment which had its permit revoked two (2) times in a 36-month period will be ineligible to apply for a new permit for six (6) calendar months after the second or subsequent revocation.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-32. Reinspection fee.

(a) A reinspection fee may be charged for any food establishment or food vendor regulated under this chapter. The reinspection fee for inspections beyond the normal schedule will be one hundred fifty dollars ($150.00).

(b) Fees are due upon the reinspection and failure to pay the fee will result in the immediate suspension of the appropriate permit. Such suspension will only be lifted at such time as the reinspection fee is paid and violations noted are corrected.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08; Ord. No. 2015-09-10-0758, § 2(Att. E), 9-10-15; Ord. No. 2025-09-18-0629, § 2(Att. D), 9-18-25)

Sec. 13-33. Replacement of permits.

The department shall collect a fifteen dollar ($15.00) fee for the replacement of any lost, damaged or otherwise absent permit or certificate issued under this chapter.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-34. Food permit late charge.

The department shall collect a late of one hundred dollars ($100.00) for any permit or certificate fee issued under any section of this chapter that is more than thirty (30) days overdue. No permit or certificate shall be issued until all charges and fees have been paid.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08; Ord. No. 2025-09-18-0629, § 2(Att. D), 9-18-25)

*__Editor's note—__Ord. No. 2012-05-17-0355, § 2, adopted May 17, 2012, changed the title of article IV from "Mobile food establishments" to "Mobile food courts and mobile food establishments."

the manner in which the food is to be vended, and include a description of any vehicle to be used in the food vending operation.

(b) A person seeking a mobile food establishment permit from the director shall make application on a form provided by the director, and shall provide all of the information listed in subsections (1)—(13) as part of the application:

(1) The name and address of the owner and/or operator;

(2) A government issued identification of the applicant;

(3) A description of the owner and/or operator;

(4) If the applicant represents a corporation, association or partnership, the names and addresses of the officers or partners;

(5) The name under which the food vending operation will be operated;

(6) A description of the type of food or the specific foods to be vended; as for example unpackaged TCS, prepackaged TCS foods, and openly handled TCS foods;

(7) The manner of mobile food vending operation to be conducted; as for example foot vending, truck, trailer, pushcart, etc.;

(8) A description of any vehicle to be used in the mobile food vending operation along with the license or registration and vehicle identification number of any vehicle licensed or registered with the state;

(9) A notarized letter on the form issued by the department that contains the address and food establishment permit number of the central preparation facility required by this article;

(10) Documentation indicating the volume capacity of any required water and wastewater storage tanks either on the tank itself or in writing;

(11) If the permit application is for the sale of approved openly handled TCS foods from a pushcart, a vehicle or a trailer, a water sample test result from a drinking water bacteriology laboratory accredited by the Texas Commission on Environmental Quality showing the absence of coliform and E. coli which was performed within thirty (30) days prior to the date of the permit application;

(12) Any other information reasonably required by the director; and

(13) If the person seeking a mobile food establishment permit from the director will be vending frozen or refrigerated confections, including but not limited to ice cream cones, frozen ice cream novelties, raspas or paletas directly to consumers on a public street, sidewalk or right-of-way, or will travel with the person's mobile food establishment on a public street, sidewalk or right-of-way to or from a location where the person vends, then the person shall provide as part of the application to the director a written statement from the city police department certifying that the person seeking a mobile food establishment's permit is not a sex offender registered with the state department of public safety and that the records reviewed by the city police department indicate that the person seeking a mobile food establishment permit has not been convicted of any sexual offense or any offense against a child as defined by applicable law. The basic requirements for submitting requests for criminal backgrounds of persons engaged in mobile food vending are specific in Exhibit 1 hereto on file in the office of the city clerk, and hereby adopted and incorporated herein for all purposes by reference.

(c) A person seeking a mobile food court permit from the director shall make application on a form provided by the director, and shall provide all of the information listed in subsections (1)—(5) as part of the application:

(1) The name and address of the owner and/or operator;

(2) A description of the owner and/or operator;

(3) If the applicant represents a corporation, association or partnership, the names and addresses of the officers or partners;

(4) The address and name under which the mobile food court will be operated; and

(5) Any other information reasonably required by the director.

(d) Upon receiving a proper application for a mobile food court permit or mobile food establishment permit, the director shall make appropriate inspections of the location, food, equipment, vehicles and other reasonable inspections concerned with the mobile food court or mobile food vending operation and shall issue a permit and a sticker only if:

(1) The application complies with subsection (b) or (c), and

(2) The inspection reveals compliance with the applicable requirements of all federal and state statutes and regulations, and all city ordinances governing the proposed mobile food court or mobile food establishment operation.

(e) Mobile food court and mobile food establishment fees shall be as follows:

(1) A permit for the sale of unpackaged, non-TCS foods by peddling from afoot, from a pushcart, from a vehicle, or from a trailer shall be one hundred dollars ($100.00) per year.

(2) A permit for the sale of pre-packaged TCS foods from a pushcart, from a vehicle, or from a trailer shall be two hundred dollars ($200.00) per year.

(3) A permit for the sale of approved openly handled TCS foods from a pushcart, from a vehicle, or from a trailer shall be two hundred fifty-eight dollars ($258.00) per year.

(4) The fee for each written statement from the city police department for persons age seventeen (17) and older as required in subsection (b)(13) shall be the sum of the fees required to obtain the local, state and national criminal histories for the applicant. There shall be no fee for the written statement for persons under the age of seventeen (17).

(5) The director of the center city development office, or its successor city department, shall establish a fee for a special permit and associate permit for mobile food establishments in the downtown business district. The permit fee for vending in the downtown business district and associate fee shall be in addition to any other applicable fees set out in this chapter.

(6) The permit fee for the operation of a mobile food court shall be two hundred twenty dollars ($220.00) per year.

(f) All funds collected for permits under the provisions of this article shall be deposited in the general fund of the city.

(g) The valid sticker shall be displayed by a mobile food establishment:

(1) Inside the vehicle, used in connection with the mobile food vending operation, at the top of the windshield on the passenger side of the vehicle;

(2) On an enclosed trailer on the outside of the unit next to the servicing window so that it is not obscured when the serving window is closed for travel;

(3) At the top right-hand corner on the front of a pushcart, bicycle or tricycle used in connection with the mobile food vending operation; or

(4) In front of the sink of a corn roaster or hot dog cart used in connection with the mobile food vending operation.

(h) Mobile food court permits and mobile food establishment permits shall be valid for only one year from the date of issuance unless sooner suspended or revoked.

(i) Mobile food court and mobile food establishment permits shall not be transferred or assigned and shall be considered suspended should the character of the food vending operation be changed from that specified in the permit.

(j) Every mobile food establishment permit shall be renewed each year in like manner as the original permit application, except that the written statement from the city police department required under subsection (b)(13) shall be renewed every two (2) years from the date of issuance by the city police department of such written statement, with a current written statement to be provided to the director by the permit holder every two (2) years at the time the permit holder is seeking permit renewal.

(k) The director shall make routine, unannounced inspections of mobile food courts, mobile food establishments, central preparation facilities and servicing areas when applicable, to determine whether or not the vending operation is being conducted in such a manner as to comply with the conditions of the permit, the provisions of this article, other applicable city ordinances and state and federal statutes, regulations and rules.

(l) Samples of food and other substances used in the preparation of food may be taken or retained until examined by the director for the detection of unwholesome and deleterious qualities. The director may condemn and forbid the sale of or cause to be removed or destroyed, any food which is adulterated, tainted, diseased, fermented, decaying or otherwise unwholesome, unclean or deleterious to health. The owner, operator or other person in charge of such food shall immediately and in the presence of the director, destroy such adulterated, tainted, diseased, fermented, decaying or otherwise unwholesome, unclean food as directed by the director.

(m) It is the responsibility of the mobile food establishment permitholder and/or the operator to ensure compliance with this article. Violations of this article shall result in the issuance of a citation and/or the suspension or revocation of the permit.

Sec. 13-63. Operation requirements and restrictions.

(a) Mobile food establishments are subject to the following requirements and restrictions unless specifically addressed otherwise:

(1) It shall be unlawful for an afoot food vendor to sell any TCS foods within the city. It shall be unlawful for an afoot food vendor to sell from a stand or other temporary structure located upon any public street, sidewalk, right-of-way, or other adjacent public or private area without a permit as required under this chapter.

(2) It shall be unlawful for the operator of a mobile food establishment as defined in subsections 13-62(e)(1)—(3) to remove the food from the mobile establishment to vend from a stand or other temporary structure located upon any public street, sidewalk, right-of-way, or other adjacent public or private area without a permit as required by this chapter; except that mobile food establishments may sell produce from no more than three (3) tables that are six (6) feet long and stand at least eighteen (18) inches above the ground, and that are located adjacent to the permitted mobile food establishment.

(3) It shall be unlawful to operate a mobile food establishment on streets where a traffic hazard is created and as listed in Exhibit No. 1 of subsection 16-236(b).

(4) Mobile food establishments may operate in parks subject to the requirements set in section 22-2.

(5) Mobile food establishments may stop in a public street, or right-of-way, provided:

a. This area is not in or within fifty (50) feet of an intersection;

b. This area is not an area prohibited to the standing or parking of vehicles;

c. All items are vended from the curbside of the vehicle or the rear of the vehicle;

d. The mobile food establishment is in compliance with the requirement for hazard lamps as set forth in subsection 13-63(a)(14); and

e. The mobile food establishment is vending in a safe manner.

(6) Mobile food establishments may be stopped on private property, properly zoned and with the written notarized permission of the property owner if the mobile food establishment has access to approved flush type toilet facilities, connected to an approved type sewage system on the private commercial property. Mobile food establishments must be parked on a paved surface and in clean surroundings.

(7) Food vendors shall comply with this Code as well as with state and federal law and nothing in this article shall exempt a food vendor from zoning ordinances.

(8) Mobile food establishments operating within Market Square or El Mercado shall comply with the appropriate provisions of chapter 32, article II.

(9) No person shall operate a mobile food establishment within three hundred (300) feet of the property line of any public, private elementary, middle or high school grounds one hour before, during, and one hour after school hours.

(10) Reserved.

(11) It shall be unlawful to operate a mobile food establishment in the downtown business district with the exception of vendors who have obtained a special permit from the center city development office, or its successor city department, in addition to having all required valid mobile food establishment permit(s). The city manager or her designee shall have authority to establish policies and procedures governing the issuances and regulation of the special permit for mobile food establishments in the downtown business district to include distance requirements from schools and food establishments and access to restroom facilities.

(12) The hours of operation of any mobile food establishment operating in a residential area shall be from 7:00 a.m. Central Standard Time until 9:00 p.m. in June, July and August and until 8:00 p.m. the remainder of the year.

(13) The total noise level of any mobile food establishment shall comply with chapter 21, article III. The mobile food establishment shall turn off all music and recorded messages while stationary, except when stopped at a controlled intersection.

(14) Mobile food establishments that are operating in a residential area shall comply with V.T.C.A., Transportation Code § 547.703. When stationary, the mobile food establishment must turn on its hazard lamps as defined in V.T.C.A., Transportation Code § 547.331, except when stopped at a controlled intersection.

(15) No mobile food establishment shall be parked in violation of section 35-311 of the unified development code.

(16) No food vendor or food handler who meets the requirements set forth in subsections 13-62(b)(13) or 13-63(a)(17) shall be a sex offender registered with the state department of public safety or shall have been convicted of any sexual offense or any offense against a child as defined by applicable law.

(17) Prior to vending, each food vendor and food handler who will be vending frozen or refrigerated confections, including but not limited to ice cream cones, frozen ice cream novelties, raspas or paletas directly to consumers, on a public street, sidewalk, or right-of-way, or who will travel with a mobile food establishment on a public street, sidewalk or right-of-way to or from a location where the food vendor or food handler vends, shall be required to

obtain a written statement issued by the city police department certifying that the food vendor or food handler is not a sex offender registered with the state department of public safety and that the records reviewed by the city police department indicate that the food vendor or food handler has not been convicted of any sexual offense or any offense against a child as defined by applicable law. The basic requirements for submitting requests for criminal backgrounds of persons engaged in mobile food vending are specific in Exhibit 1 hereto on file in the office of the city clerk, and hereby adopted and incorporated herein for all purposes by reference.

(18) Each food vendor and food handler who is required under subsection (17) to obtain a written statement from the city police department must renew this written statement every two (2) years from the date of issuance by the police department of such written statement.

(19) The fee for each written statement from the city police department for persons age seventeen (17) and older as required in subsections (17) and (18) shall be the sum of the fees required to obtain the local, state, and national criminal histories for the applicant. There shall be no fee for the written statement for persons under the age of seventeen (17). These fees are set by entities other than the city, and can be modified by them at any time.

The Federal Bureau of Investigation has increased its fee by one dollar and twenty-five cents ($1.25), causing an increase in the fee required by section 13-63(a)(19) from thirty-seven dollars ($37.00) to thirty-eight dollars and twenty-five cents ($38.25). That increase is hereby approved.

FY 2019 Rate	*FY 2020 Rate*	*New Revenue Amount*
$37.00	$38.25	$320

The FY 2020 rate set out above shall be increased during FY 2020 by the amount required to obtain the local, state, and national criminal histories for the applicant without further action of the city council by ordinance or otherwise.

(20) Each food vendor and food handler who is required to obtain a written statement from the city police department shall carry the current written statement from the city police department, as required under subsection (17), on their person at all times while vending.

(21) It shall be unlawful for a person who has obtained a mobile food establishment permit pursuant to section 13-62, and to whom subsection 13-62(b)(13) applies, to hire or allow a food vendor or food handler to vend on a public street, sidewalk, or right-of-way, or to travel with a mobile food establishment on a public street, sidewalk or right-of-way to or from a location where the food vendor or food handler will vend, who has not first obtained a current written statement issued by the city police department as required by subsections (17) and (18).

(22) It shall be unlawful for a person operating a mobile food establishment to place or allow the placement of any table, chair, awning or other seating or eating area at, near or around the location of the mobile food establishment for customer use except that this provision shall not be construed to conflict with or prohibit a mobile food court from providing such accommodations in accordance with section 13-67.

(b) Subsections (a)(2), (a)(4), (a)(5), (a)(6), (a)(9), and (a)(22) shall not apply to mobile food establishments while operating at a special event.

Sec. 13-64. Sanitation requirements generally.

Mobile food establishments shall comply with the following requirements. These requirements pertain to all mobile food establishments unless specifically addressed otherwise:

(1) Mobile food establishments shall comply with all sanitation and construction regulations as outlined in 25 TAC § 228.221 of the Texas Food Establishment Rules as adopted in this chapter unless specifically addressed in this section.

(2) A mobile food establishment shall be operated from a central preparation facility that is licensed or approved by a local, state or federal agency or an approved servicing area as applicable so as to be an approved source and the mobile food establishment shall report to the central preparation facility or servicing area as needed, but not less than once per calendar week for all cleaning and servicing operations. The mobile food establishment shall acquire needed supplies from the central preparation facility or other approved source. The mobile food establishment and central preparation facility or servicing area shall maintain documentation of each visit to the central preparation facility or servicing area and shall have that documentation available for inspection. Mobile food establishments dispensing fresh fish and shrimp are exempt from this provision.

(3) Mobile food establishments that dispense snow cones/shaved ice/raspas, shrimp, fish, shellfish, or crusteacea shall provide a gravity fed hand washing system, soap, and paper towels.

(4) Liquid waste resulting from any mobile vending operation shall be stored in permanently installed retention tanks of at least fifteen (15) percent larger capacity than the water supply tank and shall be drained and thoroughly flushed during servicing operations. All liquid waste shall be discharged to an approved sanitary sewage disposal system at the central preparation facility or servicing area.

(5) All food that requires packaging or preparation by the vendor shall be processed in the central preparation facility that is required as a support facility for a mobile food establishment.

(6) Mobile food establishments dispensing snow cones/shaved ice/raspas shall be designed so as to enable the operator of the unit to protect the equipment, syrup, ice and utensils used in the operation of the unit from dust, insects and rodents while the unit is in transit or overnight storage.

(7) Mobile food establishments shall provide waste containers for customers at such times when the unit is parked.

(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08; Ord. No. 2014-08-07-0539, § 2, 8-7-14; Ord. No. 2016-03-03-0163, §§ 1, 2, 3-3-16; Ord. No. 2021-11-18-0875, § 1, 11-18-21; Ord. No. 2025-09-18-0629, § 2(Att. D), 9-18-25)

Sec. 13-65. Sanitation requirements for units with facilities to prepare or dispense unpackaged time/temperature for safety control foods.

In addition to the sanitation requirements described in section 13-64, food vendors preparing and vending food from a mobile food establishment with facilities to prepare or dispense unpackaged TCS foods, shall comply with the following requirements:

(1) A mobile food establishment central preparation facility or servicing area required in subsection 13-64(2), shall include at least overhead protection for any supplying, cleaning or servicing operation except those areas used only for the loading of water and/or the discharge of sewage and other liquid waste, through the use of a closed system of hoses, need not be provided with overhead protection. Within this central preparation facility/servicing area, there shall be a location

provided for the flushing and the draining of liquid waste separate from the location provided for water servicing and for the loading and the unloading of food and related supplies.

(2) The central preparation facility and servicing area will maintain a log of mobile food establishments being serviced at the central preparation facility or servicing area and require each mobile food establishment that is serviced to document the date and time of arrival and departure from the central preparation facility or servicing area and the services performed. The mobile food establishment, central preparation facility and servicing area will make available for inspection the record or records of the mobile food establishments serviced.

(3) All water and gas distribution pipes or tubing shall be constructed and installed in accordance with public health, fire department and plumbing standards as set out by the ordinances of the city. The water for said operations shall be from an approved source. Every calendar week, mobile food establishments shall check chlorination of its water supply. Every calendar month, mobile food establishments shall sanitize water tanks. Records of all such test results and sanitization shall be made available to the department upon inspection.

(4) A water heating device of no less than six (6) gallons, or an instantaneous water heater, capable of producing one hundred ten (110) degrees Fahrenheit hot water during the entire time of operation shall be provided in the mobile food establishment.

(5) All food service operations shall be carried on from within the mobile food establishment.

(6) Any additional equipment or the arrangement thereof other than approved when the permit was issued shall be prohibited unless approved in advance by the director.

(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08; Ord. No. 2014-08-07-0539, § 2, 8-7-14; Ord. No. 2016-03-03-0163, §§ 1, 2, 3-3-16; Ord. No. 2025-09-18-0629, § 2(Att. D), 9-18-25)

Editor's note—Ord. No. 2014-08-07-0539, § 2, adopted August 7, 2014, changed the title of section 13-65 from "Sanitation requirements for units with facilities to prepare food" to "Sanitation requirements for units with facilities to prepare or dispense unpackaged potentially hazardous food." The historical notation has been preserved for reference purposes.

Sec. 13-66. Special requirements for units which are hand pushed.

In addition to the requirements described in section 13-64, the following requirements shall be met by mobile food establishments of TCS foods from a hand pushed mobile food establishment; except that snow cones/shaved ice/raspas, produce, prepackaged novelty ice cream food vendors are exempt from the provisions of subsections (6), (7), and (8).

(1) All equipment utilized in the mobile food establishment shall have prior approval of the director.

(2) Snowcones/shaved ice/raspa vendors shall provide a gravity fed hand washing station. Soap and paper towels are to be provided. Waste water from handwashing is to be collected in a sealable container and disposed of in a sanitary sewer.

(3) Any additional equipment or the arrangement thereof other than approved when the permit was issued shall be prohibited unless approved in advance by the director.

(4) The mobile food establishment shall be located in clean surroundings, on a paved surface or equally impervious ground and maintained in a clean and sanitary condition.

(5) A push cart vendor shall be prohibited from operating on the public streets.

(6) The mobile food establishment shall be cleaned and serviced at the central

preparation facility or servicing area and shall be stored inside a building when not in operation. The mobile food establishment shall acquire needed supplies from the central preparation facility or other approved source. The mobile food establishment shall provide documentation of each visit to the central preparation facility or servicing area and shall have that documentation available for inspection. With prior approval from the director or his designee, however, the mobile food establishment may be kept on site in a location that is secured, fenced and inaccessible to the public during nonoperating hours. When so stored on site, such mobile food establishment must be covered for protection from the elements and potential vectors with covering approved by the director or his agent. The mobile food establishment stored on site shall be cleaned and serviced on the same standards as those units cleaned and serviced in a central preparation facility or servicing area and must meet all other requirements of this chapter.

(7) Hand pushed mobile food establishments openly handling TCS foods and drink shall be equipped with a two-compartment sink, a separate handwashing sink, soap and paper towels, and provided with an adequate amount of hot and cold running water. The sink, potable water holding tanks, and waste water holding tank shall be installed and operated in accordance with the city development services department's plumbing regulations.

(8) Facilities to heat water and TCS foods on hand pushed mobile food establishments shall be installed and operated in accordance with the city fire department rules and regulations.

(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08; Ord. No. 2014-08-07-0539, § 2, 8-7-14; Ord. No. 2016-03-03-0163, §§ 1, 2, 3-3-16; Ord. No. 2025-09-18-0629, § 2(Att. D), 9-18-25)

Sec. 13-67. Operation requirements and restrictions for mobile food courts.

(a) Mobile food courts shall comply with the following requirements:

(1) The property must meet all commercial zoning requirements;

(2) All mobile food establishments situated on the property shall be located on an impermeable surface such as concrete or rolled asphalt;

(3) All mobile food establishments that remain on the property overnight shall have temporary connections for electricity, potable water and sewage disposal, or a system to adequately provide these services to each mobile food establishment;

(4) All mobile food establishments that are unable to comply with the requirements of subsection 13-67(a)(3) shall be removed from the property overnight and serviced by an approved central preparation facility prior to its next day of operation; and

(5) A restroom equipped with flush type toilets and properly plumbed to a sanitary sewage system with sufficient capacity to meet the needs of the mobile food court's mobile food establishments and customers shall be available on the property. Restrooms shall be equipped with hand sinks, hot and cold water and either hand towels or forced air hand dryers.

(b) Mobile food establishments in compliance with subsection 13-67(a)(3) shall be exempt from subsections 13-64(2), 13-64(4), and 13-64(5).

(c) Subsections 13-63(a)(9), 13-63(a)(10), 13-63(a)(12), and 13-63(a)(15) shall not apply to mobile food establishments operating in a mobile food court.

(d) Mobile food establishments which operate exclusively in a mobile food court shall be exempt from the criminal background check requirement as set out within this article.

(e) Permanent pavilions and similar seating areas for customers may be provided.
(Ord. No. 2012-05-17-0355, § 2, 5-17-12; Ord. No. 2016-03-03-0163, §§ 1, 2, 3-3-16)

Secs. 13-68—13-80. Reserved.

ARTICLE V. RENDERING

Sec. 13-81. Purpose.

The regulations established in this article have been in accordance with a comprehensive plan for the purpose of promoting health, safety, morals and the general welfare of the community. They have been designed to regulate the location, the equipment and the mode of operation of the rendering establishments or business within the city, as defined in this article, for the purpose of protecting the general public as well as the residents of this city from health hazards arising from unsanitary conditions which may exist in conjunction with the operation of rendering establishments.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-82. Nuisance declared and disposal required.

All dead animals, dead fowl, dead fish, inedible offal, meat scraps, bones, suet, feathers, unrendered animal fat, waste cooking greases, and similar animal matter located within the city not properly kept under refrigeration or not disposed of as garbage under the provisions of chapter 14 are hereby declared a nuisance and menace to the public health, requiring the prompt collection and disposal thereof under the authority and direction of the director.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-83. Methods of disposal generally.

(a) All matter declared a nuisance in section 13-82, which is derived in whole or in part, directly or indirectly, from the carcass or carcasses of any cattle, horses, mules, asses, sheep, goats, hogs, or other livestock, domestic animals or domestic fowl which at the time of death had any disease or diseases shall be disposed of in a manner consistent with state law.

(b) All matter declared a nuisance in section 13-82, not covered by subsection (a), shall be turned over or delivered by the owner thereof:

(1) Directly to a rendering establishment having a current permit as herein provided in this article;

(2) To collector of material for processing, as defined in this article, having a current permit as provided in this article; or

(3) To a city sanitary landfill designated by the director. The person having such animals and fowl in his possession and desiring to avail himself of this means of disposal shall contact the department for the location of the sanitary landfill, shall have such animals and fowl transported there at his expense, and shall supply sufficient personnel to unload and place same where designated.

(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-84. Permit application, fee and requirements for issuance.

(a) Every person who is operating or desires to operate a rendering business or any phase thereof, shall immediately make application in writing to the director, upon forms prescribed and furnished by such health officer, for all required permits to operate and do business within the city, and shall pay therefore an annual fee based upon the cost of inspecting the facilities of such rendering business or phase thereof to be computed as prescribed in this article. The annual fee shall include the cost of re-inspecting the facilities as a result of failure to keep such facilities in such a manner as to meet the requirements of this article. No permit shall be issued for any premises which are in violation of the zoning ordinance of the city.

(b) The fees shall be computed as follows:

(1) The amount for a collector's permit shall be based upon the number of transport vehicles to be inspected, at forty eight dollars ($48.00) per vehicle per year;

(2) The amount for a rendering materials storage facility permit shall be ninety

dollars ($90.00) per year when such facility is not an integral part of a rendering establishment;

(3) The amount for a rendering establishment permit shall be three hundred sixty dollars ($360.00) per year.

(c) All fees listed in subsection (b), shall be payable to the city, and shall accompany the application for permit. Permit for operation of a rendering business shall be issued under the corporate seal of the city, shall be signed by the director and shall authorize the person therein named to establish, maintain and operate a rendering business at the place designated in such permits. Such permits shall expire one year from the month of original issuance or renewal, and shall be renewed in each successive year thereafter.

(d) Following the receipt of an application for a permit and proof that the required annual fee has been paid, the director will conduct such investigation as he deems necessary to determine whether the applicant's premises, personnel and equipment are proper and adequate for the services proposed or offered. Upon a determination by the director that the applicant has met the requirements of this chapter, he will issue the applicant the appropriate permit. The collector's rendering materials, storage facility, and/or rendering establishment permit will be displayed upon the wall of the main office located upon the premises for which the permit is issued. Should the application for permit be denied, three-fourths (¾) of the fee will be returned.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08; Ord. No. 2008-09-11-0777C, § 1, 9-11-08; Ord. No. 2019-09-12-0694A, § 1(Att. H), 9-12-19)

Sec. 13-85. Use of streets, etc., for private disposition prohibited.

It shall be unlawful for any person not having a current collector's permit issued pursuant to this article to use the streets, alleys or avenues of the city for the purpose of collecting, removing or transporting animal matter declared a nuisance in section 13-82.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-86. Operation of a rendering establishment without a permit prohibited.

It shall be unlawful for any owner, operator, or person in charge at the time to operate a rendering establishment within the city without having a current rendering establishment permit issued pursuant to this chapter. A separate permit is required for each premises.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-87. Operation of a storage facility for materials to be rendered without a permit prohibited.

It shall be unlawful for any owner, operator, or person in charge at the time to engage in the rendering business by maintaining, operating or causing to be operated any separate premises as a facility where animal matter, declared to be a nuisance in section 13-82, is collected or stored pending further processing or disposal unless the aforesaid separate premises has a current rendering materials storage facility permit issued pursuant to this chapter or is an integral part of a currently permitted rendering establishment. A separate permit is required for each premises requiring a rendering materials storage facility permit.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-88. Operation of transport vehicle without meeting certain requirements prohibited.

It shall be unlawful for any person to operate or to cause another to operate a transport vehicle upon the roads, highways, streets, alleys, or avenues within the city for the purpose of collecting, removing, or transporting animal matter declared a nuisance in section 13-82, unless said transport vehicle is covered by a current collector's permit and meets the requirements for such vehicles set forth in this chapter.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-89. Rendering business creating offenses or becoming nuisances.

It shall be unlawful for any person to operate a rendering business or any phase thereof within

the city unless the rendering business or phase thereof shall at all times be so conducted as to create no offense or nuisance.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-90. Nuisances defined in connection with rendering businesses.

Any, all or any combination of the following conditions or places within the city are hereby specifically declared to be a nuisance dangerous to public health punishable as such, and shall be abated.

(1) Any condition or place allowed to exist which permits any dangerous, unwholesome, nauseous, or offensive odors, gases or fumes to escape into the open air in such amounts as to be substantially offensive, uncomfortable and annoying to any community, family, or person or ordinary sensibilities, tastes, and habits at a distance of more than two hundred (200) feet from the building, premises, or processing area where such odors, gases or fumes emanated;

(2) Any condition or place allowed to exist which constitutes a breeding place for flies;

(3) Any condition or place allowed to exist where sewage, sewerage, human excreta, waste water, garbage, or any other matter is deposited, stored, discharged, or exposed in such a way as to be a potential instrument or medium in the transmission of disease to or between any person or persons;

(4) Any condition or place allowed to exist, harboring rats;

(5) Any condition or place allowed to exist which may be proven to injuriously affect the public health; or

(6) Any collection of water in which mosquitoes are breeding.

(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-91. Construction and general layout of processing areas of rendering business.

(a) All processing areas of rendering businesses shall have sufficient space for the conduct in a sanitary manner of operations carried on therein; for the installation of necessary utility equipment; and for the installation of processing equipment in such a manner that such equipment shall be easily accessible for cleaning.

(b) All processing areas of rendering businesses shall be constructed in accordance with the subsequent applicable provisions of these regulations so as to be easily maintained in a sanitary condition and to prevent harborage areas for rodents, roaches and other vermin.

(c) All processing areas of rendering businesses shall be in a closed building which is constructed in accordance with this chapter and shall be kept clean and in good repair.

(d) All raw materials shall be received into, unloaded and/or stored in a closed room or area immediately upon arrival at the processing area.

(e) Storage facilities for finished products shall be located, constructed and maintained so as to prevent contamination of finished products by materials for rendering- entering into and processed through the rendering establishment. Storage facilities for finished products shall be separate from receiving and processing areas. Any opening between receiving or processing areas and storage areas shall be equipped with tight fitting self-closing completely metal clad doors which shall be maintained in good working order. There shall be no direct openings between areas where materials for rendering are received and prepared for processing and the storage areas for finished products.

(f) Hide storage shall be separate from material for rendering and finished product areas and all openings between these areas shall be provided with self-closing doors.

(g) A paved area constructed of concrete or other equally impervious material adequate in size and provided with adequate drains in good working order leading to a sanitary sewer system

shall be provided and used for the washing of transport vehicles. This area shall be provided with adequate supply of hot water of 180°F or other suitable cleaning and sanitization provision for transport vehicles.

(h) A paved area constructed of concrete or other equally impervious material adequate in size and provided with adequate drains in good working order leading to a sanitary sewer shall be provided at the unloading area for materials for rendering and any other area where spillage of raw, finished or waste products is likely to occur. Said areas shall be provided with an adequate supply of hot water of 180°F or other suitable cleaning and sanitization provisions.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-92. Transport vehicles.

(a) The beds of all transport vehicles used in hauling materials for processing, as defined in this ordinance, on public streets shall be completely enclosed with fixed tight fitting top, sides and ends, The transport vehicle bed, top, sides and ends shall be constructed of impervious material which can be easily cleaned and sanitized and shall be leak proof.

(b) All transport vehicles used on the roads, highways, streets, alleys or avenues within the city to haul materials for processing shall be identified on each side of the transport vehicle as follows:

(1) Name of company in letters at least three (3) inches high and three-quarters of an inch (¾") depth.

(2) The words "inedible" in letters at least two (2) inches high and three-eighths of an inch (⅜") depth on the panel as in subsection (a).

(c) All vehicles used to transport finished products shall be properly cleaned and sanitized before usage.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-93. Premises.

(a) The premises shall be kept in a clean, neat condition and shall be free of rodent infestation, of places conducive to insect breeding and of unwarranted collection of refuse, waste material and other objectionable conditions; provided, that for the purposes of this section, the premises shall be deemed to include the back, front and side yards of property occupied by the processing phase of a rendering business, docks and areas where vehicles are loaded or unloaded; driveways, approaches, pens, and alleys; and buildings or portions of buildings which are part of such establishments even though not used for processing purposes.

(b) Loose lumber and other building or salvage materials shall be stored in an orderly manner at least eighteen (18) inches above the ground; non-salvageable materials shall be removed from the premises.

(c) The premises shall be well drained and shall be so maintained that there are no pools of standing water.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-94. Floors.

(a) Floors in processing areas shall be smooth, in good repair and kept clean.

(b) Floors in all rooms or areas where processing is done or where utensils are washed shall be constructed of good quality concrete or equally impervious and easily cleanable material. All surfaces of such floors shall be graded to drain to floor drains in good working order which shall be trapped in accordance with the Uniform Plumbing Code as adopted by the city and which shall be connected to a sanitary sewer. There shall be a minimum of one floor drain to each four hundred (400) square feet of floor area. Gutters, if used to conduct such drainage, shall be so constructed and located as to be easily cleanable; in such case floors shall be properly graded to drain to such gutters and said gutters shall be provided with traps, cleanouts and vents as required by the Uniform Plumbing Code as adopted by the city.

(c) During operations the floors in processing areas shall be kept free of any accumulation of processing wastes, including blood, manure, scraps, grease, water, dirt and litter. When processing is conducted at short irregular

intervals, such processing wastes shall be removed from floors and properly disposed of immediately following each individual period of processing. Such floors shall be thoroughly cleaned at a minimum of at least once for each 24-hour period.

(d) Floors in all rooms and areas where finished products are stored, handled, ground, or bagged shall be constructed of good quality concrete or other equally impervious material. Such floors shall be kept in good repair and kept clean.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-95. Walls, ceilings, partitions, and posts.

(a) Walls, partitions, posts, ceilings and exposed overhead structures of all rooms and areas shall be kept clean and in good repair.

(b) Those sections of walls, partitions, posts, ceilings and exposed overhead structures in processing areas which become soiled during processing shall be thoroughly cleaned at least once in each 24-hour period.

(c) Walls, partitions and posts in all processing areas shall be finished with smooth, washable, surfaces of concrete, cement-plaster, or other equally impervious and easily cleanable material.

(d) Interior walls separating one room or area from another shall extend from the floor to the ceiling. Such walls shall be free from openings except for necessary doorways equipped with tight fitting self-closing completely metal clad doors, and necessary openings for conveyors.

(e) All outer walls and roofs and openings therein shall be protected against the entrance and harborage of rodents, and insects.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-96. Doors, windows and openings.

(a) All outside doors and openings shall be effectively protected at all times against the entrance of insects, rodents and other vermin.

(b) All outside doors shall be completely metal clad and shall be tight fitting and in good working order.

(c) Screens when used shall be tight fitting, kept clean, in good repair, and of not less than sixteen (16) meshes to the square inch.

(d) All interior doors shall be tight fitting, completely metal clad, and self-closing and in good working order.

(e) Doors and windows shall be kept clean and in good repair.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-97. Toilet, shower, and dressing rooms

(a) Well-located and properly separated toilet and dressing room facilities are required for employees of each sex. Each employee shall be provided with a metal locker at least fifteen (15) inches × eighteen (18) inches × sixty (60) inches. The lockers shall be raised at least sixteen (16) inches above the floor on legs or other suitable supports. The lockers shall have sloping tops.

(b) The minimum size of any dressing room shall be at least eight (8) feet × ten (10) feet for a maximum of four (4) employees. Ten (10) square feet per man shall be provided for each additional man over four (4) and through ten (10). Five (5) square feet per man shall be provided for each additional man over ten (10).

(c) Dressing rooms shall be separated from adjoining toilet rooms by tight full-height walls or partitions. Toilet rooms and dressing rooms shall have solid, close fitting, self-closing doors and in good working order.

(d) Water closets, lavatories and showers in good working order shall be provided for each sex according to the Uniform Plumbing Code as adopted by the city plumbing code.

(e) A supply of toilet paper with holder shall be provided and maintained at every water closet.

(f) Lavatories in good working order shall be provided and maintained with hot and cold water under pressure and an adequate supply of soap and individual hand towels shall be maintained.

(g) Showers in good working order shall be provided and maintained with hot and cold water under pressure and an adequate supply of soap and individual towels shall be maintained. The provisions of a towel for general or common use shall be prohibited.

(h) The floors and walls of toilet rooms and dressing rooms shall be of impervious material and the floor shall be pitched about one-eighth-inch per foot to properly located floor drains in good working order. Such rooms shall be provided and maintained with adequate lighting and good ventilation.

(i) Employee toilet and dressing rooms shall be separated from other areas of the establishment by walls extending from the floor to the ceiling and shall be constructed in accordance with this article.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-98. Water supply.

(a) The water supply of each rendering business shall be from a public water supply; or shall be from a private source complying with the requirements of the Safe Drinking Water Act, with the exceptions as provided in subsection (b).

(b) There shall be no physical connection between the rendering business' water supply and any unsafe or questionable supply. The use of water from any such unsafe or questionable supply shall be permitted only for limited purposes such as fire control or condensers. In all cases supply lines for unsafe or questionable water shall be clearly identified.

(c) Hot and cold water shall be conveniently accessible to all parts of the establishment. Such water shall be under ample pressure and shall be available through such outlets and in such quantities as may be necessary to meet effectively the needs of the establishment at all times.

(d) The hot water system shall have sufficient capacity to furnish ample water with a temperature of at least 180°F during all periods of processing and clean-up operations.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-99. Plumbing and related facilities.

(a) The plumbing system in each rendering business shall be installed in compliance with this Code.

(b) All outlets and connections to fixtures and equipment shall be so installed as to prevent backflow into the water-distribution system.

(c) Plant sewer lines shall be separate from toilet sewer lines to a point outside the building.

(d) Where necessary to prevent discharge into the sewage collection system of solid wastes likely to clog the system, the liquid wastes containing such solid materials shall be passed through a separator or indirect waste receptor which shall effectively retain such solids prior to discharge into the sewage collection system.

(e) All overhead drain lines and piping shall be so located and installed or so protected that leakage and condensation therefrom will not drip upon employees, processing equipment, utensils, finished product, or floors in working areas.

(f) Drinking water facilities of a sanitary type shall be provided and maintained in good working order in the establishment and shall be so located as to be convenient for use by employees.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-100. Disposal of wastes.

(a) All wastes shall be handled and disposed of in a manner which will prevent contamination of the water supply, processing equipment, packaging materials, containers, and finished products.

(b) All liquid wastes shall receive such treatment as may be required by the state department of state health services and shall be disposed of in a manner approved and permitted by the state commission on environmental quality.

(c) Containers shall be used for the collection and holding of solid wastes and shall be kept covered or otherwise protected at all times so that such wastes shall not be accessible to flies, rodents, other vermin or otherwise create a nuisance.

(d) Solid wastes shall be disposed of daily by burial. Such burial shall be in accordance with sanitary landfill operations as prescribed by the state commission on environmental quality.

(e) No material for rendering, waste product, offal, polluting material, tallow, spent chemical, liquids, or other wastes of any kind shall be stored, deposited or disposed of in any manner as may cause pollution of the surrounding land.

(f) Drinking water facilities of a sanitary type shall be provided and maintained in good working order in the establishment and shall be so located as to be convenient for use by employees.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-101. Ventilation.

(a) An adequate ventilation system shall be provided and maintained in good working order in a rendering establishment to collect odors, condensates and vapors.

(b) The ventilation collecting system described in this section, shall discharge the collected odors into a treatment system which; will remove odorous matter sufficiently to meet the requirements of this article.

(c) Employee toilet rooms and dressing rooms shall be adequately vented to the outside air. If such venting be provided by a window, the window shall be provided with a tight fitting screen of not less than sixteen (16) meshes to the square inch.

(d) Space heaters, gas stoves and water heaters shall be vented in accordance with this Code.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-102. Control of odors.

(a) Rendering cooker odors shall not be released or emitted into the atmosphere in concentration which will cause a nuisance, as defined in section 13-90.

(b) All rendering cooker odors shall be collected whereby the odors are collected and passed through scrubbers or condensers; condensibles so removed by the scrubbers or condensers shall be disposed of into a sanitary sewer in accordance with this Code; the non-condensibles discharged from such scrubbers or condensers shall be collected and discharged to direct flame incineration.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-103. Equipment and utensils.

(a) Equipment and utensils in rendering businesses shall be constructed of impervious materials, so designed and fabricated as to facilitate cleaning, so located or placed as to be readily accessible for cleaning, and shall be kept clean and in good repair.

(b) Equipment utilized in handling and processing of materials for rendering shall not be used in connection with finished products or in the finished products room or area.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-104. Cleanliness of personnel.

(a) Persons who engage in rendering businesses shall, while thus engaged, wear washable outer garments such as uniforms, coats, aprons, or coveralls, and shall wear caps or other washable head covering. If gloves are worn, they shall be of easily cleanable material. When such persons change their activity within a rendering establishment from one operation to another, suitable change of garments and personal clean-up shall be made so as to prevent contamination of finished products.

(b) Persons who engage in rendering businesses shall begin each day's work with clean clothing. Suitable receptacles shall be provided to receive soiled clothing. Such clothing shall not be reworn before being laundered.
(Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

Sec. 13-105. Operating procedures.

(a) Operating procedures of rendering establishments shall be such as to produce finished products which are protected from cross contamination by materials for rendering entering such establishments.

(b) All material for rendering received on the rendering business premises shall be placed in the materials for rendering storage room immediately upon receipt. All materials for

rendering shall be received into, unloaded and/or stored in a closed room or area immediately upon arrival at the rendering establishment.

(c) All materials for rendering received by the rendering business shall be rendered within twenty-four (24) hours of receipt; provided that; dry or other non-odorous material may be stored within the materials for rendering storage room for a period not to exceed forty-eight (48) hours, if so stored as to prevent a nuisance and/or development of a malodorous condition.

(d) Collection vehicles used within the rendering business shall be washed and sanitized at least once in each 24-hour period.

(e) Adult flies shall be controlled, and places conducive to fly breeding and/or fly development shall be eliminated.

(f) All metal drums or reusable containers utilized in the collection of materials for rendering shall be thoroughly washed, scrubbed and sanitized immediately upon emptying. All cleaned and sanitized containers shall be stored inside. (Ord. No. 2008-05-15-0402, § 1(Att. I), 5-15-08)

ARTICLE I. INTRODUCTION

Sec. 14-1. Definitions.

As used in this chapter, the following terms shall have the meanings shown:

Biodegradable shall mean a substance capable of breaking down into its small constituent parts when the degradation is the result of naturally-occurring micro-organisms such as bacteria, fungi, and algae.

Brush shall include tree branches, woody vines, shrubs, and other herbaceous and woody plants less than six (6) feet in length, excluding posts, boards, lumber or their fragments. Stumps, roots, or shrubs with root balls, loose or containerized leaves and grass clippings are unacceptable for brush collection. Brush does not include any material generated at a location other than the residence from which it is collected.

Bulky waste shall include only municipal solid wastes in the forms of irregularly sized items that do not readily fit into refuse containers, which include but are not limited to, large appliances (e.g. refrigerators, water heaters, washers, and dryers), toilets and furniture, also small and medium-sized appliances, and other domestic wastes and discards which are commonly regarded by the regulated community as large non-putrescible municipal solid waste items. Bulky waste does not include household hazardous waste, hazardous or special wastes, construction and demolition waste, vehicle parts, commercial tires, brush, electronics, or products containing glass which may break during collection. Bulky waste does not include waste generated at a location other than the residence from which it is collected.

Bulky waste collection center shall mean a citizen collection station that allows drop off of bulky waste such as furniture, appliances, toys, water heaters, etc. The facility may consist of one or more storage containers to collect material that will then be transported to the landfill or recycle facility for disposal. Site operational procedures and types of MSW accepted are detailed in this chapter.

Business customer shall mean a person that produces business waste that the city has agreed to collect.

Business municipal waste shall mean garbage and recycling MSW similar, in both content and volume, to that generated at a residence.

Business services shall mean collection of business waste (brush, bulky and special bagged leaf collection not included) from business customers, provided by the city, and is limited to a maximum of five (5) container sets for each business receiving these services. Refuse and recycling collection service at such location must be feasible and within existing collection routes.

Central Business District (CBD) shall mean all streets and portions of streets within the area bounded as follows: Beginning at the interchange between Cesar Chavez Boulevard (formerly Durango Boulevard) and I-H 35 Expressway; thence northward and eastward along I-H 35 Expressway to I-H 37 Expressway; thence southward on I-H 37 Expressway to Cesar Chavez Boulevard, thence west on Cesar Chavez Boulevard to I-H 35 Expressway, the point of beginning.

City shall mean the City of San Antonio.

Collection shall mean the act of removing solid waste (or recycling materials) that have been placed for the purpose of collection, and transportation to a permitted solid waste disposal or processing facility.

Collection assistance service shall mean a collection service provided to a customer residence wherein there is no able-bodied person capable of setting out refuse, recyclables, or organics at the public right-of-way. The director will set eligibility requirements for this service.

Collection contractor shall mean a private company that provides collection services on behalf of the city.

Collection system shall mean the collection and transportation of garbage, organics or recycling in a specially designed truck affixed with a mechanical arm assembly. Service is provided in the form of either automated (one-person crew) or semi-automated method (multiple-

person crew). This system utilizes specially designed containers issued by the city. Automated service is also known as mechanized collection.

Commercial refuse shall include any solid wastes generated as a by-product of any commercial operation but shall not include swills, slops, toxic or corrosive materials, manure, or any other material found harmful to personnel or equipment as determined by the director or his designee. Commercial refuse shall also include MSW that was not generated at the city customers CPS account address and non-residential MSW (MSW that is generated from a business) that may be collected from businesses such as law offices, community centers and pools.

Compostable shall mean a substance that is biodegradable and capable of breaking down without leaving a chemical trace or residue. It should decompose into humus, which provides valuable nutrients to the soil.

Composting shall mean the controlled biological decomposition of organic solid waste.

Container shall mean a specially-designed wheeled container designed for use in the city's collection system. Containers for garbage are provided in three (3) sizes: small, standard (medium) and large. Containers for recycling and organics are available in two (2) sizes: small and large.

Contaminants shall mean materials placed in recycling or organics containers other than those listed as acceptable in the respective program.

Contaminated pile shall include any pile of brush or bulky items containing material not provided for (or specifically prohibited) in its respective definition. It includes piles in which the contaminating materials are commingled with, or placed on top of, the pile, or if such items are placed so close to the pile or in such large amounts that the items cannot reasonably be removed from the pile.

Corporation shall include nonprofit corporations, professional associations created pursuant to statute, and joint stock companies.

CPS shall mean CPS Energy or its successor and predecessor. CPS Energy is the billing agent for city solid waste fees. CPS Energy electric meter accounts shall serve as a basis for residential service eligibility.

Dead animal collection service shall mean the collection of dead animals, not including livestock, listed species, or rodents.

Dead animal collector shall be a collection employee who is operating a dead animal collection truck and whose chief duty it is to make dead animal collections in places other than the point of collection.

Deface shall mean and apply to writing, carving or scratching on the varnish or paint or plaster of any public refuse or recycling containers, or staining such containers with paint, or any other article which will produce a discoloration of the painting or plaster on them.

Demolition material shall mean sheetrock, plaster, lumber, insulation, roofing materials, and other materials generated from remodeling or demolition.

Department shall mean the solid waste management department or its successor.

Detachable containers shall mean waste containers such as dumpsters and roll-off containers as often used by commercial waste collectors.

Director shall mean the director of the solid waste management department or his successor or predecessor. The director may designate fully authorized representatives to act on his behalf.

Disposal shall mean the discharge, deposit, dumping, spilling, leaking, or placing of any solid or liquid waste (whether containerized or non-containerized) into or on any land.

Downsize shall mean a customer request for a smaller size container. Customers may downsize at no charge.

Drop-off event shall mean an event sponsored by the city allowing eligible users to drop-off residential MSW materials for disposal or recycling.

Earth and construction materials shall mean earth, rocks, concrete and similar materials and

waste materials resulting from construction or remodeling by a building contractor or materials from an unimproved lot.

EPA shall mean the U.S. Environmental Protection Agency.

Food scraps shall mean food substances that remain from meal preparation and cooking as well as leftovers and spoiled food from the refrigerator. Food scraps include all fruits and vegetables, breads, cereal, dairy products (solids only, no liquids), table scraps, coffee grounds and filters, and tea bags. Food scraps do not include entire carcasses from hunting or meal preparation.

Food-soiled paper shall mean paper or cardboard products that have become soiled by food residue. Food-soiled paper includes used paper towels and napkins, used paper cups and plates, paper take-out containers and cups, greasy pizza boxes, and coffee filters.

Garbage. See "Refuse."

Hazardous waste shall mean any liquid or solid waste identified or listed as a hazardous waste by the administrator of the U.S. Environmental Protection Agency (EPA) pursuant to the federal Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act of 1976.

Hospital related waste (see special waste) shall mean waste that is generated by a medical facility such as a hospital, medical office, dentist's office, medical laboratory, veterinarian's office, medical clinic, medical weight-loss clinic, mortuary, or other similar facility where needles, syringes, scalpels, or other sharp tools are commonly used and where human blood, fluids, or tissues have been in contact with the waste or are a portion of the waste. Such wastes may or may not be infectious waste.

Household hazardous wastes shall mean any MSW in quantities and packaging intended for use by households that is toxic, corrosive, flammable and/or considered dangerous and shall include but not be limited to bleaches, herbicides, pesticides, drain cleaners, paint thinners and solvents.

Industrial solid waste shall mean waste determined to be of industrial origin and classified by the Texas Commission on Environmental Quality as Class I, Class II, or Class III.

Infectious waste (see special waste) shall mean waste containing pathogens or biologically active material, which because of its type, concentration, and quantity, is capable of transmitting disease to persons exposed to the waste. This waste must be handled and processed according to TDSHS regulations before disposal.

Injure shall mean and include any and all character of physical damage, whether caused by fire or force, and which shall be done or caused willfully by any person.

Land clearing shall mean removal of organic matter or appurtances from vacant, improved, or unimproved lots or tracts of land.

Lot shall have its ordinary meaning but shall also include, in addition to the land within its boundaries, all land adjacent to and extending beyond the property line to the curb line of adjacent streets, and where no curb exists, to the existing street surface. The word lot shall also include all land lying between the property line of any lot and the center of adjacent alleys.

Manual collection system shall mean the collection and transportation of garbage or recycling by means of a system that requires a person to manually lift and load the material into the collection vehicle.

Mechanized collection system shall mean the collection of brush and bulky materials using trucks equipped with a boom to collect brush and bulky waste and trucks equipped with a mechanical arm to grasp, lift and empty garbage, recycling and organics containers. Mechanized collection trucks only require a one-person crew. Mechanized collection is the standard methodology used.

Mulch shall mean the organic product resulting from chipping of wood and woody materials.

Multi-family residential property means three (3) or more dwellings, typically rented and not owner-occupied where multiple families live. Certain aspects may be shared, including parking, outdoor space and mail delivery points.

Multi-family residential property may include apartments, condominiums, and townhouses. If solid waste collection services are also shared for these properties, container service from the city is not feasible for such developments and is only provided to limited multi-family residential properties meeting the conditions at section 14-43(b)(1) of this chapter.

Municipal solid waste (MSW) shall mean solid waste resulting from or incidental to municipal, community, commercial, institutional, and recreational activities, including garbage, rubbish, ashes, street cleanings, dead animals, and all other solid waste other than industrial or hazardous solid waste.

Non-compostable materials shall mean materials not capable of undergoing biological decomposition through composting and materials that do decompose under biological conditions, but leave behind residues such as metals or toxins. Non-compostable materials include but are not limited to aluminum foil, appliance, ceramics, clothing, cooking grease or oil, construction and demolition materials, disposable mop sheets, glass, household hazardous waste, liquids, rocks, scrap metal, and Styrofoam®.

Non-traditional residential property refers to single-family dwellings, typically owner-occupied property located within a medium to high density development typically comprised of small lots where access to a public street is limited. Typically the ownership of the land below the dwelling and the dwelling itself is the same. These properties are also referred to as an infill development zone. Non-traditional residential property also includes multifamily dwellings with four (4) or fewer units such as a duplex, triplex or quadplex. Non-traditional residential properties with four (4) or fewer dwellings that abut a city street and have enough space at the street for the city's mechanized collection service are provided city collection services. Non-traditional residential properties with five (5) or more units may be eligible for city services by exception if the city determines that site design meets the requirements for mechanized collection service.

Organic material recycling shall mean the collection, separation, recovery, and sale or reuse of organic materials from other recyclables and refuse for curbside collection in the green container that would otherwise be disposed or processed as municipal waste.

Organics shall mean materials used as feedstock for manufacturing compost, such as leaves, grass, shrubs and tree trimmings, certain food scraps and food-soiled paper.

Other organic material shall mean other organic materials accepted in the green container such as shredded paper, sawdust, dryer lint, cotton balls, toothpicks, and wooden Popsicle sticks.

Owner as used herein shall include, but not limited to, any equitable owner, any person having a possessory right to the land or building or the person occupying it, any part owner, joint owner, tenant in common, tenant in partnership, joint tenant or tenant by the entirety.

Parcel shall mean any tract of land that has not been subdivided into lots, but shall also include, in addition to the land within its boundaries, all land adjacent to and extending beyond the property line to the curb line of adjacent streets, and, where no curb exists, to the surface of an adjacent public street or road. The word parcel shall also include all land lying between the property line and the center of any adjacent alley.

Pay as you throw shall mean a system wherein fees are assessed in proportion with the amount of waste generated at each residence. Fees are based on the size of the garbage (brown) container selected by the customer and provided to each customer (ratepayer) by the city.

Person shall mean an individual, corporation (including a government corporation) organization, governmental subdivision or agency, federal agency, state, political subdivision of a state, interstate agency or body, business or business trust, partnership, association, firm, company, joint stock company, commission, or any other legal entity.

Point of collection shall be a convenient location at or in the public right-of-way accessible to collection trucks or equipment from a passable

roadway adjacent to each residence. The point of collection for brush and bulky waste is at the curb or edge of pavement.

Private street shall mean a non-publicly owned street, road, or driveway. City-provided services may be conditionally provided on private streets.

Prohibited waste shall mean any waste prohibited from landfill disposal by the EPA, the city, TCEQ, or landfill-operating permit. Prohibited wastes also include wastes that may be injurious to collectors or may cause damage to collection vehicles.

Public street shall mean a publicly owned street, roadway, or alley from which solid waste services are provided.

Public right-of-way shall mean a municipally owned street, roadway, or alley dedicated for public use.

Public trash container shall mean and include all approved waste containers or containers designed for public use and placed on the streets and sidewalks by the city or by anyone else under the direction of the city.

Putrescible waste shall mean solid wastes which are capable of being decomposed by microorganisms with sufficient rapidity as to cause nuisances from odors or gases and capable of providing food for, or attracting, birds and disease vectors.

Recyclable materials shall mean those solid wastes that are separated for recycling or reuse such as newspaper, mixed office paper, corrugated cardboard, kraft paper, container glass, aluminum and tin cans, magazines, steel aerosol cans, and plastic bottles and containers.

Recycling shall mean the collection, separation, recovery, and sale or reuse of metals, glass, paper, plastics, and other materials that would otherwise be disposed or processed as municipal waste.

Recycling drop-off center shall mean an area where an individual may deposit recyclable materials and where recyclables may be sorted.

Refuse shall mean garbage and/or municipal solid waste generated at a residence or business. Refuse does not include recycling commodities intended to be placed in recycling containers, industrial waste, hazardous waste or any other prohibited waste.

Residential customer shall mean a person living in a residential dwelling with four (4) units or less that produces residential waste that the city collects.

Rubbish shall mean non-putrescible solid waste, excluding ashes, consisting of both combustible and noncombustible waste materials; combustible rubbish includes paper, rags, cartons, wood, excelsior, furniture, rubber, plastics, yard trimmings, leaves, and similar materials, unless placed on property pursuant to and in compliance with other ordinances or regulations of the city; noncombustible rubbish includes glass, crockery, tin cans, aluminum cans, metal furniture, and like materials which will not burn.

Scavenging shall mean an unauthorized partial or total removal of contents of trash or recycling containers or any other item set out by a resident with the intent of collection by the city.

Solid wastes shall mean any refuse, rubbish, earth or construction materials, white goods, recyclable materials, sludge from a waste water treatment plant, water supply treatment plant or air pollution control facility, organic material, and other discarded material, including solid, liquid, semisolid, or contained gaseous material resulting from municipal, commercial, and agricultural operations, and from community and institutional activities (changes in state and federal regulations may change these definitions) but does not include:

(1) Solid or dissolved material in domestic sewage or solid or dissolved materials in irrigation return flows or industrial discharges subject to regulation.

(2) Soil, dirt, rock, sand, and other natural or manmade inert solid materials used to fill land if the object of the fill is to make the land suitable for the construction of surface improvements.

(3) Waste materials that result from activities associated with the exploration,

development, or production of oil or gas and are subject to control by the Railroad Commission of Texas.

(4) Special wastes as defined by this chapter.

(5) Hazardous wastes.

Special waste shall mean any liquid, semi-liquid, solid waste or combination of solid wastes that because of its quantity, concentration, physical or chemical characteristics or biological properties, require special handling and disposal to protect the human health or the environment. Special wastes include, but are not limited to:

(1) Household hazardous waste.

(2) Infectious and hospital related wastes.

(3) Municipal water and wastewater treatment plant sludges.

(4) Grease and grit trap wastes.

(5) Slaughterhouse wastes.

(6) Dead animals.

(7) Drugs, contaminated foods, or drink products, other than those contained in normal household waste.

(8) Pesticide (insecticide, herbicide, fungicide, or rodenticide) containers.

(9) Asbestos or materials containing asbestos.

(10) Contaminated soil.

(11) Tires.

Special wastes may need pretreatment before they are disposed of.

Storm damage shall primarily refer to organic materials generated as a result of forces of nature. In circumstances determined by the city, storm damage may also include building materials, roofing, furniture, and other bulky residential items.

Tarp shall mean a solid or semi-solid cover placed and secured over open-topped vehicles and/or trailers to secure the contents and to prevent their dispersal from the vehicle or trailer.

TCEQ shall mean Texas Commission on Environmental Quality and its successor and predecessor agencies.

TDSHS shall mean Texas Department of State Health Services and its successor and predecessor agencies.

Transfer station shall mean a fixed facility used for transferring solid waste from collection vehicles to long haul vehicles.

TxDOT shall mean the Texas Department of Transportation and its successor and predecessor agencies.

Upsize shall mean exchanging the container currently in possession of a customer for a larger size container. The upsize request must be made by the customer. A one-time upsize fee associated with the pay as you throw system will be assessed beginning with the second request to upsize the garbage cart. The monthly fees corresponding with the size of the garbage container will be assessed.

Vacuum truck shall refer to any vehicles which transport liquid and semisolid wastes to a solid waste disposal or processing site.

Valet collection shall refer to the process by which a person, firm, corporation, partnership or other entity collects recyclable material from tenants at a multi-family property and takes the recycling to a centralized location on the same multi-family property.

Vehicle shall mean any device used to transport solid wastes and include, but are not limited to cars, pickups, vans, dumps trucks, trailers, roll-off containers, tractor trailers, rear and side loading packer trucks.

Weeds shall mean all uncultivated vegetable growth or plant matter that has grown to more than twelve (12) inches in height, other than trees.

White goods shall include household appliances.

Yard trimmings shall mean grass, weeds, leaves, tree trimmings, plants, shrubbery prunings, and such other similar materials which are generated in the maintenance of yards, gardens, or commercial landscaping in the city and which

are separated from other solid waste materials and placed in a designated container for collection.

ARTICLE II. RESIDENTIAL SERVICES PROVIDED FOR BY THE CITY*

Sec. 14-10. Procedures for garbage, recycling, and organics collection service.

(a) *Containers.*

(1) *Types to use.* It shall be the duty of the owner, manager, tenant, or occupant of any dwelling, building, or premises to place household refuse, recycling, and organics in authorized containers for collection by city trucks in the manner prescribed below. Residents serviced by the city's collection system shall be provided reusable, wheeled containers. Use of these containers is mandatory. Only city-provided containers will be serviced. Ownership of these containers belongs to the city. All materials placed out for collection must be within the container. No materials set outside or alongside the container will be collected.

(2) *Weight limitations.* It shall be the duty of the owner, tenant or occupant of any dwelling, building or premises to ensure that the total weight of any container

*__Editor's note—__Ord. No. 2015-09-10-0760, § 1, adopted September 10, 2015, amended article II in its entirety to read as herein set out. Formerly, article II pertained to similar subject matter, and derived from Ord. No. 2010-11-04-0955, § 1(Att. I), adopted November 4, 2010, and Ord. No. 2013-01-31-0079, § 1, adopted January 21, 2013.

[This page intentionally left blank.]

and contents does not exceed the maximum weight limitation imprinted on the container.

(3) *Number and size of containers.* It shall be the duty of the owner, manager, tenant, or occupant of any dwelling, building, or premises to provide for a sufficient number of containers of adequate capacity to contain the solid waste, recyclables, or organic materials generated at such dwelling, building, or premises from one pickup time to the next pickup time.

a. *City-provided collection.* CPS energy electric meter accounts shall be the basis for provision of city-provided containers. Each such residential account shall be provided one container for each service type.

b. *Convenience.* Containers (small size) may be substituted for low-volume generators or locations with storage space constraints.

c. *Additional containers.* Large volume generators and locations wherein the electric meter account does not accurately reflect the residences (e.g., master meters) may be provided additional containers. Current garbage containers must be of large size before additional containers may be added. An additional monthly fee will be assessed for each additional garbage container in accordance with the garbage container size.

d. Residents may select a small, standard (medium) or large container for garbage. Monthly fees will be assessed in accordance with the garbage container size.

1. *Container default size.* If a residential customer lives at an address that has been previously serviced by the department, the customer's address will default to the previous occupant's garbage container size. Residents are required to contact the department to request a different container size, if desired. New customers not previously serviced by the department that do not provide notification of their desired level of service will default to the standard (medium) sized garbage container.

2. *Changing container size.* Residents may switch from a smaller to larger size garbage container. The customer is not assessed a fee for the first request to switch from a smaller to a larger garbage container but will be assessed a fee for every subsequent request for a larger garbage container. Residents may switch from a larger size to a smaller size at any time without incurring additional fees. Any exemption must be approved by the director or his designee.

3. *Convenience.* Containers (small size) may be substituted for low-volume generators of recycling or organics or locations with storage space constraints.

4. *Additional containers.* The procedure outlined at subsection (3)c. above applies.

5. *New move-ins.* When a new residential customer occupies an existing home, the existing size garbage container and applicable fees apply to the new residential customer until such residential customer requests a change of container size.

e. *Multiple units.* Owners of multiple units on a master meter must select one size and the same size of container for garbage, recycling and

organics collection for their property. Any exemption must be approved by the director or his designee.

(4) *Placement and removal of containers.* It shall be the duty of the owner, manager, tenant, or occupant of any dwelling, building, or premises, or the proprietor or manager of any place of business, either in person or by his agent, or employee to place, or cause to be placed, such containers at a place accessible to the collection truck, as may be designated by the director or his designee. Containers shall not block sidewalks or be placed within three (3) feet of a mailbox, parked car, or other fixed object and shall be clear of low hanging limbs and utility lines. Containers shall not be placed within three (3) feet of other collection containers. All containers must be placed and removed from the curbside in compliance with those specifications listed in subsections (c) and (d).

a. The standard location for container placement on public streets shall be at the base of the curb (where curbs exist) with wheels against the curb.

b. Where placement at the standard location is not possible or feasible, alternate locations shall be used:

1. Streets without curbs shall be at the edge of pavement.
2. High traffic streets shall be in the parkway at the top of the curb.
3. Driveway apron may also be used in certain restricted locations.
4. Alleys shall be on a pad specifically constructed for containers or where no pad exits, on a level surface.

c. Customers receiving collection at the street are required to maintain improvements, trees, and other vegetation in such a way as to:

1. Provide a minimum overhead clearance of fourteen (14) feet high.
2. Not extend out in to the roadway in a manner that impedes upon the safe and efficient collection of solid waste.

(5) *Sanitation and maintenance of containers.*

a. It shall be the duty of the owner, manager, tenant, or occupant of any dwelling, building, or premises to keep all reusable containers and the location in which they are placed in a clean condition and free of fly and other insect breeding.

b. When re-usable or disposable containers are placed at a common pickup location in multifamily living units, it shall be the responsibility of the owner or manager to maintain the containers and area in a sanitary condition.

c. It shall be the duty of the city to repair or replace damaged city-owned containers. Where it is determined that the resident is at fault for damage or abuse, resident may be subject to the fees in subsection 14-30(a).

(b) *Time for collection.*

(1) It shall be the duty of the owner, manager, tenant or occupant of any dwelling, building or premises to place all containers at the designated point of collection no earlier than 6:00 p.m. of the day preceding scheduled collection. Containers not set out in non-CBD areas by 7:00 a.m. on the day of collection or not at the point of collection when the collection crew passes may not be serviced until the next regularly scheduled collection.

(2) It shall be the duty of the owner, manager, tenant, or occupant of any dwelling, building or premises to remove all containers from the collection point by 10:00 p.m. on the same day as the collection except where such containers may be stored in alleys designated for collection. Contain-

ers not removed shall be declared a public nuisance and may be removed by the city.

(c) *Collection in alleys.*

(1) Alley collection containers shall be limited to residents receiving alley collection service on and before October 1, 2010. Alleys constructed after October 1, 2010 may be serviced if the following conditions are met:

a. At least fifty (50) percent of customers to be serviced in the alley request through petition to receive alley collection service.

b. Alley surface must be asphalt or concrete, smooth, and have a pavement condition index (PCI) of one hundred (100) percent. PCI refers to the physical condition of a roadway; measurement is based on numeric values ranging from zero (0) (poorest condition) to one hundred (100) (new or excellent pavement).

c. Vegetation must be trimmed and clear of alleyway.

d. Alley must not have obstacles or debris stockpiles.

e. Must have clearance of fifteen (15) feet wide and fourteen (14) feet high.

f. Must have clear path through the entire alley.

g. Director or his designee must confirm that such alley satisfies the criteria.

(2) No other collections shall be performed in the alley, including brush collection, bulky collection, or special collections. Placement of any materials in the alley that are not authorized for collection from the alley is a violation of this chapter and may result in fines or penalties.

(3) It shall be the duty of owners, tenants or occupants of the abutting properties to keep the alleyway clear of obstructions including intruding or overhanging brush and tree limbs.

(4) There must be clearance of at least fifteen (15) feet wide by fourteen (14) feet high and be free of debris for refuse/recycling collection vehicles to pass through the alley. This shall be the responsibility of owners, tenants, or occupants.

(5) Temporarily closed. Alleys may be temporarily closed for construction activity (surface repair, utility repairs, or improvements), debris stockpiles, or overgrown vegetation preventing collection.

a. In the event when an alley is impassible due to debris stockpiles or overgrown vegetation, customers of the abutting property will be notified by the city to take action in maintaining vegetation.

b. Failure to comply with the department's request for customer action may result in the alley being temporarily closed for collection of refuse and recycling containers. Residents shall be notified that the alley is temporarily closed and that refuse and recycling containers shall be placed at the street side for collection until further notice by the department. Once the temporarily closure is lifted, the department shall notify customers to resume placing refuse and recycling containers in the alley for collection.

c. Alleys that are temporarily closed for greater than one (1) year due to customer non-compliance may be permanently closed.

(6) Permanently closed. Alleys with refuse, organics or recycling collection may be permanently closed if one (1) or more of the conditions are met:

a. Unsafe road conditions, obstacles, or any condition that is unsafe for city collection crews.

b. Illegal dumping that blocks access or a path for collection crews.

c. Formal petition by owners or residents, or whomever pays for the service, in which fifty (50) percent of the persons abutting the alley in any given block request that collection service be discontinued.

d. Alleys that are temporarily closed for greater than one (1) year due to customer non-compliance.

(7) Reopening a permanently closed alley. An alley may be re-opened for refuse and recycling collection if the following conditions are met:

a. At least fifty (50) percent of customers serviced in the alley request through petition to have the alley reopened.

b. Alley surface must be asphalt or concrete, smooth, and have a pavement condition index of at least eighty-five (85) percent.

c. Vegetation must be trimmed and clear of alleyway.

d. Alley must not have obstacles or debris stockpiles.

e. Minimum clearance of fifteen (15) feet wide and fourteen (14) feet high.

f. Must have clear path through the entire alley.

g. Director or his designee must approve alley collection service.

(Ord. No. 2015-09-10-0760, § 1, 9-10-15; Ord. No. 2018-09-13-0713, § 1(Att. G.2), 9-13-18)

Sec. 14-11. Residential refuse collection.

(a) *Acceptable materials.*

(1) Household refuse shall be placed in containers designated by the city.

(2) The designated color for refuse containers is brown.

(3) To maintain container sanitary and to prevent windblown litter, all material placed in refuse containers shall be contained in sealed bags.

(b) *Reserved.*

(Ord. No. 2015-09-10-0760, § 1, 9-10-15)

Sec. 14-12. Residential recycling collection.

(a) *Acceptable materials.*

(1) Residents are provided a blue recycling container in which to place specified items defined as recyclable materials. Residents participating in the recycling program receive once-per-week collection of recyclable materials. Specific collection days are designated by the director each week.

(2) Acceptable recyclable materials shall be designated by the city, and include:

a. Newspaper.

b. Mixed office paper.

c. Magazines.

d. Corrugated cardboard.

e. Kraft paper.

f. Aluminum and tin cans.

g. Steel aerosol cans.

h. Plastic bottles, tops and containers.

i. Single-use plastic bags bundled (soccer ball-size bundle).

(3) Recyclable jars, bottles and other food containers should be rinsed and free of contaminants.

(4) Recyclables shall be placed in the container loosely and not bagged.

(5) At the discretion of the director or his designee, department staff may inspect recycling containers. A recycling container shall not be collected if one (1) or more of the following conditions occur:

a. Contamination of the recycling container by depositing non-recyclable

solid waste, in the recycling container, including but not limited to the following:

1. Refuse.
2. Appliances.
3. Clothes.
4. Dead animals.
5. Garden hoses.
6. Toys.
7. Diapers.
8. Grass clippings.
9. Bagged leaves.
10. Household hazardous waste.

b. Reserved.

(6) If a recycling container is not serviced due to the conditions detailed in subsection (b) the department shall notify the resident to which the recycling container is assigned in writing when and for what reason the recycling container was not serviced. Customers receiving notification of no service shall have the option of removing the contaminated material from the cart and placing the cart out for collection on the next recycling collection day. Repeated violations may result in a non-compliance contamination fee to process the contaminated cart and be subject to the measures outlined at subsection (b) below.

(b) *Non-participation in city recycling program / compliance attainment.* Residents not participating in the city recycling program will receive once-per-week collection of refuse. Non-participants include the following:

(1) Residents electing not to participate in the city recycling program; these units do not receive a recycling container.

(2) Residents that have been removed from the city recycling program. Reasons for removal from the program include, but are not limited to repeated occurrences of contamination of the recycling container as described in subsection (a)(5). Residents removed from the city recycling program shall be notified in writing by the department when the recycling container is removed. Such residents may be issued an additional brown cart and will be assessed additional monthly fees for a minimum of six (6) months.

(c) *Containers.* Residential recycling containers shall be used, distributed, maintained, and collected following the requirements established in subsection 14-10(a).

(d) *Time for collection.* Residential recycling containers shall be placed at and removed from the designated points of collection following the requirements established in subsection 14-10(b).

(e) *Collection in alleys.* Residential recycling collection service shall be consistent with the requirements established in subsection 14-10(c).

(f) *Additional recycling containers.* Materials placed in recycling containers must only be the recyclable items as described above. Residents requesting additional recycling containers must demonstrate that they use existing containers properly before additional containers will be provided.

(Ord. No. 2015-09-10-0760, § 1, 9-10-15; Ord. No. 2018-03-29-0204, § 1, 3-29-18)

Sec. 14-13. Residential brush collection.

(a) *Time for brush collection.* Brush collection will take place two (2) times annually by regularly scheduled and approximately evenly spaced cycles as determined by the city. Requests for brush collection service other than during the regularly scheduled cycles shall be considered "out of cycle brush and bulky item collection" services as established in section 14-14.

(b) *Brush collection schedule.* Residential customers receiving refuse, organics and recycling services from the city will be notified of the brush collection schedule. It shall be the duty of any person to place items for collection only after city notification. It shall be unlawful to place any such items at or near curbside at any time that is outside the time frame noted in the collection schedule.

(Ord. No. 2015-09-10-0760, § 1, 9-10-15)

Sec. 14-14. Residential bulky waste collection.

(a) *Time for bulky item waste collection.* Bulky waste collection will take place twice annually by regularly scheduled and approximately evenly spaced cycles as determined by the city. Requests for bulky item waste collection service other than during the regularly scheduled cycles shall be considered "out of cycle brush and bulky item collection" services as established in section 14-14.

(b) *Bulky item waste collection schedule.* Residential customers receiving collection services from the city shall be notified of the bulky item waste collection schedule. It shall be the duty of any person to place items for collection only after city notification. It shall be unlawful to place any such items at or near curbside at any time that is outside the time frame noted in the collection schedule.

(c) *Volume limit for bulky item waste collection.* Bulky item waste collection shall not exceed eight (8) cubic yards. If material exceeds the eight (8) cubic yard maximum volume limit, material will not be collected.
(Ord. No. 2015-09-10-0760, § 1, 9-10-15)

Sec. 14-15. Out of cycle brush and bulky item waste collection.

(a) Out of cycle brush and/or bulky item collection. A person may arrange for brush and/or bulky item collection at any time. These special collections occur out of the scheduled brush and bulky item collection cycles and will be collected at the person's cost. The person may either arrange for collection through a private commercial hauler or request an out-of-cycle service collection according to the schedule of fees set out in section 14-30.

(b) It shall be the duty of the person making the request to ensure that items are placed on or near curbs in accordance with subsections 14-14(a) and (b). Failure to comply shall be deemed a public nuisance.
(Ord. No. 2015-09-10-0760, § 1, 9-10-15)

Sec. 14-16. Brush or bulky item waste set-out and collection.

(a) *[Duties.]* It shall be the duty of the owner, manager, tenant or occupant of any dwelling, building, or premises to:

(1) Place only acceptable, non-commingled, non-contaminated, brush or bulky item waste out for collection at the curb.

(2) Place acceptable, non-commingled, non-contaminated brush or bulky items in a safe and accessible location. Placement shall meet all of the following criteria:

a. Near the curb.

b. Clear of overhead obstructions.

c. Clear of utility appurtenances.

d. Clear of fences.

e. Clear of other personal property such as improvements, trees and other vegetation.

f. Only upon notification by the city.

(3) Remove the door or lids of all refrigerators, freezers, and similar airtight appliances for safety. Doors or lids shall be placed alongside said appliances.

(b) *No collection in alleys.* It shall be unlawful for any person to place brush and/or bulky items in alleys for collection.

(c) *Origin of waste.* It shall be unlawful for any person to place brush and/or bulky items that did not originate at the residence from which it is being collected curbside for collection. Furthermore, all materials placed out for collection, and any additional wastes which might accumulate on or contiguous with said piles, are considered the responsibility of the owner, manager, tenant or occupant of any dwelling, building, or premises in front of which the materials are placed.

(d) *Non-compliant piles.* It shall be considered a violation of this section if a pile meets any of the following:

(1) Contaminated (as defined in section 14-1 "definitions").

(2) Placed curbside in advance of one (1) week prior to the scheduled collection week.

(3) Left curbside more than one (1) week after the scheduled collection.

(e) *Penalties for violation.* A person found in violation of this section is subject to one (1) or more of the following:

(1) A fee according to the schedule of fees set out in subsection 14-45(a).

(2) A citation and associated penalties.

The property owner shall be primarily responsible to the city for reimbursement of any and all remediation expenses incurred by the city as a result of damage to personal or real property that may occur during any brush or bulky waste collection action (whether regularly, specially scheduled, or ordered for purposes of protecting the public health, safety, or welfare) caused by waste materials obscuring the property or impeding the city's ability to address the waste matter. Damages to property may include damage to meters, sprinkler systems, plumbing appurtenances, fencing, mailboxes, automobiles, or any other item of personal or real property. Costs may be undertaken at the discretion of the city to repair damaged property. The city should maintain the authority to determine if damaged property must be immediately repaired or replaced in order to preserve public health or safety. Tenants and other persons shall be secondarily responsible for reimbursement to the city. The same priority for reimbursement responsibility shall apply to direct fees and payment of administrative costs for extraordinary solid waste services.
(Ord. No. 2015-09-10-0760, § 1, 9-10-15)

Sec. 14-17. Residential organics material collection.

(a) *Acceptable materials.* Residents are provided a green container in which to place specific items defined as organic materials. Acceptable green container materials shall be designated by the city and include the following:

(1) Leaves;

(2) Tree trimmings (no longer than height of cart);

(3) Yard trimmings;

(4) Brush;

(5) Food scraps;

(6) Food-soiled paper and cardboard;

(7) Other organic materials may be added to the program at the discretion of the director or his designee.

(b) *Not accepted green container items.*

(1) At the discretion of the director or his designee, department staff may inspect organics recycling containers. An organics material container shall not be collected if one or more of the following conditions occur:

a. Contamination of the organics recycling container by depositing non-recyclable solid waste, including but not limited to:

1. Plastic bags or plastic containers of any kind including those labeled "compostable" or "biodegradable";

2. Diapers;

3. Dead animals;

4. Pet waste;

5. Cigarette butts or ashes;

6. Non-compostable materials;

7. Household hazardous waste.

b. Reserved.

(2) If an organics container is not serviced due to the conditions detailed in subsection (b) the department shall notify the resident to which the container is assigned in writing when and for what reason the organics container was not serviced. Residents receiving notification of no service shall have the option of removing the contaminating material from the container and placing the container out for collection on the next organics collec-

tion day. Repeated violations may result in a non-compliance contamination fee to process the contaminated cart.

(c) *Removal from organics collection.* A resident that repeatedly places unacceptable items in the organics cart may be removed from the program by the city.

(d) *Proper placement of organic materials in the green container.* Brush materials shall be placed loose in the green container or in a Kraft paper bag. Brush material must be cut into smaller pieces and not stuffed into the container. Food scraps can be wrapped in newspaper or can be placed in a paper bag. Organic materials cannot be contained in plastic bags or plastic containers of any kind including those labeled "compostable" or "biodegradable."

(e) *Containers.* Residential organic material containers shall be used, distributed, maintained, and collected following the requirements established in subsection 14-10(a).

(f) *Time for organic material collection.* Residents participating in the organics program receive once-per-week collection of organics. Specific weekly collection days are designated by the director.

(g) *[Placement and removal.]* Residential organics containers shall be placed at and removed from the designated points of collection following the requirements established in subsection 14-10(b).

(h) *Non-participation in the organic material collection program.* Residents not participating in the organic material collection program will receive once-per-week collection of refuse and are subject to the procedures outlined in section 14-10. Non-participants include the following:

(1) Residents electing not to participate in the city's organic material collection program. Such residents shall surrender their issued organics container, if any, and the city will remove it.

(2) Residents that have been removed from the city's organic material program.

Reasons for removal from the program include but are not limited to repeated occurrences of contamination of the organic material container as described in subsection (b). Residents that have been removed from the city's organics materials collection program will be notified in writing by the department when the organics container is removed.

(i) *Collection in alleys.* Residential organics collection services shall be consistent with the requirements established in subsection 14-10(c).

(j) *Additional organics containers.* Materials placed in organics containers must only be the items as described above. Residents requesting additional organics containers must demonstrate that they use existing containers properly before additional containers will be provided.
(Ord. No. 2015-09-10-0760, § 1, 9-10-15; Ord. No. 2018-03-29-0204, § 1, 3-29-18)

Sec. 14-18. Drop-off and recycling sites.

(a) *Compliance with onsite signs and site operating regulations.* It shall be the duty of any person using city solid waste drop-off, recycling, and/or processing site to follow all traffic, safety, and directional signs, site operating rules and verbal directions, or directions posted or given within any city solid waste drop-off and/or processing facility at all times. Only materials authorized for acceptance at the site are allowed. Failure to comply will constitute a violation of this chapter and may result in denial of access to these facilities.

(b) *Covered loads (tarps).* All loads of materials entering a city drop-off, recycling or processing site must be secured and covered either by the containment of the vehicle or, if an open topped vehicle, by a covering (tarp). Loaded vehicles exiting city sites must also be covered or contained. Texas state law regarding covered loads must be followed at all times by vehicles using city disposal or processing sites. It shall be the duty of the driver of the vehicle to comply with this section.

(c) *Assumption of risk.* Any person entering upon a city-operated solid waste drop-off, recycling or processing site for any purpose shall be

conclusively presumed to know and appreciate the hazards and the extent of the risk which accompanies the accumulation of scrap wood,

[This page intentionally left blank.]

glass, nails, and solid wastes of every description and the use of trucks, vehicles and heavy machinery used to move, remove, bury and dispose of solid waste. Every person entering upon any such site shall be conclusively presumed to have assumed the risk of injury or damage connected with or resulting from such hazards and danger by his or her action in entering upon such site, and for and in consideration of the permission granted by the city to enter upon such site. Upon entering a city operated solid waste disposal, recycling or processing site, every person shall be deemed to have covenanted not to sue and to indemnify, save harmless and defend the city, its agents, officers, and employees, from and against any and all claims of any nature whatsoever for injury or damage to person or property, whether real or asserted, arising out of or resulting from the entry by such person.

(d) *Identification and proof of residence.* All individuals requesting to use a city drop-off, recycling or processing site may be required to provide identification and proof of city residence. Acceptable proof includes a current CPS Energy statement reflecting assessment of solid waste or environmental fees accompanied by a valid driver's license or State of Texas ID card. Those not able to provide such proof are not eligible to use the site, however, at locations where fees are assessed, those not able to prove San Antonio residence may be required to pay the higher "commercial and non-resident" rate as set out in section 14-30.

(e) *Salvaging or scavenging.* Salvaging or scavenging items deposited at a site or from vehicles that are waiting to make deposits at a site is prohibited.

(Ord. No. 2015-09-10-0760, § 1, 9-10-15)

Sec. 14-19. Dead animal collection.

(a) *Dead animal collection general.* The city shall collect dead animals generated at customer's residences and as may be found in the city's public rights-of-way. Dead animals located on freeways are the responsibility of TxDOT.

(1) Prior to loading a dead companion animal, such as a dog or cat, into the truck for transport and disposal, the dead animal collector will visually inspect the animal for an identification tag. If a tag is visible, the collector shall determine if it can be removed in a safe, sanitary, and respectful manner. If the tag contains information that is not legible, does not contain adequate contact information, or cannot be removed in a safe, sanitary and respectful manner, then the tag does not need to be removed and no further action is required.

(2) The department will not retrieve and return a dead animal once it has been collected and placed in a collection vehicle for disposal.

(3) The city and its agents shall not be required to clean any remaining residues from the point of collection.

(b) *Dead animal collection from residences.*

(1) Disposal in refuse containers. Dead animals collected from residences must be bagged and placed in the refuse container for collection with weekly service.

(2) Animals too large to be placed in the refuse container must be bagged and placed at the point of collection.

(c) *Dead animal collection request to the city.*

(1) Residents may request collection by contacting the city's customer call center and providing the location and description of the dead animal.

(2) Dead animals will not be retrieved from underneath buildings or in attics, drainage ditches, or private property except as outlined below. Collection of dead animals other than at the point of collection shall require mutual approval from the director or his designee and the property owner, tenant, or occupant. The city and its agents shall not be held liable for any damages to private property caused by collection activity.

(Ord. No. 2015-09-10-0760, § 1, 9-10-15)

Sec. 14-20. Commercial services.

(a) City-provided business municipal solid waste. Businesses provided services by the city or city-contractors in non-CBD areas, shall be similar to and in conjunction with residential collection. It shall be the duty of the owner, manager, tenant, or occupant of any business establishment or building or the agent or employee of any such person to comply with the minimum standards set out in sections 14-10 and 14-11 as applicable, in this chapter. Fees outlined in subsection 14-30(c) apply to city-provided business solid waste collection services.

(b) Businesses receiving service from the city shall manage, classify and characterize their wastes in accordance with applicable city, state, and federal regulations. Industrial, hazardous and other regulated wastes are prohibited from collection by the city.

(c) City-provided collection services are provided for use by small quantity generators who generate MSW similar, in both content and volume, to that generated at a residence. A maximum of five (5) container sets will be provided at each business receiving this service. Refuse and recycling collection service at such location must be feasible and within existing collection routes.
(Ord. No. 2015-09-10-0760, § 1, 9-10-15)

Sec. 14-21. Bulky waste drop-off sites.

(a) *Acceptable items.* Bulky drop-off sites are available to city of residents to bring acceptable materials. The solid waste management department director or the director's designee shall define acceptable materials. Commercial waste is not accepted at the bulky waste collection centers.

(b) *Compliance with onsite signs and drop-off site operating regulations.* Any person entering upon a city-operated solid waste drop-off site shall comply with the rules established in subsection 14-18(a).

(c) *Covered loads (tarps).* All loads of materials entering a city drop-off site shall comply with the rules established in subsection 14-18(c).

(d) *Non-compliant materials/loads.* Loads containing household hazardous waste, hazardous or special wastes, brush, electronics, liquids, dead animals, dirt, rock, waste generated at a location other than the residence from which it is collected, waste generated from land-clearing, loads delivered in commercial vehicles, or any other waste prohibited by this chapter and as further described in subsection 14-45(i).

(e) *Assumption of risk.* Any person entering upon a city-operated solid waste drop-off site shall comply with the rules established in subsection 14-18(c).

(f) *Identification and proof of residence.* All individuals requesting to use a city drop-off site, recycling or processing site will be required to provide identification and proof of city residence. Acceptable proof includes a current CPS Energy statement reflecting assessment of solid waste or environmental fees accompanied by a valid driver's license or State of Texas ID card.

(g) *Salvaging or scavenging.* Any person entering upon a city-operated solid waste drop-off shall comply with the salvaging and scavenging rules established in subsection 14-18(e).
(Ord. No. 2015-09-10-0760, § 1, 9-10-15)

Secs. 14-22—14-24. Reserved.

Sec. 14-25. Other services.

(a) *Drop-off events (Dial-a-Trailer, free landfill disposal, household hazardous waste).* City-sponsored refuse household hazardous waste or recycling drop-off events may be conducted periodically or in accordance with an annual schedule. Drop-off events may be conducted by the city, its collection contractors or in partnership with a private disposal company or recycling processor. Users of these events shall comply with all sections of this code and any additional requirements set by the director. The city reserves the right to screen for and serve only eligible users and will accept only residential wastes at drop-off events.

(b) *Collection assistance service.* Residential locations wherein no able-bodied person capable of handling containers resides may be eligible for

collection assistance service. On collection day(s) the collector will walk up to a mutually agreed location within the lot, retrieve, empty and return the container to the point from which it was retrieved.

(1) Residents must be eligible, enrolled, and approved for special collection assistance service.

(2) Re-enrollment shall be required annually.

(3) At such time as the situation changes wherein an able-bodied resident becomes available, special collection assistance service terminates and containers must be placed at the point of collection in order to be serviced.

(4) Upon request for this service and mutual agreement with the city on the retrieval location, resident shall provide safe and unimpeded access to the collector on collection day(s). The collector will not open any gates to reach the container. Dogs and other animals must be restrained.

(5) Default container size for customers receiving collection assistance service is small. Exceptions will be reviewed by the department.

(c) *Special services to route customers.* Only residential customers receiving collection services from the city may request the city to perform two (2) free of charge collections for grass clippings, leaves, and weeds. Each residential customer on the system is entitled to two (2) such service calls, per fiscal year, on request. These twice yearly, free service calls limit total combined waste materials, per call, per residential customer, to eight (8) cubic yards that shall not exceed fifty (50) bags and/or boxes predicated upon 0.16 cubic yards per bag/box. Each bag or box must not weigh more than forty (40) pounds and must comply with specifications below. Furthermore, boxes must be made of brown bio-degradable cardboard that contains no deleterious substances. Containers for special services collection of leaves shall be in conformance with the specifications below:

(1) *Paper bags.* Paper bags shall be of two-ply kraft and have a wet strength of forty (40) pounds. When placed for collection they shall be securely tied with wire, twine, or tape. These containers must at all times be able to maintain their structural integrity when lifted.

(2) *Cardboard boxes.* Cardboard boxes may be used as receptacles for collection of leaves provided they are securely closed to prevent blowing, spilling, and scattering of the materials contained therein and provided that boxes used for this purpose are able to maintain their structural integrity when lifted and of a size and type that can be readily handled by one (1) person when placed in the garbage vehicle. Such boxes shall not exceed four (4) feet in greatest dimension or weigh more than a combined weight (container and its contents) of forty (40) pounds.

(d) *Services to privately-owned streets, roads and driveways.*

(1) Locations within the city limits with privately-owned streets or not abutting a public roadway desiring city collection services may be eligible for such services, provided the conditions below are met:

a. The department determines that it has safe and unimpeded access for its collection trucks and equipment and the development layout is compatible with the city's standard collection methodology.

b. Owner, property manager, tenant association representative, or person authorized to represent the owner(s) executes a release of liability indemnity agreement, agrees that such city services shall be exclusive within the agreed area, and provides a list of addresses for each meter unit for assessment of fees by CPS Energy.

(2) Upon satisfactory provision of the items in subsection (1) above, all designated residents are eligible for all services listed in this chapter, must comply with provisions of this chapter, and shall be assessed fees accordingly for the term of the agreement.

(3) In cases impacting public health and safety, where the director determines that the procedure in subsections (1) and (2) above are not feasible, the director may require residents to bring their wastes to the nearest point abutting a public street or roadway.

(e) *Authority to respond to and manage catastrophic damage.*

(1) The director shall have authority to take necessary action and prescribe requirements in response to damage resulting from storms.

(2) The level of action taken will be in consideration of public health and safety, severity of damage, spread of impact, other departmental priorities, and parity of service entitlements. The director may determine that no extraordinary action is necessary and that any storm damage debris should be managed through normal service levels or at the expense of the resident.

(f) *Extra garbage service.* Residents who have excess garbage and require that their garbage container be serviced more than once on their week of collection can request an extra garbage service by calling the city. The additional collection occurs the same week in which their garbage container is serviced but on an alternate collection day. A fee applies for each excess garbage collection service. The service is limited to three (3) times per year and may not be available certain weeks of the year.

(Ord. No. 2015-09-10-0760, § 1, 9-10-15; Ord. No. 2020-01-30-0057, § 1, 1-30-20)

Sec. 14-26. Residential services in areas with limited accessibility.

(a) Non-traditional residential property or subdivisions with five (5) units or more may be eligible for service by exception. Upon request, the department will assess the development design layout. The development design must meet the requirements for the services outlined in sections 14-1 and 14-10 through 14-17 of this chapter and the requirements below:

(1) Provides room for maneuverability of the truck and collection arm/boom.

(2) Provides eight (8) feet of space adjacent to the curb for collection of brush and bulky materials.

(3) Provides space on the public street/private street or driveway for the containers on collection day.

(4) Provides space inside the property for storage of containers between collections.

(5) No structure that could impede automated collection is allowed within five (5) feet of the curb.

(6) Private streets or driveways should be constructed to local type A (conventional street design standards); allow two-way traffic; be through-streets connecting to another street without dead-ends or provide a cul-de-sac or spot to turn around designed in accordance with Section and Figure D103.1 Appendix D *Fire Apparatus Access Roads,* 2018 International Fire Code, adopted at section 11-32 of the San Antonio Municipal Code; parking in the streets/driveways on local type A streets is allowed at all times.

(7) Private streets or driveways that are not constructed to local type A standards may be eligible for city collection if the street/driveway on which collection is occurring meets the fire lane dimension and layout requirements outlined in the 2018 International Fire Code. This includes a minimum twenty-five-foot wide, two-way, fire apparatus road. The fire apparatus road being used for collection should have adequate no parking signage and striping on each side of the street as required by the City of San Antonio Development Services Department however, off-street parking stalls

are allowed outside of the fire lane path. Turnaround and curb radius dimensions on curves and intersections should also meet the requirements of the 2018 International Fire Code or subsequent local amendments as approved by the City of San Antonio Development Services Department. Dead ends without a turnaround meeting the requirements of the International Fire Code are not allowed.

(b) If the non-traditional residential property or subdivision is determined to be feasible and approved, all residences in the development are required to use city-provided service and will be assessed monthly solid waste fees. In cases where private streets or driveways must be utilized for service, the streets/driveways must be maintained by the owners and the developer/homeowners association/property manager must comply with the requirements for private streets outlined in section 14-25(d)(1) and (2).

(c) Non-traditional residential property or subdivisions that do not meet the requirements listed herein are not eligible for city services and shall utilize private service providers. City solid waste fees will not be assessed.
(Ord. No. 2020-01-30-0057, § 1, 1-30-20)

Secs. 14-27—14-29. Reserved.

ARTICLE III. FEES

Sec. 14-30. Fees.

(a) *Residences.* Use of city garbage, brush, and refuse collection and removal and disposal services and payment of fees set out below for such services shall be mandatory except as exempted in subsection (d) below. The monthly fees for household garbage that includes recycling, brush, leaves, and organics collection shall be as follows:

Residential and Other Sites

Non-compliance diaper contamination fee	Fifty dollars ($50.00) per occurrence
Automatic charge for container(s) at residence	Residents who possess and use containers that are not assigned to their address will be charged the monthly fee corresponding to that size container.

(b) *Environmental services fee.* All properties, residential and nonresidential, shall pay a monthly environmental services fee of three dollars and twenty-four cents ($3.24) per each electrical meter account, billed and collected as provided below in section 14-31. At locations where the electrical meter does not accurately reflect the number of units, an environmental fee shall apply to each residential and nonresidential unit. This fee is intended to defray municipal expense necessary to cleaning up illegally dumped waste, collecting and disposing of dead animals, performing regulatory maintenance on closed landfills, providing environmental services to the city's park system, and equitably sharing costs for neighborhood clean-ups benefiting residents and businesses that do not pay a monthly solid waste processing fee. Exemptions at subsection (d), recited below, do not apply to the environmental services fee.

(c) *Business solid waste fee.* The monthly solid waste fee for businesses receiving refuse and recycling services only (brush, bulky, and bagged leaf collection is not included) from the city, including hotels, motels, small offices, and premises not specifically listed in the residential schedule shall be as follows:

Type (regular business account receiving city services)	*Charge Per Month*
Single unit on one meter and multiple units on master meter, per unit small garbage cart	$14.76
Single unit on one meter and multiple units on master meter, per unit standard (medium) garbage cart	18.76
Single unit on one meter and multiple units on master meter, per unit large garbage cart	26.76

(d) *Exemptions.* Apartment houses and mobile home parks may be exempted from payment of solid waste fees upon furnishing of sufficient evidence assuring acceptable removal of all garbage and refuse by private means. For such exemption to be granted, written application must be submitted to and approved by the director or his designee.

Single-family residences on premises not abutting public roadways, and to which access is possible only across private property, and premises abutting public roadways but on which the dwelling is so remote from such roadway as to make city collection impractical, may be exempted from such collection service and charges.

Non-traditional residential property with single-family residences that are determined to be incompatible with the city's standard collection methodology may be exempted from such collection service and charges.

(1) Exemptions may be granted on certain meter accounts if the number of meters serving a dwelling does not reflect the true nature of the dwelling.

(2) New single-family residences shall be exempted from city garbage collection service and charges while under construction and after completion until initial occupancy of the structure. Initial occupancy shall be interpreted as the sale or lease of the property to a second party for occupancy or the first electric meter account name change, whichever occurs first.

(e) *Disposal, brush facility, commercial haulers, and special service program fees.* Persons disposing of brush for recycling at a city facility or using special city solid waste program services shall pay a fee or fees as set out below unless contractual arrangements specify otherwise.

(1) *Unknown tare weight.* A vehicle for which the tare (unloaded) weight is not on the disposal facility attendant's records will be charged for the full weight of the vehicle plus trailer(s) and load. After dumping the load, the vehicle and trailer(s) will be reweighed to determine the tare weight and the amount to be refunded at that time.

(2) *Residential city customers.* In order for a load, either brush for recycling or household hazardous waste, to be considered residential city, the material must originate from within the city corporate limits and must be generated by a residential, non-commercial entity. Proof of origination must include both of the following:

a. Valid state ID card or driver's license.

b. Current CPS Energy bill reflecting both items listed below.

1. Same name as on the driver's license.

2. Billing for the city environmental fee.

(3) *Penalty for uncovered load (unlawful unsecured loads for both brush and solid waste, all facilities).* All vehicles entering a disposal, recycling, deposit, or waste management facility, whether city or privately owned, shall have sufficient load restraints to prevent loss or spillage of load due to wind or motion of the vehicle on the road. Any vehicle driver who does not comply, will be required to pay an uncovered or inadequately secured load penalty of five dollars ($5.00) per load at the scale house, in addition to any other fees, before being allowed to enter the facility. A person commits an offense if the person delivers an unsecured or uncovered load to any disposal, recycling, or waste management facility within the city's corporate limits. Similarly, vehicles exiting a disposal, recycling, deposit, or waste management facility whether city or privately owned carrying brush or solid waste materials shall have sufficient load restraints to prevent loss or spillage of load. Uncovered load penalty, per load: Five dollars ($5.00).

(4) *Dead animal fee.* A ten dollar ($10.00) dead animal fee applies to all small dead animals (not requiring special handling) and dead animals from commercial businesses originating within city (veterinarian charges, per animal).

(5) *Out-of cycle fees.* All requests for pick-up of bulky waste and/or out of cycle bulky items and/or brush at a residential location will apply as follows:

One item.	$50.00
Up to four (4) cubic yards . .	50.00
Each additional four (4) cubic yards (or any portion thereof)	25.00

(6) *State disposal levy.* All disposal facility customers, including residences, will be assessed their share of the state disposal levy, which will be collected at the same time as any city fees, and in addition to any city fees. Fee as applicable per state statute.

(7) *Reserved.*

(8) *Commercial/industrial haulers.*

Permit Description	*Fee*
Vehicle permit fee (seven thousand (7,000) pounds or more gross vehicular weight), per vehicle, per year	$2,250.00
Vehicle permit fee (six thousand nine hundred ninety-nine (6,999) pounds or less gross vehicular weight), per vehicle, per year	150.00

(f) *Credits/refunds, residential.* No credit/refund shall be made for residential service unless exempted under subsection (d).

(1) *Example 1—Customer has a business and takes their residential refuse to dumpster at their business.* No credit/refund is allowed.

(2) *Example 2—Customer has a commercial establishment in a residential building and has paid residential fee and commercial disposal service charge.* Verification must be made by the director or his designated representative that a business is actually at the stated address and operating as stated. CPS Energy should verify that customer has been billed and rendered payment during disputed period and provide verification in writing that they were under contract to provide service. An alternative would be for customer to provide cancelled checks payable to commercial disposal service covering period of dispute.

Once the necessary verification has been made, a credit/refund can be granted retroactive to one (1) year (twelve (12) months) or to date this activity started, whichever occurs first. An additional two (2) years (twenty-four (24) months) credit/refund can be granted if the customer submits the request in written form. In the event of a refund, a memo providing results of the field investigation, other information verified, and recommendation to refund should be attached to a request for payment and forwarded to fiscal programs for processing.

(3) *Example 3—Customer is operating a small business out of a residence.* This activity is classified as a "home occupation." A child care activity may fall into this category as long as it meets zoning requirements. If the customer is operating in accordance with the above descriptions, they will be charged as a residence. There shall be no credit/refund if they are not operating in accordance with the description of a home occupation. If the customer is operating in accordance with the above descriptions, they will be charged as a residence. There shall be no credit/refund if they are not operating in accordance with the description of a home occupation.

(4) *Example 4—Customer has a house for sale and wants solid waste fee discontinued.* As long as the collection service is available and electric service is provided to an address, CPS Energy shall include in a monthly electric and gas bill the solid waste service charges prescribed in the current ordinance relative to collection fees. No refund or credit shall be made.

(5) *Example 5—Customer lives in an apartment that has separate electric utility service (CPS Energy) meters and has therefore been billed for city solid waste collection and private collection by the apartment owner. Is the tenant entitled to a refund or credit?* Verification must be made by solid waste personnel that CPS Energy meters are being used, solid waste fees paid, and private garbage service is being provided. Once the facts are determined and verified as presented by the customer, apartment owners should be contacted and informed of the exemption form requirement. With verification

of facts as described above, a credit/refund can be granted to the tenant retroactive up to one (1) year (twelve (12) months) or whenever tenant moved into apartment, whichever occurs first. An additional two (2) years (twenty-four (24) months) credit/refund can be granted if the customer submits the request in written form. The credit/refund is not to exceed three (3) years (thirty-six (36) months). A memo from the department providing the information described above for verification and a request for payment for the amount to be refunded should be forwarded to fiscal programs for processing and forwarded to the finance department for payment. If the customer is in agreement, credit can be given. The credit should be processed through the usual credit process with CPS Energy.

Sec. 14-31. Collection of charges.

(a) The solid waste service charges prescribed in this chapter shall be included in the CPS Energy monthly electric and gas bill rendered to customers within the corporate limits of the city.

(b) The charges fixed in this chapter for the removal of solid waste shall be included as a separate item on the regular utility bill and shall be paid monthly in accordance with existing practices. Any person who shall fail or refuse to pay the charges fixed in this chapter within the time specified shall be deemed to be delinquent, and the city may, at its option, cause any or all utility service and solid waste removal service to be discontinued and such discontinuance shall be reported to the director of the Metropolitan Health District.

Secs. 14-32—14-39. Reserved.

ARTICLE IV. REGULATION, PERMITS AND LICENSING

Sec. 14-40. Solid waste haulers.

It is unlawful to operate a solid waste vehicle without a permit (public nuisance). It is an offense for a person to collect or offer to collect, or to dispose or offer to dispose of, solid waste within the city's corporate limits unless the person has obtained and affixed a current, valid permit decal to each vehicle covered by this article. Under authority of V.T.C.A., Local Government Code ch. 217, subch. C, regulation by a home rule municipality, it is further declared a public nuisance for a person to collect or offer to collect, or to dispose or offer to dispose of, solid waste within the city's corporate limits unless the person has secured and affixed a current, valid permit decal to each vehicle covered by this article.

(1) *Recyclables exemption.* Any vehicle used exclusively for transporting recyclable materials to recycling facilities is not required to pay the vehicle permit fee or to possess and display a permit. Vehicles performing only deliveries to a city-operated brush recycling facility and other duly authorized brush recycling facilities will be permit exempt only upon approval from the director. All brush disposal and other fees apply.

[This page intentionally left blank.]

(2) *Annual and quarterly solid waste hauler permits.* The annual permit shall be effective for twelve (12) months from the date of issuance, if issued and fully paid at commencement of the permit year, May 1st. Quarterly permits may be secured on May 1, August 1, November 1, and February 1 of each calendar year, or the next business day should any of the above dates fall upon weekends or city holidays. These individual quarterly permits and quarterly fee payments shall not be pro-rated for use of the vehicle during partial quarters. Failure to pay within a ten-day grace period will result in a penalty sum to be imposed as promulgated by the city council.

(3) *Permit fees; timely payment discounts; late payment penalty.*

a. *Fee schedule.* Prior to the issuance of a solid waste hauler permit, the applicant shall pay the current permit fee for each vehicle in accordance with the vehicle permit fees schedule for commercial/industrial vehicles. Such fee schedule may be reviewed by the city annually and adjusted by the city council.

b. *Proration.* Applicant will be entitled to prorate annual permit fees for vehicle units added after commencement of the annual permit period. Prorations shall not be allowed on a daily or monthly basis but will be calculated on a quarterly basis. Any portion of a quarter for which a permit fee is paid must satisfy the entire quarterly obligation.

c. *Early payment discount; late payment penalty.* Early annual and quarterly payments made before the first day of the month when due will be entitled to a ten-percent discount. Late payments, made after a ten-day grace period, applicable to annual and quarterly payments, shall be subject to a ten-percent late fee penalty.

City-owned or leased vehicles. Vehicles owned and/or leased by the city are exempt from paying the vehicle permit fee and from displaying a permit decal. The vehicle permit fee is in addition to any other city fees or charges for disposal at any city solid waste disposal or processing facility.

(4) *Permits for solid waste hauling vehicles; permit conditions.* Persons who own or operate vehicles defined in this article shall permit with the city in accordance with the following:

a. For the purposes of permitting within this article, the following words and phrases shall have the meanings respectively ascribed to them by this section unless the context requires otherwise:

City means the City of San Antonio, Texas, as represented by the official acts of the city council and council designated representatives.

Department means the City of San Antonio Solid Waste Management Department or its successor.

Director means the director of the solid waste department or his/her designee.

Hauler means a person who owns, drives, or operates a vehicle for the purpose of collecting or disposing solid waste.

Permit means the formal consent provided by the city to a person which entitles the person to collect, offer to collect, or dispose of waste within the corporate limits of the city, which consent is evidenced by display of a permit decal.

Permittee means a person issued a permit under this article.

Person means an individual, corporation (including a government corporation), organization, governmental subdivision or agency, political subdivision of a state, interstate agency or body, business

or business trust, partnership, association, firm, company, joint stock company, commission, or any other legal entity, including, but not limited to non-profit organizations, utilities, education and special districts, and municipalities.

Shall, whenever used in this article, will be interpreted in its mandatory sense; "may" is permissive.

Solid waste means any garbage, refuse, sludge from a waste treatment plant, water supply treatment plant or air pollution control facility, and other discarded material, including solid, liquid, semisolid, or contained gaseous material resulting from industrial, municipal, commercial, mining, and agricultural operations, and from community and institutional activities, but does not include the following:

1. Solid or dissolved material in domestic sewage (i.e., material confined within a POTW collection or treatment system) or solid or dissolved material in irrigation return flows or industrial discharges subject to regulation by permit issued pursuant to V.T.C.A., Water Code ch. 26.
2. Solid dirt, rock, sand, and other natural or man-made inert solid materials being used to landfill when the object of the filling activity is to make the land suitable for the construction of surface improvements.
3. Waste materials that result from activities associated with the exploration, development, or production of oil or gas and are subject to control by the state railroad commission.

Vehicle means a "for-hire" or other commercial, industrial, motorized instrument of solid waste conveyance regulated under this article, and used, designed and/or equipped to collect, move, or dispose of solid waste materials within the corporate limits of the city. For example, vehicle includes, but is not limited to, those owned or operated to haul waste generated by the owner of the vehicle, such as a demolition company, construction company, commercial or residential builder, including, but not limited to hazardous or special wastes regularly or occasionally disposed within the city's jurisdiction, including those vehicles that transport liquid wastes.

b. *Solid waste transportation; duties of solid waste haulers; permit conditions; prorations and discounts.* It shall be conditions of any permit issued to a person that:

1. Any person receiving a permit shall have the duty to exercise reasonable, prudent, and sufficient care when undertaking his/her activity in order to preserve the health, safety, and general welfare of the community. The permittee must obtain and maintain current all the necessary legal documents required by local, state, and federal authorities.
2. In the event of an unpermitted, illegal disposal, or accidental discharge of solid waste during collection or hauling, the permittee shall immediately contain the impacted area and safely recover the discharged solid waste. The permitted solid waste hauler shall take any

and all action as may be required by local, state, or federal officials, having jurisdiction, so that the discharge will not present a public health or environmental hazard, threat, or nuisance.

3. Failure to promptly and properly take effective remedial action necessary to public health and safety protection shall constitute a violation of this article and a violation of the permit conditions.

4. Permit application; representations become permit conditions. In addition to complying with the proper registration or license procedures established by the agencies having jurisdiction over permittee's activities, all persons owning, operating, or driving solid waste vehicles subject to this article shall complete a permit application to receive a permit from the city through the solid waste management department or its successor department. All applicants, including those persons who may claim exemption, must generally supply the department with the following information and documentation in order for the department to make an informed decision. The following representations made by the applicant also become conditions of the permit:

   A. Name, business address, and telephone number of the applicant solid waste hauler. If the applicant is a corporation, the names and addresses of its president, all vice-presidents and agent, for service shall be provided.

   B. The trade name under which the applicant hauls or intends to haul solid waste.

   C. The number and type of vehicle(s) that the applicant intends to operate, together with a general physical description or manufacturer's trade description of each vehicle (e.g., year made, model, manufacturer's rated capacity).

   D. The period of time the applicant has been engaged in the activity of hauling solid waste refuse and the daily hours of operation of his intended collection, transportation, and disposal activity.

   E. Certificates of insurance or other documentation evidencing that the applicant has obtained insurance coverages described below.

   F. No later than August 8, 2006 and annually thereafter during the month of April, permittees shall furnish to the city a descriptive list of all vehicles engaged in solid waste hauling and list which vehicles will be collecting within or using any landfill disposal or other legal disposal site within the city's jurisdiction for solid waste disposal or deposit. Based upon the best available information, the solid waste hauler shall project the anticipated annual tonnage of solid waste to be disposed of by his

company and the source(s) of such waste as being either generated inside the city limits or outside the city limits expressed in a percentage of the hauler's total projected annual tonnage.

G. Commercial concerns that are not in the business of hauling solid waste for others but rather are hauling waste generated by themselves or their own commercial activities, shall permit their vehicles in accordance with this article.

H. Notices; driver agent; violations.

i. For purposes of notice, where required by this article, it shall be sufficient to notify the permittee by certified mail at the address represented in the permit application. When a violation of this article is alleged, in contemplation of criminal or civil prosecution, certified mail, return receipt, shall be sufficient evidence of notice of violation to a permittee in whose name a permit has been issued, whether the permit is current or delinquent.

ii. When a violation of this article is alleged, based upon a vehicle's displaying no evidence of a permit, a citation upon the driver of the vehicle shall be the same as and legally sufficient to effect notice of the violation to the owner. In which case, the driver is the apparent agent of the owner, as allowed by law. Thereafter, service of process for civil or criminal prosecutions shall be conducted as prescribed by law. Where the permittee is a corporation, notice may be personally hand delivered to the president, any vice president, or agent of the corporation. In the event the president, a vice president, or registered agent cannot with reasonable diligence be found at the registered office, duplicate copies of the notice shall be sent to the registered agent identified according to records of the secretary of state by certified mail, return receipt requested. Or, in the alternative or in supplementation, any sufficient form of substituted service provided by law may be employed.

I. Any other requested relevant information that

can reasonably be provided to the department which bears a reasonable relationship to the regulation of permittees under this article and is necessary to evaluate the permit application.

(5) *Investigation of information set out in application.* The director or his designee may conduct an investigation to determine the accuracy of information supplied by the applicant prior to the issuance of a permit. Supplying false information to the department shall be grounds for refusal to grant a permit or revocation of a permit if already issued. The hauler shall at least annually update the information contained in the application to reflect any substantive changes in the information required by the initial application.

(6) *Insurance requirements.* With the application, hauler must show, for vehicles intended to carry seven thousand (7,000) pounds gross vehicular weight or more, evidence of a commercial general (public) liability insurance policy in an amount of no less than five hundred thousand dollars ($500,000.00) and thereafter keep same in full force and effect with an insurance company authorized to do business in the state. The policy shall insure the public against any loss or damage that may result to any person or property from the operation of the hauler's collection, transportation, and disposal activities. In addition, the hauler utilizing vehicles that are intended to carry seven thousand (7,000) pounds gross vehicular weight or more shall carry business automobile liability coverage for each and every vehicle of that capacity owned or operated by hauler with combined single limits for bodily injury and property damage of not less than five hundred thousand dollars ($500,000.00).

The policies shall contain a provision requiring that the city be provided with thirty (30) days advance notice, in writing, of cancellation or material change in the policies. In the event of cancellation or material change in the hauler's policies, the permit shall be suspended along with hauler's vehicular activities until such time as the hauler can again secure appropriate coverage.

(7) *Vehicle inspection—General requirements.* Prior to the issuance of a permit, the department may require the applicant to submit for inspection by the department at a city facility each vehicle to be permitted. Any city inspections hereunder shall be conducted by trained and qualified city inspectors carrying proper identification. In the event that the department chooses to inspect the vehicle, the department or its agents shall determine whether or not the vehicle(s) is constructed and equipped in accordance with the provisions of this article and that the vehicle(s) are generally in good repair. In addition to the initial optional department inspection prior to the issuance of a permit, designated employees of the department are hereby authorized to randomly re-inspect the vehicles at "off-road" locations periodically in order to observe that the vehicles are generally maintained in good repair and are likely not to constitute a public health hazard or public nuisance under the provisions of this and any other governing ordinances. These optional "off-road" department inspections may take place at a city facility to be designated by the department, at a city-owned or privately owned and operated transfer or landfill facility, or at the permittee's place of business during normal business operation hours. These optional "off-road" department inspections are in no way meant to satisfy the otherwise legally mandated inspection of motor vehicle requirements of the state department of public safety or the state department of transportation. All transport vehicles shall have a valid department of public safety inspection sticker properly displayed.

(8) *Compliance monitoring.* The city will monitor disposal sites within its jurisdiction on an as needed basis and may pursue enforcement, including, but not limited to, issuance of criminal citations to drivers of non-compliant vehicles used for hauling, citations to responsible legal entities, and establishment of predicates for civil enforcement against any responsible person.

(9) *Payment of all undisputed taxes, fees, and debts.* Prior to the issuance of any permit

under this article, the applicant shall demonstrate, upon the director's request, the payment of any undisputed, previously due and outstanding, sales and/or property taxes, fees, and other debts owed to the city including any past due utility related accounts.

(10) *City contracts.* Contractors and subcontractors who perform city contracts and/or who participate in public projects must be in compliance with permit and fee requirements. Non-compliant haulers are not eligible to perform city contracts or to act as subcontractors to city contractors. Eligibility shall be verified by the city's various contracting departments in coordination with the solid waste management department.

(11) *Issuance of permit.* Upon the applicant's fulfilling the requirements set out in this article, the department will issue either an annual or quarterly permit(s) to the applicant for the qualifying vehicle(s). The annual permit(s) shall be valid for a period of twelve (12) months from the date of issuance or for a quarter (three (3) months), dependent on timely payment of vehicle permit fees. The requirements set out herein must be satisfied prior to the reissuance of a permit.

a. *Local authority.* A permit issued by the city pursuant hereto does not authorize the collection, transporting, discharge, or disposal of regulated hazardous solid wastes. Any transporter carrying hazardous solid waste from, within, or through, the city shall have obtained applicable state department of health services, state commission on environmental quality, or USEPA permit(s), all as may be necessary, and use the appropriate hazardous solid waste transportation and disposal manifest and routing system.

b. *Display.* Prior to the operation of any vehicle regulated by this article, each permittee:

1. Shall clearly and visibly display on both exterior sides of each vehicle on the door(s) or fender(s) the business or trade name of the hauler contained in the permit application in a color clearly contrasting with the background color in three-inch letters or larger.

2. Shall permanently affix the permit decal for prominent display as instructed by the solid waste management department. The permitted solid waste hauler shall keep the vehicle permit issuance receipt, or a copy thereof, with the vehicle and/or equipment operator at all times.

3. Transfer. A permit issued under this article is non-transferable from one solid waste hauler to another solid waste hauler without prior written approval of the director and submittal of proper re-registration information to the city. A permitted hauler who changes names or transfers permits by sale or other enterprise transfer, such as lease, must notify the city and pay an administrative transfer fee of twenty-five dollars ($25.00) per vehicle or as established by subsequent city budget ordinances.

c. *Solid waste hauling vehicle specifications and maintenance requirements.*

1. *Permit condition.* It shall be the duty of the permittee to ensure that all solid waste transportation vehicles utilizing the public streets, public alleys, and highways within the corporate limits of the city to transport solid waste at all operational times conform to the following minimum vehicle specifications and maintenance requirements.

Failure to do so shall constitute a violation of this article and permit conditions.

2. *Service standards and equipment.* The permittee shall be required to maintain and operate its solid waste hauling vehicles and related equipment in good order to render sanitary service subject to the terms of this ordinance and the permit(s) issued pursuant hereto. The vehicles that are seven thousand (7,000) pounds gross vehicular weight or more that are used in the collection of solid waste refuse shall be all metal, watertight, and shall be equipped with closed bodies equipped with hydraulically operated devices for compacting collected garbage. Those vehicles that are seven thousand (7,000) pounds gross vehicular weight or more shall meet all federal and state laws and regulations with the exception of brush trucks and vehicles designed to haul roll-off collection containers, which are regulated by the state tarp law. All vehicles shall be kept in a clean and sanitary condition and all vehicles shall be cleaned inside and outside at least once each week. The solid waste hauler shall additionally cause the vehicle exterior to be clean, vector free, and relatively odor free at the beginning of each working day and provide for intermittent wash downs of vehicle and equipment exteriors and wash outs of container interiors as necessary to generally maintain the above conditions. Failure to comply with this section may result in revocation of a vehicle permit granted herein.

d. *Solid waste hauler violation; penalties.* It shall be unlawful for a person to do or perform any act prohibited by this article and it shall be unlawful for a person to fail to do or perform any act required hereby. Each day's violation hereof shall constitute a separate offense. Any person or permittee who is found guilty in the municipal court of the city of violating this article and/or waste hauler permit provisions shall be fined not less than five hundred dollars ($500.00) nor more than two thousand dollars ($2,000.00) for each offense. If the finder of fact (the court or jury) imposes a fine in excess of five hundred dollars ($500.00), the finder of fact must also find that the violation was committed knowingly, intentionally, or recklessly. Each day on which a violation shall occur or continue shall be deemed a separate and distinct actionable offense. In addition to the penalties provided for herein, the city may seek recovery in a court of competent jurisdiction for any actual damages it might suffer. The city may also seek reasonable attorney fees, court costs, and other expenses of litigation along with all other relief, both in law and in equity, to which it might be entitled. Additional recoveries and relief in law and/or equity under existing federal or state law are not precluded by specific recoveries obtained by the city under this section.

1. *Civil remedy; additional injunction to temporarily or permanently remove alleged permit offenders from streets; jail for contempt.* In prosecuting permit violations, the department will refer cases for civil and criminal prosecution and will assist the office of the city attorney in preparing and prosecuting petitions in courts of competent jurisdiction. The office

of the city attorney is authorized to pursue civil relief, which may include, but is not limited to, an injunctive order, to remove vehicles belonging to offenders from streets and city property, and to enjoin persons from operating vehicles in violation of this article's permitting provisions. In such case, a petition for injunctive relief need not be preceded by a criminal conviction. The city may be entitled to its attorneys fees and costs and may plead entitlement to delinquent permit fees, and interest on the debt and judgment as may be allowed by law. The city may plead and prove facts to uphold issuance of a court order, the violation of which shall place the offender at risk of contempt of court and jail.

In addition to criminal prosecution, this section is cumulative, and not exclusive, of any other remedies at law and in equity to which the city may be entitled.

2. *Presumption of debt.* A hauler's use of city property, streets, alleys, roads, or other rights-of-way, without permit, shall create a presumption of debt. The city may elect to pursue debt enforcement against a hauler who uses such city property without proper permit(s). If the city elects this remedy, the city may plead the value of the service rendered to the delinquent hauler. In such case, the city may enforce a final judgment by all means at its disposal, including but not limited to recording and fixing liens, acquiring execution, foreclosure, and seizure orders from the court, and orders from the court directing sale of hauler's property to satisfy the judgment.

e. *Falsifying information.* Any person who knowingly makes any false statements, representations, or certifications in any solid waste permit application or affidavit filed with the city or required to be maintained pursuant to this article shall, upon conviction, be punished by a fine of not more than two thousand dollars ($2,000.00).

(Ord. No. 2010-11-04-0955, § 1(Att. I), 11-4-10; Ord. No. 2013-01-31-0079, § 1, 1-31-13)

Sec. 14-41. Commercial refuse and recycling collection.

(a) *[Duty to comply.]* It shall be the duty of the owner, manager, tenant, or occupant of any business establishment or building or the agent or employee of any such person to comply with the following minimum standards.

(b) *Types of containers for commercial refuse collection.* For private service commercial collection of municipal solid waste, suitable containers must be used. Generally, the collector and their client will determine the type of container to use depending on volume and type of waste generated. The city does not specify the exact type of container but sets the following standards for containers. In the Central Business District, as defined in section 14-1, cardboard boxes, paper bags and plastic bags shall not be used as containers for any commercial refuse collection and only roll-out containers and dumpsters are acceptable types of containers for commercial refuse collection. It shall be the duty of the owner, manager, tenant or occupant of any premises or building, or the agent or employee of any such person to place waste at the designated point of collection and ensure that said waste is contained in reusable containers (cans), detachable containers (dumpsters or roll-offs), or disposable containers defined as follows:

(1) *Plastic bags.* Plastic bags shall be of a thickness capable of containing all materials therein and have a lifting strength of

forty (40) pounds when filled. When placed for collection they shall be securely tied with wire, twine, tape, or ends fashioned into a knot. Sharp items are not to be placed into these containers. In the Central Business District, as defined in section 14-1, plastic bags shall not be used as containers for any commercial refuse collection.

(2) *Paper bags.* Paper bags shall be of two-ply kraft and have a wet strength of forty (40) pounds. When placed for collection they shall be securely tied with wire, twine, or tape. These containers must at all times be able to maintain their structural integrity when lifted. In the Central Business District, as defined in section 14-1, paper bags shall not be used as containers for any commercial refuse collection.

(c) *Minimum standards of containers for all commercial refuse collection.* It shall be the duty of the owner, manager, tenant or occupant of any premises or building, or the agent or employee of any such person to ensure that the containers used comply with the following minimum standards:

(1) They must fully contain the waste. No overflow of waste out of the container shall be permitted. The container shall have a tight fitting lid or shall be fully closed (tied, taped, or somehow enclosed) to prevent the scattering of the contained debris.

(2) They shall be of sufficient strength to prevent the rupturing of the container and the subsequent scattering of the contained waste.

(3) They shall be leak proof to prevent the spilling of any liquid wastes.

(4) They shall be kept clean, free of odors, and in good condition.

(5) All containers and the location in which they are placed shall be kept in a clean condition and free of fly and other insect breeding.

(6) Containers must be maintained in good repair and free of holes, cracks, rusted or decayed bottoms, and splits and shall at all times be kept covered.

(7) In the Central Business District, as defined in section 14-1, cardboard boxes, paper bags, and plastic bags shall not be used as containers for any commercial refuse collection. Bags are not considered "sealed containers" and all trash must be placed in sealed containers.

(8) In the Central Business District, as defined in section 14-1, only roll-out containers and dumpsters are acceptable types of containers for commercial refuse collection. All roll-out containers must be clearly marked with the user's name, address, and a contact telephone number. Identification methods must be legible, permanent, and not subject to removal. Identification via spray paint is not considered a permanent method.

(9) In the Central Business District, as defined in section 14-1, all acceptable types of containers for commercial refuse collection must be kept in a clean and sanitary condition. All trash inside containers must be bagged. Inspection of trash containers is part of routine health inspections.

(d) *Commercial manual collection—Wastes from restaurant related activities.*

(1) It shall be the duty of the owner, manager, tenant or occupant of any business establishment or building or the agent or employee of any such person to segregate trash generated from restaurant related activities into three (3) categories consisting of garbage/trash, grease, and slop wastes.

(2) It shall be the duty of the owner, manager, tenant or occupant of any business establishment or building or the agent or employee of any such person to make separate provisions for the proper collection of these categories and commingling of such categories is not permitted.

(3) It shall be the duty of the owner, manager, tenant or occupant of any business establishment or building or the agent or employee of any such person to clean stains or spots resulting from the collection of these wastes immediately.

(e) *Placement and removal of containers for commercial manual curbside collection.*

(1) Roll-out containers in the Central Business District, as defined in section 14-1, shall be placed out for manual collection only between the hours of 10:00 p.m. to 3:00 a.m. and shall be immediately removed after collection. It shall be unlawful for the owner, manager, tenant or occupant of any business establishment or building, or the agent or employee of any such person to place, allow or suffer to remain any containers, either empty or containing solid waste, after 9:00 a.m. Empty roll-out containers remaining after 9:00 a.m. will be subject to issuance of a citation with a fine up to two thousand dollars ($2,000.00) per violation.

(2) In other non-CBD areas of the city, containers (except for detachable containers such as dumpsters or roll offs) shall be placed out for collection no sooner than 7:00 a.m. All containers shall be removed from the curb by 10:00 p.m.

(3) It shall be unlawful for the owner, manager, tenant or occupant of any business establishment or building, or the agent or employee of any such person to place, allow or suffer to remain after it has been emptied by the garbage collector, any container for solid waste, rubbish, or trash in, on, or about any street, plaza, park, sidewalk, or other public place, except in any alley in the rear or side of such premises or building.

(f) *Time of collection.* It shall be the duty of the person hauling solid waste, recycling, or grease and grit trap wastes, to comply with the time set for collection in this section. Time of collection is dependent on the location of the containers being serviced:

(1) In the Central Business District (CBD) as defined in section 14-1, collection of roll-out containers is permitted only between the hours of 10:00 p.m. and 5:00 a.m. The director of downtown operations may make exceptions for Fiesta, parades, and other city functions.

(2) In the Central Business District (CBD) as defined in section 14-1, there shall be no manual curbside collection of roll-out containers between the hours of 5:00 a.m. and 10:00 p.m.

(3) In the Central Business District (CBD) as defined in section 14-1, collection for dumpsters is permitted only between the hours of 6:00 p.m. and 10:00 p.m. and between the hours of 3:00 a.m. and 7:30 a.m.

(4) There is a designated "target zone" within the Central Business District (CBD), as defined in section 14-1. The "Target Zone" boundary consists of the area contained within N. St. Marys Street on the West, E. Commerce Street on the South, Losoya on the East, and Peacock Alley on the North. Within this "target zone," collection for dumpsters is permitted only between the hours of 6:00 a.m. to 7:30 a.m. and between 6:00 p.m. and 10:00 p.m. Only plastic dumpsters are allowed within the "target zone."

(5) In other (non-CBD) areas of the city there will be no collection of waste, recycling, or grease and grit trap wastes, from commercial properties between the hours of 10:00 p.m. and 7:00 a.m. and there will be no collection of waste or recycling from residential or multi-family properties between the hours of 10:00 p.m. and 7:00 a.m. In the absence of complaints from affected citizens within two hundred (200) feet, an automatic variance for collection from commercial properties between 10:00 p.m. and 7:00 a.m. is granted.

(g) *Commercial collection of special waste including hospital related wastes and infectious wastes.* These types of wastes will be collected in accordance with TDSHS regulations. The city reserves the right to amend this chapter 14 to

establish additional regulations for the safe handling, storage, and disposal of these types of waste. It shall be the duty of any person disposing of special waste to comply with TDSHS regulations.

(h) *Noise and public nuisance.* Collection of commercial refuse involves the use of heavy equipment, trucks, and large metallic containers such as dumpsters, which may create excessive noise in non-CBD areas. However, in the event of a complaint from an affected citizen, the following procedure shall be followed:

(1) Citizen shall first attempt to resolve the nuisance through contact with the commercial hauler.

(2) If the matter is unresolved, the citizen may contact the solid waste management department and request assistance from the city to mediate between the citizen and the commercial hauler.

(3) If the matter continues to be unresolved, the citizen may file a written complaint with the solid waste determination board and request a formal hearing.

Sec. 14-42. Reserved.

Sec. 14-43. Multi-family recycling.

(a) *Definitions.* For the purposes of this section, the following terms shall have the meaning shown:

Manager means a person, corporation, partnership or entity, who acts as an agent for the owner in managing a multi-family property.

Multi-family property means a property with three (3) or more residential dwelling units including but not limited to, apartments, townhomes, condominiums, high rise condominiums and San Antonio Housing Authority properties.

Owner means any persons, corporation, partnership or entity, or their agent (such as a condominium or homeowners association), jointly or severally, having an ownership interest in a multi-family property responsible for solid waste collection.

Recycling collection service means a property that is serviced by a recycling collector for recyclable materials.

Recycling collector means a person, firm, corporation, partnership or entity that collects recyclable material from multi-family properties within the city.

Recycling container means a container marked with signage clearly indicating that it is only to be used only for the collection of recyclable materials and with signage clearly indicating the types of recyclable materials accepted.

Recyclable materials mean those materials that are separated from garbage and trash for the purpose of recycling, such as, but not limited to, newspaper, mixed office paper, corrugated cardboard, kraft paper, aluminum and tin cans, magazines, steel aerosol cans, glass bottles, glass containers, plastic bottles and plastic containers with resin code mobius numbers 1—7.

Recycling facility means a recycling materials recovery or reuse facility.

Refuse means any mixture of putrescible and non-putrescible solid and semi-solid wastes including garbage and trash.

Self-haul when used in reference to recyclable materials generated by a multi-family property means the collection and transportation of such materials where an owner or employee or agent of the entity hauls the material to a recycling facility rather than hiring a recycling collector to perform this function.

Source separation means to divide solid waste at the place of generation, prior to collection, into separate containers that are designated for recyclable materials and refuse.

Tenant means a person or group that rents and occupies a residential space within a multi-family property from a multi-family owner for a period of time.

(b) *Requirements for owners or managers of multi-family properties.*

(1) Owners or managers of multi-family properties shall provide a recycling plan in accordance with subsection (b)(5) and shall provide recycling collection service in accordance with subsection (b)(6). Owners or managers of multi-family properties with four (4) or less units may apply to receive and pay for the city's curbside recycling and garbage service as provided by the department in section 14-30.

(2) Recycling collection service shall be provided in accordance with this chapter. Recycling collection service shall be required on a frequency sufficient to avoid containers which are overflowing.

(3) Owners or managers of multi-family properties must supply recycling containers through private contracts with their recycling collector or other appropriate means, placed in an appropriate location, to make the disposal of recycling material as convenient as garbage material and which offers equal access opportunity to a recycling container as a garbage container for tenants of the properties.

a. Recycling containers shall be of appropriate size and number for anticipated recyclables generated at the property.

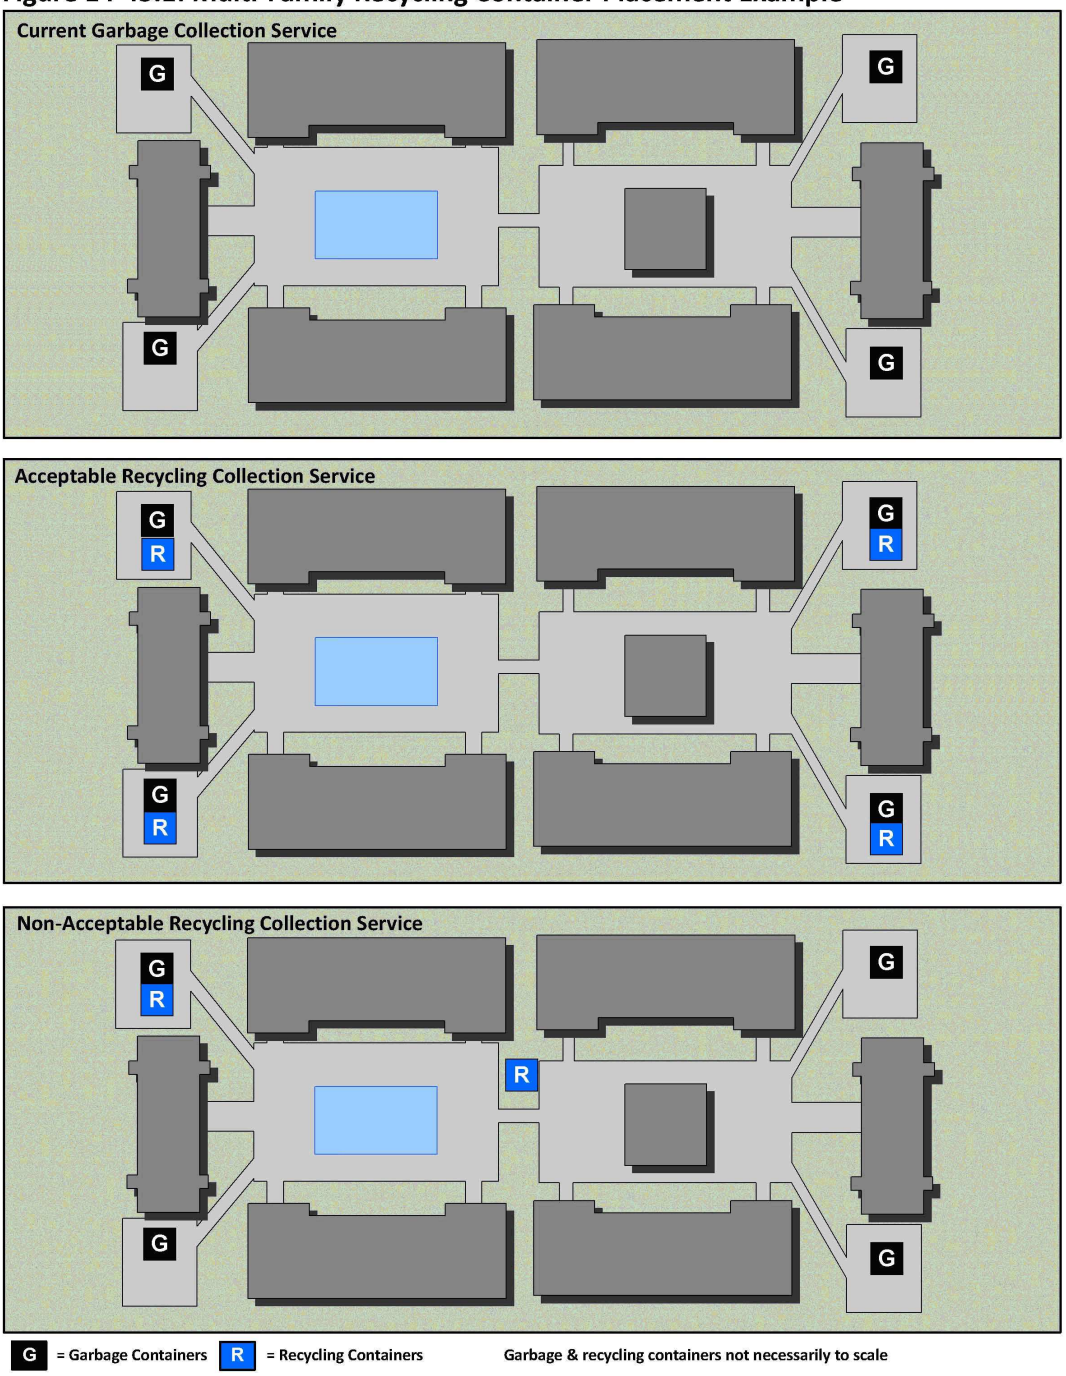
b. Recycling collection service shall be as convenient to the tenant as garbage collection service. Owner is required to have or to secure recycling collection service that allows for the placement of recycling containers as close as possible to garbage containers.

1. Should a complex offer door to door valet garbage collection service, then the recycling service should be of a similar nature.

2. Should a high rise complex have a designated chute for garbage collection service, then the recycling service should be of a similar nature or should be as convenient for the tenant.

c. Figure 14-43.1, multifamily recycling container placement example, demonstrates in a graphical manner what is meant by the "appropriate number" number of containers and the "convenient" placement of containers that will allow for equal access opportunities by tenants.

Figure 14-43.1: Multi-Family Recycling Container Placement Example



d. At a minimum, owners or managers of multi-family properties must provide clear and visible signage on the containers indicating:

1. The container is only for recyclable materials, and

2. The types of accepted recyclable materials.

e. This requirement does not prohibit owners or managers of multi-family properties from negotiating with a recycling collector to provide recycling containers as a provision of a service agreement or contract.

(4) Owners or managers of multi-family properties must ensure that tenants are educated about recycling services as follows:

a. Information, including the types of recyclable materials accepted and the location of recycling containers must be distributed to all tenants upon the commencement of providing recycling services and upon move-in of a new tenant.

b. All occupants must be given information and instructions upon any change in recycling services to the property.

(5) Prior to the multi-family property owner or manager initiating the start of recycling collection service in accordance with this section, a "recycling plan" must be developed and submitted to and approved by the department. The department will make forms for this plan available in both a printed form and in an electronic format.

a. All recycling plans will be due to the department no later than three (3) months prior to the indentified start time of the recycling services as follows:

1. For multi-family properties with three hundred (300) units or more, recycling plans must be submitted by April 1, 2011.

2. For multi-family properties with at least two hundred (200) units but not more than two hundred ninety-nine (299) units, recycling plans must be submitted by July 1, 2011.

3. For multi-family properties with at least one hundred (100) units but not more than one hundred ninety-nine (199) units, recycling plans must be submitted by October 1, 2011.

4. For multi-family properties with three (3) to ninety-nine (99) units, recycling plans must be submitted by January 1, 2012.

5. Owners or managers of new multi-family properties established or receiving a certificate of occupancy after the plan submission dates above shall submit a recycling plan to the department within thirty (30) days of receiving a certificate of occupancy.

6. If the recycling plan is rejected by the department, the owner or manager of the multi-family property has thirty (30) days from notification of the rejection to submit a revised plan for approval. A rejected plan will not constitute an acceptable excuse to not start the service by the date prescribed below.

b. Owners or managers of multi-family properties shall submit an update to their recycling plan to the department whenever one of the following occurs:

1. A change in the ownership or a change of management of the property.

2. A change in recycling collector services.

3. A change in the method of collection, such as a change in the types of containers.

(6) Recycling service and program implementation consistent with the approved recycling plan will be required to begin at all multi-family complexes by the following dates:

a. For multi-family properties with three hundred (300) units or more, recycling service must start on or before July 1, 2011.

b. For multi-family properties with at least two hundred (200) units but not more than two hundred ninety-nine (299) units, recycling service must start on or before October 1, 2011.

c. For multi-family properties with at least one hundred (100) units but not more than one hundred ninety-nine (199) units, recycling service must start on or before January 1, 2012.

d. For multi-family properties with three (3) to ninety-nine (99) units, recycling service must start on or before April 1, 2012.

e. Owners or managers of multi-family properties established or receiving a certificate of occupancy after the recycling service start dates above shall start recycling service on or before thirty (30) days of receiving approval for their recycling plan.

(7) The minimum parking required for the multi-family property may be reduced in order to provide adequate space for recycling container storage areas as required by this section. In such cases the recycling container storage area shall be screened in accordance with subsection 35-511(c).

(c) *Requirements for recycling collectors.*

(1) All recycling collectors shall register with the department prior to providing collection of recyclable materials. The department will make the registration form available in both a printed form and in an electronic format.

(2) Recycling collectors who collect recyclable materials generated from multi-family properties within the city shall deliver those recyclable materials to a recycling facility for processing.

(3) Recycling collectors shall submit an annual report to the department by March 1 of each year, documenting activities that occurred in the previous calendar year. The reporting requirement will go into effect on March 1, 2013 and will include data from calendar year 2012. Vendors who only provide valet collection and do not deliver recycling to a processor are exempt from reporting requirement. The department will provide a form to registered collectors for submitting their annual data.

a. Total number of living units served for such multi-family properties;

b. Total number of tons of recyclable material collected for such collection services;

c. The names and addresses of the recycling facilities to which the recyclable materials collected within the city were delivered for recycling;

d. Additional information as required by the director or his designee.

(4) An owner or manager of a multi-family property that elects to self-haul recyclable materials generated at such multi-family property shall be required to submit an annual report. Self haulers may opt to submit their annual reports through their material recovery facility.

(d) *Requirements for city.*

(1) Upon request, the department shall provide, in a printed form and an electronic format, educational and promotional material such as posters, introductory letters and signage to all owners or managers of multi-family properties upon submittal of an approved recycling plan.

(2) The department shall manage the components of the program by providing:

a. The property owner or manager with technical assistance in the development of the recycling plan.

b. Approval of the recycling implementation plan submitted by the property owner or manager.

c. Periodic site inspection to ensure compliance and to follow up on any complaints.

(3) The department will be responsible for collecting, tabulating and reporting on recycling data. Reports will be produced on an annual basis to report on the tons of materials recycled by the multi-family properties.

(e) *Enforcement.*

(1) The director or his designee shall have authority to designate personnel to enforce and to administer the provisions of this article. Those designated by the director or his designee may exercise any enforcement powers as set forth in sections 1-5 and 14-60.

(2) Such enforcement shall not hold owners or managers of multi-family properties responsible for tenants' participation or non-participation in the recycling program or for contamination of recyclable materials.

(3) In accordance with V.T.C.A., Local Government Code §§ 250.003 and 250.004, an individual who is an employee of the owner of a multi-family property cannot be cited for non-compliance with this section as long as he or she provides the owner's name, current street address and telephone number to the enforcement official.

(4) It is an offense for a person to do or perform any act prohibited in this section and it is an offense for a person to fail to do or perform any act required hereby. Each day's violation hereof shall constitute a separate offense for which the conviction shall be punished by a fine not to exceed two thousand dollars ($2,000.00). Violators of this section, pertaining to waste hauling, shall be subject to the penalties recited above. Should the court impose a fine in excess of five hundred dollars ($500.00), the finder of fact must find that the offense was committed knowingly, intentionally, or recklessly.

(Ord. No. 2010-12-09-1026, § 1, 12-9-10; Ord. No. 2013-01-31-0079, § 1, 1-31-13; Ord. No. 2020-01-30-0057, § 1, 1-30-20)

Sec. 14-44. Solid waste determination board established; composition; actions.

(a) The solid waste determination board is hereby established and shall consist of the solid waste management director, the planning and community development director, and the development services and code enforcement director or their designated representatives. The board shall convene upon request of an individual filing a written complaint pursuant to subsection 14-41(h)(3). The board shall have the power to revoke the automatic variance granted in subsection 14-41(f)(5). In determining whether the collection of commercial refuse created excessive noise, the board shall cause a copy of the board's order and written complaint to be served upon the accused by certified mail, return receipt requested at least twenty (20) days before the date appointed in the order for the hearing. Where the accused is a corporation, notice shall be hand delivered to the president, any vice-president, or registered agent of the corporation at its registered office. In the event that the president, any vice-president, or registered agent cannot with reasonable diligence be found at the registered office, duplicate copies of the notice shall be sent to the secretary of state by certified mail, return receipt requested. The accused may appear in person or by counsel, or both, at the time and place named in the order, and make his defense to the same. If the complainant fails to appear, the complaint shall be dismissed. If the accused fails or refuses to appear, the board may proceed to hear and determine the charge in his

absence. If the accused pleads guilty, or if upon a hearing of the charges, the board, by a vote, finds the complaint to be true, it may enter an order revoking the automatic variance granted in subsection 14-41(f)(5) at the location in question and assess an administrative penalty. The action of the solid waste determination board in revoking (or not revoking) the automatic variance and the assessment of a penalty shall be appealable by the commercial hauler (or the complainant) in a court of competent jurisdiction within thirty (30) days after the date of hearing.

(b) It shall be unlawful for any person, or his agent or employee, whose automatic variance at a specified location in non-CBD areas has been revoked, to collect commercial refuse at the specified location in non-CBD areas between the hours of 10:00 p.m. and 7:00 a.m. and continued violations shall result in an administrative penalty of up to $500.00 per violation.
(Ord. No. 2010-11-04-0955, § 1(Att. I), 11-4-10; Ord. No. 2015-03-05-0158, § 1, 3-5-15; Ord. No. 2015-09-10-0760, § 1, 9-10-15)

ARTICLE V. PROHIBITIONS

Sec. 14-45. General prohibitions.

(a) Violation; penalty. It shall be unlawful for a person to intentionally, knowingly, or recklessly do or perform any act prohibited hereby, and it is an offense for a person to fail to do or perform any act required hereby. Each day's violation hereof shall constitute a separate offense. Upon conviction, any violation hereof shall be punished as provided in section 1-5 of this Code, except that any person, firm, corporation or agent or employee thereof who violates any of the provisions of section 14-46 and 14-47 shall be fined an amount not less than one hundred dollars ($100.00) and not more than two thousand dollars ($2,000.00). However, in the event a defendant has once previously been convicted under this article, the defendant shall be fined an amount no less than two hundred dollars ($200.00) and shall be fined no less than three hundred dollars ($300.00) for a third conviction and for each conviction thereafter. Should the court impose a fine in excess of five hundred dollars ($500.00), the finder of fact must find that the offense was committed knowingly, intentionally, or recklessly.

(b) Unfranchised residential collection prohibited. Except for private, residential garbage collection service which may be provided to dwellings which are exempted under subsection 14-30(d), it shall be unlawful for a person to provide or attempt to provide garbage collections service within the city to dwellings of the type enumerated in subsection 14-30(a) without first obtaining from the city a franchise to conduct such business on public streets.

(c) Tampering with and defacing containers.

(1) It shall be unlawful for any person, other than one legally authorized by the director, to remove, displace, injure, deface, destroy, uncover, or in any manner remove, withdraw, or disturb any part or portion of the contents.

(2) It shall be unlawful for any person to tamper with, injure, or deface any collection system or collection container for solid waste in the city.

(d) Placement of public refuse containers. It shall be unlawful for a person to place public trash containers upon the streets, plazas, parks and other public property of the city for the reception of such trash without the consent of the city given by the director.

(e) Scavenge or salvage. It shall be unlawful for any person to scavenge or salvage refuse, recyclables, or organics without written consent of the director or without written consent of the generator of the solid waste or recyclables.

(f) Placement. It shall be unlawful for the owner of a vehicle to park a vehicle within three (3) feet of a collection container on collection day.

(g) Cul-de-sacs. It shall be illegal for vehicles to be parked head-in in a cul-de-sac so as to impede collection on collection day. Because head-in cul-de-sac parking blocks collection containers, limiting access or preventing collection, collection will not be provided when such is the case. Vehicles parked in a cul-de-sac shall be

parked parallel with the flow of traffic with both front and back wheels on the passenger side within eighteen (18) inches of the curb.

[This page intentionally left blank.]

(h) Non-compliant loads. The city shall not provide solid waste collection services if one (1) or more of these conditions occur:

(1) Loads placed for collection which do not meet requirements as set out by this chapter will not be serviced by the city and will be the responsibility of the owner, manager, tenant or occupant of any dwelling, building or premises to correct the situation immediately.

(2) It shall be unlawful for any person to place for collection by the city any earth, rock, gravel, construction and demolition materials, or other prohibited waste. Debris generated as a result of land-clearing is prohibited.

(3) It shall be unlawful for any person to place broken glass, ashes, or manure in any container without first wrapping materials securely in paper or some other type of non-combustible material. These materials must be placed in the refuse container and not the recycling container.

(4) No large metal machinery or automotive parts will be collected.

(5) It shall be unlawful for any person to place for collection by the city any liquids in containers.

(6) It shall be unlawful for any person to place syringes from home health care in any refuse container without first securely enclosing them in a sealed canister or bottle. Syringes shall not be placed in recycling or organics containers.

(7) It shall be unlawful for any person to place in a recycling or organics container for collection by the city any item other than those items listed as acceptable materials for the respective program.

(8) After having provided notice to offending resident, enforcement options available for chronic violators of recycling and organics collection program requirements include, but are not limited to:

a. Non-collection with no reduction in fees.

b. Removal of recycling or organics collection container, with no reduction in fees.

c. Provision of additional refuse container(s) and assessment of additional monthly fee(s).

d. Assessment of a fee in the form of a recycling or organics non-compliance contamination fee, or a non-compliance diaper contamination fee, depending on the type of contamination in the recycling or organics container, in the amount as provided in section 14-30, per occurrence.

(9) It shall be unlawful for any person living outside the city limits to bring garbage in to the city for collection by city crews.

(10) It shall be unlawful for any person to place at or near curbside or to allow to remain at curbside any waste, regardless of character, for collection, intended collection, or to place or allow any such waste to rest or remain at or near curbside for purposes of temporary storage, regardless of disposal intent, which material rests or remains at or near curbside in excess of any 48-hour period, inclusive of weekends and holidays. It shall be an affirmative defense to a violation of this prohibition that the responsible person placed the material at or near curbside or allowed the material to rest or remain there in response to official written notice from the city that instructed such waste placement in comportment with a designated or specially scheduled city collection event (e.g., the city's brush and bulky waste collection program).

(11) It shall be unlawful for anyone other than the person who has control of the premises who has been issued city containers to place materials in said person's containers.

(12) It shall be unlawful for anyone other than the city to remove automated containers from the address they were issued.

(i) The director of the solid waste management department or his designee, director of public works, director of code enforcement services, and the director of the Metropolitan Health District have authority and discretion to direct collection and disposal of otherwise impermissible waste left at or near curbside in violation of this chapter when in the respective judgment of any one of them, the public health, safety or welfare requires removal and legal disposal of such waste, and in such case the responsible party, deemed to be the owner of the property benefitted or person in control of the premises, shall pay the city its reasonable costs for loading, transport, and due disposal of the material plus an administrative fee of ten (10) percent which administrative fee is here deemed reasonable and necessary due to the small and irregular volumes of individual waste to be addressed by this provision for benefit of the health, safety, and welfare, and for which volumes economies of scale and schedule will not be possible. (This fee is separate and independent of any other fees recited in this chapter.) Any such costs may include testing and/or analysis of material necessary to its safe and legal disposal. Even if such tests show a benign character capable of disposal as municipal solid waste or household hazardous waste, the benefitted property owner or responsible person shall be responsible for such charges when in the opinion of any of the directors referenced above, such testing was necessary to verify worker safety or legal options for disposal or any other health or safety concern of the city official. Costs for such extraordinary city services may and shall attach as a lien to the benefitted property when perfected according to law under such conditions as state law may allow under authority of the Texas Health and Safety Code and as further authorized by this Code at subsection 14-65(b) et seq., and section 14-64, for issuance of service to fix a lien.

(j) It is the affirmative duty of any person responsible for solid waste to ensure and perform legal disposal of solid waste. Persons responsible for solid waste are property owners, tenants/occupants, or generators. Persons alleged to be in violation of this chapter must present to the judge or trier of fact a true and credible receipt from a duly licensed and regulated landfill or disposal facility to demonstrate the waste in question has been legally and properly disposed according to its character (type of material).

(k) No collection in alleys. It shall be unlawful for any person to place brush, bulky waste or any form of debris in alleys.

(l) Refusing material for disposal, deposit, or recycling. The director or the director's authorized representative, shall have the right to refuse acceptance of any material for disposal or deposit for recycling at any city-owned facility when, in his/her opinion, such material poses by its nature a threat to the health and safety of any employee, may result in pollution of the environment, pose a detriment to the site, or violate state operation permits as a result of its disposal or deposit in facility or site area. This discretionary authority pertains to any city operated facility, including, but not limited to, brush recycling facilities, the city's household hazardous waste site(s), and any other fixed or temporary sites used by the city for purposes of solid waste management.

(m) It shall be unlawful for the owner, manager, tenant or occupant of any premises or building within the city, or the agent or employee of any such person to place, allow or suffer to remain after it has been emptied by the city or city's contractor, any container for solid waste, rubbish, or trash in, on, or about any street, plaza, park, sidewalk, or other public place, except in an alley in the rear of such premises.
(Ord. No. 2010-11-04-0955, § 1(Att. I), 11-4-10; Ord. No. 2013-01-31-0079, § 1, 1-31-13; Ord. No. 2015-09-10-0760, § 1, 9-10-15; Ord. No. 2018-03-29-0204, § 1, 3-29-18)

Sec. 14-46. Burning of solid waste.

It shall be unlawful for any owner, manager, tenant, and/or occupant of any dwelling unit, building, and/or premises to burn solid waste on any premise within the city, unless approval has been granted by the TCEQ and the fire department.
(Ord. No. 2010-11-04-0955, § 1(Att. I), 11-4-10)

Sec. 14-47. Objectionable or unsightly matter and dumping declared public nuisances.

(a) It shall be unlawful and declared a nuisance for any person owning, claiming, occupying, or having supervision or control of any real property, occupied or unoccupied, within the corporate limits of the city or its extraterritorial jurisdiction to permit or allow any refuse, rubbish, trash,

[This page intentionally left blank.]

debris, filth, carrion, junk, garbage, impure or unwholesome matter of any kind, or other objectionable or unsightly matter of whatever kind to remain upon any such real property, or within any public easement on or across such real property, or upon any adjacent public street or alley right-of-way between the property line of such real property and where the paved surface of the street or alley begins, or that is visible from another's property.

(b) It shall be unlawful and declared a nuisance for any person, entity, or an agent or employee for a person or entity to cast, throw, drop, place, sweep, deposit, accumulate, or spill refuse, rubbish, trash, debris, filth, carrion, junk, garbage, impure or unwholesome matter of any kind, or other objectionable or unsightly matter of whatever kind in or upon any street, sidewalk, park, canal, stream, drain, sewer receiving basin, or any other public or private property within the city or its extraterritorial jurisdiction, except as provided in this chapter.
(Ord. No. 2010-11-04-0955, § 1(Att. I), 11-4-10)

Secs. 14-48—14-59. Reserved.

ARTICLE VI. ENFORCEMENT AND PENALTIES

Sec. 14-60. Enforcement program.

(a) All officials duly authorized, including but not limited to peace officers of the state, and those authorized by statute to issue citations for Class C criminal misdemeanors, may assist the city in enforcement of this chapter.

(b) Additionally, the directors of the departments of solid waste management, public works, code enforcement services, and the Metropolitan Health District shall have authority, at their discretion, to designate trained personnel to issue notices of violation (NOVs) and to make accompanying affidavits to support prosecution as part of the city's ongoing efforts to regulate and manage wastes for benefit of the public health, safety, and welfare, in coordination with the office of the city attorney, the municipal courts, the police department, the Texas Commission on Environmental Quality, and any agencies with jurisdictional interests in solid waste regulation and management.

ARTICLE VII. LOT CLEARANCE

Sec. 14-61. Declaration of public nuisances; areas required to be kept clear; duty of property owners; time period to abate.

(a) As provided by V.T.C.A. Health and Safety Code, ch. 342, V.T.C.A. Local Government Code, chs. 51 and 54, and the home-rule powers of the city, the following conditions are found to be a threat to the public health, safety, and/or welfare and are declared a public nuisance; the prompt abatement of which is a public necessity:

(1) Wherever a lot or parcel contains weeds and/or brush over twelve (12) inches in height within one hundred fifty (150) feet of the curb line of adjacent streets and where no curb exists, to the edge of the street or road surface, or within one hundred fifty (150) feet of a property line belonging to another.

(2) All lots and parcels of land within the city shall be kept completely free and clear of garbage, trash, debris, rubbish, waste, wood and metal scrap, inoperative or abandoned appliances and furniture. Weed and grass cuttings, however, need not be removed unless they will be of such quantity as to be a hazard to pedestrians and notice is issued by the director of development services ("director") or designee to the property owner, tenant or occupant.

(3) Bamboo growth that crosses the property line of another.

(4) If a tract of land is smaller than three (3) acres, the entire tract shall be kept free of weeds and brush over twelve (12) inches in height.

(b) It is the duty and responsibility of the owner of a lot or parcel of land within the city to keep and maintain said lot or parcel of land free of public nuisances.

(c) The owner of the lot or parcel must abate any public nuisance within seven (7) calendar days after the date the notice is mailed.
(Ord. No. 2010-11-04-0955, § 1(Att. I), 11-4-10; Ord. No. 2011-09-29-0788, § 2, 9-29-11)

Sec. 14-62. Issuance, service of notice.

(a) Whenever the director of development services receives information of the existence of any lot or parcel that contains a public nuisance as defined by this Code, the director of development services or sanitarian shall cause written notice to be issued to the owner of the lot or parcel of the violation provided that notice shall not be required prior to abatement of violations described in section 14-65.

(b) Unless specified otherwise, notice shall be provided in one (1) of the following forms:

(1) Personally in writing.

(2) By letter mailed to the owner's address as recorded in the Bexar County Appraisal District records and by posting the notice on a placard attached to a stake driven into the ground on the lot or parcel to which the violation relates.

(3) If service cannot be obtained by the above, then notice shall be given by one (1) of the following:

a. By publication at least once.

b. By posting the notice on or near the front door of each building on the lot or parcel to which the violation relates.

c. By posting the notice on a placard attached to a stake driven into the ground on the lot or parcel to which the violation relates, if the lot or parcel contains no buildings.

(c) When the known owner is a corporation, notice shall be served or addressed for delivery to the president, vice-president, or registered agent of the corporation. When the corporation shall fail to appoint or maintain a registered agent, or when ever its officers or registered agent cannot with reasonable diligence be found at the registered office, duplicate copies of the notice may be served on the secretary of state by sending said duplicate copies by certified mail, return receipt requested.

(d) Unless specified otherwise, notice under this article shall contain all of the following items:

(1) An identification, which is not required to be a legal description, of the lot or parcel.

(2) A description of the Code violations that occurred on the lot or parcel.

(3) The time period, as provided in this article, in which the owner must abate the nuisance.

(4) A statement noting that upon failure of the owner to abate the situation within such time period, the city may cause the correction and abatement work to be done on its own and charge the owner for the expense involved as set out in this article, and upon failure of the owner to pay the city for such expense, the city may fix a lien on the lot or parcel for the expense involved.

(d) The city may also inform the owner that if the owner commits another violation of the same kind or nature that poses a danger to the public health and safety on or before the first anniversary of the date of notice, the city, without further notice, may correct the violation at the owner's expense and assess the expense against the lot or parcel.
(Ord. No. 2010-11-04-0955, § 1(Att. I), 11-4-10; Ord. No. 2011-09-29-0788, § 2, 9-29-11)

Sec. 14-63. Unlawful noncompliance; fines.

(a) It shall be unlawful for the owner of any land within the city to knowingly, recklessly, or with criminal negligence fail to have any weeds, brush, or rubbish mowed, cut, removed, or otherwise bring property into compliance with the standards set forth in section 14-61.

(b) Upon conviction for violation hereof, the owner shall be fined an amount no less than one hundred dollars ($100.00) and not more than two thousand dollars ($2,000.00) provided, however, in the event a defendant has once previously been convicted under this article, the defendant shall

be fined an amount no less than two hundred dollars ($200.00) and shall be fined no less than three hundred dollars ($300.00) for a third conviction and for each conviction thereafter. Each day a violation is permitted to exist shall constitute a separate offense.

(c) Prosecution for offenses under this section shall not affect the right of the city to abate the nuisance in a manner provided by this article, nor shall abatement by the city be a bar to prosecution for the offenses.
(Ord. No. 2010-11-04-0955, § 1(Att. I), 11-4-10)

Sec. 14-64. Abatement by city; payment of costs by owner; imposure of lien for nonpayment; removal of trees for access; alleyway clearance.

(a) If the owner fails to comply with the terms of this article within seven (7) days of notice of a violation, the city may cause the work necessary to abate the violation to be done at the owner's expense.

(b) Whenever the city shall abate a violation as provided by this article, the director of development services may select a private contractor to cut the vegetation and/or clean the land to bring the lot or parcel into compliance.

(c) Unless otherwise provided for in this article, administrative staff may conduct a review of the abatement procedures to ensure compliance with this article.

(d) The city shall assess costs to the owner for all work done or improvements made as is needed to bring any lot or parcel into compliance with this article, including an administrative cost of two hundred fifty dollars ($250.00) and cause the expense hereof to be assessed on the real estate, lot or lots upon which such expense is incurred.

(e) A statement of the costs incurred by the city shall be mailed to the owner in a manner provided for in this article. The statement shall demand payment within thirty (30) days from the date of mailing. Said statement shall serve as notice of completed abatement under this section.

(f) If such statement has not been paid within such period, the city may file a statement of expenses incurred with the Bexar County Clerk stating the owner's name, if known, and the legal description of the lot or parcel. The statement of expenses or a certified copy of the statement shall be prima facie proof of the expenses incurred. Such statement shall be and the city shall have a privileged lien for expenditures made and interest accruing in the manner provided for in V.T.C.A., Health and Safety Code § 342.007(c). Such liens shall be inferior only to tax liens and liens for street improvements. The city may foreclose such liens in a proceeding brought in accordance with applicable law. The remedy allowed in this subsection shall not be the city's sole remedy.

(g) It may be necessary at times to remove trees or parts thereof in order for the city to effect entry of mowing or clearing equipment. In such cases, trees or parts thereof may be removed if there is no other reasonable means to effect such entry and shall be limited to the extent necessary to do so. Any tree which is six (6) or more inches in diameter at fifty-four (54) inches above the ground should not be removed without coordination with the city arborist. The cost of this work shall be included in the cost charged to the owner.

(h) It shall be the duty of an owner, tenant or occupant of properties abutting an alleyway to keep the alleyway clear of obstructions caused by intruding and overhanging brush and/or tree limbs. There must be a clearance of at least fourteen (14) feet high by fifteen (15) feet wide for vehicles to enter the alley and the alley bed must be reasonably free of debris and passable to the vehicle.
(Ord. No. 2010-11-04-0955, § 1(Att. I), 11-4-10; Ord. No. 2011-09-29-0788, § 2, 9-29-11; Ord. No. 2025-09-18-0629, § 2(Att. C), 9-18-25)

Sec. 14-65. Summary abatement by city.

(a) Any violation of section 14-61 occurring within one thousand (1,000) feet of public or private elementary school, middle school, high school, or daycare property lines is hereby declared

to be a public health and safety emergency, and the city shall, without prior notice, summarily abate these violations.

(b) Weeds within the location parameters enumerated in section 14-61 which are in excess of forty-eight (48) inches in height and are an immediate danger to the health, life, or safety of any person may, without prior notice, be abated by the city.

(c) A second or subsequent violation of the same kind or nature that poses a danger to the public health and safety which occurs on or before the first anniversary of the date of notice of the previous violation may, without prior notice, be abated by the city.

(d) Expenses incurred in such summary abatements shall be assessed to the owner and a lien created in the manner provided for in this article.

(e) No later than the tenth day after the date of summary abatement, the owner of the lot or parcel shall be notified in accordance with this article. The notice shall contain the following items:

(1) Identification, which is not required to be a legal description, of the lot or parcel;

(2) Description of the violations that occurred on the lot or parcel;

(3) Statement that the city has abated the violation;

(4) Date the city completed the abatement;

(5) Statement that the owner will be charged for the expense involved as set out in this article, and upon failure of the owner to pay the city for such expense, a lien may be fixed on the lot or parcel for the expense involved; and

(6) A statement of the owner's right to request an administrative hearing to appeal the city's summary abatement actions.

(Ord. No. 2010-11-04-0955, § 1(Att. I), 11-4-10)

Sec. 14-66. Owner's right to hearing of summary abatement.

(a) Any affected owner may request an administrative hearing by filing a written request with the director of development services not later than the 30th day after the date of the summary abatement.

(b) The hearing shall be conducted not later than the 20th day after the date the request is filed unless otherwise waived by the owner. The owner may testify, present witnesses, or offer written information related to the city's summary abatement.

(c) The administrative hearing shall be conducted before the city's board charged with declaring public nuisances in accordance with its hearing rules and procedures. After taking testimony the board may uphold or reverse the determination of the director of development services.

(Ord. No. 2010-11-04-0955, § 1(Att. I), 11-4-10; Ord. No. 2011-09-29-0788, § 2, 9-29-11)

Sec. 14-67. Remedies not exclusive.

The remedies set forth in this chapter are cumulative of all other remedies available to the city relating to the subject matter hereof. Specifically, the city attorney may institute any legal action to enforce this chapter or enjoin or otherwise cause the abatement of any condition described in this chapter, as well as for the recovery of all expenses incurred in connection therewith, including without limitation administrative and legal expenses, attorney's fees and costs, and for civil penalties as provided by law.

ARTICLE I. IN GENERAL

Sec. 15-1. Assistance to needy persons; qualifications for participants; prescribing regulations and payment.

(a) Pursuant to the provisions of section 3, paragraph 12 of the charter of the city, needy persons who are in need of the basic necessities of life due to incapacity or unemployability because of physical or mental illness or handicap or disabling accident, or who are in such need because of the death, desertion, incarceration or enforced absence of the head of a family, and who are in such need because they are not eligible for assistance under the provisions of the state welfare act or under the provisions or any of the laws of the state, shall be eligible for public assistance funds appropriated by the city to provide for them the basic necessities of life.

(b) The director of welfare shall prescribe specific eligibility requirements and payments, which may be more restrictive than those contained in this section, subject to approval of the city manager
(Code 1959, § 18-4; Ord. No. 23885, 1, 11-1-56; Ord. No. 36767, § 1, 8-22-68)

Sec. 15-2. Fees for services from health department.

(a) In cases where individuals are covered by Medicaid or private insurance, the city's STD, tuberculosis and immunization clinics will bill Medicaid or the individual's private insurance company for clinic fees at the applicable Medicaid or private insurance company's reimbursement rate. Individuals not covered by Medicaid, private insurance or a qualified immunization program, may be assessed fees on a sliding scale based on the patient's family income. No patient otherwise qualified to receive health clinic services will be denied said services based on an ability to pay the established fee.

(b) Individuals not covered by the provisions in subsection (a) who receive vaccinations from the health department will reimburse the health department based on the current fee schedule of the vaccine used, plus all applicable administrative fees.

(c) All individuals, organizations and and/or businesses, including foster homes, requesting health department inspections for any type of facility or establishment not currently regulated or licensed elsewhere in this Code shall pay a sixty dollar ($60.00) fee for the initial inspection. Correction of violation(s) is to be verified by the health department after receiving written notification from the permit holder that the violations have been eliminated or at the end of the specified period of time and be noted on the inspection report and in the health department's records. All fees shall be paid before the inspections are performed. Fees collected under this section shall be deposited into the city general fund.

(d) Non-food or environmental re-inspections, which shall include but not be limited to the re-inspection of swimming pools and spas, day care facilities, foster homes, hotels/motels, rendering, smoking violations, air pollution sources, and mobile living parks, are established as follows:

Cost of reinspection shall be:

First reinspection	$100.00
Second reinspection	115.00
Third reinspection.	125.00
Fourth reinspection	150.00

(e) The administrative service fee charged by the health department for all office visits for non Medicaid patients is hereby established at fifteen dollars ($15.00).

(f) A fee of two dollars ($2.00) is hereby established for a protective cover for birth and death certificates.
(Code 1959, § 18-5; Ord. No. 54275, §§ 7-9, 9-17-81; Ord. No. 57568, §§ 6, 7, 9-15-83; Ord. No. 67911, § 9, 9-15-88; Ord. No. 71256, 3-22-90; Ord. No. 72269, § 11, 9-13-90; Ord. Sec. 15-3. Fees for emergency medical services.

(a) The fee for the transportation (transport) of patients requiring basic life support emergency medical services is one thousand five hundred dollars ($1,500.00) per patient plus twelve dollars ($12.00) per mile. The fee for the transportation (transport) of patients requiring advanced life support level I emergency medical services is one thousand five hundred dollars ($1,500.00) per patient plus twelve dollars ($12.00) per mile. The fee for the transportation (transport) of patients requiring advanced life support level II emergency medical services is one thousand five hundred dollars ($1,500.00) per patient plus twelve dollars ($12.00) per mile. In addition to the transportation fee, a surcharge of one hundred dollars ($100.00) is assessed to each nonresident patient who is transported for emergency medical services. A nonresident is any person who does not permanently reside within the territorial limits of the city or who resides within the territorial limits of an adjoining incorporated city which does not have a contract with the city to provide emergency medical services.

(b) The fee for an emergency medical services call which does not require transportation (non-transport) is one hundred dollars ($100.00) per patient.

(c) The fee for the transportation of a deceased person to the morgue is seventy dollars ($70.00).

(d) There is hereby established the following schedule of fees to be paid to the city by each patient who is provided or administered the listed emergency medical supplies, medications, or services, per each use:

	Per Use
(1) Albuterol	$5.00
(2) Dextrose	5.00
(3) Epinephrine	5.00
(4) Atrophine	5.00
(5) Naloxone	10.00
(6) Normal saline	5.00
(7) Bandaging	10.00

Editor's note—Ord. No. 2014-09-18-0694, § 2(Att. E), adopted September 18, 2014, changed the title of section 15-4 from "Fee for water bacteriology test" to "Health department laboratory fees." The historical notation has been preserved for reference purposes.

Sec. 15-5. Reserved.

Editor's note—Ord. No. 2014-09-18-0694, § 2(Att. E), adopted September 18, 2014, repealed the former section 15-5 in its entirety, which pertained to the fee for water lead test, and derived from Ord. No. 67911, § 11, adopted September 15, 1988, and Ord. No. 94584, § 14, adopted September 20, 2001.

Sec. 15-6. Consulting fees.

(a) A consulting fee is established to be charged to institutions, organizations and individuals utilizing health department data, patients and/or facilities in research and/or demonstration projects. This consulting fee shall be two hundred fifty dollars ($250.00) per project or one-half (0.5) percent of the total project cost, whichever is higher. Consulting fees shall not be charged to research and/or demonstration projects that are cosponsored by the health department and in which the health department receives other project related financial support.

All potential research and/or demonstration projects that will utilize health department data, patients and/or facilities must be reviewed by the health department institutional review board and receive approval from the said board.

(b) A consulting fee is established to be charged to individuals and establishments requesting consulting services from the food and environmental division of the health department. This consulting fee shall be one hundred thirty-five dollars ($135.00) per hour with a one-hour minimum.

(c) Fees collected under this section shall be deposited in the city general fund.

(d) The established consulting fees shall be paid before consulting activities related to the health department can take place.
(Ord. No. 67911, § 12, 9-15-88; Ord. No. 2015-09-10-0758, § 2(Att. E), 9-10-15)

Sec. 15-7. Immunization record copy fee.

Individuals requesting copies of immunization records shall pay a fee of four dollars ($4.00) per record issued. Fees will only be charged for replacement records; the initial immunization record will be issued at no charge as a part of the routine immunization process.
(Ord. No. 67911, § 13, 9-15-88; Ord. No. 94584, § 16, 9-20-01; Ord. No. 99735, §§ 5, 6, 9-16-04)

ARTICLE II. COMMUNICABLE DISEASES

DIVISION 1. GENERALLY

Sec. 15-21. Vaccination prerequisite to admission to schools.

No child or other person shall be permitted to attend any of the public schools, or any place of education within this city, unless such child or other person shall first present a certificate from some duly qualified physician to the director of public health that such child or other person has been successfully vaccinated as required by state and local school district regulations. Such certificate shall give a description of such child or person, his age and nationality, the kind of vaccination used, and such other information as the director of public health may require, for which purpose the director of public health shall furnish the necessary blanks to all persons requiring the same.
(Code 1950, § 14-3; Code 1959, § 18-9)

Sec. 15-22. Certificate of vaccination.

The director of public health, or his assistant, shall give a certificate of such vaccination, or certify to the correctness of such certificate presented from some other physician, and such certificate, or certified certificate, shall be presented to the superintendent, principal or teacher of the school at which such child or person seeks to be admitted, before admission.
(Code 1950, § 14-4; Code 1959, § 18-10)

Sec. 15-23. List of vaccinated or unvaccinated persons in schools.

It shall be the duty of all persons conducting any place or institution of education within the limits of the city to furnish the director of public health, whenever so required, a list by name of all teachers, pupils, employees and other persons connected

therewith, if vaccinated, and if not vaccinated such statement shall so show. The director of public health may require the certificate of such duly qualified physician that such teachers, pupils, employees and other persons connected therewith, have been successfully vaccinated within five (5) years preceding the date of such report, such certificate to give such description and other particulars to be furnished on such blanks as are provided for in section 15-21.
(Code 1950, § 14-5; Code 1959, § 18-11)

Sec. 15-24. When vaccination compulsory.

Whenever in the opinion of the director of public health it is necessary for the public health, or the health of any such place or institution of education, that all teachers, pupils, employees or other persons therewith connected be vaccinated, the board of health may require such vaccination within such period of time and under such regulations as the director of public health may require.
(Code 1950, § 14-6; Code 1959, § 18-12)

Sec. 15-25. Diseased persons, notification.

It shall be unlawful for any person afflicted with any communicable disease to be or remain in this city, or for any physician to treat any such afflicted person, or for any person to keep, nurse or care for any such afflicted person, unless notice of the presence of such contagious disease be given to the director of public health as required in this article and also unless such afflicted person be kept, cared for and treated under the conditions prescribed in this article. The presence and treatment otherwise than as aforesaid of any person afflicted with a contagious disease is hereby prohibited and declared to be a public nuisance and a menace to the health of the city, which it shall be unlawful for any person to permit, maintain or continue in any apartment or on any premises in this city owned, or occupied or controlled by him.
(Code 1950, § 14-1; Code 1959, § 18-8)

Sec. 15-26. Standard of care of diseased persons required.

(a) Every person in this city afflicted with a contagious disease, whether in any hospital, either public or private or on private premises, shall be kept, cared for and treated under the following conditions:

(1) *Room.* The room or apartment in which the patient shall be kept shall be clean and shall have sound and tight walls, roof, floor, windows and doors. It shall have ample and suitable facilities for light and ventilation, and such room shall be so situated or arranged as to be completely shut off and isolated from members of the family, or other persons not authorized by the health authorities to enter such room. All furniture, bedding and other things in such room shall be kept at all times in a clean and sanitary condition.

(2) *Physician.* A legally qualified physician shall be in attendance on the patient, and shall make not less than one visit to such patient each day prior to convalescence.

(3) *Nursing.* The patient shall be placed and remain at all times prior to convalescence in the care of a trained nurse who shall be constant attendance.

(4) *Food, drugs and supplies.* The patient shall be regularly provided with proper and sufficient food, drugs, and medical supplies suited to the case.

(b) The enumeration of the foregoing conditions shall not be held to excuse the absence or neglect of any other requirements duly made by law, ordinance or the director of public health.
(Code 1950, § 14-7; Code 1959, § 18-13)

Sec. 15-27. Hospitalization of diseased persons, when required.

Whenever it shall appear to the director of public health that any person in this city is afflicted with any contagious disease, and that such person is not being kept, cared for, or treated in compliance with the requirements of this article, or any other requirements or restrictions imposed by law upon such person, or that such person neglects, fails or refuses to observe and obey any law for such cases made and provided, it shall become the duty of the director of public health, and he is hereby authorized and directed to pro-

ceed to remove, or cause to be removed, at once such afflicted person to the contagious diseases annex of the county and city hospital or to any other public hospital which may be established by ordinance of this city for the purpose of treating contagious diseases, where such afflicted person shall be kept, cared for and teated under the direction of the director of public health and at public expense. At the option of the patient, he may be removed to any other hospital willing to receive the patient, and, in the option of the director of public health, able and willing to provide the required isolation, care and treatment.
(Code 1950, § 14-8; Code 1959, § 18-14)

Sec. 15-28. Removal of diseased persons.

No person shall remove a smallpox or cholera patient or person suffering with any disease, without the consent of the director of public health or his assistants. Such person may, however, be removed to the hospital, pest house or such other place as the director of public health may designate.
(Code 1950, § 14-10; Code 1959, § 18-15)

Sec. 15-29. Tampering with notices of presence of disease.

It shall be unlawful for any person to remove or cause to be removed from any house, wall, fence, or other place, any placard, bill or other notice announcing the existence of a contagious disease within or upon the premises; provided, the director of public health may by written order permit the removal of such placard, bill or notice.
(Code 1950, § 14-11; Code 1959, § 18-16)

Sec. 15-30. Circulation of false rumors of disease.

It shall be unlawful for any person within the corporate limits of the city falsely or willfully or wantonly to circulate or cause to be circulated any report to the effect that any contagious or infectious disease exists in the city.
(Code 1950, § 14-12; Code 1959, § 18-17)

Secs. 15-31—15-40. Reserved.

DIVISION 2. VENEREAL DISEASES

Sec. 15-41. Duty of person to report.

Every person within the city who shall be afflicted with any venereal disease shall immediately report such fact to the director of public health, and place himself under the care of some competent physician, or person authorized to prescribe or treat such disease, or if unable to procure the proper treatment for such disease shall report this fact to the director of public health.
(Code 1950, § 14-13; Code 1959, § 18-18)

Sec. 15-42. Duty of parent or guardian of minor to report.

If any minor living with his parent or guardian in the city shall be afflicted with any venereal disease, such parent or guardian shall, immediately upon discovering the existence of such disease, make report thereof to the director of public health as required of all other diseased persons under section 15-41.
(Code 1950, § 14-14; Code 1959, § 18-19)

Sec. 15-43. Who may prescribe treatment.

No druggist nor any other person, except a legalized practitioner of medicine, shall be permitted to prescribe, sell or give any remedy, proprietary, patent or other medicine, for the treatment of venereal diseases.
(Code 1950, § 14-15; Code 1959, § 18-20)

Sec. 15-44. Venereal clinic.

There is hereby established and provided a suitable clinic, as determined by the director of public health, as a place for the detention and custody of persons who may be subject to quarantine for venereal disease, and who should be segregated for the provisions of the law made and provided in this particular.
(Code 1950, § 14-16; Code 1959, § 18-21)

Secs. 15-45—15-60. Reserved.

ARTICLE III. OCCUPATIONAL INJURIES

Sec. 15-61. City policy.

It is hereby declared to be the policy of the city to protect the health and welfare of its citizens by the implementation and adoption of safety measures in industry and enterprise by protecting working men and women against unsafe and hazardous working conditions.
(Code 1959, § 10C-1; Ord. No. 39875, § 1, 8-26-71)

Sec. 15-62. Safety and health regulations adopted.

The rules and safety standards prescribed by the United States Department of Labor as adopted for application throughout the state by the Texas Occupational Safety Board, such rules and safety standards published in the Federal Register in Volume 36, Number 75, Part II and entitled, "Safety and Health Regulations for Construction," be and the same are hereby adopted by the city for application throughout the corporate limits of the city. Three (3) copies of the Federal Register, Volume 36, Number 75, Part II, marked Exhibit "A," are incorporated by reference in this section and have been filed in the office of the city clerk pursuant to Section 17 of the city charter for permanent record and inspection.
(Code 1959, § 10C-2; Ord. No. 39875, § 2, 8-26-71)

Sec. 15-63. Definitions.

For the purposes of this article, the following definitions are adopted.

Employee shall mean a person who works for an employer for wages, compensation, or other things of value, but shall not include any person employed in the domestic services of another in a private residence.

Employer includes every person, firm, corporation, partnership, stock association, agent, manager, representative or foreman or any other person having control or custody of any employment, place of employment, or any employee; except carriers regulated by the Interstate Commerce Commission.

Place of employment shall mean every place where, either temporarily or permanently, any trade, industry, or business is carried on, or where any person is directly or indirectly employed by another for direct or indirect gain or profit, but not including domestic service performed in a private residence.

Safe and *safety* as applied to employment or places of employment, mean such freedom to employees from occupational injury as the nature of the employment reasonably permits.

Safety device and safeguard shall be given a broad interpretation so as to include any practicable method of mitigating or preventing occupational injury.
(Code 1959, § 10C-3; Ord. No. 39875, § 3, 8-26-71)

Sec. 15-64. Safety measures required of employers.

(a) Every employer shall furnish and maintain employment and a place of employment which shall be reasonably safe and healthful for employees. Every employer shall install, maintain and use such methods, processes, devices and safeguards including methods of sanitation and hygiene as are reasonably necessary to protect the life, health and safety of such employees and shall do every other thing reasonably necessary to render safe such employment and place of employment.

(b) Every employer shall comply with the rules and safety regulations prescribed in this article, provided any employer or group of employers in the same or similar industry, trade or business shall, if and when exempted by the Texas Occupational Safety Board from the application of state safety regulations, be exempted from the application of the safety regulations prescribed in this article.
(Code 1959, § 10C-4; Ord. No. 39875, § 4, 8-26-71)

Sec. 15-65. Enforcement.

The director of building inspections of the city shall have the power and duty to carry out the provisions of this chapter and the safety regulations prescribed in this article. He and his desig-

nated assistants are authorized to conduct site inspections to assure compliance with such safety regulations.
(Code 1959, § 10C-5; Ord. No. 39875, § 5, 8-26-71)

Sec. 15-66. Construction advisory board.

(a) To assist the director of building inspections in the enforcement of safety regulations, there is hereby created a construction advisory board consisting of five (5) members who shall be appointed by the city council. Such appointment shall be for a period of two (2) years. Board members shall serve without compensation. Board members shall be residents of the city and shall include:

(1) One (1) member of Association of General Contractors.

(2) One (1) representative of the building trades council.

(3) One (1) council member.

(4) One (1) layman.

(5) One (1) licensed practicing physician.

(b) The board members shall choose from among their number one member to act as chairman and one member to act as secretary. The board shall serve in an advisory capacity and shall make recommendations to and advise the director of housing and inspections in matters relating to compliance with and enforcement of the safety regulations.
(Code 1959, § 10C-6; Ord. No. 39875, § 6, 8-26-71)

Sec. 15-67. Penalty for violation of chapter and safety regulations.

It shall be unlawful for any person to do or perform any act prohibited by this article, and it shall be unlawful for any person to fail to do or perform any act required by this article, and any person so violating the provisions of this article and the safety regulations prescribed shall be deemed guilty of a misdemeanor and shall upon conviction be punished as provided in section 1-5. Each and every day of continuance thereof shall constitute a distinct and separate offense.
(Code 1959, § 10C-7; Ord. No. 39875, § 7, 8-26-71)

Secs. 15-68—15-80. Reserved.

ARTICLE IV. HOTELS*

Sec. 15-81. Definitions.

The term hotel, within the meaning of this article, is any hotel, lodging house or inn in the city having three (3) or more rooms where transient guests are fed or lodged for pay.
(Code 1950, § 29-1; Code 1959, § 18-59)

Sec. 15-82. Maintenance standards in general.

Every person who owns, manages or conducts any hotel in the city shall at all times keep and maintain the same, and each and every room, apartment or place and all fixtures, furniture, bedding and other things used in connection with such business in a thoroughly clean and sanitary condition. Each such hotel and any person engaged in conducting the same, shall, in addition to these special provisions, be subject to all provisions of chapter 13.
(Code 1950, § 29-2; Code 1959, § 18-60)

Sec. 15-83. Guest registration.

(a) No person registering in a hotel shall do so or attempt to do so under any false name or identity. No person registering in a hotel shall present for the purpose of registration, false identification or any identification which misrepresents or fails to disclose the registrant's true identity.

(b) It shall be the duty of the owner or operator of any hotel as defined in this chapter to keep, in a format chosen by the hotel sufficient to comply with the record keeping requirements set out in this ordinance, a register, of persons accommodated in such establishment for the purpose of verifying registrants' identities. Such register shall include, for all guest rooms and guest stays, either:

(1) The name of the registrant, the type of official photo identification presented and

__State law reference—__Minimum health standards for hotels, Vernon's Ann. Civ. St. art. 4477-1, § 17.

any personal identification number contained thereupon, the registrant's address, and the expected duration of the registrant's stay in such establishment; or, in the alternative,

(2) Documentation that the person guaranteed payment using a valid credit card issued in the name of the registrant as provided by the registrant, which at the time of registration, was verified through the hotel's customary credit card verification procedures.

No such owner or operator, or his employee, agent or representative shall knowingly write, cause to be written or permit to be written, in any register in any such hotel any other or different name or designation than the true name of the person so registered therein, or the name by which such person is generally known.

(c) Such record or register shall be available at all times for inspection by any officer of the police department of the city, and maintained for a period of two (2) years.

(d) Any person who shall violate any provision of this section shall be guilty of a class C misdemeanor and shall, upon conviction, be punished by a fine of not more than five hundred dollars ($500.00).
(Code 1950, § 29-6; Ord. No. 22111, § 1, 1-5-56; Code 1959, § 18-64; Ord. No. 99517, § 1, 7-29-04)

Sec. 15-84. Rental of hotel rooms for periods less than twelve (12) hours prohibited.

It shall be unlawful for any hotel or the owner or operator of any hotel in the city to rent, offer to rent, or register to a lodger any room for a period of less than twelve (12) hours or to publish or advertise a rate for a room for a period of less than twelve (12) hours. The rental of a room to a lodger for which a contractual agreement was made at least seven (7) days prior to the lodger's arrival shall be excepted from the limitations and established in this subsection.
(Ord. No. 2008-12-11-1162, § 1, 12-11-08)

Secs. 15-85—15-100. Reserved.

ARTICLE V. RODENT CONTROL*

DIVISION 1. GENERALLY

Sec. 15-101. Definitions.

For the purposes of this article, the following terms shall mean:

Business building shall mean any structure, whether public or private, regardless of the type of material used in its construction, located within the boundaries of the city that is adapted to occupancy for the transaction of business, whether vacant or occupied, for the rendering of professional services, for the display, sale or storage of goods, wares or merchandise or for the performance of work or labor, including hotels, rooming houses, beer parlors, office buildings, public buildings, stores, markets, restaurants, grain elevators, abattoirs, warehouses, workshops and factories, or any other structures not mentioned above.

Opening shall mean and refer to any opening in the foundation, side or walls of any business building, including the roof, chimney, eaves, grills, windows, sidewalk grates and sidewalk elevators, through which a rat may enter.

Premises shall include all business buildings, outhouses, sheds, barns, garages, docks, wharves, piers, grain elevators and abattoirs, whether public or private, and any and all other structures used in connection with the operation of any business building as defined in this section.

Rat harborage shall mean any condition found to exist under or in which rats may find shelter or protection, and shall include any defective construction which would permit the entrance of rats into any business building.

Rat-stoppage shall mean any form of ratproofing designed to prevent the ingress of rats into business buildings. It is essentially the closing or protecting of all openings in exterior or interior walls and foundation or grates in a sidewalk of business buildings with ratproof materials installed in such a manner as to prevent rats from gaining entrance.
(Code 1950, § 47-1; Code 1959, § 18-40)

*State law reference—Requirement that rodents be exterminated in property used for human habitation, Vernon's Ann. Civ. St. art. 4477-1, § 7.

Sec. 15-102. Ratproofing new construction.

(a) Any new construction coming within the purview of this article within the city shall be planned according to the provisions of division 2 of this article, and no permit shall be issued for such new buildings until such plans conform to such provisions.

(b) It shall be unlawful for any person to construct, within the city, any business building, curb or farmers' market, unless such construction shall render the structure ratproof in accordance with the regulations prescribed by this article.

(c) The director of building inspections is charged with the specific enforcement of this section.
(Code 1950, § 47-5; Code 1959, § 18-41)

Sec. 15-103. Ratproofing existing construction.

The director of public health or his representative is authorized, for the purpose of eradicating any rat infestation, by written notice to order the owner, occupant, agent or any other person in custody of any rat-infested business building to protect such building by rat-stoppage as provided in division 2 of this article, regardless of the need for any remodeling of or repairs to such buildings otherwise; and further to order that such rat-control methods be employed as may be deemed necessary by the director of public health or his representatives to maintain such building free from rats. Such written order shall specify the time, in no event less than fifteen (15) days, for completion of such work and improvements. Unless such work and improvements are completed in accordance with such written order by such person within the time so specified or within the time to which a written extension has been granted by the director of public health or his representative, such person shall be deemed guilty of an offense under the provisions of this article.
(Code 1950, § 47-6; Code 1959, § 18-42)

Sec. 15-104. Inspections.

The director of public health or his representative is authorized to make frequent and unannounced inspections of existing business buildings within the city for the purpose of determining rat infestation, and to make inspections during the

course of and upon completion of any new construction, repairs, remodeling or installation of rat-control measures to business buildings to ensure compliance with the provisions of this article. No person shall interfere with or refuse to permit such inspection.
(Code 1950, § 47-7; Code 1959, § 18-43)

Sec. 15-105. Ratproofing to be approved.

The director of public health or his representative shall approve all materials used and the method of installation of ratproofing construction, repairs or remodeling.
(Code 1950, § 47-8; Code 1959, § 18-44)

Sec. 15-106. Ingress and egress of rats.

(a) *Leaning objects against buildings.* It shall be unlawful to permit fishing poles, ladders or any other object that a rat could climb on in order to reach the roof of any business building to lean against the side or walls of such business building.

(b) *Elevator shafts, etc.* The owner of any business building shall protect elevator shafts, fire escapes and guy wires in such manner that rats will not be able to gain ingress into such building.

(c) *Adjacent trees and limbs.* It shall be the duty of any person in charge of a business building to trim the branches of all trees extending over and against such building, and such branches shall be cut and trimmed, and kept trimmed and cut, so that no part of any branch or any part of such tree shall be closer than ten (10) feet to any business building. The tops of all trees shall be cut back ten (10) feet from a line extending perpendicularly from any exterior wall of a business building.
(Code 1950, § 47-9; Code 1959, § 18-45)

Sec. 15-107. Harborage of rats.

(a) *Accumulations of garbage or rubbish.* No garbage, rubbish, waste or manure shall be placed, left, dumped or permitted to accumulate or remain in any building or premises in the city so that the same shall or may afford food for or a harboring or breeding place for rats.

(b) *Accumulations of lumber, boxes, etc.* It shall be unlawful for any person to permit any premises, improved or unimproved, or any open lot or alley in the city, to accumulate number, boxes, barrels, bricks or stones and similar materials that may be permitted to remain thereon and that may be used as a harborage by rats, unless the same shall be placed on open racks and elevated not less than eighteen (18) inches above the ground with a clear intervening space underneath, to prevent the harborage of rats.

(c) *Unlawful disposition of waste.* It shall be unlawful for any person to dump or place on any land or on any waterway within the city any dead animal, butchers' offal, seafood or any waste vegetables, animal matter or any food products whatsoever.
(Code 1950, § 47-10; Code 1959, § 18-46)

Sec. 15-108. Extermination of rats.

(a) *Traps.* All storerooms, warehouses or other business buildings in the city shall be provided by the owner, occupant, agent or any other person in custody of such building, with one or more traps which shall be kept set and freshly baited at frequent intervals and maintained in good working condition, and shall be inspected daily, and any rat caught therein shall be killed, removed and disposed of daily in a manner acceptable to the director of public health, and such trap reset and rebaited.

(b) *Other methods.* Rats may be destroyed also by such means other than trapping as are approved by the director of public health, or by any other authorized agency of the United States public health service or the state board of health. Rat burrows and other exterior harborage shall be treated under methods directed by the director of public health.

(c) *Closing buildings.* When the director of public health shall find any building, structure or premises so heavily infested with rats as to result in his opinion in a present menace to public health, he shall have authority to close the same to any occupancy or use until such rats have been eradicated or while such rats are being eradicated.
(Code 1950, § 47-11; Code 1959, § 18-47)

Secs. 15-109—15-120. Reserved.

DIVISION 2. CONSTRUCTION REQUIREMENTS

Sec. 15-121. Requirements are minimum.

The regulations set forth in this division are minimum requirements for applying rat-stoppage to business buildings in order to obtain maximum rat-stoppage at a minimum cost to the owner or occupant thereof.
(Code 1950, § 47-12; Code 1959, § 18-48)

Sec. 15-122. Where protective coatings required.

Solid sheet metal, expanded metal and wire cloth, when specified in this article, shall have a rust-resisting, protective coating, preferably galvanized.
(Code 1950, § 47-13; Code 1959, § 18-49)

Sec. 15-123. Markets.

Curb or farmers' markets in which fruit or vegetables or any other food products are exposed and offered for sale, on racks, stands, platforms and in vehicles outside of business buildings, shall have floors paved with concrete or asphalt for the entire surface area of the market. Display racks, stands or platforms on which fruit or vegetables or any other food products are displayed or offered for sale shall be of sufficient height that all such fruits, vegetables or other food products shall be kept at a distance of not less than eighteen (18) inches above the floor pavement, and shall be so constructed that rats cannot harbor thereunder.
(Code 1950, § 47-14; Code 1959, § 18-50)

Sec. 15-124. Masonry or concrete exterior wall construction, foundation and exterior wall openings.

(a) All foundation wall ventilator openings shall be covered for their entire height and width with perforated sheet-metal plates of a thickness not less than fourteen (14) gauge, or with expanded sheet metal of a thickness not less than eighteen (18) gauge, or with iron grills or grates, or with any other material of sufficient strength and equal rat-resisting properties. The openings therein shall be small enough to prevent the ingress of rats, and in no instance shall be larger than one-half inch.

(b) All other foundation and exterior wall openings, excluding those used for the purpose of ventilation, light, doors and windows, such as those openings around pipes, electric cables, conduits, openings due to deteriorated wall, broken masonry or concrete, shall be protected against the ingress of rats by closing such openings with cement mortar, concrete or masonry, or close-fitting sheet metal or pipe flanges of suitable size or other material with equal rat-resisting properties, which shall be securely fastened in place.
(Code 1950, § 47-15; Code 1959, § 18-51)

Sec. 15-125. Doors.

(a) All exposed edges of the lower eight (8) inches of wooden doors and door jambs, serving as entrances into business buildings from the ground, basement or cellar floors, and other doors accessible to rats, shall be protected against the gnawing of rats by covering such doors and jambs with solid sheet metal of not less than twenty-four-gauge thickness. The same material shall be used on doorsills or thresholds; or such doorsills or thresholds may be constructed of cement, stone, steel or cast iron.

(b) Doors, door jambs and sills of coal chutes and hatchways that are constructed of wood shall be covered with solid sheet metal of twenty-four-gauge or heavier, or such chutes may be replaced with metal chutes of twenty-four-gauge or heavier, installed in such manner as will prevent the ingress of rats.

(c) All doors on which metal flashings have been applied shall be properly hinged to provide for free swinging. When closed, doors shall fit snugly so that the maximum clearance between any door, jamb and sill shall not be greater than three-eighths of an inch.

(d) Door jambs and sills constructed of metal, concrete, masonry, stone or cement mortar, or cast iron and steel, when fitting closely to exclude rats, are not required to comply with this section.
(Code 1950, § 47-16; Code 1959, § 18-52)

Sec. 15-126. Windows and other openings.

(a) All windows and other openings for the purpose of light or ventilation located in the exterior walls and within thirty (30) inches above the existing ground level immediately below such openings, shall be covered for their entire height and width, including frame, with wire cloth of nineteen-gauge or heavier, having a mesh of not larger than one-half inch.

(b) All other windows and other openings for the purpose of light or ventilation in the exterior walls, which may be accessible to rats by way of exposed pipes, wires, conduits and other appurtenances, shall be covered with guards of wire cloth of nineteen-gauge or heavier, having a mesh of not larger than one-half inch. In lieu of such wire cloth covering on such openings, such pipes, wires, conduits and other appurtenances shall be blocked from rat usage by installing sheet-metal guards as provided in the following section.
(Code 1950, § 47-17; Code 1959, § 18-53)

Sec. 15-127. Pipes, wires and conduits.

(a) Pipes, wires, conduits and other appurtenances which may cause openings to be accessible to rats shall be blocked from rat usage, where such openings are not ratproofed as provided in section 15-126, by installing sheet-metal guards of twenty-four-gauge or heavier.

(b) Such guards when used on horizontal pipes, wires, conduits or other appurtenances shall be placed in a vertical position, and shall be snugly fitted around the pipe, wire, conduit or other appurtenances. Such guards shall measure not less than twelve (12) inches beyond and on all sides of the pipe, wire, conduit or other appurtenance where the intervening space between the wall and pipe permits, shall extend thirty (30) inches in an upward direction and twelve (12) inches in a downward direction and shall be securely fastened to the pipe, wire, conduit or other appurtenance and also to the adjacent wall wherever practicable so that the guard will remain in a vertical position at all times.

(c) Such guards when used on vertical pipes, wires, conduits or other appurtenances shall be fitted snugly around the pipe, wire, conduit or other appurtenance, shall be placed in a horizontal position at a right angle thereto and shall extend horizontally from the pipe, wire, conduit or other appurtenance for a minimum distance of twelve (12) inches beyond and on all sides of the pipe, wire, conduit or other appurtenance, where the intervening space between the pipe and wall permits, and shall be securely fastened to the pipe, wire, conduit or other appurtenance and also to the adjacent wall wherever practicable in such manner that the guard will remain in a horizontal position at all times.
(Code 1950, § 47-18; Code 1959, § 18-54)

Sec. 15-128. Light wells in sidewalks.

Light wells with windows in exterior walls that are located below the outside ground level shall be protected from the ingress of rats by one of the following methods:

(1) Installing over the light wells iron or steel grills or steel gratings, or other material of equal strength and rat-resisting properties, with opening in grills or gratings not to exceed one-half inch in shortest dimension;

(2) Installing securely to and completely covering existing metal grills that are broken or have openings larger than one-half inch in shortest dimension, or are otherwise defective, with expanded metal of eighteen-gauge or heavier, having openings not greater than one-half inch in shortest dimension, or with sixteen-gauge or heavier wire cloth with one-half inch mesh;

(3) At the option of the owner the opening in the wall of the building below the grate may be entirely closed with brick or concrete or partially closed and the remaining open space covered with nineteen-gauge or heavier wire cloth with mesh not to exceed one-half inch.

(Code 1950, § 47-19; Code 1959, § 18-55)

Sec. 15-129. Solid masonry or sheet-metal curtain walls in certain wood frame construction.

(a) Business buildings constructed on piers having wooden floor sills less than twelve (12) inches

above the surface of the ground shall have the intervening space between the floor sill and ground protected against the ingress of rats by installing a solid masonry or concrete wall not less than four (4) inches thick, or solid sheet-metal curtain wall of twenty-four-gauge or heavier around the entire perimeter of the business building and extending such curtain wall to a depth of not less than thirty-six (36) inches below the surface of the ground level and fastening securely to the exterior wall of the business building, in such manner as will prevent rats from entering the building.

(b) Business buildings constructed on piers having wooden floor sills greater than twelve (12) inches above the ground level shall have the intervening spaces between the floor sill and ground protected against the ingress of rats by installing curtain walls in accordance with the preceding paragraph, or by protecting such building against the ingress of rats as provided in section 15-129.

(c) In lieu of the installation of curtain walls, all ground floors of wood construction may be replaced with concrete of not less than three (3) inches in thickness with the exterior walls protected for a height of twenty-four (24) inches above the concrete floor with masonry, concrete or solid metal of twenty-four-gauge or heavier. Exterior wall protection shall be securely tied into the concrete floor at all points.
(Code 1950, § 47-20; Code 1959, § 18-56)

Sec. 15-130. Openings in ground floors of wooden construction.

In business buildings constructed on piers having wooden floor sills greater than twelve (12) inches above the ground level solid sheet metal coverage of twenty-four-gauge or heavier may be installed snugly around each pipe, cable, wire, conduit or other utility service passing through a wooden ground floor in lieu of curtain walls. Such metal coverage shall not be less than eight (8) inches in diameter larger than the diameter of the pipe, cable, wire, conduit or other utility service, and shall be securely fastened to the wooden floor. All other openings in wood ground floors through which rats may gain entrance into double walls or the interior of business buildings, such as openings that may exist in floors and double walls above floor sills, shall be closed with twenty-four-gauge or heavier solid sheet metal or sixteen-gauge or heavier wire cloth of one-half inch mesh or with concrete or masonry.
(Code 1950, § 47-21; Code 1959, § 18-57)

Sec. 15-131. Wall openings, doors and windows of wood frame construction.

Wood frame construction business buildings having concrete or masonry foundation walls shall have ventilators in foundation walls protected as provided in section 15-124. All miscellaneous wall openings, doors and windows shall be protected as provided in sections 15-124 through 15-126.
(Code 1950, § 47-22; Code 1959, § 18-58)

Secs. 15-132—15-150. Reserved.

ARTICLE VI. MOSQUITO CONTROL

Sec. 15-151. Collections of water regulated.

The collections of water to be considered as coming within the terms of sections 15-152 through 15-156 are those waters which are contained in ditches, ponds, pools, excavations, holes, depressions, cesspools, privy vaults, fountains, basements, cisterns, tanks, shallow wells, barrels, troughs, urns, receptacles in which potted plants or flowers are placed, cans, boxes, bottles, tubs, buckets, defective house roof gutters, tanks or flush closets, automobile casings or any other water containers.
(Code 1950, § 62-38; Code 1959, § 41-11)

Sec. 15-152. Enforcing officers, right of entry.

The director of public health and those working directly under his supervision, shall enforce the provisions of sections 15-151 through 15-156 and for this purpose may at all reasonable times enter in and upon any premises within the city.
(Code 1950, § 62-39; Code 1959, § 41-12)

Sec. 15-153. Failure to abate mosquito breeding conditions after notice.

If any person responsible under the terms of sections 15-151 through 15-156 for the existence

of any conditions which give rise to mosquito breeding, refuses to take all necessary measures to prevent the same, in accordance with the terms of this article, within three (3) days after notice from the director of public health, or his duly authorized representative, so to do, he shall be guilty of a misdemeanor.
(Code 1950, § 62-40; Code 1959, § 41-13)

Sec. 15-154. Treatment of water conditions conducive to breeding required.

It shall be unlawful for the occupant or owner of any premises in the city, or the agent of the owner, if the owner be a nonresident or absent from the city, to cause, suffer or permit any collection of standing or flowing water in which mosquitoes breed, or are likely to breed, unless such collection of water is treated in the manner prescribed herein, so as to prevent the breeding of mosquitoes, and any such collection of water, so unlawfully maintained, is declared to be a nuisance.
(Code 1950, § 62-41; Code 1959, § 41-14)

Sec. 15-155. Methods of treatment for preventing breeding.

The methods of treatment of any such collection of water for the purpose of preventing the breeding of mosquitoes may be one or more of the following:

(1) Complete abolition of water containers described in section 15-151 when in the opinion of the director of public health, or his duly authorized representative, such containers are unnecessary, or constitute a menace to the health of the city;

(2) Complete emptying of unscreened or untreated containers, together with their thorough drying or cleaning, every four (4) days;

(3) Screening with wire netting of at least sixteen (16) meshes to the inch, one way, or any other material which will effectively prevent the ingress, or egress of mosquitoes;

(4) Using an approved larvicide;

(5) Covering completely the surface of the water with kerosene, petroleum or paraffine oil, once ever seven (7) days;

(6) Cleaning and keeping sufficiently free of vegetable growth and other obstructions, stocking with mosquito-destroying fish; absence of half-grown mosquito larvae to be evidence of compliance with the measure;

(7) Filling or draining of depressions or containers.

(Code 1950, § 62-42; Code 1959, § 41-15)

Sec. 15-156. Discharges of untreated water on property within city declared nuisance.

It shall be unlawful for the occupant or owner of any premises adjoining the city, or the agent of the owner, if such owner be a nonresident, to cause, suffer or permit any water to be discharged or flow upon property within the city in a manner that is likely to cause such water to collect, stand or stagnate upon property within the city, in which water mosquitoes breed, or are likely to breed, unless such collection of water is treated in the manner prescribed in section 15-155 so as to prevent the breeding of mosquitoes, and any such discharges or flowing of water into the city which water subsequently collects, stands upon or stagnates upon property within the city, is declared to be a nuisance.
(Code 1950, § 62-43; Code 1959, § 41-16)

Secs. 15-157—15-170. Reserved.

ARTICLE VII. EMBALMING ROOMS*

Sec. 15-171. Sewer and waste disposal lines; connection to city sewer system required.

All dead or embalming rooms used in the care and preparation for burial or transportation of dead human bodies by funeral establishments regulated by state law, within the city shall be required to connect their sewer and wastes disposal lines to the sanitary sewer systems of the city.
(Code 1959, § 18-88; Ord. No. 32954, § 1, 12-24-64)

*State law reference—Funeral directing and embalming, Vernon's Ann. Civ. St. art. 4582b.

Sec. 15-172. Sewer, drainage installation plans prerequisite to building permit, certificate of occupancy.

The issuance of necessary building permits and certificates of occupancy required under the ordinances of the city prior to the construction or occupancy of any room, building or structure within the city shall, in the case of any room, building or structure to be used as a dead or embalming room, be withheld and denied unless and until the applicant for such permit shall have submitted plans and specifications providing for the installation of drainage and sewer lines connecting such dead or embalming room with the sanitary sewer system of the city.
(Code 1959, § 18-89; Ord. No. 32954, § 2, 12-24-64)

Sec. 15-173. Compliance with enumerated sanitary regulations required.

All dead or embalming rooms, located within the city, used in the care and preparation for burial or transportation of dead human bodies by funeral establishments as same are regulated by state law shall comply with and conform to the following sanitary regulations:

(1) Of such size and dimensions to accommodate an operating or embalming table, a sink or other sewage receptacle with water and sanitary sewer connection, an instrument table, cabinet or shelves.

(2) Walls and ceiling shall be as nearly airtight as possible; walls to be run from floor to ceiling and covered with an impervious material easily cleanable to the level of splash.

(3) Outside ventilation shall be provided by windows or transoms which can be lowered from the top. If for any reason ventilation cannot be provided by windows or transoms, an eight-inch ventilator pipe must be installed to run from the ceiling of the room for a distance of at least two (2) feet above the roof of the building. All such openings to be effectively screened with sixteen-mesh screens.

(4) Air conditioning or forced draft ventilation shall be separate from the ventilation in other parts of the building. No returned or recirculated air from the dead or embalming room shall be allowed to enter the ventilation system of any other part of the building.

(5) The floor of such room shall be of an impervious, easily cleanable material, with adequate floor drains.

(6) The preparation room shall be private and there shall be no general passageway through it. The entrance shall be separate from all public entrances to the building. No toilet or commode shall be located within the preparation room. Only equipment necessary for the preparation of bodies for burial or shipment will be permitted in a preparation room.

(7) Doors and windows to the preparation room shall be so installed and constructed as to obstruct outside view, and to prevent fumes or odor from entering any other part of the building.

(8) No cross connection shall exist between the water supply system and any equipment or apparatus used in conjunction with the operation of the preparation room. Aspirations shall be plumbed to prevent backsiphonage as specified in chapter 24.

(9) That all dead or embalming rooms shall have an ample supply of water which meets the requirements of the state department of health.

(Code 1959, § 18-90; Ord. No. 32954, § 3, 12-24-64)

Sec. 15-174. Enforcement; report of violations to state board of morticians.

It shall be the duty of the director of public health the city, to enforce the provisions of this article and to see that all persons who engage in the business of embalming and the preserving of dead human bodies, within the city, comply with the sanitary requirements provided for in this

article; it shall be the further duty of the director of public health to report to the state board of morticians any and all violations of the provisions of this article.

ARTICLE VIII. SWIMMING POOLS*

Sec. 15-186. Adoption of the Texas Department of Health Standards for Swimming Pools and Spas.

The 1999 version of the Texas Department of Health Standards for Swimming Pools and Spas, Texas Administrative Code, Title 25-Health Services, Part I-Texas Department of Health, Chapter 265-General Sanitation, Subchapter K-Standards for Public Pools and Spas, including any revisions or amendments that may be made at the state level, is hereby adopted by the City of San Antonio, Texas for the purpose of prescribing regulations governing public and semipublic swimming pools. Not less than three (3) copies have been and are now filed in the office of the city clerk of the City of San Antonio and the same are hereby adopted and incorporated as fully as if set out at length herein, and from this date on which the ordinance shall take effect, the provisions thereof shall be controlling within the limits of the City of San Antonio, Texas.

The design and structural standards for swimming pools or spas that apply to new swimming pools or new spas constructed on or after October 1, 1999 are contained in these rules. The design and structural standards for swimming pool or spa design and construction that apply to swimming pools and spas existing prior to October 1, 1999 are those standards that were in existence at the time the swimming pool or spa was constructed, including then applicable local, state and federal laws except as otherwise stated in these rules. Except for those design and structural items specifically stated in these rules which existing swimming pools shall adhere to on or after October 1, 1999, owners and operators of existing swimming pools and spas may follow the rules in these sections instead of the rules in existence at the time the swimming pool or spa was constructed. Owners and operators of existing swimming pools or spas may follow the rules in this section after adoption by the Board of Health when rules became effective in June, 1999, prior to October 1, 1999.

The 1999 version of Vernon's Texas Statutes and Codes Annotated, Health and Safety Code, Title 9 Safety, Subtitle A. Public Safety, Chapter 757 Pool Yard Enclosures, including any revisions or amendments that may be made at the state level, is hereby adopted by the City of San Antonio, Texas for the purpose of prescribing regulations governing pool yard enclosures. Not less than three (3) copies have been and are now filed in the office of the city clerk of the City of San Antonio and the same are hereby adopted and incorporated as fully as if set out at length herein, and from this date on which the ordinance shall take effect, the provisions thereof shall be controlling within the limits of the City of San Antonio, Texas.
(Ord. No. 94266, § 1, 8-2-01)

Sec. 15-187. Responsible for knowledge of all rules.

All owners and operators of public and semipublic swimming pools are responsible for knowledge of all rules as set forth in the 1999 version of the Texas Department of Health Standards for Swimming Pools and Spas, Texas Administrative Code, Title 25-Health Services, Part I-Texas Department of Health Chapter 265-General Sanitation, Subchapter K-Standards for Public Pools and Spas, and all owners and operators of public and semipublic swimming pools are responsible for knowledge of all rules

Revocation shall mean that a swimming pool license is repealed and that operation under that license shall permanently cease.

Semipublic swimming pool shall mean:

(1) Any privately owned swimming pool or spa which is open to the general public for a fee; or

(2) Any swimming or wading pool, spa or sauna, serving a private club, motel, hotel, apartment building, school, child care facility, recreational or physical fitness facility, institution, home owner's association, or other similar activity or structure, the use of which is limited to members, residents, students, or clients and their guests.

Suspension shall mean to cease operation of a swimming pool on a temporary basis as directed by the health officer.

Swimming pool shall mean any structure either indoors or outdoors, used or suitable to be used for bathing, swimming purposes or as a spa or sauna, together with buildings, equipment and appurtenances used in connection therewith.

Working days shall mean every day of the week except all Saturdays, Sundays and those scheduled holidays officially adopted and approved by the San Antonio City Council for City of San Antonio employees.
(Ord. No. 94266, § 4, 8-2-01)

Sec. 15-190. License required for public and semipublic pools.

(a) It shall be unlawful for an owner or operator to operate a public or semipublic swimming pool without a license therefor. The licensee or his agent shall permit entrance to the premises to make inspections at reasonable times.

(b) It shall be unlawful for an owner or operator to operate a public or semipublic swimming pool within the City of San Antonio, Texas without a license therefor or to continue to

operate a public or semipublic swimming pool for which a license has been suspended or revoked by the health director or his health officer.
(Ord. No. 94266, § 4, 8-2-01)

Sec. 15-191. Application for a license.

Every owner or operator desiring a license to operate a public or semipublic swimming pool within the City of San Antonio, Texas shall deliver a written application to the health director stating the name and address of the applicant and the location of the premises where such swimming pool is located. The applications shall be made on forms prescribed by the health director.
(Ord. No. 94266, § 4, 8-2-01)

Sec. 15-192. Issuance, fees for license.

Upon delivery of the required application, as provided in section 15-191, and upon payment of two hundred twenty-three dollars ($223.00) for one or two (2) swimming pools at the same location or on the same premises plus seventy-three dollars ($73.00) for each additional swimming pool at the same location or on the same premises, the health director or health officer shall issue a license to the applicant.
(Ord. No. 94266, § 4, 8-2-01; Ord. No. 96404, § 2, 9-19-02; Ord. No. 2008-09-11-0777C, § 2, 9-11-08; Ord. No. 2018-09-13-0713, § 1(Att. C.4), 9-13-18)

Sec. 15-193. Term of license.

Licenses shall be issued for a period not to exceed one (1) year with all licenses to expire on September 30 of each year. Licenses shall be automatically renewed upon payment of the required fees in [section] 15-192 and if currently in compliance with this article.
(Ord. No. 94266, § 4, 8-2-01)

Sec. 15-194. Intoxication; communicable disease.

It shall be unlawful for an individual who appears to a reasonable person to be in an intoxicated condition, or afflicted with any open skin infection wounds capable of being transmitted through water, such as impetigo, to use any public or semipublic swimming pool. It shall be unlawful for any owner or operator of a public or semipublic swimming pool, to knowingly permit any individual in an intoxicated condition or knowingly permit any person with an open skin infection wound capable of being transmitted through water, such as impetigo, to use said public or semipublic swimming pool.
(Ord. No. 94266, § 4, 8-2-01)

Sec. 15-195. Animals.

It shall be unlawful for an owner or operator of a public or semipublic swimming pool to knowingly permit animals to enter or remain in said public or semipublic swimming pool enclosure area, except that service animals for persons with disabilities shall be allowed, provided that they may not enter the swimming pool.
(Ord. No. 94266, § 4, 8-2-01)

Sec. 15-196. License permit request.

It shall be unlawful for the owner or operator of a public or semipublic swimming pool to fail to make the license available to the health officer upon request or within three (3) working days.
(Ord. No. 94266, § 4, 8-2-01)

Sec. 15-197. Safety equipment.

The owner or operator of a public or semipublic swimming pool shall operate a swimming pool with the following safety equipment being provided and maintained in good condition and ready for use at each swimming pool at all times:

(1) A lightweight reaching pole constructed of fiberglass or some other non-electrical-conducting material, not less than twelve (12) feet long, with a body hook or shepherd's crook with blunted ends; and

(2) A Coast Guard approved ring or buoy (fifteen (15) inches to twenty-four (24) inches) attached to 1/4-inch to 3/8-inch diameter rope at least two-thirds (⅔) the width of the pool; and

(3) Any additional equipment that is required by applicable state laws and regulations because of the size or type of use of

swimming pool, including ring buoys, throw ropes, backboards, and first aid kits; and

(4) A telephone or other electronic means capable of summoning emergency service readily accessible within two hundred (200) feet unimpeded distance (an unlocked door or gate shall not be considered an impediment) of the swimming pool yard.

(Ord. No. 94266, § 4, 8-2-01)

Editor's note—Ord. No. 94266, § 4, adopted September 2, 2001, enacted provisions intended for use as subsections 15-197(a—d). To preserve the style of the Code, and at the editor's discretion, said provisions have been redesignated as subsections 15-197(1—4).

Sec. 15-198. Dry and wet saunas.

A health officer has the authority to routinely inspect dry and wet saunas to insure that they are maintained in a clean and sanitary manner. (Ord. No. 94266, § 4, 8-2-01)

Sec. 15-199. Notice of violation, suspension, revocation, and reinstatement of licenses.

(a) The health director or his health officer may issue a notice of violation to the owner or operator of a swimming pool and may also order that the owner or operator immediately close a swimming pool if a swimming pool or its enclosure constitutes an immediate hazard to the public, including but not limited to: (1) water quality violations that pose a significant risk to swimming pool users; (2) the main drain of the swimming pool not being visible; (3) drains, skimmers, or suction outlets improperly covered as required by the Texas Department of Health regulations; and (4) visible contamination of the swimming pool with algae, debris, or other dangerous substances. The owner or operator may open the swimming pool or spa after the required maintenance or repairs have been successfully completed.

(b) Licenses issued under this article may be suspended by the health director or his health officer if:

(1) An owner fails to close the swimming pool after being directed to do so; or

(2) An owner fails to cure a violation listed in a notice of violation.

The suspension is effective ten (10) working days after the postmark date on the written notice to the owner or his agent. The written notice may be made by personal delivery, and shall be made by United States certified mail, return receipt requested, to the owner of the swimming pool at his last known address, from the health director or his health officer. Operation of the swimming pool shall cease upon receipt of the notice of suspension.

(c) Whenever a license to operate a swimming pool is suspended, the owner of said swimming pool may request a hearing with the health director provided that the request is in writing and that it is filed with the health director within ten (10) working days of receipt of the notice of suspension. If no request for hearing is filed within the ten-day period, the suspension of the license to operate becomes final. If a request for hearing is filed within the ten-day period, the health director shall hold the hearing and render a decision in writing to the owner or operator of the swimming pool within ten (10) working days of receipt of the request.

(d) The owner of the swimming pool has the right to appeal the health director's decision to municipal court within five (5) working days of receiving such decision by submitting written notice to the health director. Failure to appeal within the time allotted shall result in the health director's decision as final. A municipal court judge shall sit as the administrative appeal hearing officer, and shall conduct the appeal as a civil administrative hearing. The administrative appeal hearing officer shall prepare a written memorandum of findings within ten (10) working days and declare the health director's decision either affirmed or reversed.

(e) The license may be reinstated provided that the violated provisions of this article have been corrected. The health director may require the owner or operator to attend up to sixteen (16) hours of training as a condition of lifting the suspension. This training may consist of one of the following courses: 1) the NRPA, "Certified Aquatic Facility Operator" (A.F.O.); 2) the NSPF,

"Certified Pool-Spa Operator" (C.P.O.); 3) Y.M.C.A., "Pool Operator on Location" (P.O.O.L.); 4) the NSPI, "Service Technician I" or Service Technician II" or "Certified Service Technician"; or 5) completion of a six-hour course encompassing the concepts and information in the CPSC "Guideline for Addressing Potential Entrapment Hazards Associated with Pools and Spas", Publication Number 363-009801, and other related issues. If the health director or his health officer finds that compliance has been accomplished and the required training completed, the license may be reinstated. The health director or his health officer may make a reinspection and thereafter as many reinspections as may be necessary to assure that the owner or operator has complied with the requirements of this article.

(f) The health director may revoke an operating license if:

(1) The owner or operator interferes with an inspection being conducted by the health officer; or

(2) The owner's license is repeatedly suspended.

(g) The revocation is effective ten (10) working days after the postmark date on the written notice to the owner or his agent. The written notice may be made by personal delivery, and shall be made by United States certified mail, return receipt requested, to the owner of the swimming pool at his last known address, from the health director or his health officer. Operation of the swimming pool shall cease upon receipt of the notice of revocation.

(h) Whenever a license to operate a swimming pool is revoked, the owner of said swimming pool may request a hearing with the health director provided that the request is in writing and that it is filed with the health director within ten (10) working days of receipt of the notice of revocation. If no request for hearing is filed within the ten-day period, the revocation of the license to operate becomes final. If a request for hearing is filed within the ten-day period, the health director shall hold the hearing and render a decision in writing to the owner or operator of the swimming pool within ten (10) working days of receipt of the request.

(i) The owner of the swimming pool has the right to appeal the health director's decision to municipal court within five (5) working days of receiving such decision by submitting written notice to the health director. Failure to appeal within the time allotted shall result in the health director's decision as final. A municipal court judge shall sit as the administrative appeal hearing officer, and shall conduct the appeal as a civil administrative hearing. The administrative appeal hearing officer shall prepare a written memorandum of findings within ten (10) working days and declare the Health Director's decision either affirmed or reversed.

(j) Whenever a revocation of a license has become final, the owner or operator of such revoked license may make written application for a new license. The health director may require the owner or operator to attend up to sixteen (16) hours of training, as set forth in subsection 15-199 (e) of this article, as a condition of issuing a new license. A new license may be issued if all provisions of this article are met and all required training has been completed. The health director or his health officer may make a reinspection and thereafter as many reinspections as may be necessary to assure that the owner or operator has complied with the requirements of this article. The new license shall be processed and the fee paid as provided in this article for new licenses.

(k) Whenever a swimming pool owner or operator is required to cease operations of a swimming pool due to a notice of violation, suspension or revocation of the license, all access to the swimming pool shall be restricted, and a notice shall be posted at the swimming pool location in clear view to the public, notifying the public that the swimming pool is closed.

(l) Any swimming pool owner, who had his license revoked two (2) times in a thirty-six-month period for a specific pool may be ineligible to apply for a new license on that specific pool for six (6) calendar months after the second or subsequent revocation. The health director shall have the sole discretion to issue a new license during this period.
(Ord. No. 94266, § 4, 8-2-01)

Sec. 15-200. Penalty for violation.

(a) Any owner or operator who violates a provision of this article shall upon conviction in the municipal court of the City of San Antonio be subject to a fine not to exceed two thousand dollars ($2,000.00) for each offense, and each day shall constitute a separate offense.

(b) The purpose of this article is to promote swimming pool safety. In keeping with that purpose, the municipal court is urged to consider deferred adjudication under article 42.12 of the Texas Code of Criminal Procedure where circumstances warrant. Conditions of the deferral may include the defendants attending and successfully completing a training course recommended or provided by the health director as set forth in subsection 15-199(e) of this article.
(Ord. No. 94266, § 4, 8-2-01)

Sec. 15-201. State and federal pools.

Swimming pools belonging to the state and the federal government are exempt from regulation under this article.
(Ord. No. 94266, § 4, 8-2-01)

Sec. 15-202. Landlord and tenant.

The terms of this article shall not be construed to alter the terms of any lease or other agreement between landlord and tenant or others relating to property that is the subject of this article; provided that no provisions of any lease or other agreement shall be construed to excuse compliance with this article by any person. It is the intent of this article to identify the parties that will be held responsible for compliance with and violations of this article, rather than to determine the rights and liabilities of persons under agreements to which the City of San Antonio, Texas is not a party.
(Ord. No. 94266, § 4, 8-2-01)

Sec. 15-203. Review of drownings.

The San Antonio Metropolitan Health District (SAMHD) may gather statistical data for any drowning that occurs in a swimming pool or spa.
(Ord. No. 94266, § 4, 8-2-01)

Sec. 15-204. Cumulative effect.

The provisions of this article are cumulative of other ordinances of the City of San Antonio, Texas and of state and federal regulations. Compliance with this article does not excuse compliance with any other applicable law, whether enforceable by the health officer, by other officials of the city, or by state or federal agencies.
(Ord. No. 94266, § 4, 8-2-01)

Sec. 15-205. Conflict with state or federal law.

If any section of Chapter 15, Article VIII of the Code of the City of San Antonio, Texas or the application thereof to any circumstance is in conflict with state or federal law, then the applicable federal or state law shall control.
(Ord. No. 94266, § 4, 8-2-01)

Secs. 15-206—15-220. Reserved.

ARTICLE IX. REGULATION OF CHILD CARE FACILITIES*

Sec. 15-221. Definitions.

The following definitions shall apply in the interpretation and enforcement of this article:

Care giver shall mean a person at least eighteen (18) years old and able to care for children in a child care facility in accordance with the Texas Department of Human Services minimum standards.

Child shall mean an individual under fourteen (14) years of age.

Child care facility shall mean a place other than the child's or children's own home or homes in which care, supervision and guidance of a child or children unaccompanied by parents, guardian or custodian is provided on a regular basis for a period of less than twenty-four (24)

*__Editor's note—__Ord. No. 69216, § 1, adopted April 6, 1989, amended the Code by the addition of provisions designated as Ch. 15, Art. IX. At the discretion of the editor the provisions enacted by said Ord. No. 69216 have been codified herein as §§ 15-221—15-232.

Cross references—Food and food handlers, Ch. 13; licenses and business regulations, Ch. 16.

hours a day, whether operated for profit or nonprofit. For the purpose of this article, family day homes will be excluded.

Day care center shall mean a child care facility that provides care for more than twelve (12) children under fourteen (14) years of age for less than twenty-four (24) hours a day.

Department shall mean the San Antonio Metropolitan Health District.

Division shall mean the division established or designated by the Director of the San Antonio Metropolitan Health District to enforce the provisions in this article.

Family day home shall mean a facility that regularly provides care in the caretaker's own residence for not more than six (6) children under fourteen (14) years of age, excluding the caretaker's own children, and that provides care after school hours for not more than six (6) additional elementary school siblings of the other children given care, but the total number of children, including the caretaker's own, does not exceed twelve (12) at any given time.

Group day care home shall mean a facility that provides care for less than twenty-four (24) hours a day for seven (7) to twelve (12) children under fourteen (14) years of age.

On-site-preparation shall mean the preparation of food on the premises of the facility involving the use of multi-use utensils or equipment.

Person shall mean an individual, a public or private agency, an association, or a corporation.

Primary food production shall mean preparation and serving of food as a meal.

Reinspection shall mean any additional inspection services required beyond the first inspection and one follow-up inspection.

Sanitation shall mean effective bactericidal treatment by a process that provides enough accumulation heat or concentration of chemicals for enough time to reduce the bacterial count, including pathogens, to safe level on utensils and equipment.

Satellite shall mean food served but not prepared on-site by an approved source.

Sick or ill child shall mean any child whose participation in a regular child care program is prohibited due to discomfort, injury or other symptoms of illness.

Sick child care shall mean the care of children with short-term illness and/or disability either as a primary service or as a component of other child care services.
(Ord. No. 69216, § 1(2), 4-6-89)

Sec. 15-222. Permit requirements for child care facilities.

(a) *General requirements.* Every person, association, institution, or corporation whether profit or nonprofit, who shall conduct or manage a child care facility shall obtain a permit from the department prior to operation of the facility. If required, appropriate permits or licenses shall be obtained from the State of Texas or any other agency.

Rules and regulations of appropriate state agencies not stated in this article shall be deferred to the appropriate state agency for enforcement. The operator of a child care facility is responsible for complying with all zoning, building, fire, and health ordinances of the City of San Antonio, to be regulated by said departments.

For the purposes of this article, three (3) categories of permits shall exist:

(1) Child care facilities not involved in on-site preparation of food service.

(2) Child care facilities involved in on-site preparation of food service.

   a. Primary food production.
   b. Satellite.
   c. Food production for teaching experience.

(3) Group day-care home facilities.

(b) *Application.* Every person desiring a permit to establish, maintain, or operate a child care facility within the city shall make written application on forms provided by the department. An application for a permit is to be made not less than thirty (30) days before the date planned for opening a new establishment or the expiration date of the current permit for an existing facility. The applicant for a permit must be the legal owner of/or designated representative for the child care facility.

(c) *Ordinance orientation.* Before any permit is issued under this article, the owner or his designated representative of any facility shall be required to attend an orientation meeting on the requirements of this article. The director of health shall ensure that such meetings are provided to the public monthly or as needed. It shall be the duty of the permit holder to ensure that at least one staff member who has attended an orientation meeting shall be present at all times during the hours of operation.

(d) *Conditions for permit issuance.* Upon the filing of an application by an applicant for a permit to operate a child care facility, and following attendance at an ordinance orientation, the director of health or his representative shall make or cause to be made such investigation as he may deem necessary to determine the ability of the applicant to meet the requirements of this article for said permit.

The director of health or his representative shall have the authority to grant a permit to operate a child care facility or to disapprove the application for such permit. The director of health or his representative shall collect any or all fees from the applicant in the proper amount as herein specified. The director of health shall then issue a City of San Antonio, Department of Health Child Care Facility Permit.

In the event the director of health shall refuse to grant a permit to any applicant, the provisions of section 15-227 shall govern any appeal of such denial. The reason(s) for such action shall be provided to the applicant in writing and details provided to correct the problem(s), if possible, which caused denial of the permit request.

(e) *Terms and conditions of a permit.* The permit holder, upon acceptance of the permit issued by the department, shall:

(1) Maintain a copy of this article at the facility and comply with the provisions and directives of the department.

(2) Allow representatives of the department access to the facility within the hours of operation, in order to determine whether the facility is in compliance with this article.

(3) Accept notices issued and served by the department in accordance with provisions herein contained.

(4) Be subject to the administrative, civil, injunctive, and criminal remedies authorized by this article for failure to comply with the provisions contained herein, or an order, warning, or directive of the department.

(5) Post the permit in a conspicuous place within the premises where such child care facility is authorized to be established, maintained, or operated.

(6) Immediately contact the department in the event of a fire, flood, extended interruption of water or electrical service, or other emergency in the facility which may immediately affect the health and safety of the children in care.

(7) It shall be the duty of the permit holder to abide by all the provisions of this article. It shall further be the duty of the permit holder to ensure that employees, agents, owners and/or operators of the child care facility abide by the provisions of this article.

The department is to provide a written copy of the terms and conditions applicable to a permit; except that failure by the provider to obtain required information will not prevent the department from taking any authorized action or seeking any remedy upon the failure of the permit holder to comply with this article or any other order, warning or directive of the department.

The department is to make available to the permit holder a copy of this article for his reference and compliance requirements.

(f) *Variances.* This article is to be liberally construed and applied to promote its underlying purpose of protecting public health.

(1) The department, when no health hazards result, may waive and/or modify the requirements of this article as a condition of child care facility's permit to operate.

(2) The information that is to be retained in the department's file on the child care facility when the requirements of this article are modified and/or waived includes:

a. A citation, by article section number, of the rationale for considering a modification and/or waiver of the article requirement;
b. An analysis of the potential public health hazards and issues associated with the proposed action;
c. Additional scientific data and information, as required by the department, proving that food safety or public health will not be comprised by the proposed action; and
d. A statement of proposed standard procedures for the operation or process under consideration, clearly specifying critical control points and monitoring procedures which will be routinely checked by the person in charge and which may be easily confirmed by the department.

(3) Procedures to implement additional requirements and waivers are to become conditions of compliance with this Code, and variations from the approved procedure are to be considered the same as other violations of the provisions of this article.

(4) The department may accept any identified existing facilities and/or equipment which were in use before the effective date of this article, but do not fully meet all of the current requirements for design and fabrication; provided that:

a. The facilities and equipment are in good repair and capable of being maintained in sanitary condition; and

b. Any food-contact surfaces comply with the provision of the Rules on Food Service Sanitation adopted herein; and

c. Facilities and equipment are replaced as provided for in the Rules on Food Service Sanitation adopted herein.

(g) *Permit fee.*

(1) The permit fee for child care facilities not involved in on-site preparation of food service shall be sixty dollars ($60.00) (pro-rated at five dollars ($5.00) per month until May 31 following date permit issuance) upon issuance and annually thereafter.

(2) The permit fee for child care facilities involved in on-site preparation of food service shall be:

a. Primary food production (pro-rated at seventeen dollars and fifty cents ($17.50) per month)	$210.00
b. Satellite or non-meal production (pro-rated at eight dollars and thirty-three cents ($8.33) per month)	100.00
c. Food production for learning experience upon issuance and annually thereafter (pro-rated at three dollars ($3.00) per month)	36.00

(3) The permit fee for group day home facilities shall be one hundred five ($105.00) (pro-rated at eight dollars and seventy-five cents ($8.75) per month) upon issuance and annually thereafter.

(4) All new facilities shall pay permit fees as shown in this section with the following provisions: The amount in each case shall be provided according to the month in which such establishment began operations. Those establishments commencing operation on July 1st shall pay a pro-rated portion of the stated charge.

(5) Permit fees charged to agencies providing after school care of school age children at multiple sites not involved in on-site preparation of food shall be twenty dollars ($20.00) per site annually. Those establishments commencing operation on July 1st shall pay a pro-rated portion of the stated charge.

(h) *Renewal of permit.* The permit shall expire on the thirty-first day of May following the date of its issuance and shall be renewed annually by making application in the same manner as a new establishment.

(i) *Transfer of permits.* Permits, as required by this article, shall not be transferrable from either one child care facility to another child care facility at a different location or from one person to another person who may subsequently own a certain facility, except that a permit holder who operates a facility may, upon his closing of that facility for the purpose of continuing the business at another facility, apply to the director of health for a transfer of his permit to the new location. Such application shall be accompanied by the inspection fee of five dollars ($5.00). The director of health shall authorize such transfers if, upon inspection, it is determined that the new facility complies with the provisions of this Code. The director of health may effect such transfer by cancellation of the permit and issuance of a new permit for the new facility.

Within ten (10) days of the sale of an on-going child care facility, the existing permit will remain in effect. Application for a new permit must be completed within that ten-day period and the permittees must attend an ordinance orientation prior to the issuance of the new permit. Existing permits after the ten-day period will be null and void.

(j) *Suspension and revocation of permits.* Violations, deficiencies, or conditions which, individually or in combination, jeopardize the health and safety of children in care may result in the department moving to suspend or revoke any permits issued to the child care facility. The depart-

ment will consider an immediate threat to the health and safety of a child to be in existence when the facility administration or the person responsible refuses or fails to act at once, or cannot act at once, to correct a violation of this article where the violation would create a life-threatening emergency or subject a child to injury.

(1) Suspension. The department may suspend a permit to operate all or part of a facility's operation when it determines through inspection, examination of food, records, employees or other means, that the principles of food safety, food-borne illness prevention, communicable disease prevention, and environmental health cannot be assured in the continued operation of the child care facility. The permit may be summarily suspended without prior warning, notice of a hearing, or hearing, upon providing written notice of the summary suspension to the permit holder or person in charge when conditions exist which directly endanger the lives of children or their health or safety.

(2) Revocation. The department may revoke a permit to operate a facility when it determines that the facility is unable to correct or eliminate continuing conditions which are life threatening or endanger the health of the children. The revocation of the permit will be done in consultation with the Licensing Division of the Texas Department of Human Services. Any denial or revocation of a permit by the city shall be reported to the Texas Department of Human Services. The city shall also report any violation notices or illegal operation to said department.

If a facility is closed for a period of six (6) months or more following revocation of a permit, a new certificate of occupancy must be issued by the building inspections department prior to the health department consideration of a new permit.

(3) Whenever a permit to operate a facility is suspended or revoked, the owner or operator of said facility may request a hearing with the director of health provided that the request is in writing and it is filed with the director within ten (10) working days of suspension or revocation becomes final.

If a request for a hearing is filed within the ten-day period, the director of health shall hold the hearing and render a decision in writing to the owner or operator of the facility within ten (10) working days of receipt of the request.

A suspended permit may be reinstated provided a written application for reinstatement is submitted to the director of health and provided that the violated provisions of this article have been corrected. The director of health or his representative shall make a reinspection and thereafter as many reinspections as may be necessary to assure that the applicant has complied with the requirements of this article. If the director finds that compliance has been accomplished, the permit shall be reinstated.

Whenever a revocation of a permit to operate a facility has become final, the holder of such revoked permit may make written application for a new permit to operate provided the director of health is satisfied that the provisions of this article have been met.

The new permit shall be processed and the fee paid as provided in this article for new permits. Any facility which has had its permit revoked two (2) times in a twelve-month period will be ineligible to apply for a new permit for six (6) calendar months after the second or subsequent revocation.

(4) If the director of health suspends or revokes a permit or disqualifies a person from receiving a permit, he shall forward to the person, in writing, by registered or certified mail, the reasons for denial, suspension, revocation, or disqualification, and inform the person that such action is appeal. able to city council and notice that upon exhausting administrative appeals, an action may be filed in a District Court

of Bexar County within thirty (30) days after the city's decision is final and appealable.

The applicant or his representative shall file a written "Notice of Appeal" with the city clerk appealing such determination to the city council. The "Notice of Appeal" shall be filed within ten (10) days after receipt of notification from the director of health.

(Ord. No. 69216, § 1(3), 4-6-89; Ord. No. 86606, § 26, 9-11-97; Ord. No. 101405, §§ 13, 14, 9-15-05; Ord. No. 2007-09-13-0973G, § 11, 9-13-07)

Sec. 15-223. Issuance of permit not to create vested rights.

No permits shall be deemed to grant a vested or property right, but such permit shall remain subject to the terms and provisions of this article and subject to such future regulations as shall be promulgated by the city council by ordinance and any investment made by an applicant or permittee shall be made subject to this article.
(Ord. No. 69216, § 1(4), 4-6-89)

Sec. 15-224. Inspections.

An inspection of the facility is to be performed at least once every year or as determined by the director of health. Additional inspections are to be performed based upon assessments of potential risks of food-borne illnesses including a history of critical violations and numerous or repeat noncritical violations of this Code; the hazards associated with the particular foods being prepared, stored, or served; the methods and extent of food storage, preparation and service.

Where joint occupancy of buildings exists between schools approved by the Texas Education Agency and child care facilities providing care to school age children attending the school, existing public school inspections may substitute for any required site inspections for the child care facilities.

Pre-operational inspections, follow-up inspections and other investigations are to be conducted in accordance with the applicable provisions of this article.

(a) *Inspection report.* The inspection report form adopted by the department is to be used to report the findings of the facility inspection.

The inspection report is to identify the conditions found which are in violation of this article including pertinent administrative information, critical violations, and the Code sections which have been violated.

The inspection report is to specify the time-frame for correction of violations. A copy of the completed inspection report and the notice to correct violations is to be delivered to the person in charge or to the permit holder at the conclusion of the inspection for written acknowledgement of receipt.

The completed inspection report is to be treated as a public document and shall be made available for public disclosure to any person who requests it according to law.

(b) *Correction of violations.* Imminent health hazards which may be created by sewage backup, extended interruption of water or electrical service, or other conditions which endanger food safety, are to be eliminated by immediate suspension of operations.

The permit holder shall comply with warnings, notices or directives issued by the department, including securing approval to resume operation if operations were suspended.

Critical violations designated on the inspection report are to be corrected by the date and time specified by the department, but in all cases, within ten (10) days following the inspection.

Non-critical violations designated on the inspection report are to be corrected by

the date and time specified by the department, but in no event later than the next scheduled inspection.

Correction of violations is to be verified by the department after receiving written notification from the permit holder that the violations have been eliminated or at the end of the specified period of time and be noted on the inspection report and in the department's records.

Cost of reinspection shall be:

1st reinspection	$ 100.00
2nd reinspection.....	115.00
3rd reinspection	125.00
4th reinspection	150.00

(Ord. No. 69216, § 1(5), 4-6-89; Ord. No. 2015-09-10-0758, § 2(Att. E), 9-10-15)

k. All equipment designated for use by children shall be maintained in a clean condition and in good repair.

l. Children shall not be cared for in indoor areas or space in temperatures greater than eighty-four (84) degrees Fahrenheit or less than sixty-five (65) degrees Fahrenheit, to be measured at a level where children's activity takes place.

m. Wading pools when used shall be maintained according to department requirements.

n. Impact-absorbing surfaces made of energy-absorbing mats or loose materials such as wood chips or sand shall be provided under playground climbing equipment. Such materials shall be maintained so that the surface is not allowed to become compacted.

o. It shall be the duty of the owners, operator or person in charge to comply with the provisions of this subsection.

(3) *Hygienic practices:*

a. General:

1. All surfaces, including toys, that come in contact with children's mouths shall be sanitized on a daily basis.

2. Staff shall make provisions for proper storage and handling of items of personal hygiene.

b. Handwashing:

1. Handwashing facilities shall be easily accessible to children.

2. Soap, disposable towels and sanitary tissue shall be provided.

3. Children shall wash hands after using the toilet, before eating meals or snacks, and before taking part in food preparation activities.

4. Hot water temperature shall not exceed one hundred twenty (120) degrees Fahrenheit at outlets used by children.

5. Hot and cold water, under pressure, shall be supplied to all handwashing sites by means of a mixing faucet.

[This page intentionally left blank.]

6. Where multi-use or reusable hand towels or washcloths are used, provisions shall be made to ensure that cross-contamination does not occur.

c. Diapering:
   1. Care givers shall change children's diapers on a smooth, non-absorbent, and easily cleanable surface or a surface with a clean, disposable, non-permeable covering.
   2. Dirty disposable diapers and table coverings shall be put immediately into plastic-bag lined, waste receptacles which have tight-fitting lids and to which the children have no access.
   3. Soiled clothing, including non-disposable diapers, shall be placed immediately in separate plastic bags labeled with the child's name for laundering.
   4. After every use the diaper-changing area, whether or not a non-permeable covering is used, shall be cleaned, wiped with a sanitizing solution and allowed to dry.
   5. Guidelines established by the Texas Department of Health shall be followed for sanitation of diaper-changing surfaces.
   6. Facilities that care for infants shall have a lavatory located in the immediate vicinity of the diaper-changing table equipped with hot and cold running water with a mixing type faucet.

d. It shall be the duty of the owners, operator, person in charge, or care giver to comply with the provisions of this subsection.

(4) *Immunizations and disease control:*

a. The child care facility health records shall be available for inspection by the director of health or his representative at all times.
b. Immunizations required by this article shall be those set forth by the director of health.
c. It shall be the responsibility of the facility's operator to seek recommendations from the department on appropriate methods for control of infectious diseases.
d. The department shall make available to facilities recommendations on appropriate measures for control of infectious diseases.
e. All child care facility employees shall have two (2) hours annually of training in general sanitation.
f. It shall be the duty of the owners, operator, or person in charge to comply with the provisions of this subsection.

(5) *Pest control:*

a. Effective measures such as excluding, inspecting and exterminating shall be used to minimize the entry, presence and propagation of rodents, insect, birds or other pests.
b. The premises shall be maintained so that harborage or feeding of insects, rodents, birds, or other pests will be prevented. (Chapter 15, Article V)
c. It shall be the duty of the owners, operator, person in charge, or care giver to comply with the provisions of this subsection.

(6) *Staff health:*

a. People whose behavior or health appears to endanger the health, safety, or well-being of children must not be at the center.
b. People must not smoke in the children's presence or consume alcohol when children are at the center. People who appear to be under the influence of alcohol or other drugs must not be in the center when children are present.
c. Staff members who have a chronic or acute illness which requires treatment with medications whose use could result in impaired judgment shall make those conditions known to the director of the facility.
d. It shall be the duty of the owners, operator, person in charge, or care giver

to comply with the provisions of this subsection.

(7) *Toilet facilities:*

a. Toilet facilities shall be designed, located and the number required in accordance with the Texas Department of Human Services minimum requirements.

b. Facilities that keep infants shall have a lavatory with hot and cold running water and a mixing-type faucet in the immediate vicinity of the diaper-changing table.

c. Toilet facilities shall be maintained in a clean sanitary condition.

d. Lavatories shall be of a size appropriate to small children. Step stools, when used to make lavatories accessible, shall be of stable design.

e. Restroom doors, when present on toilet rooms used by the children, shall not be equipped with locks or self-closing devices except that facilities providing after school care to school age children only shall be exempt from this requirement.

f. It shall be the duty of the owners, operator or person in charge to comply with the provisions of this subsection.

(8) *First-Aid:* The facility shall make provisions for the following:

a. A first-aid kit containing, as a minimum: adhesive bandages, soap, cotton tip applicators, absorbant cotton, sterile gauze squares, adhesive tape, magnifying glass, tweezers for removing splinters, hydrogen peroxide, syrup of ipecal, and a thermometer.

b. Supplies being kept handy in a designated location, out of the children's reach, and providing a guide to first-aid and emergency care.

c. It shall be the duty of the owners, operator or person in charge to comply with the provisions of this subsection.

(b) *Requirements related to the child care facilities involved in the on-site preparation of food service.* The "Rules on Food Service Sanitation" are adopted by reference for use in facilities involved in the on-site preparation of food. Child care facility food service staff shall have a minimum of six (6) hours training in food service sanitation yearly. (Ord. No. 69216, § 1(6), 4-6-89)

Sec. 15-226. Sick/handicapped child care.

(a) *Sick child care.* The director of health is authorized to promulgate standards for the care of sick children in child care facilities. Facilities providing such care shall be required to apply to the director for minimal requirements of operation which will protect the health, safety and well-being of sick children in care.

(b) *Care for handicapped children.* The facility shall make arrangements appropriate for the needs of handicapped children in care to ensure that those needs are met in accordance with the provisions of this article. The director of health is authorized to promulgate standards for the care of handicapped children in child care facilities. (Ord. No. 69216, § 1(7), 4-6-89)

Sec. 15-227. Due process.

(a) *Remedies—Procedural safeguards.*

(1) The remedies provided in this section are to be applied to the extent required to protect public health and assure food safety, in accordance with law and the department's rules for such procedures.

(2) An individual's rights to equal protection and due process are to be preserved when applying the remedies set forth in this article.

(b) *Notices.*

(1) A notice provided for in this article is properly served by any of the following methods:

a. Personally delivering the notice to the permit holder or the manager, operator or person in charge of the child care facility;

b. Sending the notice to the permit holder's last known address by registered or certified mail, or by other public means so that a written acknowledgement or receipt may be required;

c. Complying with any manner of service authorized for serving a civil process on an individual or organization, as appropriate; and

d. Having the notice personally served by any officer, employee or agent of the department, law enforcement officer or any individual authorized to serve a civil process.

(2) A suspension order or hold order should be delivered personally to the permit holder or person in charge, or the order may be clearly posted at a public entrance to the child care facility, provided a copy of the notice is also sent by first-class mail to the permit holder or to the owner or custodian of the child care facility, as appropriate.

(3) Service is effective at the time of the notice's receipt or if service is made under section 15-227(b)(2) at the time of the notice's posting.

(4) Proof of proper service may be made by affidavit of the individual making service or by admission of the receipt signed by the permit holder or his authorized agent.

(c) *Hearings.*

(1) The department shall hold hearings as required by this article.

(2) Hearings shall be conducted in accordance with applicable laws and administrative procedures.

(3) The department may appoint a hearing board to hear and make recommendations, concerning administrative remedies to achieve compliance with the provisions of this article to the director of health.

(4) This board may be composed of a department representative, a qualified hearing officer or independent board members, as appointed by the department.

(5) The hearing board may make recommendations to the director of health as follows:

a. Suspending, revoking, modifying or imposing reasonable restrictions or conditions on a permit to operate a child care facility, or recommending the closure of any child care facility that is being operated without a valid permit as required by section 15-222(a);

b. Issue orders to abate or correct violations of this Code and establishing a schedule for the abatement or corrections of violations;

c. Deferring or suspending the imposition or execution of a decision and order, and imposing a probationary period, upon the condition that the respondent comply with the hearing board's reasonable terms and conditions;

d. Approving the offer of a consent agreement, including the terms, conditions, penalties and a waiver of the right to a hearing, entered into by the department and the respondent after a hearing notice has been served;

e. Ordering reinspection of a facility to determine compliance with a hearing board's order;

f. Assessing, levying, suspending or ordering the payment of any applicable fee established by the department for any reinspection required, and for the reinstatement of a permit after suspension.

(6) A hearing proceeding commences at the time the department notifies the respondent of the hearing proceeding.

(7) A hearing notice is to contain the following information:

a. Purpose of the hearing;

b. Time, date and place of the hearing;

c. Facts that constitute the basis or reason for the hearing;

d. The rights of the respondent including the right to be represented by counsel and to present witnesses and evidence on their behalf.

(8) Hearing procedures:

a. Hearings are to be conducted in an expeditious, fair and impartial manner;

b. A complete record of the proceedings is to be prepared and maintained, although

a verbatim transcript of the hearing is not required.

c. The parties to a hearing have the right to be represented by counsel, to examine and cross-examine witnesses and to present evidence in support of their position.

d. The department is to present at the hearing its evidence, orders, directives and reports related to the proposed or appealed remedy. Written evidence may be received, if it will expediate the hearing without substantial predjudice to any party's interests. Documentary evidence may be received in the form of a copy or excerpt.

(d) *Summary permit suspension.* The department may suspend a permit to operate a child care facility when it determines through inspection, examination of food, records, employees or other means, as provided in this Code, that the principles of food-borne illness prevention and child health and safety cannot be assured in the continued operation of the child care facility.

The permit may be summarily suspended without prior warning, notice of a hearing, or hearing upon providing written notice of the summary suspension to the permit holder or person in charge. The summary suspension notice is to:

(1) State that the child care facility permit is immediately suspended and that all food operations are to immediately cease;

(2) State the reasons for summary suspension with reference to the sections of this Code which are in violation;

(3) Provide the name and address of the department representative to whom a written request for reinspection can be made and who can certify that reasons for the suspension have been eliminated; and

(4) State that the permit holder has the right to an appeal hearing upon submission of a written request within ten (10) days of receiving this notice.

The summary suspension will remain in effect until the conditions cited in the notice of suspension no longer exist and their elimination has been confirmed by the department during a reinspection.

The department will conduct a reinspection of the child care facility within forty-eight (48) hours of receiving a written request.

The suspended permit is to be reinstated immediately if reinspection by the department determines that the public health hazard no longer exists and a notice of reinstatement is to be provided to the permit holder or person in charge.

(e) *Restriction of infected or diseased employees.* The department may prohibit a person from working when it has reasonable cause to believe an employee of a child care facility has a possible transmitted disease; may be infected with a disease in a communicable form which is transmissible through food; may be a carrier of organisms that cause such diseases; or is affected with a boil, an infected wound or acute respiratory infection.
(Ord. No. 69216, § 1(8), 4-6-89)

Sec. 15-228. Violations and penalties.

(a) A person having any duty under this article as specified above commits an offense if he fails to fulfill that duty or fails to comply with any provision of this article with any of the requirements hereof.

(b) Any person who violates any provisions of this article, shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than one thousand dollars ($1,000.00), for each offense. Each day on which a violation shall occur or continue shall be deemed a separate and distinct actionable offense.

(c) When it appears that a person has violated , is violating, or is threatening to violate the permit requirements of this article, the department may file a suit in a district court for injunctive relief pursuant to Vernon's Annotated Rules on Civil Procedures.
(Ord. No. 69216, § 1(9), 4-6-89)

Sec. 15-229. Creation of advisory committee for health-related issues in child care facilities.

(a) The advisory committee of child care facilities shall be composed of seven (7) citizens of the

City of San Antonio appointed by the director of health.

(b) Members of this committee serve for terms of two (2) years. Terms shall be staggered and shall coincide with the city's fiscal year.

(c) The members must represent the following groups:

(1) Parents, guardians, or custodians of children who use the facilities;

(2) Child advocacy groups;

(3) Operators who are representative of a variety of facilities throughout the city;

(4) Experts in various professional fields that are relevant to child care and development;

(5) Experts in various professional fields that are relevant to public health, but not employed by the department.

(d) At least two (2) members of the department staff shall meet with the committee, as "ex officio" members, and the department shall provide staff necessary for the committee.

(e) The committee shall review material submitted by the department and advise the department of problems of child care facilities within the purview of the department.

(f) The committee shall meet a minimum of twice a year or as determined by the director of health and shall serve at no expense to the City of San Antonio; a quorum is necessary for the committee to meet.
(Ord. No. 69216, § 1(10), 4-6-89)

Sec. 15-230. Creation of interpretation guide.

The director of health shall cause to be created an interpretation guide to provide clarification and guidance to child care providers on the requirements of this Code and to provide pertinent information. This guide may be in a written or video form or both; the contents of which are to be determined by the director of health.
(Ord. No. 69216, § 1(11), 4-6-89)

Sec. 15-231. Creation of training component.

The director of health shall cause to be created a training program, and shall determine the contents of said training program. The training program shall relay information to potential or existing child care workers of Code requirements and pertinent information on issues related to the health and safety of children in out-of-home care.
(Ord. No. 69216, § 1(12), 4-6-89)

Sec. 15-232. Separability.

If any provision or application of any provision of this article is held invalid, that invalidity shall not affect other provisions or applications of this article.
(Ord. No. 69216, § 1(13), 4-6-89)

(Ord. No. 2015-12-03-1020, § 3, 12-3-15)

Sec. 15-262. Duties and powers of the director.

The director is hereby authorized and directed to enforce the provisions of this article with the health department consultation and collaboration, as appropriate, and shall have the authority to render interpretations of this article and to adopt policies and procedures in order to clarify and administer the application of its provisions. Such interpretations, policies and procedures shall be in compliance with the intent and purpose of this article. Such policies and procedures shall not have the effect of waiving requirements specifically provided for in this article.
(Ord. No. 2015-12-03-1020, § 3, 12-3-15)

Sec. 15-263. Permitting requirements.

(a) *In general.* Any mattress retailer and any germicidal treatment provider in the City of San Antonio (city) must be permitted through the department and pay a biennial fee as provided for in this article. Each business location must be separately permitted to conduct the service it provides that is regulated under this article: 1) sell or rent secondhand or refurbished mattresses; and/or 2) provide germicidal treatments services. Conducting business without obtaining required permit(s) is a violation under this article.

(b) *Permitting application requirements.*

(1) Application for an initial permit or renewal must be made through the department on an approved application form which may be obtained from the department.

(2) A separate application is required to be completed and submitted for each specific business location regardless of common ownership resulting in individual permits for each location.

(3) The appropriate permitting fee, payable to the department, must accompany each application.

(4) Additional information that may be required includes:

a. Explanation of the germicidal treatment method to be applied to secondhand and refurbished mattresses;

b. Any other information the department may determine is necessary.

(c) *Permitting miscellaneous regulations.*

(1) The permitting requirement does not apply to a custom upholstery business that does not sell or rent secondhand or refurbished mattresses.

(2) A person selling or renting secondhand or refurbished mattresses and also apply-

ing germicidal treatment methods must receive separate permits from the department to conduct each business.

(Ord. No. 2015-12-03-1020, § 3, 12-3-15)

Sec. 15-264. Germicidal treatment requirements.

(a) *General requirements.* Germicidal treatment is required on all secondhand or refurbished mattresses by a permitted germicidal treatment provider using a method identified below before they may be sold or rented to consumers.

(b) *Treatment methods.*

(1) *Chemical spray.*

a. Only those products specifically approved by the health department may be used as a germicidal treatment method.

b. Mechanical, compressed air, hand pump, or electric sprayers must be used and they must be of the continuous spray type. No intermittent spray devices are allowed.

c. Chemicals must be in liquid form. Aerosol sprays shall not be used.

d. Liquid sprays must include a simple but positive means of detection or verification by means of an ultraviolet lamp unit.

e. Liquid sprays requiring premixing or dilution shall not be approved.

f. Spray area must be in such a location as to be protected from wind.

g. Manufacturers' specifications such as amount of coverage, operator safety precautions, and other warning labels must be followed.

(2) *Dry heat.*

a. A minimum temperature of two hundred thirty (230) degrees Fahrenheit for a period of one hour and fifteen (15) minutes, within a closed chamber is required for proper germicidal treatment. The minimum temperature may be reduced to two hundred five (205) degrees Fahrenheit for a period of one hour and thirty (30) minutes for foam products which may be damaged at two hundred thirty (230) degrees Fahrenheit.

b. The dry heat chamber shall be equipped with a recording clock to accurately record the time and temperature. The clock shall be attached on the outside of the chamber and the heat bulb sending unit must be installed within the chamber at the furtherest point practical from the entry of the heat.

c. The chamber and automatic circulating heat devices shall maintain equal and uniform temperatures in all sections of the chamber.

d. All mattresses shall be spaced within the chamber to allow not less than four (4) inches on all sides of each article for full circulation of heat or air.

(3) *Steam.*

a. Treatment by the steam method shall consist of steam under pressure of fifteen (15) pounds per square inch maintained for thirty (30) minutes or a pressure of twenty (20) pounds per square inch maintained for twenty (20) minutes.

b. An alternate method may consist of two (2) applications of streaming steam, maintained for a period of one hour each, to be applied at intervals of not less than six (6) nor more than twenty-four (24) hours.

(4) *Other methods.* Any other method of germicidal treatment may be used provided such proposed method is in accordance with national or model standards relating to germicidal treatment, it is in compliance with the intent and purpose of this article, and it provide equal or greater protection to the public than those specifically listed in subsec-

tions (1) through (3). The director of the health department is required to evaluate any proposed written request to conduct germicidal treatments in a method outside those specifically mentioned in this article and sign any written approval, detailing a finding that the method proposed is in accordance with this subsection.

(Ord. No. 2015-12-03-1020, § 3, 12-3-15)

Sec. 15-265. Notice, storage, labeling and records requirements.

(a) *Germicide treatment provider notice.* Any person providing germicidal treatment services shall, after performing such services, attach a label as described in this section.

(b) *Retail notices.* Any person engaged in the sale or rental of secondhand and/or refurbished mattresses shall provide notices to the public at all retail locations providing such services. Notices shall be as follows:

(1) A 20"x20" (minimum) sign at the front entrance(s) identifying in writing (minimum 100-point type in English) that the location sells and/or rents secondhand and/or refurbished mattresses. Other languages may be used in addition to English on separate signs.

(2) A label prominently displayed on each secondhand or refurbished mattress in English identifying it as such and providing confirmation of compliance with germicidal treatment. Other languages may be used in addition to English, but shall be presented on separate labels. No person shall remove the label or position, arrange or display a mattress in such a manner as to obstruct the view of the label from the purchaser and/or department representatives.

(3) Each retail location shall provide written notification to the customer advising that they are purchasing and/or renting (as applicable), secondhand and/or refurbished sanitized mattresses. Each retail location shall retain signed customer confirmation acknowledging that they understand they are purchasing or renting secondhand and/or refurbished sanitized mattresses.

(c) *Secondhand and refurbished mattresses segregation requirements.*

(1) Persons engaged in the sale and/or germicidal treatment of such mattresses shall keep same separate and apart from new mattresses.

(2) Secondhand and refurbished mattresses which have not been germicidally treated and properly labeled, shall not be displayed on the sales floor.

(d) *Label requirements.*

(1) A secondhand or refurbished mattress label shall be attached to the secondhand or refurbished mattress and be at least twelve (12) square inches and state, plainly stamped or printed in red ink on all white material:

a. "SECONDHAND OR REFURBISHED MATTRESS - SANITIZED" in capital letters at least one-fourth-inch high;

b. That the secondhand or refurbished mattress has been germicidally treated by a method either listed in this article or approved by the director of the health department;

c. The method of germicidal treatment applied;

d. The date the secondhand or refurbished mattress was germicidally treated;

e. The name and address of the person for whom the secondhand or refurbished mattress was germicidally treated;

f. The germicidal treatment permit identification number assigned by the department; and

g. Shall be in a form and contain any other information prescribed by the department with input from the health department.

(2) Making any false or misleading statement on any label required by this article is unlawful; further, removing, defacing, altering, or positioning any label or statement thereon for the purpose of defeating the provisions of this article is unlawful except that the label may be removed by the consumer.

(e) *Records.* Records must be kept for a period not less than two (2) years from the point of sale, rental and time of germicidal treatment.

(1) Any person engaged in the sale or rental of secondhand and/or refurbished mattresses shall keep records of acknowledgements as required under subsection (b)(3) above.

(2) Records verifying germicidal treatment and other information as required by the director of the development services department shall be kept by both the retailer of secondhand/refurbished mattresses and the germicidal treatment provider and must be provided to the city within a reasonable time of a request to verify compliance. A copy of such treatment received by the retailer shall suffice to comply with this section. The development services department may require, at the expense of the person, that an independent audit of the records of the person be conducted with the results of such audit provided to both parties.

(3) Each person required to obtain a germicidal treatment permit shall:

a. Conspicuously post a copy of the permit on the premises of the person's business near the treatment device; and

b. Keep accurate records describing mattresses treated, date of treatment, method of treatment, and the name and address of the owner of each item.

(Ord. No. 2015-12-03-1020, § 3, 12-3-15)

Sec. 15-266. Permitting fees.

(a) *Secondhand/refurbished mattress retailer permit.* The initial permit fee for the first two-year term is a fixed two hundred twenty dollars ($220.00), regardless of time in actual operation. Subsequent permit fees shall be adjusted based upon the number of secondhand/refurbished mattresses sold and rented during the previous two-year period. Should operations cease prior to two (2) years, any subsequent new permit fee shall follow the graduated fee schedule listed below. Calculation for permit fee purposes is based separately upon all such business locations held under the same ownership.

The graduated fee schedule is as follows:

(1) For less than two thousand (2,000) such mattresses sold and rented, the fee is two hundred twenty dollars ($220.00);

(2) Two thousand (2,000) to nine thousand nine hundred ninety-nine (9,999) such mattresses sold and rented, the fee is three hundred thirty dollars ($330.00);

(3) Ten thousand (10,000) to nineteen thousand nine hundred ninety-nine (19,999) such mattresses sold and rented, the fee is four hundred forty dollars ($440.00);

(4) Twenty thousand (20,000) to twenty-nine thousand nine hundred ninety-nine (29,999) such mattresses sold and rented, the fee is six hundred sixty dollars ($660.00);

(5) Thirty thousand (30,000) to forty-nine thousand nine hundred ninety-nine (49,999) such mattresses sold and rented, the fee is eight hundred eighty dollars ($880.00);

(6) Fifty thousand (50,000) to one hundred thousand (100,000) such mattresses sold and rented, the fee is one thousand three hundred twenty dollars ($1,320.00); and

(7) Over one hundred thousand (100,000) such mattresses sold and rented, the fee is one thousand three hundred twenty dollars ($1,320.00) plus three cents ($0.03) for each additional mattress.

(b) *Germicidal treatment permit.* One hundred ten dollars ($110.00) each fixed for a two-year term and any subsequent biennial renewal.
(Ord. No. 2015-12-03-1020, § 3, 12-3-15)

Sec. 15-267. Enforcement of law.

(a) The department and the health department are responsible for enforcement of this article.

(b) Each person required to be permitted under this article shall provide sale and rental data for separate business locations to determine compliance with this article when requested by the department.

(c) Each person required to be permitted as a germicidal treatment provider under this article shall maintain each business location in a sanitary condition.

(d) Each person required to be permitted as a germicidal treatment provider under this article shall allow, during normal business hours, an authorized representative or representatives of the department and/or health department to conduct an announced or unannounced inspection of their place of business for purposes of determining compliance with this article and regulations.

(e) Each person required to be permitted under this article shall allow an authorized representative or representatives of the department and/or health department to copy records and take photographs of mattresses and premises during inspections.

(f) City authority to deny, suspend or revoke permits.

(1) An application for permit issuance or renewal will be denied by the director of the department if the applicant fails or refuses to provide a complete application, pay the appropriate fee, or provide requested information.

(2) An application for permit renewal may be denied by the director of the department if the applicant has failed to make acceptable progress implementing corrective actions to comply with this article and/or to remedy previous violations of the article.

(3) A permit may be suspended or revoked by the director of the department if the permit holder violates this article. Such decision shall be based on and supported by evidence of violation. Notice of suspension or revocation shall be sent to the last known address of the permit holder detailing a time of no more than ten (10) working days from the time of receipt to contest such action through a hearing before the director. Once notified within that time period, the director shall conduct a hearing within a reasonable time and either affirm or overrule the action taken. Should action be affirmed after the hearing, a permit holder may appeal the final decision of the director, which shall be in writing and contain the reason for the suspension or revocation. Notice of appeal must be filed with a court of proper jurisdiction within ten (10) working days of the director's final decision; otherwise, the appeal is waived. The permit shall be suspended or revoked only for the location where the violation occurred.

(Ord. No. 2015-12-03-1020, § 3, 12-3-15)

Sec. 15-268. Penalty for violation.

A violation under this article is a strict liability offense and any person violating any of its provisions shall be deemed guilty of a misdemeanor. Each such person shall be deemed guilty of a separate offense for each day or portion thereof during which any violation of any of the provisions of this article are committed, continued or permitted. Each violation may be punishable by a fine not less than one hundred dollars ($100.00) nor more than two thousand dollars ($2,000.00).
(Ord. No. 2015-12-03-1020, § 3, 12-3-15)

ARTICLE XI. SICK AND SAFE LEAVE BENEFITS*

Sec. 15-269. Definitions.

In this article:

City means the City of San Antonio, Texas.

Department means the health department of the city also known as the San Antonio Metropolitan Health District.

Director means the director of the San Antonio Metropolitan Health District or their authorized designee.

Employee means an individual who performs work for pay within the City of San Antonio, Texas for an employer including work performed through the services of a temporary or employment agency. An employee who is typically based outside of the city (the employee works outside the geographical boundaries of the City of San Antonio for more than fifty (50) percent of work hours in a year) and performs work in the city on an occasional basis is covered by this article if the employee performs more than two hundred forty (240) hours of work in the city within a year. Employee does not mean an individual who is an independent contractor according to title 40, section 821.5 of the Texas Administrative Code (TAC).

Employer means any person, company, corporation, firm, partnership, labor organization, nonprofit organization, or association that pays an employee to perform work for an employer and exercises control over the employee's wages hours and working conditions. The term does not include:

(1) The United States;

(2) A corporation wholly owned by the government of the United States;

(3) The state or any state agency;

(4) The City of San Antonio, Texas, or any other political subdivision of the state or other agency that cannot be legally regulated by city ordinance; or

(5) Any person, company, corporation, or firm subject to, or with employees subject to the Railway Labor Act (45 U.S.C. 181 et seq.).

Family member means:

(1) Any of the following as they relate to an employee:

a. Spouses, domestic partners, and both different-sex and same-sex significant others; or

b. Any other family member within the second degree of consanguinity or affinity; or

c. A member of the covered employee's household;

(2) A minor's parents, regardless of the sex or gender of either parent.

The concept of parenthood is to be liberally construed without limitation as encompassing legal parents, foster parents, same-sex parent, step-parents, those serving *in loco parentis*, and other persons operating in caretaker roles.

Sick and safe leave means a period of paid leave from work accrued by an employee in accord with this article. Sick and safe leave is a fringe benefit as defined by the Texas Labor Code and not a wage or a component of salary.

Year means a regular and consecutive twelve (12) month period as determined by the employer. (Ord. No. 2018-08-16-0620, § 2, 8-16-18; Ord. No. 2019-10-03-0795, § 1, 10-3-19)

Sec. 15-270. Scope and intent of article.

To provide employees with the ability to accrue and use sick and safe leave when they need to be absent from work because the employee or the employee's family member suffer illness, injury, stalking, domestic abuse, sexual assault, or otherwise require medical or health care, including preventative care and mental health care. This ordinance does not require the payment of

*__Editor's note—__Ord. No. 2019-10-03-0795, § 1, adopted Oct. 3, 2019, amended art. XI, and in so doing changed the title of said article which pertained to earned paid sick time.

sick and safe leave upon separation from employment and it does not require that sick and safe leave be calculated as an increase to salary or wages for an employee. No provision of this article is designed or intended to conflict with or be preempted by the Federal Labor Standards Act (FLSA) (29 U.S.C. 201, et seq.) or the Texas Minimum Wage Act (TMWA) (Texas Lab. Code Section 62.001, et seq.).
(Ord. No. 2018-08-16-0620, § 2, 8-16-18; Ord. No. 2019-10-03-0795, § 1, 10-3-19)

Sec. 15-271. Duties and powers of the director.

(a) The director is hereby authorized to carry out and enforce the provisions of this article, to educate employers and employees about this article, to render interpretations of this article, and to adopt policies and procedures in order to clarify and administer the application of this article's provisions. Such interpretations, policies and procedures shall be in compliance with the intent and purpose of this article. Such policies and procedures shall not have the effect of waiving requirements specifically provided for in this article.
(Ord. No. 2018-08-16-0620, § 2, 8-16-18)

Sec. 15-272. Sick and safe leave requirements.

(a) *General.* An employer shall provide an employee with sick and safe leave that meets the requirements of this article in an amount up to the employee's available sick and safe leave. The employer shall provide sick and safe leave at the rate of pay that the employee would have earned if the employee had worked the scheduled work time, exclusive of any overtime premium, tips, or commissions, but no less than the state minimum wage.

(b) *Accrual requirements and yearly cap.*

(1) An employer shall grant an employee one (1) hour of sick and safe leave for every thirty (30) hours worked for the employer in the City of San Antonio sick and safe leave shall accrue in one (1) hour unit increments. There shall be no accrual of a fraction of an hour of sick and safe leave unless an employer chooses such smaller increment.

(2) Sick and safe leave shall accrue starting at the commencement of employment or the date this article is effective, whichever is later. However, consistent with Section 15-272(C)(1), use of sick and safe leave shall not be required until after an employee has met the established requirements for employment benefit eligibility, as applicable.

(3) This article does not require an employer to provide an employee with more sick and safe leave in a year than the baseline amount specified in this section. This article does not require an employer to allow an employee to accrue more than the baseline amount specified of sick and safe leave in a year. An employer may inform an employee that leave requested in excess of the employee's available sick and safe leave will not be paid. The baseline amount for sick and safe leave for full time employees under this article is fifty-six (56) hours per employee per year unless the employer chooses a higher limit.

(4) All available sick and safe leave up to the baseline amount provided in this section shall be carried over to the following year. Provided, that an employer that makes at least the baseline amount of sick and safe leave available to an employee at the beginning of the year under the purpose and usage requirements of this article is not required to carry over sick and safe leave for that year.

(5) A written contract made pursuant to title 29, section 158(d) of the United States Code, or other state or federal law that provides for collective bargaining between an employer and a labor organization representing employees shall determine the benefits provided to employees and shall not be subject to this article.

(c) *Usage requirements.*

(1) Sick and safe leave shall be available for an employee to use in accord with this article, provided, that an employer that has an established employment benefit eligibility period prior to the effective date of this article for all employees may restrict or limit an employee from using sick and safe leave during an employee's benefit eligibility period. An established eligibility period applying to the use of sick and safe leave may not exceed ninety (90) days from the start of employment. Employment benefit eligibility periods for the use of sick and safe leave are not applicable to, and do not supersede, any other timeline or eligibility requirement set out in state or federal law.

(2) An employee may request sick and safe leave from an employer for an absence from the employee's scheduled work time caused by:

a. The employee's physical or mental illness or injury, preventative medical or health care or health condition; or

b. The employee's need to care for a family member's physical or mental illness, preventative medical or health care, injury or health condition; or

c. The employee's or their family member's need to seek medical attention, seek relocation, obtain services of a victim services organization or participate in legal or court ordered action related to an incident of victimization from domestic abuse, sexual assault, or stalking involving the employee or the employee's family member.

(3) Verification of leave.

a. An employer may not adopt verification procedures that would require an employee to provide a detailed description of the domestic abuse, sexual assault, stalking, illness, injury, health condition or other health need when making a request for sick and safe leave under this section.

b. Consecutive days missed. An employer may adopt reasonable verification procedures consistent with section 15-272(c)(3)(c) to establish that an employee's request for more than three (3) consecutive days of sick and safe leave meets the requirements of this article.

c. Reasonable verification procedures for consecutive days missed:

1. An employer cannot request leave verification documentation from an employee until the employee's fourth (4^{th}) consecutive day of using sick and safe leave.

2. An employee will choose what documentation to provide in responding to a request for verification. The department will make examples of verification available to employers and employees.

3. Verification may include a written statement from the employee that the employee took either "sick" or "safe" leave provided by this article.

d. Abuse of sick and safe leave. Employers suspecting abuse of sick and safe leave, including patterns of use, may request verification of the employee's need for leave, consistent with limitations and parameters established by state and federal law, or other source. Indications of patterns of use may include but are not limited to, repeated use of unscheduled sick and safe leave on or adjacent to weekends, holidays, vacation, pay day, on days when other leave has been denied, or when mandatory shifts are scheduled. An employer must abide by all existing

federal and state laws regarding discrimination and employment practices.

e. An employer that determines that an employee has failed to comply with the verification requirements set out in 15-273(c)(3)(b), (c) or (d), may address that failure consistent with its established disciplinary processes and procedures.

f. Confidentiality and nondisclosure. If, in conjunction with this article, an employer possesses health or medical information regarding an employee or an employee's family member or information pertaining to domestic abuse, sexual assault, or stalking of an employee or an employee's family member, the employer must treat such information as confidential and not disclose the information except with permission of the employee, when ordered by a court or administrative agency, or when otherwise required by federal, state or local law.

(4) An employer shall provide sick and safe leave for an employee's absence from the employee's scheduled work time if the employee has available sick and safe leave and makes a timely request for the use of sick and safe leave before their scheduled work time. An employer may not prevent an employee from using sick and safe leave for an unforeseen qualified absence that meets the requirements of this section.

(5) This section does not require any employer to allow an employee to use more than the baseline amount set forth within section 15-272(b)(3) of sick and safe leave in a year.

(6) An employee who is rehired by an employer within six (6) months following separation from employment from that employer may use any sick and safe leave available to the employee at the time of the separation. An employer is not required to pay out the balance of sick and safe leave to an employee upon separation from employment. However, if an employer chooses to pay out the balance of sick and safe leave to an employee upon separation from employment, the employer is not required to reinstate any sick and safe leave upon rehiring of the employee.

(d) *Requiring employees to find a replacement to work scheduled time prohibited.* An employer shall not require an employee to find a replacement to cover the hours of sick and safe leave as a condition of using sick and safe leave. This article does not prohibit an employer from allowing an employee to voluntarily exchange hours or voluntarily trade shifts with another employee or prohibit an employer from establishing incentives for employees, to voluntarily exchange hours or voluntarily trade shifts.

(e) *Donating unused sick and safe leave.* This article does not prohibit an employer from permitting an employee to donate available sick and safe leave to another employee.

(f) *Employee transfer.* Neither the amount of sick and safe leave nor the right to use sick and safe leave shall be affected by an employee's transfer to a different facility, location, division or job position with the same employer.
(Ord. No. 2018-08-16-0620, § 2, 8-16-18; Ord. No. 2019-10-03-0795, § 1, 10-3-19)

Sec. 15-273. No change to more generous leave policies.

(a) An employer may provide paid leave benefits to its employees that exceed or otherwise meet the requirements of this article. This article does not require an employer who makes paid time off available to an employee in a manner consistent with this article to provide additional sick and safe leave to that employee. An employer that provides the following minimum requirements to employees will be considered to be compliant with this article:

(1) The employer provides an amount of leave for employees that is consistent with what is set out in section 15-272 (b) as a baseline amount;

(2) An employee may use provided leave for circumstances set out in this article.

(b) This article does not require an employer to provide additional sick and safe leave to an employee if the employee has used paid time off that meets the requirements of this article for a purpose not specified in section 15-272.

(c) This article does not prohibit an employer from granting sick and safe leave to an employee prior to accrual by the employee.

(d) A covered employer with a leave policy that is otherwise compliant with the requirements of this article must still comply with and meet all other applicable requirements established by this article, including the prohibition of retaliating against employees that utilize sick and safe leave consistent with this article.
(Ord. No. 2018-08-16-0620, § 2, 8-16-18; Ord. No. 2019-10-03-0795, § 1, 10-3-19)

Sec. 15-274. Notice, recordkeeping, and signage requirements.

(a) *Monthly notice to employee.* On no less than a monthly basis, an employer shall provide, or make available for review, electronically or in writing to each employee a statement showing the amount of the employee's available sick and safe leave or the paid time off (PTO) balance that can be used in the same manner as sick and safe leave. This section does not create a new requirement for certified payroll.

(b) *Notice in employee handbook.* An employer who provides an employee handbook to its employees must include a notice of an employee's rights and remedies under this article in that handbook.

(c) *Recordkeeping.* For the period required for maintenance of records under title 29, section 516(a) of the Code of Federal Regulations, an employer shall maintain records establishing the amount of sick and safe leave accrued and used by each employee.

(d) *Posting of signs.* If the director makes such signage publicly available on the department's website, an employer shall display a sign describing the requirements of this article in a conspicuous place or places where notices to employees are customarily posted. The director has the authority to prescribe the size, content, and posting location of signs required under this section. The signs displayed under this section shall be in English and other languages, as determined by the director.
(Ord. No. 2018-08-16-0620, § 2, 8-16-18; Ord. No. 2019-10-03-0795, § 1, 10-3-19)

Sec. 15-275. Retaliation prohibited.

An employer may not transfer, demote, discharge, suspend, reduce hours or directly threaten these actions against an employee because that employee requests or uses sick and safe leave consistent with this article, reports or attempts to report a violation of this article, participates or attempts to participate in an investigation or proceeding under this article, or otherwise exercises any rights afforded by this article.
(Ord. No. 2018-08-16-0620, § 2, 8-16-18; Ord. No. 2019-10-03-0795, § 1, 10-3-19)

Sec. 15-276. Investigation and withdrawal of complaints.

(a) An employee may file a complaint with the department and the department may investigate complaints, including anonymous complaints alleging a violation of this article.

(b) A complaint alleging a violation of this article must be filed with the department by or on behalf of an aggrieved employee within one (1) year from the date of the violation. A complaint will be deemed to be received by any member of city staff if provided in writing and shall be directed to the department by city staff. A submitted complaint should provide the following information:

(1) Name of company or employer;

(2) Location of company or employer (including branch or office);

(3) Date of incident or violation;

(4) Explanation of incident or violation;

(5) List of witnesses or persons with knowledge of the incident or violation, as applicable.

(c) An employer shall provide relevant information and testimony when requested by the department for the purposes of determining compliance with this article within fifteen (15) days of the department's request for information. An employer may request an additional ten (10) days to provide information as determined to be appropriate and upon approval of the director. Relevant information and testimony includes, and is limited to, only the information necessary to determine whether a violation of this article has occurred. This article does not provide the department with subpoena power.

(d) Pre-investigation voluntary compliance. The department will provide written notice to a employer advising that a complaint has been filed alleging a violation of this chapter and will be investigated by the department. Upon receipt of a notice of complaint, the employer will have ten (10) business days to resolve the subject matter of the complaint by paying an employee for sick and safe leave that was taken and not paid for, provide an additional period of sick and safe leave to what was denied or taken without pay, and/or addressing and correcting an administrative violation. Additional voluntary compliance methods or options can be considered and approved by the director as appropriate to the resolution of a complaint.

(e) The department shall only investigate matters related to this article and submitted complaints related to this article. The department may inform employees and relevant personnel at a worksite of an investigation of a complaint at that worksite alleging a violation of this article.

(f) Withdrawal of complaints. An employee, at any time and at the employee's sole discretion, may withdraw their complaint. A complaint is withdrawn by the employee, and will be deemed to be received, when the employee notifies an employee or elected official of the City of San Antonio in writing. A complaint withdrawal will terminate the investigation process immediately, and will result in a finding of "withdrawn complaint" with respect to the outcome of the investigation. A finding of "withdrawn complaint" will result in no fine being assessed against the employer.
(Ord. No. 2018-08-16-0620, § 2, 8-16-18; Ord. No. 2019-10-03-0795, § 1, 10-3-19)

Sec. 15-277. Enforcement.

The department has the authority to enforce the provisions of this article.
(Ord. No. 2018-08-16-0620, § 2, 8-16-18)

Sec. 15-278. Violation(s); civil penalties; voluntary compliance.

(a) Civil penalty. Any employer who intentionally, knowingly, recklessly or negligently violates any provision of this chapter shall, consistent with the judicial procedure laid out in § 20-104 et seq., be fined an amount not more than five hundred dollars ($500.00). Each day that a violation is committed or permitted to exist shall constitute a separate offense. Each violation of a particular section or subsection of this article constitutes a separate offense.

(b) If it is determined after investigation of a timely complaint that a violation of this article has occurred an employer shall receive written notice of the violation and the civil penalty assessed, if any. Such written notice is presumed to have been received on the fifth day after the notice is mailed.

(c) Post-investigation voluntary compliance. If the municipal court/administrative hearing officer finds after investigation of a timely complaint that a violation of this article has occurred, the department may seek voluntary compliance from the employer to remedy any violation of this article before submitting the violation for prosecution. Upon receipt of a notice of violation, the employer will have ten (10) business days to resolve the violation by paying an employee for sick and safe leave that was taken and not paid for, provide an equivalent period of sick and safe leave to what was denied or taken without pay, and/or addressing and correcting an administrative violation. Additional voluntary compliance methods or options can be considered and approved by the director as

appropriate to the resolution of a violation. If voluntary compliance is not achieved within ten (10) business days following the employer's receipt of the written violation notice, the violation will be submitted for filing at Municipal Court.

(d) For a violation of this article that occurs after the effective date of the ordinance from which this article derives but before April 1, 2020, the department may issue a notice to the employer that a civil penalty may be assessed for a violation that occurs on or after April 1, 2020. Provided, that a civil penalty for a violation of section 15-275 (retaliation prohibited) may be assessed anytime after the effective date of the enabling ordinance.

(e) This section does not create a criminal offense.
(Ord. No. 2018-08-16-0620, § 2, 8-16-18; Ord. No. 2019-10-03-0795, § 1, 10-3-19)

Sec. 15-279. Annual report.

The director shall publish an annual report regarding implementation and enforcement of this article including, without limitation, information about the number and nature of complaints reported, investigations undertaken, specific violations found, compliance achieved, and penalties assessed in the prior year, information about the industries and occupations with high rates of complaints and violations, and a discussion of this article's impact on employers and employees. This report may also include the director's recommendations for improvements to this article.
(Ord. No. 2018-08-16-0620, § 2, 8-16-18; Ord. No. 2019-10-03-0795, § 1, 10-3-19)

Sec. 15-280. Severability.

It is hereby declared to be the intention of the city council that the sections, paragraphs, sentences, clauses and phrases of this chapter are severable, and if any phrase, clause, sentence, paragraph or section of this chapter shall be declared unconstitutional by the valid judgment or decree of any court of competent jurisdiction, such unconstitutionality shall not affect any of the remaining phrases, clauses, sentences, paragraphs and sections of this chapter, since the same would have been enacted by the city council without the incorporation in this chapter of any such unconstitutional phrase, clause, sentence, paragraph or section.
(Ord. No. 2019-10-03-0795, § 1, 10-3-19)

Sec. 15-281. Effective date.

This article shall become effective on December 1, 2019.
(Ord. No. 2018-08-16-0620, § 2, 8-16-18; Ord. No. 2019-10-03-0795, § 1, 10-3-19)

Editor's note—Ord. No. 2019-10-03-0795, § 1, adopted Oct. 3, 2019, added a new § 15-280 to the Code, and in so doing renumbered the former § 15-280 as § 15-281, as set out herein.

ARTICLE XII. DOMESTIC VIOLENCE SIGNAGE

Sec. 15-282. Definitions.

City means the City of San Antonio.

Department means the health department of the city also known as the San Antonio Metropolitan Health District.

Director means the director of the San Antonio Metropolitan Health District or their authorized designee.

Person means an individual, association, corporation, or any other business entity.

Place of public accommodation shall include every business within the city, whether wholesale or retail, which is open to the general public and offers, for compensation, any product, service or facility. The term place of public accommodation shall include, but not be limited to, all taverns, hotels, motels, apartment hotels, apartment houses with four (4) or more tenant units, restaurants or any place where food or beverages are sold, retail and wholesale establishments, hospitals, theaters, motion picture houses, museums, bowling alleys, golf courses and all public conveyances, as well as the stations or terminals thereof.
(Ord. No. 2023-10-19-0747, § 2, 10-19-23)

Sec. 15-283. Scope and intent of article.

To provide regulations for the display of signage related to domestic violence in order to increase community awareness and vigilance about this critical issue and ensure that those in need have access to support services.
(Ord. No. 2023-10-19-0747, § 2, 10-19-23)

Sec. 15-284. Duties and powers of the director.

The director is hereby authorized to carry out and enforce the provisions of this article, to educate the community about this article, to render interpretations of this article, and to adopt policies and procedures in order to clarify and administer the application of this article's provisions. Such interpretations, policies and procedures shall be in compliance with the intent and purpose of this article. Such policies and procedures shall not have the effect of waiving requirements specifically provided for in this article.
(Ord. No. 2023-10-19-0747, § 2, 10-19-23)

Sec. 15-285. Requirement of display of domestic violence signage.

(a) A person who operates a place of public accommodation shall post in clear view, signage prescribed by the department, featuring domestic violence prevention resources in all restrooms at the entity. The signage shall be placed on the bottom right corner of the restroom mirror. If no mirror is available, or the mirror is smaller than forty-eight (48) inches by thirty (30) inches in size, then the signage shall be placed on the back of the restroom door at eye level or five feet from the floor.

(b) The director shall prescribe the design and content of the signage required to be posted under this article and make the signage available on the department's website, in person or by mail upon request. The signage shall contain information regarding services and assistance available to victims of domestic violence and be in English and Spanish, and any other language determined appropriate by the director.
(Ord. No. 2023-10-19-0747, § 2, 10-19-23)

Sec. 15-286. Enforcement.

(a) The department shall have authority to enforce the provisions of this article.

(b) Any citizen may register a complaint with the department which may initiate an investigation by the department.

(c) The department, while an establishment is undergoing otherwise mandated inspections, inspect for compliance with this article.

(d) The director shall inform the entity of any discovered failure to comply with this article. The entity shall cure the violation or demonstrate to the director that the finding of non-compliance was incorrect. If the entity is found to be in non-compliance, the department shall provide the entity signage and resource materials.

(e) Section 1-5 of the City Code does not apply to this article.
(Ord. No. 2023-10-19-0747, § 2, 10-19-23)

ARTICLE I. IN GENERAL

Sec. 16-1. Accreditation of day care homes; fees.

(a) The department of human resources and services is authorized to implement a day care homes accreditation system. The director of the department of human resources is authorized to promulgate standards, subject to subsequent city council approval, to qualify day homes within the city limits for accreditation from the City of San Antonio.

(b) The following fee schedule for the accreditation process is hereby established:

Application fee	$10.00
Accreditation certificate fee	5.00
Annual renewal fee.	5.00

The director of finance is authorized to establish the necessary accounts for deposit of the assessed fees.

(Ord. No. 60921, §§ 1, 2, 6-20-85)

Editor's note—Nonamendatory Ord. No. 60921, §§ 1, 2, adopted June 20, 1985, has been codified herein as § 16-1 at the discretion of the editor.

Sec. 16-2. Reserved.

Editor's note—Ord. No. 99733, § 5, adopted September 16, 2004, repealed § 16-2 in its entirety, which pertained to a license fee for sidewalk photographers, and derived from Ord. No. 63230, § 2, adopted July 16, 1986.

Sec. 16-3. Application/permit fee for facilities using hazardous materials; response fee based on materials and man-hours required at scene of accident.

(a) An annual permit fee is hereby imposed on every person or corporation that owns, operates, or acts as the agent for any business location where one or more hazardous materials are used, stored, transported, manufactured, generated, disposed or sold within the city, in the fee amounts and for the types of businesses or activities and for the quantities of chemical listed in table I. Businesses and/or locations utilizing, storing, transporting, manufacturing, disposing of, or selling hazardous materials in quantities in excess of the operational permitting requirements of the Code of Ordinances of the City of San Antonio, Part II-Code, Chapter 11 Fire Prevention Code are subject to the provisions of this section.

(b) Where more than one location is used by the same person, corporation or entity, a separate service fee shall be paid for each location within the city.

(c) The annual permit fees listed in table I shall be applied based upon the maximum quantity of a hazardous material present at any one time during the preceding year, except that each service station engaged in retail sales of fuel shall pay a flat fee of six hundred dollars ($600.00) per location. Exception: Retail service stations storing thirty thousand (30,000) gallons of fuel or less shall pay a flat fee of one hundred fifty dollars ($150.00) per location.

(d) The annual permit is required for each location used by the permittee, and a change of ownership of the location where the chemicals are stored, manufactured, generated, disposed of or sold shall be cause for a new permit. The change of ownership of the business or entity handling the chemicals shall be cause for a new permit.

(e) A "hazardous material response fee" shall be paid to the city fire department by the person, corporation, or entity which created the hazard or which owned the materials or chemicals and said fee shall be determined by the time required at the scene of the hazardous incident at the rate of eight hundred dollars ($800.00) per hour per apparatus per incident, plus any applicable fire department personnel overtime costs. The hourly rate shall be prorated in 15-minute increments at the beginning of each increment. All expendable commodities used at the scene will be billed at cost to the person, corporation, or entity which created the hazard or which owned the hazardous materials or chemicals.

(f) The annual permit fees shall be due and payable thirty (30) calendar days from date of invoice for calendar year. Payment shall be by cash, money order, or check made payable to the City of San Antonio, and payable at the City of

San Antonio, Treasury Division, at 506 Dolorosa Street or by addressing the payment to the City at P.O. Box 839966, San Antonio, Texas 78283-3966.

(g) A five (5) percent late penalty shall attach when payment is due (thirty (30) calendar days from invoice) and shall be collected and processed in the same manner as if they were part of the service fee. Said penalty may be partially or wholly waived by the city treasurer only if the delinquent payment is documented as not due to the error, oversight, or intent of the permittee.

(h) Annual hazardous materials permits shall be issued for each location operated or maintained by the permittee, and the permittee shall post said permit in a conspicuous place at each such location.

(i) Natural persons who use, store, transport, generate or dispose of hazardous materials in household consumer quantities for personal, noncommercial purposes are specifically excluded from compliance with the provisions of this section.

(1) Enforcement of this section shall be enforced by the fire prevention division and other members of the fire department duly authorized by the fire chief.

(2) Any person or corporation having any duty under subsections (a) through (i) commits an offense if they knowingly fail to comply with any provisions of this section or with any of the requirements thereof.

(3) Any persons violating any provisions of this section shall be guilty of a misdemeanor. Each day upon which such a violation occurs constitutes a separate offense. Upon conviction, each violation shall be punishable by a fine of not less than one hundred dollars ($100.00) nor more than two thousand dollars ($2,000.00).

Sec. 16-4. Regulations governing basic service rates for cable television systems.

(a) Pursuant to the regulatory jurisdiction permitted under Section 3 of the Cable Television Consumer Protection and Competition Act of 1992 (47 U.S.C. § 543) and the authority to grant and regulate franchises under Article XI of the City Charter of the City of San Antonio, the City of San Antonio shall regulate the rates for the provision of cable service or any other communications service provided over a cable system to cable subscribers by any cable television system operating in the City of San Antonio to the extent authorized under Section 3 of the Act in accordance with regulations prescribed by the Federal Communications Commission.

(b) Pursuant to the authority of Article XI of the City Charter, the office of the supervisor of public utilities shall carry out the regulatory function established herein. The supervisor of public utilities shall perform studies and submit reports to the city council for final action. By resolution of the city council so directing, the cable advisory committee shall hold public hearings which will provide a reasonable opportunity for consideration of the views of interested parties. Notice of such hearings shall be published in a newspaper of general circulation at least five (5) days prior to the date of the scheduled public hearing. The cable advisory committee shall submit a report to the city council which will be submitted along with the report of the supervisor of public utilities for final action by the city council. Upon receipt of the reports of the supervisor of public utilities and the cable advisory committee, the city council shall act upon such matters at a regularly scheduled meeting of the city council at which time interested parties shall be provided a reasonable opportunity to have their views considered by the city council.

(c) In carrying out the regulatory jurisdiction established in this section, the supervisor of public utilities shall in all respects conform to the requirements of the Federal Communications Commission set forth in Part 76 of Chapter I of Title 47 of the Code of Federal Regulations, and those requirements are hereby adopted as applicable to the regulatory jurisdiction established herein. A copy of such requirements are attached to Ordinance No. 78870 as Exhibit I and incorporated herein by reference.

Sec. 16-6. Notice of tenant rights.

(a) If a residential tenant fails to timely pay rent and a landlord delivers to the tenant a notice to vacate for non-payment of rent, a landlord shall provide the tenant a notice of tenant rights within one (1) business day of the date of delivery of the notice to vacate for non-payment of rent.

(b) A property owner or landlord who, individually or through an agent or representative intentionally, knowingly, recklessly, or negligently violates this section shall be given one warning. After the first violation and receipt of a warning, a property owner who, individually or through an agent or representative intentionally, knowingly, recklessly, or negligently violates this section shall, consistent with the judicial procedure laid out in section 20-104 et seq. of the city Code (administrative adjudication hearings) and as the sole remedy for the violation, be fined an amount not more than five hundred dollars ($500.00). Nothing herein shall create a private cause of action for the failure to deliver a notice of tenant rights.

(c) A complaint alleging a violation of this section must be reported within ninety (90) days from the date of the violation.

(d) It shall be a defense to prosecution:

(1) That the eviction proceedings were instituted against a tenant when the tenant, members of the tenant's household, or guests breached the terms of the lease other than for non-payment of rent or fees; or

(2) Delivery of a prior version of the notice of tenant's rights unless the property owner has received a warning for delivery of an obsolete version of the notice of tenant's rights.

(e) A notation on a copy of the notice of tenant rights shall be prima facie evidence of the manner of its delivery.

The fee for a license required by this article shall be ten dollars ($10.00) annually for each billiard table. In addition every licensee shall pay one-half the state tax for each billiard table operated by the licensee. The tax shall be paid annually to the city treasurer on or before the effective date therefor. No refund shall be made after said tax is paid.
(Code 1959, § 8A-3; Ord. No. 32225, § 3, 4-9-64; Ord. No. 37514, § 1, 5-22-69; Ord. No. 39555, § 1, 6-3-71; Ord. No. 46600, § 1, 4-29-76)

Sec. 16-21. Receipt; proration.

The city treasurer, who shall issue a receipt for each license and license renewal, showing the period covered thereby and the amount of tax for which the receipt is issued. Where a license is

which the receipt is issued. Where a license is issued for a period of less than one (1) year, the fee shall be prorated on the basis of one-quarter of the annual fee for each three (3) months.
(Code 1959, § 8A-3; Ord. No. 32225, § 3, 4-9-64; Ord. No. 37514, § 1, 5-22-69; Ord. No. 39555, § 1, 6-3-71; Ord. No. 46600, § 1, 4-29-76)

Sec. 16-22. Investigation of applicant by chief of police; issuance or denial of license.

The city treasurer shall refer the application filed pursuant to this article to the chief of police who shall verify the accuracy of the statements made in the application and may request character references from two (2) citizens of the county attesting to the applicant's good moral character. The chief of police shall then submit his' recommendation to the city treasurer who shall issue or refuse the license accordingly.
(Code 1959, § 8A-5; Ord. No. 32225, § 5, 4-9-64; Ord. No. 46600; § 1, 4-29-76)

Sec. 16-23. Term; renewals.

(a) All licenses issued pursuant to this article shall expire one (1) year from the date the license is effective except as follows:

(1) Where an establishment operating under a billiard hall license only subsequently obtains a beer license, the next renewal is effective to the date of expiration of the beer license.

(2) Where an establishment operating under a beer license only subsequently installs one (1) or more billiard tables, the initial billiard hall license shall cover the period from its effective date to the date of expiration of the beer license.

(b) Licenses may be renewed upon application to the city treasurer. Application for renewal shall be referred to the chief of police for determination as to continuing compliance with this article.
(Code 1959, § 8A-3; Ord. No. 32225, § 3, 4-9-64; Ord. No. 37514, § 1, 5-22-69; Ord. No. 39555, § 1, 6-3-71; Ord. No. 46600, § 1, 4-29-76)

Sec. 16-24. Sealing machines for failure to pay tax.

The license and dues inspectors of the city treasurer's office are authorized to and shall have the power to seal or make inoperable without damaging any billiard table on which the license tax has not been paid. The license and dues inspectors are authorized to release any billiard tables so sealed upon the payment in full of all license fees and occupation taxes due and the payment of a fee of five dollars ($5.00) to the city treasurer for each billiard table so sealed.
(Code 1959, § 8A-3; Ord. No. 32225, § 3, 4-9-64; Ord. No. 37514, § 1, 5-22-69; Ord. No. 39555, § 1, 6-3-71; Ord. No. 46600, § 1, 4-29-76)

Sec. 16-25. Posting license in a conspicuous place.

Any license issued under this article shall be posted by the licensee in a conspicuous place near the entrance of any room or rooms where any billiard tables are operated, maintained or kept for profit or for the amusement of their patrons.
(Code 1959, § 8A-8; Ord. No. 32225, § 8, 4-9-64)

Sec. 16-26. Transfer of license.

A license issued pursuant to this article may be transferred to a different lawful location upon application and payment of a transfer fee of one dollar ($1.00). Licenses may not be transferred to a different licensee.
(Code 1959, § 8A-9; Ord. No. 32225, § 9, 4-9-64)

Sec. 16-27. Zoning regulations to be complied with.

No license shall be issued for any location where the proposed operation would be in violation of chapter 35, Zoning.
(Code 1959, § 8A-10; Ord. No. 32225, § 10, 4-9-64)

Sec. 16-28. Revocation of license.

The chief of police may revoke or suspend the license of any person issued under the provisions of this article if the applicant has knowingly

made any false, misleading or fraudulent statement of fact in the licensing application; or upon any grounds that would warrant the denial of issuance of the license in the first place; or for permitting gambling within the billiard hall. Notice of the suspension or revocation shall be given to the licensee in writing, with the reasons for the suspension or revocation specified in the notice. The notice shall be served either by personal service upon the licensee, or by posting the notice upon the establishment.
(Code 1959, § 8A-6; Ord. No. 32225, § 6, 4-9-64; Ord. No. 46600, § 1, 4-29-76)

Sec. 16-29. Appeal from revocation.

When an applicant is refused a license required by this article or when a license is revoked or suspended by the chief of police the applicant may appeal to the city council within ten (10) days of such refusal, revocation or suspension, which appeal shall be perfected by delivering to the city clerk a letter stating that an appeal is desired. In the event of the filing of an appeal, until such appeal has been determined by the city council, the suspension order shall be stayed. The city council shall within a reasonable time after receiving the notice of appeal hold a hearing thereon and after the hearing sustain or reverse the decision of the chief of police. If no appeal is taken from the finding made by the chief of police within the prescribed ten-day period, the decision of the chief of police shall be final. (Code 1959, § 8A-7; Ord. No. 32225, § 7, 4-9-64; Ord. No. 46600, § 1, 4-29-76)

Sec. 16-30. Unobstructed view by general public.

(a) Every billiard hall shall have unobstructed windows or open space on at least one (1) side so that the area is open to view by the general public passing by on a public street or using a corridor, lobby or other rooms to which the public resorts and is admitted without charge. The licensee shall not permit any obstruction of such public view by the use of drawn shades, blinds, partitions or other structures or obstructions.

(b) The requirements of (a) above may be waived or modified by the chief of police if the licensee can demonstrate:

(1) The billiard hall is located in a structure deemed a historic landmark, or the structure is within a historic district or a designated business development district, and deemed to have architectural or historic significance; and

(2) Compliance with the unobstructed view requirement shall require alterations to the structure that will have a substantially detrimental effect on its historic or architectural features. In making his decision, the chief shall consider the written opinion of the city's historic preservation officer in regards to (1) and (2) above. The historic preservation officer shall submit such written opinion to the chief within fourteen (14) days from the date the chief requests the opinion. Failure by the historic preservation officer to submit such written opinion shall be deemed as establishment of both conditions (1) and (2) above.

(Code 1959, § 8A-11; Ord. No. 32225, § 11, 4-9-64; Ord. No. 94707, § 1, 10-11-01)

Sec. 16-31. Hours of operation.

It shall be unlawful for any person to keep, conduct or operate any billiard table or coin-operated billiard table for profit or to allow or permit any billiard hall to remain open for business or open to the public before the hour of 7:00 a.m. or after the hour of 2:00 a.m. provided, however, that national or state-wide tournaments may be conducted without complying with such hours if sponsored by any established national billiard association which submits a written request at least forty-five (45) days prior to the first day of the tournament, to the city manager, and if it receives city council's approval by way of ordinance.

No. 99733, § 4, adopted September 16, 2004, repealed article VI in its entirety, which pertained to itinerant vendors, and derived from the Code of 1959, §§ 28-14—28-18, 28-20—28-23.1; Ord. No. 48072, §§ 1—5, 7—11, adopted May 26, 1977; Ord. No. 71133, § 2, adopted February 22, 1990, and Ord. No. 90492, § 3, adopted September 16, 1999.

†**Editor's note—**Ord. No. 2012-12-13-1006, §§ 2—51, adopted December 13, 2012, amended article VII in its entirety to read as herein set out. Formerly, article VII, divisions 1 and 2, pertained to salvage yards and auto dismantlers, and derived from Ord. No. 2008-06-19-0594, § 1, adopted June 19, 2008; Ord. No. 2009-09-17-0731G, § 3, adopted September 17, 2009; Ord. No. 2009-10-01-0777F, § 1, adopted October 1, 2009. Furthermore, Ord. No. 2012-12-13-1006 enacted provisions intended for use as sections 16-211—16-230. Inasmuch as there are already provisions so designated, and at the discretion of the editor, said provisions have been redesignated as sections 16-210.1—16-210.20.

State law reference—Authority to regulate, Vernon's Ann. Civ. St. art. 1175(24).

Note—Compliance with both divisions is in addition to state and federal mandates.

(2) Explosives, unstable reactive solids, liquids, and/or gases (e.g. out-of-date of degraded chemical containers, damaged fuel cells); or

(3) Toxic materials (e.g. lead-based paints or lead-acid batteries, coolant-containing ethylene glycol); or

(4) Corrosive materials (e.g. acidic cleaning agents, sulfuric acid from vehicle batteries).

Metal recycling entity means a business that is operated from a fixed location and is predominately engaged in the following and excludes used automotive parts recycling businesses.

(1) Performing the manufacturing process by which scrap, used, or obsolete ferrous or nonferrous metal is converted into raw material products consisting of prepared grades and having an existing or potential economic value, by a method that in part requires the use of powered tools and equipment, including processes that involve processing, sorting, cutting, classifying, cleaning, baling, wrapping, shredding, shearing, or changing the physical form of that metal;

(2) The use of raw material products described under subsection (1) in the manufacture of producer or consumer goods; or

(3) Purchasing or otherwise acquiring scrap, used, or obsolete ferrous or nonferrous metals for the eventual use of the metal for the purposes described by subsection (1) or (2).

Metal Shredder Residue (MSR), also known as Shredder Residue (SR), is the material leftover after shredding metal for recycling and magnetic separation (this primarily contains recoverable metals like aluminum, copper, stainless steel and wire) has occurred.

Motor vehicle means:

(1) Any motor driven or propelled vehicle required to be registered under the laws of this state;

(2) A trailer or semitrailer, other than manufactured housing, that has a gross vehicle weight that exceeds four thousand (4,000) pounds;

(3) A travel trailer;

(4) An all-terrain vehicle or a recreational off-highway vehicle, as defined by Transportation Code, § 502.001, designed by the manufacturer for off-highway use that is not required to be registered under the laws of this state; or

(5) A motorcycle, motor-driven cycle, or moped that is not required to be registered under the laws of this state.

Refer to State of Texas Administrative Code Title 16, Part 4, Chapter 87-10 Definitions

Non-repairable motor vehicle means a motor vehicle:

(1) That is damaged, wrecked, or burned to the extent that the only residual value of the vehicle is as a source of parts or scrap metal;

(2) That comes into this state under a comparable ownership document that indicates that the vehicle is nonrepairable;

(3) That a salvage vehicle dealer has reported to the Texas Department of Motor Vehicles under Transportation Code § 501.1003;

(4) For which an owner has surrendered evidence of ownership for the purpose of dismantling, scrapping, or destroying the motor vehicle; or

(5) That is sold for export only under Transportation Code § 501.099.

Refer to State of Texas Administrative Code Title 16, Part 4, Chapter 87-10 Definitions

Normal allocation means all the parts of a motor vehicle constituting its ordinary assemblage.

Person means an individual, corporation, partnership or any other group acting as a unit.

Regulated material means:

(1) Aluminum material;

(2) Bronze material;

(3) Copper or brass material;

(4) Lead material; or

(5) Regulated metal.

Refer to State of Texas Occupation Code Title 12 1956.

Regulated metal means:

(1) Manhole covers;

(2) Guardrails;

(3) Metal cylinders designed to contain compressed air, oxygen, gases or liquids;

(4) Malt beverage kegs made from metal other than aluminum;

(5) Historical markers or cemetery vases, receptacles, or memorials made from metal other than aluminum;

(6) Unused rebar;

(7) Street signs;

(8) Drain gates;

(9) Safes;

(10) Communication, transmission, and service wire or cable;

(11) Condensing or evaporator coils for central heating or air conditioning units;

(12) Utility structures, including the fixtures and hardware;

(13) Aluminum or stainless steel containers designed to hold propane for fueling forklifts;

(14) Metal railroad equipment, including tie plates, signal houses, control boxes, signs, signals, traffic devices, traffic control devices, traffic control signals, switch plates, e-clips, and rail tie functions; (O) catalytic converters not attached to a vehicle;

(15) Fire hydrants;

(16) Metal bleachers or other seating facilities used in recreational areas or sporting arenas;

(17) Any metal item clearly and conspicuously marked with any form of the name, initials, or logo of a governmental entity, utility, cemetery, or railroad;

(18) Insulated utility, communications, or electrical wire that has been burned in whole or in part to remove the insulation;

(19) Backflow valves;

(20) Metal in the form of commonly recognized products of the industrial metals recycling process, including bales, briquettes, billets, sows, ingots, pucks, and chopped or shredded metals;

(21) Commercial grade lead batteries or lead-acid batteries.

Refer to State of Texas Occupation Code Title 12 1956.

Salvage motor vehicle means:

(1) A motor vehicle that:

a. Has damage to or is missing a major component part to the extent that the cost of repairs, including parts and labor other than the cost of materials and labor for repainting the motor vehicle and excluding sales tax on the total cost of repairs, exceeds the actual cash value of the motor vehicle immediately before the damage, or

b. Is damaged and that comes into this state under an out-of-state salvage motor vehicle certificate of title or similar out-of-state ownership document that states on its face "accident damage," "flood damage," "inoperable," "rebuildable," "salvageable," or similar notion; and

(2) Does not include:

a. A nonrepairable motor vehicle;

b. An out-of-state motor vehicle with a "rebuilt," "prior salvage," "salvaged," or similar notation; or

c. A motor vehicle for which an insurance company has paid a claim for:

1. The cost of repairing hail damage, or

2. Theft, unless the motor vehicle was damaged during the theft and before recovery to the extent described by subparagraph (1)a.

Used automotive parts recycler means a person licensed under this division to operate a used automotive parts recycling business.

Used automotive parts recycling means the dismantling and reuse or resale of used automotive parts and the safe disposal of salvage motor vehicles or nonrepairable motor vehicles, including the resale of those vehicles ("UAPR").
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-187. Zoning requirement.

(a) Appropriate zoning or legal, nonconforming use registration is required for the establishment or expansion of a use as required by Chapter 35, Unified Development Code of the City Code of San Antonio, Texas, including Article III, Zoning and Article IV: Procedures.

(1) Used auto parts recycling businesses are allowed to expand within the boundaries of the parcel on which the use is lawfully located. This expansion allows for major repairs, additions, and new buildings, provided all appropriate permits are obtained. Expansion is not permitted onto adjacent parcels, even if they are under common ownership, without zoning approval from city council.

(2) Any owner or operator found to have illegally expanded will be subject to enforcement action and may have their registration of nonconforming rights terminated in accordance with section 35-706(a).

(b) In granting any required specific use authorization, the city council may impose conditions that the applicant must comply with prior to issuance of a license and a certificate of occupancy by the director of development services for the use of land or buildings on the property pursuant to the approval. City council imposed conditions shall not be construed as conditions precedent to the granting of specific use authorization. City council imposed conditions shall be construed as conditions precedent to the granting of a license and certificate of occupancy.

(1) No new used auto parts recycling business shall be permitted within one thousand (1,000) feet of an existing metal recycling entity or used auto parts recycling business unless an "S" specific use authorization is granted by city council, in accordance with section 35-423. The method of measurement shall be measured from property line to property line.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-188. License required.

(a) A person shall not own or operate a used automotive parts recycling business within the city without a valid city-issued used automotive parts recycler license.

(b) A person owning or operating a used automotive parts recycling business shall not accept regulated material, as defined above, outside a motor vehicle's normal allocation, without a city issued metal recycling entity license.

(c) The director may revoke the certificate of occupancy pursuant to chapter 10 of the City Code for operating without a license.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-189. Application for license.

(a) All applications for licenses to operate a used automotive parts recycling business must be made in writing to the director on a form prescribed by the director and shall, among other things, contain:

(1) The name, residence, and business address of the applicant (this information shall

be listed for each member of the partnership or an authorized representative of a corporation);

(2) The name and nature of the proposed operation; and

(3) The present zoning, address, and legal description of the premises for which application is being applied.

(b) All applications must contain the following statement:

"The license applied for shall be subject to all provisions of the codes and ordinances of the city relating to used automotive parts recycling as well as all state and federal regulations relating to such operations."

(c) All applications must be signed and sworn to by the party applying for the license (by a general partner of a partnership and by an officer of a corporation) before a notary public or other official authorized to administer oaths.

(d) The application must include:

(1) A copy of the State of Texas Pollutant Discharge Elimination System Discharge permit or notice of coverage for that location if required;

(2) A copy of the approved Texas Commission on Environmental Quality (TCEQ) storm water multi-sector permit for that location;

(3) A San Antonio Water System (SAWS) letter of compliance regarding compliance with the Texas Pollutant Discharge Elimination System for that location dated within the last eighteen (18) months; and

(4) A copy of the State of Texas registration as a used automotive parts recycler.

(e) The director may require code enforcement officers to physically ascertain that supportive documents of all permits are kept on file at the used automotive parts recycling business. In such cases, the application shall not be approved until the officers have ascertained the documents' existence and validity. Enforcement of federal or state requirements shall remain the responsibility of the appropriate agencies.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-189.01 Fire prevention plan.

All used automotive parts recycling businesses shall prepare a fire prevention plan to obtain a business license. This shall be submitted to the development services department to be approved by the San Antonio Fire Department. As each facility may address fire prevention differently, only the following minimum standards must be addressed:

(1) Fire department access;

(2) Egress;

(3) Water systems;

(4) Fire notification system.

In the event of a fire at a licensed UAPR site where emergency services respond to a working fire, the current fire prevention plan shall be reviewed, updated and submitted to the director by an approved third party, when required by the fire official.
(Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-190. License fees.

The annual used automotive parts recycler license fee is one thousand dollars ($1,000.00) paid to the city with the license application. The fee will be refunded in the event the license is refused. The license shall cover the period from the first day of January through the last day of December of each year. Only the first year's license may be prorated for each month or fraction thereof. The fee for issuing a duplicate license for one that is lost, destroyed or mutilated shall be ten dollars ($10.00).
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25; Ord. No. 2025-09-18-0629, § 2(Att. C), 9-18-25)

Sec. 16-191. Issuance, renewal or denial of licenses.

(a) Annual licenses shall be issued by the director upon receipt of the prescribed fee and the completed application, or a thirty-day

[This page intentionally left blank.]

temporary license (at the discretion of the director) may be issued to be finalized, provided that:

(1) The applicant, including partners or officers in the case of a partnership or a corporation, has not been convicted or found liable within the previous five (5) years of three (3) or more convictions or findings of liability of this division.

(2) Upon receipt of three (3) or more convictions or findings of liability, the director shall require a meeting with the owner about whether the use of the UAPR has become a nuisance. Refusal by an owner to attend this meeting shall result in license denial.

(3) After inspection, the premises are in compliance with this division and other applicable city ordinances and codes.

(4) In the event a license is denied, the applicant may appeal this decision to the city council.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-192. Revocation of licenses.

(a) The director may temporarily suspend business operations or revoke a license if the license holder has accrued three (3) or more citations accepted by the municipal court over three (3) separate occasions at a permitted property over a rolling twelve-month period, whether the citations are issued to the owner or owner's representative.

(b) Failure to correct multiple issues identified in a monthly inspection report under the following provisions is grounds for the director to revoke the UAPR license: Sections 16-195, fencing; 16-196, manner of storage; waste containment; weed and brush maintenance; fire safety path; 16-197, motor vehicle crushing equipment or industrial devices; 16-199, rodent and vector control; section 10-12, certificate of occupancy; section 35-709, expansion of nonconforming use.

Exception: Subsection 16-195(f).

(c) Revocation by the director, if such should occur, may take place only after opportunity is afforded the dealer to confer with the director.

(1) The business shall temporarily cease operations until such time as a meeting with the director is held and final determination is reached. The director shall meet within three (3) business days of the owner's request for a meeting.

(d) In the event a license is revoked, the license holder may appeal this decision to the city council.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-193. Appeal process for license denial or revocation.

(a) *License denial.*

(1) The director shall issue the applicant a written notice of a used automotive parts recycler license application denial by certified mail, return receipt requested. The denial notice shall inform the applicant of the right of appeal and of the time limit for the written notice of appeal.

(2) The applicant shall have the right of an appeal to the city council if requested in writing and delivered to the director within thirty (30) days after the applicant's receipt of the director's written notice of dealer's license denial. If currently licensed, an appeal from the order of the director shall stay all proceedings unless the director certifies, by reason of the facts stated in the certificate, a stay in his opinion would cause imminent peril to life or property. When such a certificate is filed, proceedings shall not be stayed except by a restraining order granted by a court of proper jurisdiction. Upon disposition by city council, any stay of proceedings is lifted.

(3) The city council may uphold, reverse, or modify the director's decision or action. Failure to appeal to the city council within the prescribed period shall render the director's decision or action final.

(b) *License revocation.*

(1) The director shall issue the used automotive parts recycler written notice of license revocation by certified mail, return receipt requested. The license revocation notice shall inform the used automotive parts recycler of the right of appeal and of the time limitation for the written notice of appeal.

(2) The used automotive parts recycler has the right of an appeal to the city council if requested in writing and delivered to the director within thirty (30) days after the receipt of the director's written notice of used automotive parts recycler's license revocation. An appeal from the order of the director shall stay all proceedings unless the director certifies, by reason of the facts stated in the certificate, a stay in his opinion would cause imminent peril to life or property. When such a certificate is filed, proceedings shall not be stayed except by a restraining order granted by a court of proper jurisdiction. Upon disposition by city council, any stay of proceedings is lifted.

(3) The city council may uphold, reverse, or modify the director's decision or action. Failure to file an appeal to the city council within the prescribed period shall render the director's decision or action final. Revocation of a license may not exceed one (1) year.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-194. Variances.

The board of adjustment is authorized to grant, pursuant to the procedures set forth in Chapter 35, Unified Development Code of the City Code of San Antonio, Texas, a variance from the provisions of sections 16-195 and 16-196, but only due to unique circumstances on the premises or adjacent thereto (such as topography), not created by the used automotive parts recycler and not merely financial, and which are not a part of general conditions in the area. The board of adjustment, however, may not grant variances to subsection 16-196(g) nor to conditions imposed by city council, nor to requirements set by state or federal regulations.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-195. Fencing.

(a) All used automotive parts recycling businesses must be enclosed on all sides (including front and rear) with a substantial and anchored wall or screen fence to include the following:

(1) Constructed as an adequate barrier to limit the migration of rodents and other vectors from the used automotive parts recycling businesses to an adjacent property.

(2) The wall or screen fence must be constructed with appropriate screen drains so as not to inhibit necessary water drainage.

(3) Existing, licensed businesses under the December 13, 2012, ordinance may install and/or maintain corrugated or similar metal fencing material.

(4) Entry and exit gates are not required to be screened.

(b) All walls or screen fences shall be maintained in a neat, solid, and safe condition. No wall or screen fence shall be kept in a listing, damaged, or decaying condition.

(1) Any fence, or any portion thereof, out of vertical alignment by more than fifteen (15) degrees must be repaired.

(2) Any fence, or any portion thereof, having loose bricks, stones, rocks, mortar, masonry, or metal panel, including caps, or similar materials shall be repaired or replaced.

(c) The wall or screen fence must be constructed such that the interior of the used automotive parts recycling entity is not visible from the exterior. Buildings, salvage or nonrepairable oversized vehicles as defined in Chapter 35, Unified Development Code of the City Code of San Antonio, Texas, and any piles of crushed vehicles or salvage materials in compliance with

the International Fire Code, as amended by the city, are excluded from this requirement. The wall or screen fence for used automotive recycling entities located within one hundred (100) feet of a property with a residence thereon must be constructed or modified so that it is eight (8) feet in height. The wall or screen fence for all other existing metal recycling entities must be six (6) feet in height. All metal recycling entities established after the effective date of this ordinance change are required to maintain fences at least eight (8) feet in height. All solid screen fences allowed to be constructed in excess of eight (8) feet in height shall require certification by a licensed engineer that the foundation and support structure are designed to sustain wind loads in accordance with the International Building Code.

(1) All new fences shall be constructed of wood; stone; rock; concrete block; precast concrete panels; masonry brick; brick; or commercially available metal panel (capped and painted to reduce reflectivity and/or heat from the exterior only), or other material(s) which are similar in durability.

a. Barbed wire, razor wire, and all other similar materials are regulated pursuant to section 35-514(a)(6)c.

(d) Those sections of a used auto parts recycling entity which are contiguous with another UAPR or other metal recycling entity (MRE) are exempt from subsection (a), if those sections otherwise have an adequate barrier as required by subsection (a), to inhibit the migration of rodents and other vectors between the metal recycling entities or used auto parts recycling entities.

(e) Gates for access to the used automotive parts recycling entity's premises at each street or alley line must not have combined openings exceeding thirty (30) percent of the alley or street frontage. All gates for access must not swing outward and must be kept closed when the used automotive parts recycling entity is not open for business. This will not apply to access points on a railroad right-of-way.

(f) The fencing requirements in this subsection do not apply to used automotive parts recycling entities whose business is conducted solely within a completely enclosed structure or structures.

(g) In the event of a conflict between the fencing requirements of this division and the requirements of Chapter 35, Unified Development Code of the City Code of San Antonio, Texas, the requirements of this article shall supersede.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-196. Manner of storage; waste containment; weed and brush maintenance; fire safety path.

(a) Salvage materials on the premises of a used automotive parts recycling business shall be arranged so that a reasonable inspection of, or access to, all parts of the premises can be had at any time by the proper fire, health, police, code enforcement, and building authorities which inspections used automotive parts recyclers shall permit during business hours or any reasonable period afterwards. All junked, wrecked or inoperable vehicle bodies located outside of a building shall be so stacked only with the use of metal racks or other safe supports so that the vehicle frames are at least six (6) inches above the ground and such that the lowest part of the vehicle is not touching the ground or base surface and are arranged to provide ease of inspection, control of insects and rodents, and to facilitate water drainage, containment, and waste control. Neither the vehicle bodies, vehicle parts, nor other salvage materials and any scrap, used or obsolete ferrous or nonferrous metal, including regulated material shall be stored or stacked higher than the height of the used automotive parts recycling business wall or screen fence except as noted in subsection 16-195(b).

Exception: Stacking mandates shall not include those vehicles in initial intake/holding areas being processed prior to public access. Intake/holding areas must be fenced or otherwise sectioned off from the main yard and shall not exceed a size of five (5) total acreage per certificate

of occupancy. Vehicle processing includes removal of various contaminated liquid wastes along with other contaminated materials, hazardous waste, and special waste, including, but not limited to, oil, gas, Freon, mercury and biohazardous materials as required by state and federal law. An unprocessed vehicle must be labeled as such and may not be in process for greater than fourteen (14) days.

(b) No salvage materials shall be placed in any manner outside of the used automotive parts recycling business surrounding screen fence or wall.

(c) Areas where recycling operations exist shall be kept clean of any weeds and/or brush over four (4) inches tall. All other area of the premises shall be kept clean of any weeds and/or brush over twelve (12) inches tall within one hundred fifty (150) feet from the curb line of adjacent to residential uses, businesses, streets or the edge of the streets or road surface where no curb exists.

(d) Upon the used auto parts recycling business' possession of all salvage materials, contaminated liquid wastes along with other contaminated materials, hazardous waste, and special waste - including Freon - shall be removed from the salvage materials and contained, stored, and disposed in compliance with all applicable state and federal regulations. Disposal of accumulated contaminated liquids and materials shall be accomplished by a duly licensed contractor. The metal recycling entity shall maintain on premises all completed manifests evidencing legal disposal for a period of three (3) years from the date of disposal. A code enforcement officer shall review the manifests, bills of sale, or other proof of legal disposal at least once every three (3) months.

(e) All hazardous solid waste, hazardous liquid, regardless of character to or category, shall be so contained as to prevent negative impacts on human health or the environment. All storage of hazardous liquid or hazardous solid waste shall be subject to applicable local, state and federal regulations. In no event shall any metal recycling entity maintain a volume and weight of stored liquid or hazardous solid waste inventory in excess of the lesser of the maximum exempt amounts allowed by the fire code as adopted within the City Code or state and federal regulations for a small quantity generator. All hazardous liquid or hazardous solid waste shall be stored only in above ground containers in accordance with applicable federal, state and local laws and administrative regulations. It is unlawful for any hazardous liquid or hazardous solid waste to be held in a container that leaks, is in any other manner not in compliance with state and federal regulations, or in any manner fails to completely contain the material in question.

(f) All used automotive parts recycling entities, as defined by this division, shall have a fire safety path. No salvage materials, vehicles, brush, low hanging limbs (less than fourteen (14) feet), or items obstructing the pathway, shall be placed within ten (10) feet of the surrounding wall or screen fence. The fire chief shall oversee fire safety path specifications and compliance for each metal recycling entity and may alter the required number of feet in accordance with the location, use, size, and other characteristics of an individual metal recycling entity. All penalties and appellate procedures of chapter 11 of this Code shall apply to this subsection.

(g) In accordance with chapter 11 of the City Code, outdoor storage shall comply with the following:

(1) Materials shall be stored in unit piles as low in height and small in area as is consistent with good practice for the materials stored. The maximum height shall be determined by the stability of pile, effective reach of hose streams, combustibility of the commodity, and ease of pile breakdown under fire or mop-up conditions. Under no circumstances shall the pile size dimensions exceed fifty (50) feet by one hundred fifty (150) feet by twenty (20) feet high unless the specific commodities maximum dimensions are listed elsewhere in the Code.

(2) Aisles shall be maintained between individual piles, between piles and buildings, and between piles and the bound-

ary line of the storage site. Sufficient driveways having the width of at least twenty (20) feet shall be provided to allow the travel of fire equipment to all portions of the storage area. Aisles shall be at least twice the pile height to reduce the spread of fire from pile to pile and to allow ready access for firefighting, emergency removal of material, or salvage purposes.

(3) As the commodity class increases in combustibility or where storage could be ignited easily from radiation, wider aisles shall be provided. Smaller unit piles could be an alternative to wider aisles if yard space is limited.

(4) Boundary posts with signs designating piling limits shall be provided to indicate yard area, roadway, and aisle limits.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-197. Motor vehicle crushing equipment or industrial devices.

(a) Motor vehicle crushing shall be performed in compliance with TCEQ and SAWS regulations.

(b) Motor vehicle crushing is only allowed at licensed used automotive parts recyclers or metal recycling entities.

(c) It is unlawful for motor vehicle crushing equipment or industrial devices to operate in contradiction to this section and chapter 21, offenses and miscellaneous provisions, article III, noise, of this Code.

(d) A used automotive parts recycler may not operate heavy machinery in a used automotive parts recycling facility between the hours of 7:00 p.m. of one day and 7:00 a.m. of the following day.

(1) This section does not apply to conduct necessary to a sale or purchase by the recycler.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-198. Emergency contact numbers.

(a) All persons in the business of used automotive parts recycling shall place and maintain a sign on the premises that may be read from the street right-of-way listing the names and telephone numbers of at least one (1) person in the county who may be called to give admittance to the premises in case of emergency.

(b) It is unlawful to fail to place and maintain a sign as required under this section.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-199. Rodent and vector control.

(a) All persons in the business of used automotive parts recycling shall have a rodent and vector extermination treatment covering the entire premises conducted a minimum of once every three (3) months, conducted in such a manner and utilizing such chemicals as are acceptable to the director.

(b) A rodent and vector control program is the responsibility of the used automotive parts recycler and shall be on-going for the duration of the used automotive parts recycling business' operation.

(c) A code enforcement officer shall inspect all used automotive parts recycling businesses within the city a minimum of once every three (3) months for purposes under this section. At the time of the inspection, the inspector shall be provided with evidence to prove that such extermination procedure has occurred within the preceding three-month period and that the person in the business of used automotive parts recycling has an on-going program for observation, determination, and control of rodents and vectors. The presentation of evidence of a service contract with a recognized and licensed pest control contractor may satisfy this requirement.

(d) If a professional exterminator has been employed, a receipt for payment for services rendered must be provided. If the person conducts the extermination without using a professional exterminator, the person shall request health department certification at the time the extermination occurs and furnish the code enforce-

ment officer with such evidence sufficient to show that the pest control has been accomplished in an efficient manner.

(e) It is unlawful for any person to fail to have the necessary rodent and vector extermination conducted in accordance herewith, and it is also unlawful to fail to present to the code enforcement officer upon request the necessary verification of such effective extermination or fail to allow the required entry to the premises.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-200. Monthly inspections; nuisance declared.

(a) The department of development services is authorized to conduct monthly inspections of all used automotive parts recycling businesses for the purpose of assuring compliance with the terms of this division. However, a code enforcement officer or peace officer may inspect used automotive parts recycling businesses upon reasonable suspicion of any wrongdoing at any time activity regulated under this article is conducted. A comprehensive inspection form shall be devised by said department to be completed at the time of such inspections during monthly, quarterly and annual inspections indicating the date the inspections occurred. This form indicating the date of the last inspection shall be posted by the used automotive parts recycler in a conspicuous place on the premises at all times.

(b) Conditions maintained in violation of this division which impact public health, safety, or welfare, or which deprive neighbors of their safe or peaceful use of nearby properties are unlawful and a public nuisance. Further, a failure to allow either monthly or other inspections or post inspections as required is unlawful.

(1) If a violation of this chapter is observed, a notice of violation shall be issued providing two (2) business days to cure the defect unless otherwise provided by the director.

(c) As noted in section 16-206(f), enforcement of federal or state requirements shall remain the responsibility of the appropriate agencies. If a reportable spill quantity (per TCEQ definition) is observed, the Texas Commission on Environmental Quality (TCEQ), San Antonio Water System (SAWS), the health department, San Antonio Fire Department (SAFD) and/or the hazardous material unit for the city will be notified, as applicable.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-201. Time limit for compliance by newly annexed used automotive parts recycling businesses.

(a) Used automotive parts recycling businesses which are annexed into the city shall have a period of one (1) year from the effective date of the annexation to install fencing as required by this division. Used automotive parts recyclers whose businesses are annexed shall also demonstrate compliance with existing federal, state, and county laws and regulations applicable to fencing requirements for such facilities at the date of annexation.

(b) Subsequent to annexation, the director shall promptly notify affected used automotive parts recyclers in newly annexed areas of the obligations under this division.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-202. Violation and penalties.

It is unlawful for a person to do or perform any act prohibited by this division or fail to do or perform any act required by this division. A violation under this division is a Class C misdemeanor offense, unless specifically stated otherwise, and upon conviction, a person shall be fined an amount not less than one hundred dollars ($100.00) nor more than two thousand dollars ($2,000.00). The provisions of this subsection are in addition to and not in lieu of any administrative, criminal, or civil prosecution or penalties as provided by local and state laws. Each day that a violation of this article continues shall be considered a separate offense.

(a) Anyone who violates any provision of this article shall be subject to prosecution in administrative, criminal, and/or civil courts, under all applicable local

and state laws, and will be strictly accountable for any penalties and punishment accrued therefrom.

(b) Alternative adjudication; administrative enforcement. All violations of the provisions of this article and of the rules and regulations established by the director, unless specifically stated otherwise, may be enforced by administrative adjudication pursuant to chapter 20, article II, City Code of Ordinances.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-202.1. Updates for amendments.

The city, through appropriate staff and stakeholder commentary, shall review and recommend amendments to these regulations every five (5) years.

(Ord. No. 2025-05-15-0352, § 2, 5-15-25)

DIVISION 2. METAL RECYCLING ENTITIES

Sec. 16-203. Definitions.

The following words, terms and phrases, when used in this division, shall have the meanings ascribed to them, except where the context clearly indicates a different meaning:

Best management practices means a technique or series of structural and non-structural techniques which, when used in a stormwater pollution prevention plan, as required by federal law, is proven to be effective in controlling industrial related runoff.

Building construction materials means copper pipe, tubing, or wiring, aluminum wire, aluminum siding, plumbing supplies, electrical supplies, metal window frames, metal doors, metal door frames, metal downspouts, metal gutters, air conditioning units and other similar materials except for obsolete, nonregulated materials.

Chief of police means the chief of police for the city and such persons as he may designate to perform his duties under this division.

City means the City of San Antonio, Bexar County, Texas.

Clear thumbprint impression means an intentional recording of the friction ridge detail on the volar pads of the thumb.

Department means the department of development services.

Director means the director of the development services department.

Fluff means the non-metallic materials remaining after metals have been shredded and the metal and other reusable components have been separated.

Hazardous material means any substance, material, chemical, or by-product that poses a substantial present or potential risk or hazard or is capable of causing harm to human health, life, property, or the environment, including chemicals or substances that pose physical and/or health hazards (such as flammability/ignitability, reactivity, toxicity and/or corrosiveness), regardless of whether such material is handled and/or stored for use as waste, such as, but not limited to:

(1) Flammable solids, liquids and/or gases (e.g. propane, gasoline-contaminated scrap metal); or

(2) Explosives, unstable reactive solids, liquids, and/or gases (e.g. out-of-date of degraded chemical containers, damaged fuel cells); or

(3) Toxic materials (e.g. lead-based paints or lead-acid batteries, coolant-containing ethylene glycol); or

(4) Corrosive materials (e.g. acidic cleaning agents, sulfuric acid from vehicle batteries).

Metal recycling entity means a business that is predominately engaged in the following and excludes used automotive parts recycling businesses ("MRE").

(1) Performing the manufacturing process by which scrap, used, or obsolete ferrous or nonferrous metal is converted into raw material products consisting of prepared grades and having an existing or potential economic value, by a method that in part requires the use of powered tools and

equipment, including processes that involve processing, sorting, cutting, classifying, cleaning, baling, wrapping, shredding, shearing, or changing the physical form of that metal;

(2) The use of raw material products described under subsection (1) in the manufacture of producer or consumer goods; or

(3) Purchasing or otherwise acquiring scrap, used, or obsolete ferrous or nonferrous metals for the eventual use of the metal for the purposes described by subsection (1) or (2).

Metal Shredder Residue (MSR), also known as Shredder Residue (SR), is the material leftover after shredding metal for recycling and magnetic separation (this primarily contains recoverable metals like aluminum, copper, stainless steel and wire) has occurred.

Minor means any person younger than eighteen (18) years of age.

Motor vehicle means:

(1) Any motor driven or propelled vehicle required to be registered under the laws of this state;

(2) A trailer or semitrailer, other than manufactured housing, that has a gross vehicle weight that exceeds four thousand (4,000) pounds;

(3) A travel trailer;

(4) An all-terrain vehicle or a recreational off-highway vehicle, as defined by Transportation Code, § 502.001, designed by the manufacturer for off-highway use that is not required to be registered under the laws of this state; or

(5) A motorcycle, motor-driven cycle, or moped that is not required to be registered under the laws of this state.

Refer to State of Texas Administrative Code Title 16, Part 4, Chapter 87-10 Definitions.

Non-repairable motor vehicle means:

(1) That is damaged, wrecked, or burned to the extent that the only residual value of the vehicle is as a source of parts or scrap metal;

(2) That comes into this state under a comparable ownership document that indicates that the vehicle is nonrepairable;

(3) That a salvage vehicle dealer has reported to the Texas Department of Motor Vehicles under Transportation Code § 501.1003;

(4) For which an owner has surrendered evidence of ownership for the purpose of dismantling, scrapping, or destroying the motor vehicle; or

(5) That is sold for export only under Transportation Code § 501.099.

Refer to State of Texas Administrative Code Title 16, Part 4, Chapter 87-10 Definitions.

Person means an individual, corporation, partnership or any other group acting as a unit.

Real-time electronic web-based database means an electronic filing system in which data is organized by fields and records and that is capable of transmitting a file or responding to input immediately via the internet.

Regulated material means:

(1) Aluminum material;

(2) Bronze material;

(3) Copper or brass material;

(4) Lead material; or

(5) Regulated metal.

Refer to State of Texas Occupation Code Title 12 1956.

Regulated metal means:

(1) Manhole covers;

(2) Guardrails;

(3) Metal cylinders designed to contain compressed air, oxygen, gases or liquids;

(4) Malt beverage kegs made from metal other than aluminum;

(5) Historical markers or cemetery vases, receptacles, or memorials made from metal other than aluminum;

(6) Unused rebar;

(7) Street signs;

(8) Drain gates;

(9) Safes;

(10) Communication, transmission, and service wire or cable;

(11) Condensing or evaporator coils for central heating or air conditioning units;

(12) Utility structures, including the fixtures and hardware;

(13) Aluminum or stainless steel containers designed to hold propane for fueling forklifts;

(14) Metal railroad equipment, including tie plates, signal houses, control boxes, signs, signals, traffic devices, traffic control devices, traffic control signals, switch plates, e-clips, and rail tie functions; (O) catalytic converters not attached to a vehicle;

(15) Fire hydrants;

(16) Metal bleachers or other seating facilities used in recreational areas or sporting arenas;

(17) Any metal item clearly and conspicuously marked with any form of the name, initials, or logo of a governmental entity, utility, cemetery, or railroad;

(18) Insulated utility, communications, or electrical wire that has been burned in whole or in part to remove the insulation;

(19) Backflow valves;

(20) Metal in the form of commonly recognized products of the industrial metals recycling process, including bales, briquettes, billets, sows, ingots, pucks, and chopped or shredded metals; and

(21) Commercial grade lead batteries or lead-acid batteries.

Refer to State of Texas Occupation Code Title 12 1956.

Salvage materials refers to any motor vehicle, salvage motor vehicle, nonrepairable motor vehicle and all their respective parts, scrap, used or obsolete ferrous and nonferrous metals, and regulated materials and regulated metals as defined in this division.

Salvage motor vehicle means:

(1) A motor vehicle that:

a. Has damage to or is missing a major component part to the extent that the cost of repairs, including parts and labor other than the cost of materials and labor for repainting the motor vehicle and excluding sales tax on the total cost of repairs, exceeds the actual cash value of the motor vehicle immediately before the damage; or

b. Is damaged and that comes into this state under an out-of-state salvage motor vehicle certificate of title or similar out-of-state ownership document that states on its face "accident damage," "flood damage," "inoperable," "rebuildable," "salvageable," or similar notion; and

(2) Does not include:

a. A nonrepairable motor vehicle;

b. An out-of-state motor vehicle with a "rebuilt," "prior salvage," "salvaged," or similar notation; or

c. A motor vehicle for which an insurance company has paid a claim for:

1. The cost of repairing hail damage, or

2. Theft, unless the motor vehicle was damaged during the theft and before recovery to the extent described by subparagraph (1)a.

Used automotive parts recycler means a person licensed under this division to operate a used automotive parts recycling business.

Used automotive parts recycling means the dismantling and reuse or resale of used automotive parts and the safe disposal of salvage motor vehicles or non-repairable motor vehicles, including the resale of those vehicles ("UAPR").
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-204. Zoning requirement.

(a) Appropriate zoning, or legal, nonconforming use registration is required for the establishment or expansion of a use as required by Chapter 35, Unified Development Code of the City Code of San Antonio, Texas, including Article III, Zoning and Article IV: Procedures.

(1) Metal recycling entities are allowed to expand within the boundaries of the parcel on which the use is lawfully located. This expansion allows for major repairs, additions, and new buildings, provided all appropriate permits are obtained. Expansion is not permitted onto adjacent parcels, even if they are under common ownership, without zoning approval from city council.

(2) Any owner or operator found to have illegally expanded will be subject to enforcement action and may have their registration of nonconforming rights terminated in accordance with section 35-706(a).

(b) In granting any required specific use authorization, the city council may impose conditions that the applicant must comply with prior to issuance of a license and a certificate of occupancy by the director of development services for the use of land or buildings on the property pursuant to the approval. City council imposed conditions shall not be construed as conditions precedent to the granting of specific use authorization. City council imposed conditions shall be construed as conditions precedent to the granting of a license and certificate of occupancy.

(1) No new MRE shall be permitted within one thousand (1,000) feet of an existing metal recycling entity or used auto parts recycling business unless an "S" specific use authorization is granted by city council, in accordance with section 35-423. The method of measurement shall be measured from property line to property line.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-205. License required.

(a) A person shall not own or operate a metal recycling entity without a valid city issued metal recycling entity license.

(b) If a metal recycling entity is operating as a used automotive parts recycler both licenses are required.

(c) A person commits an offense under this division if they do not hold a valid city-issued license. Under V.T.C.A., Occupations Code § 1956.003, such an offense is a Class B misdemeanor unless it is shown on the trial of the offense that the person has been previously convicted, in which event the offense is a Class A misdemeanor.

(d) The director may revoke the certificate of occupancy pursuant to chapter 10 of the City Code for operating without a license.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-206. Application for license.

(a) An application for a license to operate a metal recycling entity must be made in writing to the director on a form prescribed by the director and shall, among other things, contain:

(1) The name, residence, and business address of the applicant (this information shall be listed for each member of the partnership or an authorized representative of a corporation);

(2) The name and nature of the proposed operation; and

(3) The present zoning, address, and legal description of the premises for which application is being applied.

(b) All applications must contain the following statement:

"The license applied for shall be subject to all provisions of the codes and ordinances of the city relating to metal recycling entities as well as all state and federal regulations relating to such operations."

(c) Reserved.

(d) All applications must be signed and sworn to by the party applying for the license (by a general partner of a partnership or an authorized representative of a corporation) before a notary public or other official authorized to administer oaths.

(e) The application must include:

(1) A copy of the State of Texas pollutant discharge elimination system discharge permit or notice of coverage for that location if required;

(2) A copy of the approved Texas Commission on Environmental Quality (TCEQ) stormwater multi-sector permit for that location; and

(3) A SAWS letter of compliance with the Texas Pollutant Discharge Elimination System for that location dated within the last eighteen (18) months; and

(4) A copy of the State of Texas registration as a metal recycling entity.

(f) The director may require code enforcement officers to physically ascertain that supportive documents of all permits are kept on file at the metal recycling entity. In such cases, the application shall not be approved until the officers have ascertained the documents' existence and validity. Enforcement of federal or state requirements shall remain the responsibility of the appropriate agencies.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-206.1. Fire prevention plan.

(a) All metal recycling entities shall prepare a fire prevention plan to obtain a business license. This shall be submitted to the development services department to be approved by the San Antonio Fire Department. As each facility may address fire prevention differently, only the following minimum standards must be addressed:

(1) Fire department access;

(2) Egress;

(3) Water systems;

(4) Fire notification system.

(b) In the event of a fire at a licensed MRE site where emergency services respond to a working fire, the current fire prevention plan shall be reviewed, updated and submitted to the director by an approved third party, when required by the fire official.
(Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-207. License fees.

The annual metal recycling entity license fee shall be one thousand dollars ($1,000.00) paid to the city with the license application. The fee will be refunded in the event the license is refused. The license shall cover the period from the first day of January through the last day of December of each year. Only the first year's license may be prorated for each month or fraction thereof. The fee for issuing a duplicate license for one that is lost, destroyed or mutilated shall be ten dollars ($10.00).
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25; Ord. No. 2025-09-18-0629, § 2(Att. C), 9-18-25)

Sec. 16-208. Issuance, renewal or denial of licenses.

(a) Annual licenses shall be issued by the director upon receipt of the prescribed fee and the completed application, or a thirty-day temporary license (at the discretion of the director) may be issued, to be finalized, provided that:

(1) The applicant, including partners or officers in the case of a partnership or a corporation, has not been convicted or found liable within the previous five (5) years of three (3) or more convictions or findings of liability of this division.

(2) Upon receipt of (3) three or more convictions or findings of liability, the director shall require a meeting with the owner about whether the use of the MRE has become a nuisance. Refusal by an owner to attend this meeting shall result in license denial.

(3) After inspection, the premises are in compliance with this division and other applicable city ordinances and codes.

(b) In the event a license is denied, the applicant may appeal this decision to the city council.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-209. Revocation of licenses.

(a) The director may temporarily suspend business operations or revoke a license if the license holder has accrued three (3) or more citations accepted by the municipal court over three (3) separate occasions at a permitted property over a rolling twelve-month period, whether the citations are issued to the owner or owner's representative.

(b) Failure to correct multiple issues identified in a monthly inspection report under the following provisions is grounds for the director to revoke the metal recycling entity's license: Sections 16-210.2, fencing; 16-210.3, manner of storage; waste containment; weed and brush maintenance; fire safety path; 16-210.4, motor vehicle crushing equipment or industrial devices; 16-210.6, Rodent and vector control; section 10-12, certificate of occupancy; section 35-709, expansion of nonconforming use.

(c) Section 16-210.13, stock to be open for examination, requires that the stock or inventory of any metal recycling entity shall at any time during ordinary business hours be accessible for examination by any peace officer or authorized inspector of the director's office. Failure to comply with section 16-210.13 is grounds for the revocation of or the refusal to issue or renew any license required of a metal recycling entity under this division.

(d) Section 16-210.15, acceptance of property suspected stolen; peace officer requested holds; violation, provides that a failure to comply is grounds for the revocation of or the refusal to issue or renew any license required of a metal recycling entity. Section 16-210.15 applies solely to division 2.

(e) Revocation by the director, if such should occur, may take place only after opportunity is afforded the dealer to confer with the director.

(1) The business shall temporarily cease operations until such time as a meeting with the director is held and final determination is reached. The director shall meet within three (3) business days of the owner's request for a meeting.

(f) In the event a license is revoked, the license holder may appeal this decision to the city council.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210. Appeal process for license denial or revocation.

(a) *License denial.*

(1) The director shall issue a written notice of a metal recycling entity license denial to the applicant by certified mail, return receipt requested. The denial notice shall inform the applicant of the right of appeal and of the time limit for the written notice of appeal.

(2) The applicant shall have the right of an appeal to the city council if requested in writing and delivered to the director within thirty (30) days after the applicant's receipt of the director's written notice of license denial. If currently licensed, an appeal from the order of the director shall stay all proceedings unless the director certifies, by reason of the facts stated in the certificate, a stay in his opinion would cause imminent peril to life or property. When such a certificate is filed, proceedings shall not be stayed except by a restraining order granted by

a court of proper jurisdiction. Upon disposition by city council, any stay of proceedings is lifted.

[This page intentionally left blank.]

(3) The city council may uphold, reverse, or modify the director's decision or action. Failure to appeal to the city council within the prescribed period shall render the director's decision or action final.

(b) *License revocation.*

(1) The director shall issue the metal recycling entity a written notice of license revocation by certified mail, return receipt requested. The revocation notice shall inform the metal recycling entity of the right of appeal and of the time limit for the written notice of appeal. The revocation shall become final on the 31st day after the metal recycling entity's receipt of said notice unless an appeal is properly filed.

(2) The metal recycling entity has the right of an appeal to the city council if requested in writing and delivered to the director within thirty (30) days after the receipt of the director's written notice of metal recycling entity license revocation. An appeal from the order of the director shall stay all proceedings unless the director certifies, by reason of the facts stated in the certificate, a stay in his opinion would cause imminent peril to life or property. When such a certificate is filed, proceedings shall not be stayed except by a restraining order granted by a court of proper jurisdiction. Upon disposition by city council, any stay of proceedings is lifted.

(3) The city council may uphold, reverse, or modify the director's decision or action. Failure to file an appeal to the city council within the prescribed period shall render the director's decision or action final.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.1. Variances.

The board of adjustment is authorized to grant, pursuant to the procedures set forth in Chapter 35, Unified Development Code of the City Code of San Antonio, Texas, a variance from the provisions of sections 16-210.2 and 16-210.3, but only due to unique circumstances on the premises or adjacent thereto (such as topography), not created by the dealer and not merely financial, and which are not a part of general conditions in the area. The board of adjustment, however, may not grant variances to subsection 16-210.3(g) nor to imposed conditions set forth by city council, nor to requirements set by state or federal regulations.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.2. Fencing.

(a) All metal recycling entities must be enclosed on all sides (including front and rear) with a substantial and anchored wall or screen fence to include the following:

(1) Constructed as an adequate barrier to limit the migration of rodents and other vectors from the metal recycling entity to an adjacent property.

(2) The wall or screen fence must be constructed with appropriate screen drains so as not to inhibit necessary water drainage.

(3) Existing, licensed businesses under the December 13, 2012, ordinance may install and/or maintain corrugated or similar metal fencing material.

(4) Entry and exit gates are not required to be screened.

(b) All walls or screen fences shall be maintained in a neat, solid, and safe condition. No wall or screen fence shall be kept in a listing, damaged, or decaying condition.

(1) Any fence, or any portion thereof, out of vertical alignment by more than fifteen (15) degrees must be repaired.

(2) Any fence, or any portion thereof, having loose bricks, stones, rocks, mortar, masonry, or metal panel, including caps, or similar materials shall be repaired or replaced.

(c) The wall or screen fence must be constructed such that the interior of the metal recycling entity is not visible from the exterior. Buildings, salvage or nonrepairable oversized vehicles as defined in Chapter 35, Unified Development Code of the City Code of San Antonio, Texas, and any piles of crushed vehicles or salvage materials in compliance with the International Fire Code, as amended by the city, are excluded from this requirement. The wall or screen fence for metal recycling entities located within one hundred (100) feet of a property with a residence thereon must be constructed or modified so that it is eight (8) feet in height. The wall or screen fence for all other existing metal recycling entities must be six (6) feet in height. All metal recycling entities established after the effective date of this ordinance change are required to maintain fences at least eight (8) feet in height. All solid screen fences allowed to be constructed in excess of eight (8) feet in height shall require certification by a licensed engineer that the foundation and support structure are designed to sustain wind loads in accordance with the International Building Code.

(1) All new fences shall be constructed of wood; stone; rock; concrete block; precast concrete panels; masonry brick; brick; or commercially available metal panel (capped and painted to reduce reflectivity and/or heat from the exterior only), or other material(s) which are similar in durability.

a. Barbed wire, razor wire, and all other similar materials are regulated pursuant to section 35-514(a)(6)c.

(d) Those sections of a metal recycling entity which are contiguous with another metal recycling entity or other Used Auto Parts Recycler (UAPR) are exempt from subsection (a), if those sections otherwise have an adequate barrier as required by subsection (a), to inhibit the migration of rodents and other vectors between the metal recycling entities or used auto parts recyclers.

(e) Gates for access to the metal recycling entity's premises at each street or alley line must not have combined openings exceeding thirty (30) percent of the alley or street frontage. All gates for access must not swing outward and must be kept closed when the metal recycling entity is not open for business. This will not apply to access points on a railroad right-of-way.

(f) The fencing requirements in this subsection do not apply to metal recycling entities whose business is conducted solely within a completely enclosed structure or structures.

(g) In the event of a conflict between the fencing requirements of this division and the requirements of Chapter 35, Unified Development Code of the City Code of San Antonio, Texas, the requirements of this article shall supersede.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.3. Manner of storage; waste containment; weed and brush maintenance; fire safety path.

(a) Salvage materials on the premises of a metal recycling entity shall be arranged so that a reasonable inspection of, or access to, all parts of the premises can be had at any time by the proper fire, health, police, code enforcement, and building authorities which inspections dealers shall permit during business hours or any reasonable period afterwards.

(b) No salvage materials shall be placed in any manner outside of the metal recycling entity's surrounding screen fence or wall.

(c) Areas where recycling operations exist shall be kept clean of any weeds and/or brush over four (4) inches tall. All other area of the premises shall be kept clean of any weeds and/or brush over twelve (12) inches tall within one hundred fifty (150) feet from the curb line of adjacent to residential uses, businesses, streets or the edge of the streets or road surface where no curb exists.

(d) Upon the metal recycling entity's possession of all salvage materials, contaminated liquid wastes along with other contaminated materials, hazardous waste, and special waste - including Freon - shall be removed from the salvage materials and contained, stored, and disposed in compliance with all applicable state and federal

regulations. Disposal of accumulated contaminated liquids and materials shall be accomplished by a duly licensed contractor. The metal recycling entity shall maintain on premises all completed manifests evidencing legal disposal for a period of three (3) years from the date of disposal. A code enforcement officer shall review the manifests, bills of sale, or other proof of legal disposal at least once every three (3) months.

(e) All hazardous solid waste, hazardous liquid, regardless of character to or category, shall be contained as to prevent negative impacts on human health or the environment. All storage of hazardous liquid or hazardous solid waste shall be subject to applicable local, state and federal regulations. In no event shall any metal recycling entity maintain a volume and weight of stored liquid or hazardous solid waste inventory in excess of the lesser of the maximum exempt amounts allowed by the fire code as adopted within the City Code or state and federal regulations for a small quantity generator. All hazardous liquid or hazardous solid waste shall be stored only in above ground containers in accordance with applicable federal, state and local laws and administrative regulations. It is unlawful for any hazardous liquid or hazardous solid waste to be held in a container that leaks, is in any other manner not in compliance with state and federal regulations, or in any manner fails to completely contain the material in question.

(f) All metal recycling entities, as defined by this division, shall have a fire safety path. No salvage materials, vehicles, brush, low hanging limbs (less than fourteen (14) feet), or items obstructing the pathway, shall be placed within ten (10) feet of the surrounding wall or screen fence. The fire chief shall oversee fire safety path specifications and compliance for each metal recycling entity and may alter the required number of feet in accordance with the location, use, size, and other characteristics of an individual metal recycling entity. All penalties and appellate procedures of chapter 11 of this Code shall apply to this subsection.

(g) In accordance with chapter 11 of the City Code, outdoor storage shall comply with the following:

(1) Materials shall be stored in unit piles as low in height and small in area as is consistent with good practice for the materials stored. The maximum height shall be determined by the stability of pile, effective reach of hose streams, combustibility of the commodity, and ease of pile breakdown under fire or mop-up conditions. Under no circumstances shall the pile size dimensions exceed fifty (50) feet by one hundred fifty (150) feet by twenty (20) feet high unless the specific commodities maximum dimensions are listed elsewhere in the Code.

(2) Aisles shall be maintained between individual piles, between piles and buildings, and between piles and the boundary line of the storage site. Sufficient driveways having the width of at least twenty (20) feet shall be provided to allow the travel of fire equipment to all portions of the storage area. Aisles shall be at least twice the pile height to reduce the spread of fire from pile to pile and to allow ready access for firefighting, emergency removal of material, or salvage purposes.

(3) As the commodity class increases in combustibility or where storage could be ignited easily from radiation, wider aisles shall be provided. Smaller unit piles could be an alternative to wider aisles if yard space is limited.

(4) Boundary posts with signs designating piling limits shall be provided to indicate yard area, roadway, and aisle limits.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.4. Motor vehicle crushing equipment or industrial devices.

(a) Motor vehicle crushing shall be performed in compliance with TCEQ and SAWS regulations.

(b) Motor vehicle crushing is only allowed at licensed used automotive parts recyclers or metal recycling entities.

(c) It is unlawful for motor vehicle crushing equipment or industrial devices to operate in contradiction to this section and chapter 21, offenses and miscellaneous provisions, article III, noise, of this Code.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.5. Emergency contact numbers.

(a) All metal recycling entities shall place and maintain a sign on the premises that may be read from the street right-of-way listing the names and telephone numbers of at least one (1) person in the county who may be called to give admittance to the premises in case of emergency.

(b) It is unlawful to fail to place and maintain a sign as required under this section.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.6. Rodent and vector control.

(a) All persons owning or operating metal recycling entities shall have a rodent and vector extermination treatment covering the entire premises conducted a minimum of once every three (3) months, conducted in such a manner and utilizing such chemicals as are acceptable to the director.

(b) A rodent and vector control program is the responsibility of all persons owning or operating a metal recycling entity and shall be on-going for the duration of the metal recycling entity's operation.

(c) A code enforcement officer shall inspect all metal recycling entities, as defined by this division, within the city a minimum of once every three (3) months. At the time of the inspection, the inspector shall be provided with evidence to prove that such extermination procedure has occurred within the preceding three-month period and that the person who owns or operates a metal recycling entity has an on-going program for observation, determination, and control of rodents and vectors. The presentation of evidence of a service contract with a recognized and licensed pest control contractor may satisfy this requirement.

(d) If a professional exterminator has been employed, a receipt for payment for services rendered shall be provided. If the person conducts the extermination without using a professional exterminator, the person shall request health department certification at the time the extermination occurs and furnish the code enforcement officer with such evidence sufficient to show that the control has been accomplished in an efficient manner.

(e) It is unlawful for any person to fail to have the necessary rodent and vector extermination conducted in accordance herewith, and it is also unlawful to fail to present to the code enforcement officer upon request the necessary verification of such effective extermination or allow the required entry to the premises.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.7. Monthly inspections; nuisance declared.

(a) The development services department is authorized to conduct monthly inspections of all metal recycling entities for the purpose of assuring compliance with the terms of this division. However, a code enforcement officer or peace officer may inspect a metal recycling entity upon reasonable suspicion of any wrongdoing at any time activity regulated under this article is conducted. A comprehensive inspection form shall be devised by said department to be completed at the time of such inspections during monthly, quarterly and annual inspections indicating the date the inspections occurred. This form indicating the date of the last inspection shall be posted by the metal recycler in a conspicuous place on the premises at all times.

(b) Conditions maintained in violation of this division which impact public health, safety, or welfare, or which deprive neighbors of their safe or peaceful use of nearby properties shall be unlawful and shall be deemed a public nuisance.

Further, a failure to allow either monthly or other inspections or post inspections as required is unlawful.

(c) If a violation of this chapter is observed, a notice of violation shall be issued providing two (2) business days to cure the defect unless otherwise provided by the director.

(d) As noted in section 16-206(f), enforcement of federal or state requirements shall remain the responsibility of the appropriate agencies. If a reportable spill quantity (per TCEQ definition) is observed, the Texas Commission on Environmental Quality (TCEQ), San Antonio Water System (SAWS) the health department, San Antonio Fire Department (SAFD) and/or the hazardous material unit for the city will be notified, as applicable.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.8. Time limit for compliance by newly annexed metal recycling entities.

(a) Metal recycling entity businesses which are annexed into the city shall have a period of (1) year from the effective date of the annexation to install fencing as required by this division. Persons whose metal recycling entities are annexed shall also demonstrate compliance with existing federal, state, and county laws and regulations applicable to fencing requirements for such facilities at the date of annexation.

(b) Subsequent to annexation, the director shall promptly notify affected license holders in newly annexed areas of the obligations under this division.

(c) It is unlawful for a person to fail to install fencing or demonstrate federal, state and county legal compliance as required under this section.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.9. Records required to be kept by metal recycling entities as to regulated material.

(a) The provisions of this section apply to all business carried on at a single location. With the exception of the sale or transfer of aluminum cans, a person who owns or operates a metal recycling entity shall keep at the place of business a record in a real-time electronic web-based database, in a form and method approved by the chief of police, in which it shall be entered daily, in English, a full description of each transaction in which personal property is purchased or otherwise received at the place of business. Such description shall include:

(1) The date and time of receipt of any item;

(2) The full name and current address of the person or place of business from which each item was received;

(3) A clear thumbprint impression from the person seeking to transfer, sell or otherwise give the items that are the subject of each transaction;

(4) Verified evidence that the person transferring, selling or otherwise giving the items is at least eighteen (18) years of age by presentation of valid identification, including a photograph of the face of person transferring, selling or otherwise giving the item, in the form of:

a. A current driver's license from Texas or another state within the United States;

b. An identification card issued by the state department of public safety; or

c. United States military identification.

(5) A description of the salvage vehicle and/or trailer or other mode of transportation in or on which each item received was carried to, delivered or transported to the metal recycling entity including state and license plate number, if applicable;

(6) The individual transaction number assigned by the metal recycling entity to each item received;

(7) A description of the items received as part of the transaction including, where customary in the business, the size, weight, material, and any other designations or descriptions customarily employed in the sale and purchase of such items;

(8) A digital photo of the seller, and digital photograph of items received;

(9) The name or employee number of the employee who facilitates or conducts the transaction.

(b) The real-time electronic web-based database described in subsection (a) shall be created and maintained by the police department. The person who owns or operates the metal recycling entity or its agents or employees shall forward the required record and descriptions set forth in subsection (a) in an electronic format to the designated police department web site before the close of business on each day on which the metal recycling entity is open for business. Failure to comply with any provision of this section is unlawful and punishable as provided for in this division and is grounds for the revocation of or the refusal to issue or renew any license required of a metal recycling entity under this Code.

(c) The person who owns or operates a metal recycling entity or agents or employees of such entity shall maintain copies of consecutively numbered receipts provided to the seller or transferor of the property. Such receipt shall be dated on the actual date of the transaction and shall list the items sold or otherwise transferred. A printed version of the record input and transmitted to the real-time electronic web-based database as described in this section shall satisfy this requirement. An accurate copy or record of receipts obtained shall be retained for a period of not less than one (1) year.

(d) A person who owns or operates the metal recycling entity or the agents or employees shall, upon request, submit and exhibit the various business records that are required to be maintained under this section for inspection or copying by any peace officer or authorized inspector of the director. Failure to maintain or to so permit the examination or copying of such records when requested is unlawful and punishable as provided under this division.

(e) The metal recycling entity shall be on-line with the real-time database within ninety (90) days of the approval and signing of the ordinance from which this division derives by the city council. All other sections of this division will be immediately enforced upon the approval and signing of the ordinance from which this division derives by city council.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.10. Government or utility property.

(a) It is unlawful for any person who owns or operates a metal recycling entity, or agents or employees of said entity to purchase or receive an item of property, including but not limited to street signs, traffic signals, manhole covers, road and bridge guard rails, street light poles and fixtures, on which are written or affixed the words "Property of the City of San Antonio" or other words or markings demonstrating ownership by the city except in the following circumstances:

(1) Where the person offering such property for sale is an employee of the city authorized by the director to make such a sale and provides the person who owns or operates a metal recycling entity or agents or employees of said entity with a written authorization from the city manager for the sale of such property; or

(2) Where the person offering such property for sale presents at the time of such offer a valid receipt from the director evidencing the purchase of such property by the person offering such property; or

(3) Where the person offering such property for sale presents at the time of such offer a valid authorization for the disposal of "surplus," "salvage," scrap," and e-waste" in accordance with the city procurement policy and procedures manual as part of a contract signed by the director responsible for the associated project.

(b) It is unlawful for any person who owns or operates a metal recycling entity or agents or employees of said entity to purchase or receive an item of property that is marked with any form of the name or initials of a governmental agency, including but not limited to the state and the United States of America and their agencies and political subdivisions or that the person who

owns or operates a metal recycling entity or agents or employees of said entity know or should reasonably be expected to know belongs to a governmental agency, including but not limited to street signs, traffic signals, manhole covers, road and bridge guard rails, street light poles and fixtures, except:

(1) Where the person offering such property for sale is an employee of the governmental agency authorized by that agency to make such a sale and provides the person who owns or operates a metal recycling entity or agents or employees of said entity with a written authorization from the agency for the sale of such property; or

(2) Where the person offering such property for sale presents at the time of such offer a valid receipt from the governmental agency evidencing the purchase of such property by the person offering such property; or

(3) Where the person offering such property for sale presents at the time of such offer a valid authorization for the disposal of "surplus," "salvage," "scrap," and "e-waste" or analogous concepts in accordance with established policies and procedures as part of a contract signed by the agency director responsible for the associated project.

(c) It is unlawful for any person who owns or operates a metal recycling entity or agents or employees of said entity to purchase or receive an item of property that is marked with any form of the name or initials of an electrical, telephone, cable, or other public utility company or that the person who owns or operates the metal recycling entity or agents or employees of said entity know or should reasonably be expected to know belongs to a public utility unless the person offering such property for sale presents at the time of such offer a valid receipt from the public utility company evidencing the purchase of such property by the person offering such property or a contractual agreement signed by the director of the public utility company authorizing the sale and disposal of "surplus," "salvage," "scrap," and "e-waste" or analogous concepts in accordance with established policies and procedures.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.11. Acceptance of building construction materials.

(a) It is unlawful for any person who owns or operates a metal recycling entity or agents or employees of said entity to receive, sell, dismantle, deface or in any manner alter or dispose of any building construction material unless compliance is made with sections 16-210.9 and 16-210.14.

(b) It is unlawful for any person who owns or operates a metal recycling entity or agents or employees of said entity to receive, sell, dismantle, deface or in any manner alter or dispose of any building construction material unless the person who owns or operates the metal recycling entity or agents or employees of said entity:

(1) Records, along with the description of the property, the serial number, or other identifying characteristics of each part or piece of building construction material; or

(2) Obtains a written, signed statement from the seller attesting to lawful ownership of the property, a receipt from the lawful owner, or a written, signed statement from the lawful owner of the property providing that the seller has authorization to sell or otherwise transfer, that property.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.12. Acceptance of air conditioning unit parts.

If regulated material being offered for sale includes condensing or evaporator coils for central heating or air conditioning units, the person offering it for sale must display:

(1) Their air conditioning and refrigeration contractor license issued under V.T.C.A., Occupations Code ch. 1302, subch. F or G; or

(2) Their air conditioning and refrigeration technician registration issued under V.T.C.A., Occupations Code ch. 1302, subch. K; or

(3) A receipt, bill of sale, or other documentation showing that they purchased the coils they're attempting to sell; or

(4) A receipt, bill of sale, or other documentation showing that they purchased a replacement heating or air conditioning unit.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.13. Stock to be open for examination.

The stock or inventory of any metal recycling entity shall at any time during ordinary business hours be accessible for examination by any peace officer or authorized inspector of the director's office. Failure to comply with any provision of this section, in addition to being unlawful and punishable as provided in this division, shall be grounds for the revocation of or the refusal to issue or renew any license required of a metal recycling entity under this division.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.14. Articles to be retained at least seventy-two (72) hours; tag; exceptions.

(a) Notwithstanding the provisions of subsections (b) and (c), it is unlawful for any person who owns or operates a metal recycling entity to process, dismantle or in any manner alter, dispose of, sell or remove from the premise any regulated metal purchased or otherwise received at the licensed place of business for seventy-two (72) hours after receipt, excluding weekends and holidays, provided that there is no requirement to keep aluminum cans for more than twenty-four (24) hours. During such 72-hour period, all items of property shall be stored or displayed at the business location, in the exact form received, and in a manner so as to be identifiable from the description entered in the database. Such property shall not be kept in such a manner so as to prevent or impede its examination.

(b) A peace officer with reasonable suspicion to believe that an item of regulated material in the possession of a metal recycling entity is stolen may place the item on hold in the manner provided by V.T.C.A., Occupations Code § 1956.037.

(c) Exceptions. A person who owns or operates a metal recycling entity or an agent or employee of said entity is not required to comply with the provisions of this section if the person who owns or operates a metal recycling entity or agent or employee of said entity verifies that the person or entity seeking to sell or otherwise transfer the metal items has one of the following licenses or permits to establish that he is a manufacturing, industrial, commercial, retail, or other seller that sells regulated material in the ordinary course of business:

(1) A valid city-issued metal recycling entity license, which the metal recycling entity shall record by photocopying the license or recording the license number in connection with the sale and maintain for a period of not less than three (3) years, or

(2) A valid city-issued construction, demolition, or electrical permit, which the metal recycling entity shall record by photocopying the permit or recording the project number located on the permit in connection with the sale and maintain for a period of not less than one (1) year.

(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.15. Acceptance of property suspected stolen; peace officer requested holds; violation.

(a) It is the duty of every person who owns or operates a metal recycling entity or the agents or employees of said entity to report immediately to the police department, by filing a formal complaint, any offer to sell to the person who owns or operates the metal recycling entity or the agents or employees of said entity, property that such person who owns or operates the metal

recycling entity, or agents or employees of said entity have actual knowledge is stolen or by reasonable diligence should know is stolen, together with the identity, when known, and description of the person or persons making such offer. Such person who owns or operates the metal recycling entity or the agents or employees of said entity shall also report any property acquired by the person who owns or operates the metal recycling entity, that the person who owns or operates the metal recycling entity or agents or employees subsequently determine or reasonably suspect to be stolen property, and the person who owns or operates metal recycling entity, or agents or employees shall furnish such other information as might be helpful to the police in investigating the matter.

(b) It is the duty of every person who owns or operates a metal recycling entity or agents or employees to hold all suspected stolen property in a secure place for sixty (60) days upon request by a peace officer. The person who owns or operates a metal recycling entity or agents or employees, may not process or remove the property from the premises before the 60th day after receipt of the request from a peace officer to hold the property unless the hold is released at an earlier time in writing by a peace officer of this state or a court order.

(c) Failure to comply with any provision of this section is unlawful and punishable as provided in this division and grounds for the revocation of or the refusal to issue or renew any license required of a metal recycling entity under this division.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.16. Facsimile, telecopy, or similar equipment required.

A person who owns or operates a metal recycling entity shall maintain at the place of business, or otherwise have immediate access to, a facsimile, telecopy, or other equipment of similar function on which notifications of stolen property or other notifications relating to regulated metal property may be expeditiously received from the police department. The equipment must be operable at all times during the usual and customary business hours of the metal recycling entity. The person who owns or operates a metal recycling entity shall maintain the facsimile number or other access number of the equipment on file with the chief of police and shall notify the chief of police within twenty-four (24) hours after any change in the number. Failure to comply with this section is unlawful and punishable as provided in this division.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.17. Purchasing or receiving goods from minors.

(a) It is unlawful for any person who owns or operates a metal recycling entity or agent or employee to purchase or otherwise receive in the course of business, any item, ownership of which is claimed by any minor, or which may be in the possession of or under control of a minor, unless:

(1) The minor is accompanied by his parent or guardian, who shall state in writing, that such transaction is taking place with such parent's or guardian's full knowledge and consent;

(2) The minor has a valid official identification document such as a driver's license; or

(3) The only items offered for sale by the minor are aluminum cans, or non-regulated materials.

(b) It is the duty of such person who owns or operates a metal recycling entity or an agent or employee, to preserve and keep on file, and available for inspection, such written statements of consent for a period of not less than one (1) year. A violation of this subsection is unlawful and punishable as provided in this division.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.18. Acceptance of property inscribed with company name.

It is unlawful for any person who owns or operates a metal recycling entity, or the agents

or employees, to purchase or receive an item of property that is marked with any form of the name or initials of a private company or that the person who owns or operates a metal recycling entity or agent or employee knows or should reasonably be expected to know belongs to a private company unless the person offering such property for sale presents at the time of such offer a written, signed statement from the seller attesting to lawful ownership of the property, a receipt from the lawful owner, or a written, signed statement from the lawful owner of the property providing that the seller has authorization to sell or otherwise transfer that property.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.19. Acceptance of property delivered by shopping cart.

It is unlawful for any person who owns or operates a metal recycling entity, the agents or employees to purchase or receive an item of property that is transported to the metal recycling entity by a shopping cart that is marked with any form of the name or initials of a private company or that the person who owns or operates the metal recycling entity, or agent or employee knows or should reasonably be expected to know belongs to a private company unless the person operating the shopping cart presents at the time of transportation of property to the person who owns or operates the metal recycling entity or the agent or employee a valid receipt from the owner of the shopping cart evidencing the purchase of the shopping cart by the person operating the shopping cart.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.20. Violation and penalties.

It is unlawful for a person to do or perform any act prohibited by this division or fail to do or perform any act required by this division. A violation under this division is a Class C misdemeanor offense, unless specifically stated otherwise, and upon conviction, a person shall be fined an amount not less than one hundred dollars ($100.00) nor more than two thousand dollars ($2,000.00). The provisions of this subsection are in addition to and not in lieu of any administrative, criminal, or civil prosecution or penalties as provided by local and state laws. Each day that a violation of this article continues shall be considered a separate offense.

(a) Anyone who violates any provision of this article shall be subject to prosecution in administrative, criminal, and/or civil courts, under all applicable local and state laws, and will be strictly accountable for any penalties and punishment accrued therefrom.

(b) Alternative adjudication; Administrative enforcement: All violations of the provisions of this article and of the rules and regulations established by the director, unless stated otherwise, may be enforced by administrative adjudication pursuant to chapter 20, article II, City Code of Ordinances.
(Ord. No. 2012-12-13-1006, §§ 2—51, 12-13-12; Ord. No. 2025-05-15-0352, § 2, 5-15-25)

Sec. 16-210.21. Updates for amendments.

The city, through appropriate staff and stakeholder commentary, shall review and recommend amendments to these regulations every five (5) years.
(Ord. No. 2025-05-15-0352, § 2, 5-15-25)

ARTICLE VIII. PAWNBROKERS, JEWELERS AND SECONDHAND DEALERS*

Sec. 16-211. Records required.

(a) Every pawnbroker, jeweler or person doing business as such in the city, or who may hereafter engage in such business, and every dealer in any character or type of secondhand goods, wares or merchandise, shall keep a record book in which he shall make accurate daily entries of any articles sold to or purchased by him in the course of his business, with a description of such articles as follows:

(1) He shall affix a number to each article so received by him, and shall make an entry of such number in the record book.

*__State law reference—__Vernon's Ann. Civ. St. art. 1175(24).

(2) He shall make a record in the record book of the name and address and birthdate of the person from whom he received the article, along with the person's description or the distinctive number from such person's driver's license or military identification.

(3) He shall record the date of the transaction of purchase and of disposition, together with a description or identification of the goods sold to the pawnbroker, including serial numbers, if available. He shall make an entry in the book of the disposition made by him of the article, and, if sold, he shall state to whom sold and the price received therefor.

(b) The record books required to be kept by this section shall at all times be open to the inspection of the chief of police, or his agent without need of judicial writ or other process. It shall be the duty of the persons required to keep the record books to exhibit the record books to any police officer for inspection whenever demanded.
(Code 1959, § 26-29)

Sec. 16-212. Doing business with minors.

No pawnbroker, jeweler or person doing business as such in the city, or who may hereafter engage in such business and no dealer in any character of secondhand goods, wares or merchandise shall have any business dealing with a person less than eighteen (18) years of age, except with the written consent of the parent or guardian of the minor in each particular transaction. The written consent shall be sworn to before and notarized by a notary public in the county and shall be retained by the pawnbroker for a period of one (1) year from the date of the transaction.
(Code 1959, § 26-29)

Sec. 16-213. Stolen, lost articles.

It shall be the duty of every pawnbroker, jeweler, or person doing business as such in the city, or who may hereafter engage in such business, and every dealer in any character or type of secondhand goods, wares, or merchandise whatsoever, to report to the police any article pledged or sold to him, or which is sought to be pledged or sold to him, if he shall have reason to believe that the article was stolen or lost, and found by the person attempting to sell it in the case of a lost article.
(Code 1959, § 26-29)

Secs. 16-214—16-225. Reserved.

ARTICLE IX. PEDDLERS, HAWKERS, CANVASSERS; SOLICITORS*

Sec. 16-226. Definitions.

As used in this article the following words and phrases shall have the definitions ascribed to them by this section:

Canvasser. The term "canvasser" includes "solicitor" and any person who makes retail sales for future delivery of tangible property from house to house or in any public place, whether or not payment is collected at the time of such sale, and such sales are taxable transactions under the provisions of the limited sales, excise and use tax of the state.

Peddler shall include the term "hawker" and shall mean any person who makes retail sales of tangible property from house to house or in any public place, and such sales are not made from an established place and delivery is made at the time of sale, whether or not payment is collected at the time of such sale.

Public place shall mean, for purposes of Article IX, a place to which the general public has a right to resort and is not prohibited by section 19-8 of the City Code, but does not include streets, traffic medians, shoulders and improved shoulders.

Real property shall mean any lot, tract, parcel, or section of land and shall include whatever is erected, growing upon, or affixed to the land; but shall not mean nor include the interior of a permanent commercial structure if such structure

*__State law reference—__Authority to regulate, Vernon's Ann. Civ. St. art. 1175(24).

is used simultaneously for a business purpose for which a certificate of occupancy has been issued and is in effect.

Retail sale shall mean any sale other than a sale of tangible property to any purchaser who is purchasing the tangible property for the purpose of reselling it in the normal course of business either in the form or condition in which it is purchased or as an attachment to or as an integral part of other tangible property.

Tangible property shall mean property which may be seen, weighed, measured, felt or touched or which is in any other manner perceptible to the senses.
(Code 1959, § 28-1; Ord. No. 51213, 2, 9-6-79; Ord. No. 66193, § 1, 12-3-87; Ord. No. 71697, §§ 1, 2, 6-7-90; Ord. No. 88723, § 1, 10-22-98)

Sec. 16-227. License required.

It shall be unlawful for any person to engage in the business of peddler or canvasser of any tan-

gible property without having first secured a license therefor in compliance with the provisions of this article.
(Code 1959, § 28-2; Ord. No. 51213, § 1, 9-6-79)

Sec. 16-228. Qualifications for license.

No peddler s or canvasser s license shall be issued to any person who has been convicted of the commission of a felony in a court of competent jurisdiction within one (1) year of the date of the application, to any person who has been on probation or parole as a result of a felony within six (6) months of the date of the application or to any person who has knowingly made any false, misleading or fraudulent statement of fact in the license application. A license shall not be issued to any person who has been convicted of a violation of any of the provisions of this article or to any person whose license has previously been revoked, if such conviction or revocation occurred within one (1) year of the date of the application.
(Code 1959, § 28-3; Ord. No. 51213, § 5, 9-6-79)

Sec. 16-229. Application for license.

Applicants for license under this article shall file a written sworn application with the city treasurer at least five (5) days prior to the date of the initial contemplated sale. The application shall state thereon the description and license plate number of any vehicles intended to be operated in connection with his business and the kind of merchandise to be peddled or canvassed. The applicant shall also provide the following:

(1) The name or names of the person or persons having the management or supervision of the applicant s business, if any, and the permanent address of such person or persons;

(2) The name and address of the person on whose account the business will be carried on, if any, and if a corporation under the laws of what state it is incorporated;

(3) The place or places where the applicant within the three (3) months preceding the date of the application peddled or canvassed, stating the nature thereof and giving the applicant s full address in each place, and his local address and telephone number;

(4) Whether or not the applicant has been convicted of the commission of a felony in a court of competent jurisdiction within one (1) year of the date of the application and if the applicant has been on probation or parole as a result of a felony within six (6) months of the date of the application; and

(5) Whether or not the applicant has previously held a license issued under the provisions of this article and if such license was revoked.

(Code 1959, § 28-5; Ord. No. 51213, § 3, 9-6-79)

Sec. 16-230. Investigation of applicant by chief of police.

Upon the receipt of a license application the original shall be referred to the chief of police, who shall cause an investigation to be made for the purpose of ascertaining the veracity of the statements made in the application. If, as a result of the investigation, the chief of police finds that the applicant does not meet the requirements set forth in section 16-228 of this article then he shall endorse his disapproval and his reasons for the same upon the application.
(Code 1959, § 28-4; Ord. No. 51213, § 7, 9-6-79)

Sec. 16-231. Denial of license; appeal; hearing.

Any person denied a license shall have the right to appeal such action to the city council. In such case the procedure shall be the same as in revocation. After holding a hearing the council shall, by majority vote, either sustain the action of the city treasurer or issue an order to the city treasurer to issue the license.
(Code 1959, § 28-5.1; Ord. No. 51213, § 6, 9-6-79)

Sec. 16-232. License fees.

(a) The license fee for a foot peddler s license shall be one hundred twenty dollars ($120.00) for a license expiring one (1) year from the date of issue. The fee for a license for a peddler utilizing a truck, cart, or other vehicle in his/her business

shall be one hundred eighty dollars ($180.00) for a license expiring one (1) year from the date of issue. The fee for a canvasser s license shall be sixty dollars ($60.00) for a license expiring one (1) year from the date of issue.

(b) All license fees collected hereunder shall be compensation to the city for the services herein required of it and to partially defray the expenses of enforcement of this article.
(Code 1959, § 28-5.2; Ord. No. 51213, § 4, 9-6-79; Ord. No. 63230, § 1, 7-16-86; Ord. No. 90492, § 2, 9-16-99; Ord. No. 99733, § 2, 9-16-04)

Sec. 16-233. Transfer of license prohibited.

No license issued under the provisions of this article is transferrable and the authority a license confers shall be conferred only on the licensee named therein.
(Code 1959, § 28-5.3; Ord. No. 51213, § 8, 9-6-79)

Sec. 16-234. Revocation of license.

(a) *Grounds.* Any license issued hereunder shall be revoked by the city treasurer if the license holder is convicted of a violation of any of the provisions of this article or has knowingly made a false material statement in the application or otherwise becomes disqualified for the issuance of a license under the terms of this article.

(b) *Notice.* Notice of the revocation shall be given to the licensee in writing, with the reasons for the revocation specified in the notice, served either by personal service of such notice upon the licensee or by certified United States mail to his last known address. The revocation shall become effective the day following personal service or if mailed, three (3) days from the date of mailing.

(c) *Appeal; hearing.* The licensee shall have ten (10) days from the date of such revocation in which to file notice with the city clerk of his appeal to the city council from the order of the city treasurer. The city clerk shall provide for a city council hearing on the appeal at the earliest convenient regular city council meeting and shall notify the appellant and the city treasurer of the date of the city council hearing. After holding a hearing on such revocation, the city council shall by majority vote either sustain the action of the city treasurer or issue an order to the city treasurer to reinstate the license.

(d) In the event of the filing of an appeal from a revocation issued under the provisions of this article, then, until such appeal has been determined by the city council such revocation order shall be stayed.
(Code 1959, § 28-5.4; Ord. No. 51213, § 6, 9-6-79)

Sec. 16-235. Use of traffic islands, medians, etc., for storage or sale of tangible property prohibited.

No person shall store or keep or offer for sale any tangible property on any traffic island, median or other traffic control device located within the corporate limits of the city.
(Code 1959, § 28-5.5; Ord. No. 51213, § 9, 9-6-79)

Sec. 16-236. Areas prohibited to peddlers and canvassers; affirmative defense.

(a) *Public property generally.* It shall be unlawful for any person to peddle, canvass or solicit or cause or permit to be peddled, canvassed or solicited any tangible property or services on city owned property with the exception of:

(1) Parks, as provided under the applicable provisions of Chapter 22;

(2) Sidewalks and where such activities are not prohibited by subsection (b) of this section or section 19-8 of the City Code and;

(3) Persons and their agents who have contracted for services within the city for sales on the grounds of city-owned property.

(b) *Downtown business district*

(1) *Definitions.*

Display means any manner in which any person shows, exhibits, demonstrates, presents, or otherwise makes visible goods, merchandise, or service.

Downtown business district has the same meaning as in the Unified Development Code of San Antonio Texas.

Hawk means offering goods, merchandise, or services by calling or crying out.

Inhibit means to cause any person walking or otherwise proceeding to swerve, dodge, change direction, or come to a complete stop to avoid a display, transaction or person involved in vending.

Public property means any real property owned or controlled by the city.

Vend means offering goods, merchandise, or services in exchange for compensation; accepting compensation in exchange for goods, merchandise, or services; or distribution or display of merchandise or commercial advertising matter.

(2) *Vending in the downtown business district prohibited.*

a. It shall be unlawful for any person to peddle, canvass, or solicit or cause or permit to be peddled, canvassed or solicited, any property or services or to hawk, sell, or vend goods, merchandise, or services in the downtown business district on public property, provided that any vending that inhibits pedestrian or traffic flow on adjacent property is prohibited notwithstanding any lease provision or the possession of a validly issued permit.

b. It shall be unlawful to display or transport merchandise or goods within the downtown business district, outside of areas permitted under subsection (3)c. unless the merchandise or goods are enclosed, covered or not visible during transport.

(3) *Exceptions.* The prohibition against vending does not apply to the following:

a. Vending, on public property leased to a private individual or business, of food and/or beverage services provided that such vending complies with all other laws and the food and/or beverage service does not inhibit pedestrian or traffic flow on adjacent public property and is offered and exchanged solely within stationary eating establishments to patrons seated outside the structure of the building; all other vending offered in such leased areas shall require a permit issued under subsection (3)c.;

b. Vending of goods, merchandise, or services offered and exchanged solely within the interior of any permanent structure;

c. Vending goods, merchandise, or services as allowed by any permit from the city which expressly allows operations in the downtown business district;

d. Wearing nametags, badges, shirts, aprons or other personal clothing attire with company information, logos or other identifying items; or

e. Vending officially sanctioned by the city as part of a special event sponsored or co-sponsored by the city.

(4) *Permits.* Downtown business district vending permits shall be issued annually by the designated city department in accordance with procedures adopted by the city manager or the city manager s designee and such policies shall include, but not be limited to, standards for the amount of space necessary for the issuance of a permit. The city manager or the city manager s designee shall have authority to issue permits solely for real property owned by the city and leased to a private individual or business and such vending shall be merely an ancillary use to and shall be compatible with the main business of the property in which the vending is taking place. The city manager or the city manager s designee shall evaluate each proposed vending location and shall only be authorized to issue permits for those locations which the city manager or the city manager s designee has determined are large enough that vending in those locations would have no effect on adjacent

public property. The city manager shall be authorized to adopt policies allowing for singing groups or other group performers to qualify for a group permit provided that such groups always stay together as a unit while exercising their vending rights under the permit and provided that each individual in the group has otherwise satisfied the conditions of obtaining a permit such as the required criminal background check and the wearing of an identifying badge or card. The director of downtown operations shall have authority to immediately suspend, subject to an appeal process to the city manager or the city manager s designee, any such permits in the event that the permitee does not comply with the policies and procedures adopted by city manager or is in violation of this chapter.

(5) *Fees.*

a. A vending permit fee of seven hundred and fifty dollars ($750.00) shall be paid to the city with the submission of each application for a vending permit for one location to pay for the cost of review and verification of accuracy of the application and conformance with the other requirements of this Code. An additional vending permit fee of one hundred dollars ($100.00) shall be paid for each additional location.

b. A group vending permit fee of seven hundred and fifty dollars ($750.00) shall be paid to the city with the submission of each application for a group vending permit for one location to pay for the cost of review and verification of accuracy of the application and conformance with the other requirements of this Code. An additional vending permit fee of one hundred dollars ($100.00) shall be paid for each additional location.

(6) *Penalties.* A person who intentionally, knowingly or recklessly violates any provision of this subsection (b) is guilty of a class C misdemeanor and shall upon conviction be subject to a fine as follows:

a. A person convicted of a violation of this subsection (b) shall be fined a minimum amount of not less than two hundred dollars ($200.00) per violation and a maximum amount of not more than two thousand dollars ($2,000.00) per violation.

b. A person convicted of a second or any subsequent violation shall be fined not less than five hundred dollars ($500.00) and not more than two thousand dollars ($2,000.00).

c. Each violation of this subsection (b) shall constitute a separate offense, and each day an offense continues shall be considered a new violation for purposes of enforcing this subsection (b). Violations shall include convictions and offenses in which deferred adjudication was granted.

(c) It shall be unlawful for any person other than the actual real property owner to use a license issued under this article to peddle, canvass or solicit or cause to be peddled, canvassed or solicited any tangible property or services on privately owned real property without having on the real property a sworn and notarized written statement authorizing such use from the owner of such real property to include:

(1) The full street address of the real property;

(2) The exact nature of the use authorized;

(3) The specific dates and times such use is authorized;

(4) The printed name and address of the owner;

(5) The printed name, address, and position of the owner s authorized representative signing if the owner is not able to sign personally;

(6) A contact number at which the owner or the owner's representative can be reached at all times the real property is authorized for use; and

(7) The printed name and address of all persons authorized to use the real property.

The requirements in this subsection are in addition to any other requirements of this Code and shall not be used to nullify, substitute, or override any other subsections or provisions.

(d) It shall be an affirmative defense to any prosecution under this section that the peddler, canvasser or solicitor operated only off the surfaced portion of a public street, within one thousand (1,000) linear feet of the cemetery, excluding S.W. Military Drive and Mission Road, and not closer than thirty (30) feet to any street intersection provided that it is:

(1) Easter, Mother's Day, or Father's Day or within three (3) days prior to or three (3) days after such holiday, or

(2) Between October 27 and November 6 (inclusive) to cover All Soul's Day/All Saints Day,

and provided further that such peddler, canvasser or solicitor operating within one thousand (1,000) feet of San Fernando Cemetery shall not make sales within one hundred fifty (150) feet from the property line of an existing flower shop.

(e) The sale of flowers shall not be subject to frequency of use restrictions on Castroville Road between General McMullen and Inca Streets on all three (3) days before and all three (3) days after and on Valentine's Day, Easter, Mother's Day, Father's Day, All Souls' Day and All Saints' Day if the vendor has the authorization from the real property owner for such use as required by this section.

(f) No exception or defense listed in this section shall be a defense in any way to prosecution for a violation of section 19-8 of the City Code.
(Code 1959, § 28-5.6; Ord. No. 51213, § 10, 9-6-79; Ord. No. 51478, § 1, 11-14-79; Ord. No. 51683, § 1, 1-3-80; Ord. No. 56455, §§ 1—3, 1-27-83; Ord. No. 65691, § 17, 9-10-87; Ord. No. 2006-11-02-1257, § 2, 11-2-06)

Sec. 16-236.1. Guided tour sales prohibited from Alamo East.

Guided tour sales are hereby prohibited from Alamo East, within the Historic Alamo Fortress Compound.
(Ord. No. 69292, § 7, 4-13-89)

Sec. 16-237. Exceptions to article.

(a) This article is not to be construed as prohibiting or limiting the distribution or sale of religious publications, newspapers, handbills or other written or printed matter sold or distributed for the purpose of disseminating information or news on sidewalks or in any public place.

(b) This article is not to be construed as prohibiting "house-to-house" peddling or canvassing.

(c) This article is not to be construed as requiring the licensing of canvassers engaged solely in interstate commerce.

(d) Any person who peddles any food or beverage for human consumption shall not be subject to the licensing provisions of this article, but must be licensed for such peddling by the health department as provided in chapter 13 of this Code.
(Code 1959, § 28-5.7; Ord. No. 51213, § 12, 9-6-79; Ord. No. 51478, § 1, 11-14-79; Ord. No. 71697, § 5, 6-7-90)

Sec. 16-238. Police to aid in enforcement.

It shall be the duty of any police officer of the city to require any person seen canvassing or peddling and who is not known by such officer to be duly licensed, to produce his canvasser's or peddler's license and to enforce the provisions of this article against any person found to be violating the same.
(Code 1959, 28-5.8; Ord. No. 51213, § 7, 9-6-79)

Sec. 16-239. Hours during which activities prohibited.

(a) It shall be unlawful for any person to intentionally peddle, canvass or solicit, or intentionally cause or knowingly permit to be peddled,

canvassed, sold or solicited any tangible property under a license as required by this article on sidewalks and at public places between the hours of 11:00 p.m. and 8:00 a.m. or door-to-door at private residences between the hours of 8:00 p.m. and 8:00 a.m.

(b) Except as otherwise allowed in this article it shall be unlawful for any person, entity, or an agent or employee for a person or entity to use a license issued under this article to peddle, canvass or solicit or cause to be peddled, canvassed or solicited any tangible property or services on any portion of a privately owned real property more than three (3) times within any calendar month. For the purposes of this subsection all usage within a 24-hour day shall be counted as one (1) use. All lots, tracts, parcels, or sections of land sharing a street address or parking area shall be considered one (1) real property under this subsection.

(c) The restrictions in subsection (b) above shall not apply if all the tangible property is carried at all times on or by a non-stationary person using a license issued under this article and actively engaged in the peddling, canvassing, or soliciting of such tangible property.
(Ord. No. 60654, § 1, 5-9-85; Ord. No. 71697, § 6, 6-7-90; Ord. No. 88723, §§ 2, 3, 10-22-98; Ord. No. 2010-01-14-0014, § 1, 1-14-10)

Sec. 16-240. Peddling, canvassing, or soliciting in the AT&T Center.

(a) Notwithstanding anything in this section to the contrary, it shall be unlawful for any person to peddle, canvass, or solicit or cause or permit to be peddled, canvassed or solicited any tangible property or services in the public right-of-way or on city-owned property within the defined area surrounding the AT&T Center.

(b) The geographic boundaries of the area covered by this prohibition shall consist of the area surrounding the AT&T Center Parkway described and bounded as follows: the area beginning at the 3000 block of E. Commerce; thence eastward of E. Commerce to Coca Cola Dr.; thence northward on Coca Cola Dr. to E. Houston St.; thence westward on E. Houston St. to N. Walters St.; thence northward on N. Walters St. to N. Edgar Dr.; thence northward on N. Edgar Dr. to Pullman; thence eastward on Pullman to N. Walters; thence northward on N. Walters to the IH 35 northbound access road; thence eastward on IH 35 northbound access road to AT&T Center Parkway; thence southward on AT&T Center Parkway to E. Houston St.; thence westward on E. Houston St. to Coca Cola Dr.; the area beginning at the 3130 block of E. Commerce; thence eastward on E. Commerce to E. Houston St.; thence westward on E. Houston St. to AT&T Center Parkway; and the area beginning at the 100 block of Gembler Rd.; thence eastward on Gembler Rd. to Paulson. This prohibition shall encompass the entire area of the boundary streets and all public rights-of-way and city-owned property which are adjacent to or abut the boundary streets described. A map of the area encompassed by this section is on file with the city clerk.

(c) Any person who violates the language in subsection (a) will be subject to having all tangible property related to the violation immediately removed and may be subject to prosecution for a Class C misdemeanor and a fine not to exceed five hundred dollars ($500.00).
(Ord. No. 99090, §§ 1—3, 4-15-04; Ord. No. 2006-05-11-0569, § 2, 5-11-06)

Editor's note—Inasmuch as Ord. No. 2006-05-11-0569, § 2, adopted May 11, 2006, changed the name of the SBC Center Parkway to the AT&T Center Parkway, the title of section 16-240 has been changed from "Peddling, canvassing, or soliciting in the SBC area" to "Peddling, canvassing, or soliciting in the AT&T Center." The historical notation has been preserved for reference purposes.

ARTICLE X. MINORITY AND WOMAN BUSINESS ENTERPRISE PROGRAM*

Sec. 16-251. Policy.

It is the policy of the City of San Antonio to attempt to provide a remedy for past underutilization of minority and woman-owned businesses

*__Editor's note—__Ordinance No. 77758, adopted April 8, 1993, did not specifically amend this Code, hence, codification of §§ 1—4 of such ordinance as §§ 16-25—16-254 herein was at the editor's discretion.

Cross reference—Administration, Ch. 2.

and prevent ongoing underutilization of minority and women's business enterprises in the city's contracting process by ensuring the full and equitable participation of minority and woman's business enterprises in the provision of goods and services to the city on a contractural basis in the manner identified in Attachment I of Ordinance No. 77758, on file in the office of the city clerk.
(Ord. No. 77758, § 1, 4-8-93)

Sec. 16-252. Goal.

The ultimate goal of this article is to remedy the effects of past underutilization in the local marketplace by increasing the use of minority and women's business enterprises above the present low level to one more comparable to their representation in the San Antonio business community. The provisions of this article shall apply to all contracts awarded by the city, except as may be hereinafter specifically exempted, and shall be liberally construed for the accomplishment of its policies and purposes.
(Ord. No. 77758, § 2, 4-8-93)

Sec. 16-253. Conflicts with other ordinances or resolutions.

The provisions of this article from April 8, 1993, the date of adoption, shall supercede all previous minority and woman business enterprise contracting ordinances and council resolutions.
(Ord. No. 77758, § 3, 4-8-93)

Sec. 16-254. Determination of continuing need; amendments.

The city council shall regularly, at least every five (5) years, determine whether there is a continuing need for a minority and woman business enterprise program, make relevant findings, and, if necessary, enact appropriate amendments to this article.
(Ord. No. 77758, § 4, 4-8-93)

Secs. 16-255—16-275. Reserved.

ARTICLE XI. TRAVEL BUREAUS*

Sec. 16-276. Defined.

For the purposes of this article, the term "travel bureau" shall mean any person engaging in or carrying on the business of bringing persons together or putting them in communication with each other for the purpose of or to the end that such persons may contract or agree between themselves to travel from one place to another place in an automobile or other vehicle in the possession or under the control of one of the persons on an expense-sharing basis.
(Ord. No. 19004, § 1, 4-30-53: Code 1959, § 39-1)

Sec. 16-277. License required.

It shall be unlawful for any person, either as principal or as agent or representative of another, to engage in the business of operating a travel bureau, or to advertise or hold himself out as operating a travel bureau, within the city, without having first obtained a license therefor.
(Ord. No. 19004. § 4-30-53; Code 1959, § 39-2)

Sec. 16-278. Application for license, information, oath.

Every person before opening, maintaining or operating a travel bureau in the city shall make an application for a license for each such place of business maintained or operated by him upon a blank to be furnished by the tax assessor-collector on a form prescribed by such officer which shall include, among other things, the name and address of the applicant, both residence and place of business, including the street number, and, if the applicant is a partnership or association, of every member thereof, and, if a corporation, of each officer or director thereof; also the name under which the business is to be conducted. The application for license shall be sworn to by the applicant.
(Ord. No. 19004, § 3, 4-30-53; Code 1959, § 39-3)

*__State law reference—__Authority to regulate, Vernon's Ann. Civ. St. art. 1175(24).

Sec. 16-279. Separate license and application for each establishment.

A separate license and application shall be required for each establishment, office or place of business conducting the business of operating a travel bureau regardless of the ownership thereof.
(Ord. No. 19004, § 4, 4-30-53; Code 1959, § 39-4)

Sec. 16-280. Information to be shown on face of license; posting.

The license required by section 16-227 shall state the address at which the business is to be conducted and the name under which the business is to be conducted. Such license shall be kept conspicuously posted at the place of business of the licensee where it may be readily available for inspection by the public.
(Ord. No. 19004, § 5, 4-30-53; Code 1959, § 39-5)

Sec. 16-281. Licenses not transferable or assignable; issuance of more than one license to same licensee.

Licenses issued under the provisions of this chapter shall not be transferable or assignable, but shall be valid only for the use of the licensee named therein. No licensee shall maintain more than one (1) place of business under the same license. The tax collector, however, may issue more than one (1) license to the same licensee upon compliance with all the provisions of this chapter governing the original issuance of a license or each new license.
(Ord. No. 19004, § 6, 4-30-53; Code 1959, § 39-6)

Sec. 16-282. Licenses valid only at address stated; changing location of business.

Licenses issued under the provisions of this article shall be valid only at the address stated in the license; provided, however, should a licensee desire to change his place of business to another location, he shall give written notice thereof to the tax assessor-collector, who shall attach to the license, in writing, his record of the change and the date thereof, which shall be authority for the operation of such business under such license at such new location.
(Ord. No. 19004, § 7, 4-30-53; Code 1959, § 39-7)

Sec. 16-283. Bond required; amount; conditions, etc.

Before any license shall be issued as provided by this article, the applicant shall furnish in writing a good and sufficient bond in the sum of one thousand dollars ($1,000.00) to be approved by the city attorney. Such bond shall be conditioned that the holder of the license shall well and truly pay to the mayor or his successors in office, any final judgment that may be rendered against such licensee not to exceed the amount of the bond, for the benefit of every person who may recover a final judgment against the licensee, arising and growing out of any material false or fraudulent representation of the licensee, his agents, servants or employees concerning transportation to be furnished or the person furnishing such transportation in connection with the conduct of the business licensed under this article; and further conditioned, that any person having a cause of action against the obligor of such bond arising and growing out of the conduct of the business licensed under this article may sue in his own name and recover on such bond without the joinder of the city or the mayor therein; and further conditioned, that such person may sue and recover upon such bond from time to time until the full amount is exhausted.
(Ord. No. 19004, § 8, 4-30-53; Code 1959, § 39-8)

Sec. 16-284. When new or additional bond required.

Whenever recovery has been had on the bond required by section 16-283 so that the same is depleted or exhausted, the licensee shall immediately file a new or additional bond as provided in section 16-283 for the original bond so as to maintain at all times a good and sufficient bond in the full amount of one thousand dollars ($1,000.00).
(Ord. No. 19004, § 9, 4-30-53; Code 1959, § 39-9)

Sec. 16-285. License fee.

After having filed the application as required by section 16-278 and bond as required by section 16-283 with the city clerk and secured the license as herein provided for the licensee shall pay to the tax assessor-collector the sum of twenty-five dollars ($25.00) as an annual license fee.
(Ord. No. 19004, § 10, 4-30-53; Code 1959, § 39-10)

Sec. 16-286. Disposition of fees and collections.

All fees and collections under this chapter shall be paid to the city tax assessor-collector and be by him paid into the general fund of the city to be used for the purpose of defraying the expenses of enforcement and supervision of this article.
(Ord. No. 19004, § 11, 4-30-53; Code 1959, § 39-11)

Sec. 16-287. Records to be kept; information to be shown.

Each licensee under the provisions of this article shall keep a complete set of records in duplicate showing a list of each person who shall apply to him as the owner or operator of a vehicle desiring to secure persons to travel from one point to another with such owner or operator of such vehicle on an expense-sharing basis, and showing the name of every person making application and the date and hour of the application to such licensee desiring to be put into communication with the owner or operator of a vehicle for the purpose of arranging to travel from one place to another with the owner or operator of such vehicle on an expense-sharing basis. The records shall show the

name and address of each such person and if such person is offering to transport persons from one point to another upon an expense-sharing basis, then such records shall show fully the make, year, model, license number, motor number and ownership of any automobile or vehicle proposed to be used in that connection, and shall show fully any remuneration, commission or compensation paid to the licensee hereunder, by whom paid and for what service such remuneration was paid, shall show the point where such travel is to originate and the point where it is to terminate, and shall show, if the licensee is in possession of the information, the charge made for the transportation of the amount of expense borne by each party thereto. The records shall further show clearly the name of each person which the licensee may bring together with any other person for the purpose of contracting to travel on an expense-sharing basis and the date and hour when such persons were brought together. The record shall also show the name of the person making the record. Each transaction described hereinabove shall constitute a separate transaction. The failure on the part of any licensee to keep the required records of each transaction shall constitute a separate offense. Such records shall at all reasonable times during business hours be subject to inspection by the tax collector and his duly authorized agents.
(Ord. No. 19004, § 12, 4-30-53; Code 1959, § 39-12)

Sec. 16-288. Revocation of license; notice, hearing, grounds.

Any license granted under the provisions of this article shall be subject to revocation by the city council after due notice to the holder of such license and hearing thereon, upon proof of the violation of any of the provisions of this article.
(Ord. No. 19004, § 13, 4-30-53; Code 1959, § 39-13)

Sec. 16-289. Second or additional license not to be issued within one year after revocation.

In the event the license of any person issued under the provisions of this article shall be revoked by the city council, as provided in section 16-288, no second or additional license shall be issued to such person within one year of the date such license was revoked.
(Ord. No. 19004, § 14, 4-30-53; Code 1959, § 39-14)

Sec. 16-290. Motorbus companies and motorbus ticket brokers excluded.

This article shall not apply to any person doing business under and as permitted by the laws of this state relating to motorbus companies or motorbus ticket brokers.
(Ord. No. 19004, § 15, 4-30-53; Code 1959, § 39-15)

ARTICLE XII. GARAGE SALES*

Sec. 16-291. Purpose.

The city council hereby recognizes that the City of San Antonio is made up in part of many diverse neighborhoods which are a noteworthy example of its divergent cultures and heritage. The unique qualities of the city's residential areas result in an attractive example of civic pride to homeowners, home renters and home buyers alike. The increasing number of garage sales throughout the city has detrimentally impacted many of its neighborhoods and has warranted this regulation.

As a matter of public policy the city council aims to preserve, enhance and perpetuate the economic value and the residential character of the city's neighborhoods in part by regulating garage sales. Such preservation promotes and protects the health, safety, comfort, economic investment, and general welfare of the people living in San Antonio.

More specifically, this garage sale ordinance is designed to achieve the following goals:

*Editor's note—Ord. No. 67681, § 1, adopted Aug. 4, 1988, amended Ch. 16 by the addition of Art. XII, §§ 16-291—16-308. Section 3 of said Ord. No. 67681 provided as follows: "Each violation of any provision of this ordinance, except section 16-303, shall be punishable by fine up to fifty dollars ($50.00) for the first two convictions and up to five hundred dollars ($500.00) for each conviction thereafter. Each day a violation is committed or permitted to continue shall constitute a separate offense and shall be punishable as such hereunder."

(1) To protect residential areas from the permanent encroachment of commercial uses;

(2) To protect the aesthetic qualities of neighborhoods; and

(3) To ensure the harmonious and orderly operation of garage sales in residential areas.

(Ord. No. 67681, § 1, 8-4-88)

Sec. 16-292. Definitions.

As used in this article the following words and terms shall have the meanings ascribed to them in this section:

Charitable/nonprofit organization shall mean any organization qualifying as nonprofit under Section 501(c) of the Federal Income Tax Code or the Texas Nonprofit Corporation Act.

Department shall mean the neighborhood services department.

Director shall mean the director of neighborhood services or designee.

Garage sale operator shall mean any person with a permit issued by the department to operate a garage sale.

Garage sales shall mean all general sales, open or advertised to the public, conducted from or on a residential premises (single-family, duplexes or apartments), in any residential zone for the purpose of disposing of tangible personal property. Said sale includes situations in which more than five (5) specific items of tangible personal property are to be sold.

Person shall mean and include individuals, partnerships, voluntary associations and corporations.

Personal property shall mean property which is owned, utilized, and maintained by an individual or members of his or her residence and acquired in the normal course of living in or maintaining a residence. Merchandise purchased for resale at a garage sale or obtained by consignment for sale at a garage sale is prohibited.

Residence shall mean any single-family structure or multi-family complex which may be owned, rented or leased.

(Ord. No. 67681, § 1, 8-4-88; Ord. No. 98184, § 4, 9-18-03; Ord. No. 2006-09-21-1122, § 1, 9-21-06)

Sec. 16-293. Signage.

Refer to chapter 28, Signs.

(Ord. No. 67681, § 1, 8-4-88; Ord. No. 2017-05-04-0297, § 2, 5-4-17)

Cross reference—Signs, Ch. 28.

Sec. 16-294. Zoning Ordinance applicability.

All permit requirements shall be subject to the provisions of this article as well as the Zoning Ordinance of the City of San Antonio.

(Ord. No. 67681, § 1, 8-4-88)

Cross reference—Zoning, § 35-3001 et seq.

Sec. 16-295. Additional Code applicability.

All sales of food items shall be subject to the provisions of Chapter 13 of the City Code of San Antonio.

(Ord. No. 67681, § 1, 8-4-88)

Sec. 16-296. Garage sale operator's permit.

It shall be a violation of this article for any person to operate or participate in the operation of a garage sale without first obtaining the proper permit from the director.

(Ord. No. 67681, § 1, 8-4-88; Ord. No. 98184, § 4, 9-18-03; Ord. No. 2006-09-21-1122, § 1, 9-21-06)

Sec. 16-297. Term of permit, replacement permit for inclement weather.

(a) All permits covered by this article shall continue in full force from the date specified on the permit. Each garage sale shall not exceed two (2) consecutive days.

(b) Should inclement weather unreasonably hinder the operation of the garage sale during the time authorized by the permit, the depart-

ment shall issue a replacement permit allowing the completion of the authorized time provided that:

(1) The garage sale operator requests the replacement permit within one week from the initial permit's date of issuance; and

(2) The replacement shall be valid for the completion of the initial permit's allotted time within thirty (30) days from the replacement permit's date of issuance; and

(3) Only one replacement permit shall be issued for any garage sale permit regardless of subsequent weather conditions or circumstances.

(4) No more than one replacement permit shall be issued per calendar year per address.

Replacement permits shall be issued at the development business and services center and the city's community link centers.
(Ord. No. 67681, § 1, 8-4-88; Ord. No. 100589, §§ 1, 2, 3-24-05; Ord. No. 2006-09-21-1122, § 1, 9-21-06)

Editor's note—Ord. No. 100589, § 1, adopted March 24, 2005, changed the title of § 16-297 from "Term of permit" to "Term of permit, replacement permit for inclement weather."

Sec. 16-298. Maximum number of garage sales.

The department shall issue one (1) permit for each garage sale. Each residence is allowed four (4) garage sales per calendar year per location not to exceed one (1) garage sale per quarter.
(Ord. No. 67681, § 1, 8-4-88; Ord. No. 98184, § 4, 9-18-03; Ord. No. 2006-09-21-1122, § 1, 9-21-06; Ord. No. 2006-10-12-1185, § 1, 10-12-06)

Sec. 16-299. Permit nontransferable.

No permit covered by this article shall be transferable, nor shall a permit holder allow his name to be used by any other party for the purposes of operating a garage sale.
(Ord. No. 67681, § 1, 8-4-88)

Sec. 16-300. Permits issued in violation of this article.

Any permit issued in violation of any provision of this article shall be absolutely void and no rights whatsoever shall accrue.
(Ord. No. 67681, § 1, 8-4-88)

Sec. 16-301. Application for a permit.

(a) An application for a garage sale operator's permit shall be made upon forms provided by the director.

(b) The application will contain all information necessary to fully advise the director of the date(s), location (street address), hours of operation of the garage sale and any other information that may be reasonably required by the director.

(c) Only the owner or lessee of the residential property upon which the garage sale is being conducted may obtain such permit.

(d) Before such permit shall be issued the applicant shall provide proof of address (driver's license, utility bills or other identification) and any other pertinent information as may be reasonably required by the director. Upon verification and compliance with provisions of this article, and payment of the proper fee, the applicant will be issued a permit for a garage sale by the department.

(e) By making application for such garage sale permit, accepting said permit and conducting such sale, the owner or lessee of the property to whom such permit is granted, authorizes any code enforcement officer of the City of San Antonio to enter upon the property for the purpose of determining that such sale is being conducted in accordance with the provisions of this article.
(Ord. No. 67681, § 1, 8-4-88; Ord. No. 98184, § 4, 9-18-03; Ord. No. 2006-09-21-1122, § 1, 9-21-06)

Sec. 16-302. Permit number and garage sale information.

(a) Each permit issued shall bear the street address of the residence where the sale will be located, the date(s) and hours when the garage sale will be held and any other information deemed necessary by the director.

(b) The permit must be clearly displayed and visible for a distance of six (6) feet from the curbline or nearest edge of paved portion of the street or right-of-way or be immediately available for inspection at the sale location.
(Ord. No. 67681, § 1, 8-4-88; Ord. No. 98184, § 4, 9-18-03; Ord. No. 100589, § 3, 3-24-05; Ord. No. 2006-09-21-1122, § 1, 9-21-06)

Sec. 16-303. Removal of signs advertising garage sales.

A garage sale operator shall remove any advertising sign upon expiration of the garage sale permit.
(Ord. No. 67681, § 1, 8-4-88; Ord. No. 98184, § 4, 9-18-03)

Sec. 16-304. Fee.

No permit shall be issued unless the applicant has first paid the director a garage sale operator's fee of sixteen dollars ($16.00) for each permit obtained in person and sixteen dollars and fifty cents ($16.50) for each permit issued by mail. However, payment of the fee shall not be required to obtain a permit for the fourth garage sale held by an operator at the same residence during a calendar year. The applications for such free permits shall only be made at the city's development business and services center and the city's community link centers. Operators must submit the receipts showing payment of the garage sale operator's fees for their three (3) previous qualifying garage sales in order to obtain the free permit.
(Ord. No. 67681, § 1, 8-488; Ord. No. 72266, § 1, 9-13-90; Ord. No. 80782, § 8, 9-14-94; Ord. No. 98184, § 4, 9-18-03; Ord. No. 2006-09-07-1007, § 1, 9-7-06; Ord. No. 2006-09-21-1122, § 1, 9-21-06; Ord. No. 2006-10-12-1185, § 1, 10-12-06)

Sec. 16-305. Hours of operations.

An applicant having a valid permit may operate a garage sale between the hours of 9:00 a.m. and 6:00 p.m.
(Ord. No. 67681, § 1, 8-4-88)

Sec. 16-306. Display of sale items.

Personal property shall be exhibited or displayed on the private property where the residence is located, not closer than five (5) feet to the front or side property lines and cannot be placed in the public right-of-way.
(Ord. No. 67681, § 1, 8-4-88)

Sec. 16-307. Sale of food items.

Food items shall not be sold under authority of a garage sale permit. A permit for the sale of food items may be obtained from the Metropolitan Health District and such sale must be conducted in compliance with Chapter 13 of the City Code.
(Ord. No. 67681, § 1, 8-4-88)

Sec. 16-308. Exception for churches, charitable and nonprofit organizations.

Any church, charitable or nonprofit organization may hold a maximum of twelve (12) garage sales per year, provided that:

(a) The church or organization does not hold more than one (1) garage sale per month.

(b) The sale must be conducted on the church or organization property.

(c) A member of the church or organization, authorized to represent it, must register as a church, charitable or nonprofit organization with the department. No fee will be charged for registration.

(d) None of the net earnings of a garage sale shall inure to a shareholder or other individual.

(e) The garage sale operator's fee set forth in section 16-304 shall not apply to the fourth garage sale held by such organizations. The applications for such free permits shall only be made at the city's development business and services center and the city's community link centers. Operators must submit the receipts showing payment of the garage sale operator's fees for their three (3) previous qualifying garage sales in order to obtain the free permit.

(Ord. No. 67681, § 1, 8-4-88; Ord. No. 98184, § 4, 9-18-03; Ord. No. 2006-09-21-1122, § 1, 9-21-06; Ord. No. 2006-10-12-1185, § 1, 10-12-06)

Sec. 16-309. Penalties for violation.

(a) It shall be a violation of this article for any person to operate, participate in or recklessly to allow to be operated upon property owned or controlled by that person a garage sale in a manner not in compliance with the provisions of this article. Each day a violation is committed or permitted to continue shall constitute a separate offense.

(b) Unless otherwise specified, each violation of any provision of this article shall be punishable by an administrative penalty of double the garage sale operator's fee.

(c) It shall be unlawful for any garage sale operator to fail to remove any advertising sign upon expiration of the garage sale permit. A violation of this subsection shall be punishable by a criminal fine not to exceed fifty dollars ($50.00) for each day past the deadline for removing signs. (Ord. No. 98184, § 4, 9-18-03; Ord. No. 2006-09-21-1122, § 1, 9-21-06)

Sec. 16-310. Administrative hearing.

(a) A person charged for a violation of this article punishable by an administrative penalty may, within ten (10) days of receipt of notice of violation request a hearing with a hearing officer designated by the city manager.

(b) Failure of the person charged with a violation of this article punishable by an administrative penalty to timely request a hearing or failure to appear at a scheduled hearing shall constitute a waiver of the right to a hearing or to challenge the validity or amount of the penalty imposed.

(c) The hearing officer shall set a time and place for the hearing as soon as practicable but within thirty (30) days of the receipt of the request for hearing. The hearing officers shall have authority to administer oaths and to issue orders compelling the attendance of witnesses and the production of documents, such orders to be enforced by a municipal court.

(d) The hearing shall be conducted in an informal process to determine whether there is a sufficient factual and legal basis to impose the administrative penalty. The rules of evidence shall not apply, provided that the decision of the hearing officer shall in all cases be based upon substantial and reliable evidence. All parties to the hearing shall have the right to present evidence.

(e) The hearing officer shall issue a written order stating his decision. The record of witness testimony may be preserved for appellant review by the use of an audio tape recording or a videotape recording.

(f) The administrative penalty imposed under this article is due and payable upon the expiration of the period to request a hearing or upon notice of the hearing officer's decision if a hearing is requested. Failure to pay the administrative penalty shall result in no further permits being issued for the address of the violation or the person charged with the violation.

(g) A person on whom an administrative penalty is imposed may appeal the decision to the municipal court by filing an appeal petition with the municipal court clerk not later than thirty (30) days after the order is filed. The appeal hearing shall be scheduled to occur within thirty (30) days of the filing of the appeal petition. The appeal hearing before a municipal court judge shall be an administrative proceeding for the purpose of confirming or overruling the order issued by the hearing officer based upon the

evidence presented to the hearing officer. The decision of the municipal court judge shall be final and shall not be appealable.

(h) Neither a notice of intent to appeal nor the filing of an appeal petition shall stay the enforcement and collection of the hearing officer's decision unless the service of the notice of appeal is preceded by the posting of a bond with the municipal court clerk in an amount set by a municipal court judge.
(Ord. No. 2006-09-21-1122, § 1, 9-21-06)

ARTICLE XIII. NEWSPAPER VENDING MACHINES IN DOWNTOWN IMPROVEMENT DISTRICT, DOWNTOWN PARKS, PLAZAS, ETC.*

Sec. 16-321. Regulations governing publication vending boxes incorporated by reference.

(a) By Ordinance No. 69132 of March 23, 1989; Ordinance No. 69447 of May 11, 1989; Ordinance No. 72546 of November 1, 1990; and Ordinance No. 73646 of May 16, 1991, the City of San Antonio established regulations and a permitting system for publication vending boxes placed on public rights-of-way in the downtown area. Said provisions are incorporated herein by reference as if set out at length herein.

(b) The purpose of these provisions was to rid the portion of the city which had been renovated under the Tri-Party Downtown improvements of the clutter of the various vending boxes, establish uniform and harmonious design for such boxes, limit locations to places where pedestrian traffic would not be impeded, and afford all publications equal and full access to the sidewalk areas for vending their publications.

(c) The following changes are hereby made to the publication vending box regulations and the aforementioned ordinances are amended to the extent they are in conflict with the following:

(1) Expansion of the regulated area from Tri-Party streets only to include all of the area presently within the established boundaries of the Downtown Improvement District as indicated on the Attachment A to Ordinance No. 79102, the city downtown parks and plazas, the Main Library and convention facilities.

(2) Limiting publication vending outlets in the regulated area to the "Modular System" which has been one of two systems, and eliminating the "Hitching Post System."

(3) The total number of locations is revised from a previous authorization of seventy-one (71) to one hundred twenty-six (126); the total number of spaces is increased from five hundred seven (507) to six hundred ninety-eight (698); certain locations are rearranged to accommodate changed demands resulting partially from the *San Antonio Light* newspaper no longer being in circulation; and space numbers are revised at previously authorized locations in order to streamline the permitting process (see Attachment C to Ordinance No. 79102).

(d) Newspaper vending boxes. Annual fee for placement of a newspaper vending box in right-of-way in the downtown area: Fifty dollars ($50.00).
(Ord. No. 79102, 11-10-93; Ord. No. 2006-09-07-1010, § 8, 9-7-06)

Editor's note—The complete text of regulations regarding publication vending machines in the areas noted is on file and available for inspection in the offices of the city.

ARTICLE XIV. EXTRACTION OPERATION REGULATIONS

Sec. 16-401. Purpose.

In order to promote the health, safety, and welfare of those who work or reside near extraction operations, and to protect air quality and the water resources of the city, the regulations in this article are applicable to extraction operations.
(Ord. No. 87907, § 5, 6-4-98)

Sec. 16-402. Definitions.

As used in this article, the following words and phrases shall have the definitions ascribed to them by this section.

Blasting shall mean the practice or occupation of extracting heavy masses of rock, or other materials imbedded in the ground, by means of explosives.

Extraction operation shall mean the use of a lot or tract of land primarily for extraction of materials (including limestone, rock, sand, gravel, or soil, but not oil or natural gas) for any purpose including such extraction performed in a special district as identified in section 35-3171 or 35-3230 of this Code.

Extraction site shall mean the location of materials or rock removal or extraction operations as delineated by a plat, site plan or a certificate of occupancy.

Regulatory authority shall mean the San Antonio Fire Department.
(Ord. No. 87907, § 5, 6-4-98)

Sec. 16-403. Scope.

This article shall apply, within the corporate limits and within applicable limits of the extraterritorial jurisdiction of the city, to any activity that is related to the extraction or removing of rock or materials from the ground or any related activity and, with respect to such activities, this section shall supplant chapter 21, article III of this Code. Further, it is acknowledged that V.T.C.A., Local Government Code § 217.042 authorizes home rule municipalities to define and prohibit any certain activities within five thousand (5,000) feet outside the city's corporate limits. Where the city council determines by separate ordinance that any extraction operation, within five thousand (5,000) feet outside the city's corporate limits, is in violation of this article and as a result of such violation(s) poses a risk to the health and safety of the citizens of the city, the authority vested in the city by V.T.C.A., Local Government Code § 217.042 shall be exercised.
(Ord. No. 87907, § 5, 6-4-98)

Sec. 16-404. Blasting.

All blasting activity that falls within the scope of this article shall comply with the following provisions:

(1) *Permit required.*

a. Prior to any blasting activity or preparation for blasting activity at an extraction site, an appropriate blasting or explosives permit must be acquired from the regulatory authority.

b. Each such blasting or explosives permit will authorize blasting for extraction of materials (i.e. rock, stone, etc.) only at the extraction site designated on the permit, and shall be reviewed annually by the regulatory authority.

c. The extraction site operator, or designated representative, may apply for an appropriate blasting or explosives permit in accordance with the following procedures:

1. The applicant shall submit a completed permit application form and fee as required by the regulations contained in the Uniform Fire Code (UFC), as adopted and amended by the city council to the regulatory authority.

2. The chief of the fire department shall have thirty (30) days in which to approve or deny the permit application.

3. Any party aggrieved by the denial of a permit or inaction by the chief of the fire department may appeal such decision in accordance with the provisions of the UFC, provided such appeal is made in the manner required by such regulations.

4. Upon receipt of the appeal notification, the appeal board shall take the actions required to review the appeal in accordance to the said UFC as amended and adopted by the city.

(2) *Hours of operation.* The hours during which excavation may take place by blasting or use of explosives shall be any time during the hours between 8:00 a.m. and 5:00 p.m. except for on Saturdays, Sundays or on legal holidays, unless required by applicable safety regulations.

(3) *Regulatory compliance.* All blasting operations located within an extraction operation shall comply with the applicable provisions of the Uniform Fire Code (UFC), as amended and adopted by the city council, and with this article, as well as all applicable local, state and federal regulations concerning industrial noise and dust levels as well as applicable drainage, water and air standards. (Specifically included in such regulations are all applicable requirements of chapter 34 of this Code, pertaining to pollution prevention and control, and as such regulations may, from time to time, be amended.)

(4) *Environmental protection.* For extraction sites and other land uses located within the ERZD, all required approvals of the Texas Natural Resource Conservation Commission (TNRCC), or its successor agencies, and the regulatory authority must be obtained prior to initiating blasting or the removal of materials from the ground by means of explosives within the site.

(5) *Storage and handling.* The storage area for explosives shall be clearly marked and identified on the premises and a security fence must be established at a distance of at least twenty-five (25) feet from the containers in which explosive materials are to be stored. The security fence shall be at least eight (8) feet in height and shall be made of chain link or other appropriate material. A lockable eight-foot gate shall be provided for access in and out of the security fence surrounding the storage area. The access gate for the explosives storage area must be kept locked at all times with an appropriate locking device or padlock. No keys to the locking device or padlock, preventing access to the explosives storage area, may be distributed by the quarry operator to any person other than those employees or subcontractors who have been trained and/or certified in the proper handling, storage, and use of explosive materials. As an alternative to the fencing requirement provided in this section, the quarry operator may use a solid steel storage container that has a lockable access point

and that is capable of containing an accidental discharge or explosion of the explosive agents stored within the container. The storage facility in which explosive materials are stored must be located at least three hundred (300) feet from any adjoining property line.

(6) *Monitoring of blasting.* Quarry operators shall be required to perform monitoring of blasting events to accumulate data with respect to the seismographic and airblast effects of the blasting activity as required by federal and state law. The quarry operator shall conduct independent monitoring of blasting events if directed, and to the extent and frequency reasonably required, by the regulatory agency. The information generated in the form of reports or other data from this monitoring must be made available to the chief's office of the city fire department within seventy-two (72) hours from receipt by the owner/operator of a written request to review such information. The chief officer of the city fire department shall honor and maintain the confidentiality of data submitted by quarry operators and identified as confidential data to the extent allowed by law.

(7) *Safety standards.* The quarry operator is responsible and required to comply with all applicable provisions of any federal or state law or applicable regulations promulgated by OSHA, MSHA, ATF, or any other executive agency of the federal or state government relating to the use, handling, storage, or detonation of explosives. In addition to compliance with federal and state law, the owner shall be required to comply with the provision of the city fire code by registering, on an annual basis, with the city and/or the Bexar County Fire Marshall with respect to blasting activities. This annual registration with the city fire department shall be in lieu of the requirement to obtain individual permits each time a blasting event is performed.

(8) *Inspections.*

a. The holder of a quarry blasting permit shall make quarry site available to the regulatory authority for inspection at all times during regular office hours.

b. All records, including monitoring records referenced in subsection (6), above, relating to blasting activities will be made available to the regulatory authority during normal office hours within seventy-two (72) hours after such request is made.

(Ord. No. 87907, § 5, 6-4-98)

Sec. 16-405. Control of adverse effects.

(a) *General requirements.* Subsection 16-404(c) notwithstanding, extraction activities and facilities, and reserve tracts, shall not be subject to the requirements of chapter 21, article III of this Code, provided such operations have secured and are in compliance with the necessary permits and the requirements of this section. Extraction activities and blasting shall be conducted according to this section.

(b) *Airblast (noise) limits.* For the purpose of this article, the air overpressure and related noise generated by the use of explosives in excavation activities shall be measured by the airblast created thereby. Airblast shall not exceed the maximum limits listed below at the location of any dwelling, public building, school, church, or community or institutional building outside the permit area, except as provided in subsection (f) of this section.

Lower frequency limit of measuring system, in Hz (plus-minus 3 dB)	*Maximum level, in dB*
0.1 Hz or lower—flat response*	134 peak
2 Hz or lower—flat response	133 peak
6 Hz or lower—flat response	129 peak
C-weighted—slow response*	105 peak dBC

*Only when approved by the regulatory authority.

(c) *Monitoring requirement.*

(1) The operator shall conduct monitoring to ensure compliance with the airblast standards. Airblast measurement of blasts must be performed to the extent required by subsection 16-404(f).

(2) The measuring systems shall have an upper-end flat-frequency response of at least two hundred (200) Hz.

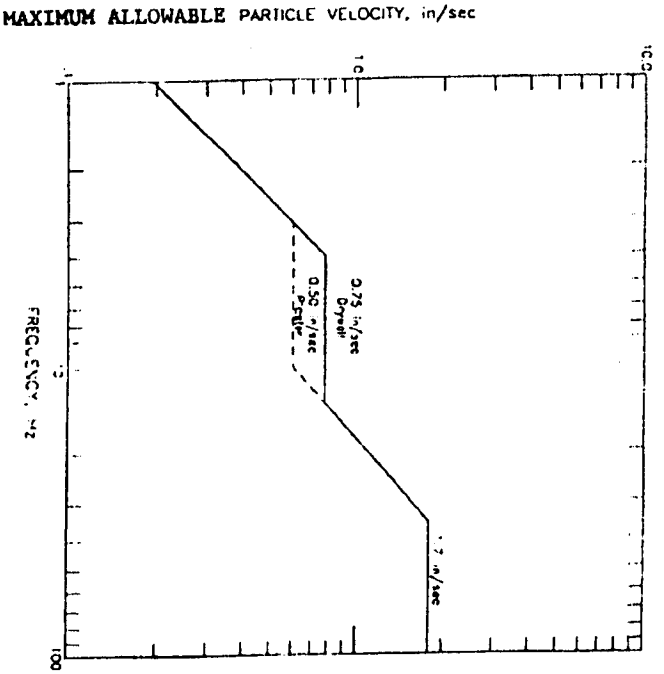
(d) *Flyrock.* Flyrock traveling in the air or along the ground shall not be cast from the blasting site beyond the area under the control of the operator.

(e) *Ground vibration.*

(1) *General.* In all blasting operations, except as otherwise authorized in subsection (f) below, the maximum ground vibration shall not exceed the values illustrated in Figure 1, below. The maximum ground vibration for protected structures listed in subsection (2)a. below shall be established in accordance with the maximum peak-particle-velocity limits as shown below.

(2) *Maximum peak particle velocity.*

a. The maximum ground vibration shall not exceed the following limits at the location of any dwelling, public building, school, church, or community or institutional building outside the area under the control of the operator:



*When plaster is used in construction of nearest structure.

b. A seismographic record including both particle velocity and vibration-frequency levels shall be maintained for each blast to the extent required by subsection 16-404(f).

(f) The maximum airblast and ground vibration standards of this section shall not apply at the following locations:

(1) At structures owned by the permittee and not leased to another person;

(2) At structures owned by the permittee and leased to another person, if a written waiver by the lessee has been obtained.

(Ord. No. 87907, § 5, 6-4-98)

Sec. 16-406. Burning of hazardous waste prohibited.

(a) No biomedical waste or hazardous waste as defined by the Texas Solid Waste Disposal Act may be burned, or otherwise used as a fuel in conjunction with any quarry activity.

(b) The subsection above notwithstanding, the use of tires as a fuel is allowed for quarry operations to the extent and in a manner that is permitted by state and federal law.

(Ord. No. 87907, § 5, 6-4-98)

Sec. 16-407. Beneficial concept reuse plan.

(a) All owners of properties that are used primarily for extraction activities shall be required to notify the planning department five (5) years prior to the time at which the extraction activities are projected to terminate or as soon as possible if the projected life of the extraction activity is less than five (5) years. Within the five (5) years following the notification, the owner of the property shall cooperate with the city in the city's effort to perform long range and short term planning related to transportation, traffic, land use, and infrastructure systems. Prior to any redevelopment of the property after termination of the extraction operations, the owner or developer intending to redevelop the property must file a beneficial conceptual reuse plan (BCRP) with the city. The BCRP must contain the following information:

(1) Perimeter property lines;

(2) Name of the plan and the development/operation;

(3) Scale of map;

(4) Proposed land uses by location, type, and acreage, and their relationship to existing land uses;

(5) Existing and proposed circulation system of collector, arterial, and local type B streets (clearly identified), and their relationship to any adjacent major thoroughfares, and any proposed alternative pedestrian circulation system;

(6) Contour lines at intervals no greater than ten (10) feet;

(7) Ownership from title and/or city or county roads for adjacent properties and, if known, proposed development of such land;

(8) Existing adjacent or perimeter streets (including right-of-way widths), intersections, and developments;

(9) One-hundred-year floodplain limits as identified from the most current flood insurance rate maps published by the Federal Emergency Management Agency for the city and/or the applicable county;

(10) Location map indicating the location and distance of the BCRP in relation to adjacent streets and at least two (2) major thoroughfares;

(11) Name and address of the owner or developer.

(b) Revisions to a BCRP may be made at any time by submission of a new BCRP to the director of planning. The director of planning shall notify the planning commission of any revision to a BCRP by reporting on the nature and extent of said revision to the commission within thirty (30) days of the receipt of a revised BCRP. The BCRP shall be considered an open record for the purpose of disclosure.

(Ord. No. 87907, § 5, 6-4-98)

Sec. 16-408. Public health, safety and welfare.

Extraction operations, which fall within the scope of this article which operations include all related uses shall abide by the public health, safety, and welfare safeguards of this article. Owners and/or operators of such activities shall:

(1) Comply with applicable water quality standards set forth in chapter 34 of this Code;

(2) Upon request of the regulatory authority, SAWS or public works environmental, provide to the city's and/or SAWS satisfaction, documentation evidencing the characterization, handling, and disposal of any industrial waste generated by the activity. Documentation which will satisfy the characterization inquiry includes process knowledge literature and/or waste analysis records;

(3) Upon request of the regulatory authority and/or SAWS, independent of the Federal Emergency Planning and Community Right to Know Act, (EPCRA), provide copies of material safety data sheets (MSDS) for material maintained, stored, or used on the site. The materials, subject of this section, are those materials whose properties for volatility, flammability, explosive potential, corrosiveness, radioactivity, or other toxic or hazardous property allow them to be listed in the North American Emergency Response Guidebook, current edition and as amended;

(4) Upon request of the regulatory authority and/or SAWS, provide a site plan, when the regulatory authority and/or SAWS determines a site plan is necessary to an independent environmental assessment or other inquiry pertinent to the public health, safety, or welfare.

(Ord. No. 87907, § 5, 6-4-98)

Sec. 16-409. Enforcement and inspection.

(a) This article shall be enforced by the city fire department.

(b) Extraction operations shall be available for inspection during regular office hours.

(Ord. No. 87907, § 5, 6-4-98)

Sec. 16-410. Penalties.

(a) *General.*

(1) Violation of any provision of this article is a class C misdemeanor and upon conviction may be punished by a fine not to exceed two thousand dollars ($2,000.00) per occurrence.

(2) Except for blasting violations which are covered by subsection (b) below, the city attorney's office may immediately seek additional remedies at law or in equity to prevent a violation of this section.

(b) *Blasting.* In addition to the criminal penalties noted above:

(1) The city attorney's office may immediately seek additional remedies at law or in equity to prevent blasting by any party who does not have a blasting permit.

(2) The city attorney's office may seek to revoke a blasting permit pursuant to the provisions of the UFC where the permit holder has demonstrated a pattern of intentional violations of this article. A pattern of violations is established upon three final convictions for substantive and not administrative violations within a twelve-month period in municipal court.

ARTICLE XV. BOOTING OPERATIONS*

DIVISION 1. GENERAL PROVISIONS

Sec. 16-500. Definitions.

In this chapter:

Abandoned motor vehicle has the same meaning as defined by the Texas Transportation Code and V.T.C.A., Occupations Code § 2303.154(a-1).

Boot has the same meaning as defined by the Texas Occupations Code.

Booting company has the same meaning as defined by the Texas Occupations Code and in-

*__Editor's note—__Prior to the reenactment of article XV by Ord. No. 2012-05-17-0356, Ord. No. 2011-12-01-0984, § 1, adopted December 1, 2011, repealed the former article XV, §§ 16-411—16-417 in its entirety, which pertained to irrigation systems and irrigators and derived from Ord. No. 2008-08-07-0653, § 1, adopted August 7, 2008.

For current provisions pertaining to similar subject matter, the user's attention is directed to chapter 10, building-related codes.

cludes any company that holds a contract to enforce parking violations/restriction by installing and removing a boot, or collects money related to the installation or removal of a boot.

Boot operator has the same meaning as defined by the Texas Occupations Code.

City means the City of San Antonio.

Department means the San Antonio Police Department, chief of police, or his designee.

Director or *department director* shall mean the department head assigned the responsibility for supervising the city's ground transportation services or the authorized or designated representative of such department head.

Parking facility has the same meaning as defined by the Texas Occupations Code.

Person means an individual, assumed name entity, partnership, joint-venture, association, corporation, or other legal entity.

Property entrance means any point of access by a vehicle to private property including adjoining properties and alley ways.

Property owner has the same meaning as defined by the Texas Occupations Code.

Unauthorized vehicle has the same meaning as defined by the Texas Occupations Code.

Vehicle has the same meaning as defined by the Texas Occupations Code.

Vehicle owner or operator has the same meaning as defined by the Texas Occupations Code.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-501. Scope.

(a) This article applies only to parking facilities offering parking space for pay that cause or allow the booting of unauthorized vehicles.

(b) This article does not apply to the booting of vehicles:

(1) In relation to delinquent municipal parking citations;

(2) As provided in V.T.C.A., Occupations Code § 2308.004:

a. In the exercise of a statutory or contractual lien right with regard to a vehicle, or

b. By a commercial office building owner or manager.

(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-502. Authority and duties of the department.

The department shall implement and enforce this article. In addition to the powers and duties elsewhere prescribed in this article, the department is authorized to:

(1) Adopt rules and regulations, consistent with the provisions of this article and all applicable state laws, with respect to matters incidental or appropriate to the powers and duties as may be necessary for the proper administration and enforcement of this article.

(2) Conduct random periodic investigations of booting companies throughout the city concerning their compliance with this article and state law.

(3) Inspect booting service equipment for compliance with safety standards.

(4) Conduct random inspections of booting service company records and facilities for compliance with state law and public safety.

(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-503. Requirements for posting signs.

(a) A minimum of one sign shall be placed on the right or left side of each driveway or curb cut through which a vehicle can enter the property, including an entry from an alley or other property abutting the property and at intervals along the entrance so that no entrance is farther than twenty-five (25) feet from a sign if:

(1) Curbs, access barriers, landscaping, or driveways do not establish definite vehicle entrances onto a parking facility from a public roadway other than an alley, and

(2) The width of an entrance exceeds thirty-five (35) feet.

(b) Each sign must conform to the minimum requirements as set forth in the Texas Occupations Code with no more than a six-inch sign height or more than a quarter-inch letter variations, with lettering at least one inch in height in a solid color that contrasts with the background that clearly states:

(1) How to pay for parking in the parking facility (i.e., 'pay attendant' or 'pay drop box,' etc.), and the hourly or other fee for such service; provided, however, for parking facilities utilizing different rates for various periods of parking, fee information may be contained on a separate sign adjacent to the pay station;

(2) A telephone number provided by the department for vehicle owners to make complaints;

(3) If unauthorized vehicles may be booted in or towed from the parking facility, the following: 'Receipts must be displayed on dashboard.'; and

(4) Notice to 'See receipt for expiration time.'

(c) In addition, signage must be:

(1) Located at all pay stations, and

(2) Unobstructed by vegetation or any other obstruction.

(d) In addition to the requirements listed in this section, signage located at pay stations shall clearly state the street address of the parking facility in lettering at least one inch in height in a solid color that contrasts with the background.

(e) When the fee to park in a parking facility during a special event is a different amount than the hourly, daily or monthly rate, conspicuous temporary signage at least two (2) feet high and two (2) feet wide shall be posted at all entrances to the parking facility and at all pay stations, clearly stating the amount of the special event parking fee in letters not less than six (6) inches high.

(f) Any signage indicating a price for parking on a property must also indicate the amount of time a person may park for that price, in lettering at least as large as the lettering of the price. A failure to indicate the time increment covered will be deemed to allow for parking at that rate for a 24-hour period.

(g) Upon review by the department, a parking facility installing boots under this chapter may be required to install additional signage in order to correct problems associated with conformity of signage due parking facility layout.

(h) A parking facility may not accept signage or installation of signs from a booting or towing company.

(i) A booting or towing company will not hold ANY interest in the required signage.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-504. Requirement for parking fee receipt.

(a) A booting company and/or boot operator commits an offense if he, either personally or through an employee or agent, immobilizes or causes the immobilization of a vehicle on a parking lot unless, at the time a vehicle is parked on the parking lot, the parking lot owner provides receipts in accordance with subsection (b) of this section to a vehicle owner or operator in exchange for payment of the parking fee.

(b) A parking lot owner shall provide two (2) receipts for each vehicle parked on its premises. One receipt is to be placed in the front window and the other may be retained by the vehicle owner. Receipts must be issued by either an electronic pay station or a uniformed parking lot attendant.

(c) All parking receipts must indicate:

(1) The amount paid to park the vehicle by the vehicle owner or operator;

(2) The date and time the parking fee was received from the vehicle owner or operator;

(3) The time when authorization for the vehicle to be parked on the parking lot expires; and

(4) The location of the parking lot on which the vehicle is parked.

(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-505. Requirements for installation and removal of a boot.

(a) No vehicle may be booted for expiration of time for parking unless the expired time has exceeded one hour.

(b) No vehicle may be booted if the violation is a first offense for that vehicle on that subject property. In the case of a first offense, notice should be placed conspicuously on the front windshield of the vehicle indicating the offense and that any future violations may result in booting of the vehicle. This section applies only if the vehicle owner has made some payment to park and time has expired. If no payment was made, and proper signage was in place, the vehicle may be booted on a first offense.

(c) Only one boot may be placed on a vehicle.

(d) When a vehicle is booted, the boot operator must affix a notice to the vehicle advising:

(1) That the vehicle has been booted and damage may occur if the vehicle is moved;

(2) The date and time the boot was installed;

(3) The name, address and telephone number of the boot operator and booting company;

(4) A 24-hour telephone number for removal of the boot;

(5) Any fees due and owing; and

(6) The right to a hearing regarding the imposition of booting fees.

(e) A permit holder commits an offense if he either personally or through an employee or agent:

(1) Immobilizes a vehicle by installing a boot on a tire not located on the driver's side of the vehicle;

(2) Immobilizes a vehicle on a parking lot for which the parking lot owner does not provide a receipt to the vehicle owner or operator;

(3) Fails to arrive at a parking lot within thirty (30) minutes after the time the licensee is notified to do so by the vehicle owner or operator or the owner or operator's representative; or

(4) Fails to remove a boot without charge to the vehicle owner or operator, or to the parking lot owner, if the removal is requested before the boot is completely installed.

(f) No fee for removal of a boot may be charged if the vehicle owner is able to produce a valid receipt showing proper payment was made, even if the receipt was not displayed at the time of booting.

(g) A booting company or boot operator may not employ any devices intended to do damage to a vehicle.

(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-506. Beneficial interests and rebates prohibited.

(a) A parking lot operating company or general manager may not have a direct or indirect monetary or ownership interest in a vehicle immobilization service that for compensation immobilizes unauthorized vehicles in a parking lot in which the parking lot operating company or general manager has an interest.

(b) A parking lot operating company or general manager of a parking lot in which vehicles are immobilized may not accept any rebate, compensation or other valuable consideration, directly or indirectly, from a vehicle immobilization operator in connection with the immobilization of vehicles.

(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Secs. 16-507—16-509. Reserved.

DIVISION 2. PERMITTING

Sec. 16-510. Company permit required.

(a) A person shall not knowingly operate, allow to be operated, or cause to be operated, a booting company as defined in section 16-500 without first obtaining an operating permit, nor shall a person boot a vehicle within the city unless

the person who installs a boot or who employs or contracts with said person has been granted such operating permit.

(b) Before an operating permit is granted, a written application for such on a form provided for that purpose must be submitted to and approved by the director in accordance with the provisions of this chapter.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-511. Application.

(a) To obtain an operating permit, a person shall submit an application to the department in the manner prescribed by this section. The applicant must be the person who will own and/or operates the proposed booting company or if an association, the chief officer. An applicant shall file with the department a written application containing the following:

(1) The form of business of the applicant; if the business is a corporation or association, a copy of the documents establishing the business and the name, address and citizenship of each person with a direct interest in the business; notice of any change in an applicant's form of business shall be provided to the department director, within ten (10) business days of the change;

(2) The name, street address, phone number, TDLR license number and verified signature of the applicant and of the applicant's proposed business; an applicant shall notify the department, in writing, of any change in the foregoing within ten (10) business days of the change;

(3) A representation of whether the applicant is a citizen of the United States of America by birth or naturalization, or, if alien, evidence of the applicant's legal residence in the United States and of the applicant's legal right to engage in employment therein;

(4) An identification and description of any revocation or suspension of an operating permit held by the applicant or the applicant's business which occurred prior to the date of filing the application.

(5) The number of boots to be used by the company and identification numbers of each boot;

(6) A description of the operations of the proposed booting company and the location of the fixed facilities to be used in the operation;

(7) A description of the distinctive uniform to be worn by the applicant's boot operators;

(8) Documentation from an insurance company authorized by this chapter evidencing a willingness to provide, prior to commencement of the proposed service, the insurances required by this chapter; and

(9) Written documentation authorizing the release to the city of any and all information which an organization or entity may have concerning the applicant and a release to said organization or entity from all liability which may result from the furnishing of such to the city.

(b) Within a reasonable time following receipt of an application, the department shall review the information submitted, investigate the applicant's fitness to conduct a booting company, and prepare a written recommendation to the director.

(c) The director shall approve an application meeting the requirements of the public convenience and necessity and meeting the requirements for obtaining an operating permit as set forth in this chapter.

(d) Permits shall be valid for one year from the date of issuance.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-512. Boot installer permit.

In accordance with the terms and provisions of this chapter, every person, before installing or removing a boot or accepting employment to become a boot operator within the city, shall apply

for and obtain a driver or boot operator permit. Boot operator permits must be renewed on a yearly basis.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-513. Investigation of applicant.

(a) Upon receipt of an application for a boot operator permit, the director shall conduct an investigation concerning the character, experience and qualifications of the applicant to determine whether or not the applicant is fit, willing and able to operate a boot within the city in a manner consistent with the general welfare of the public and in accordance with the requirements of this chapter, rules and regulations established by the director, and all other applicable rules, regulations and laws.

(b) The applicant, at the time of application and at his own expense, shall:

(1) Be eighteen (18) years of age or older;

(2) Be a citizen of the United States of America by birth or naturalization, or, if alien, submit evidence of legal residence in the United States and legal right to engage in employment therein;

(3) Execute an authorization in writing for the provision to the city of any and all information which an organization or entity may have concerning the applicant and a release to said organization or entity from all liability which may result from the furnishing of such to the city;

(4) Be approved for employment by a holder; an applicant shall provide the director with the name and business address of said prospective employer and shall, upon transfer of employment from one holder to another, notify said director of such in writing within two (2) business days of the transfer and further, pay the fifteen-dollar ($15.00) fee required by this chapter.

(c) The director shall approve an application meeting the requirements for obtaining a boot operator permit as set out in this division and shall disapprove any application not meeting said requirements.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-514. Denial of permits.

(a) If the director, however, based on the investigation required by this chapter, determines that good cause exists for denial of the application, then the department director shall notify the applicant, of his decision and of his basis therefore. Upon the applicant receiving notice of the director's decision, the applicant may appeal such decision in accordance with section 16-519 of this chapter.

(b) An application for a permit shall be denied where the applicant:

(1) Is under indictment for or has been convicted of the offense of criminal homicide including murder, capital murder, manslaughter, but excluding criminally negligent homicide;

(2) Has falsified or materially altered or omitted pertinent information in any governmental record, including an application for an operating permit; or

(3) Has not met the requirements for obtaining an operating permit as set forth in this chapter, rules, or regulations established by the department director.

(c) An application for a permit may also be denied where the applicant is under indictment or has been convicted of any of the following:

(1) Any offense involving fraud or theft;

(2) Any offense involving the unauthorized use of a motor vehicle;

(3) Any violation of state or federal laws regulating firearms;

(4) Any offense involving violence to any person except conduct classified as no greater than a Class C misdemeanor offense under the state law;

(5) Any offense involving prostitution or the promotion of prostitution;

(6) Any offense involving sexual assault, sexual abuse or indecency;

(7) Any offense involving the use, sale or possession of drugs;

(8) Any offense involving driving while intoxicated; or

(9) Any other job-related offense.

(d) Upon denial of an application for a permit, an applicant shall not be eligible for re-application for a period of twelve (12) months from the date of denial, or, in the case of an appeal, from the date the hearing examiner affirms the denial.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-515. Renewal of permits.

(a) To obtain renewal of a permit, a permit holder shall file with the department, at least forty-five (45) days prior to the expiration date of the permit agreement, a written, sworn application for permit renewal. The permit shall then be renewed unless the department determines, before the renewal date, that good cause exists for recommending to the director that the application for permit renewal be denied based on documentation:

(1) That the holder is in noncompliance and/or has demonstrated a history of noncompliance with the provisions of this chapter, the rules and regulations of the director, the permit agreement, the operating permit or laws and TDLR rules;

(2) That the holder, since the date of his issuance of the original permit:

a. Has been convicted of any felony;

b. Has had his felony probation, parole or mandatory supervision revoked;

c. Has falsified or materially altered or omitted pertinent information in any governmental record, including an application for permit renewal; or

d. Has not met the requirements for permit renewal as set forth in this chapter; or

(3) That good cause exists to deny renewal.

(b) If the director decides to deny the application for renewal of a permit, the director shall notify the holder of such decision, giving specific reasons for the basis of the denial. Upon the holder receiving notice of the director's decision, the holder may appeal such decision in accordance with section 16-519 of this chapter.

(c) If the permit expires at no fault of the holder before a ruling either on the approval or denial of the renewal, then the holder may continue to operate the booting company pending a final decision.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-516. Transfer of permits.

Each permit issued pursuant to the provisions of this chapter is separate and distinct and shall not be transferable from the permit holder to another person or entity.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-517. Reserved.

Sec. 16-518. Revocation and suspension of permit.

(a) The director may revoke a permit, or suspend such permit for a period not to exceed one hundred twenty (120) days, where the director has determined it is in the best interest of the public or where the holder:

(1) Since the date of issuance of the permit, has been convicted for violations of any city, state, or federal law where said violation relates directly to the duties and responsibilities of the holder;

(2) Since the date of issuance of the permit, has been indicted for criminal homicide, including murder or manslaughter but excluding criminal negligent homicide, or for any of the offenses listed in section 16-514 of this chapter;

(3) Has under his employment or contract, a boot operator whose permit has been suspended or revoked under the provisions of this chapter;

(4) Has failed to comply with a correction order issued to him by the director within the time specified in the order;

(5) Has failed to comply with this chapter or any department rules, orders, or directives;

(6) Has failed to pay a permit fee at the time it was due;

(7) Has failed to pay a monetary penalty at the time it was due; or

(8) Has allowed the operation of a boot without the city's approval.

(b) Upon revocation of an operating permit, a holder shall not be eligible for re-application for a period of forty-eight (48) months from the date of revocation.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-519. Right to appeal director's decisions; hearing officer established; procedure for appeals.

(a) An applicant or a permit holder may appeal to a hearing officer a decision by the director to revoke, suspend, or deny a permit. The director shall appoint a hearing officer for such appeals. Such hearing officer is hereby authorized to affirm, modify, or reverse the director's decisions.

(b) Upon receiving notice of the director's decision, said applicant or permit holder shall have ten (10) business days from the date of receipt thereof during which to appeal such decision to the hearing officer. The appeal shall be in writing, accompanied by an appeal fee of one hundred dollars ($100.00), and directed to the director. If no appeal is made to the hearing officer within ten (10) business days after receipt of the director's decision, the director's decision shall become final.

(c) Upon revocation, suspension, or denial of a permit, the permit holder shall immediately cease operation of services, whether or not an appeal is filed.

(d) Upon the scheduling of the hearing officer's review of the director's decision, the applicant or permit holder shall be given an opportunity to appear before said officer and present to him any information, including witnesses, which may be of assistance in arriving at a decision on the matter.

(e) Upon action being taken by the hearing officer, the director shall promptly and without delay act in accordance therewith and pursuant to the directions thereof.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-520. Display of permit.

Boot operators shall keep their permit on their person during all working hours and shall allow the director, a peace officer, or any other person authorized to enforce the provisions of this chapter to examine said permit upon request.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-521. Boot operator lists to be furnished and maintained.

Any booting company operating within the city limits shall provide to the director a list of all persons employed to operate boots on its behalf, as well as a list of all properties, persons, businesses or other entities with which it has contracted or otherwise agreed to provide booting services. Any additions or deletions to said list must be reported to the director within ten (10) days of such addition or deletion.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-522. Fees.

(a) The following fees are hereby established:

(2)	Renewal of boot operator permits	15.00
(3)	Replacement of lost boot operator permits	15.00
(4)	Booting company permit . . .	100.00
(5)	Late permit payment	28.00

(b) All fees are due upon request of service and non-refundable.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Secs. 16-523—16-529. Reserved.

DIVISION 3. OPERATIONS

Sec. 16-530. Information and data to be kept and maintained two years; records to be made available for inspection.

Each booting company shall maintain at the business office information and data on the booting company business and operations. The following specific requirements are hereby prescribed:

(1) Accurate records, reports, receipts, booting operator manifests, and other operating information and data as may be required by the director shall be kept and maintained in a safe place for at least two (2) years after date, and all such documents shall be made available at a place readily accessible for examination and copying at all reasonable times by the department or a peace officer upon request;

(2) For good cause and upon request by the director, every holder shall submit to the department or peace officer, in accordance with the uniform system prescribed, such information and data (including, but not limited to, reports, receipts, pictures, and statistics for each month and/or year of operation) as determined necessary by the director to evaluate the holder's operations; submission of the information and data shall be no later than the fifth calendar day following the request by the department or immediately if requested by a peace officer.

(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-531. Business office.

A holder of a permit to operate a booting company shall maintain a business office in a location other than a dwelling and within the city limits.

(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-532. Amount of insurance.

(a) Except as otherwise provided by the holder's operating authority, the public liability and property damage insurance required by this chapter shall be the minimum amount. The state minimum amount as listed in V.T.C.A., Transportation Code § 2308 and shall be required as set forth in subsection (b).

(b) A booting company must obtain insurance for the insured facility or place of business that meets the following requirements:

(1) A general liability insurance policy on a broad form with:

a. A combined single limit for bodily injury and property damage for each occurrence of at least five hundred thousand dollars ($500,000.00); and

b. An aggregate limit for all occurrences for each policy year of at least five hundred thousand dollars ($500,000.00); and

(2) An automobile liability insurance policy covering the applicant and the applicant's employees for vehicles owned, hired, or otherwise used in the applicant's business, with a combined single limit for each occurrence of at least five hundred thousand dollars ($500,000.00).

(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-533. Fee schedule.

(a) No booting fees may be charged other than those fees listed in this subsection, including charges for dollies, special equipment, or mileage.

(b) The maximum, total fee a permit holder may charge for removing a boot from a vehicle is thirty-five dollars ($35.00). No additional fees may be charged.

(c) If a vehicle has been booted, it shall not be towed during the first twenty-four (24) hours.

(d) A booting company shall accept payment by cash, an electronic check, debit card, or credit card for any fee or charge associated with the removal of a boot. A booting company may not collect a fee for any charge associated with the removal of a boot from a person who offers to pay the charge with cash, an electronic check, debit card, or credit card form of payment that the booting company is not equipped to accept.

(e) In no way is subsection (a) above to be construed to mean that a booting company may not charge less than the fees stated in subsection (b). These fees are the maximum that can be charged for any booting of a vehicle in accordance with this article.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-534. Written contract required.

A booting company or boot operator may boot vehicles on a private lot only if the private property owner has entered into a written contract with the booting company authorizing it to perform that service and the contract is on file with the department.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Secs. 16-535—16-539. Reserved.

DIVISION 4. ENFORCEMENT

Sec. 16-540. Enforcement by police officers.

(a) Any officer observing a violation of this article, state law or Texas Department of Licensing and Regulation Rule may take necessary action to ensure the safety of the public and its interests.

(b) Any person employed by the city as a parking enforcement officer has authority to enforce the provisions of this chapter and to issue citations for violations of this chapter.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-541. Penalties.

(a) Each violation of this chapter shall be deemed a separate offense.

(b) An offense committed under this article, other than section 19-390 is punishable by a fine of not less than two hundred dollars ($200.00) nor more than five hundred dollars ($500.00). The minimum fine shall be three hundred dollars ($300.00) for the second conviction of the same offense within any two-year period. A third conviction within any two-year period will result in a fine of five hundred dollars ($500.00). At no time shall the minimum fine exceed the maximum fine established in this subsection.

(c) Prosecution for an offense under this section does not prevent the use of other enforcement remedies or procedures applicable to the person charged with the conduct or involved in the offense.

(d) The city shall have the right to seek other means of enforcement, to include but not limited to, seeking civil enforcement through means of injunctive relief in any court of competent jurisdiction.
(Ord. No. 2012-05-17-0356, § 1(Exh. A), 5-17-12)

Sec. 16-542. Service of notice.

(a) Each permit holder shall designate and maintain a representative to receive service of notice required under this chapter to be given a holder and to serve notice required under this chapter to be given a driver or boot operator employed by a holder.

(b) Notice required under this chapter to be given:

(1) A holder or the holder's designated representative must be personally served or served by certified mail, return receipt requested, directed to the address, last known to the director, of the holder to be notified, or to the holder's designated representative; or

(2) A driver or boot operator authorized by the city must be personally served or served by certified mail, return receipt requested, directed to the address, last known to the director, of the driver or boot operator to be notified, or to the designated representative for drivers or boot operators.

(c) Service executed in accordance with this section constitutes notice to the person to whom the notice is addressed. In the case of certified mail, notice occurs on the date indicated as the delivery date on the return receipt or on the fifth day after the date of postmark, whichever is sooner.

ARTICLE XVI. CREDIT ACCESS BUSINESSES*

Sec. 16-900. Short title and purpose.

(a) This article may be known and cited as "Credit Access Businesses Regulation."

(b) The purpose of this article is to protect the welfare of the citizens of the city by monitoring credit access businesses in an effort to reduce abusive and predatory lending practices. To this end, this article establishes a registration program for credit access businesses, imposes restrictions on extensions of consumer credit made by credit access businesses, and imposes recordkeeping requirements on credit access businesses.
(Ord. No. 2012-09-20-0739, § 1, 9-20-12)

Sec. 16-900.1. Definitions.

As used in this article:

Certificate of registration means a certificate of registration issued by the director under this article to the owner or operator of a credit access business.

Consumer means an individual who is solicited to purchase or who purchases the services of a credit access business.

Consumer's language of preference is the language the consumer understands best.

Credit access business has the meaning given that term in V.T.C.A., Finance Code § 393.601.

Deferred presentment transaction has the meaning given that term in V.T.C.A., Finance Code § 393.601.

Director means the director of the department designated by the city manager, or the city manager's designee, to enforce and administer this article and includes any representatives, agents, or department employees designated by the director.

Extension of consumer credit has the meaning given that term in V.T.C.A., Finance Code § 393.001.

Motor vehicle title loan has the meaning given that term in V.T.C.A., Finance Code § 393.601.

Person means any individual, corporation, organization, partnership, association, financial institution, or any other legal entity.

Registrant means a person issued a certificate of registration for a credit access business under this article and includes all owners and operators of the credit access business identified in the registration application filed under this article.

(Ord. No. 2012-09-20-0739, § 1, 9-20-12)

Sec. 16-900.2. Violations; penalty.

(a) A person who violates a provision of this article, or who fails to perform an act required of the person by this article, commits an offense. A person commits a separate offense for each and every violation relating to an extension of consumer credit, and for each day during which a violation is committed, permitted, or continued.

(b) An offense under this article is punishable by a fine of not more than five hundred dollars ($500.00).

(c) A culpable mental state is not required for the commission of an offense under this article and need not be proved.

(d) The penalties provided for in subsection (b) are in addition to any other remedies that the city may have under city ordinances and state law.
(Ord. No. 2012-09-20-0739, § 1, 9-20-12)

---

*__Editor's note—__Ord. No. 2012-09-20-0739, § 1, adopted September 20, 2012, and effective January 1, 2013, enacted provisions intended for use as article XVI, sections 16-901—16-913. Inasmuch as there are already provisions designated as sections 16-901—909 and 16-910—16-919, and at the discretion of the editor, said provisions have been redesignated as article XVI, sections 16-900—16-900.12.

Prior to the reenactment of article XVI by Ord. No. 2012-09-20-0739, Ord. No. 2011-12-01-0984, § 1, adopted December 1, 2011, repealed the former article XVI, § 16-900 in its entirety, which pertained to local registration of state registered homebuilders and derived from Ord. No. 99731, § 7, adopted September 16, 2004, and Ord. No. 2007-09-13-0973L, § 4, adopted September 13, 2007.

For current provisions pertaining to similar subject matter, the user's attention is directed to chapter 10, building-related codes.

Sec. 16-900.3. Defenses.

It is a defense to prosecution under this article that at the time of the alleged offense the person was not required to be licensed by the state as a credit access business under V.T.C.A., Finance Code ch. 393, subch. G.
(Ord. No. 2012-09-20-0739, § 1, 9-20-12)

Sec. 16-900.4. Registration required.

A person commits an offense if the person acts, operates, or conducts business as a credit access business without a valid certificate of registration. A certificate of registration is required for each physically separate credit access business.
(Ord. No. 2012-09-20-0739, § 1, 9-20-12)

Sec. 16-900.5. Registration application.

(a) To obtain a certificate of registration for a credit access business, a person must submit an application on a form provided for that purpose to the director. The application must contain the following:

(1) The name, street address, mailing address, facsimile number, and telephone number of the applicant.

(2) The business or trade name, street address, mailing address, facsimile number, and telephone number of the credit access business.

(3) The names, street addresses, mailing addresses, and telephone numbers of all owners of the credit access business and other persons with a financial interest in the credit access business, and the nature and extent of each person's interest in the credit access business.

(4) A copy of a current, valid state license held by the credit access business pursuant to V.T.C.A., Finance Code ch. 393, subch. G.

(5) A copy of a current, valid certificate of occupancy showing that the credit access business is in compliance with the San Antonio Unified Development Code.

(6) A non-refundable application fee of fifty dollars ($50.00).

(b) An applicant or registrant shall notify the director within forty-five (45) days after any material change in the information contained in the application for a certificate of registration, including, but not limited to, any change of address and any change in the status of the state license held by the applicant or registrant.
(Ord. No. 2012-09-20-0739, § 1, 9-20-12)

Sec. 16-900.6. Issuance and display of certificate of registration; presentment upon request.

(a) The director shall issue to the applicant a certificate of registration upon receiving a completed application under section 16-900.5.

(b) A certificate of registration issued under this section must be conspicuously displayed to the public in the credit access business. The certificate of registration must be presented upon request to the director or any peace officer for examination.
(Ord. No. 2012-09-20-0739, § 1, 9-20-12)

Sec. 16-900.7. Expiration and renewal of certificate of registration.

(a) A certificate of registration expires on the earlier of:

(1) One year after the date of issuance; or

(2) The date of revocation, suspension, surrender, expiration without renewal or other termination of the registrant's state license.

(b) A certificate of registration may be renewed by making application in accordance with section 16-900.5. A registrant shall apply for renewal at least thirty (30) days before the expiration of the registration.
(Ord. No. 2012-09-20-0739, § 1, 9-20-12)

Sec. 16-900.8. Non-transferability.

A certificate of registration for a credit access business is not transferable.
(Ord. No. 2012-09-20-0739, § 1, 9-20-12)

Sec. 16-900.9. Maintenance of records.

(a) A credit access business shall maintain a complete set of records of all extensions of consumer credit arranged or obtained by the credit access business, which must include the following information:

(1) The name and address of the consumer.

(2) The principal amount of cash actually advanced.

(3) The length of the extension of consumer credit, including the number of installments and renewals.

(4) The fees charged by the credit access business to arrange or obtain an extension of consumer credit, and

(5) The documentation used to establish a consumer's income under section 16-900.10.

(b) A credit access business shall maintain a copy of each written agreement between the credit access business and a consumer evidencing an extension of consumer credit (including, but not limited to, any refinancing or renewal granted to the consumer).

(c) A credit access business shall maintain copies of all quarterly reports filed with the Texas Consumer Credit Commissioner under V.T.C.A., Finance Code § 393.627.

(d) The records required to be maintained by a credit access business under this section must be retained for at least three (3) years and made available for inspection by the city upon request during the usual and customary business hours of the credit access business.
(Ord. No. 2012-09-20-0739, § 1, 9-20-12)

Sec. 16-900.10. Restriction on extensions of consumer credit.

(a) The cash advanced under an extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining in the form of a deferred presentment transaction may not exceed twenty (20) percent of the consumer's gross monthly income.

(b) The cash advanced under an extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining in the form of a motor vehicle title loan may not exceed the lesser of:

(1) Three (3) percent of the consumer's gross annual income; or

(2) Seventy (70) percent of the retail value of the motor vehicle.

(c) A credit access business shall use a paycheck or other documentation establishing income to determine a consumer's income.

(d) An extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining and that provides for repayment in installments may not be payable in more than four (4) installments. Proceeds from each installment must be used to repay at least twenty-five (25) percent of the principal amount of the extension of consumer credit. An extension of consumer credit that provides for repayment in installments may not be refinanced or renewed.

(e) An extension of consumer credit that a credit access business obtains for a consumer or assists a consumer in obtaining and that provides for a single lump sum repayment may not be refinanced or renewed more than three (3) times. Proceeds from each refinancing or renewal must be used to repay at least twenty-five (25) percent of the principal amount of the original extension of consumer credit.

(f) For purposes of this section, an extension of consumer credit that is made to a consumer within seven (7) days after a previous extension of consumer credit has been paid by the consumer will constitute a refinancing or renewal.
(Ord. No. 2012-09-20-0739, § 1, 9-20-12)

Sec. 16-900.11. Requirement consumer understand the agreement.

(a) Every agreement between the credit access business and a consumer evidencing an extension of consumer credit (including, but not limited to, any refinancing or renewal granted to the consumer), must be written in the consumer's language of preference. Every credit access business

location must maintain on its premises, to be available for use by consumers, agreements in the English and Spanish languages.

(b) For every consumer who cannot read, every agreement between the credit access business and a consumer evidencing an extension of consumer credit (including, but not limited to, any refinancing or renewal granted to the consumer) must be read to the consumer in its entirety in the consumer's language of preference, prior to the consumer's signature.

(c) For every consumer who cannot read, every disclosure and notice required by law must be read to the consumer in its entirety in the consumer's language of preference, prior to the consumer's signature.
(Ord. No. 2012-09-20-0739, § 1, 9-20-12)

Sec. 16-900.12. Referral to consumer credit counseling.

A credit access business shall provide a form, to be prescribed by the director, to each consumer seeking assistance in obtaining an extension of consumer credit which references non-profit agencies that provide financial education and training programs and agencies with cash assistance programs. The form will also contain information regarding extensions of consumer credit, and must include the information required by subsections 16-900.9(a)(1)—(5) specific to the loan agreement with the consumer. If the director has prescribed a form in the consumer's language of preference, the form must be provided to the consumer in the consumer's language of preference.
(Ord. No. 2012-09-20-0739, § 1, 9-20-12)

ARTICLE XVII. REFUND ANTICIPATION LOAN REGULATION

Sec. 16-901. Short title and purpose.

(a) This article may be known and be cited as "refund anticipation loan regulation." This entire chapter shall be deemed an exercise of the police power of the city for the protection of the public economic and social welfare, health, peace and morals, and for the protection of consumers who are offered and/or enter into refund anticipation loans, refund anticipation checks, assisted direct deposits, and other similar transactions facilitated in the city, and shall be liberally construed to effectuate its purpose.

(b) Nothing in this chapter shall be construed to regulate the practices of lending institutions governed by federal and/or state banking laws.

(c) Nothing in this chapter shall be construed to relieve a facilitator as defined herein of complying with any legal or regulatory obligation(s) that may apply to it under federal, state, or other local law, including but not limited to the federal Truth-in-Lending Act.
(Ord. No. 2006-03-23-0370, § 1(Exh. A), 3-23-06)

Sec. 16-902. Definitions.

As used in this chapter:

Assisted direct deposit or *ADD* means a mechanism or agreement through which a taxpayer's refund is deposited in a bank account other than the taxpayer's, and then the remaining portion of the refund, minus fees to the facilitator and the lender, is deposited in the taxpayer's own account.

Bank product means a RAL, RAC, ADD, or other similar mechanism, agreement, or transaction that allows a taxpayer to receive an income tax refund or a loan against an anticipated refund from an entity other than the IRS, and/or allows the facilitator to collect fees for its non-bank product services or products, bank product fees, and other similar fees from the proceeds of the taxpayer's income tax refund.

Bank product fee means all charges, fees, or other consideration charged or imposed by the facilitator and the lender for the making of or in connection with a bank product, and includes:

(1) Any charge, fee, or other consideration for a deposit account used for receipt of the taxpayer's tax refund;

(2) Processing or administrative fees for bank products that are not charged to taxpayers who receive their refunds directly from the IRS via mail or direct deposit to the taxpayer's bank account; and

(3) In the case of a RAL, the charges, fees or other consideration charged or imposed by the lender for making the loan.

This term does not include any charge, fee, or other consideration usually charged or imposed by the facilitator in the ordinary course of business, such as fees for tax return preparation and fees for electronic filing of tax returns, if the same fees in the same amount are charged to the facilitator's customers who do not use bank products.

Disclosure means complete and accurate information, presented in a clear, concise, and understandable manner in all written and oral notices, documents, and explanations required under this chapter.

Facilitator means a person, partnership, corporation or other business entity that, for compensation or other financial benefit from a taxpayer or any other person, assists the taxpayer in applying for or obtaining a bank product. The term does not include a lender that provides a bank product, a servicer for the lender that operates under the lender's name or any person who does not have direct contact with a borrower in connection with applying for or obtaining a bank product.

RAL annual percentage rate or *APR* is the annualized interest rate for the RAL as determined in accordance with the federal Truth in Lending Act.

Refund anticipation check or *RAC* means a check or other payment mechanism:

(1) Representing proceeds of the taxpayer's tax refund;

(2) Which was issued by a depository institution or other person that received a direct deposit of the taxpayer's tax refund; and

(3) For which the taxpayer has paid a fee or other consideration.

Refund anticipation loan or *RAL* means any loan a taxpayer may receive against his or her anticipated income tax refund.

Taxpayer means any natural person who, singly or jointly with another natural person, is solicited for, receives information about, applies for, and/or receives the proceeds of a bank product.

(Ord. No. 2006-03-23-0370, § 1(Exh. A), 3-23-06)

[This page intentionally left blank.]

Sec. 16-903. Prohibited practices.

A facilitator shall not:

(1) Offer or facilitate a bank product except as expressly provided in this chapter;

(2) Require a client to use a bank product in order to receive non-bank product services or products from the facilitator;

(3) Obtain the signature of a taxpayer on a disclosure required under this chapter that contains blank spaces to be filled in after the taxpayer has signed the disclosure;

(4) For any bank product application that has been approved under the facilitator's usual and customary approval procedures, fail to arrange for a bank product promptly after the taxpayer applies for the bank product and approval is granted; or

(5) Facilitate a bank product for which the bank product fee, is greater than the fee stated in the disclosure, or facilitate a RAL for which the APR is greater than the interest rate stated in the disclosure, provided, however, that an increase in an APR on a RAL above the interest stated in the disclosure brought about by a lender's decision to fund a RAL at an amount less than the taxpayer's anticipated refund shall not constitute a violation of this subsection.

(Ord. No. 2006-03-23-0370, § 1(Exh. A), 3-23-06)

Sec. 16-904. Required disclosures and practices.

(a) As set forth more specifically in subsections (b)—(d), if a facilitator offers to make or facilitate a bank product for the taxpayer, the facilitator must explain that the taxpayer has a choice of methods for receiving a tax refund, must first disclose the availability and timing of receiving a refund directly from the IRS without using a bank product before describing any available bank products, and must provide clear, complete, and accurate information about each available option, including receiving a refund directly from the IRS. All such disclosures shall be provided to the taxpayer in written forms which have been preapproved by the director of the department of community initiatives and which, at a minimum shall be in 14-point type and must be offered to the taxpayer in either English or Spanish language written versions, as requested by the taxpayer. The facilitator must simultaneously provide a point-by-point oral explanation of the disclosures in English or Spanish as appropriate, or in a language understood by the taxpayer in the event that the taxpayer does not understand the disclosures in English or Spanish (which may be provided using a translator provided by the taxpayer).

(b) Before the facilitator allows the taxpayer to enter into a bank product arrangement, the facilitator must:

(1) Complete the disclosures required under subsection (a) accurately with all relevant information for each taxpayer,

(2) Provide the required point-by-point oral explanation in English, Spanish, or other language understood by the taxpayer (which may be provided using a translator provided by the taxpayer); and

(3) Complete all blanks in the disclosure form and, only after all blanks are filled, have the form signed and dated by the taxpayer and the facilitator.

The facilitator must provide the taxpayer with a copy of the signed disclosures, and must keep a copy of the signed disclosures on file with the taxpayer's records (e.g., tax return or other records of service) in accordance with the facilitator's usual retention procedures.

(c) At the conclusion of providing services or products, a facilitator must provide an itemized statement of the charges for services, at least separately stating the fees and charges for any of the following charged to the taxpayer:

(1) Preparing the return;

(2) Filing the return;

(3) Providing other services (which services shall be separately itemized);

(4) Providing or facilitating a bank product, which shall be broken down by provider

fees and, where applicable, lender fees. The itemized statement shall also clearly indicate that these are charges for services rendered and do not include interest owed or to be owed on the bank product; and

(5) The itemized statement shall also clearly indicate the APR for any bank product used by the taxpayer.

(d) The disclosures and practices required in this section apply to all facilitators that offer to provide or facilitate bank products in the city, regardless of:

(1) The medium or means by which they communicate that offer;

(2) The medium or means by which they provide or facilitate the bank products; and

(3) Whether the facilitator offers to provide or facilitate bank products from its own office or premises, or at the taxpayer's office, premises, or residence.

(Ord. No. 2006-03-23-0370, § 1(Exh. A), 3-23-06)

Sec. 16-905. Required posting.

(a) Every facilitator shall post, in a prominent location on its premises, a written schedule showing separately its current fees for each service or product offered such as preparing the tax return, bank products offered or facilitated by the facilitator, the electronic filing of the taxpayer's tax return, and any other service or product.

(b) Every facilitator shall post, in a prominent location on its premises, the written disclosures required under subsection 16-904, all of which shall contain the following or a substantially similar legend, centered at the top of the page, in bold, capitalized, one-inch high letters, stating:

NOTICE CONCERNING REFUND ANTICIPATION LOANS, REFUND ANTICIPATION CHECKS, AND OTHER BANK PRODUCTS.

(c) The postings required by this section shall be made in no less than 28-point type and, in the case of a paper disclosure, on a document measuring no less than sixteen (16) inches by twenty (20) inches. The postings required in this section shall be displayed in a prominent location at each office, premise, or location where the facilitator is offering or facilitating bank products.

(d) No facilitator may offer or facilitate a bank product unless the notices required by this section are displayed, and the interest rate and fees (as applicable) actually charged for the bank product are the same as or less than the interest rate or fees displayed in the notices.

(Ord. No. 2006-03-23-0370, § 1(Exh. A), 3-23-06)

Sec. 16-906. Administration and enforcement.

The director of the department of community initiatives ("director") shall enforce and administer this chapter, and is hereby authorized to adopt procedures for its implementation. The director and the director's designee are authorized to enter the premises of any facilitator and inspect all disclosures, postings, and other relevant documents for the purpose of determining compliance with this chapter. The director and his designees shall limit their inspections to examining only those documents necessary for the enforcement of the provisions of this article. The director and the director's designees are authorized to issue citations for violations of this chapter to any facilitator, the office manager of any facilitator's business office where bank products are facilitated or any other person engaged in actions in violation of this article.

(Ord. No. 2006-03-23-0370, § 1(Exh. A), 3-23-06)

Sec. 16-907. Remedies.

Any person violating the provisions of this section shall be guilty of a class C misdemeanor and shall be subject to a maximum monetary penalty of five hundred dollars ($500.00) for each infraction. Each day of noncompliance and each specific failure to provide the required oral and written disclosures shall be a separate violation and the monetary penalties shall accumulate.

(Ord. No. 2006-03-23-0370, § 1(Exh. A), 3-23-06)

Secs. 16-908, 16-909. Reserved.

ARTICLE XVIII. DONATION CONTAINERS*

Sec. 16-910. Definitions.

Attended donation container means any donation container at which an employee or representative of the sponsoring company or organization is present to accept donations. A donation container shall have a person present to accept donations at least twenty (20) hours a week to be considered attended. Donation containers placed inside of permitted buildings shall be considered attended.

Donation container means any box, building, trailer or other receptacle that is intended for use as a collection point for donated clothing or other household materials.

Person includes an individual, sole proprietorship, corporation, association, nonprofit corporation, partnership, joint venture, limited liability company, estate, trust, public or private organization that is not a state agency, business trust, public corporation, or any other legal or commercial entity.

Recyclable material means material that has been recovered or diverted from the solid waste stream for purposes of recycling, or reclamation, a substantial portion of which is consistently used in the manufacture of products which may otherwise be produced using raw or virgin materials. Examples of recyclable materials under this article include, but are not limited to:

Paper: Most types of paper, such as ad circulars, catalogs, carbonless paper, dry goods packaging with liners removed (example: cereal, pasta, rice, beer/soda cartons), envelopes, file folders, flattened cardboard, junk mail, magazines, newspapers, office paper, paperback books, paper bags, paper towel/toilet paper cores, phone books, non-metallic gift wrap.

Plastics: Labeled #1 through #7 with the recycling symbol* on the bottom. Examples include: beverage bottle, shampoo and lotion bottles, meat trays, condiment bottles, prescription and medicine bottles.

Glass bottles and jars, all colors: Examples: beverage bottles, food and condiment bottles and jars (jelly, mustard, mayonnaise).

Metal cans: Aluminum, steel and tin beverage and food cans, aerosol cans, baking tins.

Recycling means a process by which recyclable materials that have served their intended use or are scrapped, discarded, used, surplus, or obsolete are collected, separated, or processed and returned to use in the form of raw materials in the production of new products.

Recycling container means any box, building, trailer or other receptacle that is intended for use as a collection point for the collection of recyclable material that will be subject to recycling by any person.

Unattended donation container means any donation container at times when no employee or representative of the sponsoring company or organization is present to accept donations. Donation containers placed inside of permitted buildings or businesses shall not be considered unattended.

*__Note—__The effective date for permitting to begin is January 1, 2010.

Figure 16-910-1. Example of Unattended Donation Containers:

(Ord. No. 2009-10-29-0860, § 1, 10-29-09)

Sec. 16-911. Donation containers prohibited.

(a) It shall be unlawful for any person to place or maintain, or allow to be placed or maintained, any donation container within the city, without having first secured a permit and container decal in compliance with the provisions of this article.

(b) Any donation container located within the jurisdiction of the city that does not have a current, valid permit shall be subject to impoundment by the city. Any donation container impounded by the city shall be released to the owner upon securing a permit, and the payment of an impound fee of two hundred dollars ($200.00), and a daily storage fee of twenty dollars ($20.00) for each day in city possession after impound.

(c) Notwithstanding any other provision of this Code, no provisions of this article shall apply to recycling containers. No provisions of this article shall apply to any donation container located on the property of any public or private school, church or community center.
(Ord. No. 2009-10-29-0860, § 1, 10-29-09)

Sec. 16-912. Authorizing or allowing donation containers on real property prohibited.

It shall be unlawful for any person that owns, leases, or is entitled to possession of real property within the city, to authorize or allow any donation container to be placed on or remain on such real property without a valid permit decal in compliance with the provisions of this article.
(Ord. No. 2009-10-29-0860, § 1, 10-29-09)

Sec. 16-913. Permit requirements.

A permit and container decal to allow a donation container as an accessory use shall be issued by the department of housing and neighborhood services provided the following conditions are satisfied:

(1) The person receiving a permit to place or maintain a donation container is registered to operate in the state as a non-profit corporation.

(2) The property owner provides written authorization allowing the donation container on the property.

(3) The permit holder shall be responsible to collect the contents of the donation container to prevent overflow.

(4) The visual and structural integrity of the donation container must be maintained continuously.

(5) The placement of the donation container shall not impede traffic nor visually impair any motor vehicle operation within a parking lot, driveway or street.

(6) The donation container shall not be located in a required building setback, buffer yard, access easement, drainage easement, floodplain, driveway, utility easement or fire lane.

(7) A minimum of one (1) stacking or parking space per donation container shall be required on-site.

(8) Occupation of any parking spaces by the donation container shall not reduce any required parking spaces for the principal use on a lot.

(9) The permit holder placing or maintaining the donation container shall display current contact information including street address and telephone number on the donation container. This information must be readable and clearly visible to the public.

(10) The current permit decal for the specific donation container must be affixed and displayed at all times on the outside of the container.

(11) All signage shall comply with chapter 28, signs and billboards. For the purposes of on-premises signs, signage visible on the donation container shall be considered an attached sign.

(12) The donation container may only be used as a collection container for clothing and household materials. All donation materials must fit into and be placed inside the donation container. The collection or storage of any materials outside the container is prohibited.

(13) The donation container shall be located at least 200 feet away from any residential dwelling.

(14) The number of donation containers allowed for each property by a permit holder shall not exceed two (2).

(15) The maximum number of donation containers allowed for each property shall not exceed four (4).

(16) The size of each donation container shall not exceed four (4) cubic yards.

(17) Each donation container must have an attached sign indicating that all donations must fit into and be placed inside the container.

(18) The property is not located in a single-family or multi-family zoning district unless the primary use on the property is not residential, such as a church, public or private school or community center.

(Ord. No. 2009-10-29-0860, § 1, 10-29-09)

Sec. 16-914. Application for permit.

(a) Applicants for permits under this article shall file a written sworn application with the department of housing and neighborhood services. The application shall include the written authorization from the property owner allowing the donation container on the property.

(b) A separate permit and application shall be required for each container regardless of the ownership thereof. Permits issued under the provisions of this article shall be valid only at the address stated in the permit.

(c) The annual permit fee for a donation container shall be two hundred forty dollars ($240.00). All permits shall expire on December 31st of each calendar year regardless of the date of issuance, provided however that the fee for each permit shall be prorated at twenty dollars ($20.00) for each month or portion of a month for which the permit is issued.

(d) Any person denied a permit shall have the right to appeal such action. In such case the procedure shall be the same as in revocation.
(Ord. No. 2009-10-29-0860, § 1, 10-29-09; Ord. No. 2025-09-18-0629, § 2(Att. C), 9-18-25)

Sec. 16-915. Transfer of permit prohibited.

No permit issued under the provisions of this article is transferrable and the authority a permit confers shall be conferred only on the permit holder named therein.
(Ord. No. 2009-10-29-0860, § 1, 10-29-09)

Sec. 16-916. Revocation of permit.

(a) Grounds. Any permit issued hereunder shall be revoked by the department of housing and neighborhood services if the permit holder is in violation of any of the provisions of this article or has knowingly made a false material statement in the application or otherwise becomes disqualified for the issuance of a permit under the terms of this article.

(b) Notice. Notice of the revocation shall be given to the permit holder in writing, with the reasons for the revocation specified in the notice, served either by personal service of such notice upon the permit holder or by certified United States mail to their last known address. The revocation shall become effective the day following personal service or if mailed, three (3) days from the date of mailing.

(c) Appeal; hearing. The permit holder shall have ten (10) days from the date of such revocation in which to file notice with the director of housing and neighborhood services of their appeal to the director of housing and neighborhood services from the order revoking such permit. The director of housing and neighborhood services shall provide for a hearing on the appeal not later than fifteen (15) days after the notice of appeal is filed. After holding a hearing on such revocation, the director of housing and neighborhood services shall either sustain the action of the department of housing and neighborhood services or issue an order reinstating the permit. The decision of the director of housing and neighborhood services may be appealed by the permit holder to the board of adjustment in accordance with procedures for appeal to that board.

(d) In the event of the filing of an appeal from a revocation issued under the provisions of this article, then until such appeal has been finalized such revocation order shall be stayed.

(e) In the event the permit is finally revoked as provided herein, the person, firm or organization placing or maintaining the donation container shall remove such donation container from the property not later than ten (10) days after such final decision.

(f) In the event the permit of any person issued under the provisions of this article shall be revoked by the department of housing and neighborhood services, as provided herein, no second or additional permit shall be issued to such person within one (1) year of the date such permit was revoked.
(Ord. No. 2009-10-29-0860, § 1, 10-29-09)

Sec. 16-917. Maintenance and upkeep.

The permit holder and the property owner shall be held jointly and severally liable and responsible for the maintenance, upkeep, and servicing of the container and clean up and removal of any donations left on the property outside of the container. The city shall have the authority to abate any property in violation of this article that is deemed a public nuisance under the procedures contained in sections 14-61 to 14-67.
(Ord. No. 2009-10-29-0860, § 1, 10-29-09)

Sec. 16-918. Offense/penalty.

(a) A violation of this section is a class C misdemeanor and upon conviction a person shall be fined an amount not to exceed five hundred dollars ($500.00).

[This page intentionally left blank.]

(b) No culpable mental state shall be required to support a conviction for a violation of this section.

(c) Nothing in this section shall limit the remedies available to the city in seeking to enforce the provisions of this article. Each day's violation thereof shall constitute a separate offense.

(d) Where it is deemed necessary by the city manager and the director, the city attorney's office is hereby empowered to secure injunctive relief to enforce the provisions of this article. This shall be in addition to, and not in lieu of, the criminal penalties provided for in this article.
(Ord. No. 2009-10-29-0860, § 1, 10-29-09)

Truck means a vehicle designated to be operated by a permittee's drivers for the transport of scrap tires pursuant to the permit.

Used tire means a tire, including a recapped or retreaded tire, suitable for continued use for its original intended purpose.
(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

Sec. 16-922. Approved storage methods.

All used tires, scrap tires and tire pieces stored within the city must be kept in a manner which prevents their exposure to and collection of the elements of nature. Tires must not be allowed to hold water, dirt, rubbish or other foreign materials. Monitoring and control measures are to be implemented as necessary to eliminate the presence of mosquito breeding and rodent harborage.

(1) Used tires, scrap tires and tire pieces shall be stored separately.

(2) Used tires, scrap tires and tire pieces stored outside shall be:

a. Screened from public view;

b. Properly stored:

1. On racks or neatly stacked not in excess of ten (10) feet in height; or

2. In a roll-off container front-load dumpster, or other metal storage container, including a trailer not exceeding forty-five (45) feet × eight (8) feet by thirteen (13) feet if covered and if the stacked tires do not exceed height of thirteen (13) feet and the container and contents are shielded from rainwater. No more than four (4) containers may be stored at any one (1) scrap tire facility location; and

(3) In compliance with all applicable fire code provisions.
(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

Sec. 16-923. Unapproved storage of tires declared a public nuisance.

The storage of any tire upon any premises within the city in such a manner that does not conform to the approved storage methods defined in 16-922 is hereby declared to be a public nuisance which is subject to abatement at the expense of the owner of such premises as provided by law.
(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

Sec. 16-924. Penalty for violations of this article.

A violation of any of the provisions of this article constitutes a Class C misdemeanor that shall be punishable, upon conviction, by a fine of not less than one hundred dollars ($100.00) nor more than two thousand dollars ($2,000.00). Each day that any violation continues shall constitute a separate offense. In the event a defendant has once previously been convicted under this article, the defendant shall be fined an amount not less

than two hundred dollars ($200.00) and not less than three hundred dollars ($300.00) for a third conviction and for each conviction thereafter.
(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

Sec. 16-925. Exemptions.

This article does not apply to any department, branch or agency of federal, state, or municipal government. Landfilled scrap tires are not subject to the storage requirements provided herein.
(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

DIVISION 2. PERMITS AND RECORDS

Sec. 16-926. Scrap tire facility license required.

(a) It shall be unlawful for any person to own or operate a scrap tire facility without a valid scrap tire facility license issued under this article.

(b) To obtain a scrap tire facility license, an application must be submitted to the director. The applicant must be the person who will own, control, or operate the tire business. The application must be signed and verified by the applicant and contain all of the following information:

(1) The name, mailing address, and telephone numbers of each owner and operator of the facility.

(2) The physical address and telephone number of the facility.

(3) The approximate number of scrap tires that will be stored on site at the facility.

(c) A one-time processing fee of twenty-five dollars ($25.00) shall be charged upon initial registration and an annual assessment of two hundred and fifty dollars ($250.00) thereafter.
(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

Sec. 16-927. Scrap tire identification.

(a) Scrap tires shall be marked with the permit number of the scrap tire facility within twenty-four (24) hours of receipt.

(b) Whole scrap tires shall be marked on the outside of the tire in a manner sufficient to provide notice of ownership. Said marking of the permit number shall be at least one (1) inch in height.
(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

Sec. 16-928. Scrap tire facility transport and records.

(a) It shall be unlawful for any scrap tire facility to cause or permit any scrap tire to be transported upon any public highway other than by a permitted tire transporter.

(b) All scrap tires shall be covered and secured during transport upon any public highway by a permitted tire transporter.

(c) Each scrap tire facility shall maintain a daily manifest of the numbers of scrap tires received and delivered. The daily manifest shall include:

(1) The number of tires received from the transporter or other means;

(2) The number of tires removed by the transporter;

(3) The date of transaction;

(4) The name and permit number of the transporter.
(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

Sec. 16-929. Transporter permit required.

(a) It shall be unlawful for any person to transport scrap tires upon any public highway within the city unless such person is acting pursuant to a permit prominently displayed on the truck.

(b) It is an affirmative defense to prosecution under this section that the cargo transported by such person:

(1) Contains four (4) or less scrap tires;

(2) Contains four (4) percent or less scrap tires by volume and is part of a general cargo of "municipal solid waste" as that term is defined by V.T.C.A., Health and Safety Code § 361.003; or

(3) Originated outside of the city and is destined for transport outside of the city, provided that no scrap tires are loaded or unloaded within the city.

(c) Each person desiring a tire transporter permit shall make application to the department setting forth:

(1) The name of such person;

(2) The business address of such person;

(3) The address within the county at which the records required in this division will be maintained;

(4) The principal business or occupation of such person;

(5) A description of each truck which will be used by such applicant for the transport of scrap tires including the manufacturer, gross weight, license number, color, vehicle identification number, year of manufacture and registered owner thereof;

(6) The name and residence address of each driver who will be authorized to drive the applicant's trucks and their respective driver's license numbers; and

(7) That neither the applicant nor any proposed driver has had a permit which has been revoked under this article within the immediately preceding period of three (3) years.

(d) A fee of fifty dollars ($50.00) per truck shall be assessed annually.
(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

Sec. 16-930. Issuance, duration, and amendment.

(a) The department shall issue a permit or permits to the applicant designating the truck(s) and driver(s) authorized pursuant thereto unless it is found that:

(1) Any statement on the application was incomplete or false;

(2) The applicant or any driver listed on the application has committed any offense involving the unlawful disposal or storage or theft of tires within the immediately preceding period of three (3) years; or

(3) The applicant or any driver listed on the application has had a permit under this article revoked within the immediately preceding period of three (3) years.

(b) Permits are valid for a period of twelve (12) months from date of issuance and are nontransferable.

(c) In addition to the permit itself, the department shall issue to the permittee one (1) identification card for each driver covered thereby and one (1) or more identification plates, stickers or decals to be attached by the permittee in such places and manner as the director may administratively direct to each truck covered thereby.

(d) Permits issued under this article may be amended as to the trucks or drivers authorized thereunder upon application to the director in the same manner as the original application. Such fees shall not be prorated, and no credit shall be allowed for any truck or driver which is deleted.
(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

Sec. 16-931. Authorized drivers and trucks.

(a) It shall be unlawful for a permittee to allow any truck to be used for the transport of scrap tires except those trucks designated in the permit. The permittee shall ensure that each such truck bears the plates, stickers or decals issued at all times.

(b) It shall be unlawful for any permittee to allow any truck while used for the transport of scrap tires to be operated except by the drivers designated in the permit.

(c) It shall be unlawful for any person to act as a driver of any permittee's truck while used for the transport of scrap tires unless the person is in possession of the driver identification cards issued in such person's name to the permittee.
(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

Sec. 16-932. Tire transporter disposal and records.

(a) It shall be unlawful for any transporter to dispose of any scrap tires transported by such permittee other than by the delivery of such tires to a registered scrap tire facility.

(b) Each transporter shall maintain a daily manifest of the numbers of scrap tires received and delivered. The daily manifest shall include:

(1) The name and address of the facility from where scrap tires were received and/or delivered;

(2) The number of tires received or disposed; and

(3) Date of transaction.

(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

Sec. 16-933. Maintenance and inspection of records.

(a) The records required to be made pursuant to this article are government records under V.T.C.A., Penal Code § 37.01.

(b) Such records shall be retained for three (3) years from date of creation at the address designated in the application for registration.

(c) All required records shall be made available to the department upon request during regular business hours.

(d) Said records may be inspected, audited, or copied by the department as required to ensure compliance with this article.

(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

DIVISION 3. REVOCATION

Sec. 16-934. Grounds for scrap tire facility license or transporter permit revocation.

Any permit issued under this article may be revoked in accordance with the procedures herein prescribed if it is found that the transporter designated in the permit has:

(1) Violated the provisions of this article;

(2) Violated any state or municipal law or ordinance involving the unlawful disposal or storage or theft of tires;

(3) Violated any provision of V.T.C.A., Penal Code ch. 37 relating to the records required to be kept under this article; or

(4) Provided any statement in the application for the permit which was known to be false or should have been known to be false by any person required to swear to the application.

(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

Sec. 16-935. Investigation of facts prior to revocation; notice of possible revocation.

Whenever the director receives reliable information that grounds for revocation exist, an investigation of the facts shall be conducted. If the director finds that there are grounds for revocation, written notice shall be provided to the permittee by personal service or by certified mail, return receipt requested, to the address set forth in the application. Such notice shall set forth:

(1) The specific grounds upon which the permit may be revoked;

(2) That there will be a hearing before the director in which the city will seek the revocation of the permit;

(3) The date, time and place of such hearing; and

(4) That the permittee may appear and present testimony.

(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

Sec. 16-936. Administrative hearing on permit revocation.

(a) All hearings shall be held by the director or designated representative who shall serve as the hearing officer.

(b) All hearings shall be conducted under rules consistent with administrative proceedings.

(c) If the permittee fails to appear at the hearing, the city shall introduce evidence to establish a prima facie case showing that grounds exist for revocation of the permit.

(d) After completion of the presentation of evidence by all parties appearing, the hearing officer shall issue a written order as to whether or not there are grounds for revocation of the permit.

(e) A copy of the order shall be personally delivered or mailed by certified mail, return receipt requested, to the permittee within ten (10) days of the hearing.
(Ord. No. 2009-10-29-0861, § 1, 10-29-09)

Sec. 16-937. Appeals.

(a) The revocation of a permit may be appealed to district court upon the filing of a verified petition setting forth the legal grounds for the appeal. The petition must be filed within thirty (30) calendar days after a copy of the final decision of the hearing officer is provided to the permittee, or such decision shall become final upon expiration of the 30-calendar-day period.

(b) Said appeal shall be limited to a hearing under the substantial evidence rule; whereunder the court may reverse or affirm, in whole or part, the hearing officer's decision.

ARTICLE XX. BOARDING HOMES*

DIVISION 1. GENERAL

Sec. 16-940. Purpose.

(a) The purpose of this article is to implement the provisions of V.T.C.A., Health and Safety Code ch. 260, entitled "Boarding Home Facilities," as amended, which allows the city to establish regulations for the protection of the health and safety of residents of boarding home facilities. It is the intent and purpose of the city to administer and enforce this chapter to ensure the health, safety and welfare of boarding home facility residents by establishing standards for construction, maintenance, reporting, record-keeping, education, and training for owners, operators and employees of boarding home facilities. These standards are implemented pursuant to the city's home-rule authority under Article XI, Section 5 of the Texas Constitution and the authority to license or permit lawful businesses subject to the city's police power granted by V.T.C.A., Local Government Code §§ 54.005 and 215.075.

(b) The city intends that this chapter fully comply with the Federal Fair Housing Amendments Act of 1988 ("FHAA"), the Americans with Disabilities Act of 1990 ("ADA"), and the Americans with Disabilities Amendments Act of 2008, and all other applicable state and federal legislation. It is the express intent of the city that this chapter be construed in a manner consistent with the FHAA, the ADA, and all other applicable state and federal legislation at all times.
(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-941. Definitions.

Unless the context clearly indicates otherwise, in this chapter:

Abuse means:

(1) The negligent or willful infliction of injury, unreasonable confinement, intimidation, or cruel punishment with resulting physical or emotional harm or pain to a resident by the person's caretaker, family member, or other individual who has an on-going relationship with the person; or

(2) Sexual abuse of a resident, including any involuntary or non-consensual sexual conduct that would constitute an offense under V.T.C.A., Penal Code § 21.08 (indecent exposure), as amended, or V.T.C.A., Penal Code ch. 22 (assaultive offenses), as amended, committed by the person's caretaker, family member or other individual who has an on-going relationship with the person.

*__Editor's note—__Section 3 of Ord. No. 2012-12-13-0971, adopted December 13, 2012, also states the following: "Violations occurring on or after March 1, 2013 shall be punished as provided in the revised Chapter 16, Article XX of the City Code of San Antonio, Texas. Violations prior to March 1, 2013 shall be punished under the applicable sections of the City Code for those purposes."

Injury, incident, or *unusual accident* means an event that resulted in a change in resident's physical or mental status that requires intervention by a private or public entity responsible for medical or mental health services or an event that requires the facility to take safety and protection measures for the resident or others. This term includes, but is not limited to, the following:

(1) An allegation of abuse, neglect, or exploitation.

(2) Death.

(3) A resident's unexplained absence from the boarding home facility.

(4) Fire.

(5) Criminal acts.

(6) Fights between residents.

Neglect means the failure of a resident or permit holder to provide goods or services, including medical services that are necessary to avoid physical or emotional harm or pain.

Operator means the person in control of a boarding home facility.

Owner means an individual who has an ownership interest in a corporation or other legal

entity operating a boarding home facility or the owner of the real property where a boarding home facility is located.

Permit holder means:

(1) A person in whose name a boarding home facility permit has been issued;

(2) Each individual listed as an owner or operator of the boarding home facility on the application for a boarding home facility permit;

(3) Each individual who has an ownership interest in the corporation or other legal entity owning or operating the boarding home facility, regardless of whether the individual's name or signature appears on the boarding home facility permit application; and

(4) Each officer of the corporation or other legal entity owning or operating a boarding home facility, regardless of whether the individual's name or signature appears on the boarding home facility permit application.

Personal care services means:

(1) Assistance with meals, dressing, movement, bathing, or other personal needs or maintenance;

(2) The administration of medication by a person licensed to administer medication or the assistance with or supervision of medication; or

(3) General supervision or oversight of the physical and mental well-being of a person who needs assistance to maintain a private and independent residence in an assisted living facility or who needs assistance to manage the person's personal life, regardless of whether a guardian has been appointed for the person.

Resident means a person who is residing in a boarding home facility.
(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-942. Authority of the director.

The director shall implement and enforce this chapter and may by written order establish such rules, regulations, or procedures, not inconsistent with this chapter or other city ordinances, rules, or regulations, or any county, state, or federal laws or regulations, as the director determines are necessary to discharge any duty under or to effect the policy of this chapter.
(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

DIVISION 2. ADMINISTRATIVE

Sec. 16-943. Permit required.

(a) A person commits an offense if he owns or operates a boarding home facility in the city without a valid permit issued under this chapter.

(b) It is a defense to prosecution under this section if a person operates a facility listed in section 16-944 of this chapter.
(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-944. Exemptions.

This chapter does not apply to the following:

(1) Home and community support services licensed under V.T.C.A., Health and Safety Code ch. 142, as amended.

(2) Convalescent and nursing homes and related institutions licensed under V.T.C.A., Health and Safety Code ch. 242, as amended.

(3) Continuing care facilities licensed under V.T.C.A., Health and Safety Code ch. 246, as amended.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-945. Permit application.

To obtain a permit to operate a boarding home facility, a person must submit an application to the director on a form provided for that purpose. The applicant must be the owner or operator of the boarding home facility. If the owner or operator is not an individual, an authorized officer or agent of the owner or operator must file the form. The application must contain the following information before it is considered to be complete:

(1) The name, street address, mailing address, e-mail address, telephone number, a legible copy of the driver's license or other official state or federal identification card, and date of birth of the applicant. The street address may not be the address of the boarding home facility unless the applicant actually resides full-time at the boarding home facility.

(2) The name, street address, mailing address, e-mail address, telephone number, a legible copy of the driver's license or other official state or federal identification card, and position of the authorized officer or agent filing the form on behalf of the applicant, if the applicant is not an individual. The street address may not be the address of the boarding home facility unless the authorized officer or agent actually resides full-time at the boarding home facility.

(3) The form of business of the applicant; the name, street address, mailing address, e-mail address, telephone number, a legible copy of the driver's license or other official state or federal identification card, and date of birth of a high managerial agent of the business; and, if the business is a legal entity, such as a corporation or association, a copy of the documents establishing the business.

(4) If the operator of the boarding home is renting or leasing the home or facility, then the operator must present a letter from the owner of the real property authorizing the use of the rental property to operate a boarding home and acknowledg-

ing the requirements for the property to be used as a boarding home set out within this article.

(5) The street address and telephone number of the boarding home facility.

(6) The name, street address, mailing address, e-mail address, and telephone number of a person or persons to contact in an emergency as required by this chapter.

(7) Documentary evidence of payment of ad valorem taxes, fees, fines, and penalties owed to the city in connection with the real property used to operate the boarding home facility.

(8) The names, street addresses, mailing addresses, e-mail addresses, telephone numbers, legible copies of the drivers' licenses or other official state or federal identification cards, and dates of birth of any owners, operators, or employees of the boarding home facility other than the applicant. The street address may not be the address of the boarding home facility, unless the owner, operator, or employee actually resides full-time at the boarding home facility.

(9) Completed state or federal request and release forms authorizing the city to obtain a criminal history report on each owner and operator of the boarding home facility.

(10) The maximum number of residents that will reside at the boarding home facility.

(11) The services to be offered or provided to the residents of the boarding home facility.

(12) A zoning verification letter stating that the proposed use of the property complies with the city's Unified Development Code.

(13) If the boarding home facility has one (1) or more residents with a disability, a list of disabilities of the residents.

(14) A statement that, by filing the application, the applicant swears or affirms under penalty of perjury that, to the best of the applicant's knowledge, all information contained in the application is true and correct and that the application is complete and includes all information required to be disclosed under this section.

(15) Such additional information as the applicant desires to include or that the director deems necessary to aid in the determination of whether the requested permit should be granted.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-946. Notification of change of information.

The permit holder shall notify the director within ten (10) days after any material change in the information contained in the application for a permit to operate a boarding home facility, including any change in ownership or operation of the property and any new disabilities served by the boarding home facility.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-947. Fees.

(a) The fee for a permit to operate a boarding home facility is one thousand dollars ($1,000.00).

(b) No refund of a permit fee will be made.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-948. Issuance and denial of permit.

(a) Upon payment of all required fees and the submission of a complete application, the director shall issue a permit to operate a boarding home facility to the applicant if the director determines that:

(1) The applicant has complied with all requirements for issuance of the permit;

(2) The applicant, owners, operators, and employees of the boarding home facility meet the criminal history qualifications of this chapter;

(3) The applicant, owners, operators, or employees of the boarding home facility do not own or operate another permitted boarding home facility in the city for which the permit is currently suspended or has been revoked;

(4) The applicant has not made a false statement as to a material matter in the application for a permit;

(5) The condition and use of the boarding home facility complies with zoning regulations, and all other standards in this article applicable to the property;

(6) The applicant, owners, and operators do not owe the city any ad valorem taxes, fees, fines or penalties.

(7) The proposed boarding home facility is not within one-half (½) mile of an existing boarding home facility;

For purposes of this section the measurement of the one-half (½) mile shall be in a straight line, without regard to intervening structures or objects, from the nearest property line of the lot on which the proposed boarding home facility is located, to the nearest property line of the existing registered and permitted boarding home facility described in the above subsection, which requires separation.

(b) City council may grant a variance to the proposed boarding home facility authorizing its location within one-half (½) mile of another registered permitted boarding home facility consistent with section 16-949 below.

(c) If the director determines that the requirements of subsection (a) have not been met, and, if applicable, a variance under section 16-949 has been denied, the director shall deny the permit.

(d) If the director determines that an applicant should be denied a permit, the director shall notify the applicant in writing that the application is denied and include in the notice the reason for denial and a statement informing the applicant of the right of appeal.
(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-949. Variance from distance requirement.

(a) The fee to file an application for the variance from the distance requirement set out above in subsection 16-948(a)(7) shall be three hundred dollars ($300.00).

(b) The variance procedure shall be as follows:

(1) Application. When requesting a variance in accordance with subsection 16-948(b) the applicant shall submit the following information to the director of the development services department, or his or her designee:

a. Completed variance request form with the following information:

1. The name and address of the applicant for the boarding home facility;

2. The name and address of the boarding home facility subject to the request, if applicable;

3. The name of the property owner where the boarding home facility will be located;

4. The name and address of the registered permitted boarding home facility currently in existence which triggered the request for variance;

5. Notarized authorization by the property owner consenting to the variance request.

b. Statement of justification for the variance, and how the variance meets the criteria in subsection 16-949(b)(4)a. below;

c. A site and floor plan showing the following information:

1. North arrow and scale;

2. Boundaries of the property;

3. Location and dimensions of all buildings and structures;

4. All fences, parking area, and landscape area; and

(2) Hearing. The director of the development services department, or his or her designee, shall set a date for a public hearing on the first available city council agenda after the passage of thirty (30) days from the date a complete variance application is received;

(3) Notices. No later than ten (10) days prior to the date of the hearing, the director of the development services department, or his or her designee, shall send written notice of the variance request, to include the date and time of the scheduled public hearing, to:

a. The property owner of the registered permitted boarding home facility currently in existence which triggered the request for variance;

b. The applicant requesting the variance;

c. Registered neighborhood associations within a one-half (½) mile radius; and

d. Each owner, as indicated by the most recently approved municipal tax roll, of real property, within two hundred (200) feet of the property.

(4) City council may grant a variance to the proposed boarding home facility authorizing its location within one-half (½) mile of another registered permitted boarding home facility, as that distance is determined by the manner of measurement prescribed by subsection 16-948(a)(7)a. provided that city council finds the following:

a. Enforcement of the distance separation requirement is not in the best interest of the public, constitutes waste or inefficient use of land or other resources, creates an undue hardship on an applicant for a license or permit, does not serve its intended purpose, is not effective or necessary, or for any other reason the city council, after consideration of the health, safety, and welfare of the public and the equities of the situation.

b. If at the conclusion of the public hearing the city council grants the applicant's request for a variance, the city council may impose additional conditions on the granting of the variance, where such conditions are intended to mitigate the impacts caused by the boarding home facility and are in the public interest.

(5) Renewal and transfer. A variance granted pursuant to this subsection is valid for subsequent renewals of the registration for which a variance was sought. A variance granted pursuant to this subsection may not be transferred to another location, or to another operator, except in the event when city council approves as a condition of the variance the transfer to another location.

(c) Variance violation. The director of the development services department, or his or her designee, may request the city attorney to seek any and all remedies available at law and or equity to assure the conditions imposed on the granting of the variance are enforced.

(d) If a variance is denied, no new application for the same location shall be accepted within twelve (12) months from date of the denial.
(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-950. Suspension of permit; prohibition of new residents.

(a) The director may suspend a boarding home facility permit for a period not to exceed ninety (90) days if the director finds that the permit holder or an employee of the boarding home facility has:

(1) Failed to comply with any provision of this article, any other ordinance, or any state or federal law applicable to the operation of a boarding home facility; or

(2) Intentionally or knowingly impeded or refused to allow an inspection by the director authorized under this chapter.

(b) A boarding home facility for which the permit has been suspended may not admit any new residents during the time the permit is suspended.

(c) In lieu of suspending a permit for a boarding home facility, the director, at his sole discretion, may enter into a compliance agreement with a permit holder if the director determines that the

compliance agreement would eliminate the noncompliance that would otherwise justify a suspension, result in prompt future inspections, and elevate one (1) or more conditions at the boarding home facility to a standard above the requirements of this chapter.

(d) The director shall send a written statement of the reasons for the suspension, the date the suspension is to begin, the duration of the suspension, and the permit holder's right to appeal by certified mail, return receipt requested.

(e) A permit holder whose permit is suspended may not be granted a permit to operate additional boarding home facilities during the period of suspension.

(f) A permit holder commits an offense if he operates or owns a boarding home facility that admits new residents during the time that the suspension of the permit is in effect.
(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-951. Revocation of permit.

(a) Except as provided in subsection (b), the director shall revoke any permit issued to operate a boarding home facility if the director determines that:

(1) The permit holder fails to meet the criminal history qualifications of this article or employs a person at the facility who fails to meet the criminal history qualifications.

(2) The permit holder intentionally made a false statement as to a material matter in the application or in a hearing concerning the permit;

(3) The permit holder failed to pay a fee required by this article at the time it was due; or

(4) A cause for suspension under section 16-950 has occurred and the permit has already been suspended at least once within the preceding twelve (12) months.

(b) In lieu of revoking a permit for a boarding home facility, the director, at his sole discretion may enter into a compliance agreement with a permit holder if the director determines that the compliance agreement would eliminate the noncompliance that would otherwise justify a revocation, result in prompt future inspections, and elevate one (1) or more conditions at the boarding home facility to a standard above the requirements of this chapter.

(c) Before revoking a license under subsection (a), the director shall notify the permit holder in writing by certified mail, return receipt requested, that the permit is being considered for revocation. The notice must include the reason for the proposed revocation, action the permit holder must take to prevent the revocation, and a statement that the permit holder has ten (10) calendar days to comply with the notice.

(d) If, after ten (10) calendar days from the date of the notice required in subsection (c) was sent or delivered (whichever is later), the permit holder has not complied with required actions listed in the notice, the director shall revoke the permit and notify the permit holder in writing of the revocation. The notice must include the reason for the revocation, and a statement informing the permit holder of the right of appeal.

(e) If a permit has been revoked, the permit holder has ten (10) calendar days from the date the notice was sent or delivered (whichever is later), to relocate the residents of the facility and cease operations. An appeal of the revocation does not suspend or toll this deadline.
(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-952. Appeals.

If the director denies issuance or renewal of a permit or suspends or revokes a permit issued under this article, the action is final unless the permit holder files a written appeal within ten (10) business days to the director, or his designee. Appeals regarding technical matters will be reviewed by the building related and fire codes appeals and advisory board or other appropriately identified board or committee.
(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-953. Expiration and renewal of permit.

(a) A permit to operate a boarding home facility expires one (1) year after the date of issuance.

(b) A permit holder shall apply for renewal at least thirty (30) calendar days before the expiration of the permit on a form provided by the director. The permit holder shall update the information contained in the original permit application required under section 16-945 of this article or any subsequent renewals under this section, if any of the information has changed. The permit holder shall sign a statement affirming that there is either no change in the information contained on the original permit application and any subsequent renewal applications, or that any information that has been updated is accurate and complete.

(c) The director shall follow the procedures set forth in this article when determining whether to renew a permit.

(d) The fee for the renewal of a permit to operate a boarding home facility is one thousand dollars ($1,000.00).
(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-954. Nontransferability.

A permit to operate a boarding home facility is not transferable to another owner, operator, or location.
(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-955. Posting requirements.

The permit holder shall prominently and conspicuously post for display in a public area inside the boarding home facility that is readily available to residents, the operator, employees, and visitors the following:

(1) The permit issued under this chapter to operate the boarding home facility. The permit must be presented upon request to the director or to a peace officer for examination.

(2) A sign prescribed by the director specifying how complaint may be registered with the city.

(3) A notice in a form prescribed by the director stating that inspection and related reports are available at the facility for public inspection and providing a telephone number that may be used to obtain information concerning the facility.

(4) A copy of the most recent inspection report relating to the facility by the city or a concise and accurate summary of that inspection report.

(5) A notice in a form prescribed by the director that lists the name, location, and contact information for:

a. The closest local public health services agency in the proximity of the facility; and

b. A local organization or entity that represents, advocates, or serves elderly persons or persons with disabilities, including any related toll-free contact information for reporting emergencies to the organization or entity.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-956. Reasonable accommodations.

(a) *Purpose.* The city intends to ensure that all persons with a disability have an equal opportunity to use and enjoy a dwelling by providing such persons with reasonable accommodations in rules, policies, practices, and procedures promulgated under this chapter consistent with the Fair Housing Amendments Act of 1988 ("FHAA") 42 U.S.C. § 3601, et seq., and the Americans with Disabilities Act of 1990 ("ADA"), 42 U.S.C. § 12101, et seq., as amended.

(b) *Method of submitting a request for a reasonable accommodation; fees; confidentiality.*

(1) A request for a reasonable accommodation may be submitted at any time that the accommodation may be necessary to ensure equal access to housing.

(2) A request for a reasonable accommodation may be submitted by an individual with a disability, the person's representative, or a permit holder providing housing for one (1) or more individuals with disabilities.

(3) A request for a reasonable accommodation must be submitted in writing to the director on the form provided by the department, or in the form of a letter.

(4) There is no fee for an application requesting a reasonable accommodation.

(5) If an individual needs assistance in making a request for a reasonable accommodation, the city will provide assistance to ensure that the application process is accessible to the individual.

(c) *Application.* An applicant shall submit the following information before an application for a reasonable accommodation is considered to be complete:

(1) The applicant's name, mailing address, street address, telephone number, and email address.

(2) The applicant's relation to the individual or individuals with a disability, if applicable.

(3) The address of the property to which the requested reasonable accommodation would apply.

(4) A disability determination by the Social Security Administration or the Department of Veteran's Affairs, or other substantially equivalent medical determination, that substantiates that the individual who would obtain the benefit of the reasonable accommodation is:

a. An individual with a physical or mental impairment that substantially limits one (1) or more major life activities;

b. An individual who is regarded as having such an impairment; or

c. An individual with a record of such an impairment.

(5) The section, or sections, of this chapter from which a reasonable accommodation is being requested.

(6) A brief explanation of why the requested accommodation is necessary for the individual or individuals with disabilities to have equal access to housing.

(d) *Review of application by director; required findings.*

(1) Upon receipt of a complete application for a reasonable accommodation, the director shall review the application and issue a written ruling that grants, grants with conditions, or denies the application.

(2) Before making a decision, the director may request an inspection of the boarding home facility and the land on which it is located. If the director makes such a request:

The applicant must make the property, the facility, and its records available for the inspection within twenty (20) calendar days after the date of the request or the application shall be automatically denied.

(3) If the director deems it necessary to request additional information from the applicant consistent with federal law, the director shall contact the applicant in writing and specify the additional information that is required. If the director makes such a request:

The applicant must provide the additional information to the director within twenty (20) calendar days after the date of the request or the application shall be automatically denied.

(4) All proposed decisions of the director shall be submitted to the city attorney for legal review to determine if the proposed decision complies with local, state and federal laws and regulations.

(5) The director may impose reasonable conditions on any accommodation granted consistent with the purpose of this chapter.

(6) The written decision must be consistent with the FHAA and based on a consideration of the following factors:

a. Whether the housing that is the subject of the request will be used by one (1) or more individuals with a disability.

b. Whether the requested accommodation is necessary to make specific housing available to one (1) or more individuals with a disability.

c. Whether the requested accommodation would impose an undue financial or administrative burden on the city.

d. Whether the requested accommodation would require a fundamental alteration in the nature of a city program or law.

e. The potential impacts of the requested accommodation on the applicant, the other residents of the boarding home facility, and the surrounding neighborhood.

f. Whether a failure to grant an accommodation would result in the property having no economically viable use.

g. Whether there are alternative accommodations that are reasonable and have an equal, or less of an, impact on the city, the applicant, the other residents of the boarding home facility, and the surrounding neighborhood.

(e) *Written decision; appeal.*

(1) The director shall issue a written decision within twenty (20) business days of:

a. Receipt of a completed application, provided that the director is able to issue a decision based on the information provided in the original request;

b. The completed inspection of the property, facility and its records, as requested by the director; or

c. The director's receipt of all additional requested information.

(2) All written decisions must explain in detail the basis of the decision and notify the applicant of the right to appeal the decision to the director, or his designee.

(3) If the director denies an application for a reasonable accommodation, the action is final unless the applicant files an appeal to the director or his designee. An appeal of technical matters will be considered by the building related and fire codes appeals and advisory board, or other identified appropriate technical board, committee or entity.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-957. Inspections; fees.

(a) *Required inspections.*

(1) A boarding home facility must pass all required inspections.

(2) The permit holder shall keep a current file of reports and other documentation on site that is needed to demonstrate compliance with applicable ordinances, laws, and regulations, including, but not limited to, documentation of those requirements set out in sections 16-963, 16-966, 16-968, 16-969 and 16-970 of this article. Inspection records must be signed and dated by the appropriate authority and there must be no pending corrective actions.

(3) The following inspections are required:

a. Permitting inspection.

b. Annual permit renewal inspection.

c. Annual fire inspection.

d. Annual kitchen inspection for a boarding home facility that provides meal preparation.

(b) *Other inspections.* The director may inspect any boarding home facility for the purpose of ascertaining whether violations of this article or any other city ordinances exist. The director is authorized at a reasonable time to inspect:

(1) The exterior of a structure and the surrounding premises; and

(2) The interior of a structure if the permission of the owner, occupant, or person in control is given or a search warrant is obtained.

(c) *Consequences of refusal to inspect.* If the owner, occupant, or person in control denies permission to search any part of the interior or exterior of the structure or the surrounding premises, the director may suspend the permit to operate a boarding home facility in accordance with section 16-950.

(d) *Reinspections.* Whenever a boarding home facility is inspected by the director and a violation of this code is found, the building or premises will, after the expiration of any time limit for compliance given in the notice or order issued because of the violation, be reinspected by the director to determine that the violation has been eliminated.

(e) *Reinspection fee.* The permit holder shall pay:

(1) To the director, fifty-one dollars and fifty cents ($51.50) per inspector, per hour, for each reinspection after the first inspection by that department that must be conducted before the violation is determined to be eliminated; and

(2) To the director of any other city department the fee required (if any) by the applicable code for each reinspection by that department that must be conducted before the violation is determined to be eliminated.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-958. Reports to the state health and human services commission.

As required by V.T.C.A., Health and Safety Code ch. 260, before September 30th of each year, the director shall submit a report to the state health and human services commission. The report must contain the following information:

(1) The total number of boarding home facilities issued permits by the city during the preceding state fiscal year.

(2) The total number of boarding home facility applications for which permits were denied, including a summary of the causes for denial.

(3) The total number of boarding home facility permits that were active on August 31st of the preceding state fiscal year.

(4) The total number of residents housed in each boarding home facility reported.

(5) The total number of inspections conducted by the city at each boarding home facility.

(6) The total number of permits suspended or revoked as a result of an inspection.

(7) A summary of the outcome for any residents displaced by suspension or revocation of a permit.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

DIVISION 3. STRUCTURE AND MAINTENANCE

Sec. 16-959. Construction, remodeling, and maintenance.

(a) *In general.* Each permit holder shall ensure the residents' health, safety, comfort, and protection through the standards contained in this section that address the construction, remodeling, and maintenance of a boarding home facility.

(b) *Applicable regulations.* Each boarding home facility must comply with the following codes and regulations:

(1) Local zoning, building and property maintenance codes.

(2) Federal, state, or local adopted fire codes and standards.

(3) Federal, state, and local health and safety codes.

(4) Federal and state accessibility regulations.

(c) *Public pathways and stairways.* A public pathway or stairway in a building must maintain a minimum unobstructed width in accordance with the local fire code, as amended, and must be provided with a convenient light switch controlling an adequate light system.

(d) *Maintenance.*

(1) The permit holder shall maintain the dwelling and premises in a clean and sanitary condition.

(2) The permit holder shall keep a boarding home facility in good repair and maintenance in a manner that will promote the health, comfort, safety, and well-being of residents.

(3) The permit holder shall be responsible for the extermination of any insects, rodents or other pests in the rooms occupied by residents, storage areas, attics, or on the premises or yard.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-960. Sleeping rooms.

(a) *Sleeping space per person.* Each room occupied for sleeping purposes by one (1) occupant must contain at least seventy (70) square feet of floor space, and every room occupied for sleeping purposes by more than one (1) person must contain at least fifty (50) square feet of floor space for each occupant.

(b) *Emergency exit.* Each sleeping room must provide access to an emergency exit without passing through another sleeping room.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-961. Telephone.

A telephone that is connected to a land line must be available twenty-four (24) hours a day, be easily accessible, and afford privacy for use by residents. A list of emergency telephone numbers, including the numbers of the local police department, local fire department, ambulance, the city department that issued the boarding home permit, the state department of family and protective services (DFPS), the local mental health authority, and the Texas Information and Referral Network, must be placed in plain view on or next to the telephone and made accessible to persons who are visually or hearing impaired, as needed.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-962. Kitchen.

(a) A kitchen must be accessible to each resident without going through a sleeping room of another resident.

(b) A kitchen must have a food preparation area of at least six (6) square feet that is smooth, impermeable, free of cracks, and easily cleanable.

(c) If a boarding home facility has a kitchen it must contain a minimum floor space of sixty (60) square feet for dining area. A kitchen with an attached dining area must be at least one hundred (100) square feet in area.

(d) A kitchen must contain a sink with at least two (2) compartments for manual dishwashing.

(e) A kitchen must contain an operational cooking stove with at least two (2) burners fueled by gas or electricity.

(f) A kitchen must contain at least one (1) cabinet with a minimum of five (5) cubic feet of storage space per resident, suitable for storage of food and utensils.

(g) The permit holder shall keep the kitchen in a clean and sanitary condition.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

DIVISION 4. RESIDENT HEALTH AND SAFETY

Sec. 16-963. Emergency precautions.

(a) The permit holder shall provide fire escapes and exits that are kept in good repair and accessible at all times in accordance with applicable fire codes, as amended.

(b) The permit holder shall implement a written fire and evacuation plan that sets forth the responsibilities and steps to be taken by staff and residents in the event of a fire or other emergency. If a boarding home facility has a resident who has a mobility-impairment, the permit holder shall submit the written plan to the local fire department and obtain its approval of the plan.

(c) The permit holder shall post an emergency evacuation plan in each sleeping room and the kitchen of the facility.

(d) The permit holder shall ensure that each resident receives training on the emergency evacuation plan at least two (2) times per year and shall maintain documentation of such training.

(e) Flammable supplies and gasoline-operated maintenance equipment and lawn care equipment must be stored in the garage of the facility or in a detached storage shed.

(f) The permit holder shall ensure that all residents are shown how to use all emergency exits from the boarding home facility within twenty-four (24) hours after arrival at the boarding home facility. The permit holder shall maintain documentation of such training.

(g) First aid supplies.

(1) The permit holder shall provide first aid supplies as recommended by the American Red Cross.

(2) The permit holder shall ensure that the first aid supplies are readily accessible to all the residents and inform the residents of the location of the supplies.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-964. Poisonous, toxic, and flammable materials.

(a) The permit holder shall ensure that poisonous, toxic, and flammable materials:

(1) Are stored and maintained away from bed linens, towels, food items, and kitchen equipment; and

(2) Are not used in a way that contaminates food equipment or utensils or constitutes a hazard to employees or residents.

(b) The permit holder shall prominently and distinctly label poisonous, toxic, and flammable materials for easy identification of contents.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-965. Food and drink; meals.

(a) *In general.* If a boarding home facility serves meals to one (1) or more residents, the permit holder shall ensure the following:

(1) All food and drink is clean and free from spoilage, pathogenic organisms, toxic chemicals, and other harmful substances.

(2) All food and drink is prepared, stored, handled, and served so as to be safe for human consumption.

(3) All food or drink subject to spoilage is maintained at a temperature of forty-one (41) degrees Fahrenheit or below.

(4) Hot foods that are ready to be served are maintained at one hundred thirty-five (135) degrees Fahrenheit or above at all times.

(5) All food or drink stored in the freezer is maintained at a temperature of no higher than zero (0) degrees Fahrenheit.

(6) All food stored in food containers shall be appropriately labeled, dated, and protected from flies, insects, rodents, dust and moisture.

(b) *Animals prohibited.* With the exception of service animals for persons with disabilities, birds, cats, dogs, or other animals are not permitted in areas where food is prepared or stored, or where utensils are washed or stored.

(c) *Food handling.*

(1) An owner, operator, employee, or resident engaged in food handling shall:

a. Observe sanitary methods, including hand washing; and

b. Not be assigned to preparing foods for others at the facility if carrying a disease that can be transmitted to others.

(2) If preparing meals for residents, staff must obtain a valid food handler's permit in accordance with chapter 13 of this Code.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-966. Reporting and investigation of injuries, incidents and unusual accidents and the establishment of policies and procedures to ensure resident health and safety.

(a) Each permit holder of a boarding home facility must ensure that there is on-site supervision of its boarding home facility during any time that a resident is present at the facility.

(b) Each permit holder of a boarding home facility must develop and implement policies and procedures for investigating and documenting injuries, incidents and unusual accidents that involve residents. Permit holders must also establish policies and procedures necessary to ensure resident health and safety.

(1) Minimum requirements for the documentation of injuries, incidents or unusual accidents should include, but are not limited to:

a. Date and time of the injury, incident or unusual accident occurred.

b. Description of the injury, incident or unusual accident.

c. Description of any medical or mental health treatment the resident received.

d. Steps taken by the permit holder to prevent future injuries, incidents or unusual accidents if a problem at the room and board facility resulted in the injury, incident or unusual accident.

e. When the resident's legal guardian or legally authorized representative was notified about the injury, incident or unusual accident.

(2) Residents, the resident's guardian, or legally authorized representatives should be given access to records within forty-eight (48) hours of requesting the records from the permit holder.

(c) In addition to investigating and documenting injuries, incidents or unusual accidents, a permit holder must report any allegations of abuse, neglect or exploitation of an adult age sixty-five (65) or older or an adult with a disability to the state department of family and protective services. Failure to report suspected abuse, neglect or exploitation of an elderly adult or adult with a disability is a Class A misdemeanor.

(1) Each permit holder should ensure that each resident has access to a telephone twenty-four (24) hours per day that is easily accessible and affords privacy for use by residents.

(2) The permit holder shall ensure that no resident is harassed, threatened or intimidated at anytime for making a report of abuse, neglect or exploitation.

(3) Permit holders will provide each resident with a copy of the definitions of abuse, neglect or exploitation as outlined in V.T.C.A., Human Resource Code ch. 48.

(4) Permit holders will allow law enforcement personnel, emergency medical and fire personnel access to the room and board facility when these professionals are responding to a call at the permit holder's room and board facility.

(d) No operator or other employee of a boarding home facility shall provide services or engage in behavior that constitutes a financial conflict of interest including:

(1) Borrowing from or loaning money to residents;

(2) Witnessing wills in which the operator or employee is a beneficiary;

(3) Co-mingling the resident's funds with the operator's or other residents' funds; or

(4) Becoming the guardian, conservator or power of attorney for a resident.

(e) If a permit holder becomes the representative payee for a resident or assists a resident with general money management, the permit holder shall:

(1) Maintain separate financial records for each resident for which the permit holder is the representative payee for the entire period of time the permit holder is the resident's representative payee and continue to maintain the resident's records for one (1) year past the last calendar day the permit holder is the resident's representative payee;

(2) Include in the records an itemized list of expenditures that the permit holder has made on behalf of the resident, including the charges that are assessed by the permit holder;

(3) Maintain receipts for all expenditures in addition to the itemized documentation;

(4) Develop a budget with the resident outlining routine expenditures and ensure that expenditures that are not routine are discussed with the resident before the resident's funds are expended; and

(5) The permit holder will allow the resident, the resident's guardian, or legally authorized representative access to the resident's financial records that are maintained by the permit holder within forty-eight (48) hours of receiving a request.

(f) A permit holder of a boarding home facility shall develop a service agreement with each resident and maintain a copy of the agreement signed by the resident.
(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-967. Assistance with self-administration of medication.

(a) Assistance with self-administration of medication may be provided to an adult resident who can identify his or her medication and knows when the medication should be taken but requires assistance with self-administration. Assistance with self-administration of medication may not be provided to a minor.

(b) Assistance with self-administration of medication is limited to:

(1) Reminding the resident to take medication;

(2) Opening a container, removing medication from a container, and placing medication in a resident's hand or in or on a clean surface, such as a pill cup or medication reminder box, for the resident's self-administration; and

(3) Reminding the resident when a prescription needs to be refilled.

(c) The permit holder shall store all residents' medication in a locked area. The permit holder shall provide a central locked storage area or individual locked storage areas at the boarding home facility for each resident's medication.

(1) If the boarding home facility uses a central medication storage area, a boarding home employee must be available to provide access at all times and each resident's medication must be stored separately from other residents' medications within the storage area.

(2) If a resident's medication requires refrigeration, the permit holder shall provide a refrigerator with a designated and locked storage area or a refrigerator inside a locked medication room.

(3) The permit holder shall store medications labeled "for external use only" separately within the locked area.

(d) The permit holder shall ensure that poisonous substances are labeled and safely stored within a locked area.

(e) If a boarding home facility stores controlled substances, the permit holders shall adopt and enforce a written policy for preventing the diversion of the controlled substances.

(f) After a resident ceases to reside in the boarding home facility, the permit holder shall properly dispose of any of the resident's remaining medication in accordance with applicable laws.
(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-968. Requirements for in-service education of boarding home facility staff.

(a) Each permit holder, employee and staff member of a boarding home facility must be trained on the following subjects prior to contact with residents:

(1) Employer rules and policies.

(2) Preventing, recognizing, and reporting abuse, neglect, and exploitation of residents.

(3) Residents' rights, including all applicable rights from the following:

a. V.T.C.A., Human Resource Code ch. 102 (Rights of the Elderly), as amended.

b. V.T.C.A., Human Resource Code ch. 112 (Developmental Disabilities), as amended.

c. V.T.C.A., Property Code ch. 301 (Fair Housing Practices), as amended.

d. V.T.C.A., Property Code ch. 92 (Residential Tenancies), as amended.

(4) Policies and procedures for contacting emergency personnel when health or safety of a resident or another individual is at risk.

(5) Complaint process specific to the city and the boarding home facility.

(6) Assisting residents with self-administration of medication.

(7) Prevention, recognition, and reporting of injuries, incidents, and unusual accidents to residents and others in the boarding home facility.

(8) Emergency, evacuation and disaster plans.

(9) Assisting residents with obtaining health and social services.

(10) Services provided by the boarding home facility, including:

a. Nutrition, meal preparation, and dietary needs, if the boarding home facility provides meal preparation;

b. Sanitation;

c. Laundry, if the boarding home facility provides laundry services; and

d. House work, if the boarding home facility provides house work.

(b) Each permit holder and employee of a boarding home facility is subject to the following ongoing training requirements:

(1) Updates and changes in any policies and procedures within ten (10) days after the permit holder or employee becomes aware of the change.

(2) Orientation specific to the needs of each new resident within one (1) business day of the resident moving into the facility.

(3) Orientation specific to the needs of a resident whose needs have changed due to injury, illness, hospitalization, or other circumstances that affect the resident's needs within one (1) day after permit holder or employee becoming aware of the change.

(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-969. Criminal background history checks.

(a) A boarding home facility permit holder's permit to operate a boarding home may be denied, revoked, suspended, or denied for renewal if the permit holder has been convicted of a criminal offense listed in subsections (c) or (d) of this section or if the permit holder has in its employ any person convicted of a criminal offense listed in subsection (c) or (d).

(b) The permit holder must complete any state or federal request and release forms that are required to obtain a criminal history report for the permit holder. In addition to the permit fee, the permit holder will provide funding to the county/municipality in a manner specified by the county/municipality to cover any fees imposed by state or federal agencies for the report.

(c) The following histories will disqualify a permit holder from obtaining a permit to operate a boarding home or will serve as a bar to being employed by a boarding home facility:

(1) V.T.C.A., Penal Code ch. 19 (criminal homicide);

(2) V.T.C.A., Penal Code ch. 20 (kidnapping and unlawful restraint);

(3) V.T.C.A., Penal Code § 21.02 (continuous sexual abuse of young child or children);

(4) V.T.C.A., Penal Code § 21.08 (indecent exposure);

(5) V.T.C.A., Penal Code § 21.11 (indecency with a child);

(6) V.T.C.A., Penal Code § 21.12 (improper relationship between educator and student);

(7) V.T.C.A., Penal Code § 21.15 (improper photography or visual recording);

(8) V.T.C.A., Penal Code § 22.011 (sexual assault);

(9) V.T.C.A., Penal Code § 22.02 (aggravated assault);

(10) V.T.C.A., Penal Code § 22.021 (aggravated sexual assault);

(11) V.T.C.A., Penal Code § 22.04 (injury to a child, elderly individual or disabled individual);

(12) V.T.C.A., Penal Code § 22.041 (abandoning or endangering child);

(13) V.T.C.A., Penal Code § 22.05 (deadly conduct);

(14) V.T.C.A., Penal Code § 22.07 (terroristic threat);

(15) V.T.C.A., Penal Code § 22.08 (aiding suicide);

(16) V.T.C.A., Penal Code § 25.031 (agreement to abduct from custody);

(17) V.T.C.A., Penal Code § 25.08 (sale or purchase of a child);

(18) V.T.C.A., Penal Code § 28.02 (arson);

(19) V.T.C.A., Penal Code § 29.02 (robbery);

(20) V.T.C.A., Penal Code § 29.03 (aggravated robbery);

(21) V.T.C.A., Penal Code § 30.02 (burglary);

(22) V.T.C.A., Penal Code ch. 31 (theft) that is punishable as a felony;

(23) V.T.C.A., Penal Code § 33.021 (online solicitation of a minor);

(24) V.T.C.A., Penal Code § 34.02 (money laundering);

(25) V.T.C.A., Penal Code § 35A.02 (Medicaid fraud);

(26) V.T.C.A., Penal Code § 42.09 (cruelty to animals); or

(27) A conviction under the laws of another state, federal law, or the Uniform Code of Military Justice for an offense containing elements that are substantially similar to the elements of an offense listed in this subsection.

(d) A person may not own a boarding home or be employed in a position the duties of which involve direct contact with a resident in a boarding home before the fifth anniversary of the date the person is convicted of any felony offense not listed in subsection (c) or any of the following non-felony offenses:

(1) An offense under V.T.C.A., Penal Code § 22.01 (assault), that is punishable as a Class A misdemeanor;

(2) An offense under V.T.C.A., Penal Code § 32.45 (misapplication of fiduciary property or property of a financial institution), that is punishable as a Class A misdemeanor or a felony;

(3) An offense under V.T.C.A., Penal Code § 32.46 (securing execution of a document by deception), that is punishable as a Class A misdemeanor or a felony;

(4) An offense under V.T.C.A., Penal Code § 37.12 (false identification as peace officer);

(5) An offense under V.T.C.A., Penal Code § 42.01(a)(7), (8), or (9) (disorderly conduct); or

(6) A conviction under the laws of another state, federal law, or the Uniform Code of Military Justice for an offense containing elements that are substantially similar to the elements of an offense listed in this subsection.

(e) The permit holder must ensure that all employees, including volunteers who are not residents, have had a background check of conviction records, pending charges and disciplinary board decisions completed within the past two (2) years, and is repeated every year thereafter, and that the individual is not disqualified under the provisions of subsections (c) and (d) of this section. The permit holder will immediately discharge any employee or volunteer whose criminal history check reveals conviction of a crime that bars employment or volunteer service.
(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

Sec. 16-970. Assessment and periodic monitoring of residents.

(a) The permit holder, or a designee of the permit holder, shall:

(1) Complete and document an initial assessment of a resident within ten (10) days after the date the resident begins residing at the facility, and conduct periodic monitoring thereafter, to ensure that the resident is capable of self-administering medication and completing basic elements of personal care as listed in subsections (b) and (c). The initial assessment will be used as a tool to determine if the needs of the resident can be provided by a boarding home facility or if the resident needs personal care services or medication administration that cannot be provided by the boarding home facility.

(2) Complete and document an annual assessment and conduct periodic monitoring to ensure that each resident is capable of self-administering medication and completing basic elements of personal care as listed in subsection (b) and (c). The annual assessment will be used as a tool to determine if the needs of the resident can continue to be provided by a boarding home facility or if the resident needs personal care services or medication administration that cannot be provided by the boarding home facility.

(b) Elements of the self-administration of medication to be assessed include the ability to perform each of the following tasks with little assistance:

(1) Identifying the name of the medication.

(2) Providing a reason for the medication (the owner or operator cannot force the resident to disclose a health condition that is the basis for the medication if the resident refuses).

(3) Distinguishing color or shape.

(4) Preparing the correct number of pills (dosage).

(5) Confirming the time to take medications.

(6) Reading labels.

(c) Elements of personal care to be assessed by the permit holder include but are not limited to the resident's ability to do the following:

(1) Eat independently.

(2) Bathe without assistance.

(3) Dress without assistance.

(4) Move and transfer independently.

(d) As a result of the initial assessment, or a subsequent annual assessment, if a permit holder finds that a resident is unable to perform basic elements of personal care as listed in subsection (c), or is in a state of self-neglect, and believes that a higher level of care is needed, the owner or operator shall:

(1) Contact the state department of family and protective services by phoning the state-wide intake division at 1-800-252-5400;

(2) Notify the resident's guardian or legally authorized representative;

(3) Notify a family member designated by the resident, the legal guardian, or the legally authorized representative; and

(4) Contact the appropriate health or human services authority to advise that the resident requires services beyond what can be provided by the boarding home facility.

(c) A state of self-neglect does not exist if the resident receives outside professional services that meet the resident's need for personal care or self-administration of medication. In these cases, the resident can remain in the boarding home facility provided that all needs for personal care and self-administration of medication are met.
(Ord. No. 2012-12-13-0971, § 1, 12-13-12)

DIVISION 5. ENFORCEMENT

Sec. 16-971. Violations; penalty.

(a) A permit holder, employee, or other person who violates any provision of this chapter, or who fails to perform a duty required by this chapter, commits an offense.

(b) An offense under this chapter is punishable by a fine not to exceed two thousand dollars ($2,000.00).

(c) A separate offense occurs each day or part of a day that the violation is committed, continued, or permitted.

(d) Emergency closing order.

(1) If the director finds a boarding home facility operating in violation of the standards prescribed by this chapter and the violations create an immediate threat to the health and safety of a resident in the facility, the director may order immediate closing of all or part of the facility.

(2) The order of immediate closure under subsection (d)(1) is effective immediately on providing written notice of the order to the owner or operator by facsimile, email or hand-delivery.

(3) The order of closure of all or part of a boarding home facility is valid for ten (10) days after its effective date.

(4) If the permit holder does not promptly relocate the residents of the boarding home facility upon receiving the order of closure for that facility, the city shall provide for the relocation of those residents. If possible, the city will relocate those residents to a boarding home facility in the city for which there is a current valid permit. The relocation may not be to a facility with a more restrictive environment unless all other reasonable alternatives are exhausted. The director is authorized to seek to recover the cost of relocating the residents from the owner and operator of the closed facility.

(5) The director and the building related and fire codes appeals and advisory board, or other appropriate technical board or committee, shall expedite any hearing or decision involving an emergency closing order issued under this section.

(e) The city attorney may petition a district court or a county court at law for civil penalties and for injunctive relief to restrain a continuing violation of the standards or permit requirements for a boarding home facility under this chapter if the violations create an immediate threat to the health or safety of the facility residents.

(f) The city attorney may petition a district court or a county court at law for civil penalties and for injunctive relief to restrain the continuing operation of a facility that is providing services inconsistent with those prescribed by this article and state law until such time as said facility becomes appropriately licensed by the state or meets the requirements to obtain a permit under this article.

(g) The remedies and procedures in this section and in other laws are cumulative law, and the use of any particular remedy or procedure does not prevent the enforcement of any other law.

Sec. 16-1001. Short title and purpose.

(a) This article may be known and cited as "In-Home Caregiver Licensing Regulation."

(b) The purpose of this article is to protect the welfare of the elderly and disabled citizens of the city who require in-home health and personal assistance services, by requiring a criminal background check and a license for those persons who provide these services, who are not otherwise licensed by the state, and to prevent these vulnerable citizens from being abused, neglected or exploited by their in-home caregivers.
(Ord. No. 2012-10-11-0809, § 1, 10-11-12)

*__Editor's note—__Ord. No. 2012-10-11-0809, § 1, adopted October 11, 2012, enacted provisions intended for use as article 21, §§ 21-01—21-12. To preserve the style of this Code, and at the discretion of the editor, said provisions have been redesignated as article XXI, §§ 16-1001—16-1012.

__Note—__This article shall take effect January 1, 2013.

Sec. 16-1002. Definitions.

As used in this article:

Assistance with self-administration of medication means and is limited to:

(1) Assisting a patient by reminding the patient to take medication;

(2) Opening and removing medications from a container;

(3) Placing medication in a patient's hand or in or on a clean surface such as a pill cup or medication reminder box for the patient's self-administration; and

(4) Reminding a patient when a prescription medication needs to be refilled.

Caregiver means a person who provides in-home personal assistance and home health services who is exempt from the licensing requirement under V.T.C.A., Health and Safety Code § 142.003(4) as "an individual whose permanent residence is in the patient's residence" or V.T.C.A., Health and Safety Code § 142.003(13) as "an individual hired and paid directly by the patient or the patient's family or legal guardian to provide home health or personal assistance services."

Conviction means a conviction in a federal court or a court of any state or foreign nation or political subdivision of a state or foreign nation that has not been reversed, vacated, or pardoned. "Conviction" includes disposition of charges against a person by community supervision, including probation and deferred adjudication.

Director means the director of the department designated by the city manager, or the city manager's designee, to enforce and administer this

article and includes representatives, agents, and department employees designated by the director.

Disabled person means an individual who by reason of physical or mental disease, defect or injury is substantially unable to protect himself from harm or to provide food, shelter or medical care for himself.

Elderly person means an individual sixty-five (65) years of age or older.

Home health service has the meaning given that term in V.T.C.A., Health and Safety Code § 142.001(13).

Patient means an elderly or disabled person.

Personal assistance service has the meaning given that term in V.T.C.A., Health and Safety Code § 142.001(22).

Personal care has the meaning given that term in V.T.C.A., Health and Safety Code § 142.001(22-a).
(Ord. No. 2012-10-11-0809, § 1, 10-11-12)

Sec. 16-1003. Registration required.

(a) A person commits an offense if the person acts or provides services as a caregiver to a patient under this article without a license.

(b) An offense under this article is punishable by a fine of not more than five hundred dollars ($500.00). A separate offense occurs each day or part of a day that the violation is committed.

(c) A culpable mental state is not required for the commission of an offense under this article and need not be proved.

(d) It is an affirmative defense to prosecution, with the same effect as V.T.C.A., Penal Code § 2.04, that the caregiver is related within the third degree by consanguinity or affinity to the client, as determined under V.T.C.A., Government Code Ch. 573.
(Ord. No. 2012-10-11-0809, § 1, 10-11-12)

Sec. 16-1004. License application.

To obtain a license to act or provide services as a caregiver, a person must submit an application to the director on a form provided for that purpose. The application must include the following:

(1) The name, street address, mailing address, e-mail address, telephone number, a legible copy of the driver's license or other official state or federal identification card, and date of birth of the applicant. The street address may not be the address of the patient unless the applicant actually resides full-time at this location;

(2) A statement whether the applicant has ever been convicted or placed on community supervision, including probation and deferred adjudication, and including the offense and the date; and

(3) A non-refundable application fee of fifty dollars ($50.00).
(Ord. No. 2012-10-11-0809, § 1, 10-11-12)

Sec. 16-1005. Notification of change of information.

A caregiver shall notify the director within ten (10) days after any material change in the information contained in the application for a license to act or provide services as a caregiver, including, but not limited to any change of address and any convictions as defined by this article.
(Ord. No. 2012-10-11-0809, § 1, 10-11-12)

Sec. 16-1006. Issuance and denial of license.

(a) The director shall issue a license to a person to act or provide services as a caregiver if the director determines:

(1) The license application is complete;

(2) The applicant is not disqualified under section 16-1012 (criminal history) of this chapter; and

(3) The applicant has not made a false statement as to a material matter in the application for a license.

(b) The director shall deny a license if the director determines the applicant does not meet all the requirements of subsection (a). The director, at the time he denies a license, shall notify the applicant in writing by certified mail, return receipt requested, that the license is denied. The

notice must include the reason for the denial, and a copy of section 16-1008 regarding the procedure for appeals.
(Ord. No. 2012-10-11-0809, § 1, 10-11-12)

Sec. 16-1007. Revocation of license.

(a) The director shall revoke a license issued to a caregiver if the director determines that:

(1) The caregiver currently fails to meet the criminal history qualifications of section 16-1012 of this article; or

(2) The caregiver intentionally made a false statement as to a material matter in the application or in a hearing concerning the license.

(b) The director, at the time he revokes a license, shall notify the caregiver in writing by certified mail, return receipt requested, that the license is revoked. The notice must include the reason for the proposed revocation, and a copy of section 16-1008 regarding the procedure for appeals.
(Ord. No. 2012-10-11-0809, § 1, 10-11-12)

Sec. 16-1008. Procedure for appeals.

(a) An applicant or caregiver shall have ten (10) business days from the date of receipt of notice from the director of the denial or revocation of a license to appeal such decision to a hearing officer. The appeal shall be in writing, accompanied by an appeal fee of one hundred dollars ($100.00), and directed to the director of administrative services, San Antonio Police Department. If no appeal is made to a hearing officer within ten (10) business days after receipt of the director's decision, the director's decision shall become final.

(b) Upon timely notice of appeal, the city manager, or the city manager's designee, shall appoint a hearing officer for such appeals. The applicant or caregiver shall be given an opportunity to appear before said officer and present to him any information, including witnesses, which may be of assistance in arriving at a decision on the matter. Such hearing officer is hereby authorized to affirm or reverse the director's decision, and the decision of the hearing examiner shall become final.

(c) Upon denial or revocation of a license by the director, the applicant or caregiver shall immediately cease acting or providing services as a caregiver.
(Ord. No. 2012-10-11-0809, § 1, 10-11-12)

Sec. 16-1009. Expiration and renewal of license.

(a) A license to act or provide services as a caregiver expires one year after the date of issuance.

(b) A caregiver shall apply for renewal at least thirty (30) days before the expiration of the license by submitting an application required under section 16-1004 of this chapter.

(c) The director shall follow the procedures set forth in section 16-1006 when determining whether to renew a license.
(Ord. No. 2012-10-11-0809, § 1, 10-11-12)

Sec. 16-1010. Non-transferability of license.

A license to act or provide services as a caregiver is non-transferrable.
(Ord. No. 2012-10-11-0809, § 1, 10-11-12)

Sec. 16-1011. Duty to carry license.

A caregiver, while acting or providing services under this article, shall carry the license on his or her person. This license must be presented for examination upon request to the director, to a peace officer, or to the client's family or legal guardian.
(Ord. No. 2012-10-11-0809, § 1, 10-11-12)

Sec. 16-1012. Criminal history.

(a) A person may not be issued a license as a caregiver if the person has been convicted of any of the following offenses:

(1) V.T.C.A., Health and Safety Code §§ 481.112, 481.1121, 481.1122, 481.113, 481.114, 481.122 (illegal manufacture or delivery of a controlled substance);

Secs. 16-1013—16-1099. Reserved.

ARTICLE XXII. SHORT TERM RENTALS

DIVISION 1. GENERAL

Sec. 16-1100. Purpose.

The purpose of this article is to establish regulations for the protection of the health and safety of occupant(s) of short term rental proper-

ties, and to protect the integrity of the neighborhoods in which short term rental properties operate.
(Ord. No. 2018-11-01-0858, § 2, 11-1-18; Ord. No. 2024-06-13-0433, § 2, 6-13-24)

Sec. 16-1101. Definitions.

As used in this article the following words and phrases shall have the definitions ascribed to them by this section:

Agent means a person designated by the short term rental operator in lieu of themselves as the 24-hour emergency contact for a lawfully operating short term rental

Bed and Breakfast shall be as defined in City Code of San Antonio, Texas, chapter 35, appendix 'A'.

City housing incentive means any monetary payment or concession provided by the City of San Antonio which has the expressed purpose of spurring or encouraging the development of housing, whether affordable or not, or redevelopment in the City of San Antonio.

Cooking facilities means a room or space designed to prepare meals. This space shall include, at a minimum, an operational refrigerator, microwave oven or stove, and sink. A hot plate shall not satisfy the requirement for a cooking facility.

Director means the director of development services and/or his designee.

Occupant means the person(s) who have lawfully obtained the exclusive use and possession of the short term rental property or portion thereof from its operator, and the guest(s) of such person(s).

Operator means any person who operates a short term rental, as defined in this article. For purposes of this article, a lessee of a unit, when expressly permitted in writing by owner, may serve as operator of a short term rental.

Operator occupied means a property lessee, as reflected in a valid lease agreement, and with the express permission of the property owner, who makes his or her legal residence at the site or in the unit, as evidenced by vehicle registration, or similar means.

Owner means the person or entity that holds legal and/or equitable title to the private property.

Owner occupied means a property owner, as reflected in title records, who makes his or her legal residence at the site or in the unit, as evidenced by homestead exemption, vehicle registration, or similar means.

Quiet hours means the hours between ten o'clock (10:00) p.m. and six o'clock (6:00) a.m., Sunday through Thursday, and between eleven o'clock (11:00) p.m. and six o'clock (6:00) a.m., Friday and Saturday. Noise shall not exceed sixty-three (63) decibels on residential zoned property as defined by chapter 35 (Unified Development Code), when measured from property under separate ownership.

Short term rental shall be as defined in City Code of San Antonio, Texas, chapter 35, appendix 'A'.

Short term rental permit means the permit issued by the city that identifies the subject property as a lawful short term rental, the short term rental permit number, the names and contact information of the owner, operator, and agent if applicable, and 24-hour emergency contact phone for at least one of the preceding.

Short term rental platform means a person or entity that provides a means through which an owner or operator may offer a dwelling unit, or portion thereof, for short term rental use, and from which the person or entity financially benefits.

Sleeping area means a room or space within a dwelling designed or used for sleeping, including a bedroom. Tents, hammocks, recreational vehicles and/or other vehicles and outdoor areas shall not be considered a sleeping area.
(Ord. No. 2018-11-01-0858, § 2, 11-1-18; Ord. No. 2024-06-13-0433, § 2, 6-13-24)

Sec. 16-1102. Authority of the director.

The director of development services (the "director") shall implement and enforce this chapter

and may by written order establish such procedures, not inconsistent with this chapter or other city ordinances, rules, or regulations, or any county, state, or federal laws or regulations, as the director determines are necessary to discharge any duty under this chapter.
(Ord. No. 2018-11-01-0858, § 2, 11-1-18; Ord. No. 2024-06-13-0433, § 2, 6-13-24)

Sec. 16-1103. Permit required.

(a) No short term rental shall operate within the City of San Antonio without a current valid short term rental permit.

(b) All individual units having cooking, sleeping, and bathing facilities, within common buildings, regardless of ownership, shall require a separate, individual permit for each unit intended to be used as a short term rental.

(1) On residential properties which are not multi-family buildings (e.g., duplex, fourplex), a single individual unit, which is not owner occupied, but which is located on the same land parcel as an owner-occupied unit of common ownership as the non-owner occupied units shall be considered a (Type 1) short term rental unit. Additional non-owner occupied units in excess of this allowance on the same land parcel shall be considered (Type 2) short term rental units.

(2) In a multi-family building, a single individual unit, which is not owner occupied, but which is located on the same land parcel as an owner-occupied unit of common ownership as the non-owner occupied units shall be considered a (Type 1) short term rental unit. Additional non-owner occupied units in excess of this allowance on the same land parcel shall be considered (Type 2) short term rental units.

(3) No property shall be eligible to obtain short term rental permits by utilizing multiple block faces (e.g. a corner lot). All units on a lot must be assessed as being solely on one (1) block face. The street for which the STR unit is addressed on will determine the appropriate block face.

(c) All platforms that display short term rental listings for properties in San Antonio shall require that all owners using the platform include a permit number in any listing for a short term rental on the platform. The city shall notify and request that a Short Term Rental Platform remove a listing from the platform if the short term rental listing lacks a permit number or the permit number is invalid, expired, or has been revoked. The notification must identify the listing(s) to be removed by its URL and state the reason for removal. The platform shall remove the listing within ten (10) business days.
(Ord. No. 2018-11-01-0858, § 2, 11-1-18; Ord. No. 2024-06-13-0433, § 2, 6-13-24)

Sec. 16-1104. Short term rental permit.

(a) *Application.* Application for a short term rental permit shall be made either in writing or electronically. Upon submission of a complete application, the director of development services, or his designee, shall determine whether a unit is to be considered a (Type 1) or (Type 2). Providing false documentation shall result in a denial of the application and a one (1) year denial for subsequent applications for STR permits for that owner at that property. Application for a short term rental permit shall be accompanied by a one-time application fee of three hundred dollars ($300.00) for Type 1 and four hundred fifty dollars ($450.00) for Type 2 and shall include the following information, at a minimum:

(1) A list of all owners, operators, and agents (if applicable) of the short term rental including names, addresses, current email address(es) of owner/operator, and telephone numbers.

(2) A sketch or narrative describing the location of the available parking spaces as required by subsection 16-1108(b), Parking.

(3) A sketch of the floor plan, which identifies sleeping areas, proposed maximum number of guests, evacuation route(s), location of fire extinguisher(s). If the

short term rental has outdoor amenities, include the posted notice of Quiet Hours with the STR Permit.

(4) The name, address and 24-hour telephone numbers of a contact person, who is the owner, operator, or designated agent and who shall be responsible and authorized to respond to complaints concerning the use of the short term rental.

(5) A sworn, self certification that the owner of the short term rental has met and will continue to comply with the standards and other requirements of this article including, but not limited to: maintenance of insurance coverage of the unit or portions thereof in accordance with this article and obtaining annual independent inspections of required fire extinguishers in compliance with the city's current fire code.

(b) *Completeness of application.* Applications shall not be considered complete until all documentation required under this article has been submitted, and until the full application and permit fees have been paid. Incomplete applications will not be accepted. Failure to provide all required information within forty-five (45) calendar days of submittal will result in a denial of the short term rental application and will forfeit the permit fee.

(c) *Acknowledgement by applicant.* In connection with submission of the application, each applicant shall acknowledge that any permit granted by director under this article does not supersede any property-specific restrictions against short term rentals that may exist under law, agreement, lease, covenant or deed restriction.
(Ord. No. 2018-11-01-0858, § 2, 11-1-18; Ord. No. 2024-06-13-0433, § 2, 6-13-24)

Sec. 16-1104.01. Hotel occupancy tax ("HOT").

(a) Pursuant to section 31-70 of City Code, the owner or operator shall submit a monthly report of HOT to the City of San Antonio, even if the short term rental unit was not rented during any such month or participates on a platform that collects on their behalf.

(b) Short term rentals are required to report HOT on or before the last day of the calendar month, following the reporting period. If you have no revenue for a reporting period, enter "0". Failure to report online HOT will result in penalty and interest fees and permit revocation. Failure to report zero revenue will result in penalty and interest fees and may result in permit revocation. Should the last day to file fall on a weekend or City of San Antonio official holiday, the report must be received no later than the next scheduled City workday, or penalty and interest will be applied.

(c) A short term rental platform that collects state HOT in the City of San Antonio shall collect and remit to the City of San Antonio the applicable HOT for the City of San Antonio and Bexar County, as calculated on the amount the short term rental guest pays to the short term rental owner/operator.

(d) A short term rental platform that does not collect state HOT in the City of San Antonio is not required to collect and remit to the City of San Antonio the applicable HOT for the City of San Antonio and Bexar County. A short term rental that does not have a short term rental platform collect and remit HOT to the City of San Antonio on their behalf is still responsible for collection and remittance of the applicable HOT for the City of San Antonio and Bexar County to the City of San Antonio.

(e) All short term rentals located outside of the San Antonio city limits but inside Bexar County shall report and remit Bexar County HOT to the City of San Antonio.

(f) In the event that the City of San Antonio no longer collects HOT on behalf of Bexar County, the city will provide a ninety-day notice to all short term rental platforms.

(g) This section shall take effect ninety (90) days after enactment.
(Ord. No. 2024-06-13-0433, § 2, 6-13-24)

Sec. 16-1105. Expiration and renewal of permit.

(a) Unless revoked by Director earlier pursuant to this article, a permit to operate a short term rental expires, as follows:

(1) (Type 1) permits expire three (3) years after the date of issuance.

(2) (Type 2) permits expire three (3) years after the date of issuance.

(b) A permit holder shall apply for renewal prior to the expiration of the permit on a form provided by the director. The permit holder shall update the information contained in the original permit application required under section 16-1104 of this article or any subsequent renewals under this section, if any of the information has changed. The permit holder shall sign a statement affirming that there is either no change in the information contained on the original permit application and any subsequent renewal applications, or that any information that has been updated is accurate and complete. Complete applications for renewal received after the expiration of a current permit shall be treated as applications for a new permit, as described in section 16-1104.

(c) The director shall follow the procedures set forth in this article when determining whether to renew a permit.

(d) The fee for the renewal of a permit to operate a short term rental is three hundred dollars ($300.00) for Type 1 and four hundred fifty dollars ($450.00) for Type 2.
(Ord. No. 2018-11-01-0858, § 2, 11-1-18; Ord. No. 2024-06-13-0433, § 2, 6-13-24)

Sec. 16-1106. Non-transferability.

A permit to operate a short term rental is not transferable to another owner, unit or location. A permit holder may update the operator, agent, or 24-hour emergency contact name and contact information without submitting a new permit application.
(Ord. No. 2018-11-01-0858, § 2, 11-1-18; Ord. No. 2024-06-13-0433, § 2, 6-13-24)

Sec. 16-1107. Tiers.

(a) Short term rental (Type 1) regulations: This subsection applies to a short term rental use that is rented for periods of less than thirty (30) consecutive days; and property is owner or operator occupied.

A short term rental use under this section may include the rental of less than an entire dwelling unit, if the following conditions are met:

(1) A sleeping area must at a minimum include the shared use of a full bathroom;

(2) The owner is generally present at the licensed short term rental property;

(3) May not operate without a permit as required by section 16-1103, permit required.

(b) Short term rental (Type 2) regulations. This subsection applies to a short term rental that is rented for periods of less than thirty (30) consecutive days; and is not owner or operator occupied.

A short term rental use under this section may not:

(1) Include the rental of less than an entire dwelling unit;

(2) Operate without a permit as required by section 16-1103, permit required.

If a permit for a short term rental (Type 2) use meets the requirements for renewal under section 16-1105 (expiration and renewal of permit) and the property received a city-issued notice of violation related to the life, health, or public safety of the structure, the property is subject to an inspection by the building official to determine if the structure poses a hazard to life, health, or public safety.

(c) Accessory dwelling units used as short-term rentals must comply with chapter 35, section 35-371.
(Ord. No. 2018-11-01-0858, § 2, 11-1-18; Ord. No. 2024-06-13-0433, § 2, 6-13-24)

Sec. 16-1108. General standards.

All short term rentals permitted pursuant to this chapter are subject to the following standard requirements:

(a) *Occupancy.* The maximum number of persons, as indicated on the approved permit, allowed to reside in a short term rental shall be defined by the San Antonio Property Maintenance Code.

(b) *Parking.* Shall comply with City Code Chapter 35, Unified Development Code with respect to required parking (see section 35-526). No required parking shall be permitted within public right-of-way or access easements as defined by City Code (see section 35-526) and state regulations regarding parking. The yard(s) shall not be utilized to provide the necessary parking. Properties that are unable to provide at least one (1) off street parking space may submit an application for a parking adjustment to the board of adjustment.

(c) *Insurance.* The applicants shall keep, at a minimum, an insurance policy sufficient for personal injury liability of guests.

(d) *Life safety.*

(1) Short term rentals and structures where they are located shall conform to all applicable city-adopted codes, regulations, and ordinances.

(2) A 2A:10B:C type fire extinguisher (a standard five-pound extinguisher) shall be properly mounted within 75 feet of all portions of the short term rental on each floor.

(3) Smoke and carbon monoxide detectors shall be installed and conform to all applicable city-adopted codes, regulations, and ordinances.

(4) Every sleeping area shall have at least one operable emergency escape and rescue opening per all applicable city-adopted codes, regulations, and ordinances.

(5) An evacuation plan shall be posted conspicuously in each unit or permitted sleeping area.

(6) Every bedroom/sleeping area in a short term rental that does not comply with this section shall not be used as a sleeping area and where equipped with a door, shall remain locked at all times when the dwelling is being used as a short term rental. Such a non-compliant sleeping area shall not be included in the maximum occupancy calculation as defined by the San Antonio Property Maintenance Code for the short term rental. The owner/operator shall notify every occupant, in writing, that the non-compliant sleeping area may not be used for sleeping.

(e) *Conduct on premises.*

(1) Short term rental operators shall be responsible for informing their occupants of all relevant city codes and occupants' liability for violations of same.

(2) Excessive noise or other disturbance outside the short term rental is prohibited per chapter 21, article III of the Code of Ordinances. This includes, but is not limited to, decks, portals, porches, balconies, patios, hot tubs, pools, saunas or spas. For short term rentals that provide outdoor amenities, the operator shall provide notice in the outdoor space of required quiet hours, being the hours between ten o'clock (10:00) p.m. and six o'clock (6:00) a.m., Sunday through Thursday, and between eleven o'clock (11:00) p.m. and six o'clock (6:00) a.m., Friday and Saturday.

(3) No overnight sleeping outdoors or outdoor sleeping spaces for rent.

(f) *Signage.*

(1) Signage shall be in compliance with the city's current sign code as well

as any design, design review, and/or approval requirements for the zoning district in which the property is located.

(2) All advertisements, including online or proprietary (website, app, or other technology) will include the short term rental permit number within the description or body for public reference.

(g) *Tenant indoor notification.* The operator shall post in a conspicuous location of the dwelling the following minimum information:

(1) Maximum number of occupants.

(2) Location of required off-street parking, other available parking and prohibition of parking on landscaped areas.

(3) Quiet hours and noise restrictions as defined per chapter 21, article III of the Code of Ordinances.

(4) Restrictions of outdoor facilities.

(5) Twenty-four-hour contact person and phone number.

(6) Property cleanliness requirements.

(7) Trash pick-up requirements, including location of trash cans.

(8) Flooding hazards and evacuation routes.

(9) Emergency numbers.

(10) Notice that failure to conform to the occupancy and parking requirements is a violation of the City Code and occupant or visitor can be cited.

(11) Short term rental permit, health department permit, and/or any other required permits, if applicable.

(12) Hotel occupancy tax registration.

(h) *Emergency contact.* The owner/operator of the short term rental shall provide the city with a twenty-four-hour contact number for the operator or a designated agent per section 16-1104, and shall provide timely updates to city of any changes thereto. Should a city official respond to the short term rental and issue a citation for any violation of city ordinances, the operator or their agent shall be called by the city official. The operator or their agent shall attempt to contact the occupants within one hour of the call to address the occupants about the complaints. Should a second complaint be filed and citation issued to any part of the occupants or guests, the owner/operator must take timely appropriate steps, in accordance with the individual rental agreement, to assure future complaints do not occur.

(Ord. No. 2018-11-01-0858, § 2, 11-1-18; Ord. No. 2024-06-13-0433, § 2, 6-13-24)

Sec. 16-1109. Inspections.

To ensure continued compliance with the requirements of this section a short term rental may be inspected in the following methods:

(a) Inspections upon complaint or suspicion of a violation. The city may perform inspections when a violation is reported or suspected in accordance with established code enforcement procedures.

(Ord. No. 2018-11-01-0858, § 2, 11-1-18; Ord. No. 2024-06-13-0433, § 2, 6-13-24)

Sec. 16-1110. Enforcement/penalty.

(a) A person commits an offense under this article if that person owns or operates a short term rental in the city without a valid permit.

(b) Short term rental permits shall be revoked if three or more citations are accepted by the municipal court over three separate occasions, and are issued at a permitted property over a rolling three-year period, whether the citations are issued to the operator or any occupants. Subsequent findings of not guilty or not liable shall not be considered against the owner/operator. Failure to provide updated information to the city regarding designated agent or responsible party shall be a violation of this section.

(c) Violation of any section of this article shall constitute an offense resulting in permit revocation in accordance with subsection 16-1111, revocation procedures in addition to administrative, criminal and/or civil adjudication.

(d) Failure to timely pay any applicable hotel occupancy tax is a violation of this article, and shall result in permit revocation if arrearage is not paid within ninety (90) days of the issuance of a delinquency notice, in accordance with subsection 16-1111, revocation procedures.

(e) Failure to successfully complete the renewal process of a short term rental permit is considered a violation of this article.

(f) The provisions of this subsection are in addition to and not in lieu of any administrative, criminal, or civil prosecution or penalties as provided by local and state laws.

(g) Violation of the terms and conditions of a short term rental permit under this article shall be punishable by a fine of not less than two hundred dollars ($200.00) but not more than five hundred dollars ($500.00) per occurrence. Penalties for other violations of the City Code shall be as applicable. Each day a violation of this article continues shall be considered a separate offense. Each day that a unit is occupied in violation of this article shall be considered a separate offense, and, upon conviction, shall be subject to a minimum fine of two hundred dollars ($200.00) to a maximum fine of five hundred dollars ($500.00) per violation, per day.

(h) For each day any violation of this section occurs it shall constitute a separate offense and is separately punishable, but may be joined in a single prosecution.

(i) Anyone who violates any provision of this article shall be subject to prosecution in administrative, criminal and/or civil courts, under all applicable local and state laws, and will be strictly accountable for any penalties and punishments accrued therefrom.

(1) Criminal enforcement: A violation of this article is a strict liability offense, and no mental state is necessary for proof of the defendant's culpability. A violation of this article is a class C misdemeanor offense. Upon finding of culpability, a person shall be fined an amount not less than one hundred dollars ($100.00), nor more than five hundred dollars ($500.00). Each day in which a violation occurs shall constitute a separate violation.

(2) Alternative adjudication; Administrative enforcement: All violations of the provisions of this article and of the rules and regulations established by the director may be enforced by administrative adjudication pursuant to chapter 20, article II, City Code of Ordinances.

(3) Civil enforcement: Violations of the provisions of this article which rise to the level of a public nuisance will be subject to injunctive relief in state district court.

(j) Compliance meeting:

(1) Upon receipt of numerous complaints or complaints of a habitual nature, the director may require a meeting with the owner/operator about whether the use of the short term rental has become a problem property and to discuss immediate compliance with the laws of the state and city.

(2) Written notice to meet with the director shall be issued upon documentation provided which tend to show that a short-term rental may be a problem property.

(3) Indication that a location is a problem property will be based upon a review of documents showing the same including but not limited to, police and code calls for service, 311 calls, police reports, gatherings that cause a public disturbance, and noise complaints.

(4) Problem property is defined here as a location where regular or habitual disturbances of quiet enjoyment or violations of local and state laws have occurred.

(5) Refusal by an owner/operator to attend this meeting will be taken as evidence of culpability and may result in permit revocation.

(6) If the property is determined to be a problem property, the director may order

abatement actions to attain compliance with this article such as a mutually agreed upon written plan of action up to administrative revocation of the permit.

(Ord. No. 2024-06-13-0433, § 2, 6-13-24)

Sec. 16-1111. Revocation procedures.

The director is authorized to suspend or revoke a short term rental permit issued under the provisions of this article wherever the permit is issued in error, or on the basis of incorrect information supplied, or where it is determined that the building, structure, unit, or portion thereof is in violation of any ordinance or regulation or any of the provisions of this article. In addition, if any violations have been committed and not corrected within the time specified, the director shall begin the procedures to revoke the short term rental permit in accordance with the following:

(a) The director shall give written notice to the owner/operator regarding the revocation.

(b) If a short term rental permit is revoked, the owner/operator may not reapply for the same property for a period of twelve (12) months.

(Ord. No. 2018-11-01-0858, § 2, 11-1-18; Ord. No. 2024-06-13-0433, § 2, 6-13-24)

Sec. 16-1112. Appeals.

If the director denies issuance or renewal of a permit or suspends or revokes a permit issued under this article, the action is final unless the permit holder files a written appeal within twenty (20) calendar days to the director, or his/her designee. Appeals shall be heard by the board of adjustment (BOA) pursuant to section 35-481.

(Ord. No. 2018-11-01-0858, § 2, 11-1-18; Ord. No. 2024-06-13-0433, § 2, 6-13-24)

Sec. 16-1113. Other restrictions on use of premises.

This article does not create any right to operate a short term rental in violation of any lease, license, deed restriction, covenant, easement, or other legal encumbrance. Unless expressly authorized by the city, any property which has received a city housing incentive is ineligible to receive a permit to operate a (Type 2) short-term rental during the period of time that the property owner (or third party beneficiary, as the case may be) is eligible to receive a city housing incentive.

(Ord. No. 2018-11-01-0858, § 2, 11-1-18; Ord. No. 2024-06-13-0433, § 2, 6-13-24)

Sec. 16-1114. Nonconforming rights.

Short term rentals (Type 2) in existence as of date of ordinance. Properties which are used as short term rental (Type 2) establishments as of date of ordinance adopting this article that can also provide written confirmation from the City of San Antonio Finance Department showing proof of registration and proof that their account is not in arrears with the City of San Antonio Finance Department for hotel occupancy tax collection, may be registered as short term rental (Type 2) establishments at the department of development services and upon such registration will be granted a permit, subject to compliance with requirements under this article. Registration of the short term rental (Type 2) establishment shall be complete with receipt of applicable permit. Registration is not transferable to another owner, operator, or location. Nonconforming rights shall not transfer with change of owner, and any short term rental permit shall be revoked by director. Notwithstanding the foregoing, for purposes of this subsection, the conveyance or transfer of a unit or property ownership to a legal entity controlled by or providing equitable ownership of the prior owner shall not constitute a change in owner. It shall be the obligation of any new property owner to apply for a new short term rental permit under this article, and to provide evidence satisfactory to director that ownership did not change, in order to maintain nonconforming rights hereunder.

(Ord. No. 2018-11-01-0858, § 2, 11-1-18; Ord. No. 2024-06-13-0433, § 2, 6-13-24)

ARTICLE I. GENERAL

Sec. 17-1. Definitions.

Unless the particular provision or the context otherwise requires, the definitions and provisions contained in this section shall govern the construction, meaning and application of words and phrases used in this chapter.

Chief shall mean the chief of police of the San Antonio Police Department or designee.

Department shall mean the San Antonio Police Department.

Employee shall mean any person, other than a masseur, who renders any service in connection with the operation of a massage business and who receives compensation from the operator of the business or from patrons.

Massage establishment shall mean a place of business that advertises or offers massage therapy or other massage services. The term includes a place of business that advertises or offers any service described by a derivation of the terms "massage therapy" or "other massage services" to include aromatherapy and spa services. Solo practitioners shall not be considered a business as herein defined.

Massage therapy shall mean the manipulation of soft tissue by hand or through a mechanical or electrical apparatus for the purpose of body massage. The term includes effleurage (stroking), petrissage (kneading), tapotement (percussion), compression, vibration, friction, nerve strokes, and Swedish gymnastics. Massage therapy may include the use of oil, lubricant, salt glows, heat lamps, hot and cold packs, jacuzzi, aromatherapy, and sauna. The terms "therapy" and "therapeutic" do not include diagnosis, the treatment of illness or disease, or any service or procedure for which a license to practice medicine, chiropractic, physical therapy, or podiatry is required by law.

Masseur shall mean any person who engages in the practice of massage therapy as herein defined and who is licensed by the Texas Department of Licensing and Regulation. The use of the masculine gender in this chapter shall include in all cases the feminine gender as well.

Patron shall mean any person who receives massage therapy under such circumstances that it is reasonably expected that he or she will pay money or give any other consideration therefor.

TDLR shall mean the Texas Department of Licensing and Regulation.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-2. Exceptions.

The provisions of this chapter shall not apply to hospitals, nursing homes, sanitariums or persons working under the direction of any such person or in any such establishment, nor shall this chapter apply to barbers, cosmetologists, chiropractors, physical therapists, assistant physical therapists or athletic trainers, lawfully carrying out their particular profession or business and holding a valid unrevoked license or certificate of registration issued by the state.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

ARTICLE II. OPERATION REGULATIONS

The following regulations apply to all massage establishments, regardless as to whether the establishment is required to maintain a city permit.

Sec. 17-3. State license required.

All persons engaging in the business of massage therapy as defined in this chapter shall have an establishment and/or individual license as a masseur from the Texas Department of Licensing and Regulation, regardless as to whether the establishment itself is required to have a city permit.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-4. Display of licenses and permits.

The massage establishment shall prominently display its license from the Texas Department of Licensing and Registration at the entrance to the premises.

The massage establishment shall prominently display its City of San Antonio permit, if so required to obtain, at the entrance to the premises.

The individual masseur shall display his license issued by the Texas Department of Licensing and Regulation intended for massage therapy at the entrance to the premises.

The massage establishment shall prominently display its certificate of occupancy at the entrance to the premises.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-5. Hours.

No massage business shall be kept open for any purpose between the hours of 10:00 p.m. and 8:00 a.m.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-6. Entrances, exits.

No massage business shall have any entrance or any exit way providing a direct passageway to any other type of business or residence.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-7. Residential use prohibited.

No massage establishment shall be located in a zone other than commercial and shall not be in or used for residential purposes. The zoning unit of the development services department shall inspect for compliance on a regular basis.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-8. Health and safety.

All massage establishments operating under the authority of this chapter are declared to be public places, and shall not, during business hours, have the doors to the entrances or exits of such establishments locked or obstructed in any way so as to prevent free ingress and egress of persons; provided, however, such doors may be closed.

No metal door, or other solid barrier requiring action on the part of the person in charge to allow entry, shall be installed in front of the passageway to the interior of the massage establishment's area containing massage therapy rooms.

All requirements of the International Fire Code, International Building Code, and San Antonio Property Maintenance Code shall be adhered to and inspected on a regular basis.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-9. Sanitation.

(a) All premises used pursuant to this chapter shall be periodically inspected during regular business hours for safety of structure and adequacy of plumbing, ventilation, heating and illumination.

(b) Floors shall be free from any accumulation of dust, dirt and refuse. Well marked toilet and hand washing facilities for permittees, employees and patrons shall be provided. All walls, ceilings, windows and doors shall be free of dust, dirt, and refuse. In high humidity areas, including toilet rooms, shower rooms, steam rooms, locker rooms, and other such rooms, the walls, ceilings and floors shall be constructed or covered with a material that is smooth, non-absorbent and easily cleaned.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-10. Towels, cloths, sheets, robes.

Towels, cloths, sheets, and robes shall not be reused. Each patron shall be provided clean, unused linen, towels, cloths, sheets, and robes. Heavy white paper may be substituted for sheets provided that such paper is changed for every patron. Soiled linens and towels shall be stored in a clearly marked receptacle and shall not be reused prior to laundering.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-11. Animals prohibited.

No animals, exempting service animals, shall be permitted within a massage establishment at any time.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-12. Equipment.

All equipment used for the treatment of patrons at establishments regulated by this chapter shall be kept in a clean and sanitary condition, and the equipment shall be kept in good working order.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

ARTICLE III. CITY PERMIT

Sec. 17-13. Establishments which must register with the city.

The requirements of this article shall apply only to those establishments that have the following violations:

(1) Business or individual charged with any violation of the Penal Code as listed in section 17-23; or

(2) Three (3) or more violations of the San Antonio Property Maintenance Code within a twelve (12) month period; or

(3) Failure to post the TDLR license for business, owner, and/or masseur.

If an establishment is charged with any of the violations above, it shall be required to obtain and maintain a city permit for a minimum of three (3) years.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-14. Determination that the establishment must register with the city.

(a) After notice of the chief's determination that the establishment must apply for a city permit, the establishment shall have ten (10) days from the mailing of the chief's decision to submit its permit application to the department pursuant to section 17-16.

(b) If the establishment disagrees with the chief's determination that the establishment must apply for a city permit, the establishment must send a protest letter to the chief within ten (10) days of the mailing of the chief's decision.

(1) The appeal will follow the administrative appellate process as described in section 17-24.

(c) Failure to submit the permit application registration paperwork within ten (10) days, or failure to protest the designation within the ten (10) days, will result in criminal charges against the business and the business owner, as well as administrative penalties including but not limited to financial penalties, revocation of the establishment's certificate of occupancy and issuance of a notice to vacate.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-15. Application for permit.

Any person required to have a city massage establishment permit shall file a written application with the chief on a form to be furnished by the department. The applicant shall submit the following:

(1) The type of ownership of the business, i.e. whether individual, partnership, corporation or otherwise;

(2) The name, style and designation under which the business or practice is to be conducted;

(3) The business address and all telephone numbers where the business is to be conducted;

(4) A complete list of the names and the residence addresses of all masseurs and employees in the business and the name and residence address of the manager or other person principally in charge of the operation of the business, if said employees and masseurs have been hired as of date of application. This information shall be updated once employees and masseurs have been hired;

(5) The following personal information concerning the applicant, if an individual; and concerning each stockholder holding more than ten (10) percent of the stock of the corporation, each officer and director, if the applicant is a corporation; and concerning the partners, including limited partners, if the applicant is a partnership; and the holder of any lien, of any nature, upon the business and/or the equipment used therein; and concerning

the manager or other person principally in charge of the operation of the business:

a. The name(s), complete residence addresses and residence telephone numbers;

b. Written proof of age;

c. Height, weight, color of hair and eyes, and sex;

d. Two (2) front face portrait photographs taken within thirty (30) days of the date of application and at least two (2) by two (2) inches in size;

e. The massage establishment or similar business history from five (5) years prior to the date of application, including but not limited to, whether or not such person previously operated in this or another city or state under license or permit; if any such license or permit had been denied, revoked or suspended and the reason therefor.

f. All criminal arrests other than misdemeanor traffic violations, fully disclosing the jurisdiction in which arrested and the disposition thereof;

g. Fingerprints obtained by applicant at a licensed facility and provided to the chief. Said fingerprints shall be retained on file by the chief.

(6) Such other information and identification as shall be deemed necessary by the chief to discover the truth of the matters hereinabove required to be set forth in the application;

(7) Documentation of personal background check conducted at a licensed facility.

(8) Written declaration by the applicant, under penalty of perjury, that the foregoing information contained in the application is true and correct, said declaration being duly dated and signed and submitted to the department.

(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-16. Approval.

(a) In the case of applications for massage establishment permits, the city shall cause to be conducted an investigation of the premises where the massage operations is to be carried out, for the purposes of assuring that such premises comply with all requirements as set forth in this chapter and the state, and with all regulations of public health, safety and welfare.

(b) Before any permit shall be issued under this article, the chief shall first sign his approval for the application.

(c) A new permit shall be required for any change in ownership.

(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-17. Issuance or denial of massage establishment permits.

The chief shall issue the city massage establishment permit within thirty (30) days of receipt of the application unless he finds that:

(1) The correct permit fee has not been tendered to the city concurrently with the application;

(2) The operation, as proposed by the applicant, if permitted, would not comply with all applicable laws, including but not limited to the city's building, zoning and health regulations;

(3) The applicant, if an individual, or any of the stockholders holding more than ten (10) percent of the stock of the corporation, or any of the officers and directors, if the applicant is a corporation, or any of the partners, including limited partners, if the applicant is a partnership, or the holder of any lien of any nature on the business and/or equipment used therein; and the manager or other person principally in charge of the operation of the business, have been convicted of a felony or misdemeanor involving moral turpitude within five (5) years of the submittal of application;

(4) The applicant has knowingly made any false, misleading or fraudulent state-

ments of fact in the permit application or in any document required by the city in conjunction therewith;

(5) The applicant has had a massage establishment, masseur or other similar permit or license denied, revoked or suspended by the city or any other state or local agency within five (5) years prior to the date of application;

(6) The applicant, if an individual, or any of the officers and directors if the applicant is a corporation, or any of the partners, including limited partners, if the applicant is a partnership, and the manager or other person principally in charge of the operation of the business, is not over the age of eighteen (18) years.

(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-18. Fees generally.

The permit fee for a massage establishment shall be seventy-five dollars ($75.00) per year made payable to the City of San Antonio and submitted to the department.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-19. Fees for separate locations.

Should any massage establishment have more than one (1) location where the business of massage is pursued, then a permit, stating both the address of the principal place of business and of the other location shall be issued by the chief on the tender of a permit fee of thirty-five dollars ($35.00) per permit per additional location. Permits issued for other locations shall terminate on the same date as that of the principal place of business, regardless of the date of issuance.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-20. Non-refundable fees

All fees required in this chapter are non-refundable. Payment of the fees shall be by cashier's check or money order and made payable to the City of San Antonio.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-21. Renewal of permits; updated list of employees and masseurs.

Each permit shall be valid for a term commencing upon issuance and shall expire on the 31st of December, unless sooner revoked or surrendered. Each permit shall be subject to renewal as of its expiration date by the filing of a renewal application with the chief. Renewal applications must be filed at least ninety (90) days prior to the expiration date of the permit that is to be renewed. The required background check shall be conducted on a yearly basis upon receipt of a renewal application.

Operator shall provide an updated list of personnel on a quarterly basis with masseur name and accompanying TDLR permit for the establishment and individual masseurs.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-22. Revocation, suspension, refusal to apply or renew permits.

Any of the following charged offenses in one (1) twelve (12) month period shall consist of grounds for revocation, suspension, or refusal to renew permits:

(1) Any of the following offenses as described in V.T.C.A., Penal Code, ch. 43:
   a. Prostitution;
   b. Promotion of prostitution;
   c. Aggravated promotion of prostitution;
   d. Compelling prostitution;
   e. Obscenity;

(2) Any of the following offenses as described in V.T.C.A., Penal Code, ch. 21:
   a. Public lewdness; or
   b. Indecent exposure; or

(3) Harboring a runaway child as described in V.T.C.A., Penal Code, ch. 25;

(4) Criminal attempt, conspiracy or solicitation to commit any of the above offenses;

(5) Human trafficking as described in V.T.C.A., Penal Code, ch. 20A;

(6) Human smuggling as described in V.T.C.A., Penal Code, ch. 20.05; or

(7) Any violation of this chapter.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-23. Denial, suspension and revocation of permits; hearing board; appeal; revocation of certificate of occupancy.

(a) A massage establishment permit may be denied, revoked or suspended by the chief in any case where any of the provisions of this chapter are violated, or where any employee of the permittee is or was engaged in any conduct which violates any of state laws or city ordinances at the establishment and the permittee has actual or constructive knowledge thereof. A criminal charge is sufficient to move forward with suspension or revocation regardless of whether there has been a conviction at that time.

(b) A board comprised of the chief, development services director or designee, and the city manager or designee shall hear all appeals in which a permit has been required, denied, revoked or suspended. The board shall have the authority to determine, after hearing, to uphold, modify, or reverse the decision by the chief.

(c) An appeal must be filed with the vice division of the department within ten (10) calendar days of the decision of the chief.

(d) The appellate hearing shall be held no later than twenty (20) business days from receipt of appeal.

(e) Written decision of the board shall be issued within ten (10) calendar days of hearing.

(f) The decision of the board shall be final.

(g) If a massage establishment permit is revoked, the establishment's certificate of occupancy shall be revoked pursuant to chapter 10, City of San Antonio Code of Ordinances.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-24. Transfer of permit prohibited.

No massage establishment permit is transferable, severable or divisible, and such authority as a permit confers shall be conferred only upon the permittee named therein.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

ARTICLE IV. PENALTY PROVISIONS

Sec. 17-25. Penalty.

Any person who intentionally, knowingly or recklessly violates any provision of this chapter shall be deemed to be guilty of a misdemeanor and shall upon conviction be punished by a fine not exceeding five hundred dollars ($500.00).
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-26. Authority to file suit.

The city attorney is hereby authorized to file suit to enjoin any violation of this chapter in addition to or in lieu of any other remedies set forth in this chapter or under any other applicable state statute to enjoin the violation of this chapter.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

Sec. 17-27. Remedies.

Civil enforcement and criminal penalties are alternative remedies that may be sought independently of each other. Criminal prosecution may occur regardless of pursuit of civil remedies and vice versa.
(Ord. No. 2019-02-14-0122, § 1, 2-14-19)

ARTICLE I. IN GENERAL

Sec. 18-1. Short title.

This chapter 18 shall be known and captioned as "Mobile Living Parks."
(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-2. Interpretation and purpose.

The mobile living parks have the potential environmental, sanitation, and safety problems of a small, compact, permanent residential subdivision, while existing on the private property of the park owner, who is responsible for the upkeep of the private streets, roads, utilities, and common facilities throughout the park. The purpose of these regulations is to assure the park community residents an environment in accordance with the City Code, and to protect and promote the health, safety and general welfare of park residents and those living near the parks. If the standards or requirements of any other applicable provision of the City Code are more restrictive, the latter shall control.
(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-3. Definitions.

The definitions herein apply only to this chapter regulating park operations. They are related to the environmental, sanitation, and safety of its residents, with particular attention to water supply hookups and sewer line hookups, and are not to be used interchangeably with definitions in other ordinances in the unified development code, or in statutes of the state or the federal government.

For the purposes of this chapter, the following terms, phrases, words and their derivations shall have the following meanings:

Camping trailer shall mean a portable unit mounted on wheels and constructed of collapsible partial side walls which fold for towing by another vehicle and unfold to provide living quarters.

Comfort station means a public restroom and/or wash facilities.

Dependent mobile living unit shall mean a mobile living unit: (1) without its own sewer and/or water connections to accommodate a flush water closet, or (2) without a tub and/or shower, or (3) without a lavatory and/or sink within the unit, making the mobile living unit "dependent" upon outside facilities for these comforts.

Director shall mean the director of development services or an authorized representative.

Health department is the public health department of the City of San Antonio.

HUD-Code manufactured home means a structure constructed on or after June 15, 1976, according to the rules of the United States Department of Housing and Urban Development, transportable in one or more sections, which, in the traveling mode, is eight (8) body feet or more in width or forty (40) body feet or more in length, or, when erected on site, is three hundred twenty (320) or more square feet, and which is built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to the required utilities, and includes the plumbing, heating, air-conditioning, and electrical systems.

Licensee shall mean any person or other legal entity licensed to operate and maintain a mobile living unit park under the requirements and provisions of this chapter.

Mobile home means a structure that was constructed before June 15, 1976, transportable in one or more sections, which, in the traveling mode, is eight (8) body feet or more in width or forty (40) body feet or more in length, or, when erected on site, is three hundred twenty (320) or more square feet, and which is built on a permanent chassis designed to be used as a dwelling with or without a permanent foundation when connected to the required utilities, and includes the plumbing, heating, air-conditioning, and electrical systems.

Mobile living unit shall mean a HUD-code manufactured home, mobile home, camping trailer, dependent mobile living unit, motor home, recreational vehicle, self-contained mobile living unit, travel trailer, truck camper, and collectively means and refers to all.

Mobile living park means a contiguous development of land that has been separated into two (2) or more mobile living home sites which may or may not be contiguous, which are platted or designed for the accommodation or placement of mobile living units, and which are rented or offered for rent by the site owner.

Mobile living park operator is the park owner, manager, agent, or employee who is in charge of the day to day operations or maintenance of the park facilities and utilities.

Mobile living home site is a plot of ground within a mobile living park which is apparently designed for and designated as the location for only one (1) mobile living unit and not apparently designed to be used for accommodating any other purpose other than the customary accessory structures.

Motor home shall mean a mobile living unit that is a vehicular unit apparently designed to provide living quarters for recreational, camping or travel use, built on or permanently attached to a self-propelled motor vehicle chassis or on a chassis cab or van which is an integral part of the vehicle.

Recreational vehicle shall mean a type of mobile living unit that is a vehicle:

(1) Built on a single chassis;

(2) Four hundred (400) square feet or less when measured at the largest horizontal projections;

(3) Self-propelled or permanently towable by a car or light duty truck; and

(4) Designed primarily for recreational, camping, travel, or seasonal use.

Self-contained mobile living unit shall mean a mobile living unit having a water-flush toilet, lavatory, tub or shower, and kitchen sink, all of which are connected to water storage and sewage holding tanks located within the unit and which facilities are also capable of being connected to outside utilities. A mobile living unit shall not be considered self-contained unless all plumbing fixtures and electrical outlets are both capable of being operated independent of outside utilities and capable of being connected to outside utilities.

Travel trailer shall mean a type of mobile living unit that is a vehicular portable structure built on a permanent chassis, designed by the manufacturer to be towed by another vehicle and used as a dwelling, and which:

(1) In the traveling mode does not require a special highway permit;

(2) Is less than eight (8) feet in width; and

(3) Is less than forty (40) feet in length exclusive of pulling or towing equipment.

Truck camper shall mean a mobile living unit constructed to provide living quarters for recreation travel, or camping use, consisting of a roof, floor, and sides designed to fit onto the bed of a truck. Such units are, for the purpose of this chapter, considered a dependent type of mobile living unit because they do not have a water supply line hookup or a sewer hookup.
(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-4. Reserved.

Sec. 18-5. Authority of the director.

The director shall coordinate with the health department, department of human services, and any other city or county department as necessary to implement and enforce this chapter. This may, by written order, establish such procedures, not inconsistent with this chapter or other city, state, or federal rules or regulations, as the director determines are necessary to discharge any duty under this chapter.
(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-6. General prohibition against mobile living unit being parked outside licensed parks.

It shall be unlawful for a mobile living park owner, operator, or licensee to cause or allow to be parked, a mobile living unit in violation of the zoning requirements of the unified development code of the city, and other applicable regulations in chapter 19 the City Code.
(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-7. Nonconforming uses.

Any mobile living unit park in violation of the provisions of this chapter constitutes a public nuisance, and the city attorney is hereby authorized to institute litigation to restrain the operation of the park until the cessation of the public nuisance. Licensees of mobile living parks existing prior to September 3, 1970 shall bring the mobile living park into conformance with respect to the public health and safety provisions of this chapter not later than October 1, 1997. Any suit seeking a court order for the cessation of park operations shall also seek termination of all utilities after reasonable notice to all residents by posting a letter of notice in a prominent place at all entrances, and at one or more places of gathering or at a comfort station in the park.
(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-8. Registration of park owner/manager/agent required.

Each mobile living park shall be under the direct, day to day management of the owner or his designated agent operator, or an employee manager. The full name, address and date of birth and contact telephone number of the owner, and designated agent operator or employee manager shall be registered with the director by the park owner, and any change of ownership or management or operator shall be reported to update said registration within thirty (30) days of any change. Failure by the park owner to register the name and address of said owner, and the name and address of the park manager or agent operator shall constitute good cause for the revocation of the mobile living park license on the tenth day after notice is deposited with the United States Postal Service by certified mail to the park owner at the park owner's registered address or last known address. Automatic revocation shall occur on the tenth day, unless a hearing is requested by the park owner in writing. If the park owner fails to comply with this section, he or she shall thereafter be in violation of this chapter.
(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-9. Records required.

Copies of all records generated from the daily operation, management, supervision, repair, and maintenance of the mobile living park and other records related to the protection of health or safety shall be available for inspection by the director during normal business hours. These records shall also include a listing of sites being used at any time during the licensing period. The original records or complete copies thereof shall be maintained by the registered park manager or registered park owner, in the park's business office or where rents are paid in the park. Failure of the park manager or operator to maintain auditable records is hereby declared to be a separate and distinct misdemeanor crime.
(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-10. Rules of conduct for mobile living park.

It shall be the duty of the owner of a mobile living park to prescribe rules and regulations for residents, consistent with this chapter, and to make adequate contract provisions for the enforcement of such rules.
(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-11. Duties of owner regarding health and safety.

It shall be the duty of both the owner and the operator or manager or agent in charge of the day to day operation of a mobile living park, to comply strictly with the following requirements:

(1) To take such emergency measures as deemed necessary by the director to preserve the immediate health and safety of all persons residing in the mobile living park;

(2) To report to the director all known cases of communicable disease affecting any resident, guest or employee of the mobile living park; and

(3) To facilitate City Code inspections and audits requested by the director to determine compliance with this chapter.

(4) To comply with all City Code requirements and standards which relate to public health and safety, to assist and cooperate with any city official in the investigation of alleged violations of any

city ordinances within the park, and to facilitate the officials' ingress into the park to the alleged violation site.

(5) In the event that the mobile living park, in whole or in part, is closed for health reasons, is subject to an immediate vacate order by the director, or has been declared a nuisance by the city due to health and safety concerns, the owner shall be responsible for all moving costs and related expenses for the tenants and renters on the property as are affected by the nuisance conditions, and shall finalize and execute all arrangements to move them by a date certain, as determined by the city.

a. The owner shall immediately post a performance bond of $100,000.00, payable to the city, for the costs to remediate and cure the nuisance conditions, as well as to move such tenants and renters as are affected.

b. In the event that the city has to move the owner's tenants and renters from the property, the performance bond of $100,000.00 shall be forfeit to the city and the amount paid in full. If the costs to the city exceed $100,000.00, the owner shall be strictly liable to the city for the additional costs and shall pay the remainder no later than thirty (30) days after notice has been mailed to the owner.

(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

ARTICLE II. LICENSES AND INSPECTIONS

Sec. 18-12. Licenses required.

It shall be unlawful for any person to establish, maintain or operate within the city a mobile living park by the day, week, month, or longer period of time, for compensation, unless there has been obtained by the owner or operator of the mobile living park a license issued by the director. The license is non-transferable; upon sale or transfer of ownership, the new owner shall apply for a license within thirty (30) days of the sale or change of ownership.

(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-13. Application for license; plans required; late charge.

(a) All applications for licenses to operate a mobile living park must be made in writing to the director on a form prescribed by the said director and shall, among other things, contain:

(1) The name, residence, business address, contact phone number, and email address of the applicant (this information shall be listed for each member of a partnership or each officer of a corporation);

(2) The name and nature of the proposed operation; and

(3) The present zoning, address, and legal description of the premises for which application is being applied.

(b) All applications must contain the following statement:

The license applied for shall be subject to all provisions of the codes and ordinances of the City relating to mobile living parks as well as all state and federal regulations relating to such operations. All applications must be signed and sworn to by the party applying for the license (by a general partner of a partnership and by an officer of a corporation) before a notary public or other official authorized to administer oaths.

(c) The application must include:

(1) A zoning verification letter stating that the proposed new use of the property complies with the city's unified development code.

(2) If a septic system is in use on the property a letter from Bexar County Development Services a licensed plumber will be required providing proof that the system is in sound condition.

(3) The director may require code enforcement officers to physically ascertain that supportive documents of all permits are

kept on file at the operate a mobile living park. In such cases, the application shall not be approved until the officers have ascertained the documents' existence and validity. Enforcement of federal or state requirements shall remain the responsibility of the appropriate agencies.

(4) A statement that, by filing the application, the applicant swears or affirms under penalty of perjury that to the best of the applicant's knowledge, all information contained in the application is true and correct and that the application is complete and includes all information required to be disclosed under this section.

(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-14. License fee.

There shall be a license fee of thirty five dollars ($35.00) per annum for each useable mobile living park site, occupied or unoccupied. The license fee shall be payable by the park owner. The license fee shall be collected by the development services department before a license or any renewal thereof is issued to operate such mobile living park. The license fee shall be based upon the number of useable sites as of October 1st, which is the first day of each licensing year, plus any additional sites that are made useable on any day of the license year, and shall be payable annually, in advance, not later than the last day of October of the new licensing year or upon making the site useable. The development services department shall issue a receipt on a form prescribed for that purpose. No sites may be made useable during the licensing year which are not licensed on October 1st without first paying the annual license fee per space. If one structure or combination of structures on one site overlaps onto a second site, regardless of the nonuse of the second site's utility hookups, the second site shall incur the license fee. If the park owner also owns the structure on a site, the leasing of the structure constitutes leasing of the site on which it is situated for purposes of this chapter.

Upon issuance or renewal of the license, the owner or operator shall attend a mandatory training class, to be completed within thirty (30) days after the license date is issued or renewed. (Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-15. Issuance or denial of license.

(a) Following the receipt of an application for a license required by this article together with the list of identified usable sites and the payment of the prescribed annual license fee based upon the number of usable sites, the director shall conduct such investigation as he or she deems necessary to determine whether the applicant's mobile living park and the sites therein meet the minimum requirements of this chapter.

In determining whether to grant or renew the license the director shall take into account the global legal history of the owner(s) and operator(s). Said legal history shall include all civil and criminal actions which have been taken against the owner(s) and operator(s), specifically as they relate to Code, environmental, and health violations of local, state and federal laws.

(b) The director shall issue or deny a license to operate the mobile living park or any of the site(s) therein within ten (10) working days. Failure to issue a denial of a license for the park or denial of the right to use any mobile living park sites therein within the ten (10) day time limit shall constitute license approval of the subject park or approval of the subject sites.
(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-16. Inspections; declaration of a public nuisance.

(a) The director and each inspector of the city acting under his or her authority, for the purpose of protecting the public health, safety, and general welfare, is hereby authorized and directed at any or all reasonable times to make quarterly and/or yearly inspections of mobile living park and each mobile living park site therein to determine compliance with this chapter and all other applicable ordinances of the city. To ensure

continued compliance with the requirements of this section a mobile living park may be inspected in the following methods:

(1) Proactive inspections. The city's development services department will perform regular inspections for compliance with this chapter;

(2) Quarterly inspections will focus on continued compliance with the city property maintenance code, chapter 6 building code, chapter 10 building code, chapter 11 fire code and the health code; and/or

(3) Annual inspections will be conducted for all exterior maintenance of mobile living units trailers

(b) Inspections will include, but are not limited to:

(1) Private roadways, electric, water, and sewer connections. All plumbing fixtures shall be properly connected to either the public sanitary sewer or to an approved private sewage disposal system

(2) Septic systems must be properly registered with Bexar County and should be regularly maintained.

(3) Maintenance includes proper anchorage trailers and decks, porches, rails, and stairs.

(4) Recreational vehicle parks will be inspected in accordance with local codes and NFPA standard 1194.

(c) A code enforcement officer, sanitarian, fire inspector, or peace officer may inspect mobile living parks upon reasonable suspicion of a violation of an activity or required performance regulated under this chapter. A form shall be prescribed by the respective department to be completed at the time of such inspection indicating the date the inspection occurred and will be provided in person, posted on property, mailed CMRRR or regular mail if posted to the representative and/or mailed to permittee.

(d) Conditions maintained in violation of this division which impact public health, safety, or welfare, or which deprive neighbors of their safe or peaceful use of nearby properties are unlawful and a public nuisance. Further, a failure to allow inspections as required is unlawful.
(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-17. Suspension and revocation of license.

(a) *Suspension.* Any license to operate a mobile living park issued under the provisions of this chapter may be suspended by the director for the violation of any of the provisions of this division which constitutes an immediate health or safety hazard. Such suspension notice, hand delivered or mailed by certified mail, return receipt requested shall take effect immediately upon said written notice. The suspension of the license may be lifted by the director as soon as he or she deems the park to be in compliance with this chapter, with or without re-inspection. In the event of suspension by the director, the licensee shall have the right to appeal per section 18-20 of this chapter.

(b) *Revocation.* For failure to comply with the terms of this chapter, the director may revoke any license issued under provisions of this division after an administrative due process hearing pursuant to section 18-20, at which the license holder shall be given an opportunity to be heard and present evidence relevant to the issue in question.

(c) *Notice.* If after the administrative hearing, the director makes the determination to permanently revoke or temporarily suspend the mobile living park license, the director shall post a public notice in a conspicuous place at each entrance to the mobile living park. The notice shall state: "Violation Notice: This is an unlicensed park, and is not available for new occupancy by order of the Director of Development Services." The removal or destruction of this notice shall constitute a misdemeanor crime.
(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-18. Comfort stations.

(a) Each mobile living park that provides accommodations for dependent mobile living units shall provide one or more comfort stations in the park.

(b) Each comfort station shall have separate facilities for male and female residents which contain not less than:

(1) One flush toilet each sex.

(2) One lavatory for each sex, supplied with hot and cold running water under pressure.

(3) One shower for each sex, supplied with hot and cold running water under pressure.

(4) One laundry sink or washing machine supplied with hot and cold running water under pressure.

(5) One mop sink, at least fourteen (14) by fourteen (14) inches square and fourteen (14) inches deep supplied with hot and cold running water under pressure.

(6) Plumbing fixtures shall be maintained in working order and proper repair, and in full compliance with applicable city codes.

(c) The plumbing fixtures listed in subsection (b) will accommodate up to twelve (12) dependent mobile living units. For each additional ten (10) dependent mobile living units or fraction thereof, one flush toilet, one shower and one lavatory shall be provided for each sex, with laundry facilities as described in subsection (b)(4).

(d) If the mobile living park does not accept any dependent mobile living units, the requirements of subsection (b) shall be waived.

(e) Comfort stations shall meet the following requirements prior to license issuance or renewal:

(1) The interior shall be lighted with a minimum of forty (40) foot candles of illumination at lavatories and laundry facilities, if applicable.

(2) The interior finish shall be of moisture resistant material which shall withstand frequent washing and cleaning. Floors shall be constructed of concrete or other equally impervious, easily cleanable material.

(3) Water heaters shall be of adequate size to supply a minimum of three (3) gallons of water per hour per useable mobile living park site.

(4) All rooms shall be well ventilated with all openings effectively screened with size sixteen (16) mesh screens.

(5) Comfort stations, dressing rooms, toilets, showers stalls, plumbing fixtures, and surrounding areas shall at all times be kept clean, sanitized, well dried, and in useable working condition.

(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-19. Reserved.

Sec. 18-20. Appeals.

If the director denies issuance or renewal of a permit or suspends or revokes a permit issued under this article, the action is final unless the permit applicant or holder files a written appeal within ten (10) business days to the director, or his designee. Appeals regarding technical matters will be reviewed by the building related and fire codes appeals and advisory board. Appeals regarding the maintenance of a property will be heard by the building standards board (BSB).
(Ord. No. 2017-12-14-1009, § 1, 12-14-17)

Sec. 18-21. Enforcement provisions.

It is unlawful for a person to do or perform any act prohibited by this division, and it shall be unlawful for a person to fail to do or perform any act required by this division. Anyone who violates any provision of this Act shall be liable to be prosecuted in criminal and civil courts by the city, under all applicable provisions and laws as authorized by the city and the state, and will be strictly accountable for any penalties and punishments accrued therefrom.

Criminal enforcement: A violation of this Act is a strict liability offense, and no mental state is necessary for proof of the defendant's culpability. A violation of this division is a Class C misdemeanor offense. Upon finding of culpability, a person shall be fined an amount not less than one hundred dollars ($100.00), nor more

than five hundred dollars ($500.00). Each day in which a violation occurs shall constitute a separate violation.

Administrative hearing officer enforcement: All violations of the provisions of this chapter and of the rules and regulations established by the director, determined to be related to health and safety violations may be enforced by administrative adjudication.

The total fines, costs, and fees per violation shall not be less than three hundred dollars ($300.00) and shall not exceed one thousand dollars ($1,000.00). The total fines, costs, and fees shall not be less than five hundred dollars ($500.00); for the second violation of said sections. The total fines, costs, and fees shall not exceed one thousand dollars ($1,000.00) for the third violation of said sections. Fines assessed shall be paid before a new license will be issued each year. Violators shall be issued a summons. The summons must provide information as to the time and place of an administrative adjudication hearing.

The designated administrative hearing officer may question witnesses and review documents presented by the parties before issuing an order. The order shall be in writing and shall state whether the person charged is liable for the violation, and the amount of any fines assessed against the person or company charged. The fines shall be assessed in accordance with this section. The failure of any person charged with a violation to appear at the hearing shall be an admission of liability for the charged violation, and will result in default judgment.

Fines, costs, or fees assessed by the hearing officer may be levied against the license/permit holder, if the person summoned or the holder for whom such person works, fails to pay such fines, costs, or fees within thirty (30) days after the order is filed.

A person determined by the administrative hearing officer to be in violation may appeal the decision to municipal court by filing an appeal petition with the municipal court clerk not later than thirty (30) days after the order is filed and by paying the a twenty-five dollar ($25.00) appeal filing fee. The appeal hearing must be held within ten (10) days of the filing of the appeal petition. The appeal hearing before a municipal court judge shall be pursuant to the pure substantial evidence rule and limited to affirming, reversing, or modifying the order issued by the administrative hearing officer, based upon the evidence presented to the administrative hearing officer as reflected in the court records and transcripts. It is the sole responsibility of the person appealing the administrative hearing officer's decision, to formally request in writing that a record be made of the hearing prior to the actual hearing. The record of witness testimony may be preserved for appellate review by the use of an audio tape recording or a video tape recording. All costs, including costs to transcribe audio or video recordings to written documents, all other transcripts and all court records, shall be paid for by the person appealing the administrative hearing officer's decision, and must be fully paid upon notice of appeal, or notice of cost from the court clerks, whichever is later.

Neither a notice of intent to appeal nor the filing of an appeal petition shall stay the enforcement and collection of the judgment order unless the service of the notice of appeal is preceded by the posting of a cash bond in the same amount of the adjudged penalty. However, the bond may not in any case be for a sum less than fifty dollars ($50.00).

Appeals of default judgments before an administrative hearing officer are defined as follows. "Default judgment" means that which is defined in § 239 et seq. of the Texas Rules of Civil Procedure. Upon appeal of a default judgment, the standard rules apply. Because these cases are fine-only civil enforcement actions taken before an administrative hearing officer, for an appeal, no transcript of a hearing is necessary, nor is it necessary for any evidence to be presented or preserved before the administrative hearing officer. Additionally, a correct copy of the original petition or affidavit of the Code officer shall be adequate proof of the underlying charges or claims, so long as the same are legally sufficient.

Civil injunction enforcement: Violations of the provisions of this chapter which rise to the level of a common or public nuisance will be liable to being enjoined by the city in an injunctive lawsuit in state district court. In addition to being restrained by order of the court, the violators may be subject to further penalties—both monetary and injunctive—as well as being held responsible to pay the city for the city's attorneys' fees and all such costs for pursuing this lawsuit against them.

ARTICLE I. IN GENERAL

Sec. 19-1. Definitions.

The following words and phrases when used in this chapter shall for the purpose of this chapter have the meanings respectively ascribed to them in this section.

Alley shall mean minor ways which are used primarily for vehicular service access to the back or the side of properties otherwise abutting on a street.

Ambulance shall mean any privately owned vehicle equipped or used for transporting the wounded, injured or sick.

Authorized emergency vehicle shall mean vehicles of the fire department, police vehicles, public and private ambulances for which permits have been issued by the state board of health, emergency vehicles of municipal departments or public service corporations as are designated or authorized by the governing-body of an incorporated city, private vehicles operated by volunteer firemen or certified emergency medical services volunteers while answering a fire alarm or responding to a medical emergency, and vehicles operated by blood banks or tissue banks, accredited or approved under the laws of this state or the United States, while making emergency deliveries of blood, drugs or medicines, or organs.

Barricade shall mean every barrier, obstruction or block placed upon or across any road, street or highway of this city by an authorized person for the purpose of preventing the passage of motor vehicles over such street, road or highway during a period of construction or during a flood or other emergency.

Boot means a device intended to immobilize a vehicle and designed to attach to the tire or wheel.

Boundary street shall mean a public street which is adjacent to and abutting one (1) or more sides of the proposed site.

Build-out year shall mean the proposed year of completion of the land development project, when its capacity for attracting and producing traffic is maximized.

Central business district shall mean all streets and portions of streets within the area bounded as follows: Beginning at the interchange between Durango Boulevard and I.H. 35 Expressway; thence northward and eastward along I.H. 35 Expressway to I.H. 37 Expressway; thence southward on I.H. 37 Expressway to Durango Boulevard; thence westward along Durango Boulevard to I.H. 35 Expressway the point of beginning.

Commercial motor vehicle shall mean a motor vehicle, other than a motorcycle, designed or used primarily to transport property. The term shall include a passenger car reconstructed and used primarily for delivery purposes, but shall not include a passenger car used to deliver the United States mail.

Controlled-access highway shall mean every highway, street or roadway in respect to which owners or occupants of abutting property or -lands and other persons have no legal right of access to or from the same, except at such points only and in such manner as may be determined by the public authority having jurisdiction over such highway, street or roadway.

Crosswalk shall mean:

(1) That part of a roadway at an intersection included within the connections of the lateral lines of the sidewalks on opposite sides of the highway measured from the curbs, or in the absence of curbs from the edges of the traversable roadway;

(2) Any portion of a roadway at an intersection or elsewhere distinctly indicated for pedestrian crossing by lines or other markings on the surfaces.

Decal parking shall mean the duly authorized loading zone parking of a vehicle with a decal parking program sticker or visitor permit prominently displayed in the front window on the driver's side of the vehicle. The time limit for decal parking need not be posted since notice of all rules and regulations applicable to decal parking are provided to decal purchasers. Decal parking includes parking with a visitor permit.

Driver shall mean every person who drives or is in actual physical control of a vehicle.

Driveway shall mean every way or place in private ownership and used for vehicular travel by the owner and those having express or implied permission from the owner but not by other persons.

Flashing emergency light shall mean any lamp mounted on an authorized emergency vehicle or ambulance which displays a flashing light visible under normal atmospheric conditions from a distance of five hundred (500) feet from such vehicle.

Intermediate construction phase shall mean on land development projects with multiple phases of construction, there may be several intermediate construction phases which precede the final construction phase. The final construction phase is completed in the build-out year.

Intersections shall mean the area embraced within the prolongation or connection of the lateral curb lines, or, if none then the lateral boundary lines of the roadways of two (2) highways which join one another at or approximately at right angles, or the area within which vehicles traveling upon different highways joining at any other angle may come in conflict.

Laned roadway shall mean a roadway which is divided into two (2) or more clearly marked lanes for vehicular traffic.

Loading zone shall mean that space adjacent to a curb reserved for the exclusive use of commercial vehicles during the loading and unloading of materials and decal parking. Loading zones shall be established only by ordinance, and the city traffic engineer shall designate such zones by the erection and maintenance of signs giving public notice of each loading zone, its hours of enforcement, and the length of parking time allowed, except that decal parking time limits need not be posted.

Moped shall mean a motor-driven cycle whose speed attainable in one (1) mile is not more than thirty (30) miles per hour and that is equipped with a motor that produces not more than two-brake horsepower. If an internal combustion engine is used, the piston displacement may not exceed fifty (50) cubic centimeters and the power drive system may not require the operator to shift gears.

Motorcycles shall mean every motor vehicle having a saddle for the use of the rider and designed to travel on not more than three (3) wheels in contact with the ground, but excluding a tractor.

Motor-driven cycle shall mean every motorcycle with a motor which has an engine piston displacement of not more than one hundred twenty-five (125) cubic centimeters.

Motor vehicle shall mean every vehicle which is self-propelled and every vehicle which is propelled by electric power obtained from overhead trolley wires but not operated upon rails.

No parking zone shall mean any and all places designated as no parking zones by the traffic engineer and identified as such by appropriate signs.

Occupancy shall mean the presumed level of build out as estimated by the property owner of the proposed development at the later of five (5) years or build out.

Official traffic-control devices shall mean all signs, signals, markings, and devices not inconsistent with this Act placed or erected by authority of a public body or official having jurisdiction, for the purpose of regulating, warning, or guiding traffic and includes:

(1) *Traffic control signal* which shall mean any device, whether manually, electrically, or mechanically operated, by which traffic is alternately directed to stop and permitted to proceed.

(2) *Railroad sign or signal* which shall mean any sign, signal or device erected by authority of a public body or official or by a railroad and intended to give notice of the presence of railroad tracks or the approach of a railroad train.

Owner shall mean a person who holds the legal title of a vehicle. In the event a vehicle is the subject of an agreement for the conditional sale or lease with an option to purchase, and with an immediate right of possession vested in the conditional vendee or lessee, such conditional vendee or lessee shall be deemed the owner for the purpose of this chapter.

Paid-parking zone means both parking meter zones and pay station zones.

Park shall mean the standing of a vehicle, whether occupied or not, upon a street otherwise than temporarily for the purpose of, and while actively engaged in, receiving or discharging passengers or loading or unloading merchandise or in obedience to traffic regulations, signs, or signals or an involuntary stopping of a vehicle by reason of a cause beyond the control of the operator of the vehicle.

Parking meter means a device, other than a pay-and-display station or a pay-by-space station, located at a parking space and intended to receive money for parking. Multiple parking meters may be located on one (1) pole.

Parking meter space means a space for which a parking meter is installed.

Parking meter zone means an area in which parkers must pay a parking meter to park.

Pay station means any electronic device that is either a pay-and-display station or a pay-by-space station. Parking meters are not pay stations.

Pay station zone means an area in which parkers must pay a pay station to park.

Pay-and-display station means an electronic pay station that dispenses a receipt for payment to be displayed as required in section 19-221.

Pay-by-space station means an electronic device serving multiple parking spaces at which a customer enters the number of the space occupied and pays. The station records the space numbers for which payment has been made and for how long payment has been made.

Peak hour trips (PHT) shall mean the number of traffic units generated by and attracted to the proposed development during its heaviest hour of use, dependent on type of use.

Pedestrian shall mean any person afoot.

Phased construction project shall mean any land development project which is developed in greater than a single phase. Such projects are identified by the issuance of permits or approvals of submittals to the city.

Pole trailer shall mean every vehicle with or without motive power designed to be drawn by another vehicle and attached to the towing vehicle by means of a reach or pole, or by being boomed or otherwise secured to the towing vehicle, and ordinarily used for transporting long or irregularly shaped loads such as poles, pipes, or structural members capable, generally, of sustaining themselves as beams between the supporting connections.

Police officer shall mean every officer authorized to direct or regulate traffic or to make arrests for violations of traffic regulations.

Private road shall mean every way or place in private ownership and used for vehicular travel by the owner and those having expressed or implied permission from the owner but note by other persons.

Projected traffic shall mean the traffic which is projected to exist on an existing or proposed street, exclusive of site-generated traffic.

Railroad shall mean a carrier of persons or property upon cars, other than street cars, operated upon stationary rails.

Railroad train shall mean a steam engine, electric or other motor, with or without cars coupled thereto, operated upon rails, except streetcars.

Recreational vehicle shall mean any motor vehicle, including an oversized motor vehicle, primarily designed as temporary living quarters for recreational camping or travel use including a travel trailer, camping trailer, truck camper, and motor home.

Right-of-way shall mean the right of one (1) vehicle or pedestrian to proceed in a lawful manner in preference to another vehicle or pedestrian approaching under such circumstances of direction, speed and proximity as to give rise to danger of collision unless one grants precedence to the other.

Road tractor shall mean a vehicle designed for the purpose of mowing the right-of-way of a public

highway, or a motor vehicle designed or used for drawing another vehicle or a load and not constructed to carry:

(1) An independent load; or

(2) A part of the weight of the vehicle and load to be drawn.

Roadway shall mean that portion of a street or highway improved, designed, or ordinarily used for vehicular travel. In the event a highway includes two (2) or more separate roadways the term "roadway" as used herein shall refer to any such roadway separately but not to all such roadways collectively.

Safety zone shall mean the area or space officially set apart within a roadway for the exclusive use of pedestrians and which is protected or is so marked or indicated by adequate signs as to be plainly visible at all times while set apart as a safety zone.

School bus shall mean every motor vehicle owned by any private, public or governmental agency and operated for the transportation of children to or from school. Provided, however, that the term "school bus" shall not include motor vehicles which do not conform to the rules, regulations and standards established by the state department of education in regard to color and marking, nor shall it include any vehicle constituting a part of the fleet of any street transportation company serving the public generally.

School crossing zone shall mean that portion of any street or public property which, on the basis of an engineering and traffic investigation, the traffic engineer may designate for the crossing of those attending a school or other institution of learning.

School or other institution of learning shall mean any public or private organization giving regular instruction and having an average daily attendance of fifty (50) students or more.

School zone shall mean each and every street and all public property or ways within one thousand (1,000) feet of the boundaries of any school or other institution of learning.

Semitrailer shall mean a vehicle designed or used with a motor vehicle so that part of the weight of the vehicle and its load rests on or is carried by another vehicle.

Sidewalk shall mean that portion of a street between the curb lines or the lateral lines of a roadway and the adjacent property lines intended for the use of pedestrians.

Site-generated traffic shall mean vehicular trips attracted to, or produced by, the proposed development site.

Street or highway shall mean the entire width between the boundary lines of every way publicly maintained when any part thereof is open to the use of the public for purposes of vehicular traffic.

Study area boundary shall mean the limits of the area in which analysis is conducted or for which information is provided. This area is determined by the property owner or its representative, and agreed to by the city traffic engineer, based on the size of the development and the PHTs projected to be generated by the proposed development. In the case of a level 1 or 2 TIA, this may include the site, and the area within a distance no greater than one-fourth (¼) mile from the boundary of the site. In the case of a level 3 TIA, this area will be determined by the property owner based on sound engineering judgment and agreed to by the city, but in all cases shall be no more than the area contained in a one-mile radius from the site. In those instances where the property owner has neither submitted preliminary plans nor applied for an initial development permit prior to the effective date of this ordinance, the determination of the area to be studied by the property owner must be approved by the city's traffic engineer for all TIA levels, and before granting approval of a level 2 TIA, the city's traffic engineer may require the area of the study to exceed the maximum area prescribed above by one-fourth (¼) mile.

Through highway shall mean every highway or portion thereof on which vehicular traffic is given preferential right-of-way, and at the entrances to which vehicular traffic from intersecting highways is required by law to yield right-of-way to vehicles on such through highway in obedience to

a stop sign, yield sign or other official traffic-control device, when such signs or devices are erected as provided in this chapter.

Traffic shall mean pedestrians, ridden or herded animals, vehicles, buses, and other conveyances either singly or together while using any street for purposes of travel.

Traffic control device shall mean any electric traffic control signals, stop signs, yield right-of-way signs, and any other such device designed and used to control the movement of traffic.

Traffic-control signal shall mean any device, whether manually, electrically, or mechanically operated, by which traffic is alternately directed to stop and permitted to proceed.

Traffic engineer shall mean the director of traffic and transportation for the city.

Trailer shall mean a vehicle that:

(1) Is designed or used to carry a load wholly on its own structure; and

(2) Is drawn or designed to be drawn by a motor vehicle.

Trip generation summary shall mean a table summarizing the trip generation characteristics of the development for the entire day and the a.m. and p.m. peak periods including the rates and units used to calculate the number of trips. Information on appropriate trip generation rates and procedures may be obtained by contacting the public works department. Institute of Transportation Engineers trip rates will be used unless a better source is identified and is acceptable to the Director of Public Works or his/her designee.

Truck shall mean every motor vehicle designed, used or maintained primarily for the transportation of property.

Truck-tractor shall mean a motor vehicle:

(1) Designed and used primarily for drawing another vehicle; and

(2) Not constructed to carry a load other than a part of the weight of the vehicle and load to be drawn.

Vehicle shall mean every device in, upon, or by which any person or property is or may be transported or drawn upon a highway, except devices used exclusively upon stationary rails or tracks.

Warning sign shall mean every sign, signal, marking and device erected or placed upon any street, road, highway or barricade, or erected or placed upon any street, road or highway within the city which is under construction or being repaired for the purpose of regulating, warning or guiding motor vehicular traffic or otherwise stating the conditions under which traffic by motor vehicle may be had upon such street, road or highway. A warning sign shall include, but shall not be limited to a flagman placed upon any street, road or highway for the purpose of directing traffic around or upon such street, road or highway as is under construction or in the process of being repaired.

State law reference—Similar provisions, Vernon's Ann. Civ. St. art. 6701d, §§ 1—20H.

Sec. 19-2. Reservation of powers.

Nothing in this chapter shall be construed as prohibiting the city from providing for bus stops, for taxicab stands and other matters of similar nature, including the loading or unloading of trucks, vans or other commercial or noncommercial vehicles within the parking meter zones provided for by this article.

(Code 1959, § 38-99)

Sec. 19-3. Exercise of police powers.

This chapter shall be deemed and construed to be an exercise of the police power of the city for the preservation and protection of the public safety, and all of its provisions be liberally construed with a view to the effectuation of such purpose.

(Code 1959, § 38-100)

Sec. 19-4. Required obedience to traffic ordinance.

It shall be unlawful for any person to do any act forbidden or fail to perform any act required in this chapter. The penalty for violation shall be as prescribed in section 1-5. Each day of violation shall constitute a separate offense.
(Code 1959, § 38-18)

Sec. 19-5. Public employees to obey traffic regulations.

The provisions of this chapter shall apply to the driver of any vehicle owned or used in the service of the United States government, this state, county or city, and it shall be unlawful for any said driver to violate any of the provisions of this chapter, except as otherwise permitted in this chapter or by state statute.

State law reference—Similar provisions, Vernon's Ann. Civ. St. art. 6701, § 24(j).

Sec. 19-6. Persons propelling pushcarts or riding animals to obey traffic regulations.

Every person propelling any pushcart or riding an animal upon a roadway, and every person driving any animal-drawn vehicle, shall be subject to the provisions of this chapter, except those provisions which by their very nature can have no applications.
(Code 1959, § 38-20)

State law reference—Similar provisions, Vernon's Ann. Civ. St. art. 6701d, § 25.

Sec. 19-7. Use of coasters, roller skates, and similar devices restricted.

(a) No person upon roller skates, or riding in or by means of any coaster, toy vehicle, or similar device, shall go upon any roadway except while crossing a street on a crosswalk and when so crossing such person shall be granted all the rights and shall be subject to all of the duties applicable to pedestrians.

(b) The above section does not apply to roadways within city parks.
(Code 1959, § 38-21; Ord. No. 2008-04-17-0317, § 2, 4-17-08)

Sec. 19-8. Soliciting from occupants of vehicles prohibited; causing a child to solicit from occupants of vehicles prohibited; penalty.

(a) It shall be unlawful for a person to stand on a traffic median, shoulder, improved shoulder or sidewalk and solicit, or attempt to solicit, employment, business or charitable contributions from the occupants of any vehicle on a roadway.

(b) It shall be unlawful for a person to knowingly cause a child ten (10) years of age or younger to stand on a traffic median, shoulder, improved shoulder or sidewalk and solicit, or attempt to solicit, employment, business or charitable contributions from the occupants of any vehicle on a roadway.

(c) For purposes of this section, the term "cause" shall mean aid, direct, hire, encourage, permit, or allow.

(d) Violation of any portion of this section constitutes a misdemeanor punishable by a fine not to exceed two hundred dollars ($200.00).

(e) Notwithstanding the other provisions of section 19-8 or any other provision in the City Code, a person seventeen (17) years of age or older may solicit employment, business or charitable contributions while standing on a traffic median, shoulder, improved shoulder, sidewalk, or the improved portion of the roadway from occupants of any vehicle on a roadway provided said person wears a florescent orange visibility vest, does not impede traffic, enters or remains in a roadway only while the controlling traffic signal prohibits vehicle movement, and has obtained a permit to do so, or who is a member of an organization which has obtained a permit to do so, from the chief of police.

(f) Permits may be issued to no person or organization more than once per calendar year for a period of no more than two (2) consecutive days, which days must fall within fifteen (15) days prior to a nationally-recognized holiday, and for no hours other than those between the hours of 9:00 a.m. and one (1) hour before sunset.

(g) The chief of police shall issue a solicitation permit upon application provided said application states the name and address of the person or organization for whom solicitations are made, the names and addresses of the persons soliciting, the locations at which soliciting will take place, and the times during which the soliciting will take place.

(h) Permit applications must be accompanied by a fee of two hundred dollars ($200.00) and a certificate of insurance signed by an agent authorized to bind coverage indicating that the applicant has obtained, at his sole expense, insurance coverage (1) that is written by an insurance company with an A- or better rating by AM Best and that is admitted and licensed to do business in the State of Texas; (2) that is in full force and effect for the duration of the permit period; (3) that provides one million dollars ($1,000,000.00) of liability coverage per occurrence with no deductible; (4) that insures the applicant and all persons who will be soliciting; (5) that names the City of San Antonio, its officers, employees, and elected representatives as an additional insureds; (6) that provides that any insurance or self-insurance maintained by the city shall apply in excess of and not contribute with it; (7) that is written on an occurrence basis; and (8) that is otherwise acceptable to, and approved by, the risk manager of the City of San Antonio.

(i) Notwithstanding the other provisions of §§ 19-8, 16-227, 16-240 or any other provision of the City Code, a person sixteen (16) years of age or older may solicit the sale of newspapers to occupants of motor vehicles from sidewalks, walkways, raised medians, islands and other off-roadway surfaces and may deliver the newspaper to any such occupant who responds to the solicitation in order to complete the sales transaction so long as doing so does not impede traffic flow and provided that such person wears a fluorescent orange visibility vest. The owner and publisher of the newspaper will be responsible for periodically monitoring the activity of any such solicitor under the age of eighteen (18), such monitoring to be done by an agent or employee of the newspaper who is at least twenty-one (21) years of age. Any solicitor under the age of eighteen (18) must have the consent of a parent or adult having custody of the child.

(j) The owner and publisher of any newspaper distributed pursuant to subsection (i) shall maintain at its sole expense insurance coverage:

(1) That is written by an insurance company with an A- or better rating by AM Best and that is submitted and licensed to do business in the state;

(2) That is in full force and effect at any time sales and distribution are being conducted pursuant to subsection (i);

(3) That provides one million dollars ($1,000,000.00) of liability coverage per occurrence;

(4) That insures the newspaper and all persons who will be selling and distributing on its behalf;

(5) That names the city, its officers, employees and elected representatives as additional insures;

(6) That provides that any insurance or self-insurance maintained by the city shall apply in excess of and not contribute with it; and

(7) That is written on an occurrence basis.

The owner and publisher shall file and keep current a certificate of insurance signed by an agent authorized to bind coverage indicating that the owner and publisher has obtained the aforementioned insurance coverage, with the chief of police.

(Ord. No. 71696, §§ 1—5, 6-7-90; Ord. No. 82745, § 1, 8-31-95; Ord. No. 100823, § 1, 5-5-05)

Cross reference—Peddlers, hawkers, canvassers, and solicitors, § 16-226 et seq.

Sec. 19-9. Vulnerable road users.

(a) In this section, a vulnerable road user means:

(1) A pedestrian, including a runner, physically disabled person, child, skater, highway construction and maintenance worker, tow truck operator, utility worker, other

worker with legitimate business in or near the road or right-of-way, or stranded motorist or passenger;

(2) A person on horseback;

(3) A person operating equipment other than a motor vehicle, including, but not limited to, a bicycle, handcycle, horse-driven conveyance, or unprotected farm equipment; or

(4) A person operating a motorcycle, moped, motor-driven cycle, or motor-assisted scooter.

(b) An operator of a motor vehicle passing a vulnerable road user operating on a highway or street shall:

(1) Vacate the lane in which the vulnerable road user is located if the highway has two (2) or more marked lanes running in the same direction; or

(2) Pass the vulnerable road user at a safe distance.

(c) For the purpose of subsection (b)(2), when road conditions allow, safe distance is at least:

(1) Three (3) feet if the operator's vehicle is a passenger car or light truck; or

(2) Six (6) feet if the operator's vehicle is a truck, other than a light truck, or a commercial motor vehicle as defined by V.T.C.A., Transportation Code § 522.003.

(d) An operator of a motor vehicle that is making a left turn at an intersection, including an intersection with an alley or private road or driveway, shall yield the right-of-way to a vulnerable road user who is approaching from the opposite direction and is in the intersection, or is in such proximity to the intersection as to be an immediate hazard.

(e) An operator of a motor vehicle may not overtake a vulnerable road user traveling in the same direction and subsequently make a right-hand turn in front of the vulnerable road user unless the operator is safely clear of the vulnerable road user, taking into account the speed at which the vulnerable road user is traveling and the braking requirements of the motor vehicle making the right-hand turn.

(f) An operator of a motor vehicle may not maneuver the vehicle in a manner that:

(1) Is intended to cause intimidation or harassment to a vulnerable road user, or

(2) Threatens a vulnerable road user.

(g) An operator of a motor vehicle shall exercise due care to avoid colliding with any vulnerable road user on a roadway or in an intersection of roadways.

(h) It is an affirmative defense to prosecution under this section that at the time of the offense the vulnerable road user was acting in violation of the law.

ARTICLE II. ADMINISTRATION AND ENFORCEMENT

DIVISION 1. GENERALLY

Sec. 19-21. Authority of traffic engineer.

In addition to the maintenance of all official traffic controls, devices and regulations which are established pursuant to separate ordinance and this Code, the traffic engineer is hereby authorized:

(1) To determine and establish speed regulations, school zones, regulatory devices, signs, signals and all other traffic control devices as shall be deemed necessary for the public safety and welfare or to regulate, warn or guide traffic for the safe and expeditious flow thereof.

(2) To place and maintain traffic control signs, signals and devices when and as required under the provisions contained in this chapter to make effective the provisions of this chapter.
(Code 1959, § 38-13; Ord. No. 39650, § 1, 7-8-71; Ord. No. 45301, 5-29-75)

Sec. 19-22. Emergency and experimental regulations.

The traffic engineer is hereby authorized to make and enforce temporary or experimental devices to cover emergencies or special conditions. No such temporary or experimental device shall remain in effect more than two hundred seventy (270) days. The traffic engineer may test traffic control devices under actual conditions of traffic.
(Code 1959, § 38-14; Ord. No. 35903, § 2, 11-2-67)

Sec. 19-23. Authority of police and fire department officials.

(a) It shall be the duty of the officers of the police department, or such officers as are assigned by the chief of police, to enforce all street traffic laws of this city and all of the state vehicle laws applicable to street traffic in this city.

(b) Officers of the police department or such officers as are assigned by the chief of police are hereby authorized to direct all traffic by voice, hand, or signal in conformance with traffic laws, provided that in the event of a fire, flood, or other emergency or to expedite traffic or to safeguard pedestrians, officers of the police department may direct traffic or erect temporary signs or barricades to warn and protect the public, notwithstanding the provisions of the traffic laws.

(c) Officers of the fire department, when at the scene of a fire, may direct or assist the police in directing traffic thereat or in the immediate vicinity.
(Code 1959, § 38-17; Ord. No. 63132, 6-26-86)

State law reference—Powers of local authorities, Vernon's Ann. Civ. St. art. 6701d, § 27.

Sec. 19-24. Obedience to police and fire department officers, barricades; penalty for violation.

(a) It shall be unlawful for any person to wilfully fail or refuse to comply with any lawful order or direction of a police officer or fire department official.

(b) It shall be unlawful for any person to wilfully move a barricade erected by a person authorized to erect such barricade, or circumvent or drive a motor vehicle past a barricade so erected.

(c) Violation hereof shall be punished by a fine of not less than twenty-five dollars ($25.00) nor more than two hundred dollars ($200.00).
(Code 1959, § 38-19; Ord. No. 63132, 6-26-86)

Secs. 19-25—19-35. Reserved.

DIVISION 2. VIOLATIONS

Sec. 19-36. Summons.

Any city employee whose duty is to enforce the parking provisions contained in this chapter shall attach to any vehicle parked in violation thereof, a notice that such vehicle has been parked in violation of such provisions and summoning the violator to appear at the office of the clerk of the municipal court in regard to such violation.
(Code 1959, § 38-96)

Sec. 19-37. Owner prima facie responsible.

When any vehicle is found parked in violation of any parking provisions contained in this chapter, such fact shall be prima facie evidence that the person in whose name it is registered is guilty of a violation of the parking provisions contained in this chapter.
(Code 1959, § 38-97)

Sec. 19-38. Payment of fine, issuance of process.

(a) The following schedule of fines for parking violations is hereby established:

Violations	*Fine*
(1) Failure to pay a parking meter or a pay station, staying after the paid-for time has expired, or failure to display pay-and-display station receipt on the inside of the vehicle's windshield and on the side next to the curb so that it is easily readable by police and parking enforcement officers	$ 52.00

Secs. 19-40—19-50. Reserved.

DIVISION 3. IMPOUNDING

Sec. 19-51. Removal of vehicles to police pound.

Any vehicles that shall be found standing or parked in violation of any city ordinance, or any vehicle that may be abandoned or left in any public place, or any wrecked or disabled vehicle that constitutes a traffic hazard, shall be immediately removed to and impounded in the police department's vehicle storage facility provided by the city for such purposes, by any police officer, or parking manager of the public works department and duly authorized representatives, or the police department's operator of the vehicle storage facility, or other persons duly authorized and acting under and by authority and direction of any member of the police department.

(Code 1959, § 38-101; Ord. No. 64109, § 1, 12-4-86; Ord. No. 2008-03-13-0202, § 1, 3-13-08)

Sec. 19-51.1. Vehicle impound fee.

A vehicle impound fee of twenty dollars ($20.00) for each vehicle taken into the control and custody of the police department or its duly authorized agent or operator is hereby fixed as the charge for initiation of a vehicle impoundment, which shall be collected by the police department before the impounded vehicle is released.

(Ord. No. 63242, § 2, 7-16-86; Ord. No. 99741, § 1, 9-16-04; Ord. No. 2008-03-13-0202, § 1, 3-13-08)

Editor's note—Ord. No. 63242, § 2, adopted July 16, 1986, amended Ch. 19, Art. II, Div. 3 by the addition of provisions designated at the discretion of the editor as § 19-51.1.

Sec. 19-52. Vehicles held pending payment of charges.

Any such vehicle so removed and impounded shall be towed to the space or police vehicle storage facility that has been provided for the storage of such vehicle; said vehicle so towed and/or impounded shall be retained and held by the police department or the police department's operator of the vehicle storage facility until all charges for towing and storage against such vehicles shall have been paid to the duly authorized officer, or the police department's operator in charge of said facility for the benefit of the city to reimburse the city or its operator for the expense of towing and storing such vehicles.

(Code 1959, § 38-102; Ord. No. 2008-03-13-0202, § 1, 3-13-08)

Sec. 19-53. Storage fees.

The following storage fees shall apply for each day that a vehicle remains under the control and in the possession of the police department or its operator, or duly authorized agent as the charge for storage of said impounded vehicle which shall

be collected by the police department or its operator before the impounded vehicle is released:

(1) For any vehicle that is not longer than twenty (20) feet, or wider than seven (7) feet, the rate shall be twenty dollars ($20.00) per day.

(2) For any vehicle that is longer than twenty (20) feet but does not exceed forty (40) feet, or is not longer than twenty (20) feet but wider than seven (7) feet, the rate shall be twenty dollars ($20.00) per day.

(3) For any vehicle or combination of vehicles longer than forty (40) feet long and regardless of width, the rate shall be twenty dollars ($20.00) per day.

(Code 1959, § 38-103; Ord. No. 35365, § 1, 4-27-67; Ord. No. 39551, 6-3-71; Ord. No. 52578, 7-31-80; Ord. No. 57565, 2, 9-15-83; Ord. No. 63242, 1, 1-16-86; Ord. No. 64624, 2-26-87; Ord. Sec. 19-53.1. Notification fee.

(a) The city police department vehicle storage unit or the police department's vehicle storage facility operator is hereby authorized to charge a notification fee in the amount of fifty dollars ($50.00) to the registered owner to notify the registered owner and the primary lien holder that said vehicle will be sold at auction if the vehicle is not retrieved by the vehicle owners within a designated period of time and such other information as required by law.

(b) Said notice shall be mailed certified mail to the vehicle owner and the primary lien holder on the third day after the vehicle has been impounded.

(Ord. No. 78726, §§ 1, 2, 9-15-93; Ord. No. 90498, § 3, 9-16-99; Ord. No. 96408, § 2, 9-19-02; Ord. No. 99741, § 2, 9-16-04; Ord. No. 2006-09-07-1008, § 2, 9-7-06; Ord. No. 2008-03-13-0202, § 1, 3-13-08)

Editor's note—Ord. No. 78726, §§ 1, 2, adopted Sept. 15, 1993, has been codified herein at the discretion of the editor as § 19-53.1.

Sec. 19-54. Release of impounded vehicles.

(a) Impounded motor vehicles shall be released by the police department or the operator of the police department's vehicle storage facility, after payment is made of any towing or storage charges or fees, only upon receipt of one (1) of the following:

(1) Submission of certificate of title or other satisfactory proof that the person applying for the release is the owner of the vehicle.

(2) Submission of the certificate of title and of a current power of attorney duly executed by the owner requesting release to the person named therein and presenting same.

(3) Release of impounded vehicle to lienholder. A motor vehicle which has not been claimed by the owner after ten (10) days of impoundment (including the day the vehicle arrived at the storage facility) and after the mortgage note is thirty (30) days delinquent, shall be released to the claimant identifying himself as lienholder or agent of the lienholder named on the certificate of title upon the submission of a surety bond from a city licensed corporate surety firm which shall indemnify, save and hold harmless the city from all damage, liability, costs, attorney's fees, expenses, actions, judgments and special proceedings that may arise, accrue or be brought against the city by reason of releasing the vehicle to the bonded vehicle claimant, up to the amount of the bond, and upon payment of towing charges and storage fees.

The surety bond shall be submitted at the police department vehicle storage facility and shall be in either the original mortgage amount of the vehicle or an amount equal to the current National Automobile Dealers Association book value plus ten (10) percent.

In the alternative, the lienholder may submit a non-vehicle-specific surety bond in the amount of fifty thousand dollars ($50,000.00) or more, against which the

lienholder may repossess a number of vehicles with a cumulative value not exceeding ninety (90) percent of the bond amount.

A separate indemnification agreement shall be signed by the vehicle claimant who appears at the vehicle storage facility to take possession of the vehicle, and said claimant shall identify himself or herself as the lienholder or the lienholder's agent, and shall state that said claimant holds the City of San Antonio harmless and fully indemnified against any claims of loss of property which may arise out of the release of the vehicle.

The surety bond shall include a statement that:

1. The title owner is in default of his mortgage contract by virtue of being delinquent in a scheduled payment by at least thirty (30) days, that the person named in the bond is the lienholder or the legal agent of the lienholder being bonded, that the named lienholder has paramount right of possession of the vehicle, and is legally entitled to repossess same, or
2. That the title owner is in default of his mortgage contract by virtue of the seizure of the mortgaged vehicle by peace officers who have identified it as contraband and subject to confiscation under Chapter 59 of the Code of Criminal Procedure, thus entitling the lienholder to exercise a contractual right of repossession to preserve the mortgage collateral.

The signatory of the indemnification agreement and the surety bond, if signing as agent for a principal or as agent for or officer of a corporation, shall certify in writing and under oath before a notary public that he or she has full authority to execute the document on behalf of the corporation.

(b) Nothing herein shall prevent the release of any motor vehicle by any person upon the service of an order or judgment directing such release by a court of competent jurisdiction.

(c) The terms "motor vehicle," "lien," "owner," "mortgagee," "mortgagor," and "certificate of title" used herein shall have the same meanings as defined in Vernon's Ann. Civ. St. art. 6687-1.
(Code 1959, § 38-104; Ord. No. 32724, 8-27-64; Ord. No. 71862, § 1, 7-12-90; Ord. No. 2008-03-13-0202, § 1, 3-13-08)

Sec. 19-55. Auction processing fee.

An auction processing fee of thirty-two dollars ($32.00) for each vehicle sold at auction by the city is hereby established to be paid by each purchaser.
(Ord. No. 90498, § 1, 9-16-99; Ord. No. 98190, § 3, 9-18-03; Ord. No. 99741, § 3, 9-16-04)

Secs. 19-56—19-65. Reserved.

ARTICLE III. TRAFFIC-CONTROL DEVICES

Sec. 19-66. Conformity with state manual.

All traffic-control signs, signals and devices installed or erected in the city shall conform to the manual and specifications approved by the state highways and public transportation commission. All signs and signals required under this chapter shall so far as practicable be uniform as to type and location throughout the city. All traffic-control devices so erected and not inconsistent with the provisions of state law or this chapter shall be official traffic-control devices.

State law reference—Similar provisions, Vernon's Ann. Civ. St. art. 6701d, § 31.

Sec. 19-67. Obedience.

(a) The driver of any vehicle, motor vehicle or animal shall obey the instructions of any official traffic-control device, sign or signal applicable thereto placed in accordance with ordinance,

unless otherwise directed by a police officer, subject to the exceptions granted the driver of an authorized emergency vehicle permitted by this chapter.

(b) Whenever authorized signs are erected indicating that no right or left or U-turn is permitted, no driver of a vehicle shall disobey the direction of any such sign.

Sec. 19-68. Ratification of existing devices; schedules of devices specifying type, location, and authorizing ordinance number on file with the city clerk.

(a) All traffic-control signs, signals, devices, and markings placed or erected prior to the adoption of this Code and in use for the purpose of regulating, warning or guiding traffic are hereby affirmed, ratified and declared to be official traffic-control devices, provided such traffic-control devices are not inconsistent with the provisions of this chapter or state law.

(b) The following schedules of devices, labeled "A" through "Q," shall be kept at the office of the city clerk on file for inspection by the public, and shall be updated by the city clerk with each change, deletion, or addition to any of the schedules:

Sec. 19-69. Traffic and engineering survey.

Whenever the traffic engineer determines there is a necessity for the erection, removal or change of any traffic-control device or regulation such

determination shall be based upon a traffic and engineering survey, conducted upon the following standards:

(1) The public welfare, including safety and traffic factors to insure the safe and expeditious flow of traffic shall be considered.

(2) The development of the property surrounding the proposed area shall be analyzed.

(3) The requirements of vehicular traffic flow in the proposed area shall be determined.

(4) The amount of pedestrian and vehicular traffic in the proposed area shall be considered.

(5) Any information that has been provided by property owners pursuant to section 19-82 of this Code.

(Code 1959, § 38-15; Ord. No. 84917, § 2, 10-3-96)

Sec. 19-70. Traffic control information filed with clerk.

Whenever the traffic engineer shall erect, remove or change any traffic-control device or regulation, he shall file written information of such action with the city clerk.

(Code 1959, § 38-16)

Sec. 19-71. Avoidance of traffic-control devices.

(a) At the intersection of any streets at which vehicular traffic is controlled by an authorized traffic-control device it shall be unlawful for any person to drive any vehicle across the sidewalk area or across private property at such intersection to avoid complying with such traffic-control device.

(b) No person shall drive any vehicle through, around, or under any crossing gate or barrier at a railroad grade crossing while such gate or barrier is closed or is being opened or closed.

(Code 1959, § 38-24)

Sec. 19-72. Traffic-control signal legend.

Whenever traffic is controlled by traffic-control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word legend, and said lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(1) *Green indication:*

a. Vehicular traffic facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

b. Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

c. Unless otherwise directed by a pedestrian control signal, as provided in this division, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(2) *Steady yellow indication.*

a. Vehicular traffic facing a steady yellow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection.

b. Pedestrians facing a steady yellow signal, unless otherwise directed by

a pedestrian control signal, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway.

(3) *Steady red indication.*

a. Vehicular traffic facing a steady red signal alone shall stop at a clearly marked stop line, but, if none, before entering the crosswalk on the near side of the intersection, and may then turn right or, if the intersecting streets are both one-way streets and left turns are permissible, may turn left after standing until the intersection may be entered safely, yielding right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection. Traffic not so turning shall remain standing until an indication to proceed is shown. Turns shall be prohibited on a steady red sign if a notice is posted at such intersection giving notice that such turns are prohibited.

b. Unless otherwise directed by a pedestrian control signal as provided in this division, pedestrians facing a steady red signal alone shall not enter the roadway.

In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking, the stop shall be made at the signal.

State law reference—Similar provisions, Vernon's Ann. Civ. St. art. 6701d, § 33.

Sec. 19-73. Flashing signals.

Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal, it shall require obedience by vehicular traffic as follows:

(1) *Flashing red (stop signal).* When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection, or if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(2) *Flashing yellow (caution signal).* When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through an intersection or past such signal only with caution.

State law reference—Similar provisions, Vernon's Ann. Civ. St. art. 6701d, § 35.

Sec. 19-74. Lane-direction-control-signals.

When lane-direction-control signals are placed over the individual lanes of a street or highway, vehicular traffic may travel in any lane over which a green signal is shown, but shall not enter or travel in any lane over which a red signal is shown.

State law reference—Similar provisions, Vernon's Ann. Civ. St. art. 6701d, § 35A.

Sec. 19-75. Obedience to directional signs at certain intersections.

(a) Two (2) directional signs, one (1) pointing left only and the other pointing both left and straight ahead, as shown on a drawing adopted by reference which is on file in the office of the city clerk, are hereby authorized at the following locations to control traffic as stated:

(1) Going south on Pecos for left turn into Houston Street.

(2) Going south on St. Mary's for left turn into Houston Street.

(3) Going east on Houston Street for left turn into Navarro Street.

(b) When a directional sign is located in advance of an intersection and that directional sign consists of two (2) arrows, the right arrow indicates a right hand turn with the subscript ONLY under it and the left arrow having a double head indicating either a straight ahead or right turn, the vehicular traffic in the right lane must turn right. The traffic in the adjacent lane may turn right or proceed ahead, be authorized at the following locations to control traffic as stated:

(1) Going south on St. Mary's (S) for right turn into Commerce (E).

(c) It shall be unlawful for the driver of any vehicle to fail to proceed in the direction specified by the directional sign for his lane of traffic at the location set out in subsections (a) and (b) above.
(Code 1959, § 38-24.1; Ord. No. 32330, § 1, 5-28-64; Ord. No. 37295, § 1, 2-27-69; Ord. No. 41554, § 1, 12-7-72; Ord. No. 41914, § 1, 3-8-73)

Sec. 19-76. Obedience to no-turn signs.

Wherever authorized signs are erected indicating that no right, left, or "U" turn is permitted, no driver of a vehicle shall disobey the directions of any such sign.
(Code 1959, § 38-25)

Sec. 19-77. Specific prohibited turns.

(a) Whenever signs are erected pursuant to separate ordinance, giving notice thereof, no person shall operate his vehicle so as to make a prohibited turn at any intersection described in such ordinance.

(b) It is hereby expressly provided that the driver of any vehicle who violates any of the provisions of this section shall be guilty of a misdemeanor.
(Code 1959, § 38-25.1; Ord. No. 36183, §§ 1, 3, 2-1-68; Ord. No. 47456, 12-9-76; Ord. No. 49413, §§ 1, 2, 5-25-78)

Sec. 19-78. Full signal operation locations.

All official traffic-control devices established by separate ordinance and located within the corporate limits of this city and which are situated at street intersections are hereby established as official traffic-control devices to be in full signal operation at such street intersections. All such traffic-control devices are hereby expressly found to conform to the manual and specifications of the state department of highways and public safety.
(Code 1959, § 38-27; Ord. No. 30204, § 1, 3-14-62)

Sec. 19-79. Right turn and left turn prohibited at certain intersections.

(a) Whenever signs are erected at intersections pursuant to separate ordinances of the city, which prohibit right turns on a red signal, the driver or operator of any vehicle shall not be permitted to make a right turn when facing the red signal.

(b) Whenever signs are erected at intersections enumerated pursuant to separate ordinances of the city, which prohibit left turns on a red signal, the driver or operator of any vehicle shall not be permitted to make a left turn when facing the red signal.
(Code 1959, § 38-27.1; Ord. No. 41660, § 1, 1-4-73; Ord. No. 42683, § 1, 8-23-73)

Sec. 19-80. Pedestrian "walk," "don't walk" and "wait" signal lights.

(a) Whenever special pedestrian control signals exhibiting the words "walk," "wait" or "don't walk" are in place, such signals shall indicate as follows:

(1) "*Walk.*" Pedestrians facing such signals may proceed across the street in the direction of the signal and shall be given the right-of-way by drivers of all vehicles.

(2) "*Don't Walk,*" *or* "*Wait.*" No pedestrians shall start to cross the street in the direction of the signal, but any pedestrian who has partially completed his crossing on the "walk" signal shall proceed to a sidewalk or safety island while the "don't walk" or "wait" signal is showing.

(b) No pedestrian shall cross a roadway other than in a crosswalk in any business district.

ARTICLE IV. COLLISIONS AND ACCIDENTS

Sec. 19-96. Negligence defined.

Negligence, as used herein, shall be defined as a failure to use the same degree of care as a person of ordinary prudence would use under the same or similar circumstances.
(Code 1959, § 30-66)

Sec. 19-97. Negligent collision; penalty.

(a) If any person driving or operating or in charge of any vehicle, animal, railroad engine, or railroad car shall by negligence cause, suffer or permit such vehicle to come into collision with any other vehicle of -any nature whatever or with any animal, person, street sign, street post, fire hydrant, mailbox, or any other obstacle or object whatever, in or on any public street or any public place whatever, in the city, such person shall be deemed guilty of the offense of negligent collision.

(b) The driver of any vehicle who violates subsection (a) shall be guilty of a misdemeanor, and shall, upon conviction, be fined in accordance with section 1-5.
(Code 1959, §§ 38-65, 38-67)

Sec. 19-98. Duty of arresting officer.

In the case of any person arrested for violation of section 19-97, the arresting officer shall take the license number, name, and make of the car, the name and address of the driver thereof, and notify the driver in writing to appear before any of the corporation courts of this city at a time and place to be specified by a written notice from the corporation court, and upon the promise in writing of such person to appear at such time and place, such officer shall forthwith release such person from custody. Any person willfully violating such promise, regardless of the disposition of the charge upon which he was originally arrested shall be fined in accordance with section 1-5.
(Code 1959, § 38-68)

Secs. 19-99—19-110. Reserved.

ARTICLE V. GENERAL RULES OF VEHICLE OPERATION

DIVISION 1. GENERALLY

Sec. 19-111. Limitations on turning around (U-turns).

The driver of any vehicle shall not turn such vehicle so as to proceed in the opposite direction upon any street in a business district; at any intersection controlled by a traffic-control signal unless signs are posted permitting a U-turn; nor upon any other street unless such movement can be made in safety without interfering with other traffic.
(Code 1959, § 38-26; Ord. No. 38205, § 1, 1-8-70)

Sec. 19-112. One-way street locations.

Upon those streets and parts of streets designated by separate ordinance, vehicular traffic

shall move only in the direction indicated when signs indicating the direction of traffic are erected and maintained at every intersection.
(Code 19-59, § 38-30)

Sec. 19-113. Entering and leaving alleys.

Vehicles shall enter all alleys running in a general direction of north and south and all right-angled or L-shaped alleys from the north end and leave from the south end, and shall enter east and west alleys from the east and leave from the west end, except that the alley lying between Broadway and Jefferson and extending from Travis Street to Pecan Street shall be entered by vehicles from the south end and exit made from the north end. This section shall only apply to alleyways within an area bounded by I.H. 35, I.H. 37 and Durango Boulevard.
(Code 1959, § 38-31; Ord. No. 48160, 6-23-77)

Sec. 19-114. Restricted access.

No person shall drive a vehicle onto or from any controlled-access roadway except at such entrances and exits as are established by public authority. No person shall drive a vehicle across the median strip between lanes of a controlled roadway.
(Code 1959, § 38-57)

Sec. 19-115. Direction of traffic on controlled-access highways.

The direction of travel of vehicles on each lane of a controlled-access roadway shall be one way only as designated.
(Code 1959, § 38-53)

Secs. 19-116—19-130. Reserved.

DIVISION 2. SPEED AND RELATED MATTERS

Sec. 19-131. Thirty miles per hour speed limit in certain districts.

As a result of an engineering and traffic investigation by the city department of traffic and transportation, the city council has determined that the prima facie reasonable and safe maximum speed limit on the public streets of the city, except as provided in section 19-132, is thirty (30) miles per hour. No person shall drive a vehicle on a city street at a speed greater than is reasonable and prudent under the circumstances then existing. The limit of thirty (30) miles per hour shall be lawful but any speed in excess of thirty (30) miles per hour, except as provided in section 19-132, shall be prima facie evidence that speed is not reasonable or prudent and that it is unlawful.
(Code 1959, § 38-46; Ord. No. 39861, § 1, 8-26-71; Ord. No. 53255, § 1, 1-15-81)

Sec. 19-132. Maximum speed limits other than thirty miles per hour.

As a result of a traffic and engineering survey, conducted by the traffic engineer, the maximum, reasonable, safe and prudent speed limits have been found and are hereby declared to be in force on all streets designated by separate ordinance of the city. Nothing in this section shall be construed to affect the provisions of this chapter relating to allowable speeds in school zones.
(Code 1959, § 38-47; Ord. No. 31666, § 1, adopted 8-14-63, effective 8-23-63)

State law reference—Authority of city to alter maximum prima facie speed limits, Vernon's Ann. Civ. St. art. 6701d, § 169.

Sec. 19-133. Minimum speed limits.

The minimum, reasonable, safe and prudent speed limit for the interstate highways and expressways within the city limits are hereby declared to be uniformly ten (10) miles per hour less than the maximum reasonable, safe and prudent speed limit for said highways.
(Code 1959, § 38-48; Ord. No. 47786, 3-24-77)

State law reference—Authority of city to establish minimum speed regulations, Vernon's Ann. Civ. St. art. 6701d, § 170.

Secs. 19-134—19-145. Reserved.

DIVISION 3. RIGHT-OF-WAY GENERALLY

Sec. 19-146. Yield right-of-way sign locations.

All street intersections established as yield right-of-way intersection by separate ordinance of the city are hereby established as official yield right-of-way sign locations, and it shall be unlawful for any person to fail to comply with the signs erected at such intersections.
(Code 1959, § 38-34)

Secs. 19-147—19-160. Reserved.

ARTICLE VI. STOPPING, STANDING AND PARKING

DIVISION 1. GENERALLY

Sec. 19-161. Cross street stop sign locations.

All street intersections established by separate ordinance as stop intersections and at which a stop sign is situated are hereby established as official stop sign locations.
(Code 1959, § 38-32)

State law reference—Authority of city to establish stop intersections, Vernon's Ann Civ. St. art. 67-Old, § 91.

Sec. 19-162. All-way stop locations.

At intersections and junctions at which all streets have stop signs erected, commonly known as all-way stop sign intersections, the driver or operator reaching the intersection first and making a complete stop first shall have the right to proceed into or across said intersection. When two (2) or more vehicles arrive thereat and stop at approximately the same time, the driver or drivers of the vehicles which are to the right of the other vehicles shall proceed into or across the said intersection first.
(Code 1959, § 38-33; Ord. No. 47498, § 1, 12-16-76)

Sec. 19-163. Loading zone.

(a) It shall be unlawful for any person to park, cause to be parked, or permit to be parked any motor vehicle of which he is the owner, or of which he has the custody or control, in any loading zone of any of the streets of the city at any hour of the day or night, except after noon on Saturdays, on Sundays or holidays as defined in section 19-218, as provided below.

(b) Commercial vehicles loading, unloading, delivering or picking up freight or materials shall be permitted to park in loading zones for a period not to exceed thirty (30) minutes.

(c) In cases where, due to the nature of the freight and materials or the business involved, loading operations will necessitate parking vehicles for a period longer than thirty (30) minutes, then the chief of police department may issue, after evidence is presented him of such need, special permits for such operations.

(d) Where construction vehicles involved in building construction or maintenance must be parked in loading zones or on the city streets for extended periods of time, the city traffic engineer may issue permits for such privilege. A fee of fifteen dollars ($15.00) per day per parking space will be filed with the city traffic engineer as a prerequisite to the granting of this permit.

(e) Noncommercial vehicles are permitted to be parked in loading zones except during the hours of 8:00 a.m. to 6:00 p.m., however such vehicles are prohibited from being parked at any hour of the day or night in those certain loading zones marked and designated by a sign worded "Loading Zone Day-Night."

(f) Any authorized vehicle which remains parked beyond the posted time limit of a loading zone, and any unauthorized vehicle which is parked in a posted loading zone, is hereby declared to be a violation of the parking enforcement ordinances of this city, and shall be cited with a civil parking violation ticket and may be either towed to the police department vehicle impoundment facility or immobilized with a wheel locking device, and subjected to all administrative adjudication procedures and ordinances applicable to parking meter zone violations.

(g) Any violation of this section shall be punished in accordance with section 1-5.
(Code 1959, § 38-77; Ord. No. 33964, §§ 1, 2, 1223-65; Ord. No. 35626, § 1, 7-27-67; Ord. No. 43883, § 1, 6-6-74; Ord. No. 65692, § 1, 9-10-87; Ord. No. 73958, § 5, 7-18-91; Ord. No. 86612, § 2, 9-11-97; Ord. No. 96409, § 3, 9-19-02)

Sec. 19-164. Parking of buses and taxicabs regulated.

The driver of a bus or taxicab shall not park upon any street in any business district at any place other than at a bus stop or taxicab stand, respectively, except that this provision shall not prevent the driver of any such vehicle from temporarily stopping in accordance with other stopping or parking regulations at any place for the purpose of and while actually engaged in loading or unloading passengers.
(Code 1959, § 38-78)

Sec. 19-165. Restricted use of bus and taxicab stands.

No person shall stop, stand, or park a vehicle, other than a bus in a bus stop or other than a taxicab in a taxicab stand, which any such stop or stand has been officially designated and appropriately signed except that the driver of a passenger vehicle may temporarily stop therein for the purpose of and while engaged in loading or unloading passengers.
(Code 1959, § 38-79)

Sec. 19-166. Signs or markings indicating angle parking.

The city traffic engineer shall determine upon which streets angle parking shall be permitted and shall mark or sign such streets, but such angle parking shall not be indicated upon any federal-aid or state highway within this city unless the state highway and public transportation commission has determined by resolution or order entered in its minutes that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic.
(Code 1959, § 38-81)

Sec. 19-167. Obedience to angle parking signs or markings.

Upon those streets which have been signed or marked by the traffic engineer for angle parking, no person shall park or stand a vehicle other than at the angle to the curb or edge of the roadway indicated by such signs or markings.
(Code 1959, § 38-82)

Sec. 19-168. Parking in alleys; alleys designated loading zones.

No person shall park a vehicle within any alley in such a manner or under such conditions as to leave available less than ten (10) feet of the width of the roadway for the free movement of vehicular traffic, and no person shall stop, stand or park a vehicle within any alley in such position as to block the driveway entrance to any abutting property; alleys within the central business district are hereby designated loading zones and also subject to the provisions of section 19-163.
(Code 1959, § 38-83; Ord. No. 29940, § 1, 11-8-61)

Sec. 19-169. Parking for certain purposes prohibited.

It shall be unlawful for any person to park unused cars in any street or public place for more than twenty-four (24) hours or at any time for purposes of storage, washing, greasing or repairing such vehicle, (except repairs necessitated by an emergency) sale, or display of advertising signs or posters fixed to such vehicle, or any trailer, semi-trailer, or house trailer, not attached to a tractor or towing vehicle.
(Code 1959, § 38-84)

Sec. 19-170. Parking of rendering plant vehicles; limited; special permits.

(a) It shall be unlawful for any person to park a vehicle used for the purpose of collecting, removing or transporting dead animals, dead fowl, inedible offal, meat scraps, bones, suet, feathers, unrendered animal fat, waste cooking greases, and/or similar animal matter in any street or public place; provided, however, that for purposes of loading, such vehicles may park for not more than thirty (30) minutes.

(b) In cases where loading operations will necessitate parking vehicles for a period longer than thirty (30) minutes, then the director of the department of public health may issue, after evidence is presented to him of such need, special permits for such operations.
(Code 1959, § 38-84.1; Ord. No. 34352. § 1, 5-12-66)

Sec. 19-171. Parking adjacent to schools.

When official signs are erected indicating no parking upon that side of a street adjacent to any school property, no person shall park a vehicle in any such designated place.
(Code 1959, § 38-85)

Sec. 19-172. Parking prohibited on narrow streets.

(a) The traffic engineer is hereby authorized to erect signs indicating no parking upon any street when the width of the roadway does not exceed twenty (20) feet, or upon one (1) side of a street as indicated by such signs when the width of the roadway does not exceed thirty (30) feet.

(b) When official signs prohibiting parking are erected upon narrow streets as authorized herein, no person shall park a vehicle upon any such street in violation of any such sign.
(Code 1959, § 38-86)

Sec. 19-173. Driver leaving parking space to yield right-of-way.

Every driver of a motor vehicle parked on a roadway or other public property and leaving such parking area for the traveled portion of a roadway shall yield to vehicles moving upon such roadway.
(Code 1959, § 38-61)

Sec. 19-174. Parking prohibited on controlled-access roadway.

No person shall park a vehicle on the traveled portion of a controlled-access roadway.
(Code 1959, § 38-55)

Sec. 19-175. Parking on expressways.

(a) No person shall stand or park a motor vehicle on the roadway portion of any expressway located within the city limits.

(b) No person shall stand or park any motor vehicle on the untraveled portion of any expressway located within the city limits, except for repairs necessitated by an emergency and in no event for a period in excess of two (2) hours.

(c) Equipment owned by governmental agencies, or their contractors, while being used in the performance of authorized duties on the various expressways within the city are exempted from the provisions of this section.

(d) Any person who shall violate any provision of this section shall be deemed to be guilty of a misdemeanor and shall upon conviction be punished by a fine not exceeding two hundred dollars ($200.00).
(Code 1959, § 38-55.1; Ord. No. 34317, §§ 1—3, 4-28-66; Ord. No. 34425, §§ 1—4, 6-9-66)

Sec. 19-176. Public tour and school bus loading and unloading around Alamo East.

Loading and unloading of public tour and school buses is limited to the designated ten minute "Bus Loading Zone" located on Alamo Plaza East, north of Crockett Street.
(Ord. No. 69292, § 4, 4-13-89; Ord. No. 71159, § 1, 3-1-90)

Sec. 19-178. Parking prohibited on city property not designated for parking.

(a) This section shall not apply to city property designed in whole or in part as a parking facility, garage or lot.

(b) No person shall park a vehicle on city property that is not designated for parking.

(c) The city manager or his designee is authorized to place signs on said property forewarning persons that parking is prohibited. Said signs shall:

(i) Face the street or streets fronting the property;

(ii) Be at least eighteen (18) inches wide and twenty-four (24) inches tall;

(iii) Contain the international symbol for towing vehicles;

(iv) State "NO PARKING ANYTIME - VEHICLES WILL BE TOWED AT OWNER'S OR OPERATOR'S EXPENSE"; and

(v) Contain a telephone number that is answered twenty-four (24) hours a day to enable the owner or operator of a vehicle to locate the vehicle.

(d) Where signs are posted in the manner described above on city property, the city manager or his designee may order the impoundment of a vehicle parked on city property.

DIVISION 2. SPECIFIC PARKING REGULATIONS*

Sec. 19-191. Application of article.

The provisions of this division prohibiting the standing or parking of a vehicle shall apply at all times or at those times herein specified or as indicated on official signs except when it is necessary to stop a vehicle to avoid conflict with other traffic or in compliance with the directions of a police officer or official traffic-control device.
(Code 1959, § 38-87)

Sec. 19-192. Regulations not exclusive.

The provisions of this article imposing a time limit on parking shall not relieve any person from the duty to observe other and more restrictive provisions prohibiting or limiting the stopping, standing, or parking of vehicles in specified places or at specified times.
(Code 1959, § 38-88)

Sec. 19-193. Parking prohibited at all times on certain streets.

When signs are erected giving notice thereof, no person shall park a vehicle at any time upon any of the streets designated as "no parking zones" by separate ordinance of the city.
(Code 1959, § 38-89)

Sec. 19-194. Parking of certain vehicles prohibited on certain streets, and parking of certain motor vehicles prohibited on front lawns of residential zones.

(a) It shall be unlawful for any person owning or having control of any oversized vehicle as defined in chapter 35 of this Code, to park the same in front of any lot or parcel used solely for a residential use (to include home occupations) within a special district, as defined in chapter 35 of this Code, or zoned FR, RD, or UD or upon any street within the following residential zoning districts: FR, R-3, R-4, R-5, R-6, R-20, RM-4, RM-5, RM-6, NP-8, NP-10, NP-15, MH, MF-25, MF-33, MF-40, MF-50, or residential PUD or other planned residential districts, according to the zoning provisions of the city (chapter 35) at all times. This section shall not apply to the parking of such vehicles for such time as is actually necessary to load or unload passengers, freight or merchandise.

(b) No oversized vehicle of any type shall be parked at any time within the restricted parking area as defined in chapter 35 in any of the residential districts as listed in subsection (a) above, provided, however, this section shall not apply to the parking of such vehicles for such time as is actually necessary to load or unload passengers, freight or merchandise, or if the oversized vehicle bears a valid special handicapped parking permit as allowed in section 35-385 of this Code. In addition, an oversized vehicle, other than one that is also defined as a truck-tractor, road-tractor, semi-trailer, trailer or commercial motor vehicle with three (3) or more axles, may be parked within the restricted parking area for such time as is actually necessary for trip preparation as allowed in section 35-385 of this Code.

(c) In this section, the terms truck-tractor, road-tractor, semitrailer, trailer, and commercial motor vehicle shall not mean nor include a recreational vehicle.

(d) It shall be unlawful for any person owning or having control of a motor vehicle, water craft, non-motorized camper, or any trailer designed to be pulled by a motor vehicle and/or to carry a watercraft, camper or motor vehicle to park or allow same to be parked at any time in the side yard setback or front yard, as defined in chapter 35 of this Code, or in any area between the property line of the lot and the curb line or the edge of the adjacent street within any of the residential districts as listed in subsection (a); provided, however, that motor vehicles, watercrafts on trailers, campers and other trailers may

*__State law reference__—Authority of city to regulate standing and parking of vehicles, Vernon's Ann. Civ. St. art. 6701d, § 27(a)(1).

be parked only on the side yard set back or front yard with all wheels on permanently maintained parking areas constructed of:

(1) Gravel with barriers or permanent curbing to define the driveway;

(2) Concrete;

(3) Brick; or

(4) Asphalt;

extending from the curb, street, or alley in a contiguous course, and only where such parking areas are no wider than the width established by subsection (e). Recreational vehicles may be parked in accordance with the provisions of section 35-385 for the purposes of trip preparation, however nothing in this subsection shall invalidate the provisions for oversized or recreational vehicles listed in this chapter or chapter 35 of this Code nor permit the parking of such vehicles in a manner inconsistent with subsection (b) or section 35-385.

(e) The gravel, concrete, or asphalt parking area referred to in subsection (d) shall be no wider than fifty (50) percent of the average width of the lot, except in the following situations:

(1) The vehicle is parked at a residential building which does not meet the minimum setback requirements as set out in chapter 35; or

(2) The vehicle is parked at a residential building where the width of the lot is twenty-five (25) feet or less; or

(3) The vehicle is parked at a residential building abutting a street which is curbless or which is less than thirty (30) feet wide.

(4) The specific zoning for the lot sets a maximum for such widths.

(f) The authority to enforce the provisions of this section shall be vested in the police department and with the code compliance department.

(g) For purposes of this section, proof that the vehicle was, at the time of the offense alleged, owned by the person charged with the offense, shall constitute prima facie evidence that the vehicle was parked or left standing at the place charged by the owner; but the owner shall have the right to introduce evidence to show that the vehicle was not parked by him as charged in the complaint.

(h) This section shall be enforced as prescribed in section 19-225 of this Code.
(Code 1959, § 38-89.5; Ord. No. 60150, § 1, 1-24-85; Ord. No. 72724, § 1, 11-29-90; Ord. No. 84874, § 1, 9-26-96; Ord. No. 85645, § 1, 2-20-97; Ord. No. 87147, § 2, 12-18-97; Ord. No. 90065, § 1, 7-1-99; Ord. No. 101564, § 1, 10-20-05)

Sec. 19-195. Stopping, standing, or parking prohibited during certain hours on certain streets.

(a) When signs are erected in each block giving notice thereof, no person shall park a vehicle during the hours specified and upon any of the streets described by separate ordinance of the city establishing such hours of parking on such streets; provided, this section shall not be applicable on Sundays or public holidays as defined under section 19-218.

(b) When signs are erected in each block of the streets as listed below giving notice thereof, no person shall park a vehicle between the hours of 7:00 a.m. and 6:00 p.m. Monday through Friday and between 7:00 a.m. and 12:00 noon on Saturdays. Public holidays as defined in section 19-218.

Sec. 19-198. Unauthorized parking in city owned parking lots prohibited.

(a) It shall be unlawful for any person to stop, stand or park any vehicle at any time on any day in the following city-owned parking lots:

(1) The parking lot located at the loading ramp area to the Theater of the Performing Arts and extending to that area between the Theater of the Performing Arts and the Hemisfair Arena (north of the Arena);

(2) The parking lot located in that area between the Hemisfair Waterway (southeast of the Arena) and extending to the area in front of the Arena ticket office (south and southwest of the Arena);

(3) The parking lots of the San Antonio Public Library, located at 230 South St. Mary's Street and 210 West Market Street;

(4) The parking lot south of police headquarters (west of San Pedro Creek and east of Laredo Street);

(5) The parking lot west of police headquarters (east of Santa Rosa Street and south of Nueva Street);

(6) The welfare division parking lot south of Graham Alley and east of Santa Rosa Avenue.

(b) It shall be unlawful for any person to stop, stand or park any vehicles:

(1) Between the hours of 7:00 a.m. and 6:00 p.m. in slots 1—13 daily, and between 7:00 a.m. and 4:30 p.m. daily in all other slots, except Saturdays, Sundays, and the holidays named in section 19-218 of this chapter in the parking lot on the west side (Plaza de Armas), north and south sides, (Military Plaza) of City Hall;

(2) Between the hours of 7:00 a.m. and 6:00 p.m. daily, except Saturdays, Sundays and the holidays named in section 19-218 of this chapter in the parking lot located on the east and west side of city hall annex (east of San Pedro Creek between Dolorosa and Nueva Streets); and

(3) Between the hours of 7:00 a.m. and 6:00 p.m. daily except Saturdays, Sundays, and the holidays named in section 19-218 of this chapter in the parking lot located west of the Bexar County Jail (east of South Santa Rosa between West Nueva and Dolorosa Streets).

(c) Provided, however, that subsections (a) and (b) above shall not apply to any city motor vehicle bearing exempt license plates or motor vehicles bearing properly affixed permit decals issued by the city manager parked on the lots described in subsections (b)(2) and (b)(3) above, and provided further that subsections (a) and (b) above shall not apply to any motor vehicle parked on the city hall parking lot described in subsection (b)(1) bearing properly affixed permit decals issued by the city manager or vehicles displaying a valid "disabled" tag issued to the permanently disabled persons placed in the lower left-hand side of the front windshield when these vehicles are parked in spaces designated for the disabled and otherwise parked in compliance with section 19-201.

(d) Violation of any of the provisions hereof shall be punished in accordance with section 1-5.

(k) A one-time fee reduction of twenty dollars ($20.00) is authorized to provide an incentive for monthly customers to participate in an electronic payment program.

(l) The city manager or the manager's designee may, without further council action, offer free parking or discounts from the parking rates specified in section 19-199 when in the best interests of the city. Nonexclusive examples possibly appropriate for exercising this authority are special events held downtown by local companies and events held in San Antonio by out-of-town organizations. The city manager or the manager's designee may further offer discounts to local entities negotiating for parking for employees or other large groups. They further may, for the customers of downtown businesses making a request, match lower prices offered by private-sector parking competitors. The city manager or the manager's designee may develop policies and procedures to put this subsection into effect, including validation or similar programs, and may, without council action, terminate any agreement reached under the authority of this subsection. The city manager or the manager's designee may reduce generally all or any part of the rates in set in section 19-199 if they find the rates are so high that they reduce parking system revenue.

(b) Parking in the areas described above of vehicles other than official consular vehicles or authorized emergency vehicles is hereby prohibited.

(Code 1959, § 38-95.4; Ord. No. 44281, § 1, 9-5-74)

Sec. 19-201. Parking for disabled persons; violations.

(a) *Designations.* Locations which are designated by separate ordinance as parking spaces for use by vehicles used by or for the transportation of disabled individuals as defined in Vernon's Ann. Civ. St. art. 6675a-5e-1 shall be restricted to use by such disabled individuals, when such vehicles display a valid "disabled" tag issued to the permanently disabled or an identification card issued to temporarily disabled persons placed in the lower left-hand side of the front windshield provided by the state department of highways and public transportation.

(b) *Violations.* It shall be unlawful and a violation of the provisions of this section for any person:

(1) To cause, allow, permit or suffer any vehicle registered in the name of, or operated by such person to be parked in any space hereby reserved for the disabled, unless there is affixed to such a vehicle a valid "disabled" tag or a temporarily disabled person identification card placed in the lower left-hand side of the front windshield.

(2) To cause, allow, permit or suffer any vehicle registered in the name of or operated by such person to be parked in any space hereby reserved for the disabled, even if such vehicle has affixed thereto a valid "disabled" tag or a temporarily disabled person identification card placed in the lower left-hand side of the front windshield, if the vehicle is not being used by or for the transportation of a disabled person.

(3) To cause, allow, permit or suffer any vehicle registered in the name of or operated by such person to park a vehicle so that the vehicle blocks an access or curb ramp or any other architectural improvement designed to aid the disabled.

(c) *Presumptions.* Whenever any vehicle stands in a parking space reserved for the disabled, and such vehicle does not have a valid "disabled" tag affixed thereon or displaying a temporarily disabled person identification card placed in the lower left-hand side of the front windshield, such fact shall be prima facie evidence that the vehicle has been parked illegally, and that the registered owner of such vehicle did knowingly cause, allow, permit or suffer such vehicle to be parked in such location.

(d) *Penalty.* Any person violating the provisions of this section shall, upon conviction, be subject to the penalty prescribed in section 1-5 of this Code. (Code 1959, § 38-95.5; Ord. No. 50744, §§ 1—4, 5-10-79; Ord. No. 54374, §§ 2—5, 10-1-81)

Sec. 19-202. Reserved parking for Bexar County sheriff personnel.

(a) *Designations.* The east side of South Main between Dolorosa and Nueva Streets is hereby reserved for the parking of vehicles either belonging to the Bexar County Sheriff's Department or operated by county sheriff personnel which bear an identification sticker approved by the county sheriff affixed to the rear window.

(b) *Violations.* It shall be unlawful and a violation of the provisions of this section for any person to cause, allow, permit or suffer any vehicle registered in the name of or operated by such person to be parked in any space hereby reserved for county sheriff personnel unless there is affixed to the rear window of such vehicle a valid identification sticker approved by the county sheriff.

(c) *Presumptions.* Whenever any vehicle stands in a parking space reserved for the county sheriff personnel, and such vehicle does not have a valid identification sticker approved by the county sheriff affixed thereon such fact shall be prima facie evidence that the vehicle has been parked illegally and that the registered owner of such vehicle did knowingly cause, allow, permit or suffer such vehicle to be parked in such location.

(d) *Penalty.* Any person who shall violate any provisions of this section shall be deemed guilty of a misdemeanor and shall upon conviction be punished in accordance with section 1-5.
(Code 1959, § 38-95.6; Ord. No. 54390, § 6, 10-8-81)

Sec. 19-203. Reserved parking for county district court clerk personnel.

(a) *Designation.* One (1) parking space on the

west side of Main Plaza between Dolorosa and Villita Streets, and so designated by sign, is hereby reserved for the parking of vehicles either belonging to county district court clerk or operated by the county district court clerk personnel which has displayed on the front windshield dash an identification plaque approved by the county district court clerk.

(b) *Violations.* It shall be unlawful and a violation of the provisions of this section for any person to cause, allow, permit or suffer any vehicle registered in the name of or operated by such person to be parked in any space hereby reserved for the county district court clerk personnel unless there is displayed on the front windshield dash of such vehicles a valid identification plaque approved by the county district court clerk.

(c) *Presumptions.* Whenever any vehicle stands in a parking space reserved for the county district court clerk personnel and such vehicle does not have a valid identification plaque approved by the county district court clerk displayed therein, such fact shall be prima facie evidence that the vehicle has been parked illegally and that the registered owner of such vehicle did knowingly cause, allow, permit or suffer such vehicle to be parked in such location.

(d) *Penalty.* Any person who shall violate any provisions of this section shall be deemed to be guilty of a misdemeanor and shall upon conviction be punished in accordance with section 1-5.
(Ord. No. 58874, 6-14-84)

Sec. 19-204. Reserved parking for City of San Antonio.

(a) *Designation.* The north side of Trevino Street from South Main Avenue to a point one hundred thirty-five (135) feet west of South Main Avenue is hereby reserved for the parking of vehicles either belonging to the City of San Antonio or operated by City of San Antonio personnel which has displayed on the front windshield dash an identification plaque approved by the director of the department of public works.

(b) *Violations.* It should be unlawful and a violation of the provisions of this section for any person to cause, allow, permit or suffer any vehicle registered in the name of or operated by such person to be parked in any space hereby reserved for the City of San Antonio personnel unless there is displayed on the front windshield dash of such vehicles a valid identification plaque approved by the director of public works, or unless such vehicle is parked between the hours of 7:00 a.m. and 6:00 p.m. daily, except Saturdays, Sundays and holidays named in section 19-218 of this Code.

(c) *Presumptions.* Whenever any vehicle stands in a parking space reserved for the City of San Antonio personnel and such vehicle does not have a valid identification plaque approved by the director of the public works department displayed herein, such fact shall be prima facie evidence that the vehicle has been parked illegally and that the registered owner of such vehicle did knowingly cause, allow permit or suffer such vehicle to be parked in such location.

(d) *Penalty.* Any person who shall violate any provisions of this section shall be deemed to be guilty of a misdemeanor and shall upon conviction be punished in accordance with section 1-5, Chapter 1 of the City Code.
(Ord. No. 63812, § 1, 10-16-86)

Sec. 19-205. Parking on rights-of-way beneath Interstate Highways 35 and 37 on certain streets prohibited.

It shall be unlawful for any person to park on the public right-of-way underneath Interstate Highway 35 between West Commerce and Buena Vista Streets, Camaron and North Flores Streets, West Houston and West Commerce Streets, and Buena Vista and Guadalupe Streets and Interstate Highway 37 between Ninth Street and Jones Avenue, Nolan and Houston Streets, Josephine and Grayson Streets, and Newell Street and Pearl Parkway between the hours of 2 a.m. and 6 a.m. or park single unit motor vehicles of size and capacity greater than prescribed for one and one-half (1½) ton trucks on said public rights-of-way.
(Ord. No. 64014, § 3, 11-13-86; Ord. No. 64363, § 3, 1-15-87)

Editor's note—Ord. No. 64014, § 3, adopted Nov. 13, 1986, amended the Code by the addition of a section to Art. VI, Div. 2 of this chapter, which provisions have been included herein at the discretion of the editor as § 19-205.

Sec. 19-206. Reserved parking for San Antonio Police Department, Marked Patrol Vehicles Only.

(a) *Designations.* The south curb lane of the 200 block of W. Neuva Street next to the police department, located between S. Laredo Street and the driveway next to San Pedro Creek.

(b) *Violations.* It shall be unlawful and a violation of the provisions of this section for any person to cause, allow, permit or suffer any vehicle registered in the name of, or operated by such person to be parked in any space hereby reserved for San Antonio Police personnel unless the vehicle is a marked patrol vehicle.

(c) *Presumptions.* Whenever any vehicle stands in a parking space reserved for the San Antonio Police personnel, and such vehicle is not a marked patrol vehicle such fact shall be prima facie evidence that the vehicle has been parked illegally and that the registered owner of such vehicle did knowingly cause, allow permit or suffer such vehicle to be parked in such location.

(d) *Penalty.* Any person who shall violate any provision of this section shall be deemed to be guilty of a misdemeanor and shall upon conviction be punished by a fine of not less than one dollar ($1.00) nor more than two hundred dollars ($200.00).

(Ord. No. 73719, 5-30-91)

Editor's note—Ord. No. 73719, adopted May 30, 1991 amended Ch. 19 by the addition of provisions which have been designated at the discretion of the editor as § 19-206.

Sec. 19-207. Reserved parking for county officials.

(a) *Designation.* Twenty-five parking spaces on the west side of Main Plaza between Dolorosa and West Nueva Streets, designated by signs, are hereby reserved for the parking of vehicles which belong to Bexar County officials and which have displayed on the front windshield dash an identification plaque signed and approved by the parking administrator of the city department of public works.

(b) *Violations.* It shall be a civil violation of the provisions of this section for any person to cause, allow, permit or suffer any vehicle registered in the name of or operated by such person to be parked in any space hereby reserved for Bexar County officials unless there is displayed on the front windshield dash of such vehicles a valid identification plaque approved by the parking administrator of the city department of public works.

(c) *Presumption.* Whenever any vehicle standing in a parking space reserved herein does not have a valid identification plaque displayed therein, such fact shall create a legal presumption that the registered owner of such vehicle did knowingly cause, allow, permit or suffer such vehicle to be parked in such location.

(d) *Penalty.* Any vehicle determined to be in violation of this section shall be subject to immediate impoundment, and the violator shall be subject to a civil fine of not more than two hundred dollars ($200.00), and other enforcement measures stated in the administrative hearing officer's order.

(Ord. No. 664-72, § 2, 1-28-88; Ord. No. 69852, § 2, 7-20-89)

Sec. 19-208. Prohibited parking at Alamo East, within the Historic 1836 Alamo Fortress Compound.

Vehicular parking is hereby prohibited on Alamo East, at all times within the Historic 1836 Alamo Fortress Compound. Public tour and school bus parking, loading and unloading are likewise prohibited from this area.

(Ord. No. 69292, § 3, 4-13-89)

Editor's note—Ord. No.69292, § 3, adopted April 14, 1989, amended Ch. 19 by the addition of provisions which have been designated at the discretion of the editor as § 19-208.

Cross reference—Public town and school bus loading and unloading around Alamo East, § 19-176.

Sec. 19-209. Public tour and school bus parking for Alamo.

Public tour and school buses may park in a restricted parking area under Interstate Highway 37 south of Nolan Street while waiting to return

to the Alamo to pick up tourists and students. Routes between the Alamo and the designated parking under IH 37 are shown in Exhibit III.
(Ord. No. 69292, § 5, 4-13-89)

Editor's note—Ord. No.69292, § 5, adopted April 13, 1989, amended Ch. 19 by the addition of provisions which have been designated at the discretion of the editor as § 19-209.

Sec. 19-210. Former prisoners of war and Purple Heart recipients exempt from the payment of parking fees.

A vehicle displaying special license plates issued by the Texas State Department of Highways and Public Transportation to former prisoners of war as provided in V.T.C.A., Transportation Code § 502.257, and to Purple Heart recipients, as provided in V.T.C.A., Transportation Code § 502.260, is exempt from the payment of parking fees collected at parking garages and lots which are owned or leased by the city, or collected through parking meters charged by the city. This exemption does not allow parking a vehicle at a place or time that parking is prohibited.

Secs. 19-211—19-215. Reserved.

DIVISION 3. PARKING METERS

Sec. 19-216. Reserved.

Editor's note—Ord. No. 2010-05-06-0387, § 3, adopted May 6, 2010, repealed the former section 19-216 in its entirety, which pertained to parking meter zone, loading zone and no parking during certain hours—when restrictions applicable, and derived from the Code of 1959, § 38-19.1; Ord. No. 28398, § 1, adopted March 31, 1960; Ord. No. 29941, § 1, adopted November 8, 1961; Ord. No. 29961, § 1, adopted November 22, 1961; Ord. No. 73959, § 5, adopted July 18, 1991, and Ord. No. 74210, § 8, adopted August 29, 1991.

Sec. 19-217. Parking meter and pay station zones.

(a) The city manager or the manager's designee, severally, may establish paid-parking zones, both along public street right-of-way and on parking lots owned or controlled by the city. All areas for which city council has previously authorized parking meters and has not repealed the authorization are paid-parking zones.

(b) The city manager or the manager's designee, severally, may determine where within paid-parking zones to install parking meters and where to install pay stations.
(Code 1959, § 38-69; Ord. No. 2010-05-06-0387, § 4, 5-6-10)

Editor's note—Ord. No. 2010-05-06-0387, § 4, adopted May 6, 2010, changed the title of section 19-217 from "Parking meter zone" to "Parking meter and pay station zones."

Sec. 19-218. When regulations in effect.

(a) Paid-parking zone regulations apply on public street right of way throughout the city Monday through Saturday between the hours of 8:00 a.m. and 6:00 p.m., except on designated city holidays or as otherwise indicated on the device.

(b) Paid-parking zone regulations other than for on-street parking apply during the days and hours designated on the device. The city manager and her designee, severally, may determine the days and hours of operation for current or future paid-parking zones.
(Code 1959, § 38-70; Ord. No. 37794, § 1, 8-14-69; Ord. No. 39283, § 1, 2-25-71; Ord. No. 39650, § 2, 7-8-71; Ord. No. 48777, 11-23-77; Ord. No. 2010-05-06-0387, § 4, 5-6-10)

Sec. 19-219. Designation of parking spaces.

Individual parking spaces within an on-street parking meter zone are designated by the individual meter poles. Individual parking spaces for off-street parking facilities are designated by lines or numbers or both. The city need not designate individual spaces in the on-street pay-station zones, but pay-station zones should have signs at both ends of the zone. Parkers must park their vehicles within the signs.
(Code 1959, § 38-71; Ord. No. 2010-05-06-0387, § 4, 5-6-10)

Sec. 19-220. Installation and set-up of meters and pay stations.

(a) The traffic engineer must provide for installing, setting up, and maintaining parking meters and pay stations where authorized by law.

(b) Each parking meter and pay stations must be set so as to be actuated by the deposit of the appropriate coins of the United States of America or of certain credit/debit cards. Each parking meter or pay station must show the legal parking time for the zone.

(c) The city manager, the manager's designee, and the director of the department overseeing parking operations may issue a parking card for use in a pay station and may establish rules to administer usage.

(Code 1959, § 38-72; Ord. No. 2010-05-06-0387, § 4, 5-6-10)

Editor's note—Ord. No. 2010-05-06-0387, § 4, adopted May 6, 2010, changed the title of section 19-220 from "Installation of meters" to "Installation and set-up of meters."

Sec. 19-221. Operation of meters and pay stations.

(a) When any vehicle is parked in any on-street paid-parking zone, the operator of such vehicle must immediately pay the parking meter or pay station by a method indicated on the device for the desired parking time. When paying with a credit or debit card, the minimum payment is for sixty (60) minutes. The operator of a vehicle in a parking meter space may pay for the desired parking time at a pay and display station, if the rates and time limits are the same as the parking meter and the receipt is properly displayed on the vehicle. Receipts from pay and display stations must be attached to the inside of the vehicle's windshield and on the side next to the curb so that it is easily readable by police and parking enforcement officers.

(b) The proper amounts for the use of a parking meter or pay station space are as follows:

(a) *One-hour parking:* The required amount for the use of an on-street parking space within the maximum 60-minute limit shall be:

Length of Time	*Money Amount*
10 minutes	30 cents
20 minutes	60 cents
30 minutes	90 cents
40 minutes	120 cents
50 minutes	150 cents
60 minutes	180 cents

(b) *Two-hour parking:* The required amount for the use of an on-street parking space within the maximum 120-minute limit shall be:

Length of Time	*Money Amount*
10 minutes	30 cents
20 minutes	60 cents
30 minutes	90 cents
40 minutes	120 cents

Editor's note—Ord. No. 2010-05-06-0387, § 4, adopted May 6, 2010, changed the title of section 19-221 from "Operation of meters" to "Operation of meters and pay stations."

Sec. 19-222. Violations.

It is unlawful and a violation of the provisions of this article for any person:

(1) To cause, allow, permit or suffer any vehicle registered in the name of, or operated by, such person to be parked in a paid-parking zone when the pay station or parking meter governing the space does not show paid-for time.

(2) To deposit in a parking meter or pay station any payment for the purpose of parking beyond the maximum legal parking time for the particular zone.

(3) To park a vehicle at any place in a parking meter zone except within a parking meter space.

(4) To park any vehicle across any line or marking or a parking meter or pay station space or in such position that the vehicle is not entirely within the area designated by the line or markings.

(5) To fail to pay at the appropriate parking meter or pay station the proper amount immediately upon parking in a paid-parking zone.

(6) To fail to attach and display a pay station receipt to the inside of the vehicle's windshield adjacent to the curb. The receipt must be placed in a position so that it can be read from outside of the vehicle.

(Code 1959, § 38-74; Ord. No. 2010-05-06-0387, § 4, 5-6-10)

Sec. 19-223. Presumptions.

The presence of a vehicle in a paid parking zone (a) when the paid-for time shown on adjacent parking meter is expired, (b) when the paid-for time shown on the relevant pay-by-space station has expired, or (c) when the paid-for time shown on the pay-and-display station receipt has expired is prima facie evidence (x) that the vehicle has been parked beyond the legal period of time fixed by this article or (y) that the operator did not deposit proper payment.

(Code 1959, § 38-75; Ord. No. 2010-05-06-0387, § 4, 5-6-10)

Sec. 19-224. Enforcement of regulations.

It is the duty of the police department and the parking division of the downtown operations department, through its parking enforcement section, or of such other city employees as may be designated by the city manager, to enforce the provisions of this article and prosecute offenders. Parking violation notices should contain the number of the parking meter or pay station at which the vehicle is parked, the name of the state and number of the vehicle's license plate; the nature of the violation, and any other facts, a knowledge of which is necessary to a thorough understanding of the circumstances attending such violation.

(Code 1959, § 38-76; Ord. No. 64109, § 2, 12-4-86; Ord. No. 2010-05-06-0387, § 4, 5-6-10)

Sec. 19-225. Administrative adjudication of stopping, standing and parking violations.

(a) *Establishment of administrative adjudication.* All stopping, standing, and parking ordinance violations listed under V.T.C.A., Transportation Code §§ 545.301, 545.302, 545.303, and/or the City Code are hereby declared to be civil offenses.

(b) *Notice of right to instanter hearing and notice of time and place of scheduled hearings.* The citation or summons must provide information as to the time and place of an administrative adjudication hearing and must contain a notification that the person charged has the right of an instanter hearing prior to the scheduled hearing. The issuing peace officer or authorized parking enforcement agent shall not be required to attend the instanter hearing.

(c) *Hearing officers.* Hearing officers shall be appointed by the city manager. Said officers shall have authority to administer oaths and to issue

orders compelling the attendance of witnesses and the production of documents, such orders to be enforced by a municipal court.

(d) *Vehicle registered owner presumed to be operator.* At the hearing, it is presumed that the registered owner of the vehicle that is the subject of the hearing is the person who parked or stopped the vehicle at the time and place of the offense charged.

(e) *Prima facie evidence.* The state department of highways and public transportation computer generated record of the registered vehicle owner is prima facie evidence of its contents. The original or any copy of the summons or citation is also prima facie evidence of the facts contained therein.

(f) *Hearing officer order.* The hearing officer shall issue a written order stating whether or not the person charged is liable for the violation, and the amount of any fine, costs, or fee assessed against the person charged. The order shall be filed with the municipal court director. The failure of any person charged with an offense to appear at the hearing shall be an admission of liability for the charged offense. The record of witness testimony may be preserved for appellant review by the use of an audio tape recording or a video tape recording.

(g) *Enforcement measures.* Hearing office orders may be enforced by the following:

(1) Vehicle impoundment if the subject vehicle is found on any public street, public right-of-way, public easement, or city-owned parking facility, or other public property, if the vehicle owner has committed three (3) or more offenses in any calendar year;

(2) Immobilization of the subject vehicle if found on any public right-of-way, easement, city owned parking facility or other public property;

(3) Imposition of an added fine after a specified time;

(4) Refusal to allow registration of the subject vehicle as provided by V.T.C.A., Transportation Code § 702.003.

(h) *Maximum fine.* The total fine per violation shall not exceed five hundred dollars ($500.00). All fines, costs, and fees shall be paid into the city treasury general fund for the use and benefit of the city.

(i) *Appeal.* A person determined by the hearing officer to be in violation may appeal the decision to a municipal court by filing an appeal petition with the court clerk not later than thirty (30) days after the order is filed and by paying a five dollar ($5.00) appeal filing fee. The appeal hearing must be scheduled to occur within ten (10) days of the filing of the appeal petition. The appeal hearing before a municipal court judge shall be an administrative proceeding for the purpose of confirming or overruling the order issued by the administrative hearing officer based upon the evidence presented to the administrative hearing officer. The record of witness testimony may be preserved for appellant review by the use of an audio tape recording or a video tape recording.

(j) *Bond.* Neither a notice of intent to appeal nor the filing of an appeal petition shall stay the enforcement and collection of the judgment order unless the service of the notice of appeal is preceded by the posting of a bond with the municipal court director in an amount set by a municipal court judge.

(k) *Effective date.* Parking and stopping offenses occurring before September 1, 1987, shall be governed by the law in effect when the offense occurred, and the former law is continued in effect for that purposes.

(l) *Administrative procedures.* The municipal court director shall establish a written body of administrative procedures for these cases.

(m) *Booting fee.* The city shall recover the cost of enforcement of a hearing officer's order to boot an offending vehicle by requiring the payment of a sixty-dollar ($60.00) booting fee prior to debooting or prior to release of a vehicle from the impoundment facility. No booting fee shall be collected, however, if the vehicle is towed and impounded to remove it from risk of vandalism or theft within twenty-four (24) hours of booting,

said protective impoundment to be at the discretion of the parking enforcement supervisor or any police officer.

(n) *Misdemeanor offense.* It shall be unlawful for any unauthorized person to remove the immobilization device (boot) from the wheel of a vehicle, or to remove the booted wheel from a vehicle, or to move the booted vehicle, or to disable or damage the booting device. Violation of this subsection shall constitute a Class "C" misdemeanor offense, punishable by a fine of not more than five hundred dollars ($500.00).

Sec. 19-226. Free parking at meters for gasoline-electric hybrid vehicles.

(a) The director of downtown operations is to adopt a system of registering gasoline-electric hybrid vehicles (hybrids). On application by the owner, the director will register hybrids and issue decals, placards, or other evidence of registration to be affixed to or displayed on the hybrid. The director is to establish rules for the proper display of the evidence of registration.

(b) Registered hybrids properly displaying the evidence of registration may park without charge at all parking meters maintained by the city, but only for the maximum duration of the meter. Hybrids remaining at a meter beyond its maximum duration may be ticketed in the same manner as other vehicles with expired meters. Meter charges are not abated for hybrids or other vehicles displaying evidence of registration issued to a different vehicle.

DIVISION 4. COMMERCIAL PARKING AREAS

Sec. 19-236. Requirements for signs to be posted at commercial parking areas.

(a) *Definitions:*

(1) A "commercial parking area" is any land or structure used in connection with a business activity for the parking of vehicles and includes, but is not limited to:

a. A parking area offered to the general public at a set rate, whether it be by the hour, day or month.

b. A parking area reserved for the exclusive use of customers of a particular business.

c. A parking area intended for the use of individuals who own or rent space in or who work at a particular business location.

(2) "Entrance to the commercial parking area" is any opening to a commercial parking area which is capable of being used by a vehicle to affect ingress into the area where such opening is not marked with an exit sign conforming to the notice standards set out herein.

(b) *Scope.* Every commercial parking area, except those which are offered to the general public at no charge, shall be subject to the notice provisions set out herein.

(c) *Notice required:* The owner of a commercial parking area, or his agent, or the lessee of a commercial parking area, or his agent, shall give notice of the conditions under which the area may be used at every entrance of the commercial parking area. Such notice shall be given orally or in writing and shall include the following:

(1) A statement specifying those persons who may park in the area and prohibiting all others.

(2) The rates charged for parking in that area and the term of parking applicable to those rates, if the facility is offered to the general public.

(3) Where unauthorized vehicles are to be towed from the area, the name and telephone number of the operator of the parking area or the name and telephone number of the party charged with removing unauthorized vehicles, together with the storage location of the vehicles.

(d) *Form of notice:* The written notice required by this section shall be plainly visible to the public, shall be in English, and shall be in lettering of at least three (3) inches high.

(e) *Barriers.*

(1) The owner or lessee of a commercial parking area shall erect a physical barrier at

[This page intentionally left blank.]

every entrance and exit of such parking area constructed and maintained not less than twenty-six (26) inches in height from the ground surface of the parking area. If such physical barrier consists of a chain or cable, such chain or cable shall be attached to a supporting pipe or structure not less than twenty-six (26) inches above the ground surface of the parking area at each and every point of attachment. Said barrier is to be in place at any time the commercial parking area or the business or business building for which it provides exclusive parking for employees, tenants or customers is closed for business. The provisions of this paragraph shall not apply to commercial parking areas if the owner of said parking area, or his lessee, manifest the intention, by failure to construct a physical barrier, to allow the general public free parking at such times as the commercial parking area, the business establishment, or the business building for which it provides exclusive parking is not open for business.

(2) It shall be an affirmative defense to any prosecution under this subsection that the commercial parking area is one that provides only parallel or "head in" parking such that any motor vehicle parked thereon directly abuts a public street without an intervening sidewalk, raised curb or structure between such parking area and a public street.

(f) *Towing vehicles from parking areas:* Prior to the towing of any vehicle from a commercial parking lot, without the consent of the owner of that vehicle, the individual or towing company towing the vehicle shall notify the police department, radio message center, and provide the following information:

(1) The individual or business organization authorizing the towing.

(2) The name of the individual and the business organization towing the vehicle.

(3) The make, model, color, and license number of the vehicle to be towed.

(4) The location from which the vehicle is being removed and the location to which the vehicle will be towed.

(5) The charge to be made for the tow.

(Code 1959, § 34-8.1; Ord. No. 45008, § 1, 3-6-75; Ord. No. 45055, § 1, 3-20-75; Ord. No. 45428, § 1, 7-3-75; Ord. No. 48015, § 1, 5-12-77)

Secs. 19-237—19-239. Reserved.

DIVISION 5. PARKING FOR UNAUTHORIZED SALE*

Sec. 19-240. Definitions.

When used in this division, the following terms shall have the following meanings:

Authorized official shall mean the police chief, the director of code compliance, or any other city official designated by the city manager or their designees.

Property and *premises* shall mean all lots or parcels of land (platted and/or unplatted), together with all buildings, structures, yards areas, parking spaces and contiguous rights-of-way as defined by the Unified Development Code; collectively used for the same, general purpose or use as permitted by zoning.

Reasonable notice to the public shall mean:

(1) Any method making the sign or wording reasonably visible to a person passing by the perimeter of the property if the property is not open to the public;

(2) Any method making the sign or wording reasonably visible to a person entering onto the property or passing by the vehicle if the property is open to the public; or

(3) Any method making the sign or wording reasonably visible to a person passing by the vehicle or perimeter of the property if the vehicle is parked on a right-of-way.

*__Editor's note—__Section 2 of Ord. No. 2006-06-08-0694 states the following: "A violation of any parking regulations established herein is hereby declared to be a civil parking violation, and shall be punished by a penalty established in City Code Section 19-225."

Unauthorized sale shall mean the display for sale of any parked vehicle for which an exemption is not given within this article.

Unauthorized sale vehicle shall mean any vehicle displayed for an unauthorized sale.

Vehicle shall mean a motor vehicle, motorcycle, watercraft, trailer, semi-trailer, camper or recreational vehicle.
(Ord. No. 2006-06-08-0694, § 1, 6-8-06)

Sec. 19-241. Exceptions.

It shall be an exception to the presumption of an unauthorized sale if:

(1) The property is zoned residential, and

a. The registered owner of the vehicle actually resides on the property; and

b. No more than five (5) vehicles are displayed for sale on a property zoned single family residential during the calendar year; and

c. No more than one (1) vehicle per property zoned single family residential is displayed for sale at any one time; or

(2) The vehicle is located on property zoned for such sales and for which a certificate of occupancy for such sales is in effect and for which there is a valid license issued by the state department of transportation for such sales at that location. Any vehicle located on a public right-of-way shall not be included in this exception.
(Ord. No. 2006-06-08-0694, § 1, 6-8-06)

Sec. 19-242. Unauthorized sale presumed.

(a) Any vehicle on which is displayed a sign or words giving reasonable notice to the public that the vehicle is for sale shall be presumed to be an unauthorized sale vehicle.

(b) Any vehicle located on property on which is displayed signage or writing giving reasonable notice to the public that the vehicle on it is for sale shall be presumed to be a unauthorized sale vehicle.

(c) All vehicles, under the control of one or more sellers acting in concert with each other, located on property on which is displayed signage or writing giving reasonable notice to the public that a non-specified vehicle on it is for sale shall be presumed to be unauthorized sale vehicles.
(Ord. No. 2006-06-08-0694, § 1, 6-8-06)

Sec. 19-243. Declaration of unauthorized sale vehicle to be a public nuisance.

An unauthorized sale vehicle is hereby declared to be a public nuisance as it:

(1) Creates a visual blight;

(2) Increases traffic hazards due to its distractive nature;

(3) Poses a safety hazard to potential purchasers;

(4) Disturbs the peace and quiet of residential neighborhoods;

(5) Tends to attract other vendor types thereby creating a "flea market" atmosphere;

(6) Causes damage to public property due to curb jumping;

(7) Causes damage to private property due to accumulations of trash and traffic over unpaved surfaces;

(8) Fails to protect the legitimate interests of licensed vehicle dealers; and/or

(9) Fails to protect the public against fraudulent transactions.
(Ord. No. 2006-06-08-0694, § 1, 6-8-06)

Sec. 19-244. Unauthorized sale unlawful.

(a) It shall be unlawful for any person or entity to knowingly place or cause to be placed any vehicle in such a manner as to be an unauthorized sale vehicle.

(b) An offense under this division shall be a parking violation and shall be subject to the maximum fine provided in this article for civil parking violations.

(c) The remedies within this division are not exclusive and nothing herein shall preclude the city's pursuit of any and all other remedies allowed by City Code or state statute.
(Ord. No. 2006-06-08-0694, § 1, 6-8-06)

Sec. 19-245. Determination of an unauthorized sale vehicle.

The authorized official shall have the authority to determine if a vehicle is an unauthorized sale vehicle if that official has:

(1) Personally observed the vehicle to be within the definition and presumption of an unauthorized sale vehicle or can combine his/her observations with another official to satisfy the definition and presumption; and

(2) Has made a record and has secured the record of any other official's observations stating the specific observations to support the vehicle being within the definition and presumption as well as stating that none of the exceptions to the definition and presumption were applicable.

(Ord. No. 2006-06-08-0694, § 1, 6-8-06)

Sec. 19-246. Towing of unauthorized sale vehicles authorized.

(a) Upon determination that the vehicle is an unauthorized sale vehicle and upon the expiration of any time given to correct the unauthorized sale violation, an authorized official, after issuance of a citation or summons, may cause any unauthorized sale vehicle and any property on or in the unauthorized sale vehicle to be removed and stored at a vehicle storage facility at the owner's or person in control of the vehicle's expense.

(b) Before any unauthorized sale vehicle shall be towed, the city shall first attach in a reasonably conspicuous manner to the vehicle's front windshield or, if the vehicle has no front windshield, to a conspicuous part of the vehicle a notice stating that:

(1) The vehicle is displayed and parked in violation of the prohibition of unauthorized sale;

(2) The vehicle will be towed and stored at the expense of the owner or person in control of the vehicle if it is not removed from the area by a specified time not to exceed four (4) hours from the date the notice is attached;

(3) If the vehicle is found to be in violation of the prohibition of unauthorized sale within the next ninety (90) days, it may be towed and stored at the expense of the owner or person in charge of the vehicle without further notice.

(c) Any towing, storage or other fees incurred due to the towing of an unauthorized sale vehicle shall be in addition to any fine imposed due to the parking violation and shall not lessen such fine.

(d) If the unauthorized sale vehicle has been noticed within the previous ninety (90) days that it is in violation of the prohibition of unauthorized sale, no further notice or time to correct the violation shall be required before the vehicle may be towed.
(Ord. No. 2006-06-08-0694, § 1, 6-8-06)

Sec. 19-247. Owner's right to hearing.

(a) An owner of a vehicle cited and/or towed under this division shall be entitled to a hearing under this article.

(b) Should the hearing officer determine the person charged is not liable for the violation, the city shall refund all storage and towing payments to the person or entity having made such payments.
(Ord. No. 2006-06-08-0694, § 1, 6-8-06)

Sec. 19-248. Property owner may remove vehicle.

Nothing within this division shall preclude the owner of the property on which a vehicle is parked from removing a vehicle on the property owner's own initiative. Such removal, however, shall be a private matter and shall not be considered sanctioned or authorized by the city.
(Ord. No. 2006-06-08-0694, § 1, 6-8-06)

DIVISION 6. MOTOR VEHICLE IDLING*

Sec. 19-249. Definitions.

In this division:

(1) *Idle* means the operation of an engine in the operating mode where the engine is not engaged in gear, where the engine operates at a speed at the revolutions per minute specified by the engine or vehicle manufacturer for when the accelerator is fully released, and there is no load on the engine.

(2) *Motor vehicle* means any self-propelled device powered by an internal combustion engine and designed to operate with four (4) or more wheels in contact with the ground, in or by which a person or property is or may be transported, and is required to be registered under V.T.C.A., Transportation Code § 502.002, excluding vehicles registered under § 502.006(c).

(3) *Primary propulsion engine* means a gasoline or diesel-fueled internal combustion engine attached to a motor vehicle that provides the power to propel the motor vehicle into motion and maintain motion.

(Ord. No. 2016-06-30-0517, § 2, 6-30-16)

Sec. 19-249.001. Applicability.

This division applies within the jurisdiction of the City of San Antonio.

(Ord. No. 2016-06-30-0517, § 2, 6-30-16)

Sec. 19-249.002. Idling prohibited.

(a) No person shall cause, suffer, allow, or permit the primary propulsion engine of a motor vehicle to idle for more than five (5) consecutive minutes when the motor vehicle is not in motion.

(b) No driver using the vehicle's sleeper berth may idle the vehicle;

(1) In a school zone;

(2) Within one thousand (1,000) feet of a public school during its hours of operation;

(3) Within one thousand (1,000) feet of a hospital; or

(4) In a residential area.

(Ord. No. 2016-06-30-0517, § 2, 6-30-16)

Sec. 19-249.003. Exemptions.

Section 19-249.002 does not apply to:

(1) A motor vehicle that has a gross vehicle weight rating of fourteen thousand (14,000) pounds or less;

(2) A motor vehicle that has a gross vehicle weight rating greater than fourteen thousand (14,000) pounds and that is equipped with 2008 or subsequent model year heavy-duty diesel engine or liquefied or compressed natural gas engine that has been certified by the United States Environmental Protection Agency or a state environmental agency to emit no more than thirty (30) grams of nitrogen oxide emissions per hour when idling;

(3) The primary propulsion engine of a motor vehicle being used to provide air conditioning or heating necessary for employee health or safety in an armored vehicle while the employee remains inside the vehicle to guard the contents or while the vehicle is being loaded or unloaded;

(4) A motor vehicle forced to remain motionless because of traffic conditions over which the operator has no control;

(5) A motor vehicle being used by the United States military, national guard, or reserve forces, or as an emergency or law enforcement motor vehicle;

(6) The primary propulsion engine of a motor vehicle providing a power source necessary for mechanical operation, other than propulsion;

(7) The primary propulsion engine of a motor vehicle being operated for maintenance or diagnostic purposes;

*__Editor's note—__Ord. No. 2016-06-30-0517, § 10, adopted June 30, 2016, states that the penalty provisions of this division shall be effective January 1, 2017.

(8) The primary propulsion engine of a motor vehicle being operated solely to defrost a windshield;

(9) The primary propulsion engine of a motor vehicle that is being used to supply heat or air conditioning necessary for passenger comfort and safety in vehicles intended for commercial or public passenger transportation or passenger transit operations, in which case idling up to a maximum of thirty (30) minutes is allowed;

(10) The primary propulsion engine of a motor vehicle being used to provide air conditioning or heating necessary for employee health or safety while the employee is using the vehicle to perform an essential job function related to roadway construction or maintenance;

(11) The primary propulsion engine of a motor vehicle being used as airport ground support equipment;

(12) The owner of a motor vehicle rented or leased to a person who operates the vehicle and is not employed by the owner; section 19-249.002 does apply to the operator of the vehicle; or

(13) A motor vehicle when idling is necessary to power a heater or air conditioner while a driver is using the vehicle's sleeper berth for a government-mandated rest period and is not within two (2) miles of a facility offering external heating and air conditioning connections at a time when those connections are available.

Sec. 19-250. Reserved.

ARTICLE VII. SCHOOL ZONES AND SCHOOL BUSES*

DIVISION 1. GENERALLY

Sec. 19-251. School zones designated; driving restrictions.

(a) As a result of an engineering and traffic investigation by the public works department the city council has determined that the prima facie reasonable and prudent maximum speed on the public streets and highways of the city designated as school zones and described in separate ordinances of the city may be established at speeds of twenty (20), twenty-five (25), thirty (30) or thirty-five (35) miles per hour.

(b) No person shall drive a vehicle on a public street or highway designated as a school zone at a speed greater than is reasonable and prudent under the circumstances then existing. On that portion of those streets or highways designated as a school zone, the prima facie maximum reasonable and prudent speed in miles per hour when school is in session shall be such as provided in subsection (a) above, provided that an appropriate sign giving notice thereof is erected. Such signs shall state the prima facie maximum speed and the times during which the school zone is in effect or operation, or shall state the prima facie maximum speed when flashing and shall be accompanied by a flashing beacon or light during the times the school zone is in effect or operation. The times each school zone shall be in effect or operation shall be specified by the city traffic engineer and established by ordinance. Any speed in excess of that established by ordinance for a designated school zone while that school zone is in operation or effect shall be prima facie evidence that the speed is not reasonable and prudent and that it is unlawful.

(c) It shall be unlawful for any person to drive or operate any vehicle into or through any school crossing at a time when there is a child or children crossing or standing therein; provided that the said school zone has been indicated by

*__State law reference—__Regulations relative to school buses, Vernon's Ann. Civ. St. art. 6701d, § 105.

signs or placards not less than one hundred (100) feet from said crossing, and where such crossings have been established across paved streets its boundaries should be marked by lines of white or yellow paint and no crossing shall be greater than twenty (20) feet in width.

(d) Upon those streets and parts of streets near or adjacent to schools designated as school zones, vehicular traffic shall move only in the direction and during the hours specified when signs indicating the direction of traffic are erected.
(Code 1959, § 38-40; Ord. No. 31666, § 1, 8-14-63; Ord. No. 41504, § 1, 11-22-72; Ord. No. 42075, § 2, 4-12-73; Ord. No. 54506, § 1, 11-5-81; Ord. No. 99662, §§ 1—3, 9-2-04)

Editor's note—Sections 2 and 3 of Ord. No. 99662, adopted September 2, 2004, state the following: "Section 2. Until such time as specific speeds for specific school zones as authorized by 19-251(a) are designated and changed/established by ordinance, the prima facie reasonable, prudent and safe maximum speed on the public streets and highways of the city designated as school zones shall remain twenty (20) miles per hour. All existing designations of school zones shall remain in effect until such time as they are changed by separate ordinance.

Section 3. Until such time as specific times for specific school zones as authorized by 19-251(b) are changed and/or established by ordinance, the speed limit of twenty (20) miles per hour on public streets and highways designated by the city council as school zones shall remain in effect between the hours of 7:00 a.m. and 9:00 a.m. in the morning and 2:00 p.m. and 4:00 p.m. in the afternoon on any day of the regular or any special summer school term, and any speed in excess of twenty (20) miles per hour in such zones while such zones are in effect shall be prima facie evidence that the speed is not reasonable and prudent and that it is unlawful."

State law reference—Authority of city to create school zones, Vernon's Ann. Civ. St. art. 6701d, § 167(d).

Sec. 19-252. Passing school busses prohibited.

Except as hereinafter provided, the driver of a vehicle upon any and all public streets and thoroughfares within the city upon meeting or overtaking from either direction any school bus which has stopped on the street for the purpose of receiving or discharging any school children shall stop the vehicle before reaching such school bus when there is in operation on said school bus to the front two (2) alternately flashing red lights located at the same level and to the rear, two (2) alternately flashing red lights located at the same level, and these lights shall have sufficient intensity to be visible at five hundred (500) feet in normal sunlight, and said driver shall not proceed until such school bus resumes motion or is signaled by the school bus driver to proceed or the visual signals are no longer actuated.
(Code 1959, § 38-44; Ord. No. 31666, § 1, 8-14-63; Ord. No. 42075, § 3, 4-12-73)

State law reference—Similar provisions, Vernon's Ann. Civ. St. art. 6701d, § 104(a).

Sec. 19-253. When passing of school busses is not prohibited.

The driver of a vehicle upon a street within the corporate limits of this city with separate or divided roadways need not stop upon meeting or passing a school bus which:

(a) Is on a different roadway or when upon a controlled-access highway or street and the school bus is stopped in a loading zone which is a part of or adjacent to such highway or street and where pedestrians are not permitted to cross the roadway.

(b) Is on any public streets within the central business district of this city as defined in this chapter.

Editor's note—Similar provisions, Vernon's Ann. Civ. St. art. 6701d, § 104(b).

Sec. 19-254. Reserved.

Editor's note—Ord. No. 2014-11-06-0843, § 3, adopted November 6, 2014, repealed the former section 19-254 in its entirety, which pertained to regulating the use of hand-held mobile telephones and mobile communication devices in reduced speed school zones, and derived from Ord. No. 2008-08-21-0727, § 1, adopted August 21, 2008.

Sec. 19-255. Regulating the use of hand-held mobile communication devices while driving.

(a) In this section:

(1) *Engaging in a call* means talking to, dialing, or listening on a hand-held mobile communication device, but does not include holding a mobile communication device to activate or deactivate the device.

(2) *Hand-held mobile communication device* means a text-messaging device or other electronic, two-way communication device that uses a commercial mobile service, as defined by 47 U.S.C. § 332, that is designed to receive and transmit voice communication, text message or pictorial communication, or both, whether by internet or other electronic means. The term includes a mobile telephone, and a personal digital assistant (PDA).

(3) *Hands-free mobile telephone* means a mobile telephone that has an internal feature or function or that is equipped with an attachment or addition, whether or not permanently part of the mobile telephone, by which a user engages in a call without the use of either hand (or prosthetic device or aid in the case of a physically disabled person) whether or not the use of either hand (or prosthetic device) is necessary to activate or deactivate the mobile telephone.

(4) *Park* or *parked* shall mean for the operator to completely cease movement of a motor vehicle in a lawful manner and location. For purposes of this section, "parked" does not include or mean a vehicle stopped in a lane of traffic due to either a lawful traffic control device, or the conditions on the roadway, or traffic congestion patterns then existing.

(5) *Text message* means a two-way communication (whether real-time or asynchronous) in which data (composed in whole or in part of text, numbers, images, or symbols) is sent, entered, or received by a method other than by voice and transmitted through either a short message service (SMS) or a computer network. The term does not include a communication transmitted through a global positioning or navigation system.

(b) A person commits an offense if the person uses a hand-held mobile communication device to:

(1) Engage in a call;

(2) Send, read, or write a text message;

(3) View pictures or written text whether transmitted by internet or other electronic means;

(4) Engage in gaming; or

(5) Engage in any other use of the device while operating a moving motor vehicle.

(c) This section does not apply to an operator of a motor vehicle using a hand-held mobile communications device:

(1) While the vehicle is legally parked or is being driven on private property;

(2) That is affixed to the vehicle and used as a global positioning or navigation system;

(3) That is used with a hands-free mobile communication telephone or other such device;

(4) While operating an authorized emergency vehicle in an official capacity; or

(5) Who is licensed by the Federal Communications Commission while operating a radio frequency device other than a hand held mobile communication device.

(d) It shall be an affirmative defense to prosecution under this section that the person was using a hand-held mobile communication device for the purpose of:

(1) Executing the person's official duties;

(2) Reporting illegal activity to a law enforcement agency;

(3) Communicating with an emergency response operator, a fire department, a law enforcement agency, a hospital, a physician's office, or a health clinic regarding a medical or other emergency situation; or

(4) Preventing injury to a person or property.

(e) Only warning citations may be issued for the first thirty (30) days following the effective date of this section so that an educational effort by the city may be conducted to inform the public about the importance and requirements of this new section. Thereafter, a person convicted of an

offense under this section shall be punished by a fine of not more than two hundred dollars ($200.00).

(f) An offense under this section is not a moving violation and may not be made a part of a person's driving record or insurance record.

(g) In addition to enforcement by a peace officer of the city, this section may be enforced by a peace officer of another entity, including those employed by school districts, duly authorized to issue traffic citations within the city.
(Ord. No. 2010-10-07-0853, § 1, 10-7-10; Ord. No. 2014-11-06-0843, § 1, 11-6-14)

DIVISION 2. DIVISION OF SCHOOL CROSSING GUARDS

Sec. 19-266. Creation.

There is hereby created the division of school crossing guards; the members of which shall have the qualifications and duties hereinafter enumerated.

Sec. 19-267. Qualifications, appointment, and removal.

(a) Members shall be women or men of good moral character and above the age of twenty-one (21) years.

(b) Members shall be appointed by the city manager and shall be subject to removal by him. They shall not be regular members of the police department as established by general ordinances or laws of the state.
(Code 1959, § 38-42; Ord. No. 44946, § 1, 2-20-75)

Sec. 19-268. Duties.

(a) Members of the school crossing guards shall serve at such times during school hours and before and after school hours as directed by the chief of police. They shall be stationed at street

intersections, or their street crossings within any school zones heretobefore, and hereafter established within the city, as directed by the chief of police.

(b) Such school crossing guards shall have no powers of arrest, but shall take the license number of any motorist violating this chapter and report it to the police department.

(c) It shall be unlawful for the driver of any motor or other vehicle to fail to stop when ordered to do so by a school crossing guard.
(Code 1959, § 38-43)

Secs. 19-269—19-280. Reserved.

ARTICLE VIII. MISCELLANEOUS DRIVING RULES

Sec. 19-281. Traffic on streets closed for repairs.

It shall be unlawful for any person to lead or ride, or cause to be ridden, any horse, mule, or other animal, or to drive, or cause to be driven, any carriage, wagon, car, bicycle, dray, automobile, or any other vehicle, or to walk over, across, or upon any street or plaza in the city while such street or plaza is in the course of repair and has been closed to public travel, or after repairs have been completed but before such street or plaza shall have been opened by the city to public travel.

Sec. 19-282. Driving through funeral or other processions.

No driver of a vehicle shall drive between the vehicles comprising a funeral or other authorized procession while they are in motion.
(Code 1959, § 38-49)

Sec. 19-283. Limitations on backing.

The driver of a vehicle shall not back the same unless such movement can be made with reasonable safety and without interfering with other traffic.

Sec. 19-284. Riding on motorcycles.

A person operating a motorcycle shall not ride other than upon the permanent and regular seat attached thereto or carry any other person nor shall any other person ride upon such motorcycle other than upon a firmly attached seat to the rear or side of the operator.
(Code 1959, § 38-51)

State law reference—Similar provisions, Vernon's Ann. Civ. St. art. 6701d, § 174.

Sec. 19-285. Clinging to moving vehicles.

Any person riding upon any bicycle, motorcycle, coaster, roller skates, sled, or any toy vehicle shall not attach the same or himself to a moving vehicle upon any roadway.
(Code 1959, § 38-52)

Sec. 19-286. Driving or parking on sidewalks prohibited.

(a) It shall be unlawful for any person to drive or propel or park or stand any vehicle upon any sidewalk.

(b) Law enforcement officers and emergency medical personnel while using bicycles provided by governmental agencies and while in the performance of their authorized duties are exempt from the provisions of subsection (a). Any person, while parking a bicycle in city installed bike racks, is also exempt from the provisions of this section.
(Code 1959, § 38-54; Ord. No. 53243, § 1, 1-15-81; Ord. No. 88129, § 1, 7-23-98)

Sec. 19-287. Operating heavy construction equipment on expressways.

(a) No person shall drive or operate any motor graders, combines or heavy construction equipment such as motor powered scrapers, motor cranes, pneumatic tired rollers, pneumatic tired front end loaders or backhoes on any expressway located within the city.

(b) Equipment owned by governmental agencies, or their contractors, while being used in the performance of authorized duties on the various expressways within the city, and equipment that complies with the statutory size restrictions as

specified in Vernon's Ann. Civ. St. art. 6701d-11, section 3, and is not impeding the flow of traffic, are exempted from the provisions of this section.

(c) Any person who shall violate any provision of this section shall be deemed to be guilty of a misdemeanor and shall upon conviction be punished in accordance with section 1-5.
(Code 1959, § 38-55.2; Ord. No. 34316, §§ 1, 2, 4-28-66; Ord. No. 34424, §§ 1—3, 6-9-66; Ord. No. 43843, 5-30-74)

Sec. 19-288. Only vehicles permitted on controlled-access roadways.

No person shall occupy or use any controlled-access roadway except in or upon a motor vehicle. Pedestrians and equestrians are prohibited from using controlled-access roadways, including the traveled portion, the median strip and the shoulders.
(Code 1959, § 38-56)

Sec. 19-289. Unlawful riding.

No person shall ride in or on any portion of a motor vehicle not designed for the transport of passengers, except when engaged in the necessary discharge of employment or business duties; and no operator of a motor vehicle shall drive on any public street or right-of-way within the City of San Antonio while a passenger under the age of fourteen (14) is in or on any portion of the vehicle that is not designed for passengers, including the bed of a pickup truck which is not equipped with securely attached passenger seats, or which is not equipped with a camper or other truck-bed accessory that provides a roof and four (4) walls.
(Code 1959, § 38-58; Ord. No. 68419, § 1, 12-1-88)

Sec. 19-290. Railroad trains not to block streets.

(a) It shall be unlawful for the directing officer or the operator of any railroad train to operate the train in such a manner as to prevent the use of the street for purposes of travel for a period of time longer than five (5) minutes. It shall be a defense to prosecution under this section that the train, other than a switch engine, was in motion at a speed of more than three (3) miles per hour during all or a part of the period of blocking travel and was not standing for five (5) minutes or more.

(b) It shall be unlawful for the directing officer or the operator of any railroad train to operate the train in such a manner that a street, blocked by a train so as to prevent its use for travel, is a second time blocked without the intervention of a period of at least five (5) minutes during which such street shall be open to travel.
(Code 1950, § 46-17; Ord. No. 25882, § 1, 12-19-57; Code 1959, §§ 33-3, 33-59)

State law reference—Similar provisions, Vernon's Ann. Civ. St. art. 6701d-5.

Sec. 19-291. Opening doors to vehicles.

No person shall open the door of any vehicle unless and until such opening can be made without endangering either pedestrians on a sidewalk or vehicles in a moving lane of traffic.
(Code 1959, § 38-60)

Sec. 19-292. Truck routes; weight of loaded vehicles.

(a) All Interstate Highway, U.S. Highway and State Highway numbered routes within the city are designated as truck routes.

(b) It shall be unlawful for any truck over 18,000 lbs. gross vehicle weight rating (or 18,000 lbs. gross cargo weight rating in the case of a truck-trailer or truck-trailer unit) to use, travel upon or be driven over any street, avenue, or highway within the city not designated as a truck route.

(c) If the point of origin or destination, for commercial purposes only, for any truck is off the truck route, but is on an arterial street, then the truck may proceed by the shortest possible route, consisting of city arterial streets (defined for this purpose as those streets marked for two (2) or more lanes in each direction) to or from the nearest truck route. If the point of origin or destination is not on a truck route or a city arterial street, then the truck may proceed by the shortest possible route to or from the nearest numbered route or city arterial street.

(d) No commercial motor vehicle, truck, tractor, truck-tractor, trailer, semi-trailer, or other vehicle nor any combination of such vehicles shall be operated over or upon the streets, bridges, or public ways of the city, the total gross weight of which exceeds that permitted a like vehicle on the highways of the state.

(e) Sections of the Code to the contrary notwithstanding, violations of this section shall be punishable by a fine not to exceed five hundred dollars ($500.00).
(Code 1959, § 38-62; Ord. No. 31028, §§ 1, 2, 1-9-63; Ord. No. 83390, § 1, 1-4-96)

Cross reference—Weight limited bridges, § 29-193 et seq.

Sec. 19-293. Trucks not to travel park roads.

(a) This section is for the purpose of protecting park roads, designed primarily for private passenger automobile traffic carrying passengers into and out of the public parks of the city for recreational purposes, from the damaging and deteriorating effects of heavy, through vehicular traffic.

(b) All use of park roads by trucks having a combined body and weight load in excess of seven thousand, five hundred (7,500) pounds is prohibited.

(c) This section shall not prohibit upon park roads:

(1) Operation of emergency vehicles.

(2) Operation of trucks or buses owned or operated by the city; public utilities, by any contractor or materialman while engaged in repair, maintenance or construction of park roads, or utilities within the park.

(3) Operation of any truck serving a park function or performing a service for a concessionaire within a park.

(4) School buses.
(Code 1959, § 38-63)

Sec. 19-294. Motor assisted scooters, neighborhood electric vehicles, pocket bikes, and mini motorbikes.

(a) In this section, the following definitions apply:

Motor assisted scooter means:

(1) A self-propelled device with:

a. At least two (2) wheels in contact with the ground during operation;

b. A braking system capable of stopping the device under typical operating conditions;

c. A gas or electric motor not exceeding forty (40) cubic centimeters;

d. A deck designed to allow a person to stand or sit while operating the device; and

e. The ability to be propelled by human power alone; and

(2) Does not include a pocket bike or mini motorbike.

Neighborhood electric vehicle means a vehicle subject to Federal Motor Vehicle Safety Standard 500 (49 C.F.R. Section 571.500). The operation of neighborhood electric vehicles on a street or highways with a posted speed limit of thirty-five (35) miles per hour or less is authorized, provided that all other requirements in V.T.C.A., Transportation Code ch. 551, subch. D, shall apply.

Pocket bike or *mini motorbike* means a self-propelled vehicle that is equipped with an electric motor or internal combustion engine having a piston displacement of less than fifty (50) cubic centimeters, is designed to propel itself with not more than two (2) wheels in contact with the ground, has a seat or saddle for the use of the operator, is not designed for use on a highway, and is ineligible for a certificate of title under Chapter 501 of the Texas Transportation Code. The term does not include:

(1) A moped or motorcycle;

(2) An electric bicycle or motor-driven cycle, as defined by Section 541.201 of the Texas Transportation Code;

(3) A motorized mobility device, as defined by Section 542.009 of the Texas Transportation Code;

(4) An electric personal assistive mobility device, as defined by Section 551.201 of the Texas Transportation Code; or

(5) A neighborhood electric vehicle.

Protective headgear means headgear which meets the minimum safety standards for protective headgear used by motorcyclists in this state as adopted by the state department of transportation.

(b) A person commits an offense if the person:

(1) Operates a motor assisted scooter, a pocket bike or mini motorbike on a street, highway or sidewalk; or operates a neighborhood electric vehicle on a street or highway with a posted speed limit greater than thirty-five (35) miles per hour;

(2) Operates a pocket bike or mini motorbike anywhere in a park;

(3) Operates a motor assisted scooter in a park, unless on a designated park trail where the operation of such scooters is specifically authorized by sign;

(4) Operates, if under twenty-one (21) years of age, a motor assisted scooter, a pocket bike or mini motorbike unless wearing protective headgear;

(5) Knowingly fails as a parent of a child or a guardian of a ward, to directly supervise the operation by a child or a ward under fifteen (15) years of age of a motor assisted scooter, pocket bike or mini motorbike; and

(6) Operates a motor assisted scooter which has been mechanically altered from the original manufacturer's design;

(c) A culpable mental state is not required, and need not be proved, for an offense under subsections (b)(1), (2), (3), (4) or (6).

Any person who engages in any activity specified in subsections (b)(1), (2), (3), (5), and (6), commits a class C misdemeanor and is subject to a fine not to exceed five hundred dollars ($500.00).

Any person who fails to wear protective headgear in violation of subsection (b)(4), commits a class C misdemeanor and is subject to a fine of not less than ten dollars ($10.00) nor more than fifty dollars ($50.00).
(Ord. No. 2006-02-09-0172, §§ 1—3, 2-9-06; Ord. No. 2013-05-09-0321, § 1, 5-9-13)

Sec. 19-295. Requirement for use of front and rear lights when operating a bicycle at nighttime.

While operating a bicycle on a public street a person may not operate a bicycle at nighttime, the period beginning one-half hour after sunset and ending one-half hour before sunrise, unless the bicycle is equipped with:

(1) A lamp on the front of the bicycle that emits a white light visible from a distance of at least five hundred (500) feet in front of the bicycle; and

(2) On the rear of the bicycle:

a. A red reflector that is:

1. Of a type approved by the department of public safety; and

2. Visible when directly in front of lawful upper beams of motor vehicle headlamps from all distances from fifty (50) to three hundred (300) feet to the rear of the bicycle; or

b. A lamp that emits a red light visible from a distance of five hundred (500) feet to the rear of the bicycle.

Any person who engages in any activity specified in this section may be subject to prosecution for a class C misdemeanor and a fine not to exceed two hundred dollars ($200.00).

ARTICLE IX. EMERGENCY VEHICLES

DIVISION l. GENERALLY

Secs. 19-306—19-320. Reserved.

DIVISION 2. AUTHORIZED EMERGENCY VEHICLES

Sec. 19-321. Authorized emergency vehicles governed by state law.

Authorized emergency vehicles shall be governed by the pertinent provisions of the state traffic laws.
(Code 1959, § 38-35; Ord. No. 31359, § 1, 5-22-63)

State law reference—Application of state traffic laws to authorized emergency vehicles, Vernon's Ann. Civ. St. art. 6701d, § 24.

Secs. 19-322—19-335. Reserved.

DIVISION 3. AMBULANCES

Sec. 19-336. Definitions.

As used in this division the following terms have the meanings as indicated below:

Emergency shall mean a circumstance in which the element of time is involved in treating and transporting a sick, wounded or injured person in order to protect such person's health or life.

Emergency ambulance shall mean any motor vehicle designed, equipped or used for transporting the injured or sick from an emergency site to a medical facility for treatment.

Emergency ambulance service shall mean responding to calls for ambulance service to the site of an emergency, the ambulance trip to the place or from the place of an emergency, the transporting of sick and injured from site to a medical facility or the rendering of first aid or medical assistance at an emergency site from an emergency ambulance.

Emergency run shall mean an ambulance trip to a place where an emergency exists, or from such place to a hospital, or other medical facility for treatment.
(Code 1959, § 38-36.4; Ord. No. 44606, § 4, 11-14-74)

Sec. 19-337. Compliance.

Except as provided in section 19-338, drivers of ambulances operating on the public streets of this city shall comply with all city ordinances and regulations applicable to motor vehicles generally including ordinances and regulations governing the speed of ordinary vehicles.

Sec. 19-338. Exemptions to ambulances.

(a) The driver of an ambulance, when removing patients to or from a hospital or private residence may park or stand irrespective of city ordinances regulating the parking or standing of vehicles on the public streets.

(b) The driver of an ambulance, when responding to an emergency call and displaying a red

flashing emergency light, may exercise the privileges set forth in this section subject to the conditions herein stated:

(1) Park or stand irrespective of the provisions of city ordinances regulating the parking or standing of vehicles on public streets.

(2) Proceed past a red or stop signal or stop sign but only after slowing to a speed not in excess of ten (10) miles per hour.

(c) This section shall not be construed to relieve the driver of an ambulance from the duty to drive with due regard for the safety of others, nor his employer from liability for the consequences of said driver's negligence. Nothing in this section shall be construed to authorize operating or driving an ambulance at a speed in excess of that which is permissible under city ordinances governing the speed of motor vehicles generally.
(Code 1959, § 38-37; Ord. No. 31666, § 1, 8-14-63)

Sec. 19-339. Emergency ambulance calls.

(a) It shall be unlawful for any person other than a member of the fire department, emergency medical services division to operate, drive, or cause to be operated or driven any ambulance on the streets of the city for the purpose of furnishing emergency ambulance service, or to furnish or attempt to furnish emergency ambulance service in the city.

(b) It is an affirmative defense to prosecution that the site of an emergency is outside of the area served by the city emergency medical services system, and the emergency ambulance is operating on city streets only for the purpose of responding to an emergency site so located for transporting the victim(s) to a medical facility.

(c) It is an affirmative defense to prosecution that the driver of such an ambulance is operating same pursuant to a contract for maintaining an ambulance at a particular location or event for the purpose of transporting sick or injured persons for medical or hospital treatment.

(d) It is an affirmative defense to prosecution that the site of an emergency is inside the area served by the city emergency medical services system, but permission has been received from the emergency medical service dispatcher to make such emergency run. Upon receipt of a request to make such an emergency run, the dispatcher shall grant such permission if no other ambulance, public or private, has been previously dispatched to the emergency scene.
(Code 1959, § 38-36.1; Ord. No. 35006, §§ 1—3, 12-1-66; Ord. No. 35537, §§ 1—3, 6-22-67; Ord. No. 43411, § 7, 2-21-74; Ord. No. 44606, § 1, 11-14-74)

Sec. 19-340. Area covered.

The area served by the city emergency medical services system shall consist of the corporate limits of the city, the unincorporated areas of the county, and all other incorporated cities in the county which have contracted with the city for coverage under the system. This area is shown in documents on file in the office of the city clerk for public inspection.
(Code 1959, § 38-36.2; Ord. No. 44606, § 2, 11-14-74)

Sec. 19-341. Emergency medical services dispatcher.

The emergency medical services dispatcher shall be the person designated by the fire chief to handle calls for emergency medical services, and shall be available by telephone at all hours.
(Code 1959, § 38-36.3; Ord. No. 44606, § 3, 11-14-74)

Sec. 19-342. Insurance.

It shall be unlawful for any person to drive, operate, or allow to be operated, or cause, permit or allow any person within his employ to drive an ambulance, upon the public streets of this city, . unless he carries liability insurance for such ambulance in the amount of five thousand dollars ($5,000.00) per person and ten thousand dollars ($10,000.00) per accident to cover personal injury, and in the amount of five thousand dollars ($5,000.00) to cover property damage and unless he has filed with the city clerk a certificate of insurance, issued by an insurance company licensed to do business in the state, in the amounts specified above, which certificate shall recite that in case of cancellation of said insurance the in-

surer will give written notice to the city clerk of such proposed cancellation at least thirty (30) days prior to the effective date of such cancellation.

ARTICLE X. JUNKED VEHICLES*

Sec. 19-356. Definitions.

Antique vehicle means a passenger car or truck that is at least twenty-five (25) years old.

Inoperable means a vehicle that is in such condition at the time of inspection, that it is no longer usable for the purpose for which it was manufactured, regardless of the potential for repair or restoration. If the vehicle is wrecked, dismantled or partially dismantled it is presumed to be inoperable.

Junked vehicle means a vehicle that is self-propelled or was manufactured to be self-propelled, or any part thereof, in ordinary public view, which remains inoperable for a continuous period of ten (10) days.

Motor vehicle collector means a person who:

(1) Owns one or more antique or special interest vehicles; and

(2) Acquires, collects, or disposes of an antique or special interest vehicle or part of an antique or special interest vehicle for personal use to restore and preserve an antique or special interest vehicle for historic interest.

Ordinary public view means a vehicle or any part thereof or the tarp or cover thereon is visible at any time of the year from any public right-of-way, or adjacent land or the first floor level of a building thereon, which is owned or occupied by a person other than the property owner or occupant of the property on which the vehicle is located or parked.

Property owner means the owner of any premises, as listed in the real property tax records of the city on which the junked vehicle is located.

Scrapyard shall include salvage yards as defined by this Code.

Special interest vehicle means a motor vehicle of any age that has not been changed from original manufacturer's specifications and, because of its historic interest, is being preserved by a hobbyist.
(Ord. No. 100203, § 3, 12-16-04)

Sec. 19-357. Declaration of junked vehicle to be a public nuisance.

A junked vehicle, including a part of a junked vehicle, that is visible at any time of the year from a public place or public right-of-way:

(1) Is detrimental to the safety and welfare of the public;

(2) Tends to reduce the value of private property;

(3) Invites vandalism;

(4) Creates a fire hazard;

(5) Is an attractive nuisance creating a hazard to the health and safety of minors;

(6) Produces urban blight adverse to the maintenance and continuing development of municipalities; and

(7) Is a public nuisance.
(Ord. No. 100203, § 3, 12-16-04)

Sec. 19-358. Offense.

(a) A person commits an offense if the person maintains a public nuisance as described by section 19-357.

(b) An offense under this article is a misdemeanor punishable by a fine not to exceed two hundred dollars ($200.00). In the event, a defendant has once previously been convicted under this article; the defendant shall be fined an amount not less than one hundred dollars ($100.00) for

each conviction thereafter. Each day a violation is permitted to exist shall constitute a separate offense.

(c) Upon conviction, the court shall order abatement and removal of the nuisance within ten (10) calendar days of conviction.

(1) The person convicted shall be responsible for the removal and abatement as provided in subsection 19-363(b) and shall provide verification of the abatement and removal within fourteen (14) calendar days of conviction.

(2) Should the convicted person fail to remove the nuisance within the time allowed, the city shall remove and abate the nuisance without further notice to any party and shall recover all costs for the removal and abatement in the manner provided in this article.

(Ord. No. 100203, § 3, 12-16-04)

Sec. 19-359. Authority to abate nuisance.

A junked vehicle or part of a junked vehicle as a public nuisance may be abated and removed from a private or public property or a public right-of-way if the following procedures are followed:

(1) A person authorized to administer the procedures to abate and remove the nuisance may enter private property to:

a. Examine a public nuisance;

b. Obtain information to identify the nuisance; and

c. Remove or direct the removal of the nuisance.

(2) A public hearing shall be provided before removal of the public nuisance if requested in writing by a person to whom notice is required under subsection 19-361(a)(3).

(3) The municipal court may issue necessary orders to enforce the procedures of this article.

(4) Procedures for abatement and removal of a public nuisance must be administered by regularly salaried, full-time employees of the municipality or county, except that any authorized person may remove the nuisance.

(Ord. No. 100203, § 3, 12-16-04)

Editor's note—Ord. No. 100203, § 3, adopted December 16, 2004, enacted provisions intended for use as subsections (a)—(d). To preserve the style of this Code, and at the discretion of the editor, said provisions have been redesignated as subsections (1)—(4).

Sec. 19-360. Commencement of abatement proceedings.

(a) The proceeding for abatement and removal of a public nuisance under this article shall be commenced upon the sending of the notice as prescribed by this article.

(b) Relocation of a public nuisance to another location within the city limits, after a proceeding for the abatement and removal of the public nuisance has commenced, shall have no effect on the proceeding if the junked vehicle constitutes a public nuisance at the new location.

(Ord. No. 100203, § 3, 12-16-04)

Sec. 19-361. Notice to abate.

(a) Notice for abatement and removal of a public nuisance under this article must provide not less than ten (10) days notice of the nature of the nuisance. The notice must be personally delivered or sent by certified mail with a five-day return requested to:

(1) The last known registered owner of the nuisance;

(2) Each lienholder of record of the nuisance; and

(3) The owner or occupant of:

a. The property on which the nuisance is located; or

b. If the nuisance is located on a public right-of-way, the property adjacent to the right-of-way.

(b) The notice must state that:

(1) The nuisance must be abated and removed not later than the tenth day after the date on which the notice was personally delivered or mailed; and

(2) Any request for hearing must be in writing and be made before the ten-day period expires.

(c) If the post office address of the last known registered owner of the nuisance is unknown, notice may be placed on the nuisance or, if the owner is located, personally delivered.

(d) If notice is returned undelivered, action to abate the nuisance shall be continued to a date not earlier than the eleventh day after the date of the return.
(Ord. No. 100203, § 3, 12-16-04)

Sec. 19-362. Abatement hearing.

(a) If a person for whom notice is required under subsection 19-361(a)(3) requests a hearing, the public hearing shall be held no earlier than the 11th day after the date of the service of notice.

(b) At the hearing, the junked motor vehicle is presumed, unless demonstrated otherwise by the owner, to be inoperable.

(c) The court shall issue an order or resolution following the conclusion of the hearing.

(d) A resolution or order requiring the removal of the nuisance must:

(1) Prohibit the vehicle from being reconstructed or made operational after removal;

(2) Require that, not later than the fifth day after the date of removal, notice identifying the vehicle or part thereof be given to the appropriate state agency or department for the cancellation of the certificate of title issued for the vehicle.

(3) Include if the information is available at the location of the nuisance, the vehicle's:

a. Description;

b. Vehicle identification number; and

c. License plate number.
(Ord. No. 100203, § 3, 12-16-04)

Sec. 19-363. Removal and disposal of nuisance.

(a) The ordered removal of a public nuisance by the court may be done by any person or entity so authorized by the city manager, police department, or code compliance department.

(b) A junked vehicle, including a part of a junked vehicle, may be removed to a scrapyard, a motor vehicle demolisher, or a suitable site operated by the city or county.

(c) If the city or county determines that commercial disposition of junked vehicles is not available or is inadequate, the city or county may:

(1) Finally dispose of a junked vehicle or vehicle part; or

(2) Transfer it to another disposal site if the disposal is scrap or salvage only.

(d) Any proceeds from the transfer of the junked vehicle or part thereof to the site authorized by this section shall be used to reimburse the city for all costs incurred in the notification, investigation, hearing, and disposal procedures (including any and all variable towing and disposal fees from contracted sources) within this article. Any remaining proceeds shall be transferred to the lienholder of record or, if none, the owner of record.

(e) The vehicle may not be reconstructed or made operable after removal.
(Ord. No. 100203, § 3, 12-16-04)

Sec. 19-364. Exceptions.

The procedures and penalties authorized by this article shall not apply to a vehicle or vehicle part that is:

(1) Completely enclosed in a building in a lawful manner and is not visible from the street or public or private property or;

(2) Stored or parked in a lawful manner on private property in connection with the business of a licensed vehicle dealer or junkyard, or that is an antique vehicle or

a special interest vehicle, stored by a motor vehicle collector on the collector's property, if the vehicle or part and the outside storage area, if any, are:

a. Maintained in an orderly manner;

b. Not a health hazard; and

c. Screened from ordinary public view by appropriate means, including a fence, rapidly growing trees, or shrubbery.

(7) A fee for parking has not been paid to the parking facility if the facility has been properly marked pursuant to state law.
(Ord. No. 2013-01-31-0075, § 1(Att. I), 1-31-13)

Sec. 19-391. Requirements for posting signs.

(a) A minimum of one (1) sign shall be placed on the right or left side of each driveway or curb cut through which a vehicle can enter the property, including an entry from an alley or other property abutting the property.

(b) At intervals along the entrance so that no entrance is farther than twenty-five (25) feet from a sign if:

(1) Curbs, access barriers, landscaping, or driveways do not establish definite vehicle entrances onto a parking facility from a public roadway other than an alley; and

(2) The width of an entrance exceeds thirty-five (35) feet.

(c) Each sign must conform to the minimum requirements as required by state law.

(d) Each sign must be posted in a manner and location so that the signs are facing and conspicuous to the driver of a vehicle entering the property.

(e) Upon review by the chief of police or his designee, a parking facility causing tows under this chapter may be required to install additional signage in order to correct problems associated with conformity of signage due to parking facility layout.

(Ord. No. 2013-01-31-0075, § 1(Att. I), 1-31-13)

Sec. 19-392. Information and data to be kept and maintained two (2) years; records to be made available for inspection.

Each tow truck company shall maintain at the business office information and data on his towing company business and operations. The following specific requirements are hereby prescribed:

Accurate records, reports, receipts and other operating information and data as may be required by the director shall be kept and maintained in a business office located in Bexar County for at least two (2) years after date, and all such documents shall be made available at a place readily accessible for examination and copying at all reasonable times by the department or a peace officer upon request.

(Ord. No. 2013-01-31-0075, § 1(Att. I), 1-31-13)

Sec. 19-393. Vehicle storage facility's and towing company's duty to report after towing or accepting a lawfully repossessed or towed vehicle.

(a) Whenever any vehicle is removed from private property without the consent of the vehicle owner or a lienholder, a control number must be requested from the department within forty-five (45) minutes of the vehicle leaving the property by reporting the following information to the department:

(1) A general description, including the year, make, model, and color;

(2) The state and number of the vehicle's license plate, if any;

(3) The vehicle identification number;

(4) The date and time of the tow as well as the location from which the vehicle would have been towed;

(5) The name of the company towing the vehicle;

(6) The name of the person or entity authorizing the tow and a valid contact phone number; and

(7) The name of the vehicle storage facility to which the vehicle has been or will be taken.

(b) Whenever any person tows, carries, transports or otherwise takes a motor vehicle pursuant to a request by a lienholder incident to a lawful repossession, the person so taking the vehicle shall, within forty-five (45) minutes of taking possession, report to the department:

(1) A general description of the vehicle, including the year, make, model, and color;

(2) The state and number of the vehicle's license plate, if any;

(3) The vehicle identification number of the vehicle;

(4) The date and time of tow as well as the location from which the vehicle was towed;

(5) The name of the company towing the vehicle, the name and state department of licensing and regulation number issued to the driver of the tow truck driver doing the tow, and the name and location where the vehicle is being stored; and

(6) The name, title and phone number of the lienholder causing the vehicle to be repossessed.

(c) The required report must be made by telephone, by facsimile, other electronic device, or delivered personally to the department.
(Ord. No. 2013-01-31-0075, § 1(Att. I), 1-31-13)

Sec. 19-394. Claimed vehicles.

(a) When a storage facility acquires possession of a private property non-consent towed motor vehicle, the storage facility is entitled to:

(1) Towing charges, if applicable;

(2) Impound fees when authorized by state law;

(3) Storage fees as allowed by state law; and

(4) Notification charges.

(b) A vehicle storage facility must notify owners or operators of vehicles:

(1) What methods of payments are accepted;

(2) The location from which the vehicle may be retrieved;

(3) The total amount of charges if the vehicle is picked up the same day as the call;

(4) Procedures for civil recourse as provided in V.T.C.A., Occupations Code §§ 2308.452 and 2308.455; and

(5) Procedures for filing complaints with the state department of licensing and regulation.

(c) A towing company that removes or is in the process of removing a vehicle from a parking facility, upon request of the vehicle owner or operator, shall provide the owner or operator an explanation of the reason for removing the vehicle from the parking facility.
(Ord. No. 2013-01-31-0075, § 1(Att. I), 1-31-13)

Sec. 19-395. Disposition of unclaimed vehicles.

Unclaimed vehicles may be sold at a public auction by an auctioneer licensed by the state department of licensing and regulation.
(Ord. No. 2013-01-31-0075, § 1(Att. I), 1-31-13)

Sec. 19-396. Removing wrecked or abandoned vehicles on public streets, ways or other public property.

(a) In the interest of public safety, it shall be unlawful for any person or towing company, on the public street and ways of the city to knowingly respond for the purpose of moving, towing, hauling, debris or hazardous material cleanup, or otherwise transport in, on or over the public streets and ways of the city any vehicle which has been involved in a collision on a public street, way or other public property, whether or not removed to private property following the collision, or any vehicle that requires towing and is on a public street, way or other public property, unless directed to do so by the chief of police or his designee.

(b) In city parking lots or facilities, the city parking manager or his designee, the chief of police or his designee may impound or relocate to another location on the lot or facility, any vehicle that is blocking an entrance, exit, fire lane or otherwise obstructing access. Any charge for relocation shall be assessed against the vehicle owner. Any vehicle not authorized to be parked at a city facility shall be removed at the direction of the city parking manager or his designee.

(c) Other motor vehicles on public streets, ways or public property may be removed only with the express consent of the owner or operator, in compliance with V.T.C.A., Occupations Code § 2308.351 or at the direction of the director or his designee.

(d) Any owner of a vehicle whose vehicle has been towed from a public way, street or property at the direction of the chief of police or his designee, where it was necessary for the department to incur expense for the cleanup of hazardous waste and/or material, the owner of said vehicle shall be responsible for payment of the cost associated with the clean up.

(e) The department shall have the right to retain any vehicle, to include but not limited to tractors and trailers, in its possession which belongs to said vehicle owner until the payment for

all charges associated with the towing of the vehicle, to include but not limited to recovery and clean up fees, have been paid.
(Ord. No. 2013-01-31-0075, § 1(Att. I), 1-31-13)

Sec. 19-397. Reserved.

Sec. 19-398. Authority to inspect.

The department may inspect a vehicle storage facility, tow truck or towing company to determine whether they are in compliance with this article and other applicable law.
(Ord. No. 2013-01-31-0075, § 1(Att. I), 1-31-13)

Sec. 19-399. Amount of insurance.

The public liability and property damage insurance required by this chapter shall be the minimum amount required by the state.
(Ord. No. 2013-01-31-0075, § 1(Att. I), 1-31-13)

Sec. 19-400. Disposition of property left in towed vehicles.

Upon request of an individual demonstrating ownership or right to possession of a vehicle, a vehicle storage facility shall give that individual access to a vehicle in the facility and allow removal of any personal property left in the towed vehicle, unless otherwise indicated by a law enforcement officer. All such personal property must be surrendered to the property owner regardless of whether or not any or all fees associated with the towing or storage of the vehicle have been paid. "Personal property" for purposes of this section refers to property in the vehicle which is not permanently affixed to the vehicle. The vehicle storage facility must request a receipt from the person to whom the personal property is released for any such property removed from the stored vehicle. Nothing in this provision is intended to conflict with the provisions of 16 Tex. Admin. Code § 85.708
(Ord. No. 2013-01-31-0075, § 1(Att. I), 1-31-13)

DIVISION 3. FEES

Sec. 19-401. Service rates.

The rates hereinafter described are to be utilized by towing companies for non-consent tows originating within the corporate limits of the city pursuant to this article.
(Ord. No. 2013-01-31-0075, § 1(Att. I), 1-31-13)

Sec. 19-402. Fee schedule.

(a) No towing fees may be charged other than those fees listed in this subsection, including charges for dollies, special equipment, or mileage.

(b) The maximum fee that may be charge for towing under this article shall be:

(1) One hundred seventy-seven dollars ($177.00) for vehicles ten thousand (10,000) pounds or less.

(2) One hundred ninety-six dollars ($196.00) for vehicles between ten thousand one (10,001) and twenty-four thousand nine hundred ninety-nine (24,999) pounds.

(3) Six hundred two dollars ($602.00) for any vehicle or combination vehicle twenty-five thousand (25,000) pounds or more.

(c) Weight, for purposes of this section, shall be determined by the gross weight recorded on the vehicle registration.

(d) If the owner or operator of a vehicle which is parked in violation of this Code or state law arrives before the vehicle is hooked up, the wrecker operator shall release the vehicle for free. If the owner or operator of a vehicle which is parked in violation of this Code or state law arrives after the vehicle is hooked up but before it is removed from the property, the wrecker operator shall advise them the vehicle will be release upon payment of the drop fee. The wrecker operator will allow the vehicle owner or operator at least fifteen (15) minutes to get the funds for the drop fee. There is nothing requiring the wrecker operator to release a legally towed vehicle that is properly hooked up and has left the private property.

(e) The maximum fee that may be charged for a drop fee under this chapter shall be one-half (½) of the full rate as set forth in subsection (b) above.

(f) For payment of any fee under this section, a towing company or vehicle storage facility shall accept payment by an electronic check, debit card, or credit card for any charge associated with delivery or storage of a vehicle. For payment of any fee under this section, a vehicle storage facility shall accept payment by an electronic check, debit card, or credit card for any charge associated with delivery or storage of a vehicle. Release of a vehicle may not be denied based on the inability of the facility to accept payment by electronic check, debit card, or credit card of any charge associated with delivery or storage of the a vehicle unless the inability to accept such payment is due to factors outside the control of the vehicle storage facility, such as a power outage or machine malfunction. However, payment by credit or debit card may be refused if the named cardholder is not present.

(g) In no way is subsection (b) above to be construed to mean that a towing company may not charge less than the fees stated in this section. These fees are the maximum that can be charged for any towing, or drop fee of a vehicle in accordance with this article.
(Ord. No. 2013-01-31-0075, § 1(Att. I), 1-31-13)

Sec. 19-403. Tow fee study.

(a) Three (3) or more towing companies performing, either alone or together, fifty (50) percent or more of the nonconsent tows during the preceding calendar year may request a tow fee study. Said request must be made in writing to the director. The request must identify the specific fees requested to be reviewed and indicate the requestor's willingness to provide any necessary financial documentation that the city may deem necessary to conduct the review.

(b) A non-refundable fee of five thousand dollars ($5,000.00) in the form of a cashier's check payable to the city must be forwarded to the director before the study will be undertaken. This fee is intended to defray the cost of the study.

(c) The tow fee study shall be performed at the direction of the department director. The methodology used to conduct study will be established by the finance department of the city. The finance department shall determine what financial information is necessary to conduct the study, to include but not limited to financial information requested from non-consent towing companies in the city. Any and all towing companies joining in the request for a tow fee study must provide all requested financial information. Such information shall be kept confidential to the maximum extent allowed by law.

(d) The tow fee study shall be completed within one hundred twenty (120) days of the date that the deposit is paid and all requested financial information is received, whichever is later.

(e) The findings of the tow fee study shall be presented to city council. The city council shall adopt an ordinance that increases or decreases the maximum fees for nonconsent tows or that makes a finding that an adjustment is not justified. If the study indicates that a rate increase is justified, then the department director shall submit his recommendation to city council.

(f) The provisions of this item shall not be required if a rate study has been performed within the preceding period of forty-eight (48) months. In the intervening forty-eight (48) months, the finance department will perform an analysis of fuel costs as follows:

(1) A fuel adjustment calculation will be performed if:
   a. The average annual price of diesel fuel as reported by OPIS for the San Antonio area is below three dollars and eighty-three cents ($3.83), or
   b. The average annual price of diesel fuel as reported by OPIS for the San Antonio area is above three dollars and ninety-five cents ($3.95).
   c. If the average annual price as reported by OPIS for the San Antonio area is between three dollars and eighty-three cents ($3.83) and three dollars and ninety-five cents ($3.95), there will be no fuel adjustment calculation.

(2) Any adjustment in the rate due to fuel cost fluctuation shall become effective January 1, starting the first year after the enactment of this Code provision.

(g) Nothing in this section shall preclude the city from undertaking a tow fee study at its own discretion at any time.
(Ord. No. 2013-01-31-0075, § 1(Att. I), 1-31-13)

DIVISION 4. ENFORCEMENT

Sec. 19-404. Enforcement by police officers.

Any peace officer observing a violation of this article, state law or state department of licensing and regulation rule may take necessary action to ensure the safety of the public and its interests.
(Ord. No. 2013-01-31-0075, § 1(Att. I), 1-31-13)

Sec. 19-405. Offenses.

(a) A person commits an offense if by act or omission he violates a provision of this article. A culpable mental state is not required for commission of an offense under this article unless the provision defining the conduct expressly requires a culpable mental state.

(b) A person commits an offense if he intentionally or knowingly tampers with, removes, or destroys a tow warning sign required by this article without the consent of the property owner.

(c) A person commits an offense if he performs a nonconsent tow originating in this city and tows the vehicle to a location outside Bexar County or he fails to take the vehicle directly to a VSF at the time of the tow.

(d) A person commits an offense if he or she charges a fee for towing in excess of the maximum fee set forth by the city. For purposes of this subsection, person includes, but is not limited to, any owner or officer of an entity that charges such an excess fee.
(Ord. No. 2013-01-31-0075, § 1(Att. I), 1-31-13)

Sec. 19-406. Penalties.

(a) Each violation of this chapter constitutes a separate offense, with the exception of section 19-391. With regard to section 19-391, a separate offense is committed each day in which an offense occurs.

(b) A violation of section 19-390 shall not be deemed an offense punishable under this chapter. However, such violation may be subject to penalty pursuant to state law or other city ordinance.

(c) An offense committed under this article, other than section 19-390 is punishable by a fine of not less than two hundred dollars ($200.00) nor more than five hundred dollars ($500.00). The minimum fine established in this subsection shall be doubled for the second conviction of the same offense within any two-year period. A third conviction within any two-year period will result in a fine of five hundred dollars ($500.00). At no time shall the minimum fine exceed the maximum fine established in this subsection. Nothing in this section shall prohibit application of any fines authorized by state law to be assessed.

(d) Prosecution for an offense under this section does not prevent the use of other enforcement remedies or procedures applicable to the person charged with the conduct or involved in the offense.

ARTICLE XII. RESIDENT-ONLY PARKING PERMITS*

Sec. 19-432. Definitions.

When used in this article, the following terms have the meanings ascribed to them below:

Block means a street segment between two (2) cross streets and with no intervening streets crossing both blockfaces.

***Editor's note—**Prior to the reenactment of article XII by Ord. No. 2014-04-17-0259, § 1, adopted April 17, 2014, Ord. No. 2007-11-29-1193, § 1, adopted November 29, 2007, repealed article XII, §§ 19-431—19-444 in its entirety, which pertained to parades, and derived from Ord. No. 66526, § 1, adopted February 4, 1988; Ord. No. 67471, §§ 1—4, adopted July 7, 1988; Ord. No. 86615, § 1, adopted September 11, 1997; Ord. No. 101404, § 1, adopted September 15, 2005. Similar provisions may now be found in article XVII.

Note—Section 4 of Ord. No. 2014-04-17-0259 states the following: "Any parking zones established under this ordinance shall remain in effect until May 1, 2015, unless reenacted by the City Council on or before that date."

Blockface means one side of a block with no intervening streets. Because blocks may have intervening cross streets that do not penetrate both blockfaces, blocks may have more than two (2) blockfaces.

Commuter vehicle means any vehicle other than a resident vehicle.

Curbside-parking space means twenty (20) linear feet of curb, excluding those portions of the curb where the parking of any motor vehicle is not permitted.

Director means the director of the Center City Development Office.

Parking official means the person in the Center City Development Office so designated by the director.

Residential permit parking zone means the area designated for resident-only parking during specific hours and days of the week.

Temporary residential parking permit means a temporary permit issued by the city authorizing curbside parking in a residential-permit parking zone during the time curbside parking is otherwise restricted.

Resident means one who lives in a residential segment.

Residential parking permit means a permit issued under the authority of this article.

Residential segment means one or more blockfaces consisting entirely of residences, whether single or multifamily. A non-residential use on a blockface does not prevent the blockface from being residential if the non-residential use does not front on the blockface.

Senior engineer means the traffic or other similar engineer overseeing traffic regulations in the transportation and capital improvements department or other similar department should it be renamed.

Chronic commuter-parking problem is when at least twenty-five (25) percent of occupied spaces in a proposed residential permit parking zone are not traced to a resident license plate during the parking survey period.
(Ord. No. 2014-04-17-0259, § 1, 4-17-14)

Sec. 19-433. Residential permit parking zones.

(a) For purposes of this article, a "chronic commuter-parking problem" encompasses commuter curbside-parking at the same hours and on the same days, but does not include parking for events that, by their nature, are likely to occur less frequently than monthly.

(b) In carrying out the functions assigned by this article, the parking official shall consult with and obtain the concurrence of the senior engineer.

(c) The director must develop forms and procedures for carrying out the provisions of this article and must set and post on the city's website a schedule of all fees to be charged for permits under this article. The director must further provide for both occupant and visitor permits in a way that substantially accomplishes the purposes of this article.
(Ord. No. 2014-04-17-0259, § 1, 4-17-14)

Sec. 19-434. Petition for designation or dedesignation.

(a) Residents of a residential segment may petition the parking official to initiate a residential permit parking zone for the residential segment. The petition must be for at least both sides of one block if both sides are residential or, if only one blockface is residential, one residential blockface. Petitions for a residential segment shall not be considered if they are for the same area for which a petition has been denied by the city council in the last twelve (12) calendar months. Each petition shall be accompanied by the nonrefundable petition fee stated for this provision in the city fee schedule.

(b) The petition must include, at a minimum, the following:

(1) A description of the residential segment;

(2) A description of the chronic parking problem or condition to be remedied;

(3) Signatures consenting to a residential permit parking zone representing not less than sixty (60) percent of the addresses in the residential segment;

(4) The name, address and telephone number of a resident of the proposed residential permit parking zone to serve as a contact;

(5) The names and addresses of all residents within the proposed residential permit parking zone; and

(6) Any other information reasonably required by the parking official to make any determination required under this article.

(c) The parking official must review each petition for completeness and make a determination of completeness within five (5) working days. If the parking official finds the petition complete, the official must process the petition according to this section. If the parking official finds the petition incomplete, he shall return the petition with written notice of the deficiencies.

(d) Once a complete petition is received, the parking official should forward a copy with all attachments to the senior engineer.

(e) City council may dedesignate a resident-only permit parking zone at any time, with or without a resident initiation. Resident initiated petitions presented to city council for dedesignation shall be subject to the same criteria, evaluation, review and fees as presented in this section for designation.

(Ord. No. 2014-04-17-0259, § 1, 4-17-14; Ord. No. 2015-04-30-0359, § 1, 4-30-15)

Editor's note—Ord. No. 2015-04-30-0359, § 1, adopted April 30, 2015, changed the title of section 19-434 from "Petition for designation" to "Petition for designation or dedesignation." The historical notation has been preserved for reference purposes.

Sec. 19-435. Parking survey.

When the petition is complete, the Center City Development Office must obtain a parking survey that is conducted in the manner prescribed by the senior engineer and that covers the proposed residential permit parking zone. The parking survey must determine all information that the parking official or the senior engineer believes useful, but it must at a minimum determine the following:

(1) The total number of legal curbside parking spaces in the proposed residential permit parking zone;

(2) The number of legal curbside parking spaces regularly occupied by vehicles;

(3) The number of curbside parking spaces regularly occupied by commuter vehicles;

(4) The general hours of occupancy of curbside parking spaces by commuter vehicles;

(5) The extent to which commuter parking materially impairs curbside parking near residents' homes by the residents themselves;

(6) The existence of air and noise pollution, hazardous conditions, and deterioration of the residential environment as a result of traffic congestion and insufficient parking in the area;

(7) The extent that the designation of a residential permit parking zone would reduce traffic congestion and any other problems identified in this section;

(8) Whether designation as a residential permit parking zone would impede traffic mobility;

(9) Whether the problems identified in the survey can reasonably be solved at no additional cost to the city through an alternative to a residential permit parking zone;

(10) Whether at least sixty (60) percent of curbside spaces are occupied by vehicles, and of those vehicles whether at least twenty-five (25) percent are commuter vehicles; and

(11) Any other traffic issue identified by the senior engineer.

(Ord. No. 2014-04-17-0259, § 1, 4-17-14)

Sec. 19-436. Criteria for designation.

The criteria for a residential permit parking zone area are:

(1) At least sixty (60) percent of curbside spaces must be occupied by vehicles for the proposed residential permit parking zone to be eligible for designation; and

(2) At least twenty-five (25) percent of curbside spaces must be occupied by commuter vehicles for the proposed residential permit parking zone to be eligible for designation.

(Ord. No. 2014-04-17-0259, § 1, 4-17-14)

Sec. 19-437. Parking regulations and fees.

If the parking official finds that an petition meets the criteria for designation, the official and the senior engineer must develop recommendations for the days of the week and the times of day that commuter parking should be prohibited in the resident-only parking-permit area. No such plan should impede traffic mobility. No plan may prohibit commuter parking on a blockface on which a non-residential property faces.

The petition fee is fifty dollars ($50.00) and non-refundable. This fee will be collected even if an area does not meet the criteria to become a residential permit parking area.

Resident-only parking permits are ten dollars ($10.00) each and a total of four (4) permits per address may be purchased annually. The permit will be valid for one year and must be renewed annually.

Temporary residential parking permits are temporary and valid for one-day use only. They are one dollar ($1.00) each and up to twenty (20) passes for one event may be purchased. The temporary residential permit will include the date of your event on the pass and will only be valid for the day indicated on the pass.

(Ord. No. 2014-04-17-0259, § 1, 4-17-14)

Sec. 19-438. Public hearing.

(a) After developing recommendations for commuter-parking restrictions, the parking official must conduct a public hearing to receive comment on the proposed restrictions.

(b) Written notice of the public hearing must be mailed at least ten (10) days before the date of the public hearing as follows:

(1) Addressed to "Occupant" of each property within, and within two hundred (200) feet of, the boundaries of the proposed residential permit parking zone;

(2) To each registered neighborhood association in whose area the proposed residential permit parking zone is located, provided that notice may be given electronically if the neighborhood association has provided an email address to the Center City Downtown Office.

(c) The boundaries of a residential permit parking zone are the outer perimeters of the constituent properties.

(d) The parking official must further publish notice of the hearing at least once and at least ten (10) days before the hearing. The notice must be published in a form prescribed by the director and in a newspaper of general circulation in the city. The director must also email the notice to the council member for the district on which the proposed residential permit parking zone would be located.

(e) The notice must clearly state the purpose, date, time, and location of the public hearing; the location and boundaries of the proposed residential permit parking zone; the regulations proposed for the area; and the permit fees that will be charged.

(f) Mailed notice is given when deposited in the United States mail, properly addressed, postage paid. The affidavit of a person who has knowledge of the mailing is prima facie evidence that notice was given.

(g) At the public hearing, any interested person, including the senior engineer, may present testimony, orally or in writing, regarding the proposed residential permit parking zone, the proposed regulations, and the permit fees. The director may establish rules for the conduct of the public hearing.

(h) The public hearing may be conducted by the director or the parking official. It should be conducted not earlier than 5:30 p.m. and on a workday at a location reasonably convenient to the proposed residential permit parking zone. Any location within two (2) miles of the area qualifies as reasonably convenient, but the location may be more than two (2) miles if a closer place is not reasonably available.
(Ord. No. 2014-04-17-0259, § 1, 4-17-14)

Sec. 19-439. Parking official or senior engineer action.

Following the close of the public hearing, the parking official or senior engineer may modify the proposal in response to public comment. If the parking official finds that it meets the criteria for designation the official must present the petition to city council. If the parking official finds that it does not meet the criteria for designation the official should so advise the applicant and need not submit the proposal to city council.
(Ord. No. 2014-04-17-0259, § 1, 4-17-14)

Sec. 19-440. City council action.

City council may designate or dedesignate a resident-only permit parking zone at any time, with or without a resident initiation. Only city council can designate or dedesignate a resident-only permit parking zone. The city council may designate or dedesignate resident-only permit parking zones according to the procedures of this division, but is not bound to approve any petition presented to it.
(Ord. No. 2014-04-17-0259, § 1, 4-17-14; Ord. No. 2015-04-30-0359, § 1, 4-30-15)

Sec. 19-441. Notice to residents.

Promptly after adoption of an ordinance creating a residential permit parking zone, the parking official must mail notice to the occupant of every address within the area containing the following information:

(1) The existence, boundaries, and numerical designation of the residential permit parking zone;

(2) The parking restrictions specified in the ordinance creating the residential permit parking zone;

(3) The effective date of the regulations;

(4) The procedures and associated fees to obtain permits; and

(5) An application for a residential parking permit in the form to be prescribed by the director.

The parking official or director shall also ensure that signs are posted in the designated area identifying the residential permit parking zone.
(Ord. No. 2014-04-17-0259, § 1, 4-17-14)

Sec. 19-442. Compliance with other laws.

A permit issued pursuant to this article does not excuse compliance with any other generally applicable law, including, but not limited to, parking meter payment, no-parking signs, and restricted parking for disabled persons.
(Ord. No. 2014-04-17-0259, § 1, 4-17-14)

Sec. 19-443. Offenses and fines.

(a) It is unlawful to park a motor vehicle not displaying a permit in a curbside parking space in a residential permit parking zone on a day or during hours for which a permit is required.

(b) It is unlawful to falsely represent that a motor vehicle is entitled to a permit. The display of a permit on a motor vehicle not entitled to the permit is such a representation.

(c) It is unlawful to duplicate, or attempt to duplicate, a permit. It is also a violation of this article for any person to display a duplicated permit on a motor vehicle.

(d) Fines for violations under this section shall be in accordance with the schedule set out in section 19-38 of the City Code (Payment of fine; issuance of process).
(Ord. No. 2014-04-17-0259, § 1, 4-17-14)

Sec. 19-444. Revocation of permit.

In addition to other applicable penalties, the parking official must revoke the residential parking permit and any associated visitor permit or

service provider permit of any person adjudicated to have committed three (3) or more violations of this article within any 12-month period. The parking official must mail to the permit holder by certified mail, return receipt requested, notice of revocation and an instruction to surrender the permit. The permit holder must then surrender the permits within ten (10) calendar days, and failure to do so is a separate violation. Prima facie evidence of delivery of the notice may be established by (a) a signed return receipt or (b) an envelope containing the notice that the postal service has marked as refused or unretrieved by the addressee.
(Ord. No. 2014-04-17-0259, § 1, 4-17-14)

Sec. 19-445. Defenses.

It is an affirmative defense to a charge of violating this article that the motor vehicle parked in a residential permit parking zone was:

(1) A motor vehicle owned by, or operated under contract to, a utility and was being used in the course of official business in the residential permit parking zone;

(2) A motor vehicle clearly identified as owned by, or operated under contract with, a federal, state, or local governmental agency; was being used in the course of official government business; and was not parked while the operator was working at his customary office or job site;

(3) An authorized emergency vehicle; or

(4) A motor vehicle used for delivery or service-business purposes, including but not limited to moving vans and sanitation, repair, electrical, and plumbing-service motor vehicles, in connection with business at a residence in the residential permit parking zone.

(Ord. No. 2014-04-17-0259, § 1, 4-17-14)

Sec. 19-446. Cumulative effect.

This article is cumulative of other requirements imposed by ordinances and regulations of the city. In case of an inconsistency, the more restrictive provision governs.
(Ord. No. 2014-04-17-0259, § 1, 4-17-14)

Sec. 19-447. Adjudication.

Cases involving violations of the parking provisions of this article are adjudicated in the same way as any other parking violation.
(Ord. No. 2014-04-17-0259, § 1, 4-17-14)

Sec. 19-448. Removal of vehicle and emergency restrictions.

In a residential permit parking zone designated by the senior engineer as a tow-away zone and in which the proper signs have been posted, a parking-enforcement officer or personnel designated by the police chief may authorize the towing of a vehicle parked in violation of this article.

If police or an official in the parking division of the city determine that the residential permit parking zone must be suspended for a specific time period they will place temporary no parking emergency restriction signs over the residential permit parking signage. These restrictions will supersede the residential permit parking zone and will remain in place until it is determined by the police or official that the suspension is no longer necessary.

Secs. 19-503—19-599. Reserved.

ARTICLE XVI. NON-RADIOACTIVE HAZARDOUS MATERIALS ROUTE

Sec. 19-600. Definitions.

Bexar County terminal means a business or other location within the boundaries of Bexar County which business or location serves as a point of origination or receipt for shipments of NRHM.

City means the City of San Antonio and that physical area within the corporate boundaries of the City of San Antonio.

Local delivery of regulated material(s) means transportation that originates in Bexar County, Texas, is bound for delivery in Bexar County, or both.

Non-radioactive hazardous materials (NRHM) means those non-radioactive materials classified as hazardous by the United States government through the Secretary of Transportation pursuant to his or her authority under 49 U.S.C.A. Sec. 1801 et seq. (1976).

Non-radioactive hazardous materials (NRHM) transportation means motor vehicle transportation of non-radioactive hazardous materials in such quantities that the vehicle is required to carry and exhibit placards pursuant to Title 49, Code of Federal Regulations (CFR), Part 172.

NRHM (non-radioactive hazardous materials) vehicle means a vehicle transporting regulated materials and subject to provisions and regulations of this Article XVI.

Prohibited non-radioactive hazardous materials route means the following streets and public highways and segments of streets and public highways:

(1) Both upper and lower highway levels, Southbound from IH 35/IH 37/US 281 interchange to the IH10/IH 35/Alamo Street interchange;

(2) Both upper and lower highway levels, Northbound on IH 35 from the IH 10/IH 35/US 90 interchange to the IH 10/IH

35/US 281 interchange with the exception that vehicles turning North onto IH 35 from US 90/IH 10 Westbound shall exit onto San Marcos Street (exit 154A);

(3) Both upper and lower highway levels and both directions of IH 10 from the IH 10 interchange at the 1,000 block of Fredericksburg Road to the IH 10 /IH 35 interchange at exit 570 of IH 10;

(4) Both directions of IH 37, from the IH35 /IH 37 /US 281 interchange to the IH 37 /Durango Street interchange.

Requiring placards, when used to describe a vehicle, means any vehicle transporting hazardous materials in sufficient quantity to require placarding as set forth in the United States Department of Transportation Hazardous Materials Regulations 49 U.S.C.A. Sec. 1801, et seq. (1976).

Regulated materials means non-radioactive hazardous materials of the character regulated by this article and affected by this local non-radioactive hazardous materials route regulation.

Through traffic transportation means transportation of regulated material(s) that originates outside of Bexar County, Texas, and involves no deliveries or pick-ups in Bexar County.
(Ord. No. 94321, § 1, 8-9-01)

Sec. 19-601. Transporting non-radioactive hazardous materials within corporate boundaries of city.

No person shall transport, contract, or arrange, or participate in the transport, contract, or arrangement to transport non-radioactive hazardous materials within the corporate boundaries of the city unless his/her destination or point of departure is a Bexar County terminal and unless such transport is conducted in compliance with this article.
(Ord. No. 94321, § 1, 8-9-01)

Sec. 19-602. Mandated permissible routes for local delivery.

(a) When any NRHM vehicle (truck, trailer, motor vehicle or any other vehicle) is carrying non-radioactive hazardous material to commercial consumers, domestic consumers, gasoline service stations, bulk stations or other points of origin or destination located within the corporate limits of the city, the carrier must use the safest route available by the best use of the highest classification roadways.

(b) For purposes of local delivery, classification of roadways from highest to lowest are as follows:

Interstate highway

U.S. highway

State highway

Loop

F.M. road

Spur

Major arterial street

Minor arterial street

Collector street

Local street

(c) For purposes of local delivery, the public health and safety reason for use of highest classification roadways is to reduce the risk and severity of potential harm to persons and property that may result from a spill of regulated or hazardous material.
(Ord. No. 94321, § 1, 8-9-01)

Sec. 19-603. Loop 1604 prohibition.

Transportation of non-radioactive hazardous materials is prohibited and unlawful on those portions of Loop 1604 that traverses the Edwards Aquifer Recharge Zone with the following exception:

Exception: Transportation of regulated materials is permissible on those portions of Loop 1604 that traverse the Edwards Aquifer Recharge Zone when NRHM vehicles are performing local delivery in North Bexar County bounded by an area one mile South of Loop 1604 and Northward to the Bexar County limit between O'Connor Road and Bandera Road.
(Ord. No. 94321, § 1, 8-9-01)

Sec. 19-604. Prohibitions on certain freeways and the central business district on both upper and lower freeway levels.

(a) All transportation, whether local delivery or through transportation, of non-radioactive hazardous materials is prohibited and unlawful on the following roadways:

(1) Both upper and lower highway levels, Southbound from IH 35/IH 37/US 281 interchange to the IH10/IH 35/Alamo Street interchange;

(2) Both upper and lower highway levels, Northbound on IH 35 from the IH 10 /IH 35/US 90 interchange to the IH 10/IH 35/US 281 interchange with the exception that vehicles turning North onto IH 35 from US 90/IH 10 Westbound shall exit onto San Marcos Street (exit 154A);

(3) Both upper and lower highway levels and both directions of IH 10 from the IH 10 interchange at the 1,000 block of Fredericksburg Road to the IH 10 /IH 35 interchange at exit 570 of IH 10;

(4) Both directions of IH 37, from the IH35 /IH 37 /US 281 interchange to the IH 37 /Durango Street interchange.

(b) Frontage roads and access roads abutting and/or appurtenant to prohibited routes, described above at (a), are likewise prohibited to through traffic and local delivery except to the extent that a frontage or access road may qualify as best use and highest classification highway necessary to local delivery, in which case the frontage or access of a prohibited route may be used by the NRHM vehicle, but only for purposes of local delivery.
(Ord. No. 94321, § 1, 8-9-01)

Sec. 19-605. Permissible NRHM roadway routes for through traffic.

(a) The prohibition of section 19-602, pertaining to unlawful routing of regulated materials, shall not apply if the non-radioactive hazardous materials are transported on the following permissive roadways. It shall be prohibited and unlawful for through traffic transportation of non-radioactive hazardous materials to be performed on any but the following routes, which are IH 410, and those highways that spoke outward from IH 410, more specifically described as:

(1) Interstate Highway 410; and/or

(2) Highways directly connecting Interstate Highway Loop 410 outward to the Bexar County limits and only on those portions of said highways outside Loop 410, being:

IH-10 from its intersection with IH 410 (near mile marker 17) to the county boundary near mile marker 545;

IH 10 from its intersection with IH 410 (near mile marker 33) to the county boundary near mile marker 594;

US-87 from its intersection with IH 410 (near mile marker 36) to the county boundary near the 14,100 block of US 87;

US-181 from its intersection with IH 410 (near mile marker 41) to the county boundary near the 9,100 block of US 181 at Calaveras Creek;

IH-37 from its intersection with IH 410 (near mile marker 41) to the county boundary near mile marker 119;

US-281 from its intersection with IH 410 (near mile marker 45) to the county boundary near the 25,600 block of US 281;

IH-35 from its intersection with IH 410 (near mile marker 26) to the county boundary near mile marker 174;

IH 35 from its intersection with IH 410 (near mile marker 53) to the county boundary near mile marker 134;

US-90 from its intersection with IH 410 (near mile marker 6) to the county boundary near mile marker 155; and

HWY 16 South from its intersection with IH 410 (near mile marker 50) to the county boundary near 23,490 Highway 16 South.

(b) All provisions of this article pertaining to necessity for placarding of vehicles transporting regulated materials shall apply to transport of all such materials in the city, regardless of route.

(c) It shall be an affirmative defense to a departure from the permissible route that the vehicle in question is immediately and directly destined for a location providing food, fuel, rest, safe haven, or repair. NRHM vehicles are allowed to use the access, frontage, and intersecting road ways as needed to enter and leave the location providing food, fuel, rest, safe haven or repair.
(Ord. No. 94321, § 1, 8-9-01)

Sec. 19-606. Local delivery routes; burden of proof on responsible person to demonstrate best use of highest classification roadways.

(a) It is prohibited and unlawful for any person to transport, arrange, or contract, or participate in transport, arrangement or contract for transportation of local delivery of non-radioactive hazardous materials which transport is performed on any street or roadway within the jurisdiction of the city which route is not based on the best use of the highest classification roadway. It shall be the affirmative duty of any person so engaged in transport, arrangement or contract for transport of regulated materials to determine, devise, and restrict local delivery to such restricted route for benefit of the public health, safety, and welfare. The affirmative duty includes an obligation to make best use of highest classification roadways.

(b) Within the context of this section, "best use" of the highest classification roadway requires the responsible person to use a route that protects neighborhoods and the traveling public from nuisance, inconvenience, or disturbance of normal sensibilities of any person, as well as minimizes exposure of neighborhoods and the traveling public to risks inherent in NRHM transport. The reason for such affirmative duty is that by federal regulatory definition, NRHM is material which has been determined to pose an unreasonable risk to health, safety, or property. Such unreasonable risk places a burden of proof on the responsible person to demonstrate best use of the highest classification roadway.

(c) A formal complaint, properly drawn and corroborated as may be required by law, shall create a rebuttable presumption that the responsible person violated the best use standard for highest classification roadway transportation or delivery of NRHM.
(Ord. No. 94321, § 1, 8-9-01)

Sec. 19-607. Empty vehicles.

(a) The routing prohibitions of sections 19-602—19-606 and the placarding requirements of this article shall not apply to an empty vehicle that has been used previously to transport regulated materials provided the vehicle meets the requisites of subsection (b) below.

(b) A vehicle that has transported non-radioactive hazardous materials in bulk packaging or in any other type of container and is required to be placarded pursuant to Title 49, Code of Federal Regulations, Part 172, must and shall remain placarded when it is empty unless it is: (1) sufficiently cleaned of residue and purged of vapors to remove any potential hazard; or (2) refilled with a material requiring different placards or no placards, to such an extent that any residue remaining in the packaging is no longer hazardous.
(Ord. No. 94321, § 1, 8-9-01)

Sec. 19-608. Placard requirements.

The operator of a vehicle used to transport hazardous materials requiring placards shall:

(1) Apply and display appropriate placards meeting United States Department of Transportation specifications on each end and each side of the vehicle; and

(2) Before operation inspect the vehicle to determine that:

a. The brakes and tires are in good working condition; and

b. The steering mechanism is in good working condition; and

c. The electrical wiring is well insulated and firmly secured; and

d. The vehicle is in a condition adequate to safely transport hazardous materials.

(Ord. No. 94321, § 1, 8-9-01)

Sec. 19-609. Unlawful use of prohibited routes.

No operator of a motor vehicle transporting non-radioactive hazardous materials, as defined in this article, and scheduled for delivery to or from a Bexar County terminal, or found or apprehended on any public roadway in the city, shall transport those materials on any street or public highway, or segment of a street or public highway designated as a "prohibited non-radioactive hazardous materials route".

It is hereby declared unlawful for any person to transport or be responsible for arrangement or contract (an arranger) for transport of non-radioactive hazardous materials on any public roadway or street designated a prohibited non-radioactive hazardous materials route.

It is hereby declared unlawful for any person to transport or be responsible for arrangement or contract (an arranger) for transport of non-radioactive hazardous materials, which materials are required under state or federal regulation to be transported under placard, which materials are detected or apprehended in a condition of transport without appropriate placard.
(Ord. No. 94321, § 1, 8-9-01)

Sec. 19-610. Police department discretion and public safety.

(a) The police department may temporarily suspend the operation of some or any vehicles carrying regulated non-radioactive hazardous materials, without notice whenever road, weather, traffic, or other exigent circumstances warrant such action.

(b) The police department may redirect through traffic vehicles carrying regulated non-radioactive hazardous materials onto any highway or roadway, public or private, when the through traffic route is blocked for any reason, and/or in response to any exigent circumstance, which police direction for benefit of public safety shall have authority of law.
(Ord. No. 94321, § 1, 8-9-01)

Sec. 19-611. Emergency response vehicle carrying fuel.

It shall be permissible and an affirmative defense to violation of this Article that the vehicle carrying a regulated material is carrying fuel directly to the scene of an emergency, or for a public emergency purpose, specific to the function of fueling equipment used to respond to or address the emergency.
(Ord. No. 94321, § 1, 8-9-01)

Sec. 19-612. Prohibited parking and standing.

No vehicle transporting regulated non-radioactive hazardous materials may park or stand at any location within the City of San Antonio except for purposes of loading or unloading with the following exceptions:

(1) Vehicles parked in designated truck parking areas of locations providing food, fuel, rest, safe haven, or repair;

(2) Vehicles parked in the parking areas of businesses engaged in the transportation, storage or production of hazardous materials.

(Ord. No. 94321, § 1, 8-9-01)

Sec. 19-613. Criminal Class C misdemeanor, civil remedy, and enforcement.

(a) Violation of any of the provisions of this article shall constitute an offense punishable by a fine of not less than five hundred dollars ($500.00) and not to exceed two thousand dollars ($2,000.00), to the extent such violation may pose a fire or public health threat. Local Government Code Sec. 54.001(b).

(b) Both officers of the fire department, having citation authority under the laws of the State of Texas, and officers of the police department are expressly authorized to enforce the provisions of this article, as are other peace officers with jurisdiction to enforce the laws and ordinances of the city and state on public roadways within the city.

(c) The city shall be entitled to pursue all remedies, at law and in equity, including but not limited to injunctive relief, with attendant civil penalties as may be provided under state statute, which remedies shall be cumulative of the criminal laws, none of which shall be mutually exclusive of the other.

(Ord. No. 2018-03-01-0151, § 1(Att. A), 3-1-18)

*__Editor's note—__Ord. No. 2018-03-01-0151, § 1(Att. B), adopted March 1, 2018, amended article XVII in its entirety to read as herein set out. Formerly, article XVII, sections 19-630—19-639 pertained to parades, runs, walks and related events, and derived from Ord. No. 2007-11-29-1193, § 3, adopted November 29, 2007, and Ord. No. 2008-03-13-0201, § 1, adopted March 13, 2008.

Sec. 19-631. Procession and public assembly policy of the city; permit required.

(a) It is the policy of the city to facilitate the expressive and associative activity that is protected by the United States and Texas Constitutions, including speech, press, assembly, and the right to petition. The city shall, in exercising its control of public spaces, allow for full expression of First Amendment processions and assemblies as is compatible with the regulations outlined below. In particular, public assemblies that occur in city parks and associated sidewalks that do not interfere with previously scheduled events occurring in the park, or impede the flow of pedestrian traffic on sidewalks, shall be allowed free of charge and with no permit required.

(b) No person shall organize any procession or public assembly that impedes the normal flow or regulation of pedestrian or vehicular traffic without having first obtained a procession permit. (Ord. No. 2018-03-01-0151, § 1(Att. A), 3-1-18)

Sec. 19-632. Exceptions to application.

No permit shall be required for:

(1) The movement of persons in an orderly, formal manner from a point of origin to a point of termination on a sidewalk, so long as the movement does not impede the normal flow or regulation of pedestrian or vehicular traffic; or

(2) A public assembly that does not impede the normal flow or regulation of pedestrian or vehicular traffic, unless the person organizing the assembly desires to reserve the city property for exclusive use for the assembly.

(Ord. No. 2018-03-01-0151, § 1(Att. A), 3-1-18)

Sec. 19-633. Application for procession permit and public assembly permit.

(a) A person seeking issuance of a procession permit or a public assembly permit shall file an application with the permitting official on forms provided by such individual.

(b) First Amendment procession permits.

(1) An application for a First Amendment procession permit shall be filed with the permitting official not less than fifteen (15) business days nor more than one hundred fifty (150) calendar days before the proposed procession date;

(2) Where the organization of a First Amendment procession, however, begins within fifteen (15) business days of the proposed procession date, an application for a First Amendment procession permit shall be filed with the permitting official within three (3) calendar days of the date on which organization of the procession begins, but not less than two (2) calendar days before the proposed procession date.

(3) The permitting official may consider a First Amendment application filed less than fifteen (15) business days, but not less than two (2) calendar days, before the proposed procession date where organization of the procession began more than fifteen (15) calendar days before the proposed procession date so long as there is adequate time for the procession and public assembly permit office to process the application and for the chief of police to plan for the procession.

(4) First Amendment procession permits shall be obtained at no cost to the applicant.

(c) Commercial procession.

(1) An application for a commercial procession permit shall be filed with the permitting official not less than forty-five (45) calendar days nor more than one hundred fifty (150) calendar days before the proposed procession date.

(2) The permitting official may consider a commercial procession application filed less than forty-five (45) calendar days before the proposed procession date, but not less than four (4) calendar days, before the proposed procession date where organization of the procession began more than forty-five (45) calendar days before the proposed procession date so long as

there is adequate time for the procession and public assembly permit office to process the application and for the chief of police to plan for the procession.

(3) Commercial procession applications shall be accompanied by a fee of seventy-five dollars ($75.00). If the organizers of an event cannot provide payment with the application, an organizer may submit an affidavit attesting that he or she will provide payment within fifteen (15) business days of the date of the submission of the application. Failure to provide payment will trigger the surety bond requirement in section 19-636 for future procession events by organizers, and the organizer signing the affidavit shall become personally responsible for payment.

(d) The permit holder for a procession actually held during a prior year may receive advance approval of the route, date, and time not more than thirteen (13) months in advance of the scheduled date of the procession. The permitting official may give advance approval after receiving a written request from the permit holder. The permit holder shall receive the right of first refusal as to the route, date, and time of the procession that may be exercised until ninety (90) calendar days prior to the approved date of the procession.

(e) The application shall contain the following:

(1) The name, address, and telephone number of the person seeking to conduct the procession;

(2) Where the procession is to be held for or by an entity, rather than an individual, the name, address, and telephone number of the entity and the name, address, and telephone number of the head of the entity;

(3) Where the procession is to be held by or for any person other than the applicant, documentation evidencing authority to make the application;

(4) The name, address, and telephone number of the person who will be the procession chairperson and who will be responsible for its conduct;

(5) The date the procession will be conducted;

(6) The location of the assembly area, the starting point of the procession, the route of the procession, the ending point of the procession, and the location of the disbanding area;

(7) The approximate number of persons who will participate in the procession;

(8) The approximate number vehicles that will be included in the procession and a description of those vehicles;

(9) The approximate number of animals and the type of animals that will be included in the procession;

(10) The time when the procession will begin and end;

(11) A statement as to whether the procession will occupy all or only a portion of the width of the streets proposed to be used;

(12) The time at which units of the procession will arrive at the assembly area;

(13) The purpose of the procession; and

(14) Any other information related to public safety that the permitting official or chief of police finds necessary to an evaluation of the request under the standards for issuance set forth in section 19-634.

(f) Public assembly permit.

(1) If the planned procession requires the exclusive use of a city facility such as a park or plaza for an assembly area associated with the procession, the person seeking the procession permit shall so indicate on the application, and the permitting official will, after coordination with the appropriate city departments, issue a public assembly permit subject to the normal reservation regulations and fees associated with the requested city facility.

(2) If an applicant requests a public assembly permit for a city facility without requesting an associated procession permit, the permitting official will direct the applicant to the applicable city department reservation office or official for further assistance.

(Ord. No. 2018-03-01-0151, § 1(Att. A), 3-1-18)

Sec. 19-634. Standards for issuance.

(a) The permitting official and the chief of police shall uniformly treat each application in a just, fair, and nondiscriminatory manner bearing in mind that the time, place, duration, and manner of use of the public streets, parks, and other public ways and places for procession and assembly must be consistent with public safety, the maintenance of order, and rights of others to exercise free speech. The permitting official and the chief of police shall issue a permit when, from a consideration of the application, they find that:

(1) The conduct of the procession will not substantially interrupt the safe and orderly movement of other traffic near its route;

(2) The conduct of the procession will not require the diversion of so great a number of police officers of the city to properly police the line of movement and the areas near there as to prevent normal police protection to the city;

(3) The conduct of such procession will not require the diversion of so great a number of ambulances as to prevent normal ambulance service to portions of the city other than that to be occupied by the proposed line of march and areas near there;

(4) The concentration of persons, animals and vehicles at assembly and disbanding points of the procession will not unduly interfere with proper fire and police protection of, or ambulance service to, areas near such assembly or disbanding areas;

(5) The conduct of such procession or assembly will not interfere with the movement of firefighting equipment en route to a fire;

(6) The procession is scheduled to move from its point of origin to its point of termination without unreasonable delays en route;

(7) The applicant has fulfilled the requirements of this article; and

(8) The event does not conflict with a previously scheduled event that is scheduled to:

a. Occur at the same time and place; or

b. Occur at the same time, though at a different location or along a route that crosses over or conflicts with previously scheduled events; and

(9) When SAPD is available where the proposed event is to take place downtown.

(b) If the chief of police determines that the applicant's proposed route conflicts with a previously scheduled event, street closure(s), or construction, then the permitting official or the chief of police will contact the applicant to discuss alternative routes.

(c) Upon final approval of the route by the chief of police, the chief will then create and approve a traffic safety plan for approved route.

(d) Time and place restrictions in issuing procession or public assembly permits.

(1) No procession or public assembly permit shall be issued for streets in the "Downtown Business District" as defined in the City's Unified Development Code Appendix A, Section 35-A101(b), on non-holiday weekdays, between the hours of 7:30—9:00 a.m. and 4:30—6:00 p.m.

(2) No procession or public assembly permit shall be issued for state or federal highways at any time.

(Ord. No. 2018-03-01-0151, § 1(Att. A), 3-1-18)

Sec. 19-635. Notice of rejection; appeal.

(a) The permitting official shall act upon the application for a procession permit within three (3) calendar days it has been filed. If an application for permit has been filed under subsections 19-633(b)(2) or (3), or under subsection 19-633(c)(2) for an event which will take place within five (5) days of the submission of the application, the permitting official shall act upon the application as soon as is practicably possible. If the permitting official and/or the chief of police does not approve the application, the permitting official shall mail, by certified mail/return receipt requested, to the applicant, within ten (10) calendar days after the date upon which the application was filed, a notice of his action, stating the reason for his denial of a permit. The applicant shall have the right to appeal a denial of a procession permit to either the city council or the city manager by filing notice of appeal with the city clerk, specifying whether the appeal is to the city council or the city manager, within seven (7) calendar days after receipt of the notice provided above. The appeal shall be heard within ten (10) calendar days of the filing of the appeal. The council or manager or the manager's designee shall hear the appeal as soon as practicable. The decision of the city council or the city manager or the designee is final.

(b) Where the denial of a permit application is upheld on appeal by the city council or the city manager, the city, acting by and through its city attorney, shall, within five (5) days following the appellate decision, apply to either a United States federal district court or to a state district court for a judicial determination as to whether the proposed procession described in the application may be prohibited, naming the applicant as party defendant. The city attorney shall exert every reasonable effort to have the case heard on its merits without delay. The burden of showing that the proposed procession may be prohibited shall rest on the city. If the city appeals an adverse judicial determination, it shall file its notice of appeal within five (5) days after the ruling has been issued by the court.
(Ord. No. 2018-03-01-0151, § 1(Att. A), 3-1-18)

Sec. 19-636. Duties of and costs to be paid by permit holder.

(a) Each permit holder shall comply with all requirements of this article, the permit directions and conditions, and with all applicable laws and ordinances.

(b) Each commercial procession permit holder is responsible for the costs of:

(1) Providing traffic control devices for the procession route in accordance with section 19-66; and

(2) Providing traffic control personnel, whether on duty or on overtime, for the procession route.

(c) Each First Amendment procession and commercial procession permit holder is responsible for cleaning up his or her procession route.

(d) In reviewing the application for a procession permit, the chief of police or his or her designee shall determine the number of peace officers and traffic control devices necessary to control traffic in the area of the requested procession. The chief or his or her designee will consider the following factors and identify the effect of each factor in assessing the estimated traffic control costs for commercial processions:

(1) The route and the identification of roadways that cross through or feed into the street of the proposed route;

(2) The number of anticipated participants and vehicles in the event;

(3) Identification of other roadways, or public transportation and emergency vehicle routes that may be affected by the event;

(4) Length of the route and the identification of the number of intersections along the route that will require barricades or traffic control personnel;

(5) Whether intersections must be individually barricaded or whether officers can be assigned to move along with the event;

(6) The date and time of the event;

(7) Volume of vehicular and pedestrian traffic typical on and along the route for the time of day, day of the week and time of year for the proposed route.

The cost for each city police department officer shall be set in accordance with the collective bargaining agreement. The cost for traffic control devices will be set in accordance with the prices set in the city's annual contract for traffic control devices. The permittee may choose to contract directly with a traffic control device provider subject to compliance with the Texas Manual on Uniform Traffic Control Devices.

For First Amendment events, the city shall absorb the cost of the traffic control devices and traffic control personnel costs on behalf of the permit holder.

Traffic control personnel shall be in a number sufficient to adequately safeguard the flow of both participant and non-participant traffic in order to minimize congestion, as determined by the chief of police. Any additional costs for police personnel deemed necessary to provide security due to the nature of the event will not be assessed to the permit holder. Traffic control personnel shall be limited to the furthest extent practicable to city uniformed police officers, and may include, with approval of the chief of police, other uniformed, certified peace officers knowledgeable of traffic control laws. Events held within the downtown expressway loop requires the use of SAPD officers, unless staffing limitations, as determined by the chief of police, require the use of other certified peace officers may be permitted by the chief. When available and safely practicable, the chief or his or her designee shall utilize on-duty officers before off-duty officers.

The chief of police shall finalize and utilize a traffic control plan for First Amendment processions. For larger commercial processions, commercial procession applicants must timely provide to the SAPD a proposed barricade plan for the SAPD's approval. A commercial procession permit holder shall receive from the city an invoice for the required costs within fifteen (15) calendar days after the procession. The payment for these costs shall be due to the city within thirty (30) calendar days after the date of the procession. If the applicant disputes the costs assessed by the police department, the applicant may file an appeal with the office of the city manager within seven (7) business days of receipt of the invoice. The appeal must identify the specific costs in dispute. The city manager or his or her designee will review the assessed costs based on the criteria required to be used by the chief of police and render a final decision regarding the costs to be paid by the permittee with in fifteen (15) business days of receiving the appeal. No costs shall be owed during the appeal until the office of the city manager has rendered its decision.

The chief of police shall create a written standard operating procedure for issuance of permits and assessments of traffic control costs in conformity with this section.

(e) If a commercial procession applicant owes fees not timely paid in connection with a commercial procession previously approved and conducted or if the estimated costs to the city for a commercial procession under this section are greater than ten thousand dollars ($10,000.00), the applicant shall, prior to approval of the application for a commercial procession permit, file a surety bond in accordance with and as described in section 1-16 in the amount of the estimated costs.

(f) Prior to approval of the application for a commercial procession permit, the applicant shall submit to the permitting official a certificate of insurance and endorsement evidencing commercial general liability coverage, including premises/operations, independent contractors, personal injury, and contractual liability, at a combined single limit of one million dollars ($1,000,000.00) per occurrence, with the city being named as the additional insured by endorsement. The applicant shall provide at least thirty (30) days' advance notice of cancellation or material alteration of the insurance policy.

(g) At least twenty-four (24) hours before the scheduled start of the event, the permit holder for a commercial procession shall make a reasonable effort to notify the businesses and residences located around the assembly area, along the procession route, and around the disbanding

area of the scheduled procession. A copy of any flyer or handout used in making the notification shall be provided to the permitting official at least twenty-four (24) hours prior to the beginning of the procession. It is recommended, but not required, that the permit holder for a "First Amendment Procession" provide the same notices.
(Ord. No. 2018-03-01-0151, § 1(Att. A), 3-1-18)

Sec. 19-637. Revocation of permit.

The permitting official and the chief of police shall each individually have the authority to revoke a procession permit or public assembly permit issued pursuant to this article when the conditions supporting the findings made by the permitting official pursuant to section 19-634 change in such a way, prior to the date on which the procession or assembly is to be held, that a procession permit would not otherwise be issued. The permitting official and the chief of police shall each individually have the authority to revoke a procession permit or public assembly permit if the permit holder does not comply with section 19-636.
(Ord. No. 2018-03-01-0151, § 1(Att. A), 3-1-18)

Sec. 19-638. Public conduct during processions.

(a) *Interference.* It shall be unlawful for any person to hamper, obstruct or impede, or interfere with any procession or procession assembly or with any person, vehicle, or animal participating or used in a procession.

(b) *Driving through processions.* It shall be unlawful for any driver of a vehicle to drive between the vehicles or persons comprising a procession when such vehicles or persons are in motion and are conspicuously designated as a procession unless directed to do so by a police officer.

(c) *Parking on procession route.* The chief of police shall have the authority, when reasonably necessary, to prohibit or restrict the parking of vehicles along a street or highway or part thereof constituting a part of the route, forming area, disbanding area, or buffer zone of a procession. The chief of police shall post signs to such effect, and it shall be unlawful for any person to park or leave unattended any vehicle in violation thereof.

(d) *Prohibited substances.* It shall be unlawful for any person to sell, possess, or use a pressurized container of the substance commonly known as "liquid string," "silly string," or "super string," or any quantity of the small explosive devices commonly known as "snappers," "throw downs," "pop pops," or "popping match sticks," which are paper-wrapped wads of sand coated with a minute quantity of explosive powder and adhesive, producing a small report upon impact with hard surfaces, in any public place or private property.

(e) *Control of processions; restrictions.* The permitting official shall identify a point of contact or liaison within the SAPD to facilitate coordination and communication during the procession. Once the procession starts, the SAPD will coordinate with the procession group to ensure safe and efficient movement of the procession in accordance with the parameters outlined in the permit. SAPD will provide clear direction and take appropriate action if the procession begins to go outside the parameters of the permit or if there is a situation that threatens individual or public safety.

(f) *Procession floats or vehicles.* No participant shall throw or give away candy, gifts, tokens, advertisements, or any other objects from any float or transportation vehicle while the float or transportation vehicle is on the procession route. Failure to observe these requirements shall constitute a violation of this article and the chief of police is empowered to remove this unit from the procession immediately.
(Ord. No. 2018-03-01-0151, § 1(Att. A), 3-1-18)

Sec. 19-639. Criminal penalties.

(a) It shall be unlawful to fail to obtain a permit required under this chapter for any procession. Any violation committed intentionally, knowingly or recklessly shall be deemed to be guilty of a misdemeanor and shall upon conviction be punished by a fine not exceeding five hundred dollars ($500.00).

(b) The intentional, knowing or reckless commission of any act made unlawful by section 19-638 shall be deemed a misdemeanor and shall upon conviction be punished by a fine not exceed five hundred dollars ($500.00).
(Ord. No. 2018-03-01-0151, § 1(Att. A), 3-1-18)

Sec. 19-640. Procession marshal.

The procession marshal may complete a procession marshal orientation by the San Antonio Police Department ("SAPD"). The procession marshal helps ensure that the procession is moving along in a timely fashion and that health and other issues are promptly reported to SAPD. The procession marshal shall conduct him or herself in such a way that complies with state law and local ordinances. The designation and use of a procession marshal or marshals is optional and is not required for any procession permit issuance. Only traffic control personnel as defined by this section can control and direct vehicular traffic.
(Ord. No. 2018-03-01-0151, § 1(Att. A), 3-1-18)

In this article:

(1) *School bus* has the same meaning as in V.T.C.A., Transportation Code § 541.201 (Vehicles).

(Ord. No. 2016-06-30-0516, § 1, 6-30-16)

Sec. 19-651. Applicability; adjudication.

(a) This article applies to the part of an independent school district that is in the full purpose limits of the city if:

(1) The school district has installed a system on a school bus that is capable of producing a recorded image depicting the license plate attached to the front or the rear of a motor vehicle that passes the school bus in violation of this article;

(2) The school district's board of trustees has adopted procedures that provide, at a minimum, the following protections for the owner of any vehicle who is cited for a violation of this article:

a. Prior to proceeding with a civil action for the collection of any fine, the video of the violation must be reviewed by an independent and impartial person who is not affiliated with the entity that owns or installed the camera ("reviewing person"), and the decision whether to proceed with a civil action must not have any financial impact upon the reviewing person;

b. The reviewing person must make a written finding that there is probable cause to believe a motor vehicle passed a school bus when the stop arm was activated, and that the motor vehicle had sufficient time to stop after the arm was activated;

c. The reviewing person must establish written proof of the ownership of the motor vehicle;

d. Written notice of the alleged violation must be mailed to the owner of the motor vehicle not later than the thirtieth day after the date the violation is alleged to have occurred at:

1. The owner's address as shown on the registration records of the Texas Department of Motor Vehicles; or

2. If the vehicle is registered in another state or country, the owner's address as shown on the motor vehicle registration records of the department or agency of the other state or country analogous to the Texas Department of Motor Vehicles.

e. The notice of violation must contain:

1. A description of the violation alleged;

2. The location where the violation occurred;

3. The date and time of the violation;

4. The name and address of the owner of the vehicle involved in the violation;

5. The registration number displayed on the license plate of the vehicle involved in the violation;

6. A copy of a recorded image of the violation limited solely to a depiction of the area of the registration number displayed on the license plate of the vehicle involved in the violation;

7. The amount of the civil penalty for which the owner is liable;

8. The number of days the person has in which to pay or contest the imposition of the civil penalty and a statement that the person incurs a late payment penalty if the civil penalty is not paid or imposition of the penalty is not contested within that period;

9. A statement that the owner of the vehicle in the notice of violation may elect to pay the civil penalty by mail sent to a specified address instead of appearing at the time and place of the administrative adjudication hearing;

10. Information that informs the owner of the vehicle named in the notice of violation: of the owner's right to contest the imposition of the civil penalty against the person in an administrative adjudication hearing; that imposition of the civil penalty may be contested by submitting a written request for an administrative adjudication hearing before the expiration of the period specified under subdivision viii; and that failure to pay the civil penalty or to contest liability for the penalty in a timely manner is an admission of liability and a waiver of the owner's right to appeal the imposition of the civil penalty, and

11. A point of contact, including phone number and email address, for the office or person designated by the school district to provide information and answer inquiries from those persons who have been issued a citation.

f. A notice of violation is presumed to have been received on the fifth day after the date the notice is mailed.

g. The person cited must be provided a reasonable opportunity to contest by appeal the citation of the alleged violation in person, by mail, and through an attorney, including the ability to provide proof that the person did not own the motor vehicle at the time of the alleged violation;

h. Independent and impartial hearing examiners ("hearing examiner") who are not affiliated with the entity that owns or installed the camera and are qualified to practice law must be appointed by the school district, and the determination whether a violation occurred must not have any financial impact upon the hearing examiner;

i. The cited person shall have at least thirty (30) days to appeal a citation from the date that they received notice, and the hearing examiner must have the ability to extend this time period upon a showing of good cause;

j. All persons who testify at the hearing shall testify under oath, and the person cited shall have the right to produce evidence and call witnesses;

k. At the hearing, the hearing examiner must find by a preponderance of the evidence that the person cited owned the vehicle at the time of the violation, that the violation occurred, and that there are no facts or circumstances establishing any reasonable justifications or excuses for any violation;

l. Upon expiration of the time for appeal, collection efforts may not be commenced without proof that the person cited received actual notice of the citation; and

m. No arrest warrant may be issued for a violation of the article, the violation may not appear on a person's driving record, and any outstanding fines may not be reported to a collection agency.

(3) The school district's board of trustees enters a finding in its minutes that the process adopted by the school district under this section satisfies constitutional due process requirements.

(b) A school district covered by this article may establish any procedure reasonably necessary to carry out the purpose of this article, including, without limitation, citation of a violator, a process for adjudication in person or by mail, the appointment of hearing examiners, the standard of proof, the administration of oaths, the production of evidence or the attendance of

witnesses, deadlines for responding to notices and citations, and a process for the payment of a fine.

(c) The procedure created by a school district under this section may not create a duty or responsibility to a city officer or employee, assign a duty to a city officer or employee, or create an expense or obligation for the city.

(d) A school district that establishes automated traffic enforcement procedures and collects fines pursuant to this ordinance shall:

(1) File an annual report, in June of each year on a form approved by the city manager's office, to provide information related to enforcement under this ordinance;

(2) File quarterly reports in September, December, March and June, to provide geo-location information to identify geographically the location of citations; and

(3) Designate and maintain a current point of contact, including phone number and email address, for the office or person designated by the school district to provide information and answer inquiries regarding this process.

(Ord. No. 2016-06-30-0516, § 1, 6-30-16; Ord. No. 2018-12-13-1017, § 1, 12-13-18)

Sec. 19-652. Civil offense created.

(a) The owner of a motor vehicle that is operated in violation of V.T.C.A., Transportation Code § 545.066 (Passing a School Bus; Offense) by passing a stopped school bus displaying the visual signals required by V.T.C.A., Transportation Code § 547.701(c) (Additional Equipment Requirements for School Buses and Other Buses Used to Transport Schoolchildren) commits a civil offense and is liable for a civil fine.

(b) Each violation is a separate civil offense.

(c) If the reviewing person, based upon the recording equipment installed on a school bus, determines that a motor vehicle has been operated in violation of this article, the motor vehicle is presumed to have been operated in violation of this article, and the school district may charge the owner of the vehicle the fine as provided by this article.

(d) A defense to V.T.C.A., Transportation Code § 545.066 (Passing a School Bus; Offense) is a defense to the civil offense created by this section.

(e) This article does not create a criminal offense.

(Ord. No. 2016-06-30-0516, § 1, 6-30-16)

Sec. 19-653. Fine.

(a) The fine for an offense under this article shall not exceed three hundred dollars ($300.00).

(b) A school district may assess to a person who is liable for a fine under this article an additional twenty-five dollar ($25.00) fine if:

(1) The person fails to timely respond to a citation or appeal the citation under this article, and if:

(2) The person fails to timely pay a fine assessed against the person under this article.

(c) The council finds that the purpose of this article is to obtain compliance, and to provide for the safety of school children, and not to raise revenue for the city. The city further finds that the fines collected under this article serve the municipal public purpose of enhancing traffic safety compliance with respect to school buses. Accordingly, the city assigns a fine collected for a violation of this article to the school district on whose behalf the school bus that recorded the violation was operated.

(d) A fine under this article is payable directly to the school district or the district's assignee. The fine may be used by the school district only to enhance student safety.

(Ord. No. 2016-06-30-0516, § 1, 6-30-16; Ord. No. 2018-12-13-1017, § 1, 12-13-18)

Sec. 19-662. Dockless vehicle for hire permit agreements.

(a) A person must register and obtain a permit agreement from the city, and pay any applicable fees, prior to providing a dockless vehicle to for any compensation, including but not limited to any money, thing of value, payment, consideration, donation, gratuity or profit.

(b) Reserved.

(c) Reserved.

(d) Reserved.

(e) A permit agreement is non-transferrable. This regulation should not be construed to impede the continuing use of trade names.

(Ord. No. 2018-10-11-0803, § 1, 10-11-18; Ord. No. 2019-12-12-1028, § 4, 12-12-19)

Sec. 19-663. Issuance, renewal, suspension and revocation of permit agreements.

(a) The director shall refuse to issue or renew a permit agreement if the applicant:

(1) Does not meet the requirements in the permit application, including failing to meet any requirements established by the director;

(2) Intentionally or knowingly makes a false statement as to a material matter in an application for a permit agreement; or

(3) Has been convicted twice within a 12-month period for a violation of this article, or has had a permit agreement revoked within two (2) years of the date of application.

(b) If the director determines that a permit agreement should be denied, the director shall notify the applicant or operator in writing that the application is denied and include in the notice the specific reason or reasons for denial and a statement informing the applicant or operator of the right to, and the process for, appeal of the decision.

(c) The director shall revoke a permit agreement if the director determines that the permit holder has:

(1) Made a false statement as to a material matter in the application concerning the operating authority permit;

(2) Failed to maintain the insurance required by this article;

(3) Operated dockless vehicles in excess of the number authorized by the permit agreement; or

(4) Failed to pay a fee required by this article.

(d) After revocation of an operating authority permit, an operator is not eligible for another permit for a period of up to two (2) years, depending on the severity of the violation resulting in the revocation.

(e) Reserved.

(Ord. No. 2018-10-11-0803, § 1, 10-11-18; Ord. No. 2019-12-12-1028, § 4, 12-12-19)

Sec. 19-664. Dockless vehicle operations.

(a) Each dockless vehicle permitted under this article must display the emblem of the permit holder, a unique identification number, and a 24-hour phone number for customers and citizens to report safety concerns, make complaints, ask questions, or request a dockless vehicle be relocated.

(b) The fleet manager, or a designated representative, shall be available by the phone number provided on the application, seven (7) days a week between 8:00 a.m. and 5:00 p.m. to accept calls from the director.

(c) Permit holders shall not attach any personal property (other than dockless vehicles), fixtures, or structures to the public right-of-way without the separate written permission of the director. Any permission to place items in the public right-of-way must be incorporated into the permit.

(d) Permit holders shall provide the director electronic access to the current list of dockless vehicles available for rent in the city, which includes the unique identification number for each vehicle.

(e) Permit holders shall educate customers regarding the law applicable to riding, operating, and parking a dockless vehicle. A permit holder's application must provide information notifying the user that:

(1) The use of helmets is encouraged for the safety of the drivers;

(2) The legal parking of dockless vehicles;

(3) The legal operation of dockless vehicles, including the duty to yield to pedestrians.

(4) For motor-assisted scooters and electric bicycles, the areas where riding and parking are prohibited.

(f) Notices of violations or broken vehicles:

(1) Permit holders shall have one (1) hour after receiving notice of a violation, including scenarios where ADA accessibility is impacted (parking within thirty-six (36) inches of an ADA ramp, or blocking an ADA ramp), from any source, to correct violations for a dockless vehicle being parked in prohibited area under this article; for other violations the permit holder has two (2) hours after receiving notice to correct the violation.

(2) Permit holders are required to lock vehicles reported as broken, from any source, and must remove the vehicle within two (2) hours.

(3) After the time for correcting a violation has expired, the city may remove and impound a vehicle that is parked in violation of this article or broken. The permit holder must pay the city a fee of one hundred dollars ($100.00) to obtain the return of each vehicle impounded.

(4) City staff, and other persons authorized by city staff, including but not limited to Centro San Antonio and any other identified partners, may remove dockless vehicles parked in prohibited areas, dockless vehicles blocking ADA facilities, or dockless vehicles located within areas identified consistent with section 19-664(h), in violation of this article, or that are identified as broken, immediately and without notice of violation to a permit holder, in which case the city may not impose an impound fee.

(g) Permit holders shall cooperate with the city in the collection and analysis of aggregate data concerning its operations:

(1) Permit holders shall provide a monthly report to the director of the maximum number of permitted vehicles in use by riders at any time in the previous week; and

(2) Permit holders shall provide a monthly report to the director that includes:

a. The total number of rides the previous month;

b. The total number of vehicles in service for the previous month;

c. The average number of rides per vehicle per day;

d. Anonymized aggregated data taken by the permit holder's dockless vehicles in the form of heat maps showing routes, trends, origins, and destinations; and

e. Anonymized trip data taken by the permit holder's dockless vehicles that includes the origin and destination, trip duration, distance and date and time of trip.

(3) Permit holders shall provide such other reports at the director's request.

(h) Notwithstanding the above, the director has the authority to identify areas where vehicles must be removed to accommodate special events, construction, and maintenance work performed by the downtown public improvement district. The director shall have the authority to establish the time for any required removal and any subsequent deployment.
(Ord. No. 2018-10-11-0803, § 1, 10-11-18; Ord. No. 2019-02-14-0111, § 1, 2-14-19; Ord. No. 2019-12-12-1028, § 4, 12-12-19)

Sec. 19-665. Insurance.

(a) A permit holder shall procure and keep in full force and effect the insurance coverage required by the executed permit agreement between the city and permit holder.

(b) Insurance required under this article must be consistent with requirements established by written permit agreement between the city and permit holder.

(c) No person who has a twenty (20) percent or greater ownership interest in the permit holder may have an interest in the insurance company.

(d) A permit holder may not be self-insured.

(e) Any insurance policy required by this article must be on file with and approved by the city prior to the issuance of a permit agreement, must remain in effect during the term of the permit agreement.
(Ord. No. 2018-10-11-0803, § 1, 10-11-18; Ord. No. 2019-12-12-1028, § 4, 12-12-19)

Sec. 19-666. Indemnification.

(a) Permit holder covenants and agrees to fully indemnify, defend and hold harmless, the city and the elected officials, employees, officers, directors, volunteers and representatives of the city, individually and collectively, from and against any and all costs, claims, liens, damages, losses, expenses, fees, fines, penalties, proceedings, actions, demands, causes of action, liability and suits of any kind and nature, including but not limited to, personal or bodily injury, death and property damage (collectively "CLAIMS"), made upon the city directly or indirectly arising out of, resulting from or related to permit holder's violation of this contract, including any violation attributable to any agent, officer, director, representative, employee, consultant or subcontractor of permit holder, and their respective officers, agents employees, directors and representatives while in the exercise of the rights or performance of the duties under this contract. The indemnity provided for in this paragraph shall not apply to any liability resulting from the negligence or intentional misconduct of city, its officers or employees. In the event permit holder and city are found jointly liable by a court of competent jurisdiction, liability shall be apportioned comparatively in accordance with the laws for the State of Texas, without, however, waiving any governmental immunity available to the city under Texas law and without waiving any defenses of the parties under Texas law.

(b) The provisions of this indemnity are solely for the benefit of the parties hereto and not intended to create or grant any rights, contractual or otherwise, to any other person or entity. The parties shall advise each other in writing within 24 hours of any claim or demand against either party that it reasonably believes are covered by permit holder's indemnity obligations hereunder. The city shall have the right, at its option and at its own expense, to participate in such defense without relieving permit holder of any of its obligations under this paragraph.

(c) Defense counsel permit holder shall retain the right to select defense counsel in fulfilling its obligation hereunder to defend and indemnify city, unless such right is expressly waived by permit holder in writing. City shall also have the right, at its option, to be represented by advisory counsel of its own selection and at its own expense.

(d) *Employee litigation*. In any and all claims against any party indemnified hereunder by any employee of permit holder, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation herein

provided shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for permit holder or any subcontractor under worker's compensation or other employee benefit acts.

(e) It is expressly understood and agreed that permit holder is and shall be deemed to be an independent contractor and permit holder responsible to all parties for its respective acts or omissions and that city shall in no way be responsible therefor.
(Ord. No. 2018-10-11-0803, § 1, 10-11-18)

Sec. 19-667. Enforcement.

(a) The director shall enforce this article.

(b) Upon observing a violation of this article, the director shall take necessary action to ensure effective regulation of dockless vehicles.

(c) The director may, with or without notice, inspect any dockless vehicle operating under this article to determine whether the dockless vehicle complies with this article and other applicable laws.
(Ord. No. 2018-10-11-0803, § 1, 10-11-18)

Sec. 19-668. Criminal offenses.

(a) A person commits an offense if, within the city, the person operates or causes or permits the operation of a dockless vehicle service without a valid permit agreement issued under this article.

(b) A person commits an offense if the person violates or attempts to violate a provision of this article.

(c) A culpable mental state is not required for the commission of an offense under this article. A separate offense is committed each day in which an offense occurs.

(d) Prosecution for an offense under this article does not prevent the use of other enforcement remedies or procedures applicable to the person charged with the conduct or involved in the offense.

(e) Any person who violates any of the provisions of this article shall be guilty of a Class C misdemeanor and upon adjudication or conviction thereof shall be fined in an amount not to exceed five hundred dollars ($500.00) for each offense.
(Ord. No. 2018-10-11-0803, § 1, 10-11-18)

Sec. 19-669. Inconsistent city code provisions.

This article controls over any previously enacted ordinance or provision of the City Code of San Antonio, Texas, to the extent there is any conflict, including but not limited to sections 19-286, 19-294 and 29-20.

ARTICLE I. MUNICIPAL COURT OF RECORD*

Sec. 20-1. Creation of the court.

In accordance with the City Charter and Chapter 30 of the Texas Government Code, there shall be a municipal court of record for the city which shall be divided into the *Municipal Courts of Record Nos. 1* through *8* and the *Magistrate Court* (hereinafter "municipal court(s)" unless otherwise noted).
(Ord. No. 100824, § 2, 5-5-05)

Sec. 20-2. Jurisdiction.

The municipal courts and the magistrate court shall have, but not be limited to:

(1) The general jurisdiction provided by Chapter 30 of the Texas Government Code and all other state laws for municipal courts, municipal courts of record and magistrate courts;

(2) Jurisdiction over criminal cases arising under ordinances authorized by Sections 215.072, 217.042, 341.903, and 401.002 of the Local Government Code, as amended;

(3) Concurrent jurisdiction with a justice court in any precinct in which the city is located in criminal cases that arise within the territorial limits of the city and are punishable only by fine;

(4) Civil jurisdiction for the purpose of enforcing city ordinances enacted pursuant to Subchapter A, Chapter 214, Local Government Code; Chapter 682, Transportation Code, or Subchapter E, Chapter 683, Transportation Code;

(5) Concurrent jurisdiction with a district court or a county court at law under Subchapter B, chapter 54, Local Government Code, pursuant to Chapter 30 of the Government Code, within the city's territorial limits and property owned by the city located in the city's extraterritorial jurisdiction for the purpose of enforcing health and safety and nuisance abatement ordinances;

(6) Jurisdiction for all appeals as provided under general, state and local law for municipal courts of record;

(7) Authority to issue search warrants for the purpose of investigating a health and safety or nuisance abatement ordinance violation;

(8) Authority to issue seizure warrants for the purpose of securing, removing, or demolishing the offending property and removing the debris from the premises; and

(9) Authority to issue additional writs, warrants and other process as authorized by the general laws of the state.

(Ord. No. 100824, § 2, 5-5-05)

Sec. 20-3. Municipal courts department.

Pursuant to Articles V and VIII of the City Charter, there shall be a municipal courts department for the city, consisting of the office of the judiciary and municipal court administrative services. The administrative services director/municipal court clerk and presiding judge shall work in cooperation for the benefit of the municipal courts. As part of the budget process, the budget for the municipal courts department shall be divided into separate budgets for the office of the judiciary and municipal court administrative services.
(Ord. No. 100824, § 2, 5-5-05)

Sec. 20-4. Office of the judiciary.

Pursuant to Article VIII of the City Charter and § 30.00003 of the Texas Government Code, there is hereby created the office of the judiciary of the municipal courts department which shall consist of the presiding judge, the full-time municipal judges, substitute judges and other assigned personnel as needed for the operation of the courts, including a court administrator appointed by the city manager with the recommendation of the presiding judge. The court administrator shall hire, supervise, direct and remove

*__Editor's note—__Ord. No. 2012-10-04-0780, § 2, adopted October 4, 2012, designated sections 20-1—20-17 as "Article I. Municipal Court of Record."

administrative personnel assigned to the office of the judiciary as authorized by the city manager in the annual budget.
(Ord. No. 100824, § 2, 5-5-05)

Sec. 20-5. Judge.

Pursuant to Article VIII of the City Charter and §§ 30.00006 and 30.00224 of the Texas Government Code:

(1) The city council shall appoint each full-time municipal judge and substitute municipal judge (to include part-time municipal judges by definition) by ordinance for a term of two (2) years, beginning on the date established by the ordinance that accomplishes the appointment or reappointment;

(2) Each municipal judge and substitute municipal judge shall:

a. Be a resident of the state;

b. Be a citizen of the United States;

c. Be a licensed attorney in good standing;

d. Have two (2) or more years of experience in the practice of law in the state;

e. Be a resident of the city for at least three (3) years immediately preceding the judge's appointment;

(3) The city council shall establish, at the time of appointment, the salary and benefits of full-time municipal judges as provided or authorized by ordinance, which may not be diminished during the municipal judge's term of office and may not be based directly or indirectly on fines, fees or costs collected by the court. Substitute municipal judges shall be compensated on an hourly basis as provided by ordinance for service as a temporary replacement for a municipal judge for any reason and as directed by the presiding judge;

(4) Each substitute municipal judge, while serving as a municipal judge, possesses all of the powers and shall discharge all of the duties of a municipal judge ("municipal judge" shall mean full-time municipal judge and substitute and part-time municipal judge unless otherwise noted);

(5) The municipal judges shall take judicial notice of state law and the ordinances and corporate limits of the city. The municipal judges may grant writs of mandamus, attachment and other writs necessary to the enforcement of the jurisdiction of the court and may issue writs of habeas corpus in cases in which the offense charged is within the jurisdiction of the court. The municipal judges are magistrates and shall perform the duties of a magistrate in the city detention center as needed in accordance with the Texas Code of Criminal Procedure, to include issuing administrative search warrants;

(6) The municipal judges within the city may exchange benches under the direction of the presiding judge and act for each other in any proceeding pending in the municipal courts of record or magistrate court. An act performed by any of the municipal judges is binding on all parties to the proceeding;

(7) A municipal judge who accepts employment with the city vacates the judicial office;

(8) If a vacancy occurs in the office of municipal judge during a term, then a qualified person shall be appointed and confirmed in the same manner for the remainder of the unexpired term;

(9) Each municipal judge is subject to the holdover provision in Section 160 of the City Charter prior to appointment and confirmation of a successor;

(10) Municipal judges shall be subject to removal from office as provided by state law;

(11) The municipal judges shall have all other powers and duties assigned to a municipal judge by the city charter, city ordinances and state law;

(12) The municipal judges shall follow all rules of practice, procedure and operation contained in the ordinances of the city and state law;

(13) Each municipal judge shall maintain work hours as directed by the presiding judge and shall be responsible for the caseload distributed to him by the presiding judge; and

(14) Each full-time municipal judge shall submit documentation for all leave taken during work hours as established by the presiding judge.

(Ord. No. 100824, § 2, 5-5-05)

Sec. 20-6. Presiding judge.

There shall be a presiding judge of the municipal courts of record for the city, who shall be appointed by the city council from among the associate full-time municipal judges.

The presiding judge shall be the administrative judge for the office of the judiciary of the municipal courts department and shall perform the duties of that office as provided by §§ 30.00007 and 30.00224 of the Texas Government Code, other state law and as assigned by the city council by ordinance. The presiding judge shall:

(1) Maintain administrative oversight of the municipal judges;

(2) Establish work rules for the administration of the municipal courts, in consultation with the director/clerk;

(3) Maintain a central docket for the cases filed within the municipal court's jurisdiction;

(4) Provide for the distribution of cases from the central docket to the individual municipal judges to equalize the distribution of business in the courts, to include shifting the assignment of cases between individual courts and municipal judges in furtherance of judicial economy;

(5) Establish the work hours for each municipal judge;

(6) Schedule and approve vacation and other absences for each municipal judge and provide monthly reports of these to the city council;

(7) Provide monthly case adjudication reports for each municipal judge, as well as judicial complaints to city council;

(8) Assign the duties of each municipal judge;

(9) Assign municipal judges to exchange benches and to act for each other in pending proceedings;

(10) Designate a full-time municipal judge to assist in administration and to act for the presiding judge while the presiding judge is absent; and

(11) Administer the budget established through the city's budget process for the office of the judiciary of the municipal courts department.

(Ord. No. 100824, § 2, 5-5-05)

Sec. 20-7. Court reporter and recording of proceedings.

(a) The municipal court of record shall comply with the recording procedures set forth in Chapter 30 of the Texas Government Code.

(b) A court reporter may be provided for the purpose of preserving a record in cases tried before the municipal courts. The court reporter shall:

(1) Meet the qualifications provided by law;

(2) Be selected by the city manager with the recommendation of the presiding judge;

(3) Receive compensation as set by the city manager on the recommendation of the presiding judge;

(4) Preserve the record through written notes, transcribing equipment, recording equipment or any combination of these methods; and

(5) Not be required to record testimony in a case in which neither the defendant, the prosecutor nor the municipal judge demands it.

(c) In lieu of a court reporter, a good quality electronic recording device may be used to report court proceedings. A court reporter is not required to be present to certify the reporter's record.
(Ord. No. 100824, § 2, 5-5-05; Ord. No. 2024-03-21-0194, § 1, 3-21-24)

Sec. 20-8. Municipal court administrative services.

Pursuant to Articles V and VIII of the City Charter and § 30.00003 of the Texas Government Code, there is hereby created the municipal court administrative services of the municipal courts department which shall consist of the administrative services director/municipal court clerk and assigned staff.
(Ord. No. 100824, § 2, 5-5-05)

Sec. 20-9. Administrative services director/ municipal court clerk.

The administrative services director of the municipal courts department shall be appointed by the city manager, shall serve as the municipal court clerk and shall be the official clerk for the municipal courts and magistrate court. The administrative services director/municipal court clerk ("director/clerk" unless otherwise noted) shall discharge the duties attendant upon that position as prescribed herein and by §§ 30.00009 and 30.00225 of the Texas Government Code and applicable state law. The director/clerk shall:

(1) Administer oaths and affidavits, issue process, make certificates, provide all clerical preparation of complaints, affix the seal of the courts thereto, and generally perform the duties that a clerk of a county court of law exercising criminal jurisdiction performs for that court, including maintaining an index of all court judgments;

(2) Maintain a central docket for all cases filed in the municipal courts, in consultation with the presiding judge;

(3) Maintain an index of municipal court judgments;

(4) To the extent required by law, maintain and preserve all documents and other records of the municipal courts and make them available for inspection at all reasonable times by any interested party;

(5) Collect all fines, court costs and fees for offenses prosecuted under the jurisdiction of the municipal courts and issue receipts for payment;

(6) Require all designated staff responsible for collection of fines, costs and fees to execute fidelity bonds as may be required by law; however, the city may self-insure for these fidelity bonds as permitted by law and if self-insured, the director/clerk shall maintain a record of said bonds;

(7) Make a daily report of all cases brought before the municipal courts reflecting whether reset, adjudicated, dismissed or tried, to include the case number, the name of the defendant, the nature of the offense and reason for each dismissal or acquittal, and make such report available to the presiding judge and the chief prosecutor;

(8) Administer the budget established by the city's budget process for the municipal court administrative services of the municipal court department and hire, direct, supervise and remove all staff as authorized by the city manager; and

(9) Take an oath to faithfully perform the duties of the position.

(Ord. No. 100824, § 2, 5-5-05)

Sec. 20-10. Deputy clerks.

Pursuant to Article V and VIII of the City Charter and §§ 30.00009 and 30.00225 of the Texas Government Code, the director/clerk may hire deputy clerks, warrant officers and other personnel as needed for the proper operation of the courts, as authorized by the city manager and approved by the city council in the annual budget. The deputy clerks shall:

(1) Assist the director/clerk in performing the duties of that position;

(2) Execute fidelity bonds as may be required by law; however, the city may self-insure for these fidelity bonds as permitted by law;

(3) Act for one another in performing services to the municipal courts as needed; and

(4) Possess all of the powers of the clerk and shall discharge all of the attendant duties of the position as required.

(Ord. No. 100824, § 2, 5-5-05)

Sec. 20-11. City marshal.

There shall be the position of marshal. The position may consist of a city marshal, deputy marshal(s), part-time deputy marshal(s), and reserve deputy marshal(s). The city marshal(s) shall:

(1) Meet and maintain all qualifications necessary and be certified as peace officers by the state commission on law enforcement officer Standards and Education;

(2) Be peace officers of the city, hired as municipal employees only and not in compliance with Chapter 143 of the Local Government Code;

(3) Be hired and directed by the director/clerk as authorized by the city manager in the annual budget for the municipal courts administrative services of the municipal courts department;

(4) Perform all the duties assigned by the director/clerk to include:

a. Executing legal process issuing from municipal courts and the magistrate court including, but not limited to: warrants of arrest, subpoenas, citations, and summons;

b. Facilitating case closure through the collection of case fines/costs using approved departmental procedures;

c. Providing security services as needed, to include serving as a court bailiff, providing prisoner transport, assisting with detention officer duties and operating security equipment;

d. Maintaining records and all documents required for designated duties; and

e. Other duties as assigned by the director/clerk; and

(5) Not accept or maintain any off-duty employment that conflicts with the policy established by the director/clerk, subject to approval by the city manager.

(Ord. No. 100824, § 2, 5-5-05)

Sec. 20-12. General practice, procedure and operations.

(a) The practices, procedures and operations of the municipal courts shall be governed by:

(1) Local rules established by the city municipal courts, as amended;

(2) Applicable state law, as amended, including:

a. Chapter 30 of the Government Code;

b. Chapters 27, 44 and 45 of the Code of Criminal Procedure; and

c. The Texas Rules of Appellate Procedure, as amended.

(b) General hours of operation shall be from 8:00 a.m. to 5:00 p.m., with additional weekend and evening hours established as determined to be necessary by the presiding judge and director/clerk and as supported by the budgets of the department.

(c) The magistrate court shall operate twenty-four (24) hours a day, seven (7) days a week.

(d) Reserved.

(e) Except as designated herein, all other court fees, special expense or administrative fees, and fines shall be assessed in accordance with state law or by ordinance as required by statute.

(Ord. No. 100824, § 2, 5-5-05; Ord. No. 2024-03-21-0194, § 2, 3-21-24)

Sec. 20-13. Reserved.

Editor's note—Ord. No. 2019-09-12-0694A, § 1(Att. F), adopted Sept. 12, 2019, repealed § 20-13 which pertained to municipal court technology fund and derived from Ord. No. 100824, § 2, adopted May 5, 2005.

Sec. 20-14. Reserved.

Editor's note—Ord. No. 2019-09-12-0694A, § 1(Att. F), adopted Sept. 12, 2019, repealed § 20-14 which pertained to municipal court building security fund and derived from Ord. No. 100824, § 2, adopted May 5, 2005.

Sec. 20-15. Child safety fund.

(a) There is hereby created the municipal court child safety trust fund. The municipal court shall by order assess a court cost on each parking violation not less than two dollars ($2.00) and not to exceed five dollars ($5.00), as established by city council in the annual budget, pursuant to V.T.C.A., Criminal Procedure § 102.014, as amended. The court costs under this subsection shall be collected in the same manner that other fines in the case are collected.

(b) A person convicted of an offense under V.T.C.A., Transportation Code Subtitle C, Title 7, when the offense occurs within a school crossing zone as defined by V.T.C.A., Transportation Code § 541.302, shall pay as court costs twenty-five dollars ($25.00) in addition to other taxable court costs. A person convicted of an offense under Section 545.066, Transportation Code, shall pay as court costs twenty-five dollars ($25.00) in addition to other taxable court costs. The additional court costs under this subsection shall be collected in the same manner that other fines and taxable court costs in the case are collected and shall be assessed only in the city.

(c) A person convicted of an offense under V.T.C.A., Education Code § 25.093 or 25.094, shall pay as taxable court costs twenty dollars ($20.00) in addition to other taxable court costs. The additional court costs under this subsection shall be collected in the same manner that other fines and taxable court costs in the case are collected.

(d) In this section, a person is considered to have been convicted in a case if the person would be considered to have been convicted under V.T.C.A., Local Government Code § 133.101.

(e) The director/clerk shall collect the costs and shall pay them to the city treasurer for deposit in a fund to be known as the "municipal court child safety trust fund" established as required by V.T.C.A., Local Government Code Ch. 106, and in compliance with V.T.C.A., Local Government Code Ch. 343, as amended.

(f) The city council hereby directs the city manager to administer the municipal court child safety trust fund.

(g) This section shall control over any prior ordinance provisions in conflict herewith.
(Ord. No. 2024-09-19-0705, § 2(Att. G), 9-19-24)

Sec. 20-16. Internet and kiosk convenience fee.

An internet and kiosk convenience fee is imposed as follows:

Municipal court, per transaction for payment of fines: $4.00.

(Ord. No. 99748, § 4, 9-16-04; Ord. No. 100284, § 2, 5-5-05; Ord. No. 2014-09-18-0694, § 2(Att. G), 9-18-14)

Editor's note—Because Ord. No. 100824 enacted new provisions as §§ 20-1—20-15, and did not address the former § 20-6, said ordinance requires the renumbering of the former § 20-6 as § 20-16. The historical notation has been preserved for reference purposes.

Ord. No. 2014-09-18-0694, § 2(Att. G), adopted September 18, 2014, changed the title of section 20-16 from "Internet convenience fee" to "Internet and kiosk convenience fee." The historical notation has been preserved for reference purposes.

ARTICLE II. ADMINISTRATIVE ADJUDICATION HEARINGS*

Sec. 20-100. Purpose.

It is the intent of this article to promote, protect and improve the health, safety and welfare

*__Editor's note—__Section 4 of Ord. No. 2012-10-04-0780 states the following: "Violations occurring after the effective date of this Ordinance shall be punished as provided in the revised Chapter 20, City Code. Violations occurring prior to

of the citizens of the city, by providing for administrative hearing officers with the authority to impose administrative penalties in order to provide an equitable, expeditious, effective and inexpensive method to enforce ordinances described by V.T.C.A., Local Government Code § 54.032, Ordinances Subject to Quasi-Judicial Enforcement, and to provide continued authority to adjudicate parking violations under section 19-225 of the city Code.
(Ord. No. 2012-10-04-0780, § 2, 10-4-12)

Sec. 20-101. Authority and supplementary provisions.

The City of San Antonio (the "city"), as a home-rule city, adopts in this article a procedure for administrative adjudication hearings pursuant to V.T.C.A., Local Government Code § 54.044 and the powers of self-rule granted by the voters under the city Charter as authorized by the Constitution of the State.

Nothing in this article shall preclude the city's pursuit of any and all other remedies allowed under the civil and criminal statutes and, in equity, to address conditions which are treated in this article. Neither shall the city be required to issue, nor be prohibited from issuing, criminal citations before, during, or after any proceeding prescribed in this article.
(Ord. No. 2012-10-04-0780, § 2, 10-4-12; Ord. No. 2013-11-21-0803, § 3, 11-21-13)

Sec. 20-102. Jurisdiction.

(a) The jurisdiction of the administrative hearing officers shall be limited to city ordinances:

(1) For the preservation of public safety, relating to the materials or methods used to construct a building or improvement, including the foundation, structural elements, electrical wiring or apparatus, plumbing and fixtures, entrances or exits;

(2) Relating to the fire safety of a building or improvement, including provisions relating to materials, types of construction or design, warning devices, sprinklers or other fire suppression devices, availability of water supply for extinguishing fires, or location, design, or width of entrances or exits;

(3) Relating to dangerously damaged or deteriorated buildings or improvements;

(4) Relating to conditions caused by accumulations of refuse, vegetation, or other matter that creates breeding and living places for insects and rodents;

(5) Relating to a building code or to the condition, use or appearance of property in the city; or

(6) Relating to animal care and control.

(7) Relating to the provision of notices of tenant rights by landlords and property owners to tenants in residential rental units who have received a notice to vacate for non-payment of rent as set out in section 16-6 of the city Code.

(b) Pursuant to the home rule powers of the city, the jurisdiction of the administrative hearing officers shall include the administrative adjudication of parking violations under section 19-225 and violations under section 16-68 of the city code.
(Ord. No. 2012-10-04-0780, § 2, 10-4-12; Ord. No. 2013-11-21-0803, § 3, 11-21-13; Ord. No. 2020-06-25-0453, § 6, 6-25-20; Ord. of 05-07-2026(1), § 2, 5-7-26)

Sec. 20-103. Definitions.

For the purpose of this article, the following definitions shall apply unless the context clearly indicates or requires a different meaning:

City means the City of San Antonio, Texas.

Person means any natural person, corporation, partnership, joint venture, association (including homeowners or neighborhood associations), trust or any other entity recognized by law.

Violator means the person charged with violating a city ordinance described in section 20-102 of this article.
(Ord. No. 2012-10-04-0780, § 2, 10-4-12)

Sec. 20-104. Establishment of an administrative hearing officer; duties.

(a) An administrative hearing officer shall be hired by the city manager and shall serve under the direction of the presiding judge of the municipal court to preside over the administrative adjudication hearings established under this article. The city manager may also provide for associate administrative hearing officers to preside over the administrative adjudication hearings established under this article and shall have the same powers, duties and functions, and must meet the same qualifications, as the administrative hearing officer.

(b) The administrative hearing officer shall:

(1) Be a licensed attorney in good standing with the State Bar of Texas;

(2) Be authorized to administer oaths and issue orders compelling the attendance of witnesses and production of documents;

(3) Act pursuant to the authority granted by V.T.C.A., Local Government Code § 54.044, this article and in section 19-225 of the city code; and

(4) Enforce and adjudicate parking violations pursuant to the provisions, duties and procedures in section 19-225 of the city code.

(5) Be responsible for additional administrative adjudicative duties as assigned by passage of ordinance.

(Ord. No. 2012-10-04-0780, § 2, 10-4-12)

Sec. 20-105. Notice and hearing.

(a) A violator is entitled to notice by citation or summons.

(b) A citation or summons issued pursuant to the procedures adopted under this article must:

(1) Notify the violator that the person has the right to a hearing;

(2) Provide information as to the time and place of the hearing;

(3) State the type, date and location of violation;

(4) State the penalty range for which the violator may be liable; and

(5) Provide instructions and the due date for paying penalties, costs and fees, as prescribed by the municipal court clerk in conformance with section 20-106, in lieu of a hearing and payment of which shall be an admission of liability for the violation charged.

(c) The original or a copy of the summons or citation shall be kept by the municipal court clerk as a record in the ordinary course of business of the city and is rebuttable proof of the facts it states.

(d) The person who issued the citation or summons is not required to attend a hearing under this article.

(e) A violator who fails to appear at a hearing authorized under this article is considered to admit liability for the violation charged. The administrative hearing officer shall issue an order of liability and assess appropriate penalties, costs and fees against the violator in conformance with section 20-106 of this article.

(f) At a hearing under this article, the administrative hearing officer shall issue an order stating whether the violator is liable for the violation. Upon a finding of liability, the administrative hearing officer shall issue an order:

(1) Assessing the penalty, costs and fees; and

(2) Requiring abatement of the violation by a specific date.

(g) Upon a finding of liability, the administrative hearing officer may set the date and time for a compliance hearing. A copy of the order shall be provided to the violator as notice of the compliance hearing.

(h) If, at a compliance hearing, the administrative hearing officer finds that the violator has remedied or abated the violation, the administrative hearing officer may reduce the applicable penalty, fees and costs.

(i) If, at a hearing under this article, the administrative hearing officer finds the violator is not liable for the violation, the violator shall not be responsible for any penalty, cost or fee.

(j) An order issued pursuant to this article may be filed with the municipal court clerk, who shall keep the order in a separate index and file. The order may be recorded using microfilm, microfiche, or data processing techniques.
(Ord. No. 2012-10-04-0780, § 2, 10-4-12)

Sec. 20-106. Establishing penalty.

(a) The establishment of a penalty shall be consistent with and pursuant to the provisions of V.T.C.A., Local Government Code § 54.044, and as amended.

(b) The penalty range to be assessed against a violator found liable under this article shall be:

(1) Not less than twenty dollars ($20.00), nor more than one thousand dollars ($1,000.00) a day for a first violation;

(2) Not less than two hundred fifty dollars ($250.00), nor more than one thousand dollars ($1,000.00) a day for a second violation; and

(3) Not less than five hundred dollars ($500.00), nor more than one thousand dollars ($1,000.00) a day for a third or subsequent violation.

(c) In addition to the penalty assessed, the administrative hearing officer may require the violator to pay fees and costs.

(d) In determining the amount of penalty to be assessed, the administrative hearing officer shall consider the following factors:

(1) The gravity of the violation;

(2) Any actions taken by the violator to correct the violation;

(3) Any previous violations committed by the violator;

(4) The actual costs of repairs to the city due to the violation as supported by receipts or testimony or other evidence;

(5) Indigence of the violator; and

(6) Any other relevant evidence.
(Ord. No. 2012-10-04-0780, § 2, 10-4-12)

Sec. 20-107. Enforcement of order.

An order issued against a person found liable for a city ordinance violation under this article may be enforced by:

(1) Filing a civil suit for the collection of a penalty assessed against the person;

(2) Obtaining an injunction that:

a. Prohibits specific conduct that violates the ordinance; or

b. Requires specific conduct necessary for compliance with the ordinance; and

(3) Referral to a collection agency for non-payment of assessed penalties, costs and fees, with the cost to the city for collection services assessed as costs and added to the judgment.
(Ord. No. 2012-10-04-0780, § 2, 10-4-12)

Sec. 20-108. Appeal.

(a) A person who is found by an administrative hearing officer to have violated an ordinance under this article may appeal the determination by filing a petition in the municipal court before the 31st day after the date the administrative hearing officer's order is filed. An appeal does not stay enforcement and collection of the judgment unless the person, before filing the appeal petition, posts a bond with the municipal court for twice the amount of the penalties, costs and fees ordered by the administrative hearing officer.

(b) If a person found liable for a violation does not timely appeal the administrative hearing officer's order, the order shall become a final judgment.

(c) The municipal court's review shall be limited to a hearing under the substantial evidence rule.
(Ord. No. 2012-10-04-0780, § 2, 10-4-12; Ord. No. 2013-11-21-0803, § 3, 11-21-13)

Sec. 20-109. Disposition of administrative penalties, costs and fees.

(a) Except as provided in subsections (b) and (c), penalties, costs and fees assessed under this article shall be paid into the city's general fund for the use and benefit of the city.

(b) Twenty dollars ($20.00) of each penalty assessed and paid for development services department violations set out in subsections 20-102(a)(1)—(5) shall be deposited into the development services department compliance assistance account established in section 20-110 of this article.

(c) Twenty dollars ($20.00) of each penalty assessed and paid for animal care services department violations set out in subsection 20-102(a)(6) shall be deposited into the animal care services department compliance assistance account established in section 20-110 of this article.

ARTICLE I. IN GENERAL

Sec. 21-1. Leaving children in vehicles unattended.

(a) A person commits an offense if he, with criminal negligence, leaves a child in an unattended motor vehicle.

(b) City police officers, fire department and emergency medical personnel are authorized to take such prudent action as may be required to relieve the threat of danger to a child regardless of possible damage to the vehicle in question. The policy shall be that the law enforcement officer shall make personal contact with any person receiving a citation hereunder.

(c) For the purposes of this section, the term "child" shall mean any person whose apparent age is ten (10) years or less or who, because of physical or mental disability, is unable to avoid the hazards of being unattended.

(d) For the purposes of this section, the term "unattended" shall mean in the absence of a person of at least sixteen (16) years of age in the vehicle or immediately adjacent thereto.
(Ord. No. 58799, § 1, 5-24-84)

Sec. 21-2. Abandoned iceboxes, etc.

It shall be unlawful for any person in the city to place, or allow to be placed, outside of any building or dwelling in a location accessible to children any abandoned, unattended or discarded icebox, refrigerator, freezer or any other container of any type that has an airtight snap lock or other locking device, or a magnetic seal-type door without first removing the lock or doors from such icebox, refrigerator, freezer, or container.
(Ord. No. 19522, § 1, 9-3-53; Code 1959, § 26-1; Ord. No. 53872, 6-4-81)

Sec. 21-3. Advertising on public or private property.

(a) It shall be unlawful for any person to paint, print, stamp or indent letters, words or figures, on any fence, tree, post, building, wall, sidewalk or bridge in this city, or to post bills on any fence, building, walk, sidewalk or bridge, in this city, without having first obtained the consent of the parties owning or controlling the same.

(b) It shall be unlawful for any person to distribute or cause to be distributed, deposited, placed, thrown, scattered or cast any handbill upon any private property if requested by anyone thereon not to do so, or if there is placed on such premises in a conspicuous place upon or near the main entrance to the premises, a weatherproof card, not less than three (3) inches by four (4) inches in size bearing the words "no solicitation," "no advertisements," "no handbills," or any similar notice indicating in any manner that the occupants of such premises do not desire to have any such handbills left upon their premises. The letters on such cards shall be not less than two-thirds (⅔) of an inch in height.

(c) This section does not apply to any department, branch or agency of federal, state, or municipal government and any religious, political or charitable handbills.
(Code 1950, § 41-1; Code 1959, § 26-3; Ord. No. 2010-12-16-1089, § 1, 12-16-10)

Sec. 21-4. Distributing or scattering handbills in streets.

It shall be unlawful for any person to throw, cast or distribute or cause or permit to be thrown, cast or distributed any handbill, circular, card, booklet, placard or other advertising matter whatsoever in or upon any street or public grounds or other places within the city; provided that nothing in this section contained shall be deemed to prohibit or otherwise regulate the delivery of any such matter by the United States postal service, or prohibit the distribution of copies of newspapers regularly sold by the copy or subscription. This section is not intended to prevent the lawful distribution of anything other than commercial and business advertising matter. Violation of this section shall be punished in accordance with section 1-5.
(Code 1959, § 26-4)

Sec. 21-5. Throwing handbills in parked vehicles.

It shall be unlawful for any person to throw, place or deposit, or cause to be thrown, placed or

deposited, any circular, dodger, handbill or other advertising or printed matter of any character whatsoever, in or on any vehicle parked or standing upon or along any street or other public place within the city, without the express consent and permission of the owner or person in charge of the vehicle.
(Code 1950, § 41-3; Code 1959, § 26-5)

Sec. 21-6. Injuries to property; graffiti.

(a) It shall be unlawful for any person to break or cause to be broken, intentionally, any glass, window, sash, blind, door, gate or fence, or in any manner to mar, deface or injure any house, building or other property on premises within the city, not his own.

(b) It shall be unlawful for any person willfully and maliciously to:

(1) Cut, mar, injure, or remove any tree, shrub, or plant;

(2) Injure, remove, destroy, deface or interfere with any fence, wall, gate or turnstile bounding or enclosing any park, square, schoolhouse or other public building; or

(3) Remove, injure, mar or deface any street sign, traffic signal controller box, signal pole, street or sidewalk attached emblem, marker, raised button divider, street and sidewalk painted logo, or painted sign, lane divider other traffic aid marker, or any public or private building or other property to include public utilities.

(Code 1950, § 41-12; Code 1959, § 26-16; Ord. No. 62604, § 1, 3-27-86; Ord. No. 79326, § 1, 12-16-93; Ord. No. 92830, § 2, 11-2-00; Ord. No. 93735, § 2, 4-5-01; Ord. No. 100553, § 2, 3-10-05; Ord. No. 2007-05-03-0480, § 1, 5-3-07)

Sec. 21-7. Pecans, gathering.

It shall be unlawful for any person to climb pecan trees in any public park or street within the city or to throw sticks, stones or other missiles for the purpose of gathering pecans.
(Code 1950, § 41-11; Code 1959, § 26-21)

Sec. 21-8. Peeping toms.

It shall be unlawful for any person to enter or intrude in or upon any real property of another within the city and invade the privacy of, or disturb, the occupants or residents of such property by looking into or peeping into any dwelling or structure situated thereon.
(Ord. No. 17285, § 1, 2-28-52; Ord. No. 18445, § 1, 10-23-52; Code 1959, § 26-22)

Sec. 21-9. Soil, removal of.

It shall be unlawful for any person to cut sod or sward off, or remove earth or ground from any lot, street or common in the city, without first obtaining the consent of the parties owning or controlling the same.
(Code 1950, § 41-21; Code 1959, § 26-23)

Sec. 21-10. Spitting in public places.

The spitting upon sidewalks, crosswalks, the floors of churches, public halls, theaters, motor buses or other similar public places is hereby declared a nuisance and unlawful; provided, spitting in and upon the streets is not hereby included in the words "other public places."
(Code 1950, § 41-22; Code 1959, § 26-24)

Sec. 21-11. Tower of the Americas; throwing object from observation decks prohibited.

It shall be unlawful for any person to hurl or throw or cause to be hurled or thrown any object of any type or nature from the observation decks of the structure known as the "Tower of the Americas."
(Code 1959, § 26-24.1)

Sec. 21-12. Uniforms, unlawful use.

(a) It shall be unlawful for any person, not a member thereof, to wear any uniform identical with the uniform worn by any uniformed members of the police department or the fire department of the city, or to wear any uniform or part thereof similar to the uniform worn by any member of either of such departments in a manner calculated to deceive or mislead the public as to his identity.

(b) The term "Uniform," as used in this section, shall include the cap, badge, blouse, trousers, leggings, additional official insignia and any other habiliments worn by any uniformed member of either of such departments.
(Code 1950, § 41-25; Code 1959, § 26-25)

Sec. 21-13. Missiles.

It shall be unlawful for any person within the city to throw stones or other missiles, or to shoot with a bow and arrow, or to shoot or discharge any stone or other missile with or from a sling or from an elastic spring.
(Code 1950, § 41-15; Code 1959, § 26-20)

Sec. 21-14. Air gun, paint ball gun or spring gun; furnishing to minor.

(a) It shall be unlawful for any person within the city to sell, or give to, or place in the possession of, any person under the age of sixteen (16) years, any gun which discharges a bullet or missile by means of compressed air, or any gun discharging a bullet or missile by means of a spring.

(b) It shall be unlawful for any person to possess, discharge or bring into a public park any gun, which discharges a bullet, missile or paintball by means of compressed air, gas propellant, or any gun discharging a bullet, missile or paintball by means of a spring. It shall be an affirmative defense to any charge that written permission was provided by the director of parks and recreation for a special event.
(Ord. No. 2008-04-17-0317, § 3, 4-17-08)

Editor's note—Ord. No. 2008-04-17-0317, § 3, adopted April 17, 2008, amended section 21-14 in its entirety to read as herein set out. Formerly, section 21-14 pertained to air gun or spring gun; furnishing to minors, and derived from the Code of 1950, § 41-19, and the Code of 1959, § 26-26.

Cross reference—Regulation of firearms and weapons, § 21-151 et seq.

Sec. 21-15. Toy gun, explosive, etc.; furnishing to minors.

It shall be unlawful for any person within the city to sell to, give to, or place in the possession of, any person under the age of sixteen (16) years any leaded cartridge, or any explosive of any kind, or to sell to, give to or place in the possession of any person under the age of sixteen (16) years, any gun or toy gun, capable of exploding or discharging any explosive cap or cartridge, or any toy cannon, capable of exploding or discharging any explosive cap or cartridge, or any other firearm of any description, capable of exploding or discharging any explosive cap or cartridge of any description.
(Code 1950, 41-20; Code 1959, § 26-27)

Cross reference—Regulation of firearms and weapons, § 21-151 et seq.

Sec. 21-16. Carrying loaded rifle or shotgun.

It shall be unlawful for any person, other than duly authorized peace officers, to carry a loaded rifle or shotgun on any public street within the city or in a motor vehicle while the same is being operated on any public street within the city.
(Code 1959, § 26-28)

Cross reference—Regulation of firearms and weapons, § 21-151 et seq.

Sec. 21-17. Certain knives prohibited generally; exceptions; penalty for violation.

(a) It shall be unlawful for any person to intentionally or knowingly carry on or about his person a knife with a blade less than five and one-half (5½) inches in length, which knife is equipped with a lock mechanism so that upon opening, it becomes a fixed blade knife.

(b) The above prohibition set forth in subsection (a) shall not be applicable to a person carrying such a knife:

(1) In the actual discharge of his duties as a peace officer, a member of the armed forces or national guard, or a guard employed by a penal institution;

(2) On his own premises or premises under his control;

(3) Traveling;

(4) Engaged in lawful hunting, fishing or other lawful sporting activity; or

(5) Using such a knife in connection with a lawful occupation, during such utilization.

(Code 1959, § 26-28.1)

Cross references—Regulation of firearms and weapons, § 21-151 et seq.; possession of a knife, § 21-155.

Sec. 21-18. Tampering with CATV system prohibited.

(a) It shall be unlawful for any person to make any unauthorized connection whether physical, electrical, acoustical, inductive or otherwise, with any part of a city-franchised cable television system for the purpose of enabling himself or others to receive any television signals, radio signals, pictures, programs, sounds or any other information transmitted over the cable television system, without payment to the franchisee or its lessees.

(b) It shall be unlawful for any person, without the consent of a franchised cable television company, to willfully tamper with, remove or injure any cable, wires, or other equipment used for the distribution of television signals, radio signals, pictures, programs, sounds or any other information transmitted over the cable system.

(Ord. No. 50508, §§ 1, 2, 3-8-79; Code 1959, § 26-30)

Cross reference—Regulations governing basic service rates for cable television systems, § 16-4.

Sec. 21-19. Washing windshields of motor vehicles upon public streets prohibited; exception.

(a) It shall be unlawful for any person to knowingly wash or attempt to wash the windshield of any motor vehicle in and upon a public street, with or without the permission of the motor vehicle owner. This section shall not extend to washing of windshields by the owner of a motor vehicle or the owner's agent, when the vehicle is legally parked on a city street.

(b) For the purposes of this section the term "public street" shall mean the paved portion of right-of-way intended for vehicular traffic.

(Code 1959, § 26-32; Ord. No. 52865, § 1, 10-2-80)

Sec. 21-20. Parachuting from Tower of the Americas.

(a) It shall be unlawful for any person to parachute, or attempt to parachute from the observation levels or any other level of the structure known as the "Tower of the Americas."

(b) It shall be unlawful for any person to carry parachute equipment to the observation levels or any other level of the structure known as the "Tower of the Americas."

(c) Any person violating this section shall be guilty of a misdemeanor, and upon conviction shall be fined an amount not to exceed two hundred dollars ($200.00).

(Ord. No. 61868, §§ 1—3, 11-25-85)

Editor's note—Ord. No. 61868, §§ 1—3, adopted Nov. 25, 1985, did not specifically amend the Code; hence, inclusion herein as § 21-20 was at the discretion of the editor.

During Fiesta San Antonio, the annual Fiesta event sponsored by the San Antonio Fiesta Commission, it shall be unlawful for any person to sell or use a pressurized container of the substance commonly known as "liquid string," "silly string," or "super string" or any quantity of the small explosive devices commonly known as "snappers," "throwdowns," and "pop pops," which are paper-wrapped wads of sand coated with a minute quantity of explosive powder and adhesive, producing a small report upon impact with hard surfaces, in any public place or private property where the general public is invited for Fiesta related events.

(Ord. No. 64758, § 1, 3-19-87)

Sec. 21-22. Public nudity.

(a) It shall be unlawful for an individual to intentionally or knowingly appear in a state of nudity in a public place.

(b) It shall be unlawful for an individual to intentionally or knowingly appear in a state of semi-nudity in a public place unless within a permitted sexually oriented business and valid sexually oriented business employee permit.

(c) Nude or nudity or state of nudity shall mean the following:

(1) The appearance of the bare buttock; anus; male genitals; female genitals; or female breast;

(2) A state of dress which fails to completely or opaquely cover the buttock; anus; male genitals; female genitals; or female breast.

(d) Semi-nude or semi-nudity or state of semi-nudity shall mean a state of dress that which fails to completely and opaquely cover:

(1) Human genitals, pubic region or pubic hair; or

(2) Crevice of buttocks or anus;

(3) Any portion of the female breast that is situated below a point immediately above the top of the areola; or

(4) Any combination of the foregoing.

(e) Public place shall mean any public street, sidewalk, alley, or other public thoroughfare, in or such close proximity thereto, as to be observed the public traveling on such street, sidewalk, or other thoroughfare, and/or all locations owned by or open to the general public inclusive of the sheds, enclosures, buildings, improvements, and fixtures upon the location.

(Ord. No. 2012-12-06-0933, §§ 3, 5, 12-6-12)

Editor's note—Ord. No. 2012-12-06-0933, §§ 3, 5, adopted December 6, 2012, repealed and reenacted section 21-22 in its entirety to read as herein set out. Formerly, section 21-22 pertained to adult arcades, and derived from Ord. No. 67481, § 1, adopted July 7, 1988; Ord. No. 68791, §§ 1—11, adopted February 9, 1989; Ord. No. 98203, § 1, adopted September 25, 2003; Ord. No. 100191, § 1, adopted December 16, 2004. For current provisions pertaining to adult arcades, the user's attention is directed to article IX, division 4 of this chapter.

Sec. 21-23. Use of city facilities prohibited for public consumer gun shows; exemption for sport, outdoor trade and antique shows.

(a) City-owned facilities shall not be used for the purpose of staging public consumer gun shows. The city manager and city staff are directed to cease booking events that are open to the public and are primarily devoted to the display and sale of weapons, ammunition, and firearm or military paraphernalia.

(b) This section does not apply to sport, outdoor trade, or antique shows, which may, incidentally, include the display of, but do not include the over-the-counter sale of, weapons or ammunition.

(Ord. No. 79998, §§ 1, 2, 4-14-94)

Editor's note—Ord. No. 79998, adopted April 14, 1994, has been codified herein at the discretion of the editor as § 21-23.

Sec. 21-24. Policies regarding performances at city-owned facilities.

(a) City staff is directed to monitor the need for crown control measures, specifically pertaining to seating arrangements and lighting levels, to enhance enforcement of state and local criminal laws at performances held at the Convention Center Arena and Municipal Auditorium.

(b) Staff is directed to review the level of police security at each performance held at the Convention Center Arena and Municipal Auditorium and document those instances where security levels need to be increased in relation to the type of event, the identity of the performer and the size of the crowd.

(c) The city council reaffirms its policy that criminal laws should be enforced to the fullest extent possible and directs staff to take every reasonable step to detect and confiscate illegal substances at performances held in city-owned facilities and arrest those persons who violate criminal laws.

(d) Staff is directed to monitor the type of container or package in which illegal substances are confiscated and the types of events where contraband is confiscated in order to determine whether an ordinance prohibiting containers or packages at the Convention Center and Municipal Auditorium during certain performances is necessary.

(Res. No. 85-54-73, 9-19-85)

Editor's note—Resolution No. 85-54-73, adopted September 19, 1985, did not specifically amend the Code, therefore such ordinance was treated as adding a new § 21-24 at the discretion of the editor.

Sec. 21-25. Prostitution, loitering for prostitution prohibited.

(a) *Definitions.* For the purpose of this section, the words or phrases set out in this subsection (a) mean the following:

Known prostitute or panderer means a person who, within two (2) years previous to the date of arrest for violations of this section, has within the knowledge of the arresting officer been convicted of violating any law or ordinance prohibiting

soliciting, committing, or offering to commit prostitution, promotion of prostitution, or aggravated promotion of prostitution.

Loiter means to delay or linger without a lawful purpose for being on a public street or place, for the purpose of committing a crime such as opportunity may be discovered.

(b) *Prostitution.* It is unlawful for any person to:

(1) Commit or offer to commit "prostitution," "promotion of prostitution" or "aggravated promotion of prostitution," as those acts are defined in Texas Penal Law;

(2) Knowingly transport a person into, or within, the city to promote that person's engaging in prostitution, or procuring or paying for transportation with that purpose;

(3) Knowingly receive, offer or agree to receive another into any place, building or vehicle for the purpose of any person committing prostitution;

(4) Knowingly permit another to remain there for such purpose, or to knowingly in any way aid, abet or participate in prostitution; or

(5) Secure or offer to secure a person for the purpose of committing prostitution, promotion of prostitution or aggravated promotion of prostitution.

(c) *Loitering for prostitution.*

(1) It is unlawful for any person to loiter in or near any street or place open to the public in a manner and under circumstances manifesting the purpose of inducing, enticing, soliciting or procuring another to commit prostitution.

(2) Among the circumstances, but not the only circumstances, which may be considered in determining whether such purpose is manifested are the following: that such person is a known prostitute or panderer, and repeatedly beckons to, or stops or attempts to stop, or engages any person passing by in conversation indicative of soliciting for prostitution, or repeatedly stops or attempts to stop a motor vehicle operator by hailing, waiving of arms or any other bodily gesture.

(3) No arrest shall be made for a violation of this section unless the arresting officer first affords such person an opportunity to explain such conduct, and no person shall

[The next page is 1519]

be convicted of violating this section if it appears that the explanation given was true, and additionally did disclose a lawful purpose.

(4) Peace officers enforcing this section shall have the same amount of discretion as allowed under the Texas Penal Code.

(d) *Penalties.* All violations of this section shall be punished as a Class C misdemeanor.
(Ord. No. 88321, §§ 1—4, 8-20-98)

Sec. 21-26. Sitting or lying down in the right-of-way.

(a) This section applies in the central business district of the city which is defined as the area within the boundaries set out beginning at South San Marcos Street at its intersection with West Commerce Street, south to its intersection with Matamoros Street, east to its intersection with the Union Pacific Railway, south to South Alamo Street, north to its intersection with East Durango Boulevard, east to South Cherry Street, north to its intersection with East Commerce Street, east to its intersection with North Mesquite Street, north to its intersection with Burleson Street, west to its intersection with Austin Street, north to its intersection with Casa Blanca Street, west to Newell Avenue, southwest to East Elmira Street, west to the intersection of West Elmira and the westbound service road of Interstate Highway 10, underneath Interstate Highway 10, then westbound from the intersection of the Interstate Highway 10 eastbound service road and Perez Street to its intersection with North Frio Street, south to its intersection with West Martin Street, west to its intersection with North San Marcos Street, south to its intersection with West Commerce Street.

(b) A person commits an offense if, after having been notified by a law enforcement officer that the conduct violates this section, the person continues to sit or lie down in the right-of-way between the roadway and the abutting property line or structure, or on an object placed in that area, in a manner that would:

(1) Hinder the unobstructed passage of a person;

(2) Require a person to take evasive action to avoid physical contact;

(3) Block the passage of a person entering or leaving a building; or

(4) Require a person entering or leaving a building to take evasive action to avoid physical contact.

(c) This section does not apply to a person who:

(1) Sits or lies down because of a medical emergency;

(2) As the result of a disability, uses a wheelchair or similar device to move about;

(3) Operates or patronizes a commercial establishment that conducts business on the sidewalk in compliance with the ordinances of the city;

(4) Participates in or views a parade, festival, performance, rally, demonstration, or similar event;

(5) Sits on a chair or bench that is supplied by a public agency or by the abutting private property owner; or

(6) Sits within a bus stop zone while waiting for public or private transportation.

(d) A culpable mental state is not required, and need not be proven, for an offense under this section.

(e) Any person who engages in any activity specified in subsection (b) may be subject to prosecution for a class C misdemeanor and a fine not to exceed five hundred dollars ($500.00).
(Ord. No. 100378, §§ 1, 2, 2-3-05; Ord. No. 2010-04-15-0326, §§ 1, 2, 4-15-10)

Sec. 21-27. Urinating and/or defecating in public.

(a) A person commits an offense if he or she urinates and/or defecates:

(1) In or on a public street, alley, sidewalk, yard, park, building, structure, plaza, or utility right-of-way, or other public place; or

(2) In public view.

(b) It is an affirmative defense to prosecution under this section if the person was in a restroom.

Any person who engages in any activity specified in subsections (a)(1) or (a)(2) may be subject to prosecution for a class C misdemeanor and a fine not to exceed five hundred dollars ($500.00). (Ord. No. 100381, §§ 1, 2, 2-3-05)

Sec. 21-28. Camping in public.

(a) Except in designated areas, it shall be unlawful for any person to camp in any public place.

(b) In this section, the term public place means an outdoor area to which the public has access and includes, but is not limited to, streets, highways, parks, parking lots, alleyways, pedestrian ways, and the common areas of schools, hospitals, apartment houses, office buildings, transport facilities, and shops.

(c) In this section, the term "camp" means to use a public place for living accommodation purposes such as, but not limited to any of the following:

(1) Storing personal belongings;

(2) Making a camp fire;

(3) Using any tents shelter or other structure, furniture, refuse or vehicle for living accommodation;

(4) Carrying on cooking activities; or

(5) Doing any digging or earth breaking.

(d) The activities listed in subsection (c) shall constitute camping when it reasonably appears, in light of all the circumstances, that the participants, in conducting these activities, are in fact using the area for living accommodation purposes regardless of the intent of the participants or the nature of any other activities in which they may also be engaging.

(e) It shall be an affirmative defense to prosecution that a person is the person who owns the property or has secured the permission of the property owner to camp in a public area.

(f) This section does not apply to camping or cooking in a city park in compliance with park regulations.

Any person who engages in any activity specified in subsections 28(a)-(d) above, may be subject to prosecution for a class C misdemeanor and a fine not to exceed five hundred dollars ($500.00). (Ord. No. 100379, §§ 1, 2, 2-3-05)

Sec. 21-29. Aggressive solicitation.

(a) In this section, the following definitions apply:

Aggressive manner means:

(1) Making any physical contact with or touching another person in the course of the solicitation without the person's consent;

(2) Following the person being solicited, if that conduct is:

a. Likely to cause a reasonable person to fear imminent bodily harm or the commission of a criminal act upon property in the person's possession; or

b. Reasonably likely to intimidate the person being solicited into responding affirmatively to the solicitation;

(3) Continuing to solicit a person after the person has made a negative response;

(4) Blocking the safe or free passage of the person being solicited or requiring the person, or the driver of a vehicle, to take evasive action to avoid physical contact with the person making the solicitation;

(5) Using obscene or abusive language or gestures toward the person being solicited; or

(6) Approaching the person being solicited in a manner that:

a. Is likely to cause a reasonable person to fear imminent bodily harm or the commission of a criminal act upon property in the person's possession; or

b. Is reasonably likely to intimidate the person being solicited into responding affirmatively to the solicitation.

Automated teller machine means a device, linked to a bank's account records, which is able to carry out banking transactions.

Automated teller facility means the area comprised of one or more automatic teller machines, and any adjacent space that is made available to banking customers.

Bank includes a bank, savings bank, savings and loan association, credit union, trust company, or similar financial institution.

Check cashing business means an entity in the business of cashing checks, drafts, or money orders for consideration.

Parking meter or *pay station* means a location on a street, parking lot or parking garage where persons pay for parking by either cash or credit to a person or at a machine or other device designed to accept payment.

Public area means an area to which the public has access and includes, but is not limited to, a sidewalk, street, highway, park, parking lot, alleyway, pedestrian way, or the common area of a school, hospital, apartment house, office building, transport facility, or shop.

Solicit means to request, by the spoken, written, or printed word, or by other means of communication an immediate donation or transfer of money or another thing of value from another person, regardless of the solicitor's purpose or intended use of the money or other thing of value, and regardless of whether consideration is offered.

(b) A person commits an offense if the person solicits:

(1) In an aggressive manner in a public area; or

(2) Within fifty (50) feet of the following areas where the public is considered vulnerable or where solicitation would interfere with the flow of traffic:

a. An automated teller machine;

b. An automated teller facility;

c. The entrance or exit of a bank;

d. The entrance or exit of a check cashing business;

e. A charitable contribution meter;

f. A parking meter or parking pay station on a street;

g. A public parking garage or parking lot pay station;

h. The entrance or exit of a restaurant or the service area of an outdoor eating establishment;

i. In a bus, at a bus station or stop, or at a facility operated by a transportation authority for passengers; or

j. A marked crosswalk.

(c) A culpable mental state is not required, and need not be proved, for an offense under this section.

(d) Any person who engages in any activity specified in subsection (b), maybe subject to prosecution for a Class C misdemeanor and a fine not to exceed five hundred dollars ($500.00).
(Ord. No. 100380, §§ 1, 2, 2-3-05; Ord. No. 2011-11-17-0958, § 1, 11-17-11)

ARTICLE II. DANGEROUS SUBSTANCES

Sec. 21-31. Legislative findings; prohibited substances.

Because the following chemical compounds are either toxic by inhalation, ingestion or both; have a potential for abuse by persons in that inhalation can cause a condition of intoxication, inebriation, excitement, stupefaction, or exhilaration; cause a dulling of the brain or nervous system; cause damage, mental or physical; or have any combi-

nation of these properties or effects; and because certain persons in the community, particularly young people, are prone to abuse such substances; and because "glue sniffing" and "paint sniffing" have been documented as having caused irreversible mental and physical damage, and even death among minors in the city and are a particular problem among certain minorities, the following twenty-one (21) chemical compounds are hereby defined as and declared to be "dangerous substances":

(1) Acetone
(2) Amyl acetate
(3) Benzene
(4) Butyl acetate
(5) Butyl alcohol
(6) Carbon tetrachloride
(7) Chloroform
(8) Cyclohexanone
(9) Ethyl alcohol
(10) Ethyl acetate
(11) Hexane
(12) Isopropyl alcohol (rubbing alcohol)
(13) Isopropyl acetate
(14) Methyl "cellosolve" (ethylene glycol monomethyl ether acetate)
(15) Methyl ethyl ketone (2-butanone; MEK)
(16) Methyl isobutyl ketone (MIBK)
(17) Orthochlorobenzalmalononitrile (CS)
(18) Toluene (toluol)
(19) Trichloroethylene
(20) Tricresyl phosphate (TOCP, TMCP, or TPCP)
(21) Xylene (xylol)

(Code 1959, §§ 26-11.1, 26-14.1; Ord. No. 56606, §§ a—k, 2-24-83)

Sec. 21-32. Sale of substances to minors prohibited.

It shall be unlawful for any person to sell, offer to sell, transfer, or offer to transfer to any other person under the age of eighteen (18) years any can or other container of paint spray, glue, airplane plastic cement, household cement, cement, shellac, paint thinner, lacquer, adhesive substance, or aerosol mixture of pigment and liquid that forms a thin coating which contains a dangerous substance as defined in this article. It shall be unlawful for the owner or person in control of a retail establishment to allow any agent or employee of the retail establishment to make such a sale or transfer or attempt to make such a sale or transfer.

(Code 1959, § 26-14.1; Ord. No. 56606, §§ a—k, 2-24-83)

Sec. 21-33. Signs to be posted where offered for sale.

All vendors of the products enumerated in Section 21-32 shall post in a prominent place, during opening hours, a sign to be furnished by the city, stating that it is illegal to sell the products to persons under eighteen (18) years of age. It shall be an affirmative defense to an action alleging violation of this section if the city has failed to furnish such a sign to the retail establishment.

(Code 1959, § 26-14.1; Ord. No. 56606, §§ a—k, 2-24-83)

Sec. 21-34. Exemption for model airplane, etc., kits.

Notwithstanding any of the provisions of this article, the provisions hereof shall not apply to, control, or in any way affect the sale, display, storage or transfer of glue or cement which is a part of a kit used for the construction of model airplanes, model boats, model automobiles, model trains, or similar models, and which is sold simultaneously with the rest of the kit and packaged, stored, and displayed as a unit.

(Code 1959, § 26-14.1; Ord. No. 56606, §§ a—k, 2-24-83)

Sec. 21-35. Inhaling prohibited.

It shall be unlawful for any person to inhale any paint spray, glue, airplane glue, plastic cement, household cement, cement, shellac, paint thinner, lacquer, adhesive substance, or aerosol

mixture of pigment and liquid that forms a thin coating which contains a dangerous substance above, or the fumes or vapors thereof, with the intent of obtaining intoxicating or narcotic effect, a state of inebriation, excitement, stupefaction, exhilaration, or a dulling of the brain or nervous system.
(Code 1959, § 26-14.1; Ord. No. 56606, §§ a—k, 2-24-83)

Sec. 21-36. Prima facie evidence of existence in containers.

If a can or other container contains a list of ingredients or contents, and one (1) or more of the dangerous substances enumerated in section 21-31 is listed as an ingredient or content, that shall constitute prima facie evidence that the can or container does in fact contain such a dangerous substance or dangerous substances.
(Code 1959, § 26-14.1; Ord. No. 56606, §§ a—k, 2-24-83)

Sec. 21-37. Certain substances to be kept in closed storage.

(a) When offered for sale in a retail establishment, adhesive substances and aerosol mixtures of pigment and liquid that form a thin coating which contain either methyl isobutyl ketone (MIBK), toluene or toluol, trichloroethylene, or xylene or xylol shall not be openly stored or displayed or otherwise offered for sale from a counter or other location that is accessible to the public. When in storage such products shall be stored in a closed building that is not accessible to the public, but if the same are stored in an outside area, the containers shall be locked or otherwise secured and the area must be enclosed by a fence at least eight (8) feet in height.

(b) Should the owner, manager, or person in control of any retail establishment or other premises, store or display any adhesive substance or aerosol mixture of pigment and liquid that forms a thin coating in any manner other than that

Secs. 21-38—21-50. Reserved.

ARTICLE III. NOISE*

DIVISION 1. GENERALLY

Sec. 21-51. Definitions and standards.

[As used in this division the following words and terms shall have the meanings respectively ascribed:]

A-weighted sound level shall mean the sound pressure level in decibels as measured on a sound level meter using the A-weighting network. The level so read is designated dB(A) or dBA.

Daytime/evening shall mean the hours between six o'clock a.m. and ten o'clock p.m., Sunday through Thursday and six o'clock a.m. and eleven o'clock p.m. Friday and Saturday.

Director shall mean director of housing and neighborhood services department.

Impulsive sound shall mean sound of short duration, usually less than one second, with an abrupt onset and rapid decay. Examples of sources of impulsive sound include explosions, drop forge impacts, and the discharge of firearms.

Legal holidays shall mean New Year's Day (January 1), Memorial Day (observed date), Fourth of July (July 4), Labor Day (observed date), Thanksgiving Day (observed date), and Christmas Day (December 25).

Leq shall mean an average measure of continuous noise that has the equivalent acoustic energy of the fluctuating signal over the same time period. The time period of monitoring will be continuous over any two (2) hours and will use the A-weighting network reported in decibel units.

Nighttime shall mean the hours between ten o'clock (10:00) p.m. and six o'clock (6:00) a.m., Sunday through Thursday and eleven o'clock (11:00) p.m. and six o'clock (6:00) a.m. Friday and Saturday.

Noise nuisance shall mean any loud, irritating, vexing or disturbing sound originating from a nearby property under separate ownership which causes injury, discomfort, or distress of a person of reasonable nervous sensibilities, or any sound that exceeds the maximum permitted sound levels specified in subsections 21-52(a)(6)b., (9)—(12), and (21)—(60)b.

Sound level shall mean the weighted sound pressure level obtained by the use of a sound level meter and frequency weighting network such as A, B or C as specified in American National Standards Institute specifications for sound level meters (ANSI S1.4-1971). If the frequency weighting employed is not indicated, the A-weighting shall apply.

Sound level meter shall mean an instrument which includes a microphone, amplifier, RMS detector, integrator or time averages, output meter, and weighting network used to measure sound pressure levels.
(Ord. No. 94706, § 2(Attach. A), 9-13-01; Ord. No. 2007-04-05-0371, § 1, 4-5-07; Ord. No. 2022-02-17-0112, § 1, 2-17-22)

Sec. 21-52. Noise nuisance enumeration.

(a) The following acts, among others not hereinafter enumerated, are declared to be "noise nuisances," and are unlawful and in violation of the provisions of this division when such acts are done or accomplished or carried on in such a manner, or with such volume, intensity, or with

*__Editor's note—__Ord. No. 94706, § 1(Attach. A), adopted September 13, 2001, repealed and reenacted art. III to read as herein set out. Formerly, art. continued duration, so as to annoy, to distress, or to disturb the quiet, comfort, or repose of a person of reasonable nervous sensibilities, within the vicinity or hearing thereof, or so as to endanger or injure the safety or health of humans or animals, or so as to interfere with the physical well being of humans or animals, or so as to endanger or injure personal or real property:

(1) The playing or permitting or causing the playing of any radio, television, phonograph, drum, juke box, nickelodeon, musical instrument, sound amplifier or similar device which produces, reproduces, or amplifies sound.

(2) Any loud or vociferous language or any soliciting for, or description of, any amusement house, moving picture theater, or other like place of amusement, or for the performance therein, in the entrance thereto, the foyer or lobby thereof, or on the sidewalks adjoining the same.

(3) The keeping of any animal, fowl, or bird, which makes frequent or long, continued noise.

(4) The continued or frequent sounding of any horn or other signal device on any automobile or vehicle, motorcycle, bus or other vehicle, except as a danger signal.

(5) The discharge into the open air of the exhaust of any steam engine, stationary internal combustion engine, automobile, motorcycle, or other motor vehicle or boat, except through a muffler or other device which prevents loud or explosive noises therefrom.

(6) The erection, including construction, excavation, demolition, alteration, or repair work, or the permitting or causing thereof, of any building or other structure, or the operation or the permitting or causing the operation of any tools or equipment used in construction, excavation, drilling, demolition, alteration or repair work:

a. Other than during the hours between seven o'clock (7:00) a.m. and eight o'clock (8:00) p.m. on Monday through Friday and eight o'clock (8:00) a.m. and eight o'clock (8:00) p.m. on Saturday and nine o'clock (9:00) a.m. and five o'clock (5:00) p.m. on Sunday, except on legal holidays as defined in section 21-51; or

b. Other than when a waiver, as defined below, is issued by the building official or designee; or

c. At any time such that the sound level at or across a real property boundary exceeds eighty (80) dBA; or

d. This section shall not apply in cases of urgent necessity in the interest of public safety, or in cases of public convenience, including city sponsored or co-sponsored fiestas, parades, and public events; or

e. Concrete pours when the notification process, when required, has been performed; or

f. Limited heavy machinery and construction equipment repairs thirty (30) minutes before the listed construction hours or after the listed construction hours, but no later than ten o'clock (10:00) p.m.

Waiver. A waiver to perform erection, including construction, excavation, demolition, alteration, or repair work, or the permitting or causing thereof, of any building or other structure, or the operation or the permitting or causing the operation of any tools or equipment used in construction, excavation, drilling, demolition, alteration or repair work during hours not approved per section 21-52(a)(6)a. can be requested and issued by the building official or designee. The request for waiver must be submitted one (1) business day prior to the start of off-hour construction and must detail the reason for the request and dates and times of the off-hour construction. The waiver will be issued for a maximum of one-week intervals. If the erection is

completed on a parcel located within three hundred (300) feet of an occupied residential structure the notification process must be completed prior to the commencement of work. Waivers may be issued due to special conditions such as weather related conditions; and/or where literal enforcement of the ordinance would result in unnecessary hardship.

Notification process. Any occupied residential structure within three hundred (300) feet of the parcel containing the approved construction must receive written notice, via flyer and/or door hanger, of the dates and times of the proposed construction, with a point of contact's name and number. This notification is to be delivered a minimum of seventy-two (72) hours before the scheduled work starts. For occupied residential structures that are located within gated communities and/or apartment complexes, notification to the home owners association, neighborhood association, or management company will be considered notification to all occupied residential structures within the organization. The dates and times of the proposed off-hour construction, with a point of contact's name and number, must be posted at the job site, as approved by the building official or designee.

Exception. Newly constructed residential subdivision, with an operational sales office within the subdivision and not more than ninety-five (95) percent of new homes in the subdivision have been sold. This does not apply to adjacent areas of the subdivision that are within three hundred (300) feet of an occupied residential structure that is not part of the newly constructed residential subdivision.

(7) The crying, calling, or shouting, in person or by a mechanical device, or the use of any whistle, rattle, bell, gong, clapper, hammer, drum, horn, loudspeaker or phonograph with or without an amplifier, hand organ, or other devices or instruments, musical or otherwise.

(8) The raucous shouting, whistling, yelling, singing, hooting, or crying of peddlers, hawkers, vendors or any other persons.

(9) The making of noise which exceeds sixty-three (63) decibels on residential zoned property as defined by chapter 35 (Unified Development Code), when measured from property under separate ownership.

(10) The making of noise which exceeds seventy (70) decibels on business zoned property as defined by chapter 35 (Unified Development Code), when measured from property under separate ownership.

(11) The making of noise which exceeds seventy-two (72) decibels on industrial zoned property as defined by chapter 35 (Unified Development Code), when measured from property under separate ownership.

(12) The making of noise which exceeds eighty-five (85) decibels using the Leq method of noise measure for noise emanating from entertainment zoned property as defined by chapter 35 (Unified Development Code), when measured from property under separate ownership. Any adjacent property owned, leased, controlled or managed by any person or entity or any affiliate that directly or indirectly controls, is controlled by, or shares common control with the other entity that has an ownership interest or lease interest in the monitored property shall not be considered property under separate ownership for purposes of determining the boundaries of the noise source property in an entertainment district.

(b) Special noise corrections. Corrections shall be made to the basic octave band levels specified in subsections 21-52(a)(10) through (12) and section 21-60(b) for the specific conditions listed in accordance with the following table, designated as Table 1, except that nighttime corrections shall not apply in the River Walk area.

(c) River Walk Area corrections. Subsections (a)(10) through (12) above shall not apply in the River Walk Area, which shall be, regulated by the noise provisions in section 21-60.

(Ord. No. 94706, § 2(Attach. A), 9-13-01; Ord. No. 2022-02-17-0112, § 1, 2-17-22)

Sec. 21-53. Vibration.

It shall be unlawful for any person to create, maintain or cause any ground or airborne vibration which is perceptible without instruments at any point on any affected property adjoining the property in which the vibration source is located.
(Ord. No. 94706, § 2(Attach. A), 9-13-01)

Sec. 21-54. Vehicular mounted sound amplification systems.

It shall be unlawful for any person operating or controlling a motor vehicle in either a public or private place within the city to operate any sound amplifier which is part of, or connected to, any radio, stereo receiver, compact disc player, cassette player, or other similar device in the motor vehicle, in such a manner that, when operated, is audible at a distance of thirty (30) or more feet from the source or, when operated causes a person to be aware of the vibration accompanying the sound in any location outside the confines of the vehicle emitting the sound, noise, or vibration. A culpable mental state is not necessary to constitute a violation of this section.
(Ord. No. 94706, § 2(Attach. A), 9-13-01)

Sec. 21-55. Exceptions.

The provisions of this division shall not apply to:

(1) The emission of sound for the purpose of alerting persons to an emergency; or

(2) Sound produced by emergency vehicles; or

(3) Sound produced by a vehicle motor while the vehicle is moving on a public right-of-way, public waterway, airport runway, or railway; or

(4) Sound produced by any governmental body in the performance of a governmental function; or

(5) Sound generated at a scheduled stadium event; by parade spectators and participants on the parade route during

a permitted parade; by outdoor celebration participants sponsored or co-sponsored by the city for the general welfare of the public; by patrons and participants using cannons and gunfire during historical battle reenactments for which a pyrotechnic permit has been obtained and the explosives have been inspected and approved by the fire marshal; by pyrotechnic displays that are inspected and approved by the city fire marshal.

(6) Sound produced by the operation of any air-conditioning unit, heat pump, or swimming pool machinery which does not produce a sound exceeding sixty-three (63) dBA on residential property or seventy (70) dBA on non-residential property, when measured at a distance of either fifteen (15) feet from the equipment producing the sound, or to the nearest exterior wall of a residential or commercial building under separate ownership, whichever distance is shorter.

(7) Sound produced solely for the purpose of encouraging citizen participation in elections.

(Ord. No. 94706, § 2(Attach. A), 9-13-01)

Sec. 21-56. Method of noise measurement.

Whenever portions of this chapter prohibit noise over a certain decibel limit, measurement of said noise shall be made with a decibel meter meeting the standards prescribed by the American National Standards Institute. The instruments shall be maintained in calibration and good working order. Calibration corrections shall be employed in meeting the response specifications prior to every sampling of noise. Measurements recorded shall be taken so as to provide a proper representation of the noise being measured. The microphone shall be positioned so as not to create any unnatural enhancement or diminution of the measured noise. A windscreen for the microphone shall be used. Traffic, aircraft and other transportation noise sources and other background noises shall not be considered in taking measurements except where such background noise interferes with the primary noise being measured. Times when the level of primary noise being measured does not exceed that of the background noise shall be considered as "off times" of the primary noise in determining the corrections from the correction table found in subsection 21-52(b). Except as provided in subsection 21-52(a)(12), measurements may be taken at a point on adjacent public or private property or on either side of an adjacent public right-of-way at or near the boundary line of the property where the noise is generated.

(Ord. No. 94706, § 2(Attach. A), 9-13-01)

Sec. 21-57. Enforcement.

(a) *Administrative stop order.*

(1) The director, his/her designee, or duly authorized noise abatement officers may issue an order to any person having possession or control over noise generating property to immediately halt any sound which exposes any person, except those excluded in subsection (2) below, to continuous or impulsive noise levels in excess of those shown in Table 1. Within five (5) days following issuance of such an order, the director or his/her duly authorized representative may apply to the appropriate court for an injunction to replace the administrative stop order.

(2) No stop order shall be issued if the only persons exposed to sound levels in excess of those listed in Table 1 are exposed as a result of:

a. Trespass; or

b. Invitation upon private property by the person causing or permitting the sound.

(b) *Seizure of noise producing property.* The director or his/her duly authorized agents are hereby authorized to apply to any magistrate for an administrative search warrant for the purpose of entering private property to investigate and identify noise nuisance producing devices, machines, instruments, or objects. Such identified property may be seized to summarily abate the noise nuisance if:

(1) A person who is cited for the subject noise violation has been convicted of a

violation of any provision of this article within the preceding twelve (12) months, or has been declared to be an "habitual noise nuisance violator" within the preceding twenty-four (24) months; or

(2) The location of the noise nuisance has been declared an habitual noise nuisance source by the director, after appropriate notice to the real property owner or person in possession of the subject noise-source real property, of an administrative hearing to be held for the purpose of hearing evidence and determining whether the subject location is in fact an "habitual noise nuisance source." Upon finding a location to be an "habitual noise nuisance source," the noise producing property shall be immediately seized at the time of any subsequent violations whether or not there is a previous noise nuisance conviction associated with the location.

Such seizures shall be for the purpose of assuring continued cessation of the noise nuisance after the departure of the noise abatement peace officers by securing the instrumentality of the noise nuisance temporarily. The noise producing device, machine, instrument, or object shall be returned to the owner or person proving the right of possession, or to his/her authorized agent, not sooner than twenty-four (24) hours after seizure. Any disputed ownership or right of possession shall be resolved at a property disposition hearing before a magistrate of the city. Seizure of noise nuisance producing property shall be accomplished in addition to and not in lieu of municipal court prosecution and/or a civil suit for injunctive relief and civil penalties.

(c) *Impoundment of noise nuisance animals.* Upon the determination by the director that any animal(s) at an identified address or location within the city has produced noise on two (2) occasions of a nature and intensity that violates the standards established by this division and/or section 5-201, animal nuisances, he/she may notify the resident or occupant that the animal(s) are producing a noise nuisance, and that an administrative hearing shall be held for the purpose of determining if the animal(s) constitute a continuing noise nuisance which must be summarily abated by seizure and impoundment until the owner or person from whom the animal was seized provides written consent of another person to provide shelter and care for the animal(s) in a fenced property not less than two hundred (200) feet from any neighboring residential structure or until the tenth day of impoundment. Said animals shall be destroyed if not reclaimed on or before the ten (10) days of impoundment.

(d) *Declaration of habitual noise nuisance producer.* After producing noise measured at decibels in excess of the maximum allow by this article on three (3) separate days within a 12-month period, the noise producer shall be given notice of an administrative hearing before a municipal court magistrate for the purpose of introducing evidence so that the magistrate can make a determination of whether or not the cited noise producer is an "habitual noise nuisance producer," and if the magistrate so finds, a written declaration of said finding shall be signed by the magistrate and kept on file by the abatement officer for a period of one year.

(e) *Declaration of habitual noise nuisance location.* After the production of noise in excess of that allowed by this article by anyone at the same address or property location on three (3) separate days within a 12-month period, the owner or lessee or person in possession shall be given notice of an administrative hearing before a municipal court magistrate for the purpose of introducing evidence so that the magistrate can make a determination of whether or not the location is an "habitual noise nuisance source," and if the magistrate so finds, a written declaration of said finding shall be signed by the magistrate and shall be kept on file by the abatement officer for a period of one (1) year.

(f) *Seizure.* If the magistrate determines that the noise producer is an "habitual noise nuisance producer" or that the location is an "habitual noise nuisance source," the noise producing instrument, equipment, or other noise producing item used by the habitual noise nuisance producer may be immediately seized at the time of a subsequent decibel measurement in excess of that allowed by this article. At the time of such

seizure, a written notice of the right to an immediate administrative hearing before a municipal court magistrate shall be issued to the habitual noise producer or owner or person in possession of the habitual noise nuisance source. The hearing shall be for the purpose of determining if a noise nuisance actually occurred on which the abatement officer based his seizure, and to voice any complaints about the manner of the seizure. If the noise produced is determined by the magistrate not to constitute a noise nuisance, the subject property shall be immediately delivered to the person from whom it was seized.
(Ord. No. 94706, § 2(Attach. A), 9-13-01; Ord. No. 2007-04-05-0371, § 1, 4-5-07)

Sec. 21-58. Penalties.

(a) It shall be unlawful for a person to do or perform any act prohibited by this article, and it shall be unlawful for a person to fail to do or perform any act required by this article. A violation of this article is a class C misdemeanor offense, no culpable mental state or criminal intent is required, and upon conviction, a person shall be fined an amount not less than one hundred dollars ($100.00) and not more than five hundred dollars ($500.00).

(b) Unless otherwise specifically provided for in this article, if it is found that a person intentionally, knowingly or recklessly violated any provision of this article, then upon conviction a person shall be fined an amount not less than one hundred dollars ($100.00) and not more than two thousand dollars ($2,000.00) except that, in the event a person has once previously been convicted under this article, the person shall be fined an amount not less than two hundred dollars ($200.00) and shall be fined not less than three hundred dollars ($300.00) for a third conviction and for each conviction thereafter.

(c) Nothing in this section shall limit the remedies available to the city in seeking to enforce the provisions of this chapter. Each day's violation thereof shall constitute a separate offense.
(Ord. No. 94706, § 2(Attach. A), 9-13-01; Ord. No. 2008-03-06-0168, § 1, 3-6-08)

Sec. 21-59. Identification of violator.

The persons responsible for violations of this division are identified as follows:

(1) *At private residences.* Any adult resident present at the time of the offense, and any adult guest or adult trespasser with the ability to control the level of noise at the time of the offense when no adult resident is present at the time of the offense.

(2) *At business locations.* Any business owner, operator, manager, employee in charge, and all persons in control or in possession of the noise nuisance generating instrument or property at the time of the offense.

(3) *At any location with an unattended noise nuisance producing machine, device, instrument, child, animal or combination of same.* Any person who leaves unattended any machine, instrument, device, child, animal, or any combination of same, which thereafter commences producing noise in violation of this article.

(Ord. No. 94706, § 2(Attach. A), 9-13-01; Ord. No. 2007-04-05-0371, § 1, 4-5-07)

Sec. 21-60. River Walk standards.

In addition to the foregoing noise regulations, the following acts are declared to be noise nuisances when occurring in the River Walk area and it shall be unlawful for establishments located in the River Walk area, and the owners, managers, or officers thereof:

(1) To place or cause to be placed speakers or amplified music on or near the patio of the establishment or in any other location outside the enclosed building on any side of the premises which can be seen from the San Antonio River;

(2) To create or allow the creation of noise from the establishment which exceeds a decibel level of seventy-two (72) dBA using the A frequency weighting and eighty (80) dBC using the C frequency

weighting. This section is intended to prohibit the stated noise levels under both frequency measurements; and

(3) To, if the establishment has been declared a habitual noise nuisance under section 21-57 of this chapter, and in addition to the remedies provided in section (e) thereof, keep any windows and doors to the establishment open after the hour of 10:00 p.m. except as necessary to provide for entry and exit to and from the establishment for a period of ninety (90) days from the date of declaration.

For purposes of this chapter, the term, "River Walk area" shall have the meaning assigned to it in Chapter 35, Article III of this Code.
(Ord. No. 94706, § 2(Attach. A), 9-13-01)

Sec. 21-61. Appointment of abatement officers.

The city manager, his/her designee, or the director is authorized to appoint state licensed peace officers as "abatement officers" for nuisance abatement duties, and said officers shall report to the director or his/her designee as members of the staff of said department. Each peace officer appointment shall terminate with the termination of the nuisance abatement duty for which the peace officer was hired.
(Ord. No. 94706, § 2(Attach. A), 9-13-01; Ord. No. 2007-04-05-0371, § 1, 4-5-07)

Secs. 21-62—21-65. Reserved.

DIVISION 2. QUIET ZONES

Sec. 21-66. Created.

(a) *Schools and other institutions of learning.* All territory embraced within a distance of two hundred and fifty (250) feet of the real property upon which is situated any public or private school or institution of learning is hereby declared to be "Quiet Zone" during the period of time the schools and institutions of learning are in session.

(b) *Hospitals and sanitariums.* All territory embraced within a distance of two hundred and fifty (250) feet of the real property upon which is situated any hospital, sanitarium or other like institution for the treatment of sick persons, public and private, shall be held to be, and are declared to be "Quiet Zones."
(Ord. No. 94706, § 2(Attach. A), 9-13-01)

Sec. 21-67. Display of signs and placards.

It shall be the duty of the director to place and maintain, or cause to be placed and maintained, on lampposts or other such post or object in some conspicuous place on every street, avenue, and alley in the vicinity of every school or other institution of learning, public and private, and every sanitarium, hospital or other like institution, public and private, signs or placards which shall indicate that the same is a "quiet zone." The signs or placards shall be placed on such streets, avenues and alleys at a distance of not less than two hundred fifty (250) feet in every direction from the real property upon which is situated, any school or other institution of learning, or any hospital, sanitarium or other like institution for the treatment of sick persons. The signs or placards shall read in a manner similar to, but not restricted to the following: "School—Quiet Zone," or "Hospital—Quiet Zone." Where proper and lawful, the signs or placards designating a quiet zone may also designate the lawful speed limit in such school, or other institution of learning, zone or area in a manner similar to, but not restricted to, the following: "School—Quiet Zone—Speed Limit M.P.H."
(Ord. No. 94706, § 2(Attach. A), 9-13-01; Ord. No. 2007-04-05-0371, § 1, 4-5-07)

Sec. 21-68. Creation of "noise nuisance" therein.

The making, causing, or creating, or permitting or allowing to be made, caused, or created, any loud, vexing, irritating or disturbing noise which interferes with the operations or workings of any school, or other institution of learning, public or private, or hospital, sanitarium or other like institution for the treatment of sick persons, public or private, situated within an area designated as a "Quiet Zone" is hereby declared to be a "noise nuisance," unlawful and prohibited.
(Ord. No. 94706, § 2(Attach. A), 9-13-01)

Secs. 21-69—21-79. Reserved.

DIVISION 3. PARTY, GATHERING, EVENT

Sec. 21-80. Definitions.

Officer shall mean a police, peace, or abatement officer.

Party, gathering or *event* shall mean a group of five (5) or more persons who have assembled or are assembling in a manner so as to create a substantial disturbance of the quiet enjoyment of

private or public property. This includes, but is not limited to, excessive noise or traffic, fights, and/or disturbances of the peace.

Person responsible for the party, gathering or event shall mean:

(1) Any adult person in actual or lawful control or possession of the premises;

(2) Any adult person who organized the party, gathering or event; or

(3) The parent or guardian having custody or control of any minor responsible for the party, gathering or event regardless of whether the parent or guardian was present at the time of the party, gathering or event.

Reasonable costs may include:

(1) The salary of the each responding officer, at the salary then in effect for each classification of each individual officer, for the amount of time actually spent at the location in responding to the party, gathering, or event;

(2) The actual cost of any medical treatment to injured officers;

(3) The cost of repairing any damaged city equipment or property; and

(4) A one hundred fifty dollar ($150.00) administrative fee.

(Ord. No. 2007-04-05-0371, § 2, 4-5-07)

Sec. 21-81. Persons responsible for party liable for city costs.

(a) Should an officer respond to a party, gathering or large event and while at the location determines that there is a substantial disturbance of the quiet enjoyment of private or public property, any person responsible for the party, gathering or event shall be liable for the reasonable costs of any second or subsequent response by any police officer to that same incident or for a response to the same location for another party, gathering or event within sixty (60) days.

(b) If two (2) or more persons are responsible for the party, gathering or event such persons shall be jointly and severally liable for the reasonable costs of a second or subsequent response.

(c) The liability imposed by this section may be in addition to any civil or criminal penalties or fines.

(Ord. No. 2007-04-05-0371, § 2, 4-5-07)

Sec. 21-82. Notice of liability.

(a) Upon determining that the party, gathering or event is a substantial disturbance of the quiet enjoyment of private or public property, the responding officer shall notify any person responsible for the party, gathering or event that a second response the same day or subsequent response within sixty (60) days from the date of the current party, gathering or event will result in liability for the reasonable costs of the second or subsequent response.

(b) The city shall notify any person responsible for the party, gathering or event of the reasonable costs within sixty (60) days of each second or subsequent response. The reasonable costs for multiple subsequent responses may be included in one statement. The notice shall be delivered to the address the person responsible provides to the responding officer.

(Ord. No. 2007-04-05-0371, § 2, 4-5-07)

Sec. 21-83. Exceptions and limitations.

(a) The costs of a second or subsequent response shall be waived if any person responsible for the party, gathering or event initiated the request for a police response and assisted the officers in dispersing persons at the party, gathering or event.

(b) The costs assessed for each second or subsequent response shall not exceed one thousand dollars ($1,000.00) per response.

(Ord. No. 2007-04-05-0371, § 2, 4-5-07)

Sec. 21-84. Hearing procedures.

(a) A person liable for the costs of a response may, within ten (10) days of receipt of notice of the costs imposed, request a hearing with an administrative hearing officer duly appointed by the city manager or his/her designee.

(b) Failure of the person liable for the costs to timely request a hearing or failure to appear at a scheduled hearing shall constitute a waiver of the right to a hearing or to challenge the validity or amount of the costs imposed and shall be an admission of liability.

(c) A hearing shall be scheduled as soon as practicable but within thirty (30) days of the receipt of the request for hearing. The hearing officer shall have authority to administer oaths and to issue orders compelling the attendance of witnesses and the production of documents, such orders to be enforced by a municipal court.

(d) The hearing shall be conducted to determine whether there is a sufficient factual and legal basis to impose the costs of the police, peace, or abatement officer response and the reasonableness of the amount. All parties to the hearing shall have the right to present evidence. The record of witness testimony may be preserved for appellant review by the use of an audio tape recording or a videotape recording.

(e) The hearing officer shall issue a written order stating whether or not the person is liable for the costs, and the amount of the reasonable costs. The order shall be filed with the municipal court director.

(f) Costs imposed under this section are due and payable upon the expiration of the period to request a hearing or upon notice of the hearing officer's decision if a hearing is requested. Costs shall accrue interest at a rate of ten (10) percent per annum, or as allowed by law, from the date of assessment until paid in full.

(g) A person found liable for the costs of a second or subsequent response may appeal the decision to the municipal court by filing an appeal petition with the municipal court clerk not later than thirty (30) days after the order is filed. The appeal hearing shall be scheduled to occur within thirty (30) days of the filing of the appeal petition. The appeal hearing before a municipal court judge shall be an administrative proceeding for the purpose of affirming or reversing the order issued by the hearing officer based upon the evidence presented at the hearing. The decision of the municipal court judge shall be final and shall not be appealable.

(h) Neither a notice of intent to appeal nor the filing of an appeal petition shall stay the enforcement and collection of the hearing officer's decision unless the service of the notice of appeal is preceded by the posting of a bond with the municipal court clerk in an amount set by a municipal court judge.

ARTICLE IV. ATTENDANCE OF CHILDREN AT CERTAIN PERFORMANCES IN CITY FACILITIES*

Sec. 21-91. Definitions.

As used in this article the following words and terms shall have the meanings respectively ascribed:

Aid or assist shall mean intentionally or knowingly concealing, disguising or misrepresenting the age of a child.

Control over city-owned facilities shall mean any person, or employee of such person, authorized by lease to produce, direct, participate in or perform any musical, dramatic or theatrical performance at a city-owned facility. This term shall not include peace officers in performance of their official duties.

Direct shall mean commanding movement of any actor, performer, stage equipment or stage props.

Explicit reference shall mean the use of words which have a readily recognizable meaning describing or depicting conduct proscribed hereby, but shall not include words which are merely suggestive or have meanings which are equally consistent with actions not proscribed hereby.

*__Editor's note—__Ord. No. 61850, adopted Nov. 14, 1985, did not specifically amend the Code; hence, inclusion herein of §§ 1—9 as Art. IV. §§ 21-91—21-99 was at the discretion of the editor.

Intentionally, knowingly, recklessly shall have those meanings as defined in the Texas Penal Code.

Leased area shall mean that area of a city-owned facility identified by lease providing for performance of a musical, dramatic or theatrical production.

Participate shall mean placing or moving equipment or props used in a musical, dramatic or theatrical production.

Perform shall mean acting or performing a musical, dramatic or theatrical production.

Performance shall mean any musical, dramatic or theatrical production performed by any individual or identifiable group whether or not the production includes more than one individual or identifiable group staged in a city-owned facility.

Performance obscene as to a child shall mean a performance which contains a description of or explicit reference to:

(a) Anal copulation;

(b) Bestial sexual relations;

(c) Sadistic, masochistic or violent sexual relationships;

(d) Sexual relations with a child;

(e) Sexual relations with a corpse;

(f) Exhibition of male or female genitals;

(g) Rape or incest; or

(h) A vulgar or indecent reference to sexual intercourse, excretory functions of the body, or male or female genitals;

and which, taken as a whole: (1) Appeals to the prurient interest of a child under the age of fourteen (14) years in sex; and (2) violates generally prevailing standards in the adult community as to the suitability of such performances for observation of a child under the age of fourteen (14) years; and (3) lacks any serious, artistic, literary, political or scientific merit as to a child under the age of fourteen (14) years.

Person shall mean any individual, partnership, corporation or other legal entity of any kind.

Produce shall mean contractual responsibility for advertising, staging or setting up a musical, dramatic or theatrical production.
(Ord. No. 61850, § 1, 11-14-85) Supp. No. 15

Sec. 21-92. Admission of children.

No person having control over a city-owned facility shall intentionally, knowingly, or recklessly allow or permit a child under the age of fourteen (14) years to enter or to remain within a leased area in a city-owned facility within one hour before or at any time during a performance is scheduled, if such person (1) knows, or (2) has knowledge of sufficient facts and circumstances from which a reasonable person would know that the performance is or will be a performance obscene as to a child, unless such child is admitted with a parent or legal guardian.
(Ord. No. 61850, § 2, 11-14-85)

Sec. 21-93. Producing, performing, directing or participating in a performance.

No person shall intentionally, knowingly, or recklessly produce, perform, direct, or participate in a performance within the leased area if such person:

(1) Knows; or

(2) Has knowledge of sufficient facts and circumstances from which a reasonable person would know that:

a. A child under the age of fourteen (14) years of age is present without a parent or legal guardian; and

b. The performance is or will be a performance obscene as to a child.

(Ord. No. 61850, § 3, 11-14-85)

Sec. 21-94. Advertising and notification.

Any person who shall produce or direct a performance, and who (1) knows, or (2) has knowledge of such facts and circumstances from which a reasonable person would know that the performance is or will be a performance obscene as to a

child shall cause and provide by contract or otherwise for inclusion in any advertising for such performance the following notice:

> "This performance may contain material not suitable for children without supervision. Parental discretion is advised. No child under the age of fourteen (14) years of age will be admitted without a parent or legal guardian."

No person shall intentionally, knowingly, or recklessly contract for or obtain any advertising for a performance which is obscene as to a child, without providing for the notice required by the foregoing sentence to be included therein.
(Ord. No. 61850, § 4, 11-14-85)

Sec. 21-95. Aiding or assisting a child in attendance.

No person shall intentionally or knowingly aid or assist a child under the age of fourteen (14) years not accompanied by a parent or legal guardian in gaining admission to, or in remaining present during a performance which the actor (1) knows, or (2) knows such facts and circumstances from which a reasonable person would know that the performance is or will be a performance obscene as to a child.
(Ord. No. 61850, § 5, 11-14-85)

Sec. 21-96. Defenses.

It shall be an affirmative defense to any prosecution under Section 21-92 above if the person having control over a city-owned facility attempts to ascertain the true age of a child seeking entrance to a performance obscene as to a child by requiring production of a birth certificate, school record, including identification showing the child's age or other school record indicating the child to be enrolled in eighth (8th) grade or higher, and not relying solely on oral allegations or apparent age of the child.
(Ord. No. 61850, § 6, 11-14-85)

Sec. 21-97. Penalties.

Each act or failure to act as required herein shall be punishable by a fine of not less than fifty dollars ($50.00) nor more than two hundred dollars ($200.00).
(Ord. No. 61850, § 7, 11-14-85)

Sec. 21-98. Severability.

If, for any reason, any one or more sections, sentences, clauses or parts of this article are held legally invalid, such judgment shall not prejudice, affect, impair or invalidate the remaining sections, sentences, clauses or parts of this article.
(Ord. No. 61850, § 8, 11-14-85)

Sec. 21-99. Applicable effective date.

The requirements of this article shall apply only to leases providing for performances of musical, theatrical or dramatic productions in City-owned facilities executed after the effective date of this article [Ordinance Number 61850].

(3) The discharge was justified under the provisions of Chapter 9 of the Texas Penal Code; or

(4) The discharge occurred at a firing range or other area designated for target practice.

(Ord. No. 79328, § 2, 12-16-93; Ord. No. 84805, § 1, 9-19-96)

Sec. 21-153. Carrying a firearm prohibited; exceptions.

(a) It shall be unlawful for any person to carry a firearm within the city limits of the City of San Antonio at:

(1) A public park; or

(2) A public meeting of a governmental body; or

(3) A political rally, political parade, or official political meeting; or

(4) A nonfirearms-related school, college, or professional athletic event.

(b) It is an affirmative defense to prosecution for a violation of this provision that:

(1) The firearm is being carried by a certified peace officer; or

(2) The firearm is being carried by a certified security officer in the performance of his employment.

(Ord. No. 79328, § 3, 12-16-93; Ord. No. 84805, § 2, 9-19-96)

Sec. 21-154. Possession of or access to firearm by person under seventeen years of age.

(a) It shall be unlawful for any person seventeen (17) years of age or older to intentionally, knowingly, recklessly, or with criminal negligence facilitate, suffer, or permit the discharge of a firearm by any person under the age of seventeen (17) by allowing that person to obtain unsupervised access to the firearm.

(b) It shall be unlawful for any person seventeen (17) years of age or older to intentionally, knowingly, recklessly, or with criminal negligence facilitate, suffer, or permit the physical possession of a firearm by any person under the age of seventeen (17) by allowing that person to obtain unsupervised access to the firearm.

(c) It is an affirmative defense to prosecution under subsections (a) and (b) that:

(1) The firearm was possessed or discharged at a firing range or an area designated for target practice and was possessed or discharged under the supervision of any person seventeen (17) years of age or older; or

(2) The access to the firearm was obtained as a result of the commission of a crime; or

(3) The possession or discharge of the firearm was justified under the provisions of Chapter 9 of the Texas Penal Code; or

(4) Reasonable precautions under the attendant circumstances were taken to prevent unsupervised access to the firearm by any person under the age of seventeen (17).

(Ord. No. 79328, § 4, 12-16-93; Ord. No. 84805, § 3, 9-19-96)

Sec. 21-155. Possession of knife.

It shall be unlawful for any person under the age of seventeen (17) to possess or carry any knife on a public roadway or public right-of-way; on any other property in which a governmental entity has an interest; or on private property without the permission of the owner or the person in control of the property within the city limits of the City of San Antonio.

(Ord. No. 79328, § 5, 12-16-93)

Cross references—Certain knives prohibited generally; exceptions, § 21-17.

Sec. 21-156. Possession of firearm restricted.

(a) It shall be unlawful for any person under the age of seventeen (17) to carry a firearm on a public roadway or public right-of-way; on any

other property in which a governmental entity has an interest; or on private property without the permission of the owner or person in control of the property within the city limits of the City of San Antonio.

(b) It is an affirmative defense to prosecution for a violation of this provision that: The firearm is being carried at a firing range or an area designated for target practice.

(c) Law enforcement officers authorized to enforce this article are hereby authorized to seize any firearms in the possession of any person under the age of seventeen (17) in the city limits of the City of San Antonio where there is probable cause to believe said firearms are being or will be used in the commission of a crime or where they pose a danger to said persons or others. The firearms shall be held by the San Antonio Police Department and released only to an adult who can demonstrate ownership. This provision will serve to prevent those under the age of seventeen from harming themselves or others. Firearms not claimed within ninety (90) days shall be destroyed.

(d) A letter shall be sent by the Department of Community Initiatives to the parent(s) or guardian(s) of any person charged under this section advising of the charge and asking for their cooperation in better supervising the child. (Ord. No. 79328, § 6, 12-16-93; Ord. No. 84805, § 4, 9-19-96)

Sec. 21-157. Carrying of weapons, including concealed handguns, on city-owned premises prohibited; posting of notice.

(a) It is the intent of the city council to prohibit any person other than a commissioned security officer employed by the city and licensed peace officers from carrying or possessing weapons including concealed handguns on city-owned premises, including city-owned buildings, parking garages, lots, and other parking areas but excluding city-owned or operated public parks, streets and sidewalks.

(b) It is the intent of the city council that the term weapon shall include a firearm, handgun, club, illegal knife, knife, and any prohibited weapon listed in Texas Penal Code Section 46.05(a) and have the same meaning as said items are defined in Section 46.01, Texas Penal Code.

(c) The city council directs the city manager, or his designee to post the appropriate signs and such other notice, in accordance with Section 30.05 of the Texas Penal Code (the Criminal Trespass Law), to carry out the city council's above-stated intent.

(d) The city manager is authorized to take all steps reasonable and necessary to deny entry or continued presence on city-owned premises to all such persons possessing weapons including concealed handguns, including prosecution of such violators for the offense of criminal trespass. (Res. No. 95-52-66, 12-21-95)

ARTICLE VIII. PREVENTION AND CONTROL OF THE SPREAD OF OAK WILT

Sec. 21-170. General requirements.

(a) The provisions of this section apply to any person, firm, corporation, business entity, city department, public or private utility to the extent permitted by law.

(b) All wounds to the trunk, limbs and root system of oak trees in the city that expose sapwood shall be painted within thirty minutes of the wound with asphaltic or exterior oil or latex based paint.

(c) Firewood from oak wilt infected trees shall not be brought into the city at anytime.

(Ord. No. 97332, § 18, 3-13-03)

Sec. 21-171. Tree maintenance license.

It shall be unlawful for any person or firm to engage in the business or occupation of pruning, treating, or removing trees without a valid tree maintenance license by the city. A tree maintenance license shall be valid for three (3) years from the date of issuance. An application for a tree maintenance license shall not be deemed complete until proof of successful completion of continuing education credits and proof of current liability insurance are submitted, and all applicable fees are paid. The applicant is required to carry general liability insurance in a minimum amount of three hundred thousand dollars ($300,000.00) in the aggregate each. Further, proof of insurance shall be required as a condition precedent to secure a permit as required in this subsection and upon each subsequent renewal. A failure to maintain proof of insurance for the permitted year shall result in a revocation of the issued permit. Proof of minimum coverage amounts maintained for the preceding year must be provided with each application for renewal. Proof of insurance shall be underwritten by an organization licensed/authorized to do

business in the state. The city shall be listed on the policy for notification of any lapse in coverage.

A tree maintenance license shall require proof of completion of a minimum of fifteen (15) continuing education credits (CEU's) as approved by the city arborist per three-year licensing period before the license is issued, including written acknowledgement by signature of the code of ethics for the city tree maintenance license. An initial temporary license may be issued for a period of one (1) year to allow the applicant time to obtain the necessary CEU's. A temporary license shall only be issued following the completion of a two-hour city sponsored introductory class on safety, Oak Wilt, tree biology, tree pruning and tree identification. The two (2) hours credit will be applied to the 15-hour CEU requirement for the three-year maintenance license. A knowledge assessment administered by the city must be successfully completed to receive credit. Certified arborists will qualify automatically for the tree maintenance license and shall receive fifty (50) percent reduction on their tree maintenance license fee. In addition, if the tree maintenance license holder is not on the job site, a crew member with at least a minimum of two (2) hours of city arborist approved continuing education credits shall be on site during tree pruning operations.

Failure to maintain or submit any of the above requirements will result in the immediate revocation of the tree maintenance license. No license shall be required of any employee of a public utility or the city while performing tree maintenance in their capacity as such employee.

(5) The applicant gave materially false, fraudulent or untruthful information on the application;

(6) The applicant's sexually oriented business is not in compliance with section 21-215 of this article (the chief may allow any noncompliance with section 21-215 to be cured during the chief's review period established in subsection (d), below, provided that it must be cured before the notice of decision on the permit is issued);

(7) The application or the sexually oriented business does not meet any other requirement of this article;

(8) The operator has had a permit revoked for the same sexually oriented business within the 180-day period next preceding the date that the application was filed; or

(9) The applicant has not demonstrated that the owner of the sexually oriented business owns or holds a lease for the property or the applicable portion thereof upon

which the sexually oriented business will be situated or has a legally enforceable right to acquire the same.

(10) Downtown district prohibition. In addition to the location restrictions of subsection (a), it shall be a violation to operate, own, manage, or maintain a sexually oriented business within the "D" downtown zoning district boundary.

(11) Certificate of occupancy. A certificate of occupancy for the business has not been obtained. Said certificate of occupancy shall not authorize the operation of an unpermitted sexually oriented business.

(c) Method of measurement and survey requirements.

(1) Sole tenant. Measurements shall be in a straight line, without regard to intervening structures or objects, from the nearest property line of the lot on which the sexually oriented business is located, to the nearest property line of the protected properties described in the above subsection (a), which requires separation. This method of measurement shall apply to a sexually oriented business that is the sole tenant, within one (1) building, located on one (1) platted lot.

(2) Multiple tenants. Measurements shall be in a straight line, without regard to intervening structures or objects, from the nearest point of the occupied space of the sexually oriented business to the nearest property line of the protected property described in the above subsection (a) which requires separation. This method of measurement shall apply to a sexually oriented business that is a tenant within a multiple tenant building.

(3) Easements excluded. In calculating the distances described in subsections (b)(1) and (b)(2) above, easements (such as right-of-way, drainage and utility easements) that are zoned as, or abut, a protected property classification, shall not be considered as part of the protected property.

(4) Survey. A certified survey prepared by a licensed surveyor or licensed engineer showing distance measurements in accordance with subsections (1) and (2) of this subsection shall be submitted to the director of development services for all sexually oriented businesses as part of the application for the certificate of occupancy for the use. Any certificate of occupancy issued for a building or facility used to conduct a sexually oriented business without submission of the required survey shall be null and void.

(5) Property uses and distances for original applications shall be determined as of the time that the application is filed. If a renewal application is timely filed as provided in this section, the property uses and measurements for the renewal application shall be determined as of the time that the original application for the sexually oriented business was filed. If not timely filed, renewal applications shall be subject to the same fees and shall be treated in the same manner in all respects as original applications.

(d) In the event that the chief determines that an applicant is not eligible for a permit, the applicant shall be given notice in writing of the reasons for the denial within thirty (30) days of the receipt of its application by the chief of police provided that the applicant may request, in writing, that such period be extended for an additional period of not more than ten (10) days at any time before the notice is issued in order to make modifications necessary to comply with this section.

(e) An applicant may appeal the decision of the chief regarding such denial by filing a written request for a hearing within twenty (20) days after he is given notice of such denial. The chief's decision on the application shall be final unless an appeal is timely filed. An appeal shall not stay the chief's decision on the issuance of a permit. The applicant's written request for a hearing shall set out the grounds on which the denial is challenged.

(1) The hearing shall be conducted by a hearing official designated by the city man-

ager. Hearings shall be conducted by the hearing official. The hearing official shall not have participated in any investigation or decision relating to the denial of the permit. At the hearing the hearing official shall receive oral and written testimony regarding the application. Hearings shall be conducted under rules issued by the chief, which shall be consistent with the nature of the proceedings and shall ensure that each party may present evidence, cross-examine witnesses and be represented by legal counsel.

(2) The hearing official shall conduct the hearing within twenty (20) days after receipt of the applicant's written request for a hearing unless the applicant requests an extension in writing. The hearing official shall render a written decision and issue notice thereof to the applicant within five (5) days after the conclusion of the hearing. The written decision of the hearing official shall be final subject to the provisions of section 21-252 of this article.

(f) Failure of the chief to give timely notice of his action on an application, or failure of the hearing official to timely conduct or give notice of his decision on an appeal from the chief's decision shall entitle the applicant to the issuance of a temporary permit upon written demand therefor filed by the applicant with the chief unless the delay resulted from a written request for a delay or deferral by the applicant. Such temporary permit shall only be valid until the third day after the chief gives notice of his action on the application or the hearing official gives notice of his decision on the appeal, as applicable.

(g) In any instance in which the applicant's establishment is to be situated within one thousand (1,000) feet, as measured hereunder, from another proposed establishment for which a previously filed permit application has been denied, and the previously filed application is still subject to appeals, the chief may grant the permit on a conditional basis, subject to the outcome of the appeals on the previous application. A permit so issued may be withdrawn and denied effective upon the third day after notice thereof is given to the operator following the resolution of the appeals on the prior permit. In case of denial the applicant shall have the same rights of appeal hereunder as if the permit had been denied in the first instance.

(h) The provisions of subsection (b)(2) above shall not be construed to prohibit a sexually oriented business for which there is a permit from relocating to another location situated within one thousand (1,000) feet of its existing location, provided that the proposed location complies with all applicable requirements of this article other than its proximity to its own existing sexually oriented business location. An original permit application shall be required to be filed for the proposed relocation, and the chief shall conditionally grant the application on the stipulation that the permit will not actually be issued until the applicant discontinues operation at its existing location and surrenders the permit for its existing location. Any such relocation must be completed within one hundred eighty (180) days from the date that the permit is conditionally granted or the conditional grant of the application will become void. Pending the removal of the sexually oriented business to its new location, both the old and new locations shall be deemed to be operating under a permit for purpose of measurements to locations of other proposed sexually oriented business for which applications may be filed.

(i) If an application is rejected based on an inspection of the premises only, the chief of police shall provide to the owner-operator a notice of rejection within twenty (20) business days following the deadline to issue a permit or notice.

(j) An applicant may request a re-inspection only if the owner-operator:

(1) Submits the request, by certified mail, return receipt requested, within ten (10) business days subsequent to the receipt of the decision of the chief of police, and

(2) Pays to the city a nonrefundable inspection fee of one hundred fifty dollars ($150.00) with the submission of the request.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-212. Same transfer upon change.

(a) A permit is personal to the owner(s) and the operator designated in the application who holds the permit on the owner(s)' behalf as the owner(s)' agent, provided it may be transferred pursuant to this section. A transfer application must be filed by the tenth day next following any change of the owner(s) or operator designated on the application. In the event that a transfer application is not timely filed, then the permit shall be invalid for any purpose relating to the operation of the sexually oriented business, and any transfer shall require the filing of an original permit application and be subject to the regulations applicable thereto. For purposes of measurements between sexually oriented businesses under section 21-211 of this Code, an establishment for which the permit has become invalid by operation of this section shall be treated as though it had a permit until the permit is revoked pursuant to section 21-213 of this Code.

(b) The chief shall prescribe a form on which permit transfer applications shall be made. The form shall include a statement under oath that the original application remains correct as previously submitted in all respects except those that are amended hereby. The transfer application shall contain a statement under oath that the individual signing the transfer application has personal knowledge of the information contained therein and that the information is true and correct and shall not be complete unless accompanied by a nonrefundable transfer fee of one hundred dollars ($100.00). Transfer applications shall be filed in the same place and at the same time as original applications and the fee shall be payable in the same manner as for original applications, as provided in section 21-206 of this Code.

(c) Transfers shall be reviewed, issued and subject to appeal in the same manner as original applications, pursuant to section 21-211 of this Code, except that subsections 21-211(b)(1), (2), and (3) shall not apply, and they shall be issued for the remaining term of the permit to be transferred.

(d) No change in ownership of a sexually oriented business or transfer of a permit for a sexually oriented business shall be allowed during the pendency of any administrative proceeding under section 21-213 of this article, from the time that any request for revocation or suspension has been filed with the hearing official until the hearing official's order is final. Any such transfer or attempted transfer shall confer no rights whatsoever in the permit for the sexually oriented business to the putative transferee.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-213. Same—Revocation or suspension of permit.

(a) The city attorney shall have the authority to request the revocation of a permit for any one or more of the following reasons:

(1) The owner or operator of the permitted sexually oriented business knowingly allowed a person under eighteen (18) years of age to enter an sexually oriented business;

(2) The permitted sexually oriented business does not conform to the provisions of this article;

(3) Three (3) or more cumulative violations of any of the specified criminal acts or of the provisions contained in this article have occurred on the premises of the permitted sexually oriented business. These violations must have occurred in a consecutive period of twelve (12) months, and the owner, operator or any manager, or floor-manager licensed under this article:

a. Knowingly allowed such violations to occur;

b. Did not make a reasonable effort to prevent the occurrence of such violations; or

c. Should have known that such violations were occurring or did occur;

(4) The operator of the permitted sexually oriented business gave materially false, fraudulent or untruthful information on the original, renewal or transfer application form;

(5) The sexually oriented business has not been open for business for a period of

thirty (30) consecutive days, unless due to circumstances beyond the control of the owner, and the owner is proceeding with due diligence, given all attendant circumstances, to open or reopen the establishment;

(6) There was a change of owner or operator for which a transfer application was not timely filed pursuant to section 21-212 of this Code; or

(7) The permit was erroneously issued in contravention of the criteria of this article.

(b) The city attorney shall have sole authority to initiate any action for revocation of a permit; provided, that the chief may request that the city attorney give priority to any such action based upon the number or nature of violations involving a particular sexually oriented business.

(c) Prior to revocation of a permit, the city attorney, with the assistance of the chief, shall investigate the grounds alleged to determine whether probable cause for revocation may exist and, if so, shall notify the owner(s) and operator in writing of reasons for the proposed revocation and grant such owner(s) and operator the opportunity to appear before a designated hearing official at a time and place specified within such notice. The hearing official shall not have participated in any investigation of the alleged grounds for the revocation. Such hearing shall be held not less than twenty (20) days after the notice is given. Hearings shall be conducted under rules issued by the chief. Such rules shall be consistent with the nature of the proceedings and shall ensure that each party may present evidence, cross-examine witnesses and be represented by legal counsel. If, after the hearing, the hearing official finds that the permit should be revoked, he shall issue a written order revoking such permit which shall be effective upon the date the written notice is given. If the hearing official determines, based upon the nature of the violation, that the ends of justice would be served by a suspension in lieu of a revocation, he may suspend the operation of the permit for a period of time to be stated in the order of suspension.

(d) A sexually oriented business shall be treated as having a permit for purposes of measurements under subsection 21-211(b)(2) of this Code, pending the final disposition of any court action involving judicial review of a permit revocation. An establishment holding a suspended permit shall be treated as having a permit for the purpose of measurements made under subsection 21-211(b)(2) of this Code.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-214. Same—Other permit provisions.

(a) A permit is valid only at the location for which it is issued.

(b) It shall be unlawful for any person to counterfeit, forge, change, deface, or alter a permit.

(c) A permit may be cancelled upon written request of the owner(s) or operator and surrender of the permit to the chief. Permits shall be surrendered at the same place and at the same time as provided in section 21-206 of this article. The surrender of a permit shall be effective upon its filing in the office of the police department.

(d) A permit shall not constitute authorization to operate the sexually oriented business as an adult arcade or adult mini-theatre as that term is defined herein and in division 4 of this article. Each sexually oriented business that also constitutes an adult arcade or adult mini-theatre shall require an additional permit under division 4 of this article.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-215. Exterior portions of sexually oriented business.

It shall be unlawful for an owner or operator of a sexually oriented business to allow the merchandise or activities of the sexually oriented business to be visible from any point outside such sexually oriented business.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-216. Persons younger than eighteen (18) prohibited from entry; attendant required.

(a) It shall be unlawful to allow a person who is younger than eighteen (18) years of age to enter or be on the premises of a sexually oriented business at any time that the sexually oriented business is open for business.

(b) It shall be the duty of the operator of each sexually oriented business to ensure that an attendant is stationed at each public entrance to the sexually oriented business at all times during such sexually oriented business's regular business hours. It shall be the duty of the attendant to not allow any person under the age of eighteen (18) years to enter the sexually oriented business. It shall be presumed that an attendant knew a person was under the age of eighteen (18) unless such attendant asked for and was furnished:

(1) A valid operator's, commercial operator's, or chauffeur's driver's license, or

(2) A valid personal identification certificate issued by the Texas Department of Public Safety reflecting that such person is eighteen (18) years of age or older.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-217. Notices.

(a) Any notice required or permitted to be given by the chief or any other city office, division, department or other agency under this article to any applicant, operator or owner of a sexually oriented business may be given either by personal delivery or by United States mail addressed to the most recent address as specified in the application for the permit, or transfer application which has been received by the chief or any notice of address change which has been received by the chief. Notices mailed as above shall be deemed given upon their deposit in the United States mail. In the event that any notice given by mail is returned by the postal service, the chief shall cause it to be posted at the principal entrance to the establishment.

(b) Any notice required or permitted to be given to the chief by any person under this article shall not be deemed given until and unless it is received by the police department at the times and in the manner provided for filing of applications in section 21-206 of this article.

(c) It shall be the duty of each owner who is designated on the permit application and each operator to furnish notice to the chief in writing of any change of residence or mailing address.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-218. Configuration of buildings.

An individual or entity violates this article if he operates a sexually oriented business establishment which fails to meet the configuration requirements in this section. The layout or interior construction design of any such establishment must include each of the following:

(1) Excepting a door that may serve as an entrance or exit to the building of the sexually oriented business and excepting the interior of lavatories, for each area to which a customer or patron on the premises is allowed access, the following requirements are applicable:

a. Each interior door must be made of clear glass that is no thicker than one-half-inch or of wood that is no thicker than one and one-half (1½) inches.

b. All wooden doors must contain a clear glass window that is no thicker than one-half-inch and at least twelve (12) inches wide by twelve (12) inches high. Said window must be unobstructed at all times and situated on the door at a height no less than four and one-half (4½) feet and no greater than six (6) feet from the ground.

c. Excepting the doorknob, no interior door may be made of metal, reinforced by metal, or be thicker than allowed herein.

d. No interior door may have more than one (1) throw from the doorknob or in any other manner latch from more than one (1) place into a striker plate whenever the door is closed.

e. Excepting one (1) lock that forms part of the doorknob and is neither a deadbolt nor chain, no interior door may have a deadbolt, chain, and any type of lock.

f. Each interior doorframe to a wooden door may not be reinforced with any type of metal, excepting a cubic area that is part of the striker plate in the

dimensions of not more than six (6) inches long by two (2) inches wide by six (6) inches high.

(2) Excepting conduits for plumbing, heating, air conditioning, ventilation, electrical service, cable or satellite television, or food or drink service, no opening is allowed:

a. In any wall;

b. Partition;

c. Screen;

d. Lavatory stall;

e. Dressing room; or

f. Any other barrier between viewing areas or toilettes.

(3) The conduits for plumbing, heating, air conditioning, ventilation, electrical service, and cable or satellite television must be so screened or otherwise configured to prevent their use as openings that would allow any portion of an individual to penetrate the wall or barrier between the viewing areas or toilettes.

(4) During hours of operation, the light fixtures shall be kept on at a sufficient intensity to illuminate by not less than one (1) foot-candle as measured at four (4) feet above the level of the floor and at every area where customers or patrons are allowed.

(5) Excepting the lavatories, no area to which patrons or customers have access, shall be less than three hundred (300) square feet.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-219. Access, supervision.

(a) It shall be unlawful for any owner, operator, manager, or floor-manager of any sexually oriented business to permit any employee to provide any entertainment to any customer in any separate area within a sexually oriented business to which entry or access is blocked or obscured by any door, curtain or other barrier, regardless of whether entry to such separate area is by invitation, admission fee, club membership fee or any form of gratuity or consideration.

(b) It shall be the duty of any owner, operator or manager, or floor-manager of a sexually oriented business to allow immediate access by any police officer, city fire department official or health officer to any portion of the premises of the sexually oriented business upon request for purpose of inspection of such premises for compliance with this article, or any other applicable law.

(c) It shall be the duty of any owner, operator or manager of a sexually oriented business to ensure that at least one (1) floor-manager is on duty on the premises at all times during which the sexually oriented business is open for business or during which customers are on the premises.

(d) It shall be the duty of any owner, operator or manager of a sexually oriented business to ensure that all persons acting as managers, floor managers or entertainers on the premises hold and display permits under this article, and that entertainers comply with section 21-234 of this article.

(e) It shall be the duty of the manager to ensure that no entertainer or floor-manager is allowed or suffered to conduct any business on the premises of a sexually oriented business unless the manager thereof has in his possession or control a sexually oriented business permit for the floor-manager, or entertainer. On-site cards shall be made available for immediate inspection by any police officer, fire department official or health officer. Entertainers working at more than one sexually oriented business may retrieve their on-site cards upon departing the premises in order to present them to a manager at any other sexually oriented business where such persons are employed to hold while the entertainer remains on those premises.

(f) It shall be the duty of any owner, operator or manager to maintain a complete list of all persons, including names and addresses, who conduct any business on the premises and are required to obtain a permit under this article.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-220. Hours of operation.

(a) A sexually oriented business establishment shall not allow customers or patrons onto the premises during the hours of 2:15 a.m. through 7:00 a.m. on any day of the week.

(b) It shall be unlawful for a sexually oriented business establishment to allow customers or patrons onto the premises during the proscribed hours as provided in subsection (a).
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-221. Posting of permit.

(a) The sexually oriented business permit shall be framed and posted at the main entrance of the establishment, in such a manner that it is plainly visible to the general public entering the establishment, at a height of no less than four (4) feet and no more than six (6) feet from the ground. It shall be unlawful to obstruct from plain view a posted sexually oriented business permit.

(b) It shall be unlawful to fail or refuse to post the sexually oriented business permit.

(c) If a notice of revocation is delivered, the chief of police shall remove the sexually oriented business permit from the wall of the sexually oriented business establishment; post the notice of revocation on the exterior wall next to the front entrance of the sexually oriented business establishment; and, post a copy of the notice of revocation on the exterior side of each door that may serve as an entrance or exit to the sexually oriented business establishment.

(d) It shall be unlawful for an individual other than the chief of police to destroy or remove a posted notice of revocation.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-222. Same—Records.

(a) The owner-operator, manager, or floor-manager of any sexually oriented business shall keep on the premises a register of all employees of the sexually oriented business establishment that includes a copy of a photographic identification card issued by a governmental authority of the United States of America or any state, possession, commonwealth, or territory thereof to the employee and:

(1) Each employee's true name;

(2) Aliases;

(3) Gender;

(4) Height;

(5) Weight;

(6) Color of hair and eyes;

(7) Date of birth;

(8) Date of initial employment;

(9) Date of termination, if applicable; and

(10) Specific job or employment duties.

(b) The register shall be maintained for all current employees and ex-employees employed at any time during the preceding thirty-six (36) months, except that the ordinance shall not operate to require this information prior to its effective date.

(c) It shall be unlawful to fail to maintain the register or refuse to present the register to a peace officer upon request.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

DIVISION 3. SEXUALLY ORIENTED BUSINESS EMPLOYEE PERMITS, OPERATIONS, AND CONDUCT

Sec. 21-223. Definitions.

As used in this division, the following words and terms shall have the meanings ascribed to them in this division, unless the context of their usage clearly indicates another meaning:

Conduct any business in a sexually oriented business. Any person who does any one or more of the following shall be deemed to be conducting business in a sexually oriented business:

(1) Operates a cash register, cash drawer or other depository on the premises of the sexually oriented business where cash funds or records of credit card or other credit transactions generated in any manner by the operation of the sexually oriented business or the activities of the premises of the sexually oriented business;

(2) Displays or takes orders from any customer for any merchandise, goods, entertainment or other services offered on the premises of the sexually oriented business;

(3) Delivers or provides to any customer any merchandise, goods, entertainment or other services offered on the premises of the sexually oriented business;

(4) Acts as a door attendant to regulate entry of customers or other persons into the premises of the sexually oriented business; or

(5) Supervises or manages other persons in the performance of any of the foregoing activities on the premises of the sexually oriented business.

Customer means any person who:

(1) Is allowed to enter a sexually oriented business or any portion of a sexually oriented business in return for the payment of an admission fee, membership fee or any other form of consideration or gratuity;

(2) Enters a sexually oriented business or any portion of a sexually oriented business and purchases, rents or otherwise partakes of any merchandise, goods, entertainment or other services offered therein; or

(3) Is a member of and on the premises of a sexually oriented business operating as a private or membership club or a sexually oriented business that reserves any portion of the premises of the sexually oriented business as a private or membership club.

Chief or *chief of police* means the chief of police and such employee(s) of the police department as he may designate to perform the duties of the chief under this article.

Employee means any person who renders any service whatsoever to the customers of a sexually oriented business, works in or about a sexually oriented business or who conducts any business in a sexually oriented business and who receives or has the expectation of receiving any compensation from the operator, or customers of the sexually oriented business. By way of example, rather than limitation, the term includes the operator and other management personnel, clerks, dancers, models and other entertainers, food and beverage preparation and service personnel, door persons, bouncers, and cashiers. It is expressly intended that this definition cover not only conventional employer-employee relationships but also independent contractor relationships, agency relationships, and any other scheme or system whereby the "employee" has an expectation of receiving compensation, tips, or other benefits from the sexually oriented business or its customers in exchange for services performed.

Entertainer shall mean any individual, male or female, who poses, dances, or knowingly or intentionally appears for the purpose of being observed or viewed for any reason by any individual while in a state of nudity, semi-nudity, or while engaging in specified sexual activities.

Entertainer's permit shall mean a license issued to an individual as lawful authority to act as an entertainer in a sexually oriented business.

Entertainment shall mean:

(1) Any live exhibition, display or performance;

(2) Any still picture(s) or movie picture(s), whether mechanically, electrically or electronically displayed; or

(3) Any combination of the foregoing, in which the specified anatomical areas or specified sexual activities are depicted.

Manager means any person who supervises, directs or manages any employee of an sexually oriented business or any other person who conducts any business in an sexually oriented business with respect to any activity conducted on the premises of the sexually oriented business, including any "on-site manager."

Operator means the manager or other natural person principally in charge of an sexually oriented business.

Owner or *owners* means the proprietor if a sole proprietorship, all general partners if a partnership, or the corporation if a corporation.

Permit means a current, valid permit issued by the chief pursuant to the terms of this article.

Separate area means any portion of the interior of a sexually oriented business separated from any other portion of a sexually oriented business by any wall, partition or other divider.

Specified anatomical areas:

(1) Less than completely and opaquely covered:

a. Human genitals, pubic region or pubic hair;

b. Buttock;

c. Any portion of the female breast that is situated below a point immediately above the top of the areola; or

d. Any combination of the foregoing; or

(2) Human male genitals in a discernibly erect state, even if completely and opaquely covered.

Sexually oriented business or *SOB* means an adult arcade, adult bookstore or adult video store, adult cabaret, adult motel, adult mini-theater, escort agency, nude modeling studio, unlicensed massage parlor, or any other establishment whose one of its primary business purposes is the offering of a service, live entertainment or the selling, renting, or exhibiting of devices or any specified anatomical parts intended to provide sexual stimulation or sexual gratification to the customer and which is distinguished by or characterized by an emphasis on matter depicting, describing or relating to specified sexual activities or specified anatomical areas. The term "sexually oriented business" shall not be construed to include:

(1) Any business operated by or employing licensed psychologists, licensed physical therapists, licensed athletic trainers, licensed cosmetologists, or licensed barbers performing functions authorized under the licenses held;

(2) Any business operated by or employing licensed physicians or licensed chiropractors engaged in practicing the healing arts; or

(3) Any retail establishment whose major business is the offering of wearing apparel for sale to customers.

Sexually oriented business [permit] or *SOB permit* shall mean the original license issued to an owner-operator of a sexually oriented business as lawful authority to operate a sexually oriented business.

SOB shall mean sexually oriented business.

Specified sexual activity means actual and simulated human genitals in a state of sexual stimulation or arousal, even if completely and opaquely covered, actual or simulated human masturbation, sexual intercourse, sodomy, fellatio, cunnilingus, fondling or other erotic touching of human genitals, pubic region, buttock or female breast, and excretory functions as part of or in connection with the above described activity or any act of bestiality, masturbation, sexual intercourse, sodomy, fellatio, sadomasochism, or physical contact with a person's own or another person's specified anatomical area.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-224. Entertainer, manager, and floor manager permit required.

(a) It shall be unlawful for any person who does not hold a permit to act as an entertainer, a manager, or floor-manager of or in a sexually oriented business.

(b) It shall be the duty of the operator and owners of each sexually oriented business to ensure that no person acts as an entertainer, manager, or floor-manager of or in the sexually oriented business unless that person holds a permit.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-225. Process for requesting an SOB entertainer, manager, and floor manager permit.

(a) The chief of police shall create a form for each type of permit consistent with the provisions of this article.

(b) An applicant may obtain a form from the city government website page (sanantonio.gov/sapd) or at the San Antonio Police Department (SAPD) Headquarters Records Unit. Applications shall be accepted Tuesday through Thursday, ex-

cluding holidays, between the hours of 1:00 p.m. and 4:00 pm. Applications shall not be accepted at any other time or on any other day.

(c) At the time that the chief of police receives an application, the applicant shall pay the required fee of one hundred fifty dollars ($150.00) at the records unit service window. The applicant will receive a receipt and paperwork from the records division along with their completed application and submit said information and waiver form to the identification division. The identification division shall take fingerprints and generate an SOB permit number. The applicant will then be photographed at the identification division.

(d) All photographs and applications shall be used to perform a background investigation and for the purpose of photographic identification of permit holders, and shall be kept on record with the chief of police while the applicant possesses a valid permit, and for a period of five (5) years after the expiration, revocation, or denial of the permit.

(e) All photographs of applicants shall be destroyed at the expiration of five (5) years after the expiration, revocation, or denial of the permit, but all applicants submitting new applications shall be required to comply with photograph and fingerprint requirements in this section.

(f) The police department shall conduct a criminal background check and verify the applicant is eligible to receive an SOB entertainer, manager, or floor-manager permit. All application information related to entertainer's permits shall be held confidential by the police department.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-226. Qualifications and specifications—Manager's permit and temporary manager's permit.

(a) Unless an individual is disqualified under one or more of the provisions of this section, an individual who performs the following acts shall be qualified for a permit:

(1) Pay one hundred fifty dollars ($150.00) as a non-refundable processing fee to the city;

(2) Answer under oath accurately and completely the requests for information contained on the form for the permit;

(3) Provide proof of identity by presenting to the chief a valid and lawful photographic identification card that was issued to the individual by a governmental authority of the United States of America or any state, possession, commonwealth, or territory thereof;

(4) Provide proof that the applicant is at least eighteen (18) years of age or older; and

(5) Appear at the place designated by the chief of police and submit to being photographed and fingerprinted.

(b) If on the basis of substantial evidence, the chief concludes that one of the following conditions exists then an individual shall be disqualified from receiving the manager's permit:

(1) The individual is a sex offender subject to registration under V.T.C.A., Code of Criminal Procedure ch. 62;

(2) The individual is convicted of a felony, not included in section 21-230, in any jurisdiction during the preceding ten (10) years;

(3) The individual has been convicted of or been placed on deferred adjudication for a specified criminal act, not included in section 21-230, in any jurisdiction, during the preceding ten (10) years;

(4) The individual has submitted false information on a form for the permit or the individual has responded falsely to inquiries in a background investigation;

(5) At the time of application, the individual is disqualified from receiving or holding a permit pursuant to section 21-230 of this article; or

(6) At the time of application, the individual has a suspended permit or has had a permit revoked within the past calendar year, pursuant to section 21-230 of this article.

(c) An individual who applies for a manager's permit shall provide the following information:

(1) The information contained in a valid and lawful photographic identification card that was issued to the individual by a governmental authority of the United States of America or any state, possession, commonwealth, or territory thereof;

(2) The name and address of the sexually oriented business for which the individual requests the permit;

(3) Whether the individual has been convicted of or placed on deferred adjudication for an offense for which the individual is subject to registration under V.T.C.A., Code of Criminal Procedure ch. 62, along with a list of each of the aforementioned offenses;

(4) Excluding traffic offenses, a list of each misdemeanor or felony, not included in subsection (c)(3), for which the individual has been convicted or received deferred adjudication during the past ten (10) years;

(5) Excluding traffic offenses, a list of each misdemeanor or felony, not included in subsection (c)(3), for which the individual is under community supervision at the time of application;

(6) The name and address of each court and jurisdiction listed in response to subsection (c)(3) herein;

(7) The name and address of each court and jurisdiction for those offenses that the individual is under community supervision at the time of application in response to subsection (e)(3);

(8) A signed waiver and authorization allowing the chief to request criminal history reports from pertinent federal, state, and local law enforcement for the individual submitting an application; and

(9) A driver's license number of a state, possession, commonwealth or territory of the United States of America, if issued, and, a Social Security number of the United States of America, if issued.

(d) A manager's permit shall consist of one (1) photographic identification card that contains the following information: a photograph of the manager; the name and address of the sexually oriented business at which the manager's permit is valid; the permit identification number assigned by the city; the date of issuance; the effective date; and, the date of expiration.

(e) A temporary manager's permit shall be issued within three (3) business days of the application when:

(1) The applicant for a manager's permit has submitted a completed application pursuant to the provisions herein;

(2) The applicant supplies the police department with a copy of a valid and lawful photographic identification card that was issued to the individual by a governmental authority of the United States of America or any state, possession, commonwealth, or territory thereof;

(3) A preliminary investigation indicates that the applicant is otherwise qualified under this section for the issuance of a temporary manager's permit; and

(4) The applicant has not applied for or been granted a temporary manager's permit in the year preceding the application.

(f) Each temporary manager's permit is valid for thirty (30) calendar days from the date of issuance or until the issuance of a manager's permit, whichever occurs first.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-227. Same—Floor-manager's and temporary floor-manager's permit.

(a) Unless an individual is disqualified under one or more of the provisions of this article, an individual who performs the following acts shall be qualified for a floor-manager's permit:

(1) Pay one hundred fifty dollars ($150.00) as a nonrefundable processing fee to the city, and

(2) Perform those acts detailed at subsection 21-226(c) herein.

(b) The following conditions shall disqualify an individual from obtaining a floor-manager's permit: those conditions specified at subsection 21-226(b) herein.

(c) An individual who applies for a floor-manager's permit shall provide that information specified at subsection 21-226(c).

(d) A floor-manager's permit shall consist of two (2) photographic identification cards that contains a photograph of the floor-manager, the permit identification number assigned by the city, the date of issuance, the effective date, and the date of expiration.

(e) A temporary floor-manager's permit shall be issued within three (3) business days of application for same if:

(1) The applicant has submitted a completed application pursuant to the provisions herein and paid one hundred fifty dollars ($150.00) as a nonrefundable processing fee to the city;

(2) The applicant supplies the police department with copy of a valid and lawful photographic identification card that was issued to the individual by a governmental authority of the United States of America or any state, possession, commonwealth, or territory thereof;

(3) A preliminary investigation indicates that the applicant is otherwise qualified under this section for the issuance of a temporary floor-manager's permit; and

(4) The applicant has not applied for or been granted a temporary floor-manager's permit in the year preceding the application.

(f) Each temporary floor-manager's permit is valid for ten (10) business days from the date of issuance.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-228. Same—Entertainer's permit and temporary entertainer's permit.

(a) Unless an individual is disqualified under one or more of the provisions of this article, an individual who performs the following acts shall be qualified for an entertainer's permit:

(1) Pay one hundred fifty dollars ($150.00) as a nonrefundable processing fee to the city, and

(2) Perform those acts detailed at subsection 21-226(c).

(b) The following conditions shall disqualify an individual from obtaining an entertainer's permit: those conditions specified at subsections 21-226(b) and (c), and section 21-230.

(c) An individual who applies for an entertainer's permit shall provide the information specified in subsection 21-226(c).

(d) An entertainer's permit shall consist of two (2) identification cards that contain a photograph of the entertainer, the permit identification number assigned by the city, the date of issuance, the effective date, and the date of expiration.

(e) A temporary entertainer's permit shall consist of two (2) identification cards that contain the permit identification number assigned by the city, the date of issuance, the effective date, and the date of expiration.

(f) A temporary entertainer's permit shall be issued within three (3) business days of the application when:

(1) The applicant for a temporary entertainer's permit has submitted a completed application to the police department identification division, pursuant to the provisions herein, and prior to 3:00 p.m. of the last business day before a scheduled performance by applicant;

(2) The applicant supplies the police department with a copy of a valid and lawful photographic identification card that was issued to the individual by a governmental authority of the United States of America or any state, possession, commonwealth, or territory thereof;

(3) If the aforementioned photographic identification and signature of the applicant for a temporary entertainer's permit are not available at the time the application for a temporary entertainer's permit is submitted to the police department, a legible copy of said identification and signature shall be transmitted via facsimile transmission or personal delivery to the police department by the manager, along

with a manager's affidavit, wherein the manager vouches for said identification and signature, in a manager's affidavit, prior to the time of the first performance by the temporary entertainer;

(4) Preliminary investigation warrants the issuance of a temporary entertainer's permit;

(5) The applicant pays one hundred fifty dollars ($150.00) as a nonrefundable processing fee to the city for each temporary entertainer's permit;

(6) The applicant designates the sole sexually oriented business at which the temporary entertainer's permit may be used;

(7) The applicant has not applied for or been granted more than three (3) temporary entertainer's permits during the calendar year for which the application is made and the sexually oriented business at which the permit will be used has not hosted more than eleven (11) entertainers who have a temporary entertainer's permit during the calendar year in which an applicant seeks a temporary entertainer's permit for use at said sexually oriented business.

(g) A temporary entertainer permit shall be valid for a period of not longer than seven (7) calendar days from the date of issuance and shall be valid at only one (1) designated sexually oriented business.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-229. Term, transfer, amendment.

(a) A permit is valid for a term commencing upon issuance and expiring the 31st of December, unless previously revoked or suspended.

(b) A permit is personal to the named permit holder and is not valid for use by any other person.

(c) Each permit holder shall notify the police department of their new address within ten (10) days following any change of address.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-230. Denial, revocation, or refusal to renew permits.

Any of the following offenses shall consist of grounds for denial, revocation, or refusal to renew permits:

(1) Any of the following offenses as described in V.T.C.A., Penal Code ch. 43:
   a. Prostitution;
   b. Promotion of prostitution;
   c. Aggravated promotion of prostitution;
   d. Compelling prostitution;
   e. Obscenity;
   f. Sale, distribution or display of harmful material to a minor;
   g. Sexual performance by a child;
   h. Employment harmful to children; or
   i. Possession or promotion of child pornography;

(2) Any of the following offenses as described in V.T.C.A., Penal Code ch. 21:
   a. Public lewdness;
   b. Indecent exposure; or
   c. Indecency with a child;

(3) Sexual assault or aggravated sexual assault as described in V.T.C.A., Penal Code ch. 22;

(4) Harboring a runaway child as described in V.T.C.A., Penal Code ch. 25;

(5) Criminal attempt, conspiracy or solicitation to commit any of the above offenses;

(6) Human trafficking as described in V.T.C.A., Penal Code ch. 20A; or

(7) Any violation of this article.

The above-listed offenses shall be grounds for the denial, revocation or refusal for renewal of a permit under this division because persons who hold that permit are employed by sexually oriented businesses where there is a high degree of opportunity for unlawful sexual conduct or the solicitation thereof, lewd conduct, obscenity offenses, and conduct harmful to minors. Therefore,

the enumerated offenses are directly related to the duties and responsibilities authorized by the subject permit. There is a serious need to protect members of the public and fellow employees of sexually oriented business from persons who have the foregoing criminal histories.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-231. Inspections and background checks; deadlines.

The police department shall conduct all necessary background investigations prior to the expiration of thirty (30) calendar days from the receipt of an application for a sexually oriented business permit for an entertainer, manager, or floor manager for the purpose of determining whether each applicant is in compliance with the provisions of this article, and based upon those findings, the chief of police shall either issue or reject the permit in accordance with the deadlines found in subsections 21-211(a) and (b).
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-232. Same—Denial of permits.

(a) No permit application shall be accepted nor shall a permit be issued to any person who does not provide proof that he is at least eighteen (18) years old. Any permit issued by virtue of any misrepresentation or error to any person under age eighteen (18) shall be void.

(b) In the event that the chief fails to issue or deny a permit application within the time specified herein, then the applicant shall, upon written request, be immediately issued a temporary permit which shall be valid until the third day after the applicant is given notice of the decision of the chief or the hearing officer.

(c) An applicant may appeal the decision of the chief regarding denial by filing a written request for a hearing within twenty (20) days after notice has been given of the denial. The chief's decision on the application shall be final unless an appeal is timely filed. An appeal shall not stay the chief's decision on the issuance of a permit. The applicant's written request for a hearing shall set out the grounds on which the denial is challenged.

(d) The hearing shall be conducted by a hearing official designated by the city manager. Hearings shall be conducted by the hearing official. The hearing official shall not have participated in any investigation or decision relating to the denial of the permit. At the hearing the hearing official shall receive oral and written testimony regarding the application. Hearings shall be conducted under rules issued by the chief, which shall be consistent with the nature of the proceedings and shall ensure that each party may present evidence, cross-examine witnesses and be represented by legal counsel.

(e) The hearing official shall conduct the hearing within twenty (20) days after receipt of the applicant's written request for a hearing unless the applicant requests an extension in writing. The hearing official shall render a written decision and issue notice thereof to the applicant within five (5) days after the conclusion of the hearing. The written decision of the hearing official shall be final subject to the provisions of section 21-252 of this article.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-233. Same—Permits.

(a) Each permit issued by the chief shall consist of two (2) photographic identification cards, a personal card and an on-site card excepting a manager's permit.

(b) If any personal card or on-site card is lost or stolen, the holder thereof shall immediately notify the police department and request a replacement, which shall be issued for a fee of ten dollars ($10.00) within three (3) business days following verification of the identity of the holder.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-234. Display.

(a) Each manager, floor-manager, and/or entertainer (temporary or otherwise) shall conspicuously display their personal card upon their person at all times while acting as an entertainer, floor-manager, or manager of or in a sexually oriented business.

(b) Each floor-manager or entertainer shall provide their on-site card to the manager in charge of the sexually oriented business to hold while the floor-manager or entertainer is on the premises.

(c) In any prosecution under this section, it shall be presumed that the actor did not have a permit unless the permit was in display as required under section (a) of this subsection.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-235. Duties of owners, employees and customers.

(a) Notwithstanding any other provision in this article, owners are not criminally culpable for violations of employees, except that owners remain criminally culpable for their own and personal violations.

(b) Each manager, floor-manager, entertainer, and owner-operator shall comply with the provisions of this article.

(c) Each temporary manager, temporary floor-manager, and temporary entertainer shall comply with the provisions of this article.

(d) Each employee, customer, and patron shall comply with the provisions of this article.

(e) Each manager, floor-manager, temporary manager, and temporary floor-manager, and owner-operator shall ensure that each employee, customer, and patron complies with the provisions of this article.

(f) It shall be unlawful for a manager, floor-manager, temporary manager, or temporary floor-manager, or owner-operator to allow conduct described in this section of this article. Whenever an employee, customer, or patron fails to comply with this section of this article, it shall be presumed that a manager or floor-manager, temporary manager, or temporary floor-manager, allowed the prohibited conduct if the manager, floor-manager, temporary manager, or temporary floor-manager was present on the premises at the time of the violation.

(g) Three-foot rule.

(1) It shall be unlawful for any person to intentionally or knowingly entertain or appear in a state of semi-nudity on the premises of a sexually oriented business unless the person is more than three (3) feet from any patron or customer.

(2) It shall be unlawful for a patron or customer on the premises of a sexually oriented business to intentionally or knowingly approach within three (3) feet or less of a person who is entertaining or appearing in a state of semi-nudity.

(h) It shall be unlawful for any person entertaining or appearing in a state of semi-nudity at a sexually oriented business to accept a gratuity unless it is placed in a receptacle provided for receipt of gratuities or delivered hand-to hand without touching and with the hand of each person extended at least one and one-half (1½) feet away from the body of that person. The receptacle may not be located on any person or their clothing.

(i) It shall be unlawful for any permittee hereunder or operator of a sexually oriented business to allow any room within the establishment to be used for the purpose of live semi-nude entertainment unless the room is marked with a sign in typeface no less than one (1) inch in length per letter in such a manner that it is plainly visible to the general public at a height of no less than four (4) feet and no more than six (6) feet from the ground stating, "Three Foot Rule - It is a violation of the San Antonio City Code for a customer or patron to intentionally or knowingly approach within three feet or less of any person who is in a state of semi-nudity or entertaining."

(j) It shall be unlawful for any employee to be in a state of semi-nudity, or to perform specified sexual activities while in the presence of any customer or patron and while in an area within the sexually oriented business not subject to the direct line of site of a manager or floor-manager.

(k) It shall be unlawful for any employee to entertain while in a lavatory, or in a stairway or elevator used as access between floors.

(l) It shall be the duty of the owner-operator to ensure that there exists at least one (1) manager for the sexually oriented business at all times. It shall be the duty of each owner-operator or man-

ager of a sexually oriented business to ensure there are a sufficient number of managers or floor managers stationed in such a manner so that all patrons and customers are in view of at least one (1) floor-manager at all times, excepting patrons and customers in the lavatory.

(m) It shall be unlawful for a manager, floor-manager, owner-operator, or operator on the premises of any sexually oriented business to allow any individual to be on the premises of a sexually oriented business who is younger than eighteen (18) years of age. It shall be presumed that a manager, or floor-manager allowed the individual to be on the premises if the manager or floor-manager was present on the premises at the time the underage individual was present.

(n) It shall be unlawful for any individual to be on the premises of any sexually oriented business who is younger than eighteen (18) years of age.

(o) It shall be the duty of the owner-operator, or operator of any sexually oriented business to conform the interior of the premises to the specifications provided in this article.

(p) It shall be the duty of the owner-operator of any sexually oriented business to notify the chief of police and the director of development services, or their duly authorized representative, that the location is ready for the inspections required under this article prior to the expiration of any applicable deadline contained herein.

(q) It shall be the duty of the owner-operator of a sexually oriented business to post, display, and maintain free of obstruction, the following notices with typeface no less than one (1) inch in length per letter, at the entrance of the establishment, in such a manner that they are plainly visible to the general public at a height of no less than four (4) feet and no more than six (6) feet from the ground:

(1) "Three Foot Rule - It is a violation of the San Antonio City Code for a customer or patron to intentionally or knowingly approach within three feet or less of any person who is in a state of semi-nudity or entertaining."

(2) "No Minors - No individual under the age of eighteen is allowed inside the premises."

(3) "Patrons' conduct is being observed by management. Illegal conduct will not be permitted."

(4) The notices shall include the appropriate city ordinance number.

(r) It shall be unlawful to fail to post the notices herein required.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

DIVISION 4. PERMITS, CONDUCT, AND OPERATIONS OF ADULT ARCADES

Sec. 21-236. Definitions.

As used in this section, the following words shall have the meanings herein ascribed, unless the context of their use clearly indicates another meaning:

Adult arcade shall mean any "premises" to which members of the public or members of any club, group or association are admitted and permitted to use one or more arcade devices.

Adult arcade permit shall mean the original license issued to a duly authorized agent of an owner or operator of an adult arcade as lawful authority to operate an adult arcade.

Arcade device shall mean any coin, currency or slug operated or electronically or mechanically controlled machine or device that dispenses or effectuates the dispensing of "entertainment" that is intended for the viewing of five (5) or fewer persons in exchange for any payment or consideration.

Duly authorized agent shall mean an individual who has actual authority to file an application with the chief of police for an adult arcade permit on behalf of any association, corporation, individual, owner, operator, or person and who meets the requirements set forth in subsection 21-238(i) and is not disqualified per subsection 21-238(j) below.

Employee shall mean any person employed by an employer in consideration for monetary compensation or profit.

Entertainment shall mean: any live exhibition, display or performance; any still picture(s) or movie picture(s), whether mechanically, electri-

cally or electronically displayed; or any combination of the foregoing, in which specified sexual activities are depicted.

Individual shall mean a natural person.

Manager shall mean any individual holding a position in an adult arcade with the responsibility for direct supervision of the operation of the adult arcade and for monitoring and observing the areas of the adult arcade to which customers or patrons are admitted at times during which the adult arcade is open for business; or, at times during which customers or patrons are on the premises of the adult arcade.

Manager's permit shall mean a license issued to an individual as lawful authority to act as a manager of an adult arcade.

Operator shall mean the "individual" who is principally in charge of the management of the "adult arcade."

Owner shall include, but not be limited to, any equitable owner, any person having a possessory right to the land or building or the person occupying it, any part owner, joint owner, tenant in common, tenant in partnership, joint tenant or tenant by the entirety.

Premises shall mean a building; provided that if a building has been physically divided into separate units that each has its own individual means of ingress or egress to the exterior of the building and which are offered by lease or otherwise for separate use and control, then "premises" shall refer to each such separate unit.

Specified sexual activities or *specified anatomical areas* shall have the same meanings as proscribed in this article.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-237. Permits required.

(a) It shall be unlawful for an individual, person, corporation, operator, owner, or association to operate an adult arcade within the city, unless the chief of police has issued an adult arcade permit to the adult arcade's duly authorized agent.

(b) It shall be unlawful for an individual to act as a manager of an adult arcade, unless the chief has issued a manager's permit to said individual.

(c) The adult arcade permit will be issued to the duly authorized agent, but will be issued in the name of the adult arcade and will be specific for that location only.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-238. Process for requesting arcade permit.

(a) The chief of police shall create a form for each type of permit consistent with the provisions of this division.

(b) An applicant may obtain a form from the city government website page (sanantonio.gov/sapd) or at the San Antonio Police Department (SAPD or police department) Headquarters Records Unit. Applications shall be accepted Tuesday through Thursday, excluding holidays, between the hours of 1:00 p.m. and 4:00 p.m. Applications shall not be accepted at any other time or on any other day.

(c) At the time that the chief receives an application, the duly authorized agent shall pay a four hundred dollar ($400.00) nonrefundable processing fee to the city at the records unit service window. The applicant will receive a receipt and paperwork from the records division along with their completed application and submit said information and waiver form to the identification division. The identification division shall take fingerprints and generate an adult arcade permit number. The applicant will then be photographed at the identification division.

(d) All photographs shall be used to perform a background investigation and for the purpose of photographic identification of permit holders, and shall be kept on record with the chief of police while the applicant possesses a valid permit, and for a period of five (5) years after the expiration, revocation, or denial of the permit.

(e) All photographs of applicants shall be destroyed at the expiration of five (5) years after the expiration, revocation, or denial of the permit, but

all applicants submitting new applications shall be required to comply with photograph and fingerprint requirements in this section.

(f) All applicants shall submit to a criminal background check for the purpose of verifying the information requested in subsection (j).

(g) All fees required in this subsection are non-refundable. Payment of the fees shall be by cashier's check or money order and made payable to the city.

(h) It shall be unlawful to apply for an adult arcade permit, unless the individual who applies is a duly authorized agent and files an accurate and complete sworn affidavit at the time of filing the application in which the individual declares:

(1) The individual's identity;

(2) The identity of the association, corporation, individual, owner, operator, or person on whose behalf the individual seeks an adult arcade permit;

(3) The identity of the adult arcade;

(4) The identity of each association, corporation, individual, owner, operator or person with an ownership interest in the adult arcade;

(5) The basis for the actual authority as being one of the following:

a. The individual is the sole owner or operator;

b. The individual is the president, chief executive officer, or equivalent of a corporation that is an owner or operator and the individual also owns a majority of the issued voting stock for the corporation;

c. The individual is the president, chief executive officer, or equivalent of a corporation that is an owner or operator and the individual attaches a corporate resolution from the corporation's board of directors or from a majority of the corporation's voting stockholders wherein is authorized the application for the permit;

d. The individual is a general partner of a partnership that is an owner or operator; or

e. The individual is a manager (as defined by the Texas Limited Liability company Act) of a Texas Limited Liability Company that is an owner or operator;

f. State that all information is on the basis of personal knowledge; and

g. State that all information is true and correct and acknowledge that a false statement is subject to criminal penalty, including but not limited to charges of perjury.

(i) Unless a duly authorized agent is disqualified under one or more provisions of this article, an agent who performs the following acts shall be qualified to receive on behalf of an owner or operator an adult arcade permit:

(1) The duly authorized agent pays the required processing fee to the city;

(2) The duly authorized agent submits a diagram of the premises; and

(3) Allows an inspection of the premises by the police department.

(j) If on the basis of substantial evidence, the chief concludes that one or more of the following conditions exists then a duly authorized agent shall be disqualified from receiving an adult arcade permit for the adult arcade for which the permit is sought:

(1) The individual is a sex offender subject to registration under V.T.C.A., Code of Criminal Procedure ch. 62;

(2) If any owner or operator of the adult arcade is convicted of a felony in any jurisdiction in the past ten (10) years;

(3) If any owner or operator of the adult arcade has been convicted of or received deferred adjudication for a specified criminal act in any jurisdiction in the past ten (10) years;

(4) If the duly authorized agent, owner, or operator of the adult arcade has refused

to allow an inspection of the premises of the adult arcade by at least three (3) business days prior to a deadline to issue a permit or notice of rejection;

(5) If the duly authorized agent, owner, or operator of the adult arcade has failed to submit to the department of development services a diagram by at least ten (10) business days prior to the deadline to issue a permit or notice of rejection;

(6) If the duly authorized agent or any individual, owner, or operator of the adult arcade has submitted false or incomplete information on an application form for the permit or has falsely responded to inquiries in a background investigation;

(7) If the duly authorized agent or any owner or operator of the adult arcade has previously had an adult arcade permit revoked;

(8) If the duly authorized agent or any owner or operator of the adult arcade has an adult arcade permit that is currently suspended;

(9) If the adult arcade fails to conform to the configuration requirements set forth in section 21-246; or

(10) If the duly authorized agent or any owner or operator of the adult arcade has had an adult arcade permit revoked within the preceding year or is otherwise disqualified from receiving or holding a permit under this article.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-239. Same—Manager's permit.

(a) An applicant may obtain a form from the city government website page (sanantonio.gov) or at the San Antonio Police Department (SAPD or police department) Headquarters Records Unit. Applications shall be accepted Tuesday through Thursday, excluding holidays, between the hours of 1:00 p.m. and 4:00 p.m. Applications shall not be accepted at any other time or on any other day.

(b) At the time that the chief receives an application, the applicant pays a one hundred fifty dollar ($150.00) non-refundable processing fee to the city at the records unit service window. The applicant will receive a receipt and paperwork from the records division along with their completed application and submit said information and waiver form to the identification division. The identification division shall take fingerprints and generate an adult arcade permit number. The applicant will then be photographed at the identification division.

(c) All photographs shall be used to perform a background investigation and for the purpose of photographic identification of permit holders, and shall be kept on record with the chief of police while the applicant possesses a valid permit, and for a period of five (5) years after the expiration, revocation, or denial of the permit.

(d) All photographs of applicants shall be destroyed at the expiration of five (5) years after the expiration, revocation, or denial of the permit, but all applicants submitting new applications shall be required to comply with photograph and fingerprint requirements in this section.

(e) All applicants shall submit to a criminal background check for the purpose of verifying the information requested in this division.

(f) All fees required in this subsection are non-refundable. Payment of the fees shall be by cashier's check or money order and made payable to the city.

(g) Unless an individual is disqualified under one or more of the provisions of this division, an individual who performs the following acts shall be qualified for a manager's permit:

(1) Pay the required processing fee;

(2) Answer under oath accurately and completely the requests for information contained on the form for the permit;

(3) Provide proof of identity by presenting to the chief a valid and lawful photographic identification card that was issued to the individual by a governmental authority of

the United States of America or any state, possession, commonwealth, or territory thereof; and

(4) Appear at the place designated by the chief to submit to being photographed and fingerprinted;

(5) Provide the following information:

a. The information contained in a valid and lawful photographic identification card that was issued to the individual by a governmental authority of the United States of America or any state, possession, commonwealth, or territory thereof;

b. The name and address of the adult arcade for which the individual requests the permit;

c. Whether the individual has been convicted of or placed on deferred adjudication for an offense for which the individual is subject to registration under V.T.C.A., Code of Criminal Procedure ch. 62, along with a list of each of the aforementioned offenses;

d. A list of each misdemeanor, excluding traffic offenses, or felony, not included in section 21-230, for which the individual has been convicted or received deferred adjudication during the past ten (10) years;

e. A list of each misdemeanor, excluding traffic offenses, or felony, not included in section 21-230, for which the individual is under community supervision at the time of application;

f. The name and address of each court and jurisdiction listed in response to the above;

g. The name and address of each court and jurisdiction for those offenses that the individual is under community supervision at the time of application in response to the above; and

h. A signed waiver and authorization allowing the chief to request criminal history reports from pertinent federal, state, and local law enforcement for the individual submitting an application.

(h) If on the basis of substantial evidence, the chief concludes that one of the following conditions exists then an individual shall be disqualified from receiving the manager's permit:

(1) The individual is a sex offender subject to registration under V.T.C.A., Code of Criminal Procedure ch. 62;

(2) The individual is convicted of a felony, not included in section 21-230, in any jurisdiction during the preceding ten (10) years;

(3) The individual has been convicted of or been placed on deferred adjudication for a specified criminal act, not included in subsection 21-230, in any jurisdiction, during the preceding ten (10) years;

(4) The individual has submitted false information on a form for the permit or the individual has responded falsely to inquiries in a background investigation;

(5) At the time of application, the individual is disqualified from receiving or holding a permit pursuant to this article; or

(6) At the time of application, the individual has a suspended permit or has had a permit revoked within the past calendar year, pursuant to this article.

(i) A manager's permit shall consist of one (1) photographic identification card that contains the following information: a photograph of the manager; the name and address of the adult arcade at which the manager's permit is valid; the full name of the manager; the date of issuance; the effective date; and, the date of expiration.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-240. Amendment.

(a) An applicant or permit holder shall file an application amendment with the chief of police any time a prior statement contained on an application is known to the applicant to be materially incomplete or inaccurate because of changed circumstances.

(b) An applicant or permit holder shall file an application amendment with the chief of police any time a prior statement contained on an application is known to the applicant to be materially incomplete or inaccurate because the statement was incomplete or inaccurate at the time of filing.

(c) The time in which to file an application amendment is:

(1) Thirty (30) calendar days from the date of changed circumstances, or

(2) Thirty (30) calendar days from the date that the applicant knows that a prior statement was incomplete or inaccurate.

(d) It shall be unlawful for an applicant or permit holder to fail to comply with this section. (Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-240.5. Issuance or denial of permits; reinspection; delivery of notice.

(a) The chief of police shall issue the permits to an applicant who qualifies under the provisions of this division by the 30th day after receipt of an application;

(b) The chief of police shall issue a notice of rejection to an applicant who fails to qualify under the provisions of this division by the 30th day after receipt of an application;

(c) The chief shall conduct all necessary background investigations prior to the expiration of thirty (30) calendar days from the receipt of an application for an adult arcade permit or manager's permit for the purpose of determining whether each applicant is in compliance with the provisions of this division, and based upon those findings, the chief shall either issue or reject the permit in accordance with the deadlines herein stated.

(d) The chief, the director of the department of development services, or their designated representatives, and any other pertinent city department or the department's designated representatives, shall complete all inspections required for an application prior to the expiration of thirty (30) calendar days from receipt of the application for an adult arcade permit or manager's permit, and based upon those findings, the chief shall either issue or reject the permit in accordance with the deadlines herein designated.

(e) If an application is rejected based on an inspection of the premises only, the chief shall provide to the duly authorized agent a notice of rejection within ten (10) business days following the deadline to issue a permit or notice.

(f) An applicant may request a re-inspection only if the duly authorized agent:

(1) Submits the request, by certified mail, return receipt requested, within ten (10) business days following the receipt of the decision of the chief, and

(2) Pays to the city a nonrefundable inspection fee of one hundred fifty dollars ($150.00) with the submission of the request.

(g) The chief, the director of the department of development services, or their designated representatives, and any other pertinent city department or the department's designated representatives, shall complete a re-inspection and either issue or reject a permit based upon a request for re-inspection not more than fifteen (15) business days from the date of receipt of the request for re-inspection. If upon re-inspection the chief concludes the noted problems have not been remedied, the chief shall issue a notice of rejection and notify the applicant.

(h) The chief shall send the permit or notice of rejection to the applicant's address, as listed in the application by United States Postal Service postmarked by the final day as herein stated.

(i) Unless otherwise stated in this subsection, delivery by the United States Postal Service shall be presumed to be on the third business day after depositing the mail with the United States Postal Service, unless the applicant has proof to the contrary.

(j) In this subsection, the last known address of an applicant, contained in an application or an amendment, is presumed as the correct address. Whenever delivery to an address is authorized or

mandated under the provisions of this subsection, delivery to the presumed correct address is sufficient to comply under this subsection.

(k) Personal delivery or delivery by mail as prescribed in this subsection, shall be prima facie evidence that the chief has fulfilled his duty to deliver a permit, notice of rejection, notice of intention to revoke/suspend permit, notice of revocation/suspension, or denial of revocation/suspension.

(l) The chief shall issue the requested permit if the chief fails to deliver notice of rejection and does not have prima facie proof of the delivery or deposit, and if the applicant files a written request for issuance of the permit not later than the tenth business day following the deadline to issue a permit or notice. If the applicant fails to timely file a request for the permit upon the failure of the chief to issue the notice, then the applicant shall waive any appeal or cause of action that he may have herein.

(m) The deadlines imposed by this division may be extended by the mutual agreement of the chief of police and the pertinent individual, except as follows:

(1) The chief shall not agree to shorten any deadline;

(2) The chief shall not agree to extend any deadline wherein there is an express provision in this subsection that a failure to comply with the deadline shall result in an applicant's waiver of appeal or cause of action; or

(3) As otherwise prohibited within this subsection.

(n) Notwithstanding the provisions of this section, an applicant whose application is rejected under the provisions of this article and is aggrieved by the decision of the hearing officer may petition to any court having jurisdiction on the subject matter.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Editor's note—Ord. No. 2012-12-06-0933, § 6, adopted December 6, 2012, enacted provisions intended for use as section 21-240. Inasmuch as there are already provisions so designated, and at the discretion of the editor, said provisions have been redesignated as section 21-240.5.

Sec. 21-241. Term of permit.

(a) Each adult arcade permit and manager's permit issued shall be valid until December 31st at which time it shall expire, unless the permit is sooner revoked or surrendered.

(b) Each adult arcade permit and manager's permit shall be subject to renewal as of its expiration date by filing a renewal application.

(c) Each renewal application must be filed at least twenty (20) calendar days prior to the date of expiration.

(d) Except as expressly indicated herein, all of the deadlines, fees, and procedures applicable to any application and permit shall also be applicable to each renewal application and renewal permit.

(e) The chief shall not require another photograph for a renewal application unless he cannot verify the identity of the applicant who filed a renewal application; or, unless the applicant filing a renewal application is different from the individual who filed the original application.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-242. Use of permit.

(a) A permit issued under the provisions of this division is not a property interest but shall be a purely personal privilege that is subject to revocation or suspension if the respondent is found to have violated a provision of this division.

(b) By authority of this division, by accepting a permit, the holder of the permit consents that the chief or a peace officer may detain the individual on the premises of an adult arcade for the purpose of verifying identity and permit.

(c) Any owner or operator that enjoys the benefit of an adult arcade permit or has accepted a permit through a duly authorized agent consents, by authority of this section, that the chief or peace officer may enter the premises of the adult arcade at any time an owner, operator, manager, floor-manager, employee, customer or patron is on the premises to conduct an investigation or inspect the premises for the purpose of performing any duty imposed by this division.

(d) All peace officers shall have the duty to enforce the provisions of this division and cooperate with the chief in the enforcement hereof.

(e) It shall be unlawful for an individual to use the permit of another. It shall be unlawful for an individual holding a permit to transfer that permit for use by another individual. Permits are valid for one (1) adult arcade only and may not be transferred to any other establishment or location.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-243. Procedure for administrative hearings; revocation or suspension of permits.

(a) Conditions resulting in revocation/suspension of adult arcade permit.

(1) An adult arcade permit shall be subject to revocation if, after the issuance of the initial permit:

a. Any permit holder of the adult arcade permit is convicted of a felony or specified criminal act as defined in this article;

b. Any material information on the permit application which would likely have resulted in a denial of the permit is found to have been false when submitted; or

c. An individual or entity not listed on the permit application becomes a duly authorized agent, owner or operator of the adult arcade and such agent, owner or operator would have caused a disqualification if listed on the original permit application.

(2) An adult arcade permit shall be subject to revocation/suspension if, after the issuance of the initial permit, one or more employees of the adult arcade have a cumulative total among them of three (3) or more convictions for felonies or specified criminal acts as defined in this article where the acts that lead to the convictions occurred on the licensed premises within a consecutive 12-month period.

(3) An adult arcade permit shall be subject to revocation/suspension if, after the issuance of the initial permit, any employees of that establishment have a cumulative total among them of three (3) or more convictions or deferred adjudications for any violations of this article wherein the violations that lead thereto have all occurred on the licensed premises on at least three (3) separate calendar dates within a consecutive six-month period.

(b) Conditions resulting in revocation/suspension of manager's permit.

(1) A manager's permit shall be subject to revocation if, after the issuance of the initial permit, the permit holder is convicted of a felony or specified criminal act as defined in this article.

(2) A manager's permit shall be subject to revocation/suspension if, after the issuance of the initial permit, the permit holder has a cumulative total of three (3) or more convictions or deferred adjudications in the name of the permit holder for any violations of this article wherein the violations occurred on at least three (3) separate calendar dates within a consecutive 12-month period:

(c) Notice of intention to revoke/suspend permit. If, on the basis of information and belief, the chief of police concludes that any permit issued under this article is subject to revocation or suspension because of the existence of any of the conditions set forth herein, the chief of police shall initiate a revocation/suspension proceeding by sending a notice of intention to revoke/suspend permit to the permit holder which shall detail the following:

(1) The factual basis for the intention to revoke/suspend the permit;

(2) The provisions of this article alleged to be violated;

(3) The calendar date by which any request for contested case hearing is due; and

(4) The person or office with which any request for a hearing must be filed and the address at which any such request must be filed.

(d) Request for a hearing is required within twenty (20) days of notice having been given by filing a written request for a hearing with the person or office indicated on the notice of intention to revoke/suspend permit.

(e) Upon proper request as set forth above, and except in the case of a continuance granted in accordance with the requirements of this article, each party with standing to contest is entitled to an opportunity to respond and to present evidence and argument on each allegation in the notice of intention to revoke/suspend permit at a hearing to be held within twenty (20) days after the date of filing of their request as shown by the date of filing stamped on the request.

(f) Result of request or failure to request hearing. If no request for a hearing is timely filed, the hearing officer shall revoke the permit in question and issue a notice of revocation. If a request for a hearing is timely filed, the hearing officer shall conduct a hearing in accordance with the provisions of this article.

(g) Notice of a hearing shall be sent or delivered to the person requesting a hearing not less than ten (10) business days from the date of the hearing; shall include a statement of the time, place, and nature of the hearing; and shall be sent via personal delivery or U.S. Postal Service, to the last known address of the person. Notice of a hearing shall be considered timely if properly addressed and postmarked not less than ten (10) business days from the date of the hearing.

(h) Representation by counsel. Each party to a hearing is entitled to the assistance of counsel, at the party's expense.

(i) Status of permit during hearing. While a hearing is pending, and prior to the final decision of the hearing officer regarding revocation or suspension, a permit remains valid unless:

(1) It expires without timely application for renewal;

(2) It is voluntarily withdrawn or surrendered by the permit holder; or

(3) The permit holder commits an act or omission contrary to the provisions of this article which otherwise invalidates the permit.

(j) Decision of the hearing officer.

(1) If on the basis of substantial evidence the hearing officer finds that any of the conditions set forth herein exist for the permit in question, the hearing officer shall revoke the permit.

(2) If on the basis of substantial evidence the hearing officer finds that any of the conditions set forth herein exist for the permit in question, and the permit holder has not had the permit suspended in the previous twelve (12) calendar months, the hearing officer shall suspend the permit for a period of sixty (60) calendar days.

(3) If on the basis of substantial evidence the hearing officer finds that any of the conditions set forth herein exist for the permit in question and the permit holder has had the permit suspended within the previous twelve (12) calendar months, the hearing officer shall revoke the permit.

(4) If the hearing officer does not find the existence of any conditions for which the permit in question may be suspended or revoked under this article, the hearing officer shall deny revocation or suspension.

(5) This section shall not apply during any judicial appeal following the decision of the hearing officer.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-244. Same—Notice of revocation or suspension.

(a) A final decision or order by the hearing officer shall be issued in writing, and shall be rendered not later than five (5) days after the hearing.

(b) Following a final decision, any revocation or suspension of the permit in question shall take effect upon the date of delivery of the notice of the hearing officer's decision or such other date as may be set by the hearing officer and stated in the notice.

(c) Any act authorized by a permit shall be unauthorized and in violation of this article upon and after the effective date of any suspension of the permit until the suspension expires.

(d) Any act authorized by a permit shall be unauthorized and in violation of this article upon and after the effective date of any revocation of the permit unless and until a new permit, if any, is applied for and granted pursuant to the terms of this article. If a permit has been revoked because of crimes or activities occurring on the premises of an adult arcade, any and all permit holders of the adult arcade permit which has been revoked are disqualified from receiving or holding any permit under this article for a period of one (1) calendar year from the effective date of the revocation.

(e) If an adult arcade permit is suspended or revoked because of crimes or activities occurring on the premises of the adult arcade, each and every individual, person, or association listed with the city as a duly authorized agent, owner, or operator of a adult arcade at the time of any suspension or revocation of the adult arcade permit for that establishment shall be considered to have had an adult arcade permit suspended or revoked as if they held the permit in their own name for purposes of determining whether they are qualified to participate in another permit application under this article. If an adult arcade permit is suspended or revoked because of crimes or activities of one or more of the permit holders which did not occur on the licensed premises, then only that individual(s) shall be considered to have had an adult arcade permit suspended or revoked for purposes of determining whether they are eligible to participate in another permit application under this article.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-245. Same—Judicial appeal.

If an application is denied or a permit revoked or suspended by the hearing officer, then:

(1) A respondent shall have thirty (30) calendar days from the date of receipt of notice of rejection or notice of revocation in which to file suit in a Judicial District Court of Bexar County, Texas, and

(2) The respondent shall waive any appeal or cause of action if suit is not filed within the time specified herein.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-246. Configuration; lighting; signage.

The following minimum standards shall apply to the interior design of the premises of all adult arcades after the effective date of this article:

(1) At least one manager's station shall be located within the premises and such location shall provide an employee, operator, agent, or owner on duty, an unobstructed view of every area of the adult arcade to which any patron may be permitted access for any purpose, other than toilet facilities, from said manager's station. If an adult arcade has two (2) or more manager's stations, the interior design of the adult arcade shall be configured to provide an unobstructed view of each area of the adult arcade to which any patron may be permitted access for any purpose other than toilet facilities, from at least one of the manager's stations. The view required must be by direct line of sight from the manager's station. Restrooms may not contain any arcade device.

a. It shall be the duty of the owners, operators, agents or employees of the adult arcade to ensure that the view area specified in this section remains unobstructed by merchandise, display racks or other materials at all times that any patron is present in the adult arcade to ensure that no patron is permitted access to any area of the adult arcade which is

not within this view area. At all times that any patron is present in the adult arcade, it shall be the duty of the owners, operators, agents or employees of each adult arcade to ensure that at least one person who is charged with responsibility for the operation of the adult arcade is on duty at the adult arcade and situated in the manager's station with the view area designated herein.

b. It shall be an exception to the requirements of this subsection that the area of the adult arcade in question is being video monitored.

(2) Video monitoring alternative.

a. No adult arcade shall equip any areas into which patrons may be permitted access, other than toilet facilities, with interior doors, screens, curtains or any other opaque coverings which could obstruct the view into an area in which patrons may be permitted except as allowed under subsection (2)b. It shall be the duty of the owners, operators, agents, and employees of the adult arcade to ensure that each area into which patrons may be permitted access, other than toilet facilities, is not equipped with interior doors, screens, curtains, or any other opaque coverings which could obstruct the view into each area in which patrons may be permitted access except as allowed in subsection (2)b.

b. As an alternative to subsection (1), a room in which a patron is allowed to view a video on the premises may be equipped with an interior door if the owners, operators, agents and employees of the adult arcade:

1. Maintain continuous videotape monitoring of each room in which a patron is located;

2. Make the tapes of each of the videotaped rooms available to police officers upon request for immediate inspection during any hours which the establishment is open for business;

3. Keep and maintain the tapes of each videotaped room for review by law enforcement personnel without notice, for a period of two (2) weeks;

4. Maintain the configuration requirements and other requirements set forth in this division.

(3) During hours of operation, the light fixtures shall be kept on at a sufficient intensity to illuminate by not less than three (3) foot-candle as measured at four (4) feet above the level of the floor and at every area where customers or patrons are allowed. Lighting shall not be subject to intensity control by means of rheostat or other device, but shall be maintained at constant intensity in every area where customers or patrons are allowed. Light control, including on and off switches, shall be maintained at a central location by the manager, and shall not be accessible to customers or patrons. It shall be the duty of the owners, operators, agents or employees of the adult arcade to ensure that the illumination specified in this section is maintained at all times that any patron is present in the adult arcade or at all times the adult arcade is open for business.

(4) Each adult arcade must comply with the following configuration requirements. Nothing herein shall allow the placement of interior doors except as allowed in subsection (2)b.

a. Excepting a door that may serve as an entrance or exit to the building of the establishment for each area to which a customer or patron on the premises is allowed access, excepting the interior of lavatories, any interior door allowed herein must be made of clear glass that is no thicker than one-half-inch or of wood that is no thicker than one and one-half

(1½) inches. All wooden doors must contain a clear glass window that is no thicker than one-half-inch and at least twelve (12) inches wide by twelve (12) inches high. The window must be situated on the door at a height no less than four and one-half (4½) feet and no greater than six (6) feet from the ground. The window may not be partially or fully covered in any manner. Excepting the doorknob, no interior door may be made of metal, reinforced by metal, or be thicker than allowed herein. The door to any interior room may only have one (1) throw from the doorknob or in any other manner latch from more than one (1) place into a striker plate whenever the door is closed; and, excepting one (1) lock that forms part of the doorknob and is neither a deadbolt nor chain, no interior door may have a dead bolt, chain, and/or any type of lock.

b. For each area to which a customer or patron is allowed access, excepting a doorframe that may serve as an entrance or exit to the establishment, each interior doorframe to a wooden door may not be reinforced with any type of metal, excepting a cubic area that is part of the striker plate in the dimensions of not more than six (6) inches long by two (2) inches wide by six (6) inches high.

c. Excepting conduits for plumbing, heating, air conditioning, ventilation, electrical service, or cable or satellite television, no opening is allowed in any wall; partition; screen; lavatory stall; or any other barrier between viewing areas or toilets.

d. The conduits for plumbing, heating, air conditioning, ventilation, electrical service, and cable or satellite television must be so screened or otherwise configured to prevent their use as openings that would allow any portion of an individual to penetrate the wall or barrier between the viewing areas or toilets.

e. All interior walls of any areas into which patrons may be allowed access shall be continuous from floor to ceiling with no apertures, holes or other openings. It shall be the duty of the owners, operators, agents, or employees of the adult arcade to ensure that all interior walls of each area into which patrons may be allowed access is continuous from floor to ceiling with no apertures, holes or other openings.

(5) It shall be the duty of the owners, operators, agents, or employees to ensure that each separate room or compartment of the adult arcade into which patrons may be allowed access will be prominently displayed to ordinary public view with signs as follows:

a. A poster or sign containing an AIDS information telephone number and stating, "Stop AIDS: avoid contact with sexual fluids and dirty needles."

b. A poster or sign containing an AIDS information telephone number and stating, "AIDS is transmitted by sex without condoms or by sharing needles."

c. Alternatively, a poster or sign with a similar message as approved in writing by the city health director may be displayed.

d. In rooms in which video surveillance is being used, a sign notifying persons that video surveillance is being used in the rooms.

e. A sign warning of activities which constitute criminal behavior in the rooms as approved by the police department.

f. Each sign required by this section shall be in lettering not less than

one-half-inch in height unless otherwise approved by the health director.

g. Signage shall be in both the English and Spanish languages.

(6) An adult arcade shall be required to post an outdoor sign advising the public that it has applied for a sexually oriented business permit upon application for said permit. Said sign shall be posted within seventy-two (72) hours of the submittal of application.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-247. Violations; other prohibited conduct; enforcement.

(a) A person having any duty under this article commits an offense if he knowingly or recklessly fails to fulfill that duty or fails to comply with any provision of this division or with any of the requirements hereof.

(b) It shall be unlawful for any owner, operator, agent, or employee present in an adult arcade to knowingly or recklessly allow more than one (1) patron or client at a time to enter or occupy a room in which an arcade device is located. A sign shall be posted at the entryway of each such room which notifies patrons that only one (1) patron at a time may enter or occupy this room.

(c) It shall be unlawful for any owner, operator, agent, or employee present in an adult arcade to knowingly or recklessly allow or permit any of the specified sexual activities to occur in the adult arcade or for any owner, operator or employee to knowingly or recklessly allow or permit the adult arcade to be used as a place in which solicitation for any act of specified sexual activities occur.

(d) In case any premises are erected, constructed, reconstructed, altered, repaired, converted, maintained or used in violation of this division, the city, in addition to imposing criminal sanctions provided therefore, may institute any appropriate action or proceeding, including an action for abatement of a nuisance under state statute, or judicial proceedings to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance or use, to restrain, correct or abate such violation, or to prevent such illegal act, conduct or use.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-248. Authority to file suit.

The city attorney is authorized, at his discretion, in addition to or in lieu of any other remedies set forth in this division, or under any other applicable state statute, to commence an action to enjoin the violation of this division or to enjoin any person, corporation, or association from establishing, operating, or maintaining a public place or adult arcade contrary to the provisions herein, or in any other statute or doctrine.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

DIVISION 5. PENALTIES

Sec. 21-249. Penalties.

(a) The violation of any provision of this article, including the doing of anything which is herein prohibited or declared to be unlawful or the failure to do anything or perform any duty which is required herein, shall be punishable as provided by V.T.C.A., Local Government Code § 243.010(b). Each day that any violation shall continue shall constitute and be punishable as provided by V.T.C.A., Local Government Code § 243.010(b). Each day that any violation shall continue shall constitute and be punishable as a separate offense.

(b) The revocation or suspension of any permit shall not prohibit the imposition of a criminal penalty and the imposition of a criminal penalty shall not prevent the revocation or suspension of a permit.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-250. Authority to file suit.

The city attorney is hereby authorized to file suit to enjoin any violation of this article in addition to or in lieu of any other remedies set forth in this article or under any other applicable state statute to enjoin the violation of this article.

(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-251. Alternative remedies.

Civil enforcement and criminal penalties are alternative remedies that may be sought independently of each other. Criminal prosecution may occur regardless of pursuit of civil remedies and vice versa.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Sec. 21-252. Judicial review.

(a) Any owner, operator, entertainer, manager or applicant of a sexually oriented business who is aggrieved by a decision that denies, suspends, or revokes a permit, and who has complied fully and timely with all applicable provisions pertaining to appeals of decisions in this article may seek appropriate judicial relief by writ of certiorari or other available remedy in a court of competent jurisdiction.

(b) The decision of the hearing official suspending or revoking a permit under this article shall be final as of the date written notice of the hearing official's decision is given to the owner, operator, entertainer, manager, or floor manager of a sexually oriented business, but in order to afford the permit holder an opportunity to seek judicial review shall not be effective for purposes of enforcement of the decision by the chief or the hearing officer until the 30th day following such notice.
(Ord. No. 2012-12-06-0933, §§ 4, 6, 12-6-12)

Secs. 21-253—21-279. Reserved.

ARTICLE X. GRAFFITI

Sec. 21-280. Definitions.

For the purposes of this article, the following definitions shall apply:

Director shall mean the director of the department designated by the city manager to enforce and administer this article or the director's authorized representative.

Felt tip marker shall mean an indelible marker or similar implement with any size tip.

Graffiti shall mean any unauthorized inscription, word, letter, figure, symbol or design visible from a public place, public right-of-way or another person's property that is marked, etched, scratched, drawn, painted or made in any manner on any surface of tangible property regardless of its content or nature and regardless of the nature of the material of the structural component or property. It shall be a rebuttable presumption that the inscription, word, letter, figure, symbol or design was unauthorized if:

(a) The graffiti is inconsistent with the design and use of the subject property;

(b) There is no specific written authorization by the owner on file with the department for the graffiti; or

(c) The person causing the graffiti was unknown to the owner.

Graffiti implement shall mean any aerosol paint container, any type of felt tip marker, paint stick, etching tool, or adhesive materials to include stickers or items capable of scarring or otherwise defacing glass, metal, concrete or wood.

Guardian shall mean any person to whom custody of a minor has been given by a court order.

Paint stick or *graffiti stick* shall mean any device containing a solid form of paint, chalk, wax epoxy, or other similar substances capable of being applied to a surface by pressure, and upon application, leaving a visible mark.

Parent shall mean a person who is the natural or adoptive parent of a person. As used herein, "parent" shall also include a court appointed guardian or other person eighteen (18) years of age or older, authorized by the parent, by a court order, or by the court appointed guardian to have the care and custody of a person.

Property owner shall include, but not be limited to, any equitable owner, any person having a possessory right to the land or building or the person occupying it, any part owner, joint owner, tenant in common, tenant in partnership, joint tenant or tenant by the entirety, or any person, individual, corporation, association or partnership in apparent or actual control of the property or any agent or employee of any of the foregoing.

Sticker shall mean any item that is attached with adhesive material capable of scarring or otherwise defacing glass, metal, concrete or wood.

Unauthorized shall mean without the specific written consent of the owner on file with the department or without authority of law, regulation or ordinance.

Written authorization shall mean the written consent of the property owner to allow graffiti on his property. Said written consent shall be on a form proscribed by the department and filed with the department prior to the placement of any authorized graffiti.
(Ord. No. 2007-05-03-0480, § 2, 5-3-07; Ord. No. 2010-06-24-0617, § 1, 6-24-10; Ord. No. 2013-08-29-0568, § 1, 8-29-13)

Sec. 21-281. Causing graffiti on property unlawful.

It is a violation of the Texas Penal Code and shall be unlawful for any person to knowingly place or cause to be placed any graffiti upon any surface of public or private buildings, structures or other facilities or upon any natural features of public or private property. Penalty is as provided in the Penal Code § 28.08.
(Ord. No. 2007-05-03-0480, § 2, 5-3-07)

Sec. 21-282. Possession of graffiti implements unlawful.

(a) It shall be unlawful for any person to have in his or her possession any graffiti implement in any public park, public or private school ground, public library, public playground, public swimming pool, public recreational facility, any public right-of-way, or any other public grounds or public buildings in the city when any of the above premises are closed to the public.

(b) It shall be unlawful for any person to have in his or her possession, for the purpose of defacing property, any graffiti implement while on private property not open to the public. The graffiti implement shall be presumed to be for the purpose of defacing property if it is in the holder's possession while the holder is on private property closed to the public.

(c) It shall be an offense for the parent or legal guardian of a child under seventeen (17) years of age to intentionally, knowingly, recklessly, or with criminal negligence allow the child to violate the provisions of this article.

(d) It shall be an affirmative defense to prosecution if the person uses the graffiti implement in their employment or in connection with a school, civic or religious activity or has written permission from the director or owner of the premises to engage in an authorized activity utilizing the implements.

(e) Violation of any provisions of this section shall be a misdemeanor offense and shall be punishable by a mandatory fine of not less than two hundred dollars ($200.00) nor more than five hundred dollars ($500.00) for the first offense and a mandatory fine of not less than four hundred dollars ($400.00) nor more than five hundred dollars ($500.00) for second and subsequent offenses. The court shall have the discretion to provide other means of punishment which may include community service and/or restitution.
(Ord. No. 2007-05-03-0480, § 2, 5-3-07; Ord. No. 2013-08-29-0568, § 1, 8-29-13)

Sec. 21-283. Graffiti declared a nuisance.

Any graffiti is hereby declared to be a public nuisance as it:

(1) Tends to reduce the value of private property;

(2) Invites vandalism, additional graffiti, and other criminal activities;

(3) Produces urban blight; and

(4) Is detrimental to the safety and welfare of the public.

(Ord. No. 2007-05-03-0480, § 2, 5-3-07)

Sec. 21-284. Owner responsibility and graffiti removal.

(a) It shall be unlawful for any property owner to fail to abate or cause the abatement of graffiti from his or her property after receiving notice of the nuisance and being given an opportunity to effect the abatement within the time allowed by this article unless otherwise exempted.

(b) This section shall not apply:

(1) To property that is residential owner-occupied or is a commercial property occupied by an ongoing business;

(2) To graffiti located on transportation infrastructure; or

(3) In cases in which the removal of the graffiti would create a hazard for the person performing the removal.

(c) Prior to any enforcement efforts by the city, the director shall inform the property owner that the city will remove the graffiti from the owner's property free of charge if the owner provides written consent for the removal and releases the city, its contractors, and/or volunteer personnel from liability in the performance of the graffiti abatement by completing a permission and waiver form.

(d) If the city informs the property owner of the removal free of charge in accordance with subsection (d) and the United States Postal Service returns the notice as "refused" or "unclaimed," or the property owner fails to respond to the city's request for written permission to remove the graffiti within ten (10) days of the date such request is mailed, the property owner will be deemed to have refused the offer.
(Ord. No. 2007-05-03-0480, § 2, 5-3-07; Ord. No. 2010-06-24-0617, § 1, 6-24-10)

Editor's note—Ord. No. 2010-06-24-0617, § 1, adopted June 24, 2010, changed the title of section 21-284 from "Failure to remove graffiti" to "Owner responsibility and graffiti removal." The historical notation has been preserved for reference purposes.

Sec. 21-285. Notice to abate graffiti.

(a) If the property owner refuses the offer of removal free of charge, the director shall serve written notice to abate the graffiti from the property within fifteen (15) days after the date the notice is received.

(b) Notice under this article shall be given:

(1) Personally in writing;

(2) By letter sent by certified mail, addressed to the property owner at the property owner's address as contained in the records of the Bexar County Appraisal District; or

(3) If service cannot be obtained under subsections (1) or (2):

a. By publication at least once in a newspaper of general circulation;

b. By posting the notice on or near the front door of each building on the property to which the notice relates; or

c. By posting the notice on a placard attached to a stake driven into the ground on the property to which the notice relates.

(c) If the director mails a notice to a property owner in accordance with this section and the United States Postal Service returns the notice as "refused" or "unclaimed," the validity of the notice is not affected, and the notice is considered delivered.

(d) Notice under this article shall contain:

(1) An identification, which is not required to be a legal description, of the property;

(2) A description of the location of the graffiti on the property;

(3) The time period in which the owner must abate the nuisance;

(4) A statement that the owner must abate the graffiti nuisance within such time period;

(5) A statement that the owner may request a hearing within fifteen (15) days;

(6) A statement that should the owner fail to abate the situation within the stated time period, the city may cause the correction and abatement work to be done on it's own and shall charge the owner for the expenses involved, and upon failure of the owner to pay the city for such expense, fix a lien on the lot or parcel for the expense involved;

(7) A statement that if the owner demonstrates a hardship as defined in section 21-288, the director shall cause the graf-

fiti to be abated without cost to the owner, and no lien shall be placed on the property.

(e) Notice under this article shall be deemed to have been received:

(1) For personal service, as of the date the notice was given personally to the owner;

(2) For mailed notice, the date the notice is received; or

(3) For notice by posting, fifteen (15) days after notice was posted on the property or structure.

(Ord. No. 2007-05-03-0480, § 2, 5-3-07; Ord. No. 2010-06-24-0617, § 1, 6-24-10)

Sec. 21-286. Hearing.

The owner of a lot or parcel subject to abatement under this article may request a hearing by notifying the director within fifteen (15) days following the date the city serves the required notice. The hearing shall be conducted by a hearing official designated by the city manager for the purpose of determining whether the conditions constitute a public nuisance under the provisions of this article. Unless notice is waived by the owner, the owner shall be provided written notice of the time and place of the hearing at least ten (10) days prior thereto. At the hearing, the owner and the director may present any evidence relevant to the proceedings. If the hearing official finds that conditions constituting a nuisance hereunder exist, the hearing official shall issue an order so stating.

(Ord. No. 2007-05-03-0480, § 2, 5-3-07; Ord. No. 2010-06-24-0617, § 1, 6-24-10)

Sec. 21-287. Paint provided.

An owner who demonstrates to the director that his structure has been subjected to graffiti may be provided sufficient paint materials, if available, to cover the graffiti on the structure on the property. The materials will typically be from donated sources or bulk purchases and the paint may not match the existing background surface color. The owner shall have ten (10) business days following receipt of the paint materials to abate the graffiti.

(Ord. No. 2007-05-03-0480, § 2, 5-3-07)

Sec. 21-288. Hardships.

(a) Each notice given under section 21-285 shall advise of the availability of the relief under this section. Applications for relief under this section shall be submitted to the director in such form and with such proofs of ownership, repeat occurrences and related factors as may be required to determine whether the applicant is entitled to assistance within ten (10) days following the date the city mails, posts or delivers the notices under section 21-285.

(b) The director may cause the graffiti to be abated without cost to the owner if an owner demonstrates that the property for which notice of graffiti has been issued has been the subject of at least two (2) prior graffiti incidents (evidenced by either notices provided pursuant to this article or bona fide police reports) during the preceding one hundred eighty (180) days, that the owner complied with the requirements of this article by abating the prior graffiti within ten (10) business days of the date of the applicable notice or police report and that the city has abated the property no more than twice in a calendar year.

(Ord. No. 2007-05-03-0480, § 2, 5-3-07)

Sec. 21-289. Abatement by city; payment of costs by owner; imposition of lien.

(a) If an owner fails to abate a graffiti nuisance during the time allowed for abatement and/or fails to respond to the notice of the nuisance, the director may order abatement of the nuisance to be done at the owner's expense. This remedy shall be in addition to any other remedy available to the city.

(b) Persons authorized by the director to abate the nuisance may enter private property to examine a public nuisance, to obtain information to identify the nuisance, and to remove or direct the removal of the nuisance.

(c) Whenever the city shall abate a graffiti nuisance as provided by this article, the director shall have the option of selecting a private contractor to abate the nuisance.

(d) The city shall assess to the owner a charge for all work done to abate the graffiti nuisance, including an administrative expense of one hundred eighty dollars ($180.00), and cause the expense thereof to be assessed on the property upon which such expense is incurred. All revenue collected shall be deposited in a separate account in the city dedicated to graffiti abatement.

(e) A statement of the costs incurred by the city to abate the nuisance shall be mailed to the owner, if the owner and mailing address is known, and, if not known, may be published in a newspaper of general circulation in the city. The statement shall demand payment within thirty (30) days from the date of receipt or publication.

(f) If such statement has not been paid within such period, the city manager or other official designated by the city manager may file a statement of expenses incurred with the county clerk stating the owner's name, if known, and the legal description of the lot or parcel. The statement of expenses or a certified copy of the statement shall be prima facie proof of the expenses incurred. Such statement shall be and the city shall have a privileged lien for expenditures made and interest accruing at the rate of ten (10) percent on the amount due from the date incurred by the city. Such liens shall be inferior only to tax liens and liens for street improvements. The city may foreclose such liens in a proceeding brought in accordance with applicable law. The remedy allowed in this subsection shall not be the city's sole remedy.
(Ord. No. 2007-05-03-0480, § 2, 5-3-07; Ord. No. 2009-09-17-0731G, § 4, 9-17-09)

ARTICLE XI. SOCIAL HOST UNDERAGE DRINKING ACCOUNTABILITY

Sec. 21-300. Title.

This article shall be known as "social host underage drinking accountability."
(Ord. No. 2016-12-15-0999, § 1, 12-15-16)

Sec. 21-301. Legislative purpose.

The purposes of this article are to:

(1) Protect the public health, safety and general welfare;

(2) Promote the reduction of underage drinking by imposing a civil fine on persons or entities responsible for gatherings where alcohol is consumed by, served to or in the possession of underage persons;

(3) Facilitate the enforcement of laws prohibiting the service to, consumption of or possession of alcoholic beverages by underage persons; and

(4) To offset the city's costs associated with providing fire, police, and other emergency services to gatherings involving underage drinking, by imposing a civil fee upon the persons or entity responsible for the gathering involving underage drinking to occur on their premises, at their residences, or at rented facilities.
(Ord. No. 2016-12-15-0999, § 1, 12-15-16)

Sec. 21-302. Legislative findings.

The recitals set forth above are incorporated herein as legislative findings by the city council.
(Ord. No. 2016-12-15-0999, § 1, 12-15-16)

Sec. 21-303. Definitions.

For the purpose of this article, the following definitions shall apply:

Alcoholic beverage means alcohol, or any beverage containing more than one-half of one percent of alcohol by volume, which is capable of use for beverage purposes, either alone or when diluted, including but not limited to beer, wine, ale, liquor, distilled spirits and wine coolers.

Gathering involving underage drinking means a party or gathering of two (2) or more persons at which one or more underage person possesses or consumes an alcoholic beverage.

Other private property refers to hotel or motel room; an assembly hall or meeting room; a common room of a dwelling unit used for a party (e.g., recreation room of an apartment building); a site in a privately owned campground; privately owned vacant lot; privately owned agricultural land; or privately owned rural land whether occupied as a dwelling, part or other social function, and whether owned, leased, rented or used without compensation.

Public safety services and/or *response costs* means the costs associated with responses by law enforcement, fire and other emergency response providers to gatherings involving underage drinking, including but not limited to:

(1) The portion of the cost of salaries and benefits of law enforcement, fire or other emergency response personnel for the amount of time spent responding to, remaining at, or otherwise dealing with the gathering(s) involving underage drinking, and the administrative costs attributable to such response(s);

(2) The cost of any medical treatment to or for any law enforcement, fire or other emergency response personnel injured responding to, remaining at or leaving the scene of a gathering involving underage drinking; and

(3) The cost of the use of any equipment or property, and the cost of repairing any equipment or property damaged, in responding to, remaining at or leaving the scene of a gathering involving underage drinking.

Residence includes a dwelling unit such as a home, condominium or apartment; structures on the residence other than the dwelling such as a garage, studio, tent, boat dock, swimming pool, barn or boat house; land on the residence whether improved or unimproved such as a yard, patio, open fields, piers or lake shores; water bodies on the residence such as a pond, lake, river or stream; a motor vehicle, camper or trailer located on the residence or a boat, watercraft, or other marine vessel located on the residence whether occupied on a temporary or permanent basis, whether occupied as a dwelling or for a party or gathering, and whether owned, leased, rented, or used with or without compensation.

Underage person means any person less than twenty-one (21) years of age.
(Ord. No. 2016-12-15-0999, § 1, 12-15-16)

Sec. 21-304. Prohibition of gatherings involving underage drinking.

No person shall suffer, permit or host a gathering involving underage drinking at a location under his or her control, including but not limited to the person's residence, other private property, place, premises, or public place.
(Ord. No. 2016-12-15-0999, § 1, 12-15-16)

Sec. 21-305. Protected activities.

This article shall not apply to activities duly permitted by the state or the city, or to activities protected by the First or Fourteenth Amendments to the United States Constitution.
(Ord. No. 2016-12-15-0999, § 1, 12-15-16)

Sec. 21-306. Violation(s); civil penalties.

It shall be a civil violation for a person to violate section 21-304 of this article. Law enforcement personnel, at the officer's discretion, may immediately issue a notice of violation for this civil violation upon evidence of the violation. There is no requirement of a first warning in order for law enforcement to issue this civil citation.

(1) Civil penalty. A first violation of this section shall result in a notice of violation with a civil penalty not to exceed three hundred dollars ($300.00). A second or subsequent violation shall result in a notice of violation with a civil penalty not to exceed five hundred dollars ($500.00).

(2) Peace officers employed by the city, and the San Antonio police department, are hereby authorized to issue notices of violations for violations of the article, by

issuing a written notice of violation to any and all responsible persons identified by law enforcement within thirty (30) days of the violation. The notice of violation may be delivered in person, or by certified mail.

(3) The notice of violation shall include:

a. The name(s) of the person(s) being held liable for the payment of such costs;

b. The location where the gathering involving underage drinking occurred;

c. A description of the violation;

d. The date and time of the violation;

e. The amount of the civil penalty for which the person is liable;

f. Notice and warning that a second or subsequent violation of this article on the same date or within six (6) months of the date of the notice shall result in the person's liability for the cost of providing public safety services (i.e., fire, ambulance, law enforcement, and other emergency providers), and that the cost recovery for public safety responses shall be separate and distinct from a civil penalty for a violation;

g. Notice of the right and method to request an administrative hearing to challenge the validity of the notice of violation, and the deadline for requesting that hearing; and

h. Notice that failure to contest or pay the civil penalty in a timely manner is an admission of liability and a waiver of the right to appeal the imposition of the civil penalty.

(4) The civil penalty prescribed in this section is in addition to any civil cost recovery fee for public safety responses that may be assessed pursuant to section 21-307.

(Ord. No. 2016-12-15-0999, § 1, 12-15-16)

Sec. 21-307. Imposition of civil cost recovery fee for public safety responses.

The requirement of a first warning in subsection 21-306(3)d. does not limit the ability of public safety personnel to issue a civil citation for the imposition of civil penalties for cost recovery on the same day that the warning is given if the warning does not end the gathering involving underage drinking. The cost recovery for public safety responses shall be separate and distinct from a civil penalty for a civil violation described in section 21-306.

(1) The amount of cost recovery under this subsection shall be the response costs.

(2) The city police department shall develop a schedule of costs for use in determining response costs subject to this article.

(3) If there is more than one responsible person for the gathering then each responsible person shall be jointly and severally liable for the civil penalty and/or for the costs incurred for public safety services pursuant to this article.

(4) Civil cost recovery fee(s) shall not be imposed for the medical response costs in those situations where those present at the gathering call for emergency services for an actual emergency at the premises.

(Ord. No. 2016-12-15-0999, § 1, 12-15-16)

Sec. 21-308. Hearings on the imposition of civil fine and/or imposition of civil cost recovery fee for public safety response; appeals.

(a) The city manager, or the city manager's designee, shall appoint an independent hearings officer ("hearings officer"), to preside over appeals under this article.

(b) Any person subject to a civil penalty pursuant to section 21-306 or subject to a civil cost recovery fee for public safety responses pursuant to section 21-307 shall have the right to request an administrative hearing within forty-five (45) days of the issuance of a notice of violation. To request such a hearing, the person requesting

the hearing shall notify the city clerk's office, in writing, within forty-five (45) days of the issuance of the citation.

(c) The hearings officer is delegated the power and duty to hear any appeal hearing under section 21-308. The hearings officer shall conduct a hearing on the matter within ninety (90) days of the request for the hearing unless one of the parties requests a continuance for good cause. The hearings officer shall render a decision within thirty (30) days of the conclusion of the hearing. The hearings officer shall have the sole authority for sustaining or overturning a notice of violation or imposition of response costs issued under this article. The decision of the hearings officer shall be final.

(d) An appeal of a notice of violation under section 21-307, or imposition of costs under section 31-308, must include the following procedures:

(1) Every person who appeals shall have the right to appear in person or through an attorney;

(2) All persons who testify at the hearing shall testify under oath, and the person who appealed shall have the right to produce evidence, and subpoena and call witnesses; and

(3) The burden of proof is on the city to prove by a preponderance of the evidence that the civil violation occurred.

(Ord. No. 2016-12-15-0999, § 1, 12-15-16)

Sec. 21-309. Billing and civil penalty and civil cost recovery fee for public safety responses; debt to city; enforcement.

(a) The amount of a civil penalty and/or civil cost recovery fee for public safety responses shall be deemed a debt owed to the city by the person responsible for the gathering. Any person owing such penalty and/or fees shall be liable in an action brought in the county for recovery of such penalty and/or fees.

(b) The police chief shall mail notice via certified mail within twenty (20) days of the public safety response for which the person is liable giving rise to such costs. The police chief shall calculate and compile an itemized list of applicable response costs. The notice shall contain the following information:

(1) The name(s) of the person(s) being held liable for the payment of such costs;

(2) The address of the residence or other private property where the gathering involving underage drinking occurred;

(3) The date and time of the response;

(4) The law enforcement, fire and/or emergency service responder who responded;

(5) The date and time of any previous warning given pursuant to Article 91-307;

(6) An itemized list of the response costs for which the person(s) is liable;

(7) Information regarding the date payment is due;

(8) The right and method to request an administrative hearing to challenge the imposition of response costs and/or civil penalties; and

(9) Notice that failure to contest or pay the civil penalty or costs in a timely manner is an admission of liability and a waiver of the right to appeal the imposition of the civil penalty and costs.

(c) The responsible person must remit payment of the noticed costs and/ or civil penalties to the city within forty-five (45) days of the notice thereof. The payment of any such costs shall be stayed upon a timely request for an administrative hearing made pursuant to section 21-308.

(d) The city manager, and the city manager's designee, shall have the authority to file any action or proceeding to recover such civil penalties, public safety response costs, expenses and/ or civil penalties, and take any other actions at law which he may deem necessary to recover same.

(Ord. No. 2016-12-15-0999, § 1, 12-15-16)

Sec. 21-310. Remedies cumulative; actions; relationship to other laws.

The remedies provided under this article are cumulative, and shall not restrict the city to any other remedy to which it is entitled under law or equity. Nothing in this article shall be deemed to preclude the imposition of any criminal penalty under state law. Nor shall anything in this article be deemed to conflict with any penalty or provision under state law, or prohibit any conduct authorized by the state of federal constitution.

Sec. 22-2. Vendors operating in parks.

(a) It shall be permissible for properly licensed vendors to offer for sale in city parks, prepared and packaged food items and soft drinks subject to the following restrictions:

(1) Vendor's vehicles, carts and other conveyances shall be restricted to park roads and parking areas.

(2) No vending shall be permitted in recreation or other park activity buildings with the exception of the Woodlawn Lake Community Room.

(3) Vending shall not be construed to mean dispensing of soft drinks or prepackaged food items from vending machines.

(4) Vendors may not operate in any city park or park facility covered by a city concession contract.

(5) Vendors shall not use any utility outlets in the conduct of their operations.

(6) Vendors shall pick up trash and refuse accumulations in and around their area of operation.

(7) Notwithstanding the preceding vending shall not be allowed in any portion of Woodlawn Lake Park or on any street adjacent to the park, except: (a) the Woodlawn Lake Community Room for food and non-alcoholic drink vending services; and (b) in the three (3) designated

mobile vending locations identified by the department of parks and recreation. Vendors wishing to provide pre-packaged prepared food items, pre-packaged food items and soft drinks in the mobile vending designated locations in Woodlawn Lake Park shall make application to the Department of Parks and Recreation. Permits will be issued for no more than a three-month period. When more than three (3) applications are received for use of these locations, a lottery will be held by the department of parks and recreation to select the approved vendors for the next three-month period. Approved vendors shall be required to pay a two hundred twenty-five dollar ($225.00) permit fee for each three-month period.

(8) The director of parks and recreation shall have authority to institute approved vendor licensing programs in other city parks outside of the downtown business district with similar terms, conditions and restrictions as contained in subsection (7) and shall be authorized to charge a fee of two hundred twenty-five dollar ($225.00) permit fee for each three-month period.

(b) The tax assessor-collector shall, when issuing the appropriate license provide with said license an instruction list outlining the above described restrictions.

Sec. 22-13. Aquatics fees.

(a) The parks and recreation department is hereby authorized to charge the fees set by the following schedule for admission to San Antonio Natatorium.

(1) Persons under the age of eighteen (18) years $2.00

(2) Persons aged eighteen (18) to fifty-nine (59) years 4.00

(3) Persons aged sixty (60) years and over 3.00

(4) Adults (age eighteen (18) to fifty-nine (59) years) may purchase an adult swim pass good for twenty (20) admissions to the San Antonio Natatorium for seventy dollars ($70.00). The adult swim pass must be used within ninety (90) days of issuance and will expire ninety (90) days after the date of issuance regardless of the number of admissions utilized.

(5) Seniors (aged sixty (60) years and over) may purchase a senior swim pass good for twenty (20) admissions to the San Antonio Natatorium for fifty dollars ($50.00). The senior swim pass must be

used within ninety (90) days of issuance and will expire ninety (90) days after the date of issuance regardless of the number of admissions utilized.

(6) Individuals requiring swimming exercises as a part of a health care provider directed therapeutic program may apply for no charge admission to the San Antonio Natatorium. Said application must be accompanied by a written confirmation of the need for therapeutic swimming exercise, and the duration of this need, by the health care provider and be for a specifically named individual. Upon review of said application and documentation, city parks and recreation staff may issue a permit for no charge admission to the San Antonio Natatorium for the duration of the certified need. Admission will be for swim times open to the general public only, and the city shall provide no other services beyond admission to the San Antonio Natatorium.

(b) The parks and recreation department is hereby authorized to charge the following special group rates for use of the San Antonio Natatorium:

(d) Any person violating the provisions of this section shall be guilty of a class C misdemeanor. (Ord. No. 2008-04-17-0317, § 5, 4-17-08; Ord. No. 2010-09-16-0791, § 1(Att. C), 9-16-10)

Editor's note—Ord. No. 2008-04-17-0317, § 5, adopted April 17, 2008, amended § 22-25 in its entirety to read as herein set out. Formerly, § 22-25 pertained to overnight camping fees for Eisenhower Park and McAllister Park, and derived from Ord. No. 65691, § 8, adopted September 10, 1987, and Ord. No. 2006-09-07-1009, § 8, adopted September 7, 2006.

Sec. 22-25.1. Fires and fire hazards—Smoking, campfires and cooking fires.

(a) It shall be unlawful to have a fire except in designated fire pits, fire rings, and barbeque pits.

(b) Smoking shall be prohibited in parks designated as natural areas by the director of parks and recreation and parks developed as part of the Linear Creekway Parks development program (Leon Creek, Salado Creek, Medina River), except in areas located within these parks designated as smoking areas. "Smoking" shall mean inhaling, exhaling, burning, or carrying any lighted cigar, cigarette, pipe, weed, plant, or other combustible substance in any manner or in any form.

(c) It shall be unlawful to collect firewood, except kindling, in city park areas.

(d) It shall be unlawful to utilize a portable barbeque pit, grill or similar device in parks that are designated as natural areas by the director of parks and recreation with the following exceptions:

(e) The director of parks and recreation department may declare an area as "extreme fire hazard" and all fires and smoking will be prohibited without exception until such designation is removed. It is understood that this declaration may precede such designation by the fire department.

(f) Any person violating the provisions of this section shall be guilty of a class C misdemeanor. (Ord. No. 2008-04-17-0317, § 6, 4-17-08)

Sec. 22-26. Prohibiting the use of bicycles, skates, skateboards, rollerblades, in public parks except for in designated areas.

(a) It shall be unlawful to drive, ride or use bicycles, skates, skateboards, or rollerblades in any city park except:

(1) On those trails approved for such use as designated by the director of the parks and recreation department or the director of the downtown operations department for all downtown parks administered by the downtown operations department;

(2) On park roads; or

(3) On designated park equipment.

(b) It shall be an affirmative defense to any charge that a bicycle used was by a child riding a tricycle or bicycle with training wheels under immediate adult supervision.

(c) Any person violating the provisions of this section shall be guilty of a class C misdemeanor. (Ord. No. 2008-04-17-0317, § 7, 4-17-08)

Editor's note—Ord. No. 2008-04-17-0317, § 7, adopted April 17, 2008, amended § 22-26 in its entirety to read as herein set out. Formerly, § 22-26 pertained to prohibiting bicycles, skates, skateboards, rollerblades, motorized and non-motorized vehicles on walking/running tracks and trails in selected public parks, and derived from Ord. No. 91093, § 1, adopted January 6, 2000.

Sec. 22-26.1. Trails.

(a) The director of the parks and recreation department or the director of the downtown operations department for all downtown parks administered by the downtown operations department, shall have the authority to specify use categories for trails, which shall be determined by park location, park conditions, and size and/or construction material(s) of trails. Each trail within a city park will be designated into an appropriate use category. All park trails shall be determined to be pedestrian trails unless specifically designated as another category.

(b) The following trail designations shall utilized:

(1) Nature trails shall be utilized for walking or hiking. Bicycles, skateboards, rollerblades, motorized or non-motorized vehicles are prohibited.

(2) Pedestrian trails shall be utilized for walking, hiking or jogging. Bicycles, skateboards, rollerblades, motorized or non-motorized vehicles are prohibited. The exception of children on tricycles or on bicycles with training wheels may be allowed, as long as they are utilized under immediate adult supervision.

(3) Bicycle trails shall be utilized for biking. Walking, hiking, jogging, skateboards, rollerblades, motorized or non-motorized vehicles are prohibited.

(4) Multi-use trails shall be utilized for a combination of activities including but not limited to walking, hiking, jogging, biking and skating, as specifically designated. Bicycles and skaters will give right-of-way to walkers. Some limited motorized equipment may be allowed in certain designated areas and within parameters determined by the director of parks and recreation. Any such allowed equipment shall give right-of-way to all other users.

(c) It shall be unlawful to utilize a trail in violation of its designated use determined by the director of the parks and recreation department or the director of the downtown operations department.

(d) It shall be unlawful for any person to enter a naturally vegetated area in a city park not designated for public access.

(e) It shall be unlawful to bring horses onto any city trails unless the director of the parks and recreation department has designated the trail for horse riding.

(f) It shall be an affirmative defense to any charge that the person was an employee or official of the city performing maintenance, security or monitoring activities.

(g) Any person violating the provisions of this section shall be guilty of a class C misdemeanor. (Ord. No. 2008-04-17-0317, § 8, 4-17-08)

Sec. 22-27. Daily rental rates for the Arneson River Theater.

The following daily rental rates for the Arneson River Theater are hereby established:

(1) *Non-commercial rate:* Two hundred fifty dollars ($250.00) per hour, fifty dollars ($50.00) per additional hour plus five hundred dollars ($500.00) security deposit.

(2) *Commercial rate:* $500.00/per hour, then $100.00/additional hour plus $500.00 security deposit.

(Ord. No. 66836, § 1, 3-24-88; Ord. No. 90497, § 3, 9-16-99; Ord. No. 2006-09-07-1010, § 1, 9-7-06; Ord. No. 2007-09-0973C&D, § 1, 9-13-07; Ord. No. 2008-09-11-0777A, § 7, 9-11-08)

Editor's note—Ord. No. 66836, § 1, adopted March 24, 1988, did not specifically amend the Code; hence, inclusion of said provisions as § 22-27 was at the discretion of the editor.

Sec. 22-28. Public parks hours of operation and curfew.

(a) All public parks owned or operated by the city, except for the River Walk between Josephine Street and Eagleland Drive, Alamo Plaza, La Villita, Market Square, Woodlawn Lake Park and HemisFair Park shall be closed for all purposes at 11:00 p.m. each day and re-opened for public use at 5:00 a.m. each day. Woodlawn Lake Park shall be closed for all purposes at 12:00 midnight each day and re-opened for public use at 5:00 a.m. each day. Public parks may be utilized for special events and/or holiday use

between the hours of 11:00 p.m. and 5:00 a.m. on any day with the prior written approval of the director of the department of parks and recreation ("director") through the issuance of a special events permit or holiday declaration. A holiday declaration by the director shall have the effect of lifting the curfew for those parks specified by the director during those time periods specified by the director. The department of parks and recreation shall develop written guidelines for the issuance of special events permits. At a minimum, the department of parks and recreation shall have authority to reject any and all applications on the basis of protecting the health and safety of the public and the foregoing guidelines shall include such authority. Said written guidelines may include limitations on the types of special uses, noise limitations, maintenance requirements, limitations on the frequency with which any individual, group, association or entity shall be granted such special use permits and any other restrictions deemed appropriate by the department of parks and recreation. The curfew set forth in this section will not apply to organized programs and activities in public parks and parks facilities staffed, sponsored or co-sponsored by the department of parks and recreation. It is an affirmative defense to prosecution that during those hours prohibited by this section there occurred an official use or event by an organization which has entered into a lease or license agreement with the city specifically authorizing such use of such specific area in the public park. The department of parks and recreation shall have authority to set more restrictive hours of operation for individual parks and facilities on a case by case basis but not to change the hours of the curfew violations as defined by this section.

(b) It shall be unlawful for a person to be in or on a public park in violation of this section.

(c) If an events permit has been issued to a person in accordance with subsection (a) hereof, it shall be unlawful for such person to be in or on a public park in violation of any condition or limitation set forth in such events permit.

(d) Reserved.

(e) Notwithstanding subsection (a), parks designated as natural areas by the director of parks and recreation and parks developed as part of the Linear Creekway Parks development program (Leon Creek, Salado Creek, Medina River) shall be closed for all purposes each day at sunset, or after events scheduled by the department of parks and recreation are completed, and will re-open each day at sunrise.

(f) Any person violating the provisions of this section shall be guilty of a class C misdemeanor.

(g) Any vehicle left parked after the curfew hours established above shall be subject to towing. (Ord. No. 66877, 3-31-88; Ord. No. 89570, §§ 3, 4, 4-8-99; Ord. No. 92091, § 1, 6-29-00; Ord. No. 2008-04-17-0317, § 9, 4-17-08; Ord. No. 2012-05-03-0325, § 2, 5-3-12; Ord. No. 2025-02-13-0109, § 1(Exh. I), 2-13-25)

Editor's note—Ord. No. 66877, adopted March 31, 1988, did not specifically amend this Code; hence inclusion of said provisions as § 22-28 was at the discretion of the editor. Ord. No. 92091, § 1, adopted June 29, 2000, changed the title of § 22-28 from "Closure of Padre and Comanche Lookout Parks at nightfall or after scheduled events." to "Public parks hours of operation and curfew."

Sec. 22-29. Reserved.

Editor's note—Ord. No. 2006-09-07-1010, § 4, adopted September 7, 2006, repealed § 22-29 in its entirety, which pertained to admission fees for Tower of the Americas and derived from Ord. No. 67912, § 7, adopted September 15, 1988; Ord. No. 69981, § 1, adopted August 10, 1989; Ord. No. 76474, § 1, adopted September 10, 1992; Ord. No. 82818, § 2, adopted September 14, 1995, and Ord. No. 94585, §§ 10—12, adopted September 20, 2001.

ARTICLE IX. RIVER WALK*

Sec. 22-138. Definitions.

The following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Business establishment shall mean a business that contains at least one (1) entrance along the River Walk area.

Queue shall mean to form a line or arrange in a line.

Right-of-way shall mean an area or strip of land, designated by the city on the map attached hereto and incorporated herein for all purposes as Attachment I, occupied or unoccupied by a walkway, for pedestrian traffic or other similar uses for the safe passage of pedestrians. Any reference on the map in Attachment I to concrete walk (conc. walk), concrete slab (conc. slab), and landing shall be included in the definition of right-of-way. The definition shall only apply to this article unless otherwise specified. A copy of Attachment I shall be available for inspection in the office of the city clerk.

River Walk area shall have a meaning consistent with Chapter 35, Article VII of the City Code.
(Ord. No. 83938, § 1, 4-11-96)

*__Cross reference—__Tourist and trade center areas, Ch. 32.

Sec. 22-139. Purpose.

The purpose of this article is to preserve the safety of the visitors to the River Walk area; to reduce the number of people queuing along the River Walk area awaiting entry into a business establishment; and to promote the use of technology to summon waiting patrons to business establishments instead of queuing along the River Walk area.
(Ord. No. 83938, § 1, 4-11-96)

Sec. 22-140. Declared public nuisance.

(a) It shall be unlawful for a business establishment, its owners, its designated agent, the person in charge of the premises, or the owner of the property to allow any obstruction on the public right-of-way of the River Walk area.

(b) It shall be unlawful for a business establishment, its owner, designated agent, person in charge of the premises, or owner of the property to allow patrons to queue on, or wait for entrance into the business establishment on the public right-of-way of the River Walk area.
(Ord. No. 83938, § 1, 4-11-96)

Sec. 22-141. Penalty.

Violation of section 22-140(a) or section 22-140(b) above is hereby declared a public nuisance. A violator of section 22-140(a) or section 22-140(b) shall be guilty of a misdemeanor and upon conviction shall be subject to a fine of not less than one hundred dollars ($100.00), but not more than five hundred dollars ($500.00) for the first violation. Every subsequent violation of section 22-140(a) or section 22-140(b) shall subject the violator to a fine of not less than two hundred dollars ($200.00), but not more than five hundred ($500.00).
(Ord. No. 83938, § 1, 4-11-96)

Sec. 22-142. Work barge rental fees.

Rental fee for the use of a city owned work barge on the San Antonio River shall be sixty dollars ($60.00) per hour. Barges may only be operated by a certified city operator and the rental fee shall include the services of the operator. All rental fees received for said rentals shall

be deposited into the city general fund. No rental fee will be assessed for the use of barges in official city sponsored events or by city departments.
(Ord. No. 85156, § 1, 11-21-96; Ord. No. 2008-09-11-0777A, § 10, 9-11-08)

Sec. 22-143. Operation of vessels on the San Antonio River for commercial purposes.

(a) No boat or barge may be operated or launched in the San Antonio River Channel for commercial purposes without approval of the city council expressed in an ordinance expressly identifying the individual, corporation, partnership or other entity authorized to provide such services.

(b) For purposes of the foregoing section, the "San Antonio River channel" is defined as the San Antonio River between South Alamo Street and the head waters of the river located at Hildebrand Avenue and Brackenridge Park, together with the Riverbend and all man-made canals connected to the bed of the San Antonio River between these points.

(c) Any person who violates this section is subject to a fine of up to five hundred dollars ($500.00) per violation.
(Ord. No. 85958, § 1, 5-1-97; Ord. No. 2008-04-17-0317, § 13, 4-17-08)

Sec. 22-144. Operation of vessels on the San Antonio River for noncommercial purposes.

(a) No boat or barge may be operated or launched in the San Antonio River channel for noncommercial purposes without written approval of the director of the department of parks and recreation or downtown operations of the city.

(b) Applications for approval to operate or launch vessels on the San Antonio River channel for noncommercial purposes submitted to the director of the department of parks and recreation downtown operations must include details regarding the applicant, the type of vessel, passenger capacity. Purpose, requested date(s) and duration of launch and operation. For events involving multiple vessels to be operated on the San Antonio River channel, the director of the department of parks and recreation is invested with discretion to accept an application summarizing the required information for all vessels involved in the event.

(c) For purposes of the foregoing section, the "San Antonio River Channel" is defined as the San Antonio River between South Alamo Street and the head waters of the river located at Hildebrand Avenue and Brackenridge Park, together with the Riverbend and all man-made canals connected to the bed of the San Antonio River between these points.

(d) The department of downtown operations shall develop guidelines for determining approval or disapproval of any such application which are consistent with the purposes stated in this section and stating a process for appeal of any such permit denial.

(e) Any person who violates this section is subject to a fine of up to five hundred dollars ($500.00) per violation.
(Ord. No. 85958, § 2, 5-1-97; Ord. No. 2008-04-17-0317, § 13, 4-17-08)

Sec. 22-145. Pets in city parks.

(a) Notwithstanding the provisions of chapter 5 of the City Code, persons shall be allowed to remove the leash from dogs within designated dog parks located in park facilities.

(b) It shall be unlawful for any person to take an animal into the following parks under any circumstances:

(1) Zoological areas contiguous to Brackenridge Park.

(2) Friedrich Wilderness Area.

(3) Crownridge Canyon Nature Area.

(Ord. No. 98235, § 1, 9-25-03; Ord. No. 2011-06-02-0448, § 3, 6-2-11)

Sec. 22-146. Operation of vessels on the San Antonio River for commercial purposes—Mission Reach and Eagleland Areas.

(a) No boat or barge may be operated or launched in the Mission Reach or Eagleland areas of the San Antonio River for commercial

purposes without approval of the city council expressed in an ordinance expressly identifying the individual, corporation, partnership or other entity authorized to provide such services.

(b) For purposes of the foregoing section, the "Mission Reach and Eagleland areas" are defined as the San Antonio River between South Alamo Street and Mission Espada.

(c) Any person who violates this section is subject to a fine of up to five hundred dollars ($500.00) per violation.

ARTICLE X. PARKS AND RECREATION FACILITY REFUND POLICY*

Sec. 22-161. Parks and recreation facility refund policy.

There is hereby established the following permit, reservation, and use fee refund policy for all parks and facilities operated by the city's department of parks and recreation:

(1) All permits, reservations and use fees shall be one hundred (100) percent refundable if the holder of the permit, reservation or use fee provides the department of parks and recreation written notice of cancellation ninety (90) calendar days before the date of the permit, reservation or use.

(2) All permits, reservations and use fees shall be fifty (50) percent refundable if the holder of the permit, reservation or use fee provides the department of parks and recreation written notice of cancellation eighty-nine (89) to thirty (30) calendar days before the date of the permit, reservation or use.

(3) All permits, reservations and use fees will be non-refundable and forfeited to the city for any cancellations with less than thirty (30) days notice.

(4) One (1) rescheduled use can be granted with at least sixty (60) calendar days written notice to the department of parks and recreation.

(Ord. No. 94585, § 16, 9-20-01)

*__Editor's note—__Ord. No. 94585, § 16, adopted September 20, 2001, enacted provisions intended for use as art. X, § 22-145. To preserve the style of this Code, and at the discretion of the editor, said provisions have been redesignated as art. X, § 22-161.

ARTICLE XI. CITY PARKS AS PARK SAFETY ZONES†

Sec. 22-162. Definitions.

The following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

City means the City of San Antonio, Texas.

City parks means any land, including improvements to the land, which is administered, operated or managed by the city for the use of the general public as a park, trail or natural area, and city recreational areas which include, but are not limited to: conservation areas, jogging trails, hiking trails, bicycle trails, stretches of river designated for canoeing or kayaking, recreational centers, water parks, swimming pools, soccer fields and baseball fields. A map depicting the city parks shall be kept and maintained by the San Antonio Police Department.

Loiter means standing or sitting idly, whether in a vehicle or not, in and around an area.

Park safety zone in the context of this article means all city parks, with the exception of cemeteries and golf courses.

Permanent residence means a place where the person abides, lodges, or resides for fourteen (14) or more consecutive days.

Sex offender means an individual who is required to register as a sex offender under Chapter 62 of the Texas Code of Criminal Procedure, or by a state or federal agency. Sex

†__Note—__This article shall take effect March 1, 2014.

offender shall also refer to civilly committed sexually violent predators, as referenced under V.T.C.A., Health and Safety Code ch. 841.

Temporary residence means a place where a person abides, lodges or resides for a period of fourteen (14) or more total days during any calendar year and which is not the person's permanent address, or a place where the person routinely abides, lodges or resides for a period of four (4) or more consecutive or nonconsecutive days in any month and which is not the person's permanent address.
(Ord. No. 2013-12-05-0855, § 1, 12-5-13)

Sec. 22-163. Sex offender residence restrictions.

(a) It is an offense for a sex offender to establish a permanent or temporary residence within one thousand (1,000) feet of the real property comprising a park safety zone.

(b) The residence restriction of this section does not apply to the section of the Riverwalk, on the street level only, which is South of Lexington Avenue and North of South Alamo Street.

(c) A culpable mental state is not required for the commission of this offense and need not be proved.
(Ord. No. 2013-12-05-0855, § 1, 12-5-13)

Sec. 22-164. Sex offender entry and loitering restrictions.

(a) It is an offense for a sex offender to intentionally or knowingly enter a park safety zone.

(b) It is an offense for a sex offender to intentionally or knowingly loiter within three hundred (300) feet of a park safety zone.

(c) The entry and loitering restrictions of this section do not apply to the section of the Riverwalk, on the street level only, which is South of Lexington Avenue and North of South Alamo Street.

(d) A sex offender who has a right to be present at an official meeting is exempted from this section and may approach and enter a park safety zone for such time as is necessary to attend the official meeting. This exemption shall only apply to those areas of the park safety zone that are necessary for attendance at the official meeting, and any sex offender found outside such areas shall be in violation of this article.

(e) When a polling place for an election is located within a park safety zone, a sex offender is exempted from this section and may approach and enter the park safety zone for the limited purpose of voting if the sex offender qualifies to vote at such place. This exemption shall only apply to those areas of the park safety zone that are necessary for voting, and any sex offender found outside such areas shall be in violation of this article.
(Ord. No. 2013-12-05-0855, § 1, 12-5-13)

Sec. 22-165. Distance measurement.

Distances under this article shall be measured between the sex offender's residence, temporary residence or location and the nearest property line of the park safety zone.
(Ord. No. 2013-12-05-0855, § 1, 12-5-13)

Sec. 22-166. Affirmative defenses.

(a) It is an affirmative defense to prosecution for sex offender residence restrictions that the sex offender had already established a temporary or permanent residence within the park safety zone prior to the date of this article's adoption, and has complied with all of the sex offender registration laws of the state.

(b) It is an affirmative defense to prosecution under this article that the sex offender was a minor when the offense was committed, and does not qualify as a sex offender under this article as an adult.

(c) It is an affirmative defense to prosecution under this article that the sex offender is under an order of a court in the state or of the Texas Department of Criminal Justice Parole Board, permitting the person to be within the park safety zone.

(d) Affirmative defenses have the same effect as specified in V.T.C.A., Penal Code § 2.04.
(Ord. No. 2013-12-05-0855, § 1, 12-5-13)

Sec. 22-167. Exemptions.

Exemptions from the terms of this chapter shall not be contrary to the public interest but may be granted where, owing to special conditions, or when a literal enforcement of the provisions of this chapter will result in unnecessary hardship. A sex offender shall have the right to make an appeal for an exemption from a provision of this chapter by making a request to the Chief of the San Antonio Police Department, in writing, stating why an exemption should be granted. The decision of the chief of police, which may be made based solely on the written appeal without further hearing, shall be final.
(Ord. No. 2013-12-05-0855, § 1, 12-5-13)

Sec. 22-168. Penalties.

Any person who violates any of the provisions of this article shall be guilty of a Class C misdemeanor and upon adjudication or conviction thereof shall be fined in an amount not to exceed five hundred dollars ($500.00) for each and every offense. Each and every violation or day such violation shall continue or exist shall be deemed a separate offense. The penal provisions imposed under this section shall not preclude the city from filing suit to enjoin a violation of this section. The city shall retain all legal rights and remedies available to it pursuant to local, state and federal law.

ARTICLE I. IN GENERAL

Sec. 25-1. Duties of police generally.

It shall be the duty of the police of the city at all times of the day and night, within the city limits, and the officers and members of the police force of the city are hereby empowered to specially preserve the public peace, prevent crime, detect and arrest offenders, suppress riots, mobs and insurrections, disperse unlawful and dangerous assemblages, and assemblages which obstruct the free passage of the public streets, sidewalks and plazas; to protect the rights of person and property, guard the public health; to preserve order at all the public meetings, assemblages, theaters and all places of public amusement or resort; to prevent confusion and regulate the movement of vehicles in the streets, highways and public places of the city; to remove all nuisances in the streets, plazas or highways of the city not otherwise provided for; to arrest all mendicants and beggars and all dangerous and suspicious characters, and all loafers and pimps; to assist, advise and protect strangers and travelers in the public plazas, streets and highways of the city, and to repress and restrain all unlawful and disorderly conduct or practices therein; and to enforce and prevent the violation of this Code and all laws of the state and ordinances of the city.
(Code 1950, § 16-58; Code 1959, § 32-1)

Sec. 25-2. Duties of police at fires.

It shall be the duty of the city police to keep away from the vicinity of any fire, all idle or suspicious persons lurking near the same; and they may compel any person to aid in extinguishing the fire, and to render any other necessary and reasonable assistance that the occasion may require; and they shall have power to arrest any person who shall refuse or fail to obey their orders.
(Code 1950, § 16-62; Code 1959, § 32-2)

Sec. 25-3. Calling on citizens for assistance.

Whenever, in order to quell any riotous or disorderly conduct, to make any arrest, or for any other purpose herein provided for, an additional force may be found necessary, the chief of police or any peace officer of the city, may call upon any citizen and require his aid and assistance, and it shall be unlawful for any such citizen to refuse, when so called upon, his aid and assistance.
(Code 1950, § 16-60; Code 1959, § 32-3)

Sec. 25-4. Police dogs; tormenting, beating.

It shall be unlawful for any person to willfully or maliciously torture, torment, beat, kick, strike, mutilate, injure, disable or kill any dog used by the police department of the city in the performance of the functions or duties of such department or to interfere with or meddle with any such dog while being used by the police department or any officer or member thereof.
(Code 1959, § 26-22.1; Ord. No. 32135, §§ 1, 2, 2-27.64)

Sec. 25-5. Authority of police to issue notices to appear in municipal court; exceptions.

(a) Whenever a person is arrested by a city police officer for any violation under section 1-5 of this Code in the municipal courts of the city, other than violations of the Texas Uniform Act Regulating Traffic on Highways (Article 6701d, V.A.C.S.), and such person is not immediately taken before a magistrate where required under subsection (b) hereof, the arresting officer shall prepare written notice to appear in court containing the name and address of such person, driver's license number or other identification, the offense charged, and a statement promising to appear in a municipal court of the city and at a time to be designated in a notice to be mailed to said person by the clerk of the court, if the arrested person gives his written promise to appear in court at the time and place to be so specified by signing the written notice prepared by the arresting officer.

(1) After it is signed, the original of the notice shall be retained by the officer and a copy delivered to the person arrested. Thereupon the officer shall release the person arrested from custody.

(2) The time specified in the notice to be mailed must be at least five (5) days after such arrest unless the person arrested shall demand an earlier hearing.

(3) The place specified in said mailed notice shall be a courtroom in the municipal courts building of the city.

(4) A written promise to appear in court may be complied with by an appearance by counsel.

(b) The above procedure is not authorized in any of the following cases:

(1) When a person arrested demands an immediate appearance before a magistrate.

(2) The person arrested is being arrested on a Warrant or has outstanding warrants against him.

(3) The safety of the person arrested or the safety of others may be jeopardized by his release, in the judgment of the police officer or his superiors.

(4) The person arrested fails or refuses to give satisfactory identification.

(5) The person arrested is intoxicated to a degree where he is unable to care for himself.

(6) Where medical treatment or physical examination of the person arrested is required.

(7) Where a police officer has used physical force on the person arrested.

(8) Where otherwise provided by the rules and regulations of the police department issued by the chief of police and approved by the firemen's and policemen's civil service commission.

(Code 1959, § 32-3.1; Ord. No. 38905, §§ 1, 2, 9-10-70; Ord. No. 66146, 11.24.87)

Sec. 25-6. Fees for record searches, reports, fingerprints.

(a) The police department is hereby authorized to charge the fees listed below in connection with the following services:

(1) A fee of thirty dollars ($30.00) shall be charged for an arrest record letter.

(2) A fee of thirty dollars ($30.00) shall be charged for a clearance letter.

(3) A fee of thirty dollars ($30.00) shall be charged for a visa letter.

(4) A fee of six dollars ($6.00) shall be charged for notarization or certification of an arrest record letter, a clearance letter, or a visa letter.

(b) The police department is hereby authorized to charge a fee of ten dollars ($10.00) for any fingerprint work performed. Each fingerprint card will be charged at the rate of ten dollars ($10.00) each.

(c) All charges collected and received for the services provided herein shall be accounted for and handled in accordance with instructions issued by the city director of finance.

(d) The police department is authorized to charge an application processing fee of thirty dollars ($30.00) for the processing of criminal history reviews. There will be no charge for applicants who have submitted applications for employment with the city.

(Code 1959, § 32-5.1; Ord. No. 45535, § 29, 7-24-75; Ord. No. 49628, § 1, 7-27-78; Ord. No. 52579, 7-31-80; Ord. No. 63241, §§ 1, 2, 7-16-86; Ord. No. 83260, § 1, 12-7-95; Ord. G), 9-12-19)

Sec. 25-7. Fee for use of firearms simulator.

The police department is authorized to charge a fee of ten dollars ($10.00) per scenario for use of the firearms simulator.

(Ord. No. 86614, § 7, 9-11-97)

Sec. 25-8. Surcharge for off-duty police officer.

The police department is authorized to charge a surcharge of ten dollars ($10.00) per hour in excess of the hourly pay for each off-duty police officer providing security, crowd control, and other police-related activities at those city facili-

ties at which the current collective bargaining agreement requires the use of sworn personnel for those purposes.
(Ord. No. 86614, § 8, 9-11-97; Ord. No. 2025-09-18-0629, § 2(Att. H), 9-18-25)

Sec. 25-9. Fee for database access.

A fee shall be charged for access, by governmental agencies, to the city police department's mobile data system for the purpose of accessing available local, state, and national databases. The annual fee shall be one hundred twenty dollars ($120.00) for each set, or part thereof, of ten (10) units provided access. (For example, access for twenty-five (25) units would be three hundred sixty dollars ($360.00): One hundred twenty dollars ($120.00) for the first set of ten (10); One hundred twenty dollars ($120.00) for the second set of ten (10); and One hundred twenty dollars ($120.00) for the incomplete portion of the third set of ten (10)).
(Ord. No. 99741, § 7, 9-16-04)

Sec. 25-10. No fee for processing or return of personal property.

The police department will not charge a fee for the processing or return of personal property. The term "personal property," as used in this subsection, shall refer to property which, at the time of its release, is not classified as evidence, recovered property, or found property.
(Ord. No. 2009-09-17-0731K, § 3, 9-17-09; Ord. No. 2021-09-16-0682, § 2(Att. D), 9-16-21)

Editor's note—Ord. No. 2021-09-16-0682, § 2(Att. D), adopted September 16, 2021, amended § 25-10 and in so doing changed the title of said section from fee for processing personal property to read as set out herein.

ARTICLE III. ABANDONED PROPERTY

Sec. 25-41. Sale at public auction of certain property held by police for four months.

All abandoned, stolen or recovered property of any kind, except motor vehicles, which shall remain unclaimed with the police department for a period of four (4) months without being claimed or reclaimed by the owners, whether known or not, may be sold and disposed of at public auction, as provided in this article.
(Code 1959, § 32-14; Ord. No. 35224, § 1, 2-23-67)

Sec. 25-42. Notice of sale; sale to highest bidder.

Thirty (30) days notice of the time and place of sale of all abandoned, stolen or recovered property, except bicycles, and in the case of bicycles, fifteen (15) days notice of the time and place of sale and a descriptive list of the property and bicycles to be offered for sale shall be posted at the door of the county courthouse and on the bulletin board located in the city hall lobby and a copy thereof shall be sent by certified mail to the last known address of the owner, in the event the name of the owner is known to the police chief. Thereafter, the property shall be offered for sale at public auction to the highest bidder for each piece of property or bicycle, or assembled in lots, whichever, in the discretion of the police chief, shall offer the best price obtainable for such property or vehicles.
(Code 1959, § 32-16; Ord. No. 35224, § 3, 2-23-67)

Sec. 25-43. Sale; bill of sale; persons prohibited from bidding.

The public auction provided for in section 25-16 shall be conducted at the place and hour designated in the notice and all sales shall be for cash. Said property shall be sold as is, and a bill of sale, if requested, shall be given to the purchaser but no title transfer or title papers of any nature shall be furnished. City employees or members of their immediate families shall not be permitted to bid on any of the above items and no person that is delinquent in the payment of city

property taxes shall be permitted to bid on any of the above items nor shall any sale of said items be made to such person.

ARTICLE IV. ALARM SYSTEMS*

Sec. 25-56. Definitions.

For purposes of this article, the following definitions shall apply unless the context requires a different definition:

(a) *Alarm system* means any mechanical or electrical device which is used to protect buildings or premises from criminal acts, unauthorized entries, and fires by warning persons of a fire, crime or unauthorized entry through the emission of a sound or the transmission of a signal or message. For purposes of this article, unless otherwise specifically noted, an alarm system shall not include:

(1) An alarm installed on a vehicle unless the vehicle is permanently located at a site.

(2) Alarm systems that monitor temperature, humidity, or any other condition not directly related to the detection of an unauthorized entry into a premises, attempted robbery at a premises, or a fire.

(3) Proprietary alarm systems not designed or intended to alert law enforcement or fire agencies or others outside the protected building, structure, or facility, but which are designed solely to alert the inhabitants, security personnel, or others directly connected with or employed by the owner or operator of the protected building, structure or facility.

(4) An alarm installed upon premises occupied by the United States Government, the State of Texas, the City of San Antonio, or Bexar County.

(b) *Alarm notification* means a notification intended to summon the police or fire department, which is designed either to be initiated purposely by a person or by an alarm system that responds to a stimulus characteristic of unauthorized entry or fire, to include smoke and heat.

(c) *Alarm site* means a single premises or location (one street address including apartment number, suite number, etc.) served by an alarm system or systems that are under the control of one owner.

(d) *Answering service* means a telephone answering business providing among its services receiving, on a continuous basis through trained employees, emergency signals from alarm systems, and thereafter immediately relaying the message by live voice to the communication center of the police or fire department.

(e) *Applicant* means the person, individual, corporation, partnership, association, organization or similar entity, who is applying to be permit holder.

(f) *Automatic alarm notification* means an alarm notification sent over telephone lines, by direct connection or otherwise, including a prerecorded voice message, synthesized voice message, or coded signal indicating the existence of the emergency situation that the alarm system is designed to detect.

***Editor's note—**Section 1 of Ord. No. 76472, adopted Sep. 10, 1992, amended Art. IV to read as herein set out. Formerly, Art. IV consisted of §§ 25-56—25-72, which pertained to alarm systems and derived from § 1 of Ord. No. 66724, adopted Mar. 3, 1988.

Cross reference—Electricity, generally, § 10-1 et seq.

(g) *Automatic dialing device* means an alarm system which automatically sends over regular telephones lines, by direct connection or otherwise, a prerecorded voice message or coded signal indicating the existence of the emergency situation that the alarm system is designed to detect.

(h) *Central station* means a system or group of systems operated for its customers by any person, in which the operations of electrical protection circuits and devices are transmitted to, recorded in, maintained and supervised from a central location having trained operators and/or trained service technician or guards in attendance or on call at all times that have the duty to take appropriate action upon receipt of a signal or message, including the relaying of messages by live voice to the communications center of the police and fire departments.

(i) *Chief* means the chief of police or fire department of the city or his designated representative.

(j) *False alarm notification* means an alarm notification to the police or fire departments, for which the responding officer or firefighter finds no evidence of criminal activity or fire, smoke or heat for which the alarm system was designed to give notice.

(k) *Interconnect* means to connect an alarm system to a voice-grade telephone line, either directly or through a mechanical device that utilizes a standard telephone, for the purpose of using the telephone line to transmit an emergency message upon the activation of the alarm system.

(l) *Local alarm* means an alarm system that emits a signal at an alarm site that is audible or visible from the exterior of a structure.

(m) *Modified central station* means an office to which remote alarm and supervisory signaling devices are connected, where operators supervise the circuits.

(n) *Permit holder* means the person designated in the application as required in section 25-57 who will be responsible for the proper maintenance and operation of the alarm system and payment of the fees assessed under this article.

(o) *Person* means an individual, corporation, partnership, association, organization or similar entity.

(p) *Primary trunkline* means a telephone line leading directly into the communication center of the police or fire departments that is for the purpose of handling emergency calls on a person-to-person basis, and which is identified as such by a specific number included among the emergency numbers listed in the telephone directory issued by the telephone company.

(q) *Special trunkline* means a telephone line leading into the communication center of the police or fire department which has as its primary purpose the handling of emergency signals or messages originating either directly or through a central location from automatic dialing devices.

(r) *Unauthorized entry* means entry of any type, whether intentional or accidental, not authorized by the owner.

(s) *Victim* means a person who is the subject of an offense under the Texas:

(1) V.T.C.A., Family Code §§ 71.004 (family violence) or 261.001(1) (child abuse); or

(2) V.T.C.A., Penal Code §§ 22.011 (sexual assault), 22.021 (aggravated sexual assault) or 42.042 (stalking).

(Ord. No. 76472, § 1, 9-10-92; Ord. No. 2015-06-18-0563, § 1, 6-18-15)

Note—Subsection (s) shall take effect October 1, 2015.

Sec. 25-57. Permit required; fee; application; transferability; false statements.

(a) No person shall operate or cause to be operated an alarm system without an alarm permit issued by the chief. A separate permit is required for each fire or burglary alarm system on each alarm site.

(b) The following annual fees, which are nonrefundable, shall be due for the issuance and renewal of each permit:

(1) Fifty dollars ($50.00) for a residential alarm site;

(2) Thirty dollars ($30.00) for a residential alarm site for a person sixty-five (65) years of age, or older.

(3) The fee for a permit shall be waived for a residential alarm site at which a resident provides certification notice, on a form developed by the chief, that the resident has been a victim as defined in subsection 25-56(s);

(4) Two hundred dollars ($200.00) for an initial commercial alarm site; and

(5) Two hundred fifty dollars ($250.00) for renewal of a commercial alarm site.

(c) Upon receipt of a completed application form and the required fee, the chief shall issue an alarm permit to an applicant unless the applicant has failed to pay a service fee assessed under section 25-66 or has had an alarm permit revoked at this or any other alarm site, and the violation causing the revocation has not been corrected.

(d) Each alarm permit application must contain the following information:

(1) Name, address, and telephone number of the permit holder and/or individual who will be responsible for the proper maintenance and operation of the alarm system and payment of fees assessed under this chapter;

(2) Classification of the alarm site as either residential or commercial;

(3) The purpose of each alarm system located at the alarm site, i.e., burglary, robbery, personal hostage, or fire;

(4) The street address of the alarm site on which the alarm system is to be installed and operated; if the alarm site is an apartment, includes the building number and apartment number, if applicable;

(5) Any business name, if any used for the premises on which the alarm system is to be installed and operated;

(6) The name of the person or licensed alarm system company who will install and/or maintain the alarm system; and

(7) The names and telephone numbers of two (2) persons who are able to and have agreed:

(i) To receive notification at any time;

(ii) To come to the alarm site within one and one-half (1½) hours after receiving a request from a member of the police or fire department to do so; and

(iii) To grant access to the alarm site and to deactivate the alarm system if such becomes necessary.

(8) Other information required by the chief which is necessary for the enforcement of this chapter.

(e) Any false statement of a material matter made by an applicant for the purpose of obtaining an alarm permit shall be sufficient cause for refusal to issue a permit.

(f) An alarm permit cannot be transferred to another alarm system except by authorization of the chief. A permit holder shall inform the chief of any permitted changes to the information listed on the permit application within two (2) business days. No fee will be assessed for such changes.

(g) A permit holder shall cancel an alarm permit for any alarm system which is removed from an alarm site or which otherwise ceases to come under the permitting requirements of this chapter. Cancellation may be accomplished by returning the alarm permit to the chief or his designated representative.

(h) All fees owed by an applicant must be paid before an alarm permit may be issued or renewed.

(i) The police and fire departments shall protect all information on an application as confidential information, provided, however, nothing in this article shall prohibit the use of such information for legitimate law and fire code enforcement purposes and for enforcement of this article.

(j) Persons operating a newly activated or reactivated alarm system must notify the police department alarm unit (or after normal business hours, the police dispatcher's office) within twelve (12) hours after commencing operation of the

address of the alarm site, the name and the address of the operator, and of any contact persons. Persons who give such notification are exempt from the permit requirement for a period not to exceed four (4) calendar days.

(k) The residence owner shall be charged an unpermitted alarm fee in the amount of two hundred fifty dollars ($250.00) for each false burglary alarm call where the residence does not have a valid alarm permit. The business owner shall be charged an unpermitted alarm fee in the amount of two hundred fifty dollars ($250.00) for each false burglary alarm call where the business does not have a valid alarm permit. The business owner shall be charged an unpermitted alarm fee in the amount of five hundred dollars ($500.00) for each false robbery alarm call where the business does not have a valid alarm permit. The residence or business owner shall be charged an unpermitted alarm fee in the amount of two hundred fifty dollars ($250.00) for each false fire alarm call where the residence or business does not have a valid alarm permit.
(Ord. No. 76472, § 1, 9-10-92; Ord. No. 86614, § 1, 9-11-97; Ord. No. 87450, § 1, 2-26-98; Ord. No. 98190, § 3, 9-18-03; Ord. No. 2006-09-07-1000, § 3, 9-7-06; Ord. Sec. 25-58. Permit duration; renewal and inspection.

An alarm permit is issued for one (1) year and must be renewed every year upon submission of an updated application. It is the responsibility of the permit holder to submit an application prior to the permit expiration date. The chief shall determine the first expiration date of a permit. The permit holder for an alarm system shall keep such permit at the alarm site and shall produce such permit or evidence thereof for inspection upon the request of any member of the police or fire department or their designated representative. A permit shall not be renewed if the applicant owes outstanding service fees at other alarm sites for which he is the permit holder.
(Ord. No. 76472, § 1, 9-10-92; Ord. No. 96408, § 3, 9-19-02)

Sec. 25-59. Duties of permit holder.

(a) A permit holder shall:

(1) Maintain the premises containing an alarm system in a manner that insures proper operation of the alarm system;

(2) Maintain the alarm system in a manner that will minimize false alarm notifications;

(3) Respond or cause a representative to respond within one and one-half (1½) hours when requested by the city to repair or deactivate a malfunctioning alarm system, to provide access to the premises or to provide security for the premises;

(4) Not manually activate an alarm for any reason other than an occurrence of an event that the alarm system was intended to report;

(5) Notify the police or fire department dispatcher, central station or modified center station dispatcher prior to activation of an alarm for maintenance purposes; and

(6) Maintain at each alarm site, a complete set of written operating instructions for each alarm system, except that special codes, combinations, or passwords may be excluded in these instructions.

(b) A permit holder shall adjust the mechanism or cause the mechanism to be adjusted so that an alarm signal will sound for no longer than twenty (20) minutes after being activated, except when prohibited by fire code.

(c) Whenever a person listed on the application or listed on an amendment to the application is unable or unwilling to perform the duties set out in section 25-57(d)(7) the permit holder shall within two (2) business days file an amendment to the permit application listing a person

who is able and will perform those duties so that at all times the application on file with the police or fire department designates at least two (2) persons who are able and willing to perform such duties.
(Ord. No. 76472, § 1, 9-10-92)

Sec. 25-60. Alarm reset required.

Any person who is notified by any member of the police or fire department of the activation of an alarm system (and who is able to give access to the alarm site) shall come to the alarm site within one and one-half (1½) hours of the time such person is notified of such activation and shall provide the police or fire department any necessary access or assistance.
(Ord. No. 76472, § 1, 9-10-92)

Sec. 25-61. Reserved.

Sec. 25-62. Indirect alarm reporting.

(a) A person who is engaged in the business of relaying alarm notifications to the city shall:

(1) Communicate alarm notifications to the city in a manner and form determined by the chief.

(2) Comply with the requirements of this chapter and any rules and regulations promulgated by the chief.

(Ord. No. 76472, § 1, 9-10-92)

Sec. 25-63. Automatic dialing systems; standards.

(a) An alarm system, other than an alarm system in a local, state or federal governmental entity or a financial institution, which transmits automatic alarm notifications directly to the communications center of the police and fire departments shall be prohibited. No automatic dialing device shall be keyed or interconnected to a primary trunkline (or the 911 emergency number). Automatic dialing devices designed to transmit signals directly to the police or fire department may be interconnected to a special trunkline into the department as designated by the chief for that purpose. Before such a device is interconnected to a special trunkline as herein provided, the person performing such interconnection shall first obtain instructions from the chief concerning the procedure to be followed. The chief shall designate the telephone number to be used for this purpose.

(b) Automatic dialing devices installed on any premises within the city which are interconnected to a special trunkline transmitting signals into the police or fire department that will be responded to by members of the police or fire department shall meet the following minimum standards:

(1) The content of the type of recorded message to be transmitted by such device must be intelligible and in a format approved by the chief or his designated agent as appropriate for the nature of the alarm.

(2) No recorded message shall be delivered to the police or fire department more than three (3) times as the result of a single stimulus of the sensory mechanism.

(3) The length of time for transmitting the recorded message must not exceed fifteen (15) seconds.

(4) The time gap between delivery of each recorded message must be in the range from ten (10) to twelve (12) seconds.

(5) The sensory mechanism used in connection with such devices must be adjusted to suppress false alarm notifications so that the devices will not be actuated by impulses due to transient pressure changes in water pipes, fire alarm systems, short flashes of light, wind noise such as the rattling or vibration of the doors or windows, vehicular noise adjacent to the installation, or other forces unrelated to genuine alarms.

(6) All components comprising such a device must be maintained by the owner or lessee in good repair to ensure reliability of operation.

(c) Every person who has interconnected any automatic dialing device in the city to a special trunkline in the communication center of the

police or fire department shall provide a current list of such installations to the chief or his designated agent. The list shall include:

(1) The name, home address and telephone number of the owner or lessee of the device.

[This page intentionally left blank.]

(2) The address of the location where the device is installed and the telephone number at such location.

(3) The name and telephone number of at least two (2) other persons who can be reached at any time and who are authorized to respond to any emergency signal transmitted by the automatic dialing device, and who can grant access to the premises wherein the device is installed and to deactivate the alarm system if such becomes necessary.

The information required to be provided herein shall be available only to the chief or his designated agent for use in the course of his official duties. Such information shall be used only in connection with official law or fire code enforcement matters.

(d) Any person who sells or installs automatic dialing devices shall give written notice to the purchaser or customer that interconnection of the device to a special trunkline into the police and fire departments is subject to the terms of this article. This requirement shall be deemed to be complied with if a copy of this article is provided to such purchaser or customer.

(e) Persons owning or leasing an automatic dialing device may have the device interconnected to a telephone line transmitting directly to:

(1) A central station;

(2) A modified central station;

(3) An answering service.

The relaying of messages by intermediate services to the police or fire department shall be over a special trunkline, except that central stations may relay messages over a direct line.
(Ord. No. 76472, § 1, 9-10-92)

Sec. 25-64. Alarm dispatch records.

(a) The police or fire dispatcher receiving the alarm notification and/or the police officer or firefighter responding to a dispatch resulting from a fire, burglary, robbery, or personal hostage alarm notification shall whenever possible cause to be recorded in the police or fire information systems such information as necessary to permit the chief to maintain records, including but not limited to the following information:

(1) Identification of the permit holder;

(2) Identification of the alarm site;

(3) Dispatcher received time, dispatch time and time firefighter or police officer arrived at scene time;

(4) Date of occurrence;

(5) Name of permit holder's representative on premises, if any.

(b) The responding police officer or firefighter shall prepare and submit the appropriate reports in regard to any criminal offenses, attempts or other incidents which contributed to the alarm notification as determined by investigation.

(c) The responding police officer should, if possible, leave a written notification at the alarm site advising of the false alarm notification, the date and time of the police response.

(d) The police alarm unit will notify by phone or mail the alarm permit holder or the licensed alarm system company upon the occurrence of a fourth false alarm notification during any twelve-month period at any single alarm site.
(Ord. No. 76472, § 1, 9-10-92; Ord. No. 87450, §§ 2, 3, 2-26-98)

Sec. 25-65. System performance reviews and consultations.

If there is reason to believe that an alarm system is not being used or maintained in a manner that insures proper operation and suppresses false alarms, the chief may require a conference with the alarm permit holder to review circumstances of each false alarm.

If there is belief that an alarm is the result of circumstances beyond the reasonable control of the permit holder, the permit holder or the permit holder's representative may request a conference with the chief.
(Ord. No. 76472, § 1, 9-10-92)

Sec. 25-66. Service fee.

(a) Except as provided in subsections (b), (c) and (d), the holder of an alarm permit shall pay a service fee of fifty dollars ($50.00) for the fourth and fifth false burglary alarm notification emitted from such alarm system in the preceding 12-month period, seventy-five dollars ($75.00) for the sixth and seventh false burglary alarm notification emitted in the preceding 12-month period, and one hundred dollars ($100.00) for each false burglary alarm notification emitted in excess of seven (7) in the preceding 12-month period; two hundred dollars ($200.00) for the second false robbery or false manually activated emergency assistance alarm notification emitted from such alarm system in the preceding 12-month period, three hundred dollars ($300.00) for the third false robbery or false manually activated emergency assistance alarm notification emitted from such alarm system in the preceding 12-month period, four hundred dollars ($400.00) for the fourth false robbery or false manually activated emergency assistance alarm notification emitted from such alarm system in the preceding 12-month period, five hundred dollars ($500.00) for the fifth and each subsequent false robbery or false manually activated emergency assistance alarm notification emitted from such alarm system in the preceding 12-month period; one hundred twenty-five dollars ($125.00) for the second, third, and fourth false fire, smoke, or heat alarm notifications emitted from such alarm system within the preceding 12-month period, two hundred fifty dollars ($250.00) for the fifth, sixth, seventh, eighth, ninth, and tenth emitted in the preceding 12-month period, and five hundred dollars ($500.00) for each emitted in excess of ten (10) in the preceding 12-month period. Where, however, prior to the arrival of fire department personnel, a false fire, smoke, or heat alarm notification is cancelled, the holder of an alarm permit shall pay, instead, a service fee of fifty dollars ($50.00) for the second, third, and fourth false fire, smoke, or heat alarm notifications emitted from such alarm system within the preceding 12-month period, one hundred twenty-five dollars ($125.00) for the fifth, sixth, seventh, eighth, ninth, and tenth emitted in the preceding 12-month period, and two hundred fifty dollars ($250.00) for each emitted in excess of ten (10) in the preceding 12-month period.

(b) If a person notifies the chief and applies for an alarm permit before a new alarm system is put into service, no service fee will be assessed during the first sixty (60) days after the system is put into service, and alarm notifications during that period will not be counted in determining when a service fee will be assessed.

(c) If the responding police officer or firefighter determines that an alarm notification was caused by unauthorized entry, attempted unauthorized entry, robbery, attempted robbery, an attempt to take a person hostage, or fire-related causes that notification will not be counted in determining when a service fee will be assessed.

(d) If the total number of burglar alarm calls received by the police dispatcher's office exceeds .65 percent of the total number of permitted burglar alarm systems during any twenty-four-hour period, those burglar alarm notifications will not be counted by the alarm unit as a false alarm notification for any alarm permit holder (residential or commercial) in the city.

(e) A person owing a service fee for a false alarm notification shall pay a collection fee of thirty (30) percent of any amount that is more than sixty (60) days past due, where the collection is by an attorney or private vendor who has entered into a contract for the purpose of doing so.

(Ord. No. 76472, § 1, 9-10-92; Ord. No. 86614, § 2, 9-11-97; Ord. No. 87450, § 4, 2-26-98; Ord. No. 2006-09-07-1000, § 4, 9-7-06; Ord. No. 2006-09-07-1008, § 4, 9-7-06; Ord. No. 2008-09-11-0777F, § 3, 9-11-08; Ord. No. 2009-09-17-0731K, § 5, 9-17-09; Ord. No. 2012-12-13-1007, § 1, 12-13-12)

Sec. 25-67. Revocation of permit.

(a) The chief shall revoke an alarm permit if he determines that:

(1) There is a false statement of a material matter in the application for a permit;

(2) The permit holder has violated sections 25-57, 25-58, 25-59, 25-60, and 25-62;

(3) The permit holder has failed to make payment of a service fee assessed under section 25-66 within thirty (30) days of receiving written notice to do so; or

(4) A permit for an alarm may be revoked if mechanical malfunction or faulty equipment has caused ten (10) or more false alarms notifications by such alarm system in a twelve-month period. "Mechanical malfunction" and "faulty equipment" shall not relate, for purposes of this section, false alarms caused by human error or an act of God.

(b) A person commits an offense if he operates an alarm system during the period in which his alarm permit is revoked.

(c) The chief shall provide at least thirty (30) days' notice to the permittee prior to revocation. (Ord. No. 76472, § 1, 9-10-92; Ord. No. 86614, § 4, 9-1197; Ord. No. 87450, § 6, 2-26-98)

Sec. 25-68. Appeal from service fee, denial or revocation of permit.

(a) Any permit holder assessed a service fee under section 25-66(a) may appeal the decision of the chief to the city manager within ten (10) days of receipt of notice of assessment of such service fee and in the same manner for other appeals as provided for herein.

(b) If the chief refuses to issue or renew a permit, or revokes a permit, he shall send to the applicant or permit holder by certified mail, return receipt requested, written notice of his action and a statement of the right to appeal such action, such notice to include:

(1) The specific dates on which there have been false alarms notification from such alarm system which were caused by mechanical malfunction or faulty equipment, if revocation is based upon item(a)(4) of section 25-67;

(2) The amount of any fees assessed under section 25-67 that are due and owing and the date such fees were incurred, if revocation is based on item (a)(3) of section 25-67;

(3) That a hearing may be held before the city manager or his designated representative to determine whether the permit for such alarm system should remain revoked or be reinstated; and

(4) That the permit holder may appear in person and/or be represented by counsel, may present testimony and may cross-examine all witnesses.

(c) The applicant or permit holder may appeal the decision of the chief to the city manager by filing with the city manager a written request for a hearing, setting forth the reasons for the appeal, within ten (10) days after receipt of the notice from the chief. The filing of a request for an appeal hearing with the city manager stays an action of the chief in revoking a permit until the city manager or his designated representative makes a final decision. If a request for an appeal hearing is not made within the ten-day period, the action of the chief is final.

(d) The city manager or his designated representative shall set a time and place for the hearing, which shall be served upon the applicant or permit holder by certified mail, return receipt requested. The city manager or his representative shall serve as hearing officer at an appeal and consider evidence by any interested person. The formal rules of evidence do not apply at an appeal hearing. All parties to the hearing shall have the right to present evidence and shall have the right of cross-examination. The hearing officer shall make his decision on the basis of a preponderance of the evidence within fifteen (15) days after the request for an appeal hearing is filed. The time for hearing an appeal may be extended by agreement of the parties. The hearing officer shall affirm, reverse, or modify the action of the chief. The decision of the hearing officer is final as to administrative remedies with the city.
(Ord. No. 76472, § 1, 9-10-92)

Sec. 25-69. Subsequent inspections and issuance of a new permit.

(a) If a permit for an alarm system has been revoked under section 25-67(a)(4), the person in control of the alarm site on which the alarm system is located must request that an inspec-

tion be made of the alarm system prior to any new permit being issued. Such inspection shall be made by the San Antonio Police or Fire Department representative as soon as possible after receiving the request, but in any event not later than ten (10) regular working days after the person has made the request. If upon such inspection it is found that the alarm system is in proper working order, the person in control of the alarm site may apply for a new permit for such alarm system. A fee of forty dollars ($40.00) will be assessed for this inspection payable in advance.

(b) Reserved.
(Ord. No. 76472, § 1, 3-3-88)

Sec. 25-70. Violations; penalty; corporations, partnerships and associations.

(a) A person commits an offense if he violates by commission or omission any provision of this chapter that imposes upon him a duty or responsibility.

(b) In addition to prohibiting or requiring certain conduct of individuals, it is the intent of this chapter to hold a corporation, partnership or other association criminally responsible for acts or omissions performed by an agent acting in behalf of the corporation, partnership or other association, and within the scope of his employment.

(c) Any person, firm or corporation who violates, disobeys, omits, neglects or refuses to comply with or who resists the enforcement of any of the provision of this article shall be fined not more than two hundred dollars ($200.00) for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

(d) Any person who operates an alarm system without a valid permit (unless excepted by subsection 25-57(a)) shall be issued a notice pursuant to section 25-5 of this Code or a summons upon the filing of a complaint, and upon conviction shall be assessed a fine not less than three hundred dollars ($300.00) nor more than five hundred dollars ($500.00) for each separate offense. It shall be an affirmative defense to a violation of this subsection that the resident, tenant, or person responsible for the proper maintenance and operation of the alarm system had not received notice either by the police department as provided in subsection 25-64(c) or an alarm system company of the permit required by subsection 25-57(a). Notice is presumed to have been received if during the twelve-month period prior to the date of the violation, one (1) or more police responses had been made to the alarm site by the police department.
(Ord. No. 76472, § 1, 9-10-92; Ord. No. 87450, § 5, 2-26-98)

Sec. 25-71. Exemptions implementation of chapter.

Local, state or federal government entities that operate alarm systems shall be required to obtain an alarm permit. Fees for permits and excessive false alarms shall be waived for these entities.
(Ord. No. 76472, § 1, 9-10-92)

Sec. 25-72. Disclaimer.

The City of San Antonio shall not be under any duty or obligation to any person by reason of this article and specifically disclaims liability for any damages which may be caused by the failure of any department of the city to monitor and/or respond to an alarm notification transmitted by any means or for any damage as a result of any unreasonable delay in response to such alarm notification.
(Ord. No. 76472, § 1, 9-10-92)

Secs. 25-73—25-80. Reserved.

ARTICLE V. RESTRICTED ENTRY ACCESS SYSTEMS

Sec. 25-81. Definitions.

[For purposes of this article, the following definitions shall apply unless the context requires a different definition:]

Access controller means a person or entity controlling entry access to any residential development to which access by the public is restricted

by means of a restricted entry access system. For the purposes of section 25-90, the term "access con-

[This page intentionally left blank.]

troller" does not include an agent, representative, or employee of the person or entity controlling entry access to a residential development.

Electronically controlled key pad system means a restricted entry access system which functions in such a way that it allows or permits entry access only after depressing keys or push buttons and requires the use of no other equipment of any kind, including but not limited to, keys or cards.

Emergency access code is a sequence of one (1) or more alphabetic or numeric characters assigned at the sole discretion of the access controller for the purpose of complying with this article.

Residential development means any multi-unit development used for residential purposes and shall include apartment houses, condominiums, townhouses, mobile home parks, single-family residences, multifamily residences, planned unit developments, or any other residential development.

Restricted entry access system means any device or system of devices which control or restrict entry access to a residential development. The term restricted entry access system as used herein does not include a system serving only one (1) dwelling unit.
(Ord. No. 84636, § 1, 8-29-96)

Sec. 25-82. Permit requirement.

The access controller may not restrict entry access to any residential development without first having submitted a completed application for a restricted entry access permit.
(Ord. No. 84636, § 1, 8-29-96)

Sec. 25-83. Electronically controlled key pad system requirement.

Where entry access to residential developments is restricted by the use of a restricted entry access system, access must be available through an electronically controlled key pad system or staffed twenty-four (24) hours a day through at least one (1) entrance to the residential development. Other entry access systems functioning simultaneously with an electronically controlled key pad system are permitted. Each entrance served by an electronically controlled key pad system must allow access through entry of the same emergency access code.
(Ord. No. 84636, § 1, 8-29-96)

Sec. 25-84. Compliance term.

Access controllers who, on the effective date of this article, restrict entry access to a residential development under their control by a means of either an electronically controlled key pad system or other restricted entry access system must bring such residential developments into compliance with this ordinance no later than one (1) year from the effective date of this article. An access controller installing a restricted entry access system after the effective date of this article shall submit an application to the police department alarm unit at least fourteen (14) days before entry access is restricted by such system. In addition, the access controller must specify the date on which the new emergency access code will become effective; such date shall not be less than fourteen (14) days after the date on which notice is provided. Fifteen (15) days after submission of a permit application, the access controller may restrict access to the residential development unless it receives notice under section 25-88(d) that its application has been denied.
(Ord. No. 84636, § 1, 8-29-96)

Sec. 25-85. Reporting code.

The access controller who controls restricted entry access to residential developments by means of any electronically controlled key pad system shall report the emergency access code to such system to the police department alarm unit prior to the granting of a permit for such system. In addition, access controllers must provide written operating instructions for each electronically controlled key pad system.
(Ord. No. 84636, § 1, 8-29-96)

Sec. 25-86. Emergency access code changes.

(a) Access controllers who restrict entry access to residential developments by means of any electronically controlled key pad system shall not change the emergency access code reported to the police department alarm unit without first giving

at least two (2) working days' written notice of the new emergency access code to the police department alarm unit. In addition, the access controller must specify the date on which the new emergency access code will become effective; such date shall not be less than two (2) days after the date on which notice is provided.

(b) An access controller may change the emergency access code without prior notice to the police department alarm unit in the event there is an emergency arising from a threat to the health or safety of individuals in or near the residential development or to the personal or real property of individuals in or near the residential development. An access controller who does so must provide written notice to the police department alarm unit not later than the next business day following the code change.
(Ord. No. 84636, § 1, 8-29-96)

Sec. 25-87. Maintenance of restricted entry access system.

An access controller restricting access to a residential development by means of an electronically controlled key pad system shall utilize its best efforts to keep the restricted entry access system in good working order. During any period in which such system is malfunctioning, entry access may not be restricted unless there is an alternate entrance to the residential development which is controlled by an electronically controlled key pad system and the emergency access code to the alternative restricted entry access system has been provided to the police department alarm unit.
(Ord. No. 84636, § 1, 8-29-96)

Sec. 25-88. Permit application.

(a) An access controller shall make application for a restricted entry access permit to the police department alarm unit. Such application shall state:

(1) The name, address and telephone number (if applicable) of the residential development to which access is restricted;

(2) The name, address and telephone number of the access controller (of the residential development or any association governing the residential development) and the name, address and telephone number of the access controller's authorized agent, if different from the access controller;

(3) The name, address and telephone number of the local contact person for the access controller;

(4) The name, address and telephone number of another person who may be contacted in the case of an emergency;

(5) Each of the street addresses within the residential development, whether designating improved or unimproved property;

(6) The location of each restricted entry access system and the manner in which access is restricted;

(7) If the system is an electronically controlled key pad system erected prior the effective date of this article, the emergency access code for such system in effect at the time of application; and

(8) If the system is an electronically controlled key pad system erected after the effective date of this article, the emergency access code for such system and the date the emergency access code for such system would be in effect.

(b) Upon submission of a completed application, the police department alarm unit shall issue a restricted entry access permit to the applicant within the fourteen-day period referred to in section 25-84.

(c) If any material information on the application changes after submission of the original application, the access controller shall provide written notice of the change to the police department alarm unit within fourteen (14) days of the occurrence. Material changes requiring notification include, but are not limited to, the addition of street addresses to a residential development or the change of street address within a residential development.

(d) Within fourteen (14) days after submission of a permit application, the police department alarm unit shall either issue a restricted entry

access permit to the applicant or notify the applicant that the application has been denied, stating the reason for the denial.

(e) The application must include instructions for each applicable electronically controlled key pad system for an entrance to the residential development and a permit fee of fifty dollars ($50.00) for each restricted entry access system.

(f) It shall be unlawful for any person to intentionally make a false or misleading representation while applying for a permit under this section. A person who does so shall, upon conviction, be punished by a fine of not less than two hundred dollars ($200.00) nor more than five hundred dollars ($500.00).
(Ord. No. 84636, § 1, 8-29-96)

Sec. 25-89. Notice.

Unless otherwise indicated, for purposes of this article, notice shall be deemed to have been provided when:

(1) It is deposited in the United States Mail, certified mail, return receipt requested;

(2) Hand delivered with a signed receipt; or

(3) Delivered via facsimile transmission with a transmittal receipt with a copy sent by regular mail.

(Ord. No. 84636, § 1, 8-29-96)

Sec. 25-90. Penalties.

(a) *Violations.* Unless otherwise provided, the failure to adhere to any of the provisions of this article shall constitute a civil offense.

(b) *Notice.* A citation alleging such a violation shall be issued by a police officer, served on the access controller, and shall provide the time and place of an administrative hearing to be held before the chief of police or his designee. Such hearing shall be held not earlier than ten (10) days from the issuance of the citation.

(c) *Right to cure.* It is an affirmative defense to a violation of this article involving an electrical, electronic, hardware or mechanical failure of a restricted entry access system that such system was repaired within seventy-two (72) hours of the issuance of the citation or that entry access was not restricted for more than seventy-two (72) hours from the issuance of a citation.

(d) *Hearing.* At the administrative hearing, witnesses may be called by either party. The failure of any person charged with a violation to appear at the hearing shall be an admission of liability of the charged violation. The chief of police or his designee shall issue a written order stating whether or not the person charged is liable for the violation and the amount of any fine. The order shall be filed with the municipal court director.

(e) *Fines.* The total fine for an offense shall not exceed five hundred dollars ($500.00); however, no fine or penalty may be imposed for a violation where there was no finding of liability for violation of this article on a separate occasion during the twelve-month period preceding the date of the issuance of the citation. Failure to comply with the order of the chief of police or his designee within thirty (30) days from the date the order is filed shall constitute a separate offense; payment of any fine or imposition of any penalty shall be abated during the pendency of any appeal.

(f) *Enforcement.* In the event the access controller fails to appeal or comply with the order of the chief of police or his designee within thirty (30) days of the date the order is filed, the order may be enforced by:

(1) The imposition of an additional fine not to exceed five hundred dollars ($500.00); and/or

(2) The revocation of the restricted entry access permit.

(g) *Appeal.* A person determined by the chief of police or his designee to be in violation of this article may appeal the decision to a hearing officer, who shall be appointed by the city manager, by filing a written appeal with the municipal court director not later than thirty (30) days after the order is filed and by paying a five dollar ($5.00) appeal filing fee. The hearing officer shall set the time and place of the appeal hearing. Such hearing shall not be held earlier than ten (10) days from the date notice of the time and place of the appeal hearing is delivered to the access

controller. The municipal court director shall establish a written body of administrative procedures for appeals.

(h) *Appeal hearing.* The appeal hearing shall be a hearing de novo. Witnesses may be called by either party. The failure of the appellant to appear at the appeal hearing shall be an admission of liability for the charged violation. The hearing examiner shall issue a written appeal order stating whether or not the person charged is liable for the violation and the amount of any fine. The appeal order shall be filed with the municipal court director. The failure to comply with the appeal order within thirty (30) days shall constitute a separate offense.

(i) *Enforcement of appeal order.* In the event the access controller fails to comply with the appeal order within thirty (30) days from the date the appeal order is filed, the appeal order may be enforced by:

(1) The imposition of an additional fine not to exceed five hundred dollars ($500.00); and/or

(2) The revocation of the restricted entry access permit.

ARTICLE I. IN GENERAL

Secs. 26-1—26-15. Reserved.

ARTICLE II. AIR POLLUTION*

Sec. 26-16. Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Air contaminant means particulate matter, radioactive material, dust, fumes, gas, mist, smoke, vapor, odor, including any combination of those items, produced by processes other than natural.

Air pollution means the presence in the atmosphere of one or more air contaminants or combination of air contaminants in such concentration and of such duration that: (A) are or may tend to be injurious to or to adversely affect human health or welfare, animal life, vegetation, or property; or (B) interfere with the normal use or enjoyment of animal life, vegetation, or property.

City means the City of San Antonio, Texas.

Current registration means a current and valid registration issued under this article.

Department means the health department of the city also known as the San Antonio Metropolitan Health District.

Director means the director of the health department of the city or designee.

Facility means a business location with one or more discrete or identifiable structure, device, item, equipment, or enclosure that constitutes or contains a stationary source, including appurtenances other than emission control equipment. A mine, quarry, well test, or road is not considered to be a facility.

Person means an individual, corporation, organization, governmental subdivision or agency, business trust, partnership, association, or any other legal entity.

Source means a point of origin of air contaminants, whether privately or publicly owned or operated.
(Ord. No. 2015-11-19-0967, § 2, 11-19-15)

Sec. 26-17. Rules and regulations of Texas Commission on Environmental Quality (TCEQ) and the Texas Clean Air Act, Chapter 382 of the Texas Health and Safety Code adopted by reference.

The Texas Clean Air Act, V.T.C.A., Health and Safety Code ch. 382, and rules and regulations of the Texas Commission on Environmental Quality (TCEQ) thereto, are incorporated herein by reference and are hereby adopted as rules and regulations for the control of air pollution within the city.
(Ord. No. 2015-11-19-0967, § 2, 11-19-15)

Sec. 26-18. Registration required; fee; penalty.

A business facility located within the city that is a source of air pollution is required to register with the department. A registration fee of three hundred dollars ($300.00) per year is required for each facility. The fee shall be payable in advance on an annual basis with October 1st being the first day of each registration year and is non-refundable. The department may prorate the initial registration fee based on the date of registration. The department shall issue a receipt on a form to be prepared for that purpose. Facilities that are owned and operated by a governmental entity shall be exempt from payment of the fees but shall be registered. It shall
